

BASE PROSPECTUS

TDC A/S

(incorporated as a public limited company in Denmark)

€4,000,000,000

Euro Medium Term Note Programme

This Base Prospectus, which comprises a base prospectus for the purposes of Article 5.4 of the Prospectus Directive (as defined herein), has been approved by the Luxembourg *Commission de Surveillance du Secteur Financier* (the "CSSF"), which is the Luxembourg competent authority for the purpose of the Prospectus Directive and relevant implementing measures in Luxembourg, as a base prospectus issued in compliance with the Prospectus Directive and relevant implementing measures in Luxembourg for the purpose of giving information with regard to the issue of notes ("Notes") issued under the Euro Medium Term Note Programme (the "Programme") described in this Base Prospectus during the period of twelve months after the date hereof. The CSSF assumes no responsibility with regards to the economic and financial soundness of any transaction under the Programme or the quality and solvency of the Issuer in accordance with the provisions of article 7(7) of the Luxembourg Act dated 10 July 2005 relating to prospectuses for securities (*loi relative aux prospectus pour valeurs mobilières*). Applications have been made for such Notes to be admitted during the period of twelve months after the date hereof to listing on the official list and to trading on the regulated market of the Luxembourg Stock Exchange. The Programme also permits Notes to be issued on the basis that they will not be admitted to listing, trading and/or quotation by any competent authority, stock exchange and/or quotation system or to be admitted to listing, trading and/or quotation by such other or further competent authorities, stock exchanges and/or quotation systems as may be agreed with TDC A/S (the "Issuer" or "TDC").

Tranches of Notes (as defined herein) may be rated or unrated. Where a Tranche of Notes is rated, such rating will not necessarily be the same as the ratings described below or the rating(s) assigned to Notes already issued. Where a Tranche of Notes is rated, the applicable rating(s) will be specified in the relevant Final Terms (as defined herein). Whether or not each credit rating applied for in relation to a relevant Tranche of Notes will be (1) issued by a credit rating agency established in the EEA and registered (or which has applied for registration and not been refused) under Regulation (EU) No 1060/2009, as amended (the "CRA Regulation") or (2) issued by a credit rating agency which is not established in the EEA but will be endorsed by a credit rating agency which is established in the EEA and registered under the CRA Regulation or (3) issued by a credit rating agency which is not established in the EEA but which is certified under the CRA Regulation will be disclosed in the Final Terms. In general, European regulated investors are restricted from using a rating for regulatory purposes if such rating is not issued by a credit rating agency established in the EEA and registered under the CRA Regulation unless (1) the rating is provided by a credit rating agency operating in the EEA before 7 June 2010 which has submitted an application for registration in accordance with the CRA Regulation and such registration has not been refused, or (2) the rating is provided by a credit rating agency not established in the EEA but is endorsed by a credit rating agency established in the EEA and registered under the CRA Regulation or (3) the rating is provided by a credit rating agency not established in the EEA which is certified under the CRA Regulation. A rating is not a recommendation to buy, sell or hold Notes and may be subject to suspension, change or withdrawal at any time by the assigning rating agency.

The Notes may be issued on a continuing basis to one or more of the Dealers specified under "Overview", and any additional Dealer appointed under the Programme from time to time by the Issuer (each a "Dealer" and together the "Dealers"), which appointment may be for a specific issue or on an ongoing basis. References in this Base Prospectus to the "Relevant Dealer" shall, in the case of an issue of Notes being (or intended to be) subscribed by more than one Dealer, be to all Dealers agreeing to subscribe to such Notes.

Investing in Notes issued under the Programme involves certain risks. The principal risk factors that may affect the ability of the Issuer to fulfil its obligations under the Notes are discussed in the "Risk Factors" section below.

Each Tranche (as defined herein) of Notes will be issued on the terms set out herein under "*Terms and Conditions of the Notes*" (the "**Conditions**") as such Conditions are modified and/or supplemented by a document specific to such Tranche called final terms (the "**Final Terms**") or in a separate prospectus specific to such Tranche (the "**Drawdown Prospectus**") as described under "*Final Terms and Drawdown Prospectuses*" below. In the case of a Tranche of Notes which is the subject of a Drawdown Prospectus, each reference in this Base Prospectus to information being specified or identified in the relevant Final Terms shall be read and construed as a reference to such information being specified or identified in the relevant Drawdown Prospectus unless the context requires otherwise. This Base Prospectus must be read and construed together with any supplements hereto and with any information incorporated by reference herein and, in relation to any Tranche of Notes which is the subject of Final Terms, must be read and construed together with the relevant Final Terms.

The Issuer has confirmed to the Dealers that this Base Prospectus contains all information which is (in the context of the Programme, the issue, offering and sale of the Notes) material; that such information is true and accurate in all material respects and is not misleading in any material respect; that any opinions, predictions or intentions expressed herein are honestly held or made and are not misleading in any material respect; that this Base Prospectus does not omit to state any material fact necessary to make such information, opinions, predictions or intentions (in the context of the Programme, the issue, offering and sale of the Notes) not misleading in any material respect; and that all proper enquiries have been made to verify the foregoing.

No person has been authorised to give any information or to make any representation not contained in or not consistent with this Base Prospectus or any other document entered into in relation to the Programme or any information supplied by the Issuer or such other information as is in the public domain and, if given or made, such information or representation should not be relied upon as having been authorised by the Issuer or any Dealer.

Neither the Dealers nor any of their respective affiliates have authorised the whole or any part of this Base Prospectus and none of them makes any representation or warranty or accepts any responsibility as to the accuracy or completeness of the information contained in this Base Prospectus or any other information provided by the Issuer in connection with the Programme. Neither the delivery of this Base Prospectus or any Final Terms nor the offering, sale or delivery of any Note shall, in any circumstances, create any implication that the information contained in this Base Prospectus is true subsequent to the date hereof or the date upon which this Base Prospectus has been most recently amended or supplemented or that there has been no adverse change, or any event reasonably likely to involve any adverse change, in the prospects or financial or trading position of the Issuer since the date thereof or, if later, the date upon which this Base Prospectus has been most recently amended or supplemented or that any other information supplied in connection with the Programme is correct at any time subsequent to the date on which it is supplied or, if different, the date indicated in the document containing the same.

The distribution of this Base Prospectus and any Final Terms and the offering, sale and delivery of the Notes in certain jurisdictions may be restricted by law. Persons into whose possession this Base Prospectus or any Final Terms comes are required by the Issuer and the Dealers to inform themselves about and to observe any such restrictions. For a description of certain restrictions on offers, sales and deliveries of Notes and on the distribution of this Base Prospectus or any Final Terms and other offering material relating to the Notes, see "*Subscription and Sale*". In particular, Notes have not been and will not be registered under the United States Securities Act of 1933 (as amended) (the "**Securities Act**") and Bearer Notes are subject to U.S. tax law requirements. Subject to certain exceptions, Notes may not be offered, sold or, in the case of Bearer Notes, delivered within the United States or to U.S. persons.

Neither this Base Prospectus nor any Final Terms constitutes an offer or an invitation to subscribe for or purchase any Notes and should not be considered as a recommendation by the Issuer, the Dealers or any of them that any recipient of this Base Prospectus or any Final Terms should subscribe for or purchase

any Notes. Each recipient of this Base Prospectus or any Final Terms shall be taken to have made its own investigation and appraisal of the condition (financial or otherwise) of the Issuer.

The maximum aggregate principal amount of Notes outstanding at any one time under the Programme will not exceed €4,000,000,000 (and for this purpose, any Notes denominated in another currency shall be translated into Euro at the date of the agreement to issue such Notes (calculated in accordance with the provisions of the Dealer Agreement). The maximum aggregate principal amount of Notes which may be outstanding at any one time under the Programme may be increased from time to time, subject to compliance with the relevant provisions of the Dealer Agreement as defined under "*Subscription and Sale*".

In this Base Prospectus, unless otherwise specified, references to "EU" are to the European Union, references to a "Member State" are references to a Member State of the European Economic Area, references to "Denmark" are to the Kingdom of Denmark, references to "€", "EUR", "Euro" or "euro" are to the currency introduced at the start of the third stage of European economic and monetary union, and as defined in Article 2 of Council Regulation (EC) No 974/98 of 3 May 1998 on the introduction of the euro, as amended, references to "U.S.\$", "U.S. dollars" or "dollars" are to United States dollars, references to "Danish Kroner" or "DKK" are to the currency of Denmark, references to "£" and "GBP" are to pounds sterling, the expression "Prospectus Directive" means Directive 2003/71/EC (and amendments thereto, including the 2010 PD Amending Directive, to the extent implemented in the Relevant Member State (as defined herein)), and includes any relevant implementing measure in the Relevant Member State and the expression "2010 PD Amending Directive" means Directive 2010/73/EU.

Certain figures included in this Base Prospectus have been subject to rounding adjustments; accordingly, figures shown for the same category presented in different tables may vary slightly and figures shown as totals in certain tables may not be an arithmetic aggregation of the figures which precede them.

This Base Prospectus has been prepared on the basis that any offer of Notes in any Member State of the European Economic Area which has implemented the Prospectus Directive (each, a "Relevant Member State") will be made pursuant to an exemption under the Prospectus Directive from the requirement to publish a prospectus for offers of Notes. Accordingly any person making or intending to make an offer in that Relevant Member State of Notes which are the subject of an offering or placement contemplated in this Base Prospectus as completed by Final Terms or a Drawdown Prospectus in relation to the offer of those Notes may only do so in circumstances in which no obligation arises for the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive, in each case, in relation to such offer. Neither the Issuer nor any Dealer have authorised, nor do they authorise, the making of any offer of Notes in circumstances in which an obligation arises for the Issuer or any Dealer to publish or supplement a prospectus for such offer.

In connection with the issue of any Tranche of Notes, the Dealer or Dealers (if any) named as the Stabilising Manager(s) (or persons acting on behalf of any Stabilising Manager(s)) in the applicable Final Terms may over allot Notes or effect transactions with a view to supporting the market price of the Notes at a level higher than that which might otherwise prevail. However, there is no assurance that the Stabilising Manager(s) (or persons acting on behalf of a Stabilising Manager) will undertake stabilisation action. Any stabilisation action may begin on or after the date on which adequate public disclosure of the terms of the offer of the relevant Tranche of Notes is made and, if begun, may be ended at any time, but it must end no later than the earlier of 30 days after the issue date of the relevant Tranche of Notes and 60 days after the date of the allotment of the relevant Tranche of Notes. Any stabilisation action or over-allotment must be conducted by the Stabilising Manager(s) (or persons acting on behalf of the Stabilising Manager(s)) in accordance with all applicable laws and rules.

GENERAL DESCRIPTION OF THE PROGRAMME

Under the Programme, the Issuer may from time to time issue Notes denominated in any currency, subject as set out herein. An overview of the terms and conditions of the Programme and the Notes appears below, see "*Overview*". The applicable terms of any Notes will be agreed between the Issuer and the relevant Dealer(s) prior to the issue of the Notes and will be set out in the Conditions of the Notes endorsed on or attached to the Notes, as modified and supplemented by the applicable Final Terms attached to, or endorsed on, such Notes, as more fully described under "*Forms of the Notes*".

Notes issued under the Programme may be issued pursuant to this Base Prospectus and associated Final Terms or pursuant to a Drawdown Prospectus prepared in connection with a particular Tranche of Notes. Accordingly, references to terms and conditions and other items being as set out in this Base Prospectus and relevant Final Terms should, as the context requires, be construed as being as set out in the relevant Drawdown Prospectus and references to "**Final Terms**" should be construed as referring to the Drawdown Prospectus as applicable.

This Base Prospectus and any supplement to this Base Prospectus will only be valid for issuing Notes in an aggregate principal amount which, when added to the aggregate principal amount then outstanding of all Notes previously or simultaneously issued under the Programme, does not exceed €4,000,000,000 or its equivalent in other currencies. For the purpose of calculating the aggregate principal amount of Notes issued under the Programme from time to time:

- (a) the euro equivalent of Notes denominated in another currency specified in a Final Terms shall be determined, at the discretion of the Issuer, as of the date of agreement to issue such Notes or on the preceding day on which commercial banks and foreign exchange markets are open for business in London, in each case on the basis of the spot rate for the sale of the euro against the purchase of such other currency in the London foreign exchange market quoted by any leading bank selected by the Issuer on such date; and
- (b) the amount (or, where applicable, the euro equivalent) of non interest-bearing Notes and other Notes issued at a discount or premium shall be calculated (in the case of Notes not denominated in euro, in the manner specified above) by reference to the net proceeds received by the Issuer for the relevant issue.

OVERVIEW

The following overview does not purport to be complete and is taken from, and is qualified in its entirety by, the remainder of this Base Prospectus and, in relation to the terms and conditions of any particular Tranche of Notes, the applicable Final Terms. The Issuer and any relevant Dealer may agree that the Notes shall be issued in a form other than that contemplated in the Terms and Conditions, in which event, in the case of listed Notes only and if appropriate, a supplemental Base Prospectus will be published.

A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, change or withdrawal at any time by the assigning rating agency.

RISK FACTORS

Prospective investors should read the entire Base Prospectus. Words and expressions defined in the "Terms and Conditions of the Notes" below or elsewhere in this Base Prospectus have the same meanings in this section.

Investing in Notes issued under the Programme involves certain risks. Prospective investors should consider, among other things, the following:

Risks Related to the Economic Environment

Risk of extended weak macroeconomic development

Consumers may reduce their usage of telecommunication products, and have an increased incentive to spend time analysing relevant offers due to an increased cost focus, which may increase churn and decrease ARPU across products in the Consumer, YouSee and Wholesale business lines. Also, more consumers may prioritise cost over convenience and choose individual suppliers for each communication need where the price is lower, rather than a bundled product, which may influence the demand for bundled products such as TDC HomeTrio.

More businesses may go bankrupt, while the remaining business customers may reduce their investment levels, which may shrink the telecommunications market and thus reduce the contract volume and increase the risk of incurring losses due to bad debts.

Decreased demand in the other Nordic countries, especially in Sweden, where the government has reduced expectations for future growth in GDP, can have an impact, mainly for product areas with non-recurring revenue.

Risks Related to Competition in the Telecommunications Industry

Risk of increased competitive pressure

TDC faces significant competition from well-established, Pan-Nordic and national telecommunications companies, as well as utility companies and TV distributors. Some of these competitors are subject to fewer regulatory requirements in Denmark than TDC and base their price strategy on marginal cost considerations. The competition may intensify further in the future and lead to increased churn and decreasing ARPU across products and services in the consumer, business and wholesale market in Denmark and the other Nordic countries.

A change of platform and technology has increased the competition from utilities that have rolled out fibre networks to offer landline telephony, broadband and TV. TDC TV and YouSee are also challenged by providers that offer Pay-TV services on other platforms, such as utility companies, DTH satellite distributors, DTT providers and operators offering TVoIP. Furthermore foreign distributors in the OTT market can be expected to gain parts of the VoD market.

If operators currently relying on national roaming or MVNO agreements with TDC fast track their own network rollout, it will have a negative effect on TDC's wholesale business.

Risks Related to TDC's Business Activities

Technology risks

Changing technology may fast-track the substitution towards more advanced or cheaper alternatives – landline to mobile and VoIP and landline broadband to mobile broadband – markets, in which TDC's market share and profitability are lower. Future technological developments may cause TDC's price structure to deteriorate within one or more product markets. TDC may in the future be unable to keep up with the technological development and be unable to supply the solutions of the complexity demanded and may therefore lose momentum compared with its competitors. With increased complexity comes increased fault risk, which may lead to reduced customer satisfaction.

A shift in IT technology may result in increased costs in the future, as a reduction in OPEX from legacy systems no longer compensates for increased OPEX from new systems.

In relation to TDC Nordic, increased smartphone penetration in the mobile market, has caused technical challenges with the MVNO set-up, which may have a negative impact on the Nordic mobile business.

Absence of further operational improvements

In recent years, TDC has actively sought to reduce operating expenses and improve operating efficiency. TDC can make no assurance that it can continue to improve its operations, which may result in (i) failure to meet changing production capacity demand; (ii) failure to deliver productivity improvements in call centres (average handling time and availability) and implement call reduction initiatives; and (iii) failure to improve fault rates, e.g. backlogs building up due to cloud bursts.

TDC has succeeded in cutting costs significantly in previous years, this may not be possible going forward.

Outsourcing risks

A change in TDC's main IT outsourcing partner or heavy off-shoring of the current CSC Consulting Group A/S workforce may cause an increased number of IT incidents and longer project delivery times.

Another outsourcing risk may be failure to continue to optimise existing and future outsourcing relationships, and in the event that TDC's current outsourcing arrangements become unsatisfactory, or its obligations are not met, TDC may be unable to find new outsourcing partners on economically attractive terms or on a timely basis or at all.

Network risks

Increased outsourcing of development and operation of Value Added Services ("VAS") to multiple partners adds complexity in all processes (plan, build and run), as the different partners have different platforms and processes. Increased complexity and outsourcing of quality control increases the risk of faults.

All IP strategy is based on a single platform, which means that network breakdowns may have greater consequences than before.

Risk of damaged reputation

Bad publicity from stakeholders including competitors, regulators or consumer organisations may negatively affect the public's and customers' image of TDC. A correlation has been demonstrated between image and customers' desire to become or remain customers.

Actual or perceived risks associated with mobile handsets or base stations and related publicity, regulation or litigation could reduce TDC's mobile phone customer base, causing mobile telephone customers to use their mobile phones less, making it difficult to find or maintain attractive sites for base stations and potentially resulting in litigation costs.

Other Risks

TDC's equipment and networks (including critical systems such as exchanges, switches and other key network points) may be damaged or disrupted by events such as fire, power cuts and equipment or system failures, including those caused by terrorist attacks. The impact of natural disasters and extreme weather conditions may result in increased cable faults and fault handling costs. The impact of criminal acts (e.g. hacking and abuse of software access rights) and/or sabotage by employees, partners or third parties may negatively impact TDC's business.

Risks Related to TDC's Regulatory Environment and Litigation

Increased regulatory pressure

A decision from the Danish Supreme Court is expected in the second quarter of 2012 and may confirm the Danish Business Authority's decision that YouSee must provide BSA also on networks owned by third parties. Compared to the present draft decisions from the Danish Business Authority, the final market 4 and 5 decisions may result in new and/or strengthened regulatory requirements for TDC.

Recommendations in a draft report from the Competition and Consumer Authority regarding free choice of TV channels and no-pay channels in the Basic Package may be implemented in legislation.

In relation to TDC Nordic, there is uncertainty related to the Swedish regulatory environment especially within landline and mobile termination and cobber prices. Risk concerning potential price squeeze from MVNO hosts.

Financial and Taxation Risks

Financial risks

Notes issued under the Programme and new credit facilities entered into by TDC contain change of control provisions that in conjunction with a rating downgrade below investment grade or a withdrawal of TDC's ratings could result in lenders terminating their commitments and requiring TDC to repay all or part of its outstanding debt. Further, Notes issued under the Programme and new credit facilities entered into by TDC also contain cross default provisions which in case a default occurs could result in lenders terminating their commitments and requiring TDC to repay its outstanding debt under agreements that contain a cross default provision. Finally, if TDC is downgraded below investment grade, the interest payments (coupon) on Notes issued under the Programme in 2011 will increase by 1.25%.

Exchange rates and/or interest rates may develop unfavourably for TDC, resulting in a financial downside.

TDC's financial counterparties may enter into financial distress which may result in them being unable to meet their obligations to TDC.

Downgrade of TDC's credit rating could increase its financing costs and limit its access to financing sources.

Pressure on payment terms from large customers due to increased cash flow focus may cause delays in payment from debtors.

Taxation risks

TDC is subject to the tax legislation in effect in the countries where TDC conducts business. Any future amendment of the tax laws including value added tax (VAT) and other direct taxes in the countries where TDC conducts business may adversely affect TDC's corporate tax and VAT payable and its future results of operations.

TDC's related pension funds

Some of TDC's present and former employees are entitled to a pension from TDC Pension Fund, the fund related to TDC. The TDC Pension Fund is a separate legal entity supervised by the Danish Financial Supervisory Authority (FSA) where TDC as the sponsor is obliged to cover any regulatory shortfall in the pension fund's ability to comply with the capital adequacy requirements under the Corporate Pension Funds Act. TDC also operates defined benefits plans that cover employees of TDC Norway.

The risk of additional capital contributions having to be made in respect of the TDC Pension Fund can be categorized by investment, longevity and regulatory risks.

Investment risk is managed within risk tolerance limits to mitigate excessive risk which could lead to contribution. The fund invests in a wide variety of marketable securities (predominantly fixed income securities) and the return on the investments has implications for TDC's financial results. Uncompensated risk related to nominal rates and inflation has been fully hedged.

Following the introduction of the longevity benchmark by the Danish FSA, the fund's actuary has conducted a detailed longevity statistical analysis which has underpinned the fund's assumptions regarding observed current longevity. The fund has however, in line with the sector increased its provision for future expected improvements to longevity.

Other risk of capital contribution in excess of the planned ordinary contributions and extraordinary contributions in connection with redundancies going forward relate primarily to future changes to pension regulation and benefits which TDC does not have control over.

TDC has formed a Pension Fund Advisory team located within the TDC Group Treasury which continuously manages investment decisions and the financial risks related to the fund on behalf of TDC.

Factors which are material for the purpose of assessing the market risks associated with the Notes

The Notes may not be a suitable investment for all investors

Each potential investor in the Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- (i) have sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of investing in the Notes and the information contained or incorporated by reference in this Base Prospectus or any applicable supplement;
- (ii) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Notes and the impact the Notes will have on its overall investment portfolio;
- (iii) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes, including Notes with principal or interest payable in one or more currencies, or where the currency for principal or interest payments is different from the potential investor's currency;
- (iv) understand thoroughly the terms of the Notes and be familiar with the behaviour of any relevant indices and financial markets; and
- (v) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

Some Notes are complex financial instruments. Sophisticated institutional investors generally do not purchase complex financial instruments as standalone investments. They purchase complex financial instruments as a way to reduce risk or enhance yield with an understood, measured, appropriate addition of risk to their overall portfolios. A potential investor should not invest in Notes which are complex financial instruments unless it has the expertise (either alone or with a financial adviser) to evaluate how the Notes will perform under changing conditions, the resulting effects on the value of the Notes and the impact this investment will have on the potential investor's overall investment portfolio.

Fixed rate Notes

Investment in fixed rate Notes involves the risk that subsequent changes in market interest rates may adversely affect the value of the fixed rate Notes.

Index Linked Notes and Dual Currency Notes

The Issuer may issue Notes with principal or interest determined by reference to an index or formula, to changes in the prices of securities or commodities, to movements in currency exchange rates or other factors (each, a "**Relevant Factor**"). In addition, the Issuer may issue Notes with principal or interest payable in one or more currencies which may be different from the currency in which the Notes are denominated. Potential investors should be aware that:

- (i) the market price of such Notes may be volatile;
- (ii) they may receive no interest;
- (iii) payment of principal or interest may occur at a different time or in a different currency than expected;
- (iv) they may lose all or a substantial portion of their principal;

- (v) a Relevant Factor may be subject to significant fluctuations that may not correlate with changes in interest rates, currencies or other indices;
- (vi) if a Relevant Factor is applied to Notes in conjunction with a multiplier greater than one or contains some other leverage factor, the effect of changes in the Relevant Factor on principal or interest payable likely will be magnified; and
- (vii) the timing of changes in a Relevant Factor may affect the actual yield to investors, even if the average level is consistent with their expectations. In general, the earlier the change in the Relevant Factor, the greater the effect on yield.

The historical experience of an index should not be viewed as an indication of the future performance of such index during the term of any index linked notes. Accordingly, each potential investor should consult its own financial and legal advisers about the risk entailed by an investment in any index linked notes and the suitability of such Notes in light of its particular circumstances.

Zero Coupon Notes

Zero coupon notes do not pay current interest but are issued at a discount from their nominal value. Instead of periodic interest payments, the difference between the redemption price and the issue price constitutes interest income until maturity and reflects the market interest rate. A holder of zero coupon notes is exposed to the risk that the price of such notes falls as a result of changes in the market interest rate. Prices of zero coupon notes are more volatile than prices of fixed rate notes and are likely to respond to a greater degree to market interest rate changes than interest bearing notes with a similar maturity.

Variable rate Notes with a multiplier or other leverage factor

Notes with variable interest rates can be volatile investments. If they are structured to include multipliers or other leverage factors, or caps or floors, or any combination of those features or other similar related features, their market may be even more volatile than those securities that do not include those features.

Fixed/floating rate Notes

Fixed/floating rate Notes may bear interest at a rate that converts from a fixed rate to a floating rate or from a floating rate to a fixed rate. Where the Issuer has the right to effect such a conversion, this will affect the secondary market and the market value of the Notes since the Issuer may be expected to convert the rate when it is likely to produce a lower overall cost of borrowing. If the Issuer converts from a fixed rate to a floating rate in such circumstances, the spread on the fixed/floating rate Notes may be less favourable than then prevailing spreads on comparable floating rate Notes tied to the same reference rate. In addition, the new floating rate at any time may be lower than the rates on other Notes. If the Issuer converts from a floating rate to a fixed rate in such circumstances, the fixed rate may be lower than then prevailing rates on its Notes.

Inverse floating rate Notes

Inverse floating rate Notes have an interest rate equal to a fixed rate minus a rate based upon a reference rate such as LIBOR. The market values of those Notes typically are more volatile than market values of other conventional floating rate debt securities based on the same reference rate (and with otherwise comparable terms). Inverse floating rate Notes are more volatile because an increase in the reference rate not only decreases the interest rate of the Notes, but may also reflect an increase in prevailing interest rates, which further adversely affects the market value of these Notes.

Notes issued at a substantial discount or premium

The market values of securities issued at a substantial discount or premium from their principal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest bearing securities. Generally, the longer the remaining terms of a security, the greater the price volatility as compared to a conventional interest bearing security with comparable maturity.

There is no active trading market for the Notes

Notes issued under the Programme will be new securities which may not be widely distributed and for which there is currently no active trading market (unless in the case of any particular Tranche, such Tranche is to be consolidated with and form a single series with a Tranche of Notes which is already issued). If the Notes are traded after their initial issuance, they may trade at a discount to their initial offering price, depending upon prevailing interest rates, the market for similar securities, general economic conditions and the financial condition of the Issuer. Although applications have been made for the Notes issued under the Programme to be admitted to listing on the official list and trading on the regulated market of the Luxembourg Stock Exchange, there is no assurance that such applications will be accepted, that any particular Tranche of Notes will be so admitted or that an active trading market will develop. Accordingly, there is no assurance as to the development or liquidity of any trading market for any particular Tranche of Notes.

The Notes may be redeemed prior to maturity

In the event that the Issuer would be obliged to increase the amounts payable in respect of any Notes due to any withholding or deduction for or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or on behalf of the jurisdiction of the Issuer or any political subdivision thereof or any authority therein or thereof having power to tax or any change in the application or official interpretation of such law or regulations, the Issuer may redeem all outstanding Notes in accordance with the Conditions.

In addition, if in the case of any particular Tranche of Notes the relevant Final Terms specify that the Notes are redeemable at the Issuer's option in certain other circumstances the Issuer may choose to redeem the Notes at times when prevailing interest rates may be relatively low. In such circumstances an investor may not be able to reinvest the redemption proceeds in a comparable security at an effective interest rate as high as that of the relevant Notes.

Because the Global Notes are held by or on behalf of Euroclear and Clearstream, Luxembourg, investors will have to rely on their procedures for transfers, payments and communications with the Issuer

Notes issued under the Programme may be represented by one or more Global Notes. Such Global Notes will be deposited with a common depositary or, as the case may be, common safekeeper for Euroclear and Clearstream, Luxembourg. Except in the circumstances described in the relevant Global Note, investors will not be entitled to receive Definitive Notes. Euroclear and Clearstream, Luxembourg will maintain records of the beneficial interests in the Global Notes. While the Notes are represented by one or more Global Notes, investors will be able to trade their beneficial interests only through Euroclear and Clearstream, Luxembourg.

While the Notes are represented by one or more Global Notes the Issuer will discharge its payment obligations under the Notes by making payments to the common depositary or common safekeeper for Euroclear and Clearstream, Luxembourg for distribution to their account holders. A holder of a beneficial interest in a Global Note must rely on the procedures of Euroclear and Clearstream, Luxembourg to receive payments under the relevant Notes. The Issuer has no responsibility or liability for the records relating to, or payments made in respect of, beneficial interests in the Global Notes.

Holders of beneficial interests in the Global Notes will not have a direct right to vote in respect of the relevant Notes. Instead, such holders will be permitted to act only to the extent that they are enabled by Euroclear and Clearstream, Luxembourg to appoint appropriate proxies.

Modification, waivers and substitution

The Conditions contain provisions for calling meetings of Noteholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant meeting and Noteholders who voted in a manner contrary to the majority.

Notes with integral multiples

In relation to any issue of Notes which have a denomination consisting of the minimum Specified Denomination plus a higher integral multiple of another smaller amount, it is possible that the Notes may be traded in amounts in excess of the Specified Denomination that are not integral multiples of the

Specified Denomination. Noteholders who, as a result of trading such amounts, hold a principal amount of Notes other than a multiple of the minimum Specified Denomination will receive definitive Notes in respect of their holding (provided that the aggregate amount of Notes they hold is in excess of the minimum Specified Denomination), however, any such Definitive Notes which are printed in denominations other than the minimum Specified Denomination may be illiquid and difficult to trade. Furthermore, a Noteholder who, as a result of trading such amounts, holds a principal amount of less than the minimum Specified Denomination may not receive a Definitive Note in respect of such holding (should Definitive Notes be printed) and would need to purchase a principal amount of Notes such that its holding amounts to a Specified Denomination.

Credit ratings

One or more independent credit rating agencies may assign credit ratings to the Notes. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Notes. A credit rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by the rating agency at any time. A reduction in any of the credit ratings of the Issuer may reduce the market value and liquidity of the Notes.

Change of law

The conditions of the Notes are based on English law in effect as at the date of this Base Prospectus. No assurance can be given as to the impact of any possible judicial decision or change to English law or administrative practice after the date of this Base Prospectus.

Risks related to the market generally

The secondary market generally

Notes may have no established trading market when issued, and one may never develop. If a market does develop, it may not be very liquid. Therefore, investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. This is particularly the case for Notes that are especially sensitive to interest rate, currency or market risks, are designed for specific investment objectives or strategies or have been structured to meet the investment requirements of limited categories of investors. These types of Notes generally would have more limited secondary market and more price volatility than conventional debt securities. Illiquidity may have a severely adverse effect on the market value of Notes.

Legal investment considerations may restrict certain investments

The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (i) Notes are legal investments for it, (ii) Notes can be used as collateral for various types of borrowing and (iii) other restrictions apply to the purchase or pledge of any Notes. Financial institutions should consult their legal advisors or the appropriate regulators to determine the appropriate treatment of Notes under any applicable risk based capital or similar rules.

Exchange rate risks and exchange controls

The Issuer will pay principal and interest on the Notes (as appropriate) in the Specified Currency. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the "**Investor's Currency**") other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Specified Currency would decrease (1) the Investor's Currency equivalent yield on the Notes, (2) the Investor's Currency equivalent value of the principal payable on the Notes and (3) the Investor's Currency equivalent market value of the Notes.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive less interest or principal than expected, or no interest or principal.

Risks relating to taxation

Investors in the Notes may be required to pay taxes or other charges or duties

Potential purchasers and sellers of Notes should be aware that they may be required to pay taxes or other documentary charges or duties in accordance with the laws and practices of the country where the Notes are transferred or other jurisdictions. Potential investors are advised not to rely upon the tax summary contained in this Base Prospectus but to ask for their own tax advisers' advice on their individual taxation with respect to the acquisition, sale and redemption of the Notes and receiving payments of interest, principal and/or other amounts under the Notes, including in particular the effect of any state, regional or local tax laws of any country or territory. Only such advisors are in a position to duly consider the specific situation of the potential investors. This investment consideration has to be read in connection with the taxation sections of this Base Prospectus.

Payments in respect of the Notes may in certain circumstances be made subject to withholding or deduction of tax

All payments in respect of Notes will be made free and clear of withholding or deduction of Danish taxation, unless the withholding or deduction is required by law. In that event, the Issuer will pay such additional amounts as will result in the Noteholders receiving such amounts as they would have received in respect of such Notes had no such withholding or deduction been required. The Issuer's obligation to gross up is, however, subject to a number of exceptions, including withholding or deduction of withholding tax operated in certain EU Member States pursuant to the EU Savings Tax Directive and similar measures agreed with the EU by certain non EU countries and territories. In addition, the Issuer will, in such event, have the option (but not the obligation) of redeeming all outstanding Notes in full (see Condition 10(b) (*Redemption and Purchase — Redemption for tax reasons*)). See "*Taxation*" and "*EU Savings Tax Directive*" below.

EU Savings Tax Directive

The EU has adopted a directive regarding the taxation of savings income, the EU Savings Tax Directive. The EU Savings Tax Directive requires Member States to provide to the tax authorities of another Member State details of payments of interest and except that Luxembourg and Austria will instead impose a withholding system for a transitional period unless during such period they elect otherwise. A number of third countries and territories including Switzerland have adopted similar measures to the Directive. The European Commission has proposed certain amendments to the Directive, which may, if implemented, amend or broaden the scope of the requirements described above. See "*Taxation — EU Savings Tax Directive*".

Change in tax status or taxation legislation or practice

Any change in the Issuer's tax status or in the taxation legislation or practice in a relevant jurisdiction could adversely impact (i) the ability of the Issuer to service the Notes and (ii) the market value of the Notes. See "*Change of law*" above.

FINAL TERMS AND DRAWDOWN PROSPECTUSES

In this section the expression "**necessary information**" means, in relation to any Tranche of Notes, the information necessary to enable investors to make an informed assessment of the assets and liabilities, financial position, profits and losses and prospects of the Issuer and of the rights attaching to the Notes. The Issuer has endeavoured to include in this Base Prospectus all of the necessary information except for information relating to the Notes which is not known at the date of this Base Prospectus and which can only be determined at the time of an individual issue of a Tranche of Notes.

Any information relating to the Notes which is not included in this Base Prospectus and which is required in order to complete the necessary information in relation to a Tranche of Notes will be contained either in the relevant Final Terms or in a Drawdown Prospectus. Such information will be contained in the relevant Final Terms unless any of such information constitutes a significant new factor relating to the information contained in this Base Prospectus in which case such information, together with all of the other necessary information in relation to the relevant series of Notes, may be contained in a Drawdown Prospectus.

For a Tranche of Notes which is the subject of Final Terms, those Final Terms will, for the purposes of that Tranche only, supplement this Base Prospectus and must be read in conjunction with this Base Prospectus. The terms and conditions applicable to any particular Tranche of Notes which is the subject of Final Terms are the Conditions as supplemented, modified and/or replaced to the extent described in the relevant Final Terms.

The terms and conditions applicable to any particular Tranche of Notes which is the subject of a Drawdown Prospectus will be the Conditions as supplemented, amended and/or replaced to the extent described in the relevant Drawdown Prospectus. In the case of a Tranche of Notes which is the subject of a Drawdown Prospectus, each reference in this Base Prospectus to information being specified or identified in the relevant Final Terms shall be read and construed as a reference to such information being specified or identified in the relevant Drawdown Prospectus unless the context requires otherwise.

Each Drawdown Prospectus will be constituted either (1) by a single document containing the necessary information relating to the Issuer and the relevant Notes or (2) by a registration document (the "**Registration Document**") containing the necessary information relating to the Issuer, a securities note (the "**Securities Note**") containing the necessary information relating to the relevant Notes and, if necessary, a summary note. In addition, if the Drawdown Prospectus is constituted by a Registration Document and a Securities Note, any significant new factor, material mistake or inaccuracy relating to the information included in the Registration Document which arises or is noted between the date of the Registration Document and the date of the Securities Note which is capable of affecting the assessment of the relevant Notes will be included in the Securities Note.

FORMS OF THE NOTES

Bearer Notes

Each Tranche of Notes in bearer form ("**Bearer Notes**") will initially be in the form of either a temporary global note in bearer form (the "**Temporary Global Note**"), without interest coupons, or a permanent global note in bearer form (the "**Permanent Global Note**"), without interest coupons, in each case as specified in the relevant Final Terms. Each Temporary Global Note or, as the case may be, Permanent Global Note (each a "**Global Note**") which is not intended to be issued in new global note ("**NGN**") form, as specified in the relevant Final Terms, will be deposited on or around the issue date of the relevant Tranche of the Notes with a depository or a common depository for Euroclear Bank SA/NV ("**Euroclear**") and/or Clearstream Banking, société anonyme ("**Clearstream, Luxembourg**") and/or any other relevant clearing system and each Global Note which is intended to be issued in NGN form, as specified in the relevant Final Terms, will be deposited on or around the issue date of the relevant Tranche of the Notes with a common safekeeper for Euroclear and/or Clearstream, Luxembourg.

On 13 June 2006 the European Central Bank (the "**ECB**") announced that Notes in NGN form are in compliance with the "*Standards for the use of EU securities settlement systems in ESCB credit operations*" of the central banking system for the euro (the "**Eurosystem**"), **provided that** certain other criteria are fulfilled. At the same time the ECB also announced that arrangements for Notes in NGN form will be offered by Euroclear and Clearstream, Luxembourg as of 30 June 2006 and that debt securities in global bearer form issued through Euroclear and Clearstream, Luxembourg after 31 December 2006 will only be eligible as collateral for Eurosystem operations if the NGN form is used.

In the case of each Tranche of Bearer Notes, the relevant Final Terms will also specify whether United States Treasury Regulation §1.163-5(c)(2)(i)(C) (the "**TEFRA C Rules**") or United States Treasury Regulation §1.163-5(c)(2)(i)(D) (the "**TEFRA D Rules**") are applicable in relation to the Notes or, if the Notes do not have a maturity of more than 365 days, that neither the TEFRA C Rules nor the TEFRA D Rules are applicable.

Temporary Global Note exchangeable for Permanent Global Note

If the relevant Final Terms specifies the form of Notes as being "Temporary Global Note exchangeable for a Permanent Global Note", then the Notes will initially be in the form of a Temporary Global Note which will be exchangeable, in whole or in part, for interests in a Permanent Global Note, without interest coupons, not earlier than 40 days after the issue date of the relevant Tranche of the Notes upon certification as to non-U.S. beneficial ownership. No payments will be made under the Temporary Global Note unless exchange for interests in the Permanent Global Note is improperly withheld or refused. In addition, interest payments in respect of the Notes cannot be collected without such certification of non-U.S. beneficial ownership.

Whenever any interest in the Temporary Global Note is to be exchanged for an interest in a Permanent Global Note, the Issuer shall procure (in the case of first exchange) the delivery of a Permanent Global Note to the bearer of the Temporary Global Note or (in the case of any subsequent exchange) an increase in the principal amount of the Permanent Global Note in accordance with its terms against:

- (i) presentation and (in the case of final exchange) presentation and surrender of the Temporary Global Note to or to the order of the Fiscal Agent; and
- (ii) receipt by the Fiscal Agent of a certificate or certificates of non-U.S. beneficial ownership.

The principal amount of Notes represented by the Permanent Global Note shall be equal to the aggregate of the principal amounts specified in the certificates of non-U.S. beneficial ownership *provided, however, that* in no circumstances shall the principal amount of Notes represented by the Permanent Global Note exceed the initial principal amount of Notes represented by the Temporary Global Note.

If:

- (a) the Permanent Global Note has not been delivered or the principal amount thereof increased by 5.00 p.m. (London time) on the seventh day after the bearer of the Temporary Global Note has requested exchange of an interest in the Temporary Global Note for an interest in a Permanent Global Note; or

- (b) the Temporary Global Note (or any part thereof) has become due and payable in accordance with the Terms and Conditions of the Notes or the date for final redemption of the Temporary Global Note has occurred and, in either case, payment in full of the amount of principal falling due with all accrued interest thereon has not been made to the bearer of the Temporary Global Note in accordance with the terms of the Temporary Global Note on the due date for payment,

then the Temporary Global Note (including the obligation to deliver a Permanent Global Note) will become void at 5.00 p.m. (London time) on such seventh day (in the case of (a) above) or at 5.00 p.m. (London time) on such due date (in the case of (b) above) and the bearer of the Temporary Global Note will have no further rights thereunder (but without prejudice to the rights which the bearer of the Temporary Global Note or others may have under the Deed of Covenant).

The Permanent Global Note will become exchangeable, in whole but not in part only and at the request of the bearer of the Permanent Global Note, for Bearer Notes in definitive form ("**Definitive Notes**") if Euroclear or Clearstream, Luxembourg or any other relevant clearing system is closed for business for a continuous period of 14 days (other than by reason of legal holidays) or announces an intention permanently to cease business.

Whenever the Permanent Global Note is to be exchanged for Definitive Notes, the Issuer shall procure the prompt delivery (free of charge to the bearer) of such Definitive Notes, duly authenticated and with Coupons and Talons attached (if so specified in the Final Terms), in an aggregate principal amount equal to the principal amount of Notes represented by the Permanent Global Note to the bearer of the Permanent Global Note against the surrender of the Permanent Global Note to or to the order of the Fiscal Agent within 30 days of the bearer requesting such exchange.

If:

- (a) Definitive Notes have not been duly delivered by 5.00 p.m. (London time) on the thirtieth day after the bearer has requested exchange of the Permanent Global Note for Definitive Notes; or
- (b) the Permanent Global Note was originally issued in exchange for part only of a Temporary Global Note representing the Notes and such Temporary Global Note becomes void in accordance with its terms; or
- (c) the Permanent Global Note (or any part thereof) has become due and payable in accordance with the Terms and Conditions of the Notes or the date for final redemption of the Permanent Global Note has occurred and, in either case, payment in full of the amount of principal falling due with all accrued interest thereon has not been made to the bearer in accordance with the terms of the Permanent Global Note on the due date for payment,

then the Permanent Global Note (including the obligation to deliver Definitive Notes) will become void at 5.00 p.m. (London time) on such thirtieth day (in the case of (a) above) or at 5.00 p.m. (London time) on the date on which such Temporary Global Note becomes void (in the case of (b) above) or at 5.00 p.m. (London time) on such due date ((c) above) and the bearer of the Permanent Global Note will have no further rights thereunder (but without prejudice to the rights which the bearer of the Permanent Global Note or others may have under the Deed of Covenant).

Temporary Global Note exchangeable for Definitive Notes

If the relevant Final Terms specifies the form of Notes as being "Temporary Global Note exchangeable for Definitive Notes" and also specifies that the TEFRA C Rules are applicable or that neither the TEFRA C Rules or the TEFRA D Rules are applicable, then the Notes will initially be in the form of a Temporary Global Note which will be exchangeable, in whole but not in part, for Definitive Notes not earlier than 40 days after the issue date of the relevant Tranche of the Notes.

If the relevant Final Terms specifies the form of Notes as being "Temporary Global Note exchangeable for Definitive Notes" and also specifies that the TEFRA D Rules are applicable, then the Notes will initially be in the form of a Temporary Global Note which will be exchangeable, in whole or in part, for Definitive Notes not earlier than 40 days after the issue date of the relevant Tranche of the Notes upon certification as to non-U.S. beneficial ownership. Interest payments in respect of the Notes cannot be collected without such certification of non-U.S. beneficial ownership.

Whenever the Temporary Global Note is to be exchanged for Definitive Notes, the Issuer shall procure the prompt delivery (free of charge to the bearer) of such Definitive Notes, duly authenticated and with Coupons and Talons attached (if so specified in the relevant Final Terms), in an aggregate principal amount equal to the principal amount of the Temporary Global Note to the bearer of the Temporary Global Note against the surrender of the Temporary Global Note to or to the order of the Fiscal Agent within 30 days of the bearer requesting such exchange.

If:

- (a) Definitive Notes have not been duly delivered by 5.00 p.m. (London time) on the thirtieth day after the bearer has requested exchange of the Temporary Global Note for Definitive Notes; or
- (b) the Temporary Global Note (or any part thereof) has become due and payable in accordance with the Terms and Conditions of the Notes or the date for final redemption of the Temporary Global Note has occurred and, in either case, payment in full of the amount of principal falling due with all accrued interest thereon has not been made to the bearer in accordance with the terms of the Temporary Global Note on the due date for payment,

then the Temporary Global Note (including the obligation to deliver Definitive Notes) will become void at 5.00 p.m. (London time) on such thirtieth day (in the case of (a) above) or at 5.00 p.m. (London time) on such due date (in the case of (b) above) and the bearer of the Temporary Global Note will have no further rights thereunder (but without prejudice to the rights which the bearer of the Temporary Global Note or others may have under the Deed of Covenant).

Permanent Global Note exchangeable for Definitive Notes

If the relevant Final Terms specifies the form of Notes as being "Permanent Global Note exchangeable for Definitive Notes", then the Notes will initially be in the form of a Permanent Global Note which will be exchangeable in whole, but not in part, for Definitive Notes if Euroclear or Clearstream, Luxembourg or any other relevant clearing system is closed for business for a continuous period of 14 days (other than by reason of legal holidays) or announces an intention permanently to cease business.

Whenever the Permanent Global Note is to be exchanged for Definitive Notes, the Issuer shall procure the prompt delivery (free of charge to the bearer) of such Definitive Notes, duly authenticated and with Coupons and Talons attached (if so specified in the Final Terms), in an aggregate principal amount equal to the principal amount of Notes represented by the Permanent Global Note to the bearer of the Permanent Global Note against the surrender of the Permanent Global Note to or to the order of the Fiscal Agent within 30 days of the bearer requesting such exchange.

If:

- (a) Definitive Notes have not been duly delivered by 5.00 p.m. (London time) on the thirtieth day after the bearer has requested exchange of the Permanent Global Note for Definitive Notes; or
- (b) the Permanent Global Note (or any part thereof) has become due and payable in accordance with the Terms and Conditions of the Notes or the date for final redemption of the Permanent Global Note has occurred and, in either case, payment in full of the amount of principal falling due with all accrued interest thereon has not been made to the bearer in accordance with the terms of the Permanent Global Note on the due date for payment,

then the Permanent Global Note (including the obligation to deliver Definitive Notes) will become void at 5.00 p.m. (London time) on such thirtieth day (in the case of (a) above) or at 5.00 p.m. (London time) on such due date ((b) above) and the bearer of the Permanent Global Note will have no further rights thereunder (but without prejudice to the rights which the bearer of the Permanent Global Note or others may have under the Deed of Covenant).

Legend concerning United States persons

In the case of any Tranche of Bearer Notes having a maturity of more than 365 days, the Notes in global form, the Notes in definitive form and any Coupons and Talons appertaining thereto will bear a legend to the following effect:

"Any United States person who holds this obligation will be subject to limitations under the United States income tax laws, including the limitations provided in Sections 165(j) and 1287(a) of the Internal Revenue Code."

Registered Notes

Each Tranche of Registered Notes will be in the form of a global Note in registered form (a "**Global Registered Note**").

In a press release dated 22 October 2008, "*Evolution of the custody arrangement for international debt securities and their eligibility in Eurosystem credit operations*", the ECB announced that it has assessed the new holding structure and custody arrangements for registered notes which the ICSDs had designed in cooperation with market participants and that Notes to be held under the New Safekeeping Structure would be in compliance with the "*Standards for the use of EU securities settlement systems in ESCB credit operations*" of the Eurosystem, subject to the conclusion of the necessary legal and contractual arrangements. The press release also stated that the new arrangements for Notes to be held in NSS form will be offered by Euroclear and Clearstream, Luxembourg as of 30 June 2010 and that registered debt securities in global registered form held issued through Euroclear and Clearstream, Luxembourg after 30 September 2010 will only be eligible as collateral in Eurosystem operations if the New Safekeeping Structure is used.

Each Global Registered Note will either be: (a) in the case of a Note which is not to be held under the New Safekeeping Structure, registered in the name of a common depositary (or its nominee) for Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system and the relevant Global Registered Note will be deposited on or about the issue date with the common depositary and will be exchangeable in accordance with its terms; or (b) in the case of a Note to be held under the New Safekeeping Structure, be registered in the name of a common safekeeper (or its nominee) for Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system and the relevant Global Registered Note will be deposited on or about the issue date with the common safekeeper for Euroclear and/or Clearstream, Luxembourg.

If the relevant Final Terms specifies the form of Notes as being "Global Registered Note exchangeable for Individual Note Certificates", then the Notes will initially be in the form of a Global Registered Note which will be exchangeable in whole, but not in part, for individual Note certificates in registered form ("**Individual Note Certificates**") in accordance with its terms if Euroclear or Clearstream, Luxembourg or any other relevant clearing system is closed for business for a continuous period of 14 days (other than by reason of legal holidays) or announces an intention permanently to cease business.

Whenever the Global Registered Note is to be exchanged for Individual Note Certificates, the Issuer shall procure that Individual Note Certificates will be issued in an aggregate principal amount equal to the principal amount of the Global Registered Note within five business days of the delivery, by or on behalf of the registered holder of the Global Registered Note to the Registrar of such information as is required to complete and deliver such Individual Note Certificates (including, without limitation, the names and addresses of the persons in whose names the Individual Note Certificates are to be registered and the principal amount of each such person's holding) against the surrender of the Global Registered Note at the specified office of the Registrar.

Such exchange will be effected in accordance with the provisions of the Agency Agreement and the regulations concerning the transfer and registration of Notes scheduled thereto and, in particular, shall be effected without charge to any holder, but against such indemnity as the Registrar may require in respect of any tax or other duty of whatsoever nature which may be levied or imposed in connection with such exchange.

If:

- (a) Individual Note Certificates have not been delivered by 5.00 p.m. (London time) on the thirtieth day after they are due to be issued and delivered in accordance with the terms of the Global Registered Note; or
- (b) any of the Notes represented by a Global Registered Note (or any part of it) has become due and payable in accordance with the Terms and Conditions of the Notes or the date for final redemption of the Notes has occurred and, in either case, payment in full of the amount of

principal falling due with all accrued interest thereon has not been made to the holder of the Global Registered Note in accordance with the terms of the Global Registered Note on the due date for payment,

then the Global Registered Note (including the obligation to deliver Individual Note Certificates) will become void at 5.00 p.m. (London time) on such thirtieth day (in the case of (a) above) or at 5.00 p.m. (London time) on such due date (in the case of (b) above) and the holder of the Global Registered Note will have no further rights thereunder (but without prejudice to the rights which the holder of the Global Registered Note or others may have under the Deed of Covenant. Under the Deed of Covenant, persons shown in the records of Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system as being entitled to an interest in a Global Registered Note which becomes void will acquire directly against the Issuer all those rights to which they would have been entitled if, immediately before the Global Registered Note became void, they had been the holders of Individual Note Certificates in an aggregate principal amount equal to the principal amount of Notes they were shown as holding in the records of Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system.

Rights under Deed of Covenant

Under the Deed of Covenant, persons shown in the records of Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system as being entitled to an interest in a Note in global form which becomes void will acquire directly against the Issuer all those rights to which they would have been entitled if, immediately before the Note became void, they had been the holders of Definitive Notes or Individual Note Certificates in an aggregate principal amount equal to the principal amount of Notes they were shown as holding in the records of Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system.

5. **Negative Pledge**

- (a) *Restriction:* So long as any of the Notes remains outstanding, the Issuer will not and will ensure that no Principal Subsidiary will (subject as provided in (c) below) create or permit to subsist any mortgage, charge, pledge, lien or other form of encumbrance or security interest ("**Security**") upon the whole or any part of its undertaking, assets or revenues present or future to secure any Relevant Debt, or any guarantee of or indemnity in respect of any Relevant Debt unless, at the same time or prior thereto, the Issuer's obligations under the Notes are secured equally and rateably therewith.

The prohibition contained in this Condition 5 does not apply to:

- (i) Security created in connection with a project financing where the Issuer does not have any liability, actual or contingent, in respect of the obligations of the project or the company raising the finance. The Security permitted by this sub-paragraph must be limited to the assets of the project being financed or the shares of the company raising the finance;
 - (ii) Security arising in the ordinary course of banking transactions including sale and repurchase agreements and share, loan and bond lending transactions provided that any such transactions are for the purpose of financing or refinancing the assets which are the subject of the Security;

- (b) *Relevant Debt:* For the purposes of this Condition 5, "**Relevant Debt**" means any present or future indebtedness in the form of, or represented by, any bond, note, debenture, debenture stock, loan stock, certificate or other instrument which is for the time being, or is capable of being, quoted, listed or traded on any stock exchange or in any over-the-counter or other securities market.

- (c) *Note:* The prohibition contained in this Condition 5 shall apply to a Principal Subsidiary only to prohibit a Principal Subsidiary from creating or permitting to subsist Security which secures Relevant Debt of the Issuer or a guarantee or indemnity given by the Issuer in respect of Relevant Debt and not otherwise.

6. **Fixed Rate Note Provisions**

- (a) *Application:* This Condition 6 (*Fixed Rate Note Provisions*) is applicable to the Notes only if the Fixed Rate Note Provisions are specified in the relevant Final Terms as being applicable.
- (b) *Accrual of interest:* The Notes bear interest from the Interest Commencement Date at the Rate of Interest payable in arrear on each Interest Payment Date, subject as provided in Condition 11 (*Payments*). Each Note will cease to bear interest from the due date for final redemption unless, upon due presentation, payment of the Redemption Amount is improperly withheld or refused, in which case it will continue to bear interest in accordance with this Condition 6 (as well after as before judgment) until whichever is the earlier of (i) the day on which all sums due in respect of such Note up to that day are received by or on behalf of the relevant Noteholder and (ii) the day which is seven days after the Fiscal Agent has notified the Noteholders that it has received all sums due in respect of the Notes up to such seventh day (except to the extent that there is any subsequent default in payment).
- (c) *Fixed Coupon Amount and Broken Amount:* The amount of interest payable in respect of each Note for any Interest Period shall be the relevant Fixed Coupon Amount or, if specified in the relevant Final Terms as being applicable, the Broken Amount and, if the Notes are in more than one Specified Denomination, shall be the relevant Fixed Coupon Amount or, as the case may be, Broken Amount in respect of the relevant Specified Denomination.
- (d) *Calculation of interest amount:* The amount of interest payable in respect of each Note for any period for which a Fixed Coupon Amount is not specified shall be calculated by applying the Rate of Interest to the Calculation Amount, multiplying the product by the relevant Day Count Fraction, rounding the resulting figure to the nearest sub-unit of the Specified Currency (half a sub-unit being rounded upwards) and multiplying such rounded figure by a fraction equal to the Specified Denomination of such Note divided by the Calculation Amount. For this purpose a "**sub-unit**" means, in the case of any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, in the case of euro, means one cent.

7. **Floating Rate Note and Index-Linked Interest Note Provisions**

- (a) *Application:* This Condition 7 (*Floating Rate Note and Index-Linked Interest Note Provisions*) is applicable to the Notes only if the Floating Rate Note Provisions or the Index-Linked Interest Note Provisions are specified in the relevant Final Terms as being applicable.
- (b) *Accrual of interest:* The Notes bear interest from the Interest Commencement Date at the Rate of Interest payable in arrear on each Interest Payment Date, subject as provided in Condition 11 (*Payments*). Each Note will cease to bear interest from the due date for final redemption unless, upon due presentation, payment of the Redemption Amount is improperly withheld or refused, in which case it will continue to bear interest in accordance with this Condition (as well after as before judgment) until whichever is the earlier of (i) the day on which all sums due in respect of such Note up to that day are received by or on behalf of the relevant Noteholder and (ii) the day which is seven days after the Fiscal Agent has notified the Noteholders that it has received all sums due in respect of the Notes up to such seventh day (except to the extent that there is any subsequent default in payment).
- (c) *Screen Rate Determination:* If Screen Rate Determination is specified in the relevant Final Terms as the manner in which the Rate(s) of Interest is/are to be determined, the Rate of Interest applicable to the Notes for each Interest Period will be determined by the Calculation Agent on the following basis:

- (i) if the Reference Rate is a composite quotation or customarily supplied by one entity, the Calculation Agent will determine the Reference Rate which appears on the Relevant Screen Page as of the Relevant Time on the relevant Interest Determination Date;
- (ii) in any other case, the Calculation Agent will determine the arithmetic mean of the Reference Rates which appear on the Relevant Screen Page as of the Relevant Time on the relevant Interest Determination Date;
- (iii) if, in the case of (i) above, such rate does not appear on that page or, in the case of (ii) above, fewer than two such rates appear on that page or if, in either case, the Relevant Screen Page is unavailable, the Calculation Agent will:
 - (A) request the principal Relevant Financial Centre office of each of the Reference Banks to provide a quotation of the Reference Rate at approximately the Relevant Time on the Interest Determination Date to prime banks in the Relevant Financial Centre interbank market in an amount that is representative for a single transaction in that market at that time; and
 - (B) determine the arithmetic mean of such quotations; and
- (iv) if fewer than two such quotations are provided as requested, the Calculation Agent will determine the arithmetic mean of the rates (being the nearest to the Reference Rate, as determined by the Calculation Agent) quoted by major banks in the Principal Financial Centre of the Specified Currency, selected by the Calculation Agent, at approximately 11.00 a.m. (local time in the Principal Financial Centre of the Specified Currency) on the first day of the relevant Interest Period for loans in the Specified Currency to leading European banks for a period equal to the relevant Interest Period and in an amount that is representative for a single transaction in that market at that time,

and the Rate of Interest for such Interest Period shall be the sum of the Margin and the rate or (as the case may be) the arithmetic mean so determined; **provided, however, that** if the Calculation Agent is unable to determine a rate or (as the case may be) an arithmetic mean in accordance with the above provisions in relation to any Interest Period, the Rate of Interest applicable to the Notes during such Interest Period will be the sum of the Margin and the rate or (as the case may be) the arithmetic mean last determined in relation to the Notes in respect of a preceding Interest Period.

- (d) *ISDA Determination:* If ISDA Determination is specified in the relevant Final Terms as the manner in which the Rate(s) of Interest is/are to be determined, the Rate of Interest applicable to the Notes for each Interest Period will be the sum of the Margin and the relevant ISDA Rate where "ISDA Rate" in relation to any Interest Period means a rate equal to the Floating Rate (as defined in the ISDA Definitions) that would be determined by the Calculation Agent under an interest rate swap transaction if the Calculation Agent were acting as Calculation Agent for that interest rate swap transaction under the terms of an agreement incorporating the ISDA Definitions and under which:
 - (i) the Floating Rate Option (as defined in the ISDA Definitions) is as specified in the relevant Final Terms;
 - (ii) the Designated Maturity (as defined in the ISDA Definitions) is a period specified in the relevant Final Terms; and
 - (iii) the relevant Reset Date (as defined in the ISDA Definitions) is either (A) if the relevant Floating Rate Option is based on the London inter-bank offered rate (LIBOR) for a currency, the first day of that Interest Period or (B) in any other case, as specified in the relevant Final Terms.
- (e) *Index-Linked Interest:* If the Index-Linked Interest Note Provisions are specified in the relevant Final Terms as being applicable, the Rate(s) of Interest applicable to the Notes for each Interest Period will be determined in the manner specified in the relevant Final Terms.

- (f) *Maximum or Minimum Rate of Interest:* If any Maximum Rate of Interest or Minimum Rate of Interest is specified in the relevant Final Terms, then the Rate of Interest shall in no event be greater than the maximum or be less than the minimum so specified.
- (g) *Calculation of Interest Amount:* The Calculation Agent will, as soon as practicable after the time at which the Rate of Interest is to be determined in relation to each Interest Period, calculate the Interest Amount payable in respect of each Note for such Interest Period. The Interest Amount will be calculated by applying the Rate of Interest for such Interest Period to the Calculation Amount, multiplying the product by the relevant Day Count Fraction, rounding the resulting figure to the nearest sub-unit of the Specified Currency (half a sub-unit being rounded upwards) and multiplying such rounded figure by a fraction equal to the Specified Denomination of the relevant Note divided by the Calculation Amount. For this purpose a "sub-unit" means, in the case of any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, in the case of euro, means one cent.
- (h) *Calculation of other amounts:* If the relevant Final Terms specifies that any other amount is to be calculated by the Calculation Agent, the Calculation Agent will, as soon as practicable after the time or times at which any such amount is to be determined, calculate the relevant amount. The relevant amount will be calculated by the Calculation Agent in the manner specified in the relevant Final Terms.
- (i) *Publication:* The Calculation Agent will cause each Rate of Interest and Interest Amount determined by it, together with the relevant Interest Payment Date, and any other amount(s) required to be determined by it together with any relevant payment date(s) to be notified to the Paying Agents and each competent authority, stock exchange and/or quotation system (if any) by which the Notes have then been admitted to listing, trading and/or quotation as soon as practicable after such determination but (in the case of each Rate of Interest, Interest Amount and Interest Payment Date) in any event not later than the first day of the relevant Interest Period. Notice thereof shall also promptly be given to the Noteholders. The Calculation Agent will be entitled to recalculate any Interest Amount (on the basis of the foregoing provisions) without notice in the event of an extension or shortening of the relevant Interest Period. If the Calculation Amount is less than the minimum Specified Denomination the Calculation Agent shall not be obliged to publish each Interest Amount but instead may publish only the Calculation Amount and the Interest Amount in respect of a Note having the minimum Specified Denomination.
- (j) *Notifications etc:* All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of this Condition by the Calculation Agent will (in the absence of manifest error) be binding on the Issuer, the Paying Agents, the Noteholders and the Couponholders and (subject as aforesaid) no liability to any such Person will attach to the Calculation Agent in connection with the exercise or non-exercise by it of its powers, duties and discretions for such purposes.

8. **Zero Coupon Note Provisions**

- (a) *Application:* This Condition 8 (*Zero Coupon Note Provisions*) is applicable to the Notes only if the Zero Coupon Note Provisions are specified in the relevant Final Terms as being applicable.
- (b) *Late payment on Zero Coupon Notes:* If the Redemption Amount payable in respect of any Zero Coupon Note is improperly withheld or refused, the Redemption Amount shall thereafter be an amount equal to the sum of:
 - (i) the Reference Price; and
 - (ii) the product of the Accrual Yield (compounded annually) being applied to the Reference Price on the basis of the relevant Day Count Fraction from (and including) the Issue Date to (but excluding) whichever is the earlier of (i) the day on which all sums due in respect of such Note up to that day are received by or on behalf of the relevant Noteholder and (ii) the day which is seven days after the Fiscal Agent has notified the Noteholders that it has received all sums due in respect of the Notes up to such seventh day (except to the extent that there is any subsequent default in payment).

9. **Dual Currency Note Provisions**

- (a) *Application:* This Condition 9 (*Dual Currency Note Provisions*) is applicable to the Notes only if the Dual Currency Note Provisions are specified in the relevant Final Terms as being applicable.

- (b) *Redemption for tax reasons:* The Notes may be redeemed at the option of the Issuer in whole, but not in part:
 - (i) at any time (if neither the Floating Rate Note Provisions or the Index-Linked Interest Note Provisions or the Dual Currency Note Provisions are specified in the relevant Final Terms as being applicable); or
 - (ii) on any Interest Payment Date (if the Floating Rate Note Provisions or the Index-Linked Interest Note Provisions or the Dual Currency Note Provisions are specified in the relevant Final Terms as being applicable),

on giving not less than 30 nor more than 60 days' notice to the Noteholders (which notice shall be irrevocable), at their Early Redemption Amount (Tax), together with interest accrued (if any) to the date fixed for redemption, if:

- (A) the Issuer has or will become obliged to pay additional amounts as provided or referred to in Condition 13 (*Taxation*) as a result of any change in, or amendment to, the laws or regulations of Denmark or any political subdivision or any authority thereof or therein having power to tax, or any change in the application or official interpretation of such laws or regulations (including a holding by a court of competent jurisdiction), which change or amendment becomes effective on or after the date of issue of the first Tranche of the Notes; and
- (B) such obligation cannot be avoided by the Issuer taking reasonable measures available to it,

provided, however, that no such notice of redemption shall be given earlier than:

- (1) where the Notes may be redeemed at any time, 90 days prior to the earliest date on which the Issuer would be obliged to pay such additional amounts if a payment in respect of the Notes were then due; or
- (2) where the Notes may be redeemed only on an Interest Payment Date, 60 days prior to the Interest Payment Date occurring immediately before the earliest date on which the Issuer would be obliged to pay such additional amounts if a payment in respect of the Notes were then due.

Prior to the publication of any notice of redemption pursuant to this paragraph, the Issuer shall deliver to the Fiscal Agent a certificate signed by two directors of the Issuer stating that the Issuer is entitled to effect such redemption and setting forth a statement of facts showing that the conditions precedent to the right of the Issuer so to redeem have occurred of. Upon the expiry of any such

notice as is referred to in this Condition 10(b), the Issuer shall be bound to redeem the Notes in accordance with this Condition 10(b).

- (c) *Redemption at the option of the Issuer:* If the Call Option is specified in the relevant Final Terms as being applicable, the Notes may be redeemed at the option of the Issuer in whole or, if so specified in the relevant Final Terms, in part on any Optional Redemption Date (Call) at the relevant Optional Redemption Amount (Call) on the Issuer's giving not less than 30 nor more than 60 days' notice to the Noteholders (which notice shall be irrevocable and shall oblige the Issuer to redeem the Notes or, as the case may be, the Notes specified in such notice on the relevant Optional Redemption Date (Call) at the Optional Redemption Amount (Call) plus accrued interest (if any) to such date).
- (d) *Partial redemption:* If the Notes are to be redeemed in part only on any date in accordance with Condition 10(c) (*Redemption at the option of the Issuer*), in the case of Bearer Notes, the Notes to be redeemed shall be selected by the drawing of lots in such place as the Fiscal Agent approves and in such manner as the Fiscal Agent considers appropriate, subject to compliance with applicable law, the rules of each competent authority, stock exchange and/or quotation system (if any) by which the Notes have then been admitted to listing, trading and/or quotation and the notice to Noteholders referred to in Condition 10(c) (*Redemption at the option of the Issuer*) shall specify the serial numbers of the Notes so to be redeemed, and, in the case of Registered Notes, each Note shall be redeemed in part in the proportion which the aggregate principal amount of the outstanding Notes to be redeemed on the relevant Optional Redemption Date (Call) bears to the aggregate principal amount of outstanding Notes on such date. If any Maximum Redemption Amount or Minimum Redemption Amount is specified in the relevant Final Terms, then the Optional Redemption Amount (Call) shall in no event be greater than the maximum or be less than the minimum so specified.
- (e) *Redemption at the option of Noteholders:* If the Put Option is specified in the relevant Final Terms as being applicable, the Issuer shall, at the option of the Holder of any Note redeem such Note on the Optional Redemption Date (Put) specified in the relevant Put Option Notice at the relevant Optional Redemption Amount (Put) together with interest (if any) accrued to such date. In order to exercise the option contained in this Condition 10(e), the Holder of a Note must, not less than 30 nor more than 60 days before the relevant Optional Redemption Date (Put), deposit with any Paying Agent such Note together with all unmatured Coupons relating thereto and a duly completed Put Option Notice in the form obtainable from any Paying Agent. The Paying Agent with which a Note is so deposited shall deliver a duly completed Put Option Receipt to the depositing Noteholder. No Note, once deposited with a duly completed Put Option Notice in accordance with this Condition 10(e), may be withdrawn; **provided, however, that** if, prior to the relevant Optional Redemption Date (Put), any such Note becomes immediately due and payable or, upon due presentation of any such Note on the relevant Optional Redemption Date (Put), payment of the redemption moneys is improperly withheld or refused, the relevant Paying Agent shall mail notification thereof to the depositing Noteholder at such address as may have been given by such Noteholder in the relevant Put Option Notice and shall hold such Note at its Specified Office for collection by the depositing Noteholder against surrender of the relevant Put Option Receipt. For so long as any outstanding Note is held by a Paying Agent in accordance with this Condition 10(e), the depositor of such Note and not such Paying Agent shall be deemed to be the Holder of such Note for all purposes.
- (f) *No other redemption:* The Issuer shall not be entitled to redeem the Notes otherwise than as provided in paragraphs (a) to (e) above.
- (g) *Early redemption of Zero Coupon Notes:* Unless otherwise specified in the relevant Final Terms, the Redemption Amount payable on redemption of a Zero Coupon Note at any time before the Maturity Date shall be an amount equal to the sum of:
 - (i) the Reference Price; and
 - (ii) the product of the Accrual Yield (compounded annually) being applied to the Reference Price from (and including) the Issue Date to (but excluding) the date fixed for

redemption or (as the case may be) the date upon which the Note becomes due and payable.

Where such calculation is to be made for a period which is not a whole number of years, the calculation in respect of the period of less than a full year shall be made on the basis of such Day Count Fraction as may be specified in the Final Terms for the purposes of this Condition 10(g) or, if none is so specified, a Day Count Fraction of 30E/360.

- (h) *Purchase:* The Issuer or any of its Subsidiaries may at any time purchase Notes in the open market or otherwise and at any price, **provided that** all unmatured Coupons are purchased therewith.
- (i) *Cancellation:* All Notes so redeemed or purchased by the Issuer or any of its Subsidiaries and any unmatured Coupons attached to or surrendered with them shall be cancelled and may not be reissued or resold.
- (j) *Redemption at the option of the Issuer at any time:* If Optional Redemption by the Issuer is specified hereon, the Issuer may, on giving irrevocable notice to the Noteholders of any proposed redemption at least 30 days, but not more than 60 days, before the redemption date specified in such notice, redeem such Notes in whole but not in part on such specified redemption date at the Issuer Redemption Amount.

From and after the redemption date specified pursuant to this Condition 10(j), if the Issuer Redemption Amount is made available and the relevant Notes are called for redemption on such redemption date, the Notes will cease to bear interest, and the only right of the holders of the Notes will be to receive payment of the Issuer Redemption Amount and all unpaid interest accrued to the date of redemption.

11. **Payments — Bearer Notes**

This Condition 11 is only applicable to Bearer Notes.

- (a) *Principal:* Payments of principal shall be made only against presentation and (**provided that** payment is made in full) surrender of Bearer Notes at the Specified Office of any Paying Agent outside the United States by cheque drawn in the currency in which the payment is due on, or by transfer to an account denominated in that currency (or, if that currency is euro, any other account to which euro may be credited or transferred) and maintained by the payee with, a bank in the Principal Financial Centre of that currency.
- (b) *Interest:* Payments of interest shall, subject to paragraph (h) below, be made only against presentation and (**provided that** payment is made in full) surrender of the appropriate Coupons at the Specified Office of any Paying Agent outside the United States in the manner described in paragraph (a) above.
- (c) *Payments in New York City:* Payments of principal or interest may be made at the Specified Office of a Paying Agent in New York City if (i) the Issuer has appointed Paying Agents outside the United States with the reasonable expectation that such Paying Agents will be able to make payment of the full amount of the interest on the Notes in the currency in which the payment is due when due, (ii) payment of the full amount of such interest at the offices of all such Paying Agents is illegal or effectively precluded by exchange controls or other similar restrictions and (iii) payment is permitted by applicable United States law.
- (d) *Payments subject to fiscal laws:* All payments in respect of the Bearer Notes are subject in all cases to any applicable fiscal or other laws and regulations in the place of payment, but without prejudice to the provisions of Condition 13 (*Taxation*). No commissions or expenses shall be charged to the Noteholders or Couponholders in respect of such payments.
- (e) *Deductions for unmatured Coupons:* If the relevant Final Terms specifies that the Fixed Rate Note Provisions are applicable and a Bearer Note is presented without all unmatured Coupons relating thereto:

- (i) if the aggregate amount of the missing Coupons is less than or equal to the amount of principal due for payment, a sum equal to the aggregate amount of the missing Coupons will be deducted from the amount of principal due for payment; **provided, however, that** if the gross amount available for payment is less than the amount of principal due for payment, the sum deducted will be that proportion of the aggregate amount of such missing Coupons which the gross amount actually available for payment bears to the amount of principal due for payment;
- (ii) if the aggregate amount of the missing Coupons is greater than the amount of principal due for payment:
 - (A) so many of such missing Coupons shall become void (in inverse order of maturity) as will result in the aggregate amount of the remainder of such missing Coupons (the "**Relevant Coupons**") being equal to the amount of principal due for payment; **provided, however, that** where this sub-paragraph would otherwise require a fraction of a missing Coupon to become void, such missing Coupon shall become void in its entirety; and
 - (B) a sum equal to the aggregate amount of the Relevant Coupons (or, if less, the amount of principal due for payment) will be deducted from the amount of principal due for payment; **provided, however, that**, if the gross amount available for payment is less than the amount of principal due for payment, the sum deducted will be that proportion of the aggregate amount of the Relevant Coupons (or, as the case may be, the amount of principal due for payment) which the gross amount actually available for payment bears to the amount of principal due for payment.

Each sum of principal so deducted shall be paid in the manner provided in paragraph (a) above against presentation and (**provided that** payment is made in full) surrender of the relevant missing Coupons.

- (f) *Unmatured Coupons void:* If the relevant Final Terms specifies that this Condition 11(f) is applicable or that the Floating Rate Note Provisions or the Index-Linked Interest Note Provisions or the Dual Currency Note Provisions are applicable, on the due date for final redemption of any Note or early redemption in whole of such Note pursuant to Condition 10(b) (*Redemption for tax reasons*), Condition 10(e) (*Redemption at the option of Noteholders*), Condition 10(c) (*Redemption at the option of the Issuer*), Condition 10(j) (*Redemption at the option of the Issuer at any time*) or Condition 14 (*Events of Default*), all unmatured Coupons relating thereto (whether or not still attached) shall become void and no payment will be made in respect thereof.
- (g) *Payments on business days:* If the due date for payment of any amount in respect of any Bearer Note or Coupon is not a Payment Business Day in the place of presentation, the Holder shall not be entitled to payment in such place of the amount due until the next succeeding Payment Business Day in such place and shall not be entitled to any further interest or other payment in respect of any such delay.
- (h) *Payments other than in respect of matured Coupons:* Payments of interest other than in respect of matured Coupons shall be made only against presentation of the relevant Bearer Notes at the Specified Office of any Paying Agent outside the United States (or in New York City if permitted by paragraph (c) above).

The initial Agents and their initial Specified Offices are listed below. The initial Calculation Agent (if any) is specified in the relevant Final Terms. The Issuer reserve the right at any time to vary or terminate the appointment of any Agent and to appoint a successor fiscal agent or registrar or Calculation Agent and additional or successor paying agents; **provided, however, that:**

- (a) the Issuer shall at all times maintain a fiscal agent and a registrar; and

Such a meeting may be convened by the Issuer and shall be convened by them upon the request in writing of Noteholders holding not less than one-tenth of the aggregate principal amount of the outstanding Notes. The quorum at any meeting convened to vote on an Extraordinary Resolution will be two or more Persons holding or representing one more than half of the aggregate principal amount of the outstanding Notes or, at any adjourned meeting, two or more Persons being or representing Noteholders whatever the principal amount of the Notes held or represented; **provided, however, that** Reserved Matters may only be sanctioned by an Extraordinary Resolution passed at a meeting of Noteholders at which two or more Persons holding or representing not less than three-quarters or, at any adjourned meeting, one-quarter of the aggregate principal amount of the outstanding Notes form a quorum. Any Extraordinary Resolution duly passed at any such meeting shall be binding on all the Noteholders and Couponholders, whether present or not.

In addition, a resolution in writing signed by or on behalf of all Noteholders who for the time being are entitled to receive notice of a meeting of Noteholders will take effect as if it were an Extraordinary Resolution. Such a resolution in writing may be contained in one document or several documents in the same form, each signed by or on behalf of one or more Noteholders.

- (b) *Modification:* The Notes, these Conditions and the Deed of Covenant may be amended without the consent of the Noteholders or the Couponholders to correct a manifest error. In addition, the parties to the Agency Agreement may agree to modify any provision thereof, but the Issuer shall not agree, without the consent of the Noteholders, to any such modification unless it is of a formal, minor or technical nature, it is made to correct a manifest error or it is, in the opinion of such parties, not materially prejudicial to the interests of the Noteholders.

19. **Further Issues**

The Issuer may from time to time, without the consent of the Noteholders or the Couponholders, create and issue further notes having the same terms and conditions as the Notes in all respects (or in all respects except for the first payment of interest) so as to form a single series with the Notes.

Couponholders shall be deemed for all purposes to have notice of the contents of any notice given to the Holders of Bearer Notes.
- (b) *Registered Notes:* Notices to the Holders of Registered Notes shall be sent to them by first class mail (or its equivalent) or (if posted to an overseas address) by airmail at their respective addresses on the Register and, if the Registered Notes are admitted to trading on the Luxembourg Stock Exchange and it is a requirement of applicable law or regulations, notices to Noteholders will be published on the date of such mailing in a leading newspaper having general circulation in Luxembourg (which is expected to be *Luxemburger Wort* or the *Tageblatt*) or published on the website of the Luxembourg Stock Exchange (www.bourse.lu) or, in either case, if such publication is not practicable, in a leading English language daily newspaper having general

circulation in Europe. Any such notice shall be deemed to have been given on the fourth day after the date of mailing.

21. **Currency Indemnity**

If any sum due from the Issuer in respect of the Notes or the Coupons or any order or judgment given or made in relation thereto has to be converted from the currency (the "**first currency**") in which the same is payable under these Conditions or such order or judgment into another currency (the "**second currency**") for the purpose of (a) making or filing a claim or proof against the Issuer, (b) obtaining an order or judgment in any court or other tribunal or (c) enforcing any order or judgment given or made in relation to the Notes, the Issuer shall indemnify each Noteholder, on the written demand of such Noteholder addressed to the Issuer and delivered to the Issuer or to the Specified Office of the Fiscal Agent, against any loss suffered as a result of any discrepancy between (i) the rate of exchange used for such purpose to convert the sum in question from the first currency into the second currency and (ii) the rate or rates of exchange at which such Noteholder may in the ordinary course of business purchase the first currency with the second currency upon receipt of a sum paid to it in satisfaction, in whole or in part, of any such order, judgment, claim or proof.

This indemnity constitutes a separate and independent obligation of the Issuer and shall give rise to a separate and independent cause of action.

22. **Rounding**

- (a) For the purposes of any calculations referred to in these Conditions (unless otherwise specified in these Conditions or the relevant Final Terms), (a) all percentages resulting from such calculations will be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point (with 0.000005 per cent. being rounded up to 0.00001 per cent.), (b) all United States dollar amounts used in or resulting from such calculations will be rounded to the nearest cent (with one half cent being rounded up), (c) all Japanese Yen amounts used in or resulting from such calculations will be rounded downwards to the next lower whole Japanese Yen amount, and (d) all amounts denominated in any other currency used in or resulting from such calculations will be rounded to the nearest two decimal places in such currency, with 0.005 being rounded upwards.

23. **Governing Law and Jurisdiction**

- (a) *Governing law:* The Notes and any non-contractual obligations arising out of or in connection with the Notes are governed by English law.
- (b) *English courts:* The courts of England have exclusive jurisdiction to settle any dispute (a "**Dispute**") arising out of or in connection with the Notes (including any non-contractual obligation arising out of or in connection with the Notes).
- (c) *Appropriate forum:* The Issuer agrees that the courts of England are the most appropriate and convenient courts to settle any Dispute and, accordingly, that it will not argue to the contrary.
- (d) *Rights of the Noteholders to take proceedings outside England:* Condition 23(b) (*English courts*) is for the benefit of the Noteholders only. As a result, nothing in this Condition 23 (*Governing law and jurisdiction*) prevents any Noteholder from taking proceedings relating to a Dispute ("**Proceedings**") in any other courts with jurisdiction. To the extent allowed by law, Noteholders may take concurrent Proceedings in any number of jurisdictions.
- (e) *Process agent:* The Issuer agrees that the documents which start any Proceedings and any other documents required to be served in relation to those Proceedings may be served on it by being delivered to Wilmington Trust SP Services (London) Limited at 5th Floor, 6 Broad Street Place, London EC2M 7JH, United Kingdom or, if different, its registered office for the time being or at any address of the Issuer in Great Britain at which process may be served on it in accordance with the Companies Act 2006. If such person is not or ceases to be effectively appointed to accept service of process on behalf of the Issuer, the Issuer shall, on the written demand of any Noteholder addressed and delivered to the Issuer or to the Specified Office of the Fiscal Agent appoint a further person in England to accept service of process on its behalf and, failing such

appointment within 15 days, any Noteholder shall be entitled to appoint such a person by written notice addressed to the Issuer and delivered to the Issuer or to the Specified Office of the Fiscal Agent. Nothing in this paragraph shall affect the right of any Noteholder to serve process in any other manner permitted by law. This Condition applies to Proceedings in England and to Proceedings elsewhere.

DESCRIPTION OF THE ISSUER

History and Development

The Issuer is a Danish-based European full-service provider of communications solutions. The Issuer is the leading provider of telecommunications and pay-TV in Denmark, with a market-leading position (both measured by number of customers) in each of its major business segments: landline telephony, internet access, mobility services and pay-TV (source: NITA Report entitled "*Telecom Statistics - First Half of 2011*"). Outside of Denmark, the Issuer has a significant presence in the pan-Nordic telecommunications market.

In 2006, the Issuer embarked on a strategy to concentrate on its core Nordic markets and to become a clear and focused Nordic telecommunications operator through strategic in-country consolidation and divestments of its non-Nordic international assets. Going forward the Issuer's M&A policy is to focus on bolt-on, in-country acquisitions in Denmark and the other Nordic countries.

The Issuer's legal and commercial names are TDC A/S and TDC, respectively. The Issuer was incorporated as an "aktieselskab" (public limited liability company) on 14 November 1990 and is organised under the laws of the Kingdom of Denmark (its Central Business Registration number in Denmark is 1477 3908). The Issuer is headquartered at Teglholmsgade 3, DK-0900 Copenhagen C, Denmark (telephone: +45 66 63 77 77). The Issuer's shares are listed on the Nasdaq OMX Copenhagen Exchange (ISIN DK0060228559).

The objects of the Issuer are to conduct business within communications, services, directories, media, investment, financing, advisory services, trade and any other related business, whether in Denmark or abroad, if appropriate in the form of joint ventures with other Danish or foreign-based companies, as specified in paragraph 3 of the Issuer's Articles of Association. The Issuer's current Articles of Association were adopted by the Issuer's annual general meeting on 9 March 2011.

TDC was partly privatised in 1994 and fully privatised in 1998. TDC's largest shareholder, NTC Holding G.P. & CIE S.C.A. ("**NTC**") is, through its parent company NTC Parent S.à r.l., controlled by investment funds, each of which is advised or managed, directly or indirectly, by Apax Partners LLP, The Blackstone Group, Kohlberg Kravis Roberts & Co. L.P., Permira Advisers KB or Providence Equity Partners Limited (see "*Major Shareholders*" below).

Recent Events

Settlement of dispute between Danish Polish Telecommunication Group I/S ("**DPTG**") and Telekomunikacja Polska S.A. ("**TPSA**")

In relation to the dispute between DPTG and TPSA regarding determination of traffic volumes, which has been ongoing since 2001, a settlement agreement was entered into by the parties on 12 January 2012 according to which, TPSA is to pay EUR 550 million (equivalent to approximately DKK 4.1 billion) to DPTG in full and final settlement of all claims relating to the dispute. As a result of holding a 25% ownership interest in DPTG, the Issuer will receive approximately DKK 1.0 billion, which, after tax, will amount to approximately DKK 770 million. The settlement amount was received on 13 January 2012 (EUR 275 million) and on 19 January 2012 (EUR 275 million).

Share Buy-Back Programme

The Board of Directors of the Issuer decided to initiate a share buy-back programme of up to DKK 750,000,000, the purpose of which is to distribute to the shareholders the amounts (less taxes and costs) received from TPSA in connection with the settlement of the dispute between DPTG and TPSA announced by the Issuer on 12 January 2012.

The share buy-back programme was initially scheduled to run from 6 February 2012 to 31 December 2012 during which time the Issuer intended to repurchase shares for an amount of up to DKK 750,000,000. Under the terms of the share buy-back programme, the Issuer is entitled at any time to suspend or stop the share buy-back programme in the event of substantial changes in the Issuer's business or in the market or other extraordinary events and, following the offering of shares by NTC (see "*Offering of TDC Shares by NTC Holding G.P. & CIE S.C.A.*"), the Issuer announced on 13 February 2012 that it

had suspended the share buy-back programme. The Issuer decided to resume the share buy-back programme on 16 February 2012.

Offering of TDC Shares by NTC Holding G.P. & CIE S.C.A.

Pursuant to an offering to institutional investors, which was announced on 13 February 2012, approximately 128.7 million existing shares of the Issuer (approximately 15.6% of the Issuer's share capital) have been sold on behalf of certain shareholders of NTC. The Issuer will not receive any proceeds from the sale. Following payment and settlement of the transaction, which is expected to take place on or around 17 February 2012, NTC, which currently owns 59.1% of the outstanding shares of the Issuer (exclusive of treasury shares), will own approximately 43.3% of the Issuer's share capital and voting rights (exclusive of treasury shares). As a result of the offering, Morgan Stanley & Co. International plc. now holds shares in the Issuer amounting to approximately 7.13% of the total share capital and voting rights of the Issuer.

Business Activities of the TDC Group

Customers

As at 31 December 2011, the Issuer and its subsidiaries (the "**TDC Group**") had a total of 9.0 million RGUs, up 1.7 per cent. from 31 December 2010.

As at 31 December 2011, the TDC Group had 8,740,000 domestic RGUs, up from 8,590,000 as at 31 December 2010. This increase was attributable mainly to the acquisition of Onfone (constituting 206,000 RGUs as of 31 December 2011), partly offset by fewer landline voice RGUs, which decreased by 8.2 per cent. during this period due to customer migration from landline to mobile services.

The number of RGUs in Nordic increased by 14.8 per cent. or 34,000 from year-end 2010 to year-end 2011, through growth primarily within mobile RGUs, which increased by 28.4 per cent., but also due to an increase in landline and internet RGUs.

The Consumer division services the mass to premium market through the TDC brand and offers landline services including PSTN and VoIP telephony, xDSL broadband, TVoIP, CPE and various value added services, for example, music and security services, whereas the mobile communications services consist of subscription and prepaid voice and data services, mobile broadband and content. Insurance and Operational Risk Management

Insurance

The Issuer and its Danish and foreign subsidiaries maintain insurance covering property/business interruption, professional liability/general and product liability, terrorism insurance, directors and officers liability and crime insurance. Furthermore, the Issuer and its Danish subsidiaries maintain insurances covering workers compensation, group accident insurance, motor vehicle insurance, business travel insurance and expatriate insurance. Based on its risk analysis, the Issuer's policy has been to not insure its underground, air and sea cables.

The Issuer believes that its current insurance policies provide adequate coverage for its business, including protection for the nature and amount of risks the Issuer faces. The Issuer's foreign subsidiaries have motor vehicle and personnel-related insurance in place locally. These are not controlled by the Issuer's central risk management function.

Operational Risk Management

The Issuer has a central risk management function and a corporate security function which handle operational risk management in TDC. Additionally, each TDC subsidiary has appointed employees responsible for security and insurance issues who work closely together with the central Risk Management function. The risk management activities are governed largely by a corporate insurance policy and a corporate security policy.

The aim of the central risk management and corporate security functions is to systematically identify and reduce risks relating to TDC's assets, activities, and employees. It is the Issuer's policy to continuously reduce risks in general and to transfer catastrophe risks to insurance companies.

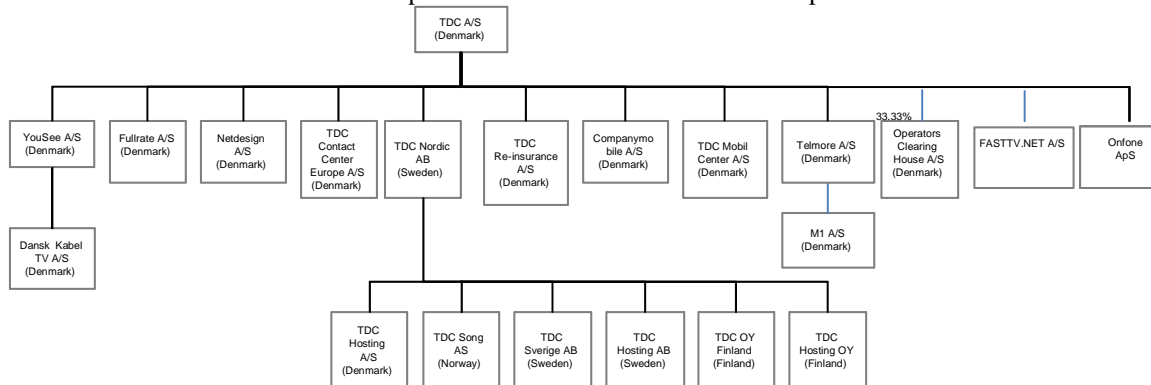

As part of the risk management strategy, a comprehensive annual risk survey program is conducted in close cooperation with external risk engineers. Insurance coverage is based on identified risk scenarios and insurance conditions available from insurance markets in Denmark and abroad.

The amount of self-retention of risk in TDC's insurance programs has been determined based on the risk assessment related to each individual area and the subsequent level of insurance premiums.

TAXATION

The following is a general description of certain EU and Danish tax considerations relating to the Notes. It does not purport to be a complete analysis of all tax considerations relating to the Notes, whether in those countries or elsewhere. Prospective purchasers of Notes should consult their own tax advisers as to which countries' tax laws could be relevant to acquiring, holding and disposing of Notes and receiving payments of interest, principal and/or other amounts under the Notes and the consequences of such actions under the tax laws of those countries. This summary is based upon the law as in effect on the date of this Base Prospectus and is subject to any change in law that may take effect after such date.

Danish Taxation

The following is a summary description of the taxation in Denmark of the Notes according to the Danish tax laws in force at the date hereof and is subject to any changes in law and the interpretation and application thereof, which changes could be made with retroactive effect. The following summary does not purport to be a comprehensive description of all the tax considerations that may be relevant to a decision to acquire, hold or dispose of the Notes, and does not purport to deal with the tax consequences applicable to all categories of investors, some of which (such as professional dealers in securities) may be subject to special rules. Potential investors are under all circumstances strongly recommended to contact their own tax advisor to clarify the individual consequences of their investment in, holding of and disposal of the Notes. The Issuer makes no representations regarding the tax consequences of purchase, holding or disposal of the Notes.

Taxation at source

Under existing Danish tax laws no general withholding tax or coupon tax will apply to payments of interest or principal or other amounts due on the Notes, other than in certain cases on payments in respect of controlled debt in relation to the Issuer. This will not have any impact on holders of Notes who are not "affiliated" with the Issuer pursuant to section 3B of the Danish Tax Control Act (Consolidated Act no. 1126 of 24 November 2005) (i.e., they control or are controlled by the Issuer or are controlled by the same group of shareholders as the Issuer).

Resident holders of Notes

Under existing Danish tax laws, private individuals, including persons who are engaged in financial trade, and companies, funds and similar entities, who are domiciled in Denmark for tax purposes, are (save for certain exceptions) liable to pay tax on capital gains on the Notes and on payments of interest under the Notes.

Non-resident holders of Notes

Under the Danish tax laws, payments of interest or principal amounts to any non-resident holders of Notes are not subject to taxation in Denmark, no withholding tax will be payable with respect to such payments and any capital gain realised upon the sale, exchange or retirement of a Note will not be subject to taxation in Denmark, other than in certain cases on payments in respect of controlled debt in relation to the Issuer as referred to under "Taxation at source" above.

This tax treatment applies solely to holders of Notes who are not subject to full tax liability in Denmark or included in a Danish joint taxation scheme and do not carry on business in Denmark through a permanent establishment.

Luxembourg Taxation

The following is a general description of certain Luxembourg tax considerations relating to the Notes. It specifically contains information on taxes on the income from the Notes withheld at source and provides an indication as to whether the Issuer assumes responsibility for the withholding of taxes at the source. It does not purport to be a complete analysis of all tax considerations relating to the Notes, whether in Luxembourg or elsewhere. Prospective purchasers of the Notes should consult their own tax advisers as to which countries' tax laws could be relevant to acquiring, holding and disposing of the Notes, payments of interest, principal and/or other amounts under the Notes and the consequences of such actions under the tax laws of Luxembourg. This summary is based upon the law as in effect on the date of this Base Prospectus. The information contained within this section is limited to withholding taxation issues, and

prospective investors should not apply any information set out below to other areas, including (but not limited to) the legality of transactions involving the Notes.

Withholding Tax

All payments of interest and principal by the Issuer in the context of the holding, disposal, redemption or repurchase of the Notes can be made free and clear of any withholding or deduction for or on account of any taxes of whatsoever nature imposed, levied, withheld, or assessed by Luxembourg or any political subdivision or taxing authority thereof or therein, in accordance with the applicable Luxembourg law, subject however to:

- (i) the application of the Luxembourg laws of 21 June 2005 implementing the EU Savings Tax Directive in the form of interest payments and ratifying several agreements concluded with certain dependent or associated territories and providing for the possible application of a withholding tax (35 per cent. from 1 July 2011) on interest paid to certain non Luxembourg resident investors (individuals and certain types of entities called "residual entities" within the meaning of article 4.2 of the EU Savings Tax Directive) in the event of the Issuer appointing a paying agent in Luxembourg within the meaning of the above-mentioned directive (see section "*EU Savings Tax Directive*" below) or agreements;
- (ii) the application as regards Luxembourg resident individuals of the Luxembourg law of 23 December 2005 which has introduced a 10 per cent. withholding tax on savings income (i.e., with certain exemptions, savings income within the meaning of the Luxembourg laws of 21 June 2005 implementing the EU Savings Tax Directive).

Pursuant to the law of 23 December 2005 as amended by the law of 17 July 2008, Luxembourg resident individuals can opt to self declare and pay a 10 per cent. tax on interest payments made by paying agents located in a Member State of the European Union other than Luxembourg, a Member State of the European Economic Area or in a State or territory which has concluded an agreement directly relating to the EU Savings Tax Directive.

The 10 per cent. withholding tax as described above or the 10 per cent tax are final when Luxembourg resident individuals are acting in the context of the management of their private wealth.

Responsibility for the withholding of tax in application of the above-mentioned Luxembourg laws of 21 June 2005 and 23 December 2005 is assumed by the Luxembourg paying agent within the meaning of these laws and not by the Issuer.

EU Savings Tax Directive

On 3 June 2003, the EU Council of Economic and Finance Ministers adopted a directive regarding the taxation of savings income (the "**EU Savings Tax Directive**"). The EU Savings Tax Directive is, in principle, applied by Member States as from 1 July 2005 and has been implemented in Luxembourg by the laws of 21 June 2005. Under the EU Savings Tax Directive, each Member State is required to provide to the tax authorities of another Member State details of payments of interest or other similar income, within the meaning of the EU Savings Tax Directive, paid by a paying agent within the meaning of the EU Savings Tax Directive to an individual resident or certain types of entities called "residual entities", within the meaning of the EU Savings Tax Directive (the "**Residual Entity**" or "**Residual Entities**"), established in that other Member State (or certain dependent or associated territories). For a transitional period, however, Austria and Luxembourg are permitted to apply an optional information reporting system whereby if a beneficial owner, within the meaning of the EU Savings Tax Directive, does not comply with one of two procedures for information reporting, the relevant Member State will levy a withholding tax on payments to such beneficial owner. The withholding tax system applies for a transitional period during which the rate of the withholding is 35 per cent. as from 1 July 2011. The transitional period is to terminate at the end of first full fiscal year following agreement by certain non-EU countries to the exchange of information relating to such payments.

Also with effect from 1 July 2005, a number of non-EU countries (Switzerland, Andorra, Liechtenstein, Monaco and San Marino) and certain dependent or associated territories (Jersey, Guernsey, Isle of Man, Montserrat, British Virgin Islands, Netherlands Antilles, Aruba, Turk and Caicos, Anguilla and the Cayman Islands) have agreed to adopt similar measures (either provision of information or transitional withholding) in relation to payments made by a paying agent (within the meaning of the EU Savings Tax

Directive) within its jurisdiction to, or collected by such a paying agent for, an individual resident or a Residual Entity established in a Member State. In addition, Luxembourg has entered into reciprocal provision of information or transitional withholding arrangements with those dependent or associated territories in relation to payments made by a paying agent (within the meaning of the EU Savings Tax Directive) in a Member State to, or collected by such a paying agent for, an individual resident or a Residual Entity established in one of those territories.

The European Commission has announced on 13 November 2008 proposals to amend the EU Savings Tax Directive. If implemented, the proposed amendments would, *inter alia*, (i) extend the scope of the EU Savings Tax Directive to payments made through certain intermediate structures (whether or not established in an EU Member State) for the ultimate benefit of EU resident individuals, and (ii) provide for a wider definition of interest subject to the EU Savings Tax Directive. The European Parliament approved an amended version of this proposal on 24 April 2009. Investors who are in any doubt as to their position should consult their professional advisers.

GLOSSARY OF TECHNICAL TERMS

The following explanations are not intended as technical definitions, but to assist the general reader to understand certain terms as used in this Base Prospectus:

"**3G**" means third-generation mobile networks that can deliver voice, data and multimedia content at high speed.

"**ADSL**" means Asymmetric Digital Subscriber Line, which is based on DSL technology.

"**ARPU**" means the Average Revenue Per User and is calculated per month. TDC calculates ARPU for a given product group as its total revenue divided by the average RGUs in the period. ARPU includes gross traffic revenue unless otherwise stated.

"**Broadband**" means data communication forms of a certain bandwidth that depending on the relevant context is perceived to be significantly high or 'wide' in terms of information-carrying capacity. The most common broadband technologies are cable modem, DSL, mobile broadband and optical fibre. TDC applies NITA's definition in which broadband implies bandwidths higher than 144 kbps.

"**BSA**" or "**bitstream access**" means the situation where a provider installs a high-speed access link at the customer's premises and then makes this access link available to third parties, to enable them to provide high-speed services to customers.

"**Coax**" means a technology based on coaxial cables - electrical cables with an inner conductor surrounded by a flexible, tubular insulating layer, surrounded by a tubular conducting shield. Coax is used to transmit, among other things, radio frequency signals and distributing cable television signals.

"**CPE**" or "**customer premises equipment**" means equipment that is implemented or installed at a customer's premises. CPE includes the hardware required to handle TV as well as telephony and data traffic. Products handling telephony traffic range from large PABXs for the largest business corporations, to single telephones sold to small business customers and retail customers. Products handling data traffic consist mainly of routers, switches, DSL modems and other bridging equipment used to create LAN and WAN solutions.

"**DSL**" or "**digital subscriber line**" means a technology that enables a local-loop copper pair to transport high-speed data between an exchange building and the customers' premises.

"**DTH**" or "**direct-to-home**" refers to digital TV transmitted directly to households via satellite.

"**DTT**" means digital terrestrial television, which is a digital signal broadcast to standard aerials that are utilised to replace the, in Denmark, discontinued analogue signal.

"**Dual-play**" means the bundling of telephony and internet through one access channel only. Dual-play bundles are included as two customers in the total customer figures. All Fullrate xDSL customers are included as dual-play customers. A dual-play subscription must entail both services.

"**Ethernet**" means a type of networking technology for LANs and is increasingly used in the IP-networks.

"**Fibre optics communication**" or "**fibre**" means a technology used to transmit telephone signals, internet communications, and cable television signals. Due to much lower loss of intensity and interference, optical fibre has large advantages over existing copper wire in long-distance and high-demand applications.

"**GSM**" or "**global system for mobile communications**" means a comprehensive digital network for the operation of all aspects of a mobile telephone system.

"**IP**" or "**internet protocol**" means a standard protocol whereby internet-user data is divided into packets to be sent onto the correct network pathway. In addition, IP gives each packet an assigned number so that the message completion can be verified. Before packets are delivered to their destination, the protocol carries unifying procedures so that they are delivered in their original form.

"**IP-VPN**" means IP-based Virtual Private Network, which is a network that enables organisations to use a shared network to connect remote sites or users together.

"**ISDN**" or "**integrated services digital network**" means a means of providing more channels of 64 kbps over the existing regular phone line, which can be used for either integrated voice and data or solely data transmission. An ISDN modem is necessary to connect to the network. The ISDN technology enables 2-30 channels at the same line.

"**kbps**" means kilobits per second.

"**LAN**" or "**local area network**" refers to a short-distance data communications network (typically within a company) used to link computers, which allows data and printer sharing.

"**LTE**" or "**long term evolution**" means a set of enhancements to UMTS designed to increase capacity and speed on mobile telephone networks.

"**MNO**" or "**mobile network operator**" means a company that has frequency allocation(s), as opposed to a MVNO, and all the required infrastructure to run an independent mobile network.

"**MVNO**" or "**mobile virtual network operators**" means a mobile operator that does not have frequency allocation. MVNOs have business arrangements with MNOs to buy traffic and data for sale to their own customers.

"**OTT**" or "**over the top**" refers to online delivery of video and audio without the internet service provider being involved in the control or distribution of the content itself.

"**OPEX**" means operational expenditure.

"**PABX**" or "**private automatic branch exchange**" is an automatic telephone switching system within a private enterprise. Originally, such systems - called private branch exchanges (PBX) - required the use of a live operator. As today almost all private branch exchanges are automatic, the abbreviation PBX has been extended to PABX.

"**Prepaid**" means when the customer pays for a specified amount of credit for services upfront. The credit then diminishes as the customer uses the service. TDC considers online systems with prepayment characteristics to be mobile voice subscriptions, as users create accounts and generally remain subscribers longer. As a result, customers at Telmore and M1 are considered as mobile voice subscriptions.

"**PSTN**" or "**public switched telephone network**" means the telecommunications network based on copper lines carrying analogue voice and data - traditional landline telephony.

"**RGU**" means the total number of customer relationships that generate revenue for TDC, including customers with subscription and customers without subscriptions calculated according to the following general principles: Landline customers who have generated revenue within the last 3 months; prepaid cards used at least once within the last 3 months; dial-up internet customers who accessed the internet at least once within the last 3 months. TDC's RGU statement includes the number of main products sold by TDC's residential, business and wholesale segments. The number of customers is not equal to the number of subscribers. An enterprise with 100 mobile voice subscriptions from TDC will be included as 100 RGUs in the RGU statement. As regards wholesale customers, a broadband provider with 20,000 BSA connections from TDC will be included as 20,000 RGUs. For other networks and data connections, the RGU category that is part of TDC's RGU base includes ULL, leased lines, fibre and data connection. Mobile broadband RGUs include mobile data cards and mobile broadband subscriptions. Dual- and triple-play bundles are included as two and three RGUs, respectively, in the total RGU figures. A YouSee TV customer subscribing to the digital TV add-on product YouSee Plus will be included as two TV RGUs. The term "RGU" does not reflect the number of actual end-users, e.g., an ISDN30 connection counts only as one RGU in TDC's customer base even though this product may involve 30 end-users.

"**SDH**" or "**Synchronous Digital Hierarchy**" means a standard technology for synchronous data transmission on optical media and provides faster and less-expensive network interconnection than traditional PDH (Plesiochronous Digital Hierarchy) equipment. In digital telephone transmission, synchronous means that the bits from one call are carried within one transmission frame. Plesiochronous means "almost synchronous" or a call that must be extracted from more than one transmission frame.

"**SHDSL**" or "**Symmetric High-speed Digital Subscriber Line**" means DSL technology with symmetric data transmission.

"**Triple-play**" means the bundling of telephony, internet and TV services through one access channel only. Triple play bundles are included as three customers in the total customer figures. A triple-play subscription must entail all three services.

"**TV**" means television.

"**TVoIP**" or "**TV over internet protocol**" means a system through which digital TV service is delivered using the internet and internet broadband access networks instead of being delivered through the traditional radio frequency broadcast, satellite signal or cable TV formats. TVoIP can be either IP TV or Web TV.

"**ULL**" or "**unbundled local loop**" means copper lines to which competing carriers have been granted access by the incumbent operator, allowing such alternative carriers to offer data transmission capacity and/or telephony to end users. (ULL is often referred to as raw copper.) Full ULL is used for customers without PSTN/ISDN subscription (wholesale or retail at TDC), shared ULL is used for customers with PSTN/ISDN subscriptions.

"**UMTS**" or "**universal mobile telecommunications systems**" means a 3G network designed to provide a wide range of voice, high-speed data and multimedia services.

"**VDSL**" means a DSL technology that provides faster data transmission than other DSL technologies over copper wires.

"**VoD**" or "**video-on-demand**" refers to transmission delivery of video (films or other video content) to a single user on request.

"**VoIP**" or "**voice over internet protocol**" means a telephone call over the internet. VoIP can be either with quality of service, i.e., guarantee of call quality comparable to PSTN, achieved through prioritising the traffic. Alternatively, VoIP can be computer to computer calls, with unprioritised traffic. This traffic is generally of a lower quality and is affected by general network usage and will be interrupted by network congestion. TDC VoIP is with quality of service.

"**WAN**" or "**wide area network**" refers to a long-distance data communications network and is a geographically dispersed collection of LANs. The internet, for instance, is a WAN, but a network between a company's divisions can also be a WAN.

"**xDSL**" means a family of technologies that provides digital data transmission over copper wires. See also ADSL, VDSL and SHDSL.
