**PRICING SUPPLEMENT**

*Inter-American Development Bank Global Debt Program Series No.: 686  
USD500,000,000 Floating Rate Notes due October 25, 2021*

Terms used herein shall be deemed to be defined as such for the purposes of the Terms and Conditions (the “Conditions”) set forth in the Prospectus dated January 8, 2001 (the “Prospectus”) (which for the avoidance of doubt does not constitute a prospectus for the purposes of Part VI of the United Kingdom Financial Services and Markets Act 2000 or a base prospectus for the purposes of Directive 2003/71/EC of the European Parliament and of the Council). This Pricing Supplement must be read in conjunction with the Prospectus. This document is issued to give details of an issue by the Inter-American Development Bank (the “Bank”) under its Global Debt Program and to provide information supplemental to the Prospectus. Complete information in respect of the Bank and this offer of the Notes is only available on the basis of the combination of this Pricing Supplement and the Prospectus.

**MiFID II product governance / Retail investors, professional investors and ECPs target market** – See “General Information—Additional Information Regarding the Notes—Matters relating to MiFID II” below.

### **Terms and Conditions**

The following items under this heading “Terms and Conditions” are the particular terms which relate to the issue the subject of this Pricing Supplement. These are the only terms which form part of the form of Notes for such issue. The master fiscal agency agreement, dated as of December 7, 1962, as amended and supplemented from time to time, between the Bank and the Federal Reserve Bank of New York, as fiscal and paying agent, has been superseded by the Uniform Fiscal Agency Agreement, dated as of July 20, 2006 (the “New Fiscal Agency Agreement”), as may be amended, restated, superseded or otherwise modified from time to time, between the Bank and the Federal Reserve Bank of New York, as fiscal and paying agent. All references to the “Fiscal Agency Agreement” under the heading “Terms and Conditions of the Notes” and elsewhere in the Prospectus shall be deemed references to the New Fiscal Agency Agreement.

|     |  | Each Interest Payment Date is subject to<br>adjustment in accordance with the Modified<br>Following Business Day Convention.  |
|     | (e) Reference Rate:  | 3-Month USD-LIBOR-BBA   |
|     |  | “3-Month USD-LIBOR-BBA” means the rate<br>for deposits in USD for a period of 3 months<br>which appears on Reuters Screen LIBOR01<br>(or such other page that may replace that page |

on that service or a successor service) as of the Relevant Time on the Interest Determination Date;

“Relevant Time” means 11:00 a.m., London time;

“Interest Determination Date” means the second London Banking Day prior to the first day of the relevant Interest Period; and

“London Banking Day” means a day on which commercial banks are open for general business, including dealings in foreign exchange and foreign currency deposits, in London.

If such rate does not appear on Reuters Screen LIBOR01 (or such other page that may replace that page on that service or a successor service) at the Relevant Time on the Interest Determination Date, then the rate for 3-Month USD-LIBOR-BBA shall be determined on the basis of the rates at which deposits in USD are offered at the Relevant Time on the Interest Determination Date by five major banks in the London interbank market (the “Reference Banks”) as selected by the Calculation Agent, to prime banks in the London interbank market for a period of 3 months commencing on the first day of the relevant Interest Period and in an amount that is representative for a single transaction in the London interbank market at the Relevant Time. The Calculation Agent will request the principal London office of each of the Reference Banks to provide a quotation of its rate.

If at least two such quotations are provided, the rate for 3-Month USD-LIBOR-BBA shall be the arithmetic mean of such quotations. If fewer than two quotations are provided as requested, the rate for 3-Month USD-LIBOR-BBA shall be the arithmetic mean of the rates quoted by major banks in New York City, selected by the Calculation Agent, at

approximately 11:00 a.m., New York City time, on the first day of the relevant Interest Period for loans in USD to leading European banks for a period of 3 months commencing on the first day of the relevant Interest Period and in an amount that is representative for a single transaction in the London interbank market at such time.

If no quotation is available or if the Calculation Agent determines in its sole discretion that there is no suitable bank that is prepared to provide the quotes, the Calculation Agent will determine the rate for 3-Month USD-LIBOR-BBA for the Interest Determination Date in question in a manner that it deems commercially reasonable by reference to such additional resources as it deems appropriate.

## General Information

### Additional Information Regarding the Notes

#### 1. Matters relating to MiFID II

The Bank does not fall under the scope of application of the MiFID II regime. Consequently, the Bank does not qualify as an “investment firm”, “manufacturer” or “distributor” for the purposes of MiFID II.

**MIFID II product governance / Retail investors, professional investors and ECPs target market** – Solely for the purposes of the manufacturers’ product approval process, the target market assessment in respect of the Notes has led to the conclusion that: (i) the target market for the Notes is eligible counterparties, professional clients and retail clients, each as defined in MiFID II; and (ii) all channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a “distributor”) should take into consideration the manufacturers’ target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturers’ target market assessment) and determining appropriate distribution channels.

For the purposes of this provision, the expression MiFID II means Directive 2014/65/EU, as amended.

## 2. United States Federal Income Tax Matters

The following supplements the discussion under the “Tax Matters” section of the Prospectus regarding the U.S. federal income tax treatment of the Notes, and is subject to the limitations and exceptions set forth therein. Any tax disclosure in the Prospectus or this pricing supplement is of a general nature only, is not exhaustive of all possible tax considerations and is not intended to be, and should not be construed to be, legal, business or tax advice to any particular prospective investor. Each prospective investor should consult its own tax advisor as to the particular tax consequences to it of the acquisition, ownership, and disposition of the Notes, including the effects of applicable U.S. federal, state, and local tax laws and non-U.S. tax laws and possible changes in tax laws.

Due to a change in law since the date of the Prospectus, the second paragraph of “— Payments of Interest” under the “United States Holders” section should be updated to read as follows: “Interest paid by the Bank on the Notes constitutes income from sources outside the United States and will generally be “passive” income for purposes of computing the foreign tax credit.”

The Notes should be treated as variable rate debt instruments that are issued without original issue discount. A United States holder will generally be taxed on interest on the Notes as ordinary income at the time such holder receives the interest or when it accrues, depending on the holder’s method of accounting for tax purposes. Upon the sale, exchange, repurchase or maturity of the Notes, a United States holder should generally recognize gain or loss equal to the difference between the amount realized by such holder, excluding any amounts attributable to accrued but unpaid interest (which will be treated as interest payments), and such holder’s tax basis in the Notes. Such gain or loss generally should be capital gain or loss and should be treated as long-term capital gain or loss to the extent the United States holder has held the Notes for more than one year. Long-term capital gain of individual taxpayers may be eligible for reduced rates of taxation. The deductibility of capital loss is subject to significant limitations.

*Information with Respect to Foreign Financial Assets.* Owners of “specified foreign financial assets” with an aggregate value in excess of U.S.\$50,000 (and in some circumstances, a higher threshold) may be required to file an information report with respect to such assets with their tax returns. “Specified foreign financial assets” may include financial accounts maintained by foreign financial institutions, as well as the following, but only if they are held for investment and not held in accounts maintained by financial institutions: (i) stocks and securities issued by non-United States persons, (ii) financial instruments and contracts that have non-United States issuers or counterparties, and (iii) interests in foreign entities. Holders are urged to consult their tax advisors regarding the application of this reporting requirement to their ownership of the Notes.

*Medicare Tax.* A United States holder that is an individual or estate, or a trust that does not fall into a special class of trusts that is exempt from such tax, is subject to a 3.8% tax (the

“Medicare tax”) on the lesser of (1) the United States holder’s “net investment income” (or “undistributed net investment income” in the case of an estate or trust) for the relevant taxable year and (2) the excess of the United States holder’s modified adjusted gross income for the taxable year over a certain threshold (which in the case of individuals is between U.S.\$125,000 and U.S.\$250,000, depending on the individual’s circumstances). A holder’s net investment income will generally include its interest income and its net gains from the disposition of Notes, unless such interest income or net gains are derived in the ordinary course of the conduct of a trade or business (other than a trade or business that consists of certain passive or trading activities). United States holders that are individuals, estates or trusts are urged to consult their tax advisors regarding the applicability of the Medicare tax to their income and gains in respect of their investment in the Notes.
