€20,000,000,000 EURO MEDIUM TERM NOTE PROGRAMME

This Prospectus is valid for the purpose of the listing of Notes on the Official List of the Luxembourg Stock Exchange, for a period of one year from the date of publication. Any Notes (as defined below) issued under the Programme on or after the date of this Prospectus are issued subject to the provisions herein. This Prospectus does not affect any Notes already issued. Under the €20,000,000,000 Euro Medium Term Note Programme (the "Programme"), each of Banco Espírito Santo, S.A. (the "Bank" or "BES"), acting through its head office or its Madeira Free Trade Zone branch or its Cayman Islands branch or its London branch, and BES Finance Ltd. ("BES Finance" and, together with the Bank in its capacity as an issuer of Notes under the Programme, the "Issuers" and each an "Issuer") may from time to time and, subject to applicable laws and regulations, issue notes (the "Notes", which will include Senior Notes, Dated Subordinated Notes, Undated Subordinated Notes and, in the case of the Bank acting through its head office only, Undated Deeply Subordinated Notes (as such terms are defined below)) denominated in any currency agreed between the Issuer of such Notes (the "relevant Issuer") and the relevant Dealer (as defined below).

The payments of all amounts owing in respect of the Notes issued by BES Finance will be unconditionally and irrevocably guaranteed by the Bank, acting through its London branch, pursuant to the Trust Deed (as defined herein).

The Final Terms (as defined below) for each Tranche (as defined on page 91 below) of Notes will state whether the Notes of such Tranche are to be (i) senior Notes which, in the case of Notes issued by BES Finance, will be guaranteed on an unsubordinated basis ("Senior Notes"), (ii) dated subordinated Notes which, in the case of Notes issued by BES Finance, will be guaranteed on a subordinated basis ("Dated Subordinated Notes"), (iii) undated subordinated Notes which, in the case of Notes issued by BES Finance, will be guaranteed on a subordinated basis ("Undated Subordinated Notes") or (iv) undated deeply subordinated Notes ("Undated Deeply Subordinated Notes"), which may be issued by the Bank acting through its head office only.

The maximum aggregate nominal amount of all Notes from time to time outstanding under the Programme will not exceed €20,000,000,000 or such greater amount as may be agreed from time to time in accordance with the terms of the Programme Agreement (or its equivalent in other currencies calculated as described herein). The Notes may be issued on a continuing basis to one or more of the Dealers specified on page 10 and any additional Dealer appointed under the Programme from time to time, which appointment may be for a specific issue or on an ongoing basis (each a "Dealer" and together the "Dealers"). References in this Prospectus to the "relevant Dealer" shall, in the case of an issue of Notes being (or intended to be) subscribed by more than one Dealer, be to all Dealers agreeing to purchase such Notes.

An investment in Notes issued under the Programme involves certain risks. For a discussion of these risks see "Risk Factors".

Application has been made to the Commission de Surveillance du Secteur Financier (the "CSSF") in its capacity as competent authority under the Luxembourg Act dated 10th July, 2005 on prospectuses for securities (the "Prospectus Act 2005") to approve this document as a base prospectus. The CSSF assumes no responsibility as to the economic and financial soundness of the transactions contemplated by this Prospectus or the quality or solvency of the Issuers in accordance with Article 7(7) of the Prospectus Act 2005. Application has also been made to the Luxembourg Stock Exchange for Notes issued under the Programme to be admitted to trading on the Regulated Market of the Luxembourg Stock Exchange and to be listed on the Official List of the Luxembourg Stock Exchange. Notice of the aggregate nominal amount of Notes, interest (if any) payable in respect of Notes, the issue price of Notes and any other terms and conditions not contained herein which are applicable to each Tranche of Notes will be set forth in the final terms (the "Final Terms") which, with respect to Notes to be listed on the Official List of the Luxembourg Stock Exchange, will be filed with the CSSF.

The Programme provides that Notes may be listed or admitted to trading, as the case may be, on such other or further stock exchanges or markets as may be agreed between the relevant Issuer, and the relevant Dealer. Each Issuer may also issue unlisted Notes.

In the case of Notes held through Interbolsa-Sociedade Gestora de Sistemas de Liquidação e de Sistemas Centralizados de Valores Mobiliários, S.A. ("Interbolsa") (each an "Interbolsa Note") the Notes of each Tranche will be in book-entry form (*forma escritural*) and can be either registered Notes (*nominativas*) or bearer Notes (*ao portador*), as specified in the applicable Final Terms. The Notes of each Tranche (other than Interbolsa Notes) will be in bearer form. Bearer Notes other than Interbolsa Notes will (unless otherwise specified in the applicable Final Terms) initially be represented by a temporary global Note, which may be in new global note form, which will be exchangeable either for interests in a permanent global Note or for definitive Notes, as indicated in the applicable Final Terms, all as further described in "Form of the Notes" below.

The relevant Issuer, the Bank, acting through its London branch, (where the relevant Issuer is BES Finance) and (in respect of Notes other than Interbolsa Notes) the Trustee may agree with any Dealer that Notes may be issued in a form not contemplated by the Terms and Conditions of the Notes herein, in which event a supplement to this Prospectus, if appropriate, will be made available which will describe the effect of the agreement reached in relation to such Notes. Any person (an "Investor") intending to acquire or acquiring any securities from any person (an "Offeror") should be aware that, in the context of an offer to the public as defined in the Prospectus Directive, the relevant Issuer may be responsible to the Investor for the Prospectus only if the relevant Issuer has authorised that Offeror to make the offer to the Investor. Each Investor should therefore verify with the Offeror whether or not the Offeror is acting in association with the relevant Issuer. If the Offeror is not authorised by the relevant Issuer, the Investor should check with the Offeror whether anyone is responsible for the Prospectus for the purposes of Article 6 of the Prospectus Directive as implemented by the national legislation of each EEA Member State in the context of the offer to the public, and, if so, who that person is. If the Investor is in any doubt about whether it can rely on the Prospectus and/or who is responsible for its contents it should take legal advice.

The rating of certain Tranches of Notes to be issued under the Programme may be specified in the applicable Final Terms. Whether or not each credit rating applied for in relation to relevant Tranches of Notes will be issued by a credit rating agency established in the European Union and registered under Regulation (EC) No. 1060/2009 (the "CRA Regulation") will be disclosed clearly and prominently in the Final Terms.

THE ISSUER WILL NOT BE A PARTY TO ANY SUCH ARRANGEMENTS WITH INVESTORS (OTHER THAN THE DEALERS) IN CONNECTION WITH THE OFFER OR SALE OF THE NOTES AND, ACCORDINGLY, THIS PROSPECTUS AND ANY FINAL TERMS WILL NOT CONTAIN SUCH INFORMATION. THE INVESTOR MUST LOOK TO THE OFFEROR AT THE TIME OF SUCH OFFER FOR THE PROVISION OF SUCH INFORMATION. THE ISSUER HAS NO RESPONSIBILITY TO AN INVESTOR IN RESPECT OF SUCH INFORMATION.

This Prospectus is to be read in conjunction with all documents which are deemed to be incorporated herein by reference (see “Documents Incorporated by Reference” below). This Prospectus shall be read and construed on the basis that such documents are incorporated and form part of this Prospectus. Each of BES Finance and the Bank accepts responsibility for the accuracy of the translations into English of such documents.

Neither the Dealers nor the Trustee have separately verified the information contained herein. Accordingly, no representation, warranty or undertaking, express or implied, is made and no responsibility or liability is accepted by the Dealers or the Trustee as to the accuracy or completeness of the information contained in this Prospectus or any other information provided by BES Finance or the Bank in connection with the Programme or the Notes or their distribution. The statements made in this paragraph are made without prejudice to the responsibility of BES Finance and the Bank under the Programme.

No person is or has been authorised to give any information or to make any representation not contained in or not consistent with this Prospectus or any other information supplied in connection with the Programme or the Notes and, if given or made, such information or representation must not be relied upon as having been authorised by BES Finance, the Bank, the Trustee or any of the Dealers.

Neither this Prospectus nor any other information supplied in connection with the Programme or any Notes (i) is intended to provide the basis of any credit or other evaluation or (ii) should be considered as a recommendation or constituting an invitation or offer by BES Finance, the Bank, the Trustee or any of the Dealers that any recipient of this Prospectus or any other information supplied in connection with the Programme or any Notes should purchase any Notes. Each investor contemplating purchasing any Notes should make its own independent investigation of the financial condition and affairs, and its own appraisal of the creditworthiness, of BES Finance and/or the Bank.

The Dealers and the Trustee expressly do not undertake to review the financial condition or affairs of BES Finance or the Bank during the life of the Programme.

This Prospectus does not constitute an offer to sell or the solicitation of an offer to buy any Notes in any jurisdiction to any person to whom it is unlawful to make the offer or solicitation in such jurisdiction. The distribution of this Prospectus and the offer or sale of Notes may be restricted by law in certain jurisdictions. BES Finance, the Bank, the Trustee and the Dealers do not represent that this document may be lawfully distributed, or that any Notes may be lawfully offered, in compliance with any applicable registration or other requirements in any such jurisdiction, or pursuant to an exemption available thereunder, or assume any responsibility for facilitating any such distribution or offering. In particular, unless specifically indicated to the contrary in the applicable Fund Terms, no action has been taken by BES Finance, the Bank, the Trustee or the Dealers which is intended to permit a public offering of any Notes outside Luxembourg or distribution of this document in any jurisdiction where action for that purpose is required. Accordingly, no Notes may be offered or sold, directly or indirectly, and neither this Prospectus nor any advertisement or other offering material may be distributed or published in any jurisdiction, except under circumstances that will result in compliance with any applicable laws and regulations and the Dealers have represented that all offers and sales by them will be made on the same terms. Persons into whose possession this Prospectus or any Notes come must inform themselves about, and observe, any such restrictions. In particular, there are restrictions on the distribution of this Prospectus and the offer or sale of Notes in the United States, the European Economic Area (including the United Kingdom, Italy and Portugal), Japan and the Cayman Islands (see “Subscription and Sale” below).

This Prospectus has been prepared on the basis that, except to the extent sub-paragraph (ii) below may apply, any offer of Notes in any Member State of the European Economic Area which has implemented the Prospectus Directive (each, a “Relevant Member State”) will be made pursuant to an exemption under the Prospectus Directive, as implemented in that Relevant Member State, from the requirement to publish a prospectus for offers of Notes. Accordingly any person making or intending to make an offer in that Relevant Member State of Notes which are the subject of an offering contemplated in this Prospectus as completed by final terms in relation to the offer of those Notes may only do so (i) in circumstances in which no obligation arises for the Issuers or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive, in each case, in relation to such offer, or (ii) if a prospectus for such offer has been approved by the competent authority in that Relevant Member State or, where appropriate, approved in another Relevant Member State and notified to the competent authority in that Relevant Member State and (in either case) published, all in accordance with the Prospectus Directive, provided that any such prospectus has subsequently been completed by applicable final terms which specify that offers may be made other than pursuant to Article 3(2) of the Prospectus Directive in that Relevant Member State, such offer is made in the period beginning and ending on the dates specified for such purpose in such prospectus or applicable final terms, as applicable and the relevant Issuer has consented in writing to its use for the purpose of such offer. Except to the extent sub-paragraph (ii) above may apply, neither Issuer nor any Dealer has authorised, nor do they authorise, the making of any offer of Notes in circumstances in which an obligation arises for the Issuers or any Dealer to publish or supplement a prospectus for such offer.

The Notes have not been and will not be registered under the United States Securities Act 1933, as amended (the “Securities Act”), and are subject to U.S. tax law requirements. Subject to certain exceptions, Notes may not be offered, sold or delivered within the United States or to U.S. persons (see “Subscription and Sale” below).

Issuers:

BES

Banco Espirito Santo, S.A. (“BES” or the “Bank”) is a bank incorporated in Portugal (with commercial registry and tax payer number 500 852 367) on 26th September, 1990 for an unlimited duration and with limited liability (*societies anonym*). The share capital of BES is €3,499,999,998 and is represented by 1,166,666,666 book-entry nominative shares with the nominal value of €3 each.

According to the Portuguese Banks’ association, BES is Portugal’s second-largest private financial institution by total consolidated assets. BES and its consolidated subsidiaries (together, the “BES Group” or the “Group”) offer a full range of banking and financial services, including deposit taking, lending, asset management, leasing and factoring, investment banking and brokerage services. As of 30 December, 2010, the BES Group operated 731 branches in Portugal (including 44 on-site branches resulting from partnerships with insurance agents under the *Assurfinance* programme) and 97 branches abroad (of which there were 25 in Spain, 36 in Angola and 30 in Libya), 22 private banking centres and 24 corporate banking centres.

As of 31st December, 2010, Espirito Santo Financial Group (hereinafter, “ESFG”) and its subsidiaries held 43.44 per cent. of the voting rights in BES and consolidated BES in its financial statements. Crédit Agricole S.A. is a shareholder in BES and is ESFG’s strategic partner in BES’ management and operations, particularly in connection with the development of products in the retail sector. There are no written arrangements governing this relationship.

The BES Group continues to pursue its international strategy, with particular emphasis on expanding its market position in Spain, Brazil, Angola, Mozambique and Libya and continuing to capitalise on its established positions in France, Luxembourg, the United Kingdom, the United States and Macao.

BES Finance

BES Finance was incorporated in the Cayman Islands (with registered number 69526) on 15 November 1996 for an unlimited duration and with limited liability as an exempted company under the laws of the Cayman Islands. BES Finance has no subsidiaries.

BES Finance is a wholly-owned subsidiary of BES and all issued ordinary shares are fully paid as at the date of this Prospectus. Through its shareholding, BES directly controls BES Finance. There are no other measures in place concerning such control.

In acting as an Issuer in relation to an issue of Notes, the Bank may specify that for the purpose of such issue it is acting through its head office or its Madeira Free Trade Zone branch or its Cayman Islands branch or its London branch.

BES Finance Ltd. may not issue Undated Deeply Subordinated Notes.

The Bank may issue Undated Deeply Subordinated Notes through its head office only.

Guarantor:

Banco Espírito Santo, S.A., a Portuguese incorporated bank. In acting as a Guarantor in relation to an issue of Notes by BES Finance, the Bank will be acting through its London branch.

Risk Factors:

There are certain factors which may affect the Issuers' and the Guarantor's ability to fulfil their obligations under Notes issued under the Programme.

RISK FACTORS RELATING TO BES

Factors that may affect BES' ability to fulfil its obligations under Notes to be issued by BES under the Programme or guaranteed by BES under the Deed of Guarantee:

- *Economic environment* – The BES Group's performance, results of operations and financial conditions are dependent on the strength of the Portuguese economy and, to a lesser extent, that of the European Union and that of those countries outside of the EU where the BES Group operates.
- *Financial system* – Conditions in the global financial markets and the macroeconomic context of the countries in which the BES Group operates generally influence the performance of the BES Group.
- *Banking markets* – Intense competition in all areas of the BES Group's operation can have an adverse effect on the Issuers' operating results.
- *The BES Group is exposed to adverse political, governmental or economic developments related to its international expansion* – The BES Group's international operations are exposed to the risk of adverse political, governmental or economic developments in the countries in which it operates.

- *Soundness of other financial institutions* – BES is exposed to many different counterparties in the normal course of its business, which can expose BES to credit risk in the event of default of a counterparty or when the collateral it holds fails to cover its exposure.
- *Interest Rate Risk* – The BES Group is subject to the risk of interest rate fluctuations, which may from time to time impact negatively upon the BES Group’s operating results.
- *Credit risk* – Risk arising from changes in credit quality and the repayment of loans and amounts due from borrowers and counterparties are inherent in a wide range of the BES Group’s businesses.
- *Operational Risk* – The BES Group faces the risk of losses or of a negative impact on the relationship or other stakeholders resulting from inadequate or negligent application of internal procedures, or from people behaviour, information systems, external events, non-compliance with regulations in force or legal action.
- *Liquidity Risk* – The inability of the BES Group to anticipate and provide for unforeseen decreases or changes in funding sources could have consequences on the BES Group’s ability to meet its obligations when they fall due.
- *Market Risk* – The BES Group faces the risk of possible losses resulting from an adverse change in the value of financial instruments due to fluctuations in interest rates, foreign exchange rates, share prices or commodity prices.
- *Regulation* – The BES Group operates in a highly regulated industry and the regulatory laws governing the activity of the BES Group may change at any time in ways which may have an adverse effect on its business, nor can the BES Group predict the timing or form of any future regulatory initiatives.
- *Risks associated with the implementation of its risk management policies* – Although BES has implemented risk management policies for each of the risks that it is exposed to, such policies may not be fully effective.
- *Risks associated with the increasing use of sophisticated IT systems* – Banking activities are highly dependent on sophisticated IT systems, which are vulnerable to a number of problems and require frequent updates. Any significant interruption to the BES Group’s IT systems can have an extremely adverse effect on the activities, the results and the financial condition of the BES Group.
- *Risks associated with the ability to maintain the Bank’s client portfolio* – The success of the BES Group depends largely on its ability to maintain its client portfolio and provide it with a diversified range of competitive and high quality products and services. The potential inability of BES to do so could have an adverse effect on the BES Group’s financial situation and results.

- *Risks associated with market transactions on the Bank's own portfolio* – Whilst the BES Group is involved in a limited amount of transactions on its own portfolio, such transactions still involve a certain degree of risk. Any significant losses may negatively affect its financial condition and results.
- *Risks relating to Bank's shareholding and corporate structure* – The major shareholders of BES (ESFG and Crédit Agricole S.A.) hold a majority of the voting rights of BES and, as such, have the ability to exercise significant influence over or determine the outcome of certain shareholder actions.

RISK FACTORS RELATING TO BES FINANCE

BES Finance Ltd is a funding vehicle of the BES Group. Therefore any failure by BES to pay amounts outstanding under any intra-group loans made by BES Finance to BES would affect BES Finance's ability to meet its payment obligations under the issued Notes.

RISK FACTORS RELATING TO THE NOTES ISSUED UNDER THE PROGRAMME

A wide range of Notes may be issued under the Programme. A number of these Notes may have features which contain particular risks for potential investors. Set out below is a description of the most common such features:

- *The Notes may not be a suitable investment for all investors* – Each potential investor in the Notes must determine the suitability of that investment in light of their own circumstances.
- *Notes subject to optional redemption by the Issuer* – An optional redemption feature is likely to limit the market value of the Notes.
- *Index Linked Notes and Dual Currency Notes* – the market price of such Notes may be volatile; they may receive no interest; the amount of principal payable at redemption may be less than the nominal of such Notes or even zero; a Relevant Factor may be subject to significant fluctuations that may not correlate with changes in interest rates, currencies or other indices; if a Relevant Factor is applied to Notes in conjunction with a multiplier greater than one or which contains some other leverage factor, the effect of changes in the Relevant Factor on principal or interest payable will be magnified and the timing of changes in a Relevant Factor may affect the actual yield to investors, even if the average level is consistent with their expectations.
- *Partly-paid Notes* – For Notes where the issue price is payable in more than one instalment, failure to pay any subsequent instalment when due could result in an investor losing all of his investment.
- *Variable rate Notes with a multiplier or other leverage factor* – Such notes can be volatile investments, especially if they are

structured to include multipliers or other leverage factors, or caps or floors, or any combination of those features or other similar related features.

- *Inverse Floating Rate Notes* – The market values of such Notes typically are more volatile than the market values of other conventional floating rate debt securities based on the same reference rate.
- *Fixed/Floating Rate Notes* – Such Notes may bear interest at a rate that the relevant Issuer may elect to convert from a fixed rate to a floating rate or from a floating rate to a fixed rate.
- *Notes issued at a substantial discount or premium* – Such Notes tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing securities.
- *The Issuer's obligations under Subordinated Notes are subordinated* – In the event of bankruptcy or winding-up of the relevant Issuer, the relevant Noteholders' claims shall be subordinated in right of payment to the claims of all unsubordinated creditors of the relevant Issuer.
- *Under certain conditions, interest payments under Undated Subordinated Notes may be deferred* – Any deferral of interest payments will likely have an adverse effect on the market price of the Undated Subordinated Notes. As a result of the interest deferral provision, the market price of Undated Subordinated Notes may be more volatile than debt securities not subject to such deferrals and may be more sensitive generally to adverse changes in the BES Group's financial condition.

There are certain risks relating to credit linked Notes, such as cash settlement, physical settlement and the 2003 ISDA credit derivatives definitions.

There are risks relating to physical settlement and certain risks relating to auction settlement of credit linked Notes, such as auction settlement, auction final price and the Issuer's and/or Guarantor's ability to influence the auction final price, the role of the credit derivatives determinations committee, credit event and succession event backstop dates, succession event risk, extension of scheduled maturity date and settlement suspension, adjustments and interest provisions.

There are certain risks relating to the Notes generally, such as modification and substitution, EU Savings Directive and definitive Notes where denominations involve integral multiples.

There are certain risks relating to Undated Deeply Subordinated Notes:

- the Undated Deeply Subordinated Notes are deeply subordinated obligations and will be subordinated to all of BES' existing and future indebtedness;
- there are no events of default under the Undated Deeply Subordinated Notes;

- the Undated Deeply Subordinated Notes will be available to cover losses of BES; and
- the Undated Deeply Subordinated Notes are undated securities and need not be redeemed by BES.

Investments in Interbolsa Notes will be subject to Interbolsa procedures and Portuguese law with respect to the form and transfer of Interbolsa Notes, payments on Interbolsa Notes and Portuguese tax rules. Holders of Interbolsa Notes must ensure that they comply with all procedures to ensure the correct tax treatment of their Interbolsa Notes.

RISKS RELATED TO THE NOTES GENERALLY

General market risks include the secondary market generally, exchange rate risks and exchange controls, interest rate risks, credit ratings may not reflect all risks and legal investment considerations may restrict certain investments.

See “Risk Factors” for further details.

the instructions of any holder of an interest in such permanent global Note) to the Agent as described therein or (ii) only upon the occurrence of an Exchange Event as described under “Form of the Notes”. A global Note representing Notes having denominations consisting of a minimum Specified Denomination and one or more higher Specified Denominations which are not an integral multiple of such minimum Specified Denomination may only be exchanged for definitive Notes upon an Exchange Event. Any interest in a global Note will be transferable only in accordance with the rules and procedures for the time being of Euroclear, Clearstream, Luxembourg and/or any other agreed clearing system, as appropriate.

Interbolsa Notes will be issued in book-entry form (*forma escritural*) and can be either registered Notes (*nominativas*) or bearer Notes (*ao portador*), as specified in the applicable Final Terms and as further described under “Form of the Notes”. Interbolsa Notes may only be transferred in accordance with the applicable procedures established by the Portuguese Securities Code and the regulations issued by the Comissão do Mercado de Valores Mobiliários (Portuguese Securities Market Commission, the “CMVM”) and Interbolsa.

Fixed Rate Notes:

Fixed interest will be payable on such date or dates as may be agreed between the relevant Issuer and the relevant Dealer and on redemption and will be calculated on the basis of such Day Count Fraction as may be agreed between the relevant Issuer and the relevant Dealer.

Floating Rate Notes:

Floating Rate Notes will bear interest at a rate determined:

- (i) on the same basis as the floating rate under a notional interest-rate swap transaction in the relevant Specified Currency governed by an agreement incorporating the 2006 ISDA

Definitions (as published by the International Swaps and Derivatives Association, Inc., and as amended and updated as at the Issue Date of the first Tranche of the Notes of the relevant Series); or

- (ii) on the basis of a reference rate appearing on the agreed screen page of a commercial quotation service; or
- (iii) on such other basis as may be agreed between the relevant Issuer and the relevant Dealer,

in each case as indicated in the applicable Final Terms.

The Margin (if any) relating to such floating rate will be agreed between the relevant Issuer and the relevant Dealer for each Series of Floating Rate Notes.

Index Linked Notes:

Payments of principal in respect of Index Linked Redemption Notes or of interest in respect of Index Linked Interest Notes will be calculated by reference to such index and/or formula or to changes in the prices of securities or commodities or to such other factors as

the relevant Issuer and the relevant Dealer may agree (as indicated in the applicable Final Terms).

Other provisions in relation to Floating Rate Notes and Index Linked Interest Notes:

Floating Rate Notes and Index Linked Interest Notes may also have a maximum interest rate, a minimum interest rate or both. Interest on Floating Rate Notes and Index Linked Interest Notes in respect of each Interest Period, as agreed prior to issue by the relevant Issuer and the relevant Dealer, will be payable on such Interest Payment Dates, and will be calculated on the basis of such Day Count Fraction, as may be agreed between the relevant Issuer and the relevant Dealer.

Dual Currency Notes:

Payments (whether in respect of principal or interest and whether at maturity or otherwise) in respect of Dual Currency Notes will be made in such currencies, and based on such rates of exchange, as the relevant Issuer and the relevant Dealer may agree (as indicated in the applicable Final Terms). Interbolsa Notes may be Dual Currency Notes provided the corresponding information necessary for that purpose is made available by the Issuer or by the Portuguese Paying Agent to Interbolsa, pursuant to the applicable Interbolsa procedures.

Zero Coupon Notes:

Zero Coupon Notes will be offered and sold at a discount to their nominal amount and will not bear interest.

Credit Linked Notes:

Amounts payable in respect of the Credit Linked Notes will be determined on the basis of whether one or more specified credit events occur in relation to a specified entity or entities.

Following the occurrence of such events, if Conditions to Settlement are satisfied, the Credit Linked Notes will be redeemed, and the relevant Issuer will, if Cash Settlement is specified as the applicable Settlement Method in the applicable Final Terms, pay the Credit Event Redemption Amount or, if Physical Delivery is specified as the applicable Settlement Method in the applicable Final Terms, Deliver the Deliverable Obligations comprising the Asset Amount.

Where Auction Settlement is specified as the applicable Settlement Method in the applicable Final Terms and an Auction Final Price Determination Date occurs, the Auction Final Price will be determined according to an auction procedure set out in the applicable rules published by ISDA on its website at www.isda.org (or any successor website thereto) from time to time and may be amended from time to time.

If Auction Settlement is specified as the applicable Settlement Method in the applicable Final Terms and a Credit Event Determination Date occurs, the Credit Linked Notes will be redeemed and the relevant Issuer will pay the Credit Event Redemption Amount.

Prospective investors should review the “Terms and Conditions of the Notes (other than Undated Deeply Subordinated Notes)” below and the applicable Final Terms to ascertain whether and how such provisions apply to the Credit Linked Notes.

Redemption:

The Final Terms relating to each Tranche of Notes will indicate either that the Notes of such Tranche cannot be redeemed prior to their stated maturity (other than in specified instalments (see below), if applicable, or for taxation reasons or following an Event of Default) or that such Notes will be redeemable at the option of the relevant Issuer and/or the Noteholders upon giving not less than 30 nor more than 60 days' irrevocable notice (or such other notice period (if any) as is indicated in the applicable Final Terms) to the Noteholders or the relevant Issuer, as the case may be, on a date or dates specified prior to such stated maturity and/or subject to certain conditions (if any) and at a price or prices and on such terms as are indicated in the applicable Final Terms.

Any early redemption of a Dated Subordinated Note, an Undated Subordinated Note or an Undated Deeply Subordinated Note will be subject to the prior consent of the Bank of Portugal.

The Final Terms may provide that Notes may be redeemable in two or more instalments of such amounts and on such dates as are indicated in the applicable Final Terms.

Denomination of Notes:

Notes will be issued in such denominations as may be agreed between the relevant Issuer and the relevant Dealer and as indicated in the applicable Final Terms save that the minimum denomination of each Note admitted to trading on a European Economic Area exchange and/or offered to the public in a Member State of the European Economic Area in circumstances which require the publication of a prospectus under the Prospectus Directive will be €1,000 (or, if the Notes are denominated in a currency other than euro, the equivalent amount in such currency) or such higher amount as may be allowed or required from time to time by the relevant central bank (or equivalent body) or any laws or regulations applicable to the relevant Specified Currency.

Taxation:

All payments in respect of the Notes will be made without deduction for or on account of withholding taxes imposed within any Relevant Tax Jurisdiction (as defined in Condition 7 of the "Terms and Conditions of the Notes (other than Undated Deeply

Subordinated Notes)" and Condition 6 of the "Terms and Conditions of the Undated Deeply Subordinated Notes"), subject as provided in Condition 8 of the "Terms and Conditions of the Notes (other than Undated Deeply Subordinated Notes)" and Condition 7 of the "Terms and Conditions of the Undated Deeply Subordinated Notes").

Negative Pledge:

The terms of the Senior Notes will contain a negative pledge provision as further described in Condition 3 relating to Senior Notes. The terms of the Dated Subordinated Notes, the Undated Subordinated Notes and the Undated Deeply Subordinated Notes will contain no negative pledge.

Cross Default:

The terms of the Senior Notes will contain a cross default provision as further described in Condition 10(A) relating to Senior Notes. The terms of the Dated Subordinated Notes, the Undated Subordinated Notes and the Undated Deeply Subordinated Notes will contain no cross default provision.

Status of the Notes:

The Senior Notes and the relative Receipts and Coupons will constitute direct, unconditional, unsecured (subject to the provisions of Condition 3) and unsubordinated obligations of the relevant Issuer and will rank *pari passu* with all present and future unsecured and unsubordinated obligations of the relevant Issuer, without any preference among themselves by reason of priority of date of issue, currency of payment or otherwise, except for obligations given priority by law.

The Dated Subordinated Notes and the relative Receipts and Coupons will constitute direct, unsecured and subordinated obligations of the relevant Issuer and will rank *pari passu* among themselves and at least *pari passu* with all other present and future dated subordinated obligations of the relevant Issuer, save for those that have been accorded by law preferential rights. Without prejudice to the foregoing, the Dated Subordinated Notes will, in the event of a distribution of the assets in the dissolution or liquidation of the relevant Issuer, rank senior to the share capital of the relevant Issuer.

The Undated Subordinated Notes and the relative Receipts and Coupons (if any) will constitute direct and unsecured obligations of the relevant Issuer, subordinated as hereinafter referred to, and will rank *pari passu* without any preference among themselves and at least *pari passu* with all other present and future undated subordinated obligations of the relevant Issuer, save for those that have been accorded by law preferential rights. Without prejudice to the foregoing, the Undated Subordinated Notes will, in the event of a distribution of the assets in the dissolution or liquidation of the relevant Issuer rank senior to the share capital of the relevant Issuer.

In order to allow each of the Issuers or the Bank to continue its business activities (in accordance with the Bank of Portugal Regulation 6/2010 as amended), any amounts which would be payable as principal or interest on the Undated Subordinated Notes, will be available to meet the losses of the Issuer or of the Bank provided: (a) that there has been (i) consumption of the whole of the reserves and retained earnings; (ii) writing down of the ordinary

share capital of the Issuer and the Bank and (iii) writing down of the Issuer's and the Bank's preference shares (including any preference share capital guaranteed by the Bank); and (b) that therefore the Issuer's and the Bank's total shareholders' equity and the preference shares interests of the Issuer and the Bank have been reduced to zero.

In the above circumstances where unpaid principal and interest may be used to meet the losses of the Issuer or of the Bank, the unpaid amounts of interest first and then principal will be cancelled and utilised to the extent that may be necessary to meet the losses of the Issuer or of the Bank. The cancelled amounts will only be reinstated as subordinated credits of the corresponding holders as if such amounts had never been written down or cancelled in the event of (i) the winding-up, liquidation or bankruptcy of the Issuer or of the Bank, in which event such reinstatement will be deemed to take effect at the moment which immediately precedes the

commencement of the winding-up, liquidation or bankruptcy proceedings; or of (ii) a decision being taken by the shareholders of the Issuer or of the Bank to allow a dividend to be paid or to reinstate the cancelled or written down amounts, in each case subject to the approval of the Bank of Portugal. In both the above cases and at all times, cancelled or written down amounts will revert to being treated as subordinated credits of the corresponding holders, without prejudice to the subordination regime applying thereto.

During any period of cancellation or writing down such cancelled or written down amounts shall not bear interest.

In the event of liquidation, bankruptcy or analogous proceedings of the Issuer, no Noteholder (having a debt or a liability towards the Issuer) may exercise any set-off or other similar rights against any amounts held by the Issuer.

The Undated Deeply Subordinated Notes and the relevant Coupons (if any) will constitute direct, unsecured and subordinated obligations of the Bank and will rank *pari passu* without any preference among themselves, save for those that have been accorded by law preferential rights. Without prejudice to the foregoing, the Undated Deeply Subordinated Notes will, in the event of a distribution of the assets in the dissolution or liquidation of the Bank rank senior to the ordinary share capital of the Bank and *pari passu* with the entitlements of holders of preferential shares of the Bank.

In order to allow the Bank to continue its business activities (in accordance with the Bank of Portugal Regulation 6/2010 as amended), any amounts which, subject to the limits of the “Terms and Conditions of the Undated Deeply Subordinated Notes” or, as the case may be, the insolvency of the Bank, would be payable as principal or interest under the Undated Deeply Subordinated Notes, will be available to meet the losses of the Bank.

In the above circumstances where unpaid principal and interest may be used to meet the losses of the Bank, the unpaid nominal amounts of interest first and then principal will be written down and utilised

to the extent that may be necessary to meet the losses of the Bank. The written down amounts will only be reinstated as subordinated credits of the corresponding holders as if such amounts had never been written down in the conditions mentioned in the “Terms and Conditions of the Undated Deeply Subordinated Notes” below, i.e. to the extent that the Bank’s Regulatory Capital registers a positive variation resulting from an improvement in the Bank’s financial condition as a consequence of gains obtained in the course of the Bank’s activities, such reinstatement being made proportionally between the outstanding nominal amount of the Undated Deeply Subordinated Notes, and other instruments also eligible as Tier 1 Capital subject to limits ranking *pari passu* therewith and the shareholders’ capital on a *pro rata* basis. In the above cases and at all times, the reinstated amounts previously written down will revert to being treated as subordinated credits of the corresponding

holders, with the same level of subordination as before being written down.

During any period of writing down such written down amounts shall not bear interest.

In the event of liquidation, bankruptcy or analogous proceedings of the Bank, no Noteholder (having a debt or a liability towards the Bank) may exercise any set-off or other similar rights against any amounts held by the Bank.

Status of the Guarantee:

The payment of the principal of, and interest on, the Notes issued by BES Finance will be unconditionally and irrevocably guaranteed (the “Guarantee”) by the Bank pursuant to the Trust Deed. The obligations of the Bank under such guarantee will:

- (1) in the case of Senior Notes, constitute direct, unconditional, unsecured (subject to the provisions of Condition 3) and unsubordinated obligations of the Bank and will rank *pari passu* with all present and future unsecured (subject as aforesaid) and unsubordinated obligations (including those arising under deposits received in its banking business) of the Bank, except for obligations given priority by law;
- (2) in the case of Dated Subordinated Notes, constitute direct, unsecured obligations of the Bank but, in the event of dissolution or liquidation of the Bank, subordinated in right of payment to the claims of depositors and other unsecured creditors of the Bank (other than creditors in respect of indebtedness which is subordinated to at least the same extent as the obligations of the Bank under its guarantee in respect of the Dated Subordinated Notes); and
- (3) in the case of Undated Subordinated Notes, constitute direct, unsecured obligations of the Bank which, to the extent permitted by Portuguese law, are subordinated to the claims of Senior Creditors of the Bank, in that payment under the Guarantee is conditional upon the Bank being solvent at the time of payment and that no such payment shall be made except to the extent that the Bank could make such payment and still be solvent immediately thereafter. For this purpose, the Bank shall be considered to be solvent if both (i) it is able to pay its

debts to the Senior Creditors of the Bank as they fall due and (ii) its Assets exceed its Liabilities to Senior Creditors of the Bank.

A report as to the solvency of the Bank by (a) two directors of the Bank or, if the directors have not reported to BES Finance within 14 days before any payment needs to be made pursuant to Condition 4(iii), the auditors of the Bank or (b) if the Bank is being wound up, its liquidator shall, in each case in the absence of manifest error, be treated and accepted by BES Finance, the Bank, the Trustee and the holders of Undated Subordinated Notes issued by BES Finance as correct and sufficient evidence thereof. For the purposes of Condition 4(iii):

- (A) “Assets” means the total consolidated gross assets of the Bank and “Liabilities” means the total consolidated gross liabilities of the Bank, all as shown by the latest published audited consolidated balance sheet of the Bank but adjusted for contingencies and for subsequent events in such manner and to such extent as such directors, auditors or liquidator, as the case may be, may determine to be appropriate; and
- (B) “Senior Creditors of the Bank” means creditors of the Bank who (x) are depositors or other unsubordinated creditors of the Bank or (y) are subordinated creditors of the Bank other than those whose claims rank *pari passu* with or junior to the claims of the holders of Undated Subordinated Notes and persons entitled to claim under the Guarantee in respect of such Notes.

The obligations of the Bank under the Guarantee in respect of Undated Subordinated Notes are conditional upon the Bank being solvent immediately before and after payment by the Bank. Any amount which might otherwise have been allocated in or towards payment by BES Finance of principal and interest in respect of the Undated Subordinated Notes will be available to meet the losses of the Bank. In the event of liquidation, bankruptcy or analogous proceedings of the Bank, no Noteholder (having a debt or a liability towards the Bank) may exercise any set-off or other similar rights against any amounts held by the Bank.

RISK FACTORS

Each of the Issuers and the Guarantor believes that the following factors may affect its ability to fulfil its obligations under Notes issued under the Programme. Most of these factors are contingencies which may or may not occur and neither Issuer nor the Guarantor is in a position to express a view on the likelihood of any such contingency occurring.

In addition, factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme are also described below.

Prospective investors should also read the detailed information set out elsewhere in this Prospectus and reach their own views prior to making any investment decision.

RISK FACTORS RELATING TO BES

1. Factors that may affect BES' ability to fulfil its obligations under Notes to be issued by BES under the Programme or guaranteed by BES under the Deed of Guarantee

1.1 Economic environment

As a financial group whose core business is banking (taking deposits and using them to grant loans) in Portugal, the state of the Portuguese economy affects the performance of the BES Group. For the year ended 31st December, 2010, approximately 60 per cent. of the Group's net income was derived from its activities in Portugal. Consequently, the BES Group is particularly exposed to macroeconomic and other factors that affect growth in the Portuguese market as well as to the credit risk of its Portuguese private and corporate banking customers. After constant economic growth during the years of 1995 – 2000, the rate of growth of the Portuguese economy started to slow down in 2000. This reduction was intensified by the simultaneous slowdown of the world economy. Following the start of the financial crisis in 2007, the crisis in both confidence and liquidity has led to a fall in demand in investment and production.

Following the failed attempt by the Portuguese government to enact measures to reduce its deficit that led to the resignation of the Prime Minister in March 2011, the Portuguese government requested financial assistance from the member states of the European Union (EU) through the European Financial Stability Facility ("EFSF") and the International Monetary Fund (IMF) in April 2011.

On 5th May, 2011, the Portuguese government, with the support of the main Portuguese political parties, agreed to a stabilisation programme, jointly supported by the IMF and the EU (the "Stabilisation Programme"). The Stabilisation Programme will provide significant financial support of €78 billion over the next three years in the form of a cooperative package of IMF and EU funding, including a €26 billion three-year loan under the IMF's extended fund facility at an interest rate based on the Special Drawing Rights rate published by the IMF (expected to be 3.25 per cent. for the first three years and 4.25 per cent. thereafter), with the remaining €52 billion in funding being provided by the EU at an interest rate expected to be between 5.5 per cent. and 6.0 per cent. On 10th May, 2011, the European Commission approved the Stabilisation Programme and, on 16th May, 2011, EU finance ministers approved the Stabilisation Programme. The funding will be subject to quarterly reviews of conditionality for the duration of the Stabilisation Programme.

As part of the Stabilisation Programme, the Portuguese government has committed to implement measures to decrease expenses and increase revenues that could potentially reduce the public sector deficit to below 5.9 per cent. of GDP in 2011, to below 4.5 per cent. of GDP in 2012 and to below 3.0 per cent. of GDP in 2013. In addition, the Stabilisation Programme is intended to put the government debt to GDP ratio on a downward path as of 2013, maintain fiscal consolidation over the medium-term up to a balanced budgetary position, notably by containing growth in expenditure and support competitiveness by means of a budget-neutral adjustment of the tax structure.

The Stabilisation Programme contains structural measures and policy guidelines designed to boost the country's competitiveness and improve Portugal's growth rates in the medium term with a view to

repaying the country's large debt burden. Specifically, the programme includes measures intended to, among other things:

- increase revenues, in part through the increase of tax rates for goods and services;
- improve the flexibility of the labour market;
- reduce the level of pensions for certain government employees; and
- improve the competitiveness of Portuguese goods and services.

Despite the implementation of the above measures and the Portuguese government's commitment to implement the Stabilisation Programme, there can be no guarantee regarding the extent to which the programme's fiscal targets will be met or the impact of the programme's austerity measures on economic activity. The implementation of structural reforms may meet considerable opposition from labour unions and the general public in Portugal, which could put pressure on the future Portuguese government's ability to meet the requirements of such measures. Also, any of the above measures, when enacted, could have a material adverse effect on the Portuguese economy, at least in the short term, which in turn could have a material adverse impact on the BES Group's business, financial condition or results of operation.

Once the programme is enacted, tensions relating to Portuguese public finances or negative financial contagion from events outside may continue to affect the liquidity and profitability of the financial system in Portugal, resulting in: lower market values for Portuguese government debt; limited liquidity for the Portuguese banking system and a reliance on external funding; increased competition for, and thus cost of, customer deposits; limited credit extension to customers; and a deterioration of credit quality.

A failure to successfully implement the provisions of the Stabilisation Programme and to attain its fiscal targets may lead to the termination of financial support from the IMF and the EU, which would create the conditions for a credit event with respect to Portugal's government debt.

Even if the Stabilisation Programme is successfully implemented, it is uncertain whether it will achieve the set targets. A failure of these measures may exacerbate current negative macroeconomic conditions in Portugal and may prolong the recession. In such a case, the market reaction may be negative and business activity may deteriorate, which may have a material adverse effect on the BES Group's business, financial condition and results of operations. Neither is it certain whether the success of the Stabilisation Programme will enable the Portuguese economy to grow sufficiently to ease Portugal's financing constraints. Any further significant deterioration of global economic conditions, including the credit profile of other EU countries, or the creditworthiness of Portuguese or international banks, or changes to the Eurozone, may give rise to concerns regarding the ability of Portugal to meet its funding needs.

Following the austerity measures implemented in Portugal in accordance with the Stabilisation Programme, the Portuguese government expects the Portuguese economy to shrink by 2.8 per cent. in 2012 so that it would remain in recession throughout 2012. The BES Group cannot predict with any certainty whether the Stabilisation Programme or other rescue plans will be successful, the effect that they may have on the euro currency or the European Monetary Union, or the effect that they may have on the BES Group's business, results of operations, cash flows and financial condition. Accordingly, the uncertainties resulting from the Republic of Portugal's economic crisis and the receipt and implementation of any assistance through the Stabilisation Programme, and related market reaction, have had, and may continue to have, a material adverse effect on the BES Group's business, results of operations and financial condition.

Since the start of 2011, the long-term debt ratings of the Republic of Portugal have been downgraded a number of times. In March 2011, Standard & Poor's downgraded the long-term debt rating of the Republic of Portugal to "BBB-", in April 2011, Fitch downgraded the long-term debt rating of the Republic of Portugal to "BBB-" and, in July 2011, Moody's downgraded the long-term debt rating of

the Republic of Portugal to “Ba2”. In October 2011, DBRS downgraded the Republic of Portugal’s long-term foreign and currency debt rating to BBB from BBB (high). Since then, a number of Portuguese banks have also been downgraded.

The downgrading of the long-term debt rating of the Republic of Portugal has been driven by the reluctance and delay that the Republic of Portugal has shown in resorting to external assistance. As a result, the Republic of Portugal has lost credibility regarding its public budget and debt consolidation, which have led the Republic of Portugal to experience difficulties in accessing external funding. The rating agencies’ future outlook for the Republic of Portugal is dependent on the effective implementation of the Stabilisation Programme in order to reduce the public deficit to 3.0 per cent. of GDP by 2013. Further deterioration in its public finances could lead to a further downgrade of the Republic of Portugal’s long-term credit rating. This would increase the cost of risk for the Republic of Portugal, with negative side effects on the cost of risk for Portuguese banks and their results. Any downgrade of the Republic of Portugal’s long-term debt rating to below “investment grade” level could impact on a Portuguese bank’s funding base, although such a risk could be mitigated if the ECB continues to consider Portuguese debt as eligible collateral for ECB liquidity purposes, in the same way as it did with Greece and Ireland. Either way, the downgrade of the long-term credit rating of the Republic of Portugal would result in increased haircuts to any eligible collateral and consequently a reduction in the pool of assets that might be considered eligible collateral.

Lately, the possibility of a Greek default and the contagion effect it may have on other EU economies such as Ireland, Portugal, Spain and Italy continues to create market instability. It is possible that the EU may fall back into recession at some time during the remaining months of 2011, which would exert additional pressure on the Portuguese economy. The prevailing economic conditions in the Portuguese market have led to a reduction in credit and a reduction in demand for financial products and services in the markets in general. Combined with a deterioration in the quality of financial assets available, these factors have had, and are expected to have, an adverse effect on the financial condition and results of the BES Group.

To a lesser extent, BES’s performance, results of operations and financial condition are also affected by the economic conditions and levels of economic activity in countries outside of the EU where the BES Group operates, such as Brazil and Angola. Consequently a protracted global economic decline could reduce the overall level of economic activity in the market, thereby reducing the BES Group’s ability to collect deposits and forcing it to satisfy its liquidity requirements by resorting to the more expensive capital markets.

1.2 *Financial system*

The performance of the BES Group is generally influenced by conditions in the global financial markets and the macroeconomic context of the countries in which it operates. In particular, the global financial system has operated under difficult conditions since August 2007 and the financial markets have had particularly negative performances after the declarations of insolvency of several international financial institutions since September 2008. This situation has caused disruptions in the financial markets worldwide, without precedent, in relation to liquidity and funding in the international banking system. Furthermore, this situation has put significant pressure on the core business of many investment banks, commercial banks, and insurance companies worldwide. In response to the instability and lack of liquidity in the market, some countries, including some members of the EU and the United States of America have intervened by injecting liquidity and capital into the system with the goal of stabilising these financial markets and, in some cases, preventing the insolvency of certain financial institutions.

Despite these measures, volatility in the capital markets has continued at an extraordinary level compared to the past. The potential impact of the sovereign risk crisis has exacerbated investors’ fears and created a cloud of uncertainty with respect to the European financial sector, particularly with respect to the economies in the periphery of the Eurozone. These developments have created an unfavourable environment for banking activity generally. The current economic environment creates

challenges for the BES Group, and may adversely affect its business, financial condition and results of operations in the following ways:

- The circumstances mentioned above have caused a general slowdown in the business of the BES Group, an increase in its funding costs (both wholesale and retail) and a reduction in its share prices and asset values. If these circumstances worsen further, there could be additional negative consequences for the BES Group. Any worsening of the current economic climate could jeopardise the BES Group's strategy and impact on its ability to meet the needs of its clients and adversely affect its profitability.
- The BES Group is exposed to potential losses if certain financial institutions, or other counterparties to the BES Group, become insolvent or are not able to meet their financial obligations to the BES Group. Moreover, the performance of the BES Group may be influenced by an inability to recover the value of its own assets at percentage levels consistent with its own historical recovery estimates, particularly as such estimates could prove to be inaccurate in light of the unprecedented turbulence in the markets.
- Numerous banks worldwide have been and are being supported in part by various "rescue plans" and other types of support by their home country governments. The BES Group is

Numerous banks worldwide have been and are being supported in part by various "rescue plans" and other types of support by their home country governments. The BES Group is uncertain as to how much longer governmental support will be needed to keep these banks solvent and whether governments will have the means or the political will to continue this support. Any failure of government support to continue could result in more bank failures and heightened lack of confidence in the global banking system, thus increasing the challenges faced by BES and other financial institutions.

- In addition, external intervention from the EU and the IMF might involve a reorganisation of the Portuguese banks. Whilst this may erode their deposit base and negatively impact upon their financing needs, it might also provide the conditions necessary to ensure that Portuguese banks have access to regular funding during the Stabilisation Programme (although the funding requirements originally anticipated may not be enough). This external intervention might also require Portuguese banks to comply with regulatory capital ratios that result in the recapitalisation of Portuguese banks. The Bank of Portugal has already implemented higher minimum core tier 1 ratios for Portuguese banks in December 2011 and December 2012 to 9 per cent. and 10 per cent. respectively. There might also be difficulties in resuming the market's financing when the Stabilisation Programme has finished.

Uncertainty remains high for the remainder of 2011 and is likely to carry on into 2012, with signs of slowdown being apparent as national governments start to withdraw the financial stimuli that they introduced in the past as a response to the economic crisis. Job creation continues to be moderate in developed countries and the high levels of inflation in developing countries has led to their central banks maintaining high interest rates as a counter-measure.

In general, developments relating to the current economic conditions and unfavourable financial environment, including those potential developments outlined above, could have a material adverse effect on the BES Group's business, financial condition and results of operations.

1.3 *Banking markets*

Structural changes in the Portuguese economy over the past several years have significantly increased competition in the Portuguese banking sector. These changes principally relate to the privatisation of several sectors of the economy, including banking and insurance, as well as to the integration of the Portuguese economy into the European Union and the introduction of the euro.

The BES Group' faces intense competition in all of its areas of operation (including, among others, banking, investment banking, specialised credit and asset management). The BES Group's

competitors in the Portuguese markets are Portuguese commercial banks, savings and investment banks and foreign banks. Over the last years, mergers and acquisitions involving the largest Portuguese banks have resulted in a significant concentration of market shares, a process which may continue. Competition has increased further with the emergence of non-traditional distribution channels, such as internet and telephone banking. The BES Group's principal competitors in the banking sector (ranking in terms of assets as of 31st December, 2010) are Caixa Geral de Depósitos, Millennium BCP, Santander Totta and BPI.

Competition in the Portuguese market can have an adverse effect on the activities of BES Group. The competition is affected by consumer demand, technological changes, impact of consolidation, regulatory actions and other factors. If the BES Group is unable to provide attractive product and service offerings that are profitable, it may lose market share or incur losses on some or all activities.

Although BES believes that it is in a strong position to continue to compete in the Portuguese market, there is no assurance that it will be able to compete effectively in the markets in which it operates, or that it will be able to maintain or increase the level of its results of operations.

1.4 *The BES Group is exposed to adverse political, governmental or economic developments related to its international expansion*

The BES Group continues to pursue its international strategy, with particular emphasis on expanding its market position in Spain, Brazil, Angola, Mozambique and Libya and continuing to capitalise on its established positions in France, Luxembourg, the United Kingdom, the United States and Macao. BES gives no assurance that it will be successful in Spain, Brazil, Angola or any of the other international markets where it operates. The BES Group's international operations are exposed to the risk of adverse political, governmental or economic developments in the countries in which it operates. These factors could have a material adverse effect on the BES Group's financial condition and results of operations. As of 30 September 2011, the BES Group's international operations generated a net income of €137.8 million and accounted for 95 per cent. of the BES Group's net income.

1.5 *Soundness of other financial institutions*

BES is exposed to many different counterparties in the normal course of its business; hence its exposure to counterparties in the financial services industry is significant. This exposure can arise through trading, lending, deposit-taking, clearance and settlement and numerous other activities and relationships. These counterparties include institutional clients, brokers and dealers, commercial banks, investment banks and mutuals. Many of these relationships expose BES to credit risk in the event of default of a counterparty or client. In addition, BES's credit risk may be exacerbated when the collateral it holds cannot be realised at, or is liquidated at prices not sufficient to recover, the full amount of the loan or derivative exposure it is due to cover, which could in turn affect BES' ability to meet its payments under the Notes. Many of the hedging and other risk management strategies utilised by BES also involve transactions with financial services counterparties. The insolvency of these counterparties may impair the effectiveness of BES' hedging and other risk management strategies, which could in turn affect BES' ability to meet its payments under the Notes and may have a material adverse effect on the each of BES's financial condition and results of operations.

1.6 *Interest Rate Risk*

The BES Group is subject to the risks typical of banking activities, such as interest rate fluctuations. Interest rate risk may be defined as the impact on shareholders' equity or on net interest income due to an adverse change in market interest rates. As is the case with other banks in Portugal, the BES Group, and especially its banking and corporate operations segment, is particularly exposed to differentials between the interest rates payable by it on deposits and the interest rates that it is able to charge on loans to customers and other banks. This exposure stems from the fact that, in the Portuguese market, loans typically have variable interest rates, whereas the interest rates applicable to

deposits are usually fixed for periods that may vary between three months and three years. As a result, Portuguese banks, including the BES Group, frequently experience difficulties in adjusting the interest rates that they pay for deposits in line with market interest rate changes. This trend is reinforced by intense competition in the sector. The current low interest rate environment puts pressure on a bank's deposit spread.

Interest rate risk is monitored by the Assets and Liabilities Committee ("ALCO"), namely through the monitoring of net interest income and using repricing tables. BES Group's exposure to interest rate risk is calculated based on Bank of International Settlements ("BIS") methodology, classifying all Assets, Liabilities and off balance sheet items, excluding those from trading sources, by repricing schedules.

If the BES Group is unable to adjust interest on deposits in line with the changes in market interest rates on loans, or if the monitoring procedures are unable to adequately manage interest rate risk, its interest income could rise less or decline more than its interest expense, in which case the BES Group's results could be negatively affected.

1.7 *Credit risk*

Risks arising from changes in credit quality and the repayment of loans and amounts due from borrowers and counterparties are inherent in a wide range of BES' business. Adverse changes in the credit quality of BES' borrowers and counterparties, a general deterioration in Portuguese or global economic conditions, or increased systemic risks in financial systems, could affect the recovery and value of BES' assets and require an increase in provision for bad and doubtful debts and other provisions.

The BES Group faces the risk of its borrowers and counterparties being unable to fulfill their payment obligations towards the BES Group. While the BES Group analyses its exposure to such borrowers and counterparties on a regular basis, as well as its exposure to certain economic sectors and regions which the BES Group believes to be particularly critical, payment defaults may result from circumstances which are unforeseeable or difficult to predict. In addition, the security and collateral provided to the BES Group may be insufficient to cover its exposure, for instance, as a result of sudden depreciations in the market which dramatically reduce the value of collateral. As such, in case borrowers or other material counterparties fail to comply with their payment obligations to the BES Group, this would have a material adverse effect on each of the BES Group's financial condition and results of operations.

The BES Group is strongly dedicated to the management of credit risks and to the analysis of credit transactions. Credit portfolio management is an ongoing process that requires interaction between the various teams responsible for the management of risk during the consecutive stages of the credit process, with the purpose of improving risk control methodologies, risk assessment and control tools, as well as in procedures and decision circuits. The Bank uses two major internal rating systems according to their specific characteristics, which are the Internal Rating Models for Corporate Credit Portfolios and the Internal Scoring for Retail Clients' Credit Portfolios. The first is designed for large companies or institutional clients and credit ratings are assigned by a rating desk, which is organised into specialized teams, which use expert-based systems that include quantitative and qualitative variables linked to the industry sector. As per the Internal Scoring for Retail Clients' Credit Portfolios and specifically in the context of the main products available to individual clients — mortgage loans, consumer loans, credit cards, overdrafts and loan — accounts the ratings are calibrated to a probability of default within one year. The models' predictive capacity is subject to regular monitoring and the BES Group also regularly monitors other parameters required for risk quantification and management, namely losses at default and exposure at default figures ("LGD" and "EAD"). Nevertheless, the provisions regarding future credit losses may prove to be inaccurate for a number of reasons. Factors such as unexpected deterioration of global economic conditions, unexpected political events or a general lack of liquidity in economy may result in credit losses which exceed the amount of provisions of the BES Group or the maximum expected losses planned through the risk management procedures.

To the extent that the BES Group transactions are mainly located in Portugal, the Bank is particularly exposed to the risk of a general economic contraction or to another event affecting default rates in Portugal.

If the economic environment continues to weaken, unemployment continues to increase and interest rates start to rise sharply, the financial condition of the BES Group's customers and their ability to repay their loans may have a significant adverse effect on each of the BES Group's financial condition and results of operations.

In addition, an increase in the BES Group's provisions for losses resulting from defaulted loans or possible losses which exceed the amount of such provisions may have a significant adverse effect on each of the BES Group's financial condition and results of operations.

1.8 *Operational Risk*

Operational risk represents the risk of losses or of a negative impact on the relationship with clients or other stakeholders resulting from inadequate or negligent application of internal procedures, or from people behaviour, information systems, or external events. Operational risk also includes the business/strategic risk, i.e., the risk of losses through fluctuations in volume/business/earnings/prices or costs.

Legal risk is also included in the above definition. Legal risk represents the risk of losses arising from non-compliance with the regulations in force (due to inadequate document retention, failure to change processes as required by new legislation and/or differences in the interpretation of the law) or resulting from legal action.

The BES Group is subject to certain operational risks, including interruption of service, errors, fraud by third parties (including large-scale organised frauds, as a result of the BES Group's financial operations), breach or delays in providing services and in complying with risk management requirements. The BES Group continually monitors these risks by means of, among other things, advanced administrative and information systems and insurance coverage in respect of certain operational risks.

To manage operational risk, BES Group implemented a system that standardises, systematises and regulates the frequency of actions viewing the identification, monitoring, control and mitigation of risk.

These processes are part of a management model comprising two broad areas: the first concerns the collection and treatment of information, using tools that facilitate the identification and monitoring of risk; and the second uses the information that has been duly processed for the efficient management of risk, monitoring the more critical situations and implementing the risk management strategy. These two broad areas are coordinated through reporting to senior management and the monitoring of the mitigation measures determined.

However, the BES Group may be unable to successfully monitor, manage or prevent these risks in the future. Any failure to successfully execute the BES Group's risk management and control policies could have a material adverse effect on the BES Group's financial condition and results of operations.

1.9 *Liquidity Risk*

The liquidity risk arises from present or future inability to pay liabilities as they mature without resulting in exaggerated losses. Banks, by virtue of their business of providing long-term loans and receiving short-term deposits, are subject to liquidity risk. In recent years most banks have increasingly resorted to obtaining funds from market sources instead of from their traditional sources (retail deposits), especially in countries where savings are typically scarce due to economic stagnation, as is the case in Portugal. It is therefore important for banks to maintain a prudent and sound management of their liquidity risk, particularly in times of market turmoil.

The access to the financial markets has been limited since the disruption of the credit markets in 2007. Funding in the interbank markets or the capital markets has been made in difficult conditions, especially since 2010 for banks from the periphery economies. Considering the inability to access the market, for short or medium long-term funding, the liquidity operations with the ECB are very important. The ECB establishes the valuation and the eligibility criteria for collateral assets to be used on repo transactions with financial institutions. Changes to these valuations or the eligibility criteria can have a negative impact on the amount of available assets for that purpose, and reduce the liquidity lines available from the ECB.

Although the BES Group puts great effort in liquidity risk management, which is centralised in its Financial Department, focusing on maintaining surplus liquidity in the short term, the BES Group is exposed to the general risk of liquidity shortfalls and cannot ensure that the mechanisms in place to manage such risks will be suitable to eliminate liquidity risk.

1.10 *Market Risk*

The BES Group faces the risk of possible losses resulting from an adverse change in the value of financial instruments due to fluctuations in interest rates, foreign exchange rates, share prices or commodities prices.

The BES Group employs market risk management strategies and market risk management is integrated with balance sheet management through the ALCO. This committee is responsible for defining policies for the structuring and composition of the balance sheet, and for the control of exposures to interest rate, foreign exchange and liquidity risk.

The main measure of market risk is the assessment of potential losses under adverse market conditions, for which the Value at Risk (“VaR”) valuation criteria is used. The BES Group’s VaR model uses the Monte Carlo simulation, based on a confidence level of 99 per cent. and an investment period of 10 days. Volatilities and correlations are historical, based on an observation period of one year.

To improve on the VaR assessment, other initiatives have also been developed, such as back testing, which consists of comparing the losses foreseen by the VaR model with actual losses.

Although these exercises permit to fine-tune the model and improve its predictive capabilities, along with stress testing which has also been developed in order to permit to assess the impact of higher potential losses than those considered using VaR valuation, the BES Group will be subject to losses whenever these procedures are insufficient to adequately manage the risk of possible losses resulting from adverse changes in the value of financial instruments.

The BES Group currently engages in various treasury activities for its own account, including placing euro and foreign currency-denominated deposits in the inter-bank market and trading in the primary and secondary markets for government securities. Proprietary trading includes taking positions in the fixed income and equity markets using both cash and derivative products and financial instruments. Although the BES Group’s level of engagement in such activities is limited, proprietary trading involves a degree of risk. Future proprietary trading results will in part depend on market conditions and the BES Group could incur significant losses, which could adversely affect its financial condition and results of operations.

1.11 *Regulation*

The BES Group operates in a highly regulated industry. The BES Group’s banking activities are subject to extensive regulation by, among others, the European Central Bank, the Bank of Portugal (*Banco de Portugal*) and the Portuguese Securities Commission (*Comissão do Mercado de Valores Mobiliários*), who have broad administrative powers over many aspects of the financial services business, which may include liquidity, capital adequacy and permitted investments, ethical issues, money laundering, privacy, securities (including debt instruments) issuance and offering/placement,

financial intermediation issues, record-keeping, marketing and selling practices. These various regulations can significantly increase the cost structure of a bank and limit its possibilities for increasing its income. Specific examples where regulation can impact the conduct of the BES Group's business include the following:

- Currently, the minimum cash requirement applicable to Portuguese banks is fixed at 2 per cent. of the total amount of deposits. An increase in the minimum cash reserves or a decline in the rate accrued on those cash reserves would have an adverse impact on the BES Group's net income.
- Portuguese banks are required to maintain a core tier 1 solvency ratio of at least 8 per cent. and the Bank of Portugal has agreed to direct all the banks in Portugal to maintain a core tier 1 solvency ratio of at least 9 per cent. by 31 December 2011 and of 10 per cent. by 31 December 2012 under the Stabilisation Programme. At 30 September 2011, the solvency ratio of the BES Group was 10.6 per cent. (with its tier 1 ratio and core tier 1 ratio standing respectively at 9.0 per cent. and 8.1 per cent.). The capital adequacy requirements applicable to the BES Group limit its ability to advance loans to customers and may require it to issue additional equity capital or subordinated debt in the future, which are expensive sources of funds. Furthermore, capital adequacy ratios such as those mandated by Basel II have a "procyclical" effect, meaning that in difficult credit environments such as at present, a bank may find its capital ratios decreased at precisely the time that the economy is most in need of increased financing activity. Thus, as a result of this "procyclical" effect, capital adequacy requirements intended to ensure the health of banks can in fact exacerbate the effect of an economic downturn, further adding to the strain on the banking system.
- The Bank of Portugal has established minimum provisioning requirements regarding current loans, non-performing loans, overdue loans, impairment for securities and equity holdings, sovereign risk and other contingencies. Therefore, any change in these requirements could have an adverse impact on the BES Group's financial condition and results of operations.
- The Basel Committee has issued proposals for reform of the 1988 Capital Accord and has proposed a framework which places enhanced emphasis on market discipline and sensitivity to risk. At an EU level, the aforementioned revised framework has been addressed in Directives 2006/48/EC and 2006/49/EC both from the European Parliament and the Council and both dated 14th June, 2006. Directive 2006/48/CE was then implemented in Portugal through Decree-Law no. 104/2007 dated 3rd April, 2007. Further proposals have been put forward and agreed within the Basel Committee in light of the developments in the financial markets over the past years. The BES Group cannot predict the precise effects of the new requirements on both its own financial performance or the impact on the pricing of Notes issued under the Programme. Potential investors in the Notes should consult their own advisers as to the consequences for them of the enactment of this new framework.
- The Basel Committee on Banking Supervision announced recently a substantial strengthening of existing capital rules, particularly as a result of the capital structure weaknesses demonstrated by the banking sector during the recent financial crisis. The new bank capital rules will be applicable from 1st January, 2013 and may have a significant impact on the ongoing activities and on the capital structure of the BES Group. The Committee's package of reforms will increase the minimum common equity requirement from 2 per cent. to 4.5 per cent. In addition, banks will be required to hold a capital conservation buffer of 2.5 per cent. to withstand future periods of stress bringing the total common equity requirements to 7 per cent.

The regulatory laws governing the activity of the BES Group may change at any time in ways which may have an adverse effect on its business. Furthermore, the BES Group cannot predict the timing or form of any future regulatory initiatives. Changes in existing regulatory laws may materially affect the way in which the BES Group conducts its business, the products and services it may offer and the value of its assets.

In addition, the Stabilisation Programme also establishes key leverage reforms and specific medium-term funding plans. This increase in supervision from the Bank of Portugal could increase costs and force the BES Group to dispose of its assets under unfavourable conditions. The BES Group could also be adversely affected if the requirements for public recapitalisation are implemented in accordance with the Stabilisation Programme.

1.12 *Risks associated with the implementation of its risk management policies.*

The BES Group is exposed to a number of risks, including, among others, market risk, credit risk, liquidity risk and operational risk. Although BES has implemented risk management policies for each of the risks that it is exposed to, taking into account worst case scenarios, the policies and procedures it employs to identify, monitor and manage these risks may not be fully effective.

1.13 *Risks associated with the increasing use of sophisticated IT systems*

Banking activities are highly dependent on sophisticated IT systems. IT Systems are vulnerable to a number of problems, such as software and hardware flaws, criminal intrusion, physical damage to IT vital components and informatics viruses. The harmonization of BES Group's IT Systems aimed at creating a consistent IT architecture poses a great challenge. IT systems require frequent updates in order to cope with the constant changes in business as well as the increasing regulatory requirements and to cope with the development rhythm of the current transaction of the BES Group in the domestic market and abroad. The BES Group may be unable to implement the necessary updates on time and such updates may not result as previously planned.

Besides the costs which may be incurred as a result of the potential failure of its IT systems the BES Group may become subject to fines applied by regulatory entities in the banking sector in case its IT systems do not enable the BES Group to adequately comply with banking regulations or with reporting requirements. As a result, any significant interruption in the IT systems in place can have an extremely adverse effect in the activities, the results and the financial condition of the BES Group.

1.14 *Risks associated with the ability to maintain the Bank's client portfolio*

The success of the BES Group is largely dependent on its ability to maintain its clients portfolio and to provide them with a diversified range of competitive and high quality products as well as high service levels. The BES Group seeks to achieve these goals through the segmentation of its distribution network, and as a way to better serve the needs the different clients' segments and also by cross selling products and services of its subsidiaries.

The potential inability of BES to maintain its client portfolio or to offer its clients a wide range of competitive and high quality products or high levels of service could have an adverse effect in the financial situation and the results of the BES Group.

1.15 *Risks associated with market transactions on the Bank's own portfolio*

The BES Group performs transactions in the market using its own portfolio, which includes the entering into interest rate derivative instruments, credit, equity markets and currency rates, as well as the sale and purchase of bonds and shares issued in the domestic and in the international markets and the performance of transactions in the primary and secondary public debt markets.

The VaR associated with transaction portfolios was as of 30 September 2011 approximately €21.83 million (compared to €22.4 million on 31st December, 2010).

While BES' involvement in these activities is limited, transactions on its own portfolio involve a certain degree of risk. The future results of such transactions will mainly depend on market conditions, and the BES Group may incur significant losses which may negatively affect its financial condition and results.

1.16 *Risks relating to BES's shareholding and corporate structure*

The major shareholders of BES hold, directly or indirectly, approximately a 54.28 per cent. of the voting rights of BES and have the ability to exercise significant influence over or determine the outcome of certain shareholder actions.

Crédit Agricole, the second largest shareholder of BES, with a holding of 10.81 per cent., is ESFG's strategic partner (the largest shareholder, with 43.47 per cent. of voting rights) in banking and insurance and holds five seats on the Board of Directors of BES, with one of these members also on the Executive Committee.

RISK FACTORS RELATING TO BES FINANCE

2. Factors that may affect BES Finance's ability to fulfil its obligations under the Notes issued under the Programme

BES Finance Ltd is a funding vehicle of the BES Group. As such it raises funds to BES by way of intragroup loans. In the event that BES fails to make a payment under an intra-group loan, BES Finance may not be able to meet its payment obligations under the issued Notes.

RISK FACTORS RELATING TO THE NOTES ISSUED UNDER THE PROGRAMME

3. Factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme

3.1 *The Notes may not be a suitable investment for all investors*

Each potential investor in the Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- (i) have sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of investing in the Notes and the information contained or incorporated by reference in this Prospectus or any applicable supplement to this Prospectus;
- (ii) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Notes and the impact the Notes will have on its overall investment portfolio;
- (iii) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes, including Notes with principal or interest payable in one or more currencies, or where the currency for principal or interest payments is different from the potential investor's currency;
- (iv) understand thoroughly the terms of the Notes and be familiar with the behaviour of any relevant indices and financial markets; and
- (v) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

Some Notes are complex financial instruments. Sophisticated institutional investors generally do not purchase complex financial instruments as stand-alone investments. They purchase complex financial instruments as a way to reduce risk or enhance yield with an understood, measured, appropriate addition of risk to their overall portfolios. A potential investor should not invest in Notes which are complex financial instruments unless it has the expertise (either alone or with a financial adviser) to evaluate how the Notes will perform under changing conditions, the resulting effects on the value of the Notes and the impact this investment will have on the potential investor's overall investment portfolio.

3.2 *Risks related to the structure of a particular issue of Notes*

A wide range of Notes may be issued under the Programme. A number of these Notes may have features which contain particular risks for potential investors. Set out below is a description of the most common such features:

Notes subject to optional redemption by the Issuer

An optional redemption feature of Notes is likely to limit their market value. During any period when the Issuer may elect to redeem Notes, the market value of those Notes generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period.

The Issuer may be expected to redeem Notes when its cost of borrowing is lower than the interest rate on the Notes. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time.

Index Linked Notes and Dual Currency Notes

The Issuer may issue Notes with principal or interest determined by reference to an index or formula, to changes in the prices of securities or commodities, to movements in currency exchange rates or other factors (each, a “Relevant Factor”). In addition, the Issuer may issue Notes with principal or interest payable in one or more currencies which may be different from the currency in which the Notes are denominated. Potential investors should be aware that:

- (i) the market price of such Notes may be volatile;
- (ii) they may receive no interest;
- (iii) payment of principal or interest may occur at a different time or in a different currency than expected;
- (iv) they may lose all or a substantial portion of their principal;
- (v) a Relevant Factor may be subject to significant fluctuations that may not correlate with changes in interest rates, currencies or other indices;
- (vi) if a Relevant Factor is applied to Notes in conjunction with a multiplier greater than one or contains some other leverage factor, the effect of changes in the Relevant Factor on principal or interest payable likely will be magnified; and
- (vii) the timing of changes in a Relevant Factor may affect the actual yield to investors, even if the average level is consistent with their expectations. In general, the earlier the change in the Relevant Factor, the greater the effect on yield.

The historical experience of an index should not be viewed as an indication of the future performance of such index during the term of any Index Linked Notes. Accordingly, each potential investor should consult its own financial and legal advisers about the risk entailed by an investment in any Index Linked Notes and the suitability of such Notes in light of its particular circumstances.

Partly-paid Notes

The Issuer may issue Notes where the issue price is payable in more than one instalment. Failure to pay any subsequent instalment could result in an investor losing all of his investment.

Variable rate Notes with a multiplier or other leverage factor

Notes with variable interest rates can be volatile investments. If they are structured to include multipliers or other leverage factors, or caps or floors, or any combination of those features or other similar related features, their market values may be even more volatile than those for securities that do not include those features.

Inverse Floating Rate Notes

Inverse Floating Rate Notes have an interest rate equal to a fixed rate minus a rate based upon a reference rate such as LIBOR. The market values of those Notes typically are more volatile than market values of other conventional floating rate debt securities based on the same reference rate (and with otherwise comparable terms). Inverse Floating Rate Notes are more volatile because an increase in the reference rate not only decreases the interest rate of the Notes, but may also reflect an increase in prevailing interest rates, which further adversely affects the market value of these Notes.

Fixed/Floating Rate Notes

Fixed/Floating Rate Notes may bear interest at a rate that converts from a fixed rate to a floating rate, or from a floating rate to a fixed rate. Where the Issuer has the right to effect such a conversion, this will affect the secondary market and the market value of the Notes since the Issuer may be expected to convert the rate when it is likely to produce a lower overall cost of borrowing. If the Issuer converts from a fixed rate to a floating rate in such circumstances, the spread on the Fixed/Floating Rate Notes may be less favourable than then prevailing spreads on comparable Floating Rate Notes tied to the same reference rate. In addition, the new floating rate at any time may be lower than the rates on other Notes. If the Issuer converts from a floating rate to a fixed rate in such circumstances, the fixed rate may be lower than then prevailing rates on its Notes.

Notes issued at a substantial discount or premium

The market values of securities issued at a substantial discount or premium from their principal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing securities. Generally, the longer the remaining term of the securities, the greater the price volatility as compared to conventional interest-bearing securities with comparable maturities.

The Issuer's obligations under Subordinated Notes are subordinated

The Issuer's obligations under Subordinated Notes will be unsecured and subordinated and will rank junior in priority of payment to its obligations to Senior Creditors. "Senior Creditors" means creditors of the Issuer or, as the case may be, the Bank who (x) are depositors or other unsubordinated creditors of the Issuer or, as the case may be, the Bank or (y) are subordinated creditors of the Issuer or, as the case may be, the Bank other than those whose claims rank *par passu* with or junior to the claims of the holders of Subordinated Notes or (in respect of the Bank) persons entitled to claim under the Guarantee in respect of such Notes. Although Subordinated Notes may pay a higher rate of interest than comparable Notes which are not subordinated, there is a real risk that an investor in Subordinated Notes will lose all or some of his investment should the Issuer become insolvent.

Under certain conditions, interest payments under Undated Subordinated Notes may be deferred

If on any Interest Payment Date in relation to which no dividend or other distribution has been declared, paid or made on any class of the stock or share capital of the Issuer or, where the Issuer is BES Finance, the Bank in the immediately preceding interest period, then the Issuer may defer the payment of interest on the Undated Subordinated Notes.

In no event will holders of Undated Subordinated Notes be able to accelerate the maturity of their Undated Subordinated Notes; such holders will have claims only for amounts then due and payable

on their Undated Subordinated Notes. After the Issuer has fully paid all deferred interest on any issue of Undated Subordinated Notes and if that issue of Undated Subordinated Notes remains outstanding, future interest payments on that issue of Undated Subordinated Notes will be subject to further deferral as described above.

Any deferral of interest payments will likely have an adverse effect on the market price of the Undated Subordinated Notes. In addition, as a result of the interest deferral provision of the Undated Subordinated Notes, the market price of the Undated Subordinated Notes may be more volatile than the market prices of other debt securities on which original issue discount or interest accrues that are not subject to such deferrals and may be more sensitive generally to adverse changes in the Issuer's financial condition.

Credit Linked Notes

General risks relating to Credit Linked Notes

The Issuer may issue Notes ("Credit Linked Notes") (i) where the amount payable on redemption is dependent upon whether one or more specified events ("Credit Events") have occurred in respect of one or more Reference Entity/Entities and, if so, on the value of certain specified obligations of such Reference Entity/Entities or (ii) where, if a Credit Event has occurred, the Issuer's obligation on redemption is to deliver certain specified obligations of the relevant Reference Entity/Entities.

Prospective investors in any such Credit Linked Notes should be aware that depending on the terms of the Credit Linked Notes (i) they assume credit risk in relation to all specified Reference Entities and related obligations of those Reference Entities, (ii) they may receive no or a limited amount of interest, (iii) (A) the payment of the redemption amount or interest or (B) the delivery of any specified obligations may occur at a different time than expected and (iv) they may lose all or a substantial portion of their investment.

Cash Settlement

The market price of Credit Linked Notes may be volatile and will be affected by, amongst other things, the time remaining to the redemption date or settlement date, as applicable, prevailing credit spreads and the creditworthiness of the Reference Entity/Entities which in turn may be affected by the economic, financial and political events in one or more jurisdictions. In addition investors will be exposed to market conditions and price risk in relation to the determination of the Final Price or Auction Final Price in the case of cash settled Credit Linked Notes. This will directly affect the return to investors following a Credit Event. In extreme circumstances, such as prevailed in certain securities markets following the insolvency of Lehman Brothers, market participants may not be willing to bid or to provide quotes for a considerable period of time. As a result, the market price determined for a given obligation – even for obligations that are fully performing – may be zero, in which case investors will risk losing 100 per cent. of their investment. Unless the Final Terms provide otherwise, it will not be relevant to determining the Final Price or the Auction Final Price that extreme circumstances may be affecting the market as a whole or that the market price of a security or obligation may recover at a future date after the Final Price or the Auction Final Price has been determined. In certain circumstances the Issuer may select obligations of the Reference Entity/Entities in respect of which a Credit Event has occurred and in this case will be entitled to select Reference Obligations of a lower value than other possible Reference Obligations. This will have the effect of reducing the return on the Notes.

Physical Settlement

Where the Credit Linked Notes provide for physical delivery, the Issuer may determine that the specified obligations to be delivered are either (a) obligations which for any reason (including, without limitation, failure of the relevant clearance system or due to any law, regulation, court order or market conditions or the failure to obtain any requisite consents with respect to the delivery of obligations which are loans) it is impossible or illegal to deliver on the specified settlement date or (b) obligations

of the relevant Reference Entity which the Issuer and/or any of its Affiliates has not received under the terms of any transaction and/or trading position entered into by the Issuer and/or any of its Affiliates to hedge the Issuer's obligations in respect of the Credit Linked Notes. Any such determination may delay settlement in respect of the Credit Linked Notes and/or cause the obligation to deliver such specified obligations to be replaced by an obligation to pay a cash amount which, in either case, may affect the value of the Credit Linked Notes and, in the case of payment of a cash amount, will affect the timing of the valuation of such Credit Linked Notes and, as a result, the amount payable on redemption. Prospective investors should review the "Terms and Conditions of the Notes (other than Undated Deeply Subordinated Notes)" and the applicable Final Terms to ascertain whether and how such provisions may apply to the Credit Linked Notes.

The Issuer, the Guarantor, the Dealer(s) or any of their respective Affiliates may have acquired, or during the term of the Credit Linked Notes may acquire, non-public information with respect to the Reference Entity/Entities that they may not disclose. Prospective investors must therefore make an investment decision based upon their own due diligence and purchase the Credit Linked Notes in the knowledge that non-public information which the Issuer, the Guarantor, the Dealer(s) or any of their respective Affiliates may have will not be disclosed to investors. None of the Issuer, the Guarantor, the Dealer(s) and any of their respective Affiliates is under any obligation (i) to review on the Noteholders' behalf, the business, financial conditions, prospects, creditworthiness, status or affairs of the Reference Entity/Entities or conduct any investigation or due diligence into the Reference Entity/Entities or (ii) other than as may be required by applicable rules and regulations relating to the Credit Linked Notes, to make available (a) any information relating to the Credit Linked Notes or (b) any non-public information they may possess in respect of the Reference Entity/Entities.

In the case of Physical Delivery, where the Reference Obligation is a loan, in order for the Delivery of the loan (or an interest in the loan) to be effected, the Reference Obligation must be capable of being transferred to the Noteholders in accordance with its terms and the Noteholders must have the capacity to hold such loan (or loan interest).

The Issuer's obligations in respect of Credit Linked Notes are irrespective of the existence or amount of the Issuer's and/or any of its Affiliates' credit exposure to a Reference Entity and the Issuer and/or any of its Affiliates need not suffer any loss nor provide evidence of any loss as a result of the occurrence of a Credit Event.

2003 ISDA Credit Derivatives Definitions

While there are many similarities between the terms used in this Prospectus (in particular, in Condition 24 of the "Terms and Conditions of the Notes (other than Undated Deeply Subordinated Notes)") and the terms used in the 2003 ISDA Credit Derivative Definitions, as supplemented from time to time, (the "Credit Derivative Definitions"), there are a number of differences. In particular, the Issuer and the Guarantor have determined that certain provisions of the Credit Derivatives Definitions, which are intended for use by market participants in "over the counter" transactions, require amendment when incorporated in the terms of an offering of securities such as the Credit Linked Notes. Therefore, a prospective investor should understand that the complete terms and conditions of the Credit Linked Notes are as set out in this Prospectus and the applicable Final Terms and that the Credit Derivative Definitions are not incorporated by reference herein. Consequently, investing in Credit Linked Notes is not necessarily equivalent to investing in a credit default swap that incorporates the Credit Derivatives Definitions.

While ISDA has published and supplemented the Credit Derivatives Definitions in order to facilitate transactions and promote uniformity in the credit derivatives market, the credit derivatives market has evolved over time and is expected to continue to change. Consequently, the Credit Derivatives Definitions and the terms applied to credit derivatives, including Credit Linked Notes, are subject to further evolution. Past events have shown that the views of market participants may differ as to how the Credit Derivatives Definitions operate or should operate. As a result of the continued evolution in

the market, the Credit Linked Notes may not conform to future market standards. Such a result may have a negative impact on the Credit Linked Notes.

There can be no assurances that changes to the terms applicable to credit derivatives generally will be predicable or favourable to the Issuer, the Guarantor or the Noteholders. Future amendments or supplements to the terms applicable to credit derivatives generally will only apply to Credit Linked Notes that have already been issued if the Issuer and the Noteholders agree to amend such Credit Linked Notes to incorporate such amendments or supplements and other conditions to amending the Credit Linked Notes have been met.

Risks relating to Physical Settlement

In the case of Physical Settlement, the Issuer, pursuant to Condition 24(d) of the “Terms and Conditions of the Notes (other than Undated Deeply Subordinated Notes)”, shall be entitled to select any of the Deliverable Obligations to constitute the Asset Amount, irrespective of their market value. In order to maximise the value of the credit protection it has purchased under a Credit Linked Note, the Issuer is likely to select the cheapest Deliverable Obligation available to it in the market. Under the “Terms and Conditions of the Notes (other than Undated Deeply Subordinated Notes)” (and as indicated in the applicable Final Terms) there may be restrictions imposed as to what qualifies as a Deliverable Obligation, to exclude excessively long-dated bonds. However there is a possibility that a Deliverable Obligation will be longer dated than the Credit Linked Notes thus changing the maturity of the Noteholder’s initial investment. The market value of the Deliverable Obligations, if they are more long-term obligations, compared with their nominal value will generally be lower than in the case of obligations of a shorter term. Moreover if obligations with a longer term to maturity than the Credit Linked Notes are delivered there is a greater risk that general interest rate levels will increase following the delivery, thus reducing the value of the Noteholder’s investment.

The Noteholder could receive the Deliverable Obligations denominated in a currency other than the currency of the Credit Linked Notes and would then bear the risk of currency movements between the determination of the Asset Amount and the Delivery.

Risks relating to Auction Settlement of Credit Linked Notes

Auction Settlement

Where an Auction Final Price Determination Date occurs, the Auction Final Price will be determined according to an auction procedure set out in the relevant Transaction Auction Settlement Terms, a form of which will be published by ISDA on its website at www.isda.org (or any successor website thereto) from time to time and may be amended by ISDA without notice to the holders of the Credit Linked Notes from time to time. The Auction Final Price determined pursuant to an auction may be less than the market value that would otherwise have been determined in respect of the relevant Reference Entity or Reference Obligation. The Issuer, the Guarantor and the Noteholders may have little or no influence in the outcome of any such auction.

Auction Final Price and the Issuer’s and/or the Guarantor’s ability to influence the Auction Final Price

There is a possibility that the Issuer, the Guarantor or the Calculation Agent (or one of their respective Affiliates) would act as a participating bidder in any auction to determine the Auction Final Price. In such capacity, it may take certain actions which may influence the Auction Final Price including (without limitation): (a) providing rates of conversion to determine the applicable currency conversion rates to be used to convert any obligations which are not denominated in the auction currency into such currency for the purposes of the auction; and (b) submitting bids, offers and physical settlement requests with respect to the relevant Deliverable Obligations. In deciding whether to take any such action (or whether to act as a participating bidder in any auction), the Issuer, the Guarantor or the Calculation Agent (or an Affiliate of any of them) shall be under no obligation to consider the interests of any Noteholder.

If the relevant Credit Derivatives Determinations Committee does not decide to conduct an auction with respect to obligations of the relevant Reference Entity satisfying the relevant characteristics as set out in the applicable Final Terms, then the Fallback Settlement Method shall apply. In such circumstances, either the Final Price will be determined pursuant to the Valuation Method or the Issuer will Deliver to Noteholders the Asset Amount.

Role of the Credit Derivatives Determinations Committee

Credit Derivatives Determinations Committees were established pursuant to the March 2009 Supplement to the Credit Derivatives Definitions to make determinations that are relevant to the majority of the credit derivatives market and to promote transparency and consistency. In respect of a Credit Event relating to a Credit Linked Note, prospective purchasers should note that the relevant Credit Derivatives Determinations Committee has the power to make binding decisions on critical issues such as whether a Credit Event or Succession Event has occurred, which obligations are to be valued and whether an auction should take place in accordance with and as more fully described in the Credit Derivatives Determinations Committees Rules, a form of which may be published by ISDA on its website at www.isda.org (or any successor website thereto) from time to time and as amended from time to time in accordance with the terms thereof. Consequently, the payments on the Credit Linked Notes and the timing of any such payments may be affected by any such relevant decisions or subsequent determinations if Auction Settlement is specified as the applicable Settlement Method in the applicable Final Terms.

Credit Event and Succession Event Backstop Dates

In respect of a Credit Event relating to a Series of Credit Linked Notes, a Credit Event may not be triggered unless a request is submitted to ISDA for the relevant Credit Derivatives Determinations Committee to consider whether the relevant event constitutes a Credit Event within 60 calendar days of the occurrence of such potential Credit Event unless a Credit Event Determination Date has already occurred with respect to such event. For Succession Events, the look-back period is 90 calendar days and functions similarly. These provisions mean that there is a time limit on the ability to act on a Credit Event or Succession Event and that it is possible that the Credit Linked Notes could be affected by a Credit Event or Succession Event that took place prior to the Trade Date.

Succession Event risk

Succession Events arise where a Reference Entity transfers all or some only of its principal debt obligations to a third party or merges with a third party to produce a new entity. Succession Events may occur at any time. If a Succession Event occurs in relation to a Reference Entity or Reference Entities, whether by operation of law or pursuant to any agreement, the Reference Entity, or in the case of more than one Reference Entity, the composition of the Reference Entities within the portfolio of Reference Entities, may change. For example the third party to which a Reference Entity had transferred its debt obligations may replace that Reference Entity as the specified Reference Entity. Any risk which may result from such a change of Reference Entities will be borne by the Noteholders. New Reference Entities resulting from a Succession Event may be less creditworthy than the original Reference Entity, which in turn could decrease the value of the Credit Linked Notes.

Extension of Scheduled Maturity Date

Under Conditions 24(e), (f), (g) and (h) of the “Terms and Conditions of the Notes (other than Undated Deeply Subordinated Notes)” the Calculation Agent may in its sole discretion postpone the Maturity Date upon: (i) the Calculation Agent determining that the Repudiation/Moratorium Extension Condition has been satisfied; (ii) the Calculation Agent determining that a Potential Failure to Pay has occurred with respect to one or more of the Reference Obligations; (iii) the Calculation Agent determining that a Potential Credit Event has occurred; or (iv) the Calculation Agent determining that a Credit Event or a Potential Repudiation/Moratorium may have occurred.

Settlement Suspension, Adjustments and Interest Provisions

If, following the determination of a Credit Event Determination Date in accordance with subparagraph (a) of the definition of Credit Event Determination Date but prior to the Settlement Date or, to the extent applicable, a Valuation Date, ISDA publicly announces that the conditions to convening a Credit Derivatives Determinations Committee to determine the occurrence of a Credit Event have been satisfied, the Calculation Agent may at its option determine that the applicable timing requirements of Condition 24 of the “Terms and Conditions of the Notes (other than Undated Deeply Subordinated Notes)” and the definitions of Credit Event Redemption Date, Valuation Date, Physical Settlement Period, and any other provision of Condition 24 of the “Terms and Conditions of the Notes (other than Undated Deeply Subordinated Notes)” as determined by the Calculation Agent in its sole discretion, shall toll and be suspended and remain suspended (such period of suspension, a “Suspension Period”) until such time as ISDA subsequently publicly announces that the relevant Credit Derivatives Determinations Committee has resolved (a) that a Credit Event has or has not occurred or (b) not to determine such matters. Once ISDA has publicly announced that the relevant Credit Derivatives Determinations Committee has made such resolution, the relevant timing requirements of Condition 24 of the “Terms and Conditions of the Notes (other than Undated Deeply Subordinated Notes)” that have previously tolled or been suspended shall resume on the Business Day following such public announcement by ISDA.

In the event of any such Suspension Period, the Calculation Agent may make (i) such consequential or other adjustment(s) or determination(s) to or in relation to Condition 24 of the “Terms and Conditions of the Notes (other than Undated Deeply Subordinated Notes)” as may be desirable or required either during or following any relevant Suspension Period to account for or reflect such suspension and (ii) determine the effective date of such adjustment(s) or determination(s).

In the case of interest bearing Credit Linked Notes:

- (a) if a Suspension Period falls in any one or more Interest Period(s), then no interest (or any interest on any delayed payment of interest) shall accrue during each portion of an Interest Period during which a Suspension Period exists; and
- (b) if an Interest Payment Date falls in a Suspension Period, such Interest Payment Date will be deferred until such date as determined by the Calculation Agent falling no earlier than the first Interest Payment Date and no later than the fifth Interest Payment Date following the end of the Suspension Period, all subject to the provisions of Condition 5 and Conditions 24(e), (f) and (g) of the “Terms and Conditions of the Notes (other than Undated Deeply Subordinated Notes)”.

Investors should note that in addition to redemption at maturity or following a Credit Event, Credit Linked Notes may be subject to early redemption for tax reasons or following a merger of the Issuer and a Reference Entity. In this case the Early Redemption Amount will be as specified in the applicable Final Terms and may reflect the market value of credit derivative transactions in relation to the Reference Entity/Entities at such time as well as certain unwind costs of the Issuer.

In certain circumstances the scheduled maturity of the Notes may also be delayed as provided in Condition 24 of the “Terms and Conditions of the Notes (other than Undated Deeply Subordinated Notes)” to allow certain credit derivative determinations to be made in respect of the Credit Linked Notes. Investors will not receive any additional payment for such delay. See in particular Condition 24 (e) (Repudiation/Moratorium Extension), Condition 24 (f) (Grace Period Extension), Condition 24 (g) (Credit Derivatives Determinations Committee Extension) and Condition 24 (h) (Maturity Date Extension) of the “Terms and Conditions of the Notes (other than Undated Deeply Subordinated Notes)”.

3.3 *Risks related to Notes generally*

Set out below is a brief description of certain risks relating to the Notes generally:

Modification and substitution

The conditions of the Notes contain provisions for calling meetings of Noteholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant meeting and Noteholders who voted in a manner contrary to the majority.

The conditions of the Bearer Notes other than Interbolsa Notes also provide that the Trustee may, without the consent of Noteholders, agree to (i) modifications of the Notes which are not, in the opinion of the Trustee, materially prejudicial to the interests of the Noteholders or (ii) modifications to the Notes or the Trust Deed of a formal, minor or technical nature or which are made to correct a manifest error or to comply with mandatory provisions of the law of the jurisdiction in which the Issuer is incorporated or (iii) the substitution of another company as principal debtor under any Notes in place of the Issuer, in the circumstances described in Condition 18 of the “Terms and Conditions of the Notes (other than Undated Deeply Subordinated Notes)”. Interbolsa Notes are not constituted by the Trust Deed and thus any such modification or substitution will have to be agreed in accordance with the provisions of meetings of holders of Interbolsa Notes (see Condition 15(b) of the “Terms and Conditions of the Notes (other than Undated Deeply Subordinated Notes)”).

EU Savings Directive

Under EC Council Directive 2003/48/EC on the taxation of savings income (the “Directive”), Member States are required to provide to the tax authorities of another Member State details of payments of interest or similar income (similar income for this purpose includes, but is not limited to, payments on redemption of the Notes representing any discount on the issue of the Notes or any premium payable on redemption) paid by a person within its jurisdiction to an individual resident in that other Member State or to certain limited types of entities established in that other Member State. However, for a transitional period, Luxembourg and Austria are instead required (unless during that period they elect otherwise) to operate a withholding system in relation to such payments (the ending of such transitional period being dependent upon the conclusion of certain other agreements relating to information exchange with certain other countries). A number of non-EU countries and territories including Switzerland have adopted similar measures (a withholding system in the case of Switzerland).

The European Commission has proposed certain amendments to the Directive, which may, if implemented, amend or broaden the scope of the requirements described above.

If a payment were to be made or collected through a Member State which has opted for a withholding system, or through a non-EU country which has adopted similar measures and has opted for a withholding system, or through certain dependent or associated territories which have adopted similar measures and which have opted for a withholding system, and an amount of, or in respect of, tax were to be withheld from that payment, neither the Issuer nor any Paying Agent nor any other person would be obliged to pay additional amounts with respect to any Note as a result of the imposition of such withholding tax. The Issuer is required to maintain a Paying Agent in a Member State that will not be obliged to withhold or deduct tax pursuant to the Directive.

Notes where denominations involve integral multiples: definitive Notes

In relation to any issue of Notes which have denominations consisting of a minimum Specified Denomination plus one or more higher integral multiples of another smaller amount, it is possible that such Notes may be traded in amounts that are not integral multiples of such minimum Specified Denomination. Should definitive Notes be printed, a holder who, as a result of trading such amounts, holds an amount which is less than the minimum Specified Denomination in his account with the relevant clearing system at the relevant time may not receive a definitive Note in respect of such holding and would need to purchase a principal amount of Notes such that its holding amounts to a Specified Denomination.

If definitive Notes are issued, Noteholders should be aware that definitive Notes which have a denomination that is not an integral multiple of the minimum Specified Denomination may be illiquid and difficult to trade.

3.4 ***Risks relating to Undated Deeply Subordinated Notes***

The Undated Deeply Subordinated Notes are deeply subordinated obligations and will be subordinated to all of BES' existing and future indebtedness.

The Undated Deeply Subordinated Notes are by their terms deeply subordinated in right of payment to all current and future unsubordinated and subordinated (other than deeply subordinated) indebtedness of BES. In the event of a distribution of the assets in the dissolution or liquidation of BES the rights of payment of the holders of Undated Deeply Subordinated Notes shall rank in priority only to any payments to holders of BES' shares. In the event of incomplete payment of unsubordinated creditors, the obligations of BES in connection with the Undated Deeply Subordinated Notes will be terminated. Although the Undated Deeply Subordinated Notes may pay a higher rate of interest than comparable notes which are not deeply subordinated, there is a greater potential risk that an investor in the Undated Deeply Subordinated Notes will lose all or some of its investment should BES become insolvent.

There is no restriction on the amount of debt that BES may issue that ranks senior to the Undated Deeply Subordinated Notes or on the amount of securities that it may issue that rank *pari passu* with the Undated Deeply Subordinated Notes. The issue of any such debt or securities may reduce the amount recoverable by investors upon the bankruptcy of BES. If BES' financial condition were to deteriorate, the holders of Undated Deeply Subordinated Notes could suffer direct and materially adverse consequences, including cancellation of interest and reduction of interest and principal and, if BES were liquidated (whether voluntarily or involuntarily), the holders of Undated Deeply Subordinated Notes could suffer loss of their entire investment.

There are no events of default under the Undated Deeply Subordinated Notes.

The "Terms and Conditions of the Undated Deeply Subordinated Notes" do not provide for events of default allowing acceleration of the Undated Deeply Subordinated Notes if certain events occur and the holders of Undated Deeply Subordinated Notes will not be entitled to initiate insolvency proceedings against BES for failure of any payment under the Undated Deeply Subordinated Notes. Accordingly, if BES fails to meet any obligations under the Undated Deeply Subordinated Notes, including the payment of any interest, investors will not have the right of acceleration of principal.

The Undated Deeply Subordinated Notes will be available to cover losses of BES

The Undated Deeply Subordinated Notes are being issued for capital adequacy regulatory purposes with the intention and purpose of being eligible as Tier 1 Capital of BES. See Condition 2(a) of the Undated Deeply Subordinated Notes ("*Status and subordination of the Undated Deeply Subordinated Notes*"). Such eligibility depends upon a number of conditions being satisfied, which are reflected in the "Terms and Conditions of the Undated Deeply Subordinated Notes". One of these relates to the ability of the Undated Deeply Subordinated Notes and the proceeds of their issue to be available to absorb any losses of BES. Accordingly, in certain circumstances and/or upon the occurrence of certain events, payments of interest under the Undated Deeply Subordinated Notes may be restricted and, in certain cases, forfeited and the amount of interest and the principal amount of the Undated Deeply Subordinated Notes may be reduced. See Conditions 2(b) and 4(d) of the Undated Deeply Subordinated Notes ("*Loss Absorption*" and "*Interest Cancellation*").

Under the mentioned conditions, the Undated Deeply Subordinated Notes will be available and may be used to absorb losses of BES, if that is necessary for BES to continue its business activities, proportionally between the nominal amount of the Undated Deeply Subordinated Notes, other undated deeply subordinated notes ranking *pari passu* therewith and the share capital of the Bank on

a *pro rata* basis, in accordance with a decision taken by the Executive Committee of BES to that effect or further to a direction received from the Bank of Portugal in case BES is at risk of failing to comply with the Own Funds Requirements Regulations applicable to it. In these circumstances the nominal amount of the Undated Deeply Subordinated Notes will be reduced to the extent necessary to absorb BES' losses, whenever the amount of the Bank's Regulatory Capital (as defined in the "Terms and Conditions of the Undated Deeply Subordinated Notes") excluding the Undated Deeply Subordinated Notes and other instruments also eligible to Tier 1 Capital subject to limits, is below the amount of the share capital of the Bank with reference to the most recently published financial statements of the Bank or whenever the Bank is at risk of non-compliance with the Own Funds Requirements Regulations, at an individual or consolidated level as appropriate, in the opinion of either the Bank or the Bank of Portugal taking into account the most recently available reports from the Bank of Portugal regarding the Bank's compliance with the Own Funds Requirements Regulations. The nominal amount so reduced will only be reinstated and recorded as a subordinated credit in certain specified circumstances. The potential reduction of the nominal amount will very likely negatively affect the market value of the Undated Deeply Subordinated Notes then outstanding and will increase the risk of capital loss under the investment in the Undated Deeply Subordinated Notes, either in whole or in part, considering that such reduced amount will only be reinstated in certain circumstances.

The Undated Deeply Subordinated Notes are undated securities and need not be redeemed by BES

The Undated Deeply Subordinated Notes are undated securities in respect of which there is no fixed redemption or maturity date. BES is under no obligation to redeem the Undated Deeply Subordinated Notes at any time (and any redemption has to comply with the provisions of Condition 6 of the Undated Deeply Subordinated Notes ("*Redemption and Purchase*") and, in any event, be subject to the prior approval of the Bank of Portugal). BES may only redeem the Undated Deeply Subordinated Notes within the five years subsequent to their issue date if: (i) the Bank of Portugal is of the opinion that the relevant Tranche of Undated Deeply Subordinated Notes being redeemed is replaced with another Tranche which in the opinion of the Bank of Portugal satisfies at least the same requirements as the Redeemed Notes in terms of eligibility as Tier 1 capital of BES; (ii) the proceeds of the issue of the Undated Deeply Subordinated Notes cease to be eligible as Tier 1 Capital for BES; or (iii) certain tax events occur, in any case provided that the Bank of Portugal has previously approved such redemption. For further details see Condition 6 ("*Redemption and Purchase*").

The holders of Undated Deeply Subordinated Notes have no right to require redemption of the Undated Deeply Subordinated Notes, except if a judgment is issued for the insolvent judicial liquidation of BES or if BES is wound up for any other reason. The holders of Undated Deeply Subordinated Notes have no right to file for the insolvent judicial liquidation of BES for reason of non payment of any amounts under the Undated Deeply Subordinated Notes.

3.5 ***Risks relating to Interbolsa Notes***

Reliance upon Interbolsa procedures and Portuguese law

Investments in Interbolsa Notes will be subject to Interbolsa procedures and Portuguese law with respect to the following:

(a) *Form and Transfer of Interbolsa Notes*

Notes held through accounts of financial institutions, which are licensed to act as financial intermediaries and which are entitled to hold control accounts with Interbolsa on behalf of their customers and which include any depository banks appointed by Euroclear and Clearstream, Luxembourg for the purpose of holding accounts on behalf of Euroclear and Clearstream, Luxembourg (each such institution an "Affiliate Member of Interbolsa") will be represented in book-entry form (*forma escritural*) and can be either registered notes (*nominativas*) or bearer notes (*ao portador*) as specified in the applicable Final Terms. Interbolsa Notes shall not be issued in definitive form, whether in definitive bearer form or otherwise. Interbolsa Notes will

be registered in the relevant issue account opened by the Issuer with Interbolsa and will be held in control accounts by the Affiliate Members of Interbolsa on behalf of the relevant Noteholders. Such control accounts will reflect at all times the aggregate number of Interbolsa Notes held in the individual securities accounts opened by the clients of the Affiliate Members of Interbolsa (which may include Euroclear and Clearstream, Luxembourg). The transfer of Interbolsa Notes and their beneficial interests will be made through Interbolsa.

(b) *Payments on Interbolsa Notes*

All payments on Interbolsa Notes (including without limitation the payment of accrued interest and principal) will be made by the Issuer to the Portuguese Paying Agent and (i) **if made in euro** will be (a) credited, according to the procedures and regulations of Interbolsa, by the Portuguese Paying Agent to the payment current-accounts held in the payment system of the Bank of Portugal by the Affiliate Members of Interbolsa whose control accounts with Interbolsa are credited with such Notes and thereafter (b) credited by such Interbolsa Affiliate Members from the aforementioned payment current-accounts to the accounts of the Noteholders or through Euroclear and Clearstream, Luxembourg to the accounts with Euroclear and Clearstream, Luxembourg of the beneficial owners of those Notes, in accordance with the rules and procedures of Interbolsa, Euroclear or Clearstream, Luxembourg, as the case may be; (ii) **if made in currencies other than euro** will be (a) transferred, on the payment date and according to the procedures and regulations applicable by Interbolsa, from the account held by the Portuguese Paying Agent in the Foreign Currency Settlement System (*Sistema de Liquidação em Moeda Estrangeira*), managed by Caixa Geral de Depósitos, S.A., to the relevant accounts of the relevant Affiliate Members of Interbolsa, and thereafter (b) transferred by such Affiliate Members of Interbolsa from such relevant accounts to the accounts of the Noteholders of those Notes or through Euroclear and Clearstream, Luxembourg to the accounts with Euroclear and Clearstream, Luxembourg of the beneficial owners of those Notes, in accordance with the rules and procedures of Interbolsa, Euroclear or Clearstream, Luxembourg, as the case may be.

The Issuer must provide Interbolsa with a prior notice of all payments in relation to the Interbolsa Notes and all necessary information for that purpose. In particular, such notice must contain:

- (a) the identity of the Portuguese Paying Agent responsible for the relevant payment; and
- (b) a statement of acceptance of such responsibility by the Portuguese Paying Agent.

Interbolsa shall notify the Portuguese Paying Agent of the amounts to be settled, which Interbolsa calculates on the basis of the balances and on the tax rules governing the accounts of the Affiliate Members of Interbolsa.

In the case of a partial payment, the amount held in the relevant current account of the Portuguese Paying Agent must be apportioned pro-rata between the accounts of the Affiliate Members of Interbolsa. After a payment has been processed, such process shall be confirmed to Interbolsa.

The Noteholders must rely on the procedures of Interbolsa to receive payment under the Interbolsa Notes. The records relating to payments made in respect of beneficial interests in the Interbolsa Notes are maintained by the Affiliate Members of Interbolsa and the Issuer accepts no responsibility for, and will not be liable in respect of, the maintenance of such records.

(c) *Portuguese Tax Rules*

Pursuant to Decree-Law 193/2005, of 7th November, 2005, as amended from time to time, investment income paid to holders of Interbolsa Notes, and capital gains derived from a sale or

other disposition of such Notes, will be exempt from Portuguese income tax only if certain documentation requirements are duly complied with.

If the Notes are held in an account with an international clearing system (such as Euroclear or Clearstream, Luxembourg), the management entity of such clearing system may not provide the necessary registration services in respect of the Interbolsa Notes, and, therefore, to be eligible for the exemption, the holders of the Interbolsa Notes are required to submit to the management entity of the relevant clearing system, by courier, hand delivery or mail (there is no procedure for electronic filing), on an annual basis:

- (i) a certificate with the name of each beneficial owner, address, tax payer number (if applicable), the identity of the securities, the quantity held and also the reference to the legislation supporting the exemption or the waiver of Portuguese withholding tax; or
- (ii) a declaration that the beneficial owners are exempt from, or not subject to, Portuguese withholding tax.

The certificate and declaration are set out in “*Taxation in Portugal (including Madeira)*” on page 274 hereto.

The Issuer will not gross up payments in respect of any such withholding tax in any of the cases indicated in Condition 8 of the Interbolsa Notes, including failure to deliver or incorrect filling of the certificate or declaration referred to above. Accordingly, holders of Interbolsa Notes must seek their own advice to ensure that they comply with all procedures to ensure correct tax treatment of their Interbolsa Notes.

3.6 *Risks related to the market generally*

Set out below is a brief description of the principal market risks, including liquidity risk, exchange rate risk, interest rate risk and credit risk:

The secondary market generally

Notes may have no established trading market when issued, and one may never develop. If a market does develop, it may not be very liquid. Therefore, investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. This is particularly the case for Notes that are especially sensitive to interest rate, currency or market risks, are designed for specific investment objectives or strategies or have been structured to meet the investment requirements of limited categories of investors. These types of Notes generally would have a more limited secondary market and more price volatility than conventional debt securities. Illiquidity may have a severely adverse effect on the market value of Notes.

Exchange rate risks and exchange controls

The Issuer will pay principal and interest on the Notes and the Guarantor will make any payments under the Guarantee in the Specified Currency. This presents certain risks relating to currency conversions if an investor’s financial activities are denominated principally in a currency or currency unit (the “Investor’s Currency”) other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor’s Currency) and the risk that authorities with jurisdiction over the Investor’s Currency may impose or modify exchange controls. An appreciation in the value of the Investor’s Currency relative to the Specified Currency would decrease (1) the Investor’s Currency-equivalent yield on the Notes, (2) the Investor’s Currency-equivalent value of the principal payable on the Notes and (3) the Investor’s Currency-equivalent market value of the Notes.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive less interest or principal than expected, or no interest or principal.

Interest rate risks

Investment in Fixed Rate Notes involves the risk that subsequent changes in market interest rates may adversely affect the value of the Fixed Rate Notes.

Credit ratings may not reflect all risks

One or more independent credit rating agencies may assign credit ratings to the Notes. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Notes. A credit rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by the rating agency at any time.

In general, European regulated investors are restricted under Regulation (EC) No. 1060/2009 (the “CRA Regulation”) from using credit ratings for regulatory purposes, unless such ratings are issued by a credit rating agency established in the EU and registered under the CRA Regulation (and such registration has not been withdrawn or suspended), subject to transitional provisions that apply in certain circumstances whilst the registration application is pending. Such general restriction will also apply in the case of credit ratings issued by non-EU credit rating agencies, unless the relevant credit ratings are endorsed by an EU-registered credit rating agency or the relevant non-EU rating agency is certified in accordance with the CRA Regulation (and such endorsement action or certification, as the case may be, has not been withdrawn or suspended). Certain information with respect to the credit rating agencies and ratings will be disclosed in the Final Terms.

3.7 *Legal investment considerations may restrict certain investments*

The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (1) Notes are legal investments for it, (2) Notes can be used as collateral for various types of borrowing and (3) other restrictions apply to its purchase or pledge of any Notes. Financial institutions should consult their legal advisors or the appropriate regulators to determine the appropriate treatment of Notes under any applicable risk-based capital or similar rules.

GENERAL DESCRIPTION OF THE PROGRAMME

Under the Programme, the Issuers may from time to time issue Notes denominated in any currency agreed between the relevant Issuer and the relevant Dealer, subject as set out herein. A summary of the terms and conditions of the Programme and the Notes is set out in “Summary of the Programme” above. The applicable terms of any Notes will be agreed between the Issuer and the relevant Dealer prior to the issue of the Notes and will be set out either in the “Terms and Conditions of the Notes (other than Undated Deeply Subordinated Notes)” or in the “Terms and Conditions of the Undated Deeply Subordinated Notes” endorsed on, attached to, or incorporated by reference into, the Notes, as modified by Part A of the applicable Final Terms attached to, endorsed on or incorporated by reference into such Notes, as more fully described under “Form of the Notes” below.

This Prospectus and any supplement to this Prospectus will only be valid for listing Notes on the Official List of the Luxembourg Stock Exchange, or any other stock exchange in the European Economic Area, in an aggregate nominal amount which, when added to the aggregate nominal amount then outstanding of all Notes previously or simultaneously issued under the Programme, does not exceed €20,000,000,000 or its equivalent in other currencies. For the purpose of calculating the euro equivalent of the aggregate nominal amount of Notes issued under the Programme from time to time:

- (a) the euro equivalent of Notes denominated in another Specified Currency (as specified in the applicable Final Terms in relation to the relevant Notes, described under “Applicable Final Terms”) shall be determined, at the discretion of the Issuer, either as of the date on which agreement is reached for the issue of Notes or on the preceding day on which commercial banks and foreign exchange markets are open for general business in London and Lisbon, in each case on the basis of the spot rate for the sale of the euro against the purchase of such Specified Currency in the London foreign exchange market quoted by any leading international bank selected by the Issuer on the relevant day of calculation;
- (b) the euro equivalent of Dual Currency Notes, Index Linked Notes and Partly Paid Notes (each as specified in the applicable Final Terms in relation to the relevant Notes, described under “Form of the Notes”) shall be calculated in the manner specified above by reference to the original nominal amount on issue of such Notes (in the case of Partly Paid Notes, regardless of the subscription price paid); and
- (c) the euro equivalent of Zero Coupon Notes (as specified in the applicable Final Terms in relation to the relevant Notes, described under “Form of the Notes”) and other Notes issued at a discount or a premium shall be calculated in the manner specified above by reference to the net proceeds received by the Issuer for the relevant issue.

FORM OF THE NOTES

1. Bearer Notes

Each Tranche of Notes (not applicable to Interbolsa Notes) will be initially represented by a temporary global Note without receipts, interest coupons or talons, which on issue will:

- (i) if the temporary global Note is intended to be issued in new global note (“NGN”) form, as stated in the applicable Final Terms, be delivered on or prior to the original issue date of the relevant Tranche to a common safekeeper (the “Common Safekeeper”) outside the United States for Euroclear and Clearstream, Luxembourg; and
- (ii) if the temporary global Note is not intended to be issued in NGN form, as stated in the applicable Final Terms, be delivered on or prior to the original issue date of the relevant Tranche to a common depository (the “Common Depository”) outside the United States for Euroclear and Clearstream, Luxembourg.

Whilst any Note is represented by a temporary global Note, payments of principal and interest (if any) due prior to the Exchange Date (as defined below) will be made outside the United States (against presentation of the temporary global Note if the temporary global Note is not intended to be issued in NGN form) only to the extent that certification (in a form to be provided) to the effect that the beneficial owners of interests in such Note are not U.S. persons or persons who have purchased for resale to any U.S. person, as required by U.S. Treasury regulations, has been received by Euroclear and/or Clearstream, Luxembourg and Euroclear and/or Clearstream, Luxembourg, as applicable, has given a like certification (based on the certifications it has received) to the Agent. Any reference in this section “Form of the Notes” to Euroclear and/or Clearstream, Luxembourg shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system approved by the Issuer, the Agent and the Trustee.

On and after the date (the “Exchange Date”) which is 40 days after the date on which any temporary global Note is issued, interests in such temporary global Note unless otherwise specified in the applicable Final Terms or the temporary global Note will be exchangeable (free of charge) upon a request as described therein either for interests in a permanent global Note without receipts, interest coupons or talons or, subject to the following proviso, for definitive Notes with, where applicable, receipts, interest coupons and talons attached (as indicated in the applicable Final Terms and subject, in the case of definitive Notes, to such notice period as is specified in the applicable Final Terms) in each case against certification of beneficial ownership as described in the immediately preceding paragraph unless such certification has already been given; provided that a temporary global Note representing Notes having denominations consisting of a minimum Specified Denomination and one or more higher Specified Denominations which are not an integral amount of such minimum Specified Denomination may only be exchanged for definitive Notes upon an Exchange Event (as defined below). The holder of a temporary global Note will not be entitled to collect any payment of interest or principal due on or after the Exchange Date unless upon due certification exchange of the temporary global Note is improperly withheld or refused. Pursuant to the Principal Agency Agreement (as defined under “Terms and Conditions of the Notes” below) the Agent shall arrange that, where a further Tranche of Notes is issued, the Notes of such Tranche shall be assigned a common code and ISIN by Euroclear and Clearstream, Luxembourg which are different from the common code and ISIN assigned to Notes of any other Tranche of the same Series until at least 40 days (as notified by the Agent to the relevant Dealer) after the completion of the distribution of the Notes of such Tranche.

Payments of principal and interest (if any) on a permanent global Note will be made through Euroclear and/or Clearstream, Luxembourg (against presentation or surrender (as the case may be) of the permanent global Note if the permanent global Note is not intended to be issued in NGN form) without any requirement for certification. Unless otherwise specified in the applicable Final Terms, a permanent global Note will be exchangeable (free of charge), in whole but not in part, for definitive Notes with, where applicable, receipts, interest coupons and talons attached upon not less than 60 days’ written notice to the Agent as described therein, save that a permanent global Note representing Notes having denominations consisting of a minimum Specified Denomination and one or more higher Specified Denominations which are not an

integral multiple of such minimum Specified Denomination may only be exchanged for definitive Notes upon an Exchange Event. “Exchange Event” means that the Issuer and/or the Guarantor has been notified that both Euroclear and Clearstream, Luxembourg have been closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or have announced an intention permanently to cease business or have in fact done so and no alternative clearance system satisfactory to the Trustee is available. The Issuer shall promptly give notice to the Noteholders in accordance with the Terms and Conditions if an Exchange Event occurs. Global Notes and definitive Notes will be issued pursuant to the Principal Agency Agreement.

The following legend will appear on all bearer Notes which have an original maturity of more than 365 days and on all receipts, interest coupons and talons relating to such Notes:

“Any United States person who holds this obligation will be subject to limitations under the United States income tax laws, including the limitations provided in Sections 165(j) and 1287(a) of the Internal Revenue Code.”

The sections referred to provide that United States holders, with certain exceptions, will not be entitled to deduct any loss on Notes, receipts or interest coupons and will not be entitled to capital gains treatment of any gain on any sale, disposition, redemption or payment of principal in respect of Notes, receipts or interest coupons.

2. Interbolsa Notes

Notes held through Interbolsa – *Sociedade Gestora de Sistemas de Liquidação e de Sistemas Centralizados de Valores Mobiliários, S.A.* (“Interbolsa”) (each an “Interbolsa Note”) will be represented in book-entry (“*forma escritural*”) form and can be either a registered Note (“*nominativas*”) or a bearer Note (“*ao portador*”), as specified in the applicable Final Terms.

Title to Interbolsa Notes will be evidenced by book-entries in accordance with the Portuguese Securities Code and the regulations issued by *Comissão do Mercado de Valores Mobiliários* (Portuguese Securities Market Commission, the “CMVM”), by Interbolsa or otherwise applicable thereto. Each person shown in the book-entry records of a financial institution, which is licensed to act as a financial intermediary and which is entitled to hold control accounts with Interbolsa on behalf of their customers and which includes any depository banks appointed by Euroclear and Clearstream, Luxembourg for the purpose of holding accounts on behalf of Euroclear and Clearstream, Luxembourg (each such institution an “Affiliate Member of Interbolsa”), as having an interest in the Interbolsa Notes shall be the holder of the principal amount of the Interbolsa Notes recorded.

Title to the Interbolsa Notes is subject to compliance with all rules, restrictions and requirements applicable to the activities of Interbolsa and to Portuguese law.

One or more certificates in relation to the Interbolsa Notes (each, a “Certificate”) will be delivered by the relevant financial intermediary through which Interbolsa Notes are held in individual securities accounts in respect of a registered holding of Interbolsa Notes upon the request by the relevant Noteholder and in accordance with that financial intermediary’s procedures pursuant to article 78 of the Portuguese Securities Code.

The Interbolsa Notes will be registered in the relevant control issue account of the Issuer with Interbolsa and will be held in control accounts by each Affiliate Member of Interbolsa on behalf of the Noteholders. Such control accounts will reflect at all times the aggregate number of Interbolsa Notes held in individual securities accounts opened with the Affiliate Members of Interbolsa by Noteholders, which are clients of the Affiliate Members of Interbolsa and include Euroclear and Clearstream, Luxembourg.

The person or entity registered in the relevant individual securities accounts of an Affiliate Member of Interbolsa (the “Book-Entry Registry” and each such entry therein, a “Book Entry”) as the holder of any Interbolsa Note shall (except as otherwise required by law) be treated as its absolute owner for all purposes (whether or not it is overdue and regardless of any notice of ownership, trust or any other interest therein).

The Issuer and the Paying Agents may (to the fullest extent permitted by applicable law) deem and treat the person or entity registered in the Book-Entry Registry as the holder of any Interbolsa Note and the absolute owner for all purposes. Proof of such registration is made by means of a Certificate issued by the relevant financial intermediary through which Interbolsa Notes are held in individual securities accounts pursuant to article 78 of the Portuguese Securities Code.

No Noteholder will be able to transfer Interbolsa Notes, or any interest therein, except in accordance with Portuguese law and regulations. Interbolsa Notes may only be transferred in accordance with the applicable procedures established by the Portuguese Securities Code and the regulations issued by the CMVM and Interbolsa.

The Issuer and the Paying Agents may (to the fullest extent permitted by applicable law) deem and treat the person or entity registered in the Book-Entry Registry as the holder of any Interbolsa Note and the absolute owner for all purposes. No Noteholder will be able to transfer Interbolsa Notes, or any interest therein, except in accordance with Portuguese law and regulations. Interbolsa Notes may only be transferred in accordance with the applicable procedures established by the Portuguese Securities Code and the regulations issued by the CMVM and Interbolsa.

2. Status of the Notes

- (i) The Senior Notes and any relative Receipts and Coupons are direct, unconditional, unsecured (subject A to the provisions of Condition 3) and unsubordinated obligations of the Issuer and rank and will rank *pari passu* with all present and future unsecured and unsubordinated obligations of the Issuer, without any preference among themselves by reason of priority of date of issue, currency of payment or otherwise, except for obligations given priority by law.
- (ii) Dated Subordinated Notes and any relative Receipts and Coupons are direct, unsecured obligations of the Issuer and rank and will rank *pari passu* among themselves and at least *par passu* with all other present and future dated subordinated obligations of the Issuer, save for those that have been accorded by law preferential rights.

In the event of the insolvency or winding up of the Issuer, the claims of the holders of the Dated Subordinated Notes and any relative Receipts and Coupons against the Issuer will be subordinated in right of payment to the claims of depositors and all other unsecured creditors (other than holders of Subordinated Indebtedness, if any) of the Issuer.

“Subordinated Indebtedness” means all indebtedness of the Issuer under the terms of which the right to payment of the person(s) entitled thereto is, or is expressed to be, subordinated, in the event of the winding up of the Issuer, to the right to payment of all unsubordinated creditors of the Issuer and so that for the purpose of this definition indebtedness shall include all liabilities, whether actual or contingent, under guarantees or indemnities.

- (iii) The Undated Subordinated Notes and any relative Receipts and Coupons relating thereto constitute direct, unsecured obligations of the Issuer which are subordinated to the claims of Senior Creditors of the Issuer in that payments are conditional upon the Issuer and (where the Issuer is BES Finance) the Bank being solvent at the time of payment and no such payment shall be made except to the extent that such payment could be made and the Issuer and (where the Issuer is BES Finance) the Bank would still be solvent immediately thereafter. For this purpose, BES Finance or, as the case may be, the Bank shall be considered to be solvent if both (i) it is able to pay its debts to its Senior Creditors as they fall due and (ii) its Assets exceed its Liabilities to its Senior Creditors.

Furthermore, in order to allow each of the Issuer and the Bank to continue its business activities (in accordance with the Bank of Portugal Regulation 12/92 as amended), any amounts which, under these Terms and Conditions, would be payable as principal or interest under the Undated Subordinated Notes, will be available to meet the losses of the Issuer or of the Bank, provided: (a) that there has been (i) consumption of the whole of the reserves and retained earnings; (ii) writing down of the ordinary share capital of the Issuer and the Bank and (iii) writing down of the Issuer’s and the Bank’s preference shares (including any preference share capital guaranteed by the Bank); and (b) that

therefore the Issuer's and the Bank's total shareholders' equity and the preference shares interests of the Issuer and the Bank have been reduced to zero.

In the above circumstances where unpaid principal and interest may be used to meet the losses of the Issuer or of the Bank, the unpaid amounts of interest first and then principal will be cancelled and utilised to the extent that may be necessary to meet the losses of the Issuer or of the Bank. The cancelled amounts will only be reinstated as subordinated credits of the corresponding holders as if such amounts had never been written down or cancelled in the event of (i) the winding-up, liquidation or bankruptcy of the Issuer or of the Bank, in which event such reinstatement will be deemed to take effect at the moment which immediately precedes the commencement of the winding-up, liquidation or bankruptcy proceedings; or of (ii) a decision being taken by the shareholders of the Issuer or of the Bank to allow a dividend to be paid or to reinstate the cancelled or written down amounts, in each case subject to the approval of the Bank of Portugal. In both the above cases and at all times, cancelled or written down amounts will revert to being treated as subordinated credits of the corresponding holders, without prejudice to the subordination regime applying thereto.

During any period of cancellation or writing down such cancelled or written down amounts shall not bear interest.

In the event of liquidation, bankruptcy or analogous proceedings of the Issuer, no Noteholder (having a debt or a liability towards the Issuer) may exercise any set-off or other similar rights against any amounts held by the Issuer.

Without prejudice to the foregoing, the Undated Subordinated Notes will, in the event of a distribution of the assets in the dissolution or liquidation of the Issuer, rank senior to the share capital of the Issuer.

A report as to the solvency of BES Finance or, as the case may be, the Bank by (a) two directors of BES Finance or, as the case may be, the Bank or, if the directors have not reported to BES Finance or, as the case may be, the Bank within 14 days before any payment needs to be made pursuant to Condition 6, the auditors of BES Finance or, as the case may be, the Bank or (b) if BES Finance or, as the case may be, the Bank is being wound up, its liquidator shall, in each case in the absence of manifest error, be treated and accepted by the Issuer, the Bank (where the Issuer is BES Finance), the Trustee and the holders of Undated Subordinated Notes as correct and sufficient evidence thereof.

For the purposes of this Condition 2(iii):

- (A) "Assets" means, in the case of BES Finance, the total gross assets of BES Finance and, in the case of the Bank, the total consolidated gross assets of the Bank and "Liabilities" means, in the case of BES Finance, the total gross liabilities of BES Finance and, in the case of the Bank, the total consolidated gross liabilities of the Bank, all as shown by, in the case of BES Finance, the latest published audited balance sheet of BES Finance and, in the case of the Bank, the latest published audited consolidated balance sheet of the Bank, but in each case adjusted for contingencies and for subsequent events in such manner and to such extent as such directors, auditors or liquidator, as the case may be, may determine to be appropriate; and
- (B) "Senior Creditors" means creditors of the Issuer or, as the case may be, the Bank who (x) are depositors or other unsubordinated creditors of the Issuer or, as the case may be, the Bank or (y) are subordinated creditors of the Issuer or, as the case may be, the Bank other than those whose claims rank *pari passu* with or junior to the claims of the holders of Undated Subordinated Notes or (in respect of the Bank) persons entitled to claim under the Guarantee in respect of such Notes.

3. Negative Pledge

This Condition 3 shall apply only to Senior Notes and references to "Notes" shall be construed accordingly.

So long as any of the Notes remains outstanding (as defined in the Trust Deed or, in respect of Interbolsa Notes, as defined in the Principal Agency Agreement, as amended by the Interbolsa Notes Agency

Agreement), neither the Issuer nor the Bank (where the Issuer is BES Finance) shall create or permit to be outstanding any mortgage, charge, lien, pledge or other similar encumbrance or security interest upon the whole or any part of its undertaking or assets, present or future (including any uncalled capital), to secure any Indebtedness (as defined below) or any guarantee or indemnity given in respect of any Indebtedness, without, in the case of the creation of an encumbrance or security interest, at the same time and, in any other case, promptly granting to the Noteholders either, at the option of the relevant Issuer, an equal and rateable interest in the same or providing to the Noteholders such other security as either (i) (except in the case of Interbolsa Notes) the Trustee shall, in its absolute discretion, deem to be not materially less beneficial to the Noteholders or (ii) (in the case of any Notes, including Interbolsa Notes) as shall be approved by an Extraordinary Resolution (as described in Condition 15 and in the Trust Deed or, in respect of Interbolsa Notes, in the Principal Agency Agreement, as amended by the Interbolsa Notes Agency Agreement) of the Noteholders.

“Indebtedness” means any borrowings having an original maturity of more than one year in the form of or represented by bonds, notes, debentures or other securities (not comprising, for the avoidance of doubt preference shares or other equity securities) but excluding any Covered Bonds (as defined below):

- (1) where more than 50 per cent. in aggregate principal amount of such bonds, notes, debentures or other securities are initially offered outside the Portuguese Republic; and
- (2) which with the consent of the Issuer or the Bank (where the Issuer is BES Finance), are, or are intended to be, listed or traded on any non-Portuguese domestic stock exchange, over-the-counter or other organised market for securities (whether or not initially distributed by way of private placing).

“Covered Bonds” means any mortgage-backed bonds and/or covered bonds or notes (*Obrigações Hipotecárias*) issued by any of the Issuers, the obligations of which benefit from a special creditor privilege (“*privilégio creditório especial*”) as a result of them being collateralised by a defined pool of assets comprised of mortgage loans or other loans permitted by applicable Portuguese legislation to be included in the pool of assets and where the requirements for that collateralisation are regulated by applicable Portuguese legislation.

4. Status of the Guarantee

The Bank, acting through its London branch, has in the Trust Deed unconditionally and irrevocably guaranteed the due and punctual payment by BES Finance of the principal of, and interest on, the Notes issued by BES Finance and all other amounts payable under or pursuant to the Trust Deed.

The obligations of the Bank, acting through its London branch, under the Guarantee constitute:

- (i) in the case of Senior Notes issued by BES Finance, direct, unconditional, unsecured (subject to the provisions of Condition 3) and unsubordinated obligations of the Bank and rank and will rank *pari passu* with all present and future unsecured (subject as aforesaid) and unsubordinated obligations (including those arising under deposits received in its banking business) of the Bank, except for obligations given priority by law;
- (ii) in the case of Dated Subordinated Notes issued by BES Finance, direct, unsecured obligations of the Bank but, in the event of the insolvency or liquidation of the Bank, subordinated in right of payment to the claims of depositors and all other unsecured creditors of the Bank (other than creditors in respect of indebtedness of the Bank which is subordinated to at least the same extent as the obligations of the Bank under its guarantee in respect of such Dated Subordinated Notes); and
- (iii) in the case of Undated Subordinated Notes issued by BES Finance, direct, unsecured obligations of the Bank which, to the extent permitted by Portuguese law, are subordinated to the claims of Senior Creditors of the Bank, in that payment under the Guarantee is conditional upon the Bank being solvent at the time of payment and that no such payment shall be made except to the extent that the Bank could make such payment and still be solvent immediately thereafter. For this purpose, the Bank shall be considered to be solvent if both (i) it is able to pay its debts to the Senior Creditors of the Bank as they fall due and (ii) its Assets exceed its Liabilities to Senior Creditors of the Bank.

Without prejudice to the foregoing, the obligations of the Bank, acting through its London branch, under the Guarantee in respect of Undated Subordinated Notes issued by BES Finance will, in the event of a distribution of the assets in the dissolution or liquidation of the Bank, rank senior to the share capital of the Bank.

A report as to the solvency of the Bank by (a) two directors of the Bank or, if the directors have not reported to BES Finance within 14 days before any payment needs to be made pursuant to this Condition 4(iii), the auditors of the Bank or (b) if the Bank is being wound up, its liquidator shall, in each case in the absence of manifest error, be treated and accepted by BES Finance, the Bank, the Trustee and the holders of Undated Subordinated Notes issued by BES Finance as correct and sufficient evidence thereof.

For the purposes of this Condition 4(iii):

- (A) “Assets” means the total consolidated gross assets of the Bank and “Liabilities” means the total consolidated gross liabilities of the Bank, all as shown by the latest published audited consolidated balance sheet of the Bank but adjusted for contingencies and for subsequent events in such manner and to such extent as such directors, auditors or liquidator, as the case may be, may determine to be appropriate; and
- (B) “Senior Creditors of the Bank” means creditors of the Bank who (x) are depositors or other unsubordinated creditors of the Bank or (y) are subordinated creditors of the Bank other than those whose claims rank *pari passu* with or junior to the claims of the holders of Undated Subordinated Notes and persons entitled to claim under the Guarantee in respect of such Notes.

The obligations of the Bank under the Guarantee in respect of Undated Subordinated Notes issued by BES Finance are conditional upon the Bank being solvent immediately before and after payment by the Bank. Any amount which might otherwise have been allocated in or towards payment by BES Finance of principal and interest in respect of the Undated Subordinated Notes will be available to meet the losses of the Bank.

Furthermore, in order to allow the Bank to continue its business activities (in accordance with the Bank of Portugal Regulation 12/92, as amended), any amounts which, under these Terms and Conditions, would be payable as principal or interest under the Guarantee in respect of Undated Subordinated Notes issued by BES Finance, will be available to meet the losses of the Bank, provided: (a) that there has been (i) consumption of the whole of the reserves and retained earnings; (ii) writing down of the ordinary share capital of the Bank and (iii) writing down of the Bank’s preference shares (including any preference share capital guaranteed by the Bank); and (b) that therefore the Bank’s total shareholders’ equity and the preference shares interests of the Bank have been reduced to zero.

In the above circumstances where unpaid principal and interest may be used to meet the losses of the Bank, the unpaid amounts of interest first and then principal will be cancelled and utilised to the extent that may be necessary to meet the losses of the Bank. The cancelled amounts will only be reinstated as subordinated credits of the corresponding holders as if such amounts had never been written down or cancelled in the event of (i) the winding-up, liquidation or bankruptcy of the Bank, in which event such reinstatement will be deemed to take effect at the moment which immediately precedes the commencement of the winding-up, liquidation or bankruptcy proceedings; or of (ii) a decision being taken by the shareholders of the Issuer or of the Bank to allow a dividend to be paid or to reinstate the cancelled or written down amounts, in each case subject to the approval of the Bank of Portugal. In both the above cases and at all times, cancelled or written down amounts will revert to being treated as subordinated credits of the corresponding holders, without prejudice to the subordination regime applying thereto.

During any period of cancellation or writing down such cancelled or written down amounts shall not bear interest.

In the event of liquidation, bankruptcy or analogous proceedings of the Bank, no Noteholder (having a debt or a liability towards the Bank) may exercise any set-off or other similar rights against any amounts held by the Bank.

5. Interest

If the Notes are specified in the applicable Final Terms as Credit Linked Notes, then the provisions of this Condition 5 are subject to Condition 24.

(a) *Interest on Fixed Rate Notes*

Each Fixed Rate Note bears interest from (and including) the Interest Commencement Date at the rate(s) per annum equal to the Rate(s) of Interest. Interest will be payable in arrear on the Interest Payment Date(s) in each year up to (and including) the Maturity Date. For so long as any of the Fixed Rate Notes is represented by a global Note held on behalf of Clearstream, Luxembourg and/or Euroclear, interest will be paid to Clearstream, Luxembourg and Euroclear for distribution by them to entitled accountholders in accordance with their usual rules and operating procedures. Interest on Fixed Rate Notes which are Interbolsa Notes will be paid to the Affiliate Members of Interbolsa for distribution by them to the accounts of entitled Noteholders in accordance with Interbolsa's usual rules and operating procedures.

If the Notes are in definitive form, except as provided in the applicable Final Terms, the amount of interest payable on each Interest Payment Date in respect of the Fixed Interest Period ending on (but excluding) such date will amount to the Fixed Coupon Amount. Payments of interest on any Interest Payment Date will, if so specified in the applicable Final Terms, amount to the Broken Amount so specified.

As used in these Terms and Conditions, "Fixed Interest Period" means the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date.

Except in the case of Notes in definitive form where an applicable Fixed Coupon Amount or Broken Amount is specified in the applicable Final Terms, interest shall be calculated in respect of any period by applying the Rate of Interest to:

- (A) in the case of Fixed Rate Notes which are either Interbolsa Notes or are represented by a global Note held on behalf of Clearstream, Luxembourg and/or Euroclear, the full nominal amount outstanding of the Fixed Rate Notes (or, if they are Partly Paid Notes, the full amount paid up); or
- (B) in the case of Fixed Rate Notes in definitive form, the Calculation Amount;

and, in each case, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Fixed Rate Note in definitive form is a multiple of the Calculation Amount, the amount of interest payable in respect of such Fixed Rate Note shall be the product of the amount (determined in the manner provided above) for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination, without any further rounding.

"Day Count Fraction" means, in respect of the calculation of an amount of interest in accordance with this Condition 5(a):

- (i) if "Actual/Actual (ICMA)" is specified in the applicable Final Terms:
 - (A) in the case of Notes where the number of days in the relevant period from (and including) the most recent Interest Payment Date (or, if none, the Interest Commencement Date) to (but excluding) the relevant payment date (the "Accrual Period") is equal to or shorter than the Determination Period during which the Accrual Period ends, the number of days in such Accrual Period divided by the product of (1) the number of days in such Determination Period and (2) the number of Determination

Dates (as specified in the applicable Final Terms) that would occur in one calendar year;
or

- (B) in the case of Notes where the Accrual Period is longer than the Determination Period during which the Accrual Period ends, the sum of:
- (1) the number of days in such Accrual Period falling in the Determination Period in which the Accrual Period begins divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates (as specified in the applicable Final Terms) that would occur in one calendar year; and
 - (2) the number of days in such Accrual Period falling in the next Determination Period divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates that would occur in one calendar year; and
- (ii) if “30/360” is specified in the applicable Final Terms, the number of days in the period from (and including) the most recent Interest Payment Date (or, if none, the Interest Commencement Date) to (but excluding) the relevant payment date (such number of days being calculated on the basis of a year of 360 days with 12 30-day months) divided by 360.

In these Terms and Conditions:

“Determination Period” means the period from (and including) a Determination Date to (but excluding) the next Determination Date (including, where either the Interest Commencement Date or the final Interest Payment Date is not a Determination Date, the period commencing on the first Determination Date prior to, and ending on the first Determination Date falling after, such date); and

“sub-unit” means, with respect to any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, with respect to euro, means one cent.

(b) ***Interest on Floating Rate Notes and Index Linked Interest Notes***

(i) ***Interest Payment Dates***

Each Floating Rate Note and Index Linked Interest Note bears interest from (and including) the Interest Commencement Date and such interest will be payable in arrear on either:

- (A) the Specified Interest Payment Date(s) in each year specified in the applicable Final Terms; or
- (B) if no Specified Interest Payment Date(s) is/are specified in the applicable Final Terms, each date (each such date, together with each Specified Interest Payment Date, an “Interest Payment Date”) which falls on the number of months or other period specified as the Specified Period in the applicable Final Terms after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

Such interest will be payable in respect of each Interest Period (which expression shall, in these Terms and Conditions, mean the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date). For so long as any of the Floating Rate Notes or Index Linked Interest Notes is represented by a global Note held on behalf of Clearstream, Luxembourg and/or Euroclear, interest will be paid to Clearstream, Luxembourg and Euroclear for distribution by them to entitled accountholders in accordance with their usual rules and operating procedures. Interest on Floating Rate Notes or Index Linked Interest Notes which are Interbolsa Notes will be paid to the Affiliate Members

of Interbolsa for distribution by them to the accounts of entitled Noteholders in accordance with Interbolsa's usual rules and operating procedures.

If a Business Day Convention is specified in the applicable Final Terms and (x) there is no numerically corresponding day in the calendar month on which an Interest Payment Date should occur or (y) if any Interest Payment Date would otherwise fall on a day which is not a Business Day, then, if the Business Day Convention specified is:

- (1) in any case where Specified Periods are specified in accordance with Condition 5(b)(i)(B), the Floating Rate Convention, such Interest Payment Date (i) in the case of (x) above, shall be the last day that is a Business Day in the relevant month and the provisions of (B) below shall apply *mutatis mutandis* or (ii) in the case of (y) above, shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event (A) such Interest Payment Date shall be brought forward to the immediately preceding Business Day and (B) each subsequent Interest Payment Date shall be the last Business Day in the month which falls the Specified Period after the preceding applicable Interest Payment Date occurred; or
- (2) the Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day; or
- (3) the Modified Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Payment Date shall be brought forward to the immediately preceding Business Day; or
- (4) the Preceding Business Day Convention, such Interest Payment Date shall be brought forward to the immediately preceding Business Day.

In these Terms and Conditions, "Business Day" means a day which is both:

- (A) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in Lisbon in the case of Interbolsa Notes and any Additional Business Centre specified in the applicable Final Terms; and
- (B) either (1) in relation to any sum payable in a Specified Currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency (which, if the Specified Currency is Australian dollars or New Zealand dollars, shall be Sydney and Auckland, respectively) or (2) in relation to any sum payable in euro, a day on which the Trans-European Automated Real-Time Gross Settlement Express Transfer (TARGET2) System (the "TARGET2 System") is open.

Interest will be paid subject to and in accordance with the provisions of Condition 6.

(ii) *Rate of Interest*

The Rate of Interest payable from time to time in respect of Floating Rate Notes and Index Linked Interest Notes will be determined in the manner specified in the applicable Final Terms.

(A) ISDA Determination for Floating Rate Notes

Where ISDA Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will be the relevant ISDA Rate plus or minus (as indicated in the applicable Final Terms) the Margin (if any). For the purposes of this sub-paragraph (A), "ISDA Rate" for an Interest Period means a rate equal to the Floating Rate that would be determined

by the Agent or other person specified in the applicable Final Terms under an interest rate swap transaction if the Agent or that other person were acting as Calculation Agent for that swap transaction under the terms of an agreement incorporating the 2006 ISDA Definitions (as published by the International Swaps and Derivatives Association, Inc. and amended and updated as at the Issue Date of the first Tranche of Notes and as published by the International Swaps and Derivatives Association, Inc. (the “ISDA Definitions”)) and under which:

- (1) the Floating Rate Option is as specified in the applicable Final Terms;
- (2) the Designated Maturity is a period specified in the applicable Final Terms; and
- (3) the relevant Reset Date is either (i) if the applicable Floating Rate Option is based on the London inter-bank offered rate (“LIBOR”) or on the Euro-zone inter-bank offered rate (“EURIBOR”) for a currency, the first day of that Interest Period or (ii) in any other case, as specified in the applicable Final Terms.

For the purposes of this sub-paragraph (A), “Euro-zone”, “Floating Rate”, “Calculation Agent”, “Floating Rate Option”, “Designated Maturity” and “Reset Date” have the meanings given to those terms in the ISDA Definitions.

Unless otherwise stated in the applicable Final Terms the Minimum Rate of Interest shall be deemed to be zero.

When this sub-paragraph (A) applies, in respect of each relevant Interest Period the Agent will be deemed to have discharged its obligations under Condition 5(b)(ii) in respect of the determination of the Interest Rate if it has determined the Rate of Interest in respect of such Interest Period in the manner provided in this sub-paragraph (A).

(B) Screen Rate Determination for Floating Rate Notes

Where Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will, subject as provided below, be either:

- (1) the offered quotation; or
- (2) the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the offered quotations,

(expressed as a percentage rate per annum) for the Reference Rate which appears or appear, as the case may be, on the Relevant Screen Page as at 11.00 a.m. (London time, in the case of LIBOR, or Brussels time, in the case of EURIBOR) on the Interest Determination Date in question plus or minus (as indicated in the applicable Final Terms) the Margin (if any), all as determined by the Agent. If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Agent for the purpose of determining the arithmetic mean (rounded as provided above) of such offered quotations.

The Principal Agency Agreement contains provisions for determining the Rate of Interest in the event that the Relevant Screen Page is not available or if, in the case of (1) above, no such quotation appears or, in the case of (2) above, fewer than three such offered quotations appear, in each case as at the time specified in the preceding paragraph.

If the Reference Rate from time to time in respect of Floating Rate Notes is specified in the applicable Final Terms as being other than LIBOR or EURIBOR, the Rate of Interest in respect of such Notes will be determined as provided in the applicable Final Terms.

(iii) *Minimum Rate of Interest and/or Maximum Rate of Interest*

If the applicable Final Terms specifies a Minimum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of paragraph (ii) above is less than such Minimum Rate of Interest, the Rate of Interest for such Interest Period shall be such Minimum Rate of Interest.

If the applicable Final Terms specifies a Maximum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of paragraph (ii) above is greater than such Maximum Rate of Interest, the Rate of Interest for such Interest Period shall be such Maximum Rate of Interest.

(iv) *Determination of Rate of Interest and Calculation of Interest Amounts*

The Agent, in the case of Floating Rate Notes, and the Calculation Agent, in the case of Index Linked Interest Notes, will at or as soon as practicable after each time at which the Rate of Interest is to be determined, determine the Rate of Interest for the relevant Interest Period. In the case of Index Linked Interest Notes, the Calculation Agent will notify the Agent of the Rate of Interest for the relevant Interest Period as soon as practicable after calculating the same.

The Agent will calculate the amount of interest (the “Interest Amount”) payable on the Floating Rate Notes or Index Linked Interest Notes for the relevant Interest Period by applying the Rate of Interest to:

- (A) in the case of Floating Rate Notes or Index Linked Interest Notes which are either Interbolsa Notes or are represented by a global Note held on behalf of Clearstream, Luxembourg and/or Euroclear, the full nominal amount outstanding of the relevant Notes (or, if they are Partly Paid Notes, the full amount paid up); or
- (B) in the case of Floating Rate Notes or Index Linked Interest Notes in definitive form, the Calculation Amount;

and, in each case, multiplying such sum by the applicable Day Count Fraction and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Floating Rate Note or an Index Linked Interest Note in definitive form is a multiple of the Calculation Amount, the Interest Amount payable in respect of such Note shall be the product of the amount (determined in the manner provided above) for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination, without any further rounding.

“Day Count Fraction” means, in respect of the calculation of an amount of interest for any Interest Period:

- (i) if “Actual/Actual” or “Actual/Actual (ISDA)” is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365 (or, if any portion of that Interest Period falls in a leap year, the sum of (A) the actual number of days in that portion of the Interest Period falling in a leap year divided by 366 and (B) the actual number of days in that portion of the Interest Period falling in a non-leap year divided by 365);
- (ii) if “Actual/365 (Fixed)” is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365;

- (iii) if “Actual/365 (Sterling)” is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365 or, in the case of an Interest Payment Date falling in a leap year, 366;
- (iv) if “Actual/360” is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 360;
- (v) if “30/360”, “360/360” or “Bond Basis” is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

“Y₁” is the year, expressed as a number, in which the first day of the Interest Period falls;

“Y₂” is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“M₁” is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

“M₂” is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“D₁” is the first calendar day, expressed as a number, of the Interest Period, unless such number is 31, in which case D₁ will be 30; and

“D₂” is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless such number would be 31 and D₁ is greater than 29, in which case D₂ will be 30;

- (vi) if “30E/360” or “Eurobond Basis” is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

“Y₁” is the year, expressed as a number, in which the first day of the Interest Period falls;

“Y₂” is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“M₁” is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

“M₂” is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“D₁” is the first calendar day, expressed as a number, of the Interest Period, unless such number would be 31, in which case D₁ will be 30; and

“D₂” is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless such number would be 31, in which case D₂ will be 30;

- (vii) if “30E/360 (ISDA)” is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

“Y₁” is the year, expressed as a number, in which the first day of the Interest Period falls;

“Y₂” is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“M₁” is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

“M₂” is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“D₁” is the first calendar day, expressed as a number, of the Interest Period, unless (i) that day is the last day of February or (ii) such number would be 31, in which case D₁ will be 30; and

“D₂” is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless (i) that day is the last day of February but not the Maturity Date or (ii) such number would be 31, in which case D₂ will be 30.

(v) *Notification of Rate of Interest and Interest Amounts*

The Agent will cause the Rate of Interest and each Interest Amount for each Interest Period and the relevant Interest Payment Date to be notified to the Issuer, the other Paying Agents and any stock exchange or other relevant authority on which the relevant Floating Rate Notes or Index Linked Interest Notes are for the time being listed (by no later than the first day of each Interest Period) or by which they have been admitted to listing and notice thereof to be published in accordance with Condition 14 as soon as possible after their determination but in no event later than the fourth London Business Day thereafter. Each Interest Amount and Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without prior notice in the event of an extension or shortening of the Interest Period. Any such amendment will be promptly notified to each stock exchange or other relevant authority on which the relevant Floating Rate Notes or Index Linked Interest Notes are for the time being listed or by which they have been admitted to listing and to the Noteholders in accordance with Condition 14. “London Business Day” means a day (other than a Saturday or a Sunday) on which banks and foreign exchange markets are open for business in London.

(vi) *Determination or calculation by Trustee or by a designated bank*

If for any reason the Agent at any time after the Issue Date defaults in its obligation to determine the Rate of Interest or calculate any Interest Amount in accordance with sub-paragraph (ii) above, then (A) (except in respect of Interbolsa Notes), the Trustee or (B) (in respect of Interbolsa Notes), any bank designated by the Common Representative for such purpose or, if no such bank is designated, a meeting of the Noteholders by Extraordinary Resolution, shall determine the Rate of Interest at such rate as, in its absolute discretion (having such regard as it shall think fit to the foregoing provisions of this Condition but subject always to any Minimum Rate of Interest and/or Maximum Rate of Interest specified in the applicable Final Terms) it shall deem fair and reasonable in all the circumstances or, as the case may be, the Trustee, designated bank or meeting of holders of Interbolsa Notes, as the case may be, shall calculate the Interest Amount(s) in such manner as it shall deem fair and reasonable in all the circumstances and each such determination or calculation shall be deemed to have been made by the Agent.

(vii) *Certificates to be Final*

All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 5(b), whether by the Agent or (except in respect of Interbolsa Notes) the Trustee, or (in the case of Interbolsa Notes), by or on behalf of the Common Representative or, if applicable, the Calculation Agent, shall (in the absence of negligence, wilful default, bad faith or manifest error) be binding on the Issuer, the Bank (where the Issuer is BES Finance), the Agent, the Trustee, the Common Representative the Calculation Agent (if applicable), the other Paying Agents and all Noteholders, Receiptholders and Couponholders and (in the absence as aforesaid) no liability to the Issuer, the Bank (where the Issuer is BES Finance), the Noteholders, the Receiptholders or the Couponholders shall attach to the Agent or the Trustee or the Common Representative or the Calculation Agent (if applicable) in connection with the exercise or non-exercise by it of its powers, duties and discretions pursuant to such provisions.

(c) *Interest on Dual Currency Interest Notes*

In the case of Dual Currency Notes, if the rate or amount of interest falls to be determined by reference to an exchange rate, the rate or amount of interest payable shall be determined in the manner specified in the applicable Final Terms.

(d) *Interest on Partly Paid Notes*

In the case of Partly Paid Notes (other than Partly Paid Notes which are Zero Coupon Notes), interest will accrue as aforesaid on the paid-up nominal amount of such Notes and otherwise as specified in the applicable Final Terms.

(e) *Undated Subordinated Notes*

Interest on Undated Subordinated Notes shall accrue from day to day and shall be payable on each Compulsory Interest Payment Date (as defined below) in respect of the interest accrued in the Interest Period ending on (but excluding) such Compulsory Interest Payment Date. On any Optional Interest Payment Date (as defined below) there may be paid (if the Issuer so elects and gives not less than 30 days' notice of such election to the holders of Undated Subordinated Notes in accordance with Condition 14) the interest accrued in the Interest Period ending on (but excluding) such Optional Interest Payment Date (an "Accrual Period") but the Issuer shall not have any obligation to make such payment and any failure to pay shall not constitute a default by the Issuer for any purpose; and any interest not so paid shall, so long as the same remains unpaid, constitute "Arrears of Interest". The Issuer may at its option, after giving notice to the holders of Undated Subordinated Notes in accordance with Condition 14 at any time pay all or part of the Arrears of Interest (being, if part only, the whole of the interest accrued on all the Undated Subordinated Notes during any one or more accrual Period(s)) but so that, in the case of any such partial payment, the interest accrued during any Accrual Period shall not be paid prior to that accrued during any earlier Accrual Period. All Arrears of Interest shall become due in full on whichever is the earliest of (i) the date on which any dividend or other distribution is next declared, paid or made on any class of stock or share capital of the Issuer or (where the Issuer is BES Finance) the Bank, (ii) the date set for any repayment permitted under Condition 7(b) or (c) and (iii) the commencement of winding up of the Issuer or (where the Issuer is BES Finance) the Bank. If notice is given by the Issuer of its intention to pay all or part of the Arrears of Interest, the Issuer shall be obliged to do so upon the expiry of such notice. Neither Arrears of Interest nor any Interest due but unpaid shall bear interest. Payment of Arrears of Interest is subject to the approval of the Bank of Portugal.

For the purposes of this paragraph (e):

"Compulsory Interest Payment Date" means any Interest Payment Date in relation to which any dividend or other distribution has been declared, paid or made on any class of the stock or share capital

of the Issuer or (where the Issuer is BES Finance) the Bank in the immediately preceding interest period; and

“Optional Interest Payment Date” means any Interest Payment Date other than a Compulsory Interest Payment Date.

(f) ***Accrual of Interest***

Each Note (or in the case of the redemption of part only of a Note, that part only of such Note) will cease to bear interest (if any) from the date scheduled for its redemption unless payment of principal is improperly withheld or refused. In such event, interest will continue to accrue, in the case of Notes other than Interbolsa Notes, as provided in the Trust Deed or, in the case of Interbolsa Notes, until whichever is the earlier of:

- (i) the date on which all amounts due in respect of such Interbolsa Note have been paid; and
- (ii) five days after the date on which the full amount of the moneys payable in respect of such Interbolsa Note has been received by the Agent and notice to that effect has been given to the Noteholders in accordance with Condition 14.

Provided That if the Notes become redeemable pursuant to Condition 24(b), Condition 24(c) or Condition 24(d); and

- (i) “Accrual of Interest upon Credit Event” is specified as Not Applicable in the applicable Final Terms, each Note shall cease to bear interest from the Interest Payment Date immediately preceding the Credit Event Determination Date (as defined in Condition 24(m)) or, if the Credit Event Determination Date is an Interest Payment Date such Interest Payment Date or, if the Credit Event Determination Date falls prior to the first Interest Payment Date, no interest shall accrue on the Notes; or
- (ii) “Accrual of Interest upon Credit Event” is specified as being Applicable in the applicable Final Terms, each Note shall cease to bear interest from the Credit Event Determination Date; and

Provided Further That, if:

- (i) Condition 24(e), Condition 24(f) or Condition 24(g) applies in respect of the Notes and, in the case of Condition 24(e), a Repudiation/Moratorium has not occurred on or prior to the Repudiation/Moratorium Evaluation Date or, in the case of Condition 24(f), a Failure to Pay has not occurred on or prior to the Grace Period Extension Date or, in the case of Condition 24(g), a Credit Event has not occurred prior to the DC Cut-off Date, as the case may be; and/or
- (ii) Condition 24(h) applies in respect of the Notes and the Maturity Date, the Repudiation/Moratorium Evaluation Date or the Grace Period Extension Date, as the case may be, is postponed as provided therein,

then interest will accrue as provided in Condition 24(e), Condition 24(f), Condition 24(g) or Condition 24(h), as the case may be.

6. Payments

(a) ***Method of Payment***

Subject as provided below:

- (i) payments in a Specified Currency other than euro will be made by transfer to an account in the relevant Specified Currency maintained by the payee with a bank in the principal financial centre of the country of such Specified Currency (which, if the Specified Currency is Australian dollars or New Zealand dollars, shall be Sydney and Auckland, respectively); and

- (ii) payments in euro will be made by credit or transfer to a euro account (or any other account to which euro may be credited or transferred) specified by the payee.

Payments will be subject in all cases to any fiscal or other laws and regulations applicable thereto in the place of payment, but without prejudice to the provisions of Condition 8.

(b) ***Presentation of definitive Notes, Receipts and Coupons***

Payments of principal in respect of definitive Notes will (subject as provided below) be made in the manner provided in paragraph (a) above only against surrender of definitive Notes, and payments of interest in respect of definitive Notes will (subject as provided below) be made as aforesaid only against surrender of Coupons, in each case at the specified office of any Paying Agent outside the United States (which expression, as used herein, means the United States of America (including the States and the District of Columbia, its territories and its possessions and other areas subject to its jurisdiction)).

Payments of instalments of principal (if any) in respect of definitive Notes, other than the final instalment, will (subject as provided below) be made in the manner provided in paragraph (a) above against surrender of the relevant Receipt. Payment of the final instalment will be made in the manner provided in paragraph (a) above only against surrender of the relevant Note. Each Receipt must be presented for payment of the relevant instalment together with the definitive Note to which it appertains. Receipts presented without the definitive Note to which they appertain do not constitute valid obligations of the Issuer. Upon the date on which any definitive Note becomes due and repayable, unmatured Receipts (if any) relating thereto (whether or not attached) shall become void and no payment shall be made in respect thereof.

Fixed Rate Notes in definitive form (other than Dual Currency Notes, Index Linked Notes or Credit Linked Notes) should be presented for payment together with all unmatured Coupons appertaining thereto (which expression shall for this purpose include Coupons falling to be issued on exchange of matured Talons), failing which the amount of any missing unmatured Coupon (or, in the case of payment not being made in full, the same proportion of the amount of such missing unmatured Coupon as the sum so paid bears to the sum due) will be deducted from the sum due for payment. Each amount of principal so deducted will be paid in the manner mentioned above against surrender of the relative missing Coupon at any time before the expiry of 10 years after the Relevant Date (as defined in Condition 8) in respect of such principal (whether or not such Coupon would otherwise have become void under Condition 9) or, if later, five years from the date on which such Coupon would otherwise have become due, but in no event thereafter.

Upon any Fixed Rate Note in definitive form becoming due and repayable prior to its Maturity Date, all unmatured Talons (if any) appertaining thereto will become void and no further Coupons will be issued in respect thereof.

Upon the date on which any Floating Rate Note, Dual Currency Note, Index Linked Note, Long Maturity Note or Credit Linked Note in definitive form becomes due and repayable, unmatured Coupons and Talons (if any) relating thereto (whether or not attached) shall become void and no payment or, as the case may be, exchange for further Coupons shall be made in respect thereof. A "Long Maturity Note" is a Fixed Rate Note (other than a Fixed Rate Note which on issue had a Talon attached) whose nominal amount on issue is less than the aggregate interest payable thereon provided that such Note shall cease to be a Long Maturity Note on the Interest Payment Date on which the aggregate amount of interest remaining to be paid after that date is less than the nominal amount of such Note.

If the due date for redemption of any definitive Note is not an Interest Payment Date, interest (if any) accrued in respect of such Note from (and including) the preceding Interest Payment Date or, as the case may be, the Interest Commencement Date shall be payable only against surrender of the relevant definitive Note.

(c) ***Payments in respect of global Notes***

Payments of principal and interest (if any) in respect of Notes represented by any global Note will (subject as provided below) be made in the manner specified above in relation to definitive Notes or otherwise in the manner specified in the relevant global Note, where applicable against presentation or surrender, as the case may be, of such global Note, if the global Note is not issued in new global note form, at the specified office of any Paying Agent outside the United States. A record of each payment made, distinguishing between any payment of principal and any payment of interest, will be made on such global Note either by the Paying Agent to which it was presented or, in the records of Euroclear and Clearstream, Luxembourg, as applicable.

The holder of a global Note (or, as provided in the Trust Deed, the Trustee) shall be the only person entitled to receive payments in respect of Notes represented by such global Note and the Issuer or, as the case may be, the Bank (where the Issuer is BES Finance) will be discharged by payment to, or to the order of, the holder of such global Note (or, as provided in the Trust Deed, the Trustee) in respect of each amount so paid. Each of the persons shown in the records of Euroclear or Clearstream, Luxembourg as the beneficial holder of a particular nominal amount of Notes represented by such global Note must look solely to Euroclear or Clearstream, Luxembourg, as the case may be, for his share of each payment so made by the Issuer or, as the case may be, the Bank (where the Issuer is BES Finance) to, or to the order of, the holder of such global Note (or, as provided in the Trust Deed, the Trustee).

(d) ***Payments in respect of Interbolsa Notes***

All payments on Interbolsa Notes (including without limitation the payment of accrued interest and principal) will be made by the Issuer to the Portuguese Paying Agent and (i) **if made in euro** will be (a) credited, according to the procedures and regulations of Interbolsa, by the Portuguese Paying Agent to the payment current-accounts held in the payment system of the Bank of Portugal by the Affiliate Members of Interbolsa whose control accounts with Interbolsa are credited with such Notes and thereafter (b) credited by such Interbolsa Affiliate Members from the aforementioned payment current-accounts to the accounts of the Noteholders or through Euroclear and Clearstream, Luxembourg to the accounts with Euroclear and Clearstream, Luxembourg of the beneficial owners of those Notes, in accordance with the rules and procedures of Interbolsa, Euroclear or Clearstream, Luxembourg, as the case may be; (ii) **if made in currencies other than euro** will be (a) transferred, on the payment date and according to the procedures and regulations applicable by Interbolsa, from the account held by the Portuguese Paying Agent in the Foreign Currency Settlement System (*Sistema de Liquidação em Moeda Estrangeira*), managed by Caixa Geral de Depósitos, S.A., to the relevant accounts of the relevant Affiliate Members of Interbolsa, and thereafter (b) transferred by such Affiliate Members of Interbolsa from such relevant accounts to the accounts of the Noteholders of those Notes or through Euroclear and Clearstream, Luxembourg to the accounts with Euroclear and Clearstream, Luxembourg of the beneficial owners of those Notes, in accordance with the rules and procedures of Interbolsa, Euroclear or Clearstream, Luxembourg, as the case may be.

The Issuer must provide Interbolsa with a prior notice of all payments in relation to the Interbolsa Notes and all necessary information for that purpose. In particular, such notice must contain:

- (a) the identity of the Portuguese Paying Agent responsible for the relevant payment; and
- (b) a statement of acceptance of such responsibility by the Portuguese Paying Agent.

Interbolsa shall notify the Portuguese Paying Agent of the amounts to be settled, which Interbolsa calculates on the basis of the balances and on the tax rules governing the accounts of the Affiliate Members of Interbolsa.

In the case of a partial payment, the amount held in the relevant current account of the Portuguese Paying Agent must be apportioned pro-rata between the accounts of the Affiliate Members of Interbolsa. After a payment has been processed, such process shall be confirmed to Interbolsa.

The holders of Interbolsa Notes are reliant upon the procedures of Interbolsa to receive payment in respect of Interbolsa Notes.

(e) ***Amounts payable in U.S. dollars (not applicable to Interbolsa Notes)***

Notwithstanding the foregoing provisions of this Condition, if any amount of principal and/or interest in respect of this Note is payable in U.S. dollars, such U.S. dollar payments of principal and/or interest in respect of this Note will be made at the specified office of a Paying Agent in the United States if:

- (i) the Issuer has appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment in U.S. dollars at such specified offices outside the United States of the full amount of principal and interest on the Notes in the manner provided above when due;
- (ii) payment of the full amount of such principal and interest at all such specified offices outside the United States is illegal or effectively precluded by exchange controls or other similar restrictions on the full payment or receipt of principal and interest in U.S. dollars; and
- (iii) such payment is then permitted under United States law without involving, in the opinion of the Issuer, adverse tax consequences to the Issuer or the Bank (where the Issuer is BES Finance).

(f) ***Payment Day***

If the date for payment of any amount in respect of any Note, Receipt or Coupon is not a Payment Day, the holder thereof shall not be entitled to payment until the next following Payment Day in the relevant place and shall not be entitled to further interest or other payment in respect of such delay. For these purposes, "Payment Day" means any day which (subject to Condition 9) is:

- (i) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in:
 - (A) the relevant place of presentation (if presentation is required);
 - (B) in respect of Interbolsa Notes only, Lisbon;
 - (C) any Additional Financial Centre specified in the applicable Final Terms; and
- (ii) either (1) in relation to any sum payable in a Specified Currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency (which, if the Specified Currency is Australian dollars or New Zealand dollars, shall be Sydney and Auckland, respectively) or (2) in relation to any sum payable in euro, a day on which the TARGET2 System is open.

(g) ***Interpretation of Principal and Interest***

Any reference in these Terms and Conditions to principal in respect of the Notes shall be deemed to include, as applicable:

- (i) any additional amounts which may be payable with respect to principal under Condition 8 or, except in the case of Interbolsa Notes, pursuant to any undertakings given in addition thereto or in substitution therefore pursuant to the Trust Deed;
- (ii) the Final Redemption Amount of the Notes;
- (iii) the Early Redemption Amount of the Notes;
- (iv) the Optional Redemption Amount(s) (if any) of the Notes;

- (v) in relation to Notes redeemable in instalments, the Instalment Amounts;

- (vii) in relation to Zero Coupon Notes, the Amortised Face Amount; and
- (viii) any premium and any other amounts (other than interest) which may be payable by the Issuer under or in respect of the Notes.

Any reference in these Terms and Conditions to interest in respect of the Notes shall be deemed to include, as applicable, any additional amounts which may be payable with respect to interest under Condition 8 or, except in the case of Interbolsa Notes, pursuant to any undertakings given in addition thereto or in substitution therefor pursuant to the Trust Deed.

7. Redemption and Purchase

(a) *At Maturity*

Except in the case of Credit Linked Notes, in which case the provisions of Condition 24 will apply, unless previously redeemed or purchased and cancelled as specified below, each Note (including each Index Linked Redemption Note and Dual Currency Redemption Note) will be redeemed by the Issuer at its Final Redemption Amount specified in, or determined in the manner specified in, the applicable Final Terms in the relevant Specified Currency on the Maturity Date.

(b) *Redemption for Tax Reasons*

The Notes may be redeemed at the option of the Issuer (after obtaining the consent of the Bank of Portugal wherever it is required in the case of Dated Subordinated Notes and Undated Subordinated Notes) in whole, but not in part, at any time (if this Note is neither a Floating Rate Note nor an Index Linked Interest Note) or on any Interest Payment Date (if this Note is either a Floating Rate Note or an Index Linked Interest Note), on giving not less than 30 nor more than 60 days' notice to the Agent, the Trustee (except in respect of Interbolsa Notes), the Common Representative (in respect of Interbolsa Notes) and, in accordance with Condition 14, the Noteholders (which notice shall be irrevocable), if:

- (i) on the occasion of the next payment due under the Notes, the Issuer has or will become obliged to pay additional amounts as provided or referred to in Condition 8 or the Bank (where the Issuer is BES Finance) would be unable for reasons outside its control to procure payment by BES Finance and in making payment itself would be required to pay such additional amounts, in either case as a result of any change in, or amendment to, the laws or regulations of any Relevant Tax Jurisdiction or any political subdivision or any authority thereof or therein having power to tax, or any change in the application or official interpretation of such laws or regulations, which change or amendment becomes effective on or after the Issue Date of the first Tranche of the Notes;
- (ii) the Issuer satisfies the Trustee (except in the case of Interbolsa Notes) or the Common Representative and the Portuguese Paying Agent (in the case of Interbolsa Notes) immediately prior to the giving of such notice as to (i) above; and
- (iii) such obligation cannot be avoided by the Issuer or the Bank (where the Issuer is BES Finance) taking reasonable measures available to it,

provided that no such notice of redemption shall be given earlier than 90 days prior to the earliest date on which the Issuer or the Bank (where the Issuer is BES Finance) would be obliged to pay such additional amounts were a payment in respect of the Notes then due.

Prior to the publication of any notice of redemption pursuant to this Condition 7(b), the Issuer shall deliver to the Agent and the Common Representative (in respect of Interbolsa Notes) or to the Trustee (in respect of any Note other than an Interbolsa Note) a certificate signed by two Directors of the

Issuer or two Directors of the Bank (where the Issuer is BES Finance) stating that the Issuer is entitled to effect such redemption and setting forth a statement of facts showing that the conditions precedent to the right of the Issuer so to redeem have occurred, and an opinion of independent legal advisers of recognised standing to the effect that the Issuer or the Bank (where the Issuer is BES Finance) has or will become obliged to pay such additional amounts as a result of such change or amendment. The Trustee or, as the case may be, the Agent and the Common Representative, shall be entitled to accept any such certificate and opinion delivered to it as sufficient evidence of the satisfaction of such conditions precedent in which event they shall be conclusive and binding on the Noteholders, the Receipholders and the Couponholders.

Notes redeemed pursuant to this Condition 7(b) will be redeemed at their Early Redemption Amount referred to in paragraph (e) below together (if appropriate) with interest accrued to (but excluding) the date of redemption.

“Relevant Tax Jurisdiction” means (i), in respect of payments made by BES Finance, the Cayman Islands, (ii) in respect of payments where the Bank is specified in the applicable Final Terms as Issuer and is acting through its head office or its Madeira Free Trade Zone branch, Portugal (including Madeira); (iii) in respect of payments where the Bank is specified in the applicable Final Terms as Issuer and is acting through its Cayman Islands branch, the Cayman Islands; and (iv) in respect of payments made by the Bank, acting through its London branch, either as Issuer or as Guarantor where the Issuer is BES Finance, the United Kingdom.

(c) ***Redemption at the Option of the Issuer (Issuer Call)***

If Issuer Call is specified in the applicable Final Terms, the Issuer shall (after obtaining the consent of the Bank of Portugal whenever it is required in the case of Dated Subordinated Notes and Undated Subordinated Notes), having given:

- (i) not less than 30 nor more than 60 days’ notice to the Noteholders in accordance with Condition 14; and
- (ii) not less than 15 days before the giving of the notice referred to in (i), notice to the Agent and (except in respect of Interbolsa Notes) to the Trustee and (in respect of Interbolsa Notes) to the Common Representative,

(which notices shall be irrevocable), redeem all or some only of the Notes then outstanding on any Optional Redemption Date and at the Optional Redemption Amount(s) specified in, or determined in the manner specified in, the applicable Final Terms together, if appropriate, with interest accrued to (but excluding) the relevant Optional Redemption Date. Any such redemption must be of a nominal amount not less than the Minimum Redemption Amount or not more than a Higher Redemption Amount, in each case as may be specified in the applicable Final Terms. In the case of a partial redemption of Notes, the Notes to be redeemed (“Redeemed Notes”) will, not more than 30 days prior to the date fixed for redemption (such date of selection being hereinafter called the “Selection Date”), be selected (i) individually by lot, in the case of Redeemed Notes represented by definitive Notes, (ii) in accordance with the rules of Euroclear and/ or Clearstream, Luxembourg (to be reflected in the records of Euroclear and Clearstream, Luxembourg as either a pool factor or a reduction in nominal amount, at their discretion), in the case of Redeemed Notes represented by a global Note and (iii) in accordance with the rules of Interbolsa, in the case of Redeemed Notes that are Interbolsa Notes. In the case of Redeemed Notes represented by definitive Notes, a list of the serial numbers of such Redeemed Notes will be published in accordance with Condition 14 not less than 15 days prior to the date fixed for redemption. No exchange of the relevant global Note will be permitted during the period from and including the Selection Date to and including the date fixed for redemption pursuant to this paragraph (c) and notice to that effect shall be given by the Issuer to the Noteholders in accordance with Condition 14 at least five days prior to the Selection Date.

(d) ***Redemption at the Option of the Noteholders (Investor Put)***

If Investor Put is specified in the applicable Final Terms (provided that Investor Put may not be specified if this is a Dated Subordinated Note or an Undated Subordinated Note), upon the holder of any Note giving to the Issuer in accordance with Condition 14 not less than 30 nor more than 60 days' notice (which notice shall be irrevocable) or such other period of notice as is specified in the applicable Final Terms the Issuer will, upon the expiry of such notice, redeem, subject to, and in accordance with, the terms specified in the applicable Final Terms, in whole (but not in part), such Note on the Optional Redemption Date and at the Optional Redemption Amount specified in, or determined in the manner specified in, the applicable Final Terms together, if appropriate, with interest accrued to (but excluding) the Optional Redemption Date. It may be that before an Investor Put can be exercised, certain conditions and/or circumstances will need to be satisfied. Where relevant, the provisions will be set out in the applicable Final Terms.

If this Note is in definitive form, to exercise the right to require redemption of this Note the holder of this Note must deliver such Note at the specified office of any Paying Agent at any time during normal business hours of such Paying Agent falling within the notice period, accompanied by a duly completed and signed notice of exercise in the form (for the time being current) obtainable from any specified office of any Paying Agent (a "Eurobond Put Notice") and in which the holder must specify a bank account (or, if payment is by cheque, an address) to which payment is to be made under this Condition accompanied by, if this Note is in definitive form, this Note or evidence satisfactory to the Paying Agent concerned that this Note will, following delivery of the Put Notice, be held to its order or under its control.

If this Note is an Interbolsa Note, to exercise the right to require redemption of this Note the holder of this Note must, during normal business hours on a day falling within the notice period, deliver to the Portuguese Paying Agent a Certificate and a duly completed and signed notice of exercise in the form obtainable from the specified office of the Portuguese Paying Agent (an "Interbolsa Notes Put Notice", each Interbolsa Notes Put Notice or Eurobond Put Notice being a "Put Notice") and in which the holder of the Notes must specify a bank account or, if payment is required to be made by cheque, an address to which payment is to be made under this Condition.

(e) ***Early Redemption Amounts***

For the purpose of paragraph (b) above and Condition 10, the Notes will be redeemed at the Early Redemption Amount calculated as follows:

- (i) in the case of Notes with a Final Redemption Amount equal to the Issue Price, at the Final Redemption Amount thereof;
- (ii) in the case of Notes (other than Zero Coupon Notes but including Instalment Notes and Partly Paid Notes) with a Final Redemption Amount which is or may be less or greater than the Issue Price or which is payable in a Specified Currency other than that in which the Notes are denominated, at the amount specified in, or determined in the manner specified in, the applicable Final Terms or, if no such amount or manner is so specified in the Final Terms, at their nominal amount; or
- (iii) in the case of a Zero Coupon Note, at an amount (the "Amortised Face Amount") calculated in accordance with the following formula:

$$\text{Early Redemption Amount} = \text{RP} \times (1 + \text{AY})^y$$

where:

"RP" means the Reference Price;

"AY" means the Accrual Yield expressed as a decimal; and

"y" is a fraction the numerator of which is equal to the number of days (calculated on the basis of a 360-day year consisting of 12 months of 30 days each) from (and including) the Issue Date

of the first Tranche of the Notes to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Note becomes due and repayable and the denominator of which is 360,

or on such other calculation basis as may be specified in the applicable Final Terms.

(f) ***Instalments***

If the Notes are repayable in instalments, they will be redeemed in the Instalment Amounts and on the Instalment Dates. In the case of early redemption, the Early Redemption Amount will be determined pursuant to paragraph (e) above.

(g) ***Partly Paid Notes***

If the Notes are Partly Paid Notes, they will be redeemed, whether at maturity, early redemption or otherwise, in accordance with the provisions of this Condition and the applicable Final Terms.

(h) ***Purchases***

The Issuer, the Bank (where the Issuer is BES Finance) or any of its Subsidiaries (as defined in the Principal Agency Agreement) may (after obtaining the consent of the Bank of Portugal whenever it is required in the case of Dated Subordinated Guaranteed Notes and Undated Subordinated Guaranteed Notes) at any time purchase Notes (provided that, in the case of definitive Notes, all unmatured Receipts, Coupons and Talons appertaining thereto are purchased therewith) at any price in the open market or otherwise. Such Notes may be held, reissued, resold or, at the option of the Issuer or the Bank (where the Issuer is BES Finance), surrendered to any Paying Agent for cancellation or, in the case of Interbolsa Notes, cancelled by Interbolsa following receipt by Interbolsa of notice thereof by the Portuguese Paying Agent.

(i) ***Cancellation***

All global Notes and definitive Notes which are redeemed will forthwith be cancelled (together with all unmatured Receipts and Coupons attached thereto or surrendered therewith at the time of redemption). All global Notes and definitive Notes so cancelled and the global Notes and definitive Notes purchased and cancelled pursuant to paragraph (h) above (together with all unmatured Receipts and Coupons cancelled therewith) shall be forwarded to the Agent and cannot be reissued or resold.

All Interbolsa Notes which are (a) redeemed or (b) purchased by or on behalf of the Issuer or the Bank (where the Issuer is BES Finance) or any of its Subsidiaries will forthwith be cancelled, by Interbolsa following receipt by Interbolsa of notice thereof by the Portuguese Paying Agent, and accordingly such Interbolsa Notes may not be held, reissued or resold and shall not entitle the holder to vote at any meetings of the Noteholders and shall not be deemed to be outstanding for the purposes of calculating quorums at meetings of the Noteholders or for the purposes of Condition 15 or the Principal Agency Agreement, as amended by the Interbolsa Notes Agency Agreement.

(j) ***Late payment on Zero Coupon Notes***

If the amount payable in respect of any Zero Coupon Note upon redemption of such Zero Coupon Note pursuant to paragraph (a), (b), (c) or (d) above or upon its becoming due and repayable as provided in Condition 10 is improperly withheld or refused, the amount due and repayable in respect of such Zero Coupon Note shall be the amount calculated as provided in paragraph (e)(iii) above as though the references therein to the date fixed for the redemption or the date upon which such Zero Coupon Note becomes due and payable were replaced by references to the date which is the earlier of:

- (i) the date on which all amounts due in respect of such Zero Coupon Note have been paid; and

- (ii) the fifth day after the date on which the full amount of the moneys payable has been received by the Agent or (except in the case of Interbolsa Notes) the Trustee or (in the case of Interbolsa Notes) the Portuguese Paying Agent and notice to that effect has been given to the Noteholders either in accordance with Condition 14 or individually.

8. Taxation

All payments of principal and interest in respect of the Notes, Receipts and Coupons by BES Finance or the Bank will be made without withholding or deduction for or on account of any present or future taxes or duties of whatever nature imposed or levied by or on behalf of any Relevant Tax Jurisdiction as defined in Condition 7(b) or any political subdivision or any authority thereof or therein having power to tax, unless such withholding or deduction is required by law. In such event, BES Finance or the Bank will pay such additional amounts as shall be necessary in order that the net amounts received by the holders of the Notes, Receipts or Coupons after such withholding or deduction shall equal the respective amounts of principal and interest which would otherwise have been receivable in respect of the Notes, Receipts or Coupons, as the case may be, in the absence of such withholding or deduction; except that no such additional amounts shall be payable with respect to any Note, Receipt or Coupon:

- (i) the Noteholder, Receiptholder or Couponholder of which is liable to such taxes, duties, assessments or governmental charges in respect of such Note, Receipt or Coupon by reason of its having some connection with the Relevant Jurisdiction by which such taxes, duties, assessments or charges have been imposed, levied, collected, withheld or assessed other than the mere holding of the Note, Receipt or Coupon; and/or
- (ii) where such withholding or deduction is imposed on a payment to or for an individual and is required to be made pursuant to European Council Directive 2003/48/EC or any law implementing or complying with, or introduced in order to conform to, such Directive; and/or
- (iii) in the case of bearer Notes other than Interbolsa Notes, the Noteholder, Receiptholder or Couponholder of which would be able to avoid such withholding or deduction by presenting the relevant Note, Receipt or Coupon to another Paying Agent in a Member State of the European Union; and/or
- (iv) to, or to a third party on behalf of, a Noteholder, Receiptholder or Couponholder in respect of whom the information and documentation required in order to comply with Madeira Free Trade Zone tax regime, and any implementing legislation, is not received before the Income Payment Date (as defined below); and/or
- (v) in the case of Interbolsa Notes, to, or to a third party on behalf of, a Noteholder, Receiptholder or Couponholder in respect of whom the information and documentation (which may include certificates) required in order to comply with Portuguese Decree-Law 193/2005 of 7th November, 2005, and any implementing legislation, is not received before the Income Payment Date or which does not comply with the formalities in order to benefit from tax treaty benefits, where applicable; and/or
- (vi) in the case of Interbolsa Notes, to, or to a third party on behalf of, a Noteholder, Receiptholder or Couponholder resident for tax purposes in the Republic of Portugal or any political subdivision or any authority thereof or therein having power to tax or a resident in a tax haven jurisdiction as defined in Order 150/2004, of 13th February, 2004 (*Portaria do Ministro das Finanças e da Administração Pública no 150/2004*) as amended from time to time, issued by the Portuguese Minister of Finance and Public Administration, with the exception of central banks and governmental agencies of those blacklisted jurisdictions, or a non-resident legal entity held, directly or indirectly, in more than 20 per cent. by entities resident in the Republic of Portugal; and/or
- (vii) in the case of Interbolsa Notes, to, or to a third party on behalf of, (i) a Portuguese resident legal entity subject to Portuguese corporation tax with the exception of entities that benefit from a Portuguese withholding tax waiver or from Portuguese income tax exemptions, or (ii) a legal entity not resident

in Portugal acting with respect to the holding of the Notes through a permanent establishment in Portugal; and/or

- (viii) in the case of bearer Notes other than Interbolsa Notes, where presentation of the Note, Receipt or Coupon is required, presented for payment more than 30 days after the Relevant Date except to the extent that the holder thereof would have been entitled to an additional amount on presenting the same for payment on such thirtieth day, assuming that day to have been a Payment Day (as defined in Condition 6).

As used herein, the “Relevant Date” means the date on which such payment first becomes due, except that, if the full amount of the moneys payable has not been duly received by the Agent or (other than in the case of Interbolsa Notes) the Trustee on or prior to such due date, it means the date on which, the full amount of such moneys having been so received, notice to that effect is duly given to the Noteholders in accordance with Condition 14.

9. Prescription

The global Notes, definitive Notes, Receipts and Coupons will become void unless claims in respect of principal and/or interest are made within a period of 10 years (in the case of principal) and five years (in the case of interest) after the Relevant Date (as defined in Condition 8) therefor.

There shall not be included in any Coupon sheet issued on exchange of a Talon any Coupon the claim for payment in respect of which would be void pursuant to this Condition 9 or Condition 6(b) or any Talon which itself would be void pursuant to Condition 6(b).

Claims for principal and interest in respect of the Interbolsa Notes shall become void unless the relevant Certificates are surrendered within 20 years and five years respectively of the Relevant Date.

10. Events of Default

- (A) This Condition 10(A) applies only to Senior Notes and in this Condition 10(A) references to “Notes” shall be construed accordingly.

If any one or more of the following events (each an “Event of Default”) shall occur and be continuing:

- (i) default is made in the payment of any principal or interest due in respect of the Notes or any of them and such default continues, in the case of principal, for a period of five Portuguese Business Days or, in the case of interest, for a period of 10 Portuguese Business Days; or
- (ii) the Issuer or the Bank (where the Issuer is BES Finance) fails to perform or observe any of its other obligations in respect of the Notes or, in respect of Notes other than Interbolsa Notes, under the Trust Deed and (except where, (a) for Notes other than Interbolsa Notes, in the opinion of the Trustee, or (b) for Interbolsa Notes, in the opinion of the Common Representative, such default is not capable of remedy where no such continuation or notice as is hereinafter referred to will be required) such failure continues for the period of 30 days (or such longer period as the Trustee (in respect of Notes other than Interbolsa Notes) or the Common Representative (in respect of Interbolsa Notes), may permit) after notice has been given to the Issuer or, as the case may be, the Bank requiring the same to be remedied; or
- (iii) the repayment of any indebtedness owing by the Issuer or by the Bank (where the Issuer is BES Finance) is accelerated by reason of default and such acceleration has not been rescinded or annulled, or the Issuer or the Bank (where the Issuer is BES Finance) defaults (after whichever is the longer of any originally applicable period of grace and 14 days after the due date) in any payment of any indebtedness or in the honouring of any guarantee or indemnity in respect of any indebtedness provided that no such event shall constitute an Event of Default unless the indebtedness whether alone or when aggregated with other indebtedness relating to all (if any) other such events which shall have occurred shall exceed U.S.\$10,000,000 (or its equivalent in

any other currency or currencies) or, if greater, an amount equal to 1 per cent. of the Bank's Shareholders' Funds; or

- (iv) any order shall be made by any competent court or resolution passed for the winding up or dissolution of the Issuer or the Bank (where the Issuer is BES Finance) (other than for the purpose of an amalgamation, merger or reconstruction approved (i) by the Trustee or by an Extraordinary Resolution of the Noteholders in the case of bearer Notes other than Interbolsa Notes or (ii) by an Extraordinary Resolution of the Noteholders in the case of Interbolsa Notes); or
- (v) the Issuer or the Bank (where the Issuer is BES Finance) shall cease to carry on the whole or substantially the whole of its business (other than for the purpose of an amalgamation, merger or reconstruction approved (i) by the Trustee or by an Extraordinary Resolution of the Noteholders in the case of bearer Notes other than Interbolsa Notes or (ii) by an Extraordinary Resolution (as described in Condition 15(b)) of the Noteholders in the case of Interbolsa Notes); or
- (vi) the Issuer or the Bank (where the Issuer is BES Finance) shall stop payment or shall be unable to, or shall admit inability to, pay its debts as they fall due, or shall be adjudicated or found bankrupt or insolvent by a court of competent jurisdiction or shall make a conveyance or assignment for the benefit of, or shall enter into any composition or other arrangement with, its creditors generally; or
- (vii) a receiver, trustee or other similar official shall be appointed in relation to the Issuer or the Bank (where the Issuer is BES Finance) or in relation to the whole or a substantial part of the assets of either of them or a temporary manager of the Bank is appointed by the Bank of Portugal or an encumbrancer shall take possession of the whole or a substantial part of the assets of the Issuer or the Bank (where the Issuer is BES Finance), or a distress or execution or other process shall be levied or enforced upon or sued out against the whole or a substantial part of the assets of either of them and in any of the foregoing cases it or he shall not be discharged within 60 days; or
- (viii) the Bank sells, transfers, lends or otherwise disposes of the whole or a major part of its undertaking or assets (including shareholdings in its Subsidiaries or associated companies) and such disposal is substantial in relation to the assets of the Bank and its Subsidiaries as a whole, other than selling, transferring, lending or otherwise disposing on an arm's length basis; or
- (ix) except where the Issuer has been substituted as principal debtor pursuant to Condition 18, the Issuer (where the Issuer is BES Finance) ceases to be a Subsidiary wholly owned and controlled, directly or indirectly, by the Bank; or
- (x) (where the Issuer is BES Finance) the Guarantee is terminated or shall cease to be in full force and effect,

then:

- (a) in respect of Notes other than Interbolsa Notes, the Trustee at its discretion may, and if so requested in writing by the holders of not less than 20 per cent. of the nominal amount of the Notes then outstanding or if so directed by an Extraordinary Resolution of the Noteholders shall (subject in each case to being indemnified to its satisfaction), give notice to the Issuer that the Notes are, and they shall accordingly thereby forthwith become, immediately due and repayable at their Early Redemption Amount (as described in Condition 7(e)) together with accrued interest (as provided in the Trust Deed) provided that, in the case of any such Events of Default other than those described in sub-paragraphs (i) and (iv) above, the Trustee shall have certified to the Issuer that such Event of Default is in its opinion materially prejudicial to the interests of the Noteholders; or

- (b) in respect of any Interbolsa Notes, the Common Representative shall, if so requested in writing through a request addressed to it and to the Bank by the holders of not less than 20 per cent. of the nominal amount of the Notes then outstanding, or if so directed by an Extraordinary Resolution of the Noteholders, give notice to the Issuer (the “Acceleration Notice”) and to the Portuguese Paying Agent at the respective specified office, effective upon the date of receipt thereof by the Portuguese Paying Agent, that the Interbolsa Notes are, and they shall accordingly thereby forthwith become, immediately due and payable at the Early Redemption Amount (as described in Condition 7(e)) together with accrued interest (if any) to the date of repayment, without demand, protest or other notice of any kind.

As used above:

“Bank’s Shareholders’ Funds” means, at any relevant time, a sum equal to the aggregate of the Bank’s shareholders’ equity as certified by the Auditors (as defined in the Paying Agency Agreement) of the Bank by reference to the latest audited consolidated financial statements of the Bank; and

“Portuguese Business Day” means a day on which commercial banks are open for business in Lisbon.

- (B) This Condition 10(B) applies only to Dated Subordinated Notes and Undated Subordinated Notes and in this Condition 10(B) references to “Notes” shall be construed accordingly.

If any one or more of the following events (each an “Event of Default”) shall occur:

- (i) default is made in the payment of any principal or interest due in respect of the Notes or any of them and such default continues, in the case of principal, for a period of five Portuguese Business Days (as defined in Condition 10(A)) or, in the case of interest, for a period of 10 Portuguese Business Days; or
- (ii) any order shall be made by any competent court or resolution passed for the winding up or dissolution of the Issuer or the Bank (where the Issuer is BES Finance) (other than for the purpose of an amalgamation, merger or reconstruction approved by the Trustee (except in the case of Interbolsa Notes) or by an Extraordinary Resolution of the Noteholders),

then:

- (a) in respect of Notes other than Interbolsa Notes the Trustee at its discretion may, and if so requested in writing by the holders of not less than 20 per cent. of the nominal amount of the Notes then outstanding or if so directed by an Extraordinary Resolution of the Noteholders shall (subject in each case to being indemnified to its satisfaction), give notice to the Issuer that the Notes are, and they shall accordingly thereby forthwith become, immediately due and repayable at their Early Redemption Amount (as described in Condition 7(e)) together with accrued interest (as provided in the Trust Deed); or
- (b) in respect of any Interbolsa Notes, the Common Representative shall, if so requested in writing through a request addressed to it and to the Bank by the holders of not less than 20 per cent. of the nominal amount of the Notes then outstanding, or if so directed by an Extraordinary Resolution of the Noteholders, give notice to the Issuer (the “Acceleration Notice”) and to the Portuguese Paying Agent at the respective specified office, effective upon the date of receipt thereof by the Portuguese Paying Agent, that the Interbolsa Notes are, and they shall accordingly thereby forthwith become, immediately due and payable at the Early Redemption Amount (as described in Condition 7(e)) together with accrued interest (if any) to the date of repayment, without demand, protest or other notice of any kind.

Notwithstanding the giving of any such notice that the Dated Subordinated Notes or, as the case may be, the Undated Subordinated Notes are immediately due and repayable, the Issuer may only redeem such Notes with the prior approval of the Bank of Portugal.

There can be no assurance that the Bank of Portugal will give its approval to any such redemption. Noteholders should be aware of the fact that the Bank of Portugal's approval will depend on the capital adequacy of the Bank.

13. Exchange of Talons

On and after the Interest Payment Date on which the final Coupon comprised in any Coupon sheet matures, the Talon (if any) forming part of such Coupon sheet may be surrendered at the specified office of the Agent or any other Paying Agent in exchange for a further Coupon sheet including (if such further Coupon sheet does not include Coupons to (and including) the final date for the payment of interest due in respect of the Note to which it appertains) a further Talon, subject to the provisions of Condition 9.

In addition, all notices regarding the Notes may be published on the Luxembourg Stock Exchange's web site (www.bourse.lu). The Issuer shall also ensure that notices are duly published in a manner which complies with the rules and regulations of any other stock exchange or any other relevant authority on which the Notes are for the time being listed or by which they have been admitted to trading. Any such notice will be deemed to have been given on the date of the first publication or, where required to be published in more than one newspaper, on the date of the first publication in all the required newspapers.

Until such time as any definitive Notes are issued, there may (provided that, in the case of Notes listed on a stock exchange or admitted to listing by another relevant authority, the rules of such stock exchange or other relevant authority permits), so long as any the global Note(s) is or are held in its/their entirety on behalf of Euroclear and Clearstream, Luxembourg, be substituted for such publication in such newspaper(s) the delivery of the relevant notice to Euroclear and Clearstream, Luxembourg for communication by them to the holders of the Notes and, in addition, for so long as any Notes are listed on a stock exchange or are admitted to trading by another relevant authority and the rules of that stock exchange or relevant authority so require, such notice will be published in a daily newspaper of general circulation in the place or places required by those rules. Whilst any of the Notes are represented by a global Note, such notice may be given by any holder of a Note to the Agent via Euroclear and/or Clearstream, Luxembourg, as the case may be, in such manner as the Agent and Euroclear and/or Clearstream, Luxembourg, as the case may be, may approve for this purpose.

Any holder of an Interbolsa Note may give notice to the Portuguese Paying Agent and the Agent through Interbolsa in such manner as the Portuguese Paying Agent, the Agent and Interbolsa may approve for this purpose.

15. Meetings of Noteholders, Modification and Waiver

(a) *Meetings in respect of Notes other than Interbolsa Notes*

This Condition 15(a) does not apply to Interbolsa Notes. The Trust Deed contains provisions for convening meetings of the Noteholders to consider any matter affecting their interests, including the sanctioning by Extraordinary Resolution of a modification of the terms and conditions of the Notes, the Receipts, the Coupons or any of the provisions of the Trust Deed. Such a meeting may be convened by the Issuer or Noteholders holding not less than 5 per cent. in nominal amount of the Notes for the time being remaining outstanding. The quorum at any such meeting for passing an Extraordinary Resolution is one or more persons holding or representing not less than a clear majority in nominal amount of the Notes for the time being outstanding, or at any adjourned meeting one or more persons being or representing Noteholders whatever the nominal amount of the Notes so held or represented, except that at any meeting the business of which includes the modification of certain provisions of the Notes, Receipts or Coupons (including modifying the date of maturity of the Notes or any date for payment of interest thereof, reducing or cancelling the amount of principal on maturity or otherwise, modification of any Minimum Rate of Interest or Maximum Rate of Interest or altering the currency of payment of the Notes, Receipts or Coupons, modification of the majority required to pass an Extraordinary Resolution or modification of the Trust Deed concerning this exception), the quorum shall be one or more persons holding or representing not less than two-thirds, or at any

adjourned such meeting one or more persons holding or representing not less than one-third, in nominal amount of the Notes for the time being outstanding. An Extraordinary Resolution passed at any meeting of the Noteholders shall be binding on all the Noteholders, whether or not they are present at the meeting, and on all Receiptholders and Couponholders.

The Trustee and the Issuer may agree, without the consent of the Noteholders, Receiptholders or Couponholders, to:

- (i) any modification (except as mentioned above) of the Notes, the Receipts, the Coupons or the Trust Deed which is not, in the opinion of the Trustee, materially prejudicial to the interests of the Noteholders; or
- (ii) any modification of the Notes, the Receipts, the Coupons or the Trust Deed which is of a formal, minor or technical nature or is made to correct a manifest error or to comply with mandatory provisions of the law of the jurisdiction in which the Issuer is incorporated.

Any such modification shall be binding on the Noteholders, the Receiptholders and the Couponholders and any such modification shall be notified to the Noteholders in accordance with Condition 14 as soon as practicable thereafter.

The Trustee may also waive or authorise any breach or proposed breach of any of the provisions of the Trust Deed or any of these Terms and Conditions which, in the opinion of the Trustee, is not materially prejudicial to the interests of the Noteholders.

In connection with the exercise by it of any of its trusts, powers or discretions (including, without limitation, any modification, waiver, authorisation or substitution), the Trustee shall have regard to the general interests of the Noteholders as a class and shall not have regard to any interests arising from circumstances particular to individual Noteholders (whatever their number) and, in particular, but without limitation, shall not have regard to the consequences of the exercise of its trusts, powers or discretions for individual Noteholders or Couponholders (whatever their number) resulting from their being for any purpose domiciled or resident in, or otherwise connected with, or subject to the jurisdiction of, any particular territory and the Trustee shall not be entitled to require, nor shall any Noteholder or Couponholder be entitled to claim, from the Issuer, the Bank (where the Issuer is BES Finance) or any other person any indemnification or payment in respect of any tax consequence of any such exercise upon individual Noteholders or Couponholders except to the extent already provided for in Condition 8 and/or any undertaking given in addition to, or in substitution for, Condition 8 pursuant to the Trust Deed.

Nothing in these Terms and Conditions or the Trust Deed shall require the Trustee to have regard to the interests of Noteholders insofar as those interests arise by virtue of a holding of Interbolsa Notes. For the avoidance of doubt, without prejudice to any rights assumed under Notes which are not Interbolsa Notes, a holder of Interbolsa Notes shall neither, by virtue of such holding of Interbolsa Notes, count towards a quorum, nor be entitled to vote, in respect of a resolution to amend the Trust Deed.

(b) ***Meetings in respect of Interbolsa Notes***

The remainder of this Condition 15 applies only to Interbolsa Notes.

Meetings

Meetings of the holders of Interbolsa Notes may be convened to consider any matter affecting their interests, including the appointment or dismissal of the Common Representative and the sanctioning by Extraordinary Resolution of a modification of the terms and conditions of the Notes and are governed by the Portuguese Commercial Companies Code enacted by Decree-Law 262/86 of 2nd September, as amended, and by the Common Representative Appointment Agreement.

Such meetings may be convened by the Common Representative (if any) or, if no Common Representative has been appointed, or an appointed Common Representative fails to convene a meeting, by the chairman of the general meeting of shareholders of the Issuer, and shall be convened if requested by Noteholders holding not less than 5 per cent. in principal amount of the Notes for the time being outstanding.

The quorum required for a meeting convened to pass a resolution other than an Extraordinary Resolution will be any person or persons holding or representing Notes then outstanding, regardless of the principal amount thereof. The quorum required for a meeting convened to pass an Extraordinary Resolution will be a person or persons holding or representing at least 50 per cent. of the Notes then outstanding or, at any adjourned meeting, any person or persons holding or representing any of the Notes then outstanding, regardless of the principal amount thereof.

The number of votes required to pass a resolution other than an Extraordinary Resolution is a majority of the votes cast at the relevant meeting. The majority required to pass an Extraordinary Resolution is at least 50 per cent. of the principal amount of the Notes then outstanding or, at any adjourned meeting, two-thirds of the votes cast at the relevant meeting.

Resolutions passed at any meeting of the Noteholders will be binding on all Noteholders, whether or not they are present at the meeting or have voted against the approved resolutions.

Dismissal and substitution of the Common Representative

The Noteholders may dismiss and substitute the Common Representative by means of a resolution passed for such purpose upon the terms and conditions of the Common Representative Appointment Agreement.

Notification

Any modification, abrogation, waiver or authorisation in accordance with this Condition 15 shall be binding on the Noteholders and shall be notified by the Issuer to the Noteholders as soon as practicable thereafter in accordance with Condition 14 (Notices).

Matters required to be approved by Extraordinary Resolution

An Extraordinary Resolution will be required to effect any of the following:

- (i) to change any date fixed for payment of principal or interest in respect of the Notes, reduction of the amount of principal or interest due on any date in respect of the Notes or variation of the method of calculating the amount of any payment in respect of the Notes on redemption or maturity;
- (ii) to approve the modification or abrogation of any of the provisions of these Terms and Conditions;
- (iii) to approve any amendment of this definition;
- (iv) to waive or authorise any breach or proposed breach of any of these Terms and Conditions; and
- (v) to approve any other matter in respect of which these Terms and Conditions require an Extraordinary Resolution to be passed.

Matters in the discretion of the Agent and the Issuer

Except for those matters required to be approved by Extraordinary Resolution, the Agent, the Common Representative and the Issuer may agree, without the consent of the Noteholders, to:

- (i) any modification of the Notes which is not materially prejudicial to the interests of the Noteholders; or

- (ii) any modification of the Notes which is of a formal, minor or technical nature or is made to correct a manifest error or to comply with mandatory provisions of the law of the jurisdiction in which the Issuer is incorporated.

Any such modification shall be binding on the Noteholders and shall be notified to the Noteholders in accordance with Condition 14 as soon as practicable thereafter.

16. Further Issues

The Issuer shall be at liberty from time to time without the consent of the Noteholders, Receiptholders or Couponholders to create and issue further notes having terms and conditions the same as the Notes or the same in all respects save for the amount and date of the first payment of interest thereon and so that the same shall be consolidated and form a single Series with the outstanding Notes.

In the case of bearer Notes other than Interbolsa Notes, the Trust Deed contains provisions for convening a single meeting of the Noteholders and the holders of notes of other Series of bearer Notes other than Interbolsa Notes in certain circumstances where the Trustee so decides.

17. Contracts (Rights of Third Parties) Act 1999

This Condition applies if the Notes are governed by English law. No rights are conferred on any person under the Contracts (Rights of Third Parties) Act 1999 to enforce any term of the Notes, but this does not affect any right or remedy of any person which exists or is available apart from that Act.

18. Substitution

In the case of Notes other than Interbolsa Notes, the Trustee may, without the consent of the Noteholders, the Receiptholders or the Couponholders but (in the case of Dated Subordinated Notes and Undated Subordinated Notes) only with the prior consent of the Bank of Portugal, agree with the Issuer and the Bank (where the Issuer is BES Finance) to the substitution in place of the Issuer (or of any previous substitute under this Condition) as the principal debtor in respect of the Notes of either the Bank or another wholly-owned Subsidiary of the Bank, subject to:

- (a) where the new principal debtor is a wholly-owned Subsidiary of the Bank, the Notes being unconditionally and irrevocably guaranteed by the Bank on the same basis as that on which they were guaranteed prior to the substitution (where, immediately prior to the substitution, the Issuer is BES Finance or (being a previous substitute under this Condition) another wholly-owned subsidiary of the Bank) or on an equivalent basis to that on which they would have been guaranteed immediately prior to the substitution had the Issuer been BES Finance (where immediately prior to the substitution, the Issuer is the Bank);
- (b) the Trustee being satisfied that the interests of the Noteholders will not be materially prejudiced by the substitution; and
- (c) certain other conditions set out in the Trust Deed being complied with.

Any such substitution shall be notified, if the Notes are listed on the Official List of the Luxembourg Stock Exchange or any other stock exchange, to such stock exchange and to the Noteholders in accordance with Condition 14.

19. Enforcement

In the case of Notes other than Interbolsa Notes, the Trustee may at any time, at its discretion and without notice, take such proceedings against the Issuer and/or the Bank (where the Issuer is BES Finance) as it may think fit to enforce the provisions of the Trust Deed, the Notes, the Receipts and the Coupons, but it shall not be bound to take any such proceedings or any other action in relation to the Trust Deed, the Notes, the Receipts or the Coupons unless:

- (a) it shall have been so directed by an Extraordinary Resolution of the Noteholders or so requested in writing by the holders of at least 20 per cent. in nominal amount of the Notes then outstanding; and
- (b) It shall have been indemnified to its satisfaction.

No Noteholder, Receiptholder or Couponholder shall be entitled to take proceedings directly against the Issuer or the Bank (where the Issuer is BES Finance) unless the Trustee, having become bound to proceed in accordance with the terms of the Trust Deed fails to do so within a reasonable time and such failure is continuing.

In the case of Interbolsa Notes, the Common Representative may at any time, or, if so directed by an Extraordinary Resolution of the Noteholders or so requested in writing by the holders of at least 20 per cent. in nominal amount of the Notes then outstanding, shall, take such proceedings against the Issuer as it may think fit to enforce the provisions of the Notes.

20. Indemnification of Trustee

The Trust Deed contains provisions for the indemnification of the Trustee and for its relief from responsibility, including provisions relieving it from any obligation to take proceedings to enforce repayment unless indemnified to its satisfaction. The Trustee is entitled to enter into business transactions with the Issuer and/or the Bank (where the Issuer is BES Finance) without accounting for any profit resulting therefrom and to act as trustee for the holders of any other securities issued by the Issuer or the Bank (where the Issuer is BES Finance).

21. Redenomination and Exchange

This Condition 21 does not apply to Interbolsa Notes.

(a) Redenomination

Where redenomination is specified in the applicable Final Terms as being applicable, the Issuer may, without the consent of the Noteholders, the Receiptholders and the Couponholders, on giving prior notice to the Agent, the Trustee, Euroclear and Clearstream, Luxembourg and at least 30 days' prior notice to the Noteholders in accordance with Condition 14, elect that, with effect from the Redenomination Date specified in the notice, the Notes shall be redenominated in euro.

The election will have effect as follows:

- (i) the Notes and the Receipts shall be deemed to be redenominated into euro in the denomination of euro 0.01 with a principal amount for each Note and Receipt equal to the principal amount of that Note or Receipt in the Specified Currency, converted into euro at the Established Rate, provided that, if the Issuer determines, after consultation with the Agent and with the approval of the Trustee, that the then market practice in respect of the redenomination into euro of internationally offered securities is different from the provisions specified in this Condition 21, such provisions shall be deemed to be amended so as to comply with such market practice and the Issuer shall promptly notify the Noteholders, the stock exchange (if any) on which the Notes may be listed, the Paying Agents and the Trustee of such deemed amendments;
- (ii) save to the extent that an Exchange Notice has been given in accordance with paragraph (iv) below, the amount of interest due in respect of the Notes will be calculated by reference to the aggregate principal amount of Notes held (or, as the case may be, in respect of which Coupons are presented) for payment by the relevant holder and the amount of such payment shall be rounded down to the nearest euro 0.01;
- (iii) if definitive Notes are required to be issued after the Redenomination Date, they shall be issued at the expense of the Issuer in the denominations of euro 1,000, euro 10,000, euro 100,000 and (but only to the extent of any remaining amounts less than euro 1,000 or such smaller

denominations as the Agent may approve) euro 0.01 and/or such other denominations as the Agent shall determine and notify to the Noteholders;

- (iv) if issued prior to the Redenomination Date, all unmatured Coupons denominated in the Specified Currency (whether or not attached to the Notes) will become void with effect from the date on which the Issuer gives notice (the "Exchange Notice") that replacement euro-denominated Notes, Receipts and Coupons are available for exchange (provided that such securities are so available) and no payments will be made in respect of them. The payment obligations contained in any Notes and Receipts so issued will also become void on that date although those Notes and Receipts will continue to constitute valid exchange obligations of the Issuer. New euro-denominated Notes, Receipts and Coupons will be issued in exchange for Notes, Receipts and Coupons denominated in the Specified Currency in such manner as the Agent may specify and as shall be notified to the Noteholders in the Exchange Notice. No Exchange Notice may be given less than 15 days prior to any date for payment of principal or interest on the Notes;
- (v) after the Redenomination Date, all payments in respect of the Notes, the Receipts and the Coupons, other than payments of interest in respect of periods commencing before the Redenomination Date, will be made solely in euro as though references in the Notes to the Specified Currency were to euro. Payments will be made in euro by credit or transfer to a euro account (or any other account to which euro may be credited or transferred) specified by the payee or, at the option of the payee, by a euro cheque;
- (vi) if the Notes are Fixed Rate Notes and interest for any period ending on or after the Redenomination Date is required to be calculated for a period ending other than on an Interest Payment Date, it will be calculated by applying the Rate of Interest to:
 - (A) in the case of Fixed Rate Notes which are either Interbolsa Notes or are represented by a global Note held on behalf of Clearstream, Luxembourg and/or Euroclear, the full nominal amount outstanding of the Fixed Rate Notes (or, if they are Partly Paid Notes, the full amount paid up); or
 - (B) in the case of Fixed Rate Notes in definitive form, the Calculation Amount, and, in each case, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such subunit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Fixed Rate Note in definitive form is a multiple of the Calculation Amount, the amount of interest payable in respect of such Fixed Rate Note shall be the product of the amount (determined in the manner provided above) for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination, without any further rounding;
- (vii) if the Notes are Floating Rate Notes the applicable Final Terms specifies any relevant changes to the provisions relating to interest; and
- (viii) such other changes shall be made to these Terms and Conditions and/or the Trust Deed and/ or the Principal Agency Agreement as the Issuer and the Bank (where the Issuer is BES Finance) may decide, after consultation with the Agent and with the approval of the Trustee; and as may be specified in the notice, to conform them to conventions then applicable to instruments denominated in euro or to enable the Notes to be consolidated with one or more issues of other notes, whether or not originally denominated in the Specified Currency or euro. Any such other changes will not take effect until after they have been notified to the Noteholders in accordance with Condition 14.

(b) ***Exchange***

Where exchange is specified in the applicable Final Terms as being applicable, the Issuer may, without the consent of the Noteholders, the Receiptholders and the Couponholders, on giving prior notice to the Agent, the Trustee, Euroclear and Clearstream, Luxembourg and not less than 30 days' prior notice to the Noteholders in accordance with Condition 14, elect that, with effect from the Redenomination Date specified in the notice, the Notes shall be exchangeable for Notes expressed to be denominated in euro in accordance with such arrangements as the Issuer may decide, after consultation with the Agent and with the approval of the Trustee and as may be specified in the notice, including arrangements under which Receipts and Coupons unmaturing at the date so specified become void.

Unless previously redeemed or purchased and cancelled and subject as provided in Condition 24(b), Condition 24(c) and Condition 24(d), as applicable, each nominal amount of Notes equal to the Calculation Amount set out in the applicable Final Terms will be redeemed by the Issuer at its Final Redemption Amount specified in, or determined in the manner specified in, the applicable Final Terms in the relevant Specified Currency on the Maturity Date.

(b) Auction Settlement

If Conditions to Settlement are satisfied, then where Auction Settlement is specified as the applicable Settlement Method in the applicable Final Terms and a Credit Event Determination Date occurs on or prior to the Auction Final Price Determination Date, the Issuer shall give notice (such notice an “Auction Settlement Notice”) to the Noteholders in accordance with Condition 14 and, subject to any adjustment in accordance with Condition 24(n), redeem all but not some only of the Notes, each nominal amount of Notes equal to the Calculation Amount set out in the applicable Final Terms being redeemed by the Issuer at the Credit Event Redemption Amount in the relevant Specified Currency on the Credit Event Redemption Date.

Unless settlement has occurred in accordance with the paragraph above, if:

- (i) an Auction Cancellation Date occurs;
 - (ii) a No Auction Announcement Date occurs (and in circumstances where such No Auction Announcement Date occurs pursuant to paragraph (b) of the definition of No Auction Announcement Date, the Issuer has not exercised the Movement Option);
 - (iii) ISDA publicly announces that the relevant Credit Derivatives Determinations Committee has Resolved, following a Credit Event Resolution Request Date, not to determine the matters described in paragraphs (a) and (b) of the definition of Credit Event Resolution Request Date;
 - (iv) a Credit Event Determination Date was determined pursuant to paragraph (a) of the definition of Credit Event Determination Date and no Credit Event Resolution Request Date has occurred on or prior to the date falling three Business Days after such Credit Event Determination Date;
- or

- (v) a Credit Event Determination Date was determined pursuant to paragraph (b)(B)(I) or (b)(B)(II) of the definition of Credit Event Determination Date,

then:

- (A) if Fallback Settlement Method – Cash Settlement is specified as applicable in the applicable Final Terms, the Issuer shall redeem the Notes in accordance with Condition 24(c) below; or
- (B) if Fallback Settlement Method – Physical Delivery is specified as applicable in the applicable Final Terms, the Issuer shall redeem the Notes in accordance with Condition 24(d) below.

If Conditions to Settlement are satisfied and the Notes become redeemable in accordance with this Condition 24(b), upon payment of the Credit Event Redemption Amounts in respect of the Notes, the Issuer shall have discharged its obligations in respect of the Notes and shall have no other liability or obligation whatsoever in respect thereof. The Credit Event Redemption Amount may be less than the Calculation Amount of a Note. Any shortfall shall be borne by the Noteholders and no liability shall attach to the Issuer or the Guarantor.

(c) ***Cash Settlement***

If Conditions to Settlement are satisfied, then where Cash Settlement is specified as the applicable Settlement Method in the applicable Final Terms or if Condition 24(b)(A) above applies, the Issuer shall give notice (such notice a “Cash Settlement Notice”) to the Noteholders in accordance with Condition 14 and redeem all but not some only of the Notes, each nominal amount of Notes equal to the Calculation Amount set out in the applicable Final Terms being redeemed by the Issuer at the Credit Event Redemption Amount in the relevant Specified Currency on the Credit Event Redemption Date.

If Conditions to Settlement are satisfied and the Notes become redeemable in accordance with this Condition 24(c), upon payment of the Credit Event Redemption Amounts in respect of the Notes, the Issuer shall have discharged its obligations in respect of the Notes and shall have no other liability or obligation whatsoever in respect thereof. The Credit Event Redemption Amount may be less than the Calculation Amount of a Note. Any shortfall shall be borne by the Noteholders and no liability shall attach to the Issuer or the Guarantor.

(d) ***Physical Settlement***

If Conditions to Settlement are satisfied, then where Physical Delivery is specified as the applicable Settlement Method in the applicable Final Terms or if Condition 24(b)(B) above applies, the Issuer shall, following the receipt of a Calculation Agent Physical Settlement Notice, give notice (such notice a “Notice of Physical Settlement”) to the Noteholders in accordance with Condition 14 and redeem all but not some only of the Notes, each nominal amount of Notes equal to the Calculation Amount being redeemed by the Issuer by Delivery of the Deliverable Obligations comprising the Asset Amount on the Settlement Date, subject to and in accordance with Conditions 24(i) and (j).

In the Notice of Physical Settlement, the Issuer shall specify the Deliverable Obligations comprising the Asset Amount that it reasonably expects to Deliver. For the avoidance of doubt, the Issuer shall be entitled to select any of the Deliverable Obligations to constitute the Asset Amount, irrespective of their market value.

The Issuer may, from time to time, amend a Notice of Physical Settlement by delivering a notice to Noteholders in accordance with Condition 14 (each such notification, a “Physical Settlement Amendment Notice”) that the Issuer is replacing, in whole or in part, one or more Deliverable Obligations specified in the Notice of Physical Settlement or a prior Physical Settlement Amendment Notice, as applicable, (to the extent the relevant Deliverable Obligation has not been Delivered as of the date such Physical Settlement Amendment Notice is effective). A Physical Settlement Amendment Notice shall specify each replacement Deliverable Obligation that the Issuer will Deliver (each, a “Replacement Deliverable Obligation”) and shall also specify the Outstanding Principal Balance or

Due and Payable Amount (determined on the same basis as in the definition of Asset Amount) of each Deliverable Obligation identified in the Notice of Physical Settlement or a prior Physical Settlement Amendment Notice, as applicable, that is being replaced or the equivalent Currency Amount of any such amount (with respect to each such Deliverable Obligation, the “Replaced Deliverable Obligation Outstanding Amount”). The Replacement Deliverable Obligation(s), taken together, shall have an aggregate Replaced Deliverable Obligation Outstanding Amount at least equal to the Outstanding Principal Balance(s) and/or Due and Payable Amount(s) (or the equivalent Currency Amount(s) of any such amount(s)) of the Deliverable Obligations being replaced. Each such Physical Settlement Amendment Notice must be effective on or prior to the Settlement Date (determined without reference to any change resulting from such Physical Settlement Amendment Notice). Notwithstanding the foregoing, the Issuer may correct any errors or inconsistencies contained in the Notice of Physical Settlement or any Physical Settlement Amendment Notice, as applicable, by notice to Noteholders (in accordance with Condition 14) prior to the relevant Delivery Date; it being understood that such notice of correction shall not constitute a Physical Settlement Amendment Notice.

If “Restructuring Maturity Limitation and Fully Transferable Obligation Applicable” is specified as applicable in the applicable Final Terms and Restructuring is the only Credit Event specified in a Credit Event Notice, then a Deliverable Obligation may be included in the Asset Amount only if it (i) is a Fully Transferable Obligation and (ii) has a final maturity date not later than the applicable Restructuring Maturity Limitation Date.

If “Modified Restructuring Maturity Limitation and Conditionally Transferable Obligation Applicable” is specified as applicable in the applicable Final Terms and Restructuring is the only Credit Event specified in a Credit Event Notice, then a Deliverable Obligation may be included in the Asset Amount only if it (i) is a Conditionally Transferable Obligation and (ii) has a final maturity date not later than the applicable Modified Restructuring Maturity Limitation Date.

If Conditions to Settlement are satisfied and the Notes become redeemable in accordance with this Condition 24(d), upon Delivery of the Deliverable Obligations and/or payment of the Partial Cash Settlement Amounts, as the case may be, the Issuer shall have discharged its obligations in respect of the Notes and shall have no other liability or obligation whatsoever in respect thereof. The value of such Deliverable Obligations and/or the Partial Cash Settlement Amount, as the case may be, may be less than the Calculation Amount of a Note. Any shortfall shall be borne by the Noteholders and no liability shall attach to the Issuer or the Guarantor.

(e) ***Repudiation/Moratorium Extension***

If Repudiation/Moratorium is specified as a Credit Event in the applicable Final Terms, the provisions of this Condition 24(e) shall apply.

- (i) where a Repudiation/Moratorium has not occurred on or prior to the Repudiation/Moratorium Evaluation Date:

- (i) where a Failure to Pay has not occurred on or prior to the Grace Period Extension Date:
 - (A) each nominal amount of Notes equal to the Calculation Amount will be redeemed by the Issuer at the Final Redemption Amount on the fifth Business Day following the Grace Period Extension Date; and
 - (B) in the case of interest bearing Notes, the Issuer shall be obliged to pay interest calculated as provided herein, accruing from (and including) the Interest Payment Date immediately preceding the Scheduled Maturity Date or, if none, the Interest Commencement Date to (but excluding) the Scheduled Maturity Date but shall only be obliged to make such payment of interest on the fifth Business Day following the Grace Period Extension Date and no further or other amount in respect of interest shall be payable and no additional amount shall be payable in respect of such delay; and
- (ii) where a Failure to Pay has occurred on or prior to the Grace Period Extension Date and Conditions to Settlement are satisfied, the provisions of Condition 24(b), Condition 24(c) or Condition 24(d), as applicable, shall apply to the Notes.

(g) ***Credit Derivatives Determinations Committee Extension***

In the Partial Cash Settlement Notice, the Issuer must give details of why it is unable to deliver the relevant Undeliverable Obligations or Hedge Disruption Obligation, as the case may be.

Unless otherwise specified in the applicable Final Terms, for the purposes of this Condition 24(j) only the following terms shall be defined as follows:

“Indicative Quotation” means, in accordance with the Quotation Method, each quotation obtained from a Quotation Dealer at the Valuation Time for (to the extent reasonably practicable) an amount of the Undeliverable Obligation or Hedge Disruption Obligations, as the case may be, equal to the Quotation Amount, which reflects such Quotation Dealer’s reasonable assessment of the price of such Undeliverable Obligation or Hedge Disruption Obligation, as the case may be, based on such factors as such Quotation Dealer may consider relevant, which may include historical prices and recovery rates.

“Market Value” means, with respect to an Undeliverable Obligation or Hedge Disruption Obligation, as the case may be, on a Valuation Date, (i) if more than three Full Quotations are obtained, the arithmetic mean of such Full Quotations, disregarding the Full Quotations having the same highest and lowest values (and, if more than one such Full Quotations have the same highest or lowest value, then one of such highest or lowest Full Quotations shall be disregarded); (ii) if exactly three Full Quotations are obtained, the Full Quotation remaining after disregarding the highest and lowest Full Quotations (and, if more than one such Full Quotations have the same highest value or lowest value, then one of such highest or lowest Full Quotations shall be disregarded); (iii) if exactly two Full Quotations are obtained, the arithmetic mean of such Full Quotations; (iv) if fewer than two Full Quotations are obtained and a Weighted Average Quotation is obtained, such Weighted Average Quotation; (v) if Indicative Quotations are specified as applying in the applicable Final Terms and exactly three Indicative Quotations are obtained, the Indicative Quotation remaining after disregarding the highest and lowest Indicative Quotations (and, if more than one such Indicative Quotations have the same highest or lowest value, then one of such highest or lowest Indicative Quotations shall be disregarded); (vi) if fewer than two Full Quotations are obtained and no Weighted Average Quotation is obtained (and, if Indicative Quotations are applicable, fewer than three Indicative Quotations are obtained) then, subject to paragraph (ii) of the definition of “Quotation” below, an amount as determined by the Calculation Agent on the next Business Day on which at least two Full Quotations or a Weighted Average Quotation or, if applicable, three Indicative Quotations are obtained; and (vii) if the Quotations are deemed to be zero, the Market Value shall be zero.

“Partial Cash Settlement Amount” is deemed to be, for an Undeliverable Obligation or a Hedge Disruption Obligation, as the case may be, an amount calculated by the Calculation Agent equal to the

greater of (i) (A) the Outstanding Principal Balance, the Due and Payable Amount or the Currency Amount, as applicable, of each Undeliverable Obligation or Hedge Disruption Obligation, as the case may be, multiplied by (B) the Final Price or the Auction Final Price, if applicable, with respect to such Undeliverable Obligation or Hedge Disruption Obligation, as the case may be, less if applicable (C) Unwind Costs, if any (but excluding any Unwind Costs already taken into account in calculating the relevant Asset Amount), and (ii) zero.

- (i) The Calculation Agent shall attempt to obtain Full Quotations with respect to each Valuation Date from five or more Quotation Dealers. If the Calculation Agent is unable to obtain two or more such Full Quotations on the same Business Day within three Business Days of a Valuation Date, then on the next following Business Day (and, if necessary, on each Business Day thereafter until the tenth Business Day following the relevant Valuation Date) the Calculation Agent shall attempt to obtain Full Quotations from five or more Quotation Dealers, and, if two or more Full Quotations are not available, a Weighted Average Quotation. If two or more such Full Quotations or a Weighted Average Quotation are not available on any such Business Day and Indicative Quotations are specified as applying in the applicable Final Terms, the Calculation Agent shall attempt to obtain three Indicative Quotations from five or more Quotation Dealers.
- (ii) If the Calculation Agent is unable to obtain two or more Full Quotations or a Weighted Average Quotation (or, if Indicative Quotations are specified as applying in the applicable Final Terms, three Indicative Quotations) on the same Business Day on or prior to the tenth Business Day following the Valuation Date, the Quotations shall be deemed to be any Full Quotation obtained from a Quotation Dealer at the Valuation Time on such tenth Business Day of, if no Full Quotation is obtained, the weighted average of any firm quotations (or, if applicable, Indicative Quotations) for the Undeliverable Obligation or the Hedge Disruption Obligation, as the case may be, obtained from Quotation Dealers at the Valuation Time on such tenth Business Day with respect to the aggregate portion of the Quotation Amount for which such quotations were obtained and a quotation deemed to be zero for the balance of the Quotation Amount for which firm quotations (or, if applicable, Indicative Quotations) were not obtained on such day.
- (iii) The Calculation Agent shall determine, based on the then current market practice in the market of the relevant Undeliverable Obligation or Hedge Disruption Obligations, as the case may be, whether such Quotations shall include or exclude accrued but unpaid interest. All Quotations shall be obtained in accordance with this specification or determination.
- (iv) If any Quotation obtained with respect to an Accreting Obligation is expressed as a percentage of the amount payable in respect of such obligation at maturity, such Quotation will instead be expressed as a percentage of the Outstanding Principal Balance for purposes of determining the Final Price.

“Quotation Amount” is deemed to be, with respect to each type or issue of Undeliverable Obligation or Hedge Disruption Obligation, as the case may be, an amount equal to the Outstanding Principal Balance or Due and Payable Amount (or, in either case, its equivalent in the relevant Obligation Currency converted by the Calculation Agent by reference to exchange rates in effect at the time that the relevant Quotation is being obtained), as applicable, of such Undeliverable Obligation or Hedge Disruption Obligations, as the case may be.

“Quotation Method” is deemed to be Bid.

“Reference Obligation” is deemed to be each Undeliverable Obligation or Hedge Disruption Obligation, as the case may be.

“Valuation Method” is deemed to be Highest unless fewer than two Full Quotations are obtained or a Weighted Average Quotation applies (or, if applicable, Indicative Quotations), in which case “Valuation Method” is deemed to be Market.

“Valuation Time” is the time specified as such in the applicable Final Terms, or, if no time is so specified, 11.00 a.m. in the principal trading market for the Undeliverable Obligation or the Hedge Disruption Obligation, as the case may be.

“Weighted Average Quotation” means, in accordance with the Quotation Method, the weighted average of firm quotations obtained from Quotation Dealers at the Valuation Time, to the extent reasonably practicable, each for an amount of the Undeliverable Obligation or the Hedge Disruption Obligation, as the case may be, with an Outstanding Principal Balance of as large a size as available but less than the Quotation Amount that in aggregate are approximately equal to the Quotation Amount.

In the event of any such Suspension Period, the Calculation Agent may make (x) such consequential or other adjustment(s) or determination(s) to or in relation to these Terms and Conditions as may be desirable or required either during or following any relevant Suspension Period to account for or reflect such suspension and (y) determine the effective date of such adjustment(s) or determination(s).

(ii) ***Interest***

The Succession Event Backstop Date shall not be subject to adjustment in accordance with any Business Day Convention unless specified in the applicable Final Terms that the Succession Event Backstop Date will be adjusted in accordance with a specified Business Day Convention.

“Succession Event Notice” means a notice from the Calculation Agent to the Issuer that describes a Succession Event that occurred on or after the Succession Event Backstop Date (determined by reference to the Relevant Time).

A Succession Event Notice must contain a description in reasonable detail of the facts relevant to the determination, of (i) whether a Succession Event has occurred and (ii) if relevant, the identity of any Successor(s).

“Succession Event Resolution Request Date” means, with respect to a notice to ISDA, delivered in accordance with the Rules, requesting that a Credit Derivatives Determinations Committee be convened to Resolve:

- (a) whether an event that constitutes a Succession Event for purposes of a Series has occurred with respect to the relevant Reference Entity; and
- (b) if the relevant Credit Derivatives Determinations Committee Resolves that such event has occurred, (A) with respect to a Reference Entity that is not a Sovereign, the legally effective date of such event or (B) with respect to a Reference Entity that is a Sovereign, the date of the occurrence of such event,

the date, as publicly announced by ISDA, that the relevant Credit Derivatives Determinations Committee Resolves to be the date on which such notice is effective.

As at the date hereof, the Rules provide that each “Eligible Market Participant” (being each party which is a party to a credit derivatives transaction that have, or are deemed to have incorporated the March 2009 Supplement or the July 2009 Supplement in a confirmation) is permitted to deliver such a notice to ISDA pursuant to the Rules.

“Successor” means:

- (a) in relation to a Reference Entity that is not a Sovereign, the entity or entities, if any, determined as set forth below:
 - (i) if one entity directly or indirectly succeeds to 75 per cent. or more of the Relevant Obligations of the Reference Entity by way of a Succession Event, that entity will be the sole Successor;
 - (ii) if only one entity directly or indirectly succeeds to more than 25 per cent. (but less than 75 per cent.) of the Relevant Obligations of the Reference Entity by way of a Succession Event, and not more than 25 per cent. of the Relevant Obligations of the Reference Entity remain with the Reference Entity, the entity that succeeds to more than 25 per cent. of the Relevant Obligations will be the sole Successor;
 - (iii) if more than one entity each directly or indirectly succeed to more than 25 per cent. of the Relevant Obligations of the Reference Entity by way of a Succession Event, and not more than 25 per cent. of the Relevant Obligations of the Reference Entity remain with Reference Entity, the entities that succeed to more than 25 per cent. of the Relevant Obligations will each be a Successor and these Terms and Conditions and/or the applicable Final Terms will be adjusted as provided below;
 - (iv) if one or more entity each directly or indirectly succeed to more than 25 per cent. of the Relevant Obligations of the Reference Entity by way of a Succession Event, and more than 25 per cent. of the Relevant Obligations of the Reference Entity remain with the Reference Entity, each such entity and the Reference Entity will each be a Successor and these Terms and Conditions and/or the applicable Final Terms will be adjusted as provided below;
 - (v) if one or more entities directly or indirectly succeed to a portion of the Relevant Obligations of the Reference Entity by way of a Succession Event, but no entity succeeds to more than 25 per cent. of the Relevant Obligations of the Reference Entity and the Reference Entity continues to exist, there will be no Successor and the Reference Entity will not be changed in any way as a result of the Succession Event; and
 - (vi) if one or more entities directly or indirectly succeed to a portion of the Relevant Obligations of the Reference Entity by way of a Succession Event, but no entity succeeds to more than 25 per cent. of the Relevant Obligations of the Reference Entity and the Reference Entity ceases to exist, the entity which succeeds to the greatest percentage of Relevant Obligations (or, if two or more entities succeed to an equal percentage of Relevant Obligations, the entity from among those entities which succeeds to the greatest percentage of obligations of the Reference Entity) will be the sole Successor; and

- (b) in relation to a Sovereign Reference Entity, each entity which becomes a direct or indirect successor to such Reference Entity by way of a Succession Event irrespective of whether any such successor assume(s) any of the obligations of such Reference Entity.

The Calculation Agent will be responsible for determining, as soon as reasonably practicable after it becomes aware of the relevant Succession Event (but no earlier than 14 calendar days after the legally effective date of the occurrence of the relevant Succession Event), and with effect from the legally effective date of the occurrence of the Succession Event, whether the relevant thresholds set forth above have been met, or which entity qualifies under (a)(vi) above, as applicable provided that the Calculation Agent will not make any such determination if, at such time, either (A) ISDA has publicly announced that the conditions to convening a Credit Derivatives Determinations Committee to Resolve the matters described in (a) above and paragraphs (a) and (b)(A) of the definition of Succession Event Resolution Request Date (in the case of a Reference Entity that is not a Sovereign) or (b) above and paragraphs (a) and (b)(B) of the definition of Succession Event Resolution Request Date (in the case of a Sovereign Reference Entity) are satisfied in accordance with the Rules (until such time (if any) that ISDA subsequently publicly announces that the relevant Credit Derivatives Determinations Committee has Resolved not to determine a Successor) or (B) ISDA has publicly announced that the relevant Credit Derivatives Determinations Committee has Resolved that no event that constitutes a Succession Event has occurred. In calculating the percentages used to determine whether the relevant thresholds set forth above have been met, or which entity qualifies under (a)(vi) above, as applicable, the Calculation Agent shall use, in respect of each applicable Relevant Obligation included in such calculation, the amount of the liability in respect of such Relevant Obligation listed in the Best Available Information and shall, as soon as practicable after such calculation, make such calculation available for inspection by Noteholder(s) at the specified office of the Agent and, for so long as the Notes are listed on the Official List of the Luxembourg Stock Exchange, at the office of the Paying Agent in Luxembourg.

Where pursuant to paragraph (a)(iii) or (a)(iv) above, more than one Successor has been identified, the Calculation Agent shall adjust such of these Terms and Conditions and/or the applicable Final Terms as it shall determine to be appropriate to reflect that the relevant Reference Entity has been succeeded by more than one Successor and shall determine the effective date of that adjustment. The Calculation Agent shall be deemed to be acting in a commercially reasonable manner if it adjusts such of these Terms and Conditions and/or the applicable Final Terms in such a manner as to reflect the adjustment to and/or division of any credit derivative transaction(s) related to or underlying the Notes under the provisions of the 2003 ISDA Credit Derivatives Definitions.

Upon the Calculation Agent making such adjustment, the Issuer shall give notice as soon as practicable to Noteholders in accordance with Condition 14, stating the adjustment to these Terms and Conditions and/or the applicable Final Terms and giving brief details of the relevant Succession Event.

For the purposes of this definition of “Successor”, “succeed” means, with respect to a Reference Entity and its Relevant Obligations (or, as applicable, obligations), that a party other than such Reference Entity (i) assumes or becomes liable for such Relevant Obligations (or, as applicable, obligations) whether by operation of law or pursuant to any agreement or (ii) issues Bonds that are exchanged for Relevant Obligations (or, as applicable, obligations), and in either case such Reference Entity is no longer an obligor (primarily or secondarily) or guarantor with respect to such Relevant Obligations (or, as applicable, obligations). The determinations required pursuant to paragraph (a) of this definition of “Successor” shall be made, in the case of an exchange offer, on the basis of the Outstanding Principal Balance of Relevant Obligations tendered and accepted in the exchange and not on the basis of the Outstanding Principal Balance of Bonds for which Relevant Obligations have been exchanged.

Where:

- (A) a Reference Obligation is specified in the applicable Final Terms; and
- (B) one or more Successors to the Reference Entity have been identified; and
- (C) any one or more such Successors have not assumed the Reference Obligation,

a Substitute Reference Obligation will be determined in accordance with the definition of “Substitute Reference Obligation” above.

Each such form of Credit Derivatives Auction Settlement Terms shall set out, *inter alia*, definitions of “Auction”, “Auction Cancellation Date”, “Auction Covered Transaction” and “Auction Final Price Determination Date” in relation to the relevant Credit Event. The Transaction Auction Settlement Terms for purposes of the Notes shall be the relevant form of Credit Derivatives Auction Settlement Terms for which the Reference Transaction would be an Auction Covered Transaction (as such term will be set out in the relevant Credit Derivatives Auction Settlement Terms). The Reference Transaction (as set out in the definition thereof) is a hypothetical credit derivative transaction included in this Condition 24 principally for the purpose of selecting the Credit Derivatives Auction Settlement Terms appropriate to the Notes.

“Undeliverable Obligation” means a Deliverable Obligation included in the Asset Amount which, on the Settlement Date for such Deliverable Obligation, the Calculation Agent determines for any reason (including without limitation, failure of the relevant clearance system or due to any law, regulation, court order or market conditions or the non-receipt of any requisite consents with respect to the Delivery of Loans) it is impossible or illegal to Deliver on the Settlement Date.

“Unwind Costs” means the amount specified in the applicable Final Terms or if “Standard Unwind Costs” are specified in the applicable Final Terms, an amount determined by the Calculation Agent equal to the sum of (without duplication) all costs, fees, charges, expenses (including loss of funding), tax and duties incurred by the Issuer and/or any of its Affiliates in connection with the redemption of the Notes and the related termination, settlement or re-establishment of any hedge or related trading position, such amount to be apportioned *pro rata* amongst each nominal amount of Notes equal to the Calculation Amount.

If neither Single Valuation Date nor Multiple Valuation Dates is specified in the applicable Final Terms, Single Valuation Date shall apply.

“Valuation Method”:

 - (i) “Average Market” means the unweighted arithmetic mean of the Market Values determined by the Calculation Agent with respect to each Valuation Date; or
 - (ii) “Highest” means the highest Quotation obtained by the Calculation Agent with respect to any Valuation Date; or
 - (iii) “Average Highest” means the unweighted arithmetic mean of the highest Quotations obtained by the Calculation Agent with respect to each Valuation Date.

If no such Valuation Method is specified in the applicable Final Terms, the Valuation Method shall be Average Highest.

- (c) The following Valuation Methods may be specified in the applicable Final Terms with more than one Reference Obligation and only one Valuation Date:
 - (i) “Blended Market” means the unweighted arithmetic mean of the Market Value for each Reference Obligation determined by the Calculation Agent with respect to the Valuation Date; or

- (ii) “Blended Highest” means the unweighted arithmetic mean of the highest Quotations obtained by the Calculation Agent for each Reference Obligation with respect to the Valuation Date.

- (e) Notwithstanding paragraphs (a) to (d) above, if Quotations include Weighted Average Quotations or fewer than two Full Quotations, the Valuation Method shall be Market, Average Market, Blended Market or Average Blended Market, as the case may be.

“Valuation Time” means the time specified as such in the applicable Final Terms or, if no time is so specified, 11.00 a.m. in the principal trading market for the Reference Obligation.

“Weighted Average Quotation” means in accordance with the Quotation Method, the weighted average of firm quotations obtained from Quotation Dealers at the Valuation Time, to the extent reasonably practicable, each for an amount of the Reference Obligation with an Outstanding Principal Balance of as large a size as available but less than the Quotation Amount (but, if a Minimum Quotation Amount is specified in the applicable Final Terms, of a size equal to the Minimum Quotation Amount or, if quotations of a size equal to the Minimum Quotation Amount are not available, quotations as near in size as practicable to the Minimum Quotation Amount) that in aggregate are approximately equal to the Quotation Amount.

(n) ***Credit Event Notice after Restructuring Credit Event***

If Condition 24(n) is specified as applicable in the applicable Final Terms, then, notwithstanding anything to the contrary in these Terms and Conditions, upon the occurrence of a Restructuring with respect to a Series for which either “Restructuring Maturity Limitation and Fully Transferable Obligation Applicable” or “Modified Restructuring Maturity Limitation and Conditionally Transferable Obligation Applicable” is specified as applicable in the applicable Final Terms:

- (i) the Calculation Agent may deliver multiple Credit Event Notices in respect of such Restructuring, each such Credit Event Notice setting forth an amount (the “Partial Redemption Amount”) that may be less than the nominal amount outstanding of each Note immediately prior to the delivery of such Credit Event Notice. In such circumstances the provisions of Condition 24 shall be deemed to apply to the Partial Redemption Amount only and each such Note shall be redeemed in part (such redeemed part being equal to the Partial Redemption Amount).
- (ii) For the avoidance of doubt (A) the nominal amount of each such Note not so redeemed in part shall remain outstanding and interest shall accrue on the nominal amount outstanding of such Note as provided in Condition 5 (adjusted in such manner as the Calculation Agent determines

to be appropriate), (B) the provisions of Condition 24 shall apply to such nominal amount outstanding of such Note in the event that subsequent Credit Event Notices are delivered in respect of the Reference Entity that was the subject of the Restructuring Credit Event, (C) once a Credit Event Notice with respect to a Restructuring Credit Event has been delivered in respect of a Reference Entity, no further Credit Event Notices may be delivered in respect of any Reference Entity other than the Reference Entity that was the subject of the Restructuring Credit Event and (D) if, following a Restructuring Credit Event, different Credit Event Determination Dates have been determined with respect to different portions of amounts payable to Noteholders under the relevant Series, the Calculation Agent will (x) determine such adjustment(s) to these Terms and Conditions as may be required to achieve as far as practicable the same economic effect as if each such portion was a separate series or otherwise reflect or account for the effect of the above provisions of this Condition 24(n) and (y) the effective date of such adjustment(s).

- (c) If the provisions of this Condition 24(n) apply in respect of the Notes, on redemption of part of each such Note the relevant Note or, if the Notes are represented by a Global Note, such Global Note, shall be endorsed to reflect such part redemption.

(o) ***Provisions relating to Multiple Holder Obligation***

If Condition 24(o) is specified as applicable in the applicable Final Terms, then, notwithstanding anything to the contrary in the definition of Restructuring and related provisions, the occurrence of, agreement to, or announcement of, any of the events described in sub-paragraphs (i) to (v) of the definition of “Restructuring” shall not be a Restructuring unless the Obligation in respect of any such events is a Multiple Holder Obligation.

“Multiple Holder Obligation” means an Obligation that (i) at the time of the event which constitutes a Restructuring Credit Event is held by more than three holders that are not Affiliates of each other and (ii) with respect to which a percentage of holders (determined pursuant to the terms of the Obligation as in effect on the date of such event) at least equal to 66²/₃ is required to consent to the event which constitutes a Restructuring Credit Event.

(p) ***Provisions taken from the ISDA supplement titled “Additional Provisions for Physically Settled Default Swaps – Monoline Insurer as Reference Entity (January 2005)”***

If Condition 24(p) is specified as applicable in the applicable Final Terms, the following provisions will apply:

- (a) **Obligation and Deliverable Obligation.** Paragraph (a) of the definition of “Obligation” in Condition 24(m) and paragraph (a) of the definition of “Deliverable Obligation” in Condition 24(m) are hereby amended by adding “or Qualifying Policy” after as provider of a Qualifying Affiliate Guarantee”.
- (b) **Interpretation of Provisions.** In the event that an Obligation or a Deliverable Obligation is a Qualifying Policy, paragraph (B) of the definition of “Deliverable Obligation” in Condition 24(m) will apply, with references to the Qualifying Guarantee, the Underlying Obligation and the Underlying Obligor deemed to include the Qualifying Policy, the Insured Instrument and the Insured Obligor, respectively, except that:
 - (i) the Obligation Category Borrowed Money and the Obligation Category and Deliverable Obligation Category Bond shall be deemed to include distributions payable under an Insured Instrument in the form of a pass-through certificate or similar funded beneficial interest, the Deliverable Obligation Category Bond shall be deemed to include such an Insured Instrument, and the terms “obligation” and “obligor” as used in this Condition 24 in respect of such an Insured Instrument shall be construed accordingly;

- (ii) references in the definitions of Assignable Loan and Consent Required Loan to “the guarantor” and “guaranteeing” shall be deemed to include “the insurer” and “insuring”, respectively;
- (iii) neither the Qualifying Policy nor the Insured Instrument must satisfy on the relevant date the Deliverable Obligation Characteristic of Accelerated or Matured, whether or not that characteristic is otherwise specified as applicable in the applicable Final Terms;
- (iv) if the Assignable Loan, Consent Required Loan, Direct Loan Participation or Transferable Deliverable Obligation Characteristics are specified in the applicable Final Terms and if the benefit of the Qualifying Policy is not transferred as part of any transfer of the Insured Instrument, the Qualifying Policy must be transferable at least to the same extent as the Insured Instrument; and
- (v) with respect to an Insured Instrument in the form of a pass-through certificate or similar funded beneficial interest, the term “Outstanding Principal Balance” shall mean the outstanding Certificate Balance and “maturity”, as such term is used in the Maximum Maturity Deliverable Obligation Characteristic, shall mean the specified date by which the Qualifying Policy guarantees or insures, as applicable, that the ultimate distribution of the Certificate Balance will occur.

For the avoidance of doubt, if Condition 24 is specified as applying in the applicable Final Terms, the amendments to paragraph (B) of the definition of “Deliverable Obligation” provided in Condition 24(q)(ii) shall not be construed to apply to Qualifying Policies and Insured Instruments.

- (c) Not Contingent. An Insured Instrument will not be regarded as failing to satisfy the Not Contingent Deliverable Obligation Characteristic solely because such Insured Instrument is subject to provisions limiting recourse in respect of such Insured Instrument to the proceeds of specified assets (including proceeds subject to a priority of payments) or reducing the amount of any Instrument Payments owing under such Insured Instrument, provided that such provisions are not applicable to the Qualifying Policy by the terms thereof and the Qualifying Policy continues to guarantee or insure, as applicable, the Instrument Payments that would have been required to be made absent any such limitation or reduction. By specifying that this Condition 24(p) is applicable, no inference should be made as to the interpretation of the “Not Contingent” Deliverable Obligation Characteristic in the context of limited recourse or similar terms applicable to Deliverable Obligations other than Qualifying Policies.
- (d) Deliver. For the purposes of the definition of “Deliver” in Condition 24(m), “Deliver” with respect to an obligation that is a Qualifying Policy means to Deliver both the Insured Instrument and the benefit of the Qualifying Policy (or a custodial receipt issued by an internationally recognised custodian representing an interest in such an Insured Instrument and the related Qualifying Policy), and “Delivery” and “Delivered” will be construed accordingly.
- (e) Provisions for Determining a Successor. The paragraph commencing “For the purposes of this definition of “Successor”...”in the definition of “Successor” in Condition 24(m) is hereby amended by adding “or insurer” after “or guarantor”.
- (f) Substitute Reference Obligation. The first paragraph of the definition of “Substitute Reference Obligation” and paragraph (b) thereof in Condition 24(m) is hereby amended by adding “or Qualifying Policy” after “or as provider of a Qualifying Affiliate Guarantee”. For the purposes of sub-paragraph (a)(ii)(B) the definition of “Substitute Reference Obligation” references to “the Qualifying Guarantee” and the “Underlying Obligation” shall be deemed to include “the Qualifying Policy” and “the Insured Instrument”, respectively.
- (g) Restructuring

- (a) With respect to an Insured Instrument that is in the form of a pass-through certificate or similar funded beneficial interest or a Qualifying Policy with respect thereto, paragraphs (i) to (v) inclusive of the definition of “Restructuring” are hereby amended to read as follows:
- “(i) a reduction in the rate or amount or the Instrument Payments in paragraph (A)(x) of the definition thereof that are guaranteed or insured by the Qualifying Policy;
 - (ii) a reduction in the amount of the Instrument Payments described in paragraph (A)(y) of the definition thereof that are guaranteed or insured by the Qualifying Policy;
 - (iii) a postponement or other deferral of a date or dates for either (x) the payment or accrual of the Instrument Payments described in paragraph (A)(x) of the definition thereof or (y) the payment of the Instrument Payments described in paragraph (A)(y) of the definition thereof, in each case that are guaranteed or insured by the Qualifying Policy;
 - (iv) a change in the ranking in priority of payment of (x) any Obligation under a Qualifying Policy in respect of Instrument Payments, causing the Subordination of such Obligation to any other Obligation or (y) any Instrument Payments, causing the Subordination of such Insured Instrument to any other instrument in the form of a pass-through certificate or similar funded beneficial interest issued by the Insured Obligor, it being understood that, for this purpose, Subordination will be deemed to include any such change that results in a lower ranking under a priority of payments provision applicable to the relevant Instrument Payments; or
 - (v) any change in the currency or composition of any payment of Instrument Payments that are guaranteed or insured by the Qualifying Policy to any currency which is not a Permitted Currency.”
- (b) Paragraph (c) of the definition of “Restructuring” is hereby amended by adding “or, in the case of a Qualifying Policy and an Insured Instrument, where (A) the Qualifying Policy continues to guarantee or insure, as applicable, that the same Instrument Payments will be made on the same dates on which the Qualifying Policy guaranteed or insured that such Instrument Payments would be made prior to such event and (B) such event is not a change in the ranking in the priority of payment of the Qualifying Policy” after “Reference Entity”.
- (c) The definition of “Restructuring” is hereby amended by the insertion of the following paragraph after the final paragraph thereof:
- “For purposes of the definition of “Restructuring” and if Condition 24(o) is specified as applying in the applicable Final Terms, for the purposes of the Conditions the term Obligation shall be deemed to include Insured Instruments for which the Reference Entity is acting as provider of a Qualifying Policy. In the case of a Qualifying Policy and an Insured Instrument, references to the Reference Entity in the definition of “Restructuring” shall be deemed to refer to the Insured Obligor and the references to the Reference Entity in paragraphs (a) to (c) inclusive in the definition of “Restructuring” shall continue to refer to the Reference Entity.”
- (h) Fully Transferable Obligation and Conditionally Transferable Obligation. In the event that “Restructuring Maturity Limitation and Fully Transferable Obligation” and/or “Modified Restructuring Maturity Limitation and Conditionally Transferable Obligation” is specified as applying in the applicable Final Terms and a Fully Transferable Obligation or Conditionally Transferable Obligation is a Qualifying Policy, the Insured Instrument must meet the requirements of the relevant definition. References in the definition of “Conditionally

Transferable Obligation” to the “guarantor” and “guaranteeing” shall be deemed to include “the “insurer” and “insuring” respectively. With respect to an Insured Instrument in the form of a pass-through certificate or similar funded beneficial interest, the term “final maturity date”, as such term is used in Condition 24(d) and the definition of “Restructuring Maturity Limitation Date”, shall mean the specified date by which the Qualifying Policy guarantees or insures, as applicable, that the ultimate distribution of the Certificate Balance will occur.

- (i) Other Provisions. For purposes of paragraph (a)(ii) of the definition of “Deliverable Obligation” and the definitions of “Credit Event” and “Deliver” in Condition 24(m) references to “the Underlying Obligation” and “the Underlying Obligor” shall be deemed to include “Insured Instruments” and the “Insured Obligor”, respectively.

- (j) *Additional Definitions*

“Qualifying Policy” means a financial guaranty insurance policy or similar financial guarantee pursuant to which a Reference Entity irrevocably guarantees or insures all Instrument Payments of an instrument that constitutes Borrowed Money (modified as set forth in this Condition 24(m)) (the “Insured Instrument”) for which another party (including a special purpose entity or trust) is the obligor (the “Insured Obligor”). Qualifying Policies shall exclude any arrangement (i) structured as a surety bond, letter of credit or equivalent legal arrangement or (ii) pursuant to the express contractual terms of which the payment obligations of the Reference Entity can be discharged or reduced as a result of the occurrence or non-occurrence of an event or circumstance (other than the payment of Instrument Payments).

If not so permitted and agreed, such definitive Note will have endorsed thereon or attached thereto such Terms and Conditions. The applicable Final Terms in relation to any Tranche of Notes may specify other terms and conditions which shall, to the extent so specified or to the extent inconsistent with the following Terms and Conditions, replace or modify the following Terms and Conditions for the purpose of such Notes. The applicable Final Terms (or the relevant provisions thereof) will be endorsed upon, or attached to, each temporary global Note, permanent global Note and definitive Note and will be incorporated into and applicable to each Interbolsa Note (as defined below). For so long as any of the Notes is represented by a global Note held on behalf of Euroclear S.A./ N.V. (“Euroclear”) and/or Clearstream Banking, société anonyme (“Clearstream, Luxembourg”) each person (other than Euroclear or Clearstream, Luxembourg) who is for the time being shown in the records of Euroclear or of Clearstream, Luxembourg as the holder of a particular nominal amount of such Notes (in which regard any certificate or other document issued by Euroclear or Clearstream, Luxembourg as to the nominal amount of such Notes standing to the account of any person shall be conclusive and binding for all purposes save in the case of manifest error) shall be treated by, the Bank, the Trustee and any Paying Agent as the holder of such nominal amount of such Notes for all purposes other than with respect to the payment of principal or interest on the Notes, for which purpose the bearer of the relevant global Note shall be treated by the the Bank, the Trustee and any Paying Agent as the holder of such nominal amount of such Notes in accordance with and subject to the terms of the relevant global Note and the Trust Deed and the expressions “Noteholder” and “holder of Notes” and related expressions shall be construed accordingly. Each person shown in

the book-entry records of financial institutions, which are licensed to act as financial intermediaries and which are entitled to hold control accounts with Interbolsa on behalf of their customers and which include any depository banks appointed by Euroclear and Clearstream, Luxembourg for the purpose of holding accounts on behalf of Euroclear and Clearstream, Luxembourg (each such institution an “Affiliate Member of Interbolsa”), as having an interest in the Interbolsa Notes shall be the holder of the principal amount of the Interbolsa Notes recorded.

Title to the Interbolsa Notes is subject to compliance with all rules, restrictions and requirements applicable to the activities of Interbolsa.

One or more certificates in relation to the Interbolsa Notes (each, a “Certificate”) will be delivered by the relevant financial intermediary through which Interbolsa Notes are held in individual securities accounts in respect of a registered holding of Interbolsa Notes upon the request by the relevant Noteholder and in accordance with that financial intermediary’s procedures pursuant to article 78 of the Portuguese Securities Code.

The Interbolsa Notes will be registered in the relevant control issue account of the Bank with Interbolsa and will be held in control accounts by each Affiliate Member of Interbolsa on behalf of the Noteholders. The Bank and the Paying Agents may (to the fullest extent permitted by applicable law) deem and treat the person or entity registered in the Book-Entry Registry as the holder of any Interbolsa Note and the absolute owner for all purposes. Proof of such registration is made by means of a Certificate issued by the relevant financial intermediary through which Interbolsa Notes are held in individual securities accounts pursuant to article 78 of the Portuguese Securities Code.

No Noteholder will be able to transfer Interbolsa Notes, or any interest therein, except in accordance with Portuguese law and regulations. Interbolsa Notes may only be transferred in accordance with the applicable procedures established by the Portuguese Securities Code and the regulations issued by the CMVM and Interbolsa.

2. Status of the Notes

(a) Status and Subordination of the Undated Deeply Subordinated Notes.

- (i) The Undated Deeply Subordinated Notes and any relative Coupons relating thereto constitute direct, unsecured and, in accordance with paragraph (iii) below, subordinated obligations of the Bank and rank *pari passu* without any preference among themselves.
- (ii) The proceeds of the issue of the Undated Deeply Subordinated Notes will be treated for regulatory purposes as original own funds (*fundos próprios de base*) of the Bank. *Fundos próprios de base* (“original own funds” or “Tier 1 Capital”) shall have the meaning given to it in Article 5 and 17-A of *Aviso do Banco de Portugal n.º 12/92*, as amended issued by the Bank of Portugal, or otherwise recognised as *fundos próprios de base* by the Bank of Portugal, or any successor supervisory authority.
- (iii) In the event of bankruptcy or winding up of the Bank the holders of the Undated Deeply Subordinated Notes will be entitled to receive payment of the then outstanding nominal amount of the Undated Deeply Subordinated Notes – i.e., of the nominal amount prevailing at the relevant time after redenomination(s), if any, applied according to Condition 2(b) (*Loss*

Absorption) – plus accrued interest, if any, on such nominal amount from and including the Issue Date (if such event occurs in the first Interest Period after the Issue Date) or the preceding Interest Payment Date on which interest was either paid or cancelled pursuant to Condition 4(d) (*Interest Cancellation*) (if such event occurs after the first Interest Period), to the extent that there are available funds to this effect after payment to the higher ranking creditors of the Bank as described below. The claims of the holders of the Undated Deeply Subordinated Notes and the Coupons relating thereto (if any) will, in the event of the bankruptcy or winding up of the Bank, be subordinated in right of payment in the manner provided herein, and will:

- A. be subordinated to the claims of Senior Creditors of the Bank (as defined below). For the purpose of this sub-paragraph (iii), **Senior Creditors of the Bank** means creditors (1) who are unsubordinated creditors of the Bank; or (2) who are subordinated creditors of the Bank (including the holders of Dated Subordinated Notes and of Undated Subordinated Notes (each as defined in the Trust Deed) and Coupons relating thereto (if any)) other than those whose claims rank, or are expressed to rank, *pari passu* with or junior to the claims of the holders of the Undated Deeply Subordinated Notes and the Coupons relating thereto (if any) (whether only in the event of a bankruptcy or winding up of the Bank or otherwise);
- B. be subordinated to all other responsibilities of the Bank, including any undated subordinated debt of the Bank, to which a higher ranking has been assigned (except for the credits arising from any other guarantee or contractual obligation of the Bank which has expressly been ranked equally or junior to the Undated Deeply Subordinated Notes;
- C. rank equally with the credits arising from the Bank's preferential shares (if any) and any other obligations of the Bank which are or are expressed to be equally ranking with the Undated Deeply Subordinated Notes and the Coupons relating thereto, if any; and
- D. rank in priority to any payments in respect of the ordinary share capital of the Bank (including, if any, ordinary shares resulting from conversion of other instruments into ordinary share capital, upon such conversion having occurred) and of any other securities ranking or expressed to rank junior to the Undated Deeply Subordinated Notes, if any.

In the event of liquidation, bankruptcy or analogous proceedings of the Bank, no Noteholder (having a debt or a liability towards the Bank) may exercise any set-off or other similar rights against any amounts held by the Bank.

Without prejudice to the foregoing, the Undated Deeply Subordinated Notes will, in the event of a distribution of the assets in the dissolution or liquidation of the Bank, rank senior to the ordinary share capital of the Bank and *pari passu* with the entitlements of holders of preferential shares of the Bank.

(b) ***Loss Absorption***

Any amounts which, but for the provisions of Condition 4(d) (*Interest Cancellation*) or, as the case may be, the insolvency of the Bank, would be payable as principal or interest under the Undated Deeply Subordinated Notes will be available and may be used to absorb any losses of the Bank, in order to allow the Bank to continue its business activities (in accordance with the Regulation of the Bank of Portugal 12/92, as amended) as detailed below, further to a decision of the General Meeting of Shareholders, the Board of Directors or the Executive Committee of the Bank, as the case may be, or a direction received from the Bank of Portugal, taking into account the financial and solvency condition of the Bank.

In the above circumstances where unpaid principal and interest may be used to meet the losses of the Bank, the unpaid nominal amounts of interest first and then principal will be written down and utilised to the extent that may be necessary to meet the losses of the Bank. The Issuer will notify Interbolsa

of any such reduction and the nominal amount of each Undated Deeply Subordinated Note will be reduced in the records of Interbolsa accordingly.

The reduction in the nominal amount of the Undated Deeply Subordinated Notes may take place whenever the Bank is at risk of noncompliance with the Own Funds Requirements Regulations, at an individual or consolidated level as appropriate, in the opinion of either the Bank or the Bank of Portugal taking into account the most recently available reports from the Bank of Portugal regarding the Bank's compliance with the Own Funds Requirements Regulations and all subsequent available information. Such reduction will be effected proportionally between the nominal amount of the Undated Deeply Subordinated Notes, instruments also eligible as Tier 1 Capital subject to limits ranking *pari passu* therewith and the shareholders' capital (equity items attributable to shareholders including share capital and respective share premiums, reserves and other retained earnings, profit and losses and other comprehensive income) of the Bank on a *pro rata* basis. Notwithstanding any other provision, the nominal amount of each Undated Deeply Subordinated Note shall never be reduced to an amount lower than euro 0.01.

In these Terms and Conditions, "Regulatory Capital" means the capital required to allow the Bank to comply with the capitalization requirements at any time applicable to credit institutions in Portugal, and calculated in accordance with Regulation of the Bank of Portugal 12/92, as amended.

Subject to prior approval of the Bank of Portugal, the nominal amount of the Undated Deeply Subordinated Notes so reduced can only be reinstated and registered as a subordinated credit as if it had never been reduced to the extent that the Bank's Regulatory Capital registers a positive variation resulting from an improvement in the Bank's financial condition as a consequence of gains obtained in the course of the Bank's activities, such reinstatement being made proportionally between the outstanding nominal amount of the Undated Deeply Subordinated Notes, and other instruments also eligible as Tier 1 Capital subject to limits ranking *pari passu* therewith and the shareholders' capital on a *pro rata* basis. In the above cases and at all times, the reinstated amounts previously written down will revert to being treated as subordinated credits of the corresponding holders with the same level of subordination as before being written down.

Without prejudice to the following paragraph, in the determination of the proportional amount to allocate to the Undated Deeply Subordinated Notes, the losses (being the negative variation in the Regulatory Capital ratio resulting from a deterioration of the Bank's financial condition as a consequence of losses incurred in the course of the Bank's activities) or the gains (being the positive variation in the Regulatory Capital ratio resulting from an improvement of the Bank's financial condition as a consequence of gains obtained in the course of the Bank's activities), as the case may be, will be multiplied by the quotient of (i) the nominal amount of the Undated Deeply Subordinated Notes and (ii) the sum of this nominal amount with the then existing nominal amount of other undated deeply subordinated notes, other instruments also eligible as Tier 1 Capital subject to limits and shareholders' capital. The determination of the proportional amount is based in individual or consolidated level, as appropriate and is determined at the discretion of the Bank or the Bank of Portugal, as the case may be, such determination being final, binding and conclusive.

The reinstatement of the previously reduced nominal amount of the Undated Deeply Subordinated Notes shall be made taking into account the existing elements that count for the denominator of the quotient referred to above immediately prior to such reinstatement, regardless of the fact that such elements at the time of the reduction could have been of a different amount.

During any period of writing down of the nominal amount of Undated Deeply Subordinated Notes pursuant to Condition 2(b) (*Loss Absorption*) and until such nominal amount has been reinstated in full and registered as a subordinated credit as if it had never been written down, the written down nominal amount of Undated Deeply Subordinated Notes shall not bear interest.

Whenever the nominal amount of the Undated Deeply Subordinated Notes is written down and/or reinstated in accordance with the provisions above (and, for the avoidance of doubt, this mechanism may be applied by the Bank as many times as it may be deemed necessary, subject only to the limit

of euro 0.001 per Undated Deeply Subordinated Note) the Bank will publish, or cause to be published, notices informing the holders of Undated Deeply Subordinated Notes of such write down or reinstatement in accordance with the provision of Condition 13 (*Notices*).

3. Negative Pledge

There is no negative pledge in respect of the Undated Deeply Subordinated Notes.

4. Interest and Interest Cancellation

Payments of interest on the Undated Deeply Subordinated Notes will occur in accordance with the provisions of this Condition 4 (*Interest and Interest Cancellation*) and will be subject to a discretionary decision of the Board of Directors or the Executive Committee of the Bank, as the case may be, as specified in paragraph (d) below (*Interest Cancellation*), without prejudice to the provisions of subparagraphs (d) (ii) (second paragraph) (*No Obligation to Pay Interest*) and (iii) (*Priority of Interest*) below. If the Board of Directors or the Executive Committee of the Bank, as the case may be, decides not to make an interest payment on any Interest Payment Date, the amount of such interest payment will not be due, and will be forfeited in accordance with subparagraph (d) of this Condition 4 (*Interest and Interest Cancellation*).

(a) Interest on Fixed Rate Notes

Subject to the provisions of Condition 4(d) (*Interest Cancellation*), each Fixed Rate Note bears interest from (and including) the Interest Commencement Date at the rate(s) per annum equal to the Rate(s) of Interest. Subject to the provisions of Condition 4(d) (*Interest Cancellation*), interest will be payable in arrear on the Interest Payment Date(s) in each year. For so long as any of the Fixed Rate Notes is represented by a global Note held on behalf of Clearstream, Luxembourg and/or Euroclear, interest will be paid to Clearstream, Luxembourg and Euroclear for distribution by them to entitled accountholders in accordance with their usual rules and operating procedures. Interest on Fixed Rate Notes which are Interbolsa Notes will be paid to the Affiliate Members of Interbolsa for distribution by them to the accounts of entitled Noteholders in accordance with Interbolsa's usual rules and operating procedures.

If the Notes are in definitive form, except as provided in the applicable Final Terms, the amount of interest payable on each Interest Payment Date in respect of the Fixed Interest Period ending on (but excluding) such date will amount to the Fixed Coupon Amount. Payments of interest on any Interest Payment Date will, if so specified in the applicable Final Terms, amount to the Broken Amount so specified.

As used in these Terms and Conditions, "Fixed Interest Period" means the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date.

Except in the case of Notes in definitive form where an applicable Fixed Coupon Amount or Broken Amount is specified in the applicable Final Terms, interest shall be calculated in respect of any period by applying the Rate of Interest to:

- (A) in the case of Fixed Rate Notes which are either Interbolsa Notes or are represented by a global Note held on behalf of Clearstream, Luxembourg and/or Euroclear, the full nominal amount outstanding of the Fixed Rate Notes; or
- (B) in the case of Fixed Rate Notes in definitive form, the Calculation Amount; and, in each case, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Fixed Rate Note in definitive form is a multiple of the Calculation Amount, the amount of interest payable in respect of such Fixed Rate Note shall be the product of the amount (determined in the manner provided above) for the Calculation Amount and the

amount by which the Calculation Amount is multiplied to reach the Specified Denomination, without any further rounding.

“Day Count Fraction” means, in respect of the calculation of an amount of interest in accordance with this Condition 4(a) (*Interest on Fixed Rate Notes*):

- (i) if “Actual/Actual (ICMA)” is specified in the applicable Final Terms:
 - (A) in the case of Notes where the number of days in the relevant period from (and including) the most recent Interest Payment Date (or, if none, the Interest Commencement Date) to (but excluding) the relevant payment date (the “Accrual Period”) is equal to or shorter than the Determination Period during which the Accrual Period ends, the number of days in such Accrual Period divided by the product of (1) the number of days in such Determination Period and (2) the number of Determination Dates (as specified in the applicable Final Terms) that would occur in one calendar year; or
 - (B) in the case of Notes where the Accrual Period is longer than the Determination Period during which the Accrual Period ends, the sum of:
 - (1) the number of days in such Accrual Period falling in the Determination Period in which the Accrual Period begins divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates (as specified in the applicable Final Terms) that would occur in one calendar year; and
 - (2) the number of days in such Accrual Period falling in the next Determination Period divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates that would occur in one calendar year; and
- (ii) if “30/360” is specified in the applicable Final Terms, the number of days in the period from (and including) the most recent Interest Payment Date (or, if none, the Interest Commencement Date) to (but excluding) the relevant payment date (such number of days being calculated on the basis of a year of 360 days with 12 30-day months) divided by 360.

In these Terms and Conditions:

“Determination Period” means the period from (and including) a Determination Date to (but excluding) the next Determination Date (including, where either the Interest Commencement Date or the final Interest Payment Date is not a Determination Date, the period commencing on the first Determination Date prior to, and ending on the first Determination Date falling after, such date); and

“sub-unit” means, with respect to any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, with respect to euro, means one cent.

(b) ***Interest on Floating Rate Notes and Index Linked Interest Notes***

(i) ***Interest Payment Dates***

Subject to the provisions of Condition 4(d) (*Interest Cancellation*), each Floating Rate Note and Index Linked Interest Note bears interest from (and including) the Interest Commencement Date and such interest will be payable in arrear on either:

- (A) the Specified Interest Payment Date(s) in each year specified in the applicable Final Terms; or

- (B) if no Specified Interest Payment Date(s) is/are specified in the applicable Final Terms, each date (each such date, together with each Specified Interest Payment Date, an “Interest Payment Date”) which falls on the number of months or other period specified as the Specified Period in the applicable Final Terms after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date. Such interest will be payable in respect of each Interest Period (which expression shall, in these Terms and Conditions, mean the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date). For so long as any of the Floating Rate Notes or Index Linked Interest Notes is represented by a global Note held on behalf of Clearstream, Luxembourg and/or Euroclear, interest will be paid to Clearstream, Luxembourg and Euroclear for distribution by them to entitled accountholders in accordance with their usual rules and operating procedures. Interest on Floating Rate Notes or Index Linked Interest Notes which are Interbolsa Notes will be paid to the Affiliate Members of Interbolsa for distribution by them to the accounts of entitled Noteholders in accordance with Interbolsa’s usual rules and operating procedures.

If a Business Day Convention is specified in the applicable Final Terms and (x) there is no numerically corresponding day in the calendar month on which an Interest Payment Date should occur or (y) if any Interest Payment Date would otherwise fall on a day which is not a Business Day, then, if the Business Day Convention specified is:

- (1) in any case where Specified Periods are specified in accordance with Condition 4(b)(i)(B), the Floating Rate Convention, such Interest Payment Date (i) in the case of (x) above, shall be the last day that is a Business Day in the relevant month and the provisions of (B) below shall apply *mutatis mutandis* or (ii) in the case of (y) above, shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event (A) such Interest Payment Date shall be brought forward to the immediately preceding Business Day and (B) each subsequent Interest Payment Date shall be the last Business Day in the month which falls the Specified Period after the preceding applicable Interest Payment Date occurred; or
- (2) the Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day; or
- (3) the Modified Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Payment Date shall be brought forward to the immediately preceding Business Day; or
- (4) the Preceding Business Day Convention, such Interest Payment Date shall be brought forward to the immediately preceding Business Day.

In these Terms and Conditions, “Business Day” means a day which is both:

- (A) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in Lisbon in the case of Interbolsa Notes and any Additional Business Centre specified in the applicable Final Terms; and
- (B) either (1) in relation to any sum payable in a Specified Currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency (which if the Specified Currency is Australian dollars or New Zealand dollars, shall be Sydney and Auckland, respectively), or (2) in relation to any sum payable in

euro, a day on which the Trans-European Automated Real-Time Gross Settlement Express Transfer (TARGET2) System (the “TARGET2 System”) is open.

Interest will be paid subject to and in accordance with the provisions of Condition 5 (*Payments*).

(ii) *Rate of Interest*

The Rate of Interest payable from time to time in respect of Floating Rate Notes and Index Linked Interest Notes will be determined in the manner specified in the applicable Final Terms.

(A) ISDA Determination for Floating Rate Notes where ISDA Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will be the relevant ISDA Rate plus or minus (as indicated in the applicable Final Terms) the Margin (if any). For the purposes of this sub-paragraph (A), “ISDA Rate” for an Interest Period means a rate equal to the Floating Rate that would be determined by the Agent or other person specified in the applicable Final Terms under an interest rate swap transaction if the Agent or that other person were acting as Calculation Agent for that swap transaction under the terms of an agreement incorporating the 2006 ISDA Definitions (as published by the International Swaps and Derivatives Association, Inc. and amended and updated as at the Issue Date of the first Tranche of Notes and as published by the International Swaps and Derivatives Association, Inc. (the “ISDA Definitions”)) and under which:

- (1) the Floating Rate Option is as specified in the applicable Final Terms;
- (2) the Designated Maturity (if any) is a period specified in the applicable Final Terms; and
- (3) the relevant Reset Date is either (i) if the applicable Floating Rate Option is based on the London inter-bank offered rate (“LIBOR”) or on the Euro-zone inter-bank offered rate (“EURIBOR”) for a currency, the first day of that Interest Period or (ii) in any other case, as specified in the applicable Final Terms.

For the purposes of this sub-paragraph (A), “Euro-zone”, “Floating Rate”, “Calculation Agent”, “Floating Rate Option”, and “Reset Date” have the meanings given to those terms in the ISDA Definitions.

Unless otherwise stated in the applicable Final Terms the Minimum Rate of Interest shall be deemed to be zero.

When this sub-paragraph (A) applies, in respect of each relevant Interest Period the Agent will be deemed to have discharged its obligations under Condition 4(b)(ii) in respect of the determination of the Interest Rate if it has determined the Rate of Interest in respect of such Interest Period in the manner provided in this sub-paragraph (A).

(B) Screen Rate Determination for Floating Rate Notes Where Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will, subject as provided below, be either:

- (1) the offered quotation; or
- (2) the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the offered quotations, (expressed as a percentage rate per annum) for the Reference Rate which appears or appear, as the case may be, on the Relevant Screen Page as at 11.00 a.m. (London time, in the case of LIBOR, or Brussels time, in the case of EURIBOR) on the Interest Determination Date in question plus or minus (as indicated in the applicable Final

Terms) the Margin (if any), all as determined by the Agent. If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Agent for the purpose of determining the arithmetic mean (rounded as provided above) of such offered quotations.

The Principal Agency Agreement contains provisions for determining the Rate of Interest in the event that the Relevant Screen Page is not available or if, in the case of (1) above, no such quotation appears or, in the case of (2) above, fewer than three such offered quotations appear, in each case as at the time specified in the preceding paragraph.

If the Reference Rate from time to time in respect of Floating Rate Notes is specified in the applicable Final Terms as being other than LIBOR or EURIBOR, the Rate of Interest in respect of such Notes will be determined as provided in the applicable Final Terms.

(iii) *Minimum Rate of Interest and/or Maximum Rate of Interest*

If the applicable Final Terms specifies a Minimum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of paragraph (ii) above is less than such Minimum Rate of Interest, the Rate of Interest for such Interest Period shall be such Minimum Rate of Interest.

If the applicable Final Terms specifies a Maximum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of paragraph (ii) above is greater than such Maximum Rate of Interest, the Rate of Interest for such Interest Period shall be such Maximum Rate of Interest.

(iv) *Determination of Rate of Interest and Calculation of Interest Amounts*

The Agent, in the case of Floating Rate Notes, and the Calculation Agent, in the case of Index Linked Interest Notes, will at or as soon as practicable after each time at which the Rate of Interest is to be determined, determine the Rate of Interest for the relevant Interest Period. In the case of Index Linked Interest Notes, the Calculation Agent will notify the Agent of the Rate of Interest for the relevant Interest Period as soon as practicable after calculating the same.

The Agent will calculate the amount of interest (the "Interest Amount") payable on the Floating Rate Notes or Index Linked Interest Notes for the relevant Interest Period by applying the Rate of Interest to:

- (A) in the case of Floating Rate Notes or Index Linked Interest Notes which are either Interbolsa Notes or are represented by a global Note held on behalf of Clearstream, Luxembourg and/or Euroclear, the full nominal amount outstanding of the relevant Notes; or
- (B) in the case of Floating Rate Notes or Index Linked Interest Notes in definitive form, the Calculation Amount;

and, in each case, multiplying such sum by the applicable Day Count Fraction and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Floating Rate Note or an Index Linked Interest Note in definitive form is a multiple of the Calculation Amount, the Interest Amount payable in respect of such Note shall be the product of the amount (determined in the manner provided above) for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination, without any further rounding.

“Day Count Fraction” means, in respect of the calculation of an amount of interest for any Interest Period:

- (i) if “Actual/Actual” or “Actual/Actual (ISDA)” is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365 (or, if any portion of that Interest Period falls in a leap year, the sum of (A) the actual number of days in that portion of the Interest Period falling in a leap year divided by 366 and (B) the actual number of days in that portion of the Interest Period falling in a non-leap year divided by 365);
- (ii) if “Actual/365 (Fixed)” is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365;
- (iii) if “Actual/365 (Sterling)” is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365 or, in the case of an Interest Payment Date falling in a leap year, 366;
- (iv) if “Actual/360” is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 360;
- (v) if “30/360”, “360/360” or “Bond Basis” is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

“Y₁” is the year, expressed as a number, in which the first day of the Interest Period falls;

“Y₂” is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“M₁” is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

“M₂” is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“D₁” is the first calendar day, expressed as a number, of the Interest Period, unless such number is 31, in which case D₁ will be 30; and

“D₂” is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless such number would be 31 and D₁ is greater than 29, in which case D₂ will be 30;

- (vi) if “30E/360” or “Eurobond Basis” is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

“Y₁” is the year, expressed as a number, in which the first day of the Interest Period falls;

“Y₂” is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“M₁” is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

“M₂” is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“D₁” is the first calendar day, expressed as a number, of the Interest Period, unless such number would be 31, in which case D₁ will be 30; and

“D₂” is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless such number would be 31, in which case D₂ will be 30;

- (vii) if “30E/360 (ISDA)” is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

“Y₁” is the year, expressed as a number, in which the first day of the Interest Period falls;

“Y₂” is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“M₁” is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

“M₂” is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“D₁” is the first calendar day, expressed as a number, of the Interest Period, unless (i) that day is the last day of February or (ii) such number would be 31, in which case D₁ will be 30; and

“D₂” is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless (i) that day is the last day of February but not the Maturity Date or (ii) such number would be 31, in which case D₂ will be 30.

- (v) *Notification of Rate of Interest and Interest Amounts*

Subject to the provisions of Condition 4(d) (*Interest Cancellation*), the Agent will cause the Rate of Interest and each Interest Amount for each Interest Period and the relevant Interest Payment Date to be notified to the Bank, the other Paying Agents and any stock exchange or other relevant authority on which the relevant Floating Rate Notes or Index Linked Interest Notes are for the time being listed (by no later than the first day of each Interest Period) or by which they have been admitted to listing and notice thereof to be published in accordance with Condition 13 (*Notices*) as soon as possible after their determination but in no event later than the fourth London Business Day thereafter. Each Interest Amount and Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without prior notice in the event of an extension or shortening of the Interest Period. Any such amendment will be promptly notified to each stock exchange or other relevant authority on which the relevant Floating Rate Notes or Index Linked Interest Notes are for the time being listed or by which they have been admitted to listing and to the Noteholders in accordance with Condition 13 (*Notices*). “*London Business Day*” means a day (other than a Saturday or a Sunday) on which banks and foreign exchange markets are open for business in London.

(vi) *Determination or calculation by Trustee or by a designated bank*

If for any reason the Agent at any time after the Issue Date defaults in its obligation to determine the Rate of Interest or calculate any Interest Amount in accordance with subparagraph (ii) above, then (A) (except in respect of Interbolsa Notes), the Trustee or (B) (in respect of Interbolsa Notes), any bank designated by the Common Representative for such purpose or, if no such bank is designated, a meeting of the Noteholders by Extraordinary Resolution, shall determine the Rate of Interest at such rate as, in its absolute discretion (having such regard as it shall think fit to the foregoing provisions of this Condition but subject always to any Minimum Rate of Interest and/or Maximum Rate of Interest specified in the applicable Final Terms) it shall deem fair and reasonable in all the circumstances or, as the case may be, the Trustee, designated bank or meeting of holders of Interbolsa Notes, as the case may be, shall calculate the Interest Amount(s) in such manner as it shall deem fair and reasonable in all the circumstances and each such determination or calculation shall be deemed to have been made by the Agent.

(vii) *Certificates to be Final*

All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 4(b) (*Interest on Floating Rate Notes and Index Linked Interest Notes*), whether by the Agent or (except in respect of Interbolsa Notes) the Trustee, or (in the case of Interbolsa Notes), by or on behalf of the Common Representative or, if applicable, the Calculation Agent, shall (in the absence of negligence, wilful default, bad faith or manifest error) be binding on the Bank, the Agent, the Trustee, the Common Representative the Calculation Agent (if applicable), the other Paying Agents and all Noteholders and Couponholders and (in the absence as aforesaid) no liability to the Bank, the Noteholders or the Couponholders shall attach to the Agent or the Trustee or the Common Representative or the Calculation Agent (if applicable) in connection with the exercise or non-exercise by it of its powers, duties and discretions pursuant to such provisions.

(c) ***Interest on Dual Currency Interest Notes***

In the case of Dual Currency Notes, if the rate or amount of interest falls to be determined by reference to an exchange rate, the rate or amount of interest payable shall be determined in the manner specified in the applicable Final Terms.

(d) ***Interest Cancellation***

The payment of interest is conditional upon, and dependent upon, a discretionary decision of the Bank, without prejudice to the provisions of subparagraph 4(d)(ii) (second paragraph) (*No Obligation to Pay Interest*) and 4(d)(iii) (*Priority of Interest*) below. The Board of Directors or the Executive Committee of the Bank, as the case may be, may in its discretion decide on the payment of interest, provided that no Interest Cancellation Event has occurred or is continuing on the relevant Interest Payment Date.

Subject to a decision to pay interest being taken by the Board of Directors or the Executive Committee of the Bank, as the case may be, and to the absence of an Interest Cancellation Event, interest shall be payable on the Undated Deeply Subordinated Notes in accordance with the relevant provisions of the applicable Final Terms.

(i) ***Interest Cancellation Event***

The Bank will in any case be prevented from making any interest payments, and interest shall not accrue or otherwise become due and payable to the relevant holders on the relevant Interest

Payment Date, regardless of a decision to that effect being taken by the Board of Directors or the Executive Committee of the Bank, as the case may be:

- (a) to the extent the sum of such envisaged interest payment and (i) the amount of dividends paid, decided or pending payment on the Bank's ordinary share capital or the amount of payments paid, decided or pending on the instruments mentioned in Condition 2(a)(iii)(D) and (ii) the amount of dividends relating to preferential shares of the Bank and the amount of other payments under obligations referred to in Condition 2(a)(iii)(C) which rank equally with the Undated Deeply Subordinated Notes in terms of their entitlement to the profits of the Bank, in each case which have already been paid in the then current fiscal year, exceed the Bank's Distributable Funds with reference to the most recently available reports from the Bank of Portugal regarding the Bank's compliance with the Own Funds Requirements Regulation and all subsequent available information; or
- (b) if notwithstanding the fact that the sum mentioned in a) above does not exceed the Bank's Distributable Funds, the Bank is in violation of the Own Funds Requirements Regulation, or to the extent that such payment would cause a breach by the Bank of the Own Funds Requirements Regulation taking into account the most recently available reports from the Bank of Portugal regarding the Bank's compliance with the Own Funds Requirements Regulation and all subsequent available information; or
- (c) if, other than in the circumstances mentioned in a) and b) above, (i) the Executive Committee of the Bank, or (ii) the Bank of Portugal, are of the opinion that such payment may compromise compliance by the Bank with the Own Funds Requirements Regulation, taking into consideration the (past and expected) evolution of the financial situation of the Bank and the most recently available reports from the Bank of Portugal regarding the Bank's compliance with the Own Funds Requirements Regulation and all subsequent available information; or
- (d) if the nominal amount of the Undated Deeply Subordinated Notes has been reduced pursuant to Condition 2(b) (*Loss Absorption*) and such nominal amount has not been reinstated in full and registered as a subordinated credit has if it had never been reduced.

(each of the above events, an "Interest Cancellation Event").

"Distributable Funds" means, for the purposes hereof, and in respect of any fiscal year of the Bank, calculated by reference to the last day of the immediately preceding fiscal year, the sum of earned profits held and any other reserves and amounts capable of distribution to the shareholders of the Bank in accordance with Portuguese law, plus or less, as the case may be, the amount of any profits or losses arising on such preceding fiscal year, in any case net of (i) the amounts necessary to set up or reinstate any reserves which are mandatory pursuant to a legal or statutory requirement; and (ii) the amount which is to be statutorily applied by the Bank in making distributions to the Bank's employees and directors, but in any case prior to the deduction of the payment of any dividends or other payments in respect of the ordinary shares of the Bank or any other securities which are subordinated to the Undated Deeply Subordinated Notes, in respect of such fiscal year.

"Own Funds Requirements Regulations" means, at any given time, all regulations, requirements, directions and policies then in force relating to own funds requirements, issued by the Bank of Portugal or applicable to credit institutions in Portugal, including any such regulations, requirements, directions and policies as may be applicable in the future specifically to the Bank.

- (ii) *No Obligation to Pay Interest*

In the event that:

- (1) no interest is paid on an Interest Payment Date or part of the interest that may otherwise have been due is not paid, in either case due to the occurrence of an Interest Cancellation Event; or
- (2) (subject as provided below in Condition 4(d)(iii) (“*Priority of Interest*”)) the Board of Directors or the Executive Committee of the Bank, as the case may be, does not decide to make an interest payment on an Interest Payment Date,

the relevant interest amounts will not accrue or become due and payable, and shall be forfeited and the holders of the Undated Deeply Subordinated Notes will not be entitled to claim any payments in respect of interest relating to the Interest Period ending on such Interest Payment Date.

Notwithstanding payment of interest being conditional upon a discretionary decision of the Bank, in the absence of an Interest Cancellation Event the distribution of any revenues or dividends to the holders of any ordinary shares issued by the Bank in a given Interest Period, shall necessarily determine the payment of interest on the Undated Deeply Subordinated Notes on the following Interest Payment Date, in accordance with Condition 4 (“*Interest and Interest Cancellation*”). To this effect and prior to the distribution of such dividends or revenues, the Bank will set aside enough monies for payment of such interest amounts which will become due under the Undated Deeply Subordinated Notes subsequently to such distribution or payment, provided that such amounts set aside remain available to meet losses of the Bank and, as such, will not be distributable to the holders of Undated Deeply Subordinated Notes if an Interest Cancellation Event has occurred and is continuing.

If other than in the circumstances described in subparagraphs a) to d) of Condition 4 (d)(i) (*Interest Cancellation Event*) either the Board of Directors or the Executive Committee of the Bank, as the case may be, decides in its discretion not to pay interest to the holders of Undated Deeply Subordinated Notes on a given Interest Payment Date, and no Interest Cancellation Event has occurred or is continuing on such Interest Payment Date, then the Bank’s Board of Directors undertakes not to propose the distribution of revenues or dividends to the holders of any ordinary shares of the Bank in such Interest Period in which the discretionary nonpayment of interest to the holders of Undated Deeply Subordinated Notes took place.

(iii) *Priority of Interest*

The Bank undertakes that, prior to the distribution of any revenues (including dividends to its shareholders), the amortisation or acquisition of own shares or other securities subordinated to the Undated Deeply Subordinated Notes and after the approval of such payments by the Bank’s General Meeting of Shareholders, Board of Directors or Executive Committee, as the case may be, (or, where such approval has not yet occurred, such payments have been formally proposed), the Bank will, in any circumstances, regardless of a decision of the Bank’s Board of Directors or Executive Committee, as the case may be, being taken to that effect, set aside enough monies for the payment of interest amounts which will (assuming there will be no Interest Cancellation Event on the relevant Interest Payment Date and on the basis that the relevant interest payment will be made on the relevant Interest Payment Date) become due on the next Interest Payment Date, provided that such amounts set aside remain available to meet losses of the Bank and, as such, will not be distributable to the holders of Undated Deeply Subordinated Notes if an Interest Cancellation Event has occurred or is continuing. In any case, no payment of interest will be made in violation of the Interest Cancellation Events provisions.

(e) *Accrual of Interest*

Without prejudice to the provisions of Condition 4 (d) (*Interest Cancellation*) above, each Undated Deeply Subordinated Note (or in the case of the redemption of part only of an Undated Deeply Subordinated Note, that part only of such Undated Deeply Subordinated Note) will cease to bear interest (if any) from the date scheduled for its redemption unless payment of principal is improperly

withheld or refused. In such event interest will continue to accrue until due payment in accordance with the relevant provisions of the applicable Final Terms.

5. Payments

Any payments made to the holders of Undated Deeply Subordinated Notes will be subject to the limitations established in these Terms and Conditions and the Bank will notify, or will cause the notification, of the holders of Undated Deeply Subordinated Notes of any such payments, as it may deem appropriate, and in accordance with Condition 13 (*Notices*) below.

(a) Method of Payment

Subject as provided below:

- (i) payments in a Specified Currency other than euro will be made by transfer to an account in the relevant Specified Currency maintained by the payee with a bank in the principal financial centre of the country of such Specified Currency (which, if the Specified Currency is Australian dollars or New Zealand dollars, shall be Sydney and Auckland, respectively); and
- (ii) payments in euro will be made by credit or transfer to a euro account (or any other account to which euro may be credited or transferred) specified by the payee.

Payments will be subject in all cases to any fiscal or other laws and regulations applicable thereto in the place of payment, but without prejudice to the provisions of Condition 7 (*Taxation*).

(b) Presentation of definitive Notes, Receipts and Coupons

Payments of principal in respect of definitive Notes will (subject as provided below) be made in the manner provided in paragraph (a) above only against surrender of definitive Notes, and payments of interest in respect of definitive Notes will (subject as provided below) be made as aforesaid only against surrender of Coupons, in each case at the specified office of any Paying Agent outside the United States (which expression, as used herein, means the United States of America (including the States and the District of Columbia and its territories and its possessions and other areas subject to its jurisdiction)).

Fixed Rate Notes in definitive form (other than Dual Currency Notes or Index Linked Notes) should be presented for payment together with all unmatured Coupons appertaining thereto (which expression shall for this purpose include Coupons falling to be issued on exchange of matured Talons), failing which the amount of any missing unmatured Coupon (or, in the case of payment not being made in full, the same proportion of the amount of such missing unmatured Coupon as the sum so paid bears to the sum due) will be deducted from the sum due for payment. Each amount of principal so deducted will be paid in the manner mentioned above against surrender of the relative missing Coupon at any time before the expiry of 10 years after the Relevant Date (as defined in Condition 7 (*Taxation*)) in respect of such principal (whether or not such Coupon would otherwise have become void under Condition 8 (*Prescription*)) or, if later, five years from the date on which such Coupon would otherwise have become due, but in no event thereafter.

Upon the date on which any Floating Rate Note, Dual Currency Note or Index Linked Note in definitive form becomes due and repayable, unmatured Coupons and Talons (if any) relating thereto (whether or not attached) shall become void and no payment or, as the case may be, exchange for further Coupons shall be made in respect thereof.

If the due date for redemption of any definitive Note is not an Interest Payment Date, interest (if any) in respect of such Note shall be payable only against surrender of the relevant definitive Note.

(c) ***Payments in respect of global Notes***

Payments of principal and interest (if any) in respect of Notes represented by any global Note will (subject as provided below) be made in the manner specified above in relation to definitive Notes or otherwise in the manner specified in the relevant global Notes where applicable against presentation or surrender, as the case may be, of such global Note if the global Note is not issued in new global note form, at the specified office of any Paying Agent outside the United States. A record of each payment made, distinguishing between any payment of principal and any payment of interest, will be made on such global Note either by the Paying Agent to which it was presented or in the records of Euroclear and Clearstream, Luxembourg, as applicable.

The holder of a global Note (or, as provided in the Trust Deed, the Trustee) shall be the only person entitled to receive payments in respect of Notes represented by such global Note and the Bank will be discharged by payment to, or to the order of, the holder of such global Note (or, as provided in the Trust Deed, the Trustee) in respect of each amount so paid. Each of the persons shown in the records of Euroclear or Clearstream, Luxembourg as the beneficial holder of a particular nominal amount of Notes represented by such global Note must look solely to Euroclear or Clearstream, Luxembourg, as the case may be, for his share of each payment so made by the Bank to, or to the order of, the holder of such global Note (or, as provided in the Trust Deed, the Trustee).

(d) ***Payments in respect of Interbolsa Notes***

All payments on Interbolsa Notes (including without limitation the payment of accrued interest and principal) will be made by the Bank to the Portuguese Paying Agent and (i) **if made in euro** will be (a) credited, according to the procedures and regulations of Interbolsa, by the Portuguese Paying Agent to the payment current-accounts held in the payment system of the Bank of Portugal by the Affiliate Members of Interbolsa whose control accounts with Interbolsa are credited with such Notes and thereafter (b) credited by such Interbolsa Affiliate Members from the aforementioned payment current-accounts to the accounts of the Noteholders or through Euroclear and Clearstream, Luxembourg to the accounts with Euroclear and Clearstream, Luxembourg of the beneficial owners of those Notes, in accordance with the rules and procedures of Interbolsa, Euroclear or Clearstream, Luxembourg, as the case may be; (ii) **if made in currencies other than euro** will be (a) transferred, on the payment date and according to the procedures and regulations applicable by Interbolsa, from the account held by the Portuguese Paying Agent in the Foreign Currency Settlement System (*Sistema de Liquidação em Moeda Estrangeira*), managed by Caixa Geral de Depósitos, S.A., to the relevant accounts of the relevant Affiliate Members of Interbolsa, and thereafter (b) transferred by such Affiliate Members of Interbolsa from such relevant accounts to the accounts of the Noteholders of those Notes or through Euroclear and Clearstream, Luxembourg to the accounts with Euroclear and Clearstream, Luxembourg of the beneficial owners of those Notes, in accordance with the rules and procedures of Interbolsa, Euroclear or Clearstream, Luxembourg, as the case may be.

The Bank must provide Interbolsa with a prior notice of all payments in relation to the Interbolsa Notes and all necessary information for that purpose. In particular, such notice must contain:

- (a) the identity of the Portuguese Paying Agent responsible for the relevant payment; and
- (b) a statement of acceptance of such responsibility by the Portuguese Paying Agent.

Interbolsa shall notify the Portuguese Paying Agent of the amounts to be settled, which Interbolsa calculates on the basis of the balances and on the tax rules governing the accounts of the Affiliate Members of Interbolsa.

In the case of a partial payment, the amount held in the relevant current account of the Portuguese Paying Agent must be apportioned pro-rata between the accounts of the Affiliate Members of Interbolsa. After a payment has been processed, such process shall be confirmed to Interbolsa.

The holders of Interbolsa Notes are reliant upon the procedures of Interbolsa to receive payment in respect of Interbolsa Notes.

(e) ***Amounts payable in U.S. dollars (not applicable to Interbolsa Notes)***

Notwithstanding the foregoing provisions of this Condition, if any amount of principal and/or interest in respect of this Note is payable in U.S. dollars, such U.S. dollar payments of principal and/or interest in respect of this Note will be made at the specified office of a Paying Agent in the United States if:

- (i) the Bank has appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment in U.S. dollar at such specified offices outside the United States of the full amount of principal and interest on the Notes in the manner provided above when due;
- (ii) payment of the full amount of such principal and interest at all such specified offices outside the United States is illegal or effectively precluded by exchange controls or other similar restrictions on the full payment or receipt of principal and interest in U.S. dollars; and
- (iii) such payment is then permitted under United States law without involving, in the opinion of the Bank, adverse tax consequences to the Bank.

(f) ***Payment Day***

If the date for payment of any amount in respect of any Note or Coupon is not a Payment Day, the holder thereof shall not be entitled to payment until the next following Payment Day in the relevant place and shall not be entitled to further interest or other payment in respect of such delay. For these purposes, "Payment Day" means any day which (subject to Condition 8 (*Prescription*)) is:

- (i) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in:
 - (A) the relevant place of presentation (if presentation is required);
 - (B) in respect of Interbolsa Notes only, Lisbon;
 - (C) any Additional Financial Centre specified in the applicable Final Terms; and
- (ii) either (1) in relation to any sum payable in a Specified Currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency and any Additional Financial Centre and which, if the Specified Currency is Australian dollars or New Zealand dollars, shall be Sydney and Auckland, respectively) or (2) in relation to any sum payable in euro, a day on which the TARGET2 System is open.

(g) ***Interpretation of Principal and Interest***

Any reference in these Terms and Conditions to principal in respect of the Notes shall be deemed to include, as applicable:

- (ii) the Final Redemption Amount of the Notes;
- (iii) the Redemption Amount of the Notes; or
- (iv) the Optional Redemption Amount(s) (if any) of the Notes.

Any reference in these Terms and Conditions to interest in respect of the Notes shall be deemed to include, as applicable, any additional amounts which may be payable with respect to interest under

Condition 7 (*Taxation*) or, except in the case of Interbolsa Notes, pursuant to any undertakings given in addition thereto or in substitution therefor pursuant to the Trust Deed.

6. Redemption and Purchase

(a) Redemption

The Undated Deeply Subordinated Notes are not subject to mandatory redemption by the Bank and will only be redeemed in the circumstances referred to under this Condition 6 (*Redemption and Purchases*), in any case provided that such redemption has been expressly authorised by the Bank of Portugal.

The Bank may not choose to redeem the Undated Deeply Subordinated Notes (*Bank Call*) before the fifth anniversary of their issue date other than in the specific circumstances described in paragraphs (b), (c) and (d) below, and in any case provided that the Bank of Portugal has previously approved such redemption.

In the situations specified in this Condition 6 the Undated Deeply Subordinated Notes will be redeemed by the Bank at their Final Redemption Amount specified in, or determined in the manner specified in, the applicable Final Terms in the relevant Specified Currency on the relevant redemption date. Each Undated Deeply Subordinated Note is undated and accordingly has no final maturity date and is only redeemable or payable in accordance with the following provisions of this Condition 6 (*Redemption and Purchases*).

(b) Redemption for Tax Reasons

The Undated Deeply Subordinated Notes may be redeemed at the option of the Bank (subject to the prior consent of the Bank of Portugal) in whole, but not in part, at any time (if this Undated Deeply Subordinated Note is neither a Floating Rate Note nor an Indexed Interest Note) or on any Interest Payment Date (if this Undated Deeply Subordinated Note is either a Floating Rate Note or an Indexed Linked Interest Note), on giving not less than 30 nor more than 60 days' notice to the Agent, the Trustee (except in respect of Interbolsa Notes), the Common Representative (in respect of Interbolsa Notes) and in accordance with Condition 13 (*Notices*), the Noteholders (which notice shall be irrevocable) if:

- (i) on the occasion of the next payment due under the Notes, the Bank has or will become obliged to pay additional amounts as provided or referred to in Condition 7 (*Taxation*) as a result of any change in, or amendment to, the laws or regulations of any Relevant Tax Jurisdiction or any political subdivision or any authority thereof or therein having power to tax, or any change in the application or official interpretation of such laws or regulations, which change or amendment becomes effective on or after the Issue Date of the first Tranche of the Notes;
- (ii) the Bank satisfies the Trustee (except in the case of Interbolsa Notes) or the Common Representative and the Portuguese Paying Agent (in the case of Interbolsa Notes) immediately prior to the giving of such notice as to (i) above; and
- (iii) such obligation cannot be avoided by the Bank taking reasonable measures available to it,

provided that no such notice of redemption shall be given earlier than 90 days prior to the earliest date on which the Bank would be obliged to pay such additional amounts were a payment in respect of the Notes then due.

Prior to the publication of any notice of redemption pursuant to this Condition 6(b), the Bank shall deliver to the Agent and the Common Representative (in respect of Interbolsa Notes) or to the Trustee (in respect of any Note other than an Interbolsa Note) a certificate signed by two Directors of the Bank stating that the Bank is entitled to effect such redemption and setting forth a statement of facts showing that the conditions precedent to the right of the Bank so to redeem have occurred, and an opinion of independent legal advisers of recognised standing to the effect that the Bank has or will

become obliged to pay such additional amounts as a result of such change or amendment. The Trustee or, as the case may be, the Agent and the Common Representative, shall be entitled to accept any such certificate and opinion delivered to it as sufficient evidence of the satisfaction of such conditions precedent in which event they shall be conclusive and binding on the Noteholders and the Couponholders.

“Relevant Tax Jurisdiction” means Portugal.

Undated Deeply Subordinated Notes redeemed pursuant to this Condition 6(b) will be redeemed at their Redemption Amount referred to in paragraph (e) below together (if appropriate) with interest accrued to (but excluding) the date of redemption.

(c) ***Redemption at the Option of the Issuer (Issuer Call)***

If Issuer Call is specified in the applicable Final Terms, the Bank may (subject to the prior consent of the Bank of Portugal) and other than during the first five years following the issue date of the Undated Deeply Subordinated Notes, or, if prior to such date, provided that the Bank of Portugal has expressly confirmed its understanding that the relevant Tranche of Undated Deeply Subordinated Notes being redeemed is replaced with another Tranche which in the opinion of the Bank of Portugal satisfies at least the same requirements as the Redeemed Notes (as defined below) in terms of eligibility as Tier 1 capital of the Bank), having given:

- (i) not less than 30 nor more than 60 days’ notice to the Noteholders in accordance with Condition 13 (*Notices*); and
- (ii) not less than 15 days before the giving of the notice referred to in (i), notice to the Agent and (except in respect of Interbolsa Notes) to the Trustee and (in respect of Interbolsa Notes) to the Common Representative,

(which notices shall be irrevocable), redeem all or some only of the Notes then outstanding on any Optional Redemption Date and at the Optional Redemption Amount(s) specified in, or determined in the manner specified in, the applicable Final Terms together, if appropriate, with interest accrued to (but excluding) the relevant Optional Redemption Date. Any such redemption must be of a nominal amount not less than the Minimum Redemption Amount or not more than a Higher Redemption Amount, in each case as may be specified in the applicable Final Terms. In the case of a partial redemption of Notes, the Notes to be redeemed (“Redeemed Notes”) will, not more than 30 days prior to the date fixed for redemption (such date of selection being hereinafter called the “Selection Date”), be selected (i) individually by lot, in the case of Redeemed Notes represented by definitive Notes, (ii) in accordance with the rules of Euroclear and/ or Clearstream, Luxembourg (to be reflected in the records of Euroclear and Clearstream, Luxembourg as either a pool factor or a reduction in nominal amount, at their discretion), in the case of Redeemed Notes represented by a global Note and (iii) in accordance with the rules of Interbolsa, in the case of Redeemed Notes that are Interbolsa Notes. In the case of Redeemed Notes represented by definitive Notes, a list of the serial numbers of such Redeemed Notes will be published in accordance with Condition 13 (*Notices*) not less than 15 days prior to the date fixed for redemption. No exchange of the relevant global Note will be permitted during the period from and including the Selection Date to and including the date fixed for redemption pursuant to this paragraph (c) and notice to that effect shall be given by the Bank to the Noteholders in accordance with Condition 13 (*Notices*) at least five days prior to the Selection Date.

(d) ***Redemption for reason of Disqualification as Original Own Funds***

If a Disqualification as Original Own Funds Event has occurred and is continuing, the Undated Deeply Subordinated Notes will be redeemed on any date, at the Bank’s option, by giving not less than 30 nor more than 60 days’ notice to the holders and subject to the prior consent of the Bank of Portugal. In such circumstances the Undated Deeply Subordinated Notes will be redeemed at their nominal amount, together (if appropriate) with interest accrued to (but excluding) the date of redemption.

“Disqualification as Original Own Funds Events” means any change (i) in any applicable law or regulations, or (ii) in the application or official interpretation of such laws or regulations, as a result of which the Board of Directors or the Executive Committee of the Bank, as the case may be, decides, or the Bank of Portugal either publicly or by means of individual notification to the Bank determines, that for the purposes of the Own Funds Requirements Regulations the Undated Deeply Subordinated Notes are no longer eligible as Tier 1 Capital for the Bank and/or for the consolidation perimeter in which the Bank is included for regulatory capital purposes.

(e) ***Redemption Amounts***

For the purpose of paragraph (b) above, the Notes will be redeemed at the Redemption Amount calculated as follows:

- (i) in the case of Notes with a Final Redemption Amount equal to the Issue Price, at the Final Redemption Amount thereof;
- (ii) in the case of Notes with a Final Redemption Amount which is or may be less than the Issue Price or which is payable in a Specified Currency other than that in which the Notes are denominated, at the amount specified in, or determined in the manner specified in, the applicable Final Terms or, if no such amount or manner is so specified in the Final Terms, at their nominal amount.

(f) ***Purchases***

The Bank or any of the companies included in the same group as the Bank (either the Bank’s subsidiaries, the parent company Espírito Santo Financial Group S.A. (“ESFG”), or any other companies included for accounting purposes within ESFG consolidated perimeter) may, subject to the prior consent of the Bank of Portugal, at any time purchase Notes (provided that, in the case of Definitive Notes, all unmatured Coupons and Talons appertaining thereto are purchased therewith) at any price in the open market or otherwise. Such Notes may be held, reissued, resold or, at the option of the Bank, surrendered to any Paying Agent for cancellation or, in the case of Interbolsa Notes, cancelled by Interbolsa following receipt by Interbolsa of notice thereof on by or on behalf of the Bank. In accordance with the existing Own Funds Requirements Regulations and the related executing measures recognized by the Bank of Portugal, the Bank and any of the companies included in the same group as the Bank (either the Bank’s subsidiaries, ESFG or any other companies included for accounting purposes within ESFG consolidated group) are currently not allowed to hold Undated Deeply Subordinated Notes in excess of the lower of: a) 10 per cent. of a specific issue amount, and b) 3 per cent. of all issues of Undated Deeply Subordinated Notes outstanding, or c) any other specific thresholds which are recognized by the Bank of Portugal in the future.

(g) ***Cancellation***

All global Notes and definitive Notes which are redeemed will forthwith be cancelled (together with all unmatured Coupons attached thereto or surrendered therewith at the time of redemption). All global Notes and definitive Notes so cancelled and the global Notes and definitive Notes purchased and cancelled pursuant to paragraph (f) above (together with all unmatured Coupons cancelled therewith) shall be forwarded to the Agent and cannot be reissued or resold.

All Interbolsa Notes which are (a) redeemed or (b) purchased by or on behalf of the Bank or any of the companies included in the same group as the Bank (either the Bank’s subsidiaries, ESFG or any other companies included for accounting purposes within ESFG consolidated group) will forthwith be cancelled, by Interbolsa following receipt by Interbolsa of notice thereof by the Portuguese Paying Agent, and accordingly such Interbolsa Notes may not be held, reissued or resold and shall not entitle the holder to vote at any meetings of the Noteholders and shall not be deemed to be outstanding for the purposes of calculating quorums at meetings of the Noteholders or for the purposes of Condition 14 (*Meetings of Noteholders, Modification and Waiver*) or the Principal Agency Agreement, as amended by the Interbolsa Notes Agency Agreement.

7. Taxation

All payments of principal and interest in respect of the Notes and Coupons by the Bank will be made without withholding or deduction for or on account of any present or future taxes or duties of whatever nature imposed or levied by or on behalf of any Relevant Tax Jurisdiction as defined in Condition 6(b) (*Redemption for Tax Reasons*) or any political subdivision or any authority thereof or therein having power to tax, unless such withholding or deduction is required by law. In such event, the Bank will pay such additional amounts as shall be necessary in order that the net amounts received by the holders of the Notes or Coupons after such withholding or deduction shall equal the respective amounts of principal and interest which would otherwise have been receivable in respect of the Notes or Coupons, as the case may be, in the absence of such withholding or deduction; except that no such additional amounts shall be payable with respect to any Note or Coupon:

- (i) the Noteholder or Couponholder of which is liable to such taxes, duties, assessments or governmental charges in respect of such Note or Coupon by reason of its having some connection with the Relevant Jurisdiction by which such taxes, duties, assessments or charges have been imposed, levied, collected, withheld or assessed other than the mere holding of the Note or Coupon; and/or
- (ii) where such withholding or deduction is imposed on a payment to or for an individual and is required to be made pursuant to European Council Directive 2003/48/EC or any law implementing or complying with, or introduced in order to conform to, such Directive; and/or
- (iii) in the case of bearer Notes other than Interbolsa Notes, the Noteholder or Couponholder of which would be able to avoid such withholding or deduction by presenting the relevant Note or Coupon to another Paying Agent in a Member State of the European Union; and/or
- (iv) in the case of Interbolsa Notes, to, or to a third party on behalf of, a Noteholder or Couponholder in respect of whom the information and documentation (which may include certificates) required in order to comply with Portuguese Decree-Law 193/2005 of 7th November, 2005, and any implementing legislation, is not received before the Income Payment Date or which does not comply with the formalities in order to benefit from tax treaty benefits, where applicable; and/or
- (v) in the case of Interbolsa Notes, to, or to a third party on behalf of, a Noteholder or Couponholder resident for tax purposes in the Republic of Portugal or any political subdivision or any authority thereof or therein having power to tax or a resident in a tax haven jurisdiction as defined in Order 150/2004, of 13th February, 2004 (*Portaria do Ministro das Finanças e da Administração Pública no 150/2004*) as amended from time to time, issued by the Portuguese Minister of Finance and Public Administration, with the exception of central banks and governmental agencies of those blacklisted jurisdictions, or a non-resident legal entity held, directly or indirectly, in more than 20 per cent. by entities resident in the Republic of Portugal; and/or
- (vi) in the case of Interbolsa Notes, to, or to a third party on behalf of, (i) a Portuguese resident legal entity subject to Portuguese corporation tax with the exception of entities that benefit from a Portuguese withholding tax waiver or from Portuguese income tax exemptions, or (ii) a legal entity not resident in Portugal acting with respect to the holding of the Notes through a permanent establishment in Portugal; and/or
- (vii) in the case of bearer Notes other than Interbolsa Notes where presentation of the Note or Coupon is required, presented for payment more than 30 days after the Relevant Date except to the extent that the holder thereof would have been entitled to an additional amount on presenting the same for payment on such thirtieth day, assuming that day to have been a Payment Day (as defined in Condition 5 (*Payments*)).

As used herein, the “Relevant Date” means the date on which such payment first becomes due, except that, if the full amount of the moneys payable has not been duly received by the Agent or (other than in the case of Interbolsa Notes) the Trustee on or prior to such due date, it means the date on which, the full amount of such moneys having been so received, notice to that effect is duly given to the Noteholders in accordance with Condition 13 (*Notices*).

8. Prescription

The global Notes, definitive Notes, Receipts and Coupons will become void unless claims in respect of principal and/or interest are made within a period of 10 years (in the case of principal) and five years (in the case of interest) after the Relevant Date (as defined in Condition 7 (*Taxation*)) therefor.

There shall not be included in any Coupon sheet issued on exchange of a Talon any Coupon the claim for payment in respect of which would be void pursuant to this Condition 8 (*Prescription*) or Condition 5(b) (*Presentation of definitive Notes and Coupons*) or any Talon which itself would be void pursuant to Condition 5(b) (*Presentation of definitive Notes and Coupons*).

Claims for principal and interest in respect of the Interbolsa Notes shall become void unless the relevant Certificates are surrendered within 20 years and five years respectively of the Relevant Date.

9. Events of Default relating to Undated Deeply Subordinated Notes

There will be no events of default in respect of the Undated Deeply Subordinated Notes.

10. Replacement of global Notes, definitive Notes Coupons and Talons

Should any global Note, definitive Note, Coupon or Talon be lost, stolen, mutilated, defaced or destroyed, it may be replaced at the specified office of the Agent upon payment by the claimant of such costs and expenses as may be incurred in connection therewith and on such terms as to evidence and indemnity as the Bank may reasonably require. Mutilated or defaced global Notes, definitive Notes Coupons or Talons must be surrendered before replacements will be issued.

11. Agent and Paying Agents

The names of the initial Agent and the other initial Paying Agents and their initial specified offices are set out below.

The Bank is entitled (with the prior written consent of the Trustee, save that such consent will not be required in respect of the Portuguese Paying Agent) to vary or terminate the appointment of any Paying Agent and/or appoint additional or other Paying Agents and/ or approve any change in the specified office through which any Paying Agent acts, provided that:

- (i) so long as the Notes are listed on any stock exchange or admitted to listing by any relevant authority, there will at all times be a Paying Agent with a specified office in such place as may be required by the rules and regulations of the relevant stock exchange or such other relevant authority;
- (ii) there will at all times be maintained a Paying Agent in a Member State of the European Union that is not obliged to withhold or deduct tax pursuant to European Council Directive 2003/48/ EC or any law implementing or complying with, or introduced in order to conform to, such Directive;
- (iii) there will at all times be a Paying Agent outside of Portugal; and
- (iv) there will at all times be a Paying Agent in Portugal capable of making payment in respect of the Interbolsa Notes as contemplated by these terms and conditions, the Principal Agency Agreement, as amended by the Interbolsa Notes Agency Agreement and applicable Portuguese law and regulation.

Any variation, termination, appointment or change shall only take effect (other than in the case of insolvency, when it shall be of immediate effect) after not less than 30 nor more than 45 days' prior notice thereof shall have been given to the Noteholders in accordance with Condition 13 (*Notices*).

12. Exchange of Talons

On and after the Interest Payment Date on which the final Coupon comprised in any Coupon sheet matures, the Talon (if any) forming part of such Coupon sheet may be surrendered at the specified office of the Agent or any other Paying Agent in exchange for a further Coupon sheet including (if such further Coupon sheet does not include Coupons to (and including) the final date for the payment of interest due in respect of the Note to which it appertains) a further Talon, subject to the provisions of Condition 8 (*Prescription*).

It is expected that publication under (i) and (ii) above will be made in the *Financial Times* or any other daily newspaper in London (which, unless such Notice is given in respect of Interbolsa Notes only, shall be approved by the Trustee) and the *Luxemburger Wort* in Luxembourg, respectively. In addition, all notices regarding the Notes may be published on the Luxembourg Stock Exchange's web site (www.bourse.lu). The Bank shall also ensure that notices are duly published in a manner which complies with the rules and regulations of any other stock exchange or any other relevant authority on which the Notes are for the time being listed or by which they have been admitted to trading.

Any such notice will be deemed to have been given on the date of the first publication or, where required to be published in more than one newspaper, on the date of the first publication in all the required newspapers.

Until such time as any definitive Notes are issued, there may (provided that, in the case of Notes listed on a stock exchange or admitted to listing by another relevant authority, the rules of such stock exchange or other relevant authority permits), so long as any the global Note(s) is or are held in its/their entirety on behalf of Euroclear and Clearstream, Luxembourg, be substituted for such publication in such newspaper(s) the delivery of the relevant notice to Euroclear and Clearstream, Luxembourg for communication by them to the holders of the Notes and, in addition, for so long as any Notes are listed on a stock exchange or are admitted to trading by another relevant authority and the rules of that stock exchange or relevant authority so require, such notice will be published in a daily newspaper of general circulation in the place or places required by those rules. Any holder of an Interbolsa Note may give notice to the Portuguese Paying Agent and the Agent through Interbolsa in such manner as the Portuguese Paying Agent, the Agent and Interbolsa may approve for this purpose.

14. Meetings of Noteholders, Modification and Waiver

(a) Meetings in respect of Notes other than Interbolsa Notes

This Condition 14(a) does not apply to Interbolsa Notes. The Trust Deed contains provisions for convening meetings of the Noteholders to consider any matter affecting their interests, including the sanctioning by

Extraordinary Resolution of a modification of the terms and conditions of the Notes, the Coupons or any of the provisions of the Trust Deed. Such a meeting may be convened by the Bank or Noteholders holding not less than five per cent. in nominal amount of the Notes for the time being remaining outstanding. The quorum at any such meeting for passing an Extraordinary Resolution is one or more persons holding or representing not less than a clear majority in nominal amount of the Notes for the time being outstanding, or at any adjourned meeting one or more persons being or representing Noteholders whatever the nominal amount of the Notes so held or represented, except that at any meeting the business of which includes the modification of certain provisions of the Notes or Coupons (including modifying any date for payment of interest on the Notes, reducing or cancelling the amount of principal, modification of any Minimum Rate of Interest or Maximum Rate of Interest or altering the currency of payment of the Notes or Coupons, modification of the majority required to pass an Extraordinary Resolution or modification of the Trust Deed concerning this exception), the quorum shall be one or more persons holding or representing not less than two-thirds, or at any adjourned such meeting one or more persons holding or representing not less than one-third, in nominal amount of the Notes for the time being outstanding. An Extraordinary Resolution passed at any meeting of the Noteholders shall be binding on all the Noteholders, whether or not they are present at the meeting, and on all Couponholders.

Without prejudice to the provision of Condition 4 (*Interest and Interest Cancellation*), the Trustee and the Bank may agree, without the consent of the Noteholders or Couponholders, to:

- (i) any modification (except as mentioned above) of the Notes, the Coupons or the Trust Deed which is not, in the opinion of the Trustee, materially prejudicial to the interests of the Noteholders; or
- (ii) any modification of the Notes, the Coupons or the Trust Deed which is of a formal, minor or technical nature or is made to correct a manifest error or to comply with mandatory provisions of the law of the jurisdiction in which the Bank is incorporated.

Any such modification shall be binding on the Noteholders and the Couponholders and any such modification shall be notified to the Noteholders in accordance with Condition 13 (*Notices*) as soon as practicable thereafter.

The Trustee may also waive or authorise any breach or proposed breach of any of the provisions of the Trust Deed or any of these Terms and Conditions which, in the opinion of the Trustee, is not materially prejudicial to the interests of the Noteholders.

In connection with the exercise by it of any of its trusts, powers or discretions (including, without limitation, any modification, waiver, authorisation or substitution), the Trustee shall have regard to the general interests of the Noteholders as a class and shall not have regard to any interests arising from circumstances particular to individual Noteholders (whatever their number) and, in particular, but without limitation, shall not have regard to the consequences of the exercise of its trusts, powers or discretions for individual Noteholders or Couponholders (whatever their number) resulting from their being for any purpose domiciled or resident in, or otherwise connected with, or subject to the jurisdiction of, any particular territory and the Trustee shall not be entitled to require, nor shall any Noteholder or Couponholder be entitled to claim, from the Bank or any other person any indemnification or payment in respect of any tax consequence of any such exercise upon individual Noteholders or Couponholders except to the extent already provided for in Condition 7 (*Taxation*) and/or any undertaking given in addition to, or in substitution for, Condition 7 (*Taxation*) pursuant to the Trust Deed.

Nothing in these Terms and Conditions or the Trust Deed shall require the Trustee to have regard to the interests of Noteholders insofar as those interests arise by virtue of a holding of Interbolsa Notes. For the avoidance of doubt, without prejudice to any rights assumed under Notes which are not Interbolsa Notes, a holder of Interbolsa Notes shall neither, by virtue of such holding of Interbolsa Notes, count towards a quorum, nor be entitled to vote, in respect of a resolution to amend the Trust Deed.

Notwithstanding the foregoing, any modification of any of these Terms and Conditions or any of the provisions of the Notes, the Coupons or the Trust Deed that the Bank, in its absolute discretion, believes would or might cause the Notes to cease to be eligible as Tier 1 Capital of the Bank and/or for the

consolidation perimeter in which the Bank is included for regulatory capital purposes (or to cease to be eligible for such other regulatory capital treatment as may apply to such Notes immediately prior to any such modification) may only be made with the prior consent of the Bank of Portugal and shall not take effect until such consent is obtained.

(b) *Meetings in respect of Interbolsa Notes*

The remainder of this Condition 14 applies only to Interbolsa Notes.

Meetings

Meetings of the holders of Interbolsa Notes may be convened to consider any matter affecting their interests, including the appointment or dismissal of the Common Representative and the sanctioning by Extraordinary Resolution of a modification of the terms and conditions of the Notes and are governed by the Portuguese Commercial Companies Code enacted by Decree-Law 262/86 of 2nd September, 1986, as amended, and by the Common Representative Appointment Agreement.

Such meetings may be convened by the Common Representative (if any) or, if no Common Representative has been appointed, or an appointed Common Representative fails to convene a meeting, by the chairman of the general meeting of shareholders of the Bank, and shall be convened if requested by Noteholders holding not less than 5 per cent. in principal amount of the Notes for the time being outstanding.

The quorum required for a meeting convened to pass a resolution other than an Extraordinary Resolution will be any person or persons holding or representing Notes then outstanding, regardless of the principal amount thereof. The quorum required for a meeting convened to pass an Extraordinary Resolution will be a person or persons holding or representing at least 50 per cent. of the Notes then outstanding or, at any adjourned meeting, any person or persons holding or representing any of the Notes then outstanding, regardless of the principal amount thereof.

The number of votes required to pass a resolution other than an Extraordinary Resolution is a majority of the votes cast at the relevant meeting. The majority required to pass an Extraordinary Resolution is at least 50 per cent. of the principal amount of the Notes then outstanding or, at any adjourned meeting, two-thirds of the votes cast at the relevant meeting.

Resolutions passed at any meeting of the Noteholders will be binding on all Noteholders, whether or not they are present at the meeting or have voted against the approved resolutions.

Dismissal and substitution of the Common Representative

The Noteholders may dismiss and substitute the Common Representative by means of a resolution passed for such purpose upon the terms and conditions of the Common Representative Appointment Agreement.

Notification

Any modification, abrogation, waiver or authorisation in accordance with this Condition 14 shall be binding on the Noteholders and shall be notified by the Bank to the Noteholders as soon as practicable thereafter in accordance with Condition 13 (*Notices*).

Matters required to be approved by Extraordinary Resolution

Without prejudice to the provision of Condition 4 (*Interest and Interest Cancellation*), an Extraordinary Resolution will be required to effect any of the following:

- (i) to change any date fixed for payment of principal or interest in respect of the Notes, reduction of the amount of principal or interest due on any date in respect of the Notes or variation of the method of calculating the amount of any payment in respect of the Notes on redemption;

- (ii) to approve the modification or abrogation of any of the provisions of these Conditions;
- (iii) to approve any amendment of this definition;
- (iv) to waive or authorise any breach or proposed breach of any of these Terms and Conditions; and
- (v) to approve any other matter in respect of which these Terms and Conditions require an Extraordinary Resolution to be passed.

Notwithstanding the foregoing, any modification of any of these Terms and Conditions or any of the provisions of the Notes, the Coupons or the Common Representative Appointment Agreement that the Bank, in its absolute discretion, believes would or might cause the Notes to cease to be eligible as Tier 1 Capital of the Bank and/or for the consolidation perimeter in which the Bank is included for regulatory capital purposes (or to cease to be eligible for such other regulatory capital treatment as may apply to such Notes immediately prior to any such modification) may only be made with the prior consent of the Bank of Portugal and shall not take effect until such consent is obtained

Matters in the discretion of the Agent and the Bank

Except for those matters required to be approved by Extraordinary Resolution, the Agent, the Common Representative and the Bank may agree, without the consent of the Noteholders, to:

- (i) any modification of the Notes which is not materially prejudicial to the interests of the Noteholders; or
- (ii) any modification of the Notes which is of a formal, minor or technical nature or is made to correct a manifest error or to comply with mandatory provisions of the law of the jurisdiction in which the Bank is incorporated.

Any such modification shall be binding on the Noteholders and shall be notified to the Noteholders in accordance with Condition 13 (*Notices*) as soon as practicable thereafter.

15. Further Issues

The Bank shall be at liberty from time to time without the consent of the Noteholders or Couponholders to create and issue further notes having terms and conditions the same as the Notes or the same in all respects save for the amount and date of the first payment of interest thereon and so that the same shall be consolidated and form a single Series with the outstanding Notes.

In the case of bearer Notes other than Interbolsa Notes, the Trust Deed contains provisions for convening a single meeting of the Noteholders and the holders of notes of other Series of bearer Notes other than Interbolsa Notes in certain circumstances where the Trustee so decides.

16. Contracts (Rights of Third Parties) Act 1999

This Condition applies if the Notes are governed by English law. No rights are conferred on any person under the Contracts (Rights of Third Parties) Act 1999 to enforce any term of the Notes, but this does not affect any right or remedy of any person which exists or is available apart from that Act.

17. Indemnification of Trustee

The Trust Deed contains provisions for the indemnification of the Trustee and for its relief from responsibility. The Trustee is entitled to enter into business transactions with the Bank without accounting for any profit resulting therefrom and to act as trustee for the holders of any other securities issued by the Bank.

18. Redenomination and Exchange

This Condition 18 (*Redenomination and Exchange*) does not apply to Interbolsa Notes.

(a) ***Redenomination***

Where redenomination is specified in the applicable Final Terms as being applicable, the Bank may, without the consent of the Noteholders and the Couponholders, on giving prior notice to the Agent, the Trustee, Euroclear and Clearstream, Luxembourg and at least 30 days' prior notice to the Noteholders in accordance with Condition 13 (*Notices*), elect that, with effect from the Redenomination Date specified in the notice, the Notes shall be redenominated in euro.

The election will have effect as follows:

- (i) the Notes shall be deemed to be redenominated into euro in the denomination of euro 0.01 with a principal amount for each Note equal to the principal amount of that Note in the Specified Currency, converted into euro at the Established Rate, provided that, if the Bank determines, after consultation with the Agent and with the approval of the Trustee, that the then market practice in respect of the redenomination into euro of internationally offered securities is different from the provisions specified in this Condition 18 (*Redenomination and Exchange*), such provisions shall be deemed to be amended so as to comply with such market practice and the Bank shall promptly notify the Noteholders, the stock exchange (if any) on which the Notes may be listed, the Paying Agents and the Trustee of such deemed amendments;
- (ii) save to the extent that an Exchange Notice has been given in accordance with paragraph (iv) below, the amount of interest due in respect of the Notes will be calculated by reference to the aggregate principal amount of Notes held (or, as the case may be, in respect of which Coupons are presented) for payment by the relevant holder and the amount of such payment shall be rounded down to the nearest euro 0.01;
- (iii) if definitive Notes are required to be issued after the Redenomination Date, they shall be issued at the expense of the Bank in the denominations of euro 1,000, euro 10,000, euro 100,000 and (but only to the extent of any remaining amounts less than euro 1,000 or such smaller denominations as the Agent may approve) euro 0.01 and/or such other denominations as the Agent shall determine and notify to the Noteholders;
- (iv) if issued prior to the Redenomination Date, all unmatured Coupons denominated in the Specified Currency (whether or not attached to the Notes) will become void with effect from the date on which the Bank gives notice (the "Exchange Notice") that replacement euro-denominated Notes and Coupons are available for exchange (provided that such securities are so available) and no payments will be made in respect of them. The payment obligations contained in any Notes so issued will also become void on that date although those Notes will continue to constitute valid exchange obligations of the Bank. New euro-denominated Notes and Coupons will be issued in exchange for Notes and Coupons denominated in the Specified Currency in such manner as the Agent may specify and as shall be notified to the Noteholders in the Exchange Notice. No Exchange Notice may be given less than 15 days prior to any date for payment of principal or interest on the Notes;
- (v) after the Redenomination Date, all payments in respect of the Notes and the Coupons, other than payments of interest in respect of periods commencing before the Redenomination Date, will be made solely in euro as though references in the Notes to the Specified Currency were to euro. Payments will be made in euro by credit or transfer to a euro account (or any other account to which euro may be credited or transferred) specified by the payee or, at the option of the payee, by a euro cheque;
- (vi) if the Notes are Fixed Rate Notes and interest for any period ending on or after the Redenomination Date is required to be calculated for a period ending other than on an Interest Payment Date, it will be calculated by applying the Rate of Interest to:
 - (A) in the case of Fixed Rate Notes which are either Interbolsa Notes or are represented by a global Note held on behalf of Clearstream, Luxembourg and/or Euroclear, the full nominal amount outstanding of the Fixed Rate Notes; or

- (B) in the case of Fixed Rate Notes in definitive form, the Calculation Amount, and, in each case, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such subunit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Fixed Rate Note in definitive form is a multiple of the Calculation Amount, the amount of interest payable in respect of such Fixed Rate Note shall be the product of the amount (determined in the manner provided above) for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination, without any further rounding;
- (vii) if the Notes are Floating Rate Notes the applicable Final Terms specifies any relevant changes to the provisions relating to interest; and
- (viii) such other changes shall be made to these Terms and Conditions and/or the Trust Deed and/ or the Principal Agency Agreement as the Bank may decide, after consultation with the Agent and with the approval of the Trustee; and as may be specified in the notice, to conform them to conventions then applicable to instruments denominated in euro or to enable the Notes to be consolidated with one or more issues of other notes, whether or not originally denominated in the Specified Currency or euro. Any such other changes will not take effect until after they have been notified to the Noteholders in accordance with Condition 13 (*Notices*).

(b) ***Exchange***

Where exchange is specified in the applicable Final Terms as being applicable, the Bank may, without the consent of the Noteholders and the Couponholders, on giving prior notice to the Agent, the Trustee, Euroclear and Clearstream, Luxembourg and not less than 30 days' prior notice to the Noteholders in accordance with Condition 13 (*Notices*), elect that, with effect from the Redenomination Date specified in the notice, the Notes shall be exchangeable for Notes expressed to be denominated in euro in accordance with such arrangements as the Bank may decide, after consultation with the Agent and with the approval of the Trustee and as may be specified in the notice, including arrangements under which Coupons unmatured at the date so specified become void.

(c) ***Definitions***

In these Terms and Conditions, the following expressions have the following meanings:

“Established Rate” means the rate for the conversion of the Specified Currency (including compliance with rules relating to roundings in accordance with applicable European Union regulations) into euro established by the Council of the European Union pursuant to Article 1091(4) of the Treaty;

Nothing contained in this Condition shall limit any right to take Proceedings against the Bank in any other court of competent jurisdiction, nor shall the taking of Proceedings in one or more jurisdictions preclude the taking of Proceedings in any other jurisdiction, whether concurrently or not.

The Bank appoints the London branch of the Bank at its office in London for the time being (being as at 4th November, 2011 at 10 Paternoster Square, London EC4M 7AL) as its agent for service of process, and undertakes that, in the event of the London branch of the Bank ceasing so to act, it will appoint another person as its agent for service of process in England in respect of any Proceedings.

BANCO ESPÍRITO SANTO, S.A. AND BES GROUP BANCO ESPÍRITO SANTO S.A.

Banco Espírito Santo, S.A. (“BES”) is a bank incorporated in Portugal, for an unlimited duration, as a limited liability company (*sociedade anónima*) with commercial registry and tax payer number 500 852 367 on 26th September, 1990 under the provisions of Decree-Law no. 262/86, of 2nd September, 1986, as amended. The share capital of BES is €3,499,999,998 and is represented by 1,166,666,666 book-entry nominative shares. BES’ activities are mainly governed by Decree-Law 282/92, of 31st December, 1992, as amended.

According to the Portuguese Banks association, BES is Portugal’s second-largest private financial institution by total consolidated assets. BES and its consolidated subsidiaries (together, the “BES Group” or the “Group”) offer a full range of banking and financial services, including deposit taking, lending, asset management, leasing and factoring, investment banking and brokerage services. As of 30th December, 2010, the BES Group operated 731 branches in Portugal (including 44 on-site branches resulting from partnerships with insurance agents under the *Assurfinance* programme) and 97 branches abroad (of which there were 25 in Spain, 36 in Angola and 30 in Libya), 22 private banking centres and 24 corporate banking centres.

1. History

BES’ origins date from 1869, when José Maria do Espírito Santo e Silva, along with other investors, founded its predecessor bank in Lisbon. After the Second World War, BES became one of Portugal’s largest commercial banks under the direction and leadership of the Espírito Santo family. In 1975, virtually all institutions in the banking and insurance industries, including BES, were nationalised by the Portuguese government. The Espírito Santo family, deprived of its Portuguese base, began operations outside of Portugal, primarily in the financial services market.

In 1986, the Portuguese government embarked upon a privatisation programme, creating the conditions for the return of the Espírito Santo Group to Portugal. After banking activities were again opened to private initiative, the Espírito Santo Group, under a strategic partnership with Crédit Agricole S.A. and supported by a core group of Portuguese shareholders, set up Banco Internacional de Crédito (“BIC”), thus marking the Espírito Santo Group’s return to Portugal. That same year, the Espírito Santo Group acquired Espírito Santo Sociedade de Investimento (the precursor of BES Investimento), with the participation of Union de Banques Suisses and Kredietbank (Luxembourg), among other financial institutions.

In 1991, BES (formerly incorporated in Portugal as BESCL) was re-privatised and ESFG and Crédit Agricole acquired stakes in its share capital. As of 30th June, 2011, ESFG and its subsidiaries held 43.47 per cent. of the voting rights in BES and consolidated BES in its financial statements.

During the 1990s, BES’ business expanded both geographically and by type of activity as a result of several investments. In 1992, BES purchased Banco Industrial del Mediterráneo (later Banco Espírito Santo (Spain)) and expanded its activity in the Spanish market, where its presence was reinforced in 2000, following the acquisition of Benito y Monjardín and GES Capital.

In line with the internationalisation of its activities, in 2000, an important strategic partnership was established with the Bradesco Group in Brazil, leading to BES’ acquisition of 3.25 per cent. of Bradesco and Bradesco’s acquisition of 3 per cent. of BES. In addition, both groups established joint holdings in BES Investimento do Brasil and BES Securities in Brazil. Investments in the Americas reached the United States, where BES acquired Espírito Santo Bank, a bank mainly focused on private banking and directed to customers in Latin America, particularly in Brazil. In the same year, a strategic partnership was established in Portugal with Portugal Telecom, which led to the establishment of Banco BEST – Banco Electrónico de Serviço Total in 2001.

Within the scope of the BES Group’s international expansion policy, in 2003 BES acquired Bank Espírito Santo International, Limited. In the same year, BES acquired 45 per cent. in Locarent, a rent-a-car business, through a strategic partnership with Caixa Geral de Depósitos (“CGD”) and Serfingest, SGPS.

In 2004, Banco Espírito Santo, S.A. (Spain) and Hypovereinsbank (“HVB group”) entered into an agreement for the acquisition of the total share capital of Banco Inversión (Spain) by Banco Espírito Santo, S.A.

(Spain), a transaction that was authorised by the Bank of Spain at the beginning of 2005 and executed during that year.

In February 2005, BES increased its direct shareholding in the voting share capital of Banco Bradesco, S.A., from 3.56 per cent. to 6.74 per cent. The BES Group also owned 10.79 per cent. of the voting share capital of Bradespar (the holding company of the Bradesco Group for non-financial activities). At the end of 2008, the BES Group held 2.17 per cent. of the share capital and 4.33 per cent. of the voting share capital of Banco Bradesco S.A.

In September 2005, BES announced the merger by integration of BIC, which was concluded in December 2005.

In October 2005, BES Investimento together with Concordia Sp.z. o.o. (“Concordia”), a company based in Warsaw, Poland that specialises in providing financial advisory services, established a strategic partnership for the incorporation of Concordia Espírito Santo Investment (“CESI”), a company that will operate in the Polish market focusing on the provision of advisory services in project finance, mergers and acquisitions and other areas of corporate finance.

In February 2006, BES’ Board of Directors decided to acquire a shareholding of 50 per cent. in Companhia de Seguros Tranquilidade-Vida and the sale of a 15 per cent. shareholding in Espírito Santo Companhia de Seguros, S.A., both transactions concluded on 27th June, 2006. Both companies changed their names to BES Vida, Companhia de Seguros (“BES Vida”) and BES, Companhia de Seguros (“BES Seguros”), respectively.

In April 2006, BES launched a capital increase in the form of a rights offering of up to 150 million ordinary shares at a subscription price of €9.20 per share. Total proceeds of this transaction amounted to €1.38 billion. The purpose of the capital increase was to allow for the reinforcement of BES’ competitive position in Portugal and to sustain an international expansion focused on Spain, Angola and Brazil.

In May 2007, BES announced the conclusion of a merger by incorporation of its Spanish subsidiary (Banco Espírito Santo (Spain)) into BES, with the objective of achieving greater operating efficiency through economies of scale and to increase activity in the Spanish corporate market.

In March 2008, BES Angola established a strategic partnership with ESAF termed “BESAACTIF”, the first fund management firm to operate in Angola. Also in March of 2008, ESFG entered into an agreement with Portugal Telecom to acquire 34 per cent. of the share capital of Banco BEST.

On 31st December, 2008, BES announced the conclusion of a merger by incorporation of Besleasing e Factoring, Instituição Financeira de Crédito, S.A, into BES.

On 16th March, 2009, the General Meeting approved the proposal to increase the Bank’s share capital to €3,499,999,998.00 through the issue of 666,666,666 new shares. The €1.2 billion capital increase was concluded in April. The market showed strong demand for the BES shares, with subscription volume reaching 926 million shares, corresponding to 138.9 per cent. of the shares issued.

In August 2009, the Bank informed the market of the creation of a holding company, AVISTAR SGPS, SA with €100,000,000 in capital, fully subscribed by the Bank. The holding, incorporated in Portugal, retains the main strategic stakes held by the Bank, namely Portugal Telecom, SA, EDP, SA and Banco Bradesco, SA.

In November 2009 the Bank informed the market that it had celebrated an agreement to acquire 40 per cent. of the capital of Aman Bank for Commerce and Investment Stock Company (“Aman Bank”), a privately owned Bank in Libya with registered office in Tripoli.

In December 2009, the Bank sold 24 per cent. of the share capital of BES Angola for U.S.\$375,000,000 and entered into an agreement with Banque Extérieure d’Algérie and Swicorp Ijar to incorporate a leasing company in Algeria, in which BES will have a 34 per cent. shareholding.

In April 2010, BES completed the acquisition of 40 per cent. of the share capital of Aman Bank and simultaneously subscribed for new shares in a share capital increase proportional to the acquired stake (40 per cent.). BES currently has management control of Aman Bank.

In July 2010, BES opened BES Cabo Verde (BESCV), a universal service bank incorporated under Cape Verdean law. Also at this time, ESAF - Espírito Santo Activos Financieros S.A.) entered into an agreement to fully acquire Gespastor SGIIC, S.A., a fund management firm, through Espírito Santo Gestão, SGIIC, SA (ES Gestão).

In October 2010, BES África, SGPS entered into an agreement to acquire a 25.1 per cent. direct shareholding in Moza Banco (Mozambique) and to simultaneously subscribe for shares in the share capital of Moza Banco (Mozambique). This acquisition closed in January 2011.

In November 2010, BES Investimento was authorised to acquire a 50.1 per cent. shareholding in Execution Holdings Limited, an investment banking and international brokerage group headquartered in London.

2. Strategy

The BES Group aims to provide excellent service and focus on the specific needs of each client, acting as a multi-specialist financial group serving differentiated segments of individual, corporate and institutional clients.

Accordingly, BES Group offers a broad range of financial products and services to meet the specific needs of its varied client base.

A solid and stable management since the Bank's privatisation in 1991 has enabled the Bank to develop a consistent long-term strategy based on strategic partnerships and its long-standing relationships with its various stakeholders and a core group of reference shareholders.

The Group's main strategic guidelines are to:

- ***Strengthen its domestic positioning.***

BES plans to strengthen its domestic positioning in both the retail and corporate segments by the acquisition of new clients (individual and corporate) and to reinforce its market share (in particular in savings products) through the offering of a diverse range of innovative products and services, supported by its cross-selling and cross-segment initiatives such as *bancassurance and assurfinance* (in partnership with Companhia de Seguros Tranquilidade);

- ***Continue its targeted international expansion.***

BES' international expansion strategy is focused on geographies with cultural and economic affinities with Portugal, (particularly in Spain, Brazil and Africa) and by expanding into new markets that offer business opportunities aligned with its strategy;

- ***Continue to support Portuguese companies with the development of their international expansion.***

BES' international strategy has provided a competitive advantage to enable BES to support Portuguese companies with the development of their international activities through: (i) partnerships with local entities; (ii) participating in trade missions with entrepreneurs to countries such as Angola, Morocco, Algeria or the United Arab Emirates; (iii) the use of its market-leading know-how in trade finance; and (iv) providing dedicated teams, specialised in supporting companies in the process of international expansion (including the International Premium Unit, which has no equal in the Portuguese banking sector);

- ***Improve operating efficiency.***

BES' target is to reach a cost-to-income ratio below 50 per cent.;

- ***Further strengthen its long-term strategic partnerships.***

This is a fundamental link in BES Group's strategy. BES Group maintains an important strategic partnership with Crédit Agricole, one of its main shareholders. This collaboration has established key cross-selling platforms, such as *bancassurance*. Additionally, BES maintains an important strategic partnership with Banco Bradesco, a leading Brazilian bank and also a BES shareholder. For example, Banco Bradesco holds a 20 per cent. stake in BES Investimento do Brasil, BES Group's Brazilian investment banking subsidiary, and provides support and local know-how to BES' operations in Brazil, which is a key growth market for the Group's international expansion strategy.

- ***Development of a sustainability strategy.***

BES Group consistently and continuously engages in the development of a sustainability strategy along the following dimensions: governance and ethics; corporate identity; innovation and entrepreneurship; financial inclusiveness; biodiversity and climate change; and responsible citizenship. These areas have been defined on the basis of shareholder consultation, the Group's vision and activities and the trends for the financial sector.

BES has also defined the following key short-term strategic guidelines: deleverage the bank in order to reduce its loans-to-deposits ratio and improve its financial strength, enhance its risk management function and sustain its future profitability through international growth and operational efficiency.

3. Business Segments

BES Group develops its activity supported by value propositions aimed at meeting the needs of its clients: companies, institutions and individual clients. Its decision-making centre is located in Portugal, which is also its main market of operation.

The historic links with Africa and South America, notably with Brazil and Angola, the internationalisation of Portuguese companies, the growing interdependence of economies and the large communities of Portuguese nationals established across various continents have provided the basis for BES Group to expand its international structure, and to adapt it to provide relevant services to those communities, with a positive impact on overall activity.

In monitoring performance by business area, the Group considers the following operational Segments:

- Domestic Commercial Banking, which includes the Retail, Corporate, Institutional, and Private Banking sub-segments
- International Commercial Banking
- Investment Banking
- Asset Management
- Markets and Strategic Investments
- Corporate Centre

Each segment is supported by directly dedicated structures, as well as by the units of the Group whose activity is most closely related to each of these segments. These structures run individual and autonomous monitoring of each operational unit of the Group (from an investment centre perspective) while the Executive Committee defines strategies and commercial plans for each Operating Segment.

As a complement to this, there is a second segmentation of activity and results according to geographical criteria, separating the performance of the units located in Portugal (Domestic Area) from that achieved by the units abroad (International Area).

Domestic Commercial Banking

Banking Segment Overview

Since its privatisation in 1992 BES Group has followed a clear and consistent strategy of organic growth in the domestic market, developing an approach based on a multispecialist model. Through this growth strategy, backed by a solid franchise and strong commercial growth in the individual and corporate client segments, the Group has been able to achieve sustained market share gains. Its average market share more than doubled between 1992 and 2010, rising from 8.5 per cent. to 20.3 per cent..

The BES Group is the second largest private provider of financial services in Portugal in terms of total consolidated assets (according to the Portuguese Banking Association) and has a diversified distribution network consisting of branches, corporate centres and private banking centres to serve customers in various countries. The BES Group's customer base is diversified and is comprised of individuals, small to medium-sized businesses, public sector institutions, Portuguese subsidiaries of foreign corporations and large corporations. Reflecting this diverse client base, the corporate and retail banking segment included the following business lines as at 31st December, 2010:

Retail Banking

The retail banking business line serves three main sub-segments:

- Affluent Clients (“BES 360°”) – individual clients with amounts in excess of €50,000 and up to €500,000 in assets under management with the BES Group, plus clients that potentially may so qualify (e.g. doctors, engineers and other professionals with less than €50,000 in assets under management with the BES Group).
- Small Businesses and independent professionals Clients (“Small Businesses”) – small enterprises and sole proprietorships with turnover of less than €2.5 million per year.
- Individual Retail Clients (“Mass Market”) – individual clients with less than €50,000 in assets under management with the BES Group.

Corporate Banking

The corporate banking business line serves three main sub-segments:

- Middle Market Corporate Clients – enterprises with turnover between €2.5 million and €50 million per year.
- Large Corporate Clients – enterprises with consolidated annual turnover in excess of €50 million.
- Municipalities and Institutional Clients – private companies owned by municipalities, public and privately held foundations and professional associations.

Private Banking

The private banking business line serves individual clients with more than €500,000 of assets under management.

Strategic Focus

The BES Group's strategy for its Corporate and Retail Banking segment is to provide distinct value propositions for its corporate and retail clients, while addressing their specifically identified needs. In order to achieve these goals, the BES Group has sought to strengthen its position within the Portuguese banking sector by:

- (i) differentiating the BES Group from its competitors by offering tailored business solutions;

- (ii) increasing client acquisition levels through unique initiatives such as *assurfinance* (the BES Group's partnership programme with insurance company Companhia de Seguros Tranquilidade); and
- (iii) increasing the penetration of its existing client base, while reducing product churn, through enhanced customer service and product innovation.

In order to increase product and service penetration of its existing client base, the BES Group has sought to take advantage of potential synergies among its banking units and other subsidiaries. For example, ESFG's and Crédit Agricole's Portuguese insurance subsidiaries distribute insurance, investment and other financial products through BES Group branches. In doing so, the BES Group has increasingly focused on the retail sector as a means of promoting greater cross-selling of fee-generating financial services.

Retail Banking

The BES Group's approach to the Retail Banking segment is that of a single-brand branch network, serving its three main sub-segments: BES 360°, Small Businesses and Mass Market. The Retail Banking segment is organised along two divisions: regions and subsegments. The Retail Banking segment includes two commercial departments that are sub-divided into 33 universal regional units (which manage the local branches) and into 36 specialised units ("360°" centers), which manage the account managers of affluent clients in the branches. Additionally, the BES Group has two dedicated marketing units (one for individual customers and the other for small businesses). The BES Group seeks to consolidate its position as a leading provider of banking and financial services to affluent clients by providing them with specialised advice from 476 dedicated account managers as well as offering them exclusive products, financial solutions and financial planning services. The services available to Small Businesses (including sole proprietorships) are tailored to meet their specific needs, supported by the creation of a specialised marketing unit and a network of 273 account managers. The approach to Mass Market clients includes a marketing unit focused on sales leads, the definition of clear business practices and high standards for the client representatives in the branch network, the reinforcement of the *assurfinance* programme and fine-tuning of the commercial approach to specific types of clientele within this segment.

The BES Group's value proposition to affluent clients, in its BES 360° sub-segment, consists of a differentiated service which satisfies clients' financial requirements and risk profiles, based on high standards of quality and continuous follow-up by specialised account managers via exclusively tailored solutions, designed for the specific needs of such affluent clients. BES 360° offers financial advisory services (through Map 360°, a unique and integrated financial planning tool to support clients in their key financial decisions, such as retirement planning, asset management, education and home finance) based on an assessment of the financial profile of the customer, in order to determine an investment recommendation that is best suited to the customer's profile.

This service presents significant advantages for clients and reinforces the BES Group's strong competence in financial advisory services and has led to the BES Group achieving significant market share within certain professions (e.g. physicians, where the BES Group estimates its market share to exceed 33 per cent.). With respect to businesses, including sole proprietorships, the BES Group aims to achieve a market leadership position. In order to achieve this goal in a highly competitive market, the BES Group has developed a distinctive value proposition that internalises four key principles when designing and customising products for tailored business solutions. These four key principles are:

- selective growth in pre-determined strategic sectors (identified via their critical mass and risk-adjusted profitability metrics);
- pricing policies based on selected risk metrics;
- selective cross-selling of products, especially with respect to Treasury management; and
- integrated approach to the owner-enterprise relationship, with particular focus on retirement and succession planning.

The BES Group's value proposition has produced notable results: strategic sectors (such as public notaries, pharmacies and healthcare) accounted for 40 per cent. of client acquisitions in this sub-segment in 2010. Moreover, the BES Group estimates that it has significant market share in this sub-segment, notably an 82 per cent. market share amongst public notaries, 50 per cent. amongst pharmacies and 34 per cent. amongst the small-business healthcare sector. With respect to Mass Market clients, the BES Group's strategy is based on two strategic axes: a focused client orientation and a focused commercial proactiveness and accountability. With respect to commercial proactiveness and accountability, the BES Group has developed internal tools to track products sold by customer representatives over a specified timeframe and how this compares to the particular customer's objective. Such tools have had a significant impact on sales productivity since 2006: for example, in 2010, 9 per cent. of sales assistants did not reach 50 per cent. of their sales targets (as compared to 31 per cent. of sales assistants in 2006). Moreover, the BES Group continues to focus on developing innovative ways to increase market share, notably through proactive evaluation and exploration of emerging client acquisition opportunities and through an innovative product portfolio, including savings products and products oriented towards day-to-day financial management. Additionally, the BES Group focuses on effective communication of its brand strategy and product portfolio, a key lever in the BES Group's success in the Mass Market sub-segment. During 2010, for example, the BES Group was again among the top 10 most familiar corporate brands in Portugal, according to Marktest/Publivaga Recórdação Publicitária Espontânea Genérica.

Banco Espírito Santo was ranked in first position in Interbrand's "Top 10 Brands Portugal 2011" survey, which makes it the most valuable brand within the companies composing the PSI-20 index, valued at an estimated EUR 951 million. This achievement reflects the Bank's positive financial and commercial performance over the years as a result of management's focus on creating value for its clients, shareholders, and employees. Interbrand's ranking assesses a brand's capacity to generate value, based on criteria such as relevance, consistency, commitment, presence and authenticity. The analysis covers all the brands of the companies included in the PSI-20, with published 2010 annual reports, with domestic and international presence.

A significant client acquisition initiative is the *assurfinance* programme, the result of a strategic relationship between the BES Group and Companhia de Seguros Tranquilidade. *Assurfinance* seeks to capture Tranquilidade clients who do not have banking relationships with the BES Group. This programme offers Tranquilidade agents the ability to cross-sell a wide array of BES Group products (from insurance to banking), custom tailored to the necessities of Tranquilidade's clients.

The BES Group's approach to the Retail Banking segment also includes the development of specific value propositions to address emerging demographic trends in Portugal, such as residential tourists and immigrant populations. The private banking unit, moreover, serves a universe of clients with €7.9 billion of total assets under management (as of 31st December, 2010) through 22 private banking centres across Portugal. Private banking clients are organised into four sub-sets: top private (served by a dedicated commercial team), executive professionals, entrepreneurs and traditional high-wealth clients. All private banking regional units have team leaders focused on executive professionals, entrepreneurs and traditional high-wealth clients. The Private Banking unit offers a differentiated service based on a holistic view of the client, focusing on investment solutions which satisfy the clients' financial and wealth-management needs. The development of a relationship based on trust is a key pillar of the Private Banking unit, accomplished via 55 private managers with high technical and relationship skills. Private Banking aims to offer independent advice tailored to the client's risk profile, coupled with excellent client service. In this sub segment, the BES Group has developed several "member-to-member" initiatives, both in Portugal and at the international private banking level, directed to Portuguese residents abroad. Additionally, an increasingly closer co-operation with the investment banking business of the BES Group allows the private banking unit to offer products and services that are particularly desired by its larger or more sophisticated clients, such as discretionary management, brokerage, structured credit, private equity, fixed income and structured portfolios, derivatives and financial advisory services.

Corporate Banking

The Corporate Banking segment maintains a vocation to serve and add value to the activities and enterprises of Portuguese companies. This segment serves over 22,000 clients with a total of €31 billion of credit and funds extended to such clients (as at 31st December, 2010) through 24 corporate centres in Portugal and a team of 132 dedicated account managers (for middle market corporate clients) and two pools of 20 account managers for large corporate clients (in Lisbon and Oporto). The BES Group seeks to maintain a market leading position based on specialised client service and by continuously striving to offer tailored business products, with a special emphasis on stimulating innovation and supporting the internationalisation of Portuguese companies, leveraging the multi-specialist organisational model of the Group and its international presence.

In 2008, for example, the International Premium Unit was established with a view to assisting companies with the most potential for internationalisation and the development of foreign trade. The International Premium Unit has a team of international managers with strong experience in corporate banking and international trade. This team, in coordination with the BES Group's international network, provides full services to its clients, both in terms of new-market advisory as well as advising and executing on international trade transactions. The value proposition developed for the Corporate segment is focused on diversifying revenue sources through the cross-selling of specialised products and services, for example, risk management products, investment banking advisory services, insurance and, in particular, trade finance as the BES Group benefits from its strong commercial presence in the export sector. In specialised credit (leasing and factoring) 2009 represented the first year of activity following the merger by integration of Besleasing e Factoring into BES.

Institutional clients (municipalities, municipal companies, universities, public hospitals and social solidarity institutions) also benefit from specialised teams. This area of the Corporate Banking division focuses on, for example, long-term investment financing and providing treasury management services, while also focusing on the cross-selling of business products.

Distribution Channels

In Portugal, the BES Group offers a co-ordinated "multi-channel" approach to its clients: (i) physical access points to BES via a single brand network of 731 branches (including 44 on site branches resulting from partnerships with insurance agents under the *Assurfinance* programme), focused mainly on retail clients, 22 private banking specialised centres and 24 corporate centres; (ii) around 2,000 *assurfinance* agents who are focused primarily on client acquisition which in 2010 attracted around 18,000 new clients to the Group; and (iii) direct channels, such as real-estate agents, post offices, the internet, 3G mobile phones, telephone and SMS. Additionally, the BES Group provides a full range of banking and related financial services in Spain (25 branches and eight specialised corporate centres), in Angola through its subsidiary Banco Espírito Santo Angola, SARL (36 branches, one corporate centres, one private banking specialised centre and one investment banking office) and in Brazil, in addition to its presence in other countries through its international branches and representative offices.

International Commercial Banking

BES Group's International Commercial Banking activity is developed in markets with cultural and economic affinities with Portugal, and its expansion is essentially oriented to the South Atlantic Axis, namely to Africa (Angola and the Maghreb countries) and Latin America (Brazil). The Group's international presence is mainly focused on specific areas where it holds competitive advantages, exploiting markets and/or business areas with high growth potential, leveraging on the experience obtained, and in some areas the leading position, in the domestic market. Faced with the increasing globalisation and openness of the financial markets, BES Group's international expansion also reflects the need to obtain the economies of scale and operating efficiency gains afforded by a wider scope of operations. The Group's strategy is to serve local customers in target segments but also customers doing business on a trans-national scale.

Angola

In Angola BES Group operates directly in the local market through Banco Espírito Santo Angola, which provides a global service to individual and corporate clients.

The Bank's performance continued to stem from a consistently implemented strategy focused on strength, confidence and the excellence of the service provided to the client, which has been acknowledged by prestigious international institutions:

“Best Banking Group in Angola 2010” – awarded by the World Finance magazine for the third consecutive time;

“Best Banking Group in Sub-Saharan Africa 2010” – awarded by World Finance;

“Best Trade Finance in Angola 2010” – awarded by the Global Finance magazine;

“Best Bank Award 2010” – awarded for the third year running by the Global Finance magazine;

“Best Bank in Angola 2010” – awarded by Emea Finance, also for the third time; and

Official Bank of the UNESCO Planet Earth, a distinction valid for 10 years.

As of December 2010, BES Angola operated through a network of 36 branches of which 16 are in Luanda and sub-branches distributed by six provinces, and a private and affluent banking centre in Luanda.

In corporate banking, where BES Angola operates from one corporate centre in Luanda, activities are oriented towards establishing commercial partnerships for mutual added value with large and medium sized companies operating in Angola, by financing the investment projects or cash needs of these companies and providing them with technical and legal support; and by backing up foreign companies and entrepreneurs expanding their activity into Angola, namely from Portugal, Spain, Brazil and Germany.

Investment banking activities are focused on the identification of business opportunities in project and corporate finance and the arrangement of funding solutions.

In asset management, BES Angola and ESAF jointly set up in 2008 the first fund management firm in Angola, BESA CTIF, Sociedade Gestora de Fundos de Investimento the first fund management firm, which aims to offer pioneering financial solutions to its clients in the local market. Also in 2008, the firm obtained the authorisation to launch a closed-end real estate fund for a duration of five years, which was well received by investors.

BES Angola has been positioned itself as a model bank in the Angolan market, where it stands out for its high profitability and efficiency levels. It is also actively engaged in society through its sustainability policy and contributions to Angola's reconstruction.

Spain

In Spain BES Group operates through a branch, developing activities in affluent banking, corporate banking and private banking. As of December 2010, BES Group operated through a network of 25 branches and eight specialised corporate centres.

In affluent and private banking, the branch focuses its offer on-balance sheet products. In corporate banking, the Group consolidated its integrated approach to companies in Iberia, launching an innovating service – the BESnetwork, an Iberian Portal for Companies – which permits to execute transactions through the internet in the same way, whether in Portugal, in Spain or between the two countries. The branch further developed its international business capabilities, thus improving the services provided to clients operating not only in Portugal but also in the other geographies where the Group is present. This also permitted to establish relations with high potential clients, while maintaining a very prudent stance in risk allocation and management.

United Kingdom

In London, BES operates through a branch focused in wholesale banking, namely syndicated credit transactions, leveraged finance and structured commodities trade finance, in close cooperation with BES Investimento and in project finance operations.

Due to the current adverse climate in the financial markets, the volume of funds raised has declined, being particularly penalised by the successive downgrades of the ratings of the Portuguese Republic and Portuguese banks occurred since April.

The Branch's focus has been on the implementation of a deleveraging plan to reduce the loan book by 7 per cent.. In view of the adverse conditions, and also to meet the credit portfolio resizing objective set for the international area, the balance sheet was adjusted, and net assets decreased by 46 per cent. between the end of 2009 and the end of 2010.

The Branch successfully implemented a new information system, which became operational at year-end.

United States of America

Through Espírito Santo Bank, based in Miami, the Group develops international private banking activities in the American continent, where its main customers are the communities of Portuguese residents, particularly in Latin America. In the course of 2010 the performance of Espírito Santo Bank was severely affected by the difficult economic situation in South Florida, where the problems caused by the mortgage credit crisis have not yet been solved.

BES's New York branch concentrates its activity in wholesale banking, mainly in the US and Brazil.

The restrictions on market liquidity and difficulties in access to funding, which became increasingly acute following the successive downgrades of the Portuguese Republic's ratings, had a negative impact on the placement of the certificates of deposit and commercial paper programmes during 2010. These adverse market conditions required increased prudence in business development and focus on risk monitoring and management. The credit portfolio registered a 31 per cent. reduction between between the end of 2009 and the end of 2010, which is in line with the deleveraging plan implemented.

France

The Group's activity in France is carried out by Banque Espírito Santo et de la Vénétie. In 2010 the Bank performed well in the area of real estate credit. In addition, corporate banking, structured finance, and management activities, the business done in the area of the audiovisuals and cinema and the activity of the mandataires de justice department (distressed businesses) also contributed to the year's gross operating income.

Libya

BES Group operates in Libya through a 40 per cent. stake in Aman Bank, where it has management control. With its presence in Libya, the Group aims to facilitate access to the Northern African markets and provide support to its clients in that country.

Aman Bank, a commercial bank incorporated in 2003, offers financial services to its individual and corporate clients through a network of 23 branches and 7 mobile units – the 'Aman Bank on wheels' network allows individual clients to perform all banking operations in real time. With a strong positioning in the area of trade finance, Aman Bank is the reference bank for international companies doing business in Libya.

Aman Bank is a market leader in terms of its numbers of ATMs, POS, and credit cards. It is the only bank that issues MasterCard and American Express cards in Libya, and one of the three banks that issue Visa cards in the country.

Aman Bank focused its activities in the following areas: (i) development of commercial activity, reinforcing specific skills and implementing an ambitious commercial plan; (ii) implementation of measures to minimise

operational risk, reinforcing the use of internationally recognised methodologies in the areas of compliance (KYC and AML), risk assessment, credit recovery, transactions and accounting; and (iii) leveraging on the synergies enabled by the integration of services within BES Group, namely in the areas of trade finance (import documentary credits, guarantees and remittances) and transactional banking (credit cards, ATMs and POS).

China

BES Oriente ensures a presence in Macao that is primarily centred on supporting BES' clients with business activities in the region, while seeking business opportunities supported by the expressed intent of the People's Republic of China to consider Macao as a platform for economic cooperation with Portuguese speaking countries.

Banco Espírito Santo do Oriente (Macao) operates in the Macao Special Administrative Region. The region's economic growth is based on the continuous development of the tourism and gambling/leisure sectors, and the implementation of several major infrastructure works. The Bank continued to be very selective and rigorous in granting loans, having established the following priorities: attracting funds from local and regional clients; placing a CP programme (Funding Programme) in Southeast Asia; developing trade finance activities; and supporting the expansion of Portuguese companies into the Asian markets. Despite the difficult access to the markets and strong competition over customer funds, customer deposits registered a small increase of 1 per cent. during 2010.

Cape Verde

The activity developed by the Group's branch in Cape Verde is concentrated on corporate banking and public/private joint infrastructure investments (ports, roads, electricity and water) as well as on the tourism sector. At the beginning of the second half of 2010, Banco Espírito Santo Cabo Verde inaugurated its premises, following the Ministry of Finance's order authorising the incorporation of a new bank in the islands.

Poland

The BES Group has been present in Poland since 2005, the year of the foundation of Investimento Concordia Espírito Santo Investment, a BES subsidiary that specialises in advisory services in mergers and acquisitions. In 2008, BES Investimento expanded its activities in the country, opening a branch that provides brokerage services in the Warsaw Stock Exchange.

Investment Banking

Segment Overview

BES Group's investment banking activity is developed by Banco Espírito Santo de Investimento ("BES Investimento"), whose main objective is to provide services to medium-sized and large companies, institutional clients, and in some specific segments, retail clients, in coordination with the Group's private banking area.

BES Investimento offers a wide range of specialised products and services, including advisory services in mergers and acquisitions, access to transactions in the capital markets (equities and debt), brokerage and portfolio management services, structured finance, including project finance and acquisition finance, and management of private equity funds.

In 2010, due to a strategically advantageous geographical positioning and reach, the investment banking activity benefited from exposure to developing or recovering markets, namely Brazil, Angola, Poland and the United States, which to some extent cushioned the greater difficulties felt in Portugal and Spain. Even so, activity during 2010 was conditioned by perceptions of Portuguese risk and their impact on the funding conditions of the Portuguese banks.

Strategic Focus

In response to the extremely adverse economic scenario, investment banking focused its activities on (i) reinforcing international expansion, (ii) increasing the weight of advisory and intermediation activities, which are less capital and liquidity consumptive; and (iii) achieving credit portfolio rotation.

This approach was quite successful: banking income increased by 13.2 per cent., to EUR 258.9 million for the year ended 31 December 2010, with commercial banking income growing by 30.9 per cent., to EUR 230.8 million for the year ended 31 December 2010. The international area results confirmed once again the success of the internationalisation strategy, with international banking income rising by 30.9 per cent., and contributing with 65 per cent. to consolidated banking income.

BES Investimento's ambition to expand its international activity and achieve increasing international visibility led it to acquire a 50.1 per cent. stake in Execution Noble. The transaction was announced at the beginning of 2010 and concluded in November 2010. This acquisition reinforces the Group's presence in London and expansion of its scope of activities to Hong Kong and India, thus widening its international distribution capacity and exposure to new fast growing markets.

For the geographies where BES Investimento already operates, its strategy is one of consolidation.

Distribution Channels

In Portugal, the Bank maintained the leading position in equity trading in the NYSE Euronext Lisbon, with a market share of 12.4 per cent. (according to the NYSE & Euronext Lisbon), and led several important capital markets and project finance transactions, namely the structuring and arranging of the EUR 775 million financing of the concession for the Poceirão-Caia high-speed railway project, considered by Project Finance Magazine as the "European High Speed Rail Deal of the Year". It also remained a market leader in the Portugal-Spain cross-border mergers and acquisitions segment and reinforced its position as an Iberian leader in mid-market transactions and consolidated its role as a reference bank in the Portugal-Spain-Brazil axis.

In **Spain**, BES Investimento aims to position itself among the 10 main local investment banks. Benefiting from an increasingly broad international presence and close coordination with the structures of Banco Espírito Santo in Spain, BES Investimento has been developing great efforts to further its reach in the corporate segment, viewing the intensification of cross-border business and the development of capital markets, merger and acquisitions and project finance activities. Despite the unfavourable economic environment, the Bank maintained its third position in the ranking of the Spanish brokerage market with a 7.9 per cent. market share, according to Sociedad del Bolsa S.A., and reinforced its relationship with the main players in the infrastructure and energy sectors, where it benefits from a strong position as financier and advisor. In merger and acquisition activity, BES closed a number of important deals, mainly in the energy sector, where it benefited from the ongoing restructuring. In project finance, BES Investimento also led a number of large operations, namely the EUR 1.3 billion financing to Escal for the construction and operation of an offshore subterranean gas storage facility, north of Vinaroz, which was considered by Project Finance Magazine as the "European Downstream Oil & Gas Deal of the Year".

In **Brazil**, BES Investimento is intent of asserting itself as a local player with international expertise, operating in all areas of investment banking. In line with this strategy, the Bank has been consolidating its presence in the market and reinforcing its existing business lines. In 2010, among other important operations, BES Investimento participated in Portugal Telecom's sale of its 50 per cent. stake in Brasilcel, a holding company, and acquisition of a strategic holding in Oi Group; in Petrobrás's capital increase (the largest share offering ever in the world); and in Bank of Brazil's capital increase. It also provided advisory services to project finance transactions in the energy and transport infrastructure sectors. BES Investimento is also developing other business areas in this market, namely wealth management, through Espírito Santo Serviços Financeiros DTVM, and private equity activities, through 2bCapital S.A., a joint venture with Banco Bradesco.

In the **United Kingdom**, BES I's project finance activity was distinguished by Project Finance Magazine with the following awards: (i) "African Downstream Oil & Gas Deal of the Year", for its leadership of the USD 2.6 billion financing to the Egyptian Refining Company for the construction of a refinery in Cairo; "European Airport Deal of the Year" for its leadership of the EUR 716 million financing of the expansion, development, operation and maintenance of Saint Petersburg' Pulkovo Airport (Russia); and "European Midstream Oil & Gas Deal of the Year" for its leadership of the EUR 3.9 billion financing of the construction, operation and maintenance of phase I of the Nord Stream pipeline, which will link Russia to Germany across the Baltic.

In the **United States**, the bank has been developing project finance and other structured finance activities, and create a platform for distribution of capital market products, capitalising on (i) its business origination capacity in Brazil, due to its local presence in the country, (ii) the active strong capital market activities developed in the Iberian Peninsula; and (iii) the existing relationships with reference clients in the project finance area, in particular in the infrastructure and renewable energies sectors. In addition, BES Investimento also intends to expand its business origination basis into the Spanish speaking countries in Latin America. An important step was taken in 2010 towards achieving this goal, namely the opening of offices in Mexico city, which will give the Bank access to the second largest market in Latin America.

During 2010, the Bank led 10 project finance operations, 6 of which were in Latin American countries (Colombia, Chile and Mexico). Of these, two were distinguished by the Project Finance Magazine with the following awards: (i) "Latin American Power Deal of the Year" for its leadership of the USD 460 million financing of Abengoa Cogeneración Tabasco for the construction of a 300 MW cogeneration plant in the State of Tabasco (Mexico), and (ii) "Latin American Upstream Deal of the Year" for its leadership of the USD 225 million financing of Rubicon Drilling Services for the construction of an oil platform in the Gulf of Mexico.

Poland and other Central European countries offer strong business development prospects on account of their ongoing privatisation programmes, which include some sizeable operations, and the development of large infrastructure projects in the area. In order to offer its clients an integrated range of investment banking products, BES Investimento has been creating new business areas in the Polish market, namely by launching fixed income activities in 2010. In project finance, the Bank led a financing operation to EDP Renováveis, and provided advisory services on two other projects. In Capital Markets, BES Investimento asserted a position as an important player in the Warsaw Stock Exchange, closing the year in 13th place of the brokers' ranking, with an accumulated market share of 2 per cent. according to the Warsaw Stock Exchange. The Bank also intervened for the first time in the Polish primary market, participating in the Warsaw Stock Exchange's Zloty IPO (the second largest operation carried out in 2010 in Poland, totalling PLN 1.2 bn) and leading Kredyt Inkaso's secondary offering.

In **Angola**, the bank is pending the authorisation of the Bank of Angola to open a local investment bank and also intends to develop capital market activities, through a brokerage unit.

Asset Management

Segment Overview

Espírito Santo Activos Financeiros ("ESAF") is BES' subsidiary for the asset management business, operating in Portugal, Spain, Brazil, Angola, Luxembourg and the United Kingdom. At the end of 2010 ESAF had total assets under management amounting to €18.8 billion, corresponding to a year-on-year decrease of 9.7 per cent.

Mutual Funds

Total assets under management reached €4.460 million at the end of 2010. The year was marked by a focus on permanent adjustment of the offer to market needs, leading to the launch of several new funds.

In Luxembourg, BES Group has five funds under management targeting clients with a wide range of risk profiles. At the end of 2010 the aggregate volume in these funds was €702 million: (i) The ES Fund, which

has 11 compartments (shares and bonds), reached €361 million; (ii) The Global Active Allocation Fund, targeting individual clients and institutions, with volume of €75 million; (iii) The Caravela Fund SICAV, made up of five compartments; (iv) The SICAV European Responsible Consumer Fund, which is sold in Portugal, Spain, Italy and Luxembourg and whose investments take into account ethical, environmental and social concerns; (v) and finally, the Espírito Santo Rockefeller Global – Energy Fund, created under a joint venture between the Espírito Santo Group and the North-American Rockefeller fund manager to manage and sell a special investment fund exclusively dedicated to the energy sector, reached EUR 79 million. In 2010 the Group launched the first Exchange Traded Fund (ETF) on an Iberian index, the ESAF NYSE Euronext Iberian ETF.

Real Estate Funds

Real estate funds under management increased by 8.8 per cent. in 2010 as a result of a 37 per cent. increase in assets of the Fundo de Investimento Imobiliário Aberto Logística fund, and the stabilisation of assets of the Fundo de Investimento Imobiliário Aberto Gespatrimónio Rendimento fund.

Overall volume under management in real estate funds in 2010 was EUR 1,374 million, represented by 30 mutual funds, of which two - Gespatrimónio Rendimento and Espírito Santo Logística – are open-end and have a total volume in excess of EUR 1 billion. Three new closed-end mutual funds for private subscription were launched during the year.

Pension Funds

In Pension Funds, assets under management totalled €2.655 million, representing a year on year decrease of 2.5 per cent. An increase of more than 20 per cent. in assets under management of open-end pension funds should be stressed.

Portfolio Management

The Portfolio Management service, designed for clients in the Private Banking and BES 360 segments, aims to obtain sustainable returns over the long run.

Assets under management (in national and foreign currency) totalled €1.866 million at the end of 2010, corresponding to a year on year decrease of 29.2 per cent.

Strategic Focus

The four main strategic focuses of ESAF are:

- to increase the contribution of BES' international activities to assets under management and the results of operations of ESAF;
- to increase market share and optimise the asset mix of funds distributed;
- to grow the size of assets under management, through the creation of new products targeted at institutional investors, based on ESAF's cumulative market and product knowledge; and
- to improve client services, notably in information delivery and remote transaction execution.

Distribution Channels

ESAF currently has assets under management in Portugal, Spain, Luxembourg, the United Kingdom, Angola and Brazil. In each jurisdiction in which ESAF manages assets, ESAF works closely with subsidiaries, branches and other financial entities within the BES Group that operate in those respective jurisdictions in order to leverage its existing branch and subsidiary network in order to increase assets under management.

5. Management and Statutory Auditor

Pursuant to Portuguese law, BES has a management structure consisting of a Board of Directors (the “Board”), including an Audit Committee, which is elected by the General Meeting. According to BES’s Articles of Association the Board is composed of a minimum of 11 to a maximum of 31 members (“Directors”), who may or may not be shareholders. The current Board is made up of 27 Directors, including 3 members of the Audit Committee. The term of office of a Director is four years and re-election is permitted without any cap or age limits. The General Meeting appoints the Chairman of the Board. In the Chairman’s absence or in case an impediment arises, he is replaced by the Chairman of the Executive Committee. The General Meeting may also elect one or more Vice-Chairman of the Board. In the case of definitive absence or impediment of any member of the Board, a substitute member will be co-opted, and this co-optation ratified in the next General Meeting. The mandate of the Member so elected will expire at the end of the office period for which the replaced Member had been elected. The Board meets at least quarterly and whenever convened by the Chairman, by two board members or by the Audit Committee.

The day-to-day management of the Company is delegated by the Board to an Executive Committee (the “Executive Committee”). The Board designates the Chairman and the members of the Executive Committee.

At present this Committee consists of 11 Directors. It meets regularly once a week, also ensuring day-to-day monitoring that on occasion requires extraordinary meetings.

The Audit Committee is composed of a minimum of three and a maximum of five members of the Board of Directors, one of whom is appointed the Chairman. The members of the Audit Committee are elected by the General Meeting, and appointed simultaneously with the appointment of the other members of the Board of Directors, for periods of four years, their re-election being permitted. The members of the Audit Committee may be dismissed by the General Meeting, providing there are fair grounds for dismissal. The Audit Committee's functions are essentially of a supervisory nature. The Committee has full powers to conduct, contract or authorise investigations within the sphere of its responsibilities.

The Audit Committee is the supervisory body of BES. As set out in Article 4 of BES' Audit Committee Charter (as approved by the Audit Committee on 29th December, 2008), the Audit Committee is responsible for supervision of the Bank management in general, for verification of the effectiveness of the risk management system, the internal control system and of the internal audit system, as well as represent BES, for all purposes, to the external auditor, which is annually evaluated by this Committee.

The Audit Committee is composed of three non executive directors qualified as independent: José Manuel Ruivo da Pena, Luís António Burnay Pinto de Carvalho Daun e Lorena and João de Faria Rodrigues.

BES complies with its country's of incorporation corporate governance regime(s).

The following table sets out the members of the Board for the 2008-2011 four-year mandate, elected on the General Meeting of 31st March, 2008, such members being capable of being contacted through the BES's head office and contact details.

BES is not aware of any potential conflicts of interest between the duties to BES of the members of the board and their private interests and/or other duties.

6. Risk Management

Efficient risk management and control has played a fundamental role in the balanced and sustained growth of the BES Group. The BES Group seeks to achieve the optimal balance of risks and returns with a goal of achieving sustained high return on equity. The BES Group's risk management strategy is consistent with the regulatory and economic vision implicit in the new regulatory framework proposed by the Basel Committee. Pursuant to this strategy, the BES Group monitors and evaluates risk on a group-wide basis, which enables management to actively control the impact of the identified and measured risks on the results of the BES Group.

The Executive Committee of the Board of Directors of BES is responsible for establishing the general principles of risk management and control, defining the objective risk profile for the BES Group, including establishing both global and specific risk limits and ensuring that the BES Group has the necessary competences and resources for the purpose.

At a more specialised level, the Risk Committee is responsible for monitoring the evolution of the BES Group's integrated risk profile, and for proposing methodologies, policies, procedures and instruments to deal with all types of risk faced by the BES Group. The Risk Committee holds monthly meetings, which are attended by the Chairman of the Executive Committee.

Daily Financial and Credit Committee: its meetings are attended by members of the Executive Committee and heads of departments; the main credit operations are submitted to and decided by this committee, in accordance with established risk policies, it also monitors the treasury position and the evolution of the financial markets.

ALCO (Assets and Liabilities Committee): holds monthly meetings, which are attended by the members of the Executive Committee, including its Chairman, and is responsible for managing market, interest rate and liquidity risk.

The management of risk on the BES Group level, both in Portugal and in the various jurisdictions in which the BES Group operates, is centralised in the Global Risk Department. The Global Risk Department must ensure:

- independence relative to the other areas of the Group and credibility with the management and supervisory bodies, shareholders, investors and regulators; the GRD has no decision powers over specific operations;
- the integrated and global management of all types of risk (credit, market, liquidity, interest rate and operational risk, at both domestic and international level) and consistency in direct risk and return comparisons; and
- consistent incorporation of risk and capital concepts in the strategy and business decisions of the entire BES Group.

In addition to the risk management structure implemented by the BES Group, the BES Group relies on its senior management to help monitor risk. The senior management of the BES Group companies and international branches and the managing directors in each business department within the BES Group have extensive knowledge of the markets and activities in which they operate. BES's senior management assist BES in monitoring and evaluating risk as well as augmenting and implementing the active risk management policies and procedures implemented by the official risk management entities.

The New Capital Accord (Basel II)

BES Group fully recognises the challenges and opportunities that arise from application of the New Capital Accord. Matching regulatory vision with the economic perspective implicit in the new regulatory framework proposed by the Basel Committee – whose principles underlie the Group's rationale and practices – creates new opportunities and constitutes a stimulus to the effort made over the last few years in the area of Risk Management.

The Group was authorised by the Bank of Portugal to use, as of the fourth quarter in 2009, the Internal Ratings Based (IRB) approach for credit risk and the Standardised Approach – TSA method for operational risk. This placed the BES Group in a leadership position in terms of risk management and in line with the best practices at the international level.

According to the regulations, the recently approved IRB approach implies utilisation of internal estimates of default probabilities as well as estimates of loss given default(s) and conversion factors for the retail segments (IRB Advanced). For the remaining segments the same authorisation will allow the utilisation of internal estimates for default probabilities (IRB Foundation).

Risk Types

Credit Risk

Credit risk represents the potential financial loss arising from the failure of an obligor or counterparty to honour its contractual obligation with the BES Group.

Credit portfolio management is an ongoing process that requires interaction between the various teams responsible for the management of risk during the consecutive stages of the credit process. This approach is complemented by the continuous introduction of improvements in the risk control methodologies, risk assessment and control tools, as well as in procedures and decision circuits.

Internal Risk Rating Systems

Internal rating systems fall into the following two large categories, according to their specific characteristics in terms of development and use:

1. Internal Rating Models for Corporate Credit Portfolios

Corporate credit portfolios are approached differently, according to client and/or transaction size and industry sector, using different models specifically adapted for the relevant credit portfolio. For large companies, financial institutions, institutional clients, local and regional administration and specialised finance (i.e. project and leveraged finance), credit ratings are assigned by a rating desk, staffed by specialised technical analysts who are organised into teams by sector group and whose role is to validate the ratings submitted to them by regional credit risk analysts throughout BES Group's various units. To assign internal risk ratings to these risk segments, classified as low default portfolios, these teams use expert-based systems (templates) that include quantitative and qualitative variables linked to the industry sector. Except for specialised finance, the rating methodology used by the rating desk includes a risk analysis of the maximum consolidation scope, identifying the status of each subsidiary within the respective conglomerate, which could impact the final rating decision. The activity templates and rules-based templates described above have been aligned to best practice at one of the main international rating agencies. For the middle market segment (medium-sized companies), the BES Group uses statistical rating models, which combine financial information with qualitative data. A new rating model for the middle market segment was developed and implemented in 2010, with reinforced capabilities and an improved predictive capacity. The new model combines financial data with behavioural and qualitative data, taking into account the current economic and financial environment as well as BES Group's risk and business policies for the segment.

The disclosure of risk ratings requires a previous validation by a team of risk analysts, who also take into account behavioural factors and draw up risk analysis reports containing their opinions on the proposed operations. The team also monitors the credit risk associated with each client of the BES Group by preparing risk analyses that compare a client's current liabilities against the credit rating given to it, as established by BES' internal regulations, and issuing specific recommendations for managing the credit relationship with such client.

In the small businesses segment, ratings are determined not only on the basis of financial and qualitative analysis, but also according to the track record of the company and its partners. Specific rating models have also been implemented to quantify the risk inherent in the financing of start-ups. In the real estate sector

(particularly in the case of small and medium-sized real estate companies), in light of the sector's unique characteristics, ratings are assigned centrally by a specialised team, using quantitative and technical variables (property valuation) as well as qualitative variables. This team is also responsible for making the risk analyses included in specialised credit proposals (e.g. construction financing).

A new rating model for real estate projects was developed and implemented in 2010, reinforcing BES Group's capacity to assess the risk involved in these operations.

2. Internal Scoring for Retail Clients' Credit Portfolios

The BES Group uses origination and behavioural scoring models for the main products offered to its individual clients – mortgage loans, consumer loans, credit cards, overdrafts and loan accounts – whose ratings are calibrated to a probability of default within one year. A new scoring model for consumer credit was developed and implemented in 2010.

The models' predictive capacity is subject to monitoring on a regular basis. Besides estimating the probability of default, the BES Group also regularly monitors other parameters required for risk quantification and management, namely losses at default and exposure at default figures ("LGD" and "EAD"). Continuing the work of previous years, the BES Group updated the LGD parameters applicable to the credit cards, current accounts and loan accounts portfolios included in the retail segment in 2010.

All the rating and scoring models described above play a key role, not only in the technical analysis of risk, but also in the credit risk approval and monitoring processes. These rating and scoring models were also applied in the pre-approved loan campaigns launched by the BES Group in the course of 2008. In accordance with the new rules on regulatory capital requirements (Basel II) and following the best risk management practices, the validation and, as appropriate, the re-calibration of models are carried out on an annual basis, by the Independent Validation Unit. In 2010 the internal validation exercise applied to the various rating models for the main credit portfolios confirmed that these models were robust and well calibrated for assessing credit risk.

Loan Granting

The loan granting process at the BES Group is supported by the widespread use of risk-adjusted return metrics. Across nearly all the commercial segments, rating/scoring classifications are now directly incorporated into the definition of credit powers at the various decision-taking levels in terms of both exposures and pricing. The use of rating/scoring classifications was also introduced for the purpose of establishing portfolio limits that limit credit granting by both product and segment, and in particular restrict the amounts lent when higher risks are involved. Compliance with the established limits is monitored on a regular monthly basis by the Risk Committee.

Credit Risk Monitoring

The monitoring and control activities currently established by the BES Group aim to quantify and control the level of credit risk faced by the BES Group, to allow early definition and implementation of concrete measures to deal with specific situations indicative of an increase in risk, with a view to mitigating potential losses, as well as to outline global strategies for credit portfolio management. In this context, and with the central aim of preserving the BES Group's risk quality and standards, the credit risk monitoring function and its development are considered to be one of the most important priorities of the risk management and control system.

Recovery Process

The entire recovery process is developed based on the concept of "integrated client". Whether in a corporate or retail segment, each client is assigned a "recoverer" that monitors all this client's credits subject to recovery. In view of its nature and volumes involved, credit to individual clients is in some phases treated in an automatic and industrialised fashion, while a customised approach is used to treat credit to corporate clients.

Throughout the process, the possibilities of reaching an agreement are weighed and legal action taken whenever required to recover the credits and defend the Group's rights. However, there is constant openness to consider solutions permitting a return to a non-default situation and therefore to maintain the client.

Market Risk

Market risk is the possible loss resulting from an adverse change in the value of a financial instrument due to fluctuations in interest rates, foreign exchange rates, share prices or commodities prices.

Management Practices

Market risk management is integrated with balance sheet management through the ALCO. This committee is responsible for defining policies for the structuring and composition of the balance sheet, and for the control of exposures to interest rate, foreign exchange and liquidity risk.

The main measure of market risk is the assessment of potential losses under adverse market conditions, for which the Value at Risk (VaR) valuation criteria is used. BES Group's VaR model uses the Monte Carlo simulation, based on a confidence level of 99 per cent. and an investment period of 10 days. Volatilities and correlations are historical, based on an observation period of one year.

To improve on VaR assessment, other initiatives have been developed, namely back testing, which consists in comparing the losses foreseen by VaR with actual losses. These exercises permit to fine-tune the model and improve its predictive capabilities.

As a complement to the VaR model, stress testing has also been developed, which permit to assess the impact of higher potential losses than those considered using VaR valuation.

Interest Rate Risk

Interest rate risk may be defined as the impact on shareholders' equity or on net interest income due to an adverse change in market interest rates.

Management Practices

Given its importance to the BES Group, interest rate risk is monitored by ALCO, namely through the monitoring of net interest income and using repricing tables. In accordance with the recommendations of Basel II (Pillar 2) and Bank of Portugal's Instruction no. 19/2005, as amended, the BES Group's exposure to interest rate risk is calculated based on Bank of International Settlements ("BIS") methodology, classifying all Assets, Liabilities and off balance sheet items, excluding those from trading sources, by repricing schedules.

The model used is similar to the duration model, using a stress testing scenario corresponding to a parallel movement of 200 basis points in the yield curve for all interest rate levels.

Interest rate risk measurement basically consists in determining the effect of that change in interest rates on the institution's shareholders' equity and annualised net interest income.

Liquidity Risk

Liquidity risk arises from present or future inability to pay liabilities as they mature without incurring substantial losses. Banks, by virtue of their business of providing long-term loans and receiving short-term deposits, are subject to liquidity risk. In recent years most banks have increasingly resorted to obtaining funds from market sources instead of from their traditional sources (retail deposits), especially in countries where savings are typically scarce due to economic stagnation, as is the case in Portugal. It is therefore important for banks to maintain a prudent and sound management of their liquidity risk, particularly in times of market turmoil.

Management Practices

Liquidity risk management, which is centralised in the Financial Department – Markets and Research, focuses on maintaining surplus

liquidity in the short term and involves the following tasks:

- drawing up an annual financial plan based on the approved budget. Based on projected funding needs, an annual plan of debt issues and securitisations is drawn up. This plan is monitored on a regular basis and revised in the course of the year, as necessary;
- monitoring and controlling liquidity risk, a vital task for the BES Group. The aim is to maintain adequate liquidity levels to meet the BES Group's short-term funding needs, and make sure that it refinances its current activity in due time, optimising cost and maturities. Several tools are used for this purpose, namely liquidity gaps and liquidity ratios; and
- carrying out stress tests based on extreme but plausible scenarios where additional funding is required, with the aim of pre-empting any constraints liable to affect the BES Group's liquidity.

Operational Risk

Operational risk represents the risk of losses or of a negative impact on the relationship with the Clients or other stakeholders resulting from inadequate or negligent application of internal procedures, or from people behaviour, information systems, or external events.

Legal risk is also included in the above definition. Legal risk represents the risk of losses arising from non compliance with the regulations in force (due to inadequate document retention, failure to change processes as required by new legislation and/or differences in the interpretation of the law) or resulting from legal action.

To manage operational risk, the BES Group implemented a system that standardises, systematises and regulates the frequency of actions viewing the identification, monitoring, control and mitigation of risk.

The management of operational risk is supported by a structure within the organisation exclusively dedicated to designing, monitoring and maintaining the management model. This structure works in close coordination with operational risk representatives from each department, branch and subsidiary, as well as the Internal Control System Management Unit (set up within the Compliance Department), the Security Coordination office and the Internal Audit Department.

7. Funding

The BES Group establishes a funding policy for all types of liabilities, from customer funding (customer deposits) to issuing ordinary and preferred shareholders' equity and the use of financing instruments in the financial markets. The funding mechanisms used by the BES Group include interbank lines, certificates of deposit and commercial paper programmes (ECP and USCP) for short-term funding, and the Euro Medium Term Notes programme (for issuing senior and subordinated debt), credit lines, covered bonds and other instruments for medium- and long-term funding.

Despite the climate of instability and increasing difficulty in accessing the international markets that widely affected all Portuguese issuers, BES Group was able to take advantage of the limited windows of opportunity that occurred in the first four months of 2010, by accessing the capital markets with the following debt issues, placed with institutional investors:

- January: EUR 750 million 5-year senior notes, issued under the Euro Medium Term Note programme;
- March: USD 500 million senior notes placed with institutional investors by BES Investimento subsidiary in Brazil;
- April: USD 950 million of exchangeable bonds, exchangeable into the common shares of Banco Bradesco;
- May: EUR 500 million of exchangeable bonds, exchangeable into the common shares of EDP.

Towards the end of the year 2010, the Group placed – with the retail customers – five issues of Perpetual Subordinated Bonds with Conditional Interest, totalling EUR 320 million, thus strengthening the Tier I capital.

The market turmoil and financing difficulties worsened substantially following the ratings downgrade of Greece, Portugal and Spain. On 27 April 2010, Standard and Poor's downgraded the ratings of the Portuguese Republic short-term debt rating from A-1 to A-2 and long-term debt rating from A+ to A-.

The downgrade of Portugal's short-term sovereign rating had a significant impact on the Portuguese financial system, where the short-term financing was substantially reduced and led to the downgrade of Portuguese banks' ratings. On 27 April 2010, BES's ratings were downgraded to the same level as the Portuguese Republic's - long term from A to A- and short term from A-1 to A-2.

Yielding to increasing pressure from the financial markets in May, Greece was forced to ask for financial aid from the EU and the IMF. The announcement of this bail-out and measures to reduce public deficits, was not enough to calm markets, which continued to test new highs in credit spreads, not only for Greece, but also for Spain, Portugal and Ireland.

Markets focused their attention on the peripheral economies' solvency and on the cohesion of the Euro Area itself, including the possibility of other countries having to seek assistance from the EU and the IMF, as Ireland had done in November 2010 and Portugal in April 2011.

High-risk aversion to the peripheral countries led to lower liquidity available in the market for these countries. This situation was further aggravated by successive downgrades of the ratings of the Republic of Portugal and Portuguese banks' by the various rating agencies' throughout the second half of 2010 and into 2011.

As market conditions continued to deteriorate, BES established a deleverage plan at the end of 2010 which included the sale of securities portfolios and credit portfolios, including international credit portfolios.

In this context, access to repo operations with the ECB continued to be instrumental, while the short and medium term markets were inaccessible. As part of its contingency plan, the securities' portfolio, eligible for repoing has been consistently reinforced, including, amongst others, through structured securitisation transactions and covered bond issues. The portfolio of repoable securities was increased by EUR 2.6 billion in September 2011, to EUR 19.5 billion, and EUR 15.6 billion of this portfolio were eligible for use as collateral in liquidity operations with the ECB.

Additionally BES has been making increasing efforts in attracting customer deposits, whose weight in the funding structure rose from 46 per cent. in December 2010 to 53 per cent. in September 2011.

The following table shows all of the BES Group's sources of funds as at 30th September, 2011 and 31st December, 2010, 2009 and 2008:

Funding Sources	<i>2008</i>	<i>2009</i>	<i>2010</i>	<i>Sept 2011</i>
Medium/long-term funds	15,375	19,497	18,864	14,764
Euro medium-term notes & extendible notes	13,442	17,712	16,673	12,423
Medium and long-term deposits with credit institutions	1,933	1,785	2,190	2,341
On-balance sheet customer funds and short-term debt instruments placed with clients	38,189	41,473	38,894	40,699
Capital instruments	7,484	9,578	9,768	8,062
Total	61,046	70,548	67,526	63,525

On-balance sheet customer funds represented by deposits and capital guaranteed securities represented 64 per cent. of the total of the funding sources in September 2011 and 58 per cent. in 2010. Medium- and long-term funds decreased their weight from 28 per cent. in December 2010 to 23 per cent. of the total of the funding sources as at 30th September, 2011, while the BES Group's own funds continued to represent 13 per cent. of the total funding sources in 2010 and at 30th September, 2011.

The Group has established guidelines to monitor its liquidity levels, and in particular the liquidity gap. These include the regular stress testing of scenarios with various degrees of severity, and permanent control of the liquidity ratios. In addition, the Group also defines and monitors warning signals of potential impacts on the Bank's financial situation, namely arising from risk of contagion (due to market tension) or from the repercussions of an economic crisis.

In addition to monitoring the liquidity gap, liquidity risk management is also conducted from a regulatory perspective. Hence, according to the guidelines established by the Bank of Portugal (Instruction 13/2009), the Group prepares a monthly liquidity report, using the following method to determine the liquidity gap up to one year (accumulated mismatch):

- lending and borrowing operations, except for short-term credit and deposits, are distributed by time periods according to the respective residual time to maturity. This assumes a scenario where all such activities are discontinued, in so far as all operations maturing within one year are not renewed; and
- the short-term components of credit and deposits are distributed by time periods according to behavioural models based on historical data.

As at 31st December, 2010, the liquidity gap up to one year, excluding all securities eligible for rediscount maturing within more than one year, was EUR -5,463 million (as at 30 September 2011, the liquidity gap was EUR -5,857 million). Following the same instruction, the liquidity buffer, which corresponds to the amount of securities eligible for rediscount with central banks that mature within more than one year, is also determined. The liquidity buffer as at 31st December, 2010 was EUR 5,502 million (as at 30th September 2011, the liquidity buffer was EUR 6,696 million). Therefore, using the same method described above, which assumes the discontinuity of some of the Group's activities, the liquidity gap minus the liquidity buffer was EUR 39 million (as at 30th September 2011, the liquidity buffer was EUR 839 million).

8. Human Resources

Human Resources are a key strategic factor of development, either as a driver of change and progress or as an active agent of organisational restructuring. The BES Group's human resources strategy relies on the promotion of intellectual capital as a brand differentiation factor.

Over the last few years several measures were taken to ensure the continuous training of the employees and consequently their mobility within the BES Group, as well as the rejuvenation and strengthening of the workforce.

The BES Group's management model for Human Resources is based on decentralised management, based on the definition of strategic principles which are adopted and implemented in each of its subsidiaries according to the respective specificities and geographical location.

On 31st December, 2010, BES Group had 9,858 employees distributed by four continents. Of these, 7,587 (77 per cent.) worked in Portugal and 2,274 (23 per cent.) were based abroad.

Human Resources Geographic Distribution

Country	2009	2010
Portugal	7,388	7,584
Rest of Europe	718	946
<i>Spain</i>	596	596
<i>United Kingdom</i>	57	277
<i>Other</i>	63	73
Africa	427	923
South America	185	202
North America	167	182
Asia	19	21
TOTAL	8,904	9,858

The BES Group continues to make an effort to train and support its staff as it works hard to build the loyalty of its junior, high-potential employees. In this regard, career management is particularly relevant as a decisive strategic tool for motivating and retaining human resources.

On the one hand, the individual appraisal system that is aligned with the goals of the business measures individual performance. On the other hand, the objectives and incentives scheme, which appraises the performance of the various units and employees against the goals set for each department, measures teamwork performance. These factors combined are decisive for the success of the business.

The performance evaluation process also gauges employee satisfaction with their role and, whenever necessary, requalifies the employees that are willing and able to adapt to new roles. In 2010, 83 employees moved to new roles, 834 were promoted on merit and 197 on seniority, which represented in total 12 per cent. of the Group's employees.

The compensation scheme includes variable remuneration that is directly related to performance appraisal and results achieved by employees, although it also depends on the BES Group's overall financial results and the team's results.

10. Recent Developments

In March 2011, following the downgrade of the long-term credit rating of the Republic of Portugal from BBB to BBB-, S&P downgraded the long-term counterparty rating of BES from BBB to BBB-. The long-term rating was removed from credit watch, while the short term rating was affirmed at A3. The outlook remained negative.

In April 2011, BES informed the market that it reached an agreement with Cidade de Deus Companhia Comercial de Participações to sell approximately 78 million ordinary shares representing 4.1 per cent. of the voting capital of Banco Bradesco, S.A. This sale was completed on 9th June, 2011.

In July 2011, the results of the EU-wide stress tests which were carried out on EU financial institutions by the European Banking Authority (EBA) in cooperation with the ECB and the Bank of Portugal were announced. Applying the stress tests' criteria to the BES Group, but not considering any mitigating measures, resulted in a Core Tier I ratio of 6.2 per cent. in 2012 under the simulated adverse scenario. Including mitigating measures that were completed by the 30th April resulted in a Core Tier I ratio of 7.0 per cent. in 2012 under the simulated adverse scenario.

In September 2011, BES signed a credit facility agreement with China Development Bank Corporation amounting to US\$ 300 million with a tenor of 3 years.

In October 2011, Moody's downgraded BES' long-term credit rating from Ba1 to Ba2, with negative outlook. This was the same rating as the Republic of Portugal. Moody's has also downgraded the BES Bank Financial Strength Rating (BFSR) to D- from D+, with negative outlook.

Also in October 2011, following the downgrade of the long-term credit rating of the Republic of Portugal, DBRS downgraded the rating of BES from BBB (high) to BBB, with negative trend, the same level as the

sovereign rating of the Republic of Portugal. The short-term debt and deposits rating was maintained at R-2 (high), with negative trend.

The following are extracts from the press release issued by BES on 27th October, 2011 which relates to the unaudited financial statements of the BES Group dated 30th September, 2011:

On 27th October 2011, the unaudited results of BES and its consolidated subsidiaries for the nine-month period ended 30th September 2011, prepared in accordance with IFRS as adopted by the European Union were announced. The following is a summary of those results:

- The third quarter activity and results were negatively impacted by the Eurozone financial crisis and the implementation of the Financial Assistance Programme for Portugal agreed between the Portuguese government, the EU, the ECB and the IMF. The resulting deterioration of the international and national macroeconomic environment coincided with the establishment of targets requiring the Portuguese banks to reinforce their financial balance, leading to a deleveraging process that impacted banking activity.
- Customer loans were down by 1.4 per cent. year-on-year, with loans to individuals falling by 2.2 per cent. The corporate loans decline of 1.1 per cent. was influenced by the sale of international loans, totalling EUR 1.7 billion as of 30th September 2011, without which they would have increased by 4.4 per cent.
- Customer deposits increased by EUR 3.9 billion, or 13.1 per cent., to EUR 33.8 billion, with a positive impact on the loan to deposit ratio, which dropped to 146 per cent. (December 2010: 165 per cent.).
- At the end of September BES closed a 3-year USD 300 million credit facility agreement with China Development Bank Corporation, a senior unsecured financing which is a milestone on capital markets activity in the past 20 months in Portugal.
- Net operating income increased by 4.1 per cent. for the nine months ended 30th September 2011 compared to the same period in 2010, however net income fell by 66 per cent., to EUR 137.8 million, due to the considerable reinforcement of provisions. The international area's net income was EUR 130.9 million, down 21.2 per cent. year-on-year, while domestic net income of EUR 6.9 million, down 97.1 per cent. year-on-year, translates the prudent reinforcement of provisions, which were increased by 2.1 times year-on-year.
- Total provisions were reinforced by EUR 660.7 million, up 88 per cent. year-on-year, in light of the current and expected deterioration of risk due to the aggravation of the economic situation. The credit provision charge was EUR 453.2 million (September 2010: EUR 258.1 million) including an additional reinforcement of EUR 126 million made in the first half of 2011, leading to an increase in the balance of provisions to EUR 2.1 billion (an increase of 21.8 per cent. year-on-year). The credit provision charge (1.16 per cent., or 0.84 per cent. excluding the additional charge) lifted the credit provisions/gross customer loans ratio to 4.04 per cent. (September 2010: 3.27 per cent.).
- The overdue loans ratio (greater than 90 days) was 2.60 per cent. (June 2011: 2.35 per cent.) with the corresponding provisions coverage standing at 155 per cent. (June 2011: 163 per cent.).
- Operating costs increased by 1.2 per cent. (decelerating compared to the 3 per cent. rise in the first half of 2011), driven by the consolidation of the new international units and the costs of integrating the employees into the Social Security Scheme. Excluding these two factors, operating costs would have declined by 4.8 per cent.
- The total cost to income (48.1 per cent.) remained below 50 per cent. and even slightly declined 0.7 percentage points year-on-year.
- Access to rediscount operations with the ECB continued to be instrumental while the short and medium term markets remain inaccessible. The BES Group's net borrowing position at the ECB increased by EUR 1.0 billion in the third quarter of 2011, mainly driven by the reimbursement of medium and long term debt. The portfolio of repoable securities was increased by EUR 2.6 billion in

the third quarter, to EUR 19.5 billion, of which EUR 15.6 billion were eligible for rediscount with the ECB.

- Core Tier I capital as of 30 September 2011 was 8.1 per cent. and Tier I was 9.0 per cent. BES has under way a set of initiatives aiming to ensure compliance with the capital adequacy requirements established by the Bank of Portugal and the Financial Assistance Programme (Core Tier I of 9 per cent. at the end of 2011 and 10 per cent. at the end of 2012).
- Total capital needs for BES, applying the European Banking Authority's methodology is EUR 687 million, of which EUR 44 million results from the mark-to-market valuation of the sovereign debt exposure. The remaining amount is addressed in medium term plans presented to the Bank of Portugal, as part of the Financial Assistance Programme, which allows a regular assessment of relevant regulatory ratios. This estimate is preliminary and indicative, and may be changed based on data as of 30 September 2011.

The full text of the results of the BES Group for the nine-month period ended 30th September 2011 is available on BES' website.

BES – Extraordinary shareholders' meeting

- On 11th November 2011 an extraordinary shareholders' meeting will take place, which will resolve upon a proposal from the Board of Directors of BES to increase the share capital through new contributions in kind up to EUR 790.7 million, comprising exchange offers on securities issued by BES, BES Investimento and BES Finance Ltd., which should reinforce its Core Tier I capital ratio. In order to continue to reinforce its capital ratios, BES will maintain its deleverage plan and will consider, if necessary, other options in the capital markets.
- The Board of Directors of BES will also propose to increase the maximum amount authorised for the Board to increase BES' share capital from EUR 5 billion to EUR 7.5 billion in order to provide a greater flexibility to deliberate on share capital increases that might be deemed necessary in the future. Such capital increases shall always be subject to the shareholders' pre-emption rights, except where the general meeting will resolve to limit or suppress such pre-emption rights.
- In addition, in order to increase its liquidity position, BES aims to request personal guarantees from the Portuguese state to issue non-subordinated bonds up to the aggregate amount of EUR 3.5 billion with a maturity up to 3 years. Thus, the Board of Directors of BES will propose to the shareholders' meeting to suppress the shareholders' pre-emption rights in the event of a capital increase resulting from the execution of the above mentioned guarantees.

11. Supervision and Regulation

The Bank of Portugal

The Bank of Portugal is a part of the European System of Central Banks ("ESCB"), which was created in connection with the European Economic and Monetary Union ("EMU"). The EMU implements a single monetary policy, the main features of which are a single currency – the Euro – and the creation of a European Central Bank ("ECB") and the ESCB. According to the European Union ("EU") Treaty, the primary objective of the ESCB shall be to maintain price stability through monetary policy.

The Bank of Portugal is directed to provide for the stability of the domestic financial system, performing for this purpose the function of lender of last resort. This goal is achieved through the supervision of credit institutions, financial companies and other entities subject to the supervision of the Bank of Portugal.

According to the *Regime Geral das Instituições de Crédito e Sociedades Financeiras*, the Legal Framework of Credit Institutions and Financial Companies (enacted by Decree Law No. 298/92 of 31st December, 1992, as amended from time to time), the Bank of Portugal authorises the establishment of credit institutions and financial companies based on technical-prudential criteria, monitors the activity of the institutions under its supervision and their compliance with the rules governing their activities, issues recommendations for the

correction of any deviations from such rules, sanctions breaches should they occur, and possesses the ability to take extraordinary measures of reorganisation.

The Bank of Portugal has established rules governing solvency ratios, reserve requirements, control of major risks and provisions for specific and general credit risks. It monitors compliance with these rules through periodic inspections, review of regularly filed financial statements and reports, and continuing assessment of adherence to current legislation.

The Bank of Portugal is also charged with the duty to regulate, oversee and promote the smooth operation of payment systems, namely within the scope of its participation in the ESCB.

Membership in the EU subjects Portugal to compliance with European legislation which may either be in the form of regulations, which are directly enforceable in any member state, or directives addressed to the member states, which may require the enactment of implementing legislation or which, as established by the European Court of Justice in several decisions, may be deemed to be directly enforceable in a member state in the event that they are clear, precise and unconditional. In addition, the European Commission and the Council of Ministers issue non-binding recommendations to member states. The Portuguese authorities have introduced EU directives and recommendations into legislation to adapt Portuguese laws to European regulatory standards.

Capital Adequacy Requirements

Capital and Solvency Ratios

Portuguese credit institutions are subject to solvency ratio requirements. These requirements conform to the EU legal framework establishing common standards for the measurement of capital and a system for weighting assets according to credit risk (as set forth in Directive 2006/49/EC of the European Parliament and of the Council of 14th June, 2006 on the capital adequacy of investment firms and credit institutions), with the requirement that the capital adequacy ratio may not be lower than 8 per cent..

Portuguese banks will be required to comply with tighter capital adequacy ratios from 2011 on. Pursuant to Notice 3/2011 of the Bank of Portugal, the core tier 1 ratio must be at least 9 per cent by 31 December, 2011 and ten per cent by 31 December, 2012.

These changes originate in the package of measures agreed in the context of the Portuguese financial assistance plan and included in the memorandum entered into between the Portuguese government, the European Commission, the European Central Bank and the International Monetary Fund. These requirements may be tightened at the discretion of the Bank of Portugal in order to comply with the goals of the said plan.

As at 30th September, 2011, the BES Group's solvency ratio was 10.6 per cent. under the Basel II IRB Foundation method, with tier 1 ratio and core tier 1 ratio standing at respectively 9.0 per cent. and 8.1 per cent.

Risk-weighted assets comprise a component reflecting credit risk, but also components that reflect operational and market risk. Under the current legal framework, credit institutions may calculate the risk-weighting of their assets, insofar as credit risk is concerned, according to a standards-based approach or based on their own internal risk_management models, in the latter case subject to authorisation by the Bank of Portugal.

Market risk is defined as the risk of losses in on-and off-balance-sheet positions arising from movements in market prices. Market risk also includes the risks pertaining to interest rate-related instruments and equities in the trading book and foreign exchange risk and commodities risk throughout the BES Group.

Operational risk is defined as the risk of loss resulting from inadequate or failed internal processes, people and systems or from external events. This definition includes legal risk, but excludes strategic and reputational risk.

In November 2008, the BES Group submitted a formal application to the Bank of Portugal to apply the Internal Ratings Based Approach (IRB Approach) to calculate regulatory capital requirements for credit risks, and the standardised approach – TSA method to calculate regulatory capital requirements for operational risks. On 30th April, 2009, the Bank was authorised by the Bank of Portugal to use the IRB approach and the standardised approach – TSA method to calculate minimum capital requirements to cover credit risk and operational risk respectively, in effect as of 31st March, 2009. The approval of the IRB Approach implies the utilisation of internal estimates of default probabilities as well as estimates of loss given defaults and conversion factors for the retails segments (IRB Advanced). For the remaining segments the same authorisation allows the utilisation of internal estimates for default probabilities (IRB Foundation).

The conclusion of the approval process placed BES Group in a leadership position in Portugal in terms of risk management and in line with international best practices. BES was the first Portuguese bank certified to use the IRB approach to calculate minimum capital requirements to cover credit risk.

As at 30th September, 2011, BES had total risk-weighted assets of €66.715 million as per the IRB method Basel II methodology. The distribution of the total risk-weighted assets by risk type was the following: credit risk €60.524 million, market risk €2.218 million, operational risk €3.973 million.

Capital may be composed of (i) Tier I instruments, a concept which comprises the realised share capital, share issue premiums, legal reserves and any other reserves constituted by undistributed profits, retained earnings from past fiscal periods and earnings from the ongoing fiscal period and provisions for general banking risks and (ii) Tier II instruments, a concept which comprises subordinated loans, loan loss reserves up to 1.25 per cent. of risk-weighted assets calculated under the standard ratings based approach, revaluation reserves and other types of less permanent forms of capital. Tier II capital is limited to 100 per cent. of Tier I capital.

In the last quarter of 2008, the Bank of Portugal introduced changes to the method of calculation of Tier I capital as part of a number of measures to counter the economic cycle. On 14th October, 2008, the Bank of Portugal determined that unrealised gains or losses that do not result from impairment of debt securities, loans or other accounts receivable held as available-for-sale cannot be taken into account for purposes of calculating regulatory capital. On 28th October, 2008, the Bank of Portugal eliminated the previous 10 per cent. of regulatory capital limit that could be represented by deferred taxes, thereby allowing that deferred taxes be recognised in whole as regulatory capital. On 23rd December, 2008, the Bank of Portugal established that credit institutions may defer the recognition of the impact that any actuarial negative deviations of pension funds (losses) incurred during 2008 (excluding losses from the expected rate of return from the assets in the fund) have on their regulatory capital over four years, where 0 per cent. of that loss will be recognised in 2009, 25 per cent. in 2010, 50 per cent. in 2011, 75 per cent. in 2012 and 100 per cent. from 31st December, 2012 onwards.

Credit institutions that fail to comply with these requirements are subject to various measures that may be imposed by the Bank of Portugal, including possible restrictions on dividends and imposition of fines and other sanctions on not only the institution but also on its directors and executive officers. The BES Group is in compliance with the solvency ratio requirements.

Own Funds and Large Exposures

Credit institutions are required by Portuguese law to maintain an adequate level of own funds, which shall be at least equal to the minimum share capital. The relevant criteria to determine the level of own funds is determined by the Bank of Portugal.

Under Portuguese law, credit institutions may not incur large exposure (exposure to a client or group of connected clients with a value equal to or exceeding 10 per cent. of its own funds) to a client or group of connected clients exceeding 25 per cent. of own funds.

As permitted by the Banking Consolidation Directive, the Bank of Portugal has exempted from this requirement the exposure to certain assets, including assets constituting credits over central governments or

central banks to which a 0 per cent. risk weighting would be applicable under the relevant Bank of Portugal regulation.

These exposure limits are not applicable to the risks assumed by a credit institution towards its subsidiaries, parent undertaking or the subsidiaries of its parent undertaking which are subject to the supervision of the Bank of Portugal on a consolidated basis, and have their registered office in Portugal.

Minimum Reserve Requirements

Credit institutions are required to maintain minimum reserves on deposit with national central banks, calculated as a percentage of certain liabilities. The reserve requirements are set by the ECB and are currently 2 per cent. of deposits and debt securities, excluding deposits with central banks and other institutions subject to reserve requirements. Certain liabilities, notably deposits with agreed maturity over two years, deposits redeemable at notice over two years, repos, and debt securities issued with an original maturity over two years have a reserve requirement of 0 per cent.

Deposits made with the central bank for the purposes of maintaining reserve requirements earn interest at the rediscount rate at which the ECB lends to the other European central banks. The failure of a bank to maintain adequate liquidity may result in (i) a non-interest-bearing deposit with the ECB or the national central banks (of up to three times the amount of the minimum reserves which the relevant institution fails to provide) or (ii) an additional payment of up to double the ECB marginal lending rate or up to five percentage points above the ECB marginal lending rate, applied to the amount of the minimum reserves which the relevant institution fails to provide.

Deposit Guarantee Fund

The Deposit Guarantee Fund was established in December 1994 and has administrative and financial autonomy. Credit institutions with head offices in Portugal that accept deposits must participate in this fund. The financial resources of the Deposit Guarantee Fund are mainly composed of initial contributions from the Bank of Portugal and participating credit institutions and, thereafter, periodic contributions from the participating credit institutions.

The annual contributions are defined according to the monthly average of the deposits balance accepted in the previous year and to the fixed contribution rate, weighted by the average solvency ratio of each institution in the previous year (the lower an institution's ratio, the higher its contribution). The annual contributions rate is determined annually by the Bank of Portugal up to a limit of 0.2 per cent. and was set at 0.03 per cent. for 2011.

The Bank of Portugal may determine that the payment of up to 75 per cent. of the annual contributions may be partly replaced by an irrevocable undertaking, guaranteed by a pledge of securities having a low credit risk and high liquidity. The Bank of Portugal determined that this limit would be 10 per cent. for the 2011 annual contribution. If the resources are insufficient to comply with its commitments, the Deposit Guarantee Fund may ask for additional contributions or resort to loans.

When a credit institution is unable to comply with its commitments, the Deposit Guarantee Fund guarantees the repayment to depositors of up to €100,000 per depositor. Decree Law 211-A/2008 of 3rd November, 2008 increased this limit from €25,000 until 31st December, 2011.

The deposits made on Portuguese territory are guaranteed regardless of the currency in which they are denominated, and whether the depositor is resident or non-resident in Portugal. However, some deposits are excluded from the guarantee scheme, such as those made by credit institutions, financial companies, insurance companies, investment funds, pension funds and central or local administration bodies in their own name and for their own account. Moreover, in order to prevent a conflict of interests, the Deposit Guarantee Fund does not guarantee deposits made by an institution's managing bodies, qualifying shareholders, external auditors and companies under a group or control relationship with the credit institution.

The Deposit Guarantee Fund is not obliged to participate in any procedures regarding the reorganisation and recovery of the participating credit institutions.

Borrowing from the Bank of Portugal

The Bank of Portugal has followed a policy of intervening as a lender of last resort in cases of liquidity shortfalls in the banking system. The basic method of lending employed takes the form of advances and overdrafts against collateral. For this purpose, the Bank of Portugal discloses a list of securities eligible as collateral. The rediscount rate is now set by the ECB.

International Capital Flows

The Portuguese authorities have established a programme of liberalisation of international capital flows in furtherance of the country's integration into the single market of the European Union.

Investment in Non-financial Companies

According to the Legal Framework of Credit Institutions and Financial Companies, credit institutions may not have any direct or indirect qualified holding exceeding 15 per cent. of the companies' own funds. In addition, the total amount of qualified holdings held by a credit institution in such non-financial companies may not exceed 60 per cent. of its own funds.

The Legal Framework of Credit Institutions and Financial Companies also provides that no credit institution may directly or indirectly own more than 25 per cent. of voting rights in any non-financial company for a period longer than three years (five years for shareholdings held indirectly through venture capital and holding companies). These limitations are not applicable, notably, to auxiliary services companies.

Conduct supervision

The Bank of Portugal has supervisory powers relating to the conduct of credit institutions. These powers are supported by fiscal, decision and sanction powers relating to the rules on the conduct of business, client relationships, professional secrecy, conflicts of interest and competition, to which credit institutions are subject. The conduct supervision rules on client relationships consist of information obligations, rules relating to the management of client complaints, a requirement to adopt a code of conduct and rules relating to the publicity of credit institutions.

Granting credit to members of the corporate bodies

In general, credit institutions are not authorised to grant credit, in any way, including by providing guarantees, to the members of their board of directors or audit board, or to companies or other legal entities directly or indirectly controlled by them.

This limitation does not apply to: (i) operations with a social nature or purpose or those deriving from personnel policy; (ii) credit granted as a result of the use of credit cards associated with deposit accounts, in conditions similar to the ones applicable to other clients with a similar profile and risk; (iii) members of the general supervisory board ("*Conselho Geral e de Supervisão*") who are not part of the financial committee, non-executive directors of credit institutions who are not part of the audit committee, or companies or other legal entities controlled by them; or (iv) the credit granting operations of certain entities subject to the supervision on a consolidated basis of the relevant credit institution.

The members of the board of directors or audit board of a credit institution cannot participate in the analysis and decision making process relating to operations where they may have a conflict of interest.

Breach of rules under the Bank of Portugal's supervision

Breaches of rules under the Bank of Portugal supervision constitute misdemeanours and may result in the Bank of Portugal's imposing fines of up to €5,000,000. Ancillary sanctions may also be imposed, such as, amongst others, the apprehension of the proceeds obtained through the offence, the publication of the final sanction, the prohibition of exercising management functions in credit institutions and the suspension of voting rights of the shareholders of credit institutions.

Other Controls

The Bank of Portugal imposes a number of other controls covering various aspects of a bank's business. It administers these controls through reporting requirements and ongoing supervision, including periodic examinations of the operations and asset portfolios of individual banks and consolidated banking groups.

Securities Market Supervision

The regulation and supervision of the securities markets and financial intermediation activities in Portugal are carried out by the central government, acting through the Ministry of Finance and the CMVM.

The Ministry of Finance may establish policies relating to markets in financial instruments, investor protection, financial intermediation activities and generally any matters regulated by the Portuguese Securities Code. The Ministry of Finance also oversees the CMVM and co-ordinates the supervision and regulation relating to financial instruments when powers have been delegated to more than one public entity. When a disturbance in the markets in financial instruments puts the national economy at serious risk, the Ministry of Finance may, by means of a joint Ministerial Order by the Prime Minister and the Minister of Finance, impose necessary measures. These may include the temporary suspension of (i) the regulated markets and certain categories of transactions or activities of their management entities; (ii) multilateral trading facilities; (iii) settlement systems; (iv) clearing houses or central counterparties; and (v) central securities depositories.

The CMVM is the regulatory agency in charge of the supervision and regulation of the securities markets and financial intermediation services. It is an administrative agency overseen by the Ministry of Finance.

In particular, the responsibilities of the CMVM include the supervision of certain conduct of business rules relating to financial intermediation activities and markets in financial instruments and the prudential supervision of certain entities.

For this purpose, the CMVM may issue regulations on matters within the scope of its supervision powers, including conduct of business rules for providers of investment services, the recognition of markets for financial instruments, the establishment of rules for the operation of such markets, as well as rules on public offers and prospectus requirements.

The CMVM may, within the course of its supervision activities, carry out inspections, issue information requests, conduct hearings, require the collaboration of other persons or entities, including police authorities, disclose information, including in substitution of supervised entities, conduct investigations and organise a registration system, carry out enforcement actions and impose administrative sanctions.

BES is subject to the CMVM's supervision both as a financial intermediary and an issuer of securities admitted to trading on a regulated market.

Supervisory Rules Applicable to BES as a Financial Intermediary

BES and some of its Portuguese subsidiaries, the main ones being BESI and ESAF, are authorised as financial intermediaries. They are subject to the supervision of the CMVM in relation to their performance of financial intermediation activities.

The conduct of business rules applicable to financial intermediaries are laid out in the Portuguese Securities Code, CMVM regulations and legislation applicable to specific financial intermediation activities. The Portuguese Securities Code has been subject to several amendments in the past years, most of them triggered by the implementation of European Union directives.

Conduct of Business Rules

For the development of regulated activities, financial intermediaries such as BES must comply with conduct of business rules set out in the Legal Framework of Credit Institutions and Financial Companies and the

Portuguese Securities Code as well as those which may be established by CMVM regulation or special legislation.

As a general principle, financial intermediaries must conduct their activity in a manner which protects the legal interests of their clients and the efficiency of the market. In their dealings with other market parties, financial intermediaries must observe the dictates of good faith, in accordance with high standards of diligence, loyalty and transparency.

The main conduct of business rules applicable to financial intermediaries carrying out financial intermediation activities relate to: (i) “know your client” obligations, including the obligation to conduct tests on the suitability and adequacy of the services or products for each client; (ii) the financial intermediaries’ human, material and technical resources; (iii) complaint procedures; (iv) segregation of clients’ assets; (v) record keeping and reporting; (vi) conflicts of interest policy; and (vii) information-retention obligations.

Supervisory Rules Applicable to BES as an Issuer of Shares Admitted to Trading in a Regulated Market

A company whose shares are admitted to trading on a regulated market must, in addition to all the disclosure rules established in the Portuguese Companies Code, disclose to the CMVM and the public on its own website information regarding its organisation, the main aspects of its activity and how its business is conducted.

The main rules concern: (i) the obligation to disclose to the CMVM and the public on its own website all notices received regarding qualified holdings by third parties in the company’s share capital and the relevant annual, semi-annual and quarterly financial and management information; (ii) specific procedures for postal votes and proxies for the exercise of voting rights in the company’s general shareholders’ meetings; (iii) disclosure of privileged information; and (iv) the obligation of the company’s directors and other senior executives to disclose any transactions undertaken by them in relation to the company’s shares.

CMVM’s Powers

As stated above, the CMVM supervises the activities and participants in the financial markets in Portugal. The CMVM has the power to introduce binding regulations, take appropriate enforcement measures to sanction breaches of these regulations and of the Portuguese Securities Code, and to sanction such breaches.

When exercising its powers, the CMVM has the right, among others, to request non-public information, including information otherwise subject to professional confidentiality obligations, hold hearings, undertake investigations and summon people to co-operate with such investigations, and take the place of supervised entities to provide information to the market.

The CMVM also operates an information disclosure system which can be used by parties subject to disclosure rules as a cost effective and efficient means of complying with information rules.

Breach of Rules under the CMVM’s Supervision

A breach of the rules laid down in the Portuguese Securities Code may constitute a crime or misdemeanour.

Crimes:

Market manipulation and the abuse of privileged information are punishable with prison sentences of up to five years and with ancillary administrative sanctions that include the interdiction from exercising any intermediation activity, interdiction from participating in the management of a publicly-traded company or financial intermediary, the publication of the notice of the crime and the apprehension of any proceeds of the illegal activity.

Misdemeanours:

Different levels of misdemeanour are punishable by different penalties. Very serious misdemeanours, such as the disclosure of untrue or misleading information to the market or undertaking an offer without the disclosure of an approved prospectus, are punishable by a fine of up to €5,000,000. Serious misdemeanours, such as the failure to disclose publicly-traded companies' shareholders agreements or the breach of the obligation to launch a mandatory public offer, are punishable by fines of up to €2,500,000 and less serious misdemeanours are punishable by fines of up to €500,000.

Portuguese Insurance Institute

BES is also subject to the supervision of the Portuguese Insurance Institute insofar as it is a tied insurance mediator.

Evolution of the Regulatory Environment

As part of the EU's internal market programme, the European Commission and the European Council have proposed and adopted a number of regulations, directives and recommendations relating to the provision of banking and financial services. These include existing and proposed legislation concerning capital movements, depositors' guarantees, payment systems, collective investment companies, investment firms, public disclosure of acquisitions and dispositions of holdings in listed companies, prospectuses for the public issuance of securities, shareholders' rights, consumer credit, insider trading, mortgage credit, insurance, publication of annual accounting documents and taxation. Such legislation promotes greater competition in the provision of financial services, including areas in which BES operates, such as securities brokerage, dealing and underwriting, and the provision of investment advice.

BES is unaware of any arrangements, as of the date hereof, the operation of which may at a subsequent date result in a change of control of BES.

With the goal of ensuring BES' independence from its shareholders and reducing the possibility of any eventual abusive exercise of control over BES by its shareholders, BES has adopted relevant measures including, among others, full transparency in its relations with its shareholders and strict compliance with the legal provisions namely concerning transactions with related parties and conflicts of interest.

TAXATION

Taxation in the Cayman Islands

Prospective investors should consult their professional advisers on the possible tax consequences of buying, holding or selling any Note under the laws of their country of citizenship, residence or domicile.

Cayman Islands Taxation

The following is a discussion on certain Cayman Islands tax consequences of an investment in the Notes. The discussion is a general summary of present law, which is subject to prospective and retroactive change. It is not intended as tax advice, does not consider any investor's particular circumstances, and does not consider tax consequences other than those arising under Cayman Islands law.

Under existing Cayman Islands Laws:

- Payments of interest and principal on the Notes will not be subject to taxation in the Cayman Islands and no withholding will be required on the payment of interest and principal to any holder of the Notes, nor will gains derived from the disposal of the Notes be subject to Cayman Islands income or corporation tax;
- The Cayman Islands currently have no income, corporation or capital gains tax and no estate duty, inheritance tax or gift tax;
- No stamp duty is payable in respect of the issue or transfer of the Notes although duty may be payable if Notes are executed in or brought into the Cayman Islands; and
- Certificates evidencing the Notes, in registered form, to which title is not transferable by delivery, should not attract Cayman Islands stamp duty. However, any instrument transferring title to any Note, in registered form, if brought to or executed in the Cayman Islands, would be subject to Cayman Islands stamp duty.

Banco Espírito Santo, S.A. was registered under the Companies Law of the Cayman Islands as a foreign company incorporated in Lisbon, Portugal on 20th October, 1937, which registration was given on 22nd February, 2000. Banco Espírito Santo, S.A. holds a category "B" Banking Licence issued on 15th March, 2000 under The Banks and Trust Companies Law (1995 Revision) of the Cayman Islands. BES Finance has obtained an undertaking from the Governor in Council of the Cayman Islands pursuant to the Tax Concessions Law (1995 Revision) of the Cayman Islands that, for a period of 20 years from 14th January, 1997, no law enacted in the Cayman Islands imposing any tax to be levied on profits, income gains or appreciations shall apply to BES Finance or its operations and no such tax or any tax in the nature of estate duty or inheritance tax shall be payable by BES Finance on or in respect of the shares, debentures, or other obligations of BES Finance or by way of withholding in whole or in part of any payment of dividend or other distribution of income or capital by BES Finance to its members or any payment of interest or principal or other sums due under a debenture or other obligation of BES Finance.

Taxation in Portugal (including Madeira)

The following is a summary of the material Portuguese tax consequences with respect to the Notes. The summary does not purport to be a comprehensive description of all the tax consequences that may be relevant to any particular Noteholder, including tax considerations that arise from rules of general application or that are generally assumed to be known to Noteholders. This discussion is based on Portuguese law as it stands at the date of this Prospectus and is subject to any change in law that may take effect after such date. Prospective investors in the Notes should consult their professional advisers with respect to particular circumstances and the effects of state, local or foreign laws to which they may be subject. Noteholders who are in doubt as to their tax position should consult their professional advisers.

Economic benefits derived from interest, amortisation, reimbursement premiums and other types of remuneration arising from the Notes are designated as investment income for Portuguese tax purposes.

Notes issued by Bank acting through Cayman Islands or London branches are subject to the following specific tax considerations:

Payments to be made by the Bank acting through Cayman Islands or London branches of investment income (including interest) arising from Notes issued by them and payable to an individual or legal person who is a non-resident in Portuguese territory for tax purposes are not subject to Portuguese withholding tax provided those payments correspond to costs or charges concerning the activities of that branch. It should be taken into account that according with the legal provision dealing with this matter the Secretary of State for Fiscal Affairs (currently Secretário de Estado dos Assuntos Fiscais) has issued the governmental order no. 1132/2006-XVII, of 12th September, which has only entered into force in respect of Notes issued after 1st January, 2007, stating that, if the proceeds of the Notes issued by foreign financial branches of Portuguese credit institutions are transferred to the respective headquarters or to another branch of such Portuguese credit institutions, the investment income (including interest) arising from such Notes and payable to Noteholders with no residence, effective management or permanent establishment in Portugal will be considered subject to a Portuguese final withholding tax at a rate of 21.5 per cent. or 30 per cent., as the case may be, in the case of non-resident legal persons or non-resident individuals which may be reduced in accordance with any applicable double taxation treaty signed by Portugal. In order to benefit from such reduction Noteholders shall comply with certain procedures and certification requirements of the Portuguese tax authorities, aimed at verifying the non-resident status and eligibility for the respective tax treaty benefits (currently the form 21 RFI).

Notes issued by the Bank acting through its Madeira Free Trade Zone branch are subject to the following specific tax considerations:

The Madeira Free Trade Zone is a Free Trade Zone, established as part of the taxation system in the Portuguese Republic. Investment income paid by the Bank through its Madeira Free Trade Zone branch benefits from a tax exemption provided that the Bank acting through its Madeira Free Trade Zone is financing its balance sheet liabilities and the Noteholders and Couponholders, as beneficiaries of the income, are individuals or corporate entities resident, or with registered offices, outside, and without permanent establishments located in, the Portuguese Republic (with the exception of the Madeira Free Trade Zone or the Free Trade Zone of the Island of Santa Maria). This exemption is not applicable when the beneficiaries of the income are credit or financial institutions or financial branches located in the Madeira Free Trade Zone or the Free Trade Zone of the Island of Santa Maria, which carry out their activity with residents in the Portuguese Republic's mainland or with permanent establishments of non resident entities therein.

Therefore, under current Portuguese law, investment income on the Notes paid by the Bank acting through its Madeira Free Trade Zone Branch is exempt from taxation and consequently from withholding tax where the beneficiaries of the income are:

- (i) individuals or entities operating within the Madeira Free Trade Zone which are not credit institutions or financial companies or financial branches which carry out operations in the scope of their activities with residents in mainland Portuguese Republic or with permanent establishments of non-resident entities in mainland Portuguese Republic; or
- (ii) individuals not resident for tax purposes in the Portuguese Republic pursuant to section 16 of the Income Tax Code ("*Código do Imposto sobre o Rendimento de Pessoas Singulares*") or incorporated entities with registered offices outside the Portuguese Republic and without permanent establishments located in the Portuguese Republic, or other incorporated entities whose registered office or effective management is not located in the Portuguese Republic.

It should be noted that permanent establishments in the Portuguese Republic of incorporated entities with registered offices outside the Portuguese Republic and companies and other incorporated entities with a registered office or effective management located in the Portuguese Republic, are considered residents in the

Portuguese Republic and therefore do not benefit from tax exemption contained in section 33.6 of the Tax Benefits Statute (approved by Decree-Law 215/89, of 1989, as amended).

Under domestic law, a permanent establishment is defined as a fixed installation through which an activity (other than an activity of a preparatory or auxiliary character) of a commercial, industrial or agricultural nature is carried on. A permanent establishment is also deemed to exist when a person other than an independent agent acts within the territory of Portugal on behalf of a foreign enterprise and has, and habitually exercises, the authority to negotiate and conclude contracts related to the activities of the enterprise. In this situation a permanent establishment is not deemed to exist if a company operates in Portugal through a commission agent, or any other type of independent agent, provided that such persons are acting in the ordinary course of their business and bear the risk of the activity.

The aforementioned tax exemption, and the consequent withholding tax exemption, will apply to the specified category of Noteholders and/or Couponholders, as the case may be, so long as they are able to provide to the Issuer (i) the Residency Information (as defined below); and (ii) a statement of non-Portuguese beneficial ownership substantially as set out in Annex 1 to this “Taxation” section (the “Statement of non-Portuguese Beneficial Ownership”) prior to the Income Payment Date.

“Residency Information” means appropriate evidence that the relevant Noteholder and/or Couponholder, as the case may be, is not resident in the Portuguese Republic and does not have any registered or deemed permanent establishment in the Portuguese Republic in accordance with the following provisions as set forth in article 33.14 of the Tax Benefit Statute (Estatuto dos Benefícios Fiscais), as amended from time to time, applicable to the residency certification of payees of interest that are exempt from Portuguese withholding taxation:

- (i) if a Noteholder or Couponholder, as the case may be, is a central bank, public institution, international body, credit institution, financial company, securities or real estate investment fund, pension fund or insurance company with its head office in any OECD country or in a country with which the Portuguese Republic has entered into a double taxation treaty and is subject to a special supervision regime or administrative registration, certification shall be made by means of the following: (A) its tax identification; or (B) a certificate issued by the entity responsible for such supervision or registration confirming the legal existence of the Noteholder and Couponholder and their head office; or (C) a declaration of tax residence issued by the Noteholder and/or Couponholder itself, duly signed and authenticated, if a central bank, public law entity taking part of the public administration (either central, regional or peripheral, indirect or autonomous of the country of the relevant Noteholder and/or Couponholder) or an international body; or (D) proof of non-residence, pursuant to the terms of paragraph (iii) below, so long as the Noteholder and/or Couponholder provides a form of confirmation referred to in said paragraph (iii);
- (ii) if a Noteholder and/or Couponholder, as the case may be, is a working emigrant it must prove its status by way of the documents approved by decision (*despacho*) of the Minister of Finance regulating the emigrant savings system;
- (iii) in any other case, information provided in accordance with the following rules: confirmation must be made by the relevant Noteholder and/or Couponholder, as the case may be, by way of (A) a certificate of residence or equivalent document issued by the relevant tax authorities, (B) a document issued by the relevant Portuguese Consulate certifying residence abroad, or (C) a document specifically issued by an official entity taking part in the public administration (either central, regional or peripheral, indirect or autonomous) of the relevant country. For these purposes, an identification document such as a passport or an identification card (*bilhete de identidade*) or document by means of which it is indirectly possible to presume the relevant tax residence (such as a work or permanent residency permit) are not acceptable.

There are specific rules relating to the originality and validity of the document, notably that the Noteholder and/or Couponholder must provide an original or a certified copy of the residency certificate or document and, as a rule, (i) if such document does not refer to a specific residency year and has not expired, it must have been issued within the three year period prior to the relevant payment date or the relevant Maturity

Date; or (ii) such document must have been issued in the year of the relevant payment date or the relevant Maturity Date and refer to the residency status in that year or in the previous one.

“Tax Identification” means a document provided by the relevant tax authority which evidences the status of the Noteholder and/or Couponholder, as the case may be, as a tax payer in the applicable jurisdiction, which may be a copy of a pre-existing tax identification or other document with similar effect.

Notes issued by the Bank acting through its head office in Lisbon are subject to the following specific tax considerations:

General tax regime applicable to debt securities

Investment income on the Notes paid to a holder of Notes (who is the effective beneficiary thereof (the “Beneficiary”)) considered to be resident for tax purposes in the Portuguese territory or to a non-Portuguese resident having a permanent establishment in the Portuguese territory to which income is imputable, is subject as a rule to withholding tax at a rate of 21.5 per cent., except where the Beneficiary is either a Portuguese resident financial institution (or a non-resident financial institution having a permanent establishment in the Portuguese territory to which income is imputable) or benefits from a reduction or a withholding tax exemption as specified by current Portuguese tax law. In relation to Beneficiaries that are corporate entities resident in the Portuguese territory (or non-residents having a permanent establishment therein to which income is imputable), withholding tax is treated as a payment in advance and, therefore, such Beneficiaries are entitled to claim appropriate credit against their final corporate income tax liability. In relation to Beneficiaries that are individuals resident in the Portuguese territory, withholding tax rate of 21.5 per cent. shall be considered as final, unless the individual elects to include it in his taxable income, subject to tax at progressive rates of up to 46.50 per cent. In this case, the tax withheld is deemed to be a payment on account of the final tax due. In case of aggregation of such income by the Noteholder and only with respect to the year 2011 an extraordinary income tax rate of 3.5 per cent. will also be applicable on the part of income that exceeds the annual minimum salary (€ 6,790) per taxpayer. In case the Noteholder does not opt to aggregate the investment income the extraordinary tax rate will not be applicable.

Investment income on the Notes paid to Beneficiaries considered as non-residents in the Portuguese territory (and having no permanent establishment therein to which income is imputable) is also subject as a rule to withholding tax at a flat rate of 21.5 per cent. in the case of non-resident legal persons or non-resident individuals. This withholding tax rate may be reduced in accordance with any applicable double taxation treaty signed by Portugal, subject to compliance with certain procedures and certification requirements of the Portuguese tax authorities, aimed at verifying the non-resident status and eligibility for the respective tax treaty benefits.

Investment income paid to accounts opened in the name of one or several accounts holders acting on behalf of third entities not disclosed is subject to withholding tax, at a flat rate of 30 per cent., except when the holders of such income are disclosed, in which case the general rules will apply.

Special debt securities tax regime

Pursuant to Decree-Law 193/2005, of 7th November, 2005 (“Decree-Law 193/2005”), as amended from time to time, investment income paid to Beneficiaries non-resident in Portugal for tax purposes in respect of debt securities registered with a centralised securities system recognised in accordance to the Portuguese Securities Code (currently Interbolsa), as well as capital gains derived from a sale or other disposition of such Notes, will be exempt from Portuguese taxation. For the withholding tax exemption to apply, the Decree-Law requires that the Beneficiary: (i) is neither resident in Portuguese territory (nor has any registered or deemed permanent establishment therein to which interest is imputable); (ii) is not resident in the countries and territories included in the Portuguese “blacklist” (countries and territories listed in “Portaria” 150/2004, of 13th February, 2004), with the exception of central banks and governmental agencies of those blacklisted jurisdictions and (iii) has no more than 20 per cent. of its share capital held, directly or indirectly, by Portuguese residents.

For purposes of application at source of this tax exemption regime, Decree-Law 193/2005 requires completion of certain procedures and certifications. Under these procedures (which are aimed at verifying the non-resident status of the Noteholder), the Noteholder is required to hold the Notes through an account with one of the following entities: (i) a direct register entity, which is an entity affiliated with the clearing system recognised by the Portuguese Securities' Code; (ii) an indirect register entity, which, although not assuming the role of the "direct register entities", is a client of the latter; or (iii) entities managing an international clearing system, which are entities operating with the international market to clear and settle securities' transactions. For the purposes of the exemption granted under Decree-Law 193/2005, the Portuguese Government has recognised each of Euroclear and Clearstream, Luxembourg as entities managing an international clearing system.

The following is a general description of the rules and procedures for the proof required for the exemption to apply at source, as they stand as at the date of this Prospectus.

1. Domestic Cleared Notes – held through a direct register entity

Direct register entities are required, for the purposes of Decree-Law 193/2005, to register the Noteholders in one of two accounts: (i) an exempt account or (ii) a non-exempt account.

Registration of the Notes in the exempt account is crucial for the exemption to apply. For this purpose, the registration of the non-resident Noteholders in an exempt account, allowing application of the exemption upfront, requires evidence of the non-resident status, to be provided by the Noteholder to the direct register entity before or at the Income Payment Date (as defined below), as follows:

- (i) if the Noteholder is a central bank, public institution, international body, credit or financial institution, a pension fund or an insurance company, with its head office in any OECD country or in a country with which the Portuguese Republic has entered into a double tax treaty, the Noteholder will be required to prove its non-resident status by providing: (a) its tax identification; or (b) a certificate issued by the entity responsible for its supervision or registration, confirming the legal existence of the Noteholder and its head office; or (c) a declaration of tax residence issued by the Noteholder itself, duly signed and authenticated, if the Noteholder is a central bank, a public law entity taking part in the public administration (either central, regional or peripheral, indirect or autonomous of the relevant country), or an international body; or (d) proof of non-residence pursuant to the terms of paragraph (iii) below. When the Notes are held by central banks or governmental agencies, the respective proof of non-residence in Portuguese territory is provided only once, without need for periodical renewal;
- (ii) if the Noteholder is an investment fund or other collective investment scheme domiciled in any OECD country or in a country with which the Portuguese Republic has entered into a double tax treaty, it shall make proof of its non-resident status by providing any of the following documents: (a) a declaration issued by the entity responsible for its supervision or registration or by the relevant tax authority, confirming its legal existence, domicile and law of incorporation; or (b) proof of non-residence pursuant to the terms of paragraph (iii) below;
- (iii) other investors will be required to make proof of their non-resident status by way of: (a) a certificate of residence or equivalent document issued by the relevant tax authorities; (b) a document issued by the relevant Portuguese Consulate certifying residence abroad; or (c) a document specifically issued by an official entity which forms part of the public administration (either central, regional or peripheral, indirect or autonomous) of the relevant country. The Noteholder must provide an original or a certified copy of such documents and, as a rule, if such documents do not refer to a specific year and do not expire, they must have been issued within the three years prior to the relevant payment or maturity dates or, if issued after the relevant payment or maturity dates, within the following three months. The Beneficiary must inform the direct registering entity immediately of any change in the requirement conditions that may eliminate the tax exemption.

"Income Payment Date" means any date on which the Noteholders are entitled to receive interest or other investment income, either in the form of accrued interest or coupon.

2. Internationally Cleared Notes – held through an entity managing an international clearing system

If the Notes are registered in an account with an international clearing system (either with Euroclear or Clearstream, Luxembourg) and the management entity of such international clearing system undertakes not to provide registration services in respect of the Notes to (i) Portuguese tax residents that do not benefit from either an exemption or waiver of Portuguese withholding tax, and (ii) to non-resident entities for tax purposes which do not benefit from the above Portuguese income tax exemption, the proof required to benefit from the exemption will be made before or at the Income Payment Date as follows:

- (i) through the presentation of a certificate, on a yearly basis, with the name of each beneficial owner, address, tax payer number (if applicable), the identity of the securities, the quantity held and also the reference to the legislation supporting the exemption or the waiver of Portuguese withholding tax. The form of the notice is set out in Annex 2 to this “Taxation” section (which corresponds to the wording and contents of the form of certificate for exemption from Portuguese withholding tax on income from debt securities, as contained in Order (Despacho) n° 4980/2006, published in the Portuguese official diary, second series, n° 45, of 3rd March 2006, issued by the Portuguese Minister of Finance and Public Administration (currently, *Ministro das Finanças e da Administração Pública*)); or
- (ii) alternatively, through a yearly declaration that states that the beneficial owners are exempt or not subject to withholding tax. This declaration is complemented with a disclosure list, on each coupon payment date, of each beneficial owner’s identification, with the name of each beneficial owner, address, tax payer number (if applicable), the identity of the securities, the quantity held and also the reference to the legislation supporting the exemption or the waiver of Portuguese withholding tax. The form of the declaration is set out in Annex 3 to this “Taxation” section (which corresponds to the wording and contents of the form of statement for exemption from Portuguese withholding tax on income from debt securities, as contained in Regulatory Notice (Aviso) n° 3714/2006, published in the Portuguese official diary, second series, n° 59, of 23rd March, 2006, issued by the Portuguese Secretary of State for Fiscal Affairs (currently, *Secretário de Estado dos Assuntos Fiscais*).

The two documents referred to in (i) or (ii) above, which are reproduced in Annexes 2 and 3, shall be provided by the participants (i.e. the entities that operate in the international clearing system) to the direct registering entities, through the international clearing system managing entity, and must take into account the total accounts under their management relating to each Noteholder that is tax exempt or benefits from the waiver of Portuguese withholding tax.

The delivery of the documents referred to in (i) or (ii) above, which are reproduced in Annexes 2 and 3, by the participants to the respective international clearing system managing entities shall follow the procedures that are from time to time applicable for this purpose by said international clearing system managing entities.

The international clearing system managing entities shall inform the direct registering entity of the income paid to each participant for each security payment.

No Portuguese withholding tax exemption shall be granted under Decree-Law 193/2005 if the requirements set forth therein are not complied with and, consequently, the general Portuguese tax provisions shall apply as described above. This will be the case whenever the Notes are not integrated in/ cleared through Interbolsa or in any other centralised depositary system for securities recognized under the Portuguese Securities Code and complementary legislation.

If the conditions for the exemption to apply are met but, due to inaccurate or insufficient information, tax was withheld, a special refund procedure is available under the special regime approved by Decree-Law 193/2005. The refund claim is to be submitted to the direct or indirect register entity of the Notes within 90 days from the date the withholding took place. A special tax form for these purposes was approved by Order (“*Despacho*”) n. 4980/2006 (2nd series), published in the Portuguese official gazette, second series, n. 45, of 3rd March, 2006 issued by the Portuguese Minister of Finance and Public Administration and is available at www.portaldasfinancas.gov.pt.

The refund of withholding tax in other circumstances or after the above 90 day period is to be claimed from the Portuguese tax authorities under the general procedures and within the general deadlines.

Taxation in the United Kingdom

The following applies only to persons who are the beneficial owners of Notes and is a summary of the Issuer's understanding of current law and practice in the United Kingdom relating to the United Kingdom withholding tax treatment of payments of principal and interest in respect of Notes. It does not deal with any other United Kingdom taxation implications of acquiring, holding or disposing of Notes. The United Kingdom tax treatment of prospective Noteholders depends on their individual circumstances and may be subject to change in the future. Some aspects do not apply to certain classes of person (such as dealers) to whom special rules may apply. Prospective Noteholders who are in any doubt as to their tax position or who may be subject to tax in a jurisdiction other than the United Kingdom should seek their own professional advice.

Payment of interest on the Notes issued by the Bank, acting through its London branch

Provided that it continues to be a bank within the meaning of section 991 of the Income Tax Act 2007 (the "Act"), and provided that the interest on the Notes issued by the Bank, acting through its London branch, is paid in the ordinary course of its business within the meaning of section 878 of the Act and in accordance with the published practice of HM Revenue and Customs ("HMRC"), the Bank, acting through its London branch, will be entitled to make payments of interest without withholding or deduction for or on account of United Kingdom income tax. Payments of interest on Notes which conform to any of the definitions of Tier I, II or III capital adopted by the Bank of England will not be regarded as paid in the ordinary course of business for this purpose.

Payments of interest on the Notes issued by the Bank, acting through its London branch, may be made without deduction of or withholding on account of United Kingdom income tax provided that the Notes issued by the Bank, acting through its London branch, are and continue to be listed on a "recognised stock exchange" within the meaning of section 1005 of the Act. The Luxembourg Stock Exchange is a recognised stock exchange. The Notes will satisfy this requirement if they are listed by the competent authority in Luxembourg and are admitted to trading by the Luxembourg Stock Exchange. Provided, therefore, that the Notes issued by the Bank, acting through its London branch, are and remain so listed, interest on the Notes will be payable without withholding or deduction on account of United Kingdom income tax whether or not the Bank, acting through its London branch, carries on a banking business in the United Kingdom and whether or not the interest is paid in the ordinary course of its business.

In addition, interest on the Notes issued by the Bank, acting through its London branch, may be paid without withholding or deduction on account of United Kingdom income tax where interest on these Notes is paid by a company, and, at the time the payment is made, the Bank reasonably believes (and any person by or through whom interest on the Notes is paid reasonably believes) that the beneficial owner is within the charge to United Kingdom corporation tax as regards the payment of interest; provided that HMRC has not given a direction (in circumstances where it has reasonable grounds to believe that the above exemption is not available in respect of such payment of interest at the time the payment is made) that the interest should be paid under deduction of tax.

Interest on the Notes issued by the Bank, acting through its London branch, may also be paid without withholding or deduction on account of United Kingdom income tax where the maturity of the Notes is less than 365 days and those Notes do not form part of a scheme or arrangement of borrowing intended to be capable of remaining outstanding for more than 364 days.

In other cases, an amount must generally be withheld from payments of interest on the Notes issued by the Bank, acting through its London branch, on account of United Kingdom income tax at the basic rate (currently 20 per cent.). However, where an applicable double tax treaty provides for a lower rate of withholding tax (or for no tax to be withheld) in relation to a Noteholder, the Noteholder may apply to HMRC for the issue of a notice to the Bank, acting through its London branch, to pay interest to the

Noteholder without deduction of tax (or for interest to be paid with tax deducted at the rate provided for in the relevant double tax treaty).

Payment of interest on the Notes issued by BES Finance or by the Bank (otherwise than through its London branch)

Provided that payments of interest on these Notes have a source outside the United Kingdom, they may be made without deduction of or withholding on account of United Kingdom income tax.

HMRC's power to obtain information

Noteholders may wish to note that, in certain circumstances, HMRC has power to obtain information (including the name and address of the beneficial owner of the interest) from any person in the United Kingdom who either pays or credits interest to or receives interest for the benefit of a Noteholder. HMRC also has power, in certain circumstances, to obtain information from any person in the United Kingdom who pays amounts payable on the redemption of Notes which are deeply discounted securities for the purposes of the Income Tax (Trading and Other Income) Act 2005 to or receives such amounts for the benefit of another person, although HMRC published practice indicates that HMRC will not exercise the power referred to above to require this information in respect of amounts payable on the redemption of deeply discounted securities where such amounts are paid on or before 5th April, 2012. Such information may include the name and address of the beneficial owner of the amount payable on redemption. Any information obtained may, in certain circumstances, be exchanged by HMRC with the tax authorities of the jurisdiction in which the Noteholder is resident for tax purposes.

Payment by the Bank, acting through its London branch, under the Guarantee

Under current United Kingdom law, the Issuers understand that it is not clear whether payments made by the Bank, acting through its London branch, under the Guarantee to a Noteholder will be subject to any deduction of or withholding on account of United Kingdom income tax. In any event, if there were to be any deduction of or withholding on account of United Kingdom income tax, the Bank, acting through its London branch, would be obliged under Condition 8 of the "Terms and Conditions of the Notes (other than Undated Deeply Subordinated Notes)" to gross up for any deduction of or withholding on account of United Kingdom income tax (subject to the exceptions contained in that Condition).

EU Savings Directive

Under EC Council Directive 2003/48/EC on the taxation of savings income, Member States are required to provide to the tax authorities of another Member State details of payments of interest or similar income (similar income for this purpose includes, but is not limited to, payments on redemption of the Notes representing any discount on the issue of the Notes or any premium payable on redemption) paid by a person within its jurisdiction to an individual resident in that other Member State or to certain limited types of entities established in that other Member State. However, for a transitional period, Luxembourg and Austria are instead required (unless during that period they elect otherwise) to operate a withholding system in relation to such payments (the ending of such transitional period being dependent upon the conclusion of certain other agreements relating to information exchange with certain other countries). A number of non-EU countries and territories including Switzerland have adopted similar measures (a withholding system in the case of Switzerland).

The European Commission has proposed certain amendments to the Directive, which may, if implemented, amend or broaden the scope of the requirements described above.

Luxembourg Taxation

The following summary is of a general nature and is included herein solely for information purposes. It is based on the laws presently in force in Luxembourg, though it is not intended to be, nor should it be construed to be, legal or tax advice. Prospective investors in the Notes should therefore consult their own

professional advisers as to the effects of state, local or foreign laws, including Luxembourg tax law, to which they may be subject.

Withholding Tax

(i) *Non-resident holders of Notes*

Under Luxembourg general tax laws currently in force and subject to the laws of 21st June, 2005 (the “Laws”) mentioned below, there is no withholding tax on payments of principal, premium or interest made to non-resident holders of Notes, nor on accrued but unpaid interest in respect of the Notes, nor is any Luxembourg withholding tax payable upon redemption or repurchase of the Notes held by non-resident holders of Notes.

Under the Laws implementing the EC Council Directive 2003/48/EC of 3rd June, 2003 on taxation of savings income in the form of interest payments and ratifying the treaties entered into by Luxembourg and certain dependent and associated territories of EU Member States (the “Territories”), payments of interest or similar income made or ascribed by a paying agent established in Luxembourg to or for the immediate benefit of an individual beneficial owner or a residual entity, as defined by the Laws, which is a resident of, or established in, an EU Member State (other than Luxembourg) or one of the Territories will be subject to a withholding tax unless the relevant recipient has adequately instructed the relevant paying agent to provide details of the relevant payments of interest or similar income to the fiscal authorities of his/her/its country of residence or establishment, or, in the case of an individual beneficial owner, has provided a tax certificate issued by the fiscal authorities of his/her country of residence in the required format to the relevant paying agent. Where withholding tax is applied, it is currently levied at a rate of 35 per cent. (as from 1st July, 2011). Responsibility for the withholding of the tax will be assumed by the Luxembourg paying agent. Payments of interest under the Notes coming within the scope of the Laws would at present be subject to withholding tax of 35 per cent.

(ii) *Resident holders of Notes*

Under Luxembourg general tax laws currently in force and subject to the law of 23rd December, 2005, as amended (the “Law”) mentioned below, there is no withholding tax on payments of principal, premium or interest made to Luxembourg resident holders of Notes, nor on accrued but unpaid interest in respect of Notes, nor is any Luxembourg withholding tax payable upon redemption or repurchase of Notes held by Luxembourg resident holders of Notes.

Under the Law payments of interest or similar income made or ascribed by a paying agent established in Luxembourg to or for the benefit of an individual beneficial owner who is a resident of Luxembourg will be subject to a withholding tax of 10 per cent. Such withholding tax will be in full discharge of income tax if the beneficial owner is an individual acting in the course of the management of his/her private wealth. Responsibility for the withholding of the tax will be assumed by the Luxembourg paying agent. Payments of interest under the Notes coming within the scope of the Law would be subject to withholding tax of 10 per cent.

Any such agreement will extend to those matters stated under “Form of the Notes” and “Terms and Conditions of the Notes” above. In the Programme Agreement, the Issuers have agreed to reimburse the Dealers for certain of their expenses in connection with the establishment and any future update of the Programme and the issue of Notes under the Programme.

United States

The Notes have not been and will not be registered under the Securities Act and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons except in certain transactions exempt from the registration requirements of the Securities Act. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act.

The Notes are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a United States person, except in certain transactions permitted by U.S. tax regulations. Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code of 1986 and regulations thereunder.

Each Dealer has represented and agreed and each further Dealer appointed under the Programme will be required to represent and agree that it will not offer, sell or deliver Notes (i) as part of their distribution at any time and (ii) otherwise until 40 days after the completion of the distribution, as determined and certified by the relevant Dealer, or in the case of an issue of Notes on a syndicated basis, the relevant lead manager, of all Notes of the Tranche of which such Notes are a part, within the United States or to, or for the account or benefit of, U.S. persons. Each Dealer has further agreed, and each further Dealer appointed under the Programme will be required to agree, that it will send to each dealer to which it sells Notes during the distribution compliance period a confirmation or other notice setting forth the restrictions on offers and sales of the Notes within the United States or to, or for the account or benefit of, U.S. persons. Terms used in the preceding paragraph and in this paragraph have the meanings given to them by Regulation S under the Securities Act.

Until 40 days after the commencement of the offering of any Series of Notes, an offer or sale of such Notes within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act if the offer or sale is made otherwise than in accordance with an available exemption from registration under the Securities Act.

Each issuance of Index Linked Notes and Dual Currency Notes shall be subject to such additional U.S. selling restrictions as the Issuer and the relevant Dealer or Dealers shall agree as a term of the issuance and purchase of such Notes, which additional selling restrictions shall be set out in the applicable Final Terms.

Public Offer Selling Restriction under the Prospectus Directive

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a “Relevant Member State”), each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the “Relevant Implementation Date”) it has not made and will not make an offer of Notes which are the subject of the offering contemplated by this Prospectus as completed by the final terms in relation thereto to the public in that Relevant Member State, except that it may, with effect from and including the Relevant Implementation Date, make an offer of such Notes to the public in that Relevant Member State:

- (a) if the final terms in relation to the Notes specify that an offer of those Notes may be made other than pursuant to Article 3(2) of the Prospectus Directive in that Relevant Member State (a “Non-exempt Offer”), following the date of publication of a prospectus in relation to such Notes which has been approved by the competent authority in that Relevant Member State or, where appropriate, approved

in another Relevant Member State and notified to the competent authority in that Relevant Member State, provided that any such prospectus has subsequently been completed by the final terms contemplating such Non-exempt Offer, in accordance with the Prospectus Directive, in the period beginning and ending on the dates specified in such prospectus or final terms, as applicable and the Issuer has consented in writing to its use for the purpose of that Non-exempt Offer;

- (b) at any time to any legal entity which is a qualified investor as defined in the Prospectus Directive;
- (c) at any time to fewer than 100 or, if the Relevant Member State has implemented the relevant provision of the 2010 PD Amending Directive, 150, natural or legal persons (other than qualified investors as defined in the Prospectus Directive) subject to obtaining the prior consent of the relevant Dealer or Dealers nominated by the Issuer for any such offer;
- (d) or at any time in any other circumstances falling within Article 3(2) of the Prospectus Directive,

provided that no such offer of Notes referred to in (b) to (d) above shall require the relevant Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive, or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.
