Deutsche Bank Aktiengesellschaft

(Frankfurt am Main, Germany)

Euro 80,000,000,000

Debt Issuance Programme

Under its Euro 80,000,000,000 Debt Issuance Programme (the "**Programme**") Deutsche Bank Aktiengesellschaft (the "**Issuer**") may from time to time issue notes ("**Notes**") and Pfandbriefe ("**Pfandbriefe**" and together with the Notes, "**Securities**"), which may be issued on an unsubordinated or a subordinated basis. The Securities will be denominated in any currency agreed between the Issuer and the relevant Dealer (as defined below).

Application has been made to the Luxembourg Stock Exchange for Securities issued under the Programme to be listed on the Official List of the Luxembourg Stock Exchange and to be admitted to trading on the Luxembourg Stock Exchange's regulated market. Securities issued under the Programme may also be admitted to trading on the regulated market of the Frankfurt Stock Exchange or the regulated market of any other stock exchange which is, like the regulated market of the Luxembourg Stock Exchange, a regulated market for the purposes of the Directive 2014/65/EU of the European Parliament and of the Council of 15 May 2014 on markets in financial instruments and amending Directive 2002/92/EC and Directive 2011/61/EU (as amended, "**MiFID II**"). Securities issued under the Programme may also be admitted to trading or listed on the SIX Swiss Exchange or an unregulated market such as the "Euro MTF" market of the Luxembourg Stock Exchange or the Open Market (*Freiverkehr*) of the Frankfurt Stock Exchange or may not be admitted to trading or listed.

This document has been approved as a base prospectus by the *Commission de Surveillance du Secteur Financier* (the "**CSSF**") in its capacity as competent authority under the Luxembourg Act dated 10 July 2005 (the "**Law**") on prospectuses for securities which implements the Prospectus Directive (as defined below) into Luxembourg law. By approving this base prospectus the CSSF assumes no responsibility for the economic and financial soundness of the transactions contemplated by this base prospectus or the quality or solvency of the Issuer in accordance with Article 7(7) of the Law. The Issuer has also requested the CSSF to provide the competent authorities in Austria, Belgium, Denmark, France, Germany, Ireland, Italy, the Netherlands, Portugal, Spain, Sweden and the United Kingdom of Great Britain and Northern Ireland, with a certificate of approval (a "**Notification**") attesting that this base prospectus has been drawn up in accordance with the Law. The Issuer may request the CSSF to provide competent authorities in additional Member States within the European Economic Area (the "**EEA**") with a Notification.

The requirement to publish a base prospectus under the Prospectus Directive only applies to Securities which are to be admitted to trading on a regulated market in the EEA and/or offered to the public in the EEA other than in circumstances where an exemption is available under Article 3.2 of the Prospectus Directive. When used in this base prospectus, "**Prospectus Directive**" means Directive 2003/71/EC (as amended, including by Directive 2010/73/EU), and includes any relevant implementing measure in a relevant Member State of the EEA. References in this base prospectus to "**Exempt Securities**" are to Securities for which no base prospectus is required to be published under the Prospectus Directive. The CSSF has neither approved nor reviewed information contained in this base prospectus in connection with Exempt Securities.

Arranger

Deutsche Bank

This document comprises a base prospectus in respect of all Securities other than Exempt Securities issued under the Programme for the purpose of article 5.4 of the Prospectus Directive. This base prospectus (the "**Prospectus**") will be published in electronic form on the website of the Luxembourg Stock Exchange (www.bourse.lu) and on the website (www.db.com/ir) of the Issuer. This Prospectus supersedes and replaces in its entirety the base prospectus dated 22 June 2017.

IMPORTANT NOTICES

Notice of the aggregate principal amount of Securities, interest (if any) payable in respect of Securities, the issue price of Securities and certain other information which is applicable to each tranche of Securities (each, a "**Tranche**") will (other than in the case of Exempt Securities, as defined above) be set out in a final terms document (the "**Final Terms**") which will be filed with the CSSF in case the Securities are to be admitted to trading on a regulated market in the EEA and/or offered to the public in the EEA other than in circumstances where an exemption is available under Article 3.2 of the Prospectus Directive. The applicable Final Terms will (if applicable) contain information relating to any underlying equity security, index, inflation index, credit risk to which the relevant Securities relate and which is contained in such Final Terms. In the case of Exempt Securities, notice of the aggregate principal amount of Securities, interest (if any) payable in respect of Securities, the issue price of Securities and certain other information which is applicable to each Tranche will be set out in a pricing supplement document (the "**Pricing Supplement**"). The applicable Pricing Supplement will (if applicable) contain information relating to any underlying equity security, index, inflation index, currency, commodity, fund unit or share, credit risk or other item(s) (each a "**Reference Item**") to which the relevant Securities relate and which is contained in such Pricing Supplement. However, unless otherwise expressly stated in the applicable Final Terms (or Pricing Supplement, in the case of Exempt Securities), any information contained therein relating to a Reference Item will only consist of extracts from, or summaries of, information contained in financial and other information released publicly in respect of such Reference Item. The Issuer will, unless otherwise expressly stated in the applicable Final Terms (or Pricing Supplement, in the case of Exempt Securities), confirm that such extracts or summaries have been accurately reproduced and that, so far as it is aware, and is able to ascertain from information published in respect of such Reference Item, no facts have been omitted that would render the reproduced inaccurate or misleading.

Copies of Final Terms (or Pricing Supplements, in the case of Exempt Securities) will be available from the registered office of the Issuer and the specified office set out below of each of the Paying Agents (save that a Pricing Supplement will only be available for inspection by a holder of the relevant Security and such holder must produce evidence satisfactory to the Issuer and the Paying Agent as to its holding of Securities and identity). In the case of Securities that are to be listed on the Official List of, and admitted to trading on, the Luxembourg Stock Exchange or offered to the public in any EEA member state, the applicable Final Terms will be published on the Luxembourg Stock Exchange's website at www.bourse.lu, but only for so long as such admission to trading and listing is maintained and the rules of the Luxembourg Stock Exchange or the laws or regulations so require.

This Prospectus should be read and understood in conjunction with any supplement hereto and with any other documents incorporated herein by reference (see the section entitled "*Documents Incorporated by Reference*"). Full information on the Issuer and any Securities issued under the Programme is only available on the basis of the combination of this Prospectus (including any supplement and any document incorporated by reference herein) and the relevant Final Terms (or Pricing Supplement, in the case of Exempt Securities).

No person is or has been authorised to give any information or to make any representations, other than those contained in this Prospectus, in connection with the Programme or the issue and sale of the Securities and, if given or made, such information or representations must not be relied upon as having been authorised by Deutsche Bank. Neither the delivery of this Prospectus nor any sale made hereunder shall, under any circumstances, create any implication that the information herein is correct as of any time subsequent to the date hereof.

Neither this Prospectus nor any other information supplied in connection with the Programme or any Securities (i) is intended to provide the basis of any credit or other evaluation or (ii) should be considered as a recommendation by the Issuer or any of the Dealers that any recipient of this Prospectus or any recipient of any other information supplied in connection with the Programme or any Securities should purchase any Securities. Each investor contemplating purchasing any Securities should make its own independent investigation of the financial condition and affairs, and its own appraisal of the creditworthiness, of the Issuer. Neither this Prospectus nor any other information supplied in connection with the Programme or the issue of any Securities constitutes an offer or invitation by or on behalf of the Issuer or any of the Dealers to subscribe for or to purchase any Securities.

This Prospectus is valid for twelve months upon its date of approval and it and any supplement hereto as well as any Final Terms (or Pricing Supplement, in the case of Exempt Securities) reflect the status as of their respective dates of issue. Neither the delivery of this Prospectus nor the offering, sale or delivery of any Securities shall in any circumstances imply that the information contained in the related documents is accurate and complete subsequent to the date hereof or that there has been no adverse change in the financial condition of the Issuer since such date or that any other information supplied in connection with the Programme is correct at any time subsequent to the date on which it is supplied or, if different, the date indicated in the document containing the same.

The Issuer has undertaken for the benefit of any Dealer to amend or supplement this Prospectus or publish a new Prospectus if and when the information herein should become materially inaccurate or incomplete and has further agreed with the Dealers to furnish a supplement to this Prospectus in the event of any significant new factor, material mistake or inaccuracy relating to the information included in this Prospectus which is capable of affecting the assessment of the Securities and which arises or is noted between the time when this Prospectus has been approved and the final closing of any Tranche of Securities offered to the public or, as the case may be, when trading of any Tranche of Securities on a regulated market begins.

If the Final Terms in respect of any Securities (or Pricing Supplement, in the case of Exempt Securities) includes a legend entitled "*Prohibition of Sales to Retail Investors in the European Economic Area*", the Securities are not intended to be offered, sold or otherwise made available to and, with effect from such date, should not be offered, sold or otherwise made available to any retail investor in the EEA. For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of MiFID II; (ii) a customer within the meaning of Directive 2002/92/EC (IMD), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in the Prospectus Directive. If the relevant Final Terms (or Pricing Supplement, in the case of Exempt Securities) include the above-mentioned legend, no key information document required by Regulation (EU) No. 1286/2014 (the "**PRIPs Regulation**") for offering or selling those Securities or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling those Securities or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIPs Regulation.

The Final Terms (or the Pricing Supplement, in the case of Exempt Securities) in respect of any Securities may include a legend entitled "*MiFID II Product Governance*" which will outline the target market assessment in respect of the Securities and which channels for distribution of the Securities are appropriate. Any person subsequently offering, selling or recommending the Instruments (a "**Distributor**") should take into consideration the target market assessment; however, a Distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Securities (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the Product Governance Rules under EU Delegated Directive 2017/593 (the "**MIFID Product Governance Rules**"), any Dealer subscribing for any Securities is a manufacturer in respect of such Securities, but otherwise neither any of the Arranger nor any other Dealer nor any of their respective affiliates will be a manufacturer for the purpose of the MiFID Product Governance Rules.

This Prospectus does not constitute an offer to sell or the solicitation of an offer to buy any Securities in any jurisdiction to any person to whom it is unlawful to make the offer or solicitation in such jurisdiction. The distribution of this Prospectus and the offer or sale of Securities may be restricted by law in certain jurisdictions. The Issuer and the Dealers do not represent that this Prospectus may be lawfully distributed, or that any Securities may be lawfully offered, in compliance with any applicable registration or other requirements in any such jurisdiction, or pursuant to an exemption available thereunder, or assume any responsibility for facilitating any such distribution or offering. In particular, no action has been taken by the Issuer or the Dealers which would permit a public offering of any Securities in any jurisdiction other than each Member State of the EEA which has implemented the Prospectus Directive as at the date of this Prospectus or distribution of this document in any jurisdiction where action for that purpose is required. Accordingly, no Securities may be offered or sold, directly or indirectly, and neither this Prospectus nor any advertisement or other offering material may be distributed or published in any jurisdiction, except under circumstances that will result in compliance with any applicable laws and regulations. Persons into whose possession this Prospectus or any Securities may come must inform themselves about, and observe, any such restrictions on the distribution of this Prospectus and the

offering and sale of Securities. In particular, there are restrictions on the distribution of this Prospectus and the offer or sale of Securities in the United States, the EEA (in particular the United Kingdom, France, Italy, Portugal, Spain, Sweden and the Netherlands), Australia, Hong Kong, Japan and Switzerland (see the section entitled "*Transfer and Selling Restrictions*"). In making an investment decision, investors must rely on their own examination of the Issuer and the terms of the Securities being offered, including the merits and risks involved. The Securities have not been approved or disapproved by the United States Securities and Exchange Commission or any other securities commission or other regulatory authority in the United States, nor have the foregoing authorities approved this Prospectus or confirmed the accuracy or the adequacy of the information contained in this Prospectus. Any representation to the contrary is unlawful.

In particular, the Securities have not been and will not be registered under the United States Securities Act of 1933 (as amended) (the "**Securities Act**") and may not be offered or sold in the United States or to, or for the account or benefit of, (a) a "U.S. person" as defined in Regulation S under the Securities Act, (b) a person other than a "Non-United States person" as defined in Rule 4.7 under the United States Commodity Exchange Act of 1936, as amended (the "**Commodity Exchange Act**"), or (c) a "U.S. person" as defined in the Interpretive Guidance and Policy Statement Regarding Compliance with Certain Swap Regulations promulgated by the Commodity Futures Trading Commission (the "**CFTC**") pursuant to the Commodity Exchange Act, or in regulations or guidance adopted under the Commodity Exchange Act (each such person, a "**U.S. person**"), unless the Securities are registered under the Securities Act or an exemption from the registration requirements of the Securities Act is available. See the section entitled "*Description of the Securities – Form of the Securities*" for a description of the manner in which Securities will be issued. Registered Securities are subject to certain restrictions on transfer (see the section entitled "*Transfer and Selling Restrictions*"). Registered Securities may be offered or sold within the United States only to QIBs (as defined under "*Description of the Securities – Form of the Securities*") in transactions exempt from registration under the Securities Act (see the section entitled "*U.S. Information*" below).

The Securities do not constitute, and have not been marketed as, contracts of sale of a commodity for future delivery (or options thereon) subject to the Commodity Exchange Act, and trading in the Securities has not been approved by the CFTC pursuant to the Commodity Exchange Act.

The Securities are not deposits. The Securities are not insured by the U.S. Federal Deposit Insurance Corporation or any other agency, and are subject to investment risk, including the possible loss of principal. The Securities have not been approved or disapproved by the U.S. Federal Deposit Insurance Corporation nor has the U.S. Federal Deposit Insurance Corporation passed on the adequacy or accuracy of this Prospectus. Any representation of the contrary is unlawful. The Securities are subordinate to the claims of depositors.

The language of this Prospectus is English. In respect of the issue of any Tranche of Securities under the Programme, the German text of the Terms and Conditions may be controlling and binding if specified in the applicable Final Terms (or Pricing Supplement, in the case of Exempt Securities).

Neither this Prospectus nor any Final Terms (or Pricing Supplement, in the case of Exempt Securities) may be used for the purpose of an offer or solicitation by anyone in any jurisdiction in which such offer or solicitation is not authorised or to any person to whom it is unlawful to make such an offer or solicitation.

Neither this Prospectus nor any Final Terms (or Pricing Supplement, in the case of Exempt Securities) constitutes an offer or an invitation to subscribe for or purchase any Securities and should not be considered as a recommendation or a statement of an opinion (or a report of either of those things) by Deutsche Bank, the Dealers or any of them that any recipient of this Prospectus or any Final Terms (or Pricing Supplement, in the case of Exempt Securities) should subscribe for or purchase any Securities. Each recipient of this Prospectus or any Final Terms (or Pricing Supplement, in the case of Exempt Securities) shall be taken to have made its own appraisal of the condition (financial or otherwise) of the Issuer.

None of the Dealers or the Issuer makes any representation to any purchaser of the Securities regarding the legality of its investment under any applicable laws. Any purchaser of the Securities should be able to bear the economic risk of an investment in the Securities for an indefinite period of time.

Pursuant to the Prospectus, Securities may be issued whose interest and/or redemption payment will be calculated by reference to a specific benchmark which will be provided by an administrator (the "**Benchmark linked Securities**").

As at the date of this Prospectus, the specific benchmark applicable to an issue of Benchmark linked Securities has not yet been determined. However, amounts payable under Benchmark linked Securities may be calculated by reference to (i) BBSW (Bank Bill Swap Rate) which is provided by ASX Limited ("**ASX**"), (ii) EURIBOR (Euro Interbank Offered Rate) which is provided by the European Money Markets Institute ("**EMMI**"), (iii) LIBOR (London Interbank Offered Rate) and certain CMS (constant maturity swap) rates which are provided by ICE Benchmark Administration Limited ("**IBA**"), (iv) NIBOR (Norwegian Interbank Offered Rate) which is provided by Norske Finansielle Referanser AS ("**NoRe**"), (v) STIBOR (Stockholm Interbank Offered Rate) which is provided by the Swedish Bankers' Association ("**SBA**"), or (vi) another benchmark (an "**Other Benchmark**"). As at the date of this Prospectus, only IBA appears on the register (the "**ESMA Register**") of administrators and benchmarks established and maintained by the European Securities and Markets Authority (the "**ESMA**") pursuant to Article 36 of the Regulation (EU) 2016/1011 of the European Parliament and of the Council of 8 June 2016 on indices used as benchmarks in financial instruments and financial contracts or to measure the performance of investment funds and amending Directives 2008/48/EC and 2014/17/EU and Regulation (EU) No 596/2014 (the "**Benchmarks Regulation**"). As at the date of the Prospectus, neither ASX, EMMI, NoRe nor SBA appear on the ESMA Register. As far as the Issuer is aware, the transitional provisions in Article 51 of the Benchmarks Regulation apply, so that neither ASX, EMMI, NoRe nor SBA are currently required to obtain authorisation or registration (or, if located outside the European Union, recognition, endorsement or equivalence).

In case Securities are issued which make reference to an Other Benchmark, the relevant Final Terms will specify the name of the specific benchmark and the relevant administrator. In such case the Final Terms will further specify if the relevant administrator is included in the ESMA Register or whether the transitional provisions in Article 51 of the Benchmarks Regulation apply.

U.S. INFORMATION

This Prospectus is being submitted on a confidential basis in the United States to a limited number of QIBs (as defined under "*Description of the Securities – Form of the Securities*") for informational use solely in connection with the consideration of the purchase of the Securities being offered hereby. Its use for any other purpose in the United States is not authorised. It may not be copied or reproduced in whole or in part nor may it be distributed or any of its contents disclosed to anyone other than the prospective investors to whom it is originally submitted.

Registered Securities may be offered or sold within the United States only to QIBs in transactions exempt from registration under the Securities Act. Each U.S. purchaser of Registered Securities is hereby notified that the offer and sale of any Registered Securities to it may be being made pursuant to the exemption from the registration requirements of the Securities Act provided by Rule 144A under the Securities Act ("**Rule 144A**").

Each purchaser or holder of Securities represented by a Rule 144A Global Security (as defined under "*Registered Securities*" below) or any Securities issued in registered form in exchange or substitution therefor (together "**Legended Securities**") will be deemed, by its acceptance or purchase of any such Legended Securities, to have made certain representations and agreements intended to restrict the resale or other transfer of such Securities as set out in "*Transfer and Selling Restrictions*". Unless otherwise stated, terms used in this paragraph have the meanings given to them in "*Description of the Securities – Form of the Securities*".

The Securities in bearer form are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States of America (the "**United States**") or its possessions or to United States persons, except in certain transactions permitted by U.S. Treasury regulations. Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code of 1986 and the Treasury regulations promulgated thereunder.

AVAILABLE INFORMATION

To permit compliance with Rule 144A in connection with any resales or other transfers of Securities that are "restricted securities" within the meaning of the Securities Act, the Issuer has undertaken in a deed poll dated 25 June 2015 (the "**Deed Poll**") to furnish, upon the request of a holder of such Securities or any beneficial interest therein, to such holder or to a prospective purchaser designated by him, the information required to be delivered under Rule 144A(d)(4) under the Securities Act if, at the time of the request, the Issuer is neither a reporting company under section 13 or section 15(d) of the U.S. Securities Exchange Act of 1934, as amended (the "**Exchange Act**") nor exempt from reporting pursuant to Rule 12g3-2(b) thereunder.

SERVICE OF PROCESS AND ENFORCEMENT OF CIVIL LIABILITIES

The Issuer is incorporated as a German stock corporation with limited liability (*Aktiengesellschaft*). All the members of the Management Board (*Vorstand*) and most of the members of the Supervisory Board (*Aufsichtsrat*) of the Issuer are non-residents of the United States, and all or a portion of the assets of the Issuer and such persons are located outside the United States. As a result, it may not be possible for holders or beneficial owners of the Securities to effect service of process within the United States upon the Issuer or such persons, or to enforce against any of them in U.S. courts judgments obtained in such courts predicated upon the civil liability provisions of the federal securities or other laws of the United States or any state or other jurisdiction thereof.

STABILISATION MANAGER

In connection with the issue of any Tranche of Securities under the Programme, the Dealer or Dealers (if any) named as the Stabilisation Manager(s) in the applicable Final Terms (or Pricing Supplement, in the case of Exempt Securities) (or persons acting on behalf of any Stabilisation Manager(s)) may, outside Australia (and on a market operated outside Australia) and in accordance with applicable law, over-allot Securities or effect transactions with a view to supporting the market price of the Securities at a level higher than that which might otherwise prevail. However stabilisation may not necessarily occur. Any stabilisation action may begin on or after the date on which the adequate public disclosure of the final terms of the offer of the relevant Tranche of Securities is made and, if begun, may cease at any time, but it must end no later than the earlier of 30 days after the issue date of the relevant Tranche of Securities and 60 days after the date of the allotment of the relevant Tranche of Securities. Any stabilisation action or over-allotment must be conducted by the relevant Stabilisation Manager(s) (or person(s) acting on behalf of any Stabilisation Manager(s)) in accordance with all applicable laws and rules.

ISDA DOCUMENTATION

Investors should consult the Issuer should they require a copy of the 2006 ISDA Definitions, as published by the International Swaps and Derivatives Association, Inc., the 2009 ISDA Credit Derivatives Determinations Committees, Auction Settlement and Restructuring Supplement to the 2003 ISDA Credit Derivatives Definitions (14 July 2009), the 2014 ISDA Credit Derivatives Definitions or the relevant Credit Derivatives Physical Settlement Matrix as published by the International Swaps and Derivatives Association, Inc., as applicable.

CERTAIN DEFINED TERMS AND CONVENTIONS

Capitalised terms which are used but not defined in any particular section of this Prospectus will have the meaning attributed to them in the section entitled "*Terms and Conditions*" and the section entitled "*Annexes to the Terms and Conditions*", as applicable, or any other section of this Prospectus.

In addition, the following terms as used in this Prospectus have the following meanings: all references to "€" or "EUR" are to Euro, all references to "CHF" are to Swiss Francs and all references to "U.S. dollars", "U.S. \$", "USD" and "\$" are to United States dollars.

Certain figures and percentages included in this Prospectus have been subject to rounding adjustments; accordingly, figures shown in the same category presented in different tables may vary slightly and figures shown as totals in certain tables may not be an arithmetic aggregation of the figures which precede them.

SUMMARY

Summaries are made up of disclosure requirements known as 'Elements'. These Elements are numbered in Sections A – E (A.1 – E.7).

This summary contains all the Elements required to be included in a summary for securities of the type of the Securities and an issuer of the type of the Issuer. Because some Elements are not required to be addressed, there may be gaps in the numbering sequence of the Elements.

Even though an Element may be required to be inserted in this summary because of the type of Securities and Issuer, it is possible that no relevant information can be given regarding the Element. In this case a short description of the Element is included in this summary with the statement of 'Not applicable'.

		<p>Factors that may have a negative impact on Deutsche Bank's profitability are described in the following:</p> <ul style="list-style-type: none"> - While the global economy was strong in 2017 as monetary policy remained generally accommodative, political risks, especially in Europe, did not materialize and election outcomes were broadly market-friendly, significant macroeconomic risks remain that could negatively affect the results of operations and financial condition in some of its businesses as well as Deutsche Bank's strategic plans. These include the possibility of an early recession in the United States, inflation risks, global imbalances, Brexit, the rise of Euroscepticism, and geopolitical risks, as well as the continuing low interest rate environment and competition in the financial services industry, which have compressed margins in many of Deutsche Bank's businesses. If these conditions persist or worsen, Deutsche Bank's business, results of operations or strategic plans could continue to be adversely affected. - Deutsche Bank's results of operation and financial condition, in particular those of Deutsche Bank's Corporate & Investment Bank corporate division, continue to be negatively impacted by the challenging market environment, uncertain macro-economic and geopolitical conditions, lower level of client activity, increased competition and regulation, and the immediate impacts resulting from Deutsche Bank's strategic decisions as Deutsche Bank continues to work on the implementation of its strategy. If Deutsche Bank is unable to improve its profitability as it continues to face these headwinds as well as persistently high litigation costs, Deutsche Bank may be unable to meet many of its strategic aspirations, and may have difficulty maintaining capital, liquidity and leverage at levels expected by market participants and Deutsche Bank's regulators. - Continued elevated levels of political uncertainty could have unpredictable consequences for the financial system and the greater economy, and could contribute to an unwinding of aspects of European integration, potentially leading to declines in business levels, write-downs of assets and losses across Deutsche Bank's businesses. Deutsche Bank's ability to protect itself against these risks is limited. - Deutsche Bank may be required to take impairments on its exposures to the sovereign debt of European or other countries if the European sovereign debt crisis reignites. The credit default swaps into which Deutsche Bank has entered to manage sovereign credit risk may not be available to offset these losses. - Deutsche Bank's liquidity, business activities and profitability may be adversely affected by an inability to access the debt capital markets or to sell assets during periods of market-wide or firm-specific liquidity constraints. Credit rating downgrades have contributed to an increase in Deutsche Bank's funding costs, and any future downgrade could materially adversely affect its funding costs, the willingness of counterparties to continue to do business with it and significant aspects of its business model. - Regulatory reforms enacted and proposed in response to weaknesses in the financial sector, together with increased regulatory scrutiny more generally, have created significant uncertainty for Deutsche Bank and may adversely affect its business and ability to execute its strategic plans, and competent regulators may prohibit Deutsche Bank from making dividend

		<p>payments or payments on its regulatory capital instruments or take other actions if Deutsche Bank fails to comply with regulatory requirements.</p> <ul style="list-style-type: none"> - European and German legislation regarding the recovery and resolution of banks and investment firms could, if steps were taken to ensure Deutsche Bank's resolvability or resolution measures were imposed on Deutsche Bank, significantly affect Deutsche Bank's business operations, and lead to losses for its shareholders and creditors. - Regulatory and legislative changes require Deutsche Bank to maintain increased capital, in some cases (including in the United States) applying liquidity, risk management, capital adequacy and resolution planning rules to its local operations on a standalone basis. These requirements may significantly affect Deutsche Bank's business model, financial condition and results of operations as well as the competitive environment generally. Any perceptions in the market that Deutsche Bank may be unable to meet its capital or liquidity requirements with an adequate buffer, or that Deutsche Bank should maintain capital or liquidity in excess of these requirements or another failure to meet these requirements could intensify the effect of these factors on Deutsche Bank's business and results. - Deutsche Bank's regulatory capital and liquidity ratios and its funds available for distributions on its shares or regulatory capital instruments will be affected by Deutsche Bank's business decisions and, in making such decisions, Deutsche Bank's interests and those of the holders of such instruments may not be aligned, and Deutsche Bank may take decisions in accordance with applicable law and the terms of the relevant instruments that result in no or lower payments being made on Deutsche Bank's shares or regulatory capital instruments. - Legislation in the United States and in Germany regarding the prohibition of proprietary trading or its separation from the deposit-taking business has required Deutsche Bank to modify its business activities to comply with applicable restrictions. This could adversely affect Deutsche Bank's business, financial condition and results of operations. - Other regulatory reforms adopted or proposed in the wake of the financial crisis – for example, extensive new regulations governing Deutsche Bank's derivatives activities, compensation, bank levies, deposit protection or a possible financial transaction tax – may materially increase Deutsche Bank's operating costs and negatively impact its business model. - Adverse market conditions, asset price deteriorations, volatility and cautious investor sentiment have affected and may in the future materially and adversely affect Deutsche Bank's revenues and profits, particularly in its investment banking, brokerage and other commission- and fee-based businesses. As a result, Deutsche Bank has in the past incurred and may in the future incur significant losses from its trading and investment activities. - Deutsche Bank announced the next phase of its strategy in April 2015, gave further details on it in October 2015 and announced updates in March 2017 and April 2018. If Deutsche Bank is unable to implement its strategic plans successfully, it may be unable to achieve its financial objectives, or Deutsche Bank may incur losses or low profitability or erosions of its capital base, and Deutsche Bank's financial condition, results of operations and

		<p>share price may be materially and adversely affected.</p> <ul style="list-style-type: none"> - As part of its strategic initiatives announced in March 2017, Deutsche Bank reconfigured its Global Markets, Corporate Finance and Transaction Banking businesses into a single Corporate & Investment Bank division to position itself for growth through increased cross-selling opportunities for its higher return corporate clients. Clients may choose not to expand their businesses or portfolios with Deutsche Bank, thereby negatively influencing its ability to capitalize on these opportunities. - As part of its March 2017 updates to its strategy, Deutsche Bank announced its intention to retain and combine Deutsche Postbank AG (together with its subsidiaries, "Postbank") with its existing retail and commercial operations, after earlier having announced its intention to dispose of Postbank. Deutsche Bank may face difficulties integrating Postbank into the Group following the completion of operational separability from the Group. Consequently, the cost savings and other benefits Deutsche Bank expects to realize may only come at a higher cost than anticipated, or may not be realized at all. - As part of its March 2017 updates to its strategy, Deutsche Bank announced its intention to create an operationally segregated Asset Management division through a partial initial public offering ("IPO"). This IPO was consummated in March 2018, Deutsche Bank may not be able to capitalize on the expected benefits that it believes an operationally segregated Deutsche AM can offer. - Deutsche Bank may have difficulties selling companies, businesses or assets at favorable prices or at all and may experience material losses from these assets and other investments irrespective of market developments. - A robust and effective internal control environment and adequate infrastructure (comprising people, policies and procedures, controls testing and IT systems) are necessary to ensure that Deutsche Bank conducts its business in compliance with the laws, regulations and associated supervisory expectations applicable to it. Deutsche Bank has identified the need to strengthen its internal control environment and infrastructure and has embarked on initiatives to accomplish this. If these initiatives are not successful or are delayed, Deutsche Bank's reputation, regulatory position and financial condition may be materially adversely affected, and Deutsche Bank's ability to achieve its strategic ambitions may be impaired. - Deutsche Bank operates in a highly and increasingly regulated and litigious environment, potentially exposing Deutsche Bank to liability and other costs, the amounts of which may be substantial and difficult to estimate, as well as to legal and regulatory sanctions and reputational harm. - Deutsche Bank is currently subject to a number of investigations by regulatory and law enforcement agencies globally as well as civil actions relating to potential misconduct. The eventual outcomes of these matters are unpredictable, and may materially and adversely affect Deutsche Bank's results of operations, financial condition and reputation. - In addition to its traditional banking businesses of deposit-taking and lending, Deutsche Bank also engages in nontraditional credit businesses in

		<p>which credit is extended in transactions that include, for example, its holding of securities of third parties or its engaging in complex derivative transactions. These nontraditional credit businesses materially increase Deutsche Bank's exposure to credit risk.</p> <ul style="list-style-type: none"> - A substantial proportion of the assets and liabilities on Deutsche Bank's balance sheet comprise financial instruments that it carries at fair value, with changes in fair value recognized in its income statement. As a result of such changes, Deutsche Bank has incurred losses in the past, and may incur further losses in the future. - Deutsche Bank's risk management policies, procedures and methods leave it exposed to unidentified or unanticipated risks, which could lead to material losses. - Operational risks, which may arise from errors in the performance of Deutsche Bank's processes, the conduct of Deutsche Bank's employees, instability, malfunction or outage of Deutsche Bank's IT system and infrastructure, or loss of business continuity, or comparable issues with respect to Deutsche Bank's vendors, may disrupt Deutsche Bank's businesses and lead to material losses. - Deutsche Bank utilizes a variety of vendors in support of its business and operations. Services provided by vendors pose risks to Deutsche Bank comparable to those Deutsche Bank bears when it performs the services itself, and Deutsche Bank remains ultimately responsible for the services its vendors provide. Furthermore, if a vendor does not conduct business in accordance with applicable standards or Deutsche Bank's expectations, Deutsche Bank could be exposed to material losses or regulatory action or litigation or fail to achieve the benefits it sought from the relationship. - Deutsche Bank's operational systems are subject to an increasing risk of cyber-attacks and other internet crime, which could result in material losses of client or customer information, damage Deutsche Bank's reputation and lead to regulatory penalties and financial losses. - The size of Deutsche Bank's clearing operations exposes Deutsche Bank to a heightened risk of material losses should these operations fail to function properly. - Deutsche Bank may have difficulty in identifying and executing acquisitions, and both making acquisitions and avoiding them could materially harm Deutsche Bank's results of operations and its share price. - Intense competition, in Deutsche Bank's home market of Germany as well as in international markets, could materially adversely impact Deutsche Bank's revenues and profitability. - Transactions with counterparties in countries designated by the U.S. State Department as state sponsors of terrorism or persons targeted by U.S. economic sanctions may lead potential customers and investors to avoid doing business with Deutsche Bank or investing in Deutsche Bank's securities, harm Deutsche Bank's reputation or result in regulatory or enforcement action which could materially and adversely affect Deutsche Bank's business.

RISK FACTORS

The Issuer believes that the factors (the "**Risk Factors**") described below represent the principal risks inherent in investing in Securities issued under the Programme, but the inability of the Issuer to pay principal, interest or other amounts or perform its delivery obligations on or in connection with any Securities may occur or arise for other reasons and there may be other factors which are material to the market risks associated with Securities. In the case of Exempt Securities, the Pricing Supplement in respect of a Series of Securities may contain additional issue specific Risk Factors in respect of such Series. Prospective investors should determine whether an investment in the Securities is appropriate in their particular circumstances.

Risk factors in respect of the Securities have been grouped as set out below:

- (a) Risk Factors in respect of the Issuer; and
- (b) Risk Factors in respect of Securities including (i) general Risk Factors, (ii) Risk Factors relating to certain features of the Securities, (iii) Risk Factors relating to Securities generally, and (iv) Risk Factors relating to the market generally and where applicable specifying factors which may occur in relation to certain types of Exempt Securities only.

During the life of each Series of Securities risks specified in each of the above sections may impact such Securities at different points in time and for different lengths of time. Each Series of Securities may have a risk profile that changes over time. Prospective investors should seek advice from a professional financial adviser in order to further discuss and understand how the risk profile of a particular Series of Securities will affect their overall investment portfolio.

More than one risk factor may have simultaneous effect with regard to the Securities such that the effect of a particular risk factor may not be predictable. In addition, more than one risk factor may have a compounding effect which may not be predictable. No assurance can be given as to the effect that any combination of risk factors may have on the value of the Securities.

If one or more of the risks described below occurs, this may result in material decreases in the price of the Securities or, in the worst-case scenario, in total loss of interest and capital invested by the investor.

Where Securities are linked to one or more Reference Items an investment in such Securities should only be made after assessing the direction, timing and magnitude of potential future changes in the value of such Reference Item(s), and/or the in the composition or method of calculation of such Reference Item(s), as the return of any such investment will be dependent, *inter alia*, upon such changes.

Terms used in this section and not otherwise defined shall have the meanings given to them in section entitled "*Terms and Conditions of the Securities*".

RISK FACTORS IN RESPECT OF THE ISSUER

An investment in debt securities issued by Deutsche Bank bears the risk that Deutsche Bank is not able to fulfil its obligations created by the issuance of the securities on the relevant due date. Thus, investors may lose all or part of their investment.

In order to assess the risk, prospective investors should consider all information provided in this Prospectus and consult with their own professional advisers if they consider it necessary.

The risk related to an issuer's ability to fulfil its obligations created by the issuance of debt securities is described by reference to the credit ratings assigned by independent rating agencies. A credit rating is an assessment of the solvency or credit-worthiness of borrowers and/or bond-issuers according to established credit review procedures. These ratings and associated research help investors to analyse the credit risks associated with fixed-income securities by providing detailed information on the ability of issuers to meet their obligations. The lower the assigned rating is on the respective scale, the higher the respective rating agency assesses the risk that obligations will not, not fully and/or not timely be met. A rating is not a recommendation to

buy, sell or hold any notes issued and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency. A suspension, reduction or withdrawal of any rating assigned may adversely affect the market price of the notes issued.

Deutsche Bank is rated by Moody's Investors Service, Inc. ("**Moody's**"), Standard & Poor's Credit Market Services Europe Limited ("**S&P**"), Fitch Ratings Limited ("**Fitch**"), and DBRS, Inc. ("**DBRS**", together with Fitch, S&P and Moody's, the "**Rating Agencies**").

S&P and Fitch are established in the European Union and have been registered in accordance with Regulation (EC) No 1060/2009 of the European Parliament and of the Council of 16 September 2009, as amended, on credit rating agencies ("**CRA Regulation**"). With respect to Moody's, the credit ratings are endorsed by Moody's office in the UK (Moody's Investors Service Ltd.) in accordance with Article 4(3) of the CRA Regulation. With respect to DBRS, the credit ratings are endorsed by DBRS Ratings Ltd. in the UK in accordance with Article 4(3) of the CRA Regulation.

As of the date of this Prospectus or the latest supplement thereto, if applicable, the following ratings were assigned to Deutsche Bank for its long-term senior debt (or, where available, for its long-term non-preferred senior debt) and its short-term senior debt. For information on the distinction between preferred and non-preferred senior debt and the ratings assigned to Deutsche Bank for its long-term preferred senior debt, see the section entitled "*Description of the Securities*" – "*Ranking of Unsubordinated Notes*".

Moody's

Long-term non-preferred senior debt:	Baa2 (negative)
Short-term senior debt:	P-2

Moody's defines:

Baa2: Obligations rated "Baa" are judged to be medium-grade and are subject to moderate credit risk and as such may possess certain speculative characteristics.

Moody's long-term obligation ratings are divided into several categories ranging from "Aaa", reflecting the highest quality, subject to the lowest level of credit risk, over categories "Aa", "A", "Baa", "Ba", "B", "Caa", "Ca" to category "C", reflecting the lowest rated obligations which are typically in default, with little prospect for recovery of principal or interest. Moody's appends numerical modifiers 1, 2 and 3 to each generic rating classification from "Aa" through "Caa". The modifier 1 indicates that the obligation ranks in the higher end of its generic rating category; the modifier 2 indicates a mid-range ranking; and the modifier 3 indicates a ranking in the lower end of that generic rating category.

P-2: Issuers (or supporting institutions) rated Prime-2 have a strong ability to repay short-term debt obligations.

Moody's short-term obligation ratings are divided into several categories ranging from "P-1", reflecting a superior ability of an issuer to repay short-term debt obligations, over categories "P-2" and "P-3" to category "NP", reflecting that an issuer does not fall within any of the Prime rating categories.

Rating Outlook / Review: A rating outlook is an opinion regarding the likely rating direction over the medium term. Rating outlooks fall into four categories: Positive (POS), Negative (NEG), Stable (STA), and Developing (DEV). A designation of RUR (Rating(s) Under Review) indicates that an issuer has one or more ratings under review, which overrides the outlook designation. A stable outlook indicates a low likelihood of a rating change over the medium term. A negative, positive or developing outlook indicates a higher likelihood of a rating change over the medium term.

A review indicates that a rating is under consideration for a change in the near term. A rating can be placed on review for upgrade (UPG), downgrade (DNG), or more rarely with direction

uncertain (UNC). A review may end with a rating being upgraded, downgraded or confirmed without a change to the rating. Ratings on review are said to be on Moody's "Watchlist" or "On Watch". Ratings are placed on review when a rating action may be warranted in the near term but further information or analysis is needed to reach a decision on the need for a rating change or the magnitude of the potential change.

S&P

Long-term non-preferred senior debt: BBB-
Short-term senior debt: A-2

S&P defines:

BBB-: An obligation rated "BBB" exhibits adequate protection parameters. However, adverse economic conditions or changing circumstances are more likely to lead to a weakened capacity of the obligor to meet its financial commitment on the obligation.

Long-term issue credit ratings by S&P are divided into several categories ranging from "AAA", reflecting an extremely strong capacity of the obligor to meet its financial commitment on the obligation, over categories "AA", "A", "BBB", "BB", "B", "CCC", "CC", "C" to category "D", reflecting that an obligation is in default or in breach of an imputed promise. The ratings from "AA" to "CCC" may be modified by the addition of a plus "+" or minus "-" sign to show relative standing within the major rating categories.

A-2: An obligation rated "A-2" is somewhat more susceptible to the adverse effects of changes in circumstances and economic conditions than obligations in higher rating categories. However, the obligor's capacity to meet its financial commitment on the obligation is satisfactory.

Short-term issue credit ratings by S&P are divided into several categories ranging from "A-1", reflecting a strong capacity of the obligor to meet its financial commitment on the obligation, over categories "A-2", "A-3", "B", "C" to category "D", reflecting that an obligation is in default or in breach of an imputed promise.

Outlook / CreditWatch: An S&P rating outlook assesses the potential direction of a long-term credit rating over the intermediate term (typically six months to two years). In determining a rating outlook, consideration is given to any changes in the economic and/or fundamental business conditions. An outlook is not necessarily a precursor of a rating change or future CreditWatch action. Rating outlooks fall into five categories: positive, negative, stable, developing and n.m. (not meaningful).

CreditWatch highlights S&P's opinion regarding the potential direction of a short-term or long-term rating. It focuses on identifiable events and short-term trends that cause ratings to be placed under special surveillance by S&P's analytical staff. A CreditWatch listing, however, does not mean a rating change is inevitable, and when appropriate, a range of potential alternative ratings will be shown. CreditWatch is not intended to include all ratings under review, and rating changes may occur without the ratings having first appeared on CreditWatch. The "positive" designation means that a rating may be raised; "negative" means a rating may be lowered; and "developing" means that a rating may be raised, lowered, or affirmed.

Fitch

Long-term non-preferred senior debt: BBB+
Short-term senior debt: F2

Fitch defines:

BBB+: A rating of "BBB" denotes expectations of low credit risk. The capacity for payment of

financial commitments is considered adequate. This capacity may, nevertheless, be more likely to be impaired by adverse business or economic conditions than in the case of higher ratings.

Fitch's long-term ratings are divided into several major categories ranging from "AAA", reflecting the lowest expectation of credit risk, over categories "AA", "A", "BBB", "BB", "B", "CCC", "CC" to category "C", reflecting exceptionally high levels of credit risk. Defaulted obligations typically are not assigned "RD" or "D" ratings, but are instead rated in the "B" to "C" rating categories, depending upon their recovery prospects and other relevant characteristics. The modifiers "+" or "-" may be appended to a rating to denote relative status within major rating categories. Such suffixes are not added to the "AAA" obligation rating category or to obligation ratings below "CCC".

The subscript "emr" is appended to a rating to denote embedded market risk which is beyond the scope of the rating. The designation is intended to make clear that the rating solely addresses the counterparty risk of the issuing bank. It is not meant to indicate any limitation in the analysis of the counterparty risk, which in all other respects follows published Fitch criteria for analysing the issuing financial institution.

F2: A rating of "F2" indicates the good intrinsic capacity for timely payment of financial commitments. It may have an added "+" to denote any exceptionally good credit feature.

Fitch's short-term ratings are divided into several categories ranging from "F1", reflecting the strongest intrinsic capacity for timely payment of financial commitments, over categories "F2", "F3", "B", "C", "RD" to category "D" which indicates a broad-based default event for an entity, or the default of a short-term obligation.

Outlook / Rating Watch: Rating Outlooks indicate the direction a rating is likely to move over a one- to two-year period. They reflect financial or other trends that have not yet reached the level that would trigger a rating action, but which may do so if such trends continue. Positive or Negative rating Outlooks do not imply that a rating change is inevitable and, similarly, ratings with Stable Outlooks can be raised or lowered without a prior revision to the Outlook, if circumstances warrant such an action. Occasionally, where the fundamental trend has strong, conflicting elements of both positive and negative, the Rating Outlook may be described as Evolving.

Rating Watches indicate that there is a heightened probability of a rating change and the likely direction of such a change. These are designated as "Positive", indicating a potential upgrade, "Negative", for a potential downgrade, or "Evolving" if ratings may be raised, lowered or affirmed. However, ratings that are not on Rating Watch can be raised or lowered without being placed on Rating Watch first, if circumstances warrant such an action.

DBRS

Long-term senior debt: A (low) (negative)

Short-term senior debt: R-1 (low) (stable)

DBRS defines:

A (low): Good credit quality. The capacity for the payment of financial obligations is substantial, but of lesser quality than "AA". May be vulnerable to future events, but qualifying negative factors are considered manageable.

Long-term obligations ratings by DBRS are divided into several categories ranging from "AAA", reflecting the highest credit quality, over categories "AA", "A", "BBB", "BB", "B", "CCC", "CC", "C" to category "D", reflecting when the issuer has filed under any applicable bankruptcy, insolvency or winding up statute or there is a failure to satisfy an obligation after the exhaustion of grace periods. All rating categories other than "AAA" and "D" also contain subcategories "(high)" and "(low)". The absence of either a "(high)" or "(low)" designation

indicates the rating is in the middle of the category.

R-1 (low): Good credit quality. The capacity for the payment of short-term financial obligations as they fall due is substantial. Overall strength is not as favourable as higher rating categories. May be vulnerable to future events, but qualifying negative factors are considered manageable.

DBRS's short-term debt ratings are divided into several categories ranging from "R-1", reflecting the highest credit quality, over categories "R-2", "R-3", "R-4", "R-5" to category "D" reflecting when the issuer has filed under any applicable bankruptcy, insolvency or winding up statute or there is a failure to satisfy an obligation after the exhaustion of grace periods. The "R-1" and "R-2" rating categories are further denoted by the subcategories "(high)", "(middle)", and "(low)".

Stable/negative: Rating trends provide guidance in respect of DBRS's opinion regarding the outlook for a rating. Rating trends have three categories: "positive", "stable" or "negative". The rating trend indicates the direction in which DBRS considers the rating may move if present circumstances continue, or in certain cases, unless challenges are addressed by the issuer.

It is often the rating trend that reflects the initial pressures or benefits of a changing environment rather than an immediate change in the rating. A positive or negative trend is not an indication that a rating change is imminent. Rather, a positive or negative trend represents an indication that there is a greater likelihood that the rating could change in the future than would be the case if a stable trend was assigned to the security.

Generally, the conditions that lead to the assignment of a negative or positive trend are resolved within a twelve month period. However, in some instances, new factors emerge which may cause the positive or negative trend to be maintained, even as the original factors become clarified or resolved.

DBRS places ratings "Under Review" in situations where a significant event occurs that directly impacts the credit quality of a particular entity or group of entities and if there is uncertainty regarding the outcome of the event and DBRS therefore is unable to provide an objective, forward-looking opinion in a timely fashion. DBRS also places ratings "Under Review" in situations where, in the opinion of DBRS, the current rating on the security may no longer be appropriate due to a change in the credit status of the issuing entity for other reasons and additional time is required for further analysis. Furthermore, DBRS may also place a rating "Under Review" if DBRS has announced that one or more of its methodologies that apply to such a rating is being revised and the announcement indicates that the outcome of the rating affected by the revision is uncertain. Using "Under Review Positive" or "Under Review Negative" is a more significant action than changing a rating trend to positive or negative as rating changes are considered more likely with the former than the latter.

Rating of Subordinated Obligations

If Deutsche Bank enters into subordinated obligations, these obligations may be rated lower because, in the case of an insolvency or liquidation of the Bank, the claims and interest claims resulting from these obligations are subordinate to those claims of creditors of the Bank that are not also subordinated. Deutsche Bank will disclose the ratings of subordinated obligations (if any).

Factors that May Adversely Affect Deutsche Bank's Financial Strength

Deutsche Bank's financial strength, which is also reflected in its ratings described above, depends in particular on its profitability. The following describes factors which may adversely affect Deutsche Bank's profitability:

- While the global economy was strong in 2017 as monetary policy remained generally accommodative, political risks, especially in Europe, did not materialize and election outcomes were broadly market-friendly, significant macroeconomic risks remain that could negatively affect the results of operations and financial condition in some of its businesses as well as Deutsche Bank's strategic plans. These include the possibility of an early recession in the United States, inflation risks, global imbalances, Brexit, the rise of Euroscepticism, and geopolitical risks, as well as the continuing low interest rate

environment and competition in the financial services industry, which have compressed margins in many of the Deutsche Bank's businesses. If these conditions persist or worsen, Deutsche Bank's business, results of operations or strategic plans could continue to be adversely affected.

- Deutsche Bank's results of operation and financial condition, in particular those of Deutsche Bank's Corporate & Investment Bank corporate division, continue to be negatively impacted by the challenging market environment, uncertain macro-economic and geopolitical conditions, lower level of client activity, increased competition and regulation, and the immediate impacts resulting from Deutsche Bank's strategic decisions as Deutsche Bank continues to work on the implementation of its strategy. If Deutsche Bank is unable to improve its profitability as it continues to face these headwinds as well as persistently high litigation costs, Deutsche Bank may be unable to meet many of its strategic aspirations, and may have difficulty maintaining capital, liquidity and leverage at levels expected by market participants and Deutsche Bank's regulators.
- Continued elevated levels of political uncertainty could have unpredictable consequences for the financial system and the greater economy, and could contribute to an unwinding of aspects of European integration, potentially leading to declines in business levels, write-downs of assets and losses across Deutsche Bank's businesses. Deutsche Bank's ability to protect itself against these risks is limited.
- Deutsche Bank may be required to take impairments on its exposures to the sovereign debt of European or other countries if the European sovereign debt crisis reignites. The credit default swaps into which Deutsche Bank has entered to manage sovereign credit risk may not be available to offset these losses.
- Deutsche Bank's liquidity, business activities and profitability may be adversely affected by an inability to access the debt capital markets or to sell assets during periods of market-wide or firm-specific liquidity constraints. Credit rating downgrades have contributed to an increase in Deutsche Bank's funding costs, and any future downgrade could materially adversely affect its funding costs, the willingness of counterparties to continue to do business with it and significant aspects of its business model. Regulatory reforms enacted and proposed in response to weaknesses in the financial sector, together with increased regulatory scrutiny more generally, have created significant uncertainty for Deutsche Bank and may adversely affect its business and ability to execute its strategic plans, and competent regulators may prohibit Deutsche Bank from making dividend payments or payments on its regulatory capital instruments or take other actions if Deutsche Bank fails to comply with regulatory requirements.
- European and German legislation regarding the recovery and resolution of banks and investment firms could, if steps were taken to ensure Deutsche Bank's resolvability or resolution measures were imposed on Deutsche Bank, significantly affect Deutsche Bank's business operations, and lead to losses for its shareholders and creditors.
- Regulatory and legislative changes require Deutsche Bank to maintain increased capital, in some cases (including in the United States) applying liquidity, risk management, capital adequacy and resolution planning rules to its local operations on a standalone basis. These requirements may significantly affect Deutsche Bank's business model, financial condition and results of operations as well as the competitive environment generally. Any perceptions in the market that Deutsche Bank may be unable to meet its capital or liquidity requirements with an adequate buffer, or that Deutsche Bank should maintain capital or liquidity in excess of these requirements or another failure to meet these requirements could intensify the effect of these factors on Deutsche Bank's business and results.
- Deutsche Bank's regulatory capital and liquidity ratios and its funds available for distributions on its shares or regulatory capital instruments will be affected by Deutsche Bank's business decisions and, in making such decisions, Deutsche Bank's interests and those of the holders of such instruments may not be aligned, and Deutsche Bank may take decisions in accordance with applicable law and the terms of the relevant instruments that result in no or lower payments being made on Deutsche Bank's shares or regulatory capital instruments.

- Legislation in the United States and in Germany regarding the prohibition of proprietary trading or its separation from the deposit-taking business has required Deutsche Bank to modify its business activities to comply with applicable restrictions. This could adversely affect Deutsche Bank's business, financial condition and results of operations.
- Other regulatory reforms adopted or proposed in the wake of the financial crisis – for example, extensive new regulations governing Deutsche Bank's derivatives activities, compensation, bank levies, deposit protection or a possible financial transaction tax – may materially increase Deutsche Bank's operating costs and negatively impact its business model.
- Adverse market conditions, asset price deteriorations, volatility and cautious investor sentiment have affected and may in the future materially and adversely affect Deutsche Bank's revenues and profits, particularly in its investment banking, brokerage and other commission- and fee-based businesses. As a result, Deutsche Bank has in the past incurred and may in the future incur significant losses from its trading and investment activities.
- Deutsche Bank announced the next phase of its strategy in April 2015, gave further details on it in October 2015 and announced updates in March 2017 and April 2018. If Deutsche Bank is unable to implement its strategic plans successfully, it may be unable to achieve its financial objectives, or Deutsche Bank may incur losses or low profitability or erosions of its capital base, and Deutsche Bank's financial condition, results of operations and share price may be materially and adversely affected.
- As part of its strategic initiatives announced in March 2017, Deutsche Bank reconfigured its Global Markets, Corporate Finance and Transaction Banking businesses into a single Corporate & Investment Bank division to position itself for growth through increased cross-selling opportunities for its higher return corporate clients. Clients may choose not to expand their businesses or portfolios with Deutsche Bank, thereby negatively influencing its ability to capitalize on these opportunities.
- As part of its March 2017 updates to its strategy, Deutsche Bank announced its intention to retain and combine Deutsche Postbank AG (together with its subsidiaries, "**Postbank**") with its existing retail and commercial operations, after earlier having announced its intention to dispose of Postbank. Deutsche Bank may face difficulties integrating Postbank into the Group following the completion of operational separability from the Group. Consequently, the cost savings and other benefits Deutsche Bank expects to realize may only come at a higher cost than anticipated, or may not be realized at all.
- As part of its March 2017 updates to its strategy, Deutsche Bank announced its intention to create an operationally segregated Asset Management division through a partial initial public offering (IPO). This IPO was consummated in March 2018 Deutsche Bank may not be able to capitalize on the expected benefits that it believes an operationally segregated Deutsche AM can offer.
- Deutsche Bank may have difficulties selling companies, businesses or assets at favourable prices or at all and may experience material losses from these assets and other investments irrespective of market developments.
- A robust and effective internal control environment and adequate infrastructure (comprising people, policies and procedures, controls testing and IT systems) are necessary to ensure that Deutsche Bank conducts its business in compliance with the laws, regulations and associated supervisory expectations applicable to it. Deutsche Bank has identified the need to strengthen its internal control environment and infrastructure and has embarked on initiatives to accomplish this. If these initiatives are not successful or are delayed, Deutsche Bank's reputation, regulatory position and financial condition may be materially adversely affected, and Deutsche Bank's ability to achieve its strategic ambitions may be impaired.
- Deutsche Bank operates in a highly and increasingly regulated and litigious environment, potentially exposing Deutsche Bank to liability and other costs, the amounts of which may be substantial and difficult to estimate, as well as to legal and regulatory sanctions and reputational harm.

- Deutsche Bank is currently subject to a number of investigations by regulatory and law enforcement agencies globally as well as civil actions relating to potential misconduct. The eventual outcomes of these matters are unpredictable, and may materially and adversely affect Deutsche Bank's results of operations, financial condition and reputation.
- In addition to its traditional banking businesses of deposit-taking and lending, Deutsche Bank also engages in nontraditional credit businesses in which credit is extended in transactions that include, for example, its holding of securities of third parties or its engaging in complex derivative transactions. These nontraditional credit businesses materially increase Deutsche Bank's exposure to credit risk.
- A substantial proportion of the assets and liabilities on Deutsche Bank's balance sheet comprise financial instruments that it carries at fair value, with changes in fair value recognized in its income statement. As a result of such changes, Deutsche Bank has incurred losses in the past, and may incur further losses in the future.
- Deutsche Bank's risk management policies, procedures and methods leave it exposed to unidentified or unanticipated risks, which could lead to material losses.
- Operational risks, which may arise from errors in the performance of Deutsche Bank's processes, the conduct of Deutsche Bank's employees, instability, malfunction or outage of Deutsche Bank's IT system and infrastructure, or loss of business continuity, or comparable issues with respect to Deutsche Bank's vendors, may disrupt Deutsche Bank's businesses and lead to material losses.
- Deutsche Bank utilizes a variety of vendors in support of its business and operations. Services provided by vendors pose risks to Deutsche Bank comparable to those Deutsche Bank bears when it performs the services itself, and Deutsche Bank remains ultimately responsible for the services its vendors provide. Furthermore, if a vendor does not conduct business in accordance with applicable standards or Deutsche Bank's expectations, Deutsche Bank could be exposed to material losses or regulatory action or litigation or fail to achieve the benefits it sought from the relationship.
- Deutsche Bank's operational systems are subject to an increasing risk of cyber-attacks and other internet crime, which could result in material losses of client or customer information, damage Deutsche Bank's reputation and lead to regulatory penalties and financial losses.
- The size of Deutsche Bank's clearing operations exposes Deutsche Bank to a heightened risk of material losses should these operations fail to function properly.
- Deutsche Bank may have difficulty in identifying and executing acquisitions, and both making acquisitions and avoiding them could materially harm Deutsche Bank's results of operations and its share price.
- Intense competition, in Deutsche Bank's home market of Germany as well as in international markets, could materially adversely impact Deutsche Bank's revenues and profitability.
- Transactions with counterparties in countries designated by the U.S. State Department as state sponsors of terrorism or persons targeted by U.S. economic sanctions may lead potential customers and investors to avoid doing business with Deutsche Bank or investing in Deutsche Bank's securities, harm Deutsche Bank's reputation or result in regulatory or enforcement action which could materially and adversely affect Deutsche Bank's business.

RISK FACTORS IN RESPECT OF THE SECURITIES

The Issuer believes that the following factors may affect its ability to fulfil its obligations under Securities issued under the Programme and/or are material for the purpose of assessing the market risks associated with Securities issued under the Programme. All of these factors are contingencies which may or may not occur and the Issuer is not in a position to express a view on the likelihood of any such contingency occurring.

GENERAL

Securities May not be a Suitable Investment for all Investors

The Securities may not be a suitable investment for all investors. Each potential investor in the Securities must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- (a) have sufficient knowledge and experience to make a meaningful evaluation of the Securities, the merits and risks of investing in the Securities and the information contained or incorporated by reference in this Prospectus or any applicable supplement and all the information contained in the applicable Final Terms (or Pricing Supplement, in the case of Exempt Securities);
- (b) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Securities and the impact the Securities will have on its overall investment portfolio;
- (c) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Securities;
- (d) understand thoroughly the terms of the Securities and be familiar with the behaviour of any relevant indices and financial markets; and
- (e) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

The Programme contemplates the issue of a wide variety of Securities with different interest and redemption provisions. The risk factors below represent the principal risks associated with the interest and redemption provisions detailed in "*Description of the Securities – Description of the Interest Rate and Redemption Provisions*".

Interest

The Securities to be issued under the Programme may pay either (a) a fixed amount of interest, (b) a variable amount of interest or (c) no interest at all.

Fixed Rate Interest

Securities bearing or paying a fixed rate of interest either will pay or, depending on the fulfilment of certain conditions, may pay a fixed amount of interest on specified interest payment dates. Investors who purchase Securities with a fixed rate of interest are exposed to the risk that market interest rates rise and the fixed amount of interest they receive is less than the amount they would have received had they invested in a Security with a floating rate of interest. The market value of Securities with a fixed rate of interest will decrease if potential investors perceive that they can achieve a greater return on an investment by investing in alternative products. If an investor holds a Security bearing a fixed rate of interest through to maturity, changes in the market interest rate may become less relevant to the value as the maturity date approaches.

Floating and Other Variable Rate Interest

Securities bearing or paying a floating or other variable rate of interest either will pay or, depending on the fulfilment of certain conditions, may pay a variable amount of interest on specified interest payment dates. Securities which bear or pay floating or other variable interest rates can be volatile investments. Investors who purchase Securities with a floating or other variable rate of interest will be exposed to the risk of a fluctuating rate of interest and consequently variable interest amounts. If floating or other variable rate securities are structured to include multipliers or other leverage factors, or caps or floors, or any combination of those features, the market value of those securities may be more volatile than that for securities that do not include these features.

Floating Rate Securities or other variable rate Securities may be subject to a maximum amount of interest, which may limit the total amount of interest that an investor may receive.

Securities Linked to LIBOR, EURIBOR or another "Benchmark"

Interest rates and indices which are deemed to be "benchmarks" (including the London Interbank Offered Rate ("**LIBOR**"), the Euro Interbank Offered Rate ("**EURIBOR**") and other interest rates and indices) are the subject of recent national, international and other regulatory guidance and proposals for reform. Some of these reforms are already effective while others are still to be implemented. These reforms may cause such "benchmarks" to perform differently than in the past, to disappear entirely, or to have other consequences which cannot be predicted. Any such consequence could have a material adverse effect on any Securities linked to or referencing such a "benchmark".

In particular, on 27 July 2017, the Chief Executive of the United Kingdom Financial Conduct Authority (FCA), which regulates the LIBOR, announced that it does not intend to continue to persuade, or use its powers to compel, panel banks to submit rates for the calculation of LIBOR to the administrator of LIBOR after 2021. The announcement indicates that the continuation of LIBOR on the current basis is not guaranteed after 2021. It is not possible to predict whether, and to what extent, panel banks will continue to provide LIBOR submissions to the administrator of LIBOR going forward. This may cause LIBOR to perform differently than it did in the past and may have other consequences which cannot be predicted.

Regulation (EU) 2016/1011 of the European Parliament and of the Council of 8 June 2016 on indices used as benchmarks in financial instruments and financial contracts or to measure the performance of investment funds and amending Directives 2008/48/EC and 2014/17/EU and Regulation (EU) No 596/2014 (the "**Benchmarks Regulation**") was published in the Official Journal of the EU on 29 June 2016 and applies since 1 January 2018. The Benchmarks Regulation applies to the provision of benchmarks, the contribution of input data to a benchmark and the use of a benchmark within the EU. It will, among other things, (i) require benchmark administrators to be authorised or registered (or, if non-EU-based, to be subject to an equivalent regime or otherwise recognised or endorsed), and (ii) prevent certain uses by EU supervised entities of "benchmarks" of administrators that are not authorised or registered (or, if non-EU based, not deemed equivalent or recognised or endorsed), unless such benchmark administrators are exempt from the application of the Benchmarks Regulation, such as, for example, central banks and certain public authorities.

The Benchmarks Regulation, as far as applicable, could have a material impact on any Securities linked to or referencing LIBOR, EURIBOR or any other "benchmark", in particular, if the methodology or other terms of the LIBOR, the EURIBOR or such other "benchmark" are changed in order to comply with the requirements of the Benchmarks Regulation. Such changes could, among other things, have the effect of reducing, increasing or otherwise affecting the volatility of the published rate or level of the LIBOR, the EURIBOR or such other "benchmark".

More broadly, any of the international or national reforms, or the general increased regulatory scrutiny of "benchmarks", could increase the costs and risks of administering or otherwise participating in the setting of a "benchmark" and complying with any such regulations or requirements. Such factors may have the following effects on certain "benchmarks" (including LIBOR and EURIBOR): (i) discourage market participants from continuing to administer or contribute to the "benchmark", (ii) trigger changes in the rules or methodologies used in the "benchmarks", or (iii) lead to the disappearance of the "benchmark". Any of the above changes or any other consequential changes as a result of international or national reforms or other initiatives or investigations

could have a material adverse effect on the value or liquidity of, and return on, any Securities linked to or referencing LIBOR, EURIBOR or any other "benchmark".

Investors should be aware that, if a "benchmark" to which any Securities are linked, were discontinued or otherwise unavailable, the rate of interest on such Securities will be determined for the relevant period by the fall-back provisions applicable to such Securities. Applying certain fall-back provisions set out in the Terms and Conditions of the Securities could result in the same rate being applied until the maturity of the Floating Rate Securities, effectively turning the floating rate of interest into a fixed rate of interest.

Investors should consult their own independent advisers and make their own assessment about the potential risks imposed by the Benchmarks Regulation or the reforms mentioned above in making any investment decision with respect to any Securities referencing LIBOR, EURIBOR or any other "benchmark".

Zero Coupon Securities

In the absence of periodical interest payments, Zero Coupon Securities are issued at a discount to their principal amount and redeem at their principal amount. The difference between the redemption amount and the purchase price of such Securities constitutes the return on the Securities. The price of such Securities will fall if the market interest rate is greater than the return at any point in time. The market prices of Zero Coupon Securities may be more volatile than the market price of Securities with a fixed rate of interest and are likely to respond to a greater degree to market interest rate movements than interest bearing Securities with a similar maturity.

Variable Interest Securities

Variable Interest Securities bear or pay interest at a rate that may at the election of the Issuer convert from one interest basis to another, for example from a fixed rate to a floating or other variable rate, or from a floating or other variable rate to a fixed rate. The Issuer's right to convert the interest rate will affect the secondary market in and the market value of, the Securities because the Issuer may be expected to elect to convert the rate when it is likely to produce a lower overall cost of borrowing. For example if the Issuer elects to convert the interest rate from a fixed rate to a floating or other variable rate, the spread on the Securities may be less favourable than the then prevailing spreads on comparable floating or other variable rate securities relating to the same reference rate. In addition, the new floating or other variable rate at any time may be lower than the interest rates payable on other securities. If the Issuer elects to convert the interest rate from a floating or other variable rate to a fixed rate, the fixed rate may be lower than the then prevailing interest rates payable on its securities. Variable Interest Securities (which bear or pay interest on a variable basis (whether fixed to floating/variable, floating/variable to fixed or one floating/variable to another)) are distinguishable from variable rate interest securities which pay interest at a variable rate but not (unless otherwise stated) on a variable basis.

Redemption

The Securities to be issued under the Programme may either be redeemed at maturity or prior to maturity. The redemption amount or early redemption amount, as the case may be, received by an investor may be either (i) par, (ii) below par or (iii) above par. The redemption amount may be in the form of either cash or physical settlement.

Reference Items

This section relates to Securities issued in the form of Notes only.

As described in the section entitled "*Description of the Securities – Description of Interest Rate and Redemption Provisions*", Securities may be issued where the amount of interest payable or the amount payable, or, if "Physical Settlement" or "Physical Delivery" is specified as an applicable settlement method for the Securities in the applicable Final Terms (or Pricing Supplement, in the case of Exempt Securities), assets deliverable, on redemption are linked to one or more Reference Items. These Securities will derive some or all of their value by reference to one or more underlying assets or other bases of reference.

The purchase of, or investment in, Securities linked to Reference Item(s) involves substantial risks. These Securities are not conventional debt securities and carry various unique investment risks which prospective investors should understand clearly before investing in the Securities. Each prospective investor in these Securities should be familiar with securities having characteristics similar to such Securities and should fully review all documentation for and understand the Terms and Conditions of the Securities and the nature and extent of its exposure to risk of loss.

By investing in such Securities each investor represents that:

- (a) *Non-Reliance. It is acting for its own account, and it has made its own independent decisions to invest in the Securities and as to whether the investment in the Securities is appropriate or proper for it based upon its own judgement and upon advice from such advisers as it has deemed necessary. It is not relying on any communication (written or oral) of the Issuer or any Dealer as investment advice or as a recommendation to invest in the Securities, it being understood that information and explanations related to the terms and conditions of the Securities shall not be considered to be investment advice or a recommendation to invest in the Securities. No communication (written or oral) received from the Issuer or any Dealer shall be deemed to be an assurance or guarantee as to the expected results of the investment in the Securities.*
- (b) *Assessment and Understanding. It is capable of assessing the merits of and understanding (on its own behalf or through independent professional advice), and understands and accepts the terms and conditions and the risks of the investment in the Securities. It is also capable of assuming, and assumes, the risks of the investment in the Securities.*
- (c) *Status of Parties. Neither the Issuer nor any Dealer is acting as a fiduciary for or adviser to it in respect of the investment in the Securities.*

The Issuer may issue Securities where the amount of interest or principal payable or the amount of assets deliverable is dependent upon:

- (a) the price or changes in the price of, one or more equity securities;
- (b) the level or changes in the level of one or more indices;
- (c) movements in currency exchange rates and/or the circumstance that capital or interest payments are payable in one or more currencies different from the currency in which the Securities are denominated;
- (d) whether certain events have occurred in respect of one or more specified entities (each a "**Reference Entity**") and, for certain types of Securities, whether amounts would be received by a holder of specified assets of such Reference Entity; or

In relation to Exempt Securities the Issuer may issue, in addition to (a) to d) above, Securities where the amount of interest or principal payable or the amount of assets deliverable is dependent upon:

- (a) in the case of Exempt Securities, the price or changes in the price of one or more commodities;
- (b) in the case of Exempt Securities, the price or changes in the price of units or shares in one or more funds;
- (c) in the case of Exempt Securities, other underlying assets or bases of reference.

The Issuer may also issue Securities where the amount of interest or principal payable or the amount of assets deliverable is dependent upon more than one Reference Item.

Prospective investors in any such Securities should be aware that depending on the terms of such Securities (i) they may receive no or a limited amount of interest or principal and/or deliverable assets, (ii) payment of interest or principal and/or assets delivered may occur at different times than expected or in a different currency than expected and (iii) they may lose all or a substantial portion of their investment upon redemption.

In addition, the movements in:

- (a) the price of the equity securities in respect of Equity Linked Notes;
- (b) the level of the index or indices in respect of Index Linked Notes;
- (c) the level of the inflation index or inflation indices in respect of Inflation Index Linked Notes;
- (d) currency exchange rates in respect of Currency Linked Notes (Exempt Securities only) or other Securities whose terms include a currency exchange rate and/or payments of capital or interest payments being due in one or more currencies different from the currency in which the Securities are denominated;
- (e) the price of the commodity or commodities in respect of Commodity Linked Notes (Exempt Securities only);
- (f) the price of the units or shares in one or more funds in respect of Fund Linked Notes (Exempt Securities only);
- (g) the creditworthiness of each Reference Entity in respect of Credit Linked Notes; or
- (h) the movement in the level of any underlying asset or basis of reference (Exempt Securities only),

may be subject to significant fluctuations that may not correlate with changes in interest rates, currencies or other economic factors or indices and the timing of changes in the relevant price or level of the Reference Item may affect the actual yield to investors, even if the average level is consistent with their expectations. In general, the earlier the change in the price or level of the Reference Item, the greater the effect on yield.

If the amount of interest or principal payable and/or assets deliverable is determined by reference to a multiplier greater than one or by reference to some other leverage factor, the effect of changes in the price or level of the Reference Item will be magnified.

The market price of such Securities may be volatile and may be affected by:

- (a) the time remaining to the redemption date;
- (b) the volatility of the Reference Item or other underlying asset or basis of reference;
- (c) the dividend rate (if any) and the financial results and prospects of the issuer(s) of the equity securities in respect of Equity Linked Notes or the issuers of the equity securities comprised in an Index in respect of Index Linked Notes;
- (d) movements in exchange rates and the volatility of currency exchange rates in respect of Currency Linked Notes or other Securities whose terms include a currency exchange rate and/or payments of capital or interest payments being due in one or more currencies different from the currency in which the Securities are denominated; or
- (e) the volatility of the price of units or shares in the fund or funds in respect of Fund Linked Notes,

as well as economic, financial and political events in one or more jurisdictions, including factors affecting the exchange(s) or quotation system(s) on which any such commodities, fund units or shares or equities may be traded.

Equity Linked Notes

Equity linked redemption Notes may be redeemed by the Issuer by payment of the par value amount and/or, in the case of Exempt Securities, by the physical delivery of a given number of specified assets and/or by payment of an amount determined by reference to the value of one or more equity securities. Accordingly, an investment

in equity linked redemption Notes may bear similar market risks to a direct equity investment and prospective investors should take advice accordingly. Equity linked interest Securities will bear or pay interest by reference to the value of one or more equity securities.

Equity Linked Notes may not benefit from the same ratings assigned to other Securities to be issued under the Programme. Investors should note that no specific rating for the Securities may have been applied for or sought.

Corporate Actions and Events

Equity Linked Notes may be subject to early redemption in the event of certain corporate actions or events occurring in respect of the issuer(s) of the equity security(ies). On such early redemption Securityholders will receive an early redemption amount equal to the fair market value of the Securities less Early Redemption Unwind Costs (see page [66] below). Unless the rules of the market or trading facility upon which the Securities are listed and admitted to trading require otherwise, the early redemption amount may be less than an investors' original investment and may in certain circumstances be zero.

Disruption Provisions for Equity Linked Notes

Where "Disrupted Day" is specified as applying in the applicable Final Terms (or Pricing Supplement, in the case of Exempt Securities), the Calculation Agent may determine that an event giving rise to a Disrupted Day has occurred at any relevant time. Any such determination may have an effect on the timing of valuation and consequently the value of the Securities and/or may delay payment, or in the case of equity linked redemption Notes, settlement in respect of the Securities.

Where equity linked redemption Exempt Securities provide for physical delivery, the Calculation Agent may determine that a Settlement Disruption Event is subsisting. A Settlement Disruption Event is an event beyond the control of the Issuer as a result of which, in the opinion of the Calculation Agent, delivery of the specified assets to be delivered by or on behalf of the Issuer is not practicable. Any such determination may affect the value of the Securities and/or may delay settlement in respect of the Securities.

Index Linked Notes

Index linked redemption Notes may be redeemed by the Issuer by payment of the par value amount and/or by payment of an amount determined by reference to the value of one or more indices. Accordingly, an investment in index linked redemption Notes may bear similar market risks to a direct investment in the components of the Index comprising such index or indices and prospective investors should take advice accordingly. Index linked interest Securities will bear or pay interest calculated by reference to the value of one or more indices.

Index Linked Notes may not benefit from the same ratings assigned to other Securities to be issued under the Programme. Investors should note that no specific rating for the Securities may have been applied for or sought.

Index Adjustment Events

Index Linked Notes may be subject to early redemption following an Index Adjustment Event. An Index Adjustment Event can be either:

- (a) a failure to calculate and announce the relevant index by the index sponsor;
- (b) a material modification in the way that the relevant index is calculated from that originally intended; or
- (c) a permanent cancellation of the relevant index with no successor index.

On such early redemption, Securityholders will receive an early redemption amount equal to the fair market value of the Securities less Early Redemption Unwind Costs (see page [66] below). Unless the rules of the market or trading facility upon which the Securities are listed and admitted to trading require otherwise the early

redemption amount may be less than an investors' original investment amount and may in certain circumstances be zero.

Disruption Provisions for Index Linked Redemption Notes

Where "Disrupted Day" is specified as applying in the applicable Final Terms (or Pricing Supplement, in the case of Exempt Securities), the Calculation Agent may determine that an event giving rise to a Disrupted Day has occurred at any relevant time. Any such determination may have an effect on the timing of valuation and consequently the value of the Securities and may delay settlement in respect of the Securities.

Inflation Linked Notes

Inflation index linked redemption Notes may be redeemed by the Issuer by payment of the par value amount and/or by payment of an amount determined by reference to the value of one or, in the case of Exempt Securities, more indices.

Index Linked Notes may not benefit from the same ratings assigned to other Securities to be issued under the Programme. Investors should note that no specific rating for the Securities may have been applied for or sought.

Currency Linked Notes (Exempt Securities only)

Currency linked redemption Notes may be redeemed by the Issuer by payment of the par value amount and/or by payment of an amount determined by reference to the rate of exchange between one or more currencies. Accordingly, an investment in currency linked redemption Notes may bear similar market risks to a direct currency investment and investors should take advice accordingly. Currency linked interest Securities will bear or pay interest calculated by reference to the rate of exchange between one or more currencies.

Currency Linked Notes may not benefit from the same ratings assigned to other Securities to be issued under the Programme. Investors should note that no specific rating for the Securities may have been applied for or sought.

Commodity Linked Notes (Exempt Securities only)

Commodity linked redemption Notes may be redeemed by the Issuer by payment of the par value amount or by payment of an amount determined by reference to the value of one or more commodities. Accordingly, an investment in commodity linked redemption Notes whose redemption is commodity linked may bear similar market risks to a direct commodity investment and investors should take advice accordingly. Commodity linked interest Securities will bear or pay interest calculated by reference to the value of one or more commodities.

Commodity Linked Notes may not benefit from the same ratings assigned to other Securities to be issued under the Programme. Investors should note that no specific rating for the Securities may have been applied for or sought.

Fund Linked Notes (Exempt Securities only)

Fund linked redemption Notes may be redeemed by the Issuer by payment of the par value amount or by payment of an amount determined by reference to the value of one or more shares or units in a fund. Accordingly, an investment in fund linked redemption Notes may bear similar market risks to a direct fund investment and investors should take advice accordingly. Fund linked interest Securities will bear or pay interest calculated by reference to the value of one or more shares or units in a fund.

Fund Linked Notes may not benefit from the same ratings assigned to other Securities to be issued under the Programme. Investors should note that no specific rating for the Securities may have been applied for or sought.

Market Disruption and Termination/Adjustment Provisions for Fund Linked Notes

The market disruption and termination/adjustment provisions will vary on a case-by-case basis depending on the nature of the relevant fund. Prospective investors should review the relevant fund documentation and the applicable Pricing Supplement in respect of an issue of Fund Linked Notes.

Credit Linked Notes

General

Credit Linked Notes may only be governed by English law and may be redeemed by the Issuer by payment of the par value amount and/or by the physical delivery of a given number of specified assets and/or by payment of an amount depending on whether certain events ("**Credit Events**") have occurred in respect of one or more Reference Entities and, if so, on the value of certain specified assets of the Reference Entity(ies) or where, if such events have occurred, on redemption the Issuer's obligation is to deliver certain specified assets. Since the relevant assets will be issued, guaranteed or insured by the Reference Entity affected by the Credit Event, the value of such assets at the relevant time may be considerably less than would be the case if the Credit Event had not occurred.

In certain circumstances Credit Events may occur with respect to an entity other than the Reference Entity or an obligation which has not been directly issued or incurred by the Reference Entity (for example if the provisions taken from the ISDA Sukuk Transaction Types supplement apply to the Securities, a Credit Event may occur in respect of a Sukuk Issuer or an obligation issued by a Sukuk Issuer, being an entity which has recourse to the Reference Entity for the purposes of funding amounts due under certain of its instruments. Similarly, if the provisions taken from the ISDA LPN Reference Entities supplement applies to the Securities, a Credit Event may occur in respect of a LPN Issuer or an obligation of a LPN Issuer, being an entity which issues loan participation notes solely to provide funds to finance the Reference Entity). In addition, the relevant assets determined for settlement purposes may be obligations of an entity other than the Reference Entity (for example the Sukuk Issuer or LPN Issuer) and these risk factors will be construed accordingly.

Investors should note that each of the Credit Event Redemption Amount, any Asset Amount and any Cash Settlement Amount (if "Unwind Costs" is specified as applicable in the applicable Final Terms (or Pricing Supplement, in the case of Exempt Securities)) and any Early Redemption Amount will have deducted from it an amount equal to either (a) the amount specified in the relevant Final Terms (or Pricing Supplement, in the case of Exempt Securities) to be the unwind costs or (b) an amount determined by the Calculation Agent equal to the sum of (without duplication) all costs, fees, charges, expenses (including loss of funding), tax and duties incurred by the Issuer and/or any of its Affiliates in connection with the redemption of the Credit Linked Notes and the related termination, settlement or re-establishment of any hedge or related trading position, such amount to be apportioned *pro rata* amongst the Credit Linked Notes. Investors may therefore receive back less than their initial investment or, in the case of redemption following the occurrence of a Credit Event, losses may be greater than if the investor were to hold obligations of the Reference Entity directly.

The market price of the Securities may be volatile and may be affected by, among other things, the creditworthiness of the Reference Entity (which in turn may be affected by the economic, financial and political events in one or more jurisdictions) and the time remaining until maturity.

Credit Events

Events that will constitute a "Credit Event" for these purposes are as specified in the applicable Final Terms (or Pricing Supplement, in the case of Exempt Securities) and, depending on which is specified as applicable in the applicable Final Terms (or Pricing Supplement in the case of Exempt Securities), as further described in Credit Linked Notes Annex A or Credit Linked Notes Annex B (each a "**Credit Linked Notes Annex**" and together the "**Credit Linked Notes Annexes**"). The Credit Events that apply to the Securities will be specified in the applicable Final Terms (or Pricing Supplement, in the case of Exempt Securities) and may include, without limitation, the occurrence of one or more of the following:

- (a) Bankruptcy - the Reference Entity goes bankrupt;

- (b) Failure to Pay - subject to a minimum threshold amount, the Reference Entity fails to pay any amounts due on any of its borrowings (including its bonds or loans) or, where applicable, guarantees (which, for the purposes of these risk factors, includes guarantees and insurance pursuant to a guarantee);
- (c) Obligation Acceleration - the Reference Entity defaults on a minimum amount of its borrowings (including its bonds or loans) or, where applicable, guarantees and as a result such obligations are accelerated;
- (d) Obligation Default - the Reference Entity defaults on a minimum amount of its borrowings (including its bonds or loans) or, where applicable, guarantees and as a result such obligations are capable of being accelerated;
- (e) Restructuring - following a deterioration of the Reference Entity's creditworthiness, any of its borrowings or, where applicable, guarantees, subject to a minimum threshold amount of such borrowings or, where applicable, guarantees, are restructured in such a way as to adversely affect a creditor (such as a reduction or postponement of the interest or principal payable on a bond or loan); and
- (f) Repudiation/Moratorium - (i) the Reference Entity repudiates or rejects, in whole or in part, its obligations in relation to its borrowings or, where applicable, its guarantees, or it declares or imposes a moratorium with respect to its borrowings or, where applicable, guarantees and (ii) thereafter within a certain period it fails to pay any amounts due on any of its borrowings (including its bonds or loans) or, where applicable, its guarantees, or it restructures any of its borrowings or, where applicable, guarantees in such a way as to adversely affect a creditor; and
- (g) if Credit Linked Notes Annex B applies to the Credit Linked Notes, Governmental Intervention – any of the Reference Entity's borrowings or, where applicable, guarantees are restructured in such a way as to adversely affect a creditor (such as a reduction or postponement of the interest or principal payable on a bond or loan), are expropriated or amended in such a way that the beneficial holder is changed or are mandatorily cancelled, converted or exchanged or any similar event occurs with respect thereto, in each case as a result of Governmental Authority action or announcement pursuant to or by means of a restructuring and resolution law or regulation (or similar).

Prospective investors should note that not all of the possible Credit Events require an actual default with respect to the obligations of a relevant Reference Entity. Securityholders could bear losses based on deterioration in the credit of any relevant Reference Entity(ies) short of a default, subject to the provisions set out in the applicable Final Terms (or Pricing Supplement, in the case of Exempt Securities).

Early Redemption upon Merger Event

If applicable, in the event that in the determination of the Calculation Agent a Merger Event has occurred the Issuer may redeem the Credit Linked Notes early at the Early Redemption Amount.

Early Redemption on Redemption in whole of Reference Obligation for Reference Obligation Only Securities Relating to a Single Reference Entity

If Credit Linked Notes Annex B applies and the Credit Linked Notes are Reference Obligation Only Securities relating to a single Reference Entity and the Reference Obligation is redeemed in whole, the Issuer will redeem the Credit Linked Notes early at the Early Redemption Amount.

ISDA Credit Derivatives Definitions

This Prospectus contains Terms and Conditions for Credit Linked Notes some of which terms are based on the 2003 ISDA Credit Derivatives Definitions (as supplemented) (the "**2003 ISDA Definitions**") (see the section entitled "*Annexes to the Terms and Conditions - Credit Linked Notes Annex A*") and further Terms and Conditions for Credit Linked Notes some of which terms are based on the 2014 Credit Derivatives Definitions (the "**2014 ISDA Definitions**") (see the section entitled "*Annexes to the Terms and Conditions - Credit Linked Notes Annex B*"). While there are similarities between the terms used in such Annexes and the terms used in

the 2003 ISDA Definitions or 2014 ISDA Definitions, as applicable, there are a number of differences (including, without limitation, whether or not Credit Derivatives Determinations Committee determinations are applicable (see further below), the operation of the credit protection period and, if auction settlement applies, the auction(s) which may be applicable on a M(M)R Restructuring Credit Event). In particular, the Issuer has determined that certain provisions of the Credit Derivatives Definitions, which are intended for use by market participants in "over the counter" transactions, require amendment when incorporated in the terms of an offering of securities such as the Credit Linked Notes. Therefore, a prospective investor should understand that the complete terms and conditions of the Credit Linked Notes are as set out in this Base Prospectus and the applicable Final Terms (or Pricing Supplement, in the case of Exempt Securities) and that neither the 2003 ISDA Definitions nor the 2014 ISDA Definitions are incorporated by reference herein. Consequently, investing in Credit Linked Notes is not necessarily equivalent to investing a credit default swap that incorporates either set of ISDA Definitions.

While ISDA has published and, where applicable, supplemented the 2003 ISDA Definitions and 2014 ISDA Definitions in order to facilitate transactions and promote uniformity in the credit derivatives market, the credit derivatives market has evolved over time and is expected to continue to change. Consequently, the 2003 ISDA Definitions and 2014 ISDA Definitions and the terms applied to credit derivatives, including Credit Linked Notes are subject to further evolution. Past events have shown that the view of market participants may differ as to how the Credit Derivatives Definitions operate or should operate. As a result of the continued evolution of the market, the Credit Linked Notes may not conform to future market standards. Such a result may have a negative impact on the Credit Linked Notes. Furthermore, there can be no assurances that changes to the terms applicable to credit derivatives generally will be predictable or favourable to the Issuer or the Securityholders.

Differences between the 2003 ISDA Definitions and the 2014 ISDA Definitions

There are a number of important differences between the 2003 ISDA Definitions and the 2014 ISDA Definitions. In particular the 2014 ISDA Definitions have:

- (a) introduced a new Credit Event of "Governmental Intervention", which is intended to capture "bail-in" procedures to which financial institutions may be subject;
- (b) made certain amendments to the Restructuring Credit Event to provide for the possibility of a Euro exit;
- (c) reduced the number of buckets applicable in circumstances where Mod Mod R is applicable and deleted the concept of the "Enabling Obligation" which was previously applicable to both Mod R and Mod Mod R;
- (d) introduced the concept of Asset Package Delivery in respect of certain Financial Reference Entities and Sovereigns. This provides that if Deliverable Obligations are exchanged into non-Deliverable assets or written-down in part or in full, in certain circumstances, the credit protection buyer will be able to deliver the resultant package of Assets or the written-down Deliverable Obligation to realise its protection;
- (e) split credit protection between senior and subordinated coverage in respect of a Governmental Intervention and Restructuring Credit Event for Financial Reference Entities, *i.e.* a Senior Transaction will only be triggered by a Restructuring or Governmental Intervention of Senior Obligations and a Subordinated Transaction will not be capable of being triggered by a Restructuring or Governmental Intervention of an obligation which is Subordinated to the Subordinated Reference Obligation;
- (f) made a number of changes to the provisions for determining a Successor to a Reference Entity, particularly with respect to Financial and Sovereign Reference Entities;
- (g) provided for a new election of "Standard Reference Obligation" which, if chosen, will mean that the Reference Obligation will be the obligation of the relevant seniority level published in respect of the relevant Reference Entity on a List maintained by ISDA. A transaction on the terms of the 2014 ISDA Definitions may elect not to apply that election such that the Reference Obligation would remain as chosen by the parties, although, if this is the case, the procedure for selecting a Substitute Reference Obligation has also changed significantly in the 2014 ISDA Definitions;

- (h) replaced the Not Contingent Deliverable Obligation Characteristic with the concept of Outstanding Principal Balance. In order for an obligation (including the Reference Obligation) to constitute a Deliverable Obligation, it must have an Outstanding Principal Balance greater than zero;
- (i) amended the definition of "Qualifying Guarantee" to expand the universe of guarantees that can constitute Qualifying Guarantees (with a particular emphasis on including, to some extent, guarantees with caps or transfer provisions); and
- (j) introduced a large number of technical and other changes.

These changes in the 2014 ISDA Definitions as compared to the 2003 ISDA Definitions have been reflected in Credit Linked Notes Annex B, but in each case subject to important differences, including to reflect the nature of the Credit Linked Notes as compared to "over-the-counter" transactions and to reflect hedging arrangement of the Issuer. Some changes, such as the inclusion of a new Credit Event, may have significant economic effect on the Credit Linked Notes and may mean the value of the Credit Linked Notes and the return (if any) to investors is significantly different from Credit Linked Notes using Credit Linked Notes Annex A. Some changes may be disadvantageous to Securityholders and prospective investors should review carefully the terms of any issue of Credit Linked Notes and, where in any doubt, take advice from suitably qualified professional advisers.

Credit Derivatives Determinations Committees and ISDA Auctions

As further provided in the Credit Linked Notes Annexes, the determination as to whether or not a Credit Event has occurred may, if "DC Determinations" is specified as applicable in the applicable Final Terms (or Pricing Supplement in the case of Exempt Securities) be made on the basis of a determination of a committee established by ISDA pursuant to the 2009 ISDA Credit Derivatives Determinations Committees and Auction Settlement Supplement to the 2003 ISDA Definitions (published on 12 March 2009) (the "**2009 Supplement**") for the purposes of making certain determinations in connection with credit derivative transactions (a "**Credit Derivatives Determinations Committee**").

In such circumstances the relevant determination pursuant to the terms and conditions of the Credit Linked Notes is subject to the announcements, publications, determinations and resolutions made by ISDA and/or the Credit Derivatives Determinations Committees, unless the Calculation Agent determines that it is inappropriate to follow such announcements, publications, determinations and resolutions as provided therein (see the section entitled "*Disapplication of DC Resolution*" below).

Credit Derivatives Determinations Committees also apply under the 2014 ISDA Definitions and if Credit Linked Notes Annex B applies to the Credit Linked Notes and "DC Determinations" is specified as applicable in the Final Terms (or Pricing Supplement, in the case of Exempt Securities), the determination as to whether or not a Credit Event has occurred may also be subject to the announcements, publications, determinations and resolutions made by those Credit Derivatives Determinations Committees (unless the Calculation Agent determines inappropriate).

Certain other determinations under the Credit Linked Notes, including without limitation determinations with respect to Successors and Substitute Reference Obligations, may also follow determinations and/or approvals of the relevant Credit Derivatives Determinations Committee (unless the Calculation Agent determines inappropriate).

In any such cases any such announcements, publications, determinations and resolutions could therefore affect the amount and timing of payments of interest on and principal of the Credit Linked Notes or deliveries pursuant to the terms of the Credit Linked Notes. The Issuer, the Dealer and no other related person will have any liability to any person for any determination or calculation and/or any delay or suspension of payments and/or redemption of the Credit Linked Notes resulting from or relating to any announcements, publications, determinations and resolutions made by ISDA and/or any of the Credit Derivatives Determinations Committees. Further information regarding the ISDA Credit Derivatives Determinations Committees can be found at www.isda.org/credit.

In certain circumstances, following the occurrence of a Credit Event if the relevant Credit Derivatives Determinations Committee determines that one or more auctions will be held in accordance with any Credit

Derivatives Auction Settlement Terms published by ISDA in relation to obligations of appropriate seniority of the Reference Entity (in the case of Credit Linked Notes to which Credit Linked Notes Annex A applies, applicable to credit derivatives transactions incorporating the 2009 Supplement or the case of Credit Linked Notes to which Credit Linked Notes Annex B applies, applicable to credit derivatives transactions incorporating the 2014 ISDA Definitions), Credit Linked Notes may be redeemed by the Issuer by payment of an amount linked to the value determined pursuant to the relevant auction. Investors should note that the value determined pursuant to such ISDA auction (if applicable) will be determined by reference to obligations of the Reference Entity which may not include the Reference Obligation and such value may be lower than the market value that would otherwise have been determined in respect of the Reference Obligation. In addition, if the Credit Event is a Restructuring Credit Event, in certain circumstances the ISDA auction determined to be applicable may be for obligations of the Reference Entity of considerably longer tenor than the Reference Obligation, and as a result it is very likely that the value determined pursuant to such ISDA auction will be lower than the market value that would otherwise have been determined in respect of the Reference Obligation.

Prospective investors should note that Deutsche Bank or an affiliate of Deutsche Bank may be a member of the Credit Derivatives Determinations Committee responsible for determining the occurrence of Credit Events for the purposes of certain credit derivatives transactions. This may cause conflicts of interest which could affect its voting behaviour, and thus the determinations made by a Credit Derivatives Determinations Committee, which may be detrimental to investors.

Any references in these "*Credit Linked Notes*" risk factors to ISDA will include any other entity which succeeds to or is performing functions previously undertaken by ISDA in relation to Credit Derivatives Determinations Committees and references to Credit Derivatives Determinations Committees in relation to ISDA will include any successor thereto. The Calculation Agent may make such adjustments to the Credit Conditions and the applicable Final Terms (or Pricing Supplement, in the case of Exempt Securities) as it determines appropriate to account for any other entity so succeeding to or performing functions previously undertaken by ISDA.

If a Reference Obligation is a subordinated debt obligation, investors in the Securities should be aware that, on the occurrence of a Credit Event, the value of that Reference Obligation or the value determined pursuant to the ISDA auction in respect of obligations of appropriate seniority (being subordinated obligations) and (if the Credit Event is a restructuring) tenor of the relevant Reference Entity, as applicable, will be less than that of senior unsecured obligations of the Reference Entity and therefore the amount (if any) payable to investors in the Securities on redemption following a Credit Event will be lower (and is more likely to be zero) than if that Reference Obligation were a senior unsecured obligation.

Disapplication of DC Resolution

The Calculation Agent may in certain circumstances taking into account the differences between the 2003 ISDA Definitions or 2014 ISDA Definitions, as applicable, and the terms of the Credit Linked Notes and such other factor(s) as it deems appropriate, determine that a DC Resolution is inappropriate to follow for the purposes of the Credit Linked Notes including in relation to the determination of whether a Credit Event has occurred and the determination of a Successor.

Amendment of Terms in Accordance with Market Convention

The Calculation Agent may from time to time amend the terms of the Credit Linked Notes in any manner which the Calculation Agent determines in a commercially reasonable manner is necessary or desirable:

- (i) to incorporate and/or reflect further or alternative documents or protocols from time to time published by ISDA with respect to the documentation, trading or settlement of credit derivative transactions and/or the operation or application of determinations by the ISDA Credit Derivatives Determinations Committees; and/or
- (ii) to reflect or account for market practice for credit derivative transactions.

Physically Settled Credit Linked Notes

Where the Securities provide for physical delivery, the Issuer may determine that the specified assets to be delivered are either (a) assets which for any reason (including, without limitation, failure of the relevant clearance system or due to any law, regulation, court order or market conditions or the non-receipt of any requisite consents with respect to the delivery of assets which are loans) it is impossible or illegal to deliver on the Settlement Date or (b) assets which the Issuer and/or any Affiliate has not received under the terms of any transaction entered into by the Issuer and/or such Affiliate to hedge the Issuer's obligations in respect of the Securities. Any such determination may delay settlement in respect of the Securities and/or cause the obligation to deliver such specified assets to be replaced by an obligation to pay a cash amount which, in either case, may affect the value of the Securities and, in the case of payment of a cash amount, will affect the timing of the valuation of such Securities and as a result, the amount of principal payable on redemption. Prospective purchasers should carefully review the Terms and Conditions of the Securities and the applicable Final Terms (or Pricing Supplement, in the case of Exempt Securities) to ascertain whether and how such provisions should apply to the Securities.

No Investigation or Due Diligence of Reference Entities

No investigation, due diligence or other enquiries have been made by the Issuer, any Dealer or any other related person in respect of any Reference Entity (including its existing or future creditworthiness) or any Reference Obligation, Obligation, Deliverable Obligation or other obligations of the Reference Entity (as applicable). No representations, warranties or undertakings whatsoever have been or will be made by the Issuer, any Dealer or any other related person in respect of the Reference Entity (including its existing or future creditworthiness) or any Reference Obligation, Obligation, Deliverable Obligation or other obligations of the Reference Entity (as applicable). Prospective investors in Credit Linked Notes should make their own evaluation as to the creditworthiness of each Reference Entity and the likelihood of the occurrence of a Credit Event.

Sovereign Reference Entities

Credit Linked Notes may be linked to the credit of one or more sovereign or governmental entity or quasi-governmental entity, and therefore payment of amounts due or delivery of any assets pursuant to the terms and conditions of the Credit Linked Notes, including any applicable interest payments, may be subject to sovereign risks. These include the potential default by such sovereign, government/quasi government issuer or the occurrence of political or economic events resulting in or from governmental action such as the declaration of a moratorium on debt repayment or negating repayment obligations of the sovereign issuer. If any such event were to occur, holders of such Credit Linked Notes may lose up to all of their initial investment in such Credit Linked Notes.

No Claim against any Reference Entity

A Credit Linked Note will not represent a claim against any Reference Entity in respect of which any amount of principal and/or interest payable or, if "Physical Delivery" is specified as an applicable settlement method for the Credit Linked Notes in the applicable Final Terms (or Pricing Supplement, in the case of exempt Securities), the amount of assets deliverable in respect of the Credit Linked Notes, is dependent and, in the event that the amount paid by the Issuer or value of the specified assets delivered on settlement of the Credit Linked Notes is less than the principal amount of the Credit Linked Notes, a Securityholder will not have recourse under a Credit Linked Note to the Issuer or any Reference Entity.

An investment in Credit Linked Notes linked to one or more Reference Entities may entail significant risks which are not associated with investments associated with conventional debt securities, including but not limited to the risks set out in this section. The amount paid or value of the specified assets delivered by the Issuer on redemption or settlement of such Credit Linked Notes may be less than the principal amount of the Credit Linked Notes, together with any accrued interest, and may in certain circumstances be zero.

No Exposure to Reference Entities

The Issuer's obligations in respect of Credit Linked Notes are irrespective of the existence or amount of the Issuer's and/or any affiliates' credit exposure to a Reference Entity and the Issuer and/or any affiliate need not suffer any loss nor provide evidence of any loss as a result of the occurrence of a Credit Event.

Postponed Maturity Date

Where Conditions to Settlement have not been satisfied (in the case of Credit Linked Notes to which Credit Linked Notes Annex A applies) or a Credit Event Determination Date has not occurred (in the case of Credit Linked Notes to which Credit Linked Notes Annex B applies) in each case on or prior to the Scheduled Maturity Date but (a) the Repudiation/Moratorium Extension Condition has been satisfied, (b) a Potential Failure to Pay has occurred or (c) if on the Scheduled Maturity Date, the Repudiation/Moratorium Evaluation Date or the Grace Period Extension Date (as applicable) the Calculation Agent determines that a Credit Event may have occurred or a Potential Repudiation/Moratorium may have occurred, the relevant Maturity Date of the Credit Linked Notes may be extended pursuant to the terms and conditions of the Credit Linked Notes such that investors may experience delays in receipt of payments or deliveries that would otherwise have occurred in accordance with the terms of the Credit Linked Notes.

Other Types of Credit Linked Notes

Credit Linked Notes may also be "**first to default credit linked securities**" which refers to the exposure to the credit risk of a basket of Reference Entities. Where a Credit Event occurs in relation to a Reference Entity and Conditions to Settlement are satisfied (in the case of Credit Linked Notes to which Credit Linked Notes Annex A applies) or a Credit Event Determination Date occurs (in the case of Credit Linked Notes to which Credit Linked Notes Annex B applies), the Securities may be redeemed by the Issuer as set out above but Conditions to Settlement may only be satisfied or a Credit Event Determination Date may only occur, as applicable, on one occasion, unless the Calculation Agent delivers a Credit Event Notice in respect of only part of the principal amount outstanding of each Security, in which case Conditions to Settlement may be satisfied or a Credit Event Determination Date may occur, as applicable, on a further occasion and in respect of any Reference Entity. If Conditions to Settlement are satisfied or a Credit Event Determination Date occurs, as applicable, in respect of more than one Reference Entity on the same date, the Calculation Agent will determine which Reference Entity is the Reference Entity in respect of which Conditions to Settlement are satisfied or the Credit Event Determination Date has occurred. The basket of Reference Entities increases the likelihood that a Credit Event may occur prior to the maturity date of the Securities.

The Issuer may issue "**Portfolio Credit Linked Securities**" which are Credit Linked Notes linked to the performance of a portfolio of Reference Entities. Under Portfolio Credit Linked Notes the amount of principal and interest (if any) payable by the Issuer is dependent on whether a Credit Event in respect of one or more of Reference Entities has occurred. Where such Securities are "zero recovery" Portfolio Credit Linked Notes, the loss suffered by investors on a Credit Event occurring in respect of a Reference Entity will be equal to the entire weighting of that Reference Entity in the portfolio.

The Issuer may issue "**Single Name Zero Recovery Credit Linked Securities**" which are Credit Linked Notes linked to the performance of a single Reference Entity under which if a Credit Event occurs in respect of the Reference Entity, the Credit Linked Notes will cease to pay interest and will be cancelled at zero and investors will lose their entire investment.

The Issuer may issue "**Fixed Recovery Securities**" which are Credit Linked Notes where the amount payable on redemption of the Securities following the occurrence of a Credit Event is fixed.

The amount of interest payable on Credit linked interest Notes will depend on whether or not a Credit Event has occurred in respect of one or more Reference Entities.

The Issuer may also issue "**pass-through Securities**" which are Credit Linked Notes under which the amount of interest and/or principal (in each case if any) payable is dependent on amount(s) paid under a "holding" of specified obligations of the Reference Entity. Further risk factors in relation to EM Pass-Through Securities, a

type of pass-through Securities, are set out below. Other types of pass-through Securities will be Exempt Securities.

EM Pass-Through Securities

EM Pass-Through Securities are credit-linked to the performance of the Reference Entity and Obligations of the Reference Entity (including the Reference Obligation comprising the Holding) and currency linked to the convertibility of the currency in which the Securities are denominated from or into the Specified Currency of the Securities and early redemption of the Securities may be triggered through certain events which are linked to the performance and creditworthiness of the Reference Entity. Investors should note that the amounts payable by the Issuer in respect of the Securities are linked to the value of and amounts that would be received by a Holding Party in respect of the Holding (and therefore such amounts as they would be reduced by deductions for withholding taxes as applicable) and that in certain circumstances the Securities will not pay interest and the amount paid to Securityholders on redemption may be less than the amounts paid by it in respect of the Securities and may in certain circumstances be zero.

Investors should also note that (a) if an Inconvertibility Event has occurred and is subsisting, in lieu of paying amounts in respect of the Securities in the Specified Currency, the Issuer may pay such amounts in the currency in which the Securities are denominated and (b) if it is unlawful, impossible, or otherwise impracticable for the Issuer to make payment of any such denomination currency amount, the Issuer may postpone payment of such amount.

No Claim against any Reference Item

A Security will not represent a claim against any Reference Item to which the amount of principal and/or interest payable, or, if "Physical Settlement" or "Physical Delivery" is specified as an applicable settlement method for the Securities in the applicable Final Terms (or Pricing Supplement, in the case of Exempt Securities), the amount of assets deliverable in respect of the Securities, is dependent and, in the event that the amount paid by the Issuer or value of the specified assets delivered on redemption of the Securities is less than the principal amount of the Securities, a Securityholder will not have recourse under a Security to the Issuer or any Reference Item.

An investment in Securities linked to one or more Reference Items may entail significant risks not associated with investments in conventional debt securities, including but not limited to the risks set out in this section "*Reference Items*". The amount paid or value of the specified assets delivered by the Issuer on redemption of such Securities may be less than the principal amount of the Securities, together with any accrued interest, and may in certain circumstances be zero.

Reference Rates

As described in the section entitled "*Description of the Securities – Description of Interest Rate and Redemption Provisions*", Securities may be issued where the amount of interest payable or the amount payable on redemption are linked to a Reference Rate.

Securities where the amount of interest payable or the amount payable on redemption are linked to a Reference Rate can be volatile investments. Investors who purchase such Securities will be exposed to the risk of a fluctuating Reference Rate and consequently variable interest amounts or redemption amounts which cannot be pre-estimated. If such Securities are structured to include multipliers or other leverage factors, or caps or floors, or any combination of those features, the market value of those securities may be more volatile than that for securities that do not include these features.

RISK FACTORS RELATING TO CERTAIN FEATURES OF SECURITIES

A wide range of Securities may be issued under the Programme. The Issuer may issue Securities which may have one or more of the features described below which contain particular risks for potential investors. The amount of interest and/or principal payable and/or the amount of assets deliverable may depend on these features alone and/or in combination with other features and Reference Items. Prospective investors should be

aware that they may lose all or a substantial portion of their investment. A combination of more than one of the features outlined below may increase the volatility of the price of the Securities in the secondary market.

Inverse Variable Rate Securities

The market value of Securities which bear or pay interest at a variable rate inversely linked to a specified reference rate typically is more volatile than the market value of other more conventional floating or other variable rate securities based on the same reference rate. These Securities are more volatile because an increase in the relevant reference rate not only decreases the interest rate payable on the Securities, but may also reflect an increase in prevailing interest rates, which may further adversely affect the market value of these Securities.

Capped Variable Rate Securities

The maximum amount of interest payable in respect of Securities that bear or pay interest with a capped variable rate will equal the sum of the reference rate and any specified margin subject to a specified maximum rate. Consequently investors in these Securities will not benefit from any increase in the relevant reference rate if, when added to the specified margin, such resulting rate is equal to or greater than the maximum specified rate. The market value of these Securities would typically fall the closer the sum of the relevant reference rate and any margin is to the maximum specified rate. The yield of Securities with a capped variable rate may be considerably lower than that of similar Securities without a cap.

Securities whose Interest and/or Redemption Amount is Calculated by Reference to a Formula

Where an issue of Securities references a formula in the applicable Terms and Conditions (which may be replicated in the applicable Final Terms or Pricing Supplement, in the case of Exempt Securities) or, in the case of Exempt Securities, the Pricing Supplement as the basis upon which the interest payable and/or the amount payable and/or assets deliverable on redemption is calculated potential investors should ensure that they understand the relevant formula and if necessary seek advice from their own financial adviser.

In addition the effects of the formula may be complex with respect to expected amounts of interest and/or amounts payable and/or assets deliverable on redemption and in certain circumstances may result in increases or decreases in these amounts.

Participation in Performance

Where the amount of interest payable and/or amounts payable and/or assets deliverable on redemption of Securities may be determined by reference to a ratio greater than one, prospective investors should note that the effect of changes in the price or level of the floating rate or Reference Item(s) payable will be magnified. Conversely, where the ratio is less than one, the effect will be reduced and investors will not benefit (as applicable) from the full performance of the floating rate or Reference Item(s).

Securities Issued at a Substantial Discount or Premium

The market value of securities issued at a substantial discount or premium from their principal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing securities. Generally, the longer the remaining term of the securities, the greater the price volatility as compared to conventional interest-bearing securities with comparable maturities.

Partly-paid Securities (Exempt Securities only)

The Issuer may issue Securities (except within the United States or to U.S. persons) where the issue price is payable in more than one instalment. Failure to pay any subsequent instalment could result in an investor losing all of its investment.

Securities Subject to Optional Redemption by the Issuer

Securities which include a redemption option by the Issuer are likely to have a lower market value than similar securities which do not contain an Issuer redemption option. An optional redemption feature is likely to limit the market value of Securities. During any period when the Issuer may elect to redeem the Securities, the market value of those Securities generally will not rise substantially above the price at which they may be redeemed. This may also be the case prior to any redemption period.

The Issuer may be expected to redeem Securities when its cost of borrowing is lower than the interest rate on the Securities. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Securities being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time.

The applicable Final Terms (or Pricing Supplement, in the case of Exempt Securities) will indicate whether the Issuer has the right to redeem the Securities prior to maturity. The Issuer may exercise its right to redeem the Securities if the yield on comparable Securities in the market falls which may result in the investor only being able to invest the redemption proceeds in Securities with a lower yield. If specified in the applicable Final Terms (or Pricing Supplement, in the case of Exempt Securities), the Issuer will have the right to redeem the Securities, if the Issuer is required to gross-up payments as a result of the imposition of certain taxes. If the Issuer redeems the Securities prior to maturity, a holder of such Securities is exposed to the risk that as a result of such early redemption its investment will have a lower than expected yield.

Subordinated Notes

The Issuer may issue Subordinated Notes. The obligations of the Issuer under Subordinated Notes constitute unsecured and subordinated obligations and will rank junior in priority of payment to unsubordinated obligations. In the event of insolvency or liquidation of the Issuer, such obligations will be subordinated to the claims of all unsubordinated creditors of the Issuer so that in any such event no amounts will be payable in respect of such obligations until the claims of all unsubordinated creditors of the Issuer have been satisfied in full. The Issuer expects from time to time to incur additional indebtedness or other obligations that will constitute senior indebtedness, and the Subordinated Notes do not contain any provisions restricting the Issuer's ability to incur senior indebtedness. Although the Subordinated Notes may pay a higher rate of interest than comparable Securities which are not so subordinated, there is a real risk that an investor will lose all or some of its investment should the Issuer become insolvent since its assets would be available to pay such amounts only after all of its senior creditors have been paid in full.

Subordinated Notes are intended to qualify as Tier 2 capital instruments within the meaning of Article 63 of the Regulation (EU) No 575/2013 of the European Parliament and of the Council of 26 June 2013 on prudential requirements for credit institutions and investment firms and amending Regulation (EU) No 648/2012 (including any provisions of regulatory law supplementing this Regulation) ("**CRR**"); to the extent that any provisions of the CRR are amended or replaced, the term "CRR" shall refer to such amended provisions or successor provisions.

In the context of a Regulatory Bail-in the Subordinated Notes will be written down or converted to common equity tier 1 capital instruments of the Issuer before any non-subordinated liabilities of the Issuer are affected by such measures. Accordingly, trading behaviour in respect of the Subordinated Notes may not follow the trading behaviour associated with other types of securities.

The Issuer may redeem all, but not some, of the Subordinated Notes at its option at any time prior to maturity upon the occurrence of certain regulatory events. If the Issuer redeems the Subordinated Notes, holders of such Securities may not be able to reinvest the amounts they receive upon redemption at a rate that will provide the same rate of return as did the investment in the Subordinated Notes.

In the event of the dissolution, liquidation, insolvency, composition or other proceedings for the avoidance of insolvency of, or against, the Issuer, the obligations under the Subordinated Notes will be fully subordinated to the claims of other unsubordinated creditors of the Issuer. Accordingly, in any such event no amounts shall be payable in respect of the Subordinated Notes until in any such event no amounts shall be payable in respect of the Subordinated Notes until the claims of such other unsubordinated creditors of the Issuer have been satisfied

in full. Accordingly, the Securityholder's rights under the Securities will rank behind all unsubordinated creditors of the Issuer in the event of the insolvency or liquidation of the Issuer. The Issuer's payment obligations under the Securities will rank *pari passu* amongst themselves and with all claims in respect of existing and future instruments classified as Tier 2 capital (*Ergänzungskapital*) of the Issuer and the payment of interest payments thereunder.

The only remedy against the Issuer available to Securityholders for recovery of amounts which have become due in respect of the Subordinated Notes will be the institution of legal proceedings to enforce payment of the amounts. In an insolvency or liquidation of the Issuer, any Securityholder may only claim amounts due under the Subordinated Notes after the Issuer has discharged or secured in full (*i.e.* not only with a quota) all claims that rank senior to the Subordinated Notes.

Integral Multiples of the Specified Denomination

If Securities are issued in one or more integral multiples of a minimum Specified Denomination plus one or more higher integral multiples of another smaller amount, it is possible that such Securities may be traded in amounts in excess of the minimum Specified Denomination that are not integral multiples of such minimum Specified Denomination. In such a case a holder who, as a result of trading such amounts, holds an amount which is less than such minimum Specified Denomination in its account with the relevant clearing system would not be able to sell the remainder of such holding without first purchasing a principal amount of Securities at or in excess of the minimum Specified Denomination such that its holding amounts to a Specified Denomination. Further, a holder who, as a result of trading such amounts, holds an amount which is less than the minimum Specified Denomination in its account with the relevant clearing system at the relevant time may not receive a definitive Security in respect of such holding (should definitive Securities be printed) and would need to purchase a principal amount of Securities at or in excess of the minimum Specified Denomination such that its holding amounts to Specified Denomination.

If definitive Securities are issued, holders should be aware that definitive Securities which have a denomination that is not an integral multiple of the minimum Specified Denomination may be illiquid and difficult to trade.

RISK FACTORS RELATING TO SECURITIES GENERALLY

Set out below is a brief description of certain risks relating to the Securities generally:

Modification and Waivers

Meetings of Securityholders may be called to consider their interests generally either (a) in the case of English law governed Securities, pursuant to the Terms and Conditions of the Securities; and (b) in the case of German law governed Securities, in accordance with and subject to the German Bond Act (*Schuldverschreibungsgesetz*). At such meetings a defined majority of Securityholders may bind all Securityholders, including Securityholders who did not attend and vote at the relevant meeting and Securityholders who voted in a manner contrary to the majority.

In respect of English law governed Securities, the Terms and Conditions of the Securities also provide that the Fiscal Agent and the Issuer may, without the consent of Securityholders, agree to (a) any modification (subject to certain specific exceptions) of the Securities, the Coupons or the Receipts or the Agency Agreement which is not prejudicial to the interests of the Securityholders or (b) any modification of the Securities, the Coupons, the Receipts or the Agency Agreement which is of a formal, minor or technical nature or is made to correct a manifest error or proven error or to comply with mandatory provisions of law.

Taxation

Potential purchasers and sellers of Securities should be aware that they may be required to pay stamp taxes or other documentary charges in accordance with the laws and practices of the country where the Securities are transferred and/or any asset(s) are delivered.

Potential purchasers who are in any doubt as to their tax position should consult their own independent tax advisers. In addition, potential purchasers should be aware that tax regulations and their application by the

relevant taxation authorities change from time to time. Accordingly, it is not possible to predict the precise tax treatment which will apply at any given time.

No Tax Gross-Up in Respect of Certain Series of Securities

If the applicable Final Terms (or Pricing Supplement, in the case of Exempt Securities) specify that no withholding tax gross-up is applicable, the Issuer is not obliged to gross up any payments in respect of the Securities and all amounts payable in respect of the Securities shall be made with such deduction or withholding of taxes duties or governmental charges of any nature whatsoever imposed, levied or collected by way of deduction or withholding, if such deduction or withholding is required by law (including pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986 (the "**Code**") or otherwise pursuant to Sections 1471 through 1474 of the Code and any regulations or agreements thereunder or official interpretations thereof ("**FATCA**") or pursuant to any law implementing an intergovernmental approach thereto).

U.S. Foreign Account Tax Compliance Act Withholding

While the Securities issued by a branch or office outside the United States ("**Non-U.S. Securities**") are in global form and held within Euroclear Bank SA/NV or Clearstream Banking S.A., Luxembourg (together, the "**ICSDs**"), Clearstream Banking AG, Frankfurt ("**CBF**") or SIX SIS AG, Olten, Switzerland ("**SIS**"), in all but the most remote circumstances, it is not expected that the new reporting regime and potential withholding tax imposed by FATCA will affect the amount of any payment received by the ICSDs, CBF or SIS, as applicable (see the section entitled "*Taxation – United States – Foreign Account Tax Compliance Act*"). However, FATCA may affect payments made to custodians or intermediaries in the subsequent payment chain leading to the ultimate investor if any such custodian or intermediary generally is unable to receive payments free of FATCA withholding. It also may affect payment to any ultimate investor that is a financial institution that is not entitled to receive payments free of withholding under FATCA, or an ultimate investor that fails to provide its broker (or other custodian or intermediary from which it receives payment) with any information, forms, other documentation or consents that may be necessary for the payments to be made free of FATCA withholding. Investors should choose the custodians or intermediaries with care (to ensure each is compliant with FATCA or other laws or agreements related to FATCA) and provide each custodian or intermediary with any information, forms, other documentation or consents that may be necessary for such custodian or intermediary to make a payment free of FATCA withholding. Investors should consult their own tax adviser to obtain a more detailed explanation of FATCA and how FATCA may affect them. The Issuer's obligations under the Non-U.S. Securities are discharged once it has made payment to, or to the order of, the common depository or common safekeeper for the ICSDs (as bearer or registered holder of the Non-U.S. Securities) or CBF or SIS and the Issuer has therefore no responsibility for any amount thereafter transmitted through the ICSDs, CBF or SIS and custodians or intermediaries.

Payments on Securities issued by Deutsche Bank AG, New York Branch may be subject to withholding under FATCA if the Holder, beneficial owner or an intermediary in the chain of payments is not compliant with FATCA. The Issuer will have no obligation to pay Additional Amounts or otherwise indemnify a Securityholder in connection with any such non-compliance.

Hiring Incentives to Restore Employment Act Withholding

The U.S. Hiring Incentives to Restore Employment Act imposes a 30 per cent. withholding tax on amounts attributable to U.S. source dividends that are paid or "deemed paid" under certain financial instruments if certain conditions are met. If the Issuer or any withholding agent determines that withholding is required, neither the Issuer nor any withholding agent will be required to pay any additional amounts with respect to amounts so withheld. Prospective investors should refer to the section "*Taxation – United States – Hiring Incentives to Restore Employment Act*".

Early Redemption Unwind Costs

Prospective investors should note that, if so specified in the applicable Final Terms (or Pricing Supplement, in the case of Exempt Securities), the Early Redemption Amount in respect of certain Series of Securities will include a deduction in respect of Early Redemption Unwind Costs. If the Early Redemption Unwind Costs are stated to be Standard Early Redemption Costs, then such amount will comprise an amount determined by the

Calculation Agent equal to the sum of (without duplication) of all costs, expenses (including loss of funding), tax and duties incurred by the Issuer in connection with the redemption of the Securities and the related termination, settlement or re-establishment of any hedge or related trading position.

Hedging

In the ordinary course of its business, including without limitation in connection with its market making activities, the Issuer and/or any of its affiliates may effect transactions for its own account or for the account of its customers and hold long or short positions in Reference Item(s) or related derivatives. In addition, in connection with the offering of the Securities, the Issuer and/or any of its affiliates may enter into one or more hedging transactions with respect to the Reference Item(s) or related derivatives. In connection with such hedging or market-making activities or other trading activities by the Issuer and/or any of its affiliates, the Issuer and/or any of its affiliates may enter into transactions in the Reference Item(s) or related derivatives which may affect the market price, liquidity or value of the Securities and which could be adverse to the interests of the relevant Securityholders.

Conflicts of Interest

Where the Issuer acts as Calculation Agent or the Calculation Agent is an affiliate of the Issuer, potential conflicts of interest may exist between the Calculation Agent and Securityholders, including with respect to certain determinations and judgements that the Calculation Agent may make pursuant to the Securities that may influence the amount receivable or specified assets deliverable on redemption of the Securities.

The Issuer and any Dealer may at the date hereof or at any time hereafter, be in possession of information in relation to a Reference Item that is or may be material in the context of the Securities and may or may not be publicly available to Securityholders. There is no obligation on the Issuer or any Dealer to disclose to Securityholders any such information.

The Issuer and/or any of its affiliates may have existing or future business relationships with any Reference Item(s) (including, but not limited to, lending, depositary, risk management, advisory and banking relationships), and will pursue actions and take steps that they or it deems necessary or appropriate to protect their and/or its interests arising therefrom without regard to the consequences for a Securityholder.

Substitution of the Issuer

Subject to certain requirements, the Terms and Conditions contain provisions allowing for substitution of the Issuer or a change of the office (*Niederlassung*) through which the Issuer acts. Without prejudice to the requirements of any jurisdiction where any Securities are admitted to trading, for so long as any substitution of the Issuer or the office through which the Issuer acts may be subject to certain further conditions or requirements of such Stock Exchange or regulated market. Where any further conditions or requirements apply and the Issuer wishes to substitute itself or change the branch through which the Issuer acts, the Issuer may delist the relevant Securities from the relevant Stock Exchange or regulated market and is not obliged to list the Securities on any other Stock Exchange or regulated market.

Regulatory Bail-in and Other Resolution Measures

On 15 May 2014, the European Parliament and the Council of the European Union adopted Directive 2014/59/EU establishing a framework for the recovery and resolution of credit institutions and investment firms (commonly referred to as the "Bank Recovery and Resolution Directive" or the "**BRRD**") which was transposed into German law by the Recovery and Resolution Act (*Sanierungs- und Abwicklungsgesetz*, or the "**SAG**") with effect from 1 January 2015. For banks established in the eurozone, such as the Issuer, which are supervised within the framework of the Single Supervisory Mechanism (the "**SSM**"), Regulation (EU) No 806/2014 of the European Parliament and of the Council (the "**SRM Regulation**") provides for a coherent application of the resolution rules across the SSM under responsibility of the European Single Resolution Board, with effect since 1 January 2016 (referred to as the "Single Resolution Mechanism" or the "**SRM**"). Under the SRM, the Single Resolution Board is responsible for adopting resolution decisions in close cooperation with the European Central Bank, the European Commission, and national resolution authorities in the event that a significant bank directly supervised by the European Central Bank, such as the Issuer, is failing or likely to fail and certain other

conditions are met. National resolution authorities in the European Union member states concerned would implement such resolution decisions adopted by the Single Resolution Board in accordance with the powers conferred on them under national law transposing the BRRD.

If the competent authority determines that the Issuer is failing or likely to fail and certain other conditions are met (as set forth in the SRM Regulation, the SAG and other applicable rules and regulations), the competent resolution authority has the power to write down, including to write down to zero, claims for payment of the principal, interest or any other amount in respect of the Notes, to convert the Notes into ordinary shares or other instruments qualifying as common equity tier 1 capital (the write-down and conversion powers are hereinafter referred to as the "**Bail-in tool**"), or to apply any other resolution measure including (but not limited to) a transfer of the Notes to another entity, a variation of the terms and conditions of the Notes (including, but not limited to, the variation of maturity of the Notes) or a cancellation of the Notes. The Bail-in tool and each of these other resolution measures are hereinafter referred to as a "**Resolution Measure**". The competent resolution authority may apply Resolution Measures individually or in any combination.

The competent resolution authority will have to exercise the Bail-in tool in a way that results in (i) common equity tier 1 instruments (such as ordinary shares of the Issuer) being written down first in proportion to the relevant losses, (ii) subsequently, the principal amount of other capital instruments (additional tier 1 instruments and tier 2 instruments) being written down on a permanent basis or converted into common equity tier 1 instruments in accordance with their order of priority and (iii) finally, the Issuer's unsecured and unsubordinated liabilities (unless exempted by the SRM Regulation, the BRRD or the SAG) – such as those under the unsubordinated Notes – being written down on a permanent basis or converted into common equity tier 1 instruments in accordance with their order of priority under Section 46f(5)-(7) of the German Banking Act (*Kreditwesengesetz*, "**KWG**") as set out below (*see Risk factor "Ranking of senior non-preferred debt instruments"*)

The holders of Notes are bound by any Resolution Measure. They would have no claim or any other right against the Issuer arising out of any Resolution Measure. Depending on the Resolution Measure, there would be no obligation of the Issuer to make payments under the Notes. The extent to which payment obligations under the Notes may be affected by Resolution Measures would depend on a number of factors that are outside the Issuer's control, and it will be difficult to predict when, if at all, Resolution Measures will occur. The exercise of any Resolution Measure would not constitute any right to terminate the Notes. Potential investors should consider the risk that they may lose all of their investment, including the principal amount plus any accrued interest, if Resolution Measures are initiated, and should be aware that extraordinary public financial support for troubled banks, if any, would only potentially be used as a last resort after having assessed and exploited, to the maximum extent practicable, the Resolution Measures, including the Bail-in tool.

Ranking of senior non-preferred debt instruments

In November 2015, Section 46f(5)-(7) of the German Banking Act (*Kreditwesengesetz*, "**KWG**") was introduced into the German Banking Act providing that certain outstanding and newly issued unsecured and unsubordinated debt instruments of banks which are "non structured" and have at the time of their issuance a maturity of at least one year rank below other senior liabilities with effect from 1 January 2017 ("**statutory subordination**"). Section 46f(5)-(7) KWG resulted in the establishment of a new category of notes which are not subordinated, but rank below other unsubordinated notes of banks. As a consequence, in the event of insolvency proceedings or Resolution Measures affecting the Issuer, these senior non-preferred debt instruments rank below other unsubordinated (senior preferred) obligations of the Issuer, such as debt instruments that are "structured" as defined in Section 46f(7) KWG, derivatives, money market instruments and deposits, and in priority to tier 2 instruments of the Issuer. Thus, such senior non-preferred debt instruments would bear losses before other unsubordinated liabilities of the Issuer.

On 27 December 2017, the European Union published Directive (EU) 2017/2399 amending the BRRD in order to harmonise national laws in European Union member states on the insolvency ranking of unsecured debt instruments issued by banks. In Germany, this directive is expected to be implemented by an amendment to Section 46f KWG with effect from 21 July 2018 as established by the government draft of the Act on the Exercise of Options under the EU Prospectus Regulation and for the Amendment of further Financial Markets Acts (*Gesetz zur Ausübung von Optionen der EU-Prospektverordnung und zur Anpassung weiterer Finanzmarktgesetze* – hereinafter "**Draft BRRD Amendment Implementation Act**"). Under the Draft BRRD

Amendment Implementation Act, the category of senior non-preferred debt instruments will continue to exist. However, under the amended Section 46f(5)-(7) KWG, as envisaged by the Draft BRRD Amendment Implementation Act, starting from 21 July 2018, only those unsecured and unsubordinated debt instruments will qualify as senior non-preferred debt instruments, which are not only "non structured" and have at the time of their issuance a maturity of at least one year, but also explicitly refer to the lower ranking in their terms and conditions and any related prospectus ("contractual subordination").

RISKS FACTORS RELATING TO THE MARKET GENERALLY

Set out below is a brief description of certain market risks.

The Secondary Market Generally

Securities may have no established trading market when issued, and one may never develop. If a market for the Securities does develop, it may not be very liquid and may be sensitive to changes in financial markets. Therefore, investors may not be able to sell their Securities easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. This is particularly the case should the Issuer be in financial distress, which may result in any sale of the Securities having to be at a substantial discount to their principal amount or for Securities that are especially sensitive to interest rate, currency or market risks, are designed for specific investment objectives or strategies or have been structured to meet the investment requirements of limited categories of investors. These types of Securities generally would have a more limited secondary market and more price volatility than conventional debt securities. Illiquidity may have a severely adverse effect on the market value of Securities.

Market Price Risk

The market prices of the Securities depends on various factors, such as changes of interest rate levels, the policy of central banks, overall economic developments, inflation rates or the supply and demand for the relevant type of Security. The market price of the Securities may also be negatively affected by an increase in the Issuer's credit spreads, *i.e.* the difference between yields on the Issuer's debt and the yield of government bonds or swap rates of similar maturity. The Issuer's credit spreads are mainly based on its perceived creditworthiness but also influenced by other factors such as general market trends as well as supply and demand for such Securities.

Exchange Rate Risks and Exchange Controls

The Issuer will pay principal and interest on the Securities in the Specified Currency. This presents certain risks relating to currency conversion if an investor's financial activities are denominated principally in a currency or currency unit (the "**Investor's Currency**") other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Specified Currency would decrease (a) the Investor's Currency-equivalent yield on the Securities, (b) the Investor's Currency equivalent value of the principal payable on the Securities and (c) the Investor's Currency equivalent market value of the Securities.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive less interest or principal than expected, or no interest or principal.

In addition, there is the risk that the Specified Currency is or becomes illiquid and/or subject to currency restrictions including conversion restrictions and exchange controls imposed by authorities with jurisdiction over the Specified Currency. The applicable Final Terms (or Pricing Supplement, in the case of Exempt Securities) may determine that payments under the Securities may be made in another currency as the Specified Currency due to certain currency restrictions or the illiquidity of the Specified Currency. In such cases the Securityholders could be exposed to specific risks connected to the currency in which payments are actually made. Investors may also suffer disadvantages and losses due to the circumstance that they do not receive payment in the

Specified Currency, e.g. if amounts in the Specified Currency are needed to fulfil own payment obligations in the Specified Currency.

Such currency risks generally depend on factors over which the Issuer and the Securityholder have no control, such as economic and political events and the supply of and demand for the relevant currencies. In recent years, rates of exchange for certain currencies have been highly volatile, and such volatility may be expected to continue in the future. Fluctuations in any particular exchange rate that have occurred in the past are not necessarily indicative, however, of fluctuations in the rate that may occur during the term of any Security.

Credit Ratings may not Reflect all Risks

One or more independent credit rating agencies may assign credit ratings to the Securities. Where a Series of Securities is rated, such rating will not necessarily be the same as the rating assigned to the Securities to be issued under the Programme. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Securities. A credit rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by the rating agency at any time. Any ratings assigned to Securities as at the date of this Prospectus are not indicative of future performance of the Issuer's business or its future creditworthiness.

In general, European regulated investors are restricted under the CRA Regulation from using credit ratings for regulatory purposes, unless such ratings are issued by a credit rating agency established in the EU and registered under the CRA Regulation (and such registration has not been withdrawn or suspended, subject to transitional provisions that apply in certain circumstances). Such general restriction will also apply in the case of credit ratings issued by non-EU credit rating agencies, unless the relevant credit ratings are endorsed by an EU-registered credit rating agency or the relevant non-EU rating agency is certified in accordance with the CRA Regulation (and such endorsement action or certification, as the case may be, has not been withdrawn or suspended, subject to transitional provisions that apply in certain circumstances). The list of registered and certified rating agencies published by the European Securities and Markets Authority ("**ESMA**") on its website in accordance with the CRA Regulation is not conclusive evidence of the status of the relevant rating agency included in such list, as there may be delays between certain supervisory measures being taken against a relevant rating agency and the publication of the updated ESMA list."

Legal Investment Considerations may Restrict Certain Investments

The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (a) Securities are legal investments for it, (b) Securities can be used as collateral for various types of borrowing and (c) other restrictions apply to its purchase or pledge of any Securities. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of Securities under any applicable risk-based capital or similar rules.

Certain Considerations Relating to Public Offers of Securities in Italy

As described in the applicable Final Terms, Securities may be distributed by means of a public offer made during an offer period specified in the applicable Final Terms. During such offer period, the Issuer and/or any other person specified in the applicable Final Terms may reserve the right to cancel such offer and/or to scale back applications for such offer in the event of over-subscription. In such circumstances, an applicant investor may not be issued any Securities or may be issued a number of Securities which is less than the amount for which such applicant investor applied. Any payments made by an applicant investor for Securities that are not issued to such applicant investor for any such reason will be refunded. However, there will be a time lag in making any reimbursement, no interest will be payable in respect of any such amounts. The applicant investor may be subject to reinvestment risk.

Further, investors should note that, in certain circumstances, Securities may not be issued on the originally designated issue date, for example because either the Issuer and/or any other person specified in the applicable Final Terms has reserved the right to postpone such issue date or, following the publication of a supplement to this Prospectus the Issuer has decided to postpone such issue date to allow investors who had made applications to subscribe for Securities before the date of publication of such supplement to exercise their

right to withdraw their acceptances. In the event that the issue date is so delayed, no interest shall accrue (if applicable) until the issue date of the Securities and no compensation shall be payable.

The Programme allows for the issue of Notes and Pfandbriefe (together "**Securities**"). Securities may be issued as Non-Exempt Securities or Exempt Securities. "**Non-Exempt Securities**" means Securities which are to be admitted to trading on a regulated market for the purposes of MiFID II and/or offered in the European Economic Area (the "**EEA**") in circumstances where no exemption is available under Article 3.2 of Directive 2003/71/EC (the "**Prospectus Directive**") (as implemented in the relevant Member State(s)) and therefore where a prospectus is required to be published thereunder. "**Exempt Securities**" means Securities which are neither to be admitted to trading on a regulated market in the EEA nor offered in the EEA in circumstances where a prospectus is required to be published under the Prospectus Directive.

The following types of Securities may be issued under the Programme as Non-Exempt Securities:

If Fixed Rate or Zero Coupon Securities are issued as Notes, the terms and conditions of such Securities are set out in the set of Terms and Conditions for fixed rate Notes and zero coupon Notes ("**Option I**"), as described in more detail in the sections "*Issue Procedures*" and "*Terms and Conditions*". If Fixed Rate or Zero Coupon Notes are issued in registered form and not in bearer form (as described in "*Form*" below) the terms and conditions of such Securities are formed by both Option I and the terms and conditions set out in the section "*Registered Securities Annex*". If Fixed Rate or Zero Coupon Securities are issued as Pfandbriefe, the terms and conditions of such Securities are set out in the set of Terms and Conditions for fixed rate or zero coupon Pfandbriefe ("**Option III**"), as described in more detail in the sections "*Issue Procedures*" and "*Terms and Conditions*". The other sets of Terms and Conditions available under the Programme, *i.e.* Options II to V in the case of Fixed Rate or Zero Coupon Notes, and Options I, II, IV and V in the case of Fixed Rate or Zero Coupon Pfandbriefe, respectively, are not relevant for Fixed Rate or Zero Coupon Securities.

2. Floating Rate Securities

If Floating Rate Securities are issued as Notes, the terms and conditions of such Securities are set out in the set of Terms and Conditions for floating rate Notes ("**Option II**"), as described in more detail in the sections "*Issue Procedures*" and "*Terms and Conditions*". If Floating Rate Securities are issued as Pfandbriefe, the terms and conditions of such Securities are set out in the set of Terms and Conditions for floating rate Pfandbriefe ("**Option IV**"), as described in more detail in the sections "*Issue Procedures*" and "*Terms and Conditions*". Pfandbriefe cannot be issued in registered form. The other sets of Terms and Conditions available under the Programme, *i.e.* Options I, III, IV, and V in the case of Floating Rate Notes, and Options I, II, III, and V in the case of Floating Rate Pfandbriefe, respectively, are not relevant for Floating Rate Securities.

The Final Terms (or Pricing Supplement, in the case of Exempt Securities) relating to a Tranche of Securities will specify:

- (a) which set of Terms and Conditions applies to such Securities from the following options (each an "**Option**"):

 - Terms and Conditions for floating rate Notes (Option II);
 - Terms and Conditions for fixed rate Pfandbriefe and zero coupon Pfandbriefe (Option III);

 - Registered Securities Annex.

The Annexes may only apply to Option I, Option II or Option V, as specified in the applicable Final Terms or, in the case of Exempt Securities, the Pricing Supplement.

Documentation of the Conditions

The Issuer may document the Conditions in respect of a Tranche of Securities in either of the following ways:

- (a) in the case of Securities other than Registered Securities or Credit Linked Notes, by completing the Final Terms (or Pricing Supplement, in the case of Exempt Securities) as set out therein, which will specify which Option(s), in each case including certain further options contained therein, will apply to such Securities, by replicating the relevant provisions and completing the relevant placeholders of the relevant Terms and Conditions set out in this Prospectus in the Final Terms (or Pricing Supplement, in the case of Exempt Securities) ("**Replicated and Completed set of Terms and Conditions**"). The replicated and completed provisions of the sets of Terms and Conditions shall constitute the Conditions, which will be attached to each global note representing the Securities of the relevant Tranche. This type of documentation of the Conditions will generally be used for Securities which are sold and distributed on a syndicated basis in Germany and/or publicly offered or distributed, in whole or in part, to non-professional investors in Germany; or
- (b) by completing the Final Terms (or Pricing Supplement, in the case of Exempt Securities), which will specify which Option(s) and (as applicable) Annex(es), in each case including the further options contained therein, will apply to such Securities, by referring to the relevant provisions of the relevant

Terms and Conditions and, as applicable, Annex(es) in each case set out in this Prospectus ("**Reference to the Terms and Conditions set out in the Prospectus**"). The Final Terms (or Pricing Supplement, in the case of Exempt Securities) will specify that the provisions of the Final Terms (or Pricing Supplement) and the relevant Terms and Conditions and, as applicable, Annex(es) in each case set out in this Prospectus, as completed by such Final Terms, such Final Terms (or Pricing Supplement) (or completed and amended by such Pricing Supplement) will together constitute the Conditions and such Final Terms (or Pricing Supplements) will be attached to each global note representing such Securities. This type of documentation of the Conditions will generally be used for Securities sold on a non-syndicated basis (or, if sold outside of Germany, syndicated basis) and which are not publicly offered.

Selection of Options / Completion of Placeholders

The Final Terms (or Pricing Supplement, in the case of Exempt Securities) for a Tranche of Securities will specify which of Option I to Option V and (as applicable) Annex(es) will apply to such Securities. The relevant Terms and Conditions and, as applicable, Annex(es) also contain certain further options (characterised, in certain cases, by indicating the respective optional provision through instructions and explanatory notes set out either on the left of or in square brackets within the text of the relevant set of Terms and Conditions and, as applicable, Annex(es) as set out in this Prospectus) as well as placeholders (characterised by square brackets which include the relevant items) which will be specified in and/or completed by the Final Terms (or Pricing Supplement, in the case of Exempt Securities) as follows:

Selection of Options. The Issuer will determine which options will apply to a Tranche of Securities either by replicating the relevant provisions in the Final Terms (or Pricing Supplement, in the case of Exempt Securities) or by referencing the relevant provisions of the relevant Terms and Conditions and, as applicable, Annex(es) set out in this Prospectus in the Final Terms (or Pricing Supplement). If the Final Terms (or Pricing Supplement, in the case of Exempt Securities) do not refer to an alternative or optional provision or such alternative or optional provision is not replicated therein it shall be deemed to be deleted from the Conditions.

Completion of Placeholders. The Final Terms (or Pricing Supplement, in the case of Exempt Securities) will specify the information with which the placeholders in the relevant set of Terms and Conditions and, as applicable, Annex(es) will be completed. For a Tranche of Securities for which the provisions of the Final Terms (or Pricing Supplement, in the case of Exempt Securities) and the relevant Terms and Conditions and, as applicable, Annex(es) together constitute the Conditions, the relevant Terms and Conditions and, as applicable, Annex(es) shall be deemed to be completed by the information contained in the Final Terms (or completed and amended by the information contained in the Pricing Supplement, in the case of Exempt Securities) as if such information were inserted in the placeholders of such provisions.

All instructions and explanatory notes and text set out in square brackets in the relevant set of Terms and Conditions and, as applicable annex(es) and any footnotes and explanatory text in the Final Terms (or Pricing Supplement, in the case of Exempt Securities) will be deemed to be deleted from the Conditions.

Controlling Language

As to the controlling language of the respective Conditions, the Issuer anticipates that, in general, subject to any stock exchange or legal requirements applicable from time to time, and unless otherwise agreed between the Issuer and the relevant Dealer:

- (a) in the case of Securities sold and distributed on a syndicated basis in Germany, German shall be the controlling language;

TREND INFORMATION

Statement of No Material Adverse Change

There has been no material adverse change in the prospects of Deutsche Bank since 31 December 2017.

Recent Developments

On 26 October 2017, Deutsche Bank announced that Deutsche Bank and Postbank are realigning their business with private and commercial clients, creating a market leader with more than 20 million clients and 325 billion euros in client business volume. To this end, Deutsche Postbank AG and Deutsche Bank Privat- und Geschäftskunden AG will be merged into one single legal entity by the end of the second quarter of 2018. The entity – Deutsche Privat- und Firmenkundenbank – will have a joint head office and continue to operate under both brands. In addition, Deutsche Bank announced its intention to launch a new digital bank and to integrate Sal. Oppenheim into Deutsche Bank. 1.9 billion euros should be incurred in restructuring expenses and other investments, primarily in IT.

To ensure a smooth implementation of the strategy, management has already reached an upfront agreement in principle with trade union representatives in the company. At the core is the commitment to socially responsible job reductions as well as a pledge to participate constructively in the integration process. An important component of the strategy is the long-term partnership with Deutsche Post, which has now been extended in an amended form for five years. Efficiency gains will also be achieved by having a single head office going forward. Joint teams under a combined management will steer the business for both brands and will be located at Centres of Expertise in both Bonn and Frankfurt. Overlaps and costs that might, for example, result from relocating employees or rehiring will be avoided. Deutsche Privat- und Firmenkundenbank's product development and service functions, including information technology are also to be pooled. Furthermore, BHW Bausparkasse and DB Bauspar, the building society units of Postbank and Deutsche Bank, will also be combined. Deutsche Bank's Wealth Management unit in Germany will also be realigned. Consequently, in the course of 2018, Sal. Oppenheim's Wealth Management business will be absorbed by Deutsche Bank's Wealth Management. This will give clients better access to regional advisory services, combined with the global investment and capital market expertise of an international universal bank. Sal. Oppenheim's asset management operations and comprehensive quantitative investment expertise will be transferred to the Deutsche Asset Management corporate division in the first quarter of 2018. The Sal. Oppenheim brand will not be maintained.

On 22 March 2018, Deutsche Bank announced that the placement price for shares of DWS Group GmbH & Co. KGaA ("**DWS**") offered in the Initial Public Offering ("**IPO**") of DWS had been set at EUR 32.50 per share. The price range for the shares offered in the IPO was announced by Deutsche Bank on 11 March 2018. At the time of the announcement dated 22 March 2018 in total, 44,500,000 existing DWS shares had been placed with new investors, equaling a total placement volume of about EUR 1.4 billion, including 4,500,000 shares to cover over-allotments. According to the announcement of Deutsche Bank as of 11 March 2018, Nippon Life Insurance Company agreed to acquire a 5.0 per cent stake in DWS in the IPO.

On 24 May 2018, Deutsche Bank announced that it will significantly reshape its Equities Sales & Trading business. Overall, Deutsche Bank aims to reduce headcount in this area by approximately 25 per cent. In Cash Equities, it will concentrate on electronic solutions and its most significant clients globally. In Prime Finance, Deutsche Bank will reduce leverage exposure by a quarter, equivalent to a reduction of approximately 50 billion euros. These business reductions will contribute to a decrease in leverage exposure in the Corporate & Investment Bank of over 100 billion euros. This is approximately 10 per cent of the 1,050 billion euros of leverage exposure reported at the end of the first quarter of 2018. The majority of this reduction is expected to be achieved by the end of 2018. Together with Deutsche Bank's decision to right-size the expense base in the Corporate & Investment Bank, Deutsche Bank will accelerate the pace of cost reduction across the organisation. In 2018, as announced earlier, Deutsche Bank envisages adjusted costs not to exceed 23 billion euros. For 2019, the Management Board plans to reduce adjusted costs to 22 billion euros with no further significant disposals currently planned. In connection with the implementation of these plans, the number of full-time equivalent positions is expected to fall from just over 97,000 currently to well below 90,000. The associated personnel reductions are underway. The Management Board reaffirms its target of a post-tax return on average tangible equity of approximately ten per cent in a normalised business environment. Deutsche Bank will seek to

reach this goal from 2021 onwards. Although results in 2018 will reflect the impact of the aforementioned actions, including planned restructuring charges of up to 800 million euros, the bank aims to deliver steady growth in return on capital over the coming years.

Outlook

In March 2017, Deutsche Bank announced an updated strategy that included changes in its business strategy, a capital in-crease and updates to its financial targets. For adjusted costs, Deutsche Bank had set targets for 2018 and 2021, respectively, for which Deutsche Bank provides an update in the paragraph on costs further below. Deutsche Bank aims to achieve its remaining key performance indicators in the long-term, consistent with a simpler and safer bank. In April 2018, Deutsche Bank announced adjustments to its strategy in its Corporate & Investment Bank to shift more decisively to more stable revenue sources and to strengthen core business lines. Additionally, to meet and potentially improve on Deutsche Bank's 2018 adjusted cost base commitment, Deutsche Bank intends to implement additional cost reduction measures as described below.

Deutsche Bank's most important key performance indicators are shown in the table below:

Group Key Performance Indicators	31 March 2018 (IFRS, unaudited)*	Target Key Performance Indicators
CRR/CRD 4 Common Equity Tier 1 capital ratio (fully loaded) ¹	13.4 %	comfortably above 13.0 %
CRR/CRD 4 leverage ratio according to transitional rules (phase-in)	4.0 %	4.5 %
Post-tax Return on Average Tangible Equity ²	0.9 %	circa 10.0 %
Adjusted costs ³	EUR 6.3 bn	2018: circa EUR 22 bn ⁴ 2021: circa EUR 21 bn

* Extracted from the Interim Report as of 31 March 2018.

¹ The CRR/CRD 4 fully loaded Common Equity Tier 1 ratio represents Deutsche Bank's calculation of its Common Equity Tier 1 ratio without taking into account the transitional provisions of CRR/CRD 4.

² Based on Net Income attributable to Deutsche Bank shareholders. Calculation is based on an effective tax rate of 72 % for three months ended 31 March 2018.

³ Adjusted costs are non-interest expenses excluding impairment of goodwill and other intangible assets, litigation and restructuring and severance.

⁴ Deutsche Bank announced its expectation that adjusted costs in 2018 will be approximately EUR 23 billion versus Deutsche Bank's target of EUR 22 billion. The difference largely reflects EUR 900 million of continuing costs accruing with businesses that are being sold. These sales had been expected to have been completed by 2018 but have been delayed or suspended.

The subsections "*Other Information (unaudited) – Non-GAAP Financial Measures*", "*Risk Report – Risk and Capital Performance*" and "*Risk Report – Leverage Ratio*" set forth in the Q1 2018 Interim Report of the Issuer for the three months ended 31 March 2018 are incorporated by reference in, and form part of, this Prospectus (see the section entitled "*Documents Incorporated by Reference*").

In 2018, Deutsche Bank expects risk weighted assets (RWA) to be slightly lower, mainly driven by adjustments to its strategy announced in April 2018. By year-end 2018, Deutsche Bank's CRR/CRD 4 Common Equity Tier 1 capital ratio (fully loaded) is expected to remain above 13 %, and Deutsche Bank's CRR/CRD 4 leverage ratio (phase-in) to remain above 4 %.

For 2018, Deutsche Bank expects revenues to be essentially flat compared to 2017. The outlook reflects Deutsche Bank's expectation of a strong macroeconomic environment as Deutsche Bank expects global economies to perform well. Deutsche Bank expects volatility and client activity levels for the remainder of the year to be higher than in 2017. Prospects of interest rate normalization set the stage for improved revenues.

Deutsche Bank expects further rate hikes in the U.S., and the ECB net asset purchase program to end in 2018. The outlook also reflects Deutsche Bank's current estimates of the impact of adjustments to its strategy in its Corporate & Investment Bank announced in April 2018, which Deutsche Bank expects to have a negative impact on its revenues in 2018 relative to Deutsche Bank's initial expectations.

Deutsche Bank is committed to work towards its target of 10 % Post-tax Return on Average Tangible Equity in a normalized environment and on the basis of the achievement of Deutsche Bank's cost targets. The successful ongoing implementation of Deutsche Bank's strategy including critical restructuring of a number of its businesses and the implementation of a cost reduction measures remains key to reaching that target. Deutsche Bank currently expects a moderate improvement in its Post-tax Return on Average Tangible Equity in 2018.

In March 2017, Deutsche Bank announced an adjusted costs target of approximately € 22 billion for 2018 including approximately € 900 million of planned cost savings through business disposals. While Deutsche Bank made progress on planned disposals, some have been delayed or in some cases suspended. As a result, Deutsche Bank currently does not expect the planned € 900 million of cost savings to materialize in 2018. Furthermore, Deutsche Bank expects higher costs from Brexit and MiFID II implementation in 2018. Additionally, some of the cost synergies Deutsche Bank expected to materialize in 2018 from the planned merger of Private & Commercial Clients Germany and Postbank have been delayed. Those savings are now expected to be realized in 2019. Nonetheless, Deutsche Bank has been taking additional measures to offset these impacts and also benefit from current foreign exchange rates in Deutsche Bank's reported costs relative to its earlier assumptions. Therefore, Deutsche Bank now expects its adjusted costs in 2018 will be approximately € 23 billion, which reflects Deutsche Bank's original € 22 billion target plus the cost impact of the delayed and suspended business disposals. Deutsche Bank remains committed to keeping the adjusted cost base for 2018 below € 23 billion. To meet and potentially improve on the 2018 adjusted cost base commitment, Deutsche Bank intends to implement additional cost reduction measures. These measures include: a material workforce reduction through the rest of the year, in particular stemming from the right-sizing of its Corporate & Investment Bank, and the supporting infrastructure functions; delayering management structures across the organization; and a rationalisation of vendor costs and real estate footprint worldwide; as well as working to improve the efficiency of Deutsche Bank's control systems. Deutsche Bank targets a further reduction in its adjusted costs in the years to 2021. This target however depends in part on Deutsche Bank's ability to execute its aforementioned strategic measures and business disposals successfully and within the planned timeframes.

Deutsche Bank targets a competitive dividend pay-out ratio for the financial year 2018 and thereafter. These dividend payments are subject to Deutsche Bank's ability to maintain sufficient levels of distributable profits under its stand-alone financial statements in accordance with German accounting rules (HGB) for the fiscal year 2018.

By the nature of Deutsche Bank's business, Deutsche Bank is involved in litigation, arbitration and regulatory proceedings and investigations in Germany and in a number of jurisdictions outside Germany, especially in the U.S. Such matters are subject to many uncertainties. While Deutsche Bank has resolved a number of important legal matters and made progress on others, Deutsche Bank expects the litigation and enforcement environment to remain challenging in the short term. Litigation expenses in 2017 were relatively low as a result of Deutsche Bank's successful efforts in resolving a number of matters below estimated provisions. This continued into the first quarter of 2018 where only a small amount of litigation expenses was recorded. For the remainder of 2018, and with a caveat that forecasting litigation expense is subject to many uncertainties, Deutsche Bank expects litigation to be meaningfully higher than in the first quarter of 2018, but well below the elevated levels observed over the past number of years.

The Business Segments

Corporate & Investment Bank (CIB)

In April 2018, Deutsche Bank announced adjustments to its strategy in Corporate & Investment Bank. Deutsche Bank intends to reshape CIB to focus on industries and segments that align with its core European client base and on underwriting and financing products in which Deutsche Bank occupies a leadership position. This moves Deutsche Bank towards a model which emphasizes its core strengths in transaction banking, capital markets, financing and treasury solutions, which are most important for Deutsche Bank's European and multi-national clients, but also including capabilities in trading in products including Credit, Foreign Exchange

and European Rates. This model is designed to take advantage of Deutsche Bank's position as a leading institution in Europe while leveraging its core product strengths globally. This will enable Deutsche Bank to reduce the amount of resources Deutsche Bank commits to areas that are not its core strengths. Deutsche Bank intends to redeploy some of these resources, however, within the aforementioned areas of core strengths. Deutsche Bank intends to reduce its Corporate Finance exposure to sectors in the U.S. and Asia in which cross-border activity is limited, and to review Deutsche Bank's Global Equities business with the expectation of reducing its footprint. Deutsche Bank expects this to have a negative impact on its revenues in 2018 but improve Deutsche Bank's returns in the medium term. Significant headwinds remain including higher funding charges, unfavourable impacts from foreign exchange rates, regulatory pressure, continued pressure on financial resources and the potential impact of geopolitical events. Deutsche Bank expects Corporate & Investment Bank revenues (adjusted for DVA) in 2018 to be slightly lower compared to 2017.

Deutsche Bank expects Sales & Trading Fixed Income and Currencies (FIC) revenues to be essentially flat in 2018 compared to 2017, as improved macroeconomic conditions are offset by unfavourable foreign exchange movements and increased funding costs. Deutsche Bank expects volatility and client activity levels for the remainder of the year to be higher than in the respective comparative periods of 2017, thus aiding revenue generation in flow businesses. Deutsche Bank will be scaling back its activities in U.S. Rates trading, and shrinking its balance sheet, leverage exposure and repo financing, while remaining committed to Deutsche Bank's European business, which given its scale and relevance to its client base generates more attractive returns. In 2018, Deutsche Bank expects the adjustment to its strategy to have a negative impact on revenues in Sales & Trading FIC.

Deutsche Bank is undertaking a review of Deutsche Bank's Global Equities business with the expectation of reducing its platform in this business. This includes reducing leverage exposure to global prime finance where the focus will be on maintaining Deutsche Bank's deepest client relationships by reprioritising the deployment of resources. Deutsche Bank currently expects Sales & Trading Equity revenues to be lower in 2018 compared to 2017 as a result of its reshaping of this business.

Deutsche Bank expects Origination & Advisory revenues to be lower in 2018 year on year. Market fee volumes are materially down so far in 2018, with an uncertain outlook for the full year. In addition, the decision to focus Deutsche Bank's Corporate Finance business on industries and segments which align with its core European client base, and on underwriting and financing products in which Deutsche Bank enjoys a leadership position, may reduce revenues in this business versus prior year.

Deutsche Bank expects GTB revenues in 2018 to be essentially flat compared to 2017, as benefits from expected interest rate increases are offset by unfavourable foreign exchange movements and higher funding costs. Trade Finance and Securities Services revenues are expected to be slightly higher with Cash Management revenues slightly lower, largely due to the highlighted funding costs. Deutsche Bank also expects margin pressure to be a continued headwind.

The strategic actions support Deutsche Bank's intention to reduce costs significantly across CIB including front, middle and back offices, and related infrastructure functions to drive platform efficiency while enhancing regulatory compliance, control and conduct. Noninterest expenses for 2018 are expected to be essentially flat. Noninterest expenses excluding litigation, goodwill impairment and restructuring are expected to be slightly lower. For 2018, Deutsche Bank expects RWA in CIB to be essentially flat as pressure from methodology changes and higher Operational Risk RWA, will be offset by reductions in business assets (including the legacy portfolio and the impacts of adjusting Deutsche Bank's strategy). Deutsche Bank will maintain its focus on regulatory compliance, know-your-client (KYC) and client on-boarding process enhancement, system stability and control and conduct. Risks to Deutsche Bank's outlook include the impact of the implementation of MiFID II in 2018, potential impacts on its business model from Brexit, the future impact of the Basel III framework agreement and of the tax reform in the U.S. Uncertainty around central bank policies and ongoing regulatory developments also pose a risk, while challenges such as event risks and levels of client activity may also impact financial markets. Execution risk around CIB's adjusted strategy and potential negative public and market commentary are additional risks. Despite this, Deutsche Bank believes that execution on the adjusted strategic priorities will enable CIB to drive towards sustainable returns. Private & Commercial Bank (PCB)

PCB's goal is to provide its private, corporate and wealth management clients with a comprehensive range of products from standard banking services to individual investment and financing advice, and to drive attractive

returns for Deutsche Bank's shareholders. The product offering is supported by a global network, strong capital market and financing expertise and innovative digital services. In Deutsche Bank's German businesses, Deutsche Bank's focus in 2018 will be on integrating its PCC business and Postbank. Deutsche Bank is thereby creating the largest private and commercial bank in its German home market with over 20 million customers. In December 2017, PCC International concluded a sales agreement for a large part of Deutsche Bank's retail banking business in Poland. In March 2018, PCC International announced the sale of the Portuguese retail banking business. Closing of these transactions will be a focus going forward. Furthermore, Deutsche Bank will continue to transform Deutsche Bank's businesses in its remaining international locations. In Wealth Management, Deutsche Bank's emphasis will be to further transform and grow its franchise. This includes the implementation of the announced integration of Sal. Oppenheim's private customer business into Deutsche Bank's German business and the further expansion in important growth markets such as Asia, Americas and EMEA. In addition, Deutsche Bank will continue to invest in digital capabilities across all business areas.

Deutsche Bank's revenues in 2017 benefited from material specific items, which Deutsche Bank does not expect to repeat in the same magnitude in 2018. This effect should be largely offset by growth in commission and fee income, so that Deutsche Bank expects reported revenues in 2018 to be essentially flat compared to 2017. Margins in the deposit business will continue to be negatively impacted by the low interest rate environment. However, Deutsche Bank assumes that Deutsche Bank will be able to compensate for this with higher loan revenues, so that net interest income should also remain essentially flat compared to 2017.

Deutsche Bank projects assets under management to be essentially flat in 2018. The impact from Wealth Management growth strategy is expected to be partially offset by impacts from foreign exchange rate movements and lower deposits in PCC and Postbank businesses. Deutsche Bank also assumes that its RWA will be essentially flat compared to the end of 2017 as the impact related to Deutsche Bank's growth strategy in the loan businesses is expected to be offset by recalibration of regulatory parameters and disposal effects in its international business.

In 2018, provision for credit losses is expected to be significantly higher than in 2017, which benefited from specific factors including a material release in Postbank. Deutsche Bank also anticipates an increase in line with its growth strategy in the loan businesses, and the implementation of IFRS 9 should increase the volatility of provision for credit losses compared to previous years.

Deutsche Bank assumes that noninterest expenses in 2018 will be slightly lower compared to 2017, which included considerable restructuring expenses for the integration of Postbank. The adjusted cost base should remain essentially flat in 2018. Further savings from initiated restructuring measures are expected to be offset by higher investment costs, in particular for the integration of Postbank, but also for further investments in digitization, the ongoing transformation of PCC International and Wealth Management, as well as inflationary effects.

Uncertainties that could affect Deutsche Bank's outlook in 2018 include slower economic growth in its main operating countries, any further decline in global interest rates and higher-than-expected volatility in the equity and credit markets, which could have a negative impact on Deutsche Bank's clients' investment activities. The implementation of extended regulatory requirements such as MiFID II and PSD 2 as well as possible delays in the implementation of Deutsche Bank's strategic projects could have a negative impact on its revenue and cost base.

Deutsche Asset Management (Deutsche AM)

In Asset Management, Deutsche Bank's outlook centers around the strong fundamentals that continue to drive earnings across regions and sectors, albeit against the backdrop of increasing inflationary pressure, moderate reduction in monetary stimulus, moderate rise in bond yields as well as continued political headline risks worldwide. Recent currency fluctuations and volatility present in major markets may recur. Throughout this period of cautious optimism for investors, Asset Management remains focused on delivering as a trusted partner and solutions provider to Deutsche Bank's clients.

As announced in March 2017, Asset Management was preparing for a partial initial public offering within 24 months of announcement in order to unlock the intrinsic value of the business. The listing was completed on the Frankfurt Stock Exchange on 23 March 2018. Deutsche Bank expects its enhanced external profile to provide

greater visibility and brand recognition to support the distribution of Deutsche Bank's products across all asset classes. As part of this evolution, Asset Management has adopted its existing European brand – DWS – globally.

Deutsche Bank continues to view longer term industry growth trends favouring its capabilities in beta (passive) products, alternative investments and multi-asset solutions, areas where Deutsche Bank believes Deutsche Bank can grow market share both in its home market and abroad. Assets under Management in Asset Management were negatively impacted by market volatility, net outflows and currency fluctuation in the first quarter of 2018. Looking ahead, as net outflows in the first quarter of 2018 were primarily attributable to a few institutional clients and was partially driven by the U.S. Tax reform, Deutsche Bank sees client confidence remaining positive as a whole and are optimistic about asset development for the remainder of 2018. Deutsche Bank's digital capabilities are also opening new channels for Deutsche Bank to distribute products and services. However, Deutsche Bank expects bottom line results to be challenged by fee compression, rising costs of regulation and competitive dynamics. In the face of this challenge, Deutsche Bank is focusing its growth initiatives on products and services where Deutsche Bank can differentiate, as well as executing on cost initiatives from which Deutsche Bank expects to see results in the quarters to come.

For 2018, Deutsche Bank expects revenues to be lower than 2017, largely attributable to significantly lower performance and transaction fees reflecting the periodic nature of fund performance fee recognition and significantly lower other revenues driven by non-recurrence of the insurance recovery and the impact from disposals in 2017 and 2018. Despite net outflows in the first quarter of 2018, Deutsche Bank expects slightly higher assets under management by the end of the year compared to 2017. Management fees are expected to be slightly lower compared to 2017 due to net flows, market performance and margin compression. The impact from disposals of non-strategic business in 2017 as well as a significant decrease in separation costs are expected to result in slightly lower adjusted costs.

Risks to Deutsche Bank's outlook include the pace of global net flows growth, equity market development, foreign exchange rate movements, interest rates, exposure to global macroeconomic growth and the political developments including Brexit, and continued political uncertainty worldwide. In addition, unforeseen regulatory costs and possible delays in the implementation of Deutsche Bank's efficiency measures due to jurisdictional restrictions could have an adverse impact on Deutsche Bank's cost base.

Contestation of the General Meeting's Resolution Not to Pay a Dividend for the 2015 Fiscal Year

In May 2016, Deutsche Bank AG's General Meeting resolved that no dividend was to be paid to Deutsche Bank's shareholders for the 2015 fiscal year. Some shareholders filed a lawsuit with the Frankfurt am Main District Court (*Landgericht*), contesting (among other things) the resolution on the grounds that Deutsche Bank was required by law to pay a minimum dividend in an amount equal to 4 % of Deutsche Bank's share capital. In December 2016, the district court ruled in favor of the plaintiffs. Deutsche Bank initially appealed the court's decision. However, consistent with Deutsche Bank's updated strategy, Deutsche Bank withdrew the appeal, as this decision is concerned, prior to Deutsche Bank's 2017 General Meeting, whereupon the

contested resolution became void. Deutsche Bank's General Meeting in May 2017 resolved the payment of a dividend of approximately € 400 million from Deutsche Bank's distributable profit for 2016 which amount contains a component reflecting the distributable profit carried forward from 2015 of approximately € 165 million. Such dividend was paid to the shareholders shortly after the annual General Meeting. The decision meanwhile was contested at court, again, claiming that the way the decision was taken was not correct. On 18 January 2018, the Frankfurt am Main District Court dismissed the shareholder actions as regards the dividend resolution taken in May 2017. The plaintiffs have appealed the decision to the Higher Regional Court Frankfurt am Main.

CO2 Emission Rights

The Frankfurt am Main Office of Public Prosecution (the "**OPP**") is investigating alleged value-added tax ("**VAT**") fraud in connection with the trading of CO2 emission rights by certain trading firms, some of which also engaged in trading activity with Deutsche Bank. The OPP alleges that certain employees of Deutsche Bank knew that their counterparties were part of a fraudulent scheme to avoid VAT on transactions in CO2 emission rights, and it searched Deutsche Bank in April 2010 and December 2012. On 13 June 2016, the Frankfurt am Main District Court sentenced seven former Deutsche Bank employees for VAT evasion and for aiding and abetting VAT evasion in connection with their involvement in CO2 emissions trading. Appeals are pending with respect to some of such former employees. Investigations by the OPP with respect to other employees are ongoing.

The insolvency administrators of three German traders who sold emission certificates to Deutsche Bank in 2009/2010 were trying to refute the transactions as a voidable preference under German insolvency law and, in some cases, started civil litigation. In mid-2015, the Frankfurt am Main District Court dismissed the insolvency administrator's claim in full in one of the cases. An appeal was filed against the decision. In July 2017, a settlement was agreed with the three insolvency administrators.

In 2015, five insolvent English companies, which are alleged to have been involved in VAT fraud in connection with trading CO2 emission rights in the UK, and their respective liquidators, started civil proceedings in London against four defendants including Deutsche Bank AG claiming that the defendants dishonestly assisted directors of the insolvent companies in breaching duties, and alternatively that the defendants were party to carrying on the companies' business with fraudulent intent (giving rise to a claim under Section 213 of the Insolvency Act 1986). On 29 September 2017, Deutsche Bank agreed a settlement with the claimants.

Deutsche Bank Shareholder Litigation

Deutsche Bank and certain of its current and former officers and management board members are the subject of a purported class action, filed in the U.S. District Court for the Southern District of New York, asserting claims under Sections 10(b) and 20(a) of the U.S. Securities Exchange Act of 1934 on behalf of persons who purchased or otherwise acquired securities of Deutsche Bank on a United States exchange or pursuant to other transactions within the United States between 31 January 2013 and 26 July 2016. Plaintiffs allege that Deutsche Bank's SEC Annual Reports on Form 20-F for the years 2012, 2013, 2014 and 2015 were materially false and misleading in failing to disclose (i) serious and systemic failings in controls against financing terrorism, money laundering, aiding organizations subject to international sanctions and committing financial crime and (ii) that the Bank's internal control over financial reporting and its disclosure controls and procedures were not effective. On 21 February 2017, Deutsche Bank and the individual defendants served at the time with the summons and complaint moved to dismiss the consolidated amended complaint. On 28 June 2017, the court granted the motion to dismiss as to all defendants, without leave to replead. On 30 June 2017, the court entered judgment dismissing the lawsuit. Plaintiffs appealed. Following completion of briefing, the Court of Appeals held oral argument on 28 March 2018. On 13 April 2018, the Court of Appeals issued a Summary Opinion affirming the dismissal of the action.

Esch Funds Litigation

Sal. Oppenheim jr. & Cie. AG & Co. KGaA ("**Sal. Oppenheim**") was prior to its acquisition by Deutsche Bank in 2010 involved in the marketing and financing of participations in closed end real estate funds. These funds were structured as Civil Law Partnerships under German law. Usually, Josef Esch Fonds-Projekt GmbH performed the planning and project development. Sal. Oppenheim held an indirect interest in this company via a joint-venture. In relation to this business a number of civil claims have been filed against Sal. Oppenheim. Some but

not all of these claims are also directed against former managing partners of Sal. Oppenheim and other individuals. The claims brought against Sal. Oppenheim relate to investments of originally approximately EUR 1.1 billion. After certain claims have either been dismissed or settled, claims relating to investments of originally approximately EUR 120 million are still pending. Currently, the aggregate amounts claimed in the pending proceedings are approximately EUR 160 million. The investors are seeking to unwind their fund participation and to be indemnified against potential losses and debt related to the investment. The claims are based in part on an alleged failure of Sal. Oppenheim to provide adequate information on related risks and other material aspects important for the investors' investment decision. Based on the facts of the individual cases, some courts have decided in favor and some against Sal. Oppenheim. Appeals are pending. The Group has recorded provisions and contingent liabilities with respect to these cases but has not disclosed the amounts thereof because it has concluded that such disclosure can be expected to prejudice seriously their outcome.

FX Investigations and Litigations

Deutsche Bank has received requests for information from certain regulatory and law enforcement agencies globally who investigated trading in, and various other aspects of, the foreign exchange market. Deutsche Bank cooperated with these investigations. Relatedly, Deutsche Bank has conducted its own internal global review of foreign exchange trading and other aspects of its foreign exchange business.

On 19 October 2016, the U.S. Commodity Futures Trading Commission ("**CFTC**"), Division of Enforcement issued a letter ("**CFTC Letter**") notifying Deutsche Bank that the CFTC Division of Enforcement "is not taking any further action at this time and has closed the [foreign] exchange investigation of Deutsche Bank." As is customary, the CFTC Letter states that the CFTC Division of Enforcement "maintains the discretion to decide to reopen the investigation at any time in the future." The CFTC Letter has no binding impact on other regulatory and law enforcement agency investigations regarding Deutsche Bank's foreign exchange trading and practices, which remain pending.

On 7 December 2016, it was announced that Deutsche Bank reached an agreement with CADE, the Brazilian antitrust enforcement agency, to settle an investigation into conduct by a former Brazil-based Deutsche Bank trader. As part of that settlement, Deutsche Bank paid a fine of BRL 51 million and agreed to continue to comply with the CADE's administrative process until it is concluded. This resolves CADE's administrative process as it relates to Deutsche Bank, subject to Deutsche Bank's continued compliance with the settlement terms.

On 13 February 2017, the U. S. Department of Justice ("**DOJ**"), Criminal Division, Fraud Section, issued a letter ("**DOJ Letter**") notifying Deutsche Bank that the DOJ has closed its criminal inquiry "concerning possible violations of federal criminal law in connection with the foreign exchange markets." As is customary, the DOJ Letter states that the DOJ may reopen its inquiry if it obtains additional information or evidence regarding the inquiry. The DOJ Letter has no binding impact on other regulatory and law enforcement agency investigations regarding Deutsche Bank's foreign exchange trading and practices, which remain pending.

On 20 April 2017, it was announced that Deutsche Bank AG, DB USA Corporation and Deutsche Bank AG New York Branch reached an agreement with the Board of Governors of the Federal Reserve System to settle an investigation into Deutsche Bank's foreign exchange trading and practices. Under the terms of the settlement, Deutsche Bank entered into a cease-and-desist order, and agreed to pay a civil monetary penalty of U.S. \$ 137 million. In addition, the Federal Reserve ordered Deutsche Bank to "continue to implement additional improvements in its oversight, internal controls, compliance, risk management and audit programs" for its foreign exchange business and other similar products, and to periodically report to the Federal Reserve on its progress.

Investigations conducted by certain other regulatory agencies are ongoing, and Deutsche Bank has cooperated with these investigations.

Additionally, there are currently four U.S. putative class actions pending against Deutsche Bank. The first pending action is a consolidated action brought on behalf of a putative class of over-the-counter traders and a putative class of central-exchange traders, who are domiciled in or traded in the United States or its territories, and alleges illegal agreements to restrain competition with respect to and to manipulate both benchmark rates and spot rates, particularly the spreads quoted on those spot rates; the complaint further alleges that those supposed conspiracies, in turn, resulted in artificial prices on centralized exchanges for foreign exchange

futures and options. On 29 September 2017, plaintiffs filed a motion seeking preliminary approval of a settlement with Deutsche Bank in the amount of U.S.\$ 190 million, which the court preliminarily approved on the same day. A final fairness hearing for all settlements in this action, including Deutsche Bank's, is currently scheduled for 23 May 2018. A second action tracks the allegations in the consolidated action and asserts that such purported conduct gave rise to, and resulted in a breach of, defendants' fiduciary duties under the U.S. Employment Retirement Income Security Act of 1974. On 24 August 2016, the court granted defendants' motion to dismiss. Plaintiffs in that action have filed a notice of appeal in the U.S. Court of Appeals for the Second Circuit, which is pending. The third putative class action was filed in the same court on 21 December 2015, by Axiom Investment Advisors, LLC alleging that Deutsche Bank rejected FX orders placed over electronic trading platforms through the application of a function referred to as "Last Look" and that these orders were later filled at prices less favorable to putative class members. Plaintiff has asserted claims for breach of contract, quasi-contractual claims, and claims under New York statutory law. On 13 February 2017, Deutsche Bank's motion to dismiss was granted in part and denied in part. This matter remains pending. The fourth putative class action (the "**Indirect Purchasers**" action) which was filed on 26 September 2016, amended on 24 March 2017, and later consolidated with a similar action that was filed on 28 April 2017, tracks the allegations in the consolidated action and asserts that such purported conduct injured "indirect purchasers" of FX instruments. These claims are brought pursuant to the Sherman Act and various states' consumer protection statutes. On 15 March 2018, the court granted Deutsche Bank's motion to dismiss this action. Plaintiffs filed a motion to replead and proposed a third amended complaint on 5 April 2018. Discovery has not yet commenced in the Indirect Purchasers action.

Deutsche Bank also has been named as a defendant in two Canadian class proceedings brought in the provinces of Ontario and Quebec. Filed on 10 September 2015, these class actions assert factual allegations similar to those made in the consolidated action in the United States and seek damages pursuant to the Canadian Competition Act as well as other causes of action.

The Group has not disclosed whether it has established a provision or contingent liability with respect to these matters because it has concluded that such disclosure can be expected to prejudice seriously their outcome.

Interbank Offered Rates Matters

Regulatory and Law Enforcement Matters. Deutsche Bank has received requests for information from various regulatory and law enforcement agencies in connection with industry-wide investigations concerning the setting of the London Interbank Offered Rate ("**LIBOR**"), Euro Interbank Offered Rate ("**EURIBOR**"), Tokyo Interbank Offered Rate ("**TIBOR**") and other interbank offered rates. Deutsche Bank is cooperating with these investigations.

As previously reported, Deutsche Bank reached a settlement with the European Commission on 4 December 2013 as part of a collective settlement to resolve the European Commission's investigations in relation to anticompetitive conduct in the trading of Euro interest rate derivatives and Yen interest rate derivatives. Under the terms of the settlement agreement, Deutsche Bank agreed to pay EUR 725 million in total. This fine has been paid in full and does not form part of the Bank's provisions.

Also as previously reported, on 23 April 2015, Deutsche Bank entered into separate settlements with the DOJ, the CFTC, the UK Financial Conduct Authority ("**FCA**"), and the New York State Department of Financial Services (DFS) to resolve investigations into misconduct concerning the setting of LIBOR, EURIBOR, and TIBOR. Under the terms of these agreements, Deutsche Bank agreed to pay penalties of U.S. \$ 2.175 billion to the DOJ, CFTC and DFS and GBP 226.8 million to the FCA. As part of the resolution with the DOJ, DB Group Services (UK) Ltd. (an indirectly-held, wholly-owned subsidiary of Deutsche Bank) pled guilty to one count of wire fraud in the U.S. District Court for the District of Connecticut and Deutsche Bank entered into a Deferred Prosecution Agreement with a three year term pursuant to which it agreed (among other things) to the filing of an Information in the U.S. District Court for the District of Connecticut charging Deutsche Bank with one count of wire fraud and one count of price fixing in violation of the Sherman Act. The fines referred to above, which include a U.S. \$ 150 million fine paid in April 2017 following the 28 March 2017 sentencing of DB Group Services (UK) Ltd., have been paid in full and do not form part of the Bank's provisions.

On 29 November 2016, the U.S. Securities and Exchange Commission staff informed Deutsche Bank that it has concluded its IBOR investigation and that it does not intend to recommend an enforcement action by the Commission.

On 21 December 2016, the Swiss Competition Commission ("**WEKO**"), formally announced its IBOR-related settlement decisions addressing various banks, including Deutsche Bank AG, relating to EURIBOR and Yen LIBOR. On 20 March 2017, Deutsche Bank paid a fine of CHF 5.0 million with respect to Yen LIBOR and approximately CHF 0.4 million for WEKO's fees. Deutsche Bank received full immunity from fines for EURIBOR in return for being the first party to notify such conduct to WEKO. The settlement amount was already fully reflected in the existing litigation provisions.

On 25 October 2017, Deutsche Bank entered into a settlement with a working group of U.S. state attorneys general resolving their interbank offered rate investigation. Among other conditions, Deutsche Bank agreed to make a settlement payment of U.S.\$ 220 million. The settlement amount has been paid in full and does not form part of the Bank's provisions.

Other investigations of Deutsche Bank concerning the setting of various interbank offered rates remain ongoing, and Deutsche Bank remains exposed to further action.

The Group has not disclosed whether it has established a provision or contingent liability with respect to the remaining investigations because it has concluded that such disclosure can be expected to prejudice seriously their outcome.

Overview of Civil Litigations. Deutsche Bank is party to 44 U.S. civil actions concerning alleged manipulation relating to the setting of various Interbank Offered Rates which are described in the following paragraphs as well as single actions pending in each of the UK, Israel and Argentina. Most of the civil actions, including putative class actions, are pending in the U.S. District Court for the Southern District of New York ("**SDNY**"), against Deutsche Bank and numerous other defendants. All but four of the U.S. civil actions were filed on behalf of parties who allege losses as a result of manipulation relating to the setting of U.S. dollar LIBOR. The four civil actions pending against Deutsche Bank that do not relate to U.S. dollar LIBOR are also pending in the SDNY, and include one action concerning EURIBOR, one consolidated action concerning Pound Sterling ("**GBP**") LIBOR, one action concerning Swiss franc ("**CHF**") LIBOR, and one action concerning two Singapore Dollar ("**SGD**") benchmark rates, the Singapore Interbank Offered Rate ("**SIBOR**") and the Swap Offer Rate ("**SOR**").

Claims for damages for all 44 of the U.S. civil actions discussed have been asserted under various legal theories, including violations of the U.S. Commodity Exchange Act, federal and state antitrust laws, the U.S. Racketeer Influenced and Corrupt Organizations Act, and other federal and state laws. In all but five cases, the amount of damages has not been formally articulated by the plaintiffs. The five cases that allege a specific amount of damages are individual actions consolidated in the U.S. dollar LIBOR multidistrict litigation and seek a minimum of more than U.S. \$ 1.25 billion in damages in the aggregate from all defendants including Deutsche Bank. The Group has not disclosed whether it has established a provision or contingent liability with respect to these matters because it has concluded that such disclosure can be expected to prejudice seriously their outcome.

U.S. dollar LIBOR. With one exception, all of the U.S. civil actions concerning U.S. dollar LIBOR are being coordinated as part of a multidistrict litigation (the "**U.S. dollar LIBOR MDL**") in the SDNY. In light of the large number of individual cases pending against Deutsche Bank and their similarity, the civil actions included in the U.S. dollar LIBOR MDL are now subsumed under the following general description of the litigation pertaining to all such actions, without disclosure of individual actions except when the circumstances or the resolution of an individual case is material to Deutsche Bank.

Following a series of decisions in the U.S. dollar LIBOR MDL between March 2013 and December 2016 narrowing their claims, plaintiffs are currently asserting antitrust claims, claims under the U.S. Commodity Exchange Act and state law fraud, contract, unjust enrichment and other tort claims. The court has also issued decisions dismissing certain plaintiffs' claims for lack of personal jurisdiction and on statute of limitations grounds

On 20 December 2016, the district court issued a ruling dismissing certain antitrust claims while allowing others to proceed. Multiple plaintiffs have filed appeals of the district court's 20 December 2016 ruling to the U.S. Court of Appeals for the Second Circuit, and those appeals are proceeding in parallel with the ongoing proceedings in the district court. Briefing of the appeals is ongoing, and oral argument has not yet been scheduled. Motions for class certification were fully briefed as of 10 November 2017, and the court heard oral argument on 18 January

2018. On 28 February 2018, the court issued its decision on plaintiffs' motions for class certification. The court denied motions to certify (i) a class of purchasers of Eurodollar futures and options traded on the Chicago Mercantile Exchange (*Metzler Investment GmbH v. Credit Suisse Group AG*) and (ii) a class of lending institutions that originated, held, purchased, or sold loans tied to U.S. dollar LIBOR (*Berkshire Bank v. Bank of America Corp.*). The court granted a motion to certify a class of plaintiffs that transacted in U.S. dollar LIBOR-linked financial instruments purchased over the counter directly from LIBOR panel banks with respect to those plaintiffs' remaining antitrust claims against two domestic-bank defendants (*Mayor & City Council of Baltimore v. Credit Suisse AG*), but denied a motion to certify a class with respect to those same plaintiffs' state-law contract and unjust enrichment claims.

On 13 July 2017, Deutsche Bank executed a settlement agreement in the amount of U.S.\$ 80 million with plaintiffs to resolve a putative class action pending as part of the U.S. dollar LIBOR MDL asserting claims based on alleged transactions in Eurodollar futures and options traded on the Chicago Mercantile Exchange (*Metzler Investment GmbH v. Credit Suisse Group AG*). The settlement agreement was submitted to the court for preliminary approval on 11 October 2017. The settlement amount is already fully reflected in existing litigation provisions and no additional provisions have been taken for this settlement. The settlement agreement is subject to further review and approval by the court.

On 6 February 2018, Deutsche Bank executed a settlement agreement in the amount of U.S.\$ 240 million with plaintiffs to resolve a putative class action pending as part of the U.S. dollar LIBOR MDL asserting claims based on alleged transactions in U.S. dollar LIBOR-linked financial instruments purchased over the counter directly from LIBOR panel banks (*Mayor & City Council of Baltimore v. Credit Suisse AG*). The settlement agreement was submitted to the court for preliminary approval on 27 February 2018, which the court granted on 5 April 2018. The settlement amount is already fully reflected in existing litigation provisions and no additional provisions have been taken for this settlement. The settlement agreement is subject to further review and approval by the court.

Finally, one of the actions in the U.S. dollar LIBOR MDL had been dismissed in its entirety, including (as to Deutsche Bank and other foreign defendants) on personal jurisdiction and merits grounds, and plaintiffs filed an appeal to the U.S. Court of Appeals for the Second Circuit. The appeal was fully briefed, and oral argument was held on 25 September 2017. On 23 February 2018, the Second Circuit affirmed in part and vacated in part the district court's decision. Among other things, the Court held that plaintiffs had established a prima facie case of personal jurisdiction with respect to Deutsche Bank and another foreign defendant for certain state law claims concerning direct transactions with plaintiffs and granted plaintiffs leave to amend their allegations concerning several other defendants and their agency and conspiracy theories of jurisdiction. The Second Circuit otherwise affirmed the district court's decision on personal jurisdiction. The Second Circuit also affirmed the district court's dismissal on the merits of plaintiffs' claims concerning fixed-rate instruments, but reversed the district court's dismissal of certain of plaintiffs' claims under the U.S. Securities Exchange Act of 1934 and for unjust enrichment.

Plaintiff in the non-MDL case proceeding in the SDNY moved to amend its complaint following a dismissal of its claims. On 20 March 2018, the court denied plaintiff's motion for leave to amend and entered judgment in the action, closing the case. On 16 April 2018, plaintiff filed a notice of appeal to the U.S. Court of Appeals for the Second Circuit.

There is a further UK civil action regarding U.S. dollar LIBOR brought by the U.S. Federal Deposit Insurance Corporation, in which a claim for damages has been asserted pursuant to Article 101 of The Treaty on the Functioning of the European Union, Section 2 of Chapter 1 of the UK Competition Act 1998 and U.S. state laws. Deutsche Bank is defending this action.

A further class action regarding LIBOR, EURIBOR and TIBOR has recently been filed in Israel.

Yen LIBOR and Euroyen TIBOR. On 21 July 2017, Deutsche Bank executed a settlement agreement in the amount of U.S.\$ 77 million with plaintiffs to resolve two putative class actions pending in the SDNY alleging manipulation of Yen LIBOR and Euroyen TIBOR (*Laydon v. Mizuho Bank, Ltd. and Sonterra Capital Master Fund Ltd. v. UBS AG*). The agreement was submitted to the court for approval, and the court granted final approval of the settlement on 7 December 2017. Accordingly, these two actions are not included in the total number of actions above. The settlement amount, which Deutsche Bank paid on 1 August 2017, is no longer

reflected in Deutsche Bank's litigation provisions. EURIBOR. On 10 May 2017, Deutsche Bank executed a settlement agreement in the amount of U.S.\$ 170 million with plaintiffs to resolve a putative class action pending in the SDNY alleging manipulation of EURIBOR (Sullivan v. Barclays PLC). The agreement was submitted to the court for preliminary approval on 12 June 2017. The court granted preliminary approval on 7 July 2017. Plaintiffs filed their motion for final approval of the settlement on 23 March 2018, and a final approval hearing is scheduled on 18 May 2018. Under the terms of the settlement, Deutsche Bank has paid U.S.\$ 170 million, and is no longer reflecting that amount in its litigation provisions. GBP LIBOR. A putative class action alleging manipulation of the Pound Sterling (GBP) LIBOR remains pending in the SDNY. It is the subject of a fully briefed motion to dismiss. The court held argument on 4 August 2017.

CHF LIBOR. On 25 September 2017, the court in the SDNY dismissed the plaintiffs' putative class action alleging manipulation of the Swiss Franc (CHF) LIBOR in full, but gave plaintiffs an opportunity to file an amended complaint. Plaintiffs filed that amended complaint on 6 November 2017. Defendants' moved to dismiss the amended complaint on 7 February 2018, and briefing on the motions is in progress.

SIBOR and SOR. On 18 August 2017, the court in the SDNY dismissed the plaintiffs' putative class action alleging manipulation of the Singapore Interbank Offered Rate (SIBOR) and Swap Offer Rate (SOR) in part, but gave plaintiffs an opportunity to file an amended complaint. Plaintiffs filed their amended complaint on 18 September 2017, and it is the subject of fully briefed motions to dismiss. Oral argument on defendants' motions to dismiss was heard on 12 April 2018. The court has not yet issued a written decision. Bank Bill Swap Rate Claims. On 16 August 2016, a putative class action was filed in the U.S. District Court for the Southern District of New York against Deutsche Bank and other defendants, bringing claims based on alleged collusion and manipulation in connection with the Australian Bank Bill Swap Rate ("**BBSW**"). The complaint alleges that the defendants, among other things, engaged in money market transactions intended to influence the BBSW fixing, made false BBSW submissions, and used their control over BBSW rules to further the alleged misconduct. Plaintiffs bring suit on behalf of persons and entities that engaged in U.S.-based transactions in BBSW-linked financial instruments from 2003 through the present. An amended complaint was filed on 16 December 2016, and is the subject of fully briefed motions to dismiss. The court held argument on 23 January 2018. On 23 February 2018, defendants filed a renewed motion to dismiss on certain grounds that had been previously raised; that motion was fully briefed as of 23 March 2018. Canadian Dealer Offered Rate Matter. On 12 January 2018, the Fire & Police Pension Association of Colorado filed a putative class action lawsuit in the U.S. District Court for the Southern District of New York relating to the Canadian Dealer Offered Rate (CDOR), a Canadian dollar-denominated interest rate benchmark, against numerous financial institutions including Deutsche Bank and its subsidiaries Deutsche Bank Securities Inc. and Deutsche Bank Securities Limited. Plaintiff filed an amended complaint on 20 March 2018. The amended complaint alleges that the defendants, members of the panel of banks that provided CDOR submissions and their affiliates, suppressed their CDOR submissions from at latest 9 August 2007 through at earliest 30 June 2014 in order to benefit their positions in CDOR-referencing financial instruments, and asserts claims under the U.S. Sherman Antitrust Act, U.S. Commodity Exchange Act, and the U.S. Racketeer Influenced and Corrupt Organizations Act, as well as state common law contract and unjust enrichment claims.

Investigations Into Referral Hiring Practices and Certain Business Relationships

Certain regulators and law enforcement authorities in various jurisdictions, including the U.S. Securities and Exchange Commission and the DOJ, are investigating, among other things, Deutsche Bank's compliance with the U.S. Foreign Corrupt Practices Act and other laws with respect to the Bank's hiring practices related to candidates referred by clients, potential clients and government officials, and the Bank's engagement of finders and consultants. Deutsche Bank is responding to and continuing to cooperate with these investigations. Certain regulators in other jurisdictions have also been briefed on these investigations. The Group has recorded a provision with respect to certain of these regulatory investigations. The Group has not disclosed the amount of this provision because it has concluded that such disclosure can be expected to prejudice seriously the outcome of these regulatory investigations. Based on the facts currently known, it is not practicable at this time for the Bank to predict the timing of a resolution.

ISDAFIX

On 1 February 2018, the Bank entered into a settlement with the U.S. Commodity Futures Trading Commission (CFTC) to resolve the CFTC's investigation concerning the Bank's involvement in the setting of U.S. dollar ISDAFIX benchmark. The Bank agreed to pay a civil monetary penalty of U.S.\$ 70 million and to remedial

undertakings, including maintaining systems and controls reasonably designed to prevent potential manipulation of interest rate swaps benchmarks.

In addition, the Bank has been named as a defendant in five putative class actions that were consolidated in the U. S. District Court for the Southern District of New York asserting antitrust, fraud, and other claims relating to an alleged conspiracy to manipulate the U.S. dollar ISDAFIX benchmark. On 8 April 2016, Deutsche Bank settled the class actions for U.S. \$ 50 million, which is subject to final court approval. The settlement was preliminarily approved by the court on 11 May 2016. The final approval hearing is scheduled to take place on 30 May 2018.

Kirch

The public prosecutor's office in Munich (*Staatsanwaltschaft München I*) has conducted and is currently conducting criminal investigations in connection with the Kirch case *inter alia* with regard to former Deutsche Bank Management Board members. The Kirch case involved several civil proceedings between Deutsche Bank AG and Dr. Leo Kirch as well as media companies controlled by him. The key issue was whether an interview given by Dr. Rolf Breuer, then Spokesman of Deutsche Bank's Management Board, in 2002 with Bloomberg television, during which Dr. Breuer commented on Dr. Kirch's (and his companies') inability to obtain financing, caused the insolvency of the Kirch companies. In February 2014, Deutsche Bank and the Kirch heirs reached a comprehensive settlement, which has ended all legal disputes between them.

The allegations of the public prosecutor are that the relevant former Management Board members failed to correct in a timely manner factual statements made by Deutsche Bank's litigation counsel in submissions filed in one of the civil cases between Kirch and Deutsche Bank AG before the Munich Higher Regional Court and the Federal Court of Justice, after allegedly having become aware that such statements were not correct, and/or made incorrect statements in such proceedings, respectively.

On 25 April 2016, following the trial before the Munich District Court regarding the main investigation involving Jürgen Fitschen and four other former Management Board members, the Munich District Court acquitted all of the accused, as well as the Bank, which was a secondary participant in such proceedings. On 26 April 2016, the public prosecutor filed an appeal. An appeal is limited to a review of legal errors rather than facts. On 18 October 2016, a few weeks after the written judgment was served, the public prosecutor provided notice that it will uphold its appeal only with respect to former Management Board members Jürgen Fitschen, Dr. Rolf Breuer and Dr. Josef Ackermann and that it will withdraw its appeal with respect to former Management Board members Dr. Clemens Börsig and Dr. Tessen von Heydebreck for whom the acquittal thereby becomes binding. On 24 January 2018, the Attorney General's Office applied to convene an oral hearing before the Federal Supreme Court to decide about the Munich public prosecutor's appeal.

The other investigations by the public prosecutor (which also deal with attempted litigation fraud in the Kirch civil proceedings) are ongoing. Deutsche Bank is fully cooperating with the Munich public prosecutor's office.

The Group does not expect these proceedings to have significant economic consequences for it and has not recorded a provision or contingent liability with respect thereto.

KOSPI Index Unwind Matters

Following the decline of the Korea Composite Stock Price Index 200 (the "**KOSPI 200**") in the closing auction on 11 November 2010 by approximately 2.7 %, the Korean Financial Supervisory Service ("**FSS**") commenced an investigation and expressed concerns that the fall in the KOSPI 200 was attributable to a sale by Deutsche Bank of a basket of stocks, worth approximately EUR 1.6 billion, that was held as part of an index arbitrage position on the KOSPI 200. On 23 February 2011, the Korean Financial Services Commission, which oversees the work of the FSS, reviewed the FSS' findings and recommendations and resolved to take the following actions: (i) to file a criminal complaint to the Korean Prosecutor's Office for alleged market manipulation against five employees of the Deutsche Bank group and Deutsche Bank's subsidiary Deutsche Securities Korea Co. ("**DSK**") for vicarious corporate criminal liability; and (ii) to impose a suspension of six months, commencing 1 April 2011 and ending 30 September 2011, of DSK's business for proprietary trading of cash equities and listed derivatives and DMA (direct market access) cash equities trading, and the requirement that DSK suspend the employment of one named employee for six months. There was an exemption to the business suspension

which permitted DSK to continue acting as liquidity provider for existing derivatives linked securities. On 19 August 2011, the Korean Prosecutor's Office announced its decision to indict DSK and four employees of the Deutsche Bank group on charges of spot/futures linked market manipulation. The criminal trial commenced in January 2012. On 25 January 2016, the Seoul Central District Court rendered a guilty verdict against a DSK trader and a guilty verdict against DSK. A criminal fine of KRW 1.5 billion (less than EUR 2.0 million) was imposed on DSK. The Court also ordered forfeiture of the profits generated on the underlying trading activity. The Group disgorged the profits on the underlying trading activity in 2011. The criminal trial verdict has been appealed by both the prosecutor and the defendants.

In addition, a number of civil actions have been filed in Korean courts against Deutsche Bank and DSK by certain parties who allege they incurred losses as a consequence of the fall in the KOSPI 200 on 11 November 2010. First instance court decisions were rendered against the Bank and DSK in some of these cases starting in the fourth quarter of 2015. The outstanding known claims have an aggregate claim amount of less than EUR 50 million (at present exchange rates). The Group has recorded a provision with respect to these outstanding civil matters. The Group has not disclosed the amount of this provision because it has concluded that such disclosure can be expected to prejudice seriously the outcome of these matters.

Life Settlements Investigation

On 2 May 2017, the U.S. Attorney's Office for the Southern District of New York notified the Bank that it has closed its investigation of the Bank's historical life settlements business, which included the origination and purchase of investments in life insurance assets during the 2005 to 2008 period. As is customary, the U.S. Attorney's Office further informed the Bank that it may reopen its investigation if it obtains additional information or evidence.

Monte Dei Paschi

In February 2013, Banca Monte Dei Paschi Di Siena ("**MPS**") issued civil proceedings in Italy against Deutsche Bank alleging that Deutsche Bank assisted former MPS senior management in an accounting fraud on MPS, by undertaking repo transactions with MPS and "Santorini", a wholly owned special-purpose vehicle of MPS, which helped MPS defer losses on a previous transaction undertaken with Deutsche Bank. Subsequently, in July 2013, the Fondazione Monte Dei Paschi, MPS' largest shareholder, also commenced civil proceedings in Italy for damages based on substantially the same facts. In December 2013, Deutsche Bank reached an agreement with MPS to settle the civil proceedings and the transactions were unwound. The civil proceedings by the Fondazione Monte Dei Paschi, in which damages of between EUR 220 million and EUR 381 million are claimed, remain pending. The Fondazione's separate claim filed in July 2014 against their former administrators and a syndicate of 12 banks including Deutsche Bank S.p.A. for EUR 286 million has resumed before the Florence Court.

A criminal investigation was launched by the Siena Public Prosecutor into the transactions and certain unrelated transactions entered into by MPS with other parties. Such investigation was moved in summer 2014 from Siena to the Milan Public Prosecutors as a result of a change in the alleged charges being investigated. On 16 February 2016, the Milan Public Prosecutors issued a request of committal to trial against Deutsche Bank AG and six current and former employees. The committal process concluded with a hearing on 1 October 2016, during which the Milan court committed all defendants in the criminal proceedings to trial. Deutsche Bank's potential exposure is for administrative liability under Italian Legislative Decree n. 231/2001 and for civil vicarious liability as an employer of current and former Deutsche Bank employees who are being criminally prosecuted. Trial commenced on 15 December 2016 and is ongoing. Deutsche Bank continues to cooperate and update its regulators.

Mortgage-Related and Asset-Backed Securities Matters and Investigation

Regulatory and Governmental Matters. Deutsche Bank, along with certain affiliates (collectively referred in these paragraphs to as "**Deutsche Bank**"), have received subpoenas and requests for information from certain regulators and government entities, including members of the Residential Mortgage-Backed Securities Working Group of the U.S. Financial Fraud Enforcement Task Force, concerning its activities regarding the origination, purchase, securitization, sale, valuation and/or trading of mortgage loans, residential mortgage-backed securities ("**RMBS**"), commercial mortgage-backed securities (CMBS), collateralized debt obligations ("**CDO**"s), other asset-backed securities and credit derivatives. Deutsche Bank is cooperating fully in response to those subpoenas and requests for information.

On 23 December 2016, Deutsche Bank announced that it reached a settlement-in-principle with the DOJ to resolve potential claims related to its RMBS business conducted from 2005 to 2007. The settlement became final and was announced by the DOJ on 17 January 2017. Under the settlement, Deutsche Bank paid a civil monetary penalty of U.S. \$ 3.1 billion and agreed to provide U.S. \$ 4.1 billion in consumer relief.

In September 2016, Deutsche Bank received administrative subpoenas from the Maryland Attorney General seeking information concerning Deutsche Bank's RMBS and CDO businesses from 2002 to 2009. On 1 June 2017, Deutsche Bank and the Maryland Attorney General reached a settlement to resolve the matter for U.S. \$ 15 million in cash and U.S. \$ 80 million in consumer relief (to be allocated from the overall U.S. \$ 4.1 billion consumer relief obligation agreed to as part of Deutsche Bank's settlement with the DOJ). The Group has recorded provisions with respect to some of the outstanding regulatory investigations but not others, a portion of which relates to the consumer relief being provided under the DOJ settlement. The Group has not disclosed the amount of these provisions because it has concluded that such disclosure can be expected to prejudice seriously the resolution of these matters.

Issuer and Underwriter Civil Litigation. Deutsche Bank has been named as defendant in numerous civil litigations brought by private parties in connection with its various roles, including issuer or underwriter, in offerings of RMBS and other asset-backed securities. These cases, described below, allege that the offering documents contained material misrepresentations and omissions, including with regard to the underwriting standards pursuant to which the underlying mortgage loans were issued, or assert that various representations or warranties relating to the loans were breached at the time of origination. The Group has recorded provisions with respect to several of these civil cases, but has not recorded provisions with respect to all of these matters. The Group has not disclosed the amount of these provisions because it has concluded that such disclosure can be expected to prejudice seriously the resolution of these matters.

Deutsche Bank is a defendant in a class action relating to its role as one of the underwriters of six RMBS offerings issued by Novastar Mortgage Corporation. No specific damages are alleged in the complaint. The lawsuit was brought by plaintiffs representing a class of investors who purchased certificates in those offerings. The parties reached a settlement to resolve the matter for a total of U.S. \$ 165 million, a portion of which was paid by the Bank. On 30 August 2017, FHFA/Freddie Mac filed an objection to the settlement. Final court approval is not expected until appellate proceedings relating to FHFA/Freddie Mac's objections are resolved. Deutsche Bank is a defendant in three actions related to RMBS offerings brought by the U.S. Federal Deposit Insurance Corporation ("**FDIC**") as receiver for: (a) Colonial Bank (alleging no less than U.S. \$ 189 million in damages against all defendants), (b) Guaranty Bank (alleging no less than U.S. \$ 901 million in damages against all defendants), and (c) Citizens National Bank and Strategic Capital Bank (alleging no less than U.S. \$ 66 million in damages against all defendants). In each of these actions, the appellate courts have reinstated claims previously dismissed on statute of limitations grounds. In the case concerning Colonial Bank, petitions for rehearing and certiorari to the U.S. Supreme Court were denied, and on 21 June 2017, the FDIC filed a second amended complaint, which defendants moved to dismiss on 7 September 2017. On 2 March 2018, the court granted in part and denied in part defendants' motion to dismiss. In the case concerning Guaranty Bank, petitions for rehearing and certiorari to the U.S. Supreme Court were denied, fact discovery is almost complete, and expert work is ongoing. Also, on 14 September 2017, the court granted in part Deutsche Bank's motion for summary judgment regarding the proper method of calculating pre-judgment interest. The parties' remaining summary judgment motions were filed on 28 February 2018, and oppositions were filed on 30 March 2018. In the case concerning Citizens National Bank and Strategic Capital Bank, petitions for rehearing and certiorari to the U.S. Supreme Court were denied, and on 31 July 2017, the FDIC filed a second amended complaint, which defendants moved to dismiss on 14 September 2017.

On 3 November 2016, Deutsche Bank reached a settlement to resolve claims brought by the Federal Home Loan Bank of San Francisco on two resecuritizations of RMBS certificates for an amount not material to the Bank. Following this settlement and two other previous partial settlements of claims, Deutsche Bank remained a defendant with respect to one RMBS offering, for which Deutsche Bank, as an underwriter, was provided contractual indemnification. On 23 January 2017, a settlement agreement was executed to resolve the claims relating to that RMBS offering, and the matter has been dismissed.

Deutsche Bank is a defendant in an action brought by Royal Park Investments (as purported assignee of claims of a special-purpose vehicle created to acquire certain assets of Fortis Bank) alleging common law claims related to the purchase of RMBS. The complaint did not specify the amount of damages sought. On 17 April 2017, the court

dismissed the complaint, and on 13 February 2018 the plaintiff filed its appeal. In June 2014, HSBC, as trustee, brought an action in New York state court against Deutsche Bank to revive a prior action, alleging that Deutsche Bank failed to repurchase mortgage loans in the ACE Securities Corp. 2006-SL2 RMBS offering. The revival action was stayed during the pendency of an appeal of the dismissal of a separate action wherein HSBC, as trustee, brought an action against Deutsche Bank alleging breaches of representations and warranties made by Deutsche Bank concerning the mortgage loans in the same offering. On 29 March 2016, the court dismissed the revival action, and on 29 April 2016, plaintiff filed a notice of appeal. Plaintiff's appeal has been adjourned in light of a case pending in the New York Court of Appeals involving similar legal issues.

On 3 February 2016, Lehman Brothers Holding, Inc. ("**Lehman**") instituted an adversary proceeding in United States Bankruptcy Court for the Southern District of New York against, among others, MortgageIT, Inc. ("**MIT**") and Deutsche Bank AG, as alleged successor to MIT, asserting breaches of representations and warranties set forth in certain 2003 and 2004 loan purchase agreements concerning 63 mortgage loans that MIT sold to Lehman, which Lehman in turn sold to the Federal National Mortgage Association (Fannie Mae) and the Federal Home Loan Mortgage Corporation ("**Freddie Mac**"). The complaint seeks indemnification for losses incurred by Lehman in connection with settlements entered into with Fannie Mae and Freddie Mac as part of the Lehman bankruptcy proceedings to resolve claims concerning those loans. On 31 January 2018, the parties reached a settlement to resolve the litigation. On 6 February 2018, the court ordered a voluntary stipulation of dismissal. In the actions against Deutsche Bank solely as an underwriter of other issuers' RMBS offerings, Deutsche Bank has contractual rights to indemnification from the issuers, but those indemnity rights may in whole or in part prove effectively unenforceable where the issuers are now or may in the future be in bankruptcy or otherwise defunct.

Trustee Civil Litigation. Deutsche Bank is a defendant in eight separate civil lawsuits brought by various groups of investors concerning its role as trustee of certain RMBS trusts. The actions generally allege claims for breach of contract, breach of fiduciary duty, breach of the duty to avoid conflicts of interest, negligence and/or violations of the U.S. Trust Indenture Act of 1939, based on the trustees' alleged failure to perform adequately certain obligations and/or duties as trustee for the trusts. The eight actions include two putative class actions brought by a group of investors, including funds managed by BlackRock Advisors, LLC, PIMCO-Advisors, L.P., and others (the "**BlackRock Class Actions**"), two putative class actions brought by Royal Park Investments SA/NV, and four individual lawsuits. One of the BlackRock Class Actions is pending in the U.S. District Court for the Southern District of New York in relation to 62 trusts, which allegedly suffered total realized collateral losses of U.S. \$ 9.8 billion, although the complaint does not specify a damage amount. On 23 January 2017, the court granted in part and denied in part the trustees' motion to dismiss. On 3 February 2017, the court entered an order dismissing plaintiffs' representations and warranties claims as to 21 trusts whose originators or sponsors had entered bankruptcy. On 5 April 2018, the parties executed stipulations of dismissal with prejudice for the claims of two plaintiff groups, which the court entered on 6 April and 24 April 2018. The only claims that remain are for violation of the U.S. Trust Indenture Act of 1939 and breach of contract. On 27 March 2017, the trustees filed an answer to the complaint. BlackRock's motion for class certification is fully briefed as of 16 April 2018. Discovery is ongoing. The second BlackRock Class Action is pending in the Superior Court of California in relation to 465 trusts, which allegedly suffered total realized collateral losses of U.S. \$ 75.7 billion, although the complaint does not specify a damage amount. The trustees filed a demurrer seeking to dismiss the tort claims asserted by plaintiffs and a motion to strike certain elements of the breach of contract claim, and on 18 October 2016, the court sustained the trustees' demurrer, dismissing the tort claims, but denied the motion to strike. On 19 December 2016, the trustees filed an answer to the complaint. On 17 January 2018, BlackRock filed a motion for class certification. Discovery is ongoing. The putative class action brought by Royal Park Investments SA/NV is pending in the U.S. District Court for the Southern District of New York and concerns ten trusts, which allegedly suffered total realized collateral losses of more than U.S. \$ 3.1 billion, although the complaint does not specify a damage amount. On 29 March 2018, the court issued an order denying plaintiffs's renewed motion for class certification and Royal Park filed a petition to appeal the order on 13 April 2018. Discovery is ongoing. On 4 August 2017, Royal Park filed a separate, additional class action complaint against the trustee in the same court asserting claims for breach of contract, unjust enrichment, conversion, breach of trust, equitable accounting and declaratory and injunctive relief arising out of the payment from trust funds of the trustee's legal fees and expenses in the other, ongoing Royal Park litigation. On 10 October 2017, the trustee filed a motion to dismiss that complaint.

The four individual lawsuits include actions by (a) the National Credit Union Administration Board ("**NCUA**"), as an investor in 97 trusts, which allegedly suffered total realized collateral losses of U.S. \$ 17.2 billion, although the complaint does not specify a damage amount; (b) certain CDOs (collectively, "**Phoenix Light**") that hold

RMBS certificates issued by 43 RMBS trusts, and seeking "hundreds of millions of dollars in damages"; (c) Commerzbank AG, as an investor in 50 RMBS trusts, seeking recovery for alleged "hundreds of millions of dollars in losses;" and (d) IKB International, S.A. in Liquidation and IKB Deutsche Industriebank AG (collectively, "**IKB**"), as an investor in 30 RMBS trusts, seeking more than U.S.\$ 268 million of damages. In the NCUA case, the trustee's motion to dismiss for failure to state a claim is pending and discovery is stayed. In the Phoenix Light case, the plaintiffs filed an amended complaint on 27 September 2017, and the trustees filed an answer to the complaint on 13 November 2017; discovery is ongoing. In the Commerzbank case, the plaintiff filed an amended complaint on 30 November 2017, and the trustees filed an answer to the complaint on 29 January 2018; discovery is ongoing. In the IKB case, the court heard oral argument on the trustee's motion to dismiss on 3 May 2017, but has not yet issued a decision. On 20 June 2017, the IKB plaintiffs stipulated to the dismissal with prejudice of all claims asserted against Deutsche Bank concerning four trusts. Discovery is ongoing. Deutsche Bank was also a defendant in a lawsuit brought by the Western and Southern Life Insurance Company and five related entities, but on 28 September 2017, plaintiffs filed a notice of voluntary dismissal of their claims, without prejudice. The Group believes a contingent liability exists with respect to these eight cases, but at present the amount of the contingent liability is not reliably estimable.

Parmalat Litigation

Following the bankruptcy of the Italian company Parmalat, prosecutors in Parma conducted a criminal investigation against various bank employees, including employees of Deutsche Bank, and brought charges of fraudulent bankruptcy and usury against a number of Deutsche Bank employees and others. The trial commenced in September 2009 and a verdict was recently delivered in July 2017. The Deutsche Bank employees were acquitted and, as a result thereof, Deutsche Bank will not be held to have vicarious liability in connection with the actions of the bank employees. The court published its reasoning in January 2018, and the prosecutor did not appeal within the applicable time period, so that the criminal proceedings can now be considered to be at an end.

Pas-de-Calais Habitat

On 31 May 2012, Pas-de-Calais Habitat ("**PDCH**"), a public housing office, initiated proceedings before the Paris Commercial Court against Deutsche Bank in relation to four swap contracts entered into in 2006, restructured on 19 March 2007 and 18 January 2008 and subsequently restructured in 2009 and on 15 June 2010. PDCH asks the Court to declare the 19 March 2007 and 18 January 2008 swap contracts null and void, or terminated, or to grant damages to PDCH in an amount of approximately EUR 170 million on the grounds, *inter alia*, that Deutsche Bank committed fraudulent and deceitful acts, manipulated the LIBOR and EURIBOR rates which are used as a basis for calculating the sums due by PDCH under the swap contracts and breached its obligations to warn, advise and inform PDCH. A decision on the merits is not expected until the fourth quarter of 2018 at the earliest.

Pension Plan Assets

The Group sponsors a number of post-employment benefit plans on behalf of its employees. In Germany, the pension assets that fund the obligations under these pension plans are held by Benefit Trust GmbH. The German tax authorities are challenging the tax treatment of certain income received by Benefit Trust GmbH in the years 2010 to 2013 with respect to its pension plan assets. For the year 2010 Benefit Trust GmbH paid the amount of tax and interest assessed of EUR 160 million to the tax authorities and is seeking a refund of the amounts paid in litigation. For 2011 to 2013 the matter is stayed pending the outcome of the 2010 tax litigation. The amount of tax and interest under dispute for years 2011 to 2013, which also has been paid to the tax authorities, amounts to EUR 456 million. In March 2017, the lower fiscal court ruled in favor of Benefit Trust GmbH and in September 2017 the tax authorities appealed the decision to the German supreme fiscal court (*Bundesfinanzhof*). A decision by the supreme fiscal court is not expected for a number of years.

Postbank Voluntary Public Takeover Offer

On 12 September 2010, Deutsche Bank announced the decision to make a voluntary takeover offer for the acquisition of all shares in Deutsche Postbank AG ("**Postbank**"). On 7 October 2010, the Bank published the official offer document. In its takeover offer, Deutsche Bank offered Postbank shareholders consideration of EUR 25 for each Postbank share. The takeover offer was accepted for a total of approximately 48.2 million Postbank shares.

In November 2010, a former shareholder of Postbank, Effecten-Spiegel AG, which had accepted the takeover offer, brought a claim against Deutsche Bank alleging that the offer price was too low and was not determined in accordance with the applicable law of the Federal Republic of Germany. The plaintiff alleges that Deutsche Bank had been obliged to make a mandatory takeover offer for all shares in Postbank, at the latest, in 2009. The plaintiff avers that, at the latest in 2009, the voting rights of Deutsche Post AG in Postbank had to be attributed to Deutsche Bank AG pursuant to Section 30 of the German Takeover Act. Based thereon, the plaintiff alleges that the consideration offered by Deutsche Bank AG for the shares in Postbank in the 2010 voluntary takeover offer needed to be raised to EUR 57.25 per share.

The Cologne District Court dismissed the claim in 2011 and the Cologne appellate court dismissed the appeal in 2012. The Federal Court set aside the Cologne appellate court's judgment and referred the case back to the appellate court. In its judgment, the Federal Court stated that the appellate court had not sufficiently considered the plaintiff's allegation that Deutsche Bank AG and Deutsche Post AG "acted in concert" in 2009.

Starting in 2014, additional former shareholders of Postbank, who accepted the 2010 tender offer, brought similar claims as Effecten-Spiegel AG against Deutsche Bank which are pending with the Cologne District Court and the Higher Regional Court of Cologne, respectively. On 20 October 2017, the Cologne District Court handed down a decision granting the claims in a total of 14 cases which were combined in one proceeding.. The Cologne District Court took the view that Deutsche Bank was obliged to make a mandatory takeover offer already in 2008 so that the appropriate consideration to be offered in the takeover offer should have been € 57.25 per share. Taking the consideration paid into account, the additional consideration per share owed to shareholders which have accepted the takeover offer would thus amount to € 32.25. Deutsche Bank appealed this decision and the appeal has been assigned to the 13th Senate of the Higher Regional Court of Cologne, which also is hearing the appeal of Effecten-Spiegel AG.

On 8 November 2017, a hearing took place before the Higher Regional Court of Cologne in the Effecten-Spiegel case. In that hearing, the Higher Regional Court indicated that it disagreed with the conclusions of the Cologne District Court and took the preliminary view that Deutsche Bank was not obliged to make a mandatory takeover offer in 2008 or 2009. Initially the Higher Regional Court resolved to announce a decision on 13 December 2017. However, this was postponed to February 2018 because the plaintiff challenged the three members of the 13th Senate of the Higher Regional Court of Cologne for alleged prejudice. The challenge was rejected by the Higher Regional Court of Cologne at the end of January 2018. In February 2018, the court granted a motion by Effecten-Spiegel AG to re-open the hearing and scheduled a further hearing for 29 June 2018. In late March 2018, the court summoned Deutsche Bank's former Management Board member, Stefan Krause, and Dr. Frank Appel, CEO of Deutsche Post AG, to appear as witnesses at this hearing.

Deutsche Bank has been served with a material number of additional lawsuits filed against Deutsche Bank shortly before the end of the year 2017 and these claims are now pending with the District Court of Cologne. Some of the new plaintiffs allege that the consideration offered by Deutsche Bank AG for the shares in Postbank in the 2010 voluntary takeover should be raised to € 64.25 per share.

The claims for payment against Deutsche Bank in relation to these matters total almost € 700 million (excluding interest). In February 2018, a law firm representing some plaintiffs in the above-mentioned civil actions also filed a criminal complaint with the public prosecutor in Frankfurt am Main against certain Deutsche Bank personnel alleging that they engaged in fraudulent conduct in connection with the takeover offer.

The Group has established a contingent liability with respect to these matters but the Group has not disclosed the amount of this contingent liability because it has concluded that such disclosure can be expected to prejudice seriously the outcome of these matters.

Further Proceedings Relating to the Postbank Takeover

In September 2015, former shareholders of Postbank filed in the Cologne District Court shareholder actions against Postbank to set aside the squeeze-out resolution taken in the shareholders meeting of Postbank in August 2015. Among other things, the plaintiffs allege that Deutsche Bank was subject to a suspension of voting rights with respect to its shares in Postbank based on the allegation that Deutsche Bank failed to make a mandatory takeover offer at a higher price in 2009. The squeeze out is final and the proceeding itself has no reversal effect, but may result in damage payments. The claimants in this proceeding refer to legal arguments

similar to those asserted in the Effecten-Spiegel proceeding described above. In a decision on 20 October 2017, the Cologne District Court declared the squeeze-out resolution to be void. The court, however, did not rely on a suspension of voting rights due to an alleged failure of Deutsche Bank to make a mandatory takeover offer, but argued that Postbank violated information rights of Postbank shareholders in Postbank's shareholders meeting in August 2015. Postbank has appealed this decision. The legal question whether Deutsche Bank had been obliged to make a mandatory takeover offer for all Postbank shares prior to its 2010 voluntary takeover may also impact two pending appraisal proceedings (Spruchverfahren). These proceedings were initiated by former Postbank shareholders with the aim to increase the cash compensation offered in connection with the squeeze-out of Postbank shareholders in 2015 and the cash compensation offered and annual guaranteed dividend paid in connection with the execution of a domination and profit and loss transfer agreement (Beherrschungs- und Gewinnabführungsvertrag) between DB Finanz-Holding AG (now DB Beteiligungs-Holding GmbH) and Postbank in 2012. The Cologne District Court issued resolutions indicating that it is inclined to consider a potential obligation of Deutsche Bank to make a mandatory takeover offer for Postbank at an offer price of € 57.25 when determining the adequate cash compensation in the appraisal proceedings. The cash compensation paid in connection with the domination and profit and loss transfer agreement was € 25.18 and was accepted for approximately 0.5 million shares. The squeeze-out compensation paid in 2015 was € 35.05 and approximately 7 million shares were squeezed-out.

The Group has not disclosed whether it has established a provision or contingent liability with respect to this matter because it has concluded that such disclosure can be expected to prejudice seriously its outcome.

Precious Metals Investigations and Litigations

Deutsche Bank has received inquiries from certain regulatory and law enforcement authorities, including requests for information and documents, pertaining to investigations of precious metals trading and related conduct. Deutsche Bank is cooperating with these investigations, and engaging with relevant authorities, as appropriate. On 29 January 2018, the Bank entered into a U.S.\$ 30 million settlement with the CFTC to resolve the CFTC's investigation concerning spoofing, manipulation and attempted manipulation in precious metals futures, as well as the manipulation and attempted manipulation of stop loss orders. The order requires that the Bank, among other things, maintain systems and controls reasonably designed to detect spoofing, and maintain training regarding spoofing, manipulation and attempted manipulation. The Order also requires the Bank to continue to cooperate with the CFTC.

Deutsche Bank is a defendant in two consolidated class action lawsuits pending in the U.S. District Court for the Southern District of New York. The suits allege violations of U.S. antitrust law, the U.S. Commodity Exchange Act and related state law arising out of the alleged manipulation of gold and silver prices through participation in the Gold and Silver Fixes, but do not specify the damages sought. Deutsche Bank has reached agreements to settle the Gold action for U.S.\$ 60 million and the Silver action for U.S.\$ 38 million. The agreements remain subject to final court approval.

In addition, Deutsche Bank is a defendant in Canadian class action proceedings in the provinces of Ontario and Quebec concerning gold and silver. Each of the proceedings seeks damages for alleged violations of the Canadian Competition Act and other causes of action.

Russia/UK Equities Trading Investigation

Deutsche Bank has investigated the circumstances around equity trades entered into by certain clients with Deutsche Bank in Moscow and London that offset one another. The total volume of transactions reviewed is significant. Deutsche Bank's internal investigation of potential violations of law, regulation and policy and into the related internal control environment has concluded, and Deutsche Bank is assessing the findings identified during the investigation; to date it has identified certain violations of Deutsche Bank's policies and deficiencies in Deutsche Bank's control environment. Deutsche Bank has advised regulators and law enforcement authorities in several jurisdictions (including Germany, Russia, the UK and U.S.) of this investigation. Deutsche Bank has taken disciplinary measures with regards to certain individuals in this matter and will continue to do so with respect to others as warranted.

On 30 and 31 January 2017, the DFS and the FCA announced settlements with the Bank related to their investigations into this matter. The settlements conclude the DFS and the FCA's investigations into the bank's

anti-money laundering (AML) control function in its investment banking division, including in relation to the equity trading described above. Under the terms of the settlement agreement with the DFS, Deutsche Bank entered into a consent order, and agreed to pay civil monetary penalties of U.S.\$ 425 million and to engage an independent monitor for a term of up to two years. Under the terms of the settlement agreement with the FCA, Deutsche Bank agreed to pay civil monetary penalties of approximately GBP 163 million. On 30 May 2017, the Federal Reserve announced its settlement with the Bank resolving this matter as well as additional AML issues identified by the Federal Reserve. Deutsche Bank paid a penalty of U.S.\$ 41 million. Deutsche Bank also agreed to retain independent third parties to assess its Bank Secrecy Act/AML program and review certain foreign correspondent banking activity of its subsidiary Deutsche Bank Trust Company Americas. The Bank is also required to submit written remediation plans and programs. The DFS, FCA and Federal Reserve settlement amounts were already materially reflected in existing litigation provisions. Deutsche Bank continues to cooperate with regulators and law enforcement authorities, including the DOJ , which has its own ongoing investigation into these securities trades. The Group has recorded a provision with respect to the remaining investigation. The Group has not disclosed the amount of this provision because it has concluded that such disclosure can be expected to prejudice seriously the outcome of this matter.

Sebastian Holdings Litigation

Litigation with Sebastian Holdings Inc. ("SHI") in respect of claims arising from FX trading activities concluded in the UK Commercial Court in November 2013 when the court awarded Deutsche Bank approximately U.S. \$ 236 million plus interest and dismissed all of SHI's claims. On 27 January 2016, a New York court dismissed substantially similar claims by SHI against Deutsche Bank when it granted Deutsche Bank's motion for summary judgment based on the UK Commercial Court's judgment. The New York court also denied SHI's motion for leave to file an amended complaint. The New York court's decisions were affirmed on appeal on 28 February 2017. The New York State Court of Appeals denied SHI's motion for leave to appeal on 6 June 2017. The time for SHI to seek review by the U.S. Supreme Court has expired, and the decision is now final..

Sovereign, Supranational and Agency Bonds ("**SSA**") Investigations and Litigations

Deutsche Bank has received inquiries from certain regulatory and law enforcement authorities, including requests for information and documents, pertaining to SSA bond trading. Deutsche Bank is cooperating with these investigations.

Deutsche Bank is a defendant in several putative class action complaints filed in the U.S. District Court for the Southern District of New York alleging violations of U.S. antitrust law and common law related to alleged manipulation of the secondary trading market for SSA bonds. Deutsche Bank has reached an agreement to settle the actions for the amount of U.S.\$ 48.5 million. The settlement is subject to court approval.

Deutsche Bank is also a defendant in a putative class action complaint filed on 7 November 2017 in the Ontario Superior Court of Justice alleging violations of Canadian and foreign anti-trust law, and commons law. The complaint relies on allegations similar to those in the U.S. class actions, and seeks punitive damages. The case is in its early stages.

Deutsche Bank was named as a defendant in a putative class action complaint filed in the U.S. District Court for the Southern District of New York on 30 March 2018 alleging violations of U.S. antitrust law and a claim for unjust enrichment relating to Mexican government bond trading. The case is in its early stages.

The Group has not disclosed whether it has established provisions with respect to other matters referred to above or contingent liability with respect to those matters because it has concluded that such disclosure can be expected to prejudice seriously their outcome.

Trust Preferred Securities Litigation

Deutsche Bank and certain of its affiliates and former officers are the subject of a consolidated putative class action, filed in the United States District Court for the Southern District of New York, asserting claims under the federal securities laws on behalf of persons who purchased certain trust preferred securities issued by Deutsche Bank and its affiliates between October 2006 and May 2008. In a series of opinions, the court dismissed all claims as to four of the six offerings at issue, but allowed certain alleged omissions claims relating

to the November 2007 and February 2008 offerings to proceed. On 17 November 2016, plaintiffs moved for class certification as to the November 2007 offering. On 20 January 2017, plaintiffs amended their motion for class certification to include the February 2008 offering and seek to add an additional individual as a proposed class representative. The court stayed all proceedings pending a decision by the Supreme Court of the United States in *California Public Employees' Retirement System v. ANZ Securities* in which the Supreme Court was expected to consider whether the filing of a putative class action serves to toll the three-year time limitation in Section 13 of the Securities Act with respect to the claims of putative class members. This related to claims relating to the February 2008 offering. On 26 June 2017, the Supreme Court issued its opinion, holding that the three year provision in Section 13 is a statute of repose and is not subject to equitable tolling. On 16 October 2017, the court struck plaintiffs' motion for class action certification, holding that claims by the additional individual proposed as a class representative were barred by the statute of repose. The court also ruled that the original plaintiffs had standing to prosecute claims on both the November 2007 and February 2008 offerings. Following the completion of discovery relating to class action certification issues, Deutsche Bank submitted a motion to the court for an order denying class action certification, and requesting dismissal of all claims relating to the February 2008 offering. Plaintiffs opposed that motion and filed a motion to certify a plaintiff class relating to both the November 2007 and the February 2008 offerings. Both motions are fully briefed and remain pending before the court. Merits discovery is ongoing..

The Group has not disclosed whether it has established a provision or contingent liability with respect to this matter because it has concluded that such disclosure can be expected to prejudice seriously its outcome.

U.S. Embargoes-Related Matters

Deutsche Bank has received requests for information from certain U.S. regulatory and law enforcement agencies concerning its historical processing of U.S. dollar payment orders through U.S. financial institutions for parties from countries subject to U.S. embargo laws in connection with investigations into whether such processing complied with U.S. federal and state laws. In 2006, Deutsche Bank voluntarily decided that it would not engage in new U.S. dollar business with counterparties in Iran, Sudan, North Korea and Cuba and with certain Syrian banks, and to exit existing U.S. dollar business with such counterparties to the extent legally possible. In 2007, Deutsche Bank decided that it would not engage in any new business, in any currency, with counterparties in Iran, Syria, Sudan and North Korea and to exit existing business, in any currency, with such counterparties to the extent legally possible; it also decided to limit its non-U.S. dollar business with counterparties in Cuba. On 3 November 2015, Deutsche Bank entered into agreements with the New York State Department of Financial Services and the Federal Reserve Bank of New York to resolve their investigations of Deutsche Bank. Deutsche Bank paid the two agencies U.S.\$ 200 million and U.S.\$ 58 million, respectively, and agreed not to rehire certain former employees . In addition, the New York State Department of Financial Services ordered Deutsche Bank to terminate certain employees and Deutsche Bank agreed to retain an independent monitor for one year and the Federal Reserve Bank of New York ordered certain remedial measures including ensuring an effective OFAC compliance program and an annual review of such program by an independent party until the Federal Reserve Bank of New York is satisfied as to its effectiveness. The Group has not disclosed whether it has established a provision or contingent liability with respect to this matter because it has concluded that such disclosure can be expected to prejudice seriously its outcome.

U.S. Treasury Securities Investigations and Litigations

Deutsche Bank has received inquiries from certain regulatory and law enforcement authorities, including requests for information and documents, pertaining to U.S. Treasuries auctions, trading, and related market activity. Deutsche Bank is cooperating with these investigations.

Deutsche Bank's subsidiary Deutsche Bank Securities Inc. (DBSI) was a defendant in several putative class actions alleging violations of U.S. antitrust law, the U.S. Commodity Exchange Act and common law related to the alleged manipulation of the U.S. Treasury securities market. These cases have been consolidated in the Southern District of New York. On 16 November 2017, plaintiffs filed a consolidated amended complaint, which did not name DBSI as a defendant. On 11 December 2017, the court dismissed DBSI from the class action without prejudice.

The Group has not disclosed whether it has established a provision or contingent liability with respect to these matters because it has concluded that such disclosure can be expected to prejudice seriously their outcome.

Vestia

In December 2016, Stichting Vestia, a Dutch housing association, commenced proceedings against Deutsche Bank in England. The proceedings relate to derivatives entered into between Stichting Vestia and Deutsche Bank between 2005 and 2012. Stichting Vestia alleges that certain of the transactions entered into by it with Deutsche Bank should be set aside on the grounds that they were not within its capacity and/or were induced by the bribery of Vestia's treasurer by an intermediary involved in those transactions. The sums claimed by Stichting Vestia are made up of different elements, some of which have not yet been quantified. The quantum of the claims as articulated at this stage ranges between EUR 717 million and EUR 834 million, plus compound interest. Deutsche Bank is defending the claim.

DESCRIPTION OF THE SECURITIES

DESCRIPTION OF INTEREST RATE AND REDEMPTION PROVISIONS

The Programme contemplates the issue of a wide variety of Securities with different interest and redemption provisions.

Interest

The Securities to be issued under the Programme may pay either (a) fixed amounts of interest, (b) variable amounts of interest or (c) no interest at all. An overview of the different interest rate provisions is set out below, where applicable specifying provisions which may occur in relation to certain types of Exempt Securities only.

Fixed Rate Interest

Securities bearing or paying a fixed rate of interest may either pay a specified fixed amount of interest on specified interest payment dates or, depending on the fulfilment of certain conditions, pay a fixed amount of interest on specified interest payment dates.

The fixed rate of interest may apply to the Securities for the duration of the Securities or for a limited period of time during the life of the Securities. Where the specified interest payment dates provide for irregular interest accrual periods, a day count fraction agreed between the Issuer and the relevant Dealer will be applied and the amount of interest will be calculated on the basis of that day count fraction.

Floating and other Variable Rate Interest

Securities bearing or paying a floating or other variable rate of interest may either pay a variable amount of interest on specified interest payment dates or, depending on the fulfilment of certain conditions, pay a variable amount of interest on specified interest payment dates.

The floating or other variable rate of interest may apply to the Securities for the duration of the Securities or for a limited period of time during the life of the Securities. Interest in respect of each interest period will be calculated on the basis of the day count fraction agreed between the Issuer and the relevant Dealer and will be payable on specified interest payment dates.

Floating or other variable rates of interest may be determined by reference to a rate determined:

- (a) on the basis of a reference rate appearing on the agreed screen page of a commercial quotation service; or
- (b) on the same basis as the floating rate under a notional interest rate swap incorporating the 2006 ISDA Definitions; or
- (c) by reference to the value or performance of an underlying reference item which is an inflation index, underlying reference items comprising one or more indices or equities or, in the case of Exempt Securities, one or more other underlying reference items ("**Reference Items**", and each a "**Reference Item**") (described below); or
- (d) in the case of Exempt Securities, on such other basis as may be agreed between the Issuer and the relevant Dealer.

In addition, a margin agreed between the Issuer and the relevant Dealer may be applied to the floating or other variable rate of interest.

Securities bearing or paying Reference Item linked interest may only be Notes.

Inverse Floating Rate Notes

Inverse Floating Rate Notes have an interest rate equal to a fixed rate minus a rate based upon a reference rate.

Reference Rates

A reference rate may be any one or more of EURIBOR (the European Interbank Offered Rate), LIBOR (the London Interbank Offered Rate), STIBOR (the Stockholm Interbank Offered Rate), NIBOR (the Norwegian Interbank Offered Rate), BBSW (the Australian Bank Bill Swap Rate), a CMS (constant maturity swap) rate or any other interest or other rate that appears on a reference page.

If the reference rate for the Securities is EURIBOR, LIBOR, STIBOR, NIBOR or BBSW, the floating rate will be determined by reference to the relevant reference page.

EURIBOR is the rate of interest quoted by banks operating in the European interbank market for the Euro..

LIBOR is the rate of interest quoted by banks operating in the London interbank market for certain specified currencies.

STIBOR is the rate of interest based on the interest rates at which banks offer to lend unsecured funds to other banks in the Stockholm interbank market.

NIBOR is the rate of interest lenders require for unsecured money market lending in Norwegian Kroner (NOK).

BBSW is the rate for Australian prime bank eligible securities with tenors of 1 to 6 months.

If the reference rate for interest payments is a CMS rate, the floating rate will be determined by reference to the relevant reference page. The rate is reset periodically. Details of the relevant CMS rate will be specified in the applicable Final Terms (or Pricing Supplement, in the case of Exempt Securities).

If the floating or other variable rate of interest is calculated by reference to a reference rate that is different to those contemplated above, then the reference page for such reference rate will be set out in the applicable Final Terms (or Pricing Supplement, in the case of Exempt Securities) or, in the case of Exempt Securities, if the reference rate is not available on a recognised reference page published by an information provider, details on how the reference rate is calculated will be set out in the applicable Pricing Supplement. For the avoidance of doubt, potential investors should note that the rates specified above can be used in the calculation of the redemption amount in respect of a series of Securities.

Other

Interest bearing Securities may be issued which bear or pay interest based on any combination of the above, for example bearing or paying interest based on a combination of fixed and variable rates.

Non-Interest Bearing Securities and Zero Coupon Securities

Securities may be issued under the Programme that do not bear or pay any interest including Zero Coupon Securities which amortise over the life of the Securities. Zero Coupon Securities may be issued at a discount to par.

Redemption

The Securities issued under the Programme may be redeemed at maturity or in certain circumstances prior to maturity.

If Securities are redeemed at maturity the redemption amount may be equal to the principal amount (redemption at par) or determined by reference to:

- (a) the value or performance of one or more underlying Reference Items (as explained below in "*Reference Items*"); or
- (b) a reference rate appearing on the agreed screen page of a commercial quotation service; or
- (c) in the case of Exempt Securities, the floating rate under a notional interest rate swap incorporating the 2006 ISDA Definitions; or
- (d) in the case of Exempt Securities, on such other basis as may be agreed between the Issuer and the relevant Dealer.

If the Securities are redeemed prior to maturity and if specified in the applicable Final Terms (or Pricing Supplement, in the case of Exempt Securities), early redemption unwind costs may be deducted from the early redemption amount. The early redemption unwind costs may include, but are not limited to, the Issuer's costs associated with unwinding any related hedging arrangements related to the Securities it may have in place.

The Securities may be redeemed prior to maturity in the following circumstances:

- (a) at the option of the Issuer (in the case of Securities where the Issuer Call option is specified as applicable in the applicable Final Terms or Pricing Supplement, in the case of Exempt Securities);
- (b) at the option of the Securityholder (in the case of Securities where the Investor Put option is specified as applicable in the applicable Final Terms or Pricing Supplement, in the case of Exempt Securities);
- (c) for taxation reasons (if specified in the applicable Final Terms or Pricing Supplement, in the case of Exempt Securities);
- (d) following an illegality;
- (e) following a regulatory event (if specified in the applicable Final Terms or Pricing Supplement, in the case of Exempt Securities);
- (f) following an index adjustment event (in the case of Securities linked to an index or a basket of indices);
- (g) following certain corporate actions or events (in the case of Securities linked to an equity or a basket of equities);
- (h) following the cessation and publication of the index where there is no replacement or successor index (in the case of Securities linked to an inflation index);
- (i) following a merger event (in the case of Securities linked to the credit of one or more reference entities);
- (j) following an event of default; and
- (k) in the case of Exempt Securities, any other event specified in the applicable Pricing Supplement.

In each case the amount received by an investor may be (i) par, (ii) below par or (iii) above par, as specified in the applicable Final Terms (or Pricing Supplement, in the case of Exempt Securities).

Depending on the nature of the Securities, redemption at maturity or prior to maturity may be by way of (A) cash settlement, (B) physical settlement or (C) cash and/or physical settlement.

Securities for which redemption is Reference Item linked may only be Notes.

An overview of certain redemption provisions is set out below.

Early Redemption at the option of the Issuer

Securities may include a call option. A call option gives the Issuer the right (but not the obligation) to redeem the Securities on specified date(s) or during a specified period prior to maturity. The redemption amount payable on exercise of the call option will be agreed between the Issuer and the relevant Dealer and set out in the applicable Final Terms (or Pricing Supplement, in the case of Exempt Securities).

Early Redemption at the option of the Securityholder

Securities may include a put option. A put option gives the investor the right to require the Issuer to redeem its Securities on specified date(s) or during a specified period prior to maturity. The redemption amount payable on redemption following exercise of a put option will be agreed between the Issuer and the relevant Dealer and set out in the applicable Final Terms (or Pricing Supplement, in the case of Exempt Securities).

Redemption following taxation reasons

Securities may be subject to early redemption in the event that as a result of any change in, or amendment to, the laws or regulations prevailing in Germany, certain withholding taxes are levied on payments of principal or interest in respect of the Securities and the Issuer is obliged to pay Additional Amounts as more fully set out under "*Terms and Conditions of the Securities*".

Redemption following an Illegality

Securities may be subject to early redemption in the event that the Issuer's obligations under the Securities or any arrangements made to hedge the Issuer's obligations under the Securities has or will become unlawful as more fully set out under "*Terms and Conditions of the Securities*".

Redemption following a Regulatory Event

Securities may be subject to early redemption following any change in, or amendment to, Capital Regulations which are in effect at the Issue Date as more fully set out under "*Terms and Conditions of the Securities*".

Redemption following cessation of publication of Inflation Index

Securities may be subject to early redemption in the event that the relevant Inflation Index is not published or announced and no replacement Inflation Index can be determined as more fully set out under "*Terms and Conditions of the Securities*".

Redemption following a Merger Event

Securities linked to the credit of one or more reference entities may be subject to early redemption in the event of a Merger Event in respect of the Issuer or any reference entity as more fully set out under "*Terms and Conditions of the Securities*".

REGULATORY BAIL-IN AND OTHER RESOLUTION MEASURES

On 15 May 2014, the European Parliament and the Council of the European Union adopted Directive 2014/59/EU establishing a framework for the recovery and resolution of credit institutions and investment firms (commonly referred to as the "Bank Recovery and Resolution Directive" or the "**BRRD**") which was transposed into German law by the Recovery and Resolution Act (*Sanierungs- und Abwicklungsgesetz*, or the "**SAG**") with effect from 1 January 2015. For banks established in the eurozone, such as the Issuer, which are supervised within the framework of the Single Supervisory Mechanism (the "**SSM**"), Regulation (EU) No 806/2014 of the European Parliament and of the Council (the "**SRM Regulation**") provides for a coherent application of the resolution rules across the SSM under responsibility of the European Single Resolution Board, with effect since 1 January 2016 (referred to as the "Single Resolution Mechanism" or "**SRM**"). Under the SRM, the Single Resolution Board is responsible for adopting resolution decisions in close cooperation with the European Central Bank, the European Commission, and national resolution authorities in the event that a significant bank directly supervised by the European Central Bank, such as the Issuer, is failing or likely to fail and certain other conditions are met. National resolution authorities in the European Union member states concerned would implement such resolution decisions adopted by the Single Resolution Board in accordance with the powers conferred on them under national law transposing the BRRD.

If the competent authority determines that the Issuer is failing or likely to fail and certain other conditions are met (as set forth in the SRM Regulation, the SAG and other applicable rules and regulations), the competent resolution authority has the power to write down, including to write down to zero, claims for payment of the principal, interest or any other amount in respect of the Notes, to convert the Notes into ordinary shares or other instruments qualifying as common equity tier 1 capital (the write-down and conversion powers are hereinafter referred to as the "**Bail-in tool**"), or to apply any other resolution measure including (but not limited to) a transfer of the Notes to another entity, a variation of the terms and conditions of the Notes (including, but not limited to, the variation of maturity of the Notes) or a cancellation of the Notes. The Bail-in tool and each of these other resolution measures are hereinafter referred to as a "**Resolution Measure**". The competent resolution authority may apply Resolution Measures individually or in any combination.

The competent resolution authority will have to exercise the Bail-in tool in a way that results in (i) common equity tier 1 instruments (such as ordinary shares of the Issuer) being written down first in proportion to the relevant losses, (ii) subsequently, the principal amount of other capital instruments (additional tier 1 instruments and tier 2 instruments) being written down on a permanent basis or converted into common equity tier 1 instruments in accordance with their order of priority and (iii) finally, the Issuer's unsecured and unsubordinated liabilities (unless exempted by the SRM Regulation or the SAG) – such as those under the unsubordinated Notes – being written down on a permanent basis or converted into common equity tier 1 instruments in accordance with their order of priority under Section 46f(5)-(7) of the German Banking Act (*Kreditwesengesetz*, "**KWG**") as set out below.

RANKING OF UNSUBORDINATED NOTES

Pursuant to Section 46f(5)-(7) of the German Banking Act (*Kreditwesengesetz*, "**KWG**") which entered into force on 1 January 2017, certain unsecured and unsubordinated debt instruments of the Issuer (hereinafter referred to as "**Non-Preferred Senior Obligations**") rank below the Issuer's other senior liabilities (hereinafter referred to as "**Preferred Senior Obligations**") in insolvency or in the event of the imposition of resolution measures, such as a bail-in, affecting the Issuer. Non-Preferred Senior Obligations will continue to rank above the Issuer's contractually subordinated liabilities, including Subordinated Notes issued under the Programme. On 27 December 2017, the European Union published Directive (EU) 2017/2399 amending the BRRD in order to harmonise national laws in European Union member states on the insolvency ranking of unsecured debt instruments issued by banks. In Germany, this directive is expected to be implemented by an amendment to Section 46f KWG with effect from 21 July 2018 as established by the government draft of the Act on the Exercise of Optionen under the EU Prospectus Regulation and for the Amendment of further Financial Markets Acts (*Gesetz zur Ausübung von Optionen der EU-Prospektverordnung und zur Anpassung weiterer Finanzmarktgesetze* – hereinafter "**Draft BRRD Amendment Implementation Act**"). On the basis of the Draft BRRD Amendment Implementation Act, it is expected that such act will amend Section 46f(5)-(7) KWG with respect to the question when debt instruments qualify as Non-Preferred Senior Obligations. The Draft BRRD Amendment Implementation Act provides that the new rules will apply for notes issued on or after 21 July 2018.

Pursuant to Section 46f(5)-(7) KWG, as applicable before any amendments under the Draft BRRD Amendment Implementation Act, unsecured and unsubordinated debt instruments of the Issuer qualify as Non-Preferred Senior Obligations if they are (i) not structured and (ii) have at the time of their issuance a maturity of at least one year. Instruments of the Issuer qualify as structured if their terms provide that (x) the amount of the repayment depends on the occurrence or non-occurrence of an event which is uncertain at the point in time when the senior unsecured debt instruments are issued, or settlement is effected in a way other than by monetary payment, or (iy) the amount of the interest payments depends on the occurrence or non-occurrence of an event which is uncertain at the point in time when the senior unsecured debt instruments are issued unless the amount of the interest payments solely depends on a fixed or market standard floating reference interest rate, and settlement is effected by monetary payment. Unsecured and unsubordinated Securities issued under this Programme that do not meet the terms described in (i) or (ii) above, including Fixed Rate Notes, Zero Coupon Notes, and Floating Rate Notes linked to LIBOR or EURIBOR, are, therefore, expected to constitute Non-Preferred Senior Obligations that would bear losses in a German insolvency proceeding or in the event of the imposition of resolution measures before Preferred Senior Obligations. In a German insolvency proceeding or in the event of the imposition of resolution measures with respect to the Issuer, the competent resolution authority or court would determine whether unsecured and unsubordinated Securities issued under the Programme qualify as Preferred Senior Obligations or as Non-Preferred Senior Obligations.

The German Federal Agency for Financial Market Stabilisation (FMSA), the German Federal Financial Supervisory Authority (BaFin) and the German Central Bank (Deutsche Bundesbank) published a joint interpretative guide on the classification of certain liabilities under Section 46f(5)-(7) KWG.

On the basis of the Draft BRRD Amendment Implementation Act, unsecured and unsubordinated Securities issued under this Programme on or after 21 July 2018, will qualify as Non-Preferred Senior Obligations only if (i) they are not structured and (ii) they have at the time of their issuance a maturity of at least one year, and (iii) their Final Terms (or Pricing Supplement, in the case of Exempt Securities) explicitly refer to the lower ranking under Section 46f(5) KWG. In addition to adding such new requirement, the Draft BRRD Amendment Implementation Act further specifies the delineation between structured and non structured obligations in that it clarifies that the amount of the repayment or the amount of the interest payments do not qualify as depending on the occurrence or non-occurrence of an event which is uncertain at the point in time when the senior unsecured debt instruments are issued only due to the fact that the instrument is issued in a currency other than the home currency of the issuer if the principal amount, the repayment amount and the interest claim have the same currency.

Securities, qualifying as Non-Preferred Senior Obligations under the law applicable at the relevant point in time, rank, regardless of whether they were issued before or on or after the entering into force of the Draft BRRD Amendment Implementation Act, *pari passu* among themselves and junior to any Preferred Senior Obligations. In the event of insolvency proceedings or Resolution Measures affecting the Issuer, such Non-Preferred Senior Obligations would bear losses before other unsubordinated liabilities of the Issuer, including Preferred Senior Obligations. In contrast, unsecured and unsubordinated Securities issued under this Programme that do not meet the requirements of (i), (ii) and, in case of Securities issued on or after the entering into force of the Draft BRRD Amendment Implementation Act, (iii) above, qualify as Preferred Senior Obligations and rank in priority to Non-Preferred Senior Obligations and *pari passu* among themselves, derivatives, money market instruments and certain deposits and junior to, in particular, certain deposits.

As of the date of this Prospectus or the latest supplement hereto, if applicable, the following ratings were assigned to Deutsche Bank for its long-term preferred senior debt (Preferred Senior Obligations): A3 (Negative) by Moody's and BBB+ by S&P. For information on the definitions employed by the Rating Agencies, see the section entitled "*Risk Factors – Risk Factors in Respect of the Issuer*".

REFERENCE ITEMS

This section relates to Securities issued in the form of Notes only.

A Reference Item is the asset or other basis of reference from which the amount payable in interest and/or redemption on the Securities may be calculated.

A Reference Item can be any of the following items:

- (a) an equity or a basket of equities ("**Equity Linked Notes**"); or
- (b) an index or a basket of indices ("**Index Linked Notes**"); or
- (c) an inflation index or, in the case of Exempt Securities, a basket of inflation indices ("**Inflation Index Linked Notes**"); or
- (d) in the case of Exempt Securities, a currency or a basket of currencies ("**Currency Linked Notes**"); or
- (e) in the case of Exempt Securities, a commodity or basket of commodities ("**Commodity Linked Notes**"); or
- (f) in the case of Exempt Securities, a fund share or unit or a basket of fund shares or units ("**Fund Linked Notes**"); or
- (g) the credit risk of one or more reference entities ("**Credit Linked Notes**"); or
- (h) in the case of Exempt Securities, some other asset or basis of reference.

Equity Linked Notes – The amount payable in interest and/or on redemption, whether at maturity or otherwise, in respect of Equity Linked Notes will be calculated by reference to a single equity security or basket of equity securities. **Equity Linked Notes providing for physical delivery do not qualify as "equity securities" in the sense of Article 2 of the Luxembourg Prospectus Law (i.e. the underlying shares which may be delivered are neither shares of the Issuer nor of an entity belonging to the group of the Issuer).**

Index Linked Notes – The amount payable in interest and/or on redemption in respect of Index Linked Notes will be calculated by reference to a single index or a basket of indices. Such index or constituent of a basket of indices may be a well known and widely published index or an index of Deutsche Bank Aktiengesellschaft (in the case of Exempt Securities only) or other entity which may not be widely published or available.

Inflation Index Linked Notes – The amount payable in interest and/or on redemption in respect of Inflation Index Linked Notes will be calculated by reference to a single inflation index or a basket of inflation indices.

Currency Linked Notes (Exempt Securities only) – The amount payable in interest and/or on redemption in respect of Currency Linked Notes will be calculated by reference to such rates of exchange as may be agreed between the Issuer and the relevant Dealer and specified in the applicable Pricing Supplement.

Commodity Linked Notes (Exempt Securities only) – The amount payable in interest and/or on redemption in respect of Commodity Linked Notes will be calculated by reference to a single commodity or basket of commodities on such terms as may be agreed between the Issuer and the relevant Dealer and specified in the applicable Pricing Supplement.

Fund Linked Notes (Exempt Securities only) – The amount payable in interest and/or on redemption in respect of Fund Linked Notes will be calculated by reference to units or shares in a fund or basket of funds on such terms as may be agreed between the Issuer and the relevant Dealer and specified in the applicable Pricing Supplement.

Credit Linked Notes – Securities with respect to which the amount payable in interest and/or on redemption is linked to the credit of a specified entity or entities will be issued on such terms as may be agreed between the Issuer and the relevant Dealer and specified in the applicable Final Terms (or Pricing Supplement, in the case of Exempt Securities). If a Credit Event has occurred and the Conditions to Settlement are satisfied, the Issuer will redeem the Securities at an amount which depends on the value of certain specified assets of the Reference Entity, if "Cash Settlement" is specified as applicable in the applicable Final Terms (or Pricing Supplement, in the case of Exempt Securities), or by Delivery of the Deliverable Obligations comprising the Asset Amount, if "Physical Delivery" is specified as applicable in the applicable Final Terms (or Pricing Supplement, in the case of Exempt Securities). **Credit Linked Notes providing for physical delivery do not qualify as "equity securities" in the sense of Article 2 of the Luxembourg Prospectus Law.**

Other (Exempt Securities only) – The amount payable in interest and/or on redemption of Securities linked to other assets or bases of reference may be issued on such terms as may be agreed between the Issuer and the relevant Dealer and specified in the applicable Pricing Supplement.

FEATURES OF CERTAIN SECURITIES

A wide range of Securities may be issued under the Programme. The Issuer may issue Securities which have one or more of the features described below. The amount of interest and/or principal payable and/or the amount of assets deliverable may depend on these features alone and/or in combination with other features and Reference Items.

Inverse Variable Rate Securities – The amount of interest payable in respect of the Securities is inversely linked to a specified reference rate.

Capped Variable Rate Securities – The maximum amount of interest payable in respect of Securities with a capped variable rate will equal the sum of the reference rate and any specified margin subject to a specified maximum rate.

Securities whose interest and or redemption amount is calculated by reference to a formula – The formula on the basis of which the interest payable and/or the amount of payable and/or assets deliverable on redemption is calculated will be stated in the Terms and Conditions of the Securities and may be replicated in the applicable Final Terms (or Pricing Supplement, in the case of Exempt Securities) or, in the case of Exempt Securities, will be stated in the applicable Pricing Supplement.

Participation Securities – The amount of interest payable and/or amounts payable and/or assets deliverable on redemption of Securities may be determined by reference to a ratio greater or less than one.

Securities issued at a substantial discount or premium – The issue price of the Securities is substantially lower or greater than the principal amount of the Securities.

Partly-paid Securities (Exempt Securities only) – The issue price for the Securities is payable in more than one instalment.

Securities subject to optional redemption by the Issuer – The Issuer may redeem the Securities prior to maturity.

Subordinated Notes (German law governed Securities only) – In the event of Resolution Measures insolvency or liquidation of the Issuer the Subordinated Notes will rank junior in priority of payment to all unsubordinated obligations and no amounts will be payable in respect of the Subordinated Notes until the claims of all unsubordinated creditors of the Issuer have been satisfied in full. Accordingly, there is a higher risk that an investor in Subordinated Notes will lose all or some of its investment should the Issuer become insolvent. In addition, no holder may set off its claims arising under the Securities against any claims of the Issuer. There will be no security in respect of the Securities.

Subordinated Notes are intended to qualify as Tier 2 instruments within the meaning of Art. 63 CRR means Regulation (EU) No 575/2013 of the European Parliament and of the Council of 26 June 2013 on prudential requirements for credit institutions and investment firms and amending Regulation (EU) No 648/2012 (including any provisions of regulatory law supplementing this Regulation) ("**CRR**"); to the extent that any provisions of the CRR are amended or replaced, the term "CRR" shall refer to such amended provisions or successor provisions. In the context of a Regulatory Bail-in the Subordinated Notes will be written down or converted to common equity tier 1 capital instruments of the Issuer before any non-subordinated liabilities of the Issuer are affected by such measures.

Non-Preferred Senior Notes – Unsecured and unsubordinated debt instruments of the Issuer will qualify as Non-Preferred Senior Notes if (i) they are not structured, (ii) have at the time of their issuance a maturity of at least one year and, if they are issued on or after the entering into force of the Draft BRRD Amendment Implementation Act, (iii) their Final Terms (or Pricing Supplement, in the case of Exempt Securities) explicitly refer to the lower ranking under Section 46f(5) KWG. Non-Preferred Senior Obligations will continue to rank above the Issuer's contractually subordinated liabilities, including Subordinated Notes issued under the

Programme, but will rank below the Issuer's other non subordinated liabilities in insolvency or in the event of the imposition of Resolution Measures, such as a bail-in, affecting the Issuer. Accordingly, there is a higher risk that an investor in Non-Preferred Senior Notes will lose all or some of its investment should the Issuer become insolvent.

Non-Preferred Senior Notes are intended to qualify as eligible liabilities within the meaning of Sec. 91 of the German Recovery and Resolution Act (*Sanierungs- und Abwicklungsgesetz*) and eligible liabilities instruments within the meaning of Art. 72b Regulation (EU) No 575/2013 ("**CRR**") in the form of the proposal of the EU Commission as of 23 November 2016 aimed at amending certain provisions of the CRR (CRR II).

Preferred Senior Notes – Unsecured and unsubordinated debt instruments of the Issuer will qualify as Preferred Senior Notes if (i) they are structured, or (ii) have at the time of their issuance a maturity of less than one year or, if they are issued on or after the entering into force of the Draft BRRD Amendment Implementation Act, (iii) their Final Terms (or Pricing Supplement, in the case of Exempt Securities) do not refer to the lower ranking under Section 46f(5) KWG. Preferred Senior Obligations will rank above the Issuer's contractually subordinated liabilities, including Subordinated Notes issued under the Programme, and its Non-Preferred Senior Notes and will rank below pari passu with other non subordinated liabilities in insolvency or in the event of the imposition of Resolution Measures, such as a bail-in, affecting the Issuer.

Preferred Senior Notes may or may not be intended to qualify as eligible liabilities within the meaning of Sec. 91 of the German Recovery and Resolution Act (*Sanierungs- und Abwicklungsgesetz*) and eligible liabilities instruments within the meaning of Art. 72b CRR in the form of the proposal of the EU Commission as of 23 November 2016 aimed at amending certain provisions of the CRR (CRR II), as specified in the Final Terms (or in the Pricing Supplement in the case of Exempted Securities).

Minimum Redemption Securities (Exempt Securities only) – The redemption amount payable at maturity of the Securities will be no less than the stated minimum amount.

Form of the Securities

Any reference in this section to "Final Terms" shall be deemed to include, in respect of Exempt Securities only, a reference to "Pricing Supplement".

SECURITIES

The Securities of each Series will be in either bearer form ("**Bearer Securities**") without interest coupons attached or, in the case of definitive Securities and if applicable, with interest coupons attached, or registered form ("**Registered Securities**") without interest coupons attached. Bearer Securities will be issued outside the United States in reliance on Regulation S under the Securities Act ("**Regulation S**") and Registered Securities will be issued both outside the United States in reliance on the exemption from registration provided by Regulation S and within the United States pursuant to the exemption from registration under Rule 144A.

Any reference herein to CBF, Euroclear, CBL, SIS, and/or DTC shall, whenever the context so permits, be deemed to include a reference to any permitted additional or alternative clearing system specified in the applicable Final Terms.

Bearer Securities

Each Tranche of Bearer Securities will be initially issued in the form of either a Temporary Global Bearer Security (a "**Temporary Global Bearer Security**") without interest coupons or, if so specified in the applicable Final Terms, a permanent bearer global security (a "**Permanent Bearer Global Security**" and, together with the Temporary Global Bearer Security, the "**Global Bearer Securities**") without interest coupons which, in either case, will:

- (i) if the Global Bearer Securities are intended to be issued in new global note ("**NGN**") form, as stated in the applicable Final Terms, be delivered on or prior to the original issue date of the Tranche to a common safekeeper (the "**Common Safekeeper**") for Euroclear Bank SA/NV ("**Euroclear**"), Clearstream Banking S.A. ("**CBL**"); and

- (ii) if the Global Bearer Securities are not intended to be issued in NGN form, be delivered on or prior to the original issue date of the Tranche to Clearstream Banking AG, Frankfurt ("**CBF**") or SIX SIS AG ("**SIS**") or a common depository (the "**Common Depository**") for Euroclear and CBL.

Where the Global Securities issued in respect of any Tranche are in NGN form, the Final Terms or, as the case may be, Pricing Supplement will also indicate whether such Global Securities are intended to be held in a manner which would allow Eurosystem eligibility. Any indication that the Global Securities are to be so held does not necessarily mean that the Securities of the relevant Tranche will be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem either upon issue or at any times during their life as such recognition depends upon satisfaction of the Eurosystem eligibility criteria. The common safekeeper for NGNs will either be Euroclear or CBL or another entity approved by Euroclear and CBL.

Whilst any Bearer Security is represented by a Temporary Global Bearer Security, payments of principal, interest (if any) and any other amount payable in respect of the Bearer Securities due prior to the Exchange Date (as defined below) will be made (against presentation of the Temporary Global Bearer Security if the Temporary Global Bearer Security is not intended to be issued in NGN form) only to the extent that certification (in a form to be provided) to the effect that the beneficial owners of interests in such Bearer Security are not U.S. persons or persons who have purchased for resale to any U.S. person, as required by U.S. Treasury regulations, has been received by Euroclear and/or CBL and/or CBF and/or SIS and Euroclear and/or CBL and/or CBF and/or SIS, as applicable, has given a like certification (based on the certifications it has received) to the Fiscal Agent.

If the applicable Final Terms state that the Temporary Global Bearer Security is exchangeable for a Permanent Bearer Global Security, on and after the date (the "**Exchange Date**") which is forty days after a Temporary Global Bearer Security is issued, interests in such Temporary Global Bearer Security will be exchangeable (free of charge) as described in the Temporary Global Bearer Security either for (i) interests in a Permanent Bearer Global Security of the same Series or (ii) for definitive Bearer Securities of the same Series with, where applicable, interest coupons, receipts and talons attached (as indicated in the applicable Final Terms and subject, in the case of definitive Bearer Securities, to such notice period as is specified in the applicable Final Terms), in each case against certification of beneficial ownership as described above unless such certification has already been given, provided that purchasers in the United States and certain U.S. persons will not be able to receive definitive Bearer Securities. The holder of a Temporary Global Bearer Security will not be entitled to collect any payment of principal, interest or other amount due on or after the Exchange Date unless, upon due certification, exchange of the Temporary Global Bearer Security for an interest in a Permanent Bearer Global Security or for definitive Bearer Securities is improperly withheld or refused.

Payments of principal, interest (if any) or any other amounts on a Permanent Bearer Global Security will be made through Euroclear and/or CBL or CBF or SIS (as the case may be, against presentation or surrender of the Permanent Bearer Global Security except in cases where the Permanent Bearer Global Security is intended to be issued in NGN form or other cases where the Permanent Bearer Global Security is directly held by the Clearing System) without any requirement for certification.

The applicable Final Terms may specify that a Permanent Bearer Global Security will be exchangeable (free of charge), in whole or in part, for definitive Bearer Securities with, where applicable, interest coupons, receipts and talons attached upon either (A) not less than 60 days' written notice from Euroclear and/or CBL and/or CBF (acting on the instructions of any holder of an interest in such Permanent Bearer Global Security) to the Fiscal Agent as described therein or (B) only upon the occurrence of an Exchange Event. For these purposes, "**Exchange Event**" means that (i) an Event of Default has occurred and is continuing (other than for Securities for which Eligible Liabilities Format is specified as applicable in the applicable Final Terms), (ii) the Issuer has been notified that both Euroclear, CBL (in respect of Securities settled through Euroclear or CBL) or CBF (in respect of Securities settled through CBF) have been closed for business for a continuous period of fourteen days (other than by reason of holiday, statutory or otherwise) or have announced an intention permanently to cease business or have in fact done so and no successor clearing system is available or (iii) the Issuer has or will become subject to adverse tax consequences which would not be suffered were the Securities represented by the Permanent Bearer Global Security in definitive form. The Issuer will promptly give notice to Securityholders in accordance with the Terms and Conditions if an Exchange Event occurs. In the event of the occurrence of an Exchange Event, Euroclear and/or CBL or CBF (acting on the instructions of any Holder of an

interest in such Permanent Bearer Global Security) may give notice to the Fiscal Agent requesting exchange and, in the event of the occurrence of an Exchange Event as described in (iii) above, the Issuer may also give notice to the Fiscal Agent requesting exchange. Any such exchange shall occur not later than 45 days after the date of receipt of the first relevant notice by the Fiscal Agent.

The following legend will appear on all Bearer Securities (other than Temporary Global Bearer Securities), interest coupons and receipts relating to such Securities where "TEFRA D" is specified in the applicable Final Terms or Pricing Supplement, as the case may be:

"ANY UNITED STATES PERSON WHO HOLDS THIS OBLIGATION WILL BE SUBJECT TO LIMITATIONS UNDER THE UNITED STATES INCOME TAX LAWS, INCLUDING THE LIMITATIONS PROVIDED IN SECTIONS 165(j) AND 1287(a) OF THE INTERNAL REVENUE CODE."

The sections referred to provide that United States holders, with certain exceptions, will not be entitled to deduct any loss on Bearer Securities, interest coupons or receipts and will not be entitled to capital gains treatment of any gain on any sale, disposition, redemption or payment of principal in respect of such Securities, interest coupons or receipts.

Securities which are represented by a Bearer Global Security will only be transferable in accordance with the rules and procedures for the time being of CBF, Euroclear, CBL or SIS, as the case may be.

Swiss Global Securities

The applicable Final Terms may specify that the Securities are represented by a Swiss Global Security. The Swiss Global Security shall be a permanent global note deposited with SIX SIS Ltd or any other Intermediary in Switzerland recognized for such purposes by SIX Swiss Exchange Ltd (SIX SIS Ltd or any such other Intermediary, the "**Intermediary**" or the "**Clearing System**") until final redemption of the Securities. Once the permanent global note has been deposited with the Intermediary and entered into the accounts of one or more participants of the Intermediary, the Securities will, for Swiss law purposes, constitute intermediated securities (*Bucheffekten*) ("**Intermediated Securities**") in accordance with the provisions of the Swiss Federal Intermediated Securities Act (*Bucheffektengesetz*). The holders of such Securities (the "**Securityholders**") will be the persons holding the Securities in a securities account (*Effektenkonto*) which is in their own name and for their own account or, or in the case of Intermediaries (*Verwahrungstellen*), the Intermediaries holding the Securities for their own account in a securities account (*Effektenkonto*) which is in their name.

The Securityholders shall not at any time have the right to effect or demand the conversion of the permanent global note into, or the delivery of, uncertificated securities (*Wertrechte*) or definitive Securities (*Wertpapiere*).

Registered Securities

The Registered Securities of each Tranche offered and sold in reliance on Regulation S, which will be sold to non-U.S. persons outside the United States, will initially be represented by a global security in registered form (a "**Regulation S Global Security**"). Prior to expiry of the distribution compliance period (as defined in Regulation S) applicable to each Tranche of Securities, beneficial interests in a Regulation S Global Security may not be offered or sold to, or for the account or benefit of, a U.S. person save as otherwise provided in the Annex for Registered Securities and may not be held otherwise than through Euroclear or CBL and such Regulation S Global Security will bear a legend regarding such restrictions on transfer.

The Registered Securities of each Tranche may only be offered and sold in the United States or to U.S. persons in private transactions to "qualified institutional buyers" within the meaning of Rule 144A under the Securities Act ("**QIBs**"). The Registered Securities of each Tranche sold to QIBs will be represented by a global security in registered form (a "**Rule 144A Global Security**") and, together with a Regulation S Global Security, the "**Registered Global Securities**").

Registered Global Securities will either (i) be deposited with a custodian for, and registered in the name of a nominee of, the Depository Trust Company ("**DTC**") or (ii) be deposited with a common depository for Euroclear and CBL, and registered in the name of the common nominee for the Common Depository of, Euroclear and CBL, as specified in the applicable Final Terms. Persons holding beneficial interests in Registered Global

Securities will be entitled or required, as the case may be, under the circumstances described below, to receive physical delivery of definitive Securities in fully registered form.

The Rule 144A Global Security will be subject to certain restrictions on transfer set forth therein and will bear a legend regarding such restrictions.

Payments of principal, interest and any other amount in respect of the Registered Global Securities will, in the absence of provision to the contrary, be made to the person shown on the Register (as defined in the Terms and Conditions) as the registered holder of the Registered Global Securities. None of the Issuer, any Paying Agent or the Registrar will have any responsibility or liability for any aspect of the records relating to or payments or deliveries made on account of beneficial ownership interests in the Registered Global Securities or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

Payments of principal, interest or any other amount in respect of the Registered Securities in definitive form will, in the absence of provision to the contrary, be made to the persons shown on the Register on the relevant Record Date (as defined in § 4 (*Payments*) of the Terms and Conditions) immediately preceding the due date for payment in the manner provided in that paragraph.

Interests in a Registered Global Security will be exchangeable (free of charge), in whole but not in part, for definitive Registered Securities without interest coupons, receipts or talons attached only upon the occurrence of an Exchange Event. For these purposes, "**Exchange Event**" means that (i) an Event of Default has occurred and is continuing (other than for Securities for which Eligible Liabilities Format is specified as applicable in the applicable Final Terms), (ii) in the case of Securities registered in the name of a nominee for DTC, either DTC has notified the Issuer that it is unwilling or unable to continue to act as depository for the Securities and no alternative clearing system is available or DTC has ceased to constitute a clearing agency registered under the Exchange Act, (iii) in the case of Securities registered in the name of a nominee for a common depository for Euroclear and CBL, the Issuer has been notified that both Euroclear and CBL have been closed for business for a continuous period of fourteen days (other than by reason of holiday, statutory or otherwise) or have announced an intention permanently to cease business or have in fact done so and, in any such case, no successor clearing system is available or (iv) the Issuer has or will become subject to adverse tax consequences which would not be suffered were the Securities represented by the Registered Global Security in definitive form.

The Issuer will promptly give notice to Securityholders in accordance with the Terms and Conditions if an Exchange Event occurs. In the event of the occurrence of an Exchange Event, DTC, Euroclear and/or CBL (acting on the instructions of any holder of an interest in such Registered Global Security) may give notice to the Registrar requesting exchange and, in the event of the occurrence of an Exchange Event as described in (iv) above, the Issuer may also give notice to the Registrar requesting exchange. Any such exchange shall occur not later than ten days after the date of receipt of the first relevant notice by the Registrar. Where Registered Securities are only to be issued to non-U.S. persons outside the United States (pursuant to Regulation S or otherwise) an alternative Registrar should be appointed and amendments may be required to the Registered Security Annex and the Agency Agreement.

SECURITYHOLDERS AND TRANSFER OF INTERESTS

Interests in Global Securities

Interests in a Registered Global Security may, subject to compliance with all applicable restrictions, be transferred to a person who wishes to hold such interest in another Registered Global Security. No beneficial owner of an interest in a Registered Global Security will be able to transfer such interest, except in accordance with the applicable procedures of DTC, Euroclear and CBL, in each case to the extent applicable. **Registered Securities are also subject to the restrictions on transfer set forth therein and will bear a legend regarding such restrictions, see the section entitled "*Transfer and Selling Restrictions*".**

For so long as any of the English law governed Securities is represented by one or more Global Securities held by CBF or on behalf of Euroclear and/or CBL each person (other than Euroclear or CBL) who is for the time being shown in the records of CBF, Euroclear or of CBL as the holder of a particular principal amount of such Securities (in which regard any certificate or other document issued by CBF or Euroclear or CBL as to the

principal amount of such Securities standing to the account of any person shall be conclusive and binding for all purposes save in the case of manifest error) shall be treated by the Issuer and its agents as the holder of such principal amount of such Securities for all purposes other than with respect to the payment of principal or interest on such principal amount of such Securities, for which purpose the bearer of the relevant Bearer Global Securities or the registered holder of the relevant Registered Global Security shall be treated by the Issuer and its agents as the holder of such principal amount of such Securities or Securities in accordance with and subject to the terms of the relevant Global Security or Security, as the case may be, and the expressions "**Noteholder**", "**Securityholder**", "**holder of Notes**", and "**holder of Securities**" and related expressions shall be construed accordingly.

So long as DTC or its nominee is the registered owner or holder of a Registered Global Security, DTC or such nominee, as the case may be, will be considered the sole owner or holder of the Securities represented by such Registered Global Security for all purposes under the Agency Agreement and such Securities except to the extent that in accordance with DTC's published rules and procedures any ownership rights may be exercised by its participants or beneficial owners through participants.

ACCELERATION OF SECURITIES

A Security (other than a Security for which Eligible Liabilities Format is specified as applicable in the applicable Final Terms) may be accelerated by the holder thereof in certain circumstances described in the "Events of Default" Condition of the Terms and Conditions. In such circumstances, where any Security is still represented by a Global Security and the Global Security (or any part thereof) has become due and repayable in accordance with the Terms and Conditions of such Securities and redemption has not occurred in accordance with the provisions of the Global Security then holders of interests in such Global Security credited to accounts with Euroclear and/or CBL and/or CBF and/or SIS and/or DTC, as the case may be, will become entitled to proceed directly against the Issuer on the basis of statements of account provided by CBF, Euroclear, CBL and DTC on and subject to, in respect of Securities governed by English law, the terms of a deed of covenant executed by the Issuer and dated 22 June 2017 (the "**Deed of Covenant**"). In addition, holders of interests in such Global Security credited to their accounts with DTC may require DTC to deliver definitive Securities in registered form in exchange for their interest in such Global Security in accordance with DTC's standard operating procedures.

FUNGIBLE ISSUES OF SECURITIES

Pursuant to the Agency Agreement (as defined under "*Terms and Conditions of the Securities*"), the Fiscal Agent shall arrange that, where a further tranche of Securities is issued which is intended to form a single Series with an existing tranche of Securities, the Securities of such further tranche shall be assigned a common code and International Securities Identification Number ("**ISIN**") and, where applicable, a Committee on Uniform Securities Identification Procedures ("**CUSIP**") and CUSIP International Number ("**CINS**"), *Wertpapierkennnummer* ("**WKN**") or *Valorenummer*, which are different from the common code, ISIN, WKN, CUSIP, CINS or *Valorenummer* assigned to Securities of any other Tranche of the same Series until the expiry of any applicable period that by law or regulation would require such Securities not to be fungible.

PFANDBRIEFE

The following is a description of some of the more fundamental principles governing the laws regarding Pfandbriefe and Pfandbrief Banks in summary form. It does not address all the laws' complexities and details. Accordingly, it is qualified in its entirety by reference to the applicable laws.

The German Pfandbrief Act (*Pfandbriefgesetz*; the "**Pfandbrief Act**") was published on 27 May 2005 and came into force on 19 July 2005. As from such date, the legislation accompanying the Pfandbrief Act, *i.e.*, the Act on the Reorganisation of the Law on Pfandbriefe (*Gesetz zur Neuordnung des Pfandbriefrechts*), rescinded all existing special legislation regarding the Pfandbrief business in Germany, including, *inter alia*, (i) the Mortgage Bank Act (*Hypothekbankgesetz*) applicable to the existing mortgage banks being specialist institutions authorised to issue Mortgage Pfandbriefe (*Hypothekpfandbriefe*) covered by mortgage loans as well as Public Sector Pfandbriefe (*Öffentliche Pfandbriefe*) covered by obligations of public sector debtors (and, in either case, by certain other qualifying assets), (ii) the Act on Pfandbriefe and Related Bonds of Public-Law Credit Institutions (*Gesetz über die Pfandbriefe und verwandten Schuldverschreibungen öffentlich-rechtlicher Kreditanstalten*) in the version as published on 9 September 1998, as amended, applicable to various types of

public sector banks, including in particular the Landesbanken, in respect of Mortgage Pfandbriefe and Public Sector Pfandbriefe issued by them, and (iii) finally, the Ship Bank Act (*Schiffsbankgesetz*), as last amended on 5 April 2004, governing the operations of ship mortgage banks issuing Ship Mortgage Pfandbriefe (*Schiffspfandbriefe*). Also, since 19 July 2005, the Pfandbrief operations of the Issuer are subject to the Pfandbrief Act dated 22 May 2005.

The Pfandbrief Act abolished the concept of specialist Pfandbrief institutions hitherto prevailing in respect of the existing mortgage banks and ship mortgage banks. It established a new and uniform regulatory regime for all German credit institutions. Since 19 July 2005, all German credit institutions are permitted, subject to authorisation and fulfilment of certain requirements of the Pfandbrief Act, to engage in the Pfandbrief business and to issue Mortgage Pfandbriefe, Public Sector Pfandbriefe as well as Ship Mortgage Pfandbriefe, and, since that date, existing mortgage banks and ship mortgage banks are authorised to engage in other types of banking transactions, eliminating the limitations in respect of the scope of their permitted business which existed in the past. The Pfandbrief Act thus created a level playing field for all German credit institutions, including the Landesbanken, operating as universal banks and engaged in the issuance of Pfandbriefe.

German credit institutions wishing to take up the Pfandbrief business must obtain special authorisation under the German Banking Act (*Kreditwesengesetz*) from the German Federal Financial Supervisory Authority (*Bundesanstalt für Finanzdienstleistungsaufsicht*, the "**BaFin**") and, for that purpose, must meet some additional requirements as specified in the Pfandbrief Act.

Mortgage banks and ship mortgage banks, which were operating as such up to 19 July 2005 as well as public sector banks (including the *Landesbanken*) carrying on the Pfandbrief business up to such date, have all been grandfathered in respect of authorisation for the particular type of Pfandbrief business in which they were engaged at such time. They were required, though, to give a comprehensive notice to the BaFin by 18 October 2005, failing which the BaFin would have had the right to withdraw the authorisation. Mortgage banks and ship mortgage banks are since 19 July 2005 also authorised to engage in other banking transactions, including, *inter alia*, deposit taking, the extension of credits, the guarantee business, underwriting as well as others, up to then not permitted to be carried out by them, contrary to the Landesbanken, to which all types of banking transactions have always been open (subject to authorisation).

The operations of all banks engaged in the issuance of Pfandbriefe are since 19 July 2005 regulated by the Pfandbrief Act and the Banking Act, and are subject to the prudential supervision of the BaFin. In particular, the BaFin will carry out audits of the assets forming part of any Cover Pool, regularly in bi-annual intervals.

In 2009, the Pfandbrief Act was amended. Among other changes, the new Pfandbrief category of Airplane Mortgage Pfandbriefe (*Flugzeugpfandbriefe*) was introduced, rules requiring a certain liquidity cushion of the Cover Pool from 1 November 2009 onwards were established, and the list of assets qualifying as Cover Pool for Public Sector Pfandbriefe was extended to include payment claims against certain qualifying public bodies in Switzerland, the United States of America, Canada or Japan.

The Pfandbrief Act was further amended in 2010 (in particular with respect to clarifications regarding the quality of Pfandbriefe in the case of insolvency of the Pfandbrief Bank), in 2013 and in 2015.

In this description, banks authorised to issue Pfandbriefe will generally be referred to as "Pfandbrief Banks" which is the term applied by the Pfandbrief Act.

Pfandbriefe are standardised debt instruments issued by a Pfandbrief Bank. The quality and standards of Pfandbriefe are strictly governed by provisions of the Pfandbrief Act and subject to the prudential supervision of the BaFin. Pfandbriefe generally are medium- to long-term bonds, typically with an original maturity of two to ten years, which are secured or "covered" at all times by a pool of specified qualifying assets (*Deckung*), as described below. Pfandbriefe are recourse obligations of the issuing bank, and no separate vehicle is created for their issuance or for the issuance of any specific series of Pfandbriefe. Pfandbriefe may not be redeemed at the option of the Holders prior to maturity.

Pfandbriefe may either be Mortgage Pfandbriefe, Public Sector Pfandbriefe, Ship Mortgage Pfandbriefe or Airplane Mortgage Pfandbriefe. The outstanding Pfandbriefe of any one of these types must be covered by a separate pool of specified qualifying assets: a pool for Mortgage Pfandbriefe only, a pool for Public Sector

Pfandbriefe only, a pool covering all outstanding Ship Mortgage Pfandbriefe only and a pool covering all outstanding Airplane Mortgage Pfandbriefe only (each a "**Cover Pool**"). An independent cover pool monitor appointed by the BaFin has wide responsibilities in monitoring the compliance by the Pfandbrief Bank with the provisions of the Pfandbrief Act. In particular, the cover pool monitor shall ensure that the prescribed cover for the Pfandbriefe exists at all times and that the cover assets are recorded in the respective register. Prior to issue this will be certified by the cover pool monitor on the Pfandbrief certificate.

The aggregate principal amount of assets in any Cover Pool must at all times at least be equal to or greater than the aggregate principal amount of the outstanding Pfandbriefe issued against any such Cover Pool and the aggregate interest yield on any such Cover Pool must at all times be at least equal to or greater than the aggregate interest payable on all outstanding Pfandbriefe issued against such Cover Pool. In addition, the coverage of all outstanding Pfandbriefe with respect to principal and interest must at all times be ensured on the basis of the net present value (*Barwert*). Finally, the net present value of the assets contained in any Cover Pool must exceed the net present value of liabilities from the corresponding Pfandbriefe and derivatives by at least 2 per cent. (*sichernde Überdeckung*).

Such 2 per cent. excess cover must consist of highly liquid assets. Qualifying assets for the excess cover are, *inter alia*, (i) debt securities of Germany, a special fund of Germany, a German state, the European Communities, another member state of the European Union, another contracting state on the agreement on the European Economic Area, the European Investment Bank, the International Bank for Reconstruction and Development, the Council of Europe Development Bank or the European Bank for Reconstruction and Development; (ii) debt securities of Switzerland, the United States of America, Canada or Japan, provided that the risk weighting such countries have received pursuant to a rating by an approved international rating agency is credit quality step 1 (according to table 1 of Article 114 (2) of Commission Regulation (EU) No. 575/2013); (iii) debt securities guaranteed by any of the foregoing institutions; and (iv) credit balances maintained with the European Central Bank, any central bank of a member state of the European Union or any other suitable credit institution having its registered office in one of the countries listed under (i) and (ii) above, provided that those have received a risk weighting in accordance with Article 119 (1) of Commission Regulation (EU) No. 575/2013 which is comparable with credit quality step 1 or, in case of initial maturities of up to 100 days, credit quality step 1 or 2 (each according to table 3 of Article 120 (1) or table 5 of Article 121 (1) of Commission Regulation (EU) No. 575/2013). In addition, to safeguard liquidity, a certain liquidity cushion must be established.

The Pfandbrief Bank must record in the register of cover assets for any Cover Pool of a given Pfandbrief type each asset and the liabilities arising from derivatives. Derivatives may be entered in such register only with the consent of the cover pool monitor and the counterparty.

In case that any cover asset recorded in the register of cover assets for any Cover Pool is intended for partial cover only, the register of cover assets must clearly state the amount of the intended cover and its status in relation to the part of the asset which is not intended for the Cover Pool.

The Pfandbrief Bank must command over an appropriate risk management system meeting the requirements specified in detail in the Pfandbrief Act and must comply with comprehensive disclosure requirements on a quarterly and annual basis set out in detail in the Pfandbrief Act.

Cover Pool for Mortgage Pfandbriefe

The Cover Pool for Mortgage Pfandbriefe mainly consists of mortgage loans with a ratio between the loan and the value of the underlying assets of not more than 60 per cent. This lending value is established by an expert of the Pfandbrief issuer who is not involved in the loan decision-making process in accordance with comprehensive value assessment rules on the basis of which the market value of a property is to be determined. Qualifying mortgages must encumber properties, rights equivalent to real property or such rights under a foreign legal system which are comparable with the equivalent rights under German law. The encumbered properties and the properties in respect of which the encumbered rights exist must be situated in a EU or EEA member state, in Switzerland, the United States of America, Canada, Japan, Australia, New Zealand or Singapore. Land charges and such foreign security interests which offer comparable security and entitle the relevant holder of Pfandbriefe to satisfy its claim also by realising the encumbered property or equivalent right rank equal with mortgages.

The Cover Pool covering Mortgage Pfandbriefe may also, to a limited extent, contain the following assets: (i) compensation claims converted into notes in bearer form, (ii) subject to certain restrictions the assets that may also be included in the 2 per cent. Excess Cover described above, up to a total of 10 per cent. of the aggregate amount of the outstanding Mortgage Pfandbriefe, (iii) notes that may also be included in the cover pool for Public Sector Pfandbriefe (e.g. notes of specified public sector debtors such as (without limitation) (a) the German Federal Government, the Federal States, political subdivisions and other suitable public law corporations within Germany, (b) EU or EEA member states and their central banks and political subdivisions, (c) the United States of America, Japan, Switzerland or Canada if they fulfil certain rating criteria, (d) political subdivisions of the countries listed under (c) above if such political subdivisions are equated by the competent authorities to the central state or if they fulfil certain rating criteria, (e) the European Central Bank and certain multilateral development banks and international organisations, (f) public authorities of EU or EEA member states, (g) public authorities of the countries listed under (c) above if such authorities are equated by the competent authorities to the central state or if they fulfil certain rating criteria, (h) entities for the liabilities of which any one of the public law entities referred to under (a) to (e) above or certain qualifying export credit insurance companies have assumed a full guarantee), up to a total of 20 per cent. of the aggregate amount of the outstanding Mortgage Pfandbriefe, with the cover assets set out under (ii) above being taken into account, and (iv) claims under derivative transactions concluded with specified suitable counterparties on the basis of standardised master agreements, provided that it is ensured that the claims under these derivative transactions cannot be impaired in the event of insolvency of the Pfandbrief issuer or of the other cover pools held by it. The share of the Pfandbrief issuer's claims under the derivative transactions included in the cover pool in the total amount of the cover assets as well as the Pfandbrief issuer's share in the liabilities under these derivatives in the total amount of Mortgage Pfandbriefe outstanding plus the liabilities under these derivatives must not exceed 12 per cent., in each case, the calculation being made on the basis of their net present values.

Insolvency Proceedings

In the event of the institution of insolvency proceedings over the assets of the Pfandbrief Bank, any assets of a Cover Pool maintained by it and registered in the respective register of cover assets would not be part of the insolvency estate, and, therefore, such insolvency would not result in an insolvency of any Cover Pool. Only if at the same time or thereafter the relevant Cover Pool were to become insolvent, separate insolvency proceedings would be initiated against such Cover Pool by the BaFin. In this case, Holders of Pfandbriefe would have the first claim on the respective Cover Pool. Their preferential right would also extend to interest on the Pfandbriefe accrued after the commencement of insolvency proceedings. Furthermore, but only to the extent that Holders of Pfandbriefe suffer a loss, Holders would also have recourse to any assets of the Pfandbrief Bank not included in the Cover Pools. As regards those assets, Holders of the Pfandbriefe would rank equal with other unsecured and unsubordinated creditors of the Pfandbrief Bank.

Up to three administrators (*Sachwalter*, the "**Administrator**") will be appointed in the case of the insolvency of the Pfandbrief Bank to administer each Cover Pool for the sole benefit of the Holders of Pfandbriefe. The Administrator will be appointed by the court having jurisdiction at the location of the head office of the Pfandbrief Bank at the request of the BaFin before or after the institution of insolvency proceedings. The Administrator will be subject to the supervision of the court and also of the BaFin with respect to the duties of the Pfandbrief Bank arising in connection with the administration of the assets included in the relevant Cover Pool. The Administrator will be entitled to dispose of the Cover Pool's assets and receive all payments on the relevant assets to ensure full satisfaction of the claims of the Holders of Pfandbriefe. To the extent, however, that those assets are obviously not necessary to satisfy such claims and in case that assets are not subject to the trustee's administration, the insolvency receiver of the Pfandbrief Bank is entitled to demand the transfer of such assets to the insolvency estate.

Subject to the consent of the BaFin, the Administrator may transfer all or part of the cover assets and the liabilities arising from the Pfandbriefe issued against such assets to another Pfandbrief Bank.

Jumbo Pfandbriefe

Jumbo Pfandbriefe are governed by the same laws as Pfandbriefe and therefore cannot be classified as a type of assets apart from Pfandbriefe. However, in order to improve the liquidity of the Pfandbrief market certain Pfandbrief issuers have agreed upon certain minimum requirements for Jumbo Pfandbriefe (*Mindeststandards von Jumbo-Pfandbriefen*) applicable to such Pfandbriefe which are issued as Jumbo Pfandbriefe. These

minimum requirements are not statutory provisions. Instead, they should be regarded as voluntary self-restrictions which limit the options issuers have when structuring Pfandbriefe. The minimum requirements include the following provisions:

- (i) *Minimum issue size.* The minimum issue size of a Jumbo Pfandbrief is EUR 1 billion. If the minimum size is not reached within the initial issue, a Pfandbrief may be increased by way of a tap to give it Jumbo Pfandbrief status, provided all the requirements stated under Nos. ii to vii are fulfilled.
- (ii) *Format.* Only Pfandbriefe of straight bond format (*i.e.* fixed coupon payable annually in arrears, bullet redemption) may be offered as Jumbo Pfandbriefe.
- (iii) *Stock market listing.* Jumbo Pfandbriefe must be listed on a regulated market in an EU or EEA member state immediately after issue, or not later than 30 calendar days after the settlement date.
- (iv) *Syndicate banks.* Jumbo Pfandbriefe must be placed by a syndicate consisting of at least five banks (syndicate banks).
- (v) *Quoting.* The syndicate banks act as market makers; in addition to their own system, they pledge to quote prices upon application and bid/ask (two-way) prices at the request of investors on an electronic trading platform and in telephone trading.
- (vi) *Publishing of average spreads.* The syndicate banks pledge to report daily for each Jumbo Pfandbrief outstanding (life to maturity from 24 months upwards) the spread vs. asset swap. The average spreads, which are calculated for each Jumbo Pfandbrief by following a defined procedure, are published on the website of the Association of German Pfandbrief Banks (*Verband Deutscher Pfandbriefbanken, vdp*).
- (vii) *Transfer and buyback.* A subsequent transfer to the name of an investor is not permitted (restriction on transferability). It is permitted to buy back securities for redemption purposes or for cover pool monitor administration if the outstanding volume of the issue does not fall below EUR 1 billion at any time. The issuer must publicly announce any buyback, the planned volume thereof and the issue envisaged for repurchase at least 3 banking days in advance, and make sure that extensive transparency is given in the market. After a buyback transaction it is not permitted to tap the issue in question for a period of one year.
- (viii) *Loss of status.* If one of the aforementioned requirements is not met, the issue will lose its Jumbo Pfandbrief status. Jumbo Pfandbriefe that were issued before 28 April 2004, and have a volume of less than EUR 1 billion retain the status of a Jumbo Pfandbrief notwithstanding the requirements set out under (i) if the other aforementioned provisions are met.

The minimum requirements are supplemented by additional recommendations (*Empfehlungen*) and a code of conduct applicable to issuers of Jumbo Pfandbriefe (*Wohlverhaltensregeln für Emittenten und Syndikatsbanken*). Neither the recommendations nor the code of conduct are statutory provisions.

With the consent of the BaFin, the administrator may transfer all or part of the Pfandbrief liabilities and the corresponding cover assets to another Pfandbrief issuer.

Permanent Global Note. The Securities and all rights in connection therewith are documented in the form of a Permanent Global Note (the "**Permanent Global Note**") which shall be deposited by the Swiss Principal Paying Agent with SIX SIS Ltd or any other Intermediary in Switzerland recognized for such purposes by SIX Swiss Exchange Ltd (SIX SIS Ltd or any such other Intermediary, the "**Intermediary**" or the "**Clearing System**") until final redemption of the Securities. Once the Permanent Global Note has been deposited with the Intermediary and entered into the accounts of one or more participants of the Intermediary, the Securities will, for Swiss law purposes, constitute intermediated securities (*Bucheffekten*) ("**Intermediated Securities**") in accordance with the provisions of the Swiss Federal Intermediated Securities Act (*Bucheffektengesetz*).

Each Securityholder shall, for Swiss law purposes, have a co-ownership interest (*Miteigentumsanteil*) in the Permanent Global Note to the extent of his claim against the Issuer, provided that for so long as the Securities constitute Intermediated Securities the co-ownership interest shall be suspended and the Securities may only be transferred by the entry of the transferred Securities in a securities account of the transferee.

The records of the Intermediary will determine the number of Securities held through each participant in that Intermediary. In respect of the Securities held in the form of Intermediated Securities, the holders of such Securities (the "**Securityholders**") will be the persons holding the Securities in a securities account (*Effektenkonto*) which is in their own name and for their own account

or, or in the case of Intermediaries (*Verwahrungsstellen*), the Intermediaries holding the Securities for their own account in a securities account (*Effektenkonto*) which is in their name.

The Securityholders shall not at any time have the right to effect or demand the conversion of the Permanent Global Note into, or the delivery of, uncertificated securities (*Wertrechte*) or definitive Securities (*Wertpapiere*).

Payments of interest on Securities represented by a Temporary Global Security will be made only after delivery of such certifications. Failure properly to complete and deliver an Asset Transfer Notice may result in such notice being treated as null and void. Any determination as to whether such notice has been properly completed and delivered as provided in these Conditions shall be made in case of Securities represented by a Global Security by the relevant Clearing System after consultation with the Issuer and shall be conclusive and binding on the Issuer and the Securityholder and, if such Security is a Definitive Security, by the relevant Paying Agent after consultation with the Issuer, and shall be conclusive and binding on the Issuer and the Securityholder.

Delivery of the Asset Amount in respect of each Security shall be [made at the risk of the Securityholder in such commercially reasonable manner as the Calculation Agent shall in its [sole discretion] determine and notify to the person designated by the Securityholder in the relevant Asset Transfer Notice] **[alternative manner of delivery]**.

In relation to each Security which is to be redeemed by delivery of the Asset Amount, the Asset Amount will be delivered at the risk of the Securityholder, in the manner provided above on the Maturity Date (such date, subject to adjustment in accordance with this § [6] the "**Delivery Date**"), provided that the Asset Transfer Notice is duly delivered to the Clearing System or any Paying Agent, as the case may be, with a copy to the Issuer, as provided above, not later than the close of business in each place of receipt on **[Cut-Off Date]** (the "**Cut-Off Date**").

If the Securityholder fails to give an Asset Transfer Notice as provided herein with a copy to the Issuer, not later than the close of business in each place of receipt on the Cut-Off Date, then the Asset Amount will be delivered as soon as practicable after the Maturity Date (in which case, such date of delivery shall be the Delivery Date) at the risk of the relevant Securityholder in the manner provided above. For the avoidance of doubt, in such circumstances the relevant Securityholder shall not be entitled to any payment, whether of interest or otherwise, as a result of such Delivery Date falling after the originally designated Delivery Date and no liability in respect thereof shall attach to the Issuer.

All Delivery Expenses arising from the delivery of the Asset Amount in respect of the Securities shall be for the account of the Securityholder and no delivery of the Asset Amount shall be made until all Delivery Expenses have been paid to the satisfaction of the Issuer by the Securityholder.

After delivery of the Asset Amount and for such period of time as any person other than the relevant Securityholder shall continue to be registered as the legal owner of any such securities or other obligations comprising the Asset Amount ("**Intervening Period**"), none of the Issuer, the Calculation Agent nor any other person shall at any time (i) be under any obligation to deliver or procure delivery to the Securityholder any letter, certificate, notice, circular or any other document or, except as provided herein, payment whatsoever received by that person in respect of such securities or obligations, (ii) be under

any obligation to exercise or procure exercise of any or all rights attaching to such securities or obligations or (iii) be under any liability to the Securityholder in respect of any loss or damage which the Securityholder may sustain or suffer as a result, whether directly or indirectly, of that person being registered during such Intervening Period as legal owner of such securities or obligations.

If, prior to the delivery of the Asset Amount in accordance with this § [6], a Settlement Disruption Event is subsisting, then the Delivery Date in respect of such Security shall be postponed until the date on which no Settlement Disruption Event is subsisting and notice thereof shall be given to the Securityholder, in accordance with § [15]. The Securityholder shall not be entitled to any payment, whether of interest or otherwise, on such Security as a result of any delay in the delivery of the Asset Amount pursuant to this paragraph. Where delivery of the Asset Amount has been postponed as provided in this paragraph the Issuer shall not be in breach of these Conditions and no liability in respect thereof shall attach to the Issuer.

For so long as delivery of the Asset Amount in respect of any Security is not practicable by reason of a Settlement Disruption Event, then in lieu of physical settlement and notwithstanding any other provision hereof, the Issuer may elect in its sole discretion to satisfy its obligations in respect of the relevant Security by payment to the Securityholder of the Disruption Cash Settlement Price (as defined below) not later than on the third Business Day following the date that the notice of such election (the "**Election Notice**") is given to the Securityholders in accordance with § [15]. Payment of the Disruption Cash Settlement Price will be made in such manner as shall be notified to the Securityholders in accordance with § [15].

Where the Asset Amount is, in the determination of the Issuer, an amount other than an amount of the Relevant Assets capable of being delivered, the Securityholders will receive an Asset Amount comprising of the nearest number (rounded down) of the Relevant Assets capable of being delivered by the Issuer (taking into account that a Securityholder's entire holding may be aggregated at the Issuer's discretion for the purpose of delivering the Asset Amounts), and an amount in the Specified Currency which shall be the value of the amount of the Relevant Assets so rounded down, as calculated by the Calculation Agent in a fair and commercially reasonable manner from such source(s) as it may select, after consultation with the Issuer (converted if necessary into the Specified Currency by reference to such exchange rate as the Calculation Agent deems appropriate). Payment will be made in such manner as shall be notified to the Securityholders in accordance with § [15].

For the purposes of the Securities (i) the Issuer shall be under no obligation to register or procure the registration of the Securityholder or any other person as the registered shareholder in the register of members of the Equity Issuer, (ii) the Issuer shall not be obliged to account to any Securityholder or any other person for any entitlement received or that is receivable in respect of Underlying Equities comprising the Asset Amount in respect of any Security if the date on which the Underlying Equities are first traded on the Relevant Exchange ex such entitlement is on or prior to the Maturity Date and (iii) any interest, dividend or other distribution in respect of any Asset Amount will be payable to the party that would receive such interest,

dividend or other distribution according to market practice for a sale of the Underlying Equities executed on the Delivery Date and to be delivered in the same manner as the Asset Amount. Any such interest, dividend or other distribution to be paid to the Securityholder shall be paid to the account specified in the Asset Transfer Notice.

The following definitions shall apply:

"Asset Transfer Notice" means an asset transfer notice substantially in the form set out in the Agency Agreement.

"Settlement Disruption Event" means an event beyond the control of the Issuer as a result of which, in the opinion of the Calculation Agent, delivery of the Asset Amount by or on behalf of the Issuer in accordance with these Terms and Conditions and/or the applicable Final Terms is not practicable.]

In that case (i) the eighth Scheduled Trading Day shall be deemed to be the [Valuation Date] [or] [relevant] [Underlying Determination Date] [, as the case may be], notwithstanding the fact that such day is a Disrupted Day, and (ii) the Calculation Agent shall determine the [Reference Price] [relevant] [Determination Price] by determining the level of the Index as of the [Valuation Time] [Determination Time] on that eighth Scheduled Trading Day in accordance with the formula for and method of calculating the Index last in effect prior to the occurrence of the first Disrupted Day using the Exchange traded or quoted price as of the [Valuation Time] [Determination Time] on that eighth Scheduled Trading Day of each security comprised in the Index (or, if an event giving rise to a Disrupted Day has occurred in respect of the relevant security on that eighth Scheduled Trading Day, its good faith estimate of the value for the relevant security as of the [Valuation Time] [Determination Time] on that eighth Scheduled Trading Day).]

[If the Securities relate to a basket of Indices the following applies: the [Valuation Date] [or] [relevant] [Underlying Determination Date] [, as the case may be] for each Index not affected by the occurrence of a Disrupted Day shall be the [Scheduled Valuation Date] [or] [Scheduled Underlying Determination Date] [, as the case may be], and the [Valuation Date] [or] [relevant] [Underlying Determination Date] [, as the case may be] for each Index affected by the occurrence of a Disrupted Day (each an "**Affected Index**") shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day relating to the Affected Index, unless each of the eight Scheduled Trading Days immediately following the [Scheduled Valuation Date] [or] [Scheduled Underlying Determination Date] [, as the case may be] is a Disrupted Day relating to the Affected Index. In that case (i) that eighth Scheduled Trading Day shall be deemed to be the [Valuation Date] [or] [relevant] [Underlying Determination Date] [, as the case may be] for the Affected Index, notwithstanding the fact that such day is a Disrupted Day, and (ii) the Calculation Agent shall determine the [Reference Price] [relevant] [Determination Price] using, in relation to the Affected Index, the level of that Index as of the [Valuation Time] [Determination Time] on that eighth Scheduled Trading Day in accordance with the formula for and method of calculating that Index last in effect prior to the occurrence of the first Disrupted Day using the Exchange traded or quoted price as of the [Valuation Time] [Determination Time] on that eighth Scheduled Trading Day of each security comprised in that Index (or, if an event giving rise to a Disrupted Day has occurred in respect of the relevant security on that eighth Scheduled Trading Day, its good faith estimate of the value for the relevant security as of the [Valuation Time] [Determination Time] on that eighth Scheduled Trading Day).]

[in case of Index Linked Interest Securities: "Determination Time" means [●] [the Scheduled Closing Time on the relevant Exchange on the Underlying Determination Date in relation to [each Index to be valued] [the Index]. If the relevant Exchange closes prior to its Scheduled Closing Time and the specified Determination Time is after the actual closing time for its regular trading session, then the Determination Time shall be such actual closing time.]

- (b) in relation to an Index which is a Multi-Exchange Index, the closure on any Exchange Business Day of the Exchange in respect of any Component Security or the Related Exchange prior to its Scheduled Closing Time unless such earlier closing is announced by such Exchange or Related Exchange (as the case may be) at least one hour prior to the earlier of: (i) the actual closing time for the regular trading session on such Exchange or Related Exchange (as the case may be) on such Exchange Business Day; and (ii) the submission deadline for orders to be entered into the relevant Exchange or Related Exchange system for execution at the relevant [Valuation Time] [Determination Time] on such Exchange Business Day.

"Exchange Business Day" means: (a) where an Index is not a Multi-Exchange Index, any Scheduled Trading Day on which [the] [each] Exchange and each Related Exchange are open for trading during their respective regular trading sessions, notwithstanding any such Exchange or Related Exchange closing prior to its Scheduled Closing Time; or (b) where an Index is a Multi-Exchange Index, any Scheduled Trading Day on which: (i) the Index Sponsor publishes the level of the Index; and (ii) the Related Exchange is open for trading during its regular trading session, notwithstanding any Exchange or the Related Exchange closing prior to its Scheduled Closing Time.

"Market Disruption Event" means:

- (a) in relation to an Index other than a Multi-Exchange Index, the occurrence or existence of (i) a Trading Disruption, (ii) an Exchange Disruption, which in either case the Calculation Agent determines is material, at any time during the one

(2) an Exchange Disruption, which the Calculation Agent determines is material, at any time during the one hour period that ends at the relevant [Valuation Time] [Determination Time] in respect of the Exchange on which such Component Security is principally traded; or

For the purposes of determining whether a Market Disruption Event in respect of an Index exists at any time, if a Market Disruption Event occurs in respect of a security included in the Index or such Component Security at any time, then the relevant percentage contribution of that security or Component Security, as the case may be, to the level of the Index shall be based on a comparison of (i) the portion of the level of the Index attributable to that security or Component Security, as the case may be, and (ii) the overall level of the Index, in each case either (x) except where the Index is not a Multi-Exchange Index, immediately before the occurrence of such Market Disruption Event or (y) where that Index is a Multi-Exchange Index, using the official opening weightings as published by the Index Sponsor as part of the market "opening data".

If [the] [an] Index is (a) not calculated and announced by the Index Sponsor but is calculated and announced by a successor sponsor acceptable to the Calculation Agent, or (b) replaced by a successor index using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of that Index, then in each case that index (the "**Successor Index**" and in respect of each Successor Index, the relevant "**Successor Index Sponsor**") will be deemed to be the Index.

Modification and Cessation of Calculation of an Index.

(2)

If:

- (a) [the] [an] Index Sponsor makes or announces on or prior to [the] Valuation Date] [the] [an] [Underlying Determination Date] that it will make a material change in the formula for or the method of calculating the [relevant] Index or in any other way materially modifies the [relevant] Index (other than a modification prescribed in that formula or method to maintain the [relevant] Index in the event of changes in constituent stock and capitalisation, contracts or commodities and other routine events) (an "**Index Modification**"); or

then:

- (i) the Calculation Agent shall determine if such Index Adjustment Event has a material effect on the Securities and, if so, shall calculate the [Reference Price] [relevant] [Determination Price] [and/or] [the] Initial Price] [and/or] [the] Rate of Interest] using, in lieu of a published level for that Index, the level for that Index as at the [Valuation Time on the] Valuation Date] [Determination Time on the] Underlying Determination Date] as determined by the Calculation Agent in accordance with the formula for and method of calculating that Index last in effect prior to the change, failure or cancellation, but using only those securities that comprised that Index immediately prior to that Index Adjustment Event; or

Upon the occurrence of an Index Adjustment Event, the Calculation Agent shall give notice as soon as practicable to Securityholders in accordance with § [15], giving details of the action proposed to be taken in relation thereto.]

IF THE SECURITIES ARE LINKED TO AN UNDERLYING EQUITY OR A BASKET OF UNDERLYING EQUITIES FOLLOWING THE APPLIES:

[(1)] **[if Potential Adjustment Events applies: *Potential Adjustment Event*.** Following the declaration by [the] [an] Equity Issuer of the terms of any Potential Adjustment Event, the Calculation Agent will, in a fair and commercially reasonable manner, determine whether such Potential Adjustment Event has a diluting, concentrative or other effect on the theoretical value of the Underlying Equity and, if so, will (a) make the corresponding adjustment, if any, to any one or more of [the Reference Price] [the [relevant] Determination Price] [and/or the Initial Price] [and/or] [the Rate of Interest] [and/or] [the Redemption Amount] [and/or] [the Strike Price] [and/or the Multiplier] and/or any of the other terms of these Conditions as the Calculation Agent in a fair and commercially reasonable manner determines appropriate to account for that diluting or concentrative effect (provided that no adjustments will be made to account solely for changes in volatility, expected dividends, stock loan rate or liquidity relative to the relevant Underlying Equity) and (b) determine the effective date of that adjustment. The Calculation Agent may (but need not) determine the appropriate adjustment by reference to the adjustment in respect of such Potential Adjustment Event made by an options exchange to options on the Underlying Equity traded on that options exchange.

Upon making any such adjustment, the Calculation Agent shall give notice as soon as practicable to the Securityholders in accordance with § [15], stating the adjustment to [the Reference Price] [the [relevant] Determination Price] [and/or the Initial Price] [and/or] [the Rate of Interest] [and/or] [the Redemption Amount] [and/or] [the Strike Price] [and/or the Multiplier] and/or any of the other terms of these Conditions and giving brief details of the Potential Adjustment Event.]

[(2)] **[If the Securities relate to Underlying Equities quoted, listed and/or dealt as of the Trade Date in a currency of a member state of the European Union other than Euro the following applies: *Euro conversion*.** If any Underlying Equity is at any time after the Trade Date quoted, listed and/or dealt exclusively in Euro on the [relevant Exchange] **[the following applies if no Exchange is specified:** principal market on which such Underlying Equity is traded], then the Calculation Agent will adjust any one or more of [the Reference Price] [the [relevant] Determination Price] [and/or the Initial Price] [and/or] [the Rate of Interest] [and/or] [the Redemption Amount] [and/or] [the Strike Price] [and/or the Multiplier] and/or any of the other terms of these Conditions as the Calculation Agent determines in a fair and commercially reasonable manner to be appropriate to preserve the economic terms of the Securities. The Calculation Agent will make any conversion necessary for purposes of any such adjustment as of the [Valuation Time] [Determination Time] at an appropriate mid-market spot rate of exchange determined by the Calculation Agent prevailing as of the [Valuation Time] [Determination Time]. No adjustments under this provision will affect the currency denomination of any

payment obligation arising out of the Securities.]

[(3)] [De-listing, Merger Event, Nationalisation [,] [and] Insolvency] [and] [Tender Offer]. If [a De-listing, Merger Event, Nationalisation [,] [or] Insolvency] [or [Tender Offer] occurs[, in each case,] in relation to an Underlying Equity, the Issuer in its sole and absolute discretion may either:

(a) require the Calculation Agent to determine in a fair and commercially reasonable manner the appropriate adjustment, if any, to be made to any one or more of [the Reference Price] [the [relevant] Determination Price] [and/or] [the Initial Price] [and/or] [the Rate of Interest] [and/or] [the Redemption Amount] [and/or] [the Strike Price] [and/or the Multiplier] and/or any of the other terms of these Conditions to account for the [De-listing, Merger Event, Nationalisation [,] [or] Insolvency] [or [Tender Offer], as the case may be, and determine the effective date of that adjustment. The Calculation Agent may (but need not) determine the appropriate adjustment by reference to the adjustment in respect of the [De-listing, Merger Event, Nationalisation [,] [or] Insolvency] [or [Tender Offer], as the case may be, made by an options exchange to options on the Underlying Equity traded on that options exchange; or

(b) on giving notice to the Securityholders in accordance with § [15], redeem all but not some only of the Securities, each principal amount of Securities equal to [in case of German law Securities the following applies: the Specified Denomination] [in case of English law Securities the following applies: the Calculation Amount] being redeemed at the Early Redemption Amount.

If the Calculation Agent determines that a Delayed Index Level Event in respect of an Index has occurred with respect to any Determination Date, then the Relevant Level for such Index the subject of such Delayed Index Event (the "**Substitute Index Level**") shall be determined by the Calculation Agent [the following applies if Related Bond is not applicable: by reference to the following formula:] [the following applies if Related Bond is applicable: as follows:

(a) the Calculation Agent shall determine the Substitute Index Level by reference to the corresponding index level determined under the terms and conditions of the relevant Related Bond; or

(b) if the Calculation Agent is not able to determine a Substitute Index Level under (a) above, the Calculation Agent shall determine the Substitute Index Level by reference to the following formula:]

Substitute Index Level = Base Level x (Latest Level/Reference Level)

where:

"Base Level" means, in respect of an Inflation Index, the level of such Inflation Index (excluding any "flash" estimates) published or announced by the relevant Inflation Index Sponsor in respect of the month which is 12 calendar months prior to the month for which the Substitute Index Level is being determined.

The Issuer shall give notice to the Securityholders in accordance with § [15] of any Substitute Index Level calculated pursuant to this § [8](1).

Cessation of Publication. If a level for the Inflation Index has not been published or announced for two consecutive months or the Inflation Index Sponsor announces that it will no longer continue to publish or announce the Inflation Index then the Calculation Agent shall determine a successor index (in lieu of any previously applicable Inflation Index) for the purposes of the Inflation Linked Securities by using the following methodology:

(2)

- (i) **[the following applies if Related Bond is applicable:** if at any time, a successor index has been designated by the Calculation Agent pursuant to the terms and conditions of the Related Bond, such successor index shall be designated a "Successor Index" notwithstanding that any other Successor Index may previously have been determined under sub-paragraphs (ii), (iii) or (iv) below; or]
- (ii) if **[the following applies if Related Bond is applicable:** a Successor Index has not been determined pursuant to § [8](2)(i)] and] a notice has been given or an announcement has been made by the Inflation Index Sponsor, specifying that the Inflation Index will be superseded by a replacement Inflation Index specified by the Inflation Index Sponsor, and the Calculation Agent determines that such replacement index is calculated using the same or substantially similar formula or method of calculation as used in the calculation of the previously applicable Inflation Index, such replacement index shall be the Inflation Index for purposes of the Inflation Linked Securities from the date that such replacement Inflation Index comes into effect; or
- (iii) if a Successor Index has not been determined pursuant to § [8](2)(i) **[the following applies if Related Bond is applicable:** or § [8](2)(ii)], the Calculation Agent shall, after consultation with the Issuer, ask five leading independent dealers to state what the replacement index for the Inflation Index should be. If between four and five responses are received, and of those four or five responses, three or more leading independent dealers state the same index, this index will be deemed the "Successor Inflation Index". If three responses are received, and two or more leading independent dealers state the same index, this index will be deemed the "Successor Inflation Index". If fewer than three responses are received, the Calculation Agent will proceed to § [8](2)(iv); or
- (iv) if no replacement index or Successor Inflation Index has been deemed under § [8](2)(i), § [8](2)(ii) **[the following applies if Related Bond is applicable:** or § [8](2)(iii)], by the next occurring Cut-Off Date the Calculation Agent will determine an appropriate alternative index from such Cut-Off Date, and such index will be deemed a "Successor Inflation Index"; or
- (v) if the Calculation Agent determines that there is no appropriate alternative index, in relation to Securities, the Issuer shall give notice to the Securityholders in accordance with § [15] and redeem all but not some only of the Securities, each principal amount of Securities equal to **[in case of German law Securities the following applies:** the Specified Denomination] **[in case of English law Securities the following applies:** the Calculation Amount] being redeemed at the Early Redemption Amount.

(3)

Rebasing of the Inflation Index. If the Calculation Agent determines that the Inflation Index has been or will be rebased at any time, the Inflation Index as so rebased (the "**Rebased Index**") will be used for purposes of determining the level of the Inflation Index from the date of such rebasing; provided, however, that the Calculation Agent shall make adjustments [**the following applies if Related Bond is applicable:** as are made by the calculation agent pursuant to the terms and conditions of the Related Bond] to the levels of the Rebased Index so that the Rebased Index levels reflect the same rate of inflation as the Index before it was rebased.

(4)

Material Modification Prior to Last Occurring Cut-Off. If, on or prior to the last occurring Cut-Off Date, the Inflation Index Sponsor announces that it will make a material change to the Inflation Index then the Calculation Agent shall make [**the following applies if Related Bond is applicable:** any such adjustments consistent with adjustments made to the Related Bond] [**the following applies if Related Bond is not applicable:** only those adjustments to the Inflation Index necessary for the modified Inflation Index to continue as the Inflation Index].

(5)

If the Fallback Bond redeems, the Calculation Agent will select a new Fallback Bond on the same basis, but selected from all eligible bonds in issue at the time the original Fallback Bond redeems (including any bond for which the redeemed bond is exchanged).]

"Reference Month" means the calendar month for which the level of the Inflation Index was reported, regardless of when this information is published or announced. If the period for which the Relevant Level was reported is a period other than a month, the Reference Month shall be the period for which the Relevant Level was reported.

Die Leerstellen in den auf die Schuldverschreibungen anwendbaren Bestimmungen dieser Bedingungen gelten als durch die in den Endgültigen Bedingungen enthaltenen Angaben ausgefüllt, als ob diese Angaben in die betreffenden Bestimmungen eingefügt wären; alternative oder wählbare Bestimmungen dieser Bedingungen, deren Entsprechungen in den Endgültigen

Jedem Gläubiger der Schuldverschreibungen steht für Zwecke des Schweizer Rechts im Umfang seiner Forderung gegen die Emittentin ein Miteigentumsanteil an der Dauerglobalurkunde zu, wobei, solange die Schuldverschreibungen Bucheffekten darstellen, der Miteigentumsanteil außer Kraft gesetzt ist und die Schuldverschreibungen nur durch Gutschrift der zu übertragenden Schuldverschreibungen in einem Effektenkonto des Empfängers übertragen werden können.

Die Unterlagen der Verwahrungsstelle bestimmen die Anzahl Schuldverschreibungen, die durch jeden Teilnehmer der Verwahrungsstelle gehalten wird. Zweck der Schuldverschreibungen ist es, der Emittentin als berücksichtigungsfähige Verbindlichkeiten im Rahmen der Mindestanforderung an Eigenmittel und berücksichtigungsfähige Verbindlichkeiten zu dienen.

Die Schuldverschreibungen begründen nicht besicherte und nicht nachrangige Verbindlichkeiten der Emittentin aus nicht bevorrechtigten Schuldtiteln im Sinne von § 46f Abs. 6 Satz 1 KWG oder einer Nachfolgebestimmung. Die Verbindlichkeiten stehen untereinander und mit allen anderen nicht besicherten und nicht nachrangigen Verbindlichkeiten aus nicht bevorrechtigten Schuldtiteln der Emittentin im Sinne von § 46f Abs. 6 Satz 1 KWG (auch in Verbindung mit § [46f Abs. 9][●] KWG) oder einer Nachfolgebestimmung im gleichen Rang.

(3)

In Einklang mit § 46f Abs. 5 KWG gehen im Fall von Abwicklungsmaßnahmen in Bezug auf die Emittentin oder im Fall der Auflösung, der Liquidation oder der Insolvenz der Emittentin oder eines Vergleichs oder eines anderen der Abwendung der Insolvenz der Emittentin dienenden Verfahrens gegen die Emittentin die Verbindlichkeiten aus den Schuldverschreibungen den nicht nachrangigen Ansprüchen von dritten Gläubigern der Emittentin, die keine Verbindlichkeiten im Sinne von § 46f Abs. 6 Satz 1 KWG (auch in Verbindung mit § [46f Abs. 9][●] KWG) oder gemäß einer Nachfolgebestimmung sind, im Rang nach; in einem solchen Fall erfolgen Zahlungen auf die Schuldverschreibungen so lange nicht, wie die nicht nachrangigen Ansprüche dieser dritten Gläubiger der Emittentin nicht vollständig befriedigt sind.

Im Einklang mit § 10 Abs. 5 KWG ist die Aufrechnung von Forderungen aus den Schuldverschreibungen gegen Forderungen der Emittentin ausgeschlossen. Den Gläubigern wird für ihre Rechte aus den Schuldverschreibungen zu keinem Zeitpunkt eine Sicherheit oder Garantie gestellt; bereits gestellte oder zukünftig gestellte Sicherheiten oder Garantien im Zusammenhang mit anderen Verbindlichkeiten der Emittentin haften nicht für Forderungen aus den Schuldverschreibungen.

(4)

Nachträglich können der Rang der Verbindlichkeiten gemäß § 2(2) nicht verbessert sowie die Laufzeit der Schuldverschreibungen und jede anwendbare Kündigungsfrist nicht verkürzt werden. Eine Rückzahlung, ein Rückkauf oder eine Kündigung der Schuldverschreibungen vor Endfälligkeit ist nur mit einer vorherigen Zustimmung der hierfür zuständigen Behörde zulässig, sofern gesetzlich erforderlich. Werden die Schuldverschreibungen (i) unter anderen als den in § 2(2) beschriebenen Umständen oder (ii) anders als infolge einer Rückzahlung oder eines Ankaufs nach Maßgabe dieser Bedingungen zurückgezahlt oder von der Emittentin zurückerworben, so ist der gezahlte Betrag der Emittentin ohne Rücksicht auf entgegenstehende Vereinbarungen zurückzugewähren.

Zweck der Schuldverschreibungen ist es, der Emittentin als berücksichtigungsfähige Verbindlichkeiten im Rahmen der Mindestanforderung an Eigenmittel und berücksichtigungsfähige Verbindlichkeiten zu dienen.

Die Schuldverschreibungen begründen nicht besicherte, nicht nachrangige, bevorrechtigte Verbindlichkeiten der Emittentin, die untereinander und mit allen anderen nicht besicherten und nicht nachrangigen Verbindlichkeiten der Emittentin im gleichen Rang stehen, jedoch vorbehaltlich eines Vorrangs, der bestimmten nicht besicherten und nicht nachrangigen Verbindlichkeiten der Emittentin aufgrund gesetzlicher Bestimmungen im Fall von Abwicklungsmaßnahmen in Bezug auf die Emittentin oder im Fall der Auflösung, der Liquidation oder der Insolvenz oder eines Vergleichs oder eines anderen der Abwendung der Insolvenz dienenden Verfahrens gegen die Emittentin eingeräumt wird. Gemäß § 46f Abs. 5 KWG gehen die Verbindlichkeiten aus den Schuldverschreibungen den Verbindlichkeiten aus Schuldtiteln der Emittentin im Sinne von § 46f Abs. 6 Satz 1 KWG (auch in Verbindung mit § [46f Abs. 9][●] KWG) oder nach einer Nachfolgebestimmung im Rang vor.

(4)

Im Einklang mit § 10 Abs. 5 KWG ist die Aufrechnung von Forderungen aus den Schuldverschreibungen gegen Forderungen der Emittentin ausgeschlossen. Den Gläubigern wird für ihre Rechte aus den Schuldverschreibungen zu keinem Zeitpunkt eine Sicherheit oder Garantie gestellt; bereits gestellte oder zukünftig gestellte Sicherheiten oder Garantien im Zusammenhang mit anderen Verbindlichkeiten der Emittentin haften nicht für Forderungen aus den Schuldverschreibungen.

Nachträglich können der Rang der Verbindlichkeiten gemäß § 2(2) nicht verbessert sowie die Laufzeit der Schuldverschreibungen und jede anwendbare Kündigungsfrist nicht verkürzt werden. Eine Rückzahlung, ein Rückkauf oder eine Kündigung der Schuldverschreibungen vor Endfälligkeit ist nur mit einer vorherigen Zustimmung der hierfür zuständigen Behörde zulässig, sofern gesetzlich erforderlich. Werden die Schuldverschreibungen (i) unter anderen als den in § 2(2) beschriebenen Umständen oder (ii) anders als infolge einer Rückzahlung oder eines Ankaufs nach Maßgabe dieser Bedingungen zurückgezahlt oder von der Emittentin zurückerworben, so ist der gezahlte Betrag der Emittentin ohne Rücksicht auf entgegenstehende Vereinbarungen zurückzugewähren.

- (c) *Einreichung von Zinsscheinen.* Jede Schuldverschreibung, die mit beigefügten Zinsscheinen ausgegeben wurde, ist zur endgültigen Rückzahlung vorzulegen und, außer im Fall einer Teilzahlung des Rückzahlungsbetrags, zusammen mit allen zugehörigen, noch nicht fälligen Zinsscheinen einzureichen; erfolgt dies nicht, wird der Betrag der fehlenden, noch nicht fälligen Zinsscheine (oder, falls die Zahlung nicht in voller Höhe erfolgt, der Anteil des Gesamtbetrags solcher fehlenden Zinsscheine, der dem Verhältnis zwischen dem tatsächlich gezahlten Rückzahlungsbetrag und dem insgesamt fälligen Rückzahlungsbetrag entspricht) von dem ansonsten bei der Rückzahlung fälligen Betrag abgezogen. Sofern die Anwendung des vorstehenden Satzes die Entwertung einiger, aber nicht sämtlicher noch nicht fälliger zu einer Einzelkunde gehörender Zinsscheine erfordert, bestimmt die betreffende Zahlstelle, welche nicht fälligen Zinsscheine ungültig werden sollen, wobei zu diesem Zweck später fällige Zinsscheine vor früher fälligen Zinsscheinen für ungültig zu erklären sind.

Für die Zwecke dieses § 8 bezeichnet "**Maßgeblicher Tag**" den Tag, an dem die betreffende Zahlung erstmals fällig wird, wobei dieser Begriff jedoch in dem Fall, dass der Fiscal Agent die volle Summe der zu zahlenden Beträge nicht an oder vor dem jeweiligen Fälligkeitstag erhalten hat, den Tag bezeichnet, an dem nach Eingang der vollen Summe der zu zahlenden Beträge beim Fiscal Agent eine entsprechende Mitteilung ordnungsgemäß an die Gläubiger der Schuldverschreibungen gemäß § [12] erfolgt ist.

[Falls die Schuldverschreibungen mit Talons begeben werden, gilt Folgendes: An oder nach dem **[falls Zinsperiodenendtag(e) nicht anwendbar ist, gilt Folgendes:** Zinszahltag] **[im Fall von Zinsperiodenendtag(en) gilt Folgendes:** Zinsperiodenendtag], an dem der letzte Zinsschein eines Zinsscheinbogens fällig wird, kann der im Zinsscheinbogen enthaltene Talon vorbehaltlich der Bestimmungen dieses § 8 bei der bezeichneten Geschäftsstelle des Fiscal Agent oder einer anderen Zahlstelle im Austausch gegen einen weiteren Zinsscheinbogen eingereicht werden, welcher einen weiteren Talon enthält (vorausgesetzt, dieser weitere Zinsscheinbogen enthält keine Zinsscheine, die bis zum letzten Termin (einschließlich) für die Zahlung von Zinsen auf die zugehörige Schuldverschreibung laufen).]

Der Gemeinsame Vertreter haftet den Gläubigern als Gesamtgläubiger für die ordnungsgemäße Erfüllung seiner Aufgaben; bei seiner Tätigkeit hat er die Sorgfalt eines ordentlichen und gewissenhaften Geschäftsleiters anzuwenden. Die Haftung des Gemeinsamen Vertreters ist auf das Zehnfache seiner jährlichen Vergütung beschränkt, es sei denn, dem Gemeinsamen Vertreter fällt Vorsatz oder grobe Fahrlässigkeit zur Last. Emissionsbedingungen für Variabel Verzinsliche Anleihen (Option II)

Diese Serie von Anleihen (die "**Schuldverschreibungen**") wird gemäß einem Zahlstellenvertrag vom 22. Juni 2018 (einschließlich einer etwaigen geänderten, ergänzten und/oder neu gefassten Fassung dieses Vertrags, das "**Agency Agreement**") begeben, der unter anderem zwischen Deutsche Bank Aktiengesellschaft als Emittentin und Deutsche Bank Aktiengesellschaft als Fiscal Agent und den anderen darin genannten Parteien geschlossen wurde. Kopien des Agency Agreement können kostenfrei bei der bezeichneten Geschäftsstelle des Fiscal Agent, der bezeichneten Geschäftsstelle jeder Zahlstelle sowie der Hauptgeschäftsstelle der Emittentin bezogen werden.

IM FALL VON ENGLISCH-RECHTLICHEN SCHULDVER-SCHREIBUNGEN GILT FOLGENDES:

Die Gläubiger der Schuldverschreibungen [und] [,] [die Inhaber von Zinsscheinen] [und] [die Inhaber von Rückzahlungsscheinen] sind berechtigt, Rechte aus der von der Emittentin ausgefertigten Deed of Covenant (die "**Deed of Covenant**") vom 22. Juni 2017 auszuüben. Das Original der Deed of Covenant wird von einer gemeinsamen Verwahrstelle (*common depository*) für die Clearing Systeme verwahrt.

FALLS DIE SCHULDVER-SCHREIBUNGEN DURCH DEUTSCHE BANK AG, FILIALE NEW YORK GARANTIERT WERDEN, GILT FOLGENDES:

Die Zahlung aller in Bezug auf die Schuldverschreibungen zahlbaren Beträge wird von Deutsche Bank AG, Filiale New York, als Garantin (die "**Garantin**") gemäß einer von der Garantin am oder vor dem Emissionstag unterzeichneten Garantieerklärung (*Deed of Guarantee*) (die "**Garantie**"), die englischem Recht unterliegt und dem im Agency Agreement enthaltenen Muster entspricht, garantiert. Das Original der Garantie wird vom Fiscal Agent für die Gläubiger der Schuldverschreibungen [,] [und] [die Inhaber von Zinsscheinen] [und] [die Inhaber von Rückzahlungsscheinen] in seiner bezeichneten Geschäftsstelle verwahrt werden.

FALLS DIE IN DIESER OPTION II AUFGEFÜHRTEN EMISSIONS-BEDINGUNGEN NICHT IN DEN ENDGÜLTIGEN BEDINGUNGEN WIEDERHOLT UND VERVOLL-STÄNDIGT WERDEN, GILT FOLGENDES:

Für jede Tranche von Schuldverschreibungen, bei denen es sich nicht um Befreite Schuldverschreibungen (wie nachstehend definiert) handelt, gelten endgültige Bedingungen (jeweils die "**Endgültigen Bedingungen**"), und für jede Tranche von Befreiten Schuldverschreibungen gilt ein Konditionenblatt (jeweils ein "**Konditionenblatt**"), sofern nichts anderes bestimmt ist. Jede Bezugnahme in diesen Bedingungen auf die "Endgültigen Bedingungen" ist auch als Bezugnahme auf das "Konditionenblatt" zu verstehen (soweit anwendbar). Die Bestimmungen der nachstehenden Bedingungen gelten für die Schuldverschreibungen in der jeweils durch die Bestimmungen von Teil I der anwendbaren Endgültigen Bedingungen vervollständigten Form oder, sofern die Schuldverschreibungen weder zum Handel an einem geregelten Markt innerhalb des Europäischen Wirtschaftsraums zugelassen sind noch im Europäischen Wirtschaftsraum in Fällen angeboten werden, in denen nach Maßgabe der Prospektrichtlinie die Veröffentlichung eines Prospekts vorgeschrieben ist ("**Befreite Schuldverschreibungen**"), wie jeweils durch das anwendbare Konditionenblatt für die Zwecke der Schuldverschreibungen ergänzt, ersetzt oder geändert. "**Prospektrichtlinie**" bezeichnet die Richtlinie 2003/71/EG (in der jeweils geltenden Fassung, einschließlich der Änderungen durch die Richtlinie 2010/73/EU) und umfasst alle maßgeblichen Umsetzungsmaßnahmen in einem maßgeblichen Mitgliedstaat des Europäischen Wirtschaftsraums. Die Leerstellen in den auf die Schuldverschreibungen anwendbaren Bestimmungen dieser Bedingungen gelten als durch die in den Endgültigen Bedingungen enthaltenen Angaben ausgefüllt, als ob diese Angaben in die betreffenden Bestimmungen eingefügt wären; alternative oder wählbare Bestimmungen dieser Bedingungen, deren Entsprechungen in den Endgültigen

Bedingungen nicht ausdrücklich ausgefüllt oder die gestrichen sind, gelten als aus diesen Bedingungen gestrichen; sämtliche auf die Schuldverschreibungen nicht anwendbaren Bestimmungen dieser Bedingungen (einschließlich der Anweisungen, Anmerkungen und der Texte in eckigen Klammern) gelten als aus diesen Bedingungen gestrichen, so dass die Bestimmungen der Endgültigen Bedingungen Geltung erhalten.

[Im Fall von Ratenzahlungsschuldverschreibungen gilt Folgendes: Zahlungen von Raten auf Kapitalzahlungen in Bezug auf Einzelurkunden, bei denen es sich nicht um die letzte Rate handelt, erfolgen (vorbehaltlich des Nachstehenden) nach Maßgabe von Absatz (2) gegen Vorlage und Einreichung (oder im Fall von Teilzahlungen fälliger Beträge gegen Eintragung eines Vermerks auf der Rückseite) des jeweiligen Rückzahlungsscheins gemäß Absatz (2). Zahlungen von Zinsen auf Einzelurkunden erfolgen nach Maßgabe von Absatz (2) gegen Vorlage und (außer im Fall von Teilzahlungen, bei welchen ein entsprechender Vermerk auf der Rückseite des Zinsscheins eingetragen wird) Einreichung der jeweiligen Zinsscheine oder im Fall von Schuldverschreibungen, die ohne Zinsscheine

begeben wurden, oder im Fall von Zinsen, die nicht an einem planmäßigen Zinszahltag fällig sind, gegen Vorlage der jeweiligen Einzelkunden bei der bezeichneten Geschäftsstelle des Fiscal Agent außerhalb der Vereinigten Staaten oder bei der bezeichneten Geschäftsstelle einer anderen Zahlstelle außerhalb der Vereinigten Staaten.

- (c) *Einreichung von Zinsscheinen.* Jede Schuldverschreibung, die mit beigefügten Zinsscheinen ausgegeben wurde, ist zur endgültigen Rückzahlung vorzulegen und, außer im Fall einer Teilzahlung des Rückzahlungsbetrags, zusammen mit allen zugehörigen, noch nicht fälligen Zinsscheinen einzureichen; erfolgt dies nicht, werden alle nicht fälligen, zu der betreffenden Einzelkunde gehörigen Zinsscheine (unabhängig davon, ob sie zusammen mit dieser eingereicht werden) ungültig, und es erfolgen diesbezüglich keine weiteren Zahlungen mehr.

(5) **[Falls kein Gemeinsamer Vertreter in den Bedingungen bestellt wird und die Gläubiger einen Gemeinsamen Vertreter durch Mehrheitsbeschluss bestellen können, gilt Folgendes:**

Die Bestellung eines Gemeinsamen Vertreters bedarf einer Qualifizierten Mehrheit (siehe vorstehenden Absatz (2)), wenn er ermächtigt wird, wesentlichen Änderungen der Bedingungen zuzustimmen.

[Falls ein Gemeinsamer Vertreter in den Bedingungen bestimmt wird, gilt Folgendes:

- (5) *Gemeinsamer Vertreter.* Gemeinsamer Vertreter (der "**Gemeinsame Vertreter**") für alle Gläubiger der Schuldverschreibungen zur Wahrnehmung ihrer Rechte ist: [●]. Der Gemeinsame Vertreter kann von den Gläubigern jederzeit ohne Angabe von Gründen abberufen werden.

Der Gemeinsame Vertreter ist befugt, nach seinem Ermessen zu dem von ihm bestimmten Maßnahmen [eine Gläubigerversammlung einzuberufen] [zu einer Abstimmung der Gläubiger ohne Versammlung aufzufordern] und die [Versammlung] [Abstimmung] zu leiten. **[Gegebenenfalls weitere Aufgaben des Gemeinsamen Vertreters: [●]]**

Über seine Tätigkeit hat der Gemeinsame Vertreter den Gläubigern zu berichten.

Der Gemeinsame Vertreter haftet den Gläubigern als Gesamtgläubiger für die ordnungsgemäße Erfüllung seiner Aufgaben; bei seiner Tätigkeit hat er die Sorgfalt eines ordentlichen und gewissenhaften Geschäftsleiters anzuwenden. Die Haftung des Gemeinsamen Vertreters ist auf das Zehnfache seiner jährlichen Vergütung beschränkt, es sei denn, dem Gemeinsamen Vertreter fällt Vorsatz oder grobe Fahrlässigkeit zur Last. Die Haftung des Gemeinsamen Vertreters kann durch Beschluss der Gläubiger weiter beschränkt werden. Über die Geltendmachung von Ersatzansprüchen der Gläubiger gegen den Gemeinsamen Vertreter entscheiden die Gläubiger.]

IM FALL VON ENGLISCH-RECHTLICHEN SCHULDVER-SCHREIBUNGEN GILT FOLGENDES:

Das Agency Agreement enthält Bestimmungen für die Einberufung von Versammlungen der Gläubiger der Schuldverschreibungen zum Zwecke der Besprechung der ihre Interessen berührenden Angelegenheiten; hierzu zählt die Genehmigung von Änderungen der Schuldverschreibungen [, der Zinsscheine] [, der Rückzahlungsscheine] oder von Bestimmungen des Agency Agreement durch Außerordentlichen Beschluss. Eine solche Versammlung kann von der Emittentin einberufen werden; sie kann ferner einberufen werden, wenn dies von Gläubigern der Schuldverschreibungen, die mindestens 10 % des Nennbetrags der zu dem betreffenden Zeitpunkt ausstehenden Schuldverschreibungen halten, schriftlich verlangt wird. Die Versammlung ist zum Zweck der Fassung eines Außerordentlichen Beschlusses beschlussfähig, wenn zwei oder mehr Personen anwesend sind, die mindestens 50 % des Nennbetrags der zu dem betreffenden Zeitpunkt ausstehenden Schuldverschreibungen halten oder vertreten; bei einer vertagten Versammlung ist die Beschlussfähigkeit gegeben, wenn zwei oder mehr Personen anwesend sind, die Gläubiger der Schuldverschreibungen sind oder diese vertreten, unabhängig von dem Nennbetrag der gehaltenen oder vertretenen Schuldverschreibungen; davon abweichend gilt für Fälle, in denen die Versammlung sich mit Änderungen bestimmter Regelungen der Schuldverschreibungen, der Rückzahlungsscheine oder der Zinsscheine (einschließlich einer Änderung des Fälligkeitstermins der

Schuldverschreibungen oder eines Termins für die Zahlung von Zinsen auf die Schuldverschreibungen, einer Minderung oder Aufhebung des Nennbetrags oder des auf die Schuldverschreibungen zu zahlenden Zinssatzes oder einer Änderung der Währung, in der Zahlungen auf Schuldverschreibungen [oder] [,] [Zinsscheine] [oder] [Rückzahlungsscheine] erfolgen oder einer Änderung der Deed of Covenant in Bezug auf bestimmte Aspekte) befasst, dass die Beschlussfähigkeit gegeben ist, wenn zwei oder mehr Personen anwesend sind, die mindestens drei Viertel des Nennbetrags der zu dem betreffenden Zeitpunkt ausstehenden Schuldverschreibungen halten oder vertreten bzw., bei einer vertagten Versammlung, wenn eine oder mehr Personen anwesend sind, die mindestens ein Viertel des Nennbetrags der zu dem betreffenden Zeitpunkt ausstehenden Schuldverschreibungen halten oder vertreten. Das Agency Agreement sieht vor, dass (i) ein in einer ordnungsgemäß nach den Bestimmungen des Agency Agreement einberufenen und abgehaltenen Versammlung mit einer Mehrheit von mindestens drei Vierteln der bei der Beschlussfassung abgegebenen Stimmen gefasster Beschluss, (ii) ein schriftlich gefasster Beschluss, der durch oder für Gläubiger von mindestens drei Vierteln des Nennbetrags der zu dem betreffenden Zeitpunkt ausstehenden Schuldverschreibungen unterzeichnet ist, oder (iii) eine im Wege des elektronischen Zustimmungsverfahrens über das bzw. die maßgebliche(n) Clearing System(e) (in für den Fiscal Agent zufriedenstellender Form) durch oder für Gläubiger von mindestens drei Vierteln des Nennbetrags der zu dem betreffenden Zeitpunkt ausstehenden Schuldverschreibungen erklärte Zustimmung jeweils als Außerordentlicher Beschluss der Gläubiger der Schuldverschreibungen Wirksamkeit erlangt. Ein in einer Versammlung der Gläubiger der Schuldverschreibungen gefasster Außerordentlicher Beschluss ist für alle Gläubiger der Schuldverschreibungen (unabhängig davon, ob diese in der Versammlung anwesend waren oder nicht) [sowie für alle] [Inhaber von Zinsscheinen] [und] [Inhaber von Rückzahlungsscheinen] bindend.

Der Fiscal Agent und die Emittentin können ohne die Zustimmung der Gläubiger der Schuldverschreibungen [Inhaber von Zinsscheinen] [oder] [Inhaber von Rückzahlungsscheinen] das Folgende vereinbaren:

- (a) Änderungen (außer den vorstehend genannten) der Schuldverschreibungen [, Zinsscheine] [, Rückzahlungsscheine] oder des Agency Agreement, die keine Beeinträchtigung der Interessen der Gläubiger der Schuldverschreibungen darstellen, oder
- (b) Änderungen der Schuldverschreibungen [, Zinsscheine] [, Rückzahlungsscheine] oder des Agency Agreement, die formaler oder technischer Natur oder von untergeordneter Bedeutung sind oder die zu dem Zweck vorgenommen werden, einen offensichtlichen oder nachweislichen Fehler zu korrigieren oder zwingend vorgeschriebene gesetzliche Vorgaben zu erfüllen.

Jede solche Änderung ist für die Gläubiger der Schuldverschreibungen, [die Inhaber von Zinsscheinen] [und] [die Inhaber von Rückzahlungsscheinen] bindend und wird den Gläubigern der Schuldverschreibungen so bald wie praktikabel gemäß § [12] mitgeteilt.

Die Unterlagen der ICSDs (wobei dieser Ausdruck die Unterlagen bezeichnet, die jeder der ICSDs für seine Kunden führt und in welchen der Betrag des auf jeden Kunden entfallenden Anteils an den Pfandbriefen erfasst ist) gelten als schlüssiger Nachweis in Bezug auf den Nennbetrag der durch die Globalurkunde verbrieften Pfandbriefe; zu diesem Zweck gilt eine von einem ICSD erstellte Bescheinigung über den Nennbetrag der verbrieften Pfandbriefe (die dem Gläubiger auf Verlangen zur Verfügung zu stellen ist) als schlüssiger Nachweis in Bezug auf die Unterlagen des betreffenden ICSD zu dem jeweiligen Zeitpunkt.

Bei der Rückzahlung oder Zahlung von Raten oder Zinsen auf die Pfandbriefe beziehungsweise beim Rückkauf und bei der Entwertung von Pfandbriefen, die durch diese Globalurkunde verbrieft sind, hat die Emittentin sicherzustellen, dass nähere Angaben zu der Rückzahlung oder Zahlung bzw. dem Rückkauf und der Entwertung in Bezug auf die Globalurkunde unter Angabe des betroffenen Anteils in den Unterlagen der ICSDs vermerkt wird; mit der Vornahme jedes solchen Vermerks verringert sich der Nennbetrag der in den Unterlagen der ICSDs eingetragenen und durch die Globalurkunde verbrieften Pfandbriefe um den Gesamtnennbetrag der zurückgezahlten oder zurückgekauften und entwerteten Pfandbriefe oder um den Gesamtbetrag der gezahlten Raten.

⁴ Im Fall von Pfandbriefen, die an der Frankfurter Wertpapierbörse zum Handel zugelassen werden, erfolgt das Clearing üblicherweise über CBF.

- [(6)] *Bezugnahmen.* Bezugnahmen in diesen Bedingungen auf die "Pfandbriefe" schließen Bezugnahmen auf jede die Pfandbriefe verbriefende Globalurkunde ein, es sei denn, aus dem Zusammenhang ergibt sich etwas anderes. Bezugnahmen in diesen Emissionsbedingungen auf die "Emissionsbedingungen" oder die "Bedingungen" verstehen sich als Bezugnahmen auf diese Emissionsbedingungen der Pfandbriefe.

§ 2 STATUS

§ 3 ZINSEN

EIN [(5)] [Mindest] [- und] [Höchst]zinssatz

[Falls ein Mindestzinssatz anwendbar ist, gilt Folgendes: Wenn der gemäß den vorstehenden Bestimmungen für eine Zinsperiode ermittelte Zinssatz niedriger ist als der Mindestzinssatz, entspricht der Zinssatz für diese Zinsperiode dem Mindestzinssatz. Der Mindestzinssatz entspricht [●].]

[Falls ein Höchstzinssatz anwendbar ist, gilt Folgendes: Wenn der gemäß den vorstehenden Bestimmungen für eine Zinsperiode ermittelte Zinssatz höher ist als der Höchstzinssatz, entspricht der Zinssatz für diese Zinsperiode dem Höchstzinssatz. Der Höchstzinssatz entspricht [●].]

[(6)] *Berechnungen und Feststellungen.* Soweit in diesem § 3 nicht etwas anderes bestimmt ist, werden sämtliche Berechnungen und Feststellungen, die nach diesem § 3 vorzunehmen sind, durch die Berechnungsstelle vorgenommen. Die Berechnungsstelle legt den Zinssatz an den für die Festlegung des Zinssatzes jeweils vorgesehenen Terminen oder so bald wie möglich danach fest.

[(7)] *Mitteilungen von Zinssatz und Zinsbetrag.* Die Berechnungsstelle wird veranlassen, dass der Zinssatz und jeder Zinsbetrag für eine jede Zinsperiode der Emittentin und den Pfandbriefgläubigern gemäß § 10 und, sofern die Vorschriften einer Börse, an der die Pfandbriefe zu dem betreffenden Zeitpunkt zum Handel zugelassen sind, dies verlangen, der betreffenden Börse so bald wie möglich nach der Feststellung, keinesfalls aber später als am [vierten Geschäftstag] [anderer Zeitpunkt] nach der Feststellung mitgeteilt werden. Im Fall einer Verlängerung oder Verkürzung der Zinsperiode können der mitgeteilte Zinsbetrag ohne Vorankündigung nachträglich abgeändert (oder andere geeignete Anpassungsregelungen getroffen) werden. Jede solche Änderung wird jeder Börse, an der die Pfandbriefe zu dem betreffenden Zeitpunkt zum Handel zugelassen sind, und den Pfandbriefgläubigern gemäß § 10 mitgeteilt.

[(8)] *Verbindlichkeit der Feststellungen.* Alle Bescheinigungen, Mitteilungen, Gutachten, Feststellungen, Berechnungen, Quotierungen und Entscheidungen, die von der Berechnungsstelle für die Zwecke dieses § 3 vorgenommen, abgegeben, getroffen oder eingeholt werden, sind (sofern nicht ein offensichtlicher Irrtum vorliegt) für die Emittentin, den Fiscal Agent, die Zahlstellen und die Pfandbriefgläubiger bindend.

[(9)] *Auflaufende Zinsen.* Der Zinslauf der Pfandbriefe endet mit Ablauf des Tages, der dem Tag vorangeht, an dem sie zur Rückzahlung fällig werden, es sei denn, die Rückzahlung wird unberechtigterweise vorenthalten oder verweigert. Zahlt die Emittentin die Pfandbriefe nicht bei Fälligkeit zurück, wird der ausstehende Gesamtnennbetrag der Pfandbriefe weiter verzinst, und zwar ab dem Tag, an dem die Pfandbriefe zur Rückzahlung fällig werden, (einschließlich) bis zum Ablauf des Tages, der dem Tag der tatsächlichen Rückzahlung der Pfandbriefe vorangeht (ausschließlich), wobei der gesetzliche Verzugszinssatz Anwendung findet (der gesetzliche Verzugszinssatz beträgt fünf Prozentpunkte über dem von der Deutschen Bundesbank jeweils veröffentlichten Basiszinssatz, §§ 288 Abs. 1, 247 Bürgerliches Gesetzbuch (BGB); der gesetzliche Verzugszinssatz schließt darüber hinausgehende Schadensersatzansprüche nicht aus).

(3) *Vorläufige Globalurkunde – Austausch.*

(a) Die Schuldverschreibungen sind anfänglich durch eine vorläufige Globalurkunde (die "**Vorläufige Globalurkunde**") ohne Zinsscheine oder Rückzahlungsscheine verbrieft. Die Vorläufige Globalurkunde wird gegen eine Dauerglobalurkunde (die "**Dauerglobalurkunde**" und zusammen mit der Vorläufigen Globalurkunde jeweils eine "**Globalurkunde**") ohne Zinsscheine oder Rückzahlungsscheine ausgetauscht. Die Vorläufige Globalurkunde und die Dauerglobalurkunde werden jeweils von oder im Namen der Emittentin unterschrieben und vom oder im Namen des Fiscal Agent jeweils mit einer Kontrollunterschrift versehen [**im Fall von Globalurkunden im NGN-Format gilt Folgendes:** und werden jeweils durch den gemeinsamen Verwahrer (der "**Gemeinsame Verwahrer**") aufgrund einer Vollmacht der Emittentin für diese handschriftlich unterzeichnet].

(b) Einzelurkunden und Zinsscheine werden nicht ausgegeben.

Die Vorläufige Globalurkunde wird an einem Tag (der "**Austauschtag**"), der nicht mehr als 180 Tage nach dem Tag der Ausgabe der Vorläufigen Globalurkunde liegt, gegen die Dauerglobalurkunde ausgetauscht. Der Austausch tag für einen solchen Austausch darf nicht weniger als 40 Tage nach dem Tag der Ausgabe der Vorläufigen Globalurkunde liegen. Ein solcher Austausch darf nur nach Vorlage von Bescheinigungen erfolgen, wonach der bzw. die wirtschaftliche(n) Eigentümer (*beneficial owner(s)*) der durch die Vorläufige Globalurkunde verbrieften Schuldverschreibungen keine US-Person ist bzw. keine US-Personen sind (ausgenommen bestimmte Finanzinstitute oder bestimmte Personen, die Schuldverschreibungen über solche Finanzinstitute halten). [**Im Fall von Schuldverschreibungen, bei denen es sich nicht um Nullkupon-Anleihen handelt, gilt Folgendes:** Zinszahlungen auf durch eine Vorläufige Globalurkunde verbrieft Schuldverschreibungen erfolgen erst nach Vorlage solcher Bescheinigungen. Eine gesonderte Bescheinigung ist für jede solche Zinszahlung erforderlich.] Jede

Tag nach dem Tag der Ausgabe der Vorläufigen Globalurkunde eingeht, wird als ein Ersuchen behandelt, diese Vorläufige Globalurkunde gemäß diesem Unterabsatz (b) dieses Absatzes (3) auszutauschen. Wertpapiere, die im Austausch für die Vorläufige Globalurkunde geliefert werden, sind nur außerhalb der Vereinigten Staaten (wie in § 4(3) definiert) zu liefern.

(a)

Um die Lieferung des Vermögenswertbetrags (bzw. der Vermögenswertbeträge) in Bezug auf eine Schuldverschreibung zu erhalten, hat der Gläubiger der Schuldverschreibungen (i) falls die betreffende Schuldverschreibung durch eine Globalurkunde verbrieft ist, dem betreffenden Clearing System spätestens bis Geschäftsschluss an jedem Empfangsort am Stichtag (wie nachstehend definiert) eine ordnungsgemäß ausgefüllte Vermögenswertübertragungs-Mitteilung (mit Kopie an die Emittentin) zu übergeben oder (ii) falls die betreffende Schuldverschreibung durch eine Einzelurkunde verbrieft ist, einer beliebigen Zahlstelle spätestens bis Geschäftsschluss an jedem Empfangsort am Stichtag eine ordnungsgemäß ausgefüllte Vermögenswertübertragungs-Mitteilung (mit Kopie an die Emittentin) zu übergeben.

Muster der Vermögenswertübertragungs-Mitteilung sind während der üblichen Geschäftszeiten bei einer jeden Zahlstelle erhältlich.

Eine Vermögenswertübertragungs-Mitteilung darf nur in einer für das betreffende Clearing System annehmbaren Art und Weise übergeben werden (wenn die betreffende Schuldverschreibung durch eine Globalurkunde verbrieft ist) bzw. muss schriftlich oder durch Telefax zusammen mit den Schuldverschreibungen, auf die sich die jeweilige Vermögenswertübertragungs-Mitteilung bezieht, erfolgen (falls die betreffende Schuldverschreibung durch eine Einzelurkunde verbrieft ist).

Eine Vermögenswertübertragungs-Mitteilung hat Folgendes zu enthalten:

- (i) die Angabe des Namens und der Anschrift des Gläubigers der Schuldverschreibungen, der Person, von der die Emittentin Einzelheiten bezüglich der Lieferung des Vermögenswertbetrags erhalten kann, sowie die zur Lieferung des Vermögenswertbetrags erforderlichen Einzelheiten,
- (ii) falls die Schuldverschreibung durch eine Globalurkunde verbrieft ist, Angabe des Nennbetrags der Schuldverschreibungen, auf welche sich die Mitteilung bezieht, sowie der Nummer des Kontos des Gläubigers der Schuldverschreibungen bei dem betreffenden Clearing System, aus dem die Schuldverschreibungen auszubuchen sind, sowie eine unwiderrufliche Anweisung und Ermächtigung des betreffenden Clearing Systems, die Schuldverschreibungen am oder vor dem Tag der Lieferung aus dem Konto des Gläubigers der Schuldverschreibungen auszubuchen,

³⁴ Nur anwendbar im Fall von Befreiten Schuldverschreibungen.

- (iii) ein Zahlungsverprechen in Bezug auf sämtliche Lieferauslagen und, falls die Schuldverschreibung durch eine Globalurkunde verbrieft ist, eine Ermächtigung zur diesbezüglichen Belastung eines benannten Kontos des Gläubigers der Schuldverschreibungen bei dem betreffenden Clearing System und zur Zahlung dieser Lieferauslagen,
- (iv) Angabe eines Kontos, auf das gemäß diesem Unterabsatz zahlbare Dividenden (falls anwendbar) oder sonstige Barbeträge zu zahlen sind, und
- (v) eine Ermächtigung zur Verwendung der betreffenden Mitteilung in etwaigen Verwaltungs- oder Gerichtsverfahren.

[(vi)] [zusätzliche Bestimmungen]

Eine Vermögenswertübertragungs-Mitteilung kann nach Eingang bei dem betreffenden Clearing System bzw. einer Zahlstelle, wie vorstehend angegeben, nicht mehr widerrufen werden. Nach Übermittlung einer Vermögenswertübertragungs-Mitteilung kann der Gläubiger der Schuldverschreibungen die Schuldverschreibungen, auf die sich die Mitteilung bezieht, nicht mehr übertragen.

Falls die Schuldverschreibungen durch eine Globalurkunde verbrieft sind, wird sich das betreffende Clearing System nach Erhalt einer solchen Mitteilung vergewissern, dass es sich bei der darin als Gläubiger der Schuldverschreibungen bezeichneten Person um den Gläubiger [des] [der] darin genannten Nennbetrags der Schuldverschreibungen gemäß den Aufzeichnungen des Clearing Systems handelt.

(b) Wird eine Vermögenswertübertragungs-Mitteilung nicht ordnungsgemäß ausgefüllt und eingereicht, so kann dies zur Ungültigkeit dieser Vermögenswertübertragungs-Mitteilung führen. Jegliche Feststellung dahingehend, ob eine solche Mitteilung nach Maßgabe dieser Bedingungen ordnungsgemäß ausgefüllt und eingereicht wurde, erfolgt bei Schuldverschreibungen, die durch eine Globalurkunde verbrieft sind, durch das jeweilige Clearing System nach Rücksprache mit der Emittentin und ist für die Emittentin und den Gläubiger der Schuldverschreibungen endgültig und bindend; im Fall einer durch eine Einzelurkunde verbrieften Schuldverschreibung erfolgt die Feststellung durch die jeweilige Zahlstelle nach Rücksprache mit der Emittentin und ist für die Emittentin und den Gläubiger der Schuldverschreibungen endgültig und bindend.

Die Lieferung des Vermögenswertbetrags in Bezug auf jede Schuldverschreibung erfolgt [auf Gefahr des Gläubigers der Schuldverschreibungen auf solche wirtschaftlich vernünftige Weise, die die Berechnungsstelle nach [ihrem alleinigen Ermessen] festlegt und der in der entsprechenden Vermögenswertübertragungs-Mitteilung von dem Gläubiger der Schuldverschreibungen benannten Person mitteilt] **[alternative Lieferart]**.

Der Vermögenswertbetrag in Bezug auf jede durch Lieferung des Vermögenswertbetrags zurückzahlende Schuldverschreibung wird auf Gefahr des Gläubigers der Schuldverschreibungen in der vorstehend angegebenen Weise am Fälligkeitstag geliefert

(vorbehaltlich einer Anpassung gemäß diesem § 6 als "**Tag der Lieferung**" bezeichnet), sofern die Vermögenswertübertragungs-Mitteilung, wie vorstehend angegeben, spätestens bis Geschäftsschluss an jedem Empfangsort am [**Stichtag**] (der "**Stichtag**") (mit Kopie an die Emittentin) ordnungsgemäß bei dem Clearing System bzw. einer Zahlstelle eingereicht wurde.

Erfolgt keine Vermögenswertübertragungs-Mitteilung durch den Gläubiger der Schuldverschreibungen wie vorstehend angegeben (mit Kopie an die Emittentin) spätestens bis Geschäftsschluss an jedem Empfangsort am Stichtag, wird der Vermögenswertbetrag so bald wie möglich nach dem Fälligkeitstag auf Gefahr des jeweiligen Gläubigers der Schuldverschreibungen in der vorstehend angegebenen Art und Weise geliefert (wobei es sich in diesem Fall bei diesem Liefertag um den Tag der Lieferung handelt). Zur Klarstellung wird festgestellt, dass der betreffende Gläubiger der Schuldverschreibungen im Fall, dass der Tag der Lieferung nach dem ursprünglich bestimmten Tag der Lieferung liegt, keinen Anspruch auf jegliche Zahlungen von Zinsen oder sonstigen Beträgen in Bezug auf den betreffenden Zeitraum hat, und es wird keinerlei diesbezügliche Haftung seitens der Emittentin begründet.

(c)

Sämtliche aufgrund der Lieferung des Vermögenswertbetrags in Bezug auf die Schuldverschreibungen entstehenden Lieferauslagen erfolgen für Rechnung des Gläubigers der Schuldverschreibungen und es erfolgt keine Lieferung des Vermögenswertbetrags, bevor nicht sämtliche Lieferauslagen zur Zufriedenheit der Emittentin durch den Gläubiger der Schuldverschreibungen gezahlt wurden.

Nach Lieferung des Vermögenswertbetrags und solange eine andere Person als der betreffende Gläubiger der Schuldverschreibungen als rechtmäßiger Eigentümer jedweder den Vermögenswertbetrag bildender Wertpapiere oder sonstiger Verbindlichkeiten eingetragen ist (die "**Zwischenzeit**"), (i) ist weder die Emittentin noch die Berechnungsstelle noch eine andere Person zu irgendeinem Zeitpunkt verpflichtet, dem Gläubiger der Schuldverschreibungen etwaige Anschreiben, Bestätigungen, Mitteilungen, Rundschreiben oder sonstige Dokumente bzw. (außer soweit in diesen Bedingungen vorgesehen) Zahlungen jeglicher Art weiterzuleiten bzw. deren Weiterleitung zu veranlassen, die von dieser Person in Bezug auf diese Wertpapiere oder Verbindlichkeiten entgegengenommen bzw. vereinnahmt wurden, (ii) ist weder die Emittentin noch die Berechnungsstelle noch eine andere Person zu irgendeinem Zeitpunkt verpflichtet, bestimmte oder alle Rechte hinsichtlich dieser Wertpapiere oder Verbindlichkeiten auszuüben bzw. ausüben zu lassen und (iii) unterliegt weder die Emittentin noch die Berechnungsstelle noch eine andere Person zu irgendeinem Zeitpunkt irgendeiner Haftung gegenüber dem betreffenden Gläubiger der Schuldverschreibungen im Zusammenhang mit jeglichen unmittelbaren oder mittelbaren Verlusten oder Schäden, welche dem betreffenden Gläubiger der Schuldverschreibungen möglicherweise aufgrund des Umstands entstehen, dass die betreffende Person während der Zwischenzeit als rechtlicher Eigentümer der betreffenden Wertpapiere oder Verbindlichkeiten eingetragen ist.

Liegt vor Lieferung des Vermögenswertbetrags gemäß diesem § [6] ein Abwicklungsunterbrechungsereignis vor, so wird der Tag der Lieferung hinsichtlich dieser Schuldverschreibung auf den Tag verlegt,

an dem kein solches Abwicklungsunterbrechungsereignis vorliegt, wobei dies dem Gläubiger der Schuldverschreibungen gemäß § [15] mitzuteilen ist. Dem Gläubiger der Schuldverschreibungen steht im Fall einer Verzögerung bei der Lieferung des Vermögenswertbetrags gemäß diesem Absatz kein Anspruch auf Zahlungen von Zinsen oder sonstigen Beträgen auf die jeweilige Schuldverschreibung zu. Wurde die Lieferung des Vermögenswertbetrags gemäß diesem Absatz verschoben, begründet dies keine Verletzung dieser Bedingungen durch die Emittentin und keine Haftung seitens der Emittentin.

Solange die Lieferung des Vermögenswertbetrags hinsichtlich einer Schuldverschreibung aufgrund eines Abwicklungsunterbrechungsereignisses nicht möglich ist, kann die Emittentin unbeschadet der sonstigen in diesen Bedingungen enthaltenen Bestimmungen nach ihrem alleinigen Ermessen entscheiden, anstelle einer physischen Lieferung ihre Verpflichtungen hinsichtlich der betreffenden Schuldverschreibung durch Zahlung des Unterbrechungs-Barabwicklungsbetrags (wie nachfolgend definiert) an den Gläubiger der Schuldverschreibungen spätestens am dritten Geschäftstag nach dem Tag der Mitteilung dieser Entscheidung (die "**Entscheidungsmitteilung**") an die Gläubiger der Schuldverschreibungen gemäß § [15] erfüllen. Die Zahlung des Unterbrechungs-Barabwicklungsbetrags erfolgt in der dem Gläubiger der Schuldverschreibungen gemäß § [15] mitgeteilten Art und Weise.

Soweit es sich bei dem Vermögenswertbetrag nach Feststellung der Emittentin um einen anderen als den lieferbaren Betrag der Maßgeblichen Vermögenswerte handelt, erhalten die Gläubiger der Schuldverschreibungen einen Vermögenswertbetrag in Höhe der nächsten Zahl (abgerundet) der von der Emittentin lieferbaren Maßgeblichen Vermögenswerte (wobei der gesamte Bestand eines Gläubigers der Schuldverschreibungen nach dem Ermessen der Emittentin für die Zwecke der Lieferung des Vermögenswertbetrags zusammengefasst werden kann) sowie einen Betrag in der Festgelegten Währung im Wert der abgerundeten Maßgeblichen Vermögenswerte, den die Berechnungsstelle auf angemessene und wirtschaftlich vernünftige Weise auf Grundlage der (bzw. den) von ihr nach Rücksprache mit der Emittentin ausgewählten Quelle (bzw. Quellen) ermittelt (und erforderlichenfalls unter Zugrundelegung des von ihr als angemessen erachteten Wechselkurses in die Festgelegte Währung umrechnet). Die Zahlung erfolgt auf die den Gläubigern der Schuldverschreibungen gemäß § [15] mitgeteilten Art und Weise.

Für die Zwecke der Schuldverschreibungen (i) ist die Emittentin nicht verpflichtet, eine Eintragung des Gläubigers der Schuldverschreibungen oder einer sonstigen Person als eingetragener Aktionär im Aktionärsverzeichnis des Aktienemittenten vorzunehmen bzw. zu veranlassen, (ii) ist die Emittentin nicht verpflichtet, gegenüber jeglichen Gläubigern der Schuldverschreibungen oder sonstigen Personen hinsichtlich jeglicher befriedigter oder ausstehender Ansprüche im Zusammenhang mit jeglichen zugrundeliegenden Aktien, die den Vermögenswertbetrag hinsichtlich einer Schuldverschreibung bilden, Rechenschaft abzulegen, soweit der Termin, an dem die zugrundeliegenden Aktien erstmals ohne diesen Anspruch an der Maßgeblichen Börse gehandelt werden, auf den Fälligkeitstag fällt oder vor diesem liegt, und (iii) sind jedwede Zinsen, Dividenden oder sonstigen Auskehrungen hinsichtlich des Vermögenswertbetrags an die Person zahlbar, die diese Zinsen,

Dividenden oder sonstigen Auskehrungen nach marktüblicher Praxis im Fall eines am Tag der Lieferung abgeschlossenen Verkaufs der Zugrundeliegenden Aktien erhalten würde, und sind auf die gleiche Art und Weise wie der Vermögenswertbetrag zu liefern. Die Zahlung solcher an den Gläubiger der Schuldverschreibungen zu zahlenden Zinsen, Dividenden oder sonstigen Auskehrungen erfolgt auf das in der Vermögenswertübertragungs-Mitteilung angegebene Konto.]

Es gelten die nachstehenden Begriffsbestimmungen:

"Vermögenswertübertragungs-Mitteilung" bezeichnet eine Vermögenswertübertragungs-Mitteilung, die im Wesentlichen dem im Agency Agreement enthaltenen Muster entspricht.

"Lieferauslagen" sind sämtliche Kosten, Steuern, Abgaben und/oder Auslagen, einschließlich Stempelsteuern für Urkunden (*stamp duty*), Stempelsteuern für den Erwerb von Wertpapieren und Grundstücken (*stamp duty reserve tax*) und/oder sonstiger Kosten, Abgaben oder Steuern, die aufgrund der Lieferung des Vermögenswertbetrags entstehen.

"Unterbrechungs-Barabwicklungsbetrag" bezeichnet in Bezug auf eine Schuldverschreibung einen Betrag in Höhe des angemessenen Marktpreises dieser Schuldverschreibung (jedoch ohne Berücksichtigung von auf diese Schuldverschreibung aufgelaufenen Zinsen) zu einem von der Emittentin [nach ihrem alleinigen und freien Ermessen] ausgewählten Tag, der nicht mehr als fünfzehn Tage vor dem Tag liegen darf, an dem die Entscheidungsmitteilung wie vorstehend angegeben erfolgt, wobei dieser Betrag in voller Höhe um jedwede Verluste, Auslagen und Kosten der Emittentin und/oder eines Verbundenen Unternehmens angepasst wird, die im Zusammenhang mit der Rückabwicklung oder Anpassung zugrundeliegender oder damit verbundener Hedging-Vereinbarungen entstehen (einschließlich (ohne hierauf beschränkt zu sein) jedweder Optionen oder Verkäufe oder sonstigen Verwertung eines Relevanten Vermögenswerts oder sonstigen Instruments jedweder Art, den bzw. das die Emittentin bzw. eines ihrer Verbundenen Unternehmen im Rahmen einer solchen Hedging-Vereinbarung unter Umständen hält), wie jeweils von der Berechnungsstelle auf angemessene und wirtschaftlich vernünftige Weise berechnet.]

"Abwicklungsunterbrechungsereignis" bezeichnet ein Ereignis außerhalb der Kontrolle der Emittentin, das dazu führt, dass nach Auffassung der Berechnungsstelle die Lieferung des Vermögenswertbetrags durch oder für die Emittentin gemäß diesen Emissionsbedingungen und/oder den jeweiligen Endgültigen Bedingungen nicht durchführbar ist.]

[Bewertungszeitpunkt] [Feststellungszeitpunkt] an diesem [achten] [●] Planmäßigen Handelstag) zugrunde legt.)

[Im Fall von indexbezogenen Schuldverschreibungen gilt Folgendes:
"Feststellungszeitpunkt" bezeichnet [●] [den Planmäßigen Handelsschluss an der maßgeblichen Börse am Basiswertfestlegungstag in Bezug auf [jeden zu bewertenden Index] [den Index]. Falls die maßgebliche Börse vor ihrem Planmäßigen Handelsschluss schließt und der festgelegte Feststellungszeitpunkt nach dem tatsächlichen Ende des regulären Handels liegt, ist der tatsächliche Zeitpunkt des Handelsschlusses der Feststellungszeitpunkt.

"**Unterbrechungstag**" bezeichnet (a) wenn ein Index kein Börsenübergreifender Index ist, jeden Planmäßigen Handelstag, an dem [die] [eine maßgebliche] Börse oder eine Verbundene Börse während ihrer üblichen Handelszeit nicht für den Handel geöffnet ist oder ein Marktstörungsereignis eingetreten ist, oder (b) jeden Planmäßigen Handelstag (sofern es sich bei einem Index um einen Börsenübergreifenden Index handelt), an dem (i) der Index-Sponsor den Stand des Index nicht veröffentlicht, (ii) eine Verbundene Börse während ihrer üblichen Handelszeiten nicht für den Handel geöffnet ist, oder (iii) ein Marktstörungsereignis eingetreten ist.

"**Vorzeitiger Börsenschluss**" bezeichnet:

- (a) in Bezug auf einen Index, bei dem es sich nicht um einen Börsenübergreifenden Index handelt, die an einem Börsengeschäftstag erfolgende Schließung einer maßgeblichen Börse in Bezug auf Wertpapiere, die mindestens 20 % des Stands des maßgeblichen Index ausmachen, oder einer Verbundenen Börse bzw. mehrerer Verbundener Börsen vor ihrem Planmäßigen Handelsschluss. Dies gilt nicht, wenn die betreffende(n) Börse(n) bzw. Verbundene(n) Börse(n) den vorzeitigen Handelsschluss mindestens eine Stunde vor dem jeweils früheren der beiden folgenden Termine ankündigt (bzw. ankündigen): (A) dem tatsächlichen regulären Handelsschluss der betreffenden Börse(n) bzw. Verbundenen Börse(n) an dem jeweiligen Börsengeschäftstag oder (B) dem letztmöglichen Zeitpunkt für die Ordereingabe in das System der Börse bzw. der Verbundenen Börse zur Ausführung zum [Bewertungszeitpunkt] [Feststellungszeitpunkt] an dem betreffenden Börsengeschäftstag, oder
- (b) in Bezug auf einen Index, bei dem es sich um einen Börsenübergreifenden Index handelt, die an einem Börsengeschäftstag erfolgende Schließung der Börse in Bezug auf ein Bestandteilstwertpapier oder der Verbundenen Börse vor ihrem Planmäßigen Handelsschluss. Dies gilt nicht, wenn die betreffende Börse bzw. Verbundene Börse den vorzeitigen Handelsschluss mindestens eine Stunde vor dem jeweils früheren der beiden folgenden Termine ankündigt: (i) dem tatsächlichen regulären Handelsschluss der betreffenden Börse bzw. Verbundenen Börse an dem jeweiligen Börsengeschäftstag oder (ii) dem letztmöglichen Zeitpunkt für die Ordereingabe in das System der betreffenden Börse bzw. Verbundenen Börse zur Ausführung zum jeweiligen [Bewertungszeitpunkt] [Feststellungszeitpunkt] an dem betreffenden Börsengeschäftstag.

"**Börsengeschäftstag**" bezeichnet (a) wenn ein Index kein Börsenübergreifender Index ist, jeden Planmäßigen Handelstag, an dem [die] [jede] Börse und jede Verbundene Börse zum Handel zu ihren üblichen Handelszeiten geöffnet ist, ungeachtet dessen, dass eine solche Börse oder Verbundene Börse vor dem Planmäßigen Handelsschluss geschlossen wird, oder (b) jeden Planmäßigen Handelstag (sofern es sich bei einem Index um einen Börsenübergreifenden Index handelt), an dem (i) der Index-Sponsor den Stand des Index veröffentlicht und (ii) die Verbundene Börse während ihrer üblichen Handelszeiten für den Handel geöffnet ist, ungeachtet dessen, dass eine Börse oder die Verbundene Börse vor ihrem Planmäßigen Handelsschluss schließt.

"Börsenstörung" bezeichnet:

- (a) in Bezug auf einen Index, bei dem es sich nicht um einen Börsenübergreifenden Index handelt, ein Ereignis (mit Ausnahme eines Vorzeitigen Börsenschlusses), das es Marktteilnehmern (nach Feststellung der Berechnungsstelle) allgemein unmöglich macht oder erschwert, (i) an einer oder mehreren maßgeblichen Börsen Geschäfte in Wertpapieren zu tätigen, die mindestens 20 % des Stands des betreffenden Index ausmachen, oder Marktkurse für diese Wertpapiere zu erhalten, oder (ii) Geschäfte in auf den betreffenden Index bezogenen Termin- oder Optionskontrakten an der maßgeblichen Verbundenen Börse zu tätigen oder Marktkurse für diese Termin- oder Optionskontrakte zu erhalten, oder
- (b) in Bezug auf einen Index, bei dem es sich um einen Börsenübergreifenden Index handelt, ein Ereignis (mit Ausnahme eines Vorzeitigen Börsenschlusses), das es Marktteilnehmern (nach Feststellung der Berechnungsstelle) allgemein unmöglich macht oder erschwert, Geschäfte (i) in einem Bestandteilswertpapier an der Börse für das betreffende Bestandteilswertpapier oder (ii) in auf den Index bezogenen Termin- oder Optionskontrakten an der maßgeblichen Verbundenen Börse zu tätigen oder Marktkurse (i) für ein Bestandteilswertpapier an der Börse für das betreffende Bestandteilswertpapier oder (ii) für auf den Index bezogene Termin- oder Optionskontrakte an der maßgeblichen Verbundenen Börse zu erhalten.

"Marktstörungsereignis" bezeichnet:

- (a) in Bezug auf einen Index, bei dem es sich nicht um einen Börsenübergreifenden Index handelt, den Eintritt oder das Bestehen (i) einer Handelsstörung, (ii) einer Börsenstörung, die jeweils nach Auffassung der Berechnungsstelle wesentlich ist, zu einem Zeitpunkt innerhalb des einstündigen Zeitraums, der mit dem maßgeblichen [Bewertungszeitpunkt] [Feststellungszeitpunkt] endet, oder (iii) eines Vorzeitigen Börsenschlusses, oder
- (b) in Bezug auf einen Index, bei dem es sich um einen Börsenübergreifenden Index handelt, entweder:
 - (i) (x) den Eintritt oder das Bestehen (jeweils in Bezug auf ein Bestandteilswertpapier):

 - (2) einer Börsenstörung, die nach Auffassung der Berechnungsstelle wesentlich ist, zu einem Zeitpunkt innerhalb des einstündigen Zeitraums, der mit dem maßgeblichen [Bewertungszeitpunkt] [Feststellungszeitpunkt] für diejenige Börse endet, an der das betreffende Bestandteilswertpapier hauptsächlich gehandelt wird, oder
 - (3) eines Vorzeitigen Börsenschlusses, und

- (y) den Fall, dass sämtliche Bestandteilstwertpapiere, in Bezug auf die eine Handelsstörung, eine Börsenstörung oder ein Vorzeitiger Börsenschluss eingetreten ist oder besteht, insgesamt mindestens 20 % des Stands des Index ausmachen, oder

Für die Zwecke der Feststellung, ob zu irgendeinem Zeitpunkt ein Marktstörungsereignis in Bezug auf einen Index besteht, gilt Folgendes:

Tritt zu irgendeinem Zeitpunkt in Bezug auf ein in dem Index enthaltenes Wertpapier oder das betreffende Bestandteilstwertpapier ein Marktstörungsereignis ein, so ergibt sich der jeweilige prozentuale Anteil des betreffenden Wertpapiers bzw. Bestandteilstwertpapiers am Stand des Index aus einem Vergleich zwischen (i) dem auf das betreffende Wertpapier bzw. Bestandteilstwertpapier entfallenden Anteil am Stand des Index und (ii) dem Gesamtstand des Index, und zwar jeweils entweder: (x) sofern es sich bei dem Index nicht um einen Börsenübergreifenden Index handelt, unmittelbar vor dem Eintritt des jeweiligen Marktstörungsereignisses oder (y) sofern es sich bei dem Index um einen Börsenübergreifenden Index handelt, unter Zugrundelegung der amtlichen Eröffnungsgewichtungen, die jeweils von dem Index-Sponsor als Teil der "Markteröffnungsdaten" veröffentlicht werden.

"Planmäßiger Handelsschluss" ist in Bezug auf [die] [eine] Börse oder Verbundene Börse und einen Planmäßigen Handelstag der Zeitpunkt des planmäßigen werktäglichen Handelsschlusses an [der] [dieser] Börse oder Verbundenen Börse an dem betreffenden Planmäßigen Handelstag, wobei ein nachbörslicher Handel oder ein sonstiger Handel außerhalb der üblichen Börsenzeiten nicht berücksichtigt wird.

"Handelsstörung" bezeichnet:

- (a) in Bezug auf einen Index, bei dem es sich nicht um einen Börsenübergreifenden Index handelt, jede Aussetzung oder Einschränkung des Handels (i) an einer oder mehreren maßgeblichen Börsen mit Wertpapieren, die mindestens 20 % des Stands des betreffenden Index ausmachen, oder (ii) an einer maßgeblichen Verbundenen Börse mit auf den betreffenden Index bezogenen Termin- oder Optionskontrakten, die jeweils von der maßgeblichen Börse oder Verbundenen Börse oder von anderer Seite auferlegt wird (ob aufgrund von Kursschwankungen, die über die von der maßgeblichen Börse bzw. Verbundenen Börse zugelassenen Obergrenzen hinausgehen, oder aus sonstigen Gründen),
- (b) in Bezug auf einen Index, bei dem es sich um einen Börsenübergreifenden Index handelt, jede Aussetzung oder Einschränkung des Handels (i) mit einem Bestandteilstwertpapier an der Börse für das betreffende Bestandteilstwertpapier oder (ii) an der Verbundenen Börse mit auf den Index bezogenen Termin- oder Optionskontrakten, die jeweils von der maßgeblichen Börse oder Verbundenen Börse oder von anderer Seite auferlegt wird (ob aufgrund von Kursschwankungen, die über die von der maßgeblichen Börse bzw. - (b) in Bezug auf einen Index, bei dem es sich um einen Börsenübergreifenden Index handelt, [●] [(i) für die Zwecke der Feststellung, ob ein Marktstörungsereignis eingetreten ist, gilt (x) in Bezug auf ein Bestandteilstwertpapier der Planmäßige Handelsschluss an der maßgeblichen Börse und (y) in Bezug auf etwaige Options- oder Terminkontrakte auf den Index der Handelsschluss an der maßgeblichen Verbundenen Börse und (ii) in allen sonstigen Fällen der Zeitpunkt, auf Basis dessen der Index-Sponsor den offiziellen Schlusstand des Index berechnet und veröffentlicht].]

- [(4)] *Begriffsbestimmungen.* Für die Zwecke dieser Bedingungen gelten folgende Begriffsbestimmungen:

"De-listing" bezeichnet in Bezug auf eine betreffende Zugrundeliegende Aktie eine Bekanntmachung der Börse, dass gemäß den Regeln dieser Börse die (öffentliche) Notierung oder der Handel dieser Zugrundeliegenden Aktie gleich aus welchem Grund (mit Ausnahme eines Fusionsereignisses [oder eines Übernahmeangebots]) widerrufen bzw. eingestellt (werden) wird und die Notierung oder der Handel der Zugrundeliegenden Aktie an einer Börse oder einem Notierungssystem, die bzw. das sich in demselben Land wie die Börse (bzw. wenn sich die Börse in der Europäischen Union befindet, in einem ihrer Mitgliedstaaten) befindet, nicht unmittelbar wieder aufgenommen wird.

"Insolvenz" bezeichnet den Umstand, dass aufgrund eines freiwilligen oder unfreiwilligen Liquidations-, Konkurs-, Insolvenz-, Auflösungs- oder Abwicklungsverfahrens oder eines vergleichbaren Verfahrens, das den Aktienemittenten betrifft, (A) sämtliche Zugrundeliegenden Aktien dieses Aktienemittenten auf einen Insolvenzverwalter, Treuhänder, Liquidator oder einen vergleichbaren Amtsträger zu übertragen sind, oder (B) den Inhabern der Zugrundeliegenden Aktien des betreffenden Aktienemittenten eine Übertragung der Zugrundeliegenden Aktien von Gesetzes wegen verboten ist.

"Fusionstag" ist der Stichtag eines Fusionsereignisses oder, wenn nach den jeweiligen für ein solches Fusionsereignis geltenden Gesetzen kein Stichtag bestimmt werden kann, ein anderer von der Berechnungsstelle festgelegter Tag.

"Fusionsereignis" bezeichnet in Bezug auf eine betreffende Zugrundeliegende Aktie (a) eine Gattungsänderung oder sonstige Änderung dieser Zugrundeliegenden Aktie, die zu einer Übertragung oder einer unwiderruflichen Verpflichtung zur Übertragung aller betreffenden ausstehenden Zugrundeliegenden Aktien auf ein anderes Unternehmen oder eine andere Person führt, (b) die Konsolidierung, Verschmelzung, Fusion oder einen verbindlichen Aktientausch des Aktienemittenten mit einem anderen Unternehmen oder einer anderen Person oder auf ein anderes Unternehmen oder eine andere Person (mit Ausnahme einer Konsolidierung, Verschmelzung, Fusion oder eines verbindlichen Aktientauschs, bei der bzw. dem der Aktienemittent das fortbestehende Unternehmen ist und die bzw. der nicht zu

einer Gattungsänderung oder sonstigen Änderung aller betreffenden ausstehenden Zugrundeliegenden Aktien führt), (c) ein Übernahmeangebot, Tauschangebot, eine Aufforderung, ein Angebot oder eine sonstige Maßnahme, das bzw. die zu einer Übertragung oder einer unwiderruflichen Verpflichtung zur Übertragung aller solcher Zugrundeliegender Aktien (außer Zugrundeliegenden Aktien im Eigentum oder unter der Kontrolle des betreffenden anderen Unternehmens oder der betreffenden anderen Person) führt und durch ein Unternehmen oder eine Person mit dem Ziel erfolgt, 100 % der ausstehenden Zugrundeliegenden Aktien des Aktienemittenten zu erwerben, oder (d) die Konsolidierung, Verschmelzung, Fusion oder einen verbindlichen Aktientausch des Aktienemittenten oder seiner Tochtergesellschaften mit einem anderen Unternehmen oder auf ein anderes Unternehmen, bei der bzw. dem der Aktienemittent das fortbestehende Unternehmen ist und die bzw. der nicht zu einer Gattungsänderung oder sonstigen Änderung aller betreffenden ausstehenden Zugrundeliegenden Aktien, sondern dazu führt, dass die unmittelbar vor diesem Ereignis ausstehenden Zugrundeliegenden Aktien (außer Zugrundeliegenden Aktien im Eigentum oder unter der Kontrolle des betreffenden anderen Unternehmens) insgesamt weniger als 50 % der unmittelbar nach diesem Ereignis ausstehenden Zugrundeliegenden Aktien darstellen, sofern der Fusionstag jeweils an oder vor dem letzten [Bewertungstag] [betreffenden] Basiswertfestlegungstag] oder, falls die Schuldverschreibungen durch Lieferung der Zugrundeliegenden Aktien zurückzuzahlen sind, dem Fälligkeitstag liegt.

"Verstaatlichung" bezeichnet den Umstand, dass sämtliche Zugrundeliegenden Aktien oder sämtliche bzw. im Wesentlichen sämtliche Vermögensgegenstände des Aktienemittenten verstaatlicht oder enteignet werden oder auf sonstige Art und Weise an eine Regierungsstelle, Behörde oder sonstige staatliche Stelle oder ein Organ dieser Stellen zu übertragen sind.

"Mögliches Anpassungsereignis" bezeichnet eines der folgenden Ereignisse:

- (a) eine Unterteilung, Zusammenlegung oder Gattungsänderung von betreffenden Zugrundeliegenden Aktien (sofern dies nicht zu einem Fusionsereignis führt) sowie die unentgeltliche Ausschüttung oder Zuteilung von Zugrundeliegenden Aktien an bestehende Aktionäre in Form von Bonusaktien, Gratisaktien oder mittels ähnlicher Maßnahmen,
- (b) eine Ausschüttung, Ausgabe oder Dividende an bestehende Aktionäre der betreffenden Zugrundeliegenden Aktien in Form von (i) solchen Zugrundeliegenden Aktien oder (ii) sonstigen Beteiligungsrechten oder Wertpapieren, die zur Ausschüttung einer Dividende und/oder anteiligen Auskehrung des Liquidationserlöses im Hinblick auf den betreffenden Aktienemittenten entsprechend oder anteilmäßig zu den entsprechenden Zahlungen an Aktionäre dieser Zugrundeliegenden Aktien berechtigen, oder (iii) Beteiligungsrechten oder sonstigen Wertpapieren eines anderen Emittenten, den der Aktienemittent (direkt oder indirekt) infolge einer Spaltung oder einer ähnlichen Transaktion erworben hat oder die sich infolge dessen in seinem Besitz befinden, oder (iv) sonstigen Wertpapieren, Options- oder anderen Rechten oder Vermögenswerten, die jeweils für eine unter dem vorherrschenden von der Berechnungsstelle festgestellten Marktpreis liegende, in Barmitteln oder Sachwerten bestehende Gegenleistung gewährt oder geleistet werden,

eine Leistung, bei der es sich nach Feststellung der Berechnungsstelle um eine außerordentliche Dividende handelt,

(c) eine Einzahlungsaufforderung seitens des Aktienemittenten in Bezug auf nicht voll eingezahlte Zugrundeliegende Aktien,

(d) ein Rückkauf der jeweiligen Zugrundeliegenden Aktien durch den Aktienemittenten oder eine seiner Tochtergesellschaften, unabhängig davon, ob der Rückkauf aus Gewinn- oder Kapitalrücklagen erfolgt oder ob der Kaufpreis in Form von Barmitteln, Wertpapieren oder auf sonstige Weise entrichtet wird, oder

(e)

(f) ein Ereignis in Bezug auf den Aktienemittenten, das dazu führt, dass Aktionärsrechte begeben werden oder von Stammaktien oder anderen Aktien des Aktienemittenten abgetrennt werden und dies gemäß einem Aktionärsrechteplan oder einer ähnlichen Maßnahme zur Abwehr von feindlichen Übernahmen geschieht, der bzw. die beim Eintritt bestimmter Ereignisse die Ausgabe von Vorzugsaktien, Optionsrechten, Wertpapieren oder Bezugsrechten zu einem unter dem von der Berechnungsstelle festgestellten Marktpreis liegenden Preis vorsieht, wobei eine infolge eines solchen Ereignisses getroffene Anpassung bei einer Einlösung solcher Rechte erneut anzupassen ist, und

(g) sonstige Umstände, die nach Auffassung der Berechnungsstelle eine verwässernde, werterhöhende oder sonstige Wirkung auf den theoretischen Wert der betreffenden Zugrundeliegenden Aktien haben.

["Übernahmeangebot" bezeichnet ein Übernahmeangebot, Tauschangebot, eine Aufforderung, ein Angebot oder eine sonstige Maßnahme seitens eines Unternehmens oder einer Person, das bzw. die dazu führt, dass dieses Unternehmen oder diese Person durch Umwandlung oder sonst in irgendeiner Weise mehr als 10 %, aber weniger als 100 % der ausstehenden stimmberechtigten Aktien des Aktienemittenten erwirbt oder anderweitig erhält oder zu deren Erhalt berechtigt ist, soweit dies von der Berechnungsstelle auf der Grundlage von Mitteilungen an staatliche Stellen oder Selbstregulierungsorgane oder anhand anderer nach Auffassung der Berechnungsstelle maßgeblicher Informationen festgestellt wird.]

(1) *Verspätete Veröffentlichung.* Stellt die Berechnungsstelle fest, dass in Bezug auf einen Index ein Auslöser der Zeitverzögerten Indexstandfeststellung in Bezug auf einen Festlegungstag eingetreten ist, so wird der Maßgebliche Stand des betreffenden Index, der Gegenstand des jeweiligen Auslösers der Zeitverzögerten Indexfeststellung ist (der "**Ersatzindexstand**") von der Berechnungsstelle **[falls "Bezugsanleihe" nicht anwendbar ist, gilt Folgendes:** unter Anwendung der folgenden Formel] **[falls "Bezugsanleihe" anwendbar ist, gilt Folgendes:** wie folgt] festgestellt:

(a)

(b) die Berechnungsstelle stellt den Ersatzindexstand unter Zugrundelegung des entsprechenden Indexstands fest, der gemäß den Emissionsbedingungen der maßgeblichen Bezugsanleihe festgestellt wurde, oder

sollte die Berechnungsstelle nicht in der Lage sein, einen Ersatzindexstand gemäß vorstehendem Unterabsatz (a) zu ermitteln,

so stellt die Berechnungsstelle den Ersatzindexstand unter Anwendung der folgenden Formel fest:]

$$\text{Ersatzindexstand} = \text{Basisstand} \times (\text{Letzter Stand} / \text{Referenzstand})$$

wobei:

"Basisstand" in Bezug auf einen Inflationsindex den Stand dieses Inflationsindex (unter Ausschluss etwaiger vorab veröffentlichter Schätzungen) bezeichnet, der von dem jeweiligen Inflationsindex-Sponsor in Bezug auf den Monat veröffentlicht bzw. bekannt gegeben wird, der dem Monat, für den der Ersatzindexstand festgestellt wird, 12 Kalendermonate vorausgeht.

"Letzter Stand" in Bezug auf einen Inflationsindex den letzten Stand dieses Inflationsindex (unter Ausschluss etwaiger vorab veröffentlichter Schätzungen) bezeichnet, der von dem jeweiligen Inflationsindex-Sponsor vor dem Monat veröffentlicht bzw. bekannt gegeben wird, in Bezug auf den der Ersatzindexstand festgestellt wird.

"Referenzstand" in Bezug auf einen Inflationsindex den Stand dieses Inflationsindex (unter Ausschluss etwaiger vorab veröffentlichter Schätzungen) bezeichnet, der von dem jeweiligen Inflationsindex-Sponsor in Bezug auf den Monat veröffentlicht bzw. bekannt gegeben wird, der dem Monat, auf den sich der Letzte Stand bezieht, 12 Kalendermonate vorausgeht.

Die Emittentin unterrichtet die Gläubiger der Schuldverschreibungen durch Mitteilung gemäß § [15] von jedem gemäß diesem § [8](1) festgestellten Ersatzindexstand

(2) *Einstellung der Veröffentlichung.* Wenn der Stand des Inflationsindex zwei aufeinander folgende Monate lang nicht veröffentlicht bzw. nicht bekannt gegeben wurde oder wenn der Inflationsindex-Sponsor bekannt gibt, dass er den Inflationsindex nicht länger veröffentlichen bzw. bekannt geben wird, hat die Berechnungsstelle für die Zwecke der inflationsgebundenen Schuldverschreibungen einen Nachfolgeindex (anstelle eines zuvor geltenden Inflationsindex) unter Anwendung der folgenden Methodik zu bestimmen:

- (i) **[falls "Bezugsanleihe" anwendbar ist, gilt Folgendes:** wenn von der Berechnungsstelle zu irgendeinem Zeitpunkt gemäß den Emissionsbedingungen der Bezugsanleihe ein Nachfolgeindex bestimmt wurde, so wird dieser Nachfolgeindex als "Nachfolgeindex" bestimmt, ungeachtet dessen, dass zuvor möglicherweise bereits ein anderer Nachfolgeindex gemäß den nachstehenden Absätzen (ii), (iii) oder (iv) bestimmt worden ist, oder]
- (ii) wenn **[falls "Bezugsanleihe" anwendbar ist, gilt Folgendes:** ein Nachfolgeindex nicht gemäß § [8](2)(i)] bestimmt wurde und] durch den Inflationsindex-Sponsor eine Mitteilung bzw. eine Bekanntgabe dahingehend erfolgt ist, dass ein von dem Inflationsindex-Sponsor bestimmter als Ersatz dienender Inflationsindex an die Stelle des Inflationsindex treten wird, und wenn die Berechnungsstelle feststellt, dass der betreffende als Ersatz dienende Inflationsindex unter Anwendung derselben oder einer im Wesentlichen gleichen Berechnungsformel oder -methode berechnet wird, die auch bei der Berechnung des zuvor geltenden Inflationsindex angewandt wurde, gilt dieser als Ersatz dienende Index vom Tag des Inkrafttretens dieses als Ersatz dienenden Inflationsindex für die Zwecke der inflationsgebundenen Schuldverschreibungen als "Inflationsindex",

oder

- (iii) wurde ein Nachfolgeindex nicht gemäß § [8](2)(i) **[falls "Bezugsanleihe" anwendbar ist, gilt Folgendes:** oder § [8](2)(ii)] bestimmt, so bittet die Berechnungsstelle nach Rücksprache mit der Emittentin fünf führende unabhängige Händler um Angabe, welches der als Ersatz für den Inflationsindex dienende Index sein sollte. Wenn vier oder fünf dieser führenden unabhängigen Händler antworten und davon mindestens drei denselben Index angeben, gilt dieser Index als "Nachfolgeinflationsindex". Wenn drei dieser führenden unabhängigen Händler antworten und davon mindestens zwei denselben Index angeben, gilt dieser Index als "Nachfolgeinflationsindex". Wenn weniger als drei dieser führenden unabhängigen Händler antworten, richtet sich das weitere Vorgehen der Berechnungsstelle nach § [8](2)(iv), oder
- (iv) wurde bis zum darauffolgenden Stichtag kein als Ersatz dienender Index bzw. Nachfolgeinflationsindex gemäß § [8](2)(i), § [8](2)(ii) **[falls "Bezugsanleihe" anwendbar ist, gilt Folgendes:** oder § [8](2)(iii)] bestimmt, so wird die Berechnungsstelle ab dem jeweiligen Stichtag einen geeigneten Alternativindex bestimmen, und dieser Index gilt als "Nachfolgeinflationsindex", oder
- (v) wenn die Berechnungsstelle feststellt, dass es keinen geeigneten Alternativindex gibt, unterrichtet die Emittentin im Fall von Anleihen die Gläubiger der Schuldverschreibungen durch Mitteilung gemäß § [15] und zahlt die Schuldverschreibungen insgesamt, jedoch nicht teilweise, zurück, wobei jeder Nennbetrag von Schuldverschreibungen in Höhe **[im Fall von deutschrechtlichen Schuldverschreibungen gilt Folgendes:** der Festgelegten Stückelung] **[im Fall von englischrechtlichen Schuldverschreibungen gilt Folgendes:** des Berechnungsbetrags]] zum Vorzeitigen Rückzahlungsbetrag zurückgezahlt wird.
- (3) *Rücksetzung des Inflationsindex.* Wenn die Berechnungsstelle feststellt, dass eine Rücksetzung des Inflationsindex zu einem bestimmten Zeitpunkt erfolgt ist bzw. erfolgen wird, wird der zurückgesetzte Inflationsindex (der "**Zurückgesetzte Index**") ab dem Rücksetzungstag für die Zwecke der Feststellung des Stands des Inflationsindex herangezogen; dies gilt jedoch mit der Maßgabe, dass die Berechnungsstelle Anpassungen **[falls "Bezugsanleihe" anwendbar ist, gilt Folgendes:** , die jeweils von der für Berechnungen zuständigen Stelle gemäß den Emissionsbedingungen der Bezugsanleihe vorgenommen werden,] an den Ständen des Zurückgesetzten Index vornimmt, so dass diese Stände des Zurückgesetzten Index dieselbe Inflationsrate widerspiegeln wie der Index vor seiner Rücksetzung.
- (4) *Wesentliche Änderung vor dem letzten Stichtag.* Wenn der Inflationsindex-Sponsor an oder vor dem letzten Stichtag bekannt gibt, dass er eine wesentliche Änderung bei dem Inflationsindex vornehmen wird, wird die Berechnungsstelle daraufhin **[falls "Bezugsanleihe" anwendbar ist, gilt Folgendes:** sämtliche Anpassungen entsprechend den Anpassungen vornehmen, die bei der Bezugsanleihe vorgenommen wurden] **[falls "Bezugsanleihe" nicht anwendbar ist, gilt Folgendes:** nur diejenigen Anpassungen bei dem Inflationsindex vornehmen, die erforderlich sind, um den geänderten Inflationsindex als Inflationsindex beizubehalten].
- (5) *Begriffsbestimmungen:* Für die Zwecke dieses § [8] kommt den nachstehend aufgeführten Begriffen jeweils die folgende Bedeutung zu:

"**Stichtag**" bezeichnet in Bezug auf einen Festlegungstag den [●] [fünften Geschäftstag vor dem jeweiligen Festlegungstag].

"**Auslöser der Zeitverzögerten Indexstandfeststellung**" bezeichnet in Bezug auf einen Festlegungstag und einen Inflationsindex den Fall, dass der betreffende Index-Sponsor zu irgendeinem Zeitpunkt an oder vor dem Stichtag den Stand des betreffenden Index (der "**Maßgebliche Stand**") in Bezug auf einen Referenzmonat nicht veröffentlicht bzw. bekannt gibt, der bei einer von der Emittentin in Bezug auf den jeweiligen Festlegungstag vorzunehmenden Berechnung oder Feststellung heranzuziehen ist.

"**Festlegungstag**" bezeichnet [●].

[Falls "**Bezugsanleihe**" anwendbar ist, gilt Folgendes: "**Endtag**" bezeichnet: [●].

"**Ausweichenleihe**" bezeichnet in Bezug auf einen Inflationsindex eine von der Berechnungsstelle ausgewählte und von der Regierung des Landes, auf dessen Inflationsrate sich der betreffende Inflationsindex bezieht, begebene Anleihe, auf die ein Kupon bzw. ein Rückzahlungsbetrag gezahlt wird, dessen Berechnung unter Zugrundelegung des betreffenden Inflationsindex erfolgt, und deren Fälligkeitstag entweder (a) mit dem Endtag zusammenfällt, (b) auf den unmittelbar auf den Endtag folgenden Fälligkeitstermin fällt, sofern am Endtag keine solche Anleihe fällig wird, oder (c) auf den letztmöglichen Fälligkeitstermin vor dem Endtag fällt, sofern von der Berechnungsstelle keine Anleihe im Sinne von Unterabsatz (a) bzw. (b) ausgewählt wurde. [falls sich der maßgebliche Inflationsindex auf die Inflationsrate in der Europäischen Währungsunion bezieht, gilt Folgendes: Die Berechnungsstelle wird eine inflationsgebundene Anleihe auswählen, bei der es sich um einen Schuldtitel der Regierung (nicht jedoch einer Regierungsstelle) von Frankreich, Italien, Deutschland oder Spanien handelt und auf die ein Kupon bzw. ein Rückzahlungsbetrag gezahlt wird, dessen Berechnung unter Zugrundelegung der Inflationsrate in der Europäischen Währungsunion erfolgt.] In jedem Fall wird die Berechnungsstelle die Ausweichenleihe aus denjenigen inflationsgebundenen Anleihen auswählen, die an oder vor dem Begebungstag begeben wurden, wobei die Berechnungsstelle für den Fall, dass mehr als eine inflationsgebundene Anleihe an demselben Tag fällig wird, die Ausweichenleihe aus den letztgenannten Anleihen auswählen muss. Kommt die Ausweichenleihe zur Rückzahlung, so kann die Berechnungsstelle auf derselben Grundlage eine neue Ausweichenleihe auswählen, wobei die Auswahl jedoch unter allen zulässigen Anleihen getroffen wird, die im Zeitpunkt der Rückzahlung der ursprünglichen Ausweichenleihe in Umlauf sind (einschließlich jeder Anleihe, gegen die die zurückgezahlte Anleihe ausgetauscht wird).]

"**Referenzmonat**" bezeichnet den Kalendermonat, für den der Stand des Inflationsindex mitgeteilt wurde, und zwar unabhängig von dem Zeitpunkt der Veröffentlichung bzw. Bekanntgabe dieser Information. Handelt es sich bei dem Zeitraum, für den der Maßgebliche Stand mitgeteilt wurde, nicht um einen Monat, so gilt derjenige Zeitraum als Referenzmonat, für den der Maßgebliche Stand mitgeteilt wurde.

[Falls "**Bezugsanleihe**" anwendbar ist, gilt Folgendes: "**Bezugsanleihe**" bezeichnet in Bezug auf einen Inflationsindex [●] [falls "**Ausweichenleihe**" anwendbar ist, gilt Folgendes: Wenn die Bezugsanleihe vor dem Endtag zur Rückzahlung gelangt bzw. fällig wird, legt die Berechnungsstelle jeder Feststellung, die in Bezug auf die Bezugsanleihe zu erfolgen hat, die

(e) Zahlungen aus der Garantie an einen Gläubiger der Schuldverschreibungen, bei dem es sich um einen Treuhänder oder eine Personengesellschaft handelt oder bei dem es sich nicht um den alleinigen wirtschaftlich Berechtigten dieser Zahlung handelt, soweit ein Berechtigter oder Treugeber in Bezug auf den Treuhänder oder ein Gesellschafter einer solchen Personengesellschaft oder ein wirtschaftlich Berechtigter keinen Anspruch auf Erhalt der zusätzlichen Zinszahlungen gehabt hätte, wenn er der Gläubiger der betreffenden Schuldverschreibung gewesen wäre, oder

ANNEXES TO THE TERMS AND CONDITIONS

CREDIT LINKED NOTES ANNEX A

As set out in the Introduction to the Terms and Conditions, the Terms and Conditions as will be completed by the Final Terms (or as amended by the Pricing Supplement, in case of Exempt Securities) are comprised of five options. This Credit Linked Notes Annex A furthermore amends the Terms and Conditions and may only apply where Option I, Option II or Option V is specified as applicable in the applicable Final Terms.

If "Provisions for Credit Linked Securities" and "Credit Linked Notes Annex A" are specified as applicable in the applicable Final Terms the following provisions shall apply:

1. **Where the Securities are interest bearing Securities § 3([in case of Option I the following applies: [3]] [in case of Option II the following applies: [9]] [in case of Option V the following applies: [for Fixed Rate Securities or Securities with an Interest Switch the following applies: [3]] [for Securities other than Fixed Rate Securities or Securities without an Interest Switch the following applies:[9]])] of the Terms and Conditions will be deleted and replaced by the following new § 3([3][9]):**

"Accrual of Interest. Unless "EM Pass-Through Securities" is specified as applicable in the applicable Final Terms in which case § 3([3][9]) shall not apply, each Security shall cease to bear interest from the expiry of the day preceding the day on which it is due for redemption, unless payment of principal and/or delivery of all assets deliverable is improperly withheld or refused. If the Issuer shall fail to redeem each Security when due, interest shall continue to accrue on the outstanding principal amount of such Security or, if the Securities are Zero Recovery Portfolio Securities or Recovery Portfolio Securities, on the Outstanding Principal Amount as of the day preceding the due date for redemption from (and including) the due date for redemption to (but excluding) the earlier of (i) the date on which all amounts due in respect of such Security have been paid and/or all assets deliverable in respect of such Security have been delivered, and (ii) five days after the date on which the full amount of the moneys payable in respect of such Security has been received by the Fiscal Agent and/or all assets in respect of such Security have been received by an agent appointed by the Issuer to deliver such assets to Securityholders and notice to that effect has been given to the Securityholders in accordance with § [in case of Option I and Option II the following applies: [12]] [in case of Option V the following applies: [15]] at the Rate of Interest applicable in respect of the last occurring Interest Period, provided that:

- (a)
 - (i) if "Accrual of Interest upon Credit Event" is specified as applicable in the applicable Final Terms, each Security shall cease to bear interest from the Credit Event Determination Date; or
 - (ii) if "Accrual of Interest upon Credit Event" is not specified as applicable in the applicable Final Terms, subject as provided in paragraph (b) below and notwithstanding anything to the contrary in the Conditions, no interest will be payable in respect of the Securities in respect of which the relevant Interest Payment Date has not occurred on or prior to the Credit Event Determination Date or, the Securities are Zero Recovery Portfolio Securities or Recovery Portfolio Securities, the last occurring Credit Event Determination Date, provided that if the Credit Event Determination Date or, as applicable, last occurring Credit Event Determination Date falls prior to the first Interest Payment Date, no interest shall be payable in respect of the Securities;
- (b) subject to the provisions of § 6(4), § 6(5) or § 6(6), if "DC Determinations" is specified in the applicable Final Terms and a Credit Event Resolution Request Date occurs during an Interest Period but Conditions to Settlement are not satisfied on or prior to the Interest Payment Date in respect of such Interest Period (unless on or prior to such Interest Payment Date (w) a DC No Credit Event Announcement occurs with respect thereto, (x) the relevant Credit Derivatives Determinations Committee has Resolved not to determine whether the relevant event constitutes a Credit Event with respect to the Reference Entity or Obligation thereof, (y) the

requisite number of Convened DC Voting Members (as defined in the Rules) have not agreed to deliberate the issue within the requisite time period or (z) the request the subject of the Credit Event Resolution Request Date has been withdrawn in accordance with the Rules prior to the first meeting at which deliberations are held with respect to such request), (i) if the Securities are Zero Recovery Portfolio Securities or Recovery Portfolio Securities, the Outstanding Principal Amount on which the Interest Amount in respect of the relevant Interest Period is calculated will be reduced by the Credit Event Reduction Amount in respect of such Reference Entity on the last day of such Interest Period or (ii) in all other cases, no interest will be payable in respect of the Securities on that Interest Payment Date, notwithstanding that Conditions to Settlement are not then satisfied. If Conditions to Settlement are not satisfied on or prior to the Interest Payment Date in respect of the next Interest Period, the interest that would otherwise have been payable on the Interest Payment Date for the earlier Interest Period will be payable, if applicable, in respect of the relevant Credit Event on the Interest Payment Date for that next Interest Period and interest will continue to be payable as provided herein thereafter. No further or other amount in respect of interest shall be payable and no additional amount shall be payable in respect of such delay; and

If "EM Pass-Through Securities" is specified as applicable in the applicable Final Terms, the provisions of § 6(24) below will apply."

2. **Accrual of Interest upon Early Redemption**

In the case of interest-bearing Securities (other than EM Pass-Through Securities, Zero Recovery Portfolio Securities and Recovery Portfolio Securities) for which "Accrual of Interest upon Early Redemption" is not specified as applicable in the applicable Final Terms:

3. **If the Securities are Instalment Securities, § 4(1) of the Terms and Conditions will be amended by the deletion and replacement of the second and third paragraphs thereof by the following new paragraphs:**

Payment of principal other than payments of instalments of principal in respect of Definitive Securities shall be made, subject to paragraph (2), against presentation and (except in the case of partial payment where the Security shall be endorsed) surrender of the relevant Definitive Security to the Fiscal Agent or to any other Paying Agent outside the United States.

Upon the date on which any Security becomes due and repayable, unmatured Receipts (if any) relating thereto (whether or not attached) shall become void and no payment shall be made in respect thereof.

4. **§ 4(6) will be deleted and replaced by the following new § 4(6):**

6. **[In case of Option I and Option II the following applies: The following will be inserted as a new § 6 and the subsequent Conditions (including the original § 6) will be re-numbered accordingly] [In case of Option V the following applies: § 6 will be deleted and replaced by the following new § 6]:**

If:

- (x) unless settlement has occurred in accordance with the paragraph above, Conditions to Settlement are satisfied pursuant to sub-paragraph (a) of the definition thereof and on or prior to the Auction Cut-Off Date:
 - (i) ISDA publicly announces that no Auction will be held in accordance with any Credit Derivatives Auction Settlement Terms in relation to obligations of appropriate seniority of the Reference Entity (the date on which ISDA first makes such announcement, the "**No Auction Announcement Date**");
 - (ii) no No Auction Announcement Date has occurred but the relevant Credit Derivatives Determinations Committee has not determined that one or more Auctions will be held in accordance with any Credit Derivatives Auction Settlement Terms in relation to obligations of appropriate seniority of the Reference Entity; or
 - (iii) the Calculation Agent determines that it is not reasonably likely that an Auction will be held in accordance with any Credit Derivatives Auction Settlement Terms in relation to obligations of appropriate seniority of the Reference Entity and gives notice of such to the Issuer (the date on which the Calculation Agent gives such notice, the "**Calculation Agent No Auction Determination Date**"); or
- (y) Conditions to Settlement are satisfied pursuant to sub-paragraph (b) of the definition thereof,

then:

- (A) if Cash Settlement is specified as the applicable Fallback Settlement Method in the applicable Final Terms, the Issuer shall redeem the Securities in accordance with § 6(2) below; or
- (B) if Physical Settlement is specified as the applicable Fallback Settlement Method in the applicable Final Terms, the Issuer shall redeem the Securities in accordance with § 6(3) below.

If Conditions to Settlement are satisfied and the Securities become redeemable in accordance with this § 6(1), upon payment of the Credit Event Redemption Amount in respect of the Securities the Issuer shall have discharged its obligations in respect of the Securities and shall have no other liability or obligation whatsoever in respect thereof. The Credit Event Redemption Amount may be less than the principal amount of a Security. Any shortfall shall be borne by the Securityholders and no liability shall attach to the Issuer.

(2) *Cash Settlement*

If Conditions to Settlement are satisfied during the Notice Delivery Period (such date of satisfaction, the "**Credit Event Determination Date**") and "Cash Settlement" is specified in the applicable Final Terms or if § 6(1)(A) above applies, the Issuer shall give notice to the Securityholders in accordance with § [12][15] and redeem all but not some only of the Securities, each principal amount of Securities equal to the Calculation Amount being redeemed by the Issuer at the Credit Event Redemption Amount on the Credit Event Redemption Date, provided that if the relevant Conditions to Settlement are subsequently deemed not to have been satisfied in accordance with the definition thereof in § 6(10), the Credit Event Determination Date previously determined shall be deemed not to have occurred and the redemption of the Securities shall be cancelled and the Securities shall continue in accordance with their terms as if the relevant Conditions to Settlement had not been satisfied, subject to such adjustments as the Calculation Agent determines appropriate in its sole and absolute discretion to reflect the retrospective effect of this proviso (including, without limitation, adjusting the due date for payment of any amount payable under the Securities). The Issuer shall give notice to the Securityholders in accordance with § [12][15] that the relevant Conditions to Settlement are deemed not to have been satisfied as soon as practicable thereafter.

If Conditions to Settlement are satisfied and the Securities become redeemable in accordance with this § 6(2), upon payment of the Credit Event Redemption Amount in respect of the Securities the Issuer shall have discharged its obligations in respect of the Securities and shall have no other liability or obligation whatsoever in respect thereof. The Credit Event Redemption Amount may be less than the principal amount of a Security. Any shortfall shall be borne by the Securityholders and no liability shall attach to the Issuer.

(3) *Physical Settlement*

If Conditions to Settlement are satisfied during the Notice Delivery Period (such date of satisfaction, the "**Credit Event Determination Date**") and "Physical Delivery" is specified in the applicable Final Terms or if § 6(1)(B) above applies, the Issuer shall give notice (such notice a "**Notice of Physical Settlement**") to the Securityholders in accordance with § [12][15] and redeem all but not some only of the Securities, each principal amount of Securities equal to the Calculation Amount being redeemed by Delivery of the Deliverable Obligations comprising the Asset Amount, subject to and in accordance with § 6(7) and (8), provided that if the relevant Conditions to Settlement are subsequently deemed not to have been satisfied in accordance with the definition thereof in § 6(10), the Credit Event Determination Date previously determined shall be deemed not to have occurred and the redemption of the Securities shall be cancelled and the Securities shall continue in accordance with their terms as if the relevant Conditions to Settlement had not been satisfied, subject to such adjustments as the Calculation Agent determines appropriate in its sole and absolute discretion to reflect the retrospective effect of this proviso (including, without limitation, adjusting the due date for payment of any amount payable under the Securities). The Issuer shall give notice to the Securityholders in accordance with § [12][15] that the relevant Conditions to Settlement are deemed not to have been satisfied as soon as practicable thereafter. In the Notice of Physical Settlement the Issuer shall specify the Deliverable Obligations comprising the Asset Amount that it reasonably expects to Deliver. **For the avoidance of doubt, the Calculation Agent shall be entitled to select any of the Deliverable Obligations to constitute the Asset Amount, irrespective of their market value.**

If "Restructuring Maturity Limitation and Fully Transferable Obligation" is specified as applicable in the applicable Final Terms and Restructuring is the only Credit Event specified in a Credit Event Notice or the subject of the DC Resolution resulting in the satisfaction of Conditions to Settlement, as applicable, then a Deliverable Obligation may be included in the Asset Amount only if it (i) is a Fully Transferable Obligation and (ii) has a final maturity date not later than the Restructuring Maturity Limitation Date.

If "Modified Restructuring Maturity Limitation and Conditionally Transferable Obligation Applicable" is specified as applying in the applicable Final Terms and Restructuring is the only Credit Event specified in a Credit Event Notice or the subject of the DC Resolution resulting in the satisfaction of Conditions to Settlement, as applicable, then a Deliverable Obligation may be included in the Asset Amount only if it

(i) is a Conditionally Transferable Obligation and (ii) has a final maturity date not later than the applicable Modified Restructuring Maturity Limitation Date.

If Conditions to Settlement are satisfied and the Securities become redeemable in accordance with this § 6(3), upon Delivery of the Deliverable Obligations Deliverable and/or payment of the Cash Settlement Amount, as the case may be, the Issuer shall have discharged its obligations in respect of the Securities and shall have no other liability or obligation whatsoever in respect thereof. The value of such Deliverable Obligations and/or the Cash Settlement Amount may be less than the principal amount of a Security. Any shortfall shall be borne by the Securityholders and no liability shall attach to the Issuer.

(4) *Repudiation/Moratorium Extension.*

Where "Repudiation/Moratorium" is specified as a Credit Event in the applicable Final Terms, the provisions of this § 6(4) shall apply

(7) *Physical Delivery*

- (i) If any Security is to be redeemed by Delivery of the Deliverable Obligations comprising the Asset Amount, in order to obtain Delivery of the Deliverable Obligations comprising the Asset Amount(s) in respect of any Security:
 - (A) if such Security is represented by a Global Security, the relevant Securityholder must deliver to the relevant Clearing System, with a copy to the Issuer not later than the close of business in each place of reception on the Cut-Off Date, a duly completed Asset Transfer Notice; and
 - (B) if such Security is in definitive form, the relevant Securityholder must deliver to any Paying Agent with a copy to the Issuer not later than the close of business in each place of reception on the Cut-Off Date, a duly completed Asset Transfer Notice (as defined below).

Forms of the Asset Transfer Notice may be obtained during normal business hours from the specified office of any Paying Agent.

An Asset Transfer Notice may only be delivered (i) if such Security is represented by a Global Security, in such manner as is acceptable to the relevant Clearing System, or (ii) if such Security is in definitive form, in writing or by tested telex.

If the Security is in definitive form, the Security must be delivered together with the duly completed Asset Transfer Notice. An Asset Transfer Notice must:

- (1) specify the name and address of the relevant Securityholder, the person from whom the Issuer may obtain details for the Delivery of the Deliverable Obligations comprising the Asset Amount and any details required for Delivery of the Deliverable Obligations comprising the Asset Amount set out in the applicable Final Terms;

- (5) authorise the production of such notice in any applicable administrative or legal proceedings.

No Asset Transfer Notice may be withdrawn after receipt thereof by the relevant Clearing System or a Paying Agent, as the case may be, as provided above. After delivery of an Asset Transfer Notice, the relevant Securityholder may not transfer the Securities which are the subject of such notice.

In the case of Securities represented by a Global Security, upon receipt of such notice, the relevant Clearing System shall verify that the person specified therein as the Securityholder is the holder of the specified principal amount of Securities according to its books.

Failure properly to complete and deliver an Asset Transfer Notice may result in such notice being treated as null and void. Any determination as to whether such notice has been properly completed and delivered as provided in these Conditions shall be made, in the case of Securities represented by a Global Security, by the relevant Clearing System after consultation with the Issuer and shall be conclusive and binding on the Issuer and the relevant Securityholder and, in the case of Securities in definitive form, by the relevant Paying Agent after consultation with the Issuer, and shall be conclusive and binding on the Issuer and the relevant Securityholder.

Delivery of the Deliverable Obligations comprising the Asset Amount in respect of each Security shall be made at the risk of the relevant Securityholder in such commercially reasonable manner as the Calculation Agent shall in its sole discretion determine and notify to the person designated by the Securityholder in the relevant Asset Transfer Notice or in such manner as is specified in the applicable Final Terms.

If a Securityholder fails to give an Asset Transfer Notice as provided herein on or prior to the Cut-Off Date specified in the applicable Final Terms, the Issuer will, subject as provided above, Deliver the Deliverable Obligations comprising the Asset Amount in respect of the relevant Securities as soon as practicable after the receipt of the duly completed Asset Transfer Notice, provided that if, in respect of a Security, a Securityholder fails to give an Asset Transfer Notice prior to the day falling 180 calendar days after the Cut-Off Date, the Issuer's obligations in respect of such Securities shall be discharged and the Issuer shall have no liability in respect thereof.

- (ii) All Delivery Expenses arising from the Delivery of the Deliverable Obligations comprising the Asset Amounts in respect of such Securities shall be for the account of the relevant Securityholder and no Delivery of the Deliverable Obligations comprising the Asset Amount shall be made until all Delivery Expenses have been paid to the satisfaction of the Issuer by the relevant Securityholder.

After Delivery of the Deliverable Obligations comprising an Asset Amount and for the Intervening Period, none of the Issuer, the Calculation Agent nor any other person shall at any time (x) be under any obligation to deliver or procure delivery to any Securityholder any letter, certificate, notice, circular or any other document or, except as provided herein, payment whatsoever received by that person in respect of the securities or obligations included in such Asset Amount, (y) be under any obligation to exercise or procure exercise of any or all rights attaching to such securities or obligations included in such Asset Amount or (z) be under any

liability to a Securityholder in respect of any loss or damage which such Securityholder may sustain or suffer as a result, whether directly or indirectly, of that person being registered during such Intervening Period as legal owner of such securities or obligations included in such Asset Amount.

- (iii) In relation to each Deliverable Obligation constituting an Asset Amount the Issuer will Deliver or procure the Delivery of the relevant Deliverable Obligation as provided below on the Settlement Date or, as applicable, as soon as practicable after receipt of a duly completed Asset Transfer Notice as provided above, provided that if all or some of the Deliverable Obligations included in such Asset Amount are then Undeliverable Obligations and/or Hedge Disruption Obligations, then the Issuer shall continue to attempt to Deliver all or a portion of such Undeliverable Obligations or Hedge Disruption Obligations, as the case may be, on or before the 30th Business Day following the Settlement Date (the "**Final Delivery Date**"),

Provided Further That if all or a portion of such Undeliverable Obligations or Hedge Disruption Obligations, as the case may be, are not Delivered by the Final Delivery Date the provisions of § 6(8) shall apply.

(8) *Partial Cash Settlement*

If all or a portion of the Undeliverable Obligations or Hedge Disruption Obligations comprising the Asset Amount are not Delivered by the Final Delivery Date, the Issuer shall give notice (a "**Cash Settlement Notice**") to the Securityholders in accordance with § [12][15] and the Issuer shall pay in respect of each Undeliverable Obligation or Hedge Disruption Obligation, as the case may be, the Cash Settlement Amount on the Cash Settlement Date.

In the Cash Settlement Notice the Issuer must give details of why it is unable to deliver the relevant Undeliverable Obligations or Hedge Disruption Obligation, as the case may be.

Unless otherwise specified in the applicable Final Terms, for the purposes of this § 6(8) the following terms are deemed to have the following meanings:

"**Cash Settlement Amount**" is deemed to be, for each Undeliverable Obligation or Hedge Disruption Obligation, as the case may be, an amount calculated by the Calculation Agent equal to the greater of (i) (A) the Outstanding Principal Balance, the Due and Payable Amount or the Currency Amount, as applicable, of each Undeliverable Obligation or Hedge Disruption Obligation, as the case may be, multiplied by (B) the Final Price with respect to such Undeliverable Obligation or Hedge Disruption Obligation, as the case may be, less (C) Unwind Costs, if any (but excluding any Unwind Costs already taken into account in calculating the relevant Asset Amount), and (ii) zero.

"**Cash Settlement Date**" is deemed to be the date falling three Business Days after the calculation of the Final Price.

"**Indicative Quotation**" means, in accordance with the Quotation Method, each quotation obtained from a Quotation Dealer at the Valuation Time for (to the extent reasonably practicable) an amount of the Undeliverable Obligation or Hedge Disruption Obligation, as the case may be, equal to the Quotation Amount, which reflects such Quotation Dealer's reasonable assessment of the price of such Undeliverable Obligation or Hedge Disruption Obligation, as the case may be, based on such factors as such Quotation Dealer may consider relevant, which may include historical prices and recovery rates.

"**Market Value**" means, with respect to an Undeliverable Obligation or Hedge Disruption Obligation, as the case may be, on a Valuation Date:

- (i) if more than three Full Quotations are obtained, the arithmetic mean of such Full Quotations, disregarding the Full Quotations having the same highest and lowest values (and, if more than one such Full Quotations have the same highest or lowest value, then one of such highest or lowest Full Quotations shall be disregarded);

- (ii) if exactly three Full Quotations are obtained, the Full Quotations remaining after disregarding the highest and lowest Full Quotations (and, if more than one such Full Quotations have the same highest value or lowest value, then one of such highest or lowest Full Quotations shall be disregarded);
- (iii) if exactly two Full Quotations are obtained, the arithmetic mean of such Full Quotations;
- (iv) if fewer than two Full Quotations are obtained and a Weighted Average Quotation is obtained, such Weighted Average Quotation;
- (v) if Indicative Quotations are specified as applying in the applicable Final Terms and exactly three Indicative Quotations are obtained, the Indicative Quotation remaining after disregarding the highest and lowest Indicative Quotations (and, if more than one such Indicative Quotations have the same highest or lowest value, then one of such highest or lowest Indicative Quotations shall be disregarded);
- (vi) if fewer than two Full Quotations are obtained and no Weighted Average Quotation is obtained (and, if Indicative Quotations are applicable, fewer than three Indicative Quotations are obtained) then, subject to sub-paragraph (b) of the definition of "Quotation" below, an amount as determined by the Calculation Agent on the next Business Day on which two or more Full Quotations or a Weighted Average Quotation or, if applicable, three Indicative Quotations are obtained; and
- (vii) if fewer than two Full Quotations are obtained, no Weighted Average Quotation is obtained (and, if Indicative Quotations are applicable, fewer than three Indicative Quotations are obtained) on the same Business Day on or prior to the fifteenth Business Day following the Valuation Date, the Market Value shall be any Full Quotation obtained from a Quotation Dealer at the Valuation Time on such fifteenth Business Day or, if no Full Quotation is obtained, the weighted average of any firm quotations (or, if applicable, Indicative Quotations) for the Undeliverable Obligation or Hedge Disruption Obligation, as the case may be, obtained from Quotation Dealers at the Valuation Time on such fifteenth Business Day with respect to the aggregate portion of the Quotation Amount for which such quotations were obtained and a quotation deemed to be zero for the balance of the Quotation Amount for which firm quotations (or, if applicable, Indicative Quotations) were not obtained on such day.

"Quotation" means each Full Quotation, the Weighted Average Quotation and, if Indicative Quotations are specified as applying in the applicable Final Terms, each Indicative Quotation obtained and expressed as a percentage with respect to a Valuation Date in the manner that follows:

- (a) The Calculation Agent shall attempt to obtain Full Quotations with respect to each Valuation Date from five or more Quotation Dealers. If the Calculation Agent is unable to obtain two or more such Full Quotations on the same Business Day within three Business Days of a Valuation Date, then on the next following Business Day (and, if necessary, on each Business Day thereafter until the fifteenth Business Day following the relevant Valuation Date) the Calculation Agent shall attempt to obtain Full Quotations from five or more Quotation Dealers, and, if two or more Full Quotations are not available, a Weighted Average Quotation. If two or more such Full Quotations or a Weighted Average Quotation are not available on any such Business Day and Indicative Quotations are specified as applying in the applicable Final Terms, the Calculation Agent shall attempt to obtain three Indicative Quotations from five or more Quotation Dealers.

If the Calculation Agent is unable to obtain two or more Full Quotations or a Weighted Average Quotation (or, if Indicative Quotations are specified as applying in the applicable Final Terms, three Indicative Quotations) on the same Business Day on or prior to the fifteenth Business Day following the Valuation Date, the Quotations shall be deemed to be any Full Quotation obtained from a Quotation Dealer at the Valuation Time on such fifteenth Business Day or, if no Full Quotation is obtained, the weighted average of any firm quotations (or, if applicable, Indicative Quotations) for the Undeliverable Obligation or Hedge Disruption Obligation, as the

case may be, obtained from Quotation Dealers at the Valuation Time on such fifteenth Business Day with respect to the aggregate portion of the Quotation Amount for which such quotations were obtained and a quotation deemed to be zero for the balance of the Quotation Amount for which firm quotations (or, if applicable, Indicative Quotations) were not obtained on such day.

The Calculation Agent shall determine, based on the then current market practice in the market of the relevant Undeliverable Obligation or Hedge Disruption Obligations, as the case may be, whether such Quotations shall include or exclude accrued but unpaid interest. All Quotations shall be obtained in accordance with this specification or determination.

(c)

If any Quotation obtained with respect to an Accreting Obligation is expressed as a percentage of the amount payable in respect of such obligation at maturity, such Quotation will instead be expressed as a percentage of the Outstanding Principal Balance for purposes of determining the Final Price.

(d)

"Quotation Amount" is deemed to be, with respect to each type or issue of Undeliverable Obligation or Hedge Disruption Obligations, as the case may be, an amount equal to the Outstanding Principal Balance or Due and Payable Amount (or, in either case, its equivalent in the relevant Obligation Currency converted by the Calculation Agent in a commercially reasonable manner by reference to exchange rates in effect at the time that the relevant Quotation is being obtained), as applicable, of such Undeliverable Obligation or Hedge Disruption Obligations, as the case may be.

"Quotation Method" is deemed to be Bid.

"Reference Obligation" is deemed to be each Undeliverable Obligation or Hedge Disruption Obligations, as the case may be.

"Valuation Method" is deemed to be Highest unless fewer than two Full Quotations are obtained or a Weighted Average Quotation applies (or, if applicable, Indicative Quotations), in which case "Valuation Method" is deemed to be Market.

"Valuation Time" is the time specified as such in the applicable Final Terms, or, if no time is so specified, 11:00 a.m. in the principal trading market for the Undeliverable Obligation or Hedge Disruption Obligations, as the case may be.

"Weighted Average Quotation" means, in accordance with the Quotation Method, the weighted average of firm quotations obtained from Quotation Dealers at the Valuation Time, to the extent reasonably practicable, each for an amount of the Undeliverable Obligation or Hedge Disruption Obligations, as the case may be, with an Outstanding Principal Balance of as large a size as available but less than the Quotation Amount that in aggregate are approximately equal to the Quotation Amount.

(9) *Redemption following a Merger Event*

If § 6(9) is specified as applicable in the applicable Final Terms, in the event that in the determination of the Calculation Agent a Merger Event has occurred, the Issuer may give notice to the Securityholders in accordance with § [12][15] and redeem the Securities at the Early Redemption Amount on the Merger Event Redemption Date.

the Calculation Agent shall identify one or more Obligations to replace such Reference Obligation.

The Substitute Reference Obligation or Substitute Reference Obligations identified by the Calculation Agent shall, without further action, replace such Reference Obligation or Reference Obligations.
- (c)

If more than one specific Reference Obligation is identified as a Reference Obligation in relation to a Series, any of the events set forth in sub-paragraph (a) above has occurred with respect to one or more but not all of the Reference Obligations, and the Calculation Agent determines that no Substitute Reference Obligation is available for one or more of such Reference Obligations, each Reference Obligation for which no Substitute Reference Obligation is available shall cease to be a Reference Obligation.

- (e) (i) more than one specific Reference Obligation is identified as a Reference Obligation in relation to a Series, any of the events set forth in sub-paragraph (a) above has occurred with respect to all of the Reference Obligations and the Calculation Agent determines that no Substitute Reference Obligation is available for any of the Reference Obligations; or
- (ii) only one specific Reference Obligation is identified as a Reference Obligation in relation to a Series, any of the events set forth in sub-paragraph (a) above has occurred with respect to such Reference Obligation and the Calculation Agent determines that no Substitute Reference Obligation is available for that Reference Obligation,

then the Calculation Agent shall continue to attempt to identify a Substitute Reference Obligation until the later of (A) the Scheduled Maturity Date, (B) the Grace Period Extension Date (if any) and (C) the Repudiation/Moratorium Evaluation Date (if any). If (1) either "Cash Settlement" is specified in the applicable Final Terms and the Credit Event Redemption Amount is determined by reference to a Reference Obligation or "Physical Delivery" is specified in the applicable Final Terms and the Reference Obligation is the only Deliverable Obligation and (2) on or prior to the later of (A) the Scheduled Maturity Date, (B) the Grace Period Extension Date or (C) the Repudiation/Moratorium Evaluation Date, a Substitute Reference Obligation has not been identified, the Issuer's obligations under the Securities shall cease as of the later of (A) the Scheduled Maturity Date, (B) the Grace Period Extension Date or (C) the Repudiation/Moratorium Evaluation Date.

- (f) For the purposes of identification of a Reference Obligation, any change in the Reference Obligation's CUSIP or ISIN number or other similar identifier will not, in and of itself, convert such Reference Obligation into a different Obligation.

"Succession Event" means (i) with respect to a Reference Entity that is not a Sovereign, an event such as a merger, de-merger, consolidation, amalgamation, transfer of assets or liabilities, spin off or other similar event in which one entity succeeds to the obligations of another entity, whether by operation of law or pursuant to any agreement or (ii) with respect to a Reference Entity that is a Sovereign, an event such as an annexation, unification, secession, partition, dissolution, consolidation, reconstitution or other event that results in any direct or indirect successor(s) to such Reference Entity. Notwithstanding the foregoing, "Succession Event" shall not include an event in which the holders of obligations of the Reference Entity exchange such obligations for the obligations of another entity, unless such exchange occurs in connection with a merger, demerger, consolidation, amalgamation, transfer of assets or liabilities, spin-off or other similar event.

- (a) **"Succession Event Resolution Request Date"** means, with respect to a notice to ISDA, delivered in accordance with the Rules, requesting that a Credit Derivatives Determinations Committee be convened to Resolve:

in relation to a Reference Entity that is not a Sovereign, the entity or entities, if any, determined as set forth below:

- (a)
 - (i) if one entity directly or indirectly succeeds to 75 per cent. or more of the Relevant Obligations of the Reference Entity by way of a Succession Event, that entity will be the sole Successor;
 - (ii) if only one entity directly or indirectly succeeds to more than 25 per cent. (but less than 75 per cent.) of the Relevant Obligations of the Reference Entity by way of a Succession Event, and not more than 25 per cent. of the Relevant Obligations of the Reference Entity remain with the Reference Entity, the entity that succeeds to more than 25 per cent. of the Relevant Obligations will be the sole Successor;
 - (iii) if more than one entity each directly or indirectly succeed to more than 25 per cent. of the Relevant Obligations of the Reference Entity by way of a Succession Event, and not more than 25 per cent. of the Relevant Obligations of the Reference Entity remain with the Reference Entity, the entities that succeed to more than 25 per cent. of the Relevant Obligations will each be a Successor and these Terms and Conditions and/or the applicable Final Terms will be adjusted as provided below;
 - (iv) if one or more entity each directly or indirectly succeed to more than 25 per cent. of the Relevant Obligations of the Reference Entity by way of a Succession Event, and more than 25 per cent. of the Relevant Obligations of the Reference Entity remain with the Reference Entity, each such entity and the Reference Entity will each be a Successor and these Terms and Conditions and/or the applicable Final Terms will be adjusted as provided below;
 - (v) if one or more entities directly or indirectly succeed to a portion of the Relevant Obligations of the Reference Entity by way of a Succession Event, but no entity succeeds to more than 25 per cent. of the Relevant Obligations of the Reference Entity and the Reference Entity continues to exist, there will be no Successor and the Reference Entity will not be changed in any way as a result of the Succession Event; and
 - (vi) if one or more entities directly or indirectly succeed to a portion of the Relevant Obligations of the Reference Entity by way of a Succession Event, but no entity succeeds to more than 25 per cent. of the Relevant Obligations of the Reference Entity and the Reference Entity ceases to exist, the entity which succeeds to the greatest percentage of Relevant Obligations (or, if two or more entities succeed to an equal percentage of Relevant Obligations, the entity from among those entities which succeeds to the greatest percentage of obligations of the Reference Entity) will be the sole Successor; and
- (b)

in relation to a Sovereign Reference Entity, each entity which becomes a direct or indirect successor to that Reference Entity by way of Succession Event irrespective of whether any such successor assumes any of the obligations of such Reference Entity.

In the case of (a) above, the Calculation Agent will be responsible for determining, as soon as reasonably practicable after it becomes aware of the relevant Succession Event (but no earlier than fourteen calendar days after the legally effective date of the Succession Event), and with effect from the

legally effective date of the Succession Event, whether the relevant thresholds set forth above have been met, or which entity qualifies under (a)(vi) above, as applicable; provided that the Calculation Agent will not make such determination if, at such time, either (A) ISDA has publicly announced that the conditions to convening a Credit Derivatives Determinations Committee to Resolve the matters described in the definition of Successor in relation to the relevant Reference Entity, and in sub-paragraphs (a) and (b)(i) of the definition of Succession Event Resolution Request Date are satisfied in accordance with the Rules (until such time, if any, as ISDA subsequently publicly announces that the relevant Credit Derivatives Determinations Committee has Resolved not to determine a Successor or the request the subject of the Succession Event Resolution Request Date is withdrawn in accordance with the Rules prior to the first meeting at which deliberations are held with respect to such request) or (B) ISDA has publicly announced that the relevant Credit Derivatives Determinations Committee has Resolved that no event that constitutes a Succession Event with respect to the relevant Reference Entity has occurred, unless in either case the Calculation Agent, acting in good faith and in a commercially reasonable manner and taking into account the differences between the definition of Successor under the 2003 ISDA Credit Derivatives Definitions and the definition of Successor hereunder and such other factor(s) as it deems appropriate, determines that it is inappropriate to follow such DC Resolutions for the purposes of the Securities. In calculating the percentages used to determine whether the relevant thresholds set forth above have been met, or which entity qualifies under (a)(vi) above, as applicable, the Calculation Agent shall use, in respect of each applicable Relevant Obligation included in such calculation, the amount of the liability in respect of such Relevant Obligation listed in the Best Available Information and shall, as soon as practicable after such calculation, make such calculation available for inspection by Securityholder(s) at the specified office of the Fiscal Agent.

In the case of (b) above, the Calculation Agent will be responsible for determining, as soon as reasonably practicable after it becomes aware of the relevant Succession Event (but no earlier than fourteen calendar days after the date of occurrence of the relevant Succession Event), and with effect from the date of occurrence of the Succession Event, each Sovereign and/or entity, if any, that qualifies under (b) above; provided that the Calculation Agent will not make such determination if, at such time, either (A) ISDA has publicly announced that the conditions to convening a Credit Derivatives Determinations Committee to Resolve the matters described in the definition of Successor in relation to the relevant Reference Entity, and in sub-paragraphs (a) and (b)(ii) of the definition of Succession Event Resolution Request Date are satisfied in accordance with the Rules (until such time, if any, as ISDA subsequently publicly announces that the relevant Credit Derivatives Determinations Committee has Resolved not to determine a Successor or the request the subject of the Succession Event Resolution Request Date is withdrawn in accordance with the Rules prior to the first meeting at which deliberations are held with respect to such request) or (B) ISDA has publicly announced that the relevant Credit Derivatives Determinations Committee has Resolved that no event that constitutes a Succession Event with respect to the relevant Reference Entity has occurred, unless in either case the Calculation Agent, acting in good faith and in a commercially reasonable manner and taking into account the differences between the definition of Successor under the 2003 ISDA Credit Derivatives Definitions and the definition of Successor hereunder and such other factor(s) as it deems appropriate, determines that it is inappropriate to follow such DC Resolutions for the purposes of the Securities.

Where pursuant to paragraph (a) above, more than one Successor has been identified, the Calculation Agent shall adjust such of the Terms and Conditions and/or the applicable Final Terms as it in its sole and absolute discretion acting in a commercially reasonable manner shall determine to be appropriate to reflect that the relevant Reference Entity has been succeeded by more than one Successor and shall determine the effective date of that adjustment. The Calculation Agent shall be deemed to be acting in a commercially reasonable manner if it adjusts such of the Terms and Conditions and/or the applicable Final Terms in such a manner as to reflect the adjustment to and/or division of any credit derivative transaction(s) related to or underlying the Securities under the provisions of the 2003 ISDA Credit Derivatives Definitions.

Upon the Calculation Agent making such adjustment, the Issuer shall give notice as soon as practicable to Securityholders in accordance with § [12][15], stating the adjustment to the Terms and Conditions and/or the applicable Final Terms and giving brief details of the relevant Succession Event.

For the purposes of this definition of "Successor", "**succeed**" means, with respect to a Reference Entity and its Relevant Obligations (or, as applicable, obligations), that a party other than such Reference Entity (i) assumes or becomes liable for such Relevant Obligations (or, as applicable, obligations) whether by operation of law or pursuant to any agreement or (ii) issues Bonds that are exchanged for Relevant Obligations (or, as applicable, obligations), and in either case such Reference Entity is no longer an obligor (primarily or secondarily) or guarantor with respect to such Relevant Obligations (or, as applicable, obligations). The determinations required pursuant to sub-paragraph (a) of this definition of "Successor" shall be made, in the case of an exchange offer, on the basis of the Outstanding Principal Balance of Relevant Obligations tendered and accepted in the exchange and not on the basis of the Outstanding Principal Balance of Bonds for which Relevant Obligations have been exchanged.

(11) *Credit Event Notice after Restructuring Credit Event*

If § 6(11) is specified as applicable in the applicable Final Terms, then, notwithstanding anything to the contrary in these Terms and Conditions, upon the occurrence of a Restructuring Credit Event during the Notice Delivery Period:

- (a) the Calculation Agent may deliver a Credit Event Notice in respect of an amount (the "**Partial Redemption Amount**") that is less than the principal amount outstanding of each Security immediately prior to the delivery of such Credit Event Notice. In such circumstances the provisions of § 6 shall be deemed to apply to the Partial Redemption Amount only and each such Security shall be redeemed in part (such redeemed part being equal to the Partial Redemption Amount).

- (b) For the avoidance of doubt (i) the principal amount of each such Security not so redeemed in part shall remain outstanding and interest shall accrue on the principal amount outstanding of such Security as provided in § 3 (adjusted in such manner as the Calculation Agent in its sole and absolute discretion determines to be appropriate) and (ii) the provisions of § 6 shall apply to such principal amount outstanding of such Security in the event that subsequent Credit Event Notices are delivered in respect of the Reference Entity that was the subject of the Restructuring Credit Event.

- (c) If the provisions of this § 6(11) apply in respect of the Securities, on redemption of part of each such Security the relevant Security or, if the Securities are represented by a Global Security, such Global Security, shall be endorsed to reflect such part redemption.

(12) *Provisions relating to Multiple Holder Obligation*

If § 6(12) is specified as applicable in the applicable Final Terms, notwithstanding anything to the contrary in the definition of Restructuring and related provisions, the occurrence of, agreement to, or announcement of, any of the events described in sub-paragraphs (i) to (v) of the definition of "**Restructuring**" shall not be a Restructuring unless the Obligation in respect of any such events is a Multiple Holder Obligation.

"**Multiple Holder Obligation**" means an Obligation that (i) at the time of the event which constitutes a Restructuring Credit Event is held by more than three holders that are not Affiliates of each other and (ii) with respect to which a percentage of holders (determined pursuant to the terms of the Obligation as in effect on the date of such event) at least equal to sixty-six and two-thirds is required to consent to the event which constitutes a Restructuring Credit Event.

(13) (i) *Provisions taken from the ISDA supplement titled "Additional Provisions-Monoline Insurer as Reference Entity" (May 2003)*

If § 6(13)(i) is specified as applicable in the applicable Final Terms, the following provisions will apply:

- (a) *Obligation and Deliverable Obligation.* Sub-paragraph (a) of the definition of "Obligation" in § 6(10) and sub-paragraph (a) of the definition of "Deliverable Obligation" in § 6(10) are hereby amended by adding "or Qualifying Policy" after "or as provider of a Qualifying Affiliate Guarantee".

- (b) *Interpretation of Provisions.* In the event that an Obligation or a Deliverable Obligation is a Qualifying Policy, paragraph (B) of the definition of "Deliverable Obligation" in § 6(10) will apply, with references to the Qualifying Guarantee, the Underlying Obligation and the Underlying Obligor deemed to include the Qualifying Policy, the Insured Instrument and the Insured Obligor, respectively, except that:

- (A) the Obligation Category Borrowed Money and the Obligation Category and Deliverable Obligation Category Bond shall be deemed to include

distributions payable under an Insured Instrument in the form of a pass-through certificate or similar funded beneficial interest, the Deliverable Obligation Category Bond shall be deemed to include such an Insured Instrument, and the terms "obligation" and "obligor" as used in this § 6 in respect of such an Insured Instrument shall be construed accordingly;

- (B) references in the definitions of Assignable Loan and Consent Required Loan to "the guarantor" and "guaranteeing" shall be deemed to include "the insurer" and "insuring", respectively;
 - (C) neither the Qualifying Policy nor the Insured Instrument must satisfy on the relevant date the Deliverable Obligation Characteristic of Accelerated or Matured, whether or not that characteristic is otherwise specified as applicable in the applicable Final Terms;
 - (D) if the Assignable Loan, Consent Required Loan, Direct Loan Participation or Transferable Deliverable Obligation Characteristics are specified in the applicable Final Terms and if the benefit of the Qualifying Policy is not transferred as part of any transfer of the Insured Instrument, the Qualifying Policy must be transferable at least to the same extent as the Insured Instrument; and
 - (E) with respect to an Insured Instrument in the form of a pass-through certificate or similar funded beneficial interest, the term "Outstanding Principal Balance" shall mean the outstanding Certificate Balance and "maturity", as such term is used in the Maximum Maturity Deliverable Obligation Characteristic, shall mean the specified date by which the Qualifying Policy guarantees or insures, as applicable, that the ultimate distribution of the Certificate Balance will occur.
- (c) Not Contingent. An Insured Instrument will not be regarded as failing to satisfy the Not Contingent Deliverable Obligation Characteristic solely because such Insured Instrument is subject to provisions limiting recourse in respect of such Insured Instrument to the proceeds of specified assets (including proceeds subject to a priority of payments) or reducing the amount of any Instrument Payments owing under such Insured Instrument, provided that such provisions are not applicable to the Qualifying Policy by the terms thereof and the Qualifying Policy continues to guarantee or insure, as applicable, the Instrument Payments that would have been required to be made absent any such limitation or reduction. By specifying that this § 6(13)(i) is applicable, no inference should be made as to the interpretation of the "Not Contingent" Deliverable Obligation Characteristic in the context of limited recourse or similar terms applicable to Deliverable Obligations other than Qualifying Policies.
- (d) *Deliver*. For the purposes of the definition of "Deliver" in § 6(10), "Deliver" with respect to an obligation that is a Qualifying Policy means to Deliver both the Insured Instrument and the benefit of the Qualifying Policy (or a custodial receipt issued by an internationally recognised custodian representing an interest in such an Insured Instrument and the related Qualifying Policy), and "Delivery" and "Delivered" will be construed accordingly.
- (e) *Provisions for Determining a Successor*. The paragraph commencing "For the purposes of this definition of "Successor" in the definition of "Successor" in § 6(10) is hereby amended by adding "or insurer" after "or guarantor".
- (f) *Substitute Reference Obligation*. The first paragraph of the definition of "Substitute Reference Obligation" and sub-paragraph (b) thereof in § 6(10) is hereby amended by adding "or Qualifying Policy" after "or as provider of a Qualifying Affiliate Guarantee". For purposes of sub-paragraph (a)(ii)(B) the definition of "Substitute Reference

Obligation" references to "the Qualifying Guarantee" and the "Underlying Obligation" shall be deemed to include "the Qualifying Policy" and "the Insured Instrument", respectively.

- (g) *Other Provisions.* For purposes of sub-paragraph (a)(ii) of the definition of "Deliverable Obligation" and the definitions of "Credit Event" and "Deliver" in § 6(10) references to "the Underlying Obligation" and "the Underlying Obligor" shall be deemed to include "Insured Instruments" and the "Insured Obligor", respectively.
- (h) Additional Definitions.

"Qualifying Policy" means a financial guaranty insurance policy or similar financial guarantee pursuant to which a Reference Entity irrevocably guarantees or insures all Instrument Payments of an instrument that constitutes Borrowed Money (modified as set forth in this § 6(13)(i)) (the **"Insured Instrument"**) for which another party (including a special purpose entity or trust) is the obligor (the **"Insured Obligor"**). Qualifying Policies shall exclude any arrangement (i) structured as a surety bond, letter of credit or equivalent legal arrangement or (ii) pursuant to the express contractual terms of which the payment obligations of the Reference Entity can be discharged or reduced as a result of the occurrence or non-occurrence of an event or circumstance (other than the payment of Instrument Payments).

"Instrument Payments" means (A) in the case of any Insured Instrument that is in the form of a pass-through certificate or similar funded beneficial interest, (x) the specified periodic distributions in respect of interest or other return on the Certificate Balance on or prior to the ultimate distribution of the Certificate Balance and (y) the ultimate distribution of the Certificate Balance on or prior to a specified date and (B) in the case of any other Insured Instrument, the scheduled payments of principal and interest, in the case of both (A) and (B) (1) determined without regard to limited recourse or reduction provisions of the type described in § 6(13)(i)(c) above and (2) excluding sums in respect of default interest, indemnities, tax gross-ups, make-whole amounts, early redemption premiums and other similar amounts (whether or not guaranteed or insured by the Qualifying Policy).

"Certificate Balance" means, in the case of an Insured Instrument that is in the form of a pass-through certificate or similar funded beneficial interest, the unit principal balance, certificate balance or similar measure of unreimbursed principal investment.

- (ii) *Provisions taken from the ISDA supplement titled "Additional Provisions for Physically Settled Default Swaps – Monoline Insurer as Reference Entity" (published on 21 January 2005)*

If § 6(13)(ii) is specified as applicable in the applicable Final Terms, the following provisions will apply:

- (a) *Obligation and Deliverable Obligation.* Sub-paragraph (a) of the definition of "Obligation" in § 6(10) and sub-paragraph (a) of the definition of "Deliverable Obligation" in § 6(10) are hereby amended by adding "or Qualifying Policy" after "or as provider of a Qualifying Affiliate Guarantee".
- (b) *Interpretation of Provisions.* In the event that an Obligation or a Deliverable Obligation is a Qualifying Policy, paragraph (B) of the definition of "Deliverable Obligation" in § 6(10) will apply, with references to the Qualifying Guarantee, the Underlying Obligation and the Underlying Obligor deemed to include the Qualifying Policy, the Insured Instrument and the Insured Obligor, respectively, except that:
 - (A) the Obligation Category Borrowed Money and the Obligation Category and Deliverable Obligation Category Bond shall be deemed to include distributions payable under an Insured Instrument in the form of a pass-

through certificate or similar funded beneficial interest, the Deliverable Obligation Category Bond shall be deemed to include such an Insured Instrument, and the terms "obligation" and "obligor" as used in this § 6 in respect of such an Insured Instrument shall be construed accordingly;

- (B) references in the definitions of Assignable Loan and Consent Required Loan to "the guarantor" and "guaranteeing" shall be deemed to include "the insurer" and "insuring", respectively;
- (C) neither the Qualifying Policy nor the Insured Instrument must satisfy on the relevant date the Deliverable Obligation Characteristic of Accelerated or Matured, whether or not that characteristic is otherwise specified as applicable in the applicable Final Terms;
- (D) if the Assignable Loan, Consent Required Loan, Direct Loan Participation or Transferable Deliverable Obligation Characteristics are specified in the applicable Final Terms and if the benefit of the Qualifying Policy is not transferred as part of any transfer of the Insured Instrument, the Qualifying Policy must be transferable at least to the same extent as the Insured Instrument; and
- (E) with respect to an Insured Instrument in the form of a pass-through certificate or similar funded beneficial interest, the term "Outstanding Principal Balance" shall mean the outstanding Certificate Balance and "maturity", as such term is used in the Maximum Maturity Deliverable Obligation Characteristic, shall mean the specified date by which the Qualifying Policy guarantees or insures, as applicable, that the ultimate distribution of the Certificate Balance will occur.

For the avoidance of doubt, if § 6(14) is specified as applying in the applicable Final Terms the amendments to paragraph (B) of the definition of "Deliverable Obligation" in § 6(10) provided in § 6(13) shall not be construed to apply to Qualifying Policies and Insured Instruments.

- (c) *Not Contingent.* An Insured Instrument will not be regarded as failing to satisfy the Not Contingent Deliverable Obligation Characteristic solely because such Insured Instrument is subject to provisions limiting recourse in respect of such Insured Instrument to the proceeds of specified assets (including proceeds subject to a priority of payments) or reducing the amount of any Instrument Payments owing under such Insured Instrument, provided that such provisions are not applicable to the Qualifying Policy by the terms thereof and the Qualifying Policy continues to guarantee or insure, as applicable, the Instrument Payments that would have been required to be made absent any such limitation or reduction. By specifying that this § 6(13)(ii) is applicable, no inference should be made as to the interpretation of the "Not Contingent" Deliverable Obligation Characteristic in the context of limited recourse or similar terms applicable to Deliverable Obligations other than Qualifying Policies.
- (d) *Deliver.* For the purposes of the definition of "Deliver" in § 6(10), "Deliver" with respect to an obligation that is a Qualifying Policy means to Deliver both the Insured Instrument and the benefit of the Qualifying Policy (or a custodial receipt issued by an internationally recognised custodian representing an interest in such an Insured Instrument and the related Qualifying Policy), and "Delivery" and "Delivered" will be construed accordingly.
- (e) *Provisions for Determining a Successor.* The paragraph commencing "For the purposes of this definition of "Successor" in the definition of "Successor" in § 6(10) is hereby amended by adding "or insurer" after "or guarantor".

- (f) *Substitute Reference Obligation.* The first paragraph of the definition of "Substitute Reference Obligation" and sub-paragraph (b) thereof in § 6(10) is hereby amended by adding "or Qualifying Policy" after "or as provider of a Qualifying Affiliate Guarantee". For purposes of sub-paragraph (a)(ii)(B) the definition of "Substitute Reference Obligation" references to "the Qualifying Guarantee" and the "Underlying Obligation" shall be deemed to include "the Qualifying Policy" and "the Insured Instrument", respectively.
- (g) *Restructuring.*
- (i) With respect to an Insured Instrument that is in the form of a pass-through certificate or similar funded beneficial interest or a Qualifying Policy with respect thereto, sub-paragraphs (i) to (v) inclusive of the definition of "Restructuring" in § 6(10) are hereby amended to read as follows:
- (i) a reduction in the rate or amount of the Instrument Payments in clause (A)(x) of the definition thereof that are guaranteed or insured by the Qualifying Policy;
- (ii) a reduction in the amount of the Instrument Payments described in clause (A)(y) of the definition thereof that are guaranteed or insured by the Qualifying Policy;
- (iii) a postponement or other deferral of a date or dates for either (A) the payment or accrual of the Instrument Payments described in clause (A)(x) of the definition thereof or (B) the payment of the Instrument Payments described in clause (A)(y) of the definition thereof, in each case that are guaranteed or insured by the Qualifying Policy;
- (iv) a change in the ranking in priority of payment of (I) any Obligation under a Qualifying Policy in respect of Instrument Payments, causing the Subordination of such Obligation to any other Obligation or (II) any Instrument Payments, causing the Subordination of such Insured Instrument to any other instrument in the form of a pass-through certificate or similar funded beneficial interest issued by the Insured Obligor, it being understood that, for this purpose, Subordination will be deemed to include any such change that results in a lower ranking under a priority of payments provision applicable to the relevant Instrument Payments; or
- (v) any change in the currency or composition of any payment of Instrument Payments that are guaranteed or insured by the Qualifying Policy to any currency which is not a Permitted Currency.
- (ii) Sub-paragraph (c) of the definition of "Restructuring" in § 6(10) is hereby amended by adding "or, in the case of a Qualifying Policy and an Insured Instrument, where (I) the Qualifying Policy continues to guarantee or insure, as applicable, that the same Instrument Payments will be made on the same dates on which the Qualifying Policy guaranteed or insured that such Instrument Payments would be made prior to such event and (II) such event is not a change in the ranking in the priority of payment of the Qualifying Policy" after "Reference Entity".
- (iii) The definition of "Restructuring" in § 6(10) is hereby amended by the insertion of the following paragraph after the final paragraph thereof:
- "For purposes of the definition of "Restructuring" in § 6(10) and if § 6(12) is specified as applying in the applicable Final Terms for the purposes of §

6(12), the term Obligation shall be deemed to include Insured Instruments for which the Reference Entity is acting as provider of a Qualifying Policy. In the case of a Qualifying Policy and an Insured Instrument, references to the Reference Entity in the definition of "Restructuring" shall be deemed to refer to the Insured Obligor and the reference to the Reference Entity in sub-paragraphs (a) to (c) inclusive in the definition of "Restructuring" shall continue to refer to the Reference Entity."

- (j) *Additional Definitions.*

Qualifying Policies shall exclude any arrangement (i) structured as a surety bond, letter of credit or equivalent legal arrangement or (ii) pursuant to the express contractual terms of which the payment obligations of the Reference Entity can be discharged or reduced as a result of the occurrence or non-occurrence of an event or circumstance (other than the payment of Instrument Payments).

- (h) *Accrual of Interest*

In the case of interest-bearing Securities:

- (i) Notwithstanding anything to the contrary in § 3, the amount of interest payable in respect of each principal amount of Securities which as of the Issue Date had a principal amount equal to the Calculation Amount and an Interest Period, will be the Interest Amount (as defined in paragraph (j) below) in respect of such Interest Period.
- (ii) § 5[(5)][(6)] shall be amended by the deletion of the words "together (if applicable) with interest accrued to (but excluding) the date of redemption" therein.
- (iii) In the case of Securities for which Eligible Liabilities Format is not specified as applicable in the applicable Final Terms, § [9][12] shall be amended by the deletion of the words "together with interest accrued to the date of repayment" therein.
- (iv) In the event that the Securities are redeemed pursuant to § 5[(5)][(6)], § 6(9) or, in the case of Securities for which Eligible Liabilities Format is not specified as applicable in the applicable Final Terms, § [9][12], no interest will be payable in respect of the Securities in respect of which the relevant Interest Payment Date has not occurred on or prior to the date fixed for such redemption, provided that if the date fixed for such redemption falls prior to the first Interest Payment Date, no interest shall be payable in respect of the Securities.

For the avoidance of doubt, in the event that the Securities are redeemed at a time when the Outstanding Principal Amount is equal to zero, no interest will be payable in respect of the Securities.

Interpretation

Each reference in the Conditions to "each principal amount of Securities equal to the Calculation Amount" shall be deemed to be to "each principal amount of Securities which as of the Issue Date had a principal amount equal to the Calculation Amount".

(i)

In the event of any inconsistency between this § 6(26) and any other provision of § 6 or any provision of § 3, the provisions of this § 6(26) will prevail.

"PROVISIONS FOR CREDIT LINKED SECURITIES

Interpretation

Any references herein to an Auction, Convened DC Voting Members, Credit Derivatives Auction Settlement Terms, Credit Derivatives Determinations Committee, DC Resolution, DC Rules, DC Secretary Announcement or Resolution (in each case howsoever described) shall be deemed to be only to that which would be relevant or applicable under or in relation to credit derivatives transactions incorporating the 2014 Definitions.

- In the case of Securities for which more than one Reference Entity is specified in the applicable Final Terms, all references to "the Reference Entity" herein shall be construed to refer to the Reference Entity in respect of which of the relevant determination falls to be made at any relevant time and all related provisions and determinations will be construed accordingly.
- (a)

For the avoidance of doubt no Securities will be considered frustrated, or otherwise void or voidable (whether for mistake or otherwise) solely because:

any relevant Reference Entity does not exist on, or ceases to exist on or following, the Trade Date; and/or

Obligations, Deliverable Obligations or the Reference Obligation do not exist on, or cease to exist on or following, the Trade Date.

- (b) Any references in this § 6 to ISDA will include any other entity which succeeds to or is performing functions previously undertaken by ISDA in relation to Credit Derivatives Determinations Committees and references to Credit Derivatives Determinations Committees in relation to ISDA will include any successor thereto and the Calculation Agent may make such adjustments to this § 6 and the applicable Final Terms as it determines appropriate to account for the application of these provisions.

For the avoidance of doubt, the application of any of § 6(4), § 6(5) or § 6(6) below shall not preclude the application of any such Condition or any other such Condition either contemporaneously or subsequently and in the event that any such Conditions are inconsistent or the Calculation Agent becomes entitled to exercise one or more discretions under one or more of such Conditions, the Calculation Agent may elect in its discretion which Condition(s) shall apply and under which Condition(s) it shall exercise its discretion.

(1) *Auction Settlement*

If a Credit Event Determination Date occurs and "Auction Settlement" is specified in the applicable Final Terms, the Issuer shall give notice to the Securityholders in accordance with § [12][15] and redeem all but not some only of the Securities, each principal amount of Securities equal to the Calculation Amount being redeemed by the Issuer at the Credit Event Redemption Amount on the Credit Event Redemption Date, provided that if the relevant Credit Event Determination Date is subsequently deemed not to have occurred in accordance with the definition thereof in § 6(10), the redemption of the Securities shall be cancelled and the Securities shall continue in accordance with their terms as if the relevant Credit Event Determination Date had not occurred, subject to such adjustments as the Calculation Agent determines appropriate in its sole and absolute discretion to reflect the retrospective effect of this proviso (including, without limitation, adjusting the due date for payment of any amount payable under the Securities). The Issuer shall give notice to the Securityholders in accordance with § [12][15] that the relevant Credit Event Determination Date is deemed not to have occurred as soon as practicable thereafter.

If:

- (x) unless settlement has occurred in accordance with the paragraph above, a Credit Event Determination Date occurs pursuant to sub-paragraph (a) of the definition thereof and on or prior to the Auction Cut-Off Date:
- (i) the DC Secretary publicly announces, with respect to a Credit Event, that (a) no Credit Derivatives Auction Settlement Terms will be published in relation to obligations of appropriate seniority of the Reference Entity (b) the relevant Credit Derivatives Determinations Committee has Resolved that no Credit Derivatives Auction Settlement Terms will be published following a prior public announcement by the DC Secretary to the contrary (the date on which the DC Secretary first makes either such announcement, the "**No Auction Announcement Date**");
 - (ii) no No Auction Announcement Date has occurred but the relevant Credit Derivatives Determinations Committee has not determined that one or more Auctions will be held in accordance with any Credit Derivatives Auction Settlement Terms in relation to obligations of appropriate seniority of the Reference Entity;
 - (iii) an Auction Cancellation Date occurs; or
 - (iv) the Calculation Agent determines that it is not reasonably likely that an Auction will be held in accordance with any Credit Derivatives Auction Settlement Terms in relation to obligations of appropriate seniority of the Reference Entity and gives notice of such to the Issuer (the date on which the Calculation Agent gives such notice, the "**Calculation Agent No Auction Determination Date**"); or

- (y) a Credit Event Determination Date occurs pursuant to sub-paragraph (b) of the definition thereof,

then:

- (A) if "Cash Settlement" is specified as the applicable Fallback Settlement Method in the applicable Final Terms, the Issuer shall redeem the Securities in accordance with § 6(2) below; or
- (B) if "Physical Settlement" is specified as the applicable Fallback Settlement Method in the applicable Final Terms, the Issuer shall redeem the Securities in accordance with § 6(3) below.

If a Credit Event Determination Date occurs and the Securities become redeemable in accordance with this § 6(1), upon payment of the Credit Event Redemption Amount in respect of the Securities the Issuer shall have discharged its obligations in respect of the Securities and shall have no other liability or obligation whatsoever in respect thereof. The Credit Event Redemption Amount may be less than the principal amount of a Security. Any shortfall shall be borne by the Securityholders and no liability shall attach to the Issuer.

(2) *Cash Settlement*

If a Credit Event Determination Date occurs and "Cash Settlement" is specified in the applicable Final Terms or if § 6(1)(A) above applies, the Issuer shall give notice to the Securityholders in accordance with § [12][15] and redeem all but not some only of the Securities, each principal amount of Securities equal to the Calculation Amount being redeemed by the Issuer at the Credit Event Redemption Amount on the Credit Event Redemption Date, provided that if the relevant Credit Event Determination Date is subsequently deemed not to have occurred in accordance with the definition thereof in § 6(10), the redemption of the Securities shall be cancelled and the Securities shall continue in accordance with their terms as if the relevant Credit Event Determination Date had not occurred, subject to such adjustments as the Calculation Agent determines appropriate in its sole and absolute discretion to reflect the retrospective effect of this proviso (including, without limitation, adjusting the due date for payment of any amount payable under the Securities). The Issuer shall give notice to the Securityholders in accordance with § [12][15] that the relevant Credit Event Determination Date is deemed not to have occurred as soon as practicable thereafter.

If a Credit Event Determination Date occurs and the Securities become redeemable in accordance with this § 6(2), upon payment of the Credit Event Redemption Amount in respect of the Securities the Issuer shall have discharged its obligations in respect of the Securities and shall have no other liability or obligation whatsoever in respect thereof. The Credit Event Redemption Amount may be less than the principal amount of a Security. Any shortfall shall be borne by the Securityholders and no liability shall attach to the Issuer.

(3) ^(a) *Physical Settlement*

If a Credit Event Determination Date occurs and "Physical Delivery" is specified in the applicable Final Terms or if § 6(1)(B) above applies, the Issuer shall give notice (such notice a "**Notice of Physical Settlement**") to the Securityholders in accordance with § [12][15] and redeem all but not some only of the Securities, each principal amount of Securities equal to the Calculation Amount being redeemed by Delivery of the Deliverable Obligations comprising the Asset Amount, subject to and in accordance with § 6(7) and (8), provided that if the relevant Credit Event Determination Date is subsequently deemed not to have occurred in accordance with the definition thereof in § 6(10), the redemption of the Securities shall be cancelled and the Securities shall continue in accordance with their terms as if the relevant Credit Event Determination Date had not occurred, subject to such adjustments as the Calculation Agent determines appropriate in its sole and absolute discretion to reflect the retrospective effect of this proviso (including, without limitation, adjusting the due date for payment of any amount payable under the Securities). The Issuer shall give notice to the Securityholders in

accordance with § [12][15] that the relevant Credit Event Determination Date is deemed not to have occurred as soon as practicable thereafter.

In the Notice of Physical Settlement the Issuer shall specify the Deliverable Obligations comprising the Asset Amount that it reasonably expects to Deliver and the Outstanding Principal Balance or Due and Payable Amount, as applicable, or the equivalent amount in the Settlement Currency (in each case, the "**Outstanding Amount**") and, if different, the face amount, of each such Deliverable Obligation and the aggregate Outstanding Amount of such Deliverable Obligations (the "**Aggregate Outstanding Amount**"). **For the avoidance of doubt, the Calculation Agent shall be entitled to select any of the Deliverable Obligations to constitute the Asset Amount, irrespective of their market value.**

The Issuer may, from time to time, amend a Notice of Physical Settlement by delivering a notice to Securityholders in accordance §[12][15] (each such notification, a "**Physical Settlement Amendment Notice**") that the Issuer is replacing, in whole or in part, one or more Deliverable Obligations specified in the Notice of Physical Settlement or a prior Physical Settlement Amendment Notice, as applicable (to the extent the relevant Deliverable Obligation has not been Delivered as of the date such Physical Settlement Amendment Notice is effective). A Physical Settlement Amendment Notice shall specify each replacement Deliverable Obligation that the Issuer will Deliver (each, a "**Replacement Deliverable Obligation**") and shall also specify the Outstanding Amount of each Deliverable Obligation identified in the Notice of Physical Settlement or a prior Physical Settlement Amendment Notice, as applicable, that is being replaced (with respect to each such Deliverable Obligation, the "**Replaced Deliverable Obligation Outstanding Amount**"). The Outstanding Amount of each Replacement Deliverable Obligation identified in a Physical Settlement Amendment Notice shall be determined by applying the Revised Currency Rate to the relevant Replaced Deliverable Obligation Outstanding Amount. The Outstanding Amount of the Replacement Deliverable Obligation(s) specified in any Physical Settlement Amendment Notice in aggregate with the Outstanding Amount of the Deliverable Obligation(s) specified in the Notice of Physical Settlement or any earlier Physical Settlement Amendment Notice which, in each case, are not being replaced must not be greater than the Aggregate Outstanding Amount. Each such Physical Settlement Amendment Notice must be effective on or prior to the Settlement Date (determined without reference to any change resulting from such Physical Settlement Amendment Notice).

(b) Notwithstanding the foregoing, (i) the Issuer may correct any errors or inconsistencies contained in the Physical Settlement Notice or any Physical Settlement Amendment Notice, as applicable, by notice to Securityholders in accordance with §[12][15], prior to the relevant Delivery Date and (ii) if Asset Package Delivery is applicable, the Issuer shall on the NOPS Effective Date, or as soon as reasonably practicable thereafter (but in any case, prior to the Delivery Date), notify the Securityholders in accordance with §[12][15] of the detailed description of the Asset Package, if any, that the Issuer intends to Deliver in lieu of the Prior Deliverable Obligation or Package Observable Bond, if any, specified in the Notice of Physical Settlement or Physical Settlement Amendment Notice, as applicable, it being understood in each case that any such notice shall not constitute a Physical Settlement Amendment Notice.

(c) If "Mod R" is specified as applicable in the applicable Final Terms and Restructuring is the only Credit Event specified in a Credit Event Notice or the subject of the DC Resolution resulting in the occurrence of a Credit Event Determination Date, as applicable, then unless the Deliverable Obligation is a Prior Deliverable Obligation and Asset Package Delivery applies due to a Governmental Intervention a Deliverable Obligation may only be included in the Asset Amount if it (i) is a Fully Transferable Obligation and (ii) has a final maturity date not later than the Restructuring Maturity Limitation Date, in each case, as of both the NOPS Effective Date and the Delivery Date.

If "Mod Mod R" is specified as applicable in the applicable Final Terms and Restructuring is the only Credit Event specified in a Credit Event Notice or the subject of the DC Resolution resulting in the occurrence of a Credit Event Determination Date, as applicable, then unless

the Deliverable Obligation is a Prior Deliverable Obligation and Asset Package Delivery applies due to a Governmental Intervention a Deliverable Obligation may be included in the Asset Amount only if it (i) is a Conditionally Transferable Obligation and (ii) has a final maturity date not later than the applicable Modified Restructuring Maturity Limitation Date, in each case, as of both the NOPS Effective Date and the Delivery Date. Notwithstanding the foregoing, for purposes of this paragraph (c), in the case of a Restructured Bond or Loan with a final maturity date on or prior to the 10-year Limitation Date, the final maturity date of such Bond or Loan shall be deemed to be the earlier of such final maturity date or the final maturity date of such Bond or Loan immediately prior to the relevant Restructuring.

(d) For the purposes of making a determination pursuant to paragraphs (b) or (c) above or the definition of Restructuring Maturity Limitation Date, the final maturity date shall, subject to paragraph (c), be determined on the basis of the terms of the Deliverable Obligation in effect at the time of making such determination and, in the case of a Deliverable Obligation that is due and payable, the final maturity date shall be deemed to be the date on which such determination is made.

(e) Asset Package Delivery will apply if an Asset Package Credit Event occurs, unless (i) such Asset Package Credit Event occurs prior to the Credit Event Backstop Date determined in respect of the Credit Event specified in the Credit Event Notice or DC Credit Event Announcement applicable to the Credit Event Determination Date, as applicable, or if later and the relevant Credit Event Backstop Date was determined pursuant to paragraph (b) thereof, the date that is 60 calendar days prior to the Notice Delivery Date, or (ii) if the Reference Entity is a Sovereign, no Package Observable Bond exists immediately prior to such Asset Package Credit Event.

If a Credit Event Determination Date occurs and the Securities become redeemable in accordance with this § 6(3), upon Delivery of the Deliverable Obligations Deliverable and/or payment of the Cash Settlement Amount, as the case may be, the Issuer shall have discharged its obligations in respect of the Securities and shall have no other liability or obligation whatsoever in respect thereof. The value of such Deliverable Obligations and/or the Cash Settlement Amount may be less than the principal amount of a Security. Any shortfall shall be borne by the Securityholders and no liability shall attach to the Issuer.

(4) *Repudiation/Moratorium Extension.*

Where "Repudiation/Moratorium" is specified as a Credit Event in the applicable Final Terms, the provisions of this § 6(4) shall apply.

Where a Credit Event Determination Date has not occurred on or prior to the Scheduled Maturity Date but the Repudiation/Moratorium Extension Condition has been satisfied on or prior to the Scheduled Maturity Date or, if § 6(6)(y) applies, the Maturity Cut-Off Date and the Repudiation/Moratorium Evaluation Date in respect of the Potential Repudiation Moratorium will in the sole determination of the Calculation Agent, fall after the Scheduled Maturity Date, then the Calculation Agent shall notify the Securityholders in accordance with § [12][15] that a Potential Repudiation/Moratorium has occurred and:

An Asset Transfer Notice may only be delivered (i) if such Security is represented by a Global Security, in such manner as is acceptable to the relevant Clearing System, or (ii) if such Security is in definitive form, in writing or by tested telex.

If the Security is in definitive form, the Security must be delivered together with the duly completed Asset Transfer Notice. An Asset Transfer Notice must:

- (I) is a Deliverable Obligation (other than a Loan) determined in accordance with paragraph (a) of the definition of Deliverable Obligation; or if no such obligation is available,

- (II) is a Loan (other than a Private-side Loan) which constitutes a Deliverable Obligation determined in accordance with paragraph (a) of the definition of Deliverable Obligation;

 - (I) is a Non-Conforming Substitute Reference Obligation (other than a Loan); or if no such obligation is available,

- (b) The Calculation Agent will be responsible for determining, as soon as reasonably practicable after delivery of a Successor Notice and with effect from the Succession Date, any Successor or Successors under paragraph (a) above; provided that the Calculation Agent will not make such determination if, at the time of determination, the DC Secretary has publicly announced that the relevant Credit Derivatives Determinations Committee has Resolved that there is no Successor based on the relevant succession to Relevant Obligations, unless the Calculation Agent, acting in good faith and in a commercially reasonable manner and taking into account the differences between the definition of Successor under the 2014 Definitions and the definition of Successor hereunder and such other factor(s) as it deems appropriate, determines that it is inappropriate to follow such DC Resolutions for the purposes of the Securities.

(22) *Provisions taken from the ISDA supplement titled "Additional Provisions for Monoline Insurer Reference Entities" (published on 15 September 2014)*

If § 6(22) is specified as applicable in the applicable Final Terms, the following provisions will apply:

- (a) *Obligation and Deliverable Obligation.* Sub-paragraph (a) of the definition of "Obligation" in § 6(10) and sub-paragraph (a) of the definition of "Deliverable Obligation" in § 6(10) are hereby amended by adding "or Qualifying Policy" after "or as provider of a Relevant Guarantee".
- (b) *Interpretation of Provisions.* In the event that an Obligation or a Deliverable Obligation is a Qualifying Policy, paragraph (B) of the definition of "Deliverable Obligation" in § 6(10) will apply, with references to the Relevant Guarantee, the Underlying Obligation and the Underlying Obligor deemed to include the Qualifying Policy, the Insured Instrument and the Insured Obligor, respectively, except that:
 - (A) the Obligation Category Borrowed Money and the Obligation Category and Deliverable Obligation Category Bond shall be deemed to include distributions payable under an Insured Instrument in the form of a pass-through certificate or similar funded beneficial interest, the Deliverable Obligation Category Bond shall be deemed to include such an Insured Instrument, and the terms "obligation" and "obligor" as used in this § 6 in respect of such an Insured Instrument shall be construed accordingly;
 - (B) references in the definitions of Assignable Loan and Consent Required Loan to "the guarantor" and "guaranteeing" shall be deemed to include "the insurer" and "insuring", respectively;
 - (C) neither the Qualifying Policy nor the Insured Instrument must satisfy on the relevant date the Deliverable Obligation Characteristic of Accelerated or Matured, whether or not that characteristic is otherwise specified as applicable in the applicable Final Terms;

- (D) if the Assignable Loan, Consent Required Loan, Direct Loan Participation or Transferable Deliverable Obligation Characteristics are specified in the applicable Final Terms and if the benefit of the Qualifying Policy is not transferred as part of any transfer of the Insured Instrument, the Qualifying Policy must be transferable at least to the same extent as the Insured Instrument;
 - (E) with respect to an Insured Instrument in the form of a pass-through certificate or similar funded beneficial interest, the term "maturity", as such term is used in the Maximum Maturity Deliverable Obligation Characteristic, shall mean the specified date by which the Qualifying Policy guarantees or insures, as applicable, that the ultimate distribution of the Certificate Balance will occur; and
 - (F) with respect to a Qualifying Policy and an Insured Instrument, only the Qualifying Policy must satisfy on the relevant date or dates the "Not Subordinated" Obligation Characteristic or Deliverable Obligation Characteristic, if applicable.
- (c) *Outstanding Principal Balance.* References in paragraph (i) of the definition of "Outstanding Principal Balance" in § 6(10) to a Guarantee, the Underlying Obligation and the Underlying Obligor shall be deemed to include a Qualifying Policy, the Insured Instrument and the Insured Obligor respectively. Any provisions of an Insured Instrument limiting recourse in respect of such Insured Instrument to the proceeds of specified assets (including proceeds subject to a priority of payments) or reducing the amount of any Instrument Payments owing under such Insured Instrument shall be disregarded for the purposes of limb (B) of paragraph (ii) of the definition of "Outstanding Principal Balance" provided that such provisions are not applicable to the Qualifying Policy by the terms thereof and the Qualifying Policy continues to guarantee or insure, as applicable, the Instrument Payments that would have been required to be made absent any such limitation or reduction. By specifying that this § 6(22) is applicable, no inference should be made as to the interpretation of the "Outstanding Principal Balance" in the context of limited recourse or similar terms applicable to Deliverable Obligations other than Qualifying Policies.
- (d) *Deliver.* For the purposes of the definition of "Deliver" in § 6(10), "Deliver" with respect to an obligation that is a Qualifying Policy means to Deliver both the Insured Instrument and the benefit of the Qualifying Policy (or a custodial receipt issued by an internationally recognised custodian representing an interest in such an Insured Instrument and the related Qualifying Policy), and "Delivery" and "Delivered" will be construed accordingly.
- (e) *Provisions for Determining a Successor.* Paragraphs (a), (d) and (f) of the definition of "Successor" in § 6(10) are hereby amended by adding "or Qualifying Policy" after each occurrence of "a Relevant Guarantee". Such paragraph (f) will be further amended by adding "or provider of a Qualifying Policy" after "as guarantor or guarantors".
- (f) *Original Non-Standard Reference Obligation, Substitute Reference Obligation and Substitution Event.* The definition of "Original Non-Standard Reference Obligation", paragraph (c)(i) of the definition of "Substitute Reference Obligation" and paragraph (iii) of "Substitution Event" in § 6(10) are hereby amended by adding "or Qualifying Policy" after "a guarantee".
- (g) *Restructuring*
- (i) With respect to an Insured Instrument that is in the form of a pass-through certificate or similar funded beneficial interest or a Qualifying Policy with respect thereto, paragraphs (i) to (v) inclusive of the definition of "Restructuring" in § 6(10) are hereby amended to read as follows:
 - "(i) a reduction in the rate or amount of the Instrument Payments in clause (A)(x) of the definition thereof that are guaranteed or insured by the Qualifying Policy (including by way of redenomination); a reduction in the amount of the Instrument Payments described in clause (A)(y) of the definition thereof that

are guaranteed or insured by the Qualifying Policy (including by way of redenomination);

- (ii) a postponement or other deferral of a date or dates for either (A) the payment or accrual of the Instrument Payments described in clause (A)(x) of the definition thereof or (B) the payment of the Instrument Payments described in clause (A)(y) of the definition thereof, in each case that are guaranteed or insured by the Qualifying Policy;
- (iii) a change in the ranking in priority of payment of (A) any Obligation under a Qualifying Policy in respect of Instrument Payments, causing the Subordination of such Obligation to any other Obligation or (B) any Instrument Payments, causing the Subordination of such Insured Instrument to any other instrument in the form of a pass-through certificate or similar funded beneficial interest issued by the Insured Obligor, it being understood that, for this purpose, Subordination will be deemed to include any such change that results in a lower ranking under a priority of payments provision applicable to the relevant Instrument Payments; or
- (iv) any change in the currency of any payment of Instrument Payments that are guaranteed or insured by the Qualifying Policy to any currency other than the lawful currency of Canada, Japan, Switzerland, the United Kingdom, the United States of America and the euro and any successor currency to any of the aforementioned currencies (which in the case of the euro, shall mean the currency which succeeds to and replaces the euro in whole)."

(ii) Paragraph (d) of the definition of "Restructuring" in § 6(10) is hereby amended by adding "or, in the case of a Qualifying Policy and an Insured Instrument, where (A) the Qualifying Policy continues to guarantee or insure, as applicable, that the same Instrument Payments will be made on the same dates on which the Qualifying Policy guaranteed or insured that such Instrument Payments would be made prior to such event and (B) such event is not a change in the ranking in the priority of payment of the Qualifying Policy" at the end thereof.

(iii) The definition of "Restructuring" in § 6(10) is hereby amended by the insertion of the following paragraph after the final paragraph thereof:

"For purposes of this definition of "Restructuring" and § 6(12), the term "Obligation" shall be deemed to include Insured Instruments for which the Reference Entity is acting as provider of a Qualifying Policy. In the case of a Qualifying Policy and an Insured Instrument, references to the Reference Entity in the first paragraph of this definition of "Restructuring" shall be deemed to refer to the Insured Obligor and the reference to the Reference Entity in the second paragraph of this definition of "Restructuring" shall continue to refer to the Reference Entity."

(h) *Fully Transferable Obligation and Conditionally Transferable Obligation.* In the event that a Fully Transferable Obligation or Conditionally Transferable Obligation is a Qualifying Policy, the Insured Instrument must meet the requirements of the relevant definition and, if the benefit of the Qualifying Policy is not transferred as part of any transfer of the Insured Instrument, the Qualifying Policy must be transferable at least to the same extent as the Insured Instrument. References in the definition of "Conditionally Transferable Obligation" to "the guarantor" and "guaranteeing" shall be deemed to include "the insurer" and "insuring", respectively. With respect to an Insured Instrument in the form of a pass-through certificate or similar funded beneficial interest, the term "final maturity date", as such term is used in § 6(3) and the definition of "Restructuring Maturity Limitation Date", shall mean the specified date by which the Qualifying Policy guarantees or insures, as applicable, that the ultimate distribution of the Certificate Balance will occur.

- (i) *Other Provisions.* For purposes of the definitions of "Credit Event", "Deliver" and "Prohibited Action" in § 6(10) references to the "Underlying Obligation" and the "Underlying Obligor" shall be deemed to include "Insured Instruments" and the "Insured Obligor", respectively.
- (j) *Additional Definitions.*

"Qualifying Policy" means a financial guaranty insurance policy or similar financial guarantee pursuant to which a Reference Entity irrevocably guarantees or insures all Instrument Payments of an instrument that constitutes Borrowed Money (modified as set forth in this § 6(22)) (the **"Insured Instrument"**) for which another party (including a special purpose entity or trust) is the obligor (the **"Insured Obligor"**). Qualifying Policies shall exclude any arrangement (i) structured as a surety bond, letter of credit or equivalent legal arrangement or (ii) pursuant to the express contractual terms of which the payment obligations of the Reference Entity can be discharged or reduced as a result of the occurrence or non-occurrence of an event or circumstance (other than the payment of Instrument Payments).

- (c) each Reference Obligation will be a Deliverable Obligation notwithstanding anything to the contrary in these Terms and Conditions including, but not limited to the definition of "Deliverable Obligation" in § 6(10) and in particular, notwithstanding that the obligation is not an obligation of the Reference Entity.

For the avoidance of doubt, any change to the issuer of an LPN Reference Obligation in accordance with its terms shall not prevent such LPN Reference Obligation constituting a Reference Obligation.

Each LPN Reference Obligation is issued for the sole purpose of providing funds for the LPN Issuer to finance a loan to the Reference Entity. For the purposes of the Securities each such loan shall be an Underlying Loan.

13. If Option V applies and (i) Physical Delivery or (ii) Cash Settlement and/or Physical Delivery applies to the Securities and the Securities are English law Securities other than Credit Linked Securities, the following new § 6[(2)] shall be included:

"[(2)] Physical Delivery.

- (a) In order to obtain delivery of the Asset Amount(s) in respect of a Security (i) if such Security is represented by a Global Security, the Securityholder must deliver to the relevant Clearing System, with a copy to the Issuer not later than the close of business in each place of reception on the Cut-Off Date, a duly completed Asset Transfer Notice or (ii) if such Security is a Definitive Note, the Securityholder must deliver to the Registrar or any Paying Agent with a copy to the Issuer not later than the close of business in each place of reception on the Cut-Off Date, a duly completed Asset Transfer Notice (as defined below).

Forms of the Asset Transfer Notice may be obtained during normal business hours from the specified office of the Registrar or any Paying Agent.

An Asset Transfer Notice may only be delivered if such Security is represented by a Global Security in such manner as is acceptable to the relevant Clearing System or, if such Security is a Definitive Security, in writing or by tested telex together with the Security Certificates to which the relevant Asset Transfer Notice relates.

An Asset Transfer Notice must:

- (1) specify the name and address of the Securityholder, the person from whom the Issuer may obtain details for the delivery of the Asset Amount and any details required for delivery of the Asset Amount;
- (2) if such Security is represented by a Global Security, specify the principal amount of Securities which are the subject of such notice and the number of the Securityholder's account at the relevant Clearing System to be debited with such Securities and irrevocably instruct and authorise the relevant Clearing System to debit the Securityholder's account with such Securities on or before the Delivery Date;
- (3) include an undertaking to pay all Delivery Expenses and if the Security is represented by a Global Security, an authority to debit a specified account of the Securityholder at the relevant Clearing System in respect thereof and to pay such Delivery Expenses; and
- (4) specify an account to which dividends (if any) payable pursuant to this subsection or any other cash amounts are to be paid; and authorise the production of such notice in any applicable administrative or legal proceedings.

No Asset Transfer Notice may be withdrawn after receipt thereof by the relevant Clearing System, the Registrar or a Paying Agent, as the case may be, as provided above. After delivery of an Asset Transfer Notice, the Securityholder may not transfer the Securities which are the subject of such notice.

In the case of Securities represented by a Global Security, upon receipt of such notice, the relevant Clearing System shall verify that the person specified therein as the Securityholder is the holder of the specified principal amount of Securities according to its books.

Failure properly to complete and deliver an Asset Transfer Notice may result in such notice being treated as null and void. Any determination as to whether such notice has been properly completed and delivered as provided in these Conditions shall be made in the case of Securities represented by a Global Security by the relevant Clearing System after consultation with the Issuer and shall be conclusive and binding on the Issuer and the Securityholder and, if such Security is in a definitive form, by the relevant Paying Agent or the Registrar after consultation with the Issuer, and shall be conclusive and binding on the Issuer and the Securityholder.

- (c) Delivery of the Asset Amount in respect of each Security shall be made at the risk of the Securityholder in such commercially reasonable manner as the Calculation Agent shall in its sole discretion determine and notify to the person designated by the Securityholder in the relevant Asset Transfer Notice [**or insert alternative manner of delivery**].

In relation to each Security which is to be redeemed by delivery of the Asset Amount, the Asset Amount will be delivered at the risk of the Securityholder, in the manner provided above on the Maturity Date (such date, subject to adjustment in accordance with this § 6 the "**Delivery Date**"), provided that the Asset Transfer Notice is duly delivered to the Clearing System or any Paying Agent, as the case may be, with a copy to the Issuer, as provided above, not later than the close of business in each place of receipt on [**insert the Cut-Off Date**] (the "**Cut-Off Date**").

If the Securityholder fails to give an Asset Transfer Notice as provided herein with a copy to the Issuer, not later than the close of business in each place of receipt on the Cut-Off Date, then the Asset Amount will be delivered as soon as practicable after the Maturity Date (in which case, such date of delivery shall be the Delivery Date) at the risk of the relevant Securityholder in the manner provided above. For the avoidance of doubt, in such circumstances the relevant Securityholder shall not be entitled to any payment, whether of interest or otherwise, as a result of such Delivery Date falling after the originally designated Delivery Date and no liability in respect thereof shall attach to the Issuer."

14. If the Securities are Credit Linked Securities and (i) Physical Delivery or (ii) Cash Settlement and/or Physical Delivery applies to the Securities, the following amendments will be made to § 6(7)(i):
- (a) the words "or the Registrar" will be inserted after each reference to "Paying Agent" therein;
- (b) the words "and the Registrar" will be inserted after the references to "relevant Clearing System" in the first, third and seventh paragraphs thereof;
- (c) the words "together with the Security Certificates to which the relevant Asset Transfer Notice relates" will be inserted after the words "tested telex" at the end of the third paragraph thereof; and

FORM OF FINAL TERMS

MUSTER DER ENDGÜLTIGEN BEDINGUNGEN¹

Set out below is the form of Final Terms for issues of Securities under the Programme. The Final Terms applicable to a specific issue of Securities will be in the following form, completed to reflect the particular terms of the relevant Securities and their issue.

Nachfolgend aufgeführt ist ein Muster der Endgültigen Bedingungen für Schuldverschreibungen, die im Rahmen des Programms begeben werden. Die Endgültigen Bedingungen, die auf eine konkrete Emission anwendbar sind, werden dem nachfolgenden Muster folgen, das vervollständigt und, soweit erforderlich, geändert wird, um die spezifischen Bedingungen der betreffenden Schuldverschreibungen und ihrer Emission wiederzugeben.

[PROHIBITION OF SALES TO RETAIL INVESTORS IN THE EUROPEAN ECONOMIC AREA

The Securities are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area ("**EEA**"). Consequently no key information document required by Regulation (EU) No 1286/2014 (as amended) (the "**PRIIPs Regulation**") for offering or selling the Securities or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Securities or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation. For these purposes, a **retail investor** means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended) ("**MiFID II**"); (ii) a customer within the meaning of Directive 2002/92/EC (as amended) (IMD), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in Directive 2003/71/EC (as amended).]²

*Die Schuldverschreibungen sind nicht zum Angebot, zum Verkauf oder zur sonstigen Zurverfügungstellung an Kleinanleger im Europäischen Wirtschaftsraum ("**EWR**") bestimmt und sollten Kleinanlegern im EWR nicht angeboten, nicht an diese verkauft und diesen auch nicht in sonstiger Weise zur Verfügung gestellt werden. Entsprechend wurde kein nach der Verordnung (EU) Nr. 1286/2014 in der jeweils geltenden Fassung (die "**PRiIP-Verordnung**") erforderliches Basisinformationsblatt für das Angebot oder den Verkauf oder die sonstige Zurverfügungstellung der Schuldverschreibungen an Kleinanleger im EWR erstellt; daher kann das Angebot oder der Verkauf oder die sonstige Zurverfügungstellung der Schuldverschreibungen an Kleinanleger im EWR nach der PRiIP-Verordnung rechtswidrig sein. Für die Zwecke dieser Bestimmung bezeichnet der Begriff Kleinanleger eine Person, die eines (oder mehrere) der folgenden Kriterien erfüllt: (i) sie ist ein Kleinanleger im Sinne von Artikel 4 Abs. 1 Nr. 11 der Richtlinie 2014/65/EU in der jeweils geltenden Fassung ("**MiFID II**"); (ii) sie ist ein Kunde im Sinne der Richtlinie 2002/92/EG in der jeweils geltenden Fassung (VVR), soweit dieser Kunde nicht als professioneller Kunde im Sinne von Artikel 4 Abs. 1 Nr. 10 MiFID II gilt; oder (iii) sie ist kein qualifizierter Anleger im Sinne der Richtlinie 2003/71/EG in der jeweils geltenden Fassung.]³*

¹⁶ To be considered in case of Registered Securities

Im Fall von Namensschuldverschreibungen (Registered Securities) in Betracht zu ziehen.

¹⁷ The Specified Denomination of the Securities will be at least €1,000 or, in case of Credit Linked Notes, €100,000, (or, in each case, an equivalent amount in another currency). German law Securities will always have only one Specified denomination.

Die festgelegte Stückelung der Schuldverschreibungen entspricht mindestens €1.000 oder €100.000 im Fall von kreditbezogenen Schuldverschreibungen (oder jeweils einem entsprechenden Betrag in einer anderen Währung). Deutschrechtliche Schuldverschreibungen haben immer nur eine Festgelegte Stückelung.

¹⁸ In the case of English law governed Securities, where multiple denominations above €100,000 or equivalent are being used language substantially to the following effect should be used: "[€100,000] and integral multiples of [€1,000] in excess thereof up to and including [€199,000]. No Securities in definitive form will be issued with a denomination above [€199,000]". For Registered Securities, only include the first sentence omitting the words "up to and including [€199,000]".

Im Fall von Schuldverschreibungen, die englischem Recht unterliegen und bei denen mehrfache Stückelungen über €100.000 oder einem entsprechenden Betrag in einer anderen Währungen anwendbar sind, sollte ein Wortlaut verwendet werden, der im Wesentlichen dem Folgendem entspricht: "[€100.000] und ganzzahlige darüber hinausgehende Vielfache von [€1.000] bis zu [€199.000] (einschließlich). Equity/Index Linked Interest Securities Schuldverschreibungen mit aktien-/indexbezogener Verzinsung

⁷⁷ If the Securities are governed by German law ISDA Determination should only be applied in the case of Securities permanently represented by a Permanent Global Note because the ISDA Agreement and the ISDA Definitions have to be attached to the relevant Securities.

Falls die Schuldverschreibungen deutschem Recht unterliegen, sollte ISDA-Feststellung nur dann gewählt werden, wenn die betreffenden Schuldverschreibungen durch eine Dauerglobalurkunde verbrieft werden, weil das ISDA-Agreement und die ISDA Definitions den Schuldverschreibungen beizufügen sind.

FORM OF PRICING SUPPLEMENT MUSTER DES KONDITIONENBLATTS

Set out below is the form of Pricing Supplement for issues of Exempt Securities under the Programme. The Pricing Supplement applicable to a specific issue of Exempt Securities will be substantially in the following form, completed and amended (if necessary) to reflect the particular terms of the relevant Exempt Securities and their issue.

Nachfolgend aufgeführt ist ein Muster des Konditionenblatts für Befreite Schuldverschreibungen, die im Rahmen des Programms begeben werden. Das Konditionenblatt, das auf eine konkrete Emission von Befreiten Schuldverschreibungen anwendbar ist, wird im Wesentlichen dem nachfolgenden Muster folgen, das vervollständigt und, soweit erforderlich, geändert wird, um die spezifischen Bedingungen der betreffenden Befreiten Schuldverschreibungen und ihrer Emission wiederzugeben.

NO PROSPECTUS IS REQUIRED IN ACCORDANCE WITH DIRECTIVE 2003/71/EC FOR THE ISSUE OF SECURITIES DESCRIBED BELOW.

GEMÄß RICHTLINIE 2003/71/EG IST FÜR DIE NACHFOLGEND BESCHRIEBENEN SCHULDVERSCHREIBUNGEN KEIN PROSPEKT ERFORDERLICH.

[PROHIBITION OF SALES TO RETAIL INVESTORS IN THE EUROPEAN ECONOMIC AREA

The Securities are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area ("EEA"). Consequently no key information document required by Regulation (EU) No 1286/2014 (the "**PRIIPs Regulation**") for offering or selling the Securities or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Securities or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation. For these purposes, a "**retail investor**" means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU ("**MiFID II**"); (ii) a customer within the meaning of Directive 2002/92/EC (IMD), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in Directive 2003/71/EC (as amended).]²

[VERBOT DES VERKAUFS AN KLEINANLEGER IM EUROPÄISCHEN WIRTSCHAFTSRAUM

*Die Schuldverschreibungen sind nicht zum Angebot, zum Verkauf oder zur sonstigen Zurverfügungstellung an Kleinanleger im Europäischen Wirtschaftsraum ("EWR") bestimmt und sollten Kleinanlegern im EWR nicht angeboten, nicht an diese verkauft und diesen auch nicht in sonstiger Weise zur Verfügung gestellt werden. Entsprechend wurde kein nach der Verordnung (EU) Nr. 1286/2014 (die "**PRiIP-Verordnung**") erforderliches Basisinformationsblatt für das Angebot oder den Verkauf oder die sonstige Zurverfügungstellung der Schuldverschreibungen an Kleinanleger im EWR erstellt; daher kann das Angebot oder der Verkauf oder die sonstige Zurverfügungstellung der Schuldverschreibungen an Kleinanleger im EWR nach der PRiIP-Verordnung rechtswidrig sein. Für die Zwecke dieser Bestimmung bezeichnet der Begriff "**Kleinanleger**" eine Person, die eines (oder mehrere) der folgenden Kriterien erfüllt: (i) sie ist ein Kleinanleger im Sinne von Artikel 4 Abs. 1 Nr. 11 der Richtlinie 2014/65/EU ("**MiFID II**"); (ii) sie ist ein Kunde im Sinne der Richtlinie 2002/92/EG (VVR), soweit dieser Kunde nicht als professioneller Kunde im Sinne von Artikel 4 Abs. 1 Nr. 10 MiFID II gilt; oder (iii) sie ist kein qualifizierter Anleger im Sinne der Richtlinie 2003/71/EG in der jeweils geltenden Fassung.]*

¹ If the Conditions of the Securities are in the English language only, the Pricing Supplement shall only include the English language sections.

Falls die Bedingungen der Schuldverschreibungen nur englische Sprache vorsehen, enthält das Konditionenblatt nur die englischsprachigen Abschnitte.

² The legend is to be included if "Applicable" is selected in the option "Prohibition of Sales to Retail Investors in the EEA" in Part II. 4. of the Pricing Supplement.

Dieser Text ist einzufügen, wenn "Anwendbar" in der in Teil II. 4. des Konditionenblatts enthaltenen Option "Verbot des Verkaufs an Kleinanleger im EWR" ausgewählt wird.

TAXATION

PROSPECTIVE PURCHASERS OF SECURITIES ARE ADVISED TO CONSULT THEIR OWN TAX ADVISERS AS TO THE TAX CONSEQUENCES OF THE PURCHASE, OWNERSHIP AND DISPOSITION OF SECURITIES.

GENERAL TAXATION INFORMATION

The information provided below does not purport to be a complete summary of the tax law and practice currently available. Potential purchasers of Securities are therefore advised to consult their own tax advisers as to the tax consequences of transactions involving Securities.

Purchasers and/or sellers of Securities may be required to pay stamp taxes and other charges in accordance with the laws and administrative practices of the country in which they are domiciled or deemed to be domiciled for tax purposes in addition to the issue price or (if different) purchase price of the Securities.

Transactions involving Securities (including purchases, transfer or redemption), the accrual or receipt of any interest payable under the Securities and the death of a holder of any Security may have tax consequences which may depend, amongst other things, upon the tax status of the potential purchaser and may relate to stamp duty, stamp duty reserve tax, income tax, corporation tax, capital gains tax and inheritance tax.

RESPONSIBILITY OF THE ISSUER FOR THE WITHHOLDING OF TAXES AT SOURCE

The Issuer does not assume any responsibility for the withholding of taxes at source.

GERMANY

The following is a general discussion of certain German tax consequences of the acquisition, holding and disposal of Securities. It does not purport to be a comprehensive description of all German tax considerations that may be relevant to a decision to purchase Securities, and, in particular, does not consider any specific facts or circumstances that may apply to a particular purchaser. This summary is based on the tax laws of Germany currently in force and as applied on the date of this Prospectus, which are subject to change, possibly with retroactive or retrospective effect.

As each Series or Tranche of Securities may be subject to a different tax treatment due to the specific terms of such Series or Tranche as set out in the respective Final Terms (or Pricing Supplement, in case of Exempt Securities), the following section only provides some general information on the possible tax treatment. Tax consequences that may arise if an investor combines certain series of Securities so that he or she derives a certain return are not discussed herein.

The law as currently in effect provides for a reduced tax rate for certain investment income. The coalition agreement between the German Christdemocratic Party and the Socialdemocratic Party for the formation of a new German federal government provides that the flat tax regime shall be partially abolished. The coalition agreement further specifies that the solidarity surcharge shall be abolished in stages provided that the individual income does not exceed certain thresholds. There is however no draft bill available yet and a lot of details are hence still unclear. That means however that income received by Holders holding the Securities as non-business assets may be taxed at individual progressive income tax rates of up to 45% in the future (plus a 5.5% solidarity surcharge thereon, unless abolished or reduced in the future, and church tax, if applicable to the individual Holder).

Prospective purchasers of Securities are advised to consult their own tax advisors as to the tax consequences of the purchase, ownership and disposal of Securities, including the effect of any state, local or church taxes, under the tax laws of Germany and any country of which they are resident or whose tax laws apply to them for other reasons.

German Tax Residents

The section "German Tax Residents" refers to persons who are tax residents of Germany (*i.e.* persons whose residence, habitual abode, statutory seat, or place of effective management and control is located in Germany).

Withholding tax on ongoing payments and capital gains

Ongoing payments received by a non-business Securityholder will be subject to German withholding tax (*Abgeltungsteuer*) if the Securities are kept or administered in a custodial account with a German branch of a German or non-German bank or financial services institution, a German securities trading company or a German securities trading bank (each, a **"Disbursing Agent"**, *auszahlende Stelle*). The tax rate is 25 per cent. (plus solidarity surcharge at a rate of 5.5 per cent. thereon, the total withholding being 26.375 per cent.). For individual Securityholders who are subject to church tax an electronic information system for church withholding tax purposes applies in relation to investment income, with the effect that church tax will be collected by the Disbursing Agent by way of withholding unless the investor has filed a blocking notice (*Sperrvermerk*) with the German Federal Central Tax Office (*Bundeszentralamt für Steuern*) in which case the investor will be assessed to church tax.

The same treatment applies to capital gains (*i.e.* the difference between the proceeds from the disposal, redemption, repayment or assignment after deduction of expenses directly related to the disposal, redemption, repayment or assignment and the cost of acquisition) derived by a non-business Securityholder provided the Securities have been kept or administered in a custodial account with the same Disbursing Agent since the time of their acquisition. If similar Securities kept or administered in the same custodial account were acquired at different points in time, the Securities first acquired will be deemed to have been sold first for the purposes of determining the capital gains. Where Securities are acquired and/or sold or redeemed in a currency other than Euro, the sales/redemption price and the acquisition costs have to be converted into Euro on the basis of the foreign exchange rates prevailing on the sale or redemption date and the acquisition date respectively with the result that any currency gains or losses are part of the capital gains. If the Issuer exercises the right to substitute the Issuer of the Securities, the substitution might, for German tax purposes, be treated as an exchange of the Securities for new Securities issued by the Substitute. Such a substitution could result in the recognition of a taxable gain or loss for the respective investors. If interest coupons or interest claims are disposed of separately (*i.e.* without the Securities), the proceeds from the disposition are subject to withholding tax. The same applies to proceeds from the payment of interest coupons or interest claims if the Securities have been disposed of separately.

In case the Securities are converted into equity instruments of the Issuer the Holders should not suffer a gain or loss from such conversion. However, the acquisition costs of the Securities should be carried over to the equity instruments received upon conversion and any gain or loss will only be recognized as a gain or loss from the disposal of such instruments and may be subject to a different tax regime and loss deductibility may be further limited.

If Securities qualifying as a forward/futures transaction (*Termingeschäft*) according to sec. 20 para. 2 sent. 1 no. 3 German Income Tax Act (*Einkommensteuergesetz*) are settled by a cash payment, capital gains realised upon exercise (*i.e.* the cash amount received minus directly related costs and expenses, *e.g.* the acquisition costs) are subject to withholding tax. In the event of physical delivery, the acquisition costs of such Securities plus any additional sum paid upon exercise are generally regarded as acquisition costs of the underlying securities received upon physical settlement. Withholding tax may then apply to any gain resulting from the subsequent disposal, redemption, repayment or assignment of the assets received in particular if they are securities. In case of certain assets being the underlying (*e.g.* commodities or currencies) a subsequent sale of the underlying received may not be subject to German withholding tax as outlined in this section but any disposal gain may be fully taxable at the personal income tax rate of the non-business Securityholder.

In case of a physical settlement of certain Securities (not qualifying as forward/futures transactions) which grant the Issuer the right to physically deliver the underlying securities or the Securityholder to demand the physical delivery of the underlying securities instead of a cash payment upon physical delivery the acquisition costs of the Securities may be regarded as proceeds from the disposal, redemption, repayment or assignment of the Securities and hence as acquisition costs of the underlying securities received by the non-business Securityholder upon physical settlement; any consideration received by the Securityholder in addition to the

underlying securities may be subject to withholding tax. To the extent the provision mentioned above is applicable, generally no withholding tax has to be withheld by the Disbursing Agent upon physical settlement as such exchange of the Securities into the underlying securities does not result in a taxable gain for the non-business Securityholder. Costs for the physical settlement may not be tax deductible. However, withholding tax may then apply to any gain resulting from the disposal, redemption, repayment or assignment of the securities received in exchange for the Securities. In this case, the gain will be the difference between the proceeds from the disposal, redemption, repayment or assignment of the underlying securities and the acquisition costs of the Securities (after deduction of expenses related directly to the disposal, if any).

To the extent the Securities have not been kept or administered in a custodial account with the same Disbursing Agent since the time of their acquisition, upon the disposal, redemption, repayment or assignment withholding tax applies at a rate of 26.375 per cent. (including solidarity surcharge, plus church tax, if applicable) to 30 per cent. of the disposal proceeds (plus interest accrued on the Securities ("**Accrued Interest**", *Stückzinsen*), if any), unless the current Disbursing Agent has been notified of the actual acquisition costs of the Securities by the previous Disbursing Agent or by a statement of a bank or financial services institution from another Member State of the European Union or the European Economic Area or from certain other countries (e.g. Switzerland or Andorra).

Pursuant to administrative guidance losses incurred by a Securityholder from bad debt (*Forderungsausfall*) or a waiver of a receivable (*Forderungsverzicht*) are generally not tax -deductible. The same rules should apply if the Securities expire worthless or if the proceeds from the sale of Securities do not exceed the usual transaction costs. However, in a recent case the Federal Tax Court (*Bundesfinanzhof*) did not follow this view holding that losses are deductible against other investment income if they are final, i.e. no further payment can be expected, e.g. upon conclusion of an insolvency procedure over the borrower`s assets. It still needs to be seen whether the tax authorities will follow this view.

According to administrative guidance, where a Security qualifies as a full risk security (*Vollrisikozertifikat*) which provides for several payments to be made to the Securityholder such payments shall qualify as taxable investment income, unless the terms and conditions of the Securities explicitly provide for the redemption or partial redemption during the term of the Securities and these terms and conditions are complied with. If the terms of the Securities do not provide for final payment at maturity or no such payment is made any losses incurred upon expiry of such Securities shall not be tax deductible.

In computing any German tax to be withheld, the Disbursing Agent generally deducts from the basis of the withholding tax negative investment income realised by a non-business Securityholder via the Disbursing Agent (e.g. losses from the sale of other securities with the exception of shares). The Disbursing Agent also deducts Accrued Interest on the Securities or other securities paid separately upon the acquisition of the respective security by a non-business Securityholder via the Disbursing Agent. In addition, subject to certain requirements and restrictions the Disbursing Agent credits foreign withholding taxes levied on investment income in a given year regarding securities held by a non-business Securityholder in the custodial account with the Disbursing Agent to the extent such foreign withholding taxes cannot be reclaimed in the respective foreign country.

Non-business Securityholders are entitled to an annual allowance (*Sparer-Pauschbetrag*) of EUR 801 (EUR 1,602 for couples and partners filing jointly) for all investment income received in a given year. Upon the non-business Securityholder filing an exemption certificate (*Freistellungsauftrag*) with the Disbursing Agent, the Disbursing Agent will take the allowance into account when computing the amount of tax to be withheld. No withholding tax will be deducted if the Securityholder has submitted to the Disbursing Agent a certificate of non-assessment (*Nichtveranlagungs-Bescheinigung*) issued by the competent local tax office.

German withholding tax will not apply to gains from the disposal, redemption, repayment or assignment of Securities held by a corporation while ongoing payments, such as interest payments, are subject to withholding tax (irrespective of any deductions of foreign tax and capital losses incurred). The same may apply where the Securities form part of a trade or business or are related to income from letting and leasing of property, subject to further requirements being met.

Taxation of current income and capital gains

The income tax liability of a private Securityholder deriving income from capital investments under the Securities is, in principle, settled by the tax withheld. To the extent withholding tax has not been levied, such as in case of Securities kept and administered in custody abroad or if no Disbursing Agent is involved in the payment process, the private Securityholder must report his or her income and capital gains derived from the Securities on his or her tax return and then will also be taxed at a rate of 25 per cent. (plus solidarity surcharge thereon and church tax, where applicable). If the withholding tax on a disposal, redemption, repayment or assignment has been calculated from 30 per cent. of the disposal proceeds (rather than from the actual gain), a private Securityholder may and in case the actual gain is higher than 30 per cent. of the disposal proceeds must also apply for an assessment on the basis of his or her actual acquisition costs. Further, a private Securityholder may request that all investment income of a given year is taxed at his or her lower individual tax rate based upon an assessment to tax with any amounts over withheld being refunded. In each case, the deduction of expenses (other than transaction costs) on an itemized basis is not permitted.

Any loss resulting from the Securities can only be offset against investment income of a non-business Securityholder realised in the same or the following years. Any losses realised upon the disposal of shares in stock corporations received in exchange for the Securities can only be offset against capital gains deriving from the disposal of shares.

Where Securities form part of a trade or business or the income from the Securities qualifies as income from the letting and leasing of property the withholding tax, if any, will not settle the personal or corporate income tax liability. Where Securities form part of the property of a trade or business, interest (accrued) must be taken into account as income. Where Securities qualify as zero bonds and form part of a trade or business, each year the part of the difference between the issue or purchase price and the redemption amount attributable to such year must be taken into account. The respective Securityholder will have to report income and related (business) expenses on the tax return and the balance will be taxed at the Securityholder's applicable tax rate. Withholding tax levied, if any, will be credited against the personal or corporate income tax liability of the Securityholder. Where Securities form part of the property of a German trade or business the current income and gains from the disposal, redemption, repayment or assignment of the Securities may also be subject to German trade tax.

Where according to an applicable accounting standard Securities include an embedded derivative the Noteholder may have to account for a receivable and a derivative. The deduction of losses from derivatives may be ring-fenced as follows. Generally, the deductibility of capital losses from Securities that qualify for tax purposes as forward/futures transaction is limited. These losses may only be applied against profits from other forward/futures transactions derived in the same or, subject to certain restrictions, the previous year. Otherwise these losses can be carried forward indefinitely and, within certain limitations, applied against profits from forward/futures transactions in subsequent years. This generally does not apply to forward/futures transactions hedging risks from the Securityholder's ordinary business, unless the underlying is a stock in a corporation. Further special rules apply to credit institutions, financial services institutions and finance companies within the meaning of the German Banking Act.

In the case of physically settled Securities, special limitations may apply to losses from the disposal of an underlying that is a share in a corporation or a unit of an equity investment fund.

German investment taxation

If a Security (in particular a Security which is physically settled by delivery of fund shares, fund units or similar instruments or a Security which replicates the performance of an investment fund was considered to qualify as an investment fund unit within the meaning of the German Investment Tax Act (*Investmentsteuergesetz*), tax consequences different from those discussed above would apply. A Securityholder subject to German taxation may then be required to include into his or her taxable income unrealized gains from the appreciation in value of the Security which may be deemed to be a portion of the fair market value of the Security at the relevant time. In general, the taxed unrealized gains will be deductible in computing the capital gain derived from the disposal, redemption or termination of the Security.

Securityholders not tax-resident in Germany

Interest and capital gains are not subject to German taxation, unless (i) the Securities form part of the business property of a permanent establishment, including a permanent representative, or a fixed base maintained in

Germany by the Securityholder; or (ii) the income otherwise constitutes German-source income. In cases (i) and (ii) a tax regime similar to that explained above in the subsection "*German Tax Residents*" applies.

Non-residents of Germany are, in general, exempt from German withholding tax on interest and capital gains. However, where the income is subject to German taxation as set forth in the preceding paragraph and the Securities are kept or administered in a custodial account with a Disbursing Agent, withholding tax may be levied under certain circumstances. Where Securities are not kept in a custodial account with a Disbursing Agent and interest or proceeds from the disposal, assignment or redemption of a Security or an interest coupon are paid by a Disbursing Agent to a non-resident upon delivery of the Securities or interest coupons, withholding tax generally will also apply. The withholding tax may be refunded based on an assessment to tax or under an applicable tax treaty.

Inheritance and Gift Tax

No inheritance or gift taxes with respect to any Securities will arise under the laws of Germany, if, in the case of inheritance tax, neither the deceased nor the beneficiary, or, in the case of gift tax, neither the donor nor the donee, is a resident of Germany and such Security is not attributable to a German trade or business for which a permanent establishment is maintained, or a permanent representative has been appointed, in Germany. Exceptions from this rule apply to certain German expatriates.

Other Taxes

No stamp, issue or registration taxes or such duties will be payable in Germany in connection with the issuance, delivery or execution of the Securities. Currently, net assets tax (*Vermögensteuer*) is not levied in Germany.

The European Commission and certain EU Member States (including Germany) are currently intending to introduce a financial transactions tax ("**FTT**") (presumably on secondary market transactions involving at least one financial intermediary). It is currently uncertain when the proposed FTT will be enacted by the participating EU Member States and when the FTT will enter into force with regard to dealings with the Securities.

Grossed-up Securities and Special Exception in Germany

According to the Terms and Conditions of the Securities, the Issuer may undertake in case of withholding of taxes at source or deduction of taxes at source for or on account of any present or future taxes, fees, duties, assessments or governmental charges of whatever nature which are imposed or levied by or on behalf of the country of domicile (or residence for tax purposes) of the Issuer or Germany or any political subdivision thereof or any authority or agency therein or thereof having power to tax (the "**Withholding Tax**" in this paragraph), unless withholding of tax by the Issuer is required by law, to pay additional amounts as may be necessary, subject to certain exceptions as set forth in the Terms and the Conditions of the Securities, in order that the net amounts receivable by the Securityholder after the withholding or deduction of such Withholding Tax shall equal the respective amounts which would have been receivable by such Securityholder had no such Withholding Tax been required. In accordance with these exceptions the withholding tax to be withheld by a Disbursing Agent on investment income (*e.g.* interest payments and capital gains) under the flat-tax regime (*Abgeltungsteuer*), the solidarity surcharge (*Solidaritätszuschlag*) thereon and, if applicable, church tax (*Kirchensteuer*) do not constitute such a Withholding Tax. The Issuer may also choose not to undertake to gross up payments as described above. The Final Terms (or Pricing Supplement, in the case of Exempt Securities) of the relevant Securities will specify whether the Terms and Conditions of the respective Securities provide for the obligation to gross up.

LUXEMBOURG

The following information is of a general nature only and is based on the laws presently in force in Luxembourg, though it is not intended to be, nor should it be construed to be, legal or tax advice. The prospective investors in the Securities should therefore consult their own professional advisers as to the effects of state, local or foreign laws, including Luxembourg tax law, to which they may be subject.

Please be aware that the residence concept used under the respective headings below applies for Luxembourg income tax assessment purposes only. Any reference in the present section to a tax, duty, levy, impost or other charge or withholding of a similar nature, or to any other concepts, refers to Luxembourg tax law and/or

concepts only. Also, please note that a reference to Luxembourg income tax encompasses corporate income tax (*impôt sur le revenu des collectivités*), municipal business tax (*impôt commercial communal*), a solidarity surcharge (*contribution au fonds pour l'emploi*) as well as personal income tax (*impôt sur le revenu*) generally. Investors may further be subject to net wealth tax (*impôt sur la fortune*) as well as other duties, levies or taxes. Corporate income tax, municipal business tax as well as the solidarity surcharge invariably apply to most corporate taxpayers resident in Luxembourg for tax purposes. Individual taxpayers are generally subject to personal income tax and the solidarity surcharge. Under certain circumstances, where an individual taxpayer acts in the course of the management of a professional or business undertaking, municipal business tax may apply as well.

Taxations of the Holders of Securities

Withholding Tax

Non-resident holders of Securities

Under Luxembourg general tax laws currently in force, there is no withholding tax on payments of principal, premium or interest made to non-resident holders of Securities, nor on accrued but unpaid interest in respect of the Securities, nor is any Luxembourg withholding tax payable upon redemption or repurchase of the Securities held by non-resident holders of Securities.

Resident holders of Securities

Under Luxembourg general tax laws currently in force and subject to the law of 23 December 2005, as amended (the "**Relibi Law**") mentioned below, there is no withholding tax on payments of principal, premium or interest made to Luxembourg resident holders of Securities, nor on accrued but unpaid interest in respect of Securities, nor is any Luxembourg withholding tax payable upon redemption or repurchase of Securities held by Luxembourg resident holders of Securities.

Under the Relibi Law, payments of interest or similar income made or ascribed by a paying agent established in Luxembourg to an individual beneficial owner who is a resident of Luxembourg will be subject to a withholding tax of 20 per cent. Such withholding tax will be in full discharge of income tax if the beneficial owner is an individual acting in the course of the management of his/her private wealth. Responsibility for the withholding of the tax will be assumed by the Luxembourg paying agent. Payments of interest under the Securities coming within the scope of the Relibi Law will be subject to a withholding tax at a rate of 20 per cent.

Income Taxation

Non-resident holders of Securities

A non-resident holder of Securities, not having a permanent establishment or permanent representative in Luxembourg to which/whom such Securities are attributable, is not subject to Luxembourg income tax on interest accrued or received, redemption premiums or issue discounts, under the Notes. A gain realised by such non-resident holder of Securities on the sale or disposal, in any form whatsoever, of the Securities is further not subject to Luxembourg income tax.

A non-resident corporate holder of Securities or an individual holder of Securities acting in the course of the management of a professional or business undertaking, who has a permanent establishment or permanent representative in Luxembourg to which or to whom such Securities are attributable, is subject to Luxembourg income tax on interest accrued or received, redemption premiums or issue discounts, under the Securities and on any gains realised upon the sale or disposal, in any form whatsoever, of the Securities.

Resident holders of Securities

Holders of Securities who are residents of Luxembourg will not be liable for any Luxembourg income tax on repayment of principal.

- (a) Luxembourg resident corporate holder of Securities

A corporate holder of Securities must include any interest accrued or received, any redemption premium or issue discount, as well as any gain realised on the sale or disposal, in any form whatsoever, of the Securities, in its taxable income for Luxembourg income tax assessment purposes.

A holder of Securities that is governed by the law of 11 May 2007 on family estate management companies, as amended, or by the law of 17 December 2010 on undertakings for collective investment, as amended, or by the law of 13 February 2007 on specialised investment funds, as amended, or by the law of 23 July 2016 on reserved alternative investment funds and which does not fall under the special tax regime set out in article 48 thereof is neither subject to Luxembourg income tax in respect of interest accrued or received, any redemption premium or issue discount, nor on gains realised on the sale or disposal, in any form whatsoever, of the Securities.

(b) Luxembourg resident individual holder of Securities

An individual holder of Securities, acting in the course of the management of his/her private wealth, is subject to Luxembourg income tax at progressive rates in respect of interest received, redemption premiums or issue discounts, under the Securities, except if (i) withholding tax has been levied on such payments in accordance with the Relibi Law, or (ii) the individual holder of the Securities has opted for the application of a 20 per cent. tax in full discharge of income tax in accordance with the Relibi Law, which applies if a payment of interest has been made or ascribed by a paying agent established in a EU Member State (other than Luxembourg), or in a Member State of the European Economic Area (other than a EU Member State). A gain realised by an individual holder of Securities, acting in the course of the management of his/her private wealth, upon the sale or disposal, in any form whatsoever, of Securities is not subject to Luxembourg income tax, provided this sale or disposal took place more than six months after the Securities were acquired. However, any portion of such gain corresponding to accrued but unpaid interest income is subject to Luxembourg income tax, except if withholding tax has been levied on such interest in accordance with the Relibi Law.

An individual holder of Securities acting in the course of the management of a professional or business undertaking must include this interest in its taxable basis. If applicable, the tax levied in accordance with the Relibi Law will be credited against his/her final tax liability.

Net Wealth Taxation

A corporate holder of Securities, whether it is resident of Luxembourg for tax purposes or, if not, it maintains a permanent establishment or a permanent representative in Luxembourg to which such Securities are attributable, is subject to Luxembourg net wealth tax on such Securities, except if the holder of Securities is governed by the law of 11 May 2007 on family estate management companies, as amended, or by the law of 17 December 2010 on undertakings for collective investment, as amended, or by the law of 13 February 2007 on specialised investment funds, as amended, or by the law of 23 July 2016 on reserved alternative investment funds, or is a securitisation company governed by the law of 22 March 2004 on securitisation, as amended, or is a capital company governed by the law of 15 June 2004 on venture capital vehicles, as amended.¹⁹⁰

An individual holder of Securities, whether he/she is resident of Luxembourg or not, is not subject to Luxembourg wealth tax on such Securities.

Other Taxes

In principle, neither the issuance nor the transfer, repurchase or redemption of Securities will give rise to any Luxembourg registration tax or similar taxes.

However, a fixed or *ad valorem* registration duty may be due upon the registration of the Securities in Luxembourg in the case where the Securities are physically attached to a public deed or to any other document subject to mandatory registration, or in the case of a registration of the Securities on a voluntary basis.

¹⁹⁰ Please however note that securitisation companies governed by the law of 22 March 2004 on securitisation, as amended, or capital companies governed by the law of 15 June 2004 on venture capital vehicles, as amended, or reserved alternative investment funds governed by the law of 23 July 2016 and which fall under the special tax regime set out under article 48 thereof may, under certain conditions, be subject to minimum net wealth tax.

Where a holder of Securities is a resident of Luxembourg for tax purposes at the time of his/her death, the Securities are included in his/her taxable estate for inheritance tax assessment purposes.

Gift tax may be due on a gift or donation of Securities if embodied in a Luxembourg deed passed in front of a Luxembourg notary or recorded in Luxembourg.

AUSTRALIA

The following is a general summary of certain Australian tax consequences under the Income Tax Assessment Acts of 1936 and 1997 of Australia (together, "Australian Tax Act") and any relevant regulations, rulings or judicial or administrative pronouncements, at the date of this Prospectus, of payments of interest and certain other amounts on the Securities issued by Deutsche Bank AG, Sydney Branch and certain other matters.

This summary is not exhaustive (in particular, it does not deal with any Australian income tax consequences of acquiring or holding Securities) and should be treated with appropriate caution. In particular, this summary does not deal with the position of certain classes of holders of Securities (including, without limitation, dealers in securities, custodians or other third parties who hold Securities on behalf of other persons). Prospective holders of Securities should also be aware that particular terms of issue of any Series of Securities may affect the tax treatment of that and other Series of Securities. Information regarding taxes in respect of Securities may also be set out in a supplement to this Prospectus or, in case of Exempt Securities, an applicable Pricing Supplement.

This summary is not intended to be, nor should it be construed as legal or tax advice to any particular investor. Prospective holders of Securities should consult their professional advisers on the tax implications of an investment in the Securities for their particular circumstances.

Introduction

The Australian Tax Act characterises securities as either "debt interests" (for all entities) or "equity interests" (for companies) including for the purposes of interest withholding tax ("IWT") and dividend withholding tax. IWT is currently payable at a rate of 10 per cent. of the gross amount of interest paid by Deutsche Bank AG, Sydney Branch to a non-resident of Australia (other than a non-resident acting at or through a permanent establishment in Australia) or a resident acting at or through a permanent establishment outside Australia, unless an exemption is available. For these purposes, interest is defined in section 128A(1AB) of the Australian Tax Act to include amounts in the nature of, or in substitution for, interest and certain other amounts.

Interest withholding tax

An exemption from IWT is available in respect of Securities issued by Deutsche Bank AG, Sydney Branch if those Securities are characterised as "debentures" and are not characterised as "equity interests" for the purposes of the Australian Tax Act and the requirements of section 128F of the Australian Tax Act are satisfied.

Deutsche Bank AG, Sydney Branch intends to issue Securities which will be characterised as "debentures" and are not characterised as "equity interests" for these purposes. If Securities are issued which are not so characterised or which do not satisfy the requirements of section 128F of the Australian Tax Act, further information on the material Australian tax consequences of payments of interest and certain other amounts on those Securities will be specified in a supplement to this Prospectus or, in the case of Exempt Securities, the relevant Pricing Supplement).

The requirements in section 128F for an exemption from IWT in respect of the Securities issued by Deutsche Bank AG, Sydney Branch are as follows:

- Deutsche Bank Aktiengesellschaft is a non-resident carrying on business at or through a permanent establishment in Australia when it issues those Securities and when interest is paid;
- those Securities are issued in a manner which satisfies the public offer test. There are five principal methods of satisfying the public offer test, the purpose of which is to ensure that lenders in capital

markets are aware that Deutsche Bank AG, Sydney Branch is offering those Securities for issue. In summary, the five methods are:

- (i) offers to 10 or more unrelated financiers, securities dealers or entities that carry on the business of investing in securities;
 - (ii) offers to 100 or more investors of a certain type;
 - (iii) offers of listed Securities;
 - (iv) offers via publicly available information sources; and
 - (v) offers to a dealer, manager or underwriter who offers to sell those Securities within 30 days by one of the preceding methods;
- Deutsche Bank Aktiengesellschaft does not know, or have reasonable grounds to suspect, at the time of issue, that any of those Securities or interests in any of those Securities were being, or would later be, acquired, directly or indirectly, by an associate of Deutsche Bank Aktiengesellschaft, except as permitted by section 128F(5) of the Australian Tax Act; and
 - at the time of the payment of interest, Deutsche Bank Aktiengesellschaft does not know, or have reasonable grounds to suspect, that the payee is an associate of Deutsche Bank Aktiengesellschaft, except as permitted by section 128F(6) of the Australian Tax Act.

Compliance with section 128F of the Australian Tax Act

Unless otherwise specified in any supplement to this Prospectus or, in the case of Exempt Securities, an applicable Pricing Supplement, Deutsche Bank AG, Sydney Branch intends to issue Securities in a manner which will satisfy the requirements of section 128F of the Australian Tax Act.

Interest withholding tax exemptions under tax treaties

The Australian Government has signed or announced new or amended double tax conventions with a number of countries (each a "**Specified Country**"), some of which provide for a full exemption from IWT.

In broad terms, once implemented, these double tax conventions effectively prevent IWT applying to interest derived by:

- the government of the relevant Specified Country and certain governmental authorities and agencies in the Specified Country; and
- a "financial institution" which is a resident of a "Specified Country" and which is unrelated to and dealing wholly independently with Deutsche Bank AG, Sydney Branch. The term "financial institution" refers to either a bank or any other form of enterprise which substantially derives its profits by carrying on a business of raising and providing finance. (However, interest under a back-to-back loan or an economically equivalent arrangement will not qualify for this exemption.)

The Australian Federal Treasury maintains a listing of Australia's double tax conventions which provides details of country, status, withholding tax rate limits and Australian domestic implementation which is available to the public at the Federal Treasury's website.

Section 126 of the Australian Tax Act

Section 126 of the Australian Tax Act imposes a type of withholding tax at the current rate of 45 per cent. on the payment of interest on Securities in bearer form if Deutsche Bank AG, Sydney Branch fails to disclose the names and addresses of the holders to the Australian Taxation Office, but is limited in its application to persons in possession of Securities in bearer form who are residents of Australia or non-residents who are engaged in carrying on business in Australia at or through a permanent establishment in Australia. Where interests in

Securities in bearer form are held through Euroclear or Clearstream, Luxembourg, Deutsche Bank AG, Sydney Branch intends to treat the operators of those clearing systems as the holders of those Securities for the purposes of section 126 of the Australian Tax Act.

Other Australian tax matters

Under Australian laws as presently in effect:

- *death duties* – no Securities issued by Deutsche Bank AG, Sydney Branch will be subject to death, estate or succession duties imposed by Australia, or by any political subdivision or authority therein having power to tax, if held at the time of death;
- *stamp duty and other taxes* – on the basis that the Securities are not characterised as "equity interests" for the purposes of the Australian Tax Act, no *ad valorem* stamp, issue, registration or similar taxes are payable in Australia on the issue or transfer of any Securities issued by Deutsche Bank AG, Sydney Branch;
- *withholding taxes* – withholding tax is imposed at the current rate of 47 per cent., and subsequently expected to increase to 47.5% from 1 July 2019) on the payment of interest on Securities unless the relevant holder of Securities has quoted a tax file number ("**TFN**"), in certain circumstances an Australian Business Number ("**ABN**") or proof of some other exception (as appropriate).
- Assuming the requirements of section 128F of the Australian Tax Act are satisfied with respect to the Securities, these rules should not apply to payments to a holder of Securities who is not a resident of Australia for tax purposes and does not hold those Securities in carrying on business at or through a permanent establishment in Australia. Such withholding may be made from payments to holders of Securities who are residents of Australia or non-residents who carry on business at or through a permanent establishment in Australia but who do not quote a TFN, ABN or an appropriate exemption.
- *gains on sale or redemption* – a Securityholder who is a non-resident of Australia and who has never held the Securities in the course of carrying on a business through a permanent establishment in Australia will not be subject to Australian income tax on gains realised on the disposal or redemption of the Securities, provided such gains do not have an Australian source. A gain arising on the sale of the Securities by a non-Australian resident holder to another non-Australian resident where the Securities are sold outside Australia and all negotiations are conducted, and documentation executed, outside Australia, should generally not be regarded as having an Australian source;
- *supply withholding tax* – payments in respect of the Securities can be made free and clear of the "supply withholding tax" imposed under Australia's tax legislation;
- *goods and services tax ("**GST**")* – none of the issue or receipt of the Securities, the payment of principal or interest by Deutsche Bank AG, Sydney Branch nor the disposal of the Securities will give rise to any GST liability in Australia;
- *additional withholdings from certain payments to non-Australian residents* – the Governor-General may make regulations requiring withholding from certain payments to non-Australian residents, (however these rules do not apply to payments of interest or other amounts which are already subject to the current IWT rules or specifically exempt from those rules); and
- *garnishee directions by the Commissioner of Taxation ("**the Commissioner**")* – the Commissioner may give a direction under section 255 of the Australian Tax Act or section 260-5 of Schedule 1 of the Taxation Administration Act 1953 of Australia (or any other analogous provision under another statute) requiring Deutsche Bank AG, Sydney Branch to deduct from any payment to any other entity (including any holder of Securities) any amount in respect of tax payable by that other entity. If Deutsche Bank AG, Sydney Branch is served with such a direction in respect of a holder of Securities, then Deutsche Bank AG, Sydney Branch will comply with that direction and, accordingly, will make any deduction or withholding in connection with that direction.

AUSTRIA

This section on taxation contains a brief summary of the Issuer's understanding with regard to certain important principles which are of significance in connection with the purchase, holding or sale of the Securities in Austria. This summary does not purport to exhaustively describe all possible tax aspects and does not deal with specific situations which may be of relevance for certain potential investors. The following comments are rather of a general nature and included herein solely for information purposes. They are not intended to be, nor should they be construed to be, legal or tax advice. This summary is based on the currently applicable tax legislation, case law and regulations of the tax authorities, as well as their respective interpretation, all of which may be amended from time to time. Such amendments may possibly also be effected with retroactive effect and may negatively impact on the tax consequences described. It is recommended that potential investors in the Securities consult with their legal and tax advisors as to the tax consequences of the purchase, holding or sale of the Securities. Tax risks resulting from the Securities (in particular from a potential qualification as a foreign investment fund within the meaning of sec. 188 of the Austrian Investment Funds Act 2011 (*Investmentfondsgesetz 2011*)) shall in any case be borne by the investor. For the purposes of the following it is assumed that the Securities are legally and factually offered to an indefinite number of persons.

General remarks

Individuals having a domicile (*Wohnsitz*) and/or their habitual abode (*gewöhnlicher Aufenthalt*), both as defined in sec. 26 of the Austrian Federal Fiscal Procedures Act (*Bundesabgabenordnung*), in Austria are subject to income tax (*Einkommensteuer*) in Austria on their worldwide income (unlimited income tax liability; *unbeschränkte Einkommensteuerpflicht*). Individuals having neither a domicile nor their habitual abode in Austria are subject to income tax only on income from certain Austrian sources (limited income tax liability; *beschränkte Einkommensteuerpflicht*).

Corporations having their place of management (*Ort der Geschäftsleitung*) and/or their legal seat (*Sitz*), both as defined in sec. 27 of the Austrian Federal Fiscal Procedures Act, in Austria are subject to corporate income tax (*Körperschaftsteuer*) in Austria on their worldwide income (unlimited corporate income tax liability; *unbeschränkte Körperschaftsteuerpflicht*). Corporations having neither their place of management nor their legal seat in Austria are subject to corporate income tax only on income from certain Austrian sources (limited corporate income tax liability; *beschränkte Körperschaftsteuerpflicht*).

Both in case of unlimited and limited (corporate) income tax liability Austria's right to tax may be restricted by double taxation treaties.

Income taxation

Pursuant to sec. 27(1) of the Austrian Income Tax Act (*Einkommensteuergesetz*), the term investment income (*Einkünfte aus Kapitalvermögen*) comprises:

- income from the letting of capital (*Einkünfte aus der Überlassung von Kapital*) pursuant to sec. 27(2) of the Austrian Income Tax Act, including dividends and interest; the tax basis is the amount of the earnings received (sec. 27a(3)(1) of the Austrian Income Tax Act);
- income from realised increases in value (*Einkünfte aus realisierten Wertsteigerungen*) pursuant to sec. 27(3) of the Austrian Income Tax Act, including gains from the alienation, redemption and other realisation of assets that lead to income from the letting of capital (including zero coupon bonds); the tax basis amounts to the sales proceeds or the redemption amount minus the acquisition costs, in each case including accrued interest (sec. 27a(3)(2)(a) of the Austrian Income Tax Act); and
- income from derivatives (*Einkünfte aus Derivat*) pursuant to sec. 27(4) of the Austrian Income Tax Act, including cash settlements, option premiums received and income from the sale or other realisation of forward contracts like options, futures and swaps and other derivatives such as index certificates (the mere exercise of an option does not trigger tax liability); e.g., in the case of index certificates, the tax basis amounts to the sales proceeds or the redemption amount minus the acquisition costs (sec. 27a(3)(3)(c) of the Austrian Income Tax Act).

Also the withdrawal of the Securities from a securities account (*Depotentnahme*) and circumstances leading to a restriction of Austria's taxation right regarding the Securities vis-à-vis other countries, e.g., a relocation from Austria (*Wegzug*), are in general deemed to constitute a sale (cf. sec. 27(6)(1) and (2) of the Austrian Income Tax Act). The tax basis amounts to the fair market value minus the acquisition costs (sec. 27a(3)(2)(b) of the Austrian Income Tax Act).

Individuals subject to unlimited income tax liability in Austria holding the Securities as non-business assets are subject to income tax on all resulting investment income pursuant to sec. 27(1) of the Austrian Income Tax Act. Investment income from the Securities with an Austrian nexus (*inländische Einkünfte aus Kapitalvermögen*), basically meaning income paid by an Austrian paying agent (*auszahlende Stelle*) or an Austrian custodian agent (*depotführende Stelle*), is subject to withholding tax (*Kapitalertragsteuer*) at a flat rate of 27.5 per cent.; no additional income tax is levied over and above the amount of tax withheld (final taxation pursuant to sec. 97(1) of the Austrian Income Tax Act). Investment income from the Securities without an Austrian nexus must be included in the investor's income tax return and is subject to income tax at the flat rate of 27.5 per cent. In both cases upon application the option exists to tax all income subject to income tax at a flat rate pursuant to sec. 27a(1) of the Austrian Income Tax Act at the lower progressive income tax rate (option to regular taxation pursuant to sec. 27a(5) of the Austrian Income Tax Act). The acquisition costs must not include ancillary acquisition costs (*Anschaffungsnebenkosten*; sec. 27a(4)(2) of the Austrian Income Tax Act). Expenses such as bank charges and custody fees must not be deducted (sec. 20(2) of the Austrian Income Tax Act); this also applies if the option to regular taxation is exercised. Sec. 27(8) of the Austrian Income Tax Act, *inter alia*, provides for the following restrictions on the offsetting of losses: negative income from realised increases in value and from derivatives may be neither offset against interest from bank accounts and other non-securitized claims vis-à-vis credit institutions (except for cash settlements and lending fees) nor against income from private foundations, foreign private law foundations and other comparable legal estates (*Privatstiftungen, ausländische Stiftungen oder sonstige Vermögensmassen, die mit einer Privatstiftung vergleichbar sind*); income subject to income tax at a flat rate pursuant to sec. 27a(1) of the Austrian Income Tax Act may not be offset against income subject to the progressive income tax rate (this equally applies in case of an exercise of the option to regular taxation); negative investment income not already offset against positive investment income may not be offset against other types of income. The Austrian custodian agent has to effect the offsetting of losses by taking into account all of a taxpayer's securities accounts with the custodian agent, in line with sec. 93(6) of the Austrian Income Tax Act, and to issue a written confirmation to the taxpayer to this effect.

Individuals subject to unlimited income tax liability in Austria holding the Securities as business assets are subject to income tax on all resulting investment income pursuant to sec. 27(1) of the Austrian Income Tax Act. Investment income from the Securities with an Austrian nexus is subject to withholding tax at a flat rate of 27.5 per cent. While withholding tax has the effect of final taxation for income from the letting of capital, income from realised increases in value and income from derivatives must be included in the investor's income tax return (nevertheless income tax at the flat rate of 27.5 per cent.). Investment income from the Securities without an Austrian nexus must always be included in the investor's income tax return and is subject to income tax at the flat rate of 27.5 per cent. In both cases, upon application, the option exists to tax all income subject to income tax at a flat rate pursuant to sec. 27a(1) of the Austrian Income Tax Act at the lower progressive income tax rate (option to regular taxation pursuant to sec. 27a(5) of the Austrian Income Tax Act). The flat tax rate does not apply to income from realised increases in value and income from derivatives if realizing these types of income constitutes a key area of the respective investor's business activity (sec. 27a(6) of the Austrian Income Tax Act). Expenses such as bank charges and custody fees must not be deducted (sec. 20(2) of the Austrian Income Tax Act); this also applies if the option to regular taxation is exercised. Pursuant to sec. 6(2)(c) of the Austrian Income Tax Act, depreciations to the lower fair market value and losses from the alienation, redemption and other realisation of financial assets and derivatives in the sense of sec. 27(3) and (4) of the Austrian Income Tax Act, which are subject to income tax at the flat rate of 27.5 per cent., are primarily to be offset against income from realised increases in value of such financial assets and derivatives and with appreciations in value of such assets within the same business unit (*Wirtschaftsgüter desselben Betriebes*); only 55 per cent. of the remaining negative difference may be offset against other types of income.

Pursuant to sec. 7(2) of the Austrian Corporate Income Tax Act (*Körperschaftsteuergesetz*), corporations subject to unlimited corporate income tax liability in Austria are subject to corporate income tax on income in the sense of sec. 27(1) of the Austrian Income Tax Act from the Securities at a rate of 25 per cent. Income in the sense of sec. 27(1) of the Austrian Income Tax Act from the Securities with an Austrian nexus is subject to withholding tax at a flat rate of 27.5 per cent. However, pursuant to sec. 93(1a) of the Austrian Income Tax Act,

the withholding agent may apply a 25 per cent. rate if the debtor of the withholding tax is a corporation. Such withholding tax can be credited against the corporate income tax liability. Under the conditions set forth in sec. 94(5) of the Austrian Income Tax Act withholding tax is not levied in the first place. Losses from the alienation of the Securities can be offset against other income.

Pursuant to sec. 13(3)(1) in connection with sec. 22(2) of the Austrian Corporate Income Tax Act, private foundations (*Privatstiftungen*) pursuant to the Austrian Private Foundations Act (*Privatstiftungsgesetz*) fulfilling the prerequisites contained in sec. 13(3) and (6) of the Austrian Corporate Income Tax Act and holding the Securities as non-business assets are subject to interim taxation at a rate of 25 per cent. on interest income, income from realised increases in value and income from derivatives (*inter alia*, if the latter are in the form of securities). Pursuant to the Austrian tax authorities' view, the acquisition costs must not include ancillary acquisition costs. Expenses such as bank charges and custody fees must not be deducted (sec. 12(2) of the Austrian Corporate Income Tax Act). Interim tax is generally not triggered insofar as distributions subject to withholding tax are made to beneficiaries in the same tax period. Investment income from the Securities with an Austrian nexus is in general subject to withholding tax at a flat rate of 27.5 per cent. However, pursuant to sec. 93(1a) of the Austrian Income Tax Act, the withholding agent may apply a 25 per cent. rate if the debtor of the withholding tax is a corporation. Such withholding tax can be credited against the tax triggered. Under the conditions set forth in sec. 94(12) of the Austrian Income Tax Act withholding tax is not levied.

Individuals and corporations subject to limited (corporate) income tax liability in Austria are taxable on income from the Securities if they have a permanent establishment (*Betriebsstätte*) in Austria and the Securities are attributable to such permanent establishment (cf. sec. 98(1)(3) of the Austrian Income Tax Act, sec. 21(1)(1) of the Austrian Corporate Income Tax Act). In addition, individuals subject to limited income tax liability in Austria are also taxable on interest in the sense of sec. 27(2)(2) of the Austrian Income Tax Act and accrued interest (including from zero coupon bonds) in the sense of sec. 27(6)(5) of the Austrian Income Tax Act from the Securities if the (accrued) interest has an Austrian nexus and if withholding tax is levied on such (accrued) interest. This does not apply to individuals being resident in a state with which automatic exchange of information exists. Interest with an Austrian nexus is interest the debtor of which has its place of management and/or its legal seat in Austria or is an Austrian branch of a non-Austrian credit institution; accrued interest with an Austrian nexus is accrued interest from securities issued by an Austrian issuer (sec. 98(1)(5)(b) of the Austrian Income Tax Act). Under applicable double taxation treaties, relief from Austrian income tax might be available. However, Austrian credit institutions must not provide for such relief at source; instead, the investor may file an application for repayment of tax with the competent Austrian tax office.

Pursuant to sec. 188 of the Austrian Investment Funds Act 2011 as amended in the course of the implementation of Directive 2011/61/EU, the term "foreign investment fund" comprises (i) undertakings for collective investment in transferable securities the member state of origin of which is not Austria; (ii) alternative investment funds pursuant to the Austrian Act on Alternative Investment Fund Managers (*Alternative Investmentfonds Manager-Gesetz*) the state of origin of which is not Austria; and (iii) undertakings not falling within paragraphs (i) and (ii) above which are undertakings subject to a foreign jurisdiction, irrespective of the legal form they are organised in, the assets of which are invested according to the principle of risk-spreading on the basis either of a statute, of the undertaking's articles or of customary exercise, if one of the following conditions is fulfilled: (a) the undertaking is factually, directly or indirectly, not subject to a corporate income tax in its state of residence that is comparable to Austrian corporate income tax; (b) the profits of the undertaking are in its state of residence subject to corporate income tax that is comparable to Austrian corporate income tax, at a rate of less than 15 per cent.; or (c) the undertaking is subject to a comprehensive personal or material tax exemption in its state of residence. Certain collective investment vehicles investing in real estate are exempted. Up to now the tax authorities have not yet adapted the Austrian Investment Fund Guidelines (*Investmentfondsrichtlinien*) to the legislation as currently in force, but the Austrian Ministry of Finance has recently circulated a draft of Investment Fund Guidelines of 2018 for consultation. In case of a qualification as a foreign investment fund, the tax consequences would substantially differ from those described above: A special type of transparency principle would be applied, pursuant to which generally both distributed income as well as deemed income would be subject to Austrian (corporate) income tax.

Inheritance and gift taxation

Austria does not levy inheritance or gift tax.

Certain gratuitous transfers of assets to private law foundations and comparable legal estates (*privatrechtliche Stiftungen und damit vergleichbare Vermögensmassen*) are subject to foundation transfer tax (*Stiftungseingangssteuer*) pursuant to the Austrian Foundation Transfer Tax Act (*Stiftungseingangssteuergesetz*), if the transferor and/or the transferee at the time of transfer have a domicile, their habitual abode, their legal seat and/or their place of management in Austria. Certain exemptions apply in cases of transfers mortis causa of financial assets within the meaning of sec. 27(3) and (4) of the Austrian Income Tax Act (except for participations in corporations) if income from such financial assets is subject to income tax at a flat rate pursuant to sec. 27a(1) of the Austrian Income Tax Act. The tax basis is the fair market value of the assets transferred minus any debts, calculated at the time of transfer. The tax rate generally is 2.5 per cent., with higher rates applying in special cases.

In addition, there is a special notification obligation for gifts of money, receivables, shares in corporations, participations in partnerships, businesses, movable tangible assets and intangibles if the donor and/or the donee have a domicile, their habitual abode, their legal seat and/or their place of management in Austria. Not all gifts are covered by the notification obligation: In case of gifts to certain related parties, a threshold of EUR 50,000 per year applies; in all other cases, a notification is obligatory if the value of gifts made exceeds an amount of EUR 15,000 during a period of five years. Furthermore, gratuitous transfers to foundations falling under the Austrian Foundation Transfer Tax Act described above are also exempt from the notification obligation. Intentional violation of the notification obligation may trigger fines of up to 10 per cent. of the fair market value of the assets transferred.

Further, gratuitous transfers of the Securities may trigger income tax at the level of the transferor pursuant to sec. 27(6)(1) and (2) of the Austrian Income Tax Act (see above).

BELGIUM

The following is a general discussion of certain Belgian tax consequences of the acquisition, holding and disposal of Securities. It does not purport to be a comprehensive description of all tax considerations that may be relevant to a decision to purchase Securities and, in particular, does not consider any specific facts or circumstances that may apply to a particular purchaser. In particular, it does not cover the situation of non-residents nor the tax treatment of securities which may be received upon repurchase or redemption of the Securities. This summary is based on the laws of Belgium currently in force and as applied on the date of this Prospectus, which are subject to change, possibly with retroactive effect. This summary is not intended to constitute, nor should it be construed as, legal or tax advice. Prospective purchasers of Securities are advised to consult their own tax advisers as to the tax consequences of the purchase, ownership and disposal of Securities, including the effect of any taxes under the tax laws of Belgium and each country of which they are residents or whose tax laws apply to them for other reasons.

Any payment of interest (as defined by Belgian tax law) on the Securities made through a paying agent in Belgium will in principle be subject to Belgian withholding tax on the gross amount of the interest, currently at the rate of 30 per cent.

If the repurchase or redemption of Securities by the Issuer is in full or in part settled by means of a delivery of securities or other assets, interest includes any positive difference between the market value of those assets on the date of their payment or attribution and the initial issue price of the Securities. In the event interest is paid in the form of delivery of securities, the market value of those securities will be deemed at least equal to their value (prior to the date of the payment or attribution) as determined in the most recent publication by the Belgian Government of the value of securities listed on a Belgian stock exchange (such publication is issued monthly, on the 20th of each month) or on a similar foreign stock exchange.

For Belgian tax purposes, if interest is in a foreign currency, it is converted into Euro on the date of payment or attribution.

Income tax

Structured Securities

On 25 January 2013, the Belgian tax authorities issued a circular letter on the Belgian tax treatment of income from structured securities characterised by an uncertain return on investment due to the variation of the coupons or the repayment terms at maturity, such as securities whose return is linked to the performance of underlying products. According to the circular letter, the transfer of structured securities to a third party (other than the issuer) results in taxation as interest income of the "*pro rata* interest", calculated on the basis of an unclear formulae. In addition, any amount paid in excess of the initial issue price upon redemption or repayment of the structured securities is considered as interest for Belgian tax purposes. It is highly debatable whether the circular letter is in line with Belgian tax legislation. Furthermore, it is unclear whether the Belgian tax authorities will seek to apply the principles set out in the circular letter to structured Securities (the "**Structured Securities**" for the purposes of the following paragraphs).

It is assumed that any gains realised upon redemption or repayment by the Issuer will indeed be viewed as interest by the Belgian tax authorities (and any such gains are therefore referred to as "interest" for the purposes of the following paragraphs), but that the effective taxation of the "*pro rata* interest" in case of sale to a third party (*i.e.* other than the Issuer) would not be possible, on the basis that it is currently impossible to determine the amount of the "*pro rata* interest".

Repayment or redemption by the Issuer

Belgian resident individuals

Belgian resident individuals, *i.e.* individuals who are subject to Belgian personal income tax (*Personenbelasting/Impôt des personnes physiques*), who are holding the Structured Securities as a private investment are subject to the following tax treatment with respect to the Structured Securities in Belgium. Other rules may be applicable in special situations, in particular when Belgian resident individuals acquire the Structured Securities for professional purposes or when their transactions with respect to the Structured Securities fall outside the scope of the normal management of their own private estate.

Payments of interest on the Structured Securities made through a paying agent in Belgium will in principle be subject to a 30 per cent. withholding tax in Belgium (calculated on the interest received after deduction of any non-Belgian withholding taxes). The Belgian withholding tax constitutes the final income tax for Belgian resident individuals. This means that they do not have to declare the interest obtained on the Structured Securities in their personal income tax return, provided Belgian withholding tax was levied on these interest payments.

Nevertheless, Belgian resident individuals may elect to declare interest on the Structured Securities in their personal income tax return. Also, if the interest is paid outside Belgium without the intervention of a Belgian paying agent, the interest received (after deduction of any non-Belgian withholding tax) must be declared in the personal income tax return. Interest income which is declared this way will in principle be taxed at a flat rate of 30 per cent. (or at the relevant progressive personal income tax rate(s), taking into account the taxpayer's other declared income, whichever is more beneficial) and no local surcharges will be due. The Belgian withholding tax levied may be credited against the Belgian resident individual's income tax liability.

Belgian resident companies

Belgian resident companies, *i.e.* companies that are subject to Belgian Corporate Income Tax (*Vennootschapsbelasting/Impôt des sociétés*), are subject to the following tax treatment with respect to the Structured Securities in Belgium.

Interest received by Belgian resident companies on the Structured Securities will be subject to Belgian corporate income tax at the ordinary corporate income tax rate of 29.58 per cent. (with a reduced rate of 20.40 per cent. applying to the first tranche of EUR 100,000 of taxable income of qualifying small companies), to be reduced to 25 per cent. (and 20 per cent.) as from 1 January 2020 onwards. If the income has been subject to a foreign withholding tax, a foreign tax credit will be applied on the Belgian tax due. For interest income, the foreign tax credit is generally equal to a fraction where the numerator is equal to the foreign tax and the

denominator is equal to 100 minus the rate of the foreign tax, up to a maximum of 15/85 of the net amount received (subject to some further limitations). Capital losses are in principle tax deductible.

Interest payments on the Structured Securities made through a paying agent in Belgium are in principle subject to a 30 per cent. withholding tax, but can under certain circumstances be exempt from Belgian withholding tax, provided that certain formalities are complied with. For zero or capitalisation bonds, an exemption will only apply if the Belgian company and the Issuer are associated companies within the meaning of article 105, 6° of the Royal Decree of 27 August 1993 implementing the Belgian Income Tax Code of 1992. The withholding tax that has been levied is creditable in accordance with the applicable legal provisions.

Belgian non-profit legal entities

Belgian non-profit legal entities, *i.e.* legal entities that are subject to Belgian tax on legal entities (*Rechtspersonenbelasting/impôt des personnes morales*), are subject to the following tax treatment with respect to the Structured Securities in Belgium.

Payments of interest on the Structured Securities made through a paying agent in Belgium will in principle be subject to a 30 per cent. withholding tax in Belgium and no further tax on legal entities will be due on the interest.

However, if the interest is paid outside Belgium without the intervention of a Belgian paying agent and without the deduction of Belgian withholding tax, the Belgian non-profit legal entity itself is responsible for the deduction and payment of the 30 per cent. withholding tax.

Sale to a third party

No Belgian withholding tax should apply to the sale of Structured Securities to a third party.

Belgian resident individuals

Belgian resident individuals, *i.e.* individuals who are subject to Belgian personal income tax (*Personenbelasting/Impôt des personnes physiques*), are currently not liable to Belgian income tax on the capital gains (if any) realised upon disposal of the Structured Securities to a third party, provided that the Structured Securities have not been used for their professional activity and that the capital gain is realised within the scope of the normal management of their private estate. Capital losses realised upon disposal of the Structured Securities held as a non-professional investment are in principle not tax deductible.

However, Belgian resident individuals may be subject to a 33 per cent. Belgian income tax (plus local surcharges) if the capital gains on the Structured Securities are deemed to be speculative or outside the scope of the normal management of the individuals' private estate. Capital losses arising from such transactions are not tax deductible.

Capital gains realised upon transfer of Structured Securities held for professional purposes are taxable at the ordinary progressive income tax rates (plus local surcharges), except for Structured Securities held for more than five years, which are taxable at a separate rate of 16.5 per cent. (plus local surcharges). Capital losses on the Structured Securities incurred by Belgian resident individuals holding the Structured Securities for professional purposes are in principle tax deductible.

Belgian resident companies

Belgian resident companies, *i.e.* companies that are subject to Belgian Corporate Income Tax (*Vennootschapsbelasting/Impôt des sociétés*), are liable to Belgian corporate income tax on the capital gains (if any) realised upon disposal of the Structured Securities to a third party, irrespective of whether such Structured Securities relate to shares or other assets or indices. The current standard corporate income tax rate in Belgium is 29.58 per cent. (with a reduced rate of 20.40 per cent. applying to the first tranche of EUR 100,000 of taxable income of qualifying small companies), to be reduced to 25 per cent. (and 20 per cent.) as from 1 January 2020 onwards.

Capital losses realised upon disposal of the Structured Securities are in principle tax deductible.

Belgian non-profit legal entities

Belgian non-profit legal entities, *i.e.* legal entities that are subject to Belgian tax on legal entities (*Rechtspersonenbelasting/impôt des personnes morales*), are currently not liable to Belgian income tax on capital gains (if any) realised upon disposal of the Structured Securities to a third party.

Capital losses realised upon disposal of the Structured Securities are in principle not tax deductible.

Other Securities

The following summary describes the principal Belgian withholding tax considerations with respect to Securities other than Structured Securities.

For Belgian tax purposes, periodic interest income and amounts paid by the Issuer in excess of the issue price (whether or not on the maturity date) are qualified and taxable as "interest". In addition, if the Securities qualify as fixed income securities within the meaning of article 2, §1, 8° of the Belgian Income Tax Code of 1992, in case of a realisation of the Securities between two interest payment dates, an income equal to the accrued interest corresponding to the period during which the investor held the Securities in the period between the two interest payment dates is also taxable as interest.

For the purposes of the following paragraphs, any such gains and accrued interest are therefore referred to as "interest".

Belgian resident individuals

Belgian resident individuals, *i.e.* individuals who are subject to Belgian personal income tax (*Personenbelasting/Impôt des personnes physiques*), and who hold the Securities as a private investment, are in Belgium subject to the following tax treatment with respect to the Securities.

Other tax rules apply to Belgian resident individuals who do not hold the Securities as a private investment.

Payments of interest on the Securities made through a paying agent in Belgium will in principle be subject to a 30 per cent. withholding tax in Belgium (calculated on the interest received after deduction of any non-Belgian withholding taxes). The Belgian withholding tax constitutes the final income tax for Belgian resident individuals. This means that they do not have to declare the interest obtained on the Securities in their personal income tax return, provided Belgian withholding tax was levied on these interest payments.

Nevertheless, Belgian resident individuals may elect to declare interest on the Securities in their personal income tax return. Also, if the interest is paid outside Belgium without the intervention of a Belgian paying agent, the interest received (after deduction of any non-Belgian withholding tax) must be declared in the personal income tax return. Interest income which is declared this way will in principle be taxed at a flat rate of 30 per cent. (or at the relevant progressive personal income tax rate(s), taking into account the taxpayer's other declared income, whichever is more beneficial) and no local surcharges will be due. The Belgian withholding tax levied may be credited against the Belgian resident individual's income tax liability.

Capital gains realised on the sale of the Securities are in principle tax exempt, unless the capital gains are realised outside the scope of the normal management of one's private estate or unless the capital gains qualify as interest (as defined above). Capital losses are in principle not tax deductible.

Belgian resident companies

Belgian resident companies, *i.e.* companies that are subject to Belgian Corporate Income Tax (*Vennootschapsbelasting/Impôt des sociétés*), are in Belgium subject to the following tax treatment with respect to the Securities.

Interest derived by Belgian resident companies on the Securities and capital gains realised on the Securities will be subject to Belgian Corporate Income Tax at the ordinary corporate income tax rate of 29.58 per cent. (with a reduced rate of 20.40 per cent. applying to the first tranche of EUR 100,000 of taxable income of qualifying small companies), to be reduced to 25 per cent. (and 20 per cent.) as from 1 January 2020 onwards. If the income has been subject to a foreign withholding tax, a foreign tax credit will be applied on the Belgian tax due. For interest income, the foreign tax credit is generally equal to a fraction where the numerator is equal to the foreign tax and the denominator is equal to 100 minus the rate of the foreign tax, up to a maximum of 15/85 of the net amount received (subject to some further limitations). Capital losses are in principle tax deductible.

Interest payments on the Securities made through a paying agent in Belgium are in principle subject to a 30 per cent. withholding tax, but can under certain circumstances be exempt from Belgian withholding tax, provided that certain formalities are complied with. For zero or capitalisation bonds, an exemption will only apply if the Belgian company and the Issuer are associated companies within the meaning of article 105, 6° of the Royal Decree of 27 August 1993 implementing the Belgian Income Tax Code of 1992. The withholding tax that has been levied is creditable in accordance with the applicable legal provisions.

Belgian non-profit legal entities

Belgian non-profit legal entities, *i.e.* legal entities that are subject to Belgian tax on legal entities (*Rechtspersonenbelasting/impôt des personnes morales*), are subject to the following tax treatment with respect to the Securities in Belgium.

Payments of interest on the Securities made through a paying agent in Belgium will in principle be subject to a 30 per cent. withholding tax in Belgium and no further tax on legal entities will be due on the interest.

However, if the interest is paid outside Belgium without the intervention of a Belgian paying agent and without the deduction of Belgian withholding tax, the Belgian non-profit legal entity itself is responsible for the declaration and payment of the 30 per cent. withholding tax.

Capital gains realised on the sale of the Securities are in principle tax exempt, unless the capital gain qualifies as interest (as defined). Capital losses are in principle not tax deductible.

Tax on stock exchange transactions

The sale and acquisition of the Structured Securities and other Securities on the secondary market is subject to a tax on stock exchange transaction (*Taks op de beursverrichtingen/Taxe sur les opérations de bourse*) if (i) executed in Belgium through a professional intermediary, or (ii) deemed to be executed in Belgium, which is the case if the order is directly or indirectly made to a professional intermediary established outside of Belgium, either by private individuals with habitual residence in Belgium, or legal entities for the account of their seat or establishment in Belgium.

The tax is generally due at a rate of currently 0.12 per cent. on each sale and acquisition separately, with a maximum of EUR 1,300 per taxable transaction. A separate tax is due by each party to the transaction, and both taxes are collected by the professional intermediary. However, if the intermediary is established outside of Belgium, the tax will in principle be due by the ordering private individual or legal entity, unless that individual or entity can demonstrate that the tax has already been paid. Professional intermediaries established outside of Belgium can, subject to certain conditions and formalities, appoint a Belgian representative for tax purposes, which will be liable for the tax on stock exchange transactions in respect of the transactions executed through the professional intermediary.

Exemptions apply for certain categories of institutional investors and non-residents. Transactions on the primary market are not subject to this tax.

As stated below, the European Commission has published a proposal for a Directive for a common financial transactions tax ("**FTT**"). The proposal currently stipulates that once the FTT enters into force, the participating Member States shall not maintain or introduce taxes on financial transactions other than the FTT (or VAT as provided in the Council Directive 2006/112/EC of 28 November 2006 on the common system of value added tax). For Belgium, the tax on stock exchange transactions should thus be abolished once the FTT enters into

force. The proposal is still subject to negotiation between the participating Member States and therefore may be changed at any time.

Tax on securities accounts

The law of 7 February 2018 (published in the Belgian State Gazette on 9 March 2018) introduces a tax on securities accounts (*Taks op de effectenrekeningen/Taxe sur les comptes-titres*). Pursuant to this law, Belgian resident and non-resident individuals are taxed at a rate of 0.15 per cent. on their share in the average value of qualifying financial instruments (i.e. shares, share certificates, bonds, bond certificates, units or shares in investment funds or companies (except if acquired or subscribed to in the context of a life insurance or pension savings arrangement), medium-term notes (*kasbons/bons de caisse*) and warrants) held on one or more securities accounts with one or more financial intermediaries during a reference period of 12 consecutive months starting on 1 October and ending on 30 September of the subsequent year (*Tax on Securities Accounts*). However, the first reference period starts as of the day following the publication of the law in the Belgian State Gazette (i.e. on 10 March 2018) and ends on 30 September 2018. However, the tax is not due if the holder's share in the average value of the qualifying financial instruments on those accounts amounts to less than EUR 500,000. If, however, the holder's share in the average value of the qualifying financial instruments on those accounts amounts to EUR 500,000 or more, the Tax on Securities Accounts is due on the entire share of the holder in the average value of the qualifying financial instruments on those accounts (and hence, not only on the part which exceeds the EUR 500,000 threshold).

A financial intermediary is defined as (i) a credit institution or a listed company as defined by Article 1, §2 and §3 of the Law of 25 April 2014 on the legal status and supervision of credit institutions and listed companies and (ii) the investment companies as defined by Article 3, §1 of the Law of 25 October 2016 on access to the activity of investment services and on the legal status and supervision of portfolio management and investment advice companies, which are pursuant to national law admitted to hold financial instruments for the account of customers.

The Tax on Securities Accounts is in principle due by the financial intermediary established or located in Belgium if (i) the holder's share in the average value of the qualifying financial instruments held on one or more securities accounts with said intermediary amounts to EUR 500,000 or more or (ii) the holder instructed the financial intermediary to levy the Tax on Securities Accounts due (eg in case such holder holds qualifying financial instruments on several securities accounts held with multiple intermediaries of which the average value of each of these accounts does not amount to EUR 500,000 or more but of which the holder's share in the total average value of these accounts exceeds EUR 500,000 EUR). If the Tax on Securities Accounts is not paid by the financial intermediary, such Tax on Securities Accounts has to be declared and is due by the holder itself, unless the holder provides evidence that the Tax has already been withheld, declared and paid by an intermediary which is not established or located in Belgium. In that respect, intermediaries located or established outside of Belgium could appoint a Tax on the Securities Accounts representative in Belgium, subject to certain conditions and formalities (*Tax on the Securities Accounts Representative*). Such Tax on the Securities Accounts Representative will then be liable towards the Belgian Treasury for the Tax on the Securities Accounts due and for complying with certain reporting obligations in that respect.

Belgian resident individuals have to report in their annual income tax return all their securities accounts held with one or more financial intermediaries of which they are considered the holder within the meaning of the Tax on Securities Accounts.

Prospective holders of Securities are strongly advised to seek their own professional advice in relation to the Tax on Securities Accounts.

DENMARK

The following is a summary description of the taxation in Denmark of the Securities. The following summary does not purport to be a comprehensive description of all the tax considerations that may be relevant to a decision to acquire, hold or dispose of the Securities, and does not purport to deal with the tax consequences applicable to all categories of investors, some of which may be subject to special rules. The tax considerations for Danish resident investors of acquiring, holding or disposing the securities depend on the investor's tax status and the specific terms applicable to the relevant Securities. Potential investors are in all circumstances

strongly recommended to contact their own tax advisers to clarify the individual consequences of the investment, holding and disposal of the Securities. No representations with respect to the tax consequences of any particular holder are made hereby.

Taxation at source

Under existing Danish tax laws, no general withholding tax or coupon tax will apply to payments of interest or principal or other amounts due on the Securities, other than in certain cases on payments in respect of controlled debt in relation to the Issuer as referred to in The Danish Corporation Tax Act (in Danish "Selskabsskatteloven") of 6 September 2016 (as amended). This will not have any impact on holders of Securities who are not in a relationship whereby they control, or are controlled by, the Issuer, or where the holders of Securities and the Issuer are not controlled by the same group of shareholders.

Moreover, Danish withholding tax on payments of interest or principal or other amounts due on the Securities will not apply where the payment does not have a Danish source.

Resident holders of Securities

Private individuals, including persons who are engaged in financial trade, companies and similar enterprises resident in Denmark for tax purposes or receiving interest on the Securities through their permanent establishment in Denmark are liable to pay tax on such interest.

Capital gains are taxable to individuals and corporate entities in accordance with the Danish Capital and Exchange Gains Act (in Danish "Kursgevinstloven") of 25 October 2016 (as amended) (the "Act"). Gains and losses on Securities held by corporate entities are generally taxed in accordance with a mark-to-market principle (in Danish "lagerprincippet"), i.e. on an unrealised basis. Gains and losses on Securities held by individuals are generally taxed on a realised basis and if the annual gains or losses do not exceed DKK 2,000, the gains or losses will be exempt from taxation. The net gains held by individuals are generally taxed as capital income at a rate of up to 42 per cent in 2018.

A variety of features regarding interest and principal may apply to the Securities. The applicable taxation of capital gains to corporate entities or individuals will depend on the features applicable to the Securities in question.

Structured securities or notes can be designed in many ways and with many different underlying assets or in a way that the yield will depend on various index or currency flows. When structured securities or notes are issued the following tax rules generally apply to the Securities.

Gains and losses on structured securities or notes are generally treated as gains and losses on financial instruments in accordance with section 29(3) of the Act. However, there are exceptions – for example, securities or notes which are adjusted in relation to developments in the consumer prices index (as computed by Statistics Denmark (in Danish "Danmarks Statistik")), the net consumer-price index or a similar index within the European Union or any of its member states.

The gains and losses on structured securities or notes are calculated irrespective of the rules applying to the underlying asset.

Gains and losses on structured securities or notes issued to both corporate entities and individuals are predominantly treated as taxable income in accordance with a mark-to-market principle (in Danish "lagerprincippet"), i.e. on an unrealised basis.

Corporate entities are generally able to deduct losses on structured securities or notes, but individuals may only deduct losses on structured securities or notes against gains on other financial instruments. However, in both cases, certain restrictions or exceptions apply.

Pension funds and other entities governed by the Danish Act on Taxation of Pension Yield (in Danish "Pensionsafkastbeskatningsloven") of 10 October 2014 (as amended) would, irrespective of realisation, be

taxed on annual value increase or decrease of the Securities according to a mark-to-market principle (in Danish "lagerprincippet") as specifically laid down in the act. The net returns are taxed at a flat rate of 15.3 per cent.

Non-resident holders of Securities

Under existing Danish tax laws, payments of interest or principal amounts to any non-resident holders of Securities are not subject to taxation in Denmark, other than in certain cases on payments in respect of controlled debt in relation to the Issuer as referred to above. Thus, no Danish withholding tax will be payable with respect to such payments and any capital gain realised upon the sale, exchange or retirement of Securities, other than in certain cases on payments in respect of controlled debt in relation to the Issuer as referred to under "Taxation at source" above.

This tax treatment applies solely to holders of Securities who are not subject to full tax liability in Denmark, nor are included in a Danish joint taxation scheme and do not carry on business in Denmark through a permanent establishment.

EU Savings Directive

Under the EU Savings Directive, Member States are required to provide to the tax authorities of other Member States details of payments of interest (and other similar income) paid by a person to an individual resident, or to certain other types of entities established in that other Member State except that, for a transitional period, Luxembourg and Austria may instead (unless during that period they elect otherwise) impose a withholding system in relation to such payments (subject to a procedure whereby, on meeting certain conditions, the beneficial owner of the interest or other income may request that no tax be withheld). The European Commission has proposed certain amendments to the Directive, which may, if implemented, amend or broaden the scope of the requirements described above. The EU Savings Directive has been implemented in Denmark pursuant to Executive Order no. 1316 of 20 November 2015 (as amended) under section 8 Å of the Danish Tax Control Act (in Danish "Skattekontrolloven").

FRANCE

The following is a summary addressing only the French compulsory withholding tax treatment of income arising from the Securities and certain transfer tax implications in case of physical delivery of French listed shares in connection with the Securities. This summary is based on the laws and practice in force as of the date of this Prospectus and subject to any changes in law and interpretation and application thereof, which changes could be made with retroactive effect. Investors should be aware that the statements below are of a general nature and do not constitute legal or tax advice and should not be understood as such. Prospective investors should consult their professional advisers so as to determine, in the light of their individual situation, the tax consequences of the subscription, purchase, holding, redemption or disposal of the Securities.

Withholding tax

This summary is prepared on the assumption that the Issuer is not or is not deemed to be (and will not be or deemed to be) a French resident for French tax purposes and the Securities (and any transaction in relation to the Securities) are not (and will not be) attributed or attributable to a French branch or permanent establishment or fixed place of business of the Issuer in France.

Please note that the treatment regarding withholding tax on payments in relation to the Securities will depend on the nature and characterisation of the relevant Securities.

Securities constituting debt instruments for French tax purposes

Payments with respect to Securities which constitute debt instruments for French tax purposes will be made free of any compulsory withholding or deduction for or on account of any taxes of whatsoever nature imposed, levied, withheld, or assessed by France or any political subdivision or taxing authority thereof or therein.

However, if the paying agent (*établissement payeur*) is established in France, pursuant to Article 125 A I of the French Code *général des impôts*, subject to certain limited exceptions, interest and similar income received by individuals who are fiscally domiciled (*domiciliés fiscalement*) in France are subject to a 12.8 per cent. withholding tax, which is deductible from their personal income tax liability in respect of the year in which the payment has been made. Social contributions (CSG, CRDS and other related contributions) are also levied by way of withholding at a global rate of 17.2 per cent. on such interest and similar income received by individuals who are fiscally domiciled (*domiciliés fiscalement*) in France.

Securities not constituting debt instruments for French tax purposes

Payments with respect to Securities which do not constitute debt instruments for French tax purposes would not be subject to any mandatory withholding tax in France.

Transfer tax and other taxes

Please note that the following may be relevant in connection with Securities which may be settled or redeemed by way of physical delivery of certain listed shares (or certain assimilated securities) issued by a company whose registered office is situated in France or securities representing such shares (or assimilated securities).

Pursuant to Article 235 *ter* ZD of the French *Code général des impôts*, a financial transaction tax (the "**French FTT**") is applicable to any acquisition for consideration, resulting in a transfer of ownership, of (i) an equity security (*titre de capital*) within the meaning of Article L 212-1 A of the French *Code monétaire et financier* or an assimilated equity security (*titre de capital assimilé*) within the meaning of Article L 211-41 of the French *Code monétaire et financier*, admitted to trading on a regulated stock exchange when such security is issued by a company whose registered office is situated in France with a market capitalisation of more than 1 billion Euros on 1 December of the year preceding the year in which the imposition occurs (the "**French Shares**") or (ii) a security (*titre*) representing French Shares (irrespective of the location of the registered office of the issuer of such security). The rate of the French FTT is 0.3 per cent. of the acquisition value of the French Shares (or securities representing French Shares). There are a number of exemptions from the French FTT and investors should consult their counsel to identify whether they can benefit from them.

If the French FTT applies to an acquisition of French Shares, this transaction is exempt from transfer taxes (*droits de mutation à titre onéreux*) which generally apply at a rate of 0.1 per cent. to the sale of shares issued by a company whose registered office is situated in France, provided that in case of shares listed on a recognised stock exchange, transfer taxes are due only if the transfer is evidenced by a written deed or agreement.

HONG KONG

The following is a general description of certain Hong Kong tax considerations relating to the Securities and is based on law and relevant interpretations thereof in effect as at the date of this Prospectus, all of which are subject to change, and does not constitute legal or taxation advice. It does not purport to be a complete analysis of all tax considerations relating to the Securities. Prospective holders of Securities who are in any doubt as to their tax position or who may be subject to tax in any jurisdiction are advised to consult their own professional advisers.

Withholding Tax

No withholding tax is payable in Hong Kong in respect of payments of principal or interest on the Securities or in respect of any capital gains arising from the sale of the Securities.

Profits Tax

Hong Kong profits tax is chargeable on every person carrying on a trade, profession or business in Hong Kong in respect of profits arising in or derived from Hong Kong from such trade, profession or business (excluding profits arising from the sale of capital assets).

Under the Inland Revenue Ordinance (Cap. 112) of Hong Kong (the "**Inland Revenue Ordinance**"), as it is currently applied in the Inland Revenue Department, interest on the Securities may be deemed to be profits arising in or derived from Hong Kong from a trade, profession or business carried on in Hong Kong in the following circumstances:

- (i) interest on the Securities is derived from Hong Kong and is received by or accrues to a company, other than a financial institution, carrying on a trade, profession or business in Hong Kong; or
- (ii) interest on the Securities is derived from Hong Kong and is received by or accrues to a person, other than a company, carrying on a trade, profession or business in Hong Kong and is in respect of the funds of that trade, profession or business; or
- (iii) interest on the Securities is received by or accrues to a financial institution (as defined in the Inland Revenue Ordinance) and arises through or from the carrying on by the financial institution of its business in Hong Kong.

Sums received by or accrued to a financial institution by way of gains or profits arising through or from the carrying on by the financial institution of its business in Hong Kong from the sale, disposal and redemption of Securities will be subject to profits tax.

Sums derived from the sale, disposal or redemption of Securities in bearer form will be subject to Hong Kong profits tax where received by or accrued to a person, other than a corporation, who carries on a trade, profession or business in Hong Kong and the sum has a Hong Kong source. Sums received by or accrued to a corporation (other than a financial institution) by way of gains or profits arising through or from the carrying on in Hong Kong by the corporation of its intra-group financing business (as defined in section 16(3) of the Inland Revenue Ordinance) from the sale, disposal or redemption of Securities will be subject to profits tax.

Similarly, such sums in respect of Securities in registered form received by or accrued to either the aforementioned financial institution, person and/or corporation will be subject to Hong Kong profits tax if such sums have a Hong Kong source. The source of such sums will generally be determined by having regard to the manner in which the Securities are acquired and disposed.

Stamp Duty

Stamp duty will not be payable on the issue of Securities in bearer form provided either:

- (i) such Securities are denominated in a currency other than the currency of Hong Kong and are not repayable in any circumstances in the currency of Hong Kong; or
- (ii) such Securities constitute loan capital (as defined in the Stamp Duty Ordinance (Cap. 117) of Hong Kong).

If stamp duty is payable, it is payable by the Issuer on issue of Securities in bearer form at a rate of 3 per cent. of the market value of the Securities at the time of issue.

No stamp duty will be payable on any subsequent transfer of Securities in bearer form.

No stamp duty is payable on the issue of Securities in registered form. Stamp duty may be payable on any transfer of Securities in registered form if the relevant transfer is required to be registered in Hong Kong.

Stamp duty will, however, not be payable on any transfers of Securities in registered form provided that either:

- (ix) the Securities in registered form are denominated in a currency other than the currency of Hong Kong and are not repayable in any circumstances in the currency of Hong Kong; or
- (x) the Securities in registered form constitute loan capital (as defined in the Stamp Duty Ordinance (Cap. 117) of Hong Kong).

If stamp duty is payable in respect of the transfer of Securities in registered form it will be payable at the rate of 0.2 per cent. (of which 0.1 per cent. is payable by the seller and 0.1 per cent. is payable by the purchaser) normally by reference to the value of the consideration. If, in the case of either the sale or purchase of such Securities in registered form, stamp duty is not paid, both the seller and the purchaser may be liable jointly and severally to pay any unpaid stamp duty and also any penalties for late payment. If stamp duty is not paid on or before the due date (two days after the sale or purchase if effected in Hong Kong or 30 days if effected elsewhere) a penalty of up to 10 times the duty payable may be imposed. In addition, stamp duty is payable at the fixed rate of HK\$5 on each instrument of transfer executed in relation to any transfer of the Securities in registered form if the relevant transfer is required to be registered in Hong Kong.

Estate Duty

No estate duty will be payable in respect of Securities in bearer form and Securities in registered form in Hong Kong.

IRELAND

The following is a summary of the Irish withholding tax treatment of the Securities. It is based on the laws and practice of the Revenue Commissioners currently in force in Ireland as at the date of this Prospectus and may be subject to change. The summary does not purport to be a comprehensive description of all of the Irish tax considerations that may be relevant to a decision to purchase, own or dispose of the Securities. The summary does not constitute tax or legal advice and the comments below are of a general nature only and it does not discuss all aspects of Irish taxation that may be relevant to any particular holder of Securities. Prospective investors in the Securities should consult their professional advisers on the tax implications of the purchase, holding, redemption or sale of the Securities and the receipt of payments thereon under any laws applicable to them.

Irish Withholding Tax

Irish withholding tax applies to certain payments including payments of:

- Irish source yearly interest (yearly interest is interest that is capable of arising for a period in excess of one year);
- Irish source annual payments (annual payments are payments that are capable of being made for a period in excess of one year and are pure income-profit in the hands of the recipient); and
- Distributions (including interest that is treated as a distribution under Irish law) made by companies that are resident in Ireland for the purposes of Irish tax,

at the standard rate of income tax (currently 20 per cent.).

On the basis that the Issuer is not resident in Ireland for the purposes of Irish tax, nor does the Issuer operate in Ireland through a branch or agency with which the issue of the Securities is connected, nor are the Securities held in Ireland through a depository or otherwise located in Ireland, then to the extent that payments of interest or annual payments arise on the Securities, such payments should not be regarded as payments having an Irish source for the purposes of Irish taxation.

Accordingly, the Issuer or any paying agent acting on behalf of the Issuer should not be obliged to deduct any amount on account of these Irish withholding taxes from payments made in connection with the Securities.

Separately, for as long as the Securities are quoted on a stock exchange, a purchaser of the Securities should not be obliged to deduct any amount on account of Irish tax from a payment made by it in connection with the purchase of the Securities.

Irish Encashment Tax

Payments on any Securities paid by a paying agent in Ireland or collected or realised by an agent in Ireland acting on behalf of the beneficial owner of Securities will be subject to Irish encashment tax at the standard rate of Irish tax (currently 20 per cent.), unless it is proved, on a claim made in the required manner to the Revenue Commissioners of Ireland, that the beneficial owner of the Securities entitled to the interest or distribution is not resident in Ireland for the purposes of Irish tax and such interest or distribution is not deemed, under the provisions of Irish tax legislation, to be income of another person that is resident in Ireland.

ITALY

The statements herein regarding taxation are based on the laws in force in Italy as at the date of this Prospectus and are subject to any changes in law occurring after such date, which could be made on a retroactive basis. The following summary does not purport to be a comprehensive description of all the tax considerations which may be relevant to a decision to subscribe for, purchase, own or dispose of the securities and does not purport to deal with the tax consequences applicable to all categories of investors, some of which (such as dealers in securities or commodities) may be subject to special rules.

Prospective purchasers of Securities should consult their tax advisers as to the overall tax consequences of acquiring, holding and disposing of the Securities.

As clarified by the Italian tax authorities in resolution No. 72/E of 12 July 2010, the Italian tax consequences of the purchase, ownership and disposal of the Securities may be different depending on whether:

- (d) they represent a securitized debt claim, implying a static "use of capital" (*impiego di capitale*), through which the subscriber of the Securities transfers to the Issuer a certain amount of capital for the purpose of obtaining a remuneration on the same capital and subject to the right to obtain its (partial or entire) reimbursement at maturity; or
- (e) they represent a securitized derivative financial instrument or bundle of derivative financial instruments not entailing a "use of capital", through which the subscriber of the Securities invests indirectly in underlying financial instruments for the purpose of obtaining a profit deriving from the negotiation of such underlying financial instruments.

Tax treatment of Securities issued by an Italian resident Issuer

Legislative Decree No. 239 of 1 April 1996 ("**Decree 239**"), as subsequently amended, provides for the applicable regime with respect to the tax treatment of interest, premium and other income (including the difference between the redemption amount and the issue price) from securities issued, *inter alia*, by Italian banks (which definition should also include Italian branches of foreign banks when the issuance is made through the branch, is attributable to the latter and the relevant liability is accounted by the branch, according to the prevailing interpretation of Italian tax law), falling within the category of bonds (*obbligazioni*) or debentures similar to bonds (*titoli similari alle obbligazioni*). For this purpose, debentures similar to bonds are debt instruments implying a "use of capital" issued in mass that incorporate an unconditional obligation to pay, at redemption, an amount not lower than their nominal value and that do not allow a direct or indirect participation in the management of the issuer.

Italian resident Securityholders

Where an Italian resident holder is (i) an individual not engaged in an entrepreneurial activity to which the Securities are connected (unless the individual has opted for the application of the "*risparmio gestito*" regimes – see the section entitled "*Capital Gains Tax*" below), (ii) a non-commercial partnership, (iii) a non-commercial private or public institution, or (iv) an investor exempt from Italian corporate income taxation, interest, premium and other income relating to the Securities are subject to a tax withheld at source, referred to as *imposta sostitutiva*, levied at the rate of 26 per cent. If the Securityholders described under (i) or (iii) above are engaged in an entrepreneurial activity to which the Securities are connected, the *imposta sostitutiva* applies as a provisional tax.

Subject to certain limitations and requirements (including a minimum holding period), Italian resident individuals not acting in connection with an entrepreneurial activity or social security entities pursuant to Legislative Decree No. 509 of 30 June 1994 and Legislative Decree No. 103 of 10 February 1996 may be exempt from any income taxation, including the *imposta sostitutiva*, on interest, premium and other income relating to the Securities if the Securities are included in a long-term individual savings account (*piano individuale di risparmio a lungo termine*) that meets the requirements set forth in Article 1(100-114) of Law No. 232 of 11 December 2016, as subsequently amended (the "**Finance Act 2017**").

Where an Italian resident Securityholder is a company or similar commercial entity or a permanent establishment in Italy of a foreign company to which the Securities are effectively connected and the Securities are deposited with an authorised intermediary, interest, premium and other income from the Securities will not be subject to *imposta sostitutiva*, but must be included in the relevant Securityholder's annual income tax return and are therefore subject to general Italian corporate taxation ("**IRES**") (and in certain circumstances, depending on the "*status*" of the holder, also to the regional tax on productive activities ("**IRAP**").

Under the current regime provided by Law Decree No. 351 of 25 September 2001 converted into law with amendments by Law No. 410 of 23 November 2001 ("**Decree 351**"), Law Decree No. 78 of 31 May 2010, converted into Law No. 122 of 30 July 2010 and Legislative Decree No. 44 of 4 March 2014, all as amended, payments of interest, premiums or other proceeds in respect of the Securities made to Italian resident real estate investment funds established pursuant to Article 37 of Legislative Decree No. 58 of 24 February 1998, as amended and supplemented, or pursuant to Article 14-bis of Law No. 86 of 25 January 1994 and Italian real estate SICAFs ("**Real Estate SICAFs**") are subject neither to *imposta sostitutiva* nor to any other income tax in the hands of a real estate investment fund and a Real Estate SICAFs.

If the investor is resident in Italy and is an open-ended or closed-ended investment fund, a SICAF (an investment company with fixed share capital) or a SICAV (an investment company with variable capital) established in Italy (the "**Fund**") and either (i) the Fund or (ii) its manager is subject to the supervision of a regulatory authority, and the relevant Securities are held by an authorised intermediary, interest, premium and other income accrued during the holding period on such Securities will not be subject to *imposta sostitutiva*, but must be included in the management results of the Fund. The Fund will not be subject to taxation on such results but a substitute tax of 26 per cent. will apply, in certain circumstances, to distributions made in favour of unitholders or shareholders (the "**Collective Investment Fund Tax**").

Where an Italian resident holder is a pension fund (subject to the regime provided for by Article 17 of the Legislative Decree No. 252 of 5 December 2005) and the Securities are deposited with an authorised intermediary, interest, premium and other income relating to the Securities and accrued during the holding period will not be subject to *imposta sostitutiva*, but must be included in the result of the relevant portfolio accrued at the end of the tax period, to be subject to a 20 per cent. substitute tax. Subject to certain conditions (including minimum period requirement) and limitations, interest, premium and other income relating to the Securities may be excluded from the taxable base of the 20 per cent. substitute tax if the Securities are included in a long-term savings account (*piano individuale di risparmio a lungo termine*) that meets the requirements set forth in Article 1 (100-114) of Finance Act 2017.

Pursuant to Decree 239, *imposta sostitutiva* is applied by banks, Italian investment companies (*società di intermediazione mobiliare*) ("**SIMs**"), fiduciary companies, Italian asset management companies (*società di gestione del risparmio*) ("**SGRs**"), stockbrokers and other entities identified by a Decree of the Ministry of Economy and Finance (each an "**Intermediary**").

An Intermediary must (i) be resident in Italy or be a permanent establishment in Italy of a non-Italian resident financial intermediary and (ii) intervene, in any way, in the collection of interest or in the transfer of the Securities. For the purpose of the application of the *imposta sostitutiva*, a transfer of Securities includes any assignment or other act, either with or without consideration, which results in a change of the ownership of the relevant Securities or in a change of the Intermediary with which the Securities are deposited.

Where the Securities are not deposited with an Intermediary, the *imposta sostitutiva* is applied and withheld by any entity paying interest to a holder.

Non-Italian resident Securityholders

Where the Securities are issued by an Italian resident Issuer and the Securityholder is a non-Italian resident without a permanent establishment in Italy to which the Securities are connected, an exemption from the *imposta sostitutiva* applies provided that the non-Italian resident beneficial owner is either (i) resident, for tax purposes, in a country which allows a satisfactory exchange of information with Italy as listed in the Italian Ministerial Decree of 4 September 1996, as amended by Ministerial Decree of 23 March 2017 and possibly further amended by future decrees issued pursuant to Article 11(4)(c) of Decree 239 (as amended by Legislative Decree No.147 of 14 September 2015) (the "**White List**"); or (ii) an international body or entity set up in accordance with international agreements which have entered into force in Italy; or (iii) a Central Bank or an entity which manages, *inter alia*, the official reserves of a foreign State; or (iv) an institutional investor which is incorporated in a country included in the White List, even if it does not possess the status of a taxpayer in its own country of residence.

The *imposta sostitutiva* will be applicable at the rate of 26 per cent. (or in any case at the reduced rate provided for by the applicable double tax treaty, if any) to interest, premium and other income paid to holders which are resident, for tax purposes, in countries which do not allow a satisfactory exchange of information with Italy.

In order to ensure gross payment, non-Italian resident holders must be the beneficial owners of the payments of interest, premium or other income and (i) deposit, directly or indirectly, the Securities with a resident bank or SIM or a permanent establishment in Italy of a non-Italian resident bank or SIM or with a non-Italian resident entity or company participating in a centralised securities management system which is in contact, via computer, with the Ministry of Economy and Finance; and (ii) file with the relevant depository, prior to or concurrently with the deposit of the Securities, a statement of the relevant holder, which remains valid until withdrawn or revoked, in which the holder declares to be eligible to benefit from the applicable exemption from *imposta sostitutiva*. Such statement, which is not requested for international bodies or entities set up in accordance with international agreements which have entered into force in Italy or in the case of foreign Central Banks or entities which manage, *inter alia*, the official reserves of a foreign State, must comply with the requirements set forth by Ministerial Decree of 12 December 2001, as subsequently amended.

Tax treatment of Securities issued by a non-Italian resident issuer

Decree 239 provides for the applicable regime with respect to the tax treatment of interest, premium and other income, including the difference between repayment amount and the issue price, from securities falling within the category of bonds (*obbligazioni*) or debentures similar to bonds (*titoli similari alle obbligazioni*) issued, *inter alia*, by non-Italian issuers. For this purpose, bonds and debentures similar to bonds are securities that incorporate an unconditional obligation to pay, at redemption, an amount not lower than their nominal value and which do not grant the holder any direct or indirect right of participation to (or of control of) to management of the Issuer.

Italian resident Securityholders

Where the Italian resident Securityholder is (a) an individual not engaged in an entrepreneurial activity to which the relevant Securities are connected (unless he has opted for the application of the "*risparmio gestito*" regime - see under "*Capital gains tax*", below); (b) a non-commercial partnership; (c) a non-commercial private or public institution; or (d) an investor exempt from Italian corporate income taxation, interest, premium and other income relating to the Securities, accrued during the relevant holding period, are subject to a substitute tax, referred to as *imposta sostitutiva*, levied at the rate of 26 per cent. In the event that Securityholders described under (a) and (c) above are engaged in an entrepreneurial activity to which the Securities are connected, the *imposta sostitutiva* applies as a provisional tax.

Subject to certain limitations and requirements (including a minimum holding period), Italian resident individuals not acting in connection with an entrepreneurial activity or social security entities pursuant to Legislative Decree No. 509 of 30 June 1994 and Legislative Decree No. 103 of 10 February 1996 may be exempt from any income taxation, including the *imposta sostitutiva*, on interest, premium and other income relating to the Securities if the Securities are included in a long-term individual savings account (*piano individuale di risparmio a lungo termine*) that meets the requirements set forth in Article 1(100-114) of Finance Act 2017.

Where an Italian resident Securityholder is a company or similar commercial entity or a permanent establishment in Italy of a foreign company to which the Securities are effectively connected and the Securities are deposited with an authorised intermediary, interest, premium and other income from the Securities will not be subject to *imposta sostitutiva*, but must be included in the relevant Securityholder's income tax return and are therefore subject to IRES (and, in certain circumstances, depending on the "status" of the Securityholder, also to IRAP).

Under the current regime provided by Decree 351, Law Decree No. 78 of 31 May 2010, converted into Law No. 122 of 30 July 2010 and Legislative Decree No. 44 of 4 March 2014, all as amended, payments of interest, premiums or other proceeds in respect of the Securities made to Italian resident real estate investment funds established pursuant to Article 37 of Legislative Decree No. 58 of 24 February 1998, as amended and supplemented, and Article 14-bis of Law No. 86 of 25 January 1994 and Real Estate SICAF are subject neither to *imposta sostitutiva* nor to any other income tax in the hands of a real estate investment fund or a Real Estate SICAF.

If the investor is a Fund, and the relevant Securities are held by an authorised intermediary, interest, premium and other income accrued during the holding period on the Securities will not be subject to *imposta sostitutiva*, but must be included in the management results of the Fund. The Fund will not be subject to taxation on such results but the Collective Investment Fund Tax will apply, in certain circumstances, to distributions made in favour of unitholders and shareholders.

Where an Italian resident Securityholder is a pension fund (subject to the regime provided for by Article 17 of the Legislative Decree No. 252 of 5 December 2005) and the Securities are deposited with an authorised intermediary, interest, premium and other income relating to the Securities and accrued during the holding period will not be subject to *imposta sostitutiva*, but must be included in the result of the relevant portfolio accrued at the end of the tax period, to be subject to a 20 per cent. substitute tax. Subject to certain conditions (including minimum holding period requirement) and limitations, interest, premium and other income relating to the Securities may be excluded from the taxable base of the 20 per cent. substitute tax if the Securities are included in a long-term savings account (*piano individuale di risparmio a lungo termine*) that meets the requirements set forth in Article 1 (100-114) of Finance Act 2017.

Pursuant to Decree 239, *imposta sostitutiva* is applied by an Intermediary.

Where the Securities are not deposited with an Intermediary, the *imposta sostitutiva* is applied and withheld by any entity paying interest to a Securityholder.

Non-Italian resident Securityholders

For Securities issued by a non-Italian resident issuer, no Italian *imposta sostitutiva* is applied on payments to a non-Italian resident Securityholder of interest or premium relating to the Securities provided that, if the Securities are held in Italy, the non-Italian resident Securityholder declares itself to be a non-Italian resident according to Italian tax regulations.

Atypical securities

Interest payments relating to Securities that are not deemed to fall within the category of bonds (*obbligazioni*) or debentures similar to bonds (*titoli simili alle obbligazioni*) may be subject to a withholding tax, levied at the rate of 26 per cent. For this purpose, debentures similar to bonds are securities that incorporate an unconditional obligation to pay, at maturity, an amount not lower than their nominal value.

Subject to certain limitations and requirements (including a minimum holding period), Italian resident individuals not acting in connection with an entrepreneurial activity or social security entities pursuant to Legislative Decree No. 509 of 30 June 1994 and Legislative Decree No. 103 of 10 February 1996 may be exempt from any income taxation, including the withholding tax on interest, premium and other income relating to the Securities that are classified as atypical securities, if the Securities are included in a long-term individual savings account (*piano individuale di risparmio a lungo termine*) that meets the requirements set forth in Article 1(100-114) of Finance Act 2017.

In the case of Securities issued by an Italian resident issuer, where the Securityholder is (a) an Italian individual engaged in an entrepreneurial activity to which the Securities are connected; (b) an Italian company or a similar Italian commercial entity; (c) a permanent establishment in Italy of a foreign entity; (d) an Italian commercial partnership; or (e) an Italian commercial private or public institution, such withholding tax is a provisional withholding tax. In all other cases, including when the Securityholder is a non-Italian resident, the withholding tax is a final withholding tax. For non-Italian resident Securityholders, the withholding tax rate may be reduced by any applicable tax treaty.

If the Securities are issued by a non-Italian resident issuer, the withholding tax mentioned above does not apply to interest payments made to a non-Italian resident Securityholder and to an Italian resident Securityholder which is (a) a company or similar commercial entity (including the Italian permanent establishment of foreign entities); (b) a commercial partnership; or (c) a commercial private or public institution.

Capital gains tax

Any gain obtained from the sale or redemption of the Securities would be treated as part of the taxable income (and, in certain circumstances, depending on the "status" of the Securityholder, also as part of the net value of the production for IRAP purposes) if realised by an Italian company or a similar commercial entity (including the Italian permanent establishment of foreign entities to which the Securities are connected) or Italian resident individuals engaged in an entrepreneurial activity to which the Securities are connected.

Where an Italian resident Securityholder is an (i) an individual holding the Securities not in connection with an entrepreneurial activity, (ii) a non-commercial partnership, (iii) a non-commercial private or public institution, any capital gain realised by such Securityholder from the sale or redemption of the Securities would be subject to an *imposta sostitutiva*, levied at the current rate of 26 per cent. Securityholders may set off losses with gains.

Subject to certain limitations and requirements (including a minimum holding period), Italian resident individuals not engaged in an entrepreneurial activity or social security entities pursuant to Legislative Decree No. 509 of 30 June 1994 and Legislative Decree No. 103 of 10 February 1996 may be exempt from Italian capital gain taxes, including the *imposta sostitutiva* on capital gains realised upon sale or redemption of the Securities if the Securities are included in a long-term individual savings account (*piano individuale di risparmio a lungo termine*) that meets the requirements set forth in Article 1(100-114) of Finance Act 2017.

In respect of the application of *imposta sostitutiva*, taxpayers may opt for one of the three regimes described below.

Under the tax declaration regime (*regime della dichiarazione*), which is the default regime for Italian resident individuals not engaged in entrepreneurial activity to which the Securities are connected, the *imposta sostitutiva* on capital gains will be chargeable, on a cumulative basis, on all capital gains, net of any incurred capital loss, realised by the Italian resident individual Securityholder holding Securities not in connection with an entrepreneurial activity pursuant to all sales or redemptions of the Securities carried out during any given tax year. Italian resident individuals holding Securities not in connection with an entrepreneurial activity must indicate the overall capital gains realised in any tax year, net of any relevant incurred capital loss, in the annual tax return and pay *imposta sostitutiva* on such gains together with any balance of income tax due for such year. Capital losses in excess of capital gains may be carried forward against capital gains realised in any of the four succeeding tax years. Capital losses may be carried forward to be offset against capital gains of the same nature realised after 30 June 2014 for an overall amount of 76.92 per cent. of the capital losses realised from 1 January 2012 to 30 June 2014.

As an alternative to the tax declaration regime, Italian resident individual Securityholders holding Securities not in connection with an entrepreneurial activity may elect to pay the *imposta sostitutiva* separately on capital gains realised on each sale or redemption of the relevant Securities (the *risparmio amministrato regime*). Such separate taxation of capital gains is allowed subject to (a) Securities being deposited with Italian banks, SIMs or certain authorised financial intermediaries (including permanent establishments in Italy of foreign intermediaries); and (b) an express election for the *risparmio amministrato* regime being punctually made in writing by the relevant Securityholder. The depository is responsible for accounting for *imposta sostitutiva* in respect of capital gains realised on each sale or redemption of Securities (as well as in respect of capital gains realised upon the revocation of its mandate), net of any incurred capital loss, and is required to pay the relevant

amount to the Italian tax authorities on behalf of the taxpayer, deducting a corresponding amount from the proceeds to be credited to the Securityholder or using funds provided by the Securityholder for this purpose. Under the *risparmio amministrato* regime, where a sale or redemption of Securities results in a capital loss, such loss may be deducted from capital gains subsequently realised, within the same securities management, in the same tax year or in the following tax years up to the fourth. Under the *risparmio amministrato* regime, the Securityholder is not required to declare the capital gains in its annual tax return. Capital losses may be carried forward to be offset against capital gains of the same nature realised after 30 June 2014 for an overall amount of 76.92 per cent. of the capital losses realised from 1 January 2012 to 30 June 2014.

Any capital gains realised by Italian resident individuals holding Securities not in connection with an entrepreneurial activity who have entrusted the management of their financial assets, including Securities, to an authorised intermediary and have opted for the so-called "*risparmio gestito*" regime will be included in the computation of the annual increase in value of the managed assets accrued, even if not realised, at year end, subject to a 26 per cent. substitute tax, to be paid by the managing authorised intermediary. Under the *risparmio gestito* regime, any depreciation of the managed assets accrued at year end may be carried forward against increase in value of the managed assets accrued in any of the four succeeding tax years. Under the *risparmio gestito* regime, the Securityholder is not required to declare the capital gains realised in its annual tax return. Capital losses may be carried forward to be offset against capital gains of the same nature realised after 30 June 2014 for an overall amount of 76.92 per cent. of the decreases in value registered from 1 January 2012 to 30 June 2014.

Any capital gains realised by a Securityholder who is an Italian real estate fund to which the provisions of Decree 351, Law Decree No. 78 of 31 May 2010, converted into Law No. 122 of 30 July 2010 and Legislative Decree No. 44 of 4 March 2014, all as amended, apply and by a Real Estate SICAF will be subject neither to *imposta sostitutiva* nor to any other income tax at the level of the real estate investment fund or the Real Estate SICAF.

Any capital gains realised by a Securityholder which is a fund will not be subject to *imposta sostitutiva*, but will be included in the result of the relevant portfolio. Such result will not be taxed with the Fund, but subsequent distributions in favour of unitholders of shareholders may be subject to the Collective Investment Fund Tax.

Any capital gains realised by a Securityholder who is an Italian pension fund (subject to the regime provided for by article 17 of the Legislative Decree No. 252 of 5 December 2005) will be included in the result of the relevant portfolio accrued at the end of the tax period, to be subject to a 20 per cent. substitute tax. Subject to certain conditions (including minimum holding period requirement) and limitations, capital gains realised from the sale or redemption of the Securities may be excluded from the taxable base of the 20 per cent. substitute tax if the Securities are included in a long-term savings account (*piano individuale di risparmio a lungo termine*) that meets the requirements set forth in Article 1 (100-114) of Finance Act 2017.

Capital gains realised by non-Italian resident Securityholders, not having a permanent establishment in Italy to which the Securities are connected, from the sale or redemption of Securities issued by an Italian resident issuer and traded on regulated markets are neither subject to the *imposta sostitutiva* nor to any other Italian income tax.

Capital gains realised by non-Italian resident Securityholders from the sale or redemption of Securities issued by an Italian resident issuer not traded on regulated markets are not subject to the *imposta sostitutiva*, provided that the effective beneficiary: (a) is resident in a country included in the White List; or (b) is an international entity or body set up in accordance with international agreements which have entered into force in Italy; or (c) is a Central Bank or an entity which manages, *inter alia*, the official reserves of a foreign State; or (d) is an institutional investor which is resident in a country included in the White List, even if it does not possess the status of taxpayer in its own country of residence.

If none of the conditions above is met, capital gains realised by non-Italian resident Securityholders from the sale or redemption of Securities issued by an Italian resident issuer not traded on regulated markets are subject to the *imposta sostitutiva* at the rate of 26 per cent.

In any event, non-Italian resident individuals or entities without a permanent establishment in Italy to which the Securities issued by an Italian resident issuer are connected that may benefit from a double taxation treaty with

Italy providing that capital gains realised upon the sale or redemption of Securities are to be taxed only in the country of tax residence of the recipient, will not be subject to *imposta sostitutiva* in Italy on any capital gains realised upon the sale or redemption of Securities issued by an Italian resident issuer.

Capital gains realised by non-Italian resident Securityholders from the sale or redemption of Securities issued by a non-Italian resident issuer are not subject to Italian taxation, provided that the Securities are held outside Italy or traded on a regulated market.

Tax treatment of derivative financial instruments issued by an Italian resident issuer or a non-Italian resident issuer

Based on the principles stated by the Italian tax authorities in resolution No. 72/E of 12 July 2010, payments in respect of Securities qualifying as securitized derivative financial instruments not entailing a "use of capital" as well as capital gains realised through the sale of the same Securities would be subject to Italian taxation according to the same rules described above applicable on capital gains realised through the sale or transfer of the Securities.

Payments in respect of Securities qualifying as securitised derivative financial instruments received by investors resident in Italy for tax purposes (not engaged in entrepreneurial activities to which the Securities are connected) as well as capital gains realised by such Italian investors on any sale or transfer for consideration of the Securities qualifying as securitised derivative financial instruments or redemption thereof are subject to a 26 per cent. capital gain tax, which applies under the tax declaration regime, the *risparmio amministrato* tax regime or the *risparmio gestito* tax regime according to the same rules described above under the section "Capital Gains Tax" above.

Payments in respect of Securities qualifying as securitised derivative financial instruments received by investors resident in Italy for tax purposes which carry out commercial activities are not subject to the 26 per cent. capital gain tax, but the proceeds are included in their taxable income and subject to taxation in accordance with the ordinary rules.

Any capital gains realised by a Securityholder who is a Fund will be included in the result of the relevant portfolio accrued at the end of the tax period. The Fund will not be subject to taxation on such result, but distributions made in favour of unitholders or shareholders may be subject to the Collective Investment Fund Substitute Tax.

Any capital gains realised by a Securityholder who is an Italian pension fund (subject to the regime provided for by Article 17 of the Legislative Decree No. 252 of 5 December 2005) will be included in the result of the relevant portfolio accrued at the end of the tax period, to be subject to a 20 per cent. substitute tax. Subject to certain conditions (including minimum holding period requirement) and limitations, interest, premium and other income relating to the Securities may be excluded from the taxable base of the 20 per cent. substitute tax if the Securities are included in a long-term savings account (piano individuale di risparmio a lungo termine) that meets the requirements set forth in Article 1 (100-114) of Finance Act 2017.

Under the current regime provided by Decree 351, Law Decree No. 78 of 31 May 2010, converted into Law No. 122 of 30 July 2010 and Legislative Decree No. 44 of 4 March 2014, all as amended, payments of interest in respect of the Securities made to Italian resident real estate investment funds established pursuant to Article 37 of Legislative Decree No. 58 of 24 February 1998, as amended and supplemented, and Article 14-bis of Law No. 86 of 25 January 1994 and Real Estate SICAFs are, if some conditions are met, subject neither to substitute tax nor to any other income tax in the hands of a real estate investment fund or a Real Estate SICAF.

Capital gains realised by non-Italian-resident Securityholders, not having a permanent establishment in Italy to which the Securities qualifying as securitised derivative financial instrument is connected, from the sale or redemption of Securities qualifying as securitised derivative financial instruments issued by an Italian resident issuer are not subject to the *imposta sostitutiva*, provided that the Securities (i) are transferred on regulated markets, or (ii) are held outside of Italy.

Capital gains realised by non-Italian resident Securityholders, not having a permanent establishment in Italy to which the Securities qualifying as securitised derivative financial instrument is connected, from the sale or

redemption of Securities qualifying as securitised derivative financial instruments issued by an Italian issuer and not traded on regulated markets are not subject to the *imposta sostitutiva*, provided that the actual beneficiary: (i) is resident for income tax purposes in a country included in the White List; or (ii) is an international entity or body set up in accordance with international agreements which have entered into force in Italy; or (iii) is a Central Bank or an entity which manages, *inter alia*, the official reserves of a foreign State; or (iv) is an institutional investor which is resident in a country included in the White List, even if it does not possess the status of a taxpayer in its own country of residence.

If none of the conditions above are met, capital gains realised by non-Italian resident Securityholders from the sale or redemption of Securities qualifying as securitised derivative financial instruments issued by an Italian resident issuer not traded on regulated markets are subject to the *imposta sostitutiva* at the current rate of 26 per cent.

In any event, if the Securities qualifying as securitised derivative financial instruments are issued by an Italian resident issuer, non-Italian resident individuals or entities without a permanent establishment in Italy to which the Securities qualifying as securitised derivative financial instruments are connected, that may benefit from a double taxation treaty with Italy providing that capital gains realised upon the sale or redemption of Securities are to be taxed only in the country of tax residence of the recipient, will not be subject to *imposta sostitutiva* in Italy on any capital gains realised upon the sale or redemption of Securities.

Capital gains realised by non-Italian resident Securityholders from the sale or redemption of Securities qualifying as securitised derivative financial instruments issued by a non-Italian resident issuer are not subject to Italian taxation, provided that the Securities are held outside Italy or traded on a regulated market.

Common provisions for Securities issued by an Italian resident issuers or a non-Italian resident issuer

Inheritance and gift taxes

Pursuant to Law Decree No. 262 of 3 October 2006, converted into Law No. 286 of 24 November 2006, the transfers of any valuable asset (including shares, bonds or other securities) as a result of death or donation are taxed as follows:

- (a) transfers in favour of spouses and direct descendants or direct ancestors are subject to an inheritance and gift tax applied at a rate of 4 per cent. on the value of the inheritance or the gift exceeding, for each beneficiary, EUR 1,000,000;
- (b) transfers in favour of relatives to the fourth degree or relatives-in-law to the third degree, are subject to an inheritance and gift tax applied at a rate of 6 per cent. on the entire value of the inheritance or the gift. Transfers in favour of brothers/sisters are subject to the 6 per cent. inheritance and gift tax on the value of the inheritance or the gift exceeding, for each beneficiary, EUR 100,000; and
- (c) any other transfer is, in principle, subject to an inheritance and gift tax applied at a rate of 8 per cent. on the entire value of the inheritance or the gift.

If the transfer is made in favour of persons with severe disabilities, the tax is levied at the rate mentioned above in (a), (b) and (c) on the value exceeding, for each beneficiary, EUR 1,500,000.

Transfer tax

Following the repeal of the Italian transfer tax, contracts relating to the transfer of Securities are subject to the following registration tax: (i) public deeds and notarised deeds are subject to fixed registration tax at a rate of EUR 200.00; (ii) private deeds are subject to registration tax only in case of use or voluntary registration.

Stamp duty

Pursuant to Article 19(1) of Decree No. 201 of 6 December 2011 ("**Decree 201**"), a proportional stamp duty applies on an annual basis to any periodic reporting communications which may be sent by a financial intermediary to a Securityholder in respect of any Securities which may be deposited with such financial

intermediary. The stamp duty applies at a rate of 0.2 per cent. and it cannot exceed EUR 14,000, for taxpayers different from individuals. This stamp duty is determined on the basis of the market value or – if no market value figure is available – the nominal value or redemption amount of the Securities held.

Based on the wording of the law and the implementing decree issued by the Italian Ministry of Economy on 24 May 2012, the stamp duty applies to any investor who is a client (as defined in the regulations issued by the Bank of Italy on 20 June 2012) of an entity that exercises in any form a banking, financial or insurance activity within the Italian territory.

Wealth Tax on Securities deposited abroad

Pursuant to Article 19(18) of Decree 201, Italian resident individuals holding the Securities outside the Italian territory are required to pay an additional tax at a rate of 0.2 per cent.

This tax is calculated on the market value of the Securities at the end of the relevant year or – if no market value figure is available – the nominal value or the redemption value of such financial assets held outside the Italian territory. Taxpayers are entitled to an Italian tax credit equivalent to the amount of wealth taxes paid in the State where the financial assets are held (up to an amount equal to the Italian wealth tax due).

Italian Financial Transaction Tax (IFTT)

Italian shares and other participating instruments, as well as depository receipts representing those shares and participating instruments irrespective of the relevant issuer, (cumulatively referred to as "**In-Scope Shares**"), received by a holder upon physical settlement of the Securities may be subject to a 0.2 per cent. IFTT calculated on the value of the Securities as determined according to Article 4 of Ministerial Decree of 21 February 2013, as amended (the "**IFTT Decree**").

Holders on derivative transactions or derivative financial instruments and certain equity-linked securities mainly having as underlying or mainly linked to In-Scope Shares are subject to IFTT at a rate ranging between EUR 0.01875 and EUR 200 per counterparty, depending on the notional value of the relevant derivative transaction or derivative financial instruments calculated pursuant to Article 9 of the IFTT Decree. IFTT applies upon subscription, negotiation or modification of the derivative transactions or derivative financial instruments. The tax rate may be reduced to a fifth if the transaction is executed on certain qualifying regulated markets or multilateral trading facilities.

NETHERLANDS

General

The following summary outlines the principal Netherlands tax consequences of the acquisition, holding, settlement, redemption and disposal of the Securities, but does not purport to be a comprehensive description of all Netherlands tax considerations that may be relevant. For purposes of Netherlands tax law, a Securityholder may include an individual or entity who does not have the legal title of these Securities, but to whom nevertheless the Securities or the income thereof is attributed based on specific statutory provisions or on the basis of such individual or entity having an interest in the Securities or the income thereof. This summary is intended as general information only for Securityholders who are residents or deemed residents of the Netherlands for Netherlands tax purposes. Each prospective investor should consult a professional tax adviser with respect to the tax consequences of the acquisition, holding, settlement, redemption and disposal of the Securities.

This summary is based on tax legislation, published case law, treaties, regulations and published policy, in each case as in force as of the date of this Prospectus, and does not take into account any developments or amendments thereof after that date whether or not such developments or amendments have retroactive effect.

This summary does not address the Netherlands tax consequences for:

- investment institutions (fiscale beleggingsinstellingen);

- pension funds, exempt investment institutions (*vrijgestelde beleggingsinstellingen*) or other entities that are not subject to or exempt from Netherlands corporate income tax;
- Securityholders holding a substantial interest (*aanmerkelijk belang*) or deemed substantial interest (*fictief aanmerkelijk belang*) in the Issuer and Securityholders of whom a certain related person holds a substantial interest in the Issuer. Generally speaking, a substantial interest in the Issuer arises if a person, alone or, where such person is an individual, together with his or her partner (*statutory defined term*), directly or indirectly, holds or is deemed to hold (i) an interest of 5 per cent. or more of the total issued capital of the Issuer or of 5 per cent. or more of the issued capital of a certain class of shares of the Issuer, (ii) rights to acquire, directly or indirectly, such interest or (iii) certain profit sharing rights in the Issuer;
- persons to whom the Securities and the income from the Securities are attributed based on the separated private assets (*afgezonderd particulier vermogen*) provisions of the Netherlands Income Tax Act 2001 (*Wet inkomstenbelasting 2001*) and the Netherlands Gift and Inheritance Tax Act 1956 (*Successiewet 1956*);
- entities which are a resident of Aruba, Curacao or Sint Maarten that have an enterprise which is carried on through a permanent establishment or a permanent representative on Bonaire, Sint Eustatius or Saba; and
- individuals to whom Securities or the income therefrom are attributable to employment activities which are taxed as employment income in the Netherlands.

For the purpose of the Netherlands tax consequences described herein, it is assumed that the Issuer is neither a resident of the Netherlands nor deemed to be a resident of the Netherlands for Netherlands tax purposes.

Where this summary refers to the Netherlands, such reference is restricted to the part of the Kingdom of the Netherlands that is situated in Europe and the legislation applicable in that part of the Kingdom.

Netherlands Withholding Tax

All payments made by the Issuer under the Securities may be made free of withholding or deduction for any taxes of whatsoever nature imposed, levied, withheld or assessed by the Netherlands or any political subdivision or taxing authority thereof or therein.

Netherlands Corporate and Individual Income Tax

If a Securityholder is a resident of the Netherlands or deemed to be a resident of the Netherlands for Netherlands corporate income tax purposes and is fully subject to Netherlands corporate income tax or is only subject to Netherlands corporate income tax in respect of an enterprise to which the Securities are attributable, income derived from the Securities and gains realised upon the redemption, settlement or disposal of the Securities are generally taxable in the Netherlands (at up to a maximum rate of 25 per cent.).

If an individual is a resident of the Netherlands or deemed to be a resident of the Netherlands for Netherlands individual income tax purposes income derived from the Securities and gains realised upon the redemption, settlement or disposal of the Securities are taxable at the progressive rates (at up to a maximum rate of 51.95 per cent.) under the Netherlands Income Tax Act 2001, if:

- the individual is an entrepreneur (*ondernemer*) and has an enterprise to which the Securities are attributable or the individual has, other than as a shareholder, a co-entitlement to the net worth of an enterprise (*medegerechtigde*), to which enterprise the Securities are attributable; or
- such income or gains qualify as income from miscellaneous activities (*resultaat uit overige werkzaamheden*), which includes activities with respect to the Securities that exceed regular, active portfolio management (*normaal, actief vermogensbeheer*).

If neither condition (i) nor condition (ii) above applies, an individual that holds the Notes, must determine taxable income with regard to the Notes on the basis of a deemed return on income from savings and investments (*sparen en beleggen*), rather than on the basis of income actually received or gains actually realised. This deemed return on income from savings and investments is fixed at a percentage of the individual's yield basis (*rendementsgrondslag*) at the beginning of the calendar year (1 January), insofar as the individual's yield basis exceeds a certain threshold (*heffingvrij vermogen*). The individual's yield basis is determined as the fair market value of certain qualifying assets held by the individual less the fair market value of certain qualifying liabilities on 1 January. The fair market value of the Notes will be included as an asset in the individual's yield basis. The deemed return percentage to be applied to the yield basis increases progressively depending on the amount of the yield basis. The deemed return on income from savings and investments is taxed at a rate of 30%.

Netherlands Gift and Inheritance Tax

Netherlands gift or inheritance taxes will not be levied on the occasion of the transfer of a Security by way of gift by, or on the death of, a Securityholder, unless:

- the Securityholder is, or is deemed to be, resident in the Netherlands for the purpose of the relevant provisions of the Netherlands gift and inheritance tax; or
- the transfer is construed as an inheritance or gift made by, or on behalf of, a person who, at the time of the gift or death, is or is deemed to be resident in the Netherlands for the purpose of the relevant provisions of the Netherlands gift and inheritance tax.

Netherlands Value Added Tax

In general, no value added tax will arise in respect of payments in consideration for the issue of the Securities or in respect of a cash payment made under the Securities, or in respect of a transfer of Securities.

Other Netherlands Taxes and Duties

No registration tax, customs duty, transfer tax, stamp duty or any other similar documentary tax or duty will be payable in the Netherlands by a Securityholder in respect of or in connection with the subscription, issue, placement, allotment, delivery or transfer of the Securities.

PORTUGAL

The following is a summary of the current Portuguese tax treatment at the date hereof in relation to certain aspects of the Portuguese taxation of payments in respect of the Notes. The statements do not deal with other Portuguese tax aspects regarding such Notes and relate only to the position of persons who are absolute beneficial owners of such Notes. The following is a general guide, does not constitute tax or legal advice and should be treated with appropriate caution. The holders of such Notes who are in any doubt as to their tax position should consult their own professional advisers.

Portuguese tax treatment for Notes issued by Deutsche Bank AG acting through its Portuguese Branch.

General tax regime applicable to debt securities

Economic benefits derived from interest, amortisation, reimbursement premiums and other instances of remuneration arising in respect of debt securities are designated as investment income for Portuguese tax purposes. Interest and other types of investment income obtained from debt securities held by a Portuguese resident individual are subject to individual income tax. If payment of interest or other investment income is made available to Portuguese resident individuals, withholding tax applies, as a rule, at a rate of 28 per cent., which is the final tax payable on that income unless the individual elects to include such income in his taxable income (income being subject to tax at progressive rates of up to 48 per cent). An additional income tax rate will be due on the part of the taxable income exceeding EUR 80,000 as follows: (i) 2.5 per cent. on the part of the taxable income exceeding EUR 80,000 up to EUR 250,000, and (ii) 5 per cent. on the remaining part (if any) of the taxable income exceeding EUR 250,000.

Accrued interest qualifies as interest for tax purposes.

Investment income paid or made available to accounts opened in the name of one or more accountholders acting on behalf of one or more unidentified third parties is subject to a final withholding tax rate of 35 per cent., unless the relevant beneficial owner(s) of the income is/are identified, in which case, the withholding tax rates applicable to such beneficial owner(s) will apply.

Interest and other investment income derived from debt securities obtained on such debt securities by legal persons resident for tax purposes in Portugal and by non-resident legal persons with a permanent establishment in Portugal to which the income is attributable, are included in the taxable income of such legal persons and are subject to a Portuguese Corporate Income Tax at a rate of (i) 21 per cent. or (ii) if the taxpayer is a small or medium enterprise as established in Decree-Law no. 372/2007 of 6 November 2007, 17 per cent. for taxable profits up to EUR 15,000 and 21 per cent. on profits in excess thereof to which a municipal surcharge (*derrama municipal*) of up to 1.5 per cent. of such taxable income may be added. Corporate taxpayers with a taxable income of more than EUR 1,500,000 are also subject to State surcharge (*derrama estadual*) of (i) 3 per cent. on the part of its taxable profits exceeding EUR 1,500,000 up to EUR 7,500,000, (ii) 5 per cent. on the part of the taxable profits that exceeds EUR 7,500,000 up to EUR 35,000,000, and (iii) 9 per cent. on the part of the taxable profits that exceeds EUR 35,000,000.

As a general rule, withholding tax at a rate of 25 per cent. applies on interest and other investment income, any amounts so withheld being deemed to be a payment on account of the final tax due. Financial institutions, pension funds, retirement and/or education savings funds, share savings funds, venture capital funds and collective investment undertakings incorporated under the laws in Portugal and some exempt entities are not subject to Portuguese withholding tax.

Without prejudice to the special debt securities tax regime as described below, the general tax regime on debt securities applicable to non-resident entities is as follows:

As a rule, interest and other types of investment income obtained by non-resident beneficial owners (legal persons) without a Portuguese permanent establishment to which the income is attributable are subject to withholding tax at a rate of 25 per cent., which is the final tax payable on that income.

Also, as a rule, interest payments on the debt securities are subject to a final withholding tax at the current rate of 28 per cent. whenever made to non-resident individual persons.

A withholding tax rate of 35 per cent. applies in case of investment income payments to individuals who are resident in the countries and territories included in the Portuguese "blacklist" (countries and territories listed in Ministerial Order (*Portaria*) no. 150/2004, of 13 February 2004, as amended from time to time. Investment income paid or made available to accounts opened in the name of one or more accountholders acting on behalf of one or more unidentified third parties is subject to a final withholding tax rate of 35 per cent., unless the relevant beneficial owner(s) of the income is/are identified, in which case, the withholding tax rates applicable to such beneficial owner(s) will apply. Under the tax treaties entered into by Portugal, which are in full force and effect on the date of this Prospectus, the withholding tax rate may be reduced to 15, 12, 10 or 5 per cent., depending on the applicable treaty and provided that the relevant formalities (including certification of residence by the tax authorities of the jurisdiction of residence of the beneficial owners of the interest and other investment income) are met. The reduction may apply at source or by way of a refund of the excess tax. The forms currently applicable for these purposes are (at the date of this Prospectus) available to download at www.portaldasfinancas.gov.pt.

Special tax regime applicable to debt securities

Pursuant to Decree-Law 193/2005, of 7 November 2005 ("**Decree-Law 193/2005**"), as amended from time to time, investment income paid on, as well as capital gains derived from a sale or other disposition of the Notes, to non-Portuguese resident Securityholders will be exempt from Portuguese income tax provided the debt securities are integrated in (i) a centralised system for securities managed by an entity resident for tax purposes in Portugal, or (ii) an international clearing system operated by a managing entity established in a member state of the EU other than Portugal (e.g. Euroclear or Clearstream, Luxembourg) or in a European Economic Area Member State provided, in this case, that such State is bound to cooperate with Portugal under an

administrative cooperation arrangement in tax matters similar to the exchange of information schemes in relation to tax matters existing within the EU Member States or (iii) integrated in other centralised systems not covered above provided that, in this last case, the Portuguese Government authorises the application of the Decree-Law 193/2005, and the beneficiaries are:

- (i) central banks or governmental agencies; or
- (ii) international bodies recognised by the Portuguese State; or
- (iii) entities resident in countries or jurisdictions with whom Portugal has a double tax treaty in force or a tax information exchange agreement; or
- (iv) other entities without headquarters, effective management or a permanent establishment in the Portuguese territory to which the relevant income is attributable and which are not domiciled in a blacklisted jurisdiction as set out in the Portaria no. 150/2004, as amended.

For purposes of application at source of this tax exemption regime, Decree-Law 193/2005 requires completion of certain procedures and the provision of certain information. Under these procedures (which are aimed at verifying the non-resident status of the Securityholder), the Securityholder is required to hold the Notes through an account with one of the following entities:

- (i) a direct registered entity, which is the entity with which the debt securities accounts that are integrated in the centralised system are opened;
- (ii) an indirect registered entity, which, although not assuming the role of the "direct registered entities", is a client of the latter; or
- (iii) an international clearing system, which is an entity that proceeds, in the international market, to clear, settle or transfer securities which are integrated in centralised systems or in their own registration systems.

Internationally Cleared Notes - held through an entity managing an international clearing system

Pursuant to the requirements set forth in the tax regime, if the Notes are registered in an account held by an international clearing system operated by a managing entity, the latter shall transmit, on each interest payment date and each relevant redemption date, to the direct register entity or to its representative, and with respect to all accounts under its management, the identification and quantity of securities, as well as the amount of income, and, when applicable, the amount of tax withheld, segregated by the following categories of beneficiaries:

- (i) Entities with residence, headquarters, effective management or permanent establishment to which the income would be imputable and which are non-exempt and subject to withholding;
- (ii) Entities which have residence in country, territory or region with a more favourable tax regime, included in the Portuguese "blacklist" (countries and territories listed in Portaria no. 150/2004, of 13 February 2004, as amended from time to time, the Portaria no. 150/2004) and which are non-exempt and subject to withholding;
- (iii) Entities with residence, headquarters, effective management or permanent establishment to which the income would be imputable, and which are exempt or not subject to withholding;
- (iv) Other entities which do not have residence, headquarters, effective management or permanent establishment to which the income generated by the securities would be imputable.

On each interest payment date and each relevant redemption date, the following information with respect to the beneficiaries that fall within the categories mentioned in paragraphs (i), (ii) and (iii) above should also be transmitted:

- (a) Name and address;
- (b) Tax identification number (if applicable);
- (c) Identification and quantity of the securities held; and
- (d) Amount of income generated by the securities.

If the conditions for the exemption to apply are met, but, due to inaccurate or insufficient information, tax was withheld, a special refund procedure is available under the special regime approved by Decree-law 193/2005, as amended from time to time. The refund claim is to be submitted to the direct register entity of the Notes within 6 months from the date the withholding took place. A special tax form for these purposes, and for issuances as from 1 of January 2014 onwards, was approved by Order ("**Despacho**") no. 2937/2014 (2nd series), published in the Portuguese official gazette, second series, n.º 37, of 21 February 2014 issued by the Secretary of State of Tax Affairs and may be available at www.portaldasfinancas.gov.pt. The refund of withholding tax after the above six-month period is to be claimed from the Portuguese tax authorities within two years, starting from the term of the year in which the withholding took place.

The absence of evidence of non-residency in respect to any non-resident entity which benefits from the above mentioned tax exemption regime shall result in the loss of the tax exemption and consequent submission to the above applicable.

Portuguese tax treatment of Notes issued by the Issuers (other than Deutsche Bank AG, Portuguese Branch)

Under current Portuguese law, investment income payments in respect of Notes made to Portuguese tax resident companies are included in their taxable income and are subject to a Portuguese corporate income tax at a rate of (i) 21 per cent. or (ii) if the taxpayer is a small or medium enterprise as established in Decree-Law no. 372/2007, of 6 November 2007, 17 per cent. for taxable profits up to EUR 15,000 and 21 per cent. on profits in excess thereof to which may be added a municipal surcharge (*derrama municipal*) of up to 1.5 per cent. over the Portuguese corporate Securityholders' taxable profits, where applicable. Corporate taxpayers with a taxable income of more than EUR 1,500,000 are also subject to a state surcharge (*derrama estadual*) of (i) 3 per cent. on the part of the taxable profits exceeding EUR 1,500,000 up to EUR 7,500,000, (ii) 5 per cent. on the part of the taxable profits exceeding EUR 7,500,000 up to EUR 35,000,000, and (iii) 9 per cent. on the part of the taxable profits that exceeds EUR 35,000,000.

As regards to investment income on Notes made to Portuguese tax resident individuals, they are subject to personal income tax which shall be withheld at the current final withholding rate of 28 per cent. if there is a Portuguese resident paying agent, unless the individual elects to include it in his taxable income, subject to tax at the current progressive rates of up to 48 per cent. An additional income tax rate will be due on the part of the taxable income exceeding EUR 80,000 as follows: (i) 2.5 per cent. on the part of the taxable income exceeding EUR 80,000 up to EUR 250,000, and (ii) 5 per cent. on the remaining part (if any) of the taxable income exceeding EUR 250,000.

Investment income payments due by non-resident entities to Portuguese tax resident individuals are subject to an autonomous taxation at a rate of 28 per cent. whenever those payments are not subject to Portuguese withholding tax unless the individual elects to include it in his taxable income, subject to tax at the current progressive rates of up to 48 per cent. An additional income tax rate will be due on the part of the taxable income exceeding EUR 80,000 as follows: (i) 2.5 per cent. on the part of the taxable income exceeding EUR 80,000 up to EUR 250,000, and (ii) 5 per cent. on the remaining part (if any) of the taxable income exceeding EUR 250,000.

Investment income paid or made available to accounts opened in the name of one or more accountholders acting on behalf of one or more unidentified third parties is subject to a final withholding tax rate of 35 per cent., unless the relevant beneficial owner(s) of the income is/are identified and as a consequence the tax rates applicable to such beneficial owner(s) will apply.

Payments of principal on Notes are not subject to Portuguese withholding tax. For these purposes, "**principal**" shall mean all payments carried out without any income component.

Administrative Cooperation in the field of taxation

The new regime under Council Directive 2011/16/EU, as amended by Council Directive 2014/107/EU, of 9 December 2014, introduced the automatic exchange of information in the field of taxation concerning bank accounts and is in accordance with the Global Standard released by the Organization for Economic Co-operation and Development in July 2014 (the "**Common Reporting Standard**"). This regime is generally broader in scope than the Savings Directive, although it does not impose withholding taxes.

Under Council Directive 2014/107/EU, financial institutions are required to report to the Tax Authorities of their respective Member State (for the exchange of information with the State of Residence) information regarding bank accounts, including depository and custodial accounts, held by individual persons residing in a different Member State or entities which are controlled by one or more individual persons residing in a different Member State, after having applied the due diligence rules foreseen in the Council Directive. The information refers not only to personal information but also to the account balance at the end of the calendar year, and (i) in case of depository accounts, income paid or credited in the account during the calendar year; or, (ii) in the case of custodial accounts, the total gross amount of interest, dividends and any other income generated, as well as the proceeds from the sale or redemption of the financial assets paid or credited in the account during the calendar year to which the financial institution acted as custodian, broker, nominee, or otherwise as an agent for the account holder, among others.

Portugal has implemented Directive 2011/16/EU through Decree-law 61/2013, of 10 May. Also, Council Directive 2014/107/EU, of 9 December 2014, regarding the mandatory automatic exchange of information in the field of taxation was implemented into Portuguese law through Decree-Law no. 64/2016, of 11 October 2016. In addition, information regarding the registration of financial institutions, as well as the procedures to comply with the reporting obligations arising from Decree-Law no. 64/2016, of 11 October 2016, and the applicable forms were approved by Ministerial Order (Portaria) no. 302-B/2016, of 2 December 2016, Ministerial Order (Portaria) no. 302-C/2016, of 2 December 2016, Ministerial Order (Portaria) no. 302-D/2016, of 2 December 2016, amended by Ministerial Order (Portaria) no. 255/2017, of 14 August 2017, and Ministerial Order (Portaria) no. 302-E/2016, of 2 December 2016.

FATCA

Portugal has implemented, through Law 82-B/2014 of 31 December 2014 and Decree-Law 64/2016 of 11 October 2016, amended by Law 98/2017, of 24 August, the legislation based on the reciprocal exchange of information with the United States of America on financial accounts subject to disclosure (the "**Financial Reporting Regime**") in order to comply with Sections 1471 through 1474 of FATCA. Under such legislation the Issuer will be required to obtain information regarding certain accountholders and report such information to the Portuguese tax authorities which, in turn, will report such information to the Inland Revenue Service of the United States of America.

SINGAPORE

The statements below are general in nature and are based on certain aspects of current tax laws in Singapore, announced budget measures and administrative guidelines issued by the Inland Revenue Authority of Singapore ("**IRAS**") or the Monetary Authority of Singapore (the "**MAS**") in force as at the date of this Prospectus and are subject to enactment of such budget measures and to any changes in such laws or administrative guidelines, or the interpretation of those laws or guidelines, occurring after such date, which changes could be made on a retroactive basis.

Neither these statements nor any other statements in this Prospectus should be regarded as advice on the tax position of any holder of the Securities or of any person acquiring, selling or otherwise dealing with the Securities or on any tax implications arising from the acquisition, sale or other dealings in respect of the Securities.

The statements do not purport to be a comprehensive description of all the tax considerations that may be relevant to a decision to purchase, own or dispose of the Securities and do not purport to deal with the tax consequences applicable to all categories of investors, some of which (including without limitation a person holding the Financial Sector Incentive tax status) may be subject to special rules or tax rates.

Furthermore, there may be additional taxation issues arising from Securities which are complex structured products which have not been addressed in this section.

Prospective holders of the Securities who are in doubt about their respective tax positions or any such tax implications of the purchase, ownership or transfer of any Securities or who may be subject to tax in a jurisdiction other than Singapore should consult their own professional tax advisers.

Interest and Other Payments

Subject to the following paragraphs, under Section 12(6) of the Income Tax Act, Chapter 134 of Singapore (the "ITA"), the following payments are deemed to be derived from Singapore:

- (a) any interest, commission, fee or any other payment in connection with any loan or indebtedness or with any arrangement, management, guarantee, or service relating to any loan or indebtedness which is:
 - (i) borne, directly or indirectly, by a person resident in Singapore or a permanent establishment in Singapore (except in respect of any business carried on outside Singapore through a permanent establishment outside Singapore or any immovable property situated outside Singapore); or
 - (ii) deductible against any income accruing in or derived from Singapore; or
- (b) any income derived from loans where the funds provided by such loans are brought into or used in Singapore.

Payments falling within paragraphs (a) and (b) above and made by Deutsche Bank AG, Singapore Branch, would fall within Section 12(6) of the ITA.

Unless exempted, such payments, where made to a person not known to the Issuer to be a tax resident in Singapore, are generally subject to withholding tax in Singapore. The rate at which tax is to be withheld for such payments (other than those subject to the 15.0 per cent. final withholding tax described below) to non tax resident persons other than non-tax-resident individuals is currently 17.0 per cent. The applicable rate for non-tax-resident individuals is currently 22.0 per cent. However, if the payment is derived by a person who is a non-tax resident in Singapore otherwise than from any trade, business, profession or vocation carried on or exercised by such person in Singapore and is not effectively connected with any permanent establishment in Singapore of that person, the payment is subject to a final withholding tax of 15.0 per cent. The rate of 15.0 per cent. may be reduced by applicable tax treaties.

Singapore-source interest, discount income (not including discount income arising from secondary trading), prepayment fee, redemption premium and break cost from debt securities and derived by individuals will be exempted from tax, except where such income is derived through a partnership in Singapore or is considered as gains or profits derived from the carrying on of a trade, business or profession.

All foreign-sourced income received in Singapore on or after 1 January 2004 by Singapore tax-resident individuals will be exempt from income tax, provided such foreign-sourced income is not received through a partnership in Singapore.

Qualifying debt securities

Where:

- (xi) more than half of a tranche of the Securities which are debt securities (*i.e.* bonds, notes, commercial papers and certificates of deposit) are distributed by persons which are Financial Sector Incentive

(Capital Market) Companies or Financial Sector Incentive (Standard Tier) Companies or Financial Sector Incentive (Bond Market) Companies for the purposes of the ITA; and

- (xii) such tranche of Securities are debt securities issued on or after 1 January 2014 and on or before 31 December 2018,

(hereinafter called "**Relevant Securities**"), the Relevant Securities will be "qualifying debt securities" for the purposes of the ITA to which the following treatments apply:

- (c) (in the case of Relevant Securities the payments which fall within Section 12(6) of the ITA) subject to certain prescribed conditions having been fulfilled (including the furnishing of a return on debt securities in respect of the Relevant Securities within a prescribed period to the MAS, and **PROVIDED THAT** the Issuer includes in all offering documents (including this Prospectus and any relevant Final Terms or Pricing Supplement) relating to the Relevant Securities a statement to the effect that where interest, discount income, prepayment fee, redemption premium or break cost is derived by a person who is not tax resident in Singapore and who carries on any operation in Singapore through a permanent establishment in Singapore, the tax exemption shall not apply if the non-tax-resident person acquires Relevant Securities using funds from that person's operations through the Singapore permanent establishment), interest, discount income (not including discount income arising from secondary trading), prepayment fee, redemption premium and break cost (collectively, "**Qualifying Income**") paid by the Issuer and derived from the Relevant Securities by a holder who is not tax resident in Singapore and
- (i) who does not have any permanent establishment in Singapore; or
 - (ii) carries on any operation in Singapore through a permanent establishment in Singapore but the funds used by that person to acquire the Relevant Securities are not obtained from the operation,
- are exempt from Singapore tax;
- (d) subject to certain conditions having been fulfilled (including the furnishing of a return on debt securities in respect of the Relevant Securities within a prescribed period to the MAS), Qualifying Income paid by the Issuer and derived from the Relevant Securities by any company or body of persons (as defined in the ITA), and not being the holder of the Financial Sector Incentive or other special tax status, is subject to tax at a concessionary rate of 10 per cent.;
- (e) (in the case of Relevant Securities the payments which fall within Section 12(6) of the ITA) subject to:
- (i) the Issuer including in all offering documents (including this Prospectus and any relevant Final Terms or Pricing Supplement) relating to Relevant Securities a statement to the effect that any person whose interest, discount income, prepayment fee, redemption premium or break cost derived from the Relevant Securities is not exempt from tax shall include such income in a return of income made under the ITA; and
 - (ii) the furnishing of a return on debt securities in respect of the Relevant Securities within a prescribed period to the MAS

Qualifying Income derived from the Relevant Securities is not subject to withholding of tax by the Issuer.

It should be noted that the withholding tax benefits under the Qualifying Debt Securities regime will not apply unless the statements referred to in paragraphs (c) and (e)(i) are included in all offering documents (including this Prospectus and any relevant Final Terms or Pricing Supplement). AT PRESENT, THE ISSUER DOES NOT INTEND TO INCLUDE THE STATEMENTS REFERRED TO IN PARAGRAPHS (A) AND (C)(i) IN FINAL TERMS, AND HENCE THE WITHHOLDING TAX BENEFITS UNDER THE QUALIFYING DEBT SECURITIES REGIME WILL NOT APPLY TO SECURITIES ISSUED

UNDER THE FINAL TERMS. However, the withholding tax exemption for payments under Section 12(6) made by issuers who are banks described below may continue to apply.

However, notwithstanding the foregoing:

- (f) if during the primary launch of Relevant Securities, the Relevant Securities are issued to fewer than four persons and 50.0 per cent. or more of the principal amount of Relevant Securities is beneficially held or funded, directly or indirectly, by related parties of the Issuer, Relevant Securities would not qualify as "qualifying debt securities"; and
- (g) even though Relevant Securities are "qualifying debt securities", if at any time during the tenure of Relevant Securities, 50.0 per cent. or more of the principal amount of Relevant Securities is beneficially held or funded, directly or indirectly, by any related party(ies) of the Issuer, Qualifying Income paid by the Issuer and derived from Relevant Securities held by:
 - (i) any related party of the Issuer; or
 - (ii) any other person where the funds used by such person to acquire the Relevant Securities are obtained, directly or indirectly, from any related party of the Issuer,

shall not be eligible for the tax exemption or concessionary tax rate described above.

The term "**related party**", in relation to a person, means any other person who, directly or indirectly, controls that person, or is controlled, directly or indirectly, by that person, or where he and that other person, directly or indirectly, are under the control of a common person.

Where interest, discount income, prepayment fee, redemption premium and break cost (i.e. the Qualifying Income) is derived from any of the Relevant Securities by any person who is not resident in Singapore and who carries on any operations in Singapore through a permanent establishment in Singapore, the tax exemption available for "qualifying debt securities" under the Income Tax Act (as mentioned above) shall not apply if such person acquires such Relevant Securities using funds and profits of such person's operations through a permanent establishment in Singapore.

Notwithstanding that the Issuer may be permitted to make payment of Qualifying Income in respect of Relevant Securities without deduction or withholding for tax under Section 45 or Section 45A of the ITA, any person whose interest, discount income, prepayment fee, redemption premium or break cost derived from Relevant Securities is not exempt from tax is required to include such income in a return of income made under the ITA.

The terms "break cost", "prepayment fee" and "redemption premium" are defined in the ITA as follows:

"Break Cost" means any fee payable by the issuer of the securities on the early redemption of the securities, the amount of which is determined by any loss or liability incurred by the holder of the securities in connection with such redemption;

"Prepayment Fee" means any fee payable by the issuer of the securities on the early redemption of the securities, the amount of which is determined by the terms of the issuance of the securities; and

"Redemption Premium" means any premium payable by the issuer of the securities on the redemption of the securities upon their maturity.

References to "break cost", "prepayment fee" and "redemption premium" in this Singapore tax section have the same meaning as defined in the ITA.

It was announced in the Singapore Budget Statement 2018 that the Qualifying Debt Securities Scheme ("**QDS Scheme**") will be extended until 31 December 2023, subject to details to be announced by the MAS.

The Qualifying Debt Securities Plus Scheme (the "**QDS Plus Scheme**") has also been introduced as an enhancement of the QDS Scheme. Under the QDS Plus Scheme, subject to certain conditions (the furnishing of

a return on debt securities in respect of the Relevant Securities within a prescribed period to the Comptroller and the MAS), income tax exemption is granted on interest, discount income, prepayment fee, redemption premium or break cost derived by any investor from qualifying debt securities (excluding Singapore Government Securities) which:-

- (h) are issued during the period from on or before 31 December 2018;
- (i) have an original maturity date of not less than 10 years;
- (j) cannot have their tenure shortened to less than 10 years from the date of their issue, except where:
 - (i) the shortening of the tenure is a result of any early termination pursuant to certain specified early termination clauses which the Issuer included in any offering document for such qualifying debt securities; and
 - (ii) the qualifying debt securities do not contain any call, put, conversion, exchange or similar option that can be triggered at specified dates or at specified prices which have been priced into the value of the qualifying debt securities at the time of their issue; and
- (k) cannot be re-opened with a resulting tenure of less than 10 years to the original maturity date.

For the QDS Plus Scheme, it was announced that with effect from 28 June 2013, debt securities with "standard" redemption clauses would be allowed to qualify for the QDS Plus Scheme at the point of issuance. Examples of "standard" redemption clauses referred to in the Schedule to the Income Tax (Qualifying Debt Securities) Regulations (the "**Regulations**") are a: (a) change in tax law event, (b) default event, (c) change of control or change of shareholding event, (d) change in listing status of an issuer or trading disruption event, (e) change of qualification event due to regulatory capital requirements, (f) change in accounting classification, (g) change in rating, (h) repurchase upon a non-compliance event, (i) purchase provision and (j) modification and amendment provision. Please refer to the Regulations for further details on the "standard" redemption clauses.

However, even if Relevant Securities are "qualifying debt securities" which qualify under the QDS Plus Scheme, if, at any time during the tenure of such Relevant Securities, 50.0 per cent. or more of the issue of such Relevant Securities is beneficially held or funded, directly or indirectly, by any related party(ies) of the Issuer, Specified Income derived by:

- (l) any related party of the Issuer; or
- (m) any other person where the funds used by such person to acquire such Relevant Securities are obtained, directly or indirectly, from any related party of the Issuer,

shall not be eligible for the tax exemption under the QDS Plus Scheme as described above.

It was announced in the Singapore Budget Statement 2018 that the QDS Plus Scheme will be allowed to lapse after 31 December 2018, but debt securities with tenures of at least 10 years which are issued on or before 31 December 2018 can continue to enjoy the tax concessions under the QDS Plus Scheme if the conditions of such scheme as set out above are satisfied.

There is no assurance that Securities to be issued from time to time under the Programme will enjoy the tax concessions under the amended QDS Scheme and QDS Plus Scheme. Holders of the Securities should consult their own professional tax advisers if they are in any doubt as to the treatment under the refined QDS Scheme and QDS Plus Scheme that would be applicable to them.

Withholding tax exemption for Section 12(6) payments by banks

Payments falling within Section 12(6) of the ITA and made by certain specified financial institutions (including a bank licensed under the Banking Act, Chapter 19 of Singapore) to persons who are non-tax-residents (excluding permanent establishments in Singapore) and which are:

- (n) liable to be made under a contract which takes effect between 1 April 2011 and 31 March 2012 (both dates inclusive); and
- (o) are liable to be made:
 - (i) under a contract which is extended or renewed, where the extension or renewal takes effect between 1 April 2011 and 31 March 2021 (both dates inclusive); and
 - (ii) on or after the date on which such extension or renewal takes effect; or
- (p) liable to be made under a debt security issued between 1 April 2011 and 31 March 2021 (both dates inclusive),

are exempt from income tax, provided that the payments are:

- (q) made for the purpose of the trade or business of the specified financial institutions; and
- (r) do not arise from transactions to which the general anti-avoidance provision in Section 33 of the ITA applies.

With effect from 17 February 2012, the specified financial institutions are no longer required to withhold tax on payments falling within Section 12(6) of the ITA which they are liable to make to permanent establishments in Singapore of a non-resident person:

- (s) between 17 February 2012 and 31 March 2021 on contracts that take effect before 17 February 2012; and
- (t) on or after 17 February 2012 on contracts that take effect between 17 February 2012 to 31 March 2021.

Notwithstanding the preceding paragraph, permanent establishments in Singapore of a non-resident person are required to declare such payments in their annual income tax returns and will be assessed to tax on such payments (unless specifically exempt from tax).

Capital Gains

Singapore imposes a tax on income but does not impose tax on gains that are considered capital in nature. There are no specific statutes or regulations which deal with the characterisation of whether a gain is income or capital and the question of whether a gain from the disposal of Securities is income or capital is a question of fact dependent on the holder's specific circumstances.

Any gains considered to be in the nature of capital made from the sale of the Securities will not be taxable in Singapore. However, any gains from the sale of the Securities which are gains from any trade, business, profession or vocation carried on by that person, if accruing in or derived from Singapore, may be taxable as such gains are considered revenue in nature.

Holders of the Securities who apply or are required to apply Singapore Financial Reporting Standard 39 ("**FRS 39**") or Singapore Financial Reporting Standard 109 ("**FRS 109**") may for Singapore income tax purposes, be required to recognise gains or losses (not being gains or losses in the nature of capital) on the Securities, irrespective of disposal, in accordance with FRS 39 or FRS 109 (as the case may be). Please see the section below on "Adoption of FRS 39 or FRS 109 treatment for Singapore income tax purposes".

Holders of the Securities should consult their own professional tax advisers if they are in any doubt as to the treatment that would be applicable to them.

Adoption of FRS 39 or FRS 109 treatment for Singapore income tax purposes

Subject to certain "opt-out" provisions, Section 34A of the ITA requires taxpayers who adopt or are required to adopt FRS 39 for financial reporting purposes to calculate their profit, loss or expense for Singapore income tax purposes in respect of financial instruments in accordance with FRS 39, subject to certain exceptions provided in that section. The IRAS has also issued a circular entitled "Income Tax Implications Arising from the Adoption of FRS 39 – Financial Instruments: Recognition and Measurement" to provide guidance on the Singapore income tax treatment of financial instruments.

FRS 109 is mandatorily effective for annual periods beginning on or after 1 January 2018, replacing FRS 39. Section 34AA of the ITA requires taxpayers who adopt or who are required to adopt FRS 109 for financial reporting purposes to calculate their profit, loss or expense for Singapore income tax purposes in respect of financial instruments in accordance with FRS 109, subject to certain exceptions provided in that section. In contrast to the position under the FRS 39 tax regime, taxpayers will not have the choice to opt out from the FRS 109 tax regime. The IRAS has also issued a circular entitled "Income Tax: Income Tax Treatment Arising from Adoption of FRS 109 – Financial Instruments".

Holders of the Securities who may be subject to the tax treatment under the FRS 39 tax regime or FRS 109 tax regime should consult their own accounting and tax advisers regarding the Singapore income tax consequences of their acquisition, holding or disposal of the Securities.

Goods and Services Tax

Under the Goods and Services Tax Act, Chapter 117A of Singapore (the "**GST Act**"), the following are examples of exempt supplies not subject to Goods and Services Tax ("**GST**") under the Fourth Schedule to the GST Act:-

- (a) the issue, allotment, transfer of ownership, drawing, acceptance or endorsements of a debt security (*i.e.* any interest in or right to be paid money that is, or is to be, owing by any person or any option to acquire any such interest or right but excludes a contract of insurance and an estate or interest in land, other than an estate or interest as mortgagee or chargeholder); or
- (b) the renewal or variation of an equity security or debt security.

Holders of the Securities should consult their own professional tax advisers regarding the Singapore GST consequences of their acquisition, holding, conversion or disposal of the Securities.

Stamp Duty

Stamp duty is generally not imposed on the issue or redemption for cash of Securities. Stamp duty is also normally not applicable to short or medium-term debt securities. However, where an instrument of transfer of stocks or shares (including "**funded debt**", a term which includes certain types of permanent or quasi-permanent debt instruments) is executed in Singapore, or is executed outside Singapore but is brought into Singapore, the transfer instrument may be subject to stamp duty of up to 0.2 per cent. of the amount or value of the consideration, or the value of the stocks or shares transferred, whichever is higher. Transfers of securities on a scripless basis through the Central Depository (Pte) Limited are not subject to stamp duty. Transfers of stocks or shares by way of sale or gift of any stock issued by a company, corporation or body of persons incorporated, formed or established outside Singapore (other than stock registered in register kept in Singapore) are also exempt from stamp duty.

SPAIN

The following is a summary of current Spanish law and practice relating to the withholding tax treatment of the Securities. The statements herein regarding Spanish taxes and withholding taxes in Spain are based on the laws in force as well as administrative interpretations thereof in Spain as at the date of this Prospectus (without prejudice of regional tax regimes in the Historical Territories of the Basque Country and the Community of Navarre or provisions passed by Autonomous Communities which may apply to investors for certain taxes) and are subject to any changes in law occurring after

such date, which changes could be made on a retroactive basis. The following summary does not purport to be a comprehensive description of all the tax considerations which may be relevant to a decision to subscribe for, purchase, own or dispose of the Securities and does not purport to deal with the tax consequences applicable to all categories of investors, some of which (such as dealers in securities or commodities) may be subject to special rules. Prospective holders or beneficial owners of the Securities are advised to consult their own tax advisers concerning the overall tax consequences of their ownership and disposition of the Securities.

Tax Treatment of Securities Issued by Entities Other Than Deutsche Bank AG, Sucursal en España

Spanish Withholding Tax

Where Securities are issued by an Issuer which is not a Spanish tax resident entity and does not have a permanent establishment in Spain to which the issue of the Securities other than Spanish Securities ("**Spanish Securities**") means Securities issued through the Issuer's Spanish branch, *i.e.* Deutsche Bank AG, Sucursal en España) is connected, the Issuer should not be obliged to deduct withholdings on account of Spanish income taxes.

Where a financial institution (either resident in Spain or acting through a permanent establishment in Spain) acts as depositary of the Securities other than Spanish Securities or intervenes as manager on the collection of any income under the Securities other than Spanish Securities (acting in such role, a "**Relevant Financial Institution**"), such Relevant Financial Institution will be responsible for making the relevant withholding on account of Spanish tax on any income deriving from the Securities other than Spanish Securities. In this respect, income deriving from Securities other than Spanish Securities will include not only interest payments but also income arising from the disposal, redemption or reimbursement of the Securities other than Spanish Securities.

The current withholding tax in Spain is 19 per cent. Amounts withheld in Spain, if any, can be credited against the final Spanish Personal Income Tax liability, in the case of Spanish resident individuals, or against Spanish final Corporate Income Tax liability, in the case of Spanish corporates, or against final Non-Resident Income Tax, in the case of Spanish permanent establishments of non-resident entities.

However, holders of the Securities other than Spanish Securities who are Corporate Income Taxpayers or Non-Resident Income Taxpayers acting through a Spanish permanent establishment can benefit from a withholding tax exemption when the Securities other than Spanish Securities are admitted to trading on an organised stock exchange in an OECD state (the "**OECD Exemption**").

Similarly, when the Securities other than Spanish Securities (i) are represented in book-entry form and (ii) are admitted to trading on a Spanish secondary stock exchange or on the Alternative Fixed-Income Securities Market, holders who are Corporate Income Taxpayers, or Non-Resident Income Taxpayers acting through a permanent establishment in Spain to which the Securities other than Spanish Securities are attributable, can benefit from a withholding tax exemption (the "**Domestic Exemption**").

Additionally, when the Securities other than Spanish Securities (i) are represented in book-entry form, (ii) are admitted to trading on a Spanish secondary stock exchange and (iii) generate explicit yield, holders who are Personal Income Taxpayers can benefit from a withholding tax exemption in respect of the income arising from the transfer or repayment of the Securities other than Spanish Securities. However, under certain circumstances, when a transfer of the Notes has occurred within the 30-day period immediately preceding any relevant coupon payment date such holders may not be eligible for such withholding tax exemption.

Notwithstanding the above, Spanish resident individuals earning income under the Securities will still be subject to Spanish Personal Income Tax – to be declared in their annual tax returns together with any other financial income – according to the following rates: 19 per cent. for financial income up to EUR 6,000; 21 per cent. for financial income between EUR 6,000.01 and EUR50,000; and 23 per cent. for financial income in excess of EUR 50,000. Similarly, Spanish coporates earning such income will be subject to Spanish Corporate Income Tax to be declared in their annual tax returns The general tax rate for Spanish Corporate Income Taxpayers is currently 25 per cent. This general rate will not be applicable to all Spanish Corporate Income Taxpayers and,

for instance, it will not apply to banking institutions (which will be taxed at the rate of 30 per cent). Likewise, special rates apply in respect of certain types of entities (such as qualifying collective investment institutions).

Finally, tax credits for the avoidance of international double taxation may apply in respect of taxes paid outside Spain on income deriving from the Securities other than Spanish Securities by Spanish resident individuals, Spanish corporates or Spanish permanent establishments of non-resident entities investing in the Securities.

Tax Treatment of Securities Issued by Deutsche Bank AG, Sucursal en España

Indirect Taxes

Whatever the nature and residence of the investor, the acquisition and transfer of the Spanish Securities will be exempt from indirect taxes in Spain, *i.e.* exempt from Transfer Tax and Stamp Duty and exempt from Value Added Tax.

Direct Taxes

Personal Income Tax - Individuals with tax residence in Spain

Withholding tax will apply at the applicable rate (currently 19 per cent.) in respect of interest payments made under the Spanish Securities. In addition, income obtained upon transfer, redemption or repayment of the Spanish Securities may also be subject to Personal Income Tax withholdings. Notwithstanding this, when the Spanish Securities (i) are represented in book-entry form, (ii) are admitted to trading on a Spanish secondary stock exchange and (iii) generate explicit yield, holders can benefit from a withholding tax exemption in respect of the income arising from the transfer or repayment of the Spanish Securities. However, under certain circumstances, when a transfer of Spanish Securities has occurred within the 30-day period immediately preceding any relevant coupon payment date such holders may not be eligible for such withholding tax exemption.

In any event, holders who are resident for tax purposes in Spain may credit any Spanish withholding tax suffered on income obtained under the Spanish Securities against their final Personal Income Tax liability for the relevant fiscal year.

Either (a) Deutsche Bank AG, Sucursal en España or (b) Relevant Financial institutions (either resident in Spain or acting through a permanent establishment in Spain), acting as depositary of the Spanish Securities or intervening as manager in the collection of any income under the Spanish Securities will be responsible for making the relevant withholding (if any) on account of Spanish tax on any income deriving from the Spanish Securities, as well as may become obliged to comply with the formalities set out in the regulations developing the Law on Spanish Personal Income Tax.

Notwithstanding the above, Spanish resident individuals earning income under the Spanish Securities will still be subject to Spanish Personal Income Tax – to be declared in their annual tax returns together with any other financial income – according to the following rates: 19 per cent. for financial income up to EUR 6,000; 21 per cent. for financial income between EUR 6,000.01 and EUR 50,000; and 23 per cent. for financial income in excess of EUR 50,000.

Corporate Income Tax - Legal Entities with tax residence in Spain

Any income arising from the Spanish Securities is, as a general rule, subject to withholding tax at the applicable rate (currently 19 per cent.). However, in accordance with Section 61(s) of regulations developing the Law on Corporate Income Tax, Spanish Corporate Income Taxpayers (which for the sake of clarity, include Spanish tax resident funds and Spanish tax resident pension funds) can also benefit from the OECD Exemption.

The Spanish Directorate General of Taxes (*Dirección General de Tributos*) issued a ruling dated 27 July 2004 in which it determined that securities, such as the Spanish Securities, issued in Spain may benefit from the OECD Exemption if the relevant securities are both admitted to trading on an organised stock exchange in an OECD state and placed in an OECD State other than Spain. Where this requirement is not met, the Issuer will be required to make the corresponding withholdings.

Additionally, in accordance with Section 61(q) of regulations developing the Law on Corporate Income Tax, Spanish Corporate Income Taxpayers (which for the sake of clarity, include Spanish tax resident funds and Spanish tax resident pension funds) can also benefit from the Domestic Exemption.

Notwithstanding the above, amounts withheld (if any) may be credited by the relevant holders of Spanish Securities against their final Corporate Income Tax liability.

Either (a) Deutsche Bank AG, Sucursal en España or (b) Relevant Financial institutions (either resident in Spain or acting through a permanent establishment in Spain), acting as depositary of the Spanish Securities or intervening as manager in the collection of any income under the Spanish Securities will be responsible for making the relevant withholding (if any) on account of Spanish tax on any income deriving from the Spanish Securities, as well as may become obliged to comply with the formalities set out in the regulations developing the Law on Corporate Income Tax.

Spanish corporates earning such income will still be subject to Spanish Corporate Income Tax to be declared in their annual tax returns. The general tax rate for Spanish Corporate Income Taxpayers is currently 25 per cent. This general rate will not be applicable to all Spanish Corporate Income Taxpayers and, for instance, it will not apply to banking institutions (which will be taxed at the rate of 30 per cent). Likewise, special rates apply in respect of certain types of entities (such as qualifying collective investment institutions).

Non-Resident Income Tax – Non-Spanish Tax Resident Investors acting through a Permanent Establishment in Spain - Individuals and Legal Entities with no tax residence in Spain

Ownership of the Spanish Securities by investors who are not resident for tax purposes in Spain will not in itself create the existence of a permanent establishment in Spain.

If the Spanish Securities form part of the assets of a permanent establishment in Spain of a person or legal entity who is not resident in Spain for tax purposes, the tax rules applicable to income deriving from such Spanish Securities are, generally, the same as those previously set out for Spanish Corporate Income Taxpayers. See the section entitled "*Corporate Income Tax - Legal Entities with tax residence in Spain*"

Non-Resident Income Tax — Non-Spanish Tax Resident Investors not acting through a Permanent Establishment in Spain – Individuals and Legal Entities with no tax residence in Spain

Interest and other income deriving from the Spanish Securities will be tax exempt in Spain and exempt from Spanish withholding tax when obtained by persons who are resident for tax purposes in a Member State of the European Union (other than Spain) or by a permanent establishment of such persons situated in another Member State of the European Union (other than Spain), provided that such income is not obtained through a country or territory regarded as a tax haven (pursuant to Royal Decree 1080/1991 of 5 July 1991 or any other Law amending or supplementing this) and provided further that any such person provides the Issuer with a certificate of tax residence issued by the competent authorities of their jurisdiction of residence prior to the date on which any relevant payment is made or becomes due. Such certificate is valid for a one-year period.

Holders of Spanish Securities who are resident for tax purposes in a jurisdiction which has ratified a Treaty for the avoidance of Double Taxation with Spain (the "**DTT**") will be subject to Non-Resident Income Tax and Spanish withholding tax on income obtained from the Spanish Securities at the reduced rates (or subject to any exemption) set out in the DTT, if any. Such holders will have to evidence their tax residence by delivering to the Issuer, prior to the date on which any relevant payment is made or becomes due, a tax residence certificate within the meaning of the applicable DTT issued by the competent authorities of their jurisdiction of residence or, as the case may be, the equivalent document set out in the order which further develops the applicable DTT. Such certificate of tax residence is valid for a one-year period.

The Issuer will withhold from any interest payment and any income arising from the repayment of the Spanish Securities at the general rate applicable from time to time, which is currently 19 per cent., or at the reduced rate set out in the applicable DTT, unless the application of a tax exemption is evidenced, as described above.

Notwithstanding the above, these holders will be tax exempt in Spain on any income arising from the transfer of the Spanish Securities on a Spanish official secondary stock exchange, provided that they are resident in a jurisdiction which has ratified a DTT with Spain containing an exchange of information clause.

SWEDEN

The following summary outlines certain Swedish tax consequences relating to holders of Securities. The summary is based on the laws of Sweden as currently in effect and is intended to provide general information only. It does not purport to be a comprehensive description of all tax considerations that may be relevant to a prospective holder of Securities. The summary does not address, inter alia, situations where Securities are held in an investment savings account (Sw. investeringssparkonto), the tax consequences in connection with a competent resolution authority's exercise of the Bail-in tool and/or any other tools and/or powers under the BRRD or write down of Securities, the tax consequences following variation or substitution (instead of redemption) of Securities or the rules regarding reporting obligations for, among others, payers of interest. Further, the summary does not address credit of foreign taxes. Investors should consult their professional tax advisers regarding the Swedish tax and other tax consequences (including the applicability and effect of tax treaties for the avoidance of double taxation) of acquiring, owning and disposing of Securities in their particular circumstances.

Holders not resident in Sweden

Broadly speaking, provided that the value of or the return on the Securities relates to securities taxed as shares, private individuals who have been residents of Sweden for tax purposes due to a habitual abode in Sweden or a stay in Sweden for six consecutive months at any time during the calendar year of disposal or redemption or the ten calendar years preceding the year of disposal or redemption are liable for capital gains taxation in Sweden upon disposal or redemption of such Securities. In a number of cases though, the applicability of this rule is limited by the applicable tax treaty for the avoidance of double taxation.

Holders resident in Sweden

In general, for Swedish corporations and private individuals (and estates of deceased individuals) with residence in Sweden for Swedish tax purposes, all capital income (for example income that is considered to be interest for Swedish tax purposes and capital gains on Securities) will be taxable. Specific tax consequences may be applicable to certain categories of corporations, for example life insurance companies. Moreover, specific tax consequences may be applicable if, and to the extent that, a holder of Securities realises a capital loss on the Securities and to any currency exchange gains or losses.

If amounts that are deemed as interest for Swedish tax purposes are paid by a legal entity domiciled in Sweden, including a Swedish branch, to a private individual (or an estate of a deceased individual) with residence in Sweden for Swedish tax purposes, Swedish preliminary taxes are normally withheld by the legal entity on such payments. Swedish preliminary taxes should normally also be withheld on other return on Securities (but not capital gains), if the return is paid out together with such a payment of interest referred to above.

SWITZERLAND

The following discussion is a summary of certain material Swiss tax considerations relating to (i) Securities issued the Issuer where the holder is tax resident in Switzerland or has a tax presence in Switzerland or (ii) Securities where the Paying Agent, custodian or securities dealer is located in Switzerland. The discussion is based on legislation as of the date of this Prospectus. It does not aim to be a comprehensive description of all the Swiss tax considerations that may be relevant for a decision to invest in Securities. The tax treatment for each investor depends on the particular situation. All investors are advised to consult with their professional tax advisers as to the respective Swiss tax consequences of the purchase, ownership, disposition, lapse, exercise or redemption of Securities (or options embedded therein) in light of their particular circumstances.

Swiss Withholding Tax

Payments on a Security are currently not subject to Swiss federal withholding tax provided that the respective Issuer is at all times resident and managed outside Switzerland for Swiss tax purposes.

On November 4, 2015 the Swiss Federal Council announced a mandate to the Swiss Federal Finance Department to institute a group of experts tasked with the preparation of a new proposal for a reform of the Swiss withholding tax system. The new proposal is expected to include in respect of interest payments the replacement of the existing debtor-based regime by a paying agent-based regime for Swiss withholding tax similar to the one published on December 17, 2014 by the Swiss Federal Council and repealed on June 24, 2015 following the negative outcome of the legislative consultation with Swiss official and private bodies. Under such a new paying agent-based regime, if enacted, a paying agent in Switzerland may be required to deduct Swiss withholding tax on any payments or any securing of payments of interest in respect of a Security for the benefit of the beneficial owner of the payment unless certain procedures are complied with to establish that the owner of the Security is not an individual resident in Switzerland.

Income Taxation

Securities held as Private Assets by a Swiss resident holder

Structured Notes

If a Security classifies as a structured note, its income taxation depends on whether the bond and the derivative financial instrument(s) embedded therein are recorded separately from each other and whether the Security is classified as a structured note with or without a predominant one-time interest payment (a structured note is classified as a note with a predominant one-time interest payment if the one-time interest payment exceeds the sum of the periodic interest payments):

Non-transparent derivative financial instruments: If the bond is not recorded separately from the embedded derivative financial instrument(s), the Security is classified as non-transparent structured note and any return over the initial investment is classified as a taxable interest payment. Non-transparent derivative financial instruments generally include a predominant one-time interest payment and are taxed in accordance with the principles set forth below under "*Transparent derivative financial instruments with a predominant one-time interest payment*".

Transparent derivative financial instruments without a predominant one-time interest payment: If the bond is recorded separately from the embedded derivative financial instrument(s) and the yield-to-maturity predominantly derives from periodic interest payments and not from a one-time interest payment (see below "*Transparent derivative financial instruments with a predominant one-time interest payment*"), then any such periodic interest payment and the non-predominant one-time interest payment, if any, is taxed when paid to the holder of the Security. A gain, including interest accrued, a loss, respectively, realised on the sale of a Security is a tax-free private capital gain, a non-tax deductible private capital loss, respectively (see below "*Capital Gains, Securities held as Private Assets by a Swiss resident holder*"). The same applies if the Security is redeemed except that interest accrued is taxed when paid.

Transparent derivative financial instruments with a predominant one-time interest payment: If the bond is recorded separately from the embedded derivative financial instrument(s) and the yield-to-maturity predominantly derives from a one-time interest payment such as an original issue discount or a repayment premium and not from periodic interest payments, then any periodic interest payments and on the sale or redemption of the Security, the difference between the value of the bond at redemption or sale, as applicable, and its value at issuance or secondary market purchase, as applicable, converted, in each case, into Swiss Francs at the exchange rate prevailing at the time of redemption or sale, issuance or purchase, respectively (modified differential taxation method) constitutes taxable income. A value decrease on the bond respectively realised on the sale or redemption of the Security may be offset against any gains (including periodic interest payments) realised within the same taxation period from all instruments with a predominant one-time interest payment. Any residual return realised on the embedded derivative financial instrument(s) is a tax-free private capital gain, and any residual loss is a non-tax deductible private capital loss, respectively (see below "*Capital Gains, Securities held as Private Assets by a Swiss resident holder*").

Bonds

Bonds without a predominant one-time interest payment: If a Security is classified as a pure bond without a predominant one-time interest payment (the yield-to-maturity predominantly derives from periodic interest payments and not from a one-time interest payment), Swiss resident private investors will be taxed on the periodic and any one-time interest payments, if any, converted into Swiss Francs at the exchange rate prevailing at the time of payment. A gain, including interest accrued, a loss, respectively, realised on the sale of a Security is a tax-free private capital gain, a non-tax deductible private capital loss, respectively (see below "*—Capital Gains, Securities held as Private Assets by a Swiss resident holder*").

Bonds with a predominant one-time interest payment: If a Security is classified as a pure bond with a predominant one-time interest payment (the yield-to-maturity predominantly derives from a one-time interest payment such as an original issue discount or a repayment premium and not from periodic interest payments), Swiss resident private investors will be taxed on any periodic interest payments and on any gains, including capital and foreign exchange gains, realised on the Securities (differential taxation method).

Pure Derivative Financial Securities

Periodic and one-time dividend equalisation payments realised on a Security which is classified as a pure derivative financial instrument (such as pure call and put options, including low exercise price options with a maturity not exceeding one year, pure futures, static certificates replicating an index or a basket of at least five shares and with a fixed maturity or an annual redemption right) and which is held as part of a holder's private assets constitute taxable investment income. Any other return will be classified as a tax exempt capital gain or a non-tax deductible capital loss (see below "*—Capital Gains, Securities held as Private Assets by a Swiss resident holder*").

Low Exercise Price Options

According to the current practice of the Swiss Federal Tax Administration low exercise price options are given if the underlying of an option has been pre-financed by at least 50 per cent. at the time of issuance.

For low exercise price options with a maturity exceeding one year the interest component of the low exercise price option (*i.e.* issue discount) constitutes taxable investment income. Any other return will be classified as a tax exempt capital gain or a non-tax deductible capital loss (see below "*—Capital Gains, Securities held as Private Assets by a Swiss resident holder*").

Fund-like Securities

A Security classified as a fund-like instrument will be considered a pass-through instrument for Swiss tax purposes if dividend and interest income (less attributable costs) from, and capital gains and losses (less costs attributable) realised on, the underlying investments, are reported and distributed separately. Under such conditions, an individual holding a fund-like Security as part of private assets only receives taxable income (which he or she must report annually) over such portion of the distributions (in case the fund is distributing the income realised on the underlying investments) or earnings credits (in case the fund is reinvesting the income realised on the underlying investment) as derive from dividends and interest (less attributable costs) on the underlying instruments. Any distributions or credits deriving from capital gains realised on the underlying investments constitute a tax-free private capital gain and any respective loss on the underlying investments is a non-tax deductible private capital loss. Any gain realised within a taxation period on the sale of a fund-like instrument (including accrued dividends and interest) is exempt from income taxation as a private capital gain, and, conversely, any loss realised a non-tax deductible capital loss (see below "*—Capital Gains, Securities held as Private Assets by a Swiss resident holder*").

Securities held as Assets of a Swiss Business

Corporate entities and individuals who hold Securities as part of a trade or business in Switzerland, in the case of residents abroad carried on through a permanent establishment or a fixed place of business in Switzerland, are required to recognise any payments on, and any capital gains or losses realised on the sale or redemption

of, such Securities (irrespective of their classification) in their income statement for the respective taxation period and will be taxed on any net taxable earnings for such period.

The same taxation treatment also applies to Swiss-resident individuals who, for income tax purposes, are classified as "professional securities dealers" for reasons of, *inter alia*, frequent dealing and leveraged investments in securities.

Capital Gains Taxation

Securities held as Private Assets by a Swiss resident Holder

A gain, a loss, respectively, realised by an individual resident in Switzerland for tax purposes upon the sale or other disposal of a Security held as part of his or her private assets is a tax-free private capital gain, a non-tax deductible capital loss, respectively, unless such individual is classified, for income tax purposes, as a "professional securities dealer" for reasons of, *inter alia*, frequent dealing and leveraged investments in securities. If an individual is classified as a "professional securities dealer" he or she will be taxed in accordance with the principles set forth above under "*—Securities held as Assets of a Swiss Business*". In relation to the bifurcation of a tax-exempt capital gains component, non-tax deductible capital loss component, respectively, from taxable income components of a Security, see the bifurcation principles set forth above with regard to the different instruments under "*—Income Taxation, Securities held as Private Assets by a Swiss resident holder*").

Securities held as Assets of a Swiss Business

Capital gains realised on Securities held as Assets of a Swiss Business are taxed in accordance with the taxation principles set forth above under "*—Income Taxation, Securities held as Swiss Business Assets*").

Stamp Taxes

Swiss Federal Issue Stamp Tax

The Securities are not subject to Swiss federal stamp tax on the issuance of securities.

Swiss Federal Securities Turnover Tax

Dealings in Securities which are classified as pure derivative financial instruments (such as pure call and put options, including low exercise price options with a maturity not exceeding twelve months, pure futures with a maximal pre-financing of 25 per cent., static certificates replicating an index or a basket of at least five shares and with a fixed maturity on an annual redemption right) are not subject to the Swiss federal securities turnover tax.

Dealings in Securities which have been issued by an issuer outside of Switzerland and which are classified as structured notes, share-like instruments (including low exercise price warrants on shares with a maturity exceeding twelve months) or fund-like instruments are subject to Swiss federal securities turnover tax of 0.3 per cent. on the consideration paid, however, only if a Swiss securities dealer (as defined in the Swiss federal stamp tax act) is a party or intermediary to the transaction and no exemption applies.

Dealing in bonds and structured notes with a maturity not exceeding one year are exempt from Swiss federal turnover tax.

The delivery of an underlying taxable security at exercise or redemption to the holder of the Security is subject to Swiss federal securities turnover tax of 0.3 per cent. if a Swiss domestic securities dealer (as defined in the Swiss federal stamp tax act) is a party or intermediary to the transaction and no exemption applies.

Gift, Inheritance and Estate Taxes

Subject to an applicable tax treaty in an international scenario, transfers of Securities may be subject to cantonal and/or communal inheritance tax, estate tax or gift tax if the deceased person has had his or her last domicile in Switzerland, the donor is resident in Switzerland, respectively, or in the case of a foreign deceased

or resident person the transfer involves an unincorporated business in Switzerland and Securities are held as part of such business. No such taxes exist at the federal level. Rates depend upon the existing relationship (*i.e.* the relationship between the deceased and the heirs, or between the donor and the donee) and the size of the inheritance or gift. Interspousal gifts and gifts to descendants and inheritances collected by the surviving spouse and descendants are frequently exempt or taxed at very low rates (up to 6 per cent.). Gifts and inheritances received from unrelated persons attract rates ranging from 20 per cent. to 40 per cent. The taxable base is usually the market value of the property transferred.

Net Worth and Capital Taxes

A holder of Securities who is an individual resident in Switzerland for tax purposes or is a non-Swiss resident holding Securities as part of a Swiss business operation or a Swiss permanent establishment is required to report Securities as part of private wealth or as part of Swiss business assets, as the case may be, and is subject to annual cantonal and/or communal private wealth tax on any net taxable wealth (including the Securities), in the case of non-Swiss resident individual holding Securities as part of a Swiss business operation or a Swiss permanent establishment to the extent the aggregate taxable wealth is allocable to Switzerland. Incorporated holders of Securities are subject to cantonal and communal capital tax on net taxable equity, in the case of non-Swiss resident person holding Securities as part of a Swiss permanent establishment, to the extent the aggregate taxable equity is allocable to Switzerland. No net worth and capital taxes exist at the federal level.

Non-Swiss resident holders

A holder of a Security who is not resident in Switzerland for tax purposes and who during the taxation year has not engaged in trade or business carried on through a business operation or permanent establishment in Switzerland, will neither be subject to income tax and capital gains tax nor net wealth or capital tax in Switzerland.

Automatic Exchange of Information in Tax Matters

On November 19, 2014, Switzerland signed the Multilateral Competent Authority Agreement (the "**MCAA**"). The MCAA is based on article 6 of the OECD/Council of Europe administrative assistance convention and is intended to ensure the uniform implementation of Automatic Exchange of Information (the "**AEOI**"). The Federal Act on the International Automatic Exchange of Information in Tax Matters (the "**AEOI Act**") entered into force on January 1, 2017. The AEOI Act is the legal basis for the implementation of the AEOI standard in Switzerland.

The AEOI is being introduced in Switzerland through bilateral agreements or multilateral agreements. The agreements have, and will be, concluded on the basis of guaranteed reciprocity, compliance with the principle of speciality (*i.e.* the information exchanged may only be used to assess and levy taxes (and for criminal tax proceedings)) and adequate data protection.

Switzerland has concluded a multilateral AEOI agreement with the EU (replacing the EU savings tax agreement) and has concluded bilateral AEOI agreements with several non-EU countries.

Based on such multilateral agreements and bilateral agreements and the implementing laws of Switzerland, Switzerland began to collect data in respect of financial assets, including, as the case may be, Warrants, held in, and income derived thereon and credited to, accounts or deposits with a paying agent in Switzerland for the benefit of individuals resident in a EU member state or in a treaty state.

Swiss Facilitation of the Implementation of the U.S. Foreign Account Tax Compliance Act

Switzerland has concluded an intergovernmental agreement with the U.S. to facilitate the implementation of FATCA. The agreement ensures that the accounts held by U.S. persons with Swiss financial institutions are disclosed to the U.S. tax authorities either with the consent of the account holder or by means of group requests within the scope of administrative assistance. Information will not be transferred automatically in the absence of consent, and instead will be exchanged only within the scope of administrative assistance on the basis of the double taxation agreement between the U.S. and Switzerland.

UNITED KINGDOM

The following information does not purport to be a complete summary of the tax law and practice currently applicable in the United Kingdom. The following applies only to persons who are the beneficial owners of Securities and is a summary of the Issuer's understanding of current United Kingdom law and published HM Revenue & Customs practice relating to the United Kingdom withholding tax treatment of payments of principal and interest in respect of Securities. It does not deal with any of the United Kingdom taxation implications of acquiring, holding or disposing of Securities. Some aspects do not apply to certain classes of person (such as dealers and persons connected with the Issuer) to whom special rules may apply. The United Kingdom tax treatment of Prospective Securityholders depends on their individual circumstances and may be subject to change in the future. Prospective Securityholders who are in any doubt as to their tax position or who may be subject to tax in a jurisdiction other than the United Kingdom should seek their own professional advice.

Securities issued otherwise than through the Issuer's London branch

Payments of interest on the Securities which do not have a United Kingdom source may be made without withholding on account of United Kingdom income tax.

Payment of Interest on the Securities issued by the Issuer's London branch

- The Issuer, provided that it continues to be a bank within the meaning of section 991 of the Income Tax Act 2007 (the "**Act**"), and provided that the interest on the Securities is paid in the ordinary course of its business within the meaning of section 878 of the Act, will be entitled to make payments of interest without withholding or deduction for or on account of United Kingdom income tax.
- Payments of interest on the Securities may be made without deduction of or withholding on account of United Kingdom income tax provided that the Securities carry a right to interest and the Securities are and continue to be listed on a "recognised stock exchange", as defined in section 1005 of the Act. The Luxembourg Stock Exchange is a recognised stock exchange. Under a published HM Revenue & Customs guidance, the Securities will satisfy this requirement if they are listed by the competent authority in Luxembourg and are admitted to trading on the Main Market by the Luxembourg Stock Exchange. Provided, therefore, that the Securities remain so listed, interest on the Securities will be payable without withholding or deduction on account of United Kingdom tax whether or not the Issuer carries on a banking business in the United Kingdom and whether or not the interest is paid in the ordinary course of its business.
- Interest on the Securities may also be paid without withholding or deduction on account of United Kingdom tax where the maturity of the Securities is less than 365 days and the Securities do not form part of a scheme or arrangement of borrowing intended to be capable of remaining outstanding for more than 364 days.
- Interest on the Securities may also be paid without withholding or deduction on account of United Kingdom income tax where the Securities qualify, or have qualified, as Tier 2 instruments under Article 63 of CRR and form, or have formed, a component of Tier 2 capital of the issuer for the purposes of CRR unless there are arrangements in place the main purpose, or one of the main purposes, of which is to obtain a tax advantage (as defined in section 1139 of the Corporation Tax Act 2010) for any person as a result of the application of the Taxation of Regulatory Capital Securities Regulations 2013 in respect of the Securities.

In other cases, an amount must generally be withheld from payments of interest on the Securities on account of United Kingdom income tax at the basic rate (currently 20 per cent.), subject to other available exemptions and reliefs. However, where an applicable double tax treaty provides for a lower rate of withholding tax (or for no tax to be withheld) in relation to a Securityholder, HM Revenue & Customs can issue a notice to the Issuer to pay interest to the Securityholder without deduction of tax (or for interest to be paid with tax deducted at the rate provided for in the relevant double tax treaty).

The references above to "interest" and "principal" mean "interest" and "principal" as understood in United Kingdom tax law. If any of the payments under the Securities are treated as manufactured payments or annual payments, the treatment of such payments may differ from the treatment described above. If Securityholders are in any doubt as to their tax position they should consult their professional advisers.

UNITED STATES

United States Federal Income Taxation

This discussion does not discuss all aspects of United States federal income taxation that may be relevant to non-U.S. Holders (as defined below) in light of their particular circumstances or to non-U.S. Holders subject to special rules under the United States federal income tax laws, such as financial institutions, real estate investment trusts, insurance companies, dealers in securities, persons holding Securities in connection with a hedging, "straddle", integrated or conversion transaction, persons who own an interest in a partnership or other pass-through entity, former citizens or long-term residents of the United States or tax-exempt organizations.

The discussion below only addresses persons that are neither U.S. Holders nor partnerships ("**Non-U.S. Holders**"). The U.S. federal income tax treatment of a partner in a partnership that holds Securities will depend on the status of the partner and the activities of the partnership. Investors that are partnerships should consult their tax adviser concerning the U.S. federal income tax consequences to their partners of the acquisition, ownership and disposition of Securities by the partnership. As used herein, the term "**U.S. Holder**" means a beneficial owner of Securities that is (i) a citizen or resident of the United States for U.S. federal income tax purposes, (ii) a corporation, or other entity treated as a corporation, created or organized under the laws of the United States or any political subdivision thereof, (iii) an estate the income of which is subject to U.S. federal income tax without regard to its source or (iv) a trust if a court within the United States is able to exercise primary supervision over the administration of the trust and one or more U.S. persons have the authority to control all substantial decisions of the trust, or the trust has elected to be treated as a domestic trust for U.S. federal income tax purposes.

This summary is based on the Internal Revenue Code of 1986, as amended (the "**Code**"), existing administrative pronouncements and judicial decisions, Treasury regulations currently in effect, and interpretations of the foregoing, changes to any of which subsequent to the date of this Prospectus may affect the tax consequences described herein, possibly with retroactive effect. This summary assumes that Securities issued by Deutsche Bank AG, New York Branch will be treated as debt for U.S. federal income taxes purposes. Persons considering the purchase of Securities are advised to consult their own tax advisers with regard to the application of the United States federal income tax laws to their particular situations, as well as any tax consequences arising under the laws of any state, local or foreign taxing jurisdiction.

Subject to the discussion below under "*Hiring Incentives to Restore Employment Act*", interest payments on a Security issued by Deutsche Bank AG, New York branch should not be subject to U.S. federal withholding tax, provided that (1) the Non-U.S. Holder does not actually or constructively own 10 per cent. or more of the total combined voting power of all classes of stock of the Issuer entitled to vote, (2) the Non-U.S. Holder is not (i) a controlled foreign corporation for U.S. federal income tax purposes that is related to the Issuer through stock ownership or (ii) a bank extending credit pursuant to a loan agreement entered into in the ordinary course of its trade or business, (3) such interest is not contingent on the Issuer's profits, revenues or changes in the value of its property and is not otherwise excluded from the definition of "portfolio interest" by Section 871(h)(4) of the Code, (4) the Non-U.S. Holder certifies that it is not a United States person on a properly completed U.S. Internal Revenue Service Form W-8BEN, W-8BEN-E or other such applicable form, and (5) the Non-U.S. Holder provides any required information with respect to its direct and indirect U.S. owners as required pursuant to Sections 1471 through 1474 of the Code ("**FATCA**") or, if the Securities are held through, or such holder is, a "foreign financial institution" (as defined under FATCA), such foreign financial institution complies with its obligations under FATCA (either pursuant to an agreement with the U.S. government or in accordance with local law) or is otherwise exempt from FATCA.

Subject to the discussion below under "*Foreign Account Tax Compliance Act*" and "*Hiring Incentives to Restore Employment Act*", interest payments on a Security issued by a branch or office outside the United States generally will not be subject to U.S. federal withholding tax.

Subject to the discussion below under "Foreign Account Tax Compliance Act" and "Hiring Incentives to Restore Employment Act", gain realised by a Non-U.S. Holder on the taxable disposition of a Security generally will not be subject to U.S. federal withholding or income tax, provided that: (i) that payment and/or gain is not effectively connected with the conduct by that Non-U.S. Holder of a trade or business in the U.S.; (ii) in the case of any gain realized on the sale or exchange of a Security by an individual Non-U.S. Holder, that holder is not present in the U.S. for 183 days or more in the taxable year of the sale, exchange or retirement and certain other conditions are met; and (iii) the Non-U.S. Holder is not subject to tax pursuant to provisions of the Code applicable to certain expatriates.

Foreign Account Tax Compliance Act

FATCA imposes a new reporting regime and potentially a 30 per cent. withholding tax with respect to certain payments to any non-U.S. financial institution (a "foreign financial institution", or "**FFI**" (as defined by FATCA)) that does not become a "**Participating FFI**" by entering into an agreement with the U.S. Internal Revenue Service (the "**IRS**") to provide the IRS with certain information in respect of its account holders and investors or is not otherwise exempt from or in deemed compliance with FATCA. The Issuer (except when issuing through its New York Branch) is an FFI.

The new withholding regime is now in effect for payments from sources within the United States. As a result, the withholding regime could apply to payments in respect of any Securities issued by Deutsche Bank AG, New York Branch, ("**U.S. Securities**") made to certain non-U.S. persons (including financial intermediaries) as well as proceeds of taxable dispositions of the U.S. Securities, unless various U.S. information reporting and due diligence requirements have been satisfied. This withholding tax will not apply to proceeds received before 1 January 2019 and the timing and mechanics of its application after that date are uncertain at this time. In addition, Deutsche Bank AG, New York Branch will be required to comply with reporting rules similar to those described below.

In addition, FATCA will apply to "**foreign passthru payments**" (a term not yet defined) no earlier than 1 January 2019. This withholding would potentially apply to payments in respect of (i) any Securities issued by a branch or office outside the United States ("**Non-U.S. Securities**") characterised as debt (or which are not otherwise characterized as equity and have a fixed term) for U.S. federal tax purposes that are issued after the "**grandfathering date**", which A) with respect to Non-U.S. Securities that give rise solely to foreign passthru payments, is the date that is six months after the date on which final U.S. Treasury regulations defining the term foreign passthru payment are filed with the Federal Register and (B) with respect to Non-U.S. Securities that give rise to a dividend equivalent pursuant to Section 871(m) of the Code, is six months after the date on which obligations of its type are first treated as giving rise to dividend equivalents, or (in each case) which are materially modified after the grandfathering date and (ii) any Non-U.S. Securities characterised as equity or which do not have a fixed term for U.S. federal tax purposes, whenever issued. If Non-U.S. Securities are issued on or before the grandfathering date, and additional Non-U.S. Securities of the same series are issued after that date, the additional Non-U.S. Securities may not be treated as grandfathered, which may have negative consequences for the existing Non-U.S. Securities, including a negative impact on market price.

The United States and a number of other jurisdictions have entered into intergovernmental agreements to facilitate the implementation of FATCA (each, an "**IGA**"). Pursuant to FATCA and the "Model 1" and "Model 2" IGAs released by the United States, an FFI in an IGA signatory country could be treated as a "**Reporting FI**" not subject to withholding under FATCA on any payments it receives. Further, an FFI in an IGA jurisdiction would not generally be required to withhold under FATCA or an IGA (or any law implementing an IGA) (any such withholding being "**FATCA Withholding**") from payments it makes. Under each Model IGA, a Reporting FI would still be required to report certain information in respect of its account holders and investors to its home government or to the IRS. The United States and Germany have entered into an agreement (the "**US-Germany IGA**") based largely on the Model 1 IGA.

If the Issuer is treated as a Reporting FI pursuant to the US-Germany IGA it does not anticipate that it will be obliged to deduct any FATCA Withholding on payments it makes. The Issuer also expects that any branch through which it issues Non-U.S. Securities will be treated as a Reporting FI pursuant to an IGA. There can be no assurance, however, that the Issuer or any branch through which it issues Non-U.S. Securities will be treated as a Reporting FI, or that it would in the future not be required to deduct FATCA Withholding from payments it makes. Accordingly, the Issuer and financial institutions through which payments on the Non-U.S. Securities are

made may be required to withhold FATCA Withholding if any FFI through or to which payment on such Non-U.S. Securities is made is not a Participating FFI, a Reporting FI, or otherwise exempt from or in deemed compliance with FATCA.

Whilst the Securities are in global form and held within Euroclear or Clearstream, Luxembourg (together, the "ICSDs"), Clearstream Banking AG, Frankfurt ("CBF") or SIX SIS AG, Olten, Switzerland ("SIS"), it is expected that FATCA will not affect the amount of any payments made under, or in respect of, the Securities by the Issuer, the Guarantor, any paying agent and the Common Depository or Common Safekeeper, given that each of the entities in the payment chain between the Issuer and the participants in the ICSDs, CBF or SIS, as applicable, is a major financial institution whose business is dependent on compliance with FATCA and that any alternative approach introduced under an IGA will be unlikely to affect the Securities. The documentation expressly contemplates the possibility that the Securities may go into definitive form and therefore that they may be taken out of the ICSDs, CBF or SIS, as applicable. If this were to happen, then a non-FATCA compliant holder could be subject to FATCA Withholding. However, definitive Securities will only be printed in remote circumstances.

FATCA is particularly complex and its application is uncertain at this time. The above description is based in part on regulations, official guidance and model IGAs, all of which are subject to change or may be implemented in a materially different form. Prospective investors should consult their tax advisers on how these rules may apply to the Issuer and to payments they may receive in connection with the Securities.

Hiring Incentives to Restore Employment Act

The U.S. Hiring Incentives to Restore Employment Act introduced Section 871(m) of the U.S. Internal Revenue Code of 1986 which treats a "dividend equivalent" payment as a dividend from sources within the United States. Under Section 871(m), such payments generally would be subject to a 30 per cent. U.S. withholding tax that may be reduced by an applicable tax treaty, eligible for credit against other U.S. tax liabilities or refunded, provided that the beneficial owner timely claims a credit or refund from the IRS. A "dividend equivalent" payment is (i) a substitute dividend payment made pursuant to a securities lending or a sale-repurchase transaction that (directly or indirectly) is contingent upon, or determined by reference to, the payment of a dividend from sources within the United States, (ii) a payment made pursuant to a "specified notional principal contract" that (directly or indirectly) is contingent upon, or determined by reference to, the payment of a dividend from sources within the United States, and (iii) any other payment determined by the IRS to be substantially similar to a payment described in (i) or (ii). The final U.S. Treasury regulations issued under Section 871(m) (the "**Section 871(m) Regulations**") require withholding on certain non-U.S. holders of the Securities with respect to amounts treated as attributable to dividends from certain U.S. securities. Under the Section 871(m) Regulations, only a Security that has an expected economic return sufficiently similar to that of the underlying U.S. security, based on tests set forth in the Section 871(m) Regulations and applicable guidance, will be subject to the Section 871(m) withholding regime (making such security a "**Specified Security**"). The Section 871(m) Regulations provide certain exceptions to this withholding requirement, in particular for instruments linked to certain broad-based indices.

Withholding in respect of dividend equivalents will generally be required when cash payments are made on a Specified Security or upon the date of maturity, lapse or other disposition by the non-U.S. holder of the Specified Security. If the underlying U.S. security or securities are expected to pay dividends during the term of the Specified Security, withholding generally will still be required even if the Specified Security does not provide for payments explicitly linked to dividends. Additionally, the Issuer may withhold the full 30 per cent. tax on any payment on the Securities in respect of any dividend equivalent arising with respect to such Securities regardless of any exemption from, or reduction in, such withholding otherwise available under applicable law (including, for the avoidance of doubt, where a Securityholder is eligible for a reduced tax rate under an applicable tax treaty with the United States). A Securityholder may be able to claim a refund of any excess withholding provided the required information is timely furnished to the U.S. Internal Revenue Service. Refund claims are subject to U.S. tax law requirements and there can be no assurance that a particular refund claim will be timely paid or paid at all. If the Issuer or any withholding agent determines that withholding is required, neither the Issuer nor any withholding agent will be required to pay any additional amounts with respect to amounts so withheld.

The Section 871(m) Regulations generally apply to Specified Securities issued on or after 1 January 2017. If the terms of a Security are subject to a "significant modification" (as defined for U.S. tax purposes), the Security generally would be treated as retired and reissued on the date of such modification for purposes of determining based on economic conditions in effect at that time, whether such Security is a Specified Security. Similarly, if additional Securities of the same series are issued (or deemed issued for U.S. tax purposes, such as certain sales of Securities out of inventory) after the original issue date, the IRS could treat the issue date for determining whether the existing Securities are Specified Securities as the date of such subsequent sale or issuance. Consequently, a previously out of scope Security, might be treated as a Specified Security following such modification or further issuance.

With respect to Securities that provide for net dividend reinvestment in respect of either an underlying U.S. security or an index that includes U.S. securities, all payments on the Securities that reference such U.S. securities or an index that includes U.S. securities may be calculated by reference to dividends on such U.S. securities that are reinvested at a rate of 70%. In calculating the relevant payment amount, the holder will be deemed to receive, and the Issuer will be deemed to withhold, 30% of any dividend equivalent payments (as defined in Section 871(m) of the Code) in respect of the relevant U.S. securities. The applicable Final Terms (or Pricing Supplement, in the case of Exempt Securities) will indicate whether the Issuer has determined that Securities are Specified Securities and will specify contact details for obtaining additional information regarding the application of the Section 871(m) Regulations to Securities. If Securities are Specified Securities, a non-U.S. holder of such Securities should expect to be subject to withholding in respect of any dividend-paying U.S. securities underlying those Securities. The Issuer's determination is binding on non-U.S. holders of the Securities, but it is not binding on the IRS. The Section 871(m) Regulations require complex calculations to be made with respect to Securities linked to U.S. securities and their application to a specific issue of Securities may be uncertain.

Prospective investors should consult their tax advisers regarding the potential application of Section 871(m) to the Securities.

THE PROPOSED FINANCIAL TRANSACTIONS TAX

On 14 February 2013, the European Commission published a proposal (the **Commission's Proposal**) for a Directive for a common financial transactions tax ("**FTT**") in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia (the "**participating Member States**"). However, Estonia has since stated that it will not participate.

The Commission's Proposal has very broad scope and could, if introduced, apply to certain dealings in the Securities (including secondary market transactions) in certain circumstances.

Under the Commission's Proposal the FTT could apply in certain circumstances to persons both within and outside of the participating Member States. Generally, it would apply to certain dealings in Securities where at least one party is a financial institution, and at least one party is established in a participating Member State. A financial institution may be, or be deemed to be, "established" in a participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a participating Member State.

However, the FTT proposal remains subject to negotiation between participating Member States. It may therefore be altered prior to any implementation, the timing of which remains unclear. Additional EU Member States may decide to participate. Therefore, it is currently uncertain whether and when the proposed FTT will be enacted by the participating EU Member States and when it will take effect with regard to dealings in the Securities.

Prospective holders of Securities are advised to seek their own professional advice in relation to the FTT.

BOOK ENTRY CLEARANCE SYSTEMS

The information set out below is subject to any change in or reinterpretation of the rules, regulations and procedures of the following "**Clearing Systems**" currently in effect:

- The Depository Trust Company ("**DTC**"), 55 Water Street, New York, NY 10041, United States;
- Clearstream Banking AG, Frankfurt ("**CBF**"), Neue Börsenstraße 1, 60487 Frankfurt am Main, Germany;
- Clearstream Banking, S.A. ("**CBL**"), 42 Avenue JF Kennedy, 1855 Luxembourg, Luxembourg;
- Euroclear Bank SA/NV, Brussels ("**Euroclear**"), 1 Boulevard du Roi Albert II, 1210 Brussels, Belgium; and
- SIX SIS AG ("**SIS**"), Baslerstrasse 100, 4600 Olten, Switzerland.

The information in this section concerning the Clearing Systems has been obtained from sources that the Issuer believes to be reliable, but neither the Issuer nor any Dealer takes any responsibility for the accuracy thereof. Investors wishing to use the facilities of any of the Clearing Systems are advised to confirm the continued applicability of the rules, regulations and procedures of the relevant Clearing System. None of the Issuer nor any other party to the Agency Agreement will have any responsibility or liability for any aspect of the records relating to, or payments made on account of, beneficial ownership interests in the Securities held through the facilities of any Clearing System or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

BOOK-ENTRY SYSTEMS

DTC

DTC has advised the Issuer that it is a limited purpose trust company organised under the New York Banking Law, a "banking organisation" within the meaning of the New York Banking Law, a "clearing corporation" within the meaning of the New York Uniform Commercial Code and a "clearing agency" registered pursuant to section 17A of the Exchange Act. DTC holds securities that its participants ("**Participants**") deposit with DTC. DTC also facilitates the settlement among Participants of securities transactions, such as transfers and pledges, in deposited securities through electronic computerised book-entry changes in Participants' accounts, thereby eliminating the need for physical movement of securities certificates. Direct Participants include securities brokers and dealers, banks, trust companies, clearing corporations and certain other organisations ("**Direct Participants**"). DTC is owned by a number of its Direct Participants and by the New York Stock Exchange, Inc., the American Stock Exchange, Inc. and the National Association of Securities Dealers, Inc. Access to the DTC System is also available to others such as securities brokers and dealers, banks and trust companies that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("**Indirect Participants**").

Under the rules, regulations and procedures creating and affecting DTC and its operations (the "**Rules**"), DTC makes book-entry transfers of Registered Securities among Direct Participants on whose behalf it acts with respect to Securities accepted into DTC's book-entry settlement system ("**DTC Securities**") as described below and receives and transmits distributions of principal and interest on DTC Securities. The Rules are on file with the Securities and Exchange Commission. Direct Participants and Indirect Participants with which beneficial owners of DTC Securities ("**Owners**") have accounts with respect to the DTC Securities similarly are required to make book-entry transfers and receive and transmit such payments on behalf of their respective Owners. Accordingly, although Owners who hold DTC Securities through Direct Participants or Indirect Participants will not possess Registered Securities, the Rules, by virtue of the requirements described above, provide a mechanism by which Direct Participants will receive payments and will be able to transfer their interest in respect of the DTC Securities.

Purchases of DTC Securities under the DTC system must be made by or through Direct Participants, which will receive a credit for the DTC Securities on DTC's records. The ownership interest of each actual purchaser of each DTC Security ("**Beneficial Owner**") is in turn to be recorded on the Direct and Indirect Participant's records. Beneficial Owners will not receive written confirmation from DTC of their purchase, but Beneficial Owners are expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the DTC Securities are to be accomplished by entries made on the books of Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in DTC Securities, except in the event that use of the book-entry system for the DTC Securities is discontinued.

To facilitate subsequent transfers, all DTC Securities deposited by Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co. The deposit of DTC Securities with DTC and their registration in the name of Cede & Co. effect no change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the DTC Securities; DTC's records reflect only the identity of the Direct Participants to whose accounts such DTC Securities are credited, which may or may not be the Beneficial Owners. The Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Redemption notices shall be sent to Cede & Co. If less than all of the DTC Securities within an issue are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

Neither DTC nor Cede & Co. will consent or vote with respect to DTC Securities. Under its usual procedures, DTC mails an Omnibus Proxy to the Issuer as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the DTC Securities are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Principal and interest payments on the DTC Securities will be made to DTC. DTC's practice is to credit Direct Participants' accounts on the due date for payment in accordance with their respective holdings shown on DTC's records unless DTC has reason to believe that it will not receive payment on the due date. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name", and will be the responsibility of such Participant and not of DTC or the Issuer, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of principal and interest to DTC is the responsibility of the Issuer, disbursement of such payments to Direct Participants is the responsibility of DTC, and disbursement of such payments to the Beneficial Owners is the responsibility of Direct and Indirect Participants.

Under certain circumstances, including if there is an Event of Default (in the case of Securities for which Eligible Liabilities Format is not specified as applicable in the applicable Final Terms), DTC will exchange the DTC Securities for definitive Registered Securities, which it will distribute to its Participants in accordance with their proportionate entitlements and which, if representing interests in a Rule 144A Global Security, will be legended as set forth under "*Transfer and Selling Restrictions*".

Since DTC may only act on behalf of Direct Participants, who in turn act on behalf of Indirect Participants, any Owner desiring to pledge DTC Securities to persons or entities that do not participate in DTC, or otherwise take actions with respect to such DTC Securities, will be required to withdraw its Registered Securities from DTC as described below.

Euroclear, CBL and CBF

Euroclear, CBL and CBF each holds securities for its customers and facilitates the clearance and settlement of securities transactions by electronic book-entry transfer between their respective account holders. Euroclear, CBL and CBF provide various services including safekeeping, administration, clearance and settlement of

internationally traded securities and securities lending and borrowing. Euroclear, CBL and CBF also deal with domestic securities markets in several countries through established depository and custodial relationships. Euroclear, CBL and CBF have established an electronic bridge between their two systems across which their respective participants may settle trades with each other.

Euroclear, CBL and CBF customers are world-wide financial institutions, including underwriters, securities brokers and dealers, banks, trust companies and clearing corporations. Indirect access to Euroclear, CBL and CBF is available to other institutions that clear through or maintain a custodial relationship with an account holder of either system.

BOOK-ENTRY OWNERSHIP OF AND PAYMENTS IN RESPECT OF DTC SECURITIES

The Issuer may apply to DTC in order to have any Tranche of Securities represented by a Registered Global Security accepted in its book-entry settlement system. Upon the issue of any such Registered Global Security, DTC or its custodian will credit, on its internal book-entry system, the respective principal amounts of the individual beneficial interests represented by such Registered Global Security to the accounts of persons who have accounts with DTC. Such accounts initially will be designated by or on behalf of the relevant Dealer. Ownership of beneficial interests in such a Registered Global Security will be limited to Direct Participants or Indirect Participants, including, in the case of any Regulation S Global Security, the respective depositories of Euroclear and CBL. Ownership of beneficial interests in a Registered Global Security accepted by DTC will be shown on, and the transfer of such ownership will be effected only through, records maintained by DTC or its nominee (with respect to the interests of Direct Participants) and the records of Direct Participants (with respect to interests of Indirect Participants).

Payments in U.S. dollars of principal and interest in respect of a Registered Global Security accepted by DTC will be made to the order of DTC or its nominee as the registered holder of such Security. In the case of any payment in a currency other than U.S. dollars, payment will be made to the Exchange Agent on behalf of DTC or its nominee and the Exchange Agent will (in accordance with instructions received by it) remit all or a portion of such payment for credit directly to the beneficial holders of interests in the Registered Global Security in the currency in which such payment was made and/or cause all or a portion of such payment to be converted into U.S. dollars and credited to the applicable Participants' account.

The Issuer expects DTC to credit accounts of Direct Participants on the applicable payment date in accordance with their respective holdings as shown in the records of DTC unless DTC has reason to believe that it will not receive payment on such payment date. The Issuer also expects that payments by Participants to beneficial owners of Securities will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers, and will be the responsibility of such Participant and not the responsibility of DTC, the Principal Paying Agent, the Registrar or the Issuer. Payment of principal, premium, if any, and interest, if any, on Securities to DTC is the responsibility of the Issuer.

TRANSFERS OF SECURITIES REPRESENTED BY REGISTERED GLOBAL SECURITIES

Transfers of any interests in Securities represented by a Registered Global Security within DTC, Euroclear and CBL will be effected in accordance with the customary rules and operating procedures of the relevant clearing system. The laws in some States within the United States require that certain persons take physical delivery of securities in definitive form. Consequently, the ability to transfer Securities represented by a Registered Global Security to such persons may depend upon the ability to exchange such Securities for Securities in definitive form. Similarly, because DTC can only act on behalf of Direct Participants in the DTC system who in turn act on behalf of Indirect Participants, the ability of a person having an interest in Securities represented by a Registered Global Security accepted by DTC to pledge such Securities to persons or entities that do not participate in the DTC system or otherwise to take action in respect of such Securities may depend upon the ability to exchange such Securities for Securities in definitive form. The ability of any holder of Securities represented by a Registered Global Security accepted by DTC to resell, pledge or otherwise transfer such Securities may be impaired if the proposed transferee of such Securities is not eligible to hold such Securities through a direct or indirect participant in the DTC system.

Subject to compliance with the transfer restrictions applicable to the Registered Securities described under "*Transfer and Selling Restrictions*", cross-market transfers between DTC, on the one hand, and directly or

indirectly through CBL or Euroclear accountholders, on the other, will be effected by the relevant clearing system in accordance with its rules and through action taken by the Registrar, the Principal Paying Agent and any custodian ("**Custodian**") with whom the relevant Registered Global Securities have been deposited.

On or after the Issue Date for any Series, transfers of Securities of such Series between accountholders in CBL and Euroclear and transfers of Securities of such Series between participants in DTC will generally have a settlement date three business days after the trade date (T+3). The customary arrangements for delivery versus payment will apply to such transfers.

Cross-market transfers between accountholders in CBL or Euroclear and DTC participants will need to have an agreed settlement date between the parties to such transfer. Because there is no direct link between DTC, on the one hand, and CBL and Euroclear, on the other, transfers of interests in the relevant Registered Global Securities will be effected through the Registrar, the Principal Paying Agent and the Custodian receiving instructions (and, where appropriate, certification) from the transferor and arranging for delivery of the interests being transferred to the credit of the designated account for the transferee. In the case of cross-market transfers, settlement between Euroclear or CBL accountholders and DTC participants cannot be made on a delivery versus payment basis. The securities will be delivered on a free delivery basis and arrangements for payment must be made separately.

DTC, CBL and Euroclear have each published rules and operating procedures designed to facilitate transfers of beneficial interests in Registered Global Securities among participants and accountholders of DTC, CBL and Euroclear. However, they are under no obligation to perform or continue to perform such procedures, and such procedures may be discontinued or changed at any time. None of the Issuer, the Agents nor any Dealer will be responsible for any performance by DTC, CBL or Euroclear or their respective direct or indirect participants or accountholders of their respective obligations under the rules and procedures governing their operations and none of them will have any liability for any aspect of the records relating to or payments made on account of beneficial interests in the Securities represented by Registered Global Securities or for maintaining, supervising or reviewing any records relating to such beneficial interests.

TRANSFER AND SELLING RESTRICTIONS

The Dealers have, in the "**Dealer Agreement**" dated 22 June 2018 agreed with the Issuer a basis upon which they or any of them may from time to time agree to purchase Securities. Any such agreement will extend to those matters stated under "*Form of the Securities*" and "*Terms and Conditions of the Securities*". In the Dealer Agreement, the Issuer has agreed to reimburse the Dealers for certain of their expenses in connection with the establishment and any future update of the Programme and the issue of Securities under the Programme and to indemnify the Dealers certain liabilities incurred by them in connection therewith.

TRANSFER RESTRICTIONS

As a result of the following restrictions, purchasers of Securities in the United States are advised to consult legal counsel prior to making any purchase, offer, sale, resale or other transfer of such Securities. Each purchaser of Registered Securities or person wishing to transfer an interest from one Registered Global Security to another or from global to definitive form or vice versa, will be required to acknowledge, represent and agree as follows (terms used in this paragraph that are defined in Rule 144A or in Regulation S are used herein as defined therein):

No sale of Legended Securities in the United States to any one purchaser will be for less than U.S. \$ 100,000 (or its foreign currency equivalent) principal amount and no Legended Security will be issued in connection with such a sale in a smaller principal amount. If the purchaser is a non-bank fiduciary acting on behalf of others, each person for whom it is acting must purchase at least U.S. \$ 100,000 (or its foreign currency equivalent) of Registered Securities.

UNITED STATES

The Securities have not been and will not be registered under the Securities Act and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons except in certain transactions exempt from, or not subject to, the registration requirements of the Securities Act. Terms used in this paragraph have the meanings given to them by Regulation S.

The Securities in bearer form are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a United States person, except in certain transactions permitted by U.S. Treasury regulations. Notes issued by Deutsche Bank AG, New York Branch must be in registered form for U.S. federal income tax purposes. Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code of 1986 and U.S. Treasury regulations promulgated thereunder.

In connection with any Securities which are offered or sold outside the United States in reliance on an exemption from the registration requirements of the Securities Act provided under Regulation S ("**Regulation S Securities**"), each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it will not offer, sell or deliver such Regulation S Securities (a) as part of their distribution at any time or (b) otherwise until forty days after the completion of the distribution, as determined and certified by the relevant Dealer or, in the case of an issue of Securities on a syndicated basis, the relevant lead manager, of all Securities of the Tranche of which such Regulation S Securities are a part (the "**Distribution Compliance Period**"), within the United States or to, or for the account or benefit of, U.S. persons. Each Dealer has further agreed, and each further Dealer appointed under the Programme will be required to agree, that it will send to each dealer to which it sells any Regulation S Securities

(other than a sale pursuant to Rule 144A) during the Distribution Compliance Period a confirmation or other notice setting forth the restrictions on offers and sales of the Regulation S Securities within the United States or to, or for the account or benefit of, U.S. persons.

Until forty days after the commencement of the offering of any Series of Securities, an offer or sale of such Securities within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act if such offer or sale is made otherwise than in accordance with an available exemption from registration under the Securities Act.

Dealers, directly or through their respective U.S. broker dealer affiliates, may arrange for the resale of Securities to QIBs pursuant to Rule 144A and each such purchaser of Securities is hereby notified that the Dealers may be relying on the exemption from the registration requirements of the Securities Act provided by Rule 144A. The minimum aggregate principal amount of Securities which may be purchased by a QIB pursuant to Rule 144A is U.S. \$ 100,000 (or the approximate equivalent thereof in any other Specified Currency). To the extent that the Issuer is not subject to or does not comply with the reporting requirements of section 13 or section 15(d) of the Exchange Act or the information furnishing requirements of Rule 12g3-2(b) thereunder, the Issuer has agreed to furnish to holders of Securities and to prospective purchasers designated by such holders, upon request, such information as may be required by Rule 144A(d)(4) so long as the Securities are considered "restricted securities" within the meaning of Rule 144(a)(3) under the Securities Act.

In the case of Exempt Securities, each issuance of Currency Linked Notes, Commodity Linked Notes, Fund Linked Notes, Index Linked Notes, Equity Linked Notes or Credit Linked Notes shall be subject to such additional U.S. selling restrictions as the Issuer and the relevant Dealer may agree as a term of the issuance and purchase of such Securities, which additional selling restrictions shall be set out in the applicable Pricing Supplement.

PROHIBITION OF SALES TO RETAIL INVESTORS IN THE EUROPEAN ECONOMIC AREA

Unless the Final Terms in respect of any Securities (or Pricing Supplement, in the case of Exempt Securities) specify "Prohibition of Sales to Retail Investors in the European Economic Area" as "Not applicable", each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered, sold or otherwise made available and will not offer, sell or otherwise make available any Securities which are the subject of the offering contemplated by this Prospectus as completed by the Final Terms (or Pricing Supplement, as the case may be) in relation thereto to any retail investor in the EEA. For the purposes of this provision:

- (a) the expression "**retail investor**" means a person who is one (or more) of the following:
 - (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, "**MiFID II**"); or
 - (ii) a customer within the meaning of Directive 2002/92/EC, where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or
 - (iii) not a qualified investor as defined in the Prospectus Directive; and
- (b) the expression an "**offer**" includes the communication in any form and by any means of sufficient information on the terms of the offer and the Securities to be offered so as to enable an investor to decide to purchase or subscribe the Securities.

If the Final Terms in respect of any Securities (or Pricing Supplement, in the case of Exempt Securities) specify "Prohibition of Sales to Retail Investors in the European Economic Area" as "Not applicable", in relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a "**Relevant Member State**"), each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the "**Relevant Implementation Date**") it has not made and will not make an offer of Securities which are the subject of the offering contemplated by this Prospectus as completed by the final terms in relation thereto to the public in that Relevant

Member State, except that it may, with effect from and including the Relevant Implementation Date, make an offer of such Securities to the public in that Relevant Member State:

- if the final terms in relation to the Securities specify that an offer of those Securities may be made other than pursuant to Article 3(2) of the Prospectus Directive in that Relevant Member State (a "**Non-exempt Offer**"), following the publication of a prospectus in relation to those Securities which has been approved by the competent authority in the Relevant Member State or, where appropriate, approved in another Relevant Member State and notified to the competent authority in that Relevant Member State, provided that any such prospectus has subsequently been completed by the final terms contemplating such Non-exempt Offer, in accordance with the Prospectus Directive, in the period beginning and ending on the dates specified in such prospectus or final terms, as applicable and the Issuer has consented in writing to its use for the purpose of that Non-exempt Offer;
- at any time to any legal entity which is a qualified investor as defined in the Prospectus Directive;
- at any time to fewer than 150 natural or legal persons (other than qualified investors as defined in the Prospectus Directive) subject to obtaining the prior consent of the relevant Dealer or Dealers nominated by the Issuer for any such offer; or
- at any time in any other circumstances falling within Article 3(2) of the Prospectus Directive,

provided that no such offer of Securities referred to in (b) to (d) above shall require the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive, or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

For the purposes of this provision, the expression an "offer of Securities to the public" in relation to any Securities in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Securities to be offered so as to enable an investor to decide to purchase or subscribe the Securities, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State and the expression "**Prospectus Directive**" means Directive 2003/71/EC (as amended, including by Directive 2010/73/EU), and includes any relevant implementing measure in the Relevant Member State.

BELGIUM

Belgium has implemented the Prospectus Directive and the section headed "*European Economic Area*" above is applicable.

With regard to Securities having a maturity of less than 12 months (and which therefore fall outside the scope of the Prospectus Directive), this Prospectus has not been and it is not expected that it will be, submitted for approval to the Belgian Financial Services and Markets Authority (*Autoriteit voor Financiële Diensten en Markten / Autorité des services et marchés financiers*) (the "**Belgian FSMA**").
