[Table of Contents](#)

Registration Rights Agreement	We issued the Private Notes on June 14, 2016 in a private offering in reliance on Rule 144A and Regulation S under the Securities Act. In connection with the offering, we entered into a registration rights agreement with the dealer managers of the related private exchange offers requiring us to make the registered exchange offers for the Private Notes described in this prospectus. The registration rights agreement also requires us to use our reasonable efforts to consummate the exchange offers by April 20, 2017, or, if this fails, to cause to become effective a shelf registration statement for resales of the Private Notes. See “The Exchange Offers—Purpose of the Exchange Offers.” If we do not do so, we will pay additional interest on the Private Notes at an initial rate of 0.125% per annum of the principal amount of Private Notes, and 0.25% per annum after the first 90 days.
Expiration Date	The exchange offers will expire at 5:00 p.m., New York City time, on January 10, 2017, or a later date and time if we extend the exchange offers.
Withdrawal	The tender of the Private Notes pursuant to the exchange offers may be withdrawn at any time prior to 5:00 p.m., New York City time, on the expiration date, or any later date and time to which we extend the exchange offers.
Interest on the Exchange Notes and the Private Notes	Interest on the Exchange Notes will accrue from the date of the original issuance of the Private Notes or from the date of the last payment of interest on the Private Notes, whichever is later. No additional interest will be paid on Private Notes tendered and accepted for exchange.
Conditions to the Exchange Offers	The exchange offers are subject to customary conditions, some of which may be waived by us. See “The Exchange Offers—Conditions to the Exchange Offers.”
Procedures for Tendering Private Notes	A holder who wishes to tender Private Notes in the exchange offers must transmit to the exchange agent an agent’s message, transmitted by a book-entry transfer facility, which agent’s message must be received by the exchange agent prior to 5:00 p.m., New York City time, on the expiration date. In addition, the exchange agent must receive a timely confirmation of book-entry transfer of the Private Notes into the exchange agent’s account at The Depository Trust Company, or DTC, under the procedures for book-entry transfers described in “The Exchange Offers—Procedures for Tendering.” Private Notes may be tendered by electronic transmission of acceptance through DTC’s Automated Tender Offer Program, which we refer to as ATOP, procedures for transfer. Custodial entities that are participants in DTC must tender Private Notes through ATOP. A letter of transmittal need not accompany tenders effected through ATOP. Please carefully follow the instructions contained in this document on how to tender your securities. See “The Exchange Offers—Terms of the Exchange Offers.”
Exchange Agent	The Bank of New York Mellon Trust Company, N.A., the trustee under the indenture governing the Notes, is serving as exchange agent in connection with the exchange offers.
Certain U.S. Federal Income Tax Consequences	The exchange of Private Notes for Exchange Notes pursuant to the exchange offers should not constitute a sale or an exchange for U.S. federal income tax purposes. See “Certain U.S. Federal

Income Tax Consequences.”

Effect of Not Tendering

Private Notes that are not tendered or that are tendered but not accepted will, following the completion of the exchange offers, continue to be subject to the existing restrictions on transfer. Except as noted above, we will have no further obligation to provide for the registration under the Securities Act of these Private Notes.

[Table of Contents](#)

Use of Proceeds	We will not receive any cash proceeds from the issuance of the Exchange Notes pursuant to the exchange offers. See “Use of Proceeds.”
Risk Factors	See “Risk Factors” for a discussion of some factors you should carefully consider, including factors affecting forward-looking statements.

Covenants

The Exchange Notes and the related indenture do not contain any financial or other similar restrictive covenants. However, we will be subject to the covenants described under the caption “Description of Notes.”

[Table of Contents](#)**RISK FACTORS**

Prospective investors should carefully consider the following risk factors and the risk factors and assumptions related to our business identified or described in our most recent annual report on Form 10-K and any subsequent Quarterly Report on Form 10-Q or Current Report on Form 8-K, as updated by annual, quarterly and other reports and documents we file with the SEC after the date of this prospectus, and all other information contained or incorporated by reference into this prospectus before participating in the exchange offers. The occurrence of any one or more of the following could materially adversely affect your investment in the Notes or our business and operating results.

Risks Relating to the Notes

Your failure to tender your Private Notes in the exchange offers could limit the trading market and trading value of your Private Notes.

We will only issue Exchange Notes in exchange for Private Notes that are timely received by the exchange agent. Therefore, you should allow sufficient time to ensure timely delivery of the Private Notes and you should carefully follow the instructions on how to tender your Private Notes. Neither we nor the exchange agent are required to tell you of any defects or irregularities with respect to your tender of the Private Notes. If you do not tender your Private Notes or if we do not accept your Private Notes because you did not tender your Private Notes properly, then, after we consummate the exchange offers, you may continue to hold Private Notes that are subject to the existing transfer restrictions. In addition, if you tender your Private Notes for the purpose of participating in a distribution of the Exchange Notes, you will be required to comply with the registration and prospectus delivery requirements of the Securities Act in connection with any resale of the Exchange Notes. If you are a broker-dealer that receives Exchange Notes for your own account in exchange for Private Notes that you acquired as a result of market-making activities or any other trading activities, you will be required to acknowledge that you will deliver a prospectus in connection with any resale of those Exchange Notes.

The trading market for Private Notes that are not exchanged in the exchange offers could be adversely affected due to the limited amount, or “float,” of the Private Notes that are expected to remain outstanding following the exchange offers. Generally, a lower “float” of a security could result in less demand to purchase that security and could, therefore, result in lower prices for that security. For the same reason, to the extent that a large amount of Private Notes are not exchanged in the exchange offers, the trading market for the Exchange Notes could be adversely affected. See “Plan of Distribution” and “The Exchange Offers.”

The Notes are structurally subordinated. This may affect your ability to receive payments on the Notes.

The Notes are obligations exclusively of Amgen. We currently conduct a significant portion of our operations through our subsidiaries and our subsidiaries have significant liabilities. In addition, we may, and in some cases we have plans to, conduct additional operations through our subsidiaries in the future and, accordingly, our subsidiaries’ liabilities will increase. Our cash flow and our ability to service our debt, including the Notes, therefore partially depends upon the earnings of our subsidiaries, and we depend on the distribution of earnings, loans or other payments by those subsidiaries to us.

Our subsidiaries are separate and distinct legal entities. Our subsidiaries have no obligation to pay any amounts due on the Notes or, subject to existing or future contractual obligations between us and our subsidiaries, to provide us with funds for our payment obligations, whether by dividends, distributions, loans or other payments. In addition, any payment of dividends, distributions, loans or advances by our subsidiaries to us could be subject to statutory or contractual restrictions and taxes on distributions. Payments to us by our subsidiaries will also be contingent upon our subsidiaries’ earnings and business considerations.

Our right to receive any assets of any of our subsidiaries upon liquidation or reorganization, and, as a result, the right of the holders of the Notes to participate in those assets, will be effectively subordinated to the claims of that subsidiary’s creditors, including trade creditors and preferred stockholders, if any. The Notes do not restrict the ability of our subsidiaries to incur additional liabilities. In addition, even if we were a creditor of any of our subsidiaries, our rights as a creditor would be subordinate to any security interest in the assets of our subsidiaries and any indebtedness of our subsidiaries senior to indebtedness held by us.

An active trading market for Exchange Notes may not develop.

The Exchange Notes are new issues of securities for which there are currently no public markets, and no active trading markets might ever develop. If the Exchange Notes are traded after their initial issuance, they may trade at a discount from their initial offering prices, depending on prevailing interest rates, the market for similar securities, our performance and other factors. To the extent that active trading markets do not develop, the liquidity and trading prices for the Exchange Notes may be harmed. In addition, the liquidity of the trading market for the Exchange Notes will depend in part on the level of participation of the holders of Private Notes not tendered in the exchange offers. We have no plans to list the Exchange Notes on a securities exchange. As a result, a market for the Exchange Notes may not develop and, if one does develop, it may not be maintained.

The limited covenants in the indenture for the Notes and the terms of the Notes do not provide protection against some types of important corporate events and may not protect your investment.

The indenture for the Notes does not:

- require us to maintain any financial ratios or specific levels of net worth, revenues, income, cash flow or liquidity and, accordingly, does not protect holders of the Notes in the event that we experience significant adverse changes in our financial condition or results of operations;
- limit our subsidiaries' ability to incur indebtedness, which could effectively rank senior to the Notes;
- limit our ability to incur substantial secured indebtedness that would effectively rank senior to the Notes to the extent of the value of the assets securing the indebtedness;
- limit our ability to incur indebtedness that is equal in right of payment to the Notes;
- restrict our subsidiaries' ability to issue securities or otherwise incur indebtedness that would be senior to our equity interests in our subsidiaries;
- restrict our ability to repurchase or prepay our securities; or
- restrict our ability to make investments or to repurchase or pay dividends or make other payments in respect of our common stock or other securities ranking junior to the Notes.

Furthermore, the indenture for the Notes contains only limited protections in the event of a change of control. We could engage in many types of transactions, such as certain acquisitions, refinancings or recapitalizations that could substantially affect our capital structure and the values of the Notes. For these reasons, you should not consider the covenants in the indenture as a significant factor in evaluating whether to invest in the Notes.

Any downgrade in our credit ratings could limit our ability to obtain future financing, increase our borrowing costs and adversely affect the trading prices for, or liquidity of, the Notes.

We are subject to periodic review by independent credit rating agencies. An increase in the level of our outstanding indebtedness, or other events that could have an adverse impact on our financial condition or results of operations, may cause the rating agencies to downgrade, place on negative watch or change their outlook on our debt credit rating generally, and the ratings on the Notes, which could adversely impact the trading prices for, or the liquidity of, the Notes. Any such downgrade, placement on negative watch or change in outlook could also adversely affect our cost of borrowing, limit our access to the capital markets or result in more restrictive covenants in future debt agreements. The ratings on the Notes may not reflect the potential impact of all risks related to structure, market, additional factors discussed above and other factors that may affect the value of the Exchange Notes. A credit rating is not a recommendation to buy, sell or hold securities and may be revised, suspended or withdrawn by the rating agency at any time.

We may not have sufficient cash to repurchase the Notes upon the occurrence of a "change of control triggering event."

We will be required to offer to repurchase all of the Notes upon the occurrence of a "change of control triggering event" (as defined below under "Description of Notes—Change of Control Offer"). We may not, however, have sufficient cash at that time or have the ability to arrange necessary financing on acceptable terms to repurchase the Notes under such circumstances. If we are unable to repurchase the Notes upon the occurrence of a change of control triggering event, it would result in an event of default under the indenture governing the Notes. A default under the indenture governing the Notes could also lead to a default under the agreements governing our existing or future indebtedness. If the repayment of the related indebtedness were to be accelerated after any applicable notice or grace periods, we may not have sufficient funds to repay the indebtedness and repurchase the Notes.

[Table of Contents](#)**THE EXCHANGE OFFERS****Purpose of the Exchange Offers**

On June 14, 2016, when we issued the Private Notes in a private offering exempt from the registration requirements of the Securities Act, we entered into a registration rights agreement with the dealer managers of the related private exchange offers which requires us to file a registration statement under the Securities Act with respect to the registered exchange offers for the Private Notes described in this prospectus. This prospectus is the prospectus contained in the registration statement we have filed in order to satisfy that obligation. Upon the effectiveness of the registration statement, we are required to offer to the holders of each series of Private Notes the opportunity to exchange their Private Notes for a like principal amount of the corresponding series of Exchange Notes, which will be issued without a restrictive legend and which generally may be reoffered and resold by the holder without registration under the Securities Act. The registration rights agreement further provides that we must use our reasonable efforts to complete the exchange offers by April 20, 2017.

Except as provided below, upon the completion of the exchange offers, our obligations with respect to the registration of the Private Notes will terminate. A copy of the registration rights agreement has been filed as an exhibit to the registration statement of which this prospectus is a part. Following the completion of the exchange offers, holders of Private Notes not tendered will not have any further registration rights other than as set forth in the paragraphs below, and those Private Notes will continue to be subject to restrictions on transfer.

Under some circumstances specified in the registration rights agreement, Amgen may be required to file a “shelf” registration statement for a continuous offering pursuant to Rule 415 under the Securities Act in respect of the Private Notes.

Transferability of the Exchange Notes

Based on interpretations of the Securities Act by the staff of the SEC in several no-action letters issued to third parties unrelated to us, we believe that you, or any other person receiving Exchange Notes, may offer for resale, resell or otherwise transfer such Exchange Notes without complying with the registration and prospectus delivery requirements of the federal securities laws, if:

- you, or the person or entity acquiring Exchange Notes, are acquiring the Exchange Notes in the ordinary course of business;
- neither you nor any such person or entity is engaging in or intends to engage in a distribution of the Exchange Notes within the meaning of the federal securities laws;
- neither you nor any such person or entity has an arrangement or understanding with any person or entity to participate in any distribution of the Exchange Notes;
- neither you nor any such person or entity is an “affiliate” of Amgen Inc., as such term is defined under Rule 405 under the Securities Act; and
- you are not acting on behalf of any person or entity who could not truthfully make these statements.

To participate in the exchange offers as the holder of Private Notes, you must represent that each of the statements above is true. You will be deemed to make such representations by tendering Private Notes in the exchange offers.

Any broker-dealer or any holder of Private Notes who is our affiliate or who intends to participate in the exchange offers for the purpose of distributing the Exchange Notes:

- will not be able to rely on the interpretations of the staff of the SEC set forth in the no-action letters described above; and
- must comply with the registration and prospectus delivery requirements of the Securities Act in connection with any sale or transfer of the Exchange Notes, unless the sale or transfer is made pursuant to an exemption from those requirements.

Broker-dealers receiving Exchange Notes in exchange for Private Notes acquired for their own account through market making or other trading activities may not rely on the interpretations of the staff of the SEC set forth in the no-action letters described above. Such broker-dealers may be deemed to be “underwriters” within the meaning of the Securities Act and therefore acknowledge and agree, by tendering Private Notes in the exchange

offers, that they will deliver a prospectus meeting the requirements of the Securities Act in connection with the resale of the Exchange Notes. By so tendering a broker-dealer will not be deemed to admit that it is an “underwriter” within the meaning of the Securities Act. The SEC has taken the position that participating broker-dealers may fulfill their prospectus delivery requirements with respect to the Exchange Notes, other than a resale of an unsold allotment from the original sale of the Private Notes, with the prospectus contained in the exchange offers registration statement. As described above, under the registration rights agreement, we have agreed to allow participating broker-dealers and other persons, if any, subject to similar prospectus delivery requirements to use the prospectus contained in the exchange offers registration statement in connection with the resale of the Exchange Notes. See “Plan of Distribution.”

You will be deemed to acknowledge and agree to the foregoing by tendering Private Notes in the exchange offers.

Consequences of Failure to Exchange

Following the completion of the exchange offers (except as set forth under “—Purpose of the Exchange Offers” above), holders of Private Notes not tendered will not have any further registration rights and those Private Notes will continue to be subject to restrictions on transfer. Accordingly, the liquidity of the market for a holder’s Private Notes could be adversely affected upon completion of the exchange offers if the holder does not participate in the exchange offers. See “Risk Factors—Risks Relating to the Notes—Your failure to tender your Private Notes in the exchange offers could limit the trading market and trading value of your Private Notes.”

Terms of the Exchange Offers

Upon the terms and subject to the conditions set forth in this prospectus, we will accept any and all Private Notes validly tendered and not withdrawn prior to the expiration date, or another date and time to which Amgen extends the exchange offers. We will issue minimum denominations of \$2,000 principal amount and any integral multiples of \$1,000 of principal amount of Exchange Notes in exchange for each minimum denomination of \$2,000 principal amount and any integral multiples of \$1,000 of principal amount of outstanding Private Notes accepted in the exchange offers. Holders may tender some or all of their Private Notes pursuant to the exchange offers. However, Private Notes may be tendered only in denominations of \$2,000 and integral multiples of \$1,000 in principal amount.

The form and terms of each series of Exchange Notes are substantially the same as the form and terms of the corresponding series of Private Notes except that the Exchange Notes have been registered under the Securities Act and will not bear legends restricting their transfer. Each series of Exchange Notes will evidence the same debt as the corresponding series of Private Notes and will be issued pursuant to, and entitled to the benefits of, the indenture pursuant to which the Private Notes were issued.

As of the date of this prospectus, \$1,415,455,000 in aggregate principal amount of unregistered 4.563% Senior Notes due 2048 and \$3,541,438,000 in aggregate principal amount of unregistered 4.663% Senior Notes due 2051 were outstanding and there was one registered holder, a nominee of DTC. This prospectus is being sent to that registered holder and to others believed to have beneficial interests in the Private Notes. We intend to conduct the exchange offers in accordance with the applicable requirements of the Exchange Act and the rules and regulations of the SEC promulgated under the Exchange Act.

We will be deemed to have accepted validly tendered Private Notes when, as and if we have given oral or written notice thereof to the exchange agent. The exchange agent will act as agent for the tendering holders for the purpose of receiving the Exchange Notes from us. If any tendered Private Notes are not accepted for exchange because of an invalid tender, the occurrence of other events set forth under the heading “—Conditions to the Exchange Offers” or otherwise, such Private Notes will be returned, without expense, to the tendering holder of those Private Notes as promptly as practicable after the expiration date, unless the exchange offers are extended.

Holders who tender Private Notes in the exchange offers will not be required to pay brokerage commissions or fees or transfer taxes with respect to the exchange of Private Notes in the exchange offers. We will pay all charges and expenses, other than some applicable taxes, applicable to the exchange offers. See “—Fees and Expenses.”

Expiration Date; Extensions; Amendments

The term “expiration date” means 5:00 p.m., New York City time, on January 10, 2017, unless we extend the exchange offers, in which case the expiration date will mean the latest date and time to which the

exchange offers are extended. In order to extend the exchange offers, we will notify the exchange agent and each registered holder of any extension by oral or written notice prior to 9:00 a.m., New York City time, on the next business day after the previously scheduled expiration date.

We reserve the right, in our sole discretion:

- to delay accepting any Private Notes, to extend the exchange offers or, if any of the conditions set forth under “—Conditions to the Exchange Offers” have not been satisfied, to terminate the exchange offers by giving oral or written notice of the delay, extension or termination to the exchange agent; or
- to amend the terms of the exchange offers in any manner.

If we amend the exchange offers in a manner we determine constitutes a material change, we will disclose the amendment as soon as practicable in a prospectus supplement that we will distribute to the registered holders of the Notes. We will also extend the exchange offers for a period of five to ten business days, depending upon the significance of the amendment and the manner of disclosure, if the exchange offers would otherwise expire during the five to ten business day period.

Procedures for Tendering

If you are a DTC participant that has Private Notes which are credited to your DTC account also by book-entry and which are held of record by DTC’s nominee, you may tender your Private Notes by book-entry transfer as if you were the record holder. Because of this, references herein to registered or record holders include DTC participants with Private Notes credited to their accounts. If you are not a DTC participant, you may tender your Private Notes by book-entry transfer by contacting your broker or opening an account with a DTC participant.

A holder who wishes to tender Private Notes in the exchange offers must cause to be transmitted to the exchange agent an agent’s message, which agent’s message must be received by the exchange agent prior to 5:00 p.m., New York City time, on the expiration date. In addition, the exchange agent must receive a timely confirmation of book-entry transfer of the Private Notes into the exchange agent’s account at DTC through ATOP under the procedure for book-entry transfers described herein along with a properly transmitted agent’s message, on or before the expiration date.

The term “agent’s message” means a message, transmitted by DTC to, and received by, the exchange agent, and forming a part of the book-entry confirmation, which states that DTC has received an express acknowledgement from the tendering participant stating that the participant has received and agrees to be bound by the terms and subject to the condition set forth in this prospectus and that we may enforce the agreement against the participant. To receive confirmation of valid tender of Private Notes, a holder should contact the exchange agent at the telephone number listed under “—Exchange Agent.”

Any valid tender of Private Notes that is not withdrawn prior to the expiration date will constitute a binding agreement between the tendering holder and us upon the terms and subject to the conditions set forth in this prospectus. Only a registered holder of Private Notes may tender the Private Notes in the exchange offers. If you wish to tender Private Notes that are registered in the name of a broker, dealer, commercial bank, trust company or other nominee, you should promptly instruct the registered holder to tender on your behalf.

We will determine in our sole discretion all questions as to the validity, form, eligibility, including time of receipt, and acceptance of Private Notes tendered for exchange. We reserve the absolute right to reject any and all tenders of Private Notes not properly tendered or Private Notes our acceptance of which might, in the judgment of our counsel, be unlawful. We also reserve the absolute right to waive any defects, irregularities or conditions of tender as to any particular Private Notes. However, to the extent we waive any conditions of tender with respect to one tender of Private Notes, we will waive that condition for all tenders of Private Notes. Our interpretation of the terms and conditions of the exchange offers will be final and binding on all parties. Unless waived, any defects or irregularities in connection with tenders of Private Notes must be cured within the time period we determine. Neither we, the exchange agent nor any other person will be under any duty to give notification of any defects or irregularities in tenders or incur any liability for failure to give you notification of defects or irregularities with respect to tenders of your Private Notes.

Tenders of Private Notes involving any irregularities will not be deemed to have been made until such irregularities have been cured or waived. Private Notes received by the exchange agent in connection with the exchange offers that are not validly tendered and as to which the irregularities have not been cured within the time

[Table of Contents](#)

period we determine or waived will be returned by the exchange agent to the DTC participant who delivered such Private Notes by crediting an

account maintained at DTC designated by such DTC participant promptly after the expiration date of the exchange offers or the withdrawal or termination of the exchange offers.

In addition, we reserve the right in our sole discretion to purchase or make offers for any Private Notes that remain outstanding after the expiration date or, as set forth under “—Conditions to the Exchange Offers,” to terminate the exchange offers and, to the extent permitted by applicable law, purchase Private Notes in the open market, in privately negotiated transactions or otherwise. The terms of any of these purchases or offers could differ from the terms of the exchange offers.

By tendering Private Notes in the exchange offers, you represent to us that, among other things:

- you, or the person or entity acquiring Exchange Notes, are acquiring the Exchange Notes in the ordinary course of business;
- neither you nor any person or entity receiving the related Exchange Notes is engaging in or intends to engage in a distribution of the Exchange Notes within the meaning of the federal securities laws;
- neither you nor any person or entity receiving the related Exchange Notes has an arrangement or understanding with any person or entity to participate in any distribution of the Exchange Notes;
- neither you nor any person or entity receiving the related Exchange Notes is an “affiliate” of Amgen Inc., as that term is defined under Rule 405 of the Securities Act; and
- you are not acting on behalf of any person or entity who could not truthfully make these statements.

Withdrawal Rights

You may withdraw your tender of Private Notes at any time before the exchange offers expire.

For a withdrawal to be effective, the holder must cause to be transmitted to the exchange agent an agent’s message, which agent’s message must be received by the exchange agent prior to 5:00 p.m., New York City time, on the expiration date. In addition, the exchange agent must receive a timely confirmation of book-entry transfer of the Private Notes out of the exchange agent’s account at DTC under the procedure for book-entry transfers described herein along with a properly transmitted agent’s message on or before the expiration date.

We will determine in our sole discretion all questions as to the validity, form and eligibility, including time of receipt, of notices of withdrawal. Our determination will be final and binding on all parties. Any Private Notes so withdrawn will be deemed not to have been validly tendered for purposes of the exchange offers. The Private Notes will be credited to an account maintained with DTC for the Private Notes. You may re-tender properly withdrawn Private Notes by following one of the procedures described under “—Procedures for Tendering” at any time on or before the expiration date.

Conditions to the Exchange Offers

Notwithstanding any other provision of the exchange offers, we are not required to accept for exchange, or to issue Exchange Notes in exchange for, any Private Notes and may terminate or amend the exchange offers if, at any time before the acceptance of those Private Notes for exchange or the exchange of the Exchange Notes for those Private Notes, we determine that the exchange offers violate applicable law, any applicable interpretation of the staff of the SEC or any order of any governmental agency or court of competent jurisdiction.

The foregoing conditions are for our sole benefit and may be asserted by us regardless of the circumstances giving rise to any of these conditions or may be waived by us in whole or in part at any time and from time to time in our sole discretion. Our failure to exercise any of the foregoing rights at any time is not a waiver of any of these rights and each of these rights will be an ongoing right which may be asserted at any time and from time to time.

If we determine that any of these conditions are not satisfied, we may:

- refuse to accept any Private Notes and return all tendered Private Notes to you;
- extend the exchange offers and retain all Private Notes tendered before the exchange offers expire, subject, however, to your rights to withdraw the Private Notes; or
- waive the unsatisfied conditions with respect to the exchange offers and accept all properly tendered Private Notes that have not been withdrawn.

[Table of Contents](#)

If the waiver constitutes a material change to the exchange offers, we will promptly disclose the waiver by means of a prospectus supplement that we will distribute to the registered holders of the Private Notes, and we will extend the exchange offers for a period of five to ten business days, depending upon the significance of the waiver and the manner of disclosure to the registered holders, if the exchange offers would otherwise expire during the five to ten business day period.

In addition, we will not accept for exchange any Private Notes tendered, and no Exchange Notes will be issued in exchange for those Private Notes, if at the time any stop order is threatened or in effect with respect to the registration statement of which this prospectus constitutes a part or the qualification of the indenture under the Trust Indenture Act of 1939, as amended, or the TIA. In any of those events, we will use every reasonable effort to obtain the withdrawal of any stop order at the earliest possible time.

Fees and Expenses

We will not make any payments to brokers, dealers or others soliciting acceptances of the exchange offers. The principal solicitation is being made by mail. However, additional solicitations may be made by facsimile transmission, telephone or in person by our officers and other employees of Amgen. We will pay the estimated cash expenses to be incurred in connection with the exchange offers, which include fees and expenses of the exchange agent, accounting, legal, printing and related fees and expenses.

Transfer Taxes

Holders who tender their Private Notes for exchange will not be obligated to pay any transfer taxes in connection with that tender or exchange, except that holders who instruct us to register Exchange Notes in the name of, or request that Private Notes not tendered or not accepted in the exchange offers be returned to, a person other than the registered tendering holder will be responsible for the payment of any applicable transfer tax on those Private Notes.

Accounting Treatment

For accounting purposes, we will not recognize any gain or loss upon the exchange of the Exchange Notes for Private Notes. We will expense costs incurred in connection with the issuance of the Exchange Notes.

Consequence of Failures to Exchange

Participation in the exchange offers is voluntary. We urge you to consult your financial and tax advisors in making your decisions on what action to take. Private Notes that are not exchanged for Exchange Notes pursuant to the exchange offers will remain restricted securities. Accordingly, those Private Notes may be resold only:

- to a person whom the seller reasonably believes is a qualified institutional buyer in a transaction meeting the requirements of Rule 144A;
- in a transaction meeting the requirements of Rule 144 under the Securities Act;
- outside the United States to a foreign person in a transaction meeting the requirements of Rule 904 of Regulation S under the Securities Act;
- in accordance with another exemption from the registration requirements of the Securities Act and based upon an opinion of counsel if we so request;
- to us; or
- pursuant to an effective registration statement.

In each case, the Private Notes may be resold only in accordance with any applicable securities laws of any state of the United States or any other applicable jurisdiction.

USE OF PROCEEDS

We will not receive any cash proceeds from the issuance of the Exchange Notes. In consideration for issuing the Exchange Notes as contemplated in this prospectus, we will receive in exchange Private Notes in like principal amount, which will be canceled. Accordingly, there will not be any increase in our outstanding indebtedness.

RATIO OF EARNINGS TO FIXED CHARGES

	Nine months ended September 30, 2016	Year ended December 31,				
		2015	2014	2013	2012	2011
Ratio of Earnings to Fixed Charges	8.0x	7.9x	5.9x	5.8x	5.5x	7.0x

These computations include Amgen and its consolidated subsidiaries. For these ratios, “earnings” is computed by adding income before income taxes and fixed charges (excluding capitalized interest), excluding our share of income/losses in equity method affiliates and including distributions from our affiliate, Kirin-Amgen, Inc. Fixed charges consist of (i) interest expense, which includes amortized premiums, discounts and capitalized expenses related to indebtedness, (ii) capitalized interest, (iii) a reasonable approximation of the interest factor deemed to be included in rental expense and (iv) preference security dividend requirements of consolidated subsidiaries, which were not material. Fixed charges exclude any interest related to unrecognized tax benefits, which is included in the provision for income taxes in our Consolidated Statements of Income.

DESCRIPTION OF NOTES

On June 14, 2016, we issued the unregistered 4.563% Senior Notes due 2048 and the unregistered 4.663% Senior Notes due 2051 (referred to herein, respectively, as the “2048 Private Notes” and the “2051 Private Notes” and, collectively, as the “Private Notes”) in a private offering exempt from the registration requirements of the Securities Act of 1933, as amended (the “Securities Act”). The Private Notes were issued pursuant to an Indenture, dated as of May 22, 2014 (the “Indenture”), between us and The Bank of New York Mellon Trust Company, N.A., as trustee (the “trustee”), and an officer’s certificate, dated as of June 14, 2016 (the “officer’s certificate”). The Indenture and the officer’s certificate will also govern the terms and conditions relating to the registered 4.563% Senior Notes due 2048 and the registered 4.663% Senior Notes due 2051 (referred to herein, respectively, as the “2048 Exchange Notes” and the “2051 Exchange Notes” and, collectively, as the “Exchange Notes”) to be issued in the exchange offers for the same series of corresponding Private Notes described in this prospectus. Each series of Exchange Notes, when issued, will be part of the same series of corresponding Private Notes under the Indenture. References in this “Description of Notes” to: (i) “the 2048 Notes” include the “Private 2048 Notes” and the “2048 Exchange Notes”; (ii) “the 2051 Notes” include the “Private 2051 Notes” and the “2051 Exchange Notes”; and (iii) “the Notes” include the Private Notes and the Exchange Notes. Each series of Exchange Notes offered hereby and the same series of corresponding Private Notes not tendered pursuant to the terms hereof will be treated as a single class under the Indenture, including for purposes of determining whether the required percentage of holders have given approval or consent to an amendment or waiver or joined in directing the trustee to take certain actions on behalf of all holders.

Each of the 2048 Notes and the 2051 Notes will be a separate series of notes under the Indenture. We may issue additional notes under the Indenture. We have issued and may issue notes of other series under the Indenture.

The following summary of certain provisions of the Indenture, the officer’s certificate and the Notes does not purport to be complete and is subject to, and qualified in its entirety by reference to, all the provisions of the Indenture, the officer’s certificate and the Notes, including the

definitions therein of certain terms. Because the following is only a summary, it does not contain all of the information that you may find useful in evaluating an investment in the Notes. We urge you to read the Indenture, officer's certificate and the Notes because they, and not this description, define your rights as holders of the Notes. You may obtain a copy of the Indenture and the officer's certificate (which includes forms of the Notes) from us upon request, as set forth under "Where You Can Find Additional Information; Incorporation by Reference" in this prospectus.

As used in this discussion under the heading "Description of Notes," unless otherwise specified, the terms "Amgen" "we," "our," and "us" refer solely to Amgen Inc. and not its subsidiaries.

The terms of the Notes include those stated in the Indenture and those made part of the Indenture by reference to the Trust Indenture Act of 1939, as amended (the "TIA").

General

The:

- Notes will be our senior unsecured obligations and will rank equal in right of payment to all of our other unsecured senior indebtedness, whether currently existing or hereafter created; and
- 2048 Notes will mature on June 15, 2048 and the 2051 Notes will mature on June 15, 2051.

We may, without notice to or the consent of the holders or beneficial owners of the Notes of any series, create and issue additional Notes and/or notes having the same ranking, interest rate, maturity and other terms as the notes of that series. Any additional debt securities having such similar terms, together with that series of notes, could be considered part of the same series of notes under the Indenture.

The Notes are redeemable prior to maturity as described below under the heading "—Optional Redemption." The Notes do not have the benefit of any sinking funds. The Notes of each series will be issued only in registered form without coupons in minimum denominations of \$2,000 and any integral multiple of \$1,000 in excess thereof. Each series of Notes will be represented by one or more global securities registered in the name of a nominee of The Depository Trust Company, New York, New York, which we refer to as DTC. See "—Book-Entry, Delivery and Form."

Payments on the Notes will be made through the paying agent, which will initially be the trustee, to DTC. Payments on the Notes will be made in U.S. dollars at the office or agency maintained by us in the Borough of Manhattan, The City of New York (or, if we fail to maintain such office or agency, at the corporate trust office of the trustee in New York, New York or if the trustee does not maintain an office in New York, at the office of a paying agent in New York). At our option, however, if certificated notes (as defined below) are issued, we may make payments by check mailed to the holder's registered address or by wire transfer to the account designated in writing to the trustee. You may present the Notes for registration of transfer and exchange, without service charge (but we may require a sum sufficient to cover any tax or other governmental charge in connection with such transfer or exchange), at the office or agency maintained by us in New York, New York (or, if we fail to maintain such office or agency, at the corporate trust office of the trustee in New York, New York or if the trustee does not maintain an office in New York, at the office of a paying agent in New York). The transfer of certificated notes will be registrable, and Notes will be exchangeable for notes of other denominations of an equal aggregate principal amount, at such office or agency.

[Table of Contents](#)

Interest

The 2048 Notes will accrue interest at a rate of 4.563% per annum and the 2051 Notes will accrue interest at a rate of 4.663% per annum.

The Notes will accrue interest on their stated principal amounts from June 14, 2016, or, in each case, from the most recent interest payment date on which interest has been paid or duly provided for. Accrued and unpaid interest on the Notes will be payable in cash semi-annually in arrears on June 15 and December 15 of each year, commencing on December 15, 2016. In each case, interest will be paid to the holder in whose name a Note is registered at the close of business on the day that is 15 days prior to the relevant interest payment date, whether or not such day is a Business Day.

The amount of interest payable for any full semi-annual interest period will be computed on the basis of a 360-day year of twelve 30-day months. The amount of interest payable for any period shorter than a full semi-annual interest period for which interest is computed, will be computed on the basis of 30-day months and, for periods of less than a month, the actual number of days elapsed per 30-day month. If any date on which interest, principal or premium is payable on the Notes is not a Business Day, then payment of such amounts payable on such date will be

made on the next succeeding day that is a Business Day (and without any interest or other payment in respect of any such delay) with the same force and effect as if made on such interest payment date or maturity date, as the case may be.

Any amounts payable on any Notes that are not punctually paid on any payment date will cease to be payable to the person in whose name such Notes are registered on the relevant record date, and such defaulted payment will instead be payable to the person in whose name such Notes are registered on the special record date or other specified date determined in accordance with the Indenture.

If less than all the Notes of a series are to be redeemed, the Notes of such series to be redeemed will be selected as follows: (a) if the Notes are in the form of global securities, in accordance with the procedures of the applicable depositary; (b) if the Notes are listed on any national

securities exchange, in compliance with the requirements of the principal national securities exchange, if any, on which the Notes are listed; or (c) if not otherwise provided for under clause (a) or (b) in the manner that the trustee deems fair and appropriate, including by lot or other method, unless otherwise required by law or applicable stock exchange requirements, subject, in the case of global securities, to the applicable rules and procedures of the applicable depository. The Notes to be redeemed shall be selected from Notes of that series not previously called for redemption. Portions of the principal amount of the Notes of that series that have denominations larger than \$2,000 may be selected for redemption. Notes of that series and portions of them selected for redemption shall be in amounts of \$2,000 or whole multiples of \$1,000. Provisions of the Indenture that apply to Notes called for redemption also apply to portions of those Notes called for redemption.

If we give notice as provided in the Indenture and funds for the redemption of any Notes called for redemption sufficient to pay the redemption price have been deposited with the paying agent on or before 11:00 a.m., New York time, on the redemption date, such Notes will cease to bear interest on the date fixed for redemption. Thereafter, the only right of the holders of such Notes will be to receive payment of the redemption price.

Upon surrender of a Note that is redeemed in part, we shall execute and the trustee shall authenticate for the holder a new Note of the same series and the same maturity equal in principal amount to the unredeemed portion of the Notes surrendered.

We will give notice of any optional redemption to the registered holders of Notes at least 15 but not more than 60 days before a redemption date. The notice shall identify the Notes to be redeemed and shall state:

- the redemption date;
- the redemption price;
- the name and address of the paying agent;
- if any Notes are being redeemed in part, the portion of the principal amount of such Notes to be redeemed and that, after the redemption date and upon surrender of such Notes, a new Note or Notes in principal amount equal to the unredeemed portion of the original Note shall be issued in the name of the holder of the Notes thereof upon cancellation of the original Note;
- that the Notes called for redemption must be surrendered to the paying agent to collect the redemption price;
- that interest on the Notes called for redemption ceases to accrue on and after the redemption date unless we default in the deposit of the redemption price; and
- the CUSIP number of the Notes.

At our request, the trustee shall give the notice of redemption in our name and at our expense.

Change of Control Offer

If a change of control triggering event occurs, unless we have exercised our option to redeem the Notes as described above, we will be required to make an offer (the “change of control offer”) to each holder of the Notes to repurchase all or any part (equal to \$2,000 or an integral multiple of \$1,000 in excess thereof) of that holder’s Notes on the terms set forth in such Notes. In the change of control offer, we will be required to offer payment in cash equal to 101 % of the aggregate principal amount of Notes repurchased, plus accrued and unpaid interest, if any, on the Notes repurchased to the date of repurchase (the “change of control payment”). Within 30 days following any change of control triggering event, a notice will be provided to holders of the Notes describing the transaction that constitutes the change of control triggering event and offering to repurchase the Notes on the date specified in the notice, which date will be no earlier than 30 days and no later than 60 days from the date such notice is provided (the “change of control payment date”)

On the change of control payment date, we will, to the extent lawful:

- accept for payment all Notes or portions of Notes properly tendered pursuant to the change of control offer;
- deposit with the paying agent an amount equal to the change of control payment in respect of all Notes or portions of Notes properly tendered; and
- deliver or cause to be delivered to the trustee the Notes properly accepted together with an officer’s certificate stating the

aggregate principal amount of Notes or portions of Notes being repurchased.

We will not repurchase any Notes if there has occurred and is continuing on the change of control payment date an event of default under the Indenture, other than a default in the payment of the change of control payment upon a change of control triggering event.

We will comply with the requirements of Rule 14e-1 under the Exchange Act, and any other securities laws and regulations thereunder to the extent those laws and regulations are applicable in connection with the repurchase of the Notes as a result of a change of control triggering event. To the extent that the provisions of any such securities laws or regulations conflict with the change of control offer provisions of the Notes, we will comply with those securities laws and regulations and will not be deemed to have breached our obligations under the change of control offer provisions of the Notes by virtue of any such conflict.

For purposes of the change of control offer provisions of the Notes, the following terms will be applicable:

“*Beneficial owner*” shall be determined in accordance with Rules 13d-3 and 13d-5 under the Exchange Act or any successor provisions, except that a person will be deemed to have beneficial ownership of all shares that person has the right to acquire irrespective of whether that right is exercisable immediately or only after the passage of time.

“*Change of control*” means the occurrence of any of the following: (1) the consummation of any transaction (including, without limitation, any merger or consolidation) the result of which is that any person or group (other than our company or one of our Subsidiaries) becomes the beneficial owner, directly or indirectly, of more than 50% of our voting stock or other voting stock into which our voting stock is reclassified, consolidated, exchanged or changed, measured by voting power rather than number of shares; provided, however, that a person shall not be deemed beneficial owner of, or to own beneficially, (A) any securities tendered pursuant to a tender or

[Table of Contents](#)

exchange offers made by or on behalf of such person or any of such person’s affiliates until such tendered securities are accepted for purchase or exchange thereunder, or (B) any securities if such beneficial ownership (i) arises solely as a result of a revocable proxy delivered in response to a proxy or consent solicitation made pursuant to the applicable rules and regulations under the Exchange Act, and (ii) is not also then reportable on Schedule 13D (or any successor schedule) under the Exchange Act; (2) the direct or indirect sale, transfer, conveyance or other disposition (other than by way of merger or consolidation), in one or more series of related transactions, of all or substantially all of our assets and the assets of our Subsidiaries, taken as a whole, to one or more persons or groups (other than our company or one of our Subsidiaries), provided that none of the circumstances in this clause (2) will be a change of control if the persons that beneficially own our voting stock immediately prior to the transaction own, directly or indirectly, shares with a majority of the total voting power of all outstanding voting securities of the surviving or transferee person that are entitled to vote generally in the election of that person’s board of directors, managers or trustees immediately after the transaction; (3) we consolidate with, or merge with or into any person, or any person consolidates with, or merges with or into, us, in any such event pursuant to a transaction in which any of our outstanding voting stock or the voting stock of such other person is converted into or exchanged for cash, securities or other property, other than such transaction where the shares of our voting stock outstanding immediately prior to such transaction constitute, or are converted into or exchanged for, a majority of the voting stock of the surviving person or any direct or indirect parent company of the surviving person immediately after giving effect to such transaction; or (4) the adoption of a plan relating to our liquidation or dissolution. Notwithstanding the foregoing, a transaction will not be deemed to involve a change of control under clause (1) above if (i) we become a direct or indirect wholly-owned Subsidiary of a holding company and (ii) (A) the direct or indirect holders of the voting stock of such holding company immediately following that transaction are substantially the same as the holders of our voting stock immediately prior to that transaction or (B) immediately following that transaction no person (other than a holding company satisfying the requirements of this sentence) is the beneficial owner, directly or indirectly, of more than 50% of the voting stock of such holding company.

“*Change of control triggering event*” means the occurrence of both a change of control and a rating event.

“*Group*” has the meaning given by Section 13(d) and 14(d) of the Exchange Act or any successor provisions and includes any group acting for the purpose of acquiring, holding or disposing of securities within the meaning of Rule 13d-5(b)(1) under the Exchange Act or any successor provision.

“*Investment grade rating*” means a rating equal to or higher than Baa3 (or the equivalent) by Moody’s, and BBB- (or the equivalent) by S&P, and the equivalent investment grade credit rating from any additional rating agency or rating agencies selected by us.

“*Rating event*” means the rating on the applicable series of Notes is lowered by both of the rating agencies and the Notes are rated below an investment grade rating by both of the rating agencies on any day during the period commencing 60 days prior to the first public notice of the occurrence of a change of control or our intention to effect a change of control and ending 60 days following consummation of such change of control (which period will be extended so long as the rating of the applicable series of Notes is under publicly announced consideration for a possible downgrade by any of the rating agencies).

“*S&P*” means Standard & Poor’s Rating Services, a division of The McGraw-Hill Companies, Inc., and its successors.

“*Voting stock*” as applied to stock of any person, means shares, interests, participations or other equivalents in the equity interest (however designated) in such person having ordinary voting power for the election of a majority of the directors (or the equivalent) of such person, other than shares, interests, participations or other equivalents having such power only by reason of the occurrence of a contingency.

Certain Covenants

Limitation on Liens

We will not, nor will we permit any of our Subsidiaries to, create or incur any Lien on any of our or their respective Properties, whether now owned or hereafter acquired, or upon any income or profits therefrom, in order to secure any of our Indebtedness, without effectively providing that each series of Notes shall be equally and ratably secured until such time as such Indebtedness is no longer secured by such Lien, except:

(2) Liens granted after the first issue date of the Notes on any of our or our Subsidiaries’ Properties securing our Indebtedness created in favor of the holders of the Notes;

(4) Liens created in substitution of or as replacements for any Liens permitted by the clauses directly above, provided that, based on a good faith determination of one of our officers, the Property encumbered under any such substitute or replacement Lien is substantially similar in nature to the Property encumbered by the otherwise permitted Lien which is being replaced; and

(5) Permitted Liens.

Notwithstanding the foregoing, we and any of our Subsidiaries may, without securing any series of Notes, create or incur Liens which would otherwise be subject to the restrictions set forth in the preceding paragraph, if after giving effect thereto, Exempted Debt does not exceed the greater of (a) 35% of Consolidated Net Worth calculated as of the date of the creation or incurrence of the Lien or (b) 35% of Consolidated Net Worth calculated as of the first issue date of the Notes.

Limitation on Sale and Lease-Back Transactions

(1) such transaction was entered into prior to the first issue date of the Notes;

(2) such transaction was for the sale and leasing back to us of any Property by one of our Subsidiaries;

(3) such transaction involves a lease for less than three years;

(4) we would be entitled to incur Indebtedness secured by a mortgage on the Property to be leased in an amount equal to the Attributable Liens with respect to such sale and lease-back transaction without equally and ratably securing the Notes pursuant to the first paragraph of “—Limitation on Liens” above; or

(5) we apply an amount equal to the fair value of the Property sold to the purchase of Property or to the retirement of our or any of our Subsidiaries’ long-term Indebtedness within 120 days of the effective date of any such sale and lease-back transaction. In lieu of applying such amount to such retirement, we may, or may cause any of our Subsidiaries to, deliver debt securities to the trustee therefor for cancellation, such debt securities to be credited at the cost thereof to us.

[Table of Contents](#)

Notwithstanding the foregoing, we and any of our Subsidiaries may enter into any sale lease-back transaction which would otherwise be subject to the foregoing restrictions if after giving effect thereto and at the time of determination, Exempted Debt does not exceed the greater of (a) 35% of Consolidated Net Worth calculated as of the closing date of the sale-leaseback transaction or (b) 35% of Consolidated Net Worth calculated as of the first issue date of the Notes.

Events of Default

Event of default means, with respect to each series of Notes, any of the following:

- default in the payment of any interest on the Notes of that series when it becomes due and payable, and continuance of such default for a period of 30 days (unless the entire amount of the payment is deposited by us with the trustee or with a paying agent prior to the expiration of the 30-day period);
- default in the payment of principal of the Notes of that series at their maturity;
- default in the performance or breach of any other covenant or warranty by us in the Indenture (other than defaults pursuant to the previous two bullet points above or pursuant to a covenant or warranty that has been included in the Indenture solely for the benefit of a series of debt securities other than that series of Notes), which default continues uncured for a period of 90 days after we receive written notice from the trustee or we and the trustee receive written notice from the holders of not less than a majority in principal amount of the outstanding Notes of the affected series as provided in the Indenture; or
- certain voluntary or involuntary events of bankruptcy, insolvency or reorganization of our company.

No event of default with respect to the Notes (except as to certain events of bankruptcy, insolvency or reorganization) necessarily constitutes an event of default with respect to any other series of debt

[Table of Contents](#)

securities. The occurrence of an event of default may constitute an event of default under our bank credit agreements in existence from time to time. In addition, the occurrence of certain events of default or an acceleration under the Indenture may constitute an event of default under certain of our other indebtedness outstanding from time to time.

We will provide the trustee written notice of any default or event of default within 30 days of becoming aware of the occurrence of such default or event of default, which notice will describe in reasonable detail the status of such default or event of default and what action we are taking or propose to take in respect thereof.

If an event of default with respect to a series of Notes occurs and is continuing (other than an event of default regarding certain events of bankruptcy, insolvency or reorganization of our company), then the trustee or the holders of not less than a majority in principal amount of the outstanding Notes of that series may, by a notice in writing to us (and to the trustee if given by the holders), declare to be due and payable immediately the principal of, and accrued and unpaid interest, if any, on all Notes of that series. In the case of an event of default resulting from certain events of bankruptcy, insolvency or reorganization, the principal of and accrued and unpaid interest, if any, on all outstanding debt securities issued under the Indenture will become and be immediately due and payable without any declaration or other act on the part of the trustee or any holder of outstanding debt securities, including the Notes. At any time after a declaration of acceleration with respect to a series of Notes has been made, and before a judgment or decree for payment of the money due has been obtained by the trustee, the holders of a majority in principal amount of the outstanding Notes of that series may, by written notice to us and the trustee, rescind and annul such acceleration if all events of default, other than the non-payment of accelerated principal and interest, if any, with respect to the Notes of that series, have been cured or waived as provided in the Indenture.

The Indenture provides that the trustee will be under no obligation to exercise any of its rights or powers under the Indenture at the

request of any holder of Notes, unless the trustee receives indemnity satisfactory to it against any cost, liability or expense which might be incurred by it in exercising such right or power. Subject to certain rights of the trustee, the holders of a majority in principal amount of the outstanding Notes of the affected series will have the right to direct the time, method and place of conducting any proceeding for any remedy available to the trustee or exercising any trust or power conferred on the trustee with respect to the Notes of that series.

No holder of any Note of any series will have any right to institute any proceeding, judicial or otherwise, with respect to the Indenture, or for the appointment of a receiver or trustee, or for any remedy under the Indenture unless, among other things:

- that holder has previously given to the trustee written notice of a continuing event of default with respect to the Notes of that series; and
- the holders of at least a majority in principal amount of the outstanding Notes of that series have made written request, and offered reasonable indemnity or security, to the trustee to institute the proceeding as trustee, and the trustee has not received from the holders of a majority in principal amount of the outstanding Notes of that series a direction inconsistent with that request and has failed to institute the proceeding within 60 days.

Notwithstanding any other provision in the Indenture, the holder of any Notes will have an absolute and unconditional right to receive payment of the principal of, premium and any interest on that Note on or after the due dates expressed in that Note and to institute suit for the enforcement of any such payment.

If any securities are outstanding under the Indenture, the Indenture requires us, within 120 days after the end of each fiscal year, to furnish to the trustee a statement as to our compliance with the Indenture. If a default or event of default occurs and is continuing with respect to Notes of any series and if it is known to a responsible officer of the trustee, the trustee shall deliver to each holder of the Notes of that series notice of a default or event of default within 90 days after it occurs. The Indenture provides that the trustee may withhold notice to the holders of the Notes of any default or event of default (except in the case of a default or event of default in payment of principal of or interest on any Note of that series) with respect to Notes of that series if it in good faith determines that withholding notice is in the interest of the holders of those Notes.

Modification and Waiver

We and the trustee may modify and amend the Indenture or Notes of any series without the consent of any holder of such series of Notes:

- to cure any ambiguity, defect or inconsistency;
- to comply with the covenant described above under the heading “—Consolidation, Merger and Sale of Assets;”
- to provide for uncertificated Notes in addition to or in place of certificated Notes;
- to add guarantees with respect to Notes of any series or secure Notes of any series;
- to surrender any of our rights or powers under the Indenture;
- to add covenants or events of default for the benefit of the holders of Notes of any series;
- to comply with the applicable procedures of the applicable depository;
- to make any change that would not adversely affect the rights of any holder of Notes in any material respect;
- to provide for the issuance of and establish the form and terms and conditions of additional Notes of any series as permitted by the Indenture;
- to effect the appointment of a successor trustee with respect to the Notes and to add to or change any of the provisions of the Indenture to provide for or facilitate administration by more than one trustee; or
- to comply with requirements of the SEC in order to effect or maintain the qualification of the Indenture under the TIA.

We may also modify and amend the Indenture with the consent of the holders of at least a majority in principal amount of the outstanding Notes of each series affected by the modifications or amendments. We may not make any modification or amendment without the consent of the holders of each affected Note then outstanding if that amendment will:

- reduce the amount of Notes of a series whose holders must consent to an amendment, supplement or waiver;
- reduce the rate of or extend the time for payment of interest (including any additional amounts) on the Notes;
- reduce the principal of or premium on or change the fixed maturity of the Notes;
- waive a default in the payment of the principal of, premium or interest on the Notes (except a rescission of acceleration of the Notes by the holders of at least a majority in aggregate principal amount of the then outstanding Notes of that series and a waiver of the payment default that resulted from such acceleration);
- make the principal of or interest on the Notes payable in currency other than that stated in the Notes;
- make any change to certain provisions of the Indenture relating to, among other things, the right of holders of the Notes to receive payment of the principal of, premium and interest on the Notes and to institute suit for the enforcement of any such payment and to waivers or amendments; or
- waive a redemption payment with respect to the Notes.

[Table of Contents](#)

Except for certain specified provisions, the holders of at least a majority in principal amount of the outstanding Notes of the affected series may, on behalf of the holders of all the Notes of that series, waive our compliance with provisions of the Indenture. The holders of a majority in principal amount of the outstanding Notes of the affected series may, on behalf of the holders of all the Notes of such series, waive any past default under the Indenture with respect to that series and its consequences, except a default in the payment of the principal of, premium or any interest on any Note of that series; provided, however, that the holders of a majority in principal amount of the outstanding Notes of the affected series may rescind an acceleration and its consequences, including any related payment default that resulted from such acceleration.

No amendment to cure any ambiguity, defect or inconsistency in the Indenture made solely to conform the Indenture to the description of Notes contained in this prospectus will be deemed to adversely affect the interests of the holders of the Notes.

Defeasance and Covenant Defeasance

Legal Defeasance

The Indenture provides that we may be discharged from any and all obligations in respect of the Notes (subject to certain exceptions). We will be so discharged upon the deposit with the trustee, in trust, of money and/or U.S. government obligations that, through the payment of interest and principal in accordance with their terms, will provide an amount in cash sufficient in the opinion of a nationally recognized firm of independent public accountants or investment bank to pay and discharge each installment of principal of, premium and interest on the Notes on the stated maturity of those payments in accordance with the terms of the Indenture and the Notes.

This discharge may occur only if, among other things, we have delivered to the trustee an opinion of counsel stating that we have received from, or there has been published by, the U.S. Internal Revenue Service a ruling or, since the date of execution of the Indenture, there has been a change in the applicable U.S. federal income tax law, in either case to the effect that, and based thereon such opinion shall confirm that, the holders of the Notes will not recognize income, gain or loss for U.S. federal income tax purposes as a result of the deposit, defeasance and discharge and will be subject to U.S. federal income tax on the same amounts and in the same manner and at the same times as would have been the case if such deposit, defeasance and discharge had not occurred.

Defeasance of Certain Covenants

The Indenture provides that upon compliance with certain conditions:

- we may omit to comply with the covenant described under the heading “—Consolidation, Merger and Sale of Assets” and certain other covenants set forth in the Indenture, as well as any additional covenants set forth in this prospectus; and
- any omission to comply with those covenants will not constitute a default or an event of default with respect to the Notes, which we refer to as a “covenant defeasance.”

[Table of Contents](#)

The conditions include:

- depositing with the trustee money and/or U.S. government obligations that, through the payment of interest and principal in accordance with their terms, will provide money in an amount sufficient in the opinion of a nationally recognized firm of independent public accountants or investment bank to pay and discharge each installment of principal of, premium and interest on the Notes on the stated maturity of those payments in accordance with the terms of the Indenture and the Notes; and
- delivering to the trustee an opinion of counsel to the effect that the holders of the Notes will not recognize income, gain or loss for U.S. federal income tax purposes as a result of the deposit and related covenant defeasance and will be subject to U.S. federal income tax on the same amounts and in the same manner and at the same times as would have been the case if the deposit and related covenant defeasance had not occurred.

Covenant Defeasance and Events of Default

In the event we exercise our option to effect covenant defeasance with respect to any series of the Notes and the Notes of that series are declared due and payable because of the occurrence of any event of default, the amount of money and/or U.S. government obligations on deposit with the trustee will be sufficient to pay amounts due on the Notes of that series at the time of their stated maturity but may not be sufficient to pay amounts due on the Notes of that series at the time of the acceleration resulting from the event of default. In such a case, we would remain liable for those payments.

Book-Entry; Delivery and Form

We have obtained the information in this section concerning DTC, Clearstream and Euroclear and the book-entry system and procedures from sources that we believe to be reliable, but we take no responsibility for the accuracy of this information.

The Notes will be issued as fully-registered global notes which will be deposited with, or on behalf of, DTC and registered, at the request of DTC, in the name of Cede & Co. Notes held by Qualified Institutional Buyers will be evidenced by Rule 144A global notes. Other Notes held by non-U.S. persons will, subject to certain exceptions, be evidenced by Regulation S global notes. Qualified Institutional Buyers may hold their interest in any of the Rule 144A global notes evidencing the Notes directly through DTC, or indirectly through organizations which are participants in DTC. Non-U.S. persons may hold their interest in any of the Regulation S global notes through Clearstream or Euroclear as participants, or through organizations that are participants in Clearstream or Euroclear.

Beneficial interests in the global notes will be represented through book-entry accounts of financial institutions acting on behalf of beneficial owners as direct or indirect participants in DTC. The direct and indirect participants will remain responsible for keeping account of their holdings on behalf of their customers. Investors may elect to hold their interests in the global notes through either DTC (in the United States) or (in Europe) through Clearstream or through Euroclear. Investors may hold their interests in the global notes directly if they are participants of such systems, or indirectly through organizations that are participants in these systems. Interests held through Clearstream and Euroclear will be recorded on DTC's books as being held by the U.S. Depository for each of Clearstream and Euroclear (the "U.S. Depositories"), which U.S. Depositories will, in turn, hold interests on behalf of their participants' customers' securities accounts. Beneficial interests in the global notes will be held in denominations of \$2,000 and integral multiples of \$1,000 in excess thereof. Except as set forth below, the global notes may be transferred, in whole and not in part, only to another nominee of DTC or to a successor of DTC or its nominee.

Notes represented by a global note can be exchanged for definitive notes in registered form only if:

- DTC notifies us that it is unwilling or unable to continue as depository for that global note and we do not appoint a qualified successor depository within 90 days after receiving that notice;
- at any time DTC ceases to be a clearing agency registered under the Exchange Act and we do not appoint a successor depository within 90 days after becoming aware that DTC has ceased to be registered as a clearing agency; or
- we in our sole discretion determine that such global note will be exchangeable for definitive notes in registered form and notify the trustee of our decision.

[Table of Contents](#)

A global note that can be exchanged as described in the preceding sentence will be exchanged for definitive notes issued in minimum

denominations of \$2,000 and integral multiples of \$1,000 in excess thereof in registered form for the same aggregate amount. The definitive notes will be registered in the names of the owners of the beneficial interests in the global note as directed by DTC.

We will make principal and interest payments on all Notes represented by a global note to the paying agent, which in turn will make payment to DTC or its nominee, as the case may be, as the sole registered owner and the sole holder of the Notes represented by a global note for all purposes under the Indenture. Accordingly, we, the trustee and the paying agent will have no responsibility or liability for:

- any aspect of DTC's records relating to, or payments made on account of, beneficial ownership interests in a New Note represented by a global note;
- any other aspect of the relationship between DTC and its participants or the relationship between those participants and the owners of beneficial interests in a global note held through those participants; or
- the maintenance, supervision or review of any of DTC's records relating to those beneficial ownership interests.

DTC has advised us that its current practice is to credit direct participants' accounts on each payment date with payments in amounts proportionate to their respective beneficial interests in the principal amount of such global note as shown on DTC's records, upon DTC's receipt of funds and corresponding detail information. Payments by participants to owners of beneficial interests in a global note will be governed by standing instructions and customary practices, as is the case with securities held for customer accounts registered in "street name," and will be the sole responsibility of those participants, and not of DTC or its nominee, the trustee, any agent of ours, or us, subject to any statutory or regulatory requirements. Book-entry notes may be more difficult to pledge because of the lack of a physical note.

DTC

So long as DTC or its nominee is the registered owner of a global note, DTC or its nominee, as the case may be, will be considered the sole owner and holder of the Notes represented by that global note for all purposes of the Notes. Owners of beneficial interests in the Notes will not be entitled to have Notes registered in their names, will not receive or be entitled to receive physical delivery of the Notes in definitive form and will not be considered owners or holders of Notes under the Indenture. Accordingly, each person owning a beneficial interest in a global note must rely on the procedures of DTC and, if that person is not a DTC participant, on the procedures of the participant through which that person owns its interest, to exercise any rights of a holder of Notes. The laws of some jurisdictions may require that certain purchasers of securities take physical delivery of the securities in certificated form. These laws may impair the ability to transfer beneficial interests in a global note. Beneficial owners may experience delays in receiving distributions on their Notes since distributions will initially be made to DTC and must then be transferred through the chain of intermediaries to the beneficial owner's account.

We understand that, under existing industry practices, if we request holders to take any action, or if an owner of a beneficial interest in a global note desires to take any action which a holder is entitled to take under the Indenture, then DTC would authorize the participants holding the relevant beneficial interests to take that action and those participants would authorize the beneficial owners owning through such participants to take that action or would otherwise act upon the instructions of beneficial owners owning through them.

Beneficial interests in a global note will be shown on, and transfers of those ownership interests will be effected only through, records maintained by DTC and its participants for that global note. The conveyance of notices and other communications by DTC to its participants and by its participants to owners of beneficial interests in the Notes will be governed by arrangements among them, subject to any statutory or regulatory requirements in effect.

DTC has advised us that it is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code and a "clearing agency" registered under the Exchange Act.

[Table of Contents](#)

DTC holds the securities of its participants and facilitates the clearance and settlement of securities transactions among its participants in such securities through electronic book-entry changes in accounts of its participants. The electronic book-entry system eliminates the need for physical certificates. DTC's participants include securities brokers and dealers, including underwriters, banks, trust companies, clearing corporations and certain other organizations, some of which, and/or their representatives, own DTC. Banks, brokers, dealers, trust companies and others that clear through or maintain a custodial relationship with a participant, either directly or indirectly, also have access to DTC's book-entry system. The rules applicable to DTC and its participants are on file with the SEC.

DTC has advised us that the above information with respect to DTC has been provided to its participants and other members of the

financial community for informational purposes only and is not intended to serve as a representation, warranty or contract modification of any kind.

Clearstream

Clearstream has advised us that it is incorporated under the laws of Luxembourg as a professional depository. Clearstream holds securities for its participating organizations, or “Clearstream Participants,” and facilitates the clearance and settlement of securities transactions between Clearstream Participants through electronic book-entry changes in accounts of Clearstream Participants, thereby eliminating the need for physical movement of certificates. Clearstream provides to Clearstream Participants, among other things, services for safekeeping, administration, clearance and settlement of internationally traded securities and securities lending and borrowing. Clearstream interfaces with domestic securities markets in several countries. As a professional depository, Clearstream is subject to regulation by the Luxembourg Commission for the Supervision of the Financial Sector (Commission de Surveillance du Secteur Financier). Clearstream Participants are recognized financial institutions around the world, including underwriters, securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations. Clearstream’s U.S. Participants are limited to securities brokers and dealers and banks. Indirect access to Clearstream is also available to others, such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a Clearstream Participant either directly or indirectly.

Distributions with respect to Notes held beneficially through Clearstream will be credited to cash accounts of Clearstream Participants in accordance with its rules and procedures, to the extent received by the U.S. Depository for Clearstream.

Euroclear

Euroclear has advised us that it was created in 1968 to hold securities for participants of Euroclear, or “Euroclear Participants,” and to clear and settle transactions between Euroclear Participants through simultaneous electronic book-entry delivery against payment, thereby eliminating the need for physical movement of certificates and any risk from lack of simultaneous transfers of securities and cash. Euroclear performs various other services, including securities lending and borrowing and interacts with domestic markets in several countries. Euroclear is operated by Euroclear Bank S.A./N.V., or the “Euroclear Operator,” under contract with Euroclear plc, a U.K. corporation. All operations are conducted by the Euroclear Operator, and all Euroclear securities clearance accounts and Euroclear cash accounts are accounts with the Euroclear Operator, not Euroclear plc. Euroclear plc establishes policy for Euroclear on behalf of Euroclear Participants. Euroclear Participants include banks, including central banks, securities brokers and dealers and other professional financial intermediaries. Indirect access to Euroclear is also available to other firms that clear through or maintain a custodial relationship with a Euroclear Participant, either directly or indirectly.

The Euroclear Operator is a Belgian bank. As such it is regulated by the Belgian Banking and Finance Commission.

Securities clearance accounts and cash accounts with the Euroclear Operator are governed by the Terms and Conditions Governing Use of Euroclear and the related Operating Procedures of the Euroclear System, and applicable Belgian law, which we will refer to herein as the “Terms and Conditions.” The Terms and Conditions govern transfers of securities and cash within Euroclear, withdrawals of securities and cash from Euroclear, and receipts of payments with respect to securities in Euroclear. All securities in Euroclear are held on a fungible basis without attribution of specific certificates to specific securities clearance accounts. The Euroclear Operator acts under the Terms and Conditions only on behalf of Euroclear Participants, and has no record of or relationship with persons holding through Euroclear Participants.

[Table of Contents](#)

Distributions with respect to Notes held beneficially through Euroclear will be credited to the cash accounts of Euroclear Participants in accordance with the Terms and Conditions, to the extent received by the U.S. Depository for Euroclear.

Euroclear has further advised us that investors that acquire, hold and transfer interests in the Notes by book-entry through accounts with the Euroclear Operator or any other securities intermediary are subject to the laws and contractual provisions governing their relationship with such intermediary, as well as the laws and contractual provisions governing the relationship between such an intermediary and each other intermediary, if any, standing between themselves and the global notes.

Global Clearance and Settlement Procedures

Secondary market trading between DTC participants will occur in the ordinary way in accordance with DTC rules and will be settled in immediately available funds using DTC’s Same-Day Funds Settlement System. Secondary market trading between Clearstream Participants and/or Euroclear Participants will occur in the ordinary way in accordance with the applicable rules and operating procedures of Clearstream and Euroclear and will be settled using the procedures applicable to conventional eurobonds in immediately available funds.

Cross-market transfers between persons holding directly or indirectly through DTC, on the one hand, and directly or indirectly through Clearstream Participants or Euroclear Participants, on the other, will be effected through DTC in accordance with DTC rules on behalf of the relevant European international clearing system by its U.S. Depositary; however, such cross-market transactions will require delivery of instructions to the relevant European international clearing system by the counterparty in such system in accordance with its rules and procedures and within its established deadlines (European time). The relevant European international clearing system will, if the transaction meets its settlement requirements, deliver instructions to its U.S. Depositary to take action to effect final settlement on its behalf by delivering or receiving Notes through DTC, and making or receiving payment in accordance with normal procedures for same-day funds settlement applicable to DTC. Clearstream Participants and Euroclear Participants may not deliver instructions directly to their respective U.S. Depositaries.

Because of time-zone differences, credits of Notes received through Clearstream or Euroclear as a result of a transaction with a DTC participant will be made during subsequent securities settlement processing and dated the business day following the DTC settlement date. Such credits or any transactions in such Notes settled during such processing will be reported to the relevant Euroclear Participants or Clearstream Participants on such business day. Cash received in Clearstream or Euroclear as a result of sales of Notes by or through a Clearstream Participant or a Euroclear Participant to a DTC participant will be received with value on the DTC settlement date but will be available in the relevant Clearstream or Euroclear cash account only as of the business day following settlement in DTC.

Although DTC, Clearstream and Euroclear have agreed to the foregoing procedures in order to facilitate transfers of Notes among participants of DTC, Clearstream and Euroclear, they are under no obligation to perform or continue to perform such procedures and such procedures may be modified or discontinued at any time. Neither we nor the paying agent will have any responsibility for the performance by DTC, Euroclear or Clearstream or their respective direct or indirect participants of their obligations under the rules and procedures governing their operations.

Concerning the Trustee

Governing Law

The Indenture and the Notes, including any claim or controversy arising out of or relating to the Indenture or the Notes, will be governed by the laws of the State of New York.

PLAN OF DISTRIBUTION

Each broker-dealer that receives Exchange Notes for its own account in the exchange offers must acknowledge that it will deliver a prospectus together with any resale of those Exchange Notes. This prospectus, as it may be amended or supplemented from time to time, may be used by a broker-dealer in the resales of Exchange Notes received in exchange for Private Notes where those Private Notes were acquired as a result of market-making activities or other trading activities. We have agreed that for a period of up to 90 days after the expiration of the exchange offers, we will make this prospectus, as amended or supplemented, available to any broker-dealer that requests it for use in these resales.

We will not receive any proceeds from any sale of Exchange Notes by broker-dealers or any other persons. Exchange Notes received by broker-dealers for their own account pursuant to the exchange offers may be sold from time to time in one or more transactions in the over-the-counter market, in negotiated transactions, through the writing of options on the Exchange Notes or a combination of these methods of resale, at market prices prevailing at the time of resale, at prices related to these prevailing market prices or negotiated prices. Any of these resales may be made directly to purchasers or to or through brokers or dealers who may receive compensation in the form of commissions or concessions from any such broker-dealer and/or the purchasers of any such Exchange Notes. Any broker-dealer that resells Exchange Notes that were received by it for its own account pursuant to the exchange offers and any broker or dealer that participates in a distribution of those Exchange Notes may be deemed to be an “underwriter” within the meaning of the Securities Act and any profit on any resale of Exchange Notes and any commissions or concessions received by any such persons may be deemed to be underwriting compensation under the Securities Act. By acknowledging that it will deliver a prospectus, a broker-dealer will not be deemed to admit that it is an “underwriter” within the meaning of the Securities Act.

We have agreed to pay all expenses incident to our performance of, or compliance with, the registration rights agreement and will indemnify the holders of Private Notes including any broker-dealers, and specified parties related to holders of Private Notes, against some types of liabilities, including liabilities under the Securities Act.

CERTAIN U.S. FEDERAL INCOME TAX CONSEQUENCES

The following is a summary of certain material United States federal income tax consequences relating to the exchange of Private Notes for Exchange Notes in the exchange offers, but does not purport to be a complete analysis of all the potential tax considerations relating thereto. This summary is based upon the Internal Revenue Code of 1986, as amended, United States Treasury Regulations, Internal Revenue Service (“IRS”) rulings and pronouncements, and judicial decisions now in effect, all of which are subject to change at any time by legislative, administrative, or judicial action, possibly with retroactive effect. We have not sought and will not seek any rulings from the IRS with respect to the statements made and the conclusions reached in the following summary, and accordingly, there can be no assurance that the IRS will not successfully challenge the tax consequences described below. This summary only applies to you if you exchange your Private Notes for Exchange Notes in the exchange offers. This summary also does not discuss the effect of any state, local or non-U.S. tax laws or any tax laws other than United States income tax law. In addition, this summary does not discuss every aspect of United States federal income taxation, including the impact of the Medicare contribution tax on net investment income, that may be relevant to you in light of your personal circumstances or if you are otherwise subject to special tax treatment, including, without limitation, if you are:

The exchange of Private Notes for Exchange Notes in the exchange offers will not be treated as an “exchange” for U.S. federal income tax purposes, because the Exchange Notes will not be considered to differ materially in kind or extent from the Private Notes. Accordingly, the exchange of Private Notes for Exchange Notes will not be a taxable event to holders for U.S. federal income tax purposes. Moreover, the Exchange Notes will have the same tax attributes as the Private Notes and the same tax consequences to holders as the Private Notes have to holders, including without limitation, the same issue price, adjusted issue price, adjusted tax basis and holding period.
