Prospectus supplement summary

This summary highlights information contained or incorporated by reference in this prospectus supplement or the accompanying prospectus. The Company

H.J. Heinz Company was incorporated in Pennsylvania on July 27, 1900. In 1905, it succeeded to the business of a partnership operating under the same name which had developed from a food business founded in 1869 in Sharpsburg, Pennsylvania by Henry J. Heinz. Heinz manufactures and markets an extensive line of food products throughout the world. The Company's principal products include ketchup, condiments and sauces, frozen food, soups, beans and pasta meals, infant nutrition and other food products.

The Company's products are manufactured and packaged to provide safe, wholesome foods for consumers, as well as foodservice and institutional customers. Many products are prepared from recipes developed in the Company's research laboratories and experimental kitchens. Ingredients are carefully selected, inspected and passed on to modern factory kitchens where they are processed, after which the intermediate product is filled automatically into containers of glass, metal, plastic, paper or fiberboard, which are then sealed. Products are prepared by sterilization, blending, fermentation, pasteurization, homogenization, chilling, freezing, pickling, drying, freeze drying, baking or extruding, then labeled and cased for market. Quality assurance procedures are designed for each product and process and applied for quality and compliance with applicable laws.

The Company manufactures (and contracts for the manufacture of) its products from a wide variety of raw food materials. Pre-season contracts are made with farmers for certain raw materials such as a portion of the Company's requirements of tomatoes, cucumbers, potatoes, onions and some other fruits and vegetables. Ingredients, such as dairy products, meat, sugar and other sweeteners, including high fructose corn syrup, spices, flour and fruits and vegetables are purchased from approved suppliers.

Heinz's principal executive offices are located at 1 PPG Place, Suite 3100, Pittsburgh, Pennsylvania 15222 and our telephone number at that address is (412) 456-5700. We maintain a website at www.heinz.com. Information contained in or accessed through our website does not constitute a part of this prospectus supplement or the accompanying prospectus.

Description of Notes

The Notes will be issued under an indenture (the "Indenture"), dated as of July 15, 2008, between Heinz and Union Bank, N.A. (f/k/a Union Bank of California, N.A.), as trustee (the "Trustee").

The following description of the particular terms of the Notes of each series offered by this prospectus supplement augments, and to the extent inconsistent replaces, the description of the general terms and provisions of the debt securities under "Description of Debt Securities" in the accompanying prospectus. The following discussion summarizes selected provisions of the Indenture. Because this is only a summary, it is not complete and does not describe every aspect of the Notes and the Indenture. Whenever there is a reference to defined terms of the Indenture, the defined terms are incorporated by reference, and the statement is qualified in its entirety by that reference.

A copy of the Indenture can be obtained by following the instructions under the heading "Where You Can Find More Information" in the accompanying prospectus. You should read the Indenture for provisions that may be important to you but which are not included in this summary.

General terms of the Notes

The 2016 Notes will mature on September 12, 2016 at 100% of their principal amount, and the 2021 Notes will mature on September 12, 2021 at 100% of their principal amount. The Notes will be our general unsecured and unsubordinated obligations and will rank on parity with all of our other unsecured and unsubordinated indebtedness from time to time outstanding. The Notes will be effectively subordinated to all liabilities of our subsidiaries, including trade payables. As of April 27, 2011, a portion of our long-term debt was incurred by H.J. Heinz Finance Company and H.J. Heinz Finance U.K. PLC and is structurally senior to the Notes. See Note 7 to our audited consolidated financial statements in our annual report on Form 10-K for the fiscal year ended April 27, 2011 incorporated by reference herein for additional detail about our debt and financing arrangements.

The Indenture does not limit the amount of notes, debentures or other evidences of indebtedness that we may issue under the Indenture and provides that notes, debentures or other evidences of indebtedness may be issued from time to time in one or more series. The 2016 Notes and the 2021 Notes will each constitute a separate series of securities under the Indenture.

We may from time to time, without giving notice to or seeking the consent of the holders of either series of the Notes, issue securities having the same ranking and the same interest rate, maturity and other terms as either series of the Notes other than issue date, issue price and the payment of interest accruing prior to the issue date of the additional securities. Any additional securities having such similar terms, together with the relevant series of the Notes, will constitute a single series of securities under the Indenture.

The 2016 Notes will bear interest at the rate of 2.000% per year, and the 2021 Notes will bear interest at the rate of 3.125% per year, each from September 12, 2011 payable semiannually in arrears on March 12 and September 12 of each year, commencing March 12, 2012, to the persons in whose names the Notes were registered at the close of business on the immediately preceding March 1 and September 1, respectively (whether or not a business day). Interest on the Notes will be computed on the basis of a 360-day year comprised of twelve 30-day months. Principal and interest will be payable, and the Notes will be transferable or exchangeable, at the office or offices or agency maintained by us for this purpose. Payment of interest on the Notes may be made at our option by check mailed to the registered holders.

[Table of Contents](#)

Any payment otherwise required to be made in respect of the Notes on a date that is not a business day for the Notes may be made on the next succeeding business day with the same force and effect as if made on that date. No additional interest shall accrue as a result of a delayed payment. A “business day” is defined in the Indenture as a day other than a Saturday, Sunday or other day on which commercial banks in New York City are authorized or required by law to close.

The Notes will be issued only in fully registered form without coupons in denominations of \$2,000 and any integral multiples of \$1,000 in excess thereof. No service charge will be made for any transfer or exchange of the Notes, but we may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection with a transfer or exchange. The Notes of each series will be represented by one or more global securities registered in the name of a nominee of DTC. The Notes will be available only in book entry form. See “Forms of Securities—Registered global securities” in the accompanying prospectus.

We will initially appoint the Trustee at its corporate trust office as a paying agent, transfer agent and registrar for the Notes. We will cause each transfer agent to act as a co-registrar and will cause to be kept at the office of the registrar a register in which, subject to such reasonable regulations as we may prescribe, we will provide for the registration of the Notes and registration of transfers of the Notes. We may vary or terminate the appointment of any paying agent or transfer agent, or appoint additional or other such agents or approve any change in the office through which any such agent acts. We will provide you with notice of any resignation, termination or appointment of the Trustee or any paying agent or transfer agent, and of any change in the office through which any such agent will act.

Optional redemption of the 2016 Notes

The 2016 Notes may be redeemed at our option, at any time in whole or from time to time in part.

The redemption price for the 2016 Notes to be redeemed on any redemption date will be equal to the greater of the following amounts:

- 100% of the principal amount of the 2016 Notes being redeemed on the redemption date; or
- the sum of the present values of the remaining scheduled payments of principal and interest on the 2016 Notes being redeemed on that redemption date (not including any portion of any payments of interest accrued to the redemption date) discounted to the redemption date on a semiannual basis at the Treasury Rate (as defined below), as determined by the Reference Treasury Dealer (as defined below), plus 20 basis points;

plus, in each case, accrued and unpaid interest on the 2016 Notes to the redemption date.

Notwithstanding the foregoing, installments of interest on the 2016 Notes that are due and payable on interest payment dates falling on or prior to a redemption date will be payable on the interest payment date to the registered holders as of the close of business on the relevant record date according to the 2016 Notes and the Indenture. The redemption price will be calculated on the basis of a 360-day year consisting of twelve 30-day months.

We will mail notice of any redemption at least 30 days but not more than 60 days before the redemption date to each registered holder of the 2016 Notes to be redeemed. Once notice of redemption is mailed, the 2016 Notes called for redemption will become due and payable on the redemption date and at the applicable redemption price, plus accrued and unpaid interest to the redemption date.

[Table of Contents](#)

On and after the redemption date, interest will cease to accrue on the 2016 Notes or any portion of the 2016 Notes called for redemption (unless we default in the payment of the redemption price and accrued interest). On or before the redemption date, we will deposit with a paying agent or the Trustee money sufficient to pay the redemption price of and accrued interest on the 2016 Notes to be redeemed on that date. If less than all of the 2016 Notes are to be redeemed, the 2016 Notes to be redeemed shall be selected by the Trustee by a method the Trustee deems to be fair and appropriate. The 2016 Notes will not be entitled to the benefit of any mandatory redemption or sinking fund.

Optional redemption of the 2021 Notes

The 2021 Notes may be redeemed at our option, at any time in whole or from time to time in part. The redemption price for the 2021 Notes to be redeemed on any redemption date that is prior to the date that is three months prior to the maturity date will be equal to the greater of the following amounts:

- 100% of the principal amount of the 2021 Notes being redeemed on the redemption date; or
- the sum of the present values of the remaining scheduled payments of principal and interest on the 2021 Notes being redeemed on that redemption date (not including any portion of any payments of interest accrued to the redemption date) discounted to the redemption date on a semiannual basis at the Treasury Rate (as defined below), as determined by the Reference Treasury Dealer (as defined below), plus 20 basis points;

plus, in each case, accrued and unpaid interest on the 2021 Notes to the redemption date.

At any time on or after the date that is three months prior to the maturity date, the 2021 Notes may be redeemed at our option, at any time in whole or from time to time in part, at a redemption price equal to 100% of the principal amount of the 2021 Notes being redeemed on the redemption date plus, in each case, accrued and unpaid interest on the 2021 Notes to the redemption date.

Notwithstanding the foregoing, installments of interest on the 2021 Notes that are due and payable on interest payment dates falling on or prior to a redemption date will be payable on the interest payment date to the registered holders as of the close of business on the relevant record date according to the 2021 Notes and the Indenture. The redemption price will be calculated on the basis of a 360-day year consisting of twelve 30-day months.

We will mail notice of any redemption at least 30 days but not more than 60 days before the redemption date to each registered holder of the 2021 Notes to be redeemed. Once notice of redemption is mailed, the 2021 Notes called for redemption will become due and payable on the redemption date and at the applicable redemption price, plus accrued and unpaid interest to the redemption date.

On and after the redemption date, interest will cease to accrue on the 2021 Notes or any portion of the 2021 Notes called for redemption (unless we default in the payment of the redemption price and accrued interest). On or before the redemption date, we will deposit with a paying agent or the Trustee money sufficient to pay the redemption price of and accrued interest on the 2021 Notes to be redeemed on that date. If less than all of the 2021 Notes are to be redeemed, the 2021 Notes to be redeemed shall be selected by the Trustee by a method the Trustee deems to be fair and appropriate. The 2021 Notes will not be entitled to the benefit of any mandatory redemption or sinking fund.

Definitions related to optional redemptions of the Notes

“*Comparable Treasury Issue*” means the United States Treasury security having a maturity comparable to the remaining term of the Notes to be redeemed that would be utilized, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of comparable maturity to the remaining term of such Notes.

“*Comparable Treasury Price*” means, with respect to any redemption date, (i) the average of the Reference Treasury Dealer Quotations for such redemption date, after excluding the highest and lowest such Reference Treasury Dealer Quotations, or (ii) if the Company obtains fewer than four such Reference Treasury Dealer Quotations, the average of all such quotations, or (iii) if only one Reference Treasury Dealer Quotation is received, such quotation.

“*Reference Treasury Dealer*” means (i) J.P. Morgan Securities LLC, BNP Paribas Securities Corp. and HSBC Securities (USA) Inc. (or their affiliates which are Primary Treasury Dealers (as defined below)), and their successors; *provided, however,* that if any of the foregoing shall cease to be a primary U.S. Government securities dealer in New York City (a “Primary Treasury Dealer”), we will substitute therefor another Primary Treasury Dealer; and (ii) any other Primary Treasury Dealer(s) selected by us.

“*Reference Treasury Dealer Quotation*” means, with respect to each Reference Treasury Dealer and any redemption date, the average, as determined by the Company, of the bid and asked prices for the Comparable Treasury Issue (expressed in each case as a percentage of its principal amount) quoted in writing to the Company by such Reference Treasury Dealer at 5:00 p.m. (New York City time) on the third business day preceding such redemption date.

“*Treasury Rate*” means, with respect to any redemption date, the rate per annum equal to the semiannual equivalent yield to maturity of the Comparable Treasury Issue, assuming a price for the Comparable Treasury Issue (expressed as a percentage of its principal amount) equal to the Comparable Treasury Price for such redemption date.

Offer to repurchase upon Change of Control Triggering Event

Upon the occurrence of a Change of Control Triggering Event (as defined below), unless we have exercised our right to redeem the Notes of a series as described above under “—Optional redemption,” the Indenture provides that each holder of Notes of such series will have the right to require us to purchase all or a portion (equal to \$2,000 and any integral multiples of \$1,000 in excess thereof) of that holder’s Notes of such series pursuant to the offer described below (the “Change of Control Offer”), at a purchase price equal to 101% of the principal amount thereof plus accrued and unpaid interest, if any, to the date of purchase, subject to the rights of holders of Notes of such series on the relevant record date to receive interest due on the relevant interest payment date. Within 30 days following the date upon which the Change of Control Triggering Event occurred, or at our option prior to any Change of Control (as defined below) but after the public announcement of the pending Change of Control, we will be required to send, by first class mail, a notice to each holder of Notes of such series, with a copy to the Trustee, which notice will govern the terms of the Change of Control Offer. Such notice will state, among other things, the purchase date, which must be no earlier than 30 days nor later than 60 days from the date such notice is mailed, other than as may be required by law (the “Change of Control Payment Date”). The notice, if mailed prior to the date of consummation of the Change of Control, will state that the Change of Control Offer is conditioned on the Change of Control being consummated on or prior to the Change of Control Payment Date. Our ability to pay cash to the holders of Notes following the occurrence of a Change of Control may be limited by our then-existing financial resources. Therefore, sufficient funds may not be available when necessary to make any required repurchases.

Table of Contents

The definition of "Change of Control" under the Indenture includes a phrase relating to the direct or indirect sale, lease, transfer, conveyance or other disposition of "all or substantially all" of our and our subsidiaries' properties or assets taken as a whole. There is no precise established definition of the phrase "substantially all" under applicable law. Accordingly, the ability of a holder of Notes to require us to repurchase such holder's Notes as a result of a sale, lease, transfer, conveyance or other disposition of less than all of our and our subsidiaries' assets taken as a whole to another person or group may be uncertain.

The Company will not be required to make a Change of Control Offer if a third party makes such an offer in the manner, at the times and otherwise in compliance with the requirements for such an offer made by the Company and such third party purchases all Notes properly tendered and not withdrawn under its offer. Notwithstanding anything to the contrary herein, a Change of Control Offer may be made in advance of a Change of Control Triggering Event conditional upon such Change of Control.

We will comply with the requirements of Rule 14e-1 under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), and any other securities laws and regulations thereunder to the extent those laws and regulations are applicable in connection with the repurchase of the Notes as a result of a Change of Control Triggering Event. To the extent that the provisions of any securities laws or regulations conflict with the Change of Control Offer provisions of the Indenture or the Notes, we will comply with the applicable securities laws and regulations and will not be deemed to have breached our obligations under the Change of Control Offer provisions of the Indenture or the Notes by virtue of any such conflict.

We have no present intention to engage in a transaction involving a Change of Control, although it is possible that we would decide to do so in the future. We could, in the future, enter into certain transactions, including acquisitions, refinancings or other recapitalizations, that would not constitute a Change of Control, but that could increase the amount of debt outstanding at such time or otherwise affect our capital structure or adversely affect our credit ratings.

Definitions related to offers to repurchase the Notes upon Change of Control Triggering Events

"*Capital Stock*" means:

1. in the case of a corporation, corporate stock;
2. in the case of an association or business entity, any and all shares, interests, participations, rights or other equivalents (however designated) of corporate stock;
3. in the case of a partnership or limited liability company, partnership or membership interests (whether general or limited); and
4. any other interest or participation that confers on a person the right to receive a share of the profits and losses of, or distributions of assets of, the issuing person.

"*Change of Control*" means the occurrence of any one of the following:

1. the direct or indirect sale, lease, transfer, conveyance or other disposition (other than by way of merger or consolidation), in one or a series of related transactions, of all or substantially all of our properties or assets and those of our subsidiaries taken as a whole to any "person" (as that term is used in Section 13(d)(3) of the Exchange Act), other than us or one of our subsidiaries;
2. the consummation of any transaction or series of related transactions (including, without limitation, any merger or consolidation) the result of which is that any "person"

Table of Contents

(as that term is used in Section 13(d)(3) of the Exchange Act), other than us or one of our wholly-owned subsidiaries, becomes the beneficial owner (as defined in Rules 13d-3 and 13d-5 under the Exchange Act), directly or indirectly, of more than 50% of the then outstanding shares of our Voting Stock, measured by voting power rather than number of shares;

3. the first day on which a majority of the members of our Board of Directors cease to be Continuing Directors; or
4. the adoption of a plan relating to our liquidation or dissolution by our Board of Directors.

Notwithstanding the foregoing, a transaction will not be considered to be a Change of Control if (a) we become a direct or indirect wholly-owned subsidiary of a holding company and (b)(x) immediately following that transaction, the direct or indirect holders of the Voting Stock of the holding company are substantially the same as the holders of our Voting Stock immediately prior to that transaction or (y) immediately following that transaction no person is the beneficial owner, directly or indirectly, of more than 50% of the voting stock of such holding company.

“Change of Control Triggering Event” means the occurrence of both a Change of Control and a Rating Event.

“Continuing Directors” means, as of any date of determination, any member of our Board of Directors who (1) was a member of such Board of Directors on the date of the issuance of the Notes; or (2) was nominated for election, elected or appointed to such Board of Directors with the approval of a majority of the Continuing Directors who were members of such Board of Directors at the time of such nomination, election or appointment.

“Fitch” means Fitch Ratings and its successors.

“Investment Grade” means a rating of Baa3 or better by Moody's (or its equivalent under any successor rating categories of Moody's), a rating of BBB- or better by S&P (or its equivalent under any successor rating categories of S&P) and a rating of BBB- or better by Fitch (or its equivalent under any successor rating categories of Fitch).

“Moody's” means Moody's Investors Service Inc., a subsidiary of Moody's Corporation, and its successors.

“Rating Agency” means (1) each of Moody's, S&P and Fitch, and (2) if any of Moody's, S&P or Fitch ceases to rate the Notes of the applicable series or fails to make a rating of the Notes of the applicable series publicly available for reasons outside of our control, a “nationally recognized statistical rating organization” within the meaning of Section 3(a)(62) under the Exchange Act, selected by us (as certified by a resolution of our Board of Directors and reasonably acceptable to the Trustee) as a replacement agency for Moody's, S&P or Fitch, or each of them, as the case may be.

“Rating Event” means (i) the rating of the Notes of the applicable series is lowered by each of the Rating Agencies during the period (the “Trigger Period”) commencing on the earlier of the first public notice of (a) the occurrence of a Change of Control or (b) our intention to effect a Change of Control and ending 60 days following consummation of such Change of Control (which period shall be extended so long as the rating of the Notes of the applicable series is under publicly announced consideration for possible downgrade by any of the Rating Agencies) and (ii) the Notes of the applicable series are rated below an Investment Grade rating by each of the Rating Agencies on any day during the Trigger Period;

[Table of Contents](#)

provided that a rating event will not be deemed to have occurred in respect of a particular Change of Control (and thus will not be deemed a Rating Event for purposes of the definition of Change of Control Triggering Event) if each Rating Agency making the reduction in rating does not publicly announce or confirm or inform the Trustee in writing at our request that the reduction was the result, in whole or in part, of any event or circumstance comprised of or arising as a result of, or in respect of, the Change of Control (whether or not the applicable Change of Control has occurred at the time of the Rating Event).

“*S&P*” means Standard & Poor’s Ratings Services, a division of The McGraw-Hill Companies, Inc., and its successors.

“*Voting Stock*” means, with respect to a corporation or other entity, Capital Stock of any class or classes entitled to vote under ordinary circumstances in the election of the board of directors, managers or trustees of such entity (irrespective of whether or not at the time stock of any other class or classes shall have or might have voting power upon the occurrence of any contingency).

Governing law

The Indenture provides that it and the Notes will be governed by, and construed in accordance with, the laws of the State of New York.

Trustee

Union Bank, N.A. is the Trustee under the Indenture, with its corporate trust office at 1251 Avenue of the Americas, 19th Floor, New York, New York 10020, United States of America.

We maintain lines of credit and have customary banking relationships with the Trustee and its affiliates. In addition, the Trustee may serve as trustee for other debt securities issued by the Company from time to time.

Except during the continuance of an Event of Default, the Trustee need perform only those duties that are specifically set forth in the Indenture and no others, and no implied covenants or obligations will be read into the Indenture against the Trustee. In case an Event of Default has occurred and is continuing, the Trustee shall exercise those rights and powers vested in it by the Indenture, and use the same degree of care and skill in their exercise, as a prudent man would exercise or use under the circumstances in the conduct of his own affairs. No provision of the Indenture will require the Trustee to expend or risk its own funds or otherwise incur any financial liability in the performance of its duties thereunder, or in the exercise of its rights or powers, unless it receives indemnity satisfactory to it against any loss, liability or expense.

Material U.S. federal income tax consequences

The following are the material U.S. federal income tax consequences of owning and disposing of Notes purchased in this offering at the “issue price,” which we assume, for each series of Notes, will be the applicable “issue price” indicated on the cover of this prospectus supplement, and held as capital assets for U.S. federal income tax purposes.

This discussion does not describe all of the tax consequences that may be relevant to you in light of your particular circumstances, including alternative minimum tax consequences and differing tax consequences that may apply to you, for instance if you are:

- a financial institution;
- a dealer or trader in securities;
- holding Notes as part of a “straddle” or integrated transaction;
- a U.S. Holder (as defined below) whose functional currency is not the U.S. dollar;
- a partnership for U.S. federal income tax purposes; or
- a tax-exempt entity.

If you are a partnership for U.S. federal income tax purposes, the U.S. federal income tax treatment of your partners will generally depend on the status of the partner and the activities of the partnership.

This summary is based on the Internal Revenue Code of 1986, as amended to the date hereof, administrative pronouncements, judicial decisions and final, temporary and proposed Treasury Regulations, changes to any of which subsequent to the date of this prospectus supplement may affect the tax consequences described herein. If you are considering the purchase of Notes, you should consult your tax adviser with regard to the application of the U.S. federal tax laws to your particular situation, as well as any tax consequences arising under the laws of any state, local or foreign taxing jurisdiction.

Tax consequences to U.S. Holders

This section applies to you if you are a U.S. Holder. You are a U.S. Holder if for U.S. federal income tax purposes you are a beneficial owner of a Note that is:

- a citizen or individual resident of the United States;
- a corporation, or other entity taxable as a corporation, created or organized in or under the laws of the United States, any state therein or the District of Columbia; or
- an estate or trust the income of which is subject to U.S. federal income taxation regardless of its source.

Possible treatment of the Notes as contingent payment debt instruments

In the event of a Change of Control Triggering Event, you will have the right to require the Company to repurchase all or a portion of your Notes at 101% of their principal amount plus accrued and unpaid interest, as described under “Description of Notes—Offer to repurchase upon Change of Control Triggering Event.”

[Table of Contents](#)

Although the issue is not free from doubt, the Company believes that the possibility of such repurchase does not result in the Notes being treated as contingent payment debt instruments under the applicable Treasury regulations. The Company's position is not binding on the Internal Revenue Service (the "IRS"). If the IRS takes a contrary position, you may be required to treat any gain recognized on the sale or other disposition of the Notes as ordinary income rather than as capital gain. Furthermore, you would be required to accrue interest income on a constant yield basis at an assumed yield determined at the time of issuance of the Notes (which is not expected to differ significantly from the actual yield of on the Notes). You should consult your tax adviser regarding the tax consequences of the Notes being treated as contingent payment debt instruments. The remainder of this discussion assumes that the Notes are not treated as contingent payment debt instruments.

Payments of interest

Stated interest paid on a Note will be taxable to you as ordinary interest income at the time it accrues or is received, in accordance with your method of accounting for federal income tax purposes. It is expected, and therefore this discussion assumes, that each series of the Notes will be issued without original issue discount for U.S. federal income tax purposes.

Sale, exchange or retirement of the Notes

Upon the sale, exchange or retirement of a Note, you will recognize taxable gain or loss equal to the difference between the amount realized on the sale, exchange or retirement and your adjusted tax basis in the Note. For these purposes, the amount realized does not include any amount attributable to accrued interest, which would be treated as described under "Payments of interest" above. Gain or loss realized on the sale, exchange or retirement of a Note will generally be capital gain or loss and will be long term capital gain or loss if at the time of sale, exchange or retirement the Note has been held for more than one year.

Backup withholding and information reporting

With certain exceptions, information returns will be filed with the IRS in connection with payments on the Notes and the proceeds from a sale or other disposition of the Notes. You may be subject to backup withholding on these payments if you fail to comply with certain certification procedures. The amount of any backup withholding will be allowed as a credit against your U.S. federal income tax liability and may entitle you to a refund, provided that the required information is timely furnished to the IRS.

Tax consequences to Non-U.S. Holders

This section applies to you if you are a Non-U.S. Holder. You are a Non-U.S. Holder if for U.S. federal income tax purposes you are a beneficial owner of a Note that is:

- a nonresident alien individual;
- a foreign corporation; or
- a foreign estate or trust.

You are not a Non-U.S. Holder if you are a nonresident alien individual present in the United States for 183 days or more in the taxable year of disposition, in which case you should consult your tax adviser regarding the U.S. federal income tax consequences of disposing of a Note.

[Table of Contents](#)

Payments on the Notes and dispositions of the Notes

Payments to you on a Note, and any gain you realize on a sale or exchange of your Notes, will not be subject to U.S. federal income tax, including withholding tax, provided generally that (i) you certify on a properly executed IRS Form W-8BEN that you are not a United States person; and (ii) such amounts are not effectively connected with your conduct of a trade or business in the United States.

If interest or gain from a Note is effectively connected with your conduct of a trade or business in the United States, you will generally be taxed in the same manner as a U.S. Holder, subject to an applicable income tax treaty providing otherwise, except that you will be required to provide a properly executed IRS Form W-8ECI in order to claim an exemption from 30% withholding. In this event, you should consult your tax adviser with respect to other U.S. tax consequences of owning and disposing of Notes, including the possible imposition of a branch profits tax at a rate of 30% (or a lower treaty rate) if you are a corporation.

Backup withholding and information reporting

Information returns will be filed with the IRS in connection with payments of interest on the Notes. Unless you comply with certification procedures to establish that you are not a United States person, information returns may also be filed with the IRS in connection with the proceeds from a sale or other disposition of a Note, and you may be subject to backup withholding on payments on the Notes or on the proceeds from a sale or other disposition of the Notes. The certification procedure required to claim the exemption from withholding tax on interest described above will satisfy the certification requirements necessary to avoid backup withholding as well. The amount of any backup withholding from a payment to you will be allowed as a credit against your U.S. federal income tax liability and may entitle you to a refund, provided that the required information is timely furnished to the IRS.

Pennsylvania tax considerations

Notes held by certain persons connected with Pennsylvania, principally individuals and partnerships resident in Pennsylvania and resident trustees of trusts for resident beneficiaries, will be subject to the Pennsylvania Corporate Loans Tax. The Company will be required to withhold from interest payments and remit to the Pennsylvania Department of Revenue the Pennsylvania Corporate Loans Tax at the current annual rate of four mills for each dollar of principal amount of the Notes (\$4.00 on each \$1,000 of principal amount) held by or for those subject to such tax. The Notes will be exempt, under current law, from personal property taxes imposed by political subdivisions in Pennsylvania.

The underwriters are obligated to take and pay for all of the Notes offered by this prospectus supplement if any such Notes are taken.

The underwriters initially propose to offer part of the Notes directly to the public at the offering prices described on the cover page of this prospectus supplement. In connection with the offering of the Notes, the underwriters may engage in transactions that stabilize, maintain or otherwise affect the prices of the Notes. Specifically, the underwriters may overallocate in connection with the offering of the Notes, creating syndicate short positions. In addition, the underwriters may bid for and purchase Notes in the open market to cover syndicate short positions or to stabilize the prices of the Notes. Finally, the underwriting syndicate may reclaim selling concessions allowed for distributing the Notes in the offering of the Notes, if the syndicate repurchases previously distributed Notes in syndicate covering transactions, stabilization transactions or otherwise. Any of these activities may stabilize or maintain the market prices of the Notes above independent market levels.

The underwriters are not required to engage in any of these activities, and may end any of them at any time. The Notes are new issues of securities and there are currently no established trading markets for the Notes. We do not intend to apply for listings of the Notes on any securities exchange or quotation on an automated dealer quotation system. Accordingly, there can be no assurance as to the development or liquidity of any markets for the Notes. The underwriters have advised us that they currently intend to make a market in the Notes of each series. However, they are not obligated to do so, and any market making with respect to the Notes may be discontinued at any time without notice.

Expenses associated with this offering to be paid by us, other than underwriting discounts, are estimated to be approximately \$651,000.

H.J. HEINZ COMPANY

H.J. Heinz Company was incorporated in Pennsylvania on July 27, 1900. In 1905, it succeeded to the business of a partnership operating under the same name which had developed from a food business founded in 1869 in Sharpsburg, Pennsylvania by Henry J. Heinz. Heinz manufactures and markets an extensive line of food products throughout the world. The Company’s principal products include ketchup, condiments and sauces, frozen food, soups, beans and pasta meals, infant nutrition and other food products.

The Company’s products are manufactured and packaged to provide safe, wholesome foods for consumers, as well as foodservice and institutional customers. Many products are prepared from recipes developed in the Company’s research laboratories and experimental kitchens. Ingredients are carefully selected, inspected and passed on to modern factory kitchens where they are processed, after which the intermediate product is filled automatically into containers of glass, metal, plastic, paper or fiberboard, which are then sealed. Products are prepared by sterilization, blending, fermentation, pasteurization, homogenization, chilling, freezing, pickling, drying, freeze drying, baking or extruding, then labeled and cased for market. Quality assurance procedures are designed for each product and process and applied for quality and compliance with applicable laws.

The Company manufactures (and contracts for the manufacture of) its products from a wide variety of raw food materials. Pre-season contracts are made with farmers for certain raw materials such as a portion of the Company’s requirements of tomatoes, cucumbers, potatoes, onions and some other fruits and vegetables. Ingredients, such as dairy products, meat, sugar and other sweeteners, including high fructose corn syrup, spices, flour and fruits and vegetables are purchased from approved suppliers.

Heinz’s principal executive offices are located at 1 PPG Place, Suite 3100, Pittsburgh, Pennsylvania 15222 and our telephone number at that address is (412) 456-5700. We maintain a website at www.heinz.com. Information contained in or accessed through our website does not constitute a part of this prospectus.

[Table of Contents](#)

USE OF PROCEEDS

Unless otherwise indicated in a prospectus supplement, the net proceeds from the sale of the securities will be used for general corporate purposes, including working capital, acquisitions, retirement of debt and other business opportunities.

RATIO OF EARNINGS TO FIXED CHARGES

The following table sets forth our ratio of earnings to fixed charges for the periods indicated.

	Three months ended	Fiscal years ended				
		April 27, 2011 <u>(52 weeks)</u>	April 28, 2010 <u>(52 weeks)</u>	April 29, 2009 <u>(52 weeks)</u>	April 30, 2008 <u>(52 weeks)</u>	May 2, 2007 <u>(52 weeks)</u>
Ratio of earnings to fixed charges	<u>4.68</u>	<u>5.37</u>	<u>4.72</u>	<u>4.47</u>	<u>4.06</u>	<u>4.03</u>

The ratio of earnings to fixed charges was calculated by dividing earnings by fixed charges. Earnings were calculated by adding income from continuing operations before income taxes, interest expense (including amortization of debt expense and any discount or premium relating to indebtedness), the interest component of rental expense and the amortization of capitalized interest. Fixed charges were calculated by adding interest expense (including amortization of debt expense and any discount or premium relating to indebtedness), capitalized interest and the interest component of rental expense.

DESCRIPTION OF SECURITIES

This prospectus contains a summary of the securities that Heinz may sell. These summaries are not meant to be a complete description of each security. However, this prospectus and the accompanying prospectus supplement contain the material terms of the securities being offered.

[Table of Contents](#)

DESCRIPTION OF DEBT SECURITIES

The following description of the terms of the debt securities sets forth certain general terms and provisions of the debt securities to which any prospectus supplement may relate. The particular terms of any debt securities offered and the extent, if any, to which such general provisions may apply to such offered debt securities will be described in the prospectus supplement relating to such offered debt securities. In this section, the term “Company” refers to H.J. Heinz Company and not to any of its subsidiaries.

The debt securities are to be issued under an Indenture (the “Indenture”), dated as of July 15, 2008, between the Company and Union Bank, N.A. (f/k/a Union Bank of California, N.A.), as Trustee (the “Trustee”), which is filed as an exhibit to the registration statement of which this prospectus forms a part. The following summary of certain general provisions of the Indenture and the debt securities does not purport to be complete and is subject to, and is qualified in its entirety by reference to, the provisions of the Indenture, including the definitions therein of certain terms. Whenever particular provisions in the Indenture are referred to herein, such provisions are incorporated by reference herein. Unless otherwise defined herein, all capitalized terms in this section have the definitions ascribed to such terms in the Indenture, which definitions are incorporated by reference herein. The terms of any supplemental indenture entered into in connection with a particular issuance of debt securities will be described in the prospectus supplement relating to such offered debt securities.

References to “holders” in this section mean those who own debt securities registered in their own names, on the books that we or the applicable trustee maintain for this purpose, and not those who own beneficial interests in debt securities registered in street name or in debt securities issued in book-entry form through one or more depositories.

General

The Indenture does not limit the aggregate principal amount of debt securities that may be issued thereunder. The debt securities may be issued from time to time in one or more series. Unless otherwise indicated in the prospectus supplement relating thereto, the debt securities will be unsecured and will rank *pari passu* with all other existing and future unsecured and unsubordinated indebtedness of the Company. Accordingly, your ownership of debt securities means you are one of our unsecured creditors. The Indenture does not limit the amount of other indebtedness or securities, other than certain secured indebtedness as described below, that may be issued by the Company.

Securities at their registered addresses. No service charge will be made for any transfer or exchange of the debt securities, but the Company may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection therewith.

One or more series of the debt securities may be issued as discounted debt securities (bearing no interest or interest at a rate which at the time of issuance is below market rates) to be sold at a substantial discount below their stated principal amount. Material United States federal income tax consequences and other special considerations applicable to any such discounted debt securities will be described in the prospectus supplement relating thereto.

The Company may at any time purchase debt securities at any price in the open market or otherwise. Debt securities so purchased by the Company may, at its sole option, be held, resold or surrendered to the Trustee for cancellation.

Highly Leveraged Transactions

Except as described below and unless otherwise described in a prospectus supplement relating to any offered debt securities, there are no covenants or provisions contained in the Indenture which may afford the holders of offered debt securities direct protection in the event of a highly leveraged transaction involving the Company.

Merger and Consolidation

The Company covenants that it will not merge or sell, convey, transfer or lease all or substantially all of its assets unless the Company is the surviving corporation or the successor Person is a Person organized under the laws of the United States (including any state thereof and the District of Columbia) which expressly assumes the Company's obligations on all the debt securities and under the Indenture and, after giving effect to such transaction, the Company or the successor Person would not be in default under the Indenture.

Events of Default

The Indenture defines "Events of Default" with respect to the debt securities of any series as being one of the following events: (i) default in the payment of any installment of interest on that series for 30 days after becoming due; (ii) default in the payment of principal of (or premium, if any, on) that series when due; (iii) default in the deposit of any sinking fund payment when due; (iv) default in the performance or breach of any other covenant or warranty in the debt securities of that series or the Indenture (other than a covenant included in the Indenture solely for the benefit of any series of debt securities other than that series) for 90 days after notice to us by the Trustee or to us and the Trustee by the holders of at least 25% in principal amount of the debt securities; (v) certain events of bankruptcy, insolvency or reorganization with respect to the Company; and (vi) any other Event of Default provided with respect to debt securities of that series. If an Event of Default shall occur and be continuing with respect to the debt securities of any series, either the Trustee or the holders of at least 25% in principal amount of the debt securities then outstanding of that series may declare the principal (or such portion thereof as may be specified in the prospectus supplement relating to such series) of the debt securities of such series to be due and payable. Under certain conditions, such a declaration may be annulled. Notwithstanding the foregoing, if an Event of Default pursuant to (v) above occurs with respect to the Company, the unpaid principal of, premium, if any, and any accrued and unpaid interest on all the debt securities shall become and be immediately due and payable without further action or notice on the part of the Trustee or any holder.

The Indenture provides that the Trustee shall, within 90 days after the occurrence of a default known to it, give the holders of debt securities notice of all uncured defaults known to it (the term "default" to mean the events specified above without grace periods); *provided, however*, that, except in the case of default in the payment of principal of or interest on any Debt Security, the Trustee shall be protected in withholding such notice if it in good faith determines the withholding of such notice is in the interest of the holders of debt securities.

The Company will be required to furnish to the Trustee annually a statement by an officer of the Company stating whether or not, to the best of his or her knowledge, the Company is in default in the performance and observance of any of the terms, provisions and conditions under the Indenture and, if the Company is in default, specifying each such default.

The holders of a majority in principal amount of the outstanding debt securities of any series will have the right, subject to certain limitations, to direct the time, method and place of conducting any proceeding for any remedy available to the Trustee or exercising any trust or power conferred on the Trustee with respect to the debt securities of such series, and to waive certain defaults with respect thereto. The Indenture provides that in case an Event of Default shall occur and be continuing, the Trustee shall exercise such of its rights and powers under the Indenture, and use the same degree of care and skill in their exercise, as a prudent man would exercise or use under the circumstances in the conduct of his own affairs. Subject to such provisions, the Trustee will be under no obligation to exercise any of its rights or powers under the Indenture at the request of any of the holders of debt securities unless they shall have offered to the Trustee reasonable security or indemnity against the costs, expenses and liabilities which might be incurred by it in compliance with such request.

Modification of the Indenture

With certain exceptions, the Indenture may be modified or amended with the consent of the holders of not less than a majority in principal amount of the outstanding debt securities of each series affected by the modification; *provided, however*, that no such modification or amendment may be made, without the consent of the holder of each debt security affected, which would (i) reduce the principal amount of or the interest on any debt security, change the stated maturity of the principal of, or any installment of principal of or interest on, any debt security, or the other terms of payment thereof, or (ii) reduce the above-stated percentage of debt securities, the consent of the holders of which is required to modify or amend the Indenture, or the percentage of debt securities of any series, the consent of the holders of which is required to waive compliance with certain provisions of the Indenture or to waive certain past defaults.

Defeasance and Discharge

The Indenture provides that the Company may elect, with respect to the debt securities of any series, either:

(i) to terminate (and be deemed to have satisfied) any and all obligations in respect of such debt securities (except for certain obligations to register the transfer or exchange of debt securities, to replace stolen, lost or mutilated debt securities, to maintain paying agencies and hold monies for payment in trust and, if so specified with respect to the debt securities of a certain series, to pay the principal of (and premium, if any) and interest, if any, on such specified debt securities and certain obligations owed to the Trustee); or

(ii) to be released from its obligations with respect to such debt securities under Section 10.04 of the Indenture (being the restrictions described above under “Restrictions on Secured Debt”)

in either case on the 91st day after the deposit with the Trustee, in trust, of money and/or U.S. Government Obligations (as defined in the Indenture) which through the payment of interest and principal thereof in accordance with their terms will provide money in an amount sufficient to pay any installment of principal (and premium, if any (and interest, if any)), on and any mandatory sinking fund payments in respect of such debt securities on the stated maturity of such payments in accordance with the terms of the Indenture and such debt securities. Such a trust may be established only if, among other things, the Company has delivered to the Trustee an Opinion of Counsel (who may be counsel to the Company) to the effect that, based upon applicable U.S. federal income tax law or a ruling published by the U.S. Internal Revenue Service (which opinion must be based on a change in applicable U.S. federal income tax law after the date of the Indenture or a ruling published by the U.S. Internal Revenue Service after the date of the Indenture), such a defeasance and discharge will not be deemed, or result in, a taxable event with respect to holders of such debt securities. The designation of such provisions, U.S. federal income tax consequences and other considerations applicable thereto will be described in the prospectus supplement relating thereto. If so specified with respect to the debt securities of a series, such a trust may be established only if establishment of the trust would not cause the debt securities of any such series listed on any nationally recognized securities exchange to be de-listed as a result thereof.

Governing Law

The Indenture and the debt securities will be governed by, and construed in accordance with, the laws of the state of New York.

Concerning the Trustee

Union Bank, N.A. (f/k/a Union Bank of California, N.A.) is the Trustee under the Indenture and has been appointed by the Company as initial Security Registrar with regard to the debt securities. The Company currently does, and from time to time in the future may, maintain lines of credit and have customary banking relationships with the Trustee and its affiliates. In addition, the Trustee may serve as trustee for other debt securities issued by the Company from time to time.

DESCRIPTION OF WARRANTS

We may issue warrants to purchase our debt securities or securities of third parties or other rights, including rights to receive payment in cash or securities based on the value, rate or price of one or more specified commodities, currencies, securities or indices, or any combination of the foregoing. Warrants may be issued independently or together with any other securities and may be attached to, or separate from, such securities. Each series of warrants will be issued under a separate warrant agreement to be entered into between us and a warrant agent. The terms of any warrants to be issued and a description of the material provisions of the applicable warrant agreement will be set forth in the applicable prospectus supplement.

DESCRIPTION OF PURCHASE CONTRACTS

We may issue purchase contracts for the purchase or sale of:

- debt securities issued by us or securities of third parties, a basket of such securities, an index or indices of such securities or any combination of the above as specified in the applicable prospectus supplement;
- currencies; or
- commodities.

Each purchase contract will entitle the holder thereof to purchase or sell, and obligate us to sell or purchase, on specified dates, such securities, currencies or commodities at a specified purchase price, which may be based on a formula, all as set forth in the applicable prospectus supplement. We may, however, satisfy our obligations, if any, with respect to any purchase contract by delivering the cash value of such purchase contract or the cash value of the property otherwise deliverable or, in the case of purchase contracts on underlying currencies, by delivering the underlying currencies, as set forth in the applicable prospectus supplement. The applicable prospectus supplement will also specify the methods by which the holders may purchase or sell such securities, currencies or commodities and any acceleration, cancellation or termination provisions or other provisions relating to the settlement of a purchase contract.

The purchase contracts may require us to make periodic payments to the holders thereof or vice versa, which payments may be deferred to the extent set forth in the applicable prospectus supplement, and those payments may be unsecured or prefunded on some basis. The purchase contracts may require the holders thereof to secure their obligations in a specified manner to be described in the applicable prospectus supplement. Alternatively, purchase contracts may require holders to satisfy their obligations thereunder when the purchase contracts are issued. Our obligation to settle such pre-paid purchase contracts on the relevant settlement date may constitute indebtedness. Accordingly, pre-paid purchase contracts will be issued under the Indenture.

DESCRIPTION OF UNITS

As specified in the applicable prospectus supplement, we may issue units consisting of one or more purchase contracts, warrants, debt securities or any combination of such securities.

[Table of Contents](#)

FORMS OF SECURITIES

Each debt security, warrant and unit will be represented either by a certificate issued in definitive form to a particular investor or by one or more global securities representing the entire issuance of securities. Certificated securities in definitive form and global securities will be issued in registered form. Definitive securities name you or your nominee as the owner of the security, and in order to transfer or exchange these securities or to receive payments other than interest or other interim payments, you or your nominee must physically deliver the securities to the trustee, registrar, paying agent or other agent, as applicable. Global securities name a depository or its nominee as the owner of the debt securities, warrants or units represented by these global securities. The depository maintains a computerized system that will reflect each investor's beneficial ownership of the securities through an account maintained by the investor with its broker/dealer, bank, trust company or other representative, as we explain more fully below.

Registered global securities

We may issue the registered debt securities, warrants and units in the form of one or more fully registered global securities that will be deposited with a depository or its nominee identified in the applicable prospectus supplement and registered in the name of that depository or nominee. In those cases, one or more registered global securities will be issued in a denomination or aggregate denominations equal to the portion of the aggregate principal or face amount of the securities to be represented by registered global securities. Unless and until it is exchanged in whole for securities in definitive registered form, a registered global security may not be transferred except as a whole by and among the depository for the registered global security, the nominees of the depository or any successors of the depository or those nominees.

If not described below, any specific terms of the depository arrangement with respect to any securities to be represented by a registered global security will be described in the prospectus supplement relating to those securities. We anticipate that the following provisions will apply to all depository arrangements.

Ownership of beneficial interests in a registered global security will be limited to persons, called participants, that have accounts with the depository or persons that may hold interests through participants. Upon the issuance of a registered global security, the depository will credit, on its book-entry registration and transfer system, the participants' accounts with the respective principal or face amounts of the securities beneficially owned by the participants. Any dealers, underwriters or agents participating in the distribution of the securities will designate the accounts to be credited. Ownership of beneficial interests in a registered global security will be shown on, and the transfer of ownership interests will be effected only through, records maintained by the depository, with respect to interests of participants, and on the records of participants, with respect to interests of persons holding through participants. The laws of some states may require that some purchasers of securities take physical delivery of these securities in definitive form. These laws may impair your ability to own, transfer or pledge beneficial interests in registered global securities.

So long as the depository, or its nominee, is the registered owner of a registered global security, that depository or its nominee, as the case may be, will be considered the sole owner or holder of the securities represented by the registered global security for all purposes under the applicable indenture, warrant agreement or unit agreement. Except as described below, owners of beneficial interests in a registered global security will not be entitled to have the securities represented by the registered global security registered in their names, will not receive or be entitled to receive physical delivery of the securities in definitive form and will not be considered the owners or holders of the securities under the applicable indenture, warrant agreement or unit agreement. Accordingly, each person owning a beneficial interest in a registered global security must rely on the procedures of the depository for that registered global security and, if that person is not a participant, on the procedures of the participant through which the person owns its interest, to exercise any rights of a holder under the applicable indenture, warrant agreement or unit agreement. We understand that under existing industry practices, if we request any action of holders or if an owner of a beneficial interest in a registered global security

[Table of Contents](#)

desires to give or take any action that a holder is entitled to give or take under the applicable indenture, warrant agreement or unit agreement, the depository for the registered global security would authorize the participants holding the relevant beneficial interests to give or take that action, and the participants would authorize beneficial owners owning through them to give or take that action or would otherwise act upon the instructions of beneficial owners holding through them.

Principal, premium, if any, and interest payments on debt securities, and any payments to holders with respect to warrants or units, represented by a registered global security registered in the name of a depository or its nominee will be made to the depository or its nominee, as the case may be, as the registered owner of the registered global security. None of Heinz, the trustees, the warrant agents, the unit agents or any other agent of Heinz, agent of the trustees or agent of the warrant agents or unit agents will have any responsibility or liability for any aspect of the records relating to payments made on account of beneficial ownership interests in the registered global security or for maintaining, supervising or reviewing any records relating to those beneficial ownership interests.

We expect that the depository for any of the securities represented by a registered global security, upon receipt of any payment of principal, premium, interest or other distribution of underlying securities or other property to holders on that registered global security, will immediately credit participants' accounts in amounts proportionate to their respective beneficial interests in that registered global security as shown on the records of the depository. We also expect that payments by participants to owners of beneficial interests in a registered global security held through participants will be governed by standing customer instructions and customary practices, as is now the case with the securities held for the accounts of customers or registered in "street name," and will be the responsibility of those participants.

If the depository for any of these securities represented by a registered global security is at any time unwilling or unable to continue as depository or ceases to be a clearing agency registered under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), and a successor depository registered as a clearing agency under the Exchange Act is not appointed by us within 90 days, we will issue securities in definitive form in exchange for the registered global security that had been held by the depository. Any securities issued in definitive form in exchange for a registered global security will be registered in the name or names that the depository gives to the relevant trustee, warrant agent, unit agent or other relevant agent of ours or theirs. It is expected that the depository's instructions will be based upon directions received by the depository from participants with respect to ownership of beneficial interests in the registered global security that had been held by the depository.

We may sell the securities through agents from time to time. The prospectus supplement will name any agent involved in the offer or sale of the securities and any commissions we pay to them. Generally, any agent will be acting on a best efforts basis for the period of its appointment.

We may authorize underwriters, dealers or agents to solicit offers by certain purchasers to purchase the securities from Heinz at the public offering price set forth in the prospectus supplement pursuant to delayed

[Table of Contents](#)

delivery contracts providing for payment and delivery on a specified date in the future. The contracts will be subject only to those conditions set forth in the prospectus supplement, and the prospectus supplement will set forth any commissions we pay for solicitation of these contracts.

Underwriters and agents may be entitled under agreements entered into with Heinz to indemnification by Heinz against certain civil liabilities, including liabilities under the Securities Act of 1933, as amended, or to contribution with respect to payments which the underwriters or agents may be required to make. Underwriters and agents may be customers of, engage in transactions with, or perform services for Heinz and its affiliates in the ordinary course of business.

Each series of securities will be a new issue of securities and will have no established trading market. Any underwriters to whom securities are sold for public offering and sale may make a market in the securities, but such underwriters will not be obligated to do so and may discontinue any market making at any time without notice. The securities may or may not be listed on a national securities exchange.
