RISK FACTORS

Investing in Instruments issued under the Programme involves certain risks. Prospective investors should consider, among other things, the following:

Risks Relating to the Issuers

Each Issuer is a finance vehicle established by the Guarantor for the purpose of issuing Instruments under the Programme and on-lending the proceeds within the Group. Each Issuer is therefore dependent upon other members of the Group paying interest on and repaying their loans in a timely fashion. Should any Group member fail to pay interest on or repay any loan in a timely fashion this could have a material adverse effect on the ability of the Issuer to fulfil its obligations under Instruments issued under the Programme.

Risks Relating to the Guarantor

Since the Group's loan portfolio is concentrated in Continental Europe, the United Kingdom and Latin America, adverse changes affecting the Continental European, the United Kingdom or certain Latin American economies could adversely affect the Group's financial condition.

The Group's loan portfolio is mainly concentrated in Continental Europe (in particular, Spain), the United Kingdom and Latin America. At December 31, 2005, Continental Europe accounted for approximately 49% of the Group's total loan portfolio (Spain accounted for 36% of the Group's total loan portfolio), while the United Kingdom and Latin America accounted for 39% and 12%, respectively. Therefore, adverse changes affecting the economies of Continental Europe (in particular Spain), the United Kingdom or the Latin American countries where the Group operates would likely have a significant adverse impact on the Group's loan portfolio and, as a result, on its financial condition, cash flows and results of operations.

Some of the Group's business is cyclical and the Group's income may decrease when demand for certain products or services is in a down cycle.

The level of income it derives from certain of the Group's products and services depends on the strength of the economies in the regions where the Group operates and certain market trends prevailing in those areas. While the Group attempts to diversify its businesses, negative cycles may adversely affect the Group's income in the future.

Since the Group's principal source of funds is short term deposits, a sudden shortage of these funds could increase the Group's cost of funding.

Historically, the Group's principal source of funds has been customer deposits (demand, time and notice deposits). At December 31, 2005, 17.2% of these customer deposits are time deposits in amounts greater than \$100,000. Time deposits have represented 51.7% (under previous Spanish GAAP) and 46.9% of total customer deposits at the end of 2003 and 2004, respectively, and 43.5% at the end of 2005. Large-denomination time deposits may be a less stable source of deposits than other type of deposits. In addition, since the Group relies heavily on short-term deposits for its funding, there can be no assurance that the Group will be able to maintain its levels of funding without incurring higher funding costs or liquidating certain assets.

Risks concerning borrower credit quality and general economic conditions are inherent in the Group's business.

Risks arising from changes in credit quality and the recoverability of loans and amounts due from counterparties are inherent in a wide range of the Group's businesses. Adverse changes in the credit quality of the Group's borrowers and counterparties or a general deterioration in Spanish, UK, Latin American or global economic conditions, or arising from systemic risks in the financial systems, could reduce the recoverability and value of the Group's assets and require an increase in the Group's level of provisions for credit losses. Deterioration in the economies in which the Group operates could reduce the profit margins for the Group's banking and financial services businesses.

Increased exposure to real estate makes the Group more vulnerable to developments in this market.

The decrease in interest rates globally has caused an increase in the demand of mortgage loans in the last few years. This has had repercussions in housing prices, which have also risen significantly. As real estate mortgages are one of the Group's main assets, comprising 53% of the Group's loan portfolio at December 31, 2005, the Group is currently highly exposed to developments in real estate markets. A strong increase in interest rates might have a significant negative impact in mortgage payment delinquency rates. An increase in such delinquency rates could have an adverse effect on the Group's business, financial condition and results of operations.

The Group may generate lower revenues from brokerage and other commission- and fee-based businesses.

Market downturns are likely to lead to declines in the volume of transactions that the Group executes for its customers and, therefore, to declines in the Group's non-interest revenues. In addition, because the fees that the Group charges for managing its clients' portfolios are in many cases based on the value or performance of those portfolios, a market downturn that reduces the value of the Group's clients' portfolios or increases the amount of withdrawals would reduce the revenues the Group receives from its asset management and private banking and custody businesses.

Even the absence of a market downturn, below-market performance by the Group's mutual funds may result in increased withdrawals and reduced inflows, which would reduce the revenue the Group receives from its asset management business.

Market risks associated with fluctuations in bond and equity prices and other market factors are inherent in the Group's business. Protracted market declines can reduce liquidity in the markets, making it harder to sell assets and leading to material losses.

The performance of financial markets may cause changes in the value of the Group's investment and trading portfolios. In some of the Group's business, protracted adverse market movements, particularly asset price decline, can reduce the level of activity in the market or reduce market liquidity. These developments can lead to material losses if the Group cannot close out deteriorating positions in a timely way. This may especially be the case for assets of the Group for which there are not very liquid markets to begin with. Assets that are not traded on stock exchanges or other public trading markets, such as derivative contracts between banks, may have values that the Group calculates using models other than publicly quoted prices. Monitoring the deterioration of prices of assets like these is difficult and could lead to losses that the Group did not anticipate.

Despite the Group's risk management policies, procedures and methods, the Group may nonetheless be exposed to unidentified or unanticipated risks.

The Group has devoted significant resources to developing its risk management policies, procedures and assessment methods and intends to continue to do so in the future. Nonetheless, the Group's risk management techniques and strategies may not be fully effective in mitigating the Group's risk exposure in all economic market environments or against all types of risk, including risks that the Group fails to identify or anticipate. Some of the Group's qualitative tools and metrics for managing risk are based upon the Group's use of observed historical market behavior. The Group applies statistical and other tools to these observations to arrive at quantifications of its risk exposures. These tools and metrics may fail to predict future risk exposures. These risk exposures could, for example, arise from factors the Group did not anticipate or correctly evaluate in its statistical models. This would limit the Group's ability to manage its risks. The Group's losses thus could be significantly greater than the historical measures indicate. In addition, the Group's quantified modeling does not take all risks into account. The Group's more qualitative approach to managing those risks could prove insufficient, exposing it to material unanticipated losses. If existing or potential customers believe the Group's risk management is inadequate, they could take their business elsewhere. This could harm the Group's reputation as well as its revenues and profits.

The Group's acquisition of Abbey, and any future acquisitions may not be successful and may be disruptive to the Group's business.

The Group has acquired controlling interests in various companies, and more recently, has completed the acquisition of Abbey National Plc ("Abbey"). Although the Group expects to realize strategic, operational and financial benefits as a result of the Abbey acquisition, the Group cannot predict whether and to what extent such benefits will be achieved. In particular, the success of the Abbey acquisition will depend, in part, on the Group's ability to realize the anticipated cost savings from assuming the control of Abbey's business. In addition, the Group will face certain challenges as it works to integrate Abbey's operations into the Group's businesses. Moreover, the Abbey acquisition increased the Group's total assets by 51.7% (under previous Spanish GAAP) as of December 31, 2004, thereby presenting the Group with significant challenges as it works to manage the increases in scale resulting from the acquisition. The Group's failure to successfully integrate and operate Abbey, and to realize the anticipated benefits of the acquisition, could adversely affect the Group's operating, performing and financial results. Additionally, the Group may consider other strategic acquisitions and partnerships from time to time. There can be no assurances that the Group will be successful in its plans regarding the operation of past or future acquisitions and strategic partnerships.

The Group can give you no assurance that its acquisition and partnership activities will perform in accordance with its expectations. Despite its due diligence efforts, the Group must necessarily base any assessment of potential acquisitions and partnerships on inexact and incomplete information and assumptions with respect to operations, profitability and other matters that may prove to be incorrect. The Group can give no assurance that the Group's expectations with regards to integration and synergies will materialize.

Increased competition in the countries where the Group operates may adversely affect the Group's growth prospects and operations.

Most of the financial systems in which the Group operates are highly competitive. Recent financial sector reforms in the markets in which the Group operate have increased competition among both local and foreign financial institutions, and the Group believes that this trend will continue. In particular, price competition in Europe and Latin America has increased recently. The Group's success in the European and Latin American markets will depend on the Group ability to remain competitive with other financial institutions. In addition, there has been a trend towards consolidation in the banking industry, which has created larger and stronger banks with which the Group must now compete. There can be no assurance that this increased competition will not adversely affect the Group's growth prospects, and therefore its operations. The Group also faces competition from non-bank competitors, such as brokerage companies, department stores (for some credit products), leasing companies and factoring companies, mutual fund and pension fund management companies and insurance companies.

Volatility in interest rates may negatively affect the Group's net interest income and increase the Group's non-performing loan portfolio.

Changes in market interest rates could affect the interest rates charged on interest-earning assets differently than the interest rates paid on interest-bearing liabilities. This difference could result in an increase in interest expense relative to interest income leading to a reduction in the Group's net interest income. Income from treasury operations is particularly vulnerable to interest rate volatility. Since the majority of the Group's loan portfolio reprices in less than one year, rising interest rates may also bring about an increasing non-performing loan portfolio. Interest rates are highly sensitive to many factors beyond the Group's control, including deregulation of the financial sector, monetary policies, domestic and international economic and political conditions and other factors.

Foreign exchange rate fluctuations may negatively affect the Group's earnings and the value of its assets and shares.

Fluctuations in the exchange rate between the euro and the U.S. dollar will affect the U.S. dollar equivalent of the price of the Group's securities on the stock exchanges in which its shares and ADRs are traded. These fluctuations will also affect the conversion to U.S. dollars of cash dividends paid in euros on its shares.

In the ordinary course of The Group's business, it has a percentage of The Group's assets and liabilities denominated in currencies other than the euro. Fluctuations in the value of the euro against other currencies may adversely affect The Group's profitability. For example, the appreciation of the euro against some Latin American currencies and the U.S. dollar will depress earnings from The Group's Latin American operations, and the appreciation of the euro against the sterling will depress earnings from The Group's UK operations. Additionally, while most of the governments of the countries in which the Group operates have not imposed prohibitions on the repatriation of dividends, capital investment or other distributions, no assurance can be given that these governments will not institute restrictive exchange control policies in the future.

Changes in the regulatory framework in the jurisdictions where the Group operates could adversely affect its business.

A number of banking regulations designed to maintain the safety and soundness of banks and limit their exposure to risk apply in the different jurisdictions in which the Group's subsidiaries operate. Changes in regulations, which are beyond the Group's control, may have a material effect on the Group's business and operations. As some of the banking laws and regulations have been recently adopted, the manner in which those laws and related regulations are applied to the operations of financial institutions is still evolving. Moreover, no assurance can be given generally that laws or regulations will be adopted, enforced or interpreted in a manner that will not have an adverse affect on the Group's business.

Operational risks are inherent in the Group's business.

The Group's businesses depend on the ability to process a large number of transactions efficiently and accurately. Losses can result from inadequate personnel, inadequate or failed internal control processes and systems, or from external events that interrupt normal business operations.

In 2005, the Group adopted IFRS, which has affected the manner in which the Group reports its financial results, as IFRS differs in significant respects from previous Spanish GAAP.

Until December 31, 2004, the Group prepared its financial statements in accordance with previous Spanish GAAP. In June 2002, the Council of Ministers of the EU adopted new regulations requiring all listed EU companies, including Santander, to apply IFRS (previously known as "International Accounting Standards" or "IAS") in preparing their consolidated financial statements beginning January 1, 2005. Because IFRS emphasizes the measure of the fair value of certain assets and liabilities, applying these standards to the Group's financial statements has had a considerable impact on a number of important areas, including, among others, goodwill and intangible assets, employee benefits and financial instruments, and accounting for share-based payments, long-term assets and business combinations. Because the Group's financial statements prepared in accordance with IFRS differ from the Group's financial statements prepared in accordance with previous Spanish GAAP, the methods used by the financial community to assess the Group's financial performance and value its publicly-traded securities could be affected.

If the Group is not able to adequately implement the requirements of Section 404 of the Sarbanes-Oxley Act of 2002 and is the subject of sanctions or investigation, the Group's results of operations and its ability to provide timely and reliable financial information may be adversely affected.

Changing laws, regulations and standards relating to corporate governance and public disclosure, including the Sarbanes-Oxley Act of 2002 and related regulations implemented by the SEC are creating uncertainty for public

companies, increasing legal and financial compliance costs and making some activities more time consuming. The Group is evaluating the Group's internal control over financial reporting to allow management to report on, and the Group's registered independent public accounting firm to attest to, the Group's internal controls over financial reporting. The Group will be performing the system and process evaluation and testing (and any necessary remediation) required to comply with the management certification and auditor attestation requirements of Section 404 of the Sarbanes-Oxley Act, which the Group is required to comply with in its annual report which it will file in 2007 for The Group's 2006 fiscal year. As a result, the Group expects to incur substantial additional expenses and diversion of management's time. While the Group anticipates being able to fully implement the requirements relating to internal controls and all other aspects of Section 404 by the Group's deadline, it cannot be certain as to the timing of completion of the Group's evaluation, testing and any remediation actions or the impact of the same on its operations since there is presently no precedent available by which to measure compliance adequacy. If the Group is not able to implement the requirements of Section 404 in a timely manner or with adequate compliance, the Group might be subject to sanctions or investigation by regulatory authorities such as the SEC. Any such action could adversely affect the Group's financial results or investors' confidence in the company and could cause the price of the Group securities to fall. In addition, if the Groups Fares to develop and maintain effective controls and procedures, the Group may be unable to provide the financial information in a timely and reliable manner.

The Groups is exposed to risk of loss from legal and regulatory proceedings.

The Group and its subsidiaries are the subject of a number of legal proceedings and regulatory actions. An adverse result in one or more of these proceedings could have a material adverse effect on the Group's operating results for any particular period.

Risks Relating to Latin America

The Group Latin American subsidiaries' growth, asset quality and profitability may be adversely affected by volatile macroeconomic conditions.

The economy of the 9 Latin American countries where the Group operates have experienced significant volatility in recent decades, characterized, in some cases, by slow or regressive growth, declining investment and hyperinflation. This volatility has resulted in fluctuations in the levels of deposits and in the relative economic strength of various segments of the economies to which the Group lends. Latin American banking activities (including Retail Banking, Asset Management and Private Banking and Global Wholesale Banking) accounted for €1,776 million of the Group's net attributable income for the year ended December 31, 2005 (an increase of 21% from €1,470 million for the year ended December 31, 2004). Negative and fluctuating economic conditions, such as a changing interest rate environment, impact the Group's profitability by causing lending margins to decrease and leading to decreased demand for higher margin products and services.

Additionally, the recent economic and political crisis in Argentina which led to the conversion by the Argentine government of all the U.S. dollar-denominated debt which was subject to Argentine laws and jurisdictions into Argentine peso-denominated debt had a negative impact on the Group's Argentine banking subsidiaries. The negative effects on the Group's operations in Argentina included losses generated by this forced conversion of U.S. dollar-denominated debt to Argentine pesos at below market rates, lower lending and deposit-making activities, increased restrictions on the transferability of funds and a larger number of defaults by Argentine customers. Although Argentina's economy continued to recover in 2005, and the results of operations of the Group's Argentine banking subsidiaries have also improved, it is possible that, despite its recent economic growth, Argentina could return to a period of economic and political instability. If this were to occur, the financial condition and results of operations of the Group's Argentine subsidiaries could be materially and adversely affected.

Significant competition in some Latin American countries could intensify price competition and limit the Group's ability to increase its market share in those markets.

Because some of the Latin American countries in which the Group operates (i) only raise limited regulatory barriers to market entry, (ii) generally do not make any differentiation between locally or foreign-owned banks, (iii) have permitted consolidation of their banks, and (iv) do not restrict capital movements, the Group faces significant competition in Latin America from both domestic and foreign commercial and investment banks.

Latin American economies can be directly and negatively affected by adverse developments in other countries.

Financial and securities markets in Latin American countries where the Group operates are, to varying degrees, influenced by economic and market conditions in other countries in Latin America and beyond. Negative developments in the economy or securities markets in one country, particularly in an emerging market, may have a negative impact on other emerging market economies. These developments may adversely affect the business, financial condition and operating results of the Group's subsidiaries in Latin America.

Risks Relating to Withholding

Under Spanish law, income in respect of the Instruments will be subject to withholding tax in Spain, currently at the rate of 15 per cent., in relation to payments to (a) individual Holders (as defined herein) who are resident in Spain; (b) Holders who receive payments through a Tax Haven (as defined in Royal Decree 1080/1991, of 5 July, as amended from time to time); and (c) Holders in respect of whom the Guarantor does not receive such information (which may include a tax residence certificate) concerning such Holder's identity and tax residence as it may require in order to comply with Law 13/1985 and any implementing legislation. Neither the Issuers nor the Guarantor will gross up payments in respect of any such withholding tax in any of the above cases (See "Terms and Conditions of the Instruments — Taxation").

Offers of Instruments into Spain are not permitted, as contemplated in paragraph 5.2 (*plan of distribution*). Notwithstanding this restriction, if Instruments are held by Spanish corporate entities there is a risk the Spanish tax authorities may determine that the exemption from withholding tax currently applicable to payments of interest to Spanish corporate holders (as described in paragraph 4.14 (*Taxation and Disclosure of Information in Connection with Interest Payments — 2. Legal Entities with Tax Residency in Spain*)), does not apply to such Instruments. If such determination were made, the relevant Issuer would be required to make a withholding at the applicable rate, currently 15 per cent., on payments of interest under the Instruments and no additional amounts will be payable by such Issuer or the Guarantor in such circumstances, as provided in "Terms and Conditions of the Instruments — Taxation" paragraph (vii).

Risks Relating to Procedures for Collection of Holders' Details

It is expected that the Issuers, the Guarantor, the Paying Agents, the common depository for the Instruments and the Clearing Systems will follow certain procedures to facilitate the collection from Holders of the information referred to in "Risks Relating to Withholding" above. A summary of those procedures is set out in a schedule to the Agency Agreement and should be read together with "Taxation and Disclosure of Holder information in connection with interest payments". Such procedures may be revised from time to time in accordance with applicable Spanish laws and regulations, further clarification from the Spanish tax authorities regarding such laws and regulations and the operational procedures of the Clearing Systems. While the Instruments are represented by one or more global Instruments, Holders must rely on such procedures in order to receive payments under the Instruments free of any withholding, if applicable. Holders must seek their own advice to ensure that they comply with all applicable procedures and to ensure the correct tax treatment of their Instruments. None of the Issuers, the Guarantor, the Arranger, the Dealers, the Paying Agents or the Clearing Systems assume any responsibility therefor.

Risks Relating to the Comisario

Under Spanish law, the Issuers are required to appoint a commissioner (*comisario*) (the “Commissioner”) in relation to issues of Instruments. The Commissioner owes certain obligations to the Syndicate of Holders (as described in the Issue and Paying Agency Agreement — The Fifth Schedule, Part I). However, prospective investors should note that the Commissioner will be an individual appointed by the relevant Issuer and that such individual may also be an employee or officer of such Issuer or of the Guarantor.

Risks Relating to the Insolvency Law

Law 22/2003 (*Ley Concursal*) dated 9 July 2003 (“Law 22/2003” or the “Insolvency Law”), which came into force on 1 September 2004 supersedes all pre-existing Spanish provisions which regulated the bankruptcy, insolvency (including suspension of payments) and any process affecting creditors’ rights generally, including the ranking of its credits.

Law 22/2003 provides, among other things, that: (i) any claim may become subordinated if it is not included in a company’s accounts or otherwise reported to the insolvency administrators within one month from the last official publication of the court order declaring the insolvency, (ii) provisions in a contract granting one party the right to terminate on the other’s insolvency may not be enforceable, (iii) interest accrued and unpaid until the commencement of the insolvency proceedings (*concurso*) shall become subordinated, and (iv) interest shall cease to accrue from the date of the declaration of insolvency.

Certain provisions of the Insolvency Law could affect the ranking of the Senior Instruments or claims relating to Senior Instruments on an insolvency of Santander International Debt, S.A. or the Guarantor. In particular, there is uncertainty surrounding the interpretation of article 87.6 of the Insolvency Law, which may result in claims against Santander International Debt, S.A. under the Instruments being re-classified as claims of creditors “specially related” to Santander International Debt, S.A. as defined in article 92 (5) of the Insolvency Law and become subordinated. However, even if such claims were so re-classified the payment obligations of the Guarantor under the Guarantee would continue to be classified as ordinary debts.

From the entry into force of Law 22/2003, and in accordance with the insolvency procedures regulated therein, creditors whose rights arise from a Spanish public document, including holders of Instruments, do not have a preference to enforce their rights and do not rank ahead of other creditors whose rights may arise from a document not so witnessed.

Risks Relating To The Instruments

Suitability

Prospective investors should determine whether an investment in the Instruments is appropriate in their particular circumstances and should consult with their legal, business and tax advisers to determine the consequences of an investment in the Instruments and to arrive at their own evaluations of the investment.

There is no active trading market for the Instruments.

Instruments issued under the Programme will be new securities which may not be widely distributed and for which there is currently no active trading market (unless in the case of any particular Tranche, such Tranche is to be consolidated with and form a single series with a Tranche of Instruments which is already issued). If the Instruments are traded after their initial issuance, they may trade at a discount to their initial offering price, depending upon prevailing interest rates, the market for similar securities, general economic conditions and the financial condition of the relevant Issuer and the Guarantor. Although applications have been made for the Instruments issued under the Programme to be admitted to listing on the regulated market of the Luxembourg Stock Exchange, there is no assurance that such applications will be accepted, that any particular Tranche of Instruments will be so admitted or that an active trading market will develop. Accordingly, there is no assurance as to the development or liquidity of any trading market for any particular Tranche of Instruments.

The Instruments may be redeemed prior to maturity.

If in the case of any particular Tranche of Instruments the relevant Final Terms specifies that the Instruments are redeemable at the relevant Issuer's option in certain other circumstances the relevant Issuer may choose to redeem the Instruments at times when prevailing interest rates may be relatively low. In such circumstances an investor may not be able to reinvest the redemption proceeds in a comparable security at an effective interest rate as high as that of the relevant Instruments.

Because the Global Instruments are held by or on behalf of Euroclear and Clearstream, Luxembourg, investors will have to rely on their procedures for transfer, payment and communication with the relevant Issuer and/or the Guarantor.

Instruments issued under the Programme may be represented by one or more Global Instruments. Such Global Instruments will be deposited with a common depository for Euroclear and Clearstream, Luxembourg. Except in the circumstances described in the relevant Global Note, investors will not be entitled to receive definitive Instruments. Euroclear and Clearstream, Luxembourg will maintain records of the beneficial interests in the Global Instruments. While the Instruments are represented by one or more Global Instruments, investors will be able to trade their beneficial interests only through Euroclear and Clearstream, Luxembourg.

While the Instruments are represented by one or more Global Instruments the relevant Issuer and the Guarantor will discharge their payment obligations under the Instruments by making payments to the common depository for Euroclear and Clearstream, Luxembourg for distribution to their account holders. A holder of a beneficial interest in a Global Note must rely on the procedures of Euroclear and Clearstream, Luxembourg to receive payments under the relevant Instruments. The relevant Issuer and the Guarantor have no responsibility or liability for the records relating to, or payments made in respect of, beneficial interests in the Global Instruments.

Holders of beneficial interests in the Global Instruments will not have a direct right to vote in respect of the relevant Instruments. Instead, such holders will be permitted to act only to the extent that they are enabled by Euroclear and Clearstream, Luxembourg to appoint appropriate proxies. Similarly, holders of beneficial interests in the Global Instruments will not have a direct right under the Global Instruments to take enforcement action against the relevant Issuer or the Guarantor in the event of a default under the relevant Instruments but will have to rely upon their rights under the Deed of Covenant.

Risks related to the structure of a particular issue of Instruments

A wide range of Instruments may be issued under the Programme. A number of these Instruments may have features which contain particular risks for potential investors. Set out below is a description of the most common such features:

Instruments subject to optional redemption by the Issuers

An optional redemption feature of Instruments is likely to limit their market value. During any period when the Issuers may elect to redeem Instruments, the market value of those Instruments generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period. The Issuers may be expected to redeem Instruments when their cost of borrowing is lower than the interest rate on the Instruments. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Instruments being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time.

Structured Instruments (including Index Linked Instruments and Dual Currency Instruments)

The Issuers may issue Instruments with principal or interest determined by reference to an index or formula, to changes in the prices of securities or commodities, to movements in currency exchange rates or other factors

(each, a **Relevant Factor**). In addition, the Issuers may issue Instruments with principal or interest payable in one or more currencies which may be different from the currency in which the Instruments are denominated. Potential investors should be aware that:

- (i) the market price of such Instruments may be volatile;
- (ii) they may receive no interest;
- (iii) payment of principal or interest may occur at a different time or in a different currency than expected;
- (iv) they may lose all or a substantial portion of their principal;
- (v) a Relevant Factor may be subject to significant fluctuations that may not correlate with changes in interest rates, currencies or other indices;
- (vi) if a Relevant Factor is applied to Instruments in conjunction with a multiplier greater than one or contains some other leverage factor, the effect of changes in the Relevant Factor on principal or interest payable likely will be magnified; and
- (vii) the timing of changes in a Relevant Factor may affect the actual yield to investors, even if the average level is consistent with their expectations. In general, the earlier the change in the Relevant Factor, the greater the effect on yield.

Partly-paid Instruments

The Issuers may issue Instruments where the issue price is payable in more than one instalment. Failure to pay any subsequent instalment could result in an investor losing all of their investment.

Variable rate Instruments with a multiplier or other leverage factor

Instruments with variable interest rates can be volatile investments. If they are structured to include multipliers or other leverage factors, or caps or floors, or any combination of those features or other similar related features, their market values may be even more volatile than those for securities that do not include those features.

Inverse Floating Rate Instruments

Inverse Floating Rate Instruments have an interest rate equal to a fixed rate minus a rate based upon a reference rate such as LIBOR. The market values of those Instruments typically are more volatile than market values of other conventional floating rate debt securities based on the same reference rate (and with otherwise comparable terms). Inverse Floating Rate Instruments are more volatile because an increase in the reference rate not only decreases the interest rate of the Instruments, but may also reflect an increase in prevailing interest rates, which further adversely affects the market value of these Instruments.

Fixed/Floating Rate Instruments

Fixed/Floating Rate Instruments may bear interest at a rate that may convert from a fixed rate to a floating rate, or from a floating rate to a fixed rate. Where the relevant Issuer has the right to effect such a conversion, this will affect the secondary market and the market value of the Instruments since the Issuer may be expected to convert the rate when it is likely to produce a lower overall cost of borrowing. If the relevant Issuer converts from a fixed rate to a floating rate in such circumstances, the spread on the Fixed/Floating Rate Instruments may be less favourable than then prevailing spreads on comparable Floating Rate Instruments tied to the same reference rate. In addition, the new floating rate at any time may be lower than the rates on other Instruments. If the relevant Issuer converts from a floating rate to a fixed rate in such circumstances, the fixed rate may be lower than then prevailing rates on its Instruments.

Instruments issued at a substantial discount or premium

The market values of securities issued at a substantial discount or premium from their principal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing securities. Generally, the longer the remaining term of the securities, the greater the price volatility as compared to conventional interest-bearing securities with comparable maturities.

The Issuers' obligations under Subordinated Instruments are subordinated

Santander Issuances' obligations under Subordinated Instruments will be unsecured and subordinated and will rank junior in priority of payment to all unsubordinated obligations of Santander Issuances. Although Subordinated Instruments may pay a higher rate of interest than comparable Instruments which are not subordinated, there is a real risk that an investor in Subordinated Instruments will lose all or some of his investment should Santander Issuances and the Guarantor become insolvent. The payment of principal and interest in respect of the Subordinated Instruments and any relative Coupons and Receipts and all amounts due under the Deed of Covenant in respect of the Subordinated Instruments and any relative Coupons and Receipts will be unconditionally and irrevocably guaranteed by the Guarantor pursuant to the Subordinated Guarantee. The Guarantor's obligations under the Subordinated Guarantee will be unsecured and subordinated and will rank junior in priority of payment to all unsubordinated obligations of the Guarantor.

Risks relating to Credit Linked Instruments

Suitability

Investment in the Credit Linked Instruments is only suitable for investors who:

- are particularly knowledgeable in investment matters and have the requisite knowledge and experience in financial and business matters and access to, and knowledge of, appropriate analytical resources to evaluate the information contained in this Base Prospectus and the relevant Final Terms and to evaluate the merits and risks of an investment in the Credit Linked Instruments in the context of their financial position and circumstances;
- are capable of bearing the economic risk of an investment in the Credit Linked Instruments for an indefinite period of time;
- are acquiring the Credit Linked Instruments for their own account for investment, not with a view to resale, distribution or other disposition of the Credit Linked Instruments (subject to any applicable law requiring that the disposition of the investor's property be within its control); and
- recognise that it may not be possible to make any transfer of the Credit Linked Instruments for a substantial period of time, if at all, and are aware of the transfer restrictions contained herein.

Before making an investment decision, prospective purchasers should inform themselves about and make a detailed evaluation of the financial condition and affairs and of the creditworthiness of the Issuer, the Guarantor, the terms of any Reference Obligation, the creditworthiness of any Reference Entity based upon publicly available information and of the tax, accounting and legal consequences of an investment in the Credit Linked Instruments for such investor.

Neither the Issuer nor any party represents that it has had any access to any obligor of any Reference Obligation for the purposes of conducting any such investigation and no such person makes any representations as to the financial condition or creditworthiness of any such Reference Entity. In addition, prospective purchasers should consider the nature and financial position of the Issuer and the Guarantor as well as the terms and conditions of the Credit Linked Instruments and the other related Programme documents described herein.

Exposure of holders to credit risk on other parties and loss of principal

The payment of interest and principal under the Credit Linked Instruments is dependent upon, inter alia, the value, performance and solvency of certain Reference Entities. The Credit Linked Instruments expose investors to credit risks in relation to such Reference Entities, as well as that of the Issuer and the Guarantor. Early redemption of the Credit Linked Instruments may be triggered through certain events which are linked to the performance and creditworthiness of the Reference Obligations.

If so specified in the Final Terms, the Credit Linked Instruments may be declared immediately due and payable prior to their scheduled date for redemption following the occurrence of any event of default or other mandatory redemption event.

If so specified in the Final Terms, on any mandatory redemption of the Credit Linked Instruments, the net proceeds available to the Issuer may be insufficient to pay all amounts due on redemption to the Holders and any claims of the Holders remaining after application of proceeds in accordance with the Conditions shall be extinguished. Neither the Issuer nor the Guarantor or any obligor under any of the Reference Obligation shall have any obligation to any Holder for payment of any amount owing by the Issuer in respect of the Credit Linked Instruments.

Relevant Information

The Issuer, the Guarantor or the relevant Dealer or any of their affiliates may be in possession of information in relation to any Reference Entity that is or may be material in the context of the Credit Linked Instruments and that may or may not be publicly available and such parties may be prohibited from disclosing or using such information for the benefit of the Issuer. Purchase of the Credit Linked Instruments by any investor does not create any obligation on the part of the Issuer, the Guarantor, the Dealer, the Arrangers or any of their affiliates to disclose to such investor any such relationship or information (whether or not confidential) and none of shall be liable to such investor by reason of such non-disclosure.

Limited liquidity

There may be no active trading market for any of the Credit Linked Instruments, and the Credit Linked Instruments may be subject to restrictions on transfer.

None of the Issuer, the Guarantor, the Dealer, the Guarantor, the Arrangers or any of their affiliates will be obligated to make a market in the Credit Linked Instruments or otherwise to buy and sell the Credit Linked Instruments following the issue thereof. The Credit Linked Instruments will be owned by a relatively small number of investors and it is highly unlikely that an active secondary market for the Credit Linked Instruments will develop. Purchasers of the Credit Linked Instruments may find it difficult or uneconomic to liquidate their investment at any particular time, and it may be difficult for the Holders to determine the value of the Credit Linked Instruments at any particular time. Consequently, a purchaser must be prepared to hold the Credit Linked Instruments until maturity.

Early Redemption

If the Credit Linked Instruments are redeemed early according to their terms at times when prevailing interest rates may be relatively low, an investor generally will not be able to reinvest the redemption proceeds in a comparable security at an effective interest rate as high as that of the Credit Linked Instruments.

No investigations

No investigations, searches or other enquiries have been made by or on behalf of the Issuer, the Guarantor or the Dealer in respect of any Reference Entity and any prospective Holders should make their own investigations, searches and enquiries. No representations or warranties have been given by such parties in respect of any Reference Entity or Reference Obligation.

None of the Issuer, the Guarantor, the Dealer, the Arrangers or any of their affiliates has made or is making any representations whatsoever as to any obligor of the Reference Obligations or the Reference Entities or any information contained in any document filed by any obligor of the Reference Obligations or the Reference Entities with any exchange or with any regulatory authority or governmental entity.

Purchasers of the Credit Linked Instruments cannot rely, and will not at any time in the future be able to rely, on the Issuer, the Guarantor, the Dealer, the Arrangers or any of their affiliates to provide them with any information relating to, or to keep under review on their behalf, the business, financial condition, prospects, creditworthiness, status or affairs of any obligor of the Reference Obligations or any Reference Entity or to conduct any investigation or due diligence with respect to any obligor of the Reference Obligations or any Reference Entity.

DESCRIPTION OF THE PROGRAMME

The Programme is a programme for the issuance of debt instruments up to an aggregate principal amount of Euro 32,000,000 to be issued on a continuing basis by one or more Dealers appointed under the Programme from time to time by the Issuers, which appointment may be for a specific issue or on an ongoing basis. Under the Programme, the Issuers may issue Instruments bearing a fixed or a floating rate of interest, or structured Instruments, such as Credit Linked Instruments or Index Linked Instruments or a combination of any of the foregoing or any other kind of Instrument. AUDITORS' REPORT ON FINANCIAL STATEMENTS

To the Sole Shareholder of
Santander Issuances, S.A. (Sole-Shareholder Company):

We have audited the financial statements of SANTANDER ISSUANCES, S.A. (Sole-Shareholder Company) — “the Company” — comprising the balance sheet as of December 31, 2005, and the related statement of income and notes to financial statements for the year then ended. The preparation and content of these financial statements are the responsibility of the Company's directors. Our responsibility is to express an opinion on the financial statements taken as a whole based on our audit work performed in accordance with generally accepted auditing standards, which require examination, by means of selective tests, of the evidence supporting the financial statements and evaluation of their presentation, of the accounting principles applied and of the estimates made.

As required by Spanish corporate and commercial law, for comparison purposes the Company's directors present, in addition to the 2005 figures for each item in the balance sheet and statement of income, the figures for the period from February 27, 2004 (the date of incorporation) to December 31, 2004. Our opinion refers only to the 2005 financial statements. On April 1, 2005, we issued our auditors' report on the abridged financial statements for the period from February 27 to December 31, 2004, in which we expressed an unqualified opinion.

For a proper interpretation of the accompanying financial statements, it should be taken into account that the Company carries on its business activities as part of the Santander Group (“the Group”), from which it obtains the financing necessary for its operations. Consequently, the Company's management, transactions and accounts must be considered in the context of the Group.

In our opinion, the accompanying financial statements for 2005 present, in all material respects, a true and fair view of the net worth and financial position of Santander Issuances, S.A. (Sole-Shareholder Company) as of December 31, 2005, and of the results of its operations and of the funds obtained and applied by it in the year then ended, and contain the required information, sufficient for their proper interpretation and comprehension, in conformity with generally accepted accounting principles and standards applied on a basis consistent with that of the period from February 27 to December 31, 2004.

The accompanying management report for 2005 contains the explanations which the directors consider appropriate about the Company's situation, the evolution of its business and other matters, but is not an integral part of the financial statements. We have checked that the accounting information in the management report is consistent with that contained in the financial statements for 2005. Our work as auditors was confined to checking the management report with the aforementioned scope, and did not include a review of any information other than that drawn from the Company's accounting records.

For the Year Ended December 31, 2005

1. Company description

Santander Issuances, S.A (Sole-Shareholder Company) —“the Company” —, a corporation forming part of the Santander Group — “the Group” (Note 9) —, was incorporated for an indefinite period of time on February 27, 2004.

The Company’s registered office is located at Ciudad Grupo Santander, Avenida de Cantabria, s/n, Boadilla del Monte.

Its sole corporate purpose is to issue subordinated debt secured by Banco Santander Central Hispano, S. A. (Note 9).

In view of the business activity carried on by the Company, it does not have any environmental liability, expenses, assets, provisions or contingencies that might be material with respect to its net worth, financial position or results. Therefore, no specific disclosures relating to environmental issues are included in these notes to financial statements.

2. Basis of presentation of the financial statements

a) True and fair view

The 2005 financial statements, which were prepared by the Company’s directors in accordance with the revised Corporations Law, are presented in the formats established by Royal Decree 1643/1990 approving the Spanish National Chart of Accounts and, accordingly, give a true and fair view of the Company’s net worth, financial position and results of operations for the period.

The financial statements have not yet been approved by the Sole Shareholder. However, the Company’s Board of Directors considers that they will be approved without any changes.

3. Accounting principles and valuation standards applied

a) Incorporation and preopening expenses

Start-up expenses are recorded at cost, net of the related accumulated amortization. They are amortized on a straight-line basis over five years.

b) Debt securities and other similar issues

The subordinated debt issues launched by the Company, which are secured by Banco Santander Central Hispano, S.A. (Notes 9 and 10), are recorded at their redemption value.

c) Deferred charges

Debt arrangement expenses are recorded at cost and are charged to income systematically over a maximum period ending on the date on which the debt can be repaid in full.

Deferred interest expenses are recorded for the difference between the redemption value and the amount received on issuing the related debt securities and are charged to income systematically over a maximum period ending on the date on which the debt can be repaid in full.

d) Recognition of revenues and expenses

Revenues and expenses are generally recognized on an accrual basis, i.e. when the actual flow of the related goods and services occurs, regardless of when the resulting monetary or financial flow arises.

e) Corporate income tax

As permitted by current legislation, the Company files consolidated corporate income tax returns as part of Consolidated Group 17/89, the parent company of which is Banco Santander Central Hispano, S.A. (Notes 9 and 11).

The expense for corporate income tax of the period is calculated on the basis of book income before taxes, increased or decreased, as appropriate, by the permanent differences from taxable income, which are taken to be the differences between taxable income and income per books before taxes which do not reverse in subsequent periods. This expense is recorded under the "Corporate Income Tax" caption in the statement of income.

Santander International Debt, S.A. (Sole-Shareholder Company)

Notes to Abridged Financial Statements
for the Year Ended December 31, 2005

1. Company description

Santander International Debt, S.A. (Sole-Shareholder Company) — “the Company” —, a corporation forming part of the Santander Group (“the Group”, Note 9), was incorporated for an indefinite period of time on April 21, 2004.

The Company’s registered office is located at Ciudad Grupo Santander, Avenida de Cantabria, s/n, Boadilla del Monte.

Its sole corporate purpose is to issue ordinary or senior debt secured by Banco Santander Central Hispano, S.A. (Note 9).

In view of the business activity carried on by the Company, it does not have any environmental liability, expenses, assets, provisions or contingencies that might be material with respect to its net worth, financial position or results. Therefore, no specific disclosures relating to environmental issues are included in these notes to abridged financial statements

2. Basis of presentation of the abridged financial statements

a) True and fair view

The 2005 abridged financial statements, which were prepared by the Company’s directors in accordance with the revised Corporations Law, are presented in the formats established by Royal Decree 1643/1990 approving the Spanish National Chart of Accounts and, accordingly, give a true and fair view of the Company’s net worth, financial position and results of operations for the year.

The abridged financial statements have not yet been approved by the Sole Shareholder. However, the Company’s Board of Directors considers that they will be approved without any changes

b) Accounting policies and valuation standards

The abridged financial statements were prepared by applying the accounting principles and valuation standards described in Note 3. All obligatory accounting principles and valuation standards with a material effect on the abridged financial statements were applied in their preparation

3. Accounting principles and valuation standards applied

The main accounting principles and valuation standards applied in preparing the abridged financial statements were as follows:

a) Incorporation and preopening expenses

Start-up expenses are recorded at cost, net of the related accumulated amortization. They are amortized on a straight-line basis over five years

b) Debt securities and other similar issues

The ordinary or senior debt issues launched by the Company, which are secured by Banco Santander Central Hispano, S.A. (Note 10), are recorded at their redemption value.

c) Deferred charges

Debt arrangement expenses are recorded at cost and are charged to income systematically through the date of maturity of the issues.

Deferred interest expenses are recorded for the difference between the redemption value and the amount received on issuing the related debt securities and are allocated to income by the interest method over a maximum period ending on the date on which the debt can be repaid in full

d) Recognition of revenues and expenses

Revenues and expenses are generally recognized on an accrual basis, i.e. when the actual flow of the related goods and services occurs, regardless of when the resulting monetary or financial flow arises

d) Corporate income tax

As permitted by current legislation, the Company files consolidated corporate income tax returns as part of Consolidated Group 17/89, the parent company of which is Banco Santander Central Hispano, S.A. (Notes 9 and 11).

The income tax expense for the year is calculated on the basis of book income before taxes, increased or decreased, as appropriate, by the permanent differences from taxable income, which are taken to be the differences between taxable income and income per books before taxes which do not reverse in subsequent periods. This expense is recorded under the “Corporate Income Tax” caption in the abridged statement of operations

e) Classification of receivables and payables

The various items in the accompanying abridged balance sheet are classified as current assets and current liabilities when they mature at less than twelve months from year-end. Receivables and payables maturing at over twelve months are recorded as long-term items.

f) Foreign currency transactions

Long-term investments whose acquisition cost was denominated in foreign currencies were translated to euros at the exchange rates prevailing at the date of each deposit. At year-end they are adjusted to the exchange rates then prevailing.

Foreign currency on hand is translated to euros at the exchange rates ruling at year-end.

Debts whose amount was denominated in foreign currencies were translated to euros at the exchange rates prevailing at the date of arrangement of the debt. At year-end they are adjusted to the exchange rate then ruling.

Negative differences arising from application of the aforementioned methods are charged to income for the year, while unrealized positive differences arising in each homogeneous group of currencies are recorded as “Deferred Revenues” on the liability side of the balance sheet and can be offset against the negative differences relating to the same group of currencies charged to income for the period. In the case of exchange rate hedging transactions, for translation purposes, only the unhedged portion of the risk will be considered.

4. Distribution of income

The distribution of 2005 income that the Board of Directors will submit for approval by the Sole Shareholder is as follows:

	Euros
Net income for the year	43,552
Distribution to:

Santander International Debt, S.A. (Sole-Shareholder Company)

Notes to Abridged Financial Statements
for the Period from April 21, 2004
(the Date of Incorporation)
to December 31, 2004

1. Company description

Santander International Debt, S.A. (Sole-Shareholder Company) — “the Company” —, a corporation forming part of the Santander Group (“the Group”, Note 9), was incorporated for an indefinite period of time on April 21, 2004.

The Company’s registered office is located at Ciudad Grupo Santander, Avenida de Cantabria, s/n, Boadilla del Monte.

Its sole corporate purpose is to issue ordinary or senior debt secured by Banco Santander Central Hispano, S.A. (Note 9).

In view of the business activity carried on by the Company, it does not have any environmental liability, expenses, assets, provisions or contingencies that might be material with respect to its net worth, financial position or results. Therefore, no specific disclosures relating to environmental issues are included in these notes to abridged financial statements.

2. Basis of presentation of the abridged financial statements

a) True and fair view

The abridged financial statements for the period from April 21 to December 31, 2004, which were prepared by the Company’s directors in accordance with the revised Corporations Law, are presented in the formats established by Royal Decree 1643/1990 approving the Spanish National Chart of Accounts and, accordingly, give a true and fair view of the Company’s net worth, financial position and results of operations for the period.

The abridged financial statements have not yet been approved by the Sole Shareholder. However, the Company’s Board of Directors considers that they will be approved without any changes.

b) Accounting policies and valuation standards

The abridged financial statements were prepared by applying the accounting principles and valuation standards described in Note 3. All obligatory accounting principles and valuation standards with a material effect on the abridged financial statements were applied in their preparation.

3. Accounting principles and valuation standards applied

The main accounting principles and valuation standards applied in preparing the abridged financial statements were as follows:

a) Incorporation and preopening expenses

Start-up expenses are recorded at cost, net of the related accumulated amortization. They are amortized on a straight-line basis over five years.

b) *Debt securities and other similar issues*

The subordinated debt issues launched by the Company, which are secured by Banco Santander Central Hispano, S.A. (Note 10), are recorded at their redemption value.

c) *Deferred charges*

Debt arrangement expenses are recorded at cost and are charged to income systematically through the date of maturity of the issues.

Deferred interest expenses are recorded for the difference between the redemption value and the amount received on issuing the related debt securities and are allocated to income by the interest method over a maximum period ending on the date on which the debt can be repaid in full.

d) *Recognition of revenues and expenses*

Revenues and expenses are generally recognized on an accrual basis, i.e. when the actual flow of the related goods and services occurs, regardless of when the resulting monetary or financial flow arises.

d) *Corporate income tax*

As permitted by current legislation, the Company files consolidated corporate income tax returns as part of Consolidated Group 17/89, the parent company of which is Banco Santander Central Hispano, S.A. (Notes 9 and 11).

The expense for corporate income tax of the period is calculated on the basis of book income before taxes, increased or decreased, as appropriate, by the permanent differences from taxable income, which are taken to be the differences between taxable income and income per books before taxes which do not reverse in subsequent periods. This expense is recorded under the "Corporate Income Tax" caption in the abridged statement of operations.

e) *Classification of receivables and payables*

The various items in the accompanying abridged balance sheet are classified as current assets and current liabilities when they mature at less than twelve months from period-end. Receivables and payables maturing at over twelve months are recorded as long-term items.

f) *Foreign currency transactions*

Long-term investments whose acquisition cost was denominated in foreign currencies were translated to euros at the exchange rates prevailing at the date of each acquisition. This value is maintained for so long as it does not exceed the value that would result from applying the year-end exchange rates to the acquisition cost of the related investments denominated in foreign currencies.

Debts whose amount was denominated in foreign currencies were translated to euros at the exchange rates prevailing at the date of arrangement of the debt. At year-end they are adjusted to the exchange rate then ruling.

Negative differences arising from application of the aforementioned methods are charged to period income, while unrealized positive differences arising in each homogeneous group of currencies are recorded as "Deferred Revenues" on the liability side of the balance sheet and can be offset against the negative differences relating to the same group of currencies charged to income for the period. In the case of exchange rate hedging transactions, for translation purposes, only the unhedged portion of the risk will be considered.

4. Allocation of loss

The proposed allocation of the loss for the period from April 21 to December 31, 2004, that the Board of Directors will submit for approval by the Sole Shareholder is that the loss be allocated in full to "Accumulated Losses". The losses were due to certain expenses relating to issues of debt being incurred on issue and amortized against income later.

Santander International Debt, S.A., Unipersonal

Notes to the cash flow statement
for the year ended December 31, 2005.

1) Basis of presentation of the cash flow statement

The cash flow statement of Santander International Debt, S.A., Unipersonal (the “Company”) for the year ended December 31, 2005 and the related notes have been prepared for the purposes of its incorporation by reference to the Base Prospectus dated 18 November 2005 by virtue of a Supplement to such Prospectus, related to the Santander International Debt, S.A. Unipersonal and Santander Issuances, S.A., Unipersonal (together the “Issuers”) guaranteed by Banco Santander Central Hispano, S.A. €25,000,000,000 Programme for the Issuance of Debt Instruments to be listed in the Luxembourg Stock Exchange or for its inclusion in any other Base Prospectus in relation to a Programme for the Issuance of Debt Instruments by the Issuers to be registered with the Luxembourg Commission de Surveillance du Secteur Financier (the “CSSF”) on or after 18 November 2005.

The cash flow statement has been prepared in order to complement the Company’s abridged financial statements for the year ended December 31, 2005 to the extent necessary to meet the disclosure requirements of EU Regulation 2004-809.

The Spanish Corporations Law and the Royall Decree 1643/1990 approving the Spanish National Chart of Accounts, which are applicable to the elaboration of the Company’s abridged financial statements, do not require a cash flow statement as an integral part of the abridged financial statement or as a separate financial statement; consequently, no accounting policies exist in Spain in order to regulate the elaboration of such statement.

Consequently, the Company’s Directors, who are responsible for preparing the additional disclosures in accordance with the requirements of EU Regulation 2004-809 and CESR/05-054b, have elaborated the cash flow statement according with the following bases:

- a) The methodology of compilation and presentation described in the International Accounting Standard 7 has been used; consequently, the cash flow statement is presented accordingly with the aforementioned standard.
- b) The calculation has been performed using the figures and other financial information included in the Company’s abridged financial statements for the year ended December 31, 2005, prepared in accordance with the accounting standards generally accepted in Spain, which have not been modified or adjusted. Those abridged financial statements were approved by the sole-shareholder as of June 29, 2006.

2) Method of elaboration of the cash flow statement

- a) Cash and cash equivalent: comprise cash on hand, demand deposits and short-term highly liquid investments that are readily convertible to known amount of cash and are subject to an insignificant risk of changes in value. An investment normally qualifies as a cash equivalent only when it has a short maturity of less than three months.
- b) Operating activities: are the principal revenue-producing activities. The Directors have chosen to report cash flows from operating activities using the indirect method, whereby profit or loss is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and items of income or expense associated with investing or financial cash flows.

Notes to the cash flow statement
for the period from April 21, 2004
(the date of incorporation)
to December 31, 2004.

1. Basis of presentation of the cash flow statement

The cash flow statement of Santander International Debt, S.A., Unipersonal (the “Company”) for the period from April 21, 2004 (the date of incorporation) to December 31, 2004 and the related notes have been prepared for the purposes of inclusion in the Base Prospectus dated November 2005, related to the Santander International Debt, S.A. Unipersonal and Santander Issuances, S.A., Unipersonal guaranteed by Banco Santander Central Hispano, S.A. €25,000,000,000 Programme for the Issuance of Debt Instruments in the Luxembourg Stock Exchange.

The cash-flow statement has been prepared in order to complement the Company’s abridged financial statements for the period from April 21, 2004 (the date of incorporation) to December 31, 2004 to the extent necessary to meet the disclosure requirements of EU Regulation 2004-809.

The Spanish Corporations Law and the Royal Decree 1643/1990 approving the Spanish National Chart of Accounts, which are applicable to the elaboration of the Company’s abridged financial statements, do not require a cash flow statement as an integral part of the abridged financial statements or as a separate financial statement; consequently, no accounting principles exist in Spain in order to regulate the elaboration of such statement.

Consequently, the Company’s Directors, who are responsible for preparing the additional disclosures in accordance with the requirements of EU Regulation 2004-809 and CESR/05-054b, have elaborated the cash flow statement according with the following bases:

- a) The methodology of compilation and presentation described in the International Accounting Standard 7 has been used; consequently, the cash flow statement is presented accordingly with the aforementioned standard.

An investment normally qualifies as a cash equivalent only when it has a short maturity of less than three months.
- b) Operating activities: are the principal revenue-producing activities. The Directors have chosen to report cash flows from operating activities using the indirect method, whereby profit or loss is adjusted for the effects of transactions of a non-cash nature, any deferrals on accruals of past or future operating cash receipts or payments and items of income or expense associated with investing or financing cash flows.
- c) Investing activities: are the acquisition and disposal of long-term assets and other investments.

5 BUSINESS OVERVIEW

5.1. *Principal activities.*

5.1.1. *A brief description of the Guarantor's principal activities stating the main categories of products sold and/or services performed.*

The Santander Group is one of the principal financial groups in Spain, the eleventh largest banking group in the world by market capitalization and the leading banking group in the Euro Zone with a stock exchange capitalisation at 31 December 2005 of €69,735 million and total assets of €809,107 million. At that date, the Santander Group operated through 5,389 offices in Continental Europe, 712 in the United Kingdom and 4,100 in Latin America with a total of 129,196 employees (45,207 in Continental Europe, 21,080 in the United Kingdom and 62,161 in Latin America and 748 employees in other geographic areas).

The Group generated consolidated net profits (before minority interests) of €6,750 million in 2005. Net profit attributed to the Group was €6,220 million.

As a result of the entry into force of the International Financial Reporting Standards (IFRS) in 2005, the Bank has redefined its business areas for 2004 and 2005 for financial reporting purposes. These areas are defined by management and reflect, in the case of the secondary level (or business), the way business is conducted.

The new areas reflect the incorporation of Abbey, following the Bank's consolidation of its balance sheet at the end of 2004. In addition to applying the general accounting changes set out by the IFRS to the different business areas, some internal criteria have been changed, in accordance with IFRS principles, to better identify the risks and returns of each business. The main changes are as follows:

- *Centralized costs.* Although the Bank maintain the principle of applying to each unit the costs of central services incurred by it for support and control, corporate and institutional expenses related to the Group are excluded. These are now recorded in Financial Management and Equity Stakes. On the other hand, the non-corporate costs related to projects underway, primarily spending on IT systems, have been applied to the corresponding business.
- *Provisions and allowances for country-risk.* Both country-risk, as well as its provisions, are applied to the business area responsible for its management and where the net revenues of these operations are reflected. Only those intra-group operations which maintain the provisions, where risk disappears on an accounting basis, continue to be recorded, as before, in Financial Management and Equity Stakes.
- *Pension provisions.* Each business generally assumes the cost for pensions, including both the normal allocation as well as that of possible deficits. The only exception relates to amortization derived from the initial deficit that surpasses the "corridor" (see Note 2.v to the Bank's consolidated financial statements). In these cases, as the aforementioned amortization occurred because of a corporate decision by the Group, and provided it happens within five years and with the limit of the initial deficit, its cost will be assumed by Financial Management and Equity Stakes.
- *Shareholders' equity.* In line with the development in the Group of processes for calculating and managing economic capital, the adjustment for regulatory capital maintained has been eliminated. Each business maintains the shareholders' equity it manages. Use above this level will be penalized only in those cases where this figure is higher than the economic capital. Otherwise no payment will be made to the business.

In accordance with the criteria established by the IFRS, the structure of the operating business areas has been segmented into two levels:

Principal level (or geographic). The activity of the Bank's operating units is segmented by geographical areas. This coincides with the Bank's first level of management and reflects its positioning in the world's three main currency areas. The reported segments are:

- *Continental Europe.* This covers all retail banking business (including Banco Banif, S.A. ("Banif"), the Bank specialized private bank), asset management and insurance and wholesale banking conducted in Europe, with the exception of Abbey. This segment includes the following units: Santander Network, Banco Español de Crédito, S.A. ("Banesto"), Santander Consumer Finance and Portugal. In addition, small units outside the three geographic areas, whose relative importance to the Bank's total business is not significant and which are extensions of the main areas, are included in Continental Europe.
- *United Kingdom (Abbey).* This covers only Abbey's business, mainly focused on retail banking and insurance in the UK.
- *Latin America.* This embraces all the financial activities conducted via the Bank's subsidiary banks and other subsidiaries. It also includes the specialized units in International Private Banking, as an independent globally managed unit.

Secondary level (or business). This segments the activity of the Bank's operating units by type of business. The reported segments are:

- *Retail Banking.* This covers all customer banking businesses (except those of Corporate Banking, which are managed globally throughout the world).
- *Asset Management and Insurance.* This includes the Bank's units that design and manage mutual and pension funds and insurance.
- *Global Wholesale Banking.* This business reflects the returns from Global Corporate Banking, Investment Banking and Markets worldwide, including all treasuries with global management, as well as the Bank's equities business.

In addition to these operating units, which cover everything by geographic area and business, the Bank continues to maintain a separate *Financial Management and Equity Stakes* area. This area incorporates the centralized activities relating to equity stakes in industrial and financial companies, financial management of the structural exchange rate position and of the parent Bank's structural interest rate risk, as well as management of liquidity and of shareholders' equity through issues and securitizations. As the Group's holding entity, it manages all capital and reserves and allocations of capital and liquidity.

Retail Banking generated 84% of total gross income and 78% of income before taxes of the operating areas. This segment had 117,655 employees at the end of 2005.

Retail Banking in Continental Europe continued its growth in volume and earnings. Net interest income increased 14.3%, net operating income increased 21.3% and income before taxes increased 39.1%. In its first year as part of Grupo Santander, Abbey's Retail Banking operations generated gross income of €3,232 million, net operating income of €1,228 million and income before taxes of €986 million.

The strong earnings from Retail Banking in Latin America was based on growth in customer business, the excellent results in net interest income and net fees and costs. These were reflected in a 22.9% rise in commercial revenue, 38.2% in net operating income and 36.2% in income before taxes.

This segment accounted for 7% of the Group's gross income in 2005 and 9% of income before taxes which, at €688 million, was 85.6% higher than in 2004 (37.2% increase excluding Abbey).

Total revenues from mutual and pension funds and insurance activity, including those recorded by the distribution networks, amounted to €3,696 million, 62.9% more than in 2004 (20.3% increase excluding Abbey). These revenues are of high quality and recurrence and represented 20% of the Bank's commercial revenue.

Managed assets in mutual and pension funds increased 16% to more than €138,000 million and the liabilities from insurance contracts totaled €45,000 million (5% increase from 2004).

Asset Management. The global business of mutual and pension funds integrated in Santander Asset Management generated total fees of €1,956 million, 23.5% higher than in 2004 (15.9% increase without Abbey). Income before taxes, after deducting the fees paid to the distribution networks and operating costs, was €349 million (29.0% increase from 2004).

In Spain, Santander Asset Management managed more than €75,000 million in funds and investment companies, making it the sector's leader (with a market share of 25% in mutual and real estate funds, according to Inverco).

In Portugal, mutual and pension funds managed by Asset Management increased 17% and 7%, respectively, to a total of €7,000 million.

In Latin America, Santander Asset Management had €22,500 million under management in its mutual funds, 24% more than in 2004 excluding the exchange rate effect. Mexico, Brazil and Chile, which account for more than 90% of assets, registered strong growth. Knowledge of the markets and of local needs combined with

exploiting the Group's global capacities in managing and developing high value-added products resulted in higher growth than the markets. Mexico's managed mutual funds increased 36% (excluding the exchange rate effect) to €6,700 million and increased its market share by almost 1% to 17%. Brazil, whose managed assets increased 21% (excluding the exchange rate impact) to €11,100 million, focused on the retail segment where its market share reached 8% (a 0.3% increase). Chile's managed assets rose 11% to €2,700 million (excluding the exchange rate impact) and market share increased by close to 1%.

Insurance. Total revenues generated by the Bank's insurance companies, including fees paid to branch networks, amounted to €1,740 million (increases of 153.8% and 30.4% excluding Abbey from 2004). Income before taxes rose three fold to €340 million due to the incorporation of Abbey, which contributed €179 million, and the good performance of other insurance activity (59.2% increase in income before taxes).

In Spain, Santander Seguros y Reaseguros, Compañía Aseguradora, S.A. consolidated its bancassurance business, developing new businesses and boosting its sales capacity (two new channels, Hispamer and Unión de Crédito Inmobiliario S.A. (UCI), joined Santander Branch Network). Their total contribution to the Group, including net fees and income before taxes, was €205 million, 25% more than in 2004. Premium income increased 28%.

In Portugal, the distribution of risk insurance, largely linked to credit operations and capitalization-savings products, was expanded to include new and unlinked life-risk products. Premium income increased 49% and the total contribution to the Group rose 36%.

In the rest of Continental Europe, the various units of Santander Consumer Finance, which mainly sells products linked to consumer lending, generated €263 million of fees, 30% more than in 2004.

In the United Kingdom, Abbey's insurance business continued to be strong. At the end of 2005, Abbey's insurance activity balance stood at €36,500 million, and its total contribution to the Group (fees plus income before taxes) was €437 million, following a significant reduction in the area's costs. On June 7, 2006, the Bank announced that Abbey had entered into an agreement with Resolution under which Abbey will sell its entire life insurance business to Resolution (see "— A. History and development of the company — Recent events").

In Latin America, the Group continued to develop its strategy of growth in the distribution of insurance via local banks. Further progress was made in selling bancassurance products through personalized offers (life, auto and household products).

Global Wholesale Banking

This area covers the Bank's corporate banking, treasury and investment banking activities throughout the world.

This segment contributed 9% of gross income and 13% of income before taxes. Income before taxes amounted to €1,069 million, a 21.9% increase from 2004. This segment had 2,177 employees at the end of 2005.

Gross operating revenue increased 9.2%. Revenue from value-added businesses (transactional banking, trade finance, custody, investment banking, equities and treasury for customers) rose 22%.

Operating costs grew 11.9%, due to business expansion and new project launches in Europe, such as Santander Global Connect (SGC) and Santander Global Markets (SGM).

In 2005, the Bank consolidated a new Global Wholesale Banking model based on a double vector (product-customer) system. In the customer vector, the Global Customer Relation Model, established in 2003 to foster global management by product and country, consists of global teams comprising an executive responsible at the global level, local executives in the markets where customers operate and product specialists. The model generated gross income of €501 million, after six straight quarters of sustained growth.

The product vector consists of three large areas:

- *Corporate products.* This covers transactional banking, trade finance, custody and basic financing. Their gross income increased 8.8% from 2004.
- *Investment Banking.* This embraces financing solutions and corporate finance. Gross income increased 16.0%, strongly backed by corporate finance. Project finance operations formalized in 2005 amounted to €1,074 million. In financing of acquisitions, operations amounted to €962 million. Syndicated loans amounted to €3,700 million.
- *Markets.* This integrates equities and treasuries. Gross income rose 6.3%, supported by customer related revenues and a lower contribution from own-account activity.

By businesses, the gross income from equities was 28.0% higher, consolidating leadership in brokerage in Spain (13% market share including Banesto Bolsa, S.A., S.V.B.) and in Portugal (9% market share).

Global Treasury performed well in 2005 with SGC and SGM driving growth in Spain. SGM develops the distribution capacities for corporate and institutional clients in target markets and supports the production and distribution of structured products in the main Latin American countries, while obtaining synergies in products, books and organization.

In Spain, sales revenues attributed to both projects — SGC for retail clients and SGM for wholesale clients — increased 34.7%. Portugal's growth was 33.3% following the extension of SGC and the good performance of the wholesale sector.

Treasury in New York consolidated its structure in order to help the Latin American treasuries sell structured derivatives and increase the range of value-added products on offer.

The Bank's treasury operations manage money, foreign exchange and fixed-income trading, using conventional instruments and derivatives, for its own account and for the accounts of its customers. The Bank also participating in fixed income capital market activities.

In Latin America, the Bank's treasury operations continued to be preeminent in the region. The increasing coordination of local treasuries with Madrid and New York is enabling more global solutions to be offered to clients and greater cross-selling of products. This is producing notable growth in revenues (+22.2%) and is enhancing the Bank presence in the professional markets.

Financial Management and Equity Stakes

This area is responsible for a series of centralized activities and acts as the Bank's holding entity, managing all capital and reserves and assigning capital and liquidity to the other businesses. It also incorporates centrally managed business, which can be divided into the following sub areas:

- **Equity Stakes:** this area centralizes the management of equity stakes in financial and industrial companies.
Net attributable income from industrial stakes was €1,739 million, up from €492 million in 2004. The much higher figure was mainly due to the larger capital gains and the greater contribution from companies accounted for by the equity method, principally Cepsa.
- **Financial management:** this area carries out the global functions of managing the Bank's structural exchange rate position, the structural interest rate risk of the parent Bank and the liquidity risk. The latter is conducted through securities issuances and securitizations. It also manages shareholders' equity.

The cost of hedging the capital of the Bank's non euro-denominated investments is another activity managed by this sub-area. The hedging policy is aimed at protecting the capital invested and the year's results through various instruments that are deemed to be the most appropriate for their management. The main units with exchange risk, except for Brazil, were hedged during 2005.

This sub-area also manages shareholders' equity, the allocation of capital to each business unit, and the cost of financing investments.

Gross income from Financial Management and Equity Stakes was €-222 million in 2005, compared with €112 million in 2004. Net attributable income was €650 million in 2005 compared with a net attributable loss of €24 million in 2004.

At the end of 2005, this area had 1,462 employees (direct and assigned) (1,433 employees at the end of 2004), of which 404 were temporary.

Equity Stakes

Alliances and Financial Investments

The Bank has financial investments in a number of banking companies, principally in Europe. The following summarizes the Bank's most important financial investments:

San Paolo IMI. At December 31, 2005, the Bank owned 8.5% of the capital stock of San Paolo IMI, one of the largest banking groups in Italy in terms of assets. San Paolo IMI controls Intereuropa Bank, a Hungarian bank in which the Bank owns a 10% stake.

Attijariwafa Bank. At December 31, 2005, the Bank had a 14.5% interest in Attijariwafa Bank, which engages mainly in trade finance and foreign investment activities. Together with Attijariwafa Bank the Bank has a 50% joint venture in Attijari International Bank Société Anonyme, which specializes in trade finance in Tangier's free trade zone.

Industrial Portfolio

The majority of the Bank's industrial holdings portfolio consists of investments in strategic sectors related to the growth of the Spanish economy. Through its investments in these areas, the Bank aims to contribute to the Group's consolidated results.

The following table summarizes the Bank's main industrial holdings at December 31, 2005:

Company	Business	Percentage Held At December 31, 2005
Antena 3 de Televisión, S.A.	Mass Media	10.01
Cepsa (*)	Oil and Petrochemicals	32.27
Grupo Corporativo ONO, S.A.	Cable	15.91
Inmobiliaria Urbis, S.A. (**).	Real Estate	45.34

(*) 12.35% is held directly and 19.92% is held indirectly by the Group through Somaen Dos, S.L. The latter figure represents the Group's indirect economic participation in Cepsa since Santander only controls the percentage of shares of Somaen Dos, S.L. that it owns, which in turn corresponds to 19.92% of Cepsa's capital stock.

(**) As of December 31, 2005, Santander held 51.11% of the voting rights.

In 2005, the Bank realized capital gains of more than €1,650 million with divestments in Unión Fenosa, S.A. (22.02%), Auna (27.07%), MRBS Capital Partners (31.03%), Técnicas Reunidas, S.A. (38.02%) and Probitas Pharma, S.A. (11.62%), among others.

As of December 31, 2005, the Bank's unrealized capital gains in listed industrial and financial stakes were approximately €2,500 million.

5.1.2. *An indication of any significant new products and/or activities.*

The Group is continuously incorporating new financial products in an attempt to satisfy its customers' needs and to maintain its competitive position within the financial services market.

In this regard, the Global Committee on New Group Products held 13 meetings in 2005 during which it analysed 126 products or product families. A total of 75 products were submitted for approval subject to the Financial Products Procedure Manual, 25 of which were analysed by the Global Committee and the remaining 50 of which were analysed by the Manual's Office.

Some of the more significant products from among those launched by the Bank in 2005 include: the "Hipoteca Super Revolución" mortgage, or the campaign for the direct deposit of payrolls to accounts with advantages for the payment of telephone, gas and electricity bills. This loan, designed to help young people have access to housing and is characterised by its long term and fixed rates together with a repayment holiday for the first five years. Also highlighted are the "Préstamos Super Fidelidad" and "Fondo Super Selección Acciones".

The Banesto products which performed the best during 2005 were high value products for companies and individuals like "Banesto Selección", a new service for managing portfolios and electronic invoices.

The Bank's products that were most successful outside of Spain this year include the "Crédito Habitación Super Tranquilo", the "Crédito Automóvil Super Tranquilo" and the "Cartão Premium Travel" at Portugal's Santander Totta, the "Crédito Prestamista" loan and Tarjeta Platinum in Brazil, the credit cards "Titanio" and "Superexpress" in Chile and at Abbey, the "Flexible Plus Mortgage Deal for Life" which offers flexible payments, allowing increased or decreased payments and also allowing payment to be postponed and also the "No Fee Mortgage" which allows customers to change their mortgage to Abbey without paying fees and commissions involved in the change.

5.1.3. *Principal markets: A brief description of the principal markets in which the Guarantor competes.*

6 ORGANISATIONAL STRUCTURE

6.1 *If the Guarantor is part of a group, a brief description of the group and of the Guarantor's position within it.*

BANCO SANTANDER CENTRAL HISPANO, S.A. is the parent company of the Santander Group. At 31 December 2005 the Group was made up of 664 companies which were consolidated by the global integration methods, and 99 companies that are accounted for by the equity method.

6.2 *If the Guarantor is dependent upon other entities within the group, this must be clearly stated together with an explanation of this dependence.*

Not Applicable.

7 TREND INFORMATION

7.1. *Include a statement that there has been no material adverse change in the prospects of the Guarantor since the date of its last published audited financial statements. In the event that the Guarantor is unable to make such a statement, provide details of this material adverse change.*

There has been no material adverse change in the prospects of the Guarantor since 31 December 2005.

7.2. *Information on any known trends, uncertainties, demands, commitments or events that are reasonably likely to have a material effect on the Guarantor's prospects for at least the current financial year.*

There is no known trend which could currently affect the Group. Nevertheless, the following is a description of certain factors which, if produced, could affect the prospects of the Group.

The European financial services sector is likely to remain competitive with an increasing number of financial service providers and alternative distribution channels. Further, consolidation in the sector (through mergers, acquisitions or alliances) is likely to occur as the other major banks look to increase their market share or combine with complementary businesses. It is foreseeable that regulatory changes will take place in the future that will diminish barriers in the markets.

The following are the most important trends, uncertainties and events that are reasonably likely to have a material adverse effect on the Bank or that would cause the disclosed financial information not to be indicative of the Bank's future operating results or its financial condition:

- a downturn in real estate markets, and a corresponding increase in mortgage defaults;
- the recent interest rate hikes in the United States;
- uncertainties relating to economic growth expectations and interest rates cycles, especially in the United States, Spain, the United Kingdom, other European countries and Latin America, and the impact they may have over the yield curve and exchange rates;
- the effect that an economic slowdown may have over Latin America and fluctuations in local interest and exchange rates;
- the chance that changes in the macroeconomic environment will deteriorate the quality of the Bank's customers' credit
- a possible downturn in capital markets;
- a drop in the value of the euro relative to the US dollar, the Sterling pound or Latin American currencies;
- inflationary pressures, because of the effect they may have in relation to increases of interest rates and decreases of growth;
- increased consolidation of the European financial services sector; and
- although it is foreseeable that entry barriers to domestic markets in Europe will be lowered, the Bank's possible plans of expansion into other markets could be affected by regulatory requirements of the national authorities of these countries.

11.3.1. ***A statement that the historical financial information has been audited. If audit reports on the historical financial information have been refused by the statutory auditors or if they contain qualifications or disclaimers, such refusal or such qualifications or disclaimers must be reproduced in full and the reasons given.***

The individual and consolidated annual financial statements and management reports of BANCO SANTANDER CENTRAL HISPANO, S.A. for the 2004 and 2005 financial years were audited by the external audit firm DELOITTE, S.L. (formerly DELOITTE & TOUCHE ESPAÑA, S.L.).

The report of Deloitte, S.L. in relation to the financial statements of the Group for the year ended 31 December 2004 contains a reservation to the following effect: in 2003 and 2002, the Bank and other Group entities entered into early retirement agreements with certain employees and recorded these commitments, after receiving the related authorizations from the Bank of Spain pursuant to Rule 13 of Bank of Spain Circular 4/1991, with a charge to unrestricted reserves and simultaneously recorded the related deferred tax asset (€336 million and €181 million, respectively, in 2003, and €856 million and €461 million respectively, in 2002). In 2004, the Bank of Spain did not grant such authorization to credit institutions and, accordingly, also in accordance with rule 13 of Bank of Spain Circular 4/1991, the Bank and other Group entities recorded net provisions of €527 million with a charge to the consolidated statement of income to meet their commitments to the employees who took early retirement in that year (€810 million were charged to the “Extraordinary Loss” caption in the 2004 consolidated statement of income referred to above, and simultaneously the related deferred tax asset was recorded for €283 million).

There are no other reservations or qualifications of the auditors in relation to the 2004 and 2005 financial statements referred to above.

11.3.2. ***An indication of other information relating to the guarantor in this Base Prospectus which has been audited by the auditors.***

- 1) Since fiscal year 1992, the Madrid Central Pre-Trial Investigation Court No 3 has maintained pre-trial investigative proceedings — now Summary Proceedings — in order to determine liabilities of the Bank, its Chairman and three of its Officers with respect to certain credit assignment transactions (*operaciones de cesión de crédito*) carried out by Banco Santander, S.A. between fiscal years 1987 and 1989. In the opinion of the Bank and its internal and external advisors, the final result of this litigation will be favourable to the Bank, its Chairman and three of its Officers, and does not require a specific additional reserve. On July 16, 1996, the Madrid Central Pre-Trial Investigation Court No. 3, pursuant to a request made to such effect by the Attorney General after having consulted the Spanish Tax Authority, dismissed certain but not all the claims against the Bank, its Chairman and three of its Officers. Thereafter, the Attorney General — representative of the Tax Authority — and

the Office of the Public Prosecutor repeatedly requested the dismissal of the remaining claims and the removal of the case from the docket. However, on June 27, 2002, the court changed the cited proceedings into a Summary Proceeding. Such decision was appealed by the Office of the Public Prosecutor, the Bank, its Chairman and three of its Officers. On June 23, 2003, the Panel Two of the Criminal Division of the National Criminal and Administrative Court (*Audiencia Nacional*) admitted partially such appeals, explicitly acknowledging that the marketing of the credit assignment transactions with clients had been legal, and reducing the number of transactions under scrutiny — and with respect to which the Bank’s possible involvement is still being alleged — from 138 to 38, with respect to the remaining 38 transactions under scrutiny, the Attorney General and the Office of the Public Prosecutor have generally requested the dismissal of claims and their removal from the docket on the grounds that no crime had been committed. Following the conclusion of the indictment proceedings — with repeated requests by the Office of the Public Prosecutor and the Attorney General for the dismissal of the proceedings and their removal from the docket, — and based on the complaint filed by the citizen complainant, *Asociación para la Defensa de Inversores y Clientes* (Investor and Customer Defense Association), the Court, in an order dated October 6, 2004, decreed the commencement of oral evidentiary proceedings against the Chairman of the Bank and three of its Officers for one continuing crime of falsification of an official document, three continuing crimes of falsification of a commercial document, and thirty crimes against the public finance, ordering that a bond be jointly posted for €67.8 million, which amount was later reduced to €40.1 million, as a fine and for costs. The order designated Panel One of the Criminal Division of the National Criminal and Administrative Court as the competent court to hear the oral evidentiary proceedings. Relevant documentation has already been sent to the Court.

- 2) In December 1995, the Spanish tax authorities issued an “Acta” (writ) requiring Banco Santander, S.A. to pay €26.2 million in back withholding taxes, interest and penalties relating to the Bank’s alleged failure to comply with a purported obligation to withhold income tax on payments to clients with respect to certain credit assignment transactions held by such clients. The Bank’s appeal against this writ was rejected. The Bank filed a second appeal which was partially admitted by the court on October 30, 2003. Both the Bank and the Attorney General have appealed such decision before the Supreme Court and are awaiting the Court’s decision with respect to the appeals.
- 3) Inversión Hogar, S.A. filed in 2001 a suit against the Bank, carried out before the Court of 1st Instance number 19 of Madrid, seeking the termination of a transactional agreement dated December 11, 1992 between the Bank and the plaintiff. On May 19, 2006, a judgment was rendered whereby the agreement is deemed terminated and the Bank is ordered: (i) to pay EUR1.8 million plus legal interests accrued since February 1997; (ii) to return a property which had been assigned to the Bank pursuant to the agreement; (iii) to pay an additional amount of EUR72.9 million as restoration of goods which had been sold by the Bank after foreclosure; and (iv) to bear the legal costs of the proceeding. The Bank has filed an appeal against such judgment.
- 4) In May 2004, Chadia Limited, S.A. filed a suit against the Bank, carried out before the Court of 1st Instance number 48 of Madrid, proceeding number 420/2004, alleging that the Bank breached an alleged agreement for the sale to the plaintiff of certain buildings and seeking damages in the amount of €133 million. The Court rejected the claim, Chadia Limited, S.A. appealed, and the Court rejected such appeal. Subsequently, Chadia Limited, S.L. has appealed to the Supreme Court.
- 5) The Bank is presently subject to a claim made by the Instituto Nacional de Vías de Colombia (INVIAS) in connection with the execution of an order declaring the expiration of a concession to build and operate a toll motorway in Colombia. The Bank formed part of the consortium (COMMSA) who was awarded that concession. Apart from certain injunctive measures, INVIAS is requesting from COMMSA and its shareholders (jointly and severally) the payment of USD 137.1 million. There is an undertaking by some of the shareholders of COMMSA to indemnify the Bank in full in connection with losses it may incur as a result of the claim.

On September 20, 2006, COMMSA and INVIAS — in the presence of representatives of the Colombian and Spanish governments — entered into an agreement in principle to settle the dispute, pursuant to which the parties will desist from the litigation in consideration for a cash indemnity. The amount of the cash indemnity is pending determination.

- 6) For informational purposes, it is also mentioned that several persons, who allegedly have funds deposited in Banco Río de la Plata, S.A., filed an application for conciliation before the courts of the city of Madrid against the Bank, the persons who were members of the Board during 2001 and 2002 and others. According to Spanish Law, this application did not start proper judicial proceedings against the Bank. The claimants only intended that the defendants acknowledge the facts alleged in their application, regarding the Bank and its Directors' claimed obligation to reimburse the funds deposited by the claimants in Banco Río de la Plata, S.A. The conciliation hearing was held on July 16, 2002. The Bank and the members of the Board refused to accept the facts and allegations of the application. This meant the termination of the conciliation. In January 2004, there was a preliminary hearing in connection with a similar case, in which a person who allegedly deposited funds in Banco Río de la Plata, S.A. is claiming \$8,365.71. The Court has not determined the date for the next hearing yet.

Abbey National Treasury Services PLC

Abbey National Treasury Services plc received a demand from a foreign Tax Authority relating to the repayment of certain tax credits and related charges. Following certain modifications to the demand its nominal amount now stands at 57 million Pounds sterling. As of December 31, 2005, additional interest in relation to the demand could amount to 17 million Pounds sterling. Abbey National Treasury Services plc has received legal advice that it has strong grounds to challenge the validity of the demand.

Banco do Estado de Sao Paulo (Banespa)

- 1) Pursuant to the Brazilian labour regulations applicable to Banespa, this bank had recorded as of December 31, 2000, the pension allowances arising from the commitments to certain employees, which amounted to approximately 4,000 million Brazilian reais. Since 1987, the Directors of Banespa, as advised by their tax advisers, treated these expenses as deductible expenses in calculating the Brazilian corporate income tax. However, in September 1999, the “Secretaria de Receita Federal” issued a decision according to which these expenses, in an amount of approximately Brazilian reais 2,867 million would not be tax deductible. In October 1999, the Board of Directors of Banespa filed an appeal challenging this decision together with an “acción cautelar” regarding fiscal years 1999 and 2000, posted a deposit of Brazilian reais 1,297 million and recorded a provision of Brazilian reais 2,600 million for this contingency. Such provision was recorded in 1999 with a charge to income, after recording the related deferred tax asset of Brazilian reais 1,200 million.

In this respect, the Board of Directors of Banespa has decided to accept the Medida Provisória nº 66 of the Secretaria da Receita Federal dated August 29, 2002 and to pay Brazilian reais 2,110 million in order to settle the proceedings. The company disputes any liability with respect to an additional amount of Brazilian reais 103 million relating to costs and surcharges imposed in connection with the dispute relating to the principal amount. The company has asked for a cautionary judicial action posting a deposit which at December 31, 2005 amounts to reais 164 million.

- 2) Several lawsuits are underway in Brazil with respect to the acquisition of Banco Noroeste and its subsequent amalgamation by Banco Santander Brazil. No adverse resolutions are envisaged that are not covered by existing provisions.

Lawsuits relating to the acquisition of Banco Noroeste

- a. Actions requesting the invalidity of the general Shareholders' Meeting that approved the capital increase through which the initial stake in Banco de Noroeste was acquired, and one of such actions, compensation for damages.

These two actions are based on a series of alleged defects in the holding of the aforementioned general Shareholders' Meeting. In both cases, sentence has been passed against the Bank in the first instance, but an appeal has been lodged, with a stay of execution.

- b. Action requesting compensation for not having received sufficient refund following to fraudulent diversion of funds from the Caiman Islands.

Prior to the acquisition of Banco Noroeste by Grupo Santander, a diversion of funds occurred from Noroeste's branch in the Caiman Islands. Santander sought and obtained from the previous majority shareholders the refund of the diverted funds to Noroeste's net worth, together with interest calculated at the rate applicable to assets in dollars, since such funds had been invested for a long time in assets denominated in that currency. The action demanded application of the rate applicable to Brazilian financial assets. After a first sentence against the Bank, the appeal was won, followed by a second sentence against the Bank, an appeal having been lodged with stay of execution. The sentence demands payment of the difference between both rates (established at 743 million reais at source, 2,100 million reais with monetary correction to date). However, the recipient of the compensation and the payer are the same legal entity; therefore, if the payment obligation materialises, both amounts would be offset. However, sentence has also been passed demanding 20% as fees and 5% as a "reward" for defending corporate interests, in both cases on the aforementioned amount of 2,100 million reais.

Legal proceedings relating to the takeover of Banco Noroeste by Banco Santander Brasil

There are three actions requesting annulment of the general Shareholders' Meeting that approved the merger or compensation for damages. In the three cases, sentence has been passed in the first instance, two against the Bank and one in its favour, appeal having been filed (by the bank or by the counterparty), with stay of execution in all cases.

Santander Distribuidora de Títulos e Valores Mobiliários, Ltda. (formerly known as Santander Brasil DTVM, Ltda.) and Banco Santander Brasil, S.A.

- 1) On May 19, 2003, the Secretaria de Receita Federal issued an "Auto de Infração" requiring from our Brazilian affiliate Santander Distribuidora de Títulos e Valores Mobiliários, Ltda. the payment of Brazilian reais 290 million in taxes allegedly incurred in connection with certain cash management services rendered by such company to its clients which the company had treated during 2000, 2001 and the two first months of 2002 as exempt from the Tax on Financial Transactions, following the advice of its tax advisers. The Board of Directors of Santander Distribuidora de Títulos e Valores Mobiliários, Ltda. appealed this decision in June 2003. The Tax Authorities confirmed the "Auto de Infração" and the Board of Directors appealed to "Conselho de Contribuintes" (final administrative court). The Court decision is pending. On December 31, 2005, the amount involved in the action was equivalent to reais 352 million.
- 2) Also on May 29, 2003, the Secretaria de Receita Federal issued another "Auto de Infração" requiring from our Brazilian affiliate Banco Santander Brasil, S.A. the payment of Brazilian reais 290 million in taxes allegedly incurred in connection with certain clearing services rendered by such company to Santander Distribuidora de Títulos e Valores Mobiliários, Ltda. pursuant to an agreement between these two companies. Following the advice of its tax advisers, Banco Santander Brasil, S.A. had treated during 2000, 2001 and the two first months of 2002 such services as exempt from the Tax on Financial Transactions. The Board of Directors of Banco Santander Brasil, S.A. appealed this decision in June 2003. The Tax Authorities confirmed the "Auto de Infração" and the Board of

Directors appealed to “Conselho de Contribuintes” (final administrative court). The Court decision is pending. On December 31, 2005, the amount involved in the action was equivalent to reais 352 million.

Casa de Bolsa Santander Serfin, S.A. de C.V. (“Casa de Bolsa”) (Grupo Financiero Santander Serfin)

In 1997 Casa de Bolsa was sued for an alleged breach of various stock brokerage contracts. On July 6, 1999, Civil Court number thirty-one of the Federal District handed down a judgment ordering Casa de Bolsa to return to the plaintiff 2,401,588 shares of the investment vehicle México 1 and 11,219,730 shares of the investment vehicle México 4 at their market value and to pay MXP 15 million, plus interest calculated at the average percentage cost of deposit-taking (C.P.P.) multiplied by four.

After several appeals had been filed, this judgment was declared final on June 21, 2004. On November 5, 2004, a writ of execution was issued in which the interest was quantified at MXP 37,646 million and Casa de Bolsa was ordered to deliver the claimed shares.

Successive appeals were filed against this writ of execution. On February 14, 2006, Civil Chamber number two of the High Court of Justice of Mexico City handed down a decision on the latest appeal, setting aside the writ of execution since the payment of the MXP 37,646 million was deemed to be unjustified and the procedure to calculate the interest had been incorrect. An appeal for protection of constitutional rights was filed against this decision. On June 20, 2006 the Court confirmed that the decision of the Civil Chamber number two dated February 14, 2006 regarding the way in which the interest should be calculated does not violate constitutional rights. An appeal for judicial review was filed against the decision handed down on June 20, 2006. The Court resolved that Casa de Bolsa has to deliver the claimed shares, but that the interest amount had been improperly calculated.

Shareholder Litigation

- 1) A small group of shareholders (owning 1,537 shares among them, less than 0.000025% of the Bank’s share capital) that has consistently maintained a position against the Bank and its Chairman for several years, has been contesting certain corporate resolutions adopted at the eight General Shareholders’ Meetings of Banco Santander Central Hispano, S.A. held on: (i) 18th January 2000; (ii) 4th March 2000; (iii) 10th March 2001; (iv) 9th February 2002; (v) 24th June 2002; (vi) 21st June 2003; (vii) 19th June 2004; and (viii) 18th June 2005. In all cases, the objections were dismissed in the first instance and upon appeal (except those relating to the 2003 General Meetings, where the proceedings have been suspended on a first penal ruling procedure; 2004, which were dismissed in the first instance and are being appealed; and 2005, still pending sentence in the first instance), with costs being imposed in the majority of cases. In most cases the plaintiffs have filed appeals to the Supreme Court, which, except for the cases where such appeals were not admitted, are being processed. The same occurred with the General Shareholders’ Meetings of Banesto held on 26th March 1994 (resolutions contested by Rafael Pérez Escolar, Mr. Mario Conde Conde and others and Mr. Ramiro Núñez-Villaveirán y Ovilo) and 15th February 1995 (resolutions contested by Mr. Rafael Pérez Escolar and Mr. Ramiro Núñez-Villaveirán y Ovilo), which were dismissed in the first instance and upon appeal, with imposition of costs and with respect to which appeals have been filed before the Supreme Court.
- 2) The Bank is involved in Preliminary proceedings 2973/2006 carried forward by the Madrid Pre-Trial Investigation Court No. 11 in connection with a complaint filed by one shareholder of the Bank against the Chairman of the Bank and others, and against the Bank and its affiliated companies Santusa Holding, S.L. and Santander Holding Gestión, S.L. regarding alleged misappropriation, deceitful accounting and disloyal management.

On May 23, 2006, the Court admitted the filing of the complaint, although such admission was only partial. The Bank has challenged the complaint.

Other Litigation

In addition to the above described matters, the Bank and its subsidiaries are from time to time subject to certain claims and parties to certain legal proceedings incidental to the normal course of our business, including in connection with the Group's lending activities, relationships with the Group's employees and other commercial or tax matters. In view of the inherent difficulty of predicting the outcome of legal matters, particularly where the claimants seek very large or indeterminate damages, or where the cases present novel legal theories, involve a large number of parties or are in early stages of discovery, the Bank cannot state with confidence what the eventual outcome of these pending matters will be, what the timing of the ultimate resolution of these matters will be or what the eventual loss, fines or penalties related to each pending matter may be. The Bank believes that it has made adequate reserves related to the costs anticipated to be incurred in connection with these various claims and legal proceedings and believes that liabilities related to such claims and proceedings should not have, in the aggregate, a material adverse effect on the Group's business, financial condition, or results of operations. However, in light of the uncertainties involved in such claims and proceedings, there is no assurance that the ultimate resolution of these matters will not significantly exceed the reserves currently accrued by the Bank; as a result, the outcome of a particular matter may be material to the Bank's operating results for a particular period, depending upon, among other factors, the size of the loss or liability imposed and the level of the Bank's income for that period.

- 11.7. *Significant change in the Guarantor's financial position: A description of any significant change in the financial position of the group which has occurred since the end of the last financial period for which either audited financial information or interim financial information have been published, or an appropriate negative statement.*

There has been no significant change in the financial position of the Group since 30 September 2006, being the date of the most recent published unaudited consolidated interim financial statements of the Bank.

12 MATERIAL CONTRACTS

- 12.1 *A brief summary of all material contracts that are not entered into in the ordinary course of the Guarantor's business, which could result in any group member being under an obligation or entitlement that is material to the Guarantor's ability to meet its obligation to security holders in respect of the securities being issued.*

Sovereign Bancorp, Inc. ("**Sovereign**"). On May 31, 2006, Santander acquired shares of common stock of Sovereign equal to 19.8% of Sovereign's outstanding shares after giving effect to such purchase. The purchase price was \$27 per share, for an aggregate purchase price of \$2.4 billion. The proceeds of the sale were used by Sovereign to finance a portion of the \$3.6 billion cash purchase price that Sovereign paid to acquire Independence Community Bank Corp. ("**Independence**").

Sovereign's board of directors has elected two Santander designees to its board of directors, and Santander's Annual General Meeting of Shareholders held on June 17, 2006 elected the chief executive officer of Sovereign to Santander's Board of Directors. Sovereign and Independence together constitute the 18th largest bank in the United States as measured by assets and deposits with a significant presence in the Northeastern United States.

Under the Investment Agreement dated October 24, 2005 between Santander and Sovereign, as amended (the "**Investment Agreement**"), Santander has the right to increase its stake to 24.99% of Sovereign's outstanding shares at market prices. Unless otherwise approved by Sovereign's shareholders, shares so purchased will be held in a voting trust and voted in direct proportion to the votes of Sovereign's shareholders other than Santander and its affiliates. In addition, following the second anniversary of the closing and until the end of the fifth year after the closing, Santander will have the option to make an offer to acquire all of Sovereign, subject to certain conditions and limitations agreed between the parties. If such

an offer is made by Santander and the offer is either the highest offer resulting from an auction of Sovereign or at least equal to a full and fair price for Sovereign as determined pursuant to a competitive valuation procedure agreed to by the parties, the Sovereign board must accept the offer; provided that, during the third year after the closing, any offer made by Santander must be at a price of at least \$40 per share. Even if the Sovereign board accepts the offer, Santander will not be permitted to complete an acquisition of Sovereign unless a majority of the shareholders other than Santander and its affiliates who vote at the relevant Sovereign shareholder meeting approve the acquisition. In addition, for five years following the closing, Santander will have a right of first negotiation and a matching right with respect to third party offers to acquire Sovereign. Finally, with certain exceptions, Santander has agreed that, during this five year period, it will not sell or otherwise dispose of its Sovereign shares.

Santander has several options with respect to its investment. Santander can hold its investment in Sovereign indefinitely, after two years seek to acquire 100% of Sovereign or, subject to the terms of the Investment Agreement, sell or otherwise dispose of its investment. Santander currently holds 24.9% of Sovereign's outstanding shares.

Law 22/2003 (*Ley Concursal*) dated 9 July 2003 (“**Law 22/2003**”) regulating all insolvency procedures in Spain, which came into force on 1 September 2004, supersedes all Spanish prior provisions which regulated bankruptcy, insolvency (including suspension of payments) and processes affecting creditors’ rights generally, including the ranking of credits.

From the entry into force of Law 22/2003, and in accordance with the insolvency procedures regulated therein, creditors whose rights arise from a Spanish Public Document (as defined below), including Holders of the Instruments, do not have a preference to enforce their rights and do not rank ahead of other creditors whose rights may be recognised by virtue of a document not so witnessed.

In the event of insolvency (*concurso*) of the Issuer, under Law 22/2003, claims relating to the Subordinated Instruments will fall within the category of “subordinated debts” (as defined in Law 22/2003). The obligations of the Issuer under the Subordinated Instruments, whether on account of principal, interest or otherwise, are subordinated to all other unsecured and unsubordinated obligations of the Issuer. After payment in full of unsubordinated debts but before distributions to shareholders and creditors of the Issuer which are characterised as holders of equity (*Otros Acreedores a Título Asimilable al de Aportación de Capital*), under article 92 of Law 22/2003, the Issuer will meet such subordinated debts in the following order and pro rata within each class: (i) claims lodged belatedly or inaccurately in the context of insolvency proceedings; (ii) contractually subordinated debt (such as the Subordinated Instruments); (iii) interest (such as interest due on the Subordinated Instruments accrued and unpaid until the commencement of the insolvency proceedings (*concurso*)); (iv) fines; (v) claims of creditors which are related to the Issuer; and (vi) debt arising from transactions set aside by Spanish courts in the context of insolvency proceedings (*rescisión concursal*) and in respect of which the court has determined that the relevant creditor has acted in bad faith.

Subordinated Instruments may be computed by the Guarantor as regulatory capital (*recursos propios*) of the Guarantor pursuant to the relevant provisions in current Spanish law relating to equity and consolidated groups of financial institutions: Law 13/1985 of 25 May, Law 13/1992 of 1 June, Royal Decree 1343/1992 of 6 November and *Banco de España Circular 5/1993* of 26 March, all the above as amended and restated (or such provisions as may replace, supplement or implement the foregoing in the future).

4.6 *A description of the rights attached to the securities, including any limitations of those rights, and procedure for the exercise of those rights*

Each Tranche will be the subject of Final Terms which, for the purposes of that Tranche only, supplements the Terms and Conditions of the Instruments as set out in “Terms and Conditions of the Instruments” and must be read in conjunction with the Base Prospectus. The Terms and Conditions applicable to any particular Tranche of Notes are the Terms and Conditions of the Instruments as amended and/or replaced by the relevant Final Terms. See “Pro Forma Final Terms”. Senior Instruments will have the benefit of a Negative Pledge as described in Condition 4 (*Negative Pledge*) and Events of Default, including a cross-default as described in Condition 7 (*Events of Default*).

4.7 *The nominal interest rate and provisions relating to interest payable.*

In the case of Floating Rate Instruments and Index Linked Instruments, the relevant rates will be determined by The Bank of New York in its capacity as Determination Agent by reference to a page on an information vending service (if Screen Rate Determination is specified in the Final Terms) in accordance with Condition 5B.03 (*Screen Rate Determination*), or if ISDA Determination is specified in the Final Terms, in accordance with Condition 5B.04 (*ISDA Determination*). If Index Linked Interest is specified as being applicable in the Final Terms, the relevant provisions for determining the rate of interest shall be specified in the relevant Final Terms. See Condition 5 (*Interest*).

- A description of any market disruption or settlement disruption events that affect the underlying-Adjustment rules with relation to events concerning the underlying

Any such events shall be specified in the Final Terms, if applicable.

- Name of the calculation agent

Any such explanation shall be included in the Final Terms, if applicable.

4.8 *Maturity date and arrangements for the amortization of the loan, including the repayment procedures. Where advance amortization is contemplated, on the initiative of the issuer or of the holder, it shall be described, stipulating amortization terms and conditions*

See Condition 6 (*Redemption and Purchase*) and Condition 9 (*Payments*).

Where Instruments have a maturity of less than one year and either (a) the issue proceeds are received by the Issuer in the United Kingdom or (b) the activity of issuing the Instruments is carried on from an establishment maintained by the relevant Issuer in the United Kingdom, such Instruments must: (i) have a minimum redemption value of £100,000 (or its equivalent in other currencies) and be issued only to persons whose ordinary activities involve them in acquiring, holding, managing or disposing of investments (as principal or agent) for the purposes of their businesses or who it is reasonable to expect will acquire, hold, manage or dispose of investments (as principal or agent) for the purposes of their businesses; or (ii) be issued in other circumstances which do not constitute a contravention of section 19 of the Financial Services and Markets Act 2000 by the relevant Issuer.

Under Luxembourg Law on Prospectuses for Securities which implements the Prospectus Directive, prospectuses relating to money market instruments having a maturity at issue of less than 12 months and complying also with the definition of securities are not subject to the approval provisions of Part II of such law.

TAXATION AND DISCLOSURE OF HOLDER INFORMATION IN CONNECTION WITH INTEREST PAYMENTS

The following is a general description of certain Spanish tax considerations relating to the Instruments. It does not purport to be a complete analysis of all tax considerations relating to the Instruments. Prospective purchasers of Instruments should consult their own tax advisers as to the consequences under the tax laws of the country of which they are resident for tax purposes and the tax laws of Spain of acquiring, holding and disposing of Instruments and receiving any payments under the Instruments. This summary is based upon the law as in effect on the date of this document and is subject to any change in law that may take effect after such date.

In the event of an issue of unlisted Instruments, the applicable tax regime will be set out in the relevant Final Terms.

Taxation in Spain

Introduction

This information has been prepared in accordance with the following Spanish tax legislation in force at the date of this document:

- (a) of general application, Additional Provision two of Law 13/1985, of 25th May on investment ratios, own funds and information obligations of financial intermediaries, as promulgated by Law 19/2003, of 4th July on legal rules governing foreign financial transactions and capital movements and various money laundering prevention measures, as well as Royal Decree 1778/2004, of 30th July establishing information obligations in relation to preferential holdings and other debt instruments and certain income obtained by individuals resident in the European Union and other tax rules;
- (b) for individuals with tax residency in Spain which are Individual Income Tax (IRPF) taxpayers, Royal Legislative Decree 3/2004, of 5th March promulgating the Consolidated Text of the Individual Income Tax Law, and Royal Decree 1775/2004, of 30th July promulgating the Individual Income Tax Regulations, along with Law 19/1991, of 6th June on Wealth Tax and Law 29/1987, of 18th December on Inheritance and Gift Tax;
- (c) for legal entities resident for tax purposes in Spain which are Corporation Tax taxpayers, Royal Legislative Decree 4/2004, of 5th March promulgating the Consolidated Text of the Corporation Tax Law, and Royal Decree 1777/2004, of 30th July promulgating the Corporation Tax Regulations; and
- (d) for individuals and entities who are not resident for tax purposes in Spain which are non-resident income tax taxpayers, Royal Legislative Decree 5/2004, of 5th March promulgating the Consolidated Text of the Non-Resident Income Tax Law, and Royal Decree 1776/2004, of 30th July promulgating the Non-Resident Income Tax Regulations, along with Law 19/1991, of 6th June on Wealth Tax and Law 29/1987, of 18th December on Inheritance and Gift Tax.

Whatever the nature and residence of the holder, the acquisition and transfer of the Instruments will be exempt from indirect taxes in Spain, i.e. exempt from Capital Transfer Tax and Stamp Duty, in accordance with the Consolidated Text of such tax promulgated by Royal Legislative Decree 1/1993, of 24th September and exempt from Value Added Tax, in accordance with Law 37/1992, of 28th December regulating such tax.

1. Individuals with Tax Residency in Spain

1.1 *Individual income tax (impuesto sobre la renta de las personas físicas)*

Both interest periodically received and income deriving from the transfer, redemption or repayment of the Instruments constitute a return on investment obtained from the transfer of own capital to third parties in accordance with the provisions of Section 23.2 of the Individual Income Tax Law, and must be included in the general portion of the investor's taxable income.

Both types of income are subject to a withholding on account at the rate of 15%, expected to rise to 18% on 1 January 2007.

If the period during which such income is generated exceeds two years a reduction of 40% will be applied, for the effect of both withholdings and inclusion in taxable income.

1.2 *Wealth tax (impuesto sobre el patrimonio)*

Individuals with tax residency in Spain under an obligation to pay Wealth Tax must take into account the amount of the Instruments which they hold as at 31st December in each year, when calculating their wealth tax liabilities.

1.3 *Inheritance and gift tax (impuesto sobre sucesiones y donaciones)*

Individuals with tax residency in Spain who acquire ownership or other rights over any Instruments by inheritance, gift or legacy will be subject to inheritance and gift tax in accordance with the applicable regional or State rules.

2. **Legal Entities with Tax Residency in Spain**

2.1 *Corporation tax (impuesto sobre sociedades)*

Both interest periodically received and income deriving from the transfer, redemption or repayment of the Instruments constitute a return on investments for tax purposes obtained from the transfer to third parties of own capital and must be included in the profit and taxable income of legal entities with tax residency in Spain for corporation tax purposes in accordance with the rules for this tax.

In accordance with Section 59.s) of the Corporation Tax Regulations there is no obligation to make a withholding on income obtained by Spanish Corporation Tax taxpayers (which for the sake of clarity, include Spanish tax resident investment funds and Spanish tax resident pension funds) from financial assets traded on organised markets in OECD countries. The Issuers intend to make an application for the Instruments to be traded on the Luxembourg Stock Exchange and, upon admission to trading on the Luxembourg Stock Exchange, they will therefore fulfil the requirements laid down by the legislation for exemption from withholding. The Directorate General for Taxation (Dirección General de Tributos — “DGT”), on 27th July 2004, issued a reply to a consultation indicating that in the case of issues made by entities resident in Spain, as in the case of the Issuer, application of the exemption requires that the Instruments be placed outside Spain in another OECD country. The Issuer considers that the issue of the Instruments will fall within this exemption as the Instruments are to be sold outside Spain and in the international capital markets and none of the entities initially placing the Instruments is resident in Spain. Consequently, the Issuer will not make any withholding on interest payments to Spanish Corporation Tax taxpayers that provide relevant information to qualify as such. If the Spanish tax authorities maintain a different opinion on this matter however, the Issuer will be bound by that opinion and with immediate effect, make the appropriate withholding and the Issuer will not, as a result, be under any obligation to pay additional amounts.

In order to implement the exemption from withholding, the procedures laid down in the Order of 22nd December 1999 will be followed. No reduction percentage will be applied. (Please see “Disclosure of Holder Information in connection with interest payments” below).

2.2 *Wealth tax (impuesto sobre el patrimonio)*

Legal entities are not subject to wealth tax.

2.3 *Inheritance and gift tax (impuesto sobre sucesiones y donaciones)*

Legal entities with tax residency in Spain which acquire ownership or other rights over the Instruments by inheritance, gift or legacy are not subject to inheritance and gift tax and must include the market value of the Instruments in their taxable income for Spanish corporation tax purposes.

3. **Individuals and Legal Entities with no tax residency in Spain**

3.1 *Non-resident income tax (impuesto sobre la renta de no residentes)*

(a) *With permanent establishment in Spain*

Ownership of the Instruments by investors who are not resident for tax purposes in Spain will not in itself create the existence of a permanent establishment in Spain.

If the Instruments form part of the assets of a permanent establishment in Spain of a person or legal entity who is not resident in Spain for tax purposes, the legal rules applicable to income deriving from such Instruments are the same as those previously set out for Spanish Corporation Tax taxpayers.

(b) *With no permanent establishment in Spain*

Both interest payments periodically received and income deriving from the transfer, redemption or repayment of the Instruments, obtained by individuals or entities who have no tax residency in Spain, being Non-Resident Income Tax taxpayers with no permanent establishment in Spain, are exempt from such Non-Resident Income Tax on the same terms laid down for income from Public Debt. This exemption is not applicable if such income is obtained through countries or territories classified as tax havens (being those included in Royal Decree 1080/1991, of 5th July), in which case such income will be subject to Non-Resident Income Tax in Spain at the rate of 15%, expected to rise to 18% on 1 January 2007, which the Issuer will withhold.

For these purposes it is necessary to comply with certain information obligations relating to the identity of the holders, in the manner detailed under “Disclosure of Holder information in connection with interest payments” as laid down in section 12 of Royal Decree 2281/1998, as promulgated by Royal Decree 1778/2004. If these information obligations are not complied with in the manner indicated the Issuer will apply a withholding of 15% expected to rise to 18% on 1 January 2007 and the Issuer will not, as a result, be under any obligations to pay additional amounts.

3.2 *Wealth tax (impuesto sobre el patrimonio)*

To the extent that income deriving from the Instruments is exempt from Non-Resident Income Tax, individuals who do not have tax residency in Spain who hold such Instruments will be exempt from wealth tax.

Furthermore, individuals resident in a country with which Spain has entered into a double tax treaty in relation to Wealth Tax will generally not be subject to wealth tax.

If the provisions of the foregoing two paragraphs do not apply, individuals who are not tax residents in Spain will be subject to wealth tax to the extent that rights deriving from the Instruments can be exercised in Spanish territory.

Non-resident legal entities are not subject to wealth tax.

3.3 *Inheritance and gift tax (impuesto sobre sucesiones y donaciones)*

Individuals who do not have tax residency in Spain who acquire ownership or other rights over the Instruments by inheritance, gift or legacy, and who reside in a country with which Spain has entered into a double tax treaty in relation to inheritance tax will be subject to the relevant double tax treaty.

If the provisions of the foregoing paragraph do not apply, such individuals will be subject to inheritance and gift tax in accordance with the applicable regional and state legislation.

Non-resident entities which acquire ownership or other rights over the Instruments by inheritance, gift or legacy are not subject to inheritance and gift tax. They will be subject to Non-Resident Income Tax. If the entity is resident in a country with which Spain has entered into a double tax treaty, the provisions of the treaty will apply. In general, treaties provide for the taxation of this type of income in the country of residence of the beneficiary.

4. *Tax Rules for payments made by the Guarantor*

Payments which may be made by the Guarantor to holders, if the Guarantee is enforced, will be subject to the same tax rules previously set out for payments made by the Issuer.

5. Tax havens

Pursuant to Royal Decree 1080/1991, of 5th July the following are each considered to be a tax haven:

Principality of Andorra, Netherlands Antilles, Aruba, Kingdom of Bahrain, Sultanate of Brunei, Republic of Cyprus, United Arab Emirates, Gibraltar, Hong-Kong, The Island of Anguila, Islands of Antigua and Barbuda, The Bahamas, The Island of Barbados, The Bermuda Islands, Cayman Islands, The Cook Islands, The Republic of Dominica, Grenada, Fiji Islands,	Channel Islands (Jersey and Guernsey), Jamaica, Falkland Islands, Isle of Man, Marianas Islands, Mauritius, Montserrat, Republic of Nauru, Solomon Islands, Saint Vincent & the Grenadines, Saint Lucia, Republic of Trinidad and Tobago, Turks and Caicos Islands, Republic of Vanuatu, British Virgin Islands, Virgin Islands (of the United States),	Hashemite Kingdom of Jordan, Republic of Lebanon, Republic of Liberia, Principality of Liechtenstein, Grand Duchy of Luxembourg Area (as regards the income received by the Companies referred to in paragraph 1 of Protocol annexed Avoidance of Double Taxation Treaty, dated 3 June 1986), Macao, Principality of Monaco. Sultanate of Oman, Republic of Panama, Republic of San Marino, Republic of Seychelles, Republic of Singapore.

6. EU Savings Tax Directive

Under EC Council Directive 2003/48/EC on the taxation of savings income, each Member State is required from 1 July 2005, to provide to the tax authorities of another Member State details of payments of interest or other similar income paid by a person within its jurisdiction to, or collected by such a person for, an individual resident in that other Member State; however, for a transitional period, Austria, Belgium and Luxembourg may instead apply a withholding system in relation to such payments, deducting tax at rates rising over time to 35%. The transitional period is to terminate at the end of the first full fiscal year following agreement by certain non-EU countries to the exchange of information relating to such payments.

Also with effect from 1 July 2005, a number of non-EU countries, and certain dependent or associated territories of certain Member States, have agreed to adopt similar measures (either provision of information or transitional withholding) in relation to payments made by a person within its jurisdiction to, or collected by such a person for, an individual resident in a Member State. In addition, the Member States have entered into reciprocal provision of information or transitional withholding arrangements with certain of those dependent or associated territories in relation to payments made by a person in a Member State to, or collected by such a person for, an individual resident in one of those territories.

7. Disclosure of Holder information in connection with interest payments

The Clearing Systems are currently in discussions to harmonise the procedure for the provision of information as required by Spanish laws and regulations. The following is a summary only and is subject to the Clearing Systems' discussions as well as to further clarification from the Spanish tax authorities regarding such laws and regulations. Holders must seek their own advice to ensure that they comply with all procedures to ensure correct tax treatment of their Instruments. None of the Issuer, the Guarantor, the Arrangers, the Dealers, the Agents or the Clearing Systems assume

any responsibility therefor. In relation to listed Instruments which are not initially issued in global form, the procedures will be specified in the relevant Final Terms. In particular, procedures relating to listed Registered Instruments (which are not in global form) will need to reflect the fact that payments of Interest are made to holders of Instruments as of the Record Date (as defined in the Conditions). Unlisted Instruments will not be subject to the tax regime or reporting requirements established pursuant to the above legislation and their specific withholding tax regime will be specified in the relevant Final Terms.

7.1 *Legal Entities with tax residency in Spain subject to Spanish Corporation tax*

In accordance with procedures established in the Issue and Paying Agency Agreement, the Agent must receive a list of those holders that are Spanish Corporation Tax taxpayers specifying the name, address, Tax Identification Number, ISIN code of the Instruments, number of Instruments held at each interest payment date, gross income and amount withheld, substantially in the form set out below (See Annex III below).

7.2 *Individuals and Legal Entities with no tax residency in Spain*

The information obligations to be complied with in order to apply the exemption are those laid down in Section 12 of Royal Decree 2281/1998 (“**Section 12**”), as promulgated by Royal Decree 1778/2004, being the following:

In accordance with sub-section 1 of such Section 12, a return must be made to the Spanish tax authorities specifying the following information with respect to the Instruments:

- (a) the identity and country of residence of the recipient of the income. When the income is received on behalf of a third party, the identity and country of residence of that third party;
- (b) the amount of income received; and
- (c) details identifying the Instruments.

In accordance with sub-section 3 of such Section 12, for the purpose of preparing the return referred to in sub-section 1 of Section 12, the following documentation must be obtained on each payment of income evidencing the identity and residency of each holder:

- (a) if the non-resident holder acts on its own account and is a central bank, other public institution or international organisation, a bank or credit institution or a financial entity, including collective investment institutions, pension funds and insurance entities, resident in an OECD country or in a country with which Spain has entered into a double tax treaty subject to a specific administrative registration or supervision scheme, the entity in question must certify its name and tax residency in the manner laid down in Annex I of the Order of 16th September 1991, promulgated pursuant to Royal Decree 1285/1991 (See Annex I below), of 2nd August establishing the procedure for the payment of interest on Book Entry State Debt (as defined therein) to non-residents who invest in Spain without the intervention of a permanent establishment;
- (b) in the case of transactions in which any of the entities indicated in the foregoing paragraph (a) acts as intermediary, the entity in question must, in accordance with the information contained in its own records, certify the name and tax residency of each holder in the manner laid down in Annex II of the Order of 16th September 1991 (See Annex II below);
- (c) in the case of transactions which are channelled through a securities clearing and deposit entity recognised for these purposes by Spanish law or by that of another OECD member country, the entity in question must, in accordance with the information contained in its own records, certify the name and tax residency of each holder of the Instruments in the manner laid down in Annex II of the Order of 16th September 1991 (See Annex II below);

- (d) in other cases, residency must be evidenced by submission of the residency certificate issued by the tax authorities of the State of residency of the holder. These certificates will be valid for one year as from the date of issue.

In accordance with sub-section 4 of Section 12, for the purpose of implementing the exemption provided for, the following procedure must be followed: on the due date of each coupon the Issuer must transfer the net amount to the entities referred to in paragraph a), b) and c) resulting from applying the general withholding rate (currently 15%, expected to rise to 18% on 1 January 2007) to the whole of the interest. If the certificates referred to are received prior to expiry of the payment period, the Issuer will pay the amounts withheld to the extent that they correspond with the information provided.

In the case of both paragraph 7.1 and paragraph 7.2 above, in order for a beneficial owner to benefit from an exemption from withholding, the above documentation should be received by the Agent in accordance with the procedures established in the Issue and Paying Agency Agreement, which may be inspected during normal business hours at the specified office of the Issue and Paying Agent.

If the Issue and Paying Agent does not receive complete documentation in respect of an eligible holder by the specified deadline, such holder may obtain a quick refund of the full amount of withholding tax so withheld by ensuring that the documentation described above is received by the Issue and Paying Agent no later than 10.00 a.m. (CET) on the 10th calendar day of the month following the relevant interest payment date (or if such date is not a Business Day, the Business Day immediately preceding such date) (the “**Quick Refund Deadline**”).

- Indication as to whether the issuer assumes responsibility for the withholding of taxes at the source.

Save as described below, all amounts payable (whether in respect of principal, redemption amount, interest or otherwise) in respect of the Instruments, the Receipts and the Coupons, the Senior Guarantee and the Subordinated Guarantee by an Issuer or the Guarantor (as the case may be) will be made free and clear of and without withholding or deduction for or on account of any present or future taxes, duties, assessments or governmental charges of whatever nature imposed or levied by or on behalf of Spain or any political subdivision thereof or any authority or agency therein or thereof having power to tax, unless the withholding or deduction of such taxes, duties, assessments or governmental charges is required by law. In that event, the relevant Issuer or (as the case may be) the Guarantor shall pay such additional amounts as will result in receipt by the Holder of any Instrument or Coupon of such amounts as would have been received by them had no such withholding or deduction been required.

Neither the relevant Issuer nor the Guarantor shall be required to pay any such additional amounts as referred to above in relation to any payment in respect of any Instrument or Coupon in the circumstances described in Condition 8.02. In particular, prospective Holders should note that no such additional amounts are payable to Holders in respect of whom the relevant Issuer or the Guarantor does not receive such information (which may include a tax residence certificate) concerning such Holder's identity and tax residence as it may require in order to comply with Law 19/2003 of 4 July and any implementing legislation (see Condition 8.02(ii)) or to, or to the third party on behalf of, individuals resident for tax purposes in the Kingdom of Spain or a resident in a tax haven (see Condition 8.02(vi)).

Taxation in Luxembourg

Luxembourg taxation

The following is a general description of certain Luxembourg tax considerations relating to the Instruments. It does not purport to be a complete analysis of all tax considerations relating to the Instruments, whether in Luxembourg or elsewhere. Prospective purchasers of the Instruments should consult their own tax advisers as to which countries' tax laws could be relevant to acquiring, holding and disposing of the Instruments and receiving payments of interest, principal and/or other amounts under the Instruments and the consequences of such actions under the tax laws of Luxembourg. This summary is based upon the law as in effect on the date of this Base Prospectus. The information contained within this section is limited to taxation issues, and prospective investors should not apply any information set out below to other areas, including (but not limited to) the legality of transactions involving the Instruments.

(A) Withholding Tax

All payments of interest and principal under the Instruments can be made free and clear of any withholding or deduction for or on account of any taxes of whatsoever nature imposed, levied, withheld, or assessed by Luxembourg or any political subdivision or taxing authority thereof or therein, in accordance with applicable Luxembourg law, subject however to the application of the Luxembourg law of June 21, 2005 implementing the European Union Savings Directive (see, paragraph (G) "EU Savings Directive" below, which may be applicable in the event of the Issuers appointing a paying agent in Luxembourg within the meaning of the above-mentioned directive");

(B) Taxes on Income and Capital Gains

A holder of a Note who derives income from such Note or who realizes a gain on the disposal or redemption thereof will not be subject to Luxembourg taxation on such income or capital gains unless:

- (i) such holder is, or is deemed to be, resident in Luxembourg for Luxembourg tax purposes (or for the purposes of the relevant provisions); or

- (ii) such income or gain is attributable to an enterprise or part thereof which is carried on through a permanent establishment, a permanent representative or a fixed base of business in Luxembourg;

(C) Net Wealth Tax

Luxembourg net wealth tax will not be levied on a holder of a Note unless:

- (i) such holder is, or is deemed to be, resident in Luxembourg for the purpose of the relevant provisions; or
- (ii) such Note is attributable to an enterprise or part thereof which is carried on through a permanent establishment, a permanent representative or a fixed base of business in Luxembourg;

(D) Inheritance and Gift Tax

Where the Instruments are transferred for no consideration, note in particular:

- (i) No Luxembourg inheritance tax is levied on the transfer of the Instruments upon death of a holder of a Note in cases where the deceased holder was not a resident of Luxembourg for inheritance tax purposes;
- (ii) Luxembourg gift tax will be levied in the event that the gift is made pursuant to a notarial deed signed before a Luxembourg notary;

(E) Other Taxes and Duties

It is not compulsory that the Instruments be filed, recorded or enrolled with any court or other authority in Luxembourg or that registration tax, transfer tax, capital tax, stamp duty or any other similar tax or duty (other than court fees and contributions for the registration with the Chamber of Commerce) be paid in respect of or in connection with the execution, delivery and/or enforcement by legal proceedings (including any foreign judgment in the courts of Luxembourg) of the Instruments in accordance therewith, except that in case of court proceedings in a Luxembourg court (including but not limited to a Luxembourg insolvency proceeding), registration of the Instruments may be ordered by the court, in which case the Instruments will be subject to a fixed or *ad valorem* duty depending on the exact nature of the Instruments. Registration would in principle further be ordered, and the same registration duties could be due, when the Instruments are produced, either directly or by way of reference, before an official authority ("*autorité constituée*") in Luxembourg.

(F) Residence

A holder of a Note will not become resident, or deemed to be resident, in Luxembourg by reason only of the holding of such Note or the execution, performance, delivery and/or enforcement of that or any other Note;

(G) EU Savings Directive

On June 3, 2003, the EU Council of Economic and Finance Ministers adopted a new directive regarding the taxation of savings income. The directive is, in principle, applied by Member States as from July 1, 2005 and has been implemented in Luxembourg by the Law of June 21, 2005. Under the directive, each Member State is required to provide to the tax authorities of another Member State details of payments of interest or other similar income paid by a paying agent within the meaning of the EU Savings Directive to an individual (or certain types of entities called "residual entities") resident in that other Member State. For a transitional period, however, Austria, Belgium and Luxembourg are permitted to apply an optional information reporting system whereby if a beneficial owner does not comply with one of two procedures for information reporting, the Member State will levy a withholding tax on payments to such beneficial owner, at rates rising over the course of the transitional period to 35%. The transitional period is to commence on the date from which the directive is to be applied by Member States and to terminate at the

end of the first fiscal year following agreement by certain non-EU countries to the exchange of information relating to such payments. See “European Union Directive on the Taxation of Savings Income in the Form of Interest Payments (Council Directive 2003/48/EC).

(the “**Guarantor**”), The Bank of New York in its capacities as issue and paying agent and principal registrar (the “**Issue and Paying Agent**” which expressions shall include any successor to The Bank of New York in its capacities as such), The Bank of New York (Luxembourg) S.A. in its capacity as alternative registrar (the “**Alternative Registrar**”, which expression shall include any successor to The Bank of New York (Luxembourg) S.A. in its capacity as such) and the paying agents named therein (the “**Paying Agents**”, which expression shall include the Issue and Paying Agent and any substitute or additional paying agents appointed in accordance with the Issue and Paying Agency Agreement). For the purposes of making determinations or calculations of interest rates, interest amounts, redemption amounts or any other matters requiring determination or calculation in accordance with the Conditions of any Series of Instruments (as defined below), the Issuer may appoint a Determination Agent (as defined under Condition 5D.04) for the purposes of such Instruments, in accordance with the provisions of the Issue and Paying Agency Agreement, and such Determination Agent shall be specified in the applicable Final Terms. The Issuers have executed and delivered a deed of covenant dated 16 November 2006 (the “**Deed of Covenant**”). The Guarantor has, for the benefit of the Holders of the Senior Instruments from time to time, executed and delivered a deed of guarantee (the “**Senior Guarantee**”) dated [*] November 2006 under which it has guaranteed the due and punctual payments of all amounts due by Santander International under the Senior Instruments issued in or after the date thereof as and when the same shall become due and payable. The Guarantor shall, on an issue by issue basis, on or before the issue date of any Subordinated Instruments, for the benefit of Holders of Subordinated Instruments from time to time, execute and deliver a deed of guarantee (the “**Subordinated Guarantee**”), under which it shall guarantee the due and punctual payment of all amounts due by Santander Issuances under the relevant Subordinated Instruments as and when the same shall become due and payable. Copies of the Issue and Paying Agency Agreement, the Deed of Covenant, the Senior Guarantee and the relevant Subordinated Guarantee are, or will be, available for inspection during normal business hours at the specified office of each of the Paying Agents, the Principal Registrar and the Alternative Registrar. All persons from time to time entitled to the benefit of obligations under any Instruments shall be deemed to have notice of, and shall be bound by, all of the provisions of the Issue and Paying Agency Agreement and the Deed of Covenant insofar as they relate to the relevant Instruments.

The Instruments are issued in series (each, a “**Series**”), and each Series may comprise one or more tranches (“**Tranches**” and each, a “**Tranche**”) of Instruments. Each Tranche will be the subject of a Final Terms (each, a “**Final Terms**”), a copy of which will be available for inspection during normal business hours at the specified office of the Issue and Paying Agent and/or the Registrar (as defined in Condition 2.02), as the case may be, and, in the case of a Tranche of Instruments listed on the regulated market of the Luxembourg Stock Exchange and if the rules of such market so require, shall be obtainable at the specified office of the Paying Agent in Luxembourg. In the case of a Tranche of Instruments in relation to which application has not been made for admission for listing on any listing authority, stock exchange and/or quotation system, copies of the Final Terms will only be available for inspection by a Holder of or, as the case may be, an Accountholder (as defined in the Deed of Covenant) in respect of, such Instruments.

References in these Terms and Conditions to “Instruments” are to Instruments of the relevant Series and any references to “Coupons” (as defined in Condition 1.05) and “Receipts” (as defined in Condition 1.06) are to Coupons and Receipts relating to Instruments of the relevant Series.

References in these Terms and Conditions to the “Final Terms” are to the Final Terms or Final Terms(s) prepared in relation to the Instruments of the relevant Tranche or Series.

In respect of any Instruments, references herein to these “Terms and Conditions” are to these terms and conditions as modified or (to the extent thereof) replaced by the Final Terms.

1. Form and Denomination

1.01 Instruments are issued in bearer form (“Bearer Instruments”) or in registered form (“Registered Instruments”), as specified in the Final Terms and are serially numbered. Registered Instruments are not exchangeable for Bearer Instruments.

Form of Bearer Instruments

1.02 Each Tranche of Bearer Instruments will be represented upon issue by a temporary global instrument (a “**Temporary Global Instrument**”) in substantially the form (subject to amendment and completion) scheduled to the Issue and Paying Agency Agreement. In the case of an exchange for Registered Instruments at any time and without any requirement for certification, but otherwise on or after the date (the “**Exchange Date**”) which is forty days after the completion of the distribution of the Instruments of the relevant Tranche and provided certification as to the beneficial ownership thereof as required by U.S. Treasury regulations (in substantially the form set out in the Temporary Global Instrument or in such other form as is customarily issued in such circumstances by the relevant clearing systems) has been received, interests in the Temporary Global Instrument may be exchanged for:

- (i) interests in a permanent global instrument (a “**Permanent Global Instrument**”) representing the Instruments of that Tranche and in substantially the form (subject to amendment and completion) scheduled to the Issue and Paying Agency Agreement; or
- (ii) if so specified in the relevant Final Terms, serially numbered definitive instruments (“**Definitive Instruments**”) and/or (in the case of a Series comprising both Bearer Instruments and Registered Instruments and if so specified in the relevant Final Terms) Registered Instruments in substantially the form (subject to amendment and completion) scheduled to the Issue and Paying Agency Agreement.

1.03 If any date on which a payment of interest is due on the Instruments of a Tranche occurs whilst any of the Instruments of that Tranche are represented by a Temporary Global Instrument, the related interest payment will be made on the Temporary Global Instrument only to the extent that certification as to the beneficial ownership thereof as required by U.S. Treasury regulations (in substantially the form set out in the Temporary Global Instrument or in such other form as is customarily issued in such circumstances by the relevant clearing systems) has been received by Euroclear Bank S.A./N.V. as operator of the Euroclear System (“**Euroclear**”) or Clearstream Banking, société anonyme (“**Clearstream, Luxembourg**”) or any other relevant clearing system. Payments of amounts due in respect of a Permanent Global Instrument will be made through Euroclear or Clearstream, Luxembourg or any other relevant clearing system without any requirement for certification.

1.04 Interests in a Permanent Global Instrument will be exchanged by the Issuer in whole (but not in part only), at the option of the Holder of such Permanent Global Instrument, for serially numbered Definitive Instruments and/or (in the case of a Series comprising both Bearer and Registered Instruments and if so specified in the relevant Final Terms) Registered Instruments, (a) if any Instrument of the relevant Series becomes due and repayable following an Event of Default (as defined herein); or (b) if either Euroclear or Clearstream, Luxembourg or any other relevant clearing system is closed for business for a continuous period of fourteen days (other than by reason of public holidays) or announces an intention to cease business permanently or in fact does so or announces its intention to withdraw its acceptance of the Instruments for clearance and settlement through its system or in fact does so; or (c) if so specified in the Final Terms, at the option of the Holder of such Permanent Global Instrument upon such Holder’s request, in all cases at the cost and expense of the Issuer,

unless otherwise specified in the relevant Final Terms. In order to exercise the option contained in paragraph (c) of the preceding sentence, the Holder must, not less than forty-five days before the date upon which the delivery of such Definitive Instruments and/or Registered Instruments is required, deposit the relevant Permanent Global Instrument with the Issue and Paying Agent at its specified office with the form of exchange notice endorsed thereon duly completed. If default is made by the Issuer in the required delivery of Definitive Instruments and/or Registered Instruments and such default is continuing at 6.00 p.m. (Luxembourg time) on the thirtieth day after the day on which the relevant notice period expires or, as the case may be, such Permanent Global Instrument becomes so exchangeable, such Permanent Global Instrument will become void in accordance with its terms but without prejudice to the rights of the accountholders with Euroclear or Clearstream, Luxembourg or any other relevant clearing system in relation thereto under the Deed of Covenant.

1.05 Interest-bearing Definitive Instruments will, if so specified in the relevant Final Terms, have attached thereto at the time of their initial delivery coupons (“**Coupons**”), presentation of which will be a prerequisite to the payment of interest in certain circumstances specified below. Interest-bearing Definitive Instruments will also, if so specified in the relevant Final Terms, have attached thereto at the time of their initial delivery, a talon (“**Talon**”) for further coupons and the expression “Coupons” shall, where the context so requires, include Talons.

1.06 Bearer Instruments, the principal amount of which is repayable by instalments (“**Instalment Instruments**”) have attached thereto at the time of their initial delivery, payment receipts (“**Receipts**”) in respect of the instalments of principal.

Form of Registered Instruments

1.07 All Registered Instruments will be in individual form. There will be no global Registered Instruments. Registered Instruments will be in substantially the form (subject to amendment and completion) scheduled to the Issue and Paying Agency Agreement. Registered Instruments will not be exchangeable for Bearer Instruments.

Denomination of Bearer Instruments

1.08 Bearer Instruments are in the denomination or denominations (each of which denomination is integrally divisible by each smaller denomination) specified in the Final Terms. Bearer Instruments of one denomination will not be exchangeable, after their initial delivery, for Bearer Instruments of any other denominations. No Instruments may be issued under the Programme which have a minimum denomination of less than €1,000 (or equivalent in another currency).

Denomination of Registered Instruments

1.09 Registered Instruments will be in the minimum denomination specified in the relevant Final Terms or integral multiples thereof. No Instruments may be issued under the Programme which have a minimum denomination of less than €1,000 (or equivalent in another currency).

Currency of Instruments

1.10 Instruments may be denominated in any currency, subject to compliance with all applicable legal and/or regulatory and/or central bank requirements.

1.11 For the purposes of these Terms and Conditions, references to Instruments shall, as the context may require, be deemed to be to Temporary Global Instruments, Permanent Global Instruments, Definitive Instruments or, as the case may be, Registered Instruments.

2. Title

2.01 Title to Bearer Instruments and Coupons passes by delivery. References herein to the “**Holders**” of Bearer Instruments or of Coupons are to the bearers of such Bearer Instruments or such Coupons.

2.02 Title to Registered Instruments passes by registration in the register which is kept by the Principal Registrar or, as the case may be, the Alternative Registrar, as specified in the relevant Final Terms. For the purposes of these Terms and Conditions, “**Registrar**” means, in relation to any Series comprising Registered Instruments, the Principal Registrar or, as the case may be, the Alternative Registrar, provided always that where such Series is to be listed on the Luxembourg Stock Exchange and if the rules of such stock exchange so require, “**Alternative Registrar**” shall mean the Alternative Registrar (The Bank of New York (Luxembourg) S.A.). References herein to the “**Holders**” of Registered Instruments are to the persons in whose names such Registered Instruments are so registered in the relevant register.

2.03 The Holder of any Bearer Instrument, Coupon or Registered Instrument will (except as otherwise required by applicable law or regulatory requirement) be treated as its absolute owner for all purposes (whether or not it is overdue and regardless of any notice of ownership, trust or any interest thereof or therein, any writing thereon, or any theft or loss thereof) and no person shall be liable for so treating such Holder.

Transfer of Registered Instruments and exchange of Bearer Instruments for Registered Instruments

2.04 A Registered Instrument may, upon the terms and subject to the conditions set forth in the Issue and Paying Agency Agreement, be transferred in whole or in part only (provided that such part is, or is an integral multiple of, the minimum denomination specified in the relevant Final Terms) upon the surrender of the Registered Instrument to be transferred, together with the form of transfer endorsed on it duly completed and executed, at the specified office of the Registrar. A new Registered Instrument will be issued to the transferee and, in the case of a transfer of part only of a Registered Instrument, a new Registered Instrument in respect of the balance not transferred will be issued to the transferor.

2.05 If so specified in the relevant Final Terms, the Holder of Bearer Instruments may exchange the same for the same aggregate principal amount of Registered Instruments upon the terms and subject to the conditions set forth in the Issue and Paying Agency Agreement. In order to exchange a Bearer Instrument for a Registered Instrument, the Holder thereof shall surrender such Bearer Instrument at the specified office outside the United States of the Issue and Paying Agent or of the Registrar together with a written request for the exchange. Each Bearer Instrument so surrendered must be accompanied by all unmatured Coupons appertaining thereto other than the Coupon in respect of the next payment of interest falling due after the exchange date (as defined in Condition 2.06) where the exchange date would, but for the provisions of Condition 2.06, occur between the Record Date (as defined in Condition 9B.03) for such payment of interest and the date on which such payment of interest falls due.

2.06 Each new Registered Instrument to be issued upon the transfer of a Registered Instrument or the exchange of a Bearer Instrument for a Registered Instrument will be available, within three Relevant Banking Days of the transfer date or the exchange date, as the case may be, for collection by each relevant Holder at the specified office of the Registrar or, at the option of the Holder requesting such exchange or transfer, be mailed (by uninsured post at the risk of the Holder(s) entitled thereto) to such address(es) as may be specified by such Holder. For these purposes, a form of transfer or request for exchange received by the Registrar or the Issue and Paying Agent after the Record Date in respect of any payment due in respect of Registered Instruments shall be deemed not to be effectively received by the Registrar or the Issue and Paying Agent until the day following the due date for such payment.

For the purposes of these Terms and Conditions,

- (i) “**Relevant Banking Day**” means a day on which commercial banks are open for business (including dealings in foreign exchange and foreign currency deposits) in the place where the specified office of the Registrar is located and, in the case only of an exchange of a Bearer Instrument for a Registered Instrument, where such request for exchange is made to the Issue and Paying Agent, in the place where the specified office of the Issue and Paying Agent is located;

- (ii) the “**exchange date**” shall be the Relevant Banking Day following the day on which the relevant Bearer Instrument shall have been surrendered for exchange in accordance with Condition 2.05; and
- (iii) the “**transfer date**” shall be the Relevant Banking Day following the day on which the relevant Registered Instrument shall have been surrendered for transfer in accordance with Condition 2.04 and all reasonable requirements of the Issuer and the Registrar shall have been satisfied in respect of such transfer.

2.07 The issue of new Registered Instruments on transfer or on the exchange of Bearer Instruments for Registered Instruments will be effected without charge by or on behalf of the relevant Issuer, the Issue and Paying Agent or the Registrar, but upon payment by the applicant of (or the giving by the applicant of such indemnity as the relevant Issuer, the Issue and Paying Agent or the Registrar may require in respect of) any tax, duty or other governmental charges which may be imposed in relation thereto.

2.08 Upon the transfer, exchange or replacement of Registered Instruments bearing the private placement legend (the “**Private Placement Legend**”) set forth in the form of Registered Instrument scheduled to the Issue and Paying Agency Agreement, the Registrar shall deliver only Registered Instruments that also bear such legend unless either (i) such transfer, exchange or replacement occurs three or more years after the later of (1) the original issue date of such Instruments or (2) the last date on which the relevant Issuer or any affiliates (as defined below) of the relevant Issuer as notified to the Registrar by the relevant Issuer as provided in the following sentence, was the beneficial owner of such Instrument (or any predecessor of such Instrument) or (ii) there is delivered to the Registrar an opinion reasonably satisfactory to the relevant Issuer of counsel experienced in giving opinions with respect to questions arising under the securities laws of the United States to the effect that neither such legend nor the restrictions on transfer set forth therein are required in order to maintain compliance with the provisions of such laws. The relevant Issuer covenants and agrees that it will not acquire any beneficial interest, and will cause its “affiliates” (as defined in paragraph (a)(1) of Rule 144 under the Securities Act of 1933, as amended (the “**Securities Act**”)) not to acquire any beneficial interest, in any Registered Instrument bearing the Private Placement Legend unless it notifies the Registrar of such acquisition. The Registrar and all Holders of Instruments shall be entitled to rely without further investigation on any such notification (or lack thereof).

2.09 For so long as any of the Registered Instruments bearing the Private Placement Legend remain outstanding and are “restricted securities” within the meaning of Rule 144(a)(3) under the Securities Act, the relevant Issuer covenants and agrees that it shall, during any period in which it is not subject to Section 13 or 15(d) under the United States Securities Exchange Act of 1934 nor exempt from reporting pursuant to Rule 12g3-2(b) under such Act, make available to any Holder of such Instruments in connection with any sale thereof and any prospective purchaser of such Instruments from such Holder, in each case upon request, the information specified in, and meeting the requirements of, Rule 144(d)(4) under the Securities Act.

Status of Senior Instruments

This Condition 3.01 is applicable to Instruments issued by Santander International only

3.01 The Senior Instruments (being those Instruments which specify their status as Senior) and the Receipts and Coupons relating to them constitute direct, unconditional, unsubordinated and (without prejudice to the provisions of Condition 4) unsecured obligations of Santander International and rank *pari passu* and rateably without any preference among themselves and (unless they qualify by law as subordinated debts under article 92 of the Insolvency Law and subject to any applicable statutory exceptions and without prejudice as aforesaid) the payment obligations of Santander International under the Senior Instruments, Receipts and Coupons relating to them rank at least *pari passu* with all other unsecured and unsubordinated indebtedness, present and future.

This Condition 3.02 is applicable to Instruments issued by Santander International only

3.02 The Guarantor has unconditionally and irrevocably guaranteed the due payment of all sums expressed to be payable by Santander International under the Senior Instruments, Receipts and Coupons on an unsubordinated basis. Its obligations in that respect are contained in the Senior Guarantee.

Status of Subordinated Instruments

This Condition 3.03 is applicable to Instruments issued by Santander Issuances only

3.03 Status of Dated Subordinated Instruments: The Subordinated Instruments (being Instruments which specify their status as Subordinated) are direct, unconditional, subordinated and unsecured obligations of Santander Issuances ranking without preference or priority among themselves together with all other subordinated obligations of Santander Issuances other than subordinated obligations prescribed by law and subordinated obligations which are expressed to rank junior to the Subordinated Instruments.

Subordinated Guarantee

This Condition 3.04 is applicable to Instruments issued by Santander Issuances only

3.04 The Guarantor shall, on or before the date of issue (as specified in the relevant Final Terms) of any Subordinated Instruments, execute a guarantee in the form scheduled to the Base Prospectus dated [*] November 2006.

The Guarantor has unconditionally and irrevocably guaranteed, on a subordinated basis, the due and punctual payment of all the sums expressed to be payable by Santander Issuances under the Subordinated Instruments. The obligations of the Guarantor in respect of the Subordinated Instruments constitute direct, unconditional, subordinated and unsecured obligations of the Guarantor which will at all times rank *pari passu* with all other present and future subordinated obligations of the Guarantor except for certain subordinated obligations prescribed by law and subordinated obligations which are expressed to rank junior to the Guarantor's obligations under the Guarantee. In the event of insolvency (*concurso*) of the Guarantor, under Law 22/2003, claims relating to the Guarantee will fall within the category of "subordinated debts" (as defined in Law 22/2003). After payment in full of unsubordinated debts but before distributions to shareholders and creditors of the Guarantor which are characterised as holders of equity (*Otros Acreedores a Título Asimilable al de Aportación de Capital*), under article 92 of Law 22/2003, the Guarantor will meet such subordinated debts in the following order and pro rata within each class: (i) claims lodged belatedly or inaccurately in the context of insolvency proceedings; (ii) contractually subordinated debt (such as the claims under the Guarantee); (iii) interest; (iv) fines; (v) claims of creditors which are related to the Guarantor; and (vi) debt arising from transactions set aside by Spanish courts in the context of insolvency proceedings (*rescisión concursal*) and in respect of which the court has determined that the relevant creditor has acted in bad faith.

4. Negative Pledge

(a) So long as any of the Senior Instruments, Receipts or Coupons remain outstanding (as defined in the Issue and Paying Agency Agreement) or any amount remains payable under the Senior Guarantee neither the Issuer nor the Guarantor will create or permit to subsist any mortgage, charge, pledge, lien or other form of encumbrance or security interest upon the whole or any part of its present or future assets, undertakings or

revenues as security for any Relevant Debt or any guarantee of or indemnity in respect of any Relevant Debt unless, at the same time or prior thereto, Santander International's obligations under the Senior Instruments, Receipts and Coupons or, as the case may be, the Guarantor's obligations under the Senior Guarantee (i) are secured equally and rateably therewith or benefit from a guarantee or indemnity in substantially identical terms thereto, as the case may be, or (ii) have the benefit of such other security, guarantee, indemnity or other arrangement as shall be approved by a resolution of the relevant Syndicate of Holders of the Senior Instruments.

(b) For the purposes of this Condition, "**Relevant Debt**" means any present or future indebtedness in the form of, or represented by, bonds, notes, debentures, loan stock or other securities which are for the time being, or are capable of being, quoted, listed or ordinarily dealt in any listing authority, stock exchange, quotation system, over-the-counter or other securities market, having an original maturity of more than one year from its date of issue.

(c) Nothing in this Condition 4 shall prevent Santander International or the Guarantor from creating or having outstanding any mortgage, lien (other than a lien arising by operation of law), pledge, charge or other security interest (for purposes of this Condition, each a "**Security**") upon, or with respect to, any of its present or future assets or revenues or any part thereof which is created pursuant to any securitisation, asset-backed financing or like arrangement in accordance with normal market practice in Spain (where applicable) and whereby the Relevant Debt (or any guarantee or other obligation in respect of any Relevant Debt) secured by such Security or having the benefit of such secured guarantee or other obligation is limited to the value of such assets or revenues.

5. Interest

Instruments may be interest-bearing or non interest-bearing, as specified in the relevant Final Terms. In the case of non interest-bearing Instruments, an Issue Price and Amortisation Yield will, unless otherwise agreed, be specified in the relevant Final Terms. The Final Terms in relation to each Tranche of interest-bearing Instruments shall specify which of Condition 5A, 5B and/or 5C shall be applicable and Condition 5D will be applicable to each Tranche of interest-bearing Instruments as specified therein save, in each case, to the extent inconsistent with the relevant Final Terms. In relation to any Tranche of interest-bearing Instruments, the relevant Final Terms may specify actual amounts of interest payable rather than, or in addition to, a rate or rates at which interest accrues.

5A Interest — Fixed Rate

Instruments in relation to which this Condition 5A is specified in the relevant Final Terms as being applicable shall bear interest from their date of issue (as specified in the relevant Final Terms) or from such other date as may be specified in the relevant Final Terms at the rate or rates per annum (or otherwise, as specified in the relevant Final Terms) specified in the relevant Final Terms. Such interest will be payable in arrear on such dates as are specified in the relevant Final Terms and on the date of final maturity thereof. Interest in respect of a period of less than one year will be calculated on such basis as may be specified in the relevant Final Terms.

5B Interest — Floating Rate Instruments and Index-Linked Interest Instrument Provisions

5B.01 Instruments in relation to which this Condition 5B is specified in the relevant Final Terms as being applicable, shall bear interest at the rate or rates per annum (or otherwise, as specified in the relevant Final Terms) determined in accordance with this Condition 5B. Condition 5D.02 shall apply to Instruments to which this Condition 5B applies.

5B.02 Such Instruments shall bear interest from their date of issue (as specified in the relevant Final Terms) or from such other date as may be specified in the relevant Final Terms. Such interest will be payable in arrear on each Interest Payment Date (as defined in Condition 5D.02) and on the maturity date.

5B.03 Screen Rate Determination

If “**Screen Rate Determination**” is specified in the relevant Final Terms it shall also specify which page (the “**Relevant Screen Page**”) on the Reuters Screen or Moneyline Telerate or any other information vending service shall be applicable. For these purposes, “Reuters Screen” means the Reuter Money 3000 Services and “**Telerate**” means the Moneyline Telerate Service (or such other services or service as may be nominated as the information vendor for the purpose of displaying comparable rates in succession thereto). The rate of interest (the “**Rate of Interest**”) applicable to such Instruments for each Interest Period shall be determined by the Determination Agent (as defined in Condition 5D.04) on the following basis:

- (i) the Determination Agent will determine the offered rate for deposits (or, as the case may require, the arithmetic mean (rounded, if necessary, to the nearest ten thousandth of a percentage point, 0.00005 being rounded upwards) of the rates for deposits) in the relevant currency for a period of the duration of the relevant Interest Period (as defined in Condition 5D.02) on the Relevant Screen Page as of 11.00 a.m. (London time, in the case of LIBOR, or Brussels time, in the case of EURIBOR) on the second London Banking Day or, in the case of Instruments denominated in Euro, on the second TARGET Business Day, before (or, in the case of Instruments in another currency if so specified in the relevant Final Terms, on) the first day of the relevant Interest Period (the “**Interest Determination Date**”);
- (ii) if, on any Interest Determination Date, no such rate for deposits so appears (or, as the case may be, if fewer than two such rates for deposits so appear) or if the Relevant Screen Page is unavailable, the Determination Agent will request appropriate quotations and will determine the arithmetic mean (rounded as aforesaid) of the rates at which deposits in the relevant currency are offered by four major banks in the London interbank market or, where the basis for calculating the Rate of Interest is EURIBOR, in the Euro-zone interbank market, selected by the Determination Agent, at approximately 11.00 a.m. (London time, in the case of Libor, or Brussels time, in the case of Euribor) on the Interest Determination Date to prime banks in the London interbank market or, where the basis for calculating the Rate of Interest is EURIBOR, in the Euro-zone interbank market for a period of the duration of the relevant Interest Period and in an amount that is representative for a single transaction in the relevant market at the relevant time;
- (iii) if, on any Interest Determination Date, only two or three rates are so quoted, the Determination Agent will determine the arithmetic mean (rounded as aforesaid) of the rates so quoted; or
- (iv) if fewer than two rates are so quoted, the Determination Agent will determine the arithmetic mean (rounded as aforesaid) of the rates quoted by four major banks in the Relevant Financial Centre (as defined in Condition 9C.03) (or, in the case of Instruments denominated in Euro, in such financial centre or centres as the Determination Agent may select) selected by the Determination Agent, at approximately 11.00 a.m. (Relevant Financial Centre time (or local time at such other financial centre or centres as aforesaid)) on the first day of the relevant Interest Period for loans in the relevant currency to leading European banks for a period of the duration of the relevant Interest Period and in an amount that is representative for a single transaction in the relevant market at the relevant time,

and the Rate of Interest applicable to such Instruments during each Interest Period will be the sum of the relevant margin (the “**Relevant Margin**”) specified in the Final Terms and the rate (or, as the case may be, the arithmetic mean (rounded as aforesaid) of rates) so determined; *provided*, however, that, if the Determination Agent is unable to determine a rate (or, as the case may be, an arithmetic mean (rounded as aforesaid) of rates) in accordance with the above provisions in relation to any Interest Period, the Rate of Interest applicable to such Instruments during such Interest Period will be the sum of the Relevant Margin and the rate (or, as the case may be, the arithmetic mean (rounded as aforesaid) of rates) determined in relation to such Instruments in respect of the last preceding Interest Period; *provided* always that if there is specified in the relevant Final Terms a minimum interest rate or a maximum interest rate then the Rate of Interest shall in no event be less than or, as the case may be, exceed it. For the purposes of these Terms and Conditions “**London Banking Day**” means a day on which commercial banks are open for business (including dealings in foreign exchange and foreign currency deposits) in London.

5B.04 ISDA Determination: If ISDA Determination is specified in the relevant Final Terms as the manner in which the Rate(s) of Interest is/are to be determined, the Rate of interest applicable to the Instruments for each Interest Period will be the sum of the Margin and the relevant ISDA Rate where “ISDA Rate” in relation to any Interest Period means a rate equal to the Floating Rate (as defined in the 2000 Definitions of the International Swaps and Derivatives Association (the “ISDA Definitions”) (as amended and updated as at the date specified in the relevant Final Terms) that would be determined by the Determination Agent under an interest rate swap transaction if the Determination Agent were acting as Determination Agent for that interest rate swap transaction under the terms of an agreement incorporating the ISDA Definitions and under which:

- (i) the Floating Rate Option (as defined in the ISDA Definitions) is as specified in the relevant Final Terms;
- (ii) the Designated Maturity (as defined in the ISDA Definitions) is a period specified in the relevant Final Terms; and
- (iii) the relevant Reset Date (as defined in the ISDA Definitions) is either (A) if the relevant Floating Rate Option is based on the London inter-bank offered rate (LIBOR) for a currency, the first day of that Interest Period or (B) in any other case, as specified in the relevant Final Terms.

5B.05 Index-Linked Interest: If the Index-Linked Interest Instruments Provisions are specified in the relevant Final Terms as being applicable, the Rate(s) of Interest applicable to the Instruments for each Interest Period will be determined in the manner specified in the relevant Final Terms.

5B.06 The Determination Agent will, as soon as practicable after determining the Rate of Interest in relation to each Interest Period, calculate the amount of interest (the “**Interest Amount**”) payable in respect of the principal amount of the smallest or minimum denomination of such Instruments specified in the relevant Final Terms for the relevant Interest Period. The Interest Amount will be calculated by applying the Rate of Interest for such Interest Period to such principal amount, multiplying the product by a fraction (day count fraction) the numerator of which is the actual number of days in the Interest Period concerned and the denominator for which is 360 (or, in the case of Instruments denominated in Pounds Sterling, 365 or, when all or part of an Interest Period falls in a leap year, 366 for that proportion of the Interest Period so falling) or by such other day count fraction as may be specified in the relevant Final Terms and rounding the resulting figure to the nearest sub-unit of the currency in which such Instruments are denominated or, as the case may be, in which such interest is payable (one half of any such sub-unit being rounded upwards).

5C Interest — Other Rates

Instruments in relation to which this Condition 5C is specified in the relevant Final Terms as being applicable shall bear interest at the rate or rates calculated on the basis specified in, and be payable in the amounts and in the manner determined in accordance with, the relevant Final Terms.

5D Interest — Supplemental Provision

5D.01 Conditions 5D.02, 5D.03, 5D.04 and 5D.05 shall be applicable (as appropriate) in relation to all Instruments which are interest-bearing.

Interest Payment Date Conventions and other Calculations

5D.02 (a) Business Day Convention: The Final Terms in relation to each Series of Instruments in relation to which this Condition 5D.02 is specified as being applicable shall specify which of the following conventions shall be applicable, namely:

- (i) the “**FRN Convention**”, in which case interest shall be payable in arrear on each date (each an “**Interest Payment Date**”) which numerically corresponds to their date of issue or such other date as may be specified in the relevant Final Terms or, as the case may be, the preceding Interest Payment Date in the calendar month which is the number of months specified in the relevant Final Terms after

the calendar month in which such date of issue or such other date as aforesaid or, as the case may be, the preceding Interest Payment Date occurred provided that:

- (a) if there is no such numerically corresponding day in the calendar month in which an Interest Payment Date should occur, then the relevant Interest Payment Date will be the last day which is a Business Day (as defined in Condition 9C.03) in that calendar month;
 - (b) if an Interest Payment Date would otherwise fall on a day which is not a Business Day, then the relevant Interest Payment Date will be the first following day which is a Business Day unless that day falls in the next calendar month, in which case it will be the first preceding day which is a Business Day; and
 - (c) if such date of issue or such other date as aforesaid or the preceding Interest Payment Date occurred on the last day in a calendar month which was a Business Day, then all subsequent Interest Payment Dates will be the last day which is a Business Day in the calendar month which is the specified number of months after the calendar month in which such date of issue or such other date as aforesaid or, as the case may be, the preceding Interest Payment Date occurred;

- (b) Interpretation of Provisions. In the event that an Obligation or a Deliverable Obligation is a Qualifying Policy, paragraph (B) of the definition of “Deliverable Obligation” in Condition 6(j) will apply, with references to the Qualifying Guarantee, the Underlying Obligation and the Underlying Obligor deemed to include the Qualifying Policy, the Insured Instrument and the Insured Obligor, respectively, except that:
- (i) the Obligation Category Borrowed Money and the Obligation Category and Deliverable Obligation Category Bond shall be deemed to include distributions payable under an Insured Instrument in the form of a pass-through certificate or similar funded beneficial interest, the Deliverable Obligation Category Bond shall be deemed to include such an Insured Instrument, and the terms “obligation” and “obligor” as used in this Condition 6 in respect of such an Insured Instrument shall be construed accordingly;

Early Redemption for Taxation Reasons

7.02 If, in relation to any Series of Instruments, (i) as a result of any change in the laws or regulations of Spain or in either case of any political subdivision thereof or any authority or agency therein or thereof having power to tax or in the interpretation or administration of any such laws or regulations which becomes effective on or after the date of issue of such Instruments or any earlier date specified in the relevant Final Terms, the relevant Issuer (or, if either the Senior Guarantee or the Subordinated Guarantee was called, the Guarantor) would be required to pay additional amounts as provided in Condition 9 and (ii) such circumstances are evidenced by the delivery by the relevant Issuer or (as the case may be) the Guarantor to the Issue and Paying Agent of a certificate signed by two directors of the relevant Issuer or (as the case may be) the Guarantor stating that the said circumstances prevail and describing the facts leading thereto, an opinion of independent legal advisers of recognised standing to the effect that such circumstances prevail and, in the case of Subordinated Instruments qualifying as regulatory capital (*recursos propios*), a copy of the Banco de España consent to the redemption, the relevant Issuer may, at its option and having given no less than thirty nor more than sixty days’ notice (ending, in the case of Instruments which bear interest at a floating rate, on a day upon which interest is payable) to the Holders of the Instruments in accordance with Condition 15 (which notice shall be irrevocable), redeem all (but not some only) of the outstanding Instruments (in the case of Subordinated Instruments qualifying as regulatory capital (*recursos propios*) in accordance with the requirements of Banco de España) comprising the relevant Series at their early tax redemption amount (the “**Early Redemption Amount (Tax)**”) (which shall be their principal amount or at such other Early Redemption Amount (Tax) as may be specified in or determined in accordance with the relevant Final Terms) less, in the case of any Instalment Instrument, the aggregate amount of all instalments that shall have become due and payable in respect of such Instrument prior to the date fixed for redemption under any other Condition (which amount, if and to the extent not then paid, remains due and payable), together with accrued interest (if any) thereon *provided, however*, that (i) no such notice of redemption may be given earlier than 90 days (or, in the case of Instruments which bear interest at a floating rate a number of days which is equal to the aggregate of the number of days falling within the then current interest period applicable to the Instruments plus 60 days) prior to the earliest date on which the relevant Issuer or (as the case may be) the Guarantor would be

obliged to pay such additional amounts were a payment in respect of the Instruments then due and (ii) in the case of Subordinated Instruments qualifying as regulatory capital (*recursos propios*), that the Banco de España consents to redemption of the Subordinated Instruments.

In the case of Subordinated Instruments qualifying as regulatory capital (*recursos propios*), redemption for taxation reasons is subject to the prior consent of Banco de España and may not take place within a period of five years from their date of issue or as otherwise permitted by Banco de España.

Optional Early Redemption (Call)

7.03 If this Condition 7.03 is specified in the relevant Final Terms as being applicable, then the relevant Issuer may, upon the expiry of the appropriate notice and subject to such conditions as may be specified in the relevant Final Terms (and subject, in the case of Subordinated Instruments qualifying as regulatory capital (*recursos propios*), in accordance with the requirements of Banco de España, to the prior consent of Banco de España) redeem all (but not, unless and to the extent that the relevant Final Terms specifies otherwise, some only) of the Instruments of the relevant Series at their call early redemption amount (the “**Early Redemption Amount (Call)**”) (which shall be their principal amount or such other Early Redemption Amount (Call) as may be specified in or determined in accordance with the relevant Final Terms) less, in the case of any Instalment Instrument, the aggregate amount of all instalments that shall have become due and payable under any other Condition (which amount, if and to the extent not then paid, remains due and payable), together with accrued interest (if any) thereon.

In the case of Subordinated Instruments qualifying as regulatory capital (*recursos propios*), redemption at the option of the relevant Issuer is subject to the prior consent of Banco de España and may not take place within a period of five years from their date of issue or as otherwise permitted by Banco de España.

7.04 The appropriate notice referred to in Condition 7.03 is a notice given by the relevant Issuer to the Issue and Paying Agent, the Registrar (in the case of Registered Instruments) and the Holders of the Instruments of the relevant Series, which notice shall be signed by two duly authorised officers of the Issuer and shall specify:

- the Series of Instruments subject to redemption;
- whether such Series is to be redeemed in whole or in part only and, if in part only, the aggregate principal amount of the Instruments of the relevant Series which are to be redeemed;
- the due date for such redemption which shall be a Business Day, which shall be not less than thirty days (or such lesser period as may be specified in the relevant Final Terms) after the date on which such notice is validly given and which is, in the case of Instruments which bear interest at a floating rate, a date upon which interest is payable; and
- the Early Redemption Amount (Call) at which such Instruments are to be redeemed.

Any such notice shall be irrevocable, and the delivery thereof shall oblige the relevant Issuer to make the redemption therein specified.

Partial Redemption

7.05 If the Instruments of a Series are to be redeemed in part only on any date in accordance with Condition 7.03:

- in the case of Bearer Instruments, the Instruments to be redeemed shall be drawn by lot, with the intervention of the relevant Commissioner and before a Notary Public who will take the minutes, in such European city as the Issue and Paying Agent may specify, or identified in such other manner or in such other place as the Issue and Paying Agent may approve and deem appropriate and fair; and
- in the case of Registered Instruments, the Instruments shall be redeemed (so far as may be practicable) *pro rata* to their principal amounts, subject always as aforesaid and provided always that

the amount redeemed in respect of each Instrument shall be equal to the minimum denomination thereof or an integral multiple thereof,

subject always to compliance with all applicable laws and the requirements of any listing authority, stock exchange and/or quotation system on which the relevant Instruments may be listed and/or quoted.

In the case of the redemption of part only of a Registered Instrument, a new Registered Instrument in respect of the unredeemed balance shall be issued in accordance with Conditions 2.04 to 2.09 which shall apply as in the case of a transfer of Registered Instruments as if such new Registered Instrument were in respect of the untransferred balance.

In connection with an exercise of the option contained in Condition 7.03 (Optional Early *Redemption (Call)*) in relation to some only of the Instruments, the Permanent Global Instrument may be redeemed in part in the principal amount specified by the Issuer in accordance with the Conditions and the Instruments to be redeemed will not be selected as provided in the Conditions but in accordance with the rules and procedures of Euroclear and Clearstream, Luxembourg (to be reflected in the records of Euroclear and Clearstream, Luxembourg as either a pool factor or a reduction in principal amount, at their discretion).

In the case of Subordinated Instruments qualifying as regulatory capital (*recursos propios*) partial redemption is subject to the prior consent of Banco de España and may not take place within a period of five years from which their date of issue or as otherwise permitted by Banco de España.

Optional Early Redemption (Put)

7.06 If this Condition 7.06 is specified in the relevant Final Terms as being applicable, then the Issuer shall, upon the exercise of the relevant option by the Holder of any Instrument of the relevant Series, redeem such Instrument on the date or the dates specified in the relevant Final Terms at its put early redemption amount (the “**Early Redemption Amount (Put)**”) (which shall be its principal amount or such other Early Redemption Amount (Put) as may be specified in or determined in accordance with the relevant Final Terms) less, in the case of any Instalment Instrument, the aggregate amount of all instalments that shall have become due and payable in respect of such Instrument under any other Condition prior to the date fixed for redemption (which amount, if and to the extent not then paid, remains due and payable), together with accrued interest (if any) thereon. In order to exercise such option, the Holder must, not less than sixty days before the date so specified (or such other period as may be specified in the relevant Final Terms), deposit the relevant Instrument (together, in the case of an interest-bearing Definitive Instrument, with any unmatured Coupons appertaining thereto) with, in the case of a Bearer Instrument, any Paying Agent or, in the case of a Registered Instrument, the Registrar together with a duly completed redemption notice in the form which is available from the specified office of any of the Paying Agents or, as the case may be, the Registrar specifying, in the case of a Registered Instrument, the aggregate principal amount in respect of which such option is exercised (which must be the minimum denomination specified in the Final Terms or an integral multiple thereof). No Instrument so deposited and option exercised may be withdrawn (except as provided in the Issue and Paying Agency Agreement).

In the case of Subordinated Instruments qualifying as regulatory capital (*recursos propios*), redemption at the option of the Holders is subject to the prior consent of Banco de España and may not take place within a period of five years from their date of issue or as otherwise permitted by Banco de España.

In the case of the redemption of part only of a Registered Instrument, a new Registered Instrument in respect of the unredeemed balance shall be issued in accordance with Conditions 2.04 to 2.09 which shall apply as in the case of a transfer of Registered Instruments as if such new Registered Instrument were in respect of the untransferred balance.

The Holder of an Instrument may not exercise such option in respect of any Instrument which is the subject of an exercise by the Issuer of its option to redeem such Instrument under either Condition 7.02 or 7.03.

Purchase of Instruments

7.07 The Issuers and the Guarantor and any of their respective subsidiaries may at any time purchase Instruments (except for Subordinated Instruments which qualify as regulatory capital (*recursos propios*)) in the

open market or otherwise and at any price provided that, in the case of interest-bearing Definitive Instruments, all unmatured Coupons appertaining thereto are purchased therewith.

Cancellation of Redeemed and Purchased Instruments

7.08 All unmatured Instruments and Coupons and unexchanged Talons redeemed or purchased otherwise than in the ordinary course of business of dealing in securities or as a nominee in accordance with this Condition 7 will be cancelled forthwith and may not be reissued or resold.

Further Provisions applicable to Redemption Amount and Instalment Amounts

7.09 The provisions of Condition 5D.03 shall apply to any determination or calculation of the Redemption Amount or any Instalment Amount required by the Final Terms to be made by the Determination Agent.

7.10 References herein to “Redemption Amount” shall mean, as appropriate, the Maturity Redemption Amount, the final Instalment Amount, Early Redemption Amount (Tax), Early Redemption Amount (Call), Early Redemption Amount (Put) and Early Termination Amount or such other amount in the nature of a redemption amount as may be specified in, or determined in accordance with the provisions of, the Final Terms.

7.11 In the case of any Instrument which is non-interest bearing, the “**Amortised Face Amount**” shall be an amount equal to the sum of:

- (i) the issue price specified in the Final Terms; and
- (ii) the product of the Amortisation Yield (compounded annually) being applied to the Issue Price from (and including) the date of issue specified in the Final Terms to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Instrument becomes due and repayable.

Where such calculation is to be made for a period which is not a whole number of years, the calculation in respect of the period of less than a full year shall be made on the basis of the Day Count Fraction (as defined in Condition 5D) specified in the Final Terms for the purposes of this Condition 7.11.

7.12 In the case of any Instrument which is non-interest bearing, if any Redemption Amount (other than the Maturity Redemption Amount) is improperly withheld or refused or default is otherwise made in the payment thereof, the Amortised Face Amount shall be calculated as provided in Condition 7.11 but as if references in subparagraph (ii) to the date fixed for redemption or the date upon which such Instrument becomes due and repayable were replaced by references to the earlier of:

- (i) the date on which, upon due presentation or surrender of the relevant Instrument (if required), the relevant payment is made; and
- (ii) (except where presentation or surrender of the relevant Instrument is not required as a precondition of payment), the seventh day after the date on which, the Issue and Paying Agent or, as the case may be, the Registrar having received the funds required to make such payment, notice is given to the Holders of the Instruments in accordance with Condition 15 of that circumstance (except to the extent that there is a failure in the subsequent payment thereof to the relevant Holder).

Notices

7.13 Notices of early redemption (whether full or partial) of Instruments shall be given in accordance with Condition 15 (*Notices*).

Notification of Luxembourg Stock Exchange

7.14 The relevant Issuer shall notify the Luxembourg Stock Exchange of any early redemption (whether full or partial) of Instruments.

8. Events of Default

8.01 Unless otherwise specified in the relevant Final Terms, if, in the case of Subordinated Instruments, any of the events set out in paragraphs (i), (ii), (iv), (v), (vi), (vii) or (viii) occurs and is continuing or, in the case of Senior Instruments, any of the following events occurs and is continuing (each an “**Event of Default**”), such Event of Default shall be an acceleration event in relation to the Instruments of any Series, namely:

- (i) *Non-payment*: if default is made in the payment of any interest or principal due in respect of the Instruments of the relevant Series or any of them and such default continues for a period of seven days (or such other period as may be specified in the relevant Final Terms); or
- (ii) *Breach of other obligations*: if the relevant Issuer or the Guarantor fails to perform or observe any of its other obligations under or in respect of the Instruments of the relevant Series, the relevant Guarantee or the Issue and Paying Agency Agreement and (except in any case where such failure is incapable of remedy when no such continuation as is hereinafter mentioned will be required) the failure continues for a period of 30 days next following the service by the relevant Commissioner (as defined in Condition 14 below) on the relevant Issuer of a notice requiring the same to be remedied; or
- (iii) *Cross default*: if any Indebtedness for Borrowed Money (as defined in Condition 8.02) of the relevant Issuer or the Guarantor becomes due and repayable prematurely by reason of an event of default (however described) or the relevant Issuer or the Guarantor fails to make any payment in respect of any Indebtedness for Borrowed Money on the due date for such payment or within any originally applicable grace period or any security given by the relevant Issuer or the Guarantor for any Indebtedness for Borrowed Money becomes enforceable and steps are taken to enforce the same or if default is made by the relevant Issuer or the Guarantor in making any payment when due (or within any originally applicable grace period in respect thereof) under any guarantee and/or indemnity given by it in relation to any Indebtedness for Borrowed Money of any other person, provided that no such event as aforesaid shall constitute an Event of Default unless the Indebtedness for Borrowed Money or other liability relative thereto either alone or when aggregated with other Indebtedness for Borrowed Money and/or other liabilities relative to all (if any) other such events which shall have occurred shall amount to at least U.S.\$50,000,000 (or its equivalent in any other currency on the basis of the middle spot rate for the relevant currency against the U.S. Dollar as quoted by any leading bank on the day on which this paragraph operates); or
- (iv) *Winding up*: if any order is made by any competent court or resolution passed for the winding up or dissolution of the relevant Issuer or the Guarantor (except in any such case for the purpose of reconstruction or a merger or amalgamation which has been previously approved by a resolution of the relevant Syndicate of Holders of the Instruments or a merger with another financial institution in this case even without being approved by a resolution of the relevant Syndicate of Holders of the Instruments, provided that any entity that survives or is created as a result of such merger is given a rating by an internationally recognised rating agency at least equal to the then current rating of the relevant Issuer or the Guarantor, as the case may be, at the time of such merger); or
- (v) *Cessation of business*: if the relevant Issuer or the Guarantor ceases or threatens to cease to carry on the whole or a substantial part of its business, save for the purposes of a reorganisation (except in any such case for the purpose of reconstruction or a merger or amalgamation which has been previously approved by a resolution of the relevant Syndicate of Holders of the Instruments or a merger with another financial institution in this case even without being approved by a resolution of the relevant Syndicate of Holders of the Instruments, provided that any entity that survives or is created as a result of such merger is given a rating by an internationally recognised rating agency at least equal to the then current rating of the relevant Issuer or the Guarantor, as the case may be, at the time of such merger), or the relevant Issuer or the Guarantor stops or threatens to stop payment of, or is unable to, or admits inability to, pay, its debts (or any class thereof) as they fall due, or is

deemed unable to pay its debts pursuant to or for the purposes of any applicable law, or is adjudicated or found bankrupt or insolvent; or

- (vi) *Insolvency proceedings*: if (a) proceedings are initiated against the relevant Issuer or the Guarantor under any applicable liquidation, insolvency, composition, reorganisation or other similar laws, or an application made for the appointment of an administrative or other receiver, manager, administrator or other similar official, or an administrative or other receiver, manager, administrator or other similar official is appointed, in relation to the relevant Issuer or the Guarantor or in relation to the whole or a part of the undertaking or assets of either of them, or an encumbrancer takes possession of the whole or a part of the undertaking or assets of either of them, or a distress, execution, attachment, sequestration or other process is levied, enforced upon, sued out or put in force against the whole or a part of the undertaking or assets or any of them and (b) in any case is not discharged within 14 days; or
- (vii) *Arrangements with creditors*: if the relevant Issuer or the Guarantor initiates or consents to judicial proceedings relating to itself under any applicable liquidation, insolvency, composition, reorganisation or other similar laws or makes a conveyance or assignment for the benefit of, or enters into any composition or other arrangement with, its creditors generally (or any class of its creditors); or
- (viii) *Guarantee*: if any of the Senior Guarantee or the Subordinated Guarantee ceases to be a valid and binding obligation of the Guarantor or it becomes unlawful for the Guarantor to perform its obligations under either the Senior Guarantee or the Subordinated Guarantee or either the Senior Guarantee or the Subordinated Guarantee is claimed by the relevant Issuer or the Guarantor not to be in full force and effect.

8.02 As used herein “**Indebtedness for Borrowed Money**” means (i) money borrowed and premiums and accrued interest in respect thereof, (ii) liabilities under or in respect of any acceptance or acceptance credit and (iii) the principal and premium (if any) and accrued interest in respect of any bonds, notes, debentures, debenture stock, loan stock, certificates of deposit or other securities whether issued for cash or in whole or in part for a consideration other than cash.

8.03 If any Event of Default shall occur in relation to any Series of Instruments, the relevant Commissioner, acting upon a resolution of the relevant Syndicate of Holders of the Instruments of the relevant Series, in respect of all the Instruments of a relevant Series, or any Holder of an Instrument in respect of such Instrument and provided that such Holder does not contravene the resolution of the relevant Syndicate (if any) may, by written notice to the relevant Issuer, at the specified office of the Issue and Paying Agent, declare that such Instrument or Instruments and (if the Instrument or Instruments is or are interest-bearing) all interest then accrued on such Instrument or Instruments shall (when permitted by applicable Spanish law) be forthwith due and payable, whereupon the same shall become immediately due and payable at its early termination amount (the “**Early Termination Amount**”) (which shall be its principal amount or such other Early Termination Amount as may be specified in or determined in accordance with the relevant Final Terms) less, in the case of any Instalment Instrument, the aggregate amount of all instalments that shall have become due and payable in respect of such Instruments under any other Condition prior to the date fixed for redemption (which amount, if and to the extent not then paid, remains due and payable), together with all interest (if any) accrued thereon without presentment, demand, protest or other notice of any kind, all of which the relevant Issuer will expressly waive, anything contained in such Instrument or Instruments to the contrary notwithstanding, unless, prior thereto, all Events of Default in respect of the Instruments of the relevant Series shall have been cured.

9. Taxation

9.01 All amounts payable (whether in respect of principal, redemption amount, interest or otherwise) in respect of the Instruments, the Receipts and the Coupons, the Senior Guarantee and the Subordinated Guarantee by an Issuer or the Guarantor (as the case may be) will be made free and clear of and without withholding or deduction

for or on account of any present or future taxes, duties, assessments or governmental charges of whatever nature imposed or levied by or on behalf of Spain or any political subdivision thereof or any authority or agency therein or thereof having power to tax, unless the withholding or deduction of such taxes, duties, assessments or governmental charges is required by law. In that event, the relevant Issuer or (as the case may be) the Guarantor shall pay such additional amounts as will result in receipt by the Holder of any Instrument or Coupon of such amounts as would have been received by them had no such withholding or deduction been required.

9.02 Neither the relevant Issuer nor the Guarantor shall be required to pay any additional amounts as referred to in Condition 9.01 in relation to any payment in respect of any Instrument or Coupon:

- (i) to, or to a third party on behalf of, a Holder of an Instrument or Coupon who is liable for such taxes, duties, assessments or governmental charges in respect of such Instrument or Coupon by reason of his having some connection with Spain other than the mere holding of such Instrument or Coupon; or
- (ii) to, or to a third party on behalf of, a Holder in respect of whom the relevant Issuer or the Guarantor does not receive such information (which may include a tax residence certificate) concerning such Holder's identity and tax residence as it may require in order to comply with Law 19/2003 of 4 July and any implementing legislation; or
- (iii) presented for payment more than thirty days after the Relevant Date, except to the extent that the relevant Holder would have been entitled to such additional amounts on presenting the same for payment on the expiry of such period of thirty days; or
- (iv) where the withholding or deduction referred to in Condition 9.01 is imposed on a payment to an individual and is required to be made pursuant to European Council Directive 2003/48/EC or any law implementing or complying with, or introduced in order to conform to, such Directive; or
- (v) presented for payment by or on behalf of a Holder of an Instrument or Coupon who would have been able to avoid such withholding or deduction by presenting the relevant Instrument or Coupon to another Paying Agent in a Member State of the European Union; or
- (vi) to, or to a third party on behalf of, individuals resident for tax purposes in The Kingdom of Spain or a resident in a tax haven (as defined in Royal Decree 1080/1991 of 5 July as amended from time to time); or
- (vii) to, or to a third party on behalf of, a Spanish-resident legal entity subject to Spanish corporation tax if the Spanish tax authorities determine that the Instruments do not comply with exemption requirements specified in the Reply to a Consultation of the Directorate General for Taxation (*Dirección General de Tributos*) dated 27th July 2004 and require a withholding to be made.

9.03 For the purposes of these Terms and Conditions, the “**Relevant Date**” means, in respect of any payment, the date on which such payment first becomes due and payable, but if the full amount of the moneys payable has not been received by the Issue and Paying Agent, or as the case may be, the Registrar on or prior to such due date, it means the first date on which, the full amount of such moneys having been so received and being available for payment to Holders of Instruments and Coupons, notice to that effect shall have been duly given to the Holders of the Instruments of the relevant Series in accordance with Condition 15.

9.04 Unless the context otherwise requires, any reference in these Terms and Conditions to “**principal**” shall include any premium payable in respect of an Instrument, any Instalment Amount or Redemption Amount and any other amounts in the nature of principal payable pursuant to these Terms and Conditions and “**interest**” shall include all amounts payable pursuant to Condition 5 and any other amounts in the nature of interest payable to these Terms and Conditions.

10. Payments

10A Payments — Bearer Instruments

10A.01 This Condition 10A is applicable in relation to Instruments in bearer form.

10A.02 Payment of amounts (other than interest) due in respect of Bearer Instruments will be made against presentation and (save in the case of a partial redemption which includes, in the case of an Instalment Instrument, payment of any instalment other than the final instalment) surrender of the relevant Bearer Instruments at the specified office of any of the Paying Agents.

10A.03 Payment of amounts in respect of interest on Bearer Instruments will be made:

- (i) in the case of a Temporary Global Instrument or Permanent Global Instrument, against presentation of the relevant Temporary Global Instrument or Permanent Global Instrument at the specified office of any of the Paying Agents outside (unless Condition 10A.04 applies) the United States and, in the case of a Temporary Global Instrument, upon due certification as required therein;
- (ii) in the case of Definitive Instruments without Coupons attached thereto at the time of their initial delivery, against presentation of the relevant Definitive Instruments at the specified office of any of the Paying Agents outside (unless Condition 10A.04 applies) the United States; and
- (iii) in the case of Definitive Instruments delivered with Coupons attached thereto at the time of their initial delivery, against surrender of the relevant Coupons or, in the case of interest due otherwise than on a scheduled date for the payment of interest, against presentation of the relevant Definitive Instruments, in either case at the specified office of any of the Paying Agents outside (unless Condition 10A.04 applies) the United States.

10A.04 Payments of amounts due in respect of interest on the Bearer Instruments and exchanges of Talons for Coupon sheets in accordance with Condition 10A.04 will not be made at the specified office of any Paying Agent in the United States (as defined in the United States Internal Revenue Code and Regulations thereunder) unless (a) payment in full of amounts due in respect of interest on such Instruments when due or, as the case may be, the exchange of Talons at all the specified offices of the Paying Agents outside the United States is illegal or effectively precluded by exchange controls or other similar restrictions and (b) such payment or exchange is permitted by applicable United States law. If paragraphs (a) and (b) of the previous sentence apply, the relevant Issuer shall forthwith appoint a further Paying Agent with a specified office in New York City.

10A.05 If the due date for payment of any amount due in respect of any Bearer Instrument is not both a Relevant Financial Centre Day (as defined in Condition 10C.03) and a local banking day (as defined in Condition 10C.03), then the Holder thereof will not be entitled to payment thereof until the next day which is such a day (or as otherwise specified in the relevant Final Terms) and, thereafter will be entitled to receive payment by cheque on any local banking day, and will be entitled to payment by transfer to a designated account on any day which is a local banking day, a Relevant Financial Centre Day and a day on which commercial banks and foreign exchange markets settle payments in the relevant currency in the place where the relevant designated account is located and no further payment on account of interest or otherwise shall be due in respect of such delay or adjustment unless there is a subsequent failure to pay in accordance with these Terms and Conditions in which event interest shall continue to accrue as provided in Condition 5D.05.

10A.06 Each Definitive Instrument initially delivered with Coupons attached thereto should be presented and, save in the case of partial payment which includes, in the case of an Instalment Instrument, payment of any instalment other than the final instalment, surrendered for final redemption together with all unmatured Coupons and Talons appertaining thereto, failing which:

- (i) in the case of Definitive Instruments which bear interest at a fixed rate or rates, the amount of any missing unmatured Coupons (or, in the case of a payment not being made in full, that portion of the amount of such missing Coupon which the redemption amount paid bears to the total redemption

amount due) (excluding, for this purpose, Talons) will be deducted from the amount otherwise payable on such final redemption, the amount so deducted being payable against surrender of the relevant Coupon at the specified office of any of the Paying Agents at any time within ten years of the Relevant Date applicable to payment of such final redemption amount;

- (ii) in the case of Definitive Instruments which bear interest at, or at a margin above or below, a floating rate, all unmatured Coupons (excluding, for this purpose, but without prejudice to paragraph (iii) below, Talons) relating to such Definitive Instruments (whether or not surrendered therewith) shall become void and no payment shall be made thereafter in respect of them; and
- (iii) in the case of Definitive Instruments initially delivered with Talons attached thereto, all unmatured Talons (whether or not surrendered therewith) shall become void and no exchange for Coupons shall be made thereafter in respect of them.

The provisions of paragraph (i) of this Condition 10A.06 notwithstanding, if any Definitive Instruments which bear interest at a fixed rate or rates should be issued with a maturity date and a fixed rate or fixed rates such that, on the presentation for payment of any such Definitive Instrument without any unmatured Coupons attached thereto or surrendered therewith, the amount required by paragraph (i) to be deducted would be greater than the amount otherwise due for payment, then, upon the due date for redemption of any such Definitive Instrument, such unmatured Coupons (whether or not attached) shall become void (and no payment shall be made in respect thereof) as shall be required so that, upon application of the provisions of paragraph (i) in respect of such Coupons as have not so become void, the amount required by paragraph (i) to be deducted would not be greater than the amount otherwise due for payment. Where the application of the foregoing sentence requires some but not all of the unmatured Coupons relating to a Definitive Instrument to become void, the relevant Paying Agent shall determine which unmatured Coupons are to become void, and shall select for such purpose Coupons maturing on later dates in preference to Coupons maturing on earlier dates.

10A.07 In relation to Definitive Instruments initially delivered with Talons attached thereto, on or after the due date for the payment of interest on which the final Coupon comprised in any Coupon sheet matures, the Talon comprised in the Coupon sheet may be surrendered at the specified office of any Paying Agent outside (unless Condition 10A.04 applies) the United States in exchange for a further Coupon sheet (including any appropriate further Talon), subject to the provisions of Condition 11 below. Each Talon shall, for the purpose of these Conditions, be deemed to mature on the due date for the payment of interest on which the final Coupon comprised in the relative Coupon sheet matures.

10A.08 For the purposes of these Terms and Conditions, the “**United States**” means the United States of America (including the States thereof and the District of Columbia) and its possessions (including Puerto Rico, the U.S. Virgin Islands, Guam, American Samoa, Wake Island and Northern Mariana Islands).

10B. Payments — Registered Instruments

10B.01 This Condition 10B is applicable in relation to Instruments in registered form.

10B.02 Payment of amounts (whether principal, redemption amount or otherwise and including accrued interest) due in respect of Registered Instruments on the final redemption of Registered Instruments will be made against presentation and, save in the case of partial payment of the amount due upon final redemption by reason of insufficiency of funds, surrender of the relevant Registered Instruments at the specified office of the Registrar. If the due date for payment of the final redemption amount of any Registered Instrument is not both a Relevant Financial Centre Day (as defined in Condition 10C.03) and a local banking day (as defined in Condition 10C.03), then the Holder thereof will not be entitled to payment thereof until the next day which is such a day and, thereafter will be entitled to receive payment by cheque on any local banking day, and, will be entitled to payment by transfer to a designated account on any day which is a local banking day, a Relevant Financial Centre Day and a day on which commercial banks and foreign exchange markets settle payments in the relevant currency in the place where the relevant designated account is located and no further payment on account of

interest or otherwise shall be due in respect of such postponed payment unless there is a subsequent failure to pay in accordance with these Terms and Conditions in which event interest shall continue to accrue as provided in Condition 5D.05.

10B.03 Payment of amounts (whether principal, redemption amount, interest or otherwise) due (other than in respect of the final redemption of Registered Instruments) in respect of Registered Instruments will be paid to the Holder thereof (or, in the case of joint Holders, the first-named) as appearing in the register kept by the Registrar as at opening of business (local time in the place of the specified office of the Registrar) on the fifteenth Relevant Banking Day (as defined in Condition 2.06) before the due date for such payment (the “**Record Date**”).

10B.04 Notwithstanding the provisions of Condition 10C.02, payment of amounts (whether principal, redemption amount, interest or otherwise) due (other than in respect of final redemption of Registered Instruments) in respect of Registered Instruments will be made by cheque (in the case of payment in Japanese Yen to a non-resident of Japan, drawn on an authorised foreign exchange bank) and posted to the address (as recorded in the register held by the Registrar) of the Holder thereof (or, in the case of joint Holders, the first-named) on the Relevant Banking Day (as defined in Condition 2.06) not later than the relevant date for payment unless prior to the relevant Record Date the Holder thereof (or, in the case of joint Holders, the first named) has applied to the Registrar and the Registrar has acknowledged such application for payment to be made to a designated account denominated in the relevant currency (in the case of payment in Japanese Yen to a non-resident in Japan, a non-resident account with an authorised foreign exchange bank) in which case payment shall be made on the relevant due date for payment by transfer to such account. In the case of payment by transfer to an account, if the due date for any such payment is not a Relevant Financial Centre Day, then the Holder thereof will not be entitled to payment thereof until the first day thereafter which is a Relevant Financial Centre Day and a day on which commercial banks and foreign exchange markets settle payments in the relevant currency in the place where the relevant designated account is located and no further payment on account of interest or otherwise shall be due in respect of such postponed payment unless there is a subsequent failure to pay in accordance with these Terms and Conditions in which event interest shall continue to accrue as provided in Condition 5D.05.

10C Payments — General Provisions

15.01 Notices to Holders of Bearer Instruments will, save where another means of effective communication has been specified herein or in the relevant Final Terms, be deemed to be validly given if published in an English language daily newspaper in London (which is expected to be the *Financial Times*) or on the website of the

Luxembourg Stock Exchange (www.bourse.lu) if the Instruments are listed on the Luxembourg Stock Exchange (so long as such Instruments are listed on the Luxembourg Stock Exchange and the rules of that exchange so require), in a leading newspaper having general circulation in Luxembourg (which is expected to be *d'Wort*) or, in either case if such publication is not practicable, if published in a leading English language daily newspaper having general circulation in Europe or, in the case of a Temporary Global Instrument or Permanent Global Instrument, if delivered to Euroclear and Clearstream, Luxembourg and any other relevant clearing system for communication by them to the persons shown in their respective records as having interests therein provided that, in the case of Instruments admitted to listing on any listing authority, stock exchange and/or quotation system, the requirements of such listing authority, stock exchange and/or quotation system, have been complied with. Any notice so given will be deemed to have been validly given on the date of such publication (or, if published more than once, on the first date on which publication is made) or, as the case may be, on the fourth day after the date of such delivery to Euroclear and Clearstream, Luxembourg and any other relevant clearing system. Holders of Coupons will be deemed for all purposes to have notice of the contents of any notice given to Holders of Bearer Instruments in accordance with this Condition.

To Holders of Registered Instruments

15.02 Notices to Holders of Registered Instruments will be deemed to be validly given if sent by first class mail (or equivalent) or (if posted to an overseas address) by air mail to them (or, in the case of joint Holders, to the first-named in the register kept by the Registrar) at their respective addresses as recorded in the register kept by the Registrar, and will be deemed to have been validly given on the fourth day after the date of such mailing or, if posted from another country, on the fifth such day. With respect to Registered Instruments listed on the Luxembourg Stock Exchange, any notices to Holders must also be published in a daily Luxembourg newspaper having general circulation in Luxembourg (which is expected to be *d'Wort*) or on the website of the Luxembourg Stock Exchange (www.bourse.lu) and, in addition to the foregoing, will be deemed validly given only after the date of such publication.

To Commissioners

15.03 Copies of any notice given to any Holders of the Instruments will be also given to the Commissioner of the Syndicate of Holders of the Instruments of the relevant Series.

16. Further Issues

The relevant Issuer may, from time to time without the consent of the Holders of any Instruments or Coupons create and issue further instruments, bonds or debentures having the same terms and conditions as such Instruments in all respects (or in all respects except for the first payment of interest, if any, on them and/or the denomination thereof) so as to form a single series with the Instruments of any particular Series.

17. Currency Indemnity

The currency in which the Instruments are denominated or, if different, payable, as specified in the relevant Final Terms (the “**Contractual Currency**”) is the sole currency of account and payment for all sums payable by the relevant Issuer in respect of the Instruments, including damages. Any amount received or recovered in a currency other than the Contractual Currency (whether as a result of, or of the enforcement of, a judgment or order of a court of any jurisdiction or otherwise) by any Holder of an Instrument or Coupon in respect of any sum expressed to be due to it from the relevant Issuer shall only constitute a discharge to the relevant Issuer to the extent of the amount in the Contractual Currency which such Holder is able to purchase with the amount so received or recovered in that other currency on the date of that receipt or recovery (or, if it is not practicable to make that purchase on that date, on the first date on which it is practicable to do so). If that amount is less than the amount in the Contractual Currency expressed to be due to any Holder of an Instrument or Coupon in respect of such Instrument or Coupon the relevant Issuer shall indemnify such Holder against any loss sustained by such Holder as a result. In any event, the relevant Issuer shall indemnify each such Holder against any cost of making

such purchase which is reasonably incurred. These indemnities constitute a separate and independent obligation from the relevant Issuer's other obligations, shall give rise to a separate and independent cause of action, shall apply irrespective of any indulgence granted by any Holder of an Instrument or Coupon and shall continue in full force and effect despite any judgment, order, claim or proof for a liquidated amount in respect of any sum due in respect of the Instruments or any judgment or order. Any such loss aforesaid shall be deemed to constitute a loss suffered by the relevant Holder of an Instrument or Coupon and no proof or evidence of any actual loss will be required by the relevant Issuer.

18. Waiver and Remedies

No failure to exercise, and no delay in exercising, on the part of the Holder of any Instrument, any right hereunder shall operate as a waiver thereof nor shall any single or partial exercise thereof preclude any other or future exercise thereof or the exercise of any other right. Rights hereunder shall be in addition to all other rights provided by law. No notice or demand given in any case shall constitute a waiver of rights to take other action in the same, similar or other instances without such notice or demand.

19. Law and Jurisdiction

19.01 The issue of the Instruments, including their legal nature (*obligaciones*), the status of the Instruments and the status of the guarantee in respect of them, the capacity of the Issuers, the relevant corporate resolutions, the appointment of the Commissioner and the constitution of the Syndicates of Holders of the Instruments shall be governed by Spanish law. The terms and conditions of the Instruments and all matters arising from or connected with the Instruments, the Issue and Paying Agency Agreement and the Deed of Covenant are governed by, and shall be construed in accordance with, English law.

19.02 The courts of England have exclusive jurisdiction to settle any disputes, which may arise out of or in connection with the Instruments (respectively, "**Proceedings**" and "**Disputes**").

19.03 The Issuers and the Guarantor irrevocably waive any objection which they might now or hereafter have to the courts of England being nominated as the forum to hear and determine any Proceedings and to settle any Disputes and agrees not to claim that any such court is not a convenient or appropriate forum.

19.04 The Issuers and the Guarantor agree that the process by which any proceedings in England are begun may be served on them by being delivered to Banco Santander Central Hispano, S.A., London Branch at Santander House, 100 Ludgate Hill, London EC4M 7NJ or such other person on whom, and at such other place at which, process may from time to time be served on the Guarantor in accordance with Part XXIII of the Companies Act 1985 (as modified or re-enacted from time to time). If the appointment of the person mentioned in this Condition 19.04 ceases to be effective, the Issuers and the Guarantor shall forthwith appoint a further person in England to accept service of process on its behalf in England and notify the name and address of such person to the Issue and Paying Agent and, failing such appointment within fifteen days, any Holder of an Instrument shall be entitled to appoint such a person by written notice addressed to the Issuers and the Guarantor and delivered to the Issuers and the Guarantor or to the specified office of the Issue and Paying Agent. Nothing contained herein shall affect the right of any Holder of an Instrument to serve process in any other manner permitted by law.

19.05 The submission to the exclusive jurisdiction of the courts of England is for the benefit of the Holders of the Instruments only and therefore shall not (and shall not be construed so as to) limit the right of the Holders of the Instruments or any of them to take Proceedings in any other court of competent jurisdiction nor shall the taking of proceedings in any one or more jurisdictions preclude the taking of Proceedings in any other jurisdiction (whether concurrently or not) if and to the extent permitted by applicable law.

20. Rights of Third Parties

No person shall have any right to enforce any term or condition of any Series of Instruments under the Contracts (Rights of Third Parties) Act 1999.

Without prejudice to the generality of the foregoing, such arrangements encompass commitments to ensure obligations to repay debt securities and/or the payment of interest and the description shall set out how the arrangement is intended to ensure that the guaranteed payments will be duly serviced.

Banco Santander Central Hispano, S.A. (the “**Guarantor**” or the “**Bank**”) has executed and delivered a Deed of Guarantee (the “**Senior Guarantee**”) dated 16 November 2006 for the benefit of the Holders of Senior Instruments from time to time. The Guarantor shall, on an Issue by Issue basis, on or before the Issue Date of any Subordinated Instruments, for the benefit of Holders of Subordinated Instruments from time to time, execute and deliver a Deed of Guarantee (a “**Subordinated Guarantee**”). See the forms of the Guarantees under “Scope of the Guarantee” below.

2. SCOPE OF THE GUARANTEE

- 2.1 *Details shall be disclosed about the terms and conditions and scope of the guarantee. Without prejudice to the generality of the foregoing, these details should cover any conditionality on the application of the guarantee in the event of any default under the terms of the security and the material terms of any Mono-line Insurance or Keep well Agreement between the issuer and the guarantor. Details must also be disclosed of any guarantor’s power of veto in relation to changes to the security holder’s rights, such as is often found in Mono-line Insurance.*

The forms of Senior Guarantee and Subordinated Guarantee are as follows:

FORM OF SENIOR GUARANTEE

THIS DEED OF SENIOR GUARANTEE is made on 16 November 2006

BY

BANCO SANTANDER CENTRAL HISPANO, S.A. (the “**Guarantor**”)

IN FAVOUR OF the Holders of the Senior Instruments referred to below and the Accountholders (as defined in the Deed of Covenant) in respect of the Senior Instruments (the “**Senior Accountholders**”).

WHEREAS:

- (A) Santander International Debt, S.A. Unipersonal (“**Santander International**” or the “**Issuer**”) and Santander Issuances, S.A. Unipersonal (“**Santander Issuances**”) and together with Santander International the “**Issuers**”) have established a programme (the “**Programme**”) for the continuous issuance of debt instruments in an aggregate principal amount outstanding at any one time not exceeding Euro 32,000,000,000 (the “**Instruments**”), in connection with which they have entered into a dealership agreement (the “**Dealership Agreement**”) dated 16 November 2006 and made between the Issuers, the Guarantor and the Dealers named therein, and an issue and paying agency agreement (the “**Issue and Paying Agency Agreement**”) dated 16 November 2006 and made between, *inter alia*, the Issuers, the Guarantor and The Bank of New York in its capacity as issue and paying agent (the “**Issue and Paying Agent**”) and have executed a deed of covenant (the “**Deed of Covenant**”) in respect of English law governed Instruments dated 16 November 2006.

- (B) The Guarantor has agreed to guarantee irrevocably the payment of principal and interest together with all other sums payable by (i) Santander International under the English law governed Instruments issued by Santander International on or after the date of this Deed of Senior Guarantee (the “**Senior Instruments**”) and the Deed of Covenant and (ii) on an issue by issue basis, by Santander Issuances under the English law governed Instruments issued by Santander Issuances (the “**Subordinated Instruments**”) and the Deed of Covenant.

NOW THIS DEED WITNESSES as follows:

1. INTERPRETATION

Unless otherwise defined herein or unless the context requires otherwise, expressions defined in the terms and conditions of the Instruments or the Deed of Covenant have the same meanings in this Deed of Senior Guarantee.

2. GUARANTEE AND INDEMNITY

2.1 The Guarantor hereby unconditionally and irrevocably guarantees:

- (a) to the Holder of each Senior Instrument the due and punctual payment of all sums expressed to be payable from time to time by the Issuer in respect of such Senior Instrument as and when the same become due and payable and accordingly undertakes to pay to such Holder, forthwith in the manner and currency prescribed by the relevant Senior Instrument for payments by the Issuer in respect thereof, any and every sum or sums which the Issuer is at any time liable to pay in respect of such Senior Instrument and which the Issuer has failed to pay; and
- (b) to each Senior Accountholder the due and punctual payment of all sums expressed to be payable from time to time by the Issuer to such Senior Accountholder under the Deed of Covenant as and when the same become due and payable and accordingly undertakes to pay to such Senior Accountholder, in the manner and currency prescribed by the Deed of Covenant for payments by the Issuer in respect of the Senior Instruments, any and every sum or sums which the Issuer is at any time liable to pay under the Deed of Covenant in respect of the Senior Instruments and which the Issuer has failed to pay.

2.2 The Guarantor undertakes to the Holder of each Senior Instrument and to each Senior Accountholder that, if any sum referred to in Clause 2.1 is not recoverable from the Guarantor thereunder for any reason whatsoever (including, without limitation, by reason of any Senior Instrument or Deed of Covenant (or any provision thereof) being or becoming void, unenforceable or otherwise invalid under any applicable law), then, notwithstanding that the same may have been known to such Holder or Accountholder, the Guarantor will, forthwith upon demand by such Holder or Accountholder, pay such sum by way of a full indemnity in the manner and currency prescribed by such Senior Instrument or (as the case may be) the Deed of Covenant. This indemnity constitutes a separate and independent obligation from the other obligations under this Deed of Senior Guarantee and shall give rise to a separate and independent cause of action.

3. PRESERVATION OF RIGHTS

- 3.1 The obligations of the Guarantor hereunder shall be deemed to be undertaken as principal obligor and not merely as surety.
- 3.2 The obligations of the Guarantor hereunder shall be continuing obligations notwithstanding any settlement of account or other matter or thing whatsoever and, in particular but without limitation, shall not be considered satisfied by any intermediate payment or satisfaction of all or any of the Issuer’s obligations under or in respect of any Senior Instrument or the Deed of Covenant and shall continue in full force and effect until all sums due from the Issuer in respect of the Senior Instruments and under the Deed of Covenant have been paid, and all other obligations of the Issuer thereunder or in respect thereof have been satisfied, in full.

- 3.3 Neither the obligations expressed to be assumed by the Guarantor herein nor the rights, powers and remedies conferred upon the Holders of Instruments and the Accountholders by this Deed of Senior Guarantee or by law shall be discharged, impaired or otherwise affected by:
- (a) the winding up or dissolution of the Issuer or analogous proceedings in any jurisdiction or any change in its status, function, control or ownership;
 - (b) any of the obligations of the Issuer under or in respect of any of the Senior Instruments or the Deed of Covenant being or becoming illegal, invalid or unenforceable;
 - (c) time or other indulgence being granted or agreed to be granted to the Issuer in respect of its obligations under or in respect of any of the Senior Instruments or the Deed of Covenant;
 - (d) any amendment to, or any variation, waiver or release of, any obligation of the Issuer under or in respect of any of the Senior Instruments or the Deed of Covenant or any security or other guarantee or indemnity in respect thereof; or
 - (e) any other act, event or omission which, but for this Clause 3.3, might operate to discharge, impair or otherwise affect the obligations expressed to be assumed by the Guarantor herein or any of the rights, powers or remedies conferred upon the Holders of the Senior Instruments, the Accountholders or any of them by this Deed of Senior Guarantee or by law.
- 3.4 Any settlement or discharge between the Guarantor and the Holders of the Senior Instruments, the Senior Accountholders or any of them shall be conditional upon no payment to the Holders of the Senior Instruments, the Senior Accountholders or any of them by the Issuer or any other person on the Issuer's behalf being avoided or reduced by virtue of any provision or enactment relating to bankruptcy, insolvency or liquidation for the time being in force and, in the event of any such payment being so avoided or reduced, the Holders of the Senior Instruments and the Senior Accountholders shall be entitled to recover the amount by which such payment is so avoided or reduced from the Guarantor subsequently as if such settlement or discharge had not occurred.
- 3.5 The obligations of the Guarantor are independent of those of the Issuer. The Guarantor shall remain liable as the principal and sole debtor hereunder pursuant to the terms of this Guarantee, and shall not be able to demand that the Holders of the Senior Instruments exhaust any of their rights or take any legal action against the Issuer prior to taking action against the Guarantor.
- 3.6 No Holder of a Senior Instrument or Senior Accountholder shall be obliged before exercising any of the rights, powers or remedies conferred upon it by this Deed of Senior Guarantee or by law:
- (a) to make any demand of the Issuer, other than the presentation of the relevant Senior Instrument;
 - (b) to take any action or obtain judgment in any court against the Issuer; or
 - (c) to make or file any claim or proof in a winding up or dissolution of the Issuer,
- and, save as aforesaid, the Guarantor hereby expressly waives, in respect of each Senior Instrument, presentment, demand, protest and notice of dishonour.
- 3.7 The Guarantor agrees that, so long as any sums are or may be owed by the Issuer in respect of the Senior Instruments or under the Deed of Covenant or the Issuer is under any other actual or contingent obligation thereunder or in respect thereof, the Guarantor will not exercise any right which the Guarantor may at any time have by reason of the performance by the Guarantor of its obligations hereunder:
- (a) to be indemnified by the Issuer;
 - (b) to claim any contribution from any other guarantor of the Issuer's obligations under or in respect of the Senior Instruments or the Deed of Covenant;
 - (c) to take the benefit (in whole or in part) of any security enjoyed in connection with any of the Senior Instruments or the Deed of Covenant by any Holder of a Senior Instrument or Senior Accountholder; or

- (d) to be subrogated to the rights of any Holder of a Senior Instrument or Senior Accountholder against the Issuer in respect of amounts paid by the Guarantor under this Deed of Senior Guarantee.

4. STATUS

The Guarantor undertakes that its obligations hereunder will at all times rank at least *pari passu* with all other present and future unsecured and unsubordinated obligations of the Guarantor save for those preferred by law.

5. DELIVERY

A duly executed original of this Deed of Senior Guarantee shall be delivered promptly after execution to the Issue and Paying Agent and such originals shall be held to the exclusion of the Guarantor until the date on which complete performance by the Guarantor of the obligations contained in this Deed of Senior Guarantee and in all Senior Instruments then outstanding from time to time occurs and no further Senior Instruments can be issued under the Programme. A certified copy of this Deed of Senior Guarantee may be obtained by the relevant Commissioner, any Holder of a Senior Instrument or any Senior Accountholder from the Issue and Paying Agent at its specified office at the expense of the relevant Commissioner or such Holder or Accountholder. Any Holder of a Senior Instrument or Senior Accountholder may protect and enforce his rights under this Deed of Senior Guarantee (in the courts specified in Clause 11 below) upon the basis described in the Deed of Covenant (in the case of an Accountholder) and a copy of this Deed of Senior Guarantee certified as being a true copy by a duly authorised officer of the Issue and Paying Agent without the need for production in any court of the actual records described in the Deed of Covenant or this Deed of Senior Guarantee. Any such certification shall be binding, except in the case of manifest error or as may be ordered by any court of competent jurisdiction, upon the Guarantor and all Holders of Senior Instruments and Senior Accountholders. This Clause shall not limit any right of any Holder of a Senior Instrument or Senior Accountholder to the production of the originals of such records or documents or this Deed of Senior Guarantee in evidence.

6. CONTRACTUAL CURRENCY

The currency in which the relevant Senior Instrument, Coupons and Direct Rights are denominated or, if different, payable (the “**Contractual Currency**”) is the sole currency of account and payment for all sums payable by the Guarantor in respect of such Senior Instruments, Coupons and Direct Rights, including damages. Any amount received or recovered in a currency other than the Contractual Currency (whether as a result of, or of the enforcement of, a judgment or order of a court of any jurisdiction or otherwise) by any Holder of a Senior Instrument or Coupon or any Senior Accountholder in respect of any sum expressed to be due to it from the Guarantor hereunder shall only constitute a discharge to the Guarantor to the extent of the amount in the Contractual Currency which such Holder or Accountholder is able to purchase with the amount so received or recovered in that other currency on the date of that receipt or recovery (or, if it is not practicable to make that purchase on that date, on the first date on which it is practicable to do so). If that amount is less than the amount in the Contractual Currency expressed to be due to any Holder of a Senior Instrument or Coupon or any Accountholder in respect of the relevant Senior Instrument, Coupon or Direct Rights the Guarantor shall indemnify such Holder or Accountholder against any loss sustained by such Holder or Accountholder as a result. In any event, the Guarantor shall indemnify each such holder or Accountholder against any cost of making such purchase which is reasonably incurred. These indemnities constitute a separate independent obligation from the Guarantor’s other obligations hereunder, shall give rise to a separate and independent cause of action, shall apply irrespective of any indulgence granted by any Holder of a Senior Instrument or Accountholder and shall continue in full force and effect despite any judgment, order, claim or proof for a liquidated amount in respect of any sum due in respect of the Senior Instruments or any judgment or order. Any such loss aforesaid shall be deemed to constitute a loss suffered by the Holder of a Senior Instrument or Accountholder and no proof or evidence of any actual loss will be required by the Guarantor.

7. TERMS AND CONDITIONS OF THE INSTRUMENTS

The Guarantor hereby undertakes to comply with and be bound by those provisions of the terms and conditions of the Instruments which relate to it.

8. BENEFIT OF DEED OF SENIOR GUARANTEE

- 8.1 This Deed of Senior Guarantee shall take effect as a deed poll for the benefit of the Holders of the Senior Instruments and the Senior Accountholders from time to time.
- 8.2 The obligations expressed to be assumed by the Guarantor herein shall enure for the benefit of each Holder of a Senior Instrument and Senior Accountholder, and each Holder of a Senior Instrument and Senior Accountholder shall be entitled severally to enforce such obligations against the Guarantor upon the basis described in the Deed of Covenant.
- 8.3 The Guarantor may not assign or transfer all or any of its rights, benefits or obligations hereunder, provided, however, that the foregoing shall not preclude the Guarantor from merging or consolidating with, or transferring or otherwise assigning all or substantially all of its assets to, a banking organisation or any other entity permitted by applicable laws without obtaining any approval of such Holders of Senior Instruments.
- 8.4 This Guarantee is solely for the benefit of the Holders of Senior Instruments and is not separately transferable from the Instruments.
- 8.5 Except for those changes (a) which do not adversely affect the rights of Holders of Senior Instruments or (b) which are necessary or desirable to give effect to any one or more transactions referred to in the proviso to Clause 8.3 (in any of which cases no agreements will be required), this Guarantee shall be changed only by agreement in writing signed by the Guarantor with the prior approval of a resolution of each Syndicate of Holders of the Instruments.
- 8.6 Any Senior Instruments issued under the Programme on or after the date of this Deed of Senior Guarantee shall have the benefit of this Deed of Senior Guarantee but shall not have the benefit of any subsequent guarantee relating to the Programme (unless expressly so provided in any such subsequent guarantee).

9. PARTIAL INVALIDITY

If at any time any provision hereof is or becomes illegal, invalid or unenforceable in any respect under the laws of any jurisdiction, neither the legality, validity or enforceability of the remaining provisions hereof nor the legality, validity or enforceability of such provision under the laws of any other jurisdiction shall in any way be affected or impaired thereby.

or to such other address or fax number or for the attention of such other person or department as the Guarantor has notified to the Holders of the Senior Instruments in the manner prescribed for the giving of notices in connection with the Senior Instruments.

10.2 Every communication sent in accordance with Clause 10.1 shall be effective upon receipt by the Guarantor *provided that* any such notice or communication which would otherwise take effect after 4.00 p.m. on any particular day shall not take effect until 10.00 a.m. on the immediately succeeding business day in the place of the Guarantor.

11. LAW AND JURISDICTION

11.1 Save for Clause 4 (Status) which shall be governed by Spanish law, this Deed of Senior Guarantee and all matters arising from or connected with it are governed by, and shall be construed in accordance with, English law.

11.2 The courts of England have exclusive jurisdiction to settle any dispute (a “**Dispute**”), arising from or in connection with this Deed of Senior Guarantee (including a dispute regarding the existence, validity or termination of this Deed of Senior Guarantee) or the consequence of its nullity.

11.3 The Guarantor agrees that the courts of England are the most appropriate and convenient courts to settle any Dispute and, accordingly, that it will not argue to the contrary.

11.4 Clause 11.2 is for the benefit of the Holders of the Senior Instruments and the Senior Accountholders only. As a result nothing in this Clause 11 prevents the Holders of the Senior Instruments and the Senior Accountholders from taking proceedings relating to a Dispute (“**Proceedings**”) in any other courts with jurisdiction. To the extent allowed by law, the Holders of the Senior Instruments and the Senior Accountholders may take concurrent Proceedings in any number of jurisdictions.

11.5 The Guarantor agrees that the documents which start any Proceedings and any other documents required to be served in relation to those Proceedings may be served on it by being delivered to Banco Santander Central Hispano, S.A., London Branch at Santander House, 100 Ludgate Hill, London EC4M 7NJ or, if different, any address of the Guarantor in Great Britain at which process may be served on it in accordance with Part XXIII of the Companies Act 1985 (as modified or re-enacted from time to time). If such person is not or ceases to be effectively appointed to accept service of process on behalf of the Guarantor, the Guarantor shall, on the written demand of any Holder of a Senior Instrument or Senior Accountholder addressed and delivered to the Guarantor appoint a further person in England to accept service of process on its behalf and, failing such appointment within 15 days, any Holder of a Senior Instrument or Senior Accountholder shall be entitled to appoint such a person by written notice addressed and delivered to the Guarantor. Nothing in this paragraph shall affect the right of any Holder of a Senior Instrument or Senior Accountholder to serve process in any other manner permitted by law. This Clause applies to Proceedings in England and to Proceedings elsewhere.

IN WITNESS whereof this Deed of Senior Guarantee has been executed as a deed by a duly authorised attorney on behalf of the Guarantor and is intended to be and is hereby delivered on the date first above written.

NOW THIS DEED OF SUBORDINATED GUARANTEE WITNESSES as follows:

1. Interpretation

1.1 Definitions:

In this Deed of Subordinated Guarantee the following expressions have the following meanings:

“**Conditions**” means the terms and conditions of the Subordinated Instruments, and any reference to a numbered “**Condition**” is to the correspondingly numbered provision thereof;

“**person**” means any individual, company, corporation, firm, partnership, joint venture, association, organisation, state or agency of a state or other entity, whether or not having separate legal personality;

1.2 Other defined terms

Unless otherwise defined herein or unless the context requires otherwise, expressions defined in the Conditions or the Deed of Covenant have the same meanings in this Deed of Subordinated Guarantee.

1.3 *Clauses*

Any reference in this Deed of Subordinated Guarantee to a Clause is, unless otherwise stated, to a clause hereof.

1.4 *Headings*

Headings and sub-headings are for ease of reference only and shall not affect the construction of this Deed of Subordinated Guarantee.

2. **Subordinated Guarantee and Indemnity**

2.1 *Subordinated Guarantee*

The Guarantor hereby unconditionally and irrevocably guarantees:

2.1.1 to the Holder of each Subordinated Instrument the due and punctual payment of all sums from time to time payable by the Issuer in respect of such Subordinated Instrument as and when the same become due and payable and accordingly undertakes to pay to such Holder, in the manner and currency prescribed by the Conditions for payments by the Issuer in respect of the Subordinated Instruments, any and every sum or sums which the Issuer is at any time liable to pay in respect of such Subordinated Instrument and which the Issuer has failed to pay, subject to the provisions of Clause 4.7; and

2.1.2 to each Accountholder the due and punctual payment of all sums from time to time payable by the Issuer to such Accountholder in respect of the Direct Rights as and when the same become due and payable and accordingly undertakes to pay to such Accountholder, in the manner and currency prescribed by the Conditions for payments by the Issuer in respect of the Subordinated Instruments, any and every sum or sums which the Issuer is at any time liable to pay to such Accountholder in respect of the Subordinated Instruments and which the Issuer has failed to pay, subject to the provisions of Clause 4.7.

2.2 *Indemnity*

The Guarantor irrevocably and unconditionally agrees as a primary obligation to indemnify each Beneficiary from time to time from and against any loss incurred by such Beneficiary as a result of any of the obligations of the Issuer under or pursuant to any Subordinated Instrument, the Deed of Covenant or any provision thereof being or becoming void, voidable, unenforceable or ineffective for any reason whatsoever, whether or not known to such Beneficiary or any other person, the amount of such loss being the amount which such Beneficiary would otherwise have been entitled to recover from the Issuer. Any amount payable pursuant to this indemnity shall be payable in the manner and currency prescribed by the Conditions for payments by the Issuer in respect of the Subordinated Instruments, but subject always to the provisions of Clause 4.7. This indemnity constitutes a separate and independent obligation from the other obligations under this Deed of Subordinated Guarantee and shall give rise to a separate and independent cause of action.

3. **Compliance with Conditions**

The Guarantor covenants in favour of each Beneficiary that it will duly perform and comply with the obligations expressed to be undertaken by it in the Conditions.

4. **Preservation of Rights**

4.1 *Principal obligor*

The obligations of the Guarantor hereunder shall be deemed to be undertaken as principal obligor and not merely as surety.

4.2 *Continuing obligations*

The obligations of the Guarantor herein contained shall constitute and be continuing obligations notwithstanding any settlement of account or other matter or thing whatsoever and shall not be considered satisfied by any intermediate payment or satisfaction of all or any of the Issuer's obligations under or in respect of any Subordinated Instrument or the Deed of Covenant and shall continue in full force and effect until all sums due from the Issuer in respect of the Subordinated Instruments and under the Deed of Covenant have been paid, and all other actual or contingent obligations of the Issuer thereunder or in respect thereof have been satisfied, in full.

4.3 *Obligations not discharged*

Neither the obligations of the Guarantor herein contained nor the rights, powers and remedies conferred upon the Beneficiaries by this Deed of Subordinated Guarantee or by law shall be discharged, impaired or otherwise affected by:

- 4.3.1 the winding up, dissolution, administration or re-organisation of the Issuer or any change in its status, function, control or ownership;
- 4.3.2 any of the obligations of the Issuer under or in respect of the Subordinated Instruments or the Deed of Covenant being or becoming illegal, invalid, unenforceable or ineffective in any respect;
- 4.3.3 time or other indulgence being granted or agreed to be granted to the Issuer in respect of any of its obligations under or in respect of the Subordinated Instruments or the Deed of Covenant;
- 4.3.4 any amendment to, or any variation, waiver or release of, any obligation of the Issuer under or in respect of the Subordinated Instruments or the Deed of Covenant or any security or other guarantee or indemnity in respect thereof; or
- 4.3.5 any other act, event or omission which, but for this sub-clause, might operate to discharge, impair or otherwise affect the obligations expressed to be assumed by the Guarantor herein or any of the rights, powers or remedies conferred upon the Beneficiaries or any of them by this Deed of Subordinated Guarantee or by law.

4.4 *Settlement conditional*

Any settlement or discharge between the Guarantor and the Beneficiaries or any of them shall be conditional upon no payment to the Beneficiaries or any of them by the Issuer or any other person on the Issuer's behalf being avoided or reduced by virtue of any laws relating to bankruptcy, insolvency, liquidation or similar laws of general application for the time being in force and, in the event of any such payment being so avoided or reduced, the Beneficiaries shall be entitled to recover the amount by which such payment is so avoided or reduced from the Guarantor subsequently as if such settlement or discharge had not occurred.

4.5 *Exercise of Rights*

No Beneficiary shall be obliged before exercising any of the rights, powers or remedies conferred upon it by this Deed of Subordinated Guarantee or by law:

- 4.5.1 to make any demand of the Issuer, save for the presentation of the relevant Subordinated Instrument;
- 4.5.2 to take any action or obtain judgment in any court against the Issuer; or
- 4.5.3 to make or file any claim or proof in a winding up or dissolution of the Issuer, and (save as aforesaid) the Guarantor hereby expressly waives presentment, demand, protest and notice of dishonour in respect of each Subordinated Instrument.

4.6 *Deferral of Guarantor's Rights*

The Guarantor agrees that, so long as any sums are or may be owed by the Issuer in respect of the Subordinated Instruments or under the Deed of Covenant or the Issuer is under any other actual or

contingent obligation thereunder or in respect thereof, the Guarantor will not exercise any rights which the Guarantor may at any time have by reason of the performance by the Guarantor of its obligations hereunder:

4.6.1 to be indemnified by the Issuer;

4.6.2 to claim any contribution from any other guarantor of the Issuer's obligations under or in respect of the Subordinated Instruments or the Deed of Covenant; or

4.6.3 to take the benefit (in whole or in part and whether by way of subrogation or otherwise) of any rights of any Beneficiary against the Issuer in respect of amounts paid by the Guarantor under this Deed of Subordinated Guarantee or any security enjoyed in connection with the Subordinated Instruments or the Deed of Covenant by any Beneficiary.

4.7 ***Status and Covenants***

4.7.1 This Deed of Subordinated Guarantee constitutes direct, unconditional subordinated and unsecured obligations of the Guarantor.

4.7.2 The Guarantor undertakes that its obligations hereunder will at all times rank (in relation to the Subordinated Instruments) as described in Condition 3.03.

5. **Deposit of Deed of Subordinated Guarantee**

This Deed of Subordinated Guarantee shall be deposited with and held by the Issue and Paying Agent until after all the obligations of the Issuer under or in respect of the Subordinated Instruments and the Deed of Covenant have been discharged in full. The Guarantor hereby acknowledges the right of every Beneficiary and the relevant Commissioner to the production of this Deed of Subordinated Guarantee.

6. **Contractual Currency**

The currency in which the relevant Subordinated Instrument is denominated or, if different, payable (the "Contractual Currency") is the sole currency of account and payment for all sums payable by the Guarantor in respect of the Subordinated Instruments, including damages. Any amount received or recovered in a currency other than the Contractual Currency (whether as a result of, or of the enforcement of, a judgment or order of a court of any jurisdiction or otherwise) by any Beneficiary in respect of any sum expressed to be due to it from the Guarantor hereunder shall only constitute a discharge to the Guarantor to the extent of the amount in the Contractual Currency which such Beneficiary is able to purchase with the amount so received or recovered in that other currency on the date of that receipt or recovery (or, if it is not practicable to make that purchase on that date, on the first date on which it is practicable to do so). If that amount is less than the amount in the Contractual Currency expressed to be due to any Beneficiary in respect of the relevant Subordinated Instrument the Guarantor shall indemnify such Beneficiary against any loss sustained by such Beneficiary as a result. In any event, the Guarantor shall indemnify each such Beneficiary against any cost of making such purchase which is reasonably incurred. These indemnities constitute a separate independent obligation from the Guarantor's other obligations hereunder, shall give rise to a separate and independent cause of action, shall apply irrespective of any indulgence granted by any Beneficiary and shall continue in full force and effect despite any judgment, order, claim or proof for a liquidated amount in respect of any sum due in respect of the Subordinated Instruments or any judgment or order. Any such loss aforesaid shall be deemed to constitute a loss suffered by the Beneficiary and no proof or evidence of any actual loss will be required by the Guarantor.

7. **Stamp Duties**

The Guarantor shall pay all stamp, registration and other taxes and duties (including any interest and penalties thereon or in connection therewith) which are payable upon or in connection with the execution

and delivery of this Deed of Subordinated Guarantee, and shall indemnify each Beneficiary against any claim, demand, action, liability, damages, cost, loss or expense (including, without limitation, legal fees and any applicable value added tax) which it incurs as a result or arising out of or in relation to any failure to pay or delay in paying any of the same.

8. **Benefit of Deed of Subordinated Guarantee**

8.1 *Deed poll*

This Deed of Subordinated Guarantee shall take effect as a deed poll for the benefit of the Beneficiaries from time to time.

8.2 *Benefit*

This Deed of Subordinated Guarantee shall enure to the benefit of each Beneficiary and its (and any subsequent) successors and assigns, each of which shall be entitled severally to enforce this Deed of Subordinated Guarantee against the Guarantor upon the basis described in the Deed of Covenant.

8.3 *Assignment*

The Guarantor shall not be entitled to assign or transfer all or any of its rights, benefits and obligations hereunder. Each Beneficiary shall be entitled to assign all or any of its rights and benefits hereunder, however the Subordinated Guarantee is not separately transferable from the Subordinated Instruments.

9. **Partial Invalidity**

If at any time any provision hereof is or becomes illegal, invalid or unenforceable in any respect under the laws of any jurisdiction, neither the legality, validity or enforceability of the remaining provisions hereof nor the legality, validity or enforceability of such provision under the laws of any other jurisdiction shall in any way be affected or impaired thereby.

10. **Notices**

10.1 *Address for notices*

All notices and other communications to the Guarantor hereunder shall be made in writing (by letter, telex or fax) and shall be sent to the Guarantor at:

11. Law and Jurisdiction

11.1 *Governing law*

This Deed of Subordinated Guarantee and all matters arising from or connected with it are governed by, and shall be construed in accordance with, English law save for Clauses 4.7 and 4.8 which shall be governed by, and construed in accordance with, Spanish law.

11.2 *English courts*

The courts of England have jurisdiction to settle any dispute (a “**Dispute**”) arising from or in connection with this Deed of Subordinated Guarantee.

11.3 *Appropriate forum*

Clause 11.2 is for the benefit of the Beneficiaries only. As a result, nothing in this Clause 11 prevents any Beneficiary from taking proceedings relating to a Dispute (“**Proceedings**”) in any other courts with jurisdiction. To the extent allowed by law, Beneficiaries may take concurrent Proceedings in any number of jurisdictions.

11.5 *Service of process*
