Risks related to the Issuer

See “Documents incorporated by reference” in this Prospectus.

Claims and litigation risk

Accor is also subject to risks relating to claims and litigation proceedings.

CIWLT tax audit

A tax audit was carried out on the permanent branch in France of Compagnie Internationale des Wagons Lits et du Tourisme (CIWLT), a Belgian company that is 99.78 per cent.-owned by Accor. Following the audit for the years 1998 to 2002 and 2003, the French tax authorities concluded that CIWLT’s seat of management was located in France not in Belgium.

Accordingly, the French tax authorities added back CIWLT’s profits in Belgium for the purpose of calculating income tax payable in France. The resulting reassessments, for a total of €263 million including late interest, had been contested by CIWLT, on the basis of the notice received from the Belgian tax authorities confirming that its seat of management was in Belgium.

CIWLT subsequently asked the Cergy Pontoise Administrative Court to rule on the contested reassessments. On 12 December 2008 and 12 May 2011, the court found against CIWLT concerning the reassessments for the years 1998 to 2002 and the year 2003. For the years 1998 to 2002 and 2003, CIWLT decided to appeal this ruling before the Versailles Administrative Court of Appeal on 10 February 2009 and on 11 July 2011.

Under French law, collection of the tax deficiencies is not suspended while the appeal is being heard.

For the years 1998 to 2002, €242.5 million was paid at the end of February 2009. The tax deficiencies and penalties for 2003, in an amount of €17.5 million, were paid in July 2011, while the estimated €2.7 million in late interest was paid in August 2011. They were recognized as an asset in the balance sheet.

For the years 1998 to 2002, on 1 February 2011, the reporting judge read out his conclusions and stated that he did not support CIWLT’s case.

In a ruling handed down on 15 March 2011, the Versailles Administrative Court of Appeal found against CIWLT for the period 1998 to 2002. To appeal the ruling, CIWLT filed a summary motion to institute proceedings with the French Supreme Court of Appeal (*Conseil d’Etat*) on 12 May 2011, followed by a supplementary brief on 10 August 2011. As regards 2003, the appeal has not yet been heard by the Versailles Administrative Court of Appeal.

In light of these unfavorable developments, the tax receivable recognized as an asset in the balance sheet at 31 December 2010 was written down by €242.5 million in 2010 and an additional provision of

approximately €20.6 million was set aside, corresponding to the tax deficiency for 2003 and estimated late interest up to 31 December 2010. Following payment of the tax deficiency in July and August 2011, a tax receivable was recognised as an asset in the balance sheet in an amount of €20.2 million. The asset was immediately written down in full by transferring the same amount from the existing €20.6 million provision, of which the remainder, i.e. €0.4 million, was reversed.

Based on the reporting judge's conclusions, on 28 December 2012 the Supreme Court of Appeal issued a ruling rejecting CIWLT's application to appeal the Versailles Court's ruling.

This decision meant that the €242.5 million tax reassessment became final. However, this had no impact on CIWLT's income statement because the tax receivable was already written down in full. In CIWLT's 2012 financial statements, the €242.5 million tax receivable has been written off and the corresponding provision has been reversed. These accounting entries had no adverse effect on the company's cash position, as the tax had been paid in February 2009.

The appeal concerning 2003 is still pending before the Versailles Administrative Court of Appeal. There were no developments in this matter in 2012.

Dividend withholding tax (précompte)

In 2002, Accor mounted a legal challenge to its obligation to pay withholding tax (*précompte*) on the redistribution of European source dividends.

Until 2004, French parent companies were entitled to a 50 per cent. tax credit on dividends received from French subsidiaries, which could be set off against the *précompte* withholding tax. However, no tax credit was attached to European source dividends. Accor contested this rule, on the grounds that it breached European Union rules.

In the dispute between Accor and the French State, on 21 December 2006 the Versailles Administrative Court ruled that Accor was entitled to a refund of the *précompte* dividend withholding tax paid in the period 1999 to 2001, in the amount of €156 million.

The amount of €156 million was refunded to Accor during the first-half of 2007, together with €36.4 million in late interest due by the French State.

However, on 8 March 2007, the French State appealed the ruling before the Versailles Administrative Court of Appeal. The French State's appeal was rejected on 20 May 2008.

As the French State had not yet exhausted all avenues of appeal, a liability was recognized for the amounts received and the financial impact of the rulings by the Versailles Administrative Court and Court of Appeal was not recognized in the financial statements.

On 3 July 2009, the French Supreme Court of Appeal announced that it would postpone ruling on the French State's appeal and on 4 August 2009, it applied to the Court of Justice of the European Communities ("ECJ") for a preliminary ruling on this issue.

After reviewing the matter, the ECJ's final ruling was handed down on 15 September 2011. In this ruling, the ECJ held that the French *précompte*/tax credit system restricts the freedom of establishment and free movement of capital.

During 2011 and 2012, Accor and the tax authorities submitted various briefs to the Supreme Court of Appeal and Accor produced documentary evidence of the EU source dividends and of the tax paid by its European subsidiaries on the distributed amount.

On 21 November 2012, the Supreme Court of Appeal met to review the reporting judge's conclusions. In summary, the reporting judge considered that the dividend tax credit and *précompte* withholding tax systems had been shown to be incompatible.

However, he also considered that the amount to be refunded was subject to strict rules which, to all intents and purposes, restricted Accor's right to a refund.

On 10 December 2012, the Supreme Court of Appeal handed down a ruling closely aligned with the reporting judge's conclusions, according to which Accor was entitled to €6.3 million of the €156 million already refunded. In addition to the €149.7 million to be returned to the French State, Accor is also required to repay the late interest received in 2007, amounting to approximately €36.4 million, less the portion related to the retained refund of €6.3 million. The repayment will be calculated by the tax authorities during the first half of 2013; it is estimated at around €1.4 million. The €149.7 million and related late interest will be repaid to the French State during the first half of 2013.

In the 2012 financial statements, the €6.3 million *précompte* refunded to Accor and not repayable to the French State has been credited to a reserve account (see Changes in Consolidated Shareholders' Equity). The estimated €1.4 million in late interest received on this amount has been considered as offsetting the early payment of tax, and has therefore been recorded as a tax benefit in the income statement. The total amount repayable to the French State, representing approximately €184.7 million, will lead to an increase in net debt of the same amount.

Accor has noted the Supreme Court of Appeal's decision and is examining the avenues of appeal open to it before the European courts.

On 7 February 2007, Accor filed an application originating proceedings before the Cergy Pontoise Administrative Court on the same grounds, to obtain a refund of the €187 million in *précompte* withholding tax paid in the period 2002 to 2004. There were no developments concerning this matter in 2012. Since the beginning of 2013, Accor has been informed that the Administrative Court will complete its examination by May 13 and will hear the case on June 12.

Tax dispute in Italy

In October 2011, the Italian tax authorities notified several Accor and Edenred subsidiaries of a €27.4 million tax reassessment concerning registration duties. The reassessment is based on the requalification as the sale of a business subject to registration duty of a number of transactions carried out as part of the reorganisation of Accor's Services division in Italy between 2006 and 2010.

The Accor and Edenred companies concerned wrote to the Italian authorities on 16 December 2011 contesting the reassessments.

The reassessment notices required settlement of the tax deficiencies within 60 days and the companies concerned therefore paid the amounts claimed on 16 December 2011. The cost was shared equally between Accor and Edenred pursuant to an agreement assigning the risk and any resulting costs to the two parties on a 50/50 basis.

The companies believe that the tax reassessment is without merit and, after consulting with their legal and tax advisors, consider that their challenges have a reasonable chance of success. No related impact was recorded in Accor's 2011 consolidated income statements. There were no developments concerning this matter in 2012.

Other claims and litigation

In the normal course of its business, the Group is exposed to claims, litigations and proceedings that may be in progress, pending or threatened. The Company believes that these claims, litigations and proceedings

have not and will not give rise to any material costs at Group level and have not and will not have a material adverse effect on the Group's financial position, business and/or results of operations.

Risks related to the Bonds

The Bonds may not be a suitable investment for all investors

Each potential investor in the Bonds must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- (i) have sufficient knowledge and experience to make a meaningful evaluation of the Bonds, the merits and risks of investing in the Bonds and the information contained or incorporated by reference in this Prospectus or any applicable supplement;
- (ii) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Bonds and the impact the Bonds will have on its overall investment portfolio;
- (iii) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Bonds, including where the currency for principal or interest payments is different from the potential investor's currency;
- (iv) understand thoroughly the terms of the Bonds and be familiar with the behaviour of any relevant indices and financial markets; and
- (v) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

Risks related to the market generally

Set out below is a brief description of the principal market risks, including liquidity risk, exchange rate risk, interest rate risk and credit risk:

The secondary market generally

The Bonds may have no established trading market when issued, and one may never develop. If a market does develop, it may not be very liquid. Therefore, investors may not be able to sell their Bonds in the secondary market in which case the market or trading price and liquidity may be adversely affected or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market.

Exchange rate risks and exchange controls

The Issuer will pay principal and interest on the Bonds in Euro. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the "**Investor's Currency**") other than Euro. These include the risk that exchange rates may change significantly (including changes due to devaluation of Euro or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Euro would decrease (i) the Investor's Currency-equivalent yield on the Bonds, (ii) the Investor's Currency-equivalent value of the principal payable on the Bonds and (iii) the Investor's Currency-equivalent market value of the Bonds.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive less interest or principal than expected, or no interest or principal.

Interest rate risks

Investment in the Bonds involves the risk that subsequent changes in market interest rates may adversely affect the value of the Bonds.

The Bonds may be redeemed prior to maturity

In the event that the Issuer would be obliged to pay additional amounts payable in respect of any Bonds due to any withholding as provided in Condition 4(b), the Issuer may redeem all outstanding Bonds in accordance with such Terms and Conditions.

In addition, the Issuer has the option to redeem all (but not some only) of the Bonds as provided in Condition 4(c) of the Terms and Conditions of the Bonds. If the market interest rates decrease, the risk to Bondholders that the Issuer will exercise its right of early redemption increases. As a consequence, the yields received upon such early redemption may be lower than expected, and the redeemed face amount of the Bonds may be lower than the purchase price paid for such Bonds by the Bondholder where the purchase price was above par. As a consequence, part of the capital invested by the Bondholder may be lost, so that the Bondholder in such case would not receive the total amount of the capital invested. However, the redeemed face amount of the Bonds may not be below par. In addition, investors that choose to reinvest monies they receive through an early redemption may be able to do so only in securities with a lower yield than such redeemed Bonds.

Exercise of put option in respect of certain Bonds may affect the liquidity of the Bonds in respect of which such put option is not exercised

Depending on the number of Bonds in respect of which the put option provided in Condition 4(d) is exercised, any trading market in respect of those Bonds in respect of which such put option is not exercised may become illiquid.

Market value of the Bonds

The value of the Bonds depends on a number of interrelated factors, including economic, financial and political events in France or elsewhere, including factors affecting capital markets generally and the stock exchanges on which the Bonds are traded. The price at which a holder of Bonds will be able to sell the Bonds prior to maturity may be at a discount, which could be substantial, from the issue price or the purchase price paid by such purchaser.

Credit Rating may not reflect all risks

The ratings assigned by the Rating Agency to the Bonds may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Bonds. A rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by the Rating Agency at any time.

Change of law

The Terms and Conditions of the Bonds are based on the laws of France in effect as at the date of this Prospectus. No assurance can be given as to the impact of any possible judicial decision or change to the laws of France or administrative practice after the date of this Prospectus. Furthermore, the Issuer operates in a heavily regulated environment and has to comply with extensive regulations in France and elsewhere. No assurance can be given as to the impact of any possible judicial decision or change to laws or administrative practices after the date of this Prospectus.

French insolvency law

Under French insolvency law as amended by ordinance n°2008-1345 dated 18 December 2008 which came into force on 15 February 2009, holders of debt securities are automatically grouped into a single assembly of holders (the “**Assembly**”) during a safeguard procedure (*procédure de sauvegarde*), an accelerated financial safeguard procedure (*procédure de sauvegarde financière accélérée*) or a judicial reorganisation procedure (*procédure de redressement judiciaire*) of the Issuer, in order to defend their common interests. The Assembly comprises holders of all debt securities issued by the Issuer (including the Bonds), whether or not under a debt issuance programme (EMTN) and regardless of their governing law. The Assembly deliberates on the proposed safeguard plan (*projet de plan de sauvegarde*), proposed accelerated financial safeguard plan (*projet de plan de sauvegarde financière accélérée*) or judicial reorganisation plan (*projet de plan de redressement*) applicable to the Issuer and may further agree to:

- increase the liabilities (*charges*) of holders of debt securities (including the Bondholders) by rescheduling and/or writing-off debts;
- establish an unequal treatment between holders of debt securities (including the Bondholders) as appropriate under the circumstances; and/or
- decide to convert debt securities (including the Bonds) into shares.

Decisions of the Assembly will be taken by a two-third majority (calculated as a proportion of the debt securities held by the holders attending such Assembly or represented thereat). No quorum is required on convocation of the Assembly. For the avoidance of doubt, the provisions relating to the *Masse* described in this Prospectus will not be applicable in these circumstances.

Taxation

Potential purchasers and sellers of the Bonds should be aware that they may be required to pay taxes or other documentary charges or duties in accordance with the laws and practices of the country where the Bonds are transferred or other jurisdictions. In some jurisdictions, no official statements of the tax authorities or court decisions may be available for innovative financial instruments such as the Bonds. Potential investors are advised not to rely upon the tax overview contained in this Prospectus but to ask for their own tax adviser’s advice on their individual taxation with respect to the acquisition, holding, sale and redemption of the Bonds. Only these advisors are in a position to duly consider the specific situation of the potential investor. This investment consideration has to be read in connection with the taxation sections of this Prospectus.

EU Savings Directive

On 3 June 2003, the European Council of Economic and Finance Ministers adopted a directive 2003/48/CE regarding the taxation of savings income in the form of interest payments (the “**Directive**”). The Directive requires Member States, subject to a number of conditions being met, to provide to the tax authorities of other Member States details of payments of interest and other similar income made by a paying agent located within its jurisdiction to, or for the benefit of, an individual resident in that other Member State, except that, for a transitional period, Luxembourg and Austria will instead withhold an amount on interest payments unless the relevant beneficial owner of such payment elects otherwise.

If a payment were to be made or collected through a Member State which has opted for a withholding system and an amount of, or in respect of tax were to be withheld from that payment, neither the Issuer nor any paying agent nor any other person would be obliged to pay additional amounts with respect to any Bond as a result of the imposition of such withholding tax.

References below to “**Conditions**” are, unless the context otherwise requires, to the numbered paragraphs below.

1 Form, Denomination and Title

The Bonds are issued on 21 March 2013 (the “**Issue Date**”) in dematerialised bearer form in the denomination of €100,000. Title to the Bonds will be evidenced in accordance with Article L.211-3 of the French *Code monétaire et financier* by book-entries (*inscription en compte*). No physical document of title (including *certificats représentatifs* pursuant to Article R.211-7 of the French *Code monétaire et financier*) will be issued in respect of the Bonds.

The Bonds will, upon issue, be inscribed in the books of Euroclear France, which shall credit the accounts of the Account Holders. For the purpose of these Conditions, “**Account Holders**” shall mean any authorised intermediary institution entitled to hold accounts, directly or indirectly, with Euroclear France, and includes Euroclear Bank S.A./N.V. (“**Euroclear**”) and the depositary bank for Clearstream Banking, société anonyme (“**Clearstream, Luxembourg**”).

Title to the Bonds shall be evidenced by entries in the books of Account Holders and will pass upon, and transfer of Bonds may only be effected through, registration of the transfer in such books.

2 Status and Negative Pledge

(a) *Status of the Bonds*

The obligations of the Issuer in respect of the Bonds constitute direct, unconditional, (subject as provided below) unsecured and unsubordinated obligations and rank and will rank *pari passu* and without any preference among themselves and (subject to such exceptions as are from time to time mandatory under French law) equally and rateably with all other present or future unsecured and unsubordinated obligations of the Issuer.

(b) *Negative Pledge*

So long as any of the Bonds remains outstanding (as defined below), the Issuer will not create or permit to subsist any mortgage, charge, lien, pledge or other security interest (*sûreté réelle*) upon the whole or any part of its present or future assets or revenues for the benefit of any holders of any Relevant Debt (as defined below) to secure (1) payment of any sum due in respect of any such Relevant Debt or (2) any payment under any guarantee of or indemnity or other like obligation relating to any Relevant Debt, unless the Issuer’s obligations under the Bonds are equally and rateably secured (A) by such mortgage, charge, lien, pledge or security interest or (B) by such other security as shall be approved by the *Masse* (as defined in Condition 9) pursuant to Condition 9.

“**Relevant Debt**” means any present or future indebtedness for borrowed money which is in the form of, or represented by, bonds or notes (*obligations*) which are at the relevant time listed on any stock exchange.

“**outstanding**” means, in relation to the Bonds, all the Bonds issued other than: (a) those which have been redeemed in accordance with the Conditions, (b) those in respect of which the date for redemption in accordance with the Conditions has occurred and the redemption moneys (including all interest accrued on such Bonds to the date for such redemption and any interest payable under Condition 3 after such date) have been duly paid to the Fiscal Agent and (c) those which have been purchased and cancelled as provided in Condition 4.

3 Interest

The Bonds bear interest from and including 21 March 2013 (the “**Interest Commencement Date**”) at the Rate of Interest payable annually in arrear on 21 March in each year (each an “**Interest Payment Date**”), commencing on 21 March 2014. The period commencing on and including the Interest Commencement Date and ending on but excluding the first Interest Payment Date and each successive period commencing on and including an Interest Payment Date and ending on but excluding the next succeeding Interest Payment Date is called an “**Interest Period**”.

Bonds will cease to bear interest from the date provided for their redemption, unless the Issuer defaults in making due provision for their redemption on said date. In such event, interest will continue to accrue on the principal amount of such Bonds at the Rate of Interest (as well after as before judgment) until whichever is the earlier of (i) the day on which all sums due in respect of such Bonds up to that day are received by or on behalf of the relevant holder and (ii) the day after the Fiscal Agent has notified the Bondholders in accordance with Condition 10 of receipt of all sums due in respect of all the Bonds up to that day.

Interest will be calculated on an Actual/Actual (ICMA) basis. If interest is required to be calculated for a period of less than one year, it will be calculated on the basis of a day count fraction which will be calculated by taking the actual number of days in the relevant period, from (and including) the date from which interest begins to accrue to (but excluding) the date on which it falls due, divided by the number of days in the Interest Period in which the relevant period falls (including the first such day but excluding the last).

In these Conditions:

“**Initial Rate of Interest**” means 2.50 per cent. per annum.

“**Investment Grade Rating**” means a rating of the Issuer of BBB- solicited by the Issuer from S&P (as defined at Condition 4(d)) or its equivalent for the time being solicited by the Issuer from another rating agency in the place of S&P, or better;

“**Non-Investment Grade Rating**” means a rating of the Issuer of BB+ solicited by the Issuer from S&P or its equivalent for the time being solicited by the Issuer from another rating agency in the place of S&P, or worse; and

“**Rate of Interest**” means the interest rate per annum applicable to the Bonds in respect to any Interest Period or any other period, as follows:

- (i) if, on the first day of any Interest Period, the Issuer has an Investment Grade Rating, the Rate of Interest with respect to such Interest Period shall be the Initial Rate of Interest; and
- (ii) if, on the first day of any Interest Period, the Issuer has a Non-Investment Grade Rating or has no rating, the Rate of Interest with respect to such Interest Period shall be the Initial Rate of Interest plus 1.25 per cent. per annum.

4 Redemption and Purchase

The Bonds may not be redeemed otherwise than in accordance with this Condition 4.

(a) *Final Redemption*

Unless previously redeemed or purchased and cancelled as provided below, the Bonds will be redeemed by the Issuer at their principal amount on the Interest Payment Date falling on 21 March 2019 (the “**Maturity Date**”).

(b) *Redemption for Taxation Reasons*

(i) If, by reason of a change in French law or regulator, or any change in the official application or interpretation of such law, becoming effective after the Issue Date, the Issuer would on the occasion of the next payment due in respect of the Bonds, not be able to make such payment without having to pay additional amounts as specified in Condition 6 below, the Issuer may on any Interest Payment Date, subject to having given not more than 45 nor less than 30 days’ prior notice to the Bondholders (which notice shall be irrevocable), in accordance with Condition 10, redeem all, but not some only, of the outstanding Bonds at their principal amount provided that the due date for redemption of which notice hereunder may be given shall be no earlier than the latest practicable Interest Payment Date on which the Issuer could make payment of principal and interest without withholding for French taxes.

(ii) If the Issuer would on the occasion of the next payment in respect of the Bonds be prevented by French law from making payment to the Bondholders of the full amount then due and payable, notwithstanding the undertaking to pay additional amounts contained in Condition 6 below, then the Issuer shall forthwith give notice of such fact to the Fiscal Agent and the Issuer shall upon giving not less than seven days’ (7) prior notice to the Bondholders in accordance with Condition 10 redeem all, but not some only, of the Bonds then outstanding at their principal amount plus any accrued interest on the latest practicable date on which the Issuer could make payment of the full amount payable in respect of the Bonds without withholding for French taxes, or, if such date is past, as soon as practicable thereafter.

(c) *Redemption at the option of the Issuer*

The Issuer may, subject to compliance with all relevant laws, regulations and directives and to having given not more than 30 nor less than 15 days’ notice to the Bondholders (which notice shall be irrevocable and shall specify the date fixed for redemption) in accordance with Condition 10 (*Notices*), redeem all (but not some only) of the Bonds at any time prior to their Maturity Date (the “**Make-whole Redemption Date**”) at an amount per Bond calculated by the Calculation Agent (as defined below) and equal to the greater of:

(a) 100 per cent. of the principal amount of the Bonds; or

(b) the sum of the then current values of the remaining scheduled payments of principal and interest (not including any interest accrued on the Bonds to, but excluding, the Make-whole Redemption Date) discounted to the Make-whole Redemption Date on an annual basis (based on the actual number of days elapsed divided by 365 or (in the case of a leap year) by 366) at the Reference Rate (as defined below) plus 0.35 per cent.,

plus, in each case (a) or (b) above, any interest accrued on the Bonds to, but excluding, the Make-whole Redemption Date.

The Reference Rate will be published by the Issuer in accordance with Condition 10.

The Reference Rate is the average of the four quotations given by the Relevant Dealers of the mid-market annual yield of the Reference Bund on the fourth Business Day (as defined in Condition 5(b) preceding the Make-whole Redemption Date at 11.00 a.m. (Central European Time (“CET”))).

If the Reference Bund is no longer outstanding, a Similar Security will be chosen by the Calculation Agent at 11.00 a.m. (CET) on the third Business Day in London preceding the Make-whole Redemption Date, quoted in writing by the Calculation Agent in accordance with Condition 15.

Where:

“**Reference Bund**” means the Federal Government Bund of Bundesrepublik Deutschland due April 2019, with ISIN DE0001135374;

“**Reference Dealers**” means each of the four banks selected by the Calculation Agent which are primary European government security dealers, and their respective successors, or market makers in pricing corporate bond issues;

“**Similar Security**” means a reference bond or reference bonds issued by the German Federal Government having an actual or interpolated maturity comparable with the remaining term of the Bonds that would be utilised, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of comparable maturity to the remaining term of the Bonds.

The Issuer will procure that, so long as any Bond is outstanding, there shall at all times be a Calculation Agent for the purposes of the Bonds. If the Calculation Agent is unable or unwilling to continue to act as the Calculation Agent or if the Calculation Agent fails duly to establish the amount due in relation to this Condition 4(c), the Issuer shall appoint some other leading bank engaged in the Euro interbank market (acting through its principal Euro-zone office) to act as such in its place. The Calculation Agent may not resign its duties without a successor having been so appointed.

All notifications, opinions, determinations, certifications, calculations, quotations and decisions given, expressed, made or obtained for the purposes of this Condition 4(c) by the Calculation Agent shall (in the absence of willful default, bad faith or manifest error) be binding on the Issuer and the Bondholders and (in the absence as aforesaid) no liability to the Issuer or the Bondholders shall attach to the Calculation Agent in connection with the exercise or non-exercise of its powers, duties and discretions.

(d) *Redemption at the option of Bondholders following a Change of Control*

- (i) If at any time while any Bond remains outstanding, there occurs (i) a Change of Control (as defined below) and (ii) within the Change of Control Period, a Rating Downgrade (as defined below) occurs or has occurred as a result of such Change of Control or as the result of a Potential Change of Control (in either case a “**Put Event**”), the holder of each Bond will have the option (the “**Put Option**”) (unless, prior to the giving of the Put Event Notice (as defined below), the Issuer gives notice to redeem the Bonds under Condition 4(b) (*Redemption for Taxation Reasons*) and 4(c) (*Redemption at the option of the Issuer*)) to require the Issuer to redeem or, at the Issuer's option, to procure the purchase of that Bond, on the Optional Redemption Date (as defined below) at its principal amount outstanding of such Bonds together with (or where purchased, together with an amount equal to) interest accrued to, but excluding, the Optional Redemption Date.

A “**Change of Control**” shall be deemed to have occurred at each time that any person or persons acting in concert come(s) to legally or beneficially own or acquire(s) directly or indirectly such number of shares in the capital of the Issuer carrying more than 50 per cent. of the voting rights exercisable at a general meeting of the Issuer.

“**Change of Control Period**” means the period commencing on the date that is the earlier of (1) the first public announcement of the result (*avis de résultat*) by the *Autorité des marchés financiers* (“**AMF**”) or by the Issuer of the relevant Change of Control and (2) the date of the Potential Change of Control and ending on the date which is 90 days after the date of the first public announcement of the result.

A “**Potential Change of Control**” means any public announcement or statement by the Issuer, or by any actual or potential bidder(s) relating to any potential Change of Control of the Issuer.

A “**Rating Downgrade**” shall be deemed to have occurred in respect of a Change of Control or of a Potential Change of Control if within the Change of Control Period, the rating previously assigned to the Bonds by any Rating Agency (as defined below) solicited by the Issuer is (x) withdrawn or (y) changed from an investment grade rating (BBB-, or its equivalent for the time being, or better) to a non-investment grade rating (BB+, or its equivalent for the time being, or worse) or (z) if the rating previously assigned to the Bonds by any Rating Agency solicited by the Issuer was below an investment grade rating (as described above), lowered by at least one full rating notch (for example, from BB+ to BB; or their respective equivalents), provided that (i) a Rating Downgrade otherwise arising by virtue of a particular change in rating shall be deemed not to have occurred in respect of a particular Change of Control or Potential Change of Control, as the case may be, if the Rating Agency does not publicly announce or publicly confirm that the reduction was the result, in whole or in part, of the Change of Control or the Potential Change of Control, as the case may be, and (ii) any Rating Downgrade must have been confirmed in a letter or other form of written communication sent to the Issuer and publicly disclosed. If the Bonds are rated by more than one Rating Agency and such rating has been solicited by the Issuer, the rating to be taken into account to determine whether a Rating Downgrade has occurred shall be the lower rating assigned by any such Rating Agency.

If the Bonds cease at any time to have a rating assigned to them by at least one Rating Agency, the Issuer shall use its best endeavours to obtain a rating of the Bonds from a Rating Agency as soon as practicable.

“**Rating Agency**” means Standard & Poor's Ratings Services (“**S&P**”), Fitch Ratings Ltd., Moody's Investor Services or any other rating agency of equivalent international standing specified from time to time by the Issuer and, in each case, their respective successors or affiliates.

- (i) Promptly upon the Issuer becoming aware that a Put Event has occurred, the Issuer shall give notice (a “**Put Event Notice**”) to the Bondholders in accordance with Condition 10 specifying the nature of the Put Event and the circumstances giving rise to it and the procedure for exercising the Put Option contained in this Condition 4(d).
- (ii) To exercise the Put Option to require redemption or, as the case may be, purchase of the Bonds under this Condition 4(d), a Bondholder must transfer or cause to be transferred its Bonds to be so redeemed or purchased to the account of the Fiscal Agent specified in the Put Option Notice (as defined below) for the account of the Issuer within the period (the “**Put Period**”) of 45 days after a Put Event Notice is given together with a duly signed and completed notice of exercise in the then current form obtainable from the

specified office of any Paying Agent (a "**Put Option Notice**") and in which the holder may specify a bank account to which payment is to be made under this Condition 4(d).

A Put Option Notice once given shall be irrevocable. The Issuer shall redeem or, at the option of the Issuer procure the purchase of, the Bonds in respect of which the Put Option has been validly exercised as provided above, and subject to the transfer of such Bonds to the account of the Fiscal Agent for the account of the Issuer as described above on the date which is the fifth Business Day following the end of the Put Period (the "**Optional Redemption Date**"). Payment in respect of such Bonds will be made on the Optional Redemption Date by transfer to the bank account specified in the Put Option Notice and otherwise subject to the provisions of Condition 5.

(iii) For the avoidance of doubt, the Issuer shall have no responsibility for any cost or loss of whatever kind (including breakage costs) which the Bondholder may incur as a result of or in connection with such Bondholder's exercise or purported exercise of, or otherwise in connection with, any Put Option (whether as a result of any purchase or redemption arising there from or otherwise).

(e) *Purchases*

The Issuer may at any time purchase Bonds together with rights to interest relating thereto in the open market or otherwise at any price, subject to the applicable laws and/or regulations.

All Bonds so purchased by the Issuer may be held and resold in accordance with Article L.213-1-A of the French *Code monétaire et financier*, for the purpose of enhancing the liquidity of Bonds, provided that the Issuer will not be entitled to hold the Bonds for a period exceeding one year from their purchase date, in accordance with Article D.213-1-A of the French *Code monétaire et financier*.

(f) *Cancellation*

All Bonds which are redeemed or purchased pursuant to paragraphs (b)(i), (b)(ii), (c), (d) or (e) of this Condition will forthwith be cancelled and accordingly may not be reissued or sold.

5 **Payments**

(a) *Method of Payment*

Payments of principal and interest in respect of the Bonds will be made in Euro by credit or transfer to a Euro-denominated account (or any other account to which Euro may be credited or transferred) specified by the payee in a city in which banks have access to the TARGET System.

"**TARGET System**" means the Trans European Automated Real Time Gross Settlement Express Transfer (known as TARGET2) System or any successor thereto.

Such payments shall be made for the benefit of the Bondholders to the Account Holders and all payments validly made to such Account Holders in favour of the Bondholders will be an effective discharge of the Issuer and the Paying Agents, as the case may be, in respect of such payments.

Payments of principal and interest on the Bonds will, in all cases, be subject to any fiscal or other laws and regulations applicable thereto in the place of payment, but without prejudice to the provisions of Condition 6.

(b) *Payments on Business Days*

If any due date for payment of principal or interest in respect of any Bond is not a Business Day (as defined below), then the holder thereof shall not be entitled to payment of the amount due until the next following day which is a Business Day and the holder shall not be entitled to any interest or other sums in respect of such postponed payment.

In this Condition “**Business Day**” means a day (other than a Saturday or a Sunday or any public holiday in France) on which Euroclear France is open for general business and which is a TARGET Business Day.

No commission or expenses shall be charged to the Bondholders in respect of such payments.

(c) *Fiscal Agent and Paying Agents*

The names of the initial Agents and their specified offices are set out below.

The Issuer reserves the right at any time to vary or terminate the appointment of the Fiscal Agent or Paying Agent and/or appoint additional or other Paying Agents or approve any change in the office through which any such Agent acts, provided that there will at all times be a Fiscal Agent and a Principal Paying Agent having a specified office in a European city. Any termination or appointment shall only take effect (other than in the case of insolvency, when it shall be of immediate effect) after not more than 45 nor less than 30 calendar days’ notice thereof shall have been given to the Bondholders by the Issuer in accordance with Condition 10.

6 Taxation

(a) *Withholding Tax Exemption*

All payments of principal, interest and other revenues by or on behalf of the Issuer in respect of the Bonds shall be made free and clear of, and without withholding or deduction for, any taxes or duties of whatever nature imposed, levied or collected by or on behalf of France or any authority therein or thereof having power to tax, unless such withholding or deduction is required by law.

(b) *Additional Amounts*

If, pursuant to French laws or regulations, payments of principal or interest in respect of any Bond become subject to deduction or withholding in respect of any present or future taxes, duties, assessments or other governmental charges of whatever nature imposed by or on behalf of France or any authority therein or thereof having power to tax, the Issuer shall, to the fullest extent then permitted by law, pay such additional amounts as may be necessary in order that the holder of each Bond, after such deduction or withholding, will receive the full amount then due and payable thereon in the absence of such withholding; provided, however, that the Issuer shall not be liable to pay any such additional amounts in respect of any Bond:

- (i) to, or to a third party on behalf of a Bondholder who is liable to such taxes, duties, assessments or governmental charges in respect of such Bond by reason of his having some connection with France other than the mere holding of such Bond;
- (ii) more than 30 days after the Relevant Date (as defined below), except to the extent that the holder thereof would have been entitled to such additional amounts on the last day of such period of 30 days; or
- (iii) where such withholding or deduction is imposed on a payment to an individual and is required to be made pursuant to any European Council Directive 2003/48/EC or any

other European Union Directive implementing the conclusions of the ECOFIN Council meeting of 26-27 November 2000 on the taxation of savings or any law implementing or complying with, or introduced in order to conform to, such Directive.

For this purpose, the “**Relevant Date**” in relation to any Bond means whichever is the later of (A) the date on which the payment in respect of such Bond first becomes due and payable, and (B) if the full amount of the moneys payable on such date in respect of such Bond has not been received by the Fiscal Agent on or prior to such date, the date on which notice is given to Bondholders that such moneys have been so received, notice to that effect shall have been duly published in accordance with Condition 10.

Any references to these Conditions to principal and interest shall be deemed also to refer to any additional amounts which may be payable under the provisions of this Condition 6.

7 Events of Default

If any of the following events (each an “**Event of Default**”) shall have occurred and be continuing:

- (i) default in any payment when due of interest on any of the Bonds, if such default shall not have been remedied within 5 Business Days (as defined in Condition 5(b)) thereafter; or
- (ii) default in the performance of, or compliance with, any other obligation of the Issuer under the Bonds other than as referred to in Condition 7(i) above, if such default shall not have been remedied within 30 calendar days after receipt by the Fiscal Agent of written notice of such default given by the Representative (as defined in Condition 9); or
- (iii) the Issuer makes any proposal for a general moratorium in relation to its debts or enters into a conciliation procedure (*procédure de conciliation*) with its creditors or a judgment is issued for the judicial liquidation (*liquidation judiciaire*) or for a judicial transfer of the whole of its business (*cession totale de l'entreprise*); or, to the extent permitted by applicable law, if it is subject to any other insolvency or bankruptcy proceedings; or if the Issuer makes any conveyance, assignment or other arrangement for the benefit of, or enters into a composition with, all or a substantial number of its creditors with a view to a restructuring or rescheduling of its indebtedness; or if the Issuer is wound up or dissolved except with the prior approval of the *Masse* for the purposes of an amalgamation, reorganisation, consolidation or merger which is implemented; or
- (iv) any other present or future indebtedness of the Issuer for or in respect of borrowed money becomes due and payable (*exigible*) prior to its stated maturity by reason of the occurrence of a default, event of default or other similar condition or event (however described) with equivalent effect (together, “**default**”), provided that the aggregate amount of the relevant indebtedness equals or exceeds € 100,000,000 or its equivalent unless such default is contested in good faith by the Issuer before a competent court or by other appropriate proceedings provided that the claim alleging the occurrence of such default is withdrawn, dismissed or stayed within 90 calendar days from the date on which the relevant indebtedness was first alleged to have become due and payable; or
- (v) all or any substantial part of the property, assets or revenues of the Issuer shall be attached or shall become subject at any time to any order of court or the enforcement of any security interests (*sûretés réelles*) and such attachment or order shall remain in effect and not be discharged for, or the steps taken to enforce any such security interests shall not be withdrawn or stayed within 30 calendar days,

then the Representative (as defined below) may, by notice in writing to the Issuer and the Fiscal Agent given on behalf of the Bondholders before all continuing Events of Default shall have been remedied,

cause the Bonds to become immediately due and payable whereupon they shall become immediately due and payable without further formality at the principal amount of the Bonds together with any accrued interest thereon.

8 Issuer Authorisations

If at any time an authorisation becomes necessary to permit the Issuer to pay the principal of, or interest on, the Bonds as a result of any change in the official application of, or any amendment to, the laws or regulations of France, the Issuer shall immediately apply for the necessary authorisations and forthwith provide copies of such application to the Fiscal Agent. The Issuer shall provide copies of such authorisations to the Fiscal Agent within a reasonable period after they are obtained.

9 Representation of the Bondholders

The Bondholders will be grouped automatically for the defence of their respective common interests in a *masse* (hereinafter referred to as the “*Masse*”).

The *Masse* will be governed by the provisions of the French *Code de commerce* with the exception of Articles L.228-48, L.228-59, L.228-65 II, L.228-71, L.228-72, R.228-67, R.228-69, R.228-72 and R.228-79, thereof, and by the conditions set out below, provided that notices calling a general meeting of the Bondholders (a “**General Meeting**”) and the resolutions passed at any General Meeting and any other decision to be published pursuant to French legal and regulatory provisions will be published only as provided under Condition 10 below:

(a) Legal Personality

The *Masse* will be a separate legal entity, by virtue of Article L.228-46 of the French *Code de commerce* acting in part through a representative (the “**Representative**”) and in part through a General Meeting.

The *Masse* alone, to the exclusion of all individual Bondholders, shall exercise the common rights, actions and benefits which now or in the future may accrue with respect to the Bonds.

(b) Representative

The office of Representative may be conferred on a person of any nationality. However, the following persons may not be chosen as Representative:

Bondholders' attention is drawn to the fact that the members of the *Association de représentation de la masse de titulaires de valeurs mobilières* are also employees of Société Générale.

The Issuer shall pay to the Representative an amount of €613 per year.

All interested parties will at all times have the right to obtain the name and address of the Representative at the primary business office of the Issuer and at the offices of any of the Paying Agents.

(c) *Powers of the Representative*

The Representative shall, in the absence of any decision to the contrary of the General Meeting of Bondholders, have the power to take all acts of management to defend the common interests of the Bondholders.

All legal proceedings against the Bondholders or initiated by them must be brought against the Representative or by it, and any legal proceedings which shall not be brought in accordance with this provision shall not be legally valid.

The Representative may not interfere in the management of the affairs of the Issuer.

(d) *General Meetings*

A General Meeting may further deliberate on any proposal relating to the modification of these Conditions, including:

- (i) any proposal, whether for arbitration or settlement, relating to rights in controversy or which were the subject of judicial decisions; and

it being specified, however, that a General Meeting may not increase amounts payable by the Bondholders, nor establish any unequal treatment between the Bondholders, nor decide to convert the Bonds into shares of the Issuer or any other entity.

General Meetings may deliberate validly on first convocation only if Bondholders present or represented hold at least a fifth of the Bonds then outstanding. On second convocation, no quorum shall be required. Decisions at meetings shall be taken by a simple majority of votes cast by the Bondholders attending such meeting or represented thereat.

In accordance with Article R.228-71 of the French *Code de commerce*, the right of each Bondholder to participate in General Meetings will be evidenced by the entries in the books of the relevant Account Holder of the name of such Bondholder as of 0:00, Paris time, on the third business day in Paris preceding the date set for the meeting of the relevant General Meeting.

(f) *Information to the Bondholders*

Each Bondholder or representative thereof will have the right, during the 15 day period preceding the holding of each General Meeting, to consult or make a copy of the text of the resolutions which will be proposed and of the reports which will be presented at the meeting, which will be available for inspection at the principal office of the Issuer, at the offices of the Paying Agents and at any other place specified in the notice of meeting.

(g) *Expenses*

The Issuer will pay all reasonable expenses incurred in the operation of the *Masse*, including expenses relating to the calling and holding of meetings and the expenses which arise by virtue of the remuneration of the Representative, and more generally all administrative expenses resolved upon by a General Meeting of the Bondholders, it being expressly stipulated that no expenses may be imputed against interest payable on the Bonds.

(h) *Notice of Decisions*

Decisions of the meetings shall be published in accordance with the provisions set out in Condition 10 not more than 90 days from the date thereof.

10 Notices

Any notice to the Bondholders will be valid if delivered to the Bondholders through Euroclear France, Euroclear or Clearstream, Luxembourg, for so long as the Bonds are cleared through such clearing systems and so long as the Bonds are admitted to trading on the Regulated Market of the Luxembourg Stock Exchange, on the website of the Luxembourg Stock Exchange (www.bourse.lu). Any such notice shall be deemed to have been given on the date of such delivery or, if delivered more than once or on different dates, on the first date on which such delivery is made.

11 Prescription

Claims against the Issuer for the payment of principal and interest in respect of the Bonds shall become prescribed 10 years (in the case of principal) and five years (in the case of interest) from the due date for payment thereof.

12 Further Issues

The Issuer may, from time to time without the consent of the Bondholders, issue further Bonds to be assimilated (*assimilables*) with the Bonds as regards their financial service, provided that such further Bonds and the Bonds shall carry rights identical in all respects (or in all respects except for the first payment of interest thereon) and that the terms of such further Bonds shall provide for such assimilation. In the event of such assimilation, the Bondholders and the holders of any assimilated Bonds will, for the defence of their common interests, be grouped in a single *Masse* having legal personality.

13 Governing Law and Jurisdiction

The Bonds are governed by the laws of France.

For the benefit of the Bondholders, the Issuer submits to jurisdiction of the competent courts in Paris. This submission shall not limit the right of any Bondholder to take proceedings in any other court of competent jurisdiction.

USE OF PROCEEDS

The net proceeds from the issue of the Bonds, which will be €595,212,000 will be used for the general corporate purposes of the Issuer.

RECENT DEVELOPMENTS

- **Acceleration of the dynamic around the brands and recognition of operational teams**

In a press release dated 6 December 2012, Accor announced **a new brand-based organization of its operations in Europe, effective as of 1 January 2013**, with the aim of anticipating trends in the hotel sector and strengthening its brands.

The press release stated that the hotel market is facing many major challenges and that greater segmentation in the market and increasingly specific customer expectations call for strongly positioned brands. These trends offer the group an opportunity to **reinvent the business model of its brands** in line with their particular positioning and segment, triggering the need of setting up dedicated teams to each brand.

This new organization structure concerns Accor's activities in **15 countries** in Western and Central Europe across **eight brands**: Pullman, MGallery, Mercure, Novotel, Suite Novotel, ibis, ibis Styles and ibis *budget*. Altogether, this represents **over 210,000 rooms** and **nearly 2,000 hotels**, i.e. **half of the group's global network**.

At the head of each brand or group of brands is a Chief Operating Officer Europe, assisted by a support team reporting to him, dedicated to the brand and comprising expertise in key areas such as marketing, human resources, management control and technical standards. The geographical scope of this organization structure is divided into four main regions: **Northern Europe, Southern Europe, Central Europe and France**, with a Brand SVP for each region.

The press release stated that Accor was **the first player in the hotel sector to put this type of organization in place** and that it will strengthen the professionalization of teams, which will now be dedicated to a single brand, making the brands stronger and more coherent.

Indeed, the new organization structure **will enrich exchanges between the nearly 400 franchised owners** operating hotels in this region. They will be able to dialogue with the dedicated teams, giving them easier access to the brand manager, and there will be greater opportunities for exchange of best practices between European franchisees. For the group employees involved, it also **offers new development opportunities**, since they will be working in a more international environment. The brands' management programs will also be strengthened, with a modernization of the training courses offered.

In the framework of this new brand-based organization of operations in Europe, **the following appointments have been made**:

- Christophe Alaux, Chief Operating Officer, Mercure & MGallery Europe
- Jean-Paul Philippon, Chief Operating Officer, Novotel & Suite Novotel Europe
- Christophe Vanswieten, Chief Operating Officer, Pullman Europe
- Peter Verhoeven, Chief Operating Officer, Ibis brands Europe

- **Stepping down from the Accor's Board of Directors of Franck Riboud**

Accor has announced in a press release dated 7 January 2013 that Franck Riboud stepped down from Accor's Board of Directors effective 31 December 2012. His decision was in line with the recommendation limiting the number of directorships that should be held by an executive director in accordance with good corporate governance practice.

Mr. Riboud was first elected to Accor's Supervisory Board on 3 July 2001 and subsequently became an independent director following the change in the Company's governance structure on 9 January 2006. He was also a member of the Compensation, Appointments and Corporate Governance Committee.

In the coming weeks, the Compensation, Appointments and Corporate Governance Committee will review the various options and make a recommendation to the Board of Directors concerning the composition of the Board following Mr. Riboud's departure.

- **Appointment of Gilles Bonnier as Head of Accor's new Property Management Department**

Accor has announced in a press release dated 31 January 2013 that Accor is redefining its organization structure to create a less capital intensive, more effective business model.

Gilles Bonnier is appointed Global Chief Asset and Investments Officer. He is a graduate of ISC Business School and holds a Master's in Technology and Management from Ecole Centrale Paris. Gilles Bonnier, who is 45 years old, started his career in banking, at Crédit Lyonnais, ABN Amro and Crédit Agricole Indosuez. He joined Foncière des Régions in 2004, where he piloted the creation of Foncière des Murs and the merger between Foncière des Régions and Bail Investissement. He had been since 2010 Chief Financial Officer of Gecina and a member of its Executive Committee.

Accor announced that, at Accor, he will be responsible for defining and managing the group's real-estate strategy. He will be in charge of all the group's real-estate activities: managing and reorganizing hotel property assets, managing and monitoring acquisitions, optimizing all owned hotels construction and renovation investments, as well as managing relations with institutional property investors. In this mission, he will rely on Marc Vieilledent's hospitality expertise.

Gilles Bonnier will be a member of Accor Executive Committee and will work closely with Yann Caillère, President and Chief Operating Officer, and Sophie Stabile, Global Chief Financial Officer, to successfully implement Accor's strategic plan. He will take up his position during the course of March 2013.

- **Accor enters into a transformation process to drive further growth**

Accor announced in a press release dated 20 February 2013 that as part of the ongoing transformation of its business model, which is being driven both by fast growth under management and franchise contracts and by a dynamic asset management strategy, Accor is now committed, by the end of 2016, to operating its portfolio a room base 40% under franchise agreements, 40% under management contracts and 20% in owned or leased hotels.

This transformation will also lead to a geographical shift in the income stream, with the target of earning 50% of EBIT from emerging markets by the end of 2016 (15% of EBIT was earned from emerging markets at the end of 2011).

This process will involve consolidating the Group's existing leadership in emerging markets, restructuring the portfolio in Europe to focus on a majority of management and franchise contracts, and strengthening the Group's expertise and accountability.

It will be supported by five key drivers:

1. Strengthening the brands and distribution
2. Maintaining the fast pace of development
3. Stepping up the asset management program
4. Improving organizational efficiency
5. Achieving operational excellence to improve competitiveness

1. Strengthening brands and distribution

Accor has a comprehensive portfolio of strategically related brands, covering the entire market from Luxury to Economy. It intends to strengthen this strategy, which is essential in an asset light model for both guests and owners. The other critical challenge in an asset-light model is distribution, which is constantly evolving. Accor will invest about €30 million a year between now and the end of 2016 to increase online bookings to 50% of the total and to limit the influence of online travel agents.

2. Maintaining the fast pace of development

After another year of record investment, Accor has confirmed its ambitious objective of opening 30,000 new rooms and acquiring 5,000 others, with 85% of them operated under asset-light structures.

The EBIT margin targeted for this expansion is close to 17%.

By 2016, development expenditure will decrease to between €100 million and €150 million a year, from €250 million in 2012, and will be primarily dedicated to economy hotels in strategic cities around the world.

3. Stepping up the asset management program

Asset management is one of the core pillars of the Group's transformation. The 2013-2015 plan, designed to reduce adjusted net debt by €1 billion, has been accelerated with a new plan for 2016 that will restructure some 800 hotels, of which nearly 200 are owned and 600 leased. 83% of this restructuring process will take place in Europe.

The total impact on revenue will amount to €2 billion. The impact on consolidated adjusted net debt will total €2 billion by the end of 2016, of which €1.3 billion from owned hotels and €700 million from lease contracts, including €600 million in exit costs for fix-leased hotels i.e. less than 3 years of rental charge.

4. Improving organizational efficiency

To support the transformation, Accor is reorganizing its corporate functions around two departments:

- The Operations Department, with, since 1 January 2013, an organization by brands in Europe committed to optimizing each one's identity, reputation, distribution and asset-light development.
- The Property Management Department, which will be established in first-half 2013. Its central objectives will be to implement the asset management plan, manage and optimize capital expenditure and manage property asset turnover.

Support functions will back activities in both departments.

5. Achieving operational excellence to improve competitiveness

In response to the structural increase in operational costs, a more competitive market environment (evolution of online distribution) and the sustained deterioration in market conditions in Southern Europe, Accor has launched a €100-million cost savings plan for the 2013-2014 period. In particular, the plan will involve a strategic review and prioritization of projects, as well as a reduction in operating costs for the Group and its subsidiaries in Europe.

This will come as part of the Operational Excellence program already underway, which notably implies disciplined cost management. The objective is to systematically strengthen and optimize the strategic transformations launched by the Group.

Through implementation of the above strategy by 2016 Accor is targeting to:

- Reduce its adjusted net debt by €2 billion, of which €1.3 billion for owned hotels and €700 million for leased hotels.
- Improve consolidated operating margin above 15% and ROCE above 18%.
- Structurally reduce capital expenditure to an annual envelope of €300-400 million, of which €100-150 million of expansion capex and €200-250 million for maintenance and renovation capex.
- Reduce its sensitivity to cycles by 50% vs. 2010.

Together, this will considerably optimize the structural generation of cash flow.

Besides, Accor confirms its commitment to keep its investment grade status. In that frame, the Group will continue to explore opportunistic acquisitions offering ROCE above 12% and will return cash to shareholders through ordinary dividends (with a 50% pay-out ratio) and special dividends.

TAXATION

The following is a general description of certain EU, Luxembourg and French tax considerations relating to the Bonds. It does not purport to be a complete analysis of all tax considerations relating to the Bonds, whether in those countries or elsewhere. Prospective purchasers of Bonds should consult their own tax advisers as to the consequences, under the tax laws of the country of which they are resident for tax purposes and the tax laws of Luxembourg and the Republic of France, of acquiring, holding and disposing of the Bonds and receiving payments of interest, principal and/or other amounts under the Bonds. This overview is based upon the law as in effect on the date of this Prospectus and is subject to any change in law that may take effect after such date.

EU Savings Directive

Under EC Council Directive 2003/48/EC on the taxation of savings income (the “**Directive**”), each Member State is required to provide to the tax authorities of another Member State details of payments of interest (or similar income) paid by a person located within its jurisdiction to, or collected by such a person for, an individual resident in that other Member State. However, for a transitional period, Austria and Luxembourg are instead required (unless during that period they elect otherwise) to operate a withholding system in relation to such payments (the ending of such transitional period being dependent upon the conclusion of certain other agreements relating to information exchange with certain other countries).

If a payment were to be made or collected through a Member State which has opted for a withholding system and an amount of, or in respect of, tax were to be withheld from that payment, neither the Issuer nor any Paying Agent nor any other person would be obliged to pay additional amounts with respect to any Bond as a result of the imposition of such withholding tax. If a withholding tax is imposed on a payment made by a Paying Agent, the Issuer is required to maintain a Paying Agent in a Member State that is not obliged to withhold or deduct tax pursuant to the Directive.

The European Commission has proposed certain amendments to the Directive, which may, if implemented, amend or broaden the scope of the requirements described above. Investors who are in any doubt as to their position should consult their professional advisors.

Luxembourg Taxation

Under Luxembourg tax law currently in effect and with the possible exception of interest paid to individual Bondholders or Bondholders that are Residual Entities (as defined below), there is no withholding tax on payments of interest (including accrued but unpaid interest). There is also no Luxembourg withholding tax, with the possible exception of interest paid to individual Bondholders or Bondholders that are Residual Entities (as defined below), upon repayment of the principal in case of reimbursement, redemption, repurchase or exchange of the Bonds.

Luxembourg non-resident individuals

Under the Luxembourg laws dated 21 June 2005 implementing the Directive and several agreements concluded between Luxembourg and certain dependent territories of the European Union (“EU”), a Luxembourg-based paying agent (within the meaning of the Directive) is required, since 1 July 2005, to withhold tax on interest and other similar income paid by it to (or under certain circumstances, to the benefit of) an individual or certain Residual Entities (as defined below) resident or established in another Member State or in certain EU dependent or associated territories, unless the beneficiary of the interest payments elects for the exchange of information or, in case of an individual beneficiary, the tax certificate procedure. Residual Entities, in the sense of Article 4.2. of the Directive, are entities who are not legal persons (the Finnish and Swedish companies listed in Article 4.5 of the Savings Directive are not

considered as legal persons for this purpose), whose profits are not taxed under the general arrangements for the business taxation and that are not and have not opted to be considered as UCITS recognized in accordance with Council Directive 85/611/EEC as replaced by the Council Directive 2009/65/EC or similar collective investment funds located in Guernsey, Jersey, the Isle of Man, the Turks and Caicos Islands, the Cayman Islands, Montserrat or the British Virgin Islands.

The applicable withholding tax rate is 35%. Responsibility for the withholding of the tax will be assumed by the Luxembourg paying agent. The withholding tax system will only apply during a transitional period, the ending of which depends on the conclusion of certain agreements relating to information exchange with certain other countries.

Luxembourg resident individuals

As from 1 January 2006, a 10% withholding tax has been introduced by the Luxembourg law dated 23 December 2005 (amended by the law of 17 July 2008). Under such law payments of interest or similar income made or ascribed by a paying agent established in Luxembourg to or for the immediate benefit of an individual beneficial owner who is resident of Luxembourg or to certain Residual Entities that secure interest payments on behalf of such individuals (unless such entities have opted either to be treated as UCITS recognised in accordance with the Council Directive 85/611/EEC as replaced by the Council Directive 2009/65/EC or for the exchange of information regime) will be subject to a withholding tax of 10%. Only interest accrued after 1 July 2005 falls within the scope of this withholding tax. Such withholding tax will be in full discharge of income tax if the beneficial owner is an individual acting in the course of the management of his or her private wealth. Responsibility for the withholding of the tax will be assumed by the Luxembourg paying agent.

French Taxation

The following is only intended as an overview of certain withholding tax consequences that may be relevant to holders of Notes who do not concurrently hold shares of the Issuer.

Payments of interest and other revenues made by the Issuer with respect to the Bonds will not be subject to the withholding tax set out under Article 125 A III of the French *Code général des impôts* unless such payments are made outside France in a non-cooperative State or territory (*Etat ou territoire non coopératif*) within the meaning of Article 238-0 A of the French *Code général des impôts* (a "**Non-Cooperative State**"). If such payments under the Bonds are made in a Non-Cooperative State, a 75 % withholding tax will be applicable (subject to certain exceptions and to the more favourable provisions of any applicable double tax treaty) by virtue of Article 125 A III of the French *Code général des impôts*.

Furthermore, in application of Article 238 A of the French *Code général des impôts*, interest and other revenues on such Bonds are not deductible from the Issuer's taxable income, if they are paid or accrued to persons domiciled or established in a Non-Cooperative State or paid in such a Non-Cooperative State or paid on a bank account opened in a financial institution located in such a Non-Cooperative State. Under certain conditions, any such non-deductible interest and other revenues may be recharacterised as constructive dividends pursuant to Articles 109 *et seq.* of the French *Code général des impôts*, in which case such non-deductible interest and other revenues may be subject to the withholding tax set out under Article 119 *bis* 2 of the French *Code général des impôts*, at a rate of 30 % or 75 %, subject to the more favourable provisions of any applicable double tax treaty.

Notwithstanding the foregoing, neither the 75 % withholding tax nor the non-deductibility will apply in respect of the issue of the Bonds if the Issuer can prove that the principal purpose and effect of such issue of Bonds was not that of allowing the payments of interest or other revenues to be made in a Non-Cooperative State (the "**Exception**"). Pursuant to the French tax administrative guidelines (BOI-ANXX-000364-20120912 and BOI-ANXX-000366-20120912) dated 12 September 2012, an issue of bonds will

benefit from the Exception without the Issuer having to provide any proof of the purpose and effect of the issue of the Bonds if such bonds are, in particular, admitted, at the time of their issue, to the clearing operations of a central depository or of a securities clearing and delivery and payments systems operator within the meaning of Article L.561-2 of the French *Code monétaire et financier*, or of one or more similar foreign depositories or operators provided that such depository or operator is not located in a Non-Cooperative State.

Since the Bonds will be admitted, at the time of their issue, to the operations of Euroclear France, the Bonds will benefit from the Exception and are therefore exempt from the withholding tax set out under Article 125 A III of the French *Code général des impôts*. In addition, they will be subject neither to the non-deductibility set out under Article 238 A of the French *Code général des impôts* nor to the withholding tax set out under Article 119 *bis* 2 of the same *Code* solely on account of their being paid to a bank account opened in a financial institution located in a Non-Cooperative State or accrued or paid to persons established or domiciled in a Non-Cooperative State.

Pursuant to Article 9 of 2013 Finance Law (*loi n°2012-1509 du 29 décembre 2012 de finances pour 2013*) subject to certain exceptions, interest and other similar revenues received from 1 January 2013 by individuals who are fiscally domiciled in France are subject to a 24% withholding tax, which is deductible from their personal income tax liability in respect of the year in which the payment has been made. Social contributions (CSG, CRDS and other related contributions) are also levied by way of withholding tax at an aggregate rate of 15.5% on interest and other similar revenues paid to individuals who are fiscally domiciled in France.
