PROSPECTUS SUPPLEMENT (To Prospectus Dated September 4, 2019)

C\$1,300,000,000 Verizon

Verizon Communications Inc.

C\$1,000,000,000 2.500% Notes due 2030 C\$300,000,000 3.625% Notes due 2050

We are offering C\$1,000,000,000 of our notes due 2030 (the "notes due 2030") and C\$300,000,000 of our notes due 2050 (the "notes due 2050" and together with the notes due 2030, the "notes"). The notes due 2030 will bear interest at the rate of 2.500% per year and the notes due 2050 will bear interest at the rate of 3.625% per year.

Interest on the notes due 2030 and the notes due 2050 is payable on May 16 and November 16 of each year, beginning on November 16, 2020. The notes due 2030 will mature on May 16, 2030, and the notes due 2050 will mature on May 16, 2050.

We may redeem each series of notes, in whole or in part, at any time prior to maturity at the applicable redemption price to be determined using the procedure described in this prospectus supplement under "Description of the Notes—Redemption." In addition, each series of notes may be redeemed, at our option, in whole, but not in part, at any time prior to maturity at a price equal to 100% of the principal amount of such series of notes, plus accrued interest, in the event of certain developments affecting U.S. taxation as described under "Description of the Notes—Tax Redemption."

The notes will be our senior unsecured obligations and will rank equally with all of our unsecured and unsubordinated indebtedness. The notes will be issued in fully registered, book-entry form in minimum denominations of C\$2,000 and integral multiples of C\$1,000 in excess thereof.

Neither the U.S. Securities and Exchange Commission ("SEC") nor any state securities commission has approved or disapproved of these securities or determined if this prospectus supplement or the accompanying prospectus is truthful or complete. Any representation to the contrains a criminal offense.

Investing in the notes involves risks. See "Risk Factors" beginning on page S-3 of this prospectus supplement and the risks discussed elsewhere in this prospectus supplement, the accompanying prospectus and the documents and reports we file with the SEC that are incorporated by reference in this prospectus supplement and the accompanying prospectus.

RISK FACTORS

An investment in the notes involves risks. Before making an investment decision, you should carefully consider the risks and uncertainties described in this prospectus supplement and the accompanying prospectus, including the risk factors set forth in the documents and reports filed with the SEC that are incorporated by reference in this prospectus supplement and in the accompanying prospectus. Our business, financial condition, operating results and cashflows can be impacted by these factors, any one of which could cause our actual results to vary materially from recent results or from our anticipated future results.

Risks Related to the Notes

Active trading markets for the notes may not develop or, if developed, be maintained.

We do not intend to list any series of the notes on any securities exchange. We cannot assure you that active trading markets will develop or be maintained for any series of the notes. If active trading markets do develop for any series of the notes, the notes may trade at a discount from their initial offering price depending on prevailing interest rates, the market for similar securities, our financial performance and other factors. In addition, there may be a limited number of buyers when you decide to sell your notes. This may affect the price, if any, offered for your notes or your ability to sell your notes when desired or at all.

Holders of the notes may be subject to the effects of foreign currency exchange rate fluctuations, as well as possible exchange controls, relating to CAD.

Investors will have to pay for the notes in CAD. Principal and interest payments of the notes are payable by us in CAD. An investment in the notes which are denominated in, and all payments in respect of which are to be made in, a currency other than the currency of the country in which the purchase is resident or the currency in which the purchaser conducts its business or activities (the home currency), entails significant risks not associated with a similar investment in a security denominated in the home currency. These include the possibility of:

- significant changes in rates of exchange between the home currency and CAD;
- the imposition or modification of foreign exchange controls with respect to CAD; and
- tax consequences for you as a result of any foreign exchange gains resulting from an investment in the notes.

We have no control over a number of factors affecting this type of note, including economic, financial and political events that are important in determining the existence, magnitude and longevity of these risks and their results. In recent years, rates of exchange for certain currencies, including CAI have been highly volatile, and this volatility may be expected to continue in the future.

Fluctuations in any particular exchange rate that have occurred in the past are not necessarily indicative of fluctuations in the rate that may occur during the term of the notes. Depreciation of CAD against the home currency could result in a decrease in the effective yield of the notes below the applicable coupon rate, and in certain circumstances, could result in a loss to you on a home currency basis.

Canada may, in the future, impose exchange controls and modify any exchange controls imposed, which controls could affect exchange rates as wel as the availability of CAD at the time of payment of principal of, interest on, or any redemption payment or additional amounts with respect to, the notes.

S-3

Table of Contents

The notes will be governed by the laws of the State of New York. U.S. federal or state courts rendering a judgment on the notes may be unable to enter judgment in any currency except in U.S. dollars. Accordingly, in a lawsuit for payment on the notes, investors may bear currency exchange risk, which could be material.

This description of foreign currency risks does not describe all the risks of an investment in securities denominated in a currency other than the hom currency. You should consult your own financial and legal advisors as to the risks involved in an investment in the notes.

On May 13, 2020, the daily average CAD/U.S. dollar rate of exchange was C\$1/U.S.\$0.7106, as published by the Bank of Canada.

The notes permit us to make payments in U.S. dollars if we are unable to obtain CAD.

If CAD is unavailable to us due to the imposition of exchange controls or other circumstances beyond our control, then all payments in respect of th notes will be made in U.S. dollars until CAD is again available to us or so used. The amount payable on any date in CAD will be converted into U.S. dollars at the rate mandated by the U.S. Federal Reserve Board as of the close of business on the second business day prior to the relevant payment date or, in the event the U.S. Federal Reserve Board has not mandated a rate of conversion, on the basis of the then most recent U.S. dollar/CAD exchange rate available on or prior to the second business day prior to the relevant payment date as determined by us in our sole discretion. Any payment in respect of the notes so made in U.S. dollars will not constitute an event of default under the notes or the indenture governing the notes.

USE OF PROCEEDS

We expect the net proceeds to Verizon from the offering of the notes, after deducting underwriting discounts and our estimated offering expenses, will be approximately C\$1,288 million. We intend to use the net proceeds from the sale of the notes for general corporate purposes, which may include, depending on market and other conditions, the repayment of outstanding commercial paper and other outstanding indebtedness.

DESCRIPTION OF THE NOTES

Principal Amount, Maturity and Interest for the notes due 2030 and the notes due 2050

We are offering C\$1,000,000,000 of our notes due 2030, which will mature on May 16, 2030, and C\$300,000,000 of our notes due 2050, which wil mature on May 16, 2050. We will pay interest on the notes due 2030 at the rate of 2.500% per annum and interest on the notes due 2050 at the rate of 3.625% per annum, in each case, on May 16 of each year to holders of record at the close of business on the immediately preceding May 2 and on November 16 of each year to holders of record at the close of business on the immediately preceding November 2. If interest or principal on the notes is payable on a Saturday, Sunday or any other day when commercial banks are not open for business in The City of New York, New York, United States of America or Toronto, Ontario, Canada, we will make the payment on such notes on the next succeeding business day in such locations, and no additional interest will accrue as a result of the delay in payment. The first interest payment date on the notes due 2030 and the notes due 2050 is November 16, 2020. For a full semi-annual interest period, interest on the notes will be computed on the basis of a 360-day year consisting of twelve 30-day months. For an interest period that is not a full semi-annual interest period, interest on the notes will be computed on the basis of a 365-day year, and the actual number of days in such interest period.

Solely for the purposes of disclosure under the Interest Act (Canada), whenever interest to be paid hereunder or in connection herewith is to be calculated on the basis of a year of 360 days consisting of twelve 30-day months, the yearly rate of interest to which the rate used in such calculation is equivalent during any particular period is the rate so used multiplied by a fraction of which:

- (i) the numerator is the product of:
 - (a) the actual number of days in the calendar year in which such period ends, and
 - (b) the sum of (A) the product of (x) 30 and (y) the number of complete months elapsed in the relevant period and (B) the number of days elapsed in any incomplete month in the relevant period; and
- (ii) the denominator is the product of 360 and the actual number of days in the relevant period.

We may issue additional notes due 2030 and notes due 2050 in the future.

The notes will be issued in fully-registered, book-entry form in minimum denominations of C\$2,000 and integral multiples of C\$1,000 in excess thereof. The notes will be held in global form by CDS, as depositary, and will be registered in the name of CDS & Co., as nominee of CDS.

Global Clearance and Settlement

We have obtained the information in this section concerning CDS and its book-entry systems and procedures from sources that we believe to be reliable. In addition, the description of the clearing system in this section reflects our understanding of the rules and procedures of CDS as they are currently in effect. This system could change its rules and procedures at any time.

The notes will be issued as fully-registered, book-entry global securities (which we sometimes refer to as "global securities"), which will be deposited with, or on behalf of, CDS and registered, at the request of CDS, in the name of CDS & Co. You will not be permitted to withdraw the notes from CDS except in accordance with CDS' rules and procedures. You may hold interests in a global security through organizations that participate, directly or indirectly, in the CDS system.

S-6

Table of Contents

For as long as the notes are maintained in book-entry form at CDS, CDS or its nominee will be the registered holder of the notes for all purposes an all payments on the notes will be made to CDS and payments to beneficial owners of notes will be made in accordance with CDS' procedures and the procedures of its participants. Consequently, you will need to look to CDS and its participants through which you own your interest in the notes for any payment or to exercise any rights in respect of the notes. We have no responsibility for the actions of CDS or its participants, and your ability to receive payments or exercise any rights in respect of the notes will be subject to their procedures.

CDS is Canada's national securities depository, clearing and settlement hub, supporting Canada's equity, fixed income and money markets. Functioning as a service utility for the Canadian financial community, CDS provides a wide variety of computer automated services for financial institutions and investment dealers active in domestic and international capital markets. CDS participants include banks, investment dealers and trust companies and may include certain of the underwriters. Indirect access to CDS is available to other organizations that clear through or maintain a custodia relationship with a CDS participant. Transfers of ownership and other interests in notes in CDS, including cash distributions, may only be processed through CDS participants and will be completed in accordance with existing CDS rules and procedures. CDS is headquartered in Toronto and has offices in Montreal, Vancouver and Calgary. CDS is a subsidiary of The Canadian Depository for Securities Limited, part of TMX Group Limited. It is affiliated with CDS Inc., which provides services to the Canadian Securities Administrators, and CDS Innovations Inc., a commercial marketer of CDS information products such as CDS Bulletins and entitlements information.

You may elect to hold interests in the notes outside Canada through Clearstream or Euroclear if you are a participant in those systems, or indirectly through organizations that are participants in those systems. Clearstream and Euroclear will hold interests on behalf of their participants through securities accounts in Clearstream's and Euroclear's names on the books of their respective sub-custodians. The interests are ultimately held through a CDS participant that acts as sub-custodian for Clearstream or Euroclear, as applicable.

Cross market transfers between persons holding directly or indirectly through CDS participants, on the one hand, and directly or indirectly through Clearstream participants or Euroclear participants, on the other, will be effected in CDS in accordance with CDS rules; however, such cross market transactions will require delivery of instructions to the relevant clearing system by the counterparty in such system in accordance with its rules and procedures and within its established deadlines. The relevant clearing system will, if the transaction meets its settlement requirements, deliver instructions to CDS to take action to effect final settlement on its behalf by delivering or receiving notes in CDS, and making or receiving payment in accordance with normal procedures for settlement in CDS. Clearstream participants and Euroclear participants may not deliver instructions directly to CDS or the Canadian sub-custodians.

Because of time zone differences, credits of notes received in Clearstream or Euroclear as a result of a transaction with a CDS participant may be made during subsequent securities settlement processing and dated the business day following the CDS settlement date. Such credits or any transactions in such notes settled during such processing will be reported to the relevant Clearstream participants or Euroclear participants on such business day. Cash received in Clearstream or Euroclear as a result of sales of notes by or through a Clearstream participant or a Euroclear participant to a CDS participant will be received with value on the CDS settlement date but will be available in the relevant Clearstream or Euroclear cash account only as of the business day following settlement in CDS.

Although CDS, Clearstream and Euroclear have agreed to the foregoing procedures in order to facilitate transfers of notes among participants of CDS, Clearstream and Euroclear, they are under no obligation to perform or continue to perform such procedures and such procedures may be modified or discontinued at any time. We will not have any responsibility for the performance by CDS, Clearstream or Euroclear, or their respective direct or indirect participants of their obligations under the rules and procedures governing their operations.

Form, Denomination and Book-Entry

The notes, subject to certain exceptions, will at all times be represented by one or more fully-registered global securities held by, or on behalf of, CDS, as custodian of the global securities (for its participants) and registered in the name of CDS & Co., and registrations of interests in and transfers of the notes will be made only through the book-entry only system of CDS. Except as described below, no purchaser of notes will be entitled to a certificate or other instrument from us or CDS evidencing the purchaser's ownership thereof, owners of beneficial interests in the notes held through CDS and its participants will not be considered the "Holders" of those notes under the indenture and no such beneficial owner of the notes will be shown on the record maintained by CDS, although we expect that such beneficial interests will be reflected through book-entry accounts of CDS' direct and indirect participant acting on behalf of such beneficial owners. Each purchaser of notes represented by a global security is expected to receive a customer confirmation of purchase from the underwriter or other registered dealer from which the notes are purchased in accordance with the practices and procedures of the selling underwriter or dealer. The practices of the underwriters may vary but, generally, customer confirmations are issued promptly after execution of a customer order. CDS will be responsible for establishing and maintaining book-entry accounts for its direct participants having interests in global securities, and CDS' direct and indirect participants will be responsible for maintaining book-entry accounts for beneficial owners holding interests in the global securities. Sales of interests in a global security can only be completed through participants in the book-entry only depositary service of CDS.

Neither we nor the underwriters will assume any liability for: (a) any aspect of the records relating to the beneficial ownership of the notes held by CDS or any of its direct or indirect participants or the payments relating thereto; (b) maintaining, supervising or retaining any records relating to the notes; or (c) any advice or representation made by, or with respect to, CDS or any action to be taken by CDS or at the direction of its participants.

CDS may discontinue providing its services as securities depository with respect to the notes at any time by giving reasonable notice to us. If CDS is no longer willing or able to discharge properly its responsibilities as depositary with respect to the notes, we will use commercially reasonable efforts to locate a qualified successor. However, definitive notes will be issued in exchange for beneficial interests in global securities, registered in the names of persons other than CDS or its nominee, only if (i) CDS notifies us that it will discontinue the eligibility of the notes on deposit or cease to hold a global certificate in respect of the notes, with or without cause, (ii) CDS ceases to be a recognized clearing agency under applicable law and a successor depository is not appointed by us or (iii) we give CDS notice that we are unable or unwilling to continue to have CDS hold the notes as book-entry only of that we desire to or have processed an entitlement requiring a withdrawal of notes and instruct the trustee that the global security is exchangeable for debt securities in certificated form. In the event that definitive notes are to be issued as aforesaid, we will promptly execute, and the trustee or an authenticating agent or sub-authenticating agent, upon receipt of an order from us for the authentication and delivery of definitive notes, will authenticate and deliver definitive notes in an aggregate principal amount equal to the principal amount of the global securities in exchange for beneficial interests in such global securities in accordance with the instructions, if any, of CDS.

If we issue definitive notes in exchange for global securities as described in the preceding paragraph, such definitive notes shall be issued in denominations of C\$2,000 and integral multiples of C\$1,000 in excess thereof and each such definitive note will have the same stated maturity and other terms as the global security for which it is exchanged.

The laws of some states may require that certain purchasers of securities take physical delivery of securities in definitive form. Such limits and such laws may impair the ability to own, transfer or pledge beneficial interests in global securities.

Currency Conversion

Payments of principal, interest and additional amounts, if any, in respect of the notes will be payable in CAD. If CAD is unavailable to us due to the imposition of exchange controls or other circumstances beyond our control, then all payments in respect of the notes will be made in U.S. dollars until CAD is again available to us. The amount payable on any date in CAD will be converted into U.S. dollars at a rate mandated by the U.S. Federal Reserve Board as of the close of business on the second business day prior to the relevant payment date or, in the event the U.S. Federal Reserve Board has not mandated a rate of conversion, on the basis of the latest U.S. dollar/CAD exchange rate available on or prior to the second business day prior to the relevant payment date as determined by us in our sole discretion. Any payment in respect of the notes alternatively made in U.S. dollars will not constitute an even of default under the notes or the indenture.

Paying Agent, Security Registrar and Transfer Agent for the Notes

BNY Trust Company of Canada will initially act as paying agent, security registrar and transfer agent for the notes. We may change the paying agent, security registrar or transfer agent in accordance with the terms of the indenture and the agreement pursuant to which BNY Trust Company of Canada will be appointed to these roles.

Redemption

We have the option to redeem each series of notes on not less than 10 nor more than 60 days' notice, in whole or in part,

- (i) at any time prior to February 16, 2030 (three months prior to the maturity date of the notes due 2030) (the "notes due 2030 par call date") with respect to the notes due 2030 and November 16, 2049 (six months prior to the maturity date of the notes due 2050) (the "notes due 2050 par call date") with respect to the notes due 2050, at a redemption price equal to the greater of:
 - (a) 100% of the principal amount of the notes being redeemed, or
 - (b) the Canada Yield Price; and
- (ii) at any time on or after the notes due 2030 par call date and the notes due 2050 par call date with respect to the notes due 2030 and the notes due 2050, respectively, at a redemption price equal to 100% of the principal amount of the notes being redeemed,

plus, in each case, accrued and unpaid interest on the principal amount being redeemed to, but excluding, the date of redemption.

"Canada Yield Price" means, in respect of any notes being redeemed, the price, in respect of the principal amount of the notes, calculated by us as of the third business day prior to the redemption date of such notes, equal to the sum of the present values of the remaining scheduled payments of interest (not including any portion of the payments of interest accrued as of the date of redemption) and principal on the notes to be redeemed from the redemptior date to the applicable par call date, as if redeemed on the par call date, using as a discount rate the sum of the Government of Canada Yield on such business day plus (i) 50 basis points for the notes due 2030 and (ii) 65 basis points for the notes due 2050.

"Government of Canada Yield" means, on any date, the bid-side yield to maturity on such date as determined by the arithmetic average (rounded to three decimal places) of the yields quoted at 10:00 a.m. (Toronto time) by any two investment dealers in Canada selected by us, assuming semi-annual compounding and calculated in accordance with generally accepted financial practice, which a non-callable Government of Canada bond would carry if issued in CAD in Canada at 100% of its principal amount on such date with a term to maturity that most closely approximates the remaining term to the applicable par call date.

If less than all of the notes are to be redeemed, the notes to be redeemed will be selected according to CDS' procedures, in the case of notes represented by a global security, or by the trustee by such method as the trustee considers fair and appropriate, in the case of notes, if any, that are not represented by a global security. If any note is to be redeemed in part, such note must be redeemed in a minimum principal amount of C\$2,000 and integrated multiples of C\$1,000 in principal amount in excess thereof; *provided* that the unredeemed portion of any note must be an authorized denomination. Payment of the redemption price, together with accrued interest (if any) to, but excluding, the redemption date for a note for which a redemption notice has been delivered is conditioned upon delivery of such note to an office or agency of us maintained for that purpose. Payment of the redemption price for a note (or portion thereof to be redeemed), together with accrued interest to, but excluding, the redemption date, will be made on the later of the redemption date or promptly following the time of delivery of such note.

Tax Redemption

The notes of any series may be redeemed at our option, in whole but not in part, at any time on giving not less than 30 nor more than 90 days' notic to the noteholders (which notice shall be irrevocable), at their principal amount, together with interest accrued to the date fixed for redemption, if:

- (i) we have or will become obliged to pay additional amounts with respect to such series of notes as provided or referred to under "— Withholding Taxes" below as a result of any change in, or amendment to, the laws, treaties, or rulings of the United States or any political subdivision or any authority thereof or therein having the power to tax, or any change in the application or official interpretation of such laws or regulations or rulings (including a holding by a court of competent jurisdiction in the United States), which change or amendment is enacted or adopted on or after the issue date of such notes; or
- (ii) on or after the issue date of such series of notes, any action is taken by a taxing authority of, or any decision has been rendered by a court of competent jurisdiction in, the United States or any political subdivision of or in the United States or any authority thereof or therein having the power to tax, including any of those actions specified in clause (i) above, whether or not such action was taken or decision was rendered with respect to us, or any change, amendment, application or interpretation is officially proposed, which, in any such case, will result in a material probability that we will become obliged to pay additional amounts with respect to such series of notes; provided that, prior to the publication of any notice of redemption pursuant to this paragraph, we have delivered to the trustee a certificate signed by one of our officers stating that we are entitled to effect such redemption and setting forth a statement of facts showing that the conditions precedent to our right so to redeem have occurred and a copy of an opinion of a reputable independent counsel of our choosing to that effect based on that statement of facts. However no such notice of redemption shall be given less than 30 nor more than 90 days prior to the earliest date on which we would be obliged to pay such additional amounts if a payment in respect of such series of notes were then due.

Withholding Taxes

All payments of principal, interest and premium (if any) in respect of the notes by us or a paying agent on our behalf shall be made without withholding or deduction for or on account of any present or future taxes, duties, assessments or other governmental charges imposed by any governmenta authority having the power to tax ("Taxes"), unless the withholding or deduction of such Taxes is required by law. If any Taxes are so imposed by or on behalf of the United States or any political subdivision thereof or any authority therein, we shall pay to a holder that is a Non-U.S. Person (as defined below) such additional amounts as may be necessary to ensure that the net amount received by such holder, after withholding or deduction for or on account of such Taxes, will be equal to the amount such holder would have received in the absence of such withholding or deduction. However, no additional amounts shall be payable for or on account of:

(i) any Tax that would not have been imposed, withheld or deducted but for any present or former connection (other than the mere fact of being a holder or beneficial owner of such note) between

S-10

Table of Contents

the holder or the beneficial owner of such note and the United States or the applicable political subdivision or authority, including, without limitation, such holder or beneficial owner being or having been a citizen or resident of the United States or the applicable political subdivision or authority or treated as being or having been a resident thereof;

- (ii) any Tax that would not have been imposed, withheld or deducted but for the holder or beneficial owner of such note being or having been for U.S. federal income tax purposes a personal holding company, a controlled foreign corporation, a passive foreign investment company, a foreign private foundation or other foreign tax-exempt organization, or a corporation that accumulates earnings to avoid U.S. federal income tax;
- (iii) any Tax that is payable other than by withholding or deduction by us or a paying agent from payments in respect of such note;
- (iv) any gift, estate, inheritance, sales, transfer, value added, personal property, excise or similar Tax;
- (v) any Tax that would not have been imposed, withheld or deducted but for a change in any law, treaty, regulation, or administrative or judicial interpretation that becomes effective after the applicable payment becomes due or is duly provided for, whichever occurs later
- (vi) any Tax that would not have been imposed, withheld or deducted but for the presentation of such note for payment more than 30 days after the applicable payment becomes due or is duly provided for, whichever occurs later, except to the extent that such holder would have been entitled to such additional amounts on presenting such note for payment on the last date of such period of 30 days;
- (vii) any Tax that would not have been imposed, withheld or deducted but for the failure of the holder or beneficial owner of such note to comply with applicable certification, information, documentation or other reporting requirements concerning the nationality, residence identity or connection with the United States of such holder or beneficial owner;
- (viii) any Tax that would not have been imposed, withheld or deducted but for the failure of the holder or beneficial owner (or any financial institution or other person through which the holder or beneficial owner holds any notes) to comply with any certification, information identification, documentation or other reporting requirements with respect to itself or any beneficial owner or account holders thereof;
- (ix) any Tax that would not have been imposed, withheld or deducted but for the failure of the holder or beneficial owner of such note to meet the requirements relating to the portfolio interest exemption (including the statement requirements) of Section 871(h) or Section 881(c) of the Internal Revenue Code of 1986, as amended (the "Code");
- (x) any Tax imposed by the Foreign Account Tax Compliance Act ("FACTA") pursuant to Sections 1471 through 1474 of the Code, any current or future regulations or official interpretations thereof, any agreements entered into pursuant to Section 1471(b) of the Code are any intergovernmental agreements (and related legislation or official administrative guidance) implementing the foregoing; or
- (xi) any combination of items (i)-(x).

For purposes of clauses (i)-(xi) above, references to the holder or beneficial owner of a note include a fiduciary, settlor, beneficiary or person holdir power over such holder or beneficial owner, if such holder or beneficial owner is an estate or trust, or a partner, member or shareholder of such holder or beneficial owner, if such holder or beneficial owner is a partnership, limited liability company or corporation. In addition, we will not pay additional amounts to the holder of a note if such holder or the beneficial owner of such note is a fiduciary, partnership, limited liability company or other fiscally transparent entity, or if the holder of such note is not the sole beneficial owner of such note, as the case may be, to the extent that a beneficiary or settlor with respect to the fiduciary, or a beneficiary, partner or member of the partnership, limited liability company or other fiscally

S-11

transparent entity, or a beneficial owner would not have been entitled to the payment of an additional amount had the beneficiary, settlor, beneficial owner partner or member received directly its beneficial or distributive share of the payment. For purposes of "—Withholding Taxes," the term "Non-U.S. Person" means any person that is, for U.S. federal income tax purposes, a foreign corporation, nonresident alien individual, a nonresident fiduciary of a foreign estate or foreign trust or a foreign partnership one or more of the partners of which is such a foreign corporation, nonresident alien individual or nonresident fiduciary.

Any additional amounts paid on the notes will be paid in CAD.

Additional Information

See "Description of the Debt Securities" in the accompanying prospectus for additional important information about the notes. That information includes:

- additional information about the terms of the notes;
- general information about the indenture and the trustee;
- a description of certain restrictions; and
- a description of events of default under the indenture.

CERTAIN U.S. FEDERAL INCOME TAX CONSIDERATIONS

The following is a discussion of certain U.S. federal income tax considerations relating to the purchase, ownership and disposition of the notes by U.S. Holders and Non-U.S. Holders (each as defined below) that purchase the notes at their issue price (generally the first price at which a substantial amount of the notes of the applicable series is sold, excluding sales to bond houses, brokers or similar persons or organizations acting in the capacity of underwriters, placement agents or wholesalers) pursuant to this offering and hold such notes as capital assets. This discussion is based on the U.S. Internal Revenue Code of 1986, as amended (the "Code"), U.S. Treasury regulations promulgated or proposed thereunder and administrative and judicial interpretations thereof, all as in effect on the date hereof, and all of which are subject to change, possibly with retroactive effect, or to different interpretation. This discussion does not address all of the U.S. federal income tax considerations that may be relevant to specific Holders (as defined below) in light of their particular circumstances or to Holders subject to special treatment under U.S. federal income tax law (such as banks, insurance companies, dealers in securities or other Holders that generally mark their securities to market for U.S. federal income tax purposes, tax-exempt entities, retirement plans, regulated investment companies, real estate investment trusts, certain former citizens or residents of the United States, Holders that hold note as part of a straddle, hedge, conversion or other integrated transaction, U.S. Holders that have a "functional currency" other than the U.S. dollar, or partnerships (or other entities or arrangements treated as partnerships for U.S. federal income tax purposes)). This discussion does not address any U.S. state or local or non-U.S. tax considerations or any U.S. federal estate, gift or alternative minimum tax considerations.

As used in this discussion, the term "U.S. Holder" means a beneficial owner of a note that, for U.S. federal income tax purposes, is (i) an individual who is a citizen or resident of the United States, (ii) a corporation created or organized in or under the laws of the United States, any state thereof or the District of Columbia, (iii) an estate the income of which is subject to U.S. federal income tax regardless of its source or (iv) a trust with respect to which a court within the United States is able to exercise primary supervision over its administration and one or more U.S. persons have the authority to control al of its substantial decisions or that has in effect a valid election under applicable U.S. Treasury regulations to be treated as a U.S. person.

As used in this discussion, the term "Non-U.S. Holder" means a beneficial owner of a note that is neither a U.S. Holder nor a partnership for U.S. federal income tax purposes, and the term "Holder" means a U.S. Holder or a Non-U.S. Holder.

If an entity treated as a partnership for U.S. federal income tax purposes invests in a note, the U.S. federal income tax considerations relating to suc investment will depend in part upon the status and activities of such entity and the particular partner. Any such entity should consult its own tax advisor regarding the U.S. federal income tax considerations applicable to it and its partners relating to the purchase, ownership and disposition of a note.

EACH PERSON CONSIDERING AN INVESTMENT IN THE NOTES SHOULD CONSULT ITS OWN TAX ADVISOR REGARDING THE U.S. FEDERAL, STATE AND LOCAL AND NON-U.S. INCOME, ESTATE AND OTHER TAX CONSIDERATIONS RELATING TO THE PURCHASE, OWNERSHIP AND DISPOSITION OF THE NOTES IN LIGHT OF ITS PARTICULAR CIRCUMSTANCES.

U.S. Holders

Book/Tax Conformity

U.S. Holders that use an accrual method of accounting for tax purposes ("accrual method holders") generally are required to include certain amount in income no later than the time such amounts are reflected on certain financial statements (the "book/tax conformity rule"). The application of the book/tax conformity rule thus may require the accrual of income earlier than would be the case under the general tax rules described below. It is not

S-13

Table of Contents

entirely clear to what types of income the book/tax conformity rule applies, or, in some cases, how the rule is to be applied if it is applicable. However, proposed regulations generally would exclude, among other items, original issue discount and market discount (in either case, whether or not *de minimis*) from the applicability of the book/tax conformity rule. Although the proposed regulations generally will not be effective until taxable years beginning after the date on which they are issued in final form, taxpayers generally are permitted to elect to rely on their provisions currently. Accrual method holders should consult with their tax advisors regarding the potential applicability of the book/tax conformity rule to their particular situation.

Interest on the Notes

In general, interest payable on a note will be taxable to a U.S. Holder as ordinary interest income when it is actually or constructively received or accrued, in accordance with such U.S. Holder's regular method of accounting for U.S. federal income tax purposes. The notes are expected to be issued without original issue discount ("OID") for U.S. federal income tax purposes. However, if the notes of any series are issued with OID at or above a *de minimis* threshold, each U.S. Holder of a note of such series generally will be required to include OID in gross income (as interest) as it accrues, regardles of its regular method of accounting for U.S. federal income tax purposes, using a constant yield method, before such U.S. Holder receives any payment attributable to such income. OID generally would accrue in CAD and be translated into U.S. dollars in the manner described in the second succeeding paragraph. The remainder of this discussion assumes that the notes are issued without OID.

The amount of interest paid with respect to a note that is includible in ordinary income by a U.S. Holder that uses the cash method of accounting for U.S. federal income tax purposes is the U.S. dollar value of the amount paid translated at the spot rate of exchange on the date such payment is received by such U.S. Holder, regardless of whether the payment is in fact converted into U.S. dollars.

In the case of interest on a note held by a U.S. Holder that uses the accrual method of accounting, such U.S. Holder is required to include the U.S. dollar value of such interest income that accrued during the relevant accrual period. The U.S. dollar value of such accrued interest income generally is determined by translating such interest income at the average rate of exchange for such accrual period (or, with respect to an accrual period that spans two taxable years, at the average rate for the partial period within the taxable year). Alternatively, such U.S. Holder may elect to translate such interest income at the spot rate of exchange on the last day of such accrual period (and in the case of a partial accrual period, the spot rate on the last day of the taxable year) or if the last day of an accrual period is within five business days of the date of receipt of the payment in respect of the related accrued interest, a U.S. Holder that has made such election may translate such accrued interest using the spot rate of exchange on the date of receipt of such payment. The above election will apply to all debt obligations held by such U.S. Holder and may not be changed without the consent of the U.S. Internal Revenue Service (the "IRS"). A U.S. Holder generally will recognize foreign currency exchange gain or loss with respect to such accrued interest income on the date the payment in respect of such interest income is received, if there is any difference between the exchange rate used to determine such interest income and the exchange rate on the date such payment is received, regardless of whether the payment is in fact converted into U.S. dollars. Such foreign currency exchange gain or loss generally will be treated as ordinary income or loss from sources within the United States and will not be treated as an adjustment to interest income received on the note.

A U.S. Holder generally will have a basis in CAD received as interest on a note equal to the U.S. dollar value of such CAD on the date of receipt. Any gain or loss on a conversion or other disposition of such CAD by such U.S. Holder generally will be treated as ordinary income or loss from sources within the United States.

Sale, Exchange, Retirement or Other Disposition of the Notes

Upon the sale, exchange, retirement or other disposition of a note, a U.S. Holder generally will recognize a gain or loss in an amount equal to the difference between the amount realized on such sale, exchange, retirement

S-14

Table of Contents

or other disposition (other than any amount attributable to accrued interest, which, if not previously included in such U.S. Holder's income, will be taxabl as interest income to such U.S. Holder) and such U.S. Holder's "adjusted tax basis" in such note.

A U.S. Holder that receives CAD on the sale, exchange, retirement or other disposition of a note generally will have an amount realized equal to the

U.S. dollar value of such CAD translated at the spot rate of exchange on the date of such sale, exchange, retirement or other disposition (or, if such note is treated as traded on an established securities market, on the settlement date in the case of a cash basis or electing accrual basis taxpayer). A U.S. Holder's adjusted tax basis in such note generally will be equal to the U.S. dollar value of the purchase price in CAD translated at the spot rate of exchange on the date of purchase (or, if such note is treated as traded on an established securities market, on the settlement date of the purchase in the case of a cash basis of electing accrual basis taxpayer). A U.S. Holder generally will realize foreign currency exchange gain or loss upon such sale, exchange, retirement or other disposition (as ordinary income or loss from sources within the United States) to the extent that the gain or loss is attributable to changes in exchange rate during the period in which the U.S. Holder held the note. Such foreign currency exchange gain or loss, together with any foreign currency exchange gain loss realized on such disposition in respect of accrued interest (which will not be treated as an adjustment to such interest), generally will be realized only to the extent of the total gain or loss realized by such U.S. Holder on such disposition. Any such total gain or loss not treated as foreign currency exchange gain or loss generally will be capital gain or loss from sources within the United States. Net long-term capital gain of certain non-corporate U.S. Holders generally is subject to preferential rates of tax. The deductibility of capital losses is subject to limitations.

With respect to a note that is treated as traded on an established securities market, a U.S. Holder that is an accrual basis taxpayer who does not elect to determine its basis or amount realized in connection with the purchase, sale, exchange, retirement or other disposition of the note by reference to the sp rate of exchange on the settlement date of such purchase, sale, exchange, retirement or other disposition (rather than on the actual date) may recognize additional foreign currency exchange gain or loss upon receipt of CAD from such sale, exchange, retirement or other disposition. Such an election, if mad by an accrual basis taxpayer, must be applied consistently to all debt instruments from year to year and cannot be changed without the consent of the IRS.

A U.S. Holder generally will have a basis in CAD received upon a sale, exchange, retirement or other disposition of a note equal to the U.S. dollar value of such CAD on the date of receipt. Any gain or loss on a conversion or other disposition of such CAD by such U.S. Holder generally will be treated as ordinary income or loss from sources within the United States.

Medicare Tax

In addition to regular U.S. federal income tax, certain U.S. Holders that are individuals, estates or trusts (and possibly certain foreign estates or trus with U.S. beneficiaries) are subject to a 3.8% tax on all or a portion of their "net investment income," which may include all or a portion of their interest income on a note and net gain from the sale, exchange, retirement or other disposition of a note.

Information Reporting and Backup Withholding

Information reporting generally will apply to payments to a U.S. Holder of interest on, or proceeds from the sale, exchange, retirement or other disposition of, a note, unless such U.S. Holder is an entity that is exempt from information reporting and, when required, demonstrates this fact. Any such payment to a U.S. Holder that is subject to information reporting generally will also be subject to backup withholding, unless such U.S. Holder provides the appropriate documentation (generally, IRS Form W-9) to the applicable withholding agent certifying that, among other things, its taxpayer identification number (which for an individual would be his or her Social Security number) is correct, or otherwise establishes an exemption.

S-15

Table of Contents

Backup withholding is not an additional tax. Any amounts withheld under the backup withholding rules generally will be allowed as a refund or a credit against a U.S. Holder's U.S. federal income tax liability if the required information is furnished by such U.S. Holder on a timely basis to the IRS.

Reportable Transactions

A U.S. Holder that participates in any "reportable transaction" (as defined in U.S. Treasury regulations) must attach to its U.S. federal income tax return a disclosure statement on IRS Form 8886. The scope and application of these rules is not entirely clear. A U.S. Holder may be required to treat a foreign currency exchange loss relating to a note as a reportable transaction if the loss is at least \$50,000 in a single taxable year if the U.S. Holder is an individual or trust, or higher amounts for other U.S. Holders. U.S. Holders should consult their own tax advisors as to the possible obligation to file IRS Form 8886 reporting foreign currency exchange loss arising from the notes or any amounts received with respect to the notes.

Non-U.S. Holders

General

Subject to the discussion below concerning backup withholding and FATCA:

(1) payments of principal, interest (including additional amounts) and premium (if any) with respect to a note owned by a Non-U.S. Holder generall will not be subject to U.S. federal income tax, including withholding tax; *provided* that, in the case of amounts treated as payments of interest, (i) such amounts are not effectively connected with the conduct of a trade or business in the United States by such Non-U.S. Holder; (ii) such Non-U.S. Holder does not own, actually or constructively, 10% or more of the total combined voting power of all classes of our stock entitled to vote; (iii) such Non-U.S.

Holder is not a "controlled foreign corporation" described in section 957(a) of the Code that is related to us (actually or constructively) through stock ownership; and (iv) the certification requirements described below are satisfied; and

(2) a Non-U.S. Holder generally will not be subject to U.S. federal income or withholding tax on any gain recognized on the sale, exchange, retirement or other disposition of a note, unless (i) such gain is effectively connected with the conduct of a trade or business in the United States by such Non-U.S. Holder, in which event such gain generally will be subject to U.S. federal income tax in the manner described below, or (ii) such Non-U.S. Holder is an individual who is present in the United States for 183 days or more during the taxable year of such sale, exchange, retirement or other disposition and certain other conditions are met, in which event such gain (net of certain U.S. source losses) generally will be subject to U.S. federal income tax at a rate of 30% (except as provided by an applicable tax treaty).

The certification requirements referred to in clause (1)(iv) above generally will be satisfied if the Non-U.S. Holder provides the applicable withholding agent with a statement (generally on IRS Form W-8BEN or IRS Form W-8BEN-E), signed under penalties of perjury, stating, among other things, that such Non-U.S. Holder is not a U.S. person. U.S. Treasury regulations provide additional rules for a note held through one or more intermediaries or pass-through entities.

If the requirements set forth in clause (1) above are not satisfied with respect to a Non-U.S. Holder, then, except as provided below, amounts treate as payments of interest generally will be subject to U.S. federal withholding tax at a rate of 30%, unless another exemption is applicable. For example, an applicable tax treaty may reduce or eliminate this withholding tax if such Non-U.S. Holder provides the appropriate documentation (generally, IRS Form W-8BEN or IRS Form W-8BEN-E) to the applicable withholding agent.

If a Non-U.S. Holder is engaged in the conduct of a trade or business in the United States, and if amounts treated as interest on a note or gain recognized on the sale, exchange, retirement or other disposition of a note are

S-16

Table of Contents

effectively connected with such trade or business, such Non-U.S. Holder generally will not be subject to U.S. federal withholding tax on such amounts; provided that, in the case of amounts treated as interest, such Non-U.S. Holder provides the appropriate documentation (generally, IRS Form W-8ECI) to the applicable withholding agent. Instead, such Non-U.S. Holder generally will be subject to U.S. federal income tax on such amounts in substantially the same manner as a U.S. Holder (except as provided by an applicable tax treaty). In addition, a Non-U.S. Holder that is treated as a corporation for U.S. federal income tax purposes may be subject to a branch profits tax at a rate of 30% (or a lower rate if provided by an applicable tax treaty) on its effective connected income for the taxable year, subject to certain adjustments.

Information Reporting and Backup Withholding

Amounts treated as payments of interest on a note to a Non-U.S. Holder and the amount of any U.S. federal tax withheld from such payments generally must be reported annually to the IRS and to such Non-U.S. Holder.

The information reporting and backup withholding rules that apply to payments of interest to a U.S. Holder generally will not apply to amounts treated as payments of interest to a Non-U.S. Holder if such Non-U.S. Holder certifies under penalties of perjury that it is not a U.S. person (generally by providing an IRS Form W-8BEN or W-8BEN-E) or otherwise establishes an exemption.

Proceeds from the sale, exchange, retirement or other disposition of a note by a Non-U.S. Holder effected through a non-U.S. office of a U.S. broker or of a non-U.S. broker with certain specified U.S. connections generally will be subject to information reporting, but not backup withholding, unless such Non-U.S. Holder certifies under penalties of perjury that it is not a U.S. person (generally by providing an IRS Form W-8BEN or IRS Form W-8BEN-E) or otherwise establishes an exemption. Proceeds from the sale, exchange, retirement or other disposition of a note by a Non-U.S. Holder effected through U.S. office of a broker generally will be subject to information reporting and backup withholding, unless such Non-U.S. Holder certifies under penalties of perjury that it is not a U.S. person (generally by providing an IRS Form W-8BEN or W-8BEN-E) or otherwise establishes an exemption.

Backup withholding is not an additional tax. Any amounts withheld under the backup withholding rules generally will be allowed as a refund or a credit against a Non-U.S. Holder's U.S. federal income tax liability if the required information is furnished by such Non-U.S. Holder on a timely basis to the IRS.

FATCA Withholding

Under the U.S. tax rules known as FATCA, a Non-U.S. Holder of our notes will generally be subject to 30% U.S. withholding tax on interest payments made on the notes if the Non-U.S. Holder (i) is, or holds its notes through, a foreign financial institution that has not entered into an agreement with the U.S. government to report, on an annual basis, certain information regarding accounts with or interests in the institution held by certain United States persons and by certain non-U.S. entities that are wholly or partially owned by United States persons, or, if it is subject to an intergovernmental agreement between the United States and a foreign country, that has been designated as a "nonparticipating foreign financial institution" under such

intergovernmental agreement, or (ii) fails to provide certain documentation (usually an IRS Form W-8BEN or IRS Form W-8BEN-E) containing information about its identity, its FATCA status, and if required, its direct and indirect U.S. owners. The adoption of, or implementation of, an intergovernmental agreement between the United States and an applicable foreign country, or future U.S. Treasury regulations, may modify these requirements. Documentation that Holders provide in order to be treated as FATCA compliant may be reported to the IRS and other tax authorities, including information about a Holder's identity, its FATCA status, and if applicable, its direct and indirect U.S. owners.

Holders should consult their own tax advisors on how FATCA may apply to their investment in the notes. In the event any withholding under FATCA is imposed with respect to the notes, we will not be under any obligation to compensate for the withheld amount.

UNDERWRITING

Subject to the terms and conditions stated in the purchase agreement, dated the date of this prospectus supplement, each underwriter named below has severally agreed to purchase, and we have agreed to sell to that underwriter, the principal amount of the notes set forth opposite such underwriter's name.

Underwriters	Principal amount of notes due 2030	Principal amount of notes due 2050
Merrill Lynch Canada Inc.	C\$ 300,000,000	C\$ 90,000,000
RBC Dominion Securities Inc.	300,000,000	90,000,000
TD Securities Inc.	300,000,000	90,000,000
Scotia Capital Inc.	33,340,000	10,020,000
SG Americas Securities, LLC	33,330,000	9,990,000
SMBC Nikko Securities America, Inc.	33,330,000	9,990,000
Total	C\$1,000,000,000	C\$300,000,000

The purchase agreement provides that the obligations of the underwriters to purchase the notes included in this offering are subject to approval of legal matters by counsel and to other conditions. The offering of the notes by the underwriters is subject to receipt and acceptance by the underwriters and subject to the underwriters' right to reject any order in whole or in part. The underwriters are obligated to purchase all of the notes if they purchase any of the notes. The underwriters may, to the extent permitted by applicable laws and regulations, make offers and sales in the United States through their respective U.S. broker-dealer affiliates.

The underwriters propose to offer the notes directly to the public at the public offering prices set forth on the cover page of this prospectus supplement. After the initial offering of the notes to the public, the underwriters may change the public offering prices and other selling terms.

The following table shows the underwriting discounts that we are to pay to the underwriters in connection with this offering (expressed as a percentage of the principal amount of each series of the notes).

	Paid by Verizon
Per note due 2030	0.40%
Per note due 2050	0.50%

Each series of notes will constitute a new issue of securities with no established trading market. The notes will not be listed on any securities exchange or automated dealer quotation system.

In connection with this offering, the underwriters may over-allot notes or effect transactions with a view to supporting the market price of the notes at a level higher than that which might otherwise prevail. However, there is no assurance that the underwriters will undertake any stabilization action. Any stabilization action may begin on or after the date on which adequate public disclosure of the final terms of the offer of the notes is made, and, if begun, may be ended at any time, but it must end no later than the earlier of 30 days after the issue date of the relevant notes and 60 days after the date of the allotment of the relevant notes. Any stabilization action or over-allotment must be conducted by the underwriters in accordance with all applicable laws and rules.

Over-allotment involves syndicate sales of the notes in excess of the principal amount of notes to be purchased by the underwriters in the offering, which creates a syndicate short position. Syndicate covering transactions involve purchase of the notes in the open market after the distribution has been completed in order to cover syndicate short positions. Stabilizing transactions consist of certain bids or purchases of notes made for the purpose of preventing or retarding a decline in the market price of the notes while the offering is in progress.

The underwriters also may impose a penalty bid. Penalty bids permit the underwriters to reclaim a selling concession from a syndicate member when the underwriters, in covering syndicate short positions or making stabilizing purchases, repurchase notes originally sold by that syndicate member.

Any of these activities may have the effect of preventing or retarding a decline in the market price of the notes. They may also cause the price of the notes to be higher than the price that otherwise would exist in the open market in the absence of these transactions. The underwriters may conduct these transactions in the over-the-counter market or otherwise. If the underwriters commence any of these transactions, they may discontinue them at any time.

We estimate that our total expenses for this offering (not including the underwriting discount) will be approximately \$1,000,000.

We have agreed to indemnify the several underwriters against certain liabilities in connection with this offering, including liabilities under the Securities Act of 1933, as amended, or to contribute to payments the underwriters may be required to make because of any of these liabilities.

The underwriters and their respective affiliates are full service financial institutions engaged in various activities, which may include securities trading, commercial and investment banking, financial advisory, investment management, investment research, principal investment, hedging, financing and brokerage activities. Certain of the underwriters have performed commercial banking, investment banking or advisory services, for us from time to time for which they have received customary fees and reimbursement of expenses. The underwriters may, from time to time, engage in transactions with and perform services for us in the ordinary course of their business for which they may receive customary fees and reimbursement of expenses. In addition certain underwriters or their affiliates may provide credit to us as lenders. If any of the underwriters or their affiliates provide credit to us, certain of those underwriters or their affiliates routinely hedge, certain other of those underwriters or their affiliates have hedged and are likely to continue to hedge and certain other of those underwriters or their affiliates may hedge, their credit exposure to us consistent with their customary risk management policies. Typically, these underwriters and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in our securities, including potentially the notes offered hereby. Any such credit default swaps or short positions could adversely affect future trading prices of the notes offered hereby. In the ordinary course of their various business activities, the underwriter and their respective affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers, and such investment and securities activities may involve our securities or instruments. The underwriters and their respective affiliates may also make investment recommendations or publish or express independent research views in respect of such securities or instruments and may at any time hold, or recommend to clients that they acquire, long or short positions in such securities and instruments. In addition, the underwriters purchase telecommunications services from us in the ordinary course of business.

Selling Restrictions

Canada

The notes will be sold in Canada on a private placement basis to "accredited investors" who are, in certain circumstances, also "permitted clients", each as defined under applicable Canadian provincial securities laws. If you are a resident of Canada and have not received the Canadian offering memorandum relating to this offering, please contact the underwriters to obtain it.

European Economic Area and the United Kingdom

Each underwriter has represented and agreed that it will not offer, sell or otherwise make available any notes to any retail investor in the European Economic Area or the United Kingdom. Consequently no key information document required by Regulation (EU) No. 1286/2014 (as amended, the "PRIII Regulation") for offering or selling the notes or otherwise making them available to retail investors in the European Economic Area or the United Kingdom has been prepared and therefore offering or selling the notes or otherwise making them available to any retail investor in the European Economic Area or the United Kingdom may be unlawful under

issue, or will be issued or will be in its possession for the purposes of issue, in Hong Kong or elsewhere other than with respect to notes whic are or are intended to be disposed of only to persons outside Hong Kong or only to "professional investors" as defined in the Securities and Futures Ordinance (Cap. 571) of Hong Kong and any rules made under that Ordinance.

Singapore

This prospectus supplement and the accompanying prospectus have not been registered as a prospectus with the Monetary Authority of Singapore. A such, each underwriter has represented, warranted and agreed, and each investor should note, as the case may be, that the notes may not be offered or sold or made the subject of an invitation for subscription or purchase, nor may the prospectus supplement or any of the documents or materials in connection with the offer or sale or invitation for subscription or any notes be circulated or distributed, whether directly or indirectly, to persons in Singapore other than (i) to an institutional investor under Section 274 of the SFA, (ii) to a relevant person (as defined in Section 275(2) of the SFA) pursuant to Section 275(1), or any person pursuant to Section 275(1A), and in accordance with the conditions specified in Section 275 of the SFA or (iii) otherwise pursuant to, and in accordance with the conditions of, any other applicable provision of the SFA.

Where the notes are subscribed or purchased under Section 275 of the SFA by a relevant person which is:

• a corporation (which is not an accredited investor (as defined in the SFA)) the sole business of which is to hold investments and the entire share capital of which is owned by one or more individuals, each of whom is an accredited investor; or

• a trust (where the trustee is not an accredited investor) whose sole purpose is to hold investments and each beneficiary of the trust is an individual who is an accredited investor;

the securities or securities-based derivative contracts (each as defined in Section 2(1) of the SFA) of that corporation or the beneficiaries' rights and interest (howsoever described) in that trust shall not be transferred within six months after that corporation or that trust has acquired the notes pursuant to an offer made under Section 275 of the SFA except:

- to an institutional investor or to a relevant person, or to any person arising from an offer referred to in Section 275(1A) or Section 276(4)(i)(B) of the SFA;
- where no consideration is or will be given for the transfer;
- where the transfer is by operation of law; or
- as specified in Section 276(7) of the SFA.

Solely for the purposes of its obligations pursuant to sections 309B(1)(a) and 309B(1)(c) of the SFA, the Company has determined, and hereby notifies all relevant persons (as defined in Section 309A of the SFA) that the notes are "prescribed capital markets products" (as defined in the Securities and Futures (Capital Markets Products) Regulations 2018) and Excluded Investment Products (as defined in MAS Notice SFA 04-N12: Notice on the Sale of Investment Products and MAS Notice FAA-N16: Notice on Recommendations on Investment).

DESCRIPTION OF THE DEBT SECURITIES

General

We will issue debt securities under an indenture between us and U.S. Bank National Association (as successor to Wachovia Bank, National Association, formerly known as First Union National Bank), as trustee, dated as of December 1, 2000, as amended. To the extent provided in the applicab prospectus supplement, the debt securities may be convertible into, or exchangeable for, shares of any class or classes of our stock, or our other securities or property.

We have summarized material provisions of the indenture and the debt securities below. This summary does not describe all exceptions and qualifications contained in the indenture or the debt securities. In the summary below, we have included references to article and section numbers of the indenture so that you can easily locate these provisions.

The debt securities will be unsecured and will rank equally with all of our senior unsecured debt. The indenture does not limit the amount of debt securities that may be issued, and each series of debt securities may differ as to its terms.

A supplement to the indenture, board resolution or officers' certificate will designate the specific terms relating to any new series of debt securities. (SECTION 301) These terms will be described in a prospectus supplement and, in some cases, a pricing supplement, and will include the following:

title of the series;

- total principal amount of the series;
- maturity date or dates of the series;
- interest rate and interest payment dates of the series;
- any redemption dates, prices, obligations and restrictions of the series;
- any provisions permitting the series of debt securities to be convertible into, or exchangeable for, shares of any class or classes of our stock, or our other securities or property, at a specified price or prices or at specified rates of exchange and with any specified adjustments; and
- any other material terms of the series.

Form and Exchange

The debt securities normally will be denominated in U.S. dollars, in which case we will pay principal, interest and any premium in U.S. dollars. We may, however, denominate any series of debt securities in another currency or composite currency. In those cases, payment of principal, interest and any premium on such series would be in that currency or composite currency and not U.S. dollars.

Book-Entry Only Form

The debt securities normally will be issued in book-entry only form, which means that they will be represented by one or more permanent global securities registered in the name of The Depository Trust Company, New York, New York ("DTC"), or its nominee. We will refer to this form here and in the prospectus supplement as "book-entry only."

In the event that debt securities are issued in book-entry only form, DTC will keep a computerized record of its participants (for example, your broker) whose clients have purchased the securities. Each participant will then keep a record of its clients who purchased the securities. A global security may not be transferred, except that DTC, its nominees and their successors may transfer an entire global security to one another.

5

Table of Contents

In the case of book-entry only debt securities, we will wire principal and interest payments to DTC's nominee. We and the trustee will treat DTC's nominee as the owner of the global securities for all purposes. Accordingly, neither we nor the trustee will have any direct responsibility or liability to pay amounts due on the debt securities to owners of beneficial interests in the global securities.

Under book-entry only form, we will not issue physical certificates representing beneficial interests in the global securities to individual holders of the debt securities. Beneficial interests in global securities will be shown on, and transfers of global securities will be made only through, records maintained by DTC and its participants. Debt securities represented by a global security will be exchangeable for debt securities in certificated form with the same terms in authorized denominations only if:

- DTC notifies us that it is unwilling or unable to continue as depository;
- DTC ceases to be a clearing agency registered under applicable law and a successor depository is not appointed by us within 90 days; or
- We instruct the trustee that the global security is exchangeable for debt securities in certificated form.

Certificated Form

Alternatively, we may issue the debt securities in certificated form registered in the name of the debt security holder. Under these circumstances, holders may receive physical certificates representing the debt securities. Debt securities in certificated form will be transferable without charge except fo reimbursement of taxes, if any. We will refer to this form in the prospectus supplement as "certificated."

Redemption Provisions, Sinking Fund and Defeasance

The prospectus supplement relating to a series of debt securities will describe the circumstances, if any, under which we may redeem such series of debt securities. If a series of debt securities is subject to a sinking fund, the prospectus supplement will describe those terms. (ARTICLES ELEVEN and TWELVE)

The indenture permits us to discharge or defease certain of our obligations on any series of debt securities at any time. We may defease such obligations relating to a series of debt securities by depositing with the trustee sufficient cash or government securities to pay all sums due on that series of debt securities. (ARTICLE FOUR)

Liens on Assets

The debt securities will not be secured. However, if at any time we mortgage, pledge or subject to any lien any of our property or assets, the indenture requires us to secure the debt securities equally and ratably with the debt or obligations secured by such mortgage, pledge or lien for as long as such debt or obligations remain secured. Exceptions to this requirement include the following:

- purchase-money mortgages or liens;
- liens on any property or asset that existed at the time when we acquired that property or asset;
- any deposit or pledge to secure public or statutory obligations;
- any deposit or pledge with any governmental agency required to qualify us to conduct any part of our business, to entitle us to maintain selfinsurance or to obtain the benefits of any law relating to workmen's compensation, unemployment insurance, old age pensions or other social
 security; or
- any deposit or pledge with any court, board, commission or governmental agency as security for the proper conduct of any proceeding before
 it. (SECTION 1004)

6

Table of Contents

The indenture does not prevent any of our affiliates from mortgaging, pledging or subjecting to any lien, any property or asset, even if the affiliate acquired that property or asset from us.

We may issue or assume an unlimited amount of debt under the indenture. As a result, the indenture does not prevent us from significantly increasin our unsecured debt levels, which may negatively affect the resale of the debt securities. (SECTION 301)

The indenture may be changed with the consent of holders owning more than 50% of the principal amount of the outstanding debt securities of each

Changes to the Indenture

series affected by the change. However, we may not change your principal or interest payment terms or the percentage required to change other terms of the indenture without your consent and the consent of others similarly affected. (SECTION 902)

We may enter into supplemental indentures for other specified purposes, including the creation of any new series of debt securities, without the consent of any holder of debt securities. (SECTION 901)

Consolidation, Merger or Sale

The indenture provides that we may not merge with another company or sell, transfer or lease all or substantially all of our property to another company unless:

- the successor corporation expressly assumes:
 - payment of principal, interest and any premium on the debt securities; and
 - performance and observance of all covenants and conditions in the indenture;
- after giving effect to the transaction, there is no default under the indenture;
- we have delivered to the trustee an officers' certificate and opinion of counsel stating that such transaction complies with the conditions set forth in the indenture; and
- if as a result of the transaction, our property would become subject to a lien that would not be permitted by the asset lien restriction, we secure the debt securities equally and ratably with, or prior to, all indebtedness secured by that lien. (ARTICLE EIGHT)

Events of Default

An event of default means, for any series of debt securities, any of the following:

- failure to pay interest on that series of debt securities for 90 days after payment is due;
- failure to pay principal or any premium on that series of debt securities when due;
- failure to perform any other covenant relating to that series of debt securities for 90 days after notice to us;

- certain events of bankruptcy, insolvency and reorganization; and
- any other event of default provided for in the supplement to the indenture, board resolution or officers' certificate designating the specific terms of such series of debt securities.

An event of default for a particular series of debt securities does not necessarily impact any other series of debt securities issued under the indenture (SECTION 501)

If an event of default for any series of debt securities occurs and continues, the trustee or the holders of at least 25% of the outstanding principal amount of the debt securities of such series may declare the entire

principal of all the debt securities of that series to be due and payable immediately. If this happens, subject to certain conditions, the holders of a majority of the outstanding principal amount of the debt securities of that series can rescind the declaration if there has been deposited with the trustee a sum sufficient to pay all matured installments of interest, principal and any premium. (SECTION 502)

The holders of more than 50% of the outstanding principal amount of any series of the debt securities, may, on behalf of the holders of all of the debt securities of that series, control any proceedings resulting from an event of default or waive any past default except a default in the payment of principal, interest or any premium. (SECTION 512) We are required to file an annual certificate with the trustee stating whether we are in compliance with all of the conditions and covenants under the indenture. (SECTION 704)

Concerning the Trustee

Within 90 days after a default occurs with respect to a particular series of debt securities, the trustee must notify the holders of the debt securities of such series of all defaults known to the trustee if we have not remedied them (default is defined to mean any event which is, or after notice or lapse of time or both would become, an event of default with respect to such series of debt securities as specified above under "—Events of Default"). If a default described in the third bullet point under "—Events of Default" occurs, the trustee will not give notice to the holders of the series until at least 60 days after the occurrence of that default. The trustee may withhold notice to the holders of the debt securities of any default (except in the payment of principal, interest or any premium) if it in good faith believes that withholding this notice is in the interest of the holders. (SECTION 602)

Prior to an event of default, the trustee is required to perform only the specific duties stated in the indenture, and after an event of default, must exercise the same degree of care as a prudent individual would exercise in the conduct of his or her own affairs. (SECTION 601) The trustee is not require to take any action permitted by the indenture at the request of holders of the debt securities, unless those holders protect the trustee against costs, expenses and liabilities. (SECTION 603) The trustee is not required to spend its own funds or become financially liable when performing its duties if it reasonably believes that it will not be adequately protected financially. (SECTION 601)

U.S. Bank National Association, the trustee, and its affiliates have commercial banking relationships with us and some of our affiliates and serves as trustee or paying agent under indentures relating to debt securities issued by us and some of our affiliates.

CLEARING AND SETTLEMENT

The following discussion pertains to debt securities that are issued in book-entry only form.

The Clearing Systems

In the event that the debt securities are issued in book-entry only form, the debt securities may be settled through DTC. In the event that the prospectus supplement to this prospectus so provides, debt securities in book-entry only form also may be settled through accounts maintained at Clearstream Banking S.A., Luxembourg, commonly known as Clearstream, or the Euroclear System, commonly known as Euroclear. In this case, links we be established among DTC, Clearstream and Euroclear to facilitate the issuance of the debt securities and cross-market transfers of interests in the debt securities associated with secondary market trading. DTC is linked indirectly to Clearstream and Euroclear through the depositary accounts of their respective U.S. depositaries. The descriptions of the operations and procedures of DTC, Clearstream and Euroclear described below are provided solely as a matter of convenience. These operations and procedures are solely within the control of these settlement systems and are subject to change by them from time to time. Neither we, the trustee, nor any underwriter, dealer, agent or purchaser takes any responsibility for these operations or procedures, and

investors are urged to contact the relevant system or its participants directly to discuss these matters.

The clearing systems have advised us as follows:

DTC

DTC is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the U.S. Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code ar a "clearing agency" registered under Section 17A of the Exchange Act. DTC holds securities that its participants, known as DTC participants, deposit with DTC. DTC also facilitates the settlement among DTC participants of sales and other securities transactions in deposited securities, through computerized book-entry transfers and pledges between DTC participants' accounts. This eliminates the need for physical movement of securities certificates. DTC participants include U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations.

DTC's book-entry system is also used by other organizations such as U.S. and non-U.S. securities brokers and dealers, banks, trust companies and clearing corporations that clear through or maintain a custodial relationship with a DTC participant, either directly or indirectly. The rules that apply to DTC and its participants are on file with the SEC.

Upon receipt of any payment of principal or interest, DTC will credit DTC participants' accounts on the payment date according to such participants respective holdings of beneficial interests in the global securities as shown on DTC's records. In addition, it is DTC's current practice to assign any consenting or voting rights to DTC participants whose accounts are credited with securities on a record date, by using an omnibus proxy. Payments by DT participants to owners of beneficial interests in the global securities, and voting by DTC participants, will be governed by standing instructions and customary practices between the DTC participants and owners of beneficial interests, as is the case with securities held for the accounts of customers registered in "street name." However, these payments will be the responsibility of the DTC participants and not of DTC, the trustee, any paying agent, if applicable, or us.

Clearstream

Clearstream is a *société anonyme* incorporated under the laws of Luxembourg as a professional depositary. Clearstream holds securities for its participating organizations, known as Clearstream participants, and facilitates

the clearance and settlement of securities transactions between Clearstream participants through electronic book-entry changes in accounts of Clearstream participants, thereby eliminating the need for physical movement of certificates. Clearstream provides to Clearstream participants, among other things, services for safekeeping, administration, clearance and settlement of internationally traded securities and securities lending and borrowing. Clearstream interfaces with domestic markets in several countries. As a registered bank in Luxembourg, Clearstream is subject to regulation by the Commission for the Supervision of the Financial Sector (*Commission de Surveillance du Secteur Financier*). Clearstream participants are recognized financial institutions around the world, including underwriters, securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations and may include an underwriter, dealer, agent or purchaser engaged by us to sell the debt securities. Indirect access to Clearstream is also available to others, such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a Clearstream participant either directly or indirectly. Clearstream has established an electronic bridge with Euroclear to facilitate settlement of trades between Clearstream and Euroclear.

Distributions with respect to interests in the debt securities held beneficially through Clearstream will be credited to cash accounts of Clearstream participants in accordance with its rules and procedures, to the extent received by the U.S. depositary for Clearstream.

Euroclear

Euroclear was created in 1968 to hold securities for its participants, known as Euroclear participants, and to clear and settle transactions between Euroclear participants and between Euroclear participants and participants of certain other securities intermediaries through simultaneous electronic bookentry delivery against payment, thereby eliminating the need for physical movement of certificates and any risk from lack of simultaneous transfers of securities and cash. Euroclear is owned by Euroclear Holding SA, a societe anonyme incorporated in Belgium, and operated through a license agreement by Euroclear Bank SA/NV, known as the Euroclear operator. The Euroclear operator provides Euroclear participants, among other things, with safekeeping, administration, clearance and settlement, securities lending and borrowing and related services. Euroclear participants include banks (including central banks), securities brokers and dealers and other professional financial intermediaries and may include an underwriter, dealer, agent or purchaser engaged by us to sell the debt securities.

Indirect access to Euroclear is also available to others that clear through or maintain a custodial relationship with a Euroclear participant, either directly or indirectly.

The Euroclear operator is a Belgian bank regulated by the Belgian Financial Services and Markets Authority and is overseen as the operator of a securities settlement system by the National Bank of Belgium.

Securities clearance accounts and cash accounts with the Euroclear operator are governed by the Terms and Conditions Governing Use of Euroclear any supplementary terms and conditions, the related Operating Procedures of the Euroclear System, other applicable Euroclear documentation and applicable Belgian law, collectively referred to as the "terms and conditions." The terms and conditions govern transfers of securities and cash within Euroclear, withdrawals of securities and cash from Euroclear, and receipts of payments with respect to securities in Euroclear. All securities in Euroclear are held on a fungible basis without attribution of specific certificates to specific securities clearance accounts. The Euroclear operator acts under the term and conditions only on behalf of Euroclear participants, and has no record of or relationship with persons holding through Euroclear participants.

Distributions with respect to debt securities held beneficially through Euroclear will be credited to the cash accounts of Euroclear participants in accordance with the terms and conditions, to the extent received by the U.S. depositary for Euroclear.

Global Clearance and Settlement Procedures

Initial settlement for the debt securities will be made in U.S. dollars, in same-day funds, unless otherwise specified in the prospectus supplement. Secondary market trading between DTC participants will occur in the ordinary way in accordance with DTC rules and will be settled in same-day funds using DTC's Same-Day Funds Settlement System. In the event that the prospectus supplement to this prospectus provides that the debt securities also may be settled through Clearstream and Euroclear, secondary market trading between Clearstream participants and/or Euroclear participants will occur in the ordinary way in accordance with the applicable rules and operating procedures of Clearstream and Euroclear and will be settled using the procedures applicable to conventional eurobonds in same-day funds.

Cross-market transfers between persons holding directly or indirectly through DTC participants, on the one hand, and directly or indirectly through Clearstream or Euroclear participants, on the other, will be effected in DTC in accordance with DTC rules on behalf of the applicable European international clearing system by its U.S. depositary; however, these cross-market transactions will require delivery of instructions to such European international clearing system by the counterparty in that system in accordance with its rules and procedures and within its established deadlines (European time). The European international clearing system will, if a transaction meets its settlement requirements, deliver instructions to its U.S. depositary to take action to effect final settlement on its behalf by delivering or receiving interests in the debt securities in DTC, and making or receiving payment in accordance with normal procedures for settlement in DTC. Clearstream participants and Euroclear participants may not deliver instructions directly to the respective U.S. depositary for Clearstream or Euroclear.

Because of time-zone differences, credits of debt securities received in Clearstream or Euroclear as a result of a transaction with a DTC participant will be made during subsequent securities settlement processing and dated the business day following the DTC settlement date. The credits or any transactions in the debt securities settled during this processing will be reported to the Clearstream or Euroclear participants on the same business day. Car received in Clearstream or Euroclear as a result of sales of the debt securities by or through a Clearstream participant or a Euroclear participant to a DTC participant will be received with value on the DTC settlement date but will be available in the Clearstream or Euroclear cash account only as of the business day following settlement in DTC.

Although DTC, Clearstream and Euroclear are expected to follow these procedures in order to facilitate transfers of interests in securities among participants of DTC, Clearstream and Euroclear, they will be under no obligation to perform or continue to perform these procedures, and these procedures may be changed or discontinued at any time by any of them. Neither we, the trustee nor any paying agent, if applicable, will have any responsibility for the performance of DTC, Euroclear or Clearstream or their respective participants or indirect participants of their respective obligations under the rules and procedures governing their operations.

PLAN OF DISTRIBUTION

We may sell any of the securities:

- through underwriters or dealers;
- through agents; or
- directly to one or more purchasers.

The prospectus supplement or pricing supplement will include:

- the initial public offering price;
- the names of any underwriters and, if known to us, any dealers or agents;
- any amounts underwritten and, if known to us, any amounts offered through dealers or agents;
- the purchase price of the securities;
- our proceeds from the sale of the securities;
- any underwriting discounts or agency fees and other underwriters' or agents' compensation;
- any discounts or concessions allowed or reallowed, or commissions paid, to dealers;
- any option by the underwriters to purchase additional securities; and
- a brief description of any passive market making that any underwriter or any selling group members intend to engage in and any transactions that any underwriter intends to conduct that stabilizes, maintains or otherwise affects the market price of the securities.

If underwriters are used in the sale, they will buy the securities for their own account. The underwriters may then resell the securities in one or more transactions, at any time or times, at a fixed public offering price or at varying prices.

This prospectus should not be considered an offer of the securities in states where prohibited by law.

If there is a default by one or more of the underwriters affecting 10% or less of the total number of shares of capital stock or principal amount of deb securities offered, the non-defaulting underwriters must purchase the securities agreed to be purchased by the defaulting underwriters. If the default affects more than 10% of the total number of shares of capital stock or principal amount of the debt securities, we may, at our option, sell less than all the securities offered.

Underwriters, dealers and agents that participate in the distribution of the securities may be underwriters as defined in the Securities Act. Any discounts or commission that we pay them and any profit that they receive from the resale of the securities by them may be treated as underwriting discounts and commissions under the Securities Act. We may have agreements with underwriters, dealers and agents to indemnify them against certain civil liabilities, including liabilities under the Securities Act, or to contribute with respect to payments which they may be required to make.

Underwriters, dealers and agents may be customers of us or our affiliates, may engage in transactions with us or our affiliates or perform services fo us or our affiliates in the ordinary course of business.
