

Petróleos Mexicanos

(A Productive State-Owned Company of the Federal Government of the United Mexican States)

U.S. \$1,828,663,000 6.350% Bonds due 2048

Issued Under U.S. \$92,000,000,000 Medium-Term Bonds Program, Series C

jointly and severally guaranteed by

**Pemex Exploración y Producción, Pemex Transformación Industrial, Pemex Perforación y Servicios,
Pemex Logística and Pemex Cogeneración y Servicios**

The payment of principal of and interest on the 6.350% Bonds due 2048 (the "Bonds") will be unconditionally and irrevocably guaranteed jointly and severally by Pemex Exploración y Producción, Pemex Transformación Industrial, Pemex Perforación y Servicios, Pemex Logística and Pemex Cogeneración y Servicios (each a "Guarantor" and, collectively, the "Guarantors"), each of which is a productive state-owned company of the Federal Government (the "Mexican Government") of the United Mexican States ("Mexico"). The payment obligations of the Issuer (as defined below) under the Bonds, and the payment obligations of the Guarantors under their respective guaranties of the Bonds, will at all times rank equally with each other and with all other present and future unsecured and unsubordinated public external indebtedness of the Issuer or such Guarantor. Neither the Bonds nor the obligations of the Guarantors constitute obligations of, or are guaranteed by, the Mexican Government or Mexico.

Petróleos Mexicanos (the "Issuer" and, together with the Guarantors and their consolidated subsidiaries, "PEMEX"), a productive state-owned company of the Mexican Government, will pay interest on the Bonds on February 12 and August 12 of each year, commencing on August 12, 2018. Unless previously redeemed or purchased and cancelled, the Bonds will mature at their principal amount on February 12, 2048. The Bonds are subject to redemption in whole, at par, at the option of the Issuer, at any time, in the event of certain changes affecting Mexican taxes as described under "Description of Bonds—Redemption—Tax Redemption" in the accompanying Offering Circular dated February 9, 2017 (the "Offering Circular"). In addition, the Issuer may redeem the Bonds in whole or in part, at any time, by paying the principal amount of the Bonds plus a "make-whole" amount plus accrued interest. See "Description of Bonds—Redemption at the option of the Issuer (other than tax redemption)" in this Listing Final Terms. The Issuer has applied to list the Bonds on the Luxembourg Stock Exchange and to have the Bonds trade on the Euro MTF Market of the Luxembourg Stock Exchange. Solely for purposes of listing the Bonds on the Official List of the Luxembourg Stock Exchange and of having the Bonds trade on the Euro MTF market of the Luxembourg Stock Exchange, the Issuer refers you to the offering circular dated April 17, 2018.

The Bonds will contain provisions regarding acceleration and future modifications to their terms that differ from those applicable to certain of the Issuer's and the Guarantors' other outstanding public external indebtedness issued prior to October 2004. Under these provisions, which are commonly referred to as "collective action clauses" and are described under "Description of Bonds—Modification and Waiver" in the Offering Circular, in certain circumstances, the Issuer may amend the payment and certain other provisions of the Bonds with the consent of the holders of 75% of the aggregate principal amount of the Bonds.

The Bonds will be fully fungible with the Issuer's outstanding U.S. \$1,500,000,000 principal amount of 6.350% Bonds due 2048 issued on February 12, 2018 pursuant to a concurrent international capital markets offering.

The Issuer has agreed to file an exchange offer registration statement or, under specified circumstances, a shelf registration statement, pursuant to an exchange and registration rights agreement with respect to its offer to exchange (the "Exchange Offer") the Bonds for Exchange Bonds (as defined below). If the Issuer fails to comply with specified obligations under the exchange and registration rights agreement, it will pay additional interest to the holders of the Bonds.

Investing in the Bonds involves risks. See "Risk Factors" beginning on page 12 of the Offering Circular, as supplemented by the "Supplemental Risk Factor" set forth on page S-13 of this Listing Final Terms.

The Bonds have not been registered under the U.S. Securities Act of 1933, as amended (the "Securities Act"), or any state securities laws and are being offered and sold only (a) to "Qualified Institutional Buyers," as defined in Rule 144A ("Rule 144A") under the Securities Act in compliance with Rule 144A and (b) outside the United States of America (the "United States") in accordance with Regulation S ("Regulation S") under the Securities Act. For a description of certain restrictions on resale and transfer of the Bonds, see "Notice to Investors" and "Offering and Sale" in the Offering Circular.

The Bonds have not been and will not be registered with the National Securities Registry maintained by the *Comisión Nacional Bancaria y de Valores* (National Banking and Securities Commission of Mexico, or the "CNBV") and therefore may not be offered or sold publicly in Mexico. The Bonds may be offered and sold in Mexico to investors that qualify as qualified or institutional investors under Mexican law, pursuant to the private placement exemption set forth under Article 8 of the *Ley del Mercado de Valores* (Securities Market Law). As required under the Securities Market Law, the Issuer will give notice to the CNBV of the offering of the Bonds under the terms set forth herein for informational purposes only. The delivery to, and receipt by, the CNBV of such notice does not certify the solvency of the Issuer or the Guarantors, the investment quality of the Bonds, or that the information contained in the Offering Circular and this Listing Final Terms is accurate or complete. The Issuer and the Guarantors have prepared the Offering Circular and this Listing Final Terms and are solely responsible for their content, and the CNBV has not reviewed or authorized such content.

NOTICE TO INVESTORS IN THE EUROPEAN ECONOMIC AREA

This Listing Final Terms has been prepared on the basis that any offer of Bonds in any Member State of the European Economic Area will be made pursuant to an exemption under the Prospectus Directive from the requirement to publish a prospectus for offers of Bonds. Accordingly, any person making or intending to make an offer in that Member State of Bonds which are the subject of the offering contemplated in this Listing Final Terms may only do so in circumstances in which no obligation arises for the Issuer, the Guarantors or any of the Dealer Managers to publish a prospectus pursuant to Article 3 of the Prospectus Directive, in relation to such offer. Neither the Issuer, the Guarantors, nor the Dealer Managers have authorized, nor do they authorize, the making of any offer of Bonds in circumstances in which an obligation arises for the Issuer, the Guarantors or the Dealer Managers to publish a prospectus for such offer. The

expression “Prospectus Directive” means Directive 2003/71/EC (as amended), and includes any relevant implementing measure in the Member State.

The Bonds are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area. For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, “MiFID II”); or (ii) a customer within the meaning of Directive 2002/92/EC (as amended, the “Insurance Mediation Directive”), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in the Prospectus Directive. Consequently no key information document required by Regulation (EU) No 1286/2014 (as amended, the “PRIIPs Regulation”) for offering or selling the Bonds or otherwise making them available to retail investors in the European Economic Area has been prepared and therefore offering or selling the Bonds or otherwise making them available to any retail investor in the European Economic Area may be unlawful under the PRIIPs Regulation.

EXCHANGE OFFER; REGISTRATION RIGHTS

Pursuant to the Registration Rights Agreement, the Issuer will agree to use its best efforts to file with the Commission the Exchange Offer Registration Statement on an appropriate form under the Securities Act with respect to its offer to exchange any of the Bonds for Exchange Bonds. Upon the effectiveness of the Exchange Offer Registration Statement, the Issuer will offer to the holders of the Bonds who are able to make certain representations the opportunity to exchange their Bonds for Exchange Bonds. The Exchange Bonds will have terms identical to the Bonds, except that the Exchange Bonds will not contain (i) the restrictions on transfer that are applicable to the Bonds or (ii) any provisions for additional interest.

The Registration Rights Agreement will provide that: (i) unless the Exchange Offer would not be permitted by applicable law or Commission policy, the Issuer will use its best efforts to (a) file an Exchange Offer Registration Statement with the Commission on or before September 30, 2018, (b) have the Exchange Offer Registration Statement declared effective by the Commission on or before March 1, 2019, and (c) commence promptly the Exchange Offer after such declaration of effectiveness and issue, on or before April 5, 2019, Exchange Bonds in exchange for all Bonds tendered prior to the expiration of the Exchange Offer, and (ii) if obligated to file the Shelf Registration Statement (as defined below) with the Commission, the Issuer will use its best efforts to file the Shelf Registration Statement prior to the later of March 1, 2019 or 30 days after such filing obligation arises (but in no event prior to August 1 or after September 30 of any calendar year), and the Issuer will use its best efforts to have such Shelf Registration Statement declared effective by the Commission on or prior to the 60th day after such filing was required to be made (but in no event prior to August 1 or after September 30 of any calendar year); *provided* that if the Issuer has not consummated the Exchange Offer on or before April 5, 2019, then the Issuer will file the Shelf Registration Statement with the Commission on or before April 5, 2019 (but in no event prior to August 1 or after September 30 of any calendar year). The Issuer will use its best efforts to keep such Shelf Registration Statement continuously effective, supplemented and amended until the first anniversary of the effective date of the Shelf Registration Statement or such shorter period that will terminate when all the Registrable Securities (as defined below) covered by the Shelf Registration Statement have been sold pursuant thereto or may be sold pursuant to Rule 144(d) under the Securities Act if held by a non-affiliate of the Issuer; *provided* that the Issuer shall not be obligated to keep the Shelf Registration Statement effective, supplemented or amended during any period prior to August 1 or after September 30 of any calendar year.

If (i) the Issuer is not permitted to file the Exchange Offer Registration Statement with the Commission or to consummate the Exchange Offer because the Exchange Offer is not permitted by applicable law or Commission policy, (ii) the Exchange Offer is not consummated by April 5, 2019, or (iii) any holder of Bonds notifies the Issuer within a specified time period that (a) due to a change in law or Commission policy it may not resell the Exchange Bonds acquired by it in the Exchange Offer to the public without delivering a prospectus and the prospectus contained in the Exchange Offer Registration Statement is not appropriate or available for such resales by such holder, (b) it is a Manager and owns Bonds acquired directly from the Issuer or an affiliate of the Issuer or (c) the holders of a majority in aggregate principal amount of the Bonds may not resell the Exchange Bonds acquired by them in the Exchange Offer to the public without restriction under applicable blue sky or state securities laws, then the Issuer will use its best efforts to (1) file with the Commission a shelf registration statement (the "Shelf Registration Statement") to cover resales of all Registrable Securities by the holders thereof and (2) have the applicable registration statement declared effective by the Commission on or prior to 60 days after such filing was required to be made; *provided* that the Issuer shall not be obligated to file a Shelf Registration Statement with the Commission, or to cause a Shelf Registration Statement to remain effective, during any period prior to August 1 or after September 30 of any calendar year. For purposes of the foregoing, "Registrable Securities" means each Bond until (i) the date on which such Bond is exchanged by a person other than a broker-dealer for an Exchange Bond in the Exchange Offer, (ii) following the exchange by a broker-dealer in the Exchange Offer of a Bond for an Exchange Bond, the date on which such Exchange Bond is sold to a purchaser who receives from such broker-dealer on or prior to the date of such sale a copy of a prospectus, (iii) the date on which such Bond is effectively registered under the Securities Act and disposed of in accordance with a Shelf Registration Statement, (iv) the date on which such Bond is freely transferable pursuant to Rule 144 under the Securities Act (or any similar provision then in force, but not Rule 144A), (v) the date on which such Bond is otherwise transferred by the holder thereof and a new Bond not bearing a legend restricting further transfer is delivered by the Issuer in exchange therefor or (vi) the date on which such Bond ceases to be outstanding.

Under existing Commission interpretations, the Exchange Bonds would, in general, be freely transferable after the Exchange Offer without further registration under the Securities Act; *provided* that any broker-dealer participating in the Exchange Offer must deliver a prospectus meeting the requirements of the Securities Act upon any resale of Exchange Bonds. Subject to certain exceptions, the Issuer has agreed, for a period of 180 days after consummation of the Exchange Offer, to make available a prospectus meeting the requirements of the Securities Act to any such broker-dealer for use in connection with any resale of any Exchange Bond acquired in the Exchange Offer. A broker-dealer that delivers such a prospectus to purchasers in connection with such resales will be subject to certain of the civil liability provisions under the Securities Act and will be bound by the provisions of the Registration Rights Agreement, including certain indemnification obligations.

Each holder of Bonds that wishes to exchange Bonds for Exchange Bonds in the Exchange Offer will be required to make certain representations, including representations that (i) any Exchange Bonds to be received by it will be acquired in the ordinary course of its business, (ii) it has no arrangement with any person to participate in a distribution of the Exchange Bonds and it does not intend to participate in any such distribution and (iii) it is not an “affiliate,” as defined in Rule 405 under the Securities Act, of the Issuer, or if it is an affiliate, it will comply (at its own expense) with the registration and prospectus delivery requirements of the Securities Act to the extent applicable.

If the holder is a broker-dealer that will receive Exchange Bonds for its own account in exchange for Bonds that were acquired as a result of market-making activities or other trading activities, it will be required to acknowledge that it will deliver a prospectus in connection with any resale of such Exchange Bonds.

If (i) the Exchange Offer Registration Statement (or a Shelf Registration Statement in lieu thereof) is not filed with the Commission on or before September 30, 2018, (ii) the Exchange Offer Registration Statement (or a Shelf Registration Statement in lieu thereof) is not declared effective by the Commission on or before March 1, 2019, (iii) the Exchange Offer is not consummated on or before April 5, 2019, (iv) a Shelf Registration Statement required to be filed with the Commission is not filed on or before the date specified above for such filing, (v) a Shelf Registration Statement otherwise required to be filed with the Commission is not declared effective on or before the date specified above for effectiveness thereof, or (vi) a Shelf Registration Statement is declared effective but thereafter, subject to certain exceptions, ceases to be effective or usable in connection with resales of Registrable Securities during the periods specified in the Registration Rights Agreement (each such event referred to in clauses (i) through (vi) above, a “Registration Default”), then, with respect to any Bonds, in the case of a Registration Default referred to in clause (i), (ii) or (iii) above, the interest rate on all Bonds, or, in the case of a Registration Default referred to in clause (iv), (v) or (vi) above, the interest rate on the Bonds to which such Registration Default relates will increase by 0.25% per annum with respect to each 90-day period that passes until all such Registration Defaults have been cured, up to a maximum amount of 1.00% per annum; *provided* that any such additional interest on the Bonds will cease to accrue on the later of (i) the date on which the Bonds become freely transferable pursuant to Rule 144 under the Securities Act and (ii) the date on which the Barclays Capital Inc. U.S. Aggregate Bond Index is modified to permit the inclusion of freely transferable securities that have not been registered with the Commission. Following the cure of any Registration Default, the accrual of such additional interest related to such Registration Default will cease, and the interest rate applicable to the affected Bonds will revert to the original rate.

PEMEX is subject to Mexican and international anti-corruption, anti-bribery and anti-money laundering laws. See “Item 4—Information on the Company—General Regulatory Framework” in the 2016 Form 20-F (as defined below). Although PEMEX maintains policies and processes intended to comply with these laws, including the review of its internal control over financial reporting, it is subject to the risk that its employees, contractors or any person doing business with PEMEX may engage in fraudulent activity, corruption or bribery, circumvent or override its internal controls and procedures or misappropriate or manipulate its assets for their personal or business advantage to PEMEX’s detriment. PEMEX has in place a number of systems for identifying, monitoring and mitigating these risks, but its systems may not be effective and it cannot ensure that these compliance policies and processes will prevent intentional, reckless or negligent acts committed by its officers or employees.

If PEMEX fails to comply with any applicable anti-corruption, anti-bribery or anti-money laundering laws, PEMEX and its officers and employees may be subject to criminal, administrative or civil penalties and other remedial measures, which could have material adverse effects on its business, financial condition and results of operations. Any investigation of potential violations of anti-corruption, anti-bribery or anti-money laundering laws by governmental authorities in Mexico or other jurisdictions could result in an inability to prepare PEMEX’s consolidated financial statements in a timely manner. This could adversely impact PEMEX’s reputation, ability to access the financial markets and ability to obtain contracts, assignments, permits and other government authorizations necessary to participate in its industry, which, in turn, could have adverse effects on its business, results of operations and financial condition.

Economic and political developments in the United States and Mexico may adversely affect PEMEX.

Economic conditions in Mexico are highly correlated with economic conditions in the United States due to the high degree of economic activity between the two countries generally, including the trading facilitated by the North American Free Trade Agreement (“NAFTA”), as well as physical proximity. In addition, political developments in the United States, including changes in the administration and governmental policies, can also have an impact on the exchange rate between the U.S. dollar and the Mexican peso, economic conditions in Mexico and the global capital markets. Since 2003, exports of petrochemical products from Mexico to the United States have enjoyed a zero-tariff rate under NAFTA and, subject to limited exceptions, exports of crude oil and petroleum products have also been free or exempt from tariffs. PEMEX’s export sales to the United States amounted to Ps. 138.2 billion in 2016, representing 12.8% of total sales and 35.0% of export sales for the year. For the first nine months of 2017, our export sales of crude oil to the United States amounted to Ps. 140.5 billion, representing 14.0% of total sales and 40.3% of export sales. Higher tariffs on products that PEMEX exports to the United States increase its expenses and decrease its revenues provided that domestic and international prices for PEMEX’s products remain constant.

Mexico, the United States and Canada commenced the NAFTA renegotiation in August 2017. As of the date of this Listing Final Terms, the outcome or extent of the renegotiations is uncertain; as well as the timing for completion of negotiations. Because the Mexican economy is heavily influenced by the U.S. economy, the renegotiation, or even termination, of NAFTA and/or other U.S. government policies that may be adopted by the new U.S. administration may adversely affect economic conditions in Mexico. These developments could in turn have an adverse effect on PEMEX’s financial condition, results of operations and ability to repay its debt, including the Bonds.

Furthermore, presidential and federal congressional elections in Mexico are scheduled to occur in July 2018. The Mexican presidential election will result in a change in administration, as presidential reelection is not permitted in Mexico. As a result, we cannot assure you that the next administration will continue the policies of the current administration. Accordingly, election results and other political events in Mexico may affect the Mexican economy and the oil and gas industry, which in turn could have an adverse effect on our results of operations and financial position, including our ability to repay the Bonds.

European Economic Area

This Listing Final Terms has been prepared on the basis that any offer of Bonds in any Member State of the European Economic Area will be made pursuant to an exemption under the Prospectus Directive from the requirement to publish a prospectus for offers of Bonds.

The Bonds are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (“EEA”). For the purposes of this provision, a “retail investor” means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, “MiFID II”); or (ii) a customer within the meaning of Directive 2002/92/EC (as amended, the “Insurance Mediation Directive”), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in Directive 2003/71/EC (as amended, the “Prospectus Directive”). Consequently, no key information document required by Regulation (EU) No 1286/2014 (as amended, the “PRIIPs Regulation”) for offering or selling the Bonds or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Bonds or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

TAXATION

U.S. Federal Income Taxation

The following discussion supplements and updates the disclosure contained under the heading “Taxation—U.S. Federal Income Taxation” in the Offering Circular.

Under recently enacted legislation, U.S. holders that use an accrual method of accounting for tax purposes generally will be required to include certain amounts in income no later than the time such amounts are reflected on certain financial statements. The application of this rule thus may require the accrual of income earlier than would be the case under the general tax rules described in the Offering Circular, although the precise application of this rule is unclear at this time. This rule generally will be effective for tax years beginning after December 31, 2017 or, for debt instruments issued with original issue discount, for tax years beginning after December 31, 2018. U.S. holders that use an accrual method of accounting should consult with their tax advisors regarding the potential applicability of this legislation to their particular situation.

Certain legal matters governed by Mexican law will be passed upon by the General Counsel of the Issuer, and by Ritch, Mueller, Heather y Nicolau, S.C., special Mexican counsel for the Dealer Managers.
