FORWARD-LOOKING STATEMENTS

This prospectus supplement contains or incorporates forward-looking statements within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934. You can identify these forward-looking statements by our use of the words “believes,” “anticipates,” “plans,” “expects,” “may,” “will,” “intends,” “estimates” and similar expressions, whether in the negative or affirmative. We cannot guarantee that we actually will achieve the plans, intentions and expectations discussed in these forward-looking statements. Our actual results may differ materially. We have included important factors in the cautionary statements contained or incorporated by reference in this prospectus supplement or the accompanying prospectus that we believe would cause our actual results to differ materially from the forward-looking statements that we make. We do not intend to update information contained in any forward-looking statement we make.

You should rely only on the information contained or incorporated by reference in this prospectus supplement, the accompanying prospectus or in any free writing prospectus prepared by or on behalf of us. We have not, and the underwriters have not, authorized any other person to provide you with different information. If anyone provides you with different or inconsistent information, you should not rely on it. We are not, and the underwriters are not, making an offer to sell these securities in any jurisdiction where the offer or sale is not permitted. You should assume that the information appearing in or incorporated by reference into this prospectus supplement and the accompanying prospectus is accurate only as of their dates. Our business, financial condition, results of operations and prospects may have changed since then.

NOTICE TO INVESTORS IN THE EUROPEAN ECONOMIC AREA

This prospectus supplement has been prepared on the basis that any offer of notes in any Member State of the European Economic Area which has implemented the Prospectus Directive (2003/71/EC) (each, a “Relevant Member State”) will be made pursuant to an exemption under the Prospectus Directive, as implemented in that Relevant Member State, from the requirement to publish a prospectus for offers of notes. Accordingly, any person making or intending to make an offer in that Relevant Member State of notes which are the subject of the offering contemplated in this prospectus supplement may only do so in circumstances in which no obligation arises for us or any of the underwriters to publish a prospectus pursuant to Article 3 of the Prospectus Directive, in each case, in relation to such offer. Neither we nor the underwriters have authorized, nor do we or they authorize, the making of any offer of notes in circumstances in which an obligation arises for us or the underwriters to publish a prospectus for such offer.

SUMMARY

The following summary may not contain all the information that may be important to you. You should read the entire prospectus supplement and the accompanying prospectus, as well as the documents incorporated by reference into this prospectus supplement and the accompanying prospectus, before making an investment decision.

Our Company

We are the largest health benefits company in terms of medical membership in the United States, serving approximately 35 million members as of December 31, 2008. We are an independent licensee of the Blue Cross and Blue Shield Association, or BCBSA, an association of independent health benefit plans. We serve our members as the Blue Cross licensee in California and as the Blue Cross and Blue Shield, or BCBS, licensee for: Colorado, Connecticut, Georgia, Indiana, Kentucky, Maine, Missouri (excluding 30 counties in the Kansas City area), Nevada, New Hampshire, New York (as the Blue Cross Blue Shield licensee in 10 New York City metropolitan and surrounding counties, and as the Blue Cross or Blue Cross Blue Shield licensee in selected upstate counties only), Ohio, Virginia (excluding the Northern Virginia suburbs of Washington, D.C.), and Wisconsin. We also serve our members throughout the country as UniCare. We are licensed to conduct insurance operations in all 50 states through our subsidiaries.

WellPoint is incorporated under the laws of the State of Indiana. Our principal executive offices are located at 120 Monument Circle, Indianapolis, Indiana 46204 and our telephone number is (317) 488-6000. We maintain a website at www.wellpoint.com where general information about us is available. We are not incorporating the contents of the website into this prospectus supplement.

If you would like to find more information about us, please see the sections entitled “Where You Can Find More Information” and “Incorporation of Certain Documents by Reference,” in the accompanying prospectus.

Recent Developments

On January 28, 2009, we issued a press release announcing that fourth quarter 2008 net income on a preliminary unaudited basis was \$331.4 million, or \$0.65 per share, including net realized investment losses of \$350.5 million after-tax, or \$0.69 per share. Net income in the fourth quarter of 2007 was \$859.1 million, or \$1.51 per share, which included net realized investment gains of less than \$0.01 per share.

Full year 2008 net income on a preliminary, unaudited basis was \$2.5 billion, or \$4.76 per share. These results included:

- Net realized investment losses of \$759.6 million after-tax, or \$1.45 per share, consisting primarily of other-than-temporary impairments of certain equity and fixed maturity security investments;
- An impairment charge related to certain intangible assets in our State Sponsored business, which totaled \$90.8 million after-tax, or \$0.17 per share; and
- Income tax benefits totaling \$473.0 million, or \$0.90 per share, resulting from the favorable resolution of certain federal and state tax matters.

Net income for the full year of 2007 was \$3.3 billion, or \$5.56 per share, which included \$0.01 per share in net realized investment gains.

Membership: Medical enrollment totaled 35.0 million members at December 31, 2008, an increase of 240,000 members, or 0.7 percent, from 34.8 million at December 31, 2007. The increase was driven by our

[Table of Contents](#)

National business, which added 504,000 members in 2008. Membership in our Senior business grew by 54,000 and enrollment in our Federal Employee Program increased by 13,000. This growth in membership was partially offset by a decline of 206,000 in our State Sponsored programs, primarily in Ohio, and attrition of 94,000 and 31,000 members in our Individual and Local Group businesses, respectively. The attrition in our Individual and Local Group businesses primarily resulted from our non-Blue branded products, in which membership declined by 279,000 during the year. Enrollment in our Blue branded Individual and Local Group products increased by 154,000 members in 2008.

During the fourth quarter of 2008, medical enrollment declined by 288,000 members, or 0.8 percent. Most of this decline occurred in our Commercial Business segment and is a reflection of the economic downturn. While our group retention rate remained above 90 percent, Commercial in-group enrollment declines totaled 148,000 in the fourth quarter as employers reduced workforces. The decline in membership was most pronounced in our National business and was experienced across a number of industries. Enrollment in our Consumer Business segment declined by 80,000, primarily related to Connecticut Medicaid members beginning to transition to other carriers.

Operating Revenue: Operating revenue on a preliminary, unaudited basis was \$15.4 billion in the fourth quarter of 2008, an increase of 0.7 percent from \$15.3 billion in the fourth quarter of 2007. The increase was driven by premium rate increases in all medical lines of business and growth in our Medicare Advantage products. These increases in revenue were partially offset by the loss of the New York State prescription drug contract and lower Commercial and State Sponsored fully insured membership.

Benefit Expense Ratio: The benefit expense ratio on a preliminary, unaudited basis was 83.4 percent in the fourth quarter of 2008, an increase of 50 basis points from 82.9 percent in the prior year quarter. The increase resulted primarily from higher medical costs and membership mix changes in the Local Group business, including the timing of medical claims recognition. As previously disclosed, we strengthened reserves in the first quarter of 2008 when 2007 claims costs developed at a higher level than was anticipated at December 31, 2007. We also incurred a higher benefit expense ratio in our Medicare Advantage business during 2008.

These increases in the benefit expense ratio were partially offset by an improvement in the State Sponsored benefit expense ratio, reflecting the withdrawal from Ohio Medicaid business, and the loss of the New York State prescription drug contract, which had a benefit expense ratio higher than our overall average.

The Offering	
Issuer	WellPoint, Inc.
Securities Offered	\$400,000,000 aggregate principal amount of 6.000% notes due 2014. \$600,000,000 aggregate principal amount of 7.000% notes due 2019.
Maturity Date	For the 2014 notes February 15, 2014. For the 2019 notes February 15, 2019.
Interest Payment Dates	February 15 and August 15 of each year, commencing August 15, 2009.
Optional Redemption	We may redeem the 2014 notes and the 2019 notes, in each case, in whole at any time or in part from time to time, at our option, at a redemption price equal to the greater of (1) 100% of the aggregate principal amount of the notes being redeemed and (2) the sum of the remaining scheduled payments of principal and interest in respect of the notes being redeemed (not including any portion of the payments of interest accrued as of the date of redemption) discounted to its present value, on a semi-annual basis (assuming a 360-day year of twelve 30-day months), at the Treasury Rate plus 50 basis points in the case of the 2014 notes and 50 basis points in the case of the 2019 notes, plus, in each case, accrued and unpaid interest to the date of redemption. See “Description of the Notes — Optional Redemption.”
Repurchase Upon Change of Control	Upon the occurrence of both (1) a change of control of us and (2) a downgrade of the notes below an investment grade rating by each of Moody’s Investors Service Inc., Standard & Poor’s Ratings Services and Fitch Ratings Inc. within a specified period, we will be required to make an offer to purchase all of the 2014 notes and the 2019 notes at a price equal to 101% of the principal amount of the 2014 notes and 2019 notes, respectively, plus any accrued and unpaid interest to the date of repurchase. See “Description of the Notes — Repurchase Upon a Change of Control.”

Ranking

The notes will be our unsecured and unsubordinated obligations and will rank equally with all of our current and future unsecured and unsubordinated indebtedness, including any borrowings under our senior credit facility, and senior to all of our future subordinated debt. The notes will effectively rank junior to any of our future secured indebtedness to the extent of the value of the assets securing such indebtedness. The notes will not be guaranteed by any of our subsidiaries and will therefore be effectively subordinated to all existing and future liabilities of our subsidiaries. The indenture does not restrict our ability or the ability of our subsidiaries to incur other indebtedness. As of December 31, 2008, we had approximately

Table of Contents

	\$8.8 billion of indebtedness outstanding, of which approximately \$0.6 billion consisted of indebtedness of our subsidiaries and approximately \$0.1 billion was secured debt.
Sinking Fund	None.
Form and Denomination of Notes	The notes of each series will initially be represented by one or more global notes which will be deposited with a custodian for, and registered in the name of a nominee of The Depository Trust Company, or DTC. Indirect holders trading their beneficial interests in the global notes through DTC must trade in DTC's same-day funds settlement system and pay in immediately available funds. The notes may only be withdrawn from DTC in the limited situations described in the accompanying prospectus in the section entitled "Description of Securities We May Offer — Debt Securities — Global Notes, Delivery and Form." The notes will be issued in minimum denominations of \$2,000 and integral multiples of \$1,000 in excess of \$2,000.
Use of Proceeds	We anticipate that we will receive proceeds of approximately \$990,316,000 from the sale of the notes after deducting underwriting discounts and our offering expenses. We intend to use the net proceeds of this offering for working capital and for general corporate purposes, including, but not limited to, repayment of short-term debt and repurchasing shares of our common stock. See "Use of Proceeds."
Further Issues	We may from time to time without the consent of the holders of the notes create and issue additional securities having the same terms and conditions as the 2014 notes or the 2019 notes, in each case, so that such issue shall be consolidated and form a single series with the outstanding 2014 notes or 2019 notes offered hereby.
Trustee	The Bank of New York Mellon Trust Company, N.A.
Risk Factors	See "Risk Factors" before considering an investment in the notes.

RISK FACTORS

You should carefully consider the risks described below together with the risk factors described in and incorporated by reference into this prospectus supplement and the accompanying prospectus, as well as all of the other information in, and incorporated by reference into, this prospectus supplement and the accompanying prospectus before you decide to buy the notes. If any of the risks actually occur, our business, financial condition or results of operations could suffer. In that event, we may be unable to meet our obligations under the notes and you may lose all or part of your investment.

Risks Relating to our Business

We face risks relating to the recent disruptions in the global economy and financial markets.

Current uncertainty in global economic conditions resulting from the recent disruption in financial and credit markets poses risks to the global economy that could impact our members' demands for healthcare services, access to credit markets and our ability to manage normal relationships with our members, healthcare providers and creditors. If the current situation deteriorates significantly, our business could be negatively impacted by a general slow-down in the economy or by disruptions in the business or operations of our healthcare providers or creditors.

A reduction in the enrollment in our health benefits programs could have an adverse effect on our business and profitability.

A reduction in the number of enrollees in our health benefits programs could adversely affect our business, financial condition and results of operations. Factors that could contribute to a reduction in enrollment include: reductions in workforce by existing customers; general economic downturn that results in business failures; state and federal regulatory changes; failure to obtain new customers or retain existing customers; premium increases and benefit changes; our exit from a specific market; negative publicity and news coverage; and failure to attain or maintain nationally recognized accreditations.

As a participant in Medicare and Medicaid programs, we are subject to complex regulations. If we fail to comply with these regulations, we may be exposed to criminal sanctions and significant penalties.

We participate as a payer or fiscal intermediary for the Medicare and Medicaid programs. The laws and regulations governing participation in Medicare and Medicaid programs are complex, subject to interpretation and can expose us to penalties for non-compliance. In addition, there are risks associated with the sanctions imposed by the Centers for Medicare and Medicaid Services ("CMS") in January 2009 due to our computer system compliance issues. The sanctions applied to marketing of and enrollment in our Medicare Advantage and Medicare Part D products. If we fail to comply with the applicable laws and regulations and/or if we fail to timely remediate the issues giving rise to the recent CMS sanctions, we could be subject to criminal fines, civil penalties or other sanctions which could have a material adverse effect on our business, financial condition and results of operations. CMS could permanently suspend WellPoint's participation in Medicare Advantage or Medicare Part D prescription drug programs. In addition, legislative or regulatory changes to these programs could have a material adverse effect on our business, financial condition and results of operations.

The failure to effectively maintain and upgrade our information systems could adversely affect our business.

Our business depends significantly on effective information systems, and we have many different information systems for our various businesses. As a result of our merger and acquisition activities, we have acquired additional systems. Our information systems require an ongoing commitment of significant resources to maintain and enhance existing systems and develop new systems in order to keep pace with continuing changes in information processing technology, evolving industry and regulatory standards, and changing customer preferences. In addition, we may from time to time obtain significant portions of our systems-related or other services or facilities from independent third parties, which may make our operations vulnerable to such third parties' failure to perform adequately.

[Table of Contents](#)

Our failure to maintain effective and efficient information systems, or our failure to efficiently and effectively consolidate our information systems to eliminate redundant or obsolete applications, could have a material adverse effect on our business, financial condition and results of operations. If the information we rely upon to run our business were found to be inaccurate or unreliable or if we fail to maintain our information systems and data integrity effectively, we could have a decrease in membership, have problems in determining medical cost estimates and establishing appropriate pricing and reserves, have disputes with customers and providers, have regulatory problems, have increases in operating expenses or suffer other adverse consequences. In addition, as we convert or migrate members to our more efficient and effective systems, the risk of disruption in our customer service is increased during the migration or conversion process and such disruption could have a material adverse effect on our business, financial condition and results of operations.

Risks Relating to the Notes

As of December 31, 2008, we had indebtedness outstanding of approximately \$8.8 billion and may incur additional indebtedness in the future. As a holding company, we will not be able to repay our indebtedness except through dividends from subsidiaries, some of which are restricted in their ability to pay such dividends under applicable insurance law and undertakings. Such indebtedness could also adversely affect our ability to pursue desirable business opportunities.

As of December 31, 2008, we had indebtedness outstanding of approximately \$8.8 billion and had available borrowing capacity under our amended and restated revolving credit facility of approximately \$2.4 billion, which credit facility expires on September 30, 2011. We may also incur additional indebtedness in the future. The terms of the indenture under which the notes are issued do not prohibit us or our subsidiaries from incurring additional indebtedness. Our debt service obligations will require us to use a portion of our cash flow to pay interest and principal on debt instead of for other corporate purposes, including funding future expansion. If our cash flow and capital resources are insufficient to service our debt obligations, we may be forced to seek extraordinary dividends from our subsidiaries, sell assets, seek additional equity or debt capital or restructure our debt. However, these measures might be unsuccessful or inadequate in permitting us to meet scheduled debt service obligations.

As a holding company, we have no operations and are dependent on dividends from our subsidiaries for cash to fund our debt service and other corporate needs. Our subsidiaries are separate legal entities. Furthermore, our subsidiaries are not obligated to make funds available to us, and creditors of our subsidiaries will have a superior claim to certain of our subsidiaries' assets. State insurance laws restrict the ability of our regulated subsidiaries to pay dividends, and in some states we have made special undertakings that may limit the ability of our regulated subsidiaries to pay dividends. In addition, our subsidiaries' ability to make any payments to us will also depend on their earnings, the terms of their indebtedness, business and tax considerations and other legal restrictions. We cannot assure you that our subsidiaries will be able to pay dividends or otherwise contribute or distribute funds to us in an amount sufficient to pay the principal of or interest on the indebtedness owed by us. Indebtedness could also limit our ability to pursue desirable business opportunities, and may affect our ability to maintain an investment grade rating for our indebtedness.

We may also incur future debt obligations that might subject us to restrictive covenants that could affect our financial and operational flexibility. Our breach or failure to comply with any of these covenants could result in a default under our credit agreements. If we default under our credit agreements, the lenders could cease to make

further extensions of credit or cause all of our outstanding debt obligations under our credit agreements to become immediately due and payable, together with accrued and unpaid interest. If the indebtedness under the notes or our credit agreements is accelerated, we may be unable to repay or finance the amounts due.

The notes are not secured by any of our assets and any secured creditors would have a prior claim on our assets.

The notes are not secured by any of our assets. The terms of the indenture permit us to incur secured debt. If we become insolvent or are liquidated, or if payment under any of the agreements governing our secured debt is

[Table of Contents](#)

accelerated, the lenders under our secured debt agreements will be entitled to exercise the remedies available to a secured lender under applicable law and pursuant to agreements governing that debt. Accordingly, the lenders will have a prior claim on our assets. In that event, because the notes are not secured by any of our assets, it is possible that there will be no assets remaining from which claims of the holders of notes can be satisfied or, if any assets remain, the remaining assets might be insufficient to satisfy those claims in full. As of December 31, 2008, we had approximately \$0.1 billion of secured debt outstanding.

The notes are effectively subordinated to the indebtedness of our subsidiaries.

Because we operate as a holding company, our right to participate in any distribution of assets of any subsidiary upon that subsidiary's dissolution, winding-up, liquidation, reorganization or otherwise (and thus the ability of the holders of the notes to participate indirectly from the distribution) is subject to the prior claims of the creditors of that subsidiary, except to the extent that we are a creditor of the subsidiary and our claims are recognized. Therefore, the notes are effectively subordinated to all indebtedness and other obligations of our subsidiaries. Our subsidiaries are separate legal entities and have no obligations to pay, or make funds available for the payment of, any amounts due on the notes. The indenture governing the notes does not prohibit or limit the incurrence of indebtedness and other liabilities by us or our subsidiaries. The incurrence of additional indebtedness and other liabilities by us or our subsidiaries could adversely affect our ability to pay obligations on the notes. As of December 31, 2008, we had approximately \$8.8 billion of indebtedness outstanding, of which approximately \$0.6 billion consisted of indebtedness of our subsidiaries.

[Table of Contents](#)

USE OF PROCEEDS

We expect to receive proceeds from the sale of the notes in the amount of approximately \$990,316,000 after deducting underwriting discounts and our offering expenses. We intend to use the net proceeds of this offering for working capital and for general corporate purposes, including, but not limited to, repayment of short-term debt and repurchasing shares of our common stock.

SELECTED CONSOLIDATED HISTORICAL FINANCIAL DATA OF WELLPOINT

The following table summarizes financial information for WellPoint. WellPoint prepared this information using its unaudited consolidated financial statements for the nine-month periods ended September 30, 2008 and 2007, and its consolidated financial statements for each of the years in the five-year period ended December 31, 2007, which have been audited by Ernst & Young LLP. You should read this information in conjunction with WellPoint's unaudited and audited consolidated financial statements and notes and Management's Discussion and Analysis of Financial Condition and Results of Operations included in WellPoint's Quarterly Report on Form 10-Q for the quarter ended September 30, 2008, and Annual Report on Form 10-K for the year ended December 31, 2007, each of which is incorporated herein by reference. See "Where You Can Find More Information" on page 4 of the accompanying prospectus. In WellPoint's opinion, the selected financial data for the nine-month periods ended September 30, 2008 and 2007, include all adjustments, consisting of only normal recurring adjustments, necessary for a fair statement of that data. These selected consolidated historical financial data do not necessarily indicate the results to be expected in the future.

DESCRIPTION OF THE NOTES

The Notes Will Be Issued under the Indenture

We will issue \$400,000,000 aggregate principal amount of 6.000% notes due 2014 and \$600,000,000 aggregate principal amount of 7.000% notes due 2019. The notes will be issued under the senior note indenture dated as of January 10, 2006 between us and The Bank of New York Mellon Trust Company, N.A., as trustee. The trustee has two main roles. First, the trustee can enforce your rights against us if we default; however, there are some limitations on the extent to which the trustee acts on your behalf. Second, the trustee performs administrative functions for us, such as sending you interest payments, transferring your notes to a new buyer if you sell and sending you notices.

The indenture and the notes contain the full legal text of the matters described in this section. We have filed a copy of the indenture with the Securities and Exchange Commission, or the SEC, as an exhibit to our Current Report on Form 8-K filed on January 11, 2006. The indenture and the notes are governed by New York law.

Because this section is a summary, it does not describe every aspect of the notes and the indenture. This description is subject to, and qualified in its entirety by, all the provisions of the indenture, including definitions of certain terms used in the indenture. For example, in this section we use capitalized words to signify defined terms that have been given special meaning in the indenture. We describe the meaning for only the more important terms. We urge you to read the indenture and the notes because they, and not this description, define your rights as a holder of the notes.

Terms of the Notes

The 2014 notes will mature on February 15, 2014 and the 2019 notes will mature on February 15, 2019. The notes will be our unsecured and unsubordinated obligations and will rank equally with all of our other unsecured and unsubordinated indebtedness from time to time outstanding. No sinking fund will be provided with respect to the notes. The notes will not be convertible or exchangeable for other securities or property. No additional amounts will be payable with respect to the notes.

The notes will be issued in fully registered form only, in minimum denominations of \$2,000 and integral multiples of \$1,000 in excess of \$2,000. The notes will be issued in the form of one or more Global Securities, without coupons, which will be deposited initially with, or on behalf of, DTC.

We will pay interest on the notes from February 5, 2009 or from the most recent Interest Payment Date to which interest has been paid or duly provided for, semi-annually in arrears on February 15 and August 15 of each year, commencing August 15, 2009 until the principal is paid or made available for payment. Interest will be paid to the persons in whose names the notes are registered at the close of business on February 1 or August 1 (whether or not a Business Day), as the case may be, next preceding the relevant Interest Payment Date. Interest will be computed on the basis of a 360-day year of twelve 30-day months.

If any Interest Payment Date or date of maturity of principal of the notes falls on a day that is not a Business Day, then payment of interest or principal may be made on the next succeeding Business Day with the same force and effect as if made on the nominal date of maturity, and no interest will accrue for the period after such nominal date.

Optional Redemption

We will have the right to redeem the 2014 notes and the 2019 notes, in each case, in whole at any time or in part from time to time, at our option, on at least 30 days' but no more than 60 days' prior written notice mailed to the registered holders of the notes to be redeemed. Upon redemption of the notes, we will pay a redemption price equal to the greater of (1) 100% of the principal amount of the notes to be redeemed and (2) the sum of the present values of the Remaining Scheduled Payments (as defined below) of the notes to be redeemed, discounted to the date of redemption on a semi-annual basis (assuming a 360-day year consisting of twelve 30 day months) at the Treasury Rate (as defined below) plus 50 basis points in the case of the 2014 notes and 50 basis points in the case of the 2019 notes, plus, in each case, accrued and unpaid interest thereon to the redemption date.

Table of Contents

“*Treasury Rate*” means, for any redemption date, the rate per annum equal to the semi annual equivalent yield to maturity, computed as the second Business Day immediately preceding that redemption date, of the Comparable Treasury Issue, assuming a price for the Comparable Treasury Issue (expressed as a percentage of its principal amount) equal to the Comparable Treasury Price for that redemption date.

“*Comparable Treasury Issue*” means the United States Treasury security selected by an Independent Investment Banker as having a maturity comparable to the remaining term of the notes to be redeemed that would be utilized, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of comparable maturity to the remaining term of the notes to be redeemed.

“*Comparable Treasury Price*” means, with respect to any redemption date, (1) the average of the bid and asked prices for the Comparable Treasury Issue, expressed in each case as a percentage of its principal amount, on the third Business Day preceding such redemption date, as contained in the daily statistical release, or any successor release, published by the Federal Reserve Bank of New York and designated “Composite 3:30 p.m. Quotations for U.S. Government Securities” or (2) if the release, or any successor release, is not published or does not contain these prices on that business day, (a) the average of the Reference Treasury Dealer Quotations for such redemption date, after excluding the highest and lowest of the Reference Treasury Dealer Quotations, or (b) if the trustee obtains fewer than four Reference Treasury Dealer Quotations, the average of all of these quotations.

“*Independent Investment Banker*” means the Reference Treasury Dealer appointed by us.

“*Reference Treasury Dealer*” means each of Banc of America Securities LLC and Deutsche Bank Securities Inc. and their respective successors, or if at any time any of the above is not a primary U.S. Government securities dealer, any other nationally recognized investment banking firm selected by us that is a primary U.S. Government securities dealer, as well as four other nationally recognized investment banking firms selected by us that are primary U.S. Government securities dealers.

“*Reference Treasury Dealer Quotations*” means, with respect to each Reference Treasury Dealer and any redemption date, the average, as determined by the trustee, of the bid and asked prices for the Comparable Treasury Issue (expressed in each case as a percentage of its principal amount) quoted in writing to the trustee by such Reference Treasury Dealer at 5:00 p.m., New York City time, on the third business day preceding such redemption date.

“*Remaining Scheduled Payments*” means, with respect to each note to be redeemed, the remaining scheduled payments of the principal thereof and interest thereon that would be due after the related redemption date for such redemption; provided, however, that, if such redemption date is not an interest payment date with respect to such note, the amount of the next succeeding scheduled interest payment thereon will be reduced by the amount of interest accrued thereon to such redemption date.

If less than all the notes of any series are to be redeemed, the notes of such series to be redeemed shall be selected by the trustee by such method as the trustee deems fair and appropriate. Unless we default in payment of the redemption price, on and after the redemption date, interest will cease to accrue on the notes or portions thereof called for redemption.

Except as described above, the notes will not be redeemable by us prior to maturity.

Repurchase Upon a Change of Control

If a Change of Control Triggering Event occurs, unless we have exercised our right to redeem the 2014 notes and the 2019 notes in full, as described above, we will make an offer to each holder (the “Change of Control Offer”) to repurchase any and all (equal to \$2,000 or an integral multiple of \$1,000 in excess of \$2,000) of such holder’s 2014 notes and the 2019 notes at a repurchase price in cash equal to 101% of the aggregate principal amount of the notes repurchased plus accrued and unpaid interest, if any, thereon, to the date of purchase (the “Change of Control Payment”). Within 30 days following any Change of Control Triggering Event, we will be required to mail a notice to holders of notes describing the transaction or transactions that constitute the Change of Control Triggering Event and offering to repurchase the notes on the date specified in the notice,

Table of Contents

which date will be no earlier than 30 days and no later than 60 days from the date such notice is mailed (the “Change of Control Payment Date”), pursuant to the procedures required by the notes and described in such notice. We must comply with the requirements of Rule 14e-1 under the Securities Exchange Act of 1934, as amended (the “Exchange Act”), and any other securities laws and regulations thereunder to the extent those laws and regulations are applicable in connection with the repurchase of the notes as a result of a Change of Control Triggering Event. To the extent that the provisions of any securities laws or regulations conflict with the Change of Control repurchase provisions of the notes, we will be required to comply with the applicable securities laws and regulations and will not be deemed to have breached our obligations under the Change of Control repurchase provisions of the notes by virtue of such conflicts.

On the Change of Control Payment Date, we will be required, to the extent lawful, to:

- accept for payment all notes or portions of notes properly tendered pursuant to the Change of Control Offer;
- deposit with the paying agent an amount equal to the Change of Control Payment in respect of all notes or portions of notes properly tendered; and
- deliver or cause to be delivered to the Trustee the notes properly accepted, together with an officer’s certificate stating the principal amount of notes or portions of notes being purchased.

The definition of Change of Control includes a phrase relating to the direct or indirect sale, lease, transfer, conveyance or other disposition of “all or substantially all” of the properties or assets of WellPoint and its subsidiaries taken as a whole. Although there is a limited body of case law interpreting the phrase “substantially all,” there is no precise established definition of the phrase under applicable law. Accordingly, the applicability of the requirement that we offer to repurchase the notes as a result of a sale, lease, transfer, conveyance or other disposition of less than all of the assets of WellPoint and its subsidiaries taken as a whole to another Person (as defined in the indenture) or group may be uncertain.

For purposes of the foregoing discussion of the applicable Change of Control provisions, the following definitions are applicable:

“*Below Investment Grade Rating Event*” means the notes are rated below an Investment Grade Rating by each of the Rating Agencies (as defined below) on any date from the date of the public notice of an arrangement that could reasonably be expected to result in a Change of Control until the end of the 60-day period following public notice of the occurrence of the Change of Control (which 60-day period shall be extended so long as the rating of the notes is under publicly announced consideration for possible downgrade by any of the Rating Agencies), provided however, that a rating event otherwise arising by virtue of a particular reduction in rating will not be deemed to have occurred in respect of a particular change of control (and thus will not be deemed a rating event for purposes of the definition of change of control triggering event) if the rating agencies making the reduction in rating to which this definition would otherwise apply do not announce or publicly confirm or inform the trustee in writing at our or its request that the reduction was the result, in whole or in part, of any event or circumstance comprised of or arising as a result of, or in respect of, the applicable change of control (whether or not the applicable change of control has occurred at the time of the rating event).

“*Change of Control*” means the occurrence of any of the following: (1) direct or indirect sale, transfer,

conveyance or other disposition (other than by way of merger or consolidation), in one or a series of related transactions, of all or substantially all of the properties or assets of WellPoint and its subsidiaries taken as a whole to any “person” (as that term is used in Section 13(d)(3) of the Exchange Act) other than to WellPoint or one of its subsidiaries; (2) the consummation of any transaction (including, without limitation, any merger or consolidation) the result of which is that any “person” (as that term is used in Section 13(d)(3) of the Exchange Act) becomes the beneficial owner, directly or indirectly, of more than 50% of the then outstanding number of shares of WellPoint’s voting stock; or (3) the first day on which a majority of the members of WellPoint’s Board of Directors are not Continuing Directors; provided, however, that a transaction will not be deemed to involve a Change of Control if we become a wholly owned subsidiary of a holding company and the holders of the voting stock of such holding company immediately following that transaction are substantially the same as the holders

[Table of Contents](#)

of our voting stock immediately prior to that transaction. For purposes of this definition, “voting stock” means capital stock of any class or kind the holders of which are ordinarily, in the absence of contingencies, entitled to vote for the election of directors (or persons performing similar functions) of WellPoint, even if the right to vote has been suspended by the happening of such a contingency.

“*Change of Control Triggering Event*” means the occurrence of both a Change of Control and a Below Investment Grade Rating Event.

“*Continuing Directors*” means, as of any date of determination, any member of the Board of Directors of WellPoint who (1) was a member of the Board of Directors of WellPoint on the date of the issuance of the notes; or (2) was nominated for election or elected to the Board of Directors of WellPoint with the approval of a majority of the Continuing Directors who were members of such Board of Directors of WellPoint at the time of such nomination or election (either by specific vote or by approval of WellPoint’s proxy statement in which such member was named as a nominee for election as a director, without objection to such nomination).

“*Fitch*” means Fitch Ratings, Inc.

“*Investment Grade Rating*” means a rating by Moody’s equal to or higher than Baa3 (or the equivalent under a successor rating category of Moody’s), a rating by S&P equal to or higher than BBB- (or the equivalent under any successor rating category of S&P) or a rating by Fitch equal to or higher than BBB- (or the equivalent under any successor rating category of Fitch).

“*Moody’s*” means Moody’s Investors Service, Inc.

“*Rating Agencies*” means (1) Moody’s, S&P and Fitch; and (2) if any or all of Moody’s, S&P or Fitch ceases to rate the notes or fails to make a rating of the notes publicly available for reasons outside of our control, a “nationally recognized statistical rating organization” within the meaning of Rule 15c3-1(c)(2)(vi)(F) under the Exchange Act, selected by us (as certified by a resolution of our Board of Directors) as a replacement agency for any of Moody’s, S&P or Fitch, or all of them, as the case may be.

“*S&P*” means Standard & Poor’s Ratings Services, a division of The McGraw-Hill Companies, Inc.

We May Issue Other Series of Debt Securities

The indenture permits us to issue different series of debt securities from time to time. The specific terms of each other series that we may issue in the future may differ from those of the notes. The indenture does not limit the aggregate amount of debt securities that may be issued under the indenture, nor does it limit the number of other series or the aggregate amount of any particular series. The 2014 notes will be limited initially to \$400,000,000 aggregate principal amount and the 2019 notes will be limited initially to \$600,000,000 aggregate principal amount, but we may “re-open” any series of notes at any time without the consent of the noteholders. We may issue additional securities from time to time after this offering. The notes of any series and any additional new notes at any time of such series subsequently issued under the indenture would be treated as a single series for all purposes under the indenture, including, without limitation, waivers, amendments, redemptions and offers to purchase.

The indenture and the notes do not limit our ability to incur other debt or to issue other securities. When we refer to a series of debt securities, we mean a series, such as each of the series of notes we are offering by means of this

prospectus supplement and the accompanying prospectus, issued under the indenture. When we refer to the notes or these notes, we mean each series of notes we are offering by means of this prospectus supplement and the accompanying prospectus.

Defeasance

The notes may be defeased, at our option, through legal defeasance or covenant defeasance as provided for in the indenture and as described in the accompanying prospectus in the sections entitled “Description of Securities We May Offer—Debt Securities—Defeasance” and “Description of Securities We May Offer—Debt Securities—Satisfaction and Discharge.”

UNDERWRITING

We are offering the notes described in this prospectus supplement through a number of underwriters. Banc of America Securities LLC and Deutsche Bank Securities Inc. are the representatives of the underwriters. We have entered into a firm commitment underwriting agreement with the representatives. Subject to the terms and conditions of the underwriting agreement, we have agreed to sell to the underwriters, and each underwriter has agreed to purchase, the aggregate principal amount of notes listed next to its name in the following table:

Underwriter	Principal Amount of 2014 Notes	Principal Amount of 2019 Notes
Banc of America Securities LLC	\$ 82,000,000	\$ 123,000,000

	<u>\$ 400,000,000</u>	<u>\$ 600,000,000</u>

The underwriting agreement is subject to a number of terms and conditions and provides that the underwriters must buy all of the notes if they buy any of them. The underwriters will sell the notes to the public when and if the underwriters buy the notes from us.

The underwriters have advised us that they propose initially to offer the notes to the public for cash at the public offering prices set forth on the cover of this prospectus supplement, and to certain dealers at such price less concessions not in excess of 0.350% of the principal amount of the 2014 notes and 0.400% of the principal amount of the 2019 notes. The underwriters may allow, and such dealers may reallow, a concession not in excess of 0.250% of the principal amount of the 2014 notes and 0.250% of the principal amount of the 2019 notes to certain other dealers. After the public offering of the notes, the public offering prices and other selling terms may be changed.

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a Relevant Member State), each underwriter has represented and agreed that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the Relevant Implementation Date) it has not made and will not make an offer of notes which are the subject of the offering contemplated by this prospectus supplement to the public in that Relevant Member State other than:

- (a) to legal entities which are authorized or regulated to operate in the financial markets or, if not so

authorized or regulated, whose corporate purpose is solely to invest in securities;

(b) to any legal entity which has two or more of (1) an average of at least 250 employees during the last financial year; (2) a total balance sheet of more than €43,000,000 and (3) an annual net turnover of more than €50,000,000, as shown in its last annual or consolidated accounts;

(c) to fewer than 100 natural or legal persons (other than qualified investors as defined in the Prospectus Directive); or

(d) in any other circumstances which do not require the publication by the Issuer of a prospectus pursuant to Article 3 of the Prospectus Directive.

Table of Contents

For the purposes of this provision, the expression an “offer of notes to the public” in relation to any notes in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the notes to be offered so as to enable an investor to decide to purchase or subscribe the notes, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State and the expression Prospectus Directive means Directive 2003/71/EC and includes any relevant implementing measure in each Relevant Member State.

Each underwriter has represented and agreed that:

- (a) it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of Section 21 of the FSMA) received by it in connection with the issue or sale of the notes in circumstances in which Section 21(1) of the FSMA does not apply to the Issuer; and
- (b) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to the notes in, from or otherwise involving the United Kingdom.

The notes may not be offered or sold by means of any document other than (i) in circumstances which do not constitute an offer to the public within the meaning of the Companies Ordinance (Cap.32, Laws of Hong Kong), or (ii) to “professional investors” within the meaning of the Securities and Futures Ordinance (Cap.571, Laws of Hong Kong) and any rules made thereunder, or (iii) in other circumstances which do not result in the document being a “prospectus” within the meaning of the Companies Ordinance (Cap.32, Laws of Hong Kong), and no advertisement, invitation or document relating to the notes may be issued or may be in the possession of any person for the purpose of issue (in each case whether in Hong Kong or elsewhere), which is directed at, or the contents of which are likely to be accessed or read by, the public in Hong Kong (except if permitted to do so under the laws of Hong Kong) other than with respect to notes which are or are intended to be disposed of only to persons outside Hong Kong or only to “professional investors” within the meaning of the Securities and Futures Ordinance (Cap.571, Laws of Hong Kong) and any rules made thereunder.

This prospectus supplement and the accompanying prospectus have not been registered as a prospectus with the Monetary Authority of Singapore. Accordingly, this prospectus supplement and the accompanying prospectus and any other document or material in connection with the offer or sale, or invitation for subscription or purchase, of the notes may not be circulated or distributed, nor may the Notes be offered or sold, or be made the subject of an invitation for subscription or purchase, whether directly or indirectly, to persons in Singapore other than (i) to an institutional investor under Section 274 of the Securities and Futures Act, Chapter 289 of Singapore (the “SFA”), (ii) to a relevant person, or any person pursuant to Section 275(1A), and in accordance with the conditions, specified in Section 275 of the SFA or (iii) otherwise pursuant to, and in accordance with the conditions of, any other applicable provision of the SFA.

Where the notes are subscribed or purchased under Section 275 by a relevant person which is: (a) a corporation (which is not an accredited investor) the sole business of which is to hold investments and the entire share capital of which is owned by one or more individuals, each of whom is an accredited investor; or (b) a trust (where the trustee is not an accredited investor) whose sole purpose is to hold investments and each beneficiary is an accredited investor, shares, debentures and units of shares and debentures of that corporation or the beneficiaries’ rights and interest in that trust shall not be transferable for 6 months after that corporation or that trust has acquired

the notes under Section 275 except: (1) to an institutional investor (for corporations, under Section 274 of the SFA) or to a relevant person defined in Section 275(2) of the SFA, or to any person pursuant to an offer that is made on terms that such shares, debentures and units of shares and debentures of that corporation or such rights and interest in that trust are acquired at a consideration of not less than S\$200,000 (or its equivalent in a foreign currency) for each transaction, whether such amount is to be paid for in cash or by exchange of securities or other assets, and further for corporations, in accordance with the conditions specified in Section 275 of the SFA; (2) where no consideration is given for the transfer; or (3) where the transfer is by operation of law.

The securities have not been and will not be registered under the Securities and Exchange Law of Japan (the Securities and Exchange Law) and each underwriter has agreed that it will not offer or sell any securities, directly

[Table of Contents](#)

or indirectly, in Japan or to, or for the benefit of, any resident of Japan (which term as used herein means any person resident in Japan, including any corporation or other entity organized under the laws of Japan), or to others for re-offering or resale, directly or indirectly, in Japan or to a resident of Japan, except pursuant to an exemption from the registration requirements of, and otherwise in compliance with, the Securities and Exchange Law and any other applicable laws, regulations and ministerial guidelines of Japan.

We estimate that our share of the total expenses of the offering, excluding underwriting discounts, will be approximately \$1,660,000.

We have agreed to indemnify the underwriters against, or contribute to payments that the underwriters may be required to make in respect of, certain liabilities, including liabilities under the Securities Act of 1933.

The notes are new issues of securities with no established trading market. The notes will not be listed on any securities exchange or on any automated dealer quotation system. The underwriters may make a market in each series of the notes after completion of the offering, but will not be obligated to do so and may discontinue any market-making activities at any time without notice. No assurance can be given as to the liquidity of the trading markets for the notes or that an active public market for either series of the notes will develop. If active public markets for the notes do not develop, the market prices and liquidity of the notes may be adversely affected.

In connection with the offering of the notes, certain of the underwriters may engage in transactions that stabilize, maintain or otherwise affect the prices of the notes. Specifically, the underwriters may overallocate in connection with the offering, creating a short position. In addition, the underwriters may bid for, and purchase, the notes in the open market to cover short positions or to stabilize the prices of the notes. Any of these activities may stabilize or maintain the market prices of the notes above independent market levels, but no representation is made hereby of the magnitude of any effect that the transactions described above may have on the market prices of the notes. The underwriters will not be required to engage in these activities, and may engage in these activities, and may end any of these activities, at any time without notice.

The underwriters and certain of their affiliates have provided from time to time, and may provide in the future, investment and commercial banking and financial advisory services to us and our affiliates in the ordinary course of business, for which they have received and may continue to receive customary fees and commissions. Affiliates of all of the underwriters are participants in our revolving credit agreement and term loan facility.

Mitsubishi UFJ Securities International plc is not a U.S. registered broker-dealer and, therefore, to the extent that it intends to effect any sales of the notes in the United States, it will do so through one or more U.S. registered broker-dealers as permitted by the Financial Industry Regulatory Authority regulations. Daiwa Securities America Inc. (“DSA”) has entered into an agreement with SMBC Securities, Inc. (“SMBCSI”) pursuant to which SMBCSI provides certain advisory and/or other services to DSA, including services with respect to this offering. In return for the provision of such services by SMBCSI to DSA, DSA will pay to SMBCSI a mutually agreed-upon fee.

The debt securities may be convertible into or exchangeable for our common stock or our other securities, or debt or equity securities of one or more other entities. When we offer securities, we will provide you with a prospectus supplement describing the terms of the specific issue of securities including the offering price of the securities.

You should read this prospectus and the prospectus supplement relating to the specific issue of securities carefully before you invest.

We may offer and sell these securities to or through one or more underwriters, dealers or agents, or directly to purchasers, on a continuous or delayed basis.

Our common stock is listed on the New York Stock Exchange under the symbol “WLP.” Any common stock sold pursuant to a prospectus supplement will be listed, subject to notice of issuance, on the New York Stock Exchange. If we decide to list or seek a quotation for any other securities we may offer and sell from time to time, the prospectus supplement relating to those securities will disclose the exchange or market on which those securities will be listed or quoted.

NEITHER THE SECURITIES AND EXCHANGE COMMISSION NOR ANY STATE SECURITIES COMMISSION HAS APPROVED OR DISAPPROVED OF THESE SECURITIES OR PASSED UPON THE ADEQUACY OR ACCURACY OF THIS PROSPECTUS. ANY REPRESENTATION TO THE CONTRARY IS A CRIMINAL OFFENSE.

The date of this prospectus is December 12, 2008.

ABOUT THIS PROSPECTUS

This prospectus is part of a registration statement that we filed with the Securities and Exchange Commission, or SEC, using a “shelf” registration process. Under this shelf process, we may sell any combination of the securities described in this prospectus in one or more offerings. This prospectus provides you with a general description of the securities we may offer. Each time we offer to sell any of the securities, we will provide a prospectus supplement that will contain specific information about the terms of that offering and the securities being offered. The prospectus supplement may also add, update or change information contained in this prospectus. You should read this prospectus and the applicable prospectus supplement together with the additional information described under the heading “Where You Can Find More Information.”

In this prospectus, the terms “we,” “us,” “our,” the “Company” and “WellPoint” refer to WellPoint, Inc. and/or WellPoint, Inc. and its direct and indirect subsidiaries, as the context requires.

CAUTIONARY NOTE REGARDING FORWARD-LOOKING STATEMENTS

This prospectus contains a number of forward-looking statements, within the meaning of the Private Securities Litigation Reform Act of 1995. Words such as “expect(s)”, “feel(s)”, “believe(s)”, “will”, “may”, “anticipate(s)”, “estimate(s)”, “should”, “intend(s)”, “project(s)” and similar expressions are intended to identify forward-looking statements, which generally are not historical in nature. These statements include, but are not limited to, financial projections and estimates and their underlying assumptions; statements regarding plans, objectives and expectations with respect to future operations, products and services; and statements regarding future performance. Such statements are subject to certain risks and uncertainties, many of which are difficult to predict and generally beyond our control, that could cause actual results to differ materially from those expressed in, or implied or projected by, the forward-looking information and statements in this prospectus. These risks and uncertainties include:

- increased government regulation of health benefits, managed care and pharmacy benefit management operations;
- trends in health care costs and utilization rates;
- our ability to secure sufficient premium rate increases;
- our ability to contract with providers consistent with past practice;
- competitor pricing below market trends of increasing costs;
- reduced enrollment, as well as a negative change in our health care product mix;
- risks and uncertainties regarding the Medicare Part C and Medicare Part D Prescription Drug benefits programs, including potential uncollectability of receivables resulting from processing and/or verifying enrollment (including facilitated enrollment), inadequacy of underwriting assumptions, inability to receive and process correct information, uncollectability of premium from members, increased medical or pharmaceutical costs, and the underlying seasonality of the business;

- a downgrade in our financial strength ratings;
- litigation and investigations targeted at health benefits companies and our ability to resolve litigation and investigations within estimates;
- our ability to meet expectations regarding repurchases of shares of our common stock;
- funding risks with respect to revenue received from participation in Medicare and Medicaid programs;
- non-compliance with the complex regulations imposed on Medicare and Medicaid programs;
- events that result in negative publicity for the health benefits industry;

Table of Contents

- failure to effectively maintain and modernize our information systems and e-business organization and to maintain good relationships with third party vendors for information system resources;
- events that may negatively affect our license with the Blue Cross and Blue Shield Association;
- possible impairment of the value of our intangible assets if future results do not adequately support goodwill and other intangible assets;
- intense competition to attract and retain employees;
- unauthorized disclosure of member sensitive or confidential information;
- changes in the economic and market conditions, as well as regulations, that may negatively affect our investment portfolios and liquidity needs;
- possible restrictions in the payment of dividends by our subsidiaries and increases in required minimum levels of capital and the potential negative effect from our substantial amount of outstanding indebtedness;
- general risks associated with mergers and acquisitions;
- various laws and our governing documents which may prevent or discourage takeovers and business combinations;
- future bio-terrorist activity or other potential public health epidemics;
- general economic downturns; and,
- risk and uncertainties discussed in our filings with the SEC.

You are cautioned not to place undue reliance on these forward-looking statements that are only as of the date hereof.

WHERE YOU CAN FIND MORE INFORMATION

We file annual, quarterly and current reports, proxy statements and other information with the SEC. You may read and copy this information at the SEC's Public Reference Room, 100 F Street, N.E. Washington, D.C. 20549. You may obtain information on the operation of the SEC's Public Reference Room by calling the SEC at 1-800-SEC-0330. The SEC also maintains an Internet worldwide web site that contains reports, proxy and information statements and other information about issuers, like us, that file electronically with the SEC. The address of that site is <http://www.sec.gov>.

You should also be able to inspect reports, proxy statements and other information about us at the offices of the New York Stock Exchange, 20 Broad Street, New York, New York 10005.

This prospectus summarizes material provisions of contracts and other documents to which we refer you. Because the prospectus may not contain all the information that you may find important, you should review the full text of these documents.

INCORPORATION OF CERTAIN DOCUMENTS BY REFERENCE

The SEC allows us to “incorporate by reference” into this prospectus information contained in documents that we file with them, which means that we can disclose important information to you by referring you to those documents. The information incorporated by reference is an important part of this prospectus, and information that we file later with the SEC will automatically update and supersede this information. We specifically incorporate by reference the following documents, which we have already filed with the SEC:

- (i) our Annual Report on Form 10–K for the year ended December 31, 2007;

Table of Contents

- (ii) our Quarterly Reports on Form 10–Q for the quarters ended March 31, 2008, June 30, 2008 and September 30, 2008;
- (iii) our Current Reports on Form 8–K, filed on March 7 and 12, 2008; April 23, 2008; May 22 and 28, 2008; August 22, 2008; and, September 11, 2008; and
- (iv) the definitive proxy statement for our 2008 annual meeting of shareholders filed on April 4, 2008.

In addition, we also incorporate by reference additional documents that we may file with the SEC under Sections 13(a), 13(c), 14 or 15(d) of the Securities Exchange Act of 1934, as amended (the “Exchange Act of 1934”) after the date of this prospectus and until the termination of this offering. These documents include periodic reports, such as Annual Reports on Form 10–K, Quarterly Reports on Form 10–Q and Current Reports on Form 8–K, as well as proxy statements. Nothing in this prospectus shall be deemed to incorporate information furnished but not filed with the SEC pursuant to Item 2, Item 7 or Item 8 of Form 8–K.

We encourage you to read our periodic and current reports. We think these reports provide additional information about our company which prudent investors find important. You may request a copy of these filings as well as any future filings incorporated by reference, at no cost, by writing or telephoning us at our principal executive offices at the following address:

You should rely only on the information incorporated by reference or provided in this prospectus or any prospectus supplement. We have not authorized anyone else to provide you with different information. We are not making an offer of these securities in any jurisdiction where the offer or sale is not permitted. You should not assume that the information in this prospectus or any prospectus supplement is accurate as of any date other than the date on the front of those documents.

OUR COMPANY

We are the largest health benefits company in terms of medical membership in the United States, serving approximately 35.3 million members as of September 30, 2008. We are an independent licensee of the Blue Cross and Blue Shield Association, or BCBSA, an association of independent health benefit plans. We serve our members as the Blue Cross licensee in California and as the Blue Cross and Blue Shield, or BCBS, licensee for: Colorado, Connecticut, Georgia, Indiana, Kentucky, Maine, Missouri (excluding 30 counties in the Kansas City area), Nevada, New Hampshire, New York (as the Blue Cross Blue Shield licensee in 10 New York City metropolitan and surrounding counties, and as the Blue Cross or Blue Cross Blue Shield licensee in selected upstate counties only), Ohio, Virginia (excluding the Northern Virginia suburbs of Washington, D.C.), and Wisconsin. We also serve our members throughout the country as UniCare. We are licensed to conduct insurance

operations in all 50 states through our subsidiaries.

WellPoint is incorporated under the laws of the State of Indiana. Our principal executive offices are located at 120 Monument Circle, Indianapolis, Indiana 46204 and our telephone number is (317) 488-6000. We maintain a website at www.wellpoint.com where general information about us is available. We are not incorporating the contents of the website into this prospectus.

If you would like to find more information about us, please see the sections entitled “Where You Can Find More Information” and “Incorporation of Certain Documents by Reference” herein.

USE OF PROCEEDS

Unless we otherwise specify in the applicable prospectus supplement, the net proceeds we receive from the sale of the securities offered by this prospectus and the accompanying prospectus supplement will be used for general corporate purposes. General corporate purposes may include but are not limited to the repayment of debt, investments in or extensions of credit to our subsidiaries, the financing of possible acquisitions or business expansion or the repurchase of shares of our common stock. The net proceeds may be invested temporarily or applied to repay short-term debt until they are used for their stated purpose.

RATIO OF EARNINGS TO FIXED CHARGES AND RATIO OF EARNINGS TO COMBINED FIXED CHARGES AND PREFERRED STOCK DIVIDENDS

Our ratio of earnings to fixed charges and ratio of earnings to combined fixed charges and preferred stock dividends for each of the five most recently completed fiscal years and any required interim periods will each be specified in a prospectus supplement or in a document we file with the SEC and incorporate by reference.

We compute the ratio of earnings to fixed charges by dividing earnings by fixed charges. For purposes of this computation, earnings are defined as income before income taxes, plus interest expense, including amortization of debt discount and expense related to indebtedness and an estimated interest portion of rental expense. Fixed charges are defined as interest expense, including amortization of debt discount and expense related to indebtedness plus an estimated interest portion of rental expense.

We compute the ratio of earnings to combined fixed charges and preferred stock dividends by dividing earnings by the sum of fixed charges and dividends on preferred stock.

DESCRIPTION OF SECURITIES WE MAY OFFER

DEBT SECURITIES

General

The description below of the general terms of the debt securities will be supplemented by the more specific terms in a prospectus supplement.

The debt securities offered by this prospectus will be our unsecured obligations and will be either senior or subordinated debt. We will issue the debt securities under one of two separate indentures between us and The Bank of New York Trust Company, N.A. (the “Trustee”). Senior debt will be issued under a senior note indenture and subordinated debt will be issued under a subordinated note indenture. The senior note indenture and the subordinated note indenture are sometimes referred to in this prospectus individually as an “indenture” and collectively as the “indentures.” The indentures provide that our debt securities may be issued in one or more series, with different terms, in each case as authorized from time to time by us. The indentures also give us the ability to reopen a previous issue of a series of debt securities and issue additional debt securities of that series or establish additional terms for that series of debt securities. None of the indentures limits the amount of debt securities or other unsecured debt which we may issue.

Neither the senior debt securities nor the subordinated debt securities will be secured by any of our property or assets. Thus, by owning a debt security, you are one of our unsecured creditors.

In addition to the following description of the debt securities, you should refer to the detailed provisions of each indenture, copies of which are filed as exhibits to the registration statement.

A prospectus supplement will specify the following terms of any issue of debt securities we may offer:

- the designation or title, the aggregate principal amount and the authorized denominations if other than \$1,000 and integral multiples of \$1,000;
- whether the debt securities will be senior or subordinated debt;
- the price(s) at which debt securities will be issued;
- whether the debt securities will be issued pursuant to a periodic offering program;
- the percentage of their principal amount at which the debt securities will be issued and, if applicable, the method of determining the price;
- the date or dates on which the debt securities will mature and any right to extend the date or dates;
- the currency, currencies or currency units in which payments on the debt securities will be payable and the manner of determining the U.S. dollar equivalent for purposes of determining outstanding debt securities of a series;

- the rate or rates at which the debt securities will bear interest, if any, or the method of determination (including indices) of the rate or rates;
- the date or dates from which such interest, if any, shall accrue, the dates on which the interest, if any, will be payable and the method of determining holders to whom any of the interest shall be payable;
- any mandatory or optional sinking fund or analogous provisions;
- the prices, if any, at which, the dates at or after which and the terms upon which, we may or must repay, repurchase or redeem the debt securities;
- the date or dates, if any, after which the debt securities may be converted or exchanged into or for shares of our common stock or another company's securities or property or settled for the cash value of securities issued by us or a third party and the terms for any conversion or exchange or settlement;

Table of Contents

- the exchanges, if any, on which the debt securities may be listed;
- any special provisions for the payment of additional amounts with respect to the debt securities;
- whether the debt securities are to be issuable as registered securities or bearer securities or both, whether any of the debt securities are to be issuable initially in temporary global form and whether any of the debt securities are to be issuable in permanent global form;
- each office or agency where the principal of and any premium and interest on the debt securities will be payable and each office or agency where the debt securities may be presented for registration of transfer or exchange;
- any right to defer payments of interest by extending the interest payment periods and the duration of the extensions;
- the trustee under the indenture pursuant to which the debt securities are to be issued;
- whether the debt securities will be subject to defeasance or covenant defeasance; and
- any other terms of the debt securities not inconsistent with the provisions of the applicable indenture.

The senior debt securities will be unsecured and will rank equally with all other unsecured and unsubordinated indebtedness of WellPoint. The subordinated debt securities will be unsecured and will rank subordinated and junior in right of payment, to the extent set forth in the subordinated note indenture, to all Senior Debt, as defined herein, of WellPoint. See “Subordination” below.

Some of the debt securities may be issued as discounted debt securities to be sold at a substantial discount below their stated principal amount. The prospectus supplement will contain any United States federal income tax consequences and other special considerations applicable to discounted debt securities.

Payment and Transfer

Unless we state otherwise in a prospectus supplement, we will issue debt securities only as registered securities, which means that the name of the holder will be entered in a register, which will be kept by the trustee or another agent of ours. Unless we state otherwise in a prospectus supplement, we will make principal and interest payments at the office of the paying agent or agents we name in the prospectus supplement or by mailing a check to you at the address we have for you in the register.

Unless we state otherwise in a prospectus supplement, you will be able to transfer registered debt securities at the office of the transfer agent or agents we name in the prospectus supplement. You may also exchange registered debt securities at the office of the transfer agent for an equal aggregate principal amount of registered debt securities of the same series having the same maturity date, interest rate and other terms as long as the debt securities are issued in authorized denominations.

Neither we nor the trustee will impose any service charge for any transfer or exchange of a debt security; however we may ask you to pay any taxes or other governmental charges in connection with a transfer or exchange of debt

securities.

If the debt securities are redeemable and we redeem less than all of the debt securities of a particular series, we may block the transfer or exchange of debt securities during a specified period of time in order to freeze the list of holders to prepare the mailing. The period begins 15 days before the day we mail the notice of redemption and ends on the day of that mailing. We may also refuse to register transfers or exchanges of debt securities selected for redemption. However, we will continue to permit transfers and exchanges of the unredeemed portion of any debt security being partially redeemed.

Global Notes, Delivery and Form

Unless otherwise specified in a prospectus supplement, the debt securities will be issued in the form of one or more fully registered Global Notes, as defined below, that will be deposited with, or on behalf of, The Depository Trust Company, referred to herein as the Depository, and registered in the name of the Depository's nominee. Global Notes are not exchangeable for definitive note certificates except in the specific circumstances described below. For purposes of this prospectus, "Global Note" refers to the Global Note or Global Notes representing an entire issue of debt securities.

A Global Note may be transferred, in whole and not in part, only to another nominee of the Depository or to a successor of the Depository or its nominee.

The Depository has advised us as follows:

- The Depository is:
 - a limited purpose trust company organized under the laws of the State of New York;
 - a "banking organization" within the meaning of the New York banking law;
 - a member of the Federal Reserve System;
 - a "clearing corporation" within the meaning of the New York Uniform Commercial Code;
 - a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934.
- The Depository was created to hold securities of its participants and to facilitate the clearance and settlement of securities transactions among its participants through electronic book entry changes in accounts of its participants, eliminating the need for physical movements of securities certificates.
- The Depository participants include securities brokers and dealers, banks, trust companies, clearing corporations and others, some of whom own the Depository.
- Access to the Depository book-entry system is also available to others that clear through or maintain a custodial relationship with a participant, either directly or indirectly.
- Where we issue a Global Note in connection with the sale thereof to an underwriter or underwriters, the Depository will immediately credit the accounts of participants designated by the underwriter or underwriters with the principal amount of the debt securities purchased by the underwriter or underwriters.
- Ownership of beneficial interests in a Global Note will be shown on, and the transfers of ownership will be effected only through, records maintained by the Depository (with respect to participants), by the participants (with respect to indirect participants and certain beneficial owners) and by the indirect participants (with respect to all other beneficial owners). The laws of some states require that certain purchasers of securities take physical delivery in definitive form of securities they purchase. These laws may limit your ability to transfer beneficial interests in a Global Note.

So long as a nominee of the Depository is the registered owner of a Global Note, that nominee for all purposes will be considered the sole owner or holder of the debt securities under the applicable indenture. Except as provided below, you will not be entitled to have debt securities registered in your name, will not receive or be entitled to receive physical delivery of debt securities in definitive form, and will not be considered the owners or holders thereof under the applicable indenture.

We will make payment of principal of, premium, if any, and interest on, debt securities represented by a Global Note to the Depository or its nominee, as the case may be, as the registered owner and holder of the Global Note representing those debt securities. The Depository has advised us that upon receipt of any payment

[Table of Contents](#)

of principal of, or interest on, a Global Note, the Depository will immediately credit accounts of participants with payments in amounts proportionate to their respective beneficial interests in the principal amount of that Global Note, as shown in the records of the Depository. Standing instructions and customary practices will govern payments by participants to owners of beneficial interests in a Global Note held through those participants, as is now the case with securities held for the accounts of customers registered in “street name”. Those payments will be the sole responsibility of those participants, subject to any statutory or regulatory requirements that may be in effect from time to time.

Neither we, the trustee nor any of our respective agents will be responsible in any respect for actions or inactions of the Depository, any nominee or any participant relating to, or payments made on account of, beneficial interest in a Global Note or for maintaining, supervising or reviewing any of the records of the Depository, any nominee or any participant relating to those beneficial interests.

As described above, we will issue debt securities in definitive form in exchange for a Global Note only in the following situations:

- if the Depository is at any time unwilling or unable to continue as depository and a successor depository is not appointed by us within 90 days; or
- if we choose to issue definitive debt securities.

In either instance, an owner of a beneficial interest in a Global Note will be entitled to have debt securities equal in principal amount to that beneficial interest registered in its name and will be entitled to physical delivery of debt securities in definitive form. Debt securities in definitive form will be issued in denominations of \$1,000 and integral multiples thereof and will be issued in registered form only, without coupons. We will maintain in the Borough of Manhattan, The City of New York, one or more offices or agencies where debt securities may be presented for payment and may be transferred or exchanged. You will not be charged a fee for any transfer or exchange of debt securities, but we may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection therewith.

Mergers and Similar Events

We are generally permitted to consolidate with or merge into any other person. In this section, “person” refers to any individual, corporation, partnership, limited liability company, joint venture, trust, unincorporated organization or government or any agency or political subdivision of a government or governmental agency. We are also permitted to sell substantially all of our assets to any other person, or to buy substantially all of the assets of any other person. However, we may not take any of these actions unless all the following conditions are met:

- Where we merge out of existence or sell all or substantially all of our assets, the other person may not be organized under a foreign country’s laws (that is, it must be a corporation, partnership, limited liability company or trust organized under the laws of a state or the District of Columbia or under federal law) and it must agree to be legally responsible for the outstanding debt securities issued under the indentures. Upon assumption of our obligations by such a person in such circumstances, we shall be relieved of all obligations and covenants under the indentures and the debt securities.

- The merger, sale of all or substantially all of our assets or other transaction must not cause a default on the debt securities, and we must not already be in default unless the merger or other transaction would cure the default. For purposes of this no-default test, a default would include an Event of Default that has occurred and not been cured, as described below under “Events of Default.” A default for this purpose would also include any event that would be an Event of Default if we received the required notice of our default or if under the indentures the default would become an Event of Default after existing for a specified period of time.

[Table of Contents](#)

Modification and Waiver

There are three types of changes we can make to the indentures and the debt securities.

Changes Requiring Your Approval. First, there are changes that cannot be made to your debt securities without your specific approval. Following is a list of those types of changes:

- change the stated maturity of the principal or interest on a debt security;
- reduce any amounts due on a debt security;
- reduce the amount of principal payable upon acceleration of the maturity of a note following an Event of Default;
- change the place or currency of payment for a debt security;
- impair your right to sue for payment;
- reduce the percentage in principal amount of the debt securities, the approval of whose holders is needed to modify or amend the applicable indenture or the debt securities;
- reduce the percentage in principal amount of the debt securities, the approval of whose holders is needed to waive compliance with certain provisions of the applicable indenture or to waive certain defaults; and
- modify any other aspect of the provisions dealing with modification and waiver of the applicable indenture, except to increase the percentage required for any modification or to provide that other provisions of the indenture may not be modified or waived without your consent.

Changes Not Requiring Approval. The second type of change does not require any vote by holders of the debt securities. This type is limited to corrections and clarifications and certain other changes that would not adversely affect holders of the debt securities. Nor do we need any approval to make changes that affect only debt securities to be issued under the applicable indenture after the changes take effect. We may also make changes or obtain waivers that do not adversely affect a particular debt security, even if they affect other debt securities issued under the applicable indenture. In those cases, we need only obtain any required approvals from the holders of the affected debt securities.

Changes Requiring a Majority Vote. Any other change to the applicable indenture and the debt securities would require the following approval:

- If the change affects only debt securities of one series, it must be approved by the holders of not less than a majority in principal amount of the debt securities of that series.
- If the change affects the debt securities of one series as well as the debt securities of one or more other series issued under the applicable indenture, it must be approved by the holders of not less than a majority in principal amount of the debt securities of each series affected by the change. In each case, the required approval must be given by written consent. Most changes fall into this category.

The same vote would be required for us to obtain a waiver of a past default. However, we cannot obtain a waiver

of a payment default or any other aspect of the applicable indenture or the debt securities listed in the first category described previously under “Changes Requiring Your Approval” unless we obtain your individual consent to the waiver.

Further Details Concerning Voting. Debt securities will not be considered outstanding, and therefore not eligible to vote, if we have deposited or set aside in trust for you money for their payment or redemption. Debt securities will also not be eligible to vote if they have been fully defeased as described later under “Full Defeasance.”

[Table of Contents](#)

We will generally be entitled to set any day as a record date for the purpose of determining the holders of outstanding debt securities that are entitled to vote or take other action under the applicable indenture. In certain limited circumstances, the trustee will be entitled to set a record date for action by holders. If we or the trustee set a record date for a vote or other action to be taken by holders of debt securities, that vote or action may be taken only by persons who are holders of outstanding debt securities on the record date and must be taken within 180 days following the record date or another period that we may specify (or as the trustee may specify, if it set the record date). We may shorten or lengthen (but not beyond 180 days) this period from time to time.

Conversion and Exchange Rights

The debt securities of any series may be convertible into or exchangeable for other securities of WellPoint or another issuer or property or cash on the terms and subject to the conditions set forth in the applicable prospectus supplement.

Defeasance

The following discussion of full defeasance and discharge will apply to any series of debt securities unless otherwise indicated in the applicable prospectus supplement with respect to the debt securities of a series.

Full Defeasance. If there is a change in U.S. federal tax law, as described below, we can legally release ourselves from any payment or other obligations on the debt securities (called “full defeasance”) if we put in place the following other arrangements for you to be repaid:

- We must deposit in trust for your benefit and the benefit of all other direct holders of the debt securities of the same series a combination of money and U.S. government or U.S. government agency notes or bonds that will generate enough cash to make interest, principal, any premium and any other payments on the debt securities of that series on their various due dates.
- There must be a change in current U.S. federal tax law or an IRS ruling that lets us make the above deposit without causing you to be taxed on the debt securities any differently than if we did not make the deposit and instead repaid the debt securities ourselves when due. Under current U.S. federal tax law, the deposit and our legal release from the debt securities would be treated as though we took back your debt securities and gave you your share of the cash and debt securities or bonds deposited in trust. In that event, you could recognize gain or loss on the debt securities you give back to us.
- We must deliver to the trustee a legal opinion of our counsel confirming the tax law change described above.

If we ever did accomplish full defeasance, as described above, you would have to rely solely on the trust deposit for repayment of the debt securities. You could not look to us for repayment in the event of any shortfall. Conversely, the trust deposit would most likely be protected from claims of our lenders and other creditors if we ever become bankrupt or insolvent.

In addition, the subordinated note indenture provides that if we choose to have the defeasance and discharge provision applied to the subordinated debt securities, the subordination provisions of the subordinated note

indenture will become ineffective upon full defeasance of the subordinated debt securities.

However, even if we make the deposit in trust and opinion delivery arrangements discussed above, a number of our obligations relating to the debt securities will remain. These include our obligations:

- to register the transfer and exchange of debt securities;
- to replace mutilated, destroyed, lost or stolen debt securities;
- to maintain paying agencies; and
- to hold money for payment in trust.

Table of Contents

Covenant Defeasance. Under current U.S. federal tax law, we can make the same type of deposit described above and be released from some of the covenants in the debt securities. This is called “covenant defeasance.” In that event, you would lose the protection of those covenants but would gain the protection of having money and securities set aside in trust to repay the debt securities. In order to achieve covenant defeasance, we must do the following:

- We must deposit in trust for your benefit and the benefit of all other direct holders of the debt securities of the same series a combination of money and U.S. government or U.S. government agency notes or bonds that will generate enough cash to make interest, principal, any premium and any other payments on the debt securities of that series on their various due dates.
- We must deliver to the trustee a legal opinion of our counsel confirming that under current U.S. federal income tax law we may make the above deposit without causing you to be taxed on the debt securities any differently than if we did not make the deposit and instead repaid the debt securities ourselves when due.

If we accomplish covenant defeasance, you can still look to us for repayment of the debt securities if there were a shortfall in the trust deposit. In fact, if one of the Events of Default occurred (such as our bankruptcy) and the debt securities become immediately due and payable, there may be such a shortfall. Depending on the event causing the default, you may not be able to obtain payment of the shortfall.

Satisfaction and Discharge

The indenture will cease to be of further effect and the trustee, upon our demand and at our expense, will execute appropriate instruments acknowledging the satisfaction and discharge of the indenture upon compliance with certain conditions, including:

- Our having paid all sums payable by us under the indenture, as and when the same shall be due and payable.
- Our having delivered to the trustee for cancellation all debt securities theretofore authenticated under the indenture; or, all debt securities of any series outstanding under the indenture not theretofore delivered to the trustee for cancellation shall have become due and payable or are by their terms to become due and payable within one year and we shall have deposited with the trustee sufficient cash or U.S. government or U.S. government agency notes or bonds that will generate enough cash to pay, at maturity or upon redemption, all such debt securities of any series outstanding under the indenture.
- Our having delivered to the trustee an officer’s certificate and an opinion of counsel, each stating that these conditions have been satisfied.

Highly Leveraged Transaction

The general provisions of the indentures do not afford holders of the debt securities protection in the event of a highly leveraged or other transaction involving us that may adversely affect holders of the debt securities.

Subordination

Any subordinated debt securities issued under the subordinated note indenture will be subordinate and junior in right of payment to all of our Senior Debt whether existing at the date of the subordinated note indenture or subsequently incurred. Upon any payment or distribution of our assets to creditors upon any:

- liquidation;
- dissolution;
- winding-up;
- receivership;

Table of Contents

- reorganization;
- assignment for the benefit of creditors;
- marshaling of assets and liabilities;
- bankruptcy;
- insolvency; or
- debt restructuring or similar proceedings in connection with any insolvency or bankruptcy proceeding,

the holders of Senior Debt will first be entitled to receive payment in full of the principal of and any premium and interest on such Senior Debt before the holders of the subordinated debt securities will be entitled to receive or retain any payment in respect of the principal of and any premium or interest on the subordinated debt securities.

Upon the acceleration of the maturity of any subordinated debt securities, the holders of all Senior Debt outstanding at the time of the acceleration will first be entitled to receive payment in full of all amounts due thereon, including any amounts due upon acceleration, before the holders of subordinated debt securities will be entitled to receive or retain any payment in respect of the principal of or any premium or interest on the subordinated debt securities.

No payments on account of principal, or any premium or interest, in respect of the subordinated debt securities may be made if:

- there has occurred and is continuing a default in any payment with respect to Senior Debt; or
- there has occurred and is continuing an event of default with respect to any Senior Debt resulting in the acceleration of the maturity thereof.

“Senior Debt” means the principal of, and any premium and interest, including interest accruing on or after the filing of any petition in bankruptcy or for reorganization relating to us, whether or not such claim for post-petition interest is allowed in such proceeding, on our Debt, whether incurred on, before or after the date of the subordinated note indenture, unless the instrument creating or evidencing the Debt or under which the Debt is outstanding provides that obligations created by it are not superior in right of payment to the subordinated debt securities.

“Debt” means, with respect to any person, whether recourse is to all or a portion of the assets of that person and whether or not contingent:

- every obligation of that person for money borrowed;
- every obligation of that person evidenced by bonds, debentures, notes or other similar instruments, including obligations incurred in connection with the acquisition of property, assets or businesses;
- every reimbursement obligation of that person with respect to letters of credit, bankers’ acceptances or similar facilities issued for the account of that person;

- every obligation of that person incurred in connection with the acquisition of property or services, but excluding trade accounts payable or accrued liabilities arising in the ordinary course of business;
- every capital lease obligation of that person; and
- every obligation of the type referred to above of another person and all dividends of another person the payment of which, in either case, such person has guaranteed or for which such person is responsible or liable, directly or indirectly, as obligor or otherwise.

The indentures will place no limitation on the amount of additional Senior Debt that we may incur.

Events of Default

Each indenture defines an Event of Default with respect to any series of debt securities. Unless otherwise provided in the applicable prospectus supplement, Events of Default are any of the following:

- We do not pay the principal or any premium on a note on its due date.
- We do not pay interest on a note within 30 days of its due date.
- We remain in breach of any other term of the indenture for 60 days after we receive a notice of default stating we are in breach. The notice must be sent by either the trustee or holders of 25% of the principal amount of the debt securities of the affected series.
- We file for bankruptcy or certain other events in bankruptcy, insolvency or reorganization occur.

An Event of Default under one series of debt securities does not necessarily constitute an Event of Default under any other series of debt securities. Each indenture provides that the trustee may withhold notice to the holders of any series of debt securities issued thereunder of any default if the trustee considers it in the interest of such holders to do so provided the trustee may not withhold notice of default in the payment of principal, premium, if any, or interest, if any, on any of the debt securities of that series or in the making of any sinking fund installment or analogous obligation with respect to that series.

Remedies If an Event of Default Occurs. Each indenture provides that if an Event of Default has occurred and has not been cured, the trustee or the holders of 25% in principal amount of the debt securities of the affected series may declare the entire principal amount of all the debt securities of that series to be due and immediately payable. This is called a declaration of acceleration of maturity. If an Event of Default occurs because of certain events in bankruptcy, insolvency or reorganization, the principal amount of all the debt securities will be automatically accelerated, without any action by the trustee or any holder. A declaration of acceleration of maturity may be cancelled by the holders of at least a majority in principal amount of the debt securities of the affected series if certain conditions are satisfied.

Except as may otherwise be provided in the indenture in cases of default, where the trustee has some special duties, the trustee is not required to take any action under the indenture at the request of any holders unless the holders offer the trustee reasonable protection from expenses and liability (called an “indemnity”). If reasonable indemnity is provided, the holders of a majority in principal amount of the debt securities outstanding of the affected series may direct the time, method and place of conducting any lawsuit or other formal legal action seeking any remedy available to the trustee. Subject to certain exceptions contained in the indenture, these majority holders may also direct the trustee in performing any other action under the indenture.

Before you bypass the trustee and bring your own lawsuit or other formal legal action or take other steps to enforce your rights or protect your interests relating to the debt securities, the following must occur:

- You must give the trustee written notice that an Event of Default has occurred and remains uncured.

- The holders of 25% in principal amount of all outstanding debt securities of the affected series must make a written request that the trustee take action because of the Event of Default, and must offer reasonable indemnity to the trustee against the cost and other liabilities of taking that action.
- The trustee must have not taken action for 60 days after receipt of the above notice and offer of indemnity.

However, you are entitled at any time to bring a lawsuit for the payment of money due on your debt security on or after the due date of that payment.

We will furnish to the trustee every year a written statement of two of our officers certifying that to their knowledge we are in compliance with the indenture and the debt securities, or else specifying any default.

Governing Law

The indentures and the debt securities will be governed by and construed in accordance with the laws of the State of New York, except to the extent that the Trust Indenture Act applies.

Regarding the Trustee

We have had and may continue to have commercial and investment banking relationships with the Bank of New York in the ordinary course of business. The Bank of New York Trust Company, N.A. is the trustee under the indentures. The Bank of New York, an affiliate of the trustee, also performs services for us in the ordinary course of business and currently is the trustee under the indenture pursuant to which WellPoint's 6.800% senior unsecured notes due 2012 are outstanding. The Bank of New York Trust Company, N.A. also is the trustee under an indenture pursuant to which WellPoint Health Network's Inc. ("WHN") 6.375% senior unsecured notes due 2012, which we assumed in our merger with WHN on November 30, 2004, are outstanding. The Bank of New York Trust Company, N.A. also is the trustee under an indenture pursuant to which WellPoint's 4.250% senior unsecured notes due 2009, WellPoint's 5.000% senior unsecured notes due 2014 and WellPoint's 5.950% senior unsecured notes due 2034 are outstanding. The Bank of New York Trust Company, N.A. also is the trustee under an indenture pursuant to which WellPoint's 5.000% senior unsecured notes due 2011, WellPoint's 5.250% senior unsecured notes due 2016, WellPoint's 5.875% senior unsecured notes due 2017, WellPoint's 5.264% senior unsecured notes due 2022, WellPoint's 5.850% senior unsecured notes due 2036 and WellPoint's 6.375% senior unsecured notes due 2037 are outstanding. The Bank of New York Trust Company, N.A. also is the fiscal agent under the fiscal agency agreement pursuant to which Anthem Insurance Companies, Inc.'s 9.125% surplus notes due 2010 are outstanding.

DESCRIPTION OF THE PREFERRED STOCK

This section describes the general terms and provisions of the preferred stock we may offer by this prospectus. The applicable prospectus supplement will describe the specific terms of the series of the preferred stock then offered, and the terms and provisions described in this section will apply only to the extent not superseded by the terms of the applicable prospectus supplement.

This section is only a summary of the preferred stock that we may offer. We urge you to read carefully our articles of incorporation and the articles of amendment we have filed or will file in relation to an issue of any particular series of preferred stock before you buy any preferred stock.

We are authorized to issue up to 100,000,000 shares of preferred stock, without par value, none of which is issued or outstanding. Our board of directors may issue from time to time shares of preferred stock in one or more series and with the relative powers, rights and preferences and for the consideration our board of directors may determine.

Our board of directors may, without further action of the shareholders, determine and set forth in an amendment to our articles of incorporation the following for each series of preferred stock:

- the serial designation and the number of shares in that series;
- the dividend rate or rates, whether dividends shall be cumulative and, if so, from what date, the payment date or dates for dividends, and any participating or other special rights with respect to dividends;
- any voting powers of the shares;
- whether the shares will be redeemable and, if so, the price or prices at which, and the terms and conditions on which the shares may be redeemed;

Table of Contents

- the amount or amounts payable upon the shares in the event of voluntary or involuntary liquidation, dissolution or winding up of us prior to any payment or distribution of our assets to any class or classes of our stock ranking junior to the preferred stock;
- whether the shares will be entitled to the benefit of a sinking fund and, if so entitled, the amount of the fund and the manner of its application, including the price or prices at which the shares may be redeemed or purchased through the application of the fund;
- whether the shares will be convertible into, or exchangeable for, shares of any other class or of any other series of the same or any other class of our stock or the stock of another issuer, and if so convertible or exchangeable, the conversion price or prices, or the rates of exchange, and any adjustments to the conversion price or rates of exchange at which the conversion or exchange may be made, and any other terms and conditions of the conversion or exchange; and
- any other preferences, privileges and powers, and relative, participating, optional, or other special rights, and qualifications, limitations or restrictions, as our board of directors may deem advisable and as shall not be inconsistent with the provisions of our articles of incorporation.

Depending on the rights prescribed for a series of preferred stock, the issuance of preferred stock could have an adverse effect on the voting power of the holders of common stock and could adversely affect holders of common stock by delaying or preventing a change in control of us, making removal of our present management more difficult or imposing restrictions upon the payment of dividends and other distributions to the holders of common stock.

The preferred stock, when issued, will be fully paid and nonassessable. Unless the applicable prospectus supplement provides otherwise, the preferred stock will have no preemptive rights to subscribe for any additional securities which may be issued by us in the future. The transfer agent and registrar for the preferred stock will be specified in the applicable prospectus supplement.

COMMON STOCK

The following is a summary of the terms of our common stock. For additional information regarding our common stock, please refer to our articles of incorporation, our by-laws and the applicable provisions of Indiana law.

General

We are authorized to issue up to 900,000,000 shares of common stock, par value \$0.01 per share. Each holder of our common stock is entitled to one vote per share of record on all matters to be voted upon by the shareholders. Holders do not have cumulative voting rights in the election of directors or any other matter. Subject to the preferential rights of the holders of any preferred stock that may at the time be outstanding, each share of common stock will entitle the holder of that share to an equal and ratable right to receive dividends or other distributions (other than purchases, redemptions or other acquisitions of shares by us) when, if and as declared from time to time by our board of directors and paid out of legally available funds. We do not anticipate paying cash dividends.

In the event of our liquidation, dissolution or winding up, whether voluntary or involuntary, the holders of common stock will be entitled to share ratably in all assets remaining after payments to creditors and after satisfaction of the liquidation preference, if any, of the holders of any preferred stock that may at the time be outstanding. Holders of common stock have no preemptive or redemption rights and will not be subject to further calls or assessments by us. Any shares of common stock offered by this prospectus will, when issued, be fully paid and non-assessable.

Authorized But Unissued Shares

Indiana law does not require shareholder approval for any issuance of authorized shares. Authorized but unissued shares may be used for a variety of corporate purposes, including future public or private offerings to raise additional capital or to facilitate corporate acquisitions. One of the effects of the existence of authorized but unissued shares may be to enable the board of directors to issue shares to persons friendly to current management, which issuance could render more difficult or discourage an attempt to obtain control of us by means of a merger, tender offer, proxy contest or otherwise, and thereby protect the continuity of current management and possibly deprive the shareholders of opportunities to sell their shares of common stock at prices higher than prevailing market prices.

Limitations on Ownership of Our Common Stock in Articles of Incorporation

As required under our Blue Cross Blue Shield Association license, our articles of incorporation contain certain limitations on the ownership of our common stock. Our articles of incorporation provide that subsequent to our demutualization which took place on November 2, 2001, no person may beneficially own shares of voting capital stock in excess of specified ownership limits, except with the prior approval of a majority of the “continuing directors.” The ownership limits, which may not be exceeded without the prior approval of the Blue Cross Blue Shield Association, are the following:

- for any institutional investor (as defined in our articles of incorporation), one share less than 10% of our outstanding voting securities;
- for any non-institutional investor (as defined in our articles of incorporation), one share less than 5% of WellPoint’s outstanding voting securities; and
- for any person, one share less than the number of shares of our common stock or other equity securities (or a combination thereof) representing a 20% ownership interest in us.

Any transfer of stock that would result in any person beneficially owning shares of capital stock in excess of any ownership limit will result in the intended transferee acquiring no rights in the shares exceeding such ownership limit (with certain exceptions) and the person’s excess shares will be deemed transferred to an escrow agent to be held until the shares are transferred to a person whose ownership of the shares will not violate the ownership limit.

Certain Other Provisions of Our Articles of Incorporation and By-laws

Certain other provisions of our articles of incorporation and by-laws may delay or make more difficult unsolicited acquisitions or changes of control of us. These provisions could have the effect of discouraging third parties from making proposals involving an unsolicited acquisition or change in control of us, although these proposals, if made, might be considered desirable by a majority of our shareholders. These provisions may also have the effect of making it more difficult for third parties to cause the replacement of the current management without the concurrence of the board of directors. These provisions include:

- the division of the board of directors into three classes serving staggered terms of office of three years;

- an affirmative vote of the holders of outstanding shares representing at least 66 2/3% of all the votes then entitled to be cast at an election of directors or upon an affirmative vote of both (a) a majority of the entire number of directors at the time and (b) a majority of the directors who then qualify as continuing directors (as defined in our articles of incorporation) to remove a director;
- provisions limiting the maximum number of directors to 19, and requiring that any increase in the number of directors then in effect must be approved by a majority of continuing directors;
- permitting only the board of directors, the Chairman, the Presiding Director, the Chief Executive Officer or the President to call a special meeting of shareholders;

Table of Contents

- requirements for advance notice for raising business or making nominations at shareholders' meetings.

Our by-laws establish an advance notice procedure with regard to business to be brought before an annual or special meeting of shareholders and with regard to the nomination of candidates for election as directors, other than by or at the direction of the board of directors. Although our by-laws do not give the board of directors any power to approve or disapprove shareholder nominations for the election of directors or proposals for action, they may have the effect of precluding a contest for the election of directors or the consideration of shareholder proposals if the established procedures are not followed, and of discouraging or deterring a third party from conducting a solicitation of proxies to elect its own slate of directors or to approve its proposal without regard to whether consideration of those nominees or proposals might be harmful or beneficial to us and our shareholders.

Our articles of incorporation contain additional anti-takeover provisions. These provisions restrict our ability or the ability of any of our subsidiaries to become a party to any business combination with a "related person" without the prior affirmative vote at a meeting of our shareholders: (a) of not less than 66 2/3% of all the votes entitled to be cast by the holders of the outstanding shares of all classes of voting stock, and (b) of an "independent majority of shareholders" unless all the conditions of a "fair price exception" or a "director approval exception" are met.

- A "related person" means any person (other than WellPoint or a subsidiary of WellPoint or the board of directors acting as a group or the "continuing directors," singly or as a group), that is (or is at the time any definitive agreement relating to a business combination is entered into or on the record date for the determination of shareholders entitled to notice of and to vote on a business combination or at the time immediately prior to the completion of a business combination) any of the following (1) the beneficial owner of more than 10% of the voting power of the outstanding voting stock, and who has not been such owner for a continuous period of two years; or (2) an affiliate of WellPoint and at any time within the preceding two-year period (but not continuously during such period) was the beneficial owner of 10% or more of the voting power of the voting stock; or (3) is an assignee of or has otherwise succeeded (except in a transaction involving a public offering) to any shares of voting stock which were at any time within the preceding two-year period beneficially owned by a "related person."
- The "fair price exception" alleviates the need for supermajority shareholder approval of a business combination with a "related person" when, among other things, (1) the fair market value of the property, securities, or other consideration to be received per share by the shareholders is at least as high as the higher of (a) the highest per share price paid by the "related person" in acquiring the corporation's stock within the preceding two-year period, or (b) the fair market value per share of the shares as determined by their highest closing price during the previous thirty-day period; (2) the consideration to be received by the shareholders is in the same form and of the same kind as that paid by the "related person" for the majority of his shares; (3) the related person has not received, among other things, the benefit of any loans or other financial assistance from the corporation; and (4) a proxy or information statement has been mailed to all shareholders entitled to vote with respect to such business combination.

- Under the “director approval exception” the vote of a supermajority of shareholders is not required to approve a business combination with a “related person” if (a) at least two-thirds of the “continuing directors” approve the business combination prior to the time that the related person becomes a related person or (b) the business combination is solely between WellPoint and another corporation, one hundred percent of the voting stock of which is owned directly or indirectly by WellPoint.

Amendment of Articles of Incorporation

Our articles of incorporation specifically provide that the following amendments to certain articles and/or sections of our articles of incorporation require the affirmative vote of at least 75% of the votes entitled to be cast by the holders of the outstanding shares of all classes of voting stock voting as a single class:

- amendments to Article IX (Restriction on Ownership and Transfer of Stock);

Table of Contents

- amendments to the voting rights of shares of our common stock; and
- amendments to the provisions of the articles of incorporation changing the permissible size of the board and classifying the board of directors.

In addition, our articles of incorporation specifically provide that the following amendments to certain articles and sections of our articles of incorporation require the affirmative vote of (a) at least 75% of the votes entitled to be cast by the holders of the outstanding shares of all classes of our voting stock, voting as a single class; and (b) an “independent majority” of shareholders:

- amendments to Article VIII (Approval of Business Combinations);
- amendments to the provisions of the articles of incorporation regarding the removal of directors;
- amendments to the provisions of the articles of incorporation regarding authority to call a special meeting of shareholders;
- amendments to the provisions of the articles of incorporation regarding the sole authority of the board of directors to make, alter, amend, or repeal, or to waive provisions of, our by-laws;
- amendments to the provisions of the articles of incorporation regarding the Indiana Demutualization Law; and
- amendments to the provisions of the articles of incorporation regarding our authority to redeem shares acquired in control share acquisitions.

However, this 75% and “independent majority” voting threshold does not apply to, and such vote is not required for, any amendment, change or repeal recommended to shareholders by the favorable vote of not less than two-thirds of the directors who then qualify as continuing directors with respect to all “related persons,” and any such amendment, change or repeal so recommended requires only the vote, if any, required under the applicable provisions of the Indiana Business Corporation Law.

Amendment and Repeal of By-laws

WellPoint’s by-laws provide that, in general, the board of directors may amend, rescind or change the by-laws by the affirmative vote of a majority of the entire number of directors.

Until at least November 30, 2009, amendments of the by-laws relating to provisions regarding the location of WellPoint’s corporate headquarters and principal executive offices require the affirmative vote of not less than 80% of the directors at that time.
