EURO MEDIUM TERM NOTE PROGRAMME

for the issue of notes by

BPER Banca S.p.A.

This base prospectus (the "**Base Prospectus**") constitutes a base prospectus for the purposes of Article 8 of Regulation (EU) 2017/1129 (the "**Prospectus Regulation**"). BPER Banca S.p.A. (the "**Bank**" or the "**Issuer**" or "**BPER**") may from time to time issue instruments in bearer form governed by English law (the "**English Law Notes**") and instruments governed by Italian law (the "**Italian Law Notes**", and together with the English Law Notes, the "**Notes**") under the Euro Medium Term Note Programme (the "**Programme**") and denominated in such currencies as may be from time to time agreed with the relevant Dealer(s) (as defined below).

The Notes issued under the Programme may qualify as senior preferred notes (the "**Senior Preferred Notes**"), senior non-preferred notes (the "**Senior Non-Preferred Notes**" and together with the Senior Preferred Notes, the "**Senior Notes**"), and subordinated notes (the "**Subordinated Notes**"), subject in each case to compliance with all relevant laws, regulations and directives.

The sum of the nominal amounts in respect of the Notes outstanding at any one time under the Programme will not exceed €6,000,000,000 (or its equivalent in other currencies). The Notes may be issued on a continuing basis to one or more of the Dealers specified herein and any additional Dealer appointed under the Programme from time to time, which appointment may be for a specific issue or on an ongoing basis (each a "**Dealer**" and, together, the "**Dealers**").

No Notes may be issued under the Programme which have a minimum denomination of less than Euro 100,000 (or equivalent in another currency), while Senior Non-Preferred Notes issued under the Programme will have a denomination of at least Euro 250,000 (or, where the Senior Non-Preferred Notes are denominated in a currency other than euro, the equivalent amount in such other currency).

The terms and conditions for the English Law Notes are set out herein in "Terms and Conditions for the English Law Notes" and the terms and conditions for the Italian Law Notes are set out herein in "Terms and Conditions for the Italian Law Notes". References to the "Notes" shall be to the English Law Notes and/or the Italian Law Notes, as appropriate and references to the "Terms and Conditions" or the "Conditions" shall be to the Terms and Conditions for the English Law Notes and/or the Terms and Conditions for the Italian Law Notes, as appropriate. For the avoidance of doubt, in "Terms and Conditions for the English Law Notes", references to the "Notes" shall be to the English Law Notes, and in "Terms and Conditions for the Italian Law Notes", references to the "Notes" shall be to the Italian Law Notes.

This Base Prospectus has been approved by the *Commission de Surveillance du Secteur Financier* (the "**CSSF**") in its capacity as competent authority under the Prospectus Regulation for the approval of this Base Prospectus. Pursuant to the Prospectus Regulation, by approving this Base Prospectus the CSSF assumes no responsibility as to the economic and financial soundness of the Notes to be issued thereunder or the quality or solvency of the Issuer. The CSSF has only approved this Base Prospectus as meeting the standards of completeness, comprehensibility and consistency imposed by the Prospectus Regulation. Such approval should not be considered as an endorsement of the Issuer or the quality of the Notes that are the subject of this Base Prospectus and investors should make their own assessment as to the suitability of investing in the Notes. By approving this Base Prospectus the CSSF does not engage in respect of the economic or financial opportunity of the operation or the quality and solvency of the Issuer.

This Base Prospectus is valid for a period of twelve months from the date of approval. This Base Prospectus will remain in force until its expiration date, on 10 November 2022.

The Programme has been rated "Ba3" (*Senior Unsecured Medium-Term Note and Subordinate Medium-Term Note*) by Moody's France SAS ("**Moody's**") and "BB+" (*Long-term Senior Preferred*), "B" (*Short-*

term *Senior Preferred*) and "BB-" (*Subordinated debt*) by Fitch Ratings Ireland Limited (Italian branch) ("**Fitch**"). Each of Moody's and Fitch is established in the European union and is included in the list of credit rating agencies published by the European Securities and Market Authority on its website (at <https://www.esma.europa.eu/page/List-registered-and-certified-CRAs>) in accordance with the European Union and registered under Regulation (EC) No 1060/2009, as amended.

Application has also been made for Notes issued under the Programme to be listed on the Official List and admitted to trading on the regulated market of the Luxembourg Stock Exchange. The regulated market of the Luxembourg Stock Exchange is a regulated market for the purpose of Directive 2014/65/EU on Markets in Financial Instruments ("**MiFID II**") (the "**Regulated Market**"). The Programme also permits Notes to be issued on the basis that they will not be admitted to listing, trading and/or quotation by any listing authority, market, stock exchange and/or quotation system or that they will be admitted to listing, trading and/or quotation by such other or further listing authorities, stock exchanges and/or quotation systems as may be agreed between the Issuer and the Dealers.

This Base Prospectus supersedes and replaces the Base Prospectus dated 16 December 2020 and any supplement thereto.

Any Notes to be issued under the Programme from the date hereof are to be issued subject to the provisions set out herein. This does not affect any Notes already in issue at the date hereof.

Amounts payable under the Notes may be calculated by reference to EURIBOR, which is provided by the European Money Markets Institute, to the CMS Rate, which may be provided by, among others, the administrator of EURIBOR or the ICE Benchmark Administration, to the sterling overnight index average rate ("SONIA"), which is provided by the Bank of England, in each case as specified in the applicable Final Terms. As at the date of this Base Prospectus, the European Money Markets Institute (as administrator of EURIBOR) is included in the register of administrators maintained by the European Securities and Markets Authority ("**ESMA**") under Article 36 of the Regulation (EU) No. 2016/1011 ("**Benchmarks Regulation**"). As at the date of this Base Prospectus, ICE Benchmark Administration (as administrator of CMS) does not appear on the register of administrators and benchmarks established and maintained by ESMA pursuant to Article 36 of the Benchmarks Regulation. ICE Benchmark Administration appears on the register of the Financial Conduct Authority pursuant to Article 36 of the Benchmarks Regulation as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 ("**EUWA**"). As far as the Issuer is aware, the transitional provisions in Article 51 of the Benchmarks Regulation apply, such that ICE Benchmark Administration is not currently required to obtain authorisation or registration (or, if located outside the European Union, recognition, endorsement or equivalence). As at the date of this Base Prospectus, the administrator of SONIA is not included in ESMA's register of administrators under Article 36 of the Benchmarks Regulation. As far as the Issuer is aware, SONIA does not fall within the scope of the Benchmarks Regulation.

Investing in Notes issued under the Programme involves certain risks. The risk factors that may affect the abilities of the Issuer to fulfil its obligations under the Notes are discussed in the "Risk Factors" section below.

IMPORTANT NOTICES

Payments of interest, premium and other income relating to the Notes issued by the Issuer are subject to a substitute tax (referred to as "*imposta sostitutiva*") of 26 per cent pursuant to Legislative Decree No. 239 of 1 April 1996 in certain circumstances. In order to obtain exemption at source from *imposta sostitutiva* in respect of payments of interest, premium and other income relating to the Notes, each Noteholder not resident in the Republic of Italy is required to certify that such Noteholder is (i) deemed to be resident in a country which recognises the Italian fiscal authorities' right to a satisfactory exchange of information and (ii) the beneficial owner of payments of interest or other income relating to the Notes, all as more fully set out in "*Taxation*" on page 182.

Notes that qualify as atypical securities ("*titoli atipici*") are subject to withholding tax levied at the rate of 26 per cent in respect of premium (if any) and other income pursuant to Law Decree No. 512 of September 1983, as amended.

For each Tranche of Notes which is issued under the Programme, final terms will be prepared containing the information required to complete the information for the relevant issue (each "**Final Terms**") which, with respect to Notes to be listed on the Official List and admitted to trading on the Regulated Market, will be delivered to the Luxembourg Stock Exchange and filed with the CSSF. In relation to each Tranche of Notes issued under the Programme, this Base Prospectus should be read in conjunction with the applicable Final Terms.

The Notes of each Tranche will initially be represented by a temporary global note ("**Temporary Global Note**") which (i) in respect of a Temporary Global Note which is not intended to be issued in new global note form, will be deposited on the issue date thereof with a common depositary on behalf of Euroclear Bank SA/NV ("**Euroclear**") and Clearstream Banking, *société anonyme* ("**Clearstream, Luxembourg**") and/or any other agreed clearance system, and (ii) in respect of a Temporary Global Note which is intended to be issued in new global note form, will be deposited on the issue date thereof with a common safekeeper for Euroclear and/or Clearstream, Luxembourg and/or any other agreed clearance system. Each Temporary Global Note will be exchangeable, as specified in the applicable Final Terms, for either a permanent global note ("**Permanent Global Note**") or Notes in definitive form, in each case upon certification as to non-US beneficial ownership as required by U.S. Treasury Regulations. A Permanent Global Note will be exchangeable, in whole but not in part, for definitive Notes, all as further described in "*Form of the Notes*" section set out on page 53.

The Issuer and, in the case of English Law Notes, the Trustee may agree with any Dealer(s) that Notes may be issued in a form not contemplated by the Terms and Conditions of the Notes respectively, in which case a prospectus specific to such Tranche of Notes (a "**Drawdown Prospectus**"), will be made available which will describe the effect of the agreement reached in relation to such Notes.

Where a claim relating to the information contained in this Base Prospectus is brought before a court in a Member State of the European Economic Area, the plaintiff may, under the national legislation of the Member State where the claim is brought, be required to bear the costs of translating the Base Prospectus before the legal proceedings are initiated.

This Base Prospectus is to be read in conjunction with all documents which are deemed to be incorporated herein by reference (see "*Information Incorporated by Reference*" section on page 39) and shall be construed on the basis that such documents are incorporated by reference in and form part of this Base Prospectus.

This Base Prospectus constitutes a base prospectus for the purposes of Article 8 of the Prospectus Regulation.

Neither the Dealers nor, in the case of English Law Notes, the Trustee, have independently verified all the information contained herein. Accordingly, no representation, warranty or undertaking, express or implied, is made and no responsibility or liability is accepted by the Dealers or, in the case of the English Law Notes, the Trustee, or any of their respective affiliates as to the accuracy or completeness of the information contained in this Base Prospectus or any other information provided by the Issuer in connection with the Programme or any Notes or their distribution. The statements made in this paragraph are made without prejudice to the responsibility of the Issuer under the Programme.

No person is or has been authorised to give any information or to make any representation not contained in or not consistent with this Base Prospectus or any other information supplied in connection with the Programme or any Notes and, if given or made, such information or representation must not be relied upon as having been authorised by the Issuer, any of the Dealers or, in the case of the English Law Notes, the Trustee.

Neither this Base Prospectus nor any other information supplied in connection with the Programme or any Notes (i) is intended to provide the basis of any credit or other evaluation or (ii) should be considered as a recommendation or as constituting an invitation or offer by the Issuer, any of the Dealers or, in the case of the English Law Notes, the Trustee, that any recipient of this Base Prospectus or any other information supplied in connection with the Programme or any Notes should subscribe for and purchase any Note. Each investor contemplating subscribing for, or purchasing any of the Notes, should make its own independent investigation of the affairs, and its own appraisal of the creditworthiness, of the Issuer. Neither this Base Prospectus nor any other information supplied in connection with the Programme or any Notes constitutes an offer by or on behalf of the Issuer, any of the Dealers or, in the case of the English Law Notes, the Trustee, to any person to purchase any Notes.

The delivery of this Base Prospectus does not at any time imply that the information contained herein concerning the Issuer is correct at any time subsequent to the date hereof or that any other information supplied in connection with the Programme is correct as of any time subsequent to the date indicated in the document containing the same. The Dealers and, in the case of English Law Notes, the Trustee expressly do not undertake to review the financial condition or affairs of the Issuer during the life of the Programme.

The distribution of this Base Prospectus and the offer, distribution or sale of Notes may be restricted by law in certain jurisdictions. The Issuer, the Dealers and, in case of English Law Notes, the Trustee do not represent that this document may be lawfully distributed, or that any Notes may be lawfully offered, in compliance with any applicable registration or other requirements in any such jurisdiction, or pursuant to an exemption available thereunder, or assume any responsibility for facilitating any such distribution or offering. In particular, no action has been taken by the Issuer, any of the Dealers or, in the case of the English Law Notes, the Trustee, which would permit a public offering of any Notes or distribution of this document in any jurisdiction where action for that purpose is required. Accordingly, no Notes may be offered or sold, directly or indirectly, and neither this Base Prospectus nor any advertisement or other offering material may be distributed or published in any jurisdiction, except under circumstances that will result in compliance with any applicable laws and regulations and the Dealers have represented that all offers and sales by them will be made on the same terms. Persons into whose possession this Base Prospectus or any Notes come must inform themselves about, and observe any such restrictions. For details of certain restrictions on the distribution of this Base Prospectus and the offer or sale of Notes in the United States, the United Kingdom, Canada, Singapore, Switzerland, the European Economic Area, the Republic of Italy, Japan and France, see "*Subscription and Sale*" below.

The Notes have not been and will not be registered under the United States Securities Act 1933, as amended (the "**Securities Act**"), will be in bearer form and subject to US tax law requirements. Subject to certain exceptions, Notes may not be offered, sold or delivered within the United States or to US persons (see "*Subscription and Sale*" below).

This Base Prospectus has not been submitted to the clearance procedure of *Commissione Nazionale per le Società e la Borsa* ("**CONSOB**") and may not be distributed in Italy other than (i) to qualified investors (*investitori qualificati*) as defined pursuant to Article 2 of Regulation (EU) No. 1129 of 14 June 2017 ("**Prospectus Regulation**") and any applicable provision of Legislative Decree No. 58 of 24 February 1998, as amended from time to time (the "**Consolidated Finance Act**"), and/or regulations issued by the CONSOB, or (ii) in circumstances which are exempted from the rules on public offerings pursuant to Article 1 of the Prospectus Regulation, Article 34-ter of CONOSB Regulation No. 11971 of 14 May 1999, as amended from time to time, and any applicable Italian law or regulation.

In this Base Prospectus, unless otherwise specified, or where the context requires otherwise, references to a "**Member State**" are references to a Member State of the EEA, references to "€", "**Euro**", "**EUR**" or "**euro**" are to the currency introduced at the start of the third stage of European economic and monetary union and as defined in Article 2 of Council Regulation (EC) No 974/98 of 3 May 1998 on the introduction of the euro, as amended.

All references in this document to "**US dollars**", "**US\$**" and "**\$**" refer to the currency of the United States of America, references to "**Sterling**" and "**£**" refer to the currency of the United Kingdom and references to "**Japanese Yen**", "**Yen**" and "**¥**" refer to the currency of Japan.

In connection with the issue of any Tranche of Notes, the Dealer or Dealers (if any) named as the Stabilising Manager(s) (or persons acting on behalf of any Stabilising Manager(s)) in the applicable Final Terms may over allot Notes or effect transactions with a view to supporting the market price of the Notes at a level higher than that which might otherwise prevail. However, stabilisation may not necessarily occur. Any stabilisation action may begin on or after the date on which adequate public disclosure of the final terms of the offer of the relevant Tranche of Notes is made and, if begun, may cease at any time, but it must end no later than the earlier of 30 days after the issue date of the relevant Tranche of Notes and 60 days after the date of the allotment of the relevant Tranche of Notes. Any stabilisation action or over-allotment must be conducted by the Stabilising Manager(s), or persons acting on behalf of the Stabilising Manager(s), in accordance with all applicable laws and rules.

IMPORTANT – EEA RETAIL INVESTORS - If the Final Terms in respect of any Notes include a legend entitled "*Prohibition of Sales to EEA Retail Investors*", the Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area ("**EEA**"). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU ("**MiFID II**"); or (ii) a customer within the meaning of Directive (EU) 2016/97 (as amended or superseded, the "**Insurance Distribution Directive**"), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II, or (iii) not a qualified investor as defined in Regulation (EU) 2017/1129 (as amended and superseded, the "**Prospectus Regulation**"). Consequently no key information document required by Regulation (EU) No. 1286/2014 (as amended, the "**PRIIPs Regulation**") for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

IMPORTANT – UK RETAIL INVESTORS - If the Final Terms in respect of any Notes include a legend entitled "*Prohibition of Sales to UK Retail Investors*", the Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the United Kingdom ("**UK**"). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client, as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of UK domestic law by virtue of the European Union (Withdrawal) Act 2018 ("**EUWA**"); or (ii) a customer within the meaning of the provisions of the Financial Services and Markets Act, 2000 (the "**FSMA**") and any rules or regulations made under the FSMA to implement Directive (EU) 2016/97, where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of UK domestic law by virtue of the EUWA. Consequently no key information document required by Regulation (EU) No 1286/2014 as it forms part of UK domestic law by virtue of the European Union (Withdrawal) Act 2018 (the "**UK PRIIPs Regulation**") for offering or selling the Notes or otherwise making them available to retail investors in the UK has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPs Regulation.

MIFID II PRODUCT GOVERNANCE / TARGET MARKET - The Final Terms in respect of any Notes will include a legend entitled "**MiFID II Product Governance**" which will outline the target market assessment in respect of the Notes and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending such Notes (a "**distributor**") should take into consideration the target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made at the time of issue about whether, for the purpose of the product governance rules under EU Delegated Directive 2017/593 (the "**MiFID II Product Governance Rules**"), any Dealer

subscribing for a Tranche of Notes is a manufacturer in respect of that Tranche, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the MiFID II Product Governance Rules.

UK MiFIR PRODUCT GOVERNANCE / TARGET MARKET - The Final Terms in respect of any Notes will include a legend entitled "UK MiFIR Product Governance" which will outline the target market assessment in respect of the Notes and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a "**distributor**") should take into consideration the target market assessment; however, a distributor subject to the UK MiFIR product governance rules set out in the FCA Handbook Product Intervention and Product Governance Sourcebook (the "**UK MiFIR Product Governance Rules**") is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the UK MiFIR product governance rules set out in UK MiFIR Product Governance Rules, any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the UK MiFIR Product Governance Rules.

Notification under Section 309B(1)(c) of the Securities and Futures Act (Chapter 289 of Singapore), as modified or amended from time to time (the SFA) – Unless otherwise stated in the Final Terms in respect of any Notes, all Notes issued or to be issued under the Programme shall be prescribed capital markets products (as defined in the Securities and Futures (Capital Markets Products) Regulations 2018 of Singapore) and Excluded Investment Products (as defined in MAS Notice SFA 04-N12: Notice on the Sale of Investment Products and MAS Notice FAA-N16: Notice on Recommendations on Investment Products).

The Notes may not be a suitable investment for all investors. Each potential investor in the Notes should determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should consider, either on its own or with the help of its financial and other professional advisers, whether it:

- (i) has sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of investing in the Notes and the information contained or incorporated by reference in this Base Prospectus or any applicable supplement;
- (ii) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Notes and the impact such investment will have on its overall investment portfolio;
- (iii) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes, including where the currency for principal or interest payments is different from the potential investor's currency;
- (iv) understand thoroughly the terms of the Notes and be familiar with the behaviour of financial markets; and
- (v) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

Some Notes are complex financial instruments. Sophisticated institutional investors generally do not purchase complex financial instruments as stand-alone investments. They purchase complex financial instruments as a way to reduce risk or enhance yield with an understood, measured, appropriate addition of risk to their overall portfolios. A potential investor should not invest in the Notes, unless the potential investor has the expertise (either alone or with a financial adviser) to evaluate how the Notes will perform under changing conditions, the resulting effects on the value of the Notes and the impact this investment will have on the potential investor's overall investment portfolio.

The language of this Base Prospectus is English. Certain legislative references and technical terms have been cited in their original language in order that the correct technical meaning may be ascribed to them under applicable law.

GENERAL DESCRIPTION OF THE PROGRAMME

Under the Programme, the Issuer may from time to time issue Notes denominated in any currency, subject as set out herein. Key features of the Programme relating to the Notes appear below. The applicable terms of any Notes will be agreed between the Issuer and the relevant Dealer(s) prior to the issue of the Notes and will be set out in the Terms and Conditions of the Notes endorsed on, or incorporated by reference into, the Notes, as completed by the applicable Final Terms attached to, or endorsed on, such Notes, as more fully described under "*Form of the Notes*" below.

This Base Prospectus and any supplement will only be valid for issuing Notes in an aggregate nominal amount which, when added to the aggregate nominal amount then outstanding of all Notes previously or simultaneously issued under the Programme, does not exceed €6,000,000,000 or its equivalent in other currencies. For the purpose of calculating the euro equivalent of the aggregate nominal amount of Notes the euro equivalent of Notes denominated in another Specified Currency (as defined under "*Form of the Notes*" below) shall be determined, at the discretion of the Issuer (in the case of the issue of Notes), either as at the agreement date for such Notes or, in either case, on the preceding day on which commercial banks and foreign exchange markets are open for business in London, in each case on the basis of the spot rate for the sale of the euro against the purchase of such Specified Currency in the London foreign exchange market quoted by any leading international bank selected by the Issuer on the relevant day of calculation.

RISK FACTORS

The Issuer believes that the following factors may affect its ability to fulfil its obligations under the Notes issued under the Programme. These factors are contingencies that may or may not occur and the Issuer is not in a position to express a view on the likelihood of any such contingency occurring. Factors which could be material for the purpose of assessing the market risks associated with the Notes issued under the Programme are also described below.

*The Issuer believes that the factors described below represent the principal risks inherent in investing in the Notes issued under the Programme, but the inability of the Issuer to pay interest, principal or other amounts on or in connection with any Notes may occur for other reasons which may not be considered significant risks by the Issuer based on information currently available to it or which it may not currently be able to anticipate. In addition, the following risk factors are presented in a limited number of categories depending on their nature and, in each category, the most material risk factors for the Issuer or the Issuer's group (the "**BPER Group**" or the "**Group**") are mentioned first. Accordingly, the Issuer does not represent that the statements below regarding the risk of holding any Notes are exhaustive.*

Prospective investors should also read the detailed information set out elsewhere in this Base Prospectus and reach their own views prior to making any investment decision.

Words and expressions defined in "Forms of the Notes", "Terms and Conditions for the English Law Notes" and "Terms and Conditions for the Italian Law Notes" or elsewhere in this Base Prospectus have the same meaning in this section, unless stated otherwise. Prospective investors should read the entire Base Prospectus.

Factors that may affect the Issuer's ability to fulfil its obligations under or in connection with the Notes issued under the Programme
--

The risks below have been classified into the following categories:

1. *Risks relating to the Issuer's financial position;*
2. *Risks relating to the Issuer's business activity and industry;*
3. *Risks related to the legal and regulatory environment of the Issuer;*
4. *Risks related to the internal control of the Issuer;*
5. *Risks related to the political, environmental, social and governance environment of the Issuer.*

1. Risks relating to the Issuer's Financial Position

Competition

In recent years, the Italian banking sector has seen increasing price competition as a consequence of the deregulation of the banking sector, resulting in the curtailment of protectionist national laws by EU regulation and a blurring of the distinction between different types of financial services. This has led to a reduction in the difference between borrowing and lending rates and has had an impact on commissions and fees, particularly relating to dealings conducted on behalf of third parties as an intermediary bank, which could have a material adverse effect on the Group, notably in its profitability.

The Group faces substantial competition in all parts of its business, including in payments, in originating loans and in attracting deposits. Competition in originating loans emerges principally from other domestic and foreign banks, mortgage banking companies, consumer finance companies, insurance companies and other lenders and purchasers of loans.

The banking industry is moving towards consolidation, creating larger and stronger banks with which the Issuer must compete. BPER Group cannot assure that this increased competition will not adversely affect its growth prospects, and consequently, its operations. Furthermore, the Group also faces competition from non-bank competitors that provide banking services, which activity is not as regulated and subject to the scrutiny under existing banking laws and regulations.

In addition, downturns in both the global and Italian economy could add to this pressure through increased price competition and lower transaction volumes.

If the Issuer is unable to compete with competitors' products and service offerings and retaining and strengthening customer relationships it may lose existing and/or potential business, lose its current market share or incur losses in some

or all of its activities or fail to attract new deposits or retain existing deposits, which could have a material adverse effect on the Group's operating results, financial condition and prospects.

Impact of events that are difficult to anticipate

The Issuer's earnings and business are affected by general economic conditions, the performance of financial markets, interest rate levels, currency exchange rates, changes in laws and regulations, changes in the policies of central banks, particularly the Bank of Italy and the European Central Bank (ECB), and competitive factors, at a regional, national and international level. Each of these factors can change the level of demand for the Issuer's products and services, the credit quality of borrowers and counterparties, the interest rate margin of the Issuer between lending and borrowing costs and the value of the Issuer's investment and trading portfolios.

Risks associated with the new coronavirus (Covid-19) pandemic

The World Health Organization ("WHO") declared a global emergency on 30 January 2020 with respect to the outbreak in 2019 of novel coronavirus (Covid-19) which emerged in Wuhan, China. The WHO subsequently characterised it as a pandemic on 11 March 2020. The outbreak has spread throughout Asia, Europe and the Middle East and there have been cases of Covid-19 throughout the world (including Brazil, Canada, United States, among others), causing companies and various international jurisdictions to impose restrictions, such as quarantines, closures, cancellations and travel restrictions. The entire national and international scenario has been severely affected by such restrictions. The pandemic significantly affected the markets, globally and locally, from a systemic standpoint, and lead to sharp declines in the gross domestic product (GDP) of several States (including Italy). Although the effects of the pandemic are expected to be temporary, the duration of the business disruptions internationally and related financial impact cannot be reasonably estimated at this time. Similarly, we cannot estimate whether or to what extent this outbreak and potential financial impact may extend to States outside of those currently impacted. Such circumstances originated a general uncertainty and the full extent of its adverse impacts is not entirely foreseeable at the moment. Notwithstanding, it is expected that the pandemic will continue to have an overall negative impact on the markets, market players and States in 2021. The severe restrictive measures put in place by the relevant States in order to contain the spread of the outbreak, including lockdowns which lasted for several weeks and moratoriums on the repayments of loans, have had a highly significant across-the-board impact on economic activity and value-chains.

The Group acted promptly in response to the pandemic, adopting a number of actions to deal with the critical context and to mitigate the related risks, and implemented the measures introduced by the Italian lawmaker. However, the emergency associated with the Covid-19 pandemic and the consequent significant change in the current and future macroeconomic, financial and legal context had, has and will continue to have a substantial effect on the economic and financial dynamics of BPER Group. It could also lead to negative effects on the activity and prospects as well as on the economic and financial situation of the Issuer and the Group. The Group's activity may be adversely affected, as higher operating costs, lower fee earnings, credit losses, compliance and corporate governance challenges and a compression of net interest income can be expected. Therefore, no assurance can be given that the outbreak will not have a material adverse impact on the Issuer and the Group's business and financial performance.

If the Covid-19 pandemic continues to negatively affect the global economy and/or adversely affect the business, financial condition, liquidity or results of operations of the Group, it may also increase the likelihood and/or magnitude of other risks described in this "Risk Factors" section.

The future impact of the outbreak is still highly uncertain and its final magnitude cannot be predicted. The extent of the impact will depend on future developments, including actions taken to contain Covid-19 and the effects of ongoing immunisation programmes implemented by the relevant States. The paramount concern in 2021 and 2022 lies in a resurgence of the pandemic. The surge of more resistant variants of the virus to vaccines is a potential obstacle to a resumption of economic normality, accompanied by the operational risks related to the production, distribution and inoculation of the vaccine and reluctance of sectors of the population as regards their efficacy. Moreover, differences in access of populations to vaccines can trigger false starts regarding the reopening of economies and require extensions of the period of social distancing, augmenting uncertainties and insecurities faced by households, companies and politicians.

Interest rate fluctuation Risk

Interest rate risk represents the potential impact of unexpected changes in market rates on current profits and the equity value of the Group. Interest rate risk can materialize itself into (i) income risk; and/or (ii) investment risk. Income risk derives from the possibility that an unexpected change in interest rates may reduce net interest income, being the difference between interest received and interest paid. Investment risk derives from the possibility that adverse changes in the value of assets, liabilities and off-balance sheet instruments held by the Bank, following changes in interest rates, may destabilise the equilibrium of the balance sheet.

Fluctuations in interest rates influence the financial performance of BPER Group. The results of the Group's banking operations are affected by its management of interest rate sensitivity and, in particular, changes in market interest rates.

Interest rate sensitivity refers to the relationship between changes in market interest rates and changes in net interest income. A mismatch of interest-earning assets and interest-bearing liabilities in any given period, which tends to accompany changes in interest rates, may have a material effect on the BPER Group's business activity, financial performance and condition, asset value, and/or results of operations.

Changes in interest rate levels, yield curves and spreads may affect the Group's lending and deposit spreads. Rising interest rates in line with the yield curve can increase the BPER Group's cost of funding at a higher rate than the yield on its assets due, for example, to a mismatch in the maturities of its assets and liabilities that are sensitive to interest rate changes or a mismatch in the degree of interest rate sensitivity of assets and liabilities with similar maturities. At the same time, decreasing interest rates can also reduce the yield on the BPER Group's assets at a rate, which may not correspond to the decrease in the cost of funding.

In addition, in recent years, the Italian banking sector has been characterised by increasing competition, which, together with the low level of interest rates, has caused a sharp reduction in the difference between borrowing and lending rates, and has made it difficult for the BPER Group to maintain positive growth trends in interest rate margins.

Business Concentration Risk

The Issuer's key market geographically is the Emilia Romagna region, where the Issuer has historically operated and where the majority of its branches are currently located.

Risks arising from changes in credit quality and the recoverability of loans and amounts due from counterparties are inherent in a wide range of the Issuer's businesses. Adverse changes in the credit quality of the Issuer's borrowers and counterparties (as mentioned above), particularly concentrated in the Emilia Romagna region or a general deterioration in either the Italian or global economic conditions, or arising from systemic risks in the financial system, could affect the recoverability and value of the Issuer's assets and require an increase in the Issuer's impairment provision for bad and doubtful debts and other provisions.

Risks connected to a potential credit rating downgrade

BPER is rated by (i) Moody's France SAS ("**Moody's**"), and (ii) Fitch Ratings Ireland Limited (Italian branch) ("**Fitch**") which are established in the European Union and registered under Regulation (EC) No. 1060/2009 on credit rating agencies, (as amended) (the "**CRA Regulation**") as set out in the list of credit rating agencies registered in accordance with the CRA Regulation published on the website of the European Securities and Markets Authority pursuant to the CRA Regulation.

Credit ratings affect the cost and other terms upon which the BPER is able to obtain funding. Any downgrade of the Issuer's credit rating (for whatever reason) might result in higher funding and refinancing costs, and require the Issuer to post additional collateral or take other actions under some of its derivative and other contracts, and could limit the Issuer's access to capital markets and adversely affect its commercial business. In addition, a downgrade of the Issuer's rating may limit the Issuer's opportunities to extend mortgage loans and may have a particularly adverse effect on the Issuer's image as a participant in the capital markets, as well as in the eyes of its clients. These factors may have an adverse effect on the Issuer's financial condition and/or the results of its operations and, therefore, on the rating assigned to the Notes where applicable.

There is no assurance that the rating agencies will maintain the current ratings or outlooks. The future evolution of the Issuer's ratings is deeply connected to, among others, the macroeconomic status quo, the rating of the Italian Government debt, the impact of the Covid-19 pandemic on asset quality, profitability, and capital of the Issuer.

Risks associated with general economic, financial and other business conditions

The results of the BPER Group are affected by the macroeconomic conditions and trends in the financial markets in general as well as by the economic condition in Italy in particular. During recessionary periods, there may be less demand for loan products and a greater number of the BPER Group's customers may default on their loans or other obligations. Interest rate rises may also have an impact on the demand for mortgages and other loan products. Fluctuations in interest rates and in ratings in the Eurozone and in the other markets in which the BPER Group operates influence its performance.

Among others, the macroeconomic framework could be influenced by: (i) new international trade policies; (ii) global geopolitical tensions (including recent developments in connection with the trade disputes between the United States and China and the related protectionist initiatives that have been introduced and the withdrawal of US troops from Afghanistan); (iii) residual uncertainty about the withdrawal of the UK from the EU ("**Brexit**"), effective from midnight on 31 December 2020, which will be governed by an agreement reached only in extremis by the two counterparties; (iv) future developments of the European Central Bank's ("**ECB**") monetary policy in the Euro area, the Federal Reserve system in the Dollar area, and the policies implemented by other countries aimed at promoting competitive devaluations

of their currencies; (v) the sustainability of the sovereign debt of certain countries and related recurring tensions on the financial markets; and (vi) the volatile trend in the price of oil.

Alongside the international macroeconomic situation, there are also specific risks associated with the current economic, financial and political conditions in Italy. Italy is the main country in which the Issuer operates, therefore, its business is particularly sensitive to investor perception of the country's reliability and solidity of its financial condition as well as prospects for its economic growth.

Rising market tensions might negatively affect the funding costs and economic outlook of some EU member states. This, together with the risk that one or more EU member States deciding either (i) to hold referenda as to their membership of the EU or (ii) in the case of EU Member States that adopted the Euro as their national currency, to adopt an alternative currency. A potential collapse of the Eurozone could lead to the deterioration of the EU's economic and financial situation with a significant negative effect on the entire financial sector, creating new difficulties in the granting of sovereign loans and loans to businesses, and significant changes to financial activities both at market and retail level. The materialization of these risks could have a significant adverse impact on global economic conditions and the stability of international financial markets and a material and negative impact on BPER Group and/or on BPER Group's clients, with negative implications for BPER Group's business, results and financial position.

Lingering market tensions might affect negatively the global economy and hamper the recovery of the Euro area. Moreover, the tightening fiscal policy by some countries (including the Republic of Italy) might weigh on households disposable income and on corporate profits with negative implications for the BPER Group's business, results and financial position.

On 31 January 2020, the UK formally left the EU. The withdrawal process encompassed the conclusion of an EU-UK Trade and Cooperation Agreement, which was ratified by the EU Council in 29 April 2021. This agreement does not create a detailed framework to govern the cross-border provision of regulated financial services from the UK into the EU and from the EU into the UK. The withdrawal agreement entered into by the EU and the UK ensures there is a statute book in the UK, however, the Treaty on the European Union and the Treaty on the Functioning of the European Union have ceased to apply to the UK. Furthermore, there remain significant uncertainties with regards to the political and economic outlook of the UK and the EU.

At the date of the Base Prospectus, it remains unclear whether Italy and some European economies will be able to make a significant, structural turnaround over the medium to long term. Any further deterioration of the Italian economy would have a material adverse effect on the BPER Group's business, in light of the BPER Group's significant exposure to the Italian economy.

In June 2020, the European Central Bank's (ECB) to contain the economic impacts of the spread of the Covid-19 pandemic enacted a series of monetary policies and supervision measures. In particular, its Pandemic Emergency Purchase Program (PEPP) came into force with the scope of lowering borrowing costs and increasing the lending activity in the Euro area. The ECB will terminate net asset purchases under the PEPP once it judges that the Covid-19 crisis is over, but in any case not before the end of March 2022. In addition, through its Targeted Longer-Term Refinancing Operations (TLTRO-III) the ECB improved liquidity in the markets and bank funding with longer maturities and an interest rate of up to 50 bps lower than the interest rate on the standing deposit facility. The adoption of, among others, these measures by the ECB has contributed to ease tensions, limiting the refinancing risk for the banking system and leading to a tightening of credit spreads. The possibility that the European Central Bank could halt or reconsider the current set up of unconventional measures, as recent developments have shown, would impact negatively the value of sovereign debt instruments. This would have a materially negative impact on the BPER Group's business, results and financial position.

Despite the several initiatives of supranational organisations to deal with the heightened sovereign debt crisis in the Euro area, the global markets remain characterised by high uncertainty and volatility. Any further acceleration of the European sovereign debt crisis is likely to significantly affect, among other things, the recoverability and quality of the sovereign debt securities held by the BPER Group as well as the financial resources of the BPER Group's clients holding similar securities. The occurrence of any of the above events may cause the BPER Group to suffer losses, increases in funding costs and a diminution in the value of its assets, with a potential adverse effect on the BPER Group liquidity, financial position and results of transactions including its ability to access the capital and financial markets and to refinance debt in order to meet its funding requirements.

Protracted market declines and reduced liquidity in the markets

Protracted adverse market movements, particularly the decline of asset prices, can reduce market activity and market liquidity. These developments can lead to material losses if the BPER Group cannot close out deteriorating positions in a timely manner.

In addition, protracted or steep declines in the share capital or bond markets in Italy and elsewhere may adversely affect the BPER Group's securities activities and its asset management services, as well as its investments in and sales of products linked to the performance of financial assets.

During recessionary periods, there may be less demand for loan products and a greater number of the BPER Group's customers may default on their loans or other obligations. The rise in interest rates may also have an impact on the demand for mortgages and other loan products. In addition, the continued liquidity crisis in other affected economies may create difficulties for the BPER Group's borrowers to refinance or repay loans to the BPER Group's loan portfolio and potentially increase the BPER Group's non-performing loan levels.

BPER Group's access to liquidity could be damaged by the inability of the Issuer and/or BPER Group to access the debt market, including also the forms of borrowing from retail customers, thus compromising compliance with prospective regulatory requirements, with consequent negative effects on the operating results and capital and/or financial position of the Issuer and/or the Group.

Sudden changes in market conditions (interest rates and creditworthiness in particular) can have significant effects on the time to sell, including but not limited to high-quality assets. Significant liquidity shortages, and the consequent need to liquidate high-quality assets in large volumes, may change market conditions. In addition to this, the consequences of a possible decline of the price of the securities held could make it difficult to ensure that the securities can be easily liquidated under favourable economic terms.

The prolonged global economic crisis may weaken the economic recovery, partly as a consequence of the exit strategies to be implemented by the EU and the United States on withdrawal of the assistance granted in recent years to assure the liquidity and stability of the financial system. In this case, the economic and financial position of the BPER Group might suffer further adverse consequences.

2. Risks relating to the Issuer's business activities and industry

Issuer's business activities

As a credit institution, the Issuer is exposed to the typical risks associated with the business of a financial intermediary such as credit risk, market risk, interest rate risk, liquidity and operational risks, in addition to a series of other risks typical to such businesses including strategic risk, legal risk, tax and reputational exposure.

Credit risk relates to the risk of loss arising from counterparty default (in particular, recoverability of loans) or in the broadest sense, from a failure to perform contractual obligations, including on the part of any guarantors.

The Issuer's business depends to a substantial degree on the creditworthiness of its customers. The Issuer is exposed to normal lending risks and thus may not, for reasons beyond its control (such as, for example, fraudulent behaviour of customers), have access to all relevant information regarding any particular customer, their financial position, or their ability to pay amounts owed or repay amounts borrowed. Any failure by its customers to accurately report their financial and credit position or to comply with the terms of their agreements or other contractual provisions could have an adverse effect on the Issuer's business and financial results.

Market risk relates to the risk arising from market transactions in connection with financial instruments, currencies and commodities. The Issuer's trading revenues and the extent of exposure to the interest rate risk are dependent upon its ability to effectively identify changes in the value of financial instruments caused by fluctuations in market prices or interest rates. The Issuer's financial results are also dependent upon how effectively the Issuer determines and assesses the cost of credit and manages its own credit risk through portfolio diversification.

Interest rate risk refers to the possibility of the Issuer incurring losses as a result of a poor performance in market interest rates.

Liquidity risk relates to the Issuer's ability or lack thereof to meet cash disbursements in a timely and economic manner. It is quantified as the additional cost arising from asset sales and/or negotiation of new liabilities incurred by the intermediary when required to meet unexpected commitments by way of recourse to the market. The activity of the Group may be negatively affected by the availability of liquidity in both the institutional and retail markets. The Group also borrows from the ECB. Accordingly, any adverse change to the ECB's lending policy or funding requirements, including changes to the criteria to identify the asset classes that can be accepted by the ECB as collateral for calculating the value of such assets could affect the Group's results of operations, business and financial condition.

3. Risks related to the legal and regulatory environment of the Issuer

Risks connected to recent ECB guidance on NPL provisioning

The ECB has published on 20 March 2017 its final guidance on non-performing loans (“NPLs”) as amended and supplemented in March 2018 for NPLs classified as such after 1 April 2018. It outlines measures, processes and best practices which banks should incorporate when tackling NPLs. The ECB expects banks to fully adhere to the guidance in line with the severity and scale of NPLs in their portfolios. In addition, on 15 March 2018, the ECB published an addendum to the ECB guidance to banks on NPLs. The addendum supplements the qualitative guidance on NPLs dated 20 March 2017 and specifies the ECB’s supervisory expectations for prudent levels of provisions for new NPLs.

The guidance calls on banks to implement realistic and ambitious strategies to work towards a holistic approach regarding the problem of NPLs. This includes areas such as governance and risk management. For instance, banks should ensure that managers are incentivised to carry out NPL reduction strategies. This should also be closely managed by their management bodies. The ECB does not stipulate quantitative targets to reduce NPLs. Instead, it asks banks to devise a strategy that could include a range of policy options such as NPL work-out, servicing, and portfolio sales.

The guidance is applicable as of its date of publication and is currently non-binding in nature. However, banks should explain and substantiate any deviations upon supervisory request. This guidance is taken into consideration in the Single Resolution Mechanism regular supervisory review and evaluation process and non-compliance may trigger supervisory measures. To this end, the new EU Regulation no. 2019/630 of the European Parliament and of the Council of 17 April 2019 amending Regulation (EU) No. 575/2013 as regards minimum loss coverage for non-performing exposures has been recently adopted and introduces a "statutory prudential backstop" to prevent the risk of under provisioning of future NPLs. These recently introduced banking reforms as well as other laws and regulations that may be adopted in the future could adversely affect the Issuer's business, financial condition, results of operations and cash flow.

Evolving regulatory environment

As a bank, BPER operates in a highly regulated industry, and the laws and regulations applicable to BPER are subject to various and constant changes.

The Issuer's business is subject to a wide range of regulations among which Italian domestic and European Union legislation relating to the financial and banking sectors and is subject to extensive supervision by the Bank of Italy, CONSOB (the public authority responsible for regulating the Italian securities market), the European Central Bank and the European System of Central Banks.

The Issuer has as its corporate object the raising of funds for investment and the provision of credit in its various forms. The laws and regulations applicable to BPER Group govern the activities in which banks may engage and are designed to ensure financial stability, sound and prudent management of banks and other entities in banking groups, and to limit their exposure to risk. In addition, BPER must also comply with laws and regulations regarding financial services, such as those governing the marketing distribution and sales of financial products and services.

The competent supervisory authorities regulate and supervise various aspects of the Issuer's business activities, including (inter alia) liquidity levels and capital adequacy, minimum requirement for own funds and eligible liabilities, the prevention of money laundering and data protection, while ensuring transparency and proper conduct in relations with customers and compliance with records keeping and reporting obligations.

Regulators and supervisory authorities are taking an increasingly strict approach to regulations and their enforcement that may not be to the Issuer’s benefit. In addition, the interpretation and the application by regulators of the laws and regulations to which the Group is subject may also change from time to time. A breach of any regulations by the Issuer could lead to intervention by supervisory authorities and the Issuer could come under investigation and surveillance, and be involved in judicial or administrative proceedings. The Issuer may also become subject to new regulations and guidelines that may require additional expenditures, investments in systems and people and compliance with which may place additional burdens or restrictions on the Issuer.

In particular, legislative or regulatory alterations encompassing higher prudential standards, in particular with respect to capital and liquidity, could impose a significant regulatory burden on the Issuer or on its Group and could limit the Group’s ability to distribute capital and liquidity. As a result, such alterations may have a significant impact on the Issuer by, among others, requiring the Issuer to maintain a greater proportion of its assets in highly liquid but lower-yielding financial instruments, which can negatively affect its interest margin.

No assurance can be given that laws and regulations will be adopted, enforced or interpreted in a manner that will not have an adverse effect on the business, financial condition, cash flows and results of operations of the BPER Group. Investors should consult their own advisers as to the consequences for them of the application of the above regulations as implemented by each Member State.

Bank Recovery and Resolution Directive

On 2 July 2014, the directive providing for the establishment of an EU-wide framework for the recovery and resolution of credit institutions and investment firms (Directive 2014/59/EU) (the "**Bank Recovery and Resolution Directive**" or "**BRRD**") entered into force. The BRRD is designed to provide competent authorities with a credible set of tools to intervene sufficiently early and quickly in an unsound or failing institution so as to ensure the continuity of the institution's critical financial and economic functions, while minimising the impact of an institution's failure on the economy and financial system.

The BRRD contains four resolution tools and powers which may be used alone or in combination where the relevant resolution authority considers that (a) an institution is failing or likely to fail, (b) there is no reasonable prospect that any alternative private sector measures would prevent the failure of such institution within a reasonable timeframe, and (c) a resolution action is in the public interest:

- sale of business - which enables resolution authorities to direct the sale of the firm or the whole or part of its business on commercial terms;
- bridge institution - which enables resolution authorities to transfer all or part of the business of the firm to a "bridge institution" (an entity created for this purpose that is wholly or partially in public control);
- asset separation - which enables resolution authorities to transfer all assets to one or more publicly owned asset management vehicles to allow them to be managed with a view to maximising their value through eventual sale or orderly wind-down (this can be used together with another resolution tool only); and
- bail-in - which gives resolution authorities the power to write down certain claims of unsecured creditors (including, *inter alia*, the Senior Preferred Note, the Senior Non-Preferred Notes and the Subordinated Notes) of a failing institution and to convert certain unsecured debt claims (including, *inter alia*, the Senior Preferred Notes, Senior Non-Preferred Notes and the Subordinated Notes) to equity (the "**General Bail-in Tool**"), which equity could also be subject to any future application of the General Bail-in Tool.

The BRRD also provides for a Member State as a last resort, after having assessed and exhausted the above resolution tools (including the bail-in tool) to the maximum extent possible whilst maintaining financial stability, to be able to provide extraordinary public financial support through additional financial stabilisation tools. These consist of the public entity support and temporary public ownership tools. Any such extraordinary financial support must be provided in accordance with the EU state aid framework and the BRRD.

An institution will be considered as failing or likely to fail when: (i) it is, or is likely in the near future to be, in breach of its requirements for continuing authorisation; (ii) its assets are, or are likely in the near future to be, less than its liabilities; (iii) it is, or is likely in the near future to be, unable to pay its debts or other liabilities as they fall due; or (iv) it requires extraordinary public financial support (except in limited circumstances).

In addition to the General Bail-in Tool, the BRRD provides for resolution authorities to have the further power to permanently write-down or convert into equity Tier 1 and Tier 2 capital instruments (such as the Subordinated Notes) at the point of non-viability and before (or simultaneously), any other resolution action is taken ("**Non-Viability Loss Absorption**"). Any shares issued to holders of such capital instruments upon any such statutory conversion into equity may also be subject to any application of the General Bail-in Tool, which may result in cancellation or dilution of the shareholding. For the purposes of the application of any Non-Viability Loss Absorption measure, the point of non-viability under the BRRD is the point at which the relevant authority determines that the institution or, under certain circumstances, the group meets the conditions for resolution (but no resolution action has yet been taken) or that the institution or, under certain conditions, the group will no longer be viable unless the relevant capital instruments are written-down or converted or extraordinary public support is to be provided and without such support the appropriate authority determines that the institution or, under certain conditions, the group would no longer be viable.

Any application of the general bail-in tool and non-viability loss absorption under the BRRD shall be in accordance with the hierarchy of claims in normal insolvency proceedings. Accordingly, the impact of such application on the Noteholders will depend on their ranking in accordance with such hierarchy, including any priority given to other creditors such as depositors. Therefore, also in a non-bankruptcy scenario, in case of application of the bail-in tool, the Senior Preferred Notes, Senior Non-Preferred Notes and the Subordinated Notes might be written down to zero, or converted to equity, without the prior consent of the relevant Noteholders.

The BRRD has been implemented in Italy through the adoption of two Legislative Decrees by the Italian Government. In particular, Legislative Decrees Nos. 180/2015 and 181/2015 implementing the BRRD in Italy (the "**BRRD Implementing Decrees**") were published in the Italian Official Gazette (*Gazzetta Ufficiale*) on 16 November 2015. Legislative Decree No. 180/2015 is a stand-alone law, which implements the BRRD in Italy, while Legislative Decree No. 181/2015 amends the Legislative Decree No. 385 of 1 September 1993 and deals principally with recovery plans, early intervention and changes to the creditor hierarchy. The BRRD Implementing Decrees entered into force on 16

November 2015, save for: (i) the bail-in tool, which applied from 1 January 2016; and (ii) the "depositor preference" to deposits other than those protected by the deposit guarantee scheme and those of individuals and small and medium enterprises, which applied from 1 January 2019.

In the context of these resolution tools, the resolution authorities have the power to amend or alter the maturity of debt instruments and other eligible liabilities issued by an institution under resolution or amend the amount of interest payable under such instruments and other eligible liabilities, or the date on which the interest becomes payable, including by suspending payment for a temporary period, except for those secured liabilities which are subject to Article 44(2) of the BRRD.

In addition, because (i) Article 44(2) of the BRRD excludes certain liabilities from the application of the General Bail-In Tool, and (ii) the BRRD provides, at Article 44(3), that the resolution authority may partially or fully exclude certain further liabilities from the application of the General Bail-In Tool, the BRRD specifically contemplates that *pari passu* ranking liabilities may be treated unequally. Accordingly, holders of Senior Notes and Subordinated Notes may be subject to write-down/conversion upon an application of the General Bail-In Tool while other Series of Senior Notes or, as appropriate, Subordinated Notes (or, in each case, other *pari passu* ranking liabilities) are partially or fully excluded from such application of the General Bail-In Tool. Further, although the BRRD provides a safeguard in respect of shareholders and creditors upon application of resolution tools, Article 75 of the BRRD sets out that such protection is limited to the incurrence by shareholders or, as appropriate, creditors, of greater losses as a result of the application of the relevant tool than they would have incurred in a winding up under normal insolvency proceedings. It is therefore possible not only that, in circumstances in which Senior Notes or Subordinated Notes have been partially or fully written-down/converted into equity capital instruments on an application of the General Bail-In Tool, the claims of other holders of junior or *pari passu* liabilities may have been excluded from the application of the General Bail-In Tool and therefore the holders of such claims may receive a treatment which is more favourable than that received by holders of the relevant Notes, but also that the safeguard referred to above does not apply to ensure equal (or better) treatment compared to the holders of such fully or partially excluded claims because the safeguard is not intended to address such possible unequal treatment but rather to ensure that shareholders or creditors do not incur greater losses in a bail-in (or other application of a resolution tool) than they would have received in a winding up under normal insolvency proceedings.

Also, Article 108 of the BRRD requires that Member States modify their national insolvency regimes such that deposits of natural persons and micro, small and medium sized enterprises in excess of the coverage level contemplated by deposit guarantee schemes created pursuant to Directive 2014/49/EU have a ranking in normal insolvency proceedings which is higher than the ranking which applies to claims of ordinary, unsecured, non-preferred creditors, such as holders of Senior Notes. In addition, the BRRD does not prevent Member States, including Italy, from amending national insolvency regimes to provide other types of creditors, with rankings in insolvency higher than ordinary, unsecured, non-preferred creditors. Legislative Decree No. 181/2015 has amended the creditor hierarchy in the case of admission of Italian banks and investment firms to liquidation proceedings (and therefore the hierarchy which will apply in order to assess claims pursuant to the safeguard provided for in Article 75 of the BRRD as described above), by providing that, as from 1 January 2019, all deposits other than those protected by the deposit guarantee scheme and excess deposits of individuals and small and medium sized enterprises will benefit from priority over senior unsecured liabilities, though with a ranking which is lower than that provided for deposits of individuals and small and medium sized enterprises exceeding the coverage limit of the deposit guarantee scheme. This means that, as from 1 January 2019, significant amounts of liabilities in the form of large corporate and interbank deposits which under the national insolvency regime in force prior to such date in Italy ranked *pari passu* with Senior Preferred Notes, will rank higher than Senior Preferred Notes in normal insolvency proceedings and therefore that, on application of the General Bail-In Tool, such creditors will be written-down/converted into equity capital instruments only after Senior Preferred Notes. Therefore, the safeguard set out in Article 75 of the BRRD (referred to above) would not provide any protection to specific Italian banks' counterparties since, as noted above, Article 75 of the BRRD only seeks to achieve compensation for losses incurred by creditors which are in excess of those which would have been incurred in a winding-up under normal insolvency proceedings.

On 28 December 2017, Directive (EU) 2017/2399, amending the BRRD as regards the ranking of unsecured debt instruments in insolvency hierarchy (the "**BRRD Amending Directive**") entered into force. The BRRD Amending Directive requires Member States to create a new class of the so-called "senior non-preferred" debt instruments which would rank just below the most senior debt and other senior liabilities for the purposes of liquidation, while still being part of the senior unsecured debt category (only as a lower tier of senior debt) and that will be eligible to meet MREL and TLAC requirements. The new creditor hierarchy will not have a retroactive effect and will only apply to new issuances of bank debts. In this regard, the Italian Law No. 205/2017, approved by the Italian Parliament on 27 December 2017, contains the implementing provisions pertaining to "non-preferred" senior debt instruments.

Legislative Decree No. 181/2015 has also introduced strict limitations on the exercise of the statutory rights of set-off normally available under insolvency laws, in effect prohibiting set-off by any creditor in the absence of an express agreement to the contrary. Since each holder of Subordinated Notes, Senior Non-Preferred Notes and, in circumstances where the waiver is selected (as applicable in the relevant Final Terms), the Senior Preferred Notes will have expressly waived any rights of set-off, counterclaim, abatement or other similar remedy which it might otherwise have, under the

laws of any jurisdiction, in respect of such Senior Notes or Subordinated Notes, it is clear that the statutory right of set-off available under Italian insolvency laws will likewise not apply.

The amendments introduced to the BRRD by the BRRD Amending Directive create a new category of unsecured debt in bank creditors' insolvency ranking. It establishes an EU harmonised approach on the priority ranking of bank bondholders in insolvency and in resolution. The agreement on the harmonised rules on the priority ranking of bank bondholders in insolvency and in resolution facilitates a more efficient path towards banks' compliance with the TLAC standard (for G-SIBs) that should apply from 2019 onwards, as agreed in the Financial Stability Forum. In addition, by providing greater legal certainty for both issuers and investors and reducing the risk of legal challenges, these harmonised rules will facilitate the application of the bail-in tool in resolution.

Legislative Decree No. 30 of 15 February 2016 (largely in force as of 9 March 2016) implemented in Italy the revised Deposit Guarantee Schemes Directive in Italy (the "**Decree No. 30**"). The Decree amends the Consolidated Banking Act and: (i) establishes that the maximum deposit guaranteed amount is € 100,000, which has been harmonised by the Deposit Guarantee Schemes Directive and is applicable to all deposit guarantee schemes; (ii) lays down the minimum financial budget that national guarantee schemes should have; (iii) details intervention methods of the national deposit guarantee schemes; and (iv) harmonises the methods of reimbursement to depositors in case of insolvency of a credit institution.

The BRRD also requires institutions to meet, at all times, robust minimum requirements of own funds and liabilities eligible for bail-in expressed as a percentage of the total liabilities and own funds of the institution (i.e. "Minimum Requirement for Own Funds and Eligible Liabilities" - **MREL**). MREL represents one of the key tools to improve banks' resolvability, allowing resolution authorities to maintain critical functions and restore a bank's capital position after resolution. This MREL requirement should ensure that shareholders and creditors bear losses regardless of which resolution tool is applied. The resolution authority, after consulting with the relevant competent authority, will set the MREL for the relevant institution based on the assessment criteria identified by the EBA in its regulatory technical standards (RTS), pursuant to Article 45. Article 7(1) of EBA final RTS on criteria for determining MREL requires resolution authorities to ensure that MREL is sufficient to allow the write down or conversion of an amount of own funds and qualifying eligible liabilities at least equal to the sum of the loss absorption amount and the recapitalisation amount, subject to certain considerations. The resolution authority has discretion to allow BRRD institutions to meet part of their MREL obligations through "contractual bail-in instruments". The BRRD does not foresee an absolute minimum, but attributes the competence to set a minimum amount for each bank to national resolution authorities (for banks not being part of the Banking Union) or to the Single Resolution Board (the "**SRB**") for banks being part of the Banking Union. The EBA has issued final draft regulatory technical standards which further define the way in which resolution authorities/the SRB shall calculate MREL, as further implemented by European Commission adopted Commission Delegated Regulation (EU) 2016/1450, see below.

On 23 May 2016, the European Commission adopted Commission Delegated Regulation (EU) 2016/1450 supplementing BRRD that specifies the criteria, which further define the way in which resolution authorities/the SRB shall calculate MREL, as described in Article 45(6) of the BRRD, which entered into force on 23 September 2016. Article 8 of the aforementioned regulation provides that resolution authorities may determine an appropriate transitional period for the purposes of meeting the full MREL requirement. On 19 July 2016, the EBA launched a public consultation on its interim report on the implementation and design of the MREL. On 23 November 2016, the European Commission presented the EU Banking Reform, which introduces a number of proposed amendments to the BRRD. In particular, it was proposed that the MREL – which should be expressed as a percentage of the total risk exposure amount and of the leverage ratio exposure measure of the relevant institution – should be determined by the resolution authorities at an amount to allow banks to absorb losses expected in resolution and recapitalise the bank post-resolution. In addition, it was proposed that resolution authorities may require institutions to meet higher levels of MREL in order to cover losses in resolution that are higher than those expected under a standard resolution scenario and to ensure a sufficient market confidence in the entity post-resolution. It is currently envisaged that in the event of any shortfall of complying with the MREL requirement the competent resolution authority shall have the power to prohibit the institution from distributing more than the maximum distributable amount related to the minimum requirement for own funds and eligible liabilities (so-called "**MMDA**").

For banks which are not included in the list of G-SIBs, liabilities that satisfy the requirements set forth in the EU Banking Reform and do not qualify as CET1, Tier 1 or Tier 2 instruments, shall qualify as eligible liabilities for the purpose of MREL, unless they fall into any of the categories of excluded liabilities. The SRB, together with the national resolution authorities ("**NRAs**"), started to develop its MREL approach in 2016. The preliminary approach consisted of informative targets that sought to enable banks to prepare for their future MREL requirements. The SRB is further enhancing its gradual MREL multi-year policy, and in 2017 introduced binding requirements and started to address both quantity and quality of MREL with bank specific features. During 2017, the SRB developed its MREL policy, starting to develop binding targets for major banking groups. Considering the need to address the specificities of the most complex groups in more detail, the SRB split the 2018 resolution planning cycle in two waves. The first started in January 2018 to allow the banks that did not have binding targets – for instance those with no presence outside the Banking Union – to be addressed first based on an MREL policy largely following the 2017 approach and published on 20 November 2018. For

the second wave of resolution plans, covering the most complex banks, an enhanced MREL policy was published on 16 January 2019.

In June 2019 the SRB published an update to its 2018 MREL policy in light of the publication of the Banking Package (CRR-II/CRD-V/BRRD-II/SRMR-II) in the Official Journal of the EU on 7 June 2019. This was followed by an overall updated MREL Policy under the Banking Package (BRRD-II/SRMR-II) published on 20 May 2020, which covers: (a) MREL requirements for Global Systemically Important institutions (G SIIIs); (b) changes to the calibration of MREL, including introducing MREL based on the leverage ratio; (c) changes to the quality of MREL (subordination); (d) dedicated rules for certain business models, such as cooperatives, and for resolution strategies, such as multiple point of entry (MPE); (e) Provisions on internal MREL; (f) Clarifications on third-country issuances; and (g) how these changes will be phased in.

MREL decisions implementing the new framework were based on the MREL Policy under the Banking Package in the 2020 resolution planning cycle. The decisions were communicated to institutions in the beginning of 2021. These decisions replaced those issued under the previous legal framework. Each new decision will set out two binding MREL targets, including those for subordination: the binding intermediate target to be met by 1 January 2022 and the fully calibrated MREL (final target) to be met by 1 January 2024.

On 7 June 2019, as part of the contemplated amendments to the BRRD, Single Resolution Mechanism and Single Resolution Fund Regulation (EU) No. 806/2014, Regulation (EU) No. 575/2013 of the European Parliament and of the Council of 26 June 2013 on prudential requirements for credit institutions and investment firms ("**CRR**") and Directive 2013/36/EU of the European Parliament and of the Council of 26 June 2013 on access to the activity of credit institutions and the prudential supervision of credit institutions and investment firms ("**CRD IV**"), the following legislative texts have been published in the EU's Official Journal:

- (i) Directive (EU) 2019/878 of the European Parliament and of the Council of 20 May 2019 amending the Capital Requirements Directive IV as regards exempted entities, financial holding companies, mixed financial holding companies, remuneration, supervisory measures and powers and capital conservation measures (the "**CRD V**" and, together with BRRD II, SRM II Regulation, CRR II, the "**BRRD II reforms**");
- (ii) Regulation (EU) 2019/876 of the European Parliament and of the Council of 20 May 2019 amending Regulation (EU) No 575/2013 as regards the leverage ratio, the net stable funding ratio, requirements for own funds and eligible liabilities, counterparty credit risk, market risk, exposures to central counterparties, exposures to collective investment undertakings, large exposures, reporting and disclosure requirements, and Regulation (EU) No 648/2012 ("**CRR II**");
- (iii) Directive (EU) 2019/879 of the European Parliament and of the Council of 20 May 2019 amending the Bank Recovery and Resolution Directive as regards the loss-absorbing and recapitalisation capacity of credit institutions and investment firms and Directive 98/26/EC (the "**BRRD II**"); and
- (iv) Regulation (EU) 2019/877 of the European Parliament and of the Council of 20 May 2019 amending Regulation (EU) No 806/2014 with regards to the loss-absorbing and recapitalisation capacity of credit institutions and investment firms ("**SRM II Regulation**"),

The BRRD II reforms introduced, among other things, the Total Loss-absorbing Capacity Term Sheet (the "TLAC standard") as implemented by the Financial Stability Board, by adapting the existing BRRD regime relating to the specific MREL.

The new MREL regime is aligned with TLAC standard requirements in terms of calculation of loss absorption and recapitalisation amount. The eligible liabilities under MREL are determined according to the provisions concerning the eligible liabilities under TLAC standard. This requirement may therefore have an impact on the financial performance of the BPER Group.

Article 33a of BRRD II introduces a new pre-resolution moratorium tool as a temporary measure in an early stage and new suspension powers, which the resolution authority can use within the resolution period. Any suspension of activities can, as stated above, result in the partial or complete suspension of the performance of agreements (including any payment or delivery obligation) entered into by the respective credit institution. The exercise of any such power or any suggestion of such exercise could materially adversely affect the rights of the holders of securities issued by the BPER Group, the price or value of their investment in any such security and/or the ability of the credit institution to satisfy its obligations under any such security.

On 26 January 2021, the European Commission launched a targeted public consultation on technical aspects of a new review of BRRD ("**BRRD III**"), the SRM Regulation ("**SRM III**"), and Directive 2014/49/EU of the European Parliament and of the Council of 16 April 2014 on deposit guarantee schemes ("**DGSD II**"). This public consultation was open until 20 April 2021 and split into two main sections: a section covering the general objectives of the review, and a section seeking technical feedback on stakeholders' experience with the current Covid-19 crisis and framework and the need for changes in the future framework, notably regarding (i) resolution, liquidation and other available

measures to handle banking crises, (ii) level of harmonisation of creditor hierarchy in the EU and impact on the ‘no creditor worse off’ principle, and (iii) depositor insurance. Legislative proposals for BRRD III, SRM III and DGSD II are to be tabled during the fourth quarter of 2021. The European Commission launched a general public consultation on 25 February 2021, which was open until 20 May 2021.

BPER Group’s continuous implementation of these measures may have a considerable impact on its capital and on its assets and liabilities management as new regulations may restrict or limit the type or volume of transactions in which BPER Group participates. Further introduction of new regulation may require the Group to comply with new legal requirements and standards that are not predictable by the Issuer at this time, moreover, such adaptation may lead to the Issuer incurring in additional costs deriving from potential change, adaptation or renovation of the characteristics of its services and products, internal and external control structures and/or distribution mechanisms or facilities to comply with new potential regulations. The occurrence of these events may have a negative impact on the Group’s business, performance and/or financial condition.

Furthermore, on 20 April 2021, the Italian Parliament approved delegation law (Legge di delegazione europea) 2019-2020 (the BRRD II Delegation Law), which provides for the implementation of Directive (EU) 2019/87 (the “BRRD II”) in Italy and sets forth, under Article 11, the principles for such implementation. However, the BRRD II Delegation Law does not contain specific provisions transposing Article 48(7) of BRRD II into Italian law, and it is therefore unclear how this provision will be implemented in Italy. According to Article 48(7) of BRRD II, a claim resulting from an Own Funds item shall rank lower than any claim that does not result from an Own Funds item and if an instrument is only partly recognised as an Own Funds item, the whole instrument shall be treated as a claim resulting from an Own Funds item. In other jurisdictions in the EU, such transposition requires certain instruments which are fully disqualified as Own Funds items to be treated with an improved ranking compared to any claim that results from an Own Funds item (such as Subordinated Notes). Once Article 48(7) of BRRD II is implemented in Italy, if Subordinated Notes of the Issuer were to be disqualified entirely as Own Funds items in the future, their ranking could improve compared to Subordinated Notes which at the relevant time qualify as Own Funds items (in whole or in part) and, in the event of a liquidation or bankruptcy of the Issuer, the Issuer would, *inter alia*, be required to pay subordinated creditors of the Issuer, whose claims arise from liabilities that no longer fully or partially are recognized as an Own Funds instrument in full before it can make any payments on the Subordinated Notes. Furthermore, if the Subordinated Notes are fully disqualified as Own Funds items, such Notes could not be subject to a write-down or conversion into common shares at the point of non-viability even though they would continue to be subject to bail-in, and, in the event the Issuer were to receive extraordinary financial support in accordance with the EU state aid framework and the BRRD, the burden sharing requirements of such legislation.

ECB Single Supervisory Mechanism

On 15 October 2013, the Council of the European Union adopted Council Regulation (EU) No. 1024/2013 conferring specific tasks on the ECB concerning policies relating to the prudential supervision of credit institutions (the "**SSM Regulation**") for the establishment of a single supervisory mechanism (the "**Single Supervisory Mechanism**" or "**SSM**"). From 4 November 2014, the SSM Regulation has given the ECB, in conjunction with the national regulatory authorities of the Eurozone and participating Member States, direct supervisory responsibility over “banks of systemic importance” in the Eurozone. In this respect, “banks of systemic importance” include any Eurozone bank that (i) has assets greater than €30 billion or – unless the total value of its assets is below €5 billion – greater than 20% of national gross domestic product; (ii) is one of the three most significant credit institutions established in a Member State; (iii) has requested, or is a recipient of, direct assistance from the European Financial Stability Facility or the European Stability Mechanism; and (iv) is considered by the ECB to be of significant relevance where it has established banking subsidiaries in more than one participating Member State and its cross-border assets/liabilities represent a significant part of its total assets/liabilities.

Notwithstanding the fulfilment of these criteria, the ECB, on its own initiative after consulting with national competent authorities or upon request by a national competent authority, may declare an institution significant to ensure the consistent application of high-quality supervisory standards. The Regulation (EU) No. 468/2014 of the European Central Bank of 16 April 2014 established the framework for co-operation within the Single Supervisory Mechanism between the European Central Bank and national competent authorities and with national designated authorities (the "**SSM Framework Regulation**").

The relevant national competent authorities for the purposes of the SSM Regulation and the SSM Framework Regulation continue to have supervisory responsibilities not conferred on the ECB, such as consumer protection, money laundering, payment services, and supervision over branches of third country banks. The ECB, on the other hand, is exclusively responsible for key tasks concerning the prudential supervision of credit institutions, which includes, *inter alia*, the power to: (i) authorise and withdraw the authorisation of all credit institutions in the Eurozone and in the Member States participating to the SSM; (ii) assess acquisition and disposal of holdings in other banks; (iii) ensure compliance with all prudential requirements laid down in general EU banking rules; (iv) set, where necessary, higher prudential requirements for certain banks to protect financial stability under the conditions provided by EU law; (v) ensure compliance with

robust corporate governance practices and internal capital adequacy assessment controls; and (vi) intervene at the early stages when risks to the viability of a bank exist, in coordination with the relevant resolution authorities.

The BPER Group is one of the major European banks supervised directly by the ECB. The ECB is required under the SSM Regulation to carry out a Supervisory Review and Evaluation Process (“**SREP**”) at least on an annual basis. The SREP is aimed at ensuring that institutions have in place adequate arrangements, strategies, processes and mechanisms to maintain the amounts, types and distribution of internal capital proportionate to their risk profile, as well as robust governance and internal control arrangements. The key aim of SREP is to make sure that institutions have adequate arrangements as well as capital and liquidity to allow for sound management and coverage of the risks to which they are or might be exposed, including those revealed by stress testing and risks the institution may pose to the financial system.

In order to foster consistency and efficiency of supervisory practices across the Eurozone, on 22 February 2019 the EBA published a single supervisory handbook applicable to EU Member States (the “**EBA Supervisory Handbook**”). The adoption of the EBA Supervisory Handbook relies on Article 29(2) of Regulation (EU) No 1093/2010 establishing the EBA. Whilst it is not binding nor subject to comply/explain by the resolution authorities, the EBA Supervisory Handbook is an instrument to promote convergence of approaches, practices and processes.

On 12 March 2020 in reaction to the covid-19 outbreak the ECB announced measures expected to provide capital relief to banks in support of the economy. These measures include the permission to (i) operate temporarily below the level of capital defined by Pillar 2 guidance, the “capital conservation buffer” and the liquidity coverage ratio (LCR) and (ii) bring forward the use of capital instruments that do not qualify as CET1 capital (for example Additional Tier 1 instruments and Tier 2 instruments) to meet Pillar 2 requirements.

There can be no assurance as to the result of any future SREP and whether this will impose further additional own funds requirements (or guidance) on the Issuer. The strengthening of capital adequacy requirements, restrictions on liquidity and increase in any of the liquidity coverage, net stable funding, leverage and other ratio requirements could adversely affect the Issuer’s financial condition, results of operations and cash flow.

Single Resolution Mechanism

On 19 August 2014, the Regulation (EU) No. 806/2014 establishing a Single Resolution Mechanism (the “**SRM**” and “**SRM Regulation**”, respectively) entered into force.

The SRM is operational as from 1 January 2016. There are, however, certain provisions including those concerning the preparation of resolution plans and provisions relating to the cooperation of the SRB (“**Board**”) with national resolution authorities, which entered into force on 1 January 2015.

The SRM Regulation, which complements the SSM, applies to all banks supervised by the SSM. It mainly consists of the Board and a Single Resolution Fund (the “**Fund**”).

A centralised decision-making process has been built around the Board and involves the European Commission and the Council of the European Union – which has the possibility to object to Board decisions – as well as the ECB and the national resolution authorities.

The Fund, which backs the SRM Regulation decisions mainly taken by the Board, is divided into national compartments during an eight years transitional period, as set out by an intergovernmental agreement. In 2015 banks started to pay contributions to national resolution funds that are gradually transferred into the Fund starting from 2016 (and are additional to the contributions to the national deposit guarantee schemes).

The Fund will be gradually built up during the first eight years (2016-2023) and is intended to reach the target level of at least 1 per cent. of the amount of covered deposits of all credit institutions within the Banking Union by 31 December 2023. The Fund shall not be used to absorb the losses of an institution or to recapitalize an institution.

This framework should be able to ensure that, instead of national resolution authorities, there is a single authority –the Board –, which takes all relevant decisions for the resolution of banks being supervised by the SSM and part of the Banking Union.

There are other benefits that will derive from the Banking Union. Such benefits are aimed at (a) breaking the negative feedback loop between banks and their sovereigns; (b) providing a solution to home-host conflicts in resolution; and (c) giving a competitive advantage to the banks in the Banking Union *vis-à-vis* non-Banking Union ones, due to the availability of a larger resolution fund.

The manner in which the SRM will operate is still evolving, so there remains some uncertainty as to how the SRM will affect the Group.

MiFID II/R implementation

The Directive 2014/65/EU on the markets in financial instruments ("**MiFID II**") and Regulation (EU) No. 600/2014 on markets in financial instruments, as it also forms part of UK domestic law by virtue of the European Union (Withdrawal) Act 2018, ("**MiFIR**" and together with MiFID II, "**MiFID II/R**") repealed and recast the Directive 2004/39/EC ("**MiFID**"). Together MiFID II/R form the legal framework governing the requirements applicable to investment firms, trading venues, data reporting service providers and third-country firms providing investment services in the EU. MiFID II/R, entered into force on 2 July 2014. Member States were required to adopt and publish by 3 July 2017 the measures transposing the MiFID II Directive into national law and apply those provisions (with some exceptions) from 3 January 2018.

MiFID II/R amends existing provisions on authorisation, conduct of business and organizational requirements for providers of investment services. These rules aim at strengthening the protection of investors, through the introduction of new requirements on product governance, independent investment advice and cross-selling, the extension of existing rules to structured deposits and the improvement of requirements in several areas, including on the responsibility of management bodies, inducements, information and reporting to clients, remuneration of staff and best execution. It establishes, *inter alia*, uniform requirements in relation to disclosure of trade data to the public, reporting of transactions to the competent authorities, trading of derivatives on organised venues, benchmarks and intervention powers of competent authorities, ESMA and EBA.

MiFID II/R brings much of the transparency traditional in equity markets to bond trading. MiFID II/R's regulatory regime brings into effect pre-trade transparency for bonds as well as post-trade. This will result in a significant impact on the market structure of bond markets. Bond pre-trade and post-trade transparency requirements will be calibrated for different types of bond market trading structures such as order-book, quote-driven, hybrid and periodic auction trading systems. In order to calibrate bonds correctly for MiFID II/R transparency obligations, IT systems have had to be enhanced, developed or built from scratch - a major undertaking for the industry. Banks, regulators and investors are dependent on data collected to meet MiFID II/R's commitments.

Regulation (EU) 2016/445

The ECB has repeatedly declared its intention to harmonize the options and national discretions that are embedded in the EU Banking Reform. In this respect, ECB has adopted the Regulation (EU) 2016/445 of 14 March 2016 on the exercise of options and discretions available in EU law ("**OD Regulation**"). The OD Regulation specifies certain of the options and discretions conferred on competent authorities under EU law concerning prudential requirements for credit institutions that the ECB is exercising. It shall apply exclusively with regard to those credit institutions classified as "significant" in accordance with Article 6(4) of Regulation (EU) No. 1024/2013, and Part IV and Article 147(1) of Regulation (EU) No 468/2014. The OD Regulation entered into force on 1 October 2016, with Article 13 applicable from 1 January 2019. From the OD Regulation, while taking due account of the principle of proportionality, the ECB has identified certain options and discretions which should be exercised in the same way by national competent authorities in the supervision of less significant institutions. To this end, in April 2017, the ECB published a guideline on the exercise of the options and discretions available in the EU law for less significant institutions.

Risks arising from pending legal proceedings

The Issuer operates in a legal and regulatory context that exposes it to a wide range of potential disputes related, for example, to the terms and conditions applied to customers, the nature and characteristics of the financial products and services provided, administrative irregularities, claw back actions and labour/employment lawsuits. Accordingly, the Issuer is party to a number of administrative, civil and tax proceedings as well as judicial and regulatory investigations relating to its activities as part of the ordinary course of business, the outcome of which cannot be predicted.

Although management of the BPER Group believes that the provisions that have been made in the respective financial statements are appropriate, a worse than expected outcome of any legal proceedings might cause such provisions to be insufficient to cover the BPER Group's liabilities and have a material adverse effect on the financial condition and results of operations of the BPER Group.

4. Risks related to the internal control of the Issuer

Operational risk

Operational risk relates to the risk of loss arising from shortcomings, failures, violations, errors, interruptions, damages in internal processes, people or systems, including, but not limited to IT systems on which BPER is highly dependent to perform its business activities, and from external unforeseeable events, including, but not limited to the risk of fraud by employees and third parties, unauthorised transactions by employees or operational errors, including errors resulting from faulty information technology, telecommunication systems, IT virus, cyber attacks or malfunction of electronic and/or communication services.

For business continuity management, BPER applies a unique organisational model with distributed responsibilities, which allows exercising responsibilities for governance and control. The model envisages an annual review of the analysis performed to identify critical processes and resources, in order to take account of organisational changes that have occurred in the period, the status concerning recovery solutions and, in general, all refinements needed to address the outcome of testing performed in the reference period. For the measure of the operational risk, the Group adopted the Traditional Standardised Approach (TSA). Any failure or weakness in these systems, could however adversely affect the Issuer's financial performance and business activities.

Reputational risk

Reputational risk is understood as the current or prospective risk of a decline in earnings or capital arising from an adverse perception of the Group by customers, employees, counterparties, shareholders, investors or Supervisory Authorities with which the Group may be related.

BPER implemented a reputational risk management framework, the objective of which is to monitor, manage and mitigate reputational risk, as well as to provide a structured periodic situation report thereon and measures that need to be taken to mitigate any areas of vulnerability that may exist. The framework includes the following components: identification and assessment of reputational risk, monitoring the Group's exposure to reputational risk, management of particularly critical reputational events, by means of a functional escalation process and the determination of short and long-term responses and mitigation and periodic reporting.

Nonetheless, the Issuer's risk management techniques and strategies may not be fully effective in mitigating its risk exposure in all economic market environments or against all types of risks, including risks that the Issuer fails to identify or anticipate. If existing or potential customers believe that the Issuer's risk management policies and procedures are inadequate, its reputation as well as its revenues and profits may be negatively affected. Any failure to execute the Group's reputational risk management framework successfully could materially adversely affect the Group's business activities, financial condition and results of operations.

Systemic risk

Concerns about, or a default by, one institution could lead to significant liquidity problems, losses or default by other institutions because the commercial soundness of many financial institutions may be closely related as a result of credit, trading, clearing or other relationships between institutions. The risk is sometimes referred to as "**systemic risk**" and may adversely affect financial intermediaries, such as clearing agencies, clearing houses, banks, securities firms and exchanges with which the Issuer interacts on a daily basis and therefore could adversely affect BPER.

In order to get access to more efficient liquidity sources BPER has started a first covered bond programme (the "**First Covered Bond Programme**") on a residential mortgage loan cover pool and a second covered bond programme (the "**Second Covered Bond Programme**"), structured on a conditional pass-through basis, on a residential and commercial mortgage cover pool. Risks related to such financial structured instruments are connected to the capacity of BPER to maintain the required over collateralisation ratio between the pools assigned as guarantees and the covered bonds issued under both the First Covered Bond Programme and the Second Covered Bond Programme. Should a combination of a sharp decrease of the residential or commercial mortgage loan production and an appreciable increase of the prepayment rate occur, such circumstance could affect BPER's capacity to ensure a suitable claim substitution according to either the First Covered Bond Programme or the Second Covered Bond Programme provisions.

Failure to satisfy the structure requirements under either the First Covered Bond Programme or the Second Covered Bond Programme could adversely affect the Issuer's financial performance and business activities.

5. Risks related to the political, environmental, social and governance of the Issuer

Catastrophic events, terrorist attacks and similar events

Catastrophic events, terrorist attacks and similar events, as well as the responses thereto, may create economic and political uncertainties, which could have a negative impact on economic conditions in the regions in which the Issuer operates and, more specifically, on the business and results of the Issuer in ways that cannot be predicted.

Climate change risks

Climate change can create (i) transition risks associated with the move to a carbon neutral economy through policy, regulatory and technological changes; (ii) physical risks connected to weather impacts, changes and unpredictability; and (iii) derivative risks, which originate from parties, which may suffer losses from the effects of climate change and may seek compensation from those they hold responsible. Any of these risks can result in financial losses that could impair asset values and the creditworthiness of BPER Group customers and BPER Group, adversely impacting BPER Group.

In addition, climate change may imply, among others, three primary drivers of financial risk that could adversely affect BPER Group:

- **Credit risks:** Physical climate change could lead to increased credit exposure and companies with business models not aligned with the transition to a low-carbon economy may face a higher risk of reduced corporate earnings and business disruption due to new regulations or market shifts.
- **Market risks:** Market changes in the most carbon-intensive sectors could affect energy and commodity prices, corporate bonds, equities and certain derivatives contracts. Increasing frequency of severe weather events could affect macroeconomic conditions, weakening fundamental factors such as economic growth, employment and inflation.
- **Operational risks:** Severe weather events could directly affect business continuity and operations both of customers and the Group's.

Reputational risk could also arise from shifting sentiment among customers and increasing attention and scrutiny from other stakeholders (investors, regulators, etc.) on its response to climate change.

Any of the conditions described above could have a material adverse effect on the business, financial condition and results of operations of the Group.

Risks related to the Notes

The risks below have been classified into the following categories:

- *The Notes may not be a suitable investment for all investors;*
- *Risks related to the structure of a particular issue of Notes;*
- *Risks related to Notes generally; and*
- *Risks related to the market generally.*

The Notes may not be a suitable investment for all investors

Each potential investor in the Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- (i) have sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of investing in the Notes and the information contained or incorporated by reference in this Base Prospectus or any applicable supplement;
- (ii) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Notes and the impact the Notes will have on its overall investment portfolio;
- (iii) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes, including where the currency for principal or interest payments is different from the potential investor's currency;
- (iv) understand thoroughly the terms of the Notes and be familiar with the behaviour of any relevant indices and financial markets; and
- (v) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

Some Notes are complex financial instruments. Sophisticated institutional investors generally do not purchase complex financial instruments as stand-alone investments. They purchase complex financial instruments as a way to reduce risk or enhance yield with an understood, measured and appropriate addition of risk to their overall portfolios. A potential investor should not invest in Notes which are complex financial instruments unless it has the expertise (either alone or with a financial adviser) to evaluate how the Notes will perform under changing conditions, the resulting effects on the value of the Notes and the impact this investment will have on the potential investor's overall investment portfolio.

The obligations of the Issuer under the Notes are not covered by deposit insurance schemes in the Republic of Italy. Furthermore, the Notes will not be guaranteed by the Republic of Italy under any legislation that is or will be passed to address liquidity issues in the credit markets, including government guarantees or similar measures.

Risks related to the structure of a particular issue of Notes

A wide range of Notes may be issued under the Programme. A number of these Notes may have features which contain particular risks for potential investors. Set out below is a description of the most common features.

Subordinated Notes

If the Issuer is declared insolvent and a winding up is initiated, it will be required to pay the holders of senior debt (including the holders of the Senior Preferred Notes and the Senior Non-Preferred Notes) and meet its obligations to all its other creditors ranking senior to the holders of the Subordinated Notes (including unsecured creditors) in full before it can make any payments on the Subordinated Notes. If this occurs, the Issuer may not have enough assets remaining after these payments to pay amounts due under the Subordinated Notes.

Although Subordinated Notes may pay a higher rate of interest than comparable notes which are not subordinated, there is a real risk that an investor in Subordinated Notes will lose all or some of its investment should the Issuer become insolvent. In addition, in case of application of the bail-in tool as well as of the Non-Viability Loss Absorption provided by the BRRD, the Subordinated Notes might be written down, including to zero, or converted to equity.

The terms of the Subordinated Notes include provisions, a number of which are mandated by Bank of Italy or any European supervisory authority regulations, which may affect the ability of the Issuer to make payments under the Notes. The provisions with respect to all Subordinated Notes, including the terms of their subordination, the limited number of events of default and the limited right of the Noteholders to accelerate such Notes, are described in the "*Terms and Conditions of the Notes*" below. Prospective investors in Subordinated Notes should therefore read the relevant provisions of the "*Terms and Conditions of the Notes*" carefully before making any investment decision.

Regulatory classification of the Subordinated Notes

If any Subordinated Notes are issued under the Programme, the Issuer's intention is that they should qualify on issue as "Tier II Capital", for so long as this is permitted under Bank of Italy regulations. Current regulatory practice by the Bank of Italy does not require (or customarily provide for) a confirmation prior to the issuance of Subordinated Notes that the Notes will be treated as such. There can be no assurance that any such Subordinated Notes will continue to qualify as "Tier II Capital" during the life of the Notes or that the Notes will be grandfathered under the implementation of further EU capital requirement regulations. If the Notes are not grandfathered, or for any other reason cease to qualify (in whole or in part), as "Tier II Capital", the Issuer will (if so specified in the applicable Final Terms) have the right to redeem the Notes in accordance with Condition 4(c) (*Redemption for regulatory reasons - Regulatory Call*) of the Terms and Conditions for the English Law Notes, and Condition 4(c) (*Redemption for regulatory reasons - Regulatory Call*) of the Terms and Conditions for the Italian Law Notes, subject to the prior approval of the Bank of Italy.

At those times, an investor may not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Subordinated Notes being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time. In addition, if the Issuer has the right to redeem any Notes at its option, the exercise of such right is subject to the provisions set forth in Condition 4(k) (*Conditions to Redemption and Purchase of the Notes*) of the Terms and Conditions for the English Law Notes, and Condition 4(k) (*Conditions to Redemption and Purchase of the Notes*) of the Terms and Conditions for the Italian Law Notes and, in any case, the relevant redemption amount of the Subordinated Notes to be redeemed may be lower than the amount corresponding to the then current market value of such Subordinated Notes as of the relevant redemption date.

Senior Non-Preferred Notes

Pursuant to Article 91, paragraph 1-*bis*, letter c-*bis* of Legislative Decree No. 385 of 1 September 1993 (the "**Consolidated Banking Act**"), in the event an issuer of senior non-preferred securities is subject to compulsory liquidation (*liquidazione coatta amministrativa*), the relevant payment obligations in respect thereof will rank in right of payment (A) after unsubordinated creditors (including depositors), (B) at least *pari passu* with all other present and future unsubordinated and non-preferred obligations which do not rank or are not expressed by their terms to rank junior or senior to such senior non-preferred securities and (C) in priority to any present or future claims ranking junior to such senior non-preferred securities and the claims of the shareholders.

Furthermore, Article 12-*bis* of the Consolidated Banking Act also provides that:

- (A) the provisions set forth in Article 91, paragraph 1-*bis*, letter c-*bis* of the Consolidated Banking Act shall apply to such senior non-preferred securities only to the extent that the requirements described in paragraphs (i), (ii) and (v) above have been complied with; any contractual provision which does not comply with any of the above requirements is invalid but such invalidity does not imply the invalidity of the entire agreement;
- (B) the senior non-preferred securities, once issued, may not be amended in a manner that the requirements described in paragraphs (i), (ii) and (v) above are not complied with and that any different contractual provision is null and void; and
- (C) the Bank of Italy may enact further regulation providing for additional requirements in respect of the issuance and the characteristics of senior non-preferred securities.

Any prospective investor in the Senior Non-Preferred Notes should be aware that the provisions of Articles 12-*bis* and 91, paragraph 1-*bis*, letter c-*bis* of the Consolidated Banking Act were recently enacted and that, as at the date of this Base Prospectus, no interpretation of the application of such provisions has been issued by any Italian court or governmental or regulatory authority and no regulation has been issued by the Bank of Italy in respect thereof. Consequently, it is possible that a regulation or official interpretation relating to the above will be issued in the future by the Bank of Italy or any different authority, the impact of which cannot be predicted by the Issuer as at the date of this Base Prospectus.

Senior Non-Preferred Notes are senior non-preferred obligations and are junior to certain obligations

In order to satisfy the provisions of Articles 12-*bis* and 91, paragraph 1-*bis*, letter c-*bis* of the Consolidated Banking Act and any relevant implementing regulation which may be enacted for such purposes by any Relevant Authority and also qualify as eligible liabilities available to meet the MREL/TLAC Requirements (as defined in Condition 4(c) (*Redemption for regulatory reasons - Regulatory Call*) of the Terms and Conditions for the English Law Notes, and Condition 4(c) (*Redemption for regulatory reasons - Regulatory Call*) of the Terms and Conditions for the Italian Law Notes, Senior Non-Preferred Notes will be subordinated to existing senior debt and Senior Preferred Notes in the event that the Issuer is subject to compulsory liquidation (*liquidazione coatta amministrativa*). As a result, the default risk on the Senior Non-Preferred Notes will be higher than the risk associated with preferred senior debt (such as Senior Preferred Notes) and other senior liabilities (such as wholesale deposits).

The Issuer's obligations in respect of the Senior Non-Preferred Notes constitute direct, unconditional, unsubordinated and unsecured obligations of the Issuer and will rank at all times *pari passu* without any preference among themselves and are more fully described in Condition 2(c) (*Status of Senior Non-Preferred Notes*) of the Terms and Conditions for the English Law Notes and in Condition 2(c) (*Status of Senior Non-Preferred Notes*) of the Terms and Conditions for the Italian Law Notes. In the event of a winding up, dissolution, liquidation or bankruptcy (including, *inter alia*, *Liquidazione Coatta Amministrativa*) of the Issuer, the payment obligations of the Issuer under each Series of Senior Non-Preferred Notes, and the relative Coupons as the case may be, will rank in right of payment (A) after unsubordinated creditors (including depositors and any holder of Senior Preferred Notes and their respective Coupons) of the Issuer, but (B) at least *pari passu* with all other present and future unsubordinated and non-preferred obligations of the Issuer which do not rank or are not expressed by their terms to rank junior or senior to such Series of Senior Non-Preferred Notes and (C) in priority to any present or future claims ranking junior to such Series of Senior Non-Preferred Notes (including any holder of Subordinated Notes) and the claims of shareholders of the Issuer, in all such cases in accordance with the provisions of Article 91, paragraph 1-*bis*, letter c-*bis* of the Consolidated Banking Act and any relevant implementing regulation which may be enacted for such purposes by any Relevant Authority.

Although Senior Non-Preferred Notes may pay a higher rate of interest than comparable Senior Preferred Notes which are not issued on a senior non-preferred basis, there is a greater risk that an investor in Senior Non-Preferred Notes will lose all or some of its investment should the Issuer become subject to compulsory liquidation (*liquidazione coatta amministrativa*). Thus, such holders of Senior Non-Preferred Notes face an increased performance risk compared to holders of Senior Preferred Notes.

If a judgment is rendered by any competent court declaring the judicial liquidation of the Issuer, or if the Issuer is liquidated for any other reason, the rights of payment of the holders of Senior Non-Preferred Notes will be subordinated to the payment in full of the senior preferred creditors of the Issuer and any other creditors that are senior to the Senior Non-Preferred Notes. In the event of incomplete payment of senior preferred creditors and other creditors ranking ahead of the claims of the holders of Senior Non-Preferred Notes, the obligations of the Issuer in connection with the principal of the Senior Non-Preferred Notes will be terminated. The Noteholders shall be responsible for taking all steps necessary for the orderly accomplishment of any collective proceedings or voluntary liquidation in relation to any claims they may have against the Issuer.

Risk of classification of the Senior Non-Preferred Notes

The intention of the Issuer is for Senior Non-Preferred Notes to qualify on issue as "*strumenti di debito chirografario di secondo livello*" pursuant to and for the purposes of Articles 12-bis and 91, paragraph 1-bis, letter c-bis of the Consolidated Banking Act and any relevant implementing regulation which may be enacted for such purposes by any Relevant Authority and also qualify as eligible liabilities available to meet the MREL/TLAC Requirements. Current regulatory practice of the Bank of Italy (acting as lead regulator) does not require (or customarily provide for) a confirmation to be given prior to the issuance of the Senior Non-Preferred Notes that the Senior Non-Preferred Notes will comply with such provisions.

Although it is the Issuer's expectation that the Senior Non-Preferred Notes qualify as "*strumenti di debito chirografario di secondo livello*" pursuant to and for the purposes of Articles 12-bis and 91, paragraph 1-bis, letter c-bis of the Consolidated Banking Act and any relevant implementing regulation which may be enacted for such purposes by any Relevant Authority and also qualify as eligible liabilities available to meet the MREL/TLAC Requirements (as defined in Condition 4(c) (*Redemption for regulatory reasons - Regulatory Call*) of the Terms and Conditions for the English Law Notes and in Condition 4(c) (*Redemption for regulatory reasons - Regulatory Call*) of the Terms and Conditions for the Italian Law Notes) there can be no assurance that the Senior Non-Preferred Notes will so qualify upon issue and will continue to so qualify during their life. Upon the occurrence of an MREL/TLAC Disqualification Event, the Issuer will have the right to redeem the Senior Non-Preferred Notes in accordance with Condition 4(c) (*Redemption for regulatory reasons - Regulatory Call*) of the Terms and Conditions for the English Law Notes and with Condition 4(c) (*Redemption for regulatory reasons - Regulatory Call*) of the Terms and Conditions for the Italian Law Notes. Any redemption of Senior Non-Preferred Notes issued by the Issuer is subject to the provisions of Condition 4(k) (*Conditions to Redemption and Purchase of the Notes*) of the Terms and Conditions for the English Law Notes and of Condition 4(k) (*Conditions to Redemption and Purchase of the Notes*) of the Terms and Conditions for the Italian Law Notes.

At those times, an investor may not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Senior Non-Preferred Notes being redeemed and may only be able to do so at a significantly lower rate and, in any case, the relevant redemption amount of the Notes to be redeemed may be lower than the amount corresponding to the then current market value of such Notes as of the relevant redemption date. Potential investors should consider reinvestment risk in light of other investments available at that time. In addition, if the Issuer has the right to redeem any Senior Non-Preferred Notes at its option, the exercise of such right is subject to the provisions set forth in Condition 4(k) (*Conditions to Redemption and Purchase of the Notes*) of the Terms and Conditions for the English Law Notes and in Condition 4(k) (*Conditions to Redemption and Purchase of the Notes*) of the Terms and Conditions for the Italian Law Notes and, in any case, the relevant redemption amount of the Senior Non-Preferred Notes to be redeemed may be lower than the amount corresponding to the then current market value of such Senior Non-Preferred Notes as of the relevant redemption date.

Senior Non-Preferred Notes are complex instruments that may not be suitable for certain investors

Senior Non-Preferred Notes are novel and complex financial instruments and may not be a suitable investment for certain investors. Each potential investor in the Senior Non-Preferred Notes should determine the suitability of such investment in light of its own circumstances and have sufficient financial resources and liquidity to bear the risks of an investment in the Senior Non-Preferred Notes, including the possibility that the entire principal amount of the Senior Non-Preferred Notes could be lost. A potential investor should not invest in the Senior Non-Preferred Notes unless it has the knowledge and expertise (either alone or with a financial advisor) to evaluate how the Senior Non-Preferred Notes will perform under changing conditions, the resulting effects on the market value of the Senior Non-Preferred Notes, and the impact of this investment on the potential investor's overall investment portfolio.

Senior Non-Preferred Notes are a new type of instruments for which there is no trading history

Prior to the adoption of the so-called "*Legge di Bilancio 2018*" and its entry into force, the Italian issuers were not able to issue senior non-preferred securities. Accordingly, there is no trading history for securities with such ranking. Market participants, including credit rating agencies, are in the initial stages of evaluating the risks associated with senior non-preferred obligations. The credit ratings assigned to senior non-preferred securities such as the Senior Non-Preferred Notes may change as the rating agencies refine their approaches, and the value of such securities may be particularly volatile as the market becomes more familiar with them. It is possible that, over time, the credit ratings and value of senior non-preferred securities such as the Senior Non-Preferred Notes will be lower than those expected by investors at the time of issuance of the Senior Non-Preferred Notes. If so, investors may incur losses in respect of their investments in the Senior Non-Preferred Notes.

Credit rating which may be assigned to the Senior Non-Preferred Notes

Upon issue, the Senior Non-Preferred Notes may be rated by one or more credit rating agencies. Such credit rating may be lower than the Issuer's credit rating, since it reflects the increased risk of loss in the event of the Issuer's insolvency.

As a result, Senior Non-Preferred Notes are likely to be rated by one or more credit rating agencies close to the level of subordinated debt and as such may be subject to a higher risk of price volatility than the Senior Preferred Notes.

In addition, the rating may change in the future depending on the assessment, by one or more credit rating agencies, of the impact on the different instrument classes resulting from the modified liability structure following the issuance of the Senior Non-Preferred Notes.

Furthermore, credit rating agencies may seek to rate any Senior Non-Preferred Notes on an "unsolicited" basis and, if such "unsolicited ratings" are lower than the comparable ratings assigned to such Senior Non-Preferred Notes on a "solicited" basis, such shadow or unsolicited ratings could have an adverse effect on the value of any Senior Non-Preferred Notes.

Redemption for regulatory reasons (Regulatory Call)

Subject to Condition 4(k) (*Conditions to Redemption and Purchase of the Notes*) of the Terms and Conditions for the English Law Notes and to Condition 4(k) (*Conditions to Redemption and Purchase of the Notes*) of the Terms and Conditions for the Italian Law Notes, if Regulatory Call is specified in the applicable Final Terms as being applicable, the Senior Preferred Notes, the Senior Non-Preferred Notes or, as the case may be, the Subordinated Notes may be redeemed at the option of the Issuer, in whole, but not in part, at any time (if the Note is not a Floating Rate Note) or on any Interest Payment Date (if the Note is a Floating Rate Note), (i) upon the occurrence of an MREL/TLAC Disqualification Event (as defined in Condition 4(c) (*Redemption for regulatory reasons - Regulatory Call*) of the Terms and Conditions for the English Law Notes and in Condition 4(c) (*Redemption for regulatory reasons - Regulatory Call*) of the Terms and Conditions for the Italian Law Notes) with respect to the relevant Series of Senior Preferred Notes or, as the case may be, Senior Non-Preferred Notes, and (ii) in case of Subordinated Notes, the Subordinated Notes cease to qualify (in whole or in part) as "Tier II Capital" on a consolidated or non-consolidated basis, as a result of changes after the date of issue of the relevant Subordinated Notes in the standards and guidelines of the Bank of Italy or in the applicable legal or regulatory provisions (including legal or regulatory provisions adopted by the European Union).

At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Senior Notes or Subordinated Notes (as the case may be) being redeemed and may only be able to do so at a significantly lower rate and, in any case, the relevant redemption amount of the Notes to be redeemed may be lower than the amount corresponding to the then current market value of such Notes as of the relevant redemption date. Potential investors should consider reinvestment risk in light of other investments available at that time. In addition, if the Issuer has the right to redeem any Notes at its option, the exercise of such right is subject to the provisions set forth in Condition 4(k) (*Conditions to Redemption and Purchase of the Notes*) of the Terms and Conditions for the English Law Notes and in Condition 4(k) (*Conditions to Redemption and Purchase of the Notes*) of the Terms and Conditions for the Italian Law Notes and, in any case, the relevant redemption amount of the Notes to be redeemed may be lower than the amount corresponding to the then current market value of such Notes as of the relevant redemption date.

Notes subject to optional redemption by the Issuer

An optional redemption feature of Notes is likely to limit their market value. During any period when the Issuer may elect to redeem Notes or may be perceived to be able to redeem the Notes, the market value of those Notes generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period.

The Issuer may be expected to redeem Notes when its cost of borrowing is lower than the interest rate on the Notes. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time.

In addition, if the Issuer has the right to redeem any Notes at its option, the exercise of such right is subject to the provisions set forth in Condition 4(k) (*Conditions to Redemption and Purchase of the Notes*) of the Terms and Conditions for the English Law Notes and in Condition 4(k) (*Conditions to Redemption and Purchase of the Notes*) of the Terms and Conditions for the Italian Law Notes and, in any case, the relevant redemption amount of the Notes to be redeemed may be lower than the amount corresponding to the then current market value of such Notes as of the relevant redemption date.

Redemption for tax reasons

In the event that the Issuer be obliged to increase the amounts payable in respect of any Notes due to any withholding or deduction for or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or on behalf of Italy or any political subdivision thereof or any

authority therein or thereof having power to tax, the Issuer may redeem all outstanding Notes in accordance with the Conditions.

At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate and, in any case, the relevant redemption amount of the Notes to be redeemed may be lower than the amount corresponding to the then current market value of such Notes as of the relevant redemption date. Potential investors should consider reinvestment risk in light of other investments available at that time. In addition, if the Issuer has the right to redeem any Notes at its option, the exercise of such right is subject to the conditions set forth in Condition 4(k) (*Conditions to Redemption and Purchase of the Notes*) of the Terms and Conditions for the English Law Notes and in Condition 4(k) (*Conditions to Redemption and Purchase of the Notes*) of the Terms and Conditions for the Italian Law Notes and, in any case, the relevant redemption amount of the Notes to be redeemed may be lower than the amount corresponding to the then current market value of such Notes as of the relevant redemption date.

Variation or substitution following the Tax Event or Regulatory Event

In relation to any Series of Notes, if Modification following Tax Event or (in relation to Subordinated Notes only) Regulatory Event is specified as applicable in the applicable Final Terms, the Issuer may, upon the occurrence of Tax Event or Regulatory Event, substitute or modify the terms and conditions (in each case of all but not some only) of such Notes, so that they remain or, as appropriate become, Qualifying Securities, without any requirement for the consent or approval of the Noteholders to the extent that such modification or substitution is reasonably necessary to ensure that no Tax Event or Regulatory Event would exist after such modification or substitution, **provided that** the relevant conditions set forth in Condition 11 (*Meetings of Noteholders; Modification; Waiver*) of the Terms and Conditions for the English Law Notes and in Condition 10 (*Meetings of Noteholders; Modification; Waiver*) of the Terms and Conditions for the Italian Law Notes are satisfied. See also “*Variation or substitution following an MREL/TLAC Disqualification Event*” risk factor related to the Senior Notes.

Investors should be aware that, where the terms and conditions of such Notes are varied, Noteholders may, as a result, among other things, be assessed as a class rather than individually, and any tax consequences may be borne by the Noteholders.

CMS Linked Interest Notes and SONIA Linked Notes

The Issuer may issue Notes with interest determined by reference to the CMS Rate or SONIA, which determine the amount of interest payable (a “**Relevant Factor**”). Potential investors should be aware that:

- the market price of such Notes may be volatile;
- they may receive no interest;
- the relevant factor may be subject to significant fluctuations that may not correlate with changes in interest rates, currencies or other indices;
- if the relevant factor is applied to the Notes in conjunction with a multiplier greater than one or contains any other leverage factor, the effect of changes in the relevant factor on interest payable is likely to be magnified; and
- the timing of changes in the relevant factor may affect the actual yield to investors, even if the average level is consistent with their expectations.

Fixed/Floating Rate Notes

Fixed/Floating Rate Notes may bear interest at a rate that the Issuer may elect to convert, in accordance with the provisions applicable to the Senior Notes (the “**Senior Notes Conditions**”) and/or the Subordinated Notes (the “**Subordinated Notes Conditions**”) (as the case may be), from a fixed rate to a floating rate or from a floating rate to a fixed rate. The Issuer's ability to convert the interest rate will affect the secondary market and the market value of the Notes since the Issuer may be expected to convert the rate when it is likely to produce a lower overall cost of borrowing. If the Issuer converts from a fixed rate to a floating rate, the spread on the Fixed/Floating Rate Notes may be less favourable than then prevailing spreads on comparable Floating Rate Notes tied to the same reference rate. In addition, the new floating rate at any time may be lower than the rates on other Notes. If the Issuer converts from a floating rate to a fixed rate, the fixed rate may be lower than then prevailing rates on its Notes.

The interest rate on Reset Notes

If the Senior Preferred Notes and the Subordinated Notes are issued as Reset Notes, then such Reset Notes will initially bear interest at the Initial Rate of Interest from and including the Interest Commencement Date up to but excluding the First Reset Date. On the First Reset Date, the Second Reset Date (if applicable) and each Subsequent Reset Date (if any) thereafter, the interest rate will be reset to the sum of the applicable Mid-Swap Rate and the First Margin or Subsequent

Margin (as applicable) as determined by the Calculation Agent on the relevant Reset Determination Date (each such interest rate, a "**Subsequent Reset Rate of Interest**"). The Subsequent Reset Rate of Interest for any Reset Period could be less than the Initial Rate of Interest or the Subsequent Reset Rate of Interest for prior Reset Periods and could affect the market value of an investment in the Reset Notes.

A reset of the interest rate could affect the market value of an investment in the Notes

Fixed Rate Notes may bear interest at an initial Rate of Interest subject to one or more resets during the tenor of the Notes. Such reset rate could be less than the initial Rate of Interest and could affect the market value of an investment in the Notes.

Notes issued at a substantial discount or premium

The market values of securities issued at a substantial discount or premium from their principal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing securities. Generally, the longer the remaining term of the securities, the greater the price volatility as compared to conventional interest-bearing securities with comparable maturities.

Senior Notes eligibility for the purposes of the MREL/TLAC Requirements is subject to uncertainty

The Senior Notes are intended to be eligible liabilities available to meet the MREL requirements and, to the extent applicable to the Issuer, TLAC requirements (together, the "**MREL/TLAC Requirements**") (as defined in Condition 4(c) (*Redemption for regulatory reasons - Regulatory Call*) of the Terms and Conditions for the English Law Notes and in Condition 4(c) (*Redemption for regulatory reasons - Regulatory Call*) of the Terms and Conditions for the Italian Law Notes). However, there is uncertainty regarding the final substance of the applicable MREL/TLAC Requirements, and the Issuer cannot provide any assurance that the Senior Notes will be or remain eligible for the purposes of the MREL/TLAC Requirements.

The MREL/TLAC Requirements do not currently require (or customarily provide for) a confirmation prior to the issuance of Senior Notes that such Notes will qualify as MREL/TLAC eligible liabilities (subject to prescribed limits, if any, on the quantum of Senior Notes which may be included in the Issuer's MREL/TLAC eligible liabilities) on issue. Although it is the Issuer's expectation that the Senior Notes may qualify as eligible liabilities for the purposes of meeting the Issuer's MREL/TLAC Requirements, the Issuer may be subject to limits as to the quantum of Senior Notes which may be included in its MREL/TLAC eligible liabilities and, in any case, there can be no representation that the Senior Notes of any Series are or will remain MREL/TLAC eligible liabilities during the life of such Series of Senior Notes. If they are not eligible for the purposes of the MREL/TLAC Requirements (or if they initially are compliant with the MREL/TLAC Requirements and subsequently become ineligible due to a change in the relevant final regulations implementing the MREL/TLAC requirements), then an MREL/TLAC Disqualification Event will occur, with the consequences indicated in the risk factor below and in Condition 4(c) (*Redemption for regulatory reasons - Regulatory Call*) of the Terms and Conditions for the English Law Notes and in Condition 4(c) (*Redemption for regulatory reasons - Regulatory Call*) of the Terms and Conditions for the Italian Law Notes (as the case may be).

Variation or substitution following an MREL/TLAC Disqualification Event

In relation to any Series of Senior Notes, if Modification following an MREL/TLAC Disqualification Event is specified as applicable in the applicable Final Terms, the Issuer may, upon the occurrence of an MREL/TLAC Disqualification Event, substitute (all but not some only) of such Senior Notes or modify the terms and conditions of all (but not some only) of such notes so that they remain or, as appropriate become, Qualifying Senior Preferred Notes or Qualifying Senior Non-Preferred Notes (as the case may be), without any requirement for the consent or approval of the Noteholders to the extent that such modification is reasonably necessary to ensure that no MREL/TLAC Disqualification Event would exist after such modification, **provided that** the relevant conditions set forth in Condition 11 (*Meetings of Noteholders; Modification; Waiver*) of the Terms and Conditions for the English Law Notes and in Condition 10 (*Meetings of Noteholders; Modification; Waiver*) of the Terms and Conditions for the Italian Law Notes are satisfied.

Investors should be aware that, where the terms and conditions of such Senior Notes are varied, Noteholders may, as a result, among other things, be assessed as a class rather than individually, and any tax consequences may be borne by the Noteholder.

Waiver of set-off

If waiver of set-off rights is specified as applicable in the applicable Final Terms, each holder of a Senior Preferred Note will unconditionally and irrevocably waive any right of set-off, counterclaim, abatement or other similar remedy which it might otherwise have under the laws of any jurisdiction in respect of such Senior Preferred Note.

As specified in Conditions 2(c) (*Status of Senior Non-Preferred Notes*) and 2(d) (*Status of Subordinated Notes*) of the Terms and Conditions for the English Law Notes and in Conditions 2(c) (*Status of Senior Non-Preferred Notes*) and 2(d) (*Status of Subordinated Notes*) of the Terms and Conditions for the Italian Law Notes, each holder of a Senior Non-Preferred Note and of a Subordinated Note unconditionally and irrevocably waives any right of set-off, counterclaim, abatement or other similar remedy which it might otherwise have, under the laws of any jurisdiction, in respect of such Senior Non-Preferred Note and Subordinated Note.

Risk relating to the governing law of the Italian Law Notes

The Terms and Conditions for the Italian Law Notes are governed by Italian law and Condition 15 (*Governing Law; Submission to Jurisdiction*) of the Terms and Conditions for the Italian Law Notes provides that contractual and non-contractual obligations arising out or in connection with them are governed by, and shall be construed in accordance with, Italian Law, pursuant to EU and Italian private international law provisions as applicable from time to time. Article 59 of Law No. 218 of 31 May 1995 (the “**Italian Private International Law**”) provides that “other debt securities (*titoli di credito*) are governed by the law of the State in which the security was issued”. The Temporary Global Notes or the Permanent Global Notes, whether issued in CGN or NGN form, as the case may be, representing the Italian Law Notes are signed by the Issuer in the United Kingdom and are, thereafter, delivered to Citibank, N.A., London Branch as Principal Paying Agent, being the entity in charge of, inter alia, completing, authenticating and delivering the Temporary Global Note and Permanent Global Notes and (if required) authenticating and delivering Definitive Notes.

The Issuer cannot foresee the effect of any potential misalignment between the laws applicable to the Terms and Conditions for the Italian Law Notes and the laws applicable to their transfer and circulation for any prospective investors in the Italian Law Notes and any disputes which may arise in relation to, inter alia, the transfer of ownership in the Italian Law Notes on the basis of the above-mentioned provisions of Italian Private International Law and the relevant applicable European legislation.

Risks related to the Notes generally

Potential Conflicts of Interest

The Issuer may act as Calculation Agent or appoint a Dealer as Calculation Agent in respect of an issuance of Notes under the Programme. In such a case the Calculation Agent is likely to be a member of a financial group that is involved, in the ordinary course of its business, in a wide range of banking activities out of which conflicting interests may arise. Whilst such a Calculation Agent will, where relevant, have information barriers and procedures in place to manage conflicts of interest, it may in its other banking activities from time to time be engaged in transactions involving an index or related derivatives which may affect amounts receivable by Noteholders during the term and on the maturity of the Notes or the market price, liquidity or value of the Notes and which could be deemed to be adverse to the interests of the Noteholders.

Modification and waiver

The conditions of the Notes contain provisions for calling meetings of Noteholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant meeting and Noteholders who voted in a manner contrary to the majority. In addition, pursuant to Condition 3(f) (*Benchmark replacement*) of the Terms and Conditions for the English Law Notes and Condition 3(f) (*Benchmark replacement*) of the Terms and Conditions for the Italian Law Notes, certain changes may be made to the interest calculation provisions of the Notes in the circumstances and as otherwise set out in such Conditions, and pursuant to Condition 3(f) (*Benchmark replacement*) and Condition 11 (*Meeting of Noteholders; Modification; Waiver*) of the Terms and Conditions for the English Law Notes, the Trustee shall agree with the Issuer such modification to the English Law Notes as may be required to give effect to Condition 3(f) (*Benchmark replacement*) of the Terms and Conditions for the English Law Notes without the requirement for consent of the Noteholders.

Change of law

The conditions of the Notes are based on the laws of England and Italy in effect as at the date of this Base Prospectus. No assurance can be given as to the impact of any possible judicial decision or change to the laws or administrative practice of England or Italy after the date of this Base Prospectus.

The Notes may be subject to withholding taxes in circumstances where the Issuer is not obliged to make gross up payments and this would result in Noteholders receiving less interest than expected and could significantly adversely affect their return on the Notes.

U.S. Foreign Account Tax Compliance Act Withholding ("FATCA")

Pursuant to provisions of law commonly known as the U.S. Foreign Account Tax Compliance Act ("**FATCA**"), the Issuer and other non-U.S. financial institutions through which payments on the Notes are made may be required to withhold U.S. tax at a rate of 30 per cent on all, or a portion of, "foreign passthru payments". According to Proposed U.S. Treasury Regulations, such withholding should begin no earlier than 2 years after the date of publication of final U.S. Treasury Regulations defining the term foreign passthru payments. Such withholding may have to be made in respect of such foreign passthru payments on (i) any Notes characterized as debt (or which are not otherwise characterized as equity) for U.S. federal tax purposes that are issued or materially modified after the date that is six months after the date of publication of final U.S. Treasury Regulations defining the term "foreign passthru payments" and (ii) any Notes characterized as equity for U.S. federal tax purposes, whenever issued.

In order to improve international tax compliance and to implement FATCA, Italy entered into an intergovernmental agreement with the United States on 10 January 2014 ("**IGA**"), ratified by way of Law No. 95 on 18 June 2015, published in the Official Gazette – general series No. 155, on 7 July 2015. The Issuer is now required to report certain information in relation to its U.S. account holders to the Italian tax authorities in order (i) to obtain an exemption from FATCA withholding on certain payments it receives and/or (ii) to comply with any applicable Italian law. However, it is not yet certain how the United States and Italy will address withholding on "foreign passthru payments" (which may include payments on the Notes) or if such withholding will be required at all.

This withholding tax may be triggered on payments on the Notes where the Issuer or the Paying Agent is a foreign financial institution ("**FFI**") that is required to withhold on "foreign passthru payments", that it makes to a "recalcitrant account holder" or another FFI that is neither a "participating FFI" nor a "deemed-compliant FFI" (as such terms are defined in FATCA, including any accompanying U.S. regulations or guidance). The IGA may modify such withholding tax requirements.

If an amount in respect of U.S. withholding tax were to be deducted or withheld from interest, principal or other payments on the Notes as a result of FATCA, none of the Issuer, the Paying Agent or any other person would be required to pay additional amounts as a result of the deduction or withholding. As a result, investors may receive amounts that are less than expected. An investor who is able to claim the benefits of an income tax treaty between its own jurisdiction and the United States may be entitled to a refund of amounts withheld pursuant to the FATCA rules, though the investor would have to file a U.S. tax return to claim this refund and would not be entitled to interest from the U.S. Internal Revenue Service ("**IRS**") for the period prior to the refund.

However, whilst the Notes are in global form and held within the ICSDs, in all but the most remote circumstances, it is expected that FATCA will not affect the amount of any payments made under, or in respect of, the Notes by the Issuer, any paying agent and the common depository and common safekeeper, given that each of the entities in the payment chain between the Issuer and the participants in the ICSDs is a major financial institution whose business is dependent on compliance with FATCA. Further, FFIs in a jurisdiction that has entered into an IGA with the United States are generally not expected to be subject to being withheld upon under FATCA or an IGA unless such FFI is treated as a nonparticipating FFI. The documentation expressly contemplates the possibility that the Notes may go into definitive form and therefore that they may be taken out of the ICSDs. If this were to happen, then a non-FATCA compliant holder could be subject to FATCA withholding. However, definitive Notes will only be printed in remote circumstances.

FATCA withholding, if ever required, may affect payments made to custodians or intermediaries in the payment chain leading to the Issuer, or the ultimate investor, if any such custodian or intermediary generally is unable to receive payments free of FATCA withholding. FATCA withholding may also affect payment to any ultimate investor that is an FFI that is not entitled to receive payments free of withholding under FATCA, or an ultimate investor that fails to provide its broker (or other custodian or intermediary from which it receives payment) with any information, forms, other documentation or consents that may be necessary for the payments to be made free of FATCA withholding.

Each Noteholder should consult its own tax adviser to obtain a more detailed explanation of FATCA and to understand how FATCA might affect each Noteholder in its specific circumstances.

Future discontinuance of EURIBOR may adversely affect the value of Floating Rate Notes and/or Reset Rate Notes which reference EURIBOR

On 5 March 2021, the FCA has definitively confirmed that LIBOR will be discontinued by the end of 2021 for almost all of the currencies and tenors. Against this context, SONIA (the Sterling Overnight Index Average) has been developed as an alternative to Sterling LIBOR while the Federal Reserve's Alternative Reference Rates Committee has recommended SOFR (the Secured Overnight Financing Rate) as the US replacement benchmark for LIBOR. Separate

workstreams have been progressed in Europe to reform EURIBOR using a hybrid methodology and to provide fallback by reference to a euro risk-free rate (based on a euro overnight riskfree rate as adjusted by a methodology to create a term rate). On 13 September 2018, the working group on euro risk-free rates recommended Euro Short-term Rate (“€STR”) as the new risk-free rate. €STR was published by the European Central Bank on 2 October 2019. In addition, on 21 January 2019, the euro risk-free rate working group published a set of guiding principles for fallback provisions in new euro denominated cash products (including bonds). The guiding principles indicate, among other things, that continuing to reference EURIBOR in relevant contracts may increase the risk to the euro area financial system.

On 21 September 2017, the European Central Bank announced that it would be part of a new working group tasked with the identification and adoption of a "risk free overnight rate" which can serve as a basis for an alternative to current benchmarks used in a variety of financial instruments and contracts in the Euro area. On 6 November 2019 the euro risk free-rate working group published a set of guiding principles and high level recommendations for fallback provisions in, amongst other things, new euro denominated cash products (including bonds) referencing EURIBOR. The guiding principles indicate, among other things, that continuing to reference EURIBOR in relevant contracts (without robust fallback provisions) may increase the risk to the euro area financial system.

On 1 July 2020, the Financial Stability Board published a statement on the impact of the COVID-19 pandemic on global benchmark reform. The statement confirms that the view remains that firms across all jurisdictions should continue to ensure that their transition programmes enable them to transition to LIBOR alternatives before the end of 2021, although it acknowledges that that some aspects of firms' transition plans are likely to be temporarily disrupted or delayed by the pandemic.

Following the implementation of any such potential reforms, the manner of administration of benchmarks may change, with the result that they may perform differently than in the past, or the benchmark could be eliminated entirely, or there could be other consequences that cannot be predicted. The disappearance of a "benchmark" or changes in the manner of administration of a "benchmark" could require or result in adjustment to the interest calculation provisions of the Conditions (as described in Condition 3(f) (*Benchmark replacement*) of the Terms and Conditions for the English Law Notes and in Condition 3(f) (*Benchmark replacement*) of the Terms and Conditions for the Italian Law Notes) or result in adverse consequences to holders of any securities linked to such benchmark (including but not limited to Floating Rate Notes or Reset Notes whose interest rates are linked to EURIBOR or any other such benchmark that is subject to reform). Furthermore, even prior to the implementation of any changes, uncertainty as to the nature of alternative reference rates and as to potential changes to such benchmark may adversely affect such benchmark during the term of the relevant Notes, the return on the relevant Notes and the trading market for securities based on the same benchmark.

Even if the rate determination agent is able to determine an appropriate replacement rate for any benchmark, if the replacement of the benchmark with the replacement rate would result in a MREL/TLAC Disqualification Event or (in the case of Subordinated Notes only) a Regulatory Event, the rate of interest will not be changed, but will instead be fixed on the basis of the last available quotation of the benchmark. This could occur if, for example, the switch to the replacement rate would create an incentive to redeem the relevant Notes that would be inconsistent with the relevant requirements necessary to maintain the regulatory status of the Notes. While this mechanism will ensure that the Notes will not become subject to a potential regulatory event-based redemption, it will result in the Notes being effectively converted to fixed rate instruments. Investors holding such Notes might incur costs from unwinding hedges. Moreover, in a rising interest rate environment, holders of such Notes will not benefit from any increase in rates. The trading value of the Notes could as a consequence be adversely affected.

The Conditions provide for certain fallback arrangements in the event that a published benchmark, such as EURIBOR, (including any page on which such benchmark may be published (or any successor service)) becomes unavailable, including the possibility that the rate of interest could be set by reference to a reference bond rate, a successor rate or an alternative reference rate and that such successor rate or alternative reference rate may be adjusted (if required) in order to reduce or eliminate, to the extent reasonably practicable in the circumstances, any economic prejudice or benefit (as applicable) to investors arising out of the replacement of the relevant benchmark. In certain circumstances the ultimate fallback of interest for a particular Interest Period or Reset Period (as applicable) may result in the rate of interest for the last preceding Interest Period or Reset Period (as applicable) being used. This may result in the effective application of a fixed rate for Floating Rate Notes or Reset Notes (as applicable) based on the rate which was last observed on the Relevant Screen Page. In addition, due to the uncertainty concerning the availability of successor rates and alternative reference rates and the involvement of an Independent Adviser, the relevant fallback provisions may not operate as intended at the relevant time.

Any such consequences could have a material adverse effect on the value of and return on any such Notes. Moreover, any of the above matters or any other significant change to the setting or existence of any relevant reference rate could affect the ability of the Issuer to meet its obligations under the Floating Rate Notes or Reset Notes or could have a material adverse effect on the value or liquidity of, and the amount payable under, the Floating Rate Notes or Reset Notes. Investors should consider these matters when making their investment decision with respect to the relevant Floating Rate Notes or Reset Notes.

Investors should consult their own independent advisers and make their own assessment about the potential risks imposed by the Benchmarks Regulation reforms, investigations and licensing issues in making any investment decision with respect to the Notes linked to a "benchmark" since the rate of interest will be changed in ways which may be adverse to holders of such Notes, without any requirement that the consent of such holders be obtained.

The market continues to develop in relation to risk free rates (including overnight rates) as a reference rate for Floating Rate Notes

Investors should be aware that the market continues to develop in relation to risk free rates, such as the Sterling Overnight Index Average ("SONIA") as a reference rate in the capital markets and its adoption an alternative to Sterling LIBOR. In particular, market participants and relevant working groups are exploring alternative reference rates based on risk free rates, including term SONIA reference rates (which seek to measure the market's forward expectation of an average SONIA rate over a designated term). The market, or a significant part thereof, may adopt an application of risk free rates that differs (also significantly) from that set out in the Conditions and used in relation to Notes referenced to a reference rate under the Programme. Interest on Notes which reference certain risk free rates is only capable of being determined immediately prior to the relevant Interest Payment Date. It may be difficult for investors in Notes which reference such risk free rate to reliably estimate the amount of interest which will be payable on such Notes. Furthermore, if the Notes become due and payable or are otherwise redeemed early on a date other than an Interest Payment Date, the Rate of Interest payable for the final Interest Period in respect of such Notes shall only be determined immediately prior to the date the Notes became due and payable and shall not be reset thereafter. Furthermore, with respect to SONIA linked Notes, the Issuer may in the future issue Notes referencing SONIA that differ materially in terms of interest determination when compared with any previous SONIA linked Notes issued by it under the Programme. The nascent development of Compounded Daily SONIA as an interest reference rate for the Eurobond markets, as well as continued development of SONIA-based rates for such market and the market infrastructure for adopting such rates, could result in reduced liquidity or increased volatility or could otherwise affect the market price of any SONIA-referenced Notes issued under the Programme from time to time. Investors should consider these matters when making their investment decision with respect to any such Floating Rate Notes.

The administrator of SONIA may make changes that could change the value of SONIA or discontinue SONIA

The Bank of England (or a successor), as administrator of SONIA, may make methodological or other changes that could change the value of SONIA, including changes related to the method by which SONIA is calculated, eligibility criteria applicable to the transactions used to calculate SONIA, or timing related to the publication of SONIA. In addition, the administrator may alter, discontinue or suspend calculation or dissemination of SONIA (in which case a fallback method of determining the interest rate on the Notes will apply). The administrator has no obligation to consider the interests of Noteholders when calculating, adjusting, converting, revising or discontinuing SONIA.

Euroclear and Clearstream transfers, payments and communications procedures

Notes issued under the Programme may be represented by one or more global Notes. Such global Notes will be deposited with a common depository or, as the case may be, common safekeeper for Euroclear and Clearstream, Luxembourg. Except in the circumstances described in the relevant global Notes, investors will not be entitled to receive definitive Notes. Euroclear and Clearstream, Luxembourg will maintain records of the beneficial interests in the global Notes. While the Notes are represented by one or more global Notes, investors will be able to trade their beneficial interests only through Euroclear and Clearstream, Luxembourg.

While the Notes are represented by one or more global Notes, the Issuer will discharge its payment obligations under the Notes by making payments to the common depository or, as the case may be, common safekeeper for Euroclear and Clearstream, Luxembourg for distribution to their account holders. A holder of a beneficial interest in a global Note must rely on the procedures of Euroclear and Clearstream, Luxembourg to receive payments under the relevant Notes. The Issuer has no responsibility or liability for the records relating to, or payments made in respect of, beneficial interests in the global Notes.

Holders of beneficial interests in the global Notes will not have a direct right to vote in respect of the relevant Notes. Instead, such holders will be permitted to act only to the extent that they are enabled by Euroclear and Clearstream, Luxembourg to appoint appropriate proxies.

Notes issued with a specific use of proceeds, such as a "Green Bond", "Social Bond" or "Sustainability Bond"

The applicable Final Terms relating to any specific Tranche of Notes may provide that it will be the Issuer's intention to apply the proceeds from an offer of those Notes specifically for projects and activities that promote "green" purposes ("**Green Bonds**" and "**Eligible Green Projects**"), "social" purposes ("**Social Bonds**" and "**Eligible Social Projects**") or

a combination of "green" and "social" purposes ("**Sustainability Bonds**" and "**Eligible Sustainability Projects**" and, together with the Eligible Green Projects and Eligible Social Projects, the "**Eligible Projects**").

Prospective investors should have regard to the information contained in the section "*Use of Proceeds*" and in the applicable Final Terms regarding such use of proceeds and must determine for themselves the relevance of such information for the purpose of any investment in such Notes together with any other investigation such investor deems necessary.

There is currently no firm market consensus as to what bonds may qualify as Green Bonds, Social Bonds, or Sustainability Bonds, or as to what precise attributes are required for a particular project to be defined as "green", in the case of Green Bonds, "social", in the case of Social Bonds, or "sustainable", in the case of Sustainability Bonds, or be given other equivalent label, nor can any assurance be given that a clear definition or consensus will develop over time. The lack of market consensus is, to a certain degree, mitigated through voluntary measures, such as by complying with the relevant set of principles published by the International Capital Market Association ("**ICMA**"), notably green bond principles (the "**Green Bond Principles**"), social bond principles (the "**Social Bond Principles**") and sustainability bond guidelines (the "**Sustainability Bond Guidelines**", and together with the Green Bond Principles and Social Bond Principles, the "**Principles**"), or by obtaining an external review.

The Principles aim to promote integrity of the Green, Social and Sustainability Bond markets through transparency, disclosure and reporting by the issuers. The Principles provide high-level categories for Eligible Projects and give other guidance on the key components involved in launching a credible Green, Social or Sustainability Bond. However, given a broad categorisation of project eligibility by the Principles, diversity of current market views and the ongoing development in the understanding of environmental and social issues and their consequences, a degree of uncertainty with respect to what projects or activities qualify as "green", "social" or "sustainability", and as a result which bonds qualify as Green, Social or Sustainability Bonds, may be inevitable.

On 18 December 2019, the Council and the European Parliament reached a political agreement on a regulation to establish a framework to facilitate sustainable development (the "**EU Taxonomy**"). On 9 March 2020, the European Union Technical Expert Group published its final report on the EU Taxonomy containing recommendations relating to the overarching design of the EU Taxonomy, as well as extensive implementation guidance on how companies and financial institutions can use and disclose against the taxonomy, including in relation to a future European standard for green bonds proposed by the Technical Expert Group on Sustainable Finance in 2019 (the "**EU Green Bond Standard**"). On 15 April 2020, the Council adopted by written procedure its position at first reading with respect to the Taxonomy Regulation. The European Parliament will have to vote on the text pursuant to the "early second reading agreement" procedure. On 12 June 2020, the European Commission launched a public consultation on the creation of the EU Green Bond Standard. On 6 July 2021, the European Commission presented its proposal for a Regulation to introduce the EU Green Bond Standard. Furthermore, Regulation (EU) 2020/852 on the establishment of a framework to facilitate sustainable investment of 18 June 2020, the Sustainable Finance Taxonomy Regulation Delegated Acts for climate change mitigation and adaptation adopted by the European Commission on 21 April 2021 and the Delegated Act supplementing Article 8 of the EU Taxonomy Regulation (together, the "**EU Taxonomy Regulation**") have been recently enacted and other relevant technical criteria are still being published.

Furthermore, it should be noted that, in connection with the issue of Green Bonds, Social Bonds and Sustainability Bonds, the Issuer may request a sustainability rating agency or sustainability consulting firm to issue a second-party opinion confirming that the relevant green and/or social and/or sustainable project, as the case may be have been defined in accordance with the broad categorisation of eligibility for green, social and sustainable projects set out in the Principles and/or a second-party opinion regarding the suitability of the Notes as an investment in connection with certain environmental, sustainability or social projects (any such second-party opinion, a "**Second-party Opinion**"). A Second-party Opinion may not reflect the potential impact of all risks related to the structure, market, additional risk factors discussed above and other factors that may affect the value of the Notes or the projects financed or refinanced toward an amount corresponding the net proceeds of the relevant issue of Green Bonds, Social Bonds and Sustainability Bonds. A Second-party Opinion would not constitute a recommendation to buy, sell or hold the relevant Green Bonds or Social Bonds or Sustainability Bonds and would only be current as of the date it is released. A withdrawal of the Second-party Opinion may affect the value of such Green Bonds, Social Bonds or Sustainability Bonds and/or may have consequences for certain investors with portfolio mandates to invest in green or social or sustainable assets.

Accordingly, no assurance is or can be given to investors that:

- the use of such proceeds for any Eligible Projects will satisfy, whether in whole or in part, any present or future investor expectations or requirements as regards any investment criteria or guidelines with which such investor or its investments are required to comply in accordance with any present or future applicable law or regulations or by its own by-laws or other governing rules or investment portfolio mandates (in particular with regard to any direct or indirect environmental, social or sustainability impact of any Eligible Projects);

- any Eligible Projects will meet any or all investor expectations regarding such “green”, “environmental”, “social” or “sustainable” or other equivalently-labelled performance objectives (including those set out under the EU Taxonomy Regulation) or that any adverse environmental, social and/or other impacts will not occur during the implementation of any Eligible Projects. Moreover, where adverse impacts are insufficiently mitigated, the relevant Eligible Project may become controversial and may generate negative market opinion;
- as to the suitability or reliability for any purpose whatsoever of any external reviews (whether or not solicited by the Issuer) which may or may not be made available in connection with the issue of any Notes and in particular with any Eligible Projects to fulfil any environmental, social and/or sustainability criteria. For the avoidance of doubt, any such external reviews, when made, shall not be deemed to be, incorporated in and/or form part of this Base Prospectus nor shall be deemed to be, a recommendation by the Issuer, the Dealers or any other person to buy, sell or hold any such Notes. Any such external review shall only be current as of its date. Prospective investors must determine for themselves the relevance of any such review and/or the information contained therein and/or the provider of such review for the purpose of any investment in such Notes. Currently, only some of the providers of such external reviews are subject to existing professional standards (professional accountants) and/or subject to regulatory regimes (regulated credit rating agencies), with the rest of the providers not being subject to any specific regulatory or other regime or oversight.

In the event that any such Notes are listed or admitted to trading on any dedicated "green", "social", "sustainable" or other equivalently-labelled segment of any stock exchange or securities market (whether or not regulated), no representation or assurance is given by the Issuer, the Dealers or any other person that such listing or admission satisfies, whether in whole or in part, any present or future investor expectations or requirements as regards any investment criteria or guidelines with which such investor or its investments are required to comply, whether by any present or future applicable law or regulations or by its own by-laws or other governing rules or investment portfolio mandates, in particular with regard to any direct or indirect environmental, social or sustainability impact of a relevant Eligible Project. Furthermore, it should be noted that the criteria for any such listings or admission to trading may vary from one stock exchange or securities market to another. Nor is any representation or assurance given or made by the Issuer, the Dealers or any other person that any such listing or admission to trading will be obtained in respect of any such Notes or, if obtained, that any such listing or admission to trading will be maintained during the life of the Notes.

With reference to any Notes in respect of which the applicable Final Terms state that the proceeds will be used to finance or refinance Eligible Projects, while it is the intention of the Issuer to apply the net proceeds of any Notes in such a manner, there can be no assurance that the relevant projects will be capable of being implemented in or substantially in such manner and/or in accordance with any timing schedule and that accordingly such proceeds will be totally disbursed for the specified Green, Social or Sustainability Projects. Nor can there be any assurance that such Eligible Projects will be completed within any specified period or at all or with the results or outcome (whether or not related to the environment) as originally expected or anticipated by the Issuer.

Any such event or failure by the Issuers will not (i) give rise to any claim of a Noteholder against the Issuers; (ii) constitute an Event of Default under the relevant Notes; (iii) lead to an obligation of the Issuers to redeem such Notes or be a relevant factor for the Issuers in determining whether or not to exercise any optional redemption rights in respect of any Notes; (iv) affect the qualification of such Notes as *strumenti di debito chirografario di secondo livello*, Tier 2 Capital or as eligible liabilities instruments (as applicable); (v) have any impact on the status of the Notes as indicated in Conditions 2(b) (*Status of Senior Preferred Notes*), 2(c) (*Status of Senior Non-Preferred Notes*) and 2(d) (*Status of Subordinated Notes*) of the Terms and Conditions for the English Law Notes and in Conditions 2(b) (*Status of Senior Preferred Notes*), 2(c) (*Status of Senior Non-Preferred Notes*) and 2(d) (*Status of Subordinated Notes*) of the Terms and Conditions for the Italian Law Notes (as the case may be) or (vi) prevent the applicability of the Bail-in Power. For the avoidance of doubt, neither the proceeds of any Green Bonds, Social Bonds or Sustainability Bonds nor any amount equal to such proceeds will be segregated by the Issuer from its capital and other assets and payments of principal and interest (as the case may be) on the relevant Green Bonds, Social Bonds or Sustainability Bonds shall not depend on the performance of the relevant project nor have any preferred right against such assets.

Green Bonds, Social Bonds or Sustainability Bonds, as any other Bonds, will be fully subject to the application of CRR eligibility criteria and BRRD requirements for own funds and eligible liabilities instruments and, as such, proceeds from Green Bonds, Social Bonds or Sustainability Bonds qualifying as own funds or eligible liabilities should cover all losses in the balance sheet of the Issuer regardless of their "green", "social" or "sustainable" or such other equivalent label.

Any failure to apply the proceeds of any issue of Notes for any Eligible Projects as aforesaid and/or withdrawal of any opinion or certification or any opinion or certification attesting that the Issuer is not complying, in whole or in part, with any matters for which such opinion or certification is opining or certifying on and/or any Notes no longer being listed or admitted to trading on any stock exchange or securities market as aforesaid may have a material adverse effect on the value of such Notes and also potentially the value of any other Notes which are intended to finance or refinance Eligible

Projects, and/or result in adverse consequences for certain investors with portfolio mandates to invest in securities to be used for a particular purpose.

No Dealer makes any representation as to the suitability of the Eligible Projects to fulfil environmental and sustainability criteria. The Dealers have not undertaken, nor are responsible for, any assessment of the eligibility criteria, any verification of whether the Green Projects, Social Projects or Sustainability Bonds meet the eligibility criteria, or the monitoring of the use of proceeds. Investors should refer to the Issuer's framework once available on its website for information and should determine for themselves the relevance of the information contained in this Base Prospectus regarding the use of proceeds and their investment should be based upon such investigation as they deem necessary.

Risks related to the market generally

Set out below is a brief description of the principal market risks, including liquidity risk, exchange rate risk, interest rate risk and credit risk.

The secondary market generally

Notes may have no established trading market when issued, and one may never develop. Accordingly, there is no assurance as to the development or liquidity of any trading market for the Notes. If a market does develop, it may not be very liquid. Therefore, investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. If the Notes are traded after their initial issuance, they may be traded at a discount to their initial offering price, depending upon prevailing interest rates, the market for similar securities, general economic conditions and the financial conditions of the Issuer. This is particularly the case for Notes that are especially sensitive to interest rate, currency or market risks, are designed for specific investment objectives or strategies or have been structured to meet the investment requirements of limited categories of investors. These types of Notes would generally have a more limited secondary market and more price volatility than conventional debt securities. Illiquidity may have a severely adverse effect on the market value of Notes, although application has been made to list the Notes on the Official List of the Luxembourg Stock Exchange.

Exchange rate risks and exchange controls

The Issuer will pay principal and interest on the Notes in the Specified Currency. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the "**Investor's Currency**") other than the Specified Currency. These include the risk that exchange rates may change significantly (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Specified Currency would decrease (i) the Investor's Currency-equivalent yield on the Notes, (ii) the Investor's Currency-equivalent value of the principal payable on the Notes and (iii) the Investor's Currency-equivalent market value of the Notes.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive less interest or principal than expected, or no interest or principal.

Rating

Credit or corporate ratings may not reflect all risks. One or more independent rating agencies may assign ratings to the Notes and/or the Issuer. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed in this paragraph, and other factors that may affect the value of the Notes or the standing of the Issuer. A credit rating and/or a corporate rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by the rating agency at any time. Any adverse change in the applicable credit rating could adversely affect the trading price of the Notes.

Interest rate risks

Investment in Fixed Rate Notes involves the risk that if market interest rates subsequently increase above the rate paid on the Fixed Rate Notes, this will adversely affect the value of the Fixed Rate Notes.

Alternative Performance Measures

In order to better evaluate the BPER Group financial management performance, the management has identified several alternative performance measures ("APM"). The management believes that these APMs provide useful information for investors as regards the financial position, cash flows and financial performance of the same, because they facilitate the identification of significant operating trends and financial parameters. This Base Prospectus contains alternative performance measures as defined by the European Securities and Markets Authority's Guidelines on Alternative Performance Measures (ESMA/2015/1415), which are used by the management of the Issuer to monitor its financial and operating performance.

For any further information related to APMs see also the relevant footnotes on relevant tables referred to performance ratios data as at 30 June 2021, 31 March 2021, 31 December 2020, 30 June 2020, 31 December 2019.

It should be noted that:

- (i) the APMs are based exclusively on the BPER and BPER Group historical data and are not indicative of the future performance;
- (ii) the APMs are not derived from IFRS and, as they are derived from the consolidated financial statements of BPER and BPER Group prepared in conformity with these principles, they are not subject to audit;
- (iii) the APMs are non-IFRS financial measures and are not recognised as measures of performance or liquidity under IFRS and should not be recognised as alternative to performance measure derived in accordance with IFRS or any other generally accepted accounting principles;
- (iv) the APMs should be read together with financial information for BPER and BPER Group taken from the Issuer's unaudited consolidated half-year report (including limited review report) as at 30 June 2021, the Issuer's unaudited consolidated interim report on operations (without a review report) as at 31 March 2021, the Issuer's consolidated audited annual financial statements, including the auditors' report thereon, notes thereto and the relevant accounting principles in respect of the year ended on 31 December 2020, the Issuer's unaudited consolidated half-year report (including limited review report) as at 30 June 2020 and the Issuer's consolidated audited annual financial statements, including the auditors' report thereon, notes thereto and the relevant accounting principles in respect of the year ended on 31 December 2019;
- (v) since all companies do not calculate APMs in an identical manner, the presentation of BPER and BPER Group may not be consistent with similar measures used by other companies. Therefore, undue reliance should not be placed on these data;
- (vi) the APMs and definitions used herein are consistent and standardised for all the period for which financial information in this Base Prospectus are included.

The information that is not included in the cross-reference list above is considered as not incorporated by reference and is either not relevant for investors or covered elsewhere in the Base Prospectus.

The information contained in the documents that is not included in the cross-reference list above is considered as additional information and is not required by the relevant schedules of the Commission Regulation 2019/980.

Each Temporary Global Note which is not intended to be issued in NGN form, as specified in the applicable Final Terms, will be delivered to a common depositary for Euroclear and Clearstream, Luxembourg and each Temporary Global Note which is intended to be issued in NGN form, as specified in the applicable Final Terms, will be deposited on or around the issue date of the relevant Tranche of the Notes with a common safekeeper for Euroclear and/or Clearstream, Luxembourg.

On 13 June 2006, the ECB announced that Notes in NGN form are in compliance with the "Standards for the use of EU securities settlement systems in ESCB credit operations" of the central banking system for the euro (the "**Eurosystem**"), **provided that** certain other criteria are fulfilled. At the same time the ECB also announced that arrangements for Notes in NGN form will be offered by Euroclear and Clearstream Luxembourg as of 30 June 2006 and that debt securities in global bearer form issued through Euroclear and Clearstream, Luxembourg after 31 December 2006 will only be eligible as collateral for Eurosystem operations if the NGN form is used.

The applicable Final Terms will also specify either that the United States Treasury Regulation §1.1635(c)(2)(i)(D) (the "**TEFRA D Rules**") are applicable in relation to the Notes or, if the Notes do not have a maturity of more than 365 days, that the TEFRA D Rules are not applicable.

Whilst any Note is represented by a Temporary Global Note, payments of principal and interest (if any) due prior to the Exchange Date (as defined below) will be made (against presentation of the Temporary Global Note if the Temporary Global Note is not intended to be issued in NGN form) only to the extent that certification (in a form to be provided) to the effect that the beneficial owners of interests in such Temporary Global Note are not US persons or persons who have purchased for resale to any US person, as required by U.S. Treasury Regulations has been received by Euroclear and/or Clearstream, Luxembourg and Euroclear and/or Clearstream, Luxembourg, as applicable, has given a like certification (based on the certifications it has received) to the Agent. Any reference in this section "*Form of the Notes*" to Euroclear and/or Clearstream, Luxembourg shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearance system approved by the Issuer, the Agent and, in the case of English Law Notes, the Trustee.

On and after the date (the "**Exchange Date**") which is 40 days after the completion of the distribution of the Notes, interests in the Temporary Global Note will be exchangeable upon request as described therein either for interests in a permanent global note ("**Permanent Global Note**") without vouchers, interest coupons or talons for the Series of Notes to which the relevant Tranche of Notes relates or for Notes in definitive form ("**definitive Notes**" or "**Definitive Notes**") (as indicated in the applicable Final Terms and subject, in the case of definitive Notes, with, where applicable, vouchers, interest coupons and talons attached, to such notice period as is specified in the applicable Final Terms), in each case against certification of beneficial ownership as described in the preceding paragraph unless certification has already been given. On and after the Exchange Date, the holder of a Temporary Global Note will not be entitled to receive any payment of interest or principal thereon. Pursuant to the Agency Agreement for the English Law Notes (as defined in "*Terms and Conditions for the English Law Notes*" below) and pursuant to the Agency Agreement for the Italian Law Notes (as defined under "*Terms and Conditions for the Italian Law Notes*"), the Agent shall arrange that, where a further Tranche of Notes is issued, the Notes of such Tranche shall be assigned a common code and an ISIN by Euroclear and Clearstream, Luxembourg which are different from the common code and ISIN assigned to Notes of any other Tranche of the same Series until at least 40 days after the completion of the distribution of the Notes of such Tranche as notified by the Agent to the relevant Dealer(s).

Payments of principal and interest (if any) on a Permanent Global Note will be made through Euroclear and/or Clearstream, Luxembourg (against presentation or surrender (as the case may be) of the Permanent Global Note if the Permanent Global Note is not intended to be issued in NGN form) without any requirement for certification. Each Permanent Global Note will be exchangeable for definitive Notes only in accordance with its terms. Global Notes and definitive Notes will be issued pursuant to the Agency Agreement for the English Law Notes or the Agency Agreement for the Italian Law Notes (as applicable) and, in the case of English Law Notes, the Trust Deed.

The following legend will appear on all global Notes, definitive Notes, vouchers, interest coupons, and talons in the case of any Tranche of Notes having a maturity of more than 365 days:

(a) **Interest on Fixed Rate Notes**

- (i) Each Fixed Rate Note bears interest on its nominal amount from (and including) the Interest Commencement Date at the rate(s) per annum equal to the fixed Rate(s) of Interest payable in arrear on the Interest Payment Date(s) in each year and on the Maturity Date if that does not fall on an Interest Payment Date. The Rate of Interest may be specified in the applicable Final Terms (i) as the same Rate of Interest payable on all Interest Payment Dates or (ii) as a different Rate of Interest payable on one or more Interest Payment Dates, including by way of a fixed Rate of Interest which is subject to one or more resets as specified in the applicable Final Terms. The first payment of interest will be made on the Interest Payment Date next following the Interest Commencement Date and, if the first anniversary of the Interest Commencement Date is not an Interest Payment Date, will amount to the Initial Broken Amount specified in the applicable Final Terms. If the Maturity Date is not an Interest Payment Date, interest from (and including) the preceding Interest Payment Date (or the Interest Commencement Date, as the case may be) to (but excluding) the Maturity Date will amount to the Final Broken Amount specified in the applicable Final Terms. The applicable Final Terms may also specify other Broken Amounts and the Interest Payment Date(s) on which such Broken Amounts are payable in circumstances where payments of interest not amounting to a full year's interest are due. The amount of interest payable in respect of each Note for any Interest Period shall be the relevant fixed coupon

amount specified in the applicable Final Terms (the "**Fixed Coupon Amount**") and if the Notes are in more than one Specified Denomination, shall be the relevant Fixed Coupon Amount in respect of the relevant Specified Denomination.

- (ii) If interest is required to be calculated for a period for which a Fixed Coupon Amount is not specified, such interest shall be calculated:

if "**Actual/Actual (ICMA)**" is so specified, means:

- (a) where the Calculation Period is equal to or shorter than the Regular Period during which it falls, the actual number of days in the Calculation Period divided by the product of (1) the actual number of days in such Regular Period and (2) the number of Regular Periods in any year; and
- (b) where the Calculation Period is longer than one Regular Period, the sum of:
- (A) the actual number of days in such Calculation Period falling in the Regular Period in which it begins divided by the product of (1) the actual number of days in such Regular Period and (2) the number of Regular Periods in any year; and
- (B) the actual number of days in such Calculation Period falling in the next Regular Period divided by the product of (a) the actual number of days in such Regular Period and (2) the number of Regular Periods in any year; or
- (c) if "**30/360**" is so specified, the number of days in the Calculation Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

"**Y₁**" is the year, expressed as a number, in which the first day of the Calculation Period falls;

"**Y₂**" is the year, expressed as a number, in which the day immediately following the last day included in the Calculation Period falls;

"**M₁**" is the calendar month, expressed as a number, in which the first day of the Calculation Period falls;

"**M₂**" is the calendar month, expressed as number, in which the day immediately following the last day included in the Calculation Period falls;

"**D₁**" is the first calendar day, expressed as a number, of the Calculation Period, unless such number would be 31, in which case D₁ will be 30; and

"**D₂**" is the calendar day, expressed as a number, immediately following the last day included in the Calculation Period, unless such number would be 31 and D₁ is greater than 29, in which case D₂ will be 30.

In Condition 3: (a) "**Interest Period**" means each period on (and including) the Interest Commencement Date and ending on (but excluding) the next Interest Payment Date; and (b) "**Regular Period**" means (i) in the case of Notes where interest is scheduled to be paid only by means of regular payments, each period from and including the Interest Commencement Date to but excluding the first Interest Payment Date and each successive period from and including one Interest Payment Date to but excluding the next Interest Payment Date, (ii) in the case of Notes where, apart from the first Interest Period, interest is scheduled to be paid only by means of regular payments, each period from and including a Regular Date falling in any year to but excluding the next Regular Date, where "**Regular Date**" means the day and month (but not the year) on which any Interest Payment Date falls and (iii) in the case of Notes where, apart from one Interest Period other than the first Interest Period, interest is scheduled to be paid only by means of regular payments, each period from and including a Regular Date falling in any year to but excluding the next Regular Date, where "**Regular Date**" means the day and month (but not the year) on which any Interest Payment Date falls other than the Interest Payment Date falling at the end of the irregular Interest Period.

Condition 3(b) below is applicable to the Notes if the Reset Note Provisions are specified in the applicable Final Terms as being applicable.

(b) **Interest on Reset Notes**

(i) *Rates of Interest and Interest Payment Dates*

If (in case of the Senior Preferred Notes and Subordinated Notes only) the Reset Note Provisions are specified in the applicable Final Terms as being applicable, then such Reset Note bears interest:

- (A) from (and including) the Interest Commencement Date until (but excluding) the First Reset Date at the Initial Rate of Interest;
- (B) from (and including) the First Reset Date until (but excluding) the Second Reset Date or, if no such Second Reset Date is specified in the applicable Final Terms, the Maturity Date at the rate per annum equal to the First Reset Rate of Interest; and
- (C) for each Subsequent Reset Period thereafter (if any), at the relevant Subsequent Reset Rate of Interest,

payable, in each case, in arrear on each Interest Payment Date and on the Maturity Date if that does not fall on an Interest Payment Date. The Rate of Interest and the Interest Amount payable shall be determined by the Calculation Agent, (i) in the case of the Rate of Interest, at or as soon as practicable after each time at which the Rate of Interest is to be determined, and (ii) in the case of the Interest Amount in accordance with the provisions for calculating amounts of interest in Condition 3(a) (*Interest on Fixed Rate Notes*).

(ii) *Fallbacks*

Subject to Condition 3(f) (*Benchmark replacement*), if on any Reset Determination Date the Relevant Screen Page is not available or the Mid-Swap Rate does not appear on the Relevant Screen Page, the Calculation Agent shall request each of the Reference Banks (as defined below) to provide the Calculation Agent with its Mid-Market Swap Rate Quotation as at approximately 11.00 a.m. in the principal financial centre of the Specified Currency on the Reset Determination Date in question.

If two or more of the Reference Banks provide the Calculation Agent with Mid-Market Swap Rate Quotations, the First Reset Rate of Interest or the Subsequent Reset Rate of Interest (as applicable) for the relevant Reset Period shall be the sum of the arithmetic mean (rounded, if necessary, to the nearest 0.001 per cent (0.0005 per cent being rounded upwards)) of the relevant Mid-Market Swap Rate Quotations and the First Margin or Subsequent Margin (as applicable), all as determined by the Calculation Agent.

If on any Reset Determination Date only one or none of the Reference Banks provides the Calculation Agent with a Mid-Market Swap Rate Quotation as provided in the foregoing provisions of this paragraph, the First Reset Rate of Interest or the Subsequent Reset Rate of Interest (as applicable) shall be determined to be the Rate of Interest as at the last preceding Reset Date or, in the case of the first Reset Determination Date, the First Reset Rate of Interest shall be the Initial Rate of Interest.

For the purposes of this Condition 3(b):

"Mid-Swap Rate" means, in relation to a Reset Determination Date and subject to Condition 3(b) (ii) (*Interest on Reset Notes - Fallbacks*), either:

(i) with a term equal to the relevant Reset Period; and

relevant Reset Determination Date as the sum of the relevant Mid-Swap Rate and the relevant Subsequent Margin.

Condition 3(c) below is applicable to the Notes (a) if the Floating Rate Note Provisions are specified in the applicable Final Terms as being applicable; and (b) if the Fixed-Floating Rate Note Provisions or the Floating-Fixed Rate Note Provisions are specified in the applicable Final Terms as being applicable, in respect of those Interest Periods for which the Floating Rate Note Provisions are stated to apply.

(c) **Interest on Floating Rate Notes, including CMS Linked Interest Notes and SONIA Linked Interest Notes**

(i) **Interest Payment Dates**

Each Floating Rate Note, including CMS Linked Interest Note and SONIA Linked Notes, bears interest on its nominal amount from (and including) the Interest Commencement Date and such interest will be payable in arrear on either:

- (A) the Interest Payment Date(s) in each year, or
- (B) if no express Interest Payment Date(s) is/are specified in the applicable Final Terms, each date (each an "**Interest Payment Date**") which falls the number of months or other period specified as the Interest Period in the applicable Final Terms after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

If a business day convention is specified in the applicable Final Terms and if any Interest Payment Date would otherwise fall on a day which is not a Business Day, then, if the business day convention specified is:

- (1) in any case where Interest Periods are specified in accordance with Condition 3(c)(i)(B) above, the Floating Rate Convention, FRN Convention or Eurodollar Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event (A) such Interest Payment Date shall be brought forward to the immediately preceding Business Day and (B) each subsequent Interest Payment Date shall be the last Business Day in the month which falls the number of months or other period specified as the Interest Period in the applicable Final Terms after the preceding applicable Interest Payment Date occurred; or
- (2) the Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day; or
- (3) the Modified Following Business Day Convention or Modified Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Payment Date shall be brought forward to the immediately preceding Business Day; or

(ii) *Rate of Interest*

The Rate of Interest payable from time to time in respect of Floating Rate Notes, including CMS Linked Interest Notes and SONIA Linked Notes, will be determined in the manner specified in the applicable Final Terms.

(A) *ISDA Determination for Floating Rate Notes*

Where, in respect of Senior Preferred Notes only, ISDA Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will be the relevant ISDA Rate plus or minus (as indicated in the applicable Final Terms) the Margin (if any). For the purposes of this sub-paragraph (A), "**ISDA Rate**" for an Interest Period means a rate equal to the Floating Rate that would be determined by the Calculation Agent under an interest rate swap transaction if the Calculation Agent or such other person acting as calculation agent for that swap transaction under the terms of an agreement incorporating the 2006 ISDA Definitions (as amended and updated as at the date of issue of the first Tranche of the Notes of the relevant Series (as specified in the applicable Final Terms) as published by the International Swaps and Derivatives Association, Inc.) (the "**ISDA Definitions**") and under which:

- (i) the Floating Rate Option is as specified in the applicable Final Terms;
- (ii) the Designated Maturity is a period specified in the applicable Final Terms; and
- (iii) the relevant Reset Date is either (i) if the applicable Floating Rate Option is based on the Euro-Zone inter-bank offered rate ("**EURIBOR**") for a currency, the first day of that Interest Period or (ii) in any other case, as specified in the applicable Final Terms.

For the purposes of this sub-paragraph (A), "**Floating Rate**", "**Calculation Agent**", "**Floating Rate Option**", "**Designated Maturity**", "**Euro-Zone**" and "**Reset Date**" have the meanings given to those terms in the ISDA Definitions.

When this sub-paragraph (A) applies, in respect of each relevant Interest Period the Calculation Agent will be deemed to have discharged its obligations under Condition 3(c)(iv) (*Determination of Rate of Interest and Calculation of Interest Amounts*) in respect of the determination of the Rate of Interest if it has determined the Rate of Interest in respect of such Interest Period in the manner provided in this sub-paragraph (A).

(B) *Screen Rate Determination for Floating Rate Notes other than Floating Rate Notes linked to SONIA or the CMS Rate*

Where Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined and "CMS Rate" and "SONIA" is not specified as the Reference Rate in the Final Terms, the Rate of Interest for each Interest Period will, subject as provided below, be either:

- (i) the offered quotation; or
- (ii) the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the offered quotations,

(expressed as a percentage rate per annum) for the Reference Rate which appears or appear, as the case may be, on the Relevant Screen Page as at the Relevant Time (as specified in the applicable Final Terms) on the Interest Determination Date in question plus or minus (as indicated in the applicable Final Terms) the Margin (if any), all as determined by the Calculation Agent. If five or more such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Calculation Agent for the purpose of determining the arithmetic mean (rounded as provided above) of such offered quotations.

Subject to Condition 3(f) (*Benchmark replacement*), if the Relevant Screen Page is not available or if, in the case of (i) above, no such offered quotation appears or, in the case of (ii) above, fewer than three such offered quotations appear, in each case as at the Relevant Time, the Calculation Agent shall request the principal Relevant Financial Centre (as specified in the applicable Final Terms) office of each of the Reference Banks (as defined below) to provide

the Calculation Agent with its offered quotation (expressed as a percentage rate per annum) for the Reference Rate at approximately the Relevant Time on the Interest Determination Date in question. If two or more of the Reference Banks provide the Calculation Agent with such offered quotations, the Rate of Interest for such Interest Period shall be the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of such offered quotations plus or minus (as appropriate) the Margin (if any), all as determined by the Calculation Agent.

If on any Interest Determination Date one only or none of the Reference Banks provides the Calculation Agent with such offered quotations as provided in the preceding paragraph, the Rate of Interest for the relevant Interest Period shall be the rate per annum which the Calculation Agent determines as being the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the rates quoted by four major banks in the Principal Financial Centre (defined below) of the Specified Currency selected by the Calculation Agent, at approximately 11.00 a.m. (local time in the Principal Financial Centre of the Specified Currency) on the Interest Determination Date for loans in the Specified Currency to leading European banks for a period of the duration of the relevant Interest Period and in an amount that is representative for a single transaction in the relevant market at the relevant time plus or minus (as appropriate) the Margin (if any) **provided that**, if the Rate of Interest cannot be determined in accordance with the foregoing provisions of this paragraph, the Rate of Interest shall be determined as at the last preceding Interest Determination Date (though substituting, where a different Margin is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin relating to the relevant Interest Period, in place of the Margin relating to that last preceding Interest Period).

In this Condition 3:

"Reference Rate" means the rate specified in the applicable Final Terms.

"Reference Banks" means four major banks selected by the Issuer in the market that is most closely connected with the Reference Rate.

"Principal Financial Centre" means, in relation to any currency, the principal financial centre for that currency **provided, however, that** (x) in relation to euro, it means the principal financial centre of such Member State of the European Union as is selected by the Calculation Agent and (y) in relation to Australian dollars, it means either Sydney or Melbourne and, in relation to New Zealand dollars, it means either Wellington or Auckland, in each case as is selected by the Calculation Agent.

"Additional Business Centre" means the city or cities specified as such in the applicable Final Terms.

(C) *Screen Rate Determination for Floating Rate Notes which are CMS Linked Interest Notes*

If Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate(s) of Interest is/are to be determined and "CMS Rate" is specified as the Reference Rate in the Final Terms, the Rate of Interest applicable to the Notes for each Interest Period will be determined by the Calculation Agent by reference to the following formula:

CMS Rate plus Margin

If the Relevant Screen Page is not available, the Calculation Agent shall request each of the CMS Reference Banks to provide the Calculation Agent with its quotation for the Relevant Swap Rate at approximately 11.00 a.m. (local time in the Principal Financial Centre of the Specified Currency) on the Interest Determination Date in question. If at least three of the CMS Reference Banks provide the Calculation Agent with such quotation, the CMS Rate for such Interest Period shall be the arithmetic mean of such quotations, eliminating the highest quotation (or, in the event of equality, one of the highest) and the lowest quotation (or, in the event of equality, one of the lowest).

If on any Interest Determination Date less than three or none of the CMS Reference Banks provides the Calculation Agent with such quotations as provided in the preceding paragraph, the CMS Rate shall be determined by the Calculation Agent in good faith on such commercial basis as considered appropriate by the Calculation Agent in its absolute discretion, in accordance with standard market practice.

In this Condition 3(c)(ii)(C):

"**CMS Rate**" shall mean the applicable swap rate for swap transactions in the Reference Currency with a maturity of the Designated Maturity, expressed as a percentage, which appears on the Relevant Screen Page as at the Relevant Time on the Interest Determination Date in question, all as determined by the Calculation Agent;

"**CMS Reference Banks**" means (i) where the Reference Currency is Euro, the principal office of five major banks in the Euro-zone inter-bank market, (ii) where the Reference Currency is Sterling, the principal London office of five major banks in the London inter-bank market, (iii) where the Reference Currency is United States dollars, the principal New York City office of five major banks in the New York City inter-bank market, or (iv) in the case of any other Reference Currency, the principal Relevant Financial Centre office of five major banks in the Relevant Financial Centre inter-bank market, in each case selected by the Issuer;

"**Designated Maturity**" has the meaning given in the applicable Final Terms;

"**Reference Currency**" has the meaning given in the applicable Final Terms;

"**Relevant Swap Rate**" means:

- (a) where the Reference Currency is Euro, the mid-market annual swap rate determined on the basis of the arithmetic mean of the bid and offered rates for the annual fixed leg, calculated on a 30/360 day count basis, of a fixed-for-floating euro interest rate swap transaction with a term equal to the Designated Maturity commencing on the first day of the relevant Interest Period and in a Representative Amount with an acknowledged dealer of good credit in the swap market, where the floating leg, in each case calculated on an Actual/360 day count basis, is equivalent to EUR-EURIBOR-Reuters (as defined in the ISDA Definitions) with a designated maturity determined by the Calculation Agent by reference to standard market practice and/or the ISDA Definitions.
- (b) where the Reference Currency is any other currency or if the Final Terms specify otherwise, the mid-market swap rate as determined in accordance with the applicable Final Terms; and

"**Representative Amount**" means an amount that is representative for a single transaction in the relevant market at the relevant time.

(D) *Screen Rate Determination for Floating Rate Notes which are linked to SONIA*

If Screen Rate Determination is specified in the relevant Final Terms as the manner in which the Rate(s) of Interest is/are to be determined and "SONIA" is specified as the Reference Rate in the relevant Final Terms, the Rate of Interest applicable to the Notes for each Interest Period shall be Compounded Daily SONIA plus or minus the Margin (if any) as specified in the applicable Final Terms, subject to Condition 3(f).

If in respect of any Business Day in the relevant Observation Period, the Calculation Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the applicable Final Terms) determines that the applicable SONIA Reference Rate is not available on the Relevant Screen Page or has not otherwise been published by the relevant authorised distributors, the SONIA Reference Rate in respect of such Business Day shall be: (A) (i) the Bank of England's Bank Rate (the "Bank Rate") prevailing at close of business on such Business Day; plus (ii) the mean of the spread of the SONIA Reference Rate to the Bank Rate over the previous five days on which a SONIA Reference Rate has been published, excluding the highest spread (or, if there is more than one highest spread, one only of those highest spreads) and lowest spread (or, if there is more than one lowest spread, one only of those lowest spreads) to the Bank Rate, or (B) if such Bank Rate is not available, the SONIA Reference Rate published on the Relevant Screen Page (or otherwise published by the relevant authorised distributors) for the first preceding Business Day on which the SONIA Reference Rate was published on the Relevant Screen Page (or otherwise published by the relevant authorised distributors).

Where the SONIA Reference Rate is being determined in accordance with the paragraph above, in the event the Bank of England publishes guidance as to (i) how the SONIA Reference Rate is to be determined; or (ii) any rate that is to replace the SONIA Reference Rate, the Calculation

Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the applicable Final Terms) shall, to the extent that it is reasonably practicable, follow such guidance in order to determine the SONIA Reference Rate for any Business Day “i” for the purpose of the relevant Series of Notes for so long as the SONIA Reference Rate is not available or has not been published by the authorised distributors.

In the event that the Rate of Interest cannot be determined in accordance with the foregoing provisions by the Calculation Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the applicable Final Terms), subject to Condition 3(f), the Rate of Interest shall be (i) that determined as at the last preceding Interest Determination Date (though substituting, where a different Margin, Maximum Rate of Interest and/or Minimum Rate of Interest (as the case may be) is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin or Maximum Rate of Interest or Minimum Rate of Interest relating to the relevant Interest Period in place of the Margin, Maximum Rate of Interest and/or Minimum Rate of Interest (as the case may be) relating to that last preceding Interest Period); or (ii) if there is no such preceding Interest Determination Date, the initial Rate of Interest which would have been applicable to such Series of Notes for the first Interest Period had the Notes been in issue for a period equal in duration to the scheduled first Interest Period but ending on (and excluding) the Interest Commencement Date (including applying the Margin and any Maximum Rate of Interest or Minimum Rate of Interest applicable to the first Interest Period).

If the relevant Series of Notes become due and payable in accordance with Condition 9 (Events of Default and Enforcement), the final Interest Determination Date shall, notwithstanding any Interest Determination Date specified in the applicable Final Terms, be deemed to be the date on which such Notes became due and payable and the Rate of Interest on such Notes shall, for so long as any such Notes remain outstanding, be that determined on such date.

For the purposes of this sub-paragraph 3(c)(ii)(D): “Compounded Daily SONIA” means, with respect to an Interest Period, the rate of return of a daily compound interest investment (with the daily Sterling overnight reference rate as reference rate for the calculation of interest) and will be calculated by the Calculation Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the applicable Final Terms) on the Interest Determination Date, as follows, and the resulting percentage will be rounded if necessary to the third decimal place, with 0.0005 being rounded upwards:

$$\left[\prod_{i=1}^{d_0} \left(1 + \frac{SONIA_{i-pLBD} \times n_i}{365} \right) - 1 \right] \times \frac{365}{d}$$

Where:

“**d**” is the number of calendar days in the relevant Interest Period;

“**do**” is the number of Business Days in the relevant Interest Period;

“**i**” is a series of whole numbers from one to do, each representing the relevant Business Day in chronological order from, and including, the first Business Day in the relevant Interest Period;

“**LBD**” means a Business Day;

“**ni**”, for any Business Day “i”, means the number of calendar days from and including such Business Day “i” up to but excluding the following Business Day;

“**p**” means for any Interest Period, 5 (five) Business Days or such other number of Business Days as specified in the applicable Final Terms provided that such number shall not be less than 5 (five) Business Days unless otherwise agreed between the Issuer and the Agent; and

“**SONIA_{i-pLBD}**” means in respect of any Business Day falling in the relevant Interest Period, the SONIA Reference Rate for the Business Day falling “p” Business Days prior to that Business Day “i”;

“**Observation Period**” means the period from and including the date falling five Business Days prior to the first day of the relevant Interest Period and ending on, but excluding, the date falling five Business Days prior to the Interest Payment Date for such Interest Period (or, if applicable, the date falling five Business Days prior to any other date on which a payment of interest is to be made in respect of the Notes).

“**SONIA Reference Rate**” means in respect of any Business Day, a reference rate equal to the daily Sterling Overnight Index Average (“SONIA”) rate for such Business Day as provided by the administrator of SONIA to authorised distributors and as then published on the screen or, if the screen is unavailable, as otherwise published by such authorised distributors (on the Business Day immediately following such Business Day).

(iii) *Minimum and/or Maximum Interest Rate*

If the applicable Final Terms specifies a Minimum Interest Rate for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of paragraph (ii) above is less than such Minimum Interest Rate, the Rate of Interest for such Interest Period shall be such Minimum Interest Rate. If the applicable Final Terms specifies a Maximum Interest Rate for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of paragraph (ii) above is greater than such Maximum Interest Rate, the Rate of Interest for such Interest Period shall be such Maximum Interest Rate. The provisions relating to the Maximum or Minimum Interest Rate, however, shall not apply to the Senior Non-Preferred Notes and shall not be specified at any time in the applicable Final Terms.

(iv) *Determination of Rate of Interest and Calculation of Interest Amounts*

The Calculation Agent will at or as soon as practicable after each time at which the Rate of Interest is to be determined, determine the Rate of Interest for the relevant Interest Period. Where the Calculation Agent is not the Agent, the Calculation Agent will notify the Agent of the Rate of Interest for the relevant Interest Period as soon as practicable after calculating the same.

The Calculation Agent will calculate the amount of interest (the “**Interest Amount**”) payable on the Floating Rate Notes or CMS Linked Interest Notes in respect of each Specified Denomination for the relevant Interest Period. Each Interest Amount shall be calculated by applying the Rate of Interest to the Calculation Amount, multiplying such sum by the applicable Day Count Fraction and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards and multiplying such rounded figure by a fraction equal to the Specified Denomination of such Note divided by the Calculation Amount. For this purpose a “**sub-unit**” means, in the case of any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, in the case of euro, means one cent.

If the Reset Note Provisions are specified in the applicable Final Terms as being applicable, the Interest Amount payable for any Interest Period shall be an amount calculated by the Calculation Agent in accordance with the provisions of Condition 3(b)(i) (*Interest on Reset Notes - Rates of Interest and Interest Payment Dates*) (adjusted or unadjusted in accordance with the Business Day Convention, as specified in the applicable Final Terms).

“**Day Count Fraction**” means, in respect of the calculation of an amount for any period of time (the “**Calculation Period**”), such day count fraction as may be specified in these Conditions or the applicable Final Terms and:

- (i) if “**Actual/365**” or “**Actual/Actual (ICMA)**” is so specified, means:
 - (a) where the Calculation Period is equal to or shorter than the Regular Period during which it falls, the actual number of days in the Calculation Period divided by the product of (1) the actual number of days in such Regular Period and (2) the number of Regular Periods in any year; and
 - (b) where the Calculation Period is longer than one Regular Period, the sum of:
 - (A) the actual number of days in such Calculation Period falling in the Regular Period in which it begins divided by the product of (1) the actual number of days in such Regular Period and (2) the number of Regular Periods in any year; and

- (B) the actual number of days in such Calculation Period falling in the next Regular Period divided by the product of (a) the actual number of days in such Regular Period and (2) the number of Regular Periods in any year; or
- (ii) if "**Actual/365 (Fixed)**" is so specified, means the actual number of days in the Calculation Period divided by 365;
- (iii) if "**Actual/360**" is so specified, means the actual number of days in the Calculation Period divided by 360;
- (iv) if "**30/360**" is so specified, the number of days in the Calculation Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

"**Y₁**" is the year, expressed as a number, in which the first day of the Calculation Period falls;

"**Y₂**" is the year, expressed as a number, in which the day immediately following the last day included in the Calculation Period falls;

"**M₁**" is the calendar month, expressed as a number, in which the first day of the Calculation Period falls;

"**M₂**" is the calendar month, expressed as number, in which the day immediately following the last day included in the Calculation Period falls;

"**D₁**" is the first calendar day, expressed as a number, of the Calculation Period, unless such number would be 31, in which case D₁ will be 30; and

"**D₂**" is the calendar day, expressed as a number, immediately following the last day included in the Calculation Period, unless such number would be 31 and D₁ is greater than 29, in which case D₂ will be 30;

- (v) if "**30E/360**" or "**Eurobond Basis**" is so specified, the number of days in the Calculation Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

"**Y₁**" is the year, expressed as a number, in which the first day of the Calculation Period falls;

"**Y₂**" is the year, expressed as a number, in which the day immediately following the last day included in the Calculation Period falls;

"**M₁**" is the calendar month, expressed as a number, in which the first day of the Calculation Period falls;

"**M₂**" is the calendar month, expressed as a number, in which the day immediately following the last day included in the Calculation Period falls;

"**D₁**" is the first calendar day, expressed as a number, of the Calculation Period, unless such number would be 31, in which case D₁ will be 30; and

"**D₂**" is the calendar day, expressed as a number, immediately following the last day included in the Calculation Period, unless such number would be 31, in which case D₂ will be 30; and

- (vi) if "**Actual/Actual (ISDA)**" is so specified, means the actual number of days in the Calculation Period divided by 365 (or, if any portion of the Calculation Period falls in a leap year, the sum of (A) the actual number of days in that portion of the Calculation Period falling in a leap year divided by 366 and (B) the actual number of days in that portion of the Calculation Period falling in a non-leap year divided by 365);

(v) *Notification of Rate of Interest and Interest Amounts*

The Agent will cause the Rate of Interest and each Interest Amount for each Interest Period and the relevant Interest Payment Date to be notified to the Trustee, the Issuer, the Paying Agents and any stock exchange on which the relevant Notes are for the time being listed and notice thereof to be published in accordance with Condition 14 (*Notices*) as soon as possible after their determination but in no event later than the first day of the relevant Interest Period. Each Interest Amount and Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. Any such amendment will be promptly notified to each stock exchange on which the relevant Notes are for the time being listed and to the Noteholders in accordance with Condition 14 (*Notices*). If the Calculation Amount is less than the minimum Specified Denomination the Calculation Agent shall not be obliged to publish each Interest Amount but instead may publish only the Calculation Amount and the Interest Amount in respect of a Note having the minimum Specified Denomination.

(vi) *Determination or Calculation by Trustee*

If for any reason the Calculation Agent at any time after the Issue Date defaults in its obligation to determine the Rate of Interest or calculate any Interest Amount in accordance with this Condition 3(c), the Trustee may determine the Rate of Interest at such rate as, in its absolute discretion (having such regard as it shall think fit to the foregoing provisions of this Condition but subject always to any Minimum Interest Rate or Maximum Interest Rate specified in the applicable Final Terms), it shall deem fair and reasonable in all the circumstances and, as the case may be, the Trustee shall calculate the Interest Amount in such manner as it shall deem fair and reasonable in all the circumstances and each such determination or calculation shall be deemed to have been made by the Calculation Agent. In the absence of fraud and gross negligence the Trustee shall have no liability to any person in connection with any determination or calculation it is required to make pursuant to this Condition 3(c)(vi). For the avoidance of doubt, this Condition 3(c)(vi) shall not apply if a Benchmark Event (as defined below) has occurred and Condition 3(f) becomes effective.

(vii) *Certificates to be Final*

All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 3(c), whether by the Calculation Agent or the Trustee, shall (in the absence of wilful default, bad faith or manifest error) be binding on the Issuer, the Calculation Agent, the Trustee, the other Paying Agents and all Noteholders, Voucherholders and Couponholders and (in the absence as aforesaid) no liability to the Noteholders, the Voucherholders or the Couponholders shall attach to the Calculation Agent or the Trustee in connection with the exercise or non-exercise by them of their powers, duties and discretions pursuant to such provisions.

(d) ***Zero Coupon Notes***

If the Redemption Amount payable in respect of any Zero Coupon Note is improperly withheld or refused, the Redemption Amount shall thereafter be an amount equal to the sum of:

- (i) the Reference Price; and
- (ii) the product of the Accrual Yield (compounded annually) being applied to the Reference Price on the basis of the relevant Day Count Fraction from (and including) the Issue Date to (but excluding) whichever is the earlier of (i) the day on which all sums due in respect of such Note up to that day are received by or on behalf of the relevant Noteholder and (ii) the day which is seven days after the Agent has notified the Noteholders that it has received all sums due in respect of the Notes up to such seventh day (except to the extent that there is any subsequent default in payment).

For the purposes of this Condition 3(d):

"Redemption Amount" means, as appropriate, the Final Redemption Amount, the Early Redemption Amount, the Optional Redemption Amount, the Early Redemption Amount (Regulatory Event) or such other amount in the nature of a redemption amount as may be specified in the applicable Final Terms;

"Reference Price" has the meaning given in the applicable Final Terms; and

"Accrual Yield" has the meaning given in the applicable Final Terms.

(e) ***Accrual of Interest***

Each Note (or in the case of the redemption of part only of a Note, that part only of such Note) will cease to bear interest (if any) from the due date for its redemption unless, upon due presentation of the Note, payment of principal is improperly withheld or refused. In such event interest will continue to accrue as provided in the Trust Deed.

(f) ***Benchmark replacement***

Notwithstanding the provisions in Conditions 3(b)(ii) (*Interest on Reset Notes - Fallbacks*) and 3(c) (*Interest on Floating Rate Notes, including CMS Linked Interest Notes and SONIA Linked Interest Notes*), if the Issuer (in consultation with the Calculation Agent (or the person specified in the applicable Final Terms as the party responsible for calculating the Rate of Interest and the Interest Amount(s)) determines a Benchmark Event has occurred in relation to an Original Reference Rate when any Rate of Interest (or any component part thereof) remains to be determined by reference to such Original Reference Rate, then the following provisions shall apply:

- (i) the Issuer shall use reasonable endeavours to appoint, as soon as reasonably practicable, an Independent Adviser to determine (acting in good faith and in a commercially reasonable manner) a Successor Rate or, alternatively, if there is no Successor Rate, an Alternative Benchmark Rate no later than 3 Business Days prior to the Reset Determination Date or Interest Determination Date (as applicable) relating to the next succeeding Reset Period or Interest Period (as applicable) (the "**IA Determination Cut-off Date**") for purposes of determining the Rate of Interest applicable to the Notes for all future Reset Periods or Interest Periods (as applicable) (subject to the subsequent operation of this Condition 3(f));
- (ii) if the Issuer is unable to appoint an Independent Adviser, or the Independent Adviser appointed by it fails to determine a Successor Rate or an Alternative Benchmark Rate prior to the IA Determination Cut-off Date, then the Issuer (acting in good faith and a commercially reasonable manner) may determine a Successor Rate or, if there is no Successor Rate, an Alternative Benchmark Rate;
- (iii) if a Successor Rate or, failing which, an Alternative Benchmark Rate is determined in accordance with the preceding provisions, such Successor Rate or, failing which, Alternative Benchmark Rate shall be the Reference Rate or Mid-Swap Rate (as applicable) in relation to the Notes for all future Reset Periods or Interest Periods (as applicable) (subject to the subsequent operation of this Condition 3(f)); **provided, however, that** if sub-paragraph (ii) applies and the Issuer is unable or unwilling to determine a Successor Rate or an Alternative Benchmark Rate prior to the Reset Determination Date or Interest Determination Date (as applicable) relating to the next succeeding Reset Period or Interest Period (as applicable), the Rate of Interest applicable to such next succeeding Reset Period or Interest Period shall be equal to the Rate of Interest last determined in relation to the Notes in respect of a preceding Reset Period or Interest Period as applicable (which may be the Initial Rate of Interest) (though substituting, where a different Margin is to be applied to the relevant Reset Period or Interest Period from that which applied to the last preceding Reset Period or Interest Period, the Margin relating to the relevant Reset Period or Interest Period, in place of the Margin relating to that last preceding Reset Period or Interest Period); for the avoidance of doubt, the provision in this sub-paragraph (iii) shall apply to the relevant Interest Period or Reset Period (as applicable) only and any subsequent Interest Periods or Reset Periods (as applicable) are subject to the subsequent operation of, and to adjustment as provided in, this Condition 3(f);
- (iv) if the Independent Adviser or the Issuer (each, acting in good faith and in a commercially reasonable manner) determines a Successor Rate or, failing which, an Alternative Benchmark Rate in accordance with the above provisions, the Independent Adviser or the Issuer (as the case may be) may also, following consultation with the Calculation Agent (or the person specified in the applicable Final Terms as the party responsible for calculating the Rate of Interest and the Interest Amount(s)), specify (x) changes to the Terms and Conditions in order to follow market practice in relation to such Successor Rate or, as applicable, Alternative Benchmark Rate, including but not limited to, the Additional Business Centre, Business Day, Business Day Convention, Day Count Fraction, Interest Determination Date, Relevant Screen Page and/or the definition of Mid-Swap Rate or Reference Rate applicable to the Notes, and (y) any other changes which the Independent Adviser or the Issuer (as the case may be) determines are reasonably necessary to ensure the proper operation and comparability to the Reference Rate or Mid-Swap Rate of such Successor Rate or the Alternative Benchmark Rate, which changes shall apply to the Notes for all future Reset Periods or Interest Periods (as applicable) (subject to the subsequent operation of this Condition 3(f)). If the Independent Adviser (in consultation with the Issuer) or the Issuer (as applicable), determines that an Adjustment Spread is required to be applied to the Successor Rate or the Alternative Benchmark Rate (as applicable) and determines the quantum of, or a formula or methodology for determining, such Adjustment Spread, then such Adjustment Spread shall be applied to the Successor Rate or the Alternative Benchmark Rate (as applicable). If the Independent

Adviser or the Issuer (as applicable) is unable to determine the quantum of, or a formula or methodology for determining, such Adjustment Spread, then such Successor Rate or Alternative Benchmark Rate (as applicable) will apply without an Adjustment Spread;

- (v) promptly following the determination of any Successor Rate or Alternative Benchmark Rate, and, if applicable, any Adjustment Spread, the Issuer shall give notice thereof and of any changes (and the effective date thereof) pursuant to sub-paragraph (iv) above to the Trustee, the Paying Agents and the Noteholders and, if the Notes are listed on a stock exchange and the rules of such exchange or other relevant authority so require, such exchange or other relevant authority as soon as possible after their determination. No later than notifying the Trustee of the same, the Issuer shall deliver to the Trustee a certificate signed by two Authorised Persons (x) confirming the Successor Rate, or as the case may be, the Alternative Benchmark Rate and, where applicable, the Adjustment Spread, in each case determined pursuant to sub-paragraph (iv) above, (y) certifying that the consequential amendments are necessary to ensure the proper operation of the Successor Rate, Alternative Benchmark Rate and/or Adjustment Spread, and (z) certifying that the Issuer has duly consulted with the Independent Adviser with respect to each of the matters above or, if that is not the case, explaining, in reasonable detail, why the Issuer has not done so. The Trustee shall be entitled to rely on such certificate (without enquiry or liability to any person) as sufficient evidence thereof. The Successor Rate or Alternative Benchmark Rate and Adjustment Spread (if any), and any such other relevant changes pursuant to this Condition 3(f) specified in such certificate will (in the absence of manifest error in the determination of the Successor Rate or Alternative Benchmark Rate and Adjustment Spread (if any) and without prejudice to the Trustee's ability to rely on such certificate as aforesaid) be binding on the Issuer, the Trustee, the Paying Agents and the Noteholders. Subject to receipt by the Trustee of such certificate, the Trustee shall, at the direction and expense of the Issuer, effect such consequential amendments to the Trust Deed (including, *inter alia*, by the execution of a deed supplemental to or amending the Trust Deed), the Agency Agreement for the English Law Notes and the Terms and Conditions as the Issuer certifies are required to give effect to this Condition 3(f) and the Trustee shall not be liable to any party for any consequences thereof. No consent of the Noteholders shall be required in connection with affecting the Successor Rate, or, as applicable, Alternative Benchmark Rate or such other relevant changes pursuant to this Condition 3(f), including for the execution of any documents or taking any other steps by the Issuer and any of the parties to the Trust Deed and the Agency Agreement for the English Law Notes; and
- (vi) if the application of an Alternative Benchmark Rate (and the Adjustment Spread, if applicable) determined pursuant to this Condition 3(f) would result in the occurrence of a Regulatory Event and/or a MREL/TLAC Disqualification Event, no Alternative Benchmark Rate (and, the Adjustment Spread, if applicable) will be adopted, and the Reference Rate for the relevant Interest Period will be equal to the last Reference Rate available at the immediately preceding Interest Period on the Relevant Screen Page as determined by the Calculation Agent.

If a waiver of set-off rights is specified as being applicable in the applicable Final Terms, notwithstanding any other provision of this Condition 3(f): (i) no Successor Rate or Alternative Benchmark Rate (as applicable) will be adopted, and no other amendments to the terms of the Notes will be made pursuant to this Condition 3(f), if and to the extent that, in the determination of the Issuer, the same could reasonably be expected to prejudice the qualification of the Notes as: (A) in the case of Senior Notes or Senior Non-Preferred Notes, satisfying the MREL Requirements; (B) in the case of Subordinated Notes, Tier 2 capital for regulatory capital purposes of the Issuer and/or the Group; and/or (ii) in the case of Senior Notes and Senior Non-Preferred Notes only, no Successor Rate or Alternative Benchmark Rate (as applicable) will be adopted, and no other amendments to the terms of the Notes will be made pursuant to this Condition 3(f), if and to the extent that, in the determination of the Issuer, the same could reasonably be expected to result in the Relevant Authority treating an Interest Payment Date as the effective maturity of the Notes, rather than the relevant Maturity Date.

For the purposes of this Condition 3(f):

"Adjustment Spread" means a spread (which may be positive or negative) or formula or methodology for calculating a spread, which the Independent Adviser (in consultation with the Issuer) or the Issuer (as applicable), determines is required to be applied to the Successor Rate or the Alternative Benchmark Rate (as applicable) in order to reduce or eliminate, to the extent reasonably practicable in the circumstances, any economic prejudice or benefit (as applicable) to Noteholders as a result of the replacement of the Reference Rate or Mid-Swap Rate (as applicable) with the Successor Rate or the Alternative Benchmark Rate (as applicable) and is the spread, formula or methodology which:

- (a) in the case of a Successor Rate, is formally recommended in relation to the replacement of the Reference Rate or Mid-Swap Rate (as applicable) with the Successor Rate by any Relevant Nominating Body; or
- (b) in the case of a Successor Rate for which no such recommendation has been made or in the case of an Alternative Benchmark Rate, the Independent Adviser (in consultation with the Issuer) or the Issuer (as applicable) determines is recognised or acknowledged as being in customary market usage in international debt capital markets transactions which reference the Reference Rate or Mid-Swap Floating Rate (as applicable), where such rate has been replaced by the Successor Rate or the Alternative Benchmark Rate (as applicable); or
- (c) if no such customary market usage is recognised or acknowledged, the Independent Adviser (in consultation with the Issuer), determines (acting in good faith and in a commercially reasonable manner) to be appropriate.

"Alternative Benchmark Rate" means the rate that the Independent Adviser or the Issuer (as applicable) determines has replaced the relevant Reference Rate or Mid-Swap Rate (as applicable) in customary market usage in the international debt capital markets for the purposes of determining rates of interest in respect of eurobonds denominated in the Specified Currency and of a comparable duration to the relevant Interest Period or Reset Period (as applicable), or, if the Independent Adviser or the Issuer (as applicable) determines that there is no such rate, such other rate as the Independent Adviser or the Issuer (as applicable) determines in its discretion (acting in good faith and in a commercially reasonable manner) is most comparable to the relevant Reference Rate or Mid-Swap Rate (as applicable).

"Authorised Person" means any person who is represented by the Issuer as being for the time being authorised to sign (whether alone or with another person(s)) on behalf of the Issuer and so as to bind it.

"Benchmark Event" means:

- (a) the Original Reference Rate ceasing to be published for a period of at least 5 Business Days or ceasing to exist;
- (b) a public statement by the administrator of the Original Reference Rate that it will, by a specified date within the following six months, cease publishing the Original Reference Rate permanently or indefinitely (in circumstances where no successor administrator has been appointed that will continue publication of the Original Reference Rate); or
- (c) a public statement by the supervisor of the administrator of the Original Reference Rate, that the Original Reference Rate has been or will, by a specified date within the following six months, be permanently or indefinitely discontinued; or
- (d) a public statement by the supervisor of the administrator of the Original Reference Rate as a consequence of which the Original Reference Rate will be prohibited from being used either generally, or in respect of the Notes, in each case within the following six months;
- (e) a public statement by the supervisor of the administrator of the Original Reference Rate that the Original Reference Rate is no longer representative of its relevant underlying market; or
- (f) it has become unlawful for any Paying Agent, Calculation Agent or the Issuer to calculate any payments due to be made to any Noteholder using the Original Reference Rate.

For the avoidance of doubt, in respect of paragraphs (b), (c) and (d) above, such public statement will not constitute a Benchmark Event before the date falling six months prior the date specified in the relevant public announcement on which the Original Reference Rate is permanently or indefinitely discontinued or prohibited.

"Independent Adviser" means an independent financial institution of international repute or other independent financial adviser experienced in the international capital markets, in each case appointed by the Issuer at its own expense.

"Original Reference Rate" means:

- (a) the originally-specified benchmark or screen rate (as applicable) used to determine the Rate of Interest (or any component part thereof) on the Notes as specified in the relevant Final Terms;

- (b) any Successor Rate or Alternative Benchmark Rate which has been determined in relation to such benchmark or screen rate (as applicable) pursuant to the operation of Condition 3(f) (*Benchmark Replacement*).

"**Relevant Nominating Body**" means, in respect of a reference rate or mid-swap floating leg benchmark rate:

- (a) the central bank for the currency to which the reference rate or mid swap floating leg benchmark rate relates, or any central bank or other supervisory authority which is responsible for supervising the administrator of the reference rate or mid swap floating leg benchmark rate; or
- (b) any working group or committee sponsored by, chaired or co-chaired by or constituted at the request of (w) the central bank for the currency to which the reference rate or mid swap floating leg benchmark rate relates, (x) any central bank or other supervisory authority which is responsible for supervising the administrator of the reference rate or mid-swap floating leg benchmark rate, (y) a group of the aforementioned central banks or other supervisory authorities, or (z) the Financial Stability Board or any part thereof; and

"**Successor Rate**" means the rate that the Independent Adviser or the Issuer (as applicable) determines is a successor to or replacement of the Reference Rate or Mid-Swap Rate (as applicable) which is formally recommended by any Relevant Nominating Body.

4. **Redemption and Purchase**

(a) ***At Maturity***

Unless previously redeemed, or purchased and cancelled, as specified below, each Note will be redeemed by the Issuer at its Final Redemption Amount (which will always be at least 100 per cent of their nominal value) specified in the applicable Final Terms in the relevant Specified Currency on the Maturity Date, subject as provided in Condition 4(k) (*Conditions to Redemption and Purchase of the Notes*).

Subordinated Notes shall have a minimum maturity period of five years, as provided under the Applicable Banking Regulations. Senior Non-Preferred Notes shall have a minimum Maturity Period of twelve months, as provided under Articles 12-*bis* and 91, paragraph 1-*bis*, letter c-*bis* of the Consolidated Banking Act and any relevant implementing regulation which may be enacted for such purposes by any Relevant Authority.

(b) ***Redemption for Tax Reasons***

Subject to Condition 4(k) (*Conditions to Redemption and Purchase of the Notes*), if Redemption for tax reasons is specified as applicable in the applicable Final Terms and the Issuer satisfies the Trustee, immediately prior to the giving of the notice referred to below, that:

- (i) as a result of any amendment to or change in the laws or regulations of Italy or of any political subdivision thereof or any authority or agency therein or thereof or in the interpretation or administration of any such laws or regulations, which change or amendment becomes effective on or after the Issue Date of the first Tranche of the Notes of the Series, the Issuer would (notwithstanding its having used such endeavours as the Trustee shall consider reasonable) be required to pay additional amounts as provided in Condition 8 (*Taxation*) on the occasion of the next payment in respect of Notes of the Series,
- (ii) such obligation cannot be avoided by the Issuer taking reasonable measures available to it,
- (iii) in the case of Subordinated Notes only, if the circumstances under points (i) and (ii) above have occurred before five years from the issue of the relevant Subordinated Notes, the Issuer has demonstrated to the satisfaction of the Relevant Authority (as defined in Condition 2(a)) that such change is material and was not reasonably foreseeable at the Issue Date, and
- (iv) such circumstances are evidenced by the delivery by the Issuer to the Trustee of (A) a certificate signed by two authorised signatories of the Issuer stating that the said circumstances prevail and describing the facts leading thereto, and (B) an opinion of independent legal advisers of recognised standing to the effect that such circumstances prevail (a "**Tax Event**"),

the Issuer may, at its option, having given not more than 60 nor less than 30 days' notice to the Trustee, the Paying Agent and the Noteholders, at any time or, if the Notes are Floating Rate Notes, CMS Linked Interest Notes or SONIA Linked Interest Notes, on the next Interest Payment Date, repay all, but not some only, of the Notes at their Early Redemption Amount referred to in paragraph (f) below, together, if appropriate, with interest accrued to (but excluding) the date of repayment **provided that** the date fixed for such repayment shall not be

earlier than 90 days prior to the earliest date on which the Issuer would be obliged to pay such additional amounts, were a payment in respect of the Notes then due. Upon the expiry of such notice, the Issuer shall be bound to redeem the Notes accordingly.

(c) **Redemption for regulatory reasons - Regulatory Call**

(i) *Senior Notes*

Subject to Condition 4(k)(i) (*Conditions to Redemption and Purchase of the Notes – Senior Notes*), if MREL/TLAC Disqualification Event is specified in the applicable Final Terms as being applicable, the Senior Preferred Notes and/or the Senior Non-Preferred Notes (as the case may be) may be redeemed at the option of the Issuer, in whole but not in part, at any time (if the Senior Preferred Notes and/or the Senior Non-Preferred Note (as the case may be) is not a Floating Rate Note) or on any Interest Payment Date (if the Note is a Floating Rate Note), on giving not less than 15 nor more than 30 days' notice (which notice shall be irrevocable) to the Trustee and the Paying Agent and, in accordance with Condition 14 (*Notices*), to the holders of the Senior Preferred Notes and/or the Senior Non-Preferred Notes (as the case may be), upon the occurrence of an MREL/TLAC Disqualification Event with respect to the relevant Series of Senior Preferred Notes and/or Senior Non-Preferred Notes (as the case may be).

"**MREL/TLAC Disqualification Event**" means the determination by the Issuer, that as a result of a change in Italian and/or EU laws, regulations, guidelines, rules, standards and policies, delegated or implementing acts, regulatory technical standards as well as a change in the application or official interpretation of the relevant regulations, becoming effective on or after the Issue Date of a Series of Senior Preferred Notes and/or of Senior Non-Preferred Notes, which change was not reasonably foreseeable by the Issuer as at the Issue Date of the Series, it is likely that all or part of the aggregate outstanding nominal amount of such Series of Senior Preferred Notes and/or of Senior Non-Preferred Notes will be excluded from the eligible liabilities available to meet the MREL/TLAC Requirements (however called or defined by then applicable regulations) if the Issuer is then subject to such requirements, **provided that** an MREL/TLAC Disqualification Event shall not occur where such Series of Senior Preferred Notes and/or of Senior Non-Preferred Notes are excluded on the basis (1) that the remaining maturity of such Senior Preferred Notes and/or Senior Non-Preferred Notes is less than any period prescribed by any applicable eligibility criteria under the MREL/TLAC Requirements, or (2) of any applicable limits on the amount of eligible liabilities permitted or allowed to meet the MREL/TLAC Requirements. For the avoidance of doubt, for the purpose of this definition of "MREL/TLAC Disqualification Event", the Issuer is considered already subject to MREL/TLAC Requirements regardless of any transitional period which may apply to the mandatory application of the same.

"**MREL/TLAC Requirements**" means the minimum requirement for own funds and eligible liabilities and/or total loss-absorbing capacity requirements applicable to the Issuer and/or the Group referred to in the BRRD (as defined in Condition 2(a)), any other EU law or regulation and relevant implementing legislation and regulation in Italy.

(ii) *Subordinated Notes*

Subject to Condition 4(k)(ii) (*Conditions to Redemption and Purchase of the Notes – Subordinated Notes*), if Regulatory Event is specified in the applicable Final Terms as being applicable, to the extent that the Issuer determines that a Regulatory Event has occurred, the Notes may be redeemed at the option of the Issuer, in whole but not in part, at any time (if the Note is not a Floating Rate Note) or on any Interest Payment Date (if the Note is a Floating Rate Note), on giving not less than 15 nor more than 30 days' notice (which notice shall be irrevocable) to the Trustee and, in accordance with Condition 14 (*Notices*), the Noteholders.

Prior to the publication of any notice of redemption pursuant to this Condition 4(c), the Issuer shall deliver or procure that there is delivered to the Trustee a certificate signed by two authorised signatories of the Issuer stating that the said circumstances prevail and describe the facts leading thereto, in which event it shall be conclusive and binding on the Noteholders, the Voucherholders and the Couponholders.

Upon the expiry of any such notice as is referred to in this Condition 4(c), the Issuer shall be bound to redeem the Notes in accordance with this Condition 4(c), at the Early Redemption Amount (Regulatory Event) described in the applicable Final Terms, together (if appropriate) with interest accrued to (but excluding) the date of redemption.

In this Condition 4(c)(ii):

"**Applicable Banking Regulations**" means at any time the laws, regulations, requirements, guidelines and policies relating to capital adequacy then in effect in the Republic of Italy, including, without limitation to the generality of the foregoing, those regulations, requirements, guidelines and policies relating to capital adequacy

then in effect of the Relevant Authority (as defined in Condition 2(a)) whether or not such requirements, guidelines or policies have the force of law and whether or not they are applied generally or specifically to the Issuer and including, for avoidance of doubt, as at the Issue Date the rules contained in, or implementing, CRD IV and the Banking Reform Package;

"Banking Reform Package" means: (i) Regulation (EU) 2019/876 of the European Parliament and of the Council of 20 May 2019 amending Regulation (EU) No. 575/2013 as regards the leverage ratio, the net stable funding ratio, requirements for own funds and eligible liabilities, counterparty credit risk, market risk, exposure to central counterparties, exposures to collective investment undertakings, large exposures, reporting and disclosure requirements, and Regulation (EU) No. 648/2012; (ii) Regulation (EU) 2019/877 of the European Parliament and of the Council of 20 May 2019 amending Regulation (EU) No. 806/2014 as regards the loss-absorbing and recapitalization capacity of credit institutions and investment firms; (iii) Directive (EU) 2019/878 of the European Parliament and of the Council of 20 May 2019 amending Directive 2013/36/EU as regards exempted entities, financial holding companies, mixed financial holding companies, remuneration, supervisory measures and powers and capital conservation measures; and (iv) Directive (EU) 2019/879 of the European Parliament and of the Council of 20 May 2019 amending Directive 2014/59/EU as regards the loss-absorbing and recapitalization capacity of credit institutions and investment firms and Directive 98/26/EC;

5. Payments

(a) *Payments to Noteholders*

The Issuer and the Trustee have acknowledged and agreed in the Trust Deed that the obligations of the Issuer to make payments in respect of the Notes will be discharged by the Issuer making payment to the relevant Noteholders, Voucherholders and Couponholders as described below.

(b) *Method of Payment*

Subject as provided below:

- (i) payments in a Specified Currency other than Euro will be made by transfer to an account in the relevant Specified Currency maintained by the payee with, or by a cheque in such Specified Currency drawn on, a bank in the principal financial centre of the country of such Specified Currency (which if the Specified Currency is in Australian dollars or New Zealand dollars shall be Sydney or Wellington, respectively) as specified in the applicable Final Terms; and
- (ii) payments in Euro will be made by credit or transfer to an Euro account (or any other account to which Euro may be credited or transferred) specified by the payee or at the option of the payee by a Euro cheque.

All payments in respect of the Notes are subject in all cases to any applicable fiscal or other laws and regulations in the place of payment, but without prejudice to the provisions of Condition 8 (*Taxation*).

(c) *Presentation of Notes, Vouchers, Coupons and Talons*

Payments of principal and accrued interest in respect of Notes in respect of which definitive Notes have been issued will (subject as provided below) be made in the manner specified in paragraphs (a) and (b) above against presentation and surrender (or, in the case of part payment only, endorsement) of definitive Notes and payments of interest (other than rolled-up interest) in respect of the Notes will (subject as provided below) be made as aforesaid against presentation and surrender (or, in the case of part payment only, endorsement) of Coupons, in each case at the specified office of any Paying Agent outside the United States (as referred to below).

Payments of instalments of principal (if any) in respect of Notes in definitive form, other than the final instalment, will (subject as provided below) be made against presentation and surrender (or, in the case of part payment only, endorsement) of the relevant Voucher at the specified office of any Paying Agent. Each Voucher must be presented for payment of the relevant instalment together with the relevant definitive Note against which the amount will be payable in respect of that instalment. If any definitive Note is redeemed or becomes redeemable prior to its Maturity Date, principal will be payable on presentation and surrender (or, in the case of part payment only, endorsement) of such definitive Note together with all unmatured Vouchers appertaining thereto. Vouchers presented without the definitive Notes to which they appertain and unmatured Vouchers do not constitute valid obligations in respect of the Notes to which they relate.

Each Fixed Rate Note in definitive form should be presented for payment together with all unmatured Coupons appertaining thereto (which for this purpose shall be deemed to include Coupons falling to be issued on exchange of matured Talons) failing which the amount of any missing unmatured Coupon (or, in the case of payment not being made in full, the same proportion of the aggregate amount of such missing unmatured Coupon as the sum so paid bears to the sum due) will be deducted from the sum due for payment. Each amount of principal so deducted will be paid in the manner mentioned above against presentation and surrender (or, in the case of part payment only, endorsement) of the relative missing Coupon at any time before the expiry of 10 years after the Relevant Date (as defined in Condition 8 (*Taxation*)) in respect of such principal (whether or not such Coupon would otherwise have become void under Condition 13 (*Prescription*)). Upon any Fixed Rate Note becoming due and repayable prior to its Maturity Date, all unmatured Talons (if any) appertaining to the definitive Note relating thereto will become void and no further Coupons will be issued in respect thereof.

Upon the date on which any Floating Rate Note (including a CMS Interest Linked Note and SONIA Linked Interest Notes) represented by Notes in definitive form becomes due and repayable, unmatured Vouchers, Coupons and Talons (if any) appertaining to such definitive Notes (whether or not attached) shall become void and no payment shall be made in respect thereof.

In the event that definitive Notes are issued, if the due date for redemption thereof is not an Interest Payment Date, interest (if any) accrued in respect of such Notes from and including the preceding Interest Payment Date or, as the case may be, the Interest Commencement Date shall be payable only against presentation and surrender (or, in the case of part payment only, endorsement) of the relevant definitive Notes.

Payments of principal and interest (if any) in respect of Notes represented by any global Note will (subject as provided below) be made in the manner specified above in relation to definitive Notes and otherwise in the manner specified in the relevant global Note against presentation and surrender (or, in the case of part payment only, endorsement), as the case may be, of such global Note to or to the order of the Agent or any other Paying Agent, as the case may be. A record of each payment made against presentation or surrender of such global Note distinguishing between any payment of principal and any payment of interest, will in the case of a classic global note ("**CGN**") (as specified in the applicable Final Terms) be made on such global Note by the Agent or other Paying Agent, as the case may be, and such record shall be *prima facie* evidence that the payment in question has been made and in the case of a new global note ("**NGN**") (as specified in the applicable Final Terms) *pro rata* in the records of Euroclear and Clearstream, Luxembourg.

The holder of the relevant global Note shall be the only person entitled to receive payments in respect of Notes represented by such global Note and the Issuer, will be discharged by payment to, or to the order of, the holder of such global Note in respect of each amount so paid. Each of the persons shown in the records of Euroclear or Clearstream, Luxembourg as the holder of a particular nominal amount of Notes represented by a global Note must look solely to Euroclear or Clearstream, Luxembourg, as the case may be, for his share of each payment so made by the Issuer to, or to the order of, the holder of the relevant global Note. Subject to Condition 10 (*Enforcement, Indemnification and Liability of the Trustee*) and the Trust Deed, no person other than the holder of the relevant global Note (or, as provided in the Trust Deed, the Trustee) shall have any claims against the Issuer in respect of any payments due in respect of the Notes represented by that global Note.

Notwithstanding the foregoing, payments of interest in respect of the Notes will only be made at the specified office of a Paying Agent in the United States (which expression, as used herein, means the United States of America (including the States and the District of Columbia, its territories, its possessions and other areas subject to its jurisdiction)) if:

- (i) the Issuer has appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment at such specified offices outside the United States of the full amount of interest on the Notes in the manner provided above when due;
- (ii) payment of the full amount of such interest at such specified offices outside the United States is illegal or effectively precluded by exchange controls or other similar restrictions; and
- (iii) such payment is then permitted under United States law without involving, in the opinion of the Issuer, adverse tax consequences to the Issuer.

(d) ***Payment Day***

If the date for payment of any amount in respect of any Note, Voucher or Coupon is not a Payment Day, the holder thereof shall not be entitled to payment until the next following Payment Day in the relevant place and

shall not be entitled to further interest or other payment in respect of such delay. For these purposes, "**Payment Day**" means any day which is both:

- (a) a day on which commercial banks and foreign exchange markets settle payments in the relevant place of presentation; and

Notwithstanding the above, while all the Notes are represented by a Permanent Global Note (or by a Permanent Global Note and/or a Temporary Global Note) and the Permanent Global Note is (or the Permanent Global Note and/or the Temporary Global note are) deposited with a depository, a common depository, or a common safekeeper for Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system, "**Payment Day**" means:

- (a) if the currency of payment is euro, any day which is a TARGET settlement day and a day on which dealings in foreign currencies may be carried on in each (if any) Additional Financial Centre; or
- (b) if the currency of payment is not euro, any day which is a day on which dealings in foreign currencies may be carried on in the Principal Financial Centre of the currency of payment and in each (if any) Additional Financial Centre.

Without prejudice to the provisions of Condition 3(c)(i) (*Interest Payment Dates*), if the Final Terms specify that a date for payment of any amount in respect of any Note, Voucher or Coupon, including Interest Payment Dates, is adjusted in accordance with a Business Day Convention and if any relevant date of payment would otherwise fall on a day which is not a Payment Day, then, if the business day convention specified is:

- (a) the Following Business Day Convention, such date of payment shall be postponed to the next day which is a Payment Day; or
- (b) the Modified Following Business Day Convention or Modified Business Day Convention, such Payment Day shall be postponed to the next day which is a Payment Day unless it would thereby fall into the next calendar month, in which event such date of payment shall be brought forward to the immediately preceding Payment Day; or
- (c) the Preceding Business Day Convention, such date of payment shall be brought forward to the immediately preceding Payment Day.

(e) ***Interpretation of Principal and Interest***

Any reference in these Terms and Conditions to principal in respect of the Notes shall be deemed to include, as applicable:

- (i) any additional amounts which may be payable under Condition 8 (*Taxation*) or pursuant to any undertakings given in addition thereto or in substitution therefor pursuant to the Trust Deed;
- (ii) the Final Redemption Amount of such Notes;
- (iii) the Early Redemption Amount of such Notes;
- (iv) the Optional Redemption Amount(s) (if any) of such Notes;

Any reference in these Terms and Conditions to interest in respect of the Notes shall be deemed to include, as applicable, any additional amounts which may be payable under Condition 8 (*Taxation*) or pursuant to any undertakings given in addition thereto or in substitution therefor pursuant to the Trust Deed.

6. Agent and Paying Agents

The names of the initial Agent and the other initial Paying Agents and their initial specified offices are set out below.

The Issuer is entitled (with the prior written approval of the Trustee) to vary or terminate the appointment of any Paying Agent or any other paying agent appointed under the terms of the Agency Agreement for the English Law Notes and/or appoint additional or other paying agents and/or approve any change in the specified office through which any paying agent acts, **provided that**:

- (i) so long as the Notes are admitted to listing, traded and/or quoted on any stock exchange, listing authority and/or quotation system, there will at all times be a Paying Agent with a specified office in such place as may be required by the rules and regulations of the relevant stock exchange, listing authority and/or quotation system;

7. Exchange of Talons

On and after the Interest Payment Date on which the final Coupon comprised in any Coupon sheet matures, the Talon (if any) forming part of such Coupon sheet may be surrendered at the specified office of any Paying Agent in exchange for a further Coupon sheet including (if such further Coupon sheet does not include Coupons to, and including, the final date for the payment of interest due in respect of the Note to which it appertains) a further Talon, subject to the provisions of Condition 12 (*Replacement of Notes, Vouchers, Coupons and Talons*). Each Talon shall, for the purposes of these Terms and Conditions, be deemed to mature on the Interest Payment Date on which the final Coupon comprised in the relative Coupon sheet matures.

8. Taxation

All payments in respect of the Notes shall be made without deduction or withholding for or on account of any present or future taxes or duties of whatever nature imposed or levied by or on behalf of the Republic of Italy or of any political subdivision thereof or any authority or agency therein or thereof, unless the deduction or withholding of such taxes or duties is required by law. In that event, the Issuer will pay such additional amounts in respect of, with regard to the Senior Notes only, principal and interest (if permitted by MREL/TLAC Requirements), and, with regard to the Subordinated Notes only, interest only (and not in respect of principal) as may be necessary in order that the net amounts received by the holders of the Notes, Voucher or Coupons after such withholding or deduction shall equal the respective amounts of principal and interest which would have been received in respect of the Notes, Voucher or (as the case may be) Coupons, in the absence of such withholding or deduction; except that no such additional amounts shall be payable with respect to any Note, Voucher or Coupon presented for payment:

- (a) by or on behalf of a Noteholder, Voucherholder or Couponholder who:
 - (i) is entitled to avoid such deduction or withholding by making a declaration of non-residence or other similar claim for exemption; or
 - (ii) is liable to such taxes or duties by reason of his having some connection with Italy other than the mere holding of the Note, Voucher or Coupon; or
 - (iii) would have been able to avoid such withholding or deduction by presenting the relevant Note, Voucher or Coupon to another Paying Agent in a Member State of the EU; or
- (b) more than 30 days after the Relevant Date except to the extent that the holder thereof would have been entitled to such additional amount on presenting the same for payment on such thirtieth day; or
- (c) in relation to any payment or deduction of any interest, principal or other proceeds of any Note, Voucher or Coupon on account of *imposta sostitutiva* pursuant to Italian Legislative Decree No. 239 of 1 April 1996 as amended; or
- (d) in Italy; or

- (e) in respect of any Note that qualifies as an atypical security where such withholding or deduction is required pursuant to Law Decree No. 512 of 30 September 1983, as amended.

As used in these Terms and Conditions, "**Relevant Date**" means whichever is the later of (A) the date on which such payment first becomes due; and (B) if the full amount of the moneys payable has not been received by the Trustee or the Agent on or prior to such due date, the date seven days after the date on which such moneys shall have been so received and notice to that effect shall have been given to the Noteholders in accordance with Condition 14 (*Notices*).

Notwithstanding any other provision in these Terms and Conditions, the Issuer, the Trustee and/or any paying agent shall be permitted to withhold or deduct any amounts required to be deducted or withheld pursuant to Sections 1471 through 1474 of the U.S. Internal Revenue Code of 1986, as amended (the "**Code**") or otherwise imposed pursuant to (i) any regulations thereunder or official interpretations thereof, or (ii) an intergovernmental agreement between the United States and another jurisdiction facilitating the implementation thereof, or (iii) any law implementing such an intergovernmental agreement (any such withholding or deduction, a "**FATCA Withholding**"), as a result of a holder, beneficial owner or an intermediary not being entitled to receive payments free of FATCA withholding. None of the Issuer, the Trustee, the paying agent or any other person will be required to pay additional amounts or otherwise indemnify a holder/investor for any such FATCA Withholding deducted or withheld.

If the Issuer becomes subject at any time to any taxing jurisdiction other than the Republic of Italy, references in these Terms and Conditions to the Republic of Italy shall be construed as references to the Republic of Italy and/or such other jurisdiction.

References herein to the principal of, and/or interest on, the Notes shall be deemed also to refer to any additional amounts which may be payable under the obligations referred to in this Condition 8 or any obligations undertaken in addition thereto or in substitution therefor pursuant to the Trust Deed.

Events of Default relating to Senior Notes and Subordinated Notes

This Condition 9 applies to Senior Notes and to Subordinated Notes which may be issued by the Issuer and references to "**Notes**", "**Noteholders**", "**Voucherholders**" and "**Couponholders**" in this Condition 9 shall be construed accordingly:

- (i) The Trustee at its discretion may, and if so directed in writing by the holders of Notes relating to at least one-fifth of the nominal amount of the Notes outstanding or by an Extraordinary Resolution of the Noteholders shall (subject in each case to being indemnified to its satisfaction), give notice to the Issuer that the Notes are, and they shall (subject to the approval of the Relevant Authority, to the extent applicable) accordingly immediately become, due and repayable at their Early Redemption Amount (as described in Condition 4(f) (*Redemption Amounts*)) together, if appropriate, with accrued interest as provided in the Trust Deed if the Issuer is wound up or dissolved (otherwise than for the purposes of any amalgamation, merger or reconstruction on terms previously approved by the Trustee).
- (ii) The Trustee may at its discretion and without further notice institute such proceedings against the Issuer as it may think fit to enforce any obligation, condition or provision binding on the Issuer under the Trust Deed or in relation to the Notes. The Trustee shall not in any event be bound to take any of the actions referred to in this paragraph unless it shall have been so directed in writing by the holders of Notes relating to at least one-fifth of the nominal amount of the Notes outstanding or by an Extraordinary Resolution of the Noteholders and subject to being indemnified to its satisfaction.
- (iii) No remedy against the Issuer other than as specifically provided by this Condition 9 or in the Trust Deed shall be available to the Trustee or the Noteholders, Voucherholders or Couponholders whether for the recovery of amounts owing in respect of the Notes or under the Trust Deed or in respect of any breach by the Issuer of any of its obligations under the Trust Deed or in relation to the Notes or otherwise.

10. Enforcement, Indemnification and Liability of the Trustee

Only the Trustee may enforce the obligations of the Issuer, arising in relation to the Notes and the Trust Deed and no Noteholder, Voucherholder or Couponholder shall be entitled to proceed against the Issuer.

The Trust Deed contains provisions for the indemnification of the Trustee and for its relief from responsibility, including provisions relieving it from any obligation to take proceedings to enforce repayment of the Notes unless indemnified to its satisfaction.

The Trustee is entitled to enter into business transactions with the Issuer or any of its Subsidiaries without accounting for any profit resulting therefrom.

11. Meetings of Noteholders; Modification; Waiver

The Trust Deed contains provisions for convening meetings of the Noteholders to consider any matter affecting their interests, including the modification of these Terms and Conditions, the Trust Deed, the Notes, the Vouchers, the Coupons or the terms of the Notes. The quorum at any such meeting for passing an Extraordinary Resolution shall be one or more persons present holding or representing the holders of Notes relating to a clear majority of the nominal amount of the Notes for the time being outstanding, or at any such adjourned meeting one or more persons present holding or representing the holders of the Notes whatever the nominal amount of the Notes, except that at any meeting, the business of which includes, *inter alia*, reduction of the amount, variation of the currency or postponement of the date for payment of principal or interest in respect of the Notes, the necessary quorum for passing an Extraordinary Resolution shall be one or more persons present holding or representing in the aggregate not less than two-thirds, or at any adjourned such meeting not less than one-third, in nominal amount of the Notes for the time being outstanding.

Any resolution passed at any meeting of the Noteholders will be binding on all the Noteholders whether or not they are present at the meeting, and on all holders of Vouchers and Coupons relating to the Notes.

The Trustee may agree, without the consent of the Noteholders, Voucherholders or Couponholders, to any modification (subject to certain exceptions) of, or to the waiver or authorisation of any breach or proposed breach of, any of these Terms and Conditions, the Trust Deed, the Notes, the Vouchers, the Coupons or the terms of the Notes or determine that any event which would or might otherwise be an event of default shall not be treated as such if, in the opinion of the Trustee, the interests of the Noteholders will not be materially prejudiced thereby or to any modification which is of a formal, minor or technical nature or which is made to correct a manifest error. In addition, the Trustee shall be obliged to concur with the Issuer in effecting any modifications to the Terms and Conditions of the Notes, the Trust Deed, the Vouchers, the Coupons and the Agency Agreement for the English Law Notes in the circumstances and as otherwise set out in Condition 3(f) (*Benchmark replacement*) without the consent of the Noteholders, Voucherholders or Couponholders. Any such modification, waiver, authorisation or determination shall be binding on the Noteholders, Voucherholders and Couponholders and, unless the Trustee agrees otherwise, any such modification shall be notified to the Noteholders as soon as practicable thereafter in accordance with Condition 14 (*Notices*). The Trust Deed also provides for a resolution in writing signed by or on behalf of all the Noteholders to be as effective and binding as if it were an Extraordinary Resolution duly passed at a meeting of the Noteholders.

The Issuer and the Trustee may convene a meeting of Noteholders jointly with the holders of some or all other Series of notes issued under the terms of the Trust Deed and not forming a single Series with the Notes, to which meeting the provisions referred to above shall apply as if the Notes and all such other notes formed part of the same Series, **provided that**, in the opinion of the Trustee, the proposals to be considered at such meeting affect the rights of the holders of the notes of each Series attending the meeting in identical respects (save only insofar as the Terms and Conditions applicable to each such Series are not identical).

The Trustee shall, in connection with the exercise by it of the powers, trusts, authorities and discretions (including but not limited to those in relation to any proposed modification, waiver, authorisation, determination, replacement, transfer or substitution) vested in it by the Trust Deed or these Terms and Conditions, have regard to the interests of the Noteholders as a class or (as the case may be) to the holders of all the notes outstanding under the Trust Deed as a class and in particular, but without prejudice to the generality of the foregoing, shall not have regard to the consequences of such exercise for individual Noteholders, Voucherholders and Couponholders and shall have absolute and uncontrolled discretion as to the exercise thereof.

If at any time a Tax Event or Regulatory Event occurs, the Issuer may, subject to giving any notice required to, and receiving any required consent from, the Relevant Authority, (without any requirement for the consent or approval of the holders of the Notes of relevant Series) and having given not less than 30 nor more than 60 days' notice to the Trustee and the holders of the relevant Notes of that Tranche, at any time either substitute all (but not some only) of the Notes for, or vary the terms of all (but not some only) of the Notes so that they remain or, as appropriate, become, Qualifying Securities, to the extent that such modification is reasonably necessary to ensure that no Tax Event or Regulatory Event would exist after such modification, provided that such variation or substitution does not itself give rise to any right of the Issuer to redeem the varied or substituted securities or otherwise provide the Issuer with a right of redemption pursuant to the provisions of the Notes.

In addition, in relation to Senior Preferred Notes or Senior Non-Preferred Notes, if Modification following an MREL/TLAC Disqualification Event is specified as applicable in the applicable Final Terms, if at any time an MREL or TLAC Disqualification Event occurs, then the Issuer may, subject to giving any notice required to be given to, and receiving any consent required from, the Relevant Authority (without any requirement for the consent or approval of the holders of the relevant Notes of that Series) and having given not less than 30 nor more than 60 days' notice to the Trustee and the holders of the Notes of that Series, at any time either substitute all (but not some only) of such Senior Notes for, or vary the terms of all (but not some only) of such Senior Notes so that they remain or, as appropriate, become, Qualifying Senior Preferred Notes or Qualifying Senior Non-Preferred Notes, as applicable, to the extent that such modification is reasonably necessary to ensure that no MREL/TLAC Disqualification Event would exist after such

modification, provided that such variation or substitution does not itself give rise to any right of the Issuer to redeem the varied or substituted securities. Any modification of Senior Non-Preferred Notes must comply with the limitations imposed by applicable Italian law.

In these Conditions:

"Qualifying Securities" means securities issued by the Issuer that:

- (a) other than in respect of the effectiveness and enforceability of Condition 18, have terms not materially less favourable to a holder of the Notes than the terms of the Notes, and that shall also (A) contain terms which at such time result in such securities being eligible to count towards fulfilment of the Issuer's minimum requirements for own funds and eligible liabilities under the then applicable MREL/TLAC Requirements or, as the case may be, for the Tier II Capital; (B) include a ranking at least equal to that of the Notes; (C) have the same interest rate and the same Interest Payment Dates as those from time to time applying to the Notes; (D) have the same redemption rights as the Notes; and (E) are assigned (or maintain) the same credit ratings as were assigned to the Notes immediately prior to such variation or substitution; and
- (b) are listed on a recognised stock exchange if the Notes were listed immediately prior to such variation or substitution.

"Qualifying Senior Non-Preferred Notes" means securities issued by the Issuer that:

- (a) other than in respect of the effectiveness and enforceability of Condition 18, have terms not materially less favourable to a holder of the Senior Non-Preferred Notes than the terms of the Senior Non-Preferred Notes, and that shall also (A) contain terms which at such time result in such securities being eligible to count towards fulfilment of the Issuer's minimum requirements for own funds and eligible liabilities under the then applicable MREL/TLAC Requirements; (B) include a ranking at least equal to that of the Senior Non-Preferred Notes; (C) have the same interest rate and the same Interest Payment Dates as those from time to time applying to the Senior Non-Preferred Notes; (D) have the same redemption rights as the Senior Non-Preferred Notes; and (E) are assigned (or maintain) the same credit ratings as were assigned to the Senior Non-Preferred Notes immediately prior to such variation or substitution; and
- (b) are listed on a recognised stock exchange if the Senior Non-Preferred Notes were listed immediately prior to such variation or substitution.

"Qualifying Senior Preferred Notes" means securities issued by the Issuer that:

- (b) are listed on a recognised stock exchange if the Senior Preferred Notes were listed immediately prior to such variation or substitution.

It is expected that publication of notices will normally be made in the *Financial Times* in London and the *Luxemburger Wort* in Luxembourg. Any such notice shall be deemed to have been given on the date of such publication or, if published more than once or on different dates, on the date of the first publication in both the required newspapers. The Issuer shall also ensure that notices are duly published in a manner which complies with the rules and regulations of any other stock exchange on which the Notes are for the time being listed.

Notwithstanding the above, while all the Notes are represented by a Permanent Global Note (or by a Permanent Global Note and/or a Temporary Global Note) and the Permanent Global Note is (or the Permanent Global Note and/or the Temporary Global Note are) deposited, in the case of a CGN, with a common depositary or, in the case of an NGN, with a common safekeeper for Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system, notices to Noteholders may be given by delivery of the relevant notice to Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system and for so long as Notes are listed on the Official List of the Luxembourg Stock Exchange, in one leading daily newspaper of general circulation in Luxembourg which is expected to be the *Luxemburger Wort* and, in any case, such notices shall be deemed to have been given to the Noteholders in accordance with this Condition on the date of delivery to Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system.

Until such time as any definitive Notes are issued, there may (**provided that**, in the case of Notes listed on a stock exchange, the rules of that stock exchange so permit), so long as the global Note(s) is or are held in its/their entirety on behalf of Euroclear and Clearstream, Luxembourg, be substituted for such publication in such newspaper the delivery of the relevant notice to Euroclear and Clearstream, Luxembourg for communication by them to the Noteholders. Any such notice shall be deemed to have been given to the Noteholders on the seventh day after the day on which the said notice was given to Euroclear and Clearstream, Luxembourg.

Couponholders will be deemed for all purposes to have notice of the contents of any notice given to Noteholders in accordance with this Condition.

15. Further Issues

The Issuer shall be at liberty from time to time without the consent of the Noteholders, Voucherholders or Couponholders to issue further notes, such further notes to rank *pari passu* in all respects (or in all respects save for the date of, and the amount of, the first payment of interest in such further notes) with the outstanding Notes and so that the same shall be consolidated and form a single series with the outstanding Notes.

16. Governing Law; Submission to Jurisdiction

The Trust Deed and the Notes and any non-contractual obligations arising out of or in connection with the Trust Deed and the Notes are governed by, and shall be construed in accordance with, English law, except for (A) with respect to the Senior Non-Preferred Notes, Conditions 2(c) (*Status of Senior Non-Preferred Notes*), 4(a) (*At Maturity*), and 4(c) (*Redemption for regulatory reasons - Regulatory Call*), which are governed by, and shall be construed in accordance with, Italian law, and (B) with respect to the Subordinated Notes, Conditions 2(d) (*Status of Subordinated Notes*), 4(a) (*At Maturity*), and 4(c) (*Redemption for regulatory reasons - Regulatory Call*), which are governed by, and shall be construed in accordance with, Italian law. Furthermore, Condition 18 (*Acknowledgment of Statutory Bail-in Power*) and any non-contractual obligations arising out of or in connection with it shall be governed by, and shall be construed in accordance with, Italian law.

The courts of England and Wales have exclusive jurisdiction to settle any dispute (a "**Dispute**") arising from or connected with the Trust Deed or the Notes (including a dispute regarding the existence, validity or termination of the Trust Deed or the Notes or any non-contractual obligations arising out of or in connection with the Trust Deed or the Notes) or the consequences of the nullity of the Trust Deed or the Notes. The Issuer agrees that the courts of England are the most appropriate and convenient courts to settle any Dispute and, accordingly, it will not argue to the contrary. The submission to jurisdiction is for the benefit of the Trustee and the Noteholders only. As a result, nothing in this Condition 16 (*Governing law; Submission to Jurisdiction*) prevents the Trustee and the Noteholders from taking proceedings relating to a Dispute ("**Proceedings**") in any other courts with jurisdiction. To the extent allowed by law, the Trustee or any Noteholder may take concurrent proceedings in any number of jurisdictions.

The Issuer agrees that the documents, which start any Proceedings and any other documents required to be served in relation to those Proceedings may be served on it by being delivered to Pini Franco LLP, whose office is currently situated at 22-24 Ely Place, London EC1N 6TE. If such person is not or ceases to be effectively appointed to accept service of process on behalf of the Issuer, the Issuer shall, on the written demand of the Trustee or any Noteholder addressed and delivered to the Issuer appoint a further person in England to accept service of process on its behalf and, failing such appointment within 15 days, the Trustee or any Noteholder shall be entitled to appoint such a person by written notice addressed to the Issuer and delivered to the Issuer. Nothing in this paragraph shall affect the right of the Trustee or any Noteholder to serve process in any other manner permitted by law. This Condition applies to Proceedings in England and to Proceedings elsewhere.

17. Rights of Third Parties

No person shall have any right to enforce any term or condition of any Note under the Contracts (Rights of Third Parties) Act 1999.

18. Acknowledgment of Statutory Bail-in Power

Notwithstanding any provision of these Conditions or any other agreements, arrangements, or understandings between the Issuer and any Noteholder, and without prejudice to Article 55(1) of the BRRD, by its acquisition of the Notes each Noteholder (which, for the purposes of this Condition 18, includes each holder of a beneficial interest in the Notes) acknowledges, accepts, consents to and agrees to be bound by the effects of the exercise of the Italian Bail-in Power by the Relevant Authority (as defined in Condition 2(a)), which exercise may include and result in any of the following, or some combination thereof: (i) the reduction of all, or a portion, of the principal amount in respect of the Notes together with any accrued but unpaid interest due thereon and any additional amounts (if any) due in relation thereto; (ii) the conversion of all, or a portion, of the principal amount in respect of the Notes together with any accrued but unpaid interest due thereon and any additional amounts (if any) due in relation thereto, into ordinary shares, other securities or other obligations of the Issuer or another person (and the issue to or conferral on the holder of such shares, securities or obligations), including by means of an amendment, modification or variation of these Conditions; (iii) the cancellation of the Notes or the principal amount in respect of the Notes together with any accrued but unpaid interest due thereon and any additional amounts (if any) due in relation thereto; (iv) the amendment or alteration of the maturity of the Notes or amendment of the amount of interest payable on the Notes, or the date on which the interest becomes payable, including by suspending payment for a temporary period; and (v) the variation of these Conditions, as deemed necessary by the Relevant Authority, to give effect to the exercise of the Italian Bail-in Power by the Relevant Authority.

The exercise of the Italian Bail-in Power by the Relevant Authority shall not constitute an event of default and these Conditions shall remain in full force and effect, save as varied by the Relevant Authority in accordance with this Condition 18.

In this Condition 18:

"Italian Bail-in Power" means any write-down, conversion, transfer, modification, or suspension power existing from time to time under, and exercised in compliance with, any laws, regulations, rules or requirements in effect in the Republic of Italy, relating to (i) the transposition of the BRRD (in including, but not limited to, Legislative Decrees No. 180/2015 and 181/2015) as amended from time to time, (ii) Regulation (EU) No. 806/2014 of the European Parliament and of the Council of 15 July 2014, establishing uniform rules and a uniform procedure for the resolution of credit institutions and certain investment firms in the framework of the Single Supervisory Mechanism and the Single Resolution Fund and amending Regulation (EU) No. 1093/2010, as amended or superseded from time to time (the **"SRM Regulation"**) and (iii) the instruments, rules and standards created thereunder, pursuant to which any obligation of a regulated entity (as defined below) (or other affiliate of such regulated entity) can be reduced, cancelled, modified, or converted into shares, other securities, or other obligations of such regulated entity or any other person (or suspended for a temporary period).

TERMS AND CONDITIONS FOR THE ITALIAN LAW NOTES

*The following are the Terms and Conditions applicable to the Notes to be governed under Italian Law (respectively, the **Italian Law Notes** or the **Notes** and the **Terms and Conditions for the Italian Law Notes** or the **Terms and Conditions**) which will be incorporated by reference into each global Note and each definitive Note, in the latter case only if permitted by the relevant stock exchange and agreed by the Issuer and the relevant Dealer(s) at the time of issue but, if not so permitted and agreed, such definitive Note will have endorsed thereon or attached thereto such Terms and Conditions. The applicable Final Terms in relation to any Tranche of Notes shall specify terms which complete the following Terms and Conditions for the purpose of such Notes. The applicable Final Terms (or the relevant provisions thereof) will be endorsed upon, or attached to, each global Note and each definitive Note. Reference should be made to "Form of the Notes" above for a description of the content of Final Terms, which will include the definition of certain terms used in the following Terms and Conditions or specify which of such terms are to apply in relation to the relevant Notes.*

This Note is one of a Series of notes (the notes of such Series being hereinafter called the "**Notes**", which expression shall mean (i) in relation to any Notes represented by a global Note, units of the lowest Specified Denomination in the Specified Currency, (ii) definitive Notes issued in exchange (or part exchange) for a global Note and (iii) any global Note. All of the Notes from time to time issued by the Issuer which are for the time being outstanding are hereinafter referred to as the "**Notes**" and the term "**Note**" is to be construed accordingly. As used herein, "**Series**" means a Tranche of Notes together with any further Tranche or Tranches of the Notes which are (a) expressed to be consolidated and form a single series, and (b) identical in all respects (including as to listing) except for their respective Issue Dates, Issue Prices and/or Interest Commencement Dates. As used herein, "**Tranche**" means all Notes of the same Series which are identical in all respects (including as to listing).

Interest bearing definitive Notes will (unless otherwise indicated in the applicable Final Terms) have interest coupons ("**Coupons**", the holders of which are "**Couponholders**") and, if indicated in the applicable Final Terms, talons for further Coupons ("**Talons**", the holders of which are "**Talonholders**") attached on issue. Any reference herein to Coupons or coupons shall, unless the context otherwise requires, be deemed to include a reference to Talons or talons. Definitive Notes repayable in instalments will have vouchers ("**Vouchers**", the holders of which are "**Voucherholders**") for the payment of the instalments of principal (other than the final instalment) attached on issue.

The Final Terms applicable to this Note (or the relevant provisions thereof) is attached to or endorsed on this Note and completes these Terms and Conditions. References herein to the "**applicable Final Terms**" are to the Final Terms (or the relevant provisions thereof) attached to or endorsed on this Note.

The Noteholders, the Voucherholders and the Couponholders are deemed to have notice of, and are entitled to the benefit of, all the provisions of the Agency Agreement for the Italian Law Notes and the applicable Final Terms, which are binding on them. Words and expressions defined in the Agency Agreement for the Italian Law Notes or used in the applicable Final Terms shall have the same meanings where used in these Terms and Conditions unless the context otherwise requires or unless otherwise stated **provided that**, in the event of inconsistency between the Agency Agreement for the Italian Law Notes and the applicable Final Terms, the applicable Final Terms will prevail.

- (iii) If upon issue the Senior Non-Preferred Notes satisfy MREL/TLAC Requirements, the Issuer may treat the Senior Non-Preferred Notes, for regulatory purposes, as MREL/TLAC eligible liabilities, but that the obligations of the Issuer and the rights of the Noteholders under the Senior Non-Preferred Notes shall not be affected if the Senior Non-Preferred Notes no longer satisfy MREL/TLAC Requirements. However, if applicable, the Issuer may redeem Senior Non-Preferred Notes upon the occurrence of MREL/TLAC Disqualification Event in accordance with Condition 4(c) (*Redemption for regulatory reasons – Regulatory Call*).
- (iv) The Senior Non-Preferred Notes (including, for the avoidance of doubt, payments of principal and/or interest) shall be subject to the Loss Absorption Requirement (as defined in Condition 2(b) (*Status of Senior Preferred Notes*)), if so required under the BRRD and/or the SRM, in accordance with the powers of the Relevant Authority and where the Relevant Authority determines that application of the Loss Absorption Requirement to the Senior Non-Preferred Notes is necessary pursuant to applicable law and/or regulation in force from time to time.

In relation to each Series of Subordinated

Notes, each of such Series will be treated equally and all amounts paid by the Issuer in respect of principal and interest thereon will be paid *pro rata* on all Subordinated Notes of such Series.

- (ii) In the event of the liquidation, dissolution, winding-up or bankruptcy (including, *inter alia*, *Liquidazione Coatta Amministrativa*, *Amministrazione Straordinaria* or *Liquidazione Volontaria* (the latter as described in Articles 80 to 94 of the Consolidated Banking Act)) of the Issuer, the payment obligations of the Issuer under the Subordinated Notes and the relative Vouchers and Coupons shall rank in right of payment (A) after unsubordinated, unsecured creditors (including depositors and any holder of Senior Notes) of the Issuer, including any obligation required to be preferred by law, (B) but at least *pari passu* with all other present and future subordinated obligations of the Issuer which do not rank or are not expressed by their terms to rank junior to or senior to the Series of Subordinated Notes, and (C) in priority to the claims of other subordinated creditors ranking or expressed to rank junior to the Subordinated Notes and of the shareholders of the Issuer.
- (iii) Each holder of a Subordinated Note unconditionally and irrevocably waives any right of set-off, counterclaim, abatement or other similar remedy which it might otherwise have, under the laws of any jurisdiction, in respect of such Subordinated Note.
- (iv) Subordinated Notes shall have a minimum maturity period of five years, as provided under the Bank of Italy's Regulations.
- (v) It is the intention of the Issuer that the Subordinated Notes shall, for regulatory purposes, be treated as Tier II capital, but the obligations of the Issuer and the rights of the Noteholders shall not be affected if the Subordinated Notes no longer qualify as Tier II capital. However, the Issuer may redeem the Subordinated Notes in accordance with Condition 4(c) (*Redemption for regulatory reasons – Regulatory Call*).
- (vi) Subordinated Notes (including, for the avoidance of doubt, payments of principal and/or interest) may be subject to the Loss Absorption Requirement (as defined in Condition 2(b) (*Status of Senior Preferred Notes*)) in accordance with the powers of the Relevant Authority if the Relevant Authority determines that application of the Loss Absorption Requirement to the Subordinated Notes is necessary pursuant to applicable law and/or regulation in force from time to time.

3. Interest

Condition 3(a) below is applicable to the Notes (a) if the Fixed Rate Note Provisions are specified in the applicable Final Terms as being applicable; and (b) if the Fixed-Floating Rate Note Provisions or the Floating-Fixed Rate Note Provisions are specified in the applicable Final Terms as being applicable, in respect of those Fixed Interest Periods for which the Fixed Rate Note Provisions are stated to apply.

(a) **Interest on Fixed Rate Notes**

- (i) Each Fixed Rate Note bears interest on its nominal amount from (and including) the Interest Commencement Date at the rate(s) per annum equal to the fixed Rate(s) of Interest payable in arrear on the Interest Payment Date(s) in each year and on the Maturity Date if that does not fall on an Interest Payment Date. The Rate of Interest may be specified in the applicable Final Terms (i) as the same Rate of Interest payable on all Interest Payment Dates or (ii) as a different Rate of Interest payable on one or more Interest Payment Dates, including by way of a fixed Rate of Interest which is subject to one or more resets as specified in the applicable Final Terms. The first payment of interest will be made on the Interest Payment Date next following the Interest Commencement Date and, if the first anniversary of the Interest Commencement Date is not an Interest Payment Date, will amount to the Initial Broken Amount specified in the applicable Final Terms. If the Maturity Date is not an Interest Payment Date, interest from (and including) the preceding Interest Payment Date (or the Interest Commencement Date, as the case may be) to (but excluding) the Maturity Date will amount to the Final Broken Amount specified in the applicable Final Terms. The applicable Final Terms may also specify other Broken Amounts and the Interest Payment Date(s) on which such Broken Amounts are payable in circumstances where payments of interest not amounting to a full year's interest are due. The amount of interest payable in respect of each Note for any Interest Period shall be the relevant fixed coupon amount specified in the applicable Final Terms (the "**Fixed Coupon Amount**") and if the Notes are in more than one Specified Denomination, shall be the relevant Fixed Coupon Amount in respect of the relevant Specified Denomination.

- (ii) If interest is required to be calculated for a period for which a Fixed Coupon Amount is not specified, such interest shall be calculated:

if "**Actual/Actual (ICMA)**" is so specified, means:

- (a) where the Calculation Period is equal to or shorter than the Regular Period during which it falls, the actual number of days in the Calculation Period divided by the product of (1) the actual number of days in such Regular Period and (2) the number of Regular Periods in any year; and
- (b) where the Calculation Period is longer than one Regular Period, the sum of:
- (A) the actual number of days in such Calculation Period falling in the Regular Period in which it begins divided by the product of (1) the actual number of days in such Regular Period and (2) the number of Regular Periods in any year; and
- (B) the actual number of days in such Calculation Period falling in the next Regular Period divided by the product of (a) the actual number of days in such Regular Period and (2) the number of Regular Periods in any year; or
- (c) if "**30/360**" is so specified, the number of days in the Calculation Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

"**Y₁**" is the year, expressed as a number, in which the first day of the Calculation Period falls;

"**Y₂**" is the year, expressed as a number, in which the day immediately following the last day included in the Calculation Period falls;

"**M₁**" is the calendar month, expressed as a number, in which the first day of the Calculation Period falls;

"**M₂**" is the calendar month, expressed as number, in which the day immediately following the last day included in the Calculation Period falls;

"**D₁**" is the first calendar day, expressed as a number, of the Calculation Period, unless such number would be 31, in which case D₁ will be 30; and

"**D₂**" is the calendar day, expressed as a number, immediately following the last day included in the Calculation Period, unless such number would be 31 and D₁ is greater than 29, in which case D₂ will be 30.

In Condition 3: (a) "**Interest Period**" means each period on (and including) the Interest Commencement Date and ending on (but excluding) the next Interest Payment Date; and (b) "**Regular Period**" means (i) in the case of Notes where interest is scheduled to be paid only by means of regular payments, each period from and including the Interest Commencement Date to but excluding the first Interest Payment Date and each successive period from and including one Interest Payment Date to but excluding the next Interest Payment Date, (ii) in the case of Notes where, apart from the first Interest Period, interest is scheduled to be paid only by means of regular payments, each period from and including a Regular Date falling in any year to but excluding the next Regular Date, where "**Regular Date**" means the day and month (but not the year) on which any Interest Payment Date falls and (iii) in the case of Notes where, apart from one Interest Period other than the first Interest Period, interest is scheduled to be paid only by means of regular payments, each period from and including a Regular Date falling in any year to but excluding the next Regular Date, where "**Regular Date**" means the day and month (but not the year) on which any Interest Payment Date falls other than the Interest Payment Date falling at the end of the irregular Interest Period.

Condition 3(b) below is applicable to the Notes if the Reset Note Provisions are specified in the applicable Final Terms as being applicable.

Condition 3(c) below is applicable to the Notes (a) if the Floating Rate Note Provisions are specified in the applicable Final Terms as being applicable; and (b) if the Fixed-Floating Rate Note Provisions or the Floating-Fixed Rate Note

Provisions are specified in the applicable Final Terms as being applicable, in respect of those Interest Periods for which the Floating Rate Note Provisions are stated to apply.

(c) **Interest on Floating Rate Notes, including CMS Linked Interest Notes and SONIA Linked Interest Notes**

(i) *Interest Payment Dates*

Each Floating Rate Note, including CMS Linked Interest Note and SONIA Linked Interest Notes, bears interest on its nominal amount from (and including) the Interest Commencement Date and such interest will be payable in arrear on either:

- (i) the Interest Payment Date(s) in each year, or
- (ii) if no express Interest Payment Date(s) is/are specified in the applicable Final Terms, each date (each an "**Interest Payment Date**") which falls the number of months or other period specified as the Interest Period in the applicable Final Terms after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

If a business day convention is specified in the applicable Final Terms and if any Interest Payment Date would otherwise fall on a day which is not a Business Day, then, if the business day convention specified is:

- (1) in any case where Interest Periods are specified in accordance with Condition 3(c)(i)(B) above, the Floating Rate Convention, FRN Convention or Eurodollar Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event (A) such Interest Payment Date shall be brought forward to the immediately preceding Business Day and (B) each subsequent Interest Payment Date shall be the last Business Day in the month which falls the number of months or other period specified as the Interest Period in the applicable Final Terms after the preceding applicable Interest Payment Date occurred; or

(A) *ISDA Determination for Floating Rate Notes*

Where, in respect of Senior Preferred Notes only, ISDA Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will be the relevant ISDA Rate plus or minus (as indicated in the applicable Final Terms) the Margin (if any). For the purposes of this sub-paragraph (A), "**ISDA Rate**" for an Interest Period means a rate equal to the Floating Rate that would be determined by the Calculation Agent under an interest rate swap transaction if the Calculation Agent or such other person acting as calculation agent for that swap transaction under the terms of an agreement incorporating the 2006 ISDA Definitions (as amended and updated as at the date of issue of the first Tranche of the Notes of the relevant Series (as specified in the applicable Final Terms) as published by the International Swaps and Derivatives Association, Inc.) (the "**ISDA Definitions**") and under which:

- (i) the Floating Rate Option is as specified in the applicable Final Terms;
- (ii) the Designated Maturity is a period specified in the applicable Final Terms; and
- (iii) the relevant Reset Date is either (i) if the applicable Floating Rate Option is based on the Euro-Zone inter-bank offered rate ("**EURIBOR**") for a currency, the first day of that Interest Period or (ii) in any other case, as specified in the applicable Final Terms.

For the purposes of this sub-paragraph (A), "**Floating Rate**", "**Calculation Agent**", "**Floating Rate Option**", "**Designated Maturity**", "**Euro-Zone**" and "**Reset Date**" have the meanings given to those terms in the ISDA Definitions.

When this sub-paragraph (A) applies, in respect of each relevant Interest Period the Calculation Agent will be deemed to have discharged its obligations under Condition 3(c)(iv) (*Determination of Rate of Interest and Calculation of Interest Amounts*) in respect of the determination of the Rate of Interest if it has determined the Rate of Interest in respect of such Interest Period in the manner provided in this sub-paragraph (A).

(B) *Screen Rate Determination for Floating Rate Notes other than CMS Linked Interest Notes and SONIA Linked Interest Notes*

Where Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined and "CMS Rate" and "SONIA" is not specified as the Reference Rate in the Final Terms, the Rate of Interest for each Interest Period will, subject as provided below, be either:

- (i) the offered quotation; or
- (ii) the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the offered quotations,

(expressed as a percentage rate per annum) for the Reference Rate which appears or appear, as the case may be, on the Relevant Screen Page as at the Relevant Time (as specified in the applicable Final Terms) on the Interest Determination Date in question plus or minus (as indicated in the applicable Final Terms) the Margin (if any), all as determined by the Calculation Agent. If five or more such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Calculation Agent for the purpose of determining the arithmetic mean (rounded as provided above) of such offered quotations.

Subject to Condition 3(f) (*Benchmark replacement*), if the Relevant Screen Page is not available or if, in the case of (i) above, no such offered quotation appears or, in the case of (ii) above, fewer than three such offered quotations appear, in each case as at the Relevant Time, the Calculation Agent shall request the principal Relevant Financial Centre (as specified in the applicable Final Terms) office of each of the Reference Banks (as defined below) to provide

the Calculation Agent with its offered quotation (expressed as a percentage rate per annum) for the Reference Rate at approximately the Relevant Time on the Interest Determination Date in question. If two or more of the Reference Banks provide the Calculation Agent with such offered quotations, the Rate of Interest for such Interest Period shall be the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of such offered quotations plus or minus (as appropriate) the Margin (if any), all as determined by the Calculation Agent.

If on any Interest Determination Date one only or none of the Reference Banks provides the Calculation Agent with such offered quotations as provided in the preceding paragraph, the Rate of Interest for the relevant Interest Period shall be the rate per annum which the Calculation Agent determines as being the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the rates quoted by four major banks in the Principal Financial Centre (defined below) of the Specified Currency selected by the Calculation Agent, at approximately 11.00 a.m. (local time in the Principal Financial Centre of the Specified Currency) on the Interest Determination Date for loans in the Specified Currency to leading European banks for a period of the duration of the relevant Interest Period and in an amount that is representative for a single transaction in the relevant market at the relevant time plus or minus (as appropriate) the Margin (if any) **provided that**, if the Rate of Interest cannot be determined in accordance with the foregoing provisions of this paragraph, the Rate of Interest shall be determined as at the last preceding Interest Determination Date (though substituting, where a different Margin is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin relating to the relevant Interest Period, in place of the Margin relating to that last preceding Interest Period).

"Additional Business Centre" means the city or cities specified as such in the applicable Final Terms.

(C) *Screen Rate Determination for Floating Rate Notes which are CMS Linked Interest Notes*

If Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate(s) of Interest is/are to be determined and "CMS Rate" is specified as the Reference Rate in the Final Terms, the Rate of Interest applicable to the Notes for each Interest Period will be determined by the Calculation Agent by reference to the following formula:

CMS Rate plus Margin

If the Relevant Screen Page is not available, the Calculation Agent shall request each of the CMS Reference Banks to provide the Calculation Agent with its quotation for the Relevant Swap Rate at approximately 11.00 a.m. (local time in the Principal Financial Centre of the Specified Currency) on the Interest Determination Date in question. If at least three of the CMS Reference Banks provide the Calculation Agent with such quotation, the CMS Rate for such Interest Period shall be the arithmetic mean of such quotations, eliminating the highest quotation (or, in the event of equality, one of the highest) and the lowest quotation (or, in the event of equality, one of the lowest).

If on any Interest Determination Date less than three or none of the CMS Reference Banks provides the Calculation Agent with such quotations as provided in the preceding paragraph, the CMS Rate shall be determined by the Calculation Agent in good faith on such commercial basis as considered appropriate by the Calculation Agent in its absolute discretion, in accordance with standard market practice.

In this Condition 3(c)(ii)(C):

"**CMS Rate**" shall mean the applicable swap rate for swap transactions in the Reference Currency with a maturity of the Designated Maturity, expressed as a percentage, which appears on the Relevant Screen Page as at the Relevant Time on the Interest Determination Date in question, all as determined by the Calculation Agent;

"**Reference Currency**" has the meaning given in the applicable Final Terms;

"**Relevant Swap Rate**" means:

- (a) where the Reference Currency is Euro, the mid-market annual swap rate determined on the basis of the arithmetic mean of the bid and offered rates for the annual fixed leg, calculated on a 30/360 day count basis, of a fixed-for-floating euro interest rate swap transaction with a term equal to the Designated Maturity commencing on the first day of the relevant Interest Period and in a Representative Amount with an acknowledged dealer of good credit in the swap market, where the floating leg, in each case calculated on an Actual/360 day count basis, is equivalent to EUR-EURIBOR-Reuters (as defined in the ISDA Definitions) with a designated maturity determined by the Calculation Agent by reference to standard market practice and/or the ISDA Definitions.
- (b) where the Reference Currency is any other currency or if the Final Terms specify otherwise, the mid-market swap rate as determined in accordance with the applicable Final Terms; and

"**Representative Amount**" means an amount that is representative for a single transaction in the relevant market at the relevant time.

(D) *Screen Rate Determination for Floating Rate Notes which are linked to SONIA*

If Screen Rate Determination is specified in the relevant Final Terms as the manner in which the Rate(s) of Interest is/are to be determined and "SONIA" is specified as the Reference Rate in the relevant Final Terms, the Rate of Interest applicable to the Notes for each Interest Period shall be Compounded Daily SONIA plus or minus the Margin (if any) as specified in the applicable Final Terms, subject to Condition 3(f).

If in respect of any Business Day in the relevant Observation Period, the Calculation Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the applicable Final Terms) determines that the applicable SONIA Reference Rate is not available on the Relevant Screen Page or has not otherwise been published by the relevant authorised distributors, the SONIA Reference Rate in respect of such Business Day shall be: (A) (i) the Bank of England's Bank Rate (the "Bank Rate") prevailing at close of business on such Business Day; plus (ii) the mean of the spread of the SONIA Reference Rate to the Bank Rate over the previous five days on which a SONIA Reference Rate has been published, excluding the highest spread (or, if there is more than one highest spread, one only of those highest spreads) and lowest spread (or, if there is more than one lowest spread, one only of those lowest spreads) to the Bank Rate, or (B) if such Bank Rate is not available, the SONIA Reference Rate published on the Relevant Screen Page (or otherwise published by the relevant authorised distributors) for the first preceding Business Day on which the SONIA Reference Rate was published on the Relevant Screen Page (or otherwise published by the relevant authorised distributors).

Where the SONIA Reference Rate is being determined in accordance with the paragraph above, in the event the Bank of England publishes guidance as to (i) how the SONIA Reference Rate is to be determined; or (ii) any rate that is to replace the SONIA Reference Rate, the Calculation

Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the applicable Final Terms) shall, to the extent that it is reasonably practicable, follow such guidance in order to determine the SONIA Reference Rate for any Business Day “i” for the purpose of the relevant Series of Notes for so long as the SONIA Reference Rate is not available or has not been published by the authorised distributors.

In the event that the Rate of Interest cannot be determined in accordance with the foregoing provisions by the Calculation Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the applicable Final Terms), subject to Condition 3(f), the Rate of Interest shall be (i) that determined as at the last preceding Interest Determination Date (though substituting, where a different Margin, Maximum Rate of Interest and/or Minimum Rate of Interest (as the case may be) is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin or Maximum Rate of Interest or Minimum Rate of Interest relating to the relevant Interest Period in place of the Margin, Maximum Rate of Interest and/or Minimum Rate of Interest (as the case may be) relating to that last preceding Interest Period); or (ii) if there is no such preceding Interest Determination Date, the initial Rate of Interest which would have been applicable to such Series of Notes for the first Interest Period had the Notes been in issue for a period equal in duration to the scheduled first Interest Period but ending on (and excluding) the Interest Commencement Date (including applying the Margin and any Maximum Rate of Interest or Minimum Rate of Interest applicable to the first Interest Period).

If the relevant Series of Notes become due and payable in accordance with Condition 9 (Events of Default and Enforcement), the final Interest Determination Date shall, notwithstanding any Interest Determination Date specified in the applicable Final Terms, be deemed to be the date on which such Notes became due and payable and the Rate of Interest on such Notes shall, for so long as any such Notes remain outstanding, be that determined on such date.

For the purposes of this sub-paragraph 3(c)(ii)(D): “Compounded Daily SONIA” means, with respect to an Interest Period, the rate of return of a daily compound interest investment (with the daily Sterling overnight reference rate as reference rate for the calculation of interest) and will be calculated by the Calculation Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the applicable Final Terms) on the Interest Determination Date, as follows, and the resulting percentage will be rounded if necessary to the third decimal place, with 0.0005 being rounded upwards:

$$\left[\prod_{i=1}^{d_0} \left(1 + \frac{SONIA_{i-pLBD} \times n_i}{365} \right) - 1 \right] \times \frac{365}{d}$$

Where:

“**d**” is the number of calendar days in the relevant Interest Period;

“**do**” is the number of Business Days in the relevant Interest Period;

“**i**” is a series of whole numbers from one to do, each representing the relevant Business Day in chronological order from, and including, the first Business Day in the relevant Interest Period;

“**LBD**” means a Business Day;

“**ni**”, for any Business Day “i”, means the number of calendar days from and including such Business Day “i” up to but excluding the following Business Day;

“**p**” means for any Interest Period, 5 (five) Business Days or such other number of Business Days as specified in the applicable Final Terms provided that such number shall not be less than 5 (five) Business Days unless otherwise agreed between the Issuer and the Agent; and

“**SONIA_{i-pLBD}**” means in respect of any Business Day falling in the relevant Interest Period, the SONIA Reference Rate for the Business Day falling “p” Business Days prior to that Business Day “i”;

“**Observation Period**” means the period from and including the date falling five Business Days prior to the first day of the relevant Interest Period and ending on, but excluding, the date falling five Business Days prior to the Interest Payment Date for such Interest Period (or, if applicable, the date falling five Business Days prior to any other date on which a payment of interest is to be made in respect of the Notes).

“**SONIA Reference Rate**” means in respect of any Business Day, a reference rate equal to the daily Sterling Overnight Index Average (“SONIA”) rate for such Business Day as provided by the administrator of SONIA to authorised distributors and as then published on the screen or, if the screen is unavailable, as otherwise published by such authorised distributors (on the Business Day immediately following such Business Day).

(iii) *Minimum and/or Maximum Interest Rate*

If the applicable Final Terms specifies a Minimum Interest Rate for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of paragraph (ii) above is less than such Minimum Interest Rate, the Rate of Interest for such Interest Period shall be such Minimum Interest Rate. If the applicable Final Terms specifies a Maximum Interest Rate for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of paragraph (ii) above is greater than such Maximum Interest Rate, the Rate of Interest for such Interest Period shall be such Maximum Interest Rate. The provisions relating to the Maximum or Minimum Interest Rate, however, shall not apply to the Senior Non-Preferred Notes and shall not be specified at any time in the applicable Final Terms.

(iv) *Determination of Rate of Interest and Calculation of Interest Amounts*

The Calculation Agent will at or as soon as practicable after each time at which the Rate of Interest is to be determined, determine the Rate of Interest for the relevant Interest Period. Where the Calculation Agent is not the Agent, the Calculation Agent will notify the Agent of the Rate of Interest for the relevant Interest Period as soon as practicable after calculating the same.

The Calculation Agent will calculate the amount of interest (the “**Interest Amount**”) payable on the Floating Rate Notes or CMS Linked Interest Notes in respect of each Specified Denomination for the relevant Interest Period. Each Interest Amount shall be calculated by applying the Rate of Interest to the Calculation Amount, multiplying such sum by the applicable Day Count Fraction and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards and multiplying such rounded figure by a fraction equal to the Specified Denomination of such Note divided by the Calculation Amount. For this purpose a “**sub-unit**” means, in the case of any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, in the case of euro, means one cent.

If the Reset Note Provisions are specified in the applicable Final Terms as being applicable, the Interest Amount payable for any Interest Period shall be an amount calculated by the Calculation Agent in accordance with the provisions of Condition 3(b)(i) (*Interest on Reset Notes - Rates of Interest and Interest Payment Dates*) (adjusted or unadjusted in accordance with the Business Day Convention, as specified in the applicable Final Terms).

“**Day Count Fraction**” means, in respect of the calculation of an amount for any period of time (the “**Calculation Period**”), such day count fraction as may be specified in these Conditions or the applicable Final Terms and:

- (i) if “**Actual/365**” or “**Actual/Actual (ICMA)**” is so specified, means:
 - (a) where the Calculation Period is equal to or shorter than the Regular Period during which it falls, the actual number of days in the Calculation Period divided by the product of (1) the actual number of days in such Regular Period and (2) the number of Regular Periods in any year; and
 - (b) where the Calculation Period is longer than one Regular Period, the sum of:
 - (A) the actual number of days in such Calculation Period falling in the Regular Period in which it begins divided by the product of (1) the actual number of days in such Regular Period and (2) the number of Regular Periods in any year; and

- (B) the actual number of days in such Calculation Period falling in the next Regular Period divided by the product of (a) the actual number of days in such Regular Period and (2) the number of Regular Periods in any year; or
- (ii) if "**Actual/365 (Fixed)**" is so specified, means the actual number of days in the Calculation Period divided by 365;
- (iii) if "**Actual/360**" is so specified, means the actual number of days in the Calculation Period divided by 360;
- (iv) if "**30/360**" is so specified, the number of days in the Calculation Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

"**Y₁**" is the year, expressed as a number, in which the first day of the Calculation Period falls;

"**Y₂**" is the year, expressed as a number, in which the day immediately following the last day included in the Calculation Period falls;

"**M₁**" is the calendar month, expressed as a number, in which the first day of the Calculation Period falls;

"**M₂**" is the calendar month, expressed as number, in which the day immediately following the last day included in the Calculation Period falls;

"**D₁**" is the first calendar day, expressed as a number, of the Calculation Period, unless such number would be 31, in which case D₁ will be 30; and

"**D₂**" is the calendar day, expressed as a number, immediately following the last day included in the Calculation Period, unless such number would be 31 and D₁ is greater than 29, in which case D₂ will be 30;

- (v) if "**30E/360**" or "**Eurobond Basis**" is so specified, the number of days in the Calculation Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

"**Y₁**" is the year, expressed as a number, in which the first day of the Calculation Period falls;

"**Y₂**" is the year, expressed as a number, in which the day immediately following the last day included in the Calculation Period falls;

"**M₁**" is the calendar month, expressed as a number, in which the first day of the Calculation Period falls;

"**M₂**" is the calendar month, expressed as a number, in which the day immediately following the last day included in the Calculation Period falls;

"**D₁**" is the first calendar day, expressed as a number, of the Calculation Period, unless such number would be 31, in which case D₁ will be 30; and

"**D₂**" is the calendar day, expressed as a number, immediately following the last day included in the Calculation Period, unless such number would be 31, in which case D₂ will be 30; and

- (vi) if "**Actual/Actual (ISDA)**" is so specified, means the actual number of days in the Calculation Period divided by 365 (or, if any portion of the Calculation Period falls in a leap year, the sum of (A) the actual number of days in that portion of the Calculation Period falling in a leap year divided by 366 and (B) the actual number of days in that portion of the Calculation Period falling in a non-leap year divided by 365);

(v) *Notification of Rate of Interest and Interest Amounts*

The Agent will cause the Rate of Interest and each Interest Amount for each Interest Period and the relevant Interest Payment Date to be notified to the Issuer, the Paying Agents and any stock exchange on which the relevant Notes are for the time being listed and notice thereof to be published in accordance with Condition 13 (*Notices*) as soon as possible after their determination but in no event later than the first day of the relevant Interest Period. Each Interest Amount and Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. Any such amendment will be promptly notified to each stock exchange on which the relevant Notes are for the time being listed and to the Noteholders in accordance with Condition 13 (*Notices*). If the Calculation Amount is less than the minimum Specified Denomination the Calculation Agent shall not be obliged to publish each Interest Amount but instead may publish only the Calculation Amount and the Interest Amount in respect of a Note having the minimum Specified Denomination.

(vi) *Determination or Calculation by a leading bank or investment banking firm other than the Calculation Agent*

If for any reason the Calculation Agent at any time after the Issue Date defaults in its obligation to determine the Rate of Interest or calculate any Interest Amount in accordance with this Condition 3(c), the Issuer shall appoint a leading bank or investment banking firm engaged in the interbank market (or, if appropriate, money, swap or over-the-counter index options market) that is most closely connected with the calculation or determination to be made by the Calculation Agent (acting through its principal London office or any other office actively involved in such market) to act as such in its place. The Calculation Agent may not resign its duties without a successor having been appointed as aforesaid.

(vii) *Certificates to be Final*

All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 3(c), whether by the Calculation Agent or the Agent, shall (in the absence of wilful default, bad faith or manifest error) be binding on the Issuer, the Calculation Agent, the Agent, the other Paying Agents and all Noteholders, Voucherholders and Couponholders and (in the absence as aforesaid) no liability to the Noteholders, the Voucherholders or the Couponholders shall attach to the Calculation Agent or the Agent in connection with the exercise or non-exercise by them of their powers, duties and discretions pursuant to such provisions.

(d) *Zero Coupon Notes*

If the Redemption Amount payable in respect of any Zero Coupon Note is improperly withheld or refused, the Redemption Amount shall thereafter be an amount equal to the sum of:

- (i) the Reference Price; and
- (ii) the product of the Accrual Yield (compounded annually) being applied to the Reference Price on the basis of the relevant Day Count Fraction from (and including) the Issue Date to (but excluding) whichever is the earlier of (i) the day on which all sums due in respect of such Note up to that day are received by or on behalf of the relevant Noteholder and (ii) the day which is seven days after the Agent has notified the Noteholders that it has received all sums due in respect of the Notes up to such seventh day (except to the extent that there is any subsequent default in payment).

For the purposes of this Condition 3(d):

"Redemption Amount" means, as appropriate, the Final Redemption Amount, the Early Redemption Amount, the Optional Redemption Amount, the Early Redemption Amount (Regulatory Event) or such other amount in the nature of a redemption amount as may be specified in the applicable Final Terms;

"Reference Price" has the meaning given in the applicable Final Terms; and

"Accrual Yield" has the meaning given in the applicable Final Terms.

(e) *Accrual of Interest*

Each Note (or in the case of the redemption of part only of a Note, that part only of such Note) will cease to bear interest (if any) from the due date for its redemption unless, upon due presentation of the Note, payment of

principal is improperly withheld or refused. In such event interest will continue to accrue as provided in this Condition 3 (*Interest*).

(f) ***Benchmark replacement***

Notwithstanding the provisions in Conditions 3(b)(ii) (*Interest on Reset Notes - Fallbacks*) and 3(c) (*Interest on Floating Rate Notes, including CMS Linked Interest Notes and SONIA Linked Notes*), if the Issuer (in consultation with the Calculation Agent (or the person specified in the applicable Final Terms as the party responsible for calculating the Rate of Interest and the Interest Amount(s)) determines a Benchmark Event has occurred in relation to an Original Reference Rate when any Rate of Interest (or any component part thereof) remains to be determined by reference to such Original Reference Rate, then the following provisions shall apply:

- (i) the Issuer shall use reasonable endeavours to appoint, as soon as reasonably practicable, an Independent Adviser to determine (acting in good faith and in a commercially reasonable manner) a Successor Rate or, alternatively, if there is no Successor Rate, an Alternative Benchmark Rate no later than 3 Business Days prior to the Reset Determination Date or Interest Determination Date (as applicable) relating to the next succeeding Reset Period or Interest Period (as applicable) (the "**IA Determination Cut-off Date**") for purposes of determining the Rate of Interest applicable to the Notes for all future Reset Periods or Interest Periods (as applicable) (subject to the subsequent operation of this Condition 3(f));
- (ii) if the Issuer is unable to appoint an Independent Adviser, or the Independent Adviser appointed by it fails to determine a Successor Rate or an Alternative Benchmark Rate prior to the IA Determination Cut-off Date, then the Issuer (acting in good faith and a commercially reasonable manner) may determine a Successor Rate or, if there is no Successor Rate, an Alternative Benchmark Rate;
- (iii) if a Successor Rate or, failing which, an Alternative Benchmark Rate is determined in accordance with the preceding provisions, such Successor Rate or, failing which, Alternative Benchmark Rate shall be the Reference Rate or Mid-Swap Rate (as applicable) in relation to the Notes for all future Reset Periods or Interest Periods (as applicable) (subject to the subsequent operation of this Condition 3(f)); **provided, however, that** if sub-paragraph (ii) applies and the Issuer is unable or unwilling to determine a Successor Rate or an Alternative Benchmark Rate prior to the Reset Determination Date or Interest Determination Date (as applicable) relating to the next succeeding Reset Period or Interest Period (as applicable), the Rate of Interest applicable to such next succeeding Reset Period or Interest Period shall be equal to the Rate of Interest last determined in relation to the Notes in respect of a preceding Reset Period or Interest Period as applicable (which may be the Initial Rate of Interest) (though substituting, where a different Margin is to be applied to the relevant Reset Period or Interest Period from that which applied to the last preceding Reset Period or Interest Period, the Margin relating to the relevant Reset Period or Interest Period, in place of the Margin relating to that last preceding Reset Period or Interest Period); for the avoidance of doubt, the provision in this sub-paragraph (iii) shall apply to the relevant Interest Period or Reset Period (as applicable) only and any subsequent Interest Periods or Reset Periods (as applicable) are subject to the subsequent operation of, and to adjustment as provided in, this Condition 3(f);
- (iv) if the Independent Adviser or the Issuer (each, acting in good faith and in a commercially reasonable manner) determines a Successor Rate or, failing which, an Alternative Benchmark Rate in accordance with the above provisions, the Independent Adviser or the Issuer (as the case may be) may also, following consultation with the Calculation Agent (or the person specified in the applicable Final Terms as the party responsible for calculating the Rate of Interest and the Interest Amount(s)), specify (x) changes to the Terms and Conditions in order to follow market practice in relation to such Successor Rate or, as applicable, Alternative Benchmark Rate, including but not limited to, the Additional Business Centre, Business Day, Business Day Convention, Day Count Fraction, Interest Determination Date, Relevant Screen Page and/or the definition of Mid-Swap Rate or Reference Rate applicable to the Notes, and (y) any other changes which the Independent Adviser or the Issuer (as the case may be) determines are reasonably necessary to ensure the proper operation and comparability to the Reference Rate or Mid-Swap Rate of such Successor Rate or the Alternative Benchmark Rate, which changes shall apply to the Notes for all future Reset Periods or Interest Periods (as applicable) (subject to the subsequent operation of this Condition 3(f)). If the Independent Adviser (in consultation with the Issuer) or the Issuer (as applicable), determines that an Adjustment Spread is required to be applied to the Successor Rate or the Alternative Benchmark Rate (as applicable) and determines the quantum of, or a formula or methodology for determining, such Adjustment Spread, then such Adjustment Spread shall be applied to the Successor Rate or the Alternative Benchmark Rate (as applicable). If the Independent Adviser or the Issuer (as applicable) is unable to determine the quantum of, or a formula or methodology for determining, such Adjustment Spread, then such Successor Rate or Alternative Benchmark Rate (as applicable) will apply without an Adjustment Spread;

- (v) promptly following the determination of any Successor Rate or Alternative Benchmark Rate, and, if applicable, any Adjustment Spread, the Issuer shall give notice thereof and of any changes (and the effective date thereof) pursuant to sub-paragraph (iv) above to the Paying Agents and, if applicable the Calculation Agent and the Noteholders in accordance with Condition 13 (*Notices*);
- (vi) no consent of the Noteholders shall be required in connection with effecting a relevant Successor Rate or Alternative Benchmark Rate (as applicable) or such other changes pursuant to this Condition 3(f), including for the execution of any documents or the taking of other steps by the Issuer;
- (vii) if the application of an Alternative Benchmark Rate (and the Adjustment Spread, if applicable) determined pursuant to this Condition 3(f) would result in the occurrence of a Regulatory Event and/or a MREL/TLAC Disqualification Event, no Alternative Benchmark Rate (and, the Adjustment Spread, if applicable) will be adopted, and the Reference Rate for the relevant Interest Period will be equal to the last Reference Rate available at the immediately preceding Interest Period on the Relevant Screen Page as determined by the Calculation Agent.

If a waiver of set-off rights is specified as being applicable in the applicable Final Terms, notwithstanding any other provision of this Condition 3(f): (i) no Successor Rate or Alternative Benchmark Rate (as applicable) will be adopted, and no other amendments to the terms of the Notes will be made pursuant to this Condition 3(f), if and to the extent that, in the determination of the Issuer, the same could reasonably be expected to prejudice the qualification of the Notes as: (A) in the case of Senior Notes or Senior Non-Preferred Notes, satisfying the MREL Requirements; (B) in the case of Subordinated Notes, Tier 2 capital for regulatory capital purposes of the Issuer and/or the Group; and/or (ii) in the case of Senior Notes and Senior Non-Preferred Notes only, no Successor Rate or Alternative Benchmark Rate (as applicable) will be adopted, and no other amendments to the terms of the Notes will be made pursuant to this Condition 3(f), if and to the extent that, in the determination of the Issuer, the same could reasonably be expected to result in the Relevant Authority treating an Interest Payment Date as the effective maturity of the Notes, rather than the relevant Maturity Date.

For the purposes of this Condition 3(f):

"Adjustment Spread" means a spread (which may be positive or negative) or formula or methodology for calculating a spread, which the Independent Adviser (in consultation with the Issuer) or the Issuer (as applicable), determines is required to be applied to the Successor Rate or the Alternative Benchmark Rate (as applicable) in order to reduce or eliminate, to the extent reasonably practicable in the circumstances, any economic prejudice or benefit (as applicable) to Noteholders as a result of the replacement of the Reference Rate or Mid-Swap Rate (as applicable) with the Successor Rate or the Alternative Benchmark Rate (as applicable) and is the spread, formula or methodology which:

- (a) in the case of a Successor Rate, is formally recommended in relation to the replacement of the Reference Rate or Mid-Swap Rate (as applicable) with the Successor Rate by any Relevant Nominating Body; or
- (b) in the case of a Successor Rate for which no such recommendation has been made or in the case of an Alternative Benchmark Rate, the Independent Adviser (in consultation with the Issuer) or the Issuer (as applicable) determines is recognised or acknowledged as being in customary market usage in international debt capital markets transactions which reference the Reference Rate or Mid-Swap Floating Rate (as applicable), where such rate has been replaced by the Successor Rate or the Alternative Benchmark Rate (as applicable); or
- (c) if no such customary market usage is recognised or acknowledged, the Independent Adviser (in consultation with the Issuer), determines (acting in good faith and in a commercially reasonable manner) to be appropriate.

"Alternative Benchmark Rate" means the rate that the Independent Adviser or the Issuer (as applicable) determines has replaced the relevant Reference Rate or Mid-Swap Rate (as applicable) in customary market usage in the international debt capital markets for the purposes of determining rates of interest in respect of eurobonds denominated in the Specified Currency and of a comparable duration to the relevant Interest Period or Reset Period (as applicable), or, if the Independent Adviser or the Issuer (as applicable) determines that there is no such rate, such other rate as the Independent Adviser or the Issuer (as applicable) determines in its discretion (acting in good faith and in a commercially reasonable manner) is most comparable to the relevant Reference Rate or Mid-Swap Rate (as applicable).

"Authorised Person" means any person who is represented by the Issuer as being for the time being authorised to sign (whether alone or with another person(s)) on behalf of the Issuer and so as to bind it.

"Benchmark Event" means:

- (a) the Original Reference Rate ceasing to be published for a period of at least 5 Business Days or ceasing to exist;
- (b) a public statement by the administrator of the Original Reference Rate that it will, by a specified date within the following six months, cease publishing the Original Reference Rate permanently or indefinitely (in circumstances where no successor administrator has been appointed that will continue publication of the Original Reference Rate); or
- (c) a public statement by the supervisor of the administrator of the Original Reference Rate, that the Original Reference Rate has been or will, by a specified date within the following six months, be permanently or indefinitely discontinued; or
- (d) a public statement by the supervisor of the administrator of the Original Reference Rate as a consequence of which the Original Reference Rate will be prohibited from being used either generally, or in respect of the Notes, in each case within the following six months;
- (e) a public statement by the supervisor of the administrator of the Original Reference Rate that the Original Reference Rate is no longer representative of its relevant underlying market; or
- (f) it has become unlawful for any Paying Agent, Calculation Agent or the Issuer to calculate any payments due to be made to any Noteholder using the Original Reference Rate.

For the avoidance of doubt, in respect of paragraphs (b), (c) and (d) above, such public statement will not constitute a Benchmark Event before the date falling six months prior the date specified in the relevant public announcement on which the Original Reference Rate is permanently or indefinitely discontinued or prohibited.

"Independent Adviser" means an independent financial institution of international repute or other independent financial adviser experienced in the international capital markets, in each case appointed by the Issuer at its own expense.

"Original Reference Rate" means:

- (a) the originally-specified benchmark or screen rate (as applicable) used to determine the Rate of Interest (or any component part thereof) on the Notes as specified in the relevant Final Terms;
- (b) any Successor Rate or Alternative Benchmark Rate which has been determined in relation to such benchmark or screen rate (as applicable) pursuant to the operation of Condition 3.(f)(*Benchmark Replacement*).

"Relevant Nominating Body" means, in respect of a reference rate or mid-swap floating leg benchmark rate:

- (a) the central bank for the currency to which the reference rate or mid swap floating leg benchmark rate relates, or any central bank or other supervisory authority which is responsible for supervising the administrator of the reference rate or mid swap floating leg benchmark rate; or
- (b) any working group or committee sponsored by, chaired or co-chaired by or constituted at the request of (w) the central bank for the currency to which the reference rate or mid swap floating leg benchmark rate relates, (x) any central bank or other supervisory authority which is responsible for supervising the administrator of the reference rate or mid-swap floating leg benchmark rate, (y) a group of the aforementioned central banks or other supervisory authorities, or (z) the Financial Stability Board or any part thereof; and

"Successor Rate" means the rate that the Independent Adviser or the Issuer (as applicable) determines is a successor to or replacement of the Reference Rate or Mid-Swap Rate (as applicable) which is formally recommended by any Relevant Nominating Body.

4. Redemption and Purchase

(a) *At Maturity*

Unless previously redeemed, or purchased and cancelled, as specified below, each Note will be redeemed by the Issuer at its Final Redemption Amount (which will always be at least 100 per cent of their nominal value) specified in the applicable Final Terms in the relevant Specified Currency on the Maturity Date, subject as provided in Condition 4(k) (*Conditions to Redemption and Purchase of the Notes*).

Subordinated Notes shall have a minimum maturity period of five years, as provided under the Applicable Banking Regulations. Senior Non-Preferred Notes shall have a minimum Maturity Period of twelve months, as provided under Articles 12-bis and 91, paragraph 1-bis, letter c-bis of the Consolidated Banking Act and any relevant implementing regulation which may be enacted for such purposes by any Relevant Authority.

(b) **Redemption for Tax Reasons**

Subject to Condition 4(k) (*Conditions to Redemption and Purchase of the Notes*), if Redemption for tax reasons is specified as applicable in the applicable Final Terms and the Issuer satisfies the Agent, immediately prior to the giving of the notice referred to below, that:

- (i) as a result of any amendment to or change in the laws or regulations of Italy or of any political subdivision thereof or any authority or agency therein or thereof or in the interpretation or administration of any such laws or regulations, which change or amendment becomes effective on or after the Issue Date of the first Tranche of the Notes of the Series, the Issuer would (notwithstanding its having used such endeavours as the Agent shall consider reasonable) be required to pay additional amounts as provided in Condition 8 (*Taxation*) on the occasion of the next payment in respect of Notes of the Series,
- (ii) such obligation cannot be avoided by the Issuer taking reasonable measures available to it,
- (iii) in the case of Subordinated Notes only, if the circumstances under points (i) and (ii) above have occurred before five years from the issue of the relevant Subordinated Notes, the Issuer has demonstrated to the satisfaction of the Relevant Authority (as defined in Condition 2(a)) that such change is material and was not reasonably foreseeable at the Issue Date, and
- (iv) such circumstances are evidenced by the delivery by the Issuer to the Agent of (A) a certificate signed by two authorised signatories of the Issuer stating that the said circumstances prevail and describing the facts leading thereto, and (B) an opinion of independent legal advisers of recognised standing to the effect that such circumstances prevail (a "**Tax Event**"),

the Issuer may, at its option, having given not more than 60 nor less than 30 days' notice to the Paying Agent and, in accordance with Condition 13 (*Notices*), the Noteholders, at any time or, if the Notes are Floating Rate Notes, including CMS Linked Interest Notes and SONIA Linked Interest Notes, on the next Interest Payment Date, repay all, but not some only, of the Notes at their Early Redemption Amount referred to in paragraph (f) below, together, if appropriate, with interest accrued to (but excluding) the date of repayment **provided that** the date fixed for such repayment shall not be earlier than 90 days prior to the earliest date on which the Issuer would be obliged to pay such additional amounts, were a payment in respect of the Notes then due. Upon the expiry of such notice, the Issuer shall be bound to redeem the Notes accordingly.

(c) **Redemption for regulatory reasons - Regulatory Call**

(i) *Senior Notes*

Subject to Condition 4(k)(i) (*Conditions to Redemption and Purchase of the Notes – Senior Notes*), if MREL/TLAC Disqualification Event is specified in the applicable Final Terms as being applicable, the Senior Preferred Notes and/or the Senior Non-Preferred Notes (as the case may be) may be redeemed at the option of the Issuer, in whole but not in part, at any time (if the Senior Preferred Notes and/or the Senior Non-Preferred Note (as the case may be) is not a Floating Rate Note) or on any Interest Payment Date (if the Note is a Floating Rate Note), on giving not less than 15 nor more than 30 days' notice (which notice shall be irrevocable) to the Paying Agent and, in accordance with Condition 14 (*Notices*), to the holders of the Senior Preferred Notes and/or the Senior Non-Preferred Notes (as the case may be), upon the occurrence of an MREL/TLAC Disqualification Event with respect to the relevant Series of Senior Preferred Notes and/or Senior Non-Preferred Notes (as the case may be).

"**MREL/TLAC Disqualification Event**" means the determination by the Issuer, that as a result of a change in Italian and/or EU laws, regulations, guidelines, rules, standards and policies, delegated or implementing acts, regulatory technical standards as well as a change in the application or official interpretation of the relevant regulations, becoming effective on or after the Issue Date of a Series of Senior Preferred Notes and/or of Senior Non-Preferred Notes, which change was not reasonably foreseeable by the Issuer as at the Issue Date of the Series, it is likely that all or part of the aggregate outstanding nominal amount of such Series of Senior Preferred Notes and/or of Senior Non-Preferred Notes will be excluded from the eligible liabilities available to meet the MREL/TLAC Requirements (however called or defined by then applicable regulations) if the Issuer is then subject to such requirements, **provided that** an MREL/TLAC Disqualification Event shall not occur where such Series of Senior Preferred Notes and/or of Senior Non-Preferred Notes are excluded on the basis (1) that the

remaining maturity of such Senior Preferred Notes and/or Senior Non-Preferred Notes is less than any period prescribed by any applicable eligibility criteria under the MREL/TLAC Requirements, or (2) of any applicable limits on the amount of eligible liabilities permitted or allowed to meet the MREL/TLAC Requirements. For the avoidance of doubt, for the purpose of this definition of "MREL/TLAC Disqualification Event", the Issuer is considered already subject to MREL/TLAC Requirements regardless of any transitional period which may apply to the mandatory application of the same.

"**MREL/TLAC Requirements**" means the minimum requirement for own funds and eligible liabilities and/or total loss-absorbing capacity requirements applicable to the Issuer and/or the Group referred to in the BRRD (as defined in Condition 2(a)), any other EU law or regulation and relevant implementing legislation and regulation in Italy.

(ii) *Subordinated Notes*

Subject to Condition 4(k)(ii) (*Conditions to Redemption and Purchase of the Notes – Subordinated Notes*), if Regulatory Event is specified in the applicable Final Terms as being applicable, to the extent that the Issuer determines that a Regulatory Event has occurred, the Notes may be redeemed at the option of the Issuer, in whole but not in part, at any time (if the Note is not a Floating Rate Note) or on any Interest Payment Date (if the Note is a Floating Rate Note), on giving not less than 15 nor more than 30 days' notice (which notice shall be irrevocable) to the Agent and, in accordance with Condition 13 (*Notices*), the Noteholders.

Prior to the publication of any notice of redemption pursuant to this Condition 4(c), the Issuer shall deliver or procure that there is delivered to the Agent a certificate signed by two authorised signatories of the Issuer stating that the said circumstances prevail and describe the facts leading thereto, in which event it shall be conclusive and binding on the Noteholders, the Voucherholders and the Couponholders.

Upon the expiry of any such notice as is referred to in this Condition 4(c), the Issuer shall be bound to redeem the Notes in accordance with this Condition 4(c), at the Early Redemption Amount (Regulatory Event) described in the applicable Final Terms, together (if appropriate) with interest accrued to (but excluding) the date of redemption.

In this Condition 4(c)(ii):

"**Applicable Banking Regulations**" means at any time the laws, regulations, requirements, guidelines and policies relating to capital adequacy then in effect in the Republic of Italy, including, without limitation to the generality of the foregoing, those regulations, requirements, guidelines and policies relating to capital adequacy then in effect of the Relevant Authority (as defined in Condition 2(a)) whether or not such requirements, guidelines or policies have the force of law and whether or not they are applied generally or specifically to the Issuer and including, for avoidance of doubt, as at the Issue Date the rules contained in, or implementing, CRD IV and the Banking Reform Package;

(b) *Method of Payment*

Subject as provided below:

- (i) payments in a Specified Currency other than Euro will be made by transfer to an account in the relevant Specified Currency maintained by the payee with, or by a cheque in such Specified Currency drawn on, a bank in the principal financial centre of the country of such Specified Currency (which if the Specified Currency is in Australian dollars or New Zealand dollars shall be Sydney or Wellington, respectively) as specified in the applicable Final Terms; and
- (ii) payments in Euro will be made by credit or transfer to an Euro account (or any other account to which Euro may be credited or transferred) specified by the payee or at the option of the payee by a Euro cheque.

All payments in respect of the Notes are subject in all cases to any applicable fiscal or other laws and regulations in the place of payment, but without prejudice to the provisions of Condition 8 (*Taxation*).

(c) ***Presentation of Notes, Vouchers, Coupons and Talons***

Payments of principal and accrued interest in respect of Notes in respect of which definitive Notes have been issued will (subject as provided below) be made in the manner specified in paragraphs (a) and (b) above against presentation and surrender (or, in the case of part payment only, endorsement) of definitive Notes and payments of interest (other than rolled-up interest) in respect of the Notes will (subject as provided below) be made as aforesaid against presentation and surrender (or, in the case of part payment only, endorsement) of Coupons, in each case at the specified office of any Paying Agent outside the United States (as referred to below).

Payments of instalments of principal (if any) in respect of Notes in definitive form, other than the final instalment, will (subject as provided below) be made against presentation and surrender (or, in the case of part payment only, endorsement) of the relevant Voucher at the specified office of any Paying Agent. Each Voucher must be presented for payment of the relevant instalment together with the relevant definitive Note against which the amount will be payable in respect of that instalment. If any definitive Note is redeemed or becomes redeemable prior to its Maturity Date, principal will be payable on presentation and surrender (or, in the case of part payment only, endorsement) of such definitive Note together with all unmatured Vouchers appertaining thereto. Vouchers presented without the definitive Notes to which they appertain and unmatured Vouchers do not constitute valid obligations in respect of the Notes to which they relate.

Each Fixed Rate Note in definitive form should be presented for payment together with all unmatured Coupons appertaining thereto (which for this purpose shall be deemed to include Coupons falling to be issued on exchange of matured Talons) failing which the amount of any missing unmatured Coupon (or, in the case of payment not being made in full, the same proportion of the aggregate amount of such missing unmatured Coupon as the sum so paid bears to the sum due) will be deducted from the sum due for payment. Each amount of principal so deducted will be paid in the manner mentioned above against presentation and surrender (or, in the case of part payment only, endorsement) of the relative missing Coupon at any time before the expiry of 10 years after the Relevant Date (as defined in Condition 8 (*Taxation*)) in respect of such principal (whether or not such Coupon would otherwise have become void under Condition 12 (*Prescription*)). Upon any Fixed Rate Note becoming due and repayable prior to its Maturity Date, all unmatured Talons (if any) appertaining to the definitive Note relating thereto will become void and no further Coupons will be issued in respect thereof.

Upon the date on which any Floating Rate Note (including a CMS Interest Linked Note and SONIA Interest Linked Notes) represented by Notes in definitive form becomes due and repayable, unmatured Vouchers, Coupons and Talons (if any) appertaining to such definitive Notes (whether or not attached) shall become void and no payment shall be made in respect thereof.

In the event that definitive Notes are issued, if the due date for redemption thereof is not an Interest Payment Date, interest (if any) accrued in respect of such Notes from and including the preceding Interest Payment Date or, as the case may be, the Interest Commencement Date shall be payable only against presentation and surrender (or, in the case of part payment only, endorsement) of the relevant definitive Notes.

Payments of principal and interest (if any) in respect of Notes represented by any global Note will (subject as provided below) be made in the manner specified above in relation to definitive Notes and otherwise in the manner specified in the relevant global Note against presentation and surrender (or, in the case of part payment only, endorsement), as the case may be, of such global Note to or to the order of the Agent or any other Paying Agent, as the case may be. A record of each payment made against presentation or surrender of such global Note distinguishing between any payment of principal and any payment of interest, will in the case of a classic global note ("CGN") (as specified in the applicable Final Terms) be made on such global Note by the Agent or other Paying Agent, as the case may be, and such record shall be *prima facie* evidence that the payment in question

has been made and in the case of a new global note ("**NGN**") (as specified in the applicable Final Terms) *pro rata* in the records of Euroclear and Clearstream, Luxembourg.

The holder of the relevant global Note shall be the only person entitled to receive payments in respect of Notes represented by such global Note and the Issuer, will be discharged by payment to, or to the order of, the holder of such global Note in respect of each amount so paid. Each of the persons shown in the records of Euroclear or Clearstream, Luxembourg as the holder of a particular nominal amount of Notes represented by a global Note must look solely to Euroclear or Clearstream, Luxembourg, as the case may be, for his share of each payment so made by the Issuer to, or to the order of, the holder of the relevant global Note.

Notwithstanding the foregoing, payments of interest in respect of the Notes will only be made at the specified office of a Paying Agent in the United States (which expression, as used herein, means the United States of America (including the States and the District of Columbia, its territories, its possessions and other areas subject to its jurisdiction)) if:

- (i) the Issuer has appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment at such specified offices outside the United States of the full amount of interest on the Notes in the manner provided above when due;
- (ii) payment of the full amount of such interest at such specified offices outside the United States is illegal or effectively precluded by exchange controls or other similar restrictions; and
- (iii) such payment is then permitted under United States law without involving, in the opinion of the Issuer, adverse tax consequences to the Issuer.

(d) **Payment Day**

If the date for payment of any amount in respect of any Note, Voucher or Coupon is not a Payment Day, the holder thereof shall not be entitled to payment until the next following Payment Day in the relevant place and shall not be entitled to further interest or other payment in respect of such delay. For these purposes, "**Payment Day**" means any day which is both a:

- (a) day on which commercial banks and foreign exchange markets settle payments in the relevant place of presentation; and
- (b) Business Day (as defined in Condition 3(c)(i) (*Interest Payment Dates*)).

Notwithstanding the definition of "**Payment Day**" above, while all the Notes are represented by a Permanent Global Note (or by a Permanent Global Note and/or a Temporary Global Note) and the Permanent Global Note is (or the Permanent Global Note and/or the Temporary Global note are) deposited with a depositary, a common depositary, or a common safekeeper for Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system, "**Payment Day**" means:

- (a) if the currency of payment is euro, any day which is a TARGET settlement day and a day on which dealings in foreign currencies may be carried on in each (if any) Additional Financial Centre; or
- (b) if the currency of payment is not euro, any day which is a day on which dealings in foreign currencies may be carried on in the Principal Financial Centre of the currency of payment and in each (if any) Additional Financial Centre.

Without prejudice to the provisions of Condition 3(c)(i) (*Interest Payment Dates*), if the Final Terms specify that a date for payment of any amount in respect of any Note, Voucher or Coupon, including Interest Payment Dates, is adjusted in accordance with a Business Day Convention and if any relevant date of payment would otherwise fall on a day which is not a Payment Day, then, if the business day convention specified is:

- (a) the Following Business Day Convention, such date of payment shall be postponed to the next day which is a Payment Day; or
- (b) the Modified Following Business Day Convention or Modified Business Day Convention, such Payment Day shall be postponed to the next day which is a Payment Day unless it would thereby fall into the next calendar month, in which event such date of payment shall be brought forward to the immediately preceding Payment Day; or
- (c) the Preceding Business Day Convention, such date of payment shall be brought forward to the immediately preceding Payment Day.

(e) ***Interpretation of Principal and Interest***

Any reference in these Terms and Conditions to principal in respect of the Notes shall be deemed to include, as applicable:

- (i) any additional amounts which may be payable under Condition 8 (*Taxation*);

The names of the initial Agent and the other initial Paying Agents and their initial specified offices are set out below.

The Issuer is entitled to vary or terminate the appointment of any Paying Agent or any other paying agent appointed under the terms of the Agency Agreement for the Italian Law Notes and/or appoint additional or other paying agents and/or approve any change in the specified office through which any paying agent acts, **provided that**:

- (i) so long as the Notes are admitted to listing, traded and/or quoted on any stock exchange, listing authority and/or quotation system, there will at all times be a Paying Agent with a specified office in such place as may be required by the rules and regulations of the relevant stock exchange, listing authority and/or quotation system;
- (ii) there will at all times be a Paying Agent with a specified office in a city with a specified office in a European Union Member State other than Italy; and
- (iii) there will at all times be an Agent.

In addition, the Issuer shall forthwith appoint a Paying Agent having a specified office in New York City in the circumstances described in the final paragraph of Condition 5(c) (*Presentation of Notes, Vouchers, Coupons and Talons*). Any variation, termination, appointment or change shall only take effect (other than in the case of insolvency, when it shall be of immediate effect) after not less than 30 nor more than 45 days' prior notice thereof shall have been given to the Noteholders in accordance with Condition 13 (*Notices*) **provided that** no such variation, termination, appointment or change shall take effect (except in the case of insolvency) within 15 days before or after any Interest Payment Date.

7. Exchange of Talons

On and after the Interest Payment Date on which the final Coupon comprised in any Coupon sheet matures, the Talon (if any) forming part of such Coupon sheet may be surrendered at the specified office of any Paying Agent in exchange for a further Coupon sheet including (if such further Coupon sheet does not include Coupons to, and including, the final date for the payment of interest due in respect of the Note to which it appertains) a further Talon, subject to the provisions of Condition 11 (*Replacement of Notes, Vouchers, Coupons and Talons*). Each Talon shall, for the purposes of these Terms and Conditions, be deemed to mature on the Interest Payment Date on which the final Coupon comprised in the relative Coupon sheet matures.

8. Taxation

All payments in respect of the Notes shall be made without deduction or withholding for or on account of any present or future taxes or duties of whatever nature imposed or levied by or on behalf of the Republic of Italy or of any political subdivision thereof or any authority or agency therein or thereof, unless the deduction or withholding of such taxes or duties is required by law. In that event, the Issuer will pay such additional amounts in respect of, with regard to the Senior Notes only, principal and interest (if permitted by MREL/TLAC Requirements), and, with regard to the Subordinated Notes only, interest only (and not in respect of principal) as may be necessary in order that the net amounts received by

the holders of the Notes, Voucher or Coupons after such withholding or deduction shall equal the respective amounts of principal and interest which would have been received in respect of the Notes, Voucher or (as the case may be) Coupons, in the absence of such withholding or deduction; except that no such additional amounts shall be payable with respect to any Note, Voucher or Coupon presented for payment:

- (a) by or on behalf of a Noteholder, Voucherholder or Couponholder who:
 - (i) is entitled to avoid such deduction or withholding by making a declaration of non-residence or other similar claim for exemption; or
 - (ii) is liable to such taxes or duties by reason of his having some connection with Italy other than the mere holding of the Note, Voucher or Coupon; or
 - (iii) would have been able to avoid such withholding or deduction by presenting the relevant Note, Voucher or Coupon to another Paying Agent in a Member State of the EU; or
- (b) more than 30 days after the Relevant Date except to the extent that the holder thereof would have been entitled to such additional amount on presenting the same for payment on such thirtieth day; or
- (c) in relation to any payment or deduction of any interest, principal or other proceeds of any Note, Voucher or Coupon on account of *imposta sostitutiva* pursuant to Italian Legislative Decree No. 239 of 1 April 1996 as amended; or
- (d) in Italy; or
- (e) in respect of any Note that qualifies as an atypical security where such withholding or deduction is required pursuant to Law Decree No. 512 of 30 September 1983, as amended.

As used in these Terms and Conditions, "**Relevant Date**" means whichever is the later of (A) the date on which such payment first becomes due; and (B) if the full amount of the moneys payable has not been received by the Agent on or prior to such due date, the date seven days after the date on which such moneys shall have been so received and notice to that effect shall have been given to the Noteholders in accordance with Condition 13 (*Notices*).

Notwithstanding any other provision in these Terms and Conditions, the Issuer, the Trustee and/or any paying agent shall be permitted to withhold or deduct any amounts required to be deducted or withheld pursuant to Sections 1471 through 1474 of the U.S. Internal Revenue Code of 1986, as amended (the "**Code**") or otherwise imposed pursuant to (i) any regulations thereunder or official interpretations thereof, or (ii) an intergovernmental agreement between the United States and another jurisdiction facilitating the implementation thereof, or (iii) any law implementing such an intergovernmental agreement (any such withholding or deduction, a "**FATCA Withholding**"), as a result of a holder, beneficial owner or an intermediary not being entitled to receive payments free of FATCA withholding. None of the Issuer, the Trustee, the paying agent or any other person will be required to pay additional amounts or otherwise indemnify a holder/investor for any such FATCA Withholding deducted or withheld.

If the Issuer becomes subject at any time to any taxing jurisdiction other than the Republic of Italy, references in these Terms and Conditions to the Republic of Italy shall be construed as references to the Republic of Italy and/or such other jurisdiction.

References herein to the principal of, and/or interest on, the Notes shall be deemed also to refer to any additional amounts which may be payable under the obligations referred to in this Condition 8 (*Taxation*) or any obligations undertaken in addition thereto or in substitution therefor pursuant to the Agency Agreement for the Italian Law Notes.

9. Events of Default

If the Issuer becomes subject to *Liquidazione Coatta Amministrativa* as defined in Legislative Decree No. 385 of 1 September 1993 of the Republic of Italy (as amended from time to time) (the "**Event of Default**"), then any holder of a Note may, by written notice to the Issuer at the specified office of the Issuer or the Agent, effective upon the date of receipt thereof by the Issuer or the Agent, declare any Note held by the holder to be forthwith due and payable whereupon the same shall become forthwith due and payable at its Early Redemption Amount together with accrued interest (if any) to the date of repayment, without presentment, demand, protest or other notice of any kind.

No remedy against the Issuer other than as specifically provided by this Condition 9 (*Events of Default*) shall be available to the Noteholder, Voucherholder or Couponholder whether for the recovery of amounts owing in respect of the Notes or in respect of any breach by the Issuer of any of its obligations in relation to the Notes or otherwise.

10. Meetings of Noteholders; Modification; Waiver

The Agency Agreement for the Italian Law Notes contains provisions for convening meetings of the Noteholders to consider any matter affecting their interests, including the modification of these Terms and Conditions, the Notes, the Vouchers, the Coupons, the Agency Agreement for the Italian Law Notes or the terms of the Notes. The quorum at any such meeting for passing an Extraordinary Resolution shall be one or more persons present holding or representing the holders of Notes relating to a clear majority of the nominal amount of the Notes for the time being outstanding, or at any such adjourned meeting one or more persons present holding or representing the holders of the Notes whatever the nominal amount of the Notes, except that at any meeting, the business of which includes, *inter alia*, the modification of the Agency Agreement for the Italian Law Notes, the reduction of the amount, variation of the currency or postponement of the date for payment of principal or interest in respect of the Notes, the necessary quorum for passing an Extraordinary Resolution shall be one or more persons present holding or representing in the aggregate not less than two-thirds, or at any adjourned such meeting not less than one-third, in nominal amount of the Notes for the time being outstanding. Any resolution passed at any meeting of the Noteholders will be binding on all the Noteholders whether or not they are present at the meeting, and on all holders of Vouchers and Coupons relating to the Notes.

The rights and powers of the Noteholders may only be exercised in accordance with the relevant provisions for the meetings of the Noteholders attached to the Agency Agreement for the Italian Law Notes (the **Provisions for Meetings of Noteholders**) which are deemed to form part of these Conditions. The Noteholders are deemed to have notice of and are bound by, and shall have the benefit of, *inter alia*, the terms of the Provisions for Meetings of Noteholders.

The Agent and the Issuer may agree, without the consent of the Noteholders, Voucherholders or Couponholders, to any modification (subject to certain exceptions) of, or to the waiver or authorisation of any breach or proposed breach of, any of these Terms and Conditions, the Agency Agreement for the Italian Law Notes, the Notes, the Vouchers, the Coupons or the terms of the Notes or determine that any event which would or might otherwise be an Event of Default shall not be treated as such where, in any such case, it is not, in the opinion of the Issuer, materially prejudicial to interests of the Noteholders, Voucherholders and Couponholders so to do, or to any modification which is of a formal, minor or technical nature or which is made to correct a manifest error.

Any such modification, waiver, authorisation or determination shall be binding on the Noteholders, Voucherholders and Couponholders and any such modification shall be notified to the Noteholders as soon as practicable thereafter in accordance with Condition 13 (*Notices*). For the avoidance of doubt, any variation of these Conditions and the Agency Agreement for the Italian Law Notes to give effect to the Benchmark Amendments in accordance with Condition 3(f) (*Benchmark replacement*) shall not require the consent or approval of Noteholders, Voucherholders or Couponholders, subject (to the extent required) to the Issuer giving any notice required to be given to, any receiving any consent required from, or non-objection from, the Relevant Authority.

If at any time a Tax Event or Regulatory Event occurs, the Issuer may, subject to giving any notice required to, and receiving any required consent from, the Relevant Authority, (without any requirement for the consent or approval of the holders of the Notes of relevant Series) and having given not less than 30 nor more than 60 days' notice to the holders of the relevant Notes of that Tranche, at any time either substitute all (but not some only) of the Notes for, or vary the terms of all (but not some only) of the Notes so that they remain or, as appropriate, become, Qualifying Securities, to the extent that such modification is reasonably necessary to ensure that no Tax Event or Regulatory Event would exist after such modification, provided that such variation or substitution does not itself give rise to any right of the Issuer to redeem the varied or substituted securities or otherwise provide the Issuer with a right of redemption pursuant to the provisions of the Notes.

In addition, in relation to Senior Preferred Notes or Senior Non-Preferred Notes, if Modification following an MREL/TLAC Disqualification Event is specified as applicable in the applicable Final Terms, if at any time an MREL or TLAC Disqualification Event occurs, then the Issuer may, subject to giving any notice required to be given to, and receiving any consent required from, the Relevant Authority (without any requirement for the consent or approval of the holders of the relevant Notes of that Series) and having given not less than 30 nor more than 60 days' notice to the holders of the Notes of that Series, at any time either substitute all (but not some only) of such Senior Notes for, or vary the terms of all (but not some only) of such Senior Notes so that they remain or, as appropriate, become, Qualifying Senior Preferred Notes or Qualifying Senior Non-Preferred Notes, as applicable, to the extent that such modification is reasonably necessary to ensure that no MREL/TLAC Disqualification Event would exist after such modification, provided that such variation or substitution does not itself give rise to any right of the Issuer to redeem the varied or substituted securities. Any modification of Senior Non-Preferred Notes must comply with the limitations imposed by applicable Italian law.

In these Conditions:

"**Qualifying Securities**" means securities issued by the Issuer that:

- (a) other than in respect of the effectiveness and enforceability of Condition 16, have terms not materially less favourable to a holder of the Notes than the terms of the Notes, and that shall also (A) contain terms which at such time result in such securities being eligible to count towards fulfilment of the Issuer's minimum requirements for own funds and eligible liabilities under the then applicable MREL/TLAC Requirements or, as the case may be, for the Tier II Capital; (B) include a ranking at least equal to that of the Notes; (C) have the same interest rate and the same Interest Payment Dates as those from time to time applying to the Notes; (D) have the same redemption rights as the Notes; and (E) are assigned (or maintain) the same credit ratings as were assigned to the Notes immediately prior to such variation or substitution; and
- (b) are listed on a recognised stock exchange if the Notes were listed immediately prior to such variation or substitution.

"Qualifying Senior Non-Preferred Notes" means securities issued by the Issuer that:

- (a) other than in respect of the effectiveness and enforceability of Condition 18, have terms not materially less favourable to a holder of the Senior Non-Preferred Notes than the terms of the Senior Non-Preferred Notes, and that shall also (A) contain terms which at such time result in such securities being eligible to count towards fulfilment of the Issuer's minimum requirements for own funds and eligible liabilities under the then applicable MREL/TLAC Requirements; (B) include a ranking at least equal to that of the Senior Non-Preferred Notes; (C) have the same interest rate and the same Interest Payment Dates as those from time to time applying to the Senior Non-Preferred Notes; (D) have the same redemption rights as the Senior Non-Preferred Notes; and (E) are assigned (or maintain) the same credit ratings as were assigned to the Senior Non-Preferred Notes immediately prior to such variation or substitution; and
- (b) are listed on a recognised stock exchange if the Senior Non-Preferred Notes were listed immediately prior to such variation or substitution.

"Qualifying Senior Preferred Notes" means securities issued by the Issuer that:

- (a) other than in respect of the effectiveness and enforceability of Condition 18, have terms not materially less favourable to a holder of the Senior Preferred Notes than the terms of the Senior Preferred Notes, and that shall also (A) contain terms which at such time result in such securities being eligible to count towards fulfilment of the Issuer's minimum requirements for own funds and eligible liabilities under the then applicable MREL/TLAC Requirements; (B) include a ranking at least equal to that of the Senior Preferred Notes; (C) have the same interest rate and the same Interest Payment Dates as those from time to time applying to the Senior Preferred Notes; (D) have the same redemption rights as the Senior Preferred Notes; and (E) are assigned (or maintain) the same credit ratings as were assigned to the Senior Preferred Notes immediately prior to such variation or substitution; and
- (b) are listed on a recognised stock exchange if the Senior Preferred Notes were listed immediately prior to such variation or substitution.

11. Replacement of Notes, Vouchers, Coupons and Talons

Should any Note, Voucher, Coupon or Talon be mutilated, defaced or destroyed or be lost or stolen, it may be replaced at the specified office of the Paying Agent in Luxembourg (or such other place as may be notified to the Noteholders), in accordance with all applicable laws and regulations, upon payment by the claimant of the expenses incurred by the Issuer and such Paying Agent in connection therewith and on such terms as to evidence, indemnity, security or otherwise as the Issuer may require. Mutilated or defaced Notes, Vouchers, Coupons or Talons must be surrendered before replacements will be issued.

12. Prescription

Claims for principal shall become void unless the relevant Notes are presented for payment within ten years of the appropriate Relevant Date. Claims for interest shall become void unless the relevant Coupons are presented for payment within five years of the appropriate Relevant Date.

13. Notices

All notices to Noteholders regarding the Notes shall be published (a) in one leading English language daily newspaper of general circulation in London and (b) so long as the Notes are listed on the Official List of the Luxembourg Stock Exchange, in one leading daily newspaper of general circulation in Luxembourg or on the website of the Luxembourg Stock Exchange (www.bourse.lu). It is expected that publication of notices will normally be made in the *Financial Times* in London and the *Luxemburger Wort* in Luxembourg. Any such notice shall be deemed to have been given on the date of such publication or, if published more than once or on different dates, on the date of the first publication in both the

required newspapers. The Issuer shall also ensure that notices are duly published in a manner which complies with the rules and regulations of any other stock exchange on which the Notes are for the time being listed.

Notwithstanding the above, while all the Notes are represented by a Permanent Global Note (or by a Permanent Global Note and/or a Temporary Global Note) and the Permanent Global Note is (or the Permanent Global Note and/or the Temporary Global Note are) deposited, in the case of a CGN, with a common depository or, in the case of an NGN, with a common safekeeper for Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system, notices to Noteholders may be given by delivery of the relevant notice to Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system and for so long as Notes are listed on the Official List of the Luxembourg Stock Exchange, in one leading daily newspaper of general circulation in Luxembourg which is expected to be the *Luxemburger Wort* and, in any case, such notices shall be deemed to have been given to the Noteholders in accordance with this Condition on the date of delivery to Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system.

Until such time as any definitive Notes are issued, there may (**provided that**, in the case of Notes listed on a stock exchange, the rules of that stock exchange so permit), so long as the global Note(s) is or are held in its/their entirety on behalf of Euroclear and Clearstream, Luxembourg, be substituted for such publication in such newspaper the delivery of the relevant notice to Euroclear and Clearstream, Luxembourg for communication by them to the Noteholders. Any such notice shall be deemed to have been given to the Noteholders on the seventh day after the day on which the said notice was given to Euroclear and Clearstream, Luxembourg.

Notices to be given by any Noteholder shall be in writing and given by lodging the same, together with the relative Note or Notes, with the Agent. Whilst any of the Notes is represented by a global Note, such notice may be given by any Noteholder to the Agent via Euroclear and/or Clearstream, Luxembourg, as the case may be, in such manner as the Agent and Euroclear and/or Clearstream, Luxembourg, as the case may be, may approve for this purpose.

Couponholders will be deemed for all purposes to have notice of the contents of any notice given to Noteholders in accordance with this Condition.

14. Further Issues

The Issuer shall be at liberty from time to time without the consent of the Noteholders, Voucherholders or Couponholders to issue further notes, such further notes to rank *pari passu* in all respects (or in all respects save for the date of, and the amount of, the first payment of interest in such further notes) with the outstanding Notes and so that the same shall be consolidated and form a single series with the outstanding Notes.

15. Governing Law; Submission to Jurisdiction

The Agency Agreement for the Italian Law Notes, the Terms and Conditions for the Italian Law Notes and any non-contractual obligations arising out of or in connection with them shall be governed by, and shall be construed in accordance with, Italian law.

The courts of Milan have exclusive jurisdiction to settle any dispute (a "**Dispute**") arising from or connected with the Notes (including a dispute regarding the existence, validity or termination of the Agency Agreement for the Italian Law Notes or the Notes or any non-contractual obligations arising out of or in connection with them) or the consequences of the nullity of the Agency Agreement for the Italian Law Notes or the Notes. The Issuer agrees that the courts of Milan are the most appropriate and convenient courts to settle any Dispute and, accordingly, it will not argue to the contrary. Nothing in this Condition 15 (*Governing law; Submission to Jurisdiction*) prevents the Noteholders from taking proceedings relating to a Dispute ("**Proceedings**") in any other courts with jurisdiction, whether concurrently or not.

16. Acknowledgment of Statutory Bail-in Power

Notwithstanding any provision of these Conditions or any other agreements, arrangements, or understandings between the Issuer and any Noteholder, and without prejudice to Article 55(1) of the BRRD, by its acquisition of the Notes each Noteholder (which, for the purposes of this Condition 16, includes each holder of a beneficial interest in the Notes) acknowledges, accepts, consents to and agrees to be bound by the effects of the exercise of the Italian Bail-in Power by the Relevant Authority (as defined in Condition 2(a)), which exercise may include and result in any of the following, or some combination thereof: (i) the reduction of all, or a portion, of the principal amount in respect of the Notes together with any accrued but unpaid interest due thereon and any additional amounts (if any) due in relation thereto; (ii) the conversion of all, or a portion, of the principal amount in respect of the Notes together with any accrued but unpaid interest due thereon and any additional amounts (if any) due in relation thereto, into ordinary shares, other securities or other obligations of the Issuer or another person (and the issue to or conferral on the holder of such shares, securities or obligations), including by means of an amendment, modification or variation of these Conditions; (iii) the cancellation of the Notes or the principal amount in respect of the Notes together with any accrued but unpaid interest due thereon and any additional amounts (if any) due in relation thereto; (iv) the amendment or alteration of the maturity of the Notes or amendment of the amount of interest payable on the Notes, or the date on which the interest becomes payable,

including by suspending payment for a temporary period; and (v) the variation of these Conditions, as deemed necessary by the Relevant Authority, to give effect to the exercise of the Italian Bail-in Power by the Relevant Authority.

The exercise of the Italian Bail-in Power by the Relevant Authority shall not constitute an event of default and these Conditions shall remain in full force and effect, save as varied by the Relevant Authority in accordance with this Condition 16.

In this Condition 16:

"Italian Bail-in Power" means any write-down, conversion, transfer, modification, or suspension power existing from time to time under, and exercised in compliance with, any laws, regulations, rules or requirements in effect in the Republic of Italy, relating to (i) the transposition of the BRRD (in including, but not limited to, Legislative Decrees No. 180/2015 and 181/2015) as amended from time to time, (ii) Regulation (EU) No. 806/2014 of the European Parliament and of the Council of 15 July 2014, establishing uniform rules and a uniform procedure for the resolution of credit institutions and certain investment firms in the framework of the Single Supervisory Mechanism and the Single Resolution Fund and amending Regulation (EU) No. 1093/2010, as amended or superseded from time to time (the "**SRM Regulation**") and (iii) the instruments, rules and standards created thereunder, pursuant to which any obligation of a regulated entity (as defined below) (or other affiliate of such regulated entity) can be reduced, cancelled, modified, or converted into shares, other securities, or other obligations of such regulated entity or any other person (or suspended for a temporary period).

DESCRIPTION OF THE ISSUER

General

BPER Banca S.p.A. (previously, Banca popolare dell'Emilia Romagna Società Cooperativa) ("**BPER**", "**BPER Banca**" or the "**Parent Company**") is a bank incorporated as a joint-stock company (società per azioni), operating in accordance with Italian Legislative Decree No. 385 of 1 September 1993. It is the parent company of the BPER Banca banking Group (the "**BPER Group**" or the "**BPER Banca Group**"), which was incorporated under the laws of the Republic of Italy on 29 December 1983 and, pursuant to its By-laws, its final term ends on 1 December 2100 and may be extended. BPER officially entered in the Bank of Italy's registers of banking groups on 7 August 1992 (Group No. 5387.6). The change of denomination from Banca popolare dell'Emilia Romagna Società Cooperativa to BPER Banca S.p.A. occurred on the basis of the Extraordinary Shareholders' Meeting held in Modena on 26 November 2016.

BPER's registered office is in Via San Carlo 8/20, Modena, Italy (Telephone number: +39 059 2021111). BPER is registered in the Bank of Italy's register of banks under number 4932 and with the Chamber of Commerce of Modena under number 01153230360.

The Legal Entity Identifier code of the Issuer is N747OI7JINV7RUUH6190 (expiring on November 2022).

Since June 2009, following the inclusion of the Expandi market within the main market (MTA), which was implemented by Borsa Italiana S.p.A. as part of the broader rationalisation of Italy's financial markets, BPER's shares have been listed in the "Blue Chip" segment of the MTA (comprising the 72 largest companies measured by capitalisation). As of the date when the "Blue Chip" segment was substituted by the FTSE MIB BPER's shares have been included in this stock market index.

In September 2009, BPER's shares were included in the Dow Jones STOXX 600, a major European index. This index is used as a benchmark by numerous European funds and is the underlying benchmark for futures contracts traded on the Frankfurt derivatives exchange.

BPER was initially established under the name Banca Popolare di Modena, a mutual company, whose founding objective was the financing of artisan and local business activities. In 1983, it was merged with Banca Cooperativa di Bologna, changing its name to Banca Popolare dell'Emilia. In January 1992, the BPER acquired Banca Popolare di Cesena and changed its name to Banca popolare dell'Emilia Romagna Società Cooperativa.

In 1994, the BPER Group acquired control of Banca Popolare di Ravenna S.p.A. ("**Banca Popolare di Ravenna**"), and in 1996, of Banca CRV – Cassa di Risparmio di Vignola S.p.A. ("**Banca CRV**"), consolidating its presence in Emilia Romagna.

BPER has established a strong foothold in the southern regions of Italy through the acquisitions, in 1995, of Banca Popolare di Lanciano e Sulmona S.p.A. ("**BPLS**") and Banca Popolare del Materano S.p.A. ("**Banca Popolare del Materano**"), and in 1996, Banca Popolare di Crotona S.p.A. ("**Banca Popolare di Crotona**").

In 1996, BPER and Banca Popolare di Ravenna set up Banca Popolare dell'Emilia Romagna (Europe) International S.A., successively named BPER Bank Luxembourg s.a., whose headquarters are located in Luxembourg and whose business focus is on private banking, investment management and corporate banking services. The private banking and investment management services are offered to international clients, including a wide array of specialized and tailor made services, such as investment advice and discretionary portfolio management. As at the date of this Base Prospectus, BPER holds 100% of the share capital of BPER Bank Luxembourg s.a..

In November 2008, BPER subsidiaries Banca Popolare del Materano and Banca Popolare di Crotona merged to form a new banking entity named Banca Popolare del Mezzogiorno S.p.A. ("**Banca Popolare del Mezzogiorno**"). Prior to the 2008 merger, BPER acquired, through Banca Popolare del Materano, three small banks located in the South of Italy, notably, Banca Popolare della Val d'Agri S.p.A. and Banca Popolare del Sinni S.p.A. (both of which merged with Banca Popolare del Materano in 2000 and 2001, respectively) and Banca Popolare di Castrovillari e Corigliano Calabro S.p.A. which, in 2002, was merged by incorporation with Banca Popolare di Crotona.

In 1998, BPER acquired control of Banca del Monte di Foggia S.p.A., which merged with Banca della Campania S.p.A. ("**Banca della Campania**") on 28 December 2006. At the end of 1998, BPER acquired approximately 55 per cent of the share capital of Banca Popolare di Aprilia S.p.A. ("**BPA**"). The acquisition, in 1999, of Banca Popolare di Salerno S.p.A. ("**Banca Popolare di Salerno**"), Cassa di Risparmio dell'Aquila S.p.A. ("**Carispaq**") and, in 2000, of Banca Popolare

dell'Irpinia S.p.A. (“**Banca Popolare dell’Irpinia**”) resulted in BPER consolidating its strong franchise in Campania and Abruzzo regions.

In 2001, BPER acquired control of the Banco di Sardegna group (51 per cent of the share capital), creating one of the largest banking groups in the country with a domestic network of approximately 1,000 branches and more than 10,000 employees at that time.

In June 2003, BPER subsidiaries Banca Popolare dell’Irpinia and Banca Popolare di Salerno merged to form the banking entity Banca della Campania.

In 2005, BPER became the sole shareholder of ABF Leasing S.p.A. by purchasing the remaining shares from Banche Popolari Unite S.c.p.A.. BPER and Banco di Sardegna resolved to commence the merger by incorporation of ABF Leasing S.p.A. into Sardaleasing S.p.A.. Sardaleasing S.p.A. is a company operating in all leasing segments, with a distribution focus in the Sardinia region, originally owned by Banco di Sardegna, BPER and other minority shareholders. The merger was successfully completed in June 2014 and in the same month BPER acquired direct control of the company.

In 2005, BPER became the sole shareholder of Banca CRV.

In November 2005, BPER increased its shareholding in Banca del Monte di Foggia S.p.A. to 94.49 per cent.

In 2005, BPER – through an investment in a holding company (Finbanche d’Abruzzo S.p.A.) – indirectly increased its equity interest in both Carispaq and BPLS.

In 2007, BPER acquired 48.75 per cent of the share capital of Arca Vita S.p.A. (“**Arca Vita**”).

At the end of 2008, the BPER acquired 36 branches from three banks part of the Unicredito Italiano banking group (Banco di Sicilia S.p.A., BIPOP Carire S.p.A. and Banca di Roma S.p.A.).

In March 2009, BPER acquired the entire share capital of Meliorbanca S.p.A. in a public tender offer. As a result, BPER – among others – gained indirect control over Banca della Nuova Terra S.p.A. (“**BNT**”), a bank specialised in agricultural loans, and Arca Vita that, in turn, controls ARCA Assicurazioni S.p.A, which specialises in non-life insurance. The latter two companies were already BPER Group’s insurance partners.

Reorganisation of the ownership of BNT was completed on 3 February 2010. As a result of such reorganisation, the BPER Group released control of BNT and the investment in BNT was allocated in equal shares among the four banking shareholders (individually and/or at a group level).

In April 2014, BNT signed a contract with a securitisation vehicle called BNT Portfolio SPV s.r.l. set up in accordance with Law 130/1999. The contract involved a without-recourse sale en bloc of a large part of the existing and future portfolio of performing and non-performing loans resulting from loan contracts granted and/or held by BNT.

The notes, issued by the SPV in a single tranche, were subscribed by the member banks of BNT substantially in proportion to their respective interests.

In June 2010, BPER and Banca Popolare di Sondrio S.c.p.A. (“**BPS**”) transferred control over Arca Vita to Unipol Gruppo S.p.A. (“**Unipol Group**”).

In 2009, the BPER Group was closely involved in the plan to restructure Banca Italease S.p.A. (“**Banca Italease**”). The implementation of the project began with the establishment of two companies, Release S.p.A. (“**Release**”) and Alba Leasing S.p.A. (“**Alba Leasing**”). A considerable portion of the assets and liabilities of Banca Italease were contributed to these companies, in particular, its impaired assets went to Release, while its performing loans deriving from the banking channel went to Alba Leasing.

In July 2010, the plan for the absorption of Banca CRV into BPER, its parent company, was approved.

On 17 February 2012, BPER set up BPER Trust Company S.p.A. as a wholly-owned subsidiary. The objects of the company were mainly to act as trustee for trusts established by customers, as well as to provide advice on trust matters. The company commenced business in the early 2013.

In November 2012 it took place the merger by absorption of Meliorbanca S.p.A. by BPER.

In January 2013, BPER, Carispaq, BPLS and BPA approved a plan of merger by incorporation of Carispaq, BPLS and BPA (hereinafter, the “**Merged Companies**”) into BPER. Having successfully concluded the merger of the Merged Companies, an equally important effort was made in 2014 to implement a major project of internal reorganisation, notably,

the absorption of three subsidiary banks (Banca Popolare del Mezzogiorno, Banca della Campania and Banca Popolare di Ravenna) by BPER.

In February 2013, BPER completed process aimed at gaining control of Cassa di Risparmio di Bra S.p.A. (“**CR Bra**”). As a result, CR Bra was included within the scope of Group’s consolidation.

A new company, part of the BPER Group, was set up in December 2015 – BPER Credit Management s.cons.p.a. – in order to review the model for handling non-performing loans. The corporate purpose of the company is “the recovery and management of non-performing loans and any other operations designed to facilitate their disposal and/or collection”, became operative since January 2016.

In 2016, BPER consolidated its own direct control of Banca di Sassari S.p.A. (“**Banca di Sassari**”) – originally a subsidiary company of Banco di Sardegna S.p.A. (“**Banco di Sardegna**”) – transferring 55 branches from Banca di Sassari to Banco di Sardegna with the view to allowing Banca di Sassari to focus on consumer credit lending activity and electronic payment system business. In April 2020 Banca di Sassari changed its name to Bibanca S.p.A (“**Bibanca**”).

In October 2016, BPER acquired 48.98% of the share capital of Cassa di Risparmio di Saluzzo S.p.A. (“**CR Saluzzo**”), thus increasing its shareholding from 31.02% to 80%.

On 27 July 2020 BPER announced that the deed of the merger through absorption of CR Bra and CR Saluzzo into BPER Banca was effective as of the same day.

On 30 June 2017, BPER completed the acquisition of 100% of the share capital of Nuova Cassa di Risparmio di Ferrara S.p.A. (“**Nuova Carife**”) from the Single Resolution Fund.

In November 2017, the merger through absorption of Nuova Carife into BPER took place, with accounting and tax effects having been backdated as of July 2017.

BPER Group's Non Performing Exposure Strategy for the period 2018-2020 provided for the sale of bad loans at a Group level for a total gross book value of between Euro 3.5 and Euro 4.5 billion over 3 years, of which approximately Euro 3.0 billion through two securitisation transactions (“**4Mori Sardegna**” and “**AQUI**”) were finalised within 2018.

The Board of Directors of BPER approved the Group's NPE Strategy on the 2019-2021 horizon, which took into consideration the qualitative recommendations of the ECB contained in the SREP Decision 2018.

In March 2021 BPER Banca approved the new NPE Strategy 2021-2023 in a "stand-alone" version, which is currently undergoing further revision.

On 7 July 2020, the Group completed the sale, to an institutional investor, of 95% of the mezzanine and junior tranches of securities issued as part of the Spring bad loan securitisation, with a gross book value of € 1.2 billion as at 30 September 2019 (“**Spring**”).

In December 2020 BPER Banca completed a new securitisation of a bad loan portfolio (“**Summer**”). In detail, BPER Banca and Banco di Sardegna sold a portfolio of bad loans for a gross book value of € 270.8 million at the reference date of 31 July 2020. In exchange for the sale, the relevant vehicle issued three different classes of securities for a total of € 96.4 million. In April the GACS state guarantee was granted in relation to the Summer senior securities, the nominal value of which was originally equal to Euro 85.4 million.

In the first half of 2021, the BPER Group prepared and partially executed several sales, mostly of "portfolios", involving positions classified as “Unlikely-ToPay” (“**UTP**”), to investors and mutual funds specialised in credit recovery management, for a gross value (receivable) of around Euro 510 million.

The first of the transactions involved the transfer of a loan portfolio, carried out in the first half of March 2021, to the Efesto Fund, active in the acquisition and management of UTP and managed by Finanziaria Internazionale Investments SGR with the help of Italfondario s.p.a. (a doValue group company) as exclusive servicer, for a gross book value of approximately Euro 122 million.

At the beginning of April 2021, a second sale of a further UTP portfolio was finalised, following a competitive process known as the "Project Winter", which saw the participation of the main market operators. It involved the sale of a portfolio of loans with a gross value of around Euro 248 million by BPER Banca and Banco di Sardegna to Intrum and Deva Capital.

A third sale transaction was carried out in May 2021, through the contribution by BPER of a portfolio of secured UTPs with a gross value of around Euro 52 million to the "Back2Bonis" fund managed by Prelios SGR.

A fourth transaction, involving the sale of a portfolio of corporate receivables classified as UTP, for a gross value of approximately € 41.3 million, was finalised in the second quarter, through the contribution of these receivables to the specialised investment fund known as the "iCCT Fund" and managed by Illimity SGR, with the simultaneous subscription of the related units issued by the same fund.

The second quarter also saw the completion of a massive UTP sale involving "small ticket" positions, which involved a "portfolio" of over 3,000 debtors with a gross value of €2.2 million, as well as single name sales in the corporate segment for a further €4 million.

During the first few days of July 2021, a remaining sale of UTP loans to specialised investors was finalised, for a gross value of €41 million, in addition to those already commented on above.

On 23 July 2021, the sale of a portfolio of small tickets non-performing loans (over 5 thousand debtors) with a gross value of Euro 82.5 million to a professional investor against payment in cash (the "Mandalorian" transaction) was finalised.

On 28 July 2021, the BPER Group formally commenced (by means of a legal transfer to an SPV) the activities aimed at a further massive sale of non-performing loans, to be completed during the second half of 2021 by means of a securitisation transaction pursuant to Law 130/99, in compliance with the requirements to be assisted by GACS.

On 22 July 2019, BPER and BPS completed the purchase of the shares of Arca Holding S.p.A. ("**Arca Holding**") auctioned off by the receiverships of Banca Popolare di Vicenza S.p.A. in LCA and Veneto Banca S.p.A. in LCA, for a total of 39.99% of the share capital of Arca Holding, which in turn holds all the shares of Arca Fondi SGR.

On 25 July 2019, BPER acquired from Fondazione di Sardegna a 49% stake of Banco di Sardegna share capital and a stake of Banco di Sardegna preferred shares equal to approximately 36.90%. BPER currently holds 100% of the ordinary share capital and, approximately, 91.18% of the preferred shares.

On 31 July 2019, BPER purchased 100% of Unipol Banca S.p.A. ("**Unipol Banca**") from Unipol Group S.p.A. and UnipolSai Assicurazioni S.p.A. ("**UnipolSai**").

From 25 November 2019, the deed of merger by incorporation of Unipol Banca with and into BPER was effective. Therefore, from such date assets and liabilities of Unipol Banca were taken over by BPER.

On 17 February 2020, BPER announced it entered into an agreement with the Intesa Sanpaolo Group ("**ISP**") pursuant to which, upon completion of the voluntary public exchange offer launched by the same ISP on the entire share capital of UBI Banca S.p.A. ("**UBI**"), BPER will purchase a going concern composed of approximately 1.2 million clients distributed on 400/500 banking branches, prevalently located in the northern Italy, and of assets, liabilities and other legal relationships referable to such clients.

On 19 March, 15 June and 5 August 2020 BPER announced subsequent and supplementary agreements aiming at defining more precisely the perimeter of the going concern to be acquired.

On 7 August 2020 the Italian Competition Authority announced that it authorised the acquisition by BPER of a going concern from ISP consisting of 532 branches and related legal relationships.

On 3 September 2020, BPER announced that it received the authorisation from the European Central Bank for the acquisition from ISP of the going concern.

On 22 April 2020, BPER ordinary and extraordinary shareholders' meeting approved, inter alia, separate and consolidated financial statement for 2019 and the proposal to grant the Board of Directors the power to increase the share capital for payment for a maximum amount of Euro 1.0 billion in order to fund the announced transaction with ISP.

On 19 February 2021 BPER announced that final contracts were signed for the purchase from ISP of a series of banking assets split into three business units consisting of 486 branches and 134 operational units. The geographical distribution of the branches and operational units shows a high concentration in Northern Italy, particularly in Lombardy.

The transfer to BPER Banca of the business units of UBI and UBISS s.c.p.a. took effect for legal purposes on 22 February 2021, while the transfer of ISP business unit took effect on 21 June 2021.

The total consideration paid to ISP for the series of banking assets including the three business units acquired was approximately € 644 million. The Common Equity Tier 1 of the business unit was equal to € 1,611 million.

Strategy

2019-2021 Business Plan

On 28 February 2019, the BPER Group approved and presented to the market its three-year development plan, known as the "BPER 2021 Strategic Plan" (the "**Plan**"). These forecasts were then updated by later market communications, including: (i) the announcement of the agreement with ISP for the acquisition of a business complex represented by branches of the former-UBI on 17 February 2020 and (ii) the subsequent supplementary agreements, which defined more precisely the perimeter of the business complex and revised the mechanism for calculating its price.

The Plan is divided into three pillars:

- growth and development of the business with a particular focus on Bancassurance, Wealth Management and Business Global Advisory, as well as Consumer Credit;
- strong increase in operational efficiency and simplification; and
- acceleration of de-risking and further capital strengthening.

The emergency associated with the Covid-19 pandemic and the consequent significant change in the current and future macroeconomic context has also had a substantial effect on the economic and financial dynamics of the BPER Group that were originally envisaged in the Plan.

Without prejudice to the strategic directions embodied in the Plan, which are confirmed, BPER started working in April 2020 on updating the forecasts by simulating alternatives for the growth prospects of the BPER Group. The Board of Directors of BPER has recognised both the substantial alteration of market prospects, due to the major change in the macroeconomic context caused by the emergency, and the latest forecasts for interest rates that show them in negative territory for an extended period, rather than making the recovery envisaged in the original Plan.

Given this, the Board approved the updated financial forecasts for 2020-2021 of the BPER Group on 5 August 2020. This update also takes appropriate account of the change in the macroeconomic situation, the change in scope following the aggregation of Arca Holding – not envisaged in the original Plan – as well as the acquisition of the business complex according to the agreement with ISP and the related increase in capital, which for obvious reasons were not planned either.

Below there is a summary of the main extraordinary transactions envisaged in the Plan and already carried out at the date of these Base Prospectus.

- absorption of the BPER Services consortium by BPER Banca;
- acquisition from the Unipol Group of 100% of Unipol Banca (and therefore, indirectly, of Finitalia) and its subsequent absorption by BPER Banca;
- disposal to the Unipol Group, at the same time, of a portfolio of bad loans totalling about Euro 1 billion;
- significant reduction in the Group's minorities by purchasing the minority interests in Banco di Sardegna;
- a further interest in Arca Holding (and therefore, indirectly, in Arca Fondi SGR);
- absorption of Cassa di Risparmio di Bra and Cassa di Risparmio di Saluzzo by BPER Banca.

Evolution of the operating machine and organisational simplification

The Plan focuses strongly on cost containment, to be achieved through rationalisation and simplification of the distribution model, corporate structure and internal processes, as well as by optimising the size of the workforce and reducing organisational complexity. Finally, further cost synergies are envisaged by creating a centre to specialise in the real estate sector (“Active Real Estate Management”).

This took and will take place through:

- evolution of the distribution model, reorganising the territorial footprint and introducing new branch formats;
- rationalisation and simplification of the Group's corporate structure by BPER absorbing Unipol Banca, as was done in November 2019, and Cassa di Risparmio di Bra and Cassa di Risparmio di Saluzzo, as was done in July 2020, creating a complete range of product companies, strengthening the consumer credit company;
- the optimisation of operations and the continuous IT evolution with the aim of increasing process productivity through the dematerialisation and creation of control and governance tools, the activation of robotics systems and Artificial Intelligence, extension of the use of cloud technologies to promote commercial effectiveness and operational efficiency; and
- staff reduction of 1,300 resources by 2021;
- the above mentioned transaction with ISP.

It should be noted that 2021 is the last year of the Plan. After the new Board of Directors and the Managing Director took office, the preparatory activities for the business plan, which will guide the activities of the BPER Group for the next three years, were started. Approval of the new plan is expected between the end of 2021 and the first few months of 2022.

Acceleration of de-risking, confirming maximum capital solidity

The de-risking process, already undertaken by BPER in recent years, is expected to be further strengthened thanks to the introduction of new credit management processes, with particular focus on the continuation of activities aimed at reducing non-performing loans. In addition to the evolution of the credit management process, both in the underwriting phase and in the proactive management of ordinary loans at the first signs of anomaly (also through the anticipated use of forbearance) and recovery of non-performing loans (efficiency of the work-out and outsourcing process).

The strategic directions identified in the Plan include objectives for reducing the portfolio of non-performing loans; as already mentioned, this strategic objective, pursued with determination by the Group in recent years, has most likely been affected by the economic crisis caused by the Covid-19 pandemic.

In this regard, as mentioned in the previous paragraphs, in March 2021 BPER approved the new NPE Strategy 2021-2023 in a "stand-alone" version, a document required annually by the ECB, which is currently undergoing further revision, with a significant improvement in targets.

Operations to strengthen capital and capital management actions

In July 2019, as a consequence of BPER acquisition of Banco di Sardegna as described here above, BPER Board of Directors, on the basis of the power granted by the Extraordinary Shareholders' Meeting held on 4 July 2019, resolved upon a capital increase for 33,000,000 newly issued BPER ordinary shares. Consequently, since 25 July 2019 the share capital of BPER was Euro 1,542,925,305.00 divided into 514,308,435 shares. On the same date, again as a consequence of BPER acquisition of Banco di Sardegna, BPER issued an "Additional Tier 1" convertible bond for a nominal amount of Euro 150,000,000, which was simultaneously and entirely subscribed for a total price of Euro 180,000,000.

On 7 November 2019 the Board of Directors of BPER, in the context of the resolutions concerning the voluntary public exchange offer on the saving shares of Banco di Sardegna, resolved to exercise the powers granted by the Extraordinary Shareholders Meeting held on 4 July 2019, concerning a capital increase against payment, in divisible form, to service such offer. The Board of Directors resolved upon a capital increase for a maximum of 7,883,368 newly issued BPER ordinary shares.

On 20 December 2019 BPER announced that 6,319,513 BPER ordinary shares were issued the day before as a result of the capital increase in order to serve the above offer. Consequently, since 19 December 2019 the share capital of BPER was Euro 1,561,883,844.00 divided into 520,627,948 shares.

On 30 July 2020 Banco di Sardegna Extraordinary Shareholders Meeting and Banco di Sardegna Special Saving and Preferred Shareholders Meeting were held. As a result, inter alia, the conversion of Banco di Sardegna saving shares into preferred shares was approved. Once the process was completed, the relevant Banco di Sardegna Articles of Association was duly updated and the full delisting of Banco di Sardegna saving shares duly followed.

On 27 July 2020 BPER announced that the deed of the merger through absorption of CR Bra and CR Saluzzo into BPER Banca was effective as of the same day.

As a result of CR Bra's absorption, the share capital of the BPER increased by Euro 3,712,500 through the issue of 1,237,500 BPER common shares, by simultaneously amending Article 5 of the Articles of Association. No effect on BPER's share capital derived from the incorporation of CR Saluzzo as it was fully owned.

The above mentioned right issue approved in order to fund the transaction with ISP was successfully completed on October 2020: 891.398.064 new common shares offered were fully subscribed for an amount of Euro 802,258,257.60. Consequently, since 28 October 2020 the share capital of BPER is Euro 2,100,435,182.40 divided into 1,413,263,512 shares.

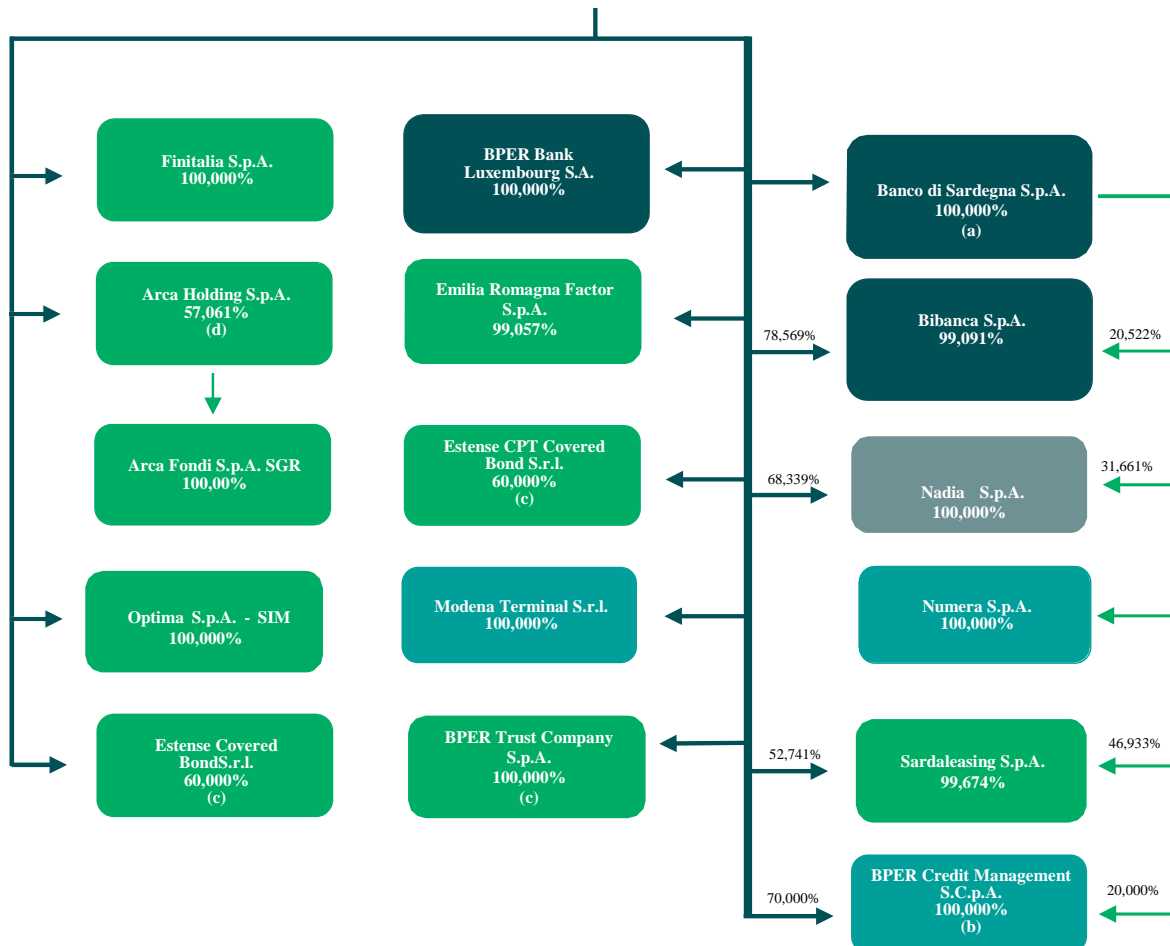

A Tier 2 subordinated bond was issued under this EMTN programme in November 2020 for a total aggregate amount of Euro 400 million. The bond has a maturity of 10 years and gives the issuer a call option for its early redemption 5 years after the issue date. The bond pays a fixed coupon of 3.625% for the first 5 years, with a subsequent reset for any residual maturity. The issue was placed entirely with institutional investors.

Following the relevant ECB authorization, BPER exercised the call option on the subordinated bond "Banca Popolare dell'Emilia Romagna Subordinato Tier II 4.25% 15/06/2015 - 15/06/2025 Callable", with consequent early redemption of the aforementioned bond at par. The bond was repaid in advance of the deadline of 15 June 2025 and the resulting amount was credited with a value date of 15 December 2020.

⁹ The comparative ratios have been calculated on figures at 31 December 2019 as per the Consolidated financial statements as at 31 December 2019.

¹⁶ Items have been calculated according to the provisions of Regulation (EU) 2395/2017, which amends the Regulation (EU) 575/2013 (CRR) relating to "Transitional provisions to mitigate the impact of IFRS 9 on Own Funds". Regulation introduced the transitional arrangement (or so-called "Phased In") giving banks a chance to spread the effect on Own Funds over a period of 5 years (from March 2018 to December 2022), sterilizing the impact on CET1 by applying decreasing percentages over time. The BPER Banca Group chose to adopt the so-called "static approach" to be applied to the impact from comparing the IAS 39 adjustments at 31 December 2017 and the IFRS 9 adjustments at 1 January 2018.

¹⁷ It should be noted that the Phased in capital ratios are equal to 15.14% for the CET1 Ratio Phased in, 15.60% for the T1 Ratio Phased in and 18.66% for the TC Ratio Phased in if we separate the impact of the increase in capital for the acquisition of going concern from the Intesa Sanpaolo Group.

¹⁸ See previous note.

¹⁹ See previous note.

²⁰ The CET1 ratio Fully Loaded has been estimated excluding the effects of the transitional provisions in force and taking into account the result for the year, net of the pro-quota dividends, and the expected absorption of deferred tax assets relating to first-time adoption of IFRS9. It should also be noted that such ratio is equal to 13.52% if we separate the impact of the increase in capital for the acquisition of going concern from the Intesa Sanpaolo Group.

²¹ The ratio has been calculated according to the provisions of Regulation (EU) 575/2013 (CRR), as amended by the Commission Delegated Regulation (EU) 62/2015.

²² The Leverage Ratio Fully Loaded has been estimated excluding the effects of the transitional provisions in force and taking into account the result for the year, net of the pro-quota dividends, and the expected absorption of deferred tax assets relating to first-time adoption of IFRS9.

The BPER Group elected to apply the "static approach" to the impact arising from a reconciliation of impairment losses under IAS 39 as at 31 December 2017 to impairment losses under IFRS 9 as at 1 January 2018.

³³ Ratio has been calculated according to the provisions of Regulation (EU) 575/2013 (CRR), as amended by Commission Delegated Regulation (EU) 62/2015.

At 31 December 2020, the impairment provisions relating to non-performing loans amount to Euro 2,212.7 million (Euro 3,124.1 million at 31 December 2019; -29.17%), for a coverage ratio of 50.95% (51.03% at 31 December 2019), while impairment provisions relating to performing loans amount to Euro 172.3 million (Euro 161.9 million at 31 December 2019; +6.45%), leading to a coverage ratio of 0.34% (0.33% at 31 December 2019), which still reflects the high credit quality of the Group's performing portfolio, despite having been affected by the negative consequences of the Covid-19 pandemic.

Considering the direct write-offs of bad loans still outstanding, Euro 302.9 million (Euro 444.0 million at 31 December 2019), the coverage ratio increases to 54.15% (54.34% at 31 December 2019).

Net non-performing loans amount to Euro 2,130.2 million (-28.96% compared with 31 December 2019), equal to 4.02% of total net loans to customers (5.77% at 31 December 2019), whereas on a gross basis, the ratio between non-performing loans and loans to customers comes to 7.84% (11.07% at 31 December 2019).

More specifically, net bad loans amount to Euro 726.7 million (-37.95% compared with 31 December 2019), net unlikely to pay loans amount to Euro 1,293.9 million (-22.08% compared with 31 December 2019) and net past due loans amount to Euro 109.6 million (-34.20% compared with 31 December 2019).

The level of coverage (50.95%) is essentially in line with the figure at the end of 2019 (51.03%).

The reduction in the proportion of the non-performing portfolio to total loans, both gross and net, is affected by the sale of bad loans and unlikely to pay loans carried out in 2020 (the main ones being the Spring and Summer GACS-backed securitisations completed in the second half of the year for a gross carrying amount at the date of sale of Euro 1.3 billion). On the other hand, this derisking did not have a significant impact on the average coverage of the non-performing portfolio, which remained close to 51%.

The increase in mortgage loans, current accounts and other transactions is mainly due to the purchase of the UBI and ISP business units, which respectively took place on 22 February and 21 June 2021.

At the end of the first half of 2021, the provisions relating to non-performing loans amounted to Euro 2,316.9 million (Euro 2,212.7 million at 31 December 2020; +4.71%), for a coverage ratio of 51.84% (50.95% at 31 December 2020), while the provisions for performing loans amount to Euro 445.0 million (Euro 172.3 million at 31 December 2020; +158.24%) and give a coverage ratio of 0.60%, on a significant uptrend since 2020 (0.34%). The latter increase is mainly due to the overlays adopted as part of the updated ECL model and to the gradual recalibration of the risk parameters (IFRS 9 PD and LGD) adopted under the ECL model. Considering the direct write-offs made for an amount of Euro 645.0 million (Euro 302.9 million at 31 December 2020) on outstanding bad loans due to insolvency procedures, the coverage ratio would rise to 57.91% (54.15% at 31 December 2020).

The total coverage ratio is 3.49%, down compared with the figure at 31 December 2020 (4.31%). Based on the same considerations made above concerning write-offs, the total effective coverage of loans comes to 4.27% (4.83% as at 31 December 2020).

Net non-performing loans amount to Euro 2,152.8 million (+1.06% on 31 December 2020), e to 2.82% of total net loans to customers (4.02% at 31 December 2020), whereas, on a gross basis, the ratio of non-performing loans to loans to customers equates to 5.65% (7.84% at 31 December 2020).

More specifically, net bad loans amount to Euro 916.2 million (+26.07% compared with 31 December 2020), net unlikely to pay loans amount to Euro 1,135.4 million (-12.25% compared with 31 December 2020) and net past due loans amount to Euro 101.2 million (-7.66% compared with 31 December 2020).

The level of coverage of non-performing loans is 51.84% compared with 50.95% at the end of 2020.

The reduction in the gross and net incidence of the NPL portfolio on total loans is attributable to the characteristics of the portfolios acquired with the UBI and ISP branches, as well as the de-risking measures implemented by the BPER Group in the first half of 2021; the change in the corresponding coverage ratio, on the other hand, is attributable not only to the influence of the portfolios of the branches acquired, but mainly to the further adjustments made during the period on the NPL portfolio, as explained in greater detail below in the commentary on the cost of credit for the half year.

The BPER Group has opted to change the measurement method of its property, plant and equipment from cost to fair value starting from 1 January 2021, with specific reference to properties held for investment purposes.

Among the various technical forms, current accounts and demand deposits have seen a significantly positive change compared with 31 December 2020, for Euro 34,987.6 million (+63.48%), mainly due to the effect of acquiring the UBI and ISP business units. An increase was also registered in term deposits by Euro 138.2 million (+94.93%) and bonds by Euro 149.1 million (+3.40%), the latter on the back of a new issue of a “Social Bonds” by the BPER Group in March 2021 subscribed by institutional investors for a nominal amount of Euro 500 million, partly offset by the repayment at maturity of bonds held by both institutional and retail/corporate customers.

On the other hand, compared with 31 December 2020, there has been a decline in repurchase agreements by Euro 78.3 million (-52.43%) and certificates of deposit by Euro 101.7 million (-34.58%).

Indirect deposits from customers, marked to market, come to Euro 146,185.8 million, a considerable increase compared with 31 December 2020 (Euro 31,409.9 million, +27.37%) primarily due to the contribution of the UBI and ISP business units (Euro 29,254.8 million at 30 June 2021) and net assets under management gathered for an amount of Euro 0.9 billion during the six-month period.

Total funds under administration or management of the Group, including deposits from banks (Euro 22,710.2 million) amount to Euro 267,393.6 million, an increase of +34.98% compared with 31 December 2020.

Own Funds and capital ratios

The harmonised rules for banks and investment companies contained in Regulation (EU) 575/2013 (CRR) and in the 2013/36/EU Directive (CRD IV) approved on 26 June 2013 and published in the Official Journal of the European Union the next day, entered into force on 1 January 2014.

These rules were later amended by Regulation (EU) 2019/876 of the European Parliament and of the Council (“CRR2”) and Directive 2019/878/EU of the European Parliament and of the Council (CRDV), published in the Official Journal of the European Union on 7 June 2019. Subject to certain exceptions, the CRR2 Regulation applies from 28 June 2021.

This regulatory framework, which is the only set of rules that seeks to harmonise prudential regulations of the Member States of the European Community, was made applicable in Italy by the Bank of Italy's Circular 285, published on 17 December 2013 and subsequent updates.

The scope of consolidation for accounting purposes is the same as that used for prudential reporting purposes: companies excluded are treated in the same way as the Banks and Companies subject to significant influence and consolidated under the equity method.

On 30 June 2021, the BPER Group adopted internal models for measuring the capital requirements relating to the credit risk represented by both business and retail customers. The scope of the models³⁷ includes BPER Banca, Banco di Sardegna and Bibanca. Sardaleasing is formally included in the roll-out plan and will adopt the IRB method in accordance with the planned timetable. The other BPER Group companies and asset classes not included in the roll-out plan will continue to use the Standardised Approach.

In relation to the supervisory review and evaluation process, the ECB did not issue any decision on prudential requirements in 2020, so the Bank had to comply with prior requirements in place, also taking into account the regulatory change introduced to take effect from 12 March 2020 regarding the method of holding the requirement of additional Pillar 2 Own Funds (equal to 2%) in the form of at least 56.25% of CET1 and 75% of T1.

At 30 June 2021, the Common Equity Tier 1 Ratio requirement to be met was therefore equal to 8.125% Phased in and Fully Phased.

This requirement is also influenced by the additional Countercyclical Capital Buffer requirement specified for the BPER Group of 0.003% at 30 June 2021, raising the overall minimum to 8.128%.

Compared with that limit, the amount of available equity (CET 1) at 30 June 2021 can be quantified at Euro 2,916 million (about 639 bps of CET1) under the phased in transitional arrangements, while on a Fully Phased basis it is estimated at Euro 2,456 million, or about 539 bps of CET 1.

With regard to the above, the amount calculated for CET1 includes that portion of the profit for the period allocable to equity, Euro 445.3 million, as determined in accordance with the process envisaged in art. 3 of ECB Decision (EU) 656/2015 dated 4 February 2015 and art. 26, para. 2, of Regulation (EU) 575/2013 (CRR).

The following table shows the BPER Group's capital ratios and the minimum capital adequacy requirements for regulatory purposes as at 31 December 2020.

³⁷ The ECB authorised the use of internal models on 24 June 2016.

- Total Capital Ratio (Phased in) of 21.18% (16.82% at 31 December 2019).

The capital ratios are equal to 15.14% for the CET1 Ratio Phased In, 13.52% for the CET1 Ratio Fully Loaded, 15.60% for the T1 Ratio Phased In and 18.66% for the TC Ratio Phased In if we separate the impact of the increase in capital for the acquisition of Business Unit from the Intesa Sanpaolo Group.

Note that the BPER Banca Group uses different methods for calculating risk-weighted assets, which are summarised below:

- credit risk: for Group entities represented by BPER Banca, Banco di Sardegna and Bibanca, the credit risk measurement is performed using the AIRB method. For Banks and other Companies that are not in the scope of validation and for other risk assets not included in the validated models, the standardised approach has been maintained;
- credit down-rating risk: the standardised approach is used;
- market risk: the standardised approach is used for assessing market risk (general and specific risk on equities, general risk on debt securities and positioning risk for UCITS units) to determine the related individual and consolidated capital requirement;
- operational risk: operational risk measurement uses the standardised approach (TSA).

³⁸ The comparative ratios are calculated on the figures at 31 December 2020, which take into account the effects of the retrospective application of the change in the measurement method for the properties held for investment.

³⁹ Reg. 2395/2017 "Transitional provisions for mitigating the impact of the introduction of IFRS 9 on own funds" introduced the transitional regime (the so-called Phased in), offering banks the option to mitigate the impacts of IFRS 9 on Own Funds over a period of 5 years (from March 2018 to December 2022), by neutralising the impact on CET1 with the application of decreasing add-back factors over time. The BPER Group elected to apply the "static approach" to the impact arising from a reconciliation of impairment losses under IAS 39 as at 31 December 2017 to impairment losses under IFRS 9 as at 1 January 2018.

Risk Management Department

The Risk Management Department now reports directly to the Parent Company's Chief Executive Officer and is broken down into the following Organisational Units:

- Rating Office and Risk Governance Office, as staff functions for the Chief Risk Officer;
- Financial Risk Department;
- Credit and Operational Risk Department;
- Credit Control and Internal Ratification Department.

The Risk Management Department, as the Group's risk control function, aims to collaborate in the definition and implementation of the Risk Appetite Framework and the related risk governance policies, through an adequate risk management process.

An integral part of its mission is to ensure adequate reporting to the Corporate Bodies of the Parent Company and Group companies.

The Risk Management Department extends its area of responsibility to all of the Group companies included in the current risk map, given that the "Group Guidelines - Internal Control System" provide for centralised management of the risk control function by the Parent Company.

The Group companies that have this function outsource it to the Parent Company, with the exception of the Luxembourg based company⁴⁶.

The mission of the Risk Management Department is carried out as part of the Parent Company's guidance and coordination activity as an outsourcer for Group banks and companies.

The Risk Management Department operates at Group companies through a Contact (who functionally reports to it) identified at the various Group companies.

The responsibilities of the Risk Management Department are entrusted to the Chief Risk Officer (CRO), who performs the role with support from the organisational units that report hierarchically to the department. The principal activities include:

- within the ambit of the Risk Appetite Framework, proposing the quantitative and qualitative parameters necessary for its definition, both in the normal course of business and in situations of stress, ensuring their adequacy over time in relation to changes in the internal and external context;
- proposal of risk governance policies for measurable and non-measurable risks not allocated to other control functions (limited to the sections relating to risk management and exposure/operational limits) and oversight of their implementation, ensuring that the various stages of the risk management process are consistent with the Risk Appetite Framework;
- development of risk management methodologies, processes and tools via the identification, measurement/assessment, monitoring and reporting of risks, ensuring their adequacy over time through the development and application of indicators designed to highlight anomalous situations and inefficiencies. In particular:
- definition of common metrics of operational risk assessment (including IT risks) that are consistent with the RAF, in coordination with the Compliance Function, the ICT function and the Business Continuity function;
- definition of methods to evaluate and control reputational risk, in coordination with the Compliance function and the corporate functions that are most exposed to this type of risk;
- provision of assistance to the Corporate Bodies in the assessment of strategic risk by monitoring significant variables;
- monitoring the actual risk profile assumed in relation to the risk objectives defined in the RAF, collaborating in the definition of operating limits for the assumption of various types of risk and constantly verifying their adequacy and compliance, reporting any overruns to Corporate Bodies;

⁴⁶ Circular CSSF 14/597 – Update of circular CSSF 12/552 on the central administration, internal governance and risk management "117. Outsourcing the compliance function and risk control function is not authorised."

- provision of support to the Chief Executive Officer in the implementation of the ICAAP and ILAAP, preparation of reports to be submitted to the Supervisory Authority and coordination of the various phases of the process and performance of those assigned to it;
- coordination of the process for the preparation and update of the BPER Group recovery plan to be submitted to the Supervisory Authority and performance of the phases assigned to it;
- coordination of activities associated with the internal stress testing programme with the help of the various organisational structures involved, in the various execution areas (operational and regulatory stress test);
- checking the adequacy and effectiveness of the measures taken to correct weaknesses in the risk management process;
- development, ratification⁴⁷ and upkeep of the internal systems of risk measurement, ensuring compliance with the instructions issued by the Supervisory Authority, as well as consistency with the operational needs of the company and the evolution of the market;
- provision of preventive advice on the consistency of more significant transactions with the RAF, acquiring if necessary, depending on the nature of the transaction, the opinion of other functions involved in the risk management process;
- analysis of risks deriving from new products/services and from entry into new business segments;

- it handles execution of the activities included in the second-level control framework on non-performing loans;
- it coordinates the preliminary activities for the preparation and updating of the Resolution Plan, prepared by the Resolution Authority, directly carrying out the steps that are within its sphere of competence.

In addition, the Risk Management Department:

Business Continuity

During the first half of 2021, the annual activities aimed at the “ordinary management” of business continuity were resumed and aimed at updating the Business Continuity Plan of the Parent Company and of the Group's Banks and Companies.

The innovative elements that characterised the first half of 2021 concerned:

- integration of the 2020 Business Continuity Plan following the acquisition of the business complex from ISP;
- updating the Disaster Recovery Plan in order to incorporate the organisational and technological/infrastructural changes that took place following the the acquisition of the business complex from ISP;
- extension of the scope of the macro processes subject to impact analysis, with extension to the entire perimeter;

⁴⁷ Through the Model Ratification Office

- optimisation of the Business Impact Analysis (“BIA”) cards within the Orbit IT tool (extension of the impact assessment for time spans up to 20 days, in order to prioritise processes with recovery needs exceeding 72 hours);
- use of the Orbit "Test" module also for the production of reports accompanying the Disaster Recovery checks;
- the provision of training sessions (webinars) aimed at increasing awareness of the Group's Business Continuity Supplier contacts, figures supporting the monitoring of suppliers identified as "critical" within the BIA 2020 and FEI outsourcing;
- the provision of training sessions (webinars) dedicated to the Heads of the Organisational Units of the Group Companies involved in the impact analysis;
- planning, within the Group Test Plan, of specific remote verification sessions, in order to verify the solutions identified and implemented for the pandemic scenario during 2020.

The updated version of the "*Operating Instructions of the sub-process for ordinary management of Business Continuity*" is also soon to be issued, through which the updates imposed by the internal and external regulations of the sector, already included in the "*Group Regulation of the Process for Ordinary Management of Business Continuity*", will be implemented.

TAXATION

The statements herein regarding taxation are based on the laws in force as at the date of this Base Prospectus and are subject to any changes in law occurring after such date, which changes could be made on a retroactive basis. The following overview does not purport to be a comprehensive description of all the tax considerations which may be relevant to a decision to subscribe for, purchase, own or dispose of the Notes and does not purport to deal with the tax consequences applicable to all categories of investors, some of which (such as dealers in securities or commodities) may be subject to special rules.

Republic of Italy

Tax treatment of Notes issued by an Italian resident issuer

Legislative Decree No. 239 of 1 April 1996 ("**Decree 239**") sets out the applicable regime regarding the tax treatment of interest, premium and other income (including the difference between the redemption amount and the issue price) (hereinafter collectively referred to as "**Interest**") deriving from notes falling within the category of bonds (*obbligazioni*) or debentures similar to bonds (*titoli similari alle obbligazioni*) issued, *inter alia*, by Italian banks. For these purposes, securities similar to bonds (*titoli similari alle obbligazioni*) are securities that incorporate an unconditional obligation of the issuer to pay at maturity an amount not lower than their nominal value, with or without the payment of periodic interest, and do not give any right to directly or indirectly participate in the management of the issuer or to the business in connection to which the securities were issued, nor to control the same.

The tax regime set forth by Decree 239 also applies to interest, premium and other income from regulatory capital financial instruments complying with EU and Italian regulatory principles, issued by, *inter alia*, Italian banks, other than shares and assimilated instruments.

Italian resident Noteholders

Where an Italian resident Noteholder is:

- (a) an individual not engaged in an entrepreneurial activity to which the Notes are connected;
- (b) a non-commercial partnership;
- (c) a non-commercial private or public institution other than companies, trusts not carrying out mainly or exclusively commercial activities, the Italian State and public and territorial entities; or
- (d) an investor exempt from Italian corporate income taxation,

(unless the investor has opted for the application of the asset management regime ("*regime del risparmio gestito*") - see under "*Capital gains tax*" below for an analysis of such regime),

Interest relating to the Notes, accrued during the relevant holding period, are subject to a substitute tax, referred to as "*imposta sostitutiva*", levied at the rate of 26 per cent. In the event that the Noteholders described under (a) and (c) above are engaged in an entrepreneurial activity to which the Notes are connected, the *imposta sostitutiva* applies as a provisional tax and may be deducted from the taxation on income due.

Subject to certain limitations and requirements (including a minimum holding period), Italian resident individuals not engaged in an entrepreneurial activity to which the Notes are connected may be exempt from any income taxation, including the *imposta sostitutiva*, on interest, premium and other income relating to the Notes if the Notes are included in a long-term savings account (*piano di risparmio a lungo termine*) that meets the requirements set forth in Article 1(100-114) of Law No. 232 of 11 December 2016 (the "**Finance Act 2017**"), as amended and supplemented from time to time, and in Article 13-bis of Law Decree no. 124 of 26 October 2019 (the "**Law No. 124**"), as amended and supplemented from time to time.

Pursuant to Article 1, paragraphs 219-225 of Law no. 178 of 30 December 2020 (the "**Law No. 178**"), it is further provided that Italian resident individuals investing by December 31, 2021 in long-term individual savings accounts established from 1 January 2021 and compliant with Article 13-bis, paragraph 2-bis of Law No. 124 may benefit from a tax credit corresponding to capital losses, losses and negative differences realized in respect of certain qualifying financial instruments comprised in the long-term individual savings account, provided that certain conditions and requirements are met.

Where an Italian resident Noteholder is a company or similar commercial entity (including limited partnerships qualified as *società in nome collettivo* or *società in accomandita semplice* and private and public institutions, carrying out commercial activities and holding the Notes in connection with this kind of activities) or a permanent establishment in Italy of a foreign company to which the Notes are effectively connected, and the Notes are

deposited with an authorised intermediary, Interest from the Notes will not be subject to *imposta sostitutiva*. They must, however, be included in the relevant Noteholder's income tax return and are therefore subject to general Italian corporate taxation and, in certain circumstances, depending on the "status" of the Noteholder, also to "IRAP" (the regional tax on productive activities).

Pursuant to Decree 239, *imposta sostitutiva* is applied by banks, SIMs, fiduciary companies, SGRs, stockbrokers and other entities identified by a decree of the Ministry of Finance (each an "**Intermediary**"). An Intermediary must (a) be resident in Italy or be a permanent establishment in Italy of a non-Italian resident financial intermediary, and (b) intervene, in any way, in the collection of interest or in the transfer of the Notes. For the purpose of the application of the *imposta sostitutiva*, a transfer of Notes includes any assignment or other act, either with or without consideration, which results in a change of the ownership of the relevant Notes or in a change of the Intermediary with which the Notes are deposited.

Where the Notes are not deposited with an Intermediary, the *imposta sostitutiva* is applied and withheld by any Italian financial intermediary paying interest to a Noteholder or, absent that, by the issuer.

If the investor is resident in Italy and is an open-ended or closed-ended investment fund, *Fondi Lussemburghesi Storici*, SICAV (an investment company with variable capital), or a SICAF (investment company with fixed capital) (the "**Fund**"), and the Notes are held by an authorised intermediary, Interest accrued during the holding period on the Notes will not be subject to *imposta sostitutiva*. They must, however, be included in the management results of the Fund accrued at the end of each tax period. The Fund will not be subject to taxation on such result, but a withholding tax of 26 per cent may apply to income of the Fund derived by unitholders or shareholders through distribution and/or redemption or disposal of the units and shares.

Interest accrued on the Notes and received by Italian real estate funds (complying with the definition as amended pursuant to Law Decree No. 78 of 31 May 2010, converted into Law No. 122 of 30 July 2010) or a SICAF to which the provisions of Law Decree No. 351 of 25 September 2001, as subsequently amended, apply ("**Real Estate SICAF**"), is subject neither to substitute tax nor to any other income tax in the hands of the real estate fund or Real Estate SICAF. The income of the real estate fund or Real Estate SICAF is subject to tax, in the hands of the unitholder, depending on the status and percentage of participation, or, when earned by the fund, through distribution and/or upon redemption or disposal of the units.

Where an Italian resident Noteholder is a pension fund (subject to the regime provided for by Article 17 of the Legislative Decree No. 252 of 5 December 2005) and the Notes are deposited with an authorised intermediary, Interest relating to the Notes and accrued during the holding period will not be subject to *imposta sostitutiva*, but must be included in the result of the relevant portfolio accrued at the end of the tax period, to be subject to a 20 per cent. substitute tax. Subject to certain conditions and limitations, interest, premium and other income relating to the Notes may be excluded from the taxable base of the 20 per cent substitute tax if the Notes are included in a long-term savings account (*piano di risparmio a lungo termine*) that meets the requirements set forth in Article 1(100-114) of Finance Act 2017, as amended and supplemented from time to time, and in Article 13-bis of Law Decree no 124 of 26 October 2019, as amended and supplemented from time to time.

Non-Italian resident Noteholders

Where the Noteholder is a non-Italian resident without a permanent establishment in Italy to which the Notes are effectively connected, an exemption from the *imposta sostitutiva* applies provided that the non-Italian resident beneficial owner is:

- (a) resident, for tax purposes, in a country which allows for a satisfactory exchange of information with Italy and listed in Italian Ministerial Decree 4 September 1996, as recently amended by Ministerial Decree of 23 March 2017 (the "**White List**"). Pursuant to Article 11, para. 4, letter c) of Decree 239, the Ministry of Finance should update the White List on a semi-annual basis; or
- (b) an international body or entity set up in accordance with international agreements which have entered into force in Italy; or
- (c) a Central Bank or an entity which manages, *inter alia*, the official reserves of a foreign State; or
- (d) an "institutional investor", whether or not subject to tax, which is established in a country which allows for a satisfactory exchange of information with Italy.

The *imposta sostitutiva* will be applicable at the rate of 26 per cent, or at the reduced rate provided for by the applicable double tax treaty, if any, to Interest paid to non-Italian Noteholders other than the above.

In order to ensure gross payment, non-Italian resident Noteholders without a permanent establishment in Italy to which the Notes are effectively connected must:

- (a) be the beneficial owners of the payments of Interest on the Notes or foreign institutional investors not subject to taxation;
- (b) timely deposit, directly or indirectly, the Notes with a resident bank or SIM or a permanent establishment in Italy of a non-Italian resident bank or SIM or with a non-Italian resident entity or company participating in a centralised securities management system which is in contact, via computer, with the Ministry of Economy and Finance; and
- (c) file with the relevant depository, prior to or concurrently with the deposit of the Notes, a statement of the relevant Noteholder, which remains valid until withdrawn or revoked, in which the Noteholder declares to be eligible to benefit from the applicable exemption from *imposta sostitutiva*. This statement, which is not requested for international bodies or entities set up in accordance with international agreements which have entered into force in Italy nor in the case of foreign Central Banks or entities which manage, *inter alia*, the official reserves of a foreign State, must comply with the requirements set forth by Ministerial Decree of 12 December 2001.

Atypical securities

Interest payments relating to Notes that are not deemed to fall within the category of bonds (*obbligazioni*) or debentures similar to bonds (*titoli similari alle obbligazioni*) may be subject to a withholding tax, levied at the rate of 26 per cent. For this purpose, debentures similar to bonds are securities that incorporate an unconditional obligation to pay, at maturity, an amount not lower than their nominal value with or without the payment of periodic interest, and do not give any right to directly or indirectly participate in the management of the issuer or to the business in connection to which the securities were issued, nor to control the same.

In the case of Notes issued by an Italian resident issuer, where the Noteholder is:

- (a) an Italian individual engaged in an entrepreneurial activity to which the Notes are connected;
- (b) an Italian company or a similar Italian commercial entity;
- (c) a permanent establishment in Italy of a foreign entity;
- (d) an Italian commercial partnership; or
- (e) an Italian commercial private or public institution,

such withholding tax is a provisional tax. In all other cases, including when the Noteholder is a non-Italian resident, the withholding tax is a final tax. For non-Italian resident Noteholders, the 26 per cent withholding tax rate may be reduced by an applicable tax treaty.

Subject to certain limitations and requirements (including a minimum holding period), Italian resident individuals not engaged in an entrepreneurial activity to which the Notes are connected may be exempt from any income taxation, including the 26 per cent withholding tax, on interest, premium and other income relating to the Notes qualifying as atypical securities if such Notes are included in a long-term savings account (*piano di risparmio a lungo termine*) that meets the requirements set forth in Article 1(100-114) of the Finance Act 2017, as amended and supplemented from time to time, and in Article 13-bis of Law No. 124, as amended and supplemented from time to time.

Pursuant to Article 1, paragraphs 219-225 of Law no. 178, it is further provided that Italian resident individuals investing by December 31, 2021 in long-term individual savings accounts established from 1 January 2021 and compliant with Article 13-bis, paragraph 2-bis of Law No. 124 may benefit from a tax credit corresponding to capital losses, losses and negative differences realized in respect of certain qualifying financial instruments comprised in the long-term individual savings account, provided that certain conditions and requirements are met.

Capital gains tax

Italian resident Noteholders

Any gain obtained from the sale or redemption of the Notes would be treated as part of the taxable income (and, in certain circumstances, depending on the "status" of the Noteholder, also as part of the net value of the production for IRAP purposes) if realised by an Italian company, a similar commercial entity (including the Italian permanent establishment of foreign entities to which the Notes are connected) or Italian resident individuals engaged in an entrepreneurial activity to which the Notes are connected.

Where an Italian resident Noteholder is an individual not engaged in an entrepreneurial activity to which the Notes are connected, any capital gain realised by such Noteholder from the sale or redemption of the Notes would be subject to a 26 per cent capital gains tax ("*imposta sostitutiva sulle plusvalenze*"). Noteholders may set off any losses with their gains.

In respect of the application of *imposta sostitutiva sulle plusvalenze*, taxpayers may opt for one of the three regimes described below:

- (a) Under the tax declaration regime ("*regime della dichiarazione*"), which is the default regime for Italian resident individuals not engaged in an entrepreneurial activity to which the Notes are effectively connected, the *imposta sostitutiva* on capital gains will be chargeable, on a cumulative basis, on all capital gains (net of any incurred capital loss) realised by the Italian resident individual Noteholder holding the Notes. In this instance, "**capital gains**" means any capital gain not connected with an entrepreneurial activity pursuant to all sales or redemptions of the Notes carried out during any given tax year. Italian resident individuals holding the Notes not in connection with an entrepreneurial activity must indicate the overall capital gains realised in any tax year, net of any relevant incurred capital loss, in the annual tax return and pay the *imposta sostitutiva* on such gains together with any balance income tax due for such year. Capital losses in excess of capital gains may be carried forward against capital gains realised in any of the four succeeding tax years.
- (b) As an alternative to the tax declaration regime, Italian resident individual Noteholders holding the Notes not in connection with an entrepreneurial activity, Italian resident partnerships not carrying out commercial activities and Italian private or public institutions not carrying out mainly or exclusively commercial activities, may elect to pay under the administrative savings regime ("*regime del risparmio amministrato*") the *imposta sostitutiva sulle plusvalenze* separately on capital gains realised on each sale or redemption of the Notes. Such separate taxation of capital gains is allowed subject to:
 - (i) the Notes being deposited with Italian banks, SIMs or certain authorised financial intermediaries; and
 - (ii) an express election for the administrative savings regime being timely made in writing by the relevant Noteholder.

The depository must account for the *imposta sostitutiva sulle plusvalenze* in respect of capital gains realised on each sale or redemption of the Notes, net of any incurred capital loss.

The depository must also pay the relevant amount to the Italian tax authorities on behalf of the taxpayer, deducting a corresponding amount from the proceeds to be credited to the Noteholder or using funds provided by the Noteholder for this purpose. Under the administrative savings regime, where a sale or redemption of the Notes results in a capital loss, such capital loss may be deducted from capital gains subsequently realised, within the same securities management, in the same tax year or in the following tax years up to the fourth. Under the administrative savings regime, the Noteholder is not required to report the capital gains in the annual tax return.

- (c) In the asset management regime, any capital gains realised by Italian resident individuals holding the Notes not in connection with an entrepreneurial activity, Italian resident partnerships not carrying out commercial activities and Italian private or public institutions not carrying out mainly or exclusively commercial activities, who have entrusted the management of their financial assets (including the Notes) to an authorised intermediary, will be included in the computation of the annual increase in value of the managed assets accrued, even if not realised, at year end, subject to a 26 per cent substitute tax, to be paid by the managing authorised intermediary. Any depreciation of the managed assets accrued at the year end may be carried forward against increase in value of the managed assets accrued in any of the four succeeding tax years. The Noteholder is not required to declare the capital gains realised in the annual tax return.

Subject to certain limitations and requirements (including a minimum holding period), Italian resident individuals not engaged in an entrepreneurial activity to which the Notes are connected may be exempt from Italian capital gain taxes, including the *imposta sostitutiva* on capital gains realised upon sale or redemption of the Notes, if the Notes are included in a long-term savings account (*piano di risparmio a lungo termine*) that meets the requirements set forth in Article 1(100-114) of Finance Act 2017, as amended and supplemented from time to time, and in Article 13-bis of Law No. 124, as amended and supplemented from time to time.

Pursuant to Article 1, paragraphs 219-225 of Law no. 178, it is further provided that Italian resident individuals investing by December 31, 2021 in long-term individual savings accounts established from 1 January 2021 and compliant with Article 13-bis, paragraph 2-bis of Law No. 124 may benefit from a tax credit corresponding to

capital losses, losses and negative differences realized in respect of certain qualifying financial instruments comprised in the long-term individual savings account, provided that certain conditions and requirements are met.

Any capital gains realised by a Noteholder that is a Fund will be included in the result of the portfolio accrued at the end of the tax period. The Fund will not be subject to taxation on such results, but a withholding tax of 26 per cent may apply on income of the Fund derived by unitholders or shareholders through distribution and/or redemption or disposal of the units and shares.

Any capital gains realised by a Noteholder who is an Italian real estate fund (complying with the definition as amended pursuant to Law Decree No. 78 of 31 May 2010, converted into Law No. 122 of 30 July 2010) or a Real Estate SICAF is subject neither to *imposta sostitutiva sulle plusvalenze* nor to any other income tax in the hands of the real estate fund or Real Estate SICAF. The income of the real estate fund or Real Estate SICAF is subject to tax, in the hands of the unitholder, depending on the status and percentage of participation, or, when earned by the fund, through distribution and/or upon redemption or disposal of the units.

Any capital gains realised by a Noteholder who is an Italian pension fund (subject to the regime provided for by Article 17 of the Legislative Decree No. 252 of 5 December 2005) will be included in the result of the relevant portfolio accrued at the end of the tax period, to be subject to a 20 per cent substitute tax. Subject to certain conditions (including minimum holding period requirement) and limitations, capital gains on the Notes may be excluded from the taxable base of the 20 per cent substitute tax if the Notes are included in a long-term savings account (piano di risparmio a lungo termine) that meets the requirements set forth in Article 1(100-114) of Finance Act 2017, as amended and supplemented from time to time, and in Article 13-bis of Law Decree no 124 of 26 October 2019, as amended and supplemented from time to time.

Non-Italian resident Noteholders

Capital gains realised by non-Italian resident Noteholders without a permanent establishment in Italy to which the Notes are effectively connected from the sale or redemption of Notes issued by an Italian resident issuer and traded on regulated markets are not subject to the *imposta sostitutiva sulle plusvalenze* irrespective of the place in which they are deemed to be held. The exemption applies provided that the non-Italian resident Noteholders file in due course with the authorised financial intermediary an appropriate affidavit (*autocertificazione*) stating that the Noteholder is not resident in Italy for tax purposes.

Capital gains realised by non-Italian resident Noteholders without a permanent establishment in Italy to which the Notes are effectively connected from the sale or redemption of Notes not traded on regulated markets issued by an Italian resident issuer may in certain circumstances be taxable in Italy, if the Notes are held in Italy.

However, capital gains realised by non-Italian resident Noteholders without a permanent establishment in Italy to which the Notes are effectively connected from the sale or redemption of Notes not traded on regulated markets are not subject to the *imposta sostitutiva sulle plusvalenze*, provided that the effective beneficiary is: (i) resident in a country which allows for a satisfactory exchange of information with Italy; (ii) an international entity or body set up in accordance with international agreements which have entered into force in Italy; (iii) a Central Bank or an entity which manages, *inter alia*, the official reserves of a foreign State; or (iv) an "institutional investor", whether or not subject to tax, which is established in a country which allows for a satisfactory exchange of information with Italy.

In such cases, in order to benefit from the exemption from Italian taxation on capital gains, non-Italian resident Noteholders who hold the Notes with an Italian authorised financial intermediary and elect to be subject to the asset management regime or are subject to the administrative savings regime, may be required to produce in due time to the Italian authorised financial intermediary an appropriate self-declaration stating that they meet the subjective requirements indicated above. Additional statements may be required for non-Italian resident Noteholders who are institutional investors.

For the purposes of the above, the currently applicable "white list" of countries allowing for an adequate exchange of information with Italy is provided for by the White List Decree, as recently amended by Ministerial Decree of 23 March 2017. Pursuant to Article 11, para. 4, letter c) of Decree 239, the Ministry of Finance should update the White List Decree on a semi-annual basis.

If none of the conditions above is met, capital gains realised by non-Italian resident Noteholders without a permanent establishment in Italy to which the Notes are effectively connected from the sale or redemption of Notes not traded on regulated markets are subject to the *imposta sostitutiva sulle plusvalenze* at the current rate of 26 per cent. However, Noteholders may benefit from a double taxation treaty with Italy providing that the

capital gains realised upon the sale or redemption of Notes are to be taxed only in the resident tax country of the recipient.

Inheritance and gift taxes

The transfer of Notes by reason of gift, donation or succession proceedings is subject to Italian gift and inheritance tax as follows:

- (a) 4 per cent for transfers in favour of the spouse and direct descendants or ancestors; in this case, the transfer is subject to tax on the value exceeding €1,000,000 (per beneficiary);
- (b) 6 per cent for transfers in favour of siblings; in this case, the transfer is subject to the tax on the value exceeding €100,000 (per beneficiary);
- (c) 6 per cent for transfers in favour of relatives up to the fourth degree and to all relatives in law in direct line and to other relatives in law up to the third degree, on the entire value of the inheritance or the gift; and
- (d) 8 per cent for transfers in favour of any other person or entity, on the entire value of the inheritance or the gift.

If the heir/heirress and/or the donee is a person with a severe disability pursuant to Law No. 104 of February 5, 1992, inheritance tax or gift tax is applied to the extent that the value of the inheritance or gift exceeds €1,500,000.

With respect to Notes listed on a regulated market, the value for inheritance and gift tax purposes is the average stock exchange price of the last quarter preceding the date of the succession or of the gift (including any accrued interest). With respect to unlisted Notes, the value for inheritance tax and gift tax purposes is generally determined by reference to the value of listed debt securities having similar features or based on certain elements as presented in the Italian tax law.

Italian inheritance tax and gift tax applies to non-Italian resident individuals for bonds issued by Italian resident companies.

Transfer tax

No transfer tax is due on the transfer of the Notes. Contracts relating to the transfer of securities are subject to a € 200 registration tax as follows: (i) public deeds and notarised deeds are subject to mandatory registration; (ii) private deeds are subject to registration only in the case of voluntary registration or in case of so-called "*caso d'uso*" or "*enunciazione*".

Stamp Duty

Pursuant to Article 13 para. 2/ter of the tariff Part I attached to Presidential Decree No. 642 of 26 October 1972, as amended by Article 1 para. 581 of Law No. 147 of 27 December 2013 ("**Decree 642**"), a proportional stamp duty applies on an annual basis to the periodic reporting communications sent by financial intermediaries to their clients in respect of any financial product and instrument, which may be deposited with such financial intermediary in Italy. The stamp duty applies at the rate of 0.20 per cent and it cannot exceed € 14,000 for taxpayers which are not individuals. This stamp duty is determined on the market value or – in the absence of a market value – on the nominal value or the redemption amount of any financial product or financial instruments (including the Notes). Stamp duty applies both to Italian resident Noteholders and to non-Italian resident Noteholders, to the extent that the Notes are held with an Italian-based financial intermediary.

The statement is considered to be sent at least once a year, even for instruments for which is not mandatory nor the deposit nor the release or the drafting of the statement. In case of reporting periods of less than 12 months, the stamp duty is payable pro-rata.

Based on the wording of the law and the implementing decree issued by the Italian Ministry of Economy on 24 May 2012, the stamp duty applies to any investor who is a client (as defined in the regulations issued by the Bank of Italy on 20 June 2012) of an entity that exercises in any form a banking, financial or insurance activity within the Italian territory.

Wealth tax on financial assets deposited abroad

According to Article 19 of Decree No. 201/2011, as amended by Article 1 para. 582 of Law No. 147 of 27 December 2013, Italian resident individuals, non-profit entities and certain partnerships (*società semplici*) or siminal partnerships holding financial assets – including the Notes – outside of the Italian territory are required

to pay in its own annual tax declaration a wealth tax at the rate of 0.2 per cent. In this case the above mentioned stamp duty provided for by Article 13 of the tariff Part I attached to Decree 642 does not apply.

This tax applies on the market value of the financial assets at the end of the relevant year or – in the lack of the market value – on the nominal value or redemption value, or in the event that the face or redemption values cannot be determined, on the purchase price of such financial assets held outside of the Italian territory.

Tax Monitoring Obligations

Pursuant to Law Decree No. 167 of 28 June 1990, converted by Law No. 227 of 4 August 1990, as amended from time to time, individuals, non-profit entities and certain partnerships (*società semplici* or similar partnerships in accordance with Article 5 of Presidential Decree No. 917 of 22 December 1986) resident in Italy who hold investments abroad or have financial activities abroad must, in certain circumstances, disclose the aforesaid to the Italian tax authorities in their yearly income tax return (or, in case the income tax return is not due, in a proper form that must be filed within the same time as prescribed for the income tax return). The requirement applies also where the persons above, being not the direct holder of the financial instruments, are the beneficial owner of the instrument pursuant to the anti money-laundering legislation (legislative Decree No. 231 of 21 November 2007).

Furthermore, the above reporting requirement is not required to be complied with in respect of Notes deposited for management or administration with qualified Italian financial intermediaries, with respect to contracts entered into through their intervention, on the condition that the items of income derived from the Notes have been subject to tax by the same intermediaries and with respect to foreign investments which are only composed by deposits and/or bank accounts when their aggregate value never exceeds a €15,000 threshold throughout the year.

SUBSCRIPTION AND SALE

The Dealers have in an amended and restated dealer agreement dated on or around 10 November 2021 (as the same may be further amended, supplemented or restated, the "**Dealer Agreement**") agreed with the Issuer a basis upon which they or any of them may from time to time agree to purchase Notes. Any such agreement will extend to those matters stated under "*Form of the Notes*" and "*Terms and Conditions of the Notes*" above. In the Dealer Agreement, the Issuer has agreed to reimburse the Dealers for certain of their expenses in connection with the establishment of the Programme and the issue of Notes under the Programme and to indemnify the Dealers against certain liabilities incurred by them in connection therewith.

United States of America

The Notes have not been and will not be registered under the Securities Act and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons except in certain transactions exempt from the registration requirements of the Securities Act. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act.

The Notes are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a United States person, except in certain transactions permitted by U.S. tax regulations. Terms used in this paragraph have the meanings given to them by the United States Internal Revenue Code and regulations thereunder.

Each Dealer has agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that, except as permitted by the Dealer Agreement, it will not offer, sell or deliver Notes, (i) as part of their distribution at any time or (ii) otherwise until 40 days after the completion of the distribution of the Notes comprising the relevant Tranche within the United States or to, or for the account or benefit of, U.S. persons. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act.

In addition, until 40 days after the commencement of the offering of Notes comprising any Tranche, any offer or sale of Notes within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act.

Prohibition of Sales to EEA Retail Investors

Unless the Final Terms in respect of any Notes specifies "Prohibition of Sales to EEA Retail Investors" as "Not Applicable", each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered, sold or otherwise made available and will not offer, sell or otherwise make available any Notes which are the subject of the offering contemplated by this Base Prospectus as completed by the Final Terms in relation thereto to any retail investor in the European Economic Area ("**EEA**"). For the purposes of this provision:

- (a) the expression "**retail investor**" means a person who is one (or more) of the following:
 - (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, "**MiFID II**"); or
 - (ii) a customer within the meaning of Directive (EU) 2016/97 (as amended or superseded, the "**Insurance Distribution Directive**"), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II;
 - (iii) not a qualified investor as defined in Regulation (EU) 2017/1129 (as amended and superseded, the "**Prospectus Regulation**"); and
- (b) the expression an offer includes the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe the Notes.

If the Final Terms in respect of any Notes specifies "Prohibition of Sales to EEA Retail Investors" as "Not Applicable", in relation to each Member State of the European Economic Area (each a "**Relevant State**"), each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not made and will not make an offer of Notes which are the subject of the offering contemplated by this Base Prospectus as completed by the final terms in relation thereto to the public in that Member State except that it may make an offer of such Notes to the public in that Relevant State:

- (a) at any time to any legal entity which is a qualified investor as defined in the Prospectus Regulation;

- (b) at any time to fewer than 150 natural or legal persons (other than qualified investors as defined in the Prospectus Regulation) subject to obtaining the prior consent of the relevant Dealer or Dealers nominated by the Issuer for any such offer; or
- (c) at any time in any other circumstances falling within Article 1(4) of the Prospectus Regulation,

provided that no such offer of Notes shall require the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Regulation, or supplement a prospectus pursuant to Article 23 of the Prospectus Regulation.

For the purposes of this provision, the expression an "offer of Notes to the public" in relation to any Notes in any "Relevant State" means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe for the Notes, and the expression "Prospectus Regulation" means Regulation (EU) 2017/1129.

Unless the Final Terms in respect of any Notes specifies "Prohibition of Sales to UK Retail Investors" as "Not Applicable", each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered, sold or otherwise made available and will not offer, sell or otherwise make available any Notes which are the subject of the offering contemplated by this Base Prospectus as completed by the Final Terms in relation thereto to any retail investor in the United Kingdom ("UK"). For the purposes of this provision:

- (a) the expression "**retail investor**" means a person who is one (or more) of the following:
 - (i) a retail client, as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of UK domestic law by virtue of the European Union (Withdrawal) Act 2018 (the "EUWA"); or
 - (ii) a customer within the meaning of the provisions of the Financial Services and Markets Act, 2000 (the "FSMA") and any rules or regulations made under the FSMA to implement Directive (EU) 2016/97, where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of UK domestic law by virtue of the EUWA;
 - (iii) not a qualified investor as defined in Article 2 of Regulation (EU) 2017/1129 as it forms part of UK domestic law by virtue of the EUWA; and

If the Final Terms in respect of any Notes specifies "Prohibition of Sales to UK Retail Investors" as "Not Applicable", each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not made and will not make an offer of Notes which are the subject of the offering contemplated by this Base Prospectus as completed by the final terms in relation thereto to the public in the United Kingdom except that it may make an offer of such Notes to the public in the United Kingdom:

- (a) at any time to any legal entity which is a qualified investor as defined in Article 2 of Regulation (EU) 2017/1129 as it forms part of UK domestic law by virtue of the EUWA;
- (b) at any time to fewer than 150 natural or legal persons (other than qualified investors as defined in Article 2 of Regulation (EU) 2017/1129 as it forms part of UK domestic law by virtue of the EUWA) in the United Kingdom subject to obtaining the prior consent of the relevant Dealer or Dealers nominated by the Issuer for any such offer; or
- (c) at any time in any other circumstances falling within section 86 of the FSMA,

provided that no such offer of Notes referred to in (a) to (c) above shall require the Issuer or any Dealer to publish a prospectus pursuant to section 85 of the FSMA or supplement a prospectus pursuant to Article 23 of Regulation (EU) 2017/1129 as it forms part of UK domestic law by virtue of the EUWA.

For the purposes of this provision, the expression an "**offer of Notes to the public**" in relation to any Notes means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe for the Notes.

Certain of the Dealers and their affiliates, including parent companies, have engaged, and may in the future engage, in investment banking and/or commercial banking transactions (including the provision of loan facilities and/or securitisation transactions) and other related transactions with, and may perform advisory, financial and/or non-financial services for, the Issuer and its affiliates in the ordinary course of business. Certain of the Dealers or their affiliates that have a lending relationship with the Issuer routinely hedge their credit exposure to the Issuer consistent with their customary risk management policies. Typically, such Dealers and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in securities, including potentially the Notes issued under the Programme. Any such short positions could adversely affect future trading prices of Notes issued under the Programme. The Dealers and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.
