RISK FACTORS

The Issuer believes that the following factors may affect its ability to fulfill its obligations under the Notes. All of these factors are contingencies which may or may not occur and the Issuer is not in a position to express a view on the likelihood of any such contingency occurring.

Factors which the Issuer believes may be material for the purpose of assessing the market risks associated with the Notes are also described below.

The Issuer believes that the factors described below represent the principal risks inherent in investing in the Notes, but the inability of the Issuer to pay interest, principal or other amounts on or in connection with the Notes may occur for other reasons and the Issuer does not represent that the statements below regarding the risks of holding the Notes are exhaustive. Prospective investors should read the entire Prospectus. The following is a disclosure of risk factors that are material to the Notes in order to assess the market risk associated with these Notes and risk factors that may affect the Issuer's ability to fulfill its obligations under the Notes. Prospective investors should consider these risk factors before deciding to purchase Notes. The following statements are not exhaustive. Prospective investors should consider all information provided in this Prospectus and consult with their own professional advisers if they consider it necessary. In addition, investors should be aware that the risks described may combine and thus intensify one another. The occurrence of one or more risks may have a material adverse effect on the own funds, the financial position and the operating result of the Issuer.

Each of the risks highlighted below could have a material adverse effect on the business, operations, financial conditions or prospects of the Issuer or the Group, which in turn could have a material adverse effect on the amount of principal and interest which investors will receive in respect of the Notes. In addition, each of the risks highlighted below could adversely affect the trading price of the Notes or the rights of investors under the Notes and, as a result, investors could lose some or all of their investment.

*Words and expressions defined in the section entitled "Terms and Conditions of the Notes" herein shall have the same meanings in this section. For the purpose of this section, the **Group** is defined as the Issuer and its fully consolidated subsidiaries.*

The order in which the following risks factors are presented is not an indication of the likelihood of their occurrence.

RISK FACTORS RELATING TO THE ISSUER

The following risk factors relating to the Issuer are additional to those which are set out on pages 252 to 261 and on pages 294 to 307 of the 2013 Registration Document (as defined in the section entitled "Information Incorporated by Reference") which are incorporated by reference in this prospectus.

Our performance is affected by general economic conditions and the cyclical nature of the insurance and reinsurance industries.

Our performance is affected by changes in economic conditions, both globally and in the particular countries in which we conduct our business. The general insurance market is cyclical in nature. Furthermore, the timing and application of these cycles differ among our geographic and product markets. Unpredictable developments also affect the industry's profitability, including changes in competitive conditions and pricing pressures, unforeseen developments in loss trends, market acceptance of new coverages, changes in operating expenses, fluctuations in inflation and interest rates and other changes in investment markets that affect market prices of investments and income from such investments. Fluctuations in the availability of capital could also have a significant influence on the cyclical nature of the insurance market. These cycles influence the demand for and pricing of our products and services and therefore affect our financial position, profits

and dividends. Accordingly, our results of operations may be adversely impacted if actual experience differs from management's estimates.

Our businesses, and therefore our results of operation, financial condition and liquidity may be adversely affected by the disruption in the global financial markets.

Global credit and equity markets experienced extreme disruption from 2007 to 2012, particularly in the United States and Europe, and these markets have not fully recovered. This disruption included greater volatility, significantly less liquidity, widening of credit spreads and a lack of price transparency in certain markets. These conditions resulted in the failure of a number of financial institutions and unprecedented action by governmental authorities and central banks around the world. Recently, there has been concerns over access to capital markets and the solvency of certain European Union member states, including Greece, Spain, Portugal, Ireland and Italy, unrest in the Middle East and North Africa, which has led to higher oil prices, and market volatility. If disruption to the global financial markets continues, it could adversely affect our business, financial condition, results of operations and profitability in future periods. In addition, companies in our industry have become subject to increased litigation and regulatory and governmental scrutiny as a result of these events.

We may also turn to the market for short-, medium- or long-term financing as a result of a drop in unrealised gains, impairment of assets or a rise in surrender rates. Prolonged disruptions, uncertainty or volatility in the credit markets may limit our ability to access funding and capital, particularly our ability to issue longer-dated securities in international capital markets. These market conditions may limit our ability to replace, in a timely manner, maturing liabilities and access the capital necessary to grow our business and pursue further acquisitions. We may also be forced to delay raising longer term funding and capital, issue shorter tenors than we prefer, or pay unattractive interest rates, thereby increasing our debt expense, decreasing our profitability and significantly reducing our financial flexibility.

We are dependent on our ability to reinsure risks.

An insurance company will usually attempt to limit its risks in particular lines of business or from specific events by using outward reinsurance arrangements. We enter into a significant number of reinsurance contracts to limit our risk. Under these arrangements, other reinsurers assume a portion of the claims and related expenses in connection with insurance policies we write. The availability, amount and cost of reinsurance depend on prevailing market conditions, in terms of price and available capacity, which may vary significantly.

We have stringent controls with respect to the external reinsurers with which we do business, but there are risks associated with the determination of the appropriate levels of reinsurance protection, matching of reinsurance to underlying policies, the cost of such reinsurance and the financial security of such reinsurers.

Ceding of risk to our reinsurers does not relieve us of our primary liability to our insured. Accordingly, we are subject to counterparty risk with respect to our reinsurers. Although we initially place our reinsurance with reinsurers that we believe to be financially stable, this may change adversely by the time recoveries are due which could be many years later. A reinsurer's failure to make payment under the terms of a significant reinsurance contract would have a material adverse effect on our businesses, financial condition and results of operations. In addition, after making large claims on our reinsurers, we may have to pay substantial reinstatement premiums to continue reinsurance cover.

We operate in a highly competitive industry.

There is substantial competition among general insurance companies in the jurisdictions in which we do business. We compete with general insurers many of whom have greater financial and marketing resources and greater name recognition than we have. The recent consolidation in the global financial services industry has also enhanced the competitive position of some of our competitors compared to us by broadening the range of their products and services, and increasing their distribution channels and their access to capital.

The level of profitability of a general insurance company is significantly influenced by the adequacy of premium income relative to its risk profile and claims exposure, as well as the general level of business costs. While we seek to maintain premium rates at targeted levels, the effect of competitive market conditions may have a material adverse effect on our market share and financial condition. In addition, development of alternative distribution channels for certain types of insurance products, including through internet may result in increasing competition as well as pressure on margins for certain types of products. The distribution agreements that we have with our distributors may not be renewed, or may be renewed with additional provisions that could have adverse effects on our distribution costs or our market-share in the insurance industry.

A downgrade in our rating may increase policy cancellations and non-renewals, adversely affect relationships with distributors and negatively impact new business.

Our insurer financial strength rating is an important factor in establishing and maintaining our competitive position. The rating agency regularly reviews our rating and the ratings of our main subsidiaries. Changes in rating methodology may also lead the rating agency to modify our rating. Future downgrades in the ratings of any of our subsidiaries (or the potential for such a downgrade) could, among other things, materially increase the number of policy cancellations and non-renewals, adversely affect relationships with the distributors of our products and services, including new sales of our products, and negatively impact the level of our premiums and adversely affect our ability to obtain reinsurance at reasonable prices or at all. This could adversely affect our businesses, financial condition, results of operations and our cost of capital.

Changes in government policy, regulation or legislation in the countries in which we operate may affect our profitability.

We are subject to extensive regulation and supervision in the jurisdictions in which we do business. This includes, by way of example, matters relating to licensing and examination, rate setting, trade practices, policy reforms, limitations on the nature and amount of certain investments, underwriting and claims practices, mandated participation in shared markets and guarantee funds, adequacy of our claims provisions, capital and surplus requirements, insurer solvency, transactions between affiliates, the amount of dividends that may be paid and underwriting standards. Such regulation and supervision is primarily for the benefit and protection of policyholders and not for the benefit of investors. In some cases, regulation in one country may affect business operations in another country. As the amount and complexity of these regulations increase, so will the cost of compliance and the risk of non-compliance. If we do not meet regulatory or other requirements, we may suffer penalties including fines, suspension or cancellation of our insurance licenses which could adversely affect our ability to do business. In addition, significant regulatory action against us could have material adverse financial effects, cause significant reputational harm or harm our business prospects.

In addition, we may be adversely affected by changes in government policy or legislation applying to companies in the insurance industry. These include possible changes in regulations covering pricing and benefit payments for certain statutory classes of business, the deregulation and nationalization of certain classes of business, the regulation of selling practices, the regulations covering policy terms and the imposition of new taxes and assessments or increases in existing taxes and assessments. Regulatory changes may affect our existing and future businesses by, for example, causing customers to cancel or not renew existing policies or requiring us to change our range of products or to provide certain products (such as terrorism or flood cover where it is not already required) and services, redesign our technology or other systems, retrain our staff, pay increased tax or incur other costs. It is not possible to determine what changes in government policy or legislation will be adopted in any jurisdiction in which we operate and, if so, what form they will take or in what jurisdictions they may occur. Insurance laws or regulations that are adopted or amended may be more restrictive than our current requirements, may result in higher costs or limit our growth or otherwise adversely affect our operations.

The goodwill recorded in our consolidated financial statements and the book values shown in our annual financial statements for participations in consolidated affiliated enterprises may necessitate write down for impairments.

In the future impairments may be required which would have a negative effect on our business and financial conditions and consolidated results (impairment of participations in affiliated enterprises in our annual financial statements).

Potential changes to International Financial Reporting Standards.

We publish our consolidated accounts in accordance with International Financial Reporting Standards and IFRIC interpretations that were definitive and effective as of 30 June 2014 as adopted by the European Union (the **Standards**). These Standards are subject to interpretation and evolution on a continuing basis and there are a number of currently proposed and potential changes to these Standards.

We cannot predict with any certainty at this time the potential impact of these proposed changes (or of other potential future modifications to the Standards) given the ongoing nature of the discussions at the IASB; however any significant modifications to the Standard may adversely impact our results of operations and financial condition.

We are at risk from the severity and frequency of certain events that may lead to an increased frequency or severity of claims.

We are subject to claims arising out of catastrophes (pandemics, terrorist attacks, nuclear accidents, storms, etc.) and other events that may result in an increased frequency or severity of mortality and disability claims. The frequency and severity of such events and the losses associated with them are inherently unpredictable and may materially impact our profits.

RISK FACTORS RELATING TO THE NOTES

In addition to the risks relating to the Issuer (including the default risk) that may affect the Issuer's ability to fulfill its obligations under the Notes, there are certain factors which are material for the purpose of assessing the risks associated with an investment in the Notes.

1. General Risks relating to the Notes

Independent review and advice.

Each prospective investor in the Notes must determine, based on its own independent review and such professional advice as it deems appropriate under the circumstances, that its acquisition of the Notes is fully consistent with its financial needs, objectives and condition, complies and is fully consistent with all investment policies, guidelines and restrictions applicable to it and is a fit, proper and suitable investment for it, notwithstanding the clear and substantial risks inherent in investing in or holding the Notes.

Each prospective investor should consult its own advisers as to legal, tax and related aspects of an investment in the Notes. A prospective investor may not rely on the Issuer or the Joint Lead Managers or any of their respective affiliates in connection with its determination as to the legality of its acquisition of the Notes or as to the other matters referred to above.

The Notes may not be a suitable investment for all investors.

Each potential investor in the Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- (i) have sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of investing in the Notes and the information contained or incorporated by reference in this Prospectus or any applicable supplement;
- (ii) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Notes and the impact the Notes will have on its overall investment portfolio;
- (iii) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes, including where the currency for principal or interest payments is different from the potential investor's currency;
- (iv) understand thoroughly the terms of the Notes and be familiar with the behaviour of any relevant indices and financial markets; and
- (v) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

The Notes are complex financial instruments. Sophisticated institutional investors generally purchase complex financial instruments as part of a wider financial structure rather than as stand alone investments. They purchase complex financial instruments as a way to reduce risk or enhance yield with an understood, measured, appropriate addition of risk to their overall portfolios. A potential investor should not invest in the Notes unless it has the expertise (either alone or with a financial adviser) to evaluate how the Notes will perform under changing conditions, the resulting effects on the value of the Notes and the impact this investment will have on the potential investor's overall investment portfolio.

Legality of purchase.

Neither the Issuer, the Joint Lead Managers nor any of their respective affiliates has or assumes responsibility for the lawfulness of the acquisition of the Notes by a prospective investor, whether under the laws of the jurisdiction of its incorporation or the jurisdiction in which it operates (if different), or for compliance by that prospective investor with any law, regulation or regulatory policy applicable to it.

Modification, waivers and substitution.

The Terms and Conditions of the Notes contain provisions for calling meetings of Noteholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant meeting and Noteholders who voted in a manner contrary to the majority.

Regulatory and legal investment considerations may restrict certain investments.

The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (1) the Notes are legal investments for it, (2) the Notes can be used as collateral for various types of borrowing and (3) other restrictions apply to its purchase or pledge of any Notes. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of the Notes under any applicable risk-based capital or similar rules.

Taxation.

Potential purchasers and sellers of the Notes should be aware that they may be required to pay taxes or documentary charges or duties in accordance with the laws and practices of the country where the Notes are transferred or other jurisdictions. In some jurisdictions, no official statements of the tax authorities or court decisions may be available for financial instruments such as the Notes. The tax impact on Noteholders generally in France and as a result of the entry into force of the Directive 2003/48/EC, as may be amended from time to time, on the taxation of savings income is summarized under the section entitled "EU Savings Directive" below; however, the tax impact on an individual Noteholder may differ from the situation described for Noteholders generally. Potential investors cannot rely upon such tax summary contained in this Prospectus but should ask for their own tax adviser's advice on their individual taxation with respect to the acquisition, holding, sale and redemption of the Notes. Only this adviser is in a position to duly consider the specific situation of the potential investor. This investment consideration has to be read in connection with the taxation sections of this Prospectus.

U.S. Foreign Account Tax Compliance Act Withholding.

Sections 1471 through 1474 of the U.S. Internal Revenue Code of 1986 (or **FATCA**) impose a new reporting regime and, potentially, a 30% withholding tax with respect to (i) certain payments from sources within the United States, (ii) "foreign passthru payments" made to certain non-U.S. financial institutions that do not comply with this new reporting regime, and (iii) payments to certain investors that do not provide identification information with respect to interests issued by a participating non-U.S. financial institution. Whilst the Notes are cleared through the clearing systems, in all but the most remote circumstances, it is not expected that FATCA will affect the amount of any payment received by the clearing systems. However, FATCA may affect payments made to custodians or intermediaries in the subsequent payment chain leading to the ultimate investor if any such custodian or intermediary generally is unable to receive payments free of FATCA withholding. It also may affect payment to any ultimate investor that is a financial institution that is not entitled to receive payments free of withholding under FATCA, or an ultimate investor that fails to provide its broker (or other custodian or intermediary from which it receives payment) with any information, forms, other documentation or consents that may be necessary for the payments to be made free of FATCA withholding. Investors should choose the custodians or intermediaries with care (to ensure each is compliant with FATCA or other laws or agreements related to FATCA) and provide each custodian or intermediary with any information, forms, other documentation or consents that may be necessary for such custodian or intermediary to make a payment free of FATCA withholding. The Issuer's obligations under the Notes are discharged once it has paid the clearing systems, and the Issuer has therefore no responsibility for any amount thereafter transmitted through the clearing systems and custodians or intermediaries. Prospective investors should refer to the section *Taxation – U.S. Foreign Account Tax Compliance Act*.

EU Savings Directive.

Under Council Directive 2003/48/EC on the taxation of savings income (the **Savings Directive**), Member States, subject to a number of conditions being met, are required to provide to the tax authorities of other Member States details of certain payments of interest or similar income paid or secured by a person established in a Member State to or for the benefit of an individual resident in another Member State or certain limited types of entities established in another Member State.

On 24 March 2014, the Council of the European Union adopted a Council Directive amending and broadening the scope of the requirements described above. Member States are required to apply these new requirements from 1 January 2017. The changes will expand the range of payments covered by the Savings Directive, in particular to include additional types of income payable on securities. The Directive will also expand the circumstances in which payments that indirectly benefit an individual resident in a Member State must be reported. This approach will apply to

payments made to, or secured for, persons, entities or legal arrangements (including trusts) where certain conditions are satisfied, and may in some cases apply where the person, entity or arrangement is established or effectively managed outside of the European Union.

For a transitional period, Luxembourg and Austria are required (unless during that period they elect otherwise) to operate a withholding system in relation to such payments. The rate of the withholding tax is 35%. The changes referred to above will broaden the types of payments subject to withholding in those Member States which still operate a withholding system when they are implemented. In April 2013, the Luxembourg Government announced its intention to abolish the withholding system with effect from 1 January 2015, in favour of automatic information exchange under the Savings Directive.

The end of the transitional period is dependent upon the conclusion of certain other agreements relating to information exchange with certain other countries. A number of non-EU countries and territories including Switzerland have adopted similar measures (a withholding system in the case of Switzerland).

Pursuant to the Terms and Conditions of the Notes, if a payment were to be made or collected through a Member State which has opted for a withholding system under the Savings Directive and an amount of, or in respect of, tax is withheld from that payment, neither the Issuer nor any Paying Agent nor any other person would be obliged to pay additional amounts with respect to any Note, as a result of the imposition of such withholding tax. In addition, the Issuer will be required to maintain a Paying Agent in a Member State that will not be obliged to withhold or deduct tax pursuant to the Savings Directive.

The proposed financial transactions tax (FTT).

On 14 February 2013, the European Commission published a proposal (the **Commission's Proposal**) for a Directive for a common FTT in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia (the **participating Member States**).

The Commission's Proposal has very broad scope and could, if introduced, apply to certain dealings in the Notes (including secondary market transactions) in certain circumstances.

Under the Commission's Proposal the FTT could apply in certain circumstances to persons both within and outside of the participating Member States. Generally, it would apply to certain dealings in the Notes where at least one party is a financial institution, and at least one party is established in a participating Member State. A financial institution may be, or be deemed to be, "established" in a participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a participating Member State.

A joint statement issued in May 2014 by ten of the eleven participating Member States indicated an intention to implement the FTT progressively, such that it would initially apply to shares and certain derivatives, with this initial implementation occurring by 1 January 2016. The FTT, as initially implemented on this basis, may not apply to dealings in the Notes.

The FTT proposal remains subject to negotiation between the participating Member States. It may therefore be altered prior to any implementation. Additional EU Member States may decide to participate.

Prospective holders of the Notes are advised to seek their own professional advice in relation to the FTT.

Change of law.

The Terms and Conditions of the Notes are based on French laws in effect as at the date of this Prospectus. No assurance can be given as to the impact of any possible judicial decision or change in French laws or administrative practice or in the official application or interpretation of French law after the date of this Prospectus.

French insolvency law.

Under French insolvency law, holders of debt securities are automatically grouped into a single assembly of holders (the **Assembly**) in order to defend their common interests if a preservation (*procédure de sauvegarde, procédure de sauvegarde accélérée or procédure de sauvegarde financière accélérée*) or a judicial reorganisation procedure (*procédure de redressement judiciaire*) is opened in France with respect to the Issuer.

The Assembly comprises holders of all debt securities issued by the Issuer (including the Notes) and regardless of their governing law.

The Assembly deliberates on the draft safeguard (*projet de plan de sauvegarde, projet de plan de sauvegarde accélérée or projet de plan de sauvegarde financière accélérée*) or judicial reorganisation plan (*projet de plan de redressement*) applicable to the Issuer and may further agree to:

- increase the liabilities (*charges*) of holders of debt securities (including the Noteholders) by rescheduling and/or writing-off debts;
- establish an unequal treatment between holders of debt securities (including the Noteholders) as appropriate under the circumstances; and/or
- decide to convert debt securities (including the Notes) into shares or securities that give or may give access to share capital.

Decisions of the Assembly will be taken by a two-third majority (calculated as a proportion of the debt securities held by the holders expressing a vote). No quorum is required on convocation of the Assembly.

For the avoidance of doubt, the provisions relating to the Representation of the Noteholders described in the Terms and Conditions of the Notes set out in this Prospectus will not be applicable in these circumstances.

Liquidity risks and market value of the Notes.

The development or continued liquidity of any secondary market for the Notes will be affected by a number of factors such as general economic conditions, political events in France or elsewhere, including factors affecting capital markets generally and the stock exchanges on which the Notes or the reference rate are traded, the financial condition and the creditworthiness of the Issuer and/or the Group, and the value of any applicable reference rate, as well as other factors such as the complexity and volatility of the reference rate, the method of calculating the return to be paid in respect of such Notes, the outstanding amount of the Notes, any redemption features of the Notes and the level, direction and volatility of interest rates generally. Such factors also will affect the market value of the Notes. Therefore, investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market, and in certain circumstances such investors could suffer loss of their entire investment.

No active secondary market.

The Notes may be designed for specific investment objectives or strategies and therefore may have a more limited secondary market and experience more price volatility than conventional debt securities.

In addition, investors may not be able to sell Notes readily or at prices that will enable investors to realise their anticipated yield. No investor should purchase Notes unless the investor understands and is able to bear the risk that certain Notes will not be readily sellable, that the value of Notes will fluctuate over time and that such fluctuations will be significant.

The price at which a Noteholder will be able to sell the Notes prior to redemption by the Issuer may be at a discount, which could be substantial, from the issue price or the purchase price paid by such purchaser. The historical market prices of the reference rate should not be taken as an indication of the reference rate's future performance during the life of the Notes. The Issuer or its subsidiaries are entitled to buy the Notes, which shall then be cancelled or caused to be cancelled, and to issue further Notes. Such transactions may favorably or adversely affect the price development of the Notes. If additional and competing products are introduced in the markets, this may adversely affect the value of the Notes.

2. Risks relating to the structure of the Notes

The Notes are undated securities.

The Notes are undated securities in respect of which there is no fixed redemption or maturity date. The Issuer is under no obligation to redeem the Notes at any time, except as provided in Condition 5 of the Notes (Terms and Conditions of the Notes - Redemption and Purchase) and, in any event, subject always to the Prior Approval of the Relevant Supervisory Authority (as defined in "Terms and Conditions of the Notes"). There will be no redemption at the option of the Noteholders.

The Notes are subordinated obligations of the Issuer.

The obligations of the Issuer under the Notes in respect of principal, interest and other amounts, constitute direct, unconditional, unsecured and Ordinary Subordinated Obligations and rank and shall at all times rank without any preference among themselves (save for certain obligations required to be preferred by French law) and equally and rateably with any other existing or future Ordinary Subordinated Obligations, in priority to present and future Equity Securities, Undated Junior Subordinated Obligations, Dated Junior Subordinated Obligations, *prêts participatifs* granted to, and *titres participatifs* issued by the Issuer, but behind Unsubordinated Obligations.

If any judgement is rendered by any competent court declaring the judicial liquidation (*liquidation judiciaire*) or, following an order of judicial rehabilitation (*redressement judiciaire*), the sale of the whole business (*cession totale de l'entreprise*) of the Issuer, or if the Issuer is liquidated for any reason, the rights of the Noteholders in respect of principal, interest (including any outstanding Arrears of Interest and/or Additional Interest Amount) will be subordinated to the payments of claims of other creditors of the Issuer (other than subordinated claims) including insurance companies and entities referred to in article R.322-132 of the French *Code des assurances* reinsured by the Issuer, and holders of insurance policies issued by such entities and creditors with respect to Unsubordinated Obligations.

In the event of incomplete payment of creditors ranking senior to holders of the Notes (in the context of voluntary or judicial liquidation of the Issuer, bankruptcy proceedings or any other similar proceedings affecting the Issuer) the obligations of the Issuer in connection with the Notes and relative interest will be terminated.

Thus, the Noteholders face a higher performance risk than holders of unsubordinated obligations of the Issuer.

Restrictions on interest payment.

On any Optional Interest Payment Date (as defined in the Terms and Conditions of the Notes), the Issuer may, at its option, elect to defer payment of all (but not some only) of the interest accrued to that date, and the Issuer shall not have any obligation to make such payment and any failure to pay shall not constitute a default by the Issuer for any purpose.

On any Compulsory Interest Payment Date, interest on the Notes accrued to that date will be paid and will not be deferred unless, on or after the First Call Date, such Interest Payment Date constitutes a Mandatory Interest Deferral Date.

On any Mandatory Interest Deferral Date, the Issuer will be obliged to defer payment of all (but not some only) of the interest accrued to that date, and the Issuer shall not have any obligation to make such payment, provided however that if the Relevant Supervisory Authority accepts that interest accrued in respect of the Notes during such Interest Period can be paid (to the extent the Relevant Supervisory Authority can give such consent in accordance with the Existing Regulations or the Future Capital Instruments Regulations as applicable and that such acceptance has not been withdrawn by the date of the relevant payment), the relevant Interest Payment Date will not be a Mandatory Interest Deferral Date.

Any interest not paid on an Optional Interest Payment Date or a Mandatory Interest Deferral Date and deferred shall so long as they remain outstanding constitute Arrears of Interest and shall be payable subject to the fulfillment of the Conditions to Settlement as outlined in Condition 4.10(iv) of the Terms and Conditions of the Notes.

Any deferral of interest payments will be likely to have an adverse effect on the market price of the Notes. In addition, as a result of the above provisions of the Notes, the market price of the Notes may be more volatile than the market prices of other debt securities on which interest accrues that are not subject to the above provisions and may be more sensitive generally to adverse changes in the Issuer's or the Group's financial condition.

Early redemption risk.

Subject to the Prior Approval of the Relevant Supervisory Authority, the Issuer may redeem the Notes in whole, but not in part, on the Interest Payment Date falling on the First Call Date or on any Interest Payment Date thereafter.

The Issuer may also, at its option, at any time, redeem the Notes upon the occurrence of certain events, including a Gross-up Event, a Tax Deductibility Event, a Regulatory Event or a Rating Methodology Event, as further described in "Terms and Conditions of the Notes - Redemption and Purchase".

Such redemption options will be exercised at the principal amount of the Notes together with interest accrued to the date of redemption (including, for the avoidance of doubt, any Arrears of Interest and Additional Interest Amounts (if any) thereon at such date).

The redemption at the option of the Issuer may affect the market value of the Notes. During any period when the Issuer may elect to redeem the Notes, the market value of the Notes generally will not rise substantially above the price at which they can be redeemed. This may also be true prior to the First Call Date.

The Issuer may also be expected to redeem the Notes when its cost of borrowing is lower than the interest rate on the Notes. There can be no assurance that, at the relevant time, Noteholders will be able to reinvest the amounts received upon redemption at a rate that will provide the same return as

their investment in the Notes. Potential investors should consider reinvestment risk in light of other investments available at that time.

There are no events of default under the Notes.

The Conditions of the Notes do not provide for events of default allowing acceleration of the Notes if certain events occur. Accordingly, if the Issuer fails to meet any obligations under the Notes, including the payment of any interest, investors will not have the right of acceleration of principal. Upon a payment default, the sole remedy available to Noteholders for recovery of amounts owing in respect of any payment of principal or interest on the Notes will be the institution of proceedings to enforce such payment. Notwithstanding the foregoing, the Issuer will not, by virtue of the institution of any such proceedings, be obliged to pay any sum or sums sooner than the same would otherwise have been payable by it.

No limitation on issuing or guaranteeing debt ranking senior or "pari passu" with the Notes.

There is no restriction on the amount of debt which the Issuer may issue or guarantee. The Issuer and its subsidiaries and affiliates may incur additional indebtedness or grant guarantees in respect of indebtedness of third parties, including indebtedness or guarantees that rank *pari passu* or senior to the obligations under and in connection with the Notes. If the Issuer's or the Group's financial condition were to deteriorate, the Noteholders could suffer direct and materially adverse consequences, including deferral of interest and, if the Issuer were liquidated (whether voluntarily or not), the Noteholders could suffer loss of their entire investment. In addition, the Notes do not contain any "negative pledge" or similar clause, meaning that the Issuer and its subsidiaries and affiliate may pledge its or their assets to secure other obligations without granting similar security in respect of the Notes.

Credit ratings may not reflect all risks.

The Notes are rated BBB+ by Standard & Poor's Ratings Services (**Standard & Poor's**). The rating may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Notes. A credit rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by the rating agency at any time.

Any decline in the credit ratings of the Issuer may affect the market value of the Notes.

Standard & Poor's has assigned a A rating to the Issuer. Standard & Poor's or any other rating agency may change its methodologies for rating securities with features similar to the Notes in the future. This may include the relationship between ratings assigned to an issuer's senior securities and ratings assigned to securities with features similar to the Notes, sometimes called "notching". If the rating agencies were to change their practices for rating such securities in the future and the ratings of the Notes were to be subsequently lowered, this may have a negative impact on the trading price of the Notes.

Interest rate risk.

Interest on the Notes before the First Reset Date involves the risk that subsequent changes in market interest rates may adversely affect the value of the Notes.

Following the First Reset Date, interest on the Notes shall be calculated on each Reset Date on the basis of the annual mid-swap rate for EUR swap transactions with a maturity of five (5) years. The Reset Rate of Interest will be determined two (2) Target Business Days before each Reset Date and as such is not pre-defined at the date of issue of the Notes. The Reset Rate of Interest in relation to a

relevant Interest Period may be different from the Initial Rate of Interest or from a Reset Rate of Interest applicable to a previous Interest Period and may adversely affect the yield of the Notes.

Optional redemption, exchange or variation of the Notes.

The Notes are issued for capital adequacy regulatory purposes with the intention that all the proceeds of the Notes be eligible, (x) before the implementation of the Solvency II Directive, for the purpose of the determination of the solvency margin or capital adequacy levels of the Issuer or (y) following the implementation of the Solvency II Directive as at least "tier two" own funds regulatory capital (including any grandfathering provision thereof) (or whatever the terminology employed by future regulations) for the purpose of the determination of the regulatory capital of the Issuer.

The Issuer's expectation is based on its review of available information relating to the implementation of Solvency II. However, such information has not been finalised and is subject to change prior to its implementation of Solvency II.

In particular, there continue to be material uncertainties around the impact of the more detailed technical requirements of Solvency II. The new framework will, among other things, cover the definition of "own funds" capital and, accordingly, will set out the features which any capital must have in order to qualify as regulatory capital. This new framework also contains grandfathering provisions applying to capital instruments issued before the implementation of the Solvency II Directive, such as the Notes. However the grandfathering regime contained in the so-called Omnibus II Directive, has been voted by the Parliament on 11 March 2014 and published on 22 May 2014, but remains subject to interpretation by the regulators, including the Relevant Supervisory Authority. Thus, even if the Issuer expects the Notes to be eligible for grandfathering as at least 'tier two' following the implementation of the Solvency II Directive, it cannot be certain that this will be the case.

These features are not expected to be settled until 'level two' implementation measures and "level three" guidance relating to Solvency II are finalized, at the earliest, in 2015 and there can be no assurance that, following their initial publication, the 'level two' implementation measures and "level three" guidance will not be amended. In this respect, the European Commission has adopted on 10 October 2014 a delegated act of 'level two' containing implementing rules for Solvency II. This will enter into force once the European Parliament and the Council have both approved it, for which a maximum period of six months can be taken. Moreover, there is considerable uncertainty as to how regulators, including the ACPR, will interpret the Solvency II Directive, the 'level two' implementation measures and/or "level three" guidance and apply them to the Issuer or the Group.

Accordingly, there is a risk that, after the issue of the Notes, a Regulatory Event may occur which would entitle the Issuer, without the consent or approval of the Noteholders, to exchange or vary the Notes, subject to not being prejudicial to the interest of the Noteholders, so that after such exchange or variation they would be eligible as provided for under (x) or (y) in the first paragraph above.

Alternatively, the Issuer reserves the right, under the same circumstances, to redeem the Notes early as further described in "Early redemption risk" above and in "Terms and Conditions of the Notes - Redemption and Purchase".

In such a case, an investor may not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to reinvest at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time.

The Notes may also be redeemed, exchanged or varied without the consent of the Noteholders further to a change in the methodology of a Rating Agency as a result of which the equity content of the Notes is materially reduced (a **Rating Methodology Event**).

However, in the event that the option of the Issuer, before the fifth anniversary of the Issue Date, (i) to redeem the Notes for Taxation Reasons or (ii) to redeem the Notes or to exchange the Notes or vary the terms of the Notes further to the occurrence of a Regulatory Event or a Rating Methodology Event, would prevent the Notes from being treated under the Future Capital Instruments Regulations excluding any grandfathering provisions thereof) as at least “tier two” own funds regulatory capital (or, if different, whatever terminology is employed by the Future Capital Instruments Regulations) of the Issuer and/or the Group for the purposes of the determination of the Issuer’s solvency margin or regulatory capital, the terms of the Notes shall on and from the First Call Date automatically be varied by the Issuer to exclude the relevant options.

On any Compulsory Interest Payment Date, interest on the Notes accrued to that date will be paid and will not be deferred.

On any Mandatory Interest Deferral Date (as defined below), the Issuer will be obliged to defer payment of all (but not some only) of the interest accrued to that date, and the Issuer shall not have any obligation to make such payment, provided however that if the Relevant Supervisory Authority accepts that interest accrued in respect of the Notes during such Interest Period can be paid (to the extent the Relevant Supervisory Authority can give such consent in accordance with the Existing Regulations or the Future Capital Instruments Regulations as

applicable and that such acceptance has not been withdrawn by the date of the relevant payment), the relevant Interest Payment Date will not be a Mandatory Interest Deferral Date.

- (A) the next Interest Payment Date which is a Compulsory Interest Payment Date; or
- (B) the date of any redemption of the Notes in accordance with the provisions relating to redemption of the Notes; or
- (C) the date upon which a judgment is made by a competent court for the judicial liquidation of the Issuer (*liquidation judiciaire*) or for the sale of the whole of the business (*cession totale de l'entreprise*) following an order of judicial reorganisation (*redressement judiciaire*) in respect of the Issuer or in the event of the liquidation of the Issuer for any other reason.

Each amount of Arrears of Interest shall bear interest, in accordance with Article 1154 of the French Civil Code, as if it constituted the nominal amount of the Notes at a rate which corresponds to the Rate of Interest from time to time applicable to the Notes and the amount of such interest (the **Additional Interest Amount**) with respect to Arrears of Interest shall be due and payable pursuant to this provision and shall be calculated by the Calculation Agent applying the Rate of Interest to the amount of the Arrears of Interest and otherwise *mutatis mutandis*.

For the purpose hereof:

Compulsory Interest Payment Date means each Interest Payment Date prior to which during a period of six months prior to such Interest Payment Date a Compulsory Interest Payment Event occurred; unless, on or after the First Call Date, such Interest Payment Date constitutes a Mandatory Interest Deferral Date.

Compulsory Interest Payment Event means a declaration or a payment of a dividend in any form on any Equity Securities by the Issuer.

Conditions to Settlement are satisfied on any day with respect to any payment of Arrears of Interest and Additional Interest Amounts, if any, if (i) no Regulatory Deficiency has occurred and is continuing or would be caused by the payment of the Arrears of Interest, unless the Prior Approval of the Relevant Supervisory Authority has been given (to the extent such consent is required by, and may be given under, the Existing Regulations or the Future Capital Instruments Regulations as applicable), and (ii) the Solvency II Directive has been implemented on or prior to such day, the Prior Approval of the Relevant Supervisory Authority has been given, but only to the extent that, under the Existing Regulations or the Future Capital Instruments Regulations as applicable, such consent is required at the time in order for the Notes to qualify at least as “tier two” own funds regulatory capital (or, if different, whatever terminology is employed by the Future Capital Instruments Regulations as applicable) of the Issuer and/or the Group for the purposes of the determination of its regulatory capital.

Existing Regulations means, from the Issue Date to the date of implementation of Future Capital Instruments Regulations, the solvency margin, capital adequacy regulations or any other regulatory capital rules then in effect in France (or if the Issuer becomes domiciled in a jurisdiction other than France, such other jurisdiction) and/or any other relevant jurisdiction as applied and construed by the Relevant Supervisory Authority and applicable to the Issuer and/or the Group.

Future Capital Instruments Regulations means the solvency margin or capital adequacy regulations which may be introduced after the Issue Date into France in relation to the Solvency II Directive (or if the Issuer and/or the Group becomes domiciled in a jurisdiction other than France, such other jurisdiction) and applicable to the Issuer and/or the Group, which would lay down the requirements to be fulfilled by financial instruments for inclusion in at least "tier two" own funds regulatory capital (including any grandfathering provision thereof).

Mandatory Interest Deferral Date means each Interest Payment Date in respect of which the Noteholders and the Principal Paying Agent have received written notice from the Issuer confirming that (i) a Regulatory Deficiency has occurred and such Regulatory Deficiency is continuing on such Interest Payment Date or (ii) the payment of such interest would in itself cause a Regulatory Deficiency, provided that, if prior to the First Call Date, a Compulsory Interest Payment Event occurred during a period of six months prior to such Interest Payment Date, such Interest Payment Date will not be a Mandatory Interest Deferral Date but will constitute a Compulsory Interest Payment Date.

Optional Interest Payment Date means any Interest Payment Date other than a Compulsory Interest Payment Date or a Mandatory Interest Deferral Date.

Prior Approval of the Relevant Supervisory Authority means the prior written approval of the Relevant Supervisory Authority, if such approval is required at the time under any Existing Regulations or any Future Capital Instruments Regulations or an official application or interpretation thereof

Regulatory Deficiency means:

- (i) before the implementation of the Solvency II Directive, the consolidated

solvency margin of the Issuer and/or the Group falls below 100 per cent. of the required consolidated solvency margin or any applicable solvency margin or capital adequacy levels as applicable under Existing Regulations (or an official application or interpretation of those regulations including a decision of a court or tribunal); or

- (ii) following the implementation of the Solvency II Directive, the own funds regulatory capital (or whatever the terminology employed by Future Capital Instruments Regulations) of the Issuer and/or the Group is not sufficient to cover its capital requirements (or whatever the terminology employed by Future Capital Instruments Regulations) and a deferral of interest is required or a redemption or repayment of principal is prohibited under Future Capital Instruments Regulations (or an official application or interpretation of those regulations including a decision of a court or tribunal); or
- (iii) the Relevant Supervisory Authority has notified the Issuer that it has determined, in view of the financial condition of the Issuer, that in accordance with applicable regulations at such time, the Issuer must take specified action in relation to payments under the Notes.

Relevant Supervisory Authority means any relevant regulator having jurisdiction over the Issuer and/or the Group, in the event that the Issuer and/or the Group is required to comply with certain applicable solvency margins or capital adequacy levels. The current Relevant Supervisory Authority is the *Autorité de contrôle prudentiel et de résolution* (the **ACPR**).

Solvency II Directive means Directive 2009/138/EC of the European Union of 25 November 2009 (as amended, as the case may be) on the taking-up and pursuit of the business of insurance and reinsurance (Solvency II) which must be transposed by member states of the European Economic Area pursuant to its Article 309.

Taxation:

All payments in respect of the Notes shall be made free and clear of, and without withholding or deduction for or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or on behalf of any jurisdiction or any political subdivision or any authority thereof or therein having power to tax unless such withholding or deduction is required by law.

If applicable French law should require that payments of principal or interest made by the Issuer in respect of any Note be subject to deduction or withholding in respect of any present or future taxes or duties whatsoever levied by the Republic of France, the Issuer, will, to the fullest extent then permitted by law, pay such additional amounts (**Additional Amounts**) as shall result in receipt by the Noteholders of such amounts as would have been received by them had no such withholding or deduction been required, except that no such Additional Amounts shall be payable with respect to any Note in certain circumstances.

Optional Early Redemption from the First Call Date:

The Issuer may, subject to the Prior Approval of the Relevant Supervisory Authority, redeem the Notes in whole, but not in part, at their Principal Amount, together with all interest accrued (including Arrears of Interest and any Additional Interest Amount) to the date fixed for redemption on 18 November 2024 (the **First Call Date**) or on any Interest Payment Date falling thereafter.

Optional Early Redemption following a Gross-Up Event:

If, at any time, by reason of a change in any French law or regulation, or any change in the official application or interpretation thereof, becoming effective after the Issue Date, the Issuer would, on the occasion of the next payment of principal or interest due in respect of the Notes, not be able to make such payment without having to pay Additional Amounts (a **Gross-Up Event**), the Issuer may, at any time, subject to the Prior Approval of the Relevant Supervisory Authority redeem the Notes in whole, but not in part, at their Principal Amount, together with all interest accrued (including Arrears of Interest and any Additional Interest Amount) to the date fixed for redemption, provided that the due date for redemption shall be no earlier than the latest practicable Interest Payment Date on which the Issuer could make payment of principal or interest without withholding for French taxes.

If the Issuer would on the next payment of principal or interest in respect of the Notes be obliged to pay Additional Amounts and the Issuer would be prevented by French law from making payment to the Noteholders of the full amount then due and payable, notwithstanding the undertaking to pay Additional Amounts, then the Issuer shall, subject to the Prior Approval of the Relevant Supervisory Authority, redeem the Notes in whole, but not in part, at their Principal Amount, together with all interest accrued (including Arrears of Interest and any Additional Interest Amount) to the date fixed for redemption on the latest practicable date on which the Issuer could make payment of the full amount of principal or interest payable in respect of the Notes or, if such date is past, as soon as practicable thereafter.

Optional Early Redemption in case of Tax Deductibility Event:

If an opinion of a recognised law firm of international standing has been delivered to the Issuer and the Fiscal Agent, stating that by reason of a change in French law or regulation, or any change in the official application or interpretation of such law, becoming effective after the Issue Date, the tax regime of any payments under the Notes is modified and such modification results in the part of the interest payable by the Issuer in respect of the Notes that is tax-deductible being reduced (a **Tax Deductibility Event**), so long as this cannot be avoided by the Issuer taking reasonable measures available to it at the time, the Issuer may, subject to the Prior Approval of the Relevant Supervisory Authority, redeem the Notes in whole, but not in part, at their Principal Amount together with all interest accrued (including Arrears of Interest and any Additional Interest Amount) to the date fixed for redemption, on the latest practicable date on which the Issuer could make such payment with the part of the interest payable under the Notes being tax-deductible not being reduced or, if such date is past, as soon as practicable thereafter.

Optional Early Redemption for Regulatory Reasons:

If, at any time, the Issuer determines that a Regulatory Event has occurred with respect to the Notes on or after the Issue Date, the Issuer may, at any time, subject to the Prior Approval of the Relevant Supervisory Authority, redeem the Notes in whole, but not in part, at their Principal Amount plus any accrued interest (including Arrears of Interest and any Additional Interest Amount) to the date fixed for redemption.

Regulatory Event means that after the Issue Date, the Issuer (i) is subject to regulatory supervision by the Relevant Supervisory Authority, and (ii) is not permitted to treat the aggregate net proceeds of such Notes that are outstanding as eligible for the purpose of the determination of the solvency margin or capital adequacy levels of the Issuer and/or the Group (including any grandfathering provision thereof) as at least "tier two" own funds regulatory capital (or whatever

terminology is employed by Existing Regulations or Future Capital Instruments Regulations at the time) , except as a result of the application of the limits on inclusion of such securities in the regulatory capital.

Exchange/Variation for Regulatory Reasons:

If at any time the Issuer determines that a Regulatory Event has occurred on or after the Issue Date, the Issuer may, as an alternative to an early redemption of the Notes, at any time, without the consent of the Noteholders, (i) exchange the Notes for new notes replacing the Notes (the **Exchanged Notes**), or (ii) vary the terms of the Notes (the **Varied Notes**), so as to cure the Regulatory Event. Any such exchange or variation is subject to the following conditions:

- (i) the Issuer giving not less than thirty (30) nor more than forty-five (45) days' notice to the Noteholders;
- (ii) the Prior Approval of the Relevant Supervisory Authority being obtained;
- (iii) the Issuer complying with the rules of any stock exchange (or any other relevant authority) on which the Notes are for the time being listed or admitted to trading, and (for so long as the rules of such exchange require) the publication of any appropriate supplement, listing particulars or offering circular in connection therewith, and the Exchanged or Varied Notes continue to be listed or admitted on the same stock exchange as the Notes if they were listed immediately prior to the relevant Exchange/Variation;
- (iv) the Exchanged Notes or Varied Notes should maintain the same ranking in liquidation, same interest rate and interest payment dates; same First Call Date and early redemption rights (provided that the relevant exchange or variation may not itself trigger any early redemption right); same rights to accrued or Arrears of Interest; and same rights to principal and interest without any additional principal loss absorption via a write-down or conversion into ordinary shares of the principal amount; and if publicly rated by the Rating Agency immediately prior to such Exchange/Variation, at least the same credit rating by the Rating Agency as compared to the relevant rating immediately prior to such Exchange / Variation;

For the purposes of this Condition, **Rating Agency** means Standard & Poor's Ratings Services (Standard & Poor's) or any successor thereto;

- (v) the terms of the exchange or variation not being prejudicial to the interests of the Noteholders, including compliance with (iii) above, as certified to the benefit of the Noteholders by a director of the Issuer, having consulted with an independent investment bank of international standing (for the avoidance of doubt the Fiscal Agent shall accept the certificates of the Issuer as sufficient evidence of the occurrence of a Regulatory Event and that such exchange or variation to the terms of the Notes are not prejudicial to the interest of the Noteholders); and
- (vi) the issue of legal opinions addressed to the Fiscal Agent to the benefit of the Noteholders from one or more international law firms of good reputation confirming (x) that the Issuer has capacity to assume all rights and obligations under the Exchanged Notes or Varied Notes and has obtained all necessary corporate or governmental authorisation to

assume all such rights and obligations and (y) the legality, validity and enforceability of the Exchanged Notes or Varied Notes.

Any such exchange or variation shall be binding on the Noteholders and shall be notified to them as soon as practicable thereafter.

Optional Redemption for Rating Reasons:

If at any time the Issuer determines that a Rating Methodology Event has occurred with respect to the Notes on or after the Issue Date, the Issuer may, subject to the Prior Approval of the Relevant Supervisory Authority, redeem the Notes in whole, but not in part, at the option of the Issuer, at any time at their Principal Amount plus any accrued interest (including Arrears of Interest and any Additional Interest Amount) to the date fixed for redemption.

For the purposes of this Condition, a **Rating Methodology Event** will be deemed to occur upon a change in the methodology of the Rating Agency (as defined above) (or in the interpretation of such methodology) as a result of which the equity content previously assigned by the Rating Agency to the Notes is, in the reasonable opinion of the Issuer, materially reduced when compared to the equity content assigned by the Rating Agency at or around the Issue Date.

Exchange and/or variation for Rating Reasons:

If at any time the Issuer determines that a Rating Methodology Event has occurred with respect to the Notes on or after the Issue Date, the Issuer may, at any time, without the consent of the Noteholders, (a) exchange the Notes for Exchanged Notes, or (b) vary the terms of the Notes (the **Varied Notes**) so as to cure such Rating Methodology Event, subject to and in accordance with the conditions set out in sub-paragraphs (i) to (vi) of the Exchange/Variation for Regulatory Reasons provisions above, which shall apply *mutatis mutandis* with respect to such Rating Methodology Event.

Any such exchange or variation shall be binding on the Noteholders and shall be notified to them as soon as practicable thereafter

Automatic Disapplication for Regulatory Reasons:

In the event that, the option of the Issuer, before the fifth anniversary of the Issue Date, (i) to redeem the Notes for Taxation Reasons or (ii) to redeem the Notes or to exchange the Notes or vary the terms of the Notes further to the occurrence of a Regulatory Event or a Rating Methodology Event, would prevent the Notes from being treated under the Future Capital Instruments Regulations excluding any grandfathering provisions thereof) as at least “tier two” own funds regulatory capital (or, if different, whatever terminology is employed by the Future Capital Instruments Regulations) of the Issuer and/or the Group for the purposes of the determination of the Issuer’s solvency margin or regulatory capital, the terms of the Notes shall on and from the First Call Date automatically be varied by the Issuer to exclude the relevant option(s). In any such event: (a) the Prior Approval of the Relevant Supervisory Authority will be obtained, if such approval is required at the time, and (b) notice will be given to Noteholders in compliance with the rules of the relevant stock exchange. However, conditions (v) and (vi) of the “Exchange/Variation for Regulatory Reasons” provisions above will not apply to such variation.

Conditions to Redemption:

The Notes may not be redeemed pursuant to any of the redemption provisions referred to above, if (i) a Regulatory Deficiency has occurred and is continuing on the due date for redemption or (ii) such redemption would itself cause a Regulatory Deficiency, in each case unless the Issuer has obtained the Prior Approval of the Relevant Supervisory Authority.

Should a Regulatory Deficiency occur after a notice for redemption has been made to the Noteholders, such redemption notice would become automatically void and notice thereof would be made promptly by the Issuer.

Purchase:

The Issuer may at any time, subject to the Prior Approval of the Relevant Supervisory Authority, purchase Notes in the open market or otherwise at any price for cancellation or holding in accordance with applicable laws and regulations. Notes so purchased by the Issuer may be held and resold in accordance with Articles L.213-1-A and D.213-1-A of the French *Code monétaire et financier* for the purpose of enhancing the liquidity of the Notes.

All Notes redeemed or purchased for cancellation by the Issuer will forthwith be cancelled (together with rights to interest any other amounts relating thereto) by transfer to an account in accordance with the rules and procedures of Euroclear France. Any Notes so cancelled may not be resold and the obligations of the Issuer in respect of any such Notes shall be discharged.

Representation of Noteholders:

The Noteholders will be grouped automatically for the defence of their respective common interests in a *masse* governed by the provisions of the French *Code de commerce* subject to certain exceptions and provisions (the **Masse**). The Masse will be a separate legal entity, and will be acting in part through a representative and in part through a general assembly of the Noteholders.

Admission to trading:

Application has been made for the Notes to be admitted to trading on Euronext Paris.

Rating:

The Notes are rated BBB+ by Standard & Poor's.

The Notes have been accepted for clearance through Euroclear France, Clearstream Banking, *société anonyme* and Euroclear Bank SA/N.V.

In such event, the Notes will continue to bear interest at the relevant rate as specified in this Condition 4 on their remaining unpaid amount until the day on which all sums due in respect of the Notes up to that day are received by or on behalf of the relevant Noteholders.

4.8 Notifications, etc. to be final

All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 4, by the Calculation Agent, will (in the absence of wilful default, bad faith or manifest error) be binding on the Issuer, the Calculation Agent, the Fiscal Agent and all Noteholders and (in the absence of wilful default, bad faith or manifest error) no liability to the Issuer or the Noteholders shall attach to the Calculation Agent in connection with the exercise or non-exercise by it of its powers, duties and discretions under this Condition.

4.9 Calculation Agent

The Fiscal Agency Agreement provides that the Issuer may at any time terminate the appointment of the Calculation Agent and appoint a substitute Calculation Agent provided that so long as any of the Notes remain outstanding, there shall at all times be a Calculation Agent for the purposes of the Notes having a specified office in a major European city. In the event of the appointed office of any bank being unable or unwilling to continue to act as the Calculation Agent or failing duly to determine the Reset Rate of Interest, the Issuer shall appoint the European office of another leading bank engaged in the Euro-zone or London interbank market to act in its place. The Calculation Agent may not resign its duties or be removed without a successor having been appointed. The Calculation Agent shall act as an independent expert and not as agent for the Issuer or the Noteholders.

The Calculation Agent shall cause the Reset Rate of Interest, the Margin and the interest amount for each Interest Period following the First Reset Date and the relevant Interest Payment Date to be notified to the Issuer, the Fiscal Agent (if different from the Calculation Agent) and each other Paying Agent (if any), to any stock exchange on which the Notes are at the relevant time listed and to the Noteholders as soon as possible after their determination.

Notice of any change of Calculation Agent or any change of specified office shall promptly be given as soon as reasonably practicable to the Noteholders in accordance with Condition 11 and, so long as the Notes are listed on Euronext Paris and if the rules applicable to such stock exchange so require, to such stock exchange.

Euro-zone means the region comprised of member states of the European Union that adopt the single currency in accordance with the Treaty establishing the European Community as amended by the Treaty on European Union.

4.10 Interest Deferral

On each Interest Payment Date, the Issuer shall pay interest on the Notes accrued to that date ending immediately prior to such Interest Payment Date, subject to the provisions of the following paragraphs. The interest to be paid will be calculated on the basis of the Principal Amount of the Notes.

(i) *Optional Interest Payment Dates*

On any Interest Payment Date other than a Compulsory Interest Payment Date or a Mandatory Interest Deferral Date (all as defined below) (an **Optional Interest Payment Date**), the Issuer may, at its option, elect by notice to (x) the Noteholders in accordance with Condition 11 and (y) the Fiscal Agent pursuant to sub-paragraph (vi) below, to defer payment of all (but not some only) of the interest accrued to that date, and the Issuer shall not have any obligation to make such payment and any failure to pay shall not constitute a default by the Issuer for any purpose.

Any interest not paid on an Optional Interest Payment Date and deferred in accordance with this paragraph shall so long as they remain outstanding constitute **Optional Arrears of Interest** and shall be payable as outlined in Condition 4.10 (iv) below. In the case of Notes exchanged in accordance with Condition 5.5 or Condition 5.7, Arrears of Interest (together with any Additional Interest Amount) (as defined in Condition 4.10 (iv) below) accrued on the Notes originally issued will be transferred to, and assumed by the Issuer, under such Exchanged Notes (as defined in Condition 5.5).

(ii) *Compulsory Interest Payment Dates*

On any Compulsory Interest Payment Date, interest on the Notes accrued to that date will be paid and will not be deferred.

(iii) *Mandatory Interest Deferral Dates*

On any Mandatory Interest Deferral Date (as defined below), the Issuer will be obliged, by notice to (x) the Noteholders in accordance with Condition 11 and (y) the Fiscal Agent pursuant to sub-paragraph (v) below, to defer payment of all (but not some only) of the interest accrued to that date, and the Issuer shall not have any obligation to make such payment, provided however that if the Relevant Supervisory Authority accepts that interest accrued in respect of the Notes during such Interest Period can be paid (to the extent the Relevant Supervisory Authority can give such consent in accordance with the Existing Regulations or the Future Capital Instruments Regulations as applicable and that such

acceptance has not been withdrawn by the date of the relevant payment), the relevant Interest Payment Date will not be a Mandatory Interest Deferral Date.

Any interest not paid on a Mandatory Interest Deferral Date and deferred in accordance with this paragraph shall so long as they remain outstanding constitute **Mandatory Arrears of Interest** (and together with the Optional Arrears of Interest, the **Arrears of Interest**) and shall be payable as outlined below. In the case of Notes exchanged in accordance with Condition 5.5 or Condition 5.7, Arrears of Interest (together with any Additional Interest Amount, as defined below) accrued on the Notes originally issued will be transferred to, and assumed by the Issuer under, such Exchanged Notes (as defined in Condition 5.5).

(iv) *Arrears of Interest*

Arrears of Interest (together with the corresponding Additional Interest Amount) may, subject to the fulfillment of the Conditions to Settlement, at the option of the Issuer, be paid in whole or in part at any time but all Arrears of Interest (together with the corresponding Additional Interest Amount) in respect of all Notes for the time being outstanding shall become due in full on whichever is the earliest of:

- (A) the next Interest Payment Date which is a Compulsory Interest Payment Date; or
- (B) the date of any redemption of the Notes in accordance with the provisions relating to redemption of the Notes; or
- (C) the date upon which a judgment is made by a competent court for the judicial liquidation of the Issuer (*liquidation judiciaire*) or for the sale of the whole of the business (*cession totale de l'entreprise*) following an order of judicial reorganisation (*redressement judiciaire*) in respect of the Issuer or in the event of the liquidation of the Issuer for any other reason.

Each amount of Arrears of Interest shall bear interest, in accordance with Article 1154 of the French *Code civil*, as if it constituted the nominal amount of the Notes at a rate which corresponds to the Rate of Interest from time to time applicable to the Notes and the amount of such interest (the **Additional Interest Amount**) with respect to Arrears of Interest shall be due and payable pursuant to this provision and shall be calculated by the Calculation Agent applying the Rate of Interest to the amount of the Arrears of Interest and otherwise *mutatis mutandis* as provided in the foregoing provisions hereof. The Additional Interest Amount accrued up to any Interest Payment Date shall be added, to the extent permitted by applicable law and for the purpose only of calculating the Additional Interest Amount accruing thereafter, to the amount of Arrears of Interest remaining unpaid on such Interest Payment Date as if such amount constituted Arrears of Interest.

(v) *Definitions*

In this Condition 4.10 and for the purposes of the Conditions:

Compulsory Interest Payment Date means each Interest Payment Date prior to which during a period of six months prior to such Interest Payment Date a Compulsory Interest Payment Event occurred; unless, on or after the First Call Date, such Interest Payment Date constitutes a Mandatory Interest Deferral Date.

Compulsory Interest Payment Event means a declaration or a payment of a dividend in any form on any Equity Securities by the Issuer.

Conditions to Settlement are satisfied on any day with respect to any payment of Arrears of Interest and Additional Interest Amounts, if any, if (i) no Regulatory Deficiency has occurred and is continuing or would be caused by the payment of the Arrears of Interest, unless the Prior Approval of the Relevant Supervisory Authority has been given (to the extent such consent is required by, and may be given under, the Existing Regulations or the Future Capital Instruments Regulations as applicable), and (ii) the Solvency II Directive has been implemented on or prior to such day, the Prior Approval of the Relevant Supervisory Authority has been given, but only to the extent that, under the Existing Regulations or the Future Capital Instruments Regulations as applicable, such consent is required at the time in order for the Notes to qualify at least as “tier two” own funds regulatory capital (or, if different, whatever terminology is employed by the Future Capital Instruments Regulations as applicable) of the Issuer and/or the Group for the purposes of the determination of its regulatory capital.

Existing Regulations means, from the Issue Date to the date of implementation of Future Capital Instruments Regulations, the solvency margin, capital adequacy regulations or any other regulatory capital rules then in effect in France (or if the Issuer becomes domiciled in a jurisdiction other than France, such other jurisdiction) and/or any other relevant jurisdiction as applied and construed by the Relevant Supervisory Authority and applicable to the Issuer and/or the Group.

Future Capital Instruments Regulations means the solvency margin or capital adequacy regulations which may be introduced after the Issue Date into France in relation to the Solvency II Directive (or if the Issuer and/or the Group becomes domiciled in a jurisdiction other than France, such other jurisdiction) and applicable to the Issuer and/or the Group, which would lay down the requirements to be fulfilled by financial instruments for inclusion in at least “tier two” own funds regulatory capital (including any grandfathering provision thereof).

Mandatory Interest Deferral Date means each Interest Payment Date in respect of which the Noteholders and the Principal Paying Agent have received written notice from the Issuer pursuant to sub-paragraph (vi) below confirming that (i) a Regulatory Deficiency has occurred and such Regulatory Deficiency is continuing on such Interest Payment Date or (ii) the payment of such interest would in itself cause a Regulatory Deficiency, provided that, if prior to the First Call Date, a Compulsory Interest Payment Event occurred during a period of six months prior to such Interest Payment Date, such Interest Payment Date will not be a Mandatory Interest Deferral Date but will constitute a Compulsory Interest Payment Date.

Optional Interest Payment Date means any Interest Payment Date other than a Compulsory Interest Payment Date or a Mandatory Interest Deferral Date.

Prior Approval of the Relevant Supervisory Authority means the prior written approval of the Relevant Supervisory Authority, if such approval is required at the time under any Existing Regulations or any Future Capital Instruments Regulations or an official application or interpretation thereof.

Regulatory Deficiency means:

- (i) before the implementation of the Solvency II Directive, the consolidated solvency margin of the Issuer and/or the Group falls below 100 per cent. of the required consolidated solvency margin or any applicable solvency margin or capital adequacy levels as applicable under Existing Regulations (or an official application or interpretation of those regulations including a decision of a court or tribunal); or

- (ii) following the implementation of the Solvency II Directive, the own funds regulatory capital (or whatever the terminology employed by Future Capital Instruments Regulations) of the Issuer and/or the Group is not sufficient to cover its capital requirements (or whatever the terminology employed by Future Capital Instruments Regulations) and a deferral of interest is required or a redemption or repayment of principal is prohibited under Future Capital Instruments Regulations (or an official application or interpretation of those regulations including a decision of a court or tribunal); or
- (iii) the Relevant Supervisory Authority has notified the Issuer that it has determined, in view of the financial condition of the Issuer, that in accordance with applicable regulations at such time, the Issuer must take specified action in relation to payments under the Notes.

Relevant Supervisory Authority means any relevant regulator having jurisdiction over the Issuer and/or the Group, in the event that the Issuer and/or the Group is required to comply with certain applicable solvency margins or capital adequacy levels. The current Relevant Supervisory Authority is the *Autorité de contrôle prudentiel et de résolution* (the **ACPR**).

Solvency II Directive means Directive 2009/138/EC of the European Union of 25 November 2009 on the taking-up and pursuit of the business of insurance and reinsurance (Solvency II) and which must be transposed by member states of the European Economic Area pursuant to Article 309 of Directive 2009/138/EC (as amended, as the case may be).

(vi) *Notice of Deferral and Payment of Arrears of Interest*

The Issuer shall give not less than five (5) nor more than thirty (30) Business Days' prior notice to the Noteholders in accordance with Condition 11 and to the Fiscal Agent:

- (A) of any Optional Interest Payment Date on which the Issuer elects to defer interest as provided in sub-paragraph (i) above;
- (B) of any Mandatory Interest Deferral Date and specifying that interest will not be paid due to a Regulatory Deficiency continuing on the next Interest Payment Date, provided that if the Regulatory Deficiency occurs less than five (5) Business Days before such Interest Payment Date, the Issuer shall give notice of the interest deferral as soon as practicable under the circumstances before such Mandatory Interest Deferral Date; and
- (C) of any date upon which amounts in respect of Arrears of Interest and/or Additional Interest Amounts shall become due and payable.

So long as the Notes are listed on the regulated market of Euronext Paris and the rules of such stock exchange so require, notice of any such deferral or suspension shall also be given as soon as reasonably practicable to such stock exchange.

(vii) *Partial Payment of Arrears of Interest and Additional Interest Amounts*

If amounts in respect of Arrears of Interest and Additional Interest Amounts are paid in part:

- (A) all unpaid amounts of Arrears of Interest shall be payable before any Additional Interest Amounts;
- (B) Arrears of Interest accrued for any period shall not be payable until full payment has been made of all Arrears of Interest that have accrued during any earlier period and

the order of payment of Additional Interest Amounts shall follow that of the Arrears of Interest to which they relate; and

- (C) the amount of Arrears of Interest or Additional Interest Amounts payable in respect of any Note in respect of any period, shall be *pro rata* to the total amount of all unpaid Arrears of Interest or, as the case may be, Additional Interest Amounts accrued in respect of that period to the date of payment.

5. Redemption and Purchase

The Notes may not be redeemed otherwise than in accordance with this Condition.

5.1 General provisions

The Notes are undated obligations of the Issuer and have no fixed maturity date, but may be redeemed at the option of the Issuer under certain circumstances (as set out below) and subject to the fulfillment of the Conditions to Redemption (as set out below).

5.2 Optional Redemption from the First Call Date

The Issuer may, subject to the Prior Approval of the Relevant Supervisory Authority, subject to having given not more than forty-five (45) nor less than thirty (30) calendar days' prior notice to the Noteholders in accordance with Condition 11 (which notice shall be irrevocable), redeem the Notes in whole, but not in part, at their Principal Amount, together with all interest accrued (including Arrears of Interest and any Additional Interest Amount) to the date fixed for redemption on 18 November 2024 (the **First Call Date**) or on any Interest Payment Date falling thereafter.

5.3 Redemption for Taxation Reasons

- (1) If, at any time, by reason of a change in any French law or regulation, or any change in the official application or interpretation thereof, becoming effective after the Issue Date, the Issuer would, on the occasion of the next payment of principal or interest due in respect of the Notes, not be able to make such payment without having to pay Additional Amounts as specified in Condition 7 (a **Gross-Up Event**), the Issuer may, at any time, subject to the Prior Approval of the Relevant Supervisory Authority, subject to having given not more than forty-five (45) nor less than thirty (30) calendar days' prior notice to the Noteholders in accordance with Condition 11 (which notice shall be irrevocable), redeem the Notes in whole, but not in part, at their Principal Amount, together with all interest accrued (including Arrears of Interest and any Additional Interest Amount) to the date fixed for redemption, provided that the due date for redemption shall be no earlier than the latest practicable Interest Payment Date on which the Issuer could make payment of principal or interest without withholding for French taxes.
- (2) If the Issuer would on the next payment of principal or interest in respect of the Notes be obliged to pay Additional Amounts as specified under Condition 7 and the Issuer would be prevented by French law from making payment to the Noteholders of the full amount then due and payable, notwithstanding the undertaking to pay Additional Amounts contained in Condition 7, then the Issuer shall forthwith give notice of such fact to the Fiscal Agent and the Issuer shall, subject to the Prior Approval of the Relevant Supervisory Authority and upon giving not less than seven (7) calendar days' prior notice to the Noteholders in accordance with Condition 11 (which notice shall be irrevocable), redeem the Notes in whole, but not in part, at their Principal Amount, together with all interest accrued (including Arrears of Interest and any Additional Interest Amount) to the date fixed for redemption on the latest practicable date on which the Issuer could make payment of the full amount of

principal or interest payable in respect of the Notes or, if such date is past, as soon as practicable thereafter.

- (3) If, an opinion of a recognised law firm of international standing has been delivered to the Issuer and the Fiscal Agent, stating that by reason of a change in French law or regulation, or any change in the official application or interpretation of such law, becoming effective after the Issue Date, the tax regime of any payments under the Notes is modified and such modification results in the part of the interest payable by the Issuer in respect of the Notes that is tax-deductible being reduced (a **Tax Deductibility Event**), so long as this cannot be avoided by the Issuer taking reasonable measures available to it at the time, the Issuer may, subject to the Prior Approval of the Relevant Supervisory Authority, redeem the Notes in whole, but not in part, at their Principal Amount together with all interest accrued (including Arrears of Interest and any Additional Interest Amount) to the date fixed for redemption, on the latest practicable date on which the Issuer could make such payment with the part of the interest payable under the Notes being tax-deductible not being reduced or, if such date is past, as soon as practicable thereafter. The Issuer shall give the Fiscal Agent notice of any such redemption not less than thirty (30) nor more than forty-five (45) calendar days before the date fixed for redemption and the Fiscal Agent shall promptly thereafter publish a notice of redemption in accordance with Condition 11.

5.4 Optional Redemption for Regulatory Reasons

If, at any time, the Issuer determines that a Regulatory Event has occurred with respect to the Notes on or after the Issue Date, the Issuer may, at any time, subject to the Prior Approval of the Relevant Supervisory Authority, redeem the Notes in whole, but not in part, subject to having given not more than forty-five (45) nor less than thirty (30) calendar days' prior notice to the Noteholders in accordance with Condition 11, at their Principal Amount plus any accrued interest (including Arrears of Interest and any Additional Interest Amount) to the date fixed for redemption.

For the purpose of this Condition 5.4 and Condition 5.5 below, **Regulatory Event** means that after the Issue Date, the Issuer (i) is subject to regulatory supervision by the Relevant Supervisory Authority, and (ii) is not permitted to treat the aggregate net proceeds of such Notes that are outstanding as eligible for the purpose of the determination of the solvency margin or capital adequacy levels of the Issuer and/or Group (including any grandfathering provision thereof) as at least "tier two" own funds regulatory capital (or whatever terminology is employed by Existing or Future Capital Instruments Regulations at the time), except as a result of the application of the limits on inclusion of such securities in the regulatory capital.

5.5 Exchange/Variation for Regulatory Reasons

If at any time the Issuer determines that a Regulatory Event has occurred on or after the Issue Date, the Issuer may, as an alternative to Condition 5.4 above, at any time, without the consent of the Noteholders, (i) exchange the Notes for new notes replacing the Notes (the **Exchanged Notes**), or (ii) vary the terms of the Notes (the **Varied Notes**), so as to cure the Regulatory Event. Any such exchange or variation is subject to the following conditions:

- (i) the Issuer giving not less than thirty (30) nor more than forty-five (45) calendar days' notice to the Noteholders in accordance with Condition 11;
- (ii) the Prior Approval of the Relevant Supervisory Authority being obtained;
- (iii) the Issuer complying with the rules of any stock exchange (or any other relevant authority) on which the Notes are for the time being listed or admitted to trading, and (for so long as the rules of such exchange require) the publication of any appropriate supplement, listing particulars or offering circular in connection therewith, and the Exchanged or Varied Notes

continue to be listed or admitted on the same stock exchange as the Notes if they were listed immediately prior to the relevant Exchange/Variation;

- (iv) the Exchanged or Varied Notes should maintain the same ranking in liquidation, same interest rate and interest payment dates, same First Call Date and early redemption rights (provided that the relevant exchange or variation may not itself trigger any early redemption right); same rights to accrued or Arrears of Interest; same rights to principal and interest without any additional principal loss absorption via a write-down or conversion into ordinary shares of the principal amount; if publicly rated by the Rating Agency immediately prior to such Exchange/Variation, at least the same credit rating by the Rating Agency as compared to the relevant rating immediately prior to such Exchange/Variation;

For the purposes of this Condition, **Rating Agency** means Standard & Poor's Ratings Services (Standard & Poor's) or any successor thereto;

- (v) the terms of the exchange or variation not being prejudicial to the interests of the Noteholders, including compliance with (iv) above, as certified to the benefit of the Noteholders by a director of the Issuer, having consulted with an independent investment bank of international standing (for the avoidance of doubt the Fiscal Agent shall accept the certificates of the Issuer as sufficient evidence of the occurrence of a Regulatory Event and that such exchange or variation to the terms of the Notes are not prejudicial to the interest of the Noteholders); and
- (vi) the issue of legal opinions addressed to the Fiscal Agent for the benefit of the Noteholders from one or more international law firms of good reputation confirming (x) that the Issuer has capacity to assume all rights and obligations under the Exchanged Notes or Varied Notes and has obtained all necessary corporate or governmental authorisation to assume all such rights and obligations and (y) the legality, validity and enforceability of the Exchanged Notes or Varied Notes.

Any such exchange or variation shall be binding on the Noteholders and shall be notified to them in accordance with Condition 11 as soon as practicable thereafter.

5.6 Optional Redemption for Rating Reasons

If, at any time, the Issuer determines that a Rating Methodology Event has occurred with respect to the Notes on or after the Issue Date, the Issuer may, subject to the Prior Approval of the Relevant Supervisory Authority, redeem the Notes subject to having given not more than forty-five (45) nor less than thirty (30) days' prior notice to the Noteholders in accordance with Condition 11, in whole, but not in part, at the option of the Issuer, at any time, at their Principal Amount plus any accrued interest (including Arrears of Interest and any Additional Interest Amount) to the date fixed for redemption.

For the purposes of this Condition, a **Rating Methodology Event** will be deemed to occur upon a change in the methodology of the Rating Agency (as defined above) (or in the interpretation of such methodology) as a result of which the equity content previously assigned by the Rating Agency to the Notes is, in the reasonable opinion of the Issuer, materially reduced when compared to the equity content assigned by the Rating Agency at or around the Issue Date.

5.7 Exchange and/or variation for Rating Reasons

If at any time the Issuer determines that a Rating Methodology Event has occurred with respect to the Notes on or after the Issue Date, the Issuer may, as an alternative to Condition 5.6 above, at any time, without the consent of the Noteholders, (a) exchange the Notes for Exchanged Notes, or (b) vary the terms of the Notes (the **Varied Notes**) so as to cure such Rating Methodology Event,

subject to and in accordance with the conditions set out in sub-paragraphs (i) to (vi) of Condition 5.5 above, which shall apply *mutatis mutandis* with respect to such Rating Methodology Event.

Any such exchange or variation shall be binding on the Noteholders and shall be notified to them in accordance with Condition 11 as soon as practicable thereafter.

5.8 Automatic Disapplication for Regulatory Reasons

In the event that the option of the Issuer, before the fifth anniversary of the Issue Date, (i) to redeem the Notes for Taxation Reasons or (ii) to redeem the Notes or to exchange the Notes or vary the terms of the Notes further to the occurrence of a Regulatory Event or a Rating Methodology Event, would prevent the Notes from being treated under the Future Capital Instruments Regulations (excluding any grandfathering provisions thereof) as at least “tier two” own funds regulatory capital (or, if different, whatever terminology is employed by the Future Capital Instruments Regulations) of the Issuer and/or the Group for the purposes of the determination of the Issuer’s solvency margin or regulatory capital, the terms of the Notes shall on and from the First Call Date automatically be varied by the Issuer to exclude the relevant option(s). In any such event: (a) the Prior Approval of the Relevant Supervisory Authority will be obtained, if such approval is required at the time, and (b) notice will be given to Noteholders in compliance with the rules of the relevant stock exchange. However, sub-paragraphs (v) and (vi) of Condition 5.5 above will not apply to such variation.

5.9 Purchases

The Issuer may at any time, subject to the Prior Approval of the Relevant Supervisory Authority, purchase Notes in the open market or otherwise at any price for cancellation or holding in accordance with applicable laws and regulations. Notes so purchased by the Issuer may be held and resold in accordance with Articles L.213-1-A and D.213-1-A of the French *Code monétaire et financier* for the purpose of enhancing the liquidity of the Notes.

5.10 Cancellation

All Notes which are redeemed or purchased for cancellation by the Issuer pursuant to this Condition 5 will forthwith be cancelled (together with rights to interest any other amounts relating thereto) by transfer to an account in accordance with the rules and procedures of Euroclear France.

Any Notes so cancelled may not be resold and the obligations of the Issuer in respect of any such Notes shall be discharged.

5.11 Conditions to Redemption

The Notes may not be redeemed pursuant to any of the redemption provisions referred to above if (i) a Regulatory Deficiency has occurred and is continuing on the due date for redemption or (ii) such redemption would itself cause a Regulatory Deficiency, except if the Prior Approval of the Relevant Supervisory Authority has been obtained.

Should a Regulatory Deficiency occur after a notice for redemption has been made to the Noteholders, such redemption notice would become automatically void and notice thereof would be made promptly by the Issuer in accordance with Condition 11.

6. Payments

6.1 Method of Payment

Payments of principal, interest (including, for the avoidance of doubt, any Additional Interest Amounts) and other amounts in respect of the Notes will be made in Euro, by transfer to a Euro

denominated account (or any other account to which Euro may be credited or transferred) specified by the payee in a country within the Target2 System. Such payments shall be made for the benefit of the Noteholders to the Account Holders and all payments made to such Account Holders in favour of Noteholders will be an effective discharge of the Issuer and the Fiscal Agent, as the case may be, in respect of such payment.

None of the Issuer, the Fiscal Agent, the Calculation Agent or the Paying Agents shall be liable to any Noteholder or other person for any commission, costs, losses or expenses in relation to, or resulting from, the credit or transfer of Euro, or any currency conversion or rounding effect in connection with such payment being made in Euro.

Payments in respect of principal and interest on the Notes will, in all cases, be made subject to (i) any fiscal or other laws and regulations or orders of courts of competent jurisdiction applicable in respect of such payments to the Issuer, the relevant Paying Agent, the relevant Account Holder or, as the case may be, the person shown in the records of Euroclear France, Euroclear or Clearstream, Luxembourg as the holder of a particular nominal amount of Notes, but without prejudice to the provisions of Condition 7 and (ii) any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986 (the **Code**) or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, official interpretations thereof, or any law implementing an intergovernmental approach thereto.

6.2 Payments on Business Days

If any due date for payment of principal, interest or other amounts in respect of any Note is not a Business Day, then the holder of such Note shall not be entitled to payment of the amount due until the next following Business Day and will not be entitled to any interest or other sums with respect to such postponed payment.

6.3 Fiscal Agent, Paying Agents and Calculation Agent

The names of the initial Agents and their specified offices are set out below:

Fiscal Agent, Principal Paying Agent and Calculation Agent

BNP Paribas Securities Services

Les Grands Moulins de Pantin

9, rue du Débarcadère

93500 Pantin – France

The Issuer reserves the right at any time to vary or terminate the appointment of the Fiscal Agent or a Paying Agent and/or appoint additional or other Paying Agents or approve any change in the office through which any such Agent acts, provided that there will at all times be a Fiscal Agent and a Principal Paying Agent having a specified office in a European city. Notice of any such change or any change of specified office shall promptly be given as soon as reasonably practicable to the Noteholders in accordance with Condition 11 and, so long as the Notes are listed on Euronext Paris and if the rules applicable to such stock exchange so require, to such stock exchange.

Any termination or appointment shall only take effect (other than in the case of insolvency, when it shall be of immediate effect) after not more than forty-five (45) nor less than thirty (30) calendar days' notice thereof shall have been given to the Noteholders by the Issuer in accordance with Condition 11.

7. Taxation

All payments in respect of the Notes shall be made free and clear of, and without withholding or deduction for or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or on behalf of any jurisdiction or any political subdivision or any authority thereof or therein having power to tax unless such withholding or deduction is required by law.

If applicable French law should require that payments of principal or interest made by the Issuer in respect of any Note be subject to deduction or withholding in respect of any present or future taxes or duties whatsoever levied by the Republic of France, the Issuer, will, to the fullest extent then permitted by law, pay such additional amounts (**Additional Amounts**) as shall result in receipt by the Noteholders of such amounts as would have been received by them had no such withholding or deduction been required, except that no such Additional Amounts shall be payable with respect to any Note, as the case may be:

- (i) **Other connection:** to, or to a third party on behalf of, a Noteholder who is liable to such taxes, duties, assessments or governmental charges in respect of such Note by reason of his having some connection with the Republic of France other than the mere holding of the Note or interest coupon; or
- (ii) **Payment to individuals:** where such withholding or deduction is required to be made pursuant to Council Directive 2003/48/EC or any other EU Directive implementing the conclusions of the ECOFIN Council Meeting of 26-27 November 2000 on the taxation of savings income, or any law implementing or complying with, or introduced in order to conform to, such Directive; or
- (iii) **Payment by another Paying Agent:** presented for payment by or on behalf of a holder who would be able to avoid such withholding or deduction by presenting the relevant Note or interest coupon to another Paying Agent in a Member State of the EU.

Each holder of Notes shall be responsible for supplying to the Paying Agent, in a reasonable and timely manner, any information as may be required in order to comply with the identification and reporting obligations imposed on it by the Council Directive 2003/48/EC or any other European Directive implementing the conclusions of the ECOFIN Council Meeting dated 26-27 November 2000 on the taxation of savings income or any law implementing or complying with, or introduced in order to conform to such Directive.

Any reference in these Conditions to principal and/or interest shall be deemed to include any Additional Amounts.

Notwithstanding any other provision in these Conditions, the Issuer shall be permitted to withhold or deduct any amounts required pursuant to an agreement described in Section 1471(b) of the Code or otherwise imposed pursuant to Sections 1471 through 1474 of the Code (**FATCA**), any regulations or agreements thereunder, official interpretations thereof, or any law implementing an intergovernmental approach thereto. The Issuer will have no obligation to pay additional amounts or otherwise indemnify an investor for any FATCA withholding deducted or withheld by the Issuer, any paying agent or any other party.

8. Prescription

Claims against the Issuer for the payment of principal and interest in respect of the Notes shall become prescribed ten (10) years (in the case of principal) and five (5) years (in the case of interest) from the due date for payment thereof.

9. Enforcement Events

There will be no events of default in respect of the Notes. However, each Note shall become immediately due and payable at its Principal Amount, together with accrued interest thereon, if any, to the date of payment and any Arrears of Interest (including any Additional Interest Amounts thereon), in the event that a judgment is rendered by any competent court declaring the judicial liquidation (*liquidation judiciaire*) of the Issuer, or in the event of a transfer of the whole of the business of the Issuer (*cession totale de l'entreprise*) subsequent to the opening of a judicial recovery procedure, or if the Issuer is liquidated for any other reason.

10. Representation of the Noteholders

The Noteholders will be grouped automatically for the defence of their respective common interests in a *masse* (hereinafter referred to as the *Masse*).

In accordance with Article L.228-90 of the French *Code de commerce*, the *Masse* will be governed by the provisions of the *Code de commerce* applicable to the *Masse* (with the exception of the provisions of Articles L.228-48, L.228-59 and L.228-65 II and Articles R.228-63, R.228-67 and R.228-69), subject to the following provisions:

(a) *Legal Personality*

The *Masse* will be a separate legal entity, by virtue of Article L.228-46 of the French *Code de commerce*, acting in part through a representative (the **Representative**) and in part through a general assembly of Noteholders.

The *Masse* alone, to the exclusion of all individual Noteholders, shall exercise the common rights, actions and benefits which now or in the future may accrue with respect to the Notes.

(b) *Representative*

The office of Representative may be conferred on a person of any nationality. However, the following persons may not be chosen as Representative:

- (i) the Issuer, the members of its *Conseil d'Administration* (Board of Directors), its *Directeurs Généraux* (general managers), its statutory auditors, its employees and their ascendants, descendants and spouses;
- (ii) companies possessing at least ten (10) per cent. of the share capital of the Issuer or of which the Issuer possesses at least ten (10) per cent. of the share capital;
- (iii) companies guaranteeing all or part of the obligations of the Issuer, their respective managers (*gérants*), general managers, members of their board of directors, management board or supervisory board, their statutory auditors, and their ascendants, descendants and spouses;
- (iv) persons to whom the practice of banker is forbidden or who have been deprived of the right of directing, administering or managing a business in whatever capacity.

The initial Representative shall be:

Hochstrasser Christian
2 rue du Général de Gaulle
54870 Cons la Grandville
France

The alternative representative (the **Alternative Representative**) shall be:

Sandrine d'Haussy
69 avenue Gambetta
94100 St Maur des Fossés
France

In the event of death, incompatibility, resignation or revocation of the Representative, such Representative will be replaced by the Alternative Representative. The Alternative Representative shall have the same powers as the Representative.

In the event of death, incompatibility, resignation or revocation of the Alternative Representative, a replacement will be elected by a meeting of the general assembly of the Noteholders.

The Representative will be entitled to a remuneration of €600 per year paid by the Issuer.

All interested parties will at all times have the right to obtain the names and the addresses of the Representative and the Alternative Representative at the head office of the Issuer and at the offices of any of the Paying Agents.

(c) ***Powers of the Representative***

The Representative shall, in the absence of any decision to the contrary of the general assembly of the Noteholders, have the power to take all acts of management to defend the common interests of the Noteholders.

All legal proceedings against the Noteholders or initiated by them, in order to be valid, must be brought against the Representative or by it.

The Representative may not interfere in the management of the affairs of the Issuer.

(d) ***General Assemblies of Noteholders***

General assemblies of Noteholders may be held at any time, on convocation either by the Issuer or by the Representative. One or more Noteholders, holding together at least one-thirtieth (1/30) of the Principal Amount of the Notes may address to the Issuer and the Representative a demand for convocation of the general assembly; if such general assembly has not been convened within two (2) months from such demand, such Noteholders may commission one of themselves to petition the competent court in Paris to appoint an agent (*mandataire*) who will call the meeting.

Notice of the date, hour, place, agenda and quorum requirements of any meeting of a general assembly will be published as provided under Condition 11 not less than fifteen (15) calendar days prior to the date of the general assembly.

Each Noteholder has the right to participate in meetings of the *Masse* in person, by proxy, by correspondence or if the *statuts* of the Issuer so specify, by visioconference or by any other

means of telecommunication allowing the participation of the Noteholders. Each Note carries the right to one vote.

In accordance with Article R.228-71 of the French *Code de commerce*, the right of each Noteholder to participate in general assemblies will be evidenced by the entries in the books of the relevant Account Holder of the name of such Noteholder as of 0:00, Paris time, on the third business day in Paris preceding the date set for the meeting of the relevant general assembly.

(e) ***Powers of General Assemblies***

A general assembly is empowered to deliberate on the fixing of the remuneration, dismissal or replacement of the Representative and the Alternative Representative and may also act with respect to any other matter that relates to the common rights, actions and benefits which now or in the future may accrue with respect to the Notes, including authorising the Representative to act at law as plaintiff or defendant.

A general assembly may further deliberate on any proposal relating to the modification of the Conditions of the Notes, including:

- (i) any proposal, whether for arbitration or settlement, relating to rights in controversy or which were the subject of judicial decisions; and
- (ii) any proposal relating to the issue of securities carrying a right of preference compared to the rights of the Noteholders;

it being specified, however, that a general assembly may not increase the liabilities (*charges*) of the Noteholders nor establish any unequal treatment between the Noteholders, nor decide to convert the Notes into shares. Any amendment to the Conditions is subject to the Prior Approval of the Relevant Supervisory Authority.

Meetings of a general assembly may deliberate validly on first convocation only if Noteholders present or represented hold at least one fifth (1/5) of the Principal Amount of the Notes then outstanding. On second convocation, no quorum shall be required. Decisions at meetings shall be taken by a two-thirds (2/3) majority of votes cast by the Noteholders attending such meeting or represented thereat.

Decisions of the general assembly must be published in accordance with the provisions set out in Condition 11 not more than ninety (90) calendar days from the date thereof.

(f) ***Information to the Noteholders***

Each Noteholder or representative thereof will have the right, during the fifteen (15) calendar days period preceding the holding of each meeting of a general assembly, to consult or make a copy of the text of the resolutions which will be proposed and of the reports which will be presented at the meeting, which will be available for inspection at the principal office of the Issuer, at the offices of the Paying Agents and at any other place specified in the notice of meeting.

(g) ***Expenses***

The Issuer will pay all reasonable expenses incurred in the operation of the *Masse*, including expenses relating to the calling and holding of meetings and the expenses which arise by virtue of the remuneration of the Representative, and more generally all administrative

expenses resolved upon by a general assembly of the Noteholders, it being expressly stipulated that no expenses may be imputed against interest payable on the Notes.

For the avoidance of doubt, in this Condition 10 "outstanding" shall not include those Notes purchased by the Issuer pursuant to Article L.213-1-A of the French *Code monétaire et financier* that are held by it and not cancelled.

11. Notices

- (a) Notices required to be given to the Noteholders may be given by delivery of the relevant notice to Euroclear France, Euroclear, Clearstream, Luxembourg and any other clearing system through which the Notes are for the time being cleared; except that so long as the Notes are listed and admitted to trading on Euronext Paris and the rules of such regulated market so require, notices shall also be published in a leading daily newspaper of general circulation in France (which is expected to be *Les Echos* or such other newspaper as the Fiscal Agent shall deem necessary to give fair and reasonable notice to the Noteholders).
- (b) If any such publication is not practicable, notice shall be validly given if published in another leading daily English language newspaper with general circulation in Europe.

Any such notice shall be deemed to have been given on the date of such publication or, if published more than once or on different dates, on the date of the first publication.

12. Further Issues

Having previously informed the Relevant Supervisory Authority, the Issuer may, from time to time without the consent of the Noteholders, issue further Notes to be assimilated (*assimilables*) with the Notes as regards their financial service, provided that such further notes and the Notes shall carry rights identical in all respects (or in all respects except for the first payment of interest thereon) and that the terms of such further notes shall provide for such assimilation. In the event of such assimilation, the Noteholders and the holders of any assimilated notes will, for the defence of their common interests, be grouped in a single *Masse* having legal personality.

13. Governing Law and Jurisdiction

The Notes are governed by the laws of France.

Any claim against the Issuer in connection with any Notes may be brought before any competent court in Paris.

USE OF PROCEEDS

The net proceeds of the issue of the Notes, after deduction of any applicable commission will be used for general corporate purposes.

DESCRIPTION OF THE ISSUER

For a general description of the Issuer and the Group, please refer to the sections of the 2013 Registration Document and the 2014 Interim Accounts referred to in the cross-reference table appearing in section "Information Incorporated by Reference" above.

Consideration for the transaction amounts to €290 MM and may be adjusted upwards or downwards based on financial performance observed in the following years.

The transaction will be financed from existing resources and is expected to close by year end 2014, subject to regulatory approvals.

"This agreement marks a key step in the implementation of our strategic priorities in Europe. With Banco Santander, Europe's first retail bank, we create a partnership fulfilling CNP Assurances' ambitions." said CNP Assurances' CEO Frédéric Lavenir.

CNP Assurances – Press release

CNP Assurances announces today an important step in its discussions with Groupe BPCE regarding its life and protection insurance distribution agreements in the Caisses d'Épargnes branch network expiring at the end of 2015. The Board of Directors of CNP Assurances has authorised its senior management to negotiate a memorandum of understanding (MOU) on the basis of the principles of the proposed renewed partnership which has been discussed between the two groups.

The project, which is fully in line with CNP Assurances' strategic objectives, would be implemented starting 1 January 2016 for an initial period of 7 years and extendable on a 3-year basis thereafter. It would be based on the following principles :

- strengthened partnership in protection/personal risk products, a strategic priority for CNP Assurances, through the following partnerships :
 - o in group term creditor insurance distributed in the Caisses d'Épargne, Banques Populaires and Crédit Foncier branch networks, by way of a co-insurance agreement underwritten by CNP Assurances for 66% and by Natixis Assurances for 34% ;
 - o in group protection, covering the employees of the Caisses d'Épargne and Banques Populaires branch networks' business and corporate clients ;
 - o in individual protection, targeting selected products ;
- continued management by CNP Assurances of all the savings and pensions contracts from the Caisses d'Épargne network originated before 1 January 2016 as well as collection by CNP Assurances of the new inflows on these contracts ;
- protection mechanism by BPCE on this portfolio, combined with the reinsurance by Natixis Assurances of a 10% quota-share thereof ;
- integration within Natixis Assurances, a subsidiary of Groupe BPCE, of the production and management of savings and pensions policies (life insurance and capitalization) which will be distributed through the Caisses d'Épargne networks from 1 January 2016.

On the basis of these principles, a MOU will be negotiated. The MOU will be proposed to employee representative bodies in accordance with the information and consultation procedure and submitted for approval to CNP Assurances' Board of Directors before the conclusion of final agreements. The final agreements will be subject to customary regulatory approvals.

In addition CNP Assurances intends to engage into discussions with La Banque Postale shortly.

"We initiated our discussions with Groupe BPCE with the objective of defining a model of a renewed partnership, in line with CNP Assurances' strategic goals, and securing the interests of its policyholders, its shareholders and its employees. I am delighted that the principles of the proposed partnership which have been approved by our Board of Directors fully meet this objective" said CNP Assurances' CEO Frédéric Lavenir.

Suez Environnement renews its confidence in CNP Assurances for funding its employee pension obligations

Responsible for coordinating the insurance pool since 2007, CNP Assurances has won a new contract to fund the Suez Environnement group's pension obligations in France through a supplementary, points-based pension plan (known as an "L441" plan).

The plan will be co-insured and will cover pension obligations of more than €300 million and almost 15,000 Suez Environnement employees.

Magaly Siméon, head of CNP Assurances' Social Protection and Services business unit commented: *"We are delighted in this mark of confidence from a partner as important as Suez Environnement. Employee pension issues are becoming increasingly complex and it is crucial for us to support our partners over the long term to protect the pension savings of their employees and retirees and to offer them our end-to-end solutions."*

Paris – 3 November 2014

Press Release

CNP Assurances has noted the decision of the Sanctions Committee of the French financial services supervisor, ACPR, concerning the processing of unclaimed life insurance settlements relating to insureds whose death dates back prior to 2007.

This decision comes even as CNP Assurances has made significant efforts to deal with an exceptional situation.

Customers can rest assured that CNP Assurances is fully focused on resolving this issue and that, thanks to the resources and procedures deployed in the past several years, there is no risk of this situation recurring.

The decision concerns unclaimed insurance settlements due to the beneficiaries of insureds who died prior to 2007. Before the Act of 17 December 2007 entered the statute book, it was up to the beneficiaries of a life insurance policy to contact the insurer and claim the settlement due to them. For their part, the insurance companies had no way of finding out whether an insured had died if no claim was filed. It was therefore inevitable that all life insurers would be faced with a growing backlog of unclaimed settlements. At CNP Assurances, the backlog was particularly large due to the Group's long history as a life insurer and the size of its business.

This situation, whatever the reasons for it, was unacceptable.

Lawmakers have intervened several times since 2007 to give insurers the legal and practical means of finding out when policyholders have died. Nonetheless, identifying and tracing beneficiaries in order to pay the amounts due to them turned out to be far more difficult than we expected in 2008. That's why we have gradually increased the resources deployed to deal with this exceptional situation.

In particular, we believe it's important to note that since the end of 2012, the resources deployed to resolve unclaimed settlements have been increased five-fold. A 60-person team is now working full time to deal with the backlog of unclaimed settlements dating back prior to 2007, with the systematic help of accredited investigators, allowing us to affirm that all remaining files will have been processed by 31 December 2015.

CNP Assurances would like to emphasize that at no time did it consider excluding any beneficiaries from its searches. On the contrary, the aim has always been to pay all unclaimed settlements, without exception.

CNP Assurances would also like to reiterate that it has never derived any profit from these unclaimed settlements: the income generated by investing the funds is not kept by the Group but is added to the sum shared by all policyholders, as is the case for all life insurance policies.

Lastly, thanks to the resources and procedures deployed over the past several years to quickly identify deceased insureds and actively search for their beneficiaries, a situation such as the one that arose concerning insureds who died prior to 2007 could never recur. CNP Assurances reaffirms that our teams are fully engaged in serving policyholders and their beneficiaries.

Appendix I

CNP Assurances has never derived any benefit from unclaimed settlements

CNP Assurances has never derived any benefit from these unclaimed settlements: the income generated by investing the funds is not kept by the Group but is added to the sum shared by all policyholders, as is the case for all life insurance policies.

In addition, unclaimed settlements earn interest from the first anniversary of the insured's death to the date when the settlement is paid to the beneficiaries at a rate (EONIA, 0.7% on average) that is higher than that applied to calculate the administration fees attributable to CNP Assurances (0.3% on average).

Added to this, the post-mortem interest accrues even on policies where the insured died before the Act of 17 December 2007 entered the statute book, whereas the Act requires the accrual to be made only on settlements that became due after that date. We therefore exceed the legal requirements, so that all beneficiaries of life insurance policies managed by CNP Assurances are treated in the same way.

Administration fees are no longer deducted as from the date when we begin processing the file.

In addition, unlike some of our competitors, we bear the full cost of tracing beneficiaries and do not charge any fee for this work.

Appendix 2 – This situation could never recur
Standard procedure for the processing of death benefit claims

There are five main steps in the procedure for paying a life insurance settlement following the death of the insured:

1. Discovery of the death

- The death may be reported to CNP Assurances either by the distribution network, or directly by the beneficiaries, the notary or another party, by sending in the death certificate.
- Alternatively, CNP Assurances may determine that an insured has died through the monthly comparison of the Group's customer database with the national statistics office (INSEE) database.

2. Recording of the death

The insured's death is recorded as soon as it is reported or discovered.

3. Identification of the beneficiary

The beneficiary is immediately identified.

Or 3a. The services of two accredited firms of specialised investigators are used to identify the beneficiary.

- A specialised investigator is used in all cases where CNP Assurances experiences problems in contacting the beneficiary (or beneficiaries) or there are any doubts about their identity.
- The beneficiaries are traced in 90% of cases.

4. Documentation of the claim file

Once the beneficiary's contact details have been identified:

- For claims processed by the distribution network: the network gives the beneficiary the list of documents to be provided.
- For claims processed directly, a letter is sent to the beneficiary listing the documents to be provided. A follow-up letter is sent 45 days after the first one, and a second letter after 90 days if necessary.

5. Settlement of the death benefit

- The file is reviewed to ensure that it comprises all necessary documents and that these are valid.
- The death benefit is paid 30 days after receipt of the complete file.

Or 5a. End of processing – unclaimed settlement

- The file is closed if the investigators are unable to identify the beneficiaries or the identified beneficiaries fail to supply the required documents within six months of the second follow-up letter being sent.
- An accrual is recorded in a dedicated account for the funds to be paid over to the French State (currently) or the Caisse des Dépôts et Consignations (as from 1 January 2016).

1. Premium income for the first nine months of 2014

Consolidated premium income for the first nine months of 2014 totalled €23.2 billion, up 13.2% as reported and 14.3% at comparable scope of consolidation and constant exchange rates (like-for-like) compared with the same period of 2013.

Premium income **in France** rose 19.6%, led mainly by growth in the savings business, including a 96.6% surge in sales of unit-linked products across all distribution networks. In all, unit-linked business accounted for 13.2% of total savings/pensions premium income, compared with 8.4% in the first nine months of 2013.

The personal risk/protection business (personal risk, health and term creditor insurance) continued to grow, with premium income rising 1.7%.

Net new money* from savings and pensions business in France was a positive €1.9 billion (including €1.2 billion from unit-linked sales).

In Latin America, premium income grew 1.6% like-for-like and declined 8.1% as reported. The picture was mixed depending on the business, with the 14.9% like-for-like decline in savings/pensions premiums contrasting with a 26.8% like-for-like surge in personal risk/protection premiums.

In the “Europe excluding France” region, premium income contracted by 4.1% on a high basis of comparison that was due to a group insurance policy sold in the prior-year period. Excluding this policy, premium income rose 12.6%, led by the savings business.

The growth in premium income drove a €307 billion (3.0%) increase in technical reserves over the first nine months of 2014.

2. Nine-month profit indicators

Net insurance revenue stood at €1,815 million for the period, a year-on-year gain of 1.8% as reported and of 6.7% like-for-like.

In France, the 2.2% rise in net insurance revenue was driven primarily by higher premium income and improved underwriting margins in the personal risk/protection segment.

In Latin America, net insurance revenue continued to grow at a rapid pace, gaining 12.4% like-for-like and 0.7% after taking into account the currency effect. As was the case in France, the personal risk/protection segment was the main growth driver.

In the “Europe excluding France” region, net insurance revenue rose by 4.3%.

Revenues from own funds portfolios rose 0.6% to €571 million.

Total revenue for the period came to €2,386 million, an increase of 1.5% as reported and 5.6% like-for-like.

General administrative expenses contracted by 1.2% to €652 million, reflecting ongoing cost discipline in all regions. The like-for-like change was an increase of 1.4%.

The cost/income ratio (ratio of costs to net insurance revenue) improved significantly, falling to 35.9% from 37.0% in the first nine months of 2013.

At €1,734 million, **consolidated EBIT** was up 2.5% as reported and 7.3% like-for-like. This performance reflects the Group's high quality management of operations in an unfavourable macro-economic environment.

Attributable net profit came to €842 million, a gain of 3.8% as reported and 7.0% like-for-like. This result includes the €40 million impact of the fine of the Sanctions Committee of the French financial services supervisor (ACPR) concerning the processing of unclaimed life insurance settlements.

Consolidated equity (excluding minority interests) increased by €1,302 million or 8.9% to €15,928 million at 30 September 2014.

The Solvency I coverage ratio at that date stood at 392% or 119% excluding unrealised gains, attesting to the robustness of the Group's balance sheet. The acquisition of a 51% stake in Santander Consumer Finance's insurance subsidiaries is expected to have a negative impact of around 3 points on the ratio.

TAXATION

The following is a general description of certain tax considerations relating to the holding Notes. It is based on the legislation as in effect on the date of this Prospectus and is subject to any change in law that may take effect after such date. It does not purport to be a complete analysis of all tax considerations relating to the Notes. It is included herein solely for information purposes and is not intended to be, nor should it be construed to be, legal or tax advice. Prospective purchasers of Notes should consult their own tax advisers as to which countries' tax laws could be relevant to acquiring, holding and disposing of Notes and the consequences of such actions under the tax laws of those countries.

EU Savings Directive

Under Council Directive 2003/48/EC on the taxation of savings income (the **Savings Directive**), Member States, subject to a number of conditions being met, are required to provide to the tax authorities of other Member States details of certain payments of interest or similar income paid or secured by a person established in a Member State to or for the benefit of an individual resident in another Member State or certain limited types of entities established in another Member State.

On 24 March 2014, the Council of the European Union adopted a Council Directive amending and broadening the scope of the requirements described above (the **Amending Savings Directive**). Member States are required to apply these new requirements from 1 January 2017. The changes will expand the range of payments covered by the Savings Directive, in particular to include additional types of income payable on securities. The Amending Savings Directive will also expand the circumstances in which payments that indirectly benefit an individual resident in a Member State must be reported. This approach will apply to payments made to, or secured for, persons, entities or legal arrangements (including trusts) where certain conditions are satisfied, and may in some cases apply where the person, entity or arrangement is established or effectively managed outside of the European Union.

For a transitional period, Luxembourg and Austria are required (unless during that period they elect otherwise) to operate a withholding system in relation to such payments. The rate of such withholding tax equals 35%. The changes referred to above will broaden the types of payments subject to withholding in those Member States which still operate a withholding system when they are implemented. In April 2013, the Luxembourg Government announced its intention to abolish the withholding system with effect from 1 January 2015, in favour of automatic information exchange under the Savings Directive.

The end of the transitional period is dependent upon the conclusion of certain other agreements relating to information exchange with certain other countries. A number of non-EU countries and territories including Switzerland have adopted similar measures (a withholding system in the case of Switzerland).

France

The following is a summary of certain French withholding tax considerations relating to the holding of the Notes. This summary is based on the tax laws and regulations of France, as currently in force and applied by the French tax authorities, all of which are subject to change or to different interpretation. This summary is for general information and does not purport to address all French tax considerations that may be relevant to specific holders in light of their particular situation. Persons considering the purchase of Notes should consult their own tax advisers as to French tax considerations relating to the purchase, ownership and disposition of Notes in light of their particular situation.

Withholding Tax

The following may be relevant to holders of the Notes who do not concurrently hold shares of the Issuer and who are not otherwise affiliated with the Issuer within the meaning of Article 39-12 of the French Code général des impôts.

Payments of interest and other assimilated revenues made by the Issuer with respect to the Notes will not be subject to the withholding tax set out under Article 125 A III of the French *Code général des impôts* unless such payments are made outside France in a non-cooperative State or territory (*Etat ou territoire non coopératif*) within the meaning of Article 238-0 A of the French *Code général des impôts* (a **Non-Cooperative State**). If such payments under the Notes are made in a Non-Cooperative State, a 75% withholding tax will be applicable by virtue of Article 125 A III of the French *Code général des impôts* (subject to certain exceptions described below and to the more favourable provisions of an applicable double tax treaty).

Furthermore, in application of Article 238 A of the French *Code général des impôts*, interest and other assimilated revenues on such Notes will not be deductible from the Issuer's taxable income, if they are paid or accrued to persons established or domiciled in a Non-Cooperative State or paid in such a Non-Cooperative State (the **Deductibility Exclusion**). Under certain conditions, any such non-deductible interest and other revenues may be recharacterised as constructive dividends pursuant to Articles 109 et seq. of the French *Code général des impôts*, in which case such non-deductible interest and other revenues may be subject to the withholding tax set out under Article 119 *bis* of the French *Code général des impôts*, at a rate of 30% or 75% (subject, if applicable, to the more favourable provisions of a tax treaty).

Notwithstanding the foregoing, neither the 75% withholding tax set out under Article 125 A III of the French *Code général des impôts* nor the Deductibility Exclusion will apply in respect of the Notes if the Issuer can prove that (i) the principal purpose and effect of the issue of the Notes was not that of allowing the payments of interest or other revenues to be made in a Non-Cooperative State and (ii) in respect of the Deductibility Exclusion the interest or other revenues on the relevant Notes relate to genuine transactions and are not in an abnormal or exaggerated amount (the **Exception**). Pursuant to the *Bulletin Officiel des Finances Publiques-Impôts* BOI-INT-DG-20-50-20140211 no. 550 and 990, BOI-RPPM-RCM-30-10-20-40-20140211 no. 70 and 80, BOI-IR-DOMIC-10-20-20-60-20140211 no. 10 and BOI-ANNX-000364-20120912 no. 20, the Notes will benefit from the Exception without the Issuer having to provide any proof of the purpose and effect of the issue of the Notes, if the Notes are *inter alia*:

- (i) admitted to trading on a regulated market or on a French or foreign multilateral securities trading system provided that such market or system is not located in a Non-Cooperative State, and the operation of such market is carried out by a market operator or an investment services provider, or by such other similar foreign entity, provided further that such market operator, investment services provider or entity is not located in a Non-Cooperative State; or
- (ii) admitted, at the time of their issue, to the clearing operations of a central depository or of a securities clearing and delivery and payments systems operator within the meaning of Article L.561-2 of the French *Code monétaire et financier*, or of one or more similar foreign depositories or operators provided that such depository or operator is not located in a Non-Cooperative State.

Consequently, payments of interest and other revenues made by the Issuer under the Notes will not be subject to the withholding tax set out under Article 125 A III of the French *Code général des impôts* and the Deductibility Exclusion will not apply to such payments.

Payments to individuals fiscally domiciled in France

Pursuant to Article 125 A of the French *Code général des impôts*, subject to certain limited exceptions, interest and similar income received by individuals who are fiscally domiciled (*domiciliés fiscalement*) in France are subject to a 24% withholding tax, which is deductible from their personal income tax liability in respect of the year in which the payment has been made. If the amount of this withholding tax exceeds the amount of personal income tax due, the excess is refundable. Social contributions (CSG, CRDS and other related contributions) are also levied by way of withholding tax at an aggregate rate of 15.5% on interest and similar income paid to individuals who are fiscally domiciled (*domiciliés fiscalement*) in France.

Implementation of the Savings Directive in France

The Savings Directive has been implemented into French law under Article 242 *ter* of the French *Code général des impôts* and Articles 49 I *ter* to 49 I *sexies* of the Schedule III to the French *Code général des impôts*. Article 242 *ter* of the French *Code général des impôts* imposes on paying agents based in France an obligation to report to the French tax authorities certain information with respect to interest payments made to beneficial owners domiciled in another Member State, including, among other things, the identity and address of the beneficial owner and a detailed list of the different categories of interest paid to that beneficial owner.

U.S. FOREIGN ACCOUNT TAX COMPLIANCE ACT

Sections 1471 through 1474 of the U.S. Internal Revenue Code of 1986, as amended (**FATCA**) impose a new reporting regime and potentially a 30% withholding tax with respect to certain payments to (i) any non-U.S. financial institution (a "foreign financial institution", or **FFI** (as defined by FATCA)) that does not become a **Participating FFI** by entering into an agreement with the U.S. Internal Revenue Service (**IRS**) to provide the IRS with certain information in respect of its account holders and investors or is not otherwise exempt from or in deemed compliance with FATCA and (ii) any investor (unless otherwise exempt from FATCA) that does not provide information sufficient to determine whether the investor is a U.S. person or should otherwise be treated as holding a "United States account" of the Issuer (a **Recalcitrant Holder**). The Issuer is classified as an FFI.

The new withholding regime is now in effect for payments from sources within the United States and will apply to "**foreign passthru payments**" (a term not yet defined) no earlier than 1 January 2017.

The United States and a number of other jurisdictions have announced their intention to negotiate intergovernmental agreements to facilitate the implementation of FATCA (each, an **IGA**). Pursuant to FATCA and the "Model 1" and "Model 2" IGAs released by the United States, an FFI in an IGA signatory country could be treated as a "**Reporting FI**" not subject to withholding under FATCA on any payments it receives. Further, an FFI in an IGA jurisdiction would generally not be required to withhold under FATCA or an IGA (or any law implementing an IGA) (any such withholding being **FATCA Withholding**) from payments it makes. Under each Model IGA, a Reporting FI would still be required to report certain information in respect of its account holders and investors to its home government or to the IRS. The United States and France have entered into an agreement (the **U.S.-France IGA**) based largely on the Model 1 IGA.

The Issuer expects to be treated as a Reporting FI pursuant to a U.S.-France IGA, and does not anticipate that it will be obliged to deduct any FATCA Withholding on payments it makes. There can be no assurance, however, that the Issuer will be treated as a Reporting FI, or that it would in the future not be required to deduct FATCA Withholding from payments it makes. Accordingly, the Issuer and financial institutions through which payments on the Notes are made may be required to withhold FATCA Withholding if (i) any FFI through or to which payment on such Notes is made is not a Participating FFI, a Reporting FI, or otherwise exempt from or in deemed compliance with FATCA or (ii) an investor is a Recalcitrant Holder.

Whilst the Notes are cleared through the clearing systems, it is expected that FATCA will not affect the amount of any payments made under, or in respect of, the Notes by the Issuer and any paying agent, given that each of the entities in the payment chain between the Issuer and the participants in the clearing systems is a major financial institution whose business is dependent on compliance with FATCA and that any alternative approach introduced under an IGA will be unlikely to affect the Notes.

FATCA is particularly complex and its application is uncertain at this time. The above description is based in part on regulations, official guidance and the U.S.-France IGA, all of which are subject to change or may be implemented in a materially different form. Prospective investors should consult their tax advisers on how these rules may apply to the Issuer and to payments they may receive in connection with the Notes.

SUBSCRIPTION AND SALE

Subscription Agreement

Crédit Agricole Corporate and Investment Bank, Deutsche Bank AG, London Branch, Natixis, Nomura International plc, Société Générale and The Royal Bank of Scotland plc (the **Joint Lead Managers**) have entered into a Subscription Agreement dated 14 November 2014 (the **Subscription Agreement**) according to which the Joint Lead Managers have jointly and severally agreed with the Issuer, subject to the satisfaction of certain conditions, to subscribe for the Notes at an issue price equal to 99.113 per cent. of the principal amount of the Notes, less a management and underwriting commission. The Issuer and the Joint Lead Managers have agreed that commissions of 0.40 per cent. may be payable to certain third party intermediaries on the principal amount of their purchase in connection with the initial sale and distribution of the Notes. In addition, the Issuer will pay certain costs incurred by it and the Joint Lead Managers in connection with the issue of the Notes.

The Joint Lead Managers are entitled to terminate the Subscription Agreement in certain circumstances prior to the issue of the Notes. The Issuer has agreed to indemnify the Joint Lead Managers against certain liabilities in connection with the offer and sale of the Notes.

Any such short positions could adversely affect future trading prices of Notes issued.
