“*Reference Treasury Dealer Quotations*” means, with respect to each Reference Treasury Dealer and any redemption date, the average of the bid and asked prices for the applicable Comparable Treasury Issue (expressed in each case as a percentage of its principal amount) quoted to the Independent Investment Banker by such Reference Treasury Dealer at 3:30 P.M. Change of Control Repurchase Event

If a change of control repurchase event occurs with respect to either or both of the 2022 Notes or the 2042 Notes, unless we have exercised our option to repurchase the 2022 Notes or the 2042 Notes as described above, we will be required to make an offer to each holder of either or both of the 2022 Notes or the 2042 Notes to repurchase all or any part (in minimum denominations of US\$2,000 and integral multiples of US\$1,000 in excess thereof) of that holder's 2022 Notes or 2042 Notes, as the case may be, at a repurchase price in cash equal to 101% of the aggregate principal amount of such securities repurchased plus any accrued and unpaid interest on such securities repurchased to, but not including, the date of repurchase. Within 30 days following a change of control repurchase event or, at our option, prior to the public announcement of the change of control, we will mail a notice to each holder, with a copy to the U.S. Trustee, describing the transaction and how to exercise the repurchase option. The repurchase of the 2022 Notes or 2042 Notes will constitute

the change of control repurchase event and offering to repurchase securities on the payment date specified in the notice, which date will be not more than 60 days from the date such notice is mailed. The notice shall, if mailed prior to the date of consummation of the change of control, state that the change of control repurchase event occurring on or prior to the payment date specified in the notice. The Company will comply with the requirements of the Securities Exchange Act of 1934, as amended, (the "Exchange Act"), and any other securities laws and regulations thereunder to the extent that the regulations applicable in connection with the repurchase of the Offered Securities as a result of a change of control repurchase event. To the extent that the regulations conflict with the change of control repurchase event provisions of the Offered Securities, the Company will comply with the applicable regulations and will not be deemed to have breached its obligations under the change of control repurchase event provisions of the Offered Securities by

On the repurchase date following a change of control repurchase event, the Company will, to the extent lawful:

- (1) accept for payment all 2022 Notes and 2042 Notes or portions of 2022 Notes and 2042 Notes, as applicable, properly tendered;
- (2) deposit with the U.S. Trustee an amount equal to the aggregate purchase price in respect of all 2022 Notes and 2042 Notes or portions of 2022 Notes and 2042 Notes, as applicable, properly tendered; and
- (3) deliver or cause to be delivered to the U.S. Trustee the Offered Securities properly accepted, together with an officers' certificate of the amount of Offered Securities being purchased by the Company.

The U.S. Trustee will promptly deliver by wire transfer to each holder of Offered Securities properly tendered the purchase price for such Offered Securities. The U.S. Trustee will promptly authenticate and mail (or cause to be transferred by book-entry) to each holder a new security equal in principal amount to the Offered Securities surrendered; provided that each new security will be in a minimum denomination of US\$2,000 and integral multiples of US\$1,000.

The Company will not be required to make an offer to repurchase the 2022 Notes or the 2042 Notes, as applicable, upon a change of control if the Company or any party makes such an offer in the manner, at the times and otherwise in compliance with the requirements for an offer made by the Company under the Offered Securities or 2042 Notes, as applicable, properly tendered and not withdrawn under its offer.

For purposes of the foregoing discussion of a repurchase at the option of holders, the following definitions are applicable:

"*below investment grade ratings event*" means, with respect to the 2022 Notes or the 2042 Notes, as the case may be, on any day with respect to which the rating of the 2022 Notes or the 2042 Notes, as the case may be, is under publicly announced consideration for a change of rating (by one or more rating agencies) after the earlier of (1) the occurrence of a change of control; or (2) public notice of the occurrence of a change of control or a change of control, the 2022 Notes or the 2042 Notes, as the case may be, are rated below investment grade by at least two of three rating agencies or all of the rating agencies if there are less than three rating agencies. Notwithstanding the foregoing, a below investment grade ratings event shall not be deemed to have occurred in respect of a particular change of control (and thus shall not be deemed to have occurred for purposes of the definition of change of control repurchase event hereunder) if the rating agencies making the reduction in rating to which the reduction in rating does not announce or publicly confirm that the reduction was the result, in whole or in part, of any event or circumstance comprised of or arising from an applicable change of control (whether or not the applicable change of control shall have occurred at the time of the ratings event).

"*change of control*" means the consummation of any transaction (including, without limitation, any merger or consolidation) the result of which the Company or any "group" (as those terms are used in Section 13(d)(3) of the Exchange Act), other than the Company or its subsidiaries, becomes the beneficial owner (as defined in Section 13d-5 under the Exchange Act), directly or indirectly, of more than 50% of the combined voting power of the Company's voting stock or the Company's voting stock is reclassified, consolidated, exchanged or changed measured by voting power rather than number of shares.

Table of Contents

“*change of control repurchase event*” means the occurrence of both a change of control and a below investment grade ratings event with respect to the 2042 Notes, as the case may be.

“*DBRS*” means DBRS Limited.

“*investment grade*” means a rating of Baa3 or better by Moody’s (or its equivalent under any successor rating categories of Moody’s, S&P) (or its equivalent under any successor rating categories of S&P); a rating of BBB (low) or better by DBRS (or its equivalent under any successor rating categories of DBRS) (or its equivalent under any successor rating categories of DBRS) or the equivalent investment grade credit rating from any additional rating agency or rating agencies selected by the Company.

“*Moody’s*” means Moody’s Investors Service, Inc.

“*rating agency*” means (1) each of Moody’s, DBRS and S&P; and (2) if any of Moody’s, DBRS and S&P ceases to rate the Offered Securities, the Offered Securities publicly available for reasons outside of the Company’s control, a “nationally recognized statistical rating organization” as defined in Section 3(a)(62) of the Exchange Act, selected by the Company (as certified by the Company’s Chief Executive Officer or Chief Financial Officer) as Moody’s, DBRS and S&P, or all of them, as the case may be.

“*S&P*” means Standard & Poor’s Ratings Services, a division of The McGraw-Hill Companies, Inc.

“*voting stock*” of any specified “person” (as that term is used in Section 13(d)(3) of the Exchange Act) as of any date means the capital stock of such person entitled to vote generally in the election of the board of directors of such person.

The change of control repurchase event feature of the 2022 Notes and 2042 Notes may in certain circumstances make more difficult or impossible for the Company to effect a change of control of the Company and, thus, the removal of incumbent management. The Company could, in the future, enter into certain transactions, including asset sales, recapitalizations, other recapitalizations, that would not constitute a change of control repurchase event under the 2022 Notes or 2042 Notes, but that could impact the Company’s financial condition, outstanding debt, or otherwise affect the Company’s capital structure or credit ratings on the 2022 Notes and 2042 Notes.

The Company may not have sufficient funds to repurchase all the 2022 Notes or 2042 Notes upon a change of control repurchase event.

Further Issues

The Company may from time to time, without notice to or the consent of any registered holders, create and issue further notes ranking pari passu with the 2022 Notes or the 2042 Notes. Those further notes will be consolidated and form a single series with the 2022 Notes or 2042 Notes, as the case may be, on the same terms (except for the issue date, the issue price and, if applicable, the initial interest payment date) as to status, redemption or otherwise.

Modification and Waiver

The U.S. Indenture permits the Company and the U.S. Trustee, with the consent of the holders of not less than a majority in principal amount of the Offered Securities (as defined in the U.S. Indenture) of each series of the Offered Securities affected by the modifications, and the applicable required consent of any other Offered Securities affected by the modifications, to modify the U.S. Indenture or any supplemental indenture or the rights of the holders of such series of Offered Securities, without the consent of the holders of all such Outstanding Securities so affected thereby, (i) extend the fixed maturity of any Outstanding Security, (ii) reduce the principal amount thereof or reduce the rate or extend the time of payment of interest thereon, or reduce any redemption percentage of Outstanding Securities necessary to modify the U.S. Indenture or any supplemental indenture.

The U.S. Indenture also permits the Company and the U.S. Trustee, without the consent of the holders of the Offered Securities, to enter into certain modifications to the U.S. Indenture for certain purposes, including (i) to

change or eliminate any of the provisions of the U.S. Indenture; provided that any such change or elimination (A) shall neither (1) apply to any provision of the U.S. Indenture or (2) modify the rights of the holders of any such Security or (B) shall become effective only when there is no such Security outstanding or (ii) to cure any ambiguity or to correct or supplement the U.S. Indenture or in any supplemental indenture which may be defective or inconsistent with any other provision contained in the U.S. Indenture or to make such other provisions in regard to matters or questions arising under the U.S. Indenture as shall not adversely affect the interests of holders of Securities issued pursuant to the U.S. Indenture.

The holders of at least a majority in principal amount of the Outstanding Securities of any series of the Offered Securities can consent, together with the holders of the entire series, to waive compliance with certain provisions of the U.S. Indenture.

Events of Default

An event of default (an "Event of Default") with respect to any series of the Offered Securities means any of the following events : default in payment of principal (or premium, if any); default in the deposit of any mandatory sinking fund payment on that series; default in performance of any of the other covenants or warranties in the U.S. Indenture relating to that series which shall not have been remedied within 90 days after occurrence; or certain events of reorganization of the Company. The U.S. Indenture provides that the U.S. Trustee shall, with certain exceptions, notify the holders of Securities of Events of Default known to it and affecting that series within 90 days after occurrence. The U.S. Trustee is protected if it withholds notification in the payment of principal of or interest or premium, if any, on any series of Securities issued pursuant to the U.S. Indenture or the making of any such payment to the holders so affected if the U.S. Trustee considers it in the interest of such holders to do so.

The U.S. Indenture provides that if an Event of Default with respect to any series of the Offered Securities issued pursuant to the U.S. Indenture is continuing, either the U.S. Trustee or the holders of at least 25% in aggregate principal amount of the Offered Securities of that series then outstanding may declare all the Offered Securities of that series to be due and payable immediately, but upon certain conditions such declaration may be annulled and the default theretofore cured, a default in payment of principal of or interest or premium, if any, on that series of the Offered Securities) may be waived if the holders of at least 25% in aggregate principal amount of the Offered Securities of that series then outstanding.

As used in the U.S. Indenture, the term "Subsidiary" means a corporation of which the majority of the outstanding voting shares is owned, directly or indirectly, by one or more Subsidiaries of the Company; provided that no corporation shall become or shall be deemed to be a Subsidiary of the Company if, and so long as, the Company does not control such entity by reason of any law, regulation, executive order or other legal requirement, including any voting trust or similar arrangement entered into in connection with the acquisition of such corporation by the Company pending regulatory approval. Such defeasances may be effected only if the Company has delivered to the U.S. Trustee an opinion of counsel to the effect that holders of the applicable series of the Offered Securities will not be treated for United States federal or Canadian income tax purposes as a result of such defeasance and will be subject to tax in the same manner and at the same rate as if such had not occurred and, in the case of legal defeasance pursuant to clause (a), indicating that a ruling to such effect has been received from or by the Internal Revenue Service or that since the date of the U.S. Indenture there has been a change in applicable U.S. federal income tax law to such effect and (ii) that such defeasance will not violate the United States Investment Company Act of 1940, as amended.

Global Securities

Upon original issuance, each series of the Offered Securities will be represented by one or more global securities (the “Global Security”) with a principal amount equal to that of the Offered Securities of such series represented thereby. Each Global Security will be deposited with, or on behalf of, DTC (“DTC”), as depositary, and registered in the name of Cede & Co. (or such other nominee as may be designated by DTC), as nominee of DTC. See legends regarding the restrictions on exchanges and registration of transfer thereof referred to below and any other matters as may be provided in the Offered Securities.

DTC has advised the Company as follows: DTC is a limited purpose trust company organized under the New York Banking Law, a “bank” within the meaning of the New York Banking Law, a member of the Federal Reserve System, a “clearing corporation” within the meaning of the New York Banking Law, a “clearing agency” registered pursuant to the provisions of Section 17A of the Exchange Act. DTC was created to hold securities of its participants and to facilitate the clearance and settlement of securities transactions among its participants in such securities through electronic book-entry changes, thereby eliminating the need for physical movement of securities certificates. DTC’s participants include securities brokers and dealers (including clearing companies), clearing corporations and certain other organizations, some of whom (and/or their representatives) own DTC. Access to DTC’s books and records is available to others, such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a participant, either directly or indirectly (“participants”).

Notwithstanding any provision of the U.S. Indenture or the Offered Securities described herein, no Global Security may be exchanged for Offered Securities registered, and no transfer of a Global Security in whole or in part may be registered, in the name of any person other than DTC or its nominee. A Global Security may be transferred to DTC or its nominee unless (i) DTC has notified the Company that it is unwilling or unable to continue as depositary for the Global Security or has ceased to act as depositary as required pursuant to the U.S. Indenture or (ii) there shall have occurred and be continuing an Event of Default with respect to the Offered Securities.

All Offered Securities issued in exchange for a Global Security or any portion thereof will be registered in such names as DTC may determine.

As long as DTC, or its nominee, is the registered holder of a Global Security, DTC or such nominee, as the case may be, will be considered the holder of such Global Security and the Offered Securities represented thereby for all purposes under the Offered Securities and the U.S. Indenture. Except as referred to above, owners of beneficial interests in a Global Security will not be entitled to have such Global Security or any Offered Securities delivered to their names, will not receive or be entitled to receive physical delivery of certificated Offered Securities in exchange therefor and will not be entitled to vote as holders of such Global Security or any Offered Securities represented thereby for any purpose under the Offered Securities or the U.S. Indenture. All interest on a Global Security will be made to DTC or its nominee, as the case may be, as the holder thereof. The laws of some jurisdictions may require that securities take physical delivery of such securities in definitive form. These laws may impair the ability to transfer beneficial interests in a Global Security.

Ownership of beneficial interests in a Global Security will be limited to institutions that have accounts with DTC or its nominee (“participants”) that hold beneficial interests through participants or indirect participants. In connection with the issuance of any Global Security, DTC will credit the transfer system, the respective principal amounts of Offered Securities represented by the Global Security to the accounts of its participants. The Global Security will be shown only on, and the transfer of those ownership interests will be effected only through, records maintained by DTC for its participants. Payments, transfers, exchanges, notices and other matters relating to beneficial interests in a Global Security may be subject to the rules adopted by DTC from time to time. None of the Company or the U.S. Trustee or any of their respective agents will have any responsibility or liability for any participant’s records relating to, or for payments or notices on account of, beneficial interests in a Global Security, or for maintaining, updating or correcting such records relating to such beneficial interests.

[Table of Contents](#)**Certain Notices**

With respect to any Offered Securities represented by a Global Security, notices to be given to the holders of the Offered Securities will be duly given to the holders when given to DTC, or its nominee, in accordance with DTC's policies and procedures. The Company believes that all participants of any such notice it receives, in accordance with its policies and procedures. Persons who hold beneficial interests in the Offered Securities or indirect participants may wish to consult with them about the manner in which notices and other communications relating to the Offered Securities are given through the facilities of DTC. Neither the Company nor the U.S. Trustee will have any responsibility with respect to those policies and procedures or communications among DTC, its direct and indirect participants and the beneficial owners of the Offered Securities in global form.

With respect to any Offered Securities not represented by a Global Security, notices to be given to the holders of the Offered Securities will be given to the holders within the period prescribed for the giving of such notice.

Neither the failure to give any notice nor any defect in any notice given to a particular holder will affect the sufficiency of any notice given to the other holders.

Certain of the underwriters or their affiliates that we employ routinely hedge their credit exposure to us consistent with their customary risk management policies. Typically, such underwriters and their affiliates are entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in our securities, including the notes offered hereby. Any such credit default swaps or short positions could adversely affect future trading prices of the notes offered hereby. The underwriters do not make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and they do not acquire, long and/or short positions in such securities and instruments.

[Table of Contents](#)**EARNINGS COVERAGE RATIOS**

The following earnings coverage ratios are calculated for the twelve-month periods ended December 31, 2010 and September 30, 2011, based on (i) the aggregate principal amounts of all long-term debt of the Company and repayment or redemption thereof since the beginning of such twelve month periods, and (ii) the Tender Offer proceeds from the tender offer transactions had occurred on the first day of such twelve-month periods, respectively. These earnings coverage ratios do not give effect to the tender offer proceeds that would be issued pursuant to this prospectus and any prospectus supplement, since the aggregate principal amounts and the terms of such Securities are not known.

The Company may issue Securities from time to time in separate series. Securities may also be issued pursuant to a prospectus supplement otherwise specified in a prospectus supplement,

- Securities will be unsecured obligations of the Company;
- senior Securities will rank equally with all other unsecured and unsubordinated indebtedness of the Company; and

A prospectus supplement will describe the following terms of any series of Securities the Company may offer and may include the following:

- the title of the Securities;
- any limit on the aggregate principal amount of Securities that may be issued;
- the date(s) of maturity;
- the rate(s) of interest, if any, or the method of calculation, the date(s) interest will begin to accrue, the date(s) interest will be payable, the method for interest payments or the method for determining such date(s);

- any other terms of the series of Securities.

In addition to new issues of Securities, this prospectus may be used in connection with the remarketing of outstanding Securities, in which case the terms and conditions of the remarketed Securities will be set forth in the prospectus supplement.

Conversion or Exchange of Securities

If applicable, the prospectus supplement will set forth the terms on which a series of Securities may be converted into or exchanged for other securities. These terms will include whether conversion or exchange is mandatory, or is at the option of the holder or of the Company. The Company will also describe in the prospectus supplement how it will calculate the number of securities that holders of Securities would receive if they convert or exchange their Securities.

Events of Default

Under the indentures, an “event of default” with respect to any series of Securities includes any of the following:

- failure to pay any principal or premium, when due;

Table of Contents

- failure to pay any interest when due, and this failure continues for 30 days;
- failure to pay any sinking fund installment when due;
- failure to perform any covenant or agreement relating to the Securities or in the applicable indenture, and the failure continues for 30 days after written notice by the trustee or by holders of at least 25% in aggregate principal amount outstanding;
- failure to pay principal when due, or acceleration, of any indebtedness of the Company in an aggregate principal amount exceeding \$100,000,000, and acceleration is not rescinded or annulled within 30 days after written notice by the trustee or holders of at least 25% in aggregate principal amount outstanding (this provision applies to the Senior Indentures only);
- certain events of bankruptcy, insolvency or reorganization; and
- any other event of default provided for that series of Securities.

If an event of default occurs and is continuing, either the trustee or the holders of at least 25% in principal amount of the outstanding Securities of the affected series, in the case of a Subordinated Indenture, or the holders of at least 25% in principal amount of the outstanding Securities of the affected series, in the case of a Senior Indenture, may notify the Company (and the trustee, if notice is given by the holders) and declare that the unpaid principal is due and payable in full. Under certain conditions, the holders of a majority in aggregate principal amount of the Securities of the affected series can rescind and annul this declaration. The Company will furnish the trustees with an annual certificate as to compliance with certain covenants contained in the particular indentures.

No event of default with respect to any particular series of Securities necessarily constitutes an event of default with respect to any other series of Securities.

Subordinated Securities

The terms of a series of subordinated Securities will be set forth in the relevant indenture and the prospectus supplement. The subordinated Securities will be subordinate in right of payment to certain other indebtedness of the Company. Unless otherwise indicated in the prospectus supplement, the indentures do not contain any restriction on the amount of senior or subordinated indebtedness that the Company or any of its subsidiaries may incur. Subordinated Securities will be subordinate to senior debt securities of the Company.

Satisfaction and Discharge of Indentures

The Company may terminate its obligation with respect to a series of Securities under the indentures if:

- all the outstanding Securities of a series have been delivered to the trustee for cancellation;
- the Company has paid all sums it is required to pay under the respective indenture; or
- the Company deposits with the trustee, in trust, sufficient funds, or governmental securities, to cover payments due on all Securities of the series, including principal, premium, if any, and interest and any other sums due under the applicable indenture to the stated maturity date or a redemption date.

Such defeasance is subject to the Company meeting certain conditions set forth in the indentures.

Modification and Waiver

The Company and the trustees may modify or amend the indentures by obtaining approval by the holders of at least 66 2/3% of the aggregate principal amount of the outstanding Securities of each series that is affected in the case of the Senior Indentures and the majority approval in the case of the Subordinated Indentures. Such changes cannot be made without the consent of the holders of all outstanding Securities affected by such changes. In particular, the holders of the Senior Indentures must consent to changes in:

Except as otherwise specified for a series of Securities, the holders of at least 66 ²/₃% in aggregate principal amount of the outstanding Securities in the case of the Senior Indentures, and at least a majority thereof in the case of the Subordinated Indenture, can consent, or cause the trustees, on behalf of the holders of such series, to waive compliance with certain provisions of the relevant indenture. In addition, holders of at least a majority in principal amount of the outstanding Securities can consent to, or cause the trustees to waive any past default under the relevant indentures, except for the following:

Restrictions on Secured Debt

The negative pledge covenant is subject to certain exceptions. The restriction excludes any Mortgage upon Railway Properties existing or created at the time the Railway Properties are acquired, or Mortgage upon the indebtedness of a corporation at the time such corporation becomes a subsidiary, and any extension, renewal or replacement of any such Mortgage. The term "Railway Properties" means all main and branch lines of railway located in Canada or the United States, including all real property used in the operation of such railway; the term "Railroad Subsidiary" means a subsidiary whose principal assets are Railway Properties; and the term "subsidiary", subject to certain exceptions, means a corporation of which a majority of the outstanding voting shares of which are owned, directly or indirectly, by the Company or by one or more subsidiaries of the Company or more subsidiaries of the Company.
