GENERAL INFORMATION

IBRD’s most recent Information Statement was issued on September 24, 2019.

USE OF PROCEEDS

Supporting sustainable development in IBRD's member countries

The net proceeds from the sale of the Notes will be used by IBRD to finance sustainable development projects and programs in IBRD's member countries (without being committed or earmarked for lending to, or financing of, any particular projects or programs). Prior to use, the net proceeds will be invested by IBRD's Treasury in accordance with IBRD's liquid asset management investment policies. IBRD's financing is made available solely to middle-income and creditworthy lower-income member countries who are working in partnership with IBRD to eliminate extreme poverty and boost shared prosperity, so that they can achieve equitable and sustainable economic growth in their national economies and find sustainable solutions to pressing regional and global economic and environmental problems. Projects and programs supported by IBRD are designed to achieve a positive social impact and undergo a rigorous review and internal approval process aimed at safeguarding equitable and sustainable economic growth.

IBRD integrates the following five global themes into its lending activities helping its borrowing members create sustainable development solutions: climate change; gender; infrastructure, public-private partnerships and guarantees; knowledge management, and fragility, conflict and violence.

IBRD's administrative and operating expenses are covered entirely by IBRD's various sources of revenue (net income) consisting primarily of interest margin, equity contribution and investment income (as more fully described in the Information Statement).

SUPPLEMENTAL PROSPECTUS INFORMATION

The Dealer is represented by Sullivan & Cromwell LLP. From time to time Sullivan & Cromwell LLP performs legal services for IBRD.

LISTING APPLICATION

These Final Terms comprise the final terms required for the admission to the Official List of the Luxembourg Stock Exchange and to trading on the Luxembourg Stock Exchange's regulated market of the Notes described herein issued pursuant to the Global Debt Issuance Facility of International Bank for Reconstruction and Development.

SUPPLEMENTAL U.S. FEDERAL INCOME TAX CONSIDERATIONS

You should carefully consider the matters set forth under "Tax Matters" in the accompanying Prospectus. The following discussion supplements the section "Tax Matters" in the accompanying Prospectus and is subject to the limitations and exceptions set forth therein.

You should consult with your own tax advisor concerning the consequences of investing in and holding the Notes in your particular circumstances, including the application of state, local or other tax laws and the possible effects of changes in federal or other tax laws.

Subject to the discussion in the following paragraph regarding amortizable bond premium, a U.S. Holder will generally be taxed on interest on the Notes as ordinary income at the time the interest is received or accrued, depending on the U.S. Holder's method of accounting for tax purposes. However, the portion of the first interest payment on a Note that represents a return of the 139 days of accrued interest that a U.S. Holder paid upon the purchase of the Note ("**Pre-Issuance Accrued Interest**") will not be treated as an interest payment for United States federal income tax purposes, and will accordingly not be includible in income.

Because the purchase price of the Notes exceeds the principal amount of the Notes, a U.S. Holder may elect to treat the excess (after excluding the portion of the purchase price attributable to Pre-Issuance Accrued Interest) as amortizable bond premium. A U.S. Holder that makes this election would reduce the amount required to be included in such holder's income each year with respect to interest on the Notes by the amount of amortizable bond premium allocable to that year, based on the Notes' yield to maturity. If a U.S. Holder

makes an election to amortize bond premium, the election would apply to all debt instruments, other than debt instruments the interest on which is excludible from gross income, that the U.S. Holder holds at the beginning of the first taxable year to which the election applies or that such holder thereafter acquires, and the U.S. Holder may not revoke the election without the consent of the Internal Revenue Service.

Upon a sale or retirement of the Notes, a U.S. Holder will generally recognize capital gain or loss equal to the difference, if any, between (i) the amount realized on the sale or retirement (other than amounts attributable to accrued but unpaid interest, which would be treated as interest payments except to the extent that such amounts are a return of Pre-Issuance Accrued Interest) and (ii) the U.S. Holder's adjusted tax basis in the Notes. A U.S. Holder's adjusted tax basis in the Notes generally will equal the cost of the Notes to the U.S. Holder, reduced by any bond premium that the U.S. Holder previously amortized with respect to the Notes and reduced by any Pre-Issuance Accrued Interest that was previously received by the U.S. Holder. Capital gain of individual taxpayers from the sale or retirement of Notes held for more than one year may be eligible for reduced rates of taxation. The deductibility of a capital loss is subject to significant limitations.

Information with Respect to Foreign Financial Assets. Owners of "specified foreign financial assets" with an aggregate value in excess of US\$50,000 (and in some circumstances, a higher threshold) may be required to file an information report with respect to such assets with their tax returns. "Specified foreign financial assets" may include financial accounts maintained by foreign financial institutions (which may include the Notes), as well as the following, but only if they are held for investment and not held in accounts maintained by financial institutions: (i) stocks and securities issued by non-United States persons, (ii) financial instruments and contracts that have non-United States issuers or counterparties, and (iii) interests in foreign entities. Holders should consult their tax advisors regarding the application of this reporting obligation to their ownership of the Notes.

Medicare Tax. A U.S. Holder that is an individual or estate, or a trust that does not fall into a special class of trusts that is exempt from such tax, is subject to a 3.8% tax (the "**Medicare tax**") on the lesser of (1) the U.S. Holder's "net investment income" (or "undistributed net investment income" in the case of an estate or trust) for the relevant taxable year and (2) the excess of the U.S. Holder's modified adjusted gross income for the taxable year over a certain threshold (which in the case of individuals is between US\$125,000 and US\$250,000, depending on the individual's circumstances). A U.S. Holder's net investment income generally includes its gross interest income and its net gains from the disposition of Notes, unless such interest income or net gains are derived in the ordinary course of the conduct of a trade or business (other than a trade or business that consists of certain passive or trading activities). If you are a U.S. Holder that is an individual, estate or trust, you are urged to consult your tax advisors regarding the applicability of the Medicare tax to your income and gains in respect of your investment in the Notes.
