CONDITIONS OF THE BONDS

The following is the text of the Conditions of the Bonds which (subject to amendment) will be endorsed on (in the case of Bonds in K-form) or applicable to (in the case of Bonds in CF-form) each Bond in definitive form:—

The NLG 450,000,000 7¹/₈ per cent. Perpetual Cumulative Subordinated Bonds 1996 (referred to as the 'Bonds') of AEGON N.V. (the 'Issuer') are issued under a Fiscal Agency Agreement (the 'Fiscal Agency Agreement') dated 4 March 1996 between the Issuer and ABN AMRO Bank N.V. as fiscal and principal paying agent. The fiscal and principal paying agent for the time being is referred to below as the 'Fiscal Agent'. Paying Agents may be appointed (which latter expression shall include the Fiscal Agent). The statements in these Conditions include summaries of, and are subject to, the detailed provisions of the Fiscal Agency Agreement, which will include the form of the Bonds and the interest coupons (in the case of Bonds in K-form) and coupon sheets (in the case of Bonds in CF-form) appertaining to the Bonds (the 'Coupons', which expression shall, unless the context otherwise requires, include the talons referred to below) and the talons (the 'Talons') for further Coupons in respect of Bonds in K-form.

Copies of the Fiscal Agency Agreement are available for inspection by holders of the Bonds (the 'Bondholders') and holders of the Coupons (the 'Couponholders') at the specified office of the Fiscal Agent. The Bondholders and the Couponholders are entitled to the benefit of, are bound by, and are deemed to have notice of, all the provisions of the Fiscal Agency Agreement.

1. Form, Denomination and Title

The Bonds are in bearer form serially numbered with Coupons attached on issue. The Bonds will be available both in K-form and CF-form. The Bonds in K-form are available in denominations of NLG 5,000 and NLG 10,000 each. These Bonds will be numbered from 1 onwards preceded by the letters AV for the denomination of NLG 5,000 and the letters AX for the denomination of NLG 10,000.

The Bonds in CF-form will be available in denominations of NLG 5,000, NLG 100,000 and NLG 1,000,000 each. These Bonds will be numbered from 1 onwards, preceded by the letters FV for the denomination of NLG 5,000, the letters FM for the denomination of NLG 100,000 and the letters FF for the denomination of NLG 1,000,000.

Under Netherlands law, the valid transfer of title to a bond or coupon requires, inter alia, delivery ('levering') thereof. Except as ordered by a court of competent jurisdiction or as required by law or applicable regulations, the Issuer, the Fiscal Agent and any other Paying Agent may treat the Bondholder and the Couponholder as the absolute owner(s) thereof (whether or not such Bond or Coupon shall be overdue and notwithstanding any notice of ownership or writing thereon or any notice of previous loss or theft thereof) for the purpose of making payment and for all other purposes.

2. Status, Subordination and Loss Absorption

The Bonds and Coupons constitute unsecured obligations of the Issuer ranking pari passu without any preference among themselves and will, in the event of bankruptcy, dissolution, winding-up or liquidation of the Issuer be subordinated in right of payment to the prior payment in full of all Senior Debt of the Issuer, present and future.

For the purposes of this Condition 2:

- 'Senior Debt' means the principal of and premium, if any, and interest on any Indebtedness of the Issuer currently outstanding or to be issued hereafter unless such Indebtedness by the terms of the instruments by which it is created or evidenced, is not senior in right or payment to the Bonds. The Issuer's outstanding Subordinated Indebtedness will not be considered Senior Debt.
- 'Subordinated Indebtedness' means any Indebtedness of the Issuer the right to payment of which is, or is expressed to be or is required by any present or future agreement of the Issuer to be, subordinated in the event of the bankruptcy, dissolution, winding-up or liquidation of the Issuer.
- 'Indebtedness' means all indebtedness for money borrowed that is created, assumed, incurred or guaranteed in any manner or for which the Issuer is otherwise responsible or liable.

By virtue of the above subordination:

- (a) all payments to the Bondholders will, in the event of the bankruptcy, dissolution, winding-up or liquidation of the Issuer only be made after, and any set-off by any Bondholder shall be excluded until all Senior Debt admissible in any such bankruptcy, dissolution, winding-up or liquidation of the Issuer has been satisfied in full following which the obligations in respect of the Bonds shall rank at least pari passu with all other Subordinated Indebtedness; and
- (b) creditors of the Issuer who are not holders of Senior Debt may, subject to any subordination provisions that may be applicable to such creditors, recover more ratably than the Bondholders.

If the Issuer would not otherwise be solvent the amount of principal and of sums which would otherwise be payable as interest in respect of the Bonds will be available to meet the losses of the Issuer.

3. Interest

- (a) Initial Rate and Accrual of Interest

The Bonds bear interest from and including 4 March 1996 (the 'Issue Date') at the rate, subject to paragraph (c) below, of 7 $\frac{1}{8}$ per cent. per annum, payable, subject as provided in these Conditions, annually in arrear on each Interest Payment Date (as defined below), the first such payment to be made on 4 March 1997. Interest in respect of each Bond will accrue from day to day and will cease to accrue from the due date for repayment thereof unless, upon due presentation, payment of principal is improperly withheld or refused. If interest is required to be calculated for a period of less than one year, it shall be calculated on the basis of a 360-day year consisting of 12 months of 30 days each and, in the case of an incomplete month, the number of days elapsed.

- (b) Interest Payment Dates, Interest Periods, Arrears of Interest and Interest Deferral.

Interest in respect of the Bonds is payable on each Interest Payment Date not being an Optional Interest Payment Date (both as defined below) in respect of the Interest Period (as defined below) ending on the day immediately preceding such date. Interest in respect of the Bonds accrued in the Interest Period ending on the day immediately preceding any Optional Interest Payment Date will not be paid on such date and failure to pay shall not constitute a default by the Issuer for any purpose. Any interest in respect of the Bonds not paid on an Optional Interest Payment Date, together with any other interest in respect thereof not paid on any other Optional Interest Payment Date, shall, so long as the same remains unpaid, constitute 'Arrears of Interest'. All Arrears of Interest in respect of all Bonds for the time being outstanding (as defined in the Fiscal Agency Agreement) shall become due in full on, and only on, whichever is the earliest of (i) the date upon which a dividend is next made available for payment on any class of share capital of the Issuer, (ii) the date fixed for any repayment pursuant to Condition 4(a) or (iii) the date on which the Issuer is adjudicated bankrupt or on which an order is made or an effective resolution is passed for the dissolution or liquidation of the Issuer. If notice is given by the Issuer of its intention to pay the whole or any part of Arrears of Interest, the Issuer shall be obliged to do so upon the expiry of such notice. Where Arrears of Interest are paid in part, each part payment shall be made pro rata to the Bondholders and shall be in respect of the full amount of the Arrears of Interest accrued due to the relevant Interest Payment Date or consecutive Interest Payment Dates furthest from the date of payment. Arrears of Interest shall not themselves bear interest.

As used herein:

'Interest Payment Date' means 4 March in each year.

'Optional Interest Payment Date' means any Interest Payment Date following a period of twelve months immediately preceding such Interest Payment Date, in which no dividend has been declared or made available for payment on any class of share capital of the Issuer.

'Interest Period' means the period from and including one Interest Payment Date (or, as the case may be, the Issue Date) up to but excluding the next (or first) Interest Payment Date.

(c) Interest Rate Reset

On each Determination Date (as defined below), unless the Issuer shall have given notice to redeem the Bonds under Condition 4(a) on or prior to the Interest Payment Date next following such Determination Date, the Issuer shall determine the annual rate of interest in respect of the Bonds for each of the next ten Interest Periods which shall be a rate per annum equal to the aggregate of the Yield (as defined below) and 0.85 percentage point.

As used herein:

'Determination Date' means the fifth Amsterdam business day (being a day, other than a Saturday or Sunday, on which banks are open for business in Amsterdam) prior to (i) 4 March 2011 and (ii) each tenth anniversary thereafter provided that if on any such date it is not possible for any reason to determine the rate of interest, the Determination Date shall be postponed to the next Amsterdam business day on which it is possible to determine such rate provided that such day occurs before the applicable date specified in sub-paragraph (i) or, as the case may be, sub-paragraph (ii) of this definition.

'Yield' means the arithmetic mean of the effective yield (effectieve rendement) of each of the Benchmark State Loans, as calculated by the Netherlands Central Bureau of Statistics and published in the Official Price List of the Stock Exchange Association ('Officiële Prijscourant van de Vereniging voor de Effectenhandel') on each of the 20 days on which the Amsterdam Stock Exchange is open for business preceding the relevant Determination Date, or, if such effective yields are not so calculated or published, the 'Yield' means the arithmetic mean of the effective yields of the Benchmark State Loans calculated on, or as close as practicable to, the basis most recently applied by the Central Bureau of Statistics.

'Benchmark State Loans' means the Netherlands government security or securities which have a remaining life at the relevant Determination Date of at least nine but not more than ten years or, if at the relevant Determination Date there are no such government securities whose effective yields are calculated by the Netherlands Central Bureau of Statistics and published in the Official Price List of the Stock Exchange Association there shall be substituted such Netherlands government security or securities having a remaining life at the relevant time nearest to but not exceeding ten years as the Executive Board of the Issuer shall determine.

(d) Notification of Rate of Interest

The Issuer shall cause notice of each rate of interest determined in accordance with paragraph (c) above (the 'Reset Rate') to be given to the Paying Agents without delay. Notice of the Reset Rate will be published by the Issuer without delay in accordance with Condition 11.

(e) Calculations, etc. to be Final.

The calculations and determinations under this Condition 3 shall (save in the case of wilful default, bad faith or manifest error) be final and binding on the Issuer, the Bondholders and the Couponholders.

4. Repayment and Purchase

The Bonds have no final maturity date and may not be repaid except in accordance with the provisions of this Condition 4 or Condition 7.

(a) Optional Repayment

The Issuer may, having given not less than 30 nor more than 60 days' notice to the Bondholders in accordance with Condition 11, repay on 4 March 2011 or on any tenth anniversary thereafter all, but not some only, of the Bonds at their principal amount together with accrued interest and all Arrears of Interest. Upon the expiration of such notice the Issuer shall be bound to repay all the Bonds at their principal amount together with accrued interest and all Arrears of Interest.

(b) Optional Purchase

The Issuer or any subsidiary of the Issuer may at any time purchase Bonds (provided that all unmatured Coupons appertaining thereto are attached thereto or surrendered therewith) in the open market or otherwise at any price.

(c) Cancellation

Bonds purchased as referred to under (b) above may, at the discretion of the Issuer, be held, resold or surrendered by the Issuer for cancellation to the Fiscal Agent (together with any unmatured Coupon and unmatured Talon appertaining thereto, whether or not attached or purchased therewith).

All Bonds which are repaid by the Issuer will forthwith be cancelled (together in each case with all unmatured Coupons attached thereto or delivered therewith) and accordingly may not be reissued or resold.

5. Payments and Exchange of Talons

(a) The names of the initial Fiscal Agent and its initial specified office is set out below.

(b) Payments of principal and interest in respect of the Bonds will only be made against presentation and surrender of Bonds or, in case of payments of interest due on an Interest Payment Date and Arrears of Interest, in the case of Bonds in K-form, against surrender (or, in the case of a partial payment, endorsement) of the relevant Coupons, at the specified office of a Paying Agent by a Netherlands guilder cheque drawn on, or by transfer to a Netherlands guilder account maintained by the payee with, a bank in Amsterdam, as the holder may specify, or, in the case of Bonds in CF-form, in conformity with the agreement concluded between the Issuer and the 'Algemeen Obligatiekantoor van het Centrum voor Fondsenadministratie B.V.' in Amsterdam ('Obligatiekantoor'), under which agreement the Issuer has accepted the rules and regulations of the Obligatiekantoor. All such payments are subject in all cases to any fiscal or other laws and regulations applicable in the place of payment.

(c) Upon the date the Bonds become due, each Bond in K-form which is presented for payment must be presented together with all unmatured Coupons and Talons appertaining thereto (whether or not attached) and unmatured Coupons and Talons appertaining to the Bonds (whether or not attached) shall become void and no payment shall be made in respect of such Coupons and no exchange shall be made in respect of such Talons. If the date on which the Bonds become due is not an Interest Payment Date, the interest accrued from the preceding Interest Payment Date (or the Issue Date, as the case may be) on any Bond shall be payable only against presentation of such Bond. In addition, in the event of a bankruptcy, dissolution or liquidation of the Issuer, each Bond in K-form which is presented for payment must be presented together with all Coupons appertaining thereto (whether or not attached) in respect of Arrears of Interest, failing which the amount of Arrears of Interest due on any such missing Coupons (or, in the case of payment not being made in full, that proportion of such amount which the amount so paid bears to the total amount payable in respect of such Bond (inclusive of Arrears of Interest and accrued interest)) will be deducted from the sum due for payment on presentation of such Bond. In the case of any such missing Coupon, the amount so deducted will be payable in the manner mentioned above against presentation and surrender of such Coupon within a period of five years from the Relevant Date in relation to the payment of the principal of such Bond.

For the purposes of these Conditions, 'unmatured Coupon' means a Coupon in respect of which the applicable Interest Payment Date falls after the date on which the Bond to which such Coupon appertains becomes due or, in the case of a purchased Bond to be cancelled under Condition 4 (c), is purchased; 'unmatured Talon' means a Talon in respect of which the Interest Payment Date on and after which it may be exchanged falls on or after the date on which the Bond to which such Talon appertains becomes due or, in the case of a purchased Bond to be cancelled under Condition 4 (c), is purchased; and the 'Relevant Date' means the date on which a payment of principal or interest first becomes due, but, if the full amount of the money payable has not been received by the Fiscal Agent on or prior to such date, it means the date on which, the full amount of such money having been so received, notice to that effect shall have been duly published in accordance with Condition 11.

(d) If the date for payment in respect of any Bond is not a day on which banks are open for business in the place of presentation of the relevant Bond or Coupon the holder thereof shall not be entitled to

payment until the next day following such day, or to any interest or other payment in respect of such delay. In the case of payment by transfer to a Netherlands guilder account as referred to above, the Issuer shall not be obliged to credit such account until the day in the place of such account on which banks are open for business next following the day on which banks are open for business in the place of the specified office of the relevant Paying Agent to which the relevant Bond or Coupon is presented for payment.

(e) The Issuer reserves the right at any time to vary or terminate the appointment of any Paying Agent and to appoint another additional or other Paying Agents and/or approve any change in the specified office of any Paying Agent, provided that so long as any of the Bonds remains outstanding the Issuer will maintain a Paying Agent with a specified office in a city within the European Union which, so long as the Bonds are listed on the Amsterdam Stock Exchange, shall be Amsterdam. In the event of any such variation, termination, appointment or change in specified office, notice thereof will be given by the Issuer to the Bondholders in accordance with Condition 11.

(f) On and after the Interest Payment Date on which the final Coupon comprised in any Coupon sheet in respect of a Bond in K-form matures, the Talon comprised in such Coupon sheet may be surrendered at the specified office of any of the Paying Agents in exchange for a further Coupon sheet in respect of the 40 Interest Payment Dates immediately following such Interest Payment Date (including a further Talon), subject to the provisions of Condition 8, provided that the Issuer may, by notice to the Bondholders in accordance with Condition 11, at any time or from time to time require any such exchange to be effected at the specified office(s) of one or certain Paying Agents specified in such notice.

6. Taxation

All payments of principal and interest by the Issuer will be made subject to any withholding or deduction for, or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed or levied by or on behalf of the Netherlands or any authority therein or thereof having power to tax and required by law to be withheld or deducted. The Issuer will not be obliged to pay any additional amounts in order to gross up any payments in respect of the Bonds. Additionally, the Issuer will not be liable for any change in tax treatment of the Bondholders, imposed by or on behalf of The Netherlands or any authority therein or thereof having power to tax. Bondholders are advised to consult their own professional advisor.

7. Default and Enforcement

(a) All Bonds shall become due and repayable at their respective principal amount, together with accrued interest and all Arrears of Interest thereon, in the event (i) the Issuer is adjudicated bankrupt, or (ii) an order is made or an effective resolution is passed for the dissolution or liquidation of the Issuer.

(b) The Bondholder may at its discretion and without further notice institute such proceedings against the Issuer as it may think fit to enforce any obligation, condition or provision binding on the Issuer under the Bonds or the Coupons provided that the Issuer shall not by virtue of the institution of any such proceedings be obliged to pay any sum or sums sooner than the same would otherwise have been payable by it.

(c) No remedy against the Issuer, other than the institution of the proceedings referred to in paragraph (b) above or proving in the bankruptcy, dissolution or liquidation of the Issuer, shall be available to the Bondholders or Couponholders whether for the recovery of amounts owing in respect of the Bonds or the Coupons or in respect of any breach by the Issuer of any of its obligations under the Bonds or the Coupons.

8. Prescription

Bonds and Coupons will become void unless presented for payment within a period of five years from the Relevant Date (as defined in Condition 5) in relation to payment thereof.

Coupon sheets issued in exchange for a Talon shall not include any Coupons which are void pursuant to this Condition 8 or Condition 5(c) or any Talon which would be void pursuant to Condition 5(c).

9. Replacement of Bonds and Coupons

If any Bond or Coupon is lost, stolen, mutilated, defaced or destroyed it may be replaced at the office of the Fiscal Agent upon payment by the claimant of the expenses incurred in connection therewith and on such terms as to evidence and indemnity as the Issuer may reasonably require. Mutilated or defaced Bonds or Coupons must be surrendered before replacements will be issued.

10. Meetings of Bondholders and Modification

The Fiscal Agency Agreement contains provisions for convening meetings of Bondholders to consider any matter affecting their interests, including modification (if proposed or agreed by the Issuer) by Extraordinary Resolution of these Conditions, except that the provisions relating to subordination are not so capable of modification. The quorum at any such meeting for passing an Extraordinary Resolution will be two or more persons present holding or representing a majority in principal amount of the Bonds for the time being outstanding, or at any adjourned meeting two or more persons present being or representing Bondholders whatever the principal amount of the Bonds so held or represented, except that at any meeting the business of which includes the modification of certain of these Conditions, the necessary quorum for passing an Extraordinary Resolution will be two or more persons holding or representing not less than two-thirds, or at any adjourned such meeting not less than one-third, of the principal amount of the Bonds for the time being outstanding. Any resolution passed at any meeting of Bondholders will be binding on all Bondholders, whether or not they are present at the meeting, and on all Couponholders.

11. Notices

Such notices shall be deemed to have been given on the first date of such publication, also if published more than once.

12. Additional Obligations

The Issuer may from time to time without the consent of the Bondholders create and issue further bonds having the same terms and conditions as the Bonds in all respects (or in all respects except for the first payment of interest thereon) and so that the same shall be consolidated and form a single series with the Bonds. In these Conditions, unless the context otherwise requires, the expression 'Bonds' shall include any further bonds issued in accordance with this Condition and forming a single series with the Bonds.

14. Governing Law and Jurisdiction

The Bonds and the Coupons are governed by and will be construed in accordance with the laws of The Netherlands. In relation to any legal action or proceedings arising out of or in connection with the Bonds, the Coupons or the Fiscal Agency Agreement, the Issuer irrevocably submits to the jurisdiction of the courts of The Hague, The Netherlands, judging in first instance, and its appellate courts.

NINE MONTHS' RESULTS

Set out on page 17 to page 22 hereof is the English language version of the text of the nine months' results made by the Issuer in connection with its unaudited consolidated nine months' figures for the first nine months of 1995.

AEGON Earnings expectations revised somewhat upwards

- AEGON has made a small upward revision of its expectations as regards full year results, continuing the strong upward trend of 1995
- Hurricanes over St. Maarten have only a slight impact on results

Summary

Net income in the first nine months of 1995 rose by 12.9% from NLG 835.6 million to NLG 943.3 million.

Net income per share rose by 10.5% from NLG 3.25 to NLG 3.59.

This increase was achieved despite the adverse effect of currency exchange rates on the results for the first nine months of 1995. Without this effect, net income and net income per share would have been considerably higher.

The table below shows the major developments in the first nine months 1995*):

(x NLG 1 million)	First nine months 1995	First nine months 1994	Percentage increase
Net income	943.3	835.6	12.9
Net income per share (x NLG)	3.59	3.25	10.5
Total revenues	15,533	15,946	(2.6)

*)

- A new method of accounting for capital gains and losses on equities and real estate investments was adopted in 1995.
- Revenue figures do not include the investment income for the account of policyholders. This is accounted for separately.
- The 2.5 : 1 stock-split was effective as of June 1, 1995.

The figures for 1994 have been adjusted accordingly.

Shareholders' equity increased by NLG 429 million to reach NLG 8.4 billion at the end of the first nine months 1995. This improvement was a result of both stable profit development and better equity markets and after taking account of the goodwill charge for the joint venture with Banamex in Mexico.

Total revenues of the AEGON Insurance Group amounted to NLG 15,533 million, 2.6% lower than the first nine months of 1994. This reduction was due to lower exchange rates against the guilder and to AEGON UK, our London market operation, ceasing to accept new business with effect from October 1994. Without these factors revenues would have increased by 7.3%.

Annuity deposits from our operations in the United States, not included in reported revenues, decreased by 7.8% in US dollar terms and by 20.1% in Dutch guilder terms from NLG 5,216 million to NLG 4,167 million. Investment income for the account of policyholders, no longer included in reported revenues, amounted to NLG 5,071 million (1994: negative NLG 160 million).

The Netherlands

The results of the Dutch insurance operations were higher than in 1994 due in particular to improved results in the Personal Lines Life operation and better claims experience in the medical and motor branches.

All business units contributed to higher revenues, notably Spaarbeleg and UBO/Moira.

Non-insurance activities in The Netherlands

Compared with the outstanding results of the first nine months 1994, the results of FGH BANK were somewhat lower.

The Labouchere Group had excellent first nine months compared with the same period 1994 as a result of better market conditions.

Despite growing competition, the result of AEGON Holiday Parks in the first nine months of 1995 remained at the same level as last year.

United States

The results of AEGON USA continued to grow significantly. Expressed in guilders, results were affected by a lower US dollar exchange rate. The improved performance is particularly due to better results of the Agency Group and the continued strong contribution from the Asset Accumulation Group.

Revenues increased in US dollar terms; expressed in guilders, however, they showed a small decrease.

Caribbean

The passing of the hurricanes Luis and Marilyn over the island of St. Maarten affected the Ennia Caribe portfolio of general insurance on that island. Due to adequate reinsurance coverage it is expected that the cost to AEGON will be no higher than NLG 6 million.

Europe (excluding The Netherlands)

Notwithstanding a decline in exchange rates against the guilder, the results of the European operations were substantially above those of last year. This increase is for a substantial part due to a better performance of Scottish Equitable as well as the increase of our participation in the profit stream of this company from 40% to 60% at the end of 1994.

ÁB-AEGON in Hungary further improved its excellent and profitable performance.

Compared with the first nine months of 1994 the results of AEGON Spain were somewhat lower, but still at an acceptable positive level.

The results in Europe were also positively influenced by the fact that the 1994 figures included a loss in AEGON UK.

Outlook

AEGON has made a small upward revision of its expectations in respect of the results for 1995. Based upon today's exchange rates and barring unforeseen exceptional circumstances, we expect the increase to be somewhat higher than 12% and an increase in earnings per share in guilders for 1995 in the range of 10% to 12%.

Executive Board

AEGON share repurchases

During the third quarter of 1995, AEGON began a program of share repurchases designed to minimize the price risk on its existing stock option programs for employees and management. The number of shares acquired in the third quarter amounts to 599,500. At the average buy back price of NLG 58.20, the total amount involved is NLG 34.9 million. Upon exercise of the employee and management options, AEGON will sell the shares previously purchased.

AEGON intends to continue to buy back its own shares as needed to hedge price risk in the future, resulting from its stock option programs.

Since 1989 options up to a total of approximately 1% of outstanding shares have been granted annually. The options have a maximum maturity of 5 years.
