*The issuer expects that delivery of the Notes will be made against payment therefor on or about April 5, 2024, which will be the third business day following the date of pricing of the Notes (this settlement cycle being herein referred to as “T+3”). Under Rule 15c6-1 under the U.S. Securities Exchange Act of 1934, as amended, trades in the secondary market generally are required to settle in two business days, unless the parties to any such trade expressly agree otherwise. Accordingly, purchasers who wish to trade the Notes more than two business days prior to the scheduled settlement date will be required, by virtue of the fact that the Notes initially will settle in T+3, to specify an alternative settlement cycle at the time of any such trade to prevent a failed settlement. Purchasers of the Notes who wish to make such trades should consult their own advisor.

Capitalized terms used and not defined herein have the meanings assigned in the issuer’s Preliminary Prospectus Supplement, dated April 2, 2024.
