COMPAGNIE DE FINANCEMENT FONCIER

Euro 125,000,000,000

Euro Medium Term Note Programme

for the issue of *Obligations Foncières* due from one month from the date of original issue

Under the Euro Medium Term Note Programme (the “**Programme**”) described in this base prospectus (the “**Base Prospectus**”), Compagnie de Financement Foncier (the “**Issuer**” or “**Compagnie de Financement Foncier**”), subject to compliance with all relevant laws, regulations and directives, may from time to time issue *obligations foncières* (the “*Obligations Foncières*” or the “**Notes**”), benefiting from the statutory *privilege* created by Article L.513-11 of the French *Code monétaire et financier*, as more fully described herein. The aggregate nominal amount of Notes outstanding will not at any time exceed Euro 125,000,000,000 (or the equivalent in other currencies).

This Base Prospectus constitutes a base prospectus for the purposes of Article 8 of Regulation (EU) 2017/1129, as amended (the “**Prospectus Regulation**”).

This Base Prospectus has been approved by the French *Autorité des marchés financiers* (the “**AMF**”) in France, in its capacity as competent authority pursuant to the Prospectus Regulation and, at the same time for the notification of a certificate of approval released to the *Commission de surveillance du secteur financier* in Luxembourg for Notes issued under the Programme to be admitted to trading on the Regulated Market (as defined below) of the Luxembourg Stock Exchange, both of approval and notification being made in its capacity as competent authority under the Prospectus Regulation. The AMF only approves this Base Prospectus as meeting the standards of completeness, comprehensibility and consistency imposed by the Prospectus Regulation. Such approval should not be considered as an endorsement of either the Issuer or the quality of the Notes that are the subject of this Base Prospectus and investors should make their own assessment as to the suitability of investing in the Notes.

Application may be made to Euronext Paris for Notes issued under the Programme for the period of 12 months after the date of the approval granted by the AMF on this Base Prospectus to be admitted to trading on Euronext Paris and/or any other Regulated Market (as defined below) and/or to be offered to the public pursuant to a non-exempt offer in accordance with the Prospectus Regulation in any member state (the “**Member State(s)**”) of the European Economic Area (the “**EEA**”). Euronext Paris is a regulated market for the purposes of the Markets in Financial Instruments Directive 2014/65/EU of the European Parliament and of the Council of 15 May 2014, as amended, appearing on the list of regulated markets issued by the European Commission (a “**Regulated Market**”). Notes which are not admitted to trading on a Regulated Market, or which are not offered to the public pursuant to a non-exempt offer, in a Member State of the EEA may be issued under the Programme and may also be admitted to trading on an alternative stock exchange or may not be admitted to trading at all. The relevant final terms (the “**Final Terms**”) in respect of the issue of any Notes will specify whether or not such Notes will be admitted to trading and/or offered to the public pursuant to a non-exempt offer in a Member State of the EEA and, if so, the relevant market or jurisdiction.

Each time the Notes will be admitted to trading on Euronext Paris, the Notes will also be admitted to trading on the Regulated Market of the Luxembourg Stock Exchange.

This Base Prospectus shall be valid for the admission to trading of Notes on a Regulated Market and/or the offering of Notes to the public pursuant to a non-exempt offer in accordance with the Prospectus Regulation until 18 June 2025, provided that it is completed by any supplement, pursuant to Article 23 of the Prospectus Regulation, following the occurrence of a significant new factor, a material mistake or a material inaccuracy relating to the information included (or incorporated by reference) in this Base Prospectus which may affect the assessment of an investment in the Notes. The obligation to supplement this Base Prospectus in the event of a significant new factor, material mistake or material inaccuracy does not apply when this Base Prospectus is no longer valid.

Notes may be issued either in dematerialised form (“**Dematerialised Notes**”) or in materialised form (“**Materialised Notes**”) as more fully described herein.

Dematerialised Notes will at all times be in book entry form in compliance with Articles L.211-3 *et seq.* and R.211-1 of the French *Code monétaire et financier*. No physical documents of title will be issued in respect of the Dematerialised Notes.

Dematerialised Notes may, at the option of the Issuer, be in bearer dematerialised form (*au porteur*) inscribed as from the issue date in the books of Euroclear France (“**Euroclear France**”) (acting as central depository) which shall credit the accounts of Account Holders (as defined in “Terms and Conditions of the Notes - Form, Denomination, Title and Redenomination”) including, Euroclear Bank SA/NV (“**Euroclear**”) and the depository bank for Clearstream Banking S.A. (“**Clearstream**”), or in registered dematerialised form (*au nominatif*) and, in such latter case, at the option of the relevant holder, in either fully registered dematerialised form (*nominatif pur*), in which case they will be inscribed with a registration agent (appointed in the relevant Final Terms) for the Issuer, or in administered registered dematerialised form (*nominatif administré*) in which case they will be inscribed in the accounts of the Account Holders (as defined in “Terms and Conditions of the Notes - Form, Denomination, Title and Redenomination”) designated by the relevant holder of Notes.

Materialised Notes will be in bearer materialised form only and may only be issued outside France. A temporary global certificate in bearer form without interest coupons attached (a “**Temporary Global Certificate**”) will initially be issued in relation to Materialised Notes. Such Temporary Global Certificate will subsequently be exchanged for definitive Materialised Notes in bearer form (the “**Definitive Materialised Notes**”) on or after a date expected to be on or about the 40th day after the issue date of the Notes (subject to postponement as described in “Temporary Global Certificates issued in respect of Materialised Notes”) upon certification as to non-US beneficial ownership with, where applicable, coupons for interest attached.

The Programme has been rated Aaa by Moody’s France SAS (“**Moody’s**”), AAA by S&P Global Ratings Europe Limited (“**S&P**”) and AAA by Scope Ratings AG (“**Scope**”). It is expected that the Notes issued under the Programme will be rated AAA by S&P, Aaa by Moody’s and AAA by Scope. Each of S&P, Moody’s and Scope is established in the European Union, registered under Regulation (EC) No.1060/2009 on credit ratings agencies, as amended (the “**CRA Regulation**”) and included in the list of registered credit rating agencies published on the website of the European Securities and Markets Authority (<https://www.esma.europa.eu/credit-rating-agencies/cra-authorisation>). The relevant Final Terms will specify whether or not such credit ratings are issued by a credit rating agency established in the European Union and registered under the CRA Regulation. A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, change or withdrawal at any time by the assigning rating agency.

The final terms of the Notes will be determined at the time of the offering of each Tranche and will be set out in the relevant Final Terms.

Since the entry into force on 8 July 2022 of the relevant French law provisions, including Ordinance n° 2021-858 dated 30 June 2021 transposing the Directive (EU) 2019/2162 of the European Parliament and of the Council dated 27 November 2019 on the issue of covered bonds and covered bond public supervision amending Directives 2009/65/EC and 2014/59/EU (the “**Covered Bonds Directive**”), the Notes to be issued under the Programme are intended to be eligible for being included on the list of *obligations foncières* that are entitled to use the “European Covered Bond (Premium)” label to be published by the *Autorité de contrôle prudentiel et de résolution* (the “**ACPR**”), subject to verification by the Specific Controller that the conditions are satisfied and prior approval and supervision of the ACPR. On 8 July 2022, the Issuer has obtained such label. However, no representation is made or assurance given that any Notes to be issued under the Programme will actually be and remain allowed to use the “European Covered Bond (Premium)” label until their maturity.

This Base Prospectus (together with any supplements thereto published from time to time (each a “Supplement” and together the “Supplements”)) constitutes a base prospectus for the purposes of Article 8 of the Prospectus Regulation in respect of, and for the purpose of giving information with regard to the Issuer and the Notes which is necessary information material to an investor for making an informed assessment of the assets and liabilities, profits and losses, financial position, and prospects of the Issuer, the rights attaching to the Notes, the reasons for the issuance and its impact on the Issuer and may only be used for the purposes for which it has been published.

This Base Prospectus is to be read in conjunction with any Supplement that may be published from time to time and with all documents which are incorporated herein by reference (see “Documents Incorporated by Reference”) and in relation to any Series (as defined herein) of Notes, should be read and construed together with the relevant Final Terms.

No person has been authorised to give any information or to make any representation other than those contained in this Base Prospectus in connection with the issue or sale of the Notes and, if given or made, such information or representation must not be relied upon as having been authorised by the Issuer or any of the Dealers or the Arranger. Neither the delivery of this Base Prospectus nor any sale made in connection herewith shall, under any circumstances, create any implication that there has been no change in the affairs of the Issuer since the date hereof or the date upon which this Base Prospectus has been most recently amended or supplemented or that there has been no adverse change in the financial position of the Issuer since the date hereof or the date upon which this Base Prospectus has been most recently amended or supplemented or that any other information supplied in connection with the Programme is correct as of any time subsequent to the date on which it is supplied or, if different, the date indicated in the document containing the same.

The Issuer has undertaken with the Dealers to amend or supplement this Base Prospectus or publish a new Base Prospectus following the occurrence of a significant new factor, a material mistake or a material inaccuracy relating to the information included (or incorporated by reference) in this Base Prospectus which may affect the assessment of an investment in the Notes.

Other than in relation to the documents which are deemed to be incorporated by reference (see “Documents Incorporated by Reference”), the information on the websites to which this Base Prospectus refers does not form part of this Base Prospectus unless that information is incorporated by reference into the Base Prospectus and has not been scrutinised or approved by the AMF.

Each prospective investor of Notes must determine, based on its own independent review and such professional advice as it deems appropriate under the circumstances, that its acquisition of the Notes is fully consistent with its financial needs, objectives and condition, complies and is fully consistent with all investment policies, guidelines and restrictions applicable to it and is a fit, proper and suitable investment for it, notwithstanding the clear and substantial risks inherent in investing in or holding the Notes.

A prospective investor may not rely on the Issuer, the Arranger or any of the Dealers or any of their affiliates in connection with its determination as to the legality of its acquisition of the Notes or as to the other matters referred to above.

Potential purchasers and sellers of the Notes should be aware that payments of interest on the Notes, or profits realised by a holder of Notes upon the disposal or repayment thereof, may be subject to taxation or documentary charges or duties in its home jurisdiction or in other jurisdictions in which it is required to pay taxes or where the Notes are transferred. In some jurisdictions, no official statements of the tax authorities or court decisions may be available for innovative financial obligations such as Notes. Potential investors are advised to ask for their own tax adviser's advice on their individual taxation with respect to the subscription, acquisition, ownership, disposal and redemption of the Notes. Only these advisors are in a position to duly consider the specific situation of the potential investor.

IMPORTANT NOTICE RELATING TO GREEN NOTES, SOCIAL NOTES OR SUSTAINABILITY NOTES

Prospective investors should have regard to the information set out in section entitled “*Use of Proceeds*” set out in this Base Prospectus and the relevant Final Terms regarding the contemplated use of proceeds and must determine for themselves the relevance of such information for the purpose of any investment in Green Notes, Social Notes or Sustainability Notes (each as defined in the section “*Use of Proceeds*” of this Base Prospectus), as the case may be, together with any other investigation such investor deems necessary.

Neither the Arranger nor the Dealers have undertaken, nor are responsible for, any assessment of the eligibility criteria for selecting investments in Eligible Green Projects and/or Eligible Social Projects (as defined in section entitled “*Use of Proceeds*” of this Base Prospectus and completed, as the case may be, in the relevant Final Terms) or any eligible “green”, “social”, “sustainable” or equivalently labelled projects, any verification of whether such Eligible Green Projects and/or Eligible Social Projects meet such eligibility criteria, or the monitoring of the use of proceeds of any Notes, or the allocation of an amount equivalent to the net proceeds by the Issuer to Eligible Green Projects and/or Eligible Social Projects. Investors should refer to the relevant Final Terms, the Green Funding Framework, the Social Funding Framework (as defined in section entitled “*Use of Proceeds*” of this Base Prospectus) and the second-party opinions delivered in respect thereof and made available on the BPCE’s website, if any, and any public reporting by or on behalf of the Issuer in respect of the application of the proceeds of any Eligible Green Projects and/or Eligible Social Projects for further information. Any such frameworks and/or second party opinions and/or public reporting do not form part of, nor be incorporated by reference in, this Base Prospectus. No assurance or representation is given by any of the Dealers or the Arranger as to the content, suitability or reliability for any purpose whatsoever in respect of (i) any opinion or certification of any third party (whether or not solicited by the Issuer) on the relevant frameworks, or on any “green”, “social”, “sustainability” or equivalently labelled Notes, (ii) any further framework to be published on the Issuer’s website on or before the issue of any “green”, “social”, “sustainability” or equivalently labelled Notes, (iii) any public reporting or (iv) any “green”, “social”, “sustainability” or equivalently labelled Notes. Any such opinion, certification or reporting is not, nor should be deemed to be, a recommendation by the Dealers or the Arranger, to sell or hold any such Notes.

In addition, payments of principal and interest (as the case may be) on “green”, “social”, “sustainability” or equivalently labelled Notes shall not depend on the performance of the relevant Eligible Green Project(s) and/or Eligible Social Project(s) nor on the achievement of any “green”, “social”, “sustainability” or equivalently labelled objectives.

None of the Arranger or the Dealers will verify or monitor the proposed use of proceeds of the Notes issued under the Programme.

CERTAIN SELLING RESTRICTIONS

The distribution of this Base Prospectus and the offering or sale of the Notes in certain jurisdictions may be restricted by law. Persons into whose possession this Base Prospectus comes are required by the Issuer, the Dealers and the Arranger to inform themselves about and to observe any such restriction. The Notes have not been and will not be registered under the United States Securities Act of 1933, as amended (the “Securities Act”) or with any security regulation authority of any state or other jurisdiction of the United States and include Materialised Notes in bearer form that are subject to U.S. tax law requirements. Subject to certain exceptions, Notes may not be offered or sold to U.S. persons (as defined in Regulation S under the Securities Act (“Regulation S”)) or, in the case of Materialised Notes in bearer form, delivered within the United States or to United States persons (as defined under the U.S. Internal Revenue Code of 1986, as amended).

THE NOTES ARE BEING OFFERED OUTSIDE THE UNITED STATES TO NON-U.S. PERSONS IN RELIANCE ON REGULATION S.

For a description of certain restrictions on offers and sales of Notes and on distribution of this Base Prospectus, see “Subscription and Sale”.

IMPORTANT – EEA RETAIL INVESTORS - If the Final Terms in respect of any Notes include a legend entitled “Prohibition of Sales to EEA Retail Investors”, the Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (“EEA”). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, “MiFID II”); (ii) a customer within the meaning of Directive 2016/97/EU, as amended, (the “Insurance Distribution Directive”), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in Article 2 of the Prospectus Regulation. Consequently, no key information document required by Regulation (EU) No 1286/2014 (the “PRIIPs Regulation”) for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

IMPORTANT – UK RETAIL INVESTORS - If the Final Terms in respect of any Notes include a legend entitled “Prohibition of Sales to UK Retail Investors”, the Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the United Kingdom (“UK”). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client, as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of UK domestic law by virtue of the European Union (Withdrawal) Act 2018 (“EUWA”); (ii) a customer within the meaning of the provisions of the Financial Services and Markets Act 2000, as amended (“FSMA”) and any rules or regulations made under the FSMA to implement Directive (EU) 2016/97, where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of UK domestic law by virtue of the EUWA; or (iii) not a qualified investor as defined in Article 2 of the Prospectus Regulation as it forms part of UK domestic law by virtue of the EUWA (the “UK Prospectus Regulation”). Consequently, no key information document required by Regulation (EU) No 1286/2014 as it forms part of UK domestic law by virtue of the EUWA (the “UK PRIIPs Regulation”) for offering or selling the Notes or otherwise making them available to retail investors in the UK has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPs Regulation.

MiFID II product governance / target market – The Final Terms in respect of any Notes may include a legend entitled “MiFID II Product Governance” which will outline the target market assessment in respect of the Notes, taking into account the five (5) categories referred to in item 19 of the Guidelines published by the European Securities and Markets Authority (“ESMA”) on 3 August 2023, and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a “distributor” as defined in MiFID II) should take into consideration the target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels. A determination will be made in relation to each issue about whether, for the purpose of the MiFID II Product Governance rules under EU Delegated Directive 2017/593 (the “MiFID II Product Governance Rules”), any Dealer subscribing for any Notes is a manufacturer as defined in MiFID II in respect of such Notes, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the MiFID II Product Governance Rules.

UK MiFIR product governance / target market – The Final Terms in respect of any Notes may include a legend entitled “UK MiFIR Product Governance” which will outline the target market assessment in respect of the Notes and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a “distributor”) should take into consideration the target market assessment; however, a distributor subject to the FCA Handbook Product Intervention and Product Governance Sourcebook (the “UK MiFIR Product Governance Rules”) is responsible for undertaking its own

target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels. A determination will be made in relation to each issue about whether, for the purpose of the UK MiFIR Product Governance Rules, any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the UK MiFIR Product Governance Rules.

SINGAPORE SFA PRODUCT CLASSIFICATION – In connection with Section 309B(1)(c) of the Securities and Futures Act 2001 of Singapore (the “SFA”) and the Securities and Futures (Capital Markets Products) Regulations 2018 of Singapore (the “CMP Regulations 2018”), unless otherwise specified before an offer of Notes, the Issuer has determined, and hereby notifies all relevant persons (as defined in Section 309A(1) of the SFA), that the Notes are “prescribed capital markets products” (as defined in the CMP Regulations 2018) and “Excluded Investment Products” (as defined in MAS Notice SFA 04-N12: Notice on the Sale of Investment Products and MAS Notice FAA-N16: Notice on Recommendations on Investment Products).

CANADA – The Notes may be sold only to purchasers purchasing, or deemed to be purchasing, as principal that are accredited investors, as defined in National Instrument 45-106 Prospectus Exemptions or subsection 73.3(1) of the Securities Act (Ontario), and are permitted clients, as defined in National Instrument 31-103 Registration Requirements, Exemptions and Ongoing Registrant Obligations. Any resale of the Notes must be made in accordance with an exemption from, or in a transaction not subject to, the prospectus requirements of applicable securities laws. Securities legislation in certain provinces or territories of Canada may provide a purchaser with remedies for rescission or damages if this Base Prospectus (including any amendment thereto) contains a misrepresentation, provided that the remedies for rescission or damages are exercised by the purchaser within the time limit prescribed by the securities legislation of the purchaser’s province or territory. The purchaser should refer to any applicable provisions of the securities legislation of the purchaser’s province or territory for particulars of these rights or consult with a legal advisor. Unless otherwise specified in the Final Terms, pursuant to section 3A.3 (or, in the case of securities issued or guaranteed by the government of a non-Canadian jurisdiction, section 3A.4) of National Instrument 33-105 Underwriting Conflicts (NI 33-105), the Dealers are not required to comply with the disclosure requirements of NI 33-105 regarding underwriter conflicts of interest in connection with this offering. Also see “Subscription and Sale” – Canada.

This Base Prospectus does not constitute an offer of, or an invitation by or on behalf of the Issuer, the Arranger or the Dealers to subscribe for, or purchase, any Notes.

The Arranger and the Dealers have not separately verified the information or representations contained in this Base Prospectus. None of the Dealers or the Arranger makes any representation, express or implied, or accepts any responsibility, with respect to the sincerity, accuracy or completeness of any of the information or representations in this Base Prospectus. Neither this Base Prospectus nor any other financial statements nor any other information incorporated by reference are intended to provide the basis of any credit or other evaluation and should not be considered as a recommendation by any of the Issuer, the Arranger or the Dealers that any recipient of this Base Prospectus or any other financial statements or any information incorporated by reference should purchase the Notes. Each potential purchaser of Notes should determine for itself the relevance of the information contained in this Base Prospectus and its purchase of Notes should be based upon such investigation as it deems necessary. None of the Dealers or the Arranger has reviewed or undertakes to review the financial condition or affairs of the Issuer during the life of the arrangements contemplated by this Base Prospectus nor to advise any investor or potential investor in the Notes of any information coming to the attention of any of the Dealers or the Arranger.

Redemption:	The Notes shall be redeemed on their stated maturity or prior to maturity at the option of the Issuer or of the Noteholders. The Final Terms will specify the basis for calculating the redemption amounts payable.
Optional Redemption:	The Final Terms issued in respect of each issue of Notes will state whether such Notes may be redeemed prior to their stated maturity at the option of the Issuer and or the Noteholders (in each case, either in whole or in part) and if so the terms applicable to such redemption.
No Redemption for Taxation Reasons:	The Notes will not be redeemed early for taxation reasons.
Taxation (withholding tax):	All payments of principal, interest and other assimilated revenues by or on behalf of the Issuer in respect of the Notes or Coupons shall be made free and clear of, and without withholding or deduction for, any taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or within France or any authority therein or

thereof having power to tax, unless such withholding or deduction is required by law.

No additional amounts:

If French law should require that payments of principal or interest and other assimilated revenues in respect of any Notes or Coupon relating thereto, be subject to deduction or withholding in respect of any present or future taxes, or duties whatsoever, the Issuer will not be required to pay any additional amounts.

Interest Periods and Interest

Rates:

The length of the interest periods for the Notes and the applicable interest rate or its method of calculation may differ from time to time or be constant for any Series. Notes may have a maximum interest rate, a minimum interest rate, or both. In no event shall the interest rate (including, for the avoidance of doubt, any applicable margin) be less than zero. The use of interest accrual periods permits the Notes to bear interest at different rates in the same interest period. All such information will be set out in the relevant Final Terms.

Fixed Rate Notes:

Fixed interest will be payable in arrear on the date or dates in each year specified in the relevant Final Terms.

Floating Rate Notes:

Floating Rate Notes will bear interest determined separately for each Series as follows:

- (i) on the same basis as the floating rate under an interest rate swap transaction in the relevant Specified Currency pursuant to the 2013 FBF Master Agreement relating to transactions on forward financial instruments, as supplemented by the Technical Schedules published by the *Fédération Bancaire Française* or the FBF; or
- (ii) on the same basis as the floating rate under a notional interest rate swap transaction in the relevant Specified Currency governed by an agreement incorporating the 2006 ISDA Definitions published by the International Swaps and Derivatives Association, Inc.; or
- (iii) by reference to CMS Rate, EURIBOR, €STR, SARON, SOFR, SONIA, TONA or TEC10, or any successor rate or any alternative rate,

in each case as adjusted for any applicable margin.

Fixed/Floating Rate Notes:

Fixed/Floating Rate Notes for which a change of interest basis is specified to be applicable may be issued by the Issuer, such change of interest being either at the option of the Issuer or automatic.

Zero Coupon Notes:

Zero Coupon Notes may be issued at their nominal amount or at a discount and will not bear interest.

Inflation Linked Notes:

Inflation Linked Notes may be issued by the Issuer where the interest and/or principal in respect of such Notes will be calculated by reference to an inflation index ratio (in each case, the “**Inflation Index Ratio**”) derived from:

- (i) the consumer price index (excluding tobacco) for all households in France or the relevant substitute index, as calculated and published monthly by the Institut National de la Statistique et des Etudes Economiques (“**INSEE**”) (the “**CPI**”) (the “**CPI Linked Notes**”); or

- (ii) the harmonised index of consumer prices (excluding tobacco), or the relevant substitute index, measuring the rate of inflation in the European Monetary Union as calculated and published monthly by Eurostat (the “**HICP**”) (the “**HICP Linked Notes**”).

The rate of interest for Inflation Linked Notes can be calculated on the same basis as for the Fixed Rate Notes or in accordance with the CPI or HICP.

Issuer Rate Switch Option and Rate Lock-In:

The Final Terms issued in respect of each issue of Notes will specify whether the Issuer will have an interest rate switch option and/or whether interest rate lock-in will apply.

Representation of Holders:

In respect of the representation of the Noteholders, the following shall apply:

- (a) In respect of Notes (i) with an initial denomination of, or which can only be traded in amounts of, less than €100,000 or its equivalent in other currencies at the time of issue and (ii) issued outside France, and if the relevant Final Terms specify that “Contractual *Masse*” is applicable and the Noteholders will, in respect of all Tranches in any Series, be grouped automatically for the defence of their common interests in a *masse* (the “*Masse*”). The *Masse* will be governed by the provisions of the French *Code de commerce* with the exception of Articles L.228-65 II, L.228-71, R.228-63, R.228-69 and R.228-72 and by the terms and conditions of the Notes.
- (b) In respect of Notes (i) with an initial denomination of, or which can only be traded in amounts of, less than €100,000 or its equivalent in other currencies at the time of issue and (ii) issued inside France, the relevant Final Terms will specify that “Full *Masse*” is applicable and the Noteholders will, in respect of all Tranches in any Series, be grouped automatically for the defence of their common interests in a *Masse* and the provisions of the French *Code de commerce* relating to the *Masse* shall apply.

If either paragraph (a) or (b) above is provided as applicable in the relevant Final Terms, the *Masse* will act through a representative (the “**Representative**”), through general meetings of the Noteholders or through written resolution pursuant to Article L.228-46-1 of the French *Code de commerce*. The names and addresses of the initial Representative and its alternate will be set out in the relevant Final Terms. The Representative appointed in respect of the first Tranche of any Series of Notes will be the representative of the single *Masse* of all Tranches in such Series.

If and for so long as the Notes of a given Series are held by a single holder of Notes and unless a Representative has been appointed in respect of such Series, the relevant holder of the Notes shall exercise all the powers, rights and obligations entrusted to the *Masse* by the terms and conditions of the Notes.

RISK FACTORS

Prospective purchasers of the Notes offered hereby should consider carefully, in light of their financial circumstances and investment objectives, all of the information in this Base Prospectus and, in particular, the risk factors set forth below in making an investment decision.

The Issuer believes that the following factors may affect its ability to fulfil its obligations under Notes issued under the Programme. All of these factors are contingencies which may or may not occur.

In addition, factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme are also described below.

The Issuer believes that the factors described below represent the principal risks inherent in investing in Notes issued under the Programme, but the inability of the Issuer to pay interest, principal or other amounts on or in connection with any Notes may occur for other reasons and the Issuer does not represent that the statements below regarding the risks of holding any Notes are exhaustive. The risks described below are not the only risks the Issuer faces. Additional risks and uncertainties not currently known to the Issuer or that it currently believes to be immaterial could also have a material impact on its business operations. Prospective investors should also read the detailed information set out elsewhere in this Base Prospectus and reach their own views prior to making any investment decision. In particular, investors should make their own assessment as to the risks associated with the Notes prior to investing in Notes issued under the Programme.

In each sub-category below, the Issuer sets out first the most material risk, in its assessment, taking into account the expected magnitude of their negative impact and the probability of their occurrence.

RISK FACTORS RELATING TO THE ISSUER

RISK FACTORS RELATING TO THE NOTES

1 RISKS RELATED TO ALL SERIES OF NOTES

1.1 Risks related to the legal framework applicable to the Issuer

(a) Risk arising from the implementation of Basel III Risk-Weighted Asset Framework

On 16 December 2010 and 13 January 2011, the Basel Committee on Banking Supervision (the “**Basel Committee**”) published a revised framework (“**Basel III**”), including new capital and liquidity standards for credit institutions such as the Issuer.

In particular, the changes introduced by Basel III refer to, amongst other things:

- a complete review of the capital standards;
- the introduction of a leverage ratio; and
- the introduction of short-term and longer-term standards for funding liquidity (referred to as the “*Liquidity Coverage Ratio*” and the “*Net Stable Funding Ratio*”).

In December 2017, the Basel Committee's finalised Basel III reforms have complemented these improvements to the global regulatory framework. The revisions seek to restore credibility in the calculation of risk-weighted assets (RWAs) and improve the comparability of banks' capital ratios by:

- enhancing the robustness and risk sensitivity of the standardised approaches for credit risk, credit valuation adjustment (CVA) risk and operational risk;
- constraining the use of the internal model approaches, by placing limits on certain inputs used to calculate capital requirements under the internal ratings-based (IRB) approach for credit risk and by removing the use of the internal model approaches for CVA risk and for operational risk;
- introducing a leverage ratio buffer to further limit the leverage of global systemically important banks (G-SIBs); and
- replacing the existing Basel II output floor with a more robust risk-sensitive floor based on the Committee's revised Basel III standardised approaches.

Implementation dates and transitional arrangements related to the standards described above have been included with a main trigger in January 2023, and they will be fully phased in by 1 January 2028.

The European authorities have indicated that they support the work of the Basel Committee on the approved changes made in 2011 in general. Banking regulations implementing the Basel III reforms were adopted on 26 June 2013: Directive 2013/36/EU of the European Parliament and of the Council of 26 June 2013 on access to the activity of credit institutions and the prudential supervision of credit institutions and investment firms (the "**CRD IV Directive**") and Regulation (EU) No 575/2013 of the European Parliament and of the Council of 26 June 2013 on prudential requirements for credit institutions and investment firms (the "**CRD IV Regulation**" and together with the CRD IV Directive, "**CRD IV**"). A number of new requirements arising from the CRD IV was implemented under French law through Law no. 2013-672 dated 26 July 2013 relating to the separation and regulation of banking activities. The implementation of the CRD IV at the legislative level was finalized under French law by Ordinance n°2014-158 dated 20 February 2014 and subsequent implementing decrees and "*arrêtés*".

Banking regulations amending CRD IV were adopted on 20 May 2019: Directive (EU) 2019/878 of the European Parliament and of the Council of 20 May 2019 amending the CRD IV Directive as regards exempted entities, financial holding companies, mixed financial holding companies, remuneration, supervisory measures and powers and capital conservation measures (the "**CRD IV Directive Revision**" and together with the CRD IV Directive, the "**CRD V Directive**") and Regulation (EU) 2019/876 of the European Parliament and of the Council of 20 May 2019 amending the CRD IV Regulation as regards the leverage ratio, the net stable funding ratio, requirements for own funds and eligible liabilities, counterparty credit risk, market risk, exposures to central counterparties, exposures to collective investment undertakings, large exposures, reporting and disclosure requirements, and Regulation (EU) 648/2012 (the "**CRD IV Regulation Revision**" and together with the CRD IV Regulation, the "**CRD V Regulation**" and together with the CRD V Directive, "**CRD V**"), both entering into force on 27 June 2019. The CRD IV Directive Revision will be implemented under French law within 18 months from 27 June 2019. Certain portions of the CRD IV Regulation Revision will apply immediately as from 27 June 2019 (including those applicable to capital instruments and TLAC instruments) while others shall apply as from 28 June 2021. CRD V will implement the Basel Committee's finalised Basel III reforms dated December 2017.

The implementation of Basel III, the CRD IV, the CRD V and any of their expected amendments have and will continue to bring about a number of substantial changes to the current capital requirements, prudential oversight and risk-management systems, including those of the Issuer. The direction and the magnitude of the impact of Basel III will depend on the particular asset structure of each credit institution and its precise impact on the Issuer cannot be quantified with certainty at this time. The Issuer may operate its business in ways that are less profitable than its present operation in complying with the guidelines resulting from the transposition of the CRD IV and of the CRD V.

The implementation of Basel III, the CRD IV, the CRD V and any of their expected amendments could affect the risk weighting of the Notes in respect of certain Noteholders to the extent that those Noteholders are subject to the new guidelines resulting from the implementation of the Capital Requirements Directives. This could materially

affect the current capital requirements of the Issuer and could have a significant adverse effect on the market value of the Notes and Noteholders may, as a result, lose all or part of the investment in the Notes.

(b) Risks arising from the implementation of the Bank Recovery and Resolution Directive

Directive (EU) 2014/59 of the European Parliament and of the Council of the European Union dated 15 May 2014 establishing of an EU-wide framework for the recovery and resolution of credit institutions and investment firms, as amended by Directive (EU) 2019/879 of the European Parliament and of the Council of 20 May 2019 (the “**Bank Recovery and Resolution Directive**” or “**BRRD**”) was implemented in France by several legislative texts. The regime provided for by the BRRD is, among other things, stated to be needed to provide the authority designated by with a credible set of tools to intervene sufficiently early and quickly in an unsound or failing institution so as to ensure the continuity of the institution's critical financial and economic functions, while minimizing the impact of an institution's failure on the economy and financial system.

The measures available to banking institutions aim to ensure the continuity of the critical financial and economic functions of the latter, while minimizing the overall impact of their possible failure so as to:

- protect customer funds and assets, and in particular those of depositors;
- safeguard the resources of the Member State on which the institution depends by minimizing the need for extraordinary public financial support; and
- avoid serious adverse effects on financial stability.

Four resolution tools are provided for this purpose: the transfer of some activities, the use of a bridge bank, the separation of assets and a bail-in. This last option provides resolution authorities with the ability to depreciate (even down to zero) some rights of subordinated creditors of a failing institution and to convert certain subordinated debt into equity.

The *obligations foncières* issued by Compagnie de Financement Foncier are explicitly excluded from this bail-in mechanism, except, where appropriate, for the fraction of the issuer's outstanding *obligations foncières* that would exceed the value of the hedging portfolio guaranteeing them. This amount should be zero in the vast majority of possible scenarios, due to the existing collateralization between the hedging portfolio and the *obligations foncières* outstanding, and to this portfolio's margin. In this respect, Compagnie de Financement Foncier is required to maintain at any time a minimum overcollateralization regulatory ratio of 105% calculated according to the rules of Article 129 of Regulation EU No. 575/2013. This regulatory ratio has always been respected by Compagnie de Financement Foncier and was 111.4% as of 31 December 2023 (certified by the Specific Controller). However, the occurrence of the risk cannot be completely excluded at a given time, the hedging portfolio being no longer sufficient to ensure all the *obligations foncières* outstanding. This risk, if it were to materialize, could nevertheless only concern an insignificant fraction of the outstanding *obligations foncières* involved.

(c) Risks arising from the application to the covered bonds of a revised legislative and regulatory framework

The Covered Bonds Directive and Regulation (EU) 2019/2160 of the European Parliament and the Council (together, the “**New EU Covered Bonds Framework**”) were definitely adopted on 27 November 2019 and published on 18 December 2019.

The New EU Covered Bonds Framework provides a common definition of covered bonds, defines the structural features of the instrument, defines the tasks and responsibilities for the supervision of covered bonds, sets out the rules allowing the use of the labels “European Covered Bond” and “European Covered Bond (Premium)” and strengthens the conditions for granting preferential prudential treatment to covered bonds under the capital requirement regulation.

Under French law, the Covered Bonds Directive has been transposed by an Ordinance n° 2021-858 dated 30 June 2021, the decree (*décret*) n° 2021-898 dated 6 July 2021, a ministerial decree (*arrêté*) dated 7 July 2021 and the decree (*décret*) n°2022-766 dated 2 May 2022 and a decree (*décret*) n°2023-102 dated 16 February 2023. The

potential impact on the Issuer and the Notes of this New EU Covered Bonds Framework and of the new French law applicable to covered bonds (such as the Notes) and to *société de crédit foncier* (such as the Issuer) is relatively limited but cannot yet be fully estimated. The implementation of the New EU Covered Bonds Framework under French law and/or its interpretation could have an adverse effect on the Notes issued under the Programme and penultimately on the Noteholders. Furthermore, notwithstanding the granting by the ACPR on 8 July 2022 of the “European Covered Bond (Premium)” label to the notes to be issued by the Issuer, the Notes may not benefit from, and/or remain allowed to use, the “European Covered Bond” or “European Covered Bond (Premium)” label until their maturity.

(d) Potential conflicts of interest with the Dealers and/or the Calculation Agent

Certain of the Dealers and, as the case may be, the calculation agent and their respective affiliates have engaged, and may in the future engage, in investment banking and/or commercial banking transactions with, and may perform services for, the Issuer and their affiliates in the ordinary course of business. In addition, in the ordinary course of their business activities, the Dealers and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of the Issuer or Issuer’s affiliates. Certain of the Dealers or their affiliates that have a lending relationship with the Issuer routinely hedge their credit exposure to the Issuer consistent with their customary risk management policies. Typically, such Dealers and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in securities, including potentially the Notes. Any such short positions could adversely affect future trading prices of Notes. The Dealers and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

In addition, potential conflicts of interest may exist between Noteholders and the calculation agent (including where a Dealer acts as a calculation agent) or any agent appointed for a Tranche of Notes, including with respect to certain determinations and judgements that such agent may make pursuant to the Terms and Conditions of the Notes that may influence amounts receivable by the Noteholders during the term of the Notes and upon their redemption. If the Issuer appoints a Dealer as calculation agent in respect of an issuance of Notes under the Programme, the calculation agent is likely to be a member of an international financial group that is involved, in the ordinary course of its business, in a wide range of banking activities out of which conflicting interests may arise. Whilst such a calculation agent will, where relevant, have information barriers and procedures in place to manage conflicts of interest, it may in its other banking activities from time to time be engaged in transactions involving an index or related derivatives which may affect amounts receivable by Noteholders during the term and on the maturity of the Notes or the market price, liquidity or value of the Notes and which could be deemed to be adverse to the interests of the Noteholders.

1.2 Risks related to the terms and conditions of the Notes

(a) Risks related to Green Notes, Social Notes and Sustainability Notes

The Final Terms relating to any specific Tranche of Notes may provide that it will be the Issuer's intention to issue Green Notes, Social Notes or Sustainability Notes and allocate an amount equal to the net proceeds of the issuance of such Notes to finance or refinance, in whole or in part, (i) in the case of Green Notes, Eligible Green Projects, as described in the relevant Final Terms and in the Green Funding Framework of Groupe BPCE, (ii) in the case of Social Notes, Eligible Social Projects, as described in the relevant Final Terms and in the Social Funding Framework of Groupe BPCE, or (iii) in the case of Sustainability Notes, both Eligible Green Projects and Eligible Social Projects. The definition (legal, regulatory or otherwise) of, and market consensus for a particular project to be defined as, a “green”, “sustainable” or “social” project or benefit from a similar label is still under development.

The use of proceeds of any Green Notes, Social Notes or Sustainability Notes may not satisfy, whether in whole or in part, the criteria of Regulation (EU) No 2020/852 of the European Parliament and of the Council of 18 June 2020 on the establishment of a framework to facilitate sustainable investment, as amended or completed (the “**Taxonomy Regulation**”), which defines the criteria to determine whether an economic activity can be considered

environmentally sustainable, or any future legislative or regulatory requirements, or any present or future investor expectations or requirements with respect to investment criteria or guidelines with which any investor or its investments are required to comply under its own by-laws or other governing rules or investment portfolio mandates. The Green Funding Framework contains a list of categories of eligible activities within the meaning of the Taxonomy Regulation and of Eligible Green Projects, specifying for each of them the substantial contribution criteria or the corresponding criteria specific to Groupe BPCE. However, the notion of Eligible Green Project, as defined in the Green Funding Framework, may differ from the notion of eligible activity, as defined in the Taxonomy Regulation. The use in the Green Funding Framework of Eligible Green Projects aligned with the substantial contribution criteria retained by the Taxonomy Regulation does not in itself prejudice the full alignment of the Eligible Green Projects with the eligible activities defined by the Taxonomy Regulation and consequently the alignment of the Eligible Green Projects with the Taxonomy Regulation, in particular due to the absence of an assessment of compliance with the principle of “do no significant harm” in the Green Funding Framework, with the exception of the Eligible Green Projects aligned with the Taxonomy Regulation. For the avoidance of doubt, neither the Issuer nor the Groupe BPCE does undertake to align its Green Notes and/or the portion of the net proceeds from the issuance of its Sustainability Notes of which an equivalent amount will be allocated to the financing and/or refinancing, in whole or in part, of Eligible Green Projects, with the Taxonomy Regulation at the time of publication of the Green Funding Framework of Groupe BPCE.

Eligible Green and/or Social Projects financed (or refinanced) by Green Notes, Social Notes or Sustainability Notes may not have the results or outcome (whether or not related to environmental or other objectives) originally expected or anticipated by the Issuer, or may cause or contribute to adverse environmental or social impacts during their design, construction, implementation or operation. The occurrence of any adverse environmental or social impacts or controversies involving the Eligible Green and/or Social Projects financed (or refinanced) by Green Notes, Social Notes or Sustainability Notes may negatively affect the reputation and performance of the Issuer and the borrowers, and may reduce the demand and price of the Green Notes, Social Notes and/or Sustainability Notes in the secondary market.

Any failure by the Issuer to provide regular information on the use of proceeds of its Green Notes, Social Notes or Sustainability Notes and to publish related limited assurance reports will not constitute an event of default in respect of any Green Notes, Social Notes or Sustainability Notes. In addition, any failure to apply an amount equal or equivalent to the net proceeds of any issue of Green Notes, Social Notes or Sustainability Notes as intended, any withdrawal of any applicable opinion or certification, any opinion or certification to the effect that the Issuer or Groupe BPCE is not complying in whole or in part with criteria or requirements covered by such opinion or certification or any change to the Green Funding Framework and/or the Social Funding Framework and/or selection criteria may materially affect the market value of the Notes and/or may have consequences for certain investors with portfolio mandates to invest in green or social assets and consequently, Noteholders could lose all or part of their investment in the Notes.

Finally, the market for Green Notes, Social Notes and/or Sustainability Notes is influenced by various factors, including the supply and demand of sustainability-themed investment products, the availability and reliability of information and data on the environmental or social performance and impact of the Green Notes, Social Notes and/or Sustainability Notes and the Eligible Green or Social Projects they finance, the evolution and diversity of investor preferences, expectations and criteria for sustainability or environmental, social and governance (ESG) themed investing, and the regulatory or market scrutiny or oversight on the issuers and the products of sustainability or ESG themed investing. These factors may change over time and may affect the attractiveness and competitiveness of the Green Notes, Social Notes and/or Sustainability Notes for investors and may create volatility and uncertainty in the pricing and liquidity of the Green Notes, Social Notes and/or Sustainability Notes.

If the perception or suitability of the Green Notes, Social Notes and/or Sustainability Notes as green, social or sustainability notes deteriorates or diminishes due to any of the factors mentioned above, which are outside the Issuer’s control, the trading prices and the liquidity of the Green Notes, Social Notes and/or Sustainability Notes may be negatively affected to the extent investors are required or choose to sell their holdings and holders of the Green Notes, Social Notes and/or Sustainability Notes may receive less than their initial investment in selling their Green Notes, Social Notes and/or Sustainability Notes before the final redemption of the Notes.

(b) Modification and waivers and substitution

Condition 10 of the Terms and Conditions of the Notes contains provisions for calling General Meetings of Noteholders or consulting them by way of a Written Resolution (each as defined and described in Condition 10 of the Terms and Conditions of the Notes) to consider certain matters affecting their interests generally (if the relevant Final Terms specify “*No Masse*”, Noteholders will not be grouped in a *masse* having legal personality governed by the provisions of the French *Code de commerce* and will not be represented by a representative of the *masse*), including without limitation the modification of the Terms and Conditions of the Notes. These provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant general meeting or consultation by way of a resolution in writing and Noteholders who voted in a manner contrary to the majority. General Meetings may deliberate or Written Resolutions may be adopted on proposals relating to the modifications of the Terms and Conditions of the Notes subject to the limitation provided by French law.

However, the Issuer has the option to decide that Noteholders with an initial denomination of, or which can only be traded in amounts of, at least €100,000 or its equivalent in other currencies at the time of issue will not be grouped in a *masse* having legal personality governed by the provisions of the French *Code de commerce* and will not be represented by a representative of the *masse*.

If a decision is adopted by a majority of Noteholders and such modifications were to impair the rights of Noteholders, this may have a negative impact on the market value of the Notes.

2 RISKS RELATED TO THE STRUCTURE OF A PARTICULAR ISSUE OF NOTES

2.1 Redemption Risks

(a) Extendible Notes may be redeemed after their initial maturity

As contemplated in Condition 6(a) of the Terms and Conditions of the Notes, the Maturity Date of Extendible Notes may be extended automatically until the Extended Maturity Date (as specified in the applicable Final Terms). The payment of the unpaid Final Redemption Amount may be automatically deferred and shall become due and payable on the Extended Maturity Date, provided that the Final Redemption Amount unpaid on the Maturity Date may be paid by the Issuer on any Interest Payment Date occurring thereafter up to and including the Extended Maturity Date. In addition, interest payable in respect of Extendible Notes may differ after the initial Maturity Date.

The extension of the maturity of the Notes from the Maturity Date to the Extended Maturity Date will not result in any right of the Noteholders to accelerate payments or take action against the Issuer and will result in a delay of payments of principal on the relevant Notes.

The situation of the Issuer may change between the initial Maturity Date and the Extended Maturity Date. Investors may not be repaid in full at the initial Maturity Date but at the Extended Maturity Date and the market value of the Notes between the initial Maturity Date and the Extended Maturity Date might be significantly affected.

(b) Notes subject to optional redemption by the Issuer

Pursuant to Condition 6(e) and if the relevant Final Terms specifies that the Notes are redeemable at the Issuer's option in certain circumstances, the Issuer may choose to redeem the Notes at times when prevailing interest rates may be relatively low. During a period when the Issuer may elect, or has elected, to redeem Notes, such Notes may feature a market value not substantially above the price at which they can be redeemed. In such circumstances a Noteholder may not be able to reinvest the redemption proceeds in a comparable security at an effective interest rate as high as that of the Notes.

If the Issuer decides to redeem the Dematerialised Notes in part only, such partial redemption shall be effected by reducing the nominal amount of all such Dematerialised Notes in proportion to the aggregate nominal amount redeemed. Depending on the proportion of the principal amount of all of the Dematerialised Notes so reduced, any trading market in respect of those Dematerialised Notes in respect of which such option is not exercised may become illiquid.

Furthermore, as a consequence of an early redemption, the yields received upon redemption may be lower than expected, and the redeemed face amount of the Notes may be lower than the purchase price for the Notes paid by the Noteholder. The Noteholder may thus not receive the total amount of the capital invested. In addition, investors that choose to reinvest monies they receive through an early redemption may be able to do so only in securities with a lower yield than the redeemed Notes.

2.2 Interest Rate Risks

(a) Fixed Rate Notes

Condition 5(b) of the Terms and Conditions of the Notes allows for the issuance of Notes that pay a fixed rate of interest to Noteholders. Investment in Notes which bear interest at a fixed rate involves the risk that subsequent changes in market interest rates may adversely affect the value of the relevant Series of Notes and Noteholders may lose all or part of their investment in the Notes and therefore their interests may be negatively altered. While the nominal interest rate of the fixed rate Notes is fixed during the term of such Notes, the current interest rate on the capital markets (“**market interest rate**”) typically varies on a daily basis. As the market interest rate changes, the market value of the Fixed Rate Notes would typically change in the opposite direction. If the market interest rate increases, the market value of the Fixed Rate Notes would typically fall, until the yield of such Notes is approximately equal to the market interest rate. If the market interest rate falls, the market value of the Notes would typically increase, until the yield of such Notes is approximately equal to the market interest rate. The degree to which the market interest rate may vary presents a significant risk to the market value of the Fixed Rate Notes if a Noteholder were to dispose of the Notes. Therefore, the price of the Notes at any particular time may be lower than the purchase price of the Notes paid by the Noteholder. As a consequence, part of the capital invested by the Noteholder may be lost on any transfer of the Notes, so that the Noteholder in such case would not receive the total amount of the capital invested.

(b) Floating Rate Notes

Condition 5(c) of the Terms and Conditions of the Notes allows for the issuance of Notes that pay a floating rate of interest to Noteholders. A key difference between Floating Rate Notes and Fixed Rate Notes is that interest income on Floating Rate Notes cannot be anticipated. Due to varying interest income, Noteholders are not able to determine a definite yield of Floating Rate Notes at the time they purchase them, so that their return on investment cannot be compared with that of investments having longer fixed interest periods. If the relevant Final Terms provide for frequent interest payment dates, Noteholders are exposed to reinvestment risk if market interest rates decline. That is, Noteholders may reinvest the interest income paid to them only at the relevant lower interest rates then prevailing. In addition, the Issuer’s ability to also issue Fixed Rate Notes may affect the market value and the secondary market (if any) of the Floating Rate Notes (and *vice versa*).

Investment in Notes which bear interest at a floating rate comprise (i) a Reference Rate and (ii) a margin to be added or subtracted, as the case may be, from such Reference Rate. Typically, the relevant margin will not change throughout the life of the Notes but there will be a periodic adjustment (as specified in the relevant Final Terms) of the Reference Rate (e.g., every three months or six months) which itself will change in accordance with general market conditions. Accordingly, the market value of floating rate Notes may be volatile if changes, particularly short-term changes, to market interest rates evidenced by the relevant Reference Rate can only be reflected in the interest rate of these Notes upon the next periodic adjustment of the relevant Reference Rate. The interest amount payable on any Interest Payment Date may be different from the amount payable on the initial or previous Interest Payment Date and may negatively impact the return under the Notes and result in a reduced market value of the Notes if a Noteholder were to dispose of its Notes.

(c) Fixed/Floating Rate Notes

Condition 5(d) of the Terms and Conditions of the Notes allows the issue of Fixed/Floating Rate Notes. Fixed/Floating Rate Notes initially bear interest at a rate, which may be a Fixed Rate or a Floating Rate or which is linked to a Product of Spread Formula, as specified in the relevant Final Terms; conversion to another rate, which may be a Fixed Rate or a Floating Rate or which is linked to a Product of Spread Formula, as specified in the relevant

Final Terms then takes place either automatically or at the option of the Issuer on a date set out in the relevant Final Terms. The conversion (whether it be automatic or optional) of the interest rate will affect the secondary market and the market value of the Notes since the conversion may lead to a lower overall cost of borrowing. If a fixed rate is converted to a floating rate or a rate linked to a formula, the spread on the Fixed/Floating Rate Notes may be less favourable than then prevailing spreads on comparable Floating Rate Notes or Formula Linked Notes tied or linked, as applicable, to the same Reference Rate. In addition, the new floating rate or rate linked to a formula at any time may be lower than the rates on other Notes and could affect the market value of an investment in the relevant Notes. Therefore, Noteholders could receive a lower return on the Notes and, as a result, lose all or part of the investment in the Notes.

(d) Notes issued at a substantial discount or premium

The relevant Final Terms will specify the relevant issue price. The market values of securities issued at a substantial discount or premium from their principal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing securities. Generally, the longer the remaining term of the securities, the greater the price volatility as compared to conventional interest-bearing securities with comparable maturities. It is difficult to anticipate future market volatility in interest rates, but any such volatility may have a significant adverse effect on the value of the Notes. Therefore, Noteholders issued at a substantial discount or premium could be exposed to greater losses on their investment than holders of conventional interest bearing securities.

(e) Zero Coupon Notes are subject to higher price fluctuations than non-discounted bonds

Condition 5(e) of the Terms and Conditions of the Notes allows for the issuance of Notes that pay no interest to Noteholders. Changes in market interest rates have a substantially stronger impact on the prices of Zero Coupon Notes than on the prices of ordinary Notes because the discounted issue prices are substantially below par. If market interest rates increase, Zero Coupon Notes can suffer higher price losses than other Notes having the same maturity and credit rating. Due to their leverage effect, Zero Coupon Notes are a type of investment associated with a particularly high price risk. Therefore, in similar market conditions the holders of Zero Coupon Notes could be subject to higher losses on their investments than the holders of other instruments such as Fixed Rate Notes or Floating Rate Notes. Any such volatility may have a significant adverse effect on the market value of the Notes and Noteholders may, as a result, lose all or part of the investment in the Notes.

(f) Inflation Linked Notes

As per Condition 5(c)(iv) of the Terms and Conditions of the Notes, the Issuer may issue Notes with principal or interest determined by reference to the rate of inflation in a country or in the European Monetary Union (“**Inflation Linked Notes**”), where interest amounts and/or principal are dependent upon the performance of an inflation index, which will be one of (i) the consumer price index (excluding tobacco) for all households in France or the relevant substitute index (the “**CPI**”), as calculated and published monthly by the *Institut National de la Statistique et des Etudes Economiques* (“**INSEE**”), or (ii) the harmonised index of consumer prices (excluding tobacco), or the relevant substitute index, measuring the rate of inflation in the European Monetary Union as calculated and published monthly by Eurostat (the “**HICP**”). If the value of the relevant index calculated at any time prior to the maturity is lower than the value of the relevant index at the time of the issue of the Notes or at the time of purchase by the Noteholders, then the amount of interest payable by the Issuer and/or the principal of Inflation Linked Notes may vary. Noteholders may receive no interest. However, if the nominal amount to be repaid at maturity is below par, the Inflation Linked Notes will be redeemed at par.

Neither the current nor the historical levels of any of the inflation indices should be taken as an indication of future performance of such index during the term of any Inflation Linked Notes. Noteholders are exposed to the risk that changes in the levels of the inflation index may adversely affect the value of such Notes and as a result, Noteholders could lose part of their investment. Inflation Linked Notes can be volatile investments. If they are structured to include multipliers or other leverage factors, or caps or floors, or any combination of those features, their market values may be even more volatile than those for securities that do not include those features.

An investment in structured Notes (such as Inflation Linked Notes), the premium and/or the interest on or principal of which is determined by reference to one or more values, interest rates or other indices or formulae, either directly or inversely, therefore entail significant risks not associated with similar investments in a conventional debt security, including the risks that the resulting interest rate will be less than that payable on a conventional debt security at the same time and/or that a Noteholder may lose the value of its entire investment or part of it, as the case may be.

(g) Variable rate Notes with a multiplier or other leverage factor

As per Condition 5(c) of the Terms and Condition of the Notes, a leverage or other factor may be applied to certain Notes in order to determine the Rate of Interest and/or redemption amount. Such leverage factor will magnify any negative performance of the underlying.

Notes with variable interest rates can be volatile investments. If they are structured to include multipliers or other leverage factors, or caps or floors, or any combination of those features, their market values may be even more volatile than those for securities that do not include those features. Variable rate Notes with a multiplier or other leverage factor can be particularly volatile investments and such volatility may have a significant adverse effect on the market value of the Notes.

(h) Structured Notes

As per Condition 5(c) of the Terms and Condition of the Notes, an investment in Notes, the premium and/or the interest on or principal of which is determined by reference to one or more values, interest rates or other indices or formulae, either directly or inversely, may entail significant risks not associated with similar investments in a conventional debt security, including the risks that the resulting interest rate will be less than that payable on a conventional debt security at the same time and/or that a Noteholder may lose the value of its entire investment or part of it, as the case may be. Neither the current nor the historical value of the relevant interest rates or other indices or formulae should be taken as an indication of future performance of such currencies, commodities, interest rates or other indices or formulae during the term of any Note. Accordingly, an investment in any such Notes may entail significant risks not associated with similar investments in convention debt securities. Any such volatility may have a significant adverse effect on the market value of the Notes and Noteholders may, as a result, lose all or part of the investment in the Notes.

(i) Notes subject to inverse exposure

As per Condition 6 of the Terms and Condition of the Notes, one factor in the determination of the Final Redemption Amount or Optional Redemption Amount of Variable Zero Coupon Redemption Notes and the Rate of Interest of Reverse Floater Formula Notes is fixed rate minus the underlying rate. The market values of those Notes typically are more volatile than market values of other conventional debt securities based on the same underlying rate (and with otherwise comparable terms). Those types of Notes are more volatile because an increase in the value of the underlying rate not only decreases the Final Redemption Amount or Optional Redemption Amount of the Notes and therefore Noteholders could receive a lower return on the Notes, but may also reflect an increase in prevailing interest rates, which further adversely affects the market value of such Notes.

(j) Caps and floors (including Minimum and Maximum Rate of Interest)

As specified in the relevant Final Terms, Notes may be subject to a cap and a floor. The Noteholder, therefore, will not fully participate in the positive performance of the underlying rate where the cap applies and the interest rate and/or redemption amount may be lower than it would have been without a cap. Conversely, the Noteholder will be protected, to the extent of any applicable floor, from the negative performance of the underlying rate. Any cap or floor may be specified as 'not applicable' in the applicable Final Terms. In such circumstances, the cap will be infinity and the floor will be zero (0) and the Noteholder will be more exposed to the positive and negative performance of the underlying. Any such volatility may have a significant adverse effect on the market value of the Notes and Noteholders may, as a result, lose all or part of the investment in the Notes.

(k) Maximum-Minimum VolBond Formula

As per Condition 5(c)(v)(G) of the Terms and Conditions of the Notes, one factor in the determination of the interest rate for Notes for which the Maximum-Minimum VolBond Formula is applicable is the lowest level of the underlying rate observed during the relevant reference period subtracted from the highest level of the underlying rate observed during the relevant reference period. A Noteholder will not therefore fully benefit from the highest level of the underlying rate during the relevant reference period. Changes in the level of the underlying rate may have disproportionate consequences on the interest amounts paid in respect of the Notes and Noteholders may not receive any interest amounts reflecting any positive performance of the underlying rate. Such volatility may have a significant adverse effect on the market value of the Notes. Please also see risk factors 2.2 (g) (*Variable rate Notes with a multiplier or other leverage factor*), 2.2 (h) (*Structured Notes*) and 2.2 (j) (*Caps and floors (including Minimum and Maximum Rate of Interest)*), which may also be applicable to such Notes.

(l) Pre/Post VolBond Formula

As per Condition 5(c)(v)(H) of the Terms and Conditions of the Notes, one factor in the determination of the interest rate for Notes for which the Pre/Post VolBond Formula is applicable is the difference between the level of the underlying rate on two specified days within the relevant reference period. A Noteholder may not therefore benefit from the highest level of the underlying rate during the relevant reference period and may not receive any interest amounts reflecting any positive performance of the underlying rate. Changes in the level of the underlying rate may have disproportionate consequences on the interest amounts paid in respect of the Notes and Noteholders may not receive any interest amounts reflecting any positive performance of the underlying rate. Such volatility may have a significant adverse effect on the market value of the Notes.

Please also see risk factors 2.2 (g) (*Variable rate Notes with a multiplier or other leverage factor*), 2.2 (h) (*Structured Notes*) and 2.2 (j) (*Caps and floors (including Minimum and Maximum Rate of Interest)*), which may also be applicable to such Notes.

(m) Digital Formula

As per Condition 5(c)(v)(I) of the Terms and Conditions of the Notes, the interest rate for Notes for which the Digital Formula is applicable is linked to the value of an underlying rate, and in particular, whether the value of the underlying rate on a relevant observation date falls within a specified range. If the value of the underlying rate falls within the range, a different interest rate will apply (the “**Formula Rate**”) than the rate that would have applied if the value of the underlying rate had not fallen within the range (the “**Fixed Percentage**”). When the Fixed Percentage applies, (1) the Fixed Percentage may be lower than the Formula Rate (with the result that the return on the Notes, and the value of the Notes, falls) and (2) any increases in market interest rates may adversely affect the value of the Notes. When the Formula Rate applies, (1) the Formula Rate may be lower than the Fixed Percentage (with the result that the return on the Notes, and the value of the Notes, falls) and (2) the spread on the Notes may be less favourable than the spread on other floating rate securities issued by the Issuer which are linked to the same underlying rate.

Please also see the risk factor 2.2 (o) (*Product of Spread Formula*) (as the interest rate for Notes for which the Formula Rate is applicable is determined in a similar way to the interest rate for Notes for which the Product of Spread Formula is applicable).

Small changes in the value of the underlying rate may have disproportionate consequences on the interest amounts paid in respect of the Notes and Noteholders may not receive any interest amounts reflecting any positive performance of the underlying rate. Any such volatility may have a significant adverse effect on the market value of the Notes and Noteholders may, as a result, lose all or part of the investment in the Notes.

Please also see risk factors 2.2 (g) (*Variable rate Notes with a multiplier or other leverage factor*), 2.2 (h) (*Structured Notes*) and 2.2 (j) (*Caps and floors (including Minimum and Maximum Rate of Interest)*), which may also be applicable to such Notes.

(n) Range Accrual Formula

As per Condition 5(c)(v)(K) of the Terms and Conditions of the Notes, one factor in the determination of the interest rate for Notes for which the Range Accrual Formula is applicable is the number of Range Accrual Days in the relevant

observation period in respect of which the value of the underlying rate falls within a specified range. Such number of Range Accrual Days is divided by the total number of Range Accrual Days in the relevant observation period to give the relevant accrual factor. In the event that the value of the underlying rate is not within the range on any Range Accrual Day during the relevant observation period, the accrual factor will be zero (0). If the accrual factor is zero (0), the interest rate relevant to the Notes could also be zero (0). It is difficult to anticipate future market volatility in interest rates, but any such volatility may have a significant adverse effect on the value and marketability of the Notes and Noteholders could lose all or part of their investment.

Please also see risk factors 2.2 (g) (*Variable rate Notes with a multiplier or other leverage factor*), 2.2 (h) (*Structured Notes*) and 2.2 (j) (*Caps and floors (including Minimum and Maximum Rate of Interest)*) which may also be applicable to such Notes.

(o) Product of Spread Formula

As per Condition 5(c)(v)(J) of the Terms and Conditions of the Notes, one factor in the determination of the interest rate for Notes for which the Product of Spread Formula is applicable is the difference between the level of two different underlying rates on a specified day. A Noteholder will not therefore benefit from the highest level of either underlying rate during the relevant reference period. Therefore, Noteholders could receive a lower return on the Notes and, as a result, lose part of the investment in the Notes.

Please also see risk factors 2.2 (g) (*Variable rate Notes with a multiplier or other leverage factor*), 2.2 (h) (*Structured Notes*) and 2.2 (j) (*Caps and floors (including Minimum and Maximum Rate of Interest)*), which may also be applicable to such Notes.

(p) Issuer Rate Switch Option

As per Condition 5(m)(i) of the Terms and Conditions of the Notes and where Issuer Rate Switch Option is applicable in the Final Terms, the Issuer may elect that the interest rate for the relevant Notes will be changed such that the relevant interest rate is determined as though such Notes were Fixed Rate Notes or Floating Rate Notes, as specified in the Final Terms (such changed method of determining the relevant interest rate being the “**Post Switch Rate**”).

Noteholders will have no control over whether or not this option is exercised by the Issuer. If the Issuer elects to exercise such option this may negatively affect the interest rate and therefore the value of the Notes. As a result, the return under the Notes may be negatively impacted and this would result in a reduced market value of the Notes if the Noteholders were to dispose of their Notes.

(q) Rate Lock-In

As per Condition 5(m)(ii) of the Terms and Conditions of the Notes and where Rate Lock-In is applicable in the Final Terms, if the interest rate of the relevant Notes is equal to or greater than a specified percentage on an interest observation date, the interest rate for the relevant interest accrual period and for each subsequent interest accrual period shall be equal to the rate of interest on such date plus or minus a margin, as specified in the relevant Final Terms.

Noteholders will have no control over whether or not such lock-in will occur which is dependent on the value of an underlying rate. The lock-in may or may not be beneficial for Noteholders and this feature may negatively impact the value of the Notes.

(r) Reform and regulation of “benchmarks”

As per Condition 5(c) of the Terms and Conditions of the Notes and where the relevant Final Terms for a Series of Floating Rate Notes identifies that the Rate of Interest for such Floating Rate Notes will be determined by reference to interest rates and indices which are deemed to be “benchmarks” (such as CMS Rate, EURIBOR, €STR, SARON, SOFR, SONIA, TONA, TEC10 or any other reference rate specified in the relevant Final Terms), such “benchmarks” are the subject of recent national and international regulatory guidance and proposals for reform. Some of these reforms are already effective whilst others are still to be implemented. These reforms may cause such Benchmarks to perform differently from the past, to disappear entirely, to be subject to revised calculation methods, or have other

consequences that cannot be predicted. Any such consequences could have a material adverse effect on the liquidity and value on any Notes linked to or referencing such a “benchmark”.

Regulation (EU) 2016/1011 of the European Parliament and of the Council on indices used as benchmarks in financial instruments and financial contracts or to measure the performance of investment funds (the “**EU Benchmarks Regulation**”) applies to the provision of “benchmarks”, the contribution of input data to a “benchmark” and the use of a “benchmark” within the European Union. Regulation (EU) 2016/1011 as it forms part of UK domestic law by virtue of the EUWA (the “**UK Benchmarks Regulation**” and together with the EU Benchmarks Regulation, the “**Benchmarks Regulations**”) among other things, applies to the provision of benchmarks and the use of a benchmark in the UK.

The EU Benchmarks Regulation, among other things, (i) requires benchmark administrators to be authorised or registered (or, if non-EU-based, to be subject to an equivalent regime or otherwise recognised or endorsed) and to comply with extensive requirements in relation to the administration of “benchmarks” (or, if non EU based, to be subject to equivalent requirements) and (ii) prevents certain uses by EU supervised entities of “benchmarks” of administrators that are not authorised/registered (or, if non EU based, deemed equivalent or recognised or endorsed). Similarly, the UK Benchmarks Regulation prohibits the use in the UK by UK supervised entities of benchmarks of administrators that are not authorised by the FCA or registered on the FCA register (or, if non-UK based, not deemed equivalent or recognised or endorsed).

The Benchmarks Regulations could have an adverse impact on any Notes linked to a rate or index deemed to be a “benchmark”, in particular if the methodology or other terms of the “benchmark” are changed in order to comply with the requirements of the Benchmarks Regulations. Such changes could, among other things, have the effect of reducing, increasing or otherwise affecting the volatility of the published rate or level of the benchmark. More broadly, any of the international, national or other proposals for reform or the general increased regulatory scrutiny of “benchmarks” or any further uncertainty in relation to the timing and manner of implementation of such changes could increase the costs and risks of administering or otherwise participating in the setting of a “benchmark” and complying with any such regulations or requirements. Such factors may have the effect of discouraging market participants from continuing to administer or contribute to certain “benchmarks”, trigger changes in the rules or methodologies used in certain “benchmarks” or lead to the disappearance of certain “benchmarks”.

Any of the above changes or any other consequential changes as a result of international, national or other proposals for reform or other initiatives or investigations, could have a material adverse effect on the value of and return on any Notes linked to a “benchmark”.

Regulation (EU) 2019/2089 of the European Parliament and of the Council of 27 November 2019 and Regulation (EU) 2021/168 of the European Parliament and of the Council of 10 February 2021 have amended the existing provisions of the EU Benchmarks Regulations and have introduced a harmonised approach to deal with the cessation or wind-down of certain benchmarks by conferring on the European Commission the power to designate a statutory replacement for certain benchmarks, resulting in such benchmarks being replaced in contracts and financial instruments that have not been renegotiated before the date of cessation of the relevant benchmarks and contain either no contractual replacement (or so-called “fallback provision”) or a fallback provision which is deemed unsuitable by the European Commission or competent national authorities. These provisions could have a negative impact on the value or liquidity of, and return on, certain Notes issued under the Programme linked to or referencing such benchmark in the event that the fallback provisions in the Terms and Conditions of the Notes are deemed unsuitable. However, there are still uncertainties about the exact implementation of this provision pending the implementing acts of the European Commission. In addition, the Commission Delegated Regulation (EU) 2023/2222 of 14 July 2023 has further extended the transitional provisions applicable to third-country benchmarks until the end of 2025. Such developments may create uncertainty regarding any future legislative or regulatory requirements arising from the implementation of delegated regulations.

The operation of the fallback arrangements set out in the Terms and Conditions of the Notes could result in a different return for Noteholders and Couponholders (which may include payment of a lower Rate of Interest) than they might receive under other similar securities which contain different or no fallback arrangements. Where Screen Rate

Determination is specified as the manner in which the Rate of Interest in respect of Floating Rate Notes or Formula Linked Notes is to be determined, and CMS Rate, EURIBOR, €STR, SARON, SOFR, SONIA, TONA, TEC10 or another Reference Rate (each, an “**Original Reference Rate**”) has been selected as the Reference Rate, the Terms and Conditions of the Notes provide that the Rate of Interest shall be determined by reference to the Relevant Screen Page (or its successor or replacement). In circumstances where the Original Reference Rate is discontinued, neither the Relevant Screen Page, nor any successor or replacement rate may be available.

Where the Relevant Screen Page is not available, the Terms and Conditions of the Notes provide for the Rate of Interest to be determined by the Calculation Agent by reference to offered quotations from Reference Banks requested by the Issuer and communicated to the Calculation Agent. Where such offered quotations are not available (as may be the case if the Reference Banks are not submitting rates for the determination of such Original Reference Rate), the Rate of Interest may ultimately revert to the Rate of Interest applicable as at the last preceding Interest Determination Date before the Original Reference Rate was discontinued. If such Original Reference Rate is permanently discontinued, the same Rate of Interest will continue to be the Rate of Interest for each successive Interest Period until the maturity of the Floating Rate Notes or Formula Linked Notes so that such Notes will, in effect, become fixed rate notes utilising the last available relevant Reference Rate and, as a result, Noteholders will not benefit from an increase (if any) in market interest rates which may have occurred since the preceding Interest Period. Uncertainty as to the continuation of such Original Reference Rate, the availability of offered quotations from reference banks, and the rate that would be applicable if such Original Reference Rate is discontinued may adversely affect the value of, and return on, the Floating Rate Notes or Formula Linked Notes.

If a Benchmark Event (as defined in Condition 5(a)) (which, amongst other events, includes the permanent discontinuation of an Original Reference Rate) occurs, the Issuer shall use its reasonable endeavours to appoint an Independent Adviser. The Independent Adviser shall endeavour to determine a Successor Rate or Alternative Rate to be used in place of the Original Reference Rate. The use of any such Successor Rate or Alternative Rate to determine the Rate of Interest is likely to result in Notes initially linked to or referencing the Original Reference Rate performing differently (which may include payment of a lower Rate of Interest) than they would do if the Original Reference Rate were to continue to apply in its current form.

Furthermore, if a Successor Rate or Alternative Rate for the Original Reference Rate is determined by the Independent Adviser, the Terms and Conditions of the Notes provide that the Issuer may vary the Terms and Conditions of the Notes, as necessary to ensure the proper operation of such Successor Rate or Alternative Rate, without any requirement for consent or approval of the Noteholders.

If a Successor Rate or Alternative Rate is determined by the Independent Adviser, the Terms and Conditions of the Notes also provide that an Adjustment Spread may be determined by the Independent Adviser and applied to such Successor Rate or Alternative Rate. The aim of the Adjustment Spread is to reduce or eliminate, to the extent reasonably practicable, any economic prejudice or benefit (as the case may be) to Noteholders and Couponholders as a result of the replacement of the Original Reference Rate with the Successor Rate or the Alternative Rate. However, it may not be possible to determine or apply an Adjustment Spread and even if an Adjustment Spread is applied, such Adjustment Spread may not be effective to reduce or eliminate economic prejudice to Noteholders and Couponholders. If no Adjustment Spread can be determined, a Successor Rate or Alternative Rate may nonetheless be used to determine the Rate of Interest. The use of any Successor Rate or Alternative Rate (including with the application of an Adjustment Spread) may still result in Notes linked to or referencing the Original Reference Rate performing differently (which may include payment of a lower Rate of Interest) than they would if the Original Reference Rate were to continue to apply in its current form.

The Issuer may be unable to appoint an Independent Adviser or the Independent Adviser may not be able to determine a Successor Rate or Alternative Rate in accordance with the Terms and Conditions of the Notes.

Where the Issuer is unable to appoint an Independent Adviser in a timely manner, or the Independent Adviser is unable, to determine a Successor Rate or Alternative Rate before the next Interest Determination Date, the Rate of Interest for the next succeeding Interest Period will be the Rate of Interest applicable as at the last preceding Interest

Determination Date before the occurrence of the Benchmark Event, or, where the Benchmark Event occurs before the first Interest Determination Date, the Rate of Interest will be the initial Rate of Interest.

Where the Issuer has been unable to appoint an Independent Adviser or, the Independent Adviser has failed, to determine a Successor Rate or Alternative Rate in respect of any given Interest Period, the Issuer will continue to attempt to appoint an Independent Adviser in a timely manner before the next succeeding Interest Determination Date and/or to determine a Successor Rate or Alternative Rate to apply the next succeeding and any subsequent Interest Periods, as necessary.

Applying the initial Rate of Interest, or the Rate of Interest applicable as at the last preceding Interest Determination Date before the occurrence of the Benchmark Event is likely to result in Notes linked to or referencing the relevant benchmark performing differently (which may include payment of a lower Rate of Interest) than they would do if the relevant benchmark were to continue to apply, or if a Successor Rate or Alternative Rate could be determined.

If the Issuer is unable to appoint an Independent Adviser or, the Independent Adviser fails to determine a Successor Rate or Alternative Rate for the life of the relevant Notes, the initial Rate of Interest, or the Rate of Interest applicable as at the last preceding Interest Determination Date before the occurrence of the Benchmark Event, will continue to apply to maturity. This will result in the floating rate Notes, in effect, becoming fixed rate Notes. Noteholders may, in such circumstances, be materially affected and receive a lower interest as they would have expected if an Independent Adviser had been determined or if such Independent Adviser did not fail to determine such Successor or Alternative Rate.

(s) The market continues to develop in relation to risk-free rates (including overnight rates) which are possible reference rates for Floating Rate Notes

Condition 5(c)(iii)(C) allows Notes referencing risk-free rates to be issued. The market continues to develop in relation to risk-free rates, such as the Sterling Overnight Index Average (“**SONIA**”), the Secured Overnight Financing Rates (“**SOFR**”), the Daily Euro Short-term Rate (“**€STR**”), the Tokyo Overnight Average (“**TONA**”) and the Swiss Average Rate Overnight (“**SARON**”), as reference rates in the capital markets for sterling, U.S. dollar, euro, Japanese Yen or Swiss Franc bonds, as applicable, and their adoption as alternatives to the relevant interbank offered rates.

Such risk-free rates have a limited performance history and the future performance of such risk-free rates is impossible to predict. As a consequence, no future performance of the relevant risk-free rate or Notes referencing such risk-free rate may be inferred from any of the hypothetical or actual historical performance data. In addition, risk-free rates may behave materially differently to interbank offered rates as interest reference rates. For example, since publication of SOFR began, daily changes in SOFR have, on occasion, been more volatile than daily changes in comparable benchmarks or other market rates.

Interest is calculated on the basis of the compounded risk-free rate or an arithmetic average of the risk-free rate, using the relevant specific formula set out in the Conditions of the Notes. In addition, market conventions for calculating the interest rate for notes referencing risk-free rates continue to develop and market participants and relevant working groups are exploring alternative reference rates based on risk-free rates. Accordingly, the specific formula for calculating the rate used in the Notes issued under the Base Prospectus may not be widely adopted by other market participants, if at all.

The Issuer may in the future also issue Notes referencing risk-free rates that differ materially in terms of interest determination when compared with any previous Notes referencing risk-free rate rates issued by it. If the market adopts a different calculation method, that could adversely affect the market value of Notes issued under the Programme.

Interest on Notes which reference a risk-free rate is only capable of being determined immediately prior to the relevant Interest Payment Date. It may be difficult for Notes referencing risk-free rates to reliably estimate the amount of interest which will be payable on such Notes.

Each risk-free rate is published and calculated by third parties based on data received from other sources and the Issuer has no control over their respective determinations, calculations or publications. There is a risk that the relevant risk-free rate (or the Compounded SOFR Index or SONIA Compounded Index Rate) will be discontinued or fundamentally altered in a manner that is materially adverse to the interests of investors in Notes linked to or which reference such risk-free rate (or that any applicable benchmark fallback provisions provided for in the Conditions of the Notes will provide a rate which is economically equivalent for Noteholders). If the manner in which the relevant risk-free rate is calculated is changed, that change may result in a reduction of the amount of interest payable on such Notes and the trading prices of such Notes.

The market or a significant part thereof may adopt an application of risk-free rates that differs significantly from that set out in the Conditions of the Notes and used in relation to Notes that reference a risk-free rate issued under the Base Prospectus.

Any mismatch between the adoption of such risk-free rates in the bond, loan and derivatives markets may impact any hedging or other financial arrangements which investors may put in place in connection with any acquisition, holding or disposal of any Notes.

3 RISKS RELATED TO THE MARKET OF THE NOTES

3.1 No active secondary/trading market for the Notes

Notes issued under the Programme will be new securities which may not be widely distributed and for which there may be no active trading market (unless in the case of any particular Tranche, such Tranche is to be consolidated with and form a single Series with a Tranche of Notes which is already issued). If the Notes are traded after their initial issuance, they may trade at a discount to their initial offering price, depending upon prevailing interest rates, the market for similar securities, general economic conditions and the financial condition of the Issuer. Although in relation to Notes to be admitted to trading on Euronext Paris and/or any other Regulated Market in the EEA and/or offered to the public in the EEA, the Final Terms of the Notes will be filed with the AMF in France and with the competent authority of the Regulated Market of the EEA where the Notes will be admitted to trading, such admission to trading or offer to the public may not occur, that any particular Tranche of Notes will be so admitted or that an active trading market will develop.

As a consequence, Noteholders may not be able to sell Notes readily or at prices that will enable them to realise their anticipated yield. This could have a material adverse impact on the Noteholders and as a result, Noteholders could lose part of their investment in the Notes.

3.2 Market Value of the Notes

Application may be made to admit any Tranche of Notes issued hereunder to trading on Euronext Paris and/or on any other Regulated Market, as it shall be specified in the relevant Final Terms. Therefore, the market value of the Notes will be affected by the creditworthiness of the Issuer and a number of additional factors, including, but not limited to, the value and the volatility of an index, or the dividend on the securities taken up in the index, market interest and yield rates and the time remaining to the maturity date.

The value of the Notes depends on a number of interrelated factors, including economic, financial and political events in France or elsewhere, and including also factors affecting capital markets generally and the stock exchanges on which the Notes, the securities taken up in the index, or the index are traded. The price at which a Noteholder will be able to sell the Notes prior to maturity may be at a discount, which could be substantial, from the issue price or the purchase price paid by such Noteholder. Accordingly, all or part of the capital invested by the Noteholder may be lost upon any transfer of the Notes, so that the Noteholder in such case would receive significantly less than the total amount of capital invested.

CONDITIONS ATTACHED TO THE CONSENT OF THE ISSUER TO USE THE BASE PROSPECTUS

Certain tranches of Notes with a specified denomination of less than €100,000 (or its equivalent in any other currency) may be offered in circumstances where there is no exemption from the requirement to publish a prospectus under the Prospectus Regulation (a “**Non-Exempt Offer**”) in any Member State of the EEA (a “**Non-Exempt Offer Jurisdiction**”).

In the context of a Non-Exempt Offer, in relation to any person (an “**Investor**”) to whom an offer of any Notes is made, the Issuer may, if so specified in the relevant Final Terms, consents to the use of the Base Prospectus together with any supplement with respect thereto that may be published from time to time and the relevant Final Terms (together, the “**Prospectus**”) in connection with a Non-Exempt Offer of any Notes during the offer period specified in the relevant Final Terms (the “**Offer Period**”) and in the Non-Exempt Offer Jurisdiction(s) specified in the relevant Final Terms by:

- (1) subject to conditions set out in the relevant Final Terms, any financial intermediary designated in such Final Terms; or
- (2) if so specified in the relevant Final Terms, any financial intermediary which satisfies the following conditions:
 - (a) acts in accordance with all applicable laws, rules, regulations and guidance of any applicable regulatory bodies (the “**Rules**”), from time to time including, without limitation and in each case, Rules relating to both the appropriateness or suitability of any investment in the Notes by any person and disclosure to any potential investor; (b) complies with the restrictions set out under “*Subscription and Sale*” in this Base Prospectus which would apply as if it were a Dealer; (c) complies with the relevant EEA manufacturer’s target market assessment and distribution channels identified under the “MiFID II product governance” legend and/or the relevant UK manufacturer’s target market assessment and distribution channels identified under the “UK MiFIR product governance” legend, in each case, set out in the applicable Final Terms; (d) ensures that any fee (and any commissions or benefits of any kind) received or paid by that financial intermediary in relation to the offer or sale of the Notes is fully and clearly disclosed to investors or potential investors; (e) holds all licences, consents, approvals and permissions required in connection with solicitation of interest in, or offers or sales of, the Notes under the Rules; (f) retains investor identification records for at least the minimum period required under applicable Rules, and shall, if so requested, make such records available to the relevant Dealer(s) and the Issuer or directly to the appropriate authorities with jurisdiction over the Issuer and/or the relevant Dealer(s) in order to enable the Issuer and/or the relevant Dealer(s) to comply with anti-money laundering, anti-bribery and “know your client” rules applying to the Issuer and/or the relevant Dealer(s); (g) does not, directly or indirectly, cause the Issuer or the relevant Dealer(s) to breach any Rule or any requirement to obtain or make any filing, authorisation or consent in any jurisdiction; and (h) satisfies any further conditions specified in the relevant Final Terms (in each case an “**Authorised Offeror**”). For the avoidance of doubt, none of the Dealers or the Issuer shall have any obligation to ensure that an Authorised Offeror complies with applicable laws and regulations and shall therefore have no liability in this respect.

The Issuer accepts responsibility, in the Non-Exempt Offer Jurisdiction(s) specified in the Final Terms, for the content of the Base Prospectus in relation to any Investor in such Non-Exempt Offer Jurisdiction(s) to whom an offer of any Notes is made by any Authorised Offeror and where the offer is made during the period for which that consent is given. However, neither the Issuer nor any Dealer has any responsibility for any of the actions of any Authorised Offeror, including compliance by an Authorised Offeror with applicable conduct of business rules or other local regulatory requirements or other securities law requirements in relation to such offer.

The consent referred to above relates to Offer Periods (if any) ending no later than the date falling 12 months from the date of the approval of the Base Prospectus by the AMF.

In the event the Final Terms designate financial intermediary(ies) to whom the Issuer has given its consent to use the Base Prospectus during an Offer Period, the Issuer may also give consent to additional Authorised Offerors after the date of the relevant Final Terms and, if it does so, it will publish any new information in relation to such Authorised

Offerors who are unknown at the time of the approval of this Base Prospectus or the filing of the relevant Final Terms at <https://www.foncier.fr>.

If the Final Terms specify that any financial intermediary may use the Base Prospectus during the Offer Period, any such Authorised Offeror is required, for the duration of the Offer Period, to publish on its website that it is using the Base Prospectus for the relevant Non-Exempt Offer with the consent of the Issuer and in accordance with the conditions attached thereto.

Other than as set out above, neither the Issuer nor any of the Dealers has authorised the making of any Non-Exempt Offer by any person in any circumstances and such person is not permitted to use the Base Prospectus in connection with its offer of any Notes. Any such offers are not made on behalf of the Issuer or by any of the Dealers or Authorised Offerors and none of the Issuer or any of the Dealers or Authorised Offerors has any responsibility or liability for the actions of any person making such offers.

An Investor intending to acquire or acquiring any Notes from an Authorised Offeror will do so, and offers and sales of the Notes to an Investor by an Authorised Offeror will be made, in accordance with any terms and other arrangements in place between such Authorised Offeror and such Investor including as to price allocations and settlement arrangements (the “Terms and Conditions of the Non-Exempt Offer”). The Issuer will not be a party to any such arrangements with Investors (other than Dealers) in connection with the offer or sale of the Notes and, accordingly, the Base Prospectus and any Final Terms will not contain such information. The Terms and Conditions of the Non-Exempt Offer shall be provided to Investors by that Authorised Offeror at the time of the Non-Exempt Offer. Neither the Issuer nor any of the Dealers or other Authorised Offerors has any responsibility or liability for such information.

SUPPLEMENT TO THE BASE PROSPECTUS

If at any time the Issuer shall be required to prepare a supplement to the Base Prospectus pursuant to Article 23 of the Prospectus Regulation and Article 18 of the Commission Delegated Regulation (EU) 2019/979, as amended, the Issuer will prepare and make available an appropriate supplement to this Base Prospectus or a restated Base Prospectus, which in respect of any subsequent issue of Notes to be admitted to trading on Euronext Paris or on a Regulated Market, shall constitute a supplement to the Base Prospectus for the purpose of the relevant provisions of the Prospectus Regulation.

Where the relevant Final Terms relate to a Non-Exempt Offer of Notes in any Member State of the EEA, investors who have already agreed to purchase or subscribe for Notes before any supplement is published shall have the right, exercisable within two working days after the publication of such supplement pursuant to Article 23.2 of the Prospectus Regulation, to withdraw their acceptance provided that the new factor, material mistake or material inaccuracy referred to in Article 23.1 of the Prospectus Regulation arose before the final closing of the Non-Exempt Offer or the delivery of the Notes, whichever occurs first. The period may be extended by the Issuer or, if any, the relevant offeror(s). The final date of the right of withdrawal shall be stated in the supplement. On 18 June 2025, this Base Prospectus, as supplemented (as the case may be), will expire and the obligation to supplement this Base Prospectus in the event of significant new factors, material mistakes or material inaccuracies will no longer apply.

Any supplement to the Base Prospectus shall be (a) published on the websites of the AMF (<https://www.amf-france.org/en>) and the Issuer (<https://www.foncier.fr>) and (b) available for inspection and obtainable, upon request and free of charge, during usual business hours, on any weekday at the registered office of the Issuer (182, avenue de France, 75013 Paris, France).

TERMS AND CONDITIONS OF THE NOTES

The following is the text of the terms and conditions that, subject to completion in accordance with the provisions of Part A of the relevant Final Terms, shall be applicable to the Notes. In the case of Dematerialised Notes, the text of the terms and conditions will not be endorsed on physical documents of title but will be constituted by the following text as completed by Part A of the relevant Final Terms. In the case of Materialised Notes, either (i) the full text of these terms and conditions together with the provisions of Part A of the Final Terms or (ii) these terms and conditions as so completed (and subject to simplification by the deletion of non-applicable provisions), shall be endorsed on Definitive Materialised Notes. References in the Conditions to “Notes” are to the Notes of one Series only, not to all Notes that may be issued under the Programme.

An amended and restated agency agreement dated 18 June 2024 has been agreed between Compagnie de Financement Foncier (the “**Issuer**”), Deutsche Bank AG, London Branch as fiscal agent and the other agents named in it (the “**Amended and Restated Agency Agreement**”). The fiscal agent, the paying agents, the redenomination agent, the consolidation agent and the calculation agent(s) for the time being (if any) are referred to below respectively as the “**Fiscal Agent**”, the “**Paying Agents**” (which expression shall include the Fiscal Agent), the “**Redenomination Agent**”, the “**Consolidation Agent**” and the “**Calculation Agent(s)**”.

For the purpose of these Terms and Conditions, “**Regulated Market**” means any regulated market situated in a Member State of the European Economic Area (“**EEA**”) as defined in the Markets in Financial Instruments Directive 2014/65/EU of the European Parliament and of the Council of 15 May 2014, as amended.

References below to “**Conditions**” are, unless the context requires otherwise, to the numbered paragraphs below.

All capitalised terms that are not defined in these Conditions will have the meanings given to them in Part A of the relevant Final Terms.

Certain defined terms contained in the 2013 FBF Master Agreement relating to transactions on forward financial instruments as supplemented by the Technical Schedules published by the AFB or the FBF (together, the “**FBF Master Agreement**”) and in the 2006 ISDA Definitions, as published by the International Swaps and Derivatives Association, Inc., have either been used or reproduced in Condition 5 (*Interest and other Calculations*) below.

Copies of the FBF Master Agreement are available for inspection at the specified offices of each of the Paying Agents.

1 Form, Denomination, Title and Redenomination

- (a) **Form:** Notes may be issued either in dematerialised form (“**Dematerialised Notes**”) or in materialised form (“**Materialised Notes**”).
 - (i) Title to Dematerialised Notes will be evidenced in accordance with Articles L.211-3 *et seq.* and R.211-1 of the French *Code monétaire et financier* by book entries (*inscriptions en compte*). (“**Clearstream**”).

The Issuer may request from the central depository the identification of the holders of Dematerialised Notes in bearer form (*au porteur*) unless such right is expressly excluded in the relevant Final Terms.

- (ii) Materialised Notes are issued in bearer form. Definitive Materialised Notes are printed on security paper, are serially numbered and are issued with coupons (the “**Coupons**”) (and, where appropriate, a talon (the “**Talons**”) attached), save in the case of (A) Zero Coupon Notes, (B) Resettable Zero Coupon Notes (other than in relation to interest payable on the designation of a Reset Date) and (C) Zero Coupon/ Fixed Rate Notes (other than in relation to any interest payable on or after the designation of a Switch Date) in which case references to interest (other than in relation to interest due after the Maturity Date or the Extended Maturity Date, if any), Coupons and Talons in these Conditions are not applicable.

In accordance with Articles L.211-3 *et seq.* and R.211-1 of the French *Code monétaire et financier*, securities (including the Notes) in materialised form and governed by French law must be issued outside the French territory.

- (b) **Denomination:** Notes shall be issued in the Specified Denomination(s) as set out in the relevant Final Terms provided that such denomination shall be equal to such minimum amount as may be allowed or required from time to time by the relevant central bank (or equivalent body) or any laws or regulations applicable to the relevant Specified Currency. Title to Dematerialised Notes in fully registered dematerialised form (*au nominatif pur*) shall pass upon, and transfer of such Notes may only be effected through, registration of the transfer in the accounts of the Registration Agent.
- (ii) Title to Definitive Materialised Notes and Coupons and Talons shall pass by delivery.
- (iii) Except as ordered by a court of competent jurisdiction or as required by law, the holder (as defined below) of any Note, Coupon or Talon shall be deemed to be and may be treated as its absolute owner for all purposes, whether or not it is overdue and regardless of any notice of ownership, or an interest in it, any writing on it or its theft or loss and no person shall be liable for so treating the holder.
- (iv) In these Conditions, “**holder of Notes**”, “**holder of any Note**” or “**Noteholder**” means (i) in the case of Dematerialised Notes, the person whose name appears in the account of the relevant Account Holder or the Registration Agent (as the case may be) as being entitled to such Notes and (ii) in the case of Materialised Notes, the bearer of any definitive Materialised Note and the Coupon or Talon relating to it, and capitalised terms have the

meanings given to them in the relevant Final Terms, the absence of any such meaning indicating that such term is not applicable to the Notes.

(d) **Redenomination:**

- (i) The Issuer may (if so specified in the relevant Final Terms), on any Interest Payment Date, without the consent of the holder of any Note, Coupon or Talon, by giving at least 30 days' notice in accordance with Condition 13 (*Notices*) and on or after the date on which the European Member State in whose national currency the Notes are denominated has become a participating Member State in the third stage (or any further stage) of the European Economic and Monetary Union (as provided in the Treaty establishing the European Community (the "EC", as amended from time to time (the "Treaty"))) or events have occurred which have substantially the same effects (in either case, "EMU"), redenominate all, but not some only, of the Notes of any Series into Euro and adjust the aggregate principal amount and the Specified Denomination(s) set out in the relevant Final Terms accordingly, as described below. The date on which such redenomination becomes effective shall be referred to in these Conditions as the "**Redenomination Date**".
- (ii) The redenomination of the Notes pursuant to Condition 1(d)(i) (*Redenomination*) shall be made by converting the principal amount of each Note from the relevant national currency into Euro using the fixed relevant national currency Euro conversion rate established by the Council of the European Union pursuant to applicable regulations of the Treaty and rounding the resulting figure to the nearest Euro 0.01 (with Euro 0.005 being rounded upwards). If the Issuer so elects, the figure resulting from conversion of the principal amount of each Note using the fixed relevant national currency Euro conversion rate shall be rounded down to the nearest Euro. The Euro denominations of the Notes so determined shall be notified to holders of Notes in accordance with Condition 13 (*Notices*). Any balance remaining from the redenomination with a denomination higher than Euro 0.01 shall be paid by way of cash adjustment rounded to the nearest Euro 0.01 (with Euro 0.005 being rounded upwards). Such cash adjustment will be payable in Euros on the Redenomination Date in the manner notified to holders of Notes by the Issuer.
- (iii) Upon redenomination of the Notes, any reference hereon to the relevant national currency shall be construed as a reference to Euro.
- (iv) The Issuer may, with the prior approval of the Redenomination Agent and the Consolidation Agent, in connection with any redenomination pursuant to this Condition or any consolidation pursuant to Condition 12 (*Further Issues and Consolidation*), without the consent of the holder of any Note, Coupon or Talon, make any changes or additions to these Conditions or Condition 12 (*Further Issues and Consolidation*) (including, without limitation, any change to any applicable business day definition, business day convention, principal financial centre of the country of the Specified Currency, interest accrual basis or benchmark), taking into account market practice in respect of redenominated Euromarket debt obligations and which it believes are not prejudicial to the interests of such holders. Any such changes or additions shall, in the absence of manifest error, be binding on the holders of Notes, Coupons and Talons and shall be notified to holders of Notes in accordance with Condition 13 (*Notices*) as soon as practicable thereafter.
- (v) Neither the Issuer nor any Paying Agent shall be liable to the holder of any Note, Coupon or Talon or other person for any commissions, costs, losses or expenses in relation to or resulting from the credit or transfer of Euros or any currency conversion or rounding effected in connection therewith.

Any such conversion shall be effected at the cost of such holder.

- (b) Pursuant to Article L.513-11 of the French *Code monétaire et financier*, all amounts payable to the Issuer in respect of loans, exposures, securities and deposits referred to in Articles L.513-3 to L.513-7 of the French *Code monétaire et financier*, including any mortgages, guarantees, accessories, and indemnities relating thereto, and the forward financial instruments referred to in Article L.513-10 of the French *Code monétaire et financier* (in each case after any applicable netting), together with the claims in respect of deposits made by the Issuer with credit institutions, are allocated in priority to the payment of any sums due in respect of the *obligations foncières* issued by the Issuer and of any other resources raised by the Issuer benefiting from the *Privilège*.

It should be noted that not only Notes benefit from the *Privilège*; other resources (such as loans) and derivative transactions for hedging Notes and such other resources may also benefit from the *Privilège*.

- (c) Article L.513-11 of the French *Code monétaire et financier* provides that, notwithstanding any legislative provisions to the contrary and in particular those regarding the preservation (*sauvegarde*), the judicial reorganisation (*redressement judiciaire*), judicial liquidation (*liquidation judiciaire*) or resolution (*procédure de résolution*) proceedings opened pursuant to Article L.613-49 of the French *Code monétaire et financier*, the amounts due regularly under *obligations foncières* and any other resources benefiting from the *Privilège*, are paid on their contractual due date, and in priority to all

other debts, whether or not preferred, including interest resulting from agreements whatever their duration. Accordingly, until all creditors benefiting from the *Privilège* have been fully paid, no other creditor of the Issuer may exercise any right over the assets and rights of the Issuer, either in principal or accrued or future interests.

(A) **FBF Determination for Floating Rate Notes**

Where FBF Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period shall be determined by the Calculation Agent as a rate equal to the relevant FBF Rate. For the purposes of this sub-paragraph (A), “**FBF Rate**” for an Interest Accrual Period means a rate equal to the Floating Rate that would be determined by the Calculation Agent under a Transaction under the terms of an agreement incorporating the FBF Definitions and under which:

- (a) the Floating Rate is as specified in the relevant Final Terms; and
- (b) the relevant Floating Rate Determination Date (*Date de Détermination du Taux Variable*) is the first day of that Interest Accrual Period or such other date as specified in the relevant Final Terms.

For the purposes of this sub-paragraph (A), “**Floating Rate**”, “**Calculation Agent**”, “**Floating Rate Determination Date** (*Date de Détermination du Taux Variable*)” and “**Transaction**” have the meanings given to those terms in the FBF Definitions, provided

that “Euribor” means the rate calculated for deposits in Euro which appears on Reuters page EURIBOR01, as more fully described in the relevant Final Terms.

(B) ISDA Determination for Floating Rate Notes

Where ISDA Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period shall be determined by the Calculation Agent as a rate equal to the relevant ISDA Rate. For the purposes of this sub-paragraph (B), “**ISDA Rate**” for an Interest Accrual Period means a rate equal to the Floating Rate that would be determined by the Calculation Agent under a Swap Transaction under the terms of an agreement incorporating the ISDA Definitions and under which:

- (a) the Floating Rate Option is as specified in the relevant Final Terms;
- (b) the Designated Maturity is a period specified in the relevant Final Terms; and
- (c) the relevant Reset Date is the first day of that Interest Accrual Period or such other date as specified in the relevant Final Terms.

If the specified ISDA Rate is not available, the applicable interest rate will be determined according to the fallback rules of the relevant Floating Rate Options under the ISDA Definitions. In such circumstances, the “**Fallback Observation Day**” (as used under the ISDA Definitions) shall mean “the date which is 5 Business Days preceding the related Payment Date”. Notwithstanding anything to the contrary under the ISDA Definitions, the Calculation Agent will have no obligation to exercise any discretion (including in determining the fallback rate), and to the extent the ISDA Definitions require the Calculation Agent to exercise any such discretion, the Issuer will provide written direction to the Calculation Agent specifying how such discretion should be exercised, and the Calculation Agent will be entitled to conclusively rely on that direction and will be fully protected if it acts in accordance therewith.

For the purposes of this sub-paragraph (B), “**Floating Rate**”, “**Calculation Agent**”, “**Floating Rate Option**”, “**Designated Maturity**”, “**Reset Date**” and “**Swap Transaction**” have the meanings given to those terms in the ISDA Definitions.

(C) Screen Rate Determination for Floating Rate Notes

- (a) Where Screen Rate Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period will, subject as provided below or to Condition 5(c)(iii)(D) (*Benchmark Discontinuation*) below, be either:

- (i) the offered quotation; or
- (ii) the arithmetic mean of the offered quotations,

(expressed as a percentage rate per annum) for the Reference Rate which appears or appear, as the case may be, on the Relevant Screen Page (or any other such page as may replace that page on the relevant service, or such other service as may be nominated as the information vendor, for the purpose of displaying comparable rates) (the “**Relevant Screen Page Reference Rate**”) as at either (i) 11.00 a.m. (Brussels time in the case of EURIBOR) or, (ii) if otherwise, the Relevant Screen Page Time, on the Interest Determination Date in question as determined by the Calculation Agent. If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one

such lowest quotation, one only of such quotations) shall be disregarded by the Calculation Agent for the purpose of determining the arithmetic mean of such offered quotations.

If the Reference Rate from time to time in respect of Floating Rate Notes is specified in the relevant Final Terms as being other than EURIBOR, the Rate of Interest in respect of such Notes will be determined as provided hereon.

- (b) if the Relevant Screen Page is not available or, if sub-paragraph (a)(i) applies and no such offered quotation appears on the Relevant Screen Page or, if sub-paragraph (a)(ii) applies and fewer than three such offered quotations appear on the Relevant Screen Page, in each case as at the time specified above, subject as provided below, the Issuer, or an appointed agent on its behalf, shall request, (i) if the Reference Rate is EURIBOR, the principal Euro-zone office of each of the Reference Banks or, (ii) if otherwise, each of the Reference Banks, to provide the Calculation Agent with its offered quotation (expressed as a percentage rate per annum) for the Reference Rate if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time) or, if otherwise, at the Relevant Screen Page Time, on the Interest Determination Date in question. If two or more of the Reference Banks provide the Calculation Agent with such offered quotations, the Rate of Interest for such Interest Period shall be the arithmetic mean of such offered quotations as determined by the Calculation Agent; and

If no ECB Recommended Rate has been recommended before the end of the first

T2 Business Day following the date on which the €STR Index Cessation Event occurs, then the rate of €STR for each relevant T2 Business Day occurring on or after the €STR Index Cessation Effective Date will be determined as if references to €STR were references to the Modified EDFR.

VI. the Calculation Agent may determine that it is appropriate for a SARON Replacement Rate to replace the then-current SARON Benchmark and apply any SARON Replacement Conforming Changes in respect of any subsequent SARON Index Cessation Event; and

VII. where a SARON Index Cessation Event or details of it are announced prior to the relevant SARON Index Cessation Effective Date then the Replacement Rate Determination Agent may on or after such earlier announcement date give notice to Noteholders in accordance with Condition 13 (*Notices*) of the relevant changes which will be made to the Notes, provided that, such changes will only take effect as of the SARON Index Cessation Effective Date.

the “**SONIA reference rate**”, in respect of any London Business Day, is a reference rate equal to the daily Sterling Overnight Index Average (“**SONIA**”) rate for such London Business Day as provided by the administrator of SONIA to authorised distributors and as then published on the Relevant Screen Page on the next following London Business Day or, if the Relevant Screen Page is unavailable, as published by authorised distributors on such London Business Day or, if SONIA cannot be obtained from such authorised distributors, as published on the Bank of England’s Website at www.bankofengland.co.uk/boeapps/database/ (or such other page or website as may replace such page for the purposes of publishing the SONIA reference rate).

- (z) Where SONIA is specified as the Reference Rate in the relevant Final Terms and either (i) SONIA Compounded Daily Reference Rate is specified in the relevant Final Terms, or (ii) the SONIA Compounded Index Rate is specified in the relevant Final Terms, if, in respect of any London Business Day, the SONIA reference rate is not available on the Relevant Screen Page or Relevant Fallback Screen Page as applicable, (or as otherwise provided in the relevant definition thereof), such Reference Rate shall be:

1. (i) the Bank of England’s Bank Rate (the “**Bank Rate**”) prevailing at close of business on the relevant London Business Day; plus (ii) the mean of the spread of the SONIA reference rate to the Bank Rate over the previous five days on which the SONIA reference rate has been published, excluding the highest spread (or, if there is more than one highest spread, one only of those highest spreads) and lowest spread (or, if there is more than one lowest spread, one only of those lowest spreads) to the Bank Rate, or
2. if such Bank Rate is not available, the SONIA reference rate published on the Relevant Screen Page (or as otherwise provided in the relevant definition thereof) for the first preceding London Business Day on which the SONIA reference rate was published on the Relevant Screen Page (or as otherwise provided in the relevant definition thereof), and

Determination Date, the initial Rate of Interest which would have been applicable to such Series of Notes for the first Interest Accrual Period had the Notes been in issue for a period equal in duration to the scheduled first Interest Accrual Period but ending on (and excluding) the Interest Commencement Date (but applying the Margin and any Maximum Rate of Interest or Minimum Rate of Interest applicable to the first Interest Accrual Period).

If the Notes become due and payable in accordance with the Conditions, the final Interest Determination Date shall, notwithstanding any Interest Determination Date specified in the Final Terms, be deemed to be the date on which such Notes became due and payable and the Rate of Interest on such Notes shall, for so long as any such Note remains outstanding, be that determined on such date.

- (h) Where Screen Rate Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined and the Reference Rate in respect of the Floating Rate Notes is specified as being TONA, the TONA rate of interest determination method, as specified in the relevant Final Terms (the “**TONA Rate of Interest Determination**”), in which the Rate of Interest is to be determined could be either TONA Lookback Compound or TONA Shift Compound as follows:
 - (x) if TONA Lookback Compound is specified as applicable in the relevant Final Terms, the Rate of Interest for each Interest Accrual Period will, subject as provided below, be TONA-LOOKBACK-COMPOUND plus or minus (as indicated in the Final Terms) the Margin (if any); or
 - (y) if TONA Shift Compound is specified as applicable in the relevant Final Terms, the Rate of Interest for each Interest Accrual Period will, subject as provided below, be TONA-SHIFT-COMPOUND plus or minus (as indicated in the Final Terms) the Margin (if any);

For the purpose of this Condition 5(c)(iii)(C)(h):

“**TONA-LOOKBACK-COMPOUND**” means the rate of return of a daily compound interest investment (it being understood that the reference rate for the calculation of interest is the arithmetic mean of the daily rates of the day-to-day interbank JPY market in Tokyo) which will be calculated by the Calculation Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the relevant Final Terms) on the relevant Interest Determination Date, as follows, and the resulting percentage will be rounded, if necessary, to the nearest fifth decimal place, with 0.000005 being rounded upwards:

Where:

“**d**” is the number of calendar days in the relevant Interest Accrual Period;

“**d₀**” is the number of Tokyo Banking Days in the relevant Interest Accrual Period;

“**TONA-SHIFT-COMPOUND**” means the rate of return of a daily compounded interest investment (it being understood that the reference rate for the calculation of interest is the arithmetic mean of the daily rates of the day-to-day interbank JPY market in Tokyo) which will be calculated by the Calculation Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the relevant Final Terms) on the Interest Determination Date, as follows, and the resulting percentage will be rounded, if necessary, to the nearest fifth decimal place, with 0.000005 being rounded upwards:

$$\left(\prod_{i=1}^{d_0} \left(1 + \frac{TONA_i \times n_i}{365} \right) - 1 \right) \times \frac{365}{d}$$

“Observation Shift Days” means the number of Tokyo Banking Days specified in the relevant Final Terms.

If, in respect of a relevant Tokyo Banking Day, the Calculation Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the relevant Final Terms) determines that the TONA is not available on the Relevant Screen Page or has not otherwise been published by the relevant authorised distributors, such TONA shall be the TONA in respect of the first preceding Tokyo Banking Day for which the TONA was published by the Bank of Japan or such authorised distributors.

In the event that the Rate of Interest cannot be determined in accordance with the foregoing provisions by the Calculation Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the relevant Final Terms), the Rate of Interest shall be (i) that determined as at the last preceding Interest Determination Date (though substituting, where a different Margin or Maximum Rate of Interest or Minimum Rate of Interest is to be applied to the relevant Interest Accrual Period from that which applied to the last preceding Interest Accrual Period, the Margin or Maximum Rate of Interest or Minimum Rate of Interest relating to the relevant Interest Accrual Period in place of the Margin or Maximum Rate of Interest or Minimum Rate of Interest relating to that last preceding Interest Accrual Period) or (ii) if there is no such preceding Interest Determination Date, the initial Rate of Interest which would have been applicable to such Notes for the first Interest Accrual Period had the Notes been in issue for a period equal in duration to the scheduled first Interest Accrual Period but ending on, and excluding, the Interest Commencement Date (but applying the Margin and any Maximum Rate of Interest or Minimum Rate of Interest applicable to the first Interest Accrual Period).

If the Notes become due and payable in accordance with the Conditions, the final Interest Determination Date shall, notwithstanding any Interest Determination Date specified in the relevant Final Terms, be deemed to be the date on which such Notes became due and payable and the Rate of Interest on such Notes shall, for so long as any such Notes remains outstanding, be that determined on such date.

For the purpose of this Condition 5(c)(iii)(C)(h):

“Tokyo Banking Day” or **“TBD”** means any day on which commercial banks are open for general business (including dealing in foreign exchange and foreign currency deposits) in Tokyo;

“TONA” means, in respect of any Tokyo Banking Day, is a reference rate equal to the daily Tokyo Over Night Average rate in respect of such Tokyo Banking Day as published by the Bank of Japan on the Relevant Screen Page or, if the Relevant Screen Page is unavailable, as otherwise published by such authorised distributors, on the Tokyo Banking Day immediately following such Tokyo Banking Day.

- (i) Where Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined and the Reference Rate in respect of the Floating Rate Notes is specified as being CMS Rate, the Rate of Interest for each Interest Accrual Period will, subject as provided below or to Condition 5(c)(iii)(D) (*Benchmark Discontinuation*) below, be determined by the Calculation Agent by reference to the following formula:

CMS Rate + Margin

If the Relevant Screen Page is not available at the Specified Time on the relevant Interest Determination Date: (i) the Issuer, or an appointed agent on its behalf shall request each of the CMS Reference Banks to provide the Calculation Agent with its quotation for the Relevant Swap Rate at approximately the Specified Time on the relevant Interest Determination Date; (ii) if at least three of the CMS Reference Banks provide the Calculation Agent with such quotations, the CMS Rate for such Interest Accrual Period shall be the arithmetic mean of such quotations, eliminating the highest quotation (or, in the event of equality, one of the highest quotations and the lowest quotation (or, in the event of equality, one of the lowest quotations) and (iii) if on any Interest Determination Date less than three or none of the CMS Reference Banks provides the Calculation Agent with such quotations as provided in the preceding paragraph, the CMS Rate shall be determined by the Issuer, or an appointed agent on its behalf on such commercial basis as considered appropriate by the Issuer, or an appointed agent on its behalf in its absolute discretion, in accordance with the then prevailing standard market practice.

For the purposes of this sub-paragraph (i):

“CMS Rate” shall mean the applicable swap rate for swap transactions in the Reference Currency with a maturity of the Designated Maturity, expressed as a percentage, which appears on the Relevant Screen Page as at the Specified Time on the relevant Interest Determination Date in question, all as determined by the Calculation Agent.

“CMS Reference Banks” means (i) where the Reference Currency is Euro, the principal office of five leading swap dealers in the inter-bank market, (ii) where the Reference Currency is Sterling, the principal London office of five leading swap dealers in the London inter-bank market, (iii) where the Reference Currency is United States dollars, the principal New York City office of five leading swap dealers in the New York City inter-bank market, or (iv) in the case of any other Reference Currency, the principal Relevant Financial Centre office of five leading swap dealers in the Relevant Financial Centre inter-bank market, in each case selected by the Issuer, or an appointed agent on its behalf.

“Reference Currency” means the currency specified as such in the applicable Final Terms.

“Reference Financial Centre” means, with respect to a Reference Currency, the financial centre specified as such in the applicable Final Terms.

“Designated Maturity”, “Specified Time” and “Relevant Screen Page” shall have the meaning given to those terms in the applicable Final Terms.

“Margin” has the meaning set out in Condition 5(i) (*Margin, Maximum/Minimum Rates of Interest/Final Redemption Amount/Optional Redemption Amounts and Rounding*).

“Relevant Swap Rate” means:

- (i) where the Reference Currency is Euro, the mid-market annual swap rate determined on the basis of the arithmetic mean of the bid and offered rates for the annual fixed leg, calculated on a 30/360 day count basis, of a fixed-for-floating euro interest rate swap transaction with a term equal to the Designated Maturity commencing on the first day of the relevant Interest Accrual Period and in a Representative Amount with an acknowledged dealer of good credit in the swap market, where the floating leg, in each

case calculated on an Actual/360 day count basis, is equivalent to EUR-EURIBOR-Reuters (as defined in the ISDA Definitions, as amended and updated as at the Issue Date of the first Tranche of the Notes) with a designated maturity determined by the Calculation Agent by reference to the then prevailing standard market practice or the ISDA Definitions;

- (ii) where the Reference Currency is Sterling, the mid-market semi-annual swap rate determined on the basis of the arithmetic mean of the bid and offered rates for the semi-annual fixed leg, calculated on an Actual/365 (Fixed) day count basis, of a fixed-for-floating Sterling interest rate swap transaction with a term equal to the Designated Maturity commencing on the first day of the relevant Interest Accrual Period and in a Representative Amount with an acknowledged dealer of good credit in the swap market, where the floating leg, in each case calculated on an Actual/365 (Fixed) day count basis, is equivalent (A) if the Designated Maturity is greater than one year, to GBP-LIBOR-BBA (as defined in the ISDA Definitions) with a designated maturity of six months or (B) if the Designated Maturity is one year or less, to GBP-LIBOR-BBA with a designated maturity of three months;
- (iii) where the Reference Currency is United States dollars, the mid-market semi-annual swap rate determined on the basis of the mean of the bid and offered rates for the semi-annual fixed leg, calculated on a 30/360 day count basis, of a fixed-for-floating United States dollar interest rate swap transaction with a term equal to the Designated Maturity commencing on the first day of the relevant Interest Accrual Period and in a Representative Amount with an acknowledged dealer of good credit in the swap market, where the floating leg, calculated on an Actual/360 day count basis, is equivalent to USD-LIBOR-BBA (as defined in the ISDA Definitions) with a designated maturity of three months; and
- (iv) where the Reference Currency is any other currency of if the Final Terms specify otherwise, the mid-market swap rate as determined in accordance with the applicable Final Terms.

“Representative Amount” means an amount that is representative for a single transaction in the relevant market at the relevant time, as determined by the Calculation Agent.

- (j) Where Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined and the Reference Rate in respect of the Floating Rate Notes is specified as being the TEC10, the Rate of Interest for each Interest Accrual Period will be, subject as provided below, determined by the Calculation Agent by reference to the following formula: TEC10 + Margin.

“TEC10” means the offered quotation (expressed as a percentage rate per annum) for the EUR-TEC10-CNO³, calculated by the *Comité de Normalisation Obligataire* (“CNO”), which appears on the Relevant Screen Page, being the caption “TEC10” on the Reuters Screen BDFCNOTE Page or BDFCNOTECDERIV Page or any successor or alternative page, as at 11.30 a.m. Paris time on the Interest Determination Date in question.

³ All potential users of the EUR-TEC10-CNO must first enter into a trademark licence agreement available from the CNO.

If, on any Interest Determination Date, TEC10 does not appear on Reuters Screen BDFCNOTEC Page or BDFCNOTECDERIV Page or any successor or alternative page, (i) it shall be determined by the Calculation Agent on the basis of the mid-market prices for each of the two reference OAT (*Obligation Assimilable du Trésor*) which would have been used by the *Comité de Normalisation Obligataire* for the calculation of the relevant rate, quoted in each case by five *Spécialistes en Valeurs du Trésor* at approximately 11:30 a.m. Paris time on the Interest Determination Date in question; (ii) the Calculation Agent will request each *Spécialiste en Valeurs du Trésor* to provide a quotation of its price; and (iii) TEC10 will be the redemption yield of the arithmetic mean of such prices as determined by the Calculation Agent after discarding the highest and lowest of such quotations. The above-mentioned redemption yield shall be determined by the Calculation Agent in accordance with the formula that would have been used by the *Comité de Normalisation Obligataire* for the determination of the relevant rate.

For information purposes only, the EUR-TEC10-CNO, established in April 1996, is the percentage yield (rounded to the nearest second decimal point, 0.005 per cent. being rounded upwards) of a notional 10-year French Treasury Bond (Obligation Assimilable du Trésor, "OAT") corresponding to the linear interpolation between the yield to maturity of the two actual OATs (the "Reference OATs") whose periods to maturity are closest in duration to the notional 10-year OAT, one Reference OAT's duration being of less than 10 years and the other Reference OAT's duration being greater than 10 years.

In these Conditions, Deutsche Bank, AG London Branch will not be calculation agent for the purposes of selecting any reference banks or obtaining quotations from such reference banks.

(D) Benchmark discontinuation

If a Benchmark Event occurs in relation to an Original Reference Rate (other than €STR, SARON, SOFR Benchmark, SONIA and TONA) when any Rate of Interest (or any component part thereof) remains to be determined by reference to such Original Reference Rate, then the following provisions shall apply and shall prevail over other fallbacks specified in Condition 5(c)(iii)(C). For the avoidance of doubt, the following provisions shall not apply and shall not prevail over other fallbacks specified in Conditions 5(c)(iii)(A) and 5(c)(iii)(B).

(a) Independent Adviser

The Issuer shall use its reasonable endeavours to appoint an Independent Adviser, as soon as reasonably practicable, to determine a Successor Rate, failing which an Alternative Rate (in accordance with Condition 5(c)(iii)(D)(b)) and, in either case, an Adjustment Spread if any (in accordance with Condition 5(c)(iii)(D)(c)) and any Benchmark Amendments (in accordance with Condition 5(c)(iii)(D)(d)) and notify the above to the Paying Agent, Calculation Agent, Fiscal Agent as soon as possible and, to the extent reasonably practicable due to the availability of the necessary information on the market, no later than ten (10) Business Days prior to the relevant Interest Determination Date relating to the next succeeding Interest Period. In making such determination, the Independent Adviser appointed pursuant to this Condition 5(c)(iii)(D) shall act in good faith in a commercially reasonable manner as an expert. In the absence of bad faith, manifest error or fraud, the Independent Adviser shall have no liability whatsoever to the Issuer, the Paying Agents, the

Noteholders or the Couponholders for any determination made by it, pursuant to this Condition 5(c)(iii)(D).

If (i) the Issuer is unable to appoint an Independent Adviser; or (ii) the Independent Adviser appointed by it fails to determine a Successor Rate or, failing which, an Alternative Rate in accordance with this Condition 5(c)(iii)(D)(a) prior to the relevant Interest Determination Date, the Rate of Interest applicable to the next succeeding Interest Period shall be equal to the Rate of Interest last determined in relation to the Notes in respect of the immediately preceding Interest Period. If there has not been a first Interest Payment Date, the Rate of Interest shall be the initial Rate of Interest. Where a different Margin or Maximum or Minimum Rate of Interest is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin or Maximum or Minimum Rate of Interest relating to the relevant Interest Period shall be substituted in place of the Margin or Maximum or Minimum Rate of Interest relating to that last preceding Interest Period. For the avoidance of doubt, this Condition 5(c)(iii)(D)(a) shall apply to the relevant next succeeding Interest Period only and any subsequent Interest Periods are subject to the subsequent operation of, and to adjustment as provided in, this Condition 5(c)(iii)(D)(a).

(b) Successor Rate or Alternative Rate

If the Independent Adviser, determines that:

- (i) there is a Successor Rate, then such Successor Rate shall (subject to adjustment as provided in Condition 5(c)(iii)(D)(c)) subsequently be used in place of the Original Reference Rate to determine the Rate of Interest (or the relevant component part thereof) for all future payments of interest on the Notes (subject to the operation of this Condition 5(c)(iii)(D)); or
- (ii) there is no Successor Rate but that there is an Alternative Rate, then such Alternative Rate shall (subject to adjustment as provided in Condition 5(c)(iii)(D)(c)) subsequently be used in place of the Original Reference Rate to determine the Rate of Interest (or the relevant component part thereof) for all future payments of interest on the Notes (subject to the operation of this Condition 5(c)(iii)(D)).

(c) Adjustment Spread

If the Independent Adviser, determines (i) that an Adjustment Spread is required to be applied to the Successor Rate or the Alternative Rate (as the case may be) and (ii) the quantum of, or a formula or methodology for determining, such Adjustment Spread, then such Adjustment Spread shall be applied to the Successor Rate or the Alternative Rate (as the case may be).

(d) Benchmark Amendments

If any Successor Rate, Alternative Rate and, in either case, the applicable Adjustment Spread is determined in accordance with this Condition 5(c)(iii)(D) and the Independent Adviser, determines (i) that amendments to these Conditions are necessary to ensure the proper operation of such Successor Rate or Alternative Rate and/or (in either case) the applicable Adjustment Spread (such amendments, the “**Benchmark Amendments**”) and (ii) the terms of the Benchmark Amendments, then the Issuer shall, subject to giving notice thereof in accordance with Condition 5(c)(iii)(D)(e), without any requirement for the consent or approval

of Noteholders, vary these Conditions to give effect to such Benchmark Amendments with effect from the date specified in such notice.

For the avoidance of doubt, and in connection with any such variation in accordance with this Condition 5(c)(iii)(D)(d), the Issuer shall comply with the rules of any stock exchange on which the Notes are for the time being admitted to trading.

(e) Notices

The occurrence of a Benchmark Event shall be determined by the Issuer and promptly notified to the Fiscal Agent, the Calculation Agent and the Paying Agents. For the avoidance of doubt, neither the Fiscal Agent, the Calculation Agent nor the Paying Agents shall have any responsibility for making such determination.

Any Successor Rate, Alternative Rate, Adjustment Spread and the specific terms of any Benchmark Amendments, determined under this Condition 5(c)(iii)(D) will be notified as soon as possible and, to the extent reasonably practicable due to the availability of the necessary information on the market, no later than ten (10) Business Days prior to the relevant Interest Determination Date relating to the next succeeding Interest Period by the Issuer, after receiving such information from the Independent Adviser, to the Fiscal Agent, the Calculation Agent, the Paying Agents, the Representative of the Masse and, in accordance with Condition 13, the Noteholders. Such notice shall be irrevocable and shall specify the effective date of the Benchmark Amendments, if any.

The Issuer shall deliver to the Fiscal Agent a certificate signed by an authorised signatory of the Issuer and the Independent Adviser:

- (i) confirming, on the basis of the determination of the Independent Adviser (i) that a Benchmark Event has occurred, (ii) the Successor Rate or, as the case may be, the Alternative Rate and, (iii) where applicable, any Adjustment Spread and (iv) the specific terms of the Benchmark Amendments (if any), in each case as determined by the Independent Adviser in accordance with the provisions of this Condition 5(c)(iii)(D); and
- (ii) certifying that the Independent Adviser has confirmed Benchmark Amendments (if any) are necessary to ensure the proper operation of such Successor Rate or Alternative Rate and (in either case) the applicable Adjustment Spread.

Each of the Fiscal Agent, the Calculation Agent and the Paying Agents shall be entitled to rely on such certificate (without liability to any person) as sufficient evidence thereof. The Successor Rate or Alternative Rate and the Adjustment Spread (if any) and the Benchmark Amendments (if any) specified in such certificate will (in the absence of manifest error or bad faith in the determination of the Successor Rate or Alternative Rate and the Adjustment Spread (if any) and the Benchmark Amendments (if any) and without prejudice to the Fiscal Agent's, the Calculation Agent's or the Paying Agent's ability to rely on such certificate as aforesaid) be binding on the Issuer, the Fiscal Agent, the Calculation Agent, the Paying Agent and the Noteholders.

(f) Survival of Original Reference Rate

Without prejudice to the obligations of the Issuer under Condition 5(c)(iii)(D) (a), (b), (c) and (d), the Original Reference Rate and the fallback provisions provided

for in Condition 5(c)(iii)(C) will continue to apply unless and until a Benchmark Event has occurred.

(iv) *Rate of Interest for Inflation Linked Notes:*

Where the applicable Final Terms specify Inflation Linked Notes as applicable (“**Inflation Linked Notes**”) the Rate of Interest shall (i) if Inflation Linked Notes – Fixed Interest is applicable, be calculated in accordance with Condition 5(b) (*Interest on Fixed Rate Notes*), or (ii) if Inflation Linked Notes – Inflation Interest is applicable, be calculated in accordance with this Condition 5(c)(iv)

(A) Consumer Price Index (CPI)

Where the consumer price index (excluding tobacco) for all households in France, as calculated and published by the *Institut National de la Statistique et des Etudes Economiques* (the “**INSEE**”) (“**CPI**”) is specified as the Index in the relevant Final Terms, this Condition 5(c)(iv)(A) shall apply. Terms defined herein shall have the meanings set out below only when this Condition 5(c)(iv)(A) shall apply.

The Rate of Interest in respect of Inflation Linked Notes indexed to the CPI (the “**CPI Linked Interest**”) will be determined by the Calculation Agent on the following basis:

- (a) On the fifth Business Day before each Interest Payment Date (an “**Interest Determination Date**”) the Calculation Agent will calculate the Inflation Index Ratio.

For the purpose of this Condition 5(c)(iv)(A), the “**Inflation Index Ratio**” or “**IIR**” is the ratio between (i) the CPI Daily Inflation Reference Index (as defined below) applicable on any Interest Payment Date, as the case may be and (ii) the base reference defined as the CPI Daily Inflation Reference Index (as defined below) applicable on the date specified in the applicable Final Terms (the “**Base Reference**”). Notwithstanding Condition 5(i)(iii) (*Margin, Maximum/Minimum Rates of Interest/Final Redemption Amount/Optional Redemption Amounts and Rounding*), the IIR will be rounded if necessary to five significant figures (with halves being rounded up).

“**CPI Daily Inflation Reference Index**” means (i) in relation to the first day of any given calendar month, the CPI Monthly Reference Index of the third month preceding such month, and (ii) in relation to a day D (other than the first day) in any given calendar month (“**M**”), the linear interpolation of the CPI Monthly Reference Index pertaining respectively to the third calendar month preceding such month (“**M – 3**”) and the second calendar month preceding such month (“**M – 2**”) calculated in accordance with the following formula:

CPI Daily Inflation Reference Index=

$$\text{CPI Monthly Reference Index}_{M-3} + \frac{D-1}{ND_M} \times (\text{CPI Monthly Reference Index}_{M-2} - \text{CPI Monthly Reference Index}_{M-3})$$

With:

“**ND_M**”: number of days in the relevant month M and, in the case of payment of principal or interest, shall be equal to 31;

“**D**”: actual day of payment in the relevant month M and, in the case of payment of principal or interest, shall be equal to 25;

“**CPI Monthly Reference Index_{M-2}**”: the level of the CPI Monthly Reference Index published in relation to month M - 2;

“**CPI Monthly Reference Index_{M-3}**”: the level of the CPI Monthly Reference Index published in relation to month M - 3.

Notwithstanding Condition 5(i)(iii) (*Margin, Maximum/Minimum Rates of Interest/Final Redemption Amount/Optional Redemption Amounts and Rounding*), the CPI Daily Inflation Reference Index will be rounded if necessary to five significant figures (with halves being rounded up).

For information purposes, such CPI Daily Inflation Reference Index appears on the Agence France Trésor Reuters page OATINFLATION01 or on Bloomberg TRESOR <GO> pages and on the website <https://www.aft.gouv.fr>. In the case of doubt in the interpretation of the methods used to calculate the Inflation Index Ratio, such methods shall be interpreted by reference to the procedures selected by the French Treasury (Trésor) for its obligations assimilables du Trésor indexées sur l'inflation.

“**CPI Monthly Reference Index**” means the definitive consumer price index excluding tobacco for all households in France, as calculated and published monthly by the INSEE as such index may be adjusted or replaced from time to time as provided herein.

- (b) The calculation method described below is based on the recommendation issued by the French Bond Association (*Comité de Normalisation Obligataire* – <https://www.cnofrance.org>) in its July 2011 Paper entitled “Inflation – linked bonds). In the case of any conflict between the calculation method provided below and the calculation method provided by the French Bond Association (*Comité de Normalisation Obligataire*), the calculation method provided by the French Bond Association (*Comité de Normalisation Obligataire*) shall prevail.

The CPI Linked Interest applicable from time to time for each Interest Accrual Period (as specified in the relevant Final Terms) will be equal to the fixed rate *per annum* specified in the relevant Final Terms multiplied by the Inflation Index Ratio (as defined above).

- (c)
- (1) If the CPI Monthly Reference Index is not published in a timely manner, a substitute CPI Monthly Reference Index (the “**Substitute CPI Monthly Reference Index**”) shall be determined by the Calculation Agent in accordance with the following provisions:

- (x) If a provisional CPI Monthly Reference Index (*indice provisoire*) has already been published, such index shall automatically be used as the Substitute CPI Monthly Reference Index. Such provisional CPI Monthly Reference Index would be published under the heading "*indice de substitution*". Once the definitive CPI Monthly Reference Index is released, it would automatically apply from the day following its release to all calculations taking place from this date.
- (y) If no provisional CPI Monthly Reference Index is available, a substitute index shall be calculated on the basis of the most recently published figure adjusted as set out in the following formula:

Substitute CPI Monthly Reference Index_M=

$$\text{CPI Monthly Reference Index}_{M-1} \times \frac{\text{CPI Monthly Reference Index}_{M-1}}{\text{CPI Monthly Reference Index}_{M-13}} \times \frac{1}{12}$$

- (2) In the event INSEE decides to proceed with one or more base changes for the purpose of calculating the CPI Monthly Reference Index, the two CPI Monthly Reference Indexes which have been calculated on a different basis will be chained on the basis of the December CPI Monthly Reference Index of the last year of joint publications, which corresponds to the CPI Daily Inflation Reference Index for 1st March of the following year. Such chaining will be carried out in accordance with the following equation:

$$\text{Key} = \frac{\text{CPI Monthly Reference Index}_{\text{pertaining to December calculated on the new basis}}}{\text{CPI Monthly Reference Index}_{\text{pertaining to December calculated on the previous basis}}}$$

Such that:

$$\text{CPI Monthly Reference Index}_{\text{Date D New Basis}} = \text{CPI Monthly Reference Index}_{\text{Date D Previous Basis}} \times \text{Key}$$

(B) Harmonised Index of Consumer Prices (HICP)

Where the harmonised index of consumer prices (excluding tobacco) measuring the rate of inflation in the European Monetary Union as calculated and published monthly by Eurostat (the "**HICP**") is specified as the Index in the relevant Final Terms, this Condition 5(c)(iv)(B) shall apply. Terms defined

herein shall have the meanings set out below only when this Condition 5(c)(iv)(B) shall apply.

The Rate of Interest in respect of Inflation Linked Notes indexed to the HICP (the “**HICP Linked Interest**”) will be determined by the Calculation Agent on the following basis:

- (a) On the fifth Business Day before each Interest Payment Date (an “**Interest Determination Date**”) the Calculation Agent will calculate the Inflation Index Ratio.

For the purpose of this Condition 5(c)(iv)(B), the “**Inflation Index Ratio**” or “**IIR**” is the ratio between (i) the HICP Daily Inflation Reference Index (as defined below) applicable on any Interest Payment Date or the redemption date, as the case may be and (ii) the base reference defined as the HICP Daily Inflation Reference Index (as defined below) applicable on the date specified in the applicable Final Terms (the “**Base Reference**”). Notwithstanding Condition 5(i)(iii) (*Margin, Maximum/Minimum Rates of Interest/Final Redemption Amount/Optional Redemption Amounts and Rounding*), the IIR will be rounded if necessary to five significant figures (with halves being rounded up).

“**HICP Daily Inflation Reference Index**” means (i) in relation to the first day of any given calendar month, the HICP Monthly Reference Index of the third calendar month preceding such month, and (ii) in relation to a day D (other than the first day) in any given month (“M”), the linear interpolation of the HICP Monthly Reference Index pertaining respectively to the third calendar month preceding such month (“M – 3”) and the second calendar month preceding such month (“M – 2”) calculated in accordance with the following formula:

HICP Daily Inflation Reference Index =

$$\text{HICP Monthly Reference Index}_{M-3} + \frac{D-1}{ND} \times (\text{HICP Monthly Reference Index}_{M-2} - \text{HICP Monthly Reference Index}_{M-3})$$

With:

“**ND_M**”: number of days in the relevant month M and, in the case of payment of principal or interest, shall be equal to 31;

“**D**”: actual day of payment in the relevant month M and, in the case of payment of principal or interest, shall be equal to 25;

“**HICP Monthly Reference Index_{M-2}**”: the level of the HICP Monthly Reference Index published in relation to month M - 2;

“**HICP Monthly Reference Index_{M-3}**”: the level of the HICP Monthly Reference Index published in relation to month M - 3.

Notwithstanding Condition 5(i)(iii) (*Margin, Maximum/Minimum Rates of Interest/Final Redemption Amount/Optional Redemption Amounts and Rounding*), the HICP Daily Inflation Reference

Index will be rounded if necessary to five significant figures (with halves being rounded up).

For information purposes, such HICP Daily Inflation Reference Index appears on the Agence France Trésor Reuters page OATEI01, on the website <https://www.aft.gouv.fr> and on Bloomberg page TRESOR.

“**HICP Monthly Reference Index**” means to the harmonised index of consumer prices excluding tobacco measuring the rate of inflation in the European Monetary Union excluding tobacco as calculated and published by Eurostat as such index may be adjusted or replaced from time to time as provided herein. The first publication or announcement of a level of such index for a given month shall be final and conclusive and later revisions to the level for such month will not be used in any calculations.

- (b) The HICP Linked Interest applicable from time to time for each Interest Accrual Period (as specified in the relevant Final Terms) will be equal to the fixed rate *per annum* specified in the relevant Final Terms multiplied by the Inflation Index Ratio (as defined above).

(c)

- (1) If the HICP Monthly Reference Index is not published in a timely manner, a substitute HICP Monthly Reference Index (the “**Substitute HICP Monthly Reference Index**”) shall be determined by the Calculation Agent in accordance with the following provisions:

- (x) If a provisional HICP Monthly Reference Index has already been published by Eurostat, such index shall automatically be used as the Substitute HICP Monthly Reference Index. Once the definitive HICP Monthly Reference Index is released, it would automatically apply from the day following its release to all calculations taking place from this date.

- (y) If no provisional HICP Monthly Reference Index is available, a substitute index shall be calculated on the basis of the most recently published figure adjusted as set out in the following formula:

Substitute HICP Monthly Reference Index_M =

$$\text{HICP Monthly Reference Index}_{M-1} \times \frac{\text{HICP Monthly Reference Index}_{M-1}^{\frac{1}{12}}}{\text{HICP Monthly Reference Index}_{M-1}^{\frac{1}{13}}}$$

- (2) In the event Eurostat decides to proceed with one or more base changes for the purpose of calculating the HICP Monthly

Reference Index, the two HICP Monthly Reference Indexes which have been calculated on a different basis will be chained on the basis of the December HICP Monthly Reference Index of the last year of joint publications, which corresponds to the HICP Daily Inflation Reference Index for 1st March of the following year. Such chaining will be carried out in accordance with the following equation:

$$\text{Key} = \frac{\text{HICP Monthly Reference Index}_{\text{pertaining to December calculated on the new basis}}}{\text{HICP Monthly Reference Index}_{\text{pertaining to December calculated on the previous basis}}}$$

Such that:

$$\text{HICP Monthly Reference Index}_{\text{Date D New Basis}} = \text{HICP Monthly Reference Index}_{\text{Date D Previous Basis}} \times \text{Key}$$

- (iii) if ‘Variable Zero Coupon Redemption’ is specified in the relevant Final Terms, the Optional Redemption Amount determined in accordance with Condition 6(b) (*Variable Zero Coupon Redemption*),
- (iv) if ‘Inflation Linked Notes – Inflation Redemption’ is specified in the relevant Final Terms, the Optional Redemption Amount determined in accordance with Condition 6(g)(ii) (*Inflation Linked Notes*),

subject in any case, to any maximum or minimum specified in the relevant Final Terms as provided in Condition 5(i) (*Margin, Maximum/Minimum Rates of Interest/Final Redemption Amount/Optional Redemption Amounts and Rounding*).

All Notes in respect of which any such notice is given shall be redeemed on the date specified in such notice in accordance with this Condition.

In the case of a partial redemption of Materialised Notes, the notice to holders of such Materialised Notes shall also contain the numbers of the Definitive Materialised Notes to be redeemed which shall have been drawn in such place and in such manner as may be fair and reasonable in the circumstances, taking account of prevailing market practices, subject to compliance with any applicable laws and stock exchange requirements of the Regulated Market on which the Notes are admitted to trading.

In the case of a partial redemption of Dematerialised Notes, the redemption may be effected, at the option of the Issuer, by reducing the nominal amount of all such Dematerialised Notes in a Series in proportion to the aggregate nominal amount redeemed, subject to compliance with any other applicable laws and stock exchange requirements of the Regulated Market on which the Notes are admitted to trading.

So long as the Notes are admitted to trading on Euronext Paris and the rules applicable to that Stock Exchange so require, the Issuer shall, once in each year in which there has been a partial redemption of the Notes, cause to be published in accordance with Condition 13 (*Notices*), a notice specifying the aggregate nominal amount of Notes outstanding and, in the case of Materialised Notes a list of any Materialised Notes, drawn for redemption but not surrendered.

For the avoidance of doubt, a Call Option shall not apply in relation to Resettable Zero Coupon Notes.

- (f) **Redemption at the Option of Noteholders and Exercise of Noteholders’ Options:** If Put Option is specified in the relevant Final Terms (a “**Put Option**”), the Issuer shall, at the option of any

Noteholder, upon the Noteholder giving not less than 15 nor more than 30 days' notice to the Issuer (or such other notice period as may be specified in the relevant Final Terms) (the “**Notice Period**”) redeem all or, if so provided in the Put Option Notice, some of the Notes on any Optional Redemption Date(s) at their Optional Redemption Amounts (as defined in Condition 6(e) (*Redemption at the Option of the Issuer and Partial Redemption*))) together with interest accrued to the date fixed for redemption.

To exercise such option the holder must deposit with the Paris Paying Agent at its specified office, and whichever of Euroclear, Clearstream, or, in the case of Notes held through Euroclear France, the relevant Account Holder who holds the Notes in respect of which the Put Option is being exercised, with a copy to the Fiscal Agent, a duly completed option exercise notice (“**Put Option Notice**”) in the form obtainable from any Paying Agent within the Notice Period. In the case of Materialised Notes, the Put Option Notice shall have attached to it the relevant Notes (together with all unmatured Coupons and unexchanged Talons). In the case of Dematerialised Notes, the Noteholder shall transfer, or cause to be transferred, the Dematerialised Notes to be redeemed to the account of the Fiscal Agent or the Paying Agent with a specified office in Paris as specified in the Put Option Notice. No option so exercised and, where applicable, no Note so deposited or transferred, may be withdrawn without the prior consent of the Issuer.

For the avoidance of doubt, a Put Option shall not apply in relation to Resettable Zero Coupon Notes.

(g) **Optional Redemption:**

(i) **Zero Coupon Notes:**

- (A) The Optional Redemption Amount payable in respect of any Zero Coupon Note (other than a Resettable Zero Coupon Note and a Zero Coupon Note in respect of which Variable Zero Coupon Redemption is specified to apply in the relevant Final Terms) shall be the Amortised Nominal Amount (calculated as provided below) of such Note.
- (B) Subject to the provisions of sub-paragraph (C) below, the “**Amortised Nominal Amount**” of any such Note shall be the scheduled Final Redemption Amount of such Note on the Maturity Date (or the Extended Maturity Date, if any) discounted back to the due date for payment at a rate per annum (expressed as a percentage) equal to the Amortisation Yield (which shall be such rate as would produce an Amortised Nominal Amount equal to the issue price of the Notes if they were discounted back to their issue price on the Issue Date) compounded annually.
- (C) If the Optional Redemption Amount payable in respect of any such Note is not paid when due, the Optional Redemption Amount due and payable in respect of such Note shall be the Amortised Nominal Amount of such Note as defined in sub-paragraph (B) above, except that such sub-paragraph shall have effect as though the reference therein to the “due date for payment” was replaced by a reference to the Relevant Date. The calculation of the Amortised Nominal Amount in accordance with this sub-paragraph shall continue to be made (both before and after judgment) until the Relevant Date, unless the Relevant Date falls on or after the Maturity Date (or the Extended Maturity Date, if any), in which case the amount due and payable shall be the scheduled Final Redemption Amount of such Note on the Maturity Date (or the Extended Maturity Date, if any) together with any interest that may accrue in accordance with Condition 5(e) (*Zero Coupon Notes*).

Where such calculation is to be made for a period of less than one year, it shall be made on the basis of the Day Count Fraction as provided in the relevant Final Terms.

(ii) **Inflation Linked Notes:**

- (A) If the relevant Final Terms provides that Condition 6(g)(ii) (*Inflation Linked Notes*) shall apply in respect of Inflation Linked Notes, the Optional Redemption Amount of such Notes in respect of such Notes, as the case may be, will be determined by the Calculation Agent on the following basis:

“Optional Redemption Amount” = IIR x nominal amount of the Notes

For the purpose of this Condition only, “**IIR**” means the ratio determined on the fifth Business Day before the date set for redemption between (i) if the CPI is specified as the Index applicable in the Final Terms, the CPI Daily Inflation Reference Index (as defined in Condition 5(c)(iv)(A) (*Consumer Price Index (CPI)*)) on the date set for redemption and the Base Reference specified in the relevant Final Terms or (ii) if the HICP is specified as the Index applicable in the Final Terms, the HICP Daily Inflation Reference Index (as defined in Condition 5(c)(iv)(B) (*Harmonised Index of Consumer Prices (HICP)*)) on the date set for redemption and the Base Reference specified in the relevant Final Terms.

If the Optional Redemption Amount calculated as set out above is below par, the Notes will be redeemed at par.

- (B) If the Inflation Linked Notes (whether or not Condition 6(g)(ii) (*Inflation Linked Notes*) applies) fall to be redeemed for whatever reason before the Maturity Date (or the Extended Maturity Date, if any), the Issuer will pay the Optional Redemption Amount together with interest accrued to the date set for redemption. Such accrued interest will be calculated by the Calculation Agent in respect of the period from, and including the immediately preceding Interest Payment Date or, as the case may be, the Interest Commencement Date to, but excluding, the date set for redemption of such Notes at a rate per annum on the basis of the provisions of Condition 5(c)(iv) (*Rate of Interest for Inflation Linked Notes*) above except that, for such purposes the relevant Interest Determination Date shall be the fifth Business Day prior to the relevant Optional Redemption Date.

- (h) **No Redemption for Taxation Reasons:** If French law should require that payments of principal or interest in respect of any Note be subject to deduction or withholding in respect of any present or future taxes or duties whatsoever, such Notes may not be redeemed early.
- (i) **Purchases:** The Issuer shall have the right at all times to purchase Notes (provided that, in the case of Materialised Notes, all unmatured Coupons and unexchanged Talons relating thereto are attached thereto or surrendered therewith) in the open market or otherwise at any price, in accordance with applicable laws and regulations. Unless the possibility of holding and reselling is expressly excluded in the Final Terms, all Notes so purchased by the Issuer may be held and resold in accordance with applicable French laws and regulations.
- (j) **Cancellation:** All Notes purchased for cancellation by or on behalf of the Issuer will forthwith be cancelled, in the case of Dematerialised Notes, by transfer to an account in accordance with the rules and procedures of Euroclear France and, in the case of Materialised Notes, by surrendering the Definitive Materialised Notes in question together with all unmatured Coupons and all unexchanged Talons to the Fiscal Agent and, in each case, if so transferred or surrendered, shall, together with all Notes redeemed by the Issuer, be cancelled forthwith (together with, in the case of Dematerialised Notes, all rights relating to payment of interest and other amounts relating to such Dematerialised Notes and, in the case of Materialised Notes, all unmatured Coupons and unexchanged Talons attached thereto or surrendered therewith). Any Notes so cancelled or, where applicable, transferred

or surrendered for cancellation may not be reissued or resold and the obligations of the Issuer in respect of any such Notes shall be discharged.

- (k) **Subscription and use as collateral:** Notwithstanding this Condition 6 (*Redemption, Purchase and Options*), the Issuer may, pursuant to Article L.513-26 of the French *Code monétaire et financier*, subscribe its own Notes for the sole purpose of pledging them as collateral for the credit operations of the *Banque de France* in accordance with the procedures and conditions laid out by it for its monetary policy and intraday credit operations, in instances where the Issuer is unable to meet its cash-flow needs with other means available to it.
- (l) **Benchmark Rate:** Each Benchmark Rate Level shall be determined in the manner specified in the relevant Final Terms and the provisions below relating to either ISDA Determination or Screen Rate Determination shall apply, depending upon which is specified to apply in the relevant Final Terms.

(A) ISDA Determination

Where ISDA Determination is specified in the relevant Final Terms as the manner in which the Benchmark Rate Level is to be determined in respect of a Benchmark Rate on any Observation Date, such Benchmark Rate shall be the rate determined by the Calculation Agent as a rate equal to the relevant ISDA Rate. For the purposes of this Condition 6(l)(A) (*ISDA Determination*), “**ISDA Rate**” means a rate equal to the Floating Rate that would be determined by the Calculation Agent under a Swap Transaction under the terms of an agreement incorporating the ISDA Definitions and under which:

- (a) the Floating Rate Option is as specified in the relevant Final Terms
- (b) the Designated Maturity is a period specified in the relevant Final Terms and
- (c) the relevant Reset Date is the first day of that Interest Accrual Period or such other date as specified in the relevant Final Terms.

If the specified ISDA Rate is not available, the applicable interest rate will be determined according to the fallback rules of the relevant Floating Rate Options under the ISDA Definitions. In such circumstances, the “Fallback Observation Day” (as used under the ISDA Definitions) shall mean “the date which is 5 Business Days preceding the related Payment Date”. Notwithstanding anything to the contrary under the ISDA Definitions, the Calculation Agent will have no obligation to exercise any discretion (including in determining the fallback rate), and to the extent the ISDA Definitions require the Calculation Agent to exercise any such discretion, the Issuer will provide written direction to the Calculation Agent specifying how such discretion should be exercised, and the Calculation Agent will be entitled to conclusively rely on that direction and will be fully protected if it acts in accordance therewith.

For the purposes of this Condition 6(l)(A) (*ISDA Determination*), “**Floating Rate**”, “**Calculation Agent**”, “**Floating Rate Option**”, “**Designated Maturity**”, “**Reset Date**” and “**Swap Transaction**” have the meanings given to those terms in the ISDA Definitions.

(B) Screen Rate Determination

- (a) where Screen Rate Determination is specified in the relevant Final Terms as the manner in which the Benchmark Rate Level is to be determined in respect of a Benchmark Rate on any date of determination, such Benchmark Rate shall, subject as provided below, be either:
 - (i) the offered quotation; or
 - (ii) the arithmetic mean (rounded if necessary in accordance with Condition 5(i) (*Margin, Maximum/Minimum Rates of Interest/Final Redemption*

Amount/Optional Redemption Amounts and Rounding)) of the offered quotations,

(expressed as a percentage rate per annum) for the Benchmark Rate which appears or appear, as the case may be, on the Relevant Screen Page at the Relevant Screen Page Time on the relevant date in question as determined by the Calculation Agent. If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Calculation Agent for the purpose of determining the arithmetic mean of such offered quotations;

- (b) if the Relevant Screen Page is not available or, if sub-paragraph (a)(i) applies and no such offered quotation appears on the Relevant Screen Page or, if sub-paragraph (a)(ii) applies and fewer than three such offered quotations appear on the Relevant Screen Page, in each case as at the time specified above, subject as provided below, the Calculation Agent shall request each of the Reference Banks to provide the Calculation Agent with its offered quotation (expressed as a percentage rate per annum) for the Benchmark Rate at the Relevant Screen Page Time on the relevant date in question. If two or more of the Reference Banks provide the Calculation Agent with such offered quotations, the Benchmark Rate Level for the relevant date shall be the arithmetic mean of such offered quotations as determined by the Calculation Agent; and
- (c) if on any Observation Date one only or none of the Reference Banks are providing offered quotations, subject as provided below, the Benchmark Rate Level shall be the arithmetic mean of the rates per annum (expressed as a percentage) as requested by the Issuer and communicated to the Calculation Agent by the Reference Banks or any two or more of them, at the Relevant Screen Page Time, deposits in the Specified Currency for a period equal to that which would have been used for the Benchmark Rate by leading banks in the Relevant Inter-Bank Market, or, if fewer than two of the Reference Banks provide the Calculation Agent with such offered rates, the offered rate for deposits in the Specified Currency for a period equal to that which would have been used for the Benchmark Rate, or the arithmetic mean of the offered rates for deposits in the Specified Currency for a period equal to that which would have been used for the Benchmark Rate, at which, at the Relevant Screen Page Time, on the relevant date, any one or more banks (which bank or banks is or are in the opinion of the Issuer suitable for such purpose) informs the Calculation Agent it is quoting to leading banks in the Relevant Inter-Bank Market, provided that, if the Benchmark Rate Level cannot be determined in accordance with the foregoing provisions of this paragraph, the Benchmark Rate Level shall be determined as at the last preceding date of determination.

Where:

“Benchmark Rates” and **“Benchmark Rate”** means each of the rates or the rate specified as such in the relevant Final Terms;

“Benchmark Rate Level” means, in respect of a Benchmark Rate and any date of determination, the rate determined for such Benchmark Rate in accordance with this Condition in respect of such date of determination;

“ISDA Definitions” means the 2006 ISDA Definitions, as amended and supplemented and published by the International Swaps and Derivatives Association, Inc. (or as otherwise specified in the relevant Final Terms);

“**Observation Date**” means each date specified as an Observation Date in the relevant Final Terms or otherwise deemed to be an Observation Date in accordance with the Terms and Conditions;

“**Reference Banks**” means, (i) in the case of a determination of EURIBOR, the principal Euro-zone office of four (4) major banks in the Euro-zone inter-bank market; and (ii) in the case of a determination of any other Benchmark Rate, the principal office of four (4) major banks in the manner specified in the relevant Final Terms, in each case selected by the Issuer or as specified in the relevant Final Terms;

“**Relevant Inter-Bank Market**” means the EURO-zone inter-bank market in the case of EURIBOR or such other inter-bank market specified as such in the relevant Final Terms;

“**Relevant Screen Page**” means the screen page specified as such in the relevant Final Terms;

“**Relevant Screen Page Time**” means 11:00 a.m. (Brussels time in the case of EURIBOR) or such other time specified as such in the relevant Final Terms; and

“**Specified Currency**” means the currency specified as such in the relevant Final Terms.

7 Payments and Talons

- (a) **Dematerialised Notes:** Payments of principal and interest in respect of Dematerialised Notes shall (in the case of Dematerialised Notes in bearer dematerialised form or administered registered dematerialised form) be made by transfer to the account denominated in the relevant currency of the relevant Account Holders for the benefit of the holders of Notes and, (in the case of Dematerialised Notes in fully registered dematerialised form), to an account denominated in the relevant currency with a Bank designated by the relevant holder of Notes. All payments validly made to such Account Holders will be an effective discharge of the Issuer in respect of such payments.
- (b) **Materialised Notes:** Payments of principal and interest in respect of Materialised Notes shall, subject as mentioned below, be made against presentation and surrender of the relevant Materialised Notes (in the case of all other payments of principal and, in the case of interest, as specified in Condition 7(f)(v) (*Unmatured Coupons and unexchanged Talons*) or Coupons (in the case of interest, save as specified in Condition 7(f)(v) (*Unmatured Coupons and unexchanged Talons*), as the case may be, at the specified office of any Paying Agent outside the United States by a cheque payable in the relevant currency drawn on, or, at the option of the holder, by transfer to an account denominated in such currency with a Bank.
- (c) **Payments in the United States:** Notwithstanding the foregoing, if any Materialised Notes are denominated in U.S. Dollars, payments in respect thereof may be made at the specified office of any Paying Agent in New York City in the same manner as aforesaid if (i) the Issuer shall have appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment of the amounts on the Notes in the manner provided above when due, (ii) payment in full of such amounts at all such offices is illegal or effectively precluded by exchange controls or other similar restrictions on payment or receipt of such amounts and (iii) such payment is then permitted by United States law, without involving, in the opinion of the Issuer, any adverse tax consequence to the Issuer.
- (d) **Payments Subject to Fiscal Laws:** All payments are subject in all cases to (i) any applicable fiscal or other laws, regulations and directives in any jurisdiction, but without prejudice to the provisions of Condition 8 (*Taxation*) and (ii) any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986, as amended (the “**Code**”) or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, official interpretations thereof, or law implementing an intergovernmental

approach thereto. No commission or expenses shall be charged to the Noteholders or Couponholders in respect of such payments.

- (e) **Appointment of Agents:** The Fiscal Agent, the Paying Agents, the Calculation Agent, the Redenomination Agent, the Consolidation Agent and the Registration Agent initially appointed by the Issuer and their respective specified offices are listed at the end of the Base Prospectus relating to the Programme of the Notes of the Issuer. The Fiscal Agent, the Paying Agents, the Redenomination Agent, the Consolidation Agent and the Registration Agent act solely as agents of the Issuer and the Calculation Agent(s) act(s) as independent experts(s) and, in each case such, do not assume any obligation or relationship of agency for any holder of Note or Coupon. The Issuer reserves the right at any time to vary or terminate the appointment of the Fiscal Agent, any other Paying Agent, the Redenomination Agent, the Consolidation Agent and the Registration Agent or the Calculation Agent(s) and to appoint additional or other Paying Agents, provided that the Issuer shall at all times maintain (i) a Fiscal Agent, (ii) one or more Calculation Agent(s) where the Conditions so require, (iii) a Redenomination Agent and a Consolidation Agent where the Conditions so require, (iv) Paying Agents having specified offices in at least two major European cities (including Paris so long as the Notes are admitted to trading on Euronext Paris) (v), in the case of Dematerialised Notes in fully registered form, a Registration Agent, (vi) a Paying Agent with a specified office in a European Union member State other than Austria so long as Austria will be obliged to withhold or deduct tax pursuant to provisions of the Directive 2003/48/EC as maintained by the Council Directive (EU) 2015/2060 or any other directive implementing the conclusions of the ECOFIN Council meeting of 26 and 27 November 2000 or any law implementing or complying with, or introduced in order to conform to, such directive, and (vii) such other agents as may be required by the rules applicable to any other stock exchange on which the Notes may be listed.

In addition, the Issuer shall forthwith appoint a Paying Agent in New York City in respect of any Materialised Notes denominated in U.S. Dollars in the circumstances described in paragraph (c) above.

On a redenomination of the Notes of any Series pursuant to Condition 1(d) (*Redenomination*) with a view to consolidating such Notes with one or more other Series of Notes, in accordance with Condition 12 (*Further Issues and Consolidation*), the Issuer shall ensure that the same entity shall be appointed as both Redenomination Agent and Consolidation Agent in respect of both such Notes and such other Series of Notes to be so consolidated with such Notes.

Notice of any such change or any change of any specified office shall promptly be given to the holders of Notes in accordance with Condition 13 (*Notices*).

- (f) **Unmatured Coupons and unexchanged Talons:**
- (i) Upon the due date for redemption of Materialised Notes which comprise Fixed Rate Notes should be surrendered for payment together with all unexpired Coupons (if any) relating thereto, failing which an amount equal to the face value of each missing unexpired Coupon (or, in the case of payment not being made in full, that proportion of the amount of such missing unexpired Coupon that the sum of principal so paid bears to the total principal due) shall be deducted from the Final Redemption Amount, Amortised Nominal Amount or Optional Redemption Amount, as the case may be, due for payment. Any amount so deducted shall be paid in the manner mentioned above against surrender of such missing Coupon within a period of 10 years from the Relevant Date for the payment of such principal (whether or not such Coupon has become void pursuant to Condition 9 (*Prescription*)).
- (ii) Upon the due date for redemption of any Materialised Note comprising a Floating Rate Note, unexpired Coupons relating to such Note (whether or not attached) shall become void and no payment shall be made in respect of them.

- (iii) Upon the due date for redemption of any Materialised Note, any unexchanged Talon relating to such Note (whether or not attached) shall become void and no Coupon shall be delivered in respect of such Talon.
- (iv) Where any Materialised Note that provides that the relative unmatured Coupons are to become void upon the due date for redemption of those Notes is presented for redemption without all unmatured Coupons, and where any Materialised Note is presented for redemption without any unexchanged Talon relating to it, redemption shall be made only against the provision of such indemnity as the Issuer may require.
- (v) If the due date for redemption of any Materialised Note is not a due date for payment of interest, interest accrued from the preceding due date for payment of interest or the Interest Commencement Date, as the case may be, shall only be payable against presentation (and surrender if appropriate) of the relevant definitive Materialised Note. Interest accrued on a Materialised Note that only bears interest after its Maturity Date (or the Extended Maturity Date, if any) shall be payable on redemption of such Materialised Note against presentation (and surrender if appropriate) of the relevant definitive Materialised Note.
- (g) **Talons:** On or after the Interest Payment Date for the final Coupon forming part of a Coupon sheet issued in respect of any Materialised Note, the Talon forming part of such Coupon sheet may be surrendered at the specified office of the Fiscal Agent in exchange for a further Coupon sheet (and if necessary another Talon for a further Coupon sheet) (but excluding any Coupons that may have become void pursuant to Condition 9 (*Prescription*)).
- (h) **Business Days for payment:** If any date for payment in respect of any Note or Coupon is not a business day, the holder shall not be entitled to payment until the next following business day, nor to any interest or other sum in respect of such postponed payment. In this paragraph, “**business day**” means a day (other than a Saturday or a Sunday) (A) (i) in the case of Dematerialised Notes, on which Euroclear France is open for business or (ii) in the case of Materialised Notes, on which banks and foreign exchange markets are open for business in the relevant place of presentation, (B) in such jurisdictions as shall be specified as “**Financial Centres**” in the relevant Final Terms and (C) (i) in the case of a payment in a currency other than Euro, where payment is to be made by transfer to an account maintained with a bank in the relevant currency, on which foreign exchange transactions may be carried on in the relevant currency in the principal financial centre of the country of such currency or (ii) in the case of a payment in Euro, which is a T2 Business Day.
- (i) **Bank:** For the purpose of this Condition 7 (*Payments and Talons*), “**Bank**” means a bank in the principal financial centre of the relevant currency or, in the case of Euro, in a city in which banks have access to T2.

8 Taxation

- (a) **Tax exemption:** All payments of principal, interest and other assimilated revenues by or on behalf of the Issuer in respect of the Notes or Coupons shall be made free and clear of, and without withholding or deduction for, any taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or within France or any authority therein or thereof having power to tax, unless such withholding or deduction is required by law.
- (b) **No Additional Amounts:** If French law should require that payments of principal or interest and other assimilated revenues in respect of any Note or Coupon relating thereto, be subject to deduction or withholding in respect of any present or future taxes or duties whatsoever, the Issuer will not be required to pay any additional amounts.

For the avoidance of doubt, the Issuer or any other person making payments on behalf of the Issuer shall be entitled to deduct and withhold as required, and shall not be required to pay any additional

amounts with respect to any such withholding or deduction imposed on or in respect of any Note, pursuant to Sections 1471 through 1474 of the Code (“**FATCA**”), any treaty, intergovernmental agreement, law, regulation, implementing legislation or other official guidance enacted by any jurisdiction implementing FATCA, or any agreement between the Issuer or any other person and the United States or any jurisdiction implementing FATCA.

9 Prescription

Claims against the Issuer for payment in respect of the Notes and Coupons (which for this purpose shall not include Talons) shall be prescribed and become void unless made within 10 years (in the case of principal) or 5 years (in the case of interest) from the appropriate Relevant Date in respect of them.

10 Meeting and Voting Provisions

In this Condition 10 references to:

“**Notes**” and “**Noteholders**” are only to the Notes of one or several Series in respect of which a General Meeting has been, or is to be, called, and to the Notes of one or several Series in respect of which a Written Resolution has been, or is to be sought, and to the holders of those Notes, respectively;

“**outstanding**” has the meaning ascribed to it in Condition 5(I); for the avoidance of doubt, in this Condition 10 (*Meeting and Voting Provisions*) the term “**outstanding**” shall not include those Notes subscribed or purchased by the Issuer pursuant to, respectively, Articles L.513-26 and L.213-0-1 of the French *Code monétaire et financier* that are held by it and not cancelled;

“**Resolution**” means a resolution on any of the matters described in paragraphs (a)(ii) or (b)(v) below passed (x) at a General Meeting in accordance with the quorum and voting rules described in paragraph (a)(vi) and (b)(vi) below or (y) by a Written Resolution as described in paragraph (h); and

“**Written Resolution**” means a resolution in writing signed or approved by or on behalf of the Noteholders representing not less than 80 per cent. in nominal amount of the Notes outstanding. References to a Written Resolution include, unless the context otherwise requires, a resolution approved by Electronic Consent.

(a) Contractual representation of Noteholders – No *Masse*

In respect of Notes with an initial denomination of, or which can only be traded in amounts of, at least €100,000 or its equivalent in other currencies at the time of issue, and if the relevant Final Terms specify “No *Masse*”, the following meeting and voting provisions shall apply.

(i) General

Pursuant to Article L.213-6-3 I of the French *Code monétaire et financier*, the Noteholders shall not be grouped in a *masse* having separate legal personality and acting in part through a representative of the noteholders (*représentant de la masse*) and in part through general meetings. However, the following provisions of the French *Code de commerce* relating to general meetings of noteholders shall apply:

and subject to the following provisions:

(ii) **Powers of the General Meetings**

The General Meeting may act with respect to any matter that relates to the common rights, actions and benefits which now or in the future may accrue with respect to the Notes.

The General Meeting may further deliberate on any proposal relating to the modification of the Conditions including any proposal, whether for compromise or settlement, relating to rights in controversy or which were the subject of judicial decisions, it being specified, however, that the General Meeting may not increase the liabilities (*charges*) of the Noteholders, nor establish any unequal treatment between the Noteholders, nor decide to convert Notes into shares.

Each Noteholder is entitled to bring a legal action against the Issuer for the defence of its own interests; such a legal action does not require the authorisation of the General Meeting.

(iii) **Convening of a General Meeting**

A General Meeting may be held at any time on convocation by the Issuer. One or more Noteholders, holding together at least one-thirtieth of the principal amount of the Notes outstanding, may address to the Issuer a demand for convocation of the General Meeting. If such General Meeting has not been convened within two (2) months after such demand, the Noteholders may commission one of them to petition a competent court in Paris to appoint an agent (*mandataire*) who will call the General Meeting.

Notice of any General Meeting relating to the date, hour, place, agenda and all other elements required by applicable French laws and regulations will be published as provided under Condition 13 (*Notices*) not less than 15 calendar days prior to the date of such General Meeting on first convocation, and 5 calendar days on second convocation.

(iv) **Arrangements for voting**

Each Noteholder has the right to participate in a General Meeting in person, by proxy, by correspondence or by videoconference or by any other means of telecommunication allowing the identification of participating Noteholders.

Each Note carries the right to one vote or, in the case of Notes issued with more than one Specified Denomination, one vote in respect of each multiple of the lowest Specified Denomination comprised in the principal amount of the Specified Denomination of such Note.

In accordance with Article R.228-71 of the French *Code de commerce*, the right of each Noteholder to participate in General Meetings will be evidenced by the entries in the books of the relevant Account Holder of the name of such Noteholder as of 0:00, Paris time, on the second business day in Paris preceding the date set for the meeting of such General Meeting.

Decisions of General Meetings must be published in accordance with the provisions set forth in Condition 13 (*Notices*).

Any decision of the Issuer to (i) override the refusal of the General Meeting to approve the proposals to change the objects or corporate form of the Issuer made pursuant to Article L.228-65 I 1° of the French *Code de commerce* or (ii) offer to redeem Notes on demand in the case of a merger or demerger of the Issuer pursuant to Articles L.236-14 and L.236-24 of the French *Code de commerce* will be published in accordance with the provisions set forth in Condition 13 (*Notices*).

(v) **Chairman**

The Noteholders present at a General Meeting shall elect one of them to be chairman (the “**Chairman**”) by a simple majority of votes present or represented at such General Meeting (notwithstanding the absence of a quorum at the time of such vote). If the Noteholders fail to designate a Chairman, the Noteholder holding or representing the highest number of Notes and present at such meeting shall be appointed Chairman, failing which the Issuer may appoint a Chairman. The Chairman appointed by the Issuer need not be a Noteholder. The Chairman of an adjourned meeting need not be the same as the Chairman of the original meeting.

(vi) **Quorum and voting**

General Meetings may deliberate validly on first convocation only if Noteholders present or represented hold at least a quarter of the principal amount of the Notes then outstanding. On second convocation, no quorum shall be required. Decisions at meetings shall be taken by a simple majority of votes cast by Noteholders attending such General Meetings or represented thereat.

(vii) **Effect of Resolutions**

A resolution passed at a General Meeting and a Written Resolution, shall be binding on all Noteholders, whether or not present at the General Meeting and whether or not, in the case of a Written Resolution, they have participated in such Written Resolution and each of them shall be bound to give effect to the resolution accordingly.

(b) **Contractual Masse**

In respect of Notes (a)(i) with an initial denomination of, or which can only be traded in amounts of, less than €100,000 or its equivalent in other currencies at the time of issue and (ii) are issued outside France or (b) with an initial denomination of, or which can only be traded in amounts of, at least €100,000 or its equivalent in other currencies at the time of issue, and if the relevant Final Terms specify “Contractual *Masse*”, the Noteholders will, in respect of all Tranches in any Series, be grouped automatically for the defence of their common interests in a *masse* (in each case, the “**Masse**”) which will be subject to the below provisions of this Condition 10(b).

The *Masse* will be governed by the provisions of the French *Code de commerce* with the exception of Articles L.228-65 II, L.228-71, R.228-63, R.228-69 and R.228-72, and further subject to the following provisions:

(i) **Legal Personality**

The *Masse* will be a separate legal entity and will act in part through one or two representatives (each a “**Representative**”) and in part through a General Meeting.

The *Masse* alone, to the exclusion of all individual holders of Notes, shall exercise the common rights, actions and benefits which now or in the future may accrue respectively with respect to the Notes.

(ii) **Representative of the *Masse***

The office of Representative may be conferred on a person of any nationality. However, the following persons may not be chosen as Representatives:

- the Issuer, the members of its Board of Directors (*conseil d'administration*), its statutory auditors, its employees and their ascendants, descendants and spouses; or
- companies guaranteeing all or part of the obligations of the Issuer, their respective managers (*gérants*), general managers (*directeurs généraux*), members of their Board of Directors, Executive Board or Supervisory Board, their statutory auditors, employees and their ascendants, descendants and spouses; or
- companies holding ten (10) per cent. or more of the share capital of the Issuer; or
- persons to whom the practice of banker is forbidden or who have been deprived of the right of directing, administering or managing an enterprise in whatever capacity.

The names and addresses of the initial Representatives and their alternates will be set out in the Final Terms.

The remuneration of each Representative, and date(s) of payment thereof, will be set out in the relevant Final Terms.

In the event of death, retirement, dissolution or revocation of appointment of one or both Representatives, such Representative(s) will be replaced by one or both Representatives, as the case may be. In the event of the death, retirement, dissolution or revocation of appointment of one or both alternate Representatives, an alternate will be elected by the General Meeting.

All interested parties will at all times have the right to obtain the names and addresses of the initial Representative and the alternate Representative at the head office of the Issuer and the specified offices of any of the Paying Agents.

(iii) **Powers of Representative**

The Representatives, acting jointly or separately, shall, in the absence of any decision to the contrary of the General Meeting and except as provided by paragraph 1 of Article L.513-24 of the French *Code monétaire et financier*, have the power to take all acts of management necessary in order to defend the common interests of the holders of Notes.

All legal proceedings against the holders of Notes or initiated by them, must be brought by or against the Representatives; except that, should preservation, judicial reorganisation or liquidation (*sauvegarde*, *redressement judiciaire* or *liquidation judiciaire*) proceedings be commenced against the Issuer, the specific controller would file the proof of debt of all creditors (including the holders of Notes) of the Issuer benefiting from the *Privilège*.

The Representatives may not be involved in the management of the affairs of the Issuer.

(iv) **General Meetings**

A General Meeting may be held at any time, on convocation either by the Issuer or by the Representatives. One or more holders of Notes, holding together at least one-thirtieth of the principal amount of the Notes outstanding, may address to the Issuer and the Representatives a demand for convocation of the General Meeting. If such General Meeting has not been convened within two months after such demand, the holders of Notes may commission one of their members to petition a competent court in Paris to appoint an agent (*mandataire*) who will call the General Meeting.

Notice of any General Meeting relating to the date, hour, place, agenda and all other elements required by applicable French laws and regulations will be published as provided under Condition 13 (*Notices*).

Each holder of a Note has the right to participate in a General Meeting in person, by proxy, correspondence, videoconference or any other means of telecommunication allowing the identification of the participating Noteholders. Each Note carries the right to one vote or, in the case of Notes issued with more than one Specified Denomination, one vote in respect of each multiple of the lowest Specified Denomination comprised in the principal amount of the Specified Denomination of such Note.

In accordance with Article R.228-71 of the French *Code de commerce*, the rights of each holder of a Note to participate in a General Meeting must be evidenced by entries in the books of the relevant Account Holder of the name of such holder of a Note on the second business day in Paris preceding the date set for the relevant General Meeting at 0.00, Paris time.

(v) **Powers of the General Meetings**

The General Meeting is empowered to deliberate on the dismissal and replacement of the Representatives and the alternate Representatives and also may act with respect to any other matter that relates to the common rights, actions and benefits which now or in the future may accrue with respect to the Notes, including authorising the Representatives to act at law as plaintiff or defendant.

The General Meeting may further deliberate on any proposal relating to the modification of the Conditions including any proposal, whether for arbitration or settlement, relating to rights in controversy or which were the subject of judicial decisions, it being specified, however, that the General Meeting may not increase the liabilities (*charges*) by holders of Notes, nor establish any unequal treatment between the holders of Notes nor decide to convert Notes into shares.

(vi) **Quorum and voting**

General Meetings may deliberate validly on first convocation only if holders of Notes present or represented hold at least a quarter of the principal amount of the Notes then outstanding. On second convocation, no quorum shall be required. Decisions at meetings shall be taken by a two-third majority of votes cast by holders of Notes attending such General Meetings or represented thereat.

(c) **Full Masse**

In respect of Notes (i) with an initial denomination of, or which can only be traded in amounts of, less than €100,000 or its equivalent in other currencies at the time of issue and (ii) issued inside France, the relevant Final Terms will specify “Full Masse” and the Noteholders will, in respect of all Tranches in any Series, be grouped automatically for the defence of their common interests in a *masse* (in each case, the “*Masse*”) and the provisions of the French *Code de commerce* relating to the *Masse* shall apply subject to the below provisions of the Condition 10(c).

The names and addresses of the initial Representative of the *Masse* and its alternate will be set out in the relevant Final Terms. The Representative appointed in respect of the first Tranche of any Series of Notes will be the representative of the single *Masse* of all Tranches in such Series.

The Representative will be entitled, as the case may be, to such remuneration in connection with its functions or duties as set out in the relevant Final Terms.

In the event of death, retirement, dissolution or revocation of appointment of the Representative, such Representative will be replaced by another Representative. In the event of the death, retirement, dissolution or revocation of appointment of the alternate Representative, an alternate will be elected by the General Meeting.

In accordance with Article R.228-71 of the French *Code de commerce*, the right of each holder of Notes to participate in General Meetings will be evidenced by the entries in the books of the relevant Account Holder of the name of such holder of Notes as of 0:00, Paris time, on the second business day in Paris preceding the date set for the meeting of the relevant General Meeting.

The Representative appointed in respect of the first Tranche of any Series of Notes will be the Representative of the single Masse of all Tranches in such Series.

Such single Noteholder shall hold a register of the decisions it will have taken in this capacity, shall provide copies of such decisions to the Issuer and shall make them available, upon request, to any subsequent holder of all or part of the Notes of such Series.

(f) **Information to Noteholders**

Whether the relevant Final Terms specify “No Masse”, “Full Masse” or “Contractual Masse”, (a) each Noteholder will have the right, during (i) the 15-day period preceding the holding of each General Meeting on first convocation or (ii) the 5-day period preceding the holding of such General Meeting on second convocation or, in the case of a Written Resolution (including by way of Electronic Consent), the Written Resolution Date, as the case may be, to consult or make a copy of the text of the resolutions which will be proposed and of the reports which will be prepared in connection with such resolution, all of which will be available for inspection by the relevant Noteholders at the registered office of the Issuer, at the specified offices of any of the Paying Agents and at any other place specified in the notice of the General Meeting or the Written Resolution; and (b) decisions of General Meetings and Written Resolutions once approved and notices in respect of the Masse will be published in accordance with the provisions of Condition 13 (*Notices*).

(g) **Expenses**

Whether the relevant Final Terms specify “No Masse”, “Full Masse” or “Contractual Masse”, the Issuer will pay all expenses relating to the calling and holding of General Meetings and seeking the approval of a Written Resolution, the expenses incurred by the Representative of the Masse in the performance of its duties, if there is one, and, more generally, all administrative expenses resolved upon by the General Meeting or in writing by the Noteholders, it being expressly stipulated that no expenses may be imputed against interest payable under the Notes.

Whether the relevant Final Terms specify “No Masse”, “Full Masse” or “Contractual Masse”, pursuant to Article L.228-46-1 of the French *Code de commerce*, in respect of any Series of

Dematerialised Notes only, the Issuer shall be entitled, in lieu of convening a General Meeting, to seek approval of a resolution from the Noteholders by way of a Written Resolution. Subject to the following sentence, a Written Resolution may be contained in one document or in several documents in like form, each signed by or on behalf of one or more of the Noteholders. Pursuant to Article L.228-46-1 of the French *Code de commerce*, approval of a Written Resolution may also be given by way of electronic communication allowing the identification of Noteholders (“**Electronic Consent**”).

Whether the relevant Final Terms specify “No *Masse*”, “Full *Masse*” or “Contractual *Masse*”, notice seeking the approval of a Written Resolution (including by way of Electronic Consent) will be published as provided under Condition 13 (*Notices*) not less than 5 calendar days prior to the date fixed for the passing of such Written Resolution (the “**Written Resolution Date**”). Notices seeking the approval of a Written Resolution will contain the conditions of form and time-limits to be complied with by the Noteholders who wish to express their approval or rejection of such proposed Written Resolution. Noteholders expressing their approval or rejection before the Written Resolution Date will undertake not to dispose of their Notes until after the Written Resolution Date.

(i) **Benchmark Discontinuation**

By subscribing to the Notes and solely in the context of a Benchmark Event which leads to the application of a Benchmark Amendment, each Noteholder shall be deemed to have agreed and approved any Benchmark Amendments or such other necessary changes pursuant to Condition 5(c)(iii)(D).

11 Replacement of Definitive Materialised Notes, Coupons and Talons

If, in the case of any Materialised Notes, a definitive Materialised Note, Coupon or Talon is lost, stolen, mutilated, defaced or destroyed, it may be replaced, subject to applicable laws, regulations and regulations of the Regulated Market on which the Notes are admitted to trading, at the specified office of the Fiscal Agent or such other Paying Agent as may from time to time be designated by the Issuer for the purpose and notice of whose designation is given to holders of Notes, in each case on payment by the claimant of the fees and costs incurred in connection therewith and on such terms as to evidence, security and indemnity (which may provide, *inter alia*, that if the allegedly lost, stolen or destroyed definitive Materialised Note, Coupon or Talon is subsequently presented for payment or, as the case may be, for exchange for further Coupons, there shall be paid to the Issuer on demand the amount payable by the Issuer in respect of such Definitive Materialised Notes, Coupons or further Coupons) and otherwise as the Issuer may require. SUMMARY OF THE LEGISLATION AND REGULATIONS RELATING TO *SOCIÉTÉS DE CRÉDIT FONCIER*

FRENCH LAW AND COMPLIANCE WITH EUROPEAN REGULATIONS

In 1999, the French government passed legislation on the modernization of the *obligations foncières* framework. This law has provided the French financial markets with a category of bond instruments, which are competitive and uniform in terms of risks and liquidity, controlled by the French Credit Institutions and Investment Companies Committee (CECEI - *Comité des Etablissements de Crédit et des Entreprises d'Investissements*, now known as *Autorité de contrôle prudentiel et de résolution* (ACPR)) and by a Specific Controller. Until then, the legislation of 1852 on *sociétés de crédit foncier* allowed only Crédit Foncier de France or Crédit Foncier et Communal d'Alsace et de Lorraine to issue *obligations foncières*. Since 1999, *sociétés de crédit fonciers*' business activities have been governed by the French *Code monétaire et financier* (the “**Code**”) which codified the provisions of the aforementioned law of 1999.

French law has thus reflected the transposition of the European UCITS and CRR texts governing covered bonds:

- *sociétés de crédit foncier* are credit institutions having their registered office in a Member State of the European Union, France. They are legally subject to specific supervision protecting the holders of those bonds via a Specific Controller, whose appointment is approved by the ACPR;
- bondholders of *obligations foncières* are protected by a pool of underlying assets (whose eligibility criteria are defined by law) over which they have priority recourse in the event of the issuer's default: this is the legal *privilege* granted to bondholders.

The French legal framework has also imposed additional requirements in terms of liquidity and reporting.

On 27 November 2019, the Directive (EU) 2019/2162 of the European Parliament and of the Council on the issue of covered bonds and covered bond public supervision amending Directives 2009/65/EC and 2014/59/EU (the “**Covered Bonds Directive**”) and Regulation (EU) 2019/2160 of the European Parliament and the Council (together, the “**New EU Covered Bonds Framework**”) were definitely adopted and published on 18 December 2019. The New EU Covered Bonds Framework provides a common definition of covered bonds, defines the structural features of the instrument, defines the tasks and responsibilities for the supervision of covered bonds, sets out the rules allowing the use of the labels ‘European Covered Bond’ and ‘European Covered Bond (Premium)’ and strengthens the conditions for granting preferential prudential treatment to covered bonds under the capital requirement regulation. Under French law, the Covered Bonds Directive has been transposed by an Ordinance n° 2021-858 dated 30 June 2021, the decree (*décret*) n° 2021-898 dated 6 July 2021, a ministerial decree (*arrêté*) dated 7 July 2021, the decree (*décret*) n°2022-766 dated 2 May 2022 and a decree (*décret*) n°2023-102 dated 16 February 2023.

SOCIÉTÉS DE CRÉDIT FONCIER

Sociétés de crédit foncier are credit institutions whose sole purpose is defined in Article L.513-2 of the Code: granting or acquiring secured loans (*i.e.* loans that are backed by first-rank mortgages or real property collateral conferring at least an equivalent guarantee and exposures), exposures to public entities and securities and deposits referred to in Articles L.513-3 to L.513-7 of the Code, including, as the case may be, any mortgages, guarantees, accessories, and indemnities relating thereto, and financing them by issuing *obligations foncières*. The business activities of a *société de crédit foncier* are restricted by law: they are not allowed to hold equity interests or shares. *Obligations foncières*, which finance eligible assets, are covered bonds that have a legal *privilege* that confers to their holders a preferential claim on cash flows deriving from the underlying assets.

The eligibility criteria for *sociétés de crédit fonciers*' assets are defined in Articles L.513-3 to L.513-7 of the Code. The following assets are eligible:

- real estate loans secured by a first-rank mortgage or equivalent guarantee (European Union – EU or European Economic Area – EEA) or by an eligible guarantor which should have at least second-from-top credit quality

rating from an external credit rating body recognized by the ACPR in accordance with Article L.511-44 of the Code;

- exposures on public entities or guarantees by public entities belonging to Member States of the EU. Eligible public entities are central governments, central banks, public institutions, local authorities or their associations of a Member State of the EU. Apart from public entities located in the EU, these exposures are eligible if the public entity has a top credit quality rating from an external credit rating body recognized by the ACPR in accordance with Article L.511-44 of the Code (or a second-from-top rating under certain circumstances);
- privileged resources (limited to 15% of the face value of the privileged resources if the credit institution has a top credit quality rating, or limited to 10% of the face value of the privileged resources if the credit institution has a second-from-top quality rating): securities, exposures and deposits that are sufficiently secure and liquid (Article R.513-6 of the Code).

The *sociétés de crédit fonciers*, in accordance with the provisions of the new Article L.513-26-1 of the Code, can use the labels ‘European Covered Bond’ and ‘European Covered Bond (Premium)’ for the *obligations foncières* and other privileged resources mentioned in 2 of I of Article L.513-2 of the Code that they issue in accordance with the provisions of the Code and, with respect to the ‘European Covered Bond (Premium)’ label, of Article 129 of the Regulation (EU) 575/2013 of the European Parliament and of the Council of 26 June 2013.

LEGAL PRIVILEGE OF HOLDERS OF OBLIGATIONS FONCIÈRES

According to Article L.513-11 of the Code, which defines the legal *privilège* on cash flows from assets and the terms of the guarantee that it provides, the assets held by a *société de crédit foncier* allow the priority repayment of privileged debt, *i.e. obligations foncières*. The legal *privilège* is the fundamental principle of legal security for *obligations foncières*’ holders. It remains valid even if the *société de crédit foncier* or its parent company is subject to a preservation procedure (*procédure de sauvegarde*), a judicial reorganisation (*redressement judiciaire*), a judicial liquidation (*liquidation judiciaire*) or a resolution (*procédure de résolution*) proceedings opened pursuant to Article L.613-49 of the Code. It thus affords investors the maximum protection. Privileged debts are paid on their contractual due date, in priority to all other debts, for both their interest and principal payments, until they have been fully repaid, under all circumstances. The bondholders of *obligations foncières* are also protected by the following legal and regulatory frameworks:

Overcollateralization

The total amount of the *société de crédit foncier*’s assets must be higher than the amount of their liabilities benefiting from the *privilège*. Article R.513-8 of the Code sets the minimum legal overcollateralization ratio at 105% (it being specified that the assets taken into account for the calculation of the collateralization ratio for the portion beyond the 100% are not subject to the limitations applicable to the exposures on credit institutions set out in Article R.513-6 of the Code and are not taken into account for the purpose of calculating these limitations).

It should be noted that non-collateralized exposures in the Group may not exceed 25% of non-privileged resources. One of the Specific Controller’s duties is to monitor compliance with this overcollateralization rule.

The regulatory overcollateralization ratio of *Compagnie de Financement Foncier* has always been above 108% since its establishment in 1999.

Asset-liability matching in terms of maturity and interest rates

The ministerial decree (*arrêté*) dated 7 July 2021 modifies certain provisions of the Regulation No. 99-10 relating to *sociétés de crédit foncier* and *sociétés de financement de l’habitat*. Article 12 ter requires that matching of interest rates of assets and liabilities has to be respected in *sociétés de crédit foncier*’s balance sheet management. The Specific Controller instructs the executives and the ACPR if he or she determines that the matching of interest rates and maturity could create excessive risks for privileged creditors.

The Decree of 26 May 2014 established a maximum duration gap of 18 months between assets and liabilities.

The average maturity for assets held to maintain a cover ratio of 105% and dealt with in all transparency in the case of collateralized assets (such as mortgage notes or mobilizations pursuant to Article L.211-38 of the Code), may not exceed the average maturity of outstanding privileged liabilities by more than 18 months.

The Decree of 26 May 2014, also requires *sociétés de crédit foncier* to prepare an estimate, based on a yearly plan approved by the decision-making body and submitted to the ACPR, of the privileged resources' cover ratio up to their maturity, considering the available eligible assets and the forecast new production based on conservative assumptions.

180-day liquidity buffer

At all times, *sociétés de crédit foncier* must ensure that all cash requirements are covered for a period of 180 days.

In accordance with Article R.513-7 of the Code, *sociétés de crédit foncier* must at all times cover all their cash requirements for the next 180 days. To do so, they may use level 1, 2A or 2B liquid assets (as defined in Delegated Regulation (EU) 2015/61 of 10 October 2014), short-term exposures to credit institutions, if they have a top credit quality rating or a second-from-top rating from an external credit rating body recognized by the ACPR in accordance with Article L.511-44 of the Code, or short-term deposits with credit institutions benefiting from the top credit quality rating, the second-from-top rating or the third-from-top rating from an external credit rating body recognized by the ACPR in accordance with Article L.511-44 of the Code.

NON-EXTENSION OF THE PARENT'S INSOLVENCY TO ITS SOCIÉTÉ DE CRÉDIT FONCIER SUBSIDIARY

Under French law, a *société de crédit foncier* has a specific legal framework guaranteeing that the holders of *obligations foncières* receive favorable treatment under normal management conditions and in the event of insolvency proceedings being initiated against its parent. The cash flows derived from *société de crédit foncier's* assets are, under all circumstances, used to repay privileged debt. In the event of default of its parent, the *société de crédit foncier* and the holders of *obligations foncières* are fully protected by virtue of this non-extension rule.

If a French company is subject to insolvency proceedings, there will be no vacuum in authority at its level, as a legal receiver is appointed to ensure the continuity of management.

As a separate legal entity, a *société de crédit foncier's* subsidiary is not affected by the insolvency of its parent, the management of a *société de crédit foncier* is conducted *in bonis*, *i.e.* under normal management conditions, by its own managers.

If the parent is subject to preservation or insolvency proceedings, the *société de crédit foncier* may terminate its service and receivable management contracts if it determines this course to be appropriate. The *société de crédit foncier* may therefore change its service provider at any time to ensure the continued management of its assets and liabilities.

Under Article R.513-14 of the Code, the *société de crédit foncier* must identify the personnel and resources needed to recover debts and enforce the agreements signed. Procedures for transferring all the technical resources and data needed to perform recovery actions must also be included in the preventive recovery plan.

IMMUNITY OF OBLIGATIONS FONCIÈRES HOLDERS

In the event of insolvency proceedings being initiated against a *société de crédit foncier*, holders of *obligations foncières* are entirely protected by the following procedures:

Repayment schedule of privileged debt is maintained

In the event of a preservation procedure (*procédure de sauvegarde*), a judicial reorganisation (*redressement judiciaire*), a judicial liquidation (*liquidation judiciaire*) or a resolution (*procédure de résolution*) proceedings opened pursuant to Article L.613-49 of the Code, debt payment is not accelerated. The debts duly deriving from the transactions shall be paid on their contractual due date and repayment of debts that do not benefit from the *privilège*

will only take place after repayment of *obligations foncières* and other privileged debts (Article L.513-11 2° of the Code).

All other creditors (including the French State) are not paid until all *obligations foncières* holders' claims have been satisfied, as set out in the initial schedule. In contrast with the general law that transactions made when companies are in financial difficulty may be invalidated, *sociétés de crédit foncier*'s asset transfers made prior to a declaration of insolvency remain valid.

Continuity of management in case of insolvency of a société de crédit foncier

Article L.612-34 of the Code provides that, depending on the situation, a provisional administrator, appointed by the ACPR, may oversee or advise managers, or be given full powers. The administrator can use the same asset-liability management (ALM) tools that are usually available to a *société de crédit foncier*, such as:

- disposals of assets;
- assigning assets;
- issuing new *obligations foncières*;
- issuing non-privileged liabilities.

A *société de crédit foncier* continues its business according to the same rules, under all circumstances.

Thus, a *société de crédit foncier* carries out its business under normal management conditions because the provisional administrator has the same duties as the managers had previously. All activities are carried on to ensure the Issuer is well managed, and all privileged debts are repaid in compliance with existing commitments.

In the event of insolvency of a *société de crédit foncier*, the Specific Controller, as set out in Article L.513-24 of the Code, must file claim statements with the court-appointed administrator on behalf of privileged creditors.

The Specific Controller continues to inform and notify the ACPR, just as he or she must do when the *société de crédit foncier* is operating normally.

Affiliation to a central body

French cooperative banking groups have a central body and some of their subsidiaries may use a specific guarantee scheme: the affiliation scheme (Articles L.512-106 to L.512-108 of the Code), a system that requires the central body to guarantee the liquidity and solvency of the affiliates.

Compagnie de Financement Foncier benefits from affiliation with BPCE SA, Groupe BPCE's central body; holders of its *obligations foncières* enjoy an additional layer of security.

II. PROCEDURE FOR THE VALUATION AND PERIODIC REVIEW OF THE ASSETS UNDERLYING THE LOANS FOR 2023

I - Valuation method applied to the assets underlying loans

General asset valuation principles

The procedure described below has been determined pursuant to Articles 1 and 2 of CRBF regulation No. 99-10, as amended by regulation No. 2001-02 and No. 2002-02 and by the Orders of 7 May 2007 and 23 February 2011 transposing European directive 2006/48/EC of 26 May 2014, 3 November 2021 and 1 December 2022 into French law.

Real estate financed by eligible loans or posted as collateral for these loans is subject to cautions appraisal.

The valuation is performed taking into account the long-term sustainable aspects of the property, the normal and local market conditions, the current use and alternative appropriate uses of the property.

Derogation rule used by Compagnie de Financement Foncier

For loans originated between 1 January 2003 and 31 December 2006, in accordance with the provisions of CRBF regulation No. 99-10 and a decision by the Chairman of Crédit Foncier de France's Executive Board dated 28 July 2003, a cost of the transaction without discount is understood to be an estimated value of an asset for all transactions with individuals involving residential property where a transaction cost is less than €350,000.

Following the changes to CRBF regulation No. 99-10, this principle was extended to include:

- for the period between 7 May 2007 and 23 February 2011, all residential property transactions with individual customers where a transaction cost is less than €450,000 or where an outstanding principal amount on the acquired loan or a total amount authorised is less than €360,000;
- as of 24 February 2011, all residential property transactions with individual customers where a transaction cost is less than €600,000 or where an outstanding principal amount on the acquired loan or a total amount authorised is less than €480,000.

Above these thresholds, the appraised value is considered as the value of the property.

Summary

The above-mentioned rules, applied since 24 February 2011, are summarised in the following table:

Property types	Cost of transaction is less than €600,000 or acquired loan less than €480,000	Cost of transaction greater than or equal to €600,000 and acquired loan greater than or equal to €480,000
Residential Property for Private individuals	Transaction cost	Appraisal
Residential Property for Professionals	Appraisal	Appraisal
Property for professional use ⁽¹⁾	Appraisal	Appraisal

(1) Property for professional use means all properties other than residential and multiple-use properties where the value allocated to the residential part is less than 75% of the total value of the property.

An appraisal is made of all collateral underlying authorised loans (*i.e.* signed by the parties) during the year, regardless of whether or not they are implemented.

The value of other collateral must be reviewed periodically, as presented below (see Sections II, III and IV).

II – Methods used for periodic review of residential assets for individuals and professionals

The methods described below apply to all loans granted or mobilized to Compagnie de Financement Foncier.

Two methods are used: a statistical method, sub-divided into two variants depending on the customer segment and property type, and an expert appraisal method.

The Order of 7 July 2021, amending Regulation No. 99-10 of 9 July 1999 on SCF and *Sociétés de Financement de l'Habitat*, states: "A statistical method may be used. The aim is to define a readjustment coefficient that takes account of the real estate market and its evolution, on the basis of the real estate price variation indexes published by official or similar bodies, such as market data platforms, that are most appropriate at the time of the revaluation, in terms of content and date. In particular, it can lead to a property being revalued on the basis of changes in real estate prices over the period in question, as measured by an index reflecting relevant real estate transactions. In this case, the method must ensure that the revalued value thus obtained is less than or equal to the market or mortgage value on the revaluation date."

Crédit Foncier carried out a backtesting exercise, which involved comparing the latest revalued values by index with the valuations obtained from Crédit Logement's CL.Estim tool on a representative sample of 500 pledges. The results were quite satisfactory, since Crédit Foncier's pledge values were 7% lower than those calculated by Crédit Logement.

A – Statistical method

Two variant statistical methods are used for periodic reviews of value of collateral/guarantees applicable to residential properties depending on the valuation engine used:

- **A1 Crédit Foncier statistical method** unchanged from previous years and implemented in the valuation engine in the Crédit Foncier's information systems. These valuations are based on value change indexes derived from prices provided by BPCE Solutions Immobilières appraisers (formerly Crédit Foncier Immobilier):
 - for individual residential properties,
 - annually.
- **A2 BPCE statistical method**, using an engine installed on the group's information systems. This permits valuation, using indices based on property prices
 - for professional residential properties,
 - semi-annually.

In the special case of collateral located in the Netherlands and Belgium, country-specific indices are used (Stadim for Belgium and the PBK indices, produced by the Dutch real estate registry, for the Netherlands).

A1 – Crédit Foncier periodic statistical review method

i) Principles

The model is based on the preparation of indices. The indices obtained are the changes observed from one year to the next in market values, clarifying that, in accordance with the relevant legislation, an appraisal is carried out, in compliance with the law, on the basis of a prudent assessment (which is then revalued by applying the indices).

The indices are determined according to four distinct geographical categories:

- (i) the 117 urban areas created by postal code pooling approved by the INSEE (French National Institute for Statistics and Economic Studies). They are defined as being urban areas with more than 50,000 inhabitants. The list of these urban areas and their composition changes as the urban fabric and real estate markets evolve;

- (ii) outside these areas, the “non-urban” real estate market is divided into administrative regions that date from before the 1 January 2016 reforms (20 regions, not including Corsica and region Île-de-France);
- (iii) Île-de-France, excluding the city of Paris, is valued separately using specific indices for each of its seven departments;
- (iv) Paris is also valued separately using a specific index.

The indices for each of these four categories (urban, non-urban, region Île-de-France and Paris), are grouped according to postal codes, and broken down as follows:

- Urban areas: 117 Apartment indices / 117 House indices;
- Non-urban area: 20 House indices;
- In Île-de-France (excluding Paris): seven Apartment indices / seven House indices;
- In Paris: one apartment index.

When the apartment/home distinction is not available for a particular item of collateral, the lower of the two indices for the corresponding postal code is used.

When the collateral is in Corsica or in the Dom-Toms (French overseas departments and territories) or its location is not known in the postal code table, the annual trend indices used for the corresponding type of housing are:

- for apartments: the average of the apartment indices for urban areas;
- for houses: the lower of the two averages for houses in urban areas and for regions.

ii) Revaluation cycle management

Real estate value indices are updated annually. New indices are established each November based on the period ending on 30 September.

The revaluation cycle is thus managed on a one year rolling period from 30 September of year “n-1” to 30 September of year “n”.

The pledges are revalued on an annual basis using the indices established in November. The processing of revaluations is recognized in the May and November accounts to revalue the pledges that have not been reviewed for over one year.

iii) Sources

These indexes are based on an *ad hoc* survey and on expert appraiser estimates carried out each year by the BPCE Solutions Immobilières’s Research department with the network of regional real estate appraisers, quarterly gross statistical real estate information available in its database.

A2 – BPCE statistical review method

i) Principles

The statistical review method used by BPCE applies to residential real estate assets granted to professionals and depends on the property's location.

It is based on average property prices in each department, and Paris district, supplied by BPCE Solutions Immobilières appraisers.

B – Appraiser estimate revaluation method

This category, in application of Basel II provisions (Article 208 of European Regulation no. 575/2013 of European Parliament and Council dated 26 June 2013), concerns residential real estate posted as collateral for a debt of over €3 million.

Each property in this category is individually revalued every three years by means of appraisal. The appraiser determines a mortgage value based on a thorough analysis of the type of asset and its specific aspects and on a prudent, forward-looking view of the market.

In each of the two years between each three-year appraisal, the property is revalued using a statistical method:

- method A.1 for Individual customers;
- method A.2 for Business customers (“Corporates”).

III - Methods used for periodic review of real estate for professional use (non-residential)

In accordance with CRBF regulation 99-10, the following revaluation method is used for properties for professional use:

A – Appraiser estimate revaluation method

This category concerns properties for business use (non-residential) for which the debt has been assigned or mobilized to Compagnie de Financement Foncier.

Each property in this category is individually revalued every year by means of appraisal. The appraiser determines a cautious mortgage value based on a thorough analysis of the type of asset and its specific aspects and on a prudent, forward-looking view of the market.

IV - Summary table of methods

Type of asset	Individual Customers		Corporates	
	Outstanding less than €3m	Outstanding more than €3m	Outstanding less than €3m	Outstanding more than €3m
Residential	Method A.1 annually	Individual appraisal (method B) every 3 years and method A.1 in the interim	Method A.2 annually	Individual appraisal (method B) every 3 years and method A.2 in the interim
Non-residential	Individual appraisal (method B) annually		Individual appraisal (method B) annually	

STRINGENT RISK MANAGEMENT RULES AND COMMITMENTS TO THE MARKET

A. Overcollateralization

Compagnie de Financement Foncier must at all times comply with two overcollateralization ratios (see Article L.513-12 of the Code and Article 129 of Regulation (EU No. 575/2013 CRR)).

Risk-weighted assets must at all times represent at least 105% of the privileged liabilities.

The two overcollateralization ratios are subject to permanent control, accompanied by precise and immediate action plans in the event that minimum management thresholds are exceeded.

Each quarter, the Specific Controller checks and certifies the level of the two ratios.

Since the creation of Compagnie de Financement Foncier in 1999, the minimum level of the two regulatory ratios has always been above 108%.

Overcollateralization ratio since 1999

Compliance with rating agencies' minimum overcollateralization ratios

In order to obtain the best possible rating, Compagnie de Financement Foncier has made management commitments to the rating agencies.

These commitments include compliance with a specific overcollateralization ratio calculated for each rating agency according to its methodology.

Compagnie de Financement Foncier has also undertaken to maintain a minimum level of non-privileged resources equal to 5% of the resources benefiting from the *Privilège*.

Rigorous and responsive asset management

Compagnie de Financement Foncier's assets are managed by Crédit Foncier.

The management and debt-collection process is based on a precise analysis of risk, rigorous monitoring of accounts, a proactive approach aimed at preventing difficulties, and finally the implementation of guarantees where necessary.

For individual customers, the debt-collection policy comprises three gradual phases:

- immediate automated collection, with intervention from the 1st past due payment, for immediate settlement or implementation of a payment plan;
- out-of-court collection (past due payment for two to six months) with a rate of return to normal management of more than 80%;

- litigation (past due payment beyond six months) resulting in the settlement of a third of cases in the subsequent year.

B. Principle of financed LTV for residential mortgage loans

For residential mortgage loans, refinancing with covered bonds is limited to a maximum standard LTV of 80% (LTV – Loan To Value: ratio between the outstanding principal of the loan and the value of the collateral pledged). The value of the pledges is conservatively updated each year, based on the long-term characteristics of the building, local market conditions, current use of the property and other possible uses. The revaluation process is based on real estate price indexes supplied by BPCE Expertises immobilières, a Veritas-certified BPCE subsidiary whose experts are court-approved and/or qualified Chartered Surveyors (*MRICS (members approved by the Royal Institute of Chartered Surveyors (RICS). RICS is an English professional body whose mission is to regulate and promote the property valuation profession)*).

The Specific Controller annually verifies and approves the revaluation process described in the risk control and monitoring report in this document.

C. Credit risk

Asset purchasing criteria by category

Regulations require compliance with strict eligibility criteria for the selection of refinanced assets and associated guarantees. The quality of Compagnie de Financement Foncier's assets stems first and foremost from their intrinsic characteristics: they include loans or securities to Public sector entities or guaranteed by the Public sector and first-ranking mortgage loans or similar.

Compagnie de Financement Foncier's specific approach adds a second level of requirement, with additional, even more rigorous eligibility criteria based on the specific know-how of Crédit Foncier's expert teams. The application of a purchase filter enables even more optimized selection, based on credit ratings, probability of default, repayment capacity, expected losses and any asset hedging.

For residential mortgage loans, refinancing with covered bonds is limited to a maximum standard LTV of 80% (LTV – Loan To Value: ratio between the outstanding principal of the loan and the value of the collateral pledged). The value of the pledges is conservatively updated each year, based on the long-term characteristics of the building, local market conditions, current use of the property and other possible uses. The revaluation process is based on real estate price indexes supplied by BPCE Expertises immobilières, a Veritas-certified BPCE subsidiary whose experts are court-approved and/or qualified Chartered Surveyors (MRICS). The Specific Controller annually verifies and approves the revaluation process described in the risk control and monitoring report in this document.

In addition, short-term liquidity requirements on credit institutions are used to manage cash investments. They have satisfactory ratings that meet the minimum requirements imposed by the rating agencies:

	Standard & Poor's	Moody's
From 0 to 60 days	ST: A1	ST: P1
From 61 days to 365 days	ST: A1+	ST: P1 and LT: Aa3

Scope Ratings applies no predefined minimum rating. The analysis is done on a case-to-case basis

Limiting market counterparty risk

Compagnie de Financement Foncier complies with exposure limits by market counterparty. A framework agreement has been set up with each counterparty in order to establish the rules for collateralizing reciprocal exposures. The

collateralization agreements are asymmetric for the benefit of Compagnie de Financement Foncier, which will never pay any collateral.

D. Managing balance sheet risks

Managing interest rate risk

Compagnie de Financement Foncier acquires assets at market price. As soon as an asset is recorded on the balance sheet, it is transformed, if necessary, into a variable-rate asset in euros by setting up interest rate derivatives (swaps). Compagnie de Financement Foncier has set itself the task of maintaining the level of its interest rate mismatches or gaps within the limits defined by the time horizon and of correcting any overruns by the end of the following quarter, at the latest:

Horizon	Limits expressed in €bn
Less than 2 years	1.5
2 - 4 years	1.7
4 - 8 years	2.1
Threshold of 8 - 16 years	2.1

Liquidity risk hedging

At all times, SCF must ensure that all cash requirements are effectively covered for a period of 180 days. Compagnie de Financement Foncier specifically monitors its net cash position at 180 days. This guarantees that it always maintains enough liquidity to honor its privileged liability commitments for at least 180 days.

The quality of the receivables on its balance sheet enables Compagnie de Financement Foncier to have immediate access to significant amounts of funding from central banks, such as the ECB.

Compagnie de Financement Foncier has cash, secure and liquid exposures to credit institutions and level 1, 2A and 2B liquid assets (see Delegated Regulation (EU) 2015/61 of 10 October 2014) to ensure contractual repayments of its privileged debt over the next 180 days.

Transformation risk

Compagnie de Financement Foncier limits the difference between the average life of its assets and that of its privileged liabilities to 18 months.

At 31 December 2023, the duration of assets was 6.7 years and that of privileged liabilities 6.6 years.

No foreign exchange risk

Compagnie de Financement Foncier prohibits any open foreign exchange positions. All non-euro-denominated asset acquisitions and refinancing transactions are systematically hedged against foreign exchange risk.

In practice, Compagnie de Financement Foncier limits its residual foreign exchange positions to €3 million by currency with a €5 million cap for all currencies.

Information on group Crédit Foncier, to which Compagnie de Financement Foncier belongs

From its creation in 1852 and until 1999, Crédit Foncier de France has held the special status as a *société de crédit foncier* and as such, issued *obligations foncières*.

A key player in specialized real estate financing and responsible for public service missions in the distribution of government-subsidized loans, Crédit Foncier de France was acquired by Groupe Caisse d'Épargne in 1999, following the real estate crisis in the 1990's and the abolition of subsidized loans.

In the legal context governing this acquisition, the Parliament created a specific new status for *sociétés de crédit foncier*. Compagnie de Financement Foncier was then founded and authorized as a *société de crédit foncier* by the *Comité des Etablissements de Crédit et des Entreprises d'Investissements* (French Credit Institutions and Investment

Firms Committee) (“CECEF”). Crédit Foncier de France transferred all its *obligations foncières* and pledged assets to Compagnie de Financement Foncier pursuant to Article 110 of law 99-532 from 25 June 1999.

Crédit Foncier has been an affiliate of Groupe BPCE since 2009, created by the merger of the Caisse d’Epargne and Banque Populaire groups. Since 5 August 2010, Crédit Foncier de France is fully owned by the Central institution of BPCE.

Since 1 April 2019, as part of the implementation of the new industrial structure announced by Groupe BPCE on 26 June 2018, Crédit Foncier de France has been refocusing its efforts on the management of outstanding loans and on refinancing certain Groupe BPCE assets, through Compagnie de Financement Foncier.

SUBSCRIPTION AND SALE

Subject to the terms and the conditions contained in an amended and restated dealer agreement dated 18 June 2024 (the “**Amended and Restated Dealer Agreement**”) between the Issuer, the Permanent Dealers and the Arranger, the Notes will be offered on a continuous basis by the Issuer to the Permanent Dealers. However, the Issuer has reserved the right to sell Notes directly on its own behalf to Dealers that are not Permanent Dealers. The Amended and Restated Dealer Agreement also provides for Notes to be issued in syndicated Tranches that are jointly and severally underwritten by two or more Dealers.

The Issuer will pay each relevant Dealer a commission as agreed between them in respect of Notes subscribed by it. The Issuer has agreed to reimburse the Arranger for its expenses incurred in connection with the update of the Programme and the Dealers for certain of their activities in connection with the Programme. The commissions in respect of an issue of Notes having a Specified Denomination of less than Euro 100,000 will be stated in the relevant Final Terms.

The Issuer has agreed to indemnify the Dealers against certain liabilities in connection with the offer and sale of the Notes. The Amended and Restated Dealer Agreement entitles the Dealers to terminate any agreement that they make to subscribe Notes in certain circumstances prior to payment for such Notes being made to the Issuer.
