This Base Prospectus (the "**Base Prospectus**"), constitutes a separate base prospectus in respect of each Issuer for the purposes of Article 5.4 of Directive 2003/71/EC, as amended by Directive 2010/73/EC (the "**Prospectus Directive**"). Any Notes issued under the Programme on or after the date of this Base Prospectus are issued subject to the provisions herein. This does not affect any Notes already issued. Application has been made to the *Commission de surveillance du secteur financier* (the "**CSSF**") in Luxembourg in its capacity as competent authority under the Luxembourg Act dated 10 July 2005 relating to prospectuses for securities, as amended (the "**Luxembourg Prospectus Act**") for approval of this prospectus as a Base Prospectus. Application has also been made to the Luxembourg Stock Exchange for Notes issued under this Programme to be admitted to the official list of the Luxembourg Stock Exchange (the "**Official List**") and to be admitted to trading on the Luxembourg Stock Exchange's regulated market. References in this Base Prospectus to the Notes being "listed" and all related references shall mean that the Notes have been admitted to the Official List and admitted to trading on the Luxembourg Stock Exchange's regulated market. The Luxembourg Stock Exchange's regulated market is a regulated market for the purposes of Directive 2004/39/EC on Markets in Financial Instruments appearing on the list of regulated markets published by the European Securities and Markets Authority (each such market being a "**Regulated Market**"). Application may also be made to the competent authority of any other Member State of the European Economic Area ("**EEA**") for Notes issued under the Programme to be listed and admitted to trading on any Regulated Market in such Member State. The Issuer may also issue Notes under the Programme that are not listed on any stock exchange or Regulated Market. The relevant Final Terms (as defined below) in respect of each issue of Notes will specify whether such Notes will be listed and, if so, the relevant Regulated Market or stock exchange(s).

By approving this Base Prospectus the Commission Surveillance du Secteur Financier (the "**CSSF**") gives no undertaking as to the economic or financial opportuneness of the transaction or the quality and solvency of the Issuer or Guarantor in line with the provisions of Article 7(7) of the Luxembourg Law dated 10 July 2005 on prospectuses for securities.

Notes will be in such denomination(s) as may be specified in the relevant Final Terms, save that the minimum denomination of each Note will be €1,000 in respect of Notes issued by Unibail-Rodamco and not less than €100,000 in respect of the other Issuers, and if the Notes are denominated in a currency other than euro, the equivalent amount in such currency at the issue date, or such higher amount as may be allowed or required from time to time by the relevant central bank (or equivalent body) or any laws or regulations applicable to the relevant specified currency.

Each Series (as defined in "General Description of the Programme") of Notes will be represented on issue by a temporary global note (each a "**temporary Global Note**") or a permanent global note (each a "**permanent Global Note**" and, together with a temporary Global Note, "**Global Notes**") without coupons attached. If the Global Notes are stated in the applicable Final Terms to be issued in new global note form ("**New Global Notes**" or "**NGNs**") they may be intended to be eligible collateral for Eurosystem monetary policy and the Global Notes will be delivered on or prior to the original issue date of the relevant Tranche to a common safekeeper (the "**Common Safekeeper**") for Euroclear Bank S.A./N.V. ("**Euroclear**") and Clearstream banking, société anonyme ("**Clearstream, Luxembourg**").

Global Notes which are not issued in NGN form ("**Classic Global Notes**" or "**CGNs**") may (a) in the case of a Tranche intended to be cleared through Euroclear and/or Clearstream, Luxembourg, be deposited on the issue date with a common depository on behalf of Euroclear and Clearstream, Luxembourg, and (b) in the case of a Tranche intended to be cleared through Euroclear France S.A. ("**Euroclear France**") on the issue date with Euroclear France, acting as central depository and (c) in the case of a Tranche intended to be cleared through a clearing system other than, or in addition to, Euroclear and Clearstream, Luxembourg or delivered outside a clearing system, be deposited as agreed between the Issuer and the relevant Dealer (as defined in "General Description of the Programme").

The provisions governing the exchange of interests in Global Notes for other Global Notes and definitive Notes are described in "Summary of Provisions Relating to the Notes while in Global Form".

The Programme has been rated A by Standard & Poor's Ratings Services, a division of The McGraw-Hill Companies Inc. ("**S&P**"), and A+ by Fitch Ratings Ltd ("**Fitch**"). Notes issued under the Programme may be rated or unrated. Where an issue of Notes is rated, its rating will not necessarily be the same as the rating applicable to the Programme. Whether or not a rating in relation to any Notes will be treated as having been issued by a credit rating agency established in the European Union and registered under Regulation (EU) No 1060/2009, as amended by Regulation (EU) No. 513/2011 (the "**CRA Regulation**"), will be disclosed in the relevant Final Terms and, if the credit rating agency is registered under the CRA Regulation, the Final Terms shall specify that such credit rating agency is included in the list of credit rating agencies published by the European Securities and Market Authority on its website (<http://www.esma.europa.eu/page/List-registered-and-certified-CRAs>) in accordance with the CRA Regulation. In general, European regulated investors are restricted from using a rating for regulatory purposes if such rating is not issued by a credit rating agency established in the European Union and registered under the CRA Regulation. Each of S&P and Fitch is established in the European Union and registered under the CRA Regulation. A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, change or withdrawal at any time by the assigning rating agency. The issue price, interest (if any) payable, the aggregate nominal amount and other terms and conditions not contained herein which are applicable to each Tranche (as defined under "General Description of the Programme") of Notes to be issued under the Programme will be determined by the relevant Issuer, the Guarantor, where applicable, and the Relevant Dealer(s) based on the prevailing market conditions at the time of the issue of such Notes and will be set out in the relevant Final Terms.

Subsidiary”, “**Value**” means (A) with respect to any entity fully or proportionally consolidated by Unibail-Rodamco, the revalued value (as defined below) of Unibail-Rodamco’s assets, (B) with respect to any entity consolidated under the equity method by Unibail-Rodamco, the value of such entity’s equity, calculated on the basis of the revalued value of such entity’s assets, in accordance with the accounting principles adopted by Unibail-Rodamco for its financial statements for the most recent financial year and in proportion to the stake held by Unibail-Rodamco, and (C) with respect to Unibail-Rodamco, the total Value, determined in accordance with (A) and (B) above, of all assets and of all entities in which Unibail-Rodamco holds, directly or indirectly, an equity interest as they appear in the latest published audited consolidated balance sheet of Unibail-Rodamco. The “**revalued value**” of an asset for the purpose of this definition means the value of that asset determined by reference to valuations provided by independent appraisers for real estate assets and included in the latest published audited accounts (on a consolidated basis if such accounts are prepared) of Unibail-Rodamco or the relevant Subsidiary, as the case may be, as the value of that asset.

In the event that, for any reason, the calculations of the Value of a Subsidiary or Unibail-Rodamco are not available after the close of any financial year at a time when it is necessary to determine whether a Subsidiary is a Principal Subsidiary, “**Principal Subsidiary**” shall mean, with respect to such year, a Subsidiary of Unibail-Rodamco whose operating income (or, where the Subsidiary in question prepares consolidated accounts, whose consolidated operating income) attributable to Unibail-Rodamco represents not less than 7 per cent. of the consolidated operating income of Unibail-Rodamco, all as calculated by reference to the then latest audited accounts (or consolidated accounts, as the case may be) of such Subsidiary and the then latest audited consolidated accounts of Unibail-Rodamco and its consolidated Subsidiaries; or

- to which is transferred all or substantially all the assets and undertakings of a Subsidiary which, immediately prior to such transfer, is a Principal Subsidiary.

“**Relevant Debt**” means any present or future indebtedness in the form of or represented by bonds, notes (*obligations*), other securities (*titres financiers*, as referred to in Article L.211-1 II of the French *Code monétaire et financier* (but excluding securities referred to in paragraphs II-1 and II-3 of such Article and *copies exécutoires à ordre*)), which are or are capable of being quoted, admitted to trading or ordinarily dealt in on any regulated market.

“**Security Interest**” means any mortgage, lien, charge, pledge or other form of security interest (*a sûreté réelle*).

“**Subsidiary**” means, in relation to any person or entity at any time, any other person or entity (whether or not now existing) that is controlled directly or indirectly, or more than 50 per cent. of whose issued share capital (or equivalent) is held or owned, by such person or entity and/or any of such person or entity’s subsidiaries at such time. For a person or entity to be “**controlled**” by another person or entity means that such other person or entity holds or owns, either directly or indirectly, a percentage of the share capital of such person or entity which entitles it to exercise a majority of voting rights at the general assemblies of such person or entity.

Section D –Risk Factors

D.2	Key information on the key risks that are specific to the Issuer	<p>There are certain factors that may affect the Issuer's ability to fulfil its obligations under the Notes issued under the Programme:</p> <ul style="list-style-type: none"> • Global Financial Crisis and Eurozone Debt Crisis: the default, or a significant decline in the credit rating, of one or more sovereigns or financial institutions could cause severe stress in the financial system generally and could adversely affect the markets in which the Issuers operate and the businesses and economic condition and prospects of the Issuers' counterparties, customers, suppliers or creditors, directly or indirectly, in ways which are difficult to predict; • The capacity of assets to generate sufficient income: the income-producing capacity of the properties may be adversely affected by various factors related to the properties themselves or of a more general nature; • Property leasing risks: the Issuer ability to make payments under the Notes issued under the Programme may be dependent on payments made by the tenants; • Risks arising from trends in the property market: the Issuer's activities are exposed to specific systemic risks such as the cyclical nature of the commercial property sector; • Risks arising from property asset construction and refurbishment projects and asset acquisition and disposal projects which are linked to securing the requisite legal administrative authorisations, controlling construction costs and achieving a good letting rate for properties; • Tenant insolvency risks: the ability of the Issuer to collect rents depends on the solvency of the its tenants; • Legal and regulatory risks: the Issuer has to comply with a wide variety of laws and regulations (for example, securities law, general regulations of the competition authorities, urban planning regulations, lease laws, environmental regulations and the SIIC regime) and changes in the regulatory framework could impact the business activities, the assets or the strategy of the Issuer. The Issuer could also be involved in legal proceedings; • Tax risks linked to special tax regimes: the Issuer is exposed to changes in taxes rules in all countries it operates in; • Environmental risks: the Issuer has to comply with environmental regulations and the introduction of new regulations could potentially affect its results or general liability; • Insurance-related risks: the Issuer depends on the insurance markets and their financial capacities to cover its risks; • Market risks: the Unibail-Rodamco Group, through its

		<p>activities, is exposed to market risks which can generate losses as a result of fluctuations in interest rates and/or currency exchange rates. The Unibail-Rodamco Group is exposed to interest-rate risks on the loans it has taken out to finance its investments. The Unibail-Rodamco Group is exposed to foreign exchange risks because it operates in countries outside the Euro-zone;</p> <ul style="list-style-type: none"> • Liquidity risks: The Unibail-Rodamco Group could encounter difficulties in raising funds and, as a result, lack the access to liquidity that it needs. These events could also affect the cost of its financing and lead to an increase of the financial expenses of the Unibail-Rodamco Group; • Counterparty risks: A large number of major international financial institutions are counterparties to the interest rate derivatives and/or foreign exchange contracts and deposits contracted by the Unibail-Rodamco Group. In the case of default by a counterparty, the Unibail-Rodamco Group could lose all or part of its deposits or may lose the benefit from hedges signed with such counterparties; • Risks related to Unibail-Rodamco Group securities: the price of the Issuer's securities could be volatile and could be affected by events affecting the Issuer or the financial markets in general; • Risks linked to key managers: the departure of a top management team member could have impact upon the business, the financial situation and the results of the Issuer; • Risks related to the Unibail-Rodamco Group's geographic presence: part of the business of the Issuer may be conducted in markets where the Issuer may be exposed to various risks and if the Issuer operates in a country outside the euro zone, a depreciation of the currency of these countries may also reduce the value of the Issuer's portfolio; • Information Technology (IT) risks: Unibail-Rodamco Group's IT risk management approach is based on a security policy, a change management policy and a business recovery management; • Risks in the production of financial and accounting data: there could be financial risks during accounting works; • Expropriation and compulsory acquisition of properties: expropriation and the receipt of a compensation below the actual value of the assets could affect the financial situation of the Issuer; • Credit ratings may not reflect all risks: the ratings may not reflect the potential impact of all risks related to structure, market and other factors that may affect the value of the Notes; and • Risks associated with possible conflicts of interest: potential conflicts of interest with companies where the

D.3	Key information on the key risks that are specific to the Notes	<p><i>There are certain factors that may affect the Notes issued under the Programme, including:</i></p> <p><i>The trading market for debt securities may be volatile and may be adversely impacted by many events.</i></p> <p>The market for debt securities issued by the Issuer is influenced by economic and market conditions and, to varying degrees, market conditions, interest rates, currency exchange rates and inflation rates in other European and other industrialised countries.</p> <p><i>An active trading market for the Notes may not develop.</i></p> <p>There can be no assurance that an active trading market for the Notes will develop, or, if one does develop, that it will be maintained. Such right of termination is often provided for bonds or notes in periods of high interest rates. As a consequence, the yields received upon redemption may be lower than expected, and the redeemed</p>

Special Drawing Rights basket created by the International Monetary Fund, there is no assurance that the PRC Government will continue to gradually liberalise control over cross-border remittance of RMB in the future, that the schemes for RMB cross-border utilisation will not be discontinued or that new regulations in the PRC will not be promulgated in the future which have the effect of restricting or eliminating the remittance of RMB into or out of the PRC. In the event that funds cannot be repatriated out of the PRC in RMB, this may affect the overall availability of RMB outside the PRC and the ability of the Issuer to source RMB to finance its obligations under Notes denominated in RMB.

There is only limited availability of RMB outside the PRC, which may affect the liquidity of the RMB Notes and the Issuer's ability to source RMB outside the PRC to service RMB Notes

As a result of the restrictions by the PRC Government on cross-border RMB fund flows, the availability of RMB outside the PRC is limited. While the People's Bank of China ("**PBoC**") has entered into agreements on the clearing of RMB business with financial institutions in a number of financial centres and cities (the "**RMB Clearing Banks**"), including but not limited to Hong Kong and are in the process of establishing RMB clearing and settlement mechanisms in several other jurisdictions (the "**Settlement Arrangements**"), the current size of RMB denominated financial assets outside the PRC is limited.

There are restrictions imposed by PBoC on RMB business participating banks in respect of cross-border RMB settlement, such as those relating to direct transactions with PRC enterprises. Furthermore, RMB business participating banks do not have direct RMB liquidity support from PBoC. The RMB Clearing Banks only have access to onshore liquidity support from PBoC for the purpose of squaring open positions of participating banks for limited types of transactions and are not obliged to square for participating banks any open positions resulting from other foreign exchange transactions or conversion services. In such cases, the participating banks will need to source RMB from outside the PRC to square such open positions.

Although it is expected that the offshore RMB market will continue to grow in depth and size, its growth is subject to many constraints as a result of PRC laws and regulations on foreign exchange. There is no assurance that new PRC regulations will not be promulgated or the Settlement Arrangements will not be terminated or amended in the future which will have the effect of restricting availability of RMB outside the PRC. The limited availability of RMB outside the PRC may affect the liquidity of the RMB Notes. To the extent the Issuer is required to source RMB in the offshore market to service its RMB Notes, there is no assurance that the Issuer will be able to source such RMB on satisfactory terms, if at all.

Investment in the RMB Notes is subject to currency risk.

Except in limited circumstances, all payments of RMB under Notes denominated in RMB to an investor will be made solely by transfer to a RMB bank account maintained in Hong Kong or a financial centre in which a RMB Clearing Bank clears and settles RMB in accordance

	<p>with the prevailing rules and regulations and in accordance with the RMB Notes. The Issuer cannot be required to make payment by any other means (including in any other currency or by transfer to a bank account in the PRC). RMB is not freely convertible at present, and despite a movement towards liberalisation of cross-border RMB remittances, notably in the current account activity, there is no assurance that the PRC government will continue such movement in the future or that new PRC regulations will not be promulgated in the future which have the effect of restricting or eliminating the remittance of RMB into or outside the PRC.</p> <p>Holders of RMB Notes may be required to provide certifications and other information (including RMB account information) in order to allow such Holder to receive payments in RMB in accordance with the RMB clearing and settlement system for participating banks in Hong Kong, Singapore and Taiwan.</p> <p>In addition, there can be no assurance that access to RMB for the purposes of making payments under such Notes or generally may remain or will not become restricted. If it becomes impossible to convert RMB from/to another freely convertible currency, or transfer RMB between accounts in Hong Kong or a financial centre in which a RMB Clearing Bank clears and settles RMB, or the general RMB exchange market outside the PRC becomes illiquid, any payment of RMB under the Notes may be delayed or the Issuer may make such payments in another currency selected by the Issuer using an exchange rate determined by the Calculation Agent, or the Issuer may redeem the Notes by making payment in another currency. For persons holding RMB Notes through Euroclear France, Euroclear or Clearstream, Luxembourg, payments will also be made subject to the procedures of Euroclear France, Euroclear or Clearstream, Luxembourg, as applicable.</p> <p>If the Issuer is not able, or it is impracticable for it, to satisfy its obligation to pay interest and principal on the RMB Notes as a result of Inconvertibility, Non-transferability or Illiquidity (each, as defined in the Conditions), the Issuer shall be entitled, on giving not less than five or more than 30 calendar days' irrevocable notice to the investors prior to the due date for payment, to settle any such payment in U.S. Dollars on the due date at the U.S. Dollar Equivalent (as defined in the Conditions) of any such interest or principal, as the case may be.</p> <p><i>Investment in the RMB Notes is subject to exchange rate risk.</i></p> <p>The value of RMB against other foreign currencies fluctuates from time to time and is affected by changes in the PRC and international political and economic conditions as well as many other factors. Recently, the PBoC implemented changes to the way it calculates the RMB's daily mid-point against the U.S. dollar to take into account market-maker quotes before announcing such daily mid-point. This change, and others that may be implemented, may increase the volatility in the value of the RMB against foreign currencies. All payments of interest and principal will be made in RMB with respect to RMB Notes unless otherwise specified. As a result, the value of these RMB payments may vary with the changes in the prevailing exchange rates in the marketplace. If the value of RMB depreciates</p>

		<p>against another foreign currency, the value of the investment made by a holder of the RMB Notes in that foreign currency will decline.</p> <p><i>Investment in the RMB Notes is subject to interest rate risk.</i></p> <p>The PRC Government has gradually liberalised its regulation of interest rates in recent years. Further liberalisation may increase interest rate volatility. In addition, the interest rate for RMB in markets outside the PRC may significantly deviate from the interest rate for RMB in the PRC as a result of foreign exchange controls imposed by PRC law and regulations and prevailing market conditions.</p> <p>As RMB Notes may carry a fixed interest rate, the trading price of the RMB Notes will consequently vary with the fluctuations in the RMB interest rates. If holders of the RMB Notes propose to sell their RMB Notes before their maturity, they may receive an offer lower than the amount they have invested.] <i>[To insert if applicable]</i></p>

RISK FACTORS

The Issuers and the Guarantor believe that the following factors may affect their ability to fulfil their obligations under Notes issued under the Programme. All of these factors are contingencies which may or may not occur and the Issuers and the Guarantor are not in a position to express a view on the likelihood of any such contingency occurring. The risk factors may relate to the Issuers or the Guarantor or any of their subsidiaries or affiliates.

Factors which the Issuers and the Guarantor believe may be material for the purpose of assessing the market risks associated with the Notes issued under the Programme are also described below.

The Issuers and the Guarantor believe that the factors described below represent the principal risks inherent in investing in the Notes issued under the Programme, but the inability of each of the Issuers (or the Guarantor) to pay interest, principal or other amounts on or in connection with any Notes may occur for other reasons. Prospective investors should also read the detailed information set out elsewhere in this Base Prospectus (including any documents incorporated by reference herein) and reach their own views prior to making any investment decision.

References in this Risk Factors section to the “Unibail-Rodamco Group” are to the group consisting of the Guarantor and its subsidiaries, including the Issuers.

Certain additional risk factors relating to the Unibail-Rodamco Group are set out in the Unibail-Rodamco 2015 Annual and Sustainable Development Report as incorporated by reference herein. See “Documents Incorporated by Reference”.

Risk Factors relating to the Issuers and the Guarantor

Risks related to the market generally

- **Global Financial Crisis and Eurozone Debt Crisis**

Concerns about credit risk (including those of sovereigns) and the Eurozone crisis have recently intensified. The large sovereign debts and/or fiscal deficits of a number of European countries and the U.S. have raised concerns regarding the financial condition of financial institutions, insurers and other corporates: (i) located in these countries; (ii) that have direct or indirect exposure to these countries; and/or (iii) whose banks, counterparties, custodians, customers, service providers, sources of funding and/or suppliers have direct or indirect exposure to these countries. The default, or a significant decline in the credit rating, of one or more sovereigns or financial institutions could cause severe stress in the financial system generally and could adversely affect the markets in which the Issuers and the Guarantor operate and the businesses and economic condition and prospects of the Issuers' and the Guarantor's counterparties, customers, suppliers or creditors, directly or indirectly, in ways which are difficult to predict.

The impact of these conditions could be detrimental to the Issuers and/or the Guarantor and could adversely affect: their businesses, operations and profitability; their solvency and the solvency of their counterparties, custodians, customers and service providers; their credit rating; their share price; the value and liquidity of their assets and liabilities; the value and liquidity of the Notes; and/or the ability of the Issuers to meet their obligations under the Notes and under their debt obligations more generally.

Prospective investors should ensure that they have sufficient knowledge and awareness of the Eurozone crisis, global financial crisis and the economic situation and outlook as they consider necessary to enable them to make their own evaluation of the risks and merits of an investment in the Notes. In particular, prospective investors should take into account the considerable uncertainty as to how the Eurozone crisis, the global financial crisis and the wider economic situation will develop over time.

Factors that may affect the Issuers' and Guarantor's ability to fulfil its obligations under Notes issued under the Programme

The proceeds of the Notes issued under the Programme will permit the Issuers to address their general financing needs, and in particular to finance existing or future development projects. The issue of the Notes will also allow the Unibail-Rodamco Group to diversify its sources of financing. To make payments on the Notes issued under the Programme, the Issuers will depend, in particular, on the income it receives from its business operations.

The level of cash flows generated by its business operations depends on the following factors, among others:

- **The capacity of assets to generate sufficient income**

The income-producing capacity of the properties may be adversely affected by a large number of factors. Some of these factors relate to the properties themselves, such as:

- (i) the age, design, technical features, location and construction quality of the properties;
- (ii) applicable regulations and perceptions regarding the safety, convenience and attractiveness of the properties;
- (iii) the proximity and attractiveness of competing office buildings, shopping centres or convention-exhibition centres or any new competing assets;
- (iv) the adequacy of the properties' management and maintenance;
- (v) increases in operating expenses;
- (vi) an increase in the capital expenditures needed to maintain the properties or make improvements or assume costs needed to comply with applicable regulations;
- (vii) vacancy rates of assets;
- (viii) a decline in rental rates as leases are renewed or entered into with new tenants;
- (ix) incapacity of tenants to pay rents;
- (x) non-renewal of the leases or renewal in bad financial conditions;
- (xi) illiquidity of assets disrupting the capacity to sell assets or to sell them at prices sufficient for the Unibail-Rodamco Group to pay its liabilities; and
- (xii) evolution of valuation of assets.

Other factors of a more general nature, such as:

- (a) national, regional or local economic and/or politic conditions (including plant closures, industry slowdowns and unemployment rates);
- (b) local property conditions from time to time (such as an oversupply or undersupply of office, retail or warehouse space);
- (c) demographic factors;
- (d) consumer confidence;
- (e) consumer tastes and preferences; and
- (f) changes in building codes, planning and zoning regulations or, more generally, any other regulatory changes.

- **Property leasing risks**

The Issuers' and Guarantor's ability to make payments under the relevant Notes issued under the Programme may be dependent on payments being made by the tenants. Each tenant may become unable to meet its obligations under the relevant lease or may fail to pay the rents on the due date or at all.

Statutory rights of tenants

In each country where the Unibail-Rodamco Group operates, the number of statutory rights of tenants under the leases may affect the net cash flow realised from the properties or cause delay in the payment of the rental income.

Such rights may, in some countries but not necessarily all countries in which the Unibail-Rodamco Group operates, include in particular, but are not limited to, the following as per current applicable regulations:

- (i) whether or not one of the Issuers or the Guarantor as landlord is in default of its obligations under a lease, the tenant may have the right under general principles of French law (*principe d'exception d'inexécution*) to retain its rental payments until the default is cured or refrain from performing its other obligations thereunder;
- (ii) whether or not one of the Issuers or the Guarantor as landlord is in default of its respective obligations under a lease, a tenant may have the right to reduce its rent and/or to spread the awarded payment into instalments;
- (iii) whether or not one of the Issuers or the Guarantor as landlord is in default of its respective obligations under a lease, a tenant may have the right to terminate the lease for cause;
- (iv) under Swedish rental law, if a tenant has a claim on the landlord, which may or may not be based on the terms and conditions of a lease, such tenant has the possibility to deposit the full or part of the amount of the claim at the county administrative board. However, the deposited amount may not exceed the landlord's claim on the tenant;
- (v) a tenant may be entitled to an adequate rebate of the rent or compensation if the leased premises can be used only in a limited extent due to the failure of the landlord to fulfil its obligations;
- (vi) a legal right of set-off could be exercised by a tenant in respect of its rental obligations under the relevant lease if a reciprocal debt is owed to this tenant by the Issuers or the Guarantor as landlord or otherwise;
- (vii) French courts may in some circumstances grant time to the tenants in respect of their payment obligations under the leases or may reschedule the debt of the tenants (in both cases not in excess of two years);
- (viii) under Austrian law, the possibility exists to challenge each contract in its entirety, thus also a lease contract, due to the fact that the tenant might have been mistaken about important facts in the lease contract at the time of conclusion of the lease;
- (ix) a tenant may have the right to continue to occupy premises in case a lease agreement is concluded for a definite period of time, when such tenant is using the premises after the expiry of the term and the landlord fails to file within 30 days an application to the court for vacation of the premises; and
- (x) under French law, a tenant who owns a business (*fonds de commerce*) which has been legitimately carried out may acquire a protected leasehold right, subject to certain other conditions, and is entitled to the renewal of the lease (*droit au renouvellement*) upon its expiry or to compensation for eviction (*indemnité d'éviction*) should the landlord elect not to renew the lease. The compensation for eviction must compensate the tenant for any losses and costs incurred by it.

The exercise of any such rights may affect the ability of the Issuers and/or Guarantor to meet its obligations under the Notes issued under the Programme.

Force Majeure

Many jurisdictions where the Issuers or the Guarantor carry out their business recognise the right to terminate contracts (including leases) on the basis of impossibility of performance. For a party to be excused from performance on such grounds, there must occur a force majeure event; however, the test as to what constitutes a force majeure event may vary from jurisdiction to jurisdiction. Hence, the tenants under the leases may be released from the performance of their obligations under their respective leases when force majeure events make the performance of their obligations impossible.

Any such events may affect the ability of the Issuers and the Guarantor to meet their obligations under the Notes issued under the Programme.

- **Risks inherent in the Unibail-Rodamco Group's business activities**

Risks arising from trends in the property market

The Unibail-Rodamco Group is present in various sectors of the commercial property sector, specifically shopping centres, offices, convention-exhibitions and associated services. Apart from risk factors specific to each asset, the Unibail-Rodamco Group's activities are exposed to factors beyond its control and to specific systemic risks, such as the cyclical nature of the sector in which it operates. The Unibail-Rodamco Group's strategy and policies aim to hedge and curb the negative effects of these risks. However, sudden changes in the economic (including domestic consumption), financial, currency, regulatory, geopolitical, political, social, health and/or ecological environment may have a significant adverse effect on the Unibail-Rodamco Group, the value of its assets, its results, its distribution policy, its development plans and/or its investment/divestment activities.

A long-term deterioration in economic conditions with implications for the rental market may have a significant impact on the level of the Unibail-Rodamco Group's activities, its results, the value of its assets and its investment and development strategy.

The Unibail-Rodamco Group's assets (with the exception of certain development projects) are valued bi-annually, using the fair valuation method. The value of the Unibail-Rodamco Group's assets is sensitive to variation according to the valuers' principle assumptions (yield, rental value, occupancy rate) and is, therefore, susceptible to important variations that may impact the Unibail-Rodamco Group, its profile and/or its results.

Some of the Unibail-Rodamco Group's real estate assets depend on flagship stores to attract customers and could suffer a material adverse impact if one or more of these tenants were to terminate their respective leases or to fail to renew their lease, and/or to deal with a lack of attractiveness, and/or in the event of consolidation among these retail sector companies.

Risks arising from property asset construction and refurbishment projects and asset acquisition and disposal projects

The Unibail-Rodamco Group conducts construction and refurbishment activities in the office, shopping centre and convention-exhibition property segments, the principal risks of which are linked to: (i) securing the final requisite legal administrative authorisations (building permits, commercial licences, opening and/or operational licences, etc.); (ii) controlling construction costs (staying on time and on budget, managing fluctuations and technical constraints); and (iii) achieving a good letting rate for properties (letting of all surfaces at sufficient rent levels).

An asset acquisition or disposal project needs legal, financial, technical and commercial review. An acquisition may give rise to the materialisation of hidden liabilities and integration risks leading to values inferior to acquisition prices.

The Unibail-Rodamco Group may invest in higher risk profile cities in Europe in order to establish a dominant market position in key European cities. Higher risk profile involves emerging markets or areas which are politically less stable, have weaker economic prospects or have lower entry barriers for competition.

Tenant insolvency risks

The Unibail-Rodamco Group's ability to collect rents depends on the solvency of its tenants. Tenants' creditworthiness is taken into consideration by the Unibail-Rodamco Group before it enters into a specific lease. Nevertheless, it is possible that tenants may not pay rent on time or may default on payments, especially in the more difficult economic environments, and this could materially affect the Unibail-Rodamco Group's operating performance and/or its results. For information, 1% of unpaid rent represents €17 million.

Risks relating to the footfall in shopping centres

Any event, either accidental or not, likely to have a significant adverse effect on the footfall in Group's shopping centres, including but not limited to terrorist attacks or threats in this respect, could have correlatively a significant adverse effect on the financial position, the results or the outlook of the Group, as well as on the trading prices of securities traded on a regulated market issued by Unibail-Rodamco.

- **Legal, regulatory, tax, environmental and insurance-related risks**

Legal and regulatory risks

The Unibail-Rodamco Group has to comply with a wide variety of laws and regulations, including but not limited to: securities law and general regulations of the competition authorities, urban planning regulations, construction and operating permits and licences, health and safety regulations (particularly for assets that are open to the public), environmental regulations, lease laws, labour regulations and corporate and tax laws, in particular, in the case of Unibail-Rodamco, the provisions of the SIIC (*Sociétés d'Investissements Immobiliers Cotées*) regime and foreign equivalents. Changes in the regulatory framework and/or the loss of benefits associated with a status or an authorisation could require the Unibail-Rodamco Group to adapt and/or reduce its business activities, its assets or its strategy (including geographical presence), possibly leading to a material significant impact in the value of its property portfolio and/or its results, an increase in its expenses and/or a slowing or even halting of the development of certain investment or letting activities.

In the normal course of its business activities, the Unibail-Rodamco Group could be involved in legal proceedings (for instance regarding contractual responsibility, employers' liabilities, penal issues) and is subject to tax and administrative audits. Associated risks, in addition to financial risk, include reputational damage associated with the Unibail-Rodamco Group's image, ethics and way of doing business. To the best of the Issuers' knowledge, at the filing date of this Base Prospectus, none of the Issuers are involved in, or party to any government, judicial or arbitration proceeding (including all proceedings which the Company is aware of and which are either pending or threatened) which could have or have had during the last twelve months a material adverse effect on the results, the profitability or financial situation of the Issuers and/or the Unibail-Rodamco Group and are not reflected in its financial statements.

Tax risks linked to special tax regimes

General

The Unibail-Rodamco Group is subject to tax in the countries in which it operates. In some countries, a special tax regime for real estate investors exists, leading to a lower tax burden at the level of the Unibail-Rodamco Group, the basic principle being that a real estate company distributes most of its income, which subsequently is taxable at the level of the shareholders. If and to the extent the Unibail-Rodamco Group opts to make use of such system, it will be obliged to meet the conditions that are linked to the respective system.

France

In France, Unibail-Rodamco is subject to the SIIC tax regime. If Unibail-Rodamco does not respect the required conditions, it would become liable for standard corporate income tax which would have a significant adverse effect on its business activities and its results. Furthermore, if one or more of Unibail-Rodamco's shareholders, acting separately or together, reaches the 60 per cent ownership threshold for voting rights, this would cause Unibail-Rodamco to lose its SIIC status.

In addition to the above, Unibail-Rodamco could be faced with an additional 20 per cent tax charge on any distribution paid out of the SIIC result to a tax-exempt shareholder (excluding individuals) owning, directly or indirectly, 10 per cent or more of Unibail-Rodamco's share capital, in the event that the Company is unable to off-set this tax charge to such shareholders. For more details, refer to page 226 of the Unibail-Rodamco 2015 Annual and Sustainable Development Report.

The Netherlands

As reported in its press release dated 11 December 2009, the Issuers expect that the Dutch tax authorities will deny the status of FBI (*Fiscale Beleggings Instelling*) in The Netherlands for the Unibail-Rodamco Group's Dutch activities for 2010 onwards. Unibail-Rodamco still qualifies as a SIIC under the French SIIC regime. Differences between the French SIIC and the Dutch FBI regime, although materially insignificant in the Unibail-Rodamco Group's case, proved to be irreconcilable for the Dutch tax authorities.

Although the Issuers do not agree with the viewpoint of the Dutch tax authorities, it continues to apply a prudent view in its 2014 accounts, based on the assumption that the Dutch activities from 2010 onwards will be taxable. In light of the significant Dutch tax loss carried forward, identified by the Unibail-Rodamco Group's fiscal advisers in The Netherlands, this assumption should have no material impact on the financial position of the Unibail-Rodamco Group.

Spain

In Spain, the Unibail-Rodamco Group was able to enter the SOCIMI (*sociedades cotizadas de inversion en el mercado inmobiliario*) tax regime for most of its Spanish real estate assets in 2013. If the Unibail-Rodamco Group does not respect the required conditions, it would become liable for standard corporate income tax which would have a significant adverse effect on its business activities and its results.

Furthermore, if one or more of Unibail-Rodamco's shareholders would have a participation that equals 5 per cent or more and at the same time pay less than 10 per cent tax on its dividends received from Unibail-Rodamco, the Unibail-Rodamco Group could be faced with an additional 19 per cent tax charge on distributions paid out of the SOCIMI result.

Future changes

In all countries it operates in, the Unibail-Rodamco Group remains exposed to changes in tax rules that are currently in force, which can have a significant adverse effect on the Group, its results and its financial position.

Environmental risks

As property owners, or managers, the Issuers have to comply with local environmental and health regulations in each of the countries in which they are active. Failure to comply with these local environmental and health regulations, or the need to comply with significant new regulations that may be introduced in these domains, could lead to higher expenses or hamper the development of the Unibail-Rodamco Group's activities and could potentially affect the Unibail-Rodamco Group's results or general liability.

Moreover, each of the Unibail-Rodamco Group's real estate assets is potentially vulnerable to natural disasters (climate change, health or ecological crises, etc.) that may have a significant adverse effect on the affected properties, and similarly on the Group, its results and its financial position. Each year Unibail-Rodamco includes a chapter on Sustainability in its Annual and Sustainable Development Report. This report, also available on its website, deals with environmental group policy, targets and achievements. A specific section is dedicated to the Unibail-Rodamco Group policy for Health and Safety risk management on its assets.

The Unibail-Rodamco Group has been included in the Dow Jones Sustainability Index World since 2008 and the Dow Jones Sustainability Index Europe since 2012. No guarantee can be given regarding Unibail-Rodamco's inclusion in these indices going forward.

Terrorism risks

By their nature, and despite of the measures put in place by the Group on its own, and in close cooperation with public authorities in the country concerned, the property assets of the Group are potentially exposed to acts of terrorism which may have serious consequences on persons and property. The activity and the footfall of an asset which has been subject to an act of terrorism as well

as all or some assets located in the country concerned, would suffer variable consequences depending on the gravity of the event for a relatively long period of time and could have a significant adverse effect on the Group, its results and its financial position.

Insurance-related risks

Insurers could face economic difficulties resulting in them being unable to honour claims pursuant to the Unibail-Rodamco Group's insurance policies.

The Unibail-Rodamco Group depends on the insurances markets and their financial capacities to cover its risks. It could therefore experience insurance shortfalls or find it impossible to cover all or part of certain risks.

Some of the Unibail-Rodamco Group's potential losses may not be covered, or may be partially covered. In such instances, the Unibail-Rodamco Group could lose all or a portion of the capital invested in an asset, as well as the expected rents from the asset.

The Unibail-Rodamco Group may be exposed to a situation where the value (reconstruction cost) of one or more of its assets is wrongly assessed by its external property insurance valuers, which could impact the indemnification of the losses.

In case of a total or partial reconstruction of an asset after a loss, the execution of new leases during a less favourable market cycle than that in which the terminated leases were concluded, could lead to a decrease in the value of the asset.

In respect of assets which are managed by third parties, the Unibail-Rodamco Group may face a situation where insurance policies taken out by these external management companies, are no longer in force or provide an insufficient coverage in case of loss.

- **Risks related to information systems**

The Unibail-Rodamco Group relies on communication and information systems to conduct its business. Any failure, interruption or breach in security of these systems could result in failures or interruptions to its business leading to important costs related to information retrieval and verification and to a potential loss of business.

The information systems may also face attacks against computer hardware or software leading to the misappropriation of confidential data, extortion of funds or the temporary interruption of Group activities (denial of service). Consequences could be, among others, financial (abortion of a transaction, penalties, etc.), reputational (disclosure of operational or non-public financial data) and/or legal (responsibility towards individuals or corporate entities about which the Unibail-Rodamco Group holds confidential and/or personal information).

A failure, interruption or security breach of its information systems could have a material adverse effect on its business, results of operations and financial condition.

- **Risks associated with the Unibail-Rodamco Group's financing policy and financial activities**

Market risks

The Unibail-Rodamco Group, through its activities, is exposed to market risks which can generate losses as a result of fluctuations in interest rates and/or currency exchange rates.

The Unibail-Rodamco Group is exposed to interest-rate risks on the loans it has taken out to finance its investments. An increase or decrease in interest rates could have a significant adverse effect on the Issuers' results. Part of the Unibail-Rodamco Group's exposure to variable rates is hedged through derivatives, but these hedges could be insufficient to cover these risks. Moreover, changes in interest rates could have a significant adverse effect on the Unibail-Rodamco Group's result by affecting the valuation of contracted derivatives of the Unibail-Rodamco Group.

The Unibail-Rodamco Group is exposed to foreign exchange risks because it operates in countries outside the Euro-zone. The value of assets, rents and revenues received in these countries, as well as

the value of operational and financial expenses, when translated into Euros, may be affected by fluctuations in exchange rates. Additionally, changes in the interest rates of countries outside the euro zone may also impact the results and/or the statement of financial position of the Unibail-Rodamco Group.

The use of financing instruments on international markets exposes the Unibail-Rodamco Group to extraterritorial regulations that may have a significant adverse effect on the Unibail-Rodamco Group, its results and its financial position.

Foreign exchange risk is managed at a corporate level by the Treasury department which monitors the foreign exchange risk on a regular basis. To hedge part of this risk, the Unibail-Rodamco Group uses derivatives and debt in foreign currency. Such instruments may not hedge perfectly the underlying assets or activities and, as a result, changes in the currency exchange and/or interest rates may have an impact on the cash flows, the results and/or the statement of financial position of the Unibail-Rodamco Group.

In addition, committees with several members of the Management Board are held several times a year to decide the appropriate hedging strategy which is then implemented by the Treasury department. Procedures do not allow for speculative positions to be put in place. Hedging practices and the net interest rate and currency positions are described in the paragraph “Market Risk Management” of the Financial Resources in the Business Review section in the Unibail-Rodamco 2015 Financial report.

Liquidity risks

The Unibail-Rodamco Group's strategy depends on its ability to raise financial resources, either in the form of debt (mainly bank loans, bonds, credit lines and commercial paper) or equity capital, so that it can finance its general operating requirements and its investments. It is possible (for example in the event of disruption in the bond or equity markets, a reduction in the lending capacities of banks, changes affecting the property market or investor appetite for property companies, a downgrade in one of the Issuers' credit rating or a change in business activities, financial situation or the Unibail-Rodamco Group's ownership structure) that the Unibail-Rodamco Group could – at any given point in time – encounter difficulties in raising funds and, as a result, lack the access to liquidity that it needs. These events could also affect the cost of its financing and lead to an increase of the financial expenses of the Unibail-Rodamco Group. In this context, Unibail-Rodamco has put in place undrawn back-up facilities for an amount mentioned in the paragraph “Funds raised” of the Financial Resources in the Business Review section in the Unibail-Rodamco 2015 Financial report. Additionally, some of the Unibail-Rodamco Group's financing contracts are subject to financial covenants and the occurrence of material adverse changes. More details on the Unibail-Rodamco Group's covenants and ratio levels can be found in the paragraph “Financial structure” of the Financial Resources in the Business Review section in the Unibail-Rodamco 2015 Financial report.

Counterparty risks

A large number of major international financial institutions are counterparties to interest rate derivatives and/or foreign exchange contracts and deposits contracted by the Unibail-Rodamco Group. In the case of default by a counterparty, the Unibail-Rodamco Group could lose all or part of its deposits or may lose the benefit from hedges signed with such counterparties. This could then result in an increase in interest rate and/or currency exposures and have a significant adverse effect on the Group, its results and its financial position. The Unibail-Rodamco Group's policy to manage counterparty risks in relation to derivative products is described in the paragraph “Market Risk Management” of the Financial Resources in the Business Review section in the Unibail-Rodamco 2015 Financial report.

- **Risks related to the volatility in the price of Unibail-Rodamco Group securities**

Stock markets may experience major fluctuations which may or may not be related to the results of the companies whose shares are traded on regulated markets. The price of the Issuers' securities (including shares, ORA, i.e. bonds redeemable into Unibail-Rodamco shares, and ORNANE, i.e. bonds convertible into either cash or existing Unibail-Rodamco shares) could be volatile and could be

affected by events affecting the Unibail-Rodamco Group, its competitors or the financial markets in general.

For instance, the price of the Unibail-Rodamco Group's securities as well as the securities issued by the Unibail-Rodamco Group and/or financial derivatives could fluctuate significantly in response to various factors and events, which could include: changes in the liquidity of the market for the Issuers' shares; changes in the expectations of volatility of shares; variations in the Unibail-Rodamco Group's financial results or its competitors from one accounting period to another; differences between the Unibail-Rodamco Group's financial or operating results and those expected by investors and/or analysts; changes in analysts' recommendations or forecasts; changes in general market conditions or in the economic environment; market fluctuations; the promulgation of new laws or regulations; or changes in the interpretation of existing laws and regulations relating to the Unibail-Rodamco Group's business.

- **Risks related to the sovereign debt crisis**

The onset of a credit risk (including for Sovereigns) and a Sovereign debt crisis and their potential impacts could be detrimental to the Group and could negatively affect the markets and business on which the Group operates. This environment could also negatively affect the Group's operations and profitability, its solvency and the solvency of its counterparties and the value and liquidity of the securities issued by Unibail-Rodamco and/or Unibail-Rodamco's ability to meet its commitments in respect of those securities and its commitments with respect to its debt more generally.

- **Risks linked to key managers**

The departure of a top management team member could have a material adverse impact upon the business, financial situation and/or results of the Unibail-Rodamco Group. To control this risk, the Unibail-Rodamco Group policy is, when possible, to set up a meaningful and attractive remuneration policy as well as a succession plan to the most relevant levels (Supervisory Board, Management Board, Group Management Team).

- **Risks related to the Unibail-Rodamco Group's geographic presence**

Although the Unibail-Rodamco Group's operations are currently concentrated in Continental Europe, part of the business is or may be conducted in markets where the Unibail-Rodamco Group may be exposed to social, political, legal, tax and/or economic instability, among other risks.

In relation to the risks related to the Unibail-Rodamco Group's geographic presence, the Unibail-Rodamco Group operates in some countries that have not joined the Euro zone. Depreciation in the local currencies of such countries could have a significant adverse effect on the Unibail-Rodamco Group's cash flows in Euros: (i) when rents collected in local currency are converted into euros and where the Unibail-Rodamco Group's hedging policy is not sufficient; or (ii) when rents are collected in euros and this affects the tenants' ability to pay.

- Depreciation in the currencies of countries outside or potentially leaving the Euro zone may also reduce the value of the Unibail-Rodamco Group's portfolio, despite the implementation of hedging policies.

- **Information Technology (IT) risks**

The Unibail-Rodamco Group's IT risk management approach is largely based on (i) security policy, (ii) change management policy and (iii) business recovery management.

In relation to the Unibail-Rodamco Group's security policy, individual passwords are required to access computers and applications. In addition, the control of access right requests ensures the security and integrity of the Unibail-Rodamco Group's information system.

In relation to the Unibail-Rodamco Group's change management policy, IT development projects are monitored through dedicated status committees where planning, costs and key issues are addressed. IT developments are approved by end users.

In relation to the Unibail-Rodamco Group's business recovery management, the regular and formalised backup of data is stored off site and ensures the recovery of the activity in the event of a failure in the information system. An outsourced data centre ensures the high availability of the mailing and treasury systems, being also a backup platform for the IT recovery system. In addition, the Group Business Recovery Plan (**BRP**) has been updated in 2015. This BRP provides a technical and organisational action plan in case of a major breakdown (temporary unavailability of Head Offices and/or computing infrastructures).

- **Risk associated with the production of financial and accounting data**

Accounting systems can be a source of financial risks, particularly in the context of end-of-period accounting, the consolidation of accounts and accounting for off-balance sheet obligations.

- **Expropriation and compulsory acquisition of properties**

The Unibail-Rodamco Group may also be exposed to the “expropriation” proceeding. In such case the expropriated owner may receive a compensation which may be below the actual value of the assets. Therefore, it could affect the financial situation of the Unibail-Rodamco Group.

- **Credit ratings may not reflect all risks**

One or more independent credit rating agencies may assign credit ratings to the Notes. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above and other factors that may affect the value of the Notes. A credit rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by the rating agency at any time. In addition, a rating downgrade may lead to an increase in the cost of financing for the Issuers and may therefore lead to difficulties for the Issuers to meet their obligations.

- **Risks associated with possible conflicts of interest**

Risks of conflicts of interest with companies where Unibail-Rodamco is the majority shareholder

Unibail-Rodamco is the majority shareholder through fully-owned subsidiaries in several companies which have one or more minority shareholders (see pages 214 to 220 of the Unibail-Rodamco 2015 Financial Report). In certain circumstances, these situations are likely to lead to potential conflicts of interest and/or generate potential claims from the minority shareholders of those subsidiaries despite the existing rules preventing such situations and managing conflicts of interest.

- **Asset protection risks**

The Issuers are covered by a Group insurance program that is underwritten by reputable leading insurance companies.

This program is monitored by the Group Insurance Department in liaison with local teams and insurance brokers. In addition, the Issuers carry out regular checks on the solvency rating of its insurers.

For property damage and terrorism, most of the Unibail-Rodamco Group's property assets are insured for their full reconstruction value, which is regularly assessed by external property insurance valuers and for business interruption and loss of rents. The Unibail-Rodamco Group has also taken out general liability insurance that covers financial damages incurred by third parties.

Prompt measures were implemented following the Paris terrorist attacks to strengthen existing procedures and processes to assist local teams and reinforce the security of customers, employees, suppliers' employees and tenants' employees by:

- reinforcing strong relationships with police authorities;
- providing temporary additional staffing for securing access;
- providing training to shopping centre management teams to identify and manage situations linked to terrorism; and

- further developing crisis management principles and best practices.

Most construction projects and renovation works on properties are covered by Contractor's All Risk policies in all regions. Defects affecting the works are covered by Decennial Insurance in France and by Contractors warranties for works in other regions (an inherent defect insurance is occasionally taken out for large projects outside of France).

In addition, the Issuers regularly arrange inspections of technical facilities that could have an impact on the environment and/or personal safety, such as fire-fighting equipment, ventilation and air conditioning systems, electric installations and elevators.

A Health and Safety annual risk assessment was conducted in 2015 for all managed assets in all regions to mitigate health and safety risks. The risk assessment is performed by an independent Health & Safety inspector. This risk assessment provides a single and comprehensive source of information on the management of sanitary and environmental risks such as water, air, lead, asbestos and Legionnaire's disease.

This organisation is part of the group-wide policy on health and safety risk management. This policy consists of group-wide rules and guidelines and is complemented at the local level by additional procedures mandated by local regulations and are the responsibility of each Regional Managing Director.

Risk Factors relating to the Notes

The trading market for debt securities may be volatile and may be adversely impacted by many events.

The market for debt securities issued by issuers is influenced by economic and market conditions and, to varying degrees, market conditions, interest rates, currency exchange rates and inflation rates in other European and other industrialised countries. There can be no assurance that events in France, Europe or elsewhere will not cause market volatility or that such volatility will not adversely affect the price of the Notes or that economic and market conditions will not have any other adverse effect.

An active trading market for the Notes may not develop.

There can be no assurance that an active trading market for the Notes will develop, or, if one does develop, that it will be maintained. If an active trading market for the Notes does not develop or is not maintained, the market or trading price and liquidity of the Notes may be adversely affected. The relevant Issuer may issue further notes, as described in Condition 12 ("Terms and Conditions of the Notes – Further Issues and Consolidation"). Such transactions may favourably or adversely affect the price development of the Notes. If additional and competing products are introduced in the markets, this may adversely affect the value of the Notes.

The Notes may be redeemed prior to maturity.

Unless in the case of any particular Tranche of Notes the relevant Final Terms specify otherwise, in the event that the relevant Issuer or, in the case of Guaranteed Notes, the Guarantor would be obliged to increase the amounts payable in respect of any Notes or, as the case may be, under the Guarantee, due to any withholding or deduction for or on account of any present or future taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or on behalf of the jurisdiction of such Issuer or, as the case may be, of the Guarantor or a political subdivision thereof or any authority therein or thereof having power to tax, such Issuer may redeem all outstanding Notes in accordance with the Conditions.

Any early redemption at the option of the Issuer, if provided for in any Final Terms for a particular issue of Notes, could cause the yield anticipated by Noteholders to be considerably less than anticipated.

The Final Terms for a particular issue of Notes may provide for early redemption at the option of the Issuer. Such right of termination is often provided for bonds or notes in periods of high interest rates. If the market interest rates decrease, the risk to Noteholders that the relevant Issuer will exercise its right of termination increases. As a consequence, the yields received upon redemption may be lower than expected, and the redeemed face amount of the Notes may be lower than the purchase price for the Notes paid by the

Noteholder. As a consequence, part of the capital invested by the Noteholder may be lost, so that the Noteholder in such case would not receive the total amount of the capital invested. In addition, investors that choose to reinvest moneys they receive through an early redemption may be able to do so only in securities with a lower yield than the redeemed Notes.

Exercise of put option in respect of certain Notes may affect the liquidity of the Notes in respect of which such put option is not exercised.

Depending on the number of Notes in respect of which the put option provided in the terms and conditions of the Notes is exercised, any trading market in respect of those Notes in respect of which such put option is not exercised may become illiquid.

Purchases by the Issuer in the open market or otherwise (including by tender offer) in respect of certain Notes may affect the liquidity of the Notes which have not been so purchased.

Depending on the number of Notes purchased by the Issuer as provided in the terms and conditions of the Notes, any trading market in respect of those Notes that have not been so purchased may become illiquid.

Change in value of Fixed Rate Notes.

Investors in Fixed Rate Notes are exposed to the risk that changes in interest rates in the capital markets may adversely affect the value of the Notes. Generally, prices of fixed interest rate bonds tend to fall when market interest rates rise.

Investors will not be able to calculate in advance their rate of return on Floating Rate Notes.

A key difference between Floating Rate Notes and Fixed Rate Notes is that interest income on Floating Rate Notes cannot be anticipated. Due to varying interest income, investors are not able to determine a definite yield of Floating Rate Notes at the time they purchase them, so that their return on investment cannot be compared with that of investments having longer fixed interest periods. If the terms and conditions of the notes provide for frequent interest payment dates, investors are exposed to the reinvestment risk if market interest rates decline. That is, investors may reinvest the interest income paid to them only at the relevant lower interest rates then prevailing.

Fixed to Floating Rate Notes.

Fixed to floating rate Notes may bear interest at a rate that the Issuer may elect to convert from a fixed rate to a floating rate, or from a floating rate to a fixed rate. The Issuer's ability to convert the interest rate will affect the secondary market and the market value of the Notes since the Issuer may be expected to convert the rate when it is likely to produce a lower overall cost of borrowing. If the Issuer converts from a fixed rate to a floating rate, the spread on the fixed to floating rate Notes may be less favourable than then prevailing spreads on comparable floating rate Notes tied to the same reference rate. In addition, the new floating rate at any time may be lower than the rates on other Notes. If the Issuer converts from a floating rate to a fixed rate, the fixed rate may be lower than then prevailing rates on its Notes.

Zero Coupon Notes are subject to higher price fluctuations than non-discounted bonds.

Changes in market interest rates have a substantially stronger impact on the prices of Zero Coupon Notes than on the prices of ordinary Notes because the discounted issue prices are substantially below par. If market interest rates increase, Zero Coupon Notes can suffer higher price losses than other Notes having the same maturity and credit rating. Due to their leverage effect, Zero Coupon Notes are a type of investment associated with a particularly high price risk.

Exchange rate risks and exchange controls.

The relevant Issuer will pay principal and interest on the Notes and, where applicable, the Guarantor will pay amounts due under the guarantee in the Specified Currency. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the "**Investor's Currency**") other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or

modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Specified Currency would decrease (i) the Investor's Currency-equivalent yield on the Notes, (ii) the Investor's Currency-equivalent value of the principal payable on the Notes and (iii) the Investor's Currency-equivalent market value of the Notes.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive less interest or principal than expected, or no interest or principal.

Taxation.

Potential purchasers and sellers of the Notes should be aware that they may be required to pay taxes or other documentary charges or duties in accordance with the laws and practices of the country where the Notes are transferred or other jurisdictions. Payments of interest on the Notes, or profits realised by the Noteholder upon the sale or redemption of the Notes, may be subject to taxation in its home jurisdiction or in other jurisdictions in which it is required to pay taxes. In some jurisdictions, no official statements of the tax authorities or court decisions may be available for financial instruments such as the Notes. Potential investors are advised not to rely upon the tax summary contained in this Base Prospectus and/or in the Final Terms but to ask for their own tax adviser's advice on their individual taxation with respect to the acquisition, holding, sale and redemption of the Notes. Only these advisers are in a position to duly consider the specific situation of the potential investor. This investment consideration has to be read in connection with the taxation sections of this Base Prospectus and the additional tax sections, if any, contained in the relevant Final Terms.

The proposed financial transaction tax ("FTT").

On 14 February 2013, the European Commission published a proposal (the "**Commission's Proposal**") for a Directive for a common financial transactions tax (the "**FTT**") in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia (the "**Participating Member States**").

The Commission's Proposal has very broad scope and could, if introduced, apply to certain dealings in Notes (including secondary market transactions) in certain circumstances. The issuance and subscription of Notes should, however, be exempt.

Under the Commission's Proposal the FTT could apply in certain circumstances to persons both within and outside of the Participating Member States. Generally, it would apply to certain dealings in Notes where at least one party is a financial institution, and at least one party is established in a Participating Member State. A financial institution may be, or be deemed to be, "established" in a Participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a Participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a participating Member State.

Joint statements issued by participating Member States confirmed that all relevant issues will continue to be examined by national experts. They noted the intention of the participating Member States to work on a progressive implementation of the FTT, focusing initially on the taxation of shares and some derivatives. Further to the last meeting of the participating Member State Finance Ministers on 8 December 2015, they indicated that the FTT could be implemented by 1 July 2017. Estonia, however, left the group of countries willing to introduce the tax.

However, it is unclear if and in what form the FTT will be actually introduced.

Prospective holders of Notes are advised to seek their own professional advice in relation to the FTT.

Holdings of less than the minimum specified denomination may be affected if the Notes are traded in denominations that are not integral multiples of the Specified Denomination.

To the extent permitted by the applicable law(s) and in relation to any issue of Notes which have a denomination consisting of a minimum Specified Denomination plus a higher integral multiple of another smaller amount, it is possible that the Notes may be traded in amounts in excess of the Specified Denomination (or its equivalent) that are not integral multiples of the Specified Denomination (or its equivalent). In such a case a Noteholder who, as a result of trading such amounts, holds a principal amount of less than the minimum Specified Denomination will not receive a definitive Note in respect of such holding (should definitive

Notes be printed) and would need to purchase a principal amount of Notes such that it holds an amount equal to one or more Specified Denominations.

French Insolvency Law.

Under French insolvency law, holders of debt securities are automatically grouped into a single assembly of holders (the "**Assembly**") in case of the opening in the Republic of France of a safeguard procedure (*procédure de sauvegarde*) or, if initiated by Unibail-Rodamco, an accelerated safeguard procedure (*procédure de sauvegarde accélérée*), an accelerated financial safeguard procedure (*procédure de sauvegarde financière accélérée*) or a judicial reorganisation procedure (*procédure de redressement judiciaire*) of Unibail-Rodamco, in order to defend their common interests.

The Assembly comprises holders of all debt securities issued by Unibail-Rodamco (including the Notes), whether or not under a debt issuance programme (such as a Euro Medium Term Notes programme) and regardless of their governing law.

The Assembly deliberates on the draft safeguard plan (*projet de plan de sauvegarde* or *projet de plan de sauvegarde financière accélérée* or *procédure de sauvegarde accélérée*) or draft judicial reorganisation plan (*projet de plan de redressement*) applicable to Unibail-Rodamco and may further agree to:

- increase the liabilities (*charges*) of holders of debt securities (including the Noteholders) by rescheduling and/or writing-off debts;
- establish an unequal treatment between holders of debt securities (including the Noteholders) as appropriate under the circumstances; and/or
- decide to convert debt securities (including the Notes) into shares.

Decisions of the Assembly will be taken by a two-third majority (calculated as a proportion of the debt securities held by the holders attending such Assembly or represented thereat). No quorum is required on convocation of the Assembly. For the avoidance of doubt, the provisions relating to the representation of the Noteholders described in the Terms and Conditions of the Notes set out in this Base Prospectus and, if applicable, the applicable Final Terms, will not be applicable in these circumstances.

The procedures, as described above or as they will or may be amended, could have an adverse impact on holders of the Notes seeking repayment in the event that Unibail-Rodamco were to become insolvent.

Conflicts of interest – Calculation Agent:

Potential conflicts of interest may exist between the Calculation Agent (if any) and Noteholders (including where a Dealer acts as a calculation agent), including with respect to certain determinations and judgements that such Calculation Agent may make pursuant to the Conditions that may influence amounts receivable by the Noteholders during the term of the Notes and upon their redemption.

Risks related to Notes denominated in the Chinese Yuan Renminbi ("RMB")

Renminbi is not freely convertible and there are significant restrictions on the remittance of RMB into and out of the PRC which may adversely affect the liquidity of RMB Notes

RMB is not freely convertible at present. The government of the PRC (the "**PRC Government**") continues to regulate conversion between RMB and foreign currencies, including the Hong Kong dollar.

Although starting from 1 October 2016, the RMB will be added to the Special Drawing Rights basket created by the International Monetary Fund, there is no assurance that the PRC Government will continue to gradually liberalise control over cross-border remittance of RMB in the future, that the schemes for RMB cross-border utilisation will not be discontinued or that new regulations in the PRC will not be promulgated in the future which have the effect of restricting or eliminating the remittance of RMB into or out of the PRC. In the event that funds cannot be repatriated out of the PRC in RMB, this may affect the overall availability of RMB outside the PRC and the ability of the Issuer to source RMB to finance its obligations under Notes denominated in RMB.

There is only limited availability of RMB outside the PRC, which may affect the liquidity of the RMB Notes and the Issuer's ability to source RMB outside the PRC to service RMB Notes

As a result of the restrictions by the PRC Government on cross-border RMB fund flows, the availability of RMB outside the PRC is limited. While the People's Bank of China ("**PBoC**") has entered into agreements on the clearing of RMB business with financial institutions in a number of financial centres and cities (the "**RMB Clearing Banks**"), including but not limited to Hong Kong and are in the process of establishing RMB clearing and settlement mechanisms in several other jurisdictions (the "**Settlement Arrangements**"), the current size of RMB denominated financial assets outside the PRC is limited.

There are restrictions imposed by PBoC on RMB business participating banks in respect of cross-border RMB settlement, such as those relating to direct transactions with PRC enterprises. Furthermore, RMB business participating banks do not have direct RMB liquidity support from PBoC. The RMB Clearing Banks only have access to onshore liquidity support from PBoC for the purpose of squaring open positions of participating banks for limited types of transactions and are not obliged to square for participating banks any open positions resulting from other foreign exchange transactions or conversion services. In such cases, the participating banks will need to source RMB from outside the PRC to square such open positions.

Although it is expected that the offshore RMB market will continue to grow in depth and size, its growth is subject to many constraints as a result of PRC laws and regulations on foreign exchange. There is no assurance that new PRC regulations will not be promulgated or the Settlement Arrangements will not be terminated or amended in the future which will have the effect of restricting availability of RMB outside the PRC. The limited availability of RMB outside the PRC may affect the liquidity of the RMB Notes. To the extent the Issuer is required to source RMB in the offshore market to service its RMB Notes, there is no assurance that the Issuer will be able to source such RMB on satisfactory terms, if at all.

Investment in the RMB Notes is subject to currency risk.

Except in limited circumstances, all payments of RMB under Notes denominated in RMB to an investor will be made solely by transfer to a RMB bank account maintained in Hong Kong or a financial centre in which a RMB Clearing Bank clears and settles RMB in accordance with the prevailing rules and regulations and in accordance with the RMB Notes. The Issuer cannot be required to make payment by any other means (including in any other currency or by transfer to a bank account in the PRC). RMB is not freely convertible at present, and despite a movement towards liberalisation of cross-border RMB remittances, notably in the current account activity, there is no assurance that the PRC government will continue such movement in the future or that new PRC regulations will not be promulgated in the future which have the effect of restricting or eliminating the remittance of RMB into or outside the PRC.

Holders of RMB Notes may be required to provide certifications and other information (including RMB account information) in order to allow such Holder to receive payments in RMB in accordance with the RMB clearing and settlement system for participating banks in Hong Kong, Singapore and Taiwan.

In addition, there can be no assurance that access to RMB for the purposes of making payments under such Notes or generally may remain or will not become restricted. If it becomes impossible to convert RMB from/to another freely convertible currency, or transfer RMB between accounts in Hong Kong or a financial centre in which a RMB Clearing Bank clears and settles RMB, or the general RMB exchange market outside the PRC becomes illiquid, any payment of RMB under the Notes may be delayed or the Issuer may make such payments in another currency selected by the Issuer using an exchange rate determined by the Calculation Agent, or the Issuer may redeem the Notes by making payment in another currency. For persons holding RMB Notes through Euroclear France, Euroclear or Clearstream, Luxembourg, payments will also be made subject to the procedures of Euroclear France, Euroclear or Clearstream, Luxembourg, as applicable.

If the Issuer is not able, or it is impracticable for it, to satisfy its obligation to pay interest and principal on the RMB Notes as a result of Inconvertibility, Non-transferability or Illiquidity (each, as defined in the Conditions), the Issuer shall be entitled, on giving not less than five or more than 30 calendar days' irrevocable notice to the investors prior to the due date for payment, to settle any such payment in U.S. Dollars on the due date at the U.S. Dollar Equivalent (as defined in the Conditions) of any such interest or principal, as the case may be.

Investment in the RMB Notes is subject to exchange rate risk.

The value of RMB against other foreign currencies fluctuates from time to time and is affected by changes in the PRC and international political and economic conditions as well as many other factors. Recently, the PBoC

implemented changes to the way it calculates the RMB's daily mid-point against the U.S. dollar to take into account market-maker quotes before announcing such daily mid-point. This change, and others that may be implemented, may increase the volatility in the value of the RMB against foreign currencies. All payments of interest and principal will be made in RMB with respect to RMB Notes unless otherwise specified. As a result, the value of these RMB payments may vary with the changes in the prevailing exchange rates in the marketplace. If the value of RMB depreciates against another foreign currency, the value of the investment made by a holder of the RMB Notes in that foreign currency will decline.

Investment in the RMB Notes is subject to interest rate risk.

The PRC Government has gradually liberalised its regulation of interest rates in recent years. Further liberalisation may increase interest rate volatility. In addition, the interest rate for RMB in markets outside the PRC may significantly deviate from the interest rate for RMB in the PRC as a result of foreign exchange controls imposed by PRC law and regulations and prevailing market conditions.

As RMB Notes may carry a fixed interest rate, the trading price of the RMB Notes will consequently vary with the fluctuations in the RMB interest rates. If holders of the RMB Notes propose to sell their RMB Notes before their maturity, they may receive an offer lower than the amount they have invested.

RETAIL CASCADES

In the context of Notes issued by Unibail-Rodamco only, if any offer of Notes is made in the Grand Duchy of Luxembourg and/or any other jurisdiction of the European Union in which this Base Prospectus has been passported from time to time in which case a supplement shall be prepared to indicate such additional public offer jurisdictions (the “**Public Offer Jurisdictions**”) that is not within an exemption from the requirement to publish a prospectus under the Prospectus Directive, as amended (a “**Public Offer**”), Unibail-Rodamco consents to the use of the Base Prospectus and the relevant Final Terms (together, the “**Prospectus**”) in connection with a Public Offer of any Notes during the offer period specified in the relevant Final Terms (the “**Offer Period**”) and in the Public Offer Jurisdiction(s) specified in the relevant Final Terms by:

- (1) subject to conditions set out in the relevant Final Terms, any financial intermediary designated in such Final Terms; or
- (2) if so specified in the relevant Final Terms, any financial intermediary which satisfies the following conditions: (a) acts in accordance with all applicable laws, rules, regulations and guidance of any applicable regulatory bodies (the “**Rules**”), from time to time including, without limitation and in each case, Rules relating to both the appropriateness or suitability of any investment in the Notes by any person and disclosure to any potential investor; (b) complies with the restrictions set out under “*Subscription and Sale*” in this Base Prospectus which would apply as if it were a Dealer; (c) ensures that any fee (and any commissions, rebates, or benefits of any kind) received or paid by that financial intermediary in relation to the offer or sale of the Notes does not violate the Rules and is fully and clearly disclosed to investors or potential investors; (d) holds all licences, consents, approvals and permissions required in connection with solicitation of interest in, or offers or sales of, the Notes under the Rules; (e) retains investor identification records for at least the minimum period required under applicable Rules, and shall, if so requested, and to the extent permitted by the Rules, make such records available to the relevant Dealer(s) and Unibail-Rodamco or directly to the appropriate authorities with jurisdiction over the Issuer and/or the relevant Dealer(s) in order to enable the Issuer and/or the relevant Dealer(s) to comply with anti-money laundering, anti-bribery, anti-corruption and “know your client” rules applying to the Issuer and/or the relevant Dealer(s); (f) does not, directly or indirectly, cause the Issuer or the relevant Dealer(s) to breach any Rule or any requirement to obtain or make any filing, authorisation or consent in any jurisdiction; and (g) satisfies any further conditions specified in the relevant Final Terms (in each case an “**Authorised Offeror**”). For the avoidance of doubt, none of the Dealers or Unibail-Rodamco shall have any obligation to ensure that an Authorised Offeror complies with applicable laws and regulations and shall therefore have no liability in this respect.

Unibail-Rodamco accepts responsibility, in the Public Offer Jurisdiction(s) specified in the Final Terms, for the content of the Base Prospectus in relation to any person (an “**Investor**”) in such Public Offer Jurisdiction(s) to whom an offer of any Notes is made by any Authorised Offeror and where the offer is made during the period for which that consent is given. However, neither Unibail-Rodamco nor any Dealer has any responsibility for any of the actions of any Authorised Offeror, including compliance by an Authorised Offeror with applicable conduct of business rules or other local regulatory requirements or other securities law requirements in relation to such offer.

The consent referred to above relates to Offer Periods (if any) ending no later than the date falling 12 months from the date of the approval of the Base Prospectus by the CSSF.

In the event that the Final Terms designate financial intermediary(ies) to whom Unibail-Rodamco has given its consent to use the Prospectus during an Offer Period, Unibail-Rodamco may also give consent to additional Authorised Offerors after the date of the relevant Final Terms and, if it does so, it will publish any new information in relation to such Authorised Offerors who are unknown at the time of the approval of this Base Prospectus or the filing of the relevant Final Terms at <http://www.unibail-rodamco.fr>.

If the Final Terms specify that any financial intermediary may use the Prospectus during the Offer Period, any such Authorised Offeror is required, for the duration of the Offer Period, to publish on its website that it is using the Prospectus for the relevant Public Offer with the consent of Unibail-

Rodamco and in accordance with the conditions attached thereto.

Other than as set out above, neither Unibail-Rodamco nor any of the Dealers has authorised the making of any Public Offer by any person in any circumstances and such person is not permitted to use the Prospectus in connection with its offer of any Notes. Any such offers are not made on behalf of Unibail-Rodamco or by any of the Dealers or Authorised Offerors and none of Unibail-Rodamco or any of the Dealers or Authorised Offerors has any responsibility or liability for the actions of any person making such offers.

An Investor intending to acquire or acquiring any Notes from an Authorised Offeror will do so, and offers and sales of the Notes to an Investor by an Authorised Offeror will be made, in accordance with any terms and other arrangements in place between such Authorised Offeror and such Investor including as to price allocations, settlement arrangements and expenses to be charged to the Investor (the “Terms and Conditions of the Public Offer”). Unibail-Rodamco will not be a party to any such arrangements with Investors (other than Dealers) in connection with the offer or sale of the Notes and, accordingly, this Base Prospectus does not and any Final Terms will not contain such information. The Terms and Conditions of the Public Offer shall be provided to Investors by that Authorised Offeror at the time of the Public Offer. Neither Unibail-Rodamco nor any of the Dealers or other Authorised Offerors has any responsibility or liability for such information.

Each Series may be issued in tranches (each a “ Tranche ”) on the same or different issue dates. The specific terms of each Tranche (which will be completed with the relevant terms and conditions and, save in respect of the issue date, issue price, first payment of interest and nominal amount of the Tranche, will be identical to the terms of other Tranches of the same Series) will be set out in the Final Terms.

Issue Price

Notes may be issued at their nominal amount or at a discount or premium to their nominal amount as set out in the relevant Final Terms.

Form of Notes

The Notes may be issued in bearer form only, in such denominations of not less than Euro 1,000 (or the equivalent in another currency) in the case of Unibail-Rodamco as Issuer and not less than Euro 100,000 (or the equivalent in another currency) in respect of the other Issuers as may be specified in the relevant Final Terms.

Clearing Systems

Clearstream, Luxembourg and/or Euroclear and/or, in relation to any Tranche, Euroclear France or such other clearing system as may be agreed between the Issuer, the Fiscal Agent and the relevant Dealer.

Initial Delivery of Notes

On or before the issue date for each Tranche, if the relevant Global Note may be intended to be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations, the Global Note will be delivered to a Common Safekeeper for Euroclear and Clearstream, Luxembourg. If the relevant Global Note is not intended to be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations, the Global Note representing Notes may (or, in the case of Notes listed on the Luxembourg Stock Exchange, shall), on or before the issue date for each Tranche, be deposited with a Common Depositary for Euroclear and Clearstream, Luxembourg, or in the case of a Tranche intended to be cleared through Euroclear France, on the issue date with Euroclear France acting as Central Depositary. Global Notes relating to Notes that are not listed on the Luxembourg Stock Exchange may also be deposited with any other clearing system or may be delivered outside any clearing system, provided that the method of such delivery has been agreed in advance by the Issuer, the Fiscal Agent and the relevant Dealer. In the case of NGNs, any such other clearing system must be authorised to hold such notes as eligible collateral for Eurosystem monetary policy and intra-day credit operations.

Subject to compliance with all relevant laws, regulations and directives, Notes may be issued in any currency agreed between the relevant Issuer, the Guarantor (where applicable) and the relevant Dealers, including euro.

Maturities

Subject to compliance with all relevant laws, regulations and directives, any maturity.

Denomination

Definitive Notes will be in such denominations as may be specified in the relevant Final Terms save that in respect of any Notes which are to be admitted to trading on any Regulated Market or offered to the public within the territory of any EEA State, in each case in circumstances which require the publication of a prospectus under the Prospectus Directive, such Notes will have a minimum specified denomination of Euro 1,000 (or the equivalent in another currency) in the case of Unibail-Rodamco as Issuer and not less than Euro 100,000 (or the equivalent in another currency) in respect of the other Issuers.

Fixed Rate Notes

Fixed interest will be payable in arrear on the date or dates in each year specified in the relevant Final Terms.

Floating Rate Notes

Floating Rate Notes will bear interest determined separately for each Series as follows:

- on the same basis as the floating rate under a notional interest rate swap transaction in the relevant Specified Currency governed by an agreement incorporating the 2006 ISDA Definitions published by the International Swaps and Derivatives Association, Inc.; or
- by reference to LIBOR, EURIBOR or EUR CMS or any other reference rate

in each case as adjusted for any applicable margin.

Interest periods will be specified in the relevant Final Terms.

Zero Coupon Notes

Zero Coupon Notes may be issued at their nominal amount or at a discount to it and will not bear interest.

Fixed/Floating Rate Notes

Fixed/Floating Rate Notes may bear interest at a rate (i) that the Issuer may elect to convert on the date set out in the Final Terms from a Fixed Rate to a Floating Rate (including, for the avoidance of doubt, EUR CMS), or from a Floating Rate to a Fixed Rate or (ii) that will automatically change from a Fixed Rate to a Floating Rate, or from a Floating Rate to a Fixed Rate at the date set out in the Final Terms.

Interest Periods and Interest Rates

The length of the interest periods for the Notes and the applicable interest rate or its method of calculation may differ from time to time or be constant for any Series. Notes may have a maximum interest rate, a minimum interest rate, or both. The use of interest accrual periods permits the Notes to bear interest at different rates in the same interest period. All such information will be set out in the relevant Final Terms.

Redemption

Unless redeemed earlier as described in "Redemption by Instalments", "Optional Redemption", "Early Redemption" and/or "Clean-up Call Option", the Notes will be redeemed on the Maturity Date at par. For tax reasons, in certain circumstances the Issuer may, and in certain circumstances the Issuer shall be required to, redeem the Notes in whole (but not in part).

Make-whole Redemption by the Issuer	Unless otherwise specified in the relevant Final Terms, in respect of any issue of Notes, the Issuer will have the option to redeem the Notes, in whole (but not in part), at any time or from time to time, prior to their Maturity Date, at the Make-whole Redemption Amount.
Redemption by Instalments	The Final Terms issued in respect of each issue of Notes that are redeemable in two or more instalments will set out the dates on which, and the amounts in which, such Notes may be redeemed.
Optional Redemption	The Final Terms issued in respect of each issue of Notes will state whether such Notes may be redeemed prior to their stated maturity at the option of the Issuer (including a Clean-up Call Option) (either in whole or in part) and/or the holders.
Status of Notes	The Notes will constitute unsubordinated and unsecured obligations of the Issuer, all as described in “Terms and Conditions of the Notes – Guarantee and Status”.
Status of Guarantee	The Guarantee, where applicable, constitutes the direct, unconditional, unsubordinated and, subject to Condition 3 (“Terms and Conditions of the Notes – Negative Pledge”), unsecured obligation of the Guarantor and shall (subject to such exceptions as are from time to time mandatory under French law) rank equally and rateably with all other present and future unsecured and unsubordinated obligations of the Guarantor.
Negative Pledge	The terms and conditions of the Notes will contain a negative pledge provision as described in “Terms and Conditions of the Notes – Negative Pledge”.
Events of Default	The terms and conditions of the Notes will contain an events of default provision as described in “Terms and Conditions of the Notes – Events of Default”.
Substitution of Issuer	The terms and conditions of the Notes will contain a substitution provision as described in “Terms and Conditions of the Notes – Meetings of Noteholder and Modifications –Substitution” allowing any Issuer (subject to certain conditions) to substitute for itself as principal debtor under the Notes, (i) where that Issuer is not Unibail-Rodamco, either Unibail-Rodamco or any Subsidiary of Unibail-Rodamco or (ii) where that Issuer is Unibail-Rodamco, any of its Subsidiaries, provided that, in all cases, where the substitute issuer is not Unibail-Rodamco, the relevant Notes, Receipts, Coupons, Talons and Deed of Covenant shall be unconditionally and irrevocably guaranteed by Unibail-Rodamco by means of a deed poll.
Rating	<p>The Programme has been rated [A] by S&P and A+ by Fitch.</p> <p>Notes issued under the Programme may be rated or unrated. Where an issue of Notes is rated, its rating will not necessarily be the same as the rating applicable to the Programme. A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, change or withdrawal at any time by the assigning rating agency.</p> <p>Each Rating Agency ascribes particular meaning to each of its rating according to its own criteria. For example, as defined by Standard & Poors, an A is somewhat more susceptible to the</p>

adverse effects of changes in circumstances and economic conditions than obligations in higher-rated categories. However, the obligor's capacity to meet its financial commitment on the obligation is still strong. Also for example, as defined by Fitch, an A+ rating denotes expectations of low default risk. The capacity for payment of financial commitments is considered strong. This capacity may, nevertheless, be more vulnerable to adverse business or economic conditions than is the case for higher ratings.

Early Redemption

Except as provided in "Optional Redemption" above, Notes will be redeemable at the option of the Issuer prior to maturity only for tax reasons. See "Terms and Conditions of the Notes – Redemption, Purchase and Options".

Withholding Tax

Notes issued by Unibail-Rodamco:

All payments of principal and interest by or on behalf of Unibail-Rodamco in respect of the Notes issued by Unibail-Rodamco shall be made free and clear of, and without withholding or deduction for, any taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or within France or any authority therein or thereof having power to tax, unless such withholding or deduction is required by law.

Notes issued by Issuers other than Unibail-Rodamco:

Payments of interest and other revenues in respect of the Notes issued by any Issuer other than Unibail-Rodamco will be made free of, and without withholding or deduction for, any taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by The Netherlands (in the case of Rodamco Europe Finance) or Sweden (in the case of Rodamco Sverige) or any authority therein or thereof having power to tax, unless such withholding or deduction is required by law.

Governing Law

English.

Listing and Admission to Trading

Application has been made to the Luxembourg Stock Exchange for the Notes issued under the Programme to be admitted to the Official List and to be admitted to trading on the Luxembourg Stock Exchange's regulated market. However, Notes may also be issued under the Programme whereby they will be admitted to trading and/or quotation by other stock exchanges, listing authorities and/or quotation systems as may be agreed between the Issuer and the relevant Dealer, or may be unlisted, in each case as specified in the relevant Final Terms.

Selling Restrictions

For a description of certain restrictions on offers, sales and deliveries of Notes and on the distribution of offering material, see "Subscription and Sale".

TERMS AND CONDITIONS OF THE NOTES

The following is the text of the terms and conditions that, subject to completion in accordance with the provisions of the relevant Final Terms, shall be applicable to the Notes in definitive form (if any) issued in exchange for the Global Note(s) representing each Series. Either (i) the full text of these terms and conditions together with the relevant provisions of the Final Terms or (ii) these terms and conditions as so completed (and subject to simplification by the deletion of non-applicable provisions) shall be endorsed on such Notes. All capitalised terms that are not defined in these Conditions will have the meanings given to them in the relevant Final Terms. Those definitions will be endorsed on the definitive Notes. References in the Conditions to “Notes” are to the Notes of one Series only, not to all Notes that may be issued under the Programme.

The Notes are issued pursuant to an Amended and Restated Agency Agreement dated 29 July 2016 (as such may have been further amended or supplemented as at the Issue Date, the “**Agency Agreement**”) between the Issuers, Unibail-Rodamco as Guarantor, BNP Paribas Securities Services, Luxembourg Branch as fiscal agent and the other agents named in it and with the benefit of an Amended and Restated Deed of Covenant dated 29 July 2016 (as such may have been further amended or supplemented as at the Issue Date, the “**Deed of Covenant**”) executed, *inter alios*, by the Issuers and the Guarantor in relation to the Notes. Reference in any Notes to the “**Issuer**” means, unless otherwise specified therein, the Issuer of such Notes, as specified on the relevant Final Terms. The fiscal agent, the paying agents, the calculation agent(s), the redenomination agent and the consolidation agent for the time being (if any) are referred to below respectively as the “**Fiscal Agent**”, the “**Paying Agents**” (which expression shall include the Fiscal Agent), the “**Calculation Agent(s)**”, the “**Redenomination Agent**” and the “**Consolidation Agent**”. The Noteholders (as defined below), the holders of the interest coupons (the “**Coupons**”) relating to interest bearing Notes and, where applicable in the case of such Notes, talons for further Coupons (the “**Talons**”) (the “**Couponholders**”) and the holders of the receipts for the payment of instalments of principal (the “**Receipts**”) relating to Notes of which the principal is payable in instalments are deemed to have notice of all of the provisions of the Agency Agreement applicable to them.

As used in these Conditions, “**Tranche**” means Notes which are identical in all respects.

Copies of the Agency Agreement and the Deed of Covenant are available for inspection at the specified offices of each of the Paying Agents.

1 Form, Denomination, Title and Redenomination

(a) Form and Denomination

The Notes are issued in bearer form in the Specified Denomination(s) shown hereon.

This Note is a Fixed Rate Note, a Floating Rate Note, a Zero Coupon Note, an Instalment Note, a combination of any of the foregoing or any other kind of Note, depending upon the Interest and Redemption/ Payment Basis shown hereon, provided that in the case of any Notes admitted to trading as provided hereon, the minimum Specified Denomination shall be €1,000 (or its equivalent in any other currency as at the date of issue of such Notes) in respect of Unibail-Rodamco and not less than €100,000 (or its equivalent in any other currency as at the date of issue of such Notes) in respect of the other Issuers.

The Notes are serially numbered and are issued with Coupons (and, where appropriate, a Talon) attached, save in the case of Zero Coupon Notes in which case references to interest (other than in relation to interest due after the Maturity Date), Coupons and Talons in these Conditions are not applicable. Instalment Notes are issued with one or more Receipts attached.

(b) Title

Title to the Notes and the Receipts, Coupons and Talons shall pass by delivery. Except as ordered by a court of competent jurisdiction or as required by law, the holder (as defined below) of any Note, Receipt, Coupon or Talon shall be deemed to be and may be treated as its absolute owner for all purposes, whether or not it is overdue and regardless of any notice of ownership, trust or an interest in it, any writing on it or its theft or loss and no person shall be liable for so treating the holder.

In these Conditions, “**Noteholder**” means the bearer of any Note and the Receipts relating to it, “**holder**” (in relation to a Note, Receipt, Coupon or Talon) means the bearer of any Note, Receipt, Coupon or Talon and capitalised terms have the meanings given to them hereon, the absence of any such meaning indicating that such term is not applicable to the Notes.

(c) Redenomination

- (i) The Issuer may (if so specified hereon) without the consent of the holder of any Note, Receipt, Coupon or Talon, by giving at least 30 days’ notice in accordance with Condition 13, on or after the date on which the Member State of the European Union in whose national currency such Notes are denominated has become a participant Member State in the single currency of the European Economic and Monetary Union (as provided in the Treaty establishing the European Community (the “**EC**”), as amended from time to time (the “**Treaty**”) or events have occurred which have substantially the same effects (in either case, “**EMU**”), redenominate all, but not some only, of the Notes of any Series into Euro and adjust the aggregate principal amount and the Specified Denomination(s) set out in the relevant Final Terms accordingly, as described below. The date on which such redenomination becomes effective shall be referred to in these Conditions as the “**Redenomination Date**”.
- (ii) The redenomination of the Notes pursuant to Condition 1(c)(i) shall be made by converting the principal amount of each Note from the relevant national currency into Euro using the fixed relevant national currency Euro conversion rate established by the Council of the European Union pursuant to applicable regulations and rounding the resultant figure to the nearest €0.01 (with €0.005 being rounded upwards). If the Issuer so elects, the figure resulting from conversion of the principal amount of each Note using the fixed relevant national currency Euro conversion rate shall be rounded down to the nearest Euro. The Euro denominations of the Notes so determined shall be notified to Noteholders in accordance with Condition 13. Any balance remaining from the redenomination with a denomination higher than €0.01 shall be paid by way of cash adjustment rounded to the nearest €0.01 (with €0.005 being rounded upwards). Such cash adjustment will be payable in Euro on the Redenomination Date in the manner notified to Noteholders by the Issuer.
- (iii) Upon redenomination of the Notes, any reference in the relevant Final Terms to the relevant national currency shall be construed as a reference to Euro.
- (iv) The Issuer may, with the prior approval of the Redenomination Agent and the Consolidation Agent, in connection with any redenomination pursuant to this Condition or any consolidation pursuant to Condition 12, without the consent of the holder of any Note, Receipt, Coupon or Talon, make any changes or additions to these Conditions or Condition 12 (including, without limitation, any change to any applicable business day definition, business day convention, principal financial centre of the country of the Specified Currency, interest accrual basis or benchmark), taking into account market practice in respect of redenominated euromarket debt obligations and which it believes are not prejudicial to the interests of such holders. Any such changes or additions shall, in the absence of manifest error, be binding on the holders of Notes, Receipts, Coupons and Talons and shall be notified to Noteholders in accordance with Condition 13 as soon as practicable thereafter.
- (v) Neither the Issuer nor any Paying Agent shall be liable to the holder of any Note, Receipt, Coupon or Talon or other person for any commissions, costs, losses or expenses in relation to or resulting from the credit or transfer of Euro or any currency conversion or rounding effected in connection therewith.

2 Guarantee and Status

(a) Guarantee and Status of the Guarantee

The Guarantor has unconditionally and irrevocably guaranteed the due payment of all sums expressed to be payable under the Notes, Receipts and Coupons issued by any Issuer (other than Unibail-Rodamco). Its obligations in that respect (the “**Guarantee**”) are contained in the Deed of Covenant and constitute direct, unconditional, unsubordinated and (subject to Condition 3) unsecured obligations of the Guarantor

and shall (subject to such exceptions as are from time to time mandatory under applicable French law) at all times rank *pari passu*, without any preference or priority by reason of date of issue, currency of payment or otherwise with all other present and future unsecured and unsubordinated obligations of the Guarantor.

(b) Status of Notes

The payment obligations of the Issuer under the Notes and the Receipts and Coupons relating to them constitute direct, unconditional, unsubordinated and (subject to Condition 3) unsecured obligations of the Issuer and rank and will rank *pari passu* without any preference among themselves and (subject to such exceptions as are from time to time mandatory under applicable law of the jurisdiction of incorporation of the Issuer) equally and rateably with all other present or future unsecured and unsubordinated obligations of the Issuer.

3 Negative Pledge

Neither the Issuer nor the Guarantor (where applicable) will, and each of the Issuer and the Guarantor (where applicable) will ensure that none of Unibail-Rodamco's Principal Subsidiaries will, create or permit to subsist any Security Interest upon the whole or any part of their respective assets or revenues, present or future, to secure any Relevant Debt or any guarantee or indemnity in respect of any Relevant Debt unless, at the same time or prior thereto, the Issuer's obligations under the Notes and, where applicable, the Guarantor's obligations under the Guarantee are rateably and equally secured therewith or benefit from a guarantee or indemnity in substantially identical terms thereto except, in the case of any entity which becomes a Principal Subsidiary of Unibail-Rodamco (through acquisition or otherwise) or which is merged into the Issuer or the Guarantor, where applicable, or into any of Unibail-Rodamco's Principal Subsidiaries or any other Subsidiary of Unibail-Rodamco and as a result of which such Subsidiary becomes a Principal Subsidiary, for any Security Interest existing on or over any present or future assets or revenues of such entity on the date on which it becomes a Principal Subsidiary or is merged into Unibail-Rodamco or a Principal Subsidiary or any such other Subsidiary of Unibail-Rodamco (including the subsequent renewal of such Security Interest) or in respect of which a binding agreement to create it exists provided such Security Interest was not created in contemplation of or in connection with it becoming a Principal Subsidiary of Unibail-Rodamco or being so merged.

For the purposes of these Conditions:

"Principal Subsidiary" has the meaning set out in Condition 9 below.

"Relevant Debt" means any present or future indebtedness in the form of or represented by bonds, notes (being, in the case of Unibail-Rodamco, *obligations*), other securities (being, in the case of Unibail-Rodamco, *titres financiers*, as referred to in Article L.211-1 II of the French *Code monétaire et financier* (but excluding securities referred to in paragraphs II-1 and II-3 of such Article and *copies exécutoires à ordre*)), which are or are capable of being quoted, admitted to trading or ordinarily dealt in on any regulated market.

"Security Interest" means any mortgage, lien, charge, pledge or other form of security interest (being, in the case of Unibail-Rodamco, a *sûreté réelle*).

"Subsidiary" means, in relation to any person or entity at any time, any other person or entity (whether or not now existing) that is controlled directly or indirectly, or more than 50 per cent. of whose issued share capital (or equivalent) is held or owned, by such person or entity and/or any of such person or entity's subsidiaries at such time. For a person or entity to be **"controlled"** by another person or entity means that such other person or entity holds or owns, either directly or indirectly, a percentage of the share capital of such person or entity which entitles it to exercise a majority of voting rights at the general assemblies of such person or entity.

4 Interest and other Calculations

(a) *Interest on Fixed Rate Notes*

Each Fixed Rate Note bears interest on its outstanding nominal amount from, and including, the Interest Commencement Date at the rate per annum (expressed as a percentage) equal to the Rate of Interest, such interest being payable in arrear on each Interest Payment Date. The amount of interest payable shall be determined in accordance with Condition 4(g).

(b) *Interest on Floating Rate Notes*

(i) Interest Payment Dates

Each Floating Rate Note bears interest on its outstanding nominal amount from, and including, the Interest Commencement Date at the rate per annum (expressed as a percentage) equal to the Rate of Interest, such interest being payable in arrear on each Interest Payment Date. The amount of interest payable shall be determined in accordance with Condition 4(g). Such Interest Payment Date(s) is/are either shown hereon as Specified Interest Payment Dates or, if no Specified Interest Payment Date(s) is/are shown hereon, Interest Payment Date shall mean each date which falls the number of months or other period shown hereon as the Interest Period after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

(ii) Business Day Convention

If any date referred to in these Conditions that is specified to be subject to adjustment in accordance with a Business Day Convention would otherwise fall on a day that is not a Business Day, then, if the Business Day Convention specified is (A) the Floating Rate Business Day Convention, such date shall be postponed to the next day that is a Business Day unless it would thereby fall into the next calendar month, in which event (x) such date shall be brought forward to the immediately preceding Business Day and (y) each subsequent such date shall be the last Business Day of the month in which such date would have fallen had it not been subject to adjustment, (B) the Following Business Day Convention, such date shall be postponed to the next day that is a Business Day, (C) the Modified Following Business Day Convention, such date shall be postponed to the next day that is a Business Day unless it would thereby fall into the next calendar month, in which event such date shall be brought forward to the immediately preceding Business Day or (D) the Preceding Business Day Convention, such date shall be brought forward to the immediately preceding Business Day.

(iii) Rate of Interest for Floating Rate Notes

The Rate of Interest in respect of Floating Rate Notes for each Interest Accrual Period shall be determined in the manner specified hereon and the provisions below relating to either ISDA Determination or Screen Rate Determination shall apply, depending upon which is specified hereon.

(A) ISDA Determination for Floating Rate Notes

Where ISDA Determination is specified hereon as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period shall be determined by the Calculation Agent as a rate equal to the relevant ISDA Rate. For the purposes of this sub-paragraph (A), “**ISDA Rate**” for an Interest Accrual Period means a rate equal to the Floating Rate that would be determined by the Calculation Agent under a Swap Transaction under the terms of an agreement incorporating the ISDA Definitions and under which:

- (x) the Floating Rate Option is as specified hereon;
- (y) the Designated Maturity is a period specified hereon; and

- (z) the relevant Reset Date is the first day of that Interest Accrual Period unless otherwise specified hereon.

For the purposes of this sub-paragraph (A), “**Floating Rate**”, “**Calculation Agent**”, “**Floating Rate Option**”, “**Designated Maturity**”, “**Reset Date**” and “**Swap Transaction**” have the meanings given to those terms in the ISDA Definitions.

(B) Screen Rate Determination for Floating Rate Notes

- (a) Where Screen Rate Determination is specified hereon as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period will subject as provided below, be either:

- (1) the offered quotation; or
(2) the arithmetic mean of the offered quotations,

(expressed as a percentage rate per annum) for the Reference Rate which appears or appear, as the case may be, on the Relevant Screen Page as at either 11.00 a.m. (London time in the case of LIBOR or Brussels time in the case of EURIBOR) on the Interest Determination Date in question as determined by the Calculation Agent. If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Calculation Agent for the purpose of determining the arithmetic mean of such offered quotations.

If the Reference Rate from time to time in respect of Floating Rate Notes is specified hereon as being other than LIBOR or EURIBOR, the Rate of Interest in respect of such Notes will be determined as provided hereon.

- (b) If the Relevant Screen Page is not available or, if sub-paragraph (a)(1) above applies and no such offered quotation appears on the Relevant Screen Page, or, if sub-paragraph (a)(2) above applies and fewer than three such offered quotations appear on the Relevant Screen Page, in each case as at the time specified above, subject as provided below, the Calculation Agent shall request, if the Reference Rate is LIBOR, the principal London office of each of the Reference Banks or, if the Reference Rate is EURIBOR, the principal Euro-zone office of each of the Reference Banks, to provide the Calculation Agent with its offered quotation (expressed as a percentage rate per annum) for the Reference Rate if the Reference Rate is LIBOR, at approximately 11.00 a.m. (London time), or if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time) on the Interest Determination Date in question. If two or more of the Reference Banks provide the Calculation Agent with such offered quotations, the Rate of Interest for such Interest Accrual Period shall be the arithmetic mean of such offered quotations as determined by the Calculation Agent;
- (c) If paragraph (b) above applies and the Calculation Agent determines that fewer than two Reference Banks are providing offered quotations, subject as provided below, the Rate of Interest shall be the arithmetic mean of the rates per annum (expressed as a percentage) as communicated to (and at the request of) the Calculation Agent by the Reference Banks or any two or more of them, at which such banks were offered, if the Reference Rate is LIBOR, at approximately 11.00 a.m. (London time) or, if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time) on the relevant Interest Determination Date, deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate by leading banks in, if the Reference Rate is LIBOR, the London inter-bank market or, if the Reference Rate is EURIBOR, the Euro-zone inter-bank market, as the case may be,

or, if fewer than two of the Reference Banks provide the Calculation Agent with such offered rates, the offered rate for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, or the arithmetic mean of the offered rates for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, at which, if the Reference Rate is LIBOR, at approximately 11.00 a.m. (London time) or, if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time), on the relevant Interest Determination Date, any one or more banks (which bank or banks is or are in the opinion of the Trustee and the Issuer suitable for such purpose) informs the Calculation Agent it is quoting to leading banks in, if the Reference Rate is LIBOR, the London inter-bank market or, if the Reference Rate is EURIBOR, the Euro-zone inter-bank market, as the case may be, provided that, if the Rate of Interest cannot be determined in accordance with the foregoing provisions of this paragraph, the Rate of Interest shall be determined as at the last preceding Interest Determination Date (though substituting, where a different Margin or Maximum or Minimum Rate of Interest is to be applied to the relevant Interest Accrual Period from that which applied to the last preceding Interest Accrual Period, the Margin or Maximum or Minimum Rate of Interest relating to the relevant Interest Accrual Period, in place of the Margin or Maximum or Minimum Rate of Interest relating to that last preceding Interest Accrual Period).

- (d) Where Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined and the Reference Rate in respect of the Floating Rate Notes is specified as being EUR CMS, the Rate of Interest for each Interest Accrual Period will, subject as provided below, be the offered quotation (expressed as a percentage rate per annum) for EUR CMS relating to the relevant maturity (the relevant maturity year mid swap rate in EUR (annual 30/360)), which appears on the Relevant Screen Page, being Reuters page "ISDAFIX2" under the heading "EURIBOR BASIS - EUR", as at 11.00 a.m. Frankfurt time, in the case of the EUR-ISDA-EURIBOR Swap Rate-11:00 on the relevant Interest Determination Date in question plus or minus (as indicated in the applicable Final Terms) the Margin (if any), all as determined by the Calculation Agent.

In the event that the EUR CMS does not appear on the Relevant Screen Page, the Calculation Agent shall determine on the relevant Interest Determination Date the applicable rate based on quotations of five Reference Banks (to be selected by the Calculation Agent and the relevant Issuer) for EUR CMS relating to the relevant maturity (in each case the relevant mid-market annual swap rate commencing two TARGET Business Days following the relevant Interest Determination Date). The highest and lowest (or, in the event of equality, one of the highest and/or lowest) quotations so determined shall be disregarded by the Calculation Agent for the purpose of determining the Reference Rate which will be the arithmetic mean (rounded if necessary to five significant figures with halves being rounded up) of such provided quotations.

If, for any reason, the EUR CMS is no longer published or if fewer than three quotations are provided to the Calculation Agent in accordance with the above paragraph, it will be determined by the Calculation Agent in its sole discretion following discussions with the Issuer, acting in good faith and in a commercial and reasonable manner.

Where any Reference Rate is specified in the relevant Final Terms as being determined by linear interpolation in respect of an Interest Accrual Period, the Rate of Interest for such Interest Accrual Period shall be calculated by the Calculation Agent by straight line linear interpolation by reference to two rates based on the Reference Rate, one of which shall be determined as if the maturity were the period

of time (for which rates are available) next shorter than the length of the relevant Interest Accrual Period, and the other of which shall be determined as if the maturity were the period of time (for which rates are available) next longer than the length of the relevant Interest Accrual Period.

(c) Zero Coupon Notes

Where a Note the Interest Basis of which is specified to be Zero Coupon is repayable prior to the Maturity Date and is not paid when due, the amount due and payable prior to the Maturity Date shall be the Early Redemption Amount of such Note. As from the Maturity Date, the Rate of Interest for any overdue principal of such a Note shall be a rate per annum (expressed as a percentage) equal to the Amortisation Yield (as described in Condition 5(b)(i)).

(d) Fixed/Floating Rate Notes

Fixed/Floating Rate Notes may bear interest at a rate (i) that the Issuer may elect to convert on the date set out in the Final Terms from a Fixed Rate to a Floating Rate (including, for the avoidance of doubt, EUR CMS), or from a Floating Rate to a Fixed Rate or (ii) that will automatically change from a Fixed Rate to a Floating Rate, or from a Floating Rate to a Fixed Rate at the date(s) set out in the Final Terms.

(e) Accrual of Interest

Interest shall cease to accrue on each Note on the due date for redemption unless, upon due presentation, payment is improperly withheld or refused, in which event interest shall continue to accrue (after as well as before judgment) at the Rate of Interest in the manner provided in this Condition 4 to the Relevant Date (as defined in Condition 7).

(f) Margin, Maximum/Minimum Rates of Interest, Instalment Amounts and Redemption Amounts and Rounding

- (i) If any Margin is specified hereon (either (x) generally, or (y) in relation to one or more Interest Accrual Periods), an adjustment shall be made to all Rates of Interest, in the case of (x), or the Rates of Interest for the specified Interest Accrual Periods, in the case of (y), calculated in accordance with (b) above by adding (if a positive number) or subtracting the absolute value (if a negative number) of such Margin, subject always to the next paragraph.
- (ii) If any Maximum or Minimum Rate of Interest, Instalment Amount or Redemption Amount is specified hereon, then any Rate of Interest, Instalment Amount or Redemption Amount shall be subject to such maximum or minimum, as the case may be.
- (iii) For the purposes of any calculations required pursuant to these Conditions, (x) all percentages resulting from such calculations shall be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point (with halves being rounded up), (y) all figures shall be rounded to seven significant figures (with halves being rounded up) and (z) all currency amounts that fall due and payable shall be rounded to the nearest unit of such currency (with halves being rounded up) save in the case of yen, which shall be rounded down to the nearest yen. For these purposes “unit” means the lowest amount of such currency that is available as legal tender in the country(ies) of such currency.

(g) Calculations

The amount of interest payable per Calculation Amount in respect of any Note for any Interest Accrual Period shall be equal to the product of the Rate of Interest, the Calculation Amount specified hereon, and the Day Count Fraction for such Interest Accrual Period, unless an Interest Amount is applicable to such Interest Accrual Period, in which case the amount of interest payable per Calculation Amount in respect of such Note for such Interest Accrual Period shall equal such Interest Amount. Where any Interest Period comprises two or more Interest Accrual Periods, the amount of interest payable per Calculation Amount in respect of such Interest Period shall be the sum of the amounts of interest payable in respect of each of those Interest Accrual Periods. In respect of any other period for which

interest is required to be calculated, the provisions above shall apply save that the Day Count Fraction shall be for the period for which interest is required to be calculated.

(h) Determination and Publication of Rates of Interest, Interest Amounts, Final Redemption Amounts, Early Redemption Amounts, Optional Redemption Amounts and Instalment Amounts

The Calculation Agent shall, as soon as practicable on such date as the Calculation Agent may be required to calculate any rate or amount, obtain any quotation or make any determination or calculation, determine such rate and calculate the Interest Amounts for the relevant Interest Accrual Period, calculate the Final Redemption Amount, Early Redemption Amount, Optional Redemption Amount or Instalment Amount, obtain such quotation or make such determination or calculation, as the case may be, and cause the Rate of Interest and the Interest Amounts for each Interest Accrual Period and the relevant Interest Payment Date and, if required to be calculated, the Final Redemption Amount, Early Redemption Amount, Optional Redemption Amount or any Instalment Amount to be notified to the Fiscal Agent, the Issuer, each of the Paying Agents, the Noteholders, any other Calculation Agent appointed in respect of the Notes that is to make a further calculation upon receipt of such information and, if the Notes are listed on a stock exchange or other relevant authority and the rules of such exchange or other relevant authority so require, such exchange as soon as possible after their determination but in no event later than (i) the commencement of the relevant Interest Period, if determined prior to such time, in the case of notification to such exchange of a Rate of Interest and Interest Amount, or (ii) in all other cases, the fourth Business Day after such determination. Where any Interest Payment Date or Interest Period Date is subject to adjustment pursuant to Condition 4(b)(ii), the Interest Amounts and the Interest Payment Date so published may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. If the Notes become due and payable under Condition 9, the accrued interest and the Rate of Interest payable in respect of the Notes shall nevertheless continue to be calculated as previously in accordance with this Condition but no publication of the Rate of Interest or the Interest Amount so calculated need be made. The determination of any rate or amount, the obtaining of each quotation and the making of each determination or calculation by the Calculation Agent(s) shall (in the absence of manifest error) be final and binding upon all parties.

(j) Calculation Agent

The Issuer shall procure that there shall at all times be one or more Calculation Agents if provision is made for them hereon and for so long as any Note is outstanding (as defined in the Agency Agreement). Where more than one Calculation Agent is appointed in respect of the Notes, references in these Conditions to the Calculation Agent shall be construed as each Calculation Agent performing its respective duties under the Conditions. If the Calculation Agent is unable or unwilling to act as such or if the Calculation Agent fails duly to establish the Rate of Interest for an Interest Accrual Period or to calculate any Interest Amount, Instalment Amount, Final Redemption Amount, Early Redemption Amount, Make-whole Redemption Amount or Optional Redemption Amount, as the case may be, or to comply with any other requirement, the Issuer shall appoint a leading bank or investment banking firm engaged in the interbank market (or, if appropriate, money, swap or over-the-counter index options market) that is most closely connected with the calculation or determination to be made by the Calculation Agent (acting through its principal London office or any other office actively involved in such market) to act as such in its place. The Calculation Agent may not resign its duties without a successor having been appointed as aforesaid.

(k) RMB Notes

Notwithstanding the foregoing, each RMB Note which is a Fixed Rate Note bears interest from (and including) the Interest Commencement Date at the rate per annum equal to the Rate of Interest. For the purposes of calculating the amount of interest, if any Interest Payment Date would otherwise fall on a day which is not a Business Day, it shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month in which case it shall be brought forward to the immediately preceding Business Day. Interest will be payable in arrear on each Interest Payment Date.

The Calculation Agent will, as soon as practicable after 11.00 a.m. (Hong Kong time) on each Interest Determination Date, calculate the amount of interest payable per Specified Denomination for the relevant Interest Accrual Period. The determination of the amount of interest payable per Specified Denomination by the Calculation Agent shall (in the absence of manifest error and after confirmation by the Issuer) be final and binding upon all parties.

The Calculation Agent will cause the amount of interest payable per Specified Denomination for each Interest Accrual Period and the relevant Interest Payment Date to be notified to each of the Paying Agents and to be notified to Noteholders as soon as possible after their determination but in no event later than the fourth Business Day thereafter. The amount of interest payable per Specified Denomination and Interest Payment Date so published may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Accrual Period. If the Notes become due and payable under Condition 9, the accrued interest per Specified Denomination shall nevertheless continue to be calculated as previously by the Calculation Agent in accordance with this provision but no publication of the amount of interest payable per Specified Denomination so calculated need be made.

Interest shall be calculated in respect of any period by applying the Rate of Interest to the Specified Denomination, multiplying such product by the actual number of days in the relevant Interest Accrual Period or, as applicable, other period concerned and dividing it by 365, and rounding the resultant figure

to the nearest Renminbi sub-unit, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention.

5 Redemption, Purchase and Options

(a) *Redemption by Instalments and Final Redemption*

- (i) Unless previously redeemed or purchased and cancelled as provided in this Condition 5, each Note that provides for Instalment Dates and Instalment Amounts shall be partially redeemed on each Instalment Date at the related Instalment Amount specified hereon. The outstanding nominal amount of each such Note shall be reduced by the Instalment Amount (or, if such Instalment Amount is calculated by reference to a proportion of the nominal amount of such Note, such proportion) for all purposes with effect from the related Instalment Date, unless payment of the Instalment Amount is improperly withheld or refused, in which case, such amount shall remain outstanding until the Relevant Date relating to such Instalment Amount.
- (ii) Unless previously redeemed or purchased and cancelled as provided below, each Note shall be finally redeemed on the Maturity Date specified hereon at its Final Redemption Amount (which is its nominal amount) or, in the case of a Note falling within paragraph (i) above, its final Instalment Amount.

(b) *Early Redemption*

- (i) Zero Coupon Notes
 - (A) The Early Redemption Amount payable in respect of any Zero Coupon Note, upon redemption of such Note pursuant to Condition 5(c), 5(e), 5(f) or 5(g) or upon it becoming due and payable as provided in Condition 9 shall be the Amortised Face Amount (calculated as provided below) of such Note unless otherwise specified in the relevant Final Terms.
 - (B) Subject to the provisions of sub-paragraph (C) below, the Amortised Face Amount of any such Note shall be the scheduled Final Redemption Amount of such Note on the Maturity Date discounted at a rate per annum (expressed as a percentage) equal to the Amortisation Yield (which, if none is shown hereon, shall be such rate as would produce an Amortised Face Amount equal to the issue price of the Notes if they were discounted back to their issue price on the Issue Date) compounded annually.
 - (C) If the Early Redemption Amount payable in respect of any such Note upon its redemption pursuant to Condition 5(c), 5(e), 5(f) or 5(g) or upon it becoming due and payable as provided in Condition 9 is not paid when due, the Early Redemption Amount due and payable in respect of such Note shall be the Amortised Face Amount of such Note as described in sub-paragraph (B) above, except that such sub-paragraph shall have effect as though the date on which the Note becomes due and payable were the Relevant Date. The calculation of the Amortised Face Amount in accordance with this sub-paragraph shall continue to be made (both before and after judgment) until the Relevant Date, unless the Relevant Date falls on or after the Maturity Date, in which case the amount due and payable shall be the scheduled Final Redemption Amount of such Note on the Maturity Date together with any interest that may accrue in accordance with Condition 4(c).

Where such calculation is to be made for a period of less than one year, it shall be made on the basis of the Day Count Fraction shown hereon.

- (ii) Other Notes

The Early Redemption Amount payable in respect of any Note (other than Notes described in paragraph (i) above), upon redemption of such Note pursuant to Condition 5(c), 5(e), 5(f) or 5(g) or upon it becoming due and payable as provided in Condition 9, shall be the Final Redemption Amount together with interest accrued to the date fixed for redemption unless otherwise specified in the relevant Final Terms.

(c) Redemption for Taxation Reasons

- (i) If, by reason of any change in the applicable law of the jurisdiction of incorporation of the Issuer and/or, where applicable, the Guarantor (in each case, the “**Relevant Taxing Jurisdiction**”) or in each case, any political subdivision or any authority therein or thereof having power to tax, or any change in the official application or interpretation of any such law, becoming effective after the Issue Date, the Issuer and/or, as the case may be, the Guarantor would on the occasion of the next payment of principal or interest due in respect of the Notes or, where applicable (if it were called) under the Guarantee, not be able to make such payment without having to pay additional amounts as specified under Condition 7, the Issuer may, at its option, on any Interest Payment Date or, if so specified hereon, at any time, subject to having given not more than 45 nor less than 30 days’ prior notice to the Noteholders (which notice shall be irrevocable), in accordance with Condition 13 redeem all, but not some only, of the Notes at their Redemption Amount together with any interest accrued to the date set for redemption provided that the due date for redemption of which notice hereunder may be given shall be no earlier than the latest practicable date on which the Issuer or the Guarantor, as the case may be, could make payment of principal and interest without withholding for taxes in the Relevant Taxing Jurisdiction(s).
- (ii) If the Issuer (in the case of Unibail-Rodamco) would on the next payment of principal or interest in respect of such Notes or, where applicable or (if it were called) the Guarantor under the Guarantee, be prevented by French law from making payment to the Noteholders or Couponholders of the full amount then due and payable, notwithstanding the undertaking to pay additional amounts contained in Condition 7, then the Issuer (failing which, where applicable, the Guarantor) shall forthwith give notice of such fact to the Fiscal Agent and the Issuer shall, upon giving not less than seven nor more than 30 days’ irrevocable prior notice to the Noteholders in accordance with Condition 13, redeem all, but not some only, of the Notes then outstanding at their Redemption Amount together with any interest accrued to the date set for redemption on (A) the latest practicable Interest Payment Date on which the Issuer could make payment of the full amount then due and payable in respect of the Notes, provided that if such notice would expire after such Interest Payment Date, the date for redemption pursuant to such notice of Noteholders shall be the later of (i) the latest practicable date on which the Issuer or the Guarantor, as the case may be, could make payment of the full amount then due and payable in respect of the Notes and/or the Guarantee, as the case may be, and (ii) 14 days after giving notice to the Fiscal Agent as aforesaid or (B) if so specified on this Note, at any time, provided that the due date for redemption of which notice hereunder shall be given shall be the latest practicable date at which the Issuer or the Guarantor, as the case may be, could make payment of the full amount payable in respect of the Notes, Receipts or Coupons and/or the Guarantee, as the case may be, or, if that date is passed, as soon as practicable thereafter.

(d) Make-whole Redemption by the Issuer

Unless specified in the relevant Final Terms as being not applicable, the Issuer may, having given:

- (i) not less than 15 nor more than 30 days’ notice to the Noteholders in accordance with Condition 13; and

(which notices shall be irrevocable and shall specify the date fixed for redemption (each such date, a “**Make-whole Redemption Date**”)) redeem all (but not some only) of the Notes then outstanding at any time prior to their Maturity Date at their relevant Make-whole Redemption Amount. On or not later than the Business Day immediately following the Calculation Date, the Calculation Agent shall notify the Issuer, the Fiscal Agent, the Noteholders and such other parties as may be specified in the Final Terms of the Make-whole Redemption Amount. All Notes in respect of which any such notice referred to in sub-

paragraph (ii) above is given shall be redeemed on the relevant Make-whole Redemption Date in accordance with this Condition.

For the purposes of this Condition, unless the context otherwise requires, the following defined terms shall have the meanings set out below:

“Benchmark Rate” means the average of the four quotations given by the Reference Dealers on the Calculation Date at 11.00 a.m. (Central European time (CET)) of the mid-market annual yield to maturity of the Reference Bond specified in the relevant Final Terms. If the Reference Bond is no longer outstanding, a Similar Security will be chosen by the Calculation Agent at 11.00 a.m. (Central European time (CET)) on the Calculation Date, quoted in writing by the Calculation Agent to the Issuer and published in accordance with Condition 13. The Benchmark Rate will be published by the Issuer in accordance with Condition 13.

- (i) the greater of (x) the Final Redemption Amount of such Notes and (y) the sum of the present values as at the Make-whole Redemption Date of the remaining scheduled payments of principal and interest on such Notes (excluding any interest accruing on such Notes from, and including, the Specified Interest Payment Date or, as the case may be, the Interest Commencement Date, immediately preceding such Make-whole Redemption Date to, but excluding, the Make-whole Redemption Date) discounted from the Maturity Date to the Make-whole Redemption Date on the basis of the relevant Day Count Fraction at a rate equal to the Make-whole Redemption Rate; and
- (ii) any interest accrued but not paid on such Note from, and including, the Specified Interest Payment Date or, as the case may be, the Interest Commencement Date, immediately preceding such Make-whole Redemption Date, to, but excluding, the Make-whole Redemption Date.

“Make-whole Redemption Rate” means the sum, as calculated by the Calculation Agent, of the Benchmark Rate and the Make-whole Margin.

“Reference Dealers” means each of the four banks selected by the Calculation Agent which are primary European government security dealers, and their respective successors, or makers in pricing corporate bond issues.

(e) *Redemption at the Option of the Issuer and Exercise of Issuer’s Options*

If a Call Option is specified as being applicable in the relevant Final Terms, the Issuer may, on giving not less than 15 nor more than 30 days’ irrevocable notice to the Noteholders (or such other notice period as may be specified in the relevant Final Terms) redeem all or, if so provided, some, of the Notes on any Optional Redemption Date. Any such redemption of Notes shall be at their Optional Redemption Amount (which, in the case of Zero Coupon Notes, may be the Early Redemption Amount (as described in Condition 5(b) above)) together with interest accrued to the date fixed for redemption. Any such redemption or exercise must relate to Notes of a nominal amount at least equal to the Minimum Redemption Amount to be redeemed specified hereon and no greater than the Maximum Redemption Amount to be redeemed specified hereon.

All Notes in respect of which any such notice is given shall be redeemed, on the date specified in such notice in accordance with this Condition.

In the case of a partial redemption, the notice to Noteholders shall also contain the certificate numbers of the Notes to be redeemed, which shall have been drawn in such place and in such manner as may be fair and reasonable in the circumstances, taking account of prevailing market practices, subject to compliance with any applicable laws and stock exchange requirements. So long as the Notes are admitted to trading on the Luxembourg Stock Exchange and the rules of that Stock Exchange so require, the Issuer shall, once in each year in which there has been a partial redemption of the Notes, cause to be published in a leading newspaper of general circulation in Luxembourg a notice specifying the aggregate nominal amount of Notes outstanding and a list of the Notes drawn for redemption but not surrendered.

(f) *Clean-up Call Option*

If a Clean-up Call Option is specified as being applicable in the relevant Final Terms, the Issuer may, at any time, on giving not less than 15 nor more than 45 days' irrevocable notice to the Noteholders (or such other period as may be specified in the Final Terms), redeem all but not some only of the Notes for the time being outstanding, if, immediately prior to the date that such notice is given, the Minimum Percentage or less of the aggregate nominal amount originally issued of the Notes of the relevant Series remain outstanding (the "Minimum Percentage" being the percentage amount specified in the relevant Final Terms), provided that those Notes of such Series that are no longer outstanding have not been redeemed (and subsequently cancelled) by the Issuer at the option of the Issuer pursuant to Condition 5(e). Any such redemption shall be at par together with any interest accrued to the date fixed for redemption.

(g) *Redemption at the Option of Noteholders*

If a Put Option is specified as being applicable in the relevant Final Terms, the Issuer shall, at the option of the holder of any such Note, upon the holder of such Note giving not less than 15 nor more than 30 days' notice to the Issuer (or such other notice period as may be specified hereon) redeem such Note on the Optional Redemption Date(s) at its Optional Redemption Amount (which may be the Early Redemption Amount (as described in Condition 5(b) above)) together with interest accrued to the date fixed for redemption.

To exercise such option the holder must deposit such Note (together with all unmatured Receipts and Coupons and unexchanged Talons) with any Paying Agent at its specified office, together with a duly completed option exercise notice ("**Exercise Notice**") in the form obtainable from any Paying Agent within the notice period. No Note so deposited and option exercised may be withdrawn (except as provided in the Agency Agreement) without the prior consent of the Issuer.

(h) *Purchases*

The Issuer, or, in respect of Notes issued by Rodamco Europe Finance and Rodamco Sverige, the Guarantor and any of their respective Subsidiaries may at any time purchase Notes (provided that all unmatured Receipts and Coupons and unexchanged Talons relating thereto are attached thereto or surrendered therewith) in the open market or otherwise at any price.

All Notes which are purchased by the Issuer, or, in respect of Notes issued by Rodamco Europe Finance and Rodamco Sverige, by the Guarantor or any of their respective Subsidiaries and may, subject to the applicable law of the jurisdiction of the relevant Issuer, be held, reissued or resold, provided that, all Notes issued by, and purchased, by Unibail-Rodamco may be held and resold for the purpose of enhancing the liquidity of the Notes in accordance with Articles L.213-1 A and D.213-1-A of the French *Code monétaire et financier*.

unmatured Receipts and Coupons and all unexchanged Talons to the Fiscal Agent and shall be cancelled forthwith (together with all unexpired Receipts and Coupons and unexchanged Talons attached thereto or surrendered therewith). Any Notes so surrendered for cancellation may not be reissued or resold and the obligations of the Issuers and the Guarantor in respect of any such Notes shall be discharged.

6 Payments and Talons

(a) *Method of Payment*

Payments of principal and interest in respect of the Notes shall, subject as mentioned below, be made against presentation and surrender of the relevant Receipts (in the case of payments of Instalment Amounts other than on the due date for redemption and provided that the Receipt is presented for payment together with its relative Note), Notes (in the case of all other payments of principal and, in the case of interest, as specified in Condition 6(e)(vi)) or Coupons (in the case of interest, save as specified in Condition 6(e)(vi)), as the case may be:

- (i) in the case of a currency other than Renminbi, at the specified office of any Paying Agent outside the United States by a cheque payable in the relevant currency drawn on, or, at the option of the holder, by transfer to an account denominated in such currency with, a bank in the principal financial centre for such currency or, in the case of euro, in a city in which banks have access to the TARGET System; and
- (ii) in the case of Renminbi, by transfer to a Renminbi account maintained by or on behalf of the holder with a bank in Hong Kong.

(b) *Payments in the United States*

Notwithstanding the foregoing, if any Notes are denominated in U.S. dollars, payments in respect thereof may be made at the specified office of any Paying Agent in New York City in the same manner as aforesaid if (i) the Issuer shall have appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment of the amounts on the Notes in the manner provided above when due, (ii) payment in full of such amounts at all such offices is illegal or effectively precluded by exchange controls or other similar restrictions on payment or receipt of such amounts and (iii) such payment is then permitted by United States law, without involving, in the opinion of the Issuer, any adverse tax consequence to the Issuer.

(c) *Payments Subject to Fiscal Laws*

All payments are subject in all cases to any applicable fiscal or other laws, regulations and directives, but without prejudice to the provisions of Condition 7. No commission or expenses shall be charged to the Noteholders or Couponholders in respect of such payments.

(d) *Appointment of Agents*

The Fiscal Agent, the Paying Agents, the Calculation Agent(s), the Redenomination Agent and the Consolidation Agent act solely as agents of the Issuer and the Guarantor and do not assume any obligation or relationship of agency or trust for or with any Noteholder or Couponholder. The Issuer and the Guarantor reserve the right at any time to vary or terminate the appointment of the Fiscal Agent, any Paying Agent, the Calculation Agent(s), the Redenomination Agent or the Consolidation Agent and to appoint additional or other Paying Agents, provided that the Issuer shall at all times maintain (i) a Fiscal Agent and, where applicable, a Redenomination Agent and a Consolidation Agent, (ii) one or more Calculation Agent(s) where the Conditions so require, (iii) Paying Agents having specified offices in, so long as the Notes are listed on the Luxembourg Stock Exchange and the rules of such regulated market so require, Luxembourg, and (iv) such other agents as may be required by the rules of any other stock exchange on which the Notes may be admitted to trading.

In addition, the Issuer and the Guarantor shall forthwith appoint a Paying Agent in New York City in respect of any Notes denominated in U.S. dollars in the circumstances described in paragraph (b) above.

Notice of any such change or any change of any specified office shall promptly be given to the Noteholders in accordance with Condition 13.

(e) *Unmatured Coupons and Receipts and unexchanged Talons*

- (i) Unless the Notes provide that the relative Coupons are to become void upon the due date for redemption of those Notes, Notes should be surrendered for payment together with all unmaturing Coupons (if any) relating thereto, failing which an amount equal to the face value of each missing unmaturing Coupon (or, in the case of payment not being made in full, that proportion of the amount of such missing unmaturing Coupon that the sum of principal so paid bears to the total principal due) shall be deducted from the Final Redemption Amount, Early Redemption Amount or Optional Redemption Amount, as the case may be, due for payment. Any amount so deducted shall be paid in the manner mentioned above against surrender of such missing Coupon within a period of 10 years from the Relevant Date for the payment of such principal (whether or not such Coupon has become void pursuant to Condition 8).
- (ii) Upon the due date for redemption of any Floating Rate Note, unmaturing Coupons relating to such Note (whether or not attached) shall become void and no payment shall be made in respect of them.
- (iii) Upon the due date for redemption of any Note, any unexchanged Talon relating to such Note (whether or not attached) shall become void and no Coupon shall be delivered in respect of such Talon.
- (iv) Upon the due date for redemption of any Note that is redeemable in instalments, all Receipts relating to such Note having an Instalment Date falling on or after such due date (whether or not attached) shall become void and no payment shall be made in respect of them.
- (v) Where any Note that provides that the relative unmaturing Coupons are to become void upon the due date for redemption of those Notes is presented for redemption without all unmaturing Coupons, and where any Note is presented for redemption without any unexchanged Talon relating to it, redemption shall be made only against the provision of such indemnity as the Issuer may require.
- (vi) If the due date for redemption of any Note is not a due date for payment of interest, interest accrued from the preceding due date for payment of interest or the Interest Commencement Date, as the case may be, shall only be payable against presentation (and surrender if appropriate) of the relevant Note. Interest accrued on a Note that only bears interest after its Maturity Date shall be payable on redemption of such Note against presentation of the relevant Note.

(f) *Talons*

On or after the Interest Payment Date for the final Coupon forming part of a Coupon sheet issued in respect of any Note, the Talon forming part of such Coupon sheet may be surrendered at the specified office of the Fiscal Agent in exchange for a further Coupon sheet (and if necessary another Talon for a further Coupon sheet) (but excluding any Coupons that may have become void pursuant to Condition 8).

(g) *Non-Business Days*

- (ii) (in the case of a payment in euro) which is a TARGET Business Day; or
- (iii) (in the case of a payment in Renminbi) on which banks and foreign exchange markets are open for business and settlement of Renminbi payments in Hong Kong.

(h) *Payment of US Dollar Equivalent*

Notwithstanding any other provision in these Conditions, if an Inconvertibility, Non-Transferability or Illiquidity (each as defined below) occurs, or if Renminbi is otherwise not available to the Issuer and such unavailability has been confirmed by a Renminbi Dealer, following which the Issuer is unable to satisfy payments of principal or interest (in whole or in part) in respect of RMB Notes, the Issuer on giving not less than five (5) nor more than thirty (30) days irrevocable notice to the Noteholders prior to the due date for payment, may settle any such payment (in whole or in part) in US dollars on the due date at the US Dollar Equivalent of any such Renminbi denominated amount.

In such event, payments of the US Dollar Equivalent of the relevant principal or interest in respect of the Notes shall be made by transfer to the US dollar account of the relevant Account Holders for the benefit of the Noteholders. For the avoidance of doubt, no such payment of the US Dollar Equivalent shall by itself constitute a default in payment within the meaning of Condition 9.

All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of this Condition 6(h) by the RMB Rate Calculation Agent, will (in the absence of manifest error) be binding on the Issuer, the Agents and all Noteholders.

“Inconvertibility” means the occurrence of any event that makes it impossible for the Issuer to convert any amount due in respect of RMB Notes in the general Renminbi exchange market in Hong Kong, other than where such impossibility is due solely to the failure of the Issuer to comply with any law, rule or regulation enacted by any Governmental Authority (unless such law, rule or regulation is enacted after the Issue Date of such RMB Notes and it is impossible for the Issuer, due to an event beyond its control, to comply with such law, rule or regulation).

“Non-Transferability” means the occurrence of any event that makes it impossible for the Issuer to deliver Renminbi between accounts inside Hong Kong or from an account inside Hong Kong to an account outside Hong Kong, other than where such impossibility is due solely to the failure of the Issuer to comply with any law, rule or regulation enacted by any Governmental Authority (unless such law, rule or regulation is enacted after the Issue Date of the relevant RMB Notes and it is impossible for the Issuer, due to an event beyond its control, to comply with such law, rule or regulation).

“Renminbi Dealer” means an independent foreign exchange dealer of international repute active in the Renminbi exchange market in Hong Kong reasonably selected by the Issuer.

If such rate is not available, the RMB Rate Calculation Agent will determine the RMB Spot Rate at or around 11 a.m. (Hong Kong time) on the RMB Rate Calculation Date as the most recently available CNY/U.S. dollar official fixing rate for settlement on the relevant due date for payment reported by the State Administration of Foreign Exchange of the PRC, which is reported on the Reuters Screen Page CNY=SAEC. Reference to a page on the Reuters Screen means the display page so designated on the Reuter Monitor Money Rates Service (or any successor service) or such other page as may replace that page for the purpose of displaying a comparable currency exchange rate.

“US Dollar Equivalent” means the relevant Renminbi amount converted into US dollars using the RMB Spot Rate for the relevant RMB Rate Calculation Date, as calculated by the RMB Rate Calculation Agent.

“Non-Recourse Indebtedness” means any present or future indebtedness of any Principal Subsidiary with respect to which there is no contractual recourse against Unibail-Rodamco or any other Subsidiary of Unibail-Rodamco other than (i) recourse resulting from a pledge of shares of such Principal Subsidiary held by Unibail-Rodamco or any Subsidiary of Unibail-Rodamco in order to secure such indebtedness, (ii) recourse resulting from commitments entered into by Unibail-Rodamco prior to 31 December 2007 or (iii) recourse against any Subsidiary of such Principal Subsidiary to secure such indebtedness.

“Principal Subsidiary” means, at any relevant time, a Subsidiary of Unibail-Rodamco:

- whose Value represents not less than 7 per cent. of the total Value of Unibail-Rodamco.

For the purposes of this definition and the definition of “Excluded Subsidiary”, **“Value”** means (A) with respect to any entity fully or proportionally consolidated by Unibail-Rodamco, the revalued value (as defined below) of Unibail-Rodamco’s assets, (B) with respect to any entity consolidated under the equity method by Unibail-Rodamco, the value of such entity’s equity, calculated on the basis of the revalued value of such entity’s assets, in accordance with the accounting principles adopted by Unibail-Rodamco for its financial statements for the most recent financial year and in proportion to the stake held by Unibail-Rodamco, and (C) with respect to Unibail-Rodamco, the total Value, determined in accordance with (A) and (B) above, of all assets and of all entities in which Unibail-Rodamco holds, directly or indirectly, an equity interest as they appear in the latest published audited consolidated balance sheet of Unibail-Rodamco. The **“revalued value”** of an asset for the purpose of this definition means the value of that asset determined by reference to valuations provided by independent appraisers for real estate assets and included in the latest published audited accounts (on a consolidated basis if such accounts are prepared) of Unibail-Rodamco or the relevant Subsidiary, as the case may be, as the value of that asset.

In the event that, for any reason, the calculations of the Value of a Subsidiary or Unibail-Rodamco are not available after the close of any financial year at a time when it is necessary to determine whether a Subsidiary is a Principal Subsidiary, **“Principal Subsidiary”** shall mean, with respect to such year, a Subsidiary of Unibail-Rodamco whose operating income (or, where the Subsidiary in question prepares consolidated accounts, whose consolidated operating income) attributable to Unibail-Rodamco represents not less than 7 per cent. of the consolidated operating income of Unibail-Rodamco, all as calculated by reference to the then latest audited accounts (or consolidated accounts, as the case may be) of such Subsidiary and the then latest audited consolidated accounts of Unibail-Rodamco and its consolidated Subsidiaries; or

to which is transferred all or substantially all the assets and undertakings of a Subsidiary which, immediately prior to such transfer, is a Principal Subsidiary.

10 Meetings of Noteholders and Modifications

(a) Meetings of Noteholders

The Agency Agreement contains provisions for convening meetings of Noteholders to consider any matter affecting their interests, including the sanctioning by Extraordinary Resolution (as defined in the Agency Agreement) of a modification of any of these Conditions. Such a meeting may be convened by Noteholders holding not less than 10 per cent. in nominal amount of the Notes for the time being outstanding. The quorum for any meeting convened to consider an Extraordinary Resolution shall be two or more persons holding or representing a clear majority in nominal amount of the Notes for the time being outstanding, or at any adjourned meeting two or more persons being or representing Noteholders whatever the nominal amount of the Notes held or represented, unless the business of such meeting

includes consideration of proposals, *inter alia*, (i) to amend the dates of maturity or redemption of the Notes, any Instalment Date or any date for payment of interest or Interest Amounts on the Notes, (ii) to reduce or cancel the nominal amount of, or any Instalment Amount of, or any premium payable on redemption of, the Notes, (iii) to reduce the rate or rates of interest in respect of the Notes or to vary the method or basis of calculating the rate or rates or amount of interest or the basis for calculating any Interest Amount in respect of the Notes, (iv) if a Minimum and/or a Maximum Rate of Interest, Instalment Amount or Redemption Amount is shown hereon, to reduce any such Minimum and/or Maximum, (v) to vary any method of, or basis for, calculating the Final Redemption Amount, the Early Redemption Amount, the Make-whole Redemption Amount or the Optional Redemption Amount, including the method of calculating the Amortised Face Amount, (vi) to vary the currency or currencies of payment or denomination of the Notes or (vii) to modify the provisions concerning the quorum required at any meeting of Noteholders or the majority required to pass the Extraordinary Resolution, in which case the necessary quorum shall be two or more persons holding or representing not less than 75 per cent., or at any adjourned meeting not less than 25 per cent., in nominal amount of the Notes for the time being outstanding. Any Extraordinary Resolution duly passed shall be binding on Noteholders (whether or not they were present at the meeting at which such resolution was passed) and on all Couponholders.

(b) Modification of Agency Agreement

The Issuer and, where applicable, the Guarantor shall only permit any modification of, or any waiver or authorisation of any breach or proposed breach of or any failure to comply with, the Agency Agreement if to do so could not reasonably be expected to be prejudicial to the interests of the Noteholders.

(c) Substitution

The Issuer, or any previous substituted company, may at any time, without the consent of the Noteholders, the Receiptholders or the Couponholders, substitute for itself as principal debtor under the Notes, the Receipts, the Coupons and the Talons (i) where the Issuer is not Unibail-Rodamco, either Unibail-Rodamco or any Subsidiary of Unibail-Rodamco or (ii) where the Issuer is Unibail-Rodamco, any company that is a Subsidiary of Unibail-Rodamco (in each such case, the “**Substitute**”). The substitution shall be made by a deed poll (the “**Deed Poll**”), to be substantially in the form scheduled to the Agency Agreement as Schedule 8, and may take place only if (i) the Issuer shall, by means of the Deed Poll, agree to indemnify each Noteholder, Receiptholder and Couponholder against any tax, duty, assessment or governmental charge that is imposed on it by (or by any authority in or of) the jurisdiction of the country of the Substitute’s residence for tax purposes and, if different, of its incorporation with respect to any Note, Receipt, Coupon, Talon or the Deed of Covenant and that would not have been so imposed had the substitution not been made, as well as against any tax, duty, assessment or governmental charge, and any cost or expense, relating to the substitution, (ii) unless the Substitute is Unibail-Rodamco, the Notes, Receipts, Coupons, Talons and Deed of Covenant (together with any such indemnity referred to in (i) above) shall be unconditionally and irrevocably guaranteed by Unibail-Rodamco by means of the Deed Poll, (iii) all actions, conditions and things required to be taken, fulfilled and done (including the obtaining of any necessary consents) to ensure that the Deed Poll, the Notes, Receipts, Coupons, Talons and Deed of Covenant represent valid, legally binding and enforceable obligations of the Substitute and, in the case of the Deed Poll, of Unibail-Rodamco as guarantor have been taken, fulfilled and done and are in full force and effect, (iv) the Substitute shall have become party to the Agency Agreement, with any appropriate consequential amendments, as if it had been an original party to it and Unibail-Rodamco, for the avoidance of doubt as guarantor remaining party thereto in such capacity as guarantor with any appropriate amendments, (v) legal opinions addressed to the Noteholders shall have been delivered to them care of the Fiscal Agent on behalf of the Noteholders from a lawyer or firm of lawyers chosen by the Substitute with a leading securities practice in each jurisdiction referred to in (i) above and in England as to the fulfilment of the conditions of paragraph (iii) and the other matters specified in the Deed Poll and (vi) the Issuer shall have given at least 14 days’ prior notice in accordance with Condition 13 of such substitution to the Noteholders, stating that copies, or pending execution the agreed text, of all documents in relation to the substitution that are referred to above, or that might otherwise reasonably be regarded as material to the Noteholders, shall be available for inspection at the specified office of each of the Paying Agents.

11 Replacement of Notes, Receipts, Coupons and Talons

If a Note, Receipt, Coupon or Talon is lost, stolen, mutilated, defaced or destroyed, it may be replaced, subject to applicable laws, regulations and stock exchange regulations, at the specified office of the Paying Agent in Luxembourg or such other Paying Agent as may from time to time be designated by the Issuer for the purpose and notice of whose designation is given to Noteholders, in each case on payment by the claimant of the fees and costs incurred in connection therewith and on such terms as to evidence, security and indemnity (which may provide, *inter alia*, that if the allegedly lost, stolen or destroyed Note, Receipt, Coupon or Talon is subsequently presented for payment or, as the case may be, for exchange for further Coupons, there shall be paid to the Issuer on demand the amount payable by the Issuer in respect of such Notes, Receipts, Coupons or further Coupons) and otherwise as the Issuer may require. Mutilated or defaced Notes, Receipts, Coupons or Talons must be surrendered before replacements will be issued.

12 Further Issues and Consolidation

The Issuer may from time to time without the consent of the Noteholders or Couponholders create and issue further notes having the same terms and conditions as the Notes (so that, for the avoidance of doubt, references in the conditions of such notes to “**Issue Date**” shall be to the first issue date of the Notes) and so that the same shall be consolidated and form a single series with such Notes, and references in these Conditions to “**Notes**” shall be construed accordingly.

The Issuer may from time to time on any Interest Payment Date occurring on or after the date specified for a Redenomination of the Notes pursuant to Condition 1(C), on giving not less than 30 days’ prior notice to the Noteholders in accordance with Condition 13, without the consent of the Noteholders or the Couponholders, consolidate the Notes with one or more issues of other notes issued by it, whether or not originally issued in one of the European national currencies or in euro, provided such other notes have been redenominated in euro (if not originally denominated in euro) and which otherwise have, in respect of all periods subsequent to such consolidation, the same terms and conditions as the Notes.

13 Notices

Notices to the holders of Notes shall be valid if published in a daily newspaper of general circulation in London (which is expected to be the *Financial Times*) and, so long as the Notes are admitted to trading on the Luxembourg Stock Exchange and the rules of that regulated market so require, on the website of the Luxembourg Stock Exchange (www.bourse.lu) or in a daily newspaper having general circulation in Luxembourg (expected to be the *Luxemburger Wort*). Any such notice shall be deemed to have been given on the date of such publication or, if published more than once or on different dates, on the date of the first publication as provided above.

Couponholders shall be deemed for all purposes to have notice of the contents of any notice given to the holders of Notes in accordance with this Condition.

14 Currency Indemnity

Any amount received or recovered in a currency other than the currency in which payment under the relevant Note, Coupon or Receipt is due (whether as a result of, or of the enforcement of, a judgment or order of a court of any jurisdiction, in the insolvency, winding-up or dissolution of the Issuer, the Guarantor (where applicable) or any of their respective Principal Subsidiaries (other than Non-Recourse Subsidiaries) or otherwise) by any Noteholder or Couponholder in respect of any sum expressed to be due to it from the Issuer or the Guarantor shall only constitute a discharge to the Issuer or the Guarantor, as the case may be, to the extent of the amount in the currency of payment under the relevant Note, Coupon or Receipt that the recipient is able to purchase with the amount so received or recovered in that other currency on the date of that receipt or recovery (or, if it is not practicable to make that purchase on that date, on the first date on which it is practicable to do so). If the amount received or recovered is less than the amount expressed to be due to the recipient under any Note, Coupon or Receipt, the Issuer, failing which, the Guarantor (where applicable) shall indemnify it against any loss sustained by it as a

result. In any event, the Issuer shall indemnify the recipient against the cost of making any such purchase. For the purposes of this Condition, it shall be sufficient for the Noteholder or Couponholder, as the case may be, to demonstrate that it would have suffered a loss had an actual purchase been made. These indemnities constitute a separate and independent obligation from the Issuer's and, as the case may be, the Guarantor's other obligations, shall give rise to a separate and independent cause of action, shall apply irrespective of any indulgence granted by any Noteholder or Couponholder and shall continue in full force and effect despite any other judgment, order, claim or proof for a liquidated amount in respect of any sum due under any Note, Coupon or Receipt or any other judgment or order.

15 Contracts (Rights of Third Parties) Act 1999

No person shall have any right to enforce any term or condition of the Notes under the Contracts (Rights of Third Parties) Act 1999.

16 Governing Law, Jurisdiction and Service of Process

(a) Governing Law

The Notes, the Receipts, the Coupons, the Talons, the Guarantee and any non-contractual obligations arising out of or in connection with them are governed by, and shall be construed in accordance with, English law.

(b) Jurisdiction

The courts of England and France are to have exclusive jurisdiction to settle any disputes that may arise out of or in connection with any Notes, Receipts, Coupons or Talons or the Guarantee, including any disputes related to any non-contractual obligations arising out of or in connection with the Notes, the Receipts, the Coupons, the Talons or the Guarantee, and accordingly any legal action or proceedings arising out of or in connection with any Notes, Receipts, Coupons or Talons or the Guarantee ("**Legal Proceedings**") shall be brought in such courts.

(c) Service of Process

Each of the Issuer and the Guarantor has irrevocably appointed Clifford Chance Secretaries Limited of 10 Upper Bank Street, London, E14 5JJ as its agent in England to receive, for it and on its behalf, service of process in any Legal Proceedings in England. Such service shall be deemed completed on delivery to such process agent (whether or not it is forwarded to and received by the Issuer or the Guarantor). If for any reason such process agent ceases to be able to act as such or no longer has an address in London, the Issuer and the Guarantor irrevocably agree to appoint a substitute process agent and shall immediately notify Noteholders of such appointment in accordance with Condition 13. Nothing shall affect the right to serve process in any manner permitted by law.

SUMMARY OF PROVISIONS RELATING TO THE NOTES WHILE IN GLOBAL FORM

Initial Issue of Notes

If the Global Notes are stated in the applicable Final Terms to be issued in NGN form, they may be intended to be eligible collateral for Eurosystem monetary policy and the Global Notes will be delivered on or prior to the original issue date of the Tranche to a Common Safekeeper. Depositing the Global Notes with the Common Safekeeper does not necessarily mean that the Notes will be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem either upon issue, or at any or all times during their life. Such recognition will depend upon satisfaction of the Eurosystem eligibility criteria.

Global notes which are issued in CGN form may be delivered on or prior to the original issue date of the Tranche to a Common Depository.

If the Global Note is a CGN, upon the initial deposit of a Global Note with a common depository for Euroclear and Clearstream, Luxembourg (the “**Common Depository**”), Euroclear or Clearstream, Luxembourg will credit each subscriber with a nominal amount of Notes equal to the nominal amount thereof for which it has subscribed and paid. In the case of a Tranche of Notes where Euroclear France is acting as a central depository, Euroclear France upon initial deposit of a Global Note with it will credit each Approved Intermediary (as defined in the relevant Final Terms) including the correspondents of Euroclear and Clearstream, Luxembourg in Euroclear France with the nominal amount of Notes they are entitled to according to the records of Euroclear France. Each Approved Intermediary will likewise credit each subscriber with a nominal amount of Notes equal to the nominal amount thereof for which it has subscribed and paid, and in the case of Notes held through Euroclear or Clearstream, Luxembourg, Euroclear or Clearstream, Luxembourg will then likewise credit each person appearing in the records maintained by each of them as entitled to such Notes with a nominal amount of Notes equal to the nominal amount thereof for which it has subscribed and paid. Notes that are initially deposited with the Common Depository may (if indicated in the relevant Final Terms) also be credited to the accounts of subscribers with Approved Intermediaries or other clearing systems through direct or indirect accounts with Euroclear and Clearstream, Luxembourg held by such other clearing systems. Conversely, Notes that are initially deposited with any other clearing system may similarly be credited to the accounts of subscribers with Euroclear, Clearstream, Luxembourg or other clearing systems, in all cases subject to the rules of such clearing systems from time to time.

Relationship of Accountholders with Clearing Systems

Each of the persons shown in the records of Euroclear, Clearstream, Luxembourg or any other clearing system or such Approved Intermediary, as the holder of a Note represented by a Global Note, must look solely to Euroclear, Clearstream, Luxembourg or such clearing system or such Approved Intermediary (as the case may be) for his share of each payment made by the Issuer to the bearer of such Global Note and in relation to all other rights arising under the Global Notes, subject to and in accordance with the respective rules and procedures of Euroclear, Clearstream, Luxembourg, Euroclear France or such clearing system (as the case may be). Such persons shall have no claim directly against the Issuer in respect of payments due on the Notes for so long as the Notes are represented by such Global Note and such obligations of the Issuer will be discharged by payment to the bearer of such Global Note in respect of each amount so paid.

Exchange

Temporary Global Notes

Each temporary Global Note will be exchangeable, free of charge to the holder, on or after its Exchange Date (as defined below):

- (i) if the relevant Final Terms indicate that such Global Note is issued in compliance with the C Rules or in a transaction to which TEFRA is not applicable (as to which, see “Summary - Selling Restrictions”), in whole, but not in part, for the Definitive Notes defined and described below; and

- (ii) otherwise, in whole or in part upon certification as to non-U.S. beneficial ownership in the form set out in the Agency Agreement for interests in a permanent Global Note or, if so provided in the relevant Final Terms, for Definitive Notes.

Permanent Global Notes

Each permanent Global Note will be exchangeable, free of charge to the holder, on or after its Exchange Date in whole but not, except as provided under “Partial Exchange of Permanent Global Notes”, in part for Definitive Notes:

- if the relevant Final Terms provide that such Global Note is exchangeable at the request of the holder, by the holder giving notice to the Fiscal Agent of its election for such exchange (provided such Notes are issued in one Specified Denomination only); and

otherwise, (1) if the permanent Global Note is held on behalf of Euroclear, Clearstream, Luxembourg, Euroclear France or any other relevant clearing system (an “**Alternative Clearing System**”) and any such clearing system is closed for business for a continuous period of 14 days (other than by reason of holidays, statutory or otherwise) or announces an intention permanently to cease business or in fact does so or (2) if principal in respect of any Notes is not paid when due, by the holder giving notice to the Fiscal Agent of its election for such exchange.

In the event that the permanent Global Note representing such Notes is exchanged for Definitive Notes, such Definitive Notes shall be issued in Specified Denomination(s) only. A Noteholder who holds a principal amount of less than the minimum Specified Denomination will not receive a definitive Note in respect of such holding and would need to purchase a principal amount of Notes such that it holds an amount equal to one or more Specified Denominations.

Partial Exchange of Permanent Global Notes

For so long as a permanent Global Note is held on behalf of a clearing system and the rules of that clearing system permit, such permanent Global Note will be exchangeable in part on one or more occasions for Definitive Notes if principal in respect of any Notes is not paid when due.

Delivery of Notes

On or after any due date for exchange, the holder of a Global Note may surrender such Global Note or, in the case of a partial exchange, present it for endorsement to or to the order of the Fiscal Agent. In exchange for any Global Note, or the part thereof to be exchanged, the Issuer will (i) in the case of a temporary Global Note exchangeable for a permanent Global Note, deliver, or procure the delivery of, a permanent Global Note in an aggregate nominal amount equal to that of the whole or that part of a temporary Global Note that is being exchanged or, in the case of a subsequent exchange, endorse, or procure the endorsement of, a permanent Global Note to reflect such exchange or (ii) in the case of a Global Note exchangeable for Definitive Notes, deliver, or procure the delivery of, an equal aggregate nominal amount of duly executed and authenticated Definitive Notes or if the Global Note is an NGN, the Issuer will procure that details of such exchange be entered *pro rata* in the records of the relevant clearing system. In this Base Prospectus, “**Definitive Notes**” means, in relation to any Global Note, the definitive Notes for which such Global Note may be exchanged (if appropriate, having attached to them all Coupons and Receipts in respect of interest or Instalment Amounts that have not already been paid on the Global Note and a Talon). Definitive Notes will be security printed in accordance with any applicable legal and stock exchange requirements in or substantially in the form set out in the Schedules to the Agency Agreement. On exchange in full of each permanent Global Note, the Issuer will, if the holder so requests, procure that it is cancelled and returned to the holder together with the relevant Definitive Notes.

Exchange Date

“**Exchange Date**” means, in relation to a temporary Global Note, the day falling after the expiry of 40 days after its issue date and, in relation to a permanent Global Note, a day falling not less than 60 days, or in the case of

failure to pay principal in respect of any Notes when due 30 days, after that on which the notice requiring exchange is given and on which banks are open for business in the city in which the specified office of the Fiscal Agent is located and in the city in which the relevant clearing system is located.

Amendment to Conditions

The temporary Global Notes and permanent Global Notes contain provisions that apply to the Notes that they represent, some of which modify the effect of the terms and conditions of the Notes set out in this Base Prospectus. The following is an overview of certain of those provisions:

Payments

No payment falling due after the Exchange Date will be made on any Global Note unless Exchange for an interest in a permanent Global Note or for Definitive Notes is improperly withheld or refused. Payments on any temporary Global Note issued in compliance with the D Rules before the Exchange Date will only be made against presentation of certification as to non-U.S. beneficial ownership in the form set out in the Agency Agreement. All payments in respect of Notes represented by a Global Note in CGN form will be made against presentation for endorsement and, if no further payment falls to be made in respect of the Notes, surrender of that Global Note to or to the order of the Fiscal Agent or such other Paying Agent as shall have been notified to the Noteholders for such purpose. If the Global Note is a CGN, a record of each payment so made will be endorsed on each Global Note, which endorsement will be *prima facie* evidence that such payment has been made in respect of the Notes. If the Global Note is a NGN, the Issuer shall procure that details of each such payment shall be entered *pro rata* in the records of the relevant clearing system and in the case of payments of principal, the nominal amount of the Notes recorded in the records of the relevant clearing system and represented by the Global Note will be reduced accordingly. Payments under the NGN will be made to its holder. Each payment so made will discharge the Issuer's obligations in respect thereof. Any failure to make the entries in the records of the relevant clearing system shall not affect such discharge. For the purpose of any payments made in respect of a Global Note, the relevant place of presentation shall be disregarded in the definition of "business day" set out in Condition 6(g) ("Terms and Conditions of the Notes – Non-Business Days").

All payments in respect of Notes represented by a Global Certificate will be made to, or to the order of, the person whose name is entered on the Register at the close of business on the record date which shall be on the Clearing System Business Day immediately prior to the date for payment, where "**Clearing System Business Day**" means Monday to Friday inclusive except 25 December and 1 January.

Prescription

Claims against the Issuer in respect of Notes that are represented by a permanent Global Note will become void unless it is presented for payment within a period of 10 years (in the case of principal) and five years (in the case of interest) from the appropriate Relevant Date (as defined in Condition 7(b) ("Terms and Conditions of the Notes – Taxation - Additional Amounts")).

Meetings

The holder of a permanent Global Note shall (unless such permanent Global Note represents only one Note) be treated as being two persons for the purposes of any quorum requirements of a meeting of Noteholders and, at any such meeting, as having one vote in respect of each integral currency unit of the Specified Currency of the Notes.

Cancellation

Cancellation of any Note represented by a permanent Global Note that is required by the Conditions to be cancelled (other than upon its redemption) will be effected by reduction in the nominal amount of the relevant permanent Global Note.

Purchase

Notes represented by a permanent Global Note may only be purchased by the Issuer or any of its respective subsidiaries if they are purchased together with the rights to receive all future payments of interest and Instalment Amounts (if any) thereon.

Issuer's Option

Any option of the Issuer provided for in the Conditions of any Notes while such Notes are represented by a permanent Global Note shall be exercised by the Issuer giving notice to the Noteholders within the time limits set out in and containing the information required by the Conditions, except that the notice shall not be required to contain the serial numbers of Notes drawn in the case of a partial exercise of an option and accordingly no drawing of Notes shall be required. In the event that any option of the Issuer is exercised in respect of some but not all of the Notes of any Series, the rights of account holders with a clearing system in respect of the Notes will be governed by the standard procedures of Euroclear, Clearstream, Luxembourg (to be reflected in the records of Euroclear and Clearstream, Luxembourg as either a pool factor or a reduction in nominal amount, at their discretion) or any other Alternative Clearing System (as the case may be).

Noteholders' Options

Any option of the Noteholders provided for in the Conditions of any Notes while such Notes are represented by a permanent Global Note may be exercised by the holder of the permanent Global Note giving notice to the Fiscal Agent within the time limits relating to the deposit of Notes with a Paying Agent set out in the Conditions substantially in the form of the notice available from any Paying Agent, except that the notice shall not be required to contain the serial numbers of the Notes in respect of which the option has been exercised, and stating the nominal amount of Notes in respect of which the option is exercised and at the same time, where the permanent Global Note is a CGN, presenting the permanent Global Note to the Fiscal Agent, or to a Paying Agent acting on behalf of the Fiscal Agent, for notation. Where the Global Note is a NGN, the Issuer shall procure that details of such exercise shall be entered *pro rata* in the records of the relevant clearing system and the nominal amount of the Notes recorded in those records will be reduced accordingly.

NGN nominal amount

Where the Global Note is a NGN, the Issuer shall procure that any exchange, payment, cancellation, exercise of any option or any right under the Notes, as the case may be, in addition to the circumstances set out above shall be entered in the records of the relevant clearing systems and upon any such entry being made, in respect of payments of principal, the nominal amount of the Notes represented by such Global Note shall be adjusted accordingly.

Events of Default

Each Global Note provides that the holder may cause such Global Note, or a portion of it, to become due and repayable in the circumstances described in Condition 9 ("Terms and Conditions of the Notes – Events of Default") by stating in the notice to the Fiscal Agent the nominal amount of such Global Note that is becoming due and repayable. If principal in respect of any Note is not paid when due, the holder of a Global Note may elect for direct enforcement rights against the Issuer under the terms of an Amended and Restated Deed of Covenant executed as a deed by the Issuer and the Guarantor on 30 July 2015 to come into effect in relation to the whole or a part of such Global Note in favour of the persons entitled to such part of such Global Note as

accountholders with a clearing system. Following any such acquisition of direct rights, the Global Note will become void as to the specified portion.

Notices

So long as any Notes are represented by a Global Note and such Global Note is held on behalf of a clearing system, notices to the holders of Notes of that Series may be given by delivery of the relevant notice to that clearing system for communication by it to entitled accountholders in substitution for publication as required by the Conditions or by delivery of the relevant notice to the holder of the Global Note, except that, so long as the Notes are admitted to trading on the Luxembourg Stock Exchange and the rules of that stock exchange so require, notices shall also be published in a leading newspaper having general circulation in Luxembourg (which is expected to be the *Luxemburger Wort*) or on the website of the Luxembourg Stock Exchange (www.bourse.lu).

Redenomination and Consolidation

A Global Note may be amended or replaced by the Issuer (in such manner as it considers necessary, after consultation with the Redenomination Agent and the Consolidation Agent, as the case may be) for the purposes of taking account of the redenomination and/or consolidation of the Notes in accordance with Conditions 1(c) ("Terms and Conditions of the Notes – Form, Denomination, Titre and Redenomination - Redenomination") and 12 ("Terms and Conditions of the Notes – Further Issues and Consolidation"). Any consolidation may require a change in the relevant nominee or depositary for the relevant clearing system(s), as the case may be.

USE OF PROCEEDS

The net proceeds of the issue of Notes will be used for the general corporate purposes of the relevant Issuer, including acquisition and developing policy. If in respect of any particular issue, there is a particular identified use of proceeds, this will be stated in the applicable Final Terms.

Strategy

Unibail-Rodamco is a leading owner and operator of large shopping centres in continental Europe. These assets are attractive to premium retailers not only because of their size, positioning and central locations in major European cities, but also because the Unibail-Rodamco Group's pro-active property management strategy which seeks to increase customer traffic and turnover.

Unibail-Rodamco believes that large shopping centres offer customers the most complete retail mix and attractive services and, as such, are well placed to perform in a competitive retail environment. Unibail-Rodamco believes the quality and reach of this property portfolio enables it to attract premium retailers and provide national and international players with a reliable, proven platform for expansion. An active retail intelligence strategy and close cooperation with established and up-and-coming brands is central to the Unibail-Rodamco Group's ability to offer customers an appealing, differentiated shopping experience.

GDP growth in the European Union⁷ (EU) based on estimates released before the outcome of the "Brexit" referendum (Referendum) was expected to reach +1.8% in 2016, slightly below the GDP growth reported in 2015 (+2.0%). This trend is broadly the same in the Eurozone, expected to grow by +1.6% in 2016, compared to +1.7% in 2015. The positive impact of low oil prices, a low euro exchange rate, the European Central Bank's

supportive monetary policy measures and increased public expenditures continued to support economic growth. However, these positive factors were partly offset by the downturn in emerging economies and, more recently, a slowdown in major advanced economies and geopolitical uncertainties.

Unemployment levels⁸ as at May 2016 have decreased to 8.6% in the EU and 10.1% in the Eurozone (-100 bps and -90 bps, respectively, compared to May 2015). These are the lowest recorded rates since March 2009 for the EU and July 2011 for the Eurozone.

In Unibail-Rodamco's regions, the weighted average forecast GDP growth of +1.8% in 2016 is in line with expectations for the EU. The GDP growth forecasts are subject to the consequences of the Referendum on the EU economic growth. This impact is at this stage difficult to predict and much will depend on the terms the UK and the EU will agree about the trade relationship between them. Such process is currently expected to take several years to complete. While Unibail-Rodamco does not have any direct UK investment, it could be negatively affected by the economic and political uncertainty created by the outcome of the Referendum, especially if retailers recalibrate their continental European expansion plans or if general consumer sentiment is impacted. Such uncertainty may reduce European GDP growth over the next 6 to 24 months.

Tenant Sales¹³

Tenant sales in the Group's shopping centres grew by +2.2% through June 30, 2016 compared to 2015. Through May 31, 2016, Group's tenant sales were slightly above the relevant national sales indices⁹ with growth of +2.1% compared to the same period last year. Germany, Central Europe and Spain were the principal drivers with growth of +4.2%, +3.0% and +2.7%, respectively.

French tenant sales were particularly strong in newer or refurbished shopping centres such as Aéroville (+10.2%), Toison d'Or (+6.2%), Confluence (+6.2%), Eurailille (+4.5%) and So Ouest (+4.3%). This strength was partially offset by the impact of the above referenced events on a number of Paris region shopping centres. In Central Europe, the Group's tenant sales outperformance was primarily driven by Galeria Wilenska (+7.5%) and Centrum Cerny Most (+5.5%). In Spain, the Group's tenant sales were driven primarily by Splau (+9.0%) and El Faro (+6.8%). In the Nordics, tenant sales, which exclude sales in Mall of Scandinavia, increased by +2.2%. The highest sales growth was observed in Fisketorvet (+12.5%). Including Mall of Scandinavia, the Groups' tenant sales in the Nordics were up by +32.1%, whereas the Nordics national sales index, which includes this asset, was up by +3.1%. In Austria, Shopping City Süd and Donau Zentrum contributed equally. In Germany, the strong tenant sales growth was driven primarily by Höfe am Brühl (+10.0%) and Pasing Arcaden (+4.3%).

Innovation

The Group's focus is to drive footfall growth and continuously increase customer satisfaction. Recognizing that customers who shop with their children need specific attention, the Group introduced the Family Experience in H1-2016. This initiative designed by UR Lab focuses on meeting the essential family needs (security, fun and magic). A pilot was launched in June 2016 in Donau Zentrum, offering two new iconic playgrounds with a "magic" tree (with multiple slides) and a "magic" attic (with paying activities, nature-inspired furniture, workshop places and a new childcare service), a redesigned customer journey and an enriched retail offer with family-friendly brands.

In March 2016, the Group launched UR Link, the Group's retail accelerator. This initiative fosters collaboration between the Group and start-ups which operate in the retail sector, in order to accelerate both the Group's innovations and the start-ups' growth. The program offers the opportunity for start-ups to work in collaboration with Unibail-Rodamco's experts during four months, develop and prototype their concept in Unibail-Rodamco's

portfolio. The first season has been launched in partnership with NUMA, one of the leading accelerators in Europe, specialized in digital areas.

Besides, the Group consistently continues to grow its digital audience:

- Digital multi-channel marketing: smartphone app downloads grew by +19%, to 3.7 million compared to H1-2015 and Facebook fans grew by +16%, to 5.6 million;
- The Group's loyalty program continues its rapid growth with almost 640,000 new users over the same period last year. The openings of Polygone Riviera and Mall of Scandinavia at the end of 2015 also drove an increase in the loyalty program membership and its digital use, with 38% and 56% of their respective loyalty cards holders using digital loyalty cards; and
- As at June 30, 2016, a total of 27 shopping centres had been equipped with beacons.

These initiatives allow an accelerated deployment of new services solving the pain points of visitors in shopping centres. For instance:

- Smart Park, deployed in six centres: an easy entrance and exit system from the parking for loyalty card holders by automatic recognition of their number plate and automatic memorization of the parking spaces
- Smart Map, deployed in 45 centres: it enables visitors to easily locate on their smartphone map the shops; and
- Meet my Friends, deployed in 25 centres: a social indoor positioning feature making shopping sessions easier and more fun; through this application, visitors can share their location with their friends and, thus, catch up easily in the shopping centre.

The office division

As at 30 June 2016, Unibail-Rodamco had interests in office properties with a value of €4,477 million. The following table shows certain information regarding the Issuer's office (and others) portfolio by geographic region as at 30 June 2016:

Strategy

The Group focuses on large and very large buildings at prime locations in La Défense and Neuilly-Levallois-Issy. As at 30 June 2016, approximately 77 per cent. of the Unibail-Rodamco Group's French office portfolio is concentrated in these two areas. In the Paris region, there has not been an over-production of office capacity in recent years.

Unibail-Rodamco targets modern and efficient premises, as criteria such as floor space efficiency, ergonomics of facilities, ease of access and geographic proximity to their customers now became as crucial as price per square metre.

Unibail-Rodamco's strategy for its office division consists of the following: (i) pro-active asset and property management to capture most of the value creation; (ii) development of first class assets through large-scale restructuring; (iii) lettings, then divestments of the most mature assets post restructuring; and (iv) selective acquisition and development opportunities.

The office property market in H1-2016

With 1.1 million m² of office space let in H1-2016, the take-up in the Paris region was up by +20% over the same period last year, continuing the strong growth trend started in H2-2015.

The La Défense market has been particularly strong, recording a historically high take-up with more than 174,500 m² rented during H1-2016 (its highest level in 10 years – more than 70% above the 10-year average of 100,600 m²). The increase in La Défense is primarily due to the signing of two very large transactions: Deloitte's lease for 31,164 m² in the Majunga tower and Saint-Gobain's lease for 49,000 m² in the M2 tower (non-weighted m²).

The Paris Central Business District (CBD) also witnessed an increase of over +21% over the same period last year with a take-up of 234,300 m² in H1-2016. The increase in take-up in the office market in the Paris region is mainly due to the level of transactions over 5,000 m², with 30 transactions accounting for 379,000 m² recorded in H1-2016, compared to 253,500 m² in H1-2015, representing an increase of 49%.

The Convention-Exhibition centres division

This activity is exclusively located in France and consists of a real estate venues and services company (Viparis).

Visparis is owned jointly with the Chamber of Commerce and Industry of Paris Ile-de-France (CCIR) and is fully consolidated by Unibail-Rodamco and Comexposium is accounted for under the equity method.

The Convention & Exhibition business has a seasonal results pattern, with annual, biennial and triennial shows, and an uneven distribution of shows during the year.

Strategy

Similar to its strategy in its retail and office divisions, Unibail-Rodamco's policy for its convention and exhibition venues is to focus on prime, irreplaceable assets with a leading competitive edge.

This focus on prime assets in the Paris area helps to ensure the resilience of cash flows thanks to a strong repeat business with some recurring tradeshows organised in the Paris Expo venues which have been going for more than 40 years. The strategy of the Convention-Exhibition division consists of constantly improving the attractiveness of its venues to meet the needs of organisers, exhibitors and visitors.

Property Services

The services portfolio is composed of Unibail Rodamco's French and German property service companies. They include:

- Services to owners of office buildings and shopping centres: management of facilities and co-ownership syndicates, technical management, operating expenses management, leasing activities (shopping centres only) and project development;
- Services to tenants: management of retailers' associations and services to occupiers of office buildings. Other services are provided by U2M (Unibail Marketing & Multimedia) which develops marketing strategies in shopping centres and convention centres, and leases advertising materials.

Corporate governance

Unibail-Rodamco adopted Corporate Governance guidelines in 1995 and has updated its rules regularly, in line with recommendations made in the Afep-Medef Corporate Governance Code for listed companies and last revised in November 2015. Also, since its listing on the Dutch Market Place, it has respected the specific rules of the Financial Supervision Act.

Corporate Governance was already a genuine priority for Unibail and is now the same for Unibail-Rodamco. This Corporate Governance also complies with the best practices on the Paris and the Amsterdam Market Place and often exceeds recommendations and requirements. Unibail-Rodamco keeps abreast of the latest research published in France and abroad to ensure that its Management Board and Supervisory Board act appropriately and to enhance the quality of its financial information.

In 2003, Unibail adhered to the United Nations Global Compact (UNGC), which promotes nine principles of good governance in the fields of human rights, labour conditions and environmental practices. By signing this agreement, Unibail committed itself to achieving sustained improvement in its governance practices in these areas. Nothing has changed in this area since the merger.

Unibail-Rodamco has also adopted a Code of Ethics to emphasise the importance it attaches to the values and rules each member of the Unibail-Rodamco Group should respect in his/her work. These values and rules, shared by the management and by the entire workforce, should guide the conduct of each individual when employed by Unibail-Rodamco or using the Unibail-Rodamco name.

Unibail-Rodamco is a member of the Dow Jones Sustainability Index-DJSI.

TAXATION

The statements herein regarding taxation are based on the laws in force in France, Hong Kong, The Netherlands, the Grand Duchy of Luxembourg and/or, as the case may be, Sweden as of the date of this Base Prospectus and are subject to any changes in law. The following description does not purport to be a comprehensive description of all the tax considerations which may be relevant to a decision to purchase, own or dispose of the Notes. Each prospective holder or beneficial owner of Notes should consult its tax adviser as to the Luxembourg, Netherlands, Swedish, French, or, as the case may be, Hong Kong tax consequences of any investment in or ownership and disposition of the Notes.

Repeal of the Directive on Taxation of Savings Income

The European Directive on the taxation of savings (EC Council Directive 2003/48/EC, "**EU Savings Directive**") has been repealed as of 1 January 2016 (1 January 2017 in the case of Austria) (in each case subject to transitional arrangements) by EU Council Directive 2015/2060. The EU Savings Directive required paying agents to report on payment of interest (or other similar income) made to individuals resident in other EU Member States. For a transitional period, Austria opted instead to withhold tax from interest payments at a rate of 35 per cent.

The Council of the European Union has adopted Directive 2014/107/EU (the "**Amending Cooperation Directive**"), amending Directive 2011/16/EU on administrative cooperation in the field of taxation so as to introduce an extended automatic exchange of information regime (in accordance with the Global Standard released by the OECD Council in July 2014) from 1 January 2016 (1 January 2017 in the case of Austria) (the "**Common Reporting Standards**").

Investors who are in any doubt as to their position should consult their professional advisers.

France

The descriptions below are intended as a basic overview of certain French withholding tax consequences in relation to the ownership of the Notes under French law. Potential purchasers of the Notes are advised to consult their own appropriate independent and professionally qualified tax advisors as to the tax consequences of any investment in, or ownership of, the Notes. The description below does not address specific issues which may be relevant for Noteholders who concurrently hold shares of the Issuer or who are otherwise affiliated with the Issuer within the meaning of Article 39-12 of the French Code Général des Impôts.

Pursuant to Article 125 A of the French *Code Général des Impôts*, payments of interest and other revenues made by the Issuer with respect to the Notes will not be subject to the withholding tax set out under Article 125 A III of the French *Code Général des Impôts* unless such payments are made to persons domiciled or established in a Non-Cooperative State or territory (*Etat ou territoire non coopératif*) within the meaning of Article 238-0 A of the French *Code général des impôts* (a **Non-Cooperative State**) or paid to a bank account opened in a financial institution located in such a Non-Cooperative State. If such payments under the Notes are made in a Non-Cooperative State, a seventy five (75) per cent. withholding tax will be applicable (subject to certain exceptions and to the more favourable provisions of an applicable double tax treaty) by virtue of Article 125 A III of the French *Code Général des Impôts*.

Furthermore, according to Article 238 A of the French *Code Général des Impôts*, interest and other revenues on the Notes will no longer be deductible from the Issuer's taxable income if they are paid or accrued to persons established or domiciled in a Non-Cooperative State or paid in such a Non-Cooperative State (the "**Deductibility Exclusion**"). Under certain conditions, any such non-deductible interest and other revenues may be recharacterised as constructive dividends pursuant to Article 109 of the French *Code Général des Impôts*, in which case such non-deductible interest and other revenues may be subject to the withholding tax set out under Article 119 bis of the French *Code Général des Impôts*, at a rate of thirty (30) per cent. or seventy five (75) per cent. (subject to the more favourable provisions of an applicable tax treaty).

Notwithstanding the foregoing, the Law provides that neither the seventy five (75) per cent. withholding tax set out under Article 125 A III of the French *Code Général des Impôts* nor the Deductibility Exclusion will apply in respect of the Notes if the Issuer can prove that the principal purpose and effect of such issue of the Notes was

not that of allowing the payments of interest or other revenues to be made in a Non-Cooperative State (the "Exception"). Pursuant to the *Bulletin Officiel des Finances Publiques-Impôts* BOI-INT-DG-20-50-20140211, n° 990, BOI-RPPM-RCM-30-10-20-40-20140211, n° 70 and BOI-IR-DOMIC-10-20-20-60-20150320, n° 10, the issue of the Notes will benefit from the Exception without the Issuer having to provide any proof of the purpose and effect of the issue of the Notes if the Notes are:

- (a) offered by means of a public offer within the meaning of Article L.411-1 of the French *Code monétaire et financier* or pursuant to an equivalent offer in a State other than in a Non-Cooperative State. For this purpose, an "equivalent offer" means any offer requiring the registration or submission of an offer document by or with a foreign securities market authority; or
- (b) admitted to trading on a regulated market or on a French or foreign multilateral securities trading system provided that such market or system is not located in a Non-Cooperative State, and the operation of such market is carried out by a market operator or an investment services provider, or by such other similar foreign entity, provided further that such market operator, investment services provider or entity is not located in a Non-Cooperative State; or
- (c) admitted, at the time of their issue, to the clearing operations of a central depository or of a securities clearing and delivery and payments systems operator within the meaning of Article L.561-2 of the French *Code monétaire et financier*, or of one or more similar foreign depositories or operators provided that such depository or operator is not located in a Non-Cooperative State.

Pursuant to Article 125 A of the French *Code Général des Impôts*, subject to certain limited exceptions, interest and other revenues paid by a paying agent located in France to individuals who are fiscally domiciled (*domiciliés fiscalement*) in France are subject to a twenty four (24) per cent. withholding tax, which is deductible from their personal income tax liability in respect of the year in which the payment has been made. Social contributions (CSG, CRDS and other related contributions) are also levied by way of withholding tax at an aggregate rate of fifteen and a half (15.5) per cent. on interest and similar revenues paid to individuals who are fiscally domiciled (*domiciliés fiscalement*) in France.

Luxembourg

Under Luxembourg tax law currently in effect all payments of interest (including accrued but unpaid interest) and principal by the relevant Issuer in the context of the holding, disposal, redemption or repurchase of the Notes which are not profit sharing can be made free and clear of any withholding or deduction for or on account of any taxes of whatsoever nature imposed, levied, withheld, or assessed by Luxembourg or any political subdivision or taxing authority thereof or therein, in accordance with the applicable Luxembourg law, subject however to the application as regards Luxembourg resident individuals of the Luxembourg law of 23 December 2005, as amended, which has introduced a 10 per cent. withholding tax on savings income (i.e. with certain exemptions, savings income within the meaning of the Luxembourg laws of 21 June 2005 implementing Council Directive 2003/48/EC on the taxation of savings income in the form of interest payments) (the "**10 per cent. Withholding Tax**").

Pursuant to the Luxembourg law of 23 December 2005 as amended, Luxembourg resident individuals, acting in the course of their private wealth, can opt to self-declare and pay a 10 per cent. tax (the "**10 per cent. Tax**") on interest payments made or ascribed by paying agents located in a European Union Member State other than Luxembourg, a Member State of the European Economic Area or a State or territory which has concluded an agreement directly related to the Savings Directive.

The 10 per cent. Withholding Tax or the 10 per cent. Tax are final when Luxembourg resident individuals are acting in the context of the management of their private wealth.

Responsibility for the withholding of the 10 per cent. Withholding Tax in application of the above-mentioned Luxembourg law of 23 December 2005, as amended, is assumed by the Luxembourg paying agent within the meaning of this law and not by the relevant Issuer.

Income tax on principal, interest, gains on sales or redemption

Luxembourg resident corporate holders of the Notes

Luxembourg resident corporate holders, or holders of the Notes who have a permanent establishment, a permanent representative or a fixed place of business in Luxembourg with which the holding of the Notes is connected, must for income tax purposes include any interest receivable as well as the difference between the sale or redemption price and the lower of the cost or book value of the Notes sold or redeemed in their taxable income for Luxembourg tax assessment purposes. They will not be liable for any Luxembourg income tax on repayment of principal.

Luxembourg resident corporate holders of the Notes which are companies benefiting from a special tax regime (such as family estate management companies subject to the amended law of 11 May 2007, undertakings for collective investment subject to the amended law of 17 December 2010 or specialised investment funds subject to the amended law of 13 February 2007) are tax exempt entities in Luxembourg, and are thus not subject to any Luxembourg tax (*i.e.* corporate income tax, municipal business tax and net wealth tax) other than the annual subscription tax calculated on their (paid-up) share capital (and share premium) or net asset value.

Luxembourg resident individual holders of the Notes

An individual holder of the Notes acting in the course of the management of his/her private wealth, is subject to Luxembourg income tax in respect of interest received, accrued but unpaid interest in case of disposal of the Notes, redemption premiums or issue discounts under the Notes except if the 10% final withholding tax has been levied on such payments.

Under Luxembourg domestic tax law, Luxembourg resident individual holders of the Notes who acts in the course of the management of his/her private wealth, are not subject to taxation on capital gains upon the disposition of the Notes, unless the disposition of the Notes precedes the acquisition of the Notes or the Notes are disposed of within six months of the date of acquisition of these Notes. Upon a redemption of the Notes, individual Luxembourg resident holders of the Notes must however include the portion of the redemption price corresponding to accrued but unpaid interest in their taxable income.

Gains realised upon a disposal of the Notes by an individual holder of the Notes acting in the course of the management of a professional or business undertaking are subject to Luxembourg income taxes.

Net wealth tax

Luxembourg net wealth tax will be levied on a Luxembourg resident holder of the Notes, unless if the holder of the Notes is (i) a resident or non-resident individual taxpayer, (ii) an undertaking for collective investment subject to the amended law of 17 December 2010, (iii) a specialised investment fund governed by the amended law of 13 February 2007 (iv) a securitisation company governed by the amended law of 22 March 2004 on securitisation; (iii) an investment company in risk capital subject to the amended law of 15 June 2004 on the investment company in risk capital; or (iv) a family wealth management company governed by the amended law of 11 May 2007 on family estate management companies.

Other taxes

No stamp, registration, transfer or similar taxes or duties will be payable in Luxembourg by the holders of the Notes in connection with the issue of the Notes, nor will any of these taxes be payable as a consequence of a subsequent transfer or redemption of the Notes, unless the documents relating to the Notes are voluntarily registered in Luxembourg.

Under Luxembourg tax law, where an individual holder of the Notes is a resident of Luxembourg for inheritance tax purposes at the time of his/her death, the Notes are included in his or her taxable basis for inheritance tax purposes.

Gift tax may be due on a gift or donation of the Notes, if the gift is recorded in a Luxembourg notarial deed or otherwise registered in Luxembourg.

The Netherlands

The following overview of certain Dutch taxation matters is based on the laws and practice in force as of the date of this Base Prospectus. The tax law upon which this overview is based, is subject to changes, perhaps with retroactive effect. The following overview does not purport to be a comprehensive description of all the tax considerations that may be relevant to a decision to acquire, hold or dispose of a Note, and does not purport to deal with the tax consequences applicable to all categories of investors, some of which may be subject to special rules.

For the purpose of this overview it is assumed that no individual or non-resident entity holding a Note has or will have a substantial interest (aanmerkelijk belang), or - in the case of a holder of a Note being an entity - a deemed substantial interest, in the Issuer and that no connected person (verbonden persoon) to the holder of a Note has or will have a substantial interest in the Issuer.

Generally speaking, an individual has a substantial interest in a company if (a) such individual, either alone or together with his partner if any, directly or indirectly has, or is deemed to have or (b) certain relatives of such individual or his partner directly or indirectly have or are deemed to have (i) the ownership of, a right to acquire the ownership of, or certain rights over, shares representing 5 per cent or more of either the total issued and outstanding capital of such company or the issued and outstanding capital of any class of shares of such company, or (ii) the ownership of, or certain rights over, profit participating certificates (winstbewijzen) that relate to 5 per cent or more of either the annual profit or the liquidation proceeds of such company.

Generally speaking, a non-resident entity has a substantial interest in a company if such entity, directly or indirectly has (i) the ownership of, a right to acquire the ownership of, or certain rights over, shares representing 5 per cent or more of either the total issued and outstanding capital of such company or the issued and outstanding capital of any class of shares of such company, or (ii) the ownership of, or certain rights over, profit participating certificates (winstbewijzen) that relate to 5 per cent or more of either the annual profit or the liquidation proceeds of such company. An entity holding a Note has a deemed substantial interest in a company if such entity has disposed of or is deemed to have disposed of all or part of a substantial interest on a non-recognition basis.

For the purpose of this overview, the term "entity" means a corporation as well as any other person that is taxable as a corporation for Dutch corporate tax purposes.

Where this overview refers to a holder of a Note, an individual holding a Note or an entity holding a Note, such reference is restricted to an individual or entity holding legal title to as well as an economic interest in such Note or otherwise being regarded as owning a Note for Dutch tax purposes. It is noted that for purposes of Dutch income, corporate, gift and inheritance tax, assets legally owned by a third party such as a trustee, foundation or similar entity, may be treated as assets owned by the (deemed) settlor, grantor or similar originator or the beneficiaries in proportion to their interest in such arrangement.

Where the overview refers to "The Netherlands" or "Dutch" it refers only to the European part of the Kingdom of the Netherlands.

Investors should consult their professional advisers on the tax consequences of their acquiring, holding and disposing of a Note or Coupon.

Withholding tax

All payments made by the Issuer of interest and principal under the Notes can be made free of withholding or deduction of any taxes of whatever nature imposed, levied, withheld or assessed by The Netherlands or any political subdivision or taxing authority thereof or therein, unless the Notes qualify as debt that effectively functions as equity of the Dutch Issuer for purposes of article 10, paragraph 1, sub d of the Corporate Tax Act (*Wet op de vennootschapsbelasting 1969*).

Taxes on Income and Capital Gains

Non-residents

A holder of a Note which is not, and is not deemed to be, treated as, resident in The Netherlands for the relevant Dutch tax purposes will not be subject to Dutch taxation on income and capital gains derived or deemed to be derived from a Note unless:

- the income or capital gain is attributable to an enterprise or part thereof which is either effectively managed in The Netherlands or carried on through a permanent establishment (*vaste inrichting*) or a permanent representative (*vaste vertegenwoordiger*) taxable in The Netherlands and the holder of a Note derives profits from such enterprise (other than by way of securities); or

the holder is an individual and the income or capital gain qualifies as taxable income from miscellaneous activities (*belastbaar resultaat uit overige werkzaamheden*) in The Netherlands as defined in the Income Tax Act 2001 (*Wet inkomstenbelasting 2001*), including, without limitation, activities that exceed normal, active asset management (*normaal, actief vermogensbeheer*).

Residents

Resident entities

An entity holding a Note which is, or is deemed to be, resident in The Netherlands for Dutch corporate tax purposes and which is not tax exempt, will generally be subject to corporate tax in respect of income and capital gains derived or deemed to be derived from a Note at the prevailing statutory rates.

Resident individuals

An individual holding a Note who is, or is deemed to be, resident in The Netherlands for income tax purposes will be subject to income tax in respect of income or a capital gain derived from a Note at progressive rates up to 52 per cent. if:

- the income or capital gain is attributable to an enterprise from which the holder derives profits, whether as an entrepreneur or pursuant to a co-entitlement to the net value of an enterprise other than as a shareholder; or
- the income or capital gain qualifies as income from miscellaneous activities (*belastbaar resultaat uit overige werkzaamheden*) as defined in the Income Tax Act (*Wet inkomstenbelasting 2001*), including, without limitation, activities that exceed normal, active asset management (*normaal, actief vermogensbeheer*).

If neither condition (i) nor (ii) applies, an individual holding a Note will be subject to income tax on the basis of a deemed return, regardless of any actual income or capital gain derived from a Note. The deemed return amounts 4 per cent. of the value of the individual's net assets as at the beginning of the relevant fiscal year (including the Note). Subject to application of certain allowances, the deemed return will be taxed at a rate of 30 per cent. As per 1 January 2017 the rate of 4 per cent will be replaced by variable progressive rates. For the year 2017 the rates are set from 2.9 to 5.5 per cent. The applicable rates will be updated annually on the basis of historic market yields.

Gift and Inheritance Taxes

No Dutch gift or inheritance taxes will be levied on the transfer of a Note by way of gift by, or on the death of, a holder of a Note, unless:

- the holder of a Note is, was or is deemed to be, resident in The Netherlands for the purpose of Dutch gift tax or Dutch inheritance tax, as applicable; or
- the transfer is construed as an inheritance or gift made by, or on behalf of, a person who, at the time of the gift or death, is, was or is deemed to be resident in The Netherlands for the purpose of the relevant provisions.

Value Added Tax

There is no Dutch value added tax payable by a holder of a Note in respect of payments in consideration for the issue of the Notes or in respect of the payment of interest or principal under the Notes, or the transfer of the Note.

Other Taxes and Duties

There is no Dutch registration tax, stamp duty or any other similar tax or duty payable in The Netherlands by a holder of a Note in respect of or in connection with the execution, delivery and/or enforcement by legal proceedings (including any foreign judgement in the courts of The Netherlands) of the documents relating to the issue of the Notes, the performance of the Issuer's obligations under the Notes or the transfer of the Notes.

Residence

A holder of a Note will not be and will not be deemed to be resident in The Netherlands for tax purposes and, subject to the exceptions set out above, will not otherwise be subject to Dutch taxation, by reason only of acquiring, holding or disposing of a Note or the execution, performance, delivery and/or enforcement of a Note.

Sweden

The following overview outlines certain Swedish tax consequences of the acquisition, ownership and disposal of Notes. The overview is based on the laws of the Kingdom of Sweden as currently in effect and is intended to provide general information only. The overview is not exhaustive and does thus not address all potential aspects of Swedish taxation that may be relevant for a potential investor in the Notes and is neither intended to be nor should be construed as legal or tax advice. In particular, the overview does not address the rules regarding reporting obligations for, among others, payers of interest. Specific tax consequences may apply to certain categories of corporations, e.g. investment companies and life insurance companies, not described below. In addition, the overview does not address Notes that are held on an "investment savings account" (Sw: investeringssparkonto) that are subject to a specific tax regime. Investors should consult their professional tax advisers regarding the Swedish and foreign tax consequences (including the applicability and effect of double taxation treaties) of acquiring, owning and disposing of Notes in their particular circumstances.

Non-resident holders of Notes

As used herein, a "**non-resident holder**" means a holder of Notes who is (a) an individual who is not a resident of Sweden for tax purposes and who has no connection to Sweden other than his/her investment in the Notes or (b) an entity not organised under the laws of Sweden.

Payments of any principal amount or any amount that is considered to be interest for Swedish tax purposes to a non-resident holder of any Notes should not be subject to Swedish income tax provided that such holder does not carry out business activities from a permanent establishment in Sweden to which the Notes are effectively connected. Under Swedish tax law, no withholding tax is imposed on payments of principal or interest to a non-resident holder of any Notes.

Under Swedish tax law, a capital gain on a sale of Notes by a non-resident holder will not be subject to Swedish income tax unless the non-resident holder of Notes carries out business activities from a permanent establishment in Sweden to which the Notes are effectively connected.

Private individuals who are not resident in the Kingdom of Sweden for tax purposes may be liable to capital gains taxation in the Kingdom of Sweden upon disposal or redemption of certain financial instruments, depending on the classification of the particular financial instrument for Swedish income tax purposes, if they have been resident in the Kingdom of Sweden or have lived permanently in the Kingdom of Sweden at any time during the calendar year of disposal or redemption or the ten calendar years preceding the year of disposal or redemption. This liability may, however, be limited by tax treaties concluded between Sweden and other countries.

Resident holders of Notes

As used herein, a “**resident holder**” means a holder of Notes who is (a) an individual who is a resident in Sweden for tax purposes or (b) an entity organised under the laws of Sweden.

Generally, for Swedish corporations and private individuals (and estates of deceased individuals) that are resident holders of any Notes, all capital income (e.g. income that is considered to be interest for Swedish tax purposes and capital gains on Notes) will be taxable.

Amortisation of principal is not subject to Swedish income tax. Swedish tax law does not impose withholding tax on payments of principal or interest to a resident holder of Notes. However, if amounts that are considered to be interest for Swedish tax purposes are paid to a private individual (or an estate of a deceased person) that is a resident holder of Notes, Swedish preliminary tax is normally withheld on such payments.

Hong Kong

The following is an overview of certain Hong Kong tax considerations relating to the purchase, ownership and disposition of the Notes by a beneficial owner of the Notes. This overview is based on the tax laws and regulations of Hong Kong as currently in effect and which is subject to change or to different interpretation. This overview is for general information only and does not address all of the Hong Kong tax considerations that may be relevant to specific holders in light of their particular circumstances.

Withholding Tax

No withholding tax is payable in Hong Kong in respect of payments of principal or interest on the Notes or in respect of any capital gains arising from the sale of the Notes.

Profits Tax

Hong Kong profits tax is chargeable on every person carrying on a trade, profession or business in Hong Kong in respect of the assessable profits arising in or derived from Hong Kong from such trade, profession or business (excluding profits arising from the sale of capital assets).

Under the Inland Revenue Ordinance (Chapter 112 of the Laws of Hong Kong) (the “**Inland Revenue Ordinance**”), interest on the Notes may be subject to profits tax if it is received by or accrued to:

- (a) a corporation, other than a financial institution (as defined in the Inland Revenue Ordinance), carrying on a trade, profession or business in Hong Kong and where such interest is derived from Hong Kong;
- (b) a person, other than a corporation, carrying on a trade, profession or business in Hong Kong and is in respect of the funds of that trade, profession or business and where such interest is derived from Hong Kong; or
- (c) a financial institution (as defined in the Inland Revenue Ordinance) and arises through or from the carrying on by the financial institution of its business in Hong Kong, notwithstanding that the moneys in respect of which the interest is received or accrued are made available outside Hong Kong.

Sums derived from the sale, disposal or redemption of the Notes will be subject to profits tax in Hong Kong where received by or accrued to a person, other than a financial institution, from the carrying on of a trade, profession or business carried on in Hong Kong and the sum has a Hong Kong source. The source of such sums will generally be determined by having regard to the manner in which the Notes were acquired or disposed of, including where such activities were undertaken.

Sums received by or accrued to a financial institution by way of gain or profits arising through or from the carrying on by the financial institution of its business in Hong Kong from the sale, disposal or redemption of Notes will be subject to Hong Kong profits tax.

Stamp Duty

Stamp duty will not be payable on the issue of bearer Notes provided either:

- (a) such Notes are denominated in a currency other than the currency of Hong Kong and are not repayable in any circumstances in the currency of Hong Kong; or

(b) such Notes constitute loan capital (as defined in the Stamp Duty Ordinance (Cap. 117) of Hong Kong.

If stamp duty is payable it is payable by the Issuer on the issue of bearer Notes at a rate of 3 per cent. of the market value of the Notes at the time of issue. No stamp duty will be payable on any subsequent transfer of bearer Notes.

PRC

The holders of Notes who are not PRC residents for PRC tax purposes will not be subject to withholding tax, income tax or any other taxes or duties imposed by any governmental authority in the PRC in respect of Notes or any repayment of principal and payment of interest made thereon.

SUBSCRIPTION AND SALE

Summary of Dealer Agreement

Subject to the terms and on the conditions contained in an Amended and Restated Dealer Agreement dated 29 July 2016 (the “**Dealer Agreement**”) between the Issuers, the Guarantor, the Permanent Dealers and the Arranger, the Notes will be offered on a continuous basis by the relevant Issuer to the Permanent Dealers. However, the relevant Issuer has reserved the right to sell Notes directly on its own behalf to Dealers that are not Permanent Dealers. The Notes may be resold at prevailing market prices, or at prices related thereto, at the time of such resale, as determined by the relevant Dealer. The Notes may also be sold by the relevant Issuer through the Dealers, acting as agents of such Issuer. The Dealer Agreement also provides for Notes to be issued in syndicated Tranches that are jointly and severally underwritten by two or more Dealers.

The relevant Issuer, failing whom, where applicable, the Guarantor, will pay each relevant Dealer a commission as agreed between them in respect of Notes subscribed by it. The Issuers have agreed to reimburse the Arranger for its expenses incurred in connection with the Programme and the Dealers for certain of their activities in connection with the Programme. The commissions in respect of an issue of Notes on a syndicated basis will be stated in the relevant Final Terms.

Each Issuer, failing whom, where applicable, the Guarantor, has agreed to indemnify the Dealers against certain liabilities in connection with the offer and sale of the Notes. The Dealer Agreement entitles the Dealers to terminate any agreement that they make to subscribe Notes in certain circumstances prior to payment for such Notes being made to the relevant Issuer.

Selling Restrictions

United States

The Notes and the Guarantee have not been and will not be registered under the Securities Act and the Notes may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons except in certain transactions exempt from the registration requirements of the Securities Act. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act.

Notes having a maturity of more than one year are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a United States person, except in certain transactions permitted by U.S. tax regulations. Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code of 1986, as amended, and regulations thereunder.

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that, except as permitted by the Dealer Agreement, it will not offer, sell or deliver the Notes of any identifiable Tranche (i) as part of their distribution at any time or (ii) otherwise until 40 days after completion of the distribution of such Tranche as determined, and certified to the Issuer, by the Fiscal Agent or, in the case of Notes issued on a syndicated basis, the Lead Manager, within the United States or to, or for the account or benefit of, U.S. persons, and it will have sent to each dealer to which it sells Notes during the distribution compliance period a confirmation or other notice setting forth the restrictions on offers and sales of the Notes within the United States or to, or for the account or benefit of, U.S. persons.

In addition, until 40 days after the commencement of the offering, an offer or sale of Notes within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act.

- (11) Certain of the Dealers and their affiliates have engaged, and may in the future engage, in investment banking and/or commercial banking transactions with, and may perform services for, the Issuer and their affiliates in the ordinary course of business. In addition, in the ordinary course

of their business activities, the Dealers and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of the Issuer or Issuer's affiliates. Certain of the Dealers or their affiliates that have a lending relationship with the Issuer routinely hedge their credit exposure to the Issuer consistent with their customary risk management policies. Typically, such Dealers and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in securities, including potentially the Notes issued under the Programme. Any such short positions could adversely affect future trading prices of Notes issued under the Programme. The Dealers and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.
