

International Development Association

Global Debt Issuance Facility

for issues of Notes with maturities of one day or longer

Under the Global Debt Issuance Facility described in this Prospectus (the “Facility”), International Development Association (“IDA”), subject to compliance with all relevant laws, regulations and directives, may from time to time issue notes with maturities of one day or longer from the date of the original issue (the “Notes”) in an unlimited aggregate nominal amount. Notes will be sold through one or more Dealers (as defined in “Plan of Distribution”) appointed by IDA, or directly by IDA itself.

Application has been made for Notes issued under the Facility to be admitted to the official list of the Luxembourg Stock Exchange (the “Official List”) and to trading on the regulated market of the Luxembourg Stock Exchange. References in this Prospectus to Notes being “listed” (and all related references) shall mean that such Notes have been admitted to the Official List and admitted to trading on the Luxembourg Stock Exchange’s regulated market. The Facility provides that Notes may be listed on such other or further stock exchange(s) as may be agreed between IDA and the relevant Dealer(s) in relation to each issue. Unlisted Notes may also be issued pursuant to the Facility. The applicable Final Terms in respect of the issue of any Notes will specify whether and on which exchange such Notes will be listed or whether such Notes will be unlisted.

Notes of any particular issue will be in registered form or bearer form, as specified in the applicable Final Terms. Notes in bearer form may not be offered, sold or delivered within the United States or to U.S. persons as part of their primary distribution. Notes will be issued in the denominations specified in the applicable Final Terms.

Each Tranche of Notes in bearer form will be represented on issue by a temporary global note in bearer form (each a “Temporary Global Note”) and will be sold in an “offshore transaction” within the meaning of Regulation S (“Regulation S”) under the United States Securities Act of 1933 (the “Securities Act”). Interests in Temporary Global Notes generally will be exchangeable for interests in a permanent global note in bearer form (each a “Permanent Global Note” and together with the Temporary Global Notes, the “Global Notes”) or, if so stated in the applicable Final Terms, definitive bearer notes (“Definitive Bearer Notes”), after the date falling 40 days after the issue date of the relevant Tranche of Notes upon certification as to non-U.S. beneficial ownership. Interests in Permanent Global Notes will be exchangeable for Definitive Bearer Notes in whole but not in part as described under “Form of Notes and Summary of Provisions Relating to the Notes While in Global Form”.

If the Global Notes are stated in the applicable Final Terms to be issued in new global note (“NGN”) form, the Global Notes will be delivered on or prior to the original issue date of the relevant issue of Notes to a common safekeeper (the “Common Safekeeper”) for Euroclear Bank SA/NV (“Euroclear”) and Clearstream Banking, SA (“Clearstream, Luxembourg”). Global Notes which are not issued in NGN form (“CGNs”) will be deposited on the issue date of the relevant Tranche (as defined in “Summary and Overview of the Facility”) of Notes with a common depositary on behalf of Euroclear and Clearstream, Luxembourg (the “Common Depositary”).

Each Tranche of Notes in registered form will be represented by registered certificates (each a “Certificate”). The Notes of an issue which are to be sold in an “offshore transaction” within the meaning of Regulation S

(“Unrestricted Notes”) and which are issued in registered form will be represented by a registered global certificate (each an “Unrestricted Global Certificate”) which may be, on or prior to the relevant issue date, (a) in the case of a Tranche held under the New Safekeeping Structure (the “NSS”) and intended to be cleared through Euroclear and Clearstream, Luxembourg, delivered to the Common Safekeeper on behalf of Euroclear and Clearstream, Luxembourg; (b) in the case of a Tranche not held under the NSS and intended to be cleared through Euroclear and Clearstream, Luxembourg, deposited with the Common Depositary on behalf of Euroclear and Clearstream, Luxembourg; or (c) in the case of a Tranche intended to be cleared through a clearing system other than, or in addition to, Euroclear and/or Clearstream, Luxembourg, or delivered outside a clearing system, registered as specified in the applicable Final Terms.

The Notes of a Tranche which are to be sold to “qualified institutional buyers” (each a “QIB”) within the meaning of Rule 144A under the Securities Act (“Rule 144A”) (“Restricted Notes”) will be represented by a registered global certificate (each a “Restricted Global Certificate” and together with the Unrestricted Global Certificates, the “Global Certificates”) which may be, on or prior to the relevant issue date (a) in the case of a Tranche intended to be cleared through The Depository Trust Company (“DTC”), deposited with a custodian (the “DTC Custodian”) for, and registered in the name of Cede & Co., as nominee of DTC or (b) in the case of a Tranche intended to be cleared through a clearing system other than, or in addition to, DTC, or delivered outside a clearing system, registered as specified in the applicable Final Terms. The provisions governing the exchange of interests in Global Certificates for other Global Certificates or definitive Certificates are described in “Form of Notes and Summary of Provisions Relating to the Notes While in Global Form”.

The Facility has been rated AAA by Standard & Poor’s Financial Services LLC and Aaa by Moody’s Investors Service, Inc. A security rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency.

Prospective investors should have regard to the factors described under the section headed “Risk Factors” in this Prospectus.

The date of this Prospectus is March 22, 2018.

This Prospectus is to be read in conjunction with all documents which are deemed to be incorporated herein by reference (see “Availability of Information and Incorporation by Reference” below).

IDA, having made all reasonable inquiries, confirms that all information in this Prospectus is true and accurate in all material respects and is not misleading, and that there are no other facts the omission of which, in the context of the issue of Notes, makes this Prospectus or any information in it misleading in any material respect. In addition, IDA confirms that each Final Terms, when read together with this Prospectus, will at the date thereof be true and accurate in all material respects and not misleading, and that there will be no other facts the omission of which would, in the context of the issue and offering of the Notes referred to in such Final Terms, make the Final Terms, when read together with this Prospectus, or any information therein misleading in any material respect.

No person has been authorized to give any information or to make any representation other than those contained in this Prospectus and the applicable Final Terms in connection with the offering or sale of the Notes and, if given or made, such information or representation must not be relied upon as having been authorized by IDA or any Dealer. Neither the delivery of this Prospectus or any applicable Final Terms nor any offering or sale made in connection herewith or therewith shall, under any circumstances, create any implication that there has been no change in the financial condition or affairs of IDA since the date hereof or the date upon which this Prospectus has been most recently amended or supplemented or that there has been no adverse change in the financial condition or affairs of IDA since the date hereof or the date upon which this Prospectus has been most recently amended or supplemented or that any other information supplied in connection with the Facility is correct as of any time subsequent to the date on which it is supplied or, if different, the date indicated in the document containing the same.

The distribution of this Prospectus or any Final Terms and the offering or sale of the Notes in certain jurisdictions may be restricted by law. Persons into whose possession this Prospectus or any Final Terms comes are required by IDA and any Dealer to inform themselves about and to observe any such restriction. The Notes have not been and will not be registered under the Securities Act or with any securities regulatory authority of any state or other jurisdiction of the United States and the Notes may include Notes in bearer form that are subject to U.S. tax law requirements. Subject to certain exceptions, Notes may not be offered, sold or, in the case of bearer Notes, delivered within the United States or to, or for the account or benefit of, U.S. persons. For a description of certain restrictions on offers and sales of the Notes and on the distribution of this Prospectus or any Final Terms, see “Plan of Distribution”.

MiFID II product governance / target market – Solely for purposes of Directive 2014/65/EU (as amended, “MiFID II”) and the EU Delegated Directive 2017/593 (the “MiFID Product Governance Rules”), the Final Terms in respect of any Notes may include a legend entitled “MiFID II Product Governance” which will outline the target market assessment in respect of the Notes and which channels for distribution of the Notes are appropriate in accordance with the MiFID Product Governance Rules to the extent applicable. Any person subsequently offering, selling or recommending the Notes (a “distributor”) should take into consideration the target market assessment; however, each distributor subject to MiFID II and the MiFID Product Governance Rules is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the MiFID Product Governance Rules, any Dealer subscribing for any Notes is a “manufacturer” in respect of such Notes (as defined under MiFID II and the MiFID Product Governance Rules), but otherwise neither the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the MiFID Product Governance Rules.

The Notes may be offered and sold outside the United States to non-U.S. persons in reliance on Regulation S and within the United States in reliance on Rule 144A to investors each of whom is a QIB that (A) is acquiring the Notes for its own account or for the account of a QIB, in a principal amount that is not less than U.S.\$200,000 and (B) will provide notice of the transfer restrictions to any subsequent transferee. Prospective purchasers are hereby notified that sellers of the Notes may be relying on the exemption from the provisions of Section 5 of the Securities Act provided by Rule 144A.

THE NOTES HAVE NOT BEEN APPROVED OR DISAPPROVED BY THE U.S. SECURITIES AND EXCHANGE COMMISSION, ANY STATE SECURITIES COMMISSION IN THE UNITED STATES OR ANY OTHER U.S. REGULATORY AUTHORITY, NOR HAS ANY OF THE FOREGOING AUTHORITIES PASSED UPON OR ENDORSED THE MERITS OF THE OFFERING OF NOTES OR THE ACCURACY OR THE ADEQUACY OF THIS BASE PROSPECTUS. ANY REPRESENTATION TO THE CONTRARY IS A CRIMINAL OFFENCE IN THE UNITED STATES.

Neither this Prospectus nor any Final Terms constitutes an offer of, or an invitation by or on behalf of, IDA or any Dealer to subscribe for, or purchase, any Notes. Neither this Prospectus nor any other information supplied in connection with the Facility should be considered as a recommendation by IDA or any of the Dealers that any potential investor should purchase any Notes. Each investor contemplating purchasing any Notes should make its own independent investigation of the financial condition and affairs, and its own appraisal of the creditworthiness of IDA.

THE NOTES ARE NOT OBLIGATIONS OF THE INTERNATIONAL BANK FOR RECONSTRUCTION AND DEVELOPMENT (“IBRD”) OR OF ANY GOVERNMENT.

In connection with the issue of any Tranche of Notes, the Dealer or Dealers (if any) named as the stabilizing manager(s) (the “Stabilizing Manager(s)”) (or any person acting on behalf of any Stabilizing Manager(s)) in the applicable Final Terms may over-allot Notes or effect transactions with a view to supporting the market price of the Notes at a level higher than that which might otherwise prevail. However, there is no assurance that the Stabilizing Manager(s) (or any person acting on behalf of any Stabilizing Manager) will undertake stabilization action. Any stabilization action may begin on or after the date on which adequate public disclosure of the terms of the offer of the relevant Tranche is made and, if begun, may be ended at any time, but it must end no later than the earlier of 30 days after the issue date of the relevant Tranche and 60 days after the date of the allotment of the relevant Tranche. Any stabilization action or over-allotment must be conducted by the relevant Stabilizing Manager(s) (or any person acting on behalf of any Stabilizing Manager(s)) in accordance with all applicable laws and rules.

Available Information

IDA has agreed that, for so long as any Notes that it issues are "restricted securities" as defined in Rule 144(a)(3) under the Securities Act, it will, during any period that it is neither subject to section 13 or 15(d) of the United States Securities and Exchange Act of 1934 (the "Exchange Act"), nor exempt from reporting pursuant to Rule 12g3-2(b) thereunder, furnish, upon request, to any holder or beneficial owner of such restricted securities or any prospective purchaser designated by any such holder or beneficial owner upon the request of such holder, beneficial owner or prospective purchaser, the information required to be delivered pursuant to Rule 144A(d)(4) under the Securities Act.

Forward-looking Statements

This Prospectus includes "forward-looking statements". All statements other than statements of historical facts included in this Prospectus, including, without limitation, those regarding IDA's financial position, strategy, plans and objectives for future operations, are forward-looking statements. Such forward-looking statements involve known and unknown risks, uncertainties and other factors which may cause the actual results, performance or achievements of IDA to be materially different from any future results, performance or achievements expressed or implied by such forward-looking statements. Such forward-looking statements are based on numerous assumptions regarding IDA's present and future strategies and the environment in which IDA will operate in the future. Among the important factors that could cause IDA's actual results, performance or achievements to differ materially from those in the forward-looking statements include, among others, macro-economic conditions, investment from member countries and non-performance by borrowers. Additional factors that could cause actual results, performance or achievements to differ materially include, but are not limited to, those discussed under "Risk Factors". These forward-looking statements speak only as of the date of this Prospectus. IDA expressly disclaims any obligation or undertaking to release publicly any updates or revisions to any forward-looking statement contained herein to reflect any change in IDA's expectations with regard thereto or any change in events, conditions or circumstances on which any such statement is based.

FINAL TERMS

IDA will prepare in respect of each particular issue of Notes a final terms document (each a “Final Terms”) which will contain the terms of, pricing details for, and settlement and clearance procedures relating to, such issue of Notes and such other information or disclosure as IDA considers appropriate. A Final Terms may set out the full text of the terms and conditions of a particular issue of Notes if IDA and the relevant Dealer(s) consider it necessary or appropriate.

USE OF PROCEEDS

Supporting sustainable development in IDA's member countries

The net proceeds from the sale of the Notes will be used by IDA to support sustainable development projects and programs in IDA's member countries (without being committed or earmarked for lending to, or financing of, any particular projects, programs, or activities). IDA's financing is made available solely to eligible recipients who are working in partnership with IDA to eliminate extreme poverty and boost shared prosperity, so that they can achieve equitable and sustainable economic growth in their national economies and find sustainable solutions to pressing regional and global economic and environmental problems. Projects and programs supported by IDA are designed to achieve a positive social impact and undergo a rigorous review and internal approval process aimed at safeguarding equitable and sustainable economic growth.

IDA integrates several cross cutting themes into its financing activities helping its eligible recipients create sustainable development solutions, including climate change; gender and development; jobs and economic transformation; governance and institutions; and fragility, conflict and violence.

IDA's administrative and operating expenses are covered entirely by IDA's various sources of revenue (net income) consisting primarily of net loan revenues and investment income (as more fully described in the IDA Information).

SUMMARY AND OVERVIEW OF THE FACILITY

This summary must be read as an introduction to this Prospectus. Any decision to invest in any Notes should be based on a consideration of this Prospectus as a whole, including the documents incorporated by reference, by any investor. Words and expressions defined or used in “Terms and Conditions of the Notes” shall have the same meaning in this summary.

IDA

IDA is an international organization established in 1960 and is owned by its 173 member countries. It is the largest multilateral channel for providing concessional financing and knowledge services to the world’s poorest countries, and is one of the five institutions of the World Bank Group (“WBG”). The other institutions of the WBG are: the IBRD, the International Finance Corporation, the Multilateral Investment Guarantee Agency and the International Centre for Settlement of Investment Disputes. Each of these institutions is legally and financially independent, with separate assets and liabilities. IDA is not liable for the obligations of the other institutions. IDA and IBRD, however, share multiple resources: they have a common President and Board of Executive Directors, they have the same operational procedures, policies and safeguards and share the same staff. IDA membership is limited to sovereign countries that are members of IBRD.

IDA plays an integral role in WBG’s efforts to fulfill its goals of ending extreme poverty by decreasing the percentage of people living on less than \$1.90 a day to no more than 3 per cent. by 2030 and promoting shared prosperity by improving the income growth of the bottom 40 per cent. of the population in each country. IDA plays a pivotal role in the global aid architecture and pursues these goals by providing concessional loans, grants and guarantees to the world’s poorest countries for programs and operations that help meet their development needs. IDA provides technical assistance through reimbursable advisory services, policy advice and global knowledge services through economic sector work and country studies. It also supports member countries with disaster risk financing and insurance to help increase their financial resilience against natural disasters. In addition, IDA provides or facilitates financing through trust fund partnerships with bilateral and multilateral donors.

The financial strength of IDA is a reflection of its very high levels of equity, ample and well-managed liquidity, and long track record of member support.

IDA’s principal office is located at 1818 H St NW, Washington, D.C. 20433 USA.

Under IDA's Articles, the Notes and payments thereon are not subject to any tax by a member (a) which tax discriminates against the Notes solely because they were issued by IDA or (b) if the sole jurisdictional basis for the tax is the place or currency in which the Notes are issued, made payable or paid, or the location of any office or place of business maintained by IDA. Also, under the Articles, IDA is not under any obligation to withhold or pay any tax imposed by any member country on payments on the Notes. Accordingly, payments on the Notes will be made to the Global Agent without deduction in respect of any such tax. However, tax withholding requirements may apply to payments made by financial intermediaries acting in any capacity other than as IDA's Global Agent.

As defined by S&P, an “AAA” rating means that the ability of IDA to meet its financial commitment on its obligations is extremely strong. As defined by Moody’s, an “Aaa” rating means that IDA’s ability to meet its financial obligations is judged to be of the highest quality, with minimal credit risk.

A security rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency.

Reg. §1.163-5(c)(2)(i)(C) (the “C Rules”) or (ii) the Notes are issued other than in compliance with the D Rules or the C Rules but in circumstances in which the Notes will not constitute “registration required obligations” under the United States Tax Equity and Fiscal Responsibility Act of 1982 (“TEFRA”), which circumstances will be referred to in the applicable Final Terms as a transaction to which TEFRA is not applicable. Prospective investors should refer to and carefully consider the applicable Final Terms for each particular issue of Notes, which may describe additional risks associated with such Notes. The risks in the following section and the applicable Final Terms are provided as general information only. IDA disclaims any responsibility to advise prospective investors of such risks as they exist at the date of this Prospectus or Final Terms or as such risks may change from time to time. Prospective investors should consult their own financial and legal advisors about risks associated with an investment in an issue of Notes. Certain Notes are complex financial instruments and may not be suitable for all investors. Prospective investors should have the financial status and sufficient knowledge and experience in financial and business matters to evaluate the information contained in this Prospectus and the applicable Final Terms and the merits and risks of investing in a particular issue of Notes in the context of their financial position and particular circumstances. Prospective investors should have the ability and expertise, and/or access to the appropriate analytical resources, to analyze such investment, to evaluate the sensitivity of such investment to changes in economic conditions, interest rate, exchange rate or other indices, the relevant calculation formulae, the redemption, option and other rights associated with such investment, and other factors which may have a bearing on the merits and risks of such investment, and the suitability of such investment in such investor's particular circumstances. In addition, prospective investors should have the financial capacity to bear the risks associated with any investment in such Notes and should review, among other things, the most recent audited and unaudited financial statements of IDA incorporated by reference into this Prospectus when deciding whether or not to purchase any Notes. Words and expressions defined or used in "Terms and Conditions of the Notes" shall have the same meaning in this section.

Notes linked to the performance of interest rate indices are subject to risks not associated with a conventional debt security and which may result in the reduction of the interest, principal and/or premium payable on Notes

An investment in Notes, the principal or premium of which is determined by reference to one or more interest rate indices, either directly or inversely, may entail significant risks not associated with similar investments in a conventional debt security, including the risk that the resulting interest rate will be less than that payable on a conventional debt security issued by IDA at the same time and that the investor could lose all or a substantial portion of the principal of its Note or that no premium may be payable thereon. The secondary market for such Notes will be affected by a number of factors independent of the creditworthiness of IDA and the value of the applicable interest rate index or indices, including the volatility of such interest rate index or indices, the method of calculating the index, principal or premium, the time remaining to the maturity of the Notes, the outstanding nominal amount of the Notes and market interest rates. The value of any applicable interest rate indices should not be taken as an indication of the future performance of such interest rate indices during the term of any Note.

Notes are subject to exchange rate and exchange control risks if the investor's currency is different from the Specified Currency

Notes may be denominated or payable in one of a number of currencies. For investors whose financial activities are denominated principally in a currency (the "Investor's Currency") other than the Specified Currency or where principal of, premium (if any) or interest on Notes is payable by reference to a Specified Currency index other than an index relating to the Investor's Currency, an investment in the Notes entails significant risks that are not associated with a similar investment in a security denominated in that Investor's Currency.

Such risks include, without limitation, the possibility of significant changes in the rate of exchange between the Specified Currency and the Investor's Currency and the possibility of the imposition or modification of exchange controls by the country of the Specified Currency or the Investor's Currency. Such risks generally depend on economic and political events over which IDA has no control. In recent years, rates of exchange have been volatile and such volatility may be expected to continue in the future. Fluctuations in any particular exchange rate that have occurred in the past are not necessarily indicative, however, of fluctuations that may occur in the future. Depreciation of the Specified Currency against the Investor's Currency would result in a decrease in the Investor's Currency equivalent yield on a Note denominated in that Specified Currency, in the Investor's Currency equivalent value of the principal payable at maturity of such Note and generally in the Investor's Currency equivalent market value of such Note. An appreciation of the Specified Currency against the Investor's Currency would have the opposite effect. In addition, depending on the specified terms of a Note denominated in, or the payment of which is related to the value of, one or more currencies, changes in exchange rates relating to any of the currencies involved may result in a decrease in such Note's effective yield and, in certain circumstances, could result in a loss of all or a substantial portion of the principal of a Note to the investor.

Governments have imposed from time to time, and may in the future impose, exchange controls which could affect exchange rates as well as the availability of a Specified Currency at the time of payment of principal, premium (if any) or interest in respect of a Note. Even if there are no actual exchange controls, it is possible that the Specified Currency for payment on any particular Note may not be available when payments on such Note are due.

Structured Notes are subject to risks that are not associated with a conventional debt security including changes in interest rates and exchange rates which may result in reduction in the interest, principal and/or premium payable on Structured Notes

An investment in a Structured Note issued by IDA entails risks (which may be significant) not associated with an investment in a conventional debt security issued by IDA. A "Structured Note" is a Note with principal, premium (if any) or interest determined by reference to one or more interest rate indices or currency or currency units (including exchange rates and swap indices between currencies or currency units), or one or more stock market, commodities or other indices or formulae (each an "Applicable Index") (other than a single conventional interest rate index or formula, such as LIBOR) or features such as embedded options, caps or floors. Such risks may include, without limitation, the possibility that an Applicable Index may be subject to significant changes, that changes in an Applicable Index may not correlate with changes in interest rates or exchange rates generally or with changes in other indices, that two or more indices or formulae that may be expected to move in tandem or in any other relation to each other may unexpectedly converge or diverge or otherwise not move as expected, that the resulting interest rate may be less than that payable on a conventional debt security issued by IDA at the same time or that no interest may be payable, that the repayment of principal may occur at times other than that expected by the investor, that the investor may lose a substantial portion of the principal of its Note (whether payable at maturity, upon redemption or otherwise), that the amount of premium based on appreciation rights payable may be substantially less than anticipated or that no such premium is payable, that Structured Notes may have more volatile performance results, and that the effects of currency devaluations and (as discussed under "Risk Factors — Notes are subject to exchange rate and exchange control risks if the investor's currency is different from the Specified Currency") the imposition or modification of exchange controls by authorities with jurisdiction over a relevant currency may be greater for Structured Notes than for conventional debt securities issued by IDA. Such risks generally depend on a number of factors, including financial, economic and/or political events over which IDA has no control. In addition, if an Applicable Index used to determine the amount of interest payable contains a spread or margin multiplier or if the Applicable Index used to determine the principal, premium (if any) or interest payable is subject to some other leverage factor, the effect of any change in such Applicable Index on the principal, premium (if any) or interest may be magnified. If an Applicable Index includes, or is subject to, a maximum ("cap") or minimum ("floor") interest rate limitation, the interest or principal payable on such Structured Note may be less than that payable on a conventional debt security issued by IDA at the same time. Two issues of Structured Notes issued at the same time and with interest

rates determined by reference to the same Applicable Index and otherwise comparable terms may have different interest rates and yields when issued and thereafter if the frequency of interest rate adjustments for each issue is different. In recent years, certain interest rates, currencies, currency units, exchange rates and stock market, commodities or other indices have been highly volatile and such volatility may continue in the future. Fluctuations in any particular interest rate, currency, currency unit, exchange rate or such other index that have occurred in the past are not necessarily indicative, however, of fluctuations that may occur in the future.

The timing of changes in the level of an Applicable Index may affect the actual yield to an investor, even if the average level is consistent with the investor's expectation. In general, the earlier a change in the level of an Applicable Index occurs, the greater the effect on an investor's yield. This is especially the case with Structured Notes providing for repayment of principal at one or more times prior to maturity. As a result, the effect on an investor's yield of an Applicable Index level that is lower (or higher) during earlier periods than the rate anticipated by the investor may not be offset by a later equivalent increase (or reduction).

Any optional redemption feature of Notes is likely to affect the market value of such Notes. During any period in which such Notes are subject to redemption at the option of IDA, their market value generally will not rise substantially above the redemption price because of the increased likelihood of redemption by IDA, and this also may be true prior to any such period. IDA may be expected to redeem such Notes in circumstances where IDA's cost of borrowing is lower than the interest rate on such Notes. At such times, an investor generally would not be able to reinvest redemption proceeds at an effective interest rate which is as high as the interest rate on such Notes, and such reinvestment might only be at a significantly lower rate. Investors should consider the related reinvestment risk in light of other investments that may be available to such investors. A partial redemption of an issue of Notes also may adversely affect liquidity for the remaining outstanding Notes of such issue.

Prospective investors should consult their own financial and legal advisors about risks associated with an investment in an issue of Structured Notes. Structured Notes may be complex financial instruments and may not be suitable for all investors.

There may be no secondary market for Notes and, even if there is, the value of Notes will be subject to changes in market conditions

Notes may not have an established trading market when issued. There can be no assurance of a secondary market for any Notes or the liquidity of such market if one develops. Consequently, investors may not be able to sell their Notes readily or at prices that will enable them to realize a yield comparable to that of similar instruments, if any, with a developed secondary market. This is particularly the case for Structured Notes that are especially sensitive to interest rate, currency or other market risks, that are designed for specific investment objectives, or strategies or that have been structured to meet the investment requirements of limited categories of investors, which may have a more limited secondary market and less or no liquidity and may experience more price volatility than conventional debt securities. Illiquidity may have a severe adverse effect on the market value of Structured Notes.

Depending upon the type of Notes, market conditions and other factors, investors seeking to sell relatively small or relatively large amounts of Notes may not be able to do so at prices comparable to those that may be available to other investors.

The secondary market for an issue of Notes also will be affected by a number of other factors independent of the creditworthiness of IDA and the value of any Applicable Index. These factors may include the complexity and volatility of such Applicable Index, the method of calculating the principal, premium (if any) or any interest to be paid in respect of such Notes, the time remaining to the maturity of such Notes, the outstanding amount of such Notes, any amortization or optional redemption features of such Notes, the amount of other securities linked to any Applicable Index, the amount of such Notes being sold in the secondary market from time to time, any legal restrictions limiting demand for such Notes, the

availability of comparable securities, and the level, direction and volatility of market interest rates generally. Such factors will also affect the market value of the Notes.

No investor should purchase Notes unless such investor understands and is able to bear the risk that certain Notes may not be readily saleable, that the value of Notes will fluctuate over time, and that such fluctuations may be significant and could result in significant losses to such investor. This is particularly the case for investors whose circumstances may not permit them to hold the Notes until maturity.

In addition to the foregoing considerations, the following additional considerations, among others, relate to the Notes indicated below.

The market value of Notes bearing interest at a Floating Rate with caps or floors generally is more volatile than that of Notes bearing interest at a Floating Rate linked to the same Applicable Index without caps or floors, especially when the Applicable Index approaches the cap or floor. Similarly, the prices of Notes bearing interest at a Floating Rate with an Applicable Index containing a rate multiplier or other leverage factor greater than one generally are more volatile than those for Notes bearing interest at a Floating Rate linked to the same Applicable Index without such a rate multiplier or other leverage factor.

In the case of Notes bearing interest at a Floating Rate with an interest rate equal to a fixed rate less a rate based upon the Applicable Index, the interest rate will vary in the opposite direction of changes in such Applicable Index. The prices of such Notes typically are more volatile than those of conventional floating rate debt securities issued by IDA based on the same Applicable Index (and with otherwise comparable terms). This increased volatility is due to the fact that an increase in the Applicable Index not only decreases the interest rate (and consequently the value) of such Note, but also reflects an increase in prevailing interest rates, which further adversely affects the value of such Note.

In the case of Notes that bear interest at a rate that IDA may elect to convert from a Fixed Rate to a Floating Rate, or from a Floating Rate to a Fixed Rate, the ability of IDA to convert the interest rate will affect the secondary market and the value of such Notes since IDA may be expected to elect such conversion when it would be expected to produce a lower overall cost of borrowing to IDA. If IDA elects to convert from a Fixed Rate to a Floating Rate, the Margin may be lower (if being added to the Applicable Index) or higher (if being subtracted from the Applicable Index) than prevailing spreads or margins at the time of such conversion on other floating rate securities issued by IDA with comparable maturities using the same Applicable Index, and the interest rate at any time may be lower than that payable on other securities of IDA. Conversely, if IDA elects to convert from a Floating Rate to a Fixed Rate, the Fixed Rate may be lower than prevailing interest rates on other securities of IDA.

The prices at which zero coupon instruments, such as Zero Coupon Notes, interest components and, in certain cases, principal components, trade in the secondary market tend to fluctuate more in relation to general changes in interest rates than do such prices for conventional interest-bearing securities with comparable maturities. This also is generally true in the case of other instruments issued at a substantial discount or premium from the nominal amount payable on such instruments, such as Notes issued at a substantial discount to their nominal amount or Notes issued with significantly above-market interest rates. Generally, the longer the remaining term of such instruments, the greater their price volatility as compared to that for conventional interest-bearing securities with comparable maturities.

The regulation and reform of “benchmarks” may adversely affect the value of Notes linked to or referencing such “benchmarks”

Reference rates and indices, including interest rate benchmarks, such as the London Interbank Offered Rate (“LIBOR”), which are used to determine the amounts payable under financial instruments or the value of such financial instruments (“Benchmarks”), have, in recent years, been the subject of political and regulatory scrutiny as to how they are created and operated. This has resulted in regulatory reform and changes to existing Benchmarks, with further changes anticipated. These reforms and changes may cause a Benchmark to perform differently than it has done in the past or to be discontinued. Any change in the performance of a Benchmark or its discontinuation could have a material adverse effect on any Notes referencing or linked to such Benchmark.

In an announcement on July 27, 2017, the United Kingdom Financial Conduct Authority (“FCA”) questioned the sustainability of LIBOR in its current form, advocating a transition away from reliance on LIBOR to alternative reference rates and stating that it will no longer persuade or compel banks to submit rates for the calculation of the LIBOR rates after 2021 (the “FCA Announcement”). It is not possible to predict the effect of the FCA Announcement, any changes in the methods pursuant to which the LIBOR rates are determined and any other reforms to LIBOR, including to the rules promulgated by the FCA in relation thereto, that will be enacted in the United Kingdom and elsewhere.

Any changes to the administration of LIBOR or the emergence of alternatives to LIBOR as a result of these reforms, may cause LIBOR to perform differently than in the past or to be discontinued, or there could be other consequences which cannot be predicted. The potential discontinuation of LIBOR or changes to its administration could require changes to the way in which the rate of interest is calculated in respect of any Notes referencing or linked to LIBOR. The development of alternatives to LIBOR may result in Notes linked to or referencing LIBOR performing differently than would otherwise have been the case if such alternatives to LIBOR had not developed. Any such consequence could have a material adverse effect on the value of, and return on, any Notes referencing or linked to LIBOR.

Investment in Notes may not be legal for all investors

Investors should consult their own legal advisors in determining whether and to what extent Notes constitute legal investments for such investors and whether and to what extent Notes can be used as collateral for various types of borrowings. In addition, financial institutions should consult their legal advisors or regulators in determining the appropriate treatment of Notes under any applicable risk-based capital or similar rules.

Investors whose investment activities are subject to investment laws and regulations or to review or regulation by certain authorities may be subject to restrictions on investments in certain types of debt securities, which may include Notes. Investors should review and consider such restrictions prior to investing in Notes.

Investors may need to purchase more Notes to ensure that they hold an amount equal to one or more Specified Denominations

In relation to any issue of Bearer Notes which have a denomination consisting of the minimum Specified Denomination plus a higher integral multiple of another smaller amount, it is possible that the Notes may be traded in amounts in excess of the minimum Specified Denomination that are not integral multiples of the minimum Specified Denomination. In such a case a Noteholder who, as a result of trading such amounts, holds a nominal amount of less than the minimum Specified Denomination will not receive a Definitive Bearer Note in respect of such holding (should definitive Notes be printed) and would need to purchase a nominal amount of Notes such that it holds an amount equal to one or more Specified Denominations.

IDA’s credit rating may not reflect all risks affecting the Notes

The credit ratings assigned to IDA and the Facility may not reflect the potential impact of all risks related to structure, market and other factors that may affect the value of the Notes issued under the Facility. A credit rating is not a recommendation to buy, sell or hold securities and may be raised or withdrawn by the credit rating agency at any time.

The Notes will be obligations of IDA. No other company or entity will be responsible for payments under the Notes

The Notes are to be issued by IDA. The Notes will not be guaranteed by IBRD or by any other company or entity. No other entity or company will be responsible for payments under the Notes or liable to holders of the Notes in the event IDA defaults under the Notes.

Any decline in IDA's credit ratings may affect the value of the Notes

IDA's credit ratings are an assessment of its ability to pay its obligations, including those on the offered Notes. Consequently, actual or anticipated declines in IDA's credit ratings may affect the value of the Notes.

Changes in creditworthiness of IDA's borrowers may affect IDA's financial condition

IDA makes loans directly to, or guaranteed by, IDA's member countries. Changes in the macroeconomic environment and financial markets in these member countries may affect those countries' creditworthiness and repayments made to IDA. If these loans are not repaid for any reason, IDA's ability to repay the Notes may be adversely affected.

Change of law

The Conditions of the Notes are based on English law or laws of the State of New York in effect as at the date of issue of the relevant Notes. No assurance can be given as to the impact of any possible judicial decision or change to English law or laws of the State of New York or administrative practice after the date of issue of the relevant Notes.

TERMS AND CONDITIONS OF THE NOTES

The following is the text of the terms and conditions (the “Conditions” and each a “Condition”) that, subject to completion and amendment and as supplemented or varied in accordance with the provisions of the applicable Final Terms, will apply to the Notes referred to in such Final Terms. If Notes are to be printed in definitive form, these Conditions as so completed, amended, supplemented or varied (and subject to simplification by the deletion of non-applicable provisions) shall be endorsed on the Definitive Bearer Notes (as defined below) or on the Certificates (as defined below) relating to such Registered Notes (as defined below). All capitalized terms used and not defined in these Conditions will have the meaning ascribed to them in the Final Terms. References in these Conditions to “Notes” are to the Notes of one Series only, not to all Notes that may be issued under the Facility.

The Registered Notes (as defined in Condition 1(a)) and the Bearer Notes (as defined in Condition 1(a)) are issued in accordance with a global agency agreement dated as of March 22, 2018 (as amended and supplemented from time to time, the “Global Agency Agreement”) and made between IDA and Citibank, N.A., London Branch (the “Global Agent”, which expression shall include any successor global agent under the Global Agency Agreement) and, in the case of Registered Notes and Bearer Notes governed by English law, with the benefit of a Deed of Covenant (as amended or supplemented as at the Issue Date, the “Deed of Covenant”) dated as of March 22, 2018 executed by IDA in relation to the Notes. The original executed Deed of Covenant is held by the Global Agent. The Global Agency Agreement includes forms of the Notes and the receipts (if any) for the payment of instalments of principal (the “Receipts”) relating to Notes in bearer form of which the principal is payable in instalments, the coupons (if any) attaching to interest-bearing Notes in bearer form (the “Coupons”) and the talons (if any) for further Coupons relating to such Notes (the “Talons”). Copies of the Global Agency Agreement and the Deed of Covenant are available for inspection at the specified offices of each of the Global Agent, the Calculation Agent, the Exchange Agent, the Registrar, the Transfer Agents and the Paying Agents (each as defined below). The Global Agency Agreement provides for the appointment of other agents, including a calculation agent (the “Calculation Agent”, which expression shall mean in respect of any issue of Notes any other calculation agent appointed in respect of such issue pursuant to the Global Agency Agreement or another agreement and designated as such on such Notes), an exchange agent (the “Exchange Agent”), one or more paying agents (together with the Global Agent, the “Paying Agents”), one or more transfer agents (together, the “Transfer Agents”) and a registrar (the “Registrar”). The Global Agent, the Calculation Agent, the Exchange Agent, the Registrar, the Transfer Agents and the Paying Agents are together referred to herein as the “Agents”. The Noteholders (as defined below) and the holders of the Coupons (if any) and, where applicable, Talons (the “Couponholders”) and the holders of the Receipts are bound by and deemed to have notice of, and are entitled to the benefit of, all of the provisions of the Global Agency Agreement, the Deed of Covenant and the Final Terms, which are applicable to them.

In these Conditions, “Noteholder” means the bearer of any Bearer Note and the Receipts relating to it or the person in whose name a Registered Note is registered, and “holder” (in relation to a Bearer Note, Receipt, Coupon or Talon) means the bearer of any Bearer Note, Receipt, Coupon or Talon or, in relation to a Registered Note, the person in whose name a Registered Note is registered, as the case may be.

For Notes which are not Definitive Bearer Notes or definitive Certificates (each as defined in Condition 1(a)), references in these Conditions to terms specified on a Note or specified hereon shall be deemed to include references to terms specified in the applicable final terms issued in respect of a particular issue of Notes of which such Note forms a part (each a “Final Terms”) and which will be attached to such Note.

These Conditions may be amended, modified or varied in relation to any Series of Notes by the terms of the applicable Final Terms in relation to such Series. All capitalized terms that are not defined in these Conditions will have the meanings given to them in the applicable Final Terms.

1. Form, Denomination, Title and Specified Currency

- (a) *Form:* Each issue of Notes of which this Note forms a part is issued as:

- (i) registered notes (“Registered Notes”) in the nominal amount of a Specified Denomination (as defined in Condition 1(b)); and/or
- (ii) bearer notes (“Bearer Notes”) in the nominal amount of a Specified Denomination,

as specified on such Note, and these Conditions must be read accordingly. An issue of Notes may comprise either Bearer Notes only or Registered Notes only.

Bearer Notes may be issued in global form (“Global Notes”) and/or definitive bearer form (“Definitive Bearer Notes”). Bearer Notes in definitive form are serially numbered and are issued with Coupons (and, where appropriate, a Talon) attached, except in the case of Notes that do not bear interest, in which case references to interest (other than in relation to interest due after the Maturity Date), Coupons and Talons in these Conditions are not applicable. Any Definitive Bearer Note the nominal amount of which is redeemable in instalments is issued with one or more Receipts attached.

Unless stated differently hereon, Registered Notes are represented by registered certificates (“Certificates”) in global and/or definitive form. Except as provided in Condition 2(b), for Notes sold to investors outside the United States, one unrestricted global certificate (an “Unrestricted Global Certificate”) representing the aggregate nominal amount of Registered Notes held by the same holder will be issued to such holder, unless more than one Certificate is required for clearance and settlement purposes or otherwise specified in the applicable Final Terms. Registered Notes sold to investors in the United States, unless otherwise specified in the applicable Final Terms, will be represented by one or more restricted global certificates (each a “Restricted Global Certificate”). Each Certificate will be numbered serially with an identifying number, which will be recorded in the register (the “Register”) kept by the Registrar.

(b) *Denomination*: “Specified Denomination” means the denomination or denominations specified on such Note.

(c) *Title*:

- (i) Title to Registered Notes shall pass by registration in the Register in accordance with the provisions of the Global Agency Agreement, or otherwise in accordance with applicable law.
- (ii) Title to Bearer Notes and the Receipts, Coupons and Talons shall pass by delivery.
- (iii) IDA and the Agents shall be entitled to deem and treat the registered holder of any Registered Note or the bearer of any Bearer Note, Receipt, Coupon or Talon, to be the absolute owner thereof for the purpose of making payments and for all other purposes, whether or not such Registered Note or Bearer Note, Receipt, Coupon or Talon is overdue and regardless of any notice of ownership, trust or an interest therein, any writing thereon (or on the Certificate representing it) or any notice of any previous theft or loss thereof (or of the related Certificate), and all payments on a Note or Coupon to such holder shall be deemed valid and effectual to discharge the liability of IDA in respect of such Note or Coupon to the extent of the sum or sums so paid.

(d) *Specified Currency*: The Specified Currency of any Note is as specified hereon. All payments of principal and interest in respect of a Note shall be made in one or more Specified Currencies.

2. No Exchange of Notes and Transfers of Registered Notes

(a) *Transfer of Registered Notes*:

- (i) Subject as provided in Condition 2(f), a Registered Note may be transferred in whole or in part in a Specified Denomination upon the surrender of the Certificate representing such Registered Note to be transferred, together with the form of transfer endorsed on such Certificate duly completed and executed, at the specified office of the Registrar or any Transfer Agent. In the case of a transfer of only part of such a Registered Note represented by one Certificate, a new Certificate shall be issued to the transferee in respect of the part transferred and a further new Certificate shall be issued to the transferor in respect of the

balance not transferred. Each new Certificate to be issued upon transfer of such a Registered Note represented by such Certificate will be mailed to such address as may be specified in such form of transfer at the risk of the holder entitled to the new Certificate in accordance with the customary procedures of such Registrar or Transfer Agent.

(ii) Registered Notes may not be exchanged for Bearer Notes.

(b) *Partial Exercise of Options or Partial Redemption in Respect of Registered Notes:* In the case of a partial redemption (in respect of an exercise of IDA's or the Noteholder's option or otherwise) of Registered Notes represented by a single Certificate, a new Certificate in respect of the balance of the interest in any such Registered Notes not redeemed shall be issued to the holder to reflect the exercise of such option. In the case of a partial exercise of an option (other than in respect of optional redemption), one or more new Certificates may be issued to the relevant holders reflecting such exercise. New Certificates shall only be issued against surrender of the existing Certificates to the Registrar or any Transfer Agent.

(c) *No Exchange of Bearer Notes:* Bearer Notes of one Specified Denomination may not be exchanged for Bearer Notes of another Specified Denomination. Bearer Notes may not be exchanged for Registered Notes.

(d) *Delivery of New Certificates and Notes:* New Certificate(s) or Note(s) issued upon any transfer, partial redemption or partial exercise of options in accordance with this Condition 2 shall be mailed by uninsured post at the risk of the holder entitled to the new Certificate or Note to such address as may be so specified in the request for transfer or in the redemption exercise notice delivered by the holder requesting such transfer or partial redemption, to the relevant Transfer Agent or Registrar, as the case may be (in respect of Registered Notes), or (if no address is so specified) as appears in the Register, or otherwise in accordance with the customary procedures of the relevant Transfer Agent, or the Registrar, as the case may be, unless such holder requests otherwise and pays in advance to the Transfer Agent, or the Registrar, as the case may be, the costs of such other method of delivery and/or such insurance as it may specify.

(e) *Transfer Free of Charge:* Registrations of transfers of Certificates shall be effected without charge by or on behalf of IDA, the Registrar or the Transfer Agents, provided that the transferor or holder shall bear the expense of the issue and delivery of any Registered Note and shall make any payment of any tax or other governmental charges that may be imposed in relation to it (or the giving of such indemnity as the Registrar or the relevant Transfer Agent may require).

(f) *Closed Periods:* No transfer of a Registered Note will be effected (i) on the day immediately preceding the due date for any payment of principal, redemption amount or premium (if any) in respect of that Note, (ii) during the notice period immediately preceding any date on which Notes may be called for redemption by IDA at its option pursuant to Condition 5(d), (iii) after any such Note has been called for redemption, or (iv) during the period starting on the day immediately preceding any Record Date and ending on (and including) such Record Date (as defined in Condition 6(a)).

(g) *Provisions Concerning Transfers:* All transfers of Registered Notes and entries on the Register will be made in accordance with the relevant procedures of the Registrar. A copy of the relevant procedures will be made available by the Registrar to any holder of a Registered Note upon request.

3. Status

The Notes constitute direct, unsecured obligations of IDA ranking *pari passu*, without any preference among themselves, with all its other obligations that are unsecured and unsubordinated.

THE NOTES ARE NOT OBLIGATIONS OF THE INTERNATIONAL BANK FOR RECONSTRUCTION AND DEVELOPMENT OR OF ANY GOVERNMENT.

4. Interest

(a) *Interest on Fixed Rate Notes:* Each Fixed Rate Note bears interest on its outstanding nominal amount from and including the Interest Commencement Date at the rate per annum (expressed as a

percentage) equal to the Rate of Interest, such interest being payable in arrear on each Interest Payment Date. The amount of interest payable shall be determined in accordance with Condition 4(j). Such Interest Payment Date(s) is/are specified hereon. If a Fixed Coupon Amount or Broken Amount is specified hereon, the amount of interest payable on each Interest Payment Date will amount to the Fixed Coupon Amount or, if applicable, the Broken Amount so specified and, in the case of the Broken Amount, will be payable on the particular Interest Payment Date(s) specified hereon.

(b) *Interest on Floating Rate Notes and Index Linked Interest Notes:*

(i) Interest Payment Dates:

Each Floating Rate Note and Index Linked Interest Note bears interest on its outstanding nominal amount from and including the Interest Commencement Date at the rate per annum (expressed as a percentage) equal to the Rate of Interest, such interest being payable in arrear on each Interest Payment Date. The amount of interest payable shall be determined in accordance with Condition 4(j). Such Interest Payment Date(s) is/are either specified hereon as Specified Interest Payment Dates or, if no Specified Interest Payment Date(s) is/are specified hereon, Interest Payment Date shall mean each date which falls the number of months or other period specified hereon as the Interest Period after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

(ii) Rate of Interest for Floating Rate Notes:

(A) The Rate of Interest in respect of Floating Rate Notes for each Interest Accrual Period shall be determined in the manner specified hereon. If either ISDA Determination or Screen Rate/Reference Bank Determination are specified hereon, the provisions below relating to either ISDA Determination or Screen Rate/Reference Bank Determination shall apply.

(B) ISDA Determination for Floating Rate Notes

Where ISDA Determination is specified hereon as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period shall be determined by the Calculation Agent as a rate equal to the relevant ISDA Rate. For the purposes of this sub-paragraph (B), "ISDA Rate" for an Interest Accrual Period means a rate equal to the Floating Rate that would be determined by the Calculation Agent under a Swap Transaction under the terms of an agreement incorporating the ISDA Definitions and under which:

- (x) the Floating Rate Option is as specified hereon;
- (y) the Designated Maturity is a period specified hereon; and
- (z) the relevant Reset Date is the first day of that Interest Accrual Period unless otherwise specified hereon.

For the purposes of this sub-paragraph (B), "Floating Rate", "Calculation Agent", "Floating Rate Option", "Designated Maturity", "Reset Date" and "Swap Transaction" have the meanings given to those terms in the ISDA Definitions.

(C) Screen Rate/Reference Bank Determination for Floating Rate Notes

Where Screen Rate/Reference Bank Determination is specified hereon as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period will be determined by the Calculation Agent at or about the Relevant Time on the Interest Determination Date in respect of such Interest Accrual Period in accordance with the following:

- (x) if the Primary Source for Floating Rate is a Page, subject as provided below, the Rate of Interest shall be:

- (I) the Relevant Rate (where such Relevant Rate on such Page is a composite quotation or is customarily supplied by one entity); or
- (II) the arithmetic mean of the Relevant Rates of the persons whose Relevant Rates appear on that Page,

in each case appearing on such Page at the Relevant Time on the Interest Determination Date;

- (y) if the Primary Source for the Floating Rate is Reference Banks or if sub-paragraph (x)(I) applies and no Relevant Rate appears on the Page at the Relevant Time on the Interest Determination Date or if sub-paragraph (x)(II) applies and fewer than two Relevant Rates appear on the Page at the Relevant Time on the Interest Determination Date, subject as provided below, the Rate of Interest shall be the arithmetic mean of the Relevant Rates that each of the Reference Banks is quoting to leading banks in the Relevant Financial Centre at the Relevant Time on the Interest Determination Date, as determined by the Calculation Agent; and
- (z) if paragraph (y) above applies and the Calculation Agent determines that fewer than two Reference Banks are so quoting Relevant Rates, subject as provided below, the Rate of Interest shall be the arithmetic mean of the rates per annum (expressed as a percentage) that the Calculation Agent determines to be the rates (being the nearest equivalent to the Benchmark, as specified in the applicable Final Terms) in respect of a Representative Amount of the Specified Currency that at least two out of five leading banks selected by the Calculation Agent (in consultation with IDA) in the principal financial centre of the country of the Specified Currency or, if the Specified Currency is euro, in the Euro-zone as selected by the Calculation Agent (the "Principal Financial Centre") are quoting at or about the Relevant Time on the date on which such banks would customarily quote such rates for a period commencing on the Effective Date for a period equivalent to the Specified Duration to leading banks carrying on business in the Principal Financial Centre; except that, if fewer than two of such banks are so quoting to leading banks in the Principal Financial Centre, the Rate of Interest shall be the Rate of Interest determined on the previous Interest Determination Date (after readjustment for any difference between any Margin, Rate Multiplier or Maximum or Minimum Rate of Interest applicable to the preceding Interest Accrual Period and to the relevant Interest Accrual Period).

(iii) Rate of Interest for Index Linked Interest Notes:

In the case of Index Linked Interest Notes where the Rate of Interest and/or the Interest Amount, as the case may be (whether on any Interest Payment Date, early redemption, maturity or otherwise), falls to be determined by reference to an index and/or a formula, the Rate of Interest and/or the Interest Amount, as the case may be, shall be determined in accordance with such index and/or formula in the manner specified hereon (the "Index" and/or the "Formula", respectively).

(c) *Zero Coupon Notes*: Where a Note the Interest Basis of which is specified to be Zero Coupon is repayable prior to the Maturity Date and is not paid when due, the amount due and payable prior to the Maturity Date shall be the Early Redemption Amount of such Note. As from the Maturity Date, the Rate of Interest for any overdue principal of such a Note shall be a rate per annum (expressed as a percentage) equal to the Amortization Yield (as described in Condition 5(c)(ii)).

(d) *Dual Currency Notes*: In the case of Dual Currency Notes, if the rate or amount of interest falls to be determined by reference to a Rate of Exchange or a method of calculating Rate of Exchange, the rate or amount of interest payable shall be determined in the manner specified hereon.

(e) *Partly-paid Notes*: In the case of Partly-paid Notes (other than Partly-paid Notes which are Zero Coupon Notes), interest will accrue as aforesaid on the paid-up nominal amount of such Notes and otherwise as specified hereon.

(f) *Business Day Convention*: If any date referred to in these Conditions that is specified to be subject to adjustment in accordance with a Business Day Convention would otherwise fall on a day that is not a Business Day, then, if the Business Day Convention specified is (A) the Floating Rate Business Day Convention, such date shall be postponed to the next day that is a Business Day unless it would thereby fall into the next calendar month, in which event (x) such date shall be brought forward to the immediately preceding Business Day and (y) each subsequent such date shall be the last Business Day of the month in which such date would have fallen had it not been subject to adjustment, (B) the Following Business Day Convention, such date shall be postponed to the next day that is a Business Day, (C) the Modified Following Business Day Convention, such date shall be postponed to the next day that is a Business Day unless it would thereby fall into the next calendar month, in which event such date shall be brought forward to the immediately preceding Business Day, or (D) the Preceding Business Day Convention, such date shall be brought forward to the immediately preceding Business Day.

(g) *Accrual of Interest*: Interest shall cease to accrue on each Note on the due date for redemption unless, upon due presentation, payment is improperly withheld or refused, in which event interest shall continue to accrue (both before and after judgment) at the Rate of Interest in the manner provided in this Condition 4 to the Relevant Date (as defined in Condition 7).

(h) *Margin, Maximum/Minimum Rates of Interest, Instalment Amounts and Redemption Amounts*:

- (i) If any Margin is specified hereon (either (x) generally, or (y) in relation to one or more Interest Accrual Periods), an adjustment shall be made to all Rates of Interest, in the case of (x), or the Rates of Interest for the specified Interest Accrual Periods, in the case of (y), calculated in accordance with (b) above by adding (if a positive number) or subtracting (if a negative number) the absolute value of such Margin subject always to the next paragraph.
- (ii) If any Maximum or Minimum Rate of Interest, Instalment Amount or Redemption Amount is specified hereon, then any Rate of Interest, Instalment Amount or Redemption Amount shall be subject to such maximum or minimum, as the case may be.

(i) *Rounding*: For the purposes of any calculations required pursuant to these Conditions (unless otherwise specified), (x) all percentages resulting from such calculations shall be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point (with 0.000005 of a percentage point being rounded up), (y) all figures shall be rounded to seven significant figures (provided that if the eighth significant figure is 5 or greater, the seventh significant figure shall be rounded up) and (z) all currency amounts that fall due and payable shall be rounded to the nearest unit of such currency (with half a unit being rounded up), except in the case of yen, which shall be rounded down to the nearest yen. For these purposes "unit" means the lowest amount of such currency that is available as legal tender in the country(ies) of such currency.

(j) *Calculations*: The amount of interest payable per Calculation Amount in respect of any Note for any Interest Accrual Period shall be equal to the product of the Rate of Interest, the Calculation Amount specified hereon, and the Day Count Fraction for such Interest Accrual Period, unless an Interest Amount (or a formula for its calculation) is applicable to such Interest Accrual Period, in which case the amount of interest payable per Calculation Amount in respect of such Note for such Interest Accrual Period shall equal such Interest Amount (or be calculated in accordance with such formula). Where any Interest Period comprises two or more Interest Accrual Periods, the amount of interest payable per Calculation Amount in respect of such Interest Period shall be the sum of the Interest Amounts payable in respect of each of those Interest Accrual Periods. In respect of any other period for which interest is required to be calculated, the provisions above shall apply except that the Day Count Fraction shall be for the period for which interest is required to be calculated. If the Calculation Amount is not specified hereon, the Calculation Amount shall equal the minimum Specified Denomination.

(k) *Determination and Publication of Rates of Interest, Interest Amounts, Final Redemption Amounts, Early Redemption Amounts, Optional Redemption Amounts and Instalment Amounts:* The Calculation Agent shall, as soon as practicable on such date as the Calculation Agent may be required to calculate any rate or amount, obtain any quotation or make any determination or calculation, determine such rate and calculate the Interest Amounts for the relevant Interest Accrual Period, calculate the Final Redemption Amount, Early Redemption Amount, Optional Redemption Amount or Instalment Amount, obtain such quotation or make such determination or calculation, as the case may be, and cause the Rate of Interest and the Interest Amounts for each Interest Accrual Period and the relevant Interest Payment Date and, if required to be calculated, the Final Redemption Amount, Early Redemption Amount, Optional Redemption Amount or any Instalment Amount to be notified to the Global Agent, IDA, each of the Paying Agents, the Noteholders, any other Calculation Agent appointed in respect of the Notes that is to make a further calculation upon receipt of such information and, if the Notes are listed on a stock exchange and the rules of such exchange or other relevant authority so require, such exchange (or listing agent as applicable) or other relevant authority as soon as possible after their determination but, unless otherwise specified hereon, in no event later than (i) the commencement of the relevant Interest Period, if determined prior to such time, in the case of notification to such exchange of a Rate of Interest and Interest Amount, or (ii) in all other cases, the fourth Business Day after such determination. Where any Interest Payment Date or Interest Period Date is subject to adjustment pursuant to Condition 4(f), the Interest Amounts and the Interest Payment Date so published may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. If the Notes become due and payable under Condition 8, the accrued interest and the Rate of Interest payable in respect of the Notes shall nevertheless continue to be calculated as previously in accordance with this Condition but no publication of the Rate of Interest or the Interest Amount so calculated need be made. The determination of any rate or amount, the obtaining of each quotation and the making of each determination or calculation by the Calculation Agent(s) shall (in the absence of manifest error) be final and binding upon all parties.

The Calculation Agent may not resign its duties without a successor having been appointed as aforesaid.

5. Redemption, Purchase and Options

(a) *Final Redemption*: Unless previously redeemed, purchased and cancelled as provided below, each Note shall be finally redeemed on the Maturity Date specified hereon at its Final Redemption Amount (which, unless otherwise provided, is its nominal amount) or, in the case of a Note falling within paragraph (b) below, its final Instalment Amount.

(b) *Redemption by Instalments*: Unless previously redeemed, purchased and cancelled as provided in this Condition 5, each Note that provides for Instalment Dates and Instalment Amounts shall be partially redeemed on each Instalment Date at the related Instalment Amount specified hereon. The outstanding nominal amount of each such Note shall be reduced by the Instalment Amount (or, if such Instalment Amount is calculated by reference to a proportion of the nominal amount of such Note, such proportion) for all purposes with effect from the related Instalment Date, unless payment of the Instalment Amount is

improperly withheld or refused, in which case, such amount shall remain outstanding until the Relevant Date (as defined in Condition 7) relating to such Instalment Amount.

(c) *Early Redemption Amounts:*

(i) Notes Other than Zero Coupon Notes:

The Early Redemption Amount payable in respect of any Note (other than Notes described in (ii) below), upon it becoming due and payable as provided in Condition 8, shall be the Final Redemption Amount unless otherwise specified hereon.

(ii) Zero Coupon Notes:

(A) The Early Redemption Amount payable in respect of any Zero Coupon Note, upon it becoming due and payable as provided in Condition 8, shall be the Amortized Face Amount (calculated as provided below) of such Note unless the Early Redemption Amount is linked to an index and/or a formula, or unless otherwise specified hereon.

(B) Subject to the provisions of sub-paragraph (C) below, the Amortized Face Amount of any such Note shall be the scheduled Final Redemption Amount of such Note on the Maturity Date discounted at a rate per annum (expressed as a percentage) equal to the Amortization Yield (which, if none is specified hereon, shall be such rate as would produce an Amortized Face Amount equal to the Issue Price of the Notes if they were discounted back to their Issue Price on the Issue Date) compounded annually.

(C) If the Early Redemption Amount payable in respect of any such Note upon it becoming due and payable as provided in Condition 8 is not paid when due, the Early Redemption Amount due and payable in respect of such Note shall be the Amortized Face Amount of such Note as defined in sub-paragraph (B) above, except that such sub-paragraph shall have effect as though the date on which the Note becomes due and payable were the Relevant Date (as defined in Condition 7). The calculation of the Amortized Face Amount in accordance with this sub-paragraph shall continue to be made (both before and, to the extent permitted by applicable law, after judgment) until the Relevant Date, unless the Relevant Date falls on or after the Maturity Date, in which case the amount due and payable shall be the scheduled Final Redemption Amount of such Note on the Maturity Date together with any interest that may accrue in accordance with Condition 4(c).

Where such calculation is to be made for a period of less than one year, it shall be made on the basis of the Day Count Fraction specified hereon.

(d) *Redemption at the Option of IDA:* If Call Option is specified hereon, IDA may, on giving not less than 10 nor more than 30 days' irrevocable notice to the Noteholders (or such other notice period as may be specified hereon) redeem all or, if so provided, some, of the Notes on any Optional Redemption Date. Any such redemption of Notes shall be at their Optional Redemption Amount specified hereon (which may be the Early Redemption Amount (as described in Condition 5(c) above)), together with interest accrued to the Optional Redemption Date. Any such redemption or exercise must relate to Notes of a nominal amount at least equal to the Minimum Redemption Amount to be redeemed specified hereon and no greater than the Maximum Redemption Amount to be redeemed specified hereon.

All Notes in respect of which any such notice is given shall be redeemed on the Optional Redemption Date specified in such notice in accordance with this Condition.

In the case of a partial redemption of Notes, the notice to Noteholders shall also contain the certificate numbers of the Definitive Bearer Notes, or in the case of Registered Notes shall specify the nominal amount of Registered Notes drawn and the holder(s) of such Registered Notes, to be redeemed, which shall have been drawn in such place and in such manner as may be fair and reasonable in the circumstances, taking account of prevailing market practices, subject to compliance with any applicable laws and stock exchange or other relevant authority requirements. So long as the Notes are listed on the Luxembourg Stock Exchange

or any other stock exchange and the rules of that stock exchange so require, IDA shall, once in each year in which there has been a partial redemption of the Notes, cause to be published either on the website of the Luxembourg Stock Exchange (www.bourse.lu) or in a newspaper having general circulation in Luxembourg or as specified by such other stock exchange a notice specifying the aggregate nominal amount of Notes outstanding and a list of the Notes drawn for redemption but not surrendered.

(e) *Redemption at the Option of Noteholders*: If Put Option is specified hereon, IDA shall, at the option of the holder of any such Note, upon the holder of such Note giving not less than 15 nor more than 30 days' notice to IDA (or such other notice period as may be specified hereon) redeem such Note on the Optional Redemption Date(s) at its Optional Redemption Amount specified hereon (which may be the Early Redemption Amount (as described in Condition 5(c) above)), together with interest accrued to but excluding the date fixed for redemption.

To exercise such option the holder must deposit (in the case of Bearer Notes) such Note (together with (in the case of Definitive Bearer Notes) all unmatured Receipts and Coupons and unexchanged Talons) with any Paying Agent or (in the case of Registered Notes) the Certificate representing such Note(s) with the Registrar or any Transfer Agent at its specified office, together with a duly completed option exercise notice ("Exercise Notice") in the form obtainable from any Paying Agent, the Registrar or any Transfer Agent (as applicable) within the notice period. No Note or Certificate so deposited and option exercised may be withdrawn (except as provided in the Global Agency Agreement) without the prior consent of IDA.

(f) *Partly-paid Notes*: Partly-paid Notes will be redeemed, whether at maturity, early redemption or otherwise, in accordance with the provisions of this Condition and the provisions specified hereon.

(g) *Purchases*: IDA may at any time purchase or otherwise acquire Notes in the open market or otherwise. Notes purchased or otherwise acquired by IDA may be held or resold or, at the discretion of IDA, surrendered to the Global Agent for cancellation (together with (in the case of Definitive Bearer Notes) any unmatured Coupons, unexchanged Talons or Receipts attached thereto or purchased therewith) or cancelled. If purchases are made by tender, tenders must be made available to all Noteholders of the same Series alike.

(h) *Cancellation*: All Notes purchased by or on behalf of IDA may be cancelled, in the case of Registered Notes, by surrendering the Certificate representing such Notes to the Registrar, and in the case of Bearer Notes, by surrendering each such Note (together with (in the case of Definitive Bearer Notes) all unmatured Receipts and Coupons and all unexchanged Talons) to the Global Agent and, in each case, if so surrendered, shall, together with all Notes redeemed by IDA, be cancelled forthwith (together with all unmatured Receipts and Coupons and unexchanged Talons attached thereto or surrendered therewith). Any Notes so surrendered for cancellation or cancelled may not be reissued or resold and the obligations of IDA in respect of any such Notes shall be discharged.

6. Payments

(a) *Registered Notes*:

- (i) Payments of principal (which for the purposes of this Condition 6(a) shall include final Instalment Amounts but not other Instalment Amounts) in respect of Registered Notes shall be made against surrender of the relevant Certificates at the specified office of any of the Transfer Agents or of the Registrar and in the same manner provided in paragraph (ii) below.
- (ii) Subject to Condition 6(a)(iii), interest (which for the purpose of this Condition 6(a) shall include all Instalment Amounts other than final Instalment Amounts) on Registered Notes shall be paid to the person shown on the Register at the close of business on the day before the due date for payment thereof (unless otherwise specified in the applicable Final Terms) (the "Record Date"). Payments of interest on each Registered Note shall be made in the relevant currency by check drawn on a Financial Institution and mailed to the holder (or to the first-named of joint holders) of such Note at its address appearing in the Register. Upon application by the holder to the specified office of the Registrar or any Transfer Agent before the Record Date, such payment of interest may be made by transfer to an account in the

relevant currency maintained by the payee with a Financial Institution. “Financial Institution” means a bank in the principal financial centre for such currency or, in the case of euro, in a city in which banks have access to the TARGET System.

(iii) Registered Notes held through The Depository Trust Company (“DTC”) will be paid as follows:

(A) if the Specified Currenc(y/ies) for payment is(are) U.S. dollars, payments of principal, premium (if any), and/or interest will be made in accordance with Conditions 6(a)(i) and (ii); or

(B) if the Specified Currenc(y/ies) for payment is(are) a currency other than U.S. dollars, payments of principal and interest will be made by the Global Agent in the relevant currency by wire transfer of same day funds to the designated account in such currency of DTC participants entitled to receive the relevant payment who have made an irrevocable election prior to 5:00 p.m. New York City time on the fifteenth calendar day prior to the due date for payment thereof (the “DTC Record Date”). In the case of DTC participants entitled to receive the relevant payments but who have not elected to receive payments in such currency, the Global Agent shall pay such amounts to the Exchange Agent and the Exchange Agent, after converting amounts in such currency into U.S. dollars as necessary to make payments in U.S. dollars, will deliver U.S. dollar amounts in same day funds to DTC for payment through its settlement system to such DTC participants. The Global Agency Agreement sets out the manner in which such conversions or such elections are to be made.

(iv) Noteholders will not be entitled to any interest or other payment for any postponed payment resulting from the application of Condition 6(h), if the Noteholder is late in surrendering its Certificate (if required to do so), or if its Certificate cannot be surrendered to a Transfer Agent that is open for business on the day of such surrender or if a check mailed in accordance with this Condition 6(a) arrives after the due date for payment.

(b) *Bearer Notes:*

(i) Payments of principal and interest in respect of Definitive Bearer Notes shall, subject as mentioned below, be made against presentation and surrender of the relevant Receipts (in the case of payments of Instalment Amounts other than on the due date for redemption and provided that the Receipt is presented for payment together with its relative Note), Notes (in the case of all other payments of principal and, in the case of interest, as specified in Condition 6(e)(vi)) or Coupons (in the case of interest, except as specified in Condition 6(e)(vi)), as the case may be, at the specified office of any Paying Agent outside the United States by a check payable in the relevant currency drawn on, or, at the option of the holder, by transfer to an account denominated in such currency with, a Financial Institution.

(ii) Notwithstanding the foregoing, if the Specified Currency of any Bearer Notes or payments thereunder are otherwise to be made in U.S. dollars, payments in respect thereof may be made at the specified office of any Paying Agent in New York City in the same manner as aforesaid if (A) IDA shall have appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment of the amounts on the Notes in the manner provided above when due, (B) payment in full of such amounts at all such offices is illegal or effectively precluded by exchange controls or other similar restrictions on payment or receipt of such amounts, and (C) such payment is then permitted by United States law.

(iii) Payments of principal, premium (if any) and interest in respect of Bearer Notes represented by a Global Note in CGN (as defined in the Global Agency Agreement) form will (subject as provided below) be made in the manner specified above in relation to Definitive Bearer Notes and otherwise in the manner specified in the relevant Global Note against presentation or surrender, as the case may be, of such Global Note at the specified office of any Paying

Agent. A record of which payment made against presentation or surrender of such Global Note in CGN form, distinguishing between any payment of principal and any payment of interest, will be made on such Global Note by such Paying Agent and such record shall be *prima facie* evidence that the payment in question has been made. If the Global Note is in NGN (as defined in the Global Agency Agreement) form, IDA shall procure that details of each such payment shall be entered *pro rata* in the records of the relevant clearing system and in the case of payments of principal, the nominal amount of the Notes recorded in the records of the relevant clearing system and represented by the Global Note will be reduced accordingly. Payments under the Global Note in NGN form will be made to its holder. Each payment so made will discharge IDA's obligations in respect thereof. Any failure to make the entries in the records of the relevant clearing system shall not affect such discharge.

(c) *Payments Subject to Law:* All payments are subject in all cases to any applicable fiscal or other laws, regulations and directives. No commission or expenses shall be charged to the Noteholders or Couponholders in respect of such payments.

(d) *Appointment of Agents:* The Global Agent, the Paying Agent, the Registrar, the Exchange Agent, the Transfer Agent and the Calculation Agent initially appointed by IDA and their respective specified offices are listed below. The Global Agent, the Paying Agents, the Registrar, the Exchange Agent, the Transfer Agents and the Calculation Agent(s) act solely as agents of IDA and do not assume any obligation or relationship of agency or trust for or with any Noteholder or Couponholder. IDA reserves the right at any time to vary or terminate the appointment of the Global Agent, any other Paying Agent, the Registrar, the Exchange Agent, any Transfer Agent, any Calculation Agent or any other agent and to appoint a substitute Global Agent and/or additional or other Paying Agents, Registrars, Exchange Agents, Transfer Agents, Calculation Agents or any other agent, provided that IDA shall at all times maintain (i) a Global Agent with respect to Bearer Notes and Registered Notes, (ii) for Registered Notes, a Registrar and one or more Transfer Agents, at least one of which has its specified office in a major European city, (iii) for Bearer Notes, at least one Paying Agent in a major European city, (iv) one or more Calculation Agent(s) if specified hereon, and (v) a Paying Agent in such city as may be required by any stock exchange on which the Notes may be listed, which shall, in the case of Notes listed on the Luxembourg Stock Exchange and in the relevant circumstances in which a Paying Agent is required to be appointed, be Luxembourg. Any such variation, termination or change shall only take effect (other than in the case of insolvency, when it shall be of immediate effect) after not less than 30 days' prior notice thereof shall have been given to the Noteholders in accordance with Condition 11 and *provided further* that neither the resignation nor removal of any Agent shall take effect, except in the case of insolvency as aforesaid, until a new Agent replacing such Agent has been appointed in accordance with the terms of the Global Agency Agreement.

In addition, IDA shall appoint a Paying Agent in New York City in respect of any Bearer Notes the Specified Currency of which is U.S. dollars or payments in respect of which are otherwise to be made in U.S. dollars in the circumstances described in Condition 6(b)(ii).

Notice of any such change or any change of any specified office shall promptly be given to the Noteholders in accordance with Condition 11.

(e) *Unmatured Coupons and Receipts and Unexchanged Talons:*

- (i) Upon the due date for redemption of Bearer Notes which comprise Fixed Rate Notes (other than Dual Currency Notes or Index Linked Interest Notes), they should be surrendered for payment together with all unexpired Coupons (if any) relating thereto, failing which an amount equal to the face value of each missing unexpired Coupon (or, in the case of payment not being made in full, that proportion of the amount of such missing unexpired Coupon that the sum of principal so paid bears to the total principal due) shall be deducted from the Final Redemption Amount, Early Redemption Amount or Optional Redemption Amount, as the case may be, due for payment. Any amount so deducted shall be paid in the manner mentioned above against surrender of such missing Coupon within a period of 10 years from the Relevant Date (as defined in Condition 7) for the payment of such principal (whether or not such Coupon has become void pursuant to Condition 7).

- (ii) Upon the due date for redemption of any Bearer Note comprising a Floating Rate Note, Dual Currency Note or Index Linked Interest Note, any unmatured Coupon relating to such Note (whether or not attached) shall become void and no payment shall be made in respect of such Coupon.
- (iii) Upon the due date for redemption of any Bearer Note, any unexchanged Talon relating to such Note (whether or not attached) shall become void and no Coupon shall be delivered in respect of such Talon.
- (iv) Upon the due date for redemption of any Bearer Note that is redeemable in instalments, any Receipt relating to such Note having an Instalment Date falling on or after such due date (whether or not attached) shall become void and no payment shall be made in respect of such Receipt.
- (v) Where any Bearer Note that provides that the relative unmatured Coupons are to become void upon the due date for redemption of those Notes is presented for redemption without all unmatured Coupons, and where any Bearer Note is presented for redemption without any unexchanged Talon relating to it, redemption shall be made only against the provision of such indemnity as IDA may require.
- (vi) If the due date for redemption of any Note is not a due date for payment of interest, interest accrued from the preceding due date for payment of interest or the Interest Commencement Date, as the case may be, shall only be payable against presentation (and surrender if appropriate) of the relevant Bearer Note or Certificate representing it, as the case may be. Interest accrued on a Note that only bears interest after its Maturity Date shall be payable on redemption of such Note against presentation of the relevant Note or Certificate representing it, as the case may be.

(f) *Talons:* On or after the Interest Payment Date for the final Coupon forming part of a Coupon sheet issued in respect of any Bearer Note, the Talon forming part of such Coupon sheet may be surrendered at the specified office of the Global Agent in exchange for a further Coupon sheet (and if necessary another Talon for a further Coupon sheet) (but excluding any Coupons that may have become void pursuant to Condition 7).

(g) *Non-Business Days:* If any date for payment in respect of any Note, Receipt or Coupon is not a business day, the holder shall not be entitled to payment until the next following business day nor to any interest or other sum in respect of such postponed payment. If so specified hereon, in the event that the next following business day falls into the next calendar month, such date for payment shall be brought forward to the immediately preceding business day. For the avoidance of doubt, the amount of interest or other payment will not be adjusted as a result of a change in such date for payment. In this paragraph, “business day” means a day (other than a Saturday or a Sunday) on which banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the relevant place of presentation, in such jurisdictions as shall be specified as “Financial Centres” hereon and:

- (i) (in the case of a payment in a currency other than euro) where payment is to be made by transfer to an account maintained with a bank in the relevant currency, on which foreign exchange transactions may be carried on in the relevant currency in the principal financial centre of the country of such currency; or
- (ii) (in the case of a payment in euro) which is a TARGET Business Day.

(h) *Currency of Payment:* If any payment in respect of this Note is payable in a Specified Currency other than U.S. dollars that is no longer used by the government of the country issuing such currency for the payment of public and private debts or used for settlement of transactions by public institutions in such country or within the international banking community, or in a Specified Currency that is not expected to be available, when any payment on this Note is due as a result of circumstances beyond the control of IDA, IDA shall be entitled to satisfy its obligations in respect of such payment by making such payment in U.S. dollars on the basis of a U.S. dollar/Specified Currency exchange rate determined by the Calculation Agent

on the second Business Day prior to such payment, or if the Calculation Agent determines that no such exchange rate is available on such second Business Day, on the basis of the exchange rate most recently available prior to such second Business Day. In making such determinations, the Calculation Agent will act in good faith and in a commercially reasonable manner having taken into account all available information that it deems relevant. Any payment made under such circumstances in such other currency or U.S. dollars will constitute valid payment, and will not constitute a default in respect of this Note.

7. Prescription

Other than for Notes, Receipts and Coupons governed by the laws of the State of New York, claims against IDA for payment in respect of the Notes, Receipts and Coupons (which for this purpose shall not include Talons) shall be prescribed and become void unless made within ten years (in the case of principal) or five years (in the case of interest) from the appropriate Relevant Date in respect thereof. As used in these Conditions, “Relevant Date” in respect of any Note, Receipt or Coupon means the date on which payment in respect of it first becomes due or (if any amount of the money payable is improperly withheld or refused) the date on which payment in full of the amount outstanding is made or (if earlier) the date seven days after that on which notice is duly given to the Noteholders that, upon further presentation of the Note (or surrender of the relative Certificate), Receipt or Coupon being made in accordance with the Conditions, such payment will be made, provided that payment is in fact made upon such presentation or surrender. References in these Conditions to (i) “principal” shall be deemed to include any premium payable in respect of the Notes, all Instalment Amounts, Final Redemption Amounts, Early Redemption Amounts, Optional Redemption Amounts, Amortized Face Amounts and all other amounts in the nature of principal payable pursuant to Condition 5 or any amendment or supplement to it and (ii) “interest” shall be deemed to include all Interest Amounts and all other amounts payable pursuant to Condition 4 or any amendment or supplement to it.

8. Default

If IDA shall default in the payment of the principal of, or interest on, or in the performance of any covenant in respect of a purchase fund or sinking fund in, any bonds, notes (including the Notes), or similar obligations which have been issued, assumed or guaranteed by IDA, and such default shall continue for a period of 90 days, then at any time thereafter and during the continuance of such default any Noteholder may deliver or cause to be delivered to IDA at its principal office in Washington, District of Columbia, United States of America, written notice that such Noteholder elects to declare all Notes held by it (the serial or other identifying numbers and denominations of which shall be set forth in such notice) to be due and payable, and on the thirtieth day after such notice shall be so delivered to IDA the Notes shall become due and payable at their Early Redemption Amount specified on such Notes plus accrued interest calculated in accordance with Condition 4, unless prior to that time all such defaults previously existing shall have been cured.

9. Replacement of Notes, Certificates, Receipts, Coupons and Talons

If a Note, Certificate, Receipt, Coupon or Talon is lost, stolen, mutilated, defaced or destroyed, it may be replaced, subject to applicable laws and regulations, and the rules and regulations of relevant stock exchanges and clearing systems, at the specified office of the Global Agent in London (in the case of Bearer Notes, Receipts, Coupons or Talons), and of the Registrar in London (in the case of Certificates), or such other Paying Agent or Registrar, as the case may be, as may from time to time be designated by IDA for the purpose and notice of whose designation is given to Noteholders, in each case on payment by the claimant of the fees and costs incurred in connection therewith and on such terms as to evidence, security and indemnity (which may provide, *inter alia*, that if the allegedly lost, stolen or destroyed Note, Certificate, Receipt, Coupon or Talon is subsequently presented for payment or, as the case may be, for exchange for further Coupons, there shall be paid to IDA on demand the amount payable by IDA in respect of such Notes, Certificates, Receipts, Coupons or further Coupons) and otherwise as IDA may require. Mutilated or defaced Notes, Certificates, Receipts, Coupons or Talons must be surrendered before replacements will be issued.

10. Further Issues and Amendments

(a) *Further Issues:* IDA may from time to time without the consent of the Noteholders create and issue further notes either having the same terms and conditions as the Notes in all respects (or in all respects except for the issue date and the first payment of interest thereon) and so that such further issue shall be consolidated and form a single series with the outstanding securities of any series (including the Notes) or upon such terms as IDA may determine at the time of their issue. References in these Conditions to the Notes include (unless the context requires otherwise) any other securities issued pursuant to this Condition and forming a further Tranche of Notes of the same Series as the Notes.

(b) *Amendments:* These Conditions and the Notes may be amended or supplemented by IDA and the Global Agent, without the consent of the holder of any Note, for the purpose of curing any ambiguity, manifest error or of correcting or supplementing any provision contained herein or therein which may be defective or inconsistent with any other provision contained herein or therein; provided, however, that IDA shall only permit any such modification if to do so could not reasonably be expected to be materially prejudicial to the interests of the Noteholders in the sole opinion of IDA.

11. Notices

(a) *Notices to Holders of Registered Notes:* Notices to holders of Registered Notes will be mailed to them at their respective addresses in the Register. Any such notice shall be deemed to have been validly given to the holders of such Registered Notes on the fourth weekday (being a day other than a Saturday or a Sunday) after the date of such mailing.

(b) *Notices to Holders of Bearer Notes:* Unless otherwise specified hereon, notices to the holders of Bearer Notes shall be valid if published in a daily newspaper having general circulation in London (which is expected to be the *Financial Times*) or Luxembourg (which is expected to be the *Luxemburger Wort*) or if published on the Luxembourg Stock Exchange's website (www.bourse.lu). Any such notice shall be deemed to have been validly given on the date of such publication. Notices will, if published more than once or on different dates, be deemed to have been given on the date of the first publication in such source as provided above. Holders of Coupons, Receipts and Talons shall be deemed for all purposes to have notice of the contents of any notice given to the holders of Bearer Notes in accordance with this Condition 11.

(c) *Delivery to Clearing System:* Until such time as any definitive Notes are issued, there may, so long as all the Notes or certificate(s) representing the Notes is or are held in its or their entirety on behalf of DTC or Euroclear and Clearstream, Luxembourg or any other applicable clearing system, be substituted, in relation only to the relevant Series of Notes, for such notification as set out in (a) and (b) above, the delivery of the relevant notice to DTC or to Euroclear and Clearstream, Luxembourg or to any other applicable clearing system for communication by them to the holders of the Notes. Any such notice shall be deemed to have been given to the Noteholders on the day (or such other period thereafter as may be specified hereon) on which such notice was given to DTC or to Euroclear and Clearstream, Luxembourg or to any other applicable clearing system.

(d) *Listing Requirements:* In addition to (a), (b) and (c) above, if and for so long as any Notes are listed on a stock exchange, all notices to Noteholders will be published in accordance with the rules of such stock exchange. If such Notes are listed on the Luxembourg Stock Exchange, such notices shall be published either on the website of the Luxembourg Stock Exchange (www.bourse.lu) or in a newspaper having general circulation in Luxembourg (which is expected to be the *Luxemburger Wort*).

(e) *Notices via Agents:* Except as set out in Condition 8, notices to be given by any holder of the Notes shall be in writing and given by lodging the same, together with the relative Note or Certificate, with the Global Agent. In the case of Bearer Notes, so long as any of such Notes are represented by a Global Note, such notice may be given by any holder of a Note to the Global Agent via Euroclear and/or Clearstream, Luxembourg, as the case may be, in such manner as the Global Agent and Euroclear and/or Clearstream, Luxembourg, as the case may be, may approve for this purpose.

12. Contracts (Rights of Third Parties) Act 1999

In respect of any Notes, Receipts and Coupons governed by English law, unless specified otherwise in the Notes, no person shall have any right to enforce any term or condition of the Notes under the Contracts (Rights of Third Parties) Act 1999.

13. Governing Law, Jurisdiction and Service of Process

(a) *Governing Law:* The Notes, the Receipts, the Coupons and the Talons are governed by, and shall be construed in accordance with, the laws of the State of New York or English law, or such other governing law, as specified hereon. The governing law of Partly-paid Notes shall not be the laws of the State of New York.

(b) *Jurisdiction:* With respect to any legal action or proceedings (“Proceedings”) in the courts of England arising out of or in connection with any Notes, Receipts, Coupons or Talons, IDA irrevocably submits to the non-exclusive jurisdiction of the courts of England.

(c) *Service of Process:* IDA irrevocably appoints its special representative at Millbank Tower, 12th Floor, 21-24 Millbank, London SW1P 4QP, England as its agent in England to receive, for it and on its behalf, service of process in any Proceedings in England. If IDA no longer maintains a special representative in England or if for any reason such process agent ceases to be able to act as such or no longer has an address in London, IDA irrevocably agrees to appoint a substitute process agent and shall immediately notify Noteholders of such appointment in accordance with Condition 11. Nothing shall affect the right to serve process in any manner permitted by law.

FORM OF NOTES AND SUMMARY OF PROVISIONS RELATING TO THE NOTES WHILE IN GLOBAL FORM

Words and expressions defined or used in “Terms and Conditions of the Notes” shall have the same meaning in this section.

IDA and the relevant Dealer(s) shall agree on the form of Notes to be issued in respect of any issue of Notes. The form may be either registered or bearer and will be specified in the applicable Final Terms. Notes payable in certain Specified Currencies may only be issued in global form.

Registered Notes

Each Tranche of Registered Notes sold in primary distribution entirely to investors in the United States may, unless otherwise specified in the applicable Final Terms, initially be represented by a Restricted Global Certificate deposited on its Issue Date with the DTC Custodian for, and registered in the name of Cede & Co., as nominee of DTC.

Each Tranche of Registered Notes sold in primary distribution entirely to investors outside the United States may, unless otherwise specified in the applicable Final Terms, initially be represented by an Unrestricted Global Certificate and (a) in the case of a Tranche held under the NSS and intended to be cleared through Euroclear and Clearstream, Luxembourg, delivered to the Common Safekeeper on behalf of Euroclear and Clearstream, Luxembourg; or (b) in the case of a Tranche not held under the NSS and intended to be cleared through Euroclear and Clearstream, Luxembourg, deposited with the Common Depositary on behalf of Euroclear and Clearstream, Luxembourg.

Each Tranche of Registered Notes sold in primary distribution both within the United States and outside the United States may, unless otherwise specified in the applicable Final Terms, initially be represented by one or more Global Certificates. One or more Restricted Global Certificates in respect of Notes sold within the United States may, unless otherwise specified in the applicable Final Terms, be deposited on its Issue Date with the DTC Custodian and registered in the name of Cede & Co., as nominee of DTC. An Unrestricted Global Certificate in respect of Notes sold outside the United States may be (a) in the case of a Tranche held under the NSS and intended to be cleared through Euroclear and Clearstream, Luxembourg, delivered to the Common Safekeeper on behalf of Euroclear and Clearstream, Luxembourg; (b) in the case of a Tranche not held under the NSS and intended to be cleared through Euroclear and Clearstream, Luxembourg, deposited with the Common Depositary on behalf of Euroclear and Clearstream, Luxembourg; or (c) in the case of a Tranche intended to be cleared through a clearing system other than, or in addition to, Euroclear and/or Clearstream, Luxembourg, or delivered outside a Clearing System, registered as specified in the applicable Final Terms.

Registered Notes may, if so specified in the applicable Final Terms, initially be issued in definitive registered form represented by Certificates registered in the names of the beneficial owners thereof, provided that, in the case of Registered Notes sold in primary distribution to investors within the United States, such Certificates shall bear the legend applicable to such Notes as set out in “Transfer Restrictions”. Otherwise, Certificates registered in the names of beneficial owners will only be available (i) in the case of Notes initially issued as Bearer Notes, as described under “Bearer Notes” below; or (ii) in the case of Registered Notes initially represented by Global Certificates (other than Notes in certain Specified Currencies), in certain circumstances described below. Certificates to be issued at the request of a beneficial owner in respect of such owner’s Notes will be issued at the expense of such owner.

Unless otherwise specified in the applicable Final Terms, interests in a Global Certificate will be exchangeable for definitive Certificates registered in the names of the beneficial owners thereof only if such exchange is permitted by applicable law and (i) in the case of a Global Certificate cleared through DTC, DTC notifies IDA that it is no longer willing or able to discharge properly its responsibilities as depositary with respect to the Global Certificate cleared through DTC, or ceases to be a “clearing agency” registered under the Exchange Act, or is at any time no longer eligible to act as such and IDA is unable to locate a qualified successor within 90 days of receiving notice of such ineligibility on the part of DTC, provided that

the relevant holder has provided the Registrar with a fully completed, signed certification substantially to the effect that such holder is not transferring its interest at the time of such exchange or, in the case of a simultaneous resale pursuant to Rule 144A, the transfer is being made in compliance with the provisions of Rule 144A; or (ii) in the case of any other Global Certificate, if the clearing system(s) through which it is cleared and settled is closed for business for a continuous period of 14 days (other than by reason of holidays, statutory or otherwise) or announces an intention permanently to cease business or does in fact do so; or (iii) if principal in respect of any Note is not paid when due, by the Noteholder giving notice to the Global Agent of its election for such exchange. In such circumstances, IDA will cause sufficient Certificates to be executed and delivered as soon as practicable (and in any event within 45 days of the occurrence of such circumstances) to the Registrar for completion, authentication and delivery to the relevant Noteholder(s). A person having an interest in a Global Certificate must provide the Registrar with a written order containing instructions and such other information as IDA and the Registrar may require to complete, execute and deliver such Certificates, which may include, *inter alia*, a certificate substantially to the effect that such holder is not transferring its interest at the time of such exchange, or in the case of a simultaneous resale pursuant to Rule 144A, a certificate as to compliance with Rule 144A. Registered Notes shall not be exchangeable for Bearer Notes.

If so specified in the applicable Final Terms, interests in a Restricted Global Certificate may be exchanged for, or transferred to transferees who wish to take delivery thereof in the form of, interests in an Unrestricted Global Certificate, provided that the relevant holder or transferee provides the Registrar with a fully completed, signed certification substantially to the effect that the exchanging holder is not transferring its interest at the time of such exchange or, in the case of a simultaneous resale pursuant to Regulation S, the transfer is being made in compliance with the provisions of Regulation S. See “Transfer Restrictions”. Any such exchange or transfer shall be made in accordance with the rules and operating procedures of DTC, Euroclear, and Clearstream, Luxembourg, and in compliance with the provisions of Clauses 5 and 7 of the Global Agency Agreement.

DTC has advised IDA that it will take any action permitted to be taken by a holder of Registered Notes (including, without limitation, the presentation of Restricted Global Certificates for exchange as described above) only at the direction of one or more participants in whose account with DTC interests in Restricted Global Certificates are credited and only in respect of such portion of the aggregate nominal amount of the relevant Restricted Global Certificates as to which such participant or participants has or have given such direction. However, in the circumstances described above, DTC will surrender the relevant Restricted Global Certificates in exchange for Certificates registered in the name(s) of beneficial owners of Registered Notes.

Except as described above, so long as a Restricted Global Certificate is deposited with DTC or its custodian, Certificates registered in the name(s) of beneficial owners of Registered Notes will not be eligible for clearing or settlement through DTC or any other clearing system.

Bearer Notes

Except as provided below, each Tranche of Bearer Notes with a maturity at issue of more than one year will initially be represented by a Temporary Global Note without Coupons, which (i) in the case of Bearer Notes in NGN form, will be delivered to the Common Safekeeper for Euroclear and Clearstream, Luxembourg on or prior to the relevant Issue Date or (ii) in the case of Bearer Notes in CGN form, will be deposited with a Common Depositary on behalf of Euroclear and Clearstream, Luxembourg on the relevant Issue Date. Interests in a Temporary Global Note will be exchangeable on or after the Exchange Date (as defined below) in whole or in part for interests in a Permanent Global Note without Coupons or, if and to the extent specified in the applicable Final Terms, for Bearer Notes in definitive form, for interests in a Global Certificate or for Certificates registered in the name(s) of beneficial owners of Registered Notes, in each case, upon certification by the holder as to non-U.S. beneficial ownership and residency.

Initial Issue of Notes

If the Global Notes or the Global Certificates are stated in the applicable Final Terms to be issued in NGN form or to be held under the NSS (as the case may be), the Global Notes or the Global Certificates will be delivered on or prior to the original issue date of the Tranche to a Common Safekeeper. Depositing the Global Notes or the Global Certificates with the Common Safekeeper does not necessarily mean that the Notes will be recognized as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem either upon issue, or at any or all times during which the Notes are outstanding. Such recognition will depend upon satisfaction of the Eurosystem eligibility criteria.

Global Notes which are issued in CGN form and Global Certificates which are not held under the NSS may be delivered on or prior to the original Issue Date of the Tranche to a Common Depositary.

If a Global Note is in CGN form, upon the initial deposit of the Global Note with a Common Depositary or registration of Registered Notes in the name of any nominee of Euroclear and Clearstream, Luxembourg and delivery of the relative Global Certificate to the Common Depositary, Euroclear or Clearstream, Luxembourg will credit each subscriber with a nominal amount of Notes equal to the nominal amount thereof for which it has subscribed and paid. If the Global Note is in NGN form, the nominal amount of the Notes shall be the aggregate amount from time to time entered in the records of Euroclear or Clearstream, Luxembourg. The records of such clearing system shall be conclusive evidence of the nominal amount of Notes represented by the Global Note and a statement issued by such clearing system at any time shall be conclusive evidence of the records of the relevant clearing system at that time.

Notes that are initially deposited with the Common Depositary may also be credited to the accounts of subscribers with (if indicated in the applicable Final Terms) other clearing systems through direct or indirect accounts with Euroclear and Clearstream, Luxembourg held by such other clearing systems. Conversely, Notes that are initially deposited with any other clearing system may similarly be credited to the accounts of subscribers with Euroclear, Clearstream, Luxembourg or other clearing systems.

Upon the initial deposit of a Global Certificate in respect of, and registration of, Registered Notes in the name of a nominee of DTC and delivery of the relevant Global Certificate to the DTC Custodian, DTC will credit each participant with a nominal amount of Notes equal to the nominal amount thereof for which it has subscribed and paid.

Summary of Provisions relating to Bearer Notes while in Global Form

Each Temporary Global Note and each Permanent Global Note will contain provisions which apply to the Bearer Notes while they are in global form, some of which supplement the Conditions of the Notes set out in this Prospectus. The following is a summary of certain of those provisions:

Exchange: A Temporary Global Note is exchangeable in whole or in part (free of charge to the holder) on or after the Exchange Date, for either interests in a Permanent Global Note representing Bearer Notes (if the Global Note is in CGN form, or if the Global Note is in NGN form, IDA will procure that details of such exchange be entered *pro rata* in the records of the relevant clearing system) or, if and to the extent specified in the applicable Final Terms, Definitive Bearer Notes, in each case upon certification as to non-U.S. beneficial ownership by the relevant clearing system in the form set out in the Global Agency Agreement. If one or more Temporary Global Notes are exchanged for Definitive Bearer Notes, such Definitive Bearer Notes shall be issued in Specified Denominations of the minimum Specified Denomination only.

A Permanent Global Note (other than for Notes denominated in certain Specified Currencies) is exchangeable in whole (free of charge to the holder) for Definitive Bearer Notes if the Permanent Global Note is held on behalf of a clearing system and such clearing system is closed for business for a continuous period of 14 days (other than by reason of holidays, statutory or otherwise) or announces an intention permanently to cease business or does in fact do so, by such holder giving notice to the Global Agent. A Permanent Global Note is also exchangeable in whole or in part (free of charge to the holder) for interests in a Global Certificate or for Certificates registered in the name(s) of the beneficial owners on or after the Exchange Date, if and to the extent specified in the applicable Final Terms. On or after any Exchange Date,

the holder of a Permanent Global Note may surrender the Permanent Global Note to or to the order of the Global Agent. In exchange for the Permanent Global Note, IDA will deliver, or cause the delivery of, an equal aggregate nominal amount of duly executed and authenticated Definitive Bearer Notes (having attached to them all Coupons and Talons in respect of interest which has not already been paid on the Permanent Global Note and security-printed in accordance with any applicable legal and stock exchange requirements), Global Certificate(s) or Certificates registered in the names of the beneficial owners of Registered Note(s), as the case may be, each in or substantially in the form attached to the Global Agency Agreement. On exchange in full of the Permanent Global Note, IDA will, if the holder so requests, ensure that it is cancelled and returned to the holder.

“Exchange Date” means a day falling, in the case of exchange of a Temporary Global Note for a Permanent Global Note or Definitive Bearer Notes, not less than 40 days from the Issue Date (irrespective of whether such day is a business day), and, in the case of exchange of any Global Certificates for Certificates registered in the names of the beneficial owners of Registered Notes or interests in a Global Certificate, not less than five days after the day on which the notice requiring exchange is given and on which banks are open for business in the city in which the specified office of the Global Agent is located and, if applicable, in the cities in which the relevant clearing systems are located.

Payments: Prior to the Exchange Date, payments on a Temporary Global Note will be made only against certification of non-U.S. beneficial ownership by the relevant clearing system. On or after the Exchange Date, no payments will be made on the Temporary Global Note unless exchange for interests in a Permanent Global Note (or, if specified in the applicable Final Terms, for Definitive Bearer Notes, or for individual Certificates) is improperly withheld or refused. Payments under the Permanent Global Note in CGN form will be made to its holder against presentation for endorsement and, if no further payment is to be made, surrender of the Permanent Global Note to or to the order of the Global Agent or such other Paying Agent as shall have been provided in a notice to the Noteholders for such purpose. If the Permanent Global Note is in CGN form, a record of each payment so made will be endorsed in the appropriate schedule to the Permanent Global Note, which endorsement will be *prima facie* evidence that such payment has been made. If the Permanent Global Note is in NGN form, IDA shall procure that details of each such payment shall be entered *pro rata* in the records of the relevant clearing system and in the case of payments of principal, the nominal amount of the Notes recorded in the records of the relevant clearing system and represented by the Permanent Global Note will be reduced accordingly. Payments under the Permanent Global Note in NGN form will be made to its holder. Each payment so made will discharge IDA’s obligations in respect thereof. Any failure to make the entries in the records of the relevant clearing system shall not affect such discharge.

Notices: So long as Bearer Notes are represented by a Permanent Global Note and the Permanent Global Note is held on behalf of a clearing system, notices to Noteholders may be given by delivery of the relevant notice to that clearing system for communication by it to entitled accountholders, except that if and so long as a Series of Bearer Notes is listed on the Luxembourg Stock Exchange and the rules of that exchange so require, notices shall also be published either on the website of the Luxembourg Stock Exchange (www.bourse.lu) or in a leading newspaper having general circulation in Luxembourg (which is expected to be the *Luxemburger Wort*).

Prescription: Other than for Notes governed by the laws of the State of New York, claims against IDA for principal and interest in respect of a Permanent Global Note will become prescribed unless the Permanent Global Note is presented for payment within the number of years from the appropriate Relevant Date (as described in Condition 7) as specified in the applicable Final Terms.

Purchase and cancellation: Cancellation of any Bearer Note which IDA elects to be cancelled following its purchase will be effected by reduction in the nominal amount of the Permanent Global Note.

Default: The holder of a Permanent Global Note may cause the Permanent Global Note or a portion of it to become due and repayable in circumstances described in Condition 8 by stating in the notice to IDA the nominal amount of Notes which is being declared due and repayable. Following the giving of notice of an event of default, the holder of a Permanent Global Note which is governed by English law and executed as a deed poll may elect that the Permanent Global Note becomes void as to a specified portion and that the

persons entitled to such portion as accountholders with a clearing system acquire direct enforcement rights against IDA under the Deed of Covenant.

Redemption at the option of IDA: No drawing of Notes will be required under Condition 5(d) in the event that IDA exercises its call option set forth in that Condition while an issue of Bearer Notes is represented by a Permanent Global Note in respect of less than the aggregate nominal amount of such Bearer Notes then outstanding. In these circumstances, the relevant clearing systems will allocate the redemption of Bearer Notes as between holders (to be reflected in the records of Euroclear and Clearstream, Luxembourg as either a pool factor or a reduction in nominal amount, at their discretion).

Redemption at the option of a Noteholder: Any Noteholder's option set out in Condition 5(e) to require IDA to redeem Notes may be exercised by the holder of a Permanent Global Note giving notice to the Global Agent of the nominal amount of Bearer Notes in respect of which the option is exercised and, where the Permanent Global Note is in CGN form, presenting the Permanent Global Note for endorsement of exercise within the time limits specified in Condition 5(e). Where the Permanent Global Note is in NGN form, IDA shall procure that details of such exercise shall be entered *pro rata* in the records of the relevant clearing system and the nominal amount of the Notes recorded in those records will be reduced accordingly.

NGN nominal amount: Where the Permanent Global Note is in NGN form, IDA shall procure that any exchange, payment, cancellation, exercise of any option or any right under the Notes, as the case may be, in addition to the circumstances set out above shall be entered in the records of the relevant clearing systems and upon any such entry being made, in respect of payments of principal, the nominal amount of the Notes represented by such Global Note shall be adjusted accordingly.

Partly-paid Notes

The provisions relating to partly-paid Notes ("Partly-paid Notes") are not set out in this Prospectus, but will be contained in the applicable Final Terms and thereby in the Global Notes. Partly-paid Notes governed by the laws of the State of New York will not be issued. While any instalments of the subscription moneys due from the holder of Partly-paid Notes are overdue, no interest in a Global Note representing such Notes may be exchanged for an interest in a Permanent Global Note or for Definitive Bearer Notes (as the case may be). If any Noteholder fails to pay any instalment due on any Partly-paid Notes within the time specified, IDA may forfeit such Notes and shall have no further obligation to their holder in respect of them.

CLEARANCE AND SETTLEMENT

Introduction

The Facility has been designed so that Notes may be held through one or more international and domestic clearing systems, principally, the bookentry systems operated by DTC in the United States, and by Euroclear and Clearstream, Luxembourg in Europe. Electronic securities and payment transfer, processing, depositary and custodial links have been established among these systems and others, either directly or indirectly through custodians and depositaries, which enable Notes to be issued, held and transferred among the clearing systems across these links. Special procedures have been established among the Global Agent and these clearing systems to facilitate clearance and settlement of certain Notes traded across borders in the secondary market. Cross-market transfers of Notes denominated in certain currencies and issued in global form (as described below) may be cleared and settled using these procedures on a delivery against payment basis. Cross-market transfers of Notes in other than global form may be cleared and settled in accordance with other procedures established for this purpose among the Global Agent and the relevant clearing systems.

The relationship between IDA and the holder of a Registered Note or a Bearer Note is governed by the terms and conditions of that Note. The holder of a Global Note or a Global Certificate will be one or more clearing systems. The beneficial interests in Notes held by a clearing system will be in bookentry form in the relevant clearing system or a depositary or nominee on its or their behalf. Each clearing system has its own separate operating procedures and arrangements with participants or accountholders which govern the relationship between them and the relevant clearing system and to which IDA is not and will not be a party. IDA will not impose fees payable by any holder with respect to any Notes held by one or more clearing systems; however, holders of beneficial interests in Notes may incur fees payable in respect of the maintenance and operation of the bookentry accounts in which Notes are held.

Each of the persons shown in the records of DTC, Euroclear, Clearstream, Luxembourg, or any other specified clearing system as the holder of a Note represented by a Global Note or a Global Certificate must look solely to such clearing system for his share of each payment made by IDA to the bearer of such Global Note or the registered holder of the Registered Notes represented by such Global Certificate, as the case may be, and in relation to all other rights arising under the Global Notes or Global Certificates, subject to and in accordance with the respective rules and procedures of such clearing system. Such persons shall have no claim directly against IDA in respect of payments due on the Notes for so long as the Notes are represented by such Global Note or Global Certificate and such obligations of IDA will be discharged by payment to the bearer of such Global Note or the registered holder of the Registered Notes represented by such Global Certificate, as the case may be, in respect of each amount so paid.

Citibank, N.A., London Branch (“Citibank”) is the Global Agent for Notes held through DTC, Euroclear, Clearstream, Luxembourg and such other clearing systems as may be specified in the applicable Final Terms.

The Global Agent and Paying Agents

Citibank will act as the Global Agent for Notes issued under the Facility. Citibank has direct custodial and depositary linkages with, and (unless otherwise provided in the applicable Final Terms) will act as custodian for Global Notes or Global Certificates held by DTC to facilitate issue, transfer and custody of Notes in these clearing systems, while Citibank Europe plc acts as the depositary for Global Notes or Global Certificates held by Euroclear and Clearstream, Luxembourg. As necessary (and as more fully described below), Citibank will act as Registrar, Transfer Agent, Exchange Agent and Paying Agent and, from time to time, Calculation Agent for the Notes as may be specified in the applicable Final Terms.

The Clearing Systems

DTC

DTC is a limited-purpose trust company organized under the laws of the State of New York, and is a member of the Federal Reserve System, a “clearing corporation” within the meaning of the New York Uniform Commercial Code and a “clearing agency” registered pursuant to the provisions of Section 17A of the Exchange Act. DTC holds securities for DTC participants and facilitates the clearance and settlement of transactions between DTC participants through electronic bookentry changes in accounts of DTC participants.

Euroclear

Euroclear is incorporated in Belgium and has branch offices in Amsterdam, Paris and London. Euroclear holds securities for participating organizations and facilitates multicurrency clearance and settlement of securities transactions between its and Clearstream, Luxembourg accountholders through electronic bookentry changes in accounts of its accountholders.

Clearstream, Luxembourg

Clearstream, Luxembourg is incorporated under the laws of Luxembourg as a professional depository. Clearstream, Luxembourg holds securities for its participating organizations and facilitates multicurrency clearance and settlement of securities transactions between its and Euroclear’s accountholders through electronic bookentry changes in accounts of its accountholders.

Other Clearing Systems

Any other clearing system which IDA, the Global Agent and the relevant Dealer(s) agree shall be available for a particular issue of Notes will be described in the applicable Final Terms, together with the clearance and settlement procedures for such clearing system.

Clearance and Settlement Procedures – Primary Distribution

Introduction

Distribution of Notes will be through one or more of the clearing systems described above or any other clearing system specified in the applicable Final Terms. Payment for Notes will be on a delivery versus payment or free delivery basis, as more fully described in the applicable Final Terms.

Registered Notes

IDA and the relevant Dealer(s) shall agree whether global clearance and settlement procedures or specific clearance and settlement procedures should be available for any issue of Notes, as specified in the applicable Final Terms. Clearance and settlement procedures may vary according to the Specified Currency of issue. The customary clearance and settlement procedures are described under the specific clearance and settlement procedures below. Application will be made to the relevant clearing system(s) for the Notes of the relevant issue to be accepted for clearance and settlement and the applicable clearance numbers will be specified in the applicable Final Terms.

Unless otherwise agreed between IDA and the Global Agent, Citibank, N.A., acting through its relevant office, will act as the custodian or depository for all Notes in global form held by DTC and Citibank Europe plc will act as the depository for all Notes in global form held by Euroclear and Clearstream, Luxembourg.

(i) Global Clearance and Settlement – Specified Currencies

Global clearance and settlement of Notes denominated in certain Specified Currencies will take place through those clearing systems specified in the applicable Final Terms. The procedures expected to be followed are those which relevant clearing systems have established to clear and

settle single global issues in the Specified Currency and will be set out in the applicable Final Terms.

(ii) Specific Clearance and Settlement – DTC

Registered Notes which are to be cleared and settled through DTC will be represented by a Restricted Global Certificate. DTC participants acting on behalf of DTC investors holding Registered Notes through DTC will follow the delivery practices applicable to DTC's Same-Day Funds Settlement System. Registered Notes will be credited to DTC participants' securities accounts following confirmation of receipt of payment to IDA on the relevant Issue Date.

(iii) Specific Clearance and Settlement – Euroclear and Clearstream, Luxembourg

Registered Notes which are to be cleared and settled through Euroclear and Clearstream, Luxembourg will be represented by one or more Global Certificates registered in the name of a nominee of the Euroclear and Clearstream, Luxembourg depositaries. Investors holding Registered Notes through Euroclear and Clearstream, Luxembourg will follow the settlement procedures applicable to conventional eurobonds. Registered Notes will be credited to Euroclear and Clearstream, Luxembourg participants' securities clearance accounts either on the Issue Date or on the settlement day following the relevant Issue Date against payment in same day funds (for value on the relevant Issue Date).

Bearer Notes

IDA will make applications to Euroclear and Clearstream, Luxembourg for acceptance in their respective bookentry systems of any issue of Bearer Notes. Customary clearance and settlement procedures for each such clearing system applicable to bearer eurobonds denominated in the Specified Currency will be followed, unless otherwise specified in the applicable Final Terms.

Clearance and Settlement Procedures – Secondary Market Transfers

Transfers of Registered Notes

Subject to compliance with the transfer restrictions applicable to the Registered Notes described under "Transfer Restrictions", transfers of interests in a Global Certificate within the various clearing systems which may be clearing and settling interests therein will be made in accordance with the usual rules and operating procedures of the relevant clearing system applicable to the Specified Currency and the nature of the transfer. Further details concerning such rules and procedures may be set forth in the applicable Final Terms.

For issues that are cleared and settled through both DTC and another clearing system, because of time zone differences, in some cases the securities account of an investor in one clearing system may be credited during the settlement processing day immediately following the settlement date of the other clearing system and the cash account will be credited for value on the settlement date but may be available only as of the day immediately following such settlement date.

The laws of some states in the United States require that certain persons take physical delivery in definitive form of securities. Consequently, the ability to transfer interests in a Global Certificate cleared through DTC to such persons may be limited. Because DTC can only act on behalf of participants, who in turn act on behalf of indirect participants, the ability of a person having an interest in a Global Certificate cleared through DTC to pledge such interest to persons or entities that do not participate in DTC, or otherwise take actions in respect of such interest, may be affected by the lack of a definitive security in respect of such interest.

Transfer of Bearer Notes

Transfers of interests in a Temporary Global Note or a Permanent Global Note and of Definitive Bearer Notes held by a clearing system will be made in accordance with the normal euromarket debt securities operating procedures of the relevant clearing system.

General

Although DTC, Euroclear and Clearstream, Luxembourg have established procedures to facilitate transfers of beneficial interests in Notes in global form among participants and accountholders of DTC, Euroclear and Clearstream, Luxembourg, they are under no obligation to perform or continue to perform such procedures, and such procedures may be discontinued at any time. None of IDA, the Global Agent or any other agent will have responsibility for the performance by DTC, Euroclear and Clearstream, Luxembourg or their respective obligations under the rules and procedures governing their operations.

Pre-issue Trades Settlement

It is expected that delivery of Notes will be made against payment therefor on the relevant Issue Date, which could be more than three business days following the date of pricing. Under Rule 15c6-1 of the Commission under the Exchange Act, trades in the United States secondary market generally are required to settle within three business days (T+3), unless the parties to any such trade expressly agree otherwise. Accordingly, purchasers who wish to trade Notes in the United States on the date of pricing or the next succeeding business days until the relevant Issue Date will be required, by virtue of the fact the Notes initially will settle beyond T+3, to specify an alternate settlement cycle at the time of any such trade to prevent a failed settlement. Settlement procedures in other countries will vary. Purchasers of Notes may be affected by such local settlement practices and purchasers of Notes who wish to trade Notes between the date of pricing and the relevant Issue Date should consult their own advisor.

TAX MATTERS

The following is a summary of the provisions of the Articles concerning taxation of the Notes and of certain anticipated United States federal income, withholding and estate tax consequences resulting from the ownership of the Notes. This summary does not cover all of the possible tax consequences relating to the ownership of the Notes and the receipt of interest thereon, and it is not intended as tax advice to any person. It addresses only holders who are initial purchasers of the Notes at the initial offering price and hold the Notes as capital assets, and does not address special classes of holders, such as dealers in securities or currencies, traders in securities that elect to use a mark-to-market method of accounting for their securities holdings, banks, tax-exempt entities, life insurance companies, persons holding Notes as a hedge or hedged against interest rate or currency risks or as part of a straddle or conversion transaction, or holders whose functional currency is not the U.S. dollar. Investors who purchase Notes at a price other than the offering price should consult their tax advisor as to the possible applicability to them of the amortizable bond premium or market discount rules. This summary is based upon the United States federal income, withholding and estate tax laws as currently in effect and as currently interpreted and does not include any description of the tax laws of any state, local or foreign government that may apply.

Prospective purchasers of Notes should consult their own tax advisors concerning the application of the United States federal income, withholding and estate tax laws, as well as the possible application of the tax laws of any other jurisdiction, to their particular situation.

This summary is only a general description of certain U.S. federal income, withholding and estate tax considerations associated with ownership of the Notes and does not discuss any special anticipated United States federal income, withholding or estate tax consequences associated with any particular issue of Notes, including, for example, Notes issued at a discount, Notes issued at a premium, Notes with a maturity of one year or less, Notes with variable maturities or interest payment dates, instalment Notes, reverse dual currency Notes, optional dual currency Notes, Partly-paid Notes, or Notes providing for principal or interest payments that are variable or contingent for United States federal income tax purposes. Prospective purchasers of such Notes should consult with their own tax advisors concerning the application of the United States federal income, withholding and estate tax laws with respect to their investment in such Notes. Any special anticipated United States federal income, withholding or estate tax consequences associated with a particular issue of Notes may be discussed in the applicable Final Terms.

Taxation of the Notes in General

The Notes and the interest thereon generally will be subject to taxation, including United States federal income taxation. Under the Articles, however, the Notes and the interest thereon are not subject to any tax by a member country of IDA (i) which tax discriminates against the Notes solely because they were issued by IDA, or (ii) if the sole jurisdictional basis for the tax is the place or currency in which the Notes are issued, made payable or paid, or the location of any office or place of business maintained by IDA. The imposition of United States federal income tax in the manner described herein is not inconsistent with the Articles.

United States Federal Income Taxation

Bearer Notes

Notes issued as Bearer Notes under this Facility may, in certain circumstances, be treated by the U.S. Internal Revenue Service as registered notes and not as bearer notes for U.S. federal income tax purposes. Any reference to “Bearer Notes” in this section assumes that such Bearer Notes will be treated as bearer notes for U.S. federal income tax purposes.

Treatment of Qualified Stated Interest

Under the Internal Revenue Code of 1986, as amended (the “Code”), a holder of a Note who or which is (i) a United States citizen or resident alien individual, (ii) a United States domestic corporation, (iii) an

estate otherwise subject to United States federal income taxation on a net income basis in respect of a Note or (iv) a trust if a United States court can exercise primary supervision over the trust's administration and one or more United States persons are authorized to control all substantial decisions of the trust (a "U.S. Holder") will be taxable on the qualified stated interest accrued or received on such Note in accordance with such U.S. Holder's method of accounting for United States federal income tax purposes. Qualified stated interest is interest that is payable at a single fixed rate at least annually. Notes bearing interest other than qualified stated interest and Notes issued at a discount may be subject to the original issue discount provisions of the Code.

Under recently enacted legislation, U.S. Holders that use an accrual method of accounting for tax purposes generally will be required to include certain amounts in income no later than the time such amounts are reflected on certain financial statements. The application of this rule thus may require the accrual of income earlier than would be the case under general tax rules, although the precise application of this rule is unclear at this time. This rule generally will be effective for tax years beginning after December 31, 2017 or, for notes issued with original issue discount, for tax years beginning after December 31, 2018. U.S. holders that use an accrual method of accounting should consult with their tax advisors regarding the potential applicability of this legislation to their particular situation.

If an interest payment is denominated in or determined by reference to a currency other than the U.S. dollar (a "foreign currency"), the amount of income recognized by a cash basis U.S. Holder will be the U.S. dollar value of the interest payment, based on the exchange rate in effect on the date of receipt, regardless of whether the payment is in fact converted into U.S. dollars. Accrual basis U.S. Holders may determine the amount of income recognized with respect to such interest payments in accordance with either of two methods, in either case regardless of whether the payments are in fact converted into U.S. dollars. Under the first method, the amount of income recognized will be based on the average exchange rate in effect during the interest accrual period (or, with respect to an accrual period that spans two taxable years, the partial period within the taxable year).

Under the second method, an accrual basis U.S. Holder may elect to translate interest income into U.S. dollars at the exchange rate in effect on the last day of the accrual period (or, in the case of an accrual period that spans two taxable years, at the exchange rate in effect on the last day of the partial period within the taxable year). Additionally, if a payment of interest is actually received within five business days of the last day of the accrual period or taxable year, an electing accrual basis U.S. Holder may instead translate such accrued interest into U.S. dollars at the exchange rate in effect on the day of actual receipt. Any election to use the second method will apply to all debt instruments held by the U.S. Holder at the beginning of the first taxable year to which the election applies or thereafter acquired by such U.S. Holder, and will be irrevocable without the consent of the Internal Revenue Service.

Upon receipt of an interest payment (including a payment attributable to accrued but unpaid interest upon the sale or retirement of a Note) denominated in, or determined by reference to, a foreign currency, an accrual basis U.S. Holder will recognize ordinary income or loss measured by the difference between (x) the average exchange rate used to accrue interest income, or the exchange rate as determined under the second method described above if the U.S. Holder elects that method, and (y) the exchange rate in effect on the date of receipt, regardless of whether the payment is in fact converted into U.S. dollars.

IDA intends to take the position that interest paid on securities issued by IDA, including payments attributable to accrued original issue discount, constitutes income from sources without the United States, and the remainder of this summary assumes such treatment.

Interest paid by IDA would ordinarily not be subject to United States federal income tax, including withholding tax, if paid to a nonresident alien individual (or foreign estate or trust not subject to United States federal income tax on a net income basis on income or gain from a Note) or to a foreign corporation (a "non-U.S. Holder"), whether or not such person is engaged in trade or business in the United States. However, absent any special statutory or treaty exception, such income would be subject to United States federal income tax in the following cases: (a) such interest is derived by such person in the active conduct of a banking, financing or similar business within the United States, and such interest is attributable to an office or other fixed place of business of such person within the United States or (b) such person is a foreign

corporation taxable as an insurance company carrying on a United States insurance business to which such interest is attributable.

Purchase, Sale and Retirement of the Notes

A U.S. Holder's initial tax basis in a Note will generally be its U.S. dollar cost. The U.S. dollar cost of Notes purchased with foreign currency will generally be the U.S. dollar value of the purchase price on the date of purchase or, in the case of Notes traded on an established securities market (within the meaning of Treasury Regulation Section 1.988-2(a)(2)(iv)) purchased by a cash basis U.S. Holder (or an electing accrual basis U.S. Holder), on the settlement date for the purchase. A U.S. Holder's initial tax basis in a Note may be adjusted in certain circumstances, such as, in the case of an accrual basis U.S. Holder, the accrual of interest income.

A U.S. Holder generally will recognize gain or loss on the sale or retirement of a Note equal to the difference between the amount realized on the sale or retirement (not including amounts paid in respect of accrued interest, which will be treated as a payment of such interest) and the adjusted tax basis of the Note. The amount realized on a sale or retirement for an amount in a foreign currency will be the U.S. dollar value of such amount on the date of sale or retirement or, in the case of Notes traded on an established securities market (within the meaning of Treasury Regulation Section 1.988-2(a)(2)(iv)) sold by a cash basis U.S. Holder (or an electing accrual basis U.S. Holder), on the settlement date for the sale. Except to the extent described in the next succeeding paragraph, gain or loss recognized on the sale or retirement of a Note will be capital gain or loss. Capital gain of a non-corporate U.S. Holder is generally taxed at preferential rates where the property is held for more than one year.

Gain or loss recognized by a U.S. Holder on the sale or retirement of a Note that is attributable to changes in exchange rates will be treated as ordinary income or loss. However, exchange gain or loss is taken into account only to the extent of total gain or loss realized on the transaction.

A United States person generally will not be entitled to deduct any loss sustained on the sale or other disposition (including the receipt of principal) of Bearer Notes (other than Bearer Notes having a maturity of one year or less from the date of issue) and must treat as ordinary income any gain realized on the sale or other disposition (including the receipt of principal) of Bearer Notes (other than Bearer Notes having a maturity of one year or less from the date of issue).

A non-U.S. Holder generally will not be taxable on gain or loss on the sale or exchange of a Note unless ownership of the Note is effectively connected with the conduct of a trade or business in the United States or, in the case of a nonresident alien individual, such individual is present in the United States for 183 or more days in the taxable year of the sale or exchange and certain other conditions are met.

Exchange of Amounts in Foreign Currency

Foreign currency received as interest on a Note or on the sale or retirement of a Note will have a tax basis equal to its U.S. dollar value at the time such interest is received or at the time of such sale or retirement. Foreign currency that is purchased will generally have a tax basis equal to the U.S. dollar value of such foreign currency on the date of purchase. Any gain or loss recognized on a sale or other disposition of a foreign currency (including its use to purchase Notes or upon exchange for U.S. dollars) generally will be ordinary income or loss.

Medicare Tax

A U.S. Holder that is an individual or estate, or a trust that does not fall into a special class of trusts that is exempt from such tax, is subject to a 3.8 per cent. tax (the "Medicare tax") on the lesser of (1) the U.S. Holder's "net investment income" (or "undistributed net investment income" in the case of an estate or trust) for the relevant taxable year and (2) the excess of the U.S. Holder's modified adjusted gross income for the taxable year over a certain threshold (which in the case of individuals is between U.S.\$125,000 and U.S.\$250,000, depending on the individual's circumstances). A U.S. Holder's net investment income will

generally include its gross interest income and its net gains from the disposition of Notes, unless such interest payments or net gains are derived in the ordinary course of the conduct of a trade or business (other than a trade or business that consists of certain passive or trading activities). U.S. Holders that are individuals, estates or trusts should consult their tax advisors regarding the applicability of the Medicare tax to their income and gains in respect of their investment in the Notes.

Information with Respect to Foreign Financial Assets

Owners of “specified foreign financial assets” with an aggregate value in excess of U.S.\$50,000 (and in some circumstances, a higher threshold) may be required to file an information report with respect to such assets with their tax returns. “Specified foreign financial assets” may include financial accounts maintained by foreign financial institutions (which may include the Notes), as well as the following, but only if they are held for investment and not held in accounts maintained by financial institutions: (i) stocks and securities issued by non-United States persons, (ii) financial instruments and contracts that have non-United States issuers or counterparties, and (iii) interests in foreign entities. Holders should consult their tax advisors regarding the application of this reporting obligation to their ownership of the Notes.

United States Federal Withholding Tax

Under the Articles, IDA is not under any obligation to withhold or pay any tax imposed by any member on the interest on the Notes. Accordingly, IDA intends to take the position that neither IDA nor an agent appointed by it as principal for the purpose of paying interest on securities issued by IDA is required to withhold tax on interest paid by IDA. Payments of interest and accrued original issue discount on the Notes will therefore be made to the Global Agent without deduction in respect of any such tax.

United States Federal Estate Tax

In the case of United States federal estate tax, IDA intends to take the position that, unless an applicable death tax convention with a foreign country provides otherwise, securities of IDA are deemed to be situated without the United States for purposes of the United States federal estate tax and are not includible in the value of the gross estate for purposes of such tax in the case of the estate of a nonresident of the United States who is not a citizen of the United States.

United States Information Reporting and Backup Withholding

IDA is not subject to the reporting requirements that generally are imposed by United States law with respect to certain payments of interest or principal on debt obligations, nor is it subject to backup withholding obligations imposed, in certain circumstances, by United States law with respect to such payments. While temporary regulations issued by the Internal Revenue Service confirm that the backup withholding requirements do not apply to any paying agent of IDA with respect to the Notes, the Global Agent may file information returns with the Internal Revenue Service with respect to payments on the Notes made within the United States to certain non-corporate United States persons as if such returns were required.

Brokers, trustees, custodians and other intermediaries within the United States are subject to reporting and backup withholding requirements with respect to certain payments on the Notes received by them for the account of certain non-corporate United States persons, and foreign persons receiving payments on the Notes within the United States may be required by such intermediaries to establish their status in order to avoid information reporting and backup withholding by such intermediaries in respect of such payments.

CURRENCY CONVERSIONS

Payments for Notes

Investors will be required to pay for Notes in the applicable Specified Currency. Each Dealer may, under certain terms and conditions, arrange for the conversion of the Investor's Currency into the Specified Currency to enable investors whose financial activities are denominated principally in the Investor's Currency to pay for the Notes in the Specified Currency. Each such conversion will be made by such Dealer (in this respect acting as principal and not as an agent of IDA) on such terms and subject to such conditions, limitations and charges as such Dealer may from time to time establish in accordance with its regular foreign exchange practices, and subject to any applicable laws and regulations. All costs of conversion will be borne by such investors of the Notes.

Payments on Notes

Payments in respect of such Notes will be made in the Specified Currency for principal, premium (if any) and/or interest payments as specified in the applicable Final Terms. Currently, there are limited facilities in the United States for the conversion of U.S. dollars into foreign currencies and vice versa. In addition, most banks in the United States do not currently offer non-U.S. dollar denominated checking or savings account facilities in the United States. Accordingly, unless otherwise specified in the applicable Final Terms, payments in respect of Notes in a Specified Currency other than U.S. dollars will be made to an account outside the United States.

Noteholders holding interests in a Global Note cleared through DTC denominated in a Specified Currency other than U.S. dollars ("DTC Noteholders") will receive payments in U.S. dollars, unless they elect to receive such payments in the Specified Currency. In the event that a DTC Noteholder shall not have made such election payments to such DTC Noteholder will be converted to U.S. dollars by the Exchange Agent. The U.S. dollar amount in respect of any payment to be paid to a DTC Noteholder who did not make a timely election to receive payment in the Specified Currency will be based on the Exchange Agent's spot rate for the purchase of U.S. dollars with the aggregate amount of the Specified Currency payable to all DTC Noteholders receiving U.S. dollar payments, for settlement on the applicable Payment Date, at a time and date immediately preceding such Payment Date, unless otherwise specified in the applicable Final Terms. If such spot rate is not available, the Exchange Agent will obtain a bid quotation from a leading foreign exchange bank in London or New York City selected by the Exchange Agent for such purchase. All costs of any such conversion into U.S. dollars will be borne by the relevant DTC Noteholder by deduction from such payments. If no spot rate or bid quotation is available, the Exchange Agent will make payments in the Specified Currency to Noteholders who were expecting to receive U.S. dollars, provided that such payment will only be made to such a Noteholder if and when the Exchange Agent has been notified of the Specified Currency account to which such payment should be made.

A DTC Noteholder may elect to receive payment of the principal and premium (if any) of, or interest with respect to, the Notes in the Specified Currency (other than U.S. dollars) by notifying DTC by the DTC Record Date of (i) such holder's election to receive all or a portion of such payment in the Specified Currency for value the relevant due date for interest payment or final redemption, as the case may be, and (ii) wire transfer instructions to an account denominated in the Specified Currency with respect to any payment to be made in the Specified Currency. Such election shall be made by the Noteholder holding its interest in a Global Note cleared through DTC and any such election in respect of that payment shall be irrevocable. An indirect DTC participant must notify the DTC Noteholder through which it is holding its interest in a Global Note cleared through DTC of such election and wire transfer instructions by the DTC Record Date. DTC will notify the Global Agent of such election and wire transfer instructions and of the amount of the Specified Currency, prior to 5.00 p.m. New York time on the fifth DTC Business Day following the DTC Record Date. If complete instructions are received by the DTC participant and forwarded by the DTC participant to DTC, and by DTC to the Global Agent, on or prior to such dates, the DTC Noteholder will receive payment in the Specified Currency outside of DTC. Otherwise, only U.S. dollar payments will be made by the Exchange Agent. Payments in the Specified Currency (other than U.S. dollars) outside DTC

will be made by wire transfer of same day funds in accordance with the relevant wire transfer instructions for value the relevant payment date.

PLAN OF DISTRIBUTION

Dealers

The Facility provides for the appointment of dealers in respect of any particular issue of Notes (all such dealers together, the “Dealers”). There are no sponsoring dealers with respect to the Facility. Any Dealer will be able to purchase Notes on an underwritten basis, either individually or as part of a syndicate, or on an agency basis.

Standard Provisions

Notes may be sold from time to time by IDA to or through any one or more Dealers and by IDA itself. The arrangements under which the Notes may from time to time be agreed to be sold by IDA to or through Dealers are set out in the Standard Provisions dated as of March 22, 2018 (as amended or supplemented from time to time, the “Standard Provisions”). The Standard Provisions will be incorporated by reference into the agreement by which Dealers are appointed in respect of a particular issue of Notes.

Any agreement for the sale of Notes will, *inter alia*, make provision for the form and terms and conditions of the relevant Notes, the method of distribution of the Notes, the price at which such Notes will be purchased by any Dealer and the commissions or other agreed deductibles (if any) which are payable or allowable by IDA in respect of such purchase. In addition, each placement of Notes is subject to certain conditions, including the condition that there shall not have occurred any national or international calamity or development, crisis of a political or economic nature, or change in the money or capital markets in which the Notes are being offered, the effect of which on such financial markets shall be such as in the judgment of the relevant Dealer(s) or IDA materially adversely affects the ability of the relevant Dealer(s) to sell or distribute the Notes, whether in the primary market or in respect of dealings in the secondary market.

Sales Restrictions

No action has been or will be taken in any jurisdiction by any Dealer or IDA that would permit a public offering of any of the Notes, or possession or distribution of this Prospectus, or any part thereof including any Final Terms, or any other offering or publicity material relating to the Notes, in such jurisdiction. The relevant Dealer(s) (and IDA in connection with sales of Notes on its own behalf) will, to the best of its knowledge, comply with all relevant laws, regulations and directives in each jurisdiction in which it purchases, offers, sells, or delivers Notes or has in its possession or distributes this Prospectus, or any part thereof including any Final Terms, or any such other material, in all cases at its own expense.

No Dealer is authorized to make any representation or use any information in connection with the issue, offering and sale of the Notes other than as contained in this Prospectus, the applicable Final Terms or such other information relating to IDA and/or the Notes which IDA has authorized to be used.

Selling restrictions may be modified by the agreement of IDA and the relevant Dealer(s) following a change in any relevant law, regulation or directive. Selling restrictions may also be added to reflect the requirements of any particular Specified Currency. Any such modification or addition will be set out in the Final Terms issued in respect of each issue of Notes to which such modification or addition relates or in a supplement to this Prospectus.

United States

The Notes have not been, and will not be, registered under the Securities Act or with any securities regulatory authority of any state or other jurisdiction of the United States and may not be offered, sold or, in the case of Bearer Notes, delivered within the United States or to, or for the account or benefit of, U.S. persons (as defined in Regulation S) except in certain transactions exempt from the registration requirements of the Securities Act.

Each Dealer appointed under the Facility will be required to agree that it will not offer, sell or, in the case of Bearer Notes, deliver Notes, (i) as part of its distribution at any time or (ii) otherwise until 40 days after the later of the commencement of the offering and the issue date of the relevant Tranche of Notes, as certified to the Paying Agent or IDA by such Dealer (or, in the case of a sale of a Tranche of Notes to or through more than one Dealer, by each of such Dealers, or, in the case of a syndicated issue, the relevant lead manager(s) as to the Notes of such Tranche purchased by or through it, in which case the Paying Agent or IDA shall notify each such Dealer when all such Dealers, or, in the case of a syndicated issue, the relevant lead manager(s) have so certified) within the United States or to, or for the account or benefit of, U.S. persons, other than pursuant to Rule 144A, and such Dealer will have sent to each dealer to which it sells Notes during the distribution compliance period relating thereto, a confirmation or other notice setting forth the restrictions on offers and sales of the Notes within the United States or to, or for the account or benefit of, U.S. persons. Terms used in this paragraph have the meanings given to them by Regulation S.

In addition, until 40 days after the commencement of the offering of Notes comprising any Tranche, any offer or sale of Notes within the United States by any dealer not participating in the offering may violate the registration requirements of the Securities Act if such offer or sale is made otherwise than in accordance with Rule 144A or another exemption from registration under the Securities Act.

This Prospectus has been prepared by IDA for use in connection with the offer and sale of the Notes outside the United States and for the resale of the Notes in the United States. IDA and the Dealers reserve the right to reject any offer to purchase the Notes, in whole or in part, for any reason. This Prospectus does not constitute an offer to any person in the United States or to any U.S. person, other than any QIB to whom an offer has been made directly by one of the Dealers or its U.S. broker-dealer affiliate. Distribution of this Prospectus by any non-U.S. person outside the United States or by any QIB in the United States to any U.S. person or to any other person within the United States, other than any QIB and those persons, if any, retained to advise such non-U.S. person or QIB with respect thereto, is unauthorized and any disclosure without the prior written consent of IDA of any of its contents to any such U.S. person or other person within the United States, other than any QIB and those persons, if any, retained to advise such non-U.S. person or QIB, is prohibited.

Bearer Notes are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions, except in certain transactions permitted by U.S. tax regulations. Accordingly, under U.S. federal tax laws and regulations, Bearer Notes (including Temporary Global Notes and Permanent Global Notes) with a maturity of more than one year may not be offered or sold during the restricted period (as defined in United States Treasury Regulations Section 1.163-5(c)(2)(i)(D)(7)) within the United States or to United States persons (each as defined below) other than to an office located outside the United States of a United States financial institution (as defined in United States Treasury Regulations Section 1.165-12(c)(1)(v)), purchasing for its own account or for resale or for the account of certain customers, that provides a certificate stating that it agrees to comply with the requirements of Section 165(j)(3)(A), (B) or (C) of the Code, and the United States Treasury Regulations thereunder, or to certain other persons described in United States Treasury Regulations Section 1.163-5(c)(2)(i)(D)(1)(iii)(B). Moreover, such Bearer Notes may not be delivered in connection with their sale during the restricted period within the United States. Any distributor (as defined in United States Treasury Regulations Section 1.163-5(c)(2)(i)(D)(4)) participating in the offering or sale of Bearer Notes with a maturity of more than one year must agree that it will not offer or sell during the restricted period any such Bearer Notes within the United States or to United States persons (other than the persons described above), it will not deliver in connection with the sale of such Bearer Notes during the restricted period any such Bearer Notes within the United States and it has in effect procedures reasonably designed to ensure that its employees and agents who are directly engaged in selling the Bearer Notes are aware of the restrictions on offers and sales described above. No Bearer Notes (other than a Temporary Global Note and certain Bearer Notes described in the following paragraph) with a maturity of more than one year may be delivered, nor may interest be paid on any such Bearer Note, until the person entitled to receive such Bearer Note or such interest furnishes a written certificate to the effect that the relevant Bearer Note (i) is owned by a person that is not a United States person, (ii) is owned by a United States person that is a foreign branch of a United States financial institution purchasing for its own account or for resale, or is owned by a United States person who acquired the Bearer

Note through the foreign branch of such a financial institution and who holds the Bearer Note through such financial institution on the date of certification, provided, in either case, that such financial institution provides a certificate to IDA or the distributor selling the Bearer Note to it, within a reasonable time of selling the Bearer Note, stating that it agrees to comply with the requirements of Section 165(j)(3)(A), (B) or (C) of the Code and the United States Treasury Regulations thereunder, or (iii) is owned by a financial institution for purposes of resale during the restricted period. A financial institution described in clause (iii) of the preceding sentence (whether or not also described in clause (i) or (ii)) must certify that it has not acquired the Bearer Note for purposes of resale directly or indirectly to a United States person or to a person within the United States. In the case of a Note represented by a Permanent Global Note, such certification must be given in connection with notation of a beneficial owner's interest therein.

A Bearer Note will not be subject to the certification requirements described in the preceding paragraph if the Bearer Note is sold during the restricted period and all of the following conditions are satisfied: (i) the interest and principal with respect to the Bearer Note are denominated only in the currency of a single foreign country; (ii) the interest and principal with respect to the Bearer Note are payable only within that foreign country; (iii) the Bearer Note is offered and sold in accordance with practices and documentation customary in that foreign country; (iv) the distributor of the Bearer Note agrees to use reasonable efforts to sell the Bearer Note within that foreign country; (v) the Bearer Note is not listed, or the subject of an application for listing, on an exchange located outside that foreign country; (vi) the U.S. Internal Revenue Service has designated the foreign country as a foreign country in which certification under Treasury Regulations Section 1.163-5(c)(2)(i)(D)(3)(i) is not permissible; (vii) the issue of the Bearer Note is subject to guidelines or restrictions imposed by governmental, banking or securities authorities in that foreign country; and (viii) more than 80 per cent., by value, of the Bearer Notes included in the offering of which the Bearer Note is a part are sold to non-distributors by distributors maintaining an office located in that foreign country. Bearer Notes that are convertible into U.S. dollar denominated debt obligations or which are otherwise linked by their terms to the U.S. dollar are not eligible for the certification exemption described in this paragraph. The only foreign countries that have been designated as foreign countries in which certification under Treasury Regulations Section 1.163-5(c)(2)(i)(D)(3)(i) is not permissible are Switzerland and Germany.

Each Temporary Global Note, Permanent Global Note or Bearer Note with a maturity of more than one year, and any Talons and Coupons relating to such Bearer Notes, will bear the following legend:

“Any United States person who holds this obligation will be subject to limitations under the United States income tax laws, including the limitations provided in Sections 165(j) and 1287(a) of the Internal Revenue Code.”

As used herein, “United States person” means any citizen or resident of the United States, any corporation, partnership or other entity created or organized in or under the laws of the United States and any estate or trust the income of which is subject to United States federal income taxation regardless of its source, and “United States” means the United States of America (including the states thereof and the District of Columbia) and its possessions. Other terms used herein have the meanings given to them by the Code and the Treasury Regulations issued thereunder.

United Kingdom

Each Dealer will be required to represent, warrant and agree that it has complied and will comply with all applicable provisions of the Financial Services and Markets Act 2000 with respect to anything done by it in relation to the Notes in, from or otherwise involving the United Kingdom.

Japan

The Notes have not been and will not be registered under the Financial Instruments and Exchange Act of Japan (Act No. 25 of 1948, as amended, the “Financial Instruments and Exchange Act”). Accordingly, each Dealer has represented and agreed that it has not, directly or indirectly, offered or sold and will not, directly or indirectly, offer or sell any Notes in Japan or to, or for the benefit of, any resident of Japan (which term as used herein means any person resident in Japan, including any corporation or other entity organized

under the laws of Japan), or to others for re-offering or re-sale, directly or indirectly, in Japan or to, or for the benefit of, any resident of Japan except pursuant to an exemption from the registration requirements of, and otherwise in compliance with, the Financial Instruments and Exchange Act and other relevant laws and regulations of Japan.

France

Any offer of Notes in France pursuant to this Prospectus falls within Article L.411-2 of the *Code monétaire et financier*. This Prospectus has not been reviewed by the *Autorité des marchés financiers*.

Related Derivatives Transactions

In connection with the issuance of Notes, IDA may enter into negotiated currency and/or interest rate swap or other financial derivative transactions, as described in IDA's documents incorporated herein by reference under "Risk Management — Derivatives" and the relevant Notes to Financial Statements. IDA's counterparty in any such derivative transaction may be an institution that is also acting as Dealer with respect to the Notes, or an affiliate of a Dealer. Payments to be made and received by IDA under any such derivative transaction may be calculated on the basis of the amounts payable by IDA under the Notes and the proceeds payable to IDA in connection with the sale of the Notes, either before or after deduction of the commissions described in the related Final Terms. However, IDA's rights and obligations under any such derivative transaction will be wholly independent of its rights and obligations under the Notes, and the holders of the Notes will have no interest in any such derivative transaction or any payment to which IDA may be entitled thereunder. In addition, the hedging activities undertaken by a counterparty to a related derivative transaction may have an effect on the value or return of the related Notes.
