Such information is available without charge to holders of Old Notes upon written or oral request made to Continental Resources, Inc., 20 N. CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING STATEMENTS

The information in this prospectus, including information in documents incorporated by reference, includes “forward-looking statements” within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934, as amended (the “Exchange Act”). All statements, other than statements of historical fact included or incorporated by reference in this prospectus, regarding our strategy, future operations, financial position, estimated revenues and losses, projected costs, prospects, plans and objectives of management are forward-looking statements. When used in this prospectus, the words “could,” “believe,” “anticipate,” “intend,” “estimate,” “expect,” “project” and similar expressions are intended to identify forward-looking statements, although not all forward-looking statements contain such identifying words. These forward-looking statements are based on our current expectations and assumptions about future events and are based on currently available

[Table of Contents](#)

information as to the outcome and timing of future events. When considering forward-looking statements, you should keep in mind the risk factors and other cautionary statements described under the heading “Risk Factors” included in this prospectus, and the risk factors and other cautionary statements described under the headings “Risk Factors” included in our Annual Report on Form 10-K for the year ended December 31, 2011, which is incorporated by reference in this prospectus, and, to the extent applicable, in any subsequently filed reports.

These forward-looking statements are based on management’s current belief, based on currently available information, as to the outcome and timing of future events. Without limiting the generality of the foregoing, certain statements incorporated by reference or included in this prospectus constitute forward-looking statements.

Forward-looking statements may include statements about:

- our business strategy;
- our future operations;
- our reserves;
- our technology;
- our financial strategy;
- crude oil and natural gas prices;
- the timing and amount of future production of crude oil and natural gas;
- the amount, nature and timing of capital expenditures;
- estimated revenues and results of operations;
- drilling of wells;
- competition;
- marketing of crude oil and natural gas;
- transportation of crude oil and natural gas to markets;
- exploitation or property acquisitions;
- costs of exploiting and developing our properties and conducting other operations;
- our financial position;
- general economic conditions;
- credit markets;
- our liquidity and access to capital;
- the impact of regulatory and legal proceedings involving us and of scheduled or potential regulatory changes;
- our future operating results; and
- plans, objectives, expectations and intentions contained in this prospectus or in the documents incorporated by reference in this prospectus that are not historical, including, without limitation, statements regarding our future growth plans.

We caution you that these forward-looking statements are subject to all of the risks and uncertainties, most of which are difficult to predict and many of which are beyond our control, incident to the exploration for and development, production, and sale of crude oil and natural gas. These risks include, but are not limited to, commodity price volatility, inflation, lack of availability of drilling and production equipment and services, environmental risks, drilling and other operating risks, regulatory changes, the uncertainty inherent in estimating crude oil and natural gas reserves and in projecting future rates of production, cash flows and access to capital, the timing of development expenditures, and the other risks described under “Risk Factors” in this prospectus and in our Annual Report on Form 10-K for the year ended December 31, 2011 (which is incorporated by reference in this prospectus) and, to the extent applicable, in any subsequently filed reports.

[Table of Contents](#)

Reserve engineering is a process of estimating underground accumulations of crude oil and natural gas that cannot be measured in an exact way. The accuracy of any reserve estimate depends on the quality of available data, the interpretation of such data, and price and cost assumptions made by reservoir engineers. In addition, the results of drilling, testing, and production activities may justify revisions of estimates that were made previously. If significant, such revisions could change the schedule of any further production and development drilling. Accordingly, reserve estimates may differ significantly from the quantities of crude oil and natural gas that are ultimately recovered.

Should one or more of the risks or uncertainties described or incorporated by reference in this prospectus occur, or should underlying assumptions prove incorrect, our actual results and plans could differ materially from those expressed in any forward-looking statements.

All forward-looking statements, expressed or implied, included in this prospectus, or in the documents incorporated by reference in this prospectus, are expressly qualified in their entirety by this cautionary statement. This cautionary statement should also be considered in connection with any subsequent written or oral forward-looking statements that we or persons acting on our behalf may issue.

Except as otherwise required by applicable law, we disclaim any duty to update any forward-looking statements, all of which are expressly qualified by the statements in this section, to reflect events or circumstances after the date of this prospectus. See also "Where You Can Find More Information; Incorporation by Reference."

The Exchange Offer

On March 8, 2012, we completed a private offering of the Old Notes. |-----------------|---|
| Exchange Offer | We are offering to exchange New Notes for Old Notes. |

Terms of the New Notes

The New Notes will be identical to the Old Notes except that the New Notes are registered under the Securities Act of 1933 and will not have restrictions on transfer, registration rights or provisions for additional interest. The New Notes will evidence the same debt as the Old Notes, and the same indenture dated March 8, 2012 among the Company, Banner Pipeline Company, L.L.C., and Wilmington Trust, National Association (a national banking association), as trustee (the “Indenture”), will govern the New Notes and the Old Notes.

The following summary contains basic information about the New Notes and is not intended to be complete. It does not contain all information that may be important to you. For a more complete understanding of the New Notes, please refer to the section entitled “Description of Notes” in this prospectus.

| | |
|------------------------|---|
| Issuer | Continental Resources, Inc. |
| Securities Offered | \$800 million aggregate principal amount of 5% Senior Notes due 2022. |
| Maturity | September 15, 2022. |
| Interest Payment Dates | Interest on the New Notes will be paid semi-annually in arrears on March 15 and September 15 of each year commencing on September 15, 2012. |
| Guarantees | The payment of the principal, premium, if any, and interest on the New Notes will be fully and unconditionally guaranteed on a senior unsecured basis by Banner Pipeline Company, L.L.C., which currently has no assets or operations, and by certain of our future restricted subsidiaries. Any guarantees will be unsecured senior indebtedness of our subsidiary guarantors and will have the same ranking with respect to the indebtedness of our subsidiary guarantors as the New Notes will have with respect to our indebtedness. For the purposes of the Indenture, 20 Broadway Associates LLC has been designated an unrestricted subsidiary and, as such, will not guarantee the New Notes. See “Description of Notes—Guarantees.” |
| Ranking | The New Notes will be our general unsecured senior obligations. The New Notes will: <ul style="list-style-type: none"> • rank equally in right of payment with all of our existing and future senior indebtedness, including our outstanding 8 1/4% Senior Notes due 2019, 7 3/8% Senior Notes due 2020 and 7 1/8% Senior Notes due 2021; • rank senior in right of payment to any of our future subordinated indebtedness; • be structurally subordinated to all obligations of each of our existing and future subsidiaries that do not guarantee the Notes; and • effectively rank junior in right of payment to all of our and any guarantor’s existing and future secured indebtedness and other obligations, including borrowings under our revolving credit facility, to the extent of the value of the assets securing such indebtedness and other obligations. |

| | |
|------------------------------|---|
| Optional Redemption | <p>As of February 29, 2012, after giving effect to the application of the net proceeds from the offering of the Old Notes, we had \$2.0 million of indebtedness outstanding under our revolving credit facility.</p> <p>In addition, as of February 29, 2012, our non-guarantor subsidiary 20 Broadway Associates LLC had approximately \$22.0 million of liabilities (excluding intercompany obligations).</p> <p>We will have the option to redeem the New Notes, in whole or in part, at any time on or after March 15, 2017, in each case at the redemption prices described in this prospectus under the heading “Description of Notes—Optional Redemption,” together with any accrued and unpaid interest to the date of redemption.</p> <p>Prior to March 15, 2017, we may redeem the New Notes, in whole or in part, at a “make-whole” redemption price described under “Description of Notes—Optional Redemption,” together with any accrued and unpaid interest to the date of redemption.</p> <p>In addition, prior to March 15, 2015, we may, at any time or from time to time, redeem up to 35% of the aggregate principal amount of the Notes with the net proceeds of certain equity offerings at a redemption price equal to 105.000% of the principal amount of the New Notes, plus any accrued and unpaid interest to the date of redemption, if (i) at least 65% of the aggregate principal amount of the Notes issued under the Indenture remains outstanding after such redemption; (ii) we mail notice of redemption no later than 60 days after the closing of the equity offering and (iii) the redemption occurs within 90 days of the closing of the equity offering.</p> |
| Mandatory Offers to Purchase | <p>Upon the occurrence of a change of control, holders of the New Notes will have the right to require us to purchase all or a portion of the New Notes at a price equal to 101% of the principal amount, together with any accrued and unpaid interest to the date of purchase. In connection with certain asset dispositions, we will be required to use the Available Cash Proceeds of the asset dispositions to make an offer to purchase the New Notes at 100% of the principal amount, together with any accrued and unpaid interest to the date of purchase.</p> |
| Certain Covenants | <p>We will issue the New Notes under an Indenture with Wilmington Trust, National Association, as trustee. The Indenture will, among other things, limit our ability and the ability of our restricted subsidiaries to:</p> <ul style="list-style-type: none"> • incur, assume or guarantee additional indebtedness or issue redeemable stock; • pay dividends on stock, repurchase stock or redeem subordinated debt; • make certain investments; • enter into certain transactions with affiliates; |

[Table of Contents](#)

| | |
|--|---|
| | <ul style="list-style-type: none"> • create certain liens on our assets; • sell or otherwise dispose of certain assets, including capital stock of subsidiaries; • restrict dividends, loans or other asset transfers from our restricted subsidiaries; • enter into new lines of business; and |
|--|---|

- consolidate with or merge with or into, or sell all or substantially all of our properties to, another person.

However, many of these covenants will terminate if:

- both Standard & Poor’s Ratings Services and Moody’s Investors Service, Inc. assign the Notes an investment grade rating;
- our bank credit facility is no longer secured; and
- no default under the Indenture exists.

These covenants are subject to important exceptions and qualifications, which are described under “Description of Notes—Certain Covenants.”

Absence of a Public Market for the New Notes

The New Notes generally will be freely transferable, but will also be new securities for which there will not initially be a market. There can be no assurance as to the development or liquidity of any market for the New Notes. We do not intend to apply for a listing of the New Notes on any securities exchange or any automated dealer quotation system.

Risk Factors

The New Notes involve risks. See “Risk Factors” beginning on page 8 for a discussion of certain factors you should consider in evaluating an investment in the New Notes.

[Table of Contents](#)

Ratio of Earnings to Fixed Charges

The following table sets forth our ratio of earnings to fixed charges for the periods presented:

| | Year Ended December 31, | | | | | |
|------------------------------------|-------------------------|-------|------|------|-------|-------|
| | Pro forma 2011 | 2011 | 2010 | 2009 | 2008 | 2007 |
| Ratio of earnings to fixed charges | 7.0x(1) | 10.0x | 5.9x | 5.7x | 43.5x | 23.9x |

(1) Because the net proceeds of the offering of the Old Notes were used to repay indebtedness and because of the increase in interest related to the Old Notes, our ratio of earnings to fixed charges changed by 10% or more. Earnings for the year ended December 31, 2011 covered fixed charges by \$687.4 million. After giving effect to the application of the net proceeds, our pro forma ratio of earnings to fixed charges for the year ended December 31, 2011 would have been 7.0x.

For purposes of computing the ratio of earnings to fixed charges, “earnings” consists of pretax income from continuing operations plus fixed charges (excluding capitalized interest). “Fixed charges” represents interest incurred (whether expensed or capitalized), amortization of debt expense and that portion of rental expense on operating leases deemed to be the equivalent of interest.

We did not have any preferred stock outstanding and there were no preferred stock dividends paid or accrued during the periods presented above.

RISK FACTORS

You should carefully consider the information included or incorporated by reference in this prospectus, including the matters addressed under “Cautionary Statement Regarding Forward-Looking Statements,” and the risks described below. In addition, you should read the risk factors in our Annual Report on Form 10-K for the year ended December 31, 2011, which is incorporated by reference in this prospectus and, to the extent applicable, any subsequently filed reports.

We are subject to certain risks and hazards due to the nature of the business activities we conduct. The risks discussed below, any of which could materially and adversely affect our business, financial condition, cash flows and results of operations, are not the only risks we face. We may experience additional risks and uncertainties not currently known to us; or, as a result of developments occurring in the future, conditions that we currently deem to be immaterial may also materially and adversely affect our business, financial condition, cash flows, and results of operations.

Risks Relating to the Notes

If you do not properly tender your Old Notes, you will continue to hold unregistered Old Notes and your ability to transfer Old Notes will remain restricted and may be adversely affected.

We will only issue New Notes in exchange for Old Notes that you timely and properly tender. Therefore, you should allow sufficient time to ensure timely delivery of the Old Notes and you should carefully follow the instructions on how to tender your Old Notes. Neither we nor the exchange agent is required to tell you of any defects or irregularities with respect to your tender of Old Notes.

If you do not exchange your Old Notes for New Notes pursuant to the exchange offer, the Old Notes you hold will continue to be subject to the existing transfer restrictions. In general, you may not offer or sell the Old Notes except under an exemption from, or in a transaction not subject to, the Securities Act of 1933 and applicable state securities laws. We do not plan to register Old Notes under the Securities Act of 1933 unless our registration rights agreement with the initial purchasers of the Old Notes requires us to do so. Further, if you continue to hold any Old Notes after the exchange offer is consummated, you may have trouble selling them because there will be fewer of the Old Notes outstanding.

We may not be able to generate sufficient cash to service all of our indebtedness, including the Notes, and may be forced to take other actions to satisfy our obligations under our indebtedness, which may not be successful.

Our ability to make scheduled payments on or to refinance our debt obligations depends on our financial condition and operating performance, which are subject to prevailing economic and competitive conditions and to certain financial, business and other factors beyond our control. We may not be able to maintain a level of cash flows from operating activities sufficient to permit us to pay the principal, premium, if any, and interest on our indebtedness, including the Notes.

If our cash flows and capital resources are insufficient to fund our debt service obligations, we may be forced to reduce or delay investments and capital expenditures, or to sell assets, seek additional capital or restructure or refinance our indebtedness, including the Notes. Our ability to restructure or refinance our debt will depend on the condition of the capital markets and our financial condition at such time. Any refinancing of our debt could be at higher interest rates and may require us to comply with more onerous covenants, which could further restrict our business operations. The terms of existing or future debt instruments and the Indenture governing the Notes may restrict us from adopting some of these alternatives. In addition, any failure to make payments of interest and principal on our outstanding indebtedness on a timely basis would likely result in a reduction of our credit rating, which could harm our ability to incur additional indebtedness. In the absence of such operating results and resources, we could face substantial liquidity problems and might be required to dispose of material assets or operations to meet our debt service and other obligations. Our revolving credit

[Table of Contents](#)

facility, the indentures governing our 8 1/4% Senior Notes due 2019, 7 3/8% Senior Notes due 2020 and 7 1/8% Senior Notes due 2021 and the Indenture governing the Notes restrict our ability to dispose of assets and use the proceeds from the disposition. We may not be able to consummate those dispositions or to obtain the proceeds that we could realize from them and these proceeds may not be adequate to meet any debt service obligations then due. These alternative measures may not be successful and may not permit us to meet our scheduled debt service obligations.

If we are unable to comply with the restrictions and covenants in the agreements governing our Notes and other debt, there could be a default under the terms of these agreements, which could result in an acceleration of payment of funds that we have borrowed and would impact our ability to make principal and interest payments on the Notes.

If we are unable to comply with the restrictions and covenants in the agreements governing our Notes or in current or future debt financing agreements, there could be a default under the terms of these agreements. Our ability to comply with these restrictions and covenants, including meeting financial ratios and tests, may be affected by events beyond our control. As a result, we cannot assure you that we will be able to comply with these restrictions and covenants or meet these tests. Any default under the agreements governing our indebtedness, including a default under our revolving credit facility or under the indentures governing the Notes, our 8 1/4% Senior Notes due 2019, 7 3/8% Senior Notes due 2020 and 7 1/8% Senior Notes due 2021, that is not waived by the required lenders or holders, as the case may be, and the remedies sought by the holders of such indebtedness, could prevent us from paying principal, premium, if any, and interest on the Notes and substantially decrease the market value of the Notes. If we are unable to generate sufficient cash flow and are otherwise unable to obtain funds necessary to meet required payments of principal, premium, if any, and interest on our indebtedness, or if we otherwise fail to comply with the various covenants, including financial and operating covenants in the instruments governing our indebtedness (including covenants in our revolving credit facility and the Indenture governing

the Notes), we could be in default under the terms of the agreements governing such indebtedness, including our revolving credit facility and the Indenture governing the Notes. In the event of such default:

- the holders of such indebtedness could elect to declare all the funds borrowed thereunder to be due and payable, together with accrued and unpaid interest;
- the lenders under our revolving credit facility could elect to terminate their commitments thereunder, cease making further loans and institute foreclosure proceedings against our assets; and
- we could be forced into bankruptcy or liquidation.

If our operating performance declines, we may in the future need to obtain waivers from the required lenders under our revolving credit facility to avoid being in default. If we breach our covenants under our revolving credit facility and seek a waiver, we may not be able to obtain a waiver from the required lenders. If this occurs, we would be in default under our revolving credit facility, the lenders could exercise their rights, as described above, and we could be forced into bankruptcy or liquidation.

Your ability to transfer the Notes may be limited by the absence of an active trading market, and there is no assurance that any active trading market will develop for the Notes.

The Old Notes have not been registered under the Securities Act of 1933, and may not be resold by holders thereof unless the Old Notes are subsequently registered or an exemption from the registration requirements of the Securities Act of 1933 is available. However, we cannot assure you that, even following registration or exchange of the Old Notes for New Notes, that an active trading market for the Old Notes or the New Notes will exist, and we will have no obligation to create such a market. At the time of the private placement of the Old Notes, the initial purchasers advised us that they intended to make a market in the Old Notes and, if issued, the New Notes. The initial purchasers are not obligated, however, to make a market in the Old Notes or the New Notes and any market making may be discontinued at any time at their sole discretion. No assurance can be given as to the liquidity of or trading market for the Old Notes or the New Notes.

[Table of Contents](#)

The liquidity of any trading market for the Notes and the market price quoted for the Notes will depend upon the number of holders of the Notes, the overall market for high yield securities, our financial performance or prospects or the prospects for companies in our industry generally, the interest of securities dealers in making a market in the Notes and other factors.

We may not be able to repurchase the Notes in certain circumstances.

Under the terms of the Indenture, you may require us to repurchase all or a portion of your Notes if we sell certain assets or in the event of a change of control. Also, in these circumstances holders of our outstanding 8 1/4% Senior Notes due 2019, 7 3/8% Senior Notes due 2020 and 7 1/8% Senior Notes due 2021 and lenders under our revolving credit facility may have the right to require us to repurchase those Notes or repay borrowings under our revolving credit facility. As a result, we may not have enough funds to pay the repurchase price of the Notes on a purchase date (in which case, we could be required to issue common stock to pay the repurchase price).

Our existing and any future credit agreements or other debt agreements to which we become a party may provide that our obligation to repurchase the Notes would be an event of default under such agreement. As a result, we may be restricted or prohibited from repurchasing the Notes. If we are prohibited from repurchasing the Notes, we could seek the consent of our then-existing lenders to repurchase the Notes or we could attempt to refinance the borrowings that contain such prohibition. If we are unable to obtain a consent or refinance the debt, we could not repurchase the Notes. Our failure to repurchase tendered Notes would constitute a default under the Indenture and might constitute a default under the terms of other indebtedness that we incur.

In a recent decision, the Chancery Court of Delaware raised the possibility that a change of control put right occurring as a result of a failure to have “continuing directors” comprising a majority of a board of directors may be unenforceable on public policy grounds.

The term “change of control” is limited to certain specified transactions and may not include other events that might adversely affect our financial condition. Our obligation to repurchase the Notes upon a change of control would not necessarily afford holders of Notes protection in the event of a highly leveraged transaction, reorganization, merger or similar transaction involving us.

The Notes will be effectively junior in right of payment to our existing and future secured debt and that of our guarantor.

The Notes, and the guarantee of the Notes, are unsecured and therefore will be effectively junior in right of payment to any of our existing and future secured debt and that of our subsidiary guarantor to the extent of the value of assets securing such debt. In the event of a bankruptcy or similar proceeding, the assets that serve as collateral for any secured debt will be available to satisfy the obligations under the secured debt before any payments are made on the Notes. As of February 29, 2012, after giving effect to the application of the net proceeds from the offering of the Old

Notes, we had outstanding secured debt of approximately \$2.0 million under our revolving credit facility and \$22.0 million in connection with 20 Broadway Associates LLC.

In addition, as of February 29, 2012, after giving effect to the application of the net proceeds from the offering of the Old Notes, we had approximately \$1.24 billion of available borrowing capacity under our revolving credit facility and can increase the commitment level up to the lesser of the borrowing base (\$2.25 billion) and \$2.5 billion. Our borrowing base was increased in the fourth quarter of 2011 to \$2.25 billion, and our next semi-annual borrowing base redetermination will occur in the third quarter of 2012. The Notes will effectively be junior in right of payment to any borrowings under our revolving credit facility. See “Description of Other Indebtedness.”

Claims of holders of the Notes will be structurally subordinate to claims of creditors of our non-guarantor subsidiaries

For the purposes of the Indenture, our subsidiary 20 Broadway Associates LLC has been designated an unrestricted subsidiary and, as such, will not guarantee the Notes. Claims of holders of the Notes will be structurally subordinated to all of the liabilities of 20 Broadway Associates LLC and any future subsidiaries that do not guarantee the Notes. As of February 29, 2012, 20 Broadway Associates LLC had approximately \$22.0 million of indebtedness. In the event of a bankruptcy, liquidation or dissolution of 20 Broadway Associates LLC or any future subsidiaries that do not guarantee the Notes, holders of their indebtedness will generally be entitled to payment on their claims from assets of those subsidiaries before any assets are made available for distribution to us.

Any guarantees of the Notes by our subsidiaries could be deemed fraudulent conveyances under certain circumstances, and a court may subordinate or void the subsidiary guarantees.

Banner Pipeline Company, L.L.C., is the sole initial subsidiary guarantor of the Notes. For the purposes of the Indenture, 20 Broadway Associates LLC has been designated an unrestricted subsidiary and, as such, will not guarantee the Notes. In certain circumstances, any of our future subsidiaries may be required to guarantee the Notes. A court could subordinate or void the subsidiary guarantees under various fraudulent conveyance or fraudulent transfer laws. Generally, to the extent that a U.S. court was to find that at the time one of our subsidiaries entered into a subsidiary guarantee and either:

- the subsidiary incurred the guarantee with the intent to hinder, delay, or defraud any present or future creditor, or contemplated insolvency with a design to favor one or more creditors to the exclusion of others; or
- the subsidiary did not receive fair consideration or reasonably equivalent value for issuing the subsidiary guarantee and, at the time it issued the subsidiary guarantee, the subsidiary:
 - was insolvent or became insolvent as a result of issuing the subsidiary guarantee,
 - was engaged or about to engage in a business or transaction for which the remaining assets of the subsidiary constituted unreasonably small capital, or
 - intended to incur, or believed that it would incur, debts beyond its ability to pay those debts as they matured,

then the court could void or subordinate the subsidiary guarantee in favor of the subsidiary’s other obligations.

A legal challenge of a subsidiary guarantee on fraudulent conveyance grounds may focus, among other things, on the benefits, if any, the subsidiary realized as a result of our issuing the Notes. To the extent a subsidiary guarantee is voided as a fraudulent conveyance or held unenforceable for any other reason, the holders of the Notes would not have any claim against that subsidiary and would be creditors solely of us and any other subsidiary guarantors whose guarantees are not held unenforceable.

Many of the covenants contained in the Indenture will terminate if the Notes are rated investment grade by both Standard & Poor’s Ratings Services and Moody’s Investors Service, Inc.

Many of the covenants in the Indenture governing the Notes will terminate if the Notes are rated investment grade by both Standard & Poor’s Ratings Services and Moody’s Investors Service, Inc., provided at such time our revolving credit facility is unsecured and no default under the Indenture has occurred and is continuing. These covenants restrict, among other things, our ability to pay dividends, to incur debt and to enter into certain other transactions. There can be no assurance that the Notes will ever be rated investment grade, or that if they are rated investment grade, that the Notes will maintain such ratings. However, termination of these covenants would allow us to engage in certain transactions that would not be permitted while these covenants were in force. Please read “Description of Notes—Certain Covenants—Covenant Termination.”

EXCHANGE OFFER

Purpose and Effect of the Exchange Offer

At the closing of the offering of the Old Notes, we entered into a registration rights agreement with the initial purchasers pursuant to which we agreed, for the benefit of the holders of the Old Notes, at our cost, to do the following:

- file an exchange offer registration statement with the Securities and Exchange Commission (“SEC”) with respect to the exchange offer for the New Notes, and
- use commercially reasonable efforts to have the exchange offer completed by the 400th day following issuance of the Notes.

Additionally, we agreed to offer the New Notes in exchange for surrender of the Old Notes upon the SEC’s declaring the exchange offer registration statement effective. We agreed to use commercially reasonable efforts to cause the exchange offer registration statement to be effective continuously, and to keep the exchange offer open for a period of not less than 20 business days.

For each Old Note surrendered to us pursuant to the exchange offer, the holder of such Old Note will receive a New Note having a principal amount equal to that of the surrendered Old Note. Interest payments on the Notes will be made semi-annually in cash, on March 15 and September 15 of each year, commencing on September 15, 2012. The registration rights agreement also provides an agreement to include in the prospectus for the exchange offer certain information necessary to allow a broker-dealer who holds Old Notes that were acquired for its own account as a result of market-making activities or other ordinary course trading activities (other than Old Notes acquired directly from us or one of our affiliates) to exchange such Old Notes pursuant to the exchange offer and to satisfy the prospectus delivery requirements in connection with resales of New Notes received by such broker-dealer in the exchange offer. We agreed to use commercially reasonable efforts to maintain the effectiveness of the exchange offer registration statement for these purposes for a period of 180 days after the completion of the exchange offer, which period may be extended under certain circumstances.

The preceding agreement is needed because any broker-dealer who acquires Old Notes for its own account as a result of market-making activities or other trading activities is required to deliver a prospectus meeting the requirements of the Securities Act of 1933. This prospectus covers the offer and sale of the New Notes pursuant to the exchange offer and the resale of New Notes received in the exchange offer by any broker-dealer who held Old Notes acquired for its own account as a result of market-making activities or other trading activities other than Old Notes acquired directly from us or one of our affiliates.

Holders that are broker-dealers may be deemed “underwriters” within the meaning of the Securities Act of 1933 in connection with any resale of New Notes acquired in the exchange offer. Holders that are broker-dealers must acknowledge that they acquired their Old Notes in market-making activities or other trading activities and must deliver a prospectus when they resell the New Notes they acquire in the exchange offer in order not to be deemed an underwriter.

Based on interpretations by the staff of the SEC set forth in no-action letters issued to third parties, we believe that the New Notes issued in exchange for Old Notes may be offered for resale, resold and otherwise transferred by any New Note holder without compliance with the registration and prospectus delivery provisions of the Securities Act of 1933, if:

- such holder is not an “affiliate” of ours within the meaning of Rule 405 under the Securities Act of 1933;
- such New Notes are acquired in the ordinary course of the holder’s business; and
- the holder does not intend to participate in the distribution of such New Notes.

[Table of Contents](#)

Any holder who tenders in the exchange offer with the intention of participating in any manner in a distribution of the New Notes:

- cannot rely on the position of the staff of the SEC set forth in Exxon Capital Holdings Corp., SEC No-Action Letter (April 13, 1988); Morgan Stanley & Co. Inc., SEC No-Action Letter (June 5, 1991); Shearman & Sterling, SEC No-Action Letter (July 2, 1993) or similar interpretive letters; and
- must comply with the registration and prospectus delivery requirements of the Securities Act of 1933 in connection with a secondary resale transaction.

If, as stated above, a holder cannot rely on the position of the staff of the SEC set forth in “Exxon Capital Holdings Corporation” or similar interpretive letters, any effective registration statement used in connection with a secondary resale transaction must contain the selling security holder information required by Item 507 of Regulation S-K under the Securities Act of 1933.

Each holder of the Old Notes (other than certain specified holders) who desires to exchange Old Notes for the New Notes in the exchange offer will be required to make the representations described below under “—Procedures for Tendering—Your Representations to Us.”

We further agreed to file with the SEC a shelf registration statement to register for public resale of Old Notes held by any holder who provides us with certain information for inclusion in the shelf registration statement if:

- the exchange offer is not permitted by applicable law or SEC policy, or
- the exchange offer is not for any reason completed by the 400th day following the date of issuance of the Notes, or
- upon completion of the exchange offer, any initial purchaser shall so request in connection with any offering or sale of Notes.

We have agreed to use commercially reasonable efforts to keep the shelf registration statement continuously effective until the earlier of one year following its effective date and such time as all Notes covered by the shelf registration statement have been sold. We refer to this period as the “shelf effectiveness period.”

The registration rights agreement provides that, in the event that either the exchange offer is not completed or the shelf registration statement, if required, is not declared effective (or does not automatically become effective) on or prior to the 400th calendar day following the date of issuance of the Notes, the interest rate on the Old Notes will be increased by 1.00% per annum until the exchange offer is completed or the shelf registration statement is declared effective (or automatically becomes effective) under the Securities Act of 1933, at which time the increased interest shall cease to accrue.

If the shelf registration statement has been declared effective (or automatically becomes effective) and thereafter either ceases to be effective or the prospectus contained therein ceases to be usable for resales of the Notes at any time during the shelf effectiveness period, and such failure to remain effective or usable for resales of the Notes exists for more than 30 calendar days (whether or not consecutive) in any 12-month period, then the interest rate on the Old Notes will be increased by 1.00% per annum commencing on the 31st day in such 12-month period and ending on such date that the shelf registration statement has again been declared (or automatically becomes) effective or the prospectus again becomes usable, at which time the increased interest shall cease to accrue.

Holders of the Old Notes will be required to make certain representations to us (as described in the registration rights agreement) in order to participate in the exchange offer and will be required to deliver

[Table of Contents](#)

information to be used in connection with the shelf registration statement and to provide comments on the shelf registration statement within the time periods set forth in the registration rights agreement in order to have their Old Notes included in the shelf registration statement.

If we effect the registered exchange offer, we will be entitled to close the registered exchange offer 20 business days after its commencement as long as we have accepted all Old Notes validly tendered in accordance with the terms of the exchange offer and no brokers or dealers continue to hold any Old Notes.

This summary of the material provisions of the registration rights agreement does not purport to be complete and is subject to, and is qualified in its entirety by reference to, all the provisions of the registration rights agreement, a copy of which is incorporated by reference into this prospectus.

Except as set forth above, after consummation of the exchange offer, holders of Old Notes which are the subject of the exchange offer have no registration or exchange rights under the registration rights agreement. See “—Consequences of Failure to Exchange.”

Terms of the Exchange Offer

Subject to the terms and conditions described in this prospectus and in the letter of transmittal, we will accept for exchange any Old Notes properly tendered and not withdrawn prior to 5:00 p.m. New York City time on the expiration date. We will issue New Notes in principal amount equal to the principal amount of Old Notes surrendered in the exchange offer. Old Notes may be tendered only for New Notes and only in minimum denominations of \$1,000 and integral multiples of \$1,000 in excess thereof.

The exchange offer is not conditioned upon any minimum aggregate principal amount of Old Notes being tendered for exchange.

As of the date of this prospectus, \$800,000,000 in aggregate principal amount of the Old Notes is outstanding. This prospectus and the letter of transmittal are being sent to all registered holders of Old Notes. There will be no fixed record date for determining registered holders of Old Notes entitled to participate in the exchange offer.

We intend to conduct the exchange offer in accordance with the provisions of the registration rights agreement, the applicable requirements of the Securities Act of 1933 and the Securities Exchange Act of 1934 and the rules and regulations of the SEC. Old Notes that the holders thereof do not tender for exchange in the exchange offer will remain outstanding and continue to accrue interest. These Old Notes will continue to be entitled to the rights and benefits such holders have under the Indenture relating to the Notes.

We will be deemed to have accepted for exchange properly tendered Old Notes when we have given oral (promptly followed in writing) or written notice of the acceptance to the exchange agent and complied with the applicable provisions of the registration rights agreement. The exchange agent will act as agent for the tendering holders for the purposes of receiving the New Notes from us.

If you tender Old Notes in the exchange offer, you will not be required to pay brokerage commissions or fees or, subject to the letter of transmittal, transfer taxes with respect to the exchange of Old Notes. We will pay all charges and expenses, other than certain applicable taxes described below, in connecting with the exchange offer. It is important that you read the section labeled “—Fees and Expenses” for more details regarding fees and expenses incurred in the exchange offer.

We will return any Old Notes that we do not accept for exchange for any reason without expense to their tendering holder promptly after the expiration or termination of the exchange offer.

[Table of Contents](#)

Expiration Date

The exchange offer will expire at 5:00 p.m., New York City time, on July 31, 2012, unless, in our sole discretion, we extend it.

Extensions, Delays in Acceptance, Termination or Amendment

We expressly reserve the right, at any time or various times, to extend the period of time during which the exchange offer is open. We may delay acceptance of any Old Notes by giving oral (promptly followed in writing) or written notice of such extension to their holders. During any such extensions, all Old Notes previously tendered will remain subject to the exchange offer, and we may accept them for exchange.

In order to extend the exchange offer, we will notify the exchange agent orally (promptly followed in writing) or in writing of any extension. We will notify the registered holders of Old Notes of the extension no later than 9:00 a.m., New York City time, on the business day after the previously scheduled expiration date.

If any of the conditions described below under “—Conditions to the Exchange Offer” have not been satisfied, we reserve the right, in our sole discretion:

- to delay accepting for exchange any Old Notes,
- to extend the exchange offer, or
- to terminate the exchange offer,

by giving oral (promptly followed in writing) or written notice of such delay, extension or termination to the exchange agent. Subject to the terms of the registration rights agreement, we also reserve the right to amend the terms of the exchange offer in any manner.

Any such delay in acceptance, extension, termination or amendment will be followed promptly by oral (promptly followed in writing) or written notice thereof to the registered holders of Old Notes. If we amend the exchange offer in a manner that we determine to constitute a material change, we will promptly disclose such amendment by means of a prospectus supplement. The supplement will be distributed to the registered holders of the Old Notes. Depending upon the significance of the amendment and the manner of disclosure to the registered holders, we may extend the exchange offer. In the event of a material change in the exchange offer, including the waiver by us of a material condition, we will extend the exchange offer period if necessary so that at least five business days remain in the exchange offer following notice of the material change.

Conditions to the Exchange Offer

We will not be required to accept for exchange, or exchange any New Notes for, any Old Notes if the exchange offer, or the making of any exchange by a holder of Old Notes, would violate applicable law or any applicable interpretation of the staff of the SEC. Similarly, we may terminate the exchange offer as provided in this prospectus before accepting Old Notes for exchange in the event of such a potential violation.

In addition, we will not be obligated to accept for exchange the Old Notes of any holder that has not made to us the representations described under “—Purpose and Effect of the Exchange Offer,” “—Procedures for Tendering” and “Plan of Distribution” and such other representations as may be reasonably necessary under applicable SEC rules, regulations or interpretations to allow us to use an appropriate form to register the New Notes under the Securities Act of 1933.

We expressly reserve the right to amend or terminate the exchange offer, and to reject for exchange any Old Notes not previously accepted for exchange, upon the occurrence of any of the conditions to the exchange offer

[Table of Contents](#)

specified above. We will give prompt oral (promptly followed in writing) or written notice of any extension, amendment, non-acceptance or termination to the holders of the Old Notes as promptly as practicable.

These conditions are for our sole benefit, and we may assert them or waive them in whole or in part at any time or at various times in our sole discretion. If we fail at any time to exercise any of these rights, this failure will not mean that we have waived our rights. Each such right will be deemed an ongoing right that we may assert at any time or at various times.

In addition, we will not accept for exchange any Old Notes tendered, and will not issue New Notes in exchange for any such Old Notes, if at such time any stop order has been threatened or is in effect with respect to the registration statement of which this prospectus constitutes a part or the qualification of the Indenture relating to the Notes under the Trust Indenture Act of 1939.

Procedures for Tendering

In order to participate in the exchange offer, you must properly tender your Old Notes to the exchange agent as described below. It is your responsibility to properly tender your Old Notes. We have the right to waive any defects. However, we are not required to waive defects and are not required to notify you of defects in your tender.

If you have any questions or need help in exchanging your Old Notes, please call the exchange agent, whose address and phone number are set forth in “Prospectus Summary—The Exchange Offer—Exchange Agent.”

All of the Old Notes were issued in book-entry form, and all of the Old Notes are currently represented by global certificates held for the account of DTC. We have confirmed with DTC that the Old Notes may be tendered using the Automated Tender Offer Program (“ATOP”) instituted by DTC. The exchange agent will establish an account with DTC for purposes of the exchange offer promptly after the commencement of the exchange offer and DTC participants may electronically transmit their acceptance of the exchange offer by causing DTC to transfer their Old Notes to the exchange agent using the ATOP procedures. In connection with the transfer, DTC will send an “agent’s message” to the exchange agent. The agent’s message will be deemed to state that DTC has received instructions from the participant to tender Old Notes and that the participant agrees to be bound by the terms of the letter of transmittal.

By using the ATOP procedures to exchange Old Notes, you will not be required to deliver a letter of transmittal to the exchange agent. However, you will be bound by its terms just as if you had signed it.

There is no procedure for guaranteed late delivery of the Old Notes.

Determinations Under the Exchange Offer

We will determine in our sole discretion all questions as to the validity, form, eligibility, time of receipt, acceptance of tendered Old Notes and withdrawal of tendered Old Notes. Our determination will be final and binding. We reserve the absolute right to reject any Old Notes not properly tendered or any Old Notes our acceptance of which would, in the opinion of our counsel, be unlawful. We also reserve the right to waive any defect, irregularities or conditions of tender as to particular Old Notes. Our interpretation of the terms and conditions of the exchange offer, including the instructions in the letter of transmittal, will be final and binding on all parties. Unless waived, all defects or irregularities in connection with tenders of Old Notes must be cured within such time as we shall determine. Although we intend to notify holders of defects or irregularities with respect to tenders of Old Notes, neither we, the exchange agent nor any other person will incur any liability for failure to give such notification. Tendere of Old Notes will not be deemed made until such defects or irregularities have been cured or waived. Any Old Notes received by the exchange agent that are not properly tendered and as to which the defects or irregularities have not been cured or waived will be returned to the tendering holder, unless otherwise provided in the letter of transmittal, promptly following the expiration date.

[Table of Contents](#)

When We Will Issue New Notes

In all cases, we will issue New Notes for Old Notes that we have accepted for exchange under the exchange offer only after the exchange

agent timely receives:

- a book-entry confirmation of such Old Notes into the exchange agent’s account at DTC; and
- a properly transmitted agent’s message.

Return of Old Notes Not Accepted or Exchanged

If we do not accept any tendered Old Notes for exchange or if Old Notes are submitted for a greater principal amount than the holder desires to exchange, the unaccepted or non-exchanged Old Notes will be returned without expense to their tendering holder. Such non-exchanged Old Notes will be credited to an account maintained with DTC. These actions will occur promptly after the expiration or termination of the exchange offer.

Your Representations to Us

By agreeing to be bound by the letter of transmittal, you will represent to us that, among other things:

- any New Notes that you receive will be acquired in the ordinary course of your business;
- you have no arrangement or understanding with any person or entity to participate in the distribution of the New Notes;
- you are not our “affiliate,” as defined in Rule 405 of the Securities Act of 1933; and
- if you are a broker-dealer that will receive New Notes for your own account in exchange for Old Notes, you acquired those Notes as a result of market-making activities or other trading activities and you will deliver a prospectus (or to the extent permitted by law, make available a prospectus) in connection with any resale of such New Notes.

Withdrawal of Tenders

Except as otherwise provided in this prospectus, you may withdraw your tender at any time prior to 5:00 p.m. New York City time on the expiration date. For a withdrawal to be effective you must comply with the appropriate procedures of DTC’s ATOP system. Any notice of withdrawal must specify the name and number of the account at DTC to be credited with withdrawn Old Notes and otherwise comply with the procedures of DTC.

We will determine all questions as to the validity, form, eligibility and time of receipt of notice of withdrawal. Our determination shall be final and binding on all parties. We will deem any Old Notes so withdrawn not to have been validly tendered for exchange for purposes of the exchange offer.

Any Old Notes that have been tendered for exchange but are not exchanged for any reason will be credited to an account maintained with DTC for the Old Notes. This crediting will take place as soon as practicable after withdrawal, rejection of tender or termination of the exchange offer. You may retender properly withdrawn Old Notes by following the procedures described under “—Procedures for Tendering” above at any time prior to 5:00 p.m., New York City time, on the expiration date.

Fees and Expenses

We will bear the expenses of soliciting tenders. The principal solicitation is being made by mail; however, we may make additional solicitation by facsimile, telephone, electronic mail or in person by our officers and regular employees and those of our affiliates.

[Table of Contents](#)

We have not retained any dealer-manager in connection with the exchange offer and will not make any payments to broker-dealers or others soliciting acceptances of the exchange offer. We will, however, pay the exchange agent reasonable and customary fees for its services and reimburse it for its related reasonable out-of-pocket expenses.

We will pay the cash expenses to be incurred in connection with the exchange offer. They include:

- all registration and filing fees and expenses;
- all fees and expenses of compliance with federal securities and state “blue sky” or securities laws;
- accounting fees, legal fees incurred by us, disbursements and printing, messenger and delivery services, and telephone costs; and
- related fees and expenses.

Transfer Taxes

We will pay all transfer taxes, if any, applicable to the exchange of Old Notes under the exchange offer. The tendering holder, however, will be required to pay any transfer taxes, whether imposed on the registered holder or any other person, if a transfer tax is imposed for any reason other than the exchange of Old Notes under the exchange offer.

Consequences of Failure to Exchange

If you do not exchange New Notes for your Old Notes under the exchange offer, you will remain subject to the existing restrictions on transfer of the Old Notes. In general, you may not offer or sell the Old Notes unless the offer or sale is either registered under the Securities Act of 1933 or exempt from the registration under the Securities Act of 1933 and applicable state securities laws. Except as required by the registration rights agreement, we do not intend to register resales of the Old Notes under the Securities Act of 1933.

Accounting Treatment

We will record the New Notes in our accounting records at the same carrying value as the Old Notes. This carrying value is the aggregate principal amount of the Old Notes less any bond discount, as reflected in our accounting records on the date of exchange. Accordingly, we will not recognize any gain or loss for accounting purposes in connection with the exchange offer.

Other

Participation in the exchange offer is voluntary, and you should carefully consider whether to accept. You are urged to consult your financial and tax advisors in making your own decision on what action to take.

We may in the future seek to acquire untendered Old Notes in open market or privately negotiated transactions, through subsequent exchange offers or otherwise. We have no present plans to acquire any Old Notes that are not tendered in the exchange offer or to file a registration statement to permit resales of any untendered Old Notes.

[Table of Contents](#)

RATIO OF EARNINGS TO FIXED CHARGES

The following table sets forth our ratio of earnings to fixed charges for the periods presented:

| | Year Ended December 31, | | | | | |
|------------------------------------|-------------------------|-------|------|------|-------|-------|
| | Pro forma 2011 | 2011 | 2010 | 2009 | 2008 | 2007 |
| Ratio of earnings to fixed charges | 7.0x(1) | 10.0x | 5.9x | 5.7x | 43.5x | 23.9x |

(1) Because the net proceeds of the offering of the Old Notes were used to repay indebtedness and because of the increase in interest related to the Old Notes, our ratio of earnings to fixed charges changed by 10% or more. Earnings for the year ended December 31, 2011 covered fixed charges by \$687.4 million. After giving effect to the application of the net proceeds, our pro forma ratio of earnings to fixed charges for the year ended December 31, 2011 would have been 7.0x.

For purposes of computing the ratio of earnings to fixed charges, “earnings” consists of pretax income from continuing operations plus fixed charges (excluding capitalized interest). “Fixed charges” represents interest incurred (whether expensed or capitalized), amortization of debt expense and that portion of rental expense on operating leases deemed to be the equivalent of interest.

We did not have any preferred stock outstanding and there were no preferred stock dividends paid or accrued during the periods presented above.

[Table of Contents](#)

USE OF PROCEEDS

The exchange offer is intended to satisfy our obligations under the registration rights agreement. We will not receive any proceeds from the issuance of the New Notes in the exchange offer. In consideration for issuing the New Notes as contemplated by this prospectus, we will receive Old Notes in a like principal amount. The form and terms of the New Notes are identical in all respects to the form and terms of the Old Notes, except the New Notes will be registered under the Securities Act of 1933 and will not contain restrictions on transfer, registration rights or

provisions for additional interest. Old Notes surrendered in exchange for the New Notes will be retired and cancelled and will not be reissued. Accordingly, the issuance of the New Notes will not result in any change in outstanding indebtedness.

[Table of Contents](#)

DESCRIPTION OF NOTES

You can find the definitions of certain terms used in this description under the caption “—*Certain Definitions.*” In this description, references to the “*Company*” refer only to Continental Resources, Inc. and not to any of its subsidiaries and references to the “*Notes*” refer to the Old Notes and New Notes.

General

The Company issued the Old Notes and will issue the New Notes under an indenture dated March 8, 2012 among itself, the Guarantors (as defined below) and Wilmington Trust, National Association (a national banking association), as trustee (the “*Trustee*”). The New Notes are guaranteed by Banner Pipeline Company, L.L.C. and will be guaranteed by certain future Restricted Subsidiaries of the Company (the “*Guarantors*”). The terms of the Notes include those stated in the Indenture and those made part of the Indenture by reference to the Trust Indenture Act of 1939, as amended.

The following is a summary of the material provisions of the Indenture. It does not restate the Indenture in its entirety. We urge you to read the Indenture because it, and not this description, defines your rights as holders of the New Notes. A copy of the Indenture is incorporated by reference into this prospectus.

The registered holder of a New Note will be treated as the owner of it for all purposes. Only registered holders of Notes will have rights under the Indenture, and all references to “holders” in this description are to registered holders of Notes.

If the exchange offer contemplated by this prospectus is consummated, holders of Old Notes who do not exchange those Notes for New Notes in the exchange offer will vote together with holders of New Notes for all relevant purposes under the Indenture. In that regard, the Indenture requires that certain actions by the holders thereunder must be taken, and certain rights must be exercised, by specified minimum percentages of the aggregate principal amount of the outstanding securities issued under the Indenture. In determining whether holders of the requisite percentage in principal amount have given any notice, consent or waiver or taken any other action permitted under the Indenture, any Old Notes that remain outstanding after the exchange offer will be aggregated with the New Notes, and the holders of such Old Notes and the New Notes will vote together as a single class for all such purposes. Accordingly, all references herein to specified percentages in aggregate principal amount of the Notes outstanding shall be deemed to mean, at any time after the exchange offer is consummated, such percentages in aggregate principal amount of the Old Notes and the New Notes then outstanding.

Brief Description of the New Notes and the Guarantees

The New Notes

The New Notes:

- will be general unsecured senior obligations of the Company;
- will rank equally in right of payment with all existing and future senior Indebtedness of the Company, including our outstanding 8 1/4% Senior Notes due 2019, 7 3/8% Senior Notes due 2020 and 7 1/8% Senior Notes due 2021;
- will rank senior in right of payment to any future subordinated Indebtedness of the Company;
- will be fully and unconditionally guaranteed by the Guarantors on a senior basis;
- will effectively be junior in right of payment to all existing and future secured Indebtedness and obligations of the Company, including Indebtedness under the Senior Credit Agreement, to the extent of the value of the assets securing such Indebtedness and obligations; and
- will be effectively junior to all indebtedness and liabilities of our existing and future Subsidiaries that are not Guarantors, to the extent of the value of such indebtedness and liabilities.

The Guarantees

Each guarantee of the New Notes:

- will be a general unsecured senior obligation of the Guarantor;
- will rank equally in right of payment with all existing and future senior Indebtedness of the Guarantor, including its guarantees of our outstanding 8 1/4% Senior Notes due 2019, 7 3/8% Senior Notes due 2020 and 7 1/8% Senior Notes due 2021;
- will rank senior in right of payment to any future subordinated Indebtedness of the Guarantor; and
- will effectively be junior in right of payment to all existing and future secured Indebtedness and obligations of the Guarantor, including Indebtedness under the Senior Credit Agreement, to the extent of the value of the assets securing such Indebtedness and obligations.

On an as adjusted basis, after giving effect to the offering of the Old Notes and the use of proceeds therefrom, the Company and the Guarantors would have approximately \$2.0 million of senior secured indebtedness outstanding as of February 29, 2012. The Indenture permits the Company and the Guarantors to incur additional secured Indebtedness.

Banner Pipeline Company, L.L.C., a Subsidiary of the Company, guarantees the Notes. However, the Company’s Subsidiary 20 Broadway Associates LLC has been designated as an Unrestricted Subsidiary for purposes of the Indenture and, as such, will not guarantee the Notes, and one or more future Subsidiaries of the Company may not guarantee the Notes. The assets of any Subsidiary of the Company that does not guarantee the Notes will be subject to the prior claims of all creditors of that Subsidiary, including trade creditors. As of February 29, 2012, 20 Broadway Associates LLC had approximately \$22.0 million of liabilities (excluding intercompany obligations). In the event of a bankruptcy, administrative receivership, composition, insolvency, liquidation or reorganization of any of the non-guarantor Subsidiaries, such Subsidiaries will pay the holders of their liabilities, including trade payables, before they will be able to distribute any of their assets to the Company or a Guarantor.

Principal, Maturity and Interest

The Notes mature on September 15, 2022, will initially be limited in aggregate principal amount to \$800 million and are unsecured senior obligations of the Company. The Indenture provides for the issuance of an unlimited amount of additional Notes (the “Additional Notes”) having identical terms to the Notes (in all respects other than at the option of the Company as to the payment of interest accruing prior to the issue date of such Additional Notes or except for the first payment of interest following the issue date of such Additional Notes), subject to compliance with the covenants contained in the Indenture. The Old Notes, the New Notes and any Additional Notes will be treated as a single class of securities under the Indenture, including, without limitation, waivers, amendments, redemptions and offers to purchase. For purposes of this “Description of Notes,” reference to the Notes includes Additional Notes unless otherwise indicated; however, no offering of any such Additional Notes is being or shall in any manner be deemed to be made by this prospectus. In addition, there can be no assurance as to when or whether the Company will issue any such Additional Notes or as to the aggregate principal amount of any such Additional Notes.

Interest on the Notes accrues at the rate of 5.000% per annum and is payable semiannually in arrears on each March 15 and September 15, commencing September 15, 2012, to the holders of record on the immediately preceding March 1 and September 1. Interest on the Notes accrues from the most recent date to which interest has been paid or, if no interest has been paid, from and including the original date of issuance. Additional interest may accrue on the Notes as liquidated damages in certain circumstances described below under “Registration Rights Agreement,” and all references to “interest” in this description include any additional interest that may be payable on the Notes. Interest is computed on the basis of a 360-day year comprising twelve 30-day months.

[Table of Contents](#)

Payment and Transfer

The principal, premium, if any, and interest on the Notes is payable and the Notes are exchangeable and transferable, at the office or agency of the Company maintained for such purposes or, at the option of the Company, payment of interest may be paid through the paying agent by check mailed to the address of the person entitled thereto as such address appears in the security register. The Notes will be issued only in registered form without coupons and only in denominations of \$1,000 or whole multiples of \$1,000 in excess thereof. No service charge will be made for any registration of transfer or exchange or redemption of Notes, but the Company may require payment in certain circumstances of a sum sufficient to cover any tax or other governmental charge that may be imposed in connection therewith.

Guarantees

Payment of the principal, premium, if any, and interest on the Notes, when and as the same become due and payable, are fully and unconditionally guaranteed, jointly and severally, on a senior unsecured basis (the “Guarantees”) by the Guarantors. Banner Pipeline Company, L.L.C., a Subsidiary of the Company, is the sole initial Guarantor. However, in the circumstances described under “—Certain Covenants — Issuances of Guarantees by Restricted Subsidiaries,” the Company will cause certain future Restricted Subsidiaries to enter into a supplemental

indenture pursuant to which each such Restricted Subsidiary shall agree to guarantee the Company’s obligations under the Notes jointly and severally with any other Guarantors, fully and unconditionally, on a senior unsecured basis. Unrestricted Subsidiaries will not become Guarantors. For the purposes of the Indenture, the Company’s Subsidiary, 20 Broadway Associates LLC has been designated an Unrestricted Subsidiary and, as such, will not guarantee the Notes.

The obligations of each Guarantor under its Guarantee will be limited to the maximum amount which, after giving effect to all other contingent and fixed liabilities of such Guarantor, and after giving effect to any collections from or payments made by or on behalf of any other Guarantor in respect of the obligations of such other Guarantor under its Guarantee or pursuant to its contribution obligations under the Indenture, will result in the obligations of such Guarantor under its Guarantee not constituting a fraudulent conveyance or fraudulent transfer under Federal or state law. See “Risk Factors—Risks Relating to the Notes—Any guarantees of the Notes by our subsidiaries could be deemed fraudulent conveyances under certain circumstances, and a court may subordinate or void the subsidiary guarantees.” Each Guarantor that makes a payment or distribution under its Guarantee will be entitled to a contribution from each other Guarantor in a pro rata amount based on the net assets of each Guarantor determined in accordance with GAAP.

The Guarantee of a Guarantor will be released automatically with respect to the Notes if:

- (1) in connection with any sale or other disposition of (i) all of the Capital Stock of such Guarantor or (ii) all or substantially all of the properties or assets of such Guarantor (including by way of merger or consolidation), in each case to one or more Persons that are not (either before or after giving effect to such transaction) the Company or a Restricted Subsidiary, if the sale or other disposition, as applicable, complies with the covenants described below under “—Certain Covenants—Asset Sales” and “—Certain Covenants—Transactions with Affiliates;”
- (2) if such Guarantor is a Restricted Subsidiary, the Company properly designates such Guarantor as an Unrestricted Subsidiary;
- (3) if the Guarantee was required pursuant to the terms of the Indenture described under “—Certain Covenants—Issuances of Guarantees by Restricted Subsidiaries,” the cessation of the circumstances requiring such Guarantee;
- (4) if the Notes are discharged in accordance with the procedures described below under “—Defeasance or Covenant Defeasance of Indenture” or “—Satisfaction and Discharge;” or
- (5) upon the liquidation or dissolution of such Guarantor;

[Table of Contents](#)

provided, that any such release and discharge pursuant to clauses (1), (2), (3) and (4) above shall occur only to the extent that all obligations of such Guarantor under all of its guarantees of, and under all of its pledges of assets or other security interests which secure any, Indebtedness of the Company shall also terminate at such time.

Optional Redemption

On or after March 15, 2017, the Company may redeem, at any time, all or, from time to time, a portion of the Notes, upon not less than 30 nor more than 60 days prior notice, in amounts of \$1,000 or whole multiples of \$1,000 in excess thereof at the following redemption prices (expressed as percentages of the principal amount), set forth below plus accrued and unpaid interest, if any, thereon, to the applicable redemption date (subject to the rights of holders of record on relevant record dates to receive interest due on an interest payment date), if redeemed during the twelve-month period beginning on March 15 of the years indicated below:

| Year | Redemption Price |
|---------------------|------------------|
| 2017 | 102.500% |
| 2018 | 101.667% |
| 2019 | 100.833% |
| 2020 and thereafter | 100.000% |

In addition, at any time and from time to time prior to March 15, 2015, the Company may use the net proceeds of one or more Equity Offerings to redeem up to an aggregate of 35% of the aggregate principal amount of Notes issued under the Indenture (including the principal amount of any Additional Notes issued under the Indenture) at a redemption price equal to 105.000% of the aggregate principal amount of the Notes redeemed, plus accrued and unpaid interest, if any, to the redemption date (subject to the rights of holders of record on relevant record dates to receive interest due on an interest payment date); provided that this redemption provision shall not be applicable with respect to any transaction that results in a Change of Control. At least 65% of the aggregate principal amount of Notes (including the principal amount of any Additional Notes issued under the Indenture) must remain outstanding immediately after the occurrence of such redemption. In order to effect this redemption, the Company must mail a notice of redemption no later than 60 days after the closing of the related Equity Offering and must complete such redemption within 90 days of the closing of the Equity Offering.

At any time prior to March 15, 2017, the Company may also redeem all or a part of the Notes, upon not less than 30 nor more than 60 days prior notice, at a redemption price equal to 100% of the principal amount of Notes redeemed *plus* the Applicable Premium as of, and accrued and unpaid interest, if any, to the date of redemption, subject to the rights of holders of record on relevant record dates to receive interest due on an interest payment date.

Selection

If less than all of the Notes are to be redeemed, the Trustee shall select the Notes to be redeemed in compliance with the requirements of the principal national security exchange, if any, on which the Notes are listed (if such listing is known to the Trustee), or if the Notes are not listed, on a pro rata basis, by lot or by any other method the Trustee shall deem fair and reasonable (subject to the procedures of DTC or any other depository). Notes redeemed in part must be redeemed only in amounts of \$1,000 or whole multiples of \$1,000 in excess thereof. Redemption of the Notes pursuant to the provisions relating to an Equity Offering must be made on a pro rata basis or on as nearly a pro rata basis as practicable (subject to the procedures of DTC or any other depository and by maintaining the authorized denominations for the Notes).

Mandatory Redemption

The Company is not required to make mandatory redemption or sinking fund payments with respect to the Notes.

[Table of Contents](#)

Change of Control

If a Change of Control occurs, each holder of Notes will have the right to require that the Company purchase all or any part (in amounts of \$1,000 or whole multiples of \$1,000 in excess thereof) of such holder's Notes pursuant to the offer described below (the "*Change of Control Offer*"). In the Change of Control Offer, the Company will offer to purchase all of the Notes, at a purchase price (the "*Change of Control Purchase Price*") in cash in an amount equal to 101% of the principal amount of such Notes, plus accrued and unpaid interest, if any, to the date of purchase (the "*Change of Control Purchase Date*"), subject to the rights of holders of record on relevant record dates to receive interest due on an interest payment date.

Within 30 days after any Change of Control or, at the Company's option, prior to such Change of Control but after it is publicly announced, the Company must notify the Trustee and give written notice of the Change of Control to each holder of Notes, by first-class mail, postage prepaid, at his address appearing in the security register. The notice must state, among other things,

- that a Change of Control has occurred or will occur and the date of such event;
- the circumstances and relevant facts regarding such Change of Control;
- the Change of Control Purchase Price and the Change of Control Purchase Date, which shall be fixed by the Company on a business day no earlier than 30 days nor later than 60 days from the date the notice is mailed, or such later date as is necessary to comply with requirements under the Exchange Act; *provided* that the Change of Control Purchase Date may not occur prior to the Change of Control;
- that any Note not tendered will continue to accrue interest;
- that, unless the Company defaults in the payment of the Change of Control Purchase Price, any Notes accepted for payment pursuant to the Change of Control Offer shall cease to accrue interest after the Change of Control Purchase Date; and
- other procedures that a holder of Notes must follow to accept a Change of Control Offer or to withdraw acceptance of the Change of Control Offer.

If a Change of Control Offer is made, the Company may not have available funds sufficient to pay the Change of Control Purchase Price for all of the Notes that might be delivered by holders of the Notes seeking to accept the Change of Control Offer. The failure of the Company to make or consummate the Change of Control Offer or pay the Change of Control Purchase Price when due will give the Trustee and the holders of the Notes the rights described under "*—Events of Default.*"

The Senior Credit Agreement provides that the occurrence of certain change of control events with respect to the Company would constitute a default thereunder, which would permit the lenders under the Senior Credit Agreement to accelerate the maturity of such Indebtedness. If such acceleration occurred, then the Company would be obligated to repay amounts outstanding under such Indebtedness and a default would result under the Indenture. Any future credit agreements or agreements relating to other Indebtedness to which the Company becomes a party may contain similar restrictions and provisions. In the event a Change of Control occurs at a time when the Company is prohibited from purchasing Notes, the Company could seek the consent of the lenders under those agreements to the purchase of the Notes or could attempt to refinance the borrowings that contain such prohibition. If the Company does not obtain such a consent or repay such borrowings, the Company will remain so

prohibited from purchasing Notes. In such case, the Company's failure to purchase tendered Notes would constitute an Event of Default under the Indenture which would, in turn, likely constitute a default under such other Indebtedness. See "*Risk Factors—Risks Relating to the Notes—We may not be able to repurchase the Notes in certain circumstances.*"

The definition of Change of Control includes a phrase relating to the sale, lease, transfer, conveyance or other disposition of "all or substantially all" of the assets of the Company. The term "all or substantially all" as used in the definition of "*Change of Control*" has not been interpreted under New York law (which is the

[Table of Contents](#)

governing law of the Indenture) to represent a specific quantitative test. Therefore, if holders of the Notes elected to exercise their rights under the Indenture and the Company elected to contest such election, it is not clear how a court interpreting New York law would interpret the phrase.

The existence of a holder's right to require the Company to repurchase such holder's Notes upon a Change of Control may deter a third party from acquiring the Company in a transaction which constitutes a Change of Control.

The provisions of the Indenture do not afford holders of the Notes the right to require the Company to repurchase the Notes in the event of a highly leveraged transaction or certain transactions with the Company's management or its affiliates, including a reorganization, restructuring, merger or similar transaction (including, in certain circumstances, an acquisition of the Company by management or its affiliates) involving the Company that may adversely affect holders of the Notes, if such transaction is not a transaction defined as a Change of Control. A transaction involving the Company's management or its affiliates, or a transaction involving a recapitalization of the Company, will result in a Change of Control if it is the type of transaction specified by such definition.

The Company will comply with the applicable tender offer rules, including Rule 14e-1 under the Exchange Act, and any other applicable securities laws or regulations in connection with a Change of Control Offer. To the extent that the provisions of any securities laws or regulations conflict with the provisions relating to a Change of Control Offer, the Company will comply with the applicable securities laws and regulations and will not be deemed to have breached its obligations described above by virtue thereof.

The Company will not be required to make a Change of Control Offer (1) upon a Change of Control if a third party makes the Change of Control Offer in the manner, at the times and otherwise in compliance with the requirements described in the Indenture applicable to a Change of Control Offer made by the Company and purchases all Notes validly tendered and not withdrawn under such Change of Control Offer or (2) if notice of redemption for 100% of the aggregate principal amount of the outstanding Notes has been given pursuant to the Indenture as described under the caption "*—Optional Redemption,*" unless and until there is a default in payment of the applicable redemption price.

In the event that holders of not less than 90% of the aggregate principal amount of the outstanding Notes accept a Change of Control Offer and the Company purchases all of the Notes held by such holders, the Company will have the right, upon not less than 30 nor more than 60 days' prior notice, given not more than 30 days following the purchase pursuant to the Change of Control Offer described above, to redeem all of the Notes that remain outstanding following such purchase at a redemption price equal to 101% of the aggregate principal amount of Notes redeemed plus accrued and unpaid interest, if any, thereon to the date of redemption, subject to the right of the holders of record on relevant record dates to receive interest due on an interest payment date.

Certain Covenants

Covenant Termination

In the event that at any time (a) the rating assigned to the Notes by both S&P and Moody's is at least an Investment Grade Rating, (b) the obligations under the Senior Credit Agreement cease to be secured and (c) no Default has occurred and is continuing under the Indenture, the Company and its Restricted Subsidiaries will no longer be subject to the provisions of the Indenture described below under "*—Incurrence of Indebtedness and Issuance of Disqualified Stock,*" "*—Restricted Payments,*" "*—Transactions with Affiliates,*" "*—Asset Sales,*" "*—Dividend and Other Payment Restrictions Affecting Restricted Subsidiaries*" and "*—Lines of Business.*" In addition, the Company will no longer be subject to the conditions in clauses (1) and (3) described below under "*—Sale Leaseback Transactions*" and the financial test set forth in clause (3) of the provisions of the Indenture described below under "*—Consolidation, Merger and Sale of Assets.*" However, the Company will remain subject to the provisions of the Indenture described below under "*—Issuances of Guarantees by Restricted*"

Subsidiaries,” “—Liens,” “—Sale Leaseback Transactions,” except clauses (1) and (3) thereof, “—Unrestricted Subsidiaries” and “—Consolidation, Merger and Sale of Assets,” except clause (3) thereof, and the provisions of the Indenture described above under “—Change of Control.” The Company will provide prompt written notice to the Trustee of the Company’s determination that such covenant termination has occurred.

The Indenture contains covenants including, among others, the following:

Incurrence of Indebtedness and Issuance of Disqualified Stock

(a) The Company will not, and will not cause or permit any of its Restricted Subsidiaries to, create, issue, incur, assume, guarantee or otherwise in any manner become directly or indirectly liable for the payment of or otherwise incur, contingently or otherwise (collectively, “incur”), any Indebtedness (including any Acquired Debt and the issuance of Disqualified Stock), unless such Indebtedness is incurred by the Company or any Guarantor and, in each case, the Company’s Consolidated Fixed Charge Coverage Ratio for the most recently-ended four full fiscal quarters for which internal financial statements are available immediately preceding the incurrence of such Indebtedness taken as one period is at least equal to or greater than 2.25:1.

(b) Notwithstanding the foregoing, the Company and, to the extent specifically set forth below, the Restricted Subsidiaries may incur each and all of the following (collectively, the “Permitted Debt”):

(1) Indebtedness of the Company or any Guarantors (whether as borrowers or guarantors) under one or more Credit Facilities in an aggregate principal amount at any one time outstanding under this clause (1) not to exceed the greater of (x) \$1,000.0 million and (y) the sum of \$650.0 million and 25.0% of Adjusted Consolidated Net Tangible Assets;

(2) Indebtedness of the Company or any Guarantor pursuant to the Notes (excluding any Additional Notes) and any Guarantee of the Notes;

(3) Indebtedness of the Company or any Restricted Subsidiary outstanding on the Issue Date, and not otherwise referred to in this definition of “Permitted Debt;”

(4) intercompany Indebtedness between or among the Company and any of its Restricted Subsidiaries; *provided, however*, that (i) any subsequent issuance or transfer of Capital Stock that results in any such Indebtedness being held by a Person other than the Company or a Restricted Subsidiary thereof and (ii) any sale or other transfer of any such Indebtedness to a Person that is not either the Company or a Restricted Subsidiary thereof, shall be deemed, in each case, to constitute an incurrence of such Indebtedness by the Company or such Restricted Subsidiary, as the case may be, that was not permitted by this clause (4);

(5) guarantees of any Indebtedness of the Company or any of its Restricted Subsidiaries which is permitted to be incurred under the Indenture;

(6) Indebtedness of the Company or any Restricted Subsidiary that constitutes: (a) obligations pursuant to Interest Rate Agreements, but only to the extent such obligations do not, on a net basis, exceed 105% of the aggregate principal amount of the Indebtedness covered by such Interest Rate Agreements; (b) obligations under currency exchange contracts and related hedging arrangements entered into in the ordinary course of business, and (c) obligations pursuant to hedging arrangements (including, without limitation, swaps, caps, floors, collars, options and similar agreements) entered into in the ordinary course of business for the purpose of mitigating against risks encountered in a Permitted Business;

(7) Indebtedness of the Company or any Restricted Subsidiary represented by Capital Lease Obligations (whether or not incurred pursuant to sale and leaseback transactions) or Purchase Money Obligations or other Indebtedness incurred or assumed in connection with the acquisition, construction, improvement or development of real or personal, movable or immovable, property in each case incurred for the purpose of financing, refinancing, renewing, defeasing or refunding all or any part of the purchase price or cost of acquisition, construction, improvement or development of property used in the business of the Company or its Subsidiaries; *provided* that the aggregate principal amount incurred by the Company or any

[Table of Contents](#)

Restricted Subsidiary pursuant to this clause (7) outstanding at any time shall not exceed the greater of (x) \$25.0 million and (y) 1.5% of Adjusted Consolidated Net Tangible Assets; *provided further* that the principal amount of any Indebtedness permitted under this clause (7) did not in each case at the time of incurrence exceed the Fair Market Value, as determined in accordance with the definition of such term, of the acquired or constructed asset or improvement so financed;

(8) Indebtedness of the Company or any Restricted Subsidiary under (a) one or more standby letters of credit issued by or for the account of the Company or a Restricted Subsidiary in the ordinary course of business and (b) other letters of credit, surety, bid, performance, appeal or similar bonds, bankers’ acceptances, completion guarantees or similar instruments; *provided* that, in each case contemplated by this clause (8), upon the drawing of such letters of credit or other instrument, such obligations are reimbursed within 60 days following such

drawing; *provided, further*, that with respect to clauses (a) and (b), such Indebtedness is not in connection with the borrowing of money or the obtaining of advances or credit;

(9) Indebtedness of the Company or any Restricted Subsidiary with respect to obligations relating to oil or gas balancing positions arising in the ordinary course of business;

(10) Indebtedness of the Company to the extent the net proceeds thereof are promptly deposited to defease or satisfy the Notes as described below under “—*Defeasance or Covenant Defeasance of Indenture*” or “—*Satisfaction and Discharge*;”

(11) Indebtedness of the Company or any Restricted Subsidiary arising from agreements for indemnification or purchase price adjustment obligations or similar obligations, earn-outs or other similar obligations or from guarantees or letters of credit, surety bonds or performance bonds securing any obligation of the Company or a Restricted Subsidiary pursuant to such an agreement, in each case incurred or assumed in connection with the acquisition or disposition of any business, assets or Capital Stock of a Restricted Subsidiary or a Person that, contemporaneously with such acquisition or disposition, becomes a Restricted Subsidiary;

(12) Permitted Refinancing Indebtedness of the Company or any Restricted Subsidiary issued in exchange for, or the net proceeds of which are used to renew, extend, substitute, defease, refund, refinance or replace any Indebtedness, including any Disqualified Stock, incurred pursuant to paragraph (a) of this covenant and clauses (2), (3), (12) and (13) of this paragraph (b) of this definition of “*Permitted Debt*;”

(13) if the Company could incur \$1.00 of additional Indebtedness pursuant to paragraph (a) above after giving effect to such incurrence, Acquired Debt; and

(14) Indebtedness of the Company or any Restricted Subsidiary in addition to that described in clauses (1) through (13) above, and any renewals, extensions, substitutions, refinancings or replacements of such Indebtedness, so long as the aggregate principal amount of all such Indebtedness outstanding at any one time in the aggregate shall not exceed the greater of (x) \$50.0 million and (y) 3.0% of Adjusted Consolidated Net Tangible Assets.

For purposes of determining compliance with this “*Incurrence of Indebtedness and Issuance of Disqualified Stock*” covenant, in the event that an item of Indebtedness meets the criteria of more than one of the types of Indebtedness permitted by this covenant, the Company in its sole discretion may, at any time, classify or, from time to time, reclassify all or any portion of such item of Indebtedness and only be required to include the amount of such Indebtedness as one of such types (or to divide such Indebtedness between two or more of such types); *provided* that Indebtedness under a Credit Facility which was incurred on or prior to, and outstanding on (after giving effect to the application of proceeds of Notes), the Issue Date, and any renewals, extensions, substitutions, refundings, refinancings or replacements thereof, shall be deemed to have been incurred pursuant to clause (1) of paragraph (b) above rather than paragraph (a) above.

Indebtedness permitted by this covenant need not be permitted solely by reference to one provision permitting such Indebtedness but may be permitted in part by one such provision and in part by one or more other provisions of this covenant permitting such Indebtedness.

[Table of Contents](#)

Accrual of interest, accretion or amortization of original issue discount and the payment of interest on any Indebtedness in the form of additional Indebtedness with the same terms, and the accretion or payment of dividends on any Disqualified Stock or Preferred Stock in the form of additional shares of the same class of Disqualified Stock or Preferred Stock will not be deemed to be an incurrence of Indebtedness for purposes of this covenant; *provided*, in each such case, that the amount thereof as accrued shall be included as required in the calculation of the Consolidated Fixed Charge Coverage Ratio of the Company.

For purposes of determining compliance with any dollar-denominated restriction on the incurrence of Indebtedness denominated in a foreign currency, the dollar-equivalent principal amount of such Indebtedness incurred pursuant thereto shall be calculated based on the relevant currency exchange rate in effect on the date that such Indebtedness was incurred.

If Indebtedness is secured by a letter of credit that serves only to secure such Indebtedness, then the total amount deemed incurred pursuant to such Indebtedness and such letter of credit shall be equal to the greater of (x) the principal of the Indebtedness so secured by such letter of credit and (y) the amount that may be drawn under such letter of credit.

The amount of Indebtedness issued at a price less than the amount of the liability thereof shall be determined in accordance with GAAP.

Restricted Payments

(a) The Company will not, and will not cause or permit any Restricted Subsidiary to, directly or indirectly:

(1) pay any dividend on, or make any distribution to holders of, any shares of the Company’s Capital Stock (other than dividends or distributions payable solely in shares of the Company’s Qualified Capital Stock);

(2) purchase, redeem, defease, retire or otherwise acquire for value the Company’s Capital Stock (including any options, warrants or other rights to acquire such Capital Stock);

(3) make any principal payment on, or purchase, redeem, defease, retire or otherwise acquire for value, prior to any scheduled principal payment, sinking fund payment or maturity, any Subordinated Indebtedness, except a principal payment on, or a purchase, redemption, defeasance, retirement or other acquisition of such Subordinated Indebtedness within one year of final maturity thereof;

(4) pay any dividend or distribution on any Capital Stock of any Restricted Subsidiary to any Person (other than (a) to the Company or any of its Wholly Owned Restricted Subsidiaries or any Guarantor or (b) dividends or distributions made by a Restricted Subsidiary on a pro rata basis to all holders of such Capital Stock of such Restricted Subsidiary); or

(5) make any Investment in any Person (other than any Permitted Investments);

(any of the foregoing actions described in clauses (1) through (5) above, other than any such action that is a Permitted Payment (as defined below), collectively, “*Restricted Payments*”), unless

(1) immediately after giving effect to such proposed Restricted Payment on a pro forma basis, no Default or Event of Default shall have occurred and be continuing and such Restricted Payment shall not be an event which is, or after notice or lapse of time or both, would be, an “event of default” under the terms of the Senior Credit Agreement;

(2) immediately after giving effect to such Restricted Payment on a pro forma basis, the Company could incur \$1.00 of additional Indebtedness (other than Permitted Debt) under the provisions described under paragraph (a) of “—*Incurrence of Indebtedness and Issuance of Disqualified Stock*;” and

[Table of Contents](#)

(3) after giving effect to the proposed Restricted Payment, the aggregate amount of all such Restricted Payments made after the Initial Issue Date (excluding Restricted Payments permitted by clauses (2), (3), (4), (5) and (7) of paragraph (b) next following) and all Designation Amounts does not exceed the sum of:

(A) 50% of the aggregate Consolidated Net Income of the Company accrued on a cumulative basis during the period beginning on July 1, 2009 and ending on the last day of the Company’s last fiscal quarter ending prior to the date of the Restricted Payment (or, if such aggregate cumulative Consolidated Net Income shall be a loss, minus 100% of such loss);

(B) the aggregate Net Cash Proceeds, or the Fair Market Value of property other than cash, received after the Initial Issue Date by the Company either (1) as capital contributions in the form of common equity to the Company or (2) from the issuance or sale (other than to any of its Subsidiaries) of Qualified Capital Stock of the Company (except, in each case, to the extent such proceeds are used to purchase, redeem or otherwise acquire Capital Stock or Subordinated Indebtedness as set forth below in clause (2) or (3) of paragraph (b) below) (and excluding the Net Cash Proceeds from the issuance of Qualified Capital Stock financed, directly or indirectly, using funds borrowed from the Company or any Subsidiary until and to the extent such borrowing is repaid);

(C) the aggregate Net Cash Proceeds received after the Initial Issue Date by the Company (other than from any of its Subsidiaries) upon the exercise of any options, warrants or rights to purchase Qualified Capital Stock of the Company (and excluding the Net Cash Proceeds from the exercise of any options, warrants or rights to purchase Qualified Capital Stock financed, directly or indirectly, using funds borrowed from the Company or any Subsidiary until and to the extent such borrowing is repaid);

(D) the aggregate Net Cash Proceeds received after the Initial Issue Date by the Company from the conversion or exchange, if any, of debt securities or Disqualified Stock of the Company or its Restricted Subsidiaries into or for Qualified Capital Stock of the Company plus, to the extent such debt securities or Disqualified Stock were issued after the Issue Date, the aggregate of Net Cash Proceeds from their original issuance (and excluding the Net Cash Proceeds from the conversion or exchange of debt securities or Disqualified Stock financed, directly or indirectly, using funds borrowed from the Company or any Subsidiary until and to the extent such borrowing is repaid);

(E)(a) in the case of the disposition of, or a reduction in, any Investment constituting a Restricted Payment (including any Investment in an Unrestricted Subsidiary) made after the Initial Issue Date, an amount (to the extent not included in Consolidated Net Income) equal to the amount received with respect to such Investment, less the cost of the disposition of such Investment and net of taxes, and

(b) in the case of the redesignation of an Unrestricted Subsidiary as a Restricted Subsidiary after the Initial Issue Date (as long as the designation of such Subsidiary as an Unrestricted Subsidiary was deemed a Restricted Payment), the Fair Market Value of the Company’s interest in such Subsidiary at the time of such redesignation; and

(F) any amount which previously qualified as a Restricted Payment on account of any guarantee entered into by the Company or any Restricted Subsidiary after the Initial Issue Date; *provided* that such guarantee has not been called upon and the obligation arising

under such guarantee no longer exists.

(b) Notwithstanding the foregoing, and in the case of clauses (2) through (6) and (8) below, so long as no Default or Event of Default is then continuing or immediately after giving effect thereto would exist, the foregoing provisions shall not prohibit the following actions (each of clauses (1) through (8) being referred to as a “Permitted Payment”):

(1) (i) the payment of any dividend within 60 days after the date of declaration thereof, if at such date of declaration such payment was permitted by the provisions of paragraph (a) of this covenant and such payment shall have been deemed to have been paid on such date of declaration and shall not have been

Liens

The Company will not, and will not cause or permit any Restricted Subsidiary to, directly or indirectly, (i) create or incur, in order to secure any Indebtedness, any Lien of any kind, other than Permitted Liens, upon any property or assets (including any intercompany notes) of the Company or any Restricted Subsidiary owned on the Issue Date or acquired after the Issue Date, or (ii) assign or convey, in order to secure any Indebtedness, any right to receive any income or profits therefrom, other than Permitted Liens, in each case unless the Notes (or a Guarantee in the case of Liens of a Guarantor) is directly secured equally and ratably with (or, in the case of Subordinated Indebtedness, prior or senior thereto, with the same relative priority as the Notes shall have with respect to such Subordinated Indebtedness) the Indebtedness secured by such Lien.

(b) Within 365 days after the receipt by the Company or a Restricted Subsidiary of Net Available Cash from an Asset Sale, such Net Available Cash may be applied by the Company or such Restricted Subsidiary, to the extent the Company or such Restricted Subsidiary elects (or is required by the terms of any Pari Passu Indebtedness of the Company or a Restricted Subsidiary), to

- (1) prepay or repay Indebtedness of the Company under any Credit Facility;
- (2) reinvest in Additional Assets (including by means of an Investment in Additional Assets by a Restricted Subsidiary with Net Available Cash received by the Company or another Restricted Subsidiary) or make capital expenditures in a Permitted Business; or
- (3) purchase Notes, or purchase or repay on a permanent basis other Indebtedness (excluding (i) any Subordinated Indebtedness and (ii) any Notes or other Indebtedness owned by the Company or an Affiliate of the Company);

provided, that the Company or the applicable Restricted Subsidiary will be deemed to have complied with clause (2) of this paragraph (b) if, within 365 days of such Asset Sale, the Company or such Restricted Subsidiary shall have commenced and not completed or abandoned an expenditure or Investment, or a binding agreement with respect to an expenditure or Investment, in compliance with such clause (2), and that expenditure or Investment is substantially completed within a date one year and six months after the date of such Asset Sale. Pending the final application of any such Net Available Cash, the Company may temporarily reduce Indebtedness under any Credit Facility or otherwise expend or invest such Net Available Cash in any manner that is not prohibited by the Indenture.

(c) Any Net Available Cash from an Asset Sale not applied in accordance paragraph (b) above within 365 days (or within one year and six months as the case may be) from the date of such Asset Sale shall constitute "Excess Proceeds." When the aggregate amount of Excess Proceeds exceeds \$20.0 million, the Company will be required to make an offer to purchase Notes having an aggregate principal amount equal to the aggregate amount of Excess Proceeds (the "*Prepayment Offer*") at a purchase price equal to 100% of the principal amount of such Notes plus accrued and unpaid interest, if any, to the Asset Sale Purchase Date (as defined in paragraph (d) below) in accordance with the procedures (including prorating in the event of over subscription) set forth in the Indenture, but, if the terms of any Pari Passu Indebtedness require that a Pari Passu Offer be made contemporaneously with the Prepayment Offer, then the Excess Proceeds shall be prorated between the Prepayment Offer and such Pari Passu Offer in accordance with the aggregate outstanding principal amounts of the Notes and such Pari Passu Indebtedness, and the aggregate principal amount of Notes for which the Prepayment Offer is made shall be reduced accordingly. If the aggregate principal amount of Notes tendered by holders thereof exceeds the amount of available Excess Proceeds, then such Excess Proceeds will be allocated pro rata according

to the principal amount of the Notes tendered and the Trustee will select the Notes to be purchased in accordance with the Indenture. To the extent that any portion of the amount of Excess Proceeds remains after compliance with the second sentence of this paragraph (c) and *provided* that all holders of Notes have been given the opportunity to tender their Notes for purchase as described in paragraph (d) below in accordance with the Indenture, the Company and its Restricted Subsidiaries may use such remaining amount for purposes not prohibited by the Indenture and the amount of Excess Proceeds will be reset to zero.

(d) Within 30 days after the 365th day following, or the date one year and six months following, the date of an Asset Sale (as the case may be), the Company shall, if it is obligated to make an offer to purchase the Notes pursuant to paragraph (c) above, send a written Prepayment Offer notice, by first-class mail, to the holders of the Notes and to the Trustee (the “*Prepayment Offer Notice*”), accompanied by such information regarding the Company and its Subsidiaries as the Company believes will enable such holders of the Notes to make an informed decision with respect to the Prepayment Offer. The Prepayment Offer Notice will state, among other things:

- (1) that the Company is offering to purchase Notes pursuant to the provisions of the Indenture;
- (2) that any Note (or any portion thereof) accepted for payment (and duly paid on the Asset Sale Purchase Date) pursuant to the Prepayment Offer shall cease to accrue interest on the Asset Sale Purchase Date;

[Table of Contents](#)

- (3) that any Notes (or portions thereof) not properly tendered will continue to accrue interest;
- (4) the purchase price and purchase date, which shall be, subject to any contrary requirements of applicable law, no less than 30 days nor more than 60 days after the date the Prepayment Offer Notice is mailed (the “*Asset Sale Purchase Date*”);
- (5) the aggregate principal amount of Notes to be purchased;
- (6) a description of the procedure which holders of Notes must follow in order to tender their Notes and the procedures that holders of Notes must follow in order to withdraw an election to tender their Notes for payment; and
- (7) all other instructions and materials necessary to enable holders of Notes to tender Notes pursuant to the Prepayment Offer.

(e) The Company will comply, to the extent applicable, with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws or regulations thereunder to the extent such laws and regulations are applicable in connection with the purchase of Notes as described above. To the extent that the provisions of any securities laws or regulations conflict with the provisions relating to a Prepayment Offer, the Company will comply with the applicable securities laws and regulations and will not be deemed to have breached its obligations described above by virtue thereof.

Issuances of Guarantees by Restricted Subsidiaries

The Company will provide to the Trustee, on or prior to the 90th day after the date that (i) any Person becomes a Wholly Owned Restricted Subsidiary after the Issue Date (excluding any Foreign Subsidiary and any Immaterial Subsidiary), (ii) any Unrestricted Subsidiary is redesignated as a Restricted Subsidiary (excluding any Foreign Subsidiary and any Immaterial Subsidiary), or (iii) any Restricted Subsidiary of the Company (which is not a Guarantor) becomes a guarantor or obligor in respect of any Indebtedness of the Company or any of the Guarantors, in each case, a supplemental indenture to the Indenture, executed by such Restricted Subsidiary, providing for a full and unconditional guarantee on a senior unsecured basis by such Restricted Subsidiary of the Company’s obligations under the Notes and the Indenture to the same extent as that set forth in the Indenture.

Dividend and Other Payment Restrictions Affecting Restricted Subsidiaries

(a) The Company will not, and will not cause or permit any of its Restricted Subsidiaries to, directly or indirectly, create or otherwise cause to come into existence or become effective any consensual encumbrance or restriction on the ability of such Restricted Subsidiary to:

- (1) pay dividends or make any other distribution on its Capital Stock to the Company or any other Restricted Subsidiary;
- (2) pay any Indebtedness owed to the Company or any other Restricted Subsidiary;

- (1) any agreement (including the Senior Credit Agreement) in effect on the Issue Date;
- (2) any agreement or instrument with respect to a Restricted Subsidiary that is not a Restricted Subsidiary of the Company on the Issue

Date, in existence at the time such Person becomes a Restricted Subsidiary of the Company and not incurred in connection with, or in contemplation of, such Person becoming a Restricted Subsidiary; *provided* that such encumbrances and restrictions are not applicable to the Company or any Restricted Subsidiary or the properties or assets of the Company or any Restricted Subsidiary other than such Subsidiary which is becoming a Restricted Subsidiary;

[Table of Contents](#)

(3) any agreement or instrument governing any Acquired Debt or other agreement of any entity or related to assets acquired by or merged into or consolidated with the Company or any Restricted Subsidiaries, so long as such encumbrance or restriction (A) was not entered into in contemplation of the acquisition, merger or consolidation transaction, and (B) is not applicable to any Person, or the properties or assets of any Person, other than the Person, or the property or assets or subsidiaries of the Person, so acquired, so long as the agreement containing such restriction does not violate any other provision of the Indenture;

(4) any applicable law or any requirement of any regulatory body;

(5) any agreement in relation to any Liens securing obligations or Indebtedness (*provided* such Liens are otherwise permitted to be incurred under the provisions of the covenant described above under the caption “—*Liens*”) that limit the right of the debtor to dispose of or otherwise transfer the assets subject to such Liens;

(6) provisions restricting subletting or assignment of any lease governing a leasehold interest of the Company or any Restricted Subsidiary, or restrictions in licenses relating to the property covered thereby, or other encumbrances or restrictions in agreements or instruments relating to specific assets or property that restrict generally the transfers of such assets or property; *provided, however*, that such encumbrances or restrictions do not materially impair the ability of the Company to make scheduled payments on the Notes when due;

(7) agreements with respect to asset or Capital Stock sales, which limit the transfer of such assets or Capital Stock pending the closing of such sale;

(8) shareholders’, partnership, joint venture and similar agreements entered into in the ordinary course of business; *provided, however*, that such encumbrances or restrictions do not apply to any Restricted Subsidiaries other than the applicable company, partnership, joint venture or other entity; and *provided, further, however*, that such encumbrances and restrictions do not materially impair the ability of the Company to make scheduled payments on the Notes when due;

(9) cash or other deposits, or net worth requirements or similar requirements, imposed by suppliers or landlords under contracts entered into in the ordinary course of business;

(10) any other Credit Facility governing debt of the Company or any of its Restricted Subsidiaries, permitted to be incurred under the provisions of the covenant described above under the caption “—*Incurrence of Indebtedness and Issuance of Disqualified Stock;*” *provided, however*, that such encumbrances or restrictions (i) are not materially more restrictive, taken as a whole, than those contained in the Senior Credit Agreement or (ii) do not (except upon a default or event of default thereunder) restrict the payment of dividends in an amount sufficient to materially impair the ability of the Company to make scheduled payments on the Notes when due;

(11) restrictions of the nature described in clause (4) of the preceding paragraph (a) by reason of customary non-assignment provisions in contracts, agreements, licenses and leases entered into in the ordinary course of business; and

(12) any amendment, modification, restatement, renewal, increase, supplement, refunding, replacement or refinancing of any agreement, requirement, provision, instrument or document containing the encumbrances or restrictions in the foregoing clauses (1) through (11), or in this clause (12); *provided* that the terms and conditions of any such encumbrances or restrictions are no more restrictive in any material respect taken as a whole than those under or pursuant to such agreement, requirement, provision, instrument or document so affected.

Sale Leaseback Transactions

The Company will not, and will not permit any of its Restricted Subsidiaries to, enter into any Sale Leaseback Transaction; *provided*, that the Company or any of its Restricted Subsidiaries may enter into a Sale Leaseback Transaction if:

(1) the Company or such Subsidiary could have incurred Indebtedness in an amount equal to the Attributable Indebtedness relating to such Sale Leaseback Transaction pursuant to the Consolidated Fixed Charge Coverage Ratio test set forth in paragraph (a) of the covenant described above under the caption “—*Incurrence of Indebtedness and Issuance of Disqualified Stock;*”

Unrestricted Subsidiaries

The board of directors of the Company may after the Issue Date designate any Subsidiary as an “*Unrestricted Subsidiary*” under the Indenture (a “*Designation*”) only if:

(a) no Default or Event of Default shall have occurred and be continuing at the time of or after giving effect to such Designation;

(b) (x) the Company would be permitted to make an Investment (other than a Permitted Investment) at the time of Designation (assuming the effectiveness of such Designation) pursuant to paragraph (a) of “—*Restricted Payments*” above in an amount (the “*Designation Amount*”) equal to the greater of (1) the net book value of the Company’s interest in such Subsidiary calculated in accordance with GAAP or (2) the Fair Market Value of the Company’s interest in such Subsidiary as determined in good faith by the Company’s board of directors, or (y) the Designation Amount is less than \$1,000;

(c) such Unrestricted Subsidiary does not own any Capital Stock in any Restricted Subsidiary of the Company which is not simultaneously being designated an Unrestricted Subsidiary;

(d) such Unrestricted Subsidiary is not liable, directly or indirectly, with respect to any Indebtedness other than Unrestricted Subsidiary Indebtedness, *provided* that an Unrestricted Subsidiary may provide a Guarantee for the Notes; and

(e) such Unrestricted Subsidiary is not a party to any agreement, contract, arrangement or understanding at such time with the Company or any Restricted Subsidiary unless the terms of any such agreement, contract, arrangement or understanding are no less favorable to the Company or such Restricted Subsidiary than those that might be obtained at the time from Persons who are not Affiliates of the Company or, in the event such condition is not satisfied, the value of such agreement, contract, arrangement or understanding to such Unrestricted Subsidiary shall be deemed a Restricted Payment.

In the event of any such Designation, the Company shall be deemed, for all purposes of the Indenture, to have made an Investment equal to the Designation Amount that constitutes a Restricted Payment pursuant to the covenant “—*Restricted Payments.*”

[Table of Contents](#)

The Company shall not and shall not cause or permit any Restricted Subsidiary to at any time:

(a) provide credit support for, guarantee or subject any of its property or assets (other than the Capital Stock of any Unrestricted Subsidiary) to the satisfaction of, any Indebtedness of any Unrestricted Subsidiary (including any undertaking, agreement or instrument evidencing such Indebtedness); *provided, however*, that this covenant shall not be deemed to prevent Permitted Investments in Unrestricted Subsidiaries that are otherwise allowed under the Indenture, or

(b) be directly or indirectly liable for any Indebtedness of any Unrestricted Subsidiary.

For purposes of the foregoing, the Designation of a Subsidiary of the Company as an Unrestricted Subsidiary shall be deemed to be the Designation of all present and future Subsidiaries of such Subsidiary as Unrestricted Subsidiaries. Unless so designated as an Unrestricted Subsidiary, any Person that becomes a Subsidiary of the Company will be classified as a Restricted Subsidiary.

The Company may revoke any Designation of a Subsidiary as an Unrestricted Subsidiary (a “*Revocation*”) if:

(a) no Default or Event of Default shall have occurred and be continuing at the time of and after giving effect to such Revocation;

(b) all Liens and Indebtedness of such Unrestricted Subsidiary outstanding immediately following such Revocation would, if incurred at such time, have been permitted to be incurred for all purposes of the Indenture; and

(c) unless such redesignated Subsidiary shall not have any Indebtedness outstanding (other than Indebtedness that would be Permitted Debt), immediately after giving effect to such proposed Revocation, and after giving pro forma effect to the incurrence of any such Indebtedness of such redesignated Subsidiary as if such Indebtedness was incurred on the date of the Revocation, the Company could incur \$1.00 of additional Indebtedness (other than Permitted Debt) pursuant to the covenant described under “—*Incurrence of Indebtedness and Issuance of Disqualified Stock.*”

All Designations and Revocations must be evidenced by a resolution of the board of directors of the Company delivered to the Trustee certifying compliance with the foregoing provisions of this covenant.

Payments for Consent

Neither the Company nor any of its Restricted Subsidiaries will, directly or indirectly, pay or cause to be paid any consideration, whether by way of interest, fee or otherwise, to any holder of Notes for or as an inducement to any consent, waiver or amendment of any of the terms or provisions of the Indenture or the Notes unless such consideration is offered to be paid or is paid to all holders of Notes that consent, waive or agree to amend in the time frame set forth in the solicitation documents relating to such consent, waiver or agreement.

Lines of Business

Neither the Company nor any of its Restricted Subsidiaries will directly or indirectly engage in any material respect in any line or lines of business activity other than that which is a Permitted Business.

Reports

Whether or not required by the rules and regulations of the Commission, so long as any Notes are outstanding, the Company will file with the Commission and furnish to the holders of Notes and the Trustee all quarterly and annual financial information required to be contained in a filing with the Commission on Forms 10-Q and 10-K, including a "Management's Discussion and Analysis of Financial Condition and Results of Operations" and, with respect to the annual consolidated financial statements only, a report thereon by the Company's independent auditors.

[Table of Contents](#)

The Company will be deemed to have furnished such reports to the Trustee and the holders of Notes if it has filed such reports with the Commission using the EDGAR filing system and such reports are publicly available.

For so long as any Notes remain outstanding and constitute "restricted securities" under Rule 144, the Company will furnish to the holders of the Notes and prospective investors, upon their request, the information required to be delivered pursuant to Rule 144A(d)(4) under the Securities Act.

Consolidation, Merger and Sale of Assets

The Indenture provides that the Company will not, in a single transaction or through a series of related transactions, consolidate with or merge with or into any other Person or sell, assign, convey, transfer, lease or otherwise dispose of all or substantially all of its properties and assets to any Person or group of Persons, or permit any of its Restricted Subsidiaries to enter into any such transaction or series of transactions, if such transaction or series of transactions, in the aggregate, would result in a sale, assignment, conveyance, transfer, lease or disposition of all or substantially all of the properties and assets of the Company and its Restricted Subsidiaries on a Consolidated basis to any other Person or group of Persons (other than the Company or a Guarantor), unless at the time and after giving effect thereto:

(1) either (a) the Company will be the continuing corporation or (b) the Person (if other than the Company) formed by such consolidation or into which the Company is merged or the Person which acquires by sale, assignment, conveyance, transfer, lease or disposition all or substantially all of the properties and assets of the Company and its Restricted Subsidiaries on a Consolidated basis (the "Surviving Entity") will be a corporation, limited liability company or limited partnership (provided that in the event the Surviving Entity is a limited partnership, then a Subsidiary of the Surviving Entity that is a corporation or limited liability company shall execute a supplemental indenture pursuant to which it shall become a co-obligor of the Surviving Entity's obligations under the Notes and the Indenture) duly organized and validly existing under the laws of the United States of America, any state thereof or the District of Columbia and such Person expressly assumes, by a supplemental indenture, all the obligations of the Company under the Notes and the Indenture, and the Notes and the Indenture will remain in full force and effect as so supplemented (and any Guarantees will be confirmed as applying to such Surviving Entity's obligations);

(2) immediately after giving effect to such transaction on a pro forma basis (and treating any Indebtedness not previously an obligation of the Company or any of its Restricted Subsidiaries which becomes the obligation of the Company or any of its Restricted Subsidiaries as a result of such transaction as having been incurred at the time of such transaction), no Default or Event of Default will have occurred and be continuing;

(3) except in the case of a merger of the Company with or into a Restricted Subsidiary or a Restricted Subsidiary with or into the Company or any other Restricted Subsidiary, or a sale, assignment, conveyance, transfer, lease or other disposition of properties or assets to the Company or one or more Restricted Subsidiaries, immediately after giving effect to such transaction on a pro forma basis (on the assumption that the transaction occurred on the first day of the four-quarter period for which financial statements are available ending immediately prior to the consummation of such transaction with the appropriate adjustments with respect to the transaction being included in

such pro forma calculation), the Company (or the Surviving Entity if the Company is not the continuing obligor under the Indenture) could incur \$1.00 of additional Indebtedness (other than Permitted Debt) under the provisions of “—*Certain Covenants—Incurrence of Indebtedness and Issuance of Disqualified Stock*;”

(4) unless the Company is the continuing obligor under the Indenture, at the time of the transaction, each Guarantor, if any, unless it is the other party to the transactions described above, will have by supplemental indenture confirmed that its Guarantee shall apply to such Person’s obligations under the Indenture and the Notes;

[Table of Contents](#)

(5) at the time of the transaction, if any of the property or assets of the Company or any of its Restricted Subsidiaries would thereupon become subject to any Lien, the provisions of “—*Certain Covenants—Liens*” are complied with; and

(6) at the time of the transaction, the Company or the Surviving Entity will have delivered, or caused to be delivered, to the Trustee an officers’ certificate and an opinion of counsel, each stating that such consolidation, merger, transfer, sale, assignment, conveyance, transfer, lease or other disposition and any supplemental indenture in respect thereof comply with the Indenture.

Except as provided under the third paragraph of “*Guarantees*,” each Guarantor will not, and the Company will not permit a Guarantor to, in a single transaction or through a series of related transactions, (x) consolidate with or merge with or into any other Person (other than the Company or any other Guarantor) or (y) sell, assign, convey, transfer, lease or otherwise dispose of all or substantially all of its properties and assets to any Person or group of Persons (other than the Company or any other Guarantor) or permit any of its Restricted Subsidiaries to enter into any such transaction or series of transactions if such transaction or series of transactions, in the aggregate, in the case of clause (y) would result in a sale, assignment, conveyance, transfer, lease or disposition of all or substantially all of the properties and assets of the Guarantor and its Restricted Subsidiaries on a Consolidated basis to any other Person or group of Persons (other than the Company or any Guarantor), unless at the time and after giving effect thereto:

(1) either (a) the Guarantor or the Company or another Guarantor will be the continuing Person in the case of a merger involving the Guarantor or (b) the Person (if other than the Guarantor) formed by such consolidation or into which such Guarantor is merged or the Person which acquires by sale, assignment, conveyance, transfer, lease or disposition of all or substantially all of the properties and assets of the Guarantor and its Restricted Subsidiaries on a Consolidated basis (the “*Surviving Guarantor Entity*”) expressly assumes, by a supplemental indenture, all the obligations of such Guarantor under its Guarantee of the Notes and the Indenture, and such Guarantee and the Indenture will remain in full force and effect;

(2) immediately before and immediately after giving effect to such transaction on a pro forma basis, no Default or Event of Default will have occurred and be continuing; and

(3) at the time of the transaction such Guarantor or the Surviving Guarantor Entity will have delivered, or caused to be delivered, to the Trustee an officers’ certificate and an opinion of counsel, each stating that such consolidation, merger, transfer, sale, assignment, conveyance, lease or other disposition and any supplemental indenture in respect thereof comply with the Indenture;

provided, however, that this paragraph shall not apply to any Guarantor whose Guarantee of the Notes is unconditionally released and discharged in accordance with the Indenture.

In the event of any transaction (other than a lease) described in and complying with the conditions listed in the two immediately preceding paragraphs in which the Company or any Guarantor, as the case may be, is not the continuing Person, the successor Person formed or remaining or to which such disposition is made, shall succeed to, and be substituted for, and may exercise every right and power of, the Company or such Guarantor, as the case may be, and the Company or any Guarantor, as the case may be, shall be discharged (other than, in the case of the Company, in a transaction that results in the transfer of assets constituting or accounting for less than 95% of the Consolidated assets (as of the date of the latest internal balance sheet available to the Company) of the Company or the Consolidated revenue of the Company (as of the latest 12-month period for which internal financial statements are available to the Company)) from all obligations and covenants under the Indenture and the Notes or its Guarantee, as the case may be.

Notwithstanding the foregoing, the Company or any Guarantor may merge with an Affiliate of it incorporated or organized solely for the purpose of reincorporating or reorganizing the Company or Guarantor in another jurisdiction to realize tax or other benefits.

Events of Default

The Indenture provides that an Event of Default will occur if:

(1) there shall be a default in the payment of any interest on any Note when it becomes due and payable, and such default shall continue for a period of 30 days;

(2) there shall be a default in the payment of the principal of (or premium, if any, on) any Note at its Maturity (upon acceleration, optional or mandatory redemption, if any, required repurchase or otherwise);

(3) there shall be a default in the performance or breach of the provisions described under “—Consolidation, Merger and Sale of Assets,” the Company shall have failed to make or consummate a Prepayment Offer in accordance with the provisions of “—Certain Covenants—Asset Sales,” or the Company shall have failed to make or consummate a Change of Control Offer in accordance with the provisions of “—Change of Control;”

(4) there shall be a default in the performance, or breach, of any covenant or agreement of the Company or any Guarantor under the Indenture or any Guarantee (other than a default in the performance, or breach, of a covenant or agreement which is specifically dealt with in clause (1), (2) or (3) above) and such default or breach shall continue for a period of 60 days (or 180 days in relation to the covenant described under “—Certain Covenants—Reports”) after written notice has been given, by certified mail, (i) to the Company by the Trustee or (ii) to the Company and the Trustee by the holders of at least 25% in aggregate principal amount of the outstanding Notes;

(5)(a) any default in the payment of the principal, premium, if any, or interest on any Indebtedness shall have occurred under any of the agreements, indentures or instruments under which the Company, any Guarantor or any other Significant Subsidiary then has outstanding Indebtedness in excess of \$25.0 million when the same shall become due and payable in full and such default shall have continued after any applicable notice or grace period and shall not have been cured or waived or such amount repaid, and, if not already matured at its final maturity in accordance with its terms, the holder of such Indebtedness shall have the right to accelerate such Indebtedness or (b) an event of default as defined in any of the agreements, indentures or instruments described in clause (a) of this clause (5) shall have occurred and the Indebtedness thereunder, if not already matured at its final maturity in accordance with its terms, shall have been accelerated and such acceleration shall not have been rescinded or such Indebtedness repaid;

(6) any Guarantee shall for any reason cease to be, or shall for any reason be asserted in writing by any Guarantor or the Company not to be, in full force and effect and enforceable in accordance with its terms, except to the extent contemplated by the Indenture and any such Guarantee;

(7) one or more judgments, orders or decrees of any court or regulatory or administrative agency for the payment of money in excess of \$25.0 million (excluding amounts covered by enforceable insurance policies issued by solvent insurance carriers), either individually or in the aggregate, shall be rendered against the Company, any Guarantor or any other Significant Subsidiary or any of their respective properties and shall not be discharged and either (a) any creditor shall have commenced an enforcement proceeding upon such judgment, order or decree or (b) there shall have been a period of 60 consecutive days during which a stay of enforcement of such judgment or order, by reason of an appeal or otherwise, shall not be in effect; or

(8) the occurrence of certain events of bankruptcy, insolvency or reorganization with respect to the Company or any Significant Subsidiary.

If an Event of Default (other than as specified in clause (8) of the prior paragraph with respect to the Company) shall occur and be continuing with respect to the Indenture, the Trustee or the holders of not less than 25% in aggregate principal amount of the Notes then outstanding may, and the Trustee at the request of such holders shall, declare all unpaid principal of, premium, if any, and accrued interest on all Notes to be due and payable immediately, by a notice in writing to the Company (and to the Trustee if given by the holders of the Notes), and upon any such declaration, such principal, premium, if any, and interest shall become due and

[Table of Contents](#)

payable immediately. If an Event of Default specified in clause (8) of the prior paragraph occurs and is continuing with respect to the Company, then all the Notes shall ipso facto become due and payable immediately in an amount equal to the principal amount of the Notes, together with accrued and unpaid interest, if any, to the date the Notes become due and payable, without any declaration or other act on the part of the Trustee or any holder of Notes. Thereupon, the Trustee may, at its discretion, proceed to protect and enforce the rights of the holders of Notes by appropriate judicial proceedings.

After a declaration of acceleration, but before a judgment or decree for payment of the money due has been obtained by the Trustee, the holders of a majority in aggregate principal amount of Notes outstanding by written notice to the Company and the Trustee, on behalf of the holders of Notes, may rescind and annul such declaration and its consequences if:

(a) the Company has paid or deposited with the Trustee a sum sufficient to pay (1) all sums paid or advanced by the Trustee under the Indenture and the reasonable compensation, expenses, disbursements and advances of the Trustee, its agents and counsel, (2) all overdue interest on all Notes then outstanding, (3) the principal of, and premium, if any, on any Notes then outstanding which have become due

otherwise than by such declaration of acceleration and interest thereon at the rate borne by the Notes and (4) to the extent that payment of such interest is lawful, interest upon overdue interest at the rate borne by the Notes;

(b) the rescission would not conflict with any judgment or decree of a court of competent jurisdiction; and

(c) all Events of Default, other than the non-payment of principal of, premium, if any, and interest on the Notes which have become due solely by such declaration of acceleration, have been cured or waived as provided in the Indenture.

No such rescission shall affect any subsequent default or impair any right consequent thereon.

The holders of a majority in aggregate principal amount of the Notes outstanding, by written notice to the Trustee and the Company, may on behalf of the holders of all such outstanding Notes waive any existing Default or Event of Default under the Indenture and its consequences, except a continuing Default or Event of Default (1) in the payment of the principal of, premium, if any, or interest on any Note (which may only be waived with the consent of each holder of Notes affected) or (2) in respect of a covenant or provision which under the Indenture cannot be modified or amended without the consent of the holder of each Note affected by such modification or amendment.

No holder of any of the Notes has any right to institute any proceedings with respect to the Indenture or any remedy thereunder, unless (i) such holder has previously given the Trustee written notice that an Event of Default has occurred and is continuing, (ii) the holders of at least 25% in aggregate principal amount of the outstanding Notes have made written request to the Trustee to institute a proceeding or pursue a remedy, (iii) such holders have offered reasonable security or indemnity to the Trustee to institute such proceeding or pursue such remedy as Trustee under the Notes and the Indenture, (iv) the Trustee has failed to institute such proceeding or pursue such remedy within 30 days after receipt of such notice and such offer of security or indemnity, and (v) the Trustee, within such 30-day period, has not received inconsistent written directions by holders of a majority in aggregate principal amount of the outstanding Notes. Such limitations do not, however, apply to a suit instituted by a holder of a Note for the enforcement of the payment of the principal of, premium, if any, or interest on such Note on or after the respective due dates expressed in such Note.

The Company is required to notify the Trustee on or before the thirtieth day after it has knowledge of the occurrence and continuance of any Default specifying such event and what action the Company proposes to take or is taking with respect thereto. The Company is required to deliver to the Trustee, on or before a date not more than 90 days after the end of each fiscal year, a written statement as to compliance with the Indenture, including whether or not any Default has occurred during the previous year and is then continuing. If an Event of Default has occurred and is continuing, the Trustee is under no obligation to exercise any of the rights or powers vested

[Table of Contents](#)

in it by the Indenture at the request or direction of any of the holders of the Notes unless such holders offer to the Trustee security or indemnity satisfactory to the Trustee against the costs, expenses and liabilities which might be incurred thereby and complied with any other applicable provisions of the Indenture.

No Personal Liability of Directors, Officers, Employees and Stockholders

No director, officer, employee, manager, incorporator, member, partner or stockholder or other owner of Capital Stock of the Company or any Restricted Subsidiary, as such, will have any liability for any obligations of the Company, any Guarantor or any other Restricted Subsidiary under the Notes, the Indenture or the Guarantees to which they are a party, or for any claim based on, in respect of, or by reason of, such obligations or their creation. Each holder of Notes by accepting such Note waives and releases all such liability. The waiver and release are part of the consideration for issuance of the Notes. The waiver may not be effective to waive liabilities under the federal securities laws, and it is the view of the Commission that such waiver is against public policy.

Defeasance or Covenant Defeasance of Indenture

The Indenture provides that the Company may, at its option and at any time, elect to have all obligations of the Company discharged with respect to the Indenture and the outstanding Notes and all obligations of the Guarantors discharged with respect to the Guarantees with respect to the Indenture and such Notes (“*defeasance*”). Such defeasance means that the Company, any such Guarantor and any other obligor under the Indenture, the Notes and the Guarantees shall be deemed to have paid and discharged the entire Indebtedness represented by the outstanding Notes and the Guarantees, and all shall be discharged from the payment and performance of all other obligations under the Indenture and with respect the Notes and Guarantees, except for:

(1) the rights of holders of such outstanding Notes to receive payments in respect of the principal of, premium, if any, and interest on such Notes when such payments are scheduled to be due from Funds in Trust (as defined below),

(2) the Company’s obligations with respect to the holders of Notes concerning issuing temporary Notes, registration of Notes, mutilated, destroyed, lost or stolen Notes, and the maintenance of an office or agency for payment and money for security payments held in

trust,

- (3) the rights, powers, trusts, duties and immunities of the Trustee and the Company’s obligations relating thereto and
- (4) the provisions of the Indenture with respect to defeasance.

In addition, the Indenture provides that the Company may, at its option and at any time, elect to have the obligations of the Company and any Guarantor released with respect to the covenants that are described under “—*Change of Control*” and “—*Certain Covenants*” and the limitations in clause (3) of the covenant described under “—*Consolidation, Merger and Sale of Assets*” (“*covenant defeasance*”) and thereafter any omission to comply with such obligations shall not constitute a Default or an Event of Default. In the event covenant defeasance occurs, the Events of Default described in clauses (3) through (7) under “—*Events of Default*” will no longer constitute an Event of Default with respect to the Notes.

In order to exercise either defeasance or covenant defeasance with respect to the Notes,

(a) the Company must irrevocably deposit with the Trustee, in trust, for the benefit of the holders of the Notes cash in United States dollars, U.S. Government Obligations or a combination thereof (“*Funds in Trust*”), in such amounts as, in the aggregate, will be sufficient, in the opinion of a nationally recognized firm of independent public accountants or a nationally recognized investment banking firm, to pay and discharge the principal of, premium, if any, and interest on the outstanding Notes on the Stated Maturity (or the applicable redemption date, if at or prior to electing either defeasance or covenant defeasance, the Company has delivered to

[Table of Contents](#)

the Trustee an irrevocable notice to redeem all of the outstanding Notes on such redemption date, and the Company must specify whether the Notes are being defeased to maturity or to a particular redemption date);

(b) in the case of defeasance, the Company shall have delivered to the Trustee an opinion of independent counsel in the United States stating that (A) the Company has received from, or there has been published by, the Internal Revenue Service a ruling or (B) since the Issue Date, there has been a change in the applicable federal income tax law, in either case to the effect that, and based thereon such opinion of counsel shall state that, the holders of the outstanding Notes will not recognize income, gain or loss for federal income tax purposes as a result of such defeasance and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such defeasance had not occurred;

(c) in the case of covenant defeasance, the Company shall have delivered to the Trustee an opinion of independent counsel in the United States stating that the holders of the outstanding Notes will not recognize income, gain or loss for federal income tax purposes as a result of such covenant defeasance and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such covenant defeasance had not occurred;

(d) no Default or Event of Default shall have occurred and be continuing on the date of such deposit (other than an Event of Default or Default resulting from the incurrence of Indebtedness or Liens securing such Indebtedness, all or a portion of the proceeds of which will be applied to such deposit) or insofar as clause (8) under the first paragraph under “—*Events of Default*” is concerned, at any time during the period ending on the 91st day after the date of deposit;

(e) such deposit shall not result in a breach of, or constitute a default under, any material agreement or instrument (other than the Indenture) to which the Company, any Guarantor or any Restricted Subsidiary is a party or by which it is bound or if such breach or default would occur, which is not waived as of, or for all purposes, on or after, the date of such deposit;

(f) such deposit shall not result in the trust arising from such deposit constituting an investment company within the meaning of the Investment Company Act of 1940, as amended, unless such trust shall be registered under such Act or exempt from registration thereunder;

(g) the Company will have delivered to the Trustee an opinion of counsel in the United States stating that (assuming no holder of the Notes would be considered an insider of the Company or any Guarantor under any applicable bankruptcy or insolvency law and assuming no intervening bankruptcy or insolvency of the Company or any Guarantor between the date of deposit and the 91st day following the deposit) after the 91st day following the deposit, the trust funds will not be subject to the effect of any applicable bankruptcy, insolvency, reorganization or similar laws affecting creditors’ rights generally;

(h) the Company shall have delivered to the Trustee an officers’ certificate stating that the deposit was not made by the Company with the intent of defeating, hindering, delaying or defrauding creditors of the Company, any Guarantor or others; and

(i) the Company will have delivered to the Trustee an officers’ certificate and an opinion of counsel, each stating that all conditions precedent provided for relating to defeasance or the covenant defeasance, as the case may be, have been complied with.

Satisfaction and Discharge

The Indenture provides that it will be discharged and will cease to be of further effect (except as to surviving rights of registration of transfer or exchange of the Notes and as otherwise expressly provided for in the Indenture) as to all such outstanding Notes issued thereunder when

(a) either

(1) all such Notes theretofore authenticated and delivered (except lost, stolen or destroyed Notes which have been replaced or paid or Notes whose payment has been deposited in trust or segregated and held in trust by the Company and thereafter repaid to the Company or discharged from such trust as provided for in the Indenture) have been delivered to the Trustee for cancellation or

(2) all such Notes not theretofore delivered to the Trustee for cancellation (a) have become due and payable by reason of making of a notice of redemption or otherwise, (b) will become due and payable at their Stated Maturity within one year, or (c) are to be called for redemption within one year under arrangements satisfactory to the Trustee for the giving of notice of redemption by the Trustee in the name, and at the expense, of the Company;

(b) the Company or any Guarantor has irrevocably deposited or caused to be deposited with the Trustee as trust funds in trust an amount in United States dollars, U.S. Government Obligations, or a combination thereof, sufficient, in the opinion of a nationally recognized firm of independent public accountants or a nationally recognized investment banking firm, to pay and discharge the entire Indebtedness on the Notes not theretofore delivered to the Trustee for cancellation, including principal of, premium, if any, and accrued interest at such Maturity, Stated Maturity or redemption date;

(c) no Default or Event of Default shall have occurred and be continuing on the date of such deposit;

(d) the Company or any Guarantor has paid or caused to be paid all other sums due and payable under the Indenture by the Company and any Guarantor; and

(e) the Company has delivered to the Trustee an officers' certificate and an opinion of counsel, each stating that all conditions precedent under the Indenture relating to the satisfaction and discharge of the Indenture have been complied with.

Amendments and Waivers

Modifications and amendments of the Indenture may be made by the Company, each Guarantor, if any, any other obligor under the Notes, and the Trustee with the consent of the holders of a majority in aggregate principal amount of the Notes then outstanding (including consents obtained in connection with a purchase of, or tender offer or exchange offer for, Notes); *provided, however*, that no such modification or amendment may, without the consent of the holder of each outstanding Note affected thereby:

(1) change the Stated Maturity of the principal of, or any installment of interest on, or change to an earlier date any redemption date of, or waive a default in the payment of the principal of, premium, if any, or interest on, any such Note (except rescission of acceleration of Notes by the holders of a majority in aggregate principal amount of such Notes and a waiver of the payment default that resulted from such acceleration) or reduce the principal amount thereof or the rate of interest thereon or any premium payable upon the redemption thereof, or change the coin or currency in which the principal of any such Note or any premium or the interest thereon is payable, or impair the right to institute suit for the enforcement of any such payment after the Stated Maturity thereof (or, in the case of redemption, on or after the redemption date);

[Table of Contents](#)

(2) reduce the amounts required to be paid by the Company (or materially defer the times at which the Company is required to pay such amounts) pursuant to a Prepayment Offer in connection with any Asset Sale or Asset Sales in accordance with “—*Certain Covenants—Asset Sales*” or pursuant to a Change of Control Offer in the event of any Change of Control in accordance with “—*Change of Control*;”

(3) reduce the percentage in principal amount of such outstanding Notes, the consent of whose holders is required for any such amendment or supplemental indenture, or the consent of whose holders is required for any waiver or compliance with certain provisions of the Indenture;

(4) modify any of the provisions relating to supplemental indentures requiring the consent of holders or relating to the waiver of past

defaults, except to increase the percentage of such outstanding Notes required for such actions or to provide that certain other provisions of the Indenture cannot be modified or waived without the consent of the holder of each such Note affected thereby;

(5) voluntarily release, other than in accordance with the Indenture, the Guarantee of any Guarantor; or

(6) amend or modify any of the provisions of the Indenture in any manner which subordinates the Notes issued thereunder in right of payment to any other Indebtedness of the Company or which subordinates any Guarantee in right of payment to any other Indebtedness of the Guarantor issuing any such Guarantee.

Notwithstanding the foregoing, without the consent of any holders of the Notes, the Company, any Guarantor, any other obligor under the Notes and the Trustee may modify, supplement or amend the Indenture:

(1) to evidence the succession of another Person to the Company, a Guarantor, or any other obligor under the Notes, and the assumption by any such successor of the covenants of the Company, such Guarantor or such obligor in the Indenture and in the Notes and in any Guarantee in accordance with “—*Consolidation, Merger and Sale of Assets*” including the addition of any required co-issuer of Notes;

(2) to add to the covenants of the Company, any Guarantor or any other obligor under the Notes for the benefit of the holders of the Notes or to surrender any right or power conferred upon the Company or any Guarantor or any other obligor under the Notes, as applicable, in the Indenture, in the Notes or in any Guarantee;

(9) to provide for the issuance of Additional Notes and related Guarantees under the Indenture in accordance with the limitations set forth in the Indenture;

[Table of Contents](#)

The holders of a majority in aggregate principal amount of the Notes outstanding may waive compliance with certain covenants and provisions of the Indenture.

Transfer and Exchange

A holder of Notes may transfer or exchange Notes in accordance with the Indenture. The registrar and the Trustee may require a holder of Notes, among other things, to furnish appropriate endorsements and transfer documents and the Company may require a holder of Notes to pay any taxes or other governmental charges required by law or permitted by the Indenture. The Company is not required to transfer or exchange any Note for a period of 15 days before a selection of Notes to be redeemed.

The registered holder of a Note will be treated as the owner of it for all purposes.

Governing Law

The Indenture, the Notes and Guarantees are to be governed by, and construed in accordance with, the laws of the State of New York.

Concerning the Trustee

Wilmington Trust, National Association, the Trustee under the Indenture, is the initial paying agent and registrar for the Notes. Wilmington Trust, National Association (as successor by merger to Wilmington Trust FSB), also serves as trustee under the indentures for our 8 1/4% Senior Notes due 2019, 7 3/8% Senior Notes due 2020 and 7 1/8% Senior Notes due 2021.

The Indenture contains certain limitations on the rights of the Trustee, should it become a creditor of the Company, to obtain payment of claims in certain cases, or to realize on certain property received in respect of any such claim as security or otherwise. The Trustee is permitted to engage in other transactions; *provided, however*, that if it acquires any conflicting interest while any Default exists it must eliminate such conflict within 90 days, apply to the Commission for permission to continue as Trustee with such conflict or resign as Trustee.

The holders of a majority in aggregate principal amount of the then outstanding Notes will have the right to direct the time, method and place of conducting any proceeding for exercising any remedy available to the Trustee under the Indenture, subject to certain exceptions. The Indenture provides that if an Event of Default occurs (which has not been cured), the Trustee will be required, in the exercise of its power, to use the degree of care of a prudent person in the conduct of their own affairs. The Trustee will be under no obligation to exercise any of its rights or powers under the Indenture at the request of any holder of Notes issued thereunder unless such holder shall have offered to the Trustee security or indemnity satisfactory to it against any loss, liability or expense.

BOOK-ENTRY; DELIVERY AND FORM

Global Notes

The New Notes, like the Old Notes, will be issued in the form of one or more fully registered notes in global form, without interest coupons. The New Notes will be deposited with the Trustee, as custodian for The Depository Trust Company (“DTC”), and registered in the name of Cede & Co., as nominee of DTC.

Ownership of beneficial interests in each global note will be limited to persons who have accounts with DTC (“DTC participants”) or persons who hold interests through DTC participants. We expect that under procedures established by DTC:

- upon deposit of each global note with DTC’s custodian, DTC will credit portions of the principal amount of the global notes to the accounts of the DTC participants that have tendered the Old Notes to the account designated by the exchange agent; and
- ownership of beneficial interests in each global note will be shown on, and transfer of ownership of those interests will be effected only through, records maintained by DTC (with respect to interests of DTC participants) and the records of DTC participants (with respect to other owners of beneficial interests in the global notes).

Beneficial interests in the global notes may not be exchanged for Notes in physical, certificated form except in the limited circumstances described below.

Book-Entry Procedures for the Global Notes

All interests in the global notes will be subject to the operations and procedures of DTC, including its participants, Euroclear Bank S.A./N.V., as operator of the Euroclear System (“Euroclear”), and Clearstream Banking S.A. (“Clearstream”). We provide the following summaries of those operations and procedures solely for the convenience of investors. The operations and procedures of each settlement system are controlled by that settlement system and may be changed at any time.

- Neither we nor the Trustee is responsible for those operations or procedures.
- DTC has advised us that it is:
 - a limited purpose trust company organized under the laws of the State of New York;
 - a “banking organization” within the meaning of the New York State Banking Law;
 - a member of the Federal Reserve System;
 - a “clearing corporation” within the meaning of the Uniform Commercial Code; and
 - a “clearing agency” registered under Section 17A of the Exchange Act.

DTC was created to hold securities for its participants and to facilitate the clearance and settlement of securities transactions between its participants through electronic book-entry changes to the accounts of its participants. DTC’s participants include securities brokers and dealers, including the initial purchasers, banks and trust companies, clearing corporations, and other organizations. Indirect access to DTC’s system is also available to others such as banks, brokers, dealers, and trust companies. These indirect participants clear through or maintain a custodial relationship with a DTC participant, either directly or indirectly. Investors who are not DTC participants may beneficially own securities held by or on behalf of DTC only through DTC participants or indirect participants in DTC.

[Table of Contents](#)

So long as DTC’s nominee is the registered owner of a global note, that nominee will be considered the sole owner or holder of the Notes

represented by that global note for all purposes under the Indenture. Except as provided below, owners of beneficial interests in a global note:

- will not be entitled to have Notes represented by the global note registered in their names;
- will not receive or be entitled to receive physical, certificated Notes; and
- will not be considered the owners or holders of the Notes under the Indenture for any purpose, including with respect to the giving of any direction, instruction, or approval to the Trustee.

As a result, each investor who owns a beneficial interest in a global note must rely on the procedures of DTC to exercise any rights of a holder of Notes under the Indenture (and, if the investor is not a participant or an indirect participant in DTC, on the procedures of the DTC participant through which the investor owns its interest).

Payments of principal, premium (if any), and interest with respect to the New Notes represented by a global note will be made by the Trustee to DTC's nominee, as the registered holder of the global note. Neither we nor the Trustee will have any responsibility or liability for the payment of amounts to owners of beneficial interests in a global note, for any aspect of the records relating to or payments made on account of those interests by DTC, or for maintaining, supervising, or reviewing any records of DTC relating to those interests.

Payments by participants and indirect participants in DTC to the owners of beneficial interests in a global note will be governed by standing instructions and customary industry practice and will be the responsibility of those participants or indirect participants and DTC.

Transfers between participants in DTC will be effected under DTC's procedures and will be settled in same-day funds. Transfers between participants in Euroclear or Clearstream will be effected in the ordinary way under the rules and operating procedures of those systems.

Cross market transfers between DTC participants, on the one hand, and Euroclear or Clearstream participants, on the other hand, will be effected within DTC through the DTC participants that are acting as depositaries for Euroclear and Clearstream. To deliver or receive an interest in a global note held in a Euroclear or Clearstream account, an investor must send transfer instructions to Euroclear or Clearstream, as the case may be, under the rules and procedures of that system and within the established deadlines of that system. If the transaction meets its settlement requirements, Euroclear or Clearstream, as the case may be, will send instructions to its DTC depository to take action to effect final settlement by delivering or receiving interests in the relevant global notes in DTC, and making or receiving payment under normal procedures for same-day funds settlement applicable to DTC. Euroclear and Clearstream participants may not deliver instructions directly to the DTC depositories that are acting for Euroclear or Clearstream.

Because of time zone differences, the securities account of a Euroclear or Clearstream participant that purchases an interest in a global note from a DTC participant will be credited on the business day for Euroclear or Clearstream immediately following the DTC settlement date. Cash received in Euroclear or Clearstream from the sale of an interest in a global note to a DTC participant will be received with value on the DTC settlement date but will be available in the relevant Euroclear or Clearstream cash account as of the business day for Euroclear or Clearstream following the DTC settlement date.

DTC, Euroclear, and Clearstream have agreed to the above procedures to facilitate transfers of interests in the global notes among participants in those settlement systems. However, the settlement systems are not obligated to perform these procedures and may discontinue or change these procedures at any time. Neither we nor the Trustee will have any responsibility for the performance by DTC, Euroclear, or Clearstream, or their participants or indirect participants, of their obligations under the rules and procedures governing their operations.

Certificated Notes

New Notes in physical, certificated form will be issued and delivered to each person that DTC identifies as a beneficial owner of the related Notes only if:

- DTC notifies us at any time that it is unwilling or unable to continue as depository for the global notes and a successor depository is not appointed within 90 days;
- DTC ceases to be registered as a clearing agency under the Exchange Act and a successor depository is not appointed within 90 days; or
- we, at our option, notify the Trustee that we elect to cause the issuance of certificated Notes.

PLAN OF DISTRIBUTION

You may transfer New Notes issued under the exchange offer in exchange for the Old Notes if:

- you acquire the New Notes in the ordinary course of your business;
- you have no arrangement or understanding with any person to participate in the distribution (within the meaning of the Securities Act of 1933) of such New Notes in violation of the provisions of the Securities Act of 1933; and
- you are not our “affiliate” (within the meaning of Rule 405 under the Securities Act of 1933).

Each broker-dealer that receives New Notes for its own account pursuant to the exchange offer in exchange for Old Notes that were acquired by such broker-dealer as a result of market-making or other trading activities must acknowledge that it will deliver a prospectus in connection with any resale of such New Notes. This prospectus, as it may be amended or supplemented from time to time, may be used by a broker-dealer in connection with resales of New Notes received in exchange for Old Notes where such Old Notes were acquired as a result of market-making activities or other trading activities.

If you wish to exchange New Notes for your Old Notes in the exchange offer, you will be required to make representations to us as described in “Exchange Offer—Purpose and Effect of the Exchange Offer” and “—Procedures for Tendering—Your Representations to Us” in this prospectus and in the letter of transmittal. In addition, if you are a broker-dealer who receives New Notes for your own account in exchange for Old Notes that were acquired by you as a result of market-making activities or other trading activities, you will be required to acknowledge that you will deliver a prospectus in connection with any resale by you of such New Notes.

We will not receive any proceeds from any sale of New Notes by broker-dealers. New Notes received by broker-dealers for their own account pursuant to the exchange offer may be sold from time to time on one or more transactions in any of the following ways:

- in the over-the-counter market;
- in negotiated transactions;
- through the writing of options on the New Notes or a combination of such methods of resale;
- at market prices prevailing at the time of resale;
- at prices related to such prevailing market prices; or
- at negotiated prices.

Any such resale may be made directly to purchasers or to or through brokers or dealers who may receive compensation in the form of commissions or concessions from any such broker-dealer or the purchasers of any such New Notes.

Any broker-dealer that resells New Notes that were received by it for its own account pursuant to the exchange offer in exchange for Old Notes that were acquired by such broker-dealer as a result of market-making or other trading activities may be deemed to be an “underwriter” within the meaning of the Securities Act of 1933. The letter of transmittal states that by acknowledging that it will deliver and by delivering a prospectus, a broker-dealer will not be deemed to admit that it is an “underwriter” within the meaning of the Securities Act of 1933. We agreed to permit the use of this prospectus for a period of up to 180 days after the completion of the exchange offer by such broker-dealers to satisfy this prospectus delivery requirement. Furthermore, we agreed to amend or supplement this prospectus during such period if so requested in order to expedite or facilitate the disposition of any New Notes by broker-dealers.

We have agreed to pay all expenses incident to the exchange offer other than fees and expenses of counsel to the holders and brokerage commissions and transfer taxes, if any, and will indemnify the holders of the Old Notes (including any broker-dealers) against certain liabilities, including liabilities under the Securities Act of 1933.

MATERIAL UNITED STATES FEDERAL TAX CONSEQUENCES

The following discussion is a summary of the material federal income tax considerations relevant to the exchange of Old Notes for New Notes, but does not purport to be a complete analysis of all potential tax effects. The discussion is based upon the Internal Revenue Code of 1986, as amended (the “Code”), Treasury Regulations, Internal Revenue Service rulings and pronouncements and judicial decisions now in effect, all of which may be subject to change at any time by legislative, judicial or administrative action. These changes may be applied retroactively in a manner that could adversely affect a holder of New Notes. Some holders, including financial institutions, insurance companies, regulated investment companies, tax-exempt organizations, dealers in securities or currencies, persons whose functional currency is not the U.S. dollar, or

persons who hold the Notes as part of a hedge, conversion transaction, straddle or other risk reduction transaction may be subject to special rules not discussed below. We recommend that each holder consult his own tax advisor as to the particular tax consequences of exchanging such holder's Old Notes for New Notes, including the applicability and effect of any foreign, state, local or other tax laws or estate or gift tax considerations.

We believe that the exchange of Old Notes for New Notes will not be an exchange or otherwise a taxable event to a holder for United States federal income tax purposes. Accordingly, a holder will not recognize gain or loss upon receipt of a New Note in exchange for an Old Note in the exchange, and the holder's basis and holding period in the New Note will be the same as its basis and holding period in the corresponding Old Note immediately before the exchange.

LEGAL MATTERS

The validity of the New Notes offered in this exchange offer will be passed upon for us by Latham & Watkins LLP, Houston, Texas. Latham & Watkins LLP will rely on the opinion of Conner & Winters, LLP, Tulsa, Oklahoma, with respect to the due authorization of the Indenture and the New Notes by us and our subsidiary guarantor under Oklahoma law.

DATED JULY 2, 2012**

THE EXCHANGE OFFER AND WITHDRAWAL RIGHTS WILL EXPIRE AT 5:00 P.M., NEW YORK CITY TIME, ON JULY 31, 2012 (THE “EXPIRATION DATE”), UNLESS THE EXCHANGE OFFER IS EXTENDED BY THE ISSUER.

The Exchange Agent for the Exchange Offer is:

Wilmington Trust, National Association
c/o Wilmington Trust Company
Corporate Capital Markets
Rodney Square North
1100 N Market Street
Wilmington, DE 19890-1626

If you wish to exchange your issued and outstanding 5% Senior Notes due 2022 (“Old Notes”) for an equal aggregate principal amount of newly issued 5% Senior Notes due 2022 (“New Notes”) with materially identical terms that have been registered under the Securities Act of 1933, as amended (the “Securities Act”) pursuant to the exchange offer, you must validly tender (and not withdraw) your Old Notes to the Exchange Agent prior to the Expiration Date.

We refer you to the Prospectus, dated July 2, 2012 (the “Prospectus”), of Continental Resources, Inc. (the “Issuer”), and this Letter of Transmittal (the “Letter of Transmittal”), which together describe the Issuer’s offer (the “Exchange Offer”) to exchange the Old Notes for a like aggregate principal amount of New Notes. Capitalized terms used but not defined herein have the respective meaning given to them in the Prospectus.

The Issuer reserves the right, at any time or from time to time, to extend the Exchange Offer at its discretion, in which event the term “Expiration Date” shall mean the latest date to which the Exchange Offer is extended. The Issuer shall notify the Exchange Agent and each registered holder of the Old Notes of any extension by oral (promptly followed in writing) or written notice prior to 9:00 a.m., New York City time, on the next business day after the previously scheduled Expiration Date.

This Letter of Transmittal is to be used by holders of the Old Notes. Tender of Old Notes is to be made according to the Automated Tender Offer Program (“ATOP”) of The Depository Trust Company (“DTC”) pursuant to the procedures set forth in the Prospectus under the caption “Exchange Offer—Procedures for Tendering.” DTC participants that are accepting the Exchange Offer must transmit their acceptance to DTC, which will verify the acceptance and execute a book-entry delivery to the Exchange Agent’s DTC account. DTC will then send a computer generated message known as an “agent’s message” to the Exchange Agent for its acceptance. For you to validly tender your Old Notes in the Exchange Offer the Exchange Agent must receive, prior to the Expiration Date, an agent’s message under the ATOP procedures that confirms that:

- DTC has received your instructions to tender your Old Notes; and
- you agree to be bound by the terms of this Letter of Transmittal.

BY USING THE ATOP PROCEDURES TO TENDER OLD NOTES, YOU WILL NOT BE REQUIRED TO DELIVER THIS LETTER OF TRANSMITTAL TO THE EXCHANGE AGENT. HOWEVER, YOU WILL BE BOUND BY ITS TERMS, AND YOU WILL BE DEEMED TO HAVE MADE THE ACKNOWLEDGMENTS AND THE REPRESENTATIONS AND WARRANTIES IT CONTAINS, JUST AS IF YOU

HAD SIGNED IT.

Such election may be made by notifying the Issuer in writing at 20 N. Broadway, Oklahoma City, Oklahoma 73102, Attention: Corporate Secretary.
