PROHIBITION OF SALES TO EEA AND UNITED KINGDOM RETAIL INVESTORS – The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (the “EEA”) or in the United Kingdom. For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, “MiFID II”); (ii) a customer within the meaning of Directive (EU) 2016/97, where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in Regulation (EU) 2017/1129 (the Prospectus Regulation). Consequently no key information document required by Regulation (EU) No 1286/2014 (as amended, the “PRIIPs Regulation”) for offering or selling the Notes or otherwise making them available to retail investors in the EEA or in the United Kingdom has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA or in the United Kingdom may be unlawful under the PRIIPs Regulation.

PS-2

USE OF PROCEEDS

We intend to use the net proceeds from the sale of the Notes for general corporate purposes, which may include the acquisition of other companies, repurchasing outstanding shares of our common stock, repayment of maturing obligations and refinancing of outstanding indebtedness and extending credit to, or funding investments in, our subsidiaries. The precise amounts and timing of our use of the net proceeds will depend upon our and our subsidiaries' funding requirements and the availability of other funds. Pending our use of the net proceeds from the sale of the Notes as described above, we will use the net proceeds to reduce our short-term indebtedness or for temporary investments.

PS-3

SUPPLEMENTAL INFORMATION CONCERNING THE PLAN OF DISTRIBUTION

We have entered into a syndicated underwriting agreement, dated June 2, 2020 (the “terms agreement”), with the underwriters named below. Subject to the terms and conditions set forth in the terms agreement, we have agreed to sell to the underwriters, and the underwriters have agreed, severally and not jointly, to purchase, the principal amount of Notes set forth opposite their respective names below:

Underwriter	Principal Amount of Five-Year Fixed Rate Notes	Principal Amount of Ten-Year Fixed Rate Notes
SunTrust Robinson Humphrey, Inc.	\$ 352,500,000	\$ 352,500,000
Citigroup Global Markets Inc.	187,500,000	187,500,000
RBC Capital Markets, LLC	187,500,000	187,500,000
Drexel Hamilton, LLC	11,250,000	11,250,000
Samuel A. Ramirez & Company, Inc.	11,250,000	11,250,000
Total	\$ 750,000,000	\$ 750,000,000

We have been advised by the underwriters that they propose initially to offer the Notes to the public at the public offering prices set forth on page one of this pricing supplement. After the initial public offerings, the public offering prices may be changed from time to time.

The Notes are a new issue of securities with no established trading market. The underwriters have advised us that they intend to make a market in the Notes, as applicable laws and regulations permit, but the underwriters are not obligated to do so and may discontinue any market making at any time without notice. No assurance can be given as to the liquidity of any trading market for these Notes.

The terms agreement provides that the obligations of the underwriters are subject to certain conditions precedent and that the underwriters will purchase all the Notes if any are purchased.

The underwriters expect to deliver the Notes to purchasers on or about June 5, 2020, which will be the third business day following the date of pricing of the Notes (such settlement cycle being herein referred to as "T + 3"). Under Rule 15c6-1 of the Securities and Exchange Act of 1934, as amended, trades in the secondary market generally are required to settle in two business days, unless the parties to any such trade expressly agree otherwise. Accordingly, purchasers who wish to trade the Notes prior to the second business day before the delivery of the Notes will be required, by virtue of the fact that the Notes initially will settle in T + 3, to specify an alternate settlement cycle at the time of any such trade to prevent a failed settlement. Purchasers of the Notes who wish to trade the Notes prior to the second business day before the delivery of the Notes should consult their own advisor.

To facilitate the offering of these Notes, the underwriters may engage in transactions that stabilize, maintain or otherwise affect the price of these Notes. Specifically, the underwriters may overallocate in connection with any offering of these Notes, creating a short position in these Notes for their own accounts. In addition, to cover overallocations or to stabilize the price of these Notes, the underwriters may bid for, and purchase, these Notes in the open market. Finally, in any offering through a syndicate of underwriters, the underwriting syndicate may reclaim selling concessions allowed to an underwriter or a dealer for distributing these Notes in the offering if the syndicate repurchases previously distributed Notes in transactions to cover syndicate short positions, in stabilization transactions or otherwise. Any of these activities may stabilize or maintain the market price of these Notes above independent market levels. The underwriters are not required to engage in these activities, and may end any of these activities at any time.

PS-4

We and the underwriters have agreed to indemnify each other against certain liabilities, including liabilities under the Securities Act, or to contribute to payments made in respect of those liabilities. We have also agreed to reimburse the underwriters for specified expenses.

We estimate that the total offering expenses for the Notes, excluding the underwriters' discounts, will be approximately \$2.25 million.

In the course of their business, the underwriters and certain of their affiliates have engaged and may in the future engage in commercial banking and/or investment banking transactions with us and with our affiliates. The underwriters and their affiliates may also be customers of, engage in transactions with and perform services for us, including our subsidiaries, in the ordinary course of business. They have received and may continue to receive customary fees and commissions for these transactions.

In the ordinary course of their various business activities, the underwriters and their respective affiliates have made or held, and may in the future make or hold, a broad array of investments including serving as counterparties to certain derivative and hedging arrangements, and may have actively traded, and, in the future may actively trade, debt and equity securities (or related derivative securities), and financial instruments (including bank loans) for their own account and for the accounts of their customers and may have in the past and at any time in the future hold long and short positions in such securities and instruments. Such investment and securities activities may have involved, and in the future may involve, our securities and instruments.

If any of the underwriters or their affiliates have a lending relationship with us, certain of those underwriters or their affiliates routinely hedge, and certain other of those underwriters or their affiliates may hedge, their credit exposure to us consistent with their customary risk management policies. Typically, these underwriters and their affiliates would hedge such exposure by entering into transactions, which consist of either the purchase of credit default swaps or the creation of short positions in our securities, including potentially the Notes offered hereby. Any such credit default swaps or short positions could adversely affect future trading prices of the Notes offered hereby. The underwriters and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

Conflicts of Interest

Our affiliate, SunTrust Robinson Humphrey, Inc., is a participating joint book-running manager. Because SunTrust Robinson Humphrey, Inc. has a conflict of interest pursuant to Financial Industry Regulatory Authority ("FINRA"), this offering is being conducted in compliance with FINRA Rule 5121. Under FINRA Rule 5121, any underwriter who is subject to the rule will not be permitted to sell any notes to an account over which it exercises discretionary authority without the prior written approval of the customer to which the account relates.
