## Caution Regarding Forward-Looking Statements

This prospectus supplement, the accompanying prospectus, and the documents incorporated by reference herein and therein may include “forward-looking” statements. Forward-looking statements broadly involve our current expectations or forecasts of future results. Our forward-looking statements generally relate to our growth strategies, financial results, product development, regulatory approvals, competitive strengths, intellectual property rights, litigation, mergers and acquisitions, market acceptance of our products, accounting estimates, financing activities, ongoing contractual obligations, and sales efforts. Such statements can be identified by the use of terminology such as “anticipate,” “believe,” “could,” “estimate,” “expect,” “forecast,” “intend,” “may,” “plan,” “possible,” “project,” “should,” “will” and similar words or expressions. Forward-looking statements in this prospectus supplement, the accompanying prospectus, and the documents incorporated by reference herein and therein include, but are not limited to, growth in our Spinal business related to the Kyphon acquisition and our intended reorganization and consolidation of certain activities; our intention to pursue the spin-off of Physio-Control future launches of products and continued acceptance of products in our operating segments; the effectiveness of our development activities in reducing patient care costs; the elimination of certain positions related to the global realignment initiative; outcomes in our litigation matters; the continued strength of our balance sheet and liquidity; and the potential impact of our compliance with governmental regulations.

One must carefully consider forward-looking statements and understand that such statements may be affected by inaccurate assumptions and may involve a variety of risks and uncertainties, known and unknown, including, among others, those discussed in the section entitled “Risk Factors” in this prospectus supplement and our Form 10-K for our fiscal year ended April 25, 2008, as well as those related to competition in the medical device industry, reduction or interruption in our supply, quality problems, liquidity, decreasing prices, adverse regulatory action, litigation success, self-insurance, healthcare policy changes, and international operations. Consequently, no forward-looking statement can be guaranteed and actual results may vary materially. We intend to take advantage of the Safe Harbor provisions of the Private Securities Litigation Reform Act of 1995 regarding our forward-looking statements, and are including this sentence for the express purpose of enabling us to use the protections of the safe harbor with respect to all forward-looking statements.

While we undertake no obligation to update any statement we make, investors are advised to consult any further disclosures by us in our filings with the Securities and Exchange Commission, especially on Forms 10-K, 10-Q, and 8-K, in which we discuss in more detail various important factors that could cause actual results to differ from expected or historical results. In addition, actual results may differ materially from those anticipated due to a number of factors, including, among others, those discussed in the section entitled “Risk Factors” in our Form 10-K. It is not possible to foresee or identify all such factors. As such, investors should not consider any list of such factors to be an exhaustive statement of all risks, uncertainties, or potentially inaccurate assumptions.

### **Risk Factors**

You should read the “Risk Factors” section, beginning on page S-3 of this prospectus supplement and in our most recent Annual Report on Form 10-K to understand the risks associated with an

investment in Medtronic and the notes.

---

[Table of Contents](#)

## Risk Factors

*An investment in the notes may involve various risks. Prior to making a decision about investing in our securities, and in consultation with your own financial and legal advisors, you should carefully consider, among other matters, the following risk factors, as well as those incorporated by reference in this prospectus supplement from our most recent annual report on Form 10-K under the headings “Risk Factors” and other filings we may make from time to time with the SEC.*

**The notes are subject to prior claims of any secured creditors and the creditors of our subsidiaries, and if a default occurs we may not have sufficient funds to fulfill our obligations under the notes.**

The notes are our unsecured general obligations and will rank equally in right of payment with our existing and future unsubordinated debt and will be structurally subordinated to all future and existing obligations of our subsidiaries. The indenture governing the notes permits us and our subsidiaries to incur secured debt under specified circumstances. If we incur any secured debt, our assets and the assets of our subsidiaries will be subject to prior claims by our secured creditors. In the event of our bankruptcy, liquidation, reorganization or other winding up, assets that secure debt will be available to pay obligations on the notes only after all debt secured by those assets has been repaid in full. In the event we were required to repatriate cash, cash equivalents, short-term investments and long-term investments in debt securities that are held by our non-U.S. subsidiaries, the funds would generally be subject to U.S. tax. Holders of the notes will participate in our remaining assets ratably with all of our unsecured and unsubordinated creditors, including our trade creditors. If we incur any additional obligations that rank equally with the notes, including trade payables, the holders of those obligations will be entitled to share ratably with the holders of the notes in any proceeds distributed upon our insolvency, liquidation, reorganization, dissolution or other winding up. This may have the effect of reducing the amount of proceeds paid to you. If there are not sufficient assets remaining to pay all these creditors, all or a portion of the notes then outstanding would remain unpaid.

**Negative covenants in the indenture will have a limited effect.**

The indenture governing the notes contains negative covenants that apply to us; however, the limitation on liens and limitation on sale and leaseback covenants contain exceptions that will allow us to create, grant or incur liens or security interests with respect to our headquarters and certain other material facilities. See “Description of Debt Securities — Certain Covenants” in the accompanying prospectus. In light of these exceptions, holders of the notes may be structurally or contractually subordinated to our existing and new lenders.

**Changes in our credit ratings may adversely affect the value of the notes.**

The notes are expected to be rated A1 by Moody’s Investors Service and AA- by Standard & Poor’s Ratings Services, in each case with a stable outlook. Such ratings are limited in scope, and do not address all material risks relating to an investment in the notes, but rather reflect only the view of each rating agency at the time the rating is issued. An explanation of the significance of such rating may be obtained from such rating agency. There can be no assurance that such credit ratings will remain in effect for any given period of time or that such ratings

## [Table of Contents](#)

will not be lowered, suspended or withdrawn entirely by the rating agencies, if, in each rating agency's judgment, circumstances so warrant. Actual or anticipated changes or downgrades in our credit ratings, including any announcement that our ratings are under further review for a downgrade, could affect the market value of the notes and increase our corporate borrowing costs.

### **An active trading market for the notes may not develop.**

Currently, there is no existing market for the notes and we do not intend to apply for listing of the notes on any securities exchange or any automated quotation system. Accordingly, there can be no assurance that a trading market for the notes will ever develop or will be maintained. Further, there can be no assurance as to the liquidity of any market that may develop for the notes, your ability to sell your notes or the price at which you will be able to sell your notes. Future trading prices of the notes will depend on many factors, including prevailing interest rates, our financial condition and results of operations, the then-current ratings assigned to the notes and the market for similar securities. Any trading market that develops would be affected by many factors independent of and in addition to the foregoing, including:

- time remaining to the maturity of the notes;
- outstanding amount of the notes;
- the terms related to optional redemption of the notes; and
- level, direction and volatility of market interest rates generally.

The underwriters have advised us that they currently intend to make a market in the notes, but they are not obligated to do so and may cease market making at any time without notice.

## Use of Proceeds

The net proceeds from this offering of the notes, which are expected to be approximately \$1.24 billion after deducting underwriting discounts and payment of our expenses related to this offering, will be used for general corporate purposes, including to repay a portion of outstanding commercial paper. As of February 27, 2009, we had approximately \$2.0 billion of commercial paper outstanding, which had a weighted average interest rate of approximately 0.75% and a weighted average maturity of approximately 64 days.

## Description of Notes

The following description of the particular terms of each series of notes supplements, and to the extent inconsistent, replaces the description of the general terms and provisions of the debt securities set forth in the accompanying prospectus. The definitions of certain capitalized terms used in the following summary are set forth below under “—Certain Definitions.” Certain defined terms used in this description, but not defined below under “—Certain Definitions” have the meanings ascribed to them in the Indenture. For purposes of this section, references to “we” and the “Company” include only Medtronic, Inc. and not its subsidiaries.

### General

Each series of notes offered hereby will each be issued under an indenture (the “Indenture”) by and between Medtronic, Inc. and Wells Fargo Bank, National Association as trustee (the “Trustee”).

The notes will initially be issued in the following series and, as to each such series with the following initial aggregate principal amounts:

Series	Principal amount
4.50% Senior Notes due 2014 (the “2014 notes”)	\$ 550,000,000
5.60% Senior Notes due 2019 (the “2019 notes”)	\$ 400,000,000
6.50% Senior Notes due 2039 (the “2039 notes”)	\$ 300,000,000

We may issue additional notes of any series, including any of the series listed above, in an unlimited aggregate principal amount at any time and from time to time under the Indenture. See below under “—Further Issues.”

The notes of each series will be issued in the form of one or more permanent global notes in definitive, fully registered, book-entry form in minimum denominations of \$2,000 and additional incremental multiples of \$1,000 in excess of \$2,000. The Trustee will initially act as paying agent and registrar for the notes. The notes may be presented for registration of transfer and exchange at the offices of the registrar, which initially will be the Trustee’s corporate trust office. We may change any paying agent and registrar without notice to holders of the notes and we may act as a paying agent or registrar. We will pay principal (and premium, if any) on the notes at the Trustee’s corporate trust office in New York, New York. At our option, interest may be paid at the Trustee’s corporate trust office or by check mailed to the registered address of the holder. Notwithstanding the foregoing, a registered holder of \$5,000,000 or more in aggregate principal amount of notes having the same maturity will be entitled to receive payments of interest, other than interest due at maturity, by wire transfer of immediately available funds to an account at a bank located in New York City (or any other location consented to by us) if appropriate wire transfer instructions have been received by the paying agent in writing not less than 15 calendar days prior to the applicable interest payment date.

Each series of notes will mature and bear interest as provided in the following table:

Series	Maturity	Interest rate	Record dates	Interest payment dates
--------	----------	---------------	--------------	------------------------

2014 notes	March 15, 2014	4.50%	March 1 and September 1	March 15 and September 15
2019 notes	March 15, 2019	5.60%	March 1 and September 1	March 15 and September 15
2039 notes	March 15, 2039	6.50%	March 1 and September 1	March 15 and September 15

---

## [Table of Contents](#)

### Interest Provisions Relating to the Notes

Interest on each series of notes will accrue at the rate set forth for such series in the table above, payable semiannually in arrears commencing on September 15, 2009. We will pay interest as to each series of notes to those persons who were holders of record of such series on the record date preceding each interest payment date.

Interest on each series of notes will accrue from the date of original issuance or, if interest has already been paid, from the date it was most recently paid as to such series, and will be computed on the basis of a 360-day year comprised of twelve 30-day months.

### Optional Redemption

We may redeem the notes, in whole or in part, at any time at a redemption price equal to the greater of:

- 100% of the principal amount of the notes being redeemed; and
- the sum, as determined by a Quotation Agent (defined below), of the present values of the remaining scheduled payments of principal and interest on each series of the notes to be redeemed (excluding any portion of such payments of interest accrued and paid as of the date of redemption) discounted to the redemption date on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months) at the Adjusted Treasury Rate,” plus 40 basis points, in the case of the 2014 notes, 40 basis points, in the case of the 2019 notes, and 45 basis points, in the case of the 2039 notes,

plus, in each case, accrued and unpaid interest to the date of redemption.

“**Adjusted Treasury Rate**” means, with respect to any redemption date, the rate per year equal to the semi-annual equivalent yield to maturity of the Comparable Treasury Issue, assuming a price for the Comparable Treasury Issue (expressed as a percentage of its principal amount) equal to the Comparable Treasury Price for that redemption date. The semi-annual equivalent yield to maturity will be computed as of the third business day immediately preceding the redemption date.

“**Comparable Treasury Issue**” means the U.S. Treasury security selected by the Quotation Agent as having a maturity comparable to the remaining term of the notes to be redeemed that would be utilized, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of comparable maturity to the remaining term of those notes.

“**Comparable Treasury Price**” means, with respect to any redemption date, (1) the average of the Reference Treasury Dealing Quotations for that redemption date, after excluding the highest and lowest Reference Treasury Dealer Quotations, (2) if the Trustee obtains fewer than four Referenced Treasury Dealer Quotations, the average of all Reference Treasury Dealer Quotations so received or (3) if only one Reference Treasury Dealer Quotation is received, such quotation.

“**Quotation Agent**” means the Reference Treasury Dealer appointed by us.

“**Reference Treasury Dealer**” means (I) each of Deutsche Bank Securities Inc., J.P. Morgan Securities Inc. and their respective successors; *provided, however*, that if any of the foregoing shall cease to be a primary U.S. Government securities dealer in New York City (a “Primary

## Table of Contents

Treasury Dealer”), we shall substitute another Primary Treasury Dealer and (2) any other Primary Treasury Dealers selected by us.

“**Reference Treasury Dealer Quotations**” means, with respect to each Reference Treasury Dealer and any redemption date, the average, as determined by the Trustee, of the bid and asked prices for the Comparable Treasury Issue (expressed in each case as a percentage of its principal amount) quoted in writing to the Trustee by that Reference Treasury Dealer at 5:00 p.m., New York City time, on the third business day preceding that redemption date.

We will provide notice of any redemption to each holder of the notes to be redeemed as of the record date established by us. We will mail such notice at least 30 days, but not more than 60 days, before the redemption date. We will give notice of such redemption to the Trustee at least 10 days prior to the date we mail the notice of redemption to each holder (or such shorter time as may be acceptable to the Trustee). Unless we default in payment of the redemption price on the redemption date, on and after the redemption date, interest will cease to accrue on the notes or portions thereof called for redemption.

If we do not redeem all of the notes, the Trustee shall select the notes of the series to be redeemed in any manner that it deems fair and appropriate.

Any notice to holders of notes of a redemption hereunder shall include the appropriate calculation of the redemption price, but does not need to include the redemption price itself. The actual redemption price, calculated as described above, will be set forth in an officers’ certificate of ours delivered to the Trustee no later than two business days prior to the redemption date.

## **Further Issues**

We may from time to time, without the consent of the holders of the notes, issue additional notes of any series, having the same ranking and the same interest rate, maturity and other terms as the notes of each series offered hereby except for the issue price and issue date and in some cases, the first interest payment date. Any such additional notes will, together with the then outstanding notes of such series, constitute a single class of notes under the Indenture. No additional notes of a series may be issued if an Event of Default has occurred and is continuing with respect to such series of the notes.

## **Ranking**

The notes will be our unsecured unsubordinated obligations and will rank equally in right of payment with all our existing and future unsubordinated debt. The notes are our obligations exclusively. Some of our consolidated assets are held by our subsidiaries. The notes will be structurally subordinated to all future and existing indebtedness, trade payables, guarantees, lease obligations, letter of credit obligations and other obligations of our subsidiaries.

As of January 23, 2009, as adjusted to give effect to this offering and the application of the net proceeds from the sale of the notes, we would have had approximately \$6.95 billion of unsubordinated debt obligations of a type required to be reflected as a liability (net of debt discount and cost) in our consolidated balance sheet. See “Capitalization.”

## **Regarding the Trustee**

The Trustee’s current address is Wells Fargo Bank, National Association, Sixth and Marquette Avenue, Minneapolis, MN 55479.

The Indenture provides that, except during the continuance of an Event of Default, the Trustee will perform only such duties as are specifically set forth in the Indenture. During the existence

## [Table of Contents](#)

of an Event of Default, the Trustee will exercise such rights and powers vested in its exercise as a prudent person would exercise under the circumstances in the conduct of such person's own affairs.

The Indenture and certain provisions of the Trust Indenture Act contain limitations on the rights of the Trustee, should it become a creditor of ours, to obtain payment of claims in certain cases or to realize on certain property received by it in respect of any such claim as security or otherwise. The Trustee is permitted to engage in other transactions with us or any affiliate of ours. If there arises any conflicting interest (as defined in the Indenture or in the Trust Indenture Act), it must eliminate such conflict or resign.

### **Governing Law**

The Indenture and the notes will be governed by and construed in accordance with the laws of the United States and the State of New York.

### **Book-Entry System; Delivery and Form**

As described more fully in the accompanying prospectus, the notes will be deposited with the Trustee on behalf of the Depository in the form of one or more global debt securities. As long as the Depository is the depository for the notes, you may hold interests in the notes through participants in the Depository, including Clearstream Banking, Société Anonyme ("Clearstream") and Euroclear Bank S.A./ N.V., as operator of the Euroclear System ("Euroclear"). Euroclear and Clearstream will hold interests, in each case, on behalf of their participants through customers' securities accounts in the names of Euroclear and Clearstream on the books of their respective depositories, which in turn will hold such interests in customers' securities accounts in the depositories' names on the Depository's books.

Payments, deliveries, transfers, exchanges, notices and other matters relating to the notes made through Euroclear or Clearstream must comply with the rules and procedures of those systems. Those systems could change their rules and procedures at any time. We have no control over those systems or their participants and we take no responsibility for their activities. Transactions between participants in Euroclear or Clearstream, on the one hand, and other participants in the Depository, on the other hand, would also be subject to the rules and procedures of the Depository.

Investors will be able to make and receive through Euroclear and Clearstream payments, deliveries, transfers, exchanges, notices and other transactions involving any securities held through those systems only on days when those systems are open for business. Those systems may not be open for business on days when banks, brokers and other institutions are open for business in the United States.

In addition, because of time-zone differences, U.S. investors who hold their interests in the notes through these systems and wish to transfer their interests, or to receive or make a payment or delivery or exercise any other right with respect to their interests, on a particular day may find that the transaction will not be effected until the next business day in Luxembourg or Brussels, as applicable. Thus, investors who wish to exercise rights that expire on a particular day may need to act before the expiration date. In addition, investors who hold their interests through both the Depository and Euroclear or Clearstream may need to make special arrangements to finance any purchases or sales of their interests between the U.S. and European clearing systems, and those transactions may settle later than transactions within one clearing system.

## Material U.S. Federal Income Tax Considerations

This disclosure is limited to the U.S. federal tax issues addressed herein. Additional issues may exist that are not addressed in this disclosure and that could affect the federal tax treatment of the notes. This tax disclosure was written in connection with the promotion or marketing by us and the underwriters of the notes, and it cannot be used by a holder for the purpose of avoiding penalties that may be asserted against the holder under the Internal Revenue Code. Holders should seek advice based on their particular circumstances from an independent tax advisor.

This section describes the material U.S. federal income tax consequences of owning the notes we are offering. It applies to you only if you acquire notes in the offering at the offering price and you hold your notes as capital assets for tax purposes. This section does not apply to you if you are a member of a class of holders subject to special rules, such as:

- a dealer in securities or currencies,
- a trader in securities that elects to use a mark-to-market method of accounting for your securities holdings,
- a bank,
- a life insurance company,
- a tax-exempt organization,
- a person that owns notes that are a hedge or that are hedged against interest rate risks,
- a person that owns notes as part of a straddle or conversion transaction for tax purposes, or
- a person whose functional currency for tax purposes is not the U.S. dollar.

If you purchase notes at a price other than the offering price, the amortizable bond premium or market discount rules may also apply to you. You should consult your tax advisor regarding this possibility. If a partnership holds notes, the tax treatment of a partner will generally depend upon the status of the partner and upon the activities of the partnership. You should consult your tax advisor if you are a partner in a partnership considering an investment in the notes.

This discussion is based on the Internal Revenue Code of 1986, as amended, its legislative history, existing and proposed regulations under the Internal Revenue Code, published rulings and court decisions, all as currently in effect. These laws are subject to change, possibly on a retroactive basis.

### U.S. Holders

This section describes the tax consequences to a U.S. holder. You are a U.S. holder if you are a beneficial owner of a note and you are:

- a citizen or resident of the U.S.,
- a domestic corporation,
- an estate whose income is subject to U.S. federal income tax regardless of its source, or

## Table of Contents

- a trust if a U.S. court can exercise primary supervision over the trust's administration and one or more U.S. persons are authorized to control all substantial decisions of the trust.

If you are not a U.S. holder, this subsection does not apply to you and (unless you are a U.S. partnership) you should refer to "Non-U.S. Holders" below.

*Payments of Interest.* You will be taxed on interest on your note as ordinary income at the time you receive the interest or when it accrues, depending on your method of accounting for tax purposes.

*Purchase, Sale and Retirement of the Notes.* Your tax basis in your note generally will be its cost. You will generally recognize capital gain or loss on the sale or retirement of your note equal to the difference between the amount you realize on the sale or retirement, excluding any amounts attributable to accrued but unpaid interest, and your tax basis in your note. Under current law, capital gain of a noncorporate U.S. holder is generally taxed at a maximum rate of 15% where the property is held more than one year.

### **Non-U.S. Holders**

This subsection describes the tax consequences to a non-U.S. Holder (a "U.S. alien holder"). You are a U.S. alien holder if you are a beneficial owner of a note and are, for U.S. federal income tax purposes:

- a nonresident alien individual,
- a foreign corporation,
- a foreign partnership, or
- an estate or trust that in either case is not subject to U.S. federal income tax on a net income basis on income or gain from a Note.

If you are a U.S. Holder, this subsection does not apply to you.

Under U.S. federal income and estate tax law, and subject to the discussion of backup withholding below, if you are not a U.S. Holder of a note, we and other U.S. payors generally will not be required to deduct U.S. withholding tax from payments of principal and interest to you if, in the case of payments of interest:

1. you do not actually or constructively own 10% or more of the total combined voting power of all classes of stock of Medtronic, Inc. entitled to vote,
2. you are not a controlled foreign corporation that is related to us through stock ownership, and
3. the U.S. payor does not have actual knowledge or reason to know that you are a U.S. person and:
  - a. you have furnished to the U.S. payor an Internal Revenue Service Form W-8BEN or an acceptable substitute form upon which you certify, under penalties of perjury, that you are a non-U.S. person,
  - b. in the case of payments made outside the U.S. to you at an offshore account (generally, an account maintained by you at a bank or other financial institution at any

e424b5

## Table of Contents

location outside the U.S.), you have furnished to the U.S. payor documentation that established your identity and your status as a non-U.S. person,

c. the U.S. payor has received a withholding certificate (furnished on an appropriate Internal Revenue Service Form W-8 or an acceptable substitute form) from a person claiming to be:

- i. a withholding foreign partnership (generally a foreign partnership that has entered into an agreement with the Internal Revenue Service to assume primary withholding responsibility with respect to distributions and guaranteed payments it makes to its partners),
- ii. a qualified intermediary (generally a non-U.S. financial institution or clearing organization or a non-U.S. branch or office of a U.S. financial institution or clearing organization that is a party to a withholding agreement with the Internal Revenue Service), or
- iii. a U.S. branch of a non-U.S. bank or of a non-U.S. insurance company,

and the withholding foreign partnership, qualified intermediary or U.S. Branch has received documentation upon which it may rely to treat the payment as made to a non-U.S. person in accordance with U.S. Treasury regulations (or, in the case of a qualified intermediary, in accordance with its agreement with the Internal Revenue Service),

d. the U.S. payor receives a statement from a securities clearing organization, bank or other financial institution that holds customers' securities in the ordinary course of its trade or business,

- i. certifying to the U.S. payor, under penalties of perjury, that an Internal Revenue Service form W-8BEN or an acceptable substitute form has been received from you by it or by a similar financial institution which receives the payment from the U.S. payor on your behalf, and
- ii. to which is attached a copy of the Internal Revenue Service Form W-8BEN or acceptable substitute form, or

e. the U.S. payor otherwise possesses documentation upon which it may rely to treat the payment as made to a non-U.S. person in accordance with U.S. Treasury regulations;

If you are not a citizen or resident of the U.S. and are a holder of a note, you will not be subject to U.S. federal income tax on gain realized on the sale, exchange or other disposition of a note, unless the gain is effectively connected with the conduct of a trade or business in the United States, subject to an applicable income tax treaty providing otherwise.

Further, a note held by an individual who at death is not a citizen or resident of the U.S. will not be includible in the individual's gross estate for U.S. federal estate tax purposes if:

- the decedent did not, at the time of death, actually or constructively own 10% or more of the total combined voting power of all classes of stock of Medtronic, Inc. entitled to vote, and
- the income on the note would not have been effectively connected with a U.S. trade or business of the decedent at the same time.

### **Backup Withholding and Information Reporting**

In general, if you are a noncorporate U.S. holder, we and other payors are required to report to the Internal Revenue Service all payments of principal and interest on your note. In addition, we and other payors are required to report to the Internal Revenue Service any payment of proceeds of the sale of your note before maturity within the U.S. Additionally, backup withholding will apply to any payments if you fail to provide an accurate taxpayer identification number, or you are notified by the Internal Revenue Service that you have failed to report all interest and dividends required to be shown on your federal income tax returns.

In general, if you are a U.S. alien holder, payments of principal or interest made by us and other payors to you will not be subject to backup withholding and information reporting, provided that the certification requirements described above under “Non-U.S. Holders” are satisfied or you otherwise establish an exemption. However, we and other payors are required to report payments of interest on your notes on Internal Revenue Service Form 1042-S even if the payments are not otherwise subject to information reporting requirements.

In addition, payment of the proceeds from the sale of notes effected at a U.S. office of a broker will not be subject to backup withholding and information reporting provided that:

- the broker does not have actual knowledge or reason to know that you are a U.S. person, and you have furnished to the broker:
  - an appropriate Internal Revenue Service Form W-8 or an acceptable substitute form upon which you certify, under penalties of perjury, that you are not a U.S. person, or
  - other documentation upon which it may rely to treat the payment as made to a non-U.S. person in accordance with U.S. Treasury regulations, or
- you otherwise establish an exemption.

If you fail to establish an exemption and the broker does not possess adequate documentation of your status as a non-U.S. person, the payments may be subject to information reporting and backup withholding.

In general, payment of the proceeds from the sale of notes effected at a non-U.S. office of a broker will not be subject to information reporting or backup withholding. However, a sale effected at a foreign office of a broker will be subject to information reporting and backup withholding if:

- the proceeds are transferred to an account maintained by you in the U.S.,
- the payment of proceeds or the confirmation of the sale is mailed to you at a U.S. address, or
- the sale has some other specified connection with the U.S. as provided in U.S. Treasury regulations,

unless the broker does not have actual knowledge or reason to know that you are a U.S. person and the documentation requirements described above (relating to a sale of notes effected at a U.S. office of a broker) are met or you otherwise establish an exemption.

## Table of Contents

In addition, payment of the proceeds from the sale of notes effected at a non-U.S. office of a broker will be subject to information reporting if the broker is:

- a U.S. person,
- a controlled foreign corporation for U.S. tax purposes,
- a foreign person 50% or more of whose gross income is effectively connected with the conduct of a U.S. trade or business for a specified three-year period, or
- a foreign partnership, if at any time during its tax year:
  - one or more of its partners are “U.S. persons,” as defined in U.S. Treasury regulations, who in the aggregate hold more than 50% of the income or capital interest in the partnership, or
  - such foreign partnership is engaged in the conduct of a U.S. trade or business,

unless the broker does not have actual knowledge or reason to know that you are a U.S. person and the documentation requirements described above (relating to a sale of notes effected at a U.S. office of a broker) are met or you otherwise establish an exemption. Backup withholding will apply if the sale is subject to information reporting and the broker has actual knowledge that you are a U.S. person.

## Underwriting

Subject to the terms and conditions in the underwriting agreement between us and Deutsche Bank Securities Inc. and J.P. Morgan Securities Inc., as representatives of the underwriters named below, we have agreed to sell to each underwriter, and each underwriter has severally agreed to purchase from us, the principal amount of each series of notes set forth opposite the names of the underwriters below:

Underwriter	Principal amount of 4.50% notes due 2014	Principal amount of 5.60% notes due 2019	Principal amount of 6.50% notes due 2039
Deutsche Bank Securities Inc.	\$ 206,250,000	\$ 150,000,000	\$ 112,500,000
J.P. Morgan Securities Inc.	206,250,000	150,000,000	112,500,000
Banc of America Securities LLC	41,250,000	30,000,000	22,500,000
Mitsubishi UFJ Securities International plc	41,250,000	30,000,000	22,500,000
Goldman, Sachs & Co.	27,500,000	20,000,000	15,000,000
UBS Securities LLC	27,500,000	20,000,000	15,000,000
<b>Total</b>	<b>\$ 550,000,000</b>	<b>\$ 400,000,000</b>	<b>\$ 300,000,000</b>

The underwriting agreement provides that the underwriters will purchase all of the notes if any of them are purchased.

The underwriters initially propose to offer the notes to the public at the public offering prices that appear on the cover page of this prospectus supplement. The underwriters may offer the notes to selected dealers at the public offering price minus a concession of up to 0.200% of the principal amount of the 2014 notes, 0.250% of the principal amount of the 2019 notes and 0.500% of the principal amount of the 2039 notes. In addition, the underwriters may allow, and those selected dealers may reallow, a concession of up to 0.125% of the principal amount of the 2014 notes, 0.225% of the principal amount of the 2019 notes and 0.250% of the principal amount of the 2039 notes to certain other dealers. After the initial offering, the underwriters may change the public offering prices and any other selling terms. The underwriters may offer and sell notes of any series through certain of their affiliates.

In the underwriting agreement, we have agreed that:

- We will pay our expenses related to the offering, which we estimate will be \$1.5 million.
- We will indemnify the underwriters against certain liabilities, including liabilities under the Securities Act of 1933, or contribute to payments that the underwriters may be required to make in respect of those liabilities.

The notes are a new issue of securities, and there is currently no established trading market for the notes. We do not intend to apply for the notes to be listed on any securities exchange or to arrange for the notes to be quoted on any quotation system. The underwriters have advised us that they intend to make a market in the notes, but they are not obligated to do so. The underwriters may discontinue any market making in the notes at any time in their sole discretion. Accordingly, we cannot assure you that a liquid trading market will develop for the notes.

In connection with the offering of the notes, the underwriters may engage in over-allotment, stabilizing transactions and syndicate covering transactions. Over-allotment involves sales in excess of the offering size, which creates a short position for the underwriters. Stabilizing transactions involve bids to purchase

the notes in the open market for the purpose of pegging, fixing or

S-17

---

## [Table of Contents](#)

maintaining the price of the notes. Syndicate-covering transactions involve purchases of the notes in the open market after the distribution has been completed in order to cover short positions. Stabilizing transactions and syndicate-covering transactions may cause the price of the notes to be higher than it would otherwise be in the absence of those transactions. If the underwriters engage in stabilizing or syndicate-covering transactions, they may discontinue them at any time.

In the ordinary course of their respective businesses, the underwriters or their affiliates have engaged, or may in the future engage, in commercial banking or investment banking transactions with Medtronic, Inc. and its affiliates, including participating in commercial paper programs and providing credit facilities and investment management services to Medtronic, Inc. and its affiliates. Because more than 10% of the net proceeds of this offering may be paid to the underwriters or their affiliates, this offering will be made in compliance with the applicable provisions of Rule 2720 of the Financial Industry Regulatory Authority conduct rules.

Mitsubishi UFJ Securities International plc is not a U.S. registered broker-dealer and, therefore, to the extent that it intends to effect any sales of the notes in the United States, it will do so through one or more U.S. registered broker-dealers as permitted by Financial Industry Regulatory Authority regulations.

## **Selling Restrictions**

### **European Economic Area**

In relation to each member state of the European Economic Area that has implemented the Prospectus Directive (each, a “relevant member state”), each underwriter has represented and agreed with effect from and including the date on which the Prospectus Directive is implemented in that relevant member state (the “relevant implementation date”), an offer of securities described in this prospectus supplement may not be made to the public in that relevant member state other than:

- to any legal entity that is authorized or regulated to operate in the financial markets or, if not so authorized or regulated, whose corporate purpose is solely to invest in securities;
- to any legal entity that has two or more of (1) an average of at least 250 employees during the last financial year; (2) a total balance sheet of more than €43,000,000 and (3) an annual net turnover of more than €50,000,000, as shown in its last annual or consolidated accounts;
- to fewer than 100 natural or legal persons (other than qualified investors as defined in the Prospectus Directive) subject to obtaining the prior consent of the representatives; or
- in any other circumstances that do not require the publication of a prospectus pursuant to Article 3 of the Prospectus Directive;

provided that no such offer of securities shall require us or any underwriter to publish a prospectus pursuant to Article 3 of the Prospectus Directive.

For purposes of this provision, the expression an “offer of securities to the public” in any relevant member state means the communication in any form and by any means of sufficient information on the terms of the offer and the securities to be offered so as to enable an investor to decide to purchase or subscribe the securities, as the expression may be varied in that member state by any measure implementing the Prospectus Directive in that member state, and the expression “Prospectus Directive” means Directive 2003/71/EC and includes any relevant implementing measure in each relevant member state.

## [Table of Contents](#)

### **United Kingdom**

Each underwriter has represented and agreed that:

- it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of Section 21 of the FSMA) received by it in connection with the issue or sale of the notes in circumstances in which Section 21(1) of the FSMA does not apply to the Issuer; and
- it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to the notes in, from or otherwise involving the United Kingdom.

### DESCRIPTION OF CAPITAL STOCK

The following description of our capital stock is summarized from, and qualified in its entirety by reference to, our restated articles of incorporation, as amended, our bylaws, as amended, each of which have been publicly filed with the SEC, and applicable provisions of law. See “Where You Can Find Additional Information.”

Our authorized capital stock consists of:

- 1,600,000,000 shares of common stock, \$0.10 par value per share; and
- 2,500,000 shares of preferred stock, \$1.00 par value per share.

As of February 27, 2009, there were 1,119,284,090 shares of common stock issued and outstanding. No shares of our preferred stock are outstanding.

Holders of our stock are expressly denied preemptive rights and cumulative voting rights.

#### **Common Stock**

Holders of our common stock are entitled to one vote per share on all matters submitted to a vote of our shareholders. Except as specifically required otherwise under Minnesota law, all matters submitted to our shareholders are decided by a majority vote of the shares entitled to vote and represented at the meeting at which there is a quorum, except for election of directors, which is decided by plurality vote.

#### **Liability of Directors**

Our directors are exempt from personal liability to us and to our shareholders for monetary damages for breach of fiduciary duty to the fullest extent permitted by Minnesota law.

#### **Business Combinations and Control Share Acquisitions**

We are subject to Sections 302A.671 and 302A.673 of the Minnesota Business Corporation Act. In general, Section 302A.671 provides that the shares of a public Minnesota corporation acquired in a “control share acquisition” have no voting rights unless voting rights are approved in a prescribed manner. A “control share acquisition” is an acquisition, directly or indirectly, of beneficial ownership of shares that would, when added to all other shares beneficially owned by the acquiring person, entitle the acquiring person to have voting power of 20% or more in the election of directors. In general, Section 302A.673 prohibits a public Minnesota corporation from engaging in a “business combination” with an “interested shareholder” for a period of four years after the date of the transaction in which such person became an interested shareholder, unless either the business combination or the acquisition by which such person becomes an interested shareholder is approved in a prescribed manner before such person becomes an interested shareholder. A “business combination” may be a merger, asset sale or other transaction resulting in a financial benefit to an interested shareholder. An “interested shareholder” is a person who is the beneficial owner, directly or indirectly, of 10% or more of the voting power of a corporation’s outstanding voting stock or who is an affiliate or associate of such corporation and at any time within four years prior to the date in question was the beneficial owner, directly or indirectly, of 10% or more of the voting power of such corporation’s outstanding voting stock. These provisions of Minnesota law could have the effect of delaying, deferring, or preventing a change in control of us.

#### **Shareholder Rights Plan**

Under a shareholder rights plan adopted by our board of directors on October 26, 2000, all of our shareholders

receive, along with each share of our common stock, a preferred stock purchase right entitling them to purchase from us 1/5000th of a share of series A junior participating preferred stock at an exercise price of \$400 per share. These rights are not exercisable or transferable apart from the common stock until 15 days after the public announcement that a person or group, referred to as an acquiring person, has acquired 15% or more of the outstanding shares of our common stock or 15 business days after the announcement of a

## Table of Contents

tender offer which would increase such acquiring person's beneficial ownership to 15% or more of our outstanding common stock. After any person or group has become an acquiring person, each right entitles the holder (other than the acquiring person) to purchase, at the exercise price, common stock of us having a market price of two times the exercise price. If we are acquired in a merger or other business combination transaction, each exercisable right entitles the holder to purchase, at the exercise price, common stock of the acquiring company or an affiliate having a market price of two times the exercise price. Our board of directors may redeem the rights for \$0.0005 per right at any time before any person or group becomes an acquiring person. Our board may also reduce the threshold at which a person or group becomes an acquiring person from 15% to no less than 10% of our outstanding common stock. The rights expire on October 26, 2010.

### **Transfer Agent**

The transfer agent and registrar for our common stock is Wells Fargo Bank, National Association.

### **DESCRIPTION OF PREFERRED STOCK**

Our board of directors is authorized, to the fullest extent permitted by law, to establish out of our authorized 2,500,000 shares of preferred stock, one or more classes or series of preferred stock, having such relative rights, preferences, privileges and restrictions thereof, including dividend rights, dividend rates, conversion rights, voting rights, terms of redemption, redemption prices, liquidation preferences and the number of shares constituting any series of the designation of such series, as our board of directors shall determine without further vote or action by the shareholders.

The specific terms of any preferred stock to be sold under this prospectus will be described in the applicable prospectus supplement. If so indicated in such prospectus supplement, the terms of the preferred stock offered may differ from the general terms set forth below. The preferred stock offered will, when issued, be fully paid and nonassessable.

You should read the applicable prospectus supplement for the terms of the preferred stock offered. The terms of the preferred stock set forth in such prospectus supplement may include the following, as applicable to the preferred stock offered thereby:

- the designation of the series of preferred stock, which may be by distinguishing number, letter or title;
- the number of shares of such preferred stock offered, the liquidation preference per share and the offering price of such preferred stock;
- the dividend rate or rates of such shares, the date at which dividends, if declared, will be payable, and whether or not such dividends are to be cumulative and, if cumulative, the date or dates from which dividends shall be cumulative;
- the amounts payable on shares of such preferred stock in the event of voluntary or involuntary liquidation, dissolution or winding up;
- the redemption rights and price or prices, if any, for the shares of such preferred stock;
- the terms and amount of any sinking fund or analogous fund providing for the purchase or redemption of the shares of such preferred stock, if any;

- the voting rights, if any, granted to the holders of the shares of such preferred stock in addition to those required by Minnesota law or our articles of incorporation;
- whether the shares of preferred stock shall be convertible into shares of our common stock or any other class of our capital stock, and if convertible, the conversion price or prices, any adjustment thereof and any other terms and conditions upon which such conversion shall be made;
- any other rights, preferences, restrictions, limitations or conditions relating to the shares of preferred stock as may be permitted by Minnesota law or our articles of incorporation;

## [Table of Contents](#)

- any listing of such preferred stock on any securities exchange; and
- a discussion of federal income tax considerations applicable to such preferred stock.

Our authorized shares of common stock and preferred stock are available for issuance without further action by our shareholders, unless such action is required by applicable law or the rules of the stock exchange or automated quotation system on which our securities may be listed or traded. If the approval of our shareholders is not required for the issuance of shares of our common stock or preferred stock, our Board of Directors may determine to issue shares without seeking shareholder approval.

The issuance of preferred stock may have the effect of delaying or preventing a change in control of us without further action by our shareholders. The issuance of shares of preferred stock with voting and conversion rights may adversely affect the voting power of the holders of our common stock.

### **DESCRIPTION OF DEBT SECURITIES**

This prospectus describes certain general terms and provisions of the debt securities. The debt securities will be issued under an Indenture (the “Indenture”), between us and Wells Fargo Bank, National Association, as trustee (the “Trustee”) and will be our unsecured obligations. The Indenture does not limit the aggregate principal amount of debt securities which may be issued thereunder and provides that debt securities may be issued thereunder from time to time in one or more series. When we offer to sell a particular series of debt securities, we will describe the specific terms for the securities in a supplement to this prospectus. The prospectus supplement will also indicate whether the general terms and provisions described in this prospectus apply to a particular series of debt securities.

We have summarized herein certain terms and provisions of the Indenture. The summary is not complete. The Indenture is incorporated by reference as an exhibit to the registration statement of which this prospectus is a part. You should read the Indenture for the provisions which may be important to you. Those provisions, and not this description, define your rights. The Indenture is subject to and governed by the Trust Indenture Act of 1939, as amended (the “Trust Indenture Act”), and the laws of the state of New York. We have also included references in parentheses to certain sections of the Indenture. See “Where You Can Find Additional Information” for information on how to obtain a copy of the Indenture.

#### **General Terms**

We may issue debt securities up to an aggregate principal amount as we may authorize from time to time. The prospectus supplement will describe the terms of any debt securities being offered, including:

- the title of the debt securities;
- any limit on the aggregate principal amount of the debt securities;
- the date or dates on which the debt securities will mature;
- the rate or rates (which may be fixed or variable) per annum at which the debt securities will bear interest, if any, and the date or dates from which such interest will accrue;
- the dates on which such interest, if any, will be payable and the regular record dates for such interest payment dates;
- the place or places where principal of (and premium, if any) and interest on the debt securities shall be payable;

- any mandatory or optional sinking fund or analogous provisions;
- if applicable, the price at which, the periods within which, and the terms and conditions upon which the debt securities may, pursuant to any optional or mandatory redemption provisions, be redeemed;
- if applicable, the terms and conditions upon which the debt securities may be repayable prior to final maturity at the option of the holder thereof (which option may be conditional);

## Table of Contents

- the portion of the principal amount of the debt securities, if other than the entire principal amount thereof, payable upon acceleration of maturity thereof;
- the currency of payment of principal of and premium, if any, and interest on the debt securities;
- any index used to determine the amount of payments of principal of and premium, if any, and interest on the debt securities; and
- any other terms of the debt securities. (*Section 3.01*)

Unless otherwise indicated in the prospectus supplement relating thereto, the debt securities are to be issued as registered securities without coupons in denominations of \$1,000 or any integral multiple of \$1,000. (*Section 3.02*) No service charge will be made for any transfer or exchange of such debt securities, but we may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection therewith. (*Section 3.05*)

Debt securities may be issued under the Indenture as original issue discount securities to be offered and sold at a substantial discount below their stated principal amount. Federal income tax consequences and other considerations applicable thereto will be described in the prospectus supplement relating thereto. As defined in the Indenture, “original issue discount securities” means any debt securities which provide for an amount less than the principal amount thereof to be due and payable upon a declaration of acceleration of the maturity thereof. (*Section 1.01*)

### **Certificated Debt Securities**

Each debt security will be represented by either one or more global securities registered in the name of The Depository Trust Company, as Depository (the “Depository”), or a nominee of the Depository (we will refer to any debt security represented by a global debt security as a “book-entry debt security”), or a certificate issued in definitive registered form (we will refer to any debt security represented by a certificated security as a “certificated debt security”), as described in the applicable prospectus supplement. Except as described under “Book-Entry System; Delivery and Form” below, book-entry debt securities will not be issuable in certificated form.

### **Book-Entry System; Delivery and Form**

Each global debt security representing book-entry debt securities will be deposited with, or on behalf of, the Depository, and registered in the name of the Depository or a nominee of the Depository. (*Section 3.05*)

The Depository has indicated it intends to follow the following procedures with respect to book-entry debt securities

Ownership of beneficial interests in book-entry debt securities will be limited to persons that have accounts with the Depository for the related global debt security (“participants”) or persons that may hold interests through participants. Upon the issuance of a global debt security, the Depository will credit, on its book-entry registration and transfer system, the accounts of the participants with the respective principal amounts of the book-entry debt securities represented by the global debt security beneficially owned by such participants. The accounts to be credited will be designated by any dealers, underwriters or agents participating in the distribution of the book-entry debt securities. Ownership of book-entry debt securities will be shown on, and the transfer of the ownership interests will be effected only through, records maintained by the Depository for the related global debt security (with respect to interests of participants) and on the records of participants (with respect to interests of persons holding through participants). The laws of some states may require that certain purchasers of securities take physical delivery of such securities in definitive form. These laws may impair the ability to own, transfer or pledge beneficial interests in book-entry debt securities.

So long as the Depository for a global debt security, or its nominee, is the registered owner of that global debt

security, the Depositary or its nominee, as the case may be, will be considered the sole owner or holder of the book-entry debt securities represented by such global debt security for all purposes under the Indenture. Except as described herein, beneficial owners of book-entry debt securities will not be entitled to have

## [Table of Contents](#)

securities registered in their names, will not receive or be entitled to receive physical delivery of a certificate in definitive form representing securities and will not be considered the owners or holders of those securities under the Indenture. Accordingly, to exercise any rights of a holder under the Indenture, each person beneficially owning book-entry debt securities must rely on the procedures of the Depository for the related global debt security and, if that person is not a participant, on the procedures of the participant through which that person owns its interest.

We will issue certificated debt securities in exchange for each global debt security if the Depository is at any time unwilling or unable to continue as Depository or ceases to be a clearing agency registered under the Securities Exchange Act of 1934, as amended, and a successor Depository registered as a clearing agency under the Securities Exchange Act of 1934, as amended, is not appointed by us within 90 days. In addition, we may at any time and in our sole discretion determine not to have any of the book-entry debt securities of any series represented by one or more global debt securities and, in that event, we will issue certificated debt securities in exchange for the global debt securities of that series. Global debt securities will also be exchangeable by the holders for certificated debt securities if an event of default with respect to the book-entry debt securities represented by those global debt securities has occurred and is continuing. Any certificated debt securities issued in exchange for a global debt security will be registered in such name or names as the Depository will instruct the Trustee. We expect that such instructions will be based upon directions received by the Depository from participants with respect to ownership of book-entry debt securities relating to such global debt security.

### **Customary Depository Procedures**

We understand, however, that under existing industry practice, the Depository will authorize the persons on whose behalf it holds a global debt security to exercise certain rights of holders of debt securities, and the Indenture provides that we, the Trustee and our respective agents will treat as the holder of a debt security the persons specified in a written statement of the Depository with respect to that global debt security for purposes of obtaining any consents or directions required to be given by holders of the debt securities pursuant to the Indenture.

We will make payments of principal of, and premium and interest on book-entry debt securities to the Depository or its nominee, as the case may be, as the registered holder of the related global debt security. Neither we, the Trustee nor any other agent of ours or agent of the Trustee will have any responsibility or liability for any aspect of the records relating to or payments made on account of beneficial ownership interests in a global debt security or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests. We expect that the Depository, upon receipt of any payment of principal of, premium or interest on a global debt security, will immediately credit the accounts of the participants with payments in amounts proportionate to the respective amounts of book-entry debt securities held by each participant as shown on the records of the Depository. We also expect that payments by participants to owners of beneficial interests in book-entry debt securities held through those participants will be governed by standing customer instructions and customary practices, as is now the case with the securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of those participants.

We have obtained the foregoing information in this section concerning the Depository and its book-entry system from sources we believe to be reliable, but we take no responsibility for the accuracy of this information.

### **Defeasance**

#### ***Full Defeasance***

If there is a change in federal income tax law or ruling of the Internal Revenue Service, as described below, under the Indenture we can legally release ourselves from any payment or other obligations on the debt securities (this is called “full defeasance”) if, among other things:

- we deposit in trust for the benefit of all direct holders of the debt securities a combination of money and U.S. government notes or bonds that will generate enough cash to make interest, principal and any other payments on the debt securities on their various due dates;
- there is a change in U.S. federal income tax law or an Internal Revenue Service ruling that permits us to make the above deposit without causing you to be taxed on the debt securities any differently than if we did not make the deposit and simply repaid the debt securities under the stated payment terms; and
- we deliver to the Trustee a legal opinion of our counsel confirming the tax law change or Internal Revenue Service ruling described above. (*Sections 13.02 and 13.04*)

If we accomplished full defeasance, you would have to rely solely on the trust deposit for all payments on the debt securities. You could not look to us for payment in the event of any shortfall. (*Section 13.02*)

#### ***Covenant Defeasance***

Under current U.S. federal income tax law, if we make the type of trust deposit described above, we can be released from some of the restrictive covenants in the Indenture without causing you to be taxed on the debt securities any differently than if we did not make the deposit. This is called “covenant defeasance.” In that event, you would lose the benefit of those restrictive covenants but would gain the protection of having money and/or notes or bonds set aside in trust to repay the debt securities. In order to exercise our rights under the Indenture to achieve covenant defeasance, we must, among other things:

- deposit in trust for the benefit of all direct holders of the debt securities a combination of money and U.S. government notes or bonds that will generate enough cash to make interest, principal and any other payments on the debt securities on their various due dates; and
- deliver to the Trustee a legal opinion of our counsel confirming that under current U.S. federal income tax law we may make the above deposit without causing you to be taxed on the debt securities any differently than if we did not make the deposit and simply repaid the debt securities.

If we accomplish covenant defeasance, the following provisions of the Indenture and the debt securities would no longer apply:

- certain of our obligations regarding the conduct of our business described above under “Covenants,” and any other covenants applicable to the debt securities described in the applicable prospectus supplement;
- the conditions to our engaging in a merger or similar transaction, as described below under “Consolidation, Merger, Conveyance, Transfer or Lease”; and
- the events of default relating to breaches of certain covenants, certain events in bankruptcy, insolvency or reorganization, and acceleration of the maturity of other debt, described below under “Events of Default.”

If we accomplish covenant defeasance, you can still look to us for repayment of the debt securities in the event of a shortfall in the trust deposit. In fact, if one of the remaining events of default occurred (such as our bankruptcy) and

the debt securities become immediately due and payable, such a shortfall could arise. Depending on the event causing the default, you may not be able to obtain payment of the shortfall. (*Sections 13.03 and 13.04*)

## Table of Contents

### Events of Default and Notice Thereof

When we use the term “Event of Default” in the Indenture with respect to the debt securities of any series, here are some examples of what we mean:

- failure to pay any interest on the debt securities of that series when due and payable and such failure continues for 30 days;
- failure to pay principal of or any premium on the debt securities of that series at its maturity, acceleration, redemption or otherwise;
- failure to perform or breach of any other covenant or warranty in the Indenture applicable to such series and such failure continues for 60 days after written notice as provided in the Indenture;
- failure to pay principal when due at maturity or a default that results in the acceleration of maturity of our or any of our Restricted Subsidiary’s (as defined below) indebtedness for borrowed money in an aggregate amount of \$100 million or more;
- certain events in bankruptcy, insolvency or reorganization of us; and
- any other Event of Default provided with respect to debt securities of such series. (Section 5.01)

If an Event of Default with respect to debt securities of any series at the time outstanding shall occur and be continuing, either the Trustee or the holders of at least 25% in principal amount of the outstanding debt securities of that series may declare the principal amount of all debt securities of that series (or, if the debt securities of that series are original issue discount securities, such portion of the principal amount as may be specified in the terms of that series) to be due and payable immediately; provided, however, that under certain circumstances the holders of a majority in aggregate principal amount of outstanding debt securities of that series may rescind and annul such declaration and its consequences. (*Section 5.02*)

Reference is made to the prospectus supplement relating to any series of debt securities which are original issue discount securities for the particular provisions relating to the principal amount of such original issue discount securities due upon the occurrence of any Event of Default and the continuation thereof.

The Trustee, after the occurrence of a default with respect to any series of debt securities, shall give to the holders of debt securities of that series notice of all uncured defaults known to it (the term default to mean the events specified above without grace periods), provided that, except in the case of default in the payment of principal of (or premium if any) or interest, if any, on any debt security, or in the deposit of any sinking fund payment with respect to any debt securities, the Trustee shall be protected in withholding such notice if it in good faith determines that the withholding of such notice is in the interest of the holders of the debt securities of such series. (*Section 6.02*)

We will be required to furnish to the Trustee annually within 120 days after the end of each fiscal year a statement by certain of our officers to the effect that to the best of their knowledge we are not in default in the fulfillment of any of our obligations under the Indenture or, if there has been a default in the fulfillment of any such obligation, specifying each such default. (*Section 10.04 and Section 10.08*)

The holders of a majority in principal amount of the outstanding debt securities of any series affected will have the right, subject to certain limitations, to direct the time, method and place of conducting any proceeding for any remedy available to the Trustee or exercising any trust or power conferred on the Trustee with respect to the debt securities of such series, and to waive certain defaults. (*Sections 5.12 and 5.13*)

In case an Event of Default shall occur and be continuing, the Trustee shall exercise such of its rights and powers

under the Indenture, and use the same degree of care and skill in their exercise, as a prudent man would exercise or use under the circumstances in the conduct of his own affairs. (*Section 6.01*) Subject to such provisions, the Trustee will be under no obligation to exercise any of its rights or powers under the Indenture at the request or direction of any of the holders of debt securities unless they shall have offered to the Trustee reasonable security or indemnity against the costs, expenses and liabilities which might be incurred by it in compliance with such request or direction. (*Section 6.03*)

## Table of Contents

### **Consolidation, Merger, Conveyance, Transfer or Lease**

We may not consolidate with or merge into any other person (as defined in the Indenture) or convey, transfer or lease our properties and assets substantially as an entirety, unless:

- the successor person is a corporation, partnership or trust organized and validly existing under the laws of the United States of America, any state thereof or the District of Columbia, and expressly assumes our obligation on the debt securities and under the Indenture;
- after giving effect to such transaction, no Event of Default, and no event which, after notice or lapse of time or both, would become an Event of Default, shall have happened and be continuing; and
- after giving effect to such transaction, neither we nor the successor person, as the case may be, would have outstanding indebtedness secured by any mortgage or other encumbrance prohibited by the provisions of our restrictive covenant relating to liens or, if so, shall have secured the debt securities equally and ratably with (or prior to) any indebtedness secured thereby. (*Section 8.01*)

### **Modification of the Indenture**

Modifications and amendments of the Indenture may be made by us and the Trustee with the consent of the holders of not less than a majority in aggregate principal amount of the outstanding debt securities of each series affected by the modification or waiver; *provided, however*, that no such modification or amendment may without the consent of the holder of each debt security affected thereby, to change the stated maturity of the principal of, or any installment of principal of or interest on, any debt security, reduce the principal amount of, or premium or interest on, any debt security, change the place of payment where coin or currency in which the principal of, or any premium or interest on, any debt security is payable, impair the right to institute suit for the enforcement of any payment on or with respect to any debt security, reduce the percentage in principal amount of outstanding debt securities, the consent of the holders of which is required for modification or amendment of the Indenture or for waiver of compliance with certain provisions of the Indenture or for waiver of certain defaults or modify any of the above provisions. (*Section 9.02*)

The Holders of not less than a majority in aggregate principal amount of the outstanding debt securities of each series may, on behalf of the holders of all debt securities of that series, waive compliance by us with certain restrictive provisions of the Indenture. The holders of not less than a majority in aggregate principal amount of the outstanding debt securities of each series may, on behalf of the holders of all debt securities of such series, waive any past default under the Indenture, except a default (1) in the payment of principal of, or any premium or interest on, any debt security or (2) in respect of a covenant or provision of the Indenture which cannot be modified or without the consent of the holder of each debt security of the affected series. (*Section 10.09; Section 5.13*)

Modifications and amendments of the Indenture may be made by us and the Trustee without the consent of any holders for any of the following purposes:

- to evidence the succession of another person to us and the assumption by any such successor of the our covenants herein and in the debt securities;
- to add to our covenants for the benefit of the holders or to surrender any right or power herein conferred upon us;
- to add any additional Events of Default for the benefit of the holders;
- to secure the debt securities;

- to evidence and provide for the acceptance of appointment hereunder by a successor Trustee hereunder;
- to cure any ambiguity, to correct or supplement any provision herein which may be inconsistent with any other provision of the Indenture, or to make any other provisions with respect to matters or questions arising under the Indenture, *provided* such action shall not adversely affect the interests of the holders in any material respect;

## Table of Contents

- to comply with the requirements of the Securities and Exchange Commission in order to effect or maintain the qualifications of the Indenture under the Trust Indenture Act;
- to add or change any of the provisions of the Indenture to such extent as shall be necessary to permit or facilitate the issuance of debt securities in bearer form or to facilitate the issuance of debt securities in uncertificated form;
- to provide for the issuance and establish the forms or terms and conditions of debt securities of any series as permitted by the Indenture; or
- to comply with the rules of any applicable securities depository. (*Section 9.01*)

Debt securities will not be considered outstanding, and therefore will not be eligible to vote on any matter, if we have deposited or set aside in trust for you money for their payment or redemption. Debt securities will also not be eligible to vote if they have been fully defeased as described above under “Full Defeasance.” (*Section 1.01*)

We will generally be entitled to set any day as a record date for the purpose of determining the holders of outstanding debt securities that are entitled to vote or take other action under the Indenture. In certain limited circumstances, the Trustee will be entitled to set a record date for action by holders. If we or the Trustee set a record date for a vote or other action to be taken, that vote or action may be taken only by persons who are holders of outstanding debt securities on the record date and must be taken within 180 days following the record date or a shorter period that we may specify (or as the Trustee may specify, if it set the record date). We may shorten or lengthen (but not beyond 180 days) this period from time to time. (*Section 1.04*)

### **Certain Covenants**

*Limitations on Secured Debt.* The Indenture provides that we will not, and will not permit any Restricted Subsidiary (defined below) to, incur, issue, assume or guarantee any notes, bonds, debentures or other similar evidences of indebtedness for money borrowed (herein called “debt”), secured by a pledge of, or mortgage or other lien on, any Principal Property (defined below), now owned or hereafter owned by us or any Restricted Subsidiary, or any shares of stock or debt of any Restricted Subsidiary (herein called “liens”), without effectively providing that the debt securities (together with, if we shall so determine, any other debt of us or such Restricted Subsidiary then existing or thereafter created which is not subordinate to the debt securities of that series) shall be secured equally and ratably with (or prior to) such secured debt so long as such secured debt shall be so secured. The foregoing restrictions do not apply, however, to:

- liens on any Principal Property acquired (whether by merger, consolidation, purchase, lease or otherwise), constructed or improved by us or any Restricted Subsidiary after the date of the Indenture which are created or assumed prior to, contemporaneously with, or within 360 days after, such acquisition, construction or improvement, to secure or provide for the payment of all or any part of the cost of such acquisition, construction or improvement (including related expenditures capitalized for federal income tax purposes in connection therewith) incurred after the date of the Indenture;
- liens on any property, shares of capital stock or debt existing at the time of acquisition thereof, whether by merger, consolidation, purchase, lease or otherwise (including liens on property, shares of capital stock or indebtedness of a corporation existing at the time such corporation becomes a Restricted Subsidiary);
- liens in favor of, or which secure debt owing to, us or any Restricted Subsidiary;

- liens in favor of the U.S. or any state thereof, or any department, agency, or instrumentality or political subdivision thereof, or political entity affiliated therewith, or in favor of any other country, or any political subdivision thereof, to secure partial, progress, advance or other payments, or other obligations, pursuant to any contract or statute, or to secure any debt incurred for the purpose of financing all or any part of the cost of acquiring, constructing or improving the property subject to such liens (including liens incurred in connection with pollution control, industrial revenue or similar financings);

## Table of Contents

- liens imposed by law, such as mechanics', workmen's, repairmen's, materialmen's, carriers', warehousemen's, vendors or other similar liens arising in the ordinary course of business, or governmental (Federal, state or municipal) liens arising out of contracts for the sale of products or services by us or any Restricted Subsidiary, or deposits or pledges to obtain the release of any of the foregoing;
- pledges or deposits under workmen's compensation, unemployment insurance, or similar legislation and liens of judgments thereunder which are not currently dischargeable, or good faith deposits in connection with bids, tenders, contracts (other than for the payment of money) or leases to which we are or any Restricted Subsidiary is a party, or deposits to secure public or statutory obligations of us or any Restricted Subsidiary, or deposits in connection with obtaining or maintaining self-insurance or to obtain the benefits of any law, regulation or arrangement pertaining to workmen's compensation, unemployment insurance, old age pensions, social security or similar matters, or deposits of cash or obligations of the U.S. to secure surety, appeal or customs bonds to which we are or any Restricted Subsidiary is a party, or deposits in litigation or other proceedings such as, but not limited to, interpleader proceedings;

*Limitations on Sale and Leaseback Transactions.* Sale and leaseback transactions by us or any Restricted Subsidiary involving a Principal Property are prohibited unless either (a) we or such Restricted Subsidiary would be entitled, without equally and ratably securing the debt securities, to incur debt secured by a lien on such property, pursuant to the provisions described in the twelve bullets above under “— Limitations on Secured Debt;” or (b) we, within 360 days after such transaction, apply an amount not less than the net proceeds of the sale of the Principal Property leased pursuant to such arrangement to (x) the retirement of our Funded Debt (defined below); *provided* that the amount to be applied to the retirement of our Funded Debt shall be reduced by (i) the principal amount of any debt securities delivered within 360 days after such sale to the Trustee for retirement and cancellation, and (ii) the principal amount of Funded Debt, other than debt securities, voluntarily retired by us within 360 days after such sale or (y) the purchase, construction or development of other property, facilities or equipment used or useful in our or our Restricted Subsidiaries’ business. ### **Regarding the Trustee**

The Trustee’s current address is Sixth and Marquette Avenue, Minneapolis MN 55479.

The Indenture provides that, except during the continuance of an Event of Default, the Trustee will perform only such duties as are specifically set forth in the Indenture. The Trustee is permitted to engage in other transactions with us or any affiliate. (*Section 1.01*)

“*Consolidated Net Tangible Assets*” means, at the date of determination, the aggregate amount of assets (less applicable reserves and other properly deductible items) after deducting therefrom (a) all current liabilities (excluding any indebtedness for money borrowed having a maturity of less than 12 months from the date of our then most recent publicly available consolidated balance sheet but which by its terms is renewable or extendible beyond 12 months from such date at the option of the borrower) and (b) all goodwill, trade names, patents, unamortized debt discount and expense and any other like intangibles, all as set forth on our then most recent publicly available consolidated balance sheet and computed in accordance with generally accepted accounting principles. ### **Concerning our Relationship with the Trustee**

We maintain ordinary banking relationships and credit facilities with Wells Fargo Bank, National Association. In addition, Wells Fargo is the trustee for certain of our other debt securities and the transfer agent for our common stock, and from time to time provides services relating to our investment management, stock repurchase and foreign currency hedging programs.

### **DESCRIPTION OF PURCHASE CONTRACTS**

We may issue purchase contracts for the purchase or sale of:

- debt or equity securities issued by us or securities of third parties, a basket of such securities, an index or indices or such securities or any combination of the above as specified in the applicable prospectus supplement;
- currencies; or
- commodities.

Each purchase contract will entitle the holder thereof to purchase or sell, and obligate us to sell or purchase, on specified dates, such securities, currencies or commodities at a specified purchase price, which may be based on a formula, all as set forth in the applicable prospectus supplement. We may, however, satisfy our obligations, if any, with respect to any purchase contract by delivering the cash value of such purchase contract or the cash value of the property otherwise deliverable or, in the case of purchase contracts on

underlying currencies, by delivering the underlying currencies, as set forth in the applicable prospectus supplement. The applicable prospectus supplement will also specify the methods by which the holders may purchase or sell such securities, currencies or commodities and any acceleration, cancellation or termination provisions or other provisions relating to the settlement of a purchase contract.

The purchase contracts may require us to make periodic payments to the holders thereof or vice versa, which payments may be deferred to the extent set forth in the applicable prospectus supplement, and those payments may be unsecured or prefunded on some basis. The purchase contracts may require the holders thereof to secure their obligations in a specified manner to be described in the applicable prospectus supplement. Alternatively, the purchase contracts may require holders to satisfy their obligations thereunder when the purchase contracts are issued. Our obligation to settle such pre-paid purchase contracts on the relevant settlement date may constitute indebtedness. Accordingly, pre-paid purchase contracts will be issued under the indenture.

### **DESCRIPTION OF WARRANTS**

We may issue warrants to purchase our debt or equity securities or securities of third parties or other rights, including rights to receive payment in cash or securities based on the value, rate or price of one or more specified commodities, currencies, securities or indices, or any combination of the foregoing. Warrants may be issued independently or together with any other securities and may be attached to, or separate from, such securities. Each series of warrants will be issued under a separate warrant agreement to be entered into between us and a warrant agent. The terms of any warrants to be issued and a description of the material provisions of the applicable warrant agreement will be set forth in the applicable prospectus supplement.

### **DESCRIPTION OF UNITS**

As specified in the applicable prospectus supplement, we may issue units consisting of one or more purchase contracts, warrants, debt securities, shares of preferred stock, shares of common stock or any combination of such securities.

### **FORM OF SECURITIES**

Each debt security, warrant and unit will be represented either by a certificate issued in definitive form to a particular investor or by one or more global securities representing the entire issuance of securities. Certificated securities in definitive form and global securities will be issued in registered form. Definitive securities name you or your nominee as the owner of the security, and in order to transfer or exchange these securities or to receive payments other than interest or other interim payments, you or your nominee must physically deliver the securities to the trustee, registrar, paying agent or other agent, as applicable. Global securities name a depositary or its nominee as the owner of the debt securities, warrants or units represented by these global securities. The depositary maintains a computerized system that will reflect each investor's beneficial ownership of the securities through an account maintained by the investor with its broker/dealer, bank, trust company or other representative, as we explain more fully below.

#### **Global Securities**

*Registered Global Securities.* We may issue the registered debt securities, warrants and units in the form of one or more fully registered global securities that will be deposited with a depositary or its nominee identified in the applicable prospectus supplement and registered in the name of that depositary or nominee. In those cases, one or more registered global securities will be issued in a denomination or aggregate denominations equal to the portion of

the aggregate principal or face amount of the securities to be represented by registered global securities. Unless and until it is exchanged in whole for securities in definitive registered form, a registered global security may not be transferred except as a whole by and among the depositary for the registered global security, the nominees of the depositary or any successors of the depositary or those nominees.

## Table of Contents

If not described below, any specific terms of the depositary arrangement with respect to any securities to be represented by a registered global security will be described in the prospectus supplement relating to those securities. We anticipate that the following provisions will apply to all depositary arrangements.

Ownership of beneficial interests in a registered global security will be limited to persons, called participants, that have accounts with the depositary or persons that may hold interests through participants. Upon the issuance of a registered global security, the depositary will credit, on its book-entry registration and transfer system, the participants' accounts with the respective principal or face amounts of the securities beneficially owned by the participants. Any dealers, underwriters or agents participating in the distribution of the securities will designate the accounts to be credited. Ownership of beneficial interests in a registered global security will be shown on, and the transfer of ownership interests will be effected only through, records maintained by the depositary, with respect to interests of participants, and on the records of participants, with respect to interests of persons holding through participants. The laws of some states may require that some purchasers of securities take physical delivery of these securities in definitive form. These laws may impair your ability to own, transfer or pledge beneficial interests in registered global securities.

So long as the depositary, or its nominee, is the registered owner of a registered global security, that depositary or its nominee, as the case may be, will be considered the sole owner or holder of the securities represented by the registered global security for all purposes under the applicable indenture. Except as described below, owners of beneficial interests in a registered global security will not be entitled to have the securities represented by the registered global security registered in their names, will not receive or be entitled to receive physical delivery of the securities in definitive form and will not be considered the owners or holders of the securities under the applicable indenture. Accordingly, each person owning a beneficial interest in a registered global security must rely on the procedures of the depositary for that registered global security and, if that person is not a participant, on the procedures of the participant through which the person owns its interest, to exercise any rights of a holder under the applicable indenture. We understand that under existing industry practices, if we request any action of holders or if an owner of a beneficial interest in a registered global security desires to give or take any action that a holder is entitled to give or take under the applicable indenture, the depositary for the registered global security would authorize the participants holding the relevant beneficial interests to give or take that action, and the participants would authorize beneficial owners owning through them to give or take that action or would otherwise act upon the instructions of beneficial owners holding through them.

Principal, (and premium, if any), interest payments and additional amounts, if any, on debt securities and any payments to holders with respect to warrants, guaranteed trust preferred securities or units, represented by a registered global security registered in the name of a depositary or its nominee will be made to the depositary or its nominee, as the case may be, as the registered owner of the registered global security. None of Medtronic, Inc., the trustee or any other agent of Medtronic, Inc., or agent of the trustee will have any responsibility or liability for any aspect of the records relating to payments made on account of beneficial ownership interests in the registered global security or for maintaining, supervising or reviewing any records relating to those beneficial ownership interests.

We expect that the depositary for any of the securities represented by a registered global security, upon receipt of any payment of principal, premium, interest or other distribution of underlying securities or other property to holders on that registered global security, will immediately credit participants' accounts in amounts proportionate to their respective beneficial interests in that registered global security as shown on the records of the depositary. We also expect that payments by participants to owners of beneficial interests in a registered global security held through participants will be governed by standing customer instructions and customary practices, as is now the case with the securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of those participants.

If the depositary for any of these securities represented by a registered global security is at any time unwilling or

unable to continue as depositary or ceases to be a clearing agency registered under the Securities Exchange Act of 1934, and a successor depositary registered as a clearing agency under the Securities Exchange Act of 1934 is not appointed by us within 90 days, we will issue securities in definitive form in

exchange for the registered global security that had been held by the depository. Any securities issued in definitive form in exchange for a registered global security will be registered in the name or names that the depository gives to the relevant trustee or other relevant agent of ours or theirs. It is expected that the depository's instructions will be based upon directions received by the depository from participants with respect to ownership of beneficial interests in the registered global security that had been held by the depository.

### **PLAN OF DISTRIBUTION**

The securities described in this prospectus may be sold in any of the following ways: (1) through underwriters or dealers; (2) through agents; or (3) directly to one or more purchasers (through a specific bidding or auction process or otherwise).

The distribution of the securities may be effected from time to time in one or more transactions at a fixed price or prices, which may be changed, or at market prices prevailing at the time of sale, at prices related to such prevailing market prices or at negotiated prices.

In connection with the sale of the securities, underwriters or agents may receive compensation from us or from purchasers of the securities for whom they may act as agents in the form of discounts, concessions or commissions. Underwriters may sell the securities to or through dealers, and such dealers may receive compensation in the form of discounts, concessions or commissions from the underwriters or commissions from the purchasers for whom they may act as agents. If a dealer is utilized to sell the securities, we will sell such securities to the dealer as principal. The dealer may then resell such securities to the public at varying prices to be determined by such dealer at any time of resale.

Underwriters, dealers and agents that participate in the distribution of the securities may be deemed to be underwriters, and any discounts or commissions received by them from us and any profit on the resale of the securities by them may be deemed to be underwriting discounts and commissions, under the Securities Act. Any such underwriter, dealer or agent will be identified, and any such compensation received from us will be described, in the applicable prospectus supplement.

Offers to purchase the securities may be solicited directly and the sale thereof may be made directly to institutional investors or others, who may be deemed to be underwriters within the meaning of the Securities Act with respect to any resale thereof. The terms of any such sales will be described in the prospectus supplement relating thereto, including the terms of any bidding or auction process.

If so indicated in the prospectus supplement, we will authorize underwriters, dealers or agents to solicit offers by certain specified institutions to purchase the securities from us at the public offering price set forth in the prospectus supplement pursuant to delayed delivery contracts providing for payment and delivery on a specified date in the future. Such contracts will be subject only to those conditions set forth in the prospectus supplement and the prospectus supplement will set forth the commission payable for the solicitation of such contracts.

Under agreements which may be entered into by us, underwriters, dealers and agents who participate in the distribution of the securities may be entitled to indemnification by us against certain liabilities, including liabilities under the Securities Act or to contribution with respect to payments which the underwriters, dealers or agents may be required to make in respect thereof.

Unless otherwise indicated in the applicable prospectus supplement, we do not intend to apply for the listing of any series of debt securities, warrants, units or preferred stock on a national securities exchange. If debt securities, warrants, units or preferred stock of any series are sold to or through underwriters, the underwriters may make a market in such securities, as permitted by applicable laws and regulations. No underwriter would be obligated,

however, to make a market in such securities, and any such market-making could be discontinued at any time at the sole discretion of the underwriters. Accordingly, no assurance can be given as to the liquidity of, or trading markets for, the debt securities, warrants, units or preferred stock of any series.
