

Euro 52,000,000,000

Euro Medium Term Note Programme

Under the Euro Medium Term Note Programme (the “**Programme**”) described in this base prospectus (the “**Base Prospectus**”), Banque Fédérative du Crédit Mutuel (“**BFCM**” or the “**Issuer**”), subject to compliance with all relevant laws, regulations and directives, may from time to time issue Euro Medium Term Notes to be governed either by English law (the “**English Law Notes**”), by French law (the “**French Law Notes**”) or by the law of New South Wales, Australia (the “**Australian Law Notes**”) and, together with the English Law Notes and the French Law Notes, the “**Notes**”). The aggregate principal amount of Notes outstanding will not at any time exceed euro 52,000,000,000 (or the equivalent in other currencies). This Base Prospectus supersedes and replaces the Base Prospectus dated 25 September 2020 and all supplements thereto.

Notes will be issued in one or more series (each a “**Series**”). Notes of each Series may be issued in one or more tranches (each a “**Tranche**”) on different issue dates and on terms otherwise identical (except in relation to the interest commencement dates and certain other matters related thereto). Notes may be either senior (“**Senior Notes**”) or subordinated (“**Subordinated Notes**”). Senior Notes may be either senior preferred Notes (“**Senior Preferred Notes**”) or senior non-preferred Notes (“**Senior Non-Preferred Notes**”). The terms and conditions of the English Law Notes (the “**English Law Conditions**”) are set out herein in the section headed “*Terms and Conditions of the English Law Notes*” and the terms and conditions of the French Law Notes (the “**French Law Conditions**”) are set out herein in the section headed “*Terms and Conditions of the French Law Notes*” (the English Law Conditions and the French Law Conditions together, the “**Terms and Conditions**” or the “**Conditions**”, reference to a “**Condition**” being a reference to the numbered paragraphs in the English Law Conditions and/or the French Law Conditions, unless otherwise specified).

This Base Prospectus constitutes a base prospectus for the purpose of Article 8 of Regulation (EU) 2017/1129, as amended (the “**Prospectus Regulation**”). This Prospectus received the approval number 21-337 on 20 July 2021 from the *Autorité des marchés financiers* (the “**AMF**”) as competent authority under Prospectus Regulation and shall be in force for a period of one (1) year as of the date of its approval by the AMF. The obligation to supplement this Base Prospectus in the event of a significant new factor, material mistake and material inaccuracy does not apply when this Base Prospectus is no longer valid. This Base Prospectus has been approved by the AMF in France in its capacity as competent authority pursuant to the Prospectus Regulation. The AMF only approves this Base Prospectus as meeting the standards of completeness, comprehensibility and consistency imposed by the Prospectus Regulation. Such approval should not be considered as an endorsement of the Issuer or the quality of the Notes that are subject of this Base Prospectus. Investors should make their own assessment as to the suitability of investing in the Notes.

Application may be made, for the period of 12 months from the date of approval by the AMF of this Base Prospectus, for Notes issued under the Programme to be listed and admitted to trading on Euronext Paris, to be listed on the official list of the Luxembourg Stock Exchange (the “**Official List**”) and admitted to trading on the regulated market of the Luxembourg Stock Exchange (the “**Luxembourg Stock Exchange**”) and/or to the competent authority of any other Member State of the European Economic Area (“**EEA**”) for Notes issued under the Programme to be listed and admitted to trading on a Regulated Market (as defined below) in such Member State. Euronext Paris and the regulated market of the Luxembourg Stock Exchange are regulated markets for the purposes of the Markets in Financial Instruments Directive 2014/65/EU, as amended, appearing on the list of regulated markets published by the European Securities and Markets Authority (a “**Regulated Market**”). The relevant final terms (the “**Final Terms**”) (forms of which are contained herein) in respect of the issue of any Notes will specify whether or not such Notes will be listed and admitted to trading on a Regulated Market and, if so, the relevant Regulated Market.

The Australian Law Notes will not be admitted to trading or listed on any market or stock exchange and nor will they be offered to the public in any jurisdiction. The terms and conditions of, and the form of Final Terms with respect to, Australian Law Notes is contained in the Australian Law Deed Poll dated the date of this Base Prospectus (the “**Australian Law Deed Poll**”).

The approbation number no. 21-337 granted by the AMF on 20 July 2021 to this Base Prospectus is only applicable for English Law Notes and French Law Notes to be listed and admitted to trading on a Regulated Market and/or offered to the public in France and/or in the Grand Duchy of Luxembourg and/or any other Member State of the EEA, in which this Base Prospectus has been passported from time to time. It is not relevant for Australian Law Notes and Notes issued under the Programme for which no prospectus is required under the Prospectus Regulation, as such Notes will not be admitted to trading or listed on any Regulated Market, nor will they be offered to the public in any Member State of the EEA.

Neither this Base Prospectus nor any other disclosure document in relation to the Notes has been, or will be, lodged with the Australian Securities and Investments Commission. No action has been taken which would permit an offering of the Notes in circumstances that would require disclosure under Parts 6D.2 or 7.9 of the Corporations Act 2001 of Australia.

The Issuer is neither a bank nor an authorised deposit-taking institution which is authorised under the Banking Act 1959 of Australia (the “**Australian Banking Act**”). The Notes will not be the obligations of the Australian Government and, in particular, the Notes will not be guaranteed by the Commonwealth of Australia. The Issuer is not supervised by the Australian Prudential Regulation Authority. An investment in any Notes issued by the Issuer will not be covered by the depositor protection provisions in section 13A of the Australian Banking Act and will not be covered by the Australian Government’s bank deposit guarantee (also commonly referred to as the Financial Claims Scheme).

Notes will be in such denomination(s) as may be specified in the relevant Final Terms.

English Law Notes will be issued in bearer form. English Law Notes of each Tranche of each Series will initially be represented by a temporary global note in bearer form (each, a “**Temporary Global Note**”) or a permanent global note in bearer form (each, a “**Permanent Global Note**”) and, collectively with any Temporary Global Note, the “**Global Notes**”), each without interest coupons. Interests in a Temporary Global Note will be exchangeable, in whole or in part, for interests in a Permanent Global Note on or after the date being 40 days after the relevant issue date (subject to postponement as provided in the Temporary Global Note), upon certification as to non-U.S. beneficial ownership. If the Global Notes are stated in the applicable Final Terms to be issued in new global note (“**NGN**” or “**New Global Note**”) form, they are intended to be eligible collateral for Eurosystem monetary policy and the Global Notes will be delivered on or prior to the original issue date of the relevant Tranche to a common safekeeper (the “**Common Safekeeper**”) for Euroclear Bank SA/NV (“**Euroclear**”) and Clearstream Banking S.A. (“**Clearstream**”). English Law Notes which are not issued in NGN form (“**Classic Global Notes**” or “**CGNs**”) will be deposited on the issue date of the relevant Tranche with a common depository on behalf of Euroclear and Clearstream or as otherwise agreed between the Issuer and the relevant Dealer (as defined herein). The provisions governing the exchange of interests in Global Notes for other Global Notes and Definitive Notes (as defined herein) are described in “*Summary of Provisions relating to the English Law Notes while in Global Form*”.

French Law Notes may be issued in either dematerialised form (“**Dematerialised Notes**”) or materialised form (“**Materialised Notes**”). Materialised Notes will be in bearer form only and may only be issued outside France. Dematerialised Notes will at all times be in book entry form in compliance with Articles L.211-3 *et seq.* and R.211-1 *et seq.* of the French *Code monétaire et financier*. No physical documents of title will be issued in respect of the Dematerialised Notes. Dematerialised Notes will be issued in either (i) bearer dematerialised form (*au porteur*) inscribed as from the relevant issue date in the books of Euroclear France (“**Euroclear France**”) as central depository which shall credit the accounts of Euroclear France Account Holders (as defined below) including Euroclear and the depository bank for Clearstream or (ii) registered form (*au nominatif*) and, in such latter case, at the option of the relevant Noteholder in either (x) administered registered form (*au nominatif administré*), in which case they will be inscribed in the accounts of the Euroclear France Account Holders designated by the relevant Noteholders or (y) fully registered form (*au nominatif pur*), in which case they will be inscribed in an account in the books of Euroclear France maintained by the Issuer or by the registration agent acting on behalf of the Issuer (the “**Registration Agent**”). “**Euroclear France Account Holder**” means any authorised intermediary institution entitled to hold directly or indirectly accounts on behalf of its customers with Euroclear France, and includes Euroclear and the depository bank for Clearstream. A temporary global certificate in bearer form without interest coupons attached (a “**Temporary Global Certificate**”) will initially be issued in connection with French Law Notes issued as Materialised Notes. No interest will be payable on the Temporary Global Certificate. Such Temporary Global Certificate will be exchanged for Definitive Notes as described in “*Provisions relating to Temporary Global Certificates issued in respect of Materialised Notes*”. Temporary Global Certificates will (a) in the case of a Tranche intended to be cleared through Euroclear and/or Clearstream, be deposited on the relevant issue date with a common depository on behalf of Euroclear and/or Clearstream and (b) in the case of a Tranche intended to be cleared through a clearing system other than or in addition to Euroclear and/or Clearstream or delivered outside a clearing system, be deposited as agreed between the Issuer and the relevant Dealer. See “*Provisions relating to the Temporary Global Certificates issued in respect of Materialised Notes*”.

Australian Law Notes will be issued in dematerialised registered form only and no document of title will be issued in respect of them.

BFCM has been assigned the following long-term credit ratings: A by S&P Global Ratings Europe Limited (“**S&P**”), Aa3 by Moody’s France SAS (“**Moody’s**”), and A+ by Fitch Ratings Ireland Limited (“**Fitch Ratings**”). The Programme has been assigned the following credit ratings regarding Senior Preferred Notes: A by S&P, Aa3 by Moody’s, and AA- by Fitch Ratings. S&P, Moody’s and Fitch Ratings are all established in the EU and registered under Regulation (EC) No 1060/2009, amended (the “**CRA Regulation**”). As such, each of S&P, Moody’s and Fitch is included in the list of credit rating agencies published by the European Securities and Markets Authority on its website (at <http://www.esma.europa.eu/page/List-registered-and-certified-CRAs>) in accordance with the EU CRA Regulation. The ratings issued by S&P, Moody’s and Fitch are, as the case may be, endorsed by a credit rating agency established in the UK and registered under the Regulation (EU) No 1060/2009 as it forms part of domestic law of the United Kingdom by virtue of the European Union (Withdrawal) Act 2018 (the “**UK CRA Regulation**”) or certified under the UK CRA Regulation. Tranches of Notes will be rated or unrated. Where a Tranche of Notes is to be rated, such rating will not necessarily be the same as the rating assigned to the Notes already issued. Whether or not a rating in relation to any Tranche of Notes will be treated as having been issued by a credit rating agency established in the European Union and registered under the CRA Regulation will be disclosed in the relevant Final Terms. A security rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency.

Prospective investors should have regard to the factors described under the section “Risk Factors” in this Base Prospectus before deciding to invest in the Notes issued under the Programme.

IMPORTANT – MIFID II PRODUCT GOVERNANCE / TARGET MARKET: The Final Terms in respect of any Notes will, where applicable, include a legend entitled “MiFID II Product Governance” which will outline the determination of the type of clients in the context of the target market assessment in respect of such Notes, taking into account the five categories referred to in item 18 of the Guidelines published by ESMA on 5 February 2018, and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending such Notes (a “**distributor**”) should take into consideration such determination; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the MiFID Product Governance rules under EU Delegated Directive 2017/593 (the “**MiFID Product Governance Rules**”), any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the MiFID Product Governance Rules.

IMPORTANT – UK MiFIR PRODUCT GOVERNANCE / TARGET MARKET – The Final Terms in respect of any Notes may include, as the case may be, a legend entitled “UK MiFIR Product Governance” which will outline the determination of the type of clients in the context of the target market assessment in respect of such Notes, and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a “**distributor**”) should take into consideration the target market assessment; however, a distributor subject to the FCA Handbook Product Intervention and Product Governance Sourcebook (the “**UK MiFIR Product Governance Rules**”) is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

If any dealer falls within the scope of the UK MiFIR Product Governance Rules in relation to an issue of Notes, a determination will be made about whether, for the purpose of the UK MiFIR Product Governance Rules, such Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Arranger nor the Dealer(s) nor any of their respective affiliates will be a manufacturer for the purpose of the UK MiFIR Product Governance Rules

IMPORTANT – PRIIPS / PROHIBITION OF SALE TO EEA RETAIL INVESTORS: If the Final Terms in respect of any Notes include a legend entitled “Prohibition of Sales to EEA”, the Notes are not intended to be offered, sold or otherwise made available to and, should not be offered, sold or otherwise made available to any retail investor in the EEA. For these purposes, a “**retail investor**” means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (“**MiFID II**”); (ii) a customer within the meaning of Directive (EU) 2016/97 (as amended), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in the Prospectus Regulation. Consequently no key information document required by Regulation (EU) No 1286/2014 (the “**PRIIPs Regulation**”) for offering or selling the Notes or otherwise making them available to retail investors in the EEA has or will have been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

IMPORTANT – PRIIPS / PROHIBITION OF SALE TO UK RETAIL INVESTORS – If the Final Terms in respect of any Notes include a legend entitled “Prohibition of Sales to UK Retail Investors”, the Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the United Kingdom (“**UK**”). For these purposes, a retail investor means a person who is one (or more) of the following: (i) a retail client, as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of UK domestic law by virtue of the European Union (Withdrawal) Act 2018 (“**EUWA**”); or (ii) a customer within the meaning of the provisions of the Financial Services and Markets Act 2000, as amended (the “**FSMA**”) and any rules or regulations made under the FSMA to implement Directive (EU) 2016/97, where that customer would not qualify as a professional client, as defined in point (8) of Article

2(1) of Regulation (EU) No 600/2014 as it forms part of UK domestic law by virtue of the EUWA; or (iii) not a qualified investor as defined in Article 2 of the Prospectus Regulation as it forms part of UK domestic law by virtue of the EUWA.

Consequently, no key information document required by Regulation (EU) No 1286/2014 as it forms part of UK domestic law by virtue of the EUWA (the “**UK PRIIPs Regulation**”) for offering or selling the Notes or otherwise making them available to retail investors in the UK has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPs Regulation.

The distribution of this Base Prospectus and the offering or sale of the Notes in certain jurisdictions may be restricted by law. Persons into whose possession this Base Prospectus comes are required by the Issuer, the Dealers and the Arranger to inform themselves about and to observe any such restrictions. In particular, there are restrictions on the distribution of this Base Prospectus and the offer or sale of the Notes in the EEA and certain member states thereof (France and Belgium), the United Kingdom, Australia, Japan, the United States, the People’s Republic of China (“**PRC**”), Hong Kong and Singapore. See “Subscription and Sale” below.

The Notes have not been and will not be registered under the United States Securities Act of 1933, as amended (the “**Securities Act**”) or with any securities regulatory authority of any state or other jurisdiction of the United States of America and are subject to U.S. tax law requirements. Subject to certain exceptions, Notes may not be offered, sold or delivered within the United States or to, or for the account or benefit of, U.S. persons (as defined in the U.S. Internal Revenue Code of 1986, as amended and regulations thereafter). For a description of certain restrictions on offers and sales of Notes and on distribution of this Base Prospectus, see “Subscription and Sale”.

Notes may be sold only to purchasers purchasing, or deemed to be purchasing, as principal that are accredited investors, as defined in National Instrument 45-106 Prospectus Exemptions or subsection 73.3(1) of the Securities Act (Ontario), and are permitted clients, as defined in National Instrument 31-103 Registration Requirements, Exemptions and Ongoing Registrant Obligations. Any resale of any Notes must be made in accordance with an exemption from, or in a transaction not subject to, the prospectus requirements of applicable securities laws.

Securities legislation in certain provinces or territories of Canada may provide a purchaser with remedies for rescission or damages if this Base Prospectus (including any amendment thereto) contains a misrepresentation, provided that the remedies for rescission or damages are exercised by the purchaser within the time limit prescribed by the securities legislation of the purchaser’s province or territory. The purchaser should refer to any applicable provisions of the securities legislation of the purchaser’s province or territory for particulars of these rights or consult with a legal advisor.

This Base Prospectus, containing or incorporating by reference all relevant information with regard to the Issuer and the Issuer and its subsidiaries and affiliates taken as a whole (the “**Group**”) as well as the Terms and Conditions of the English Law Notes and French Law Notes to be issued under the Programme together with (i) any supplements to this Base Prospectus from time to time (each, a “**Supplement**” and together the “**Supplements**”) and (ii) the Final Terms issued in relation to each Tranche of English Law Notes and French Law Notes, constitutes a base prospectus for the purposes of Article 8 of the Prospectus Regulation. In relation to each separate issue of Notes, the final offer price and the amount of such Notes will be determined by the Issuer and the relevant Dealers at the time of the issue of the Notes and will be set out in the relevant Final Terms.

This Base Prospectus is to be read in conjunction with any document and/or information which is or may be incorporated herein by reference in accordance with Article 19 of the Prospectus Regulation, as described in “Documents Incorporated by Reference” below. This Base Prospectus shall be read and construed on the basis that such documents are so incorporated and form part of this Base Prospectus.

This Base Prospectus (together with all Supplements thereto from time to time) may only be used for the purposes for which it has been published.

No person has been authorised to give any information or to make any representation other than those contained or incorporated by reference in this Base Prospectus in connection with the issue or sale of the Notes and, if given or made, such information or representation must not be relied upon as having been authorised by the Issuer or any of the Dealers or the Arranger (as defined in “Subscription and Sale”). Neither the delivery of this Base Prospectus nor any sale made in connection herewith shall, under any circumstances, create any implication that there has been no change in the affairs of the Issuer or the Group since the date hereof or the date upon which this Base Prospectus has been most recently supplemented or that there has been no adverse change in the financial position of the Issuer or the Group since the date hereof or the date upon which this Base Prospectus has been most recently supplemented or that any other information supplied in connection with the Programme is correct as of any time subsequent to the date on which it is supplied or, if different, the date indicated in the document containing the same.

Other than in relation to the documents which are deemed to be incorporated by reference (see “Documents Incorporated by Reference”), the information on the websites to which this Base Prospectus refers does not form part of this Base Prospectus and has not been scrutinised or approved by the AMF.

Suitability of investment

Each potential investor of the Notes must make its own determination of the suitability of any such investment, with particular reference to its own investment objectives and experience, and any other factors which may be relevant to it in connection with such investment, either alone or with the help of a legal, tax or financial adviser. In particular, each potential investor should:

- (i) have sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of investing in the Notes and the information contained or incorporated by reference in this Base Prospectus or in any applicable supplement;*
- (ii) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation and the investment(s) it is considering, an investment in the Notes and the impact the Notes will have on its overall investment portfolio;*
- (iii) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes, including Notes with principal or interest payable in one or more currencies, or where the currency for the principal or interest payments is different from the potential purchaser’s currency;*
- (iv) understand thoroughly the terms of the Notes and be familiar with the behaviour of any financial markets and of any financial variable which might have a negative impact on the return on the Notes; and*
- (v) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may adversely affect its investment and its ability to bear the applicable risks.*

Some Notes may be purchased as a way to reduce risk or enhance yield with an understood, measured, appropriate additional risk to their overall portfolios. A potential investor should not invest in Notes unless it has the expertise (either alone or with the help of a financial, legal, tax and/or accounting adviser) to evaluate how the Notes will perform under changing conditions, the resulting effects on the value of such Notes and the impact this investment will have on the potential investor’s overall investment portfolio. Prospective purchasers should also consult their own tax advisers as to the tax consequences of the purchase, ownership and disposal of Notes.

Difference between the Notes and a bank’s covered deposits in terms of yield, risk and liquidity.

Prior to acquiring any Notes, investors should note that there are a number of key differences between the Notes and bank deposits, including without limitation:

- (i) claims in relation to the payment of principal and interest under the Notes rank below claims under the so-called “covered deposits” (being deposits below EUR 100,000 threshold benefiting from the protection*

of the deposit guarantee scheme in accordance with Directive 2014/49/EU of the European Parliament and the Council of 16 April 2014, as amended);

(ii) generally, demand deposits will be more liquid than financial instruments such as the Notes; and

(iii) usually, the Notes will benefit from a higher yield than a covered deposit denominated in the same currency and having the same maturity. The higher yield usually results from the higher risk associated with the Notes.

Structured Notes

An investment in Notes, the interest on which is determined by reference to one or more values of interest rates or other indices or formulae, either directly or inversely, may entail significant risks not associated with similar investments in a conventional debt security, including the risks that the resulting return on such Notes based on such interest rate or other indices or formulae will be less than that payable on a conventional debt security at the same time and/or that an investor may lose the value of its entire investment or part of it, as the case may be. Neither the current nor the historical value of the relevant interest rates or other indices or formulae should be taken as an indication of future performance interest rates or other indices or formulae during the term of any Notes.

Important notice relating to Green, Social or Sustainability Bonds

Notes may be issued as Green, Social or Sustainability Bonds. Prospective investors should have regard to the information set out in the "Use of Proceeds" section of the Final Terms and must determine for themselves the relevance of such information for the purpose of any investment in the Green, Social or Sustainability Bonds together with any other investigation such investor deems necessary. In particular, no assurance is given by the Issuer, the Arranger or the Dealers that the use of such proceeds for any Eligible Loans will satisfy, whether in whole or in part, any present or future investor expectations or requirements as regards any investment criteria or guidelines with which such investor or its investments are required to comply, whether by any present or future applicable law or regulations or by its own by-laws, investment policy or other governing rules or investment portfolio mandates, in particular with regard to any direct or indirect environmental, sustainability or social impact of any projects or uses, the subject of or related to, any Eligible Loans or that any adverse environmental, social and/or other impacts will not occur during the implementation of any Eligible Loans.

It should be noted that there is currently no clear definition (legal, regulatory or otherwise) of, nor market consensus as to what constitutes, a "green", "environmental" or sustainable" or an equivalently-labelled project or as to what precise attributes are required for a particular project to be defined as "green", "environmental" or sustainable" or such other equivalent label and if developed in the future the Green, Social or Sustainability Bonds may not comply with any such definition or label. The Sustainable Finance Taxonomy Regulation (as defined in "Risk Factors – Risks related to the structure and features of a particular issue of Notes – Risks relating to Green, Social or Sustainability Bonds") establishes a basis for the determination of such a definition in the EU. However, the EU Taxonomy remains subject to the implementation of delegated regulations by the European Commission on technical screening criteria for the environmental objectives set out in the Sustainable Finance Taxonomy Regulation. Therefore, no assurance is or can be given to investors that any projects or uses the subject of, or related to, any eligible projects will meet any or all investor expectations regarding such "green", "social" or "sustainable" or other equivalently-labelled performance objectives or that any adverse environmental, social and/or other impacts will not occur during the implementation of any projects or uses the subject of, or related to, any eligible projects.

No assurance or representation is given by the Issuer, the Arranger or the Dealers as to the suitability or reliability for any purpose whatsoever of any opinion or certification of any third party (whether or not solicited by the Issuer) which may be made available in connection with the issue of the Green, Social or Sustainability Bonds and in particular with any Eligible Loans to fulfil any environmental, sustainability, social and/or other criteria. Any such opinion or certification is only current as of the date it was issued and the providers of such opinions and certifications are not currently subject to any specific oversight or regulatory or other regime. For the

avoidance of doubt, the Green, Social or Sustainability Bond Framework and any such opinion or certification is not, nor shall be deemed to be, incorporated in and/or form part of this Base Prospectus.

Neither the Arranger nor the Dealers have undertaken, or are responsible for, any assessment of any environmental, sustainability, social and/or other criteria, any verification of whether the Green, Social or Sustainability Bonds meet any environmental, sustainability, social and/or other criteria or the monitoring of the use of proceeds, required by prospective investors or the delivery or contest of any opinion or certification of any third party (whether or not solicited by the Issuer) which may be made available in connection with the issue of the Green, Social or Sustainability Bonds.

NOTIFICATION PURSUANT TO SECTION 309B OF THE SECURITIES AND FUTURES ACT, CHAPTER 289 OF SINGAPORE – Unless otherwise stated in the relevant Final Terms, all Notes issued under the Programme shall be prescribed capital markets products as defined in the Securities and Futures (Capital Markets Products) Regulations 2018 of Singapore.

This Base Prospectus does not constitute and may not be used in connection with, an offer, or an invitation to any person to whom it is unlawful to make such offer or invitation by or on behalf of the Issuer or the Dealers to subscribe for, or purchase, any Notes.

To the fullest extent permitted by law, none of the Dealers (other than Banque Fédérative du Crédit Mutuel in its capacity as Issuer) or the Arranger accept any responsibility for the contents of this Base Prospectus (including any documents incorporated by reference herein) or for any other statement, made or proposed to be made by the Arranger or a Dealer on its behalf in connection with the Issuer or the issue and offering of the Notes. The Arranger and each Dealer (other than Banque Fédérative du Crédit Mutuel in its capacity as Issuer) accordingly disclaims all and any liability whether arising in tort or contract (save as referred to below) which it might otherwise have in respect of this Base Prospectus or any such document or statement. Neither this Base Prospectus nor any financial statements are intended to provide the basis of any credit or other evaluation and should not be considered as a recommendation by any of the Issuer, the Arranger or the Dealers that any recipient of this Base Prospectus or any financial statements should purchase the Notes. Each potential purchaser of Notes should determine for itself the relevance of the information contained or incorporated by reference in this Base Prospectus and its purchase of Notes should be based upon such investigation as it deems necessary. None of the Dealers (other than Banque Fédérative du Crédit Mutuel in its capacity as Dealer) or the Arranger undertakes to review the financial condition or affairs of the Issuer during the life of the arrangements contemplated by this Base Prospectus nor to advise any investor or potential investor in the Notes of any information coming to the attention of any of the Dealers or the Arranger.

In this Base Prospectus, unless otherwise specified or the context otherwise requires, references to “**Euro**” “**euro**” and “**€**” are to the single currency which was introduced in the participating member states of the European Union on 1st January 1999, references to “**A\$**”, “**AUD**” and “**Australian Dollar**” are to the lawful currency of Australia, references to “**£**”, “**pounds sterling**” and “**Sterling**” are to the lawful currency of the United Kingdom, references to “**U.S.\$**” “**USD**” and “**dollars**” are to the lawful currency of the United States of America and references to “**CNY**”, “**RMB**” and “**Renminbi**” are to the lawful currency of the People’s Republic of China.

Investors in English Law Notes should note that on 31 January 2020 the United Kingdom withdrew from the European Union under the “Agreement on the withdrawal of the United Kingdom of Great Britain and Northern Ireland from the European Union and the European Atomic Energy Community” dated 19 October 2019 (the “**Withdrawal Agreement**”). Further to the Withdrawal Agreement and the end of the applicable transition period, the provisions of Regulation (EU) No 1215/2012 of the European Parliament and of the Council of 12 December 2012 on jurisdiction and the recognition and enforcement of judgments in civil and commercial matters (“**Brussels I Regulation**”) are no longer applicable to judgments issued by the Courts of the United Kingdom. The United Kingdom acceded in its own right to the Convention on Choice of Courts Agreements dated 30 June 2005 (the “**Hague Convention**”) on 1 January 2021. Provided that the courts of England and Wales are designated under exclusive jurisdiction clauses falling within the scope and definitions of the Hague Convention, judgments issued

by the courts of England and Wales in legal proceedings could therefore be recognized and enforced in France under the Hague Convention. However, investors should note that the conditions and procedures regarding the recognition and enforcement of English court judgements under the Hague Convention in the remaining Member States of the European Union party to the Hague Convention would be different from those provided in the Brussels I Regulation. It is not entirely certain whether the provisions contained in Condition 16 of the Terms and Conditions of the English Law Notes fall within the scope of the Hague Convention.

Markets Authority's website (<http://www.esma.europa.eu/page/List-registered-and-certified-CRAs>). Tranches of Notes will be rated or unrated. Where a Tranche of Notes is to be rated, such rating will not necessarily be the same as the rating assigned to the Notes already issued. Whether or not a rating in relation to any Tranche of Notes will be treated as having been issued by a credit rating agency established in the European Union and registered under the CRA Regulation and/or endorsed by a credit rating agency established in the UK and registered under the UK CRA Regulation or certified under the UK CRA Regulation will be disclosed in the relevant Final Terms. A security rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency.

The ratings issued by S&P, Moody's and Fitch are, as the case may be, endorsed by a credit rating agency established in the UK and registered under the Regulation (EU) No 1060/2009 as it forms part of domestic law of the United Kingdom by virtue of the European Union (Withdrawal) Act 2018 (the “**UK CRA Regulation**”) or certified under UK CRA Regulation.”

RISK FACTORS

The Issuer believes that the following risk factors or, as the case may be, incorporated by reference, may affect its ability to fulfil its obligations under the Notes and may be material for the purpose of assessing the market risks associated with Notes issued under the Programme. All of these factors are contingencies which may or may not occur and the Issuer is not in a position to express a view on the likelihood of any such contingency occurring.

Risk factors which the Issuer believes are specific to the Issuer or the Group and/or the Notes and material for an informed investment decision with respect to investing in Notes issued under the Programme are also described below.

The Issuer believes that the risk factors described below or, as the case may be, incorporated by reference represent the principal risks inherent in investing in Notes issued under the Programme, but the inability of the Issuer to pay interest, principal or other amounts on or in connection with any Notes may occur for other reasons. The Issuer makes no representation that the statements below regarding the risks of holding any Notes are exhaustive.

Prospective purchasers of Notes should consider carefully, in light of their financial circumstances and investment objectives, all of the information in this Base Prospectus in conjunction with the other information contained or incorporated by reference in the Base Prospectus, the risk factors set forth below and any Final Terms in making an investment decision.

In each sub-category below the Issuer sets out first the most material risk, in its assessment, taking into account the expected magnitude of their negative impact and the probability of their occurrence.

Words and expressions defined in the other sections of this Base Prospectus shall have the same meaning in this section, unless otherwise specified.

In this section, reference to a “Condition” is a reference to the numbered paragraphs in the English Law Conditions and/or the French Law Conditions, unless otherwise specified.

I. Risk relating to the Issuer and its operations

The risk factors relating to the Issuer and its operations which could adversely affect the Group’s profitability are set out on pages 215 to 222 of the 2020 URD (as defined in “Documents Incorporated by Reference”) and are incorporated by reference into this Base Prospectus.

II. Risks relating to the Notes

1. Risks for the Noteholders as creditors of the Issuer

1.1 The Notes may be subject to write-down or conversion to equity under European and French laws relating to bank recovery and resolution

The BRRD, as transposed into French law pursuant to the *Ordonnance*, and the SRM Regulation (each as defined in the section headed “*French and European regulatory frameworks*”) provide resolution authorities with write-down/conversion powers to ensure that capital instruments (including tier 2 instruments, such as the Subordinated Notes) and bail-inable liabilities (including other subordinated debts such as Subordinated Notes issued on or after 28 December 2020 if and when they completely cease to constitute Tier 2 Capital instruments and deeply subordinated obligations issued on or after 28 December 2020 if and when they completely cease to constitute additional tier 1 instruments and senior debt instruments such as the Senior Non-Preferred Notes and Senior Preferred Notes, if junior instruments such as the Subordinated Notes, prove insufficient to absorb losses) absorb losses of the issuing institution that is subject to resolution in accordance with a set order of priority (the “**Bail-in Power**”) if the issuing institution or the group to which it belongs is deemed by the Relevant Resolution Authority to be at the point of non-viability.

Subject to certain exceptions, such Bail-in Power is to be implemented, so that losses are borne first by shareholders, then by holders of capital instruments (including Subordinated Notes qualifying as tier 2 instruments), then by the holders of Disqualified Subordinated Notes, senior non-preferred debt instruments (such as the Senior Non-Preferred Notes) and finally by the holders of senior preferred debt instruments (such as the Senior Preferred Notes), all in accordance with the order of their claims in normal insolvency proceedings. The Resolution Authority could also, independently of a resolution measure or in combination with a resolution measure, fully or partially write down or convert capital instruments (including subordinated debt instruments such as the Subordinated Notes) into ordinary shares or other instruments of ownership, if certain conditions are met. Condition 10 of the Terms and Conditions of the Notes (*Acknowledgement of Bail-In and Loss Absorption Powers*) contains provisions giving effect to the Bail-in Power in the context of resolution and write-down or conversion of capital instruments at the point of non-viability.

The Bail-in Power could result in the full (i.e., to zero) or partial write-down or conversion into ordinary shares or other instruments of ownership of the Notes, or, to the extent permitted by applicable law, the variation of the terms of the Notes (for example, the maturity and/or interest payable may be altered and/or a temporary suspension of payments may be ordered). The exercise of any of these powers may adversely affect the rights of Noteholders and Noteholders may lose all or some of their investment in the Notes.

Any failure by the Issuer and/or the MREL Group (as defined in the Terms and Conditions of the Notes) to comply with its MREL requirements may have a material adverse effect on the Issuer's or the Crédit Mutuel Group's business, financial conditions and results of operations and could result, among other things, in the imposition of restrictions on payments by the Issuer.

In addition, the application of any measure under the BRRD and BRRD II French implementing provisions or any suggestion of such application with respect to the Issuer and Crédit Mutuel Group could, with respect to capital instruments such as the Subordinated Notes (so long as they constitute tier 2 instruments fully or partially) and bail-inable liabilities (including other subordinated obligations, such as Subordinated Notes issued on or after 28 December 2020 if and when they completely cease to constitute tier 2 instruments and deeply subordinated obligations issued on or after 28 December 2020 if and when they completely cease to constitute additional tier 1 instruments), materially adversely affect the rights of Noteholders, the price or value of an investment in the Notes and/or the ability of the Issuer to satisfy its obligations under any Notes, and as a result, Noteholders may lose their entire investment.

The existence of the Bail-in Power or the exercise of write-down/conversion powers or any other resolution tools by the Resolution Authority independently of a resolution measure or in combination with a resolution measure when it determines that the institution or its group will no longer be viable could cause the market price or value of the Notes to decline more rapidly than would be the case in the absence of such powers.

Therefore, the application of any measure under the BRRD and BRRD II French implementing provisions or under the SRM Regulation or any suggestion of such application to the Issuer and/or the Crédit Mutuel Group could materially and adversely affect the rights of Noteholders and/or the price or value of their investment in any Notes and/or the ability of the Issuer to satisfy its obligations under any Notes, and as a result Noteholders may lose their entire investment. These risks apply equally to Green, Social or Sustainability Bonds issued under the Programme.

1.2 Noteholders' returns may be limited or delayed by the insolvency of the Issuer

As a *société anonyme* incorporated in France, certain provisions of French insolvency law applies to the Issuer. If the Issuer were to become insolvent, Noteholders' returns could be limited or delayed. Application of French insolvency law could affect the Issuer's ability to make payments on the Notes (such as the non-payment of interest and/or principal) and French insolvency laws may not be as favourable to Noteholders as the insolvency laws of other countries. Under French insolvency law, holders of debt securities are automatically grouped into a

single assembly of holders (the “**Assembly**”) in order to defend their common interests, if an accelerated preservation procedure (*procédure de sauvegarde accélérée*), a preservation procedure (*procédure de sauvegarde*), an accelerated financial preservation procedure (*procédure de sauvegarde financière accélérée*) or a judicial reorganisation procedure (*procédure de redressement judiciaire*) is opened in France with respect to the Issuer.

The Assembly comprises holders of all debt securities issued by the Issuer (including the Notes), whether or not under a debt issuance programme (such as this Programme) and regardless of their governing law.

The Assembly deliberates on the proposed accelerated safeguard plan (*projet de plan de sauvegarde accélérée*), the proposed safeguard plan (*projet de plan de sauvegarde*), the proposed accelerated financial safeguard plan (*projet de plan de sauvegarde financière accélérée*) or the judicial reorganisation plan (*projet de plan de redressement*) applicable to the Issuer and may further agree to:

- increase the liabilities (charges) of holders of debt securities (including the Noteholders) by rescheduling and/or writing-off debts;
- establish an unequal treatment between holders of debt securities (including the Noteholders) as appropriate under the circumstances; and/or
- decide to convert debt securities (including the Notes) into shares.

Decisions of the Assembly will be taken by a two-third majority (calculated as a proportion of the debt securities held by the holders expressing a vote). No quorum is required to convoke the Assembly.

In respect of Subordinated Notes, the receiver (*administrateur judiciaire*) is allowed to take into account the existence of voting or subordination agreements entered into by a Noteholder of such Subordinated Notes, or the existence of an arrangement providing that a third party will pay the Noteholder’s claims, in full or in part, in order to reduce such Noteholder’s voting rights within the Assembly. The receiver must disclose the method for computing such voting rights and the interested Noteholder of Subordinated Notes may dispute such computation before the president of the competent commercial court.

For the avoidance of doubt, the provisions relating to the meetings of the Noteholders described, in respect of French Law Notes, in the French Law Conditions and, in respect of English Law Notes, in this Base Prospectus and in the relevant Schedule of the English Law Agency Agreement, will not be applicable to the extent they conflict with compulsory insolvency law provisions that apply in these circumstances.

The Relevant Regulator must approve in advance the opening of any safeguard, judicial reorganisation or liquidation procedures.

The commencement of insolvency proceedings against the Issuer would have a material adverse effect on the market value of Notes issued by the Issuer. Any decisions taken by the Assembly or a class of creditor, as the case may be, could negatively impact the Noteholders and cause them to lose all or part of their investment.

1.3 The Terms and Conditions of the Notes may contain a waiver of set-off rights

In Condition 11 (*Waiver of Set-Off*), unless “Waiver of Set-off” is specified as not applicable in the relevant Final Terms, the holders of Notes and, where applicable, any related Receipt and/or Coupon waive any right of or claims of set-off, netting, compensation, retention and counterclaim (and, for the avoidance of doubt, including all such rights, claims and liabilities arising under or in relation to any and all agreements or other instruments of any sort or any non-contractual obligations, in each case whether or not relating to the Notes, and where applicable, any related Receipts and/or Coupons) in relation to the Notes, and where applicable, any related Receipts and/or Coupons, to the extent permitted by applicable law.

As a result, Noteholders may not at any time be able to set-off the Issuer's obligations under the Notes against obligations owed by them to the Issuer, and more generally to exercise or claim any set-off right.

2. Risks related to the market of the Notes and credit ratings

2.1 Market value of the Notes

The value of the Notes will be affected by the creditworthiness and/or the credit ratings of the Issuer, as well as a number of interrelated factors such as economic, financial, regulatory and political conditions and, to varying degrees, interest rates, yield rates, currency exchange rates and inflation rates in other European and industrialised countries and the time remaining to the Maturity Date.

The value of the Notes also depends on the stock exchanges (if any) on which the Notes are or may be traded.

Certain events in France, Europe or elsewhere may cause market volatility and such volatility may adversely affect the price of Notes. Consequently, the Noteholders may lose part of their investment in the Notes.

2.2 A trading market for the Notes may not develop or continue

An active trading market for the Notes may not develop, or, if one does develop, such market may not be maintained. The liquidity and the value of the Notes can be expected to vary with changes in market and economic conditions, Issuer's creditworthiness and/or the credit ratings and other factors that generally influence the market prices of securities. Therefore, Noteholders may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market.

Although the Final Terms may provide that application is made for a Series of Notes issued under the Programme to be listed and admitted to trading on any regulated market and/or on any stock exchange, such particular application may not be accepted, such Series of Notes may not be so admitted or an active trading market in respect of such Series may not develop or, once accepted and/or admitted, such admission and/or listing may be suspended or terminated during the life of the Notes of such Series. If an active trading market for the Notes does not develop or is not maintained, the market or trading price and liquidity of the Notes may be adversely affected. Such situation could materially affect the market value of the Notes.

The Issuer is entitled to issue further Notes, as described in Condition 13 (*Further Issues and Consolidation*). Such transactions may adversely affect the price development of the Notes. If additional and competing products are introduced in the markets, this may adversely affect the value of the Notes.

2.3 Credit ratings may not reflect all the risks associated with the investment in the Notes and the ratings reduction may result in a reduction in the trading value of the Notes

As of the date of this Base Prospectus, BFCM's long-term credit ratings are A by S&P, Aa3 by Moody's, and A+ by Fitch Ratings Limited ("**Fitch Ratings**").

As of the date of this Base Prospectus, the Programme has been assigned the following credit ratings regarding Senior Preferred Notes: A by S&P, Aa3 by Moody's, and AA- by Fitch Ratings.

An Issue of Notes may be rated by S&P, Moody's and/or Fitch Ratings.

If any rating assigned to the Issuer, the Programme and/or the Notes is revised, lowered, suspended, withdrawn or not maintained by the Issuer, this may adversely affect the market value of the Notes. Further, independent credit rating agencies (such as Moody's, S&P and Fitch Ratings) may assign unsolicited ratings to the Notes. If non-solicited ratings are assigned, such ratings may differ from, or be lower than, the ratings sought by the Issuer which may also adversely affect the market value of the Notes.

2.4 Changes in exchange rates and exchange controls could result in a substantial loss

The Issuer will pay principal and interest on the Notes the Specified Currency. This presents certain risks relating to currency conversions if the purchaser's financial activities are denominated principally in a currency or currency unit (the "**Investor's Currency**") other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to the devaluation of the Specified Currency or revaluation of Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the purchaser's currency relative to the Specified Currency would decrease (a) the purchaser's currency-equivalent yield on the Notes, (b) the purchaser's currency-equivalent value of the principal payable on the Notes and (c) the purchaser's currency-equivalent market value of the Notes.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could affect an applicable exchange rate. As a result, Noteholders may receive less interest or principal than expected as measured in the Investor's Currency.

3. Risks related to the structure and features of a particular issue of Notes

3.1 Risks related to the features, status and eligibility of a particular issue of Notes

3.1.1 The Issuer is not prohibited from incurring further indebtedness, which may rank senior to, or pari passu with, Senior Preferred Notes, Senior Non-Preferred Notes or Subordinated Notes

There is no restriction in the Terms and Conditions of the Notes on the amount of indebtedness that the Issuer may incur that ranks senior to, or pari passu with, Senior Preferred Notes, Senior Non-Preferred Notes or, as the case may be, Subordinated Notes and the aggregate amount due under such outstanding debt may be substantial.

The Issuer's incurrence of additional debt may have important consequences for Noteholders in the Notes, including increasing the risk of the Issuer's inability to satisfy its obligations with respect to the Notes, a loss in the market value of the Notes, if any; and a downgrading or withdrawal of the credit rating of the Notes (if any)

The incurrence of any such additional indebtedness may also reduce the amount recoverable by Noteholders in respect of any such Notes upon the Issuer's bankruptcy. If the Issuer's financial condition were to deteriorate, the relevant Noteholders could suffer direct and materially adverse consequences, including suspension of interest and reduction of interest and principal and, if the Issuer were liquidated, the relevant Noteholders could suffer loss of their entire investment.

3.1.2 Absence of, or limited, events of default in respect of the Notes, no cross default or cross acceleration under the Notes

Unless the relevant Final Terms specify that no event of default shall be applicable in respect of a Tranche of Senior Preferred Notes, such Senior Preferred Notes may become due and payable at their principal amount together with any accrued interest thereon following the occurrence of an event of default in respect of the Senior Preferred Notes. Unless the relevant Final Terms specify that events of default shall be applicable in respect of a Tranche of Senior Non-Preferred Notes, Senior Non-Preferred Notes shall not contain any events of default. Subordinated Notes do not contain any events of default.

When Condition 8 (*Events of Default*) applies to the Notes, the Noteholders may only give notice that such Notes are immediately due and repayable in a limited number of events of default. Such events of default do not include, for example, a cross-default or cross-acceleration of the Issuer's other debt obligations or failure by the Issuer to apply the net proceeds of the Notes for any Eligible Loans (see risk factor 3.1.6 "*Risks relating to Green, Social or Sustainability Bonds*").

When Condition 8 (*Events of Default*) does not apply to the Notes, the Noteholders will not be able to accelerate the maturity of such Notes. Accordingly, if the Issuer fails to meet any obligations under such Notes, Noteholders will not have the right to accelerate payment of principal. Upon a payment default, the sole remedy available to

Noteholders and, where applicable, holders of any related Receipts and Coupons for recovery of amounts owing in respect of any payment of principal or interest on the Notes will be the institution of judicial proceedings to enforce such payment. Notwithstanding the foregoing, the Issuer will not, by virtue of the institution of any such proceedings, be obliged to pay any sum or sums sooner than the same would otherwise have been payable by it. For the avoidance of doubt, this applies to any Green, Social or Sustainability Bonds issued as Tier 2 capital or eligible liabilities in the same manner.

Therefore, when only limited Events of Default are applicable or no Events of Default are applicable, the liquidity and market value of the Notes may be adversely affected and Noteholders who sell Notes on the secondary market could lose all or part of their investment if the Crédit Mutuel Group or the Issuer faces financial difficulties or, as the case may be, if the Issuer fails to meet any obligations under such Notes.

3.1.3 Subordinated Notes constitute subordinated obligations ranking junior to the Senior Notes and or Disqualified Subordinated Notes

Subordinated Notes are issued pursuant to the provisions of Article L.228-97 of the French *Code de commerce*. The Issuer's obligations under the Subordinated Notes and any related Receipts and Coupons are unsecured and subordinated and will rank junior in priority of payment to all creditors benefiting from a higher ranking (including depositors) of the Issuer including holders of Senior Notes, holders of Disqualified Subordinated Notes and holders of Disqualified Additional Tier 1 Notes, as more fully described in Condition 2(b) (*Status of Subordinated Notes*).

In the event of the liquidation of the Issuer or any bankruptcy proceedings or other similar proceedings affecting the Issuer, the rights to payment of the holders of the Subordinated Notes and any related Receipts or Coupons will be subordinated to the payment in full of present and future creditors benefiting from a higher ranking, including those referred to above; and, subject to such payment in full, holders of the Subordinated Notes and any related Receipts or Coupons will be paid in priority to any *prêts participatifs* granted to the Issuer, any *titres participatifs* issued by it and any deeply subordinated obligations of the Issuer (*obligations dites "super subordonnées"*, i.e., *engagements subordonnés de dernier rang*). Consequently, the risk of non-payment for the Subordinated Notes which are recognized as capital instruments would be increased.

In the event of incomplete payment of creditors benefiting from a higher ranking than the holders of Subordinated Notes in case of a liquidation or bankruptcy of the Issuer, the obligations of the Issuer under the Subordinated Notes and any related Receipts or Coupons will be terminated by operation of law and Noteholders will lose their investment in the Subordinated Notes.

Holders of Subordinated Notes and any such Receipts or Coupons will be responsible for taking all steps necessary for the orderly accomplishment of any collective proceedings or voluntary liquidation in relation to any claims they may have against the Issuer (see also the last paragraph of Condition 2(b) (*Status of the Notes*)).

Subordinated Noteholders face an increased risk compared to holders of Senior Notes. There is a substantial risk that Noteholders in the Subordinated Notes will lose all or some of their investment should the Issuer become subject to a resolution procedure or insolvent.

3.1.4 Senior Non-Preferred Notes constitute obligations ranking junior to the Senior Preferred Notes

Senior Non-Preferred Notes including, where applicable, any, related Receipts and Coupons, will constitute direct, unconditional, unsecured and senior obligations of the Issuer ranking as senior non-preferred obligations (as provided for in Article L. 613-30-3-I-4° of the French *Code monétaire et financier*) and therefore will rank junior in priority of payment to the senior preferred obligations of the Issuer (including the Senior Preferred Notes), as more fully described in Condition 2(a)(ii) (*"Status of the Senior Non-Preferred Notes"*).

In the event any judgment is rendered by any competent court declaring the judicial liquidation of the Issuer or if the Issuer is liquidated for any other reason, the rights of payment of the holders of Senior Non-Preferred Notes

including, where applicable, any related Receipts and Coupons, shall be subordinated to the payment in full of all present or future senior preferred creditors and holders of, or creditors in respect of, senior preferred obligations (within the meaning of Article L. 613-30-3-I-3° of the French *Code monétaire et financier*) expressed by their terms to rank in priority to the Senior Non-Preferred Notes (collectively, “**Senior Preferred Creditors**”).

Subject to such payment in full, holders of Senior Non-Preferred Notes and, where applicable, any related Receipts and Coupons shall be paid in priority to any subordinated obligations of the Issuer and any obligations ranking junior to subordinated obligations.

In the event of incomplete payment of Senior Preferred Creditors, the obligations of the Issuer in connection with the Senior Non-Preferred Notes and, where applicable, any related Receipts and Coupons will be terminated and holders of Senior Non-Preferred Notes may lose all of their investment. The holders of Senior Non-Preferred Notes and, where applicable, any related Receipts and Coupons shall be responsible for taking all necessary steps for the orderly accomplishment of any such liquidation of the Issuer in relation to any claims they may have against the Issuer.

3.1.5 Green, Social and Sustainable Bonds remain subject to bail-in and other regulatory requirements

Notes constituting Tier 2 capital or eligible liabilities under MREL may also be Green, Social or Sustainable Bonds. Green, Social or Sustainability Bonds will be subject to the bail-in tool and to write down and conversion powers, and in general to the powers that may be exercised by the Relevant Resolution Authority, to the same extent and with the same ranking as any other Note which is not a Green, Social or Sustainability Bond (see “*Risks related to the structure and features of a particular issue of Notes – Risks relating to Green, Social or Sustainability Bonds*”).

Likewise, Green, Social and Sustainability Bonds, as any other Notes, will be fully subject to the application of CRR eligibility criteria and BRRD requirements for own funds and eligible liabilities instruments and, as such, proceeds from Green, Social or Sustainability Bonds qualifying as own funds or eligible liabilities should cover all losses in the balance sheet of the Issuer regardless of their “green”, “social” or “sustainable” label. Additionally, their labelling as Green, Social or Sustainability Bonds (i) will not affect the regulatory treatment of such Notes as Tier 2 capital or eligible liabilities for the purposes of MREL (as applicable), if such Notes are also Subordinated Notes, Senior Non-Preferred Notes or Senior Preferred Notes eligible to comply with MREL requirements; and (ii) will not have any impact on their status as indicated in the Terms and Conditions of the Notes.

3.1.6 Risks relating to Green, Social or Sustainability Bonds

The Final Terms relating to Green, Social or Sustainability Bonds will provide that it will be the Issuer’s intention to apply an amount equal to the net proceeds of the issue of those Notes to Eligible Loans of the Issuer (as defined in the “Use of Proceeds” below and further described in the Issuer’s Green, Social or Sustainability Bond Framework (as amended and supplemented from time to time).

The Issuer will apply processes for project evaluation and selection, management of proceeds and reporting consistent with guidelines published by the International Capital Markets Association set out in the the GBP, the the SBP and the SBG (all as defined in the “Use of Proceeds” below).

Vigeo Eiris has been appointed to provide a Second Party Opinion on the Green, Social or Sustainability Bond Framework, assessing the environmental and social added value of the Green, Social or Sustainability Bond Framework and its alignment with the Green Bond Principles 2018 (the “**GBP**”), the Social Bond Principles 2020 (the “**SBP**”) and Sustainability Bond Guidelines 2018 (the “**SBG**”).

In particular, it should be noted that there is currently no clear definition (legal, regulatory or otherwise) of, nor market consensus as to what constitutes, a “green”, “environmental” or sustainable” or an equivalently-labelled project or as to what precise attributes are required for a particular project to be defined as “green”,

“environmental” or sustainable” or such other equivalent label and if developed in the future the Green, Social or Sustainability Bonds may not comply with any such definition or label.

A basis for the determination of such a definition has been established in the European Union with the publication in the Official Journal of the EU on 22 June 2020 of Regulation (EU) 2020/852 of the European Parliament and of the Council of 18 June 2020 (the “**Sustainable Finance Taxonomy Regulation**”) on the establishment of a framework to facilitate sustainable investment (the “**EU Sustainable Finance Taxonomy**”). The EU Sustainable Finance Taxonomy is subject to further development by way of the implementation by the European Commission through delegated regulations of technical screening criteria for the environmental objectives set out in the Sustainable Finance Taxonomy Regulation.

Accordingly, alignment of any project included in the Eligible Loans with the EU Sustainable Finance Taxonomy is not certain and any such project might not meet any or all investor expectations regarding such “green”, “environmental”, “sustainable” or other equivalently-labelled performance objectives.

While it is the intention of the Issuer to apply the proceeds of the Green, Social or Sustainability Bonds in, or substantially in, the manner described in “Use of Proceeds” section of this Base Prospectus as completed or specified in the relevant Final Terms, the projects financed by the Eligible Loans might not be completed within any specified period or at all or with the results or outcome (whether or not related to the environment) as originally expected or anticipated by the Issuer or adverse environmental, social and/or other impacts could occur during the implementation of the projects financed by the Eligible Loans.

Any such event or failure by the Issuer to apply the net proceeds of any issue of Green, Social or Sustainability Bonds for any Eligible Loans or to obtain and publish any such reports, assessments, opinions and certifications or the fact that the maturity of an eligible green or social asset or project may not match the minimum duration of any Green, Social or Sustainability Bonds will not (i) constitute an Event of Default under the Green, Social or Sustainability Bonds or a default of the Issuer for any purpose (ii) give rise to any other claim or right (including, for the avoidance of doubt, the right to accelerate the Notes) of a Noteholder against the Issuer, (iii) lead to an obligation of the Issuer to redeem the Green, Social or Sustainability Bonds or be a relevant factor for the Issuer in determining whether or not to exercise any optional redemption rights in respect of any Notes or (iv) affect the regulatory treatment of the Green, Social or Sustainability Bonds as Tier 2 capital or eligible liabilities for the purposes of MREL, if such Notes are also Senior Preferred Notes, Senior Non-Preferred Notes or Subordinated Notes, as the case may be, eligible to comply with MREL requirements (see “*Risks related to the structure and features of a particular issue of Notes – Green, Social and Sustainable Bonds remain subject to bail-in and other regulatory requirements*”). For the avoidance of doubt, payments of principal and interest (as the case may be) on the relevant Green, Social or Sustainability Bonds shall not depend on the performance of the relevant project nor have any preferred right against such assets.

Any such event or failure and/or withdrawal of any opinion or certification may have a material adverse effect on the value, liquidity and marketability of the Green, Social or Sustainability Bonds and/or result in adverse consequences for Noteholders with portfolio mandates to invest in securities to be used for a particular purpose.

3.1.7 Modification of the Terms and Conditions of the Notes

Condition 9 (*Meetings of Noteholders and Modifications*) contain provisions for the calling of meetings of Noteholders or consulting them by way of Written Resolutions to consider matters affecting their interests generally (it being specified that if the relevant Final Terms in respect of a series of French Law Notes specify “*No Masse*”, Noteholders will not be grouped in a masse having legal personality governed by the provisions of the French Code de commerce and will not be represented by a representative of the *Masse*), including the modification of such Terms and Conditions of the Notes.

Those provisions permit according to certain defined majority rules to bind all Noteholders, including (i) Noteholders who did not attend or vote at the relevant meeting, (ii) Noteholders who voted in a manner contrary

to the relevant majority or (iii) with respect to a Written Resolution, Noteholders who did not respond to, or rejected the relevant Written Resolution.

Certain decisions of the general meeting of the Noteholders or certain Written Resolutions could amend the Terms and Conditions of the relevant Notes in a manner which could impair or limit the rights of the Noteholders, which may have a negative impact on the market value of the Notes.

3.1.8 Substitution and variation of any English law-governed Notes without Noteholder consent

With respect to a Series of English law-governed Notes, subject as provided herein, in particular to the provisions of Condition 4(n) (*Substitution and Variation with respect to Senior Notes*) of the English Law Conditions or, as the case may be, the last paragraph of Condition 4(o) (*Substitution and Variation with respect to Subordinated Notes*) of the English Law Conditions, in the event that a MREL or TLAC Disqualification Event (if specified as applicable in the relevant Final Terms in respect of a relevant Tranche of Senior Preferred Notes or Disqualified Subordinated Notes), Withholding Tax Event, Tax Gross-Up Event or Special Event (in respect of Subordinated Notes), occurs and is continuing in respect of such a Series of Notes or in order to ensure the effectiveness and enforceability of Condition 10 (*Acknowledgement of Bail-In and Write-Down or Conversion Powers*), the Issuer may, at its option and without the consent or approval of the holders of such Notes including, where applicable, any related Receipts and/or Coupons, elect either to (i) substitute all (but not some only) of such Series of Notes or (ii) vary the terms of all (but not some only) of such Series of Notes, so that they become or remain Qualifying Senior Notes or, as the case may be, Qualifying Tier 2 Notes.

Due to the particular circumstances of each Noteholder, any Qualifying Senior Notes or Qualifying Tier 2 Notes, as the case may be, may not be as favourable to each Noteholder in all respects or, if it were entitled to do so, a particular Noteholder may not make the same determination as the Issuer as to whether the terms of the relevant Qualifying Senior Notes or relevant Qualifying Tier 2 Notes, as the case may be, are not materially less favourable to Noteholders than the terms of the English Law Notes. As a consequence, the market value of such Notes may decrease significantly, and Noteholders may lose all or part of their investment.

3.1.9 Risks related to English law Notes where denominations involve integral multiples: Definitive Bearer Notes

In relation to any issue of English Law Notes which have denominations consisting of a minimum Specified Denomination plus a higher integral multiple of another smaller amount (which for the avoidance of doubt will not be the case for English Law Notes listed in Euronext Paris), it is possible that such Notes may be traded in amounts in excess of such Specified Denomination that are not integral multiples of such Specified Denomination. In such a case a Noteholder who, as a result of trading such amounts, holds a principal amount of less than the minimum Specified Denomination will not receive a Definitive Note in respect of such holding (should Definitive Notes be printed) and would need to purchase a principal amount of Notes such that it holds an amount equal to one or more Specified Denominations.

If Definitive Bearer Notes are issued, Definitive Bearer Notes which have a denomination that is not an integral multiple of the minimum Specified Denomination may be illiquid and difficult to trade. In such circumstances, the value of such Notes may be negatively affected and Noteholders may lose all or part of their investment.

3.1.10 Risks relating to Notes denominated in Renminbi

In accordance with Terms and Conditions of the Notes, the Issuer may issue Notes denominated in Renminbi (“RMB”). RMB Notes contain particular risks for potential Noteholders.

RMB is not freely convertible at present. The People’s Republic of China (PRC) government continues to regulate conversion between RMB and foreign currencies. The PRC government may not continue to gradually liberalise its control over cross-border RMB remittances in the future, the schemes for RMB cross-border utilisation may be discontinued or new PRC regulations may be promulgated in the future which have the effect of restricting or

eliminating the remittance of RMB outside the PRC. In the event that funds cannot be repatriated out of the PRC in RMB, this may affect the overall availability of RMB outside of the PRC and the ability of the Issuer to source RMB to finance its obligations under the RMB Notes. Furthermore, as a result of the restrictions by the PRC government on cross-border RMB funds flows, there is only limited availability of RMB outside of the PRC, which may affect the liquidity of the RMB Notes and the Issuer's ability to source RMB outside of the PRC to service the RMB Notes. New PRC regulations may be promulgated or the settlement agreements relating to the clearing of RMB business between the People's Bank of China (PBOC) and its designated RMB clearing banks in the RMB clearing centres may be terminated or amended in the future, which may have the effect of restricting the availability of RMB outside the PRC.

Except in limited circumstances, all payments of RMB under RMB Notes to a Noteholder will be made solely by transfer to a RMB bank account maintained in Hong Kong by such Noteholder in accordance with the prevailing rules and regulations and in accordance with the Terms and Conditions of the Notes. RMB is not freely convertible at present, and conversion of RMB into other currencies through banks in Hong Kong may be subject to certain restrictions. For example, Noteholders may be required to provide certifications and other information (including RMB account information) in order to be allowed to receive payments in RMB in accordance with the RMB clearing and settlement system for participating banks in Hong Kong.

In addition, access to RMB for the purposes of making payments under the Notes or generally may remain or may become restricted. If access to RMB deliverable in Hong Kong becomes restricted to the extent that the Issuer is unable to pay interest or principal in RMB in Hong Kong by reason of Inconvertibility, Non-transferability or Illiquidity, the terms of the RMB Notes allow the Issuer to make payment in U.S. dollars at the prevailing spot rate of exchange. If the value of RMB depreciates against the U.S. dollar, the value of the investment in U.S. dollars will decline.

Furthermore, the market value of RMB against the Hong Kong dollar and other foreign currencies fluctuates and is affected by changes in the PRC and international political and economic conditions and by many other factors. All payments of interest and principal will be made in RMB with respect to RMB Notes unless otherwise specified. As a result, the value of these RMB payments may fluctuate as a result of the changes in the prevailing exchange rates in the market. If the market value of RMB depreciates against the Hong Kong dollar or other foreign currencies, the market value of a Noteholder's investment in RMB Notes in foreign currency terms will decline, and Noteholders may incur losses.

3.1.11 Subordinated Notes may change rank depending on their recognition as own funds of the Issuer, without Noteholder consent

Article 48(7) of BRRD, as amended by BRRD II provides that Member States shall ensure that all claims resulting from own funds instruments, as defined by the CRR Regulation (hereafter the “**Own Funds**”) (such as the Subordinated Notes and additional tier 1 capital Instruments of the Issuer) have, in normal insolvency proceedings, a lower priority ranking than any claim that does not result from Own Funds. Member States of the EEA had to implement into national law and apply these new rules no later than 28 December 2020.

Consequently, upon entry into force of the relevant provisions of Ordinance No. 2020-1636 dated 21 December 2020 relating to the resolution regime in the banking sector (the “**Ordinance**”), Article 48(7) of BRRD has been implemented under French law in Article L. 613-30-3-I of the French *Code monétaire et financier*.

Therefore, as long as the Subordinated Notes issued after 28 December 2020 are recognized as Tier 2 Capital, they will rank as Qualifying Subordinated Notes, and, if they are no longer recognized as Tier 2 Capital, they will automatically rank as Disqualified Subordinated Notes, as provided in Condition 2 (*Status of the Notes*), without any action from the Issuer and without obtaining any requirement that the consent of the holders of such Subordinated Notes or any other Notes be obtained.

All subordinated notes or deeply subordinated notes issued by the Issuer prior to the date of entry into force of the Ordinance that are, or have been, fully or partially recognized as Own Funds of the Issuer, rank and as long as they are outstanding will rank as Tier 2 Capital instruments or additional tier 1 capital instruments of the Issuer as the case may be, in accordance with their contractual terms.

As a result, should they become no longer recognized as Tier 2 Capital or additional tier 1 capital, obligations with a higher priority ranking than the Subordinated Notes may, in the future, include obligations that would have ranked junior to, or *pari passu* with the Subordinated Notes.

Subject to such payment in full, holders of Disqualified Subordinated Notes and, where applicable, any related Receipts and Coupons shall be paid in priority to any holder of Subordinated Notes of the Issuer and any obligations ranking junior to the Subordinated Notes such as additional tier 1 instruments of the Issuer.

In the event of incomplete payment of Senior Non-Preferred Notes, the obligations of the Issuer in connection with the Disqualified Subordinated Notes and Qualifying Subordinated Notes and, where applicable, any related Receipts and Coupons will be terminated. The holders of Subordinated Notes and, where applicable, any related Receipts and Coupons shall be responsible for taking all necessary steps for the orderly accomplishment of any such liquidation of the Issuer in relation to any claims they may have against the Issuer.

3.2 Risks related to early redemption of the Notes and to interest rates applicable to the Notes

3.2.1 Notes may be subject to optional redemption by the Issuer

Upon the occurrence of a Withholding Tax Event or a Tax Gross-Up Event, as provided in Condition 4(c) (*Redemption for Taxation Reasons*) of the Terms and Conditions of the Notes, the Issuer may, at its option, subject to (i) in respect of Senior Notes, the prior approval of the Relevant Regulator and/or the Relevant Resolution Authority, if, with respect to Senior Preferred Notes, this is required, and (ii) in respect of Subordinated Notes, Condition 4(l) (*Conditions to redemption prior to Maturity Date in the case of Subordinated Notes*), redeem all, but not some only, of the Notes at their Optional Redemption Amount together, if appropriate, with accrued interest.

If the applicable Final Terms provide that Notes may be redeemed at the option of the Issuer pursuant Condition 4(g) (*Redemption at the Option of the Issuer in the case of any Notes*), the Issuer may at its option, subject to (i) in respect of Senior Notes, the prior approval of the Relevant Regulator and/or the Relevant Resolution Authority, if, with respect to Senior Preferred Notes, this is required, and (ii) in respect of Subordinated Notes, Condition 4(l) (*Conditions to redemption prior to Maturity Date in the case of Subordinated Notes*), redeem all or some only, of the Notes on the Optional Redemption Date(s) provided in the relevant Final Terms at their Optional Redemption Amount together, if appropriate, with accrued interest.

If specified as applicable in the relevant Final Terms and if a part at least equal to the Clean-up Percentage of the initial aggregate nominal amount of the Senior Preferred Notes of the same Series has been redeemed or purchased by, or on behalf of, the Issuer and cancelled, Senior Preferred Notes may be redeemed (in whole, but not in part) at the option of the Issuer, subject to prior approval of the Relevant Regulator and/or the Relevant Resolution Authority, if required, at their Optionnal Redemption Amount, together, if appropriate, with accrued interest (as further described in Condition 4(h) (*Clean-up Redemption at the Option of the Issuer in case of Senior Preferred Notes*)).

If specified as applicable in the relevant Final Terms, Senior Preferred Notes may be redeemed (in whole, but not in part) at the option of the Issuer, at any time, subject to prior approval of the Relevant Regulator and/or the Relevant Resolution Authority, if required, at their Make-Whole Redemption Amount (as further described in Condition 4(f) (*Make-Whole Redemption at the Option of the Issuer in the case of Senior Preferred Notes*)).

Senior Non Preferred Notes and, if specified as applicable in the relevant Final Terms, Senior Preferred Notes may be redeemed (in whole, but not in part only) at the option of the Issuer upon the occurrence of a MREL or

TLAC Disqualification Event as provided in Condition 4(d) (*Redemption upon the occurrence of a MREL or TLAC Disqualification Event*), subject to prior approval of the Relevant Regulator and/or the Relevant Resolution Authority, at their Optional Redemption Amount together, if appropriate, with accrued interest.

Disqualified Subordinated Notes, if specified as applicable in the relevant Final Terms, may be redeemed (in whole, but not in part only) at the option of the Issuer upon the occurrence of or TLAC Disqualification Event as provided in Condition 4(d) (*Redemption upon the occurrence of a MREL or TLAC Disqualification Event*), subject as provided in Condition 4(l) (*Conditions to redemption prior to Maturity Date in the case of Subordinated Notes*).

In respect of Subordinated Notes, upon the occurrence of a Capital Event or a Tax Deduction Event as provided in Condition 4(e) (*Redemption at the Option of the Issuer upon occurrence of a Capital Event or a Tax Deduction Event with respect to Subordinated Notes*), the Issuer may, at its option, subject as provided in Condition 4(l) (*Conditions to redemption prior to Maturity Date in the case of Subordinated Notes*), redeem all, but not some only, of the Subordinated Notes at their Optional Redemption Amount together, if appropriate, with accrued interest.

The Issuer may choose to redeem the Notes at times when prevailing interest rates may be relatively low. During a period when the Issuer may elect, or has elected, to redeem Notes, such Notes may feature a market value not substantially above the price at which they can be redeemed. In such circumstances a Noteholder may not be able to reinvest, following redemption of the Notes by the Issuer, the redemption proceeds in a comparable security at an effective interest rate as high as that of the relevant Notes and may only be able to do so at a lower rate. Additionally, the redemption amount of the Notes may be below their nominal amount and market value. This could have a material adverse effect and Noteholders could lose all or part of their investment in the Notes.

Furthermore, any actual exercise or perceived increase in the likelihood of the exercise of any of the options described above could have a material adverse effect on the market value of the Notes.

A partial redemption at the option of the Issuer or a redemption at the option of the Noteholders may affect the liquidity of the Notes of the same Series in respect of which such option is not exercised, depending on the number of Notes of the same Series in respect of which a partial redemption of the Notes at the option of the Noteholders or at the option of the Issuer is made, any trading market in respect of those Notes in respect of which such option is not exercised may become illiquid, which could have an adverse effect on the market value of the Notes.

3.2.2 There is a significant degree of regulatory uncertainty regarding the potential disqualification of the Notes as eligible liabilities items

A MREL or TLAC Disqualification Event will apply in respect of Senior Non-Preferred Notes and, if specified as applicable in the relevant Final Terms, to Senior Preferred Notes and Disqualified Subordinated Notes, as further described in Condition 4(d) (*Redemption upon the occurrence of a MREL or TLAC Disqualification Event*). The CRR II Regulation and the BRRD II give effect to the FSB TLAC Term Sheet and modify the requirements for MREL eligibility. Whilst there are a number of similarities between the MREL requirements and the FSB's final principles regarding TLAC, there are certain differences. The Issuer is currently unable to predict whether all or part of the Notes may cease to comply with the minimum requirements for own funds and eligible liabilities applicable to the Issuer and/or the MREL Group and thus be excluded fully or partially from the MREL. The non-compliance with the MREL requirements could result in the disqualification of the Notes as eligible liabilities items. Following the occurrence of such disqualification the Issuer may exercise a call option and Noteholders may not be able to reinvest the early redemption amount with the same yield.

3.2.3 The Issuer may not be required to redeem Notes in the case of a Tax Gross-Up Event

There is uncertainty as to whether gross-up obligations, including those under Conditions 6 (*Taxation*), are enforceable or legal under French law. If any obligation to pay additional amounts under Condition 6 (*Taxation*) are held unenforceable or illegal under French law, the Issuer will have the right, but not the obligation, to redeem

the Notes. Accordingly, if the Issuer does not redeem the Notes upon the occurrence of a Tax Gross-Up Event as described in Condition 4(c)(ii) (*Redemption for Taxation Reasons*), Noteholders may receive less than the full amount due under the Notes, and the market value of the Notes will be adversely affected.

3.2.4 The redemption amount payable upon redemption of certain Notes may be less than the principal amount and may equal zero

The redemption amount payable in the case of redemption of certain Notes, including TEC 10 Linked Notes, CMS Linked Notes, Inflation Linked Notes, Range Accrual Notes and Inflation Linked Range Accrual Notes, or as specified in the Final Terms, may be a fair market value calculated by the Calculation Agent reduced by the cost to the Issuer of unwinding any related hedging costs and any replacement liquidity costs which may be less than the principal amount of such Notes and may even be zero. As a result, the Noteholders may receive less than the principal amount due, may lose a partial or total amount of their capital invested, and the market value of such Notes will be adversely affected.

3.2.5 Changes in Interest rates may adversely affect the market value, the yield and/or the liquidity of Fixed Rate Notes

In accordance with Condition 3(a) (*Rate of Interest on Fixed Rate Notes other than Fixed Rate Notes denominated in RMB*) and Condition 3(b) (*Rate of Interest on Fixed Rate Notes denominated in RMB*), the Issuer may issue Notes bearing a fixed rate of interest.

Investment in Fixed Rate Notes involves the risk that changes in market interest rates after the issuance of such Notes may have a significant adverse effect on the market value, the yield and/or the liquidity of Fixed Rate Notes and, as a consequence, holders of Fixed Rate Notes may lose part of their investment in Fixed Rate Notes.

3.2.6 Noteholders will not be able to calculate in advance their investment's return on Floating Rate Notes

In accordance with Condition 3(d) (*Interest on Floating Rate Notes*), the Issuer may issue Notes bearing a floating rate of interest. A key difference between Floating Rate Notes and Fixed Rate Notes is that interest income on Floating Rate Notes cannot be anticipated due to the periodic adjustment (specified in the relevant Final Terms) of the reference rate which will itself vary depending on general market conditions.

Due to varying interest income, Noteholders are not able to determine a definite yield of Floating Rate Notes at the time they purchase them, so that their return on investment cannot be compared with that of investments having longer fixed interest periods. If the relevant Final Terms provide for frequent interest payment dates for a particular Series of Floating Rate Notes, Noteholders are exposed to reinvestment risks if market interest rates decline. That is, Noteholders may reinvest the interest income paid to them only at the relevant lower interest rates then prevailing.

Market volatility in interest rates, which is difficult to anticipate, may therefore have a significant adverse effect on the yield, the market value and/or the liquidity of Floating Rate Notes and Noteholders could receive a lower or no interest on such Notes.

3.2.7 Risk relating to Benchmark reforms and licensing

In accordance with the provisions of Condition 3 (*Interest and other Calculations*), the rate of interest in respect of certain Notes may be determined by reference to reference rates that constitute "benchmarks" for the purposes of Regulation (EU) 2016/1011, as amended (the "**Benchmarks Regulation**") published in the Official Journal of the EU on 29 June 2016 and applied since 1 January 2018. Regulation (EU) 2019/2089 of the European Parliament and of the Council of 27 November 2019 has amended the existing provisions of the Benchmarks Regulation by extending the transitional provisions applicable to material benchmarks and third-country benchmarks until the end of 2021.

Interest rates and indices which are deemed to be “benchmarks” (in particular LIBOR and EURIBOR) are the subject of recent national and international regulatory guidance and proposals for reform. Some of these reforms are already effective while others are still to be implemented. These reforms may cause such benchmarks to perform differently from the past or disappear entirely or have other consequences that cannot be predicted. Any such consequences could have a material adverse effect on the liquidity and value of and return on any Notes linked to such a “benchmark”.

Benchmarks Regulation on indices used as benchmarks in financial instruments and financial contracts or to measure the performance of investment funds could have a material impact on any Notes. In particular, if the methodology or other terms of the benchmark (such as LIBOR or EURIBOR) are changed in order to comply with the requirements of the Benchmarks Regulation, such changes could, among other things, have the effect of reducing, increasing or otherwise affecting the level or volatility of the published rate of such benchmark. In addition, market participants may be discouraged from continuing to administer or contribute to such benchmark and the rules or methodologies used in the benchmarks may change, which may lead to the disappearance of the benchmark. Any of these changes, could have a material adverse effect on the value of and return on any Notes linked to a benchmark.

The elimination of LIBOR as a benchmark (or any other benchmark), the establishment of alternative reference rates or changes in the manner of administration of LIBOR (or any other benchmark) as a benchmark could also require adjustments to the terms of any Notes which pay a floating rate on interest. In particular, to the extent LIBOR is discontinued or is no longer quoted, the reference rate of such Notes may thereafter be determined in relation to a different benchmark. The replacement benchmark may perform differently from the discontinued LIBOR and may result in other consequences, such as interest payments that are lower than, or that do not otherwise correlate over time with, the payments that would have been made on such Notes if LIBOR as a benchmark was available in its current form. This could in turn impact the trading value of the affected Notes.

If the relevant reference rate ceases to be calculated or administered and no alternative base rate is identified, this may result in the relevant reference rate no longer being available or being subject to replacement, and the interest rate on such Notes will accrue at the last relevant rate plus the Margin, potentially converting such Notes into fixed rate instruments.

Any of the above changes or any other consequential changes to benchmarks as a result of European Union, United Kingdom, or other international, national, or other proposals for reform or other initiatives or investigations, or any further uncertainty in relation to the timing and manner of implementation of such changes could have a material adverse effect on the trading market for, value of and return on the Notes.

Regulation (EU) 2019/2089 of the European Parliament and of the Council of 27 November 2019 has amended the existing provisions of the Benchmarks Regulation by extending the transitional provisions applicable to material benchmarks and third-country benchmarks until the end of 2021. The existing provisions of the Benchmarks Regulation were further amended by Regulation (EU) 2021/168 of the European Parliament and of the Council of 10 February 2021 published in the Official Journal of the European Union on 12 February 2021 (the “**Amending Regulation**”).

The Amending Regulation introduces a harmonised approach to deal with the cessation or wind-down of certain Benchmarks by conferring on the European Commission the power to designate a statutory replacement for certain benchmarks, resulting in such benchmarks being replaced in contracts and financial instruments that have not been renegotiated before the date of cessation of the relevant benchmarks and contain either no contractual replacement (or so-called “fallback provision”) or a fallback provision which is deemed unsuitable by the European Commission or competent national authorities (Article 23b of the Benchmarks Regulation). These provisions could have a negative impact on the value or liquidity of, and return on, Notes issued under the Programme with interest rate calculated by reference to EURIBOR, LIBOR or CMS Rate(s) in the event that the fallback provisions in the Terms and Conditions of the Notes (see Condition 3(d)(ii)(C)(g)) are deemed unsuitable

(Article 23c of the Benchmark Regulation, as amended by the Amending Regulation). However, there are still uncertainties about the exact implementation of this provision pending the implementing acts of the European Commission. In addition, the Amending Regulation extended the transitional provisions applicable to third-country benchmarks until the end of 2023 and empowered the European Commission to further extend this transitional period until the end of 2025, if necessary. Such developments may create uncertainty regarding any future legislative or regulatory requirements arising from the implementation of delegated regulations.

3.2.8 If LIBOR, EURIBOR or any other benchmark is discontinued, the rate of interest on the affected Floating Rate Notes or Resettable Fixed Rate Notes will be changed in ways which may be adverse to holders of such Notes, without any requirement that the consent of such holders be obtained

Pursuant to Condition 3 (*Interest and other Calculations*) (in particular, Condition 3(c), Condition 3(d)(ii)(C)(a), Condition 3(d)(ii)(C)(d), Condition 3(d)(ii)(C)(e) and Condition 3(d)(ii)(C)(f) where Screen Rate Determination is specified in the relevant Final Terms as applicable and/or where LIBOR or EURIBOR (which are both subject to the Benchmarks Regulation), €STR, SONIA or SOFR (which are not subject to the Benchmark Regulation) are specified as applicable in the relevant Final Terms, if any benchmark event (as provided under each of the above-mentioned provisions) occurs or a replacement rate will be applied to the Notes, as well as, as the case may be, any necessary changes to the business day convention, the definition of business day, the interest determination date, the day count fraction and any method for calculating the replacement rate, including any adjustment factor needed to make such replacement rate comparable to the relevant reference rate. Such replacement rate will (in the absence of manifest error) be final and binding, and no consent of the Noteholders shall be required in connection with effecting any replacement rate, any other related adjustments and/or amendments to the terms and conditions of such Floating Rate Notes (or any other document) which are made in order to effect such replacement rate.

The replacement rate may have no or very limited trading history and accordingly its general evolution and/or interaction with other relevant market forces or elements may be difficult to determine or measure. In addition, given the uncertainty concerning the availability of a replacement rate and the involvement of a Rate Determination Agent, the fallback provisions may not operate as intended at the relevant time and the replacement rate may perform differently from the discontinued benchmark. For example, there are currently proposals to replace LIBOR (which generally has a term of one, three or six months) with an overnight rate. Similarly, proposals have been made to use a rate on highly rated government obligations to replace LIBOR, which is currently based on interbank lending rates and carries an implicit element of credit risk of the banking sector. These and other changes could significantly affect the performance of an alternative rate compared to the historical and expected performance of LIBOR. Any adjustment factor applied to any Series of Notes may not adequately compensate such impact. This could in turn impact the rate of interest on and trading value of such Floating Rate Notes.

The Terms and Conditions of the Notes provide that, if it is not possible to determine a value for a given Reference Rate, the relevant interest rate on such Notes will be the last available setting of such Reference Rate, effectively converting such Notes into fixed rate instrument. They may also provide for other fallbacks.

Even if a replacement rate for any Reference Rate is determined, if the replacement of the Reference Rate with the replacement rate would result in a MREL or TLAC Disqualification Event (in the case of Senior Non Preferred Notes and, if specified as applicable in the relevant Final Terms, Senior Preferred Notes or Disqualified Subordinated Notes), a Capital Event (in the case of Subordinated Notes only), or in the relevant resolution authority treating any future interest payment as the effective maturity of the Notes, the rate of interest will not be changed, but will instead be fixed on the basis of the last available quotation of the Reference Rate. This could occur if, for example, the switch to the replacement rate would create an incentive to redeem the relevant Notes that would be inconsistent with the relevant requirements necessary to maintain the regulatory status of the Notes.

Noteholders that enter into hedging instruments based on the relevant reference rate may find their hedges to be ineffective, and they may incur costs replacing such hedges with instruments tied to the replacement rate. When such Notes are effectively converted into fixed rate instruments, Noteholders might incur costs from unwinding hedges. Moreover, in a rising interest rate environment, Noteholders will not, if the Notes are converted into fixed rate instrument benefit from any increase in rates. The trading value of the Notes could as a consequence be adversely affected.

3.2.9 SOFR is a relatively new market index that may be used as a reference rate for Floating Rate Notes and, as the related market continues to develop, there may be an adverse effect on the return on or value of the SOFR-based Notes

The rate of interest on the Notes may be calculated on the basis of SOFR as set forth in Condition 3(d)(ii)(C)(f). Because SOFR is an overnight funding rate, interest on SOFR based Notes with interest periods longer than overnight will be calculated near the end of each Interest Accrual Period. As a consequence of this calculation method, the amount of interest payable on each Interest Payment Date will only be known a short period of time prior to the relevant Interest Payment Date. Noteholders therefore will not know in advance the interest amount which will be payable on such Notes.

SOFR is a relatively new rate. The NY Federal Reserve began to publish SOFR in April 2018. Although the NY Federal Reserve has published historical indicative SOFR information going back to 2014, such prepublication historical data inherently involves assumptions, estimates and approximations. Since the initial publication of SOFR, daily changes in the rate have, on occasion, been more volatile than daily changes in other benchmark or market rates.

As a result, the return on and value of SOFR-linked Notes may fluctuate more than floating rate debt securities that are linked to less volatile rates. Because SOFR is a relatively new market index, SOFR-linked Notes will likely have no established trading market when issued, and an established trading market may never develop or may not be very liquid. Market terms for debt securities indexed to SOFR may evolve over time, and trading prices of SOFR-linked Notes may be lower than those of later-issued SOFR-linked debt securities as a result. Similarly, if SOFR does not prove to be widely used in securities like the Notes, the trading price of SOFR-linked Notes may be lower than those of notes linked to rates that are more widely used. Noteholders may not be able to sell SOFR-linked Notes at all or may not be able to sell such Notes at prices that will provide a yield comparable to similar investments that have a developed secondary market, and may consequently suffer from increased pricing volatility and market risk. The NY Federal Reserve notes on its publication page for SOFR that use of SOFR is subject to important limitations, including that the NY Federal Reserve may alter the methods of calculation, publication schedule, rate revision practices or availability of SOFR at any time without notice. SOFR might not be discontinued or fundamentally altered in a manner that is materially adverse to the interests of Noteholders in the Notes. If the manner in which SOFR is calculated is changed or if SOFR is discontinued, that change or discontinuance may result in a reduction or elimination of the amount of interest payable on SOFR-linked Notes and a reduction in the trading prices of such Notes.

3.2.10 The market continues to develop in relation to other risk free rates (including overnight rates such as SONIA or €STR) as reference rates for Benchmark Notes

The rate of interest on the Notes may be calculated on the basis of other risk free rates such as SONIA or €STR as set forth in Condition 3(d)(ii)(C)(d) and Condition 3(d)(ii)(C)(e) of the Terms and Conditions of the Notes. Similarly to SOFR-linked Notes, because SONIA and €STR are overnight funding rates, interest on SONIA- or €STR-based Notes with interest periods longer than overnight will be calculated near the end of each Interest Accrual Period. As a consequence of this calculation method, the amount of interest payable on each Interest Payment Date will only be known a short period of time prior to the relevant Interest Payment Date. Noteholders therefore will not know in advance the interest amount which will be payable on such Notes.

The market continues to develop in relation to risk free rates, such as SONIA or €STR, as a reference rate in the capital markets and their adoption as alternatives to the relevant interbank offered rates. In particular, market participants and relevant working groups are exploring alternative reference rates based on SONIA or €STR, including term SONIA and term €STR reference rates which seek to measure the market's forward expectation of an average rate over a designated term.

The market or a significant part thereof may adopt an application of SONIA or €STR that differs significantly from that set out in the Terms and Conditions as applicable to Notes referencing such reference rates. The nascent development of compounded daily SONIA and compounded daily €STR as interest reference rates, as well as continued development of SONIA- and €STR-based rates, could result in reduced liquidity or increased volatility or could otherwise affect the market price of any SONIA- and €STR-referenced Notes issued under the programme from time to time.

3.2.11 Resetable Fixed Rate Notes

A holder of Resetable Fixed Rate Notes with a fixed interest rate that will be periodically reset during the term of the relevant Notes (see Condition 3(c) (*Rate of Interest of Resetable Fixed Rate Notes*)) is exposed to the risk of fluctuating interest rate levels and uncertain interest income and this may adversely affect the market value of the Notes. Such Notes have reset provisions pursuant to which the Notes will, in respect of an initial period, bear interest at an initial fixed rate of interest specified in the applicable Final Terms. Thereafter, the fixed rate of interest will be reset on one or more date(s) as specified in the relevant Final Terms by reference to a mid-market swap rate or U.S. Treasury Rate, and for a period equal to the Reset Period, as adjusted for any applicable margin, in each case as may be specified in the relevant Final Terms. Such rate of interest may be less than the initial rate of interest and/or less than the rate of interest that applies immediately prior to such reset date and may adversely affect the yield of the Notes and therefore the market value of the Notes.

3.2.12 Fixed/Floating Rate Notes subject to interest switch provisions

Fixed/Floating Rate Notes (see Condition 3(i) (*Fixed/Floating Rate Notes*)) may have features which provide for a change of the interest rate formula or basis at certain dates or upon occurrence of certain events.

If a Fixed Rate is converted to a Floating Rate, CMS Rate and/or HICP Linked Interest, the spread on the Fixed/Floating Rate, CMS Rate and/or HICP Linked Interest Notes may be less favourable than then prevailing spreads on comparable Floating Rate, CMS Rate and/or HICP Linked Interest Notes. In addition, the new applicable rate at any time may be lower than the rates on other Notes.

If a Floating Rate, CMS Rate and/or HICP Linked Interest is converted to a Fixed Rate, the new Fixed Rate may be lower than then prevailing rates on other Notes, which may affect the market yield of the Fixed/Floating Rate Notes.

As a consequence, such conversion feature may affect the secondary market and the market value, the yield and/or the liquidity of such Fixed/Floating Notes and may lead to losses for the Noteholders.

3.2.13 Inflation Linked Notes, CMS Linked Notes and TEC 10 Linked Notes

In accordance with Condition 3(e) (*Rate of Interest on Inflation Linked Notes*), Condition 3(f) (*Rate of Interest on CMS-Linked Notes*) and Condition 3(g) (*Rate of Interest on TEC 10 Linked Notes*), the Issuer may issue CMS Linked Notes, Inflation Linked Notes and TEC 10 Linked Notes with an interest determined by reference to an Index, a CMS Rate or TEC 10, as adjusted by certain other factors, such as a Gearing Factor or a Maximum Rate of Interest as specified in the relevant Final Terms (each, a “**Relevant Factor**”).

Inflation Linked Notes, CMS Linked Notes and TEC 10 Linked Notes differ from ordinary debt securities and the market price of such Notes may be volatile. The amounts due in respect of interest will be dependent upon the performance of the underlying inflation indices or CMS Rate or TEC 10, which themselves may contain

substantial credit, interest rate or other risks. The historical performance of a Relevant Factor should not be viewed as an indication of the future performance of such Relevant Factor during the term of any Inflation Linked Notes and/or CMS Linked Notes and/or TEC 10 Linked Notes and a Relevant Factor may be subject to significant fluctuations that may not correlate with changes in interest rates, currencies or other indices. In addition, if a Relevant Factor is applied in conjunction with a multiplier greater than one or contains some other leverage factor, the effect of changes in the Relevant Factor on principal and/or interest payable will likely be magnified which could worsened a negative change in the performance of the Relevant Factor. As a consequence, holders of such Notes are unable to anticipate the yield and variation of the market value of their Notes and they may lose all or part of their investment as a result of the volatility of their market value.

Further, CMS Linked Notes and Inflation Linked Notes may contain broad calculation agent discretions to interpret, change or redeem the CMS Linked Notes and Inflation Linked Notes and such discretions are not required to be exercised in the interests of Noteholders.

Inflation Linked Notes and CMS Linked Notes may include range accrual provisions (see Condition 3(e)(iv) and Condition 3(f)(iii)). The interest in respect of Notes including range accrual provisions shall be calculated by applying one of the formulae specified in the Terms and Conditions of the Notes but will be conditional upon CMS Rates, or as the case may be, inflation indices, being equal to, greater than and/or less than certain predetermined levels on one or more specified dates and/or periods as set out in the relevant Final Terms. In the event that such conditionality is not satisfied in respect of one or more dates falling within any interest accrual period or other specified period, no interest may be payable in respect of such interest accrual period or interest will only be paid in respect only of those days in the interest accrual period on which such conditionality has been satisfied. As a consequence, holders of such Notes are unable to anticipate the yield and the variation of the market value of their Notes and they may lose all or part of their investment as a result of the volatility of their market value.

3.2.14 Risk relating to Zero Coupon Notes and Notes issued at a substantial discount or premium

The Issuer may issue Notes at a substantial discount or premium from their principal amount, as further described under Condition 3(h) (*Zero Coupon Notes*) of the Terms and Conditions of the Notes. The market values of such Notes tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing securities.

If market interest rates increase, such Notes can suffer higher price losses than other interest-bearing securities having the same maturity and credit rating.

Market volatility in interest rates, which is difficult to anticipate, may therefore have a negative effect on the market value and/or the liquidity of such Notes. Therefore, holders of such Notes could be exposed to greater losses on their investment than holders of conventional interest-bearing securities.

RETAIL CASCADES: CONSENT TO USE THE PROSPECTUS

In the context of any offer of Notes in France, the Grand Duchy of Luxembourg and/or any other jurisdiction of the European Economic Area in which this Base Prospectus has been passported from time to time (the “**Non-Exempt Offer Jurisdictions**”) that is not within an exemption from the requirement to publish a prospectus under Article 1.4 of the Prospectus Regulation (a “**Non-Exempt Offer**”), the Issuer consents to the use of this Base Prospectus, as supplemented from time to time, and the relevant Final Terms (together, the “**Prospectus**”) in connection with a Non-Exempt Offer of any Notes during the offer period specified in the relevant Final Terms (the “**Offer Period**”) and in the Non-Exempt Offer Jurisdiction(s) specified in the relevant Final Terms:

- (1) subject to conditions set out in the relevant Final Terms, by any financial intermediary designated in such Final Terms; or
- (2) if so specified in the relevant Final Terms, by any financial intermediary which satisfies the following conditions: (a) acts in accordance with all applicable laws, rules, regulations and guidance of any applicable regulatory bodies (the “**Rules**”), from time to time including, without limitation and in each case, Rules relating to both the appropriateness or suitability of any investment in the Notes by any person and disclosure to any potential investor; (b) complies with the restrictions set out under section headed “*Subscription and Sale*” in this Base Prospectus which would apply as if it were a Dealer; (c) acknowledges the determination of the type of clients in the context of the target market assessment in respect of the Notes and distribution channels identified under the “MiFID II product governance” legend set out in the relevant Final Terms; (d) ensures that any fee (and any commissions, rebates or benefits of any kind) received or paid by that financial intermediary in relation to the offer or sale of the Notes does not violate the Rules and is fully and clearly disclosed to investors or potential investors; (e) holds all licences, consents, approvals and permissions required in connection with solicitation of interest in, or offers or sales of, the Notes under the Rules; (f) retains investor identification records for at least the minimum period required under applicable Rules, and shall, if so requested and to the extent permitted by the Rules, make such records available to the relevant Dealer(s) and the Issuer or directly to the appropriate authorities with jurisdiction over the Issuer and/or the relevant Dealer(s) in order to enable the Issuer and/or the relevant Dealer(s) to comply with anti-money laundering, anti-bribery, anti-corruption and “know your client” rules applying to the Issuer and/or the relevant Dealer(s); (g) does not, directly or indirectly, cause the Issuer or the relevant Dealer(s) to breach any Rule or any requirement to obtain or make any filing, authorisation or consent in any jurisdiction; and (h) satisfies any further conditions specified in the relevant Final Terms (in each case any such financial intermediary being an “**Authorised Offeror**”). For the avoidance of doubt, none of the Dealers or the Issuer shall have any obligation to ensure that an Authorised Offeror complies with applicable laws and regulations and shall therefore have no liability in this respect.

The Issuer accepts responsibility, in the Non-Exempt Offer Jurisdiction(s) specified in the Final Terms, for the content of the Prospectus in relation to any person (an “**Investor**”) in such Non-Exempt Offer Jurisdiction(s) to whom an offer of any Notes is made by any Authorised Offeror and where the offer is made during the period for which that consent is given. However, neither the Issuer nor any Dealer has any responsibility for any of the actions of any Authorised Offeror, including compliance by an Authorised Offeror with applicable conduct of business rules or other local regulatory requirements or other securities law requirements in relation to such offer.

The consent referred to above relates to Offer Periods (if any) ending no later than the date falling 12 months from the date of the approval of this Base Prospectus by the AMF.

In the event the relevant Final Terms designate Authorised Offeror(s) to whom the Issuer has given its consent to use the Prospectus during an Offer Period, the Issuer may also give consent to additional financial

intermediary(ies) (each also an “**Authorised Offeror**”) after the date of the relevant Final Terms and, if it does so, it will publish any new information in relation to such Authorised Offerors who are unknown at the time of the approval of this Base Prospectus or the filing of the relevant Final Terms at <http://www.bfcm.creditmutuel.fr>.

If the Final Terms specify that any Authorised Offeror may use the Prospectus during the Offer Period, any such Authorised Offeror is required, for the duration of the relevant Offer Period, to publish on its website that it is using the Prospectus for the relevant Non-Exempt Offer with the consent of the Issuer and in accordance with the conditions attached thereto.

Other than as set out above, neither the Issuer nor any of the Dealers has authorised the making of any Non-Exempt Offer by any person in any circumstances and such person is not permitted to use the Prospectus in connection with its offer of any Notes. Any such offers are not made on behalf of the Issuer or by any of the Dealers or Authorised Offerors and none of the Issuer or any of the Dealers or Authorised Offerors has any responsibility or liability for the actions of any person making such offers.

An Investor intending to acquire or acquiring any Notes from an Authorised Offeror will do so, and offers and sales of the Notes to an Investor by an Authorised Offeror will be made, in accordance with any terms and other arrangements in place between such Authorised Offeror and such Investor including as to price, allocations, settlement arrangements and expenses to be charged to the Investor (the “Terms and Conditions of the Non-Exempt Offer”). The Issuer will not be a party to any such arrangements with Investors (other than Dealers) in connection with the offer or sale of the Notes and, accordingly, this Base Prospectus does not and any Final Terms will not contain such information. The Terms and Conditions of the Non-Exempt Offer shall be provided to Investors by that Authorised Offeror at the time of the Non-Exempt Offer. Neither the Issuer nor any of the Dealers or other Authorised Offerors has any responsibility or liability for such information.

SUPPLEMENT TO THE BASE PROSPECTUS

If at any time the Issuer shall be required to prepare a supplement to this Base Prospectus pursuant to the provisions of Article 23 of the Prospectus Regulation, following the occurrence of a significant new factor, a material mistake or material inaccuracy relating to the information included in this Base Prospectus (including the “Terms and Conditions of the Notes”) which may affect the assessment of any Notes, the Issuer will prepare and make available an appropriate supplement to this Base Prospectus or a restated Base Prospectus, which, in respect of any subsequent issue of Notes to be admitted to trading on Euronext Paris or on a Regulated Market, shall constitute a supplement to the Base Prospectus for the purpose of the relevant provisions of the Prospectus Regulation.

In accordance with and pursuant to Article 23.2 of the Prospectus Regulation, where the Notes are offered to the public, investors who have already agreed to purchase or subscribe for Notes before any supplement is published have the right, exercisable within two working days after the publication of such supplement, to withdraw their acceptance provided that the significant new factor, material mistake or material inaccuracy referred to in Article 23.1 of the Prospectus Regulation arose or was noted before the closing of the offer to the public and the delivery of the Notes, whichever occurs first. The period may be extended by the Issuer or, if any, the relevant Authorised Offeror(s). The final date of the right of withdrawal shall be stated in the supplement. On 25 September 2021, this Base Prospectus as supplemented (as the case may be), will expire and the obligation to supplement this Base Prospectus in the event of significant new factor, material mistakes or material inaccuracies will no longer apply.

TERMS AND CONDITIONS OF THE ENGLISH LAW NOTES

*The following is the text of the terms and conditions of the Notes to be issued governed by English Law (the “**English Law Notes**”) that, save for the italicised paragraphs and subject to completion in accordance with the provisions of the relevant Final Terms, shall be applicable to the English Law Notes. The following text of the terms and conditions of the English Law Notes shall in particular be applicable, subject to completion in accordance with the provisions of the relevant Final Terms, to English Law Notes in definitive form (if any) issued in exchange for the Global Note(s) representing each Series. Either (i) the full text of these terms and conditions together with the relevant provisions of the Final Terms or; (ii) these terms and conditions as so completed (and subject to simplification by the deletion of non-applicable provisions), shall be endorsed on such Notes. All capitalised terms that are not defined in these Conditions will have the meanings given to them in the relevant Final Terms. Those definitions will be endorsed on the definitive Notes. References in these Conditions to “**Notes**” are to the English Law Notes of one Series only, and not to all Notes that may be issued under the Programme.*

The Notes are issued by Banque Fédérative du Crédit Mutuel (the “**Issuer**”) pursuant to an English law-governed amended and restated agency agreement dated 20 July 2021 (as amended and/or supplemented as at the date of issue of the Notes (the “**Issue Date**”), the “**English Law Agency Agreement**”) between the Issuer, BNP Paribas Securities Services, Luxembourg Branch as fiscal agent and principal paying agent (the “**Fiscal Agent**”), initial calculation agent (the “**Calculation Agent**”), redenomination agent (the “**Redenomination Agent**”) and consolidation agent (the “**Consolidation Agent**”) and Citibank, N.A., London Branch and BNP Paribas Securities Services as paying agents (together with the Fiscal Agent and any additional or other paying agents in respect of the Notes from time to time appointed and, where the context so admits, the “**Paying Agents**”). If a Calculation Agent is not specified in the applicable Final Terms in respect of any Notes and the terms and conditions require that a Calculation Agent be appointed then the Fiscal Agent shall act as Calculation Agent. The Noteholders (as defined below), the holders of the interest coupons (the “**Coupons**”) appertaining to interest bearing Notes and, where applicable in the case of such Notes, talons for further Coupons (the “**Talons**”) (the “**Couponholders**”) and the holders of the receipts for the payment of instalments of principal (the “**Receipts**”) relating to Notes, of which the principal is payable in instalments, are deemed to have notice of all of the provisions of the English Law Agency Agreement applicable to them. The Notes are issued with the benefit of an amended and restated deed of covenant (as amended and/or supplemented as at the Issue Date, the “**Deed of Covenant**”) dated 20 July 2021 executed by the Issuer in relation to the Notes.

Copies of the English Law Agency Agreement and the Deed of Covenant are available for inspection or collection during normal business hours at the specified offices of each of the Paying Agents or may be provided by email to a Noteholder following their prior written request to any Paying Agents or the Issuer and provision of proof of holding and identity (in a form satisfactory to the relevant Paying Agent or the Issuer, as the case may be).

For the purpose of these Terms and Conditions, “**Regulated Market**” means any regulated market situated in a Member State of the European Economic Area as defined in the Markets in Financial Instruments Directive 2014/65/EU, as amended and as listed on the website of Europa (http://ec.europa.eu/internal_market/securities/isd/index_en.htm).

References below to “**Conditions**” are, unless the context requires otherwise, to the numbered paragraphs below and references to a “**Tranche**” means Notes which are identical in all respects and a “**Series**” means an original Tranche of Notes together with any further Tranche or Tranches of Notes which are expressed to form a single series with the original Tranche of Notes that are denominated in the same currency and that have the same maturity date or redemption date, as the case may be, interest basis and interest payment dates, if any, and the terms of which, save for the issue date or interest commencement date and the issue price, are otherwise identical and to be consolidated and to form a single Series issued pursuant to Condition 13.

1 Form, Denomination(s), Title and Redenomination

(a) *Form of Notes and Title*

The Notes are issued in bearer form.

Notes are serially numbered and are issued with Coupons (and, where appropriate, a Talon) attached, save in the case of Notes that do not bear interest, in which case references to interest (other than in relation to interest due after the Maturity Date), Coupons and Talons in these Conditions are not applicable. Any Note the principal amount of which is redeemable in instalments is issued with one or more Receipts attached.

Title to the Notes, Receipts, Coupons and Talons shall pass by delivery. Except as ordered by a court of competent jurisdiction or as required by law, the holder (as defined below) of any Note, Receipt, Coupon or Talon shall be deemed to be and may be treated as its absolute owner for all purposes, whether or not it is overdue and regardless of any notice of ownership, trust or an interest in it, any writing on it or its theft or loss and no person shall be liable for so treating the holder.

In these Conditions, “**Noteholder**” means the bearer of any Note and the Receipts relating to it, “**holder**” (in relation to a Note, Receipt, Coupon or Talon) means the bearer of any Note, Receipt, Coupon or Talon and capitalised terms have the meanings given to them hereon, the absence of any such meaning indicating that such term is not applicable to the Notes.

(b) **Denomination(s):**

Notes shall be issued in the specified denomination(s) as set out in the relevant Final Terms (the “**Specified Denomination(s)**”) provided that Senior Non-Preferred Notes (as defined in Condition 2(a)(ii)) and Subordinated Notes (as defined in Condition 2(b)) will have a minimum Specified Denomination of not less than €100,000 or its equivalent in another currency.

(c) **Redenomination**

- (i) The Issuer may (if so specified in the relevant Final Terms), on any Interest Payment Date, without the consent of the holder of any Note, Receipt, Coupon or Talon, by giving at least 30 days’ notice in accordance with Condition 14 and on or after the date on which the European Member State in whose national currency the Notes are denominated has become a participating Member State in the single currency of the European Economic and Monetary Union (as provided in the Treaty establishing the European Community (the “**EC**”), as amended from time to time (the “**Treaty**”), or events have occurred which have substantially the same effects (in either case, “**EMU**”), redenominate all, but not some only, of the Notes of any Series into Euro and adjust the aggregate principal amount and the Specified Denomination(s) set out in the relevant Final Terms accordingly, as described below. The date on which such redenomination becomes effective shall be referred to in these Conditions as the “**Redenomination Date**”.
- (ii) The redenomination of the Notes pursuant to Condition 1(c)(i) shall be made by converting the principal amount of each Note from the relevant national currency into Euro using the fixed relevant national currency Euro conversion rate established by the Council of the European Union pursuant to applicable regulations and rounding the resultant figure to the nearest Euro 0.01 (with Euro 0.005 being rounded upwards). If the Issuer so elects, the figure resulting from conversion of the principal amount of each Note using the fixed relevant national currency Euro conversion rate shall be rounded down to the nearest Euro. The Euro denominations of the Notes so determined shall be notified to Noteholders in accordance with Condition 14. Any balance remaining from the redenomination with a denomination higher than Euro 0.01 shall be paid by way of cash adjustment rounded to the nearest Euro 0.01 (with Euro 0.005 being rounded upwards). Such cash adjustment

will be payable in Euro on the Redenomination Date in the manner notified to Noteholders by the Issuer.

- (iii) Upon redenomination of the Notes, any reference in the relevant Final Terms to the relevant national currency shall be construed as a reference to Euro.
- (iv) The Issuer may, with the prior approval of the Redenomination Agent and the Consolidation Agent, in connection with any redenomination pursuant to this Condition or any consolidation pursuant to Condition 13, without the consent of the holder of any Note, Receipt, Coupon or Talon, make any changes or additions to these Conditions or Condition 13 (including, without limitation, any change to any applicable business day definition, business day convention, principal financial centre of the country of the Specified Currency, interest accrual basis or benchmark), taking into account market practice in respect of redenominated euromarket debt obligations and which it believes are not prejudicial to the interests of such holders. Any such changes or additions shall, in the absence of manifest error, be binding on the holders of Notes, Receipts, Coupons and Talons and shall be notified to such holders in accordance with Condition 14 as soon as practicable thereafter.
- (v) Neither the Issuer nor any Paying Agent shall be liable to the holder of any Note, Receipt, Coupon or Talon or other person for any commissions, costs, losses or expenses in relation to or resulting from the credit or transfer of Euro or any currency conversion or rounding effected in connection therewith.

2 Status of the Notes

Notes may be either senior (“**Senior Notes**”) or subordinated (“**Subordinated Notes**”), as specified in the applicable Final Terms.

(a) Status of Senior Notes

The Senior Notes may be either senior preferred notes (“**Senior Preferred Notes**”) or senior non-preferred notes (“**Senior Non-Preferred Notes**”), as specified in the applicable Final Terms.

For the avoidance of doubt, all “unsubordinated notes” issued by the Issuer under the Euro 52,000,000,000 Euro Medium Term Note Programme prior to the date of entry into force of the law n°2016-1691 dated 9 December 2016 on 11 December 2016 constitute Senior Preferred Obligations (as defined below).

(i). Status of Senior Preferred Notes

Senior Preferred Notes including, where applicable, any related Receipts and Coupons will constitute direct, unconditional, unsecured and senior obligations of the Issuer ranking as Senior Preferred Obligations and rank and will rank equally and rateably without any preference or priority among themselves and:

Subject to applicable law, in the event any judgment is rendered by any competent court declaring the judicial liquidation of the Issuer or if the Issuer is liquidated for any other reason, the rights of payment of the holders of Senior Preferred Notes and, where applicable, any related Receipts and Coupons shall be subject to the payment in full of all present or future creditors and holders of, or creditors in respect of, claims benefiting from statutory preferred exceptions (“**Preferred Creditors**”) and, subject to such payment in full, the holders of Senior Preferred Notes and, where applicable, any related Receipts and Coupons shall be paid in priority to any present or future senior non-preferred obligations of the Issuer. In the event of incomplete payment of Preferred Creditors, the obligations of the Issuer in connection with the Senior Preferred Notes and, where applicable, any related Receipts and Coupons will be terminated. The holders of Senior Preferred Notes and, where applicable, any related Receipts and Coupons shall be responsible for taking all necessary steps for the orderly accomplishment of any such liquidation of the Issuer in relation to any claims they may have against the Issuer.

For the purposes of these Conditions:

“**Senior Non-Preferred Obligations**” means any senior obligations (including the Senior Non-Preferred Notes) of, or other senior instruments issued by, the Issuer which fall or are expressed to fall within the category of obligations described in Article L. 613-30-3–I-4° and Article R. 613-28 of the French *Code monétaire et financier*.

- (ii) junior to all present or future Senior Preferred Obligations of the Issuer; and
- (iii) senior to all present or future subordinated obligations of the Issuer (including any Subordinated Notes) and any obligations ranking *pari passu* or junior to subordinated obligations of the Issuer.

Subject to applicable law, in the event any judgment is rendered by any competent court declaring the judicial liquidation of the Issuer or if the Issuer is liquidated for any other reason, the rights of payment of the holders of Senior Non-Preferred Notes and, where applicable, any related Receipts and Coupons shall be subject to the payment in full of all present or future senior preferred creditors and holders of, or creditors in respect of, obligations expressed by their terms to rank in priority to the Senior Non-Preferred Notes and of those preferred by mandatory and/or overriding provisions of law (collectively, “**Senior Preferred Creditors**”) and, subject to such payment in full, the holders of Senior Non-Preferred Notes and, where applicable, any related Receipts and Coupons shall be paid in priority to any present or future subordinated obligations of the Issuer. In the event of incomplete payment of Senior Preferred Creditors, the obligations of the Issuer in connection with the Senior Non-Preferred Notes and, where applicable, any related Receipts and Coupons will be terminated. The holders of Senior Non-Preferred Notes and, where applicable, any related Receipts and Coupons shall be responsible for taking all necessary steps for the orderly accomplishment of any such liquidation of the Issuer in relation to any claims they may have against the Issuer.

(b) Status of Subordinated Notes

It is the intention of the Issuer that the proceeds of the issue of the Subordinated Notes be treated for regulatory purposes as Tier 2 Capital. The status and ranking provisions of Condition 2(b)(i) will apply with respect to the status and ranking provisions of the Subordinated Notes for so long as such Subordinated Notes are treated for regulatory purposes as Tier 2 Capital (such Subordinated Notes being hereafter referred to as "**Qualifying Subordinated Notes**"). Should any outstanding Qualifying Subordinated Notes and, where applicable, the Receipts and Coupons relating to them (if any) be fully excluded from Tier 2 Capital ("**Disqualification Event**") (Subordinated Notes affected by a Disqualification Event being hereafter referred to as "**Disqualified Subordinated Notes**"), the status and ranking provisions of Condition 2(b)(ii) will forthwith replace and supersede the status and ranking provisions of Condition 2(b)(i) with respect to the status and ranking provisions of such Disqualified Subordinated Notes without the need for any action from the Issuer and without consultation of the holders of such Subordinated Notes or the holders of any other Notes outstanding at such time.

Subordinated Notes are issued pursuant to the provisions of article L.228-97 of the French *Code de commerce* and paragraph 5° of Article L. 613-30-3 I of the French *Code monétaire et financier*.

- (i) *pari passu* among themselves and with all other present or future subordinated instruments that are, or have been before 28 December 2020 (in the case of instruments issued before that date), fully or partially recognised as Tier 2 Capital of the Issuer, in accordance with Article L.613-30-3-I-5° of the French *Code monétaire et financier* and expressed by their terms to rank *pari passu* with such instruments;
- (ii) *junior* to all present and future unsubordinated or senior obligations of the Issuer (including Senior Notes and, if applicable, any related Receipts and Coupons relating to them);

- (v) senior to any present and future *prêts participatifs* granted to the Issuer, *titres participatifs* issued by the Issuer and any deeply subordinated obligations of the Issuer (*engagements dits "super subordonnés"* or *engagements subordonnés de dernier rang*).

Subject to applicable law, in the event of any judgement rendered by any competent court declaring the judicial liquidation of the Issuer or if the Issuer is liquidated for any other reason:

- the rights of payment of holders of Qualifying Subordinated Notes and, where applicable, any related Receipts and Coupons in respect of principal and interest thereon will be subordinated to the payment in full of all present and future creditors of the Issuer in respect of obligations referred to in (ii), (iii) and (iv) above;

- subject to such payment in full, the holders of such Qualifying Subordinated Notes and, where applicable, such Receipts and Coupons shall be paid in priority to all present or future creditors of the Issuer in respect of obligations referred to in (v) above; and
- in the event of incomplete payment of all present and future creditors of the Issuer in respect of obligations referred to in (ii), (iii) and (iv) above, the obligations in connection with the Qualifying Subordinated Notes and, where applicable, any related Receipts and Coupons will be terminated.

The holders of Qualifying Subordinated Notes and, where applicable, any related Receipts and Coupons shall be responsible for taking all necessary steps for the orderly accomplishment of any such liquidation in relation to any claims they may have against the Issuer.

(ii) Status of Disqualified Subordinated Notes

Disqualified Subordinated Notes and, where applicable, the Receipts and Coupons relating to them (if any) constitute and will constitute direct, unconditional, unsecured and subordinated obligations (in accordance with Paragraph 5° of Article L. 613-30-3 I of the French *Code monétaire et financier* created by the Ordinance) of the Issuer and rank and will rank:

- (ii) *pari passu* with any and all instruments that have (or will have) such rank (including for the avoidance of doubt Disqualified Additional Tier 1 Notes and, if applicable, any Receipts and Coupons relating to them);
- (iii) *junior* to all present and future unsubordinated or senior obligations of the Issuer (including Senior Notes and, if applicable, any Receipts and Coupons relating to them);
- (iv) *junior* to all other present and future subordinated obligations of the Issuer expressed by their terms to rank senior to the Disqualified Subordinated Notes and the Disqualified Additional Tier 1 Notes and, if applicable, any Receipts and Coupons relating to them;
- (v) *senior* to any Qualifying Subordinated Notes of the Issuer and, if applicable, any Receipts and Coupons relating to them and to all other present or future subordinated instruments that are, or have been before 28 December 2020 (in the case of instruments issued before that date), fully or partially recognised as Tier 2 Capital of the Issuer, in accordance with Article L.613-30-3-I-5° of the French *Code monétaire et financier* and expressed by their terms to rank *pari passu* with such instruments; and
- (vi) *senior* to any present and future *prêts participatifs* granted to the Issuer, *titres participatifs* issued by the Issuer and any deeply subordinated obligations of the Issuer (*obligations dites "super subordonnées", i.e. engagements dits "super subordonnés" or engagements subordonnés de dernier rang*).

Subject to applicable law, in the event of any judgement rendered by any competent court declaring the judicial liquidation of the Issuer or if the Issuer is liquidated for any other reason:

- the rights of payment of holders of Disqualified Subordinated Notes and, where applicable, any related Receipts and Coupons in respect of principal and interest thereon will be subordinated to the payment in full of all present and future creditors of the Issuer in respect of obligations referred to in (iii) and (iv) above;
- subject to such payment in full, the holders of such Disqualified Subordinated Notes and, where applicable, Receipts and Coupons shall be paid in priority to all present and future creditors of the Issuer in respect of obligations referred to in (v) and (vi) above; and

- in the event of incomplete payment of all present and future creditors of the Issuer in respect of obligations referred to in (iii) and (iv) above, the obligations in connection with the Disqualified Subordinated Notes and, where applicable, any related Receipts and Coupons will be terminated.

The holders of Disqualified Subordinated Notes and, where applicable, any related Receipts and Coupons shall be responsible for taking all necessary steps for the orderly accomplishment of any such liquidation in relation to any claims they may have against the Issuer.

“Disqualified Additional Tier 1 Notes” means any deeply subordinated obligations of the Issuer and, where applicable, the Receipts and Coupons relating to them, issued on or after 28 December 2020 initially treated as additional tier 1 capital (as defined in Article 52 of the CRR) and which subsequently lost such treatment totally.

Without prejudice to the provisions of Condition 2 (*Status of the Notes*), in the context of a resolution, if any Bail-in or Loss Absorption Power were to be exercised (as further described in Condition 10 (*Acknowledgement of Bail-In and Loss Absorption Powers*)), and subject to certain exceptions, losses would in principle be borne first by the holders of capital instruments in the following order of priority: (i) holders of common equity tier 1 instruments, (ii) holders of additional tier 1 instruments, (iii) holders of tier 2 capital instruments (such as the Subordinated Notes), and (iv) holders of other subordinated debts other than capital instruments (such as Disqualified Subordinated Notes and the Disqualified Additional Tier 1 Notes), then by the holders of bail-inable liabilities so that losses would in principle be borne first by holders of unsecured senior non-preferred debt instruments (such as the Senior Non-Preferred Notes) and then by holders of unsecured senior preferred debt instruments (such as the Senior Preferred Notes).

3 Interest and other Calculations

(a) **Rate of Interest on Fixed Rate Notes other than Fixed Rate Notes denominated in RMB**

Each Fixed Rate Note bears interest on its outstanding principal amount from and including the Interest Commencement Date at the rate *per annum* (expressed as a percentage) equal to the Rate of Interest, such interest being payable in arrear on each Specified Interest Payment Date.

(b) **Rate of Interest on Fixed Rate Notes denominated in RMB**

Notwithstanding the foregoing, each RMB Note which is a Fixed Rate Note bears interest from (and including) the Interest Commencement Date at the rate *per annum* equal to the Rate of Interest. For the purposes of calculating the amount of interest, if any Specified Interest Payment Date would otherwise fall on a day which is not a Business Day, it shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month in which case it shall be brought forward to the immediately preceding Business Day. Interest will be payable in arrear on each Specified Interest Payment Date.

The Calculation Agent will, as soon as practicable after 11.00 a.m. (Hong Kong time) on each Interest Determination Date, calculate the amount of interest payable per Calculation Amount for the relevant Interest Period. The determination of the amount of interest payable per Calculation Amount by the Calculation Agent shall (in the absence of manifest error and after confirmation by the Issuer) be final and binding upon all parties.

The Calculation Agent will cause the amount of interest payable per Calculation Amount for each Interest Period and the relevant Specified Interest Payment Date to be notified to each of the Paying Agents and to be notified to Noteholders as soon as possible after their determination but in no event later than the fourth Business Day thereafter. The amount of interest payable per Calculation Amount and Specified Interest Payment Date so published may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. If the Notes become due and payable under Condition 8, the accrued interest per Calculation Amount shall nevertheless continue to be calculated as previously by the Calculation Agent in accordance with this provision but no publication of the amount of interest payable per Calculation Amount so calculated need be made.

(c) Rate of Interest of Resettable Fixed Rate Notes

Each Resettable Fixed Rate Note bears interest on its outstanding principal amount from and including the Interest Commencement Date at the rate *per annum* (expressed as a percentage) equal to:

- (i) for each Interest Period falling in the period from (and including) the Interest Commencement Date to (but excluding) the First Reset Date, the Initial Rate of Interest;
- (ii) for each Interest Period falling in the period from (and including) the First Reset Date to (but excluding) the Second Reset Date or (if there is no Second Reset Date) the Maturity Date, the First Reset Rate of Interest; and
- (iii) for each Interest Period in any Subsequent Reset Period thereafter, the Subsequent Reset Rate of Interest in respect of the relevant Subsequent Reset Period.

Such interest shall be payable in arrear on each Specified Interest Payment Date.

For the purposes of any Resettable Fixed Rate Notes denominated in RMB and for the avoidance of doubt, the provisions of Condition 3(b) relating to the adjustment of any Specified Interest Payment Date shall apply *mutatis mutandis* to such Resettable Fixed Rate Notes other than in respect of the notification provisions contained in the last paragraph of this Condition 3(c) which shall prevail in respect of any Reset Period.

The Calculation Agent will, as soon as reasonably practicable on each Reset Determination Date, calculate the amount of interest payable per Calculation Amount for each relevant Interest Period.

The Calculation Agent will cause such amount of interest for each Interest Period falling within each Reset Period to be notified to each of the Paying Agents and to be notified to the Noteholders and any stock exchange on which the relevant Resettable Fixed Rate Notes are listed as soon as possible after their determination and in no event later than the first day of each Reset Period.

If (y) a Mid-Swap Benchmark Trigger Event occurs in relation to an Original Mid-Swap Rate at any time or (z) the fallback provisions provided in the definition of “Mid-Swap Rate” fail to provide a means of determining the Original Mid-Swap Rate, when the Terms and Conditions of any Resettable Fixed Rate Notes provide for any reset rate of interest (or any component part thereof) to be determined by reference to such Original Mid-Swap Rate, then the following provisions shall apply and prevail over the other fallback provisions set out in the definition of the “Mid-Swap Rate” below:

(A) Appointment of a Rate Determination Agent

The Issuer shall use its reasonable endeavours to appoint a Rate Determination Agent as soon as reasonably practicable to determine a Successor Mid-Swap Rate, failing which, an Alternative Mid-Swap Rate (in accordance with Condition 3(c)(B)) and, in either case, a Mid-Swap Adjustment Spread if any (in accordance with Condition 3(c)(C)) and any Mid-Swap Benchmark Amendments (in accordance with Condition 3(c)(D)).

A Rate Determination Agent appointed pursuant to this Condition 3(c) shall act in good faith in a commercially reasonable manner as an expert and in consultation with the Issuer. In the absence of bad faith or fraud, the Rate Determination Agent shall have no liability whatsoever to the Issuer, the Paying Agents, the Noteholders and, where applicable, the Couponholders and Receiptholders for any determination made by it, pursuant to this Condition 3(c).

(B) Successor Mid-Swap Rate or Alternative Mid-Swap Rate

If the Rate Determination Agent determines that:

- (i) there is a Successor Mid-Swap Rate, then such Successor Mid-Swap Rate shall (subject to adjustment as provided in Condition 3(c)(C)) subsequently be used in place of the Original Mid-Swap Rate to determine the Rate of Interest (or the relevant component part thereof) for all future payments of interest on the Notes (subject to the operation of this Condition 3(c)); or
- (ii) there is no Successor Mid-Swap Rate but there is an Alternative Mid-Swap Rate, then such Alternative Mid-Swap Rate shall (subject to adjustment as provided in Condition 3(c)(C)) subsequently be used in place of the Original Mid-Swap Rate to determine the Rate of Interest (or the relevant component part thereof) for all future payments of interest on the Notes (subject to the operation of this Condition 3(c)).

(C) Mid-Swap Adjustment Spread

If the Rate Determination Agent determines that (i) a Mid-Swap Adjustment Spread is required to be applied to the Successor Mid-Swap Rate or the Alternative Mid-Swap Rate and (ii) the quantum of, or a formula or methodology for determining such Mid-Swap Adjustment Spread, then such Mid-Swap Adjustment Spread shall be applied to the Successor Mid-Swap Rate or the Alternative Mid-Swap Rate (as the case may be) for each subsequent determination of a relevant Rate of Interest (or a relevant component thereof) by reference to such Successor Mid-Swap Rate or Alternative Mid-Swap Rate (as applicable).

(D) Mid-Swap Benchmark Amendments

If any Successor Mid-Swap Rate or Alternative Mid-Swap Rate or Mid-Swap Adjustment Spread is determined in accordance with this Condition 3(c) and the Rate Determination Agent determines (i) that amendments to these Conditions are necessary to ensure the proper operation of such Successor Mid-Swap Rate or Alternative Mid-Swap Rate or Mid-Swap Adjustment Spread (if any) (such amendments, the “**Mid-Swap Benchmark Amendments**”) and (ii) the specific terms of the Mid-Swap Benchmark Amendments, then the Issuer shall, subject to giving notice thereof in accordance with Condition 3(c)(E) vary these Terms and Conditions to the extent needed to give effect to such Mid-Swap Benchmark Amendments with effect from the date specified in such notice. For the avoidance of doubt, each Noteholder shall be deemed to have accepted the Successor Mid-Swap Rate or Alternative Mid-Swap Rate and the Mid-Swap Adjustment Spread and the Mid-Swap Benchmark Amendments (if any) pursuant to this paragraph.

For the avoidance of doubt, and in connection with any such variation in accordance with this paragraph (D), the Issuer shall comply with the rules of any stock exchange on which the Notes are for the time being listed or admitted to trading.

(E) Notices

Any Successor Mid-Swap Rate or Alternative Mid-Swap Rate or Mid-Swap Adjustment Spread and Mid-Swap Benchmark Amendments (as the case may be), determined under this Condition 3(c) will be notified promptly by the Issuer, after receiving such information from the Rate Determination Agent, to the Fiscal Agent, the Calculation Agent, the Paying Agents, and, in accordance with Condition 14, the Noteholders and, where applicable, the Couponholders and the Receiptholders. Such notice shall be irrevocable and shall specify the effective date of the Mid-Swap Benchmark Amendments, if any.

The Issuer shall deliver to the Fiscal Agent a certificate signed by two authorised signatories of the Issuer:

- (i) confirming (i) that a Mid-Swap Benchmark Trigger Event has occurred, (ii) the Successor Mid-Swap Rate or the Alternative Mid-Swap Rate and, (iii) any Mid-Swap Adjustment Spread and/or (iv) any Mid-Swap Benchmark Amendments, in each case as determined in accordance with the provisions of this Condition 3(c); and
- (ii) certifying that the Mid-Swap Benchmark Amendments are necessary to ensure the proper operation of such Successor Mid-Swap Rate or Alternative Mid-Swap Rate or Mid-Swap Adjustment Spread (if any).

The Fiscal Agent shall be entitled to rely on such certificate (without liability to any person) as sufficient evidence thereof. In the absence of manifest error or bad faith in the determination of the Successor Mid-Swap Rate or Alternative Mid-Swap Rate and the Mid-Swap Adjustment Spread (if any) and the Mid-Swap Benchmark Amendments (if any) as specified in such certificate, and without prejudice to the Fiscal Agent's ability to rely on such certificate as aforesaid, the Successor Mid-Swap Rate or Alternative Mid-Swap Rate and the Mid-Swap Adjustment Spread (if any) and the Mid-Swap Benchmark Amendments (if any) specified in such certificate will be binding on the Issuer, the Fiscal Agent, the Calculation Agent, the Paying Agent, the Noteholders and, where applicable, the Couponholders and Receiptholders.

(F) Survival of the Original Mid-Swap Rate

If (i) the Issuer is unable to appoint a Rate Determination Agent or (ii) the Rate Determination Agent appointed by it fails to determine a Successor Mid-Swap Rate or, failing which, an Alternative Mid-Swap Rate in accordance with Condition 3(c)(B) prior to the relevant Reset Determination Date or (iii) the Issuer determines that the replacement of the Original Mid-Swap Rate with the Successor Mid-Swap Rate or an Alternative Mid-Swap Rate and, in either case, any Mid-Swap Adjustment Spread and/or any Mid-Swap Benchmark Amendments (as the case may be):

(x) would result in the aggregate nominal amount of the Notes being fully or partially excluded from the own funds and eligible liabilities available to meet the MREL or TLAC Requirements (as called or defined in the then applicable laws and regulations or MREL or TLAC criteria applicable to the Issuer); or

(y) would result in the aggregate nominal amount of the Subordinated Notes being fully or partially excluded from the Tier 2 Capital of the Issuer with respect to Subordinated Notes; or

(z) could reasonably result in the Relevant Regulator and/or the Relevant Resolution Authority treating any future Interest Payment Date as the effective maturity of the Notes, rather than the relevant Maturity Date,

then the Mid-Swap Rate applicable for the purpose of determining the Rate of Interest in respect of the relevant Reset Period shall be equal to the last Mid-Swap Rate available on the Relevant Screen Page, as determined by the Calculation Agent. In such circumstances, the Issuer will be entitled (but not obliged), at any time thereafter, to elect to re-apply the provisions of this Condition 3(c) *mutatis mutandis*, on one or more occasions until a Successor Mid-Swap Rate or Alternative Mid-Swap Rate (and, if applicable, any associated Mid-Swap Adjustment Spread and/or Mid-Swap Benchmark Amendments) has been determined and notified in accordance with this Condition 3(c).

(G) Fallback in respect of the Successor Mid-Swap Rate or Alternative Mid-Swap Rate

If (y) a Mid-Swap Benchmark Trigger Event occurs in relation to a Successor Mid-Swap Rate or Alternative Mid-Swap Rate at any time or (z) the fallback provisions provided in the definition of “Mid-Swap Rate” fail to provide a means of determining the Successor Mid-Swap Rate or Alternative Mid-Swap Rate, the Issuer shall use its reasonable endeavours to appoint a Rate Determination Agent and ensure that the provisions of this Condition 3(c) shall apply as if the Successor Mid-Swap Rate or Alternative Mid-Swap Rate was the Original Reference Rate.

(d) Rate of Interest on Floating Rate Notes

- (i) *Interest Payment Dates:* Each Floating Rate Note bears interest on its outstanding nominal amount from and including the Interest Commencement Date at the rate *per annum* (expressed as a percentage) equal to the Rate of Interest, such interest being payable in arrear on each Interest Payment Date. The amount of interest payable shall be determined in accordance with Condition 3(m). Such Interest Payment Date(s) is/are either shown in the relevant Final Terms as Specified Interest Payment Dates or, if no Specified Interest Payment Date(s) is/are shown in the relevant Final Terms, Interest Payment Date shall mean each date which falls the number of months or other period shown in the relevant Final Terms as the Interest Period after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.
- (ii) *Rate of Interest for Floating Rate Notes:* The Rate of Interest in respect of Floating Rate Notes for each Interest Accrual Period shall be determined in the manner specified in the relevant Final Terms and the provisions below relating to ISDA Determination, FBF Determination or Screen Rate Determination shall apply, depending upon which is specified in the relevant Final Terms.

(A) ISDA Determination for Floating Rate Notes

Where ISDA Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period shall be determined by the Calculation Agent as a rate equal to the relevant ISDA Rate. For the purposes of this sub-paragraph (A), “**ISDA Rate**” for an Interest Accrual Period means a rate equal to the Floating Rate that would be determined by the Calculation Agent under a Swap Transaction under the terms of an agreement incorporating the ISDA Definitions and under which:

- (a) the Floating Rate Option is as specified in the relevant Final Terms;
- (b) the Designated Maturity is a period specified in the relevant Final Terms; and

- (c) the relevant Reset Date is the first day of that Interest Accrual Period unless otherwise specified in the relevant Final Terms.

For the purposes of this sub-paragraph (A), “**Floating Rate**”, “**Calculation Agent**”, “**Floating Rate Option**”, “**Designated Maturity**”, “**Reset Date**” and “**Swap Transaction**” have the meanings given to those terms in the ISDA Definitions.

(B) FBF Determination for Floating Rate Notes

Where FBF Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period shall be determined by the Calculation Agent as a rate equal to the relevant FBF Rate. For the purposes of this sub-paragraph (B), “**FBF Rate**” for an Interest Accrual Period means a rate equal to the Floating Rate that would be determined by the Calculation Agent under a Transaction under the terms of an agreement incorporating the FBF Definitions and under which:

- (a) the Floating Rate is as specified in the relevant Final Terms; and
- (b) the relevant Floating Rate Determination Date (*Date de Détermination du Taux Variable*) is the first day of that Interest Accrual Period unless otherwise specified in the relevant Final Terms.

For the purposes of this sub-paragraph (B), “**Floating Rate**”, “**Calculation Agent**”, “**Floating Rate Determination Date** (*Date de Détermination du Taux Variable*)”, “**Designated Maturity**”, “**Reset Date**” and “**Transaction**” have the meanings given to those terms in the FBF Definitions, provided that “**Euribor**” means the rate calculated for deposits in Euro which appears on the Reuters screen page EURIBOR01.

(C) Screen Rate Determination for Floating Rate Notes

- (a) Where Screen Rate Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period will, subject as is provided below, be either:

- (i) the offered quotation; or
- (ii) the arithmetic mean of the offered quotations,

(expressed as a percentage rate *per annum*) for the Reference Rate(s) which appears or appear, as the case may be, on the Relevant Screen Page (or any other such page as may replace that page on the relevant service, or such other service as may be nominated as the information vendor, for the purpose of displaying comparable rates) as at either 11.00 a.m. (London time in the case of LIBOR or Brussels time in the case of EURIBOR) on the Interest Determination Date in question. If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Calculation Agent for the purpose of determining the arithmetic mean of such offered quotations.

- (b) If the Relevant Screen Page is not available or, if sub-paragraph (a)(i) applies and no such offered quotation appears on the Relevant Screen Page or, if sub-paragraph (a)(ii) applies and fewer than three such offered quotations appear on the Relevant Screen Page, in each case as at the time specified above, subject as is provided below, the Issuer shall, upon request of and after consultation with the Calculation Agent, procure that the

Calculation Agent is provided with, if the Reference Rate is LIBOR, from the principal London office of each of the Reference Banks or, if the Reference Rate is EURIBOR, from the principal Euro-zone office of each of the Reference Banks, its offered quotation (expressed as a percentage rate *per annum*) for the Reference Rate if the Reference Rate is LIBOR, at approximately 11.00 a.m. (London time), or if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time) on the Interest Determination Date in question. If two or more of the Reference Banks provide the Calculation Agent with such offered quotations, the Rate of Interest for such Interest Accrual Period shall be the arithmetic mean of such offered quotations as determined by the Calculation Agent.

- (c) If paragraph (b) above applies and the Calculation Agent or the Issuer, as the case may be, determines that fewer than two Reference Banks are providing offered quotations, subject as is provided below, the Rate of Interest shall be the arithmetic mean of the rates *per annum* (expressed as a percentage) as communicated to (and at the request of) the Calculation Agent or the Issuer, as the case may be, by the Reference Banks or any two or more of them, at which such banks were offered, if the Reference Rate is LIBOR, at approximately 11.00 a.m. (London time) or, if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time) on the relevant Interest Determination Date, deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate by leading banks in, if the Reference Rate is LIBOR, the London inter-bank market or, if the Reference Rate is EURIBOR, the Euro-zone inter-bank market, as the case may be, or, if fewer than two of the Reference Banks provide the Calculation Agent or the Issuer, as the case may be, with such offered rates, the offered rate for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, or the arithmetic mean of the offered rates for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, at which, if the Reference Rate is LIBOR, at approximately 11.00 a.m. (London time) or, if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time), on the relevant Interest Determination Date, any one or more banks (which bank or banks is or are in the opinion of the Issuer suitable for such purpose) informs the Calculation Agent or the Issuer, as the case may be, it is quoting to leading banks in, if the Reference Rate is LIBOR, the London inter-bank market or, if the Reference Rate is EURIBOR, the Euro zone inter-bank market, as the case may be, provided that, if the Rate of Interest cannot be determined in accordance with the foregoing provisions of this paragraph, the Rate of Interest shall be based on the last Reference Rate available on the Relevant Screen Page (though substituting, where a different Margin or Maximum or Minimum Rate of Interest is to be applied to the relevant Interest Accrual Period from that which applied to the last preceding Interest Accrual Period, the Margin or Maximum or Minimum Rate of Interest relating to the relevant Interest Accrual Period, in place of the Margin or Maximum or Minimum Rate of Interest relating to that last preceding Interest Accrual Period).
- (d) Where €STR is specified as the Reference Rate in the Final Terms in respect of the Floating Rate Notes, the Rate of Interest for each Interest Accrual Period will, subject as provided below, be the rate of return of a daily compound interest investment (it being understood that the reference rate for the calculation of interest is the daily euro short-term rate) plus or minus (as indicated in the Final Terms) the Margin (if any) and will be calculated by the Calculation Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the Final Terms) on the Interest

Determination Date, as follows, and the resulting percentage will be rounded, if necessary, to the fifth decimal place, with 0.000005 being rounded upwards:

$$\left[\prod_{i=1}^{d_0} \left(1 + \frac{\text{€STR}_{i-p\text{TBD}} \times n_i}{360} \right) - 1 \right] \times \frac{360}{d}$$

Where:

“**d**” is the number of calendar days in the relevant Interest Accrual Period;

“**d₀**” is the number of TARGET Business Days in the relevant Interest Accrual Period;

“**€STR_{i-pTBD}**” means, in respect of any TARGET Business Day falling in the relevant Interest Accrual Period, the €STR for the TARGET Business Day falling “p” TARGET Business Days prior to the relevant TARGET Business Day “i”;

“**n_i**” for any TARGET Business Day “i” is the number of calendar days from, and including, the relevant TARGET Business Day “i” up to, but excluding, the immediately following TARGET Business Day in the relevant Interest Accrual Period; and

“**p**” means in relation to any Interest Accrual Period, the number of TARGET Business Days included in the Observation Look-Back Period.

If the €STR is not published, as specified above, on any particular TARGET Business Day and no €STR Index Cessation Event (as defined below) has occurred, the €STR for such TARGET Business Day shall be the rate equal to €STR in respect of the last TARGET Business Day for which such rate was published on the Website of the European Central Bank.

If the €STR is not published, as specified above, on any particular TARGET Business Day and both an €STR Index Cessation Event and an €STR Index Cessation Effective Date have occurred, then the rate of €STR for each TARGET Business Day in the relevant €STR Observation Period occurring on or after such €STR Index Cessation Effective Date will be determined as if references to €STR were references to the ECB Recommended Rate.

If no ECB Recommended Rate has been recommended before the end of the first TARGET Business Day following the date on which the €STR Index Cessation Event occurs, then the rate of €STR for each TARGET Business Day in the relevant €STR Observation Period occurring on or after the €STR Index Cessation Effective Date will be determined as if references to €STR were references to the Modified EDFR.

If an ECB Recommended Rate has been recommended and both an ECB Recommended Rate Index Cessation Event and an ECB Recommended Rate Index Cessation Effective Date subsequently occur, then the rate of €STR for each TARGET Business Day in the relevant €STR Observation Period occurring on or after that ECB Recommended Rate Index Cessation Effective Date will be determined as if references to €STR were references to the Modified EDFR.

Any substitution of the €STR by the ECB Recommended Rate or the Modified EDFR (the “**€STR Replacement Rate**”), as specified above, will remain effective for the remaining term to maturity of the Notes and shall be published by the Issuer in accordance with Condition 14 (*Notices*).

In the event that the Rate of Interest cannot be determined in accordance with the foregoing provisions by the Calculation Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the Final Terms), (i) the Rate of Interest shall be that determined as at the last preceding Interest Determination Date, (ii) if there is no such preceding Interest Determination Date, the Rate of Interest shall be determined as if the rate of €STR for each TARGET Business Day in the relevant €STR Observation Period occurring on or after such €STR Index Cessation Effective Date were references to the latest published ECB Recommended Rate or, if EDFR is published on a later date than the latest published ECB Recommended Rate, the Modified EDFR or (iii) if there no such preceding Interest Determination Date and there is no published ECB Recommended Rate or Modified EDFR available, as if the rate of €STR for each TARGET Business Day in the Observation Period on or after such €STR Index Cessation Effective Date were references to the latest published €STR (though substituting in each case, where a different Margin or Maximum Rate of Interest or Minimum Rate of Interest is to be applied to the relevant Interest Accrual Period from that which applied to the last preceding Interest Accrual Period, the Margin or Maximum Rate of Interest or Minimum Rate of Interest relating to the relevant Interest Accrual Period in place of the Margin or Maximum Rate of Interest or Minimum Rate of Interest relating to that last preceding Interest Accrual Period).

If the Notes become due and payable in accordance with the Conditions, the final Interest Determination Date shall, notwithstanding any Interest Determination Date specified in the Final Terms, be deemed to be the date on which such Notes became due and payable and the Rate of Interest on such Notes shall, for so long as any such Notes remains outstanding, be that determined on such date.

Any determination, decision or election that may be made by the Calculation Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the Final Terms) pursuant to this provision, including any determination with respect to a rate or adjustment or of the occurrence or non-occurrence of an event, circumstance or date and any decision to take or refrain from taking any action or any selection, (i) will be conclusive and binding absent manifest error, (ii) will be made in the Calculation Agent's (or such other party responsible for the calculation of the Rate of Interest, as specified in the Final Terms) sole discretion, and (iii) notwithstanding anything to the contrary in the documentation relating to the Notes, shall become effective without consent from the holders of the Notes or any other party.

Notwithstanding any provision of this Condition 3(d)(ii)(C)(d), if (i) the Rate of Interest cannot be determined in accordance with the foregoing provisions by the Calculation Agent, or (ii) the Issuer determines that (a) the replacement of the then-current €STR by the €STR Replacement Rate or any other amendments to the Terms and Conditions of the Notes necessary to implement such replacement would result in (in the case of Senior Non Preferred Notes and, if specified as applicable in the relevant Final Terms, Senior Preferred Notes or Disqualified Subordinated Notes) an MREL or TLAC Disqualification Event or (in the case of Subordinated Notes only) a Capital Event, or (b) could reasonably result in the Relevant Resolution Authority treating any future Interest Payment Date as the effective maturity of the Notes, rather than the relevant Maturity Date, no €STR Replacement Rate will be adopted by the Calculation Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the Final Terms), and the €STR Replacement Rate for the relevant Interest Accrual Period will be equal to the last €STR available, as determined by the Calculation Agent

(or such other party responsible for the calculation of the Rate of Interest, as specified in the Final Terms).

For the purpose of this Condition 3(d)(ii)(C)(d):

“ECB Recommended Rate” means a rate (inclusive of any spreads or adjustments) recommended as the replacement for €STR by the European Central Bank (or any successor administrator of €STR) and/or by a committee officially endorsed or convened by the European Central Bank (or any successor administrator of €STR) for the purpose of recommending a replacement for €STR (which rate may be produced by the European Central Bank or another administrator), as determined by the Issuer and notified by the Issuer to the Calculation Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the Final Terms);

“ECB Recommended Rate Index Cessation Effective Date” means, in respect of an ECB Recommended Rate Index Cessation Event, the first date on which the ECB Recommended Rate is no longer provided, as determined by the Issuer and notified by the Issuer to the Calculation Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the Final Terms);

- (ii) if an ECB Recommended Rate Index Cessation Event occurs, the arithmetic mean of the daily difference between the ECB Recommended Rate and the EDFR for each of the thirty (30) TARGET Business Days immediately preceding the date on which the ECB Recommended Rate Index Cessation Event occurred;

“**€STR**” means, in respect of any TARGET Business Day, the interest rate representing the wholesale Euro unsecured overnight borrowing costs of banks located in the Euro area provided by the European Central Bank as administrator of such rate (or any successor administrator) and published on the Website of the European Central Bank (as defined below) at or before 9:00 a.m. (Frankfurt time) (or, in case a revised euro short-term rate is published as provided in Article 4 subsection 3 of the ECB €STR Guideline at or before 11:00 a.m. (Frankfurt time), such revised interest rate) on the TARGET Business Day immediately following such TARGET Business Day;

“**€STR Index Cessation Event**” means the occurrence of one or more of the following events, as determined by the Issuer and notified by the Issuer to the Calculation Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the Final Terms):

- (1) a public statement or publication of information by or on behalf of the European Central Bank (or any successor administrator of €STR) announcing that it has ceased or will cease to provide €STR permanently or indefinitely, provided that, at the time of the statement or the publication, there is no successor administrator that will continue to provide €STR; or
- (2) a public statement or publication of information by the regulatory supervisor for the administrator of €STR, the central bank for the currency of €STR, an insolvency official with jurisdiction over the administrator of €STR, a resolution authority with jurisdiction over the administrator of €STR or a court or an entity with similar insolvency or resolution authority over the administrator of €STR, which states that the administrator of €STR has ceased or will cease to provide €STR permanently or indefinitely, provided that, at the time of the statement or publication, there is no successor administrator that will continue to provide €STR;

“**€STR Index Cessation Effective Date**” means, in respect of an €STR Index Cessation Event, the first date on which €STR is no longer provided by the European Central Bank (or any successor administrator of €STR), as determined by the Issuer and notified by the Issuer to the Calculation Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the Final Terms);

“**€STR Observation Period**” means in respect of any Interest Accrual Period, the period from and including the date falling “p” TARGET Business Days prior to the first day of the relevant Interest Accrual Period (and the first €STR Observation Period shall begin on and include the date falling “p” TARGET Business Days prior to the Interest Commencement Date) and ending on, but excluding, the date falling “p” TARGET Business Day prior to the Interest Payment Date of such Interest Accrual Period (or the

date falling “p” TARGET Business Day prior to such earlier date, if any, on which the Notes become due and payable);

“i” is a series of whole numbers from one to d₀, each representing the relevant TARGET Business Day in chronological order from, and including, the first TARGET Business Day in the relevant Interest Accrual Period, to, but excluding, the Interest Payment Date corresponding to such Interest Accrual Period;

In the event that the SONIA Compounded Index value originally published by the administrator of SONIA on or about 9:00 a.m. (London Time) on any London Banking Day is subsequently corrected and such corrected value is published by the administrator of SONIA on the original date of publication, then such corrected value, instead of the value that was originally published, shall be deemed the SONIA Compounded Index value.

If the SONIA Compounded Index is unavailable on the Relevant Screen Page on any Sonia Compounded Index determination date, the “SONIA-COMPOUND” shall be calculated on any Interest Determination Date with respect to an Interest Accrual Period in accordance with “SONIA-SHIFT-COMPOUND” and the term “Observation Shift Days” shall mean the number of London Banking Days specified in the relevant Final Terms.

If, in respect of a London Banking Day “i-pLBD” or “i”, as applicable, the Calculation Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the Final Terms) determines that the SONIA is not available on the Relevant Screen Page or has not otherwise been published by the relevant authorised distributors, such SONIA shall be:

1. (i) the Bank of England’s Bank Rate (the “**Bank Rate**”) prevailing at close of business on the relevant London Banking Day; plus (ii) the mean of the spread of the SONIA to the Bank Rate over the previous five days on which a SONIA has been published, excluding the highest spread (or, if there is more than one highest spread, one only of those highest spreads) and lowest spread (or, if there is more than one lowest spread, one only of those lowest spreads) to the Bank Rate (the “**SONIA Replacement Rate**”); or
2. if such Bank Rate is not available, the SONIA published on the Relevant Screen Page (or otherwise published by the relevant authorised distributors) for the first preceding London Banking Day on which the SONIA rate was published on the Relevant Screen Page (or otherwise published by the relevant authorised distributors) or, if more recent, the latest rate determined under (1) above.

Notwithstanding the paragraph above, in the event the Bank of England publishes guidance as to (i) how the SONIA is to be determined or (ii) any rate that is to replace the SONIA, the Calculation Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the Final Terms) shall, to the extent that it is reasonably practicable, follow such guidance in order to determine SONIA for the purpose of the Notes for so long as the SONIA is not available or has not been published by the authorised distributors.

In the event that the Rate of Interest cannot be determined in accordance with the foregoing provisions by the Calculation Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the Final Terms), the Rate of Interest shall be (i) that determined as at the last preceding Interest Determination Date (though substituting, where a different Margin or Maximum Rate of Interest or Minimum Rate of Interest is to be applied to the relevant Interest Accrual Period from that which applied to the last preceding Interest Accrual Period, the Margin or Maximum Rate of Interest or Minimum Rate of Interest relating to the relevant Interest Accrual Period in place of the Margin or Maximum Rate of Interest or Minimum Rate of Interest relating to that last preceding Interest Accrual Period) or (ii) if there is no such preceding Interest Determination Date, the initial Rate of Interest which would have been applicable to such Notes for the first Interest Accrual Period had the Notes been in issue for a period equal in duration to the scheduled first Interest Accrual Period but ending on (and excluding) the Interest Commencement Date (but applying the Margin and any Maximum Rate of Interest or Minimum Rate of Interest applicable to the first Interest Accrual Period).

If the Notes become due and payable in accordance with the Conditions, the final Interest Determination Date shall, notwithstanding any Interest Determination Date specified in the Final Terms, be deemed to be the date on which such Notes became due and payable and the Rate of Interest on such Notes shall, for so long as any such Notes remains outstanding, be that determined on such date.

Any determination, decision or election that may be made by the Calculation Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the Final Terms) pursuant to this provision, including any determination with respect to a rate or adjustment or of the occurrence or non-occurrence of an event, circumstance or date and any decision to take or refrain from taking any action or any selection, (i) will be conclusive and binding absent manifest error; (ii) will be made in the Calculation Agent's (or such other party responsible for the calculation of the Rate of Interest, as specified in the Final Terms) sole discretion, and (iii) notwithstanding anything to the contrary in the documentation relating to the Notes, shall become effective without consent from the holders of the Notes or any other party.

Notwithstanding any provision of this Condition 3(d)(ii)(C)(e), if (i) the Rate of Interest cannot be determined in accordance with the foregoing provisions by the Calculation Agent, or (ii) the Issuer determines that (a) the replacement of the then current SONIA by the SONIA Replacement Rate or any other amendments to the Terms and Conditions of the Notes necessary to implement such replacement would result in (in the case of Senior Non Preferred Notes and, if specified as applicable in the relevant Final Terms, Senior Preferred Notes or Disqualified Subordinated Notes) an MREL or TLAC Disqualification Event or (in the case of Subordinated Notes) a Capital Event, or (b) could reasonably result in the Relevant Resolution Authority treating any future Interest Payment Date as the effective maturity of the Notes, rather than the relevant Maturity

Date, no SONIA Replacement Rate will be adopted by the Calculation Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the Final Terms), and the SONIA Replacement Rate for the relevant Interest Accrual Period will be equal to the last SONIA available on the SONIA Screen Page as determined by the Calculation Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the Final Terms).

- (f) When SOFR is specified as the Reference Rate in the Final Terms in the respect of the Floating Rate Notes, the SOFR rate of interest determination, as specified in the Final Terms (the “**SOFR Rate of Interest Determination**”), in which the Rate of Interest is to be determined could be either SOFR Arithmetic Mean, SOFR Lockout Compound, SOFR Lookback Compound, SOFR Shift Compound or SOFR Index Average, as follow:
 - (x) if SOFR Arithmetic Mean is specified as applicable in the relevant Final Terms, the Rate of Interest for each Interest Accrual Period shall be the arithmetic mean of the SOFR rates for each day during the period, plus or minus (as specified in the Final Terms) the Margin (if any), as calculated by the Calculation Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the Final Terms), where the SOFR rate on the SOFR Rate Cut-Off Date shall be used for the days in the period from (and including) the SOFR Rate Cut-Off Date to (but excluding) the Interest Payment Date (excluded);
 - (y) if SOFR Lockout Compound is specified as applicable in the Final Terms, the Rate of Interest for each Interest Accrual Period will, subject as provided below, be USD-SOFR-LOCKOUT-COMPOUND plus or minus (as indicated in the Final Terms) the Margin (if any);
 - (z) if SOFR Lookback Compound is specified as applicable in the Final Terms, the Rate of Interest for each Interest Accrual Period will, subject as provided below be USD-SOFR-LOOKBACK-COMPOUND plus or minus (as indicated in the Final Terms) the Margin (if any);
 - (xx) if SOFR Shift Compound is specified as applicable in the Final Terms, the Rate of Interest for each Interest Accrual Period will, subject as provided below be USD-SOFR-SHIFT-COMPOUND plus or minus (as indicated in the Final Terms) the Margin (if any); or
 - (yy) if SOFR Index Average is specified as applicable in the Final Terms, the Rate of Interest for each Interest Accrual Period will, subject as provided below, be USD-SOFR-INDEX-AVERAGE plus or minus (as indicated in the Final Terms) the Margin (if any);

For the purpose of this Condition 3(d)(ii)(C)(f):

If the Calculation Agent or another entity appointed by the Issuer determines on or prior to the relevant Reference Time that a Benchmark Transition Event and its related Benchmark Replacement Date have occurred with respect to the then-current Benchmark, the Benchmark Replacement will replace the then-current Benchmark for all purposes relating to the Notes in respect of all determinations on such date and for all determinations on all subsequent dates.

In connection with the implementation of a Benchmark Replacement, the Calculation Agent or another entity appointed by the Issuer will have the right to make Benchmark Replacement Conforming Changes from time to time.

Notwithstanding any provision of this Condition 3(d)(ii)(C)(f), if (i) the Rate of Interest cannot be determined in accordance with the foregoing provisions by the Calculation Agent, or (ii) the Issuer determines that (a) the replacement of then-current SOFR Benchmark by the SOFR Benchmark Replacement or any other amendments to the Terms and Conditions of the affected Notes necessary to implement such replacement would result in (in the case of Senior Non Preferred Notes and, if specified as applicable in the relevant Final Terms, Senior Preferred Notes or Disqualified Subordinated Notes)) an MREL or TLAC Disqualification Event or (in case of Subordinated Notes only) a Capital Event, or (b) could reasonably result in the Relevant Resolution Authority treating any future Interest Payment Date as the effective maturity of the Notes, rather than the relevant Maturity Date, no SOFR Benchmark Replacement will be adopted by the Calculation Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the Final Terms) and the SOFR Benchmark Replacement will be the SOFR determined by the Calculation Agent as of the U.S. Government Securities Business Day immediately preceding the Benchmark Replacement Date.

- (iii) a public statement or publication of information by the regulatory supervisor for the administrator of the Benchmark announcing that the Benchmark is no longer representative.

“ISDA Definitions” means the 2006 ISDA Definitions published by the International Swaps and Derivatives Association, Inc. or any successor thereto, as amended or supplemented from time to time, or any successor definitional booklet for interest rate derivatives published from time to time.

“ISDA Fallback Adjustment” means the spread adjustment (which may be a positive or negative value or zero) that would apply for derivatives transactions referencing the ISDA Definitions to be determined upon the occurrence of an index cessation event with respect to the Benchmark for the applicable tenor.

“ISDA Fallback Rate” means the rate that would apply for derivatives transactions referencing the ISDA Definitions to be effective upon the occurrence of an index cessation date with respect to the Benchmark for the applicable tenor excluding the applicable ISDA Fallback Adjustment.

“New York Federal Reserve” means the Federal Reserve Bank of New York.

“New York Federal Reserve’s Website” means the website of the New York Federal Reserve, currently at <http://www.newyorkfed.org>, or any successor website of the New York Federal Reserve or the website of any successor administrator of SOFR.

“Reference Time” with respect to any determination of the Benchmark means (i) if the Benchmark is SOFR, the SOFR Determination Time and (ii) if the Benchmark is not SOFR, the time determined by the Calculation Agent or another entity appointed by the Issuer after giving effect to the Benchmark Replacement Conforming Changes.

“Relevant Governmental Body” means the Federal Reserve Board and/or the Federal Reserve Bank of New York, or a committee officially endorsed or convened by the Federal Reserve Board and/or the Federal Reserve Bank of New York or any successor thereto.

“U.S. Government Securities Business Day” or **“USGSBD”** means any day except for a Saturday, Sunday or a day on which Securities Industry and Financial Markets Association recommends that the fixed income departments of its members be closed for the entire day for purposes of trading in U.S. government securities.

“Unadjusted Benchmark Replacement” means the Benchmark Replacement excluding the Benchmark Replacement Adjustment.

- (g) If (y) a Benchmark Trigger Event occurs in relation to an Original Reference Rate at any time or (z) the fallback provisions provided in (b) and (c) of this Condition 3(d)(ii)(C) and in Condition 3(f)(ii) fail to provide a means of determining the Original Reference Rate, when the Terms and Conditions of any Floating Rate Notes provide for any rate of interest (or any component part thereof) to be determined by reference to such Original Reference Rate, then the following provisions shall apply and prevail over the other fallback provisions set out in (b) and (c) of this Condition 3(d)(ii)(C) and over the fallback provisions set out in Condition 3(f)(ii), it being specified that this condition 3(d)(ii)(C)(g) shall not apply when €STR, SONIA or SOFR is the applicable Reference Rate:

- (A) Appointment of a Rate Determination Agent

The Issuer shall use its reasonable endeavours to appoint a Rate Determination Agent as soon as reasonably practicable to determine a Successor Reference Rate,

failing which, an Alternative Reference Rate (in accordance with Condition 3(d)(ii)(C)(g)(B)) and, in either case, an Adjustment Spread if any (in accordance with Condition 3(d)(ii)(C)(g)(C)) and any Benchmark Amendments (in accordance with Condition 3(d)(ii)(C)(g)(D)).

A Rate Determination Agent appointed pursuant to this Condition 3(d)(ii)(C)(g) shall act in good faith in a commercially reasonable manner as an expert and in consultation with the Issuer. In the absence of bad faith or fraud, the Rate Determination Agent shall have no liability whatsoever to the Issuer, the Paying Agents, the Noteholders and, where applicable, the Couponholders and Receiptholders for any determination made by it, pursuant to this Condition 3(d)(ii)(C)(g).

(B) Successor Reference Rate or Alternative Reference Rate

If the Rate Determination Agent determines that:

- (i) there is a Successor Reference Rate, then such Successor Reference Rate shall (subject to adjustment as provided in Condition 3(d)(ii)(C)(g)(C)) subsequently be used in place of the Original Reference Rate to determine the Rate of Interest (or the relevant component part thereof) for all future payments of interest on the Notes (subject to the operation of this Condition 3(d)(ii)(C)(g)); or
- (ii) there is no Successor Reference Rate but there is an Alternative Reference Rate, then such Alternative Reference Rate shall (subject to adjustment as provided in Condition 3(d)(ii)(C)(g)(C)) subsequently be used in place of the Original Reference Rate to determine the Rate of Interest (or the relevant component part thereof) for all future payments of interest on the Notes (subject to the operation of this Condition 3(d)(ii)(C)(g)).

(C) Adjustment Spread

If the Rate Determination Agent determines that (i) an Adjustment Spread is required to be applied to the Successor Reference Rate or the Alternative Reference Rate and (ii) the quantum of, or a formula or methodology for determining such Adjustment Spread, then such Adjustment Spread shall be applied to the Successor Reference Rate or the Alternative Reference Rate (as the case may be) for each subsequent determination of a relevant Rate of Interest (or a relevant component thereof) by reference to such Successor Reference Rate or Alternative Reference Rate (as applicable).

(D) Benchmark Amendments

If any Successor Reference Rate or Alternative Reference Rate or Adjustment Spread is determined in accordance with this Condition 3(d)(ii)(C)(g) and the Rate Determination Agent determines (i) that amendments to these Terms and Conditions are necessary to ensure the proper operation of such Successor Reference Rate or Alternative Reference Rate or Adjustment Spread (if any) (such amendments, the “**Benchmark Amendments**”) and (ii) the specific terms of the Benchmark Amendments, then the Issuer shall, subject to giving notice thereof in accordance with Condition 3(d)(ii)(C)(g)(E) vary these Terms and Conditions to the extent needed to give effect to such Benchmark Amendments

with effect from the date specified in such notice. For the avoidance of doubt, each Noteholder shall be deemed to have accepted the Successor Reference Rate or Alternative Reference Rate and the Adjustment Spread and the Benchmark Amendments (if any) pursuant to this paragraph.

For the avoidance of doubt, and in connection with any such variation in accordance with this paragraph (D), the Issuer shall comply with the rules of any stock exchange on which the Notes are for the time being listed or admitted to trading.

(E) Notices

Any Successor Reference Rate or Alternative Reference Rate or Adjustment Spread and Benchmark Amendments (as the case may be), determined under this Condition 3(d)(ii)(C)(g) will be notified promptly by the Issuer, after receiving such information from the Rate Determination Agent, to the Fiscal Agent, the Calculation Agent, the Paying Agents, and, in accordance with Condition 14, the Noteholders and, where applicable, the Couponholders and Receiptholders. Such notice shall be irrevocable and shall specify the effective date of the Benchmark Amendments, if any.

The Issuer shall deliver to the Fiscal Agent a certificate signed by two authorised signatories of the Issuer:

- (i) confirming (i) that a Benchmark Trigger Event has occurred, (ii) the Successor Reference Rate or the Alternative Reference Rate and, (iii) any Adjustment Spread and/or (iv) any Benchmark Amendments, in each case as determined in accordance with the provisions of this Condition 3(d)(ii)(C)(g); and
- (ii) certifying that the Benchmark Amendments are necessary to ensure the proper operation of such Successor Reference Rate or Alternative Reference Rate or Adjustment Spread (if any).

The Fiscal Agent shall be entitled to rely on such certificate (without liability to any person) as sufficient evidence thereof. In the absence of manifest error or bad faith in the determination of the Successor Reference Rate or Alternative Reference Rate and the Adjustment Spread (if any) and the Benchmark Amendments (if any) as specified in such certificate, and without prejudice to the Fiscal Agent's ability to rely on such certificate as aforesaid, the Successor Reference Rate or Alternative Reference Rate and the Adjustment Spread (if any) and the Benchmark Amendments (if any) specified in such certificate will be binding on the Issuer, the Fiscal Agent, the Calculation Agent, the Paying Agent, the Noteholders and, where applicable, the Couponholders and Receiptholders.

(F) Survival of the Original Reference Rate

If (i) the Issuer is unable to appoint a Rate Determination Agent; or (ii) the Rate Determination Agent appointed by it fails to determine a Successor Reference Rate or, failing which, an Alternative Reference Rate in accordance with Condition 3(d)(ii)(C)(g)(B) prior to the relevant Interest Determination Date or (iii) the Issuer determines that the replacement of the Original Reference Rate with the Successor Reference Rate or an Alternative Reference Rate and, in either

case, any Adjustment Spread and/or any Benchmark Amendments (as the case may be):

(x) would result in the aggregate nominal amount of the Notes being fully or partially excluded from the own funds and eligible liabilities available to meet the MREL or TLAC Requirements (as called or defined in the then applicable laws and regulations or MREL or TLAC criteria applicable to the Issuer); or

(y) would result in the aggregate nominal amount of the Subordinated Notes being fully or partially excluded from the Tier 2 Capital of the Issuer with respect to Subordinated Notes; or

(z) could reasonably result in the Relevant Regulator and/or the Relevant Resolution Authority treating any future Interest Payment Date as the effective maturity of the Notes, rather than the relevant Maturity Date,

then the Reference Rate or CMS Reference Rate applicable for the purpose of determining the Rate of Interest in respect of the relevant Interest Accrual Period shall be equal to the last Reference Rate or CMS Reference Rate available on the Relevant Screen Page, as determined by the Calculation Agent. In such circumstances, the Issuer will be entitled (but not obliged), at any time thereafter, to elect to re-apply the provisions of this Condition 3(d)(ii)(C)(g) *mutatis mutandis*, on one or more occasions until a Successor Reference Rate or Alternative Reference Rate (and, if applicable, any associated Adjustment Spread and/or Benchmark Amendments) has been determined and notified in accordance with this Condition 3(d)(ii)(C)(g).

(G) Fallback in respect of the Successor Reference Rate or Alternative Reference Rate

If (y) a Benchmark Trigger Event occurs in relation to a Successor Reference Rate or Alternative Reference Rate at any time or (z) the fallback provisions provided for in Condition 3(d)(ii)(C)(b) and Condition 3(d)(ii)(C)(c) and in Condition 3(h)(ii) fail to provide a means of determining the Successor Reference Rate or Alternative Reference Rate, the Issuer shall use its reasonable endeavours to appoint a Rate Determination Agent and ensure that the provisions of this Condition 3(d)(ii)(C)(g) shall apply as if the Successor Reference Rate or Alternative Reference Rate were the Original Reference Rate.

- (h) Where Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined and the Reference Rate in respect of the Floating Rate Notes is specified as being TEC 10, the Rate of Interest for each Interest Accrual Period will, subject as provided below, be the offered quotation (expressed as a percentage rate *per annum*) for the EUR-TEC10-CNO¹ calculated by the *Comité de Normalisation Obligataire*, which appears on the Relevant Screen Page, being Reuters Screen CNOTEC10 Page, as at 10.00 a.m. (Paris time) on the relevant Interest Determination Date plus or minus (as indicated in the applicable Final Terms) the Margin (if any), all as determined by the Calculation Agent.

For information purposes only, the EUR-TEC10-CNO, established in April 1996, is the percentage yield (rounded to the nearest second decimal point, 0.005 per cent. being

¹ All potential users of the EUR-TEC10-CNO must first enter into a trademark licence agreement available from the CNO.

rounded upwards) of a notional 10 year French Treasury Bond (*Obligation Assimilable du Trésor*, “**OAT**”) corresponding to the linear interpolation between the yield to maturity of the two actual OATs (the “**Reference OATs**”) whose periods to maturity are closest in duration to the notional 10 year OAT, one Reference OAT's duration being less than 10 years and the other Reference OAT's duration being greater than 10 years.

If, on any Interest Determination Date, such rate does not appear on Reuters Screen CNOTEC10 Page or any successor page, (i) EUR-TEC 10-CNO shall be determined by the Calculation Agent on the basis of the mid-market prices for each of the two reference OATs, which would have been used by the *Comité de Normalisation Obligataire* for the calculation of EUR-TEC10-CNO, quoted by five *Spécialistes en Valeurs du Trésor* at approximately 10:00 a.m. Paris time on the Interest Determination Date in question; (ii) the Issuer will procure that, upon request of and after consultation with the Calculation Agent, each *Spécialiste en Valeurs du Trésor* provides the Calculation Agent with a quotation of its price; and (iii) EUR-TEC10-CNO will be the redemption yield of the arithmetic mean of such quotations as determined by the Calculation Agent after discarding the highest and lowest of such quotations. The above mentioned redemption yield shall be determined by the Calculation Agent in accordance with the formula that would have been used by the *Comité de Normalisation Obligataire* for the determination of EUR-TEC10-CNO.

(e) Rate of Interest on Inflation Linked Notes

- (i) **Interest Payment Dates:** Each Inflation Linked Note bears interest on its outstanding nominal amount from the Interest Commencement Date at the rate *per annum* (expressed as a percentage) equal to the Rate of Interest, such interest being payable in arrear on each Interest Payment Date. The amount of interest payable shall be determined in accordance with Condition 3(m). Such Interest Payment Date(s) is/are either shown in the relevant Final Terms as Specified Interest Payment Dates or, if no Specified Interest Payment Date(s) is/are shown in the relevant Final Terms, Interest Payment Date shall mean each date which falls the number of months or other period shown in the relevant Final Terms as the Interest Period after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.
- (ii) **Consumer Price Index (CPI)**

Where the non-revised consumer price index (excluding tobacco) for all households in metropolitan France, as calculated and published by the *Institut National de la Statistique et des Etudes Economiques* (the “**INSEE**”) (“**CPI**”) is specified as the Index in the relevant Final Terms, this Condition 3(e)(ii) shall apply. Terms defined in this Condition 3(e)(ii) shall have the meanings set out below only when this Condition 3(e)(ii) and, where applicable, Condition 3(e)(iv) shall apply.

The Rate of Interest in respect of Inflation Linked Notes indexed to the CPI (the “**CPI Linked Interest**”) will be determined by the Calculation Agent on the basis of sub-paragraphs (a) to (c) below.

- (a) On the fifth Business Day before each Interest Payment Date (an “**Interest Determination Date**”) the Calculation Agent will calculate the Inflation Index Ratio.

For the purpose of this Condition 3(e)(ii), the “**Inflation Index Ratio**” or “**IIR**” is the ratio between (i) the CPI Daily Inflation Reference Index (as defined below) applicable upon any Interest Payment Date or the redemption date, as the case may be, and (ii) the base reference defined as the CPI Daily Inflation Reference Index (as defined below) applicable on the date specified in the applicable Final Terms (the “**Base Reference**”). Notwithstanding Condition

3(l)(iii), the IIR will be rounded, if necessary, to five significant figures (with halves being rounded up).

“**CPI Daily Inflation Reference Index**” means (A) in relation to the first day of any given month, the CPI Monthly Reference Index of the third month preceding such month, and (B) in relation to a day (D) (other than the first day) in any given month (M), the linear interpolation of the CPI Monthly Reference Index pertaining respectively to the third month preceding such month (M - 3) and the second month preceding such month (M - 2) calculated in accordance with the following formula:

$$\text{CPI Daily Inflation Reference Index} = \text{CPI Monthly Reference Index}_{M-3} + \frac{D-1}{ND_M} \times (\text{CPI Monthly Reference Index}_{M-2} - \text{CPI Monthly Reference Index}_{M-3})$$

with:

“**ND_M**” being the number of days in the relevant month M and, in the case of payment of principal and interest, shall be equal to 31;

“**D**” being the actual day of payment in the relevant month M and, in the case of payment of principal and interest, shall be equal to 25;

“**CPI Monthly Reference Index_{M-2}**” being the price index of month M - 2; and

“**CPI Monthly Reference Index_{M-3}**” being the price index of month M - 3.

Notwithstanding Condition 3(l)(iii), the CPI Daily Inflation Reference Index will be rounded if necessary to five significant figures (with halves being rounded up).

For information purposes, such CPI Daily Inflation Reference Index appears on the *Agence France Trésor* Reuters page OATINFLATION01 or on Bloomberg page TRESOR and on the website www.aft.gouv.fr. In the case of doubt in the interpretation of the methods used to calculate the Inflation Index Ratio, such methods shall be interpreted by reference to the procedures selected by the French Treasury (*Trésor*) for its *obligations assimilables du Trésor indexées sur l'inflation*.

“**CPI Monthly Reference Index**” refers to the definitive consumer price index excluding tobacco for all households in metropolitan France, as calculated and published monthly by the INSEE as such index may be adjusted or replaced from time to time as provided herein.

- (b) The calculation method described below is based on the recommendation issued by the French Bond Association (*Comité de Normalisation Obligataire* – www.cnofrance.org) in its July 2011 Paper entitled “Inflation-linked bonds”. In the case of any conflict between the calculation method provided below and the calculation method provided by the French Bond Association (*Comité de Normalisation Obligataire*), the calculation method provided by the French Bond Association (*Comité de Normalisation Obligataire*) shall prevail.

The CPI Linked Interest applicable from time to time for each Interest Period (as specified in the relevant Final Terms) will be equal to the fixed rate *per annum* specified in the relevant Final Terms multiplied by the Inflation Index Ratio (as defined above).

- (c) (1) If the CPI Monthly Reference Index is not published in a timely manner, a substitute CPI Monthly Reference Index (the “**Substitute CPI Monthly Reference Index**”) shall be determined by the Calculation Agent in accordance with the following provisions:
 - (x) If a provisional CPI Monthly Reference Index (*indice provisoire*) has already been published, such index shall automatically be used as the Substitute CPI Monthly

Reference Index. Such provisional CPI Monthly Reference Index would be published under the heading “*indice de substitution*”. Once the definitive CPI Monthly Reference Index is released, it would automatically apply from the day following its release to all calculations taking place from this date.

- (y) If no provisional CPI Monthly Reference Index is available, a substitute index shall be calculated on the basis of the most recently published figure adjusted as set out in the following formula:

Substitute CPI Monthly Reference Index_M =

$$\text{CPI Monthly Reference Index}_{M-1} \times \left[\frac{\text{CPI Monthly Reference Index}_{M-1}}{\text{CPI Monthly Reference Index}_{M-13}} \right]^{\frac{1}{12}}$$

- (2) In the event INSEE decides to proceed with one or more base changes for the purpose of calculating the CPI Monthly Reference Index, the two CPI Monthly Reference Indexes which have been calculated on a different basis will be chained on the basis of the December CPI Monthly Reference Index of the last year of joint publications, which corresponds to the CPI Daily Inflation Reference Index for 1st March of the following year. Such chaining will be carried out in accordance with the following equation:

$$\text{Key} = \frac{\text{CPI Monthly Reference Index}_{\text{pertaining to December calculated on the new basis}}}{\text{CPI Monthly Reference Index}_{\text{pertaining to December calculated on the previous basis}}}$$

Such that:

$$\text{CPI Monthly Reference Index}_{\text{New Basis}}^{\text{Date D}} = \text{CPI Monthly Reference Index}_{\text{Previous Basis}}^{\text{Date D}} \times \text{Key}$$

(iii) *Harmonised Index of Consumer Prices (HICP)*

Where the non-revised harmonised index of consumer prices (excluding tobacco) measuring the rate of inflation in the European Monetary Union as calculated and published monthly by Eurostat (the “**HICP**”) is specified as the Index in the relevant Final Terms, this Condition 3(e)(iii) shall apply. Terms defined in this Condition 3(e)(iii) shall have the meanings set out below only when this Condition 3(e)(iii) and, where applicable, Condition 3(e)(iv) shall apply.

The Rate of Interest in respect of Inflation Linked Notes indexed to the HICP (the “**HICP Linked Interest**”) will be determined by the Calculation Agent on the basis of sub-paragraphs (a) to (c) below.

- (a) On the fifth Business Day before each Interest Payment Date (an “**Interest Determination Date**”) the Calculation Agent will calculate the Inflation Index Ratio.

For the purpose of this Condition 3(e)(iii), the “**Inflation Index Ratio**” or “**IIR**” is the ratio between (i) the HICP Daily Inflation Reference Index (as defined below) applicable upon any Interest Payment Date or the redemption date, as the case may be, and (ii) the base reference defined as the HICP Daily Inflation Reference Index (as defined below) applicable on the date specified in the applicable Final Terms (the “**Base Reference**”). Notwithstanding Condition 3(l)(iii), the IIR will be rounded, if necessary, to five significant figures (with halves being rounded up).

“**HICP Daily Inflation Reference Index**” means (A) in relation to the first day of any given month, the HICP Monthly Reference Index of the third month preceding such month, and (B) in relation to a day (D) (other than the first day) in any given month (M), the linear interpolation of the HICP Monthly Reference Index pertaining respectively to the third month preceding such month (M – 3) and the second month preceding such month (M – 2) calculated in accordance with the following formula:

HICP Daily Inflation Reference Index =

$$\text{HICP Monthly Reference Index}_{M-3} + \frac{D-1}{ND_M} \times (\text{HICP Monthly Reference Index}_{M-2} - \text{HICP Monthly Reference Index}_{M-3})$$

with:

“**ND_M**” being the number of days in the relevant month M and, in the case of payment of principal and interest, shall be equal to 31;

“**D**” being the actual day of payment in the relevant month M and, in the case of payment of principal and interest, shall be equal to 25;

“**HICP Monthly Reference Index_{M-2}**” being the price index of month M – 2; and

“**HICP Monthly Reference Index_{M-3}**” being the price index of month M – 3.

Notwithstanding Condition 3(l)(iii), the HICP Daily Inflation Reference Index will be rounded if necessary to five significant figures (with halves being rounded up).

For information purposes, such HICP Daily Inflation Reference Index appears on the *Agence France Trésor* Reuters page OATEI01, on the website www.aft.gouv.fr and on Bloomberg page TRESOR.

“**HICP Monthly Reference Index**” refers to the harmonised index of consumer prices excluding tobacco measuring the rate of inflation in the European Monetary Union excluding tobacco as calculated and published by Eurostat as such index may be adjusted or replaced from time to time as provided herein. The first publication or announcement of a level of such index for a given month shall be final and conclusive and later revisions to the level for such month will not be used in any calculations.

- (b) The HICP Linked Interest applicable from time to time for each Interest Period (as specified in the relevant Final Terms) will be equal to the fixed rate *per annum* specified in the relevant Final Terms multiplied by the Inflation Index Ratio (as defined above).
- (c) (1) If the HICP Monthly Reference Index is not published in a timely manner, a substitute HICP Monthly Reference Index (the “**Substitute HICP Monthly Reference Index**”) shall be determined by the Calculation Agent in accordance with the following provisions:
 - (x) If a provisional HICP Monthly Reference Index has already been published by Eurostat, such index shall automatically be used as the Substitute HICP Monthly Reference Index. Once the definitive HICP Monthly Reference Index is released, it would automatically apply from the day following its release to all calculations taking place from this date.

- (y) If no provisional HICP Monthly Reference Index is available, a substitute index shall be calculated on the basis of the most recently published figure adjusted as set out in the following formula:

Substitute HICP Monthly Reference Index_M =

$$\text{HICP Monthly Reference Index}_{M-1} \times \left[\frac{\text{HICP Monthly Reference Index}_{M-1}}{\text{HICP Monthly Reference Index}_{M-1}} \right]^{\frac{1}{13}}$$

- (2) In the event Eurostat decides to proceed with one or more base changes for the purpose of calculating the HICP Monthly Reference Index, the two HICP Monthly Reference Indexes which have been calculated on a different basis will be chained on the basis of the December HICP Monthly Reference Index of the last year of joint publications, which corresponds to the HICP Daily Inflation Reference Index for 1st March of the following year. Such chaining will be carried out in accordance with the following equation:

$$\text{Key} = \frac{\text{HICP Monthly Reference Index}_{\text{pertaining to December calculated on the new basis}}}{\text{HICP Monthly Reference Index}_{\text{pertaining to December calculated on the previous basis}}}$$

Such that:

$$\text{HICP Monthly Reference Index}_{\text{Date D New Basis}} = \text{HICP Monthly Reference Index}_{\text{Date D Previous Basis}} \times \text{Key}$$

(iv) *Inflation Linked Range Accrual Notes*

The Rate of Interest in respect of any Inflation Linked Notes with respect to one or more Interest Accrual Periods may be conditional upon the YoY Inflation Index Level (as defined below) being equal to, lower than and/or greater than pre-determined rates on, before or after a specified date or on one or more days during a specified period as shall be specified in the relevant Final Terms (an “**Inflation Linked Range Accrual Note**”).

The Rate of Interest in respect of Inflation Linked Range Accrual Notes for each Interest Accrual Period shall be a rate *per annum* determined by the Calculation Agent in accordance with one of the following formulae:

(A) Rate of Interest = Applicable Rate x Accrual Factor; or

(B) Rate of Interest = Gearing Factor x [Applicable Rate x Accrual Factor].

For the purposes of such Inflation Linked Range Accrual Notes, the following terms shall have the following meanings:

“**Accrual Factor**” means, with respect to an Interest Accrual Period, a fraction where the numerator “n” is a number between 0 and 12 corresponding to the number of Interest Determination Dates (as defined in Condition 3(e)(iii)(a) above or as specified in the relevant Final Terms, as the case may be) since the Interest Commencement Date on which the YoY Inflation Index Level was within the relevant Range divided by 12 as determined by the Calculation Agent;

“**Applicable Rate**” means the relevant rate (expressed as a percentage) specified in the relevant Final Terms, and may, if so specified in the relevant Final Terms, be (x) an absolute value, (y)

calculated based upon one or more Reference Rates and/or Floating Rate Options (as the case may be) or (z) a combination of (x) and (y);

“**Gearing Factor**” has the meaning specified in the relevant Final Terms;

“**Latest Level**” means, in respect of any Interest Determination Date, the HICP Monthly Reference Index of the third month preceding the month in which such Interest Determination Date falls;

“**Range₃**” means that on the relevant Interest Determination Date the YoY Inflation Index Level is greater than or equal to the Lower Limit and lower than the Upper Limit;

“**Range₄**” means that on the relevant Interest Determination Date the YoY Inflation Index Level is greater than the Lower Limit and lower than or equal to the Upper Limit;

“**Range₅**” means that on the relevant Interest Determination Date the YoY Inflation Index Level is less than the Lower Limit or greater than the Upper Limit;

“**Reference Level**” means, in respect of any Interest Determination Date, the HICP Monthly Reference Index of the 15th month preceding the month in which such Interest Determination Date falls;

“**Upper Limit**” means the percentage specified as such in the applicable Final Terms; and

$$\frac{\text{Latest Level}}{\text{Reference Level}} - 1$$

(f) Rate of Interest on CMS Linked Notes

(i) Interest Payment Dates

Each CMS Linked Note bears interest on its outstanding nominal amount from and including the Interest Commencement Date at the rate *per annum* (expressed as a percentage) equal to the Rate of Interest, such interest being payable in arrear on each Interest Payment Date. The amount of interest payable shall be determined in accordance with Condition 3(m). Such Interest Payment Date(s) is/are either shown in the relevant Final Terms as Specified Interest Payment Dates or, if no Specified Interest Payment Date(s) is/are shown in the relevant Final Terms, Interest Payment Date shall mean each date which falls the number of months, or other period shown in the relevant Final Terms as the Interest Period, after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

(ii) *CMS Rate*

- (a) The Rate of Interest in respect of CMS Linked Notes for each Interest Accrual Period shall be determined by the Calculation Agent by applying one of the following formulae (a “**CMS Rate**”), as specified in the relevant Final Terms:

- (A) Rate of Interest = CMS Rate
- (B) Rate of Interest = $\text{Max}[(\text{Gearing Factor} \times \text{CMS Rate}); \text{Min RI}]$;
- (C) Rate of Interest = $\text{Gearing Factor} \times \text{CMS Rate}$;
- (D) Rate of Interest = $(\text{Gearing Factor} \times \text{CMS Rate}) + \text{Margin}$;
- (E) Rate of Interest = $\text{Gearing Factor} \times (\text{CMS} + \text{Margin})$
- (F) Rate of Interest = $\text{Gearing Factor} \times (\text{CMS Rate} - \text{Margin})$;
- (G) Rate of Interest = $\text{Gearing Factor} \times [\text{Max}(0; \text{CMS Rate} - \text{Margin}_1) - \text{Max}(0; \text{CMS Rate} - \text{Margin}_2)]$;
- (H) Rate of Interest = $\text{CMS Rate}_1 - (\text{CMS Rate}_2 \times \text{Gearing Factor})$;
- (I) Rate of Interest = $(\text{CMS Rate}_1 - (\text{Gearing Factor} \times \text{CMS Rate}_2)) + \text{Margin}$;
- (J) Rate of Interest = $\text{Min}[(\text{Applicable Rate} + \text{Margin}); \text{Gearing Factor} (\text{CMS Rate}_1 - \text{CMS Rate}_2)]$;
- (K) Rate of Interest = $\text{Min}[\text{CMS Rate}_1; \text{Applicable Rate}] - \text{CMS Rate}_2 - \text{Margin}$;
- (L) Rate of Interest = $(1 + \text{CMS Rate} - \text{Margin}) - 1$;
- (M) Rate of Interest = $\text{Gearing Factor} \times (\text{CMS Rate}_1 - \text{CMS Rate}_2)$;
- (N) Rate of Interest = $\text{Min} [\text{Max RI}; \text{Max} [(\text{CMS Rate}_1 + [(\text{CMS Rate}_1 - \text{CMS Rate}_2) - \text{Margin}]); \text{Min RI}]]$;
- (O) Rate of Interest = $\text{Min} [\text{Max RI}; \text{Max} [(\text{Gearing Factor} \times \text{CMS Rate}) - \text{Margin}]; \text{Min RI}]]$;
- (P) Rate of Interest = $\text{Min} [\text{Applicable Rate}; \text{Max} [\text{Min RI}; (\text{CMS Rate} + \text{Margin})]]$;

- (R) Rate of Interest = $\text{Min} [\text{Max RI}; (\text{CMS Rate} + \text{Margin})]$;
- (S) Rate of Interest = $\text{Max} [\text{Min} [(\text{Applicable Rate} \times \text{CMS Rate}); (\text{Gearing Factor} \times \text{CMS Rate})]; \text{Min RI}]$; or
- (T) Rate of Interest = $\text{Max} [\text{Min} [(\text{Gearing Factor}_1 \times \text{CMS Rate}); (\text{Gearing Factor}_2 \times \text{CMS Rate})]; \text{Min RI}]$

Where any Specified Interest Payment Date or Interest Period Date is subject to adjustment pursuant to Condition 3(j), the Interest Amounts and the Specified Interest Payment Date so published may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. If the Notes become due and payable under Condition 8, the accrued interest and the Rate of Interest payable in respect of the Notes shall nevertheless continue to be calculated as previously in accordance with this Condition but no publication of the Rate of Interest or the Interest Amount so calculated need be made. The determination of each Rate of Interest, Interest Amount, Redemption Amount and Instalment Amount, the obtaining of each quote and the making of each determination or calculation by the

Calculation Agent(s) or the Make-Whole Calculation Agent(s), as applicable, shall (in the absence of manifest error) be final and binding upon all parties.

(i) Payment of U.S. Dollar Equivalent

Notwithstanding any other provision in these Conditions, if an Inconvertibility, Non-Transferability or Illiquidity occurs or if Renminbi is otherwise not available to the Issuer as a result of circumstances beyond its control and such unavailability has been confirmed by a Renminbi Dealer, following which the Issuer is unable to satisfy payments of principal or interest (in whole or in part) in respect of RMB Notes, the Issuer on giving not less than five nor more than 30-days irrevocable notice to the Noteholders prior to the due date for payment, may settle any such payment (in whole or in part) in U.S. dollars on the due date at the U.S. Dollar Equivalent of any such Renminbi denominated amount.

In such event, payments of the U.S. Dollar Equivalent of the relevant principal or interest in respect of the Notes shall be made by transfer to the U.S. dollar account of the relevant Account Holders for the benefit of the Noteholders. For the avoidance of doubt, no such payment of the U.S. Dollar Equivalent shall by itself constitute a default in payment within the meaning of Condition 8.

All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of this Condition 5(i) by the RMB Rate Calculation Agent, will (in the absence of manifest error) be binding on the Issuer, the Agents and all Noteholders.

“Inconvertibility” means the occurrence of any event that makes it impossible for the Issuer to convert any amount due in respect of RMB Notes in the general Renminbi exchange market in Hong Kong, other than where such impossibility is due solely to the failure of the Issuer to comply with any law, rule or regulation enacted by any Governmental Authority (unless such law, rule or regulation is enacted after the Issue Date and it is impossible for the Issuer, due to an event beyond its control, to comply with such law, rule or regulation);

“Non-Transferability” means the occurrence of any event that makes it impossible for the Issuer to deliver Renminbi between accounts inside Hong Kong or from an account inside Hong Kong to an account outside Hong Kong or from an account outside Hong Kong to an account inside Hong Kong, other than where such impossibility is due solely to the failure of the Issuer to comply with any law, rule or regulation enacted by any Governmental Authority (unless such law, rule or regulation is enacted after the Issue Date and it is impossible for the Issuer, due to an event beyond its control, to comply with such law, rule or regulation);

“Renminbi Dealer” means an independent foreign exchange dealer of international repute active in the Renminbi exchange market in Hong Kong reasonably selected by the Issuer;

“RMB Rate Calculation Agent” means the agent appointed from time to time by the Issuer for the determination of the RMB Spot Rate or identified as such in the relevant Final Terms;

“RMB Spot Rate” for a RMB Rate Calculation Date means the spot CNY/U.S. dollar exchange rate for the purchase of U.S. dollars with CNY in the over-the-counter CNY exchange market in Hong Kong for settlement on the relevant due date for payment, as determined by the RMB Rate Calculation Agent at or around 11:00 a.m. (Hong Kong time) on such RMB Rate Calculation Date, on a deliverable basis by reference to Reuters Screen Page TRADNDF and if such rate is not available, the RMB Rate Calculation Agent will determine the RMB Spot Rate at or around 11:00 a.m. (Hong Kong time) on the RMB Rate Calculation Date as the most recently available CNY/U.S. dollar official fixing rate for settlement on the relevant due date for payment reported by The State Administration of Foreign Exchange of the PRC, which is reported on the Reuters Screen Page CNY=SAEC, where reference to a page on the Reuters Screen means the display page so designated on the Reuter Monitor Money Rates

Service (or any successor service) or such other page as may replace that page for the purpose of displaying a comparable currency exchange rate; and

“**U.S. Dollar Equivalent**” means the relevant Renminbi amount converted into U.S. dollars using the RMB Spot Rate for the relevant RMB Rate Calculation Date, as calculated by the RMB Rate Calculation Agent.

6 Taxation

(a) *Withholding Tax*

All payments of principal, interest and other assimilated revenues by or on behalf of the Issuer in respect of the Notes, Receipts and Coupons shall be made free and clear of, and without withholding or deduction for, any taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or within France or any authority therein or thereof having power to tax, unless such withholding or deduction is required by law.

(b) *Additional Amounts*

If French laws or regulations should require that payments of interest or other revenues in respect of such Notes and where applicable any related Receipts and Coupons be subject to withholding or deduction in respect of any present or future taxes, duties, assessments or governmental charges of whatever nature, the Issuer will, to the fullest extent then permitted by law, pay such additional amounts in respect of Notes and where applicable, any related Receipts and Coupons as shall result in receipt by the Noteholders, or, if applicable the Receiptholders or the Couponholders, as the case may be, of such amounts as would have been received by them had no such withholding or deduction been required, except that no such additional amounts shall be payable with respect to any Note, Receipt or Coupon, as the case may be:

- (i) **Other connection:** to, or to a third party on behalf of, a Noteholder, or, if applicable, a Receiptholder or a Couponholder, as the case may be, who is liable to such taxes, duties, assessments or governmental charges in respect of such Note, Receipt, or Coupon, by reason of his having some connection with France other than the mere holding of such Note, Receipt or Coupon; or
- (ii) **Presentation more than 30 days after the Relevant Date:** more than 30 calendar days after the Relevant Date, except to the extent that the Noteholder or, if applicable, a Receiptholder or a Couponholder, as the case may be, would have been entitled to such additional amounts on presenting such Note, Receipt or Coupon, as the case may be, for payment on the thirtieth such day; or
- (iii) **FATCA withholding:** where such withholding or deduction is imposed pursuant to FATCA, or its subsequent implementation into the French law.

As used in these Conditions, “**Relevant Date**” in respect of any Note, Receipt or Coupon means the date on which payment in respect thereof first becomes due or (if any amount of the money payable is improperly withheld or refused) the date on which payment in full of the amount outstanding is made or (if earlier) the date on which notice is duly given to the Noteholders in accordance with Condition 14 that, upon further presentation of the Note, Receipt or Coupon being made in accordance with the Conditions, such payment will be made, provided that payment is in fact made upon such presentation. References in these Conditions to (i) “**principal**” shall be deemed to include any premium payable in respect of the Notes, all Instalment Amounts, Redemption Amounts, Amortised Face Amounts and all other amounts in the nature of principal payable pursuant to Condition 4 or any amendment or supplement to it and (ii) “**interest**” shall be deemed to include (x) all Interest Amounts and all other

7 Prescription

Claims against the Issuer for payment in respect of the Notes, Receipts and Coupons (which for this purpose shall not include Talons) shall be prescribed and become void unless made within 10 years (in the case of principal) or five years (in the case of interest) from the appropriate Relevant Date (as defined in Condition 6).

8 Events of Default

(a) *Senior Preferred Notes*

This Condition 8(a) shall apply in respect of any Tranche of Senior Preferred Notes unless the relevant Final Terms specify “No Event of Default” (as defined below) in respect of a Tranche of Senior Preferred Notes.

If any of the following events (“**Events of Default**”) occurs and is continuing, the holder of any Senior Preferred Note may give written notice to the Fiscal Agent at its specified office that such Note is immediately repayable, whereupon the Early Redemption Amount of such Note together with accrued interest to the date of payment shall become immediately due and payable:

- (i) if default is made in the payment of any principal or interest due on such Notes or any of them on the due date and such default continues for a period of 30 days or more after written notice thereof is received by the Issuer from the Fiscal Agent (and the Fiscal Agent shall be bound to give such notice forthwith upon the request of any holder of such Notes); or
- (ii) if the Issuer fails to perform or observe any of its other obligations under such Notes or any of them and (except where such failure is incapable of remedy when no notice will be required) such failure continues for a period of 60 days after written notice is received by the Issuer from the Fiscal Agent (and the Fiscal Agent shall be bound to give such notice forthwith upon the request of any holder of such Notes) specifying such default and requiring the same to be remedied; or
- (iii) a judgment is issued for the judicial liquidation (*liquidation judiciaire*) of the Issuer or for a transfer of the whole of the business (*cession totale de l'entreprise*) of the Issuer, or the Issuer is subject to similar proceedings or, in the absence of legal proceedings, the Issuer makes a conveyance, assignment or other arrangement for the benefit of its creditors or enters into a composition with its creditors; or
- (iv) the Issuer sells, transfers or otherwise disposes of, directly or indirectly, the whole or a substantial part of its undertaking or assets, or the Issuer enters into or commences any proceedings in furtherance of voluntary liquidation or dissolution, except in the case of a disposal of all or substantially all of the Issuer's assets in favour of an entity which simultaneously assumes all or substantially all of the Issuer's liabilities including the Notes or in connection with a merger or reorganisation of the Issuer.

If the relevant Final Terms specify that no Event of Default shall apply in respect of a Tranche of Senior Preferred Notes, holders of such Notes shall not be entitled in any event to require Senior Preferred Notes to be redeemed prior to their Maturity Date. Senior Preferred Notes will become immediately due and payable in the event that an order or an effective decision is made for the liquidation (*liquidation judiciaire* or *liquidation amiable*) of the Issuer or if the Issuer is liquidated for any other reason at their principal amount together with interest accrued thereon to the date of payment without any further formality.

(b) Senior Non-Preferred Notes

Unless specified as applicable in the applicable Final Terms, in which case Condition 8(a) will be deemed to apply *mutatis mutandis* to the Senior Non-Preferred Notes, there are no events of default in respect of Senior Non-Preferred Notes and holders of such Notes are not entitled in any event to require Senior Non-Preferred Notes to be redeemed prior to their Maturity Date.

Senior Non-Preferred Notes will become immediately due and payable in the event that an order or an effective decision is made for the liquidation (*liquidation judiciaire* or *liquidation amiable*) of the Issuer or if the Issuer is liquidated for any other reason at their principal amount together with interest accrued thereon to the date of payment without any further formality.

(c) Subordinated Notes

There are no events of default in respect of Subordinated Notes and Noteholders are not entitled in any event to require Subordinated Notes to be redeemed prior to their Maturity Date.

Subordinated Notes will become immediately due and payable in the event that an order or an effective decision is made for the liquidation (*liquidation judiciaire* or *liquidation amiable*) of the Issuer or if the Issuer is liquidated for any other reason at their principal amount together with interest accrued thereon to the date of payment without any further formality.

9 Meetings of Noteholders and Modification

(a) Meetings of Noteholders

The English Law Agency Agreement contains provisions for convening meetings of the Noteholders to consider any matter affecting their interests, including the sanctioning by Extraordinary Resolution (as defined in the English Law Agency Agreement) of a modification of any of these Conditions. Such a meeting may be convened by Noteholders holding not less than 10 per cent. in principal amount of the Notes for the time being outstanding. The quorum for any meeting convened to consider an Extraordinary Resolution shall be two or more persons holding or representing a clear majority in principal amount of the Notes for the time being outstanding, or at any adjourned meeting two or more persons being or representing Noteholders whatever the principal amount of the Notes held or represented, unless the business of such meeting includes consideration of proposals, *inter alia*:

- (i) to amend the dates of maturity or redemption of the Notes, any Instalment Date or any date for payment of interest or Interest Amounts on the Notes,
- (ii) to reduce or cancel the principal amount of, or any Instalment Amount of, or any premium payable on redemption of, the Notes,
- (iii) to reduce the rate or rates of interest in respect of the Notes or to vary the method or basis of calculating the rate or rates or amount of interest or the basis for calculating any Interest Amount in respect of the Notes,
- (iv) if a Minimum and/or a Maximum Rate of Interest, Instalment Amount or Redemption Amount applies to any Notes, to reduce any such Minimum and/or Maximum,
- (v) to vary any method of, or basis for, calculating the Redemption Amount, including the method of calculating the Amortised Face Amount,
- (vi) to vary the currency or currencies of payment or denomination of the Notes,
- (vii) to take any steps that as specified hereon may only be taken following approval by an Extraordinary Resolution to which the special quorum provisions apply; or
- (viii) to modify the provisions concerning the quorum required at any meeting of Noteholders or the majority required to pass the Extraordinary Resolution,

in which case the necessary quorum shall be two or more persons holding or representing not less than 75 per cent., or at any adjourned meeting not less than 25 per cent., in principal amount of the Notes for the time being outstanding. Any Extraordinary Resolution duly passed shall be binding on Noteholders (whether or not they were present at the meeting at which such resolution was passed) and on all Couponholders and Receiptholders. In addition, any proposed modification of any terms and conditions (other than as provided for in Condition 3) of any Subordinated Notes the proceeds of which constitute Tier 2 Capital or Senior Notes can only be effected subject to the prior permission of the Relevant Regulator and/or the Relevant Resolution Authority, as the case may be, to the extent, with respect to Senior Preferred Notes, such permission is required by the Relevant Rules in relation to such modification.

Notwithstanding the foregoing, no consent of the Noteholders and, where applicable, the Couponholders and Receiptholders shall be required in order to comply with, or make any modifications or amendments to the Notes or to modify, vary, amend and restate and/or replace the Agency Agreement, the Deed of Covenant, the relevant Global Note or any other documents relating to any Series of Notes as the Issuer or the Fiscal Agent may deem necessary or desirable to reflect or incorporate, requirements, regulations, pronouncements, orders or laws imposed, required by or issued pursuant to the Bail-in or Loss Absorption Power and pursuant to the fallback provisions of Condition 3 and/or give effect to the any substitution and variation as provided for in Condition 4(n) and Condition 4(o).

(b) Modification of English Law Agency Agreement

The Fiscal Agent and the Issuer may agree, without the consent of the Noteholders or Couponholders, to any modification of the Notes, the Coupons or the English Law Agency Agreement which is of a formal, minor or technical nature or to cure, correct or supplement any defective provision or is made to cure, correct or supplement a manifest or proven error or to comply with mandatory provisions of the law of the jurisdiction in which the Issuer is incorporated.

Any such modification shall be binding on the Noteholders and the Couponholders and any such modification shall be notified to the Noteholders in accordance with Condition 14) as soon as practicable thereafter.

10 Acknowledgement of Bail-In and Loss Absorption Powers

By the acquisition of Notes, each holder of such Notes and, if any applicable, any related Receipts and Coupons (which, for the purposes of this Condition 10, includes any current or future holder of a beneficial interest in such Notes, and, if applicable, such Receipts and/or Coupons) acknowledges, accepts, consents and agrees:

- (i) to be bound by the effect of the exercise of the Bail-in or Loss Absorption Power (as defined below) by the Relevant Resolution Authority (as defined below) or the Relevant Regulator, which may include and result in any of the following, or some combination thereof:
 - (a) the reduction of all, or a portion, of the Amounts Due (as defined below), on a permanent basis;
 - (b) the conversion of all, or a portion, of the Amounts Due into shares, other securities or other obligations of the Issuer or another person (and the issue to holders of such Notes and, if applicable, such Receipts and/or Coupons of such shares, securities or obligations), including by means of an amendment, modification or variation of the terms of such Notes, and, if applicable, such Receipts and/or the Coupons, as the case may be, in which case such holders of such Notes and, if applicable, such Receipts and Coupons agree to accept in lieu of their rights under such Notes and, if applicable, such Receipts and/or the Coupons, as the case may be, any such shares, other securities or other obligations of the Issuer or another person;

- (c) the cancellation of such Notes and, if applicable, such Receipts and/or Coupons;
- (d) the amendment or alteration of the maturity of such Notes and, if applicable, such Receipts, or amendment of the amount of interest payable on such Notes or Coupons or the date on which the interest becomes payable, including by suspending payment for a temporary period;
- (ii) that the terms of such Notes and, if applicable, such Receipts and/or Coupons are subject to, and may be varied, if necessary, to give effect to, the exercise of the Bail-in or Loss Absorption Power by the Relevant Resolution Authority or the Relevant Regulator.

For these purposes, the “**Amounts Due**” are the prevailing outstanding amount of any such Notes, and any accrued and unpaid interest on such Notes that has not been previously cancelled or otherwise is no longer due.

For these purposes, the “**Bail-in or Loss Absorption Power**” is any power existing from time to time under any laws, regulations, rules or requirements in effect in France, relating to the transposition of the BRRD, including without limitation pursuant to French decree-law No. 2015-1024 dated 20 August 2015 (*Ordonnance portant diverses dispositions d'adaptation de la législation au droit de l'Union européenne en matière financière*) (as amended from time to time, the “**20 August 2015 Decree Law**”), Regulation (EU) No 806/2014 of the European Parliament and of the Council of 15 July 2014 establishing uniform rules and a uniform procedure for the resolution of credit institutions and certain investment firms in the framework of a Single Resolution Mechanism and a Single Resolution Fund and amending Regulation (EU) No 1093/2010 (as amended from time to time, the “**Single Resolution Mechanism Regulation**”), or otherwise arising under French law, and in each case the instructions, rules and standards created thereunder, pursuant to which the obligations of a Regulated Entity (as defined below) (or an affiliate of such Regulated Entity) can be reduced (in part or in whole), cancelled, suspended, transferred, varied or otherwise modified in any way, or securities of a Regulated Entity (or an affiliate of such Regulated Entity) can be converted into shares, other securities, or other obligations of such Regulated Entity or any other person, whether in connection with the implementation of a bail-in power following placement in resolution or otherwise.

A reference to a “**Regulated Entity**” is to any entity referred to in Section I of Article L.613-34 of the French *Code monétaire et financier* as modified by the 20 August 2015 Decree Law, which includes certain credit institutions, investment firms, and certain of their parent or holding companies established in France.

A reference to the “**Relevant Resolution Authority**” is to the *Autorité de contrôle prudentiel et de résolution* (the “**ACPR**”), the Single Resolution Board established pursuant to the Single Resolution Mechanism Regulation, and/or any other authority entitled to exercise or participate in the exercise of any Bail-in or Loss Absorption Power from time to time (including the Council of the European Union and the European Commission when acting pursuant to Article 18 of the Single Resolution Mechanism Regulation).

No repayment or payment of the Amounts Due will become due and payable or be paid after the exercise of the Bail-in or Loss Absorption Power by the Relevant Resolution Authority or the Relevant Regulator with respect to the Issuer unless, at the time such repayment or payment, respectively, is scheduled to become due, such repayment or payment would be permitted to be made by the Issuer under the laws and regulations in effect in France and the European Union applicable to the Issuer or other members of its group.

Upon the exercise of any Bail-in or Loss Absorption Power by the Relevant Resolution Authority or the Relevant Regulator with respect to the Notes and, if applicable, any related Receipts and/or Coupons, the Issuer will provide a written notice to the holders of such Notes and, if applicable, Receipts and/or Coupons in accordance with Condition 14 as soon as practicable regarding such exercise of the Bail-in or Loss Absorption Power. The Issuer will also deliver a copy of such notice to the Fiscal Agent for informational purposes, although the Fiscal Agent shall not be required to send such notice to the holders of such Notes and, if applicable, Receipts and/or Coupons. Any delay or failure by the Issuer to give notice shall not affect the validity and enforceability of the Bail-in or Loss Absorption Power nor the effects on such Notes and, if applicable, any related Receipts and/or Coupons described above.

Neither a cancellation of such Notes and, if applicable, any related Receipts and/or Coupons, a reduction, in part or in full, of the Amounts Due, the conversion thereof into another security or obligation of the Issuer or another person, as a result of the exercise of the Bail-in or Loss Absorption Power by the Relevant Resolution Authority or the Relevant Regulator with respect to the Issuer, nor the exercise of any Bail-in or Loss Absorption Power by the Relevant Resolution Authority or the Relevant Regulator with respect to such Notes and, if applicable, any related Receipts and/or Coupons will be an event of default or otherwise constitute non-performance of a contractual obligation, or entitle any such holders to any remedies (including equitable remedies) which are hereby expressly waived.

Upon the exercise of any Bail-in or Loss Absorption Power by the Relevant Resolution Authority or the Relevant Regulator, the Issuer and each holder of such Notes and, if applicable, Receipts and/or Coupons (including each holder of a beneficial interest in such Notes and, if applicable, any related Receipts and/or Coupons) hereby agree that (a) the Fiscal Agent shall not be required to take any directions from such holders, and (b) the English Law Agency Agreement shall impose no duties upon the Fiscal Agent whatsoever, in each case with respect to the exercise of any Bail-in or Loss Absorption Power by the Relevant Resolution Authority or the Relevant Regulator.

Notwithstanding the foregoing, if, following the completion of the exercise of the Bail-in or Loss Absorption Power by the Relevant Resolution Authority or the Relevant Regulator, any Notes and, if applicable, any related Receipts or Coupons remain outstanding (for example, if the exercise of the Bail-in or Loss Absorption Power results in only a partial write-down of the principal of such Notes and, if applicable, any related Receipts and/or Coupons), then the Fiscal Agent's duties under the English Law Agency Agreement shall remain applicable with respect to such Notes and, if applicable, any related Receipts and the Coupons following such completion to the extent that the Issuer and the Fiscal Agent shall agree pursuant to an amendment to the English Law Agency Agreement.

If the Relevant Resolution Authority or the Relevant Regulator exercises the Bail-in or Loss Absorption Power with respect to less than the total Amounts Due, unless the Fiscal Agent is otherwise instructed by the Issuer or the Relevant Resolution Authority or the Relevant Regulator, any cancellation, write-off or conversion made in respect of such Notes and, if applicable, any related Receipts and/or Coupons pursuant to the Bail-in or Loss Absorption Power will be made on a pro-rata basis.

No expenses necessary for the procedures under this Condition 10, including, but not limited to, those incurred by the Issuer and the Fiscal Agent, shall be borne by any holder of such Notes or, if applicable, any related Receipts and/or Coupons.

11 Waiver of Set-Off

Unless "Waiver of Set-off" is specified as not applicable in the relevant Final Terms, no holder of any Note or, if applicable, any related Receipt or Coupon may at any time exercise or claim any Waived Set-Off Rights against any right, claim, or liability the Issuer has or may have or acquire against such holder, directly or indirectly, howsoever arising (and, for the avoidance of doubt, including all such rights, claims and liabilities arising under or in relation to any and all agreements or other instruments of any sort or any non-contractual obligations, in each case whether or not relating to such Notes, or, if applicable, any related Receipts and/or Coupons) and each such holder shall be deemed to have waived all Waived Set-Off Rights to the fullest extent permitted by applicable law in relation to all such actual and potential rights, claims and liabilities.

For the avoidance of doubt, nothing in this Condition 11 is intended to provide or shall be construed as acknowledging any right of deduction, set-off, netting, compensation, retention or counterclaim or that any such right is or would be available to any holder of any Note or, if applicable, any related Receipt and/or Coupon but for this Condition 11.

For the purposes of this Condition 11, "**Waived Set-Off Rights**" means any and all rights of or claims of any holder of any Note, Receipt or Coupon for deduction, set-off, netting, compensation, retention or

counterclaim arising directly or indirectly under or in connection with any such Note and, if applicable, any related Receipts and/or Coupons.

12 Replacement of Notes, Receipts, Coupons and Talons

If a Note, Receipt, Coupon or Talon is lost, stolen, mutilated, defaced or destroyed, it may be replaced, subject to applicable laws, regulations and stock exchange regulations, at the specified office of the Paying Agent in Luxembourg or such other Paying Agent as may from time to time be designated by the Issuer for the purpose and notice of whose designation is given to Noteholders in accordance with Condition 14, in each case on payment by the claimant of the fees and costs incurred in connection therewith and on such terms as to evidence, security and indemnity (which may provide, *inter alia*, that if the allegedly lost, stolen or destroyed Note, Receipt, Coupon or Talon is subsequently presented for payment or, as the case may be, for exchange for further Coupons, there shall be paid to the Issuer on demand the amount payable by the Issuer in respect of such Notes, Receipts, Coupons or further Coupons) and otherwise as the Issuer may require. Mutilated or defaced Notes, Receipts, Coupons or Talons must be surrendered before replacements will be issued.

13 Further Issues and Consolidation

The Issuer may from time to time without the consent of the holders of any Notes or, if applicable, any related Receipts and/or Coupons but, to the extent required by the Relevant Rules, subject to the prior notification of the Relevant Regulator and/or the Relevant Resolution Authority, create and issue further notes having the same terms and conditions as the Notes (so that, for the avoidance of doubt, references in the conditions of such Notes to “Issue Date” shall be to the first issue date of the Notes) and so that the same shall be consolidated and form a single series with such Notes, and references in these Conditions to “Notes” shall be construed accordingly.

The Issuer may from time to time on any Interest Payment Date occurring on or after the date specified for a Redenomination of the Notes pursuant to Condition 1, on giving not less than 30 days’ prior notice to the Noteholders in accordance with Condition 14, without the consent of the holders of any Notes or, if applicable, any related Receipts and/or Coupons, consolidate the Notes with one or more issues of other notes issued by it, whether or not originally issued in one of the European national currencies or in euro, provided such other notes have been redenominated in euro (if not originally denominated in euro) and which otherwise have, in respect of all periods subsequent to such consolidation, the same terms and conditions as the Notes.

14 Notices

Notices to the holders of Notes shall be valid if, at the option of the Issuer, they are published in (i) a daily newspaper of general circulation in Europe (which is expected to be the *Financial Times*), (ii) as long as the Notes are listed and admitted to trading on Euronext Paris and the rules of Euronext Paris so require, in a daily newspaper with general circulation in France (which is expected to be *Les Echos*), (iii) as long as the Notes are listed on the official list and admitted to trading on the Regulated Market of the Luxembourg Stock Exchange and the rules of the Luxembourg Stock Exchange so require, in a daily newspaper with general circulation in Luxembourg (expected to be the *Luxemburger Wort*) and/or on the website of the Luxembourg Stock Exchange (www.bourse.lu) or (iv) they are published in accordance with Articles 221-3 and 221-4 of the *Règlement Général* of the AMF. If any such publication is not practicable, notice shall be validly given if published in another leading daily English language newspaper with general circulation in Europe and, so long as the Notes are listed on any other stock exchange and the relevant rules applying to such listed Notes so require, in a leading daily newspaper with general circulation in the city/ies where such stock exchange(s) is/are situated. Any such notice shall be deemed to have been given on the date of such publication or, if published more than once or on different dates, on the date of the first publication as provided above.

Couponholders shall be deemed for all purposes to have notice of the contents of any notice given to the holders of Notes in accordance with this Condition.

15 Contracts (Rights of Third Parties) Act 1999

The Notes confer no rights under the Contracts (Rights of Third Parties) Act 1999 to enforce any term of the Notes, but this does not affect any right or remedy of a third party which exists or is available apart from that Act.

16 Governing Law and Jurisdiction

(a) *Governing Law*

The Notes, the Receipts, the Coupons and the Talons and any non-contractual obligations arising out of or in connection with them are governed by, and shall be construed in accordance with, English law except for Condition 2 (*Status of the Notes*) which is governed by, and shall be construed in accordance with, French law.

(b) *Jurisdiction*

The Courts of England and Wales are to have jurisdiction to settle any disputes that may arise out of or in connection with any Notes, Receipts, Coupons or Talons and accordingly any legal action or proceedings arising out of or in connection with any Notes, Receipts, Coupons or Talons (“**Proceedings**”) may be brought in such courts. The Issuer irrevocably submits and each holder of Notes, Receipts, Coupons or Talons (by its acquisition of a Note) is deemed to submit to the jurisdiction of the Courts of England and Wales. For the purposes of this Condition, the Issuer waives and each holder of Notes, Receipts, Coupons or Talons (by its acquisition of a Note) is deemed to waive any objection to Proceedings in such courts on the ground of venue or on the ground that the Proceedings have been brought in an inconvenient forum.

(c) *Service of Process*

The Issuer irrevocably appoints Crédit Industriel et Commercial, London branch located at Finsbury Circus House, 15 Finsbury Circus, London EC2M 7EB, United Kingdom, as its agent in England to receive, for it and on its behalf, service of process of any Proceedings in England. Such service shall be deemed complete on delivery to such process agent (whether or not it is forwarded to and received by the Issuer). If for any reason such process agent ceases to be able to act as such or no longer has an address in London, the Issuer irrevocably agrees to appoint a substitute process agent and shall immediately notify Noteholders of such appointment in accordance with Condition 14. Nothing shall affect the right to serve process in any manner permitted by law.

TERMS AND CONDITIONS OF THE FRENCH LAW NOTES

*The following is the text of the terms and conditions of the Notes to be issued governed by French Law (the “**French Law Notes**”) that, save for the italicised paragraphs and subject to completion in accordance with the provisions of the relevant Final Terms, shall be applicable to the French Law Notes. If a Calculation Agent is not specified in the applicable Final Terms in respect of any Notes and the terms and conditions require that a Calculation Agent be appointed then the Fiscal Agent shall act as Calculation Agent. The holders of Dematerialised Notes and Materialised Notes, the holders of the interest coupons relating to interest bearing Materialised Notes (the “**Coupons**”) and, where applicable in the case of such Materialised Notes, talons for further Coupons (the “**Talons**”) (the “**Couponholders**”) and the holders of the receipts for the payment of instalments of principal (the “**Receipts**”) relating to Materialised Notes, of which the principal is payable in instalments, are deemed to have notice of all of the provisions of the French Law Agency Agreement applicable to them.

Copies of the French Law Agency Agreement are available for inspection during normal business hours at the specified offices of each of the Paying Agents.

1 Form, Denomination(s), Title and Redenomination

(a) Form

Notes may be issued either in dematerialised form (“**Dematerialised Notes**”) or in materialised form (“**Materialised Notes**”).

Dematerialised Notes may, at the option of the Issuer, be issued in either (i) bearer form (*au porteur*), in which case they will be inscribed as of the Issue Date of each Tranche of Dematerialised Notes in the books of Euroclear France (“**Euroclear France**”), acting as central depository, which shall credit the accounts of the Euroclear France Account Holders (as defined below), or (ii) registered form (*au nominatif*) and, in such latter case, at the option of the relevant Noteholder in either (x) administered registered form (*au nominatif administré*), in which case they will be inscribed in the accounts of the Euroclear France Account Holders designated by the relevant Noteholders or (y) fully registered form (*au nominatif pur*), in which case they will be inscribed in an account in the books of Euroclear France maintained by the Registration Agent acting on behalf of the Issuer.

Dematerialised Notes may be issued in one Specified Denomination only. Senior Non-Preferred Notes (as defined in Condition 2(a)(ii)) and Subordinated Notes (as defined in Condition 2(b)) will have a minimum Specified Denomination of not less than €100,000 or its equivalent in another currency.

(c) Title

- (i) Title to Dematerialised Notes in bearer form (*au porteur*) and in administered registered form (*au nominatif administré*) shall pass upon, and transfer of such Notes may only be effected through, registration of the transfer in the accounts of Euroclear France Account Holders. Except as ordered by a court of competent jurisdiction or as required by law, the holder of any Materialised Note, Receipt, Coupon or Talon shall be deemed to be and may be treated as its absolute owner for all purposes, whether or not it is overdue and regardless of any notice of ownership, or an interest in it, any writing on it or its theft or loss and no person shall be liable for so treating such holder of Materialised Notes.
- (iii) In these Conditions, “**Noteholder**” or “**holder**” means (i) in the case of Dematerialised Notes, the person on whose name appears in the account of the relevant Euroclear France Account Holder, the Issuer or the Registration Agent (as the case may be) as being entitled to such Notes and (ii) in the case of Materialised Notes, the bearer of any Materialised Note in definitive form and the Coupons, Receipts or Talon relating to it (if any).

- (iii) Dematerialised Notes issued in fully registered form (*au nominatif pur*) may, at the option of the Noteholder, be converted into Notes in administered registered form (*au nominatif administré*), and vice versa. The exercise of any such option by the Noteholder shall be made in accordance with Article R.211-4 of the French *Code monétaire et financier*. Any such conversion shall be effected at the cost of the Noteholder.

(e) Exchange of Materialised Notes

Materialised Notes of one Specified Denomination may not be exchanged for Materialised Notes of another Specified Denomination.

(f) Redenomination

- (i) The Issuer may (if so specified in the relevant Final Terms), on any Interest Payment Date, without the consent of the holder of any Note, Receipt, Coupon or Talon, by giving at least 30 days’ notice in accordance with Condition 14 and on or after the date on which the European Member State in whose national currency the Notes are denominated has become a participating Member State in the single currency of the European Economic and Monetary Union (as provided in the Treaty establishing the European Community (the “**EC**”), as amended from time to time (the “**Treaty**”), or events have occurred which have substantially the same effects (in either case, “**EMU**”), redenominate all, but not some only, of the Notes of any Series into Euro and adjust the aggregate principal amount and the Specified Denomination(s) set out in the relevant Final Terms accordingly, as described below. The date on which such redenomination becomes effective shall be referred to in these Conditions as the “**Redenomination Date**”.

- (ii) The redenomination of the Notes pursuant to Condition 1(f)(i) shall be made by converting the principal amount of each Note from the relevant national currency into Euro using the fixed relevant national currency Euro conversion rate established by the Council of the European Union pursuant to applicable regulations and rounding the resultant figure to the nearest Euro 0.01 (with Euro 0.005 being rounded upwards). If the Issuer so elects, the figure resulting from conversion of the principal amount of each Note using the fixed relevant national currency Euro conversion rate shall be rounded down to the nearest Euro. The Euro denominations of the Notes so determined shall be notified to Noteholders in accordance with Condition 14. Any balance remaining from the redenomination with a denomination higher than Euro 0.01 shall be paid by way of cash adjustment rounded to the nearest Euro 0.01 (with Euro 0.005 being rounded upwards). Such cash adjustment will be payable in Euro on the Redenomination Date in the manner notified to Noteholders by the Issuer.
- (iii) Upon redenomination of the Notes, any reference in the relevant Final Terms to the relevant national currency shall be construed as a reference to Euro.
- (iv) The Issuer may, with the prior approval of the Redenomination Agent and the Consolidation Agent, in connection with any redenomination pursuant to this Condition or any consolidation pursuant to Condition 13, without the consent of the holders of any Note, Receipt, Coupon or Talon, make any changes or additions to these Conditions or Condition 13 (including, without limitation, any change to any applicable business day definition, business day convention, principal financial centre of the country of the Specified Currency, interest accrual basis or benchmark), taking into account market practice in respect of redenominated euromarket debt obligations and which it believes are not prejudicial to the interests of such holders. Any such changes or additions shall, in the absence of manifest error, be binding on the holders of Notes, Receipts, Coupons and Talons and shall be notified to such holders in accordance with Condition 14 as soon as practicable thereafter.
- (v) Neither the Issuer nor any Paying Agent shall be liable to the holder of any Note, Receipt, Coupon or Talon or other person for any commissions, costs, losses or expenses in relation to or resulting from the credit or transfer of Euro or any currency conversion or rounding effected in connection therewith.

2 Status of the Notes

Notes may be either senior (“**Senior Notes**”) or subordinated (“**Subordinated Notes**”), as specified in the applicable Final Terms.

(a) Status of Senior Notes

The Senior Notes may be either senior preferred notes (“**Senior Preferred Notes**”) or senior non-preferred notes (“**Senior Non-Preferred Notes**”), as specified in the applicable Final Terms.

For the avoidance of doubt, all “unsubordinated notes” issued by the Issuer under the Euro 52,000,000,000 Euro Medium Term Note Programme prior to the date of entry into force of the law n°2016-1691 dated 9 December 2016 on 11 December 2016 constitute Senior Preferred Obligations (as defined below).

(i) Status of Senior Preferred Notes

Senior Preferred Notes, including where applicable any related Receipts and Coupons, will constitute direct, unconditional, unsecured and senior obligations of the Issuer ranking as Senior Preferred Obligations and rank and will rank equally and rateably without any preference or priority among themselves and:

- (i) *pari passu* with all other direct, unconditional, unsecured and senior obligations or unsubordinated of the Issuer outstanding as of the date of entry into force of the law n°2016-1691 dated 9 December 2016 on 11 December 2016;
- (ii) *pari passu* with all other present or future Senior Preferred Obligations of the Issuer;
- (iii) junior to all present or *future* obligations of the Issuer benefiting from statutorily preferred exceptions; and
- (iv) senior to all present or future Senior Non-Preferred Obligations (as defined below) of the Issuer (including any Senior Non-Preferred Notes) and any obligations ranking *pari passu* or junior to Senior Non-Preferred Obligations of the Issuer.

Subject to applicable law, in the event any judgment is rendered by any competent court declaring the judicial liquidation of the Issuer or if the Issuer is liquidated for any other reason, the rights of payment of the holders of Senior Preferred Notes and, where applicable, any related Receipts and Coupons shall be subject to the payment in full of all present or future creditors and holders of, or creditors in respect of, claims benefiting from statutory preferred exceptions (“**Preferred creditors**”) and, subject to such payment in full, the holders of Senior Preferred Notes and, where applicable, any related Receipts and Coupons shall be paid in priority to any present or future senior non-preferred obligations of the Issuer. In the event of incomplete payment of Preferred Creditors, the obligations of the Issuer in connection with the Senior Preferred Notes and, where applicable, any related Receipts and Coupons will be terminated. The holders of Senior Preferred Notes and, where applicable, any related Receipts and Coupons shall be responsible for taking all necessary steps for the orderly accomplishment of any such liquidation of the Issuer in relation to any claims they may have against the Issuer.

For the purposes of these Conditions:

“**Senior Non-Preferred Obligations**” means any senior obligations (including the Senior Non-Preferred Notes) of, or other senior instruments issued by, the Issuer which fall or are expressed to fall within the category of obligations described in Article L. 613-30-3-I-4° and Article R. 613-28 of the French *Code monétaire et financier*.

“**Senior Preferred Obligations**” means any senior obligations (including the Senior Preferred Notes) of, or other senior instruments issued by, the Issuer, which fall or are expressed to fall within the category of obligations described in Article L. 613-30-3-I-3° of the French *Code monétaire et financier*.

(ii) ***Status of Senior Non-Preferred Notes***

Senior Non-Preferred Notes including, where applicable any related Receipts and Coupons, will constitute direct, unconditional, unsecured and senior obligations of the Issuer ranking as Senior Non-Preferred Obligations and rank and will rank equally and rateably without any preference or priority among themselves and:

- (i) *pari passu* with all other present or future Senior Non-Preferred Obligations of the Issuer;
- (ii) junior to all present or future Senior Preferred Obligations of the Issuer; and
- (iii) senior to all present or future subordinated obligations of the Issuer (including any Subordinated Notes) and any obligations ranking *pari passu* or junior to subordinated obligations of the Issuer.

Subject to applicable law, in the event any judgment is rendered by any competent court declaring the judicial liquidation of the Issuer or if the Issuer is liquidated for any other reason, the rights of payment of the holders of Senior Non-Preferred Notes and, where applicable, any related Receipts and Coupons shall be subject to the payment in full of all present or future senior preferred creditors and holders of, or creditors in respect of, obligations expressed by their terms to rank in priority to the Senior Non-Preferred Notes and of those preferred by mandatory and/or overriding provisions of law (collectively, “**Senior Preferred Creditors**”) and, subject to such payment in full, the holders of Senior Non-Preferred Notes and, where applicable, any related Receipts and Coupons shall be paid in priority to any present or future subordinated obligations of the Issuer. In the event of incomplete payment of Senior Preferred Creditors, the obligations of the Issuer in connection with the Senior Non-Preferred Notes and, where applicable, any related Receipts and Coupons will be terminated. The holders of Senior Non-Preferred Notes and, where applicable, any related Receipts and Coupons shall be responsible for taking all necessary steps for the orderly accomplishment of any such liquidation of the Issuer in relation to any claims they may have against the Issuer.

(b) Status of Subordinated Notes

It is the intention of the Issuer that the proceeds of the issue of the Subordinated Notes be treated for regulatory purposes as Tier 2 Capital. The status and ranking provisions of Condition 2(b)(i) will apply with respect to the status and ranking provisions of the Subordinated Notes for so long as such Subordinated Notes are treated for regulatory purposes as Tier 2 Capital (such Subordinated Notes being hereafter referred to as “**Qualifying Subordinated Notes**”). Should any outstanding Qualifying Subordinated Notes and, where applicable, the Receipts and Coupons relating to them (if any) be fully excluded from Tier 2 Capital (“**Disqualification Event**”) (Subordinated Notes affected by a Disqualification Event being hereafter referred to as “**Disqualified Subordinated Notes**”), the status and ranking provisions of Condition 2(b)(ii) will forthwith replace and supersede the status and ranking provisions of Condition 2(b)(i) with respect to the status and ranking provisions of such Disqualified Subordinated Notes without the need for any action from the Issuer and without consultation of the holders of such Subordinated Notes or the holders of any other Notes outstanding at such time.

Subordinated Notes are issued pursuant to the provisions of article L.228-97 of the French *Code de commerce* and paragraph 5° of Article L. 613-30-3 I of the French *Code monétaire et financier*.

The Qualifying Subordinated Notes and, where applicable, the Receipts and Coupons relating to them (if any), constitute and will constitute direct unconditional, unsecured and subordinated obligations (in accordance with paragraph 5° of Article L. 613-30-3 I of the French *Code monétaire et financier* created by Ordinance No.2020-1636 dated 21 December 2020 relating to the resolution regime in the banking sector implementing Article 48(7) of BRRD under French law (the “**Ordinance**”)) of the Issuer and rank and will rank:

- (i) *pari passu* among themselves and with all other present or future subordinated instruments that are, or have been before 28 December 2020 (in the case of instruments issued before that date), fully or partially recognised as Tier 2 Capital of the Issuer, in accordance with Article L.613-30-3-I-5° of the French *Code monétaire et financier* and expressed by their terms to rank *pari passu* with such instruments;
- (ii) *junior* to all present and future unsubordinated or senior obligations of the Issuer (including Senior Notes and, if applicable, any related Receipts and Coupons relating to them);
- (iii) *junior* to all other present and future subordinated obligations expressed by their terms to rank senior to Qualifying Subordinated Notes and, if applicable, any Receipts and Coupons relating to them;

- (iv) *junior* to any Disqualified Subordinated Notes and Disqualified Additional Tier 1 Notes of the Issuer and, if applicable, any related Receipts and Coupons relating to them;
- (v) *senior* to any present and future *prêts participatifs* granted to the Issuer, *titres participatifs* issued by the Issuer and any deeply subordinated obligations of the Issuer (*engagements dits "super subordonnés"* or *engagements subordonnés de dernier rang*).

Subject to applicable law, in the event of any judgement rendered by any competent court declaring the judicial liquidation of the Issuer or if the Issuer is liquidated for any other reason:

- the rights of payment of holders of Qualifying Subordinated Notes and, where applicable, any related Receipts and Coupons in respect of principal and interest thereon will be subordinated to the payment in full of all present and future creditors of the Issuer, in respect of obligations referred to in (ii), (iii) and (iv) above;
- subject to such payment in full, the holders of such Qualifying Subordinated Notes and, where applicable, such Receipts and Coupons shall be paid in priority to all present and future creditors of the Issuer in respect of obligations referred to in (v) above; and
- in the event of incomplete payment of all present and future creditors of the Issuer in respect of obligations referred to in (ii), (iii) and (iv) above, the obligations in connection with the Qualifying Subordinated Notes and, where applicable, any related Receipts and Coupons will be terminated.

The holders of Qualifying Subordinated Notes and, where applicable, any related Receipts and Coupons shall be responsible for taking all necessary steps for the orderly accomplishment of any such liquidation in relation to any claims they may have against the Issuer.

(ii) Status of Disqualified Subordinated Notes

Disqualified Subordinated Notes and, where applicable, the Receipts and Coupons relating to them (if any) constitute and will constitute direct, unconditional, unsecured and subordinated obligations (in accordance with Paragraph 5° of Article L. 613-30-3 I of the French *Code monétaire et financier* created by the Ordinance) of the Issuer and rank and will rank:

- (i) *pari passu* among themselves;
- (ii) *pari passu* with any and all instruments that have (or will have) such rank (including for the avoidance of doubt Disqualified Additional Tier 1 Notes and, if applicable, any Receipts and Coupons relating to them);
- (iii) *junior* to all present and future unsubordinated or senior obligations of the Issuer (including Senior Notes and, if applicable, any Receipts and Coupons relating to them);
- (iv) *junior* to all other present and future subordinated obligations of the Issuer expressed by their terms to rank senior to the Disqualified Subordinated Notes and the Disqualified Additional Tier 1 Notes and, if applicable, any Receipts and Coupons relating to them;
- (v) *senior* to any Qualifying Subordinated Notes of the Issuer and, if applicable, any Receipts and Coupons relating to them and to all other present or future subordinated instruments that are, or have been before 28 December 2020 (in the case of instruments issued before that date), fully or partially recognised as Tier 2 Capital of the Issuer, in accordance with Article L.613-30-3-I-5° of the French *Code monétaire et financier* and expressed by their terms to rank *pari passu* with such instruments;
- (vi) *senior* to any present and future *prêts participatifs* granted to the Issuer, *titres participatifs* issued by the Issuer and any deeply subordinated obligations of the Issuer (*obligations dites*

“super subordonnées”, i.e. engagements dits “super subordonnés” or engagements subordonnés de dernier rang).

Subject to applicable law, in the event of any judgement rendered by any competent court declaring the judicial liquidation of the Issuer or if the Issuer is liquidated for any other reason:

- the rights of payment of holders of Disqualified Subordinated Notes and, where applicable, any related Receipts and Coupons in respect of principal and interest thereon will be subordinated to the payment in full of all present and future creditors of the Issuer in respect of obligations referred to in (iii) and (iv) above;
- subject to such payment in full, the holders of such Disqualified Subordinated Notes and, where applicable, Receipts and Coupons shall be paid in priority to all present and future creditors of the Issuer in respect of obligations referred to in (v) and (vi) above; and
- in the event of incomplete payment of all present and future creditors of the Issuer in respect of obligations referred to in (iii) and (iv) above, the obligations in connection with the Disqualified Subordinated Notes and, where applicable, any related Receipts and Coupons will be terminated.

The holders of Disqualified Subordinated Notes and, where applicable, any related Receipts and Coupons shall be responsible for taking all necessary steps for the orderly accomplishment of any such liquidation in relation to any claims they may have against the Issuer.

“Disqualified Additional Tier 1 Notes” means any deeply subordinated obligations of the Issuer and, where applicable, the Receipts and Coupons relating to them, issued on or after 28 December 2020 initially treated as additional tier 1 capital (as defined in Article 52 of the CRR) and which subsequently lost such treatment totally.

Without prejudice to the provisions of Condition 2 (*Status of the Notes*), in the context of a resolution, if any Bail-in or Loss Absorption Power were to be exercised (as further described in Condition 10 (*Acknowledgement of Bail-In and Loss Absorption Powers*)), and subject to certain exceptions, losses would in principle be borne first by the holders of capital instruments in the following order of priority: (i) holders of common equity tier 1 instruments, (ii) holders of additional tier 1 instruments, and (iii) holders of tier 2 capital instruments (such as the Subordinated Notes) (iv) holders of other subordinated debts other than capital instruments (such as Disqualified Subordinated Notes and the Disqualified Additional Tier 1 Notes), then by the holders of bail-inable liabilities so that losses would in principle be borne first by holders of unsecured senior non-preferred debt instruments (such as the Senior Non-Preferred Notes) and then by holders of unsecured senior preferred debt instruments (such as the Senior Preferred Notes).

For more information on the consequences of a resolution procedure initiated in respect of the Issuer and/or group Crédit Mutuel Alliance Fédérale in accordance with the provisions of BRRD II, please refer to the risk factor relating to the Issuer entitled “4.2.3 Governance-related risks” incorporated by reference into this Base Prospectus (see “Documents Incorporated by Reference”).

3 Interest and other Calculations

(a) Rate of Interest on Fixed Rate Notes

Each Fixed Rate Note bears interest on its outstanding principal amount from and including the Interest Commencement Date at the rate *per annum* (expressed as a percentage) equal to the Rate of Interest, such interest being payable in arrear on each Specified Interest Payment Date.

(b) Rate of Interest on Fixed Rate Notes denominated in RMB

Notwithstanding the foregoing, each RMB Note which is a Fixed Rate Note bears interest from (and including) the Interest Commencement Date at the rate *per annum* equal to the Rate of Interest. For the purposes of calculating the amount of interest, if any Specified Interest Payment Date would otherwise fall on a day which is not a Business Day, it shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month in which case it shall be brought forward to the immediately preceding Business Day. Interest will be payable in arrear on each Specified Interest Payment Date.

The Calculation Agent will, as soon as practicable after 11.00 a.m. (Hong Kong time) on each Interest Determination Date, calculate the amount of interest payable for the relevant Interest Period (per Calculation Amount, in case of Materialised Notes). The determination of the amount of interest payable per Calculation Amount by the Calculation Agent shall (in the absence of manifest error and after confirmation by the Issuer) be final and binding upon all parties.

The Calculation Agent will cause the amount of interest payable for each Interest Period (per Calculation Amount, in case of Materialised Notes) and the relevant Specified Interest Payment Date to be notified to each of the Paying Agents and to be notified to Noteholders as soon as possible after their determination but in no event later than the fourth Business Day thereafter. The amount of interest payable for such Interest Period (per Calculation Amount, in case of Materialised Notes) and the Specified Interest Payment Date so published may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. If the Notes become due and payable under Condition 8, the accrued interest (per Calculation Amount, in case of Materialised Notes) shall nevertheless continue to be calculated as previously by the Calculation Agent in accordance with this provision but no publication of the amount of interest payable so calculated need be made in respect of any Interest Period.

(c) Rate of Interest of Resettable Fixed Rate Notes

Each Resettable Fixed Rate Note bears interest on its outstanding principal amount from and including the Interest Commencement Date at the rate *per annum* (expressed as a percentage) equal to:

- (i) for each Interest Period falling in the period from (and including) the Interest Commencement Date to (but excluding) the First Reset Date, the Initial Rate of Interest;
- (ii) for each Interest Period falling in the period from (and including) the First Reset Date to (but excluding) the Second Reset Date or (if there is no Second Reset Date) the Maturity Date, the First Reset Rate of Interest; and
- (iii) for each Interest Period in any Subsequent Reset Period thereafter, the Subsequent Reset Rate of Interest in respect of the relevant Subsequent Reset Period.

Such interest shall be payable in arrear on each Specified Interest Payment Date.

The Calculation Agent will, as soon as reasonably practicable on each Reset Determination Date, calculate the amount of interest payable for each relevant Interest Period (per Calculation Amount, in case of Materialised Notes).

The Calculation Agent will cause such amount of interest for each Interest Period falling within each Reset Period to be notified to each of the Paying Agents and to be notified to the Noteholders and any stock exchange on which the relevant Resettable Fixed Rate Notes are listed as soon as possible after their determination and in no event later than the first day of each Reset Period.

If (y) a Mid-Swap Benchmark Trigger Event occurs in relation to an Original Mid-Swap Rate at any time or (z) the fallback provisions provided in the definition of “Mid-Swap Rate” fail to provide a means

of determining the Original Mid-Swap Rate, when the Terms and Conditions of any Resettable Fixed Rate Notes provide for any reset rate of interest (or any component part thereof) to be determined by reference to such Original Mid-Swap Rate, then the following provisions shall apply and prevail over the other fallback provisions set out in the definition of the “Mid-Swap Rate” below:

(A) Appointment of a Rate Determination Agent

The Issuer shall use its reasonable endeavours to appoint a Rate Determination Agent as soon as reasonably practicable to determine a Successor Mid-Swap Rate, failing which, an Alternative Mid-Swap Rate (in accordance with Condition 3(c)(B)) and, in either case, a Mid-Swap Adjustment Spread if any (in accordance with Condition 3(c)(C)) and any Mid-Swap Benchmark Amendments (in accordance with Condition 3(c)(D)).

A Rate Determination Agent appointed pursuant to this Condition 3(c) shall act in good faith in a commercially reasonable manner as an expert and in consultation with the Issuer. In the absence of bad faith or fraud, the Rate Determination Agent shall have no liability whatsoever to the Issuer, the Paying Agents, the Noteholders and, where applicable, the Couponholders and Receiptholders for any determination made by it, pursuant to this Condition 3(c).

(B) Successor Mid-Swap Rate or Alternative Mid-Swap Rate

If the Rate Determination Agent determines that:

- (i) there is a Successor Mid-Swap Rate, then such Successor Mid-Swap Rate shall (subject to adjustment as provided in Condition 3(c)(C)) subsequently be used in place of the Original Mid-Swap Rate to determine the Rate of Interest (or the relevant component part thereof) for all future payments of interest on the Notes (subject to the operation of this Condition 3(c)); or
- (ii) there is no Successor Mid-Swap Rate but there is an Alternative Mid-Swap Rate, then such Alternative Mid-Swap Rate shall (subject to adjustment as provided in Condition 3(c)(C)) subsequently be used in place of the Original Mid-Swap Rate to determine the Rate of Interest (or the relevant component part thereof) for all future payments of interest on the Notes (subject to the operation of this Condition 3(c)).

(C) Mid-Swap Adjustment Spread

If the Rate Determination Agent determines that (i) a Mid-Swap Adjustment Spread is required to be applied to the Successor Mid-Swap Rate or the Alternative Mid-Swap Rate and (ii) the quantum of, or a formula or methodology for determining such Mid-Swap Adjustment Spread, then such Mid-Swap Adjustment Spread shall be applied to the Successor Mid-Swap Rate or the Alternative Mid-Swap Rate (as the case may be) for each subsequent determination of a relevant Rate of Interest (or a relevant component thereof) by reference to such Successor Mid-Swap Rate or Alternative Mid-Swap Rate (as applicable).

(D) Mid-Swap Benchmark Amendments

If any Successor Mid-Swap Rate or Alternative Mid-Swap Rate or Mid-Swap Adjustment Spread is determined in accordance with this Condition 3(c) and the Rate Determination Agent determines (i) that amendments to these Conditions are necessary to ensure the proper operation of such Successor Mid-Swap Rate or Alternative Mid-Swap Rate or Mid-Swap Adjustment Spread (if any) (such amendments, the “**Mid-Swap Benchmark Amendments**”) and (ii) the specific terms of the Mid-Swap Benchmark Amendments, then

the Issuer shall, subject to giving notice thereof in accordance with Condition 3(c)(E) vary these Terms and Conditions to the extent needed to give effect to such Mid-Swap Benchmark Amendments with effect from the date specified in such notice. For the avoidance of doubt, each Noteholder shall be deemed to have accepted the Successor Mid-Swap Rate or Alternative Mid-Swap Rate and the Mid-Swap Adjustment Spread and the Mid-Swap Benchmark Amendments (if any) pursuant to this paragraph.

For the avoidance of doubt, and in connection with any such variation in accordance with this paragraph (D), the Issuer shall comply with the rules of any stock exchange on which the Notes are for the time being listed or admitted to trading.

(E) Notices

Any Successor Mid-Swap Rate or Alternative Mid-Swap Rate or Mid-Swap Adjustment Spread and Mid-Swap Benchmark Amendments (as the case may be), determined under this Condition 3(c) will be notified promptly by the Issuer, after receiving such information from the Rate Determination Agent, to the Fiscal Agent, the Calculation Agent, the Paying Agents, the Representative (if any) and, in accordance with Condition 14, the Noteholders and, where applicable, the Couponholders and the Receiptholders. Such notice shall be irrevocable and shall specify the effective date of the Mid-Swap Benchmark Amendments, if any.

The Issuer shall deliver to the Fiscal Agent a certificate signed by two authorised signatories of the Issuer:

- (i) confirming (i) that a Mid-Swap Benchmark Trigger Event has occurred, (ii) the Successor Mid-Swap Rate or the Alternative Mid-Swap Rate and, (iii) any Mid-Swap Adjustment Spread and/or (iv) any Mid-Swap Benchmark Amendments, in each case as determined in accordance with the provisions of this Condition 3(c); and
- (ii) certifying that the Mid-Swap Benchmark Amendments are necessary to ensure the proper operation of such Successor Mid-Swap Rate or Alternative Mid-Swap Rate or Mid-Swap Adjustment Spread (if any).

The Fiscal Agent shall be entitled to rely on such certificate (without liability to any person) as sufficient evidence thereof. In the absence of manifest error or bad faith in the determination of the Successor Mid-Swap Rate or Alternative Mid-Swap Rate and the Mid-Swap Adjustment Spread (if any) and the Mid-Swap Benchmark Amendments (if any) as specified in such certificate, and without prejudice to the Fiscal Agent's ability to rely on such certificate as aforesaid, the Successor Mid-Swap Rate or Alternative Mid-Swap Rate and the Mid-Swap Adjustment Spread (if any) and the Mid-Swap Benchmark Amendments (if any) specified in such certificate will be binding on the Issuer, the Fiscal Agent, the Calculation Agent, the Paying Agent, the Noteholders and, where applicable, the Couponholders and Receiptholders.

(F) Survival of the Original Mid-Swap Rate

If (i) the Issuer is unable to appoint a Rate Determination Agent or (ii) the Rate Determination Agent appointed by it fails to determine a Successor Mid-Swap Rate or, failing which, an Alternative Mid-Swap Rate in accordance with Condition 3(c)(B) prior to the relevant Reset Determination Date or (iii) the Issuer determines that the replacement of the Original Mid-Swap Rate with the Successor Mid-Swap Rate or an Alternative Mid-Swap

Rate and, in either case, any Mid-Swap Adjustment Spread and/or any Mid-Swap Benchmark Amendments (as the case may be):

(x) would result in the aggregate nominal amount of the Notes being fully or partially excluded from the own funds and eligible liabilities available to meet the MREL or TLAC Requirements (as called or defined in the then applicable laws and regulations or MREL or TLAC criteria applicable to the Issuer); or

(y) would result in the aggregate nominal amount of the Subordinated Notes being fully or partially excluded from the Tier 2 Capital of the Issuer with respect to Subordinated Notes; or

(z) could reasonably result in the Relevant Regulator treating any future Interest Payment Date as the effective maturity of the Notes, rather than the relevant Maturity Date,

then the Mid-Swap Rate applicable for the purpose of determining the Rate of Interest in respect of the relevant Reset Period shall be equal to the last Mid-Swap Rate available on the Relevant Screen Page, as determined by the Calculation Agent. In such circumstances, the Issuer will be entitled (but not obliged), at any time thereafter, to elect to re-apply the provisions of this Condition 3(c) *mutatis mutandis*, on one or more occasions until a Successor Mid-Swap Rate or Alternative Mid-Swap Rate (and, if applicable, any associated Mid-Swap Adjustment Spread and/or Mid-Swap Benchmark Amendments) has been determined and notified in accordance with this Condition 3(c).

(G) Fallback in respect of the Successor Mid-Swap Rate or Alternative Mid-Swap Rate

If (y) a Mid-Swap Benchmark Trigger Event occurs in relation to a Successor Mid-Swap Rate or Alternative Mid-Swap Rate at any time or (z) the fallback provisions provided in the definition of “Mid-Swap Rate” fail to provide a means of determining the Successor Mid-Swap Rate or Alternative Mid-Swap Rate, the Issuer shall use its reasonable endeavours to appoint a Rate Determination Agent and ensure that the provisions of this Condition 3(c) shall apply as if the Successor Mid-Swap Rate or Alternative Mid-Swap Rate was the Original Reference Rate.

(d) Rate of Interest on Floating Rate Notes

(i) *Interest Payment Dates:* Each Floating Rate Note bears interest on its outstanding nominal amount from and including the Interest Commencement Date at the rate *per annum* (expressed as a percentage) equal to the Rate of Interest, such interest being payable in arrear on each Interest Payment Date. The amount of interest payable shall be determined in accordance with Condition 3(l). Such Interest Payment Date(s) is/are either shown in the relevant Final Terms as Specified Interest Payment Dates or, if no Specified Interest Payment Date(s) is/are shown in the relevant Final Terms, Interest Payment Date shall mean each date which falls the number of months or other period shown in the relevant Final Terms as the Interest Period after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

(ii) *Rate of Interest for Floating Rate Notes:* The Rate of Interest in respect of Floating Rate Notes for each Interest Accrual Period shall be determined in the manner specified in the relevant Final Terms and the provisions below relating to ISDA Determination, FBF Determination or Screen Rate Determination shall apply, depending upon which is specified in the relevant Final Terms.

(A) ISDA Determination for Floating Rate Notes

Where ISDA Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period

shall be determined by the Calculation Agent as a rate equal to the relevant ISDA Rate. For the purposes of this sub-paragraph (A), “**ISDA Rate**” for an Interest Accrual Period means a rate equal to the Floating Rate that would be determined by the Calculation Agent under a Swap Transaction under the terms of an agreement incorporating the ISDA Definitions and under which:

- (a) the Floating Rate Option is as specified in the relevant Final Terms;
- (b) the Designated Maturity is a period specified in the relevant Final Terms; and
- (c) the relevant Reset Date is the first day of that Interest Accrual Period unless otherwise specified in the relevant Final Terms.

For the purposes of this sub-paragraph (A), “**Floating Rate**”, “**Calculation Agent**”, “**Floating Rate Option**”, “**Designated Maturity**”, “**Reset Date**” and “**Swap Transaction**” have the meanings given to those terms in the ISDA Definitions.

(B) FBF Determination for Floating Rate Notes

Where FBF Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period shall be determined by the Calculation Agent as a rate equal to the relevant FBF Rate. For the purposes of this sub-paragraph (B), “**FBF Rate**” for an Interest Accrual Period means a rate equal to the Floating Rate that would be determined by the Calculation Agent under a Transaction under the terms of an agreement incorporating the FBF Definitions and under which:

- (a) the Floating Rate is as specified in the relevant Final Terms; and
- (b) the relevant Floating Rate Determination Date (*Date de Détermination du Taux Variable*) is the first day of that Interest Accrual Period unless otherwise specified in the relevant Final Terms.

For the purposes of this sub-paragraph (B), “**Floating Rate**”, “**Calculation Agent**”, “**Floating Rate Determination Date** (*Date de Détermination du Taux Variable*)”, “**Designated Maturity**”, “**Reset Date**” and “**Transaction**” have the meanings given to those terms in the FBF Definitions, provided that “**Euribor**” means the rate calculated for deposits in Euro which appears on the Reuters screen page EURIBOR01.

(C) Screen Rate Determination for Floating Rate Notes

- (a) Where Screen Rate Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period will, subject as is provided below, be either:

- (i) the offered quotation; or
 - (ii) the arithmetic mean of the offered quotations,

(expressed as a percentage rate *per annum*) for the Reference Rate(s) which appears or appear, as the case may be, on the Relevant Screen Page (or any other such page as may replace that page on the relevant service, or such other service as may be nominated as the information vendor, for the purpose of displaying comparable rates) as at either 11.00 a.m. (London time in the case of LIBOR or Brussels time in the case of EURIBOR) on the Interest Determination Date in question. If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the

lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Calculation Agent for the purpose of determining the arithmetic mean of such offered quotations.

- (b) If the Relevant Screen Page is not available or, if sub-paragraph (a)(i) applies and no such offered quotation appears on the Relevant Screen Page or, if sub-paragraph (a)(ii) applies and fewer than three such offered quotations appear on the Relevant Screen Page, in each case as at the time specified above, subject as is provided below, the Issuer shall, upon request of and after consultation with, procure that the Calculation Agent is provided with, if the Reference Rate is LIBOR, from the principal London office of each of the Reference Banks or, if the Reference Rate is EURIBOR, from the principal Euro-zone office of each of the Reference Banks, its offered quotation (expressed as a percentage rate *per annum*) for the Reference Rate if the Reference Rate is LIBOR, at approximately 11.00 a.m. (London time), or if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time) on the Interest Determination Date in question. If two or more of the Reference Banks provide the Calculation Agent with such offered quotations, the Rate of Interest for such Interest Accrual Period shall be the arithmetic mean of such offered quotations as determined by the Calculation Agent.
- (c) If paragraph (b) above applies and the Calculation Agent or the Issuer, as the case may be, determines that fewer than two Reference Banks are providing offered quotations, subject as is provided below, the Rate of Interest shall be the arithmetic mean of the rates *per annum* (expressed as a percentage) as communicated to (and at the request of) the Calculation Agent or the Issuer, as the case may be, by the Reference Banks or any two or more of them, at which such banks were offered, if the Reference Rate is LIBOR, at approximately 11.00 a.m. (London time) or, if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time) on the relevant Interest Determination Date, deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate by leading banks in, if the Reference Rate is LIBOR, the London inter-bank market or, if the Reference Rate is EURIBOR, the Euro-zone inter-bank market, as the case may be, or, if fewer than two of the Reference Banks provide the Calculation Agent or the Issuer, as the case may be, with such offered rates, the offered rate for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, or the arithmetic mean of the offered rates for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, at which, if the Reference Rate is LIBOR, at approximately 11.00 a.m. (London time) or, if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time), on the relevant Interest Determination Date, any one or more banks (which bank or banks is or are in the opinion of the Issuer suitable for such purpose) informs the Calculation Agent or the Issuer, as the case may be, it is quoting to leading banks in, if the Reference Rate is LIBOR, the London inter-bank market or, if the Reference Rate is EURIBOR, the Euro zone inter-bank market, as the case may be, provided that, if the Rate of Interest cannot be determined in accordance with the foregoing provisions of this paragraph, the Rate of Interest shall be based on the last Reference Rate available on the Relevant Screen Page (though substituting, where a different Margin or Maximum or Minimum Rate of Interest is to be applied to the relevant Interest Accrual Period from that which applied to the last preceding Interest Accrual Period, the Margin or Maximum or Minimum Rate of Interest relating to the relevant Interest

Accrual Period, in place of the Margin or Maximum or Minimum Rate of Interest relating to that last preceding Interest Accrual Period).

- (d) Where €STR is specified as the Reference Rate in the Final Terms in respect of the Floating Rate Notes, the Rate of Interest for each Interest Accrual Period will, subject as provided below, be the rate of return of a daily compound interest investment (it being understood that the reference rate for the calculation of interest is the daily euro short-term rate) plus or minus (as indicated in the Final Terms) the Margin (if any) and will be calculated by the Calculation Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the Final Terms) on the Interest Determination Date, as follows, and the resulting percentage will be rounded, if necessary, to the fifth decimal place, with 0.000005 being rounded upwards:

$$\left[\prod_{i=1}^{d_0} \left(1 + \frac{\text{€STR}_{i-p\text{TBD}} \times n_i}{360} \right) - 1 \right] \times \frac{360}{d}$$

Where:

“**d**” is the number of calendar days in the relevant Interest Accrual Period;

“**d₀**” is the number of TARGET Business Days in the relevant Interest Accrual Period;

“**€STR_{i-pTBD}**” means, in respect of any TARGET Business Day falling in the relevant Interest Accrual Period, the €STR for the TARGET Business Day falling “p” TARGET Business Days prior to the relevant TARGET Business Day “i”;

“**n_i**” for any TARGET Business Day “i” is the number of calendar days from, and including, the relevant TARGET Business Day “i” up to, but excluding, the immediately following TARGET Business Day in the relevant Interest Accrual Period; and

“**p**” means in relation to any Interest Accrual Period, the number of TARGET Business Days included in the Observation Look-Back Period.

If the €STR is not published, as specified above, on any particular TARGET Business Day and no €STR Index Cessation Event (as defined below) has occurred, the €STR for such TARGET Business Day shall be the rate equal to €STR in respect of the last TARGET Business Day for which such rate was published on the Website of the European Central Bank.

If the €STR is not published, as specified above, on any particular TARGET Business Day and both an €STR Index Cessation Event and an €STR Index Cessation Effective Date have occurred, then the rate of €STR for each TARGET Business Day in the relevant €STR Observation Period occurring on or after such €STR Index Cessation Effective Date will be determined as if references to €STR were references to the ECB Recommended Rate.

If no ECB Recommended Rate has been recommended before the end of the first TARGET Business Day following the date on which the €STR Index Cessation Event occurs, then the rate of €STR for each TARGET Business Day in the relevant €STR Observation Period occurring on or after the €STR Index Cessation Effective Date will be determined as if references to €STR were references to the Modified EDFR.

If an ECB Recommended Rate has been recommended and both an ECB Recommended Rate Index Cessation Event and an ECB Recommended Rate Index Cessation Effective

Date subsequently occur, then the rate of €STR for each TARGET Business Day in the relevant €STR Observation Period occurring on or after that ECB Recommended Rate Index Cessation Effective Date will be determined as if references to €STR were references to the Modified EDFR.

Any substitution of the €STR by the ECB Recommended Rate or the Modified EDFR (the “**€STR Replacement Rate**”), as specified above, will remain effective for the remaining term to maturity of the Notes and shall be published by the Issuer in accordance with Condition 14 (*Notices*).

In the event that the Rate of Interest cannot be determined in accordance with the foregoing provisions by the Calculation Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the Final Terms), (i) the Rate of Interest shall be that determined as at the last preceding Interest Determination Date, (ii) if there is no such preceding Interest Determination Date, the Rate of Interest shall be determined as if the rate of €STR for each TARGET Business Day in the relevant €STR Observation Period occurring on or after such €STR Index Cessation Effective Date were references to the latest published ECB Recommended Rate or, if EDFR is published on a later date than the latest published ECB Recommended Rate, the Modified EDFR or (iii) if there no such preceding Interest Determination Date and there is no published ECB Recommended Rate or Modified EDFR available, as if the rate of €STR for each TARGET Business Day in the Observation Period on or after such €STR Index Cessation Effective Date were references to the latest published €STR (though substituting in each case, where a different Margin or Maximum Rate of Interest or Minimum Rate of Interest is to be applied to the relevant Interest Accrual Period from that which applied to the last preceding Interest Accrual Period, the Margin or Maximum Rate of Interest or Minimum Rate of Interest relating to the relevant Interest Accrual Period in place of the Margin or Maximum Rate of Interest or Minimum Rate of Interest relating to that last preceding Interest Accrual Period).

If the Notes become due and payable in accordance with the Conditions, the final Interest Determination Date shall, notwithstanding any Interest Determination Date specified in the Final Terms, be deemed to be the date on which such Notes became due and payable and the Rate of Interest on such Notes shall, for so long as any such Notes remains outstanding, be that determined on such date.

Any determination, decision or election that may be made by the Calculation Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the Final Terms) pursuant to this provision, including any determination with respect to a rate or adjustment or of the occurrence or non-occurrence of an event, circumstance or date and any decision to take or refrain from taking any action or any selection, (i) will be conclusive and binding absent manifest error, (ii) will be made in the Calculation Agent’s (or such other party responsible for the calculation of the Rate of Interest, as specified in the Final Terms) sole discretion, and (iii) notwithstanding anything to the contrary in the documentation relating to the Notes, shall become effective without consent from the holders of the Notes or any other party.

Notwithstanding any provision of this Condition 3(d)(ii)(C)(d), if (i) the Rate of Interest cannot be determined in accordance with the foregoing provisions by the Calculation Agent, or (ii) the Issuer determines that (a) the replacement of the then-current €STR by the €STR Replacement Rate or any other amendments to the Terms and Conditions of the Notes necessary to implement such replacement would result in an MREL or TLAC

Disqualification Event or (in the case of Subordinated Notes only) a Capital Event, or (b) could reasonably result in the Relevant Resolution Authority treating any future Interest Payment Date as the effective maturity of the Notes, rather than the relevant Maturity Date, no €STR Replacement Rate will be adopted by the Calculation Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the Final Terms), and the €STR Replacement Rate for the relevant Interest Accrual Period will be equal to the last €STR available, as determined by the Calculation Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the Final Terms).

For the purpose of this Condition 3(d)(ii)(C)(d):

“ECB Recommended Rate” means a rate (inclusive of any spreads or adjustments) recommended as the replacement for €STR by the European Central Bank (or any successor administrator of €STR) and/or by a committee officially endorsed or convened by the European Central Bank (or any successor administrator of €STR) for the purpose of recommending a replacement for €STR (which rate may be produced by the European Central Bank or another administrator), as determined by the Issuer and notified by the Issuer to the Calculation Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the Final Terms);

“€STR Index Cessation Event” means the occurrence of one or more of the following events, as determined by the Issuer and notified by the Issuer to the Calculation Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the Final Terms):

“€STR Observation Period” means in respect of any Interest Accrual Period, the period from and including the date falling “p” TARGET Business Days prior to the first day of the relevant Interest Accrual Period (and the first €STR Observation Period shall begin on and include the date falling “p” TARGET Business Days prior to the Interest Commencement Date) and ending on, but excluding, the date falling “p” TARGET Business Day prior to the Interest Payment Date of such Interest Accrual Period (or the date falling “p” TARGET Business Day prior to such earlier date, if any, on which the Notes become due and payable);

“SONIA Compounded Index” in relation to any London Banking Day shall be the SONIA Compounded Index value provided by the administrator of SONIA to authorised distributors on or about 9:00 a.m. (London Time), and as then published on the Relevant Screen Page, or if the Relevant Screen Page is unavailable, as otherwise published by such authorised distributors. In the event that the SONIA Compounded Index value originally published by the administrator of SONIA on or about 9:00 a.m. (London Time) on any London Banking Day is subsequently corrected and such corrected value is published by the administrator of SONIA on the original date of publication, then such corrected value, instead of the value that was originally published, shall be deemed the SONIA Compounded Index value.

If the SONIA Compounded Index is unavailable on the Relevant Screen Page on any Sonia Compounded Index determination date, the “SONIA-COMPOUND” shall be calculated on any Interest Determination Date with respect to an Interest Accrual Period in accordance with “SONIA-SHIFT-COMPOUND” and the term “Observation Shift Days” shall mean the number of London Banking Days specified in the relevant Final Terms.

If, in respect of a London Banking Day “i-pLBD” or “i”, as applicable, the Calculation Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the Final Terms) determines that the SONIA is not available on the Relevant Screen Page or has not otherwise been published by the relevant authorised distributors, such SONIA shall be:

1. (i) the Bank of England’s Bank Rate (the **“Bank Rate”**) prevailing at close of business on the relevant London Banking Day; plus (ii) the mean of the spread of the SONIA to the Bank Rate over the previous five days on which a SONIA has been published, excluding the highest spread (or, if there is more than one highest

spread, one only of those highest spreads) and lowest spread (or, if there is more than one lowest spread, one only of those lowest spreads) to the Bank Rate (the “**SONIA Replacement Rate**”); or

2. if such Bank Rate is not available, the SONIA published on the Relevant Screen Page (or otherwise published by the relevant authorised distributors) for the first preceding London Banking Day on which the SONIA rate was published on the Relevant Screen Page (or otherwise published by the relevant authorised distributors) or, if more recent, the latest rate determined under (1) above.

Notwithstanding the paragraph above, in the event the Bank of England publishes guidance as to (i) how the SONIA is to be determined or (ii) any rate that is to replace the SONIA, the Calculation Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the Final Terms) shall, to the extent that it is reasonably practicable, follow such guidance in order to determine SONIA for the purpose of the Notes for so long as the SONIA is not available or has not been published by the authorised distributors.

In the event that the Rate of Interest cannot be determined in accordance with the foregoing provisions by the Calculation Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the Final Terms), the Rate of Interest shall be that determined as at the last preceding Interest Determination Date (though substituting, where a different Margin or Maximum Rate of Interest or Minimum Rate of Interest is to be applied to the relevant Interest Accrual Period from that which applied to the last preceding Interest Accrual Period, the Margin or Maximum Rate of Interest or Minimum Rate of Interest relating to the relevant Interest Accrual Period in place of the Margin or Maximum Rate of Interest or Minimum Rate of Interest relating to that last preceding Interest Accrual Period) or (ii) if there is no such preceding Interest Determination Date, the initial Rate of Interest which would have been applicable to such Notes for the first Interest Accrual Period had the Notes been in issue for a period equal in duration to the scheduled first Interest Accrual Period but ending on (and excluding) the Interest Commencement Date (but applying the Margin and any Maximum Rate of Interest or Minimum Rate of Interest applicable to the first Interest Accrual Period).

If the Notes become due and payable in accordance with the Conditions, the final Interest Determination Date shall, notwithstanding any Interest Determination Date specified in the Final Terms, be deemed to be the date on which such Notes became due and payable and the Rate of Interest on such Notes shall, for so long as any such Notes remains outstanding, be that determined on such date.

Any determination, decision or election that may be made by the Calculation Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the Final Terms) pursuant to this provision, including any determination with respect to a rate or adjustment or of the occurrence or non-occurrence of an event, circumstance or date and any decision to take or refrain from taking any action or any selection, (i) will be conclusive and binding absent manifest error; (ii) will be made in the Calculation Agent’s (or such other party responsible for the calculation of the Rate of Interest, as specified in the Final Terms) sole discretion, and (iii) notwithstanding anything to the contrary in the documentation relating to the Notes, shall become effective without consent from the holders of the Notes or any other party.

Notwithstanding any provision of this Condition 3(d)(ii)(C)(e), if (i) the Rate of Interest cannot be determined in accordance with the foregoing provisions by the Calculation Agent, or (ii) the Issuer determines that (a) the replacement of the then current SONIA by the SONIA Replacement Rate or any other amendments to the Terms and Conditions of the Notes necessary to implement such replacement would result in an MREL or TLAC Disqualification Event or (in the case of Subordinated Notes) a Capital Event, or (b) could reasonably result in the Relevant Resolution Authority treating any future Interest Payment Date as the effective maturity of the Notes, rather than the relevant Maturity Date, no SONIA Replacement Rate will be adopted by the Calculation Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the Final Terms), and the SONIA Replacement Rate for the relevant Interest Accrual Period will be equal to the last SONIA available on the SONIA Screen Page as determined by the Calculation Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the Final Terms).

- (f) When SOFR is specified as the Reference Rate in the Final Terms in the respect of the Floating Rate Notes, the SOFR rate of interest determination, as specified in the Final Terms (the “**SOFR Rate of Interest Determination**”), in which the Rate of Interest is to be determined could be either SOFR Arithmetic Mean, SOFR Lockout Compound, SOFR Lookback Compound, SOFR Shift Compound or SOFR Index Average, as follows:
 - (x) if SOFR Arithmetic Mean is specified as applicable in the relevant Final Terms, the Rate of Interest for each Interest Accrual Period shall be the arithmetic mean of the SOFR rates for each day during the period, plus or minus (as specified in the Final Terms) the Margin (if any), as calculated by the Calculation Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the Final Terms), where the SOFR rate on the SOFR Rate Cut-Off Date shall be used for the days in the period from (and including) the SOFR Rate Cut-Off Date to (but excluding) the Interest Payment Date (excluded);
 - (y) if SOFR Lockout Compound is specified as applicable in the Final Terms, the Rate of Interest for each Interest Accrual Period will, subject as provided below, be USD-SOFR-LOCKOUT-COMPOUND plus or minus (as indicated in the Final Terms) the Margin (if any);
 - (z) if SOFR Lookback Compound is specified as applicable in the Final Terms, the Rate of Interest for each Interest Accrual Period will, subject as provided below, be USD-SOFR-LOOKBACK-COMPOUND plus or minus (as indicated in the Final Terms) the Margin (if any);
 - (xx) if SOFR Shift Compound is specified as applicable in the Final Terms, the Rate of Interest for each Interest Accrual Period will, subject as provided below, be USD-SOFR-SHIFT-COMPOUND plus or minus (as indicated in the Final Terms) the Margin (if any); or
 - (yy) if SOFR Index Average is specified as applicable in the Final Terms, the Rate of Interest for each Interest Accrual Period will, subject as provided below, be USD-SOFR-INDEX-AVERAGE plus or minus (as indicated in the Final Terms) the Margin (if any);

For the purpose of this Condition 3(d)(ii)(C)(f):

If the Calculation Agent or another entity appointed by the Issuer determines on or prior to the relevant Reference Time that a Benchmark Transition Event and its related Benchmark Replacement Date have occurred with respect to the then-current Benchmark, the Benchmark Replacement will replace the then-current Benchmark for all purposes relating to the Notes in respect of all determinations on such date and for all determinations on all subsequent dates.

In connection with the implementation of a Benchmark Replacement, the Calculation Agent or another entity appointed by the Issuer will have the right to make Benchmark Replacement Conforming Changes from time to time.

If a Benchmark Transition Event and its related Benchmark Replacement Date have occurred, any determination, decision or election that may be made by the Calculation Agent or another entity appointed by the Issuer pursuant to this Condition 3(d)(ii)(C)(f), including any determination with respect to a tenor, rate or adjustment or of the occurrence or non-occurrence of an event, circumstance or date and any decision to take or refrain from taking any action or any selection: (i) will be conclusive and binding absent manifest error; (ii) will be made in the sole discretion of the Calculation Agent or another entity appointed by the Issuer, as applicable; and (iii) notwithstanding anything to the contrary in the documentation relating to the Programme or the Notes, shall become effective without consent from the holders of the Notes or any other party.

Notwithstanding any provision of this Condition 3(d)(ii)(C)(f), if (i) the Rate of Interest cannot be determined in accordance with the foregoing provisions by the Calculation Agent, or (ii) the Issuer determines that (a) the replacement of then-current SOFR Benchmark by the SOFR Benchmark Replacement or any other amendments to the Terms and Conditions of the affected Notes necessary to implement such replacement would result in (in the case of Senior Non Preferred Notes and, if specified as applicable in the relevant Final Terms, Senior Preferred Notes or Disqualified Subordinated Notes)) an MREL or TLAC Disqualification Event or (in case of Subordinated Notes only) a Capital Event, or (b) could reasonably result in the Relevant Resolution Authority treating any future Interest Payment Date as the effective maturity of the Notes, rather than the relevant Maturity Date, no SOFR Benchmark Replacement will be adopted by the Calculation Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the Final Terms) and the SOFR Benchmark Replacement will be the SOFR determined by the Calculation Agent as of the U.S. Government Securities Business Day immediately preceding the Benchmark Replacement Date.

administrator that will continue to provide the Benchmark (or such component);
or

- (iii) a public statement or publication of information by the regulatory supervisor for the administrator of the Benchmark announcing that the Benchmark is no longer representative.

- (g) If, (y) a Benchmark Trigger Event occurs in relation to an Original Reference Rate at any time or (z) the fallback provisions provided in (b) and (c) of this Condition 3(d)(ii)(C) and in Condition 3(f)(ii) fail to provide a means of determining the Original Reference Rate, when the Terms and Conditions of any Floating Rate Notes provide for any rate of interest (or any component part thereof) to be determined by reference to such Original Reference Rate, then the following provisions shall apply and prevail over the other fallback provisions set out in (b) and (c) of this Condition 3(d)(ii)(C) and over the fallback provisions set out in Condition 3(f)(ii), it being specified that this

condition 3(d)(ii)(C)(g) shall not apply when €STR, SONIA or SOFR is the applicable Reference Rate:

(A) Appointment of a Rate Determination Agent

The Issuer shall use its reasonable endeavours to appoint a Rate Determination Agent as soon as reasonably practicable to determine a Successor Reference Rate, failing which, an Alternative Reference Rate (in accordance with Condition 3(d)(ii)(C)(g)(B)) and, in either case, an Adjustment Spread if any (in accordance with Condition 3(d)(ii)(C)(g)(C)) and any Benchmark Amendments (in accordance with Condition 3(d)(ii)(C)(g)(D)).

A Rate Determination Agent appointed pursuant to this Condition 3(d)(ii)(C)(g) shall act in good faith in a commercially reasonable manner as an expert and in consultation with the Issuer. In the absence of bad faith or fraud, the Rate Determination Agent shall have no liability whatsoever to the Issuer, the Paying Agents, the Noteholders and, where applicable, the Couponholders and Receiptholders for any determination made by it, pursuant to this Condition 3(d)(ii)(C)(g).

(B) Successor Reference Rate or Alternative Reference Rate

If the Rate Determination Agent determines that:

- (i) there is a Successor Reference Rate, then such Successor Reference Rate shall (subject to adjustment as provided in Condition 3(d)(ii)(C)(g)(C)) subsequently be used in place of the Original Reference Rate to determine the Rate of Interest (or the relevant component part thereof) for all future payments of interest on the Notes (subject to the operation of this Condition 3(d)(ii)(C)(g)); or
- (ii) there is no Successor Reference Rate but there is an Alternative Reference Rate, then such Alternative Reference Rate shall (subject to adjustment as provided in Condition 3(d)(ii)(C)(g)(C)) subsequently be used in place of the Original Reference Rate to determine the Rate of Interest (or the relevant component part thereof) for all future payments of interest on the Notes (subject to the operation of this Condition 3(d)(ii)(C)(g)).

(C) Adjustment Spread

If the Rate Determination Agent determines that (i) an Adjustment Spread is required to be applied to the Successor Reference Rate or the Alternative Reference Rate and (ii) the quantum of, or a formula or methodology for determining such Adjustment Spread, then such Adjustment Spread shall be applied to the Successor Reference Rate or the Alternative Reference Rate (as the case may be) for each subsequent determination of a relevant Rate of Interest (or a relevant component thereof) by reference to such Successor Reference Rate or Alternative Reference Rate (as applicable).

(D) Benchmark Amendments

If any Successor Reference Rate or Alternative Reference Rate or Adjustment Spread is determined in accordance with this Condition 3(d)(ii)(C)(g) and the Rate Determination Agent determines (i) that amendments to these Terms and

Conditions are necessary to ensure the proper operation of such Successor Reference Rate or Alternative Reference Rate or Adjustment Spread (if any) (such amendments, the “**Benchmark Amendments**”) and (ii) the specific terms of the Benchmark Amendments, then the Issuer shall, subject to giving notice thereof in accordance with Condition 3(d)(ii)(C)(g)(E) vary these Terms and Conditions to the extent needed to give effect to such Benchmark Amendments with effect from the date specified in such notice. For the avoidance of doubt, each Noteholder shall be deemed to have accepted the Successor Reference Rate or Alternative Reference Rate and the Adjustment Spread and the Benchmark Amendments (if any) pursuant to this paragraph.

For the avoidance of doubt, and in connection with any such variation in accordance with this paragraph (D), the Issuer shall comply with the rules of any stock exchange on which the Notes are for the time being listed or admitted to trading.

(E) Notices

Any Successor Reference Rate or Alternative Reference Rate or Adjustment Spread and Benchmark Amendments (as the case may be), determined under this Condition 3(d)(ii)(C)(g) will be notified promptly by the Issuer, after receiving such information from the Rate Determination Agent, to the Fiscal Agent, the Calculation Agent, the Paying Agents, the Representative (if any), and, in accordance with Condition 14, the Noteholders and, where applicable, the Couponholders and Receiptholders. Such notice shall be irrevocable and shall specify the effective date of the Benchmark Amendments, if any.

The Issuer shall deliver to the Fiscal Agent a certificate signed by two authorised signatories of the Issuer:

- (i) confirming (i) that a Benchmark Trigger Event has occurred, (ii) the Successor Reference Rate or the Alternative Reference Rate and, (iii) any Adjustment Spread and/or (iv) any Benchmark Amendments, in each case as determined in accordance with the provisions of this Condition 3(d)(ii)(C)(g); and
- (ii) certifying that the Benchmark Amendments are necessary to ensure the proper operation of such Successor Reference Rate or Alternative Reference Rate or Adjustment Spread (if any).

The Fiscal Agent shall be entitled to rely on such certificate (without liability to any person) as sufficient evidence thereof. In the absence of manifest error or bad faith in the determination of the Successor Reference Rate or Alternative Reference Rate and the Adjustment Spread (if any) and the Benchmark Amendments (if any) as specified in such certificate, and without prejudice to the Fiscal Agent’s ability to rely on such certificate as aforesaid, the Successor Reference Rate or Alternative Reference Rate and the Adjustment Spread (if any) and the Benchmark Amendments (if any) specified in such certificate will be binding on the Issuer, the Fiscal Agent, the Calculation Agent, the Paying Agent, the Noteholders and, where applicable, the Couponholders and Receiptholders.

(F) Survival of the Original Reference Rate

If (i) the Issuer is unable to appoint a Rate Determination Agent; or (ii) the Rate Determination Agent appointed by it fails to determine a Successor Reference Rate or, failing which, an Alternative Reference Rate in accordance with Condition 3(d)(ii)(C)(g)(B) prior to the relevant Interest Determination Date or (iii) the Issuer determines that the replacement of the Original Reference Rate with the Successor Reference Rate or an Alternative Reference Rate and, in either case, any Adjustment Spread and/or any Benchmark Amendments (as the case may be):

(x) would result in the aggregate nominal amount of the Notes being fully or partially excluded from the own funds and eligible liabilities available to meet the MREL or TLAC Requirements (as called or defined in the then applicable laws and regulations or MREL or TLAC criteria applicable to the Issuer); or

(y) would result in the aggregate nominal amount of the Subordinated Notes being fully or partially excluded from the Tier 2 Capital of the Issuer with respect to Subordinated Notes; or

(z) could reasonably result in the Relevant Regulator and/or the Relevant Resolution Authority treating any future Interest Payment Date as the effective maturity of the Notes, rather than the relevant Maturity Date,

then the Reference Rate or CMS Reference Rate applicable for the purpose of determining the Rate of Interest in respect of the relevant Interest Accrual Period shall be equal to the last Reference Rate or CMS Reference Rate available on the Relevant Screen Page, as determined by the Calculation Agent. In such circumstances, the Issuer will be entitled (but not obliged), at any time thereafter, to elect to re-apply the provisions of this Condition 3(d)(ii)(C)(g) *mutatis mutandis*, on one or more occasions until a Successor Reference Rate or Alternative Reference Rate (and, if applicable, any associated Adjustment Spread and/or Benchmark Amendments) has been determined and notified in accordance with this Condition 3(d)(ii)(C)(g).

(G) Fallback in respect of the Successor Reference Rate or Alternative Reference Rate

If (y) a Benchmark Trigger Event occurs in relation to a Successor Reference Rate or Alternative Reference Rate at any time or (z) the fallback provisions provided for in Condition 3(d)(ii)(C)(b) and Condition 3(d)(ii)(C)(c) and in Condition 3(f)(ii) fail to provide a means of determining the Successor Reference Rate or Alternative Reference Rate, the Issuer shall use its reasonable endeavours to appoint a Rate Determination Agent and ensure that the provisions of this Condition 3(d)(ii)(C)(g) shall apply as if the Successor Reference Rate or Alternative Reference Rate were the Original Reference Rate.

(h) Where Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined and the Reference Rate in respect of the Floating Rate Notes is specified as being TEC 10, the Rate of Interest for each Interest Accrual Period will, subject as provided below, be the offered quotation (expressed as a percentage rate *per annum*) for the EUR-TEC10-CNO² calculated by the *Comité de Normalisation Obligataire*, which appears on the

^{2 2} All potential users of the EUR-TEC10-CNO must first enter into a trademark licence agreement available from the CNO.

Relevant Screen Page, being Reuters Screen CNOTE10 Page, as at 10.00 a.m. (Paris time) on the relevant Interest Determination Date plus or minus (as indicated in the applicable Final Terms) the Margin (if any), all as determined by the Calculation Agent.

For information purposes only, the EUR-TEC10-CNO, established in April 1996, is the percentage yield (rounded to the nearest second decimal point, 0.005 per cent. being rounded upwards) of a notional 10 year French Treasury Bond (*Obligation Assimilable du Trésor*, “OAT”) corresponding to the linear interpolation between the yield to maturity of the two actual OATs (the “Reference OATs”) whose periods to maturity are closest in duration to the notional 10 year OAT, one Reference OAT's duration being less than 10 years and the other Reference OAT's duration being greater than 10 years.

If, on any Interest Determination Date, such rate does not appear on Reuters Screen CNOTE10 Page or any successor page (i) EUR-TEC 10-CNO shall be determined by the Calculation Agent on the basis of the mid-market prices for each of the two reference OATs, which would have been used by the *Comité de Normalisation Obligataire* for the calculation of EUR-TEC10-CNO, quoted by five *Spécialistes en Valeurs du Trésor* at approximately 10:00 a.m. Paris time on the Interest Determination Date in question; (ii) The Issuer will procure that, upon request of and after consultation with the Calculation Agent, each *Spécialiste en Valeurs du Trésor* provides the Calculation Agent with a quotation of its price; and (iii) EUR-TEC10-CNO will be the redemption yield of the arithmetic mean of such quotations as determined by the Calculation Agent after discarding the highest and lowest of such quotations. The above mentioned redemption yield shall be determined by the Calculation Agent in accordance with the formula that would have been used by the *Comité de Normalisation Obligataire* for the determination of EUR-TEC10-CNO.

(e) Rate of Interest on Inflation Linked Notes

- (i) *Interest Payment Dates*: Each Inflation Linked Note bears interest on its outstanding nominal amount from the Interest Commencement Date at the rate *per annum* (expressed as a percentage) equal to the Rate of Interest, such interest being payable in arrear on each Interest Payment Date. The amount of interest payable shall be determined in accordance with Condition 3(m). Such Interest Payment Date(s) is/are either shown in the relevant Final Terms as Specified Interest Payment Dates or, if no Specified Interest Payment Date(s) is/are shown in the relevant Final Terms, Interest Payment Date shall mean each date which falls the number of months or other period shown in the relevant Final Terms as the Interest Period after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.
- (ii) *Consumer Price Index (CPI)*

Where the non-revised consumer price index (excluding tobacco) for all households in metropolitan France, as calculated and published by the *Institut National de la Statistique et des Etudes Economiques* (the “INSEE”) (“CPI”) is specified as the Index in the relevant Final Terms, this Condition 3(e)(ii) shall apply. Terms defined in this Condition 3(e)(ii) shall have the meanings set out below only when this Condition 3(e)(ii) and, where applicable, Condition 3(d)(iv) shall apply.

The Rate of Interest in respect of Inflation Linked Notes indexed to the CPI (the “CPI Linked Interest”) will be determined by the Calculation Agent on the basis of sub-paragraphs (a) to (c) below.

- (a) On the fifth Business Day before each Interest Payment Date (an “**Interest Determination Date**”) the Calculation Agent will calculate the Inflation Index Ratio.

For the purpose of this Condition 3(e)(ii), the “**Inflation Index Ratio**” or “**IIR**” is the ratio between (i) the CPI Daily Inflation Reference Index (as defined below) applicable upon any Interest Payment Date or the redemption date, as the case may be, and (ii) the base reference defined as the CPI Daily Inflation Reference Index (as defined below) applicable on the date specified in the applicable Final Terms (the “**Base Reference**”). Notwithstanding Condition 3(m)(iii), the IIR will be rounded, if necessary, to five significant figures (with halves being rounded up).

“**CPI Daily Inflation Reference Index**” means (A) in relation to the first day of any given month, the CPI Monthly Reference Index of the third month preceding such month, and (B) in relation to a day (D) (other than the first day) in any given month (M), the linear interpolation of the CPI Monthly Reference Index pertaining respectively to the third month preceding such month (M - 3) and the second month preceding such month (M - 2) calculated in accordance with the following formula:

CPI Daily Inflation Reference Index =

$$\text{CPI Monthly Reference Index}_{M-3} + \frac{D-1}{ND_M} \times (\text{CPI Monthly Reference Index}_{M-2} - \text{CPI Monthly Reference Index}_{M-3})$$

with:

“**ND_M**” being the number of days in the relevant month M and, in the case of payment of principal and interest, shall be equal to 31;

“**D**” being the actual day of payment in the relevant month M and, in the case of payment of principal and interest, shall be equal to 25;

“**CPI Monthly Reference Index_{M-2}**” being the price index of month M - 2; and

“**CPI Monthly Reference Index_{M-3}**” being the price index of month M - 3.

Notwithstanding Condition 3(l)(iii), the CPI Daily Inflation Reference Index will be rounded if necessary to five significant figures (with halves being rounded up).

For information purposes, such CPI Daily Inflation Reference Index appears on the *Agence France Trésor* Reuters page OATINFLATION01 or on Bloomberg page TRESOR and on the website www.aft.gouv.fr. In the case of doubt in the interpretation of the methods used to calculate the Inflation Index Ratio, such methods shall be interpreted by reference to the procedures selected by the French Treasury (*Trésor*) for its *obligations assimilables du Trésor indexées sur l'inflation*.

“**CPI Monthly Reference Index**” refers to the definitive consumer price index excluding tobacco for all households in metropolitan France, as calculated and published monthly by the INSEE as such index may be adjusted or replaced from time to time as provided herein.

- (b) The calculation method described below is based on the recommendation issued by the French Bond Association (*Comité de Normalisation Obligataire* – www.cnofrance.org) in its July 2011 Paper entitled “Inflation-linked bonds”. In the case of any conflict between the calculation method provided below and the calculation method provided by the French Bond Association (*Comité de Normalisation Obligataire*), the calculation method provided by the French Bond Association (*Comité de Normalisation Obligataire*) shall prevail.

The CPI Linked Interest applicable from time to time for each Interest Period (as specified in the relevant Final Terms) will be equal to the fixed rate *per annum* specified in the relevant Final Terms multiplied by the Inflation Index Ratio (as defined above).

- (c) (1) If the CPI Monthly Reference Index is not published in a timely manner, a substitute CPI Monthly Reference Index (the “**Substitute CPI Monthly Reference Index**”) shall be determined by the Calculation Agent in accordance with the following provisions:
- (x) If a provisional CPI Monthly Reference Index (*indice provisoire*) has already been published, such index shall automatically be used as the Substitute CPI Monthly Reference Index. Such provisional CPI Monthly Reference Index would be published under the heading “*indice de substitution*”. Once the definitive CPI Monthly Reference Index is released, it would automatically apply from the day following its release to all calculations taking place from this date.
 - (y) If no provisional CPI Monthly Reference Index is available, a substitute index shall be calculated on the basis of the most recently published figure adjusted as set out in the following formula:

Substitute CPI Monthly Reference Index_M =

$$\text{CPI Monthly Reference Index}_{M-1} \times \left[\frac{\text{CPI Monthly Reference Index}_{M-1}}{\text{CPI Monthly Reference Index}_{M-13}} \right]^{\frac{1}{2}}$$

- (2) In the event INSEE decides to proceed with one or more base changes for the purpose of calculating the CPI Monthly Reference Index, the two CPI Monthly Reference Indexes which have been calculated on a different basis will be chained on the basis of the December CPI Monthly Reference Index of the last year of joint publications, which corresponds to the CPI Daily Inflation Reference Index for 1st March of the following year. Such chaining will be carried out in accordance with the following equation:

$$\text{Key} = \frac{\text{CPI Monthly Reference Index}_{\text{pertaining to December calculated on the new basis}}}{\text{CPI Monthly Reference Index}_{\text{pertaining to December calculated on the previous basis}}}$$

Such that:

$$\text{CPI Monthly Reference Index}_{\text{Date D New Basis}} = \text{CPI Monthly Reference Index}_{\text{Date D Previous Basis}} \times \text{Key}$$

(iii) *Harmonised Index of Consumer Prices (HICP)*

Where the non-revised harmonised index of consumer prices (excluding tobacco) measuring the rate of inflation in the European Monetary Union as calculated and published monthly by Eurostat (the “**HICP**”) is specified as the Index in the relevant Final Terms, this Condition 3(d)(iii) shall apply. Terms defined in this Condition 3(e)(iii) shall have the meanings set out below only when this Condition 3(e)(iii) and, where applicable, Condition 3(e)(iv) shall apply.

The Rate of Interest in respect of Inflation Linked Notes indexed to the HICP (the “**HICP Linked Interest**”) will be determined by the Calculation Agent on the basis of sub-paragraphs (a) to (c) below.

- (a) On the fifth Business Day before each Interest Payment Date (an “**Interest Determination Date**”) the Calculation Agent will calculate the Inflation Index Ratio.

For the purpose of this Condition 3(e)(iii), the “**Inflation Index Ratio**” or “**IIR**” is the ratio between (i) the HICP Daily Inflation Reference Index (as defined below) applicable upon any Interest Payment Date or the redemption date, as the case may be, and (ii) the base reference defined as the HICP Daily Inflation Reference Index (as defined below) applicable on the date specified in the applicable Final Terms (the “**Base Reference**”). Notwithstanding Condition 3(l)(iii), the IIR will be rounded, if necessary, to five significant figures (with halves being rounded up).

HICP Daily Inflation Reference Index =

$$\text{HICP Monthly Reference Index}_{M-3} + \frac{D-1}{ND_M} \times (\text{HICP Monthly Reference Index}_{M-2} - \text{HICP Monthly Reference Index}_{M-3})$$

with:

“**ND_M**” being the number of days in the relevant month M and, in the case of payment of principal and interest, shall be equal to 31;

“**D**” being the actual day of payment in the relevant month M and, in the case of payment of principal and interest, shall be equal to 25;

“**HICP Monthly Reference Index_{M-2}**” being the price index of month M – 2; and

“**HICP Monthly Reference Index_{M-3}**” being the price index of month M – 3.

Notwithstanding Condition 3(l)(iii), the HICP Daily Inflation Reference Index will be rounded if necessary to five significant figures (with halves being rounded up).

For information purposes, such HICP Daily Inflation Reference Index appears on the *Agence France Trésor* Reuters page OATEI01, on the website www.aft.gouv.fr and on Bloomberg page TRESOR.

“**HICP Monthly Reference Index**” refers to the harmonised index of consumer prices excluding tobacco measuring the rate of inflation in the European Monetary Union excluding tobacco as calculated and published by Eurostat as such index may be adjusted or replaced from time to time as provided herein. The first publication or announcement of a level of such index for a given month shall be final and conclusive and later revisions to the level for such month will not be used in any calculations.

- (b) The HICP Linked Interest applicable from time to time for each Interest Period (as specified in the relevant Final Terms) will be equal to the fixed rate *per annum* specified in the relevant Final Terms multiplied by the Inflation Index Ratio (as defined above).
- (c) (1) If the HICP Monthly Reference Index is not published in a timely manner, a substitute HICP Monthly Reference Index (the “**Substitute HICP Monthly Reference Index**”)

shall be determined by the Calculation Agent in accordance with the following provisions:

- (x) If a provisional HICP Monthly Reference Index has already been published by Eurostat, such index shall automatically be used as the Substitute HICP Monthly Reference Index. Once the definitive HICP Monthly Reference Index is released, it would automatically apply from the day following its release to all calculations taking place from this date.
- (y) If no provisional HICP Monthly Reference Index is available, a substitute index shall be calculated on the basis of the most recently published figure adjusted as set out in the following formula:

Substitute HICP Monthly Reference Index_M =

$$\text{HICP Monthly Reference Index}_{M-1} \times \frac{\left[\text{HICP Monthly Reference Index}_{M-1} \right]^{\frac{1}{2}}}{\text{HICP Monthly Reference Index}_{M-1}^{\frac{1}{2}}}$$

13

- (2) In the event Eurostat decides to proceed with one or more base changes for the purpose of calculating the HICP Monthly Reference Index, the two HICP Monthly Reference Indexes which have been calculated on a different basis will be chained on the basis of the December HICP Monthly Reference Index of the last year of joint publications, which corresponds to the HICP Daily Inflation Reference Index for 1st March of the following year. Such chaining will be carried out in accordance with the following equation:

$$\text{Key} = \frac{\text{HICP Monthly Reference Index}_{\text{pertaining to December calculated on the new basis}}}{\text{HICP Monthly Reference Index}_{\text{pertaining to December calculated on the previous basis}}}$$

Such that:

$$\frac{\text{HICP Monthly Reference Index}}{\text{Index}} \quad \frac{\text{Date D}}{\text{New Basis}} = \frac{\text{HICP Monthly Reference Index}}{\text{Index}} \quad \frac{\text{Date D}}{\text{Previous Basis}} \times \text{Key}$$

(g) Rate of Interest on TEC 10 Linked Notes

The Rate of Interest in respect of TEC 10 Linked Notes for each Interest Accrual Period shall be determined by the Calculation Agent by applying one of the following formulae, as specified in the relevant Final Terms:

- (i) Rate of Interest = [Max (0%, Gearing Factor x (TEC 10 Rate – Margin))];
- (ii) Rate of Interest = [Max (0%, Gearing Factor x (TEC 10 Rate + Margin))];

- (iii) Rate of Interest = TEC 10 Rate – Margin; or
- (iv) Rate of Interest = TEC 10 Rate + Margin;

where:

“**Gearing Factor**” has the meaning specified in the relevant Final Terms; and

“**Margin**” has the meaning specified in the relevant Final Terms.

(h) Rate of Interest on Zero Coupon Notes

Where a Note the Rate of Interest of which is specified to be Zero Coupon is repayable prior to the Maturity Date and is not paid when due, the amount due and payable prior to the Maturity Date shall be the Early Redemption Amount of such Note. As from the Maturity Date, the Rate of Interest for any overdue principal of such a Note shall be a rate *per annum* (expressed as a percentage) equal to the Amortisation Yield (as described in Condition 4(b)).

(i) Fixed/Floating Rate Notes

Fixed/Floating Rate Notes may bear interest at a rate that the Issuer may elect to convert, or that will automatically change, on one or more dates set out in the Final Terms from one specified interest basis (such as, but not limited to, Fixed Rate, Floating Rate, CMS Rate and/or HICP Linked Interest) to another specified interest basis (such as, but not limited to, Fixed Rate, Floating Rate, CMS Rate and/or HICP Linked Interest).

(j) Business Day Convention

If any date referred to in these Conditions that is specified to be subject to adjustment in accordance with a Business Day Convention would otherwise fall on a day that is not a Business Day, then, if the Business Day Convention specified is (i) the Floating Rate Business Day Convention, such date shall be postponed to the next day that is a Business Day unless it would thereby fall into the next calendar month, in which event (A) such date shall be brought forward to the immediately preceding Business Day and (B) each subsequent such date shall be the last Business Day of the month in which such date would have fallen had it not been subject to adjustment, (ii) the Following Business Day Convention, such date shall be postponed to the next day that is a Business Day, (iii) the Modified Following Business Day Convention, such date shall be postponed to the next day that is a Business Day unless it would thereby fall into the next calendar month, in which event such date shall be brought forward to the immediately preceding Business Day or (iv) the Preceding Business Day Convention, such date shall be brought forward to the immediately preceding Business Day.

(k) Accrual of Interest

Interest shall cease to accrue on each Note on the due date for redemption unless (i) in the case of Dematerialised Notes, on such due date or (ii) in case of Materialised Notes, upon due presentation, payment of principal is improperly withheld or refused, in which event interest shall continue to accrue (after as well as before judgment) at the Rate of Interest in the manner provided in this Condition 3 to the Relevant Date (as defined in Condition 6).

(l) Margin, Maximum/Minimum Rates of Interest, Instalment Amounts and Redemption Amounts and Rounding

- (i) If any Margin is specified in the relevant Final Terms (either (x) generally, or (y) in relation to one or more Interest Accrual Periods), an adjustment shall be made to all Rates of Interest, in the case of (x), or the Rates of Interest for the specified Interest Accrual Periods, in the case of (y), calculated in accordance with Condition 3(c) or, as the case may be, Condition 3(e) above by

adding (if a positive number) or subtracting the absolute value (if a negative number) of such Margin subject always to the next paragraph.

- (ii) If any Maximum or Minimum Rate of Interest, Instalment Amount or Redemption Amount is specified in the relevant Final Terms, then any Rate of Interest, Instalment Amount or Redemption Amount shall be subject to such maximum or minimum, as the case may be. Unless a higher rate is stated in the applicable Final Terms, the Minimum Rate of Interest shall be deemed to be zero.
- (iii) For the purposes of any calculations required pursuant to these Conditions, (x) all percentages resulting from such calculations shall be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point (with halves being rounded up), (y) all figures shall be rounded to seven significant figures (with halves being rounded up) and (z) all currency amounts that fall due and payable shall be rounded to the nearest unit of such currency (with halves being rounded up), save in the case of yen, which shall be rounded down to the nearest yen. For these purposes “unit” means the lowest amount of such currency that is available as legal tender in the country or countries of such currency.

(m) Calculations

The amount of interest payable in respect of any Note (per Calculation Amount, in the case of Materialised Notes) for any Interest Accrual Period shall be equal to the product of the Rate of Interest and the outstanding nominal amount of such Note (or the Calculation Amount specified hereon, in case of Materialised Notes) by the Day Count Fraction for such Interest Accrual Period, unless an Interest Amount is applicable to such Interest Accrual Period in the relevant Final Terms, in which case the amount of interest payable in respect of such Note (per Calculation Amount, in case of Materialised Notes) for such Interest Accrual Period shall equal such Interest Amount. Where any Interest Period comprises two or more Interest Accrual Periods, the amount of interest payable in respect of such Interest Period (per Calculation Amount, in case of Materialised Notes) shall be the sum of the Interest Amounts payable in respect of each of those Interest Accrual Periods. In respect of any other period for which interest is required to be calculated, the provisions above shall apply save that the Day Count Fraction shall be for the period for which interest is required to be calculated.

(n) Determination and Publication of Rates of Interest, Interest Amounts, Redemption Amounts, Fair Market Value Redemption Amount and Instalment Amounts

The Calculation Agent or the Make-Whole Calculation Agent, as applicable, shall, as soon as practicable on each Interest Determination Date or such other time on such date as the Calculation Agent or the Make-Whole Calculation Agent, as applicable, may be required to calculate any rate, any Redemption Amount, Fair Market Value Redemption Amount or Instalment Amount, obtain any quote or make any determination or calculation, determine the Rate of Interest and calculate the Interest Amounts for the relevant Interest Accrual Period, calculate the Redemption Amount, the Fair Market Value Redemption Amount, or Instalment Amount, obtain such quote or make such determination or calculation, as the case may be, and cause the Rate of Interest and the Interest Amounts for each Interest Accrual Period and the relevant Specified Interest Payment Date and, if required to be calculated, the Redemption Amount, the Fair Market Value Redemption Amount or any Instalment Amount to be notified to the Fiscal Agent, the Issuer, each of the Paying Agents, the Noteholders, any other Calculation Agent appointed in respect of the Notes that is to make a further calculation upon receipt of such information and, if the Notes are listed on a stock exchange and the rules of such exchange so require, such exchange, as soon as possible after their determination but in no event later than (i) the commencement of the relevant Interest Period, if determined prior to such time, in the case of notification to such exchange of a Rate of Interest and the Interest Amount, or (ii) in all other cases, the fourth Business Day after such determination or, in the case of Range Accrual Notes, no later than the last day of the relevant Interest Accrual Period. Where any Specified Interest Payment Date or Interest Period Date is subject to

adjustment pursuant to Condition 3(j), the Interest Amounts and the Specified Interest Payment Date so published may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. If the Notes become due and payable under Condition 8, the accrued interest and the Rate of Interest payable in respect of the Notes shall nevertheless continue to be calculated as previously in accordance with this Condition but no publication of the Rate of Interest or the Interest Amount so calculated need be made. The determination of each Rate of Interest, Interest Amount, Redemption Amount and Instalment Amount, the obtaining of each quote and the making of each determination or calculation by the Calculation Agent(s) or the Make-Whole Calculation Agent(s), as applicable, shall (in the absence of manifest error) be final and binding upon all parties.

So long as the Notes are listed and/or admitted to trading on Euronext Paris and/or on any other stock exchange and the rules of such stock exchange so require, the Issuer shall, once in each year in which there has been a partial redemption of the Notes, cause to be published in accordance with Articles 221-3 and 211-4 of the *Règlement Général* of the *Autorité des marchés financiers* (“AMF”) and on the website of any other competent authority and/or other stock exchange where the Notes are listed and admitted to trading, a notice as provided in Condition 14 specifying the aggregate nominal amount of Notes outstanding and a list of the Notes drawn for redemption but not surrendered.

(h) *Clean-up Redemption at the Option of the Issuer in case of Senior Preferred Notes*

If a Clean-up Redemption Option is specified as applicable in the Final Terms with respect to Senior Preferred Notes, and if 80 per cent. or any higher percentage specified in the relevant Final Terms (the “**Clean-up Percentage**”) of the initial aggregate nominal amount of the Senior Preferred Notes of the same Series (which for the avoidance of doubt includes, any additional Senior Preferred Notes issued subsequently and forming a single series with the first Tranche of a particular Series of Senior Preferred Notes) have been redeemed or purchased by, or on behalf of, the Issuer and cancelled, the Issuer may, at any time, at its option, (subject to the provisions of Condition 4(k)) and having given not less than fifteen (15) nor more than thirty (30) calendar days’ prior irrevocable notice (or such other Notice Period as may be specified in the relevant Final Terms), in accordance with Condition 14, to the Fiscal Agent, the Noteholders, Receiptholders and the Couponholders, redeem such outstanding Senior Preferred Notes, in whole but not in part, at their Optional Redemption Amount together, if appropriate, with accrued interest to (but excluding) the date of redemption, on any Optional Clean-up Redemption Date as specified in the relevant Final Terms.

(i) *Redemption at the Option of holders of Senior Preferred Notes*

If specified in the relevant Final Terms, the Issuer shall, upon the Noteholder giving not less than 15 nor more than 30 days’ notice to the Issuer (or such other Notice Period as may be specified in the relevant Final Terms), at the option of the holder of any Senior Preferred Note, redeem such Senior Preferred Note on the Optional Redemption Date as specified in the applicable Final Terms at its Optional Redemption Amount being (except with respect to Zero Coupon Notes) the principal amount together with interest accrued to the date fixed for redemption.

To exercise such option the holder must, in the case of Dematerialised Notes transfer, or cause to be transferred, the Dematerialised Notes to be redeemed to the account of the Paying Agent specified in the Exercise Notice (as defined below), and in the case of Materialised Notes, deposit such Materialised Note (together with, if applicable, all unmatured Receipts and Coupons and unexchanged Talons) with any Paying Agent at its specified office, together, in each case, with a duly completed option exercise notice (“**Exercise Notice**”) in the form obtainable from any Paying Agent within the Notice Period (as specified in the applicable Final Terms). No Senior Preferred Note so deposited and option exercised may be withdrawn (except as provided in the French Law Agency Agreement) without the prior consent of the Issuer.

So long as the Senior Preferred Notes are listed and/or admitted to trading on Euronext Paris and/or on any other stock exchange and the rules of such stock exchange so require, the Issuer shall, once in each year in which there has been a partial redemption of the Senior Preferred Notes, cause to be published in accordance with Articles 221-3 and 211-4 of the *Règlement Général* of the AMF and on the website of any other competent authority and/or other stock exchange where the Senior Preferred Notes are listed and admitted to trading, a notice as provided in Condition 14 specifying the aggregate nominal amount of Senior Preferred Notes outstanding.

case of Materialised Notes, where applicable, all unmatured Receipts and Coupons and unexchanged Talons appertaining thereto are attached or surrendered therewith) in the open market or otherwise at any price.

Unless the possibility of holding and reselling is expressly excluded in the Final Terms, Notes which are purchased by the Issuer or on behalf of the Issuer, may, subject to the applicable law of the jurisdiction of the Issuer, be held or resold for the purpose of enhancing the liquidity of the Notes in accordance with Articles L.213-0-1 and D.213-0-1 of the French *Code monétaire et financier* or as otherwise provided by applicable laws and regulations from time to time.

Notwithstanding the foregoing, the Issuer or any agent on its behalf shall have the right at all times to purchase Subordinated Notes for liquidity purposes provided that: (a) the general prior permission of the Relevant Regulator shall be obtained; and (b) the total principal amount of the Notes so purchased does not exceed the lower of (i) ten (10) per cent. (or any other threshold as may be requested or required by the Relevant Regulator in accordance with the Relevant Rules from time to time) of the initial aggregate principal amount of the Subordinated Notes of any Series and (ii) three (3) per cent. of the Tier 2 Capital of the Issuer from time to time outstanding (or any other threshold as may be requested or required by the Relevant Regulator in accordance with the Relevant Rules). Any Subordinated Notes so purchased by the Issuer may be held and resold in accordance with applicable laws and regulations for the purpose of enhancing the liquidity of such Subordinated Notes as otherwise provided as aforesaid.

(k) *Conditions to redemption prior to Maturity Date in the case of Senior Notes*

Senior Notes may only be redeemed, purchased or cancelled (as applicable) pursuant to Condition 4(c), 4(d), 4(g), 4(h), 4(i) or Condition 4(j), as the case may be, if the Relevant Regulator and/or the Relevant Resolution Authority has given its prior permission to such redemption or purchase or cancellation (as applicable) if, with respect to Senior Preferred Notes, this is so required at such time by the Relevant Rules.

(l) *Conditions to redemption prior to Maturity Date in the case of Subordinated Notes*

Subordinated Notes may only be redeemed, purchased or cancelled (as applicable) pursuant to Condition 4(c), 4(d), 4(e), 4(g), 4(h) or Condition 4(j) (subject in the case of purchase to the provisions set out in the last paragraph of Condition 4(j)), as the case may be, if:

- (i) the Relevant Regulator has given its prior permission to such redemption or purchase (as applicable);
- (ii) on or before such redemption or purchase of the Subordinated Notes, the Issuer replaces such Notes with own funds instruments of equal or higher quality on terms that are sustainable for the Issuer's income capacity, or the Issuer has demonstrated to the satisfaction of the Relevant Regulator that its own funds would, following such redemption or purchase, exceed the requirements under the Relevant Rules by a margin that the Relevant Regulator may consider necessary;
- (iii) in the event any redemption or purchase in respect of any Series of Subordinated Notes is intended to take place prior to the fifth anniversary of the Issue Date of any such Series:
 - (x) in the case of redemption due to the occurrence of a Capital Event, (i) the Relevant Regulator considers such change to be sufficiently certain and (ii) the Issuer demonstrates to the satisfaction of the Relevant Regulator that the Capital Event was not reasonably foreseeable at such Issue Date; or

Relevant Regulator that such Withholding Tax Event, Tax Deduction Event or Tax Gross-up Event is material and was not reasonably foreseeable at such Issue Date; or

(z) before or at the same time of the redemption or purchase of the Subordinated Notes, the Issuer replaces such Notes with own funds instruments of equal or higher quality at terms that are sustainable for the income capacity of the Issuer and the Relevant Regulator has permitted that action on the basis of the determination that it would be beneficial from a prudential point of view and justified by exceptional circumstances; or

(xx) in the case of repurchase for market making purposes; and

- (iv) the Issuer has delivered a certificate signed by one of its senior officers to the Principal Paying Agent (with copies thereof being made available to the Noteholders at the Principal Paying Agent's specified office during its normal business hours) not less than five (5) calendar days prior to the date set for redemption that the relevant Capital Event, Withholding Tax Event, Tax Deduction Event or, as the case may be, Tax Gross-up Event has occurred or will occur no more than ninety (90) days following the date fixed for redemption, as the case may be.

(m) Cancellation

All Notes which are redeemed or purchased for cancellation by the Issuer must be surrendered for cancellation by surrendering each such Note together with, where applicable, all unmatured Receipts and Coupons and all unexchanged Talons to the Fiscal Agent and, shall, together with, where applicable, all Notes redeemed by the Issuer, be cancelled forthwith (together with all unmatured Receipts and Coupons and unexchanged Talons attached thereto or surrendered therewith). Any Notes so surrendered for cancellation may not be reissued or resold and the obligations of the Issuer in respect of any such Notes shall be discharged.

5 Payments and Talons

(a) Methods of Payment

(i) Dematerialised Notes

Payments of principal and interest in respect of the Dematerialised Notes (i) in the case of Dematerialised Notes in bearer form (*au porteur*) or administered registered form (*au nominatif administré*), be made by transfer to the account (denominated in the Specified Currency) of the relevant Euroclear France Account Holders for the benefit of the Noteholders and (ii) in the case of Dematerialised Notes in fully registered form (*au nominatif pur*), to accounts (denominated in the relevant Specified Currency) with a Bank (as defined below) designated by the relevant Noteholder. All payments validly made to such accounts of such Euroclear France Account Holders or Bank will be an effective discharge of the Issuer in respect of such payments.

In this Condition 5, “**Bank**” means a bank in the principal financial centre for the relevant Specified Currency (which in the case of Renminbi, means Hong Kong, in the case of Australian dollars, means Sydney and, in the case of Canadian dollars, means Montreal) or, in the case of euro, in a city in which banks have access to the TARGET System.

Subject as provided below, payments made in:

- (A) a Specified Currency other than euro will be made by credit or transfer to an account denominated in such Specified Currency or an account on which such

Specified Currency may be credited or transferred maintained by the payee with, or (other than in the case of Renminbi), at the option of the payee, by a cheque in such Specified Currency drawn on, a bank in the principal financial centre(s) of the country of such Specified Currency (which, if the Specified Currency is Australian dollars, shall be Sydney, if the Specified Currency is Canadian dollars, shall be Montreal and, if the Specified Currency is Renminbi, shall be Hong Kong); and

(2) **Presentation and surrender of definitive Materialised Notes and Receipts and Coupons**

Payments of principal and interest in respect of Materialised Notes shall, subject as mentioned below, be made against presentation and surrender of the relevant Receipts (in the case of payments of Instalment Amounts other than on the due date for redemption and provided that the Receipt is presented for payment together with its relative Materialised Note), Materialised Notes (in the case of all other payments of principal and, in the case of interest, as specified in Condition 5(e)(vi)) or Coupons (in the case of interest, save as specified in Condition 5(e)(vi)), as the case may be, at the specified office of any Paying Agent outside the United States by a cheque payable in the currency in which such payment is due drawn on, or, at the option of the holder, by transfer to an account denominated in that currency with, a Bank.

(b) Payments in the United States

Notwithstanding the foregoing, if any Materialised Notes are denominated in U.S. dollars, payments in respect thereof may be made at the specified office of any Paying Agent in New York City in the same manner as aforesaid if (i) the Issuer shall have appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment of the amounts on such Materialised Notes in the manner provided above when due, (ii) payment in full of such amounts at all such offices is illegal or effectively precluded by exchange controls or other similar restrictions on payment or receipt of such amounts and (iii) such payment is then permitted by United States law, without involving, in the opinion of the Issuer, any adverse tax consequence to the Issuer.

(c) Payments subject to Fiscal Laws

All payments are subject in all cases but without prejudice to the provisions of Condition 6 to (i) any applicable fiscal or other laws, regulations and directives in any jurisdiction (whether by operation of law or agreement of the Issuer or its Agents) and (ii) any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986 (the “**IRS Code**”) or otherwise imposed pursuant to Sections 1471 through 1474 of the IRS Code, any regulations or agreement thereunder, official interpretations thereof or law implementing an intergovernmental agreement thereto (“**FATCA**”) and the Issuer will not be liable for any taxes or duties of whatever nature imposed or levied by such laws, regulations, directives or agreements.

No commission or expenses shall be charged to the holders of any Notes or, where applicable, any related Receipts or Coupons in respect of such payments.

(d) Appointment of Agents

The Fiscal Agent, the Paying Agents, the Calculation Agent, the Redenomination Agent and the Consolidation Agent initially appointed by the Issuer and their respective specified offices are listed

below. The Fiscal Agent, the Paying Agents, the Calculation Agent, the Redenomination Agent and the Consolidation Agent act solely as agents of the Issuer and do not assume any obligation or relationship of agency or trust for or with the holder of any Note, Receipt or Coupon. The Issuer reserves the right at any time to vary or terminate the appointment of the Fiscal Agent, any other Paying Agent, the Calculation Agent, the Redenomination Agent or the Consolidation Agent and to appoint additional or other Paying Agents, provided that the Issuer shall at all times maintain (i) a Fiscal Agent and, where applicable, a Redenomination Agent and a Consolidation Agent, (ii) one or more Calculation Agent(s) where the Conditions so require, (iii) a Paying Agent having a specified office in a European city which, (A) so long as the Notes are listed on the official list and admitted to trading on the Regulated Market of the Luxembourg Stock Exchange, shall be Luxembourg, (B) so long as the Notes are listed on Euronext Paris and the rules of that exchange so require, shall be Paris and (C) so long as the Notes are listed on any other stock exchange and the rules of such stock exchange so require, shall be a specified city of the country of such stock exchange and (iv) such other agents as may be required by the rules of any other stock exchange on which the Notes may be listed.

In addition, the Issuer shall forthwith appoint a Paying Agent in New York City in respect of any Materialised Notes denominated in U.S. dollars in the circumstances described in paragraph (b) above.

Notice of any such change or any change of any specified office shall promptly be given to the Noteholders in accordance with Condition 14 below.

(e) *Unmatured Coupons and Receipts and unexchanged Talons*

- (i) Unless the Materialised Notes provide (where applicable) that the relative Coupons are to become void upon the due date for redemption of those Materialised Notes, Materialised Notes should be surrendered for payment together with all unexpired Coupons (if any) appertaining thereto, failing which an amount equal to the face value of each missing unexpired Coupon (or, in the case of payment not being made in full, that proportion of the amount of such missing unexpired Coupon that the sum of principal so paid bears to the total principal due) shall be deducted from the Redemption Amount due for payment. Any amount so deducted shall be paid in the manner mentioned above against surrender of such missing Coupon within a period of 10 years from the Relevant Date for the payment of such principal (whether or not such Coupon has become void pursuant to Condition 7).
- (ii) If the Materialised Notes so provide, upon the due date for redemption of any Materialised Note, unexpired Coupons relating to such Materialised Note (whether or not attached) shall become void and no payment shall be made in respect of them.
- (iii) Upon the due date for redemption of any Materialised Note, any unexchanged Talon relating to such Materialised Note (whether or not attached) shall become void and no Coupon shall be delivered in respect of such Talon.
- (iv) Upon the due date for redemption of any Materialised Note that is redeemable in instalments, all Receipts relating to such Materialised Note having an Instalment Date falling on or after such due date (whether or not attached) shall become void and no payment shall be made in respect of them.
- (v) Where any Materialised Note that provides that the relative unexpired Coupons are to become void upon the due date for redemption of those Materialised Notes is presented for redemption without all unexpired Coupons, and where any Materialised Note is presented for redemption without any unexchanged Talon relating to it, redemption shall be made only against the provision of such indemnity as the Issuer may require.
- (vi) If the due date for redemption of any Materialised Note is not a due date for payment of interest, interest accrued from the preceding due date for payment of interest or the Interest Commencement

Date, as the case may be, shall only be payable against presentation (and surrender if appropriate) of the relevant Materialised Note. Interest accrued on a Materialised Note that only bears interest after its Maturity Date shall be payable on redemption of such Materialised Note against presentation of the relevant Materialised Note.

(f) Talons

On or after the Specified Interest Payment Date for the final Coupon forming part of a Coupon sheet issued in respect of any Materialised Note, the Talon forming part of such Coupon sheet may be surrendered at the specified office of the Fiscal Agent in exchange for a further Coupon sheet (and if necessary another Talon for a further Coupon sheet) (but excluding any Coupons that may have become void pursuant to Condition 7).

(g) Non-Business Days

If any date for payment in respect of any Note, Receipt or Coupon is not a business day, the holder shall not be entitled to payment until the next following business day, nor to any interest or other sum in respect of such postponed payment.

In this paragraph, “**business day**” means a day (other than a Saturday or a Sunday):

(h) Payment of U.S. Dollar Equivalent

Notwithstanding any other provision in these Conditions, if an Inconvertibility, Non-Transferability or Illiquidity occurs or if Renminbi is otherwise not available to the Issuer as a result of circumstances beyond its control and such unavailability has been confirmed by a Renminbi Dealer, following which the Issuer is unable to satisfy payments of principal or interest (in whole or in part) in respect of RMB Notes, the Issuer on giving not less than five nor more than 30-days irrevocable notice to the Noteholders prior to the due date for payment, may settle any such payment (in whole or in part) in U.S. dollars on the due date at the U.S. Dollar Equivalent of any such Renminbi denominated amount.

In such event, payments of the U.S. Dollar Equivalent of the relevant principal or interest in respect of the Notes shall be made by transfer to the U.S. dollar account of the relevant Account Holders for the benefit of the Noteholders. For the avoidance of doubt, no such payment of the U.S. Dollar Equivalent shall by itself constitute a default in payment within the meaning of Condition 8.

All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of this Condition 5(h) by the RMB Rate Calculation Agent, will (in the absence of manifest error) be binding on the Issuer, the Agents and all Noteholders.

For the purposes of this Condition 5(h):

“Inconvertibility” means the occurrence of any event that makes it impossible for the Issuer to convert any amount due in respect of RMB Notes in the general Renminbi exchange market in Hong Kong, other than where such impossibility is due solely to the failure of the Issuer to comply with any law, rule or regulation enacted by any Governmental Authority (unless such law, rule or regulation is enacted after the Issue Date and it is impossible for the Issuer, due to an event beyond its control, to comply with such law, rule or regulation);

“Non-Transferability” means the occurrence of any event that makes it impossible for the Issuer to deliver Renminbi between accounts inside Hong Kong or from an account inside Hong Kong to an account outside Hong Kong or from an account outside Hong Kong to an account inside Hong Kong, other than where such impossibility is due solely to the failure of the Issuer to comply with any law, rule or regulation enacted by any Governmental Authority (unless such law, rule or regulation is enacted after the Issue Date and it is impossible for the Issuer, due to an event beyond its control, to comply with such law, rule or regulation);

“Renminbi Dealer” means an independent foreign exchange dealer of international repute active in the Renminbi exchange market in Hong Kong reasonably selected by the Issuer;

“RMB Rate Calculation Agent” means the agent appointed from time to time by the Issuer for the determination of the RMB Spot Rate or identified as such in the relevant Final Terms;

“U.S. Dollar Equivalent” means the relevant Renminbi amount converted into U.S. dollars using the RMB Spot Rate for the relevant RMB Rate Calculation Date, as calculated by the RMB Rate Calculation Agent.

6 Taxation

(a) *Withholding Tax*

All payments of principal, interest and other assimilated revenues by or on behalf of the Issuer in respect of the Notes, Receipts and Coupons shall be made free and clear of, and without withholding or deduction for, any taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or within France or any authority therein or thereof having power to tax, unless such withholding or deduction is required by law.

(b) *Additional Amounts*

If French laws or regulations should require that payments of interest or other revenues in respect of such Notes and where applicable any related Receipts and Coupons be subject to withholding or deduction in respect of any present or future taxes, duties, assessments or governmental charges of whatever nature, the Issuer will, to the fullest extent then permitted by law, pay such additional amounts in respect of Notes and where applicable, any related Receipts and Coupons as shall result in receipt by the Noteholders, or, if applicable the Receiptholders or the Couponholders, as the case may be, of such amounts as would have been received by them had no such withholding or deduction been required, except that no such additional amounts shall be payable with respect to any Note, Receipt or Coupon, as the case may be:

- (i) **Other connection:** to, or to a third party on behalf of, a Noteholder, or, if applicable, a Receiptholder or a Couponholder, as the case may be, who is liable to such taxes, duties, assessments or governmental charges of whatever nature in respect of such Note, Receipt, or Coupon, by reason of his having some connection with France other than the mere holding of such Note, Receipt or Coupon; or
- (ii) **Presentation more than 30 days after the Relevant Date:** in the case of Materialised Notes, more than 30 calendar days after the Relevant Date, except to the extent that the Noteholder or, if applicable, a Receiptholder or a Couponholder, as the case may be, would have been entitled to such additional amounts on presenting such Note, Receipt or Coupon, as the case may be, for payment on the thirtieth such day; or
- (iii) **FATCA withholding:** where such withholding or deduction is imposed pursuant to FATCA, or its subsequent implementation into the French law.

As used in these Conditions, “**Relevant Date**” in respect of any Note, Receipt or Coupon means the date on which payment in respect thereof first becomes due or (if any amount of the money payable is improperly withheld or refused) the date on which payment in full of the amount outstanding is made or (if earlier) the date on which notice is duly given to the Noteholders in accordance with Condition 14 that, upon further presentation of the Note, Receipt or Coupon being made in accordance with the Conditions, such payment will be made, provided that payment is in fact made upon such presentation, in the case of Materialised Notes. References in these Conditions to (i) “**principal**” shall be deemed to include any premium payable in respect of the Notes, all Instalment Amounts, Redemption Amounts, Amortised Face Amounts and all other amounts in the nature of principal payable pursuant to Condition 4 or any amendment or supplement to it and (ii) “**interest**” shall be deemed to include (x) all Interest Amounts and all other amounts payable pursuant to Condition 4 or any amendment or supplement to it and (y) any additional amounts which may be payable under this Condition 6.

7 Prescription

Claims against the Issuer for payment in respect of the Notes, Receipts and Coupons (which for this purpose shall not include Talons) shall be prescribed and become void unless made within 10 years (in the case of

principal) or five years (in the case of interest) from the appropriate Relevant Date (as defined in Condition 6).

8 Events of Default

(a) *Senior Preferred Notes*

This Condition 8(a) shall apply in respect of any Tranche of Senior Preferred Notes unless the relevant Final Terms specify “No Event of Default” (as defined below) in respect of a Tranche of Senior Preferred Notes.

If any of the following events (“**Events of Default**”) occurs and is continuing, the holder of any Senior Preferred Note may give written notice to the Fiscal Agent at its specified office that such Note is immediately repayable, whereupon the Early Redemption Amount of such Note together with accrued interest to the date of payment shall become immediately due and payable:

- (i) if default is made in the payment of any principal or interest due on such Notes or any of them on the due date and such default continues for a period of 30 days or more after written notice thereof is received by the Issuer from the Fiscal Agent (and the Fiscal Agent shall be bound to give such notice forthwith upon the request of any holder of such Notes); or
- (ii) if the Issuer fails to perform or observe any of its other obligations under such Notes or any of them and (except where such failure is incapable of remedy when no notice will be required) such failure continues for a period of 60 days after written notice is received by the Issuer from the Fiscal Agent (and the Fiscal Agent shall be bound to give such notice forthwith upon the request of any holder of such Notes) specifying such default and requiring the same to be remedied; or
- (iii) a judgment is issued for the judicial liquidation (*liquidation judiciaire*) of the Issuer or for a transfer of the whole of the business (*cession totale de l'entreprise*) of the Issuer, or the Issuer is subject to similar proceedings or, in the absence of legal proceedings, the Issuer makes a conveyance, assignment or other arrangement for the benefit of its creditors or enters into a composition with its creditors; or
- (iv) the Issuer sells, transfers or otherwise disposes of, directly or indirectly, the whole or a substantial part of its undertaking or assets, or the Issuer enters into or commences any proceedings in furtherance of voluntary liquidation or dissolution, except in the case of a disposal of all or substantially all of the Issuer's assets in favour of an entity which simultaneously assumes all or substantially all of the Issuer's liabilities including the Notes or in connection with a merger or reorganisation of the Issuer.

If the relevant Final Terms specify that no Event of Default shall apply in respect of a Tranche of Senior Preferred Notes, holders of such Notes shall not be entitled in any event to require Senior Preferred Notes to be redeemed prior to their Maturity Date. Senior Preferred Notes will become immediately due and payable in the event that an order or an effective decision is made for the liquidation (*liquidation judiciaire* or *liquidation amiable*) of the Issuer or if the Issuer is liquidated for any other reason at their principal amount together with interest accrued thereon to the date of payment without any further formality.

(b) *Senior Non-Preferred Notes*

Unless specified as applicable in the applicable Final Terms, in which case Condition 8(a) will be deemed to apply *mutatis mutandis* to the Senior Non-Preferred Notes, there are no events of default in respect of Senior Non-Preferred Notes and Noteholders are not entitled in any event to require Senior Non-Preferred Notes to be redeemed prior to their Maturity Date.

Senior Non-Preferred Notes will become immediately due and payable in the event that an order or an effective decision is made for the liquidation (*liquidation judiciaire* or *liquidation amiable*) of the Issuer or if the Issuer is liquidated for any other reason at their principal amount together with interest accrued thereon to the date of payment without any further formality.

(c) **Subordinated Notes**

There are no events of default in respect of Subordinated Notes and Noteholders are not entitled in any event to require Subordinated Notes to be redeemed prior to their Maturity Date.

Subordinated Notes will become immediately due and payable in the event that an order or an effective decision is made for the liquidation (*liquidation judiciaire* or *liquidation amiable*) of the Issuer or if the Issuer is liquidated for any other reason at their principal amount together with interest accrued thereon to the date of payment without any further formality.

In respect of meetings of the Noteholders, the following definitions shall apply:

(ii) Powers of General Meetings

A General Meeting shall have power by Resolution:

- (A) to sanction any proposal by the Issuer or any modification, abrogation, variation or compromise of, or arrangement in respect of, the rights of the Noteholders against the Issuer, whether or not those rights arise under the Notes;

- (I) to deliberate on any other matter that relates to the common rights, actions and benefits which now or in the future may accrue with respect to the Notes.

it being specified, however, that a General Meeting may not establish any unequal treatment between the Noteholders, and that the above provisions (in particular under (B) above) are without prejudice to the powers of the Relevant Resolution Authority or the Regulator,

The Issuer may at any time convene a General Meeting. If it receives a written request by Noteholders holding at least 10 per cent. in principal amount of the Notes of any Series for the time being outstanding, the Issuer shall convene a meeting of the Noteholders of that Series. If such General Meeting has not been convened within seven (7) calendar days after such demand, the Noteholders may commission one of their members to petition a competent court in Paris to appoint an agent (*mandataire*) who will call the General Meeting.

Notice of the date, hour, place and agenda of any General Meeting will be published as provided under Condition 14 not less than twenty-one (21) calendar days prior to the date of such General Meeting.

Each Note carries the right to one vote or, in the case of Notes issued with more than one Specified Denomination, one vote in respect of each multiple of the lowest Specified Denomination comprised in the principal amount of the Specified Denomination of such Note. In accordance with Article R.228-71 of the French *Code de commerce*, the right of each holder of a Dematerialised Note to participate in General Meetings will be evidenced by the entries in the books of the relevant Account Holder of the name of such Noteholder as of 0:00, Paris time, on the second business day in Paris preceding the date set for the meeting of the relevant General Meeting.

(v) *Chairman (Président)*

The Noteholders present at a General Meeting shall appoint one of them to act as chairman (the “**Chairman**”) by a simple majority of votes cast by Noteholders attending (including by videoconference) such General Meeting or represented thereat (notwithstanding the absence of a *quorum* at the time of such vote). If the Noteholders fail to designate a Chairman, the Noteholder present at such meeting holding or representing the highest principal amount of Notes shall be appointed Chairman, failing which the Issuer may appoint a Chairman. The Chairman appointed by the Issuer does not need to be a Noteholder. The Chairman of an adjourned meeting need not be the same person as the Chairman of the original meeting from which the adjournment took place.

(vi) *Quorum, Adjournment and Majority*

Quorum: General Meetings may deliberate on the passing of a Special Quorum Resolution only if two or more Noteholders present or represented hold at least on first convocation 75 per cent. and, on second convocation 25 per cent. of the principal amount of the Notes then outstanding.

Adjournment: No business (except choosing a Chairman) shall be transacted at a General Meeting unless a quorum (subject as provided above) is present at the commencement of business. If a quorum is not present within 15 minutes from the time initially fixed for the General Meeting, it shall, if convened on the requisition of Noteholders, be dissolved. In any other case it shall be adjourned until such date, not less than 14 nor more than 42 days later, and time and place as the Chairman may decide. If a quorum (subject as provided above) is not present within 15 minutes from the time fixed for a General Meeting so adjourned, the General Meeting shall be dissolved.

The Chairman may with the consent of (and shall if directed by) a General Meeting adjourn the General Meeting from time to time and from place to place. Only business which could have been transacted at the original General Meeting may be transacted at a General Meeting adjourned in accordance with this paragraph or the paragraph above.

At least 10 days' notice of a General Meeting adjourned through want of a *quorum* shall be given in the same manner as for an original meeting and that notice shall state the quorum required at the adjourned meeting. No notice need, however, otherwise be given of an adjourned General Meeting.

Majority: Decisions at meetings shall be taken by a majority of 75 per cent. of votes cast by Noteholders attending or represented at such General Meetings for the approval of a Resolution other than a Special Quorum Resolution and by 75 per cent. of the votes cast by the Noteholders attending or represented at such General Meetings for the approval of a Special Quorum Resolution.

(viii) Effect of Resolutions

A Resolution passed at a General Meeting, and a Written Resolution or an Electronic Consent, shall be binding on all Noteholders, whether or not present at the General Meeting and whether or not, in the case of a Written Resolution or an Electronic Consent, they have participated in such Written Resolution or Electronic Consent and each of them shall be bound to give effect to the Resolution accordingly.

(b) Full Masse

10 Acknowledgement of Bail-In and Write-Down or Conversion Powers

By the acquisition of Notes, each holder of such Notes and, if any applicable, any related Receipts and Coupons (which, for the purposes of this Condition 10, includes any current or future holder of such Notes, and, if applicable, such Receipts and/or Coupons) acknowledges, accepts, consents and agrees:

- (i) to be bound by the effect of the exercise of the Bail-in or Loss Absorption Power (as defined below) by the Relevant Resolution Authority (as defined below) or the Relevant Regulator, which may include and result in any of the following, or some combination thereof:
 - (a) the reduction of all, or a portion, of the Amounts Due (as defined below), on a permanent basis;
 - (b) the conversion of all, or a portion, of the Amounts Due into shares, other securities or other obligations of the Issuer or another person (and the issue to holders of such Notes and, if applicable, such Receipts and/or Coupons of such shares, securities or obligations), including by means of an amendment, modification or variation of the terms of such Notes, and, if applicable, such Receipts and/or the Coupons, as the case may be, in which case such holders of such Notes and, if applicable, such Receipts and Coupons agree to accept in lieu of their rights under such Notes and, if applicable, such Receipts and/or the Coupons, as the case may be, any such shares, other securities or other obligations of the Issuer or another person;

- (c) the cancellation of such Notes and, if applicable, such Receipts and/or Coupons;
- (d) the amendment or alteration of the maturity of such Notes and, if applicable, such Receipts, or amendment of the amount of interest payable on such Notes or Coupons or the date on which the interest becomes payable, including by suspending payment for a temporary period;
- (ii) that the terms of such Notes and, if applicable, such Receipts and/or Coupons are subject to, and may be varied, if necessary, to give effect to, the exercise of the Bail-in or Loss Absorption Power by the Relevant Resolution Authority or the Relevant Regulator.

For these purposes, the “**Amounts Due**” are the prevailing outstanding amount of any such Notes, and any accrued and unpaid interest on such Notes that has not been previously cancelled or otherwise is no longer due.

For these purposes, the “**Bail-in or Loss Absorption Power**” is any power existing from time to time under any laws, regulations, rules or requirements in effect in France, relating to the transposition of the BRRD, including without limitation pursuant to French decree-law No. 2015-1024 dated 20 August 2015 (*Ordonnance portant diverses dispositions d'adaptation de la législation au droit de l'Union européenne en matière financière*) (as amended from time to time, the “**20 August 2015 Decree Law**”), Regulation (EU) No 806/2014 of the European Parliament and of the Council of 15 July 2014 establishing uniform rules and a uniform procedure for the resolution of credit institutions and certain investment firms in the framework of a Single Resolution Mechanism and a Single Resolution Fund and amending Regulation (EU) No 1093/2010 (as amended from time to time, the “**Single Resolution Mechanism Regulation**”), or otherwise arising under French law, and in each case the instructions, rules and standards created thereunder, pursuant to which the obligations of a Regulated Entity (as defined below) (or an affiliate of such Regulated Entity) can be reduced (in part or in whole), cancelled, suspended, transferred, varied or otherwise modified in any way, or securities of a Regulated Entity (or an affiliate of such Regulated Entity) can be converted into shares, other securities, or other obligations of such Regulated Entity or any other person, whether in connection with the implementation of a bail-in power following placement in resolution or otherwise.

A reference to a “**Regulated Entity**” is to any entity referred to in Section I of Article L.613-34 of the French *Code monétaire et financier* as modified by the 20 August 2015 Decree Law, which includes certain credit institutions, investment firms, and certain of their parent or holding companies established in France.

A reference to the “**Relevant Resolution Authority**” is to the *Autorité de contrôle prudentiel et de résolution* (the “**ACPR**”), the Single Resolution Board established pursuant to the Single Resolution Mechanism Regulation, and/or any other authority entitled to exercise or participate in the exercise of any Bail-in or Loss Absorption Power from time to time (including the Council of the European Union and the European Commission when acting pursuant to Article 18 of the Single Resolution Mechanism Regulation).

No repayment or payment of the Amounts Due will become due and payable or be paid after the exercise of the Bail-in or Loss Absorption Power by the Relevant Resolution Authority or the Relevant Regulator with respect to the Issuer unless, at the time such repayment or payment, respectively, is scheduled to become due, such repayment or payment would be permitted to be made by the Issuer under the laws and regulations in effect in France and the European Union applicable to the Issuer or other members of its group.

Upon the exercise of any Bail-in or Loss Absorption Power by the Relevant Resolution Authority or the Relevant Regulator with respect to the Notes and, if applicable, any related Receipts and/or Coupons, the Issuer will provide a written notice to the holders of such Notes and, if applicable, Receipts and/or Coupons in accordance with Condition 14 as soon as practicable regarding such exercise of the Bail-in or Loss Absorption Power. The Issuer will also deliver a copy of such notice to the Fiscal Agent for informational purposes, although the Fiscal Agent shall not be required to send such notice to the holders of such Notes and, if applicable, Receipts and/or Coupons. Any delay or failure by the Issuer to give notice shall not affect the validity and enforceability of the Bail-in or Loss Absorption Power nor the effects on such Notes and, if applicable, any related Receipts and/or Coupons described above.

Neither a cancellation of such Notes and, if applicable, any related Receipts and/or Coupons, a reduction, in part or in full, of the Amounts Due, the conversion thereof into another security or obligation of the Issuer or another person, as a result of the exercise of the Bail-in or Loss Absorption Power by the Relevant Resolution Authority or the Relevant Regulator with respect to the Issuer, nor the exercise of any Bail-in or Loss Absorption Power by the Relevant Resolution Authority or the Relevant Regulator with respect to such Notes and, if applicable, any related Receipts and/or Coupons will be an event of default or otherwise constitute non-performance of a contractual obligation, or entitle any such holders to any remedies (including equitable remedies) which are hereby expressly waived.

Upon the exercise of any Bail-in or Loss Absorption Power by the Relevant Resolution Authority or the Relevant Regulator, the Issuer and each holder of such Notes and, if applicable, Receipts and/or Coupons (including each holder of a beneficial interest in such Notes and, if applicable, any related Receipts and/or Coupons) hereby agree that (a) the Fiscal Agent shall not be required to take any directions from such holders, and (b) the French Law Agency Agreement shall impose no duties upon the Fiscal Agent whatsoever, in each case with respect to the exercise of any Bail-in or Loss Absorption Power by the Relevant Resolution Authority or the Relevant Regulator.

Notwithstanding the foregoing, if, following the completion of the exercise of the Bail-in or Loss Absorption Power by the Relevant Resolution Authority or the Relevant Regulator, any Notes and, if applicable, any related Receipts or Coupons remain outstanding (for example, if the exercise of the Bail-in or Loss Absorption Power results in only a partial write-down of the principal of such Notes and, if applicable, any related Receipts and/or Coupons), then the Fiscal Agent's duties under the French Law Agency Agreement shall remain applicable with respect to such Notes and, if applicable, any related Receipts and the Coupons following such completion to the extent that the Issuer and the Fiscal Agent shall agree pursuant to an amendment to the French Law Agency Agreement.

If the Relevant Resolution Authority or the Relevant Regulator exercises the Bail-in or Loss Absorption Power with respect to less than the total Amounts Due, unless the Fiscal Agent is otherwise instructed by the Issuer or the Relevant Resolution Authority or the Relevant Regulator, any cancellation, write-off or conversion made in respect of such Notes and, if applicable, any related Receipts and/or Coupons pursuant to the Bail-in or Loss Absorption Power will be made on a pro-rata basis.

No expenses necessary for the procedures under this Condition 10, including, but not limited to, those incurred by the Issuer and the Fiscal Agent, shall be borne by any holder of such Notes or, if applicable, any related Receipts and/or Coupons.

11 Waiver of Set-Off

Unless "Waiver of Set-off" is specified as not applicable in the relevant Final Terms, no holder of any Note, or, if applicable, any related Receipt or Coupon may at any time exercise or claim any Waived Set-Off Rights against any right, claim, or liability the Issuer has or may have or acquire against such holder, directly or indirectly, howsoever arising (and, for the avoidance of doubt, including all such rights, claims and liabilities arising under or in relation to any and all agreements or other instruments of any sort or any non-contractual obligations, in each case whether or not relating to such Notes, or, if applicable, any related Receipts or Coupons) and each such holder shall be deemed to have waived all Waived Set-Off Rights to the fullest extent permitted by applicable law in relation to all such actual and potential rights, claims and liabilities.

For the avoidance of doubt, nothing in this Condition 11 is intended to provide or shall be construed as acknowledging any right of deduction, set-off, netting, compensation, retention or counterclaim or that any such right is or would be available to any holder of any Note or, if applicable, any related Receipt and/or Coupon but for this Condition 11.

For the purposes of this Condition 11, "**Waived Set-Off Rights**" means any and all rights of or claims of any holder of any Note, Receipt or Coupon for deduction, set-off, netting, compensation, retention or

counterclaim arising directly or indirectly under or in connection with any such Note, or, if applicable, any related Receipt and/or Coupon.

12 Replacement of Notes, Receipts, Coupons and Talons

If any Materialised Notes and/or any Receipt, Coupon or Talon appertaining thereto is lost, stolen, mutilated, defaced or destroyed, it may be replaced, subject to applicable laws, regulations and stock exchange regulations, at the specified office of the Paying Agent in Luxembourg or such other Paying Agent as may from time to time be designated by the Issuer for the purpose and notice of whose designation is given to Noteholders in accordance with Condition 14, in each case on payment by the claimant of the fees and costs incurred in connection therewith and on such terms as to evidence, security and indemnity (which may provide, *inter alia*, that if the allegedly lost, stolen or destroyed Materialised Note and/or any Receipt, Coupon or Talon appertaining thereto is subsequently presented for payment or, as the case may be, for exchange for further Coupons, there shall be paid to the Issuer on demand the amount payable by the Issuer in respect of such Materialised Notes and/or, as the case may be, any Receipts, Coupons or further Coupons appertaining thereto and otherwise as the Issuer may require. Mutilated or defaced Materialised Notes and/or any Receipt, Coupon or Talon appertaining thereto must be surrendered before replacements will be issued.

13 Further Issues and Consolidation

The Issuer may from time to time without the consent of the holders of any Notes or, if applicable any related Receipts and/or Coupons but, to the extent required by the Relevant Rules, subject to the prior notification of the Relevant Regulator and/or the Relevant Resolution Authority, create and issue further notes having the same terms and conditions as the Notes (so that, for the avoidance of doubt, references in the conditions of such Notes to “Issue Date” shall be to the first issue date of the Notes) and so that the same shall be assimilated (*assimilées*) and form a single series with such Notes, and references in these Conditions to “Notes” shall be construed accordingly.

The Issuer may from time to time on any Interest Payment Date occurring on or after the date specified for a Redenomination of the Notes pursuant to Condition 1, on giving not less than 30 days’ prior notice to the Noteholders in accordance with Condition 14, without the consent of the holders of any Notes or, if applicable any related Receipts and/or Coupons, consolidate the Notes with one or more issues of other notes issued by it, whether or not originally issued in one of the European national currencies or in euro, provided such other notes have been redenominated in euro (if not originally denominated in euro) and which otherwise have, in respect of all periods subsequent to such consolidation, the same terms and conditions as the Notes.

14 Notices

Notices to the holders of Notes shall be valid if, at the option of the Issuer, they are published in (i) a daily newspaper of general circulation in Europe (which is expected to be the *Financial Times*), (ii) as long as the Notes are listed and admitted to trading on Euronext Paris and the rules of Euronext Paris so require, in a daily newspaper with general circulation in France (which is expected to be *Les Echos*), (iii) as long as the Notes are listed on the official list and admitted to trading on the Regulated Market of the Luxembourg Stock Exchange and the rules of the Luxembourg Stock Exchange so require, in a daily newspaper with general circulation in Luxembourg (expected to be the *Luxemburger Wort*) and/or on the website of the Luxembourg Stock Exchange (www.bourse.lu) or (iv) they are published in accordance with Articles 221-3 and 221-4 of the *Règlement Général* of the AMF. If any such publication is not practicable, notice shall be validly given if published in another leading daily English language newspaper with general circulation in Europe and, so long as the Notes are listed on any other stock exchange and the relevant rules applying to such listed Notes so require, in a leading daily newspaper with general circulation in the city/ies where such stock exchange(s)

is/are situated. Any such notice shall be deemed to have been given on the date of such publication or, if published more than once or on different dates, on the date of the first publication as provided above.

Couponholders shall be deemed for all purposes to have notice of the contents of any notice given to the holders of Notes in accordance with this Condition.

15 Governing Law and Jurisdiction

(a) Governing Law

The Notes, the Receipts, the Coupons and the Talons and any non-contractual obligations arising out of or in connection with them are governed by, and shall be construed in accordance with, French law.

(b) Jurisdiction

Any claim against the Issuer in connection with any Notes, Receipts, Coupons or Talons may, be brought before the competent courts in Paris, subject to mandatory provisions of French law.

SUMMARY OF PROVISIONS RELATING TO THE ENGLISH LAW NOTES WHILE IN GLOBAL FORM

Initial Issue of Notes

If the Global Notes are stated in the applicable Final Terms to be issued in NGN form, they may be intended to be eligible collateral for Eurosystem monetary policy and the Global Notes will be delivered on or prior to the original issue date of the Tranche to a Common Safekeeper. Depositing the Global Notes with the Common Safekeeper does not necessarily mean that the Notes will be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem either upon issue, or at any or all times during their life. Such recognition will depend upon satisfaction of the Eurosystem eligibility criteria.

Global Notes which are issued in CGN form may be delivered on or prior to the original issue date of the Tranche to a Common Depositary (as defined below).

If the Global Note is a CGN, upon the initial deposit of a Global Note with a common depositary for Euroclear and Clearstream (the “**Common Depositary**”), Euroclear or Clearstream will credit each subscriber with a principal amount of Notes equal to the principal amount thereof for which it has subscribed and paid and, in the case of Notes held through Euroclear France, the “*intermédiaires financiers habilités*” (French credit institutions or investment firms authorised to maintain securities accounts on behalf of their clients (each an “**Approved Intermediary**”)) who are entitled to such Notes according to the records of Euroclear France will credit each subscriber with a principal amount of Notes equal to the principal amount thereof for which it has subscribed and paid. If the Global Note is a NGN, the principal amount of the Notes shall be the aggregate amount from time to time entered in the records of Euroclear or Clearstream. The records of such clearing system shall be conclusive evidence of the principal amount of Notes represented by the Global Note and a statement issued by such clearing system at any time shall be conclusive evidence of the records of the relevant clearing system at that time.

Notes that are initially deposited with the Common Depositary may also be credited to the accounts of subscribers with (if indicated in the relevant Final Terms) Euroclear France or other clearing systems through direct or indirect accounts with Euroclear or Clearstream held by Euroclear France or such other clearing systems. Conversely, Notes that are initially deposited with Euroclear France or any other clearing system may similarly be credited to the accounts of subscribers with Euroclear, Clearstream, Euroclear France or other clearing systems.

Relationship of Accountholders with Clearing Systems

Each of the persons shown in the records of Euroclear, Clearstream, or any other clearing system or, in the case of Notes held through Euroclear France, an Approved Intermediary as the holder of a Note represented by a Global Note must look solely to Euroclear, Clearstream or such clearing system or such Approved Intermediary (as the case may be) for his share of each payment made by the Issuer to the bearer of such Global Note and in relation to all other rights arising under the Global Notes, subject to and in accordance with the respective rules and procedures of Euroclear, Clearstream, Euroclear France or such clearing system (as the case may be). Such persons shall have no claim directly against the Issuer in respect of payments due on the Notes so long as the Notes are represented by such Global Note and such obligations of the Issuer will be discharged by payment to the bearer of such Global Note in respect of each amount so paid.

Exchange

1 Temporary Global Notes

Each Temporary Global Note will be exchangeable, free of charge to the holder, on or after its Exchange Date:

- (i) if the relevant Final Terms indicate that such Global Note is issued in compliance with the C Rules or in a transaction to which TEFRA is not applicable, in whole, but not in part, for the Definitive Notes defined and described below; and

- (ii) otherwise, in whole or in part upon certification as to non-U.S. beneficial ownership in the form set out in the English Law Agency Agreement for interests in a Permanent Global Note or, if so provided in the relevant Final Terms, for Definitive Notes.

2 Permanent Global Notes

Each Permanent Global Note will be exchangeable, free of charge to the holder, on or after its Exchange Date in whole but not, except as provided under “**Partial Exchange of Permanent Global Notes**”, in part for Definitive Notes if (i) the Permanent Global Note is held on behalf of Euroclear or Clearstream, Euroclear France or any other clearing system (an “**Alternative Clearing System**”) and any such clearing system is closed for business for a continuous period of 14 days (other than by reason of holidays, statutory or otherwise) or announces an intention permanently to cease business or in fact does so and no alternative clearing system reasonably satisfactory to the Issuer is available within 14 days or (ii) principal in respect of any Notes is not paid when due, by the holder giving notice to the Fiscal Agent of its election for such exchange.

In the event that a Global Note is exchanged for Definitive Notes, such Definitive Notes shall be issued in Specified Denomination(s) only. A Noteholder who holds a principal amount of less than the minimum Specified Denomination will not receive a Definitive Note in respect of such holding and would need to purchase a principal amount of Notes such that it holds an amount equal to one or more Specified Denominations.

3 Partial Exchange of Permanent Global Notes

For so long as a Permanent Global Note is held on behalf of a clearing system and the rules of that clearing system permit, such Permanent Global Note will be exchangeable in part on one or more occasions for Definitive Notes if principal in respect of any Notes is not paid when due.

4 Delivery of Notes

If the Global Note is a CGN, on or after any due date for exchange, the holder of a Global Note may surrender such Global Note or, in the case of a partial exchange, present it for endorsement to, or to the order of, the Fiscal Agent. In exchange for any Global Note, or the part thereof to be exchanged, the Issuer will (i) in the case of a Temporary Global Note exchangeable for a Permanent Global Note, deliver, or procure the delivery of, a Permanent Global Note in an aggregate principal amount equal to that of the whole or that part of a Temporary Global Note that is being exchanged or, in the case of a subsequent exchange, endorse, or procure the endorsement of, a Permanent Global Note to reflect such exchange or (ii) in the case of a Global Note exchangeable for Definitive Notes, deliver, or procure the delivery of, an equal aggregate principal amount of duly executed and authenticated Definitive Notes or if the Global Note is a NGN, the Issuer will procure that details of such exchange be entered *pro rata* in the records of the relevant clearing system. In this Base Prospectus, “**Definitive Notes**” means, in relation to any Global Note, the definitive Notes for which such Global Note may be exchanged (if appropriate, having attached to them all Coupons and Receipts in respect of interest or Instalment Amounts that have not already been paid on the Global Note and a Talon). Definitive Notes will be security printed in accordance with any applicable legal and stock exchange requirements in or substantially in the forms set out in Schedule 2 to the English Law Agency Agreement. On exchange in full of each Permanent Global Note, the Issuer will, if the holder so requests, procure that it is cancelled and returned to the holder together with the relevant Definitive Notes.

5 Exchange Date

“**Exchange Date**” means, in relation to a Temporary Global Note, the day falling after the expiry of 40 days after its issue date and, in relation to a Permanent Global Note, a day falling not less than 60 days, or in the

case of failure to pay principal in respect of any Notes when due 30 days, after that on which the notice requiring exchange is given and on which banks are open for business in the city in which the specified office of the Fiscal Agent is located and in the city in which the relevant clearing system is located. In the event that a further Tranche of Notes is issued in respect of any Series of Notes pursuant to Condition 13 of the English Law Conditions which is to be consolidated with one or more previously issued Tranches of such Series prior to the Exchange Date relating to the Temporary Global Note representing the most recently previously issued Tranche of such Series, such Exchange Date may be extended until the Exchange Date with respect to such further Tranche, provided that in no event shall such first-mentioned Exchange Date be extended beyond the date which is five calendar days prior to the first Interest Payment Date (if any) falling after such first-mentioned Exchange Date.

Modifications of the Conditions of the Notes while in Global Form

The Global Notes contain provisions that apply to the Notes that they represent, some of which modify the effect of the terms and conditions of the Notes set out in this Base Prospectus. The following is a summary of certain of those provisions:

1 Payments

No payment falling due after the Exchange Date will be made on any Global Note unless exchange for an interest in a Permanent Global Note or for Definitive Notes is improperly withheld or refused. Payments on any Temporary Global Note issued in compliance with the D Rules before the Exchange Date will only be made against presentation of certification as to non-U.S. beneficial ownership in the form set out in the English Law Agency Agreement. All payments in respect of Notes represented by a Global Note in CGN form will be made against (i) presentation for endorsement and (ii) if no further payment falls to be made in respect of the Notes, surrender of that Global Note to, or to the order of, the Fiscal Agent or such other Paying Agent as shall have been notified to the Noteholders for such purpose. If the Global Note is a CGN, a record of each payment so made will be endorsed on each Global Note, such endorsement being *prima facie* evidence that such payment has been made in respect of the Notes. If the Global Note is a NGN, the Issuer shall procure that details of each such payment shall be entered *pro rata* in the records of the relevant clearing system and in the case of payments of principal, the principal amount of the Notes recorded in the records of the relevant clearing system and represented by the Global Note will be reduced accordingly. Payments under the NGN will be made to its holder. Each payment so made will discharge the Issuer's obligations in respect thereof. Any failure to make the entries in the records of the relevant clearing system shall not affect such discharge. For the purpose of any payments made in respect of a Global Note, the relevant place of presentation shall be disregarded in the definition of "business day" set out in Condition 5(h) (Non-Business Days) of the English Law Conditions.

2 Prescription

Claims against the Issuer in respect of Notes that are represented by a Permanent Global Note will become void unless it is presented for payment within a period of 10 years (in the case of principal) and five years (in the case of interest) from the appropriate Relevant Date (as defined in Condition 6 of the English Law Notes).

3 Meetings

The holder of a Permanent Global Note shall (unless such Permanent Global Note represents only one Note) be treated as being two persons for the purposes of any quorum requirements of a meeting of Noteholders and, at any such meeting, the holder of a Permanent Global Note shall be treated as having one vote in respect of each integral currency unit of the Specified Currency of the Notes.

4 Cancellation

Cancellation of any Note represented by a Permanent Global Note that is required by the English Law Conditions to be cancelled (other than upon its redemption) will be effected by reduction in the principal amount of the relevant Permanent Global Note.

5 Purchase

Notes represented by a Permanent Global Note may only be purchased by the Issuer if they are purchased together with the rights to receive all future payments of interest and Instalment Amounts (if any) thereon.

6 Issuer's Option

Any option of the Issuer provided for in the English Law Conditions of any Notes while such Notes are represented by a Permanent Global Note shall be exercised by the Issuer giving notice to the Noteholders within the time limits set out in, and containing the information required by, the English Law Conditions and in accordance with any applicable notice period required by Euroclear or Clearstream, except that the notice shall not be required to contain the serial numbers of Notes drawn in the case of a partial exercise of an option and accordingly no drawing of Notes shall be required. In the event that any option of the Issuer is exercised in respect of some but not all of the Notes of any Series, the rights of account holders with a clearing system or Approved Intermediary in respect of the Notes will be governed by the standard procedures of Euroclear, Clearstream (to be reflected in the records of Euroclear and Clearstream as either a pool factor or a reduction in nominal amount, at their discretion), Euroclear France or any other clearing system (as the case may be).

7 Noteholders' Options

Any option of the Noteholders provided for in the English Law Conditions of any Notes while such Notes are represented by a Permanent Global Note may be exercised by the holder of the Permanent Global Note giving notice to the Fiscal Agent within the time limits relating to the deposit of Notes with a Paying Agent set out in the English Law Conditions substantially in the form of the notice available from any Paying Agent and in accordance with any applicable notice period required by Euroclear or Clearstream, except that the notice shall not be required to contain the serial numbers of the Notes in respect of which the option has been exercised and stating the principal amount of Notes in respect of which the option is exercised and at the same time where the Permanent Global Note is a CGN, presenting the Permanent Global Note to the Fiscal Agent, or to a Paying Agent acting on behalf of the Fiscal Agent, for notation. Where the Global Note is a NGN, the Issuer shall procure that details of such exercise shall be entered *pro rata* in the records of the relevant clearing system and the principal amount of the Notes recorded in those records will be reduced accordingly.

8 NGN Principal Amount

Where the Global Note is a NGN, the Issuer shall procure that any exchange, payment, cancellation, exercise of any option or any right under the Notes, as the case may be, in addition to the circumstances set out above shall be entered in the records of the relevant clearing systems and upon any such entry being made, in respect of payments of principal, the principal amount of the Notes represented by such Global Note shall be adjusted accordingly.

9 Events of Default

Each Global Note provides that, unless the relevant Final Terms specify that no Event of Default (as defined in the English Law Conditions) shall apply in respect of a Tranche of Senior Preferred Notes, the holder may cause such Global Note representing any Senior Preferred Notes, or a portion of it, to become due and repayable in the circumstances described in Condition 8(a) of the English Law Conditions and, if so specified

in the applicable Final Terms, in the case of Senior Non-Preferred Notes Condition 8(b) of the English Law Conditions by stating in the notice to the Fiscal Agent the principal amount of such Global Note that is becoming due and repayable. If principal in respect of any Note is not paid when due, the holder of a Global Note may elect for direct enforcement rights against the Issuer under the terms of an amended and restated Deed of Covenant executed as a deed by the Issuer on 25 September 2020 to come into effect in relation to the whole or a part of such Global Note in favour of the persons entitled to such part of such Global Note as accountholders with a clearing system or in the case of Euroclear France, Approved Intermediaries. Following any such acquisition of direct rights, the Global Note will become void as to the specified portion.

10 Notices

So long as any Notes are represented by a Global Note and such Global Note is held on behalf of a clearing system, notices to the holders of Notes of that Series may be given by delivery of the relevant notice to that clearing system for communication by it to entitled accountholders in substitution for publication as required by the English Law Conditions or by delivery of the relevant notice to the holder of the Global Note except that (i) so long as any Notes are listed on Euronext Paris and the rules of Euronext Paris so require, such notices will be valid if published in accordance with Articles 221-3 and 221-4 of the *Règlement Général* of the AMF and (ii) so long as any Notes are listed on the official list and admitted to trading on the Regulated Market of the Luxembourg Stock Exchange and the rules of the Luxembourg Stock Exchange so require, such notices will be valid if published in a daily newspaper with general circulation in Luxembourg (which is expected to be the *Luxemburger Wort*) and/or on the website of the Luxembourg Stock Exchange (www.bourse.lu). If any such publication is not practicable, notice shall be validly given if published in another leading daily English language newspaper with general circulation in Europe and, so long as the Notes are listed on any other stock exchange and the relevant rules applying to such listed Notes so require, notices shall be published in a leading daily newspaper with general circulation in the city/ies where such stock exchange(s) is/are situated. Any such notice shall be deemed to have been given on the date of such publication or, if published more than once or on different dates, on the date of the first publication as provided above.

11 Redenomination and Consolidation

A Global Note may be amended or replaced by the Issuer (in such manner as it considers necessary, after consultation with the Redenomination Agent and the Consolidation Agent, as the case may be) for the purposes of taking account of the redenomination and/or consolidation of the Notes in accordance with Conditions 1 and 13 of the English Law Conditions. Any consolidation may require a change in the relevant nominee or depositary for the relevant clearing system(s), as the case may be.

12 Electronic Consent and Written Resolution

While any Global Note is held on behalf of any nominee for a clearing system, then:

- (a) approval of a resolution proposed by the Issuer given by way of electronic consents communicated through the electronic communications systems of the relevant clearing system(s) in accordance with their operating rules and procedures by or on behalf of the holders of not less than 75 per cent. in nominal amount of the Notes outstanding (an “**Electronic Consent**” as defined in the English Law Agency Agreement); and
- (b) where Electronic Consent is not being sought, for the purpose of determining whether a Written Resolution (as defined in the English Law Agency Agreement) has been validly passed, the Issuer shall be entitled to rely on consent or instructions given in writing directly to the Issuer by accountholders in the clearing system with entitlements to such Global Note or, where the accountholders hold any such entitlement on behalf of another person, on written consent from or written instruction by the person for

whom such entitlement is ultimately beneficially held, whether such beneficiary holds directly with the account holder or via one or more intermediaries and provided that, in each case, the Issuer obtained commercially reasonable evidence to ascertain the validity of such holding and have taken reasonable steps to ensure that such holding does not alter following the giving of such consent or instruction and prior to the effecting of such amendment. Any resolution passed in such manner shall be binding on all Noteholders and Couponholders, even if the relevant consent or instruction proves to be defective. As used in this paragraph, “**commercially reasonable evidence**” includes any certificate or other document issued by Euroclear, Clearstream or any other relevant clearing system, or issued by an account holder of them or an intermediary in a holding chain, in relation to the holding of interests in the Notes. Any such certificate or other document shall, in the absence of manifest error, be conclusive and binding for all purposes. Any such certificate or other document may comprise any form of statement or print out of electronic records provided by the relevant clearing system (including Euroclear’s EUCLID or Clearstream’s CreationOnline system) in accordance with its usual procedures and in which the account holder of a particular principal or nominal amount of the Notes is clearly identified together with the amount of such holding. The Issuer shall not be liable to any person by reason of having accepted as valid or not having rejected any certificate or other document to such effect purporting to be issued by any such person and subsequently found to be forged or not authentic.

A Written Resolution and/or Electronic Consent shall take effect as an Extraordinary Resolution. A Written Resolution and/or Electronic Consent will be binding on all Noteholders and holders of Talon, Coupons and Receipts, (if any), whether or not they participated in such Written Resolution and/or Electronic Consent.

PROVISIONS RELATING TO TEMPORARY GLOBAL CERTIFICATES ISSUED IN RESPECT MATERIALISED NOTES

Temporary Global Certificates

A Temporary Global Certificate, without interest Coupons, will initially be issued in connection with Materialised Notes. Upon the initial deposit of such Temporary Global Certificate with a common depository for Euroclear and Clearstream and/or any other clearing system (the “**Common Depository**”), Euroclear or Clearstream will credit the accounts of each subscriber with a nominal amount of Notes equal to the nominal amount thereof for which it has subscribed and paid.

The Common Depository may also credit with a nominal amount of Notes the accounts of subscribers with (if indicated in the relevant Final Terms) other clearing systems through direct or indirect accounts with Euroclear and Clearstream held by such other clearing systems. Conversely, a nominal amount of Notes that is initially deposited with any other clearing system may similarly be credited to the accounts of subscribers with Euroclear, Clearstream or other clearing systems.

Exchange

Each Temporary Global Certificate issued in respect of Notes will be exchangeable, free of charge to the holder, on or after its Exchange Date (as defined below):

- (i) if the relevant Final Terms indicates that such Temporary Global Certificate is issued in compliance with the C Rules or in a transaction to which TEFRA is not applicable, in whole, but not in part, for the Definitive Materialised Notes; and
- (ii) otherwise, in whole but not in part upon certification if required under U.S. Treasury regulation section 1.163-5I(2)(i)(D)(3) (or any successor regulation issued under Code section 4701(b) containing rules identical to those applying under U.S. Internal Revenue Code section 163(f)(2)(B)) as to non-U.S. beneficial ownership (in a form which shall be available at the specified offices of any of the Paying Agents) for Definitive Materialised Notes.

While any Materialised Note is represented by a Temporary Global Certificate, any payment payable in respect of such Materialised Note prior to the Exchange Date (as defined below) will be made only to the extent that the certification described in (ii) above has been received by Euroclear and/or Clearstream, and Euroclear and/or Clearstream, as applicable, has given a like certification (based on the certification received) to the relevant Paying Agent. The holder of a Temporary Global Certificate will not be entitled to collect any payment due thereon on or after the Exchange Date unless, upon due certification as described above, exchange of the Temporary Global Certificate for an interest in Definitive Materialised Notes is improperly refused or withheld.

Delivery of Definitive Materialised Notes

On or after its Exchange Date, the holder of a Temporary Global Certificate may surrender such Temporary Global Certificate to or to the order of the Fiscal Agent. In exchange for any Temporary Global Certificate, the relevant Issuer will deliver, or procure the delivery of, an equal aggregate nominal amount of duly executed and authenticated Definitive Materialised Notes. In this Base Prospectus, “**Definitive Materialised Notes**” means, in relation to any Temporary Global Certificate, the Definitive Materialised Notes for which such Temporary Global Certificate may be exchanged (if appropriate, having attached to them all Coupons in respect of interest that have not already been paid on the Temporary Global Certificate, Receipts and a Talon). Definitive Materialised Notes will be security printed in accordance with any applicable legal stock exchange requirements and will be substantially in the forms set out in Schedule 3 to the French Law Agency Agreement.

Exchange Date

“**Exchange Date**” means, in relation to a Temporary Global Certificate, the day falling after the expiry of forty (40) days after its issue date, provided that, in the event any further Materialised Notes are issued prior to such day

pursuant to Condition 13 of the French Law Conditions, the Exchange Date shall be postponed to the day falling after the expiry of forty (40) days after the issue of such further Materialised Notes.

USE OF PROCEEDS

The net proceeds of the issue of the Notes under the Programme will be used for the general corporate purposes of the Issuer or as stated in the relevant Final Terms in respect of any particular issue of Notes for which there is a particular identified use of proceeds (other than as specified below).

If specified in the relevant Final Terms, Notes may be issued as green, social or sustainability bonds (the “**Green, Social or Sustainability Bonds**”) for which the Issuer intends to allocate an amount equal to the net proceeds to finance and/or refinance, in whole or in part, new or existing projects from any Eligible Loans granted to the Group Crédit Mutuel Alliance Fédérale’s corporate and individual customers and generating environmental and/or social benefits, as defined in the relevant Final Terms and as further described in the Issuer’s Green, Social or Sustainability Bond Framework (as amended and supplemented from time to time) (the “**Green, Social or Sustainability Bond Framework**”) available on the Issuer’s website (https://www.bfcm.creditmutuel.fr/partage/fr/CC/BFCM/telechargements/programmes-green/BFCM_Green_Social_Sustainability_Bond_Framework_Sept20.pdf) (for the avoidance of doubt, the Green, Social or Sustainability Bond Framework and the Second Party Opinion referred to below have not been and will not be incorporated by reference in and, therefore, do not and will not form part of this Base Prospectus).

Under the Green, Social or Sustainability Bond Framework, the Issuer, may issue 3 types of bonds:

- green bonds where an amount equal to the net proceeds is applied to finance or refinance Eligible Loans in the Green Eligible Categories;
- social bonds where an amount equal to the net proceeds is applied to finance or refinance Eligible Loans in the Social Eligible Categories;
- sustainability bonds where an amount equal to the net proceeds is applied to finance or refinance a combination of Eligible Loans in both Green Eligible Categories and Social Eligible Categories.

As of the date of this Base Prospectus, Green Eligible Categories and Social Eligible Categories are the following:

“Green Eligible Categories”	“Social Eligible Categories”
<ul style="list-style-type: none"> • Green Buildings • Renewable Energy • Low Carbon Transport 	<ul style="list-style-type: none"> • Local Development through SME financing • Affordable Housing • Access to Essential Services - Healthcare

In relation to Green, Social or Sustainability Bonds, the Green, Social or Sustainability Bond Framework further describes the above-mentioned projects. The Issuer will apply processes for project evaluation and selection, management of proceeds and reporting consistent with guidelines published by the International Capital Markets Association set out in the Green Bond Principles 2018 (the “**GBP**”), the Social Bond Principles 2020 (the “**SBP**”) and Sustainability Bond Guidelines 2018 (the “**SBG**”).

Crédit Mutuel Alliance Fédérale has appointed Vigeo Eiris to provide a second party opinion (the “**Second Party Opinion**”) on the Green, Social or Sustainability Bond Framework, assessing the environmental and social added value of the Green, Social or Sustainability Bond Framework and its alignment with the GBP, the SBP and the SBG. This Second Party Opinion document will be available on Vigeo-Eiris’ website (www.vigeo-eiris.com) and on the Issuer’s website (www.bfcm.creditmutuel.fr).

Annually and until the maturity of the relevant bonds, Crédit Mutuel Alliance Fédérale will make public on the Issuer’s website a limited or reasonable assurance report provided by its external auditor, or any other appointed

independent third party, that an amount equal to the net proceeds of the Green, Social or Sustainability Bonds (as the case may be) is applied to finance or refinance Eligible Loans.

“Eligible Loans” means loans granted to the Group Crédit Mutuel Alliance Fédérale’s corporate and individual customers and generating environmental and/or social benefits as outlined in the eligibility criteria defined in the Green, Social or Sustainability Bond Framework. The eligibility criteria of green categories comply with the recommendation of the Technical Expert Group final report on the EU published in March 2020, which establishes a system to classify environmentally-sustainable activities by setting out metrics and thresholds.

“Crédit Mutuel Alliance Fédérale” means Crédit Mutuel Alliance Fédérale and its two structures :

- the mutual banking structure (also called the regulatory scope) comprising the regional and local banks, the 13 federations as of January 31, 2020, and the Caisse Fédérale de Crédit Mutuel, and
- the non mutual perimeter (consolidated scope) comprising the Issuer and its subsidiaries (CIC, Targo, COFIDIS, etc..).

Failure by the Issuer with regards to the use of proceeds or the expected performance of the Eligible Loans will not jeopardize the qualification of the Notes as additional tier 1 capital, Tier 2 Capital or eligible liabilities instruments of the Issuer.

GOVERNMENTAL SUPERVISION AND REGULATION OF THE ISSUER

Words and expressions defined in the Terms and Conditions of the Notes shall have the same meaning in this section, unless otherwise specified.

French and European regulatory frameworks

Banking Regulations

The Group is subject to extensive regulation and supervision by the *Autorité de Contrôle Prudentiel et de Résolution* (the “**ACPR**”), the AMF and the European Central Bank (the “**ECB**”). In addition, Regulation (EU) No 806/2014 of the European Parliament and of the Council of 15 July 2014 establishing uniform rules and a uniform procedure for the resolution of credit institutions and certain investment firms in the framework of a single resolution mechanism (the “**SRM**”) and a single resolution fund (the “**SRM Regulation**”), as amended, following several legislative proposals issued on 23 November 2016 by the European Commission proposing to amend a number of key EU banking directives and regulations, including the SRM Regulation, by Regulation (EU) 2019/877 dated 20 May 2019 (the “**SRM II**”), has established a centralised power of resolution entrusted with a single resolution board (the “**SRB**”) and national resolution authorities. SRM II amends the SRM Regulation as regards to the loss-absorbing and recapitalisation capacity of credit institutions and investment firms; it has been published in the Official Journal of the European Union on 7 June 2019, came into force on 27 June 2019 and is applicable since December 28, 2020.

The SRB, in close cooperation with national authorities (including the ACPR), is in charge of resolution planning and preparation of resolution decisions for cross-border credit institutions and banking groups as well as credit institutions and banking groups directly supervised by the ECB such as BFCM, or by national supervisory authorities in the euro-zone. The ACPR remains responsible for implementing the resolution plan according to the SRB’s instructions. Since 1 January 2015, certain of the powers of the ACPR with respect to resolution planning have, however, already been transferred to the SRB. SRM is fully operational since 1 January 2016.

The banking laws to which the Group is subject govern the activities in which banks and their affiliates may engage and are designated to maintain the safety and soundness of banks and their affiliates and limit their exposure to risk. In addition, the Group must comply with financial services laws that govern its marketing and selling practices. Past financial crises have resulted, and are likely to continue to result, in more restrictive regulation of the financial services industry. Legislators, governments, regulators, advisory groups, trade and professional associations and various committees at the national, European and international level have adopted or proposed an array of measures in response to these crises. The measures that have been or may be adopted include more stringent capital and liquidity requirements, taxes on financial transactions, limits on the types of activities that commercial banks can undertake (particularly proprietary trading and investment and ownership in private equity funds) or new ring-fencing requirements relating to certain activities, restrictions on certain types of financial activities or products such as derivatives, mandatory write-down or conversion into equity of certain debt instruments, enhanced recovery and resolution regimes, revised risk-weighting methodologies (particularly with respect to insurance businesses) and the creation of new and strengthened regulatory bodies, including the transfer of certain supervisory functions to the ECB as referred to above. These supervisory tasks include ensuring compliance with all prudential requirements laid down in general EU banking rules for credit institutions, carrying out supervisory reviews (including stress tests) and on the basis of these imposing, if considered necessary, higher prudential requirements on credit institutions, imposing robust corporate governance practices and capital adequacy assessment processes (such as minimum capital adequacy requirements, requirements to ensure their compensation policy with respect to their employees is compatible with certain risk management principles and requirements to follow certain anti-money laundering, “know-your-customer” and audit control procedures) and carrying out supervisory tasks in relation to recovery plans (for example, the chairman of the ACPR is able to request that the

shareholders of a credit institution in financial difficulty fund the institution in an amount that may exceed their initial capital contribution).

Minimum Capital, Liquidity and Leverage Ratios

Credit institutions such as the Issuer must comply with minimum capital ratio requirements. In addition to these requirements, the principal regulations applicable to credit institutions such as the Issuer concern risk diversification and liquidity, monetary policy, restrictions on equity investments and reporting requirements. As of the date hereof, in the various countries in which the Issuer or its subsidiaries operate, they comply with the specific regulatory ratio requirements in accordance with procedures established by the relevant supervisory authorities.

Directive 2013/36/EU of the European Parliament and of the Council of 26 June 2013 on access to the activity of credit institutions and the prudential supervision of credit institutions and investment firms (the “**CRD IV Directive**”) and Regulation (EU) No 575/2013 of the European Parliament and of the Council of 26 June 2013 on prudential requirements for credit institutions and investment firms (the “**CRR Regulation**” and, together with the CRD IV Directive, “**CRD IV**”) which implements the Basel III reforms set new capital and liquidity requirements intended to reinforce capital standards and to establish minimum liquidity standards for credit institutions. The CRD IV Regulation (with the exception of some of its provisions, which will enter into effect at later dates) became directly applicable in all Member States of the European Union including France on 1 January 2014. The CRD IV Directive became effective on 1 January 2014 (except for capital buffer provisions which have been applied as from 1 January 2016) and was implemented under French law by the banking reform dated 20 February 2014 (*Ordonnance portant diverses dispositions d’adaptation de la législation au droit de l’Union européenne en matière financière*) and several *décrets* and *arrêtés* dated 3 November 2014.

Following several legislative proposals issued on 23 November 2016 by the European Commission proposing to amend a number of key EU banking directives and regulations, including the CRD IV, Directive (EU) 2019/878 dated 20 May 2019 (the “**CRD V Directive**”), amending the CRD IV Directive as regards to exempted entities, financial holding companies, mixed financial holding companies, remuneration, supervisory measures and powers and capital conservation measures, and Regulation (EU) 2019/876 dated 20 May 2019 (the “**CRR II Regulation**”), amending the CRR Regulation as regards to the leverage ratio, the net stable funding ratio, requirements for own funds and eligible liabilities, counterparty credit risk, market risk, exposure to central counterparties, exposures to collective investment undertakings, large exposures, reporting and disclosure requirements, have been published in the Official Journal of the European Union on 7 June 2019 and came into force on 27 June 2019. CRD V has been implemented into French Law through the ordinance n°2020-1635 which also implements certain dispositions of the CRR II Regulation which will be applicable, subject to certain exceptions by the end of June 2021.

Under CRD IV, French credit institutions are required to maintain minimum capital to cover their credit, market, counterparty and operational risks. Since 1 January 2014, pursuant to the CRR Regulation, credit institutions, such as the Issuer are required to maintain a minimum total capital ratio of 8%, a minimum tier 1 capital ratio of 6% and a minimum common equity tier 1 ratio of 4.5%, each to be obtained by dividing the institution’s relevant eligible regulatory capital by its risk-weighted assets. The Relevant Regulator may also require French credit institutions to maintain capital in excess of the requirements described above. They also have to comply with certain common equity tier 1 buffer requirements, including a capital conservation buffer of 2.5%, that is applicable to all credit institutions to cover countercyclical and systemic risks. In France, in the context of the Covid-19 pandemic, the High Council for Financial Stability (*Haut Conseil de Stabilité Financière*, or the “**HCSF**”) has set the countercyclical buffer rate at 0% in April 2020 until further notice and has reconfirmed most recently on April 1 2021, that it will maintain the countercyclical buffer at 0% until further notice (see also the paragraph “*Regulatory Responses to the Covid-19 pandemic*”).

In addition, the Relevant Regulator is expected to carry out an annual supervisory review and evaluation process (“**SREP**”) and stress tests, in connection with which it has powers to require banks to hold capital in excess of minimum requirements in order to address specific risks (so-called “Pillar 2” requirements) and more generally to impose additional liquidity requirements and possibly other regulatory measures (see “*Supervisory measures*” below).

Under the CRR II Regulation, French credit institutions must satisfy, on a consolidated basis, certain restrictions relating to concentration of risks (*ratio de contrôle des grands risques*). The aggregate of a French credit institution’s loans and a portion of certain other exposure (*risques*) to a single customer (and related entities) may not exceed 25% of the credit institution’s eligible capital (or tier 1 capital, once the CRR II Regulation becomes applicable) and, with respect of exposures to certain financial institutions, the higher of 25% of the credit institutions’ eligible capital (or tier 1 capital, once the CRR II Regulation becomes applicable) and €150 million. Certain individual exposures may be subject to specific regulatory requirements.

Each French credit institution is required to calculate, as of the end of each month, the ratio of the weighted total of certain of its short-term and liquid assets to the weighted total of its short-term liabilities. This liquidity ratio (*coefficient de liquidité*) is required to exceed 100% at all times. French credit institutions are entitled to opt for the “advanced” approach with respect to the calculation of liquidity risk, upon request to the Relevant Regulator and under certain conditions. Under the advanced approach, the credit institution is able to use its internal methodologies to determine the liquidity risk and ensure that it has sufficient liquidity at all times to honor its short-term commitments. The CRR II Regulation introduced liquidity requirements pursuant to which institutions are required to hold liquid assets, the total value of which would cover the net liquidity outflows that might be experienced under gravely stressed conditions over a period of 30 calendar days. This liquidity coverage ratio (“**LCR**”) is now fully applicable following a phase-in period. In addition, in accordance with the recommendations of the Basel Committee, the CRR II Regulation introduced a binding net stable funding ratio (“**NSFR**”) set at a minimum level of 100%, which indicates that an institution holds sufficient stable funding to meet its funding needs during a one-year period under both normal and stressed conditions. This requirement, which will be applicable on 28 June 2021 aims at addressing the excessive reliance on short-term wholesale funding and reducing long-term funding risk.

Under the CRR Regulation, each credit institution is required to maintain a leverage ratio since 1 January 2018, at the level that is implemented by the Council and European Parliament following an initial observation period that began on 1 January 2015. The leverage ratio is defined as an institution’s tier 1 capital divided by its total exposure measure. Under the CRR II Regulation the leverage ratio will be set out at 3%.

On July 28, 2020, the ECB announced that it will allow banks to operate below the Pillar 2 guidance and the combined buffer requirement until at least end-2022, and below the LCR until at least end-2021, without automatically triggering supervisory actions. On September 17, 2020, the Governing Council of the ECB decided that ‘exceptional circumstances’ justify leverage ratio relief and, accordingly, announced that euro zone banks under its direct supervision (such as the Issuer) may exclude certain central bank exposures from the leverage ratio until June 27, 2021. On September 22, 2020, the ACPR extended this recommendation to banks under its supervision.

Compliance with all the measures described above and any further requirements could lead to reduced consolidated revenues and profits of the Issuer and/or the Group in the relevant activities, the reduction or sale of certain operations and asset portfolios, and asset-impairment charges.

Loss absorption at the point of non-viability and resolution

On 15 May 2014, the European Parliament and the Council of the European Union adopted a directive providing for the establishment of an EU-wide framework for the recovery and resolution of credit institutions and investment firms: Directive 2014/59/EU of the European Parliament and of the Council of 15 May 2014 establishing a framework for the recovery and resolution of credit institutions and investment firms (the “**BRRD**”).

As a Directive, the BRRD is not directly applicable in France and had to be transposed into national legislation. The French law dated 26 July 2013 on separation and regulation of banking activities (*loi de séparation et de régulation des activités bancaires*) (the “**SRAB Law**”), actually anticipated the implementation of the BRRD when it was still in an initial draft form. Subsequently, the French *Ordonnance* No. 2015-1024 dated 20 August 2015 (*Ordonnance n°2015-1024 du 20 août 2015 portant diverses dispositions d’adaptation de la législation au droit de l’Union européenne en matière financière*) (the “**Ordonnance**”) introduced various provisions amending, among others, crisis prevention and management measures applicable to credit institutions provided for in Articles L.613-48 *et seq.* of the French *Code monétaire et financier* and supplemented the SRAB Law to adapt French law to the BRRD in its final form. In addition, three orders dated 11 September 2015 (*décret et arrêtés*) implementing provisions of the *Ordonnance* regarding (i) recovery planning, (ii) resolution planning and (iii) criteria to assess the resolvability of a credit institution or group, were published on 20 September 2015 to further implement the BRRD in France.

The aim of the BRRD as well as SRM Regulation (see “*Impact of the French and European regulatory frameworks could adversely affect the Group’s business*”-“*Banking Regulations*” above) is to provide relevant authorities with common tools and powers to address banking crises pre-emptively in order to safeguard financial stability and minimize taxpayers’ exposure to losses and before any of the insolvency or liquidation procedures. The powers provided to authorities (the ACPR or the SRB, as the case may be, in France depending on the Relevant Resolution Authority) are divided into three broad categories: (i) preparatory steps and plans to minimize the risks of potential problems (preparation and prevention); (ii) in the event of incipient problems, powers to arrest a firm’s deteriorating situation at an early stage so as to avoid insolvency (early intervention); and (iii) if insolvency of a firm presents a concern as regards the general public interest, a clear means to reorganize or wind down the firm in an orderly fashion while preserving its critical functions and limiting to the maximum extent any exposure of taxpayers to losses.

Finally, Law n°2016-1691 dated 9 December 2016 has modified the ranking among creditors of credit institutions in case of judicial liquidation (*liquidation judiciaire*), introducing a priority among senior (*chirographaires*) securities between senior preferred securities (such as, the case of the Issuer, its Senior Preferred Notes) and senior non-preferred securities (such as, in the case of the Issuer, its Senior Non-Preferred Notes), without modifying the specific ranking between senior securities (such as, in the case of the Issuer, its Senior Notes) and subordinated securities (such as, in the case of the Issuer, its Subordinated Notes).

Following the several legislative proposals issued on 23 November 2016 by the European Commission proposing to amend a number of key EU banking directives and regulations, including the BRRD, Directive (EU) 2019/879 dated 20 May 2019 (the “**BRRD II**”), amending the BRRD as regards to the loss-absorbing and recapitalisation capacity of credit institutions and investment firms, has been published in the Official Journal of the European Union on 7 June 2019 and came into force on 27 June 2019.

BRRD II has been implemented in France through the Ordinance No.2020-1636 dated 21 December 2020 relating to the resolution regime in the banking sector implementing (the “**Ordinance**”). In particular, the Ordinance has implemented Article 48(7) of BRRD II which requires Member States to modify their national insolvency law to ensure that claims resulting from funds rank in insolvency below any other claims that do not result from own funds as defined by the CRR Regulation (hereafter the “**Own Funds**”). The transposition of this provision by the Ordinance has modified the rules governing the order of creditors’ claims applicable

to French credit institutions in insolvency proceedings. Subordinated obligations and deeply subordinated obligations of the Issuer issued before the entry into force of those provisions will keep their contractual ranking if they are, or have been, fully or partially recognized as Own Funds.

A new article L.613-30-3, I, 5° of the French Monetary and Financial Code, states that, as from 28 December 2020, it should not be possible for liabilities of a credit institution that are not Own Funds to rank *pari passu* with Own Funds.

Therefore, a new rank within subordinated obligations has been created for subordinated obligations or deeply subordinated obligations of the Issuer, issued as from 28 December 2020 if and when they completely cease to constitute Tier 2 Capital or additional tier 1 capital instruments of the Issuer, ranking in priority to tier 2 capital instruments and additional tier 1 capital instruments of the Issuer in order to comply with article L.613-30-3, I, 5° of the French Monetary and Financial Code.

Therefore, (i) as long as Subordinated Notes are recognized as tier 2 capital instruments, they will rank as Qualifying Subordinated Notes, and, if they are no longer recognized as Tier 2 Capital, they will automatically rank as Disqualified Subordinated Notes and (ii) as long as deeply subordinated obligations are recognized as additional tier 1 capital instruments, they will rank as additional tier 1 capital instruments of the Issuer, and, if they are no longer recognized as additional tier 1 capital instruments, they will automatically rank as Disqualified Additional Tier 1 Notes and will rank *pari passu* with the Disqualified Subordinated Notes, as provided in the status provisions provided for in Condition 2 (*Status of the Notes*), without any action from the Issuer and without obtaining the consent of the holders of Subordinated Notes or any other Notes.

All subordinated notes or deeply subordinated notes issued by the Issuer prior to the date of entry into force of the Ordinance that are, or have been, fully or partially recognized as Own Funds of the Issuer, rank and as long as they are outstanding will rank as Tier 2 Capital instruments or additional tier 1 capital instruments of the Issuer as the case may be, in accordance with their contractual terms.

Resolution

Under the BRRD and the *Ordonnance* and under the SRM Regulation, the Relevant Resolution Authority may, when an institution is being considered to have reached the point of non-viability (see “*Write-Down and Conversion of Capital Instruments*” below), commence resolution proceedings in respect of such institution when the Relevant Resolution Authority determines that:

- (a) the institution is failing or likely to fail, which includes situations where:
 - (i) the institution infringes/will in the near future infringe the requirements for continuing authorization in a way that would justify withdrawal of such authorization including, but not limited to, because the institution has incurred/is likely to incur losses depleting all or a significant amount of its own funds;
 - (ii) the assets of the institution are/will be in a near future less than its liabilities;
 - (iii) the institution is/will be in a near future unable to pay its debts or other liabilities when they fall due; or
 - (iv) the institution requires extraordinary public financial support;
- (b) there is no reasonable prospect that a private action would prevent the failure; and
- (c) except with respect to capital instruments, a resolution action is necessary in the public interest.

In addition to the Bail-In Tool (see “*The Bail-in Tool*” below), the BRRD and the SRM provides resolution authorities with broader powers to implement other resolution measures with respect to institutions or, under certain circumstances, their groups, which may include (without limitation): the sale of the institution’s

business, the separation of assets, the replacement or substitution of the institution as obligor in respect of debt instruments, modifications to the terms of debt instruments (including altering the maturity and/or the amount of interest payable and/or imposing a temporary suspension on payments), the write-down or conversion into equity of capital instruments (See “*Write-Down and Conversion of Capital Instruments*” below) and discontinuing the listing and admission to trading of financial instruments.

Such powers may also result, after any transfer of all or part of the Issuer’s business or separation of any of its assets, in the holders of Notes (even in the absence of any such write down or conversion) being left as the creditors of the Issuer whose remaining business or assets is insufficient to support the claims of all or any of the creditors of the Issuer (including such holders of Notes).

The SRM Regulation provides for the establishment of a single resolution fund that may be used by the SRB to support a resolution plan (the “**Single Resolution Fund**”). The Single Resolution Fund has replaced national resolution funds implemented pursuant to the BRRD with respect to significant banks such as the Issuer. This Single Resolution Fund is financed by contributions raised from banks (such contributions are based on the amount of each bank’s liabilities, excluding own funds and covered deposits, and adjusted for risks).

The BRRD also provides the right for a Member State of the European Union as a last resort, after having assessed and implemented the above resolution tools to the maximum extent possible whilst maintaining financial stability, to be able to provide extraordinary public financial support through additional financial stabilisation tools. These consist of the public equity support and temporary public ownership tools. Any such extraordinary financial support must be provided in accordance with the EU state aid framework.

Under the BRRD and the SRM Regulation, no support will be available until a minimum amount of contribution to loss absorption and recapitalization of 8% of total liabilities including own funds has been made by shareholders, holders of capital instruments and other eligible liabilities through write-down, conversion or otherwise.

BRRD II provides that, for a limited period of time, resolution authorities will have the power to suspend payment and delivery obligations pursuant to any contract to which an institution is a party in certain circumstances, including where the institution is failing or likely to fail.

There still remains uncertainty as to how these powers will be implemented in the future and how they may affect the Issuer and/or the Group and the Notes. Accordingly, it is not yet possible to assess the full impact of the BRRD or the SRM Regulation on the Issuer and/or the Group and the Noteholders, and there can be no assurance that any actual or perceived actions by the French resolution authority or any other Relevant Resolution Authority would not adversely affect the rights of the Noteholders, the price or value of an investment in the Notes and/or the Issuer’s ability to satisfy its obligations under the Notes.

In addition, the powers currently set out in the BRRD and its implementation in the French *Code monétaire et financier* are expected to impact how credit institutions, including the Issuer, and large investment firms (those which are required to hold initial capital of €730,000 under CRD IV) are managed as well as, in certain circumstances, the rights of creditors.

Write-Down and Conversion of Capital Instruments

Capital instruments may be written down or converted into shares or other instruments of ownership either in connection with a resolution proceeding or, in certain other cases described below, without or prior to a resolution proceeding. Capital instruments for these purposes include common equity tier 1, additional tier 1 and tier 2 instruments, such as the Subordinated Notes.

The Relevant Resolution Authority must write down capital instruments, or convert them to shares or other instruments of ownership in any of the following circumstances (the so called “**point of non-viability**”):

- (i) where the determination has been made that conditions for resolution have been met, before any resolution action is taken;
- (ii) the appropriate authority determines that unless that power is exercised in relation to the relevant capital instruments, the institution or the group will no longer be viable;
- (iii) extraordinary public financial support is required by the institution.

The principal amount of capital instruments may also be written down or converted to shares or other instruments of ownership in connection with a resolution proceeding if the conditions described in (a) to (c) of the paragraph “*Resolution*” above are met.

If one or more of the conditions set out in above in (i) to (iii) are met, common equity tier 1 instruments are first written down, transferred to creditors or, if the institution enters resolution and its net assets are positive, significantly diluted by the conversion of other capital instruments and eligible liabilities. Once this has occurred, other capital instruments (first additional tier 1 instruments, then tier 2 instruments such as the Subordinated Notes) are either written down or converted to common equity tier 1 instruments or other instruments (which are also subject to possible write-down).

It is the Issuer’s intention that Subordinated Notes shall, for supervisory purposes, be treated as a tier 2 instruments and included in the MREL ratio on consolidated basis at the level of group Crédit Mutuel.

The exercise of write-down/conversion powers by the Relevant Resolution Authority independently of a resolution proceeding or in combination with a resolution measure with respect to capital instruments (including subordinated debt instruments such as the Subordinated Notes) could result in the full (i.e., to zero) or partial write-down or conversion of the Subordinated Notes into ordinary shares or other instruments of ownership.

In addition, where the Issuer’s financial condition deteriorates, the existence or the actual exercise of write-down/conversion powers by the Relevant Resolution Authority (together with the existence or the actual exercise the Bail-in Tool (see “*The Bail-in Tool*” below) and the other resolution measures) could cause the market price or value of the Notes to decline more rapidly than would be the case in the absence of such powers.

The Bail-in Tool

Once a resolution procedure is initiated as described in the sub-paragraph entitled “*Resolution*” above, the powers provided to the Relevant Resolution Authority in the BRRD and the SRM Regulation include the “**Bail-in Tool**”, which allow it to write down bail-inable liabilities of a credit institution in resolution, or to convert them to equity. Bail-inable liabilities (which also include senior unsecured debt instruments such as Senior Notes and other subordinated debts such as Subordinated Notes issued on or after 28 December 2020 if and when they completely cease to constitute Tier 2 Capital instruments and deeply subordinated obligations issued on or after 28 December 2020 if and when they completely cease to constitute additional tier 1 instruments) fully absorb losses as a result of such resolution procedure. Before the Relevant Resolution Authority may exercise the Bail-in Tool in respect of bail-inable liabilities, capital instruments must first be written down or converted to equity or other instruments in the order of priority described in “*Write-Down and Conversion of Capital Instruments*” above. Once this has occurred, the Bail-in Tool may be used to write down or convert bail-inable liabilities as follows: (i) subordinated debt instruments other than capital instruments (including Subordinated Notes issued on or after 28 December 2020 if and when they completely cease to constitute Tier 2 Capital instruments and deeply subordinated obligations issued on or after 28 December 2020 if and when they completely cease to constitute additional tier 1 instruments) are to be written down or converted into common equity tier 1 instruments in accordance with the hierarchy of claims in normal insolvency proceedings, and (ii) other bail-inable liabilities (including Senior Notes) are to be written down or converted into common equity tier 1 instruments, in accordance with the hierarchy of claims in

normal insolvency proceedings (for which purpose, in the case of the Issuer, Senior Non-Preferred Notes rank junior to Senior Preferred Notes).

As a result of the foregoing, even if Subordinated Notes (qualifying as Tier 2 Capital instruments) are not fully written down or converted prior to the opening of a resolution procedure, if the Relevant Resolution Authority decides to implement the Bail-in Tool as part of the implementation of resolution, the principal amount of such Tier 2 Capital instruments (including instruments such as the Subordinated Notes) must first be fully written down or converted to equity. In addition, common equity Tier 1 instruments into which Tier 2 Capital instruments (including instruments such as the Subordinated Notes) were previously converted could also be written down as a result of the application of the Bail-in Tool.

The exercise of the Bail-in Tool could also result in the full (i.e., to zero) or partial write-down or conversion of the Notes into ordinary shares or other instruments of ownership.

In addition, where the Issuer's financial condition deteriorates, the existence or the actual exercise of the Bail-in Tool (together with the existence or actual exercise of the other resolution measures and of the write-down/conversion powers by the Relevant Resolution Authority (see *Write-Down and Conversion of Capital Instruments*" above)) could cause the market price or value of the Notes to decline more rapidly than would be the case in the absence of such powers.

Other powers of the French resolution authority

The French *Code monétaire et financier*, as amended by the *Ordonnance* also provides that in exceptional circumstances, where the general Bail-in Tool is applied, the French resolution authority may exclude or partially exclude certain liabilities from the application of the write-down or conversion powers, in particular where: (a) it is not possible to bail-in that liability within a reasonable time; (b) the exclusion is strictly necessary and is proportionate to achieve the continuity of critical functions and core business lines of the institution under resolution; (c) the exclusion is strictly necessary and proportionate to avoid giving rise to widespread contagion, which would severely disrupt the functioning of financial markets, including of financial market infrastructures, in a manner that could cause a serious disturbance to the economy of a Member State of the European Union; or (d) the application of the general Bail-in Tool to those liabilities would cause a destruction in value such that the losses borne by other creditors would be higher than if those liabilities were excluded from bail-in. Consequently, where the French resolution authority decides to exclude or partially exclude a bail-inable liability or class of bail-inable liabilities, the level of write down or conversion applied to other bail-inable liabilities when not excluded, may be increased to take account of such exclusions. Subsequently, if the losses that would have been borne by those liabilities have not been passed on fully to other creditors, the French "Resolution and Deposits Guarantee Fund" (*Fonds de garantie des dépôts et de résolution*) or any other equivalent arrangement from a Member State of the European Union, may make a contribution to the institution under resolution, under certain limits, including the requirement that such contribution does not exceed 5% of the global liabilities of such institution to (i) cover any losses which have not been absorbed by bail-inable liabilities and restore the net asset value of the institution under resolution to zero and/or (ii) purchase shares or other instruments of ownership or capital instruments in the institution under resolution, in order to recapitalise the institution. The last step - if there are losses left - would be, subject to certain conditions, an extraordinary public financial support through additional financial stabilisation tools. Any such extraordinary financial support must be provided in accordance with the EU state aid framework.

Minimum Requirement for Own Funds and Eligible Liabilities

To ensure that the Bail-in Tool will be effective if it is ever needed, as from 1 January 2016, French credit institutions (such as the Issuer) have to meet, at all times, a minimum requirement for own funds and eligible liabilities ("MREL") pursuant to Article L. 613-44 of the French *Code monétaire et financier*. The MREL

aims at ensuring sufficient loss absorbing capacity that should enable an orderly resolution, and thereby ensuring continuity of critical functions without recourse to public funds.

Article 45(2) of the BRRD empowers the Commission to adopt, following submission of draft standards by the European Banking Authority (EBA), and in accordance with Articles 10 to 14 of Regulation No (EU) 1093/2010, delegated acts specifying assessment criteria relating to the methodology for setting the MREL. In accordance with Article 10(1) of Regulation No (EU) 1093/2010 establishing the EBA, the Commission may endorse the draft standards in part only, or with amendments, where the EU's interests so require, having regard to the specific procedure laid down in that Article.

On 23 May 2016, the Commission adopted the Delegated Regulation supplementing the BRRD with regulatory technical standards specifying the criteria relating to the methodology for setting the MREL.

Furthermore, once applicable, the CRR II Regulation will, among other things, give effect to the termsheet published on 9 November 2015 by the Financial Stability Board finalized international standards, and modify the requirements applicable to the “minimum requirement for own funds and eligible liabilities”. The implementation of both the current and the new texts, and their application to credit institutions such as the Issuer and/or the Group or the taking of any action thereunder is currently uncertain.

In addition, if the Relevant Resolution Authority finds that there could exist any obstacles to resolvability by the Issuer and/or the Group, a higher MREL requirement could be imposed.

Regulatory Responses to the Covid-19 pandemic

In response to the outbreak of the COVID-19 pandemic, specific mitigation measures were announced and implemented to address the economic impacts of the pandemic on the European banking sector. Given that these and other European and national response measures continue to evolve in response to the spread of the virus, this discussion is presented as of the date of this Base Prospectus and the situation may change, possibly, significantly, at any time.

Supporting measures

On 12 March 2020, the ECB announced a number of measures to ensure that its directly supervised banks such as the Issuer can continue to fulfil their role in funding the real economy as the economic effects of the COVID-19 pandemic become apparent.

To that end, the ECB announced on 12 March 2020 and 30 April 2020 the introduction of additional longer-term refinancing operations and the adoption of more favourable terms to existing longer term refinancing operations, together with the introduction of an additional €120 billion of net asset purchases to be distributed until the end of 2020.

Further, on 18 March 2020, the ECB decided to launch a new €750 billion pandemic emergency purchase program (“PEPP”) of public and private sector securities to counter the serious effects of the COVID-19 outbreak and the escalating spread of the COVID-19 pandemic. The PEPP includes all asset categories eligible under the pre-existing asset purchase program and also expands the categories of eligible assets. The envelope of the PEPP has since been increased to a total of €1,850 billion, and at the time horizon for net purchases under the PEPP, which was set to last until the end of 2020, has been extended to at least the end of March 2022 and in any case until the ECB's governing council determines the COVID-19 crisis is over. In addition, the ECB adopted on 7 April 2020 a package of temporary collateral easing measures linked to the duration of the PEPP in order to facilitate the availability of eligible collateral to participate in liquidity providing operations to encourage an increase in bank funding. On 20 April 2020, the Banque de France complemented such measures by, inter alia, enlarging the scope of eligible credit claims within its jurisdiction.

Finally, on 22 April 2020, the ECB implemented measures to mitigate the impact of possible rating downgrades on collateral availability.

At a national level, legislation and regulatory action have also been adopted in France in response to the COVID-19 crisis. This includes, among other things, a €300 billion program of State guarantees for loans to French businesses and the suspension of certain taxes and social charges, as well as partial subsidies for businesses that pay employees who are unable to work on a full-time basis. A law, the draft of which has been submitted to the French parliament on April 28, 2021, for the purpose of organizing the exit from the state of health emergency, is expected to set up a transitional period from June 2, 2021 to October 2021 during which the government will be authorized to take transitional measures to deal with the Covid-19 pandemic until the end of the state of health emergency.

Capital relief measures

On 12 March 2020, the ECB announced (i) the possibility for banks and financial institutions to temporarily operate below the capital requirements set forth in the Pillar 2 guidance and to cover their Pillar 2 requirements partially with capital instruments other than CET1 (i.e. with lower ranking capital instruments, such as AT1 or T2 instruments), thus bringing forward a measure in CRD V Directive that should have come into effect in January 2021, (ii) the possibility for individualized relief measures to be agreed to between banks and the ECB, such as rescheduling on-site inspections and extending deadlines for the implementation of remediation actions stemming from recent on-site inspections, and (iii) the possibility for banks to operate below the requirements set forth under the capital conservation buffer and under the liquidity coverage ratio rules. On September 22, 2020, the ACPR extended this recommendation to banks under its supervision.

In addition, on 28 April 2020, the European Commission adopted a legislative proposal amending the CRR to improve banks' capacity to lend and to absorb losses related to the COVID-19 pandemic. On 26 June 2020, the European Parliament and Council have adopted the Regulation (EU) 2020/873 amending Regulations (EU) No 575/2013 and (EU) 2019/876 as regards certain adjustments in response to the COVID-19 pandemic that entered into force on 27 June 2020.

Supervisory measures

In its statement on 12 March 2020, the EBA announced that it would postpone EU-wide stress tests to 2021 and recommended that competent authorities conduct supervisory activities in a pragmatic way and provide flexibility in some areas of required reporting in order to ensure that banks are able to prioritize operational continuity without affecting the reporting of crucial financial information needed to monitor the financial and prudential situation of European banks. A final decision on potential changes to the EU-wide stress framework is expected to be taken by the EBA in the second or third quarter of 2021, while the implementation of any potential change is expected to be possible for the 2023 EU-wide stress test at the earliest. On January 29, 2021, the EBA launched the 2021 EU-wide stress test exercise, the adverse scenario of this test is based on a narrative of a prolonged Covid-19 scenario in a 'lower for longer' interest rate environment, in which negative confidence shocks would prolong the economic contraction. The EBA expects to publish the results of the exercise by July 31, 2021. This EU-wide stress test is conducted on a sample of 50 EU banks, including 38 from countries under the jurisdiction of the single supervisory mechanism and covers roughly 70% of total banking sector assets in the European Union and Norway, as expressed in terms of total consolidated assets as of end 2019.

TAXATION

The statements herein regarding taxation are a summary of certain French withholding tax consequences in relation to the holding of the Notes. This summary is based on the laws in force in France as of the date of this Base Prospectus and are subject to any changes in such laws and/or interpretation thereof (potentially with a retroactive effect). This summary does not purport to be a comprehensive description of all the tax considerations which may be relevant to a decision to purchase, own or dispose of the Notes.

Potential investors are advised to ask for their own tax adviser's advice on their individual taxation with respect to the acquisition, holding, disposal and redemption of the Notes. Only these advisers are in a position to duly consider the specific situation of the potential investor.

Potential purchasers and sellers of the Notes should be aware that they may be required to pay taxes or other documentary charges or duties in accordance with the laws and practices of the country where the Notes are transferred or other jurisdictions, including the relevant Issuer's jurisdictions of incorporation. In some jurisdictions, no official statements of the tax authorities or court decisions may be available for innovative financial instruments such as the Notes.

Payments made outside France

The following may be relevant to Noteholders who do not concurrently hold shares of the Issuer.

Notes which are not consolidated (assimilables for the purpose of French law) to form a single series with notes issued before 1 March 2010

Payments of interest and other assimilated revenues made by the Issuer with respect to Notes (other than Notes which are consolidated (*assimilables* for the purpose of French law) and form a single series with notes issued prior to 1 March 2010 having the benefit of Article 131 *quater* of the French *Code général des impôts*) will not be subject to the withholding tax set out under Article 125 A III of the French *Code général des impôts* unless such payments are made outside France in a non-cooperative State or territory (*Etat ou territoire non coopératif*) within the meaning of Article 238-0 A of the French *Code général des impôts* (a “**Non-Cooperative State**”) other than those mentioned in 2° of 2 *bis* of the same Article 238-0 A. If such payments under the Notes are made outside France in a Non-Cooperative State other than those mentioned in 2° of 2 *bis* of Article 238-0 A of the French *Code général des impôts*, a 75 per cent. withholding tax will be applicable (subject to certain exceptions and to the more favourable provisions of an applicable double tax treaty) by virtue of Article 125 A III of the French *Code général des impôts*.

Furthermore, according to Article 238 A of the French *Code général des impôts*, interest and other assimilated revenues on the Notes will not be deductible from the Issuer's taxable income if they are paid or accrued to persons established or domiciled in a Non-Cooperative State or paid to an account held with a financial institution established in such a Non-Cooperative State (the “**Deductibility Exclusion**”). Under certain conditions, any such non-deductible interest and other assimilated revenues may be recharacterised as constructive dividends pursuant to Articles 109 and *seq.* of the French *Code général des impôts*, in which case such non-deductible interest and other assimilated revenues may be subject to the withholding tax set out under Article 119 *bis* 2 of the French *Code général des impôts*, at (i) the standard corporate income tax rate set forth in the first sentence of the second paragraph of Article 219-I of the French *Code général des impôts* (i.e. 26.5 per cent. for fiscal years starting as from 1 January 2021; 25% for fiscal years beginning as from 1 January 2022) for payments benefiting legal persons who are not French tax residents, (ii) a rate of 12.8 per cent. for payments benefiting individuals who are not French tax residents or (iii) a rate of 75 per cent. for payments made outside France in a Non-Cooperative State other than those mentioned in 2° of 2 *bis* of Article 238-0 A of the French *Code général des impôts* (subject to certain exceptions and the more favourable provisions of an applicable double tax treaty).

Notwithstanding the foregoing, neither the 75 per cent. withholding tax set out under Article 125 A III of the French *Code général des impôts* nor, to the extent the relevant interest and other assimilated revenues relate to genuine transactions and are not in an abnormal or exaggerated amount, the Deductibility Exclusion (and therefore

the withholding tax set out under Article 119 *bis* 2 of the French *Code général des impôts* that may be levied at the result of the Deductibility Exclusion) will apply in respect of an issue of Notes if the Issuer can prove that the main purpose and effect of such issue of Notes was not that of allowing the payments of interest or other assimilated revenues to be made in a Non-Cooperative State (the “**Exception**”). Pursuant to the *Bulletin Officiel des Finances Publiques - Impôts* (BOI-INT-DG-20-50-20 dated 24 February 2021, no. 290 and BOI-INT-DG-20-50-30 dated 24 February 2021 no. 150), an issue of Notes will benefit from the Exception without the Issuer having to provide any proof of such purpose and effect of such issue of Notes if such Notes are:

- (a) offered by means of a public offer within the meaning of Article L.411-1 of the French *Code monétaire et financier* for which the publication of a prospectus is mandatory or pursuant to an equivalent offer in a State other than in a Non-Cooperative State. For this purpose, an “equivalent offer” means any offer requiring the registration or submission of an offer document by or with a foreign securities market authority; and/or
- (b) admitted to trading on a French or foreign regulated market or multilateral securities trading system provided that such market or system is not located in a Non-Cooperative State, and the operation of such market is carried out by a market operator or an investment services provider or any other similar foreign entity, provided further that such market operator, investment services provider or entity is not located in a Non-Cooperative State; and/or
- (c) admitted, at the time of their issue, to the operations of a central depository or of a securities delivery and payment systems operator within the meaning of Article L.561-2 of the French *Code monétaire et financier*, or of one or more similar foreign depositories or operators provided that such depository or operator is not located in a Non-Cooperative State.

Notes which are consolidated (assimilables for the purpose of French law) to form a single series with notes issued before 1 March 2010.

Payments of interest and other assimilated revenues made by the Issuer with respect to Notes which are consolidated (*assimilables* for the purpose of French law) and form a single series with notes issued before 1 March 2010 with the benefit of Article 131 *quater* of the French *Code général des impôts* will be exempt from the withholding tax set out under Article 125 A III of the French *Code général des impôts*.

Notes issued before 1 March 2010 and for which the initial maturity date has not been extended or Notes which are consolidated (*assimilables* for the purpose of French law) and form a single series with notes issued before 1 March 2010, whether denominated in Euro or in any other currency, and constituting *obligations* under French law, or *titres de créances négociables* within the meaning of the *Bulletin Officiel des Finances Publiques - Impôts* (BOI-RPPM-RCM-30-10-30-30 dated 20 December 2019, no. 50), or other debt securities issued under French or foreign law and considered by the French tax authorities as falling into similar categories, are deemed to be issued outside France for the purpose of Article 131 *quater* of the French *Code général des impôts*, in accordance with the aforementioned *Bulletin Officiel des Finances Publiques - Impôts*.

In addition, according to Article 238 A of the French *Code général des impôts*, interest and other assimilated revenues paid by the Issuer on Notes and which are to be consolidated (*assimilables* for the purpose of French law) and form a single series with notes issued before 1 March 2010 will not be subject to the Deductibility Exclusion and hence will not be subject to the withholding tax set out in Article 119 *bis* 2 of the French *Code général des impôts* solely on account of their being paid to an account held with a financial institution established in a Non-Cooperative State or accrued or paid to persons established or domiciled in a Non-Cooperative State.

Payments made to individuals fiscally domiciled in France

Pursuant to Article 125 A I of the French *Code général des impôts*, subject to certain exceptions, interest and other assimilated revenues paid by a paying agent (*établissement payeur*) established in France to individuals who are fiscally domiciled (domiciliés fiscalement) in France are subject to a 12.8 per cent. withholding tax, that is a prepayment of the income tax in respect of the year in which the payment has been made. Social contributions

(CSG, CRDS and solidarity levy) are also levied by way of withholding at an aggregate rate of 17.2 per cent. on such interest and assimilated revenues paid to individuals who are fiscally domiciled (domiciliés fiscalement) in France, subject to certain exceptions.

SUBSCRIPTION AND SALE

Summary of Dealer Agreement

Subject to the terms and on the conditions contained in an amended and restated dealer agreement dated 20 July 2021 (as amended or supplemented from time to time, the “**Dealer Agreement**”) between the Issuer, Banque Fédérative du Crédit Mutuel, Barclays Bank Ireland PLC, BNP Paribas, Credit Suisse Securities Sociedad de Valores S.A., Goldman Sachs Bank Europe SE, HSBC Continental Europe, J.P. Morgan AG and NatWest Markets N.V. (the “**Permanent Dealers**”) and BNP Paribas, as arranger of the Programme (the “**Arranger**”), the Notes will be offered on a continuous basis by the Issuer to the Permanent Dealers. However, the Issuer has reserved the right to sell Notes directly on its own behalf to dealers that are not Permanent Dealers (such dealers together with the Permanent Dealers, the “**Dealers**”). The Notes may be resold at prevailing market prices, or at prices related thereto, at the time of such resale, as determined by the relevant Dealer. The Notes may also be sold by the Issuer through the Dealers, acting as agent of the Issuer. The Dealer Agreement also provides for Notes to be issued in syndicated Tranches that are jointly and severally underwritten by two or more Dealers.

The Issuer will pay each relevant Dealer a commission as agreed between them in respect of Notes subscribed by it. The commissions in respect of an issue of Notes on a syndicated basis will be stated in the relevant Final Terms.

The Issuer has agreed to indemnify the Dealers against certain liabilities in connection with the offer and sale of the Notes. The Dealer Agreement entitles the Dealers to terminate any agreement that they make to subscribe Notes in certain circumstances prior to payment for such Notes being made to the Issuer.

Selling Restrictions

United States

The Notes have not been, and will not be, registered under the U.S. Securities Act of 1933, as amended, (the “**Securities Act**”) and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons except in certain transactions exempt from the registration requirements of the Securities Act. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act (“**Regulation S**”).

English Law Notes in bearer form and French Law Notes issued in Materialised Notes having a maturity of more than one year are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a United States person, except in certain transactions permitted by U.S. tax regulations. Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code of 1986, as amended, and regulations thereunder.

Each Dealer has represented and agreed and each further Dealer appointed under the Programme will be required to represent and agree that, except as permitted by the Dealer Agreement, it will not offer, sell or deliver the Notes of any identifiable Tranche, (i) as part of their distribution at any time or (ii) otherwise until 40 days after completion of the distribution of such Tranche, within the United States or to, or for the account or benefit of, U.S. persons, and it will have sent to each dealer to which it sells Notes during the distribution compliance period a confirmation or other notice setting forth the restrictions on offers and sales of the Notes within the United States or to, or for the account or benefit of, U.S. persons. Terms used in the preceding sentence have the meaning given to them by Regulation S.

The Notes are being offered and sold outside the United States to non-U.S. persons in reliance on Regulation S.

In addition, until 40 days after the commencement of the offering of any identifiable Tranche, an offer or sale of Notes within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act if such offer or sale is made otherwise than in accordance with an available exemption from registration under the Securities Act.

Prohibition of Sales to EEA Retail Investors

Unless the Final Terms in respect of any Notes specifies the “Prohibition of Sales to EEA Retail Investors” as “Not Applicable”, each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered, sold or otherwise made available and will not offer, sell or otherwise make available any Notes which are the subject of the offering contemplated by this Base Prospectus as completed by the Final Terms in relation thereto to any retail investor in the European Economic Area. For the purposes of this provision:

- (a) the expression “retail investor” means a person who is one (or more) of the following:
 - (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, “**MiFID II**”); or
 - (ii) a customer within the meaning of Directive (EU) 2016/97, as amended, where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or
 - (iii) not a qualified investor as defined in Regulation (EU) 2017/1129, as amended (the “**Prospectus Regulation**”); and
- (b) the expression an “**offer**” includes the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe the Notes.

Non-Exempt Offer Selling Restriction under the Prospectus Regulation

If the Final Terms in respect of any Notes specifies the “Prohibition of Sales to EEA Retail Investors” as “Not Applicable”, each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not made and will not make an offer of Notes which are the subject of the offering contemplated in this Base Prospectus (or the tranche prospectus, as the case may be) as completed by the Final Terms in relation thereto to the public in any Member State of the European Economic Area (each, a “**Member State**”) except that it may make an offer of such Notes to the public in that Member State:

- (a) if the Final Terms specify that an offer of those Notes may be made other than pursuant to Article 1(4) of the Prospectus Regulation in that Member State (a “**Non-exempt Offer**”), following the date of publication of a prospectus in relation to such Notes which has been approved by the competent authority in that Member State or, where appropriate, approved in another Member State and notified to the competent authority in that Member State, provided that (i) the Issuer has given its written consent and (ii) any such prospectus has subsequently been completed by the Final Terms contemplating such Non-exempt Offer, in accordance with the Prospectus Regulation, in the period beginning and ending on the dates specified in such prospectus or final terms, as applicable and the Issuer has consented in writing to its use for the purpose of that Non-exempt Offer;
- (b) at any time to any legal entity which is a qualified investor as defined under the Prospectus Regulation;
- (c) at any time to fewer than 150, natural or legal persons (other than qualified investors as defined in the Prospectus Regulation), subject to obtaining the prior consent of the relevant Dealer or Dealers nominated by the Issuer for any such offer; or
- (d) at any time in any other circumstances falling within Article 1(4) of the Prospectus Regulation,

provided that no such offer of Notes referred to in (b) to (d) above shall require the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Regulation or supplement a prospectus pursuant to Article 23 of the Prospectus Regulation.

For the purposes of this provision, the expression an “**offer of Notes to the public**” in relation to any Notes in any Member State means the communication in any form and by any means of sufficient information on the terms

of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe the Notes, as the same may be varied in that Member State by any measure implementing the Prospectus Regulation in that Member State and the expression “**Prospectus Regulation**” means Regulation (EU) 2017/1129, as amended.

Belgium

The following selling restriction shall apply to offers of Notes in Belgium in addition to the “Public Offer Selling Restrictions under the Prospectus Regulation”.

The Notes are not intended to be sold to Belgian Consumers. Accordingly, each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered or sold and will not offer or sell, directly or indirectly, Notes to Belgian Consumers, and has not distributed or caused to be distributed and will not distribute or cause to be distributed, the Base Prospectus, the relevant Final Terms or any other offering material relating to the Notes to Belgian Consumers.

For these purposes, a “**Belgian Consumer**” has the meaning provided by the Belgian Code of Economic Law, as amended from time to time (*Wetboek van 28 februari 2013 van economisch recht/Code du 28 février 2013 de droit économique*), being any natural person resident or located in Belgium and any acting for purposes which are outside his/her trade, business or profession.

United Kingdom

Prohibition of Sales to UK Retail Investors

Unless the Final Terms in respect of any Notes specifies the “Prohibition of Sales to UK Retail Investors” as “Not Applicable”, each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered, sold or otherwise made available and will not offer, sell or otherwise make available any Notes which are the subject of the offering contemplated by this Base Prospectus as completed by the Final Terms in relation thereto to any retail investor in the United Kingdom. For the purposes of this provision,

- (a) the expression “**retail investor**” means a person who is one (or more) of the following:
 - (i) a retail client, as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of UK domestic law by virtue of the European Union (Withdrawal) Act 2018 (“**EUWA**”); or
 - (ii) a customer within the meaning of the provisions of the Financial Services and Markets Act 2000, as amended (“**FSMA**”) and any rules or regulations made under the FSMA to implement Directive (EU) 2016/97, where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of UK domestic law by virtue of the EUWA; or
 - (iii) not a qualified investor as defined in Article 2 of the Prospectus Regulation as it forms part of UK domestic law by virtue of the EUWA (the “**UK Prospectus Regulation**”); and
- (b) the expression an “**offer**” includes the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe for the Notes

Non-Exempt Offer Selling Restriction under the UK Prospectus Regulation

If the Final Terms in respect of any Notes specifies “Prohibition of Sales to UK Retail Investors” as “Not Applicable”, each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not made and will not make an offer of Notes which are the subject of the offering contemplated by this Base Prospectus (or the tranche prospectus, as the case may be) as

completed by the Final Terms in relation thereto to the public in the United Kingdom except that it may make an offer of such Notes to the public in the United Kingdom, *inter alia*:

- (a) if the Final Terms specify that an offer of those Notes may be made other than pursuant to section 86 of the FSMA (a “**Non-exempt Offer**”), following the date of publication of a prospectus in relation to such Notes which either (i) has been approved by the Financial Conduct Authority, or (ii) is to be treated as if it had been approved by the Financial Conduct Authority in accordance with the transitional provision in Regulation 74 of the Prospectus (Amendment etc.) (EU Exit) Regulations 2019, provided that any such prospectus has subsequently been completed by final terms contemplating such Non-Exempt Offer, in the period beginning and ending on the dates specified in such prospectus or final terms, as applicable and the Issuer has consented in writing to its use for the purpose of that Non-exempt Offer;
- (b) at any time to any legal entity which is a qualified investor as defined in Article 2 of the UK Prospectus Regulation;
- (c) at any time to fewer than 150 natural or legal persons (other than qualified investors as defined in Article 2 of the UK Prospectus Regulation) in the United Kingdom subject to obtaining the prior consent of the relevant Dealer or Dealers nominated by the Issuer for any such offer; or
