Tranches of Notes issued under the Programme may be rated or unrated. Where a Tranche of Notes is rated, such rating will not necessarily be the same as the ratings assigned to the Notes. A security rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency.

This Prospectus has been approved by and filed with The Netherlands Authority for the Financial Markets (*Stichting Autoriteit Financiële Markten*, the "**AFM**"). securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency.

RISK FACTORS

The Issuer believes that the following factors may affect the Issuer's ability to fulfil its obligations under the Notes issued under the Programme. Most of these factors are contingencies which may or may not occur and the Issuer is not in a position to express a view on the likelihood of any such contingency occurring. In addition, factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme are also described below.

The Issuer believes that the factors described below represent the material risks inherent in investing in Notes issued under the Programme, but the inability of the Issuer to pay interest, principal or other amounts on or in connection with any Notes may occur for other reasons and the Issuer does not represent that the statements below regarding the risks of holding any Notes are exhaustive. Prospective investors should also read the detailed information set out elsewhere in this Prospectus and reach their own views prior to making any investment decision.

Before making an investment decision with respect to any Notes, prospective investors should consult their own stockbroker, bank manager, lawyer, accountant or other financial, legal and tax advisers and carefully review the risks entailed by an investment in the Notes and consider such an investment decision in the light of the prospective investor's personal circumstances.

RISK FACTORS REGARDING SNS BANK

SNS Bank's business is primarily concentrated in The Netherlands

SNS Bank generates most of its income in The Netherlands and therefore is particularly exposed to the economic conditions in The Netherlands. Economic conditions in The Netherlands have been difficult since 2001 both on an absolute and on a relative basis. The Dutch economy posted a modest recovery in 2004, following a difficult year in 2003 when the economy registered a contraction. Growth accelerated in 2006 with gross domestic product ("**GDP**") growing by 2,9 % in 2006 compared to 2005. Any deterioration or merely a long-term persistence of the difficult economic environment in The Netherlands could negatively affect the demand for SNS Bank's products and services.

As a consequence of the acquisition of SNS Property Finance B.V. as of 1 December 2006 SNS Bank is not only exposed to the economic conditions in The Netherlands, but also to those in certain foreign countries. SNS Property Finance B.V. generates approximately 70% of its income in The Netherlands and 30% in certain foreign countries. Commercial property finance activities abroad take place in Belgium, Germany, France, Spain, Sweden, Denmark, the US, Canada, Portugal, Italy, the United Kingdom and Luxembourg ("**Certain Foreign Countries**").

In addition, SNS Bank is also exposed to the risk of a significant deterioration of the financial position of SNS Bank's retail-plus customers in The Netherlands.

A significant portion of SNS Bank's results relates to SNS Bank's mortgage loan products

Mortgage loans constitute approximately 70 % of SNS Bank's total loan portfolio at year-end 2006. An economic downturn, stagnation or drop in property values, changes in or abolition of the tax deductibility of interest payments on residential mortgage loans, increased interest rates or a combination thereof, could lead to a decrease in the production of new mortgage loans and/or increased default rates on existing mortgage loans. Further, a decrease in the general level of interest rates could affect SNS Bank through, among other things, increased pre-payments on the loan and mortgage portfolio.

In addition, a general decrease in the production of mortgage loans in The Netherlands may also result in a decrease in the production of mortgage loan related products, including mortgage loan insurance.

SNS Bank is exposed to risks relating to its commercial property finance activities

SNS Bank operates in the mortgage backed commercial (business-to-business) market, which include real estate project finance, lease finance and real estate investment finance. In respect of these commercial property finance activities SNS Bank is exposed to the risk that a counterparty may default on its obligations to SNS Bank. This includes defaults on obligations in relation to loans granted or equity provided by SNS Bank. It is not certain that security rights (such as mortgage rights) can be enforced in all circumstances. In addition, enforcement of security rights by SNS Bank may result in losses due to a decline in value of the property sold or due to other reasons. An increase in interest rates could lead to such a decline in property values.

SNS Bank's extensive network of intermediaries is its most important distribution channel and SNS Bank may be unable to maintain a competitive distribution network

SNS Bank uses a variety of distribution channels in The Netherlands for the marketing and offering of its products and services, including its network of branches, the Internet, call centres, intermediaries and partnerships (special distribution).

Substantially more than half of SNS Bank's distribution originates from distribution of its products and services by intermediaries who may also offer competitors' products and services. As a result, the success of SNS Bank through this distribution channel depends on the preferences of these intermediaries for the products and services of SNS Bank. Intermediaries' preferences are determined not only by the level of compensation offered, but also by product quality, the services offered to customers and the support services. SNS Bank may not succeed in continuing to provide sufficient incentives to intermediaries to market its products and services successfully.

In seeking to attract and retain productive intermediaries, SNS Bank competes with other financial institutions primarily on the basis of its support services, product features, financial position, and compensation. SNS Bank may not continue to succeed in attracting and retaining new (productive) intermediaries or maintaining the current quality and/or quantity of its distribution network.

SNS Bank is exposed to the risk of a decline in the securities markets or poor investment performance

The evolution of prices and indices of securities, both in terms of equity and fixed income, in which SNS Bank invests, has a considerable impact on its investment income.

Part of the portfolios SNS Bank handles are non-discretionary portfolios with fee arrangements based on the volume of transactions into which SNS Bank enters on behalf of its customers. To the extent that trading volumes decline, lower market activity results in lower commission income for SNS Bank.

Furthermore, a decline in or disruption of the securities market may cause SNS Bank's customers to withdraw funds in favour of investments they perceive as offering greater opportunity or lower risk, which could result in lower investment advisory fees. Where the fee arrangement depends on the performance of the portfolios SNS Bank manages, a decline in or disruption of the securities market may cause lower yields, resulting in a decline in SNS Bank's revenues and profits.

A decline in or disruption of the securities market would also lower the value of collateral pledged as security for margin loans, which would increase the risk that they would default as well as impact recovery in the event of a default. If SNS Bank is unable to recover the full amount owed to

it on SNS Bank's loans to customers, SNS Bank would be forced to recognise loan losses, which would adversely affect SNS Bank's profitability. Even if the number of loans in default does not increase, a decline in or disruption of the securities market could cause SNS Bank to call margin loans, requiring the assets pledged as collateral for these loans to be sold. If that happens SNS Bank would lose both the interest income on the loans, as well as the fees for managing the assets.

Furthermore, the decline in or disruption of the securities market may affect the demand for the products and services offered by SNS Bank.

SNS Bank faces substantial competitive pressures which could adversely affect SNS Bank's results of operations

There is substantial competition in The Netherlands for the types of insurance, banking and other products and services SNS Bank provides. Competition in the financial services industry is furthered by the high level of consolidation in The Netherlands in the markets where SNS Bank operates. SNS Bank faces competition from companies such as ING Group, ABN AMRO Bank N.V. Rabobank and Fortis Bank N.V. If SNS Bank is unable to offer competing attractive products and service that are profitable, SNS Bank may lose market share or incur losses on some or all of its activities. Consumer demand, technological changes, regulatory actions and other factors also affect competition. Competitive pressures could result in increased pricing pressures, particularly as competitors seek to win market share, and may harm SNS Bank's ability to maintain or increase profitability.

With respect to its commercial property finance activities in Certain Foreign Countries SNS Bank also faces competitive pressure from local banks that specialize in commercial property finance activities, which could also adversely affect SNS Bank's results of operations.

SNS Bank faces significant liquidity risk

SNS Bank faces significant liquidity risk. Liquidity risk refers to the risk that funding and liquid assets will not be (sufficiently) available as a result of which SNS Bank may not be able to meet short-term financial obligations. SNS Bank's sensitivity to this risk is substantial. The amount of mortgages on SNS Bank's balance sheet is higher than the amount of savings money attracted. This has resulted in an increasing dependency on wholesale funding including the use of securitisation of the mortgage portfolio. The gap between loans granted and savings and deposits entrusted is funded in the money and capital markets. Good access to these markets is necessary to finance the growth of the mortgage portfolio and to refinance all outstanding loans with a shorter maturity than the mortgages in which the money is invested. The access to the money and capital markets may be affected by concerns about the credit strength of the relevant institution, but may also be influenced by concerns about the market segments in which SNS Bank is active, or by a general market disruption. Access to the markets may be further affected by SNS Bank's credit rating.

Market conditions can adversely affect the results of SNS Bank

SNS Bank's business segment is affected by market conditions, which can cause results to fluctuate from year to year as well as on a long-term basis. These market conditions include, without limitation, fluctuations in interest rates, monetary policy, consumer and business spending and demographics.

The results of the banking operations of SNS Bank are affected by its management of interest rates sensitivity. The composition of SNS Bank's assets and liabilities, and any gap position resulting from that composition, causes the banking operations net interest income to vary with changes in interest rates. There can be no assurance that SNS Bank will be able to successfully

manage interest rate spreads or the potential negative impact of risks associated with sustained low interest rate changes. A mismatch of interest-earning assets and interest bearing liabilities in any given period may, in the event of changes in interest rates, have a material effect on the financial position or result from operations of the banking business of SNS Bank.

Since SNS Bank also operates in Certain Foreign Countries with respect to its commercial property finance activities, the market conditions in these countries can affect the results of SNS Bank.

While SNS Bank manages its operational risks, these risks remain an inherent part of all of SNS Bank's businesses

The operational risks that SNS Bank faces include the possibility of inadequate or failed internal or external processes or systems, human error, regulatory breaches, employee misconduct or external events such as fraud. These events may result in financial loss and may harm SNS Bank's reputation. Additionally, the loss of key personnel could adversely affect SNS Bank's operations and results.

SNS Bank attempts to keep operational risks at appropriate levels by maintaining a well controlled environment in light of the characteristics of its business, the markets and the regulatory environments in which it operates. While these control measures mitigate operational risks they do not eliminate them.

The business of SNS Bank is exposed to risks concerning the adequacy of its credit provisions

SNS Bank is exposed to general credit risks; for example, SNS Bank is exposed to credit risk of borrowers. Third parties that owe SNS money, securities or other assets may not pay or perform under their obligations. These parties include borrowers under loans granted, the issuers whose securities SNS Bank holds, customers, trading counterparties, counterparties under swaps and credit and other derivative contracts, clearing agents, exchanges, clearing houses and other financial intermediaries. These parties may default on their obligations to SNS Bank due to bankruptcy, lack of liquidity, downturns in the economy or real estate values, operational failure or other reasons.

The business of SNS Bank is subject to risks that have their impact on the adequacy of its credit provisions. These provisions relate to the possibility that a counterparty may default on its obligations to SNS Bank which arise from lending or other financial transactions. Depending on the actual realisation of such counterparty default, the current credit provisions may prove to be inadequate.

If future events or the effects thereof do not fall within any of the assumptions, factors or assessments used by SNS Bank to determine its credit provisions, these provisions could be inadequate.

SNS Bank is subject to currency-related risks

Currency risk exposure affects SNS Bank's funding of its operations and part of its investment portfolio. To the extent these are not hedged, SNS Bank is exposed to certain currency fluctuations between the euro and the US dollar in particular, as well as other currencies, such as the Japanese yen, Hong Kong dollar, pound sterling and Australian dollar. SNS Bank's reporting currency is the euro. Non-euro income and expense items are translated into euro for consolidation of SNS Bank's profit and loss statement, on the basis of average exchange rates during the period. For the purposes of the Company's consolidated balance sheet, SNS Bank

converts non-euro denominated assets and liabilities into euro at the exchange rate prevailing at the balance sheet date.

SNS Bank may be exposed to failures in its risk management systems

SNS Bank invests substantial time and effort in its strategies and procedures for managing not only credit risk, but also other risks, such as strategic risk, market risk, underwriting risk, liquidity risk, operational risk and conduct of business risk. These strategies and procedures could nonetheless fail or not be fully effective under some circumstances, particularly if SNS Bank is confronted with risks that it has not fully or adequately identified or anticipated. Some of SNS Bank's methods for managing risk are based upon observations of historical market behaviour. Statistical techniques are applied to these observations in order to arrive at quantifications of some of SNS Bank's risk exposures. These statistical methods may not accurately quantify SNS Bank's risk exposure if circumstances arise which were not observed in SNS Bank's historical data. For example, as SNS Bank offers new products or services, the historical data may be incomplete or not accurate for such new products or services. As SNS Bank gains more experience it may need to make additional provisions.

If circumstances arise that SNS Bank did not identify, anticipate or correctly evaluate in developing its statistical models, SNS Bank's losses could be greater than the maximum losses envisaged by SNS Bank. Furthermore, the quantifications do not take all risks or market conditions into account. If the measures used to assess and mitigate risk prove insufficient, SNS Bank may experience unanticipated losses.

SNS Bank is exposed to the risk of ineffective systems and processes, and interruption, failure or breach thereof

SNS Bank relies heavily on its operational processes, and communication and information systems in particular to conduct its business. Even with the back-up recovery systems and contingency plans that are in place, SNS Bank cannot assure that interruptions, failures or breaches in security of these processes and systems will not occur or, if they do occur, that they will be adequately addressed. Any such interruptions, failures or breaches, even for a limited period of time, could result in, for example:

- interruptions in the services offered or information provided to customers, or inability to serve customers' needs in a timely fashion;
- interruptions or errors in SNS Bank's management information and/or information reported to supervisory authorities;
- SNS Bank being unable to report accurate information in a timely manner and thus being in violation of applicable regulations;
- inability to identify in time or at all, inadequate, fraudulent, negligent and/or unauthorised dealings by SNS Bank's employees or third parties, or telecommunication connection failures or hacking of SNS Bank's website portal;
- considerable costs in terms of, for example, information retrieval and verification.

SNS Bank's business operations are also vulnerable to interruption from fire, flood, bomb threats, explosions or other forms of terrorist activity and natural and man-made disasters. The same may apply for third parties on which SNS Bank depends. Furthermore, SNS Bank cannot assure that interruptions, failures or breaches of SNS Bank's communication and information systems as a result of external fraud will not occur or, if they do occur, that they will be adequately addressed.

A significant portion of SNS Bank's business relates to SNS Bank's dealings with third parties

A significant portion of SNS Bank's business relates to products and services which SNS Bank offers in co-operation with third parties or in relation to which SNS Bank depends on third parties, for example for the distribution of such products and services. SNS Bank cannot assure that these third parties will continue their co-operation with SNS Bank, that the relationships with these third parties will continue to be beneficial or that SNS Bank will be able to sustain its ability to successfully develop and market the products and services which are developed together with third parties.

Negative publicity about these third parties, whether or not founded, could also harm SNS Bank's reputation.

Catastrophic events, terrorist attacks and similar events could have a negative impact on the business and results of SNS Bank

Catastrophic events, terrorist attacks and similar events, as well as the responses thereto may create economic and political uncertainties, which could have a negative impact on economics conditions in the regions in which SNS Bank operates and, more specifically, on the business and results of SNS Bank in ways that cannot be predicted.

SNS Bank operates in an industry that is highly regulated. There could be an adverse change or increase in the financial services laws and/or regulations governing SNS Bank's business. There are frequent investigations by supervisory authorities, both into the industry and into SNS Bank, which could result in governmental enforcement actions

SNS Bank's business is regulated and supervised by several Dutch supervisory authorities. Laws and regulations applied at national level generally grant supervisory authorities broad administrative discretion over SNS Bank's activities, including the power to limit or restrict business activities. It is possible that laws and regulations governing SNS Bank's business or particular products and services could be amended or interpreted in a manner that is adverse to SNS Bank, for example, to the extent that existing laws and regulations are amended or future laws and regulations are adopted that (i) reduce or restrict the sale of the products and services SNS Bank offers, whether existing or new, or (ii) negatively affect the performance of the products and services SNS Bank offers, whether existing or new. SNS Bank's revenues and costs, profitability and available or required regulatory capital could also be affected by an increase or change in the degree of regulation in any of the markets in which SNS Bank operates, whether existing or new. Due to the complexity of the regulatory environment in which SNS Bank operates, it will entail more costs to ensure that SNS Bank is, and will continue to be, in compliance with all applicable laws and regulations at all times, to the extent that the volume of regulation increases and the scope of the activities changes.

Furthermore, laws and regulations grant supervisory authorities the authority to perform investigations into, among other things, the compliance with specific regulations by the industry and/or SNS Bank. Such investigations into financial services groups, including SNS Bank, are on-going. Current and future investigations by supervisory authorities, in particular in the context of, but not limited to, market conduct supervision, could result in sanctions in the event of it being found that SNS Bank does not or does not fully comply with applicable laws and regulations. The outcome of such investigations could necessitate SNS Bank to take costly measures. The outcome of such investigations by supervisory authorities could also result in changes in laws and regulations of the relevant supervisory authority in a manner that is adverse to SNS Bank, which could, as indicated above, among other things, reduce or restrict the sale of the products and

services SNS Bank offers, whether existing or new, or negatively affect the performance of the products and services SNS Bank offers, whether existing or new. SNS Bank is one of the subjects of an investigation into certain control frameworks (*beheersingskaders*) in the context of market conduct supervision. The outcome of this investigation may damage the reputation of the industry and of SNS Bank. This investigation induced SNS Bank to change certain of its operational processes.

If SNS Bank is in breach of any existing or new laws or regulations now or in the future, SNS Bank will be exposed to the risk of intervention by regulatory authorities, including investigation and surveillance, and judicial or administrative proceedings. In addition, SNS Bank's reputation could suffer and SNS Bank could be fined or prohibited from engaging in some of its business activities or be sued by customers if it does not comply with applicable laws or regulations.

SNS Bank is exposed to risks of damage to its reputation

SNS Bank is exposed to the risk that, among other things, litigation, employee misconduct, operational failures, outcome of current and future investigations by regulatory authorities and press speculation and the possible negative publicity resulting therefrom, whether or not founded, will harm SNS Bank's reputation. SNS Bank's reputation could also be harmed if products or services recommended by SNS Bank do not perform as expected, for example in relation to endowment mortgage products.

Negative publicity could, for example, be based on allegations that SNS Bank does not or does not fully comply with regulatory requirements or anti-money laundering rules, or could result from negative publicity about a third party linked to SNS Bank (such as an intermediary or a partner) or about politically exposed persons in SNS Bank's customer base. Furthermore, negative publicity could result from failures in SNS Bank's information technology systems, loss of customer data or confidential information, or failure in SNS Bank's risk management procedures. Negative publicity could also, but not exclusively, result from any misconduct or malpractice relating to intermediaries, business promoters or third party managers linked to SNS Bank.

Any resulting damage to SNS Bank's reputation, in particular with a view to SNS Bank's focus on retail-plus customers and the concentration of its business in The Netherlands, could cause disproportionate damage to SNS Bank's business, regardless whether the negative publicity is factually accurate. Negative publicity could also be repeated by third parties, which could damage SNS Bank's reputation further.

Any damage to SNS Bank's reputation could cause existing customers to withdraw their business from SNS Bank and potential customers to be reluctant or elect not to do business with SNS Bank. Furthermore, negative publicity could result in greater regulatory scrutiny and influence market or rating agency perception of SNS Bank, which may make it more difficult for SNS Bank to maintain its credit rating.

SNS Bank's results of operations can be affected by significant adverse regulatory developments including changes in tax law

SNS Bank conducts its businesses subject to ongoing regulatory and associated risks, including the effects of changes in law, regulations, and policies in The Netherlands and any other jurisdiction it conducts its business in. The timing and form of future changes in regulation are unpredictable and beyond control of SNS Bank, and changes made could materially adversely affect SNS Bank's business.

RISK FACTORS REGARDING THE NOTES

In addition to the risks identified in “Risk Factors regarding SNS Bank” above, potential investors in Notes should consider the following:

Risks related to the structure of a particular issue of Notes

A wide range of Notes may be issued under the Programme. A number of these Notes may have features which contain particular risks for potential investors. Set out below is a description of the most common such features:

Notes subject to optional redemption by the Issuer

An optional redemption feature of Notes is likely to limit their market value. During any period when the Issuer may elect to redeem Notes, the market value of those Notes generally will not rise substantially above the price at which they can be redeemed. This may also be true prior to any redemption period.

The Issuer may be expected to redeem Notes when its cost of borrowing is lower than the interest rate on the Notes. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time.

Partly-paid Notes

The Issuer may issue Notes where the investor pays part of the purchase price of the Notes on the Issue Date and the remainder on one or more subsequent dates. Potential purchasers of such Notes should understand that a failure by a Noteholder to pay any portion of the purchase price when due may trigger a redemption of all of the Notes by the Issuer and may cause such purchaser to lose all or part of its investment.

Variable Rate Notes with a multiplier or other leverage factor

Notes with variable interest rates can be volatile investments. If they are structured to include multipliers or other leverage factors, or caps or floors, or any combination of those features, their market values may be even more volatile than those for securities that do not include those features.

Inverse Floating Rate Notes

Inverse Floating Rate Notes have an interest rate equal to a fixed rate minus a rate based upon a reference rate such as EURIBOR. The market values of those Notes typically are more volatile than market values of other conventional floating rate debt securities based on the same reference rate (and with otherwise comparable terms). Inverse Floating Rate Notes are more volatile because an increase in the reference rate not only decreases the interest rate of the Notes, but may also reflect an increase in prevailing interest rates, which further adversely affects the market value of these Notes.

Fixed/Floating Rate Notes

Fixed/Floating Rate Notes may bear interest at a rate that the Issuer may elect to convert from a fixed rate to a floating rate, or from a floating rate to a fixed rate. The Issuer's ability to convert the interest rate will affect the secondary market and the market value of the Notes since the Issuer may be expected to convert the rate when it is likely to produce a lower overall cost of borrowing. If the Issuer converts from a fixed rate to a floating rate, the spread on the Fixed/Floating Rate Notes may be less favourable than then prevailing spreads on comparable Floating Rate Notes tied to

the same reference rate. In addition, the new floating rate at any time may be lower than the rates on other Notes. If the Issuer converts from a floating rate to a fixed rate, the fixed rate may be lower than then prevailing rates on its Notes.

Notes issued at a substantial discount or premium

The market values of securities issued at a substantial discount or premium from their principal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing securities. Generally, the longer the remaining term of the securities, the greater the price volatility as compared to conventional interest-bearing securities with comparable maturities.

Index Linked Notes, Inflation Linked Notes, Share Linked Notes, Fund Linked Notes and Dual Currency Notes

The Issuer may issue Notes with principal or interest determined by reference to an index or formula, to changes in the prices of securities or commodities, to movements in currency exchange rates or other factors (each, a "**Relevant Factor**"). In addition, the Issuer may issue Notes with principal or interest payable in one or more currencies which may be different from the currency in which the Notes are denominated. Prospective investors should be aware that:

- (i) the market price of such Notes may be very volatile;
- (ii) they may receive no interest;
- (iii) payment of principal or interest may occur at a different time or in a different currency than expected;
- (iv) they may lose all or a substantial portion of their principal;
- (v) a Relevant Factor may be subject to significant fluctuations that may not correlate with changes in interest rates, currencies or other indices;
- (vi) if a Relevant Factor is applied to Notes in conjunction with a multiplier greater than one or contains some other leverage factor, the effect of changes in the Relevant Factor on principal or interest payable likely will be magnified;
- (vii) the timing of changes in a Relevant Factor may affect the actual yield to investors, even if the average level is consistent with their expectations. In general, the earlier the change in the Relevant Factor, the greater the effect on yield; and
- (viii) with respect to Share Linked Notes, if the Notes are redeemable by payment of the principal amount, there is no assurance that the value of the shares received will not be less than the principal amount of the Notes.

Fund Linked Notes

The Issuer may issue Notes with principal or interest determined by reference to the performance of an underlying investment fund. Potential investors in Fund Linked Notes should understand that:

- (i) there are market risks associated with an actual investment in the underlying investment fund, and though the Notes do not create an actual interest in the underlying investment fund, the return on the Notes generally involves the same associated risks as an actual investment in the underlying investment fund. Potential investors in Fund Linked Notes should understand that the Issuer has not purported and does not purport to be a source of information concerning the market risks associated with the underlying fund or fund interests;
- (ii) third parties, not related to the Issuer, may subscribe for and redeem underlying fund interests. These investments may affect the performance and volatility of the fund's net asset value. In turn, this could affect, from time to time, the return on the Notes;

- (iii) the Issuer may invest in the underlying investment fund for its own account, and the Issuer may exercise its discretion in respect of matters concerning its holding of fund interests as it sees fit, without regard to the interests of any investor in the Notes;
- (iv) any performance of the underlying investment fund necessary for the Notes to yield a specific return is not assured. Potential investors in the Notes should understand that the performance of the underlying investment fund may, depending on the terms of the Notes, strongly affect the value of payments on the Notes and the Issuer has no control over the underlying investment fund or the performance of such fund;
- (v) the value of units in the underlying investment fund and the income from it may fluctuate significantly. The Issuer has not provided (save as provided herein) and will not provide during the term of the Notes prospective purchasers of the Notes with any information or advice with respect to the performance of an underlying investment fund. The Issuer may have acquired, or during the term of the Notes may acquire, non-public information with respect to an underlying investment fund, which will not be provided to the Noteholders. The Issuer makes no representation or warranty about, or guarantee of, the performance of an underlying investment fund. Past performance of an underlying fund cannot be considered a guide to future performance;
- (vi) the investment funds may follow a wide range of investment strategies, and invest in assets in a number of different countries and denominated in a number of different currencies. The returns to the Noteholders may, therefore, be materially affected by, among other things, market trends, exchange rate fluctuations and political and economic developments in the relevant countries. This may lead to substantial volatility in the net asset value of the funds;
- (vii) the investment funds may have investment strategies and guidelines that are very broad. They may also be free to engage in additional or alternative strategies without reference to any other person;
- (viii) the investment funds may often rely on a few individuals to determine their investment strategies and to make investment decisions. The loss of such individuals could jeopardise the performance of the funds;
- (ix) the investment funds may be engaged in a high level of trading with commensurately high brokerage and transaction costs, as well as costs associated with leverage, such as interest payments and margin maintenance. Such costs will adversely affect the net asset value of the funds;
- (x) the investment funds will be exposed to credit risks against brokers and other counterparties with which they deal in implementing their investment strategies;
- (xi) where underlying investment funds invest in unlisted shares and certain other assets, risks associated with reduced liquidity and lack of objective valuations will arise. Moreover, the underlying investment funds may invest in emerging markets. This involves risks attributable to nationalisations, expropriation or taxation, currency devaluation, foreign exchange control, political, social or diplomatic instability or governmental restrictions. The capital markets in such countries have substantially less volume, and are generally less liquid and more volatile, than those in more developed markets. Disclosure and regulatory requirements could be less stringent than in other markets, with a low level of monitoring and limited and uneven enforcement of existing regulations;
- (xii) certain of the underlying funds may have no or a limited operating history, with no proven track record in achieving their stated investment objectives;
- (xiii) the underlying investment funds, or some of them, may be wholly unregulated investment vehicles and may trade in futures, options, forward exchange contracts and other derivative instruments, which may represent significant investment risks. In addition, underlying investment funds may acquire leveraged trading positions, including through the use of borrowing, and may engage in short selling. As a result of leverage, relatively

small price movements may result in substantial losses or gains and an underlying investment fund itself may be subject to fees and charges on its investments which shall be borne by such fund and incorporated in the value of interests in it.

Issues of Subordinated Notes; limited rights to accelerate

The Issuer may issue Notes under the Programme which are subordinated to the extent described in Condition 3. Any such Subordinated Notes will constitute unsecured subordinated obligations of the Issuer. Subordinated Notes of one Series will rank *pari passu* without any preference among themselves and with all other present and future unsecured and identically subordinated obligations of the Issuer, save for those preferred by mandatory provisions of law. In the event of liquidation or bankruptcy of the Issuer or in the event of a Moratorium (as defined in Condition 3) with respect to the Issuer, the claims of the holders of the Subordinated Notes against the Issuer will be subordinated to (a) the claims of depositors, (b) unsubordinated claims with respect to the repayment of borrowed money and (c) other unsubordinated claims. By virtue of such subordination, payments to a Subordinated Holder will, in the event of liquidation or bankruptcy of the Issuer or in the event of a Moratorium with respect to the Issuer, only be made after, and any set-off by a Subordinated Holder shall be excluded until, all obligations of the Issuer resulting from deposits, unsubordinated claims with respect to the repayment of borrowed money and other unsubordinated claims have been satisfied. A Subordinated Holder may therefore recover less than the holders of deposit liabilities or the holders of other unsubordinated liabilities of the Issuer. Furthermore, the Conditions do not limit the amount of the liabilities ranking senior to any Subordinated Notes which may be incurred or assumed by the Issuer from time to time, whether before or after the Issue Date of the relevant Subordinated Notes.

In addition, the rights of Holders of Subordinated Notes are limited in certain respects. In particular, (i) redemption of Subordinated Notes pursuant to Conditions 7(b), (c) or (d) may only be effected after the Issuer has obtained the written consent of the Dutch Central Bank (*De Nederlandsche Bank N.V.*, "**DNB**"), and (ii) the Issuer must obtain the prior written consent of DNB (*De Nederlandsche Bank N.V.*) before effecting any repayment of Subordinated Notes following an event of default. See Conditions 7(e) and 10 for further details.

Under certain conditions, interest payments under Tier 1 Notes must be forfeited.

Interest on Tier 1 Notes shall not be payable on any Interest Payment Date in the event that the Issuer has - based on information contained in its most recently adopted annual accounts - no distributable items, as referred to in article 2:2 section 1 under d of the DNB Regulation ("**Distributable Items**") or Distributable Items which are less than the aggregate amount of interest due and payable on all outstanding Tier 1 Notes and any dividends or interest due and payable on any *pari passu* ranking Tier 1 Capital of the Issuer, in each case otherwise payable during the financial year in which the relevant Interest Payment Dates fall.

"**DNB Regulation**" means the regulation in respect of innovative tier 1 capital instruments as set out by the DNB (*De Nederlandsche Bank N.V.*) and published in the Regulation innovative financial instruments and intangible assets dated 21 December 2006 (*Regeling innovatieve financiële instrumenten en immateriële activa*) issued pursuant to the Decree on Prudential Rules Wft.

If interest is not paid on this ground, such unpaid interest shall be forfeited (*vervallen*) and there shall be no cumulation. Forfeited amounts of interest shall be lost to the investor and the investor will have no right to demand any compensation or alternative remedy in respect of interest payments so forfeited. Any forfeiting of interest payments will be likely to have an adverse effect on the market price of the Tier 1 Notes. In addition, as a result of the interest forfeiting provision of the

Tier 1 Notes, the market price of the Tier 1 Notes may be more volatile than the market prices of other debt securities in respect of which accrued interest is not subject to such omission and may be more sensitive generally to adverse changes in the Issuer's financial condition.

Under certain conditions, interest payments under Tier 3 Notes must be deferred.

Interest on Tier 3 Notes will not be payable on any interest payment date if and to the extent that at the time of, or as a result of such payment the Issuer's actual Own Funds (as defined in Condition 5(f)) would amount to less than 100 per cent. of the Issuer's required minimum amount of Own Funds under the Decree on Prudential Rules Wft (as defined in Condition 3). Any interest in respect of the Tier 3 Notes not paid on an interest payment date on which such interest would otherwise be payable will constitute arrears of interest ("**Arrears of Interest**") and will become payable and will be paid by the Issuer as soon as and to the extent that the Issuer will, after such payment has been made, meet the solvency test referred to in the previous sentence. Any Arrears of Interest will also become fully payable on the date of the dissolution of the Issuer, the date on which the Issuer is declared bankrupt or the date on which a moratorium resulting from the application of emergency measures as referred to in Chapter 3.5.5 of the Wft is declared in respect of the Issuer. Where any amount of interest or Arrears of Interest is not paid in full, each part payment shall be made pro rata to the Tier 3 Noteholders of the relevant Series and shall be in respect of the interest accrued furthest from the date of payment. Any Arrears of Interest shall not themselves bear interest.

Any deferral of interest payments will likely have an adverse effect on the market price of the Tier 3 Notes. In addition, as a result of the interest deferral provision of the Tier 3 Notes, the market price of the Tier 3 Notes may be more volatile than the market prices of other debt securities on which original issue discount or interest accrues that are not subject to such deferrals and may be more sensitive generally to adverse changes in the Issuer's financial condition.

Risks related to the Notes generally

Set out below is a brief description of certain risks relating to the Notes generally.

Modification, waivers and substitution

The conditions of the Notes contain provisions for calling meetings of Noteholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant meeting and Noteholders who voted in a manner contrary to the majority.

The conditions of the Notes also provide that the Agent may, without the consent of Noteholders, agree to (i) any modification (not being a modification requiring the approval of a meeting of Noteholders) of any of the provisions of Notes which is not materially prejudicial to the interests of the Noteholders or (ii) any modification of the Notes which is of a formal, minor or technical nature or is made to correct a manifest error or to comply with mandatory provisions of law or (iii) the substitution of another company as principal debtor under any Notes in place of the Issuer, in the circumstances described in Condition 17 of the conditions of the Notes.

EU Savings Directive

If, following implementation of the Directive on the taxation of savings income (see "Taxation – EU Savings Directive" below), a payment were to be made or collected through a Member State which has opted for a withholding system and an amount of, or in respect of tax were to be withheld from that payment, neither the Issuer nor any Paying Agent nor any other person would be obliged to pay additional amounts with respect to any Note as a result of the imposition of such withholding tax. If a withholding tax is imposed on payment made by a Paying Agent following implementation

of the Directive, the Issuer will be required to maintain a Paying Agent in a Member State that will not be obliged to withhold or deduct tax pursuant to the Directive.

Tax consequences of holding the Notes

Potential investors should consider the tax consequences of investing in the Notes and consult their tax adviser about their own tax situation. See also "Taxation".

Notes held in global form

The Notes will initially be held by a common depositary on behalf of Euroclear and/or Clearstream, Luxembourg or by Euroclear Nederland, in each case in the form of a global Note which will be exchangeable for definitive Notes in limited circumstances as more fully described in the section headed "Form of the Notes" below. For as long as any Notes are represented by a global Note held by a common depositary in the case of a CGN, or a common safekeeper in the case of an NGN, on behalf of Euroclear and/or Clearstream, Luxembourg, payments of principal, interest (if any) and any other amounts on a global Note will be made through Euroclear and/or Clearstream, Luxembourg (as the case may be) against presentation or surrender (as the case may be) of the relevant global Note and, in the case of a Temporary Global Note, certification as to non-U.S. beneficial ownership. The bearer of the relevant global Note, being the common depositary for Euroclear and/or Clearstream, Luxembourg or Euroclear Nederland, shall be treated by the Issuer and any Paying Agent as the sole holder of the relevant Notes represented by such global Note with respect to the payment of principal, interest (if any) and any other amounts payable in respect of the Notes.

In relation to any issue of Notes which have a denomination of € 50,000 (in such case defined as the minimum "**Specified Denomination**") plus a higher integral multiple of another smaller amount, it is possible that the Notes may be traded in amounts in excess of € 50,000 (or its equivalent) that are not integral multiples of € 50,000 (or its equivalent). In such a case a Noteholder who, as a result of trading such amounts, holds a principal amount of less than the minimum Specified Denomination (a "**Stub Amount**") may not receive a definitive Note in respect of such holding (should definitive Notes be printed) and would need to purchase a principal amount of Notes such that its holding amounts to a Specified Denomination. As long as the Stub Amount is held in the relevant clearing system, the Noteholder will be unable to transfer this Stub Amount.

Notes which are represented by a global Note will be transferable only in accordance with the rules and procedures for the time being of Euroclear and/or Clearstream, Luxembourg or Euroclear Nederland, as the case may be.

Nominee Arrangements

Where, in the case of an issue of Notes a nominee service provider is used by an investor to hold the relevant Notes or such investor holds interests in any Series of Notes through accounts with a clearing system (such as Euroclear, Clearstream, Luxembourg or Euroclear Nederland), such investor will receive payments in respect of principal, interest, (if any) or any other amounts due, as applicable, solely on the basis of the arrangements entered into by the investor with the relevant nominee service provider or clearing system, as the case may be. Furthermore, such investor must rely on the relevant nominee service provider or clearing system to distribute all payments attributable to the relevant Notes which are received from the Issuer. Accordingly, such an investor will be exposed to the credit risk of, and default risk in respect of, the relevant nominee service provider or clearing system, as well as the Issuer.

For the purposes of (a) distributing any notices to Noteholders, and (b) recognising Noteholders for the purposes of attending and/or voting at any meetings of Noteholders, the Issuer will recognise

as Noteholders only those persons who are at any time shown as accountholders in the records of Euroclear and/or Clearstream, Luxembourg or Euroclear Nederland as persons holding a principal amount of the relevant Series of Notes. Accordingly, an investor must rely upon the nominee service provider which is the accountholder with the relevant clearing system through which the investor made arrangements to invest in the Notes (and, if applicable, the domestic clearing system through which the Notes are held), to forward notices received by it from Euroclear and/or Clearstream, Luxembourg or Euroclear Nederland and to return the investor's voting instructions or voting certificate application to Euroclear and/or Clearstream, Luxembourg or Euroclear Nederland. Accordingly, such an investor will be exposed to the risk that the relevant nominee service provider or clearing system may fail to pass on the relevant notice to, or fail to take relevant instructions from, the investor.

In addition, such a Noteholder will only be able to sell any Note held by it prior to its stated maturity date with the assistance of the relevant nominee service provider.

None of the Issuer, the Arranger, any Dealer to be appointed under the Programme or the Agent shall be responsible for the acts or omissions of any relevant nominee service provider or clearing system nor makes any representation or warranty, express or implied, as to the services provided by any relevant nominee service provider or clearing system.

Change of law and jurisdiction

The conditions of the Notes are governed by Dutch law in effect as at the date of this Prospectus. No assurance can be given as to the impact of any possible change to Dutch law or administrative practice after the date of this Prospectus.

Prospective investors should note that the courts of The Netherlands shall have jurisdiction in respect of any disputes involving any Series of Notes. Noteholders may take any suit, action or proceedings arising out of or in connection with the Notes against the Issuer in any court of competent jurisdiction. The laws of The Netherlands may be materially different from the equivalent law in the home jurisdiction of prospective investors in its application to the Notes.

Risks related to the market generally

Set out below is a brief description of the principal market risks, including liquidity risk, exchange rate risk, interest rate risk and credit risk:

The secondary market generally

Notes may have no established trading market when issued, and one may never develop. If a market does develop, it may not be very liquid. Therefore, investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. This is particularly the case for Notes that are especially sensitive to interest rate, currency or market risks, are designed for specific investment objectives or strategies or have been structured to meet the investment requirements of limited categories of investors. These types of Notes generally would have a more limited secondary market and more price volatility than conventional debt securities. Illiquidity may have a severely adverse effect on the market value of Notes.

Exchange rate risks and exchange controls

The Issuer will pay principal and interest on the Notes in the Specified Currency. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the "**Investor's Currency**") other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes

due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Specified Currency would decrease (1) the Investor's Currency-equivalent yield on the Notes, (2) the Investor's Currency-equivalent value of the principal payable on the Notes and (3) the Investor's Currency-equivalent market value of the Notes.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive less interest or principal than expected, or no interest or principal.

Interest rate risks

Investment in Fixed Rate Notes involves the risk that subsequent changes in market interest rates may adversely affect the value of the Fixed Rate Notes.

Credit ratings may not reflect all risks

One or more independent credit rating agencies may assign credit ratings to the Notes. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Notes. A credit rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by the rating agency at any time. There is no assurance that a rating will remain for any given period of time or that a rating will not be lowered or withdrawn by the relevant rating agency if, in its judgement, circumstances in the future so warrant. In the event that a rating assigned to the Notes or the Issuer is subsequently lowered for any reason, the market value of the Notes is likely to be adversely affected, but no person or entity is obliged to provide any additional support or credit enhancement with respect to the Notes.

Return on an investment in Notes will be affected by charges incurred by investors

An investor's total return on an investment in any Notes will be affected by the level of fees charged by the nominee service provider and/or clearing system used by the investor. Such a person or institution may charge fees for the opening and operation of an investment account, transfers of Notes, custody services and on payments of interest, principal and other amounts. Potential investors are therefore advised to investigate the basis on which any such fees will be charged on the relevant Notes.

Legal investment considerations may restrict certain investments

The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (1) Notes are legal investments for it, (2) Notes can be used as collateral for various types of borrowing and (3) other restrictions apply to its purchase or pledge of any Notes. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of Notes under any applicable risk-based capital or similar rules.

General risks

The value of the Notes may be influenced by national and international political, economical, social, environmental circumstances and developments.

CERTAIN NOTICES TO INVESTORS

Responsibility statement

Only the Issuer accepts responsibility for the information contained in this Prospectus. The Issuer declares that, having taken all reasonable care to ensure that such is the case, the information contained in this Prospectus is, to the best of its knowledge, in accordance with the facts and contains no omission likely to affect its import.

No representation, warranty or undertaking, express or implied, is made and no responsibility is accepted by the Dealers as to the accuracy or completeness of the information contained in this Prospectus or any other information provided by the Issuer. The Dealers do not accept any liability in relation to the information contained in this Prospectus or any other information provided by the Issuer in connection with the Programme.

Notice

This Prospectus should be read and understood in accordance with any amendment or supplement hereto and with any other documents incorporated herein by reference. Full information on the Issuer and any Series or Tranche of Notes is only available on the basis of the combination of this Prospectus and the relevant Final Terms.

The Issuer has undertaken to the Dealers to furnish a supplement to this Prospectus in case of any significant new factor, material mistake or inaccuracy relating to the information contained in this Prospectus which is capable of affecting the assessment of the Notes and which arises or is noticed between the time when this Prospectus has been approved and the final closing of any Tranche of Notes offered to the public or, as the case may be, when trading of any Tranche of Notes on a regulated market begins, in respect of Notes issued on the basis of this Prospectus.

No person has been authorised to give any information or to make any representation not contained in or not consistent with this Prospectus, any amendment or supplement thereto, any document incorporated by reference herein, or the applicable Final Terms, or any other information supplied in connection with the Programme or the Notes and, if given or made, such information or representation must not be relied upon as having been authorised by the Issuer, the Arranger or any Dealer.

This Prospectus is valid for 12 months following its Publication Date and this Prospectus and any amendment or supplement hereto as well as any Final Terms reflect the status as of their respective dates of issue. The delivery of this Prospectus or any Final Terms and the offering, sale or delivery of any Notes shall not in any circumstances imply that the information contained in such documents is correct at any time subsequent to their respective dates of issue or that there has been no adverse change in the financial situation of the Issuer since such date or that any other information supplied in connection with the Programme or the Notes is correct at any time subsequent to the date on which it is supplied or, if different, the time indicated in the document containing the same. The Arranger and any Dealer expressly do not undertake to review the financial condition or affairs of the Issuer during the life of the Programme. Investors should review, inter alia, the most recent financial statements of the Issuer when deciding whether or not to purchase any Notes.

Neither this Prospectus nor any other information supplied in connection with the Programme (i) is intended to provide the basis of any credit or other evaluation or (ii) should be considered as a recommendation by the Issuer, the Arranger or any Dealer that any recipient of this Prospectus or

any other information supplied in connection with the Programme should purchase any Notes. Accordingly, no representation, warranty or undertaking, express or implied, is made by the Arranger or any Dealer in their capacity as such. Each potential investor in the Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- (i) have sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of investing in the Notes (including an evaluation of the financial condition, creditworthiness and affairs of the Issuer) and the information contained or incorporated by reference in this Prospectus, the relevant Final Terms and any supplements;
- (ii) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Notes and the impact the Notes will have on its overall investment portfolio;
- (iii) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes, including Notes with principal or interest payable in one or more currencies, or where the currency for principal or interest payments is different from the potential investor's currency;
- (iv) understand thoroughly the terms of the Notes and be familiar with the behaviour of any relevant indices and financial markets; and
- (v) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks (including, without limitation, those described in "Risk Factors" in this Prospectus).

Some Notes are complex financial instruments. Sophisticated institutional investors generally do not purchase complex financial instruments as stand-alone investments. They purchase complex financial instruments as a way to reduce risk or enhance yield with an understood, measured, appropriate addition of risk to their overall portfolios. A potential investor should not invest in Notes which are complex financial instruments unless it has the expertise (either alone or with a financial adviser) to evaluate how the Notes will perform under changing conditions, the resulting effects on the value of the Notes and the impact this investment will have on the potential investor's overall investment portfolio.

The distribution of this Prospectus and any Final Terms and the offer or sale of Notes may be restricted by law in certain jurisdictions. Persons into whose possession this Prospectus or any Final Terms come must inform themselves about, and observe, any such restrictions. See "Subscription and Sale" below.

This Prospectus may only be used for the purpose for which it has been published.

This Prospectus and any Final Terms do not constitute an offer or an invitation to subscribe for or purchase any Notes.

This Prospectus and any Final Terms may not be used for the purpose of an offer or solicitation by anyone in any jurisdiction in which such offer or solicitation is not authorised or to any person to whom it is unlawful to make such offer or solicitation. None of the Issuer, the Arranger and the Dealers represent that this Prospectus may be lawfully distributed, or that Notes may be lawfully offered, in compliance with any applicable registration or other requirements in any jurisdiction other than in certain Member States of the EEA of which the competent authorities have obtained a notification within the meaning of article 18 of the Prospectus Directive, or pursuant to an exemption available thereunder, or assume any responsibility for facilitating any such distribution

or offering. In particular, no action has been taken by the Issuer, the Arranger or any Dealer appointed under the Programme which would permit a public offering of the Notes or distribution of this document in any jurisdiction where action for that purpose is required, other than in certain Member States of the EEA.

In connection with the issue of any Series or Tranche of Notes, the Dealer or Dealers (if any) named as the Stabilising Manager(s) in the applicable Final Terms (or persons acting on behalf of any Stabilising Manager(s)) may over-allot Notes (provided that, in the case of any Series or Tranche of Notes to be listed on the regulated market of any stock exchange within the European Union, the aggregate principal amount of Notes allotted does not exceed 105 per cent. of the aggregate principal amount of the relevant Series or Tranche) or effect transactions with a view to supporting the market price of the Notes at a level higher than that which might otherwise prevail. However, there is no assurance that the Stabilising Manager(s) (or persons acting on behalf of a Stabilising Manager) will undertake stabilisation action. Any stabilisation action may begin at any time after the adequate public disclosure of the final terms of the offer of the relevant Series or Tranche of Notes and, if begun, may be ended at any time, but it must end no later than the earlier of 30 days after the issue date of the relevant Series or Tranche of Notes and 60 days after the date of the allotment of the relevant Series or Tranche of Notes. Such stabilising shall be in compliance with all applicable laws and regulations. Any loss resulting from any such over-allotment or stabilisation shall be borne, and any net profit arising therefrom shall be retained, by the relevant Stabilising Manager for its own account.

SNS BANK N.V.

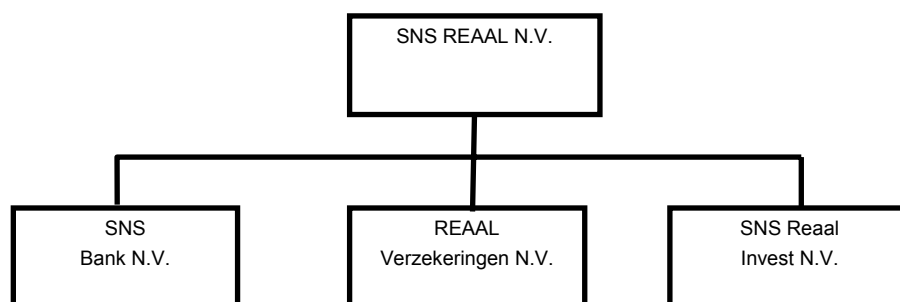

Incorporation

SNS Bank N.V., a public limited liability company (*naamloze vennootschap*), was incorporated under Dutch law on 18th December, 1990 as a result of the merger of several regional savings banks. The corporate seat of SNS Bank is in Utrecht, The Netherlands. The registered office of SNS Bank is Croeselaan 1, 3521 BJ, Utrecht and SNS Bank is registered in the Commercial Register of the Utrecht Chamber of Commerce (*handelsregister van de Kamer van Koophandel en Fabrieken in Utrecht*), under number 16062338. The telephone number of SNS Bank is +31(0)30 291 5100. The Articles of Association of SNS Bank were lastly amended by notarial deed on 13 January 2003 before a duly authorised substitute of Mr. P. Klemann, civil law notary in Amsterdam, the draft of these articles having received the approval of the Minister of Justice, number 394.723.

Ownership

SNS Bank is a 100% subsidiary of SNS REAAL and is part of the group formed by SNS REAAL and its subsidiaries ("**SNS REAAL Group**"). SNS REAAL is the result of a merger in May 1997 between SNS Groep N.V. (primarily a banking group) and Reaal Groep N.V. (primarily an insurance group). As of 27 July 2005 all of the shares issued by SNS REAAL were held by Stichting Beheer SNS REAAL. Prior thereto all but one of the shares issued by SNS REAAL were held by Stichting Administratiekantoor SNS Reaal, a trust office. All of the non-voting depositary receipts issued by Stichting Administratiekantoor SNS Reaal and one priority share issued by SNS REAAL were owned by Stichting Beheer SNS REAAL.

SNS REAAL believed that the certification of its shares was no longer in keeping with the spirit of our times as reflected by the Dutch Corporate Governance Code (*Code Tabaksblat*), among other things. SNS REAAL has therefore decided to deregister the depositary receipts. Stichting Administratiekantoor SNS Reaal has ceased to exist, after decertification of the shares. The priority share was converted into one ordinary share by amendment of the articles of association of SNS REAAL on 3 May 2006. SNS REAAL's share capital is currently only divided into ordinary shares.

On 18 May 2006 the ordinary shares ("**Shares**") of SNS REAAL were listed on Eurolist by Euronext Amsterdam as part of the IPO of SNS REAAL. The IPO consisted of an offering by SNS REAAL of 24,496,210 new Shares and an offering by the selling shareholder, Stichting Beheer SNS REAAL, of 45,492,962 existing Shares. On 22 May 2006, the underwriters of the IPO, fully exercised the over-allotment option to require the selling shareholder, Stichting Beheer SNS REAAL, to sell an additional 10,498,376 existing ordinary Shares.

Stichting Beheer SNS REAAL owns approximately 65.5% of SNS REAAL's outstanding share capital after the exercise of the over-allotment option. The total number of ordinary shares offered in the course of the IPO was therefore 80,487,548, consisting of 24,496,210 new ordinary shares and 55,991,338 existing ordinary shares. Immediately after the IPO, SNS REAAL had 233,297,240 ordinary shares outstanding. As a consequence of the payment of interim dividend by SNS REAAL on 7 September 2006, which dividend was paid out in cash or ordinary shares at the option of the shareholder, the number of ordinary shares of SNS REAAL outstanding has been increased with 1,464,044 new ordinary shares. Stichting Beheer SNS REAAL obtained 958,949 of these new ordinary shares. As of 7 September 2006, SNS REAAL has 234,761,284 ordinary shares outstanding.

SNS REAAL raised approximately € 416 million of gross proceeds from the IPO. The net proceeds from the offering were used for the acquisition of Bouwfonds Property Finance B.V. (renamed to SNS Property Finance B.V.).

SNS REAAL

With a balance sheet total of almost € 80 billion, SNS REAAL is one of the major financial bank-assurance companies in the Netherlands. As a bank and insurer, SNS REAAL holds a distinct position in its market by quickly and effectively translating client needs into accessible and transparent products. In-depth knowledge of products and efficient processes lead to effective standardisations and combination options within product and client groups. SNS REAAL is a decisive and flexible organisation that through its core brands SNS Bank and REAAL Verzekeringen N.V. ("**REAAL**") and specialised sales labels enjoys strong positions in the Dutch market. Furthermore the combination has involved the following:

- A single group management center has been established in Utrecht, and board linkages have been created between the banking and insurance operations - the chairmen of each are also the deputy chairmen of the other;

- Centralisation of staff departments within the Group such as risk management, audit, finance, legal affairs, compliance, fiscal affairs and human resources; and:
- Creation of centralised competence centres and service centres.

Company Structure and Profile

SNS Bank is a Dutch branch-based retail banking organisation, concentrating on savings, mortgages and services to small and medium sized enterprises ("**SMEs**") in The Netherlands and generally operates under Dutch law, be it that it has entered into and operates under, and may enter into and operate under, agreements which are not governed by Dutch law. Besides a network of approximately 200 branches SNS Bank uses intermediaries, a call center, and the internet to generate business. Its focus is the domestic retail market plus small and medium size companies and institutions with a local or domestic scope. SNS Bank offers a full range of banking and insurance products and services to its clients. In terms of volume, residential mortgages form the major part of SNS Bank's assets. Due to innovative mortgage products SNS Bank has shown a good performance in terms of relative growth of the mortgage business during recent years. SNS Bank also shows an increasing sales of insurance product through its branch network. Professional wholesale activities have been developed within SNS Securities N.V. After the merger of SNS Groep N.V. with REAAL Groep N.V. all asset management activities have been concentrated in SNS Asset Management. Commercial property finance activities will be concentrated in SNS Property Finance B.V. Portfolios under management of SNS Beleggingsfondsen N.V. increased in 2006 by 21% from € 2.1 billion to € 2.7 billion. BLG Hypotheekbank N.V., Algemene Spaarbank voor Nederland ASN N.V. and CVB Bank N.V. are legal entities 100% owned by SNS Bank. These companies operate in niche markets or for specific distribution channels and use the centralized service centres of SNS Bank.

Mortgage loans

SNS Bank's mortgage portfolio increased in 2006 by € 2.3 billion to € 44.9 billion. Market share declined during that period from 8.3% to 8.0%. These figures include securitised mortgages, which amount to € 11.2 billion. SNS Bank is focused on product innovation and packaging mortgage and life insurance product to enhance cross-selling.

Retail banking

SNS Bank offers its customers a full range of banking products and services. The savings held for customers by the banking operation increased. SNS Bank successfully penetrates the market for SME's mainly by an efficient use of her service centers, internet, telephone and call centres.

Insurances

Through its distribution channels SNS Bank is active in selling life and non-life insurance products. Mortgage production is often accompanied with selling insurance products. The penetration in the SME market will increasingly be used to sell insurance products.

Professional activities

SNS Securities N.V., a subsidiary of SNS Bank, is a securities broker, serving domestic and international institutional customers with specialised fixed-income products and investment advice with respect to Dutch smallcap and midcap shares. In addition, SNS Securities is active in the field of corporate finance (including equity capital markets and acquisition finance), asset management and brokerage and trading. SNS Financial Markets, a business unit of SNS Bank, is responsible for all funding and treasury activities of SNS REAAL Group. Its activities comprise of public and private bond issuance, taking and placing interbank deposits, interest rate products and treasury transactions for clients.

SNS Asset Management N.V., an affiliate and former business unit of SNS Bank, is a recognised specialist in sustainability-focused asset management. It manages a number of portfolios of sustainability-focused institutions, pension funds and other institutional investors, and the portfolios of SNS Beleggingsfondsen N.V. and ASN Beleggingsfondsen N.V. In addition, SNS Asset Management primarily manages the investment portfolio of REAAL Verzekering. As of 28 December 2006, SNS Asset Management has been repositioned from its position within SNS Bank to a separate direct subsidiary of SNS REAAL.

As of 1 December 2006 SNS Property Finance B.V. ("**SNS PF**"), renamed from Bouwfonds Property Finance B.V., is a 100% subsidiary of SNS Bank. SNS PF operates in the mortgage backed commercial (business-to-business) market, which includes real estate project finance, lease finance and real estate investment finance. Commercial property finance activities of SNS Bank will be integrated into SNS PF. With SNS PF, SNS Bank has gained a leading position in the property finance market in the Netherlands, in which it has been active for several years. SNS PF generates approximately 77% of its income in the Netherlands with the remaining 23% being generated by international activities consisting primarily of property finance for Dutch clients abroad. The commercial property finance activities abroad take place in Belgium, Germany, France, Spain, Sweden, Denmark, the United States of America, Canada, Portugal, Italy, the United Kingdom and Luxembourg. In 2006, the international market for property finance grew steadily, boosted by ongoing demand from the investment market. The total loan production of SNS PF grew from € 3.5 billion to € 3.8 billion (+ 8%).

SNS Bank and ING Bank are preparing a possible acquisition of Regio Bank. On 3 December 2006, a memorandum of understanding was signed to this effect. Regio Bank offers mortgage and savings product through 380 independent intermediaries throughout the Netherlands. At year-end 2006, Regio Bank had a mortgage portfolio of € 2.0 billion and savings deposits of 3.0 billion. SNS Bank wants to combine the activities of CVB Bank and Regio Bank under the banner of SNS Regio Bank. This will generate a leading franchise position in banking products in the Netherlands, with more than 800 intermediaries, a mortgage portfolio of € 5.3 billion and a portfolio of savings of € 4.7 billion. This acquisition would raise the total mortgage portfolio of SNS Bank by 5% and our market share of the savings market would increase by at least 1 percentage point. All projections are based on figures current at year-end.

Outlook

SNS Bank expects to be able to profit in particular from favourable conditions in the markets for savings, investments and property finance. Conditions in the mortgage market remain difficult. Based on the present information, the interest rate climate and the yield curve will not change materially. SNS Bank does not give any forecasts of the level of its profit or revenues in 2007.

Trends

We expect ongoing strong competition on the mortgage market, although the price pressure may decrease slightly. The unfavourable relationship between short and long interest rates will persist in the first half of the year. As mentioned above, we expect a moderately higher yield curve in late 2007, which will have a minor positive impact on our mortgage activities. We expect the growth in the mortgage market, and thereby our mortgage activities, to weaken, partly as a result of a weakening of the mortgage refinancing market. We expect increasing demand for long-term mortgages. This expected development will strengthen the basis for sustainable but limited growth of the mortgage portfolio, but in the short term it will reduce penalty interest income earned on switching and the short-term commercial margin.

FORM OF THE NOTES

Each Tranche of Notes will (unless otherwise indicated in the applicable Final Terms) be initially represented by a temporary global Note (the "**Temporary Global Note**") (or, if so specified in the applicable Final Terms, a permanent global Note (the "**Permanent Global Note**")), without receipts, interest coupons or talons, which, if it is not intended to be issued in NGN form, as specified in the relevant Final Terms, will either (i) be delivered to a common depository for Euroclear and Clearstream, Luxembourg and/or any other agreed clearing systems or (ii) be deposited with Euroclear Nederland and each global Note which is intended to be issued in NGN form, as specified in the relevant Final Terms, will be deposited on or around the Issue Date of the relevant Tranche of Notes with a common safekeeper for Euroclear and/or Clearstream, Luxembourg. Whilst any Note is represented by a Temporary Global Note and subject to TEFRA D selling restrictions, payments of principal and interest (if any) due prior to the Exchange Date (as defined below) will be made against presentation of the Temporary Global Note only to the extent that certification (in a form to be provided) to the effect that the beneficial owners of such Note are not U.S. persons or persons who have purchased for resale to any U.S. person, as required by U.S. Treasury regulations, has been received by the relevant clearing system(s) and the relevant clearing system(s) has or have given a like certification (based on the certifications it has or they have received) to the Agent. Any reference in this section to the relevant clearing system(s) shall mean the clearing and/or settlement system(s) specified in the applicable Final Terms.

On 13 June 2006 the European Central Bank (the "**ECB**") announced that Notes in NGN form are in compliance with the "Standards for the use of EU securities settlement systems in ESCB credit operations" of the central banking system for the euro (the "**Eurosystem**"), provided that certain other criteria are fulfilled. At the same time the ECB also announced that arrangements for Notes in NGN form will be offered by Euroclear and Clearstream, Luxembourg as of 30 June 2006 and that debt securities in global bearer form issued through Euroclear and Clearstream, Luxembourg after 31 December 2006 will only be eligible as collateral for Eurosystem operations if the NGN form is used.

On and after the date (the "**Exchange Date**") which is not less than 40 days nor more than 90 days after the date on which the Temporary Global Note is issued, interests in the Temporary Global Note will be exchangeable (free of charge) upon request as described therein, either for interests in a Permanent Global Note without receipts, interest coupons or talons, or for definitive Notes (as indicated in the applicable Final Terms) in each case (if the Notes are subject to TEFRA D selling restrictions) against certification of beneficial ownership as described in the second sentence of the preceding paragraph unless such certification has already been given. The holder of a Temporary Global Note will not be entitled to collect any payment of interest or principal due on or after the Exchange Date unless, upon due certification, exchange of the Temporary Global Note for an interest in a Permanent Global Note or for Definitive Notes is improperly withheld or refused.

Pursuant to the Agency Agreement (as defined under "Terms and Conditions of the Notes") the Agent shall arrange that, where a Temporary Global Note representing a further Tranche of Notes is issued, the Notes of such Tranche shall be assigned an ISIN and a common code by Euroclear and Clearstream, Luxembourg and/or a Fondscode by Clearnet S.A. Amsterdam Branch Stock Clearing (the securities clearing corporation of Euronext Amsterdam) which are different from the ISIN, common code and Fondscode assigned to Notes of any other Tranche of the same Series until at least the expiry of the distribution compliance period (as defined in Regulation S under the Securities Act) applicable to the Notes of such Tranche. In case of Notes which have a

denomination consisting of the minimum Specified Denomination plus a higher integral multiple of another smaller amount, it is possible that the Notes may be traded in amounts in excess of € 50,000 (or its equivalent) that are not integral multiples of € 50,000 (or its equivalent). So long as such Notes are represented by a Temporary Global Note or Permanent Global Note and the relevant clearing system(s) so permit, these Notes will be tradeable only in the minimum authorised denomination of € 50,000 increased with integral multiples of € 1,000, notwithstanding that no Definitive Notes will be issued with a denomination over € 99,000.

Definitive Notes will be either in the standard euromarket form, in K-form (including *verzamelbewijs*) (with Coupons) and/or in CF-form (with Coupon sheets). Definitive Notes and global Notes will be to bearer. Notes in K-form may, if applicable, have Talons for further Coupons attached but will not be issued with Receipts attached. Notes in CF-form will have neither Talons nor Receipts attached on issue and will be governed by the rules of the *Algemeen Obligatiekantoor van het Centrum voor Fondsenadministratie B.V.* in Amsterdam.

Payments of principal and interest (if any) on a Permanent Global Note will be made through the relevant clearing system(s) against presentation or surrender (as the case may be) of the Permanent Global Note to or to the order of any Paying Agent without any requirement for certification. A Permanent Global Note (other than a Permanent Global Note deposited with Euroclear Nederland) will be exchangeable (free of charge), in whole in accordance with the applicable Final Terms for security printed definitive Notes with, where applicable, receipts, interest coupons or coupon sheets and talons attached. Such exchange may be made only upon the occurrence of any Exchange Event. An "**Exchange Event**" means (1) the Issuer has been notified that both Euroclear and Clearstream, Luxembourg have been closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or has announced an intention permanently to cease business or has in fact done so and no alternative clearing system is available or (2) any of the circumstances described in Condition 10 occur or (3) the Issuer has or will become obliged to pay additional amounts as provided for or referred to in Condition 8 which would not be required were the Notes represented in definitive form. The Issuer will promptly give notice to Noteholders in accordance with Condition 14 upon the occurrence of an Exchange Event. In the event of the occurrence of an Exchange Event as described in (1) above, Euroclear and/or Clearstream, Luxembourg, acting on the instructions of any holder of an interest in the global Note, may give notice to the Agent requesting exchange and in the event of the occurrence of an Exchange Event as described in (2) above, the Issuer may also give notice to the Agent requesting exchange. Any such exchange shall occur no later than 15 days after the date of receipt of the relevant notice by the Agent.

Global Notes and definitive Notes will be issued pursuant to the Agency Agreement. At the date hereof, neither Euroclear nor Clearstream, Luxembourg regard Notes in global form as fungible with Notes in definitive form. In case of Notes represented by a Permanent Global Note deposited with Euroclear Nederland, a Noteholder shall not have the right to request delivery (*uitlevering*) of his Notes under the Dutch Securities Giro Transfer Act (*Wet giraal effectenverkeer*).

The following legend will appear on all global Notes, definitive Notes, receipts and interest coupons (including talons) which are subject to TEFRA D selling restrictions:

"Any United States person who holds this obligation will be subject to limitation under the United States income tax laws, including the limitations provided in sections 165(j) and 1287(a) of the Internal Revenue Code of 1986."

The sections referred to provide that United States holders, with certain exceptions, will not be entitled to deduct any loss of Notes, receipts or interest coupons and will not be entitled to capital

gains treatment of any gain on any sale, disposition, redemption or payment of principal in respect of Notes, receipts or interest coupons.

Notes which are represented by a global Note will only be transferable in accordance with the rules and procedures for the time being of Euroclear, Clearstream, Luxembourg or Euroclear Nederland as the case may be.

Pursuant to the Agency Agreement the Agent shall arrange that, where a further Tranche of Notes is issued which is intended to form a single Series with an existing Tranche of Notes, the Notes of such further Tranche shall be assigned a common code and ISIN which are different from the common code and ISIN assigned to Notes of any other Tranche of the same Series until at least the expiry of the distribution compliance period applicable to the Notes of such Tranche.

Any reference herein to Euroclear and/or Clearstream, Luxembourg shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system specified in the applicable Final Terms.

The following legend will appear on all global Notes held in Euroclear Nederland:

"Notice: This Note is issued for deposit with Euroclear Nederland at Amsterdam, The Netherlands. Any person being offered this Note for transfer or any other purpose should be aware that theft or fraud is almost certain to be involved."

A Note may be accelerated by the holder thereof in certain circumstances described in Condition 10 of the Notes. In such circumstances, where any Note is still represented by a global Note and a holder of such Note so represented and credited to his account with the relevant clearing system(s) (other than Euroclear Nederland) gives notice that it wishes to accelerate such Note, unless within a period of 15 days from the giving of such notice payment has been made in full of the amount due in accordance with the terms of such global Note, holders of interests in such global Note credited to their accounts with the relevant clearing system(s) (other than Euroclear Nederland) will become entitled to proceed directly against the Issuer on the basis of statements of account provided by the relevant clearing system(s) (other than Euroclear Nederland) on and subject to the terms of the relevant global Note. In the case of a global Note deposited with Euroclear Nederland, the rights of Noteholders will be exercised in accordance with the Dutch Securities Giro Transfer Act (as amended).

USE OF PROCEEDS

Except as otherwise specified in the applicable Final Terms, the net proceeds from each issue of Notes will be applied by the Issuer for its general corporate purposes. If in respect of any particular issue, there is a particular identified use of proceeds, this will be stated in the applicable Final Terms.

EU Savings Directive

Under EC Council Directive 2003/48/EC on the taxation of savings income, each Member State is required, from 1 July 2005, to provide to the tax authorities of another Member State details of payments of interest or other similar income paid by a person within its jurisdiction to, or collected by such a person for, an individual resident in that other Member State; however, for a transitional period, Austria, Belgium and Luxembourg may instead apply a withholding system in relation to such payments, deducting tax at rates rising over time to 35%. The transitional period is to terminate at the end of the first full fiscal year following agreement by certain non-EU countries to the exchange of information relating to such payments.

Also with effect from 1 July 2005, a number of non-EU countries, and certain dependent or associated territories of certain Member States, have agreed to adopt similar measures (either provision of information or transitional withholding) in relation to payments made by a person within its jurisdiction to, or collected by such a person for, an individual resident in a Member State. In addition, the Member States have entered into reciprocal provision of information or transitional withholding arrangements with certain of those dependent or associated territories in relation to payments made by a person in a Member State to, or collected by such a person for, an individual resident in one of those territories.

SUBSCRIPTION AND SALE

The Dealers have in an amended and restated dealership agreement dated 19 April 2007 (the "**Dealership Agreement**") (as supplemented from time to time) agreed with the Issuer a basis upon which they or any of them may from time to time agree to purchase Notes. Any such agreement will extend to those matters stated under "Form of the Notes" and "Terms and Conditions of the Notes" above. Neither the Issuer nor any of the Dealers represents that Notes may at any time lawfully be sold in

compliance with any applicable registration or other requirements in any jurisdiction, or pursuant to any exemption available thereunder, or assumes any responsibility for facilitating such sale. With regard to each Tranche, the relevant Dealer will be required to comply with any other additional restrictions set out in the applicable Final Terms.

Ratings

Rating definitions Fitch:

- "A": High credit quality. 'A' ratings denote a low expectation of credit risk. The capacity for timely payment of financial commitments is considered strong. This capacity may, nevertheless, be more vulnerable to changes in circumstances or in economic conditions than is the case for higher ratings.
- "+" or "-": may be appended to a rating to denote relative status within major rating categories.
- F1: Highest credit quality. Indicates the strongest capacity for timely payment of financial commitments; may have an added "+" to denote any exceptionally strong credit feature.

Rating definitions Moody's

- A: Obligations rated A are considered upper-medium grade and are subject to low credit risk. Moody's appends numerical modifiers 1, 2, and 3 to each generic rating classification from Aa through Caa. The modifier 1 indicates that the obligation ranks in the higher end of its generic rating category; the modifier 2 indicates a mid-range ranking; and the modifier 3 indicates a ranking in the lower end of that generic rating category.
- Prime-1 (P-1): Issuers (or supporting institutions) rated Prime-1 have a superior ability to repay short-term debt obligations.

Rating definitions Standard & Poor's

- A: An obligation rated 'A' is somewhat more susceptible to the adverse effects of changes in circumstances and economic conditions than obligations in higher-rated categories. However, the obligor's capacity to meet its financial commitment on the obligation is still strong.
- Plus (+) or minus (-): The ratings from 'AA' to 'CCC' may be modified by the addition of a plus (+) or minus (-) sign to show relative standing within the major rating categories.
- A-1: A short-term obligation rated 'A-1' is rated in the highest category by Standard & Poor's. The obligor's capacity to meet its financial commitment on the obligation is strong. Within this category, certain obligations are designated with a plus sign (+). This indicates that the obligor's capacity to meet its financial commitment on these obligations is extremely strong.

Liquidity Providers

The Issuer has appointed AFS and Van der Moolen as special bond liquidity providers for certain Notes issued under the Programme, admitted to listing and trading on Eurolist by Euronext Amsterdam. The obligations of a liquidity provider are mainly based on the interest of ensuring orderly trading conditions in particularly for a maximum spread between the bid and ask prices. The special bond liquidity providers are obliged to enter limit bid and ask orders simultaneously, also to be referred to as "quotes", in the trading system and to enter into transactions on the basis of such quotes at all times during Euronext Amsterdam trading hours.

Subject as set out below, title to the Notes, Receipts and Coupons will pass by delivery. For Notes held by Euroclear Nederland, deliveries will be made in accordance with the Securities Giro Transfer Act (*Wet giraal effectenverkeer*) ("**Wge**") (as amended). Except as ordered by a court of competent jurisdiction or as required by law or applicable regulations, the Issuer, the Agent and any Paying Agent may deem and treat the bearer of any Note, Receipt or Coupon as the absolute owner thereof (whether or not overdue and notwithstanding any notice of ownership or writing thereon or notice of any previous loss or theft thereof) for all purposes but, in the case of any global Note, without prejudice to the provisions set out in the next succeeding paragraph.

For so long as any of the Notes is represented by a global Note held on behalf of Euroclear and/or Clearstream, Luxembourg each person (other than Euroclear or Clearstream, Luxembourg) who is for the time being shown in the records of Euroclear or Clearstream, Luxembourg as the holder of a particular nominal amount of such Notes (in which regard any certificate or other document issued by Euroclear or Clearstream, Luxembourg as to the nominal amount of Notes standing to the account of any person shall be conclusive and binding for all purposes save in the case of manifest error) shall be treated by the Issuer and any Paying Agent as the holder of such nominal amount of such Notes for all purposes other than with respect to the payment of principal or interest on the Notes, for which purpose the bearer of the relevant global Note shall be treated by the Issuer and any Paying Agent as the holder of such Notes in accordance with and subject to the terms of the relevant global Note (and the expressions "**Noteholder**" and "**holder of Notes**" and related expressions shall be construed accordingly). 2. Status of the Senior Notes and Negative Pledge

(a) Status of the Senior Notes

The Senior Notes and the relative Receipts and Coupons constitute unsecured and unsubordinated obligations of the Issuer and rank *pari passu* without any preference among themselves and with all other present and future unsecured and unsubordinated obligations of the Issuer save for those preferred by mandatory provisions of law.

(b) Negative Pledge

This Condition 2(b) applies only to Senior Notes (unless otherwise specified in the applicable Final Terms). So long as any Senior Note remains outstanding (as defined in the Agency Agreement), the Issuer will not, and the Issuer shall procure that none of its Material Subsidiaries will, create or permit to subsist any Encumbrance (other than a Permitted Encumbrance) upon the whole or any part of its present or future undertakings, assets or revenues (including uncalled capital) to secure any Relevant Indebtedness of any person without at the same time or prior thereto securing the Senior Notes equally and rateably therewith or providing such other security for the Senior Notes as may be approved by an Extraordinary Resolution (as defined in the Agency Agreement) of Noteholders.

In this Condition:

"Relevant Indebtedness" means:

- (a) any indebtedness which is in the form of or represented by any bond, note, debenture, debenture stock, loan stock or certificate in physical form which is, or is capable of being, listed, quoted or traded on any stock exchange or in any securities market (including, without limitation, any over-the-counter market); and

(b) any guarantee or indemnity in respect of any such indebtedness.

"Permitted Encumbrance" means an Encumbrance over mortgage loans and mortgage receivables of the Issuer or its subsidiaries.

"Encumbrance" means any mortgage, charge, pledge, lien or other encumbrance.

"Material Subsidiary" means any subsidiary, direct or indirect, of the Issuer which is a bank or an insurer within the meaning of the Wft and is supervised by the DNB (*De Nederlandsche Bank N.V.*).

3. Status and Characteristics relating to Subordinated Notes

The Subordinated Notes and the relative Receipts and Coupons constitute unsecured and subordinated obligations of the Issuer and rank *pari passu* without any preference among themselves and with all other present and future unsecured and subordinated obligations of the Issuer, save for those preferred by mandatory provisions of law.

The claims of the holders of the Subordinated Notes of this Series and the relative Receipts and Coupons (the **"Subordinated Holders"**) against the Issuer are (i) in the event of the liquidation or bankruptcy of the Issuer or (ii) in the event that a competent court has declared that the Issuer is in a situation which requires emergency measures (*noodregeling*) in the interests of all creditors, as referred to in Part 3.5.5 of the Wft and for so long as such situation is in force (such situation being hereinafter referred to as a Moratorium), subordinated to (a) the claims of depositors, (b) unsubordinated claims with respect to the repayment of borrowed money and (c) other unsubordinated claims. By virtue of such subordination, payments to a Subordinated Holder will, in the event of liquidation or bankruptcy of the Issuer or in the event of a Moratorium with respect to the Issuer, only be made after, and any set-off by a Subordinated Holder shall be excluded until, all obligations of the Issuer resulting from deposits, unsubordinated claims with respect to the repayment of borrowed money and other unsubordinated claims have been satisfied.

In accordance with the Decree on Prudential Rules Wft to which the Issuer is subject, the Subordinated Notes may qualify as tier 1 capital, i.e. Tier 1 Notes, tier 2 capital, i.e. Tier 2 Notes, or tier 3 capital, i.e. Tier 3 Notes, as specified in the applicable Final Terms and in accordance with such other terms and conditions specified therein replacing or modifying these Terms and Conditions for the purpose of such Series of Notes. The Tier 1 Notes, the Tier 2 Notes and the Tier 3 Notes respectively rank *pari passu* among themselves. The Tier 1 Notes are subordinated ("junior subordinated") to the Tier 2 and Tier 3 Notes.

4. Redenomination

(a) Redenomination

Where redenomination is specified in the applicable Final Terms as being applicable, the Issuer may, without the consent of the Noteholders, the Receiptholders and the Couponholders, on giving prior notice to the Agent, Euroclear, Clearstream, Luxembourg and, if applicable, Euroclear Nederland and at least 30 days' prior notice to the Noteholders in accordance with Condition 14, elect that, with effect from the Redenomination Date specified in the notice, the Notes, the Receipts and the Coupons denominated in the Specified Currency (or Specified Currencies) (each the **"Old Currency"**) shall be redenominated in another currency (the **"New Currency"**) being either euro, or, in the event of redenomination upon the occurrence of a Convertibility Event, a currency other than euro, as the case may be.

The election will have effect as follows:

- (i) the Notes, the Receipts and the Coupons shall be deemed to be redenominated into the New Currency in the denomination of euro 0.01, or its equivalent in another currency, with a principal amount for each Note and Receipt equal to the principal amount of that Note or Receipt in the Specified Currency, converted into the New Currency at the Established Rate provided that, if the Issuer determines, with the agreement of the Agent, that the then market practice in respect of the redenomination into the New Currency of internationally offered securities is different from the provisions specified above, such provisions shall be deemed to be amended so as to comply with such market practice and the Issuer shall promptly notify the Noteholders, the stock exchange (if any) on which the Notes may be listed and the Paying Agents of such deemed amendments;
- (ii) save to the extent that an Exchange Notice has been given in accordance with paragraph (iv) below, the amount of interest due in respect of the Notes will be calculated by reference to the aggregate principal amount of Notes presented (or, as the case may be, in respect of which Coupons are presented) for payment by the relevant holder and the amount of such payment shall be rounded down to the nearest euro 0.01 or its equivalent in another currency;
- (iii) if definitive Notes are required to be issued after the Redenomination Date, they shall be issued at the expense of the Issuer in the denominations of euro 1,000, euro 10,000, euro 100,000 and (but only to the extent of any remaining amounts less than euro 1,000 or such smaller denominations as the Agent may approve) euro 0.01, or any of its equivalents in another currency, and such other denominations as the Agent shall, in consultation with the Issuer, determine and notify to the Noteholders;
- (iv) if issued prior to the Redenomination Date, all unmatured Coupons denominated in the Specified Currency (whether or not attached to the Notes) will become void with effect from the date on which the Issuer gives notice (the "**Exchange Notice**") to the Noteholders in accordance with Condition 14 that replacement of Old Currency denominated Notes, Receipts and Coupons are available for exchange (provided that such securities are so available) and no payments will be made in respect of them. The payment obligations contained in any Notes and Receipts so issued will also become void on that date although those Notes and Receipts will continue to constitute valid exchange obligations of the Issuer. New Currency denominated Notes, Receipts and Coupons will be issued in exchange for Notes, Receipts and Coupons denominated in the Specified Currency in such manner as the Agent, in consultation with the Issuer, may specify and as shall be notified to the Noteholders in the Exchange Notice. No Exchange Notice may be given less than 15 days prior to any date for payment of principal or interest on the Notes;
- (v) on or after the Redenomination Date, all payments in respect of the Notes, the Receipts and the Coupons, other than payments of interest in respect of periods commencing before the Redenomination Date, will be made solely in the New Currency as though references in the Notes to the Specified Currency were to the New Currency. Payments will be made in the New Currency by credit or transfer to a New Currency account (or any other account to which the New Currency may be credited or transferred) specified by the payee or, at the option of the payee, by a New Currency cheque;
- (vi) if the Notes are Fixed Rate Interest Notes and interest for any period ending on or after the

Redenomination Date is required to be calculated for a period ending other than on an Interest Payment Date, it will be calculated by applying the Rate of Interest to each Specified Denomination, multiplying such sum by the applicable Fixed Day Count Fraction (as defined in Condition 5(a)), and rounding the resultant figure to the nearest sub-unit of the relevant New Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention;

- (vii) if the Notes are Floating Rate Interest Notes, Index Linked Interest Notes, Inflation Linked Interest Notes, Share Linked Interest Notes or Fund Linked Interest Notes, the applicable Final Terms will specify any relevant changes to the provisions relating to interest; and
- (viii) the applicable Final Terms will specify the exact date on which the redenomination will occur in case the Notes were issued in a currency other than euro and in a country in which the TARGET System does not apply.

(b) *Definitions*

In these Conditions, the following expressions have the following meanings:

"Convertibility Event" means the determination by the national government of the country in the currency of which the Notes were issued, that such currency is substituted by another currency;

"Established Rate" means the rate for the conversion of the Old Currency into the New Currency as fixed by the relevant government of such Old Currency, but which in case the New Currency will be euro (including compliance with rules relating to roundings in accordance with applicable European Community regulations), shall be as established by the Council of the European Union pursuant to Article 109 I(4) of the Treaty;

"euro" means the currency introduced at the start of the third stage of European economic and monetary union pursuant to the Treaty;

"Redenomination Date" means (in the case of interest bearing Notes) any date for payment of interest under the Notes or (in the case of Zero Coupon Notes) any date, in each case specified by the Issuer in the notice given to the Noteholders pursuant to paragraph (a) above and which in case of (i) the New Currency being euro, falls on or after the date on which the country of the Specified Currency first participates in the third stage of European economic and monetary union and in case of (ii) the New Currency being a currency other than euro, shall be the date the relevant government of the New Currency accepts payment in the New Currency as legal tender; and

"Treaty" means the Treaty establishing the European Communities, as amended by the Treaty on European Union and as amended by the Treaty of Amsterdam.

5. Interest

(a) *Interest on Fixed Rate Notes*

Each Fixed Rate Note bears interest on its outstanding nominal amount (or, if it is a Partly Paid Note, the amount paid up) from (and including) the Interest Commencement Date at the rate(s) per annum equal to the Fixed Rate(s) of Interest payable in arrear on the Interest Payment Date(s) in each year and on the Maturity Date (if that does not fall on an Interest Payment Date).

Except as provided in the applicable Final Terms, the amount of interest payable on each Interest

Payment Date will amount to the Fixed Coupon Amount. Payments of interest on any Interest Payment Date or the Maturity Date will, if so specified in the applicable Final Terms, amount to the Broken Amount so specified.

If a Business Day Convention is specified in the applicable Final Terms and (x) if there is no numerically corresponding day in the calendar month in which an Interest Payment Date should occur or (y) if any Interest Payment Date would otherwise fall on a day which is not a Business Day, then, if the Business Day Convention specified is:

- (1) the Following Business Day Convention, such Interest Payment Date (or other date) shall be postponed to the next day which is a Business Day; or
- (2) the Modified Following Business Day Convention, such Interest Payment Date (or other date) shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Payment Date (or other date) shall be brought forward to the immediate preceding Business Day; or
- (3) the Preceding Business Day Convention, such Interest Payment Date (or other date) shall be brought forward to the immediate preceding Business Day; or
- (4) No Adjustment, such Interest Payment Date (or other date) shall not be adjusted in accordance with any Business Day Convention.

If "**Unadjusted**" is specified in the applicable Final Terms the number of days in each Interest Period shall be calculated as if the Interest Payment Date were not subject to adjustment in accordance with the Business Day Convention specified in the applicable Final Terms.

If "**Adjusted**" is specified in the applicable Final Terms the number of days in each Interest Period shall be calculated as if the Interest Payment Date is subject to adjustment in accordance with the Business Day Convention specified in the applicable Final Terms.

If interest is required to be calculated for a period starting or ending other than on an Interest Payment Date (the "**Calculation Period**"), such interest shall be calculated by applying the fixed Rate of Interest to each Specified Denomination, multiplying such sum by the applicable Fixed Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention.

For the purposes of these Conditions, "**Fixed Day Count Fraction**" means:

- (i) if "**Actual/Actual (ICMA)**" is specified in the applicable Final Terms, it means:
 - (a) where the Calculation Period is equal to or shorter than the Determination Period during which it falls, the actual number of days in the Calculation Period divided by the product of (1) the actual number of days in such Determination Period and (2) the number of Determination Periods normally ending in any year; and
 - (b) where the Calculation Period is longer than one Determination Period, the sum of:
 - (A) the actual number of days in such Calculation Period falling in the Determination Period in which it begins divided by the product of (1) the actual number of days in such Determination Period and (2) the number of Determination Periods normally ending in any year; and
 - (B) the actual number of days in such Calculation Period falling in the next

Determination Period divided by the product of (1) the actual number of days in such Determination Period and (2) the number of Determination Periods normally ending in any year;

where:

"Determination Period" means the period from and including an Interest Payment Date in any year to but excluding the next Interest Payment Date; and

- (ii) if "30/360" is specified in the applicable Final Terms, the number of days in the Calculation Period divided by 360 (the number of days to be calculated on the basis of a year of 360 days with 12 30-day months) (unless (i) the last day of the Calculation Period is the 31st day of a month but the first day of the Calculation Period is a day other than the 30th or the 31st day of a month, in which case the month that includes that last day shall not be considered to be shortened to a 30-day month or (ii) the last day of the Calculation Period is the last day of the month of February, in which case the month of February shall not be considered to be lengthened to a 30-day month).

"sub-unit" means, with respect to any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, with respect to euro, means one cent.

The applicable Final Terms shall contain provisions (if necessary) relating to the calculation of interest in respect of Interest Payment Dates that fall in the interval between the Issue Date and the First Interest Payment Date or the interval between the Maturity Date and the immediately preceding Interest Payment Date.

(b) Interest on Floating Rate Notes, Index Linked Interest Notes, Share Linked Interest Notes, Inflation Linked Interest Notes and Fund Linked Interest Notes

- (i) Interest Payment Dates

Each Floating Rate Note, Index Linked Interest Note, Share Linked Interest Note, Inflation Linked Interest Note and Fund Linked Interest Note bears interest on its outstanding nominal amount (or, if it is a Partly Paid Note, the amount paid up) from (and including) the Interest Commencement Date at the rate equal to the Rate of Interest payable in arrear on either:

- (A) the Specified Interest Payment Date(s) in each year; or
- (B) if no express Specified Interest Payment Date(s) is/are specified in the applicable Final Terms, each date (each an **"Interest Payment Date"**) which falls the number of months or other period specified as the Specified Period in the applicable Final Terms after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

Such interest will be payable in respect of each Interest Period (which expression shall, in these Terms and Conditions, mean the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date).

If **"Unadjusted"** is specified in the applicable Final Terms the number of days in each Interest Period shall be calculated as if the Interest Payment Date were not subject to adjustment in accordance with the Business Day Convention specified in the applicable Final Terms.

If “**Adjusted**” is specified in the applicable Final Terms the number of days in each Interest Period shall be calculated as if the Interest Payment Date is subject to adjustment in accordance with the Business Day Convention specified in the applicable Final Terms.

If a Business Day Convention is specified in the applicable Final Terms and (x) if there is no numerically corresponding day in the calendar month in which an Interest Payment Date should occur or (y) if any Interest Payment Date would otherwise fall on a day which is not a Business Day, then, if the Business Day Convention is specified is:

- (1) in any case where Specified Periods are specified in accordance with Condition 5 (b)(i)(B) above, the Floating Rate Convention, such Interest Payment Date (i) in the case of (x) above, shall be the last day that is a Business Day in the relevant month and the provisions of (B) below shall apply mutatis mutandis or (ii) in the case of (y) above, shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event (A) such Interest Payment Date shall be brought forward to the immediately preceding Business Day and (B) each subsequent Interest Payment Date shall be the last Business Day in the month which falls the Specified Period after the preceding applicable Interest Payment Date occurred; or
- (2) the Following Business Day Convention, such Interest Payment Date (or other date) shall be postponed to the next day which is a Business Day; or
- (3) the Modified Following Business Day Convention, such Interest Payment Date (or other date) shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Payment Date (or other date) shall be brought forward to the immediate preceding Business Day; or
- (4) the Preceding Business Day Convention, such Interest Payment Date (or other date) shall be brought forward to the immediate preceding Business Day; or
- (5) No Adjustment, such Interest Payment Date (or other date) shall not be adjusted in accordance with any Business Day Convention.

In this Condition, “**Business Day**” means a day which is both:

- (A) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in any Additional Business Centre specified in the applicable Final Terms; and
- (B) either (1) in relation to any sum payable in a Specified Currency other than euro, a day on which commercial banks and foreign exchange markets settle payments in London and the principal financial centre of the country of the relevant Specified Currency (if other than London) and any Additional Business Centre which, if the Specified Currency is (a) Australian dollars, shall be Sydney, (b) Hong Kong dollars, shall be Hong Kong and (c) Japanese yen, shall be Tokyo or (2) in relation to any sum payable in euro, a day on which the TARGET System is open. In these Conditions, “**TARGET System**” means the Trans-European Automated Real-Time Gross Settlement Express Transfer (TARGET) System.

(ii) Rate of Interest

The rate of interest ("**Rate of Interest**") payable from time to time in respect of the Floating Rate Notes, Index Linked Interest Notes, Inflation Linked Interest Notes, Share Linked Interest Notes and Fund Linked Interest Notes will be determined in the manner specified in the applicable Final Terms.

(a) *ISDA Determination For Floating Rate Notes*

Where ISDA Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will be the relevant ISDA Rate plus or minus (as indicated in the applicable Final Terms) the Margin (if any). For the purposes of this subparagraph (a), "**ISDA Rate**" for an Interest Period means a rate equal to the Floating Rate that would be determined by the Agent under an interest rate swap transaction if the Agent were acting as Calculation Agent for that swap transaction under the terms of an agreement incorporating the 2000 ISDA Definitions as amended and updated as at the Issue Date of the first Tranche of the Notes, published by the International Swaps and Derivatives Association, Inc. (the "**ISDA Definitions**") and under which:

- (1) the Floating Rate Option is as specified in the applicable Final Terms;
- (2) the Designated Maturity is the period specified in the applicable Final Terms; and
- (3) the relevant Reset Date is either (i) if the applicable Floating Rate Option is based on the London inter-bank offered rate ("**LIBOR**") or on the Euro-zone inter-bank offered rate ("**EURIBOR**"), the first day of that Interest Period or (ii) in any other case, as specified in the applicable Final Terms.

For the purposes of this sub-paragraph (a), (i) "**Floating Rate**", "**Calculation Agent**", "**Floating Rate Option**", "**Designated Maturity**" and "**Reset Date**" have the meanings given to those terms in the ISDA Definitions, (ii) the definition of "**Banking Day**" in the ISDA Definitions shall be amended to insert after the words "are open for" in the second line before the word "general" and (iii) "**Euro-zone**" means the region comprised of Member States of the European Union that adopt the single currency in accordance with the Treaty.

When this sub-paragraph (a) applies, in respect of each relevant Interest Period the Agent will be deemed to have discharged its obligations under Condition 5(b)(iv) in respect of the determination of the Rate of Interest if it has determined the Rate of Interest in respect of such Interest Period in the manner provided in this subparagraph (a).

(b) *Screen Rate Determination for Floating Rate Notes*

Where Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will, subject as provided below, be either:

- (1) the offered quotation (if there is only one quotation on the Relevant Screen Page); or
- (2) the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards or, if the relevant Screen Rate is EURIBOR, to the third decimal place, with 0.0005 being rounded upwards) of the offered quotations, (expressed as a percentage rate per annum) for the Reference Rates which appears or appear, as the case may be, on the Relevant Screen Page as of the Relevant Time on the relevant Interest Determination Date, plus or minus (as indicated in the applicable Final Terms) the Margin (if any), all as determined by the Agent. If five or more such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Agent for the purpose of

determining the arithmetic mean (rounded as provided above) of such offered quotations.

The Agency Agreement contains provisions for determining the Rate of Interest pursuant to this subparagraph (b) in the event that the Relevant Screen Page is not available or if, in the case of (1) above, no such offered quotation appears or, in the case of (2) above, fewer than three such offered quotations appear, in each case as at the time specified in the preceding paragraph.

If the Reference Rate from time to time in respect of Floating Rate Notes is specified in the applicable Final Terms as being other than LIBOR or EURIBOR, the Rate of Interest in respect of such Notes will be determined as provided in the applicable Final Terms.

(iii) Minimum and/or Maximum Rate of Interest

If the applicable Final Terms specifies a Minimum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of paragraph (ii) above is less than such Minimum Rate of Interest, the Rate of Interest for such Interest Period shall be such Minimum Rate of Interest.

If the applicable Final Terms specifies a Maximum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of paragraph (ii) above is greater than such Maximum Rate of Interest, the Rate of Interest for such Interest Period shall be such Maximum Rate of Interest.

(iv) Determination of Rate of Interest and Calculation of Interest Amounts

The Agent, in the case of Floating Rate Notes, and the Calculation Agent, in the case of Index Linked Interest Notes, Inflation Linked Interest Notes, Share Linked Interest Notes or Fund Linked Interest Notes, will at or as soon as practicable after each time at which the Rate of Interest is to be determined, determine the Rate of Interest for the relevant Interest Period. In the case of Index Linked Interest Notes, Inflation Linked Interest Notes, Share Linked Interest Notes or Fund Linked Interest Notes, the Calculation Agent will notify the Agent of the Rate of Interest for the relevant Interest Period as soon as practicable after calculating the same.

The Agent will calculate the amount of interest (the "**Interest Amount**") payable on the Floating Rate Notes, Index Linked Interest Notes, Inflation Linked Interest Notes, Share Linked Interest Notes or Fund Linked Interest Notes, in respect of each Specified Denomination for the relevant Interest Period. Each Interest Amount shall be calculated by applying the Rate of Interest to each Specified Denomination, multiplying such sum by the applicable Floating Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention.

"Floating Day Count Fraction" means, in respect of the calculation of an amount of interest for any Interest Period:

- (i) if "**Actual/365**" or "**Actual/Actual ISDA**" is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365 (or, if any portion of that Interest Period falls in a leap year, the sum of (A) the actual number of days in that portion of the Interest Period falling in a leap year divided by 366 and (B) the actual number of days in that portion of the Interest Period falling in a non-leap year divided by 365);

- (ii) if "**Actual/365 (Fixed)**" is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365;
- (iii) if "**Actual/365 (Sterling)**" is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365, or, in the case of an Interest Payment Date falling in a leap year, divided by 366;
- (iv) if "**Actual/360**" is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 360;
- (v) if "**30/360**", "**360/360**" or "**Bond Basis**" is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360 (the number of days to be calculated on the basis of a year of 360 days with 12 30-day months (unless (a) the last day of the Interest Period is the 31st day of a month but the first day of the Interest Period is a day other than the 30th or 31st day of a month, in which case the month that includes that last day shall not be considered to be shortened to a 30-day month or (b) the last day of the Interest Period is the last day of the month of February in which case the month of February shall not be considered to be lengthened to a 30-day month)); and
- (vi) if "**30E/360**" or "**Eurobond Basis**" is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360 (the number of days to be calculated on the basis of a year of 360 days with 12 30-day months, without regard to the date of the first day or last day of the Interest Period unless, in the case of an Interest Period ending on the Maturity Date, the Maturity Date is the last day of the month of February, in which case the month of February shall not be considered to be lengthened to a 30-day month).

(v) Notification of Rate of Interest and Interest Amounts

The Agent will cause the Rate of Interest and each Interest Amount for each Interest Period and the relevant Interest Payment Date to be notified to the Issuer and any stock exchange on which the relevant Floating Rate Notes, Index Linked Interest Notes, Fund Linked Interest Notes or Share Linked Interest Notes are for the time being listed and notice thereof to be published in accordance with Condition 14 as soon as possible after their determination but in no event later than the fourth London Business Day thereafter. Each Interest Amount and Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without prior notice in the event of an extension or shortening of the Interest Period. Any such amendment will be promptly notified to each stock exchange on which the relevant Floating Rate Notes or Index Linked Interest Notes, Inflation Linked Interest Notes, Share Linked Interest Notes or Fund Linked Interest Notes are for the time being listed and to the Noteholders in accordance with Condition 14. For the purposes of this paragraph, the expression "**London Business Day**" means a day (other than a Saturday or a Sunday) on which banks and foreign exchange markets are open for business in London.

(vi) Certificates to be Final

All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 5(b), whether by the Agent or, if applicable, the Calculation Agent, shall (in the absence of wilful default, bad faith or manifest error) be binding on the Issuer, the Agent, the Calculation Agent, if applicable, the other Paying Agents and all Noteholders, Receiptholders and Couponholders and (in the absence as aforesaid) no liability to the Issuer, the Noteholders, the Receiptholders or the

Couponholders shall attach to the Agent or the Calculation Agent, if applicable, in connection with the exercise or non-exercise by it of its powers, duties and discretions pursuant to such provisions.

(c) Interest on Dual Currency Notes

In the case of Dual Currency Notes, if the rate or amount of interest falls to be determined by reference to an exchange rate, the rate or amount of interest payable shall be determined in the manner specified in the applicable Final Terms ("**Rate of Exchange**").

(d) Interest on Partly Paid Notes

In the case of Partly Paid Notes (other than Partly Paid Notes which are Zero Coupon Notes), interest will accrue on the paid-up nominal amount of such Notes and otherwise as specified in the applicable Final Terms.

(e) Accrual of Interest

Each Note (or in the case of the redemption of part only of a Note, that part only of such Note) will cease to bear interest (if any) from the date for its redemption unless, upon due presentation thereof, payment of principal is improperly withheld or refused. In such event, interest will continue to accrue until whichever is the earlier of:

- (1) the date on which all amounts due in respect of such Note have been paid; and
- (2) five days after the date on which the full amount of the moneys payable has been received by the Agent and notice to that effect has been given to the Noteholders in accordance with Condition 14 or individually.

(f) Deferral of Interest on Tier 3 Notes

Notwithstanding anything to the contrary contained elsewhere in this Condition 5, interest on the Tier 3 Notes of this Series will not be payable on any Interest Payment Date or Specified Interest Payment Date or for a Specified Period if and to the extent that at the time of, or as a result of, such payment the Issuer's actual Own Funds (as defined below) would amount to less than 100 per cent. of the Issuer's required minimum amount of Own Funds under the Decree on Prudential Rules Wft. Any interest in respect of the Tier 3 Notes of this Series not paid on a Fixed Interest Date or Interest Payment Date on which such interest would otherwise be payable will constitute Arrears of Interest and will become payable and will be paid by the Issuer as soon as and to the extent that the Issuer will, after such payment has been made, meet the solvency test referred to in the previous sentence. Any Arrears of Interest will also become fully payable on the date of the dissolution of the Issuer, the date on which the Issuer is declared bankrupt or the date on which emergency measures (*noodregeling*) in the interest of all creditors, as referred to in Part 3.5.5 of the Wft are declared in respect of the Issuer. Where any amount of interest or Arrears of Interest is not paid in full, each part payment shall be made pro rata to the Tier 3 Noteholders of this Series and shall be in respect of the interest accrued furthest from the date of payment. Any Arrears of Interest shall not themselves bear interest.

"**Own Funds**" means the amount of shareholders' and other funds which qualify as actual own funds ("*toetsingsvermogen*") under the Decree on Prudential Rules Wft.

(g) Forfeiting of Interest Payments on Tier 1 Notes

Notwithstanding anything to the contrary contained elsewhere in this Condition 5, no interest shall be payable on Tier 1 Notes of any Series on any Interest Payment Date in the event that the Issuer has - based on information contained in its most recently adopted annual accounts - no Distributable Items, as referred to in article 2:2 section 1 under d of the DNB Regulation or

Distributable Items which are less than the aggregate amount of interest due and payable on all outstanding Tier 1 Notes and any dividends or interest due and payable on any *pari passu* ranking Tier 1 Capital of the Issuer, in each case otherwise payable during the financial year in which the relevant Interest Payment Dates fall. For the avoidance of doubt, if no interest is paid pursuant to this Condition 5(g), such unpaid interest shall be forfeited (*vervallen*) and there shall be no cumulation.

"Tier 1 Capital" means notes or other debt instruments ranking *pari passu* with the Tier 1 Notes which qualify as tier 1 capital in accordance with the DNB Regulation.

"DNB Regulation" means the regulation in respect of innovative tier 1 capital instruments as set out by the DNB (*De Nederlandsche Bank N.V.*) and published in the Regulation innovative financial instruments and intangible assets dated 21 December 2006 (*Regeling innovatieve financiële instrumenten en immateriële activa*) issued pursuant to the Decree on Prudential Rules Wft.

6. Payments

(a) Method of Payment

Subject as provided below:

- (i) payments in a Specified Currency other than euro will be made by transfer to an account in the relevant Specified Currency (which, in the case of a payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) maintained by the payee with, or by a cheque in such Specified Currency drawn on, a bank in the principal financial centre of the country of such Specified Currency (which, in the case of Australian dollars, shall be Sydney, in the case of Hong Kong dollars, shall be Hong Kong and in the case of Japanese yen, shall be Tokyo); and
- (ii) payments in euro will be made by credit or transfer to a euro account (or any other account to which euro may be credited or transferred) specified by the payee or, at the option of the payee, by a euro cheque.

Payments will be subject in all cases to any fiscal or other laws and regulations applicable thereto in the place of payment, but without prejudice to the provisions of Condition 8.

(b) Presentation of Notes, Receipts and Coupons

Other than in the case of definitive Notes in CF-form, payments of principal in respect of definitive Notes will (subject as provided below) be made in the manner provided in paragraph (a) above only against surrender of definitive Notes, and payments of interest in respect of definitive Notes will (subject as provided below) be made as aforesaid only against surrender of Coupons, in each case at the specified office of any Paying Agent (in the case of any payments to be made in U.S. dollars, outside the United States).

Payments of principal in respect of any definitive Notes in CF-form will be made in the manner provided in paragraph (a) above only against surrender of definitive Notes together with the Coupon sheet attached. Payments of interest in respect of any definitive Notes in CF-form will be made in conformity with the agreement concluded between the Issuer and the *Algemeen Obligatiekantoor van het Centrum voor Fondsenadministratie BV* (the "**Obligatiekantoor**") in Amsterdam, under which agreement the Issuer has accepted the rules and regulations of the *Obligatiekantoor*.

Payments of instalments of principal (if any), other than the final instalment, will (subject as provided below) be made in the manner provided in paragraph (a) above against presentation and surrender of the relevant Receipt. Payment of the final instalment will be made in the manner provided in paragraph (a) above against surrender of the relevant Note. Each Receipt must be presented for payment of the relevant instalment together with the definitive Note to which it appertains. Receipts presented without the definitive Note to which they appertain do not constitute valid obligations of the Issuer. Upon the date on which any definitive Note becomes due and repayable, unmatured Receipts (if any) relating thereto (whether or not attached) shall become void and no payment shall be made in respect thereof.

Fixed Rate Notes in definitive form (other than Dual Currency Notes, Index Linked Notes, Fund Linked Notes, Inflation Linked Notes, Share Linked Notes and Long Maturity Notes (as defined below)) should be presented for payment together with all unmatured Coupons appertaining thereto (which expression shall for this purpose include Coupons falling to be issued on exchange of matured Talons), failing which the amount of any missing unmatured Coupon (or, in the case of payment not being made in full, the same proportion of the amount of such missing unmatured Coupon as the sum so paid bears to the sum due) will be deducted from the sum due for payment. Each amount of principal so deducted will be paid in the manner mentioned above against surrender of the relative missing Coupon at any time before the expiry of five years after the date on which such principal first became due (whether or not such Coupon would otherwise have become void under Condition 9) or, if later, five years from the date on which such Coupon would otherwise have become due. Upon any Fixed Rate Note becoming due and repayable prior to its Maturity Date, all unmatured Receipts and Talons (if any) appertaining thereto will become void and no payments in respect of any such Receipts and no further Coupons in respect of any such Talons will be made or issued, as the case may be.

Upon the date on which any Floating Rate Note, Dual Currency Note, Index Linked Note, Fund Linked Note, Inflation Linked Note or Share Linked Note or Long Maturity Note in definitive form becomes due and repayable, unmatured Receipts, Coupons and Talons (if any) relating thereto (whether or not attached) shall become void and no payment or, as the case may be, exchange for further Coupons shall be made in respect thereof. Where any such Note is presented for redemption without all unmatured Receipts, Coupons or Talons relating to it, redemption shall be made only against the provision of such indemnity as the Issuer may require. A "**Long Maturity Note**" is a Fixed Rate Note (other than a Fixed Rate Note which on issue had a Talon attached) whose nominal amount on issue is less than the aggregate interest payable thereon provided that such Note shall cease to be a Long Maturity Note on the Interest Payment Date on which the aggregate amount of interest remaining to be paid after that date is less than the nominal amount of such Note.

If the due date for redemption of any definitive Note is not an Interest Payment Date, interest (if any) accrued in respect of such Note from (and including) the preceding Interest Payment Date or, as the case may be, the Interest Commencement Date shall be payable only against surrender of the relevant definitive Note.

Payments of principal and interest (if any) in respect of Notes represented by any global Note will (subject as provided below) be made in the manner specified above in relation to definitive Notes and otherwise in the manner specified in the relevant global Note against presentation or surrender, as the case may be, of such global Note to or to the order of any Paying Agent. On each occasion on which a payment of principal or interest is made in respect of a Classic Global Note, the payment is noted in a schedule thereto and in respect of a New Global Note the payment is entered pro rata in the record of Euroclear and Clearstream, Luxembourg.

The holder of a global Note shall be the only person entitled to receive payments in respect of Notes represented by such global Note and the Issuer will be discharged by payment to, or to the order of, the holder of such global Note in respect of each amount so paid. Each of the persons shown in the records of Euroclear or Clearstream, Luxembourg as the beneficial holder of a particular nominal amount of Notes represented by such global Note must look solely to Euroclear or Clearstream, Luxembourg as the case may be, for his share of each payment so made by the Issuer to, or to the order of, the holder of such global Note. No person other than the holder of such global Note shall have any claim against the Issuer in respect of any payments due on that global Note. Notwithstanding the foregoing, U.S. dollar payments of principal and interest in respect of the Notes will be made at the specified office of a Paying Agent in the United States (which expression, as used herein, means the United States of America (including the States and the District of Columbia, its territories, its possessions and other areas subject to its jurisdiction)) if:

- (i) the Issuer has appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment in U.S. dollars at such specified offices outside the United States of the full amount of principal and interest on the Notes in the manner provided above when due;
- (ii) payment of the full amount of such interest at all such specified offices outside the United States is illegal or effectively precluded by exchange controls or other similar restrictions on the full payment or receipt of principal and interest in U.S. dollars; and
- (iii) such payment is then permitted under United States law without involving, in the opinion of the Issuer, adverse tax consequences to the Issuer.

(c) *Payment Day*

If the date for payment of any amount in respect of any Note, Receipt or Coupon is not a Payment Day, the holder thereof shall not be entitled to payment until the next following Payment Day in the relevant place and shall not be entitled to further interest or other payment in respect of such delay. For these purposes (unless otherwise specified in the applicable Final Terms), "**Payment Day**" means any day which is:

- (i) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in:
 - (A) the relevant place of presentation;
 - (B) any Additional Financial Centre specified in the applicable Final Terms; and
- (ii) either (1) in relation to any sum payable in a Specified Currency other than euro, a day on which commercial banks and foreign exchange markets settle payments in the principal financial centre of the country of the relevant Specified Currency (if other than the place of presentation) and any Additional Financial Centre which, if the Specified Currency is (a) Australian dollars, shall be Sydney, (b) Hong Kong dollars, shall be Hong Kong and (c) Japanese yen, shall be Tokyo, or (2) in relation to any sum payable in euro, a day on which the TARGET System is open.

(d) Interpretation of Principal and Interest

Any reference in these Terms and Conditions to principal in respect of the Notes shall be deemed to include, as applicable:

- (i) any additional amounts which may be payable with respect to principal under Condition 8;
- (ii) the Final Redemption Amount of the Notes;
- (iii) the Early Redemption Amount of the Notes;
- (iv) the Optional Redemption Amount(s) (if any) of the Notes;
- (v) in relation to Instalment Notes, the Instalment Amounts;
- (vi) in relation to Zero Coupon Notes, the Amortised Face Amount; and
- (vii) any premium and any other amounts which may be payable by the Issuer under or in respect of the Notes.

Any reference in these Terms and Conditions to interest in respect of the Notes shall be deemed to include, as applicable, any additional amounts which may be payable with respect to interest under Condition 8.

7. Redemption and Purchase

(a) At Maturity

Unless previously redeemed or purchased and cancelled as specified below, each Note will be redeemed by the Issuer at its Final Redemption Amount specified in, or determined in the manner specified in, the applicable Final Terms in the relevant Specified Currency on the Maturity Date or by instalments in the Instalment Amount(s) and on the Instalment Date(s) specified in the applicable Final Terms (in the case of a Note redeemable in instalments).

(b) Redemption for Tax Reasons

- (i) Subject as provided in paragraph (e) below and subject, in the case of Subordinated Notes of any Series, to the consent of DNB (*De Nederlandsche Bank N.V.*) having first been obtained and only if so specified in the applicable Final Terms, Notes may be redeemed at the option of the Issuer in whole, but not in part, at any time (in the case of Notes other than Floating Rate Notes, Index Linked Interest Notes, Inflation Linked Interest Notes, Share Linked Interest Notes or Fund Linked Interest Notes) or on any Specified Interest Payment Date (in the case of Floating Rate Notes, Index Linked Interest Notes, Inflation Linked Interest Notes, Share Linked Interest Notes or Fund Linked Interest Notes), on giving not less than 30 nor more than 60 days' notice to the Noteholders in accordance with Condition 14 (which notice shall be irrevocable) if, on the occasion of the next payment due under the Notes, the Issuer has or will become obliged to pay additional amounts as provided or referred to in Condition 8 as a result of any change in, or amendment to, the laws or regulations of The Netherlands or any political subdivision or any authority thereof or therein having power to tax, or any change in the application or official interpretation of such laws or regulations, which change or amendment becomes effective on or after the Issue Date of the first Tranche of the Notes.
- (ii) Subject as provided in paragraph (e) below Notes may be redeemed at the option of the Issuer in whole, but not in part, at any time on giving not less than 30 nor more than 60 days' notice to the Noteholders in accordance with Condition 14 (which notice shall be irrevocable) if it becomes or will within 21 days become unlawful for

the Issuer to have Notes outstanding or make payments on the Notes as a result of any change in, or amendment to, the laws or regulations of The Netherlands or any change in the application of official interpretation of such laws or regulations or in the position of any regulator, which change or amendment becomes effective on or after the Issue Date of the first Tranche of the Notes.

Notes redeemed pursuant to this Condition 7(b) will be deemed at their Early Redemption Amount referred to in paragraph (e) below together (if appropriate) with interest accrued to (but excluding) the date of redemption.

(c) Redemption at the Option of the Issuer

If the Issuer is specified in the applicable Final Terms as having an option to redeem, the Issuer may, subject as provided in paragraph (e) below and having given:

- (i) not less than 15 nor more than 30 days' notice to the Noteholders or such other period of notice as is specified in the applicable Final Terms, in accordance with Condition 14; and
- (ii) not less than 15 days before the giving of the notice referred to in (i), notice to the Agent,

(both of which notices shall be irrevocable), redeem all or some only of the Notes then outstanding on the Optional Redemption Date(s) and at the Optional Redemption Amount(s) specified in, or determined in the manner specified in, the applicable Final Terms together, if appropriate, with interest accrued to (but excluding) the Optional Redemption Date(s).

Any such redemption must be of a nominal amount equal to the Minimum Redemption Amount or Higher Redemption Amount, both as indicated in the applicable Final Terms. In the case of a partial redemption of Notes, the Notes to be redeemed ("**Redeemed Notes**") will be selected individually by lot, in the case of Redeemed Notes represented by definitive Notes, and in accordance with the rules of Euroclear, Clearstream, Luxembourg (to be reflected in the records of Euroclear and Clearstream, Luxembourg as either a pool factor of a reduction in principal amount at their discretion) and/or Euroclear Nederland, in the case of Redeemed Notes represented by a global Note, in each case not more than 30 days prior to the date fixed for redemption (such date of selection being hereinafter called the "**Selection Date**"). In the case of Redeemed Notes represented by definitive Notes, a list of the serial numbers of such Redeemed Notes will be published in accordance with Condition 14 not less than 15 days prior to the date fixed for redemption. The aggregate nominal amount of Redeemed Notes represented by definitive Notes shall bear the same proportion to the aggregate nominal amount of all Redeemed Notes as the aggregate nominal amount of definitive Notes outstanding bears to the aggregate nominal amount of the Notes outstanding, in each case on the Selection Date, provided that such first mentioned nominal amount shall, if necessary, be rounded downwards to the nearest integral multiple of the Specified Denomination, and the aggregate nominal amount of Redeemed Notes represented by a global Note shall be equal to the balance of the Redeemed Notes. No exchange of the relevant global Note will be permitted during the period from and including the Selection Date to and including the date fixed for redemption pursuant to this sub-paragraph (c) and notice to that effect shall be given by the Issuer to the Noteholders in accordance with Condition 14 at least 5 days prior to the Selection Date.

(d) *Redemption of Notes at the Option of the Noteholders*

Subject as provided in paragraph (e) below, if the Noteholders are specified in the applicable Final Terms as having an option to redeem, upon the holder of any Note giving to the Issuer in accordance with Condition 14 not less than 15 nor more than 30 days' notice or such other period of notice as is specified in the applicable Final Terms (which notice shall be irrevocable), the Issuer will, upon the expiry of such notice, redeem, subject to, and in accordance with, the terms specified in the applicable Final Terms, in whole (but not in part), such Note on the Optional Redemption Date and at the Optional Redemption Amount specified in, or determined in the manner specified in, the applicable Final Terms together, if appropriate, with interest accrued to (but excluding) the Optional Redemption Date.

If this Note is in definitive form, to exercise the right to require redemption of this Note its holder must deliver such Note at the specified office of any Paying Agent at any time during normal business hours of such Paying Agent falling within the notice period, accompanied by a duly signed and completed notice of exercise in the form (for the time being current) obtainable from any specified office of any Paying Agent (a "**Put Notice**") and in which the holder must specify a bank account (or, if payment is by cheque, an address) to which payment is to be made under this Condition.

(e) *Early Redemption Amounts*

For the purpose of paragraph (b) above and Condition 10, the Notes will be redeemed at the Early Redemption Amount calculated as follows:

- (i) in the case of Notes with a Final Redemption Amount equal to the Issue Price, at the Final Redemption Amount thereof; or
- (ii) in the case of a Note (other than a Zero Coupon Note but including an Instalment Note and Partly Paid Note) with a Final Redemption Amount which is or may be less or greater than the Issue Price or which is payable in a Specified Currency other than that in which the Notes are denominated at the amount specified in, or determined in the manner specified in the applicable Final Terms or, if no such amount or manner is so specified in the applicable Final Terms, at its nominal amount;
- (iii) in the case of Zero Coupon Notes, at an amount (the "**Amortised Face Amount**") equal to the product of:
 - (A) the Reference Price; and
 - (B) the sum of the figure 1 and the Accrual Yield, raised to the power of x, where "x" is a fraction the numerator of which is equal to the number of days (calculated on the basis of a 360-day year consisting of 12 months of 30 days each) from (and including) the Issue Date of the first Tranche of the Notes to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Notes become due and repayable and the denominator of which is 360, or (in either case) such other calculation basis as may be specified in the applicable Final Terms.
- (iv) in case of Tier 1 Notes, which bear interest at a fixed rate and if so specified in the Final Terms, at an amount equal to the greater of the principal amount including interest accrued until the Early Redemption Date (subject to and excluding interest forfeited pursuant to Condition 5(g)) and the Make-Whole Amount .

The "**Make-Whole Amount**" will be calculated by the Calculation Agent, and will equal the sum of the Present Values on the Early Redemption Date of (i) the principal amount of the

Tier 1 Notes and (ii) the scheduled payments of interest on the Tier 1 Notes remaining as of and including the Early Redemption Date up to the First Call Date as specified in the relevant Final Terms.

“**Present Values**” will be calculated by the Calculation Agent by discounting the principal amount of the Tier 1 Notes on the Early Redemption Date and the remaining interest payments to the First Call Date on an annual basis, assuming a 360-day year consisting of twelve 30-day months and using the Adjusted Comparable Yield plus the Make-Whole Margin as specified in the relevant Final Terms.

The “**Adjusted Comparable Yield**” will be the yield as of the Early Redemption Date of the euro benchmark security selected by the Calculation Agent as having a maturity comparable to the remaining term of the Tier 1 Notes to the First Call Date that would be utilised, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of comparable maturity to the First Call Date.

(f) *Instalments*

Instalment Notes will be repaid in the Instalment Amounts and on the Instalment Date. In the case of early redemption, the Early Redemption Amount will be determined pursuant to paragraph (e) above.

(g) *Partly Paid Notes*

If the Notes are Partly Paid Notes, they will be redeemed, whether at maturity, early redemption or otherwise, in accordance with the provisions of this Condition and the applicable Final Terms.

(h) *Purchases*

The Issuer or any of its subsidiaries may at any time purchase Notes (provided that, in the case of definitive Notes, all unmatured Receipts, Coupons and Talons appertaining thereto are purchased therewith) at any price in the open market or otherwise. Such Notes may be held, re-issued, resold or, at the option of the Issuer, surrendered to any Paying Agent for cancellation.

(i) *Cancellation*

All Notes which are redeemed will forthwith be cancelled (together with all unmatured Receipts and Coupons attached thereto or surrendered therewith at the time of redemption). All Notes so cancelled and the Notes purchased and cancelled pursuant to paragraph (h) above (together with all unmatured Receipts and Coupons cancelled therewith) shall be forwarded to the Agent and cannot be re-issued or resold.

(j) *Late Payment on Zero Coupon Notes*

If the amount payable in respect of any Zero Coupon Note upon redemption of such Zero Coupon Note pursuant to paragraph (a), (b), (c) or (d) above or upon its becoming due and repayable as provided in Condition 10 is improperly withheld or refused, the amount due and repayable in respect of such Zero Coupon Note shall be the amount calculated as provided in paragraph (e)(iii) above as though the references therein to the date fixed for the redemption or the date upon which such Zero Coupon Note becomes due and repayable were replaced by references to the date which is the earlier of:

- (i) the date on which all amounts due in respect of such Zero Coupon Note have been paid; and
- (ii) five days after the date on which the full amount of the moneys payable has been received by the Agent and notice to that effect has been given to the Noteholders, in accordance with Condition 14.

(k) *Deferral of Principal on Tier 3 Notes*

Notwithstanding anything to the contrary contained elsewhere in this Condition 7, principal on the Tier 3 Notes of this Series will not be payable on any Interest Payment Date or Specified Interest Payment Date (or for Specified Periods) if and to the extent that at the time of, or as a result of, such payment the Issuer's actual Own Funds would amount to less than 100 per cent. of the Issuer's required minimum amount of Own Funds under the Decree on Prudential Rules Wft. Any principal in respect of the Tier 3 Notes of this Series not paid on an Interest Payment Date or Specified Interest Payment Date or for a Specified Period on which such principal would otherwise be payable will constitute arrears of principal ("**Arrears of Principal**") and will become payable and will be paid by the Issuer as soon as and to the extent that the Issuer will, after such payment has been made, meet the solvency test referred to in the previous sentence. Any Arrears of Principal will also become fully payable on the date of the dissolution of the Issuer, the date on which the Issuer is declared bankrupt or the date on which emergency measures (*noodregeling*) in the interest of all creditors, as referred to in Part 3.5.5 of the Wft are declared in respect of the Issuer. Where any amount of principal or Arrears of Principal is not paid in full, each part payment shall be made pro rata to the Tier 3 Noteholders of this Series and shall be in respect of the principal accrued furthest from the date of payment. Any Arrears of Principal shall not themselves bear interest.

(l) *Redemption of Tier 1 Notes*

Redemption of Tier 1 Notes of any Series is subject to prior written approval from the DNB (*De Nederlandsche Bank N.V.*), provided that if the Tier 1 Notes cease to qualify as Tier 1 Capital and/or cease to (partly) qualify as upper Tier 2 Capital in accordance with the DNB Regulation, such redemption shall not require the approval of the DNB (*De Nederlandsche Bank N.V.*) and the Issuer may, but shall not be obliged to, redeem any or all Tier 1 Notes on the next succeeding Interest Payment Date at the Early Redemption Amount after having given notice to the Noteholders in accordance with Condition 14 at least 15 days prior to the Early Redemption Date.

8. Taxation

All payments of principal and interest in respect of the Notes, Receipts and Coupons by the Issuer will be made without withholding or deduction for or on account of any present or future taxes or duties, assessments or governmental charges of whatever nature imposed or levied by or on behalf of The Netherlands or any political subdivision or any authority thereof or therein having power to tax, unless such withholding or deduction is required by law. In such event, the Issuer will, depending on which provision is specified in the applicable Final Terms, either:

- (a) make the required withholding or deduction of such taxes, duties, assessments or governmental charges for the account of the holders of the Notes, Receipts or Coupons, as the case may be, and shall not pay any additional amounts to the holders of the Notes, Receipts or Coupons; or
- (b) pay such additional amounts as shall be necessary in order that the net amounts received by the holders of the Notes, Receipts or Coupons after such withholding or deduction shall equal the

respective amounts of principal and interest which would otherwise have been receivable in respect of the Notes, Receipts or Coupons, as the case may be, in the absence of such withholding or deduction; except that no such additional amounts shall be payable with respect to any Note, Receipt or Coupon presented for payment:

- (i) by or on behalf of a Noteholder, Receiptholder or Couponholder who is liable for such taxes or duties in respect of such Note, Receipt or Coupon by reason of his having some connection with The Netherlands other than the mere holding of such Note, Receipt or Coupon or the receipt of principal or interest in respect thereof; or
- (ii) by or on behalf of a Noteholder, Receiptholder or Couponholder who would not be liable or subject to the withholding or deduction by making a declaration of non-residence or other similar claim for exemption to the relevant tax authority; or
- (iii) more than 30 days after the Relevant Date (as defined below) except to the extent that the holder thereof would have been entitled to an additional amount on presenting the same for payment on such thirtieth day; or
- (iv) in The Netherlands; or
- (v) where such withholding or deduction is imposed on a payment to an individual and is required to be made pursuant to European Council Directive 2003/48/EC or any law implementing or complying with, or introduced in order to conform to, such Directive; or
- (vi) by or on behalf of a holder who would have been able to avoid such withholding or deduction by presenting the relevant Note, Receipt or Coupon to another Paying Agent in a Member State of the European Union.

As used herein, the "**Relevant Date**" means the date on which such payment first becomes due, except that, if the full amount of the moneys payable has not been duly received by the Agent on or prior to such due date, it means the date on which, the full amount of such moneys having been so received, notice to that effect is duly given to the Noteholders in accordance with Condition 14. If and to the extent that in respect of the Tier 3 Notes of any Series any amount is not payable or repayable pursuant to Condition 5(f) or 7(k), the Relevant Date shall be the date on which any such amount becomes first payable or repayable.

9. Prescription

The Notes, Receipts and Coupons will become void unless presented for payment within a period of five years after the Relevant Date (as defined in Condition 8) therefore.

There shall not be included in any Coupon sheet issued on exchange of a Talon any Coupon the claim for payment in respect of which would be void pursuant to this Condition or Condition 6(b) or any Talon which would be void pursuant to Condition 6(b).

10. Events of Default

If (in the case of an issue of Senior Notes) any one or more of the following events or (in the case of an issue of Subordinated Notes) either or both of the events specified in (iv) and (v) (each an "**Event of Default**") shall have occurred and be continuing:

- (i) default is made for more than 14 days in the payment of interest or principal in respect of the Notes; or
- (ii) the Issuer fails to perform or observe any of its other obligations under the Notes and such failure has continued for the period of 30 days next following the service on the Issuer of notice requiring the same to be remedied; or
- (iii) (a) any indebtedness for money borrowed or raised (in an aggregate principal amount equal to or greater than euro 25,000,000 or its equivalent in other currencies) of the Issuer or any Material Subsidiary is not paid when due or, as the case may be, within any originally applicable grace period, (b) any such indebtedness of the Issuer or any Material Subsidiary in an aggregate principal amount as aforesaid becomes, or becomes capable of being declared, due and payable prior to its stated maturity other than at the option of the Issuer or any such subsidiary or (c) the Issuer or any Material Subsidiary fails to pay when due any amount payable by it under any guarantee or indemnity given by it in respect of any indebtedness for money borrowed or raised in an aggregate principal amount as aforesaid; or
- (iv) the Issuer or any Material Subsidiary is declared bankrupt, or a declaration in respect of the Issuer or any Material Subsidiary is made as referred to in Part 3.5.5 of the Wft; or
- (v) an order is made or an effective resolution is passed for the winding up or liquidation of the Issuer or any Material Subsidiary unless this is done in connection with a merger, consolidation or other form of combination or this involves a solvent liquidation of a Material Subsidiary,

then any Noteholder may, by written notice to the Issuer at the specified office of the Agent, effective upon the date of receipt thereof by the Agent, declare the Note held by the holder to be forthwith due and payable whereupon the same shall become forthwith due and payable at the Early Redemption Amount (as described in Condition 7(e)), together with accrued interest (if any) to the date of repayment, without presentment, demand, protest or other notice of any kind provided that repayment of Subordinated Notes under this Condition will only be effected after the Issuer has obtained the prior written consent of DNB (*De Nederlandsche Bank N.V.*)

11. Replacement of Notes, Receipts, Coupons and Talons

Should any Note, Receipt, Coupon or Talon be lost, stolen, mutilated, defaced or destroyed, it may be replaced at the specified office of the Agent upon payment by the claimant of such costs and expenses as may be incurred in connection therewith and on such terms as to evidence and indemnity as the Issuer may reasonably require. Mutilated or defaced Notes, Receipts, Coupons or Talons must be surrendered before replacements will be issued.

12. Agent and Paying Agents

The names of the initial Agent and the other initial Paying Agents and their initial specified offices are set out below.

The Issuer is entitled to vary or terminate the appointment of any Paying Agent and/or appoint additional or other Paying Agents and/or approve any change in the specified office through which any Paying Agent acts, provided that:

- (i) so long as the Notes are listed on any stock exchange, there will at all times be a Paying agent with a specified office in such place as may be required by the rules and regulations of the relevant stock exchange;
- (ii) there will at all times be a Paying Agent with a specified office in a city in continental Europe;
- (iii) there will at all times be an Agent;
- (iv) there will at all times be a Paying Agent with a specified office situated outside The Netherlands; and
- (v) the Issuer will ensure that it maintains a paying agent with a specified office in an EU Member State that will not be obliged to withhold or deduct tax pursuant to the EU Savings Directive. EU Savings Directive means the EU Directive 2003/48/EC or any law implementing or complying with, or introduced in order to conform to such EU Savings Directive.

In addition, the Issuer shall forthwith appoint a paying agent having a specified office in New York City in the circumstances described in the final paragraph of Condition 6(b). Any variation, termination, appointment or change shall only take effect (other than in the case of insolvency, when it shall be of immediate effect) after not less than 30 nor more than 45 days' prior notice thereof shall have been given to the Noteholders in accordance with Condition 14.

13. Exchange of Talons

On and after the Interest Payment Date or the Specified Interest Payment Date or for the Specified Period, as appropriate, on which the final Coupon comprised in any Coupon sheet matures, the Talon (if any) forming part of such Coupon sheet may be surrendered at the specified office of the Agent or any other Paying Agent in exchange for a further Coupon sheet including (if such further Coupon sheet does not include Coupons to (and including) the final date for the payment of interest due in respect of the Note to which it appertains) a further Talon, subject to the provisions of Condition 9. Each Talon shall, for the purposes of these Terms and Conditions, be deemed to mature on the Interest Payment Date or the Specified Interest Payment Date or for the Specified Period (as the case may be) on which the final Coupon comprised in the relative Coupon sheet matures.

14. Notices

All notices regarding the Notes shall be published (i) if and for so long as the Notes are listed on Euronext Amsterdam, in the Euronext Amsterdam Daily Official List (*Officiële Prijscourant*) and in at least one daily newspaper of wide circulation in The Netherlands, and (ii) if and for so long as the Notes are listed on the Luxembourg Stock Exchange, in a leading daily newspaper having general circulation in Luxembourg, or the website of the Luxembourg Stock Exchange (www.bourse.lu). It is expected that such publication in a daily newspaper will be made in *Het Financieele Dagblad* (in the case of (i) above) and *d'Wort* (in the case of (ii) above). Any such notice will be deemed to have been given on the date of the first publication in all the newspapers in which such publication is required to be made or on the date of publication on the website of the Luxembourg Stock Exchange.

Until such time as any definitive Notes are issued, there may (provided that, in the case of any publication required by a stock exchange, the rules of the stock exchange so permit), so long as the global Note(s) is or are held in its or their entirety with a depository or a common depository on behalf of Euroclear and Clearstream, Luxembourg and/or any other relevant clearing system or a common safekeeper be substituted for publication in some or all of the newspapers referred to above, the delivery of the relevant notice to Euroclear and Clearstream, Luxembourg and/or any other relevant clearing system for communication by them to the holders of the Notes. Any such notice shall be deemed to have been given to the holders of the Notes on the seventh day after the day on which the said notice was given to Euroclear and Clearstream, Luxembourg and/or any other relevant clearing system, except that, for so long as such Notes are admitted to trading on the Luxembourg Stock Exchange and it is a requirement of applicable law or regulations, such notices shall be published in a leading newspaper having general circulation in Luxembourg (which is expected to be *d'Wort*) or published on the website of the Luxembourg Stock Exchange (www.bourse.lu).

Where the identity of all the holders of the Notes is known to the Issuer, the Issuer may (after consultation with the relevant Stock Exchange (where relevant)) give notice individually to such holders in lieu of publication as provided above, except that, so long as the Notes are listed on Euronext Amsterdam and the rules of that Stock Exchange so require, such notices will also be published in a daily newspaper of general circulation in The Netherlands.

Notices to be given by any holder of the Notes shall be in writing and given by lodging the same, together with the relative Note or Notes, with the Agent. Whilst any of the Notes are represented by a global Note, such notice may be given by any holder of a Note to the Agent via Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system as the case may be, in such manner as the Agent and Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system as the case may be, may approve for this purpose.

15. Meetings of Noteholders, Modification and Waiver

The Agency Agreement contains provisions for convening meetings of the Noteholders to consider any matter affecting their interests, including the sanctioning by Extraordinary Resolution of a modification of the Notes, the Receipts, the Coupons or certain provisions of the Agency Agreement. Such meetings may be convened by the Issuer or Noteholders holding not less than 5 % in a nominal amount of the Notes for the time being remaining outstanding. The quorum at any such meeting for passing an Extraordinary Resolution is one or more persons holding or representing not less than 50 % in nominal amount of the Notes for the time being outstanding, or at any adjourned meeting one or more persons being or representing Noteholders whatever the nominal amount of the Notes so held or represented, except that at any meeting the business of which includes the modification of certain provisions of the Notes, Receipts or Coupons (including modifying the date of maturity of the Notes or any date for payment of interest thereof, reducing or cancelling the amount of principal or the rate of interest payable in respect of the Notes or altering the currency of payment of the Notes, Receipts or Coupons), the necessary quorum for passing an Extraordinary Resolution will be one or more persons holding or representing not less than two-thirds, or at any adjourned such meeting not less than one-third, in nominal amount of the Notes for the time being outstanding. An Extraordinary Resolution passed at any meeting of the Noteholders shall be binding on all the Noteholders, whether or not they are present at the meeting, and on all Receiptholders and Couponholders.

The Agent and the Issuer may agree, without the consent of the Noteholders, Receiptholders or Couponholders, to:

- (i) any modification (except as mentioned above) of the Agency Agreement which is not materially prejudicial to the interests of the Noteholders; or
- (ii) any modification of the Notes, the Receipts, the Coupons or the Agency Agreement which is of a formal, minor or technical nature or is made to correct a manifest error or to comply with mandatory provisions of the law of the jurisdiction in which the Issuer is incorporated.

Any such modification shall be binding on the Noteholders, the Receiptholders and the Couponholders and any such modification shall be notified to the Noteholders in accordance with Condition 14 as soon as practicable thereafter.

16. Further Issues

The Issuer shall be at liberty from time to time without the consent of the Noteholders, Receiptholders or Couponholders to create and issue further notes having terms and conditions the same as the Notes or the same in all respects save for the amount and date of the first payment of interest thereon and so that the same shall be consolidated and form a single Series with the outstanding Notes.

17. Substitution of the Issuer

- (a) The Issuer may, with the consent of the Noteholders or Couponholders which will be deemed to have been given in respect of each issue of Notes on which no payment of principal or interest on any of the Notes is in default and after written approval of DNB (*De Nederlandsche Bank N.V.*), be replaced and substituted by any directly or indirectly wholly owned subsidiary of the Issuer (the "**Substituted Debtor**") as principal debtor in respect of the Notes and the relative Receipts and Coupons provided that:
 - (i) such documents shall be executed by the Substituted Debtor and the Issuer as may be necessary to give full effect to the substitution (the "**Documents**") and (without limiting the generality of the foregoing) pursuant to which the Substituted Debtor shall undertake in favour of each Noteholder and Couponholder to be bound by the Terms and Conditions of the Notes and the provisions of the Agency Agreement as fully as if the Substituted Debtor had been named in the Notes, and the relative Receipts and Coupons and the Agency Agreement as the principal debtor in respect of the Notes and the relevant Receipts and Coupons in place of the Issuer and pursuant to which the Issuer shall guarantee, which guarantee shall be unconditional and irrevocable, (the "**Guarantee**") in favour of each Noteholder and each holder of the relative Receipts and Coupons the payment of all sums (including any additional amounts payable pursuant to Condition 8) payable in respect of the Notes and the relative Receipts and Coupons;
 - (ii) where the Substituted Debtor is incorporated, domiciled or resident for taxation purposes in a territory other than The Netherlands, the Documents shall contain a covenant and/or such other provisions as may be necessary to ensure that each Noteholder has the benefit of a covenant in terms corresponding to the provisions of Condition 8 with the substitution for the references to The Netherlands of references to the territory in which the Substituted Debtor is incorporated, domiciled and/or resident for taxation purposes. The Documents shall also contain a covenant by the Substituted Debtor and the Issuer to indemnify and hold harmless each Noteholder and Couponholder against all liabilities, costs, charges and expenses, which may be incurred by or levied against such holder as a

result of any substitution pursuant to this Condition and which would not have been so incurred or levied had such substitution not been made (and, without limiting the foregoing, such liabilities, costs, charges and expenses shall include any and all taxes or duties which are imposed on any such Noteholder or Couponholder by any political sub-division or taxing authority of any country in which such Noteholder or Couponholder resides or is subject to any such tax or duty and which would not have been so imposed had such substitution not been made);

(iii) the Documents shall contain a warranty and representation by the Substituted Debtor and the Issuer (a) that each of the Substituted Debtor and the Issuer has obtained all necessary governmental and regulatory approvals and consents for such substitution and the performance of its obligations under the Documents, and that all such approvals and consents are in full force and effect and (b) that the obligations assumed by each of the Substituted Debtor and the Issuer under the Documents are all valid and binding in accordance with their respective terms and enforceable by each Noteholder;

(iv) each stock exchange which has Notes listed thereon shall have confirmed that following the proposed substitution of the Substituted Debtor such Notes would continue to be listed on such stock exchange;

(v) the Substituted Debtor shall have delivered to the Agent or procured the delivery to the Agent of a legal opinion from a leading firm of lawyers in the jurisdiction in which the Substituted Debtor is situated to the effect that the Documents and the Substituted Debtor's obligations under the Notes, Receipts and Coupons will constitute legal, valid and binding obligations of the Substituted Debtor, such opinion to be dated not more than 3 days prior to the date of substitution of the Substituted Debtor for the Issuer and to be available for inspection by Noteholders and Couponholders at the specified office of the Agent;

(vi) the Issuer shall have delivered to the Agent or procured the delivery to the Agent of a legal opinion from a leading firm of Dutch lawyers to the effect that the Documents (including the Guarantee) will constitute legal, valid and binding obligations of the Issuer, such opinion to be dated not more than 3 days prior to the date of substitution of the Substituted Debtor for the Issuer and to be available for inspection by Noteholders and Couponholders at the specified office of the Agent; and

(vii) the Issuer shall have delivered to the Agent or procured the delivery to the Agent of a legal opinion from a leading firm of Dutch lawyers to the effect that the Documents (including the Guarantee) constitute legal, valid and binding obligations of the Substituted Debtor and the Issuer under Dutch law, such opinion to be dated not more than 3 days prior to the date of substitution of the Substituted Debtor for the Issuer and to be available for inspection by Noteholders and Couponholders at the specified office of the Agent.

(b) In connection with any substitution effected pursuant to this Condition, neither the Issuer nor the Substituted Debtor need have any regard to the consequences of any such substitution for individual Noteholders or Couponholders resulting from their being for any purpose domiciled or resident in, or otherwise connected with, or subject to the jurisdiction of, any particular territory and no Noteholder or Couponholder, except as provided in Condition 17(a)(ii), shall be entitled to claim from the Issuer or any Substituted Debtor under the Notes and the relative Receipts and Coupons any indemnification or payment in respect of any tax or other consequences arising from such substitution.

- (c) In respect of any substitution pursuant to this Condition in respect of the Subordinated Notes of any Series, the Documents shall provide for such further amendment of the Terms and Conditions of the Subordinated Notes as shall be necessary to ensure that the Subordinated Notes of such Series constitute subordinated obligations of the Substituted Debtor and that the Guarantee constitutes a subordinated obligation of the Issuer, in each case subordinated to no greater than the same extent as the Issuer's obligations prior to its substitution to make payments of principal in respect of the Subordinated Notes of such Series under Condition 3 of the Terms and Conditions.
- (d) With respect to Subordinated Notes, the Issuer shall be entitled, after written approval of DNB (*De Nederlandsche Bank N.V.*) by notice to the Noteholders given in accordance with Condition 14, at any time either to effect a substitution which does not comply with paragraph (c) above provided that the terms of such substitution have been approved by an Extraordinary Resolution of the Noteholders or to waive all and any rights to effect a substitution of the principal debtor pursuant to this Condition. Any such notice of waiver shall be irrevocable.
- (e) Upon the execution of the Documents as referred to in paragraph (a) above, the Substituted Debtor shall be deemed to be named in the Notes and the relative Receipts and Coupons as the principal debtor in place of the Issuer and the Notes and the relative Receipts and Coupons shall thereupon be deemed to be amended to give effect to the substitution. The execution of the Documents shall operate to release the Issuer as issuer from all of its obligations as principal debtor in respect of the Notes and the relative Receipts and Coupons save that any claims under the Notes and the relative Receipts and Coupons prior to release shall enure for the benefit of Noteholders and Couponholders.
- (f) The Documents shall be deposited with and held by the Agent for so long as any Notes or Coupons remain outstanding and for so long as any claim made against the Substituted Debtor by any Noteholder or Couponholder in relation to the Notes or the relative Receipts and Coupons or the Documents shall not have been finally adjudicated, settled or discharged. The Substituted Debtor and the Issuer shall acknowledge in the Documents the right of every Noteholder and Couponholder to the production of the Documents for the enforcement of any of the Notes or the relative Receipts and Coupons or the Documents.
- (g) Not later than 15 business days after the execution of the Documents, the Substituted Debtor shall give notice thereof to the Noteholders in accordance with Condition 14.

18. Governing Law and Submission to Jurisdiction

The Agency Agreement, the Notes, the Receipts and the Coupons are governed by, and shall be construed in accordance with, the laws of The Netherlands.

The Issuer submits for the exclusive benefit of the Noteholders, the Receiptholders and the Couponholders to the jurisdiction of the courts of Amsterdam, The Netherlands, judging in first instance, and in its appellate courts. Without prejudice to the foregoing, the Issuer further irrevocably agrees that any suit, action or proceedings arising out of or in connection with the Agency Agreement, the Notes, the Receipts and the Coupons may be brought in any other court of competent jurisdiction.

submission deadline for orders to be entered into the relevant Exchange(s) or such Related Exchange(s) system(s) for execution at the Valuation Time on such Exchange Business Day.

“Exchange(s)” means, if “Non Multi-Exchange Index” is specified in the Final Terms, the Exchange specified in the Final Terms or, if “Multi-Exchange Index” is specified in the Final Terms, in respect of any securities comprised in the Index, the stock exchanges (from time to time) on which in the determination of the Issuer such securities are listed for the purposes of such Index or any successor to any such exchange or quotation system or any substitute exchange or quotation system to which trading in the securities comprised in the Index has temporarily been relocated (provided that the Calculation Agent has determined that there is comparable liquidity relative to the securities underlying such Index on such successor or substitute exchange or quotation system as on the original Exchange).

For the purpose of determining whether a Market Disruption Event exists at any time in respect of a security included in the Index at any time, then the relevant percentage contribution of that security to the level of the Index shall be based on a comparison of (x) the portion of the level of the Index attributable to that security and (y) the overall level of the Index, in each case immediately before the occurrence of such Market Disruption Event, as determined by the Calculation Agent.

“Observation Date” means each date, if any, specified as such in the Final Terms, or if any such date is not a Scheduled Trading Day, the next following Scheduled Trading Day, in each case subject to Condition 7(m).

- (b) the Calculation Agent shall determine the Index Level on that eighth Scheduled Trading Day in accordance with the formula for and method of calculating the Index last in effect prior to the occurrence of the first Disrupted Day using the Exchange-traded or quoted price as of the Valuation Time on that eighth Scheduled Trading Day of each security comprised in the Index (or, if the Calculation Agent determines that an event giving rise to a Disrupted Day has occurred in respect of a relevant security on that eighth Scheduled Trading Day, its good faith estimate of the value for the relevant security as of the Valuation Time on that eighth Scheduled Trading Day).

Notwithstanding the provisions of any other Condition, if the Calculation Agent determines that a Disrupted Day has occurred on the Expiration Date and/or any Observation Date or Averaging Date, payment of the Final Redemption Amount any/or any amount of interest (if the payment of interest is index-linked), as the case may be, shall be postponed to the later of (i) the Maturity Date and/or the relevant Interest Payment Date and (ii) the date that is three Business Days (or such other period specified in the Final Terms) following the postponed Expiration Date, Observation Date or Averaging Date, as the case may be. (iv) Currency

The Issuer shall give notice to the holders of the Notes of any such adjustment in accordance with Condition 14.

(v) Additional Disruption Event

If the Calculation Agent determines that an Additional Disruption Event has occurred, the Issuer may redeem each Note at its fair economic value (as determined by the Calculation Agent) as at the date of redemption taking into account the Additional Disruption Event, less the cost to the Issuer of unwinding or amending any related underlying hedging arrangements (unless provided for otherwise in the Final Terms). Notice of any redemption of the Notes or determination pursuant to this paragraph shall be given to Noteholders in accordance with Condition 14.”

5. Index Disclaimer

The Notes are not sponsored, endorsed, sold or promoted by the Index or the Index Sponsor and the Index Sponsor has made no representation whatsoever, whether express or implied, either as to the results to be obtained from the use of the Index and/or the levels at which the Index stands at any particular time on any particular date or otherwise. The Index Sponsor shall not be liable (whether in negligence or otherwise) to any person for any error in the Index and the Index Sponsor is under no obligation to advise any person of any error therein. The Index Sponsor has made no representation whatsoever, whether express or implied, as to the advisability of purchasing or assuming any risk in connection with the Notes. Neither the Issuer nor the Calculation Agent shall have any liability to any person for any act or failure to act by the Index Sponsor in connection with the calculation, adjustment or maintenance of the Index. Neither the Issuer nor the Calculation Agent has any affiliation with or control over the Index or the Index Sponsor or any control over the computation, composition or dissemination of the Index. “Index Sponsor” means, in respect of an Index, either (x) the index sponsor specified in the Final Terms or such other corporation or entity as determined by the Calculation Agent that (a) is responsible for setting and reviewing the rules and procedures and the methods of calculation and adjustments, if any, related to such Index and (b) announces (directly or through an agent) the

In that case:

- (a) that eighth Scheduled Trading Day shall be deemed to be the Strike Date, the Expiration Date, such Averaging Date or such Observation Date, as the case may be, for such Index, notwithstanding the fact that such day is a Disrupted Day; and
- (b) the Calculation Agent shall determine the Index Level of such Index on that eighth Scheduled Trading Day in accordance with the formula for and method of calculating such Index last in effect prior to the occurrence of the first Disrupted Day using the Exchange traded or quoted price as of the Valuation Time on that eighth Scheduled Trading Day of each security comprised in the relevant Index (or, if the Calculation Agent determines that an event giving rise to a Disrupted Day has occurred in respect of a relevant security on that eighth Scheduled Trading Day, its good faith estimate of the value for the relevant security as of the Valuation Time on that eighth Scheduled Trading Day).

Notwithstanding the provisions of any other Condition, if the Calculation Agent determines that a Disrupted Day has occurred in respect of an Index on the Expiration Date and/or any Observation Date or Averaging Date, payment of the Final Redemption Amount and/or amount of interest (if the payment of interest is index-linked), as the case may be, shall be postponed to the later of (i) the Maturity Date and/or the relevant Interest Payment Date and (ii) the date that is three Business Days (or such other period specified in the Final Terms) following the postponed Expiration Date, Observation Date or Averaging Date, as the case may be, in respect of the Indices. For the avoidance of doubt, no additional amounts shall be payable in respect of the postponement of any payment of the Final Redemption Amount and/or any amount of interest in accordance with this Condition 7(m).

The Issuer shall give notice to the holders of the Notes, in accordance with Condition 14, of the occurrence of a Disrupted Day if it results in the postponement of any payment in respect of the Notes.”

4. Adjustments, Consequences of Certain Events and Currency

For the purposes of the Notes, Condition 7 shall be amended by the addition of a new Condition 7(n) as follows:

“(n) Adjustments and Currency

(i) Index Modification, Index Cancellation and/or Index Disruption

If the Calculation Agent determines that, in respect of any Index, an Index Modification, Index Cancellation or Index Disruption has occurred or any other event or events occur which the Calculation Agent determines necessitate(s) an adjustment or adjustments to the Final Redemption Amount and/or any other relevant term of the Notes, the Issuer may make any adjustment or adjustments to the Final Redemption Amount and/or any other relevant term of the Notes as it deems necessary. The Issuer shall give notice to the holders of the Notes of any such adjustment in accordance with Condition 14.

(ii) Change of Exchange

If an Exchange is changed, the Issuer may make such consequential modifications to the Strike Price, Final Redemption Amount, Valuation Time and such other terms and conditions of the Notes as it may deem necessary.

(iii) Price Correction

In the event that any price or level published on any relevant Exchange or by any relevant Index Sponsor in respect of an Index and which is utilised for any calculation or determination made under the Notes is subsequently corrected and the correction is published by the relevant Exchange or the relevant Index Sponsor within three Business Days (or such other period as specified in the Final Terms) after the original publication, the Calculation Agent will determine the amount (if any) that is payable following that correction, and, to the extent necessary, the Issuer will adjust the terms and conditions of the Notes to account for such correction.

(iv) Currency

If the Calculation Agent determines that any event occurs affecting the Specified Currency (whether relating to its convertibility into other currencies or otherwise) which the Calculation Agent determines necessitates an adjustment or adjustments to the Final Redemption Amount, Strike Price and/or any other relevant term of the Notes (including the date on which any amount is payable by the Issuer), the Issuer may make such adjustment or adjustments to the Final Redemption Amount, Strike Price and/or any other relevant term of the Notes as it deems necessary. The Issuer shall give notice to the holders of the Notes of any such adjustment in accordance with Condition 14.

(v) Additional Disruption Events

If the Calculation Agent determines that an Additional Disruption Event has occurred, the Issuer may redeem each Note at its fair economic value (as determined by the Calculation Agent) as at the date of redemption taking into account the Additional Disruption Event, less the cost to the Issuer of unwinding or amending any related underlying hedging arrangements (unless provided for otherwise in the Final Terms). Notice of any redemption of the Notes or determination pursuant to this paragraph shall be given to Noteholders in accordance with Condition 14.”

Calculation Agent and/or the Issuer with respect to such Determination Date (the “**Substitute Index Level**”) shall be determined by the Calculation Agent (subject to Condition 7(n)(ii)) as follows:

- (i) if Related Bond is specified as applicable in the relevant Final Terms, the Calculation Agent shall determine the Substitute Index Level by reference to the corresponding index level determined under the terms and conditions of the Related Bond; or

Substitute Index Level = Base Level x (Latest Level/Reference Level); or

- (iii) in accordance with any formula specified in the relevant Final Terms.

The Issuer shall promptly give notice to the holders of the Notes in accordance with Condition 14 of any Substitute Index Level.”

4. Successor Index

“(o) Successor Index

If the Calculation Agent determines that the level of an Index is not calculated and announced by the Index Sponsor for two consecutive months and/or the Index Sponsor announces that it will not longer continue to publish or announce the Index and/or the Index Sponsor cancels the Index then the Calculation Agent shall determine a successor index (a “**Successor Index**”) (in lieu of any previously applicable Index) for the purposes of the Notes as follows:

- (i) if the Index Sponsor announces that it will no longer publish or announce the Index but that it will be superseded by a replacement Index specified by the Index Sponsor, and the Calculation Agent determines that such replacement Index is calculated using the same or a substantially similar formula or method of calculation as used in the calculation of the Index, such replacement index shall be designated a “Successor Index”;

Notice of the determination of a Successor Index, the effective date of the Successor Index or the occurrence of an Index Cancellation will be given to holders of the Notes by the Issuer in accordance with Condition 14.”.

5. Adjustments

For the purposes of the Notes, Condition 7 shall be amended by the addition of a new Condition 7(n) as follows:

“(n) Adjustments and Currency

- (i) **Successor Index**

If a Successor Index is determined in accordance with Condition 7(n), the Issuer may make any adjustment or adjustments (without limitation) to the final Redemption Amount, interest payable under the Notes (if any) and/or any other relevant term of the Notes as the Calculation Agent deems necessary. The Issuer shall give notice to the holders of the Notes of any such adjustment in accordance with Condition 14.
- (ii) **Substitute Index Level** If the Calculation Agent determines a Substitute Index Level in accordance with Condition 7(m), the Issuer may make any adjustment or adjustments (without limitation) to (I) the Substitute Index Level determined in accordance with Condition 7(m) and/or (II) the Final Redemption Amount, interest payable under the Notes (if any) and/or any other relevant term of the Notes, in each case, as the Calculation Agent deems necessary. The Issuer shall give notice to the holders of the Notes of any such adjustment in accordance with Condition 14.
- (iii) **Index Level Adjustment Correction**
 - (I) The first publication or announcement of the Index Level (disregarding estimates) by the Index Sponsor for any Reference Month shall be final and conclusive and, subject to Condition 7(n)(iii)(II) below, later revisions to the level for such Reference Month will not be used in any calculations, save that in respect of the EUR-All Items-Revised Consumer Price Index, the ESPNational- Revised Consumer Price Index (CPI) and the ESP-Harmonised-Revised Consumer Price Index HCPI, revisions to the Index Level which are published or announced up to and including the day that is two Business Days prior to any relevant Determination Date will be valid and the revised Index Level for the relevant Reference Month will be deemed to be the final and conclusive Index Level for such Reference Month. The Issuer shall give notice to the holders of the Notes of any valid revision in accordance with Condition 14.
 - (II) If, within thirty days of publication or at any time prior to a Determination Date in respect of which an Index Level will be used in any calculation or determination in respect of such Determination Date, the Calculation Agent determines that the Index Sponsor has corrected the Index Level to correct an error which the Calculation Agent determines is material, the Issuer may make any adjustment to the Final Redemption Amount, interest payable under the Notes (if any) and/or any other

relevant term of the Notes as the Calculation Agent deems appropriate as a result of such correction and/or determine the amount (if any) that is payable as a result of that correction. The Issuer shall give notice to the holders of the Notes of any such adjustment and/or amount in accordance with Condition 14.

- (III) If a Relevant Level is published or announced at any time after the Cut-Off Date in respect of a Determination Date in respect of which a Substitute Index Level was determined, the Calculation Agent may either (A) determine that such Relevant Level shall not be used in any calculation or determination under the Notes and that the Substitute Index Level shall be deemed to be the definitive Index Level for the relevant Reference Month, or (B) request the Issuer to make any adjustment to the Final Redemption Amount, interest payable under the Notes (if any) and/or any other relevant term of the Notes as it deems appropriate as a result of the announcement or publication of the Relevant Level and/or determine the amount (if any) that is payable as a result of such publication or announcement. The Issuer shall give notice to the holders of the Notes of any determination in respect of (A) or (B), together with any adjustment or amount in respect thereof, in accordance with Condition 14.
- (iv) Currency If the Calculation Agent determines that any event occurs affecting the Specified Currency (whether relating to its convertibility into other currencies or otherwise) which the Calculation Agent determines necessitates an adjustment or adjustments to the Final Redemption Amount, Strike Price and/or any other relevant term of the Notes (including the date on which any amount is payable by the Issuer), the Issuer may make such adjustment or adjustments to the Final Redemption Amount, Strike Price and/or any other relevant term of the Notes as the Calculation Agent deems necessary. The Issuer shall give notice to the holders of the Notes of any such adjustment in accordance with Condition 14.
- (v) Rebasing If the Calculation Agent determines that the Index has been or will be rebased at any time, the Index as so rebased (the “**Rebased Index**”) will be used for purposes of determining the Index Level from the date of such rebasing; provided, however, that the Issuer may make (A) if Related Bond is specified as applicable in the relevant Final Terms, any adjustments as are made pursuant to the terms and conditions of the Related Bond, if any, to the past levels of the Rebased Index so that the Rebased Index levels prior to the date of rebasing reflect the same rate of inflation as before the rebasing, and/or (B) if Related Bond is specified as not applicable in the relevant Final Terms or a Related Bond Redemption Event has occurred, the Calculation Agent may make adjustments to the past levels of the Rebased Index so that the Rebased Index levels prior to the date of rebasing reflect the same rate of inflation as the Index before it was rebased, and in each case the Issuer may make any adjustment(s) to the Final Redemption Amount, interest payable under the Notes (if any) and/or any other term of the Notes as the Calculation Agent may deem necessary. If the Calculation Agent determines that neither (A) nor (B) above would produce a commercially reasonable result, the Issuer may redeem each Note on a date notified by the Issuer to Noteholders in accordance with Condition 14 at its fair economic value as determined by the Calculation Agent (unless otherwise provided in the relevant Final Terms) as at the date of redemption taking into account the rebasing, less the cost to the Issuer of unwinding or amending any related underlying hedging arrangements (unless provided for otherwise in the relevant Final Terms). Notice of any adjustment, redemption of the Notes or

determination pursuant to this paragraph shall be given to Noteholders in accordance with Condition 14.

- (vi) Index Modification
 - (I) If, on or prior to the Cut-Off Date in respect of any Determination Date, the Calculation Agent determines that an Index Modification has occurred the Issuer may (A) if Related Bond is specified as applicable in the relevant Final Terms, make any adjustments to the Index, any Index Level and/or any other relevant term of the Notes (including, without limitation, the Final Redemption Amount and/or interest payable under the Notes (if any)), consistent with any adjustments made to the Related Bond as the Calculation Agent deems necessary, or (B) if Related Bond is specified as not applicable in the Final Terms or a Related Bond Redemption Event has occurred, make only those adjustments to the Index, any Index Level and/or any other term of the Notes (including, without limitation, the Final Redemption Amount and/or interest payable under the Notes (if any)), as the Calculation Agent deems necessary for the modified Index to continue as the Index and to account for the economic effect of the Index Modification.
 - (II) If the Calculation Agent determines that an Index Modification has occurred at any time after the Cut-Off Date in respect of any Determination Date, the Issuer may determine either to ignore such Index Modification for the purposes of any calculation or determination made by the Calculation Agent with respect to such Determination Date, in which case the relevant Index Modification will be deemed to have occurred with respect to the immediately succeeding Determination Date such that the provisions of (I) above will apply, or, notwithstanding that the Index Modification has occurred following the Cut-Off Date, to make any adjustments as the Calculation Agent deems fit in accordance with (I) above.
- (vii) Change in Law If the Calculation Agent determines that a Change in Law has occurred, the Issuer may redeem each Note on the date notified by the Issuer to Noteholders in accordance with Condition 14 at its fair economic value as determined by the Calculation Agent) as at the date of redemption taking into account the Change in Law, less the cost to the Issuer of unwinding or amending any related underlying hedging arrangements (unless provided for otherwise in the relevant Final Terms). Notice of any redemption of the Notes shall be given to Noteholders in accordance with Condition 14.
- (viii) Index Cancellation If the Calculation Agent determines that an Index Cancellation has occurred, the Issuer may redeem each Note on the date notified by the Issuer to Noteholders in accordance with Condition 14 at its fair economic value (as determined by the Calculation Agent) as at the date of redemption taking into account the Index Cancellation, less the cost to the Issuer of unwinding or amending any related underlying hedging arrangements (unless provided for otherwise in the relevant Final Terms). Notice of any redemption of the Notes pursuant to this paragraph shall be given to Noteholders in accordance with Condition 14.”.

- (a) that eighth Scheduled Trading Day shall be deemed to be the Strike Date, the Expiration Date, such Averaging Date or such Observation Date, as the case may be, in respect of the Shares, notwithstanding the fact that such day is a Disrupted Day; and
- (b) the Calculation Agent shall determine the price of one Share as its good faith estimate of the price of one Share that would have prevailed, but for the occurrence of a Disrupted Day, at the Valuation Time on that eighth Scheduled Trading Day.

Notwithstanding the provisions of any other Condition, if the Calculation Agent determines that a Disrupted Day has occurred on the Expiration Date and/or on any Observation Date or Averaging Date, payment of the Final Redemption Amount and/or any amount of interest (if the payment of interest is share-linked), as the case may be, shall be postponed to the later of (i) the Maturity Date and/or the relevant Interest Payment Date and (ii) the date that is three Business Days (or such other period as specified in the Final Terms) following the postponed Expiration Date, Observation Date or Averaging Date, as the case may be. For the avoidance of doubt, no additional amounts shall be payable in respect of the postponement of any payment of the Final Redemption Amount and/or any amount of interest in accordance with this Condition 7(m).

The Issuer shall give notice to the holders of the Notes, in accordance with Condition 14, of the occurrence of a Disrupted Day if it results in the postponement of any payment in respect of the Notes.”

4. Adjustments

For the purposes of the Notes, Condition 7 shall be amended by the addition of a new Condition 7(n) as follows:

“(n) Adjustments, Consequences of Certain Events and Currency

(i) Adjustments

If the Calculation Agent determines that a Potential Adjustment Event has occurred or that there has been an adjustment to the settlement terms of listed contracts on the Shares traded on a Related Exchange, the Calculation Agent will determine whether such Potential Adjustment Event or adjustment has a diluting or concentrative effect on the theoretical value of the Shares and, if so, will (a) make the corresponding adjustment(s), if any, to any one or more of the Final Redemption Amount and/or the Strike Price and/or any of the terms and conditions of the Notes as the Calculation Agent determines appropriate to account for that diluting or concentrative effect (provided that no adjustments will be made to account solely for changes in volatility, expected dividend, stock loan rate or liquidity) and (b) determine the effective date(s) of the adjustment(s). The Calculation Agent may (but need not) determine the appropriate adjustment by reference to the adjustment in respect of such Potential Adjustment Event or adjustment to settlement terms made by an options exchange to options on the Shares traded on that options exchange.

(ii) Consequences of a Merger Event

If the Calculation Agent determines that a Merger Event has occurred, the Issuer may:

- (a) redeem each Note at its fair economic value (as determined by the Calculation Agent) as at the Merger Date, less the cost to the Issuer of unwinding or amending any related underlying hedging arrangements (unless provided for otherwise in the Final Terms), on such date as the Issuer may notify to Noteholders in accordance with Condition 14; and/or
- (b) make such adjustment to the exercise, settlement, payment or any other term or condition of the Notes as the Calculation Agent determines appropriate to account for the economic effect on the Notes of such Merger Event (provided that no adjustments will be made to solely account for changes in volatility, expected dividends, stock loan rate or liquidity relevant to the Shares or to the Notes), which may, but need not, be determined by reference to the adjustment(s) made in respect of such Merger Event by an options exchange to options on the Shares traded on such options exchange and determine the effective date of that adjustment; and/or
- (c) save in respect of a Reverse Merger, on or after the relevant Merger Date, deem the New Shares and/or the amount of Other Consideration, if applicable (as subsequently modified in accordance with any relevant terms and including the proceeds of any redemption, if applicable), and their issuer (if any) to be the “Shares” and the “Share Issuer”, respectively, and if the

Calculation Agent determines to be appropriate, the Issuer will adjust any relevant terms of the Notes as it may determine.

The Issuer shall give notice of such redemption, adjustment or deemed change to Noteholders in accordance with Condition 14.

(iii) Consequences of a Tender Offer

If the Calculation Agent determines that a Tender Offer has occurred, then on or after the relevant Tender Offer Date the Issuer may:

- (a) redeem each Note at its fair economic value (as determined by the Calculation Agent) as at the Tender Offer Date, less the cost to the Issuer of unwinding or amending any related underlying hedging arrangements (unless provided for otherwise in the Final Terms), on such date as the Issuer may notify to Noteholders in accordance with Condition 14; and/or
- (b) make such adjustment to the exercise, settlement, payment or any other term or condition of the Notes as the Calculation Agent determines appropriate to account for the economic effect on the Notes of such Tender Offer (provided that no adjustments will be made to account solely for changes in volatility or liquidity relevant to the Shares or to the Notes), which may, but need not, be determined by reference to the adjustment(s) made in respect of such Tender Offer by an options exchange to options on the Shares traded on such options exchange and determine the effective date of that adjustment.

The Issuer shall give notice of such redemption or adjustment to Noteholders in accordance with Condition 14.

(iv) Nationalisation, Insolvency or De-listing

If in respect of the Shares or the Share Issuer the Calculation Agent determines that there has been a Nationalisation, an Insolvency or a De-listing, the Issuer may (i) request the Calculation Agent to determine the appropriate adjustment, if any, to be made to any one or more of the Final Redemption Amount and/or the Strike Price and/or any of the other terms and conditions of the Notes to account for the Nationalisation, Insolvency or Delisting, as the case may be, and determine the effective date of that adjustment or (ii) redeem each Note at its fair economic value (as determined by the Calculation Agent) as at the date of redemption taking into account the Nationalisation, Insolvency or De-listing, less the cost to the Issuer of unwinding or amending any related underlying hedging arrangements (unless provided for otherwise in the Final Terms). Notice of any redemption of the Notes or determination pursuant to this paragraph shall be given to Noteholders in accordance with Condition 14.

(v) Change of Exchange

If the Exchange is changed, the Issuer may make such consequential modifications to the Strike Price, Final Redemption Amount, Valuation Time and such other terms and conditions of the Notes as it may deem necessary.

(vi) Price Correction

In the event that any price or level published on the Exchange and which is utilised for any calculation or determination made under the Notes is subsequently corrected and the correction is published by the Exchange within three Business Days (or such other period specified in the Final Terms) after the original publication, the Calculation Agent will determine the amount (if any) that is payable following that correction, and, to the extent necessary, the Issuer will adjust the terms and conditions of the Notes to account for such correction.

(vii) Currency

If the Calculation Agent determines that any event occurs affecting the Specified Currency or the currency in which any of the Shares are quoted, listed and/or dealt in on the Exchange (whether relating to the convertibility of any such currency into other currencies or otherwise) which the Calculation Agent determines necessitates an adjustment or adjustments to the Final Redemption Amount, Strike Price (if applicable) and/or any other relevant term of the Notes (including the date on which any amount is payable by the Issuer), the Issuer may make such adjustment or adjustments to the Final Redemption Amount, Strike Price (if applicable) and/or any other relevant term of the Notes as it deems necessary. The Issuer shall give notice to the holders of the Notes of any such adjustment in accordance with Condition 14.

(viii) Additional Disruption Events

If the Calculation Agent determines that an Additional Disruption Event has occurred, the Issuer may redeem each Note at its fair economic value (as determined by the Calculation Agent) as at the date of redemption taking into account the Additional Disruption Event, less the cost to the Issuer of unwinding or amending any related underlying hedging arrangements (unless provided for otherwise in the Final Terms). Notice of any redemption of the Notes or determination pursuant to this paragraph shall be given to Noteholders in accordance with Condition 14.

(ix) Change in currency

If, at any time after the Issue Date, there is any change in the currency in which the Shares are quoted, listed and/or dealt on the Exchange, then the Issuer will adjust such of the terms and conditions of the Notes as the Calculation Agent determines appropriate to preserve the economic terms of the Notes. The Calculation Agent will make any conversion necessary for purposes of any such adjustment as of the Valuation Time at an appropriate mid-market spot rate of exchange determined by the Calculation Agent prevailing as of the Valuation Time. No adjustments under this section will affect the currency denomination of any payment obligation arising out of the Notes.”

5. Delivery of Share Amount

For the purposes of the Notes, if “Share Delivery” is specified as being applicable in the Final Terms, Condition 7 shall be amended by the addition of a new Condition 7(o) as follows:

“(o) Delivery of Share Amounts:

(i) Delivery of Share Amounts

If the Notes are to be redeemed by the delivery of the Share Amounts, the Issuer shall, on the Share Delivery Date, deliver or procure the delivery of the Share Amount in respect of each Note to such account in such clearing system as may be specified by the relevant Noteholder, at the risk and expense of the relevant Noteholder. If a Noteholder does not provide the Issuer with sufficient instructions in a timely manner to enable the Issuer to effect any required delivery of Shares, the due date for such delivery shall be postponed accordingly. The Issuer shall determine whether any instructions received by it are sufficient and whether they have been received in time to enable delivery on any given date. As used herein, “delivery” in relation to any Share Amount means the carrying out of the steps required of the Issuer (or such person as it may procure to make the relevant delivery) in order to effect the transfer of the relevant Share Amount and “deliver” shall be construed accordingly. The Issuer shall not be responsible for any delay or failure in the transfer of such Share Amount once such steps have been carried out, whether resulting from settlement periods of clearing systems, acts or omissions of registrars or otherwise and shall have no responsibility for the lawfulness of the acquisition of the Shares comprising the Share Amount or any interest therein by any Noteholder or any other person.

In respect of each Share comprising the Share Amount, the Issuer shall not be under any obligation to register or procure the registration of the Noteholder or any other person as the registered shareholder in any register of members of the Share Issuer. Noteholders should note that the actual date on which they become holders of the Shares comprising their Share Amount will depend, among other factors, on the procedures of the relevant clearing systems and any share registrar and the effect of any Settlement Disruption Events.

The Issuer shall not at any time be obliged to account to a Noteholder for any amount or entitlement that it receives by way of a dividend or other distribution in respect of any of the Shares. Dividends and distributions in respect of the Shares which constitute a Potential Adjustment Event may however result in an adjustment being made pursuant to Condition 7(n).

Neither the Issuer nor any other person shall (a) be under any obligation to deliver (or procure any other person to deliver) to the Noteholders or any other person any letter, certificate, notice, circular or any other document received by that person in its capacity as the holder of the Shares, (b) be under any obligation to exercise or procure exercise of any or all rights (including voting rights) attaching to the Shares or (c) be under any liability to the Noteholders or any subsequent beneficial owners of the Shares in respect of any loss or damage which any Noteholder or subsequent beneficial owner may sustain or suffer as a result, whether directly or indirectly, of that person being registered at any time as the legal owner of the Shares.

(ii) Settlement Disruption

If the Issuer determines that delivery of any Share Amount in respect of any Note by the Issuer in accordance with the terms and conditions of the Notes is not practicable

or permitted by reason of a Settlement Disruption Event subsisting, then the Share Delivery Date in respect of such Share Amount shall be postponed to the first following Delivery Day in respect of which no such Settlement Disruption Event is subsisting and notice thereof shall be given in accordance with Condition 14, provided that the Issuer may elect in its sole discretion to satisfy its obligations in respect of the relevant Note by delivering or procuring the delivery of such Share Amount using such other commercially reasonable manner as it may select and in such event the Share Delivery Date shall be such day as the Issuer deems appropriate in connection with delivery of such Share Amount in such other commercially reasonable manner. No Noteholder shall be entitled to any payment whether of interest or otherwise on such Note in the event of any delay in the delivery of the Share Amount pursuant to this paragraph and no liability in respect thereof shall attach to the Issuer.

Where a Settlement Disruption Event affects some but not all of the Shares comprising the Share Amount, the Share Delivery Date for the Shares comprising such Share Amount which are not affected by the Settlement Disruption Event will be the originally designated Share Delivery Date.

For so long as delivery of the Share Amount in respect of any Note is not practicable or permitted by reason of a Settlement Disruption Event, then in lieu of physical settlement and notwithstanding any other provision hereof, the Issuer may elect in its sole discretion to satisfy its obligations in respect of each Note by payment to the relevant Noteholder of the Disruption Cash Settlement Price on the third Business Day following the date that notice of such election is given to the Noteholders in accordance with Condition 14. Payment of the Disruption Cash Settlement Price will be made in such manner as shall be notified to the Noteholders in accordance with Condition 14.

The Issuer shall give notice as soon as practicable to the Noteholders in accordance with Condition 14 if a Settlement Disruption Event has occurred.

(iii) Aggregate Share Amount

The aggregate Share Amount to which a Noteholder may be entitled will be determined on the basis of the separate (for the avoidance of doubt, not aggregate) number of Notes held by the relevant Noteholder. The Issuer shall not be obliged to deliver fractions of a Share but shall be obliged to account for the Fractional Cash Amount of any such fractions to the relevant Noteholder on the Share Delivery Date and each such Share Amount to be delivered shall be rounded down to the next integral number of Shares.”

6. Prescription

For the avoidance of doubt, Condition 9 shall apply to the Notes and claims for delivery of any Share Amount in respect of the Notes shall become void upon the expiry of five years from the Share Delivery Date.

PART 1(B): TERMS AND CONDITIONS OF NOTES LINKED TO A BASKET OF SHARES

For the purposes of the Notes, Condition 7 shall be amended by the addition of a new Condition 7(m) as follows:

“(m) Disrupted Days

If the Calculation Agent determines that the Strike Date, the Expiration Date, any Averaging Date or any Observation Date, as the case may be, is a Disrupted Day in respect of a Share, then the Strike Date, the Expiration Date, such Averaging Date or such Observation Date, as the case may be, in respect of that Share shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day in respect of that Share, unless each of the eight Scheduled Trading Days immediately following the original date that, but for the determination by the Issuer of the occurrence of a Disrupted Day, would have been the Strike Date, the Expiration Date, such Averaging Date or such Observation Date for such Share, as the case may be, is a Disrupted Day. In that case:

- (a) that eighth Scheduled Trading Day shall be deemed to be the Strike Date, the Expiration Date, such Averaging Date or such Observation Date, as the case may be, for such Share notwithstanding the fact that such day is a Disrupted Day; and
- (b) the Calculation Agent shall determine the price of one such Share as its good faith estimate of the price of one such Share that would have prevailed, but for the occurrence of a Disrupted Day, at the Valuation Time on that eighth Scheduled Trading Day.

Notwithstanding the provisions of any other Condition, if the Calculation Agent determines that a Disrupted Day has occurred on the Expiration Date and/or on any Observation Date or Averaging Date, payment of the Final Redemption Amount and/or any amount of interest (if the payment of interest is share-linked), as the case may be, shall be postponed to the later of (i) the Maturity Date and/or the relevant Interest Payment Date and (ii) the date that is three Business Days (or such other period as specified in the Final Terms) following the postponed Expiration Date, Observation Date or Averaging Date, as the case may be. The Issuer shall give notice to the holders of the Notes, in accordance with Condition 14, of the occurrence of a Disrupted Day if it results in the postponement of any payment in respect of the Notes.”.

4. Adjustments

For the purposes of the Notes, Condition 7 shall be amended by the addition of a new Condition 7(n) as follows:

“(n) Adjustments, Consequences of Certain Events and Currency

(i) Adjustments

If the Calculation Agent determines that a Potential Adjustment Event has occurred in respect of one or more of the Shares in the Basket or that there has been an adjustment to the settlement terms of listed contracts on one or more of the Shares in the Basket traded on a Related Exchange, the Calculation Agent will determine whether such Potential Adjustment Event or adjustment has a diluting or concentrative effect on the theoretical value of the relevant Shares and, if so, will (a) make the corresponding adjustment(s), if any, to any one or more of the Final Redemption Amount and/or the Strike Price and/or any of the terms and conditions of the Notes as the Calculation Agent determines appropriate to account for that diluting or concentrative effect (provided that no adjustments will be made to account solely for changes in volatility, expected dividend, stock loan rate or liquidity) and (b) determine the effective date(s) of the adjustment(s). The Calculation Agent may (but need not) determine the appropriate adjustment by reference to the adjustment in respect of such Potential Adjustment Event or adjustment to settlement terms made by an options exchange to options on the relevant Shares traded on that options exchange.

(ii) Consequences of a Merger Event

If the Calculation Agent determines that a Merger Event has occurred in respect of one or more of the Shares in the Basket, the Issuer may:

- (a) redeem each Note at its fair economic value (as determined by the Calculation Agent) as at the Merger Date, less the cost to the Issuer of unwinding or amending any related underlying hedging arrangements (unless provided for otherwise in the Final Terms), on such date as the Issuer may notify to Noteholders in accordance with Condition 14; and/or
- (b) make such adjustment to the exercise, settlement, payment or any other term or condition of the Notes as the Calculation Agent determines appropriate to account for the economic effect on the Notes of such Merger Event (provided that no adjustments will be made to solely account for changes in volatility, expected dividends, stock loan rate or liquidity relevant to the relevant Shares or to the Notes), which may, but need not, be determined by reference to the adjustment(s) made in respect of such Merger Event by an options exchange to options on the relevant Shares traded on such options exchange and determine the effective date of that adjustment; and/or

- (c) save in respect of a Reverse Merger, on or after the relevant Merger Date, deem the New Shares and/or the amount of Other Consideration, if applicable (as subsequently modified in accordance with any relevant terms and including the proceeds of any redemption, if applicable), and their issuer (if any) to be the relevant “Shares” and the relevant “Share Issuer”, respectively, and if the Calculation Agent determines to be appropriate, the Issuer will adjust any relevant terms of the Notes as it may determine.

The Issuer shall give notice of such redemption, adjustment or deemed change to Noteholders in accordance with Condition 14.

(iii) Consequences of a Tender Offer

If the Calculation Agent determines that a Tender Offer has occurred in respect of one or more of the Shares in the Basket, then on or after the relevant Tender Offer Date the Issuer may:

- (a) redeem each Note at its fair economic value (as determined by the Calculation Agent) as at the Tender Offer Date, less the cost to the Issuer of unwinding or amending any related underlying hedging arrangements (unless provided for otherwise in the Final Terms), on such date as the Issuer may notify to Noteholders in accordance with Condition 14; and/or
- (b) make such adjustment to the exercise, settlement, payment or any other term or condition of the Notes as the Calculation Agent determines appropriate to account for the economic effect on the Notes of such Tender Offer (provided that no adjustments will be made to account solely for changes in volatility or liquidity relevant to the Shares or to the Notes), which may, but need not, be determined by reference to the adjustment(s) made in respect of such Tender Offer by an options exchange to options on the relevant Shares traded on such options exchange and determine the effective date of that adjustment.

The Issuer shall give notice of such redemption or adjustment to Noteholders in accordance with Condition 14.

(iv) Nationalisation, Insolvency or De-listing

If in respect of one or more of the Shares in the Basket or a Share Issuer the Calculation Agent determines that there has been a Nationalisation, an Insolvency or a De-listing, the Issuer may (i) request the Calculation Agent to determine the appropriate adjustment, if any, to be made to any one or more of the Final Redemption Amount and/or the Strike Price and/or any of the other terms and conditions of the Notes to account for the Nationalisation, Insolvency or De-listing, as the case may be, and determine the effective date of that adjustment or (ii) redeem each Note at its fair economic value (as determined by the Calculation Agent) as at the date of redemption taking into account the Nationalisation, Insolvency or De-listing, less the costs to the Issuer of unwinding or amending any related underlying hedging arrangements (unless provided for otherwise in the Final Terms). Notice of any redemption of the Notes or determination pursuant to this paragraph shall be given to Noteholders in accordance with Condition 14.

(v) Change of Exchange

If an Exchange is changed, the Issuer may make such consequential modifications to the Strike Price, Final Redemption Amount, Valuation Time and such other terms and conditions of the Notes as it may deem necessary.

(vi) Price Correction

In the event that any price or level published on an Exchange and which is utilised for any calculation or determination made under the Notes is subsequently corrected and the correction is published by the relevant Exchange within three Business Days (or such other period as may be specified in the Final Terms) after the original publication, the Calculation Agent will determine the amount (if any) that is payable following that correction, and, to the extent necessary, the Issuer will adjust the terms and conditions of the Notes to account for such correction.

(vii) Currency

If the Calculation Agent determines that any event occurs affecting the Specified Currency or the currency in which any of the Shares are quoted, listed and/or dealt in on the Exchange (whether relating to the convertibility of any such currency into other currencies or otherwise) which the Calculation Agent determines necessitates an adjustment or adjustments to the Final Redemption Amount, Strike Price (if applicable) and/or any other relevant term of the Notes (including the date on which any amount is payable by the Issuer), the Issuer may make such adjustment or adjustments to the Final Redemption Amount, Strike Price (if applicable) and/or any other relevant term of the Notes as it deems necessary. The Issuer shall give notice to the holders of the Notes of any such adjustment in accordance with Condition 14.

(viii) Additional Disruption Events

If the Calculation Agent determines that an Additional Disruption Event has occurred in respect of one or more of the Shares in the Basket, the Issuer may redeem each Note at its fair economic value (as determined by the Calculation Agent) as at the date of redemption taking into account the Additional Disruption Event, less the cost to the Issuer of unwinding or amending any related underlying hedging arrangements (unless provided for otherwise in the Final Terms). Notice of any redemption of the Notes or determination pursuant to this paragraph shall be given to Noteholders in accordance with Condition 14.

(ix) Change in currencies

If, at any time after the Issue Date, there is any change in the currency in which the Shares are quoted, listed and/or dealt on the Exchange, then the Issuer will adjust such of the terms and conditions of the Notes as the Calculation Agent determines appropriate to preserve the economic terms of the Notes. The Calculation Agent will make any conversion necessary for purposes of any such adjustment as of the Valuation Time at an appropriate mid-market spot rate of exchange determined by the Calculation Agent prevailing as of the Valuation Time. No adjustments under this section will affect the currency denomination of any payment obligation arising out of the Notes.

5. Delivery of Share Amount

For the purposes of the Notes, if “Share Delivery” is specified as being applicable in the Final Terms, Condition 7 shall be amended by the addition of a new Condition 7(o) as follows:

“(o) Delivery of Share Amounts:

(i) Delivery of Share Amounts

If the Notes are to be redeemed by the delivery of the Share Amounts, the Issuer shall, on the Share Delivery Date, deliver or procure the delivery of the Share Amount in respect of each Note to such account in such clearing system as may be specified by the relevant Noteholder, at the risk and expense of the relevant Noteholder. If a Noteholder does not provide the Issuer with sufficient instructions in a timely manner to enable the Issuer to effect any required delivery of Shares, the due date for such delivery shall be postponed accordingly. The Issuer shall determine whether any instructions received by it are sufficient and whether they have been received in time to enable delivery on any given date. As used herein, “delivery” in relation to any Share Amount means the carrying out of the steps required of the Issuer (or such person as it may procure to make the relevant delivery) in order to effect the transfer of the relevant Share Amount and “deliver” shall be construed accordingly. The Issuer shall not be responsible for any delay or failure in the transfer of such Share Amount once such steps have been carried out, whether resulting from settlement periods of clearing systems, acts or omissions of registrars or otherwise and shall have no responsibility for the lawfulness of the acquisition of the Shares comprising the Share Amount or any interest therein by any Noteholder or any other person.

In respect of each Share comprising the Share Amount, the Issuer shall not be under any obligation to register or procure the registration of the Noteholder or any other person as the registered shareholder in any register of members of the relevant Share Issuer.

Noteholders should note that the actual date on which they become holders of the Shares comprising their Share Amount will depend, among other factors, on the procedures of the relevant clearing systems and any share registrar and the effect of any Settlement Disruption Events.

The Issuer shall not at any time be obliged to account to a Noteholder for any amount or entitlement that it receives by way of a dividend or other distribution in respect of any of the Shares. Dividends and distributions in respect of the Shares which constitute a Potential Adjustment Event may however result in an adjustment being made pursuant to Condition 7(n).

Neither the Issuer nor any other person shall (a) be under any obligation to deliver (or procure any other person to deliver) to the Noteholders or any other person any letter, certificate, notice, circular or any other document received by that person in its capacity as the holder of the Shares, (b) be under any obligation to exercise or procure exercise of any or all rights (including voting rights) attaching to the Shares or (c) be under any liability to the Noteholders or any subsequent beneficial owners

of the Shares in respect of any loss or damage which any Noteholder or subsequent beneficial owner may sustain or suffer as a result, whether directly or indirectly, of that person being registered at any time as the legal owner of the Shares.

(ii) Settlement Disruption

If the Issuer determines that delivery of any Share Amount (or part thereof) in respect of any Note by the Issuer in accordance with the terms and conditions of the Notes is not practicable or permitted by reason of a Settlement Disruption Event subsisting, then the Share Delivery Date in respect of such Share Amount (or part thereof) shall be postponed to the first following Delivery Day in respect of which no such Settlement Disruption Event is subsisting and notice thereof shall be given in accordance with Condition 13, provided that the Issuer may elect in its sole discretion to satisfy its obligations in respect of the relevant Note by delivering or procuring the delivery of such Share Amount (or part thereof) using such other commercially reasonable manner as it may select and in such event the Share Delivery Date shall be such day as the Issuer deems appropriate in connection with delivery of such Share Amount (or part thereof) in such other commercially reasonable manner. No Noteholder shall be entitled to any payment whether of interest or otherwise on such Note in the event of any delay in the delivery of the Share Amount pursuant to this paragraph and no liability in respect thereof shall attach to the Issuer.

Where a Settlement Disruption Event affects some but not all of the Shares comprising the Share Amount, the Share Delivery Date for the Shares comprising such Share Amount which are not affected by the Settlement Disruption Event will be the originally designated Share Delivery Date.

For so long as delivery of the Share Amount (or part thereof) in respect of any Note is not practicable or permitted by reason of a Settlement Disruption Event, then in lieu of physical settlement and notwithstanding any other provision hereof, the Issuer may elect in its sole discretion to satisfy its obligations in respect of each Note by payment to the relevant Noteholder of the Disruption Cash Settlement Price on the third Business Day following the date that notice of such election is given to the Noteholders in accordance with Condition 14. Payment of the Disruption Cash Settlement Price will be made in such manner as shall be notified to the Noteholders in accordance with Condition 14.

The Issuer shall give notice as soon as practicable to the Noteholders in accordance with Condition 14 if a Settlement Disruption Event has occurred.

(iii) Aggregate Share Amount

The aggregate Share Amount to which a Noteholder may be entitled will be determined on the basis of the separate (for the avoidance of doubt, not aggregate) number of Notes held by the relevant Noteholder. The Issuer shall not be obliged to deliver fractions of a Share but shall be obliged to account for the Fractional Cash Amount of any such fractions to the relevant Noteholder on the Share Delivery Date and each such Share Amount to be delivered shall be rounded down to the next integral number of Shares.”

6. Prescription

For the avoidance of doubt, Condition 9 shall apply to the Notes and claims for delivery of any Share Amount in respect of the Notes shall become void upon the expiry of five years from the Share Delivery Date.

The terms and conditions applicable to Notes linked to a fund (“**Fund Linked Notes**”) shall comprise the Terms and Conditions of the Medium Term Notes set out in Chapter 2, Part 1 (the “**General Conditions**”), and the additional Terms and Conditions set out below (the “**Fund Linked Conditions**”), in each case subject to completion and/or amendment in the applicable Final Terms. In the event of any inconsistency between the General Conditions and the Fund Linked Conditions, the Fund Linked Conditions set out below shall prevail. In the event of any inconsistency between (i) the General Conditions and/or the Fund Linked Conditions; and (ii) the Final Terms, the Final Terms shall prevail.

1. Final Redemption

Notwithstanding Condition 7(a), unless previously redeemed or purchased and cancelled, each Note will be redeemed by the Issuer (subject to the provisions of Conditions 7(m) and 7(n), and this section 1 of these Fund Linked Conditions) as its Final Redemption Amount on the Maturity Date.

If the Final Redemption Receipt Date falls on or after the Latest Permissible Receipt Date, then the Issuer may, notwithstanding Condition 7(m), postpone the payment of the Final Redemption Amount to the date that is that number of Business Days equal to the Settlement Period following the Final Redemption Receipt Date. For the avoidance of doubt, no additional amounts shall be payable in respect of the postponement of any payment.

For the purposes of this section 1 of these Fund Linked Conditions:

“Settlement Period” means seven Business Days (or such other number of Business Days as specified in the applicable Final Terms).

“Valid Date” means a Fund Business Day which the Calculation Agent determines is not a Disrupted Day and on which another Averaging Date does not or is not deemed to occur.

4. Disrupted Days

For the purposes of the Notes, Condition 7 shall be amended by the addition of a new Condition 7(m) as follows:

“(m) Disrupted Days

If the Calculation Agent determines that the Strike Date, Observation Date or (subject as provided below) any Averaging Date, as the case may be, in respect of the Fund Interests is a Disrupted Day, then the Strike Date, Observation Date or such Averaging Date, as the case may be, shall be the first succeeding Fund Business Day that is not a Disrupted Day, unless each of the Fund Business Days falling in the Disrupted Period is a Disrupted Day. In that case:

- (a) that final Fund Business Day of the Disrupted Period shall be deemed to be the Strike Date, the Observation Date or such Averaging Date, as the case may be, in respect of the Fund Interests, notwithstanding the fact that such day is a Disrupted Day; and
- (b) the Calculation Agent shall determine the price of one Fund Interest as its good faith estimate of the price of one Fund Interest that would have prevailed, but for the occurrence of a Disrupted Day, on that final Fund Business Day of the Disrupted Period.

If the Calculation Agent determines that any Averaging Date is a Disrupted Day, then if under Averaging Date Disruption in the Final Terms the consequence specified is:

- (i) **“Omission”**, then such Averaging Date shall be deemed not to be an Averaging Date for the purposes of determining the Final Price. If through the operation of this provision no Averaging Date would occur, then the provisions above will apply for the purposes of determining the relevant Price for the final Averaging Date as if such final Averaging Date were a Disrupted Day;
- (ii) **“Postponement”**, then the provisions above will apply for the purposes of determining the relevant Price for that Averaging Date as if such Averaging Date were a Disrupted Day irrespective of whether, pursuant to such determination, that deferred Averaging Date would fall on a date that already is or is deemed to be an Averaging Date; or
- (iii) **“Modified Postponement”**, then the relevant Averaging Date shall be the first succeeding Valid Date. If the first succeeding Valid Date has not occurred as of the final Fund Business Day of the Cut-off Period for that original date that, but for the occurrence of another Averaging Date or Disrupted Day, would have been the final Averaging Date then (A) that final Fund Business Day of the Cut-off Period shall be deemed to be the relevant Averaging Date (irrespective of whether such day is already an Averaging Date), and (B) the Calculation Agent shall determine the relevant Price for that Averaging Date with its good faith estimate of the Price that would have prevailed, but for the occurrence of a Disrupted Day, on that deemed Averaging Date.

Notwithstanding the provisions of Condition 7, if the Calculation Agent determines that the Calculation Determination Date for any payment falls after the Latest Permissible Determination Date, such payment shall be postponed to the date that is the number of Business Days equal to the Settlement Period, following the Calculation Determination Date. For the avoidance of doubt, no additional amounts shall be payable in respect of the postponement of any payment.

The Issuer shall give notice to the holders of the Notes, in accordance with Condition 14, of any delay that results in the postponement of any payment in respect of the Notes.”

For the purpose of this Condition 7(m):

“Cut-off Period” means the Disrupted Period or such different number of Fund Business Days as specified in the applicable Final Terms.

“Disrupted Period” means the period comprising the number of Fund Business Days specified as such in the applicable Final Terms, commencing on (and including) the day immediately following the original date that, but for the determination by the Issuer of the occurrence of a Disrupted Day, would have been the Strike Date, the Observation Date or such Averaging Date, as the case may be.

“Latest Permissible Determination Date” means, in respect of any payment, the date that falls the number of Business Days equal to the Settlement Period before the relevant payment falls due.

5. Adjustments

For the purposes of the Notes, Condition 7 shall be amended by the addition of a new Condition 7(n) as follows:

“(n) Adjustments

If the Calculation Agent determines that, in respect of a Fund, a Corporate Event has occurred or is continuing, the Calculation Agent will (a) make the corresponding adjustment(s), if any, to any one or more of the Redemption Amount, the Early Redemption Amount (if any) and/or any of the terms and conditions of the Notes as the Calculation Agent determines appropriate to account for the dilutive or concentrative effect on the value of Fund Interests and (b) determine the effective date(s) of the adjustment(s).
