## **2. General**

### **2.1 Collateral Calculation Agent**

BNP Paribas Arbitrage S.N.C. shall undertake the duties of Collateral Calculation Agent in respect of the Secured Securities as set out below and in the applicable Final Terms unless another entity is so specified as

collateral calculation agent in the applicable Final Terms. The expression "Collateral Calculation Agent" shall, in relation to the relevant Secured Securities, include such other specified collateral calculation agent.

## 2.2 Collateral Agent

BNP Paribas Trust Corporation UK Limited shall undertake the duties of Collateral Agent in respect of the Secured Securities as set out below and in the applicable Final Terms unless another entity is so specified as collateral agent in the applicable Final Terms. The expression "Collateral Agent" shall, in relation to the relevant Secured Securities, include such other specified collateral agent.

## 2.3 Pledge Agreement

The Pledge Agreement will, unless otherwise specified in the applicable Final Terms, be governed by Luxembourg law and W&C Security Conditions 14.1 and 14.2 shall be construed accordingly. Any Alternative Security Document or Additional Security Document will be governed by the law specified in the applicable Final Terms.

# 3. Status of the Secured Securities, Security and Guarantee

## 3.1 Status

W&C Security Condition 3 shall not apply to the Secured Securities. The Secured Securities are unsubordinated and secured obligations of the Issuer and rank pari passu among themselves.

## 3.2 Security

The obligations of the Issuer in respect of the Secured Securities will be secured by one or more pledge agreements between the Issuer and the Collateral Agent (each a "**Pledge Agreement**") pursuant to which the Issuer will grant a first ranking security interest in favour of the Collateral Agent, for itself and on behalf of the Holders of the Secured Securities which are to be secured by the relevant Collateral Pool, over all the Issuer's rights in, and, to the Collateral Assets delivered to each of the Collateral Custodians appointed in respect of the relevant Collateral Pool and held from time to time in the relevant account(s) established with the Collateral Custodian(s) for such purpose (such account(s), the "**Collateral Account**"). The Issuer will not deliver Eligible Collateral to the Collateral Account in connection with Secured Securities in respect of which the Issuer or any of its Affiliates are the beneficial owner. In addition to, or as an alternative to, a Pledge Agreement, the Issuer may also enter into an Additional Security Document or Alternative Security Document in respect of a Collateral Pool as specified in the applicable Final Terms in order to secure its obligations in respect of the Secured Securities and references in Collateral Security Condition 1 and hereinafter to "Pledge Agreement" and "Pledges" shall be construed as if they also refer to such Alternative Security Documents and/or Additional Security Documents. Unless the applicable Final Terms specify that there is no Collateral Calculation Agent and/or no Collateral Valuation Dates in respect of a series of Secured Securities and related Collateral Pool:

- (a) where the Collateral Assets are securities, the Issuer will transfer Collateral Assets to and from the Collateral Account (based on the most recent valuation provided by the Collateral Calculation Agent in respect of a Collateral Valuation Date) so that it will hold, in respect of a Collateral Pool, Collateral Assets with an aggregate marked to market value (as determined by the Collateral Calculation Agent and which will take into account a Haircut if "Haircut" is specified as applicable in the applicable Final Terms) (the "**Securities Collateral Value**") at least equal to the Securities Value (as determined in respect of such Collateral Valuation Date) applicable to the relevant Collateral Pool; and
- (b) where the Collateral Assets are a cash deposit or deposits, the Issuer will transfer Collateral Assets to and from the Collateral Account (based on the most recent valuation of the relevant series of Secured

Securities provided by the Collateral Calculation Agent in respect of a Collateral Valuation Date) so that it will hold, in respect of a Collateral Pool, Collateral Assets in an amount (the "**Cash Collateral Value**") at least equal to the Securities Value (as determined in respect of such Collateral Valuation Date) applicable to the relevant Collateral Pool.

For the avoidance of doubt, where no Collateral Calculation Agent and/or no Collateral Valuation Dates are specified in the applicable Final Terms for a Collateral Pool, there will be no adjustment made by the Issuer to the amount of Collateral Assets held by the Issuer in the relevant Collateral Account and the Collateral Value and Securities Value will not be calculated on an ongoing basis during the terms of the relevant Secured Securities which are secured by the relevant Collateral Pool.

Where the Final Terms in respect of a series of Secured Securities specify that "Single Series Pool" will be applicable to the series of Secured Securities, such series of Secured Securities will be the only series of Secured Securities to be secured by the relevant Collateral Pool. Where the Final Terms specify that "Multiple Series Pool" will be applicable to the relevant series of Secured Securities, such series of Secured Securities may be secured by a Collateral Pool which secures more than one series of Secured Securities.

### 3.3 Realisation of Collateral Assets

If an Enforcement Event occurs, the Collateral Agent shall enforce the Pledge(s) and, unless Physical Delivery of Collateral is specified as applicable in the applicable Final Terms, realise the Collateral Assets in each Collateral Pool (and may appoint one or more agents to assist it to do so) provided that the Collateral Agent need not take such action if it reasonably believes that it would not be able to recover the costs or other liabilities which would be incurred in connection with such action from the relevant Collateral Assets or otherwise or would experience an unreasonable delay in doing so. The Collateral Agent will not have any liability as to the consequences of such action and will not have regard to the effect of such action on individual Holders. Any reference in Collateral Security Conditions 3.3-3.8 (inclusive), Collateral Security Condition 6 and Collateral Security Condition 7 to the Collateral Agent shall also be deemed to be a reference to any agent which it appoints to assist it. Where the Collateral Agent is required to dispose of any Collateral Assets on behalf of the Issuer then:

- (a) the Collateral Agent shall seek firm bid quotations from at least three dealers in assets such as the relevant Collateral Assets (and, for such purpose, it may seek quotations in respect of such Collateral Assets in their entirety or in respect of designated tranches thereof, as it considers appropriate);
- (b) the Collateral Agent may itself provide a bid in respect of the relevant Collateral Assets or any tranche thereof; and
- (c) it shall and shall be authorised to accept in respect of each relevant tranche or, as applicable, the entirety of the relevant Collateral Assets the highest such quotation so obtained (which may be a quotation from the Collateral Agent).

Subject as may otherwise be provided for in these Collateral Security Conditions or the Final Terms, in effecting the sales, the Collateral Agent may sell the Collateral Assets in one single tranche or in smaller tranches as it considers appropriate in order to attempt reasonably to maximise the proceeds from such sale. The Collateral Agent may effect sales of the Collateral Assets (i) on any national securities exchange or quotation service on which the Collateral Assets may be listed or quoted, (ii) in the over-the-counter market or (iii) in transactions otherwise than on such exchanges or in the over-the-counter market. If (A) the Collateral Agent is unable to obtain any quotations for the sale of the Collateral Assets or (B) the Collateral Agent is offering to buy the Collateral Assets itself for its own account for a price equal to or higher than the best quotation from a third party, the Collateral Agent may effect sales of the Collateral Assets to itself.

### 3.4 Application of proceeds

Following payment of (a) all amounts due to the Collateral Agent and/or any agent appointed by it to assist in the enforcement of the Pledge(s) and realisation of the Collateral Assets, including any Enforcement Expenses and (b) any other amounts which are payable in accordance with, and in the order set out in, the applicable Priority of Payments (if any), the remaining proceeds from the realisation of the Collateral Assets in a Collateral Pool will be applied in meeting the claims of Holders under the Secured Securities which are secured by the relevant Collateral Pool on a pari passu basis where each Secured Security's share of such proceeds shall be determined on the basis of such Secured Security's Collateral Proceeds Share provided that a Holder shall not be entitled to receive an amount in respect of a Secured Security greater than the Security Termination Amount determined with respect to such Secured Security.

### 3.5 Shortfall

In the event that, following the application of the Collateral Enforcement Proceeds in accordance with Collateral Security Condition 3.4, the amount paid to a Holder in respect of a Secured Security held by him (a "Security Realised Amount") is less than the Security Termination Amount determined with respect to such Secured Security (the difference being referred to as a "**Shortfall**"), the Issuer shall remain liable for such Shortfall, but any such Holder shall not have recourse to any Collateral Pool other than the Collateral Pool applicable to that series of Secured Securities.

### 3.6 Physical Delivery of Collateral Assets

Where "Physical Delivery of Collateral" is specified in the applicable Final Terms, following enforcement of the Pledge(s), the Collateral Agent, will deliver the Collateral Assets in a Collateral Pool to each Holder of a Secured Security secured by the relevant Collateral Pool in a nominal amount equal to the Delivery Share applicable to such Secured Security on a pari passu basis (where Nominal Value Collateralisation or Partial Nominal Value Collateralisation apply to the relevant Secured Securities) or with a marked to market value equal to the Delivery Share applicable to such Secured Security on a pari passu basis (where MTM Collateralisation or Partial MTM Collateralisation apply to the relevant Secured Securities). Delivery of such Collateral Assets and payment of any Rounding Amount will fully extinguish the Issuer's obligations in respect of the relevant Secured Securities notwithstanding that the value of the Collateral Assets (together with Rounding Amount) so delivered may be less than the market value and/or nominal value of the relevant Secured Security. The Shortfall and the Security Termination Amount in respect of each such Secured Security shall be equal to zero provided that, unless specified otherwise in the applicable Final Terms, where MTM Collateralisation, Partial MTM Collateralisation or Partial Nominal Value Collateralisation is applicable, a Shortfall shall be calculated in accordance with Collateral Security Condition 3.5 where, for such purpose, the Security Realised Amount will be equal to the sum of any Rounding Amount due to the Holder and the marked to market value of the Collateral Assets actually delivered to the Holder (on the basis of the marked to market values of the relevant Collateral Assets determined by the Collateral Agent, as of the relevant date of such delivery) and the Security Termination Amount will be as set out in the applicable Final Terms.

In connection with any such delivery in respect of Certificates which are Secured Securities, such delivery shall be made in accordance with W&C Security Conditions 30 and 35.2 and the Entitlement shall be deemed to be a Security's Delivery Share. Where delivery of the Collateral Assets is due to be made in respect of Secured Securities which are Warrants, W&C Security Conditions 22, 24 and 25 (as modified by these Collateral Security Conditions) shall apply and, for such purposes, the Warrants shall be deemed to be Physical Delivery Warrants and the Entitlement shall be deemed to be a Warrant's Delivery Share.

In connection with such delivery, (i) W&C Security Condition General Provisions relating to Settlement in respect of W&C Securities shall not apply, (ii) for the purposes of W&C Security Condition 11.1, Security Expenses shall be deemed to include any Enforcement Expenses which are incurred in delivery of the Collateral Assets in accordance with this Collateral Security Condition 3.6, (iii) the Collateral Agent shall be entitled to deduct from the assets deliverable to Holders all Security Expenses not previously deducted from amounts paid or assets delivered to Holders, as the Collateral Agent shall in its sole and absolute discretion determine are attributable to the relevant Secured Securities and (iv) any reference in the W&C Security Conditions to "Relevant Assets" shall be deemed, in connection with a delivery of Collateral Assets in accordance with this Collateral Security Condition 3.6, to be a reference to "Collateral Assets".

The final sentence of the first paragraph of W&C Security Condition 35.2(d) shall not apply and the Collateral Assets which it is not possible to deliver to a Holder due to such rounding shall, if and to the extent practicable, be sold by the Collateral Agent (or such other agent as may be appointed by the Collateral Agent for such purpose) in accordance with Collateral Security Condition 3.3 and a pro rata share of the resulting amount (the "**Collateral Delivery Rounding Amount**") shall be paid to each Holder whose Entitlement is subject to such rounding.

Where Physical Delivery of Collateral is applicable to any series of Secured Securities secured by a Collateral Pool either (A) MTM Collateralisation or Partial MTM Collateralisation must apply to each series of Secured Securities secured by the same Collateral Pool or (B) Nominal Value Collateralisation or Partial Nominal Value Collateralisation must apply to each series of Secured Securities secured by the same Collateral Pool.

### 3.7 Settlement Disruption

If, in the opinion of the Collateral Agent, delivery of the Entitlement following the occurrence of an Enforcement Event using the method of delivery specified in the applicable Final Terms, or such other commercially reasonable manner as the Collateral Agent has determined, is not practicable by reason of a Collateral Settlement Disruption Event (as defined above) having occurred and continuing on any Collateral Delivery Date then such Collateral Delivery Date, for such Secured Securities shall be postponed to the first following Business Day in respect of which there is no such Collateral Settlement Disruption Event, provided that the Collateral Agent may elect in its sole discretion to deliver the Entitlement in such other commercially reasonable manner as it may select and in such event the Collateral Delivery Date shall be such day as the Collateral Agent deems appropriate in connection with delivery of the Entitlement in such other commercially reasonable manner. For the avoidance of doubt, where a Collateral Settlement Disruption Event affects some but not all of the Collateral Assets comprising the Entitlement, the Collateral Delivery Date for the Collateral Assets not affected by the Collateral Settlement Disruption Event will be the originally designated Collateral Delivery Date.

If delivery of the relevant Entitlement is not possible due to the occurrence of a Collateral Settlement Disruption Event, for a period of greater than eight Business Days (or such other period specified in the Final Terms), then in lieu of physical settlement and notwithstanding any other provision hereof, the Collateral Agent shall sell or realise the Undeliverable Collateral Assets in the manner set out in Collateral Security Condition 3.3. The Collateral Agent shall give notice as soon as practicable to the Holders in accordance with W&C Security Condition 10 that a Collateral Settlement Disruption Event has occurred. No Holder shall be entitled to any payment in respect of the relevant Secured Security or in the case of Warrants, if applicable, Unit, as the case may be, in the event of any delay in the delivery of the Entitlement due to the occurrence of a Collateral Settlement Disruption Event and no liability in respect thereof shall attach to the Issuer, the Guarantor or the Collateral Agent.

### 3.8 Cash Collateral Settlement and Physical Delivery of Collateral

Where both Physical Delivery of Collateral and Collateral Cash Settlement apply to different series of Secured Securities which are secured by the same Collateral Pool, following the occurrence of an Enforcement Event, the following provisions shall apply:

- (a) The Collateral Agent shall first value, or appoint an agent to undertake such valuation on its behalf, the Collateral Assets in the relevant Collateral Pool in order to determine the Collateral Assets Value.
- (b) The Collateral Agent shall determine the Aggregate Cash Settled Final Security Value and the Aggregate Physically Settled Final Security Value and then determine the Cash Settled Portion in respect of the Collateral Assets in the relevant Collateral Pool and the Physically Settled Portion in respect of the Collateral Assets in the relevant Collateral Pool.
- (c) (i) After determining the Collateral Assets Value in respect of the relevant Collateral Pool and calculating the amounts set out in Collateral Security Condition 3.8(b), the Collateral Agent shall determine which Collateral Assets are to be realised in accordance with Collateral Security Condition 3.3 and which Collateral Assets are to be delivered to Holders in accordance with Collateral Security Condition 3.6:
  - (A) (I) (in all circumstances other than where Collateral Security Condition 3.8(c)(B) applies) on the basis that the aggregate marked to market value of the Collateral Assets (as determined for the purposes of calculating the Collateral Assets Value) which are to be realised shall be equal to the amount of the Cash Settled Portion and (II) the aggregate marked to market value of the Collateral Assets (as determined for the purposes of calculating the Collateral Assets Value) which are to be delivered to Holders shall be equal to the amount of the Physically Settled Portion; or
  - (B) on the basis that the aggregate nominal amount of the Collateral Assets which are to be realised in accordance with Collateral Security Condition 3.3 shall be equal to the amount of the Cash Settled Portion and the aggregate nominal amount of the Collateral Assets which are to be delivered to Holders in accordance with Collateral Security Condition 3.6 shall be equal to the amount of the Physically Settled Portion where Nominal Value Collateralisation or Partial Nominal Value Collateralisation apply to the Secured Securities in the relevant Collateral Pool and there are no Collateral Valuation Dates.
- (ii) In each case if the nominal amount of the Collateral Assets to be the subject of Collateral Cash Settlement or to be delivered in accordance with Physical Delivery of Collateral is not equal to an authorised denomination of the Collateral Assets (or an integral multiple thereof) then the nominal amount of each such Collateral Asset shall be rounded down to the nearest authorised denomination or multiple thereof or, if none, to zero. In such circumstances, the Collateral Assets which were not capable of being assigned as Cash Settled Portion Assets or as Physically Settled Portion Assets due to such rounding in each case shall, if and to the extent practicable, be sold by the Collateral Agent (or such other agent as may be appointed by the Collateral Agent for such purpose) in accordance with Collateral Security Condition 3.3. The resulting amount (the "**Collateral Split Rounding Amount**") shall be paid to the Holders on a pari passu basis where each Secured Security's share of such proceeds shall be determined on the basis of such Secured Security's Collateral Proceeds Share (in the case of Secured Securities to which Collateral Cash Settlement applies) where, for such purpose, the Realisation Amount will be deemed to be equal to such proceeds of sale from the relevant

Collateral Assets subject to rounding (after deduction of costs or expenses incurred or relating to such sale) or on the basis of such Secured Security's Delivery Share (in the case of Secured Securities to which such Physical Delivery of Collateral applies) where, for such purpose, the Collateral Assets Value will be deemed to be equal to such proceeds of sale from the relevant Collateral Assets subject to rounding (after deduction of costs or expenses incurred or relating to such sale). For the avoidance of doubt, the Collateral Split Rounding Amount will be payable in addition to any Collateral Delivery Rounding Amount payable in accordance with Collateral Security Condition 3.6.

- (d) After the Collateral Agent determines the Collateral Assets to be realised in accordance with Collateral Security Condition 3.3, such Collateral Securities shall be realised in accordance with such Collateral Security Condition provided that references therein to "Collateral Assets" shall be deemed to be references to the Cash Settled Portion Assets only and not to all the Collateral Assets in the Collateral Pool.
- (e) After the Collateral Agent determines the Collateral Assets to be delivered in accordance with Collateral Security Condition 3.6, such Collateral Assets will be delivered to Holders in accordance with such Collateral Security Condition provided that references therein to "Collateral Assets" shall be deemed to be references to the Physically Settled Portion Assets only and not to all the Collateral Assets in the Collateral Pool.

### 3.9 No collateralisation of Secured Securities held by the Issuer or any of its Affiliates

The Issuer will not deliver Collateral Assets to the Collateral Account in respect of Secured Securities where the Issuer or any of its Affiliates are the beneficial owner of such Secured Securities. Following an Enforcement Event, the Issuer will procure that it and/or the Affiliate of the Issuer that holds the Secured Securities will renounce and waive all rights (including as to payment) in respect of such Secured Securities and shall submit such Secured Securities for cancellation free of payment. Any amounts calculated for the purposes of Collateral Security Conditions 3.2 to 3.8 (inclusive) shall be calculated on the basis that any reference to Secured Securities shall be a reference to Placed Secured Securities only and the definitions in Collateral Security Condition 1 shall be interpreted accordingly.

### 3.10 Claim on Guarantor

In the event that the Issuer fails to make payment of the Shortfall, the Guarantor will on demand (without first requiring the Holder to take further steps against the Issuer or any other person) pay to each Holder in respect of each Secured Security held by him, an amount equal to the Shortfall in the currency in which the Shortfall is payable by the Issuer.

### 3.11 Status of Guarantee

The Guarantee is an unsubordinated and unsecured obligation of BNPP and will rank *pari passu* with all its other present and future unsubordinated and unsecured obligations subject to such exceptions as may from time to time be mandatory under French law. Secured Securities in respect of which these Collateral Security Conditions are specified as applicable in the relevant Final Terms shall be deemed not to be "Securities" for the purposes only of the Deed of Guarantee for Unsecured Securities dated on or around 5 June 2014, or the French Law Guarantee for Unsecured W&C Securities dated on or around 5 June 2014, entered into, in each case, by BNPP in respect of securities (other than Secured Securities) issued by the Issuer under its note, warrant and certificate programme.

#### **4. Guarantee**

Subject as provided below and in the relevant Guarantee, BNPP has unconditionally and irrevocably (a) guaranteed to each Holder that, if following the occurrence of an Enforcement Event and enforcement of the Pledge in respect of the relevant Collateral Pool, for any reason the Issuer does not pay the Security Termination Amount in respect of a Secured Security in full, BNPP will not later than five Paris Business Days (as defined in the relevant Guarantee) after a demand has been made on BNPP pursuant thereto (without requiring the relevant Holder first to take steps against the Issuer or any other person) pay an amount equal to the Shortfall in the currency in which such payment is due in immediately available funds as though BNPP were the principal obligor in respect of such obligation provided that BNPP shall not be obliged to make any payment under this Guarantee in respect of a Secured Security until the Collateral Assets in the Collateral Pool securing such Secured Security have been realised or liquidated in full and distributed in the manner set out in Collateral Security Condition 6.2.

#### **5. Collateral Calculation Agent**

In relation to each issue of Secured Securities, the Collateral Calculation Agent (whether it be BNP Paribas, BNP Paribas Arbitrage S.N.C. or another entity) acts solely as agent of the Issuer and the Guarantor, and does not assume any obligation or duty to, or any relationship of agency or trust for or with, the Holders. All calculations and determinations made in respect of the Secured Securities by the Collateral Calculation Agent shall (save in the case of manifest error) be final, conclusive and binding on the Issuer, the Guarantor, the Holders and the Collateral Agent. Because the Collateral Calculation Agent may be an Affiliate of the Issuer, potential conflicts of interest may exist between the Collateral Calculation Agent and the Holders, including with respect to certain determinations and judgments that the Collateral Calculation Agent must make.

The Collateral Calculation Agent may, with the consent of the Issuer, delegate any of its obligations and functions to a third party as it deems appropriate.

#### **6. Events of Default and Enforcement**

##### **6.1 Events of Default**

A Holder may deliver a Default Notification specifying that an Event of Default has occurred. If the Collateral Agent does not receive an Event Dispute Notice from the Issuer at or prior to the end of the Dispute Period, it shall deliver an Enforcement Notice to each of the Issuer, the Principal Security Agent, the Collateral Custodian, the Swap Counterparty (if any) and Repo Counterparty (if any) whereupon, each series of Secured Securities shall become immediately due and payable at their Security Termination Amount (save where Physical Delivery of Collateral is applicable in which case the Entitlement in respect of each such Secured Security shall be delivered on the relevant Collateral Delivery Date) without further action or formalities and the Security Interests granted under the Pledge Agreements shall become enforceable (as set out in the Pledge Agreements).

Any of the following events (each an "**Event of Default**") shall entitle a Holder to deliver a Default Notification:

- (a) the Issuer fails to pay any amount payable in respect of the Secured Securities or any of them when due and payable or fails to deliver the Entitlement when due and such default is not remedied within 30 days after the relevant due date; or
- (b) the Issuer or the Guarantor fails to perform or observe any of its other obligations under the Secured Securities and such default is not remedied within 45 days after notice of such default has been given to the Principal Security Agent by any Holder; or

- (c) BNPP applies for the appointment of an ad hoc representative (*mandataire ad hoc*) under French bankruptcy law, or enters into an amicable procedure (*procédure de conciliation*) with creditors or ceases its payments, or a judgment is issued for the judicial liquidation (*liquidation judiciaire*) of BNPP or for a transfer of the whole of its business (*cession totale de l'entreprise*); or
- (d) the Issuer is subject to proceedings similar to those set out in Collateral Security Condition 6.1(c), or, in the absence of legal proceedings, the Issuer or Guarantor makes a conveyance, assignment or other arrangement for the benefit of its creditors or enters into a composition with its creditors, or a resolution is passed by the Issuer or Guarantor for its winding-up or dissolution, except in connection with a merger or other reorganisation in which all of the Issuer's or the Guarantor's assets are transferred to, and all of the Issuer's or Guarantor's debts and liabilities (including the Secured Securities) are assumed by, another entity which continues the Issuer's or Guarantor's activities.

Any such Enforcement Notice shall be promptly given to the Holders in accordance with W&C Security Condition 10.

## 6.2 Enforcement

The Collateral Agent shall not be bound to take any action under or in connection with any of the Pledge Agreements (including without limitation enforcing the Pledge(s) upon the Pledge(s) becoming enforceable)

(i) unless a Holder has given written notice to each of the Issuer, the Collateral Agent and the Principal Security Agent that an Event of Default has occurred, no Event Dispute Notice in respect of such Default Notification has been received by the Collateral Agent at or prior to the end of the Dispute Period and the Collateral Agent has, as a result, delivered an Enforcement Notice to each of the Issuer, the Principal Security Agent, the Collateral Custodian, the Swap Counterparty (if any) and Repo Counterparty (if any) with a copy delivered to the Holders or (ii) if the Collateral Agent reasonably believes that it (x) would not be able to recover its costs or other liabilities which would be incurred in connection with such action from the relevant Collateral Assets or otherwise or (y) would experience an unreasonable delay in doing so.

Upon the occurrence of an Enforcement Event in respect of any series of Secured Securities, the Collateral Agent shall enforce the Pledges in accordance with the Pledge Agreements. No Holder shall be entitled to enforce the Pledges or to proceed directly against the Issuer to enforce the other provisions of the Pledge Agreements unless the Collateral Agent, having become bound so to enforce or to proceed, fails so to do within a reasonable time and such failure is continuing or the Collateral Agent is prevented from doing so by any court order. In connection with the enforcement of the Pledges, and after the realisation and liquidation in full of all the Collateral Assets in a Collateral Pool and, where Physical Delivery of Collateral is not applicable, the Collateral Agent shall determine the Security Termination Amount (and, if applicable, any Shortfall) in respect of each Secured Security and shall notify such amounts to the Holders following such realisation and liquidation. Upon the occurrence of an Enforcement Event, the Collateral Calculation Agent shall provide details to the Collateral Agent of the valuation of the Collateral Assets and the Secured Securities (to the extent applicable) determined for the purposes of Collateral Security Condition 3.2 as at the immediately preceding Collateral Valuation Date (if any).

Where the Secured Securities become due and payable at their Security Termination Amount in accordance with Collateral Security Condition 6.1., no amounts other than the relevant Security Termination Amount will be payable in respect of each Secured Security.

Where Physical Delivery of Collateral and Nominal Value Collateralisation is applicable to a series of Secured Securities or there is recourse only to the proceeds of sale of the Collateral Assets, upon delivery of the relevant Collateral Assets (and payment of any Rounding Amount due in respect of such delivery) or payment of the proceeds of sale and any Rounding Amount, no further amount will be due to the Holders of such Secured Securities. In all other cases, in the event that the Realisation Amount is insufficient to pay the

Security Termination Amount due to a Holder in full or the value of Collateral Assets delivered is less than the Security Termination Amount, the Issuer shall remain liable for the Shortfall and, in the event that the Issuer fails to make payment of the Shortfall as and when it becomes due, the Guarantor will be liable for such Shortfall pursuant to the terms of the relevant Guarantee applicable to such Secured Securities. No Holder shall be entitled to have recourse to the Collateral Assets contained in a Collateral Pool other than the Collateral Pool which relates to the Secured Securities it holds.

### 6.3 Redemption and cancellation

Where Physical Delivery of Collateral is not applicable to a series of Secured Securities, following payment in full by the Issuer and/or the Guarantor of the Shortfall (if any) in respect of a Secured Security and/or payment to the Holder of a Secured Security of an amount in aggregate equal to the Security Termination Amount the relevant Secured Security shall be deemed to have been redeemed (in the case of Certificates) or cancelled (in the case of Warrants). Where Physical Delivery of Collateral is applicable to a series of Secured Securities, following or delivery to the Holder of a Secured Security of Collateral Assets in an amount equal to the relevant Delivery Share by the Collateral Agent (together with any Rounding Amount payable) and, where applicable, payment in full by the Issuer and/or the Guarantor of the Shortfall (if any) in respect of such Secured Security, the relevant Secured Security shall be deemed to have been redeemed (in the case of Certificates) or cancelled (in the case of Warrants).

## 7. Additional Disruption Events

### 7.1 The following changes will apply to W&C Security Condition 15:

- (a) The definition of Additional Disruption Events in W&C Security Condition 15.1 shall be deleted and replaced with the following:

**""Additional Disruption Event"** means each of Change of Law, Hedging Disruption, Increased Cost of Hedging, Collateral Disruption and Increased Cost of Collateral Assets;"

**"Collateral Disruption"** means the Issuer and/or any of its Affiliates is unable after using commercially reasonable efforts to (a) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) or any futures or option contracts it deems necessary to obtain Collateral Assets; (b) freely realise, recover, remit, receive, re-patriate or transfer the proceeds of any such transactions(s) or assets(s) or futures or option contract(s) or any relevant hedge positions relating to the Collateral Assets (including without limitation as a result of adverse market conditions or a lack of liquidity in the market) or (c) acquire or substitute any Collateral Assets (including without limitation as a result of adverse market conditions or a lack of liquidity in the market);".

- (c) The following definition shall be deemed to have been inserted in W&C Security Condition 15.1 after the definition of Hedging Shares and before the definition of Increased Cost of Hedging:

**""Increased Cost of Collateral Assets"** means that the Issuer and/or any of its Affiliates would incur a materially increased (as compared with circumstances existing on the Trade Date) amount of tax, duty,

expense, fee (other than brokerage commissions) or other relevant cost (including, for the avoidance of doubt, any funding cost) to (a) acquire, borrow, substitute, or dispose of any Collateral Assets, (b) establish, re-establish, substitute, maintain, unwind or dispose of any transaction entered into by the Issuer or any of its Affiliates in connection with the Collateral Assets or (c) realise, recover or remit the proceeds of any such Collateral Assets, provided that any such materially increased amount that is incurred solely due to the deterioration of the creditworthiness of the Issuer and/or any of its Affiliates shall not be deemed an Increased Cost of Collateral Assets;"

- (d) The definition of Optional Additional Disruption Events in W&C Security Condition 15.1 shall be deleted and replaced with the following:

- 7.2 The following shall apply where an Optional Additional Disruption Event occurs which is a Collateral Asset Default and W&C Security Condition 15 shall not apply in connection with such Optional Additional Disruption Event.

- (a) Where the relevant Secured Securities are Certificates and where the relevant Collateral Asset(s) have become due and repayable other than by reason of default in payment, upon becoming aware of such event, the Issuer will, on giving such period of notice (in accordance with W&C Security Condition 10) as expires not more than ten nor less than five Business Days following the date upon which the Issuer receives the redemption proceeds of such Collateral Asset(s) or where the Collateral Asset is a deposit, the date on which the Issuer receives the amount due to it on such repayment of the deposit, redeem the Secured Securities by payment of an amount equal to such Secured Security's Collateral Early Settlement Amount on the expiry of such notice.

- (ii) in the case of Certificates or Warrants, where Collateral Physical Settlement has been specified as applicable in applicable Final Terms, the Issuer shall as soon as reasonably practicable deliver the Collateral Assets to the Holders. Where delivery of the Collateral Assets is due to be made in respect

of Secured Securities which are Certificates, W&C Security Conditions 30 and 35.2 shall apply and, for such purposes, the Certificates shall be deemed to be Physical Delivery Certificates and the Entitlement (unless specified otherwise in the applicable Final Terms) shall be deemed to be the Certificate's pro rata share of the Collateral Assets held by the Issuer in respect of the relevant Collateral Pool. Any reference in the W&C Security Conditions to Relevant Assets shall be deemed to be, in connection with a Collateral Asset Default, a reference to the Collateral Assets which are comprised in the Entitlement for such Secured Security. Where delivery of the Collateral Assets is due to be made in respect of Secured Securities which are Warrants, W&C Security Conditions 22, 24 and 25 (as modified by these Collateral Security Conditions) shall apply and, for such purposes, the Warrants shall be deemed to be Physical Delivery Warrants and the Entitlement (unless specified otherwise in the applicable Final Terms) shall be deemed to be the Warrant's pro rata share of the Collateral Assets held by the Issuer in respect of the relevant Collateral Pool. Delivery of the Entitlement shall satisfy the Issuer's obligations in full in respect of the relevant Secured Securities.

- (c) Subject as provided below, in the case of Certificates, in the event that some only of the Collateral Assets in the relevant Collateral Pool become repayable (the "**Repayable Assets**") pursuant to Collateral Security Conditions 7.2(a) or 7.2(b)(i) above, each Certificate will be partially redeemed on a pro rata basis in a nominal amount equal to the proportion of the then outstanding aggregate nominal amount of the Certificates that the principal amount of the Repayable Assets bears to the aggregate principal amount of all of the Collateral Assets, subject as provided below.
  - (d) Where Collateral Physical Settlement has been specified as applicable in the applicable Final Terms and a Settlement Disruption Event occurs, W&C Security Condition 5.1 shall apply provided that the Disruption Cash Settlement Price will be equal to the Disruption Cash Settlement Price specified in the applicable Final Terms.
  - (e) If a Collateral Asset Default occurs, the Issuer will procure that any Affiliate which is holding Secured Securities of the relevant series shall deliver these to the Issuer and the Issuer will cancel such Secured Securities together with any Secured Securities which it is holding itself free of payment.
- 7.3 For the purpose of Collateral Security Conditions 7.2(a) and 7.2(b)(i), the Collateral Early Settlement Amount in respect of each Certificate will, unless otherwise specified in the applicable Final Terms, be the lesser of:

## **8. Collateral Security Credit Certificates**

### **8.1 General**

Where this Collateral Security Condition 8 applies, for the avoidance of doubt, the terms of Annex 13 shall not apply to the Secured Securities. This Collateral Security Condition 8 may only apply to Secured Securities which are Certificates and in respect of which the only Collateral Asset is the Reference Obligation and may not apply to Secured Securities which are Warrants.

### **8.2 Redemption**

#### **(a) Redemption absent Satisfaction of Conditions to Settlement**

The Issuer will redeem each Collateral Security Credit Certificate on the related Collateral Credit Security Settlement Date (as such date may be extended in accordance with the definition thereof) by payment of an amount equal to the Cash Settlement Amount of such Certificate unless:

- (i) an Automatic Early Redemption Event has occurred (if applicable);
- (ii) an Enforcement Event has occurred;
- (iii) the Collateral Security Credit Certificates have been previously redeemed or purchased or cancelled in full (including pursuant to Collateral Security Condition 8.2(b)); or

Where the Conditions to Settlement are satisfied in relation to the Reference Entity but an Enforcement Event occurs on or prior to the Cash Settlement Date, Collateral Security Condition 3 shall apply.

#### **(c) Miscellaneous provisions relating to Redemption**

Any amount payable under Collateral Security Condition 8.2(b) shall be rounded downwards to the nearest sub-unit of the relevant currency.

### 8.3 Interest

#### (a) Cessation of Interest Accrual

Upon the occurrence of a Credit Event Determination Date in respect of the Reference Entity, interest shall cease to accrue with effect from, and including, either:

- (ii) if so specified in the applicable Final Terms, such Credit Event Determination Date.

#### (b) Interest following Scheduled Maturity

Subject always to Collateral Security Condition 8.3(a), if an Extension Notice has been given, no interest will accrue on each Collateral Security Credit Certificate which is outstanding from, and including, the Redemption Date to, and including, the related Collateral Credit Security Settlement Date.

#### (c) Interest Payment Dates

If the Collateral Security Credit Certificates are redeemed pursuant to the W&C Security Conditions, the Collateral Security Conditions or this Collateral Security Condition 8.3(a), the Redemption Date, the Collateral Credit Security Settlement Date (if not the Redemption Date) or the Cash Settlement Date, as the case may be, shall be an Interest Payment Date in respect of each Collateral Security Credit Certificate and the Issuer shall pay any interest that has accrued (and is unpaid) in respect of each Collateral Security Credit Certificate on such Interest Payment Date.

#### (d) General

#### (b) Determinations of the Calculation Agent

The determination by the Calculation Agent of any amount or of any state of affairs, circumstance, event or other matter, or the formation of any opinion or the exercise of any discretion required or permitted to be determined, formed or exercised by the Calculation Agent pursuant to the Collateral Security Credit Certificates shall (in the absence of manifest error) be final and binding on the Issuer, the Guarantor and the Holders. In performing its duties pursuant to these Collateral Security Credit Conditions, the Calculation Agent shall act in its sole and absolute discretion acting reasonably and in good faith. Whenever the Calculation Agent is required to make any determination it may, inter alia, decide issues of construction and

legal interpretation. If the Calculation Agent chooses to rely on the determinations of the relevant Credit Derivatives Determinations Committee it may do so without liability. Any delay, deferral or forbearance by the Calculation Agent in the performance or exercise of any of its obligations or its discretion under the Collateral Security Credit Certificates including, without limitation, the giving of any notice by it to any person, shall not affect the validity or binding nature of any later performance or exercise of such obligation or discretion, and none of the Calculation Agent, the Issuer or the Guarantor shall, in the absence of wilful misconduct and gross negligence, bear any liability in respect of, or consequent upon, any such delay, deferral or forbearance.

(c) Delivery of Notices

## **9. Collateral Asset Linked Securities**

### **9.1 General**

This Collateral Security Condition 9 shall only apply if the applicable Final Terms specify that Collateral Security Condition 9 applies and that the relevant Secured Securities are Collateral Asset Linked Securities. The terms of the Collateral Security Conditions (save for Collateral Security Condition 8) shall apply to Collateral Asset Linked Securities save as set out or modified in this Collateral Security Condition 9. This Collateral Security Condition 9 may only apply to Secured Securities which are Certificates and may not apply to Secured Securities which are Warrants.

### **9.2 Changes to Collateral Security Conditions**

In respect of Collateral Asset Linked Securities, the following changes shall be made to the Collateral Security Conditions:

- (a) Collateral Security Condition 3.2 (Security) shall be deleted in its entirety and replaced with the following:

#### **"3.2 Security**

The obligations of the Issuer in respect of the Secured Securities will be secured by one or more pledge agreements between the Issuer and the Collateral Agent (each a **"Pledge Agreement"**) pursuant to which the Issuer will grant a first ranking security interest in favour of the Collateral Agent, for itself and on behalf of the Holders of the Secured Securities which are to be secured by the relevant Collateral Pool, over all the Issuer's rights in, and, to the Collateral Assets delivered to each of the Collateral Custodians appointed in respect of the relevant Collateral Pool and held from time to time in the relevant account(s) established with the Collateral Custodian(s) for such purpose (such account(s), the **"Collateral Account"**). The Issuer will not deliver Collateral Assets in respect of Secured Securities where the Issuer and/or any of its Affiliates is the beneficial owner. In addition to, or as an alternative to, a Pledge Agreement, the Issuer may also enter into an Additional Security Document or Alternative Security Document in respect of a Collateral Pool as specified in the applicable Final Terms in order to secure its obligations in respect of the Secured Securities and references in Collateral Security Condition 1 and hereinafter to "Pledge Agreement" and "Pledges" shall be construed as if they also refer to such Alternative Security Documents and/or Additional Security Documents.

In respect of the Nominal Value Collateralisation Element, the Issuer will transfer into the Collateral Account on the Initial Posting Date and hold in such account on any day thereafter, an aggregate nominal amount of the Reference Collateral Assets, at least equal to the aggregate Notional Amount of the Placed Secured Securities on such date. Where the

Issuer or any of its Affiliates acquires Secured Securities after the Initial Posting Date, the Issuer will be entitled to withdraw an aggregate nominal amount of Reference Collateral Assets equal to the aggregate Notional Amount of the Secured Securities so acquired, provided that the Issuer shall always hold in the Collateral Account an aggregate nominal amount of the Reference Collateral Assets at least equal, at any time, to the aggregate Notional Amount of the Placed Secured Securities.

In respect of the MTM Collateralisation Element, the Issuer will transfer MTM Adjustable Assets to and from the Collateral Account (based on the valuation provided by the Collateral Calculation Agent in respect of the immediately preceding Collateral Valuation Date) so that it will hold in respect of the relevant Collateral Pool (excluding, for the avoidance of doubt, any Reference Collateral Assets that are held in the Collateral Account to collateralise the aggregate Notional Amount of the Placed Secured Securities) MTM Adjustable Assets with an aggregate marked-to-market value (as determined by the Collateral Calculation Agent and which will take into account the relevant Haircut (if a Haircut is specified as applicable in the applicable Final Terms) at least equal to the Securities Value applicable to the relevant Collateral Pool (as determined in respect of the immediately preceding Collateral Valuation Date))."

- (b) The first sentence of Collateral Security Condition 3.3 shall be deleted and replaced with the following:

"If an Enforcement Event occurs, the Collateral Agent shall enforce the Pledge and realise the MTM Adjustable Assets (and may appoint one or more agents to assist it to do so) provided that the Collateral Agent need not take such action if it reasonably believes that it would not be able to recover the costs or other liabilities which would be incurred in connection with such action from the MTM Adjustable Assets or otherwise or would experience an unreasonable delay in doing so."

- (c) All references to "Collateral Assets" in Collateral Security Condition 3.3 shall be deemed to be references to "MTM Adjustable Assets" only.

- (d) Collateral Security Condition 3.4 (Application of proceeds) shall be deleted in its entirety and replaced with the following:

"3.4      Application of proceeds

The Realisation Proceeds will be applied in meeting the claims of Holders under the Secured Securities which are secured by the relevant Collateral Pool on a pari passu basis where each Secured Security's share of such proceeds shall be determined on the basis of such Secured Security's Collateral Proceeds Share provided that a Holder shall not be entitled to receive an amount in respect of a Secured Security greater than the Security Termination Amount determined with respect to such Secured Security and that the Collateral Proceeds Share will be equal to zero in respect of any Secured Securities which are not Placed Secured Securities."

- (e) Collateral Security Condition 3.5 (Shortfall) shall be deleted in its entirety and replaced with the following:

"3.5      Shortfall

In the event that, following the application of the MTM Security Enforcement Proceeds in accordance with Collateral Security Condition 3.4, the amount paid to a Holder in respect of

a Secured Security held by him (a "**Security Realised Amount**") is less than the Security MTM Termination Amount determined with respect to such Secured Security (the difference being referred to as a "**Shortfall**"), the Issuer shall remain liable for such Shortfall, but any such Holder shall not have recourse to any Collateral Pool other than the Collateral Pool applicable to that series of Secured Securities."

- (f) Collateral Security Condition 3.6 (Physical Delivery of Collateral Assets) shall be deleted in its entirety and replaced with the following:

"3.6 Physical Delivery of Collateral

Following enforcement of the Pledge, the Collateral Agent, will deliver the Reference Collateral Assets in a Collateral Pool to the Holders of the Secured Securities secured by the relevant Collateral Pool on a pari passu and pro rata basis. Delivery of such Reference Collateral Assets will fully extinguish the Issuer's obligations in respect of the Notional Amount of the relevant Secured Securities notwithstanding that the value of the Collateral Assets so delivered may be less than the market value and/or nominal value of the relevant Secured Security.

Any such delivery shall be made in accordance with W&C Security Conditions 30 and 35.2 and the Entitlement shall be deemed to be a Security's pro rata share of the Reference Collateral Assets held by the Issuer in respect of the relevant Collateral Pool.

In connection with such delivery, (i) W&C Security Condition 5 shall not apply, (ii) for the purposes of W&C Security Condition 11.1, Security Expenses shall be deemed to include any Enforcement Expenses which are incurred in delivery of the Reference Collateral Assets in accordance with this Collateral Security Condition 3.6, (iii) the Collateral Agent shall be entitled to deduct from the Reference Collateral Assets deliverable to Holders all Security Expenses not previously deducted from amounts paid or assets delivered to Holders, as the Collateral Agent shall in its sole and absolute discretion determine are attributable to the relevant Secured Securities and (iv) any reference in the W&C Security Conditions to "Relevant Assets" shall be deemed, in connection with a delivery of Reference Collateral Assets in accordance with this Collateral Security Condition 3.6, to be a reference to "Reference Collateral Assets."

- (g) Collateral Security Condition 3.7 (Settlement Disruption) shall be deleted in its entirety and replaced with the following:

"3.7 Settlement Disruption

If, in the opinion of the Collateral Agent, delivery of the Entitlement following the occurrence of an Enforcement Event using the method of delivery specified in the applicable Final Terms, or such other commercially reasonable manner as the Collateral Agent has determined, is not practicable by reason of a Collateral Settlement Disruption Event (as defined above) having occurred and continuing on any Collateral Delivery Date then such Collateral Delivery Date, for such Secured Securities shall be postponed to the first following Business Day in respect of which there is no such Collateral Settlement Disruption Event, provided that the Collateral Agent may elect in its sole discretion to deliver the Entitlement in such other commercially reasonable manner as it may select and in such event the Collateral Delivery Date shall be such day as the Collateral Agent deems appropriate in connection with delivery of the Entitlement in such other commercially reasonable manner. For the avoidance of doubt, where a Collateral Settlement Disruption Event affects some but

not all of the Reference Collateral Assets comprising the Entitlement, the Collateral Delivery Date for the Reference Collateral Assets not affected by the Collateral Settlement Disruption Event will be the originally designated Collateral Delivery Date.

If delivery of the relevant Entitlement is not possible due to the occurrence of a Collateral Settlement Disruption Event, for a period of greater than eight Business Days (or such other period specified in the Final Terms), then in lieu of physical settlement and notwithstanding any other provision hereof, the Collateral Agent shall sell or realise the Undeliverable Reference Collateral Assets in the manner set out in Collateral Security Condition 3.3. The Collateral Agent shall give notice as soon as practicable to the Holders in accordance with W&C Security Condition 10 that a Collateral Settlement Disruption Event has occurred. No Holder shall be entitled to any payment in respect of the relevant Secured Security or in the case of Warrants, if applicable, Unit, as the case may be, in the event of any delay in the delivery of the Entitlement due to the occurrence of a Collateral Settlement Disruption Event and no liability in respect thereof shall attach to the Issuer, the Guarantor or the Collateral Agent."

- (h) The first paragraph of Collateral Security Condition 6.1 (Events of Default) shall be deleted and replaced by the following:

"Following the occurrence of an Event of Default, a Holder, or the Distributor acting on the instructions of a Holder, may provide a Default Notification. If the Collateral Agent does not receive an Event Dispute Notice from the Issuer at or prior to the end of the Dispute Period, it shall deliver an Enforcement Notice to each of the Issuer, the Principal Security Agent and the Collateral Custodian whereupon the Secured Securities shall become immediately due and payable at their Security Termination Amount, and the Issuer shall be obliged to deliver the Entitlement in respect of each Secured Security on the relevant Collateral Delivery Date without further action or formalities and the Security Interest granted under the Pledge Agreement shall become enforceable (as set out in the Pledge Agreement).

Any of the following events (each an "Event of Default") shall entitle a Holder, or the Distributor, to deliver a Default Notification:"

- (i) Collateral Security Condition 6.2 (Enforcement) shall be deleted in its entirety and replaced with the following:

"6.2      Enforcement

The Collateral Agent shall not be bound to take any action under or in connection with the Pledge Agreement (including without limitation enforcing the Pledge upon the Pledge becoming enforceable) (i) unless a Holder, or the Distributor acting on the instructions of a Holder, has delivered a Default Notification, no Event Dispute Notice in respect of such Default Notification at or prior to the end of the Dispute Period and the Collateral Agent has, as a result, delivered an Enforcement Notice or (ii) if the Collateral Agent reasonably believes that it (x) would not be able to recover its costs or other liabilities which would be incurred in connection with such action from the relevant Collateral assets or otherwise or (y) would experience an unreasonable delay in doing so.

Upon the occurrence of an Enforcement Event in respect of any series of Secured Securities, the Collateral Agent shall enforce all the Pledges in accordance with all the Pledge Agreements relating to all the Collateral Pools.

No Holder shall be entitled to enforce the Pledges or to proceed directly against the Issuer to enforce the other provisions of the Pledge Agreement unless the Collateral Agent, having become bound so to enforce or to proceed, fails so to do within a reasonable time and such failure is continuing or the Collateral Agent is prevented from doing so by any court order. In connection with the enforcement of the Pledge, and after the realisation and liquidation in full of all the MTM Adjustable Assets in a Collateral Pool, the Collateral Agent shall determine the Security Termination Amount (and, if applicable, any Shortfall) in respect of each Secured Security and shall notify such amount to the Holders following such realisation and liquidation.

As Physical Delivery of Collateral is applicable in respect of the Reference Collateral Assets, upon delivery of the relevant Reference Collateral Assets in accordance with Collateral Security Condition 3.6 to the Holders, no further amount will be due to the Holders in respect of the Notional Amount of the Secured Securities.

If the Issuer fails to pay the Security MTM Termination Amount in full to a Holder in respect of a Secured Security held by such Holder, the amount by which the amount actually paid to the Holders is less than the Security MTM Termination Amount shall constitute a "Shortfall". The Issuer shall remain liable for the Shortfall, and in the event the Issuer fails to pay all of the Shortfall as and when it becomes due, the Guarantor will be liable for such Shortfall pursuant to the terms of the Guarantee.

No Holder shall be entitled to have recourse to the Collateral Assets contained in any Collateral Pool other than the Collateral Pool which relates to the Secured Securities it holds."

- (j) The definition of Collateral Asset Default in Collateral Security Condition 7.1(b) shall be deleted and replaced with the following:

**""Collateral Asset Default"** means (a) any of the Reference Collateral Assets in the Collateral Pool become due and payable on a date prior to their stated maturity date for any reason (including by reason of default in payment), (b) a failure by the Reference Collateral Asset Issuer to (i) pay on the due date any amount due or (ii) perform any of its other obligations, in the case of both (i) and (ii), in respect of the Reference Collateral Assets or (c) any rescheduling, Restructuring, subordination, exchange or material amendment is announced by the Reference Collateral Asset Issuer or any governmental authority or occurs, in respect of the Reference Collateral Assets;"

- (k) Collateral Security Condition 7.2 shall be deleted in its entirety and replaced with the following:

"7.2 The following shall apply where an Optional Additional Disruption Event occurs which is a Collateral Asset Default and W&C Security Condition 15 shall not apply in connection with such Optional Additional Disruption Event. The Issuer shall redeem the Secured Securities as soon as reasonably practicable after the occurrence of the Collateral Asset Default by (a) delivering the Reference Collateral Assets in the Collateral Pool to the Holders of the Secured Securities and W&C Security Conditions 30 and 35.2 shall apply and, for such purposes, the Secured Securities shall be deemed to be Physical Delivery Certificates and the Entitlement shall be deemed to be the Reference Delivery Amount and (b) payment to the Holders of Secured Securities of an amount equal to the Reference Collateral Event Cash Settlement Amount.

Any reference in the W&C Security Conditions to Relevant Assets shall be deemed to be, in connection with a Collateral Asset Default, a reference to the Reference Collateral Assets

comprising the Entitlement. Delivery of the Entitlement and payment of the Reference Collateral Event Cash Settlement Amount shall satisfy the Issuer's obligations in full in respect of the Secured Securities which, upon such payment and delivery, shall be redeemed.

In order to determine whether a Collateral Asset Default has occurred, the Calculation Agent and the Distributor (if any) will consult in good faith for up to five Business Days following the notification by the Calculation Agent or the Distributor to the other party of the potential occurrence of a Collateral Asset Default (a "**Consultation Period**") to agree whether or not a Collateral Asset Default has occurred.

If, following a Consultation Period, the Calculation Agent and the Distributor are not in agreement as to the occurrence or non-occurrence of a Collateral Asset Default, the Calculation Agent will consult three participants in the market for the Reference Collateral Assets that are independent of the Issuer, the Distributor or their respective Affiliates as to whether a Collateral Asset Default has occurred. The majority view of such market participants shall be the binding determination and any costs incurred in obtaining such views shall be borne by the Calculation Agent or the Distributor whichever held the view during the relevant Consultation Period that did not correspond to the majority view of the market participants.

If it is not possible to obtain the views of three such market participants, the original determination of the Calculation Agent as to whether a Collateral Asset Default has occurred shall apply. If there is no Distributor specified in the applicable Final Terms, the Calculation Agent will determine whether a Collateral Asset Default has occurred.

If a Collateral Asset Default occurs, the Issuer will procure that any Affiliate which is holding Secured Securities of the relevant series shall deliver these to the Issuer and the Issuer will cancel such Secured Securities together with any Secured Securities which it is holding itself and, in connection with such cancellation, the notional amount of the Option will be reduced to reflect the reduced aggregate Notional Amount of the Secured Securities.

Following the determination that a Collateral Asset Default has occurred, the Calculation Agent will notify the Holders in accordance with W&C Security Condition 10. From, and including, the Collateral Asset Default Date, no further Scheduled Underlying Reference Linked Payments will be made.";

Any such application for transfer shall be deemed to relate to all future payments of interest (other than interest due on redemption) in respect of the Registered Certificates which become payable to the holder who has made the initial application until such time as the Registrar is notified in writing to the contrary by such holder. Payment of the Interest Amount due in respect of each Registered Certificate on redemption will be made in the same manner as payment of the Cash Settlement Amount of such Registered Certificate.

The Calculation Agent will make the calculations and determinations as described in the Conditions of the Certificates in such a manner as the Calculation Agent determines is appropriate acting in good faith and in a commercially reasonable manner (having regard in each case to the criteria stipulated in the Conditions and the hedging arrangements in respect of the Certificates).

Notwithstanding that certain calculations, determinations and adjustments in the terms and conditions of the Certificates may be expressed to be on a certain date, the Calculation Agent may make such calculations,

determinations and adjustments in respect of that date on a date after that date determined by it in its discretion.

Pursuant to the Conditions the Calculation Agent has a number of discretions. These are necessary since certain circumstances or the occurrence of certain events in respect of the Certificates and the Preference Shares may materially affect the cost to the Issuer and/or its Affiliates of maintaining the Certificates and/or the Preference Shares or hedging arrangements for the Certificates or the Preference Shares, in each case before and after the occurrence of such event in a way which has not been reflected in the pricing of the Certificates or the Preference Shares. In addition, certain circumstances may arise where it is not reasonably practicable or otherwise not appropriate for certain valuations to be carried out in relation to relevant reference assets and in these circumstances the Calculation Agent also may exercise certain discretions.

## DESCRIPTION OF BNPP INDICES

### **In any case and for all the indices the following part shall be included:**

The objective of each Index comprised in a Family Index is to provide synthetic exposure to the performance as the case may be appropriate of a notional basket of Equity, Fund Shares, FX, Bond Rate, Money Market Rate, Index, Custom Index, Commodity, ETI or other Index component types (the "**Index Components Types**") in accordance with the objective of the Index comprised in the category of indices as described below.

The following indices shall be Excess Return/Total Return, Price Return or Cash Less ("**Cash Kind**"). As a consequence, if the Index is an "Excess Return" index, the level of the index will reflect the performance of the strategy of the index above an applicable money market rate. If the Index is a "Total Return" index, the level of the index will reflect a value assuming reinvestment of all or a part of dividends and distributions (as the case may be declared or/paid by underlying index components). If the Index is a "Price Return" index, the level of the index will reflect a value assuming no reinvestment of dividends or distributions (declared/paid by underlying index components). At last, if the Index is a "Cashless" index as it is constituted of components that require little or no cash to hedge in order to obtain the economic exposure and risk required by the index strategy, the level of the index will not take into account money market interest that would be ordinarily be payable when hedging the performance of an index which would require a cash investment equal to the value of the Index.

If any Index component (the "**Index Component**") of an Index ceases to exist or is, or would be, subject to an adjustment pursuant to the provisions of the Index rules in respect of that Index Component, the Index Calculation Agent may acting in good faith and in a commercially reasonable manner (a) effect no change to the Index, (b) adjust the Index as it deems appropriate including, but not limited to, replacing such Index Component with a replacement Index Component or the Index Calculation Agent and the Index Sponsor may continue to calculate and publish (as applicable) the Index without such Index Component or any replacement therefore, subject to the BNP Paribas Index proprietary methodology (the "**Index Methodology**"), or (c) terminate the Index. The aim of the Index Calculation Agent when making any such operational adjustments is to ensure that, so far as possible, the basic principles and economic effect of the Index are maintained.

Following the Index Start Date, the Index Calculation Agent shall review the composition of the Index and the Index weightings of the Index Components within the Index on an ongoing basis and in accordance with the Index Methodology comprised into the Index rules (the "**Rules**") governing the Index.

1. GURU Indices

The objective of each Index is to provide a positive exposure ("**Long**") or positive and negative exposure ("**Long /Short**") to the performance of a notional basket of 'Equity' Index Components, that track the price movements of shares of companies selected through a BNP Paribas proprietary methodology. Index Components are selected following a process based on a profitability of the business model, perspectives and valuation. In addition a scoring method allows for the concatenation of the results, so that each Index Component gets a final 'composite' grade. A final screening, based on the mentioned grade, is then performed to rank the Index Component in each Universe. In order to control the risks associated with the Index, the Index may also include a volatility control mechanism. In this case, when the Index Calculation Agent determines that volatility of the Index exceeds the a target volatility ("**Volatility Target**"), or falls below the Target Volatility, then the exposure of the Index to Index Components will be reduced up to a minimum exposure ("**Min Exposure**") or increased up to a maximum exposure ("**Maximum Exposure**"). The corresponding portion of the Index will reference money market assets. GURU indices are reviewed on a monthly basis, according to a 2-step process: a few days before or after the end of each calendar month, the Reference Share Universe is reviewed and the selection algorithm is run. This corresponds to step 1, at the end of which the Reference Shares selected for inclusion to the Index are identified. A few days later, as a second step, the reshuffle is implemented in the market.

Unless specifically described in the descriptions below, the Index is calculated, maintained, and published by BNP Paribas Arbitrage (the "**Index Calculation Agent**") and sponsored by BNP Paribas (the "**Index Sponsor**").

The Index Methodology and the Rules governing each Index shall be available on <https://indices-globalmarkets/bnpparibas.com/nr/@CodeCInergy@.pdf> as soon as such Index is the underlying of a product which is under the scope of the Prospectus Directive.

## 2. Thematic Mutual Fund Indices

The objective of each Index is to provide a long only exposure to the performance of a portfolio of 'Fund Shares' Index Component Types that are exposed to a given investment strategy ("**Thematic**"). The number of Index Components in the Index and the weight of each Index Component can be adjusted by the Index Calculation Agent acting in accordance with the Index Methodology. In order to control the risks associated with the Index, the Index may also include a volatility control mechanism. In this case, when the Index Calculation Agent determines that volatility of the Index exceeds the a target volatility ("**Volatility Target**"), or falls below the Volatility Target, then the exposure of the Index to Index Components will be reduced up to a minimum exposure ("**Min Exposure**") or increased up to a maximum exposure ("**Maximum Exposure**"). The corresponding portion of the Index will reference money market assets.

Unless specifically described in the descriptions below, the Index is calculated, maintained, and published by BNP Paribas Arbitrage (the "**Index Calculation Agent**") and sponsored by BNP Paribas (the "**Index Sponsor**").

The Index Methodology and the Rules governing each Index shall be available on <https://indices-globalmarkets/bnpparibas.com/nr/@CodeCInergy@.pdf> as soon as such Index is the underlying of a product which is under the scope of the Prospectus Directive.

### 3. Thematic Equity Indices

The objective of each Index is to provide exposure to the performance of a notional basket of 'Equity' Index Components. The Index comprises a basket of a minimum of 5 and a maximum of 50 'Equity' Index Components whose revenues are predominantly linked to a specific thematic. The composition of the Index is reviewed twice a year by the Index Calculation Agent in accordance with the specific Index rules selection criteria. On the same date, the weight of each Index Component in the Index can be adjusted by the Index Calculation Agent acting in accordance with the Index Methodology and where applicable upon recommendation from an Index investment advisor (the "**Index Investment Advisor**").

In order to control the risks associated with the Index, the Index may also include a volatility control mechanism. In this case, when the Index Calculation Agent determines that volatility of the Index exceeds the a target volatility ("**Volatility Target**"), or falls below the TargetVolatility, then the exposure of the Index to Index Components will be reduced up to a minimum exposure ("**Min Exposure**") or increased up to a maximum exposure ("**Maximum Exposure**"). The corresponding portion of the Index will reference money market assets.

Unless specifically described in the descriptions below, the Index is calculated, maintained, and published by BNP Paribas Arbitrage (the "**Index Calculation Agent**") and sponsored by BNP Paribas (the "**Index Sponsor**").

The Index Methodology and the Rules governing each Index shall be available on <https://indices-globalmarkets/bnpparibas.com/nr/@CodeCInergy@.pdf> as soon as such Index is the underlying of a product which is under the scope of the Prospectus Directive.

## 5. Risk Control Indices

The objective of each Index is to provide a synthetic exposure to the performance of a "Reference Index". The exposure to the underlying is dynamically adjusted in order to control the risks associated with the Index, with a volatility control mechanism. When the Index Calculation Agent determines that volatility of the Index exceeds the a target volatility ("**Target Volatility**"), or falls below the Target Volatility, then the exposure of the Index to Index Components will be reduced up to a minimum exposure ("**Min Exposure**") or increased up to a maximum exposure ("**Maximum Exposure**"). The corresponding portion of the Index will reference money market assets.

Unless specifically described in the descriptions below, the Index is calculated, maintained, and published by BNP Paribas Arbitrage (the "**Index Calculation Agent**") and sponsored by BNP Paribas (the "**Index Sponsor**").

The Index Methodology and the Rules governing each Index shall be available on <https://indices-globalmarkets/bnpparibas.com/nr/@CodeCInergy@.pdf> as soon as such Index is the underlying of a product which is under the scope of the Prospectus Directive.

## 6. Millenium Indices

The objective of each Index is to provide synthetic exposure to the performance of a notional long/short basket of (i) BNP Paribas custom indices based on future contracts for equity indices, bond indices and FX forward indices; and (ii) third party commodity indices, third party equity indices on real estate, and ETIs referencing emerging markets, bonds, and gold miner equities, where each such component is rebalanced daily in accordance with a proprietary allocation algorithm aimed at maximizing return for a predetermined level of risk. The weights of the Index Components that comprise this basket are calculated taking into account their trends, volatility and/or correlation with the market and the other Components. In order to control the risks associated with the Index, the Index may also include a volatility control mechanism. In this case, when the Index Calculation Agent determines that volatility of the Index exceeds the a target volatility ("**Volatility Target**"), or falls below the Target Volatility, then the exposure of the Index to Index Components will be reduced up to a minimum exposure ("**Min Exposure**") or increased up to a maximum exposure ("**Maximum Exposure**"). The corresponding portion of the Index will reference money market assets.

Unless specifically described in the descriptions below, the Index is calculated, maintained, and published by BNP Paribas Arbitrage (the "**Index Calculation Agent**") and sponsored by BNP Paribas (the "**Index Sponsor**").

The Index Methodology and the Rules governing each Index shall be available on <https://indices-globalmarkets/bnpparibas.com/nr/@CodeCInergy@.pdf> as soon as such Index is the underlying of a product which is under the scope of the Prospectus Directive.

## 7. Platinum Indices

The objective of each Index is to provide synthetic exposure to the performance of a notional basket of Index Components which are a diversified portfolio of BNP Paribas proprietary indices. Each Index Component implements an absolute return strategy, which is diversified and uncorrelated to the strategies implemented by other Index Components and each Index Component is chosen to represent a different asset class (Commodities, Volatility, Foreign Exchange and Equities, respectively). The Index Methodology is comprised of an equally weighted basket of the Index Components, with a daily adjustment. In order to control the risks associated with the Index, the Index may also include a volatility control mechanism. In this case, when the Index Calculation Agent determines that volatility of the Index exceeds the a target volatility ("**Volatility Target**"), or falls below the Target Volatility, then the exposure of the Index to Index Components will be reduced up to a minimum exposure ("**Min Exposure**") or increased up to a maximum exposure ("**Maximum Exposure**"). The corresponding portion of the Index will reference money market assets.

Unless specifically described in the descriptions below, the Index is calculated, maintained, and published by BNP Paribas Arbitrage (the "**Index Calculation Agent**") and sponsored by BNP Paribas (the "**Index Sponsor**").

The Index Methodology and the Rules governing each Index shall be available on <https://indices-globalmarkets/bnpparibas.com/nr/@CodeCInergy@.pdf> as soon as such Index is the underlying of a product which is under the scope of the Prospectus Directive.

## 8. Harbour Indices

The objective of each Index is to provide synthetic exposure to the performance of a notional long only basket of (i) BNP Paribas custom indices based on future contracts for equity indices, bond indices and FX forward indices; and (ii) third party commodity indices, third party equity indices on real estate, and ETIs referencing emerging markets, bonds, and gold miner equities, where each such component is rebalanced daily in accordance with a proprietary allocation algorithm aimed at maximizing return for a predetermined level of risk. In order to control the risks associated with the Index, the Index may also include a volatility control mechanism. In this case, when the Index Calculation Agent determines that volatility of the Index exceeds the a target volatility ("**Volatility Target**"), or falls below the TargetVolatility, then the exposure of the Index to Index Components will be reduced up to a minimum exposure ("**Min Exposure**") or increased up to a maximum exposure ("**Maximum Exposure**"). The corresponding portion of the Index will reference money market assets.

Unless specifically described in the descriptions below, the Index is calculated, maintained, and published by BNP Paribas Arbitrage (the "**Index Calculation Agent**") and sponsored by BNP Paribas (the "**Index Sponsor**").

The Index Methodology and the Rules governing each Index shall be available on <https://indices-globalmarkets/bnpparibas.com/nr/@CodeCInergy@.pdf> as soon as such Index is the underlying of a product which is under the scope of the Prospectus Directive.

## 9. Flexinvest Indices

The objective of each Index is to provide a synthetic exposure to the performance of a long only dynamic basket composed of a risky asset ("**Risky Asset**"), a deleverage asset ("**Deleverage Asset**") and money market assets. The respective weights of the component are determined by the Index Calculation Agent using the relative value of the Risky Asset to a set of its moving averages, and the volatility of the Risky Asset and/or Deleverage Asset, with a daily adjustment.

Unless specifically described in the descriptions below, the Index is calculated, maintained, and published by BNP Paribas Arbitrage (the "**Index Calculation Agent**") and sponsored by BNP Paribas (the "**Index Sponsor**").

The Index Methodology and the Rules governing each Index shall be available on <https://indices-globalmarkets/bnpparibas.com/nr/@CodeCInergy@.pdf> as soon as such Index is the underlying of a product which is under the scope of the Prospectus Directive.

## 12. Alternative Strategy Indices

The objective of the Index is to provide a full long exposure to the performance of a portfolio of 'Alternative Fund Shares' Index Component applying either a precise strategy ("**mono-strategy Indices**" below) or applying various different strategies and thus offering a certain level of diversification in order to deliver its

objective of absolute returns. The calculation for the Index is based on the valuation of a dedicated account (the "**Account**"), which can be conceptualized as a portfolio of 'Alternative Fund Shares' Index Components; whereas the Index value is represented by the value of one account notional unit of the Account. The number of Index Components in the Index and the weight of each Index Component can be adjusted by the Index Calculation Agent acting in accordance with the Index Methodology and where applicable upon recommendation from an Index Determination Agent or the Index investment advisor (the "**Index Investment Advisor**"). For the avoidance of doubt, any recommendation made by the Index Investment Advisor shall strictly be made in accordance with the index composition guidelines set out in the related recommendation agreement signed by the Index Sponsor, the Index Calculation Agent and the Index Investment Advisor. The Index Calculation Agent shall advise the Index Investment Advisor whether or not it accepts such recommendation. In order to control the risks associated with the Index, the Index may also include a volatility control mechanism. In this case, when the Index Calculation Agent determines that volatility of the Index exceeds target volatility ("**Volatility Target**"), and then the exposure of the Index to Index Components will be reduced up to a minimum exposure ("**Min Exposure**"), usually set at zero. The corresponding portion of the Index will reference money market assets. The number of Index Components in the Index and the weight of each Index Component can be adjusted regularly with a frequency usually monthly but which can be vary from daily to quarterly, depending on the strategy applied by the Index.

Unless specifically described in the descriptions below, the Index is calculated, maintained, and published by BNP Paribas Arbitrage (the "**Index Calculation Agent**") and sponsored by BNP Paribas (the "**Index Sponsor**").

The Index Methodology and the Rules governing each Index shall be available on <https://indices-globalmarkets/bnpparibas.com/nr/@CodeCInergy@.pdf> as soon as such Index is the underlying of a product which is under the scope of the Prospectus Directive.

#### 15. Alternative Synthetic Tracker Indices

The objective of the Index is to provide synthetic exposure to the performance of a notional basket of various Index Component Types which are rebalanced on a regular basis with the objective of replicating a long or short position in the global hedge fund industry. The index aims at tracking this exposure by using a dynamic allocation between liquid major market indices. The Hedge Funds industry performance will be represented by a benchmark and the objective of the index will be to minimize the expected tracking error versus this benchmark. To do so the index will be rebalanced on a monthly basis between liquid indices representative of the global markets. The rebalancing will be conducted based on a "tracking" algorithm which aims at optimizing the long replication of the benchmark on an "ex ante" basis.

Unless specifically described in the descriptions below, the Index is calculated, maintained, and published by BNP Paribas Arbitrage (the "**Index Calculation Agent**") and sponsored by BNP Paribas (the "**Index Sponsor**").

The Index Methodology and the Rules governing each Index shall be available on <https://indices-globalmarkets/bnpparibas.com/nr/@CodeCInergy@.pdf> as soon as such Index is the underlying of a product which is under the scope of the Prospectus Directive.

#### 16. Daily Weekly Indices

The objective of each Index (Dynamic or Fixed) is to monetize the mean reversion of returns of equity futures (the **BNPIFEU Index**) on a specific index ("**Reference Index**"). This can be achieved by buying the volatility computed using daily returns while selling the volatility computed using weekly returns. Indeed, when consecutive daily returns of the BNPIFEU Index are all positive (or negative), the daily volatility will be lower than weekly volatility. But when daily returns are mean reverting (some positive and some negative), the daily volatility will be greater than the weekly volatility.

The ER Index is synthetically systematically getting long realized volatility computed with daily returns and short realized volatility computed with weekly returns through delta replication. Delta is rescaled by a "Fixed" or "Dynamic" volatility. The exposure to the Reference Index will be subject to a maximum exposure of 200% and a minimum exposure of -200%.

Unless specifically described in the descriptions below, the Index is calculated, maintained, and published by BNP Paribas Arbitrage (the "**Index Calculation Agent**") and sponsored by BNP Paribas (the "**Index Sponsor**").

The Index Methodology and the Rules governing each Index shall be available on <https://indices-globalmarkets/bnpparibas.com/nr/@CodeCInergy@.pdf> as soon as such Index is the underlying of a product which is under the scope of the Prospectus Directive.

## 17. Commodity Indices

Each Index is calculated, maintained, and published by the entity specified in the tables below (the "**Index Calculation Agent**") and sponsored by BNP Paribas (the "**Index Sponsor**").

The Index Methodology and the Rules governing each Index shall be available on <https://indices-globalmarkets/bnpparibas.com/nr/@CodeCInergy@.pdf> as soon as such Index is the underlying of a product which is under the scope of the Prospectus Directive.

### 17.1 Oscillator Indices

The Oscillator indices are a family of commodity indices, each comprised of commodity mono-indices, whose objective is to provide exposure to a diversified basket of up to 19 commodities. A so-called 'momentum' strategy is employed, which means that the strength of the price of each commodity compared to the market as a whole is taken into account when determining the daily weight of each commodity mono-index of which the index is comprised. Exposure to the commodity mono-indices is achieved by holding hedge positions in the futures contracts of which the mono-indices are comprised. When each futures contract is due to expire, a dynamic roll-mechanism is used to determine the optimum futures contract to roll the hedge to, reducing the potentially negative effect on the value of the index of rolling futures contracts due to expire.

In order to ensure that no index becomes too highly concentrated in one commodity, the maximum weight of each commodity is 20%. In addition, the weighting of the indices in petroleum components (Brent and WTI crude oil, heating oil, unleaded gasoline and gasoil) is limited to 35% in aggregate. Where indicated below, the index is protected from large rises and falls in value by the use of a volatility control mechanism, which reduces the effect of volatility by lowering the exposure of the index to the commodity mono-indices when

volatility exceeds a predefined level and, conversely, increasing the exposure of the index to the commodity mono-indices when volatility falls below a predefined level.

## 17.2 BNP Paribas Alpha Curve DR Index

The objective of the BNP Paribas Alpha Curve DR Index is to capture the outperformance of an investment in various S&P GSCI Dynamic Roll Indices versus an investment in the Dow Jones-UBS ex Precious Metals Commodity index by providing (i) long exposure to an enhanced index, comprised of a basket of the Dow Jones-UBS Soybean Oil Index and various S&P GSCI Dynamic Roll Indices and (ii) short exposure to the Dow Jones – UBS ex-Precious Metals Commodity Index. The target weights of the index components of the enhanced index are derived from the weight of each commodity comprised in the Dow Jones-UBS Commodity ex-Precious Metals Index and are adjusted on a yearly basis to maintain the target weighting. If, on any day on which the index is calculated, the weight of any such commodity is observed to be greater than 20% of the enhanced index or the weighting of the enhanced index to the petroleum sector (Brent and WTI crude oil, heating oil, unleaded gasoline and gasoil) or soybean sector (soybeans and soybean oil) is greater than 35% each, an additional reweighting of the enhanced index will be performed. This mechanism is designed to ensure that the index does not become too highly concentrated in any single commodity, or in the petroleum or soybean sectors. The number of index components in the enhanced index may be adjusted on a yearly basis, following any adjustment of the composition of the Dow Jones-UBS ex-Precious Metals Commodity Index.

| Index Name                       | Currency | Cash Kind | Reference Index                                    | Index Calculation Agent | Bloomberg Code |

## 17.3 BNP Paribas Alpha Backwardation Index

The objective of the BNP Paribas Alpha Backwardation Index is to capture the outperformance of the commodities whose prices are the most backwardated by comparison to the commodity market as a whole. The index generates returns by taking long positions in the most backwardated commodities and short positions in the least backwardated commodities comprised in the Dow Jones-UBS Commodity Index, investing in various Dow Jones-UBS Mono Indices to do so. The index allocation is determined from (i) daily monitoring of the forward curve shape of each commodity comprised in the Dow Jones-UBS Commodity Index and (ii) the weight of each such commodity. The target weights of the index components are calculated on a daily basis and are based on the relative degree of backwardation or contango of such index component. The maximum weight of any such commodity is 20% of the index (whether long or short) and the weighting of

the index to the petroleum sector (Brent and WTI crude oil, heating oil, unleaded gasoline and gasoil) or soybean sector (soybeans and soybean oil) may not exceed 35% each. The number of index components may be adjusted on a yearly basis, following any adjustment of the composition of the Dow Jones-UBS Commodity Index.

#### 17.4 BNP Paribas Alpha Momentum Index

The objective of the BNP Paribas Alpha Momentum Index is to capture the outperformance of the recent best-performing commodities comprised in the Dow Jones-UBS Commodity Index. Commodities which have underperformed the market are weighted negatively, while commodities which have outperformed the market are weighted positively, the weight of each commodity being proportional to its weight in the Dow Jones-UBS Commodity Index. The weights of each index component are calculated on a daily basis and the maximum weight of any such commodity is 20% of the index (whether long or short) and the weighting of the index to the petroleum sector (Brent and WTI crude oil, heating oil, unleaded gasoline and gasoil) or soybean sector (soybeans and soybean oil) may not exceed 35% each (whether long or short). The number of index components may be adjusted on a yearly basis, following any adjustment of the composition of the Dow Jones-UBS Commodity Index.

#### 17.5 BNP Paribas Strategy B51 Index

The objective of the BNP Paribas Strategy B51 Index is to provide exposure to the commodity market enhanced by i) optimised investment in futures contracts determined according to the forward curve of the relevant commodity and ii) optimal allocation methodology based on price trends and forward curve shape observations. The index allocation is computed on a daily basis: weights of commodities that have recently outperformed the market or that present the most backwardated forward curves are increased, while weights of commodities that have recently underperformed the market or that present the least backwardated forward curves are decreased. The exposure is achieved through S&P GSCI Dynamic Roll indices, indices which are themselves invested in future contracts and which use a dynamic roll mechanism, taking into account the shape of the forward curve for the relevant commodity, to reduce the potentially negative effect of rolling futures contracts due to expire on the value of the index. The maximum weight of each commodity is 20% of the index and the weighting of the index to the petroleum sector (Brent and WTI crude oil, heating oil, unleaded gasoline and gasoil), soybean sector (soybeans, soybean meal and soybean oil) and wheat sector (wheat, Kansas wheat) may not exceed 35% each. The number of index components may be adjusted on a yearly basis, following any adjustment of the composition of the Dow Jones-UBS Commodity Index.

#### 17.6 BNP Paribas Strategy DR EW Index

The objective of the BNP Paribas Strategy DR EW Index is to provide a broad and UCITS compliant exposure to the commodity market, through investment in 22 commodities. The index tracks the performance of an equally weighted basket of commodities, whose weights are reset to their initial level once a year, during the annual rebalancing of the Reference Index. The exposure to each commodity is achieved mainly through S&P GSCI Dynamic Roll indices, indices which are themselves invested in future contracts and which use a dynamic roll mechanism, taking into account the shape of the forward curve for the relevant commodity, to reduce the potentially negative effect of rolling futures contracts due to expire on the value of the index. Exposure to Gold and Silver is achieved through the excess return versions of the relevant S&P mono-indices. To ensure UCITS constraints are respected, the maximum weight of each commodity is set at 20% of the index and the weighting of the index to the petroleum sector (Brent and WTI crude oil, heating oil, unleaded gasoline and gasoil) may not exceed 35%, while the weighting of the index to the soybean sector (soybeans, soybean meal and soybean oil) and wheat sector (wheat, Kansas wheat) may not exceed 20% each.

#### 17.7 BNP Paribas Strategy C51 Index

The objective of the BNP Paribas Strategy C51 Index is to provide broad and UCITS compliant exposure to the commodity market enhanced by optimised investment in futures contracts, determined according to the forward curve of the relevant commodity. The exposure to each commodity is achieved mainly through S&P GSCI Dynamic Roll indices, indices which are themselves invested in future contracts and which use a dynamic roll mechanism, taking into account the shape of the forward curve for the relevant commodity, to reduce the potentially negative effect of rolling futures contracts due to expire on the value of the index. Exposure to Gold and Silver is achieved through the excess return versions of the relevant S&P mono-indices. Exposure to Soybean Oil and Soybean Meal is achieved through the excess return versions of the relevant Dow Jones-UBS mono-indices. The maximum weight of each commodity is set at 20% of the index and the weighting of the index to the petroleum sector (Brent and WTI crude oil, heating oil, unleaded gasoline and gasoil) may not exceed 35%, while the weighting of the index to the soybean sector (soybeans, soybean meal and soybean oil) and wheat sector (wheat, Kansas wheat) may not exceed 20% each. The number of index components may be adjusted on a yearly basis, following any adjustment of the composition of the Dow Jones-UBS Commodity Index.

#### 17.8 BNP Paribas Backwardation Momentum DR Indices

The objective of the BNP Paribas Backwardation Momentum DR Alpha Index is to capture the return of a portfolio having a long position in an optimised basket of commodities and a short position in the DJUBS Commodity Index. The optimised basket is comprised of the same commodities as the DJUBS Commodity Index, but exposure to each commodity is made through investment in S&P Dynamic Roll Indices. The weight of each commodity in the optimised basket is computed on a daily basis following a momentum mechanism that increases the weights of commodity which have recently outperformed the market, and a backwardation

mechanism that increases the weights of commodity presenting the most downward sloping forward curves. The final weight of each commodity is always proportional to weight of the relevant commodity in the DJUBS Commodity Index. The S&P Dynamic Roll indices are calculated and sponsored by S&P and aim at limiting the impact of rolling futures contracts along the forward curve.

The BNP Paribas Backwardation Momentum DR Alpha 5% RUB Hedged Index is a 5% volatility controlled index and RUB-hedged version of the BNP Paribas Backwardation Momentum DR Alpha Index (the "Reference Index"). A 5% volatility control mechanism is added to the Reference Index with the aim of maintaining volatility at a level close to 5%. The volatility control mechanism is realised by decreasing the exposure of the Reference Index to the portfolio when the portfolio volatility is increasing and increasing the exposure of the Reference Index to the portfolio when the portfolio volatility is decreasing. Finally, a foreign exchange hedge is added to the Reference Index to ensure the effect of movements of RUBUSD FX rate on the index performance is limited.

#### 17.9 BNP Paribas Short ER and TR Indices

The objective of the BNP Paribas Short ER and TR Indices is to provide short exposure to the associated Reference Index on either an excess or total return basis. The Indices contain an automatic rebalancing method, which rebalances each Index if the performance of the Reference Index, measured from the immediately preceding Automatic Index Rebalancing Date or the Index Start Date (where no Automatic Index Rebalancing Date has occurred), is greater than 65%.

Any payment of the Disruption Cash Redemption Amount or the Failure to

Deliver Redemption Amount, as the case may be, in respect of a Note shall constitute a complete discharge of BNPP's obligations in respect of the delivery of the Relevant Assets affected by the Settlement Disruption Event or Failure to Deliver due to Illiquidity, as the case may be.

### **3. Taxation**

Unless the applicable Final Terms specify that Condition 6.4 is applicable to the Notes, the Guarantor covenants in favour of each Noteholder that it will duly perform and comply with the obligations expressed to be undertaken by it in Condition 6.1. In particular, if in respect of any payment to be made under this Deed of Guarantee, any withholding or deduction for or on account of any present or future taxes, duties, assessments or governmental charges of whatever nature is payable, the Guarantor shall pay the additional amounts referred to in Condition 6.1, all subject to and in accordance with the provisions of Condition 6.1.

Accordingly, it will not be discharged, nor will its liability be affected, by anything which would not discharge it or affect its liability if it were the sole principal obligor (including (1) any time, indulgence, waiver or consent at any time given to BNPP B.V. or any other person, (2) any amendment to any of the Conditions or to any security or other guarantee or indemnity, (3) the making or absence of any demand on BNPP B.V. or any other person for payment or performance of any other obligation in respect of any Note, (4) the enforcement or absence of enforcement of any Note or of any security or other guarantee or indemnity, (5) the release of any such security, guarantee or indemnity, (6) the dissolution, amalgamation, reconstruction or reorganisation of BNPP B.V. or any other person, or (7) the illegality, invalidity or unenforceability of or any defect in any provision of the Conditions, the Agency Agreement or any of BNPP B.V.'s obligations under any of them).

### **5. BNPP's Obligations Continuing**

BNPP's obligations under this Deed of Guarantee are and will remain in full force and effect by way of continuing security until no sum remains payable and no other obligation remains to be performed under any Note. Furthermore, those obligations of BNPP are additional to, and not instead of, any security or other guarantee or indemnity at any time existing in favour of any person, whether from BNPP or otherwise. BNPP irrevocably waives all notices and demands of any kind.

### **6. Discharge by BNPP B.V.**

If any payment received by, or other obligation discharged to or to the order of, any Noteholder is, on the subsequent bankruptcy or insolvency of BNPP B.V., avoided under any laws relating to bankruptcy or insolvency, such payment or obligation will not be considered as having discharged or diminished the liability of BNPP and this Deed of Guarantee will continue to apply as if such payment or obligation had at all times remained owing due by BNPP B.V.

### **7. Indemnity**

As a separate and alternative stipulation, BNPP unconditionally and irrevocably agrees:

- (a) that any sum or obligation which, although expressed to be payable or deliverable under the Notes, is for any reason (whether or not now existing and whether or not now known or becoming known to BNPP B.V., BNPP or any Noteholder) not recoverable from BNPP on the basis of a guarantee will nevertheless be recoverable from it as if it were the sole principal obligor and will be paid or performed by it in favour of the Noteholder on demand; and

- (b) as a primary obligation to indemnify each Beneficiary against any loss suffered by it as a result of any sum or obligation expressed to be payable or deliverable under the Notes not being paid or performed by the time, on the date and otherwise in the manner specified in the Notes or any obligation of BNPP B.V. under the Notes being or becoming void, voidable or unenforceable for any reason (whether or not now existing and whether or not known or becoming known to BNPP B.V., BNPP or any Beneficiary), in the case of a payment obligation the amount of that loss being the amount expressed to be payable by BNPP B.V. in respect of the relevant sum,

PROVIDED THAT the proviso to Clause 2 of this Guarantee shall apply mutatis mutandis to this Clause 7.

**8. Incorporation of Terms**

BNPP agrees that it shall comply with and be bound by those provisions contained in the Conditions which relate to it.

**9. Deposit of Guarantee**

This Deed of Guarantee shall be deposited with and held by BNP Paribas Securities Services, Luxembourg for the benefit of the Beneficiaries.

**10. Demand on BNPP**

Any demand hereunder shall be given in writing addressed to BNPP served at its office at CIB Legal, 3 rue Taitbout, 75009 Paris, France. A demand so made shall be deemed to have been duly made five Paris Business Days (as used herein, "**Paris Business Day**" means a day (other than a Saturday or Sunday) on which banks are open for business in Paris) after the day it was served or if it was served on a day that was not a Paris Business Day or after 5.30 p.m. (Paris time) on any day, the demand shall be deemed to be duly made five Paris Business Days after the Paris Business Day immediately following such day.

**11. Governing law**

This Deed of Guarantee and any non-contractual obligations arising out of or in connection herewith shall be governed by and construed in accordance with English law.

**12. Jurisdiction**

The courts of England shall have jurisdiction to settle any disputes which may, directly or indirectly, arise out of or in connection with this Guarantee including a dispute relating to any non-contractual obligations arising out of or in connection herewith.

**13. Service of Process**

BNPP agrees that service of process in England may be made on it at its London branch. Nothing in this Deed of Guarantee shall affect the right to serve process in any other manner permitted by law.

**14. Contracts (Rights of Third Parties) Act 1999**

No rights are conferred on any person under the Contracts (Rights of Third Parties) Act 1999 to enforce any term of this Guarantee, but this does not affect any right or remedy of any person which exists or is available apart from that Act.

Any reference in this Guarantee to any obligation or sums or amounts payable under or in respect of the Securities by BNPP B.V. shall be construed to refer to (if applicable):

- (a) (in the event of a bail-in of BNPP B.V.), such obligations, sums and/or amounts as reduced or otherwise modified from time to time resulting from the application of a bail-in of BNPP B.V. by any relevant authority; or
- (b) (in the event of a bail-in of BNPP), such obligations, sums and/or amounts as reduced by reference to, and in the same proportion as, any such reduction or modification applied to securities issued by BNPP following the application of a bail-in of BNPP by any relevant authority.

**NOW THIS DEED WITNESSES** as follows:

## **1. Guarantee**

favour of any person, whether from BNPP or otherwise. BNPP irrevocably waives all notices and demands of any kind.

**4. Discharge by BNPP B.V.**

If any payment received by, or other obligation discharged to or to the order of, the Holder of any Security is, on the subsequent bankruptcy or insolvency of BNPP B.V., avoided under any laws relating to bankruptcy or insolvency, such payment or obligation will not be considered as having discharged or diminished the liability of BNPP and this Guarantee will continue to apply as if such payment or obligation had at all times remained owing due by BNPP B.V.

### WHEREAS:

BNP Paribas Arbitrage Issuance B.V. ("**BNPP B.V.**"), BNP Paribas Fortis Funding and BGL BNP Paribas has established a Note, Warrant and Certificate Programme (the "**Programme**") under which, BNPP B.V. may from time to time issue, *inter alia*, unsecured warrants and certificates governed by English law (the "**Securities**") and secured warrants and certificates governed by English law (the "**Secured Securities**") of any kind including, but not limited to, warrants and certificates relating to a specified index or a basket of indices, a specified share, GDR or ADR or a basket of shares, GDRs and/or ADRs, a specified interest in an exchange traded instrument or basket of interests in exchange traded instruments, a specified debt instrument or basket of debt instruments, a specified debt futures or debt options contract or basket of debt futures or debt options contracts, a deposit, a specified commodity or commodity index or basket of commodities and/or commodity indices, a specified inflation index or basket of inflation indices, a specified currency or basket of currencies, a specified fund share or unit or basket of fund shares or units, a specified underlying interest rate or basket of underlying interest rates or Credit Securities. In respect of Secured Securities, BNPP B.V. will grant a security interest over assets held in accounts with the Custodian in favour of the Collateral Agent on behalf of itself and the relevant Holders. BNPP intends to guarantee the obligations of BNPP B.V. under the Secured Securities in the manner and to the extent set out herein.

The Secured Securities may be issued pursuant to (a) an Agency Agreement (the "**Agency Agreement**", which expression includes the same as it may be amended, supplemented or restated from time to time) dated on or around 9 June 2015 between, *inter alia*, BNPP B.V., BNPP, BNP Paribas Securities Services, Luxembourg Branch as agent and BNP Paribas Arbitrage S.N.C. as calculation agent or (b) any other agency or analogous agreement entered into by BNPP and BNPP B.V. from time to time.

Terms defined in the Terms and Conditions of the Secured Securities, as amended and/or supplemented by the applicable Final Terms (the "**Conditions**") and not otherwise defined in this Deed of Guarantee for Secured Securities shall have the same meanings when used in this Guarantee.

In respect of all Secured Securities issued on or after the date of this Guarantee, this Guarantee replaces the guarantee dated 5 June 2014 granted by the Guarantor in respect of Secured Securities issued under the Programme.

**NOW THIS DEED WITNESSES** as follows:

### 1. Guarantee

Subject as provided below, BNPP unconditionally and irrevocably guarantees by way of deed poll to each Holder that, if following the occurrence of an Enforcement Event and enforcement of the Pledge in respect of the relevant Collateral Pool, for any reason BNPP B.V. does not pay the Security Termination Amount in respect of a Secured Security in full, BNPP will, in accordance with the Conditions, pay an amount equal to the Shortfall in the currency in which such payment is due in immediately available funds. In case of the failure of BNPP B.V. to satisfy such obligation as and when the same becomes due, BNPP hereby undertakes to make or cause to be made such payment as though BNPP were the principal obligor in respect of such obligation after a demand has been made on BNPP pursuant to Clause 8 hereof PROVIDED THAT BNPP shall not be obliged to make any payment under this Guarantee in respect of a Secured Security until the Collateral Assets in the Collateral Pool securing such Secured Security have been realised or liquidated in full in the manner set out in Collateral Security Condition 6.2. Payment of an amount equal to the Shortfall in

respect of a Secured Security shall constitute a complete discharge of BNPP's obligations in respect of such Secured Security.

For the purposes of this Guarantee:

**"Shortfall"** means the amount, following liquidation and realisation of the Collateral Assets in the relevant Collateral Pool, by which the amount paid to the Holder of the relevant Secured Security by, or on behalf of the Issuer, is less than the Security Termination Amount payable in respect of such Secured Security.

## **2. BNPP as Principal Obligor**

As between BNPP and the Holder of each Secured Security but without affecting BNPP B.V.'s obligations, BNPP will be liable under this Guarantee as if it were the sole principal obligor and not merely a surety provided that (i) an Enforcement Event has occurred, (ii) the Collateral Assets in the Collateral Pool which secures the relevant Secured Security have been realised or liquidated in full in accordance with Collateral Security Condition 6.2, (iii) the Security Realised Amount is less than the Security Termination Amount and (iv) a demand has been made on the Guarantor pursuant to Clause 8 hereof. Accordingly, it will not be discharged, nor will its liability be affected, by anything which would not discharge it or affect its liability if it were the sole principal obligor (including (1) any time, indulgence, waiver or consent at any time given to BNPP B.V. or any other person, (2) any amendment to any of the Conditions or to any security or other guarantee or indemnity, (3) the release of any such security, guarantee or indemnity, (4) the dissolution, amalgamation, reconstruction or reorganisation of BNPP B.V. or any other person, or (5) the illegality, invalidity or unenforceability of or any defect in any provision of the Conditions, the Agency Agreement or any of BNPP B.V.'s obligations under any of them).

## **3. BNPP's Obligations Continuing**

BNPP's obligations under this Guarantee are and will remain in full force and effect by way of continuing security until no Shortfall remains payable under any Secured Security. Furthermore, those obligations of BNPP are additional to, and not instead of, any security or other guarantee or indemnity at any time existing in favour of any person, whether from BNPP or otherwise.

## **4. Discharge by BNPP B.V.**

If any payment received by, to or to the order of, the Holder of any Secured Security is, on the subsequent bankruptcy or insolvency of BNPP B.V., avoided under any laws relating to bankruptcy or insolvency, such payment will not be considered as having discharged or diminished the liability of BNPP in respect of any relevant Shortfall and this Guarantee will continue to apply in respect of any relevant Shortfall as if such payment had at all times remained due and owing by BNPP B.V.

## **5. Indemnity**

As a separate and alternative stipulation, BNPP unconditionally and irrevocably agrees (1) that any sum or obligation which, although expressed to be payable or deliverable under the Secured Securities, is for any reason (whether or not now existing and whether or not now known or becoming known to BNPP B.V., BNPP or any Holder) not recoverable from BNPP on the basis of a guarantee will nevertheless be recoverable from it as if it were the sole principal obligor and will be paid or performed by it in favour of the Holder on demand provided (i) an Enforcement Event has occurred, (ii) the Collateral Assets in the Collateral Pool which secures the relevant Secured Security have been realised or liquidated in full in accordance with Collateral Security Condition 6.2, (iii) the Security Realised Amount is less than the Security Termination Amount and (iv) a demand has been made on the Guarantor pursuant to Clause 8 hereof and provided further that in no

circumstances shall BNPP be obliged to pay an amount under this Guarantee which is greater than the relevant Shortfall. The second sentence of Clause 2 of this Guarantee shall apply mutatis mutandis to this Clause 5.

**6. Incorporation of Terms**

BNPP agrees that it shall comply with and be bound by those provisions contained in the Conditions which relate to it.

**7. Deposit of Guarantee**

This Guarantee shall be deposited with and held by BNP Paribas Securities Services, Luxembourg for the benefit of the Holders.

**8. Demand on BNPP**

Any demand hereunder shall be given in writing addressed to BNPP served at its office at CIB Legal, 3 rue Taitbout, 75009 Paris, France. ### WHEREAS:

BNP Paribas Arbitrage Issuance B.V. ("**BNPP B.V.**"), BNPP, BNP Paribas Fortis Funding and BGL BNP Paribas have established a Note, Warrant and Certificate Programme (the "**Programme**") under which, *inter alia*, BNPP B.V. may from time to time issue, *inter alia*, unsecured warrants and certificates governed by French law (the "**Securities**") and secured warrants and certificates governed by French law (the "**Secured Securities**") of any kind including, but not limited to, warrants and certificates relating to a specified index or a basket of indices, a specified share, preference share, GDR or ADR or a basket of shares, GDRs and/or ADRs, a specified interest in an exchange traded instrument or basket of interests in exchange traded instruments, a specified debt instrument or basket of debt instruments, a specified debt futures or debt options contract or basket of debt futures or debt options contracts, a specified commodity or commodity index or basket of commodities and/or commodity indices, a specified inflation index or basket of inflation indices, a specified currency or basket of currencies, a specified fund share or unit or basket of fund shares or units, a specified underlying interest rate or basket of underlying interest rates, Credit Securities, Open End Certificates or Open End Turbo Certificates. In respect of Securities, BNPP B.V. will not grant any security interest in favour of the relevant Holders. In respect of Secured Securities, BNPP B.V. will grant a security interest over assets held in accounts with the Custodian in favour of the Collateral Agent on behalf of itself and the relevant Holders. BNPP intends to guarantee the obligations of BNPP B.V. under the Securities.

The Securities may be issued pursuant to (a) an Amended and Restated Agency Agreement (the "**Agency Agreement**", which expression includes the same as it may be amended, supplemented or restated from time to time) dated on or around 9 June 2015 between, *inter alia*, BNPP B.V., BNPP, BNP Paribas Securities Services, Luxembourg Branch as agent and BNP Paribas Arbitrage S.N.C. as calculation agent or (b) any other agency or analogous agreement entered into by BNPP and/or BNPP B.V. from time to time.

Terms defined in the Terms and Conditions of the W&C Securities, as amended and/or supplemented by the applicable Final Terms (the "**Conditions**") and not otherwise defined in this Guarantee shall have the same meanings when used in this Guarantee.

In respect of all Securities issued on or after the date of this Guarantee, this Guarantee replaces the guarantee dated 5 June 2014 granted by the Guarantor in respect of Securities issued under the Programme.

Any reference in this Guarantee to any obligation or sums or amounts payable under or in respect of the Securities by BNPP B.V. shall be construed to refer to (if applicable):

- (a) (in the event of a bail-in of BNPP B.V.), such obligations, sums and/or amounts as reduced or otherwise modified from time to time resulting from the application of a bail-in of BNPP B.V. by any relevant authority; or
- (b) (in the event of a bail-in of BNPP), such obligations, sums and/or amounts as reduced by reference to, and in the same proportion as, any such reduction or modification applied to securities issued by BNPP following the application of a bail-in of BNPP by any relevant authority.

### 1. Guarantee

Subject as provided below, BNPP unconditionally and irrevocably guarantees to each Holder that, if for any reason BNPP B.V. does not pay any sum payable by it or perform any other obligation in respect of any Security on the date specified for such payment or performance BNPP will, in accordance with the Conditions

pay that sum in the currency in which such payment is due in immediately available funds or, as the case may be, perform or procure the performance of the relevant obligation on the due date for such performance PROVIDED THAT in the case of Securities other than Credit Securities (A) in the case of Physical Delivery Securities where BNPP B.V. has the obligation, pursuant to the terms and conditions of the relevant Security, to deliver the Entitlement, notwithstanding that BNPP B.V. had the right to vary settlement in respect of such Physical Delivery Securities in accordance with W&C Security Condition 5.3) and exercised such right or failed to exercise such right, BNPP will have the right at its sole and unfettered discretion to elect not to deliver or procure delivery of the Entitlement to the Holders of such Physical Delivery Securities, but in lieu thereof, to make payment in respect of each such Physical Delivery Securities of an amount equal to the Guaranteed Cash Settlement Amount (as defined in the Conditions) and (B) in the case of Securities where the obligations of BNPP B.V. which fall to be satisfied by BNPP constitute the delivery of the Entitlement to the Holders, BNPP will as soon as practicable following BNPP B.V.'s failure to satisfy its obligations under such Securities deliver or procure delivery of such Entitlement using the method of delivery specified in the applicable Final Terms provided that, if in the opinion of BNPP, delivery of the Entitlement using such method is not practicable by reason of (i) a Settlement Disruption Event (as defined in W&C Security Condition 5.1) or (ii) a Failure to Deliver due to Illiquidity (as defined in W&C Security Condition 5.2) (if "Failure to Deliver due to Illiquidity" is specified as applying in the applicable Final Terms), in lieu of such delivery BNPP will make payment in respect of each such Security of, in the case of (i) above, the Guaranteed Cash Settlement Amount or, in the case of (ii) above, the Failure to Deliver Settlement Price (as defined in W&C Security Condition 15.2). Any payment of the Guaranteed Cash Settlement Amount or the Failure to Deliver Settlement Price, as the case may be, in respect of a Security shall constitute a complete discharge of BNPP's obligations in respect of such Security.

## **2. Joint liability of BNPP and BNPP B.V.**

BNPP hereby acknowledges, absolutely and without right to claim the benefit of any legal circumstances amounting to an exemption from liability or a guarantor's defence, that it is bound by the obligations specified below. Accordingly, BNPP acknowledges that it will not be released from liability, nor will its liability be reduced, at any time, by extension or grace periods regarding payment or performance, any waiver or any consent granted to BNPP B.V. or to any other person, or by the failure of any execution proceedings brought against BNPP B.V. or any other person. Furthermore, BNPP acknowledges that (1) it will not be relieved of its obligations in the event that BNPP B.V.'s obligations become void for reasons relating to BNPP B.V.'s capacity, limitation of powers or lack thereof (including any lack of authority of persons having entered into contracts in the name, or on behalf, of BNPP B.V.), (2) its obligations under this Guarantee will remain valid and in full effect notwithstanding the dissolution, merger, takeover or reorganisation of BNPP B.V., as well as the opening of insolvency proceedings (*procédures collectives*), or any other proceedings similar to receivership or liquidation proceedings, in respect of BNPP B.V., (3) it will not avail itself of any subrogation rights in respect of the Holders' rights and that it will take no steps to enforce any rights or demands against BNPP B.V., so long as any amounts remain due; or any obligation remains unperformed, under the Securities, (4) its duties under this Guarantee will not be conditional on or subject to the validity or execution of any other security granted by BNPP B.V. or any other person to the Holders, or to the existence or creation of any security for the benefit of the Holders, and (5) neither the notification of, nor the serving of a formal request upon, BNPP B.V. or any other person is a prior condition to a payment or performance by BNPP under this Guarantee.

## **3. BNPP's continuing liability**

BNPP's obligations under this Guarantee will remain valid and in full effect so long as any amounts remain outstanding, or any obligation remains unperformed, under the Securities.

**4. BNPP B.V. repayment**

If a payment received by, or other obligation discharged to or to the order of, any Holder is declared null and void under any rule relating to insolvency proceedings (*procédures collectives*), or any other procedure similar to the receivership or liquidation of BNPP B.V., such payment or obligation will not reduce BNPP's obligations and this Guarantee will continue to apply as if such payment or obligation had always been due from BNPP B.V.

**5. Conditions binding**

BNPP declares (i) that it has full knowledge of the provisions of the Conditions, (ii) that it will comply with them and (iii) that it will be bound by them.

**6. Demand on BNPP**

Any demand hereunder shall be given in writing addressed to BNPP served at its office at CIB Legal, 3 Rue Taitbout, 75009 Paris, France. A demand so made shall be deemed to have been duly made five Paris Business Days (as used herein, "**Paris Business Day**" means a day (other than a Saturday or Sunday) on which banks are open for business in Paris) after the day it was served or if it was served on a day that was not a Paris Business Day or after 5.30 p.m. (Paris time) on any day, the demand shall be deemed to be duly made five Paris Business Days after the Paris Business Day immediately following such day.

**7. Governing law and jurisdiction**

This Guarantee is governed by, and shall be construed in accordance with, French law and the competent courts within the jurisdiction of the Paris Court of Appeal (*Cour d'Appel de Paris*) will be competent to settle any litigation or proceedings relating to this Guarantee.

**THIS GUARANTEE** is made by BNP Paribas ("**BNPP**") in favour of the holders for the time being of the Secured Securities (as defined below) (each a "**Holder**").

### WHEREAS:

BNP Paribas Arbitrage Issuance B.V. ("**BNPP B.V.**"), BNPP, BNP Paribas Fortis Funding and BGL BNP Paribas have established a Note, Warrant and Certificate Programme (the "**Programme**") under which, *inter alia*, BNPP B.V. may from time to time issue, *inter alia*, unsecured warrants and certificates governed by French law (the "**Securities**") and secured warrants and certificates governed by French law (the "**Secured Securities**") of any kind including, but not limited to, Securities relating to a specified index or a basket of indices, a specified share, GDR or ADR or a basket of shares, GDRs and/or ADRs, a specified interest in an exchange traded instrument or basket of interests in exchange traded instruments, a specified debt instrument or basket of debt instruments, a specified debt futures or debt options contract or basket of debt futures or debt options contracts, a deposit, a specified commodity or commodity index or basket of commodities and/or commodity indices, a specified inflation index or basket of inflation indices, a specified currency or basket of currencies, a specified fund share or unit or basket of fund shares or units, a specified underlying interest rate or basket of underlying interest rates, Credit Securities, Open End Certificates or Open End Turbo Certificates. In respect of Securities, BNPP B.V. will not grant any security interest in favour of the relevant Holders. In respect of Secured Securities, BNPP B.V. will grant a security interest over assets held in accounts with the Custodian in favour of the Collateral Agent on behalf of itself and the relevant Holders. BNPP intends to guarantee the obligations of BNPP B.V. under the Secured Securities in the manner and to the extent set out herein.

Secured Securities may be issued pursuant to (a) an Amended and Restated Agency Agreement (the "**Agency Agreement**", which expression includes the same as it may be amended, supplemented or restated from time to time) dated on or around 9 June 2015 between, *inter alia*, BNPP B.V., BNPP, BNP Paribas Securities Services, Luxembourg Branch as agent and BNP Paribas Arbitrage S.N.C. as calculation agent or (b) any other agency or analogous agreement entered into by BNPP and/or BNPP B.V. from time to time.

Terms defined in the Terms and Conditions of the Secured W&C Securities, as amended and/or supplemented by the applicable Final Terms (the "**Conditions**") and not otherwise defined in this Guarantee for Secured Securities shall have the same meanings when used in this Guarantee.

In respect of all Secured Securities issued on or after the date of this Guarantee, this Guarantee replaces the guarantee dated 5 June 2014 granted by the Guarantor in respect of Secured Securities issued under the Programme.

### 1. Guarantee

Subject as provided below, BNPP unconditionally and irrevocably guarantees to each Holder that, if following the occurrence of an Enforcement Event and enforcement of the Pledge in respect of the relevant Collateral Pool, for any reason BNPP B.V. does not pay the Security Termination Amount in respect of a Secured Security in full, BNPP will, in accordance with the Conditions, pay an amount equal to the Shortfall in the currency in which such payment is due in immediately available funds. In case of the failure of BNPP B.V. to satisfy such obligation as and when the same becomes due, BNPP hereby undertakes to make or cause to be made such payment as though BNPP were the principal obligor in respect of such obligation after a demand has been made on BNPP pursuant to Clause 6 hereof PROVIDED THAT BNPP shall not be obliged to make any payment under this Guarantee in respect of a Secured Security until the Collateral Assets in the Collateral Pool securing such Secured Security have been realised or liquidated in full in the manner set out in Collateral Security Condition 6.2. Payment of an amount equal to the Shortfall in respect of a Secured Security shall constitute a complete discharge of BNPP's obligations in respect of such Secured Security.

For the purposes of this Guarantee:

**"Shortfall"** means the amount, following liquidation and realisation of the Collateral Assets in the relevant Collateral Pool, by which the amount paid to the Holder of the relevant Secured Security by, or on behalf of, the Issuer, is less than the Security Termination Amount payable in respect of such Secured Security.

**2. Joint liability of BNPP and BNPP B.V.**

BNPP hereby acknowledges, absolutely and without right to claim the benefit of any legal circumstances amounting to an exemption from liability or a guarantor's defence, that it is bound by the obligations specified below. Accordingly, BNPP acknowledges that it will not be released from liability, nor will its liability be reduced, at any time, by extension or grace periods regarding payment or performance, any waiver or any consent granted to BNPP B.V. or to any other person, or by the failure of any execution proceedings brought against BNPP B.V. or any other person provided that (i) an Enforcement Event has occurred, (ii) the Collateral Assets in the Collateral Pool which secures the relevant Secured Security have been realised or liquidated in full in accordance with Collateral Security Condition 6.2, (iii) the Security Realised Amount is less than the Security Termination Amount and (iv) a demand has been made on the Guarantor pursuant to Clause 6 hereof. Furthermore, BNPP acknowledges that (1) it will not be relieved of its obligations in the event that BNPP B.V.'s obligations become void for reasons relating to BNPP B.V.'s capacity, limitation of powers or lack thereof (including any lack of authority of persons having entered into contracts in the name, or on behalf, of BNPP B.V.), (2) its obligations under this Guarantee will remain valid and in full effect notwithstanding the dissolution, merger, takeover or reorganisation of BNPP B.V., as well as the opening of insolvency proceedings, or any other proceedings similar to receivership or liquidation proceedings, in respect of BNPP B.V., (3) it will not avail itself of any subrogation rights in respect of the Holders' rights and that it will take no steps to enforce any rights or demands against BNPP B.V., so long as any amounts remain due; or any obligation remains unperformed, under the Secured Securities, and (4) neither the notification of, nor the serving of a formal request upon, BNPP B.V. or any other person is a prior condition to a payment or performance by BNPP under this Guarantee.

**3. BNPP's continuing liability**

BNPP's obligations under this Guarantee will remain valid and in full effect until no Shortfall remains payable under any Secured Security.

**4. BNPP B.V. repayment**

If a payment received by, or to the order of, any Holder is declared null and void under any rule relating to insolvency proceedings, or any other procedure similar to the receivership or liquidation of BNPP B.V., such payment will not reduce BNPP's obligations in respect of any relevant Shortfall and this Guarantee will continue to apply in respect of any relevant Shortfall as if such payment or obligation had always been due from BNPP B.V.

**5. Conditions binding**

BNPP declares (i) that it has full knowledge of the provisions of the Conditions, (ii) that it will comply with them and (iii) that it will be bound by them.

**6. Demand on BNPP**

Any demand hereunder shall be given in writing addressed to BNPP served at its office at CIB Legal, 3 Rue Taitbout, 75009 Paris, France. A demand so made shall be deemed to have been duly made five Paris Business Days (as used herein, **"Paris Business Day"** means a day (other than a Saturday or Sunday) on which banks are open for business in Paris) after the day it was served or if it was served on a day that was not a Paris

**7. Governing law and jurisdiction**

This Guarantee is governed by, and shall be construed in accordance with, French law and the competent courts within the jurisdiction of the Paris Court of Appeal (*Cour d'Appel de Paris*) will be competent to settle any litigation or proceedings relating to this Guarantee.

## **2. Guarantee**

Subject as provided below, BNPPF hereby irrevocably and unconditionally guarantees:

- (a) to each Noteholder the due and punctual payment of all sums from time to time payable or performance of any other obligation by BP2F in respect of the Notes on the date specified for such payment or performance and accordingly undertakes to either (i) pay to such Noteholder, forthwith upon the demand of such Noteholder and in the manner and currency prescribed by the Conditions for payments by BP2F in respect of the Notes, any and every sum or sums which BP2F is at any time liable to pay in respect of the Notes and which BP2F has failed to pay or (ii) perform such other obligation for the benefit of such Noteholder which BP2F has failed to perform on the due date for such performance after a demand has been made on BNPPF pursuant to Clause 10 hereof; and
- (b) to each Accountholder the due and punctual payment of all sums from time to time payable or performance of any other obligation by BP2F in respect of the Direct Rights on the date specified for such payment or performance and accordingly undertakes to either (i) pay to such Accountholder, forthwith upon the demand of such Accountholder and in the manner and currency prescribed by the Conditions for payments by BP2F in respect of the Notes, any and every sum or sums which BP2F is at any time liable to pay in respect of the Notes and which BP2F has failed to pay or (ii) perform such other obligation for the benefit of the Accountholder which BP2F has failed to perform on the due date for such performance after a demand has been made on BNPPF pursuant to Clause 10 hereof,

PROVIDED THAT in the case of Notes (other than Credit Notes) where the obligations of BP2F which fall to be satisfied by BNPPF constitute the delivery of the Entitlement if in the opinion of BNPPF such delivery is not practicable by reason of (x) a Settlement Disruption Event (as defined in Condition 4(b)(i)(E)) or (y) if "Failure to Deliver due to Illiquidity" is specified as applying in the applicable Final Terms, a Failure to Deliver due to Illiquidity (as defined in Condition 4(b)(i)(F)), in lieu of such delivery BNPPF will make payment in respect of each such Note of, in the case of (x) above, the Disruption Cash Redemption Amount (as defined in Condition 4(b)(i)(E)) or in the case of (y) above, the Failure to Deliver Redemption Amount (as defined in Condition 4(b)(i)(F)). Any payment of the Disruption Cash Redemption Amount or the Failure to Deliver Redemption Amount, as the case may be, in respect of a Note shall constitute a complete discharge of BNPPF's obligations in respect of the delivery of the Relevant Assets affected by the Settlement Disruption Event or Failure to Deliver due to Illiquidity, as the case may be.

This Guarantee constitutes direct, unconditional, irrevocable, unsubordinated and unsecured obligations of the Guarantor and ranks *pari passu* (subject to mandatorily preferred debts under applicable laws) equally and rateably with all other present and future outstanding unsecured and unsubordinated obligations of the Guarantor.

### **3. Taxation**

Unless the applicable Final Terms specify that Condition 6.4 is applicable to the Notes, BNPPF covenants in favour of each Noteholder that it will duly perform and comply with the obligations expressed to be undertaken by it in Condition 6.2. In particular, if in respect of any payment to be made under this Guarantee, any withholding or deduction for or on account of any present or future taxes, duties, assessments or governmental charges of whatever nature is payable, BNPPF shall pay the additional amounts referred to in Condition 6.2, all subject to and in accordance with the provisions of Condition 6.2.

### **4. BNPPF as Principal Obligor**

As between BNPPF and each Beneficiary but without affecting BP2F's obligations, BNPPF will be liable under this Guarantee as if it were the sole principal obligor and not merely a surety. Accordingly, it will not be discharged, nor will its liability be affected, by anything which would not discharge it or affect its liability if it were the sole principal obligor (including (1) any time, indulgence, waiver or consent at any time given to BP2F or any other person, (2) any amendment to any of the Conditions or to any security or other guarantee or indemnity, (3) the making or absence of any demand on BP2F or any other person for payment or performance of any other obligation in respect of any Note, (4) the enforcement or absence of enforcement of any Note or of any security or other guarantee or indemnity, (5) the release of any such security, guarantee or indemnity, (6) the dissolution, amalgamation, reconstruction or reorganisation of BP2F or any other person, or (7) the illegality, invalidity or unenforceability of or any defect in any provision of the Conditions, the Agency Agreement or any of BP2F's obligations under any of them).

### **5. BNPPF's Obligations Continuing**

BNPPF's obligations under this Guarantee are and will remain in full force and effect by way of continuing security until no sum remains payable and no other obligation remains to be performed under any Note. Furthermore, those obligations of BNPPF are additional to, and not instead of, any security or other guarantee or indemnity at any time existing in favour of any person, whether from BNPPF or otherwise. BNPPF irrevocably waives all notices and demands of any kind.

### **6. Discharge by BP2F**

If any payment received by, or other obligation discharged to or to the order of, any Noteholder is, on the subsequent bankruptcy or insolvency of BP2F, avoided under any laws relating to bankruptcy or insolvency, such payment or obligation will not be considered as having discharged or diminished the liability of BNPPF and this Deed of Guarantee will continue to apply as if such payment or obligation had at all times remained owing due by BP2F.

### **7. Indemnity**

As a separate and alternative stipulation, BNPPF unconditionally and irrevocably agrees:

- (a) that any sum or obligation which, although expressed to be payable or deliverable under the Notes, is for any reason (whether or not now existing and whether or not now known or becoming known to BP2F, BNPPF or any Noteholder) not recoverable from BNPPF on the basis of a guarantee will nevertheless be recoverable from it as if it were the sole principal obligor and will be paid or performed by it in favour of the Noteholder on demand; and
- (b) as a primary obligation to indemnify each Beneficiary against any loss suffered by it as a result of any sum or obligation expressed to be payable or deliverable under the Notes not being paid or performed by the time, on the date and otherwise in the manner specified in the Notes or any obligation of BP2F under the Notes being or becoming void, voidable or unenforceable for any reason (whether or not

now existing and whether or not known or becoming known to BP2F, BNPPF or any Beneficiary), in the case of a payment obligation the amount of that loss being the amount expressed to be payable by BP2F in respect of the relevant sum,

PROVIDED THAT the proviso to Clause 2 of this Guarantee shall apply mutatis mutandis to this Clause 7.

**8. Incorporation of Terms**

BNPPF agrees that it shall comply with and be bound by those provisions contained in the Conditions which relate to it.

**9. Deposit of Guarantee**

This Deed of Guarantee shall be deposited with and held by BNP Paribas Securities Services, Luxembourg for the benefit of the Beneficiaries.

**10. Demand on BNPPF**

Any demand hereunder shall be given in writing addressed to BNPPF served at its office at 1000 Brussels, Montagne du Parc 3. A demand so made shall be deemed to have been duly made five Brussels Business Days (as used herein, "**Brussels Business Day**" means a day (other than a Saturday or Sunday) on which banks are open for business in Brussels) after the day it was served or if it was served on a day that was not a Brussels Business Day or after 5.30 p.m. (Brussels time) on any day, the demand shall be deemed to be duly made five Brussels Business Days after the Brussels Business Day immediately following such day.

**11. Governing law**

This Deed of Guarantee and any non-contractual obligations arising out of or in connection herewith shall be governed by and construed in accordance with English law.

**12. Jurisdiction**

The courts of England shall have jurisdiction to settle any disputes which may, directly or indirectly, arise out of or in connection with this Guarantee including a dispute relating to any non-contractual obligations arising out of or in connection herewith (a "**Dispute**").

**13. Service of Process**

BNPPF hereby appoints BNP Paribas, London branch, currently of 10 Harewood Avenue, London, NW1 6AA (Attention: the Loan Administration Department) as its agent to receive service of process in England in any proceedings in England relating to this Guarantee. If for any reason such process agent ceases to act as such or no longer has an address in England, the Guarantor agrees to appoint a substitute process agent and to notify the Noteholders of such appointment. Nothing in this Guarantee shall affect the right to serve process in any other manner permitted by law.

**14. Contracts (Rights of Third Parties) Act 1999**

No rights are conferred on any person under the Contracts (Rights of Third Parties) Act 1999 to enforce any term of this Guarantee, but this does not affect any right or remedy of any person which exists or is available apart from that Act.

**THIS DEED OF GUARANTEE** is made by way of deed on 9 June 2015 by BNP Paribas Fortis SA/NV ("**BNPPF**") in favour of the holders for the time being of the Securities (as defined below) (each a "**Holder**").

### WHEREAS:

BNP Paribas Fortis Funding ("**BP2F**"), BNP Paribas Arbitrage Issuance B.V., BNP Paribas and BGL BNP Paribas have established a Note, Warrant and Certificate Programme (the "**Programme**") under which, *inter alia*, BP2F may from time to time issue *inter alia*, warrants and certificates governed by English law (the "**Securities**") of any kind including, but not limited to, Securities relating to a specified index or a basket of indices, a specified share, preference share, GDR or ADR or a basket of shares, GDRs and/or ADRs, a specified interest in an exchange traded instrument or basket of interests in exchange traded instruments, a specified debt instrument or basket of debt instruments, a specified debt futures or debt options contract or basket of debt futures or debt options contracts, a specified commodity or commodity index or basket of commodities and/or commodity indices, a specified inflation index or basket of inflation indices, a specified currency or basket of currencies, a specified fund share or unit or basket of fund shares or units, a specified underlying interest rate or basket of underlying interest rates or Credit Securities. BNPPF intends to guarantee the obligations of BP2F under the Securities issued by BP2F under the Programme.

The Securities may be issued pursuant to (a) an Amended and Restated Agency Agreement (the "**Agency Agreement**", which expression includes the same as it may be amended, supplemented or restated from time to time) dated on or around 9 June 2015 between, *inter alia*, BP2F, BNPPF, BNP Paribas Securities Services, Luxembourg Branch as agent and BNP Paribas Arbitrage S.N.C. as calculation agent or (b) any other agency or analogous agreement entered into by BNPPF, BP2F and/or the other Issuers from time to time.

Terms defined in the Terms and Conditions of the W&C Securities, as amended and/or supplemented by the applicable Final Terms (the "**Conditions**") and not otherwise defined in this Guarantee shall have the same meanings when used in this Guarantee.

In respect of all Securities issued on or after the date of this Guarantee, this Guarantee replaces the guarantee dated 5 June 2014 granted by the Guarantor in respect of Securities issued under the Programme.

**NOW THIS DEED WITNESSES** as follows:

### 1. Guarantee

Subject as provided below, BNPPF unconditionally and irrevocably guarantees by way of deed poll to each Holder that, if for any reason BP2F does not pay any sum payable by it or perform any other obligation in respect of any Security on the date specified for such payment or performance BNPPF will, in accordance with the Conditions pay that sum in the currency in which such payment is due in immediately available funds or, as the case may be, perform or procure the performance of the relevant obligation on the due date for such performance. In case of the failure of BP2F to satisfy such obligations as and when the same become due, BNPPF hereby undertakes to make or cause to be made such payment or satisfy or cause to be satisfied such obligations as though BNPPF were the principal obligor in respect of such obligation after a demand has been made on BNPPF pursuant to Clause 8 hereof PROVIDED THAT in the case of Securities other than Credit Securities (A) in the case of Physical Delivery Securities where BP2F has the obligation, pursuant to the terms and conditions of the relevant Security, to deliver the Entitlement, notwithstanding that BP2F had the right to vary settlement in respect of such Physical Delivery Securities in accordance with W&C Security Condition 5.3 and exercised such right or failed to exercise such right, BNPPF will have the right at its sole and unfettered discretion to elect not to deliver or procure delivery of the Entitlement to the Holders of such Physical Delivery Securities, but in lieu thereof, to make payment in respect of each such Physical Delivery

Securities of an amount equal to the Guaranteed Cash Settlement Amount (as defined in the Conditions) and (B) in the case of Securities where the obligations of BP2F which fall to be satisfied by BNPPF constitute the delivery of the Entitlement to the Holders, BNPPF will as soon as practicable following BP2F's failure to satisfy its obligations under such Securities deliver or procure delivery of such Entitlement using the method of delivery specified in the applicable Final Terms provided that, if in the opinion of BNPPF, delivery of the Entitlement using such method is not practicable by reason of (i) a Settlement Disruption Event (as defined in W&C Security Condition 5.1) or (ii) a Failure to Deliver due to Illiquidity (as defined in W&C Security Condition 5.2) (if "Failure to Deliver due to Illiquidity" is specified as applying in the applicable Final Terms), in lieu of such delivery BNPPF will make payment in respect of each such Security of, in the case of (i) above, the Guaranteed Cash Settlement Amount or, in the case of (ii) above, the Failure to Deliver Settlement Price (as defined in W&C Security Condition 15.2). Any payment of the Guaranteed Cash Settlement Amount or the Failure to Deliver Settlement Price, as the case may be, in respect of a Security shall constitute a complete discharge of BNPPF's obligations in respect of such Security.

This Guarantee constitutes direct, unconditional, irrevocable, unsubordinated and unsecured obligations of BNPPF and ranks *pari passu* (subject to mandatorily preferred debts under applicable laws) equally and rateably with all other present and future outstanding unsecured and unsubordinated obligations of BNPPF.

## **2. BNPPF as Principal Obligor**

As between BNPPF and the Holder of each Security but without affecting BP2F's obligations, BNPPF will be liable under this Guarantee as if it were the sole principal obligor and not merely a surety. Accordingly, it will not be discharged, nor will its liability be affected, by anything which would not discharge it or affect its liability if it were the sole principal obligor (including (1) any time, indulgence, waiver or consent at any time given to BP2F or any other person, (2) any amendment to any of the Conditions or to any security or other guarantee or indemnity, (3) the making or absence of any demand on BP2F or any other person for payment or performance of any other obligation in respect of any Security, (4) the enforcement or absence of enforcement of any Security or of any security or other guarantee or indemnity, (5) the release of any such security, guarantee or indemnity, (6) the dissolution, amalgamation, reconstruction or reorganisation of BP2F or any other person, or (7) the illegality, invalidity or unenforceability of or any defect in any provision of the Conditions, the Agency Agreement or any of BP2F's obligations under any of them).

## **3. BNPPF's Obligations Continuing**

BNPPF's obligations under this Guarantee are and will remain in full force and effect by way of continuing security until no sum remains payable and no other obligation remains to be performed under any Security (in the case where the relevant Security is a Warrant, subject to its exercise). Furthermore, those obligations of BNPPF are additional to, and not instead of, any security or other guarantee or indemnity at any time existing in favour of any person, whether from BNPPF or otherwise. BNPPF irrevocably waives all notices and demands of any kind.

## **4. Discharge by BP2F**

If any payment received by, or other obligation discharged to or to the order of, the Holder of any Security is, on the subsequent bankruptcy or insolvency of BP2F, avoided under any laws relating to bankruptcy or insolvency, such payment or obligation will not be considered as having discharged or diminished the liability of BNPPF and this Guarantee will continue to apply as if such payment or obligation had at all times remained owing due by BP2F.

**5. Indemnity**

As a separate and alternative stipulation, BNPPF unconditionally and irrevocably agrees (1) that any sum or obligation which, although expressed to be payable or deliverable under the Securities, is for any reason (whether or not now existing and whether or not now known or becoming known to BP2F, BNPPF or any Holder) not recoverable from BNPPF on the basis of a guarantee will nevertheless be recoverable from it as if it were the sole principal obligor and will be paid or performed by it in favour of the Holder on demand and (2) as a primary obligation to indemnify each Holder against any loss suffered by it as a result of any sum or obligation expressed to be payable or deliverable under the Securities not being paid or performed by the time, on the date and otherwise in the manner specified in the Securities or any obligation of BP2F under the Securities being or becoming void, voidable or unenforceable for any reason (whether or not now existing and whether or not known or becoming known to BP2F, BNPPF or any Holder), in the case of a payment obligation the amount of that loss being the amount expressed to be payable by BP2F in respect of the relevant sum, PROVIDED THAT the proviso to Clause 1 of this Guarantee shall apply mutatis mutandis to this Clause 5.

**6. Incorporation of Terms**

BNPPF agrees that it shall comply with and be bound by those provisions contained in the Conditions which relate to it.

**7. Deposit of Guarantee**

This Guarantee shall be deposited with and held by BNP Paribas Securities Services, Luxembourg for the benefit of the Holders.

**8. Demand on BNPPF**

Any demand hereunder shall be given in writing addressed to BNPPF served at its office at 1000 Brussels, Montagne du Parc 3. A demand so made shall be deemed to have been duly made five Brussels Business Days (as used herein, "**Brussels Business Day**" means a day (other than a Saturday or Sunday) on which banks are open for business in Brussels) after the day it was served or if it was served on a day that was not a Brussels Business Day or after 5.30 p.m. (Brussels time) on any day, the demand shall be deemed to be duly made five Brussels Business Days after the Brussels Business Day immediately following such day.

**9. Governing law**

This Guarantee and any non-contractual obligations arising out of or in connection herewith shall be governed by and construed in accordance with English law.

**10. Jurisdiction**

The courts of England shall have jurisdiction to settle any disputes which may, directly or indirectly, arise out of or in connection with this Guarantee including a dispute relating to any non-contractual obligations arising out of or in connection herewith.

**11. Service of Process**

BNPPF hereby appoints BNP Paribas, London branch, currently of 10 Harewood Avenue, London NW1 6AA (Attention: Loan Administration Department), as its agent in England to receive service of process in England in any proceedings in England relating to this Guarantee. If for any reason such process agent ceases to act as such or no longer has an address in England, the Guarantor agrees to appoint a substitute process agent and to

notify the Holders of English Law Securities of such appointment. Nothing in this Guarantee shall affect the right to serve process in any other manner permitted by law.

**12. Contracts (Rights of Third Parties) Act 1999**

No rights are conferred on any person under the Contracts (Rights of Third Parties) Act 1999 to enforce any term of this Guarantee, but this does not affect any right or remedy of any person which exists or is available from that Act.

## FORM OF THE NOTES

The Notes of each Series will be in either bearer form, with or without interest Coupons attached, or registered form, without Coupons attached. Notes will be issued only outside the United States to persons that are not (i) a "U.S. person" as defined in Regulation S under the Securities Act ("**Regulation S**"); or (ii) a person other than a "Non-United States person" as defined in Rule 4.7 under the United States Commodity Exchange Act, as amended (the "**Commodity Exchange Act**"); or (iii) a "U.S. person" as defined in the Interpretive Guidance and Policy Statement Regarding Compliance with Certain Swap Regulations promulgated by the Commodity Futures Trading Commission (the "**CFTC**"); or (iv) any other "U.S. person" as such term may be defined in Regulation S or in regulations or guidance adopted under the Commodity Exchange Act (each such person, a "**U.S. person**").

### **Bearer Notes**

Each Tranche of Bearer Notes will be initially issued in the form of a temporary bearer global note (a "**Temporary Bearer Global Note**") which will (i) if the Global Notes are not intended to be issued in NGN Form, as stated in the applicable Final Terms, be delivered on or prior to the original issue date of the Tranche to a common depository (the "**Common Depository**") for Euroclear and Clearstream, Luxembourg (in the case of Notes cleared through Euroclear and Clearstream, Luxembourg) or to a sub-custodian nominated by the HKMA as operator of the CMU (in the case of Notes to be cleared through the CMU), and (ii) if the Global Notes are intended to be issued in NGN form, as stated in the applicable Final Terms, be delivered on or prior to the original issue date of the Tranche to a Common Safekeeper for Euroclear and Clearstream, Luxembourg.

Where the Global Notes issued in respect of any Tranche are in NGN form, the applicable Final Terms will also indicate whether such Global Notes are intended to be held in a manner which would allow Eurosystem eligibility. Any indication that the Global Notes are to be so held does not necessarily mean that the Notes of the relevant Tranche will be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem either upon issue or at any times during their life as such recognition depends upon satisfaction of the Eurosystem eligibility criteria. The Common Safekeeper for NGNs will either be Euroclear or Clearstream, Luxembourg or another entity approved by Euroclear and Clearstream, Luxembourg, as indicated in the applicable Final Terms.

Whilst any Bearer Note is represented by a Temporary Bearer Global Note, payments of principal, interest (if any) and any other amount payable in respect of the Notes due prior to the Exchange Date (as defined below) will be made (against presentation of the Temporary Bearer Global Note if the Temporary Bearer Global Note is not intended to be issued in NGN form) only to the extent that certification (in a form to be provided) to the effect that the beneficial owners of interests in such Bearer Note are not U.S. persons or persons who have purchased for resale to any U.S. person, as required by U.S. Treasury regulations, has been received by Euroclear and/or Clearstream, Luxembourg, as applicable, has given a like certification (based on the certifications it has received) to the Principal Paying Agent (in the case of Notes cleared through Euroclear and/or Clearstream, Luxembourg) or received by the CMU Lodging Agent (in the case of Notes cleared through the CMU).

On and after the date (the "**Exchange Date**") which is 40 days after a Temporary Bearer Global Note is issued, interests in such Temporary Bearer Global Note will be exchangeable (free of charge) upon a request as described therein either for (i) interests in a permanent bearer global note (a "**Permanent Bearer Global Note**") of the same Series or (ii) for definitive Bearer Notes of the same Series with, where applicable, Receipts, Coupons and Talons attached (as indicated in the applicable Final Terms and subject, in the case of definitive Bearer Notes, to such notice period as is specified in the applicable Final Terms), in each case against certification of beneficial ownership as described above unless such certification has already been given, provided that purchasers in the United States and certain U.S. persons will not be able to receive definitive Bearer Notes. The holder of a Temporary Bearer Global Note will not be entitled to collect any payment of interest, principal or other amount due on or after the Exchange Date unless, upon due certification, exchange of the Temporary Bearer Global Note for an interest in a Permanent Bearer Global Note or for definitive Bearer Notes is improperly withheld or refused. Notwithstanding the foregoing, if the Temporary Bearer Global Note

is held by or on behalf of the HKMA as operator of the CMU, the CMU may require that exchange for interests in the Permanent Bearer Global Note is made in whole but not in part and, in such event, no such exchange will be effected until all persons appearing in the records of the CMU as entitled to an interest in the Temporary Bearer Global Note have been so certified.

Payments of principal, interest (if any) or any other amounts on a Permanent Bearer Global Note will be made through Euroclear and/or Clearstream, Luxembourg (against presentation or surrender (as the case may be) of the Permanent Bearer Global Note if the Permanent Bearer Global Note is not intended to be issued in NGN form) without any requirement for certification.

The applicable Final Terms will specify that a Permanent Bearer Global Note will be exchangeable (free of charge), in whole but not in part, for definitive Bearer Notes with, where applicable, Receipts, Coupons and Talons attached upon either (i) not less than 60 days' written notice from Euroclear and/or Clearstream, Luxembourg (acting on the instructions of any holder of an interest in such Permanent Bearer Global Note) to the Principal Paying Agent as described therein (in the case of Notes cleared through Euroclear and/or Clearstream, Luxembourg) or not less than 60 days' written notice received from the holder of an interest in such Permanent Bearer Global Note by the CMU Lodging Agent (in the case of Notes cleared through the CMU), or (ii) only upon the occurrence of an Exchange Event. For these purposes, "**Exchange Event**" means that (i) an Event of Default (as defined in Condition 8) has occurred and is continuing, (ii) the relevant Issuer has been notified that both Euroclear and Clearstream, Luxembourg (in the case of Notes cleared through Euroclear and/or Clearstream, Luxembourg) or the CMU (in the case of Notes cleared through the CMU) have been closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or have announced an intention permanently to cease business or have in fact done so and no successor clearing system is available or (iii) the relevant Issuer has or will become subject to adverse tax consequences which would not be suffered were the Notes represented by the Permanent Bearer Global Note in definitive form. The relevant Issuer will promptly give notice to Noteholders in accordance with Condition 16 if an Exchange Event occurs. In the event of the occurrence of an Exchange Event, Euroclear and/or Clearstream, Luxembourg (acting on the instructions of any holder of an interest in such Permanent Bearer Global Note) may give notice to the Principal Paying Agent (in the case of Notes cleared through Euroclear and/or Clearstream, Luxembourg) or any holder of an interest in such Permanent Bearer Global Note may give notice to the CMU Lodging Agent (in the case of Notes cleared through the CMU) requesting exchange and, in the event of the occurrence of an Exchange Event as described in (iii) above, the relevant Issuer may also give notice to the Principal Paying Agent or the CMU Lodging Agent, as the case may be, requesting exchange. Any such exchange shall occur not later than 45 days after the date of receipt of the first relevant notice by the Principal Paying Agent or the CMU Lodging Agent, as the case may be. If the Global Note is a NGN, the relevant Issuer shall procure that details of such exchange be entered pro rata in the records of the relevant clearing system.

In the event that the Permanent Bearer Global Note is exchanged for definitive Bearer Notes, such definitive Bearer Notes shall be issued in the minimum Specified Denomination only. Noteholders who hold Notes in the relevant clearing system in amounts that are not integral multiples of the Specified Denomination may need to purchase or sell, on or before the Exchange Date, a principal amount of Notes such that their holding is an integral multiple of the Specified Denomination.

The following legend will appear on all Permanent Bearer Global Notes and definitive Bearer Notes, receipts and interest coupons relating to such Notes where TEFRA D is specified in the applicable Final Terms:

**"ANY UNITED STATES PERSON WHO HOLDS THIS OBLIGATION WILL BE SUBJECT TO LIMITATIONS UNDER THE UNITED STATES INCOME TAX LAWS, INCLUDING THE LIMITATIONS PROVIDED IN SECTIONS 165(j) AND 1287(a) OF THE INTERNAL REVENUE CODE."**

The sections referred to provide that United States holders, with certain exceptions, will not be entitled to deduct any loss on Bearer Notes, Receipts or Coupons and will not be entitled to capital gains treatment of any gain on any sale, disposition, redemption or payment of principal in respect of such Notes, receipts or interest coupons.

Notes which are represented by a Bearer Global Note will only be transferable in accordance with the rules and procedures for the time being of Euroclear or Clearstream, Luxembourg or the CMU, as the case may be.

### **Italian Dematerialised Notes**

If the Notes are specified in the applicable Final Terms as Italian Dematerialised Notes, the Notes are issued in bearer form (*al portatore*) and under the dematerialised regime, pursuant to the Italian legislative decree no. 58/1998 as amended and integrated by subsequent implementing provisions, and the relevant implementing regulations and are registered in the books of Monte Titoli S.p.A. with registered office in Piazza degli Affari 6, Milan ("**Monte Titoli**"). No physical document of title is issued to represent the Italian Dematerialised Notes. However, the holder of the Italian Dematerialised Notes still has the right to obtain the release of the certificate pursuant to articles 83-quinquies and 83-novies, paragraph 1, letter b), of the Italian legislative decree no. 58/1998 as amended and integrated by subsequent implementing provisions.

The transfer of Italian Dematerialised Notes operates by way of registration on the accounts opened with Monte Titoli by the intermediaries adhering to the clearing system. As a consequence, the subject who from time to time is the owner of the account held with an intermediary adhering, directly or indirectly, to Monte Titoli, on which the Italian Dematerialised Notes are credited, is considered as the legitimate owner of the Italian Dematerialised Notes and is authorised to exercise all rights related to them.

Payments of principal and interest (if any) in respect of the Italian Dematerialised Notes will be credited, according to the instructions of Monte Titoli, by the Italian Agent on behalf of the relevant Issuer or Guarantor to the accounts of those intermediaries adhering to the clearing system whose accounts with Monte Titoli are credited with those Italian Dematerialised Notes and thereafter credited by intermediaries adhering to the clearing system from such aforementioned accounts to the accounts of the beneficial owners of those Italian Dematerialised Notes.

### **Registered Notes**

The Registered Notes of each Tranche offered and sold in reliance on Regulation S, which will be sold to non-U.S. persons outside the United States only, will initially be represented by a global note in registered form, without Receipts or Coupons, (a "**Registered Global Note**") which will be deposited with a common depositary for, and registered in the name of a common nominee of, Euroclear and Clearstream, Luxembourg (in the case of Notes cleared through Euroclear and/or Clearstream, Luxembourg) or deposited with a sub-custodian nominated by the HKMA as operator of the CMU and registered in the name of the HKMA in its capacity as operator of the CMU (in the case of Notes cleared through the CMU). Prior to expiry of the distribution compliance period (as defined in Regulation S) applicable to each Tranche of the Notes, beneficial interests in a Registered Global Note may not be offered or sold to, or for the account or benefit of, a U.S. person save as otherwise provided in Condition 1.2 and such Registered Global Note will bear a legend regarding such restrictions on transfer.

Persons holding beneficial interests in Registered Global Notes will be entitled or required, as the case may be, under the circumstances described below, to receive physical delivery of definitive Notes in fully registered form.

Payments of principal, interest and any other amount in respect of the Registered Global Notes will, in the absence of provision to the contrary, be made to the persons shown on the Register (as defined in Condition 1.1) as the registered holder of the Registered Global Notes. None of the Issuer, the Guarantor (if applicable), any Paying Agent or the Registrar will have any responsibility or liability for any aspect of the records relating to or payments or deliveries made on account of beneficial ownership interests in the Registered Global Notes or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

Payments of principal, interest or any other amount in respect of the Registered Notes in definitive form will, in the absence of provision to the contrary, be made to the persons shown on the Register on the relevant Record Date (as defined in Condition 4) immediately preceding the due date for payment in the manner provided in that Condition.

Interests in a Registered Global Note will be exchangeable (free of charge), in whole but not in part, for definitive Registered Notes without Receipts, Coupons or Talons attached only upon the occurrence of an Exchange Event. For these purposes, "**Exchange Event**" means that (i) an Event of Default has occurred and is continuing, (ii) the relevant Issuer has been notified that both Euroclear and Clearstream, Luxembourg (in the case of Notes cleared through Euroclear and/or Clearstream, Luxembourg) or the CMU (in the case of Notes cleared through the CMU) have been closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or have announced an intention permanently to cease business or have in fact done so and, in any such case, no successor clearing system is available or (iii) the relevant Issuer has or will become subject to adverse tax consequences which would not be suffered were the Notes represented by the Registered Global Note in definitive form. The relevant Issuer will promptly give notice to Noteholders in accordance with Condition 16 if an Exchange Event occurs. In the event of the occurrence of an Exchange Event, Euroclear and/or Clearstream, Luxembourg or the CMU (acting on the instructions of any holder of an interest in such Registered Global Note) may give notice to the Registrar requesting exchange and, in the event of the occurrence of an Exchange Event as described in (iii) above, the relevant Issuer may also give notice to the Registrar requesting exchange. Any such exchange shall occur not later than ten days after the date of receipt of the first relevant notice by the Registrar.

No beneficial owner of an interest in a Registered Global Note will be able to transfer such interest, except in accordance with the applicable procedures of Euroclear and Clearstream, Luxembourg or the CMU, in each case to the extent applicable.

#### **Applicable Final Terms**

The Final Terms will contain the information items permitted under Article 22.4 of Commission Regulation (EC) No 809/2004 (the "Prospectus Regulation").

#### **4. The businesses of BNPPF**

The major changes in the consolidation scope of BNPPF during 2014 were related to foreign branch acquisitions and closures and the transfer of specialised finance activities from BNP Paribas Group. Changes in the BNPPF consolidation perimeter comprised, *inter alia*:

- Transfer of loans relating to Specialised Finance (SF), which began in 2013, continued during the first quarter of 2014 and was finalised by 31 March 2014.
- Disposal of the Frankfurt branch activities. All assets and liabilities of the BNP Paribas Fortis branch in Germany (Frankfurt) (except for its participation in Von Essen Bank) were transferred to the German branch of BNP Paribas.
- Creation of a branch in Finland to enhance the Corporate and Institutional Banking offering to existing clients and prospective clients in Finland.
- Initial Public Offering (IPO) in BNP Paribas Polska. The Polish regulatory authority (KNF) requested BNP Paribas Fortis to increase the free-float equity in BNP Paribas Polska from a level of 0.11% to 15% of the capital. Following the approval by an Extraordinary General Shareholders' meeting on 7 April 2014 for a capital increase of PLN 228.5 million, an IPO took place during April and May. As a consequence of the IPO, the total voting rights held by BNP Paribas Fortis in BNP Paribas Polska were reduced from 99.89% to 85.00%.
- Squeeze-out operation at TEB. As of 14 November 2014, the purchase of one share by BNP Paribas Fortis Yatırımlar Holding A.Ş. entitled the controlling shareholders to launch a squeeze-out procedure in accordance with the applicable law and regulation and it was agreed that BNP Paribas Fortis Yatırımlar Holding A.Ş. would be the acquiring entity. The procedure includes the first a 'right to sell' for minority shareholders followed by a 'squeeze-out' by the controlling shareholders. The minority shareholders' 'right to sell' expired on 17 February 2015 and the 'squeeze-out' is expected to be finalised during the first half of 2015.

#### *Key developments in 2014*

2014 was marked by extremely low interest rates, due to the European Central Bank's monetary policy. This in turn led to reductions in the yield on savings accounts. At the same time, these low rates prompted large numbers of borrowers to request refinancing of their existing mortgage loans. Demand for mortgages strengthened in the second half of the year following an announced revision of the tax rules in Flanders from 2015, entailing less favourable conditions for borrowers. Consumer credit also saw steady growth, boosted by good car financing results due to the Auto Fair. Meanwhile the account packages for Individual Clients were re-worked in order to meet their changing needs.

RPB has been putting considerable efforts into the rollout of an 'omni-channel' strategy. 2014 saw increasing use of PC banking and the Easy banking mobile app passed the milestone of a million downloads towards the end of the year. The offer range of Hello bank!, the mobile bank launched in 2013, was further expanded with, inter alia, a prepaid card, credit card and access to consumer loans.

Given the low yields on savings accounts, the 'Flexinvest' savings formula – an automated fund investment programme – proved highly popular with clients. Other new investment instruments were also created. For example, clients in Belgium were offered the chance to subscribe for the first-ever stock index-linked 'Green Growth Bond' issued by the World Bank. This issuance further boosted the volume of the Bank's Socially Responsible Investments (SRI).

#### • **BGL BNP Paribas SA**

BGL BNP Paribas Retail and Corporate Banking in Luxembourg provides a broad range of financial products and services to individual, professional and corporate clients through its network of 40 branches, plus an online branch and the specialised departments and units dedicated to serving corporates.

BGL BNP Paribas is the number two bank in the Grand Duchy of Luxembourg for individual customers, with 172,000 clients, representing a 16% market share. It is also the number one bank for corporates, with 35,500 clients, equivalent to a 29% share of the market. In addition, the five BGL BNP Paribas Wealth Management Centres, which are attached to the branch network, provide Private Banking services to clients resident in Luxembourg. Direct Banking was founded in 2014 to combine all remote banking activities, including NetAgence for routine business and Personal Investors for online investment advice.

During the year BGL BNP Paribas continued with the A<sup>3</sup> (Activation, Acquisition, Attention) programme designed to develop and strengthen customer relationships. The Bank also pursued a plan to transform and expand its network of branches and ATMs. With a strong emphasis on customer care, the plan is intended to strengthen the multichannel model.

Regarding products and services, BGL BNP Paribas launched in April its new range of World MasterCard premium credit cards; an end-to-end insurance and assistance solution combined with the Premium Benefits

loyalty programme; and a new themed range of funds in partnership with BNP Paribas Investment Partners. BGL BNP Paribas now has a comprehensive offer range designed to meet customers' changing needs.

Business Banking is aiming to become the leader in Luxembourg and in Europe for treasury and cash management. At the beginning of 2014, BGL BNP Paribas launched notional multicurrency pooling with netted balances. Designed for international companies, this cutting-edge solution expands the range of cash management products and services.

- **BNP Paribas Bank Polska SA**

BNP Paribas Bank Polska SA provides retail and corporate banking services in Poland. The Bank is structured around three major business lines: Retail Banking (including Private Banking and services to SMEs), Personal Finance, and Corporate & Transaction Banking.

BNP Paribas Bank Polska has a network of 221 retail banking branches and 9 Business Centres servicing corporate clients, with over 420,000 customers.

In a market characterised by intense competition, BNP Paribas Bank Polska continued its growth strategy in 2014, with a focus on gradual and sustainable increase in profitability, maintaining a prudent risk profile. During the year BNP Paribas Bank Polska acquired some 87,000 new customers.

The effects of recent optimisation programmes combined with continuous cost control enabled the Bank to limit the growth of expenditure, despite investing in business growth and implementation projects such as digital banking. A prudent risk management policy enabled BNP Paribas Bank Polska to maintain a low cost of risk and continue to improve the quality of the loan portfolio.

BNP Paribas Bank Polska saw continued progress on strategy implementation across the Business Lines in 2014. Meanwhile BNP Paribas Bank Polska maintained solid capital and liquidity positions, boosted by the issue of new shares. In May BNP Paribas Bank Polska carried out a public stock offering, increasing the free float to 15% and raising PLN 218.7 million.

On 30 April 2015, following the relevant entry in the National Court Register, the merger of BNP Paribas Bank Polska S.A. with Bank BGŻ S.A. was finalised. From that day forward, the bank is operating under the new name "Bank BGŻ BNP Paribas". In the new shareholding structure, BNPPF holds 28.35% of the shares of Bank BGŻ BNP Paribas and BNP Paribas SA 59.98%, with the remainder free float.

- **TEB**

BNPPF operates in Turkey through TEB, in which it holds a 45.76% stake. TEB ranks 10th in the country's banking sector in terms of market share in loans and deposits, and provides the full range of BNP Paribas Group Retail products and services in Turkey.

In Retail Banking, TEB provides debit and credit cards, mortgage loans, personal loans, and investment and insurance products, which are distributed through 551 branches and via Internet, phone and mobile banking.

Through its commercial and small business banking departments, TEB offers a full range of banking services to small and medium-sized enterprises and is also recognised as having strong expertise in non-financial services.

Corporate Banking services include international trade finance, asset and cash management, credit services, hedging of currency, interest and commodity risk, plus factoring and leasing.

Having set a highly successful example for a merger in the Turkish market, TEB continues to grow. Throughout 2014, TEB achieved a highly satisfactory performance in both revenue generation and profitability, despite the unfavourable conditions in the banking sector in Turkey.

(ii) **Corporate & Public Banking Belgium and Corporate & Institutional Banking**

**Corporate & Public Banking Belgium (CPBB)** offers a comprehensive range of local and international financial services to Belgian enterprises, public entities and local authorities. The offering includes domestic banking products, specialist financial skills, and securities, insurance and real estate services. Skills include specialist ones such as trade services, cash management, factoring and leasing, as well as M&A and capital markets.

A central team of corporate bankers, relationship managers and skills officers ensure that BNPPF stays close to the market. This team, combined with the European network of business centres managed within CIB, enables BNPPF to offer unified commercial management to its Belgian clients locally and abroad.

In 2014, CPBB continued its efforts to remain the ‘top of mind’ provider of financial services to its clients, building further on its long-term relationships and striving to obtain a better grasp of the strategic priorities and long-term objectives of each client. As the financier *par excellence* of the real economy, CPBB remained well-placed to meet the borrowing needs of these clients in a fully risk-aware manner.

As corporate customers also now have greater expectations for digital interaction with their financial service providers, CPBB accelerated its programme for enhanced offerings of digital services. Moreover, CPBB began in 2014 to segment its client base more deeply in order to optimise its relationship banking model. CPBB will approach each client segment through an appropriate mix of multiple channels.

Determined to live up to its status as a full-service banking partner and also to seek new sources of revenue at a time of weak economic growth, CPBB continued in 2014 a number of innovation initiatives, including a platform for employees where innovative ideas around specific campaigns can be posted, evaluated and taken forward. Meanwhile ‘Innovation Hubs’ have been set up at eight CPBB business centres in order to support clients who are active in innovative sectors, through an adapted service offering, specialised relationship managers and credit officers. The initiatives at CPBB also led to a bank-wide decision to create new unit, called the Home for Innovation, to develop innovative solutions to meet the challenges of a fast-changing world.

CPBB also strove to reinforce its role as a strategic partner to company clients in terms of their day-to-day needs, and cement closer relations. CPBB succeeded in maintaining high marks for client satisfaction while working to improve performance in a number of areas, such as making more frequent proactive visits to companies where BNP Paribas Fortis is not the main banking partner.

The fund-of-funds portfolio with an international scope is currently being run down.

## 5. BNPPF 2014 Financial Results

The analyses below focus on underlying business performance and exclude the following non-business-related items: impacts of scope changes, evolution of foreign exchange rates and credit spreads, and 2013 impairment on our asset management participation.

**Revenues** totalled EUR 7,011 million, up 4.3%<sup>2</sup> compared to 2013. The underlying increase was mainly supported by a good commercial performance in Belgium, a strong performance in Turkey and good results at Personal Finance. These improved results more than offset the lower revenues in Luxembourg.

- In Belgian Retail Banking, revenues grew by 4.4%<sup>2</sup>, mainly driven by an increase in interest revenues. Interest income benefited from a 2.1% growth in loans (mainly mortgages and loans to SMEs) and a 5.1% growth in deposits. Higher upfront refinancing fees on mortgage loans and a positive result on the interest rate position of the ALM, which benefited from decreasing interest rates, also contributed to boost revenues.
- The 18%<sup>2</sup> increase in revenue in Turkey was driven by strong volume growth in both loans and deposits.
- Interest revenues at Personal Finance also benefited from strong production growth.

**Costs** amounted to EUR 4,511 million, a slight rise of 1.4%<sup>2</sup> compared to 2013.

---

<sup>2</sup> Excluding non-business-related items.

- In Belgium, costs slightly decreased, illustrating the good cost control efforts through BNPPF for the Future programme and despite a EUR 65 million increase in Belgian banking taxes and levies. In 2014, BNP Paribas Fortis paid EUR 227 million in banking taxes and levies, including BNPPF's contribution to the Deposit Guarantee Scheme (DGS), the Financial Stability Contribution (FSC) and a regular and additional tax on saving deposits.
- In Turkey and Germany, costs increased in line with our growth ambitions.

As a result, **gross operating income** was up 10%<sup>2</sup> at EUR 2,500 million.

**Cost of risk** was down 47%<sup>2</sup>, at EUR 283 million (18 basis points of outstanding customers loans), confirming the low level observed during the year and reflecting the good risk control.

**Share of Earnings of Associates** was down 29%<sup>2</sup>, at EUR 150 million, despite a higher contribution from AG Insurance and mainly due to lower results in Leasing entities operating in Italy and India. The contribution from BNP Paribas Investment Partners was also lower in 2014 as the 2013 figure had recorded a non-recurrent result.

**Income tax** expenses in 2014 amounted to EUR 701 million.

BNP Paribas Fortis generated EUR 1,246 million in **net profit attributable to shareholders** in 2014, up 15%<sup>2</sup> compared to 2013.

The BNP Paribas Fortis **balance sheet total** amounted to EUR 275 billion at the end of 2014, EUR 19 billion or 7% higher than at the end of 2013<sup>3</sup>. The growth mainly resulted from strong growth in customer loans and deposits in Belgium and Turkey and the impact of a change in the reporting of the cash pooling activity at the branch in the Netherlands.

From a geographical point of view – based on the location of the BNP Paribas Fortis companies – 65% of the assets are located in Belgium, 8% in Luxembourg and 27% in other countries (of which 9% in Turkey).

BNPPF's **solvency** remained strong. At 31 December 2014, BNP Paribas Fortis' fully loaded Basel 3 Common Equity Tier 1 ratio was 11.9% and the phased-in Basel 3 Common Equity Tier 1 ratio stood at 14.5%.

**Liquidity** remained good, with a Liquidity Coverage Ratio (LCR) of 131%<sup>4</sup>, customer deposits<sup>5</sup> standing at EUR 167 billion and customer loans at EUR 161 billion at 31 December 2014.

The BNP Paribas Fortis Board of Directors proposed at the Annual General Meeting of shareholders held on 23 April 2015 that a **dividend** of EUR 2.58 per share be distributed, payment to be made in cash.

It monitors the follow-up that management gives to the internal audit's recommendations and takes part in the external quality assessment of the internal audit department organized at least once every five years and concurs in the appointment or dismissal of the general auditor.

*External audit.* The audit committee monitors the work performed by the statutory auditors, reviews their audit plan, formally evaluates their performance at least once every three (3) years against stated criteria and makes recommendations to the Board of Directors regarding their appointment or reappointment, mandate renewal and remuneration. The audit committee follows up on questions or recommendations of the statutory

auditors. The audit committee also monitors the independence of statutory auditors, including the review and approval of non-audit services provided to BNPPF.

### **Risk committee**

In accordance with the Belgian Banking Law, BNPPF is required to set up a separate risk committee to assist the board of directors with risk (related) matters.

### **Role and responsibilities**

*In general.* The risk committee shall, upon request of the board of directors, assist (and make recommendations to) the board of directors in all risk (related) matters.

*Special competences.* Several special competences of the risk committee are set forth in the Belgian Banking Law and are listed herewith: (i) risk tolerance, (ii) price setting and (iii) remuneration policy.

*Risk tolerance.* The risk committee shall review and make recommendations to the board of directors regarding (i) the risk tolerance of BNPPF and (ii) the risk strategy and risk management designed to guarantee the compliance of the risk taking of BNPPF with the risk tolerance. The risk committee assists the board of directors in its monitoring of the execution of the risk strategy by the executive board.

*Price setting.* The risk committee monitors that the price setting of the products sold and positions taken by BNPPF (both on- and off-balance) takes into account the risks (including reputational risks) BNPPF is taking by selling these products and taking these positions, in light of the business plan of BNPPF.

*Remuneration policy.* The risk committee monitors the features of the remuneration policy of BNPPF in order to verify that the reward incentives do not jeopardize the sound risk management, the own funds requirements, the liquidity requirements or the probability and recurrence of the profits of BNPPF.

### **Corporate governance**

BNPPF generally complies with the principles and provisions of the Belgian corporate governance code of 2009 (the "**Code**"). Main differences relate to Principle 8 (*Dialogue with shareholders*). The fact that BNPPF is not able to comply with all of the provisions of Principle 8 of the Code relates to the ownership of BNPPF. On the one hand the 'free float' is limited to 0.07% of the issued shares while, on the other hand, is the fact of BNPPF's commercial and operational integration within its controlling shareholder, BNP Paribas SA, which holds 99.93% of the issued shares. Nevertheless, BNPPF constantly communicates with its various stakeholders through its website and other media.

## **7. General**

The basis for any statements in this Base Prospectus made by BNPPF regarding its competitive position originate from BNPPF's evaluation of market trends and should generally reflect market views.

The business address of all members of the Board of Directors of BNPPF is Rue Royale 20, B-1000 Brussels, Belgium.

## **8. Trend information**

### **Macro-economic environment.**

Market and macroeconomic conditions affect BNPPF's results. The nature of BNPPF's business makes it particularly sensitive to market and macroeconomic conditions in Europe, which have been difficult and volatile in recent years.

In 2014, the global economy continued its slow recovery but there remain uncertainties, in particular in Europe where the economic performance during the second half of 2014 was weaker than expected. IMF and OECD<sup>6</sup> economic forecasts for 2015 indicate a continuation of moderate growth in developed economies but with differences between countries, including in the euro-zone, where growth is forecast to be weak in certain countries (including France and Italy). The forecast is similar for emerging markets (i.e., moderate growth but with areas of weakness). Short term risks to macroeconomic growth highlighted by the IMF include heightened geopolitical tensions and increased financial market volatility; medium-term risks highlighted include weak economic growth or stagnation in developed countries. Deflation remains a risk in the euro-zone, although the risk has been reduced through the ECB's announcement of non-conventional policy measures.

### **Laws and Regulations Applicable to Financial Institutions.**

Laws and regulations applicable to financial institutions that have an impact on BNPPF have significantly evolved in the wake of the global financial crisis. The measures that have been proposed and/or adopted in recent years include more stringent capital and liquidity requirements (particularly for large global banking groups such as the BNP Paribas Group), taxes on financial transactions, restrictions and taxes on employee compensation, limits on the types of activities that commercial banks can undertake and ring-fencing or even prohibition of certain activities considered as speculative within separate subsidiaries, restrictions on certain types of financial products, increased internal control and reporting requirements, more stringent conduct of business rules, mandatory clearing and reporting of derivative transactions, requirements to mitigate risks in relation to over-the-counter derivative transactions and the creation of new and strengthened regulatory bodies. The measures that were recently adopted, or in some cases proposed and still under discussion, that have or are likely to affect BNPPF, include in particular the EU Directive and Regulation on prudential requirements "CRD IV" dated 26 June 2013 and many of whose provisions have been applicable since 1 January 2014; the proposals of technical regulatory and execution rules relating to the Directive and Regulation CRD IV published by the EBA; the Belgian Banking Law replacing the previous law of 1993 and introducing important changes; the Belgian Royal Decrees dated 22 February 2015 determining the entry into force of the Belgian Banking Law provisions relating to resolution (including the establishment of a Belgian Resolution Authority) and creating two preferential rights on the bank's moveables; the public consultation for the reform of the structure of the EU banking sector of 2013 and the European Commission's proposed regulation on structural measures designed to improve the strength of EU credit institutions of 29 January 2014; the proposal for a regulation on indices used as benchmarks in financial instruments and financial contracts; the European Single Supervisory Mechanism; the European Single Resolution Mechanism dated 15 July 2014 and the European Directive on Bank Recovery and Resolution dated 15 May 2014; the European Directive on Revised Deposit Guarantee Schemes dated 16 April 2014; the final rule for the regulation of foreign banks imposing certain liquidity, capital and other prudential requirements adopted by the U.S. Federal Reserve; the proposal of the U.S. Federal Reserve relating to liquidity ratios of large banks; and the "Volcker" Rule imposing certain restrictions on investments in or sponsorship of hedge funds and private equity funds and proprietary trading activities (of U.S. banks and to some extent non-U.S. banks) that was recently adopted by the U.S. regulatory authorities. More generally, regulators and legislators in any country may, at any time, implement new or different measures that could have a significant impact on the financial system in general or BNPPF in particular.

## BOOK-ENTRY CLEARANCE SYSTEMS

The information set out below is subject to any change in or reinterpretation of the rules, regulations and procedures of DTC, Clearstream, Luxembourg, Euroclear, Euroclear France, Clearstream, Frankfurt, Iberclear or Monte Titoli (together, the "**Clearing Systems**") currently in effect and subject as provided in the applicable Final Terms. Investors wishing to use the facilities of any of the Clearing Systems are advised to confirm the continued applicability of the rules, regulations and procedures of the relevant Clearing System. None of BNPP B.V., BNPP, BP2F, BNPPF, BGL or any agent party to the Note Agency Agreement or Agency Agreement will have any responsibility or liability for any aspect of the records relating to or payments or deliveries made on account of beneficial ownership interests in the Securities held through the facilities of any Clearing System or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

## BOOK-ENTRY SYSTEMS

### *DTC*

DTC has advised BNPP that it is a limited purpose trust company organised under the New York Banking Law, a banking organisation within the meaning of the New York Banking Law, a clearing corporation within the meaning of the New York Uniform Commercial Code and a clearing agency registered pursuant to Section 17A of the Exchange Act. DTC holds securities that its participants ("**Direct Participants**") deposit with DTC. DTC also facilitates the settlement among Direct Participants of securities transactions, such as transfers and pledges, in deposited securities through electronic computerised book-entry changes in Direct Participants accounts, thereby eliminating the need for physical movement of securities certificates. Direct Participants include securities brokers and dealers, banks, trust companies, clearing corporations and certain other organisations. DTC is owned by a number of its Direct Participants and by the New York Stock Exchange, Inc., the American Stock Exchange, Inc. and the Financial Industry Regulatory Authority, Inc., Access to the DTC system is also available to others such as securities brokers and dealers, banks and trust companies that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("**Indirect Participants**").

Under the rules, regulations and procedures creating and affecting DTC and its operations (the "**Rules**"), DTC makes book-entry transfers of Securities represented by Rule 144A Global Securities held by a Custodian on behalf of DTC among Direct Participants on whose behalf it acts with respect to Securities accepted into DTC's book-entry settlement system ("**DTC Securities**") as described below and receives and transmits payments on DTC Securities. The Rules are on file with the Securities and Exchange Commission. Direct Participants and Indirect Participants with which beneficial owners of DTC Securities ("**Beneficial Owners**") have accounts with respect to the DTC Securities similarly are required to make book-entry transfers and receive and transmit such payments on behalf of their respective Beneficial Owners. Accordingly, although Beneficial Owners who hold DTC Securities through Direct Participants or Indirect Participants will not possess definitive Securities, the Rules, by virtue of the requirements described above, provide a mechanism by which Direct Participants will receive payments and will be able to transfer their interest in respect of the DTC Securities.

Purchases of DTC Securities under the DTC system must be made by or through Direct Participants, which will receive a credit for the DTC Securities on DTC's records. The ownership interest of each Beneficial Owner is in turn to be recorded on the Direct and Indirect Participant's records. Beneficial Owners will not receive written confirmation from DTC of their purchase, but Beneficial Owners are expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct Participant or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the DTC Securities are to be accomplished by entries made on the books of Direct Participants or Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in DTC Securities, except in the event that use of the book-entry system for the DTC Securities is discontinued.

To facilitate subsequent transfers, all DTC Securities deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or any other nominee as may be requested by an authorised representative of DTC. The deposit of DTC Securities with DTC and their registration in the name of Cede & Co. or any other nominee effect no change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the DTC Securities; DTC's records reflect only the identity of the Direct Participants to whose accounts such DTC Securities are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Such account is opened by the holder in person or by a nominee (*Sw. förvaltare*) on behalf of the holder. Title to a registered Security is transferred through registration in the system operated by Euroclear Sweden (the "**VPC System**").

In conjunction with an issue of securities to be registered in the VPC System, the relevant Issuer must engage a financial institution authorised by Euroclear Sweden to operate as an issuer agent. The issuer agent is responsible for ensuring that the instructions received from the relevant Issuer with respect to the issue are duly registered. The issuer agent will be authorised to act on behalf of the relevant Issuer in dealings with Euroclear Sweden.

The Centralised Administration Service is carried out by Monte Titoli as the sole Italian Central Securities Depository.

Any type of non-derivative financial instrument, whether Italian or foreign, can be admitted to Monte Titoli's system and registered by means of book entries without any physical movement and with high standards of security and efficiency.

Nearly all the centralised securities are booked in dematerialised form. Financial instruments that still exist in paper form are represented by global or jumbo certificates.

### ***Euroclear UK & Ireland Limited***

CREST Dematerialised Securities will be issued and held in registered, uncertificated form in accordance with the Uncertificated Securities Regulations 2001, including any modification or re-enactment thereof from time to time (the "**Uncertificated Securities Regulations**"), and as such are dematerialised securities and not constituted by any physical document of title. CREST Dematerialised Securities are participating securities for the purposes of the Uncertificated Securities Regulations. Title to the CREST Dematerialised Securities is recorded on the relevant operator register of eligible debt securities. The Operator is Euroclear UK & Ireland Limited.

The Euroclear Registrar on behalf of BNPP B.V. as Issuer will maintain a record of uncertificated eligible debt securities (the "**Record**") in relation to the CREST Dematerialised Securities and will procure that the Record is regularly updated to reflect the Operator register of eligible debt securities in accordance with the rules of the Operator. Subject to this requirement, (i) each person who is for the time being shown in the Record as the holder of a particular number of CREST Dematerialised Securities shall be treated by BNPP B.V. as Issuer, BNPP as Guarantor, the Euroclear Registrar and any other person as the holder of such number of CREST Dematerialised Securities for all purposes (and the expressions "**Holder**" and "**Holder of Securities**" and related expressions in the context of CREST Dematerialised Securities shall be construed accordingly), and (ii) none of BNPP B.V. as Issuer, BNPP as Guarantor, the Euroclear Registrar and any other person shall be liable in respect of any act or thing done or omitted to be done by it or on its behalf in reliance upon the assumption that the particulars entered in the Record which the Euroclear Registrar maintains are in accordance with particulars entered in the Operator register of eligible debt securities relating to the CREST Dematerialised Securities.

### **Book-entry Ownership of and Payments in respect of DTC Securities**

If a Rule 144A Global Security is to be registered in the name of a nominee of DTC, the relevant Issuer will apply to DTC in order to have the Securities represented by such Rule 144A Global Security accepted in its book-entry settlement system. Upon the issue of any Rule 144A Global Security to be held by a Custodian on behalf of DTC, DTC or the Custodian will credit, on its internal book-entry system, the respective nominal amounts of the individual beneficial interests represented by such Rule 144A Global Security to the accounts of the relevant Direct Participants. Ownership of beneficial interests in any such Rule 144A Global Security will be limited to Direct Participants or Indirect Participants, including the respective depositaries of Clearstream, Luxembourg, Euroclear and any other clearing systems as may be applicable. Ownership of beneficial interests in any such Rule 144A Global Security held by a Custodian on behalf of DTC will be shown on, and the transfer of such ownership will be effected only through, records maintained by DTC or its nominee (with respect to the interests of Direct Participants) and the records of Direct Participants (with respect to interests of Indirect Participants).

Payments in U.S. dollars in respect of a Rule 144A Global Security registered in the name of DTC's nominee will be made to the New York Warrant Agent or New York Certificate Agent, as the case may be, to the order of such nominee as the registered Holder. In the case of any payment in a currency other than U.S. dollars, payment will be made to the New York Warrant Agent or New York Certificate Agent, as the case may be, on behalf of DTC's nominee and the New York Warrant Agent or New York Certificate Agent, as the case may be, will (in accordance with instructions received by it) remit all or a portion of such payment for credit directly to the beneficial Holders of interests in the Rule 144A Global Security held by a Custodian on behalf of DTC in the currency in which such payment was made and/or cause all or a portion of such payment to be converted into U.S. dollars and credited to the applicable Direct Participants' account, provided that (a) the New York Warrant Agent or New York Certificate Agent, as the case may be, shall not be obligated to convert any currency whose conversion the New York Warrant Agent or New York

Certificate Agent, as the case may be, in its sole discretion, deems impracticable, and (b) the New York Warrant Agent or New York Certificate Agent, as the case may be, has received notice by 11:00 a.m. two Business Days prior to the Settlement Date, Redemption Date or Interest Payment Date, as the case may be, of the currency and the amount thereof to be converted into U.S. dollars. Conversion of a currency other than U.S. dollars into U.S. dollars will be carried out by the New York Warrant Agent or New York Certificate Agent, as the case may be, based on the actual exchange rate received in the currency conversion, which will occur at the New York Warrant Agent's or New York Certificate Agent's, as the case may be, bid quotation for U.S. dollars at or prior to 11:00 a.m. on the Settlement Date, Redemption Date or Interest Payment Date, as the case may be. The costs of conversion will be deducted from the amount of the payment credited to the applicable Participants' account. Except in the case of its gross negligence or wilful misconduct, the New York Warrant Agent or New York Certificate Agent, as the case may be, shall not be liable to any holder of Securities for any delay in conversion or for any amounts in excess of the amounts actually received by it upon conversion of a currency other than U.S. dollars into U.S. dollars, or for its inability to convert any such currency into U.S. dollars at a commercially reasonable rate or at any rate.

BNPP expects that payments by Direct Participants to Beneficial Owners of Securities will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers, and will be the responsibility of such Direct Participant and not the responsibility of DTC, any Warrant Agent or Certificate Agent, as the case may be, or BNPP. Payments on Securities to DTC is the responsibility of BNPP.

#### **Transfers of Securities Represented by Global Securities**

Transfers of any interests in Securities represented by a Global Security within DTC, Clearstream, Luxembourg, Euroclear, Euroclear France, and/or any other clearing systems as may be applicable will be effected in accordance with the customary rules and operating procedures of the relevant clearing system. The laws in some states within the United States require that certain persons take physical delivery of securities in definitive form. Consequently, the ability to transfer Securities represented by a Global Security to such persons may depend upon the ability to exchange such Securities for Securities in definitive form. Similarly, because DTC can only act on behalf of Direct Participants in the DTC system who in turn act on behalf of Indirect Participants, the ability of a person having an interest in Securities represented by a Rule 144A Global Security held by a Custodian on behalf of DTC to pledge such Securities to persons or entities that do not participate in the DTC system or otherwise to take action in respect of such Securities may depend upon the ability to exchange such Securities for Securities in definitive form. The ability of any person having a beneficial interest in Securities represented by a Rule 144A Global Security held by a Custodian on behalf of DTC to resell, pledge or otherwise transfer such Securities may be impaired if the proposed transferee of such Securities is not eligible to hold such Securities through a Direct Participant or Indirect Participant in the DTC system.

Subject to compliance with the transfer restrictions applicable to Rule 144A Global Securities described under "Notice to Purchasers and Holders of U.S. Securities and Transfer Restrictions", crossmarket transfers between DTC, on the one hand, and direct or indirect account holders of Clearstream, Luxembourg, Euroclear or any other clearing systems as may be applicable, on the other, will be effected by the relevant Clearing System in accordance with its rules and through action taken by the relevant Agent and any custodian with whom the relevant Global Securities have been deposited.

On or after the issue date for any Securities, transfers of such Securities between account Holders in Clearstream, Luxembourg, Euroclear and/or any other clearing system as may be applicable and transfers of such Securities between Direct Participants in DTC will generally have a settlement date three business days after the trade date (T+3). The customary arrangements for delivery versus payment may apply to such transfers.

For cross-market transfers between accountholders in Clearstream, Luxembourg or Euroclear, DTC and/or any other clearing system as may be applicable, participants will need to have an agreed settlement date between the parties to such transfer. Because there is no direct link between DTC, on the one hand, and Clearstream, Luxembourg or Euroclear, on the other, transfers of interests in the relevant Global Securities will be effected through relevant Agent

receiving instructions (and where appropriate certification) from the transferor and arranging for delivery of the interests being transferred to the credit of the designated account for the transferee. In the case of cross-market transfers, settlement between Clearstream, Luxembourg, Euroclear and/or any other clearing systems as may be applicable accountholders and Direct Participants cannot be made on a delivery versus payment basis. The securities will be delivered on a free delivery basis and arrangements for payment must be made separately.

DTC, Clearstream, Luxembourg, Euroclear and any other clearing system as may be applicable have each published rules and operating procedures designed to facilitate transfers of beneficial interests in Global Securities among participants and accountholders of DTC, Clearstream, Luxembourg, Euroclear and any other clearing systems as may be applicable. However, they are under no obligation to perform or continue to perform such procedures, and such procedures may be discontinued or changed at any time. None of the Issuers, any Agent will be responsible for any performance by DTC, Clearstream, Luxembourg, Euroclear or any other clearing system as may be applicable or their respective direct or indirect participants or accountholders of their respective obligations under the rules and procedures governing their operations and none of them will have any liability for any aspect of the records relating to or payments made on account of beneficial interests in the Securities represented by Global Securities or for maintaining, supervising or reviewing any records relating to such beneficial interests.

## **TAXATION**

The statements herein regarding taxation are based on the laws in force in the European Union, Austria, Belgium, Czech Republic, Denmark, Finland, France, Germany, Greece, Hungary, Ireland, Italy, the Grand Duchy of Luxembourg, The Netherlands, Poland, Portugal, Spain, Sweden, the United Kingdom and the United States, as applicable, as of the date of this Base Prospectus and are subject to any changes in law. The following summary does not purport to be a comprehensive description of all the tax considerations which may be relevant to a decision to purchase, own or dispose of the Securities. Each prospective holder or beneficial owner of Securities should consult its tax adviser as to each of the EU Directive on the Taxation of Savings Income, the Danish, the Dutch, the Finnish, the French, the Luxembourg, the Hungarian, the Irish, the Belgian, the Spanish, the Czech, the UK, the Italian, the German, the Greek, the Swedish, the Portuguese, the Austrian, the Polish and the U.S. federal income tax consequences, as applicable, of any investment in or ownership and disposition of the Securities.

## EU DIRECTIVE ON THE TAXATION OF SAVINGS INCOME

Under Council Directive 2003/48/EC on the taxation of savings income (the "**Savings Directive**"), Member States are required to provide to the tax authorities of other Member States details of certain payments of interest or similar income paid or secured by a person established in a Member State to or for the benefit of an individual resident in another Member State or certain limited types of entities established in another Member State.

For a transitional period, Austria is required (unless during that period it elects otherwise) to operate a withholding system in relation to such payments. The end of the transitional period is dependent upon the conclusion of certain other agreements relating to information exchange with certain other countries. A number of non-EU countries and territories including Switzerland have adopted similar measures (a withholding system in the case of Switzerland).

On 24 March 2014, the Council of the European Union adopted a Council Directive (the "**Amending Directive**") amending and broadening the scope of the requirements described above. The Amending Directive requires Member States to apply these new requirements from 1 January 2017 and if they were to take effect the changes would expand the range of payments covered by the Savings Directive, in particular to include additional types of income payable on securities. They would also expand the circumstances in which payments that indirectly benefit an individual resident in a Member State must be reported or subject to withholding. This approach will apply to payments made to, or secured for, persons, entities or legal arrangements (including trusts) where certain conditions are satisfied, and may in some cases apply where the person, entity or arrangement is established or effectively managed outside of the European Union.

However, the European Commission has proposed the repeal of the Savings Directive from 1 January 2017 in the case of Austria and from 1 January 2016 in the case of all other Member States (subject to on-going requirements to fulfil administrative obligations such as the reporting and exchange of information relating to, and accounting for withholding taxes on, payments made before these dates). This is to prevent overlap between the Savings Directive and a new automatic exchange of information regime to be implemented under Council Directive 2011/16/EU on Administrative Cooperation in the field of Taxation (as amended by Council Directive 2014/107/EU). The proposal also provides that, if it proceeds, Member States will not be required to apply the new requirements of the Amending Directive.

## AUSTRIAN TAXATION

*This section on taxation contains a brief summary of the Issuers' understanding with regard to certain important principles which are of significance in connection with the purchase, holding or sale of the Securities in the Republic of Austria. This summary does not purport to exhaustively describe all possible tax aspects and does not deal with specific situations which may be of relevance for certain potential investors. The following comments are rather of a general nature and included herein solely for information purposes. They are not intended to be, nor should they be construed to be, legal or tax advice. This summary is based on the currently applicable tax legislation, case law and regulations of the tax authorities, as well as their respective interpretation, all of which may be amended from time to time. Such amendments may possibly also be effected with retroactive effect and may negatively impact on the tax consequences described. It is recommended that potential investors in the Securities consult with their legal and tax advisors as to the tax consequences of the purchase, holding or sale of the Securities. Tax risks resulting from the Securities (in particular from a potential qualification as a foreign investment fund within the meaning of sec. 188 of the Austrian Investment Funds Act 2011 (Investmentfondsgesetz 2011)) shall in any case be borne by the investor. For the purposes of the following it is assumed that the Securities are legally and factually offered to an indefinite number of persons.*

### General remarks

Individuals having a domicile (*Wohnsitz*) and/or their habitual abode (*gewöhnlicher Aufenthalt*), both as defined in sec. 26 of the Austrian Federal Fiscal Procedures Act (*Bundesabgabenordnung*), in Austria are subject to income tax (*Einkommensteuer*) in Austria on their worldwide income (unlimited income tax liability; *unbeschränkte Einkommensteuerpflicht*). Individuals having neither a domicile nor their habitual abode in Austria are subject to income tax only on income from certain Austrian sources (limited income tax liability; *beschränkte Einkommensteuerpflicht*).

Corporations having their place of management (*Ort der Geschäftsleitung*) and/or their legal seat (*Sitz*), both as defined in sec. 27 of the Austrian Federal Fiscal Procedures Act, in Austria are subject to corporate income tax (*Körperschaftsteuer*) in Austria on their worldwide income (unlimited corporate income tax liability; *unbeschränkte Körperschaftsteuerpflicht*). Corporations having neither their place of management nor their legal seat in Austria are subject to corporate income tax only on income from certain Austrian sources (limited corporate income tax liability; *beschränkte Körperschaftsteuerpflicht*).

Both in case of unlimited and limited (corporate) income tax liability Austria's right to tax may be restricted by double taxation treaties.

### Income taxation of the Securities

Pursuant to sec. 27(1) of the Austrian Income Tax Act (*Einkommensteuergesetz*), the term investment income (*Einkünfte aus Kapitalvermögen*) comprises:

- income from the letting of capital (*Einkünfte aus der Überlassung von Kapital*) pursuant to sec. 27(2) of the Austrian Income Tax Act, including dividends and interest;
- income from realised increases in value (*Einkünfte aus realisierten Wertsteigerungen*) pursuant to sec. 27(3) of the Austrian Income Tax Act, including gains from the alienation, redemption and other realisation of assets that lead to income from the letting of capital, zero coupon bonds and broken-period interest; and
- income from derivatives (*Einkünfte aus Derivaten*) pursuant to sec. 27(4) of the Austrian Income Tax Act, including cash settlements, option premiums received and income from the sale or other realisation of forward contracts like options, futures and swaps and other derivatives such as index certificates.

Also the withdrawal of the Securities from a bank deposit (*Depotentnahme*) and circumstances leading to a loss of Austria's taxation right regarding the Securities vis-à-vis other countries, for example, a relocation from Austria (*Wegzug*), are in general deemed to constitute a sale (*cf.* sec. 27(6)(1) of the Austrian Income Tax Act).

Individuals subject to unlimited income tax liability in Austria holding the Securities as non-business assets are subject to income tax on all resulting investment income pursuant to sec. 27(1) of the Austrian Income Tax Act. In case of investment income with an Austrian nexus (*inländische Einkünfte aus Kapitalvermögen*), basically meaning income paid by an Austrian paying agent (*auszahlende Stelle*) or an Austrian custodian agent (*depotführende Stelle*), the income is subject to withholding tax (*Kapitalertragsteuer*) of 25 per cent.; no additional income tax is levied over and above the amount of tax withheld (final taxation pursuant to sec. 97(1) of the Austrian Income Tax Act). In case of investment income without an Austrian nexus, the income must be included in the investor's income tax return and is subject to income tax at a flat rate of 25 per cent. In both cases upon application the option exists to tax all income subject to income tax at the flat rate of 25 per cent. at the lower progressive income tax rate (option to regular taxation pursuant to sec. 27a(5) of the Austrian Income Tax Act). Sec. 27(8) of the Austrian Income Tax Act, *inter alia*, provides for the following restrictions on the offsetting of losses: negative income from realised increases in value and from derivatives may be neither offset against interest and other claims *vis-à-vis* credit institutions nor against income from private law foundations and comparable legal estates (*privatrechtliche Stiftungen und damit vergleichbare Vermögensmassen*); income subject to income tax at the flat rate of 25 per cent. may not be offset against income subject to the progressive income tax rate (this equally applies in case of an exercise of the option to regular taxation); negative investment income not already offset against positive investment income may not be offset against other types of income.

Individuals subject to unlimited income tax liability in Austria holding the Securities as business assets are subject to income tax on all resulting investment income pursuant to sec. 27(1) of the Austrian Income Tax Act. In case of investment income with an Austrian nexus the income is subject to withholding tax of 25 per cent. While withholding tax has the effect of final taxation for income from the letting of capital, income from realised increases in value and income from derivatives must be included in the investor's income tax return (nevertheless income tax at the flat rate of 25 per cent.). In case of investment income without an Austrian nexus, the income must always be included in the investor's income tax return (generally income tax at the flat rate of 25 per cent.). In both cases upon application the option exists to tax all income subject to tax at the flat rate of 25 per cent. at the lower progressive income tax rate (option to regular taxation pursuant to sec. 27a(5) of the Austrian Income Tax Act). Pursuant to sec. 6(2)(c) of the Austrian Income Tax Act, depreciations to the lower fair market value and losses from the alienation, redemption and other realisation of financial assets and derivatives in the sense of sec. 27(3) and (4) of the Austrian Income Tax Act, which are subject to income tax at the flat rate of 25 per cent., are primarily to be offset against income from realised increases in value of such financial assets and derivatives and with appreciations in value of such assets; only half of the remaining negative difference may be offset against other types of income (and carried forward).

Pursuant to sec. 7(2) of the Austrian Corporate Income Tax Act (*Körperschaftsteuergesetz*), corporations subject to unlimited corporate income tax liability in Austria are subject to corporate income tax on income in the sense of sec. 27(1) of the Austrian Income Tax Act from the Securities at a rate of 25 per cent. In the case of income in the sense of sec. 27(1) of the Austrian Income Tax Act with an Austrian nexus the income is subject to withholding tax of 25 per cent., which can be credited against the corporate income tax liability. However, under the conditions set forth in sec. 94(5) of the Austrian Income Tax Act withholding tax is not levied in the first place. Losses from the alienation of the Securities can be offset against other income (and carried forward).

Pursuant to sec. 13(3)(1) in connection with sec. 22(2) of the Austrian Corporate Income Tax Act private foundations (*Privatstiftungen*) pursuant to the Austrian Private Foundations Act (*Privatstiftungsgesetz*) fulfilling the prerequisites contained in sec. 13(3) and (6) of the Austrian Corporate Income Tax Act and holding the Securities as non-business assets are subject to interim taxation at a rate of 25 per cent. on interest income, income from realised increases in value and income from derivatives (*inter alia*, if the latter are in the form of securities). Interim tax does not fall due insofar as distributions subject to withholding tax are made to beneficiaries in the same tax period. In case of investment income with an Austrian nexus income is in general subject to withholding tax of 25 per cent., which can be credited

against the tax falling due. Under the conditions set forth in sec. 94(12) of the Austrian Income Tax Act withholding tax is not levied.

Individuals and corporations subject to limited (corporate) income tax liability in Austria are taxable on investment income from the Securities if they have a permanent establishment (*Betriebsstätte*) in Austria and the Securities are attributable to such permanent establishment (*cf.* sec. 98(1)(3) of the Austrian Income Tax Act, sec. 21(1)(1) of the Austrian Corporate Income Tax Act). Individuals subject to limited income tax liability in Austria are also taxable on interest in the sense of the Austrian EU Withholding Tax Act (*EU-Quellensteuergesetz*, see below) from the Securities if withholding tax is levied on such interest (this does not apply, *inter alia*, if the Issuers have neither their places of management nor their legal seats in Austria and are not acting through Austrian branches, which condition the Issuers understand to be fulfilled in the case at hand; *cf.* sec. 98(1)(5)(b) of the Austrian Income Tax Act).

Pursuant to sec. 93(6) of the Austrian Income Tax Act, the Austrian custodian agent is obliged to automatically offset negative investment income against positive investment income, taking into account all of a taxpayer's bank deposits with the custodian agent. If negative and at the same time or later positive income is earned, then the negative income is to be offset against the positive income. If positive and later negative income is earned, then withholding tax on the positive income is to be credited, with such tax credit being limited to 25 per cent. of the negative income. In certain cases the offsetting is not permissible. The custodian agent has to issue a written confirmation on each offsetting of losses.

Pursuant to sec. 188 of the Austrian Investment Funds Act 2011 as amended in the course of the implementation of Directive 2011/61/EU, the term "foreign investment fund" comprises (i) undertakings for collective investment in transferable securities the state of origin of which is not Austria; (ii) alternative investment funds pursuant to the Austrian Act on Alternative Investment Fund Managers (*Alternative Investmentfonds Manager-Gesetz*) the state of origin of which is not Austria; and (iii) secondarily, undertakings subject to a foreign jurisdiction, irrespective of the legal form they are organized in, the assets of which are invested according to the principle of risk-spreading on the basis either of a statute, of the undertaking's articles or of customary exercise, if one of the following conditions is fulfilled: (a) the undertaking is factually, directly or indirectly, not subject to a corporate income tax in its state of residence that is comparable to Austrian corporate income tax; (b) the profits of the undertaking are in its state of residence subject to corporate income tax that is comparable to Austrian corporate income tax, at a rate of less than 15 per cent.; or (c) the undertaking is subject to a comprehensive personal or material tax exemption in its state of residence. Certain collective investment vehicles investing in real estate are exempted. To date no guidance has been issued by the tax authorities on the interpretation of this new provision. In case of a qualification as a foreign investment fund the tax consequences would substantially differ from those described above.

## **EU withholding tax**

Sec. 1 of the Austrian EU Withholding Tax Act – implementing Council Directive 2003/48/EC of 3 June 2003 on taxation of savings income in the form of interest payments – provides that interest payments paid or credited by an Austrian paying agent (*Zahlstelle*) to a beneficial owner who is an individual resident in another EU Member State (or in certain dependent or associated territories, which currently include Anguilla, Aruba, the British Virgin Islands, Curaçao, Guernsey, the Isle of Man, Jersey, Montserrat, Sint Maarten and the Turks and Caicos Islands) are subject to EU withholding tax (*EU-Quellensteuer*) of 35 per cent.. Sec. 10 of the Austrian EU Withholding Tax Act provides for an exemption from EU withholding tax if the beneficial owner presents to the paying agent a certificate drawn up in his/her name by the competent authority of his/her EU Member State of residence for tax purposes, indicating the name, address and tax or other identification number or, failing such, the date and place of birth of the beneficial owner, the name and address of the paying agent, and the account number of the beneficial owner or, where there is none, the identification of the security; such certificate shall be valid for a period not exceeding three years. Pursuant to Council Directive 2014/107/EU of 9 December 2014 amending Directive 2011/16/EU as regards mandatory automatic exchange of information in the field of taxation, interest, dividends and similar types of income as well as account balances and sales proceeds from financial assets shall in general be automatically exchanged as of 1 January 2016 with respect to

taxable periods as from that date. Although Austria only will have to apply these provisions from 1 January 2017 with respect to taxable periods as from that date, it announced that it will not make full use of the derogation and will already exchange information on new accounts opened during the period 1 October 2016 to 30 December 2016 by 30 September 2017. While it was expected that changes to the EU Withholding Tax Act – implementing Council Directive 2014/48/EU of 24 March 2014 amending Directive 2003/48/EC on taxation of savings income in the form of interest payments – would enter into effect by 1 January 2017, on 18 March 2015 the European Commission published a proposal for a Council Directive repealing Council Directive 2003/48/EC. Pursuant thereto, Council Directive 2003/48/EC shall in general be repealed with effect from 1 January 2016. However, pursuant to detailed grandfathering provisions, Austria shall in general continue to apply it until 31 December 2016.

Regarding the issue of whether also index certificates are subject to EU withholding tax, the Austrian tax authorities distinguish between index certificates with and without a capital guarantee, a capital guarantee being the promise of repayment of a minimum amount of the capital invested or the promise of the payment of interest. The exact tax treatment of index certificates furthermore depends on their underlying.

Pursuant to guidelines published by the Austrian Federal Ministry of Finance, income from warrants, pursuant to which an investor is entitled (but not obliged) to buy or sell a specified underlying at a specific price or to receive or pay a difference amount relating to the value of such underlying at a predetermined date (*Optionsscheine*), does not qualify as interest within the meaning of the Austrian EU Withholding Tax Act.

#### **Tax treaties Austria/Switzerland and Austria/Liechtenstein**

The Treaty between the Republic of Austria and the Swiss Confederation on Cooperation in the Areas of Taxation and Capital Markets and the Treaty between the Republic of Austria and the Principality of Liechtenstein on Cooperation in the Area of Taxation provide that a Swiss or Liechtenstein paying agent, as the case may be, has to withhold a tax amounting to 25 per cent. on, *inter alia*, interest income, dividends and capital gains from assets booked with an account or deposit of such Swiss or Liechtenstein paying agent, as the case may be, if the relevant holder of such assets (i.e. in general individuals on their own behalf and as beneficial owners of assets held by a domiciliary company (*Sitzgesellschaft*) is tax resident in Austria. The same applies to such income from assets managed by a Liechtenstein paying agent if the relevant holder of the assets (i.e. in general individuals as beneficial owners of a transparent structure) is tax resident in Austria. For Austrian income tax purposes this withholding tax has the effect of final taxation regarding the underlying income if the Austrian Income Tax Act provides for the effect of final taxation for such income. The treaties, however, do not apply to interest covered by the agreements between the European Community and the Swiss Confederation, respectively the Principality of Liechtenstein, regarding Council Directive 2003/48/EC on taxation of savings income in the form of interest payments. The taxpayer can opt for voluntary disclosure instead of the withholding tax by expressly authorising the Swiss or Liechtenstein paying agent, as the case may be, to disclose to the competent Austrian authority the income, which subsequently has to be included in the income tax return.

#### **Austrian inheritance and gift tax**

Austria does not levy inheritance or gift tax.

Certain gratuitous transfers of assets to private law foundations and comparable legal estates are subject to foundation transfer tax (*Stiftungseingangssteuer*) pursuant to the Austrian Foundation Transfer Tax Act (*Stiftungseingangssteuergesetz*) if the transferor and/or the transferee at the time of transfer have a domicile, their habitual abode, their legal seat or their place of management in Austria. Certain exemptions apply in cases of transfers *mortis causa* of financial assets within the meaning of sec. 27(3) and (4) of the Austrian Income Tax Act (except for participations in corporations) if income from such financial assets is subject to income tax at the flat rate of 25 per cent. The tax basis is the fair market value of the assets transferred minus any debts, calculated at the time of transfer. The tax rate generally is 2.5 per cent., with a higher rate of 25 per cent. applying in special cases. Special provisions apply to transfers of assets to entities falling within the scope of the tax treaty between Austria and Liechtenstein.

In addition, there is a special notification obligation for gifts of money, receivables, shares in corporations, participations in partnerships, businesses, movable tangible assets and intangibles if the donor and/or the donee have a domicile, their habitual abode, their legal seat or their place of management in Austria. Not all gifts are covered by it: In case of gifts to certain related parties, a threshold of EUR 50,000 per year applies; in all other cases, a notification is obligatory if the value of gifts made exceeds an amount of EUR 15,000 during a period of five years. Furthermore, gratuitous transfers to foundations falling under the Austrian Foundation Transfer Tax Act described above are also exempt from the notification obligation. Intentional violation of the notification obligation may trigger fines of up to 10 per cent. of the fair market value of the assets transferred.

Further, gratuitous transfers of the Securities may trigger income tax at the level of the transferor pursuant to sec. 27(6)(1) of the Austrian Income Tax Act (see above).

### **Austrian Tax Reform Act 2015/2016**

Recently the Austrian Ministry of Finance published draft bills of the Austrian Tax Reform Act 2015/2016 (*Steuerreformgesetz 2015/2016*) and of the Austrian Federal Constitutional Act on the Amendment of the Austrian Act on Final Taxation (*Bundesverfassungsgesetz zur Änderung des Endbesteuerungsgesetzes*). The draft bills provide that as of 1 January 2016, instead of the uniform special income tax rate of currently 25%, two special income tax rates shall be applicable, namely a special income tax rate of 25% on income from interest and other claims *vis-à-vis* credit institutions and a special income tax rate of 27.5% on all other investment income (save for investment income subject to the progressive income tax rate). This would, *inter alia*, mean that as of 1 January 2016 individuals subject to unlimited income tax liability in Austria would be subject to withholding tax at a rate of 27.5% on investment income with an Austrian nexus from the Securities and to the special tax rate of 27.5% on investment income without an Austrian nexus from the Securities.

## BELGIAN TAXATION

### Taxation in Belgium

The following summary describes the principal Belgian withholding tax considerations with respect to the holding of the Notes, Certificates and/or Warrants obtained by an investor following this offer in Belgium.

This information is of a general nature and does not purport to be a comprehensive description of all Belgian tax considerations that may be relevant to a decision to acquire, to hold and to dispose of the Notes, Certificates and/or the Warrants. In some cases, different rules may be applicable. Furthermore, the tax rules can be amended in the future, possibly with retroactive effect, and the interpretation of the tax rules may change.

This summary is based on the Belgian tax legislation, treaties, rules, and administrative interpretations and similar documentation, in force as of the date of the publication of this offer in Belgium, without prejudice to any amendments introduced at a later date, even if implemented with retroactive effect.

This summary does not describe the tax consequences for a holder of Notes, Certificates and/or Warrants that are redeemable in exchange for, or convertible into shares, of the exercise, settlement or redemption of such Notes, Certificates and/or Warrants and/or any tax consequences after the moment of exercise, settlement or redemption. In addition, it does not cover Warrants issued in accordance with the rules set out in the Act of 26 March 1999 on the Belgian Action Plan for Employment 1998 and other miscellaneous measures.

Each prospective holder of Notes, Certificates and/or Warrants should consult a professional adviser with respect to the tax consequences of an investment in the Notes, Certificates and/or Warrants, taking into account the influence of each regional, local or national law.

For Belgian tax purposes, if interest is in a foreign currency, it is converted into euro on the date of payment or attribution.

#### 1. Certificates, Warrants and/or structured Notes

On 25 January 2013, the Belgian tax authorities issued a circular letter on the Belgian tax treatment of income from structured securities characterised by an uncertain return on investment due to the variation of the coupons or the repayment terms at maturity, such as securities whose return is linked to the evolution of underlying products. According to the circular letter, the transfer of structured securities to a third party (other than the Issuer) results in taxation as interest income of the "pro rata interest", calculated on an unclear formulae. In addition, any amount paid in excess of the initial issue price upon redemption or repayment of the structured securities is considered as interest for Belgian tax purposes. It is highly debatable whether the circular letter is in line with Belgian tax legislation. Furthermore, it is unclear whether the Belgian tax authorities will seek to apply the principles set out in the circular letter to the structured Notes, Certificates and/or Warrants (the "**Structured Securities**").

It is assumed that any gains realised upon redemption or repayment by the Issuer will indeed be viewed as interest by the Belgian tax authorities (and any such gains are therefore referred to as "interest" for the purposes of the following paragraphs), but that the effective taxation of the "pro rata interest" in case of sale to a third party (ie other than the Issuer) would not be possible, on the basis that it is currently impossible to determine the amount of the "pro rata interest".

## 1.1 Repayment or redemption by the Issuer

### (i) Belgian resident individual investors

Individuals who are holders of Structured Securities and who are Belgian residents for tax purposes, i.e. who are subject to Belgian personal income tax ("*Personenbelasting/Impôt des personnes physiques*"), are subject to the following tax treatment with respect to the Structured Securities in Belgium. Other rules may be applicable in special situations, in particular when individuals resident in Belgium acquire the Structured Securities for professional purposes or when their transactions with respect to the Structured Securities fall outside the scope of the normal management of their own private estate.

Payments of interest on the Structured Securities made through a paying agent in Belgium will in principle be subject to a 25 per cent. withholding tax in Belgium (calculated on the interest received after deduction of any non-Belgian withholding taxes). The Belgian withholding tax constitutes the final income tax for Belgian resident individuals. This means that they do not have to declare the interest obtained on the Structured Securities in their personal income tax return, provided Belgian withholding tax was levied on these interest payments

Nevertheless, Belgian resident individuals may elect to declare interest on the Structured Securities in their personal income tax return. Also, if the interest is paid outside Belgium without the intervention of a Belgian paying agent, the interest received (after deduction of any non-Belgian withholding tax) must be declared in the personal income tax return. Interest income which is declared this way will in principle be taxed at a flat rate of 25 per cent. (or at the relevant progressive personal income tax rate(s), taking into account the taxpayer's other declared income, whichever is more beneficial) and no local surcharges will be due. The Belgian withholding tax levied may be credited against the income tax liability.

### (ii) Belgian resident corporate investors

Corporations that are Belgian residents for tax purposes, i.e. that are subject to Belgian Corporate Income Tax ("*Vennootschapsbelasting/Impôt des sociétés*") are subject to the following tax treatment with respect to the Structured Securities in Belgium.

Interest received by Belgian corporate investors on the Structured Securities will be subject to Belgian corporate income tax at the applicable corporate income tax rates (the ordinary corporate income tax rate is 33.99 per cent, but lower rates apply to small income companies under certain conditions). If the income has been subject to a foreign withholding tax, a foreign tax credit will be applied on the Belgian tax due. For interest income, the foreign tax credit is generally equal to a fraction where the numerator is equal to the foreign tax and the denominator is equal to 100 minus the rate of the foreign tax, up to a maximum of 15/85 of the net amount received (subject to some further limitations). Capital losses are in principle tax deductible.

Interest payments on the Structured Securities made through a paying agent in Belgium are in principle subject to a 25 per cent. withholding tax, but can under certain circumstances be exempt from Belgian withholding tax, provided that certain formalities are complied with. For zero or capitalisation bonds, an exemption will only apply if the Belgian company and the Issuer are associated companies within the meaning of article 105, 6° of the Royal Decree of 27 August 1993 implementing the Belgian Income Tax Code of 1992. The withholding tax that has been levied is creditable in accordance with the applicable legal provisions.

### (iii) Other Belgian legal entities

Non-corporate legal entities that are Belgian residents for tax purposes, i.e. that are subject to Belgian tax on legal entities ("*Rechtspersonenbelasting/impôt des personnes morales*") are subject to the following tax treatment with respect to the Structured Securities in Belgium.

Payments of interest on the Structured Securities made through a paying agent in Belgium will in principle be subject to a 25 per cent. withholding tax in Belgium and no further tax on legal entities will be due on the interest.

However, if the interest is paid outside Belgium without the intervention of a Belgian paying agent and without the deduction of Belgian withholding tax, the legal entity itself is responsible for the deduction and payment of the 25 per cent. withholding tax.

## 1.2 **Sale to a third party**

No Belgian withholding tax should apply to the Structured Securities.

### (i) Belgian resident individual investors

Individuals who are holders of Structured Securities and who are Belgian residents for tax purposes, i.e. who are subject to Belgian personal income tax ("*Personenbelasting/Impôt des personnes physiques*"), are currently not liable to Belgian income tax on the capital gains (if any) realised upon disposal of the Structured Securities to a third party, provided that the Structured Securities have not been used for their professional activity and that the capital gain is realised within the framework of the normal management of their private estate. Capital losses realised upon disposal of the Structured Securities held as a non-professional investment are in principle not tax deductible.

However, Belgian resident individuals may be subject to a 33 per cent. Belgian income tax (plus local surcharges) if the capital gains on the Structured Securities are deemed to be speculative or outside the scope of the normal management of the individuals' private estate. Capital losses arising from such transactions are not tax deductible.

Capital gains realised upon transfer of Structured Securities held for professional purposes are taxable at the ordinary progressive income tax rates (plus local surcharges), except for Structured Securities held for more than five years, which are taxable at a separate rate of 16.5 per cent. (plus local surcharges). Capital losses on the Structured Securities incurred by Belgian resident individuals holding the Structured Securities for professional purposes are in principle tax deductible.

### (ii) Belgian resident corporate investors

Corporations that are Belgian residents for tax purposes, i.e. that are subject to Belgian Corporate Income Tax ("*Vennootschapsbelasting/Impôt des sociétés*"), are liable to Belgian corporate income tax on the capital gains (if any) realised upon disposal of the Structured Securities to a third party, irrespective of whether such Structured Securities relate to shares or other assets or indices. The current standard corporate income tax rate in Belgium is 33.99 per cent.

Capital losses realised upon disposal of the Structured Securities are in principle tax deductible.

### (iii) Other Belgian legal entities

Non-corporate legal entities that are Belgian residents for tax purposes, i.e. that are subject to Belgian tax on legal entities ("*Rechtspersonenbelasting/impôt des personnes morales*"), are currently not liable to Belgian income tax on capital gains (if any) realised upon disposal of the Structured Securities to a third party.

Capital losses realised upon disposal of the Structured Securities are in principle not tax deductible.

## 2. Notes

The following summary describes the principal Belgian withholding tax considerations with respect to Notes other than Structured Securities.

For Belgian tax purposes, the following amounts are qualified and taxable as "interest": (i) periodic interest income, (ii) amounts paid by the Issuer in excess of the issue price (whether or not on the maturity date), and (iii) in case of a realisation of the Notes between two interest payment dates, the pro rata of accrued interest corresponding to the period during which the investor held the Notes in the period between the two interest payment dates. For the purposes of the following paragraphs, any such gains and accrued interest are therefore referred to as interest.

### (i) Belgian resident individual investors

Individuals who are Belgian residents for tax purposes, i.e. who are subject to Belgian personal income tax ("*Personenbelasting/Impôt des personnes physiques*") and who hold the Notes as a private investment, are in Belgium subject to the following tax treatment with respect to the Notes.

Other tax rules apply to Belgian resident individuals who do not hold the Notes as a private investment.

Payments of interest on the Notes made through a paying agent in Belgium will in principle be subject to a 25 per cent. withholding tax in Belgium (calculated on the interest received after deduction of any non-Belgian withholding taxes). The Belgian withholding tax constitutes the final income tax for Belgian resident individuals. This means that they do not have to declare the interest obtained on the Notes in their personal income tax return, provided Belgian withholding tax was levied on these interest payments.

However, if the interest is paid outside Belgium without the intervention of a Belgian paying agent, the interest received (after deduction of any non-Belgian withholding tax) must be declared in the personal income tax return and will be taxed at a flat rate of 25 per cent.

Capital gains realised on the sale of the Notes are in principle tax exempt, unless the capital gains are realized outside the scope of the normal management of one's private estate or unless the capital gains qualify as interest (as defined above). Capital losses are in principle not tax deductible.

### (ii) Belgian resident corporate investors

Corporations that are Belgian residents for tax purposes, i.e. that are subject to Belgian Corporate Income Tax ("*Vennootschapsbelasting/Impôt des sociétés*"), are in Belgium subject to the following tax treatment with respect to the Notes.

Interest derived by Belgian corporate investors on the Notes and capital gains realised on the Notes will be subject to Belgian corporate income tax at the applicable corporate income tax rates (the ordinary corporate income tax rate is 33.99 per cent, but lower rates apply to small income companies under certain conditions). If the income has been subject to a foreign withholding tax, a foreign tax credit will be applied on the Belgian tax due. For interest income, the foreign tax credit is generally equal to a fraction where the numerator is equal to the foreign tax and the denominator is equal to 100 minus the rate of the foreign tax, up to a maximum of 15/85 of the net amount received (subject to some further limitations). Capital losses are in principle tax deductible.

Interest payments on the Notes made through a paying agent in Belgium are in principle subject to a 25 per cent. withholding tax, but can under certain circumstances be exempt from Belgian withholding tax, provided that certain formalities are complied with. For zero or capitalisation bonds, an exemption will only apply if the Belgian company and the Issuer are associated companies within the meaning of article 105, 6° of the Royal

Decree of 27 August 1993 implementing the Belgian Income Tax Code of 1992. The withholding tax that has been levied is creditable in accordance with the applicable legal provisions.

(iii) Other Belgian legal entities

Non-corporate legal entities that are Belgian residents for tax purposes, i.e. that are subject to Belgian tax on legal entities ("*Rechtspersonenbelasting/impôt des personnes morales*") are subject to the following tax treatment with respect to the Notes in Belgium.

Payments of interest on the Notes made through a paying agent in Belgium will in principle be subject to a 25 per cent. withholding tax in Belgium and no further tax on legal entities will be due on the interest.

However, if the interest is paid outside Belgium without the intervention of a Belgian paying agent and without the deduction of Belgian withholding tax, the legal entity itself is responsible for the declaration and payment of the 25 per cent. withholding tax.

Capital gains realized on the sale of the Notes are in principle tax exempt, unless the capital gain qualifies as interest (as defined). Capital losses are in principle not tax deductible.

**3. Tax on stock exchange transactions**

The sale and acquisition of the Notes, Certificates and Warrants is subject to a tax on stock exchange transaction ("*Taxe sur les opérations de bourse*" / "*Taks op de beursverrichtingen*") if executed in Belgium through a professional intermediary. The tax is generally due currently at a rate of 0.09 per cent. for Notes and Certificates and of 0.27 per cent. for Warrants on each sale and acquisition separately, with a maximum of EUR 650 per taxable transaction for Notes and Certificates and EUR 800 per taxable transaction for Warrants. Exemptions apply for certain categories of institutional investors and non-residents. Transactions on the primary market are not subject to this tax.

As stated below, the European Commission has published a draft Directive for a FTT. The draft directive currently stipulates that once the FTT enters into force, the participating Member States shall not maintain or introduce taxes on financial transactions other than the FTT (or VAT as provided in the Council Directive 2006/112/EC of November 28, 2006 on the common system of value added tax). For Belgium, the tax on stock exchange transactions should thus be abolished once the FTT enters into force. The proposal is still subject to negotiation between the participating Member States and therefore may be changed at any time.

## **CZECH REPUBLIC TAXATION**

The information set out below is of a general nature and relates only to certain principal Czech withholding tax considerations. It does not deal with any other Czech tax consequences of acquiring, holding or disposing of Securities and is not intended to be, nor should they be regarded as, legal or tax advice. Prospective holders of Securities should seek, in the light of their individual situation, their own professional advice as to the consequences of acquiring, holding or disposing of Securities in all relevant jurisdictions. The information is based on the tax laws of the Czech Republic as in effect on the date of this Base Prospectus and their prevailing interpretations available on or before such date. All of the foregoing is subject to change, which could apply retroactively and could affect the continued validity of this summary.

For the purposes of this information, it has been assumed that none of the Issuers is either resident for tax purposes or has a permanent establishment in the Czech Republic.

### *Withholding tax*

Save as otherwise provided below, all interest and other payments to be made by an Issuer under the Securities may be made free of withholding on account of any taxes imposed by the Czech Republic. Nevertheless, Czech withholding tax may apply upon exercise or redemption of physically settled Securities.

### *Securing tax*

In general, Czech tax residents (or Czech permanent establishments of Czech tax non-residents) acquiring the Securities are required, under their own responsibility, to withhold and to remit to Czech tax authorities a 1 per cent. securing tax from the purchase price when purchasing investment instruments, such as the Securities, from a seller who is resident for tax purposes outside the European Union or the European Economic Area. Such obligation can be eliminated under a tax treaty concluded between the Czech Republic and the country in which the seller is a tax resident. Furthermore, it can be waived in advance based on a decision of Czech tax authorities.

## DANISH TAXATION

*The following is a summary description of the taxation in Denmark of Notes, Warrants and Certificates according to Danish tax laws in force as of the date of this Base Prospectus and is subject to any changes in law and the interpretation and application thereof, which changes could be made with retroactive effect. The following summary does not purport to be a comprehensive description of all the tax considerations that may be relevant to a decision to invest, hold or dispose of Notes, Warrants or Certificates, and does not purport to deal with the tax consequences applicable to all categories of investors, some of which (such as professional dealers in securities) may be subject to special rules. Potential investors are under all circumstances strongly recommended to contact their own tax advisor to clarify the individual consequences of their investment, holding and disposal of Notes, Warrants or Certificates.*

### Taxation of Notes

#### *Taxation at source*

Under existing Danish tax laws, no general withholding tax or coupon tax will apply to payments of interest or principal or other amounts due on the Notes, other than in certain cases on payments in respect of controlled debt in relation to the Issuer as referred to in The Danish Corporation Tax Act (in Danish "*Selskabsskatteloven*") Consolidation Act No. 149 of 9 January 2015 (as amended). This will not have any impact on Noteholders who are not in a relationship whereby they control, or are controlled, by the relevant Issuer or where the holders of the Notes and the relevant Issuer are not controlled by the same group of shareholders.

#### *Resident Noteholders*

Private individuals, including individuals who are engaged in financial trade, companies and similar enterprises resident in Denmark for tax purposes or receiving interest on the Notes through their permanent establishment in Denmark are liable to pay tax on such interest.

Capital gains and losses are taxable to individuals and corporate entities in accordance with the Danish Capital and Exchange Gains Act (in Danish "*Kursgevinstloven*") Consolidation Act No. 1113 of 18 September 2013 (as amended) (the "**Danish Capital and Exchange Gains Act**"). Gains and losses on Notes issued to corporate entities are generally included in the taxable income in accordance with a mark-to-market principle (in Danish "*lagerprincippet*"), i.e. on an unrealised basis.

Gains and losses on Notes issued to individuals are generally included in the taxable income on a realised basis. The net gain is taxed as capital income at a rate of up to 42 per cent. in 2015. However, the gain or loss will only be included in the taxable income when the net gain or loss for the year on debt claims, on debt denominated in foreign currency and on investment certificates in bond-based investment funds subject to minimum taxation in total exceeds DKK 2,000.

Gains and losses on Notes issued to corporate entities are taxed at the ordinary corporate income tax rate.

Structured notes can be designed in many ways and with many different underlying assets or in a way that the yield will depend on various index or currency flows. When structured notes are issued the following tax rules apply.

Gains and losses on structured notes are generally treated as gains and losses on financial instruments in accordance with section 29(3) of the Danish Capital and Exchange Gains Act. However, there are exceptions – for example, notes which are adjusted in relation to developments in the consumer prices index (as computed by Statistics Denmark (in Danish "*Danmarks Statistik*")), the net consumer-price index or a similar index within the European Union or any of its member states. The gains and losses are calculated irrespective of the rules applying to the underlying asset.

Gains and losses on structured notes issued to both corporate entities and individuals are predominantly treated as taxable income in accordance with a mark-to-market principle (in Danish "*lagerprincippet*"), i.e. on an unrealised basis.

Corporate entities are generally able to deduct losses on structured notes, but individuals may only deduct losses on structured notes against gains on other financial instruments. However, in both cases, certain restrictions and exceptions apply.

Pension funds and other entities governed by the Danish Act on Taxation of Pension Investments Returns (in Danish "*Pensionsafkastbeskatningsloven*") Consolidation Act No. 1126 of 10 October 2014 (as amended) are, irrespective of realisation, taxed on the annual increase or decrease in the fair market value of the Notes according to a mark-to-market principle (in Danish "*lagerprincippet*") as specifically laid down in the Danish Capital and Exchange Gains Act. The net return is generally taxed at a flat rate of 15.3 per cent.

#### *Non-resident Noteholders*

Under existing Danish tax laws, payments of interest or principal amounts to any non-resident Noteholder are not subject to taxation in Denmark. No withholding tax is payable with respect to such payments and any capital gain realised upon the sale, exchange or retirement of a Note is not subject to taxation in Denmark other than in certain cases on payments in respect of controlled debt as referred to in this sub-section under "*Taxation at source*" above.

This tax treatment applies solely to Noteholders who are not subject to full tax liability in Denmark or included in a Danish joint taxation scheme and do not carry on business in Denmark through a permanent establishment.

#### **Taxation of Warrants and Certificates**

Warrants and Certificates can either be taxed separately as a financial instrument or as a gain or loss on the underlying asset.

In order not to be taxed separately, a number of conditions must be met, including in particular, that the parties to the warrant instrument remain the same and that the underlying asset will be delivered (as opposed to cash settlement). If taxation takes place as taxation of the underlying asset, the nature of the taxation will depend on the type of asset in question.

If the underlying asset is a debt claim, taxation of such Warrants and Certificates will take place in accordance with the Act. If the underlying financial asset is of a kind that will lead to taxation under the Danish Act on Capital Gains Tax on Shares (in Danish: "*Aktieavancebeskatningsloven*") Consolidation Act No. 92 of 17 January 2015 (as amended), the holder of Warrants and Certificates will be deemed a shareholder for Danish tax purpose and be taxed in the following manner;

#### *Resident personal holders of Warrants and Certificates*

Sale, redemption or other disposals of Warrants and Certificates covered by the Danish Act on Capital Gains Tax on Shares are considered a realisation for Danish tax purposes. A capital gain or loss obtained by a Danish resident personal shareholder through a disposal of Warrants or Certificates is taxable or tax deductible in Denmark, respectively.

Capital gains will be subject to taxation as share income at a rate of 27 per cent. on annual share income up to DKK 49,900 and 42 per cent. of share income exceeding DKK 49,900. The stated amount limits are applicable for 2015. The amount limits are doubled for married couples co-habiting at the end of the income year. Losses upon the realisation of Warrants and Certificates can be deducted.

#### *Resident corporate holders of Warrants and Certificates*

Danish resident holders of shares are subject to tax on dividends. Companies holding at least 10 per cent of a Danish company (subsidiary shares) are as a general rule, however, not liable to pay tax on dividends irrespective of the period of ownership. The corporate tax rate is 23.5 per cent in 2015.

### *Non-Resident holders of Warrants and Certificates*

For non-tax residents, capital gains on shareholdings remain tax free irrespective of ownership percentage and ownership period. Generally, corporate shareholders are also exempt from tax on dividends if holding 10 per cent or more in a Danish company however exceptions apply. Dividends paid to corporate shareholders holding less than 10 per cent or dividends paid to individuals are subject to Danish withholding tax at a rate of up to 27 per cent.

## FINNISH TAXATION

*The following is a summary of certain tax consequences arising from Finnish tax legislation as in effect on the date of this Base Prospectus. Any subsequent changes in Finnish tax legislation or in the interpretation thereof may have an effect on the summary, also retroactively. The purpose of the summary is not to present completely all possible tax consequences arising from Finnish tax legislation. Especially, it should be noted that there is no special tax legislation and only limited case law regarding notes, warrants and certificates in Finland. Therefore, the following summary is based on an interpretation of general provisions of tax law. The summary is not exhaustive and potential purchasers who have any doubt or concern regarding their tax and/or legal position on purchase, ownership, transfer or exercise of any Securities should consult their own independent, professionally qualified tax and/or legal advisers as to the tax consequences of the purchase, ownership, transfer, exercise and lapse of Securities.*

### General

Finnish residents and non-residents are treated differently for tax purposes in Finland. Finnish residents are subject to taxation in Finland on their worldwide income. Non-residents who are not generally liable for tax in Finland are subject to taxation in Finland solely in respect of their Finnish source income. Generally, an individual is deemed to be Finnish resident if such an individual continuously resides in Finland for more than six months or if the permanent home and dwelling of such an individual is in Finland. A citizen of Finland who has moved abroad is regarded as a resident of Finland for Finnish tax purposes until three years has passed after the end of the year of emigration, even though the individual does not reside in Finland over six months or the permanent home and dwelling are not located in Finland, if such an individual cannot prove that he/she has not had any essential relationship to Finland in the tax year in question. Entities established under the laws of Finland are regarded as residents of Finland in accordance with domestic tax law. Double tax treaties may restrict the authority of the Finnish state to tax foreign source income of an individual or entity deemed as resident of Finland pursuant to Finnish domestic tax law.

### Income Tax

#### *Resident individuals and estates*

Interest and any similar income (e.g. interest compensation (in Finnish "jälkimarkkinahyvitys") and index compensation (in Finnish "indeksihyvitys") received as well as any gain arising from the transfer or exercise of the Securities is likely taxed as capital gain or other capital income, subject to capital income tax, of an individual and estate resident in Finland for tax purposes, unless the Security is considered to belong to the business activity of an individual or an estate.

Capital income is taxed at a rate of 30 per cent (to the extent the annual capital income of a Finnish private person exceeds EUR 30,000 the tax rate is 33 per cent) in accordance with the Finnish Income Tax Act. Taxable capital gains or losses are the difference between the sales price or the amount received in connection with the exercise and the aggregate of the acquisition cost of the securities and related expenses. Individuals and estates may elect to apply a so called presumptive acquisition cost instead of the actual acquisition cost. The presumptive acquisition cost is generally 20 per cent of the sales price or the amount received in connection with the exercise, but is 40 per cent of the sales price or the amount received in connection with the exercise for securities that have been held for at least ten years. If the presumptive acquisition cost is used instead of the actual acquisition cost, the related expenses are included in the presumptive acquisition cost, and therefore, may not be deducted in addition to the presumptive acquisition cost. However, capital gains are not regarded as taxable income if the total amount of the sales prices (or the amounts received in connection with the exercise) of the assets sold does not exceed EUR 1,000 in a calendar year.

Capital losses arising from the sale of securities, which are not considered to belong to the business activity of an individual or an estate, are deductible only from capital gains arising in the same year and the following five years. Capital losses are not tax-deductible if the acquisition costs of the assets sold do not exceed EUR 1,000 in a calendar

year and if the total amount of the sales prices (or the amounts received in connection with the exercise) does not exceed EUR 1,000 in the same calendar year.

Further, according to a decision of the Supreme Administrative Court (KHO:2013:117), unlisted warrants, subject to trading only in a system upheld by a financial institution, were considered marketable securities for tax purposes where the warrants were freely issued and transferable and qualified for listing as such. Losses accrued were considered deductible in the taxation of the holder of the warrants. Consequently, losses realized on the sale or redemption of the Securities, especially where publicly listed, are likely treated as a capital loss in taxation.

Payments under the Securities considered to belong to the business activity of an individual or an estate for Finnish tax purposes are included in the total business income of such individual or estate. The business income will be divided according to the Finnish Income Tax Act to be taxed as capital income at a rate of 30 per cent (to the extent the annual capital income of a Finnish private person exceeds EUR 30,000 the tax rate is 33 per cent) and earned income at a progressive tax rate.

### ***Resident corporates***

Interest and any similar income (e.g. interest compensation, (in Finnish "*jälkimarkkinahyvitys*") and index compensation, (in Finnish "*indekshyvitys*") received as well as any gain arising from the transfer or exercise of the Securities is generally included in the income arising from business activities (business income source) or from passive assets (other income source) of a Finnish company or the permanent establishment of a foreign company. The taxable income of a company is determined separately for business and other income sources. Both income sources are taxed at a flat rate of 20 per cent. The principal difference between the two sources of income concerns the deductibility of capital losses. The acquisition cost of the sold securities belonging to business activities is deductible for the company from other business income. Tax loss carry forwards (including capital losses) of a company (or the business activity of an individual or estate) are deductible from taxable business income in 10 subsequent tax years following the tax year for which the tax loss carry forwards was confirmed. Capital losses arising from the sale of Securities not belonging to the business activity of a company are, however, deductible only against capital gains arising in the same tax year and the following five tax years. The decision of the Supreme Administrative Court referred to above under "Resident individuals and estates" should also be applicable in terms of the taxation of resident corporates where losses accrue from the sale of Securities not belonging to the business activity of the company. Companies are not allowed to use the acquisition cost presumption described above.

### ***Non-residents***

Holders of Securities who are not Finnish residents are not generally subject to Finnish tax on payments received under the Securities or gains realised in the transfer, exercise or redemption of Securities in Finland, provided that the Securities in question do not relate to business carried out in Finland through a permanent establishment.

### ***Withholding***

The Issuer is not under an obligation to perform any withholding or deduction for or on account of any income tax imposed, levied, withheld or assessed by Finland or any political subdivision or taxing authority thereof or therein in respect of any payments under the Securities. Further, such payments may be made free of any withholding when the recipient of the payment is not resident in Finland for tax purposes, or is a corporate resident in Finland for tax purposes.

An agent or intermediary resident in Finland shall withhold advance income tax at the rate of 30 per cent from any interest, interest compensation (in Finnish "*jälkimarkkinahyvitys*") or index compensation, (in Finnish "*indekshyvitys*") paid to an individual or estate residing in Finland where such payment is made through the agent or intermediary.

**Wealth Tax**

There is no wealth tax in Finland.

**Transfer Tax**

No transfer tax will be due on the transfer of the Securities.

Where the Securities are physically settled, and where the underlying security is considered a security for the purposes of the Finnish Transfer Tax Act, such as a share issued by a Finnish company, transfer tax may be due on the transfer of the underlying (securities). However, in case the underlying securities would be considered as securities for Finnish transfer tax purposes, securities listed for public trading, as defined in Chapter 1 Section 3 of the Finnish Securities Market Act and in the Council Directive 2004/39/EC of 21 April 2004 on markets in financial instruments, and sold against a fixed cash consideration using a qualified securities broker or where the purchaser is accepted as a trading party in the relevant marketplace, are not subject to Finnish transfer tax in accordance with the Finnish Transfer Tax Act.

**Gift and Inheritance Tax**

In accordance with domestic tax law, transfer of securities by way of gift or inheritance is subject to Finnish gift or inheritance tax, respectively, if either the transferor or the transferee was resident for tax purposes in Finland at the time of death or donation. Finland's right to impose gift or inheritance tax on transfer of movable property in the form of gift or inheritance received by residents and non-residents of Finland may, however, be limited by virtue of double tax treaties.

## FRENCH TAXATION

*The descriptions below are intended as a basic summary of certain French tax consequences in relation to the holding of the Securities issued by BNPP. Potential purchasers of Securities are advised to consult their own appropriate independent and professionally qualified tax advisors as to the tax consequences of any investment in, or ownership of, the Securities.*

### Implementation of the Savings Directive in France

The Directive 2003/48/EC on the taxation of savings income has been implemented into French law under Article 242 *ter* of the French *Code Général des Impôts*, which imposes on paying agents based in France an obligation to report to the French tax authorities certain information with respect to interest payments made to beneficial owners domiciled in another Member State, including, among other things, the identity and address of the beneficial owner and a detailed list of the different categories of interest paid to that beneficial owner.

### Withholding tax on Securities issued by BNPP

*The withholding tax treatment will depend on the nature and characterisation of the Securities issued by BNPP.*

### Securities constituting debt instruments for French tax purposes

*The following may be relevant to holders of Securities issued by BNPP who do not concurrently hold shares of BNPP and who are not otherwise affiliated with BNPP within the meaning of Article 39,12 of the French *Code général des impôts*.*

Securities which are not consolidated (*assimilables* for the purpose of French law) with Securities issued before 1 March 2010

Payments of interest and other revenues with respect to Securities issued by BNPP which constitute debt instruments for French tax purposes fall under the French withholding tax regime pursuant to the French *loi de finances rectificative pour 2009* n°3 (n°2009-1674 dated 30 December 2009), applicable as from 1 March 2010 (the "**Law**"). Payments of interest and other revenues made by BNPP on such Securities (other than Securities which are consolidated (*assimilables* for the purpose of French law) and form a single series with Securities issued before 1 March 2010 with the benefit of Article 131 *quater* of the French *Code général des impôts*) will not be subject to the withholding tax set out under Article 125 A III of the French *Code général des impôts* unless such payments are made outside France in a non-cooperative State or territory (*Etat ou territoire non coopératif*) within the meaning of Article 238-0 A of the French *Code général des impôts* (a "**Non-Cooperative State**"). If such payments under the Securities are made in a Non-Cooperative State, a 75 per cent. withholding tax will be applicable (subject to certain exceptions described below and the more favourable provisions of an applicable double tax treaty) by virtue of Article 125 A III of the French *Code général des impôts*.

Furthermore, according to Article 238 A of the French *Code général des impôts*, interest and other revenues with respect to such Securities will not be deductible from BNPP's taxable income if they are paid or accrued to persons domiciled or established in a Non-Cooperative State or paid in such a Non-Cooperative State (the "**Deductibility Exclusion**"). Under certain conditions, any such non-deductible interest and other revenues may be recharacterised as constructive dividends pursuant to Article 109 of the French *Code général des impôts*, in which case such non-deductible interest and other revenues may be subject to the withholding tax set out under Article 119 *bis* of the French *Code général des impôts*, at a rate of 30 per cent. or 75 per cent., (subject to the more favourable provisions of an applicable double tax treaty).

Notwithstanding the foregoing, neither the 75 per cent. withholding tax set out under Article 125 A III of the French *Code général des impôts* nor the Deductibility Exclusion will apply in respect of a particular issue of Securities if BNPP

can prove that the principal purpose and effect of such issue of Securities was not that of allowing the payments of interest or other revenues to be made in a Non-Cooperative State (the **Exception**). Pursuant to the *Bulletin Officiel des Finances Publiques-Impôts* BOI-INT-DG-20-50-20140211 n°550 and 990, BOI-RPPM-RCM-30-10-20-40-20140211 n°70 and 80, BOI-IR-DOMIC-10-20-20-60-20150320 n°10 and BOI-ANNX-000364-20120912 n°20, an issue of Securities will benefit from the Exception without BNPP having to provide any proof of the purpose and effect of such issue of Securities, if such Securities are:

- (i) offered by means of a public offer within the meaning of Article L.411-1 of the French *Code monétaire et financier* or pursuant to an equivalent offer in a State other than a Non-cooperative State. For this purpose, an "equivalent offer" means any offer requiring the registration or submission of an offer document by or with a foreign securities market authority; or
- (ii) admitted to trading on a regulated market or on a French or foreign multilateral securities trading system provided that such market or system is not located in a Non-Cooperative State, and the operation of such market is carried out by a market operator or an investment services provider, or by such other similar foreign entity, provided further that such market operator, investment services provider or entity is not located in a Non-Cooperative State; or
- (iii) admitted, at the time of their issue, to the clearing operations of a central depository or of a securities clearing and delivery and payments systems operator within the meaning of Article L.561-2 of the French *Code monétaire et financier*, or of one or more similar foreign depositories or operators provided that such depository or operator is not located in a Non-Cooperative State.

Securities which are consolidated (*assimilables* for the purpose of French law) with Securities issued before 1 March 2010.

Payments of interest and other revenues with respect to Securities issued by BNPP which constitute debt instruments for French tax purposes and which are consolidated (*assimilables* for the purpose of French law) and form a single series with Securities issued before 1 March 2010 with the benefit of Article 131 *quater* of the French *Code général des impôts* will be exempt from the withholding tax set out under Article 125 A III of the French *Code général des impôts*.

Securities issued before 1 March 2010, whether denominated in Euro or in any other currency, constituting *obligations* under French law, or *titres de créances négociables* within the meaning of the *Bulletin Officiel des Finances Publiques-Impôts* BOI-RPPM-RCM-30-10-30-30-20140211, or other debt securities issued under French or foreign law and considered by the French tax authorities as falling into similar categories, are deemed to be issued outside the Republic of France for the purpose of Article 131 *quater* of the French *Code général des impôts*, in accordance with the above mentioned *Bulletin Officiel des Finances Publiques-Impôts*.

In addition, interest and other revenues paid by BNPP on Securities which constitute debt instruments for French tax purposes, which are issued from 1 March 2010 and which are to be consolidated (*assimilables* for the purpose of French law) and form a single series with Securities issued before 1 March 2010 will not be subject to the Deductibility Exclusion, and hence will not be subject to the withholding tax set out in Article 119 *bis* of the French *Code général des impôts* solely on account of their being paid in a Non-Cooperative State or accrued or paid to persons established or domiciled in a Non-Cooperative State.

#### ***Securities held by individuals who are fiscally domiciled in France***

Where the paying agent (*établissement payeur*) is established in France, pursuant to Article 125 A of the French *Code général des impôts*, subject to certain limited exceptions, interest and other revenues received by individuals who are fiscally domiciled (*domiciliés fiscalement*) in France are subject to a 24 per cent. withholding tax, which is deductible from their personal income tax liability in respect of the year in which the payment has been made. Social contributions (CSG, CRDS and other related contributions) are also levied by way of withholding tax at an aggregate rate of 15.5 per

cent. on such interest and other revenues paid to individuals who are fiscally domiciled (*domiciliés fiscalement*) in France.

### ***Securities issued by BNPP not constituting debt instruments for French tax purposes***

Payments in respect of Securities issued by BNPP which do not constitute debt instruments for French tax purposes should not be subject to, or should be exempt from, withholding tax provided that the beneficial owner of such Securities and the payments thereunder is resident or domiciled in a country which has entered into an appropriate double taxation treaty with France, fulfils the relevant requirements provided in such treaty and payments under the relevant Securities are not paid or accrued to persons domiciled or established in a Non-Cooperative State or paid in such a Non-cooperative State.

In addition, payments in respect of such Securities may, in certain circumstances, be non-deductible (in whole or in part) for French tax purposes if they are paid or accrued to persons domiciled or established in a Non-Cooperative State or paid in such a Non-Cooperative State. Under certain conditions, and subject to the more favourable provisions of an applicable double tax treaty, such non-deductible payments may be recharacterised as constructive dividends pursuant to Articles 109 of the French *Code général des impôts* subject to the withholding tax set out under Article 119 *bis* of the French *Code général des impôts* at a rate of up to 75 per cent..

Potential purchasers of Securities who are resident or domiciled in a country which has not entered into an appropriate double tax treaty with France or who are domiciled or established in a Non-Cooperative State are advised to consult their own appropriate independent and professionally qualified tax advisors as to the tax consequences of any investment in, ownership of, or transactions involving the Securities.

### **Transfer tax and other taxes**

*The following may be relevant in connection with Securities which may be settled, redeemed or repaid by way of physical delivery of certain French listed shares (or certain assimilated securities).*

Pursuant to Article 235 *ter* ZD of the French *Code général des impôts*, a financial transaction tax (the **Financial Transaction Tax**) is applicable to any acquisition for consideration, resulting in a transfer of ownership, of an equity security (*titre de capital*) as defined by Article L.212-1 A of the French *Code monétaire et financier*, or of an assimilated equity security, as defined by Article L.211-41 of the French *Code monétaire et financier*, admitted to trading on a recognised stock exchange when the said security is issued by a company whose registered office is situated in France and whose market capitalisation exceeds 1 billion Euros on 1 December of the year preceding the year in which the acquisition occurs (the "**French Shares**"). The Financial Transaction Tax could apply in certain circumstances to the acquisition of French Shares in connection with the repayment, redemption or settlement of any Securities.

There are a number of exemptions from the Financial Transaction Tax and investors should consult with their counsel to identify whether they can benefit from them.

The rate of the Financial Transaction Tax is 0.2 per cent. of the acquisition value of the French Shares.

If the Financial Transaction Tax applies to an acquisition of French Shares, this transaction is exempt from transfer taxes (*droits de mutation à titre onéreux*) which generally apply at a rate of 0.1 per cent. to the sale of shares issued by a company whose registered office is situated in France, provided that in case of shares listed on a recognised stock exchange, transfer taxes are due only if the transfer is evidenced by a written deed or agreement.

## GERMAN TAXATION

*The following is a general discussion of certain German tax consequences of the acquisition, holding and disposal of Securities. It does not purport to be a comprehensive description of all German tax considerations that may be relevant to a decision to purchase Securities, and, in particular, does not consider any specific facts or circumstances that may apply to a particular purchaser. This summary is based on the tax laws of Germany currently in force and as applied on the date of this Base Prospectus, which are subject to change, possibly with retroactive or retrospective effect.*

*As each series of Securities may be subject to a different tax treatment due to the specific terms of such series of Securities as set out in the respective Final Terms, the following section only provides some general information on the possible tax treatment. Tax consequences that may arise if an investor combines certain series of Securities so that he or she derives a certain return are not discussed herein.*

*Prospective purchasers of Securities are advised to consult their own tax advisors as to the tax consequences of the purchase, ownership and disposal of Securities, including the effect of any state, local or church taxes, under the tax laws of Germany and any country of which they are resident or whose tax laws apply to them for other reasons.*

### German Tax Residents

The section "German Tax Residents" refers to persons who are tax residents of Germany (*i.e.*, persons whose residence, habitual abode, statutory seat, or place of effective management and control is located in Germany).

#### *Withholding tax on ongoing payments and capital gains*

Ongoing payments received by a private Holder of Securities will be subject to German withholding tax if the Securities are kept or administrated in a custodial account with a German branch of a German or non-German bank or financial services institution, a German securities trading company or a German securities trading bank (each, a "**Disbursing Agent**", *auszahlende Stelle*). The tax rate is 25 per cent. (plus solidarity surcharge at a rate of 5.5 per cent. thereon, the total withholding being 26.375 per cent.). For individuals who are subject to church tax an electronic information system for church withholding tax purposes applies in relation to investment income, with the effect that church tax will be collected by the Disbursing Agent by way of withholding unless the investor has filed a blocking notice (*Sperrvermerk*) with the German Federal Central Tax Office (*Bundeszentralamt für Steuern*) in which case the investor will be assessed to church tax.

The same treatment applies to capital gains (*i.e.* the difference between the proceeds from the disposal, redemption, repayment or assignment after deduction of expenses directly related to the disposal, redemption, repayment or assignment and the cost of acquisition) derived by a private Holder of Securities provided the Securities have been kept or administrated in a custodial account with the same Disbursing Agent since the time of their acquisition. If similar Securities kept or administrated in the same custodial account were acquired at different points in time, the Securities first acquired will be deemed to have been sold first for the purposes of determining capital gains. Where Securities are acquired and/or sold or redeemed in a currency other than Euro, the sales/redemption price and the acquisition costs have to be converted to Euro on the basis of the foreign exchange rates prevailing on the sale or redemption date and the acquisition date respectively with the result that any currency gains or losses are part of the capital gains. If interest coupons or interest claims are disposed of separately (*i.e.* without the Securities), the proceeds from the disposition are subject to withholding tax. The same applies to proceeds from the payment of interest coupons or interest claims if the Securities have been disposed of separately.

If Securities qualifying as a forward/futures transaction (*Termingeschäft*) according to sec. 20 para. 2 sent. 1 no. 3 German Income Tax Act (*Einkommensteuergesetz*) are settled by a cash payment, capital gains realised upon exercise (*i.e.* the cash amount received minus directly related costs and expenses, *e.g.* the acquisition costs) are subject to withholding tax. In the event of physical delivery, the acquisition costs of such Securities plus any additional sum paid

upon exercise are generally regarded as acquisition costs of the underlying assets received upon physical settlement. Withholding tax may then apply to any gain resulting from the subsequent disposal, redemption, repayment or assignment of the assets received. In case of certain assets being the underlying (e.g. commodities or currencies) a subsequent sale of the underlying received may not be subject to German withholding tax as outlined in this section but any disposal gain may be fully taxable at the personal income tax rate of the private Holder.

In case of a physical settlement of certain Securities (not qualifying as forward/futures transactions) which grant the Issuer or the Holder of the Securities the right to opt for a delivery of other securities instead of a cash payment, the acquisition costs of the Securities may be regarded as proceeds from the disposal, redemption, repayment or assignment of the Securities and hence as acquisition costs of the Underlying received by the private Holder of the Securities upon physical settlement; any consideration received by the Holder of the Securities in addition to the Underlying received may be subject to withholding tax. To the extent the provision mentioned above is applicable, generally no withholding tax has to be withheld by the Disbursing Agent upon physical settlement as such exchange of the Securities into the Underlying does not result in a taxable gain for the private Holder of the Securities. However, withholding tax may then apply to any gain resulting from the disposal, redemption, repayment or assignment of the securities received in exchange for the Securities. In this case, the gain will be the difference between the proceeds from the disposal, redemption, repayment or assignment of the Underlying and the acquisition costs of the Securities (after deduction of expenses related directly to the disposal, if any).

To the extent the Securities have not been kept or administrated in a custodial account with the same Disbursing Agent since the time of their acquisition, upon the disposal, redemption, repayment or assignment withholding tax applies at a rate of 26.375 per cent. (including solidarity surcharge, plus church tax, if applicable) on 30 per cent. of the disposal proceeds (plus interest accrued on the Securities ("**Accrued Interest**", *Stückzinsen*), if any), unless the current Disbursing Agent has been notified of the actual acquisition costs of the Securities by the previous Disbursing Agent or by a statement of a bank or financial services institution within the European Economic Area or certain other countries in accordance with art. 17 para. 2 of the Savings Directive (e.g. Switzerland or Andorra).

Pursuant to a tax decree issued by the German Federal Ministry of Finance dated 9 October 2012 a bad debt-loss (*Forderungsausfall*) and a waiver of a receivable (*Forderungsverzicht*), to the extent the waiver does not qualify as a hidden capital contribution, shall not be treated like a disposal. Accordingly, losses suffered upon such bad debt-loss or waiver shall not be tax-deductible. The same rules should be applicable according to the said tax decree, if Securities expire worthless so that losses may not be tax-deductible at all. A disposal of the Securities will only be recognised according to the view of the tax authorities, if the received proceeds exceed the respective transaction costs. Where Securities provide for instalment payments, such instalment payments shall always qualify as taxable savings income, unless the terms and conditions of the Securities provide explicit information regarding redemption or partial redemption during the term of the Securities and the contractual parties comply with these terms and conditions. It is further stated in the tax decree that, if, in the case of Securities providing for instalment payments, there is no final payment at maturity, the expiry of such Securities shall not be deemed as a sale, with the consequence that any remaining acquisition costs could not be deducted for tax purposes. Similarly, any remaining acquisition costs of Securities providing for instalment payments shall not be tax-deductible if the Securities do not provide for a final payment or are terminated early without a redemption payment because the respective underlying has left the defined corridor or has broken certain barriers (e.g. in knock-out structures). Although the tax decree only refers to instruments with instalment payments, it cannot be excluded that the German tax authorities apply the above principles also to other kinds of full-risk securities.

In computing any German tax to be withheld, the Disbursing Agent will - subject to certain requirements and restrictions - deduct from the basis of the withholding tax negative investment income realised by a private Holder of Securities via the Disbursing Agent (e.g. losses from the sale of other securities with the exception of shares). The Disbursing Agent will also deduct Accrued Interest on the Securities, if any, or other securities paid separately upon the acquisition of the respective security by a private Holder via the Disbursing Agent. In addition, subject to certain requirements and restrictions the Disbursing Agent will credit foreign withholding taxes levied on investment income in

a given year regarding securities held by a private Holder of Securities in the custodial account with the Disbursing Agent.

Private Holders of Securities may be entitled to an annual allowance (*Sparer-Pauschbetrag*) of EUR 801 (EUR 1,602 for married couples and for partners in accordance with the registered partnership law (*Gesetz über die Eingetragene Lebenspartnerschaft*) filing jointly) for all investment income received in a given year. Upon the private Holder of Securities filing an exemption certificate (*Freistellungsauftrag*) with the Disbursing Agent, the Disbursing Agent will take the allowance into account when computing the amount of tax to be withheld. No withholding tax will be deducted if the Holder of Securities has submitted to the Disbursing Agent a certificate of non-assessment (*Nichtveranlagungsbescheinigung*) issued by the competent local tax office.

German withholding tax will not apply to gains from the disposal, redemption, repayment or assignment of Securities held by a corporation as Holder of Securities while ongoing payments, such as interest payments, are subject to withholding tax (irrespective of any deductions of foreign tax and capital losses incurred). The same may apply where the Securities form part of a trade or business or are related to income from letting and leasing of property, subject to further requirements being met.

#### *Taxation of current income and capital gains*

The personal income tax liability of a private Holder of Securities deriving income from capital investments under the Securities is, in principle, settled by the tax withheld. To the extent withholding tax has not been levied, such as in the case of Securities held in custody abroad or if no Disbursing Agent is involved in the payment process, the private Holder of Securities must report his or her income and capital gains derived from the Securities on his or her tax return and then will also be taxed at a rate of 25 per cent. (plus solidarity surcharge and church tax thereon, where applicable). If the withholding tax on a disposal, redemption, repayment or assignment has been calculated from 30 per cent. of the disposal proceeds (rather than from the actual gain), a private Holder of Securities may and in case the actual gain is higher than 30 per cent. of the disposal proceeds must also apply for an assessment on the basis of his or her actual acquisition costs. Further, a private Holder of Securities may request that all investment income of a given year is taxed at his or her lower individual tax rate based upon an assessment to tax with any amounts over-withheld being refunded. In each case, the deduction of expenses (other than transaction costs) on an itemised basis is not permitted.

Losses incurred with respect to Securities can only be offset against investment income of the private Holder of Securities realised in the same or the following years. Any losses realised upon the disposal of shares in stock corporations received in exchange for the Securities can only be offset against capital gains deriving from the disposal of shares.

Where Securities form part of a trade or business or the income from the Securities qualifies as income from the letting and leasing of property the withholding tax, if any, will not settle the personal or corporate income tax liability. Where Securities form part of a trade or business, interest accrued on the Securities must be taken into account as income. The respective Holder of Securities will have to report income and related (business) expenses on the tax return and the balance will be taxed at the Holder's applicable tax rate. Withholding tax levied, if any, will be credited against the personal or corporate income tax of the Holder of Securities. Where Securities form part of a German trade or business the current income and gains from the disposal, redemption, repayment or assignment of the Securities may also be subject to German trade tax.

In general, the deductibility of losses derived from the exercise, disposal or expiration of Securities which qualify for tax purposes as forward/futures transactions is limited. These losses may only be applied against profits from other forward/futures transactions derived in the same or, subject to certain restrictions, the previous year. Otherwise these losses can be carried forward indefinitely and applied against profits from forward/futures transactions in subsequent years. This generally does not apply to forward/futures transactions hedging the investor's ordinary business. Further special rules apply to credit institutions, financial services institutions and finance companies within the meaning of the German Banking Act.

In the case of physically settled Securities further limitations may apply to losses from the disposal of an Underlying which is a share in a corporation.

#### *German investment taxation*

German tax consequences different from those discussed above would arise if the Underlying delivered upon physical settlement were to be regarded as investment fund units within the meaning of the German Investment Tax Act (*Investmentsteuergesetz*). In such case, the withholding tax requirements for the Disbursing Agent as well as the taxation of the Holder of Securities would depend on whether the disclosure and reporting requirements of the German Investment Tax Act were fulfilled. The Holder of Securities may be subject to tax on unrealised income or, in case the reporting and disclosure requirements are not fulfilled, on income deemed received on a lump-sum basis. Such income may be offset against any capital gains realised upon disposal of the Securities or the underlying securities received, respectively, subject to certain requirements.

#### **Non-German Tax Residents**

Interest and capital gains are not subject to German taxation, unless (i) the Securities form part of the business property of a permanent establishment, including a permanent representative, or a fixed base maintained in Germany by the Holder of Securities; or (ii) the income otherwise constitutes German-source income. In cases (i) and (ii) a tax regime similar to that explained above under "*German Tax Residents*" applies.

Non-German tax residents are, in general, exempt from German withholding tax on interest and capital gains. However, where the income is subject to German taxation as set forth in the preceding paragraph and the Securities are kept or administrated in a custodial account with a Disbursing Agent, withholding tax may be levied under certain circumstances. Where Securities are not kept or administrated in a custodial account with a Disbursing Agent and interest or proceeds from the disposal, assignment or redemption of a Security or an interest coupon are paid by a Disbursing Agent to a non-resident upon delivery of the Securities or interest coupons, withholding tax generally will also apply. The withholding tax may be refunded based on an assessment to tax or under an applicable tax treaty.

#### **Inheritance and Gift Tax**

No inheritance or gift taxes with respect to any Securities will arise under the laws of Germany, if, in the case of inheritance tax, neither the deceased nor the beneficiary, or, in the case of gift tax, neither the donor nor the donee, is a resident of Germany and such Security is not attributable to a German trade or business for which a permanent establishment is maintained, or a permanent representative has been appointed, in Germany. Exceptions from this rule apply to certain German expatriates.

#### **Other Taxes**

No stamp, issue or registration taxes or such duties will be payable in Germany in connection with the issuance, delivery or execution of the Securities. Currently, net assets tax is not levied in Germany.

The European Commission and certain EU Member States (including Germany) are currently intending to introduce a financial transaction tax (**FTT**) (presumably on secondary market transactions involving at least one financial intermediary). It is currently uncertain when the proposed FTT will be enacted by the participating EU Member States and when the FTT will enter into force with regard to dealings with Securities.

#### **Savings Directive**

By legislative regulations dated 26 January 2004 the German Federal Government enacted provisions implementing the information exchange on the basis of the Savings Directive into German law. These provisions apply from 1 July 2005.

For further information, please refer to the section "EU DIRECTIVE ON THE TAXATION OF SAVINGS INCOME" above.

**No gross-up for taxes withheld**

Purchasers of the Securities should note that according to the Terms and Conditions neither the relevant Issuer nor the Guarantor (if applicable) nor any Paying Agent or any other person will assume any liability for taxes withheld from payments under the Securities, nor make any additional payments in regard of these taxes, i.e. no gross-up will apply if a withholding tax is imposed.

## GREEK TAXATION

*The following section is a summary discussion of certain Greek tax consequences of the acquisition, ownership and disposition of Securities by prospective investors **who are subject to tax in Greece for their worldwide income on the basis of their domicile, residence, corporate seat or otherwise** (for more information, see below under "General Remarks"). It does not purport to be a comprehensive description or listing of all Greek tax considerations that may be relevant to a decision to purchase Securities, and it does not take into account any specific facts or circumstances that may apply to a particular investor. This discussion is not intended to be legal or tax advice, nor should it be construed as such. The summary is based on Greek tax law as currently in force and as applied at the date of this Base Prospectus, all of which are subject to change at any time, possibly with retroactive effect and without notice. A new Greek Income Tax Code was very recently brought into force (by virtue of Law 4172/2013, effective as of the 1st January 2014, as amended from time to time) and very little, if any, precedent or authority exists as to the interpretation and application of this new Income Tax Code. The Greek Government has announced its intention to introduce further changes to the new Income Tax Code, but the exact content thereof has not yet been disclosed. Each series of Securities may be subject to a different tax treatment due to the specific terms of such series of Securities as set out in the respective Final Terms and, thus, the following section only provides some general information on their possible Greek tax treatment. Prospective investors are urged to consult their own tax advisors as to the specific consequences under Greek tax law of the acquisition, ownership and disposition of the Securities in their own particular factual circumstances.*

### General remarks

Individuals having their permanent or main domicile (*κατοικία*) and/or their habitual abode (*συνήθη διαμονή*) and/or the centre of their vital interests in Greece are considered a tax resident of Greece and are subject to Greek income tax on their worldwide income (unlimited income tax liability). Moreover, an individual is considered a tax resident of Greece and is subject to Greek income tax for her/his worldwide income, if the individual spends in Greece more than 183 days (not necessarily consecutive); the 183 days are calculated on a rolling basis. Individuals not considered a tax resident of Greece may be subject to Greek income tax only on income arising from a Greek source (limited income tax liability).

Companies (such as corporations, limited liability companies, general or limited partnerships, civil companies etc.) and other entities established pursuant to the Laws of Greece and/or having their place of effective management and/or their corporate seat in Greece are considered a tax resident of Greece and are subject to Greek income tax on their worldwide income (unlimited income tax liability). Companies not established pursuant to the Laws of Greece and having neither their place of effective management nor their legal seat in Greece may be subject to Greek income tax only in respect of income arising from a Greek source (limited income tax liability).

An individual or an entity who has limited income tax liability in Greece, will not be taxed in respect of income comprising of interest, revenues and/or capital gains arising under the Securities, except if: (i) the Securities form part of the business property of a permanent establishment or other fixed base maintained by the beneficiary in Greece, or (ii) such income constitutes income arising from a Greek source.

The right of the Greek State to tax a foreign tax resident may be limited or restricted by application of a double taxation treaty, on condition that such foreign tax resident produces the appropriate Standard Form tax residence certificate.

### Income tax

#### a) *Payment of principal under the Securities and the Guarantee*

No Greek income tax should be imposed on payments who qualify as payment of principal to any holder of Securities in respect of the Securities or under the Guarantee.

*b) Payments of interest on the Securities*

In so far as any payments under the Securities qualify as payments of interest pursuant to Greek tax law:

Payments of interest to holders of Securities who neither reside nor maintain a permanent establishment in Greece for Greek tax law purposes (the "**Non-Resident Security Holders**") will not be subject to Greek income tax, provided that such payments are made outside of Greece by a paying or other similar agent who neither resides nor maintains a permanent establishment in Greece for Greek tax law purposes.

Payments of interest to holders of Securities who either reside or maintain a permanent establishment in Greece for Greek tax law purposes (the "**Resident Security Holders**") will be subject to Greek withholding income tax at a flat rate of 15%, if such payments are made to Resident Security Holders by a paying or other similar agent who either resides or maintains a permanent establishment in Greece for Greek tax law purposes; otherwise, the interest payments will be taxed via the annual income tax return of the Resident Security Holders. The 15% tax will - as a rule - exhaust the tax liability of Resident Security Holders who are natural persons (individuals), while it will not exhaust the tax liability for other types of holders of Securities.

It is not clear if payments under Securities which qualify as derivative instruments will be considered as payments of interest or will be treated differently for tax purposes.

*c) Payments of interest under the Guarantee*

Payments of interest under the Guarantee made to Non-Resident Holders and Resident Holders are likely to have the same income tax treatment, as payments of interest on the Securities described above, subject to any different view that may be adopted by the competent Greek authorities and ultimately Greek Courts.

*d) Disposal of Securities – Capital Gains*

Generally, taxable capital gain equals to the positive difference between the consideration received from the disposal of Securities and the acquisition price of the same Securities. For these purposes, expenses directly linked to the acquisition or sale of the Securities, are included in the acquisition or sale price. Any capital gains resulting from the transfer of Securities and earned by:

- (i) Non-Resident Security Holders, will not be subject to Greek income tax.
- (ii) Resident Security Holders who are natural persons (individuals) will be subject to Greek income tax at a flat rate of 15%, in so far as the Securities qualify as corporate bonds, notes or derivative instruments. In the event that a transfer of Securities may be treated as deriving from business activity, income tax will be imposed according to the applicable tax rate scale (26% - 33%). According to Ministry of Finance guidelines no. 1032/2015, in the case of derivative instruments, this 15% tax also applies in respect of gains realized by the individual upon closing his/her position on or before termination of the relevant agreement. The law provides that the gains from the disposal of securities listed on a "stock exchange market" are subject to the 15% tax only if the seller participates with a percentage of at least 0.5% in the issuer; above Ministry of Finance guidelines interpret narrowly this exemption, as covering only listed instruments, such as warrants, where the underlying investment comprises exclusively of shares in a société anonyme or equivalent company form.
- (iii) Resident Security Holders who are legal persons or other entities will be subject to Greek corporate tax either at the rate of 26% (if keeping double entry books) or according to the tax rate scale of 26% - 33% (if keeping single entry books).
- (iv) Pursuant to Ministry of Finance guidelines no. 1032/2015, gains realized upon a disposal of corporate bonds issued by a European Union company are exempt from Greek income tax. Such exemption can be available only in so far as the instruments qualify, for Greek tax law purposes, as bonds issued in the context of a bond loan. The exemption

is final in respect of Resident Security Holders who are: (a) natural persons (individuals) or (b) legal persons or other entities with single entry books. However, in respect of Resident Security Holders who are legal persons or other entities with double entry books, the exemption operates as a tax deferral.

### **Solidarity Levy**

Pursuant to article 29 of Law 3986/2011 as in force, the net taxable income of an individual exceeding the EUR 12,000, which is reported in a Greek annual personal income tax return, is subject to an annual levy called solidarity levy (*εισφορά αλληλεγγύης*). For annual net income exceeding the EUR 100,001 the rate of the levy rises to 4%. This imposition applies to both taxable and tax exempt income. The effect of the solidarity levy originally expired in connection with income generated as of the 1st January 2015 and thereafter. However, it was extended in respect of income generated in 2015 and 2016, while the rates are reduced by 30% during the extension period. A new increase of the tax rates for the solidarity levy cannot be excluded.

### **EU Savings Directive**

Greece enacted the information exchange system provided under the EU Savings Directive by Law 3312/2005. For further details on the EU Savings Directive, please refer to the section "EU directive on the taxation of savings income" above.

### **Value Added Tax**

Generally, a payment in consideration for the issuance of the Securities, a cash payment made under the Securities, or/and a transfer of the Securities against consideration, will not generate an obligation for Greek value added tax.

### **Inheritance and gift taxes**

Pursuant to Law 2961/2001 as in force, the acquisition of Securities by reason of donation or inheritance is subject to tax at a progressive rate which is dependent on: (i) the degree of relationship between donor-donee or deceased-heir, and (ii) the value of gift or estate, and (iii) the previous gifts from the donor or deceased. The value of the gift or estate is calculated on the day preceding the date of donation or death. In general, Greece has a right to impose inheritance or donation tax on the basis of the nationality or the residence of the transferor and the transferee, as well as on the basis of the place where the property so transferred is situated.

## HUNGARIAN TAXATION

*The following is a general discussion of certain Hungarian tax consequences relating to the acquisition and ownership of Securities. It does not purport to be a comprehensive description of all tax considerations which may be relevant to a decision to purchase Securities, and, in particular, does not consider any specific facts or circumstances that may apply to a particular purchaser. It is based on laws currently in force in Hungary and applicable on the date of this Base Prospectus, but subject to change, possibly with retrospective effect. The acquisition of the Securities by non-Hungarian holders of Securities, or the payment of interest under the Securities may trigger additional tax payments in the country of residence of the holder of Securities, which is not covered by this summary, but where the provisions of the treaties on the avoidance of double taxation should be taken into consideration. Prospective purchasers of Securities are advised to consult their own tax advisers as to the tax consequences of the purchase, ownership and disposition of Securities, including the effect of any state or local taxes, under the tax laws of Hungary and each country of which they are residents.*

### **Withholding tax (foreign resident individual holders of Securities)**

The payments of interest on and yield realised upon the redemption or sale of publicly offered and traded Securities (**Interest Income**) is taxed at 16 per cent. Securities listed on a regulated market of an EEA member state are considered publicly offered and traded Securities.

The proceeds paid on privately placed Securities which are not listed on a regulated market of an EEA member state is considered as other income (**Other Income**) which is taxable as part of the individual's aggregated income (the tax payable is 16 per cent.). The capital gains realised on the sale of such Securities is considered, as a general rule, capital gains income (**Capital Gains Income**). The tax rate applicable to Capital Gains Income is 16 per cent.

Foreign resident individual holders of Securities are subject to tax in Hungary if they realise Interest Income from Hungarian sources or income that is otherwise taxable in Hungary if the international treaty or reciprocity so requires. Interest Income should be treated as having a Hungarian source where:

- (a) the Issuer is resident in Hungary for tax purposes;
- (b) the Issuer has a permanent establishment in Hungary and Interest Income realised on the basis of the Securities is paid by the Hungarian permanent establishment of the Issuer;
- (c) the foreign resident individual holder of Securities has a permanent establishment in Hungary to which the Interest Income is attributable.

The tax on payments of the Interest Income is to be withheld by the "Payor" (*kifizető*) (as defined below).

Pursuant to Act XCII of 2003 on the Rules of Taxation (**ART**) a "Payor" means a Hungarian resident legal person, organisation, or private entrepreneur who provides taxable income, irrespective of whether such payment is made directly or through an intermediary (post office, credit institution). In respect of interest, Payor shall mean the borrower of a loan or, the issuer of a note, including, the investment service provider or credit institution providing the interest instead of it. In respect of revenues originating from a transaction concluded with the involvement of a licensed stockbroker, "Payor" shall mean such stockbroker. The Hungarian permanent establishment of a foreign resident entity is also considered as a "Payor".

Interest, as defined by Schedule 7 of the ART (which implements the provisions of the Savings Directive), realised on the Securities by citizens of any other Member State of the European Union is not subject to Hungarian tax where a paying agent based in Hungary is obliged to provide data to the Hungarian state tax authority on the basis of Schedule 7 of the ART.

A foreign resident individual holder who does not have a permanent establishment in Hungary is not subject to tax in Hungary if he realises Capital Gains Income from Hungary since such income is not considered as Hungarian source income.

Please note that the provisions of the applicable double tax conventions, if any, should be considered when assessing the Hungarian tax liabilities of a foreign resident individual holder.

#### **Withholding tax (foreign resident corporate holders of Securities)**

Interest on Securities paid to foreign resident corporate holders of Securities who do not have a permanent establishment in Hungary, by resident legal entities or other persons and any capital gains realised by such foreign resident holders of Securities on the sale of the Securities is not subject to tax in Hungary. The tax liability of a foreign resident corporate holder of Securities, which has a permanent establishment in Hungary is limited, in general, to the income from business activities realised through its Hungarian permanent establishment.

#### **Taxation of Hungarian resident individual holders of Securities**

Act CXVII of 1995 on Personal Income Tax (the **Personal Income Tax Act**) applies to the tax liability of Hungarian and foreign private individuals. The tax liability of Hungarian resident private individuals covers the worldwide income of such persons.

According to the provisions of the Personal Income Tax Act, in the case of individual holders of Securities, Interest Income is the income paid as interest and the capital gains realised upon the redemption or the sale of publicly offered and publicly traded debt securities. The withholding tax on Interest Income is 16 per cent. Securities listed on a regulated market of an EEA member state are considered publicly offered and traded Securities.

The proceeds paid on privately placed Securities which are not listed on a regulated market of an EEA member state is considered as Other Income which is taxable as part of the individual's aggregated income (the tax payable is 16 per cent.) (and may be subject to a health care contribution of 27 per cent., as well). The capital gains realised on the sale or redemption of such Securities is considered, as a general rule, Capital Gains Income. The tax rate applicable to Capital Gains Income is 16 per cent. Pursuant to Act LVXI of 1998 on Healthcare Contributions (the "**Healthcare Contributions Act**"), Interest Income and Capital Gains Income realised by Hungarian resident individual subject to further conditions is generally subject to 6 per cent. and 14 per cent. healthcare contributions respectively.

The rules of the Personal Income Tax Act may in certain circumstances impose a requirement upon the "Payor" (*kifizető*) (as defined below) to withhold tax on the interest payments to individual holders of Securities. In certain circumstances, the Healthcare Contributions Act imposes a requirement upon the "Payor" to withhold healthcare contributions on the interest payments to individual holders of Securities.

Pursuant to the ART the definition of a "Payor" covers a Hungarian resident legal person, other organisation, or private entrepreneur that (who) provides taxable income, irrespective of whether such payment is made directly or through an intermediary (post office, credit institution). In respect of interest, **Payor** shall mean the borrower of a loan or the issuer of a note including, the investment service provider or credit institution providing the interest instead of it. In respect of revenues originating from a transaction concluded with the involvement of a licensed stockbroker, **Payor** shall mean such stockbroker. In respect of income that is earned in a foreign country and taxable in Hungary, **Payor** shall mean the "paying agent" (*megbízott*) (legal person, organisation, or private entrepreneur) having tax residency in Hungary, except in cases where the role of a financial institution is limited to performing the bank transfer or payment.

#### **Taxation of Hungarian resident corporate holders of Securities**

Under Act LXXXI of 1996 on Corporate Tax and Dividend Tax (the **Corporation Tax Act**), Hungarian resident taxpayers have a full, all-inclusive tax liability. In general, resident entities are those established under the laws of

Hungary (i.e. having a Hungarian registered seat). Foreign persons having their place of management in Hungary are also considered as Hungarian resident taxpayers.

In general, interest and capital gains realised by Hungarian resident corporate holders of Securities on the Securities will be taxable in the same way as the regular income of the holders of Securities. The corporation tax rate in Hungary is 10 per cent. up to the first HUF 500 million of the taxpayer's annual profit before tax income and 19 per cent. for the part exceeding the HUF 500 million threshold.

Financial institutions, financial enterprises, insurance companies and investment enterprises may be subject to local business tax and innovation tax on the basis of the proceeds realised on Securities.

## **IRISH TAXATION**

*The following is a summary of the Irish withholding tax treatment of the Securities. The summary does not purport to be a comprehensive description of all of the Irish tax considerations that may be relevant to a decision to purchase, own or dispose of the Securities.*

The summary is based upon the laws of Ireland and the published practices of the Revenue Commissioners of Ireland as in effect on the date of this Base Prospectus. Prospective investors in the Securities should consult their own advisers as to the Irish or other tax consequences of the purchase, beneficial ownership and disposition of the Securities including, in particular, the effect of any state or local law taxes, if applicable.

### **Irish Withholding Tax**

Irish withholding tax applies to certain payments including payments of:

- Irish source yearly interest (yearly interest is interest that is capable of arising for a period in excess of one year);
- Irish source annual payments (annual payments are payments that are capable of being made for a period in excess of one year and are pure income-profit in the hands of the recipient); and
- Distributions (including interest that is treated as a distribution under Irish law) made by companies that are resident in Ireland for the purposes of Irish tax;

at the standard rate of income tax (currently 20 per cent).

On the basis that the Issuer is not resident in Ireland for the purposes of Irish tax, nor does the Issuer operate in Ireland through a branch or agency with which the issue of the Securities is connected, nor are the Securities held in Ireland through a depository or otherwise located in Ireland, then to the extent that payments of interest or annual payments arise on the Securities, such payments should not be regarded as payments having an Irish source for the purposes of Irish taxation.

Accordingly, the Issuer or any paying agent acting on behalf of the Issuer should not be obliged to deduct any amount on account of these Irish withholding taxes from payments made in connection with the Securities.

Separately, for as long as the Securities are quoted on a stock exchange, a purchaser of the Securities should not be obliged to deduct any amount on account of Irish tax from a payment made by it in connection with the purchase of the Securities.

### **Irish Encashment Tax**

Payments on any Securities paid by a paying agent in Ireland or collected or realised by an agent in Ireland acting on behalf of the beneficial owner of Securities will be subject to Irish encashment tax at the standard rate of Irish tax (currently 20 per cent), unless it is proved, on a claim made in the required manner to the Revenue Commissioners of Ireland, that the beneficial owner of the Securities entitled to the interest or distribution is not resident in Ireland for the purposes of Irish tax and such interest or distribution is not deemed, under the provisions of Irish tax legislation, to be income of another person that is resident in Ireland.

## ITALIAN TAXATION

The following is a summary of current Italian law and practice relating to the taxation of the Securities, as defined in the Note, Warrant and Certificate Programme. The statements herein regarding taxation are based on the laws in force in Italy as at the date of this Base Prospectus and are subject to any changes in law occurring after such date, which changes could be made on a retroactive basis. The following summary does not purport to be a comprehensive description of all the tax considerations which may be relevant to a decision to subscribe for, purchase, own or dispose of the Securities and does not purport to deal with the tax consequences applicable to all categories of investors, some of which (such as dealers in securities or commodities) may be subject to special rules.

Prospective investors are advised to consult their own tax advisers concerning the overall tax consequences of their interest in the Securities.

### Italian taxation of Notes

#### 1. Interest and other proceeds

##### 1.1 Notes qualifying as bonds or securities similar to bonds

Legislative Decree No. 239 of 1 April 1996, as amended (the "**Decree 239**"), regulates the tax treatment of interest, premium and other income (including the difference between the redemption amount and the issue price, hereinafter collectively referred to as "**Interest**") from notes issued, *inter alia*, by non-Italian resident entities, falling within the category of bonds (*obbligazioni*) or securities similar to bonds (*titoli similari alle obbligazioni*).

For this purpose, securities similar to bonds are securities that incorporate an unconditional obligation to pay, at maturity, an amount not lower than their nominal value and that do not allow any direct or indirect participation to the management of the issuer.

##### A. Resident Noteholders

Where an Italian resident Noteholder who is the beneficial owner of the Notes is (i) an individual not engaged in a business activity to which the Notes are effectively connected, (ii) a non-commercial partnership (with the exception of general partnership, limited partnership and similar entities), (iii) a non-commercial private or public institution, or (iv) an investor exempt from Italian corporate income taxation, Interest payments relating to the Notes are subject to a tax, referred to as *imposta sostitutiva*, levied at the rate of 26 per cent. (either when the Interest is paid by the Issuer, or when payment thereof is obtained by the Noteholder on a sale of the relevant Notes). The *imposta sostitutiva* may not be recovered by the Noteholder as a deduction from the income tax due.

In case the Notes are held by a Noteholder engaged in a business activity and are effectively connected with same business activity, the Interest will be subject to the *imposta sostitutiva* and will be included in the relevant income tax return. As a consequence, the Interest will be subject to the ordinary income tax and the *imposta sostitutiva* may be recovered as a deduction from the income tax due.

Pursuant to Decree 239, *imposta sostitutiva* is applied by banks, *società di intermediazione mobiliare* ("**SIMs**"), fiduciary companies, *società di gestione del risparmio* ("**SGRs**") stock exchange agents and other entities identified by the relevant Decrees of the Ministry of Finance (the "**Intermediaries**").

An Intermediary must (i) be (a) resident in Italy, (b) a permanent establishment in Italy of a non Italian resident financial intermediary or (c) an entity or a company not resident in Italy, acting through a system of centralised administration of securities and directly connected with the Department of Revenue of Italian

Ministry of Finance having appointed an Italian representative for the purposes of Decree 239 and (ii) intervene, in any way, in the collection of Interest or in the transfer of the Notes. For the purpose of the application of the *imposta sostitutiva*, a transfer of Notes includes any assignment or other act, either with or without consideration, which results in a change of the ownership of the relevant Notes or in a change of the Intermediary with which the Notes are deposited.

Where the Notes are deposited with an Intermediary, the *imposta sostitutiva* is applied and withheld by any entity paying Interest to a Noteholder. If the Interest is not collected through an Intermediary or any entity paying Interest and as such no *imposta sostitutiva* is levied, the Italian resident Noteholder listed above will be required to include Interest in their yearly income tax return and subject them to a final substitutive tax at the rate of 26 per cent.

The *imposta sostitutiva* does not apply, *inter alia*, to the following subjects, to the extent that the Notes and the relevant Coupons are deposited in a timely manner, directly or indirectly, with an Intermediary:

- (i) Corporate Noteholders – Where an Italian resident Noteholder is a corporation or a similar commercial entity (including a permanent establishment in Italy of a foreign entity to which the Notes are effectively connected), Interest accrued on the Notes must be included in: (I) the relevant Noteholder's yearly taxable income for corporate income tax purposes ("**IRES**"), generally applying at a rate equal to 27.5 per cent.; and (II) in certain circumstances, depending on the "status" of the Noteholder, also in its net value of production for the purposes of regional tax on productive activities ("**IRAP**") generally levied at a rate of approximately 5 per cent., which can increase or decrease according to certain circumstances;
- (ii) Investment funds - If the Noteholder is resident in Italy and is an open-ended or closed-ended investment fund, a SICAF (an investment company with fixed share capital) or a SICAV (an investment company with variable capital) established in Italy and either (i) the fund, the SICAF or the SICAV or (ii) their manager is subject to the supervision of a regulatory authority (the **Fund**), and the relevant Notes are held by an authorised intermediary, interest, premium and other income accrued during the holding period on the Notes will not be subject to *imposta sostitutiva*, but must be included in the management results of the Fund. The Fund will not be subject to taxation on such results but a withholding tax of 26 per cent. will apply, in certain circumstances, to distributions made in favour of unitholders or shareholders (the "**Collective Investment Fund Tax**");
- (iii) Pension funds – Pension funds (subject to the tax regime set forth by article 17 of the Legislative Decree No. 252 of 5 December 2005, the "**Pension Funds**") are subject to a 20 per cent. substitutive tax on their annual net accrued result. Interest on the Notes is included in the calculation of said annual net accrued result with certain adjustments for fiscal year 2014 as provided by Law No. 190 of 23 December 2014 (the "**Finance Act for 2015**"); and
- (iv) Real estate investment funds – Under the current regime provided by Law Decree No. 351 of 25 September 2001, converted into law with amendments by Law No. 410 of 23 November 2001, as clarified by the Italian Ministry of Economics and Finance through Circular No. 47/E of 8 August 2003, payments of Interest in respect of the Notes made to Italian resident real estate investment funds established pursuant to Article 37 of Legislative Decree No. 58 of 24 February 1998, as amended and supplemented, (the "**Real Estate Investment Funds**") and Article 14-bis of Law No. 86 of 25 January 1994 and Italian real estate SICAFs (the "**Real Estate SICAFs**") are subject neither to *imposta sostitutiva* nor to any other income tax in the hands of the same Real Estate Investment Funds or the Real Estate SICAFs.

B. *Non-Resident Noteholders*

No Italian *imposta sostitutiva* is applied on payments to a non-Italian resident Noteholder of interest or premium relating to the Notes provided that, if such Notes are held in Italy, the non-Italian resident Noteholder declares itself to be a non-Italian resident according to Italian tax regulations.

## 2. Capital Gains

### *Resident Noteholders*

Pursuant to Legislative Decree No. 461 of 21 November 1997, as amended, a 26 per cent. capital gains tax (the "**CGT**") is applicable to capital gains realised on the sale or transfer of the Notes for consideration or on redemption thereof by Italian resident individuals (not engaged in a business activity to which the Notes are effectively connected), regardless of whether the Notes are held outside of Italy.

For the purposes of determining the taxable capital gain, any Interest on the Notes accrued and unpaid up to the time of the purchase and the sale of the Notes must be deducted from the purchase price and the sale price, respectively.

Should the Notes qualify as atypical securities, based on a very restrictive interpretation, the aforesaid capital gains would be subject to the 26 per cent. final withholding tax mentioned under paragraph "Securities qualifying as a Atypical Securities" below.

Taxpayers can opt for certain alternative regimes in order to pay the CGT.

The aforementioned regime does not apply to the following subjects:

- (i) Corporate investors (including banks and insurance companies): capital gains on the Notes held by Italian resident corporate entities (including a permanent establishment in Italy of a foreign entity to which the Notes are effectively connected) form part of their aggregate income subject to IRES. In certain cases, capital gains may also be included in the taxable net value of production of such entities for IRAP purposes. The capital gains are calculated as the difference between the sale price and the relevant tax basis of the Notes. Upon fulfilment of certain conditions, the gains may be taxed in equal instalments over up to five fiscal years for IRES purposes.
- (ii) Funds – Capital gains realised by the Funds on the Notes contribute to determining the annual net accrued result of the same Funds. The Funds will not be subject to taxation on such results but the Collective Investment Fund Tax will apply, in certain circumstances, to distributions made in favour of unitholders or shareholders (see under paragraph 1.1.A. "Italian resident Noteholders", above).
- (iii) Pension Funds – Capital gains realised by Pension Funds on the Notes contribute to determining the annual net accrued result of the same Pension Funds, which is subject to a 20 per cent. substitutive tax (see under paragraph 1.1.A "Italian resident Noteholders", above). Interest on the Notes is included in the calculation of said annual net accrued result with certain adjustments for fiscal year 2014, as provided by the Finance Act of 2015.
- (iv) Real Estate Investment Funds – Capital gains realised by Italian Real Estate Investment Funds and Real Estate SICAFs on the Notes are generally not taxable at the level of the same Real Estate Investment Funds or Real Estate SICAFS (see under paragraph 1.1.A "Italian resident Noteholders", above).

### *Non-Resident Noteholders*

Capital gains realised by non-resident Noteholders (not having permanent establishment in Italy to which the Notes are effectively connected) on the Notes are not subject to tax in Italy, provided that the Notes (i) are traded on regulated markets, or (ii) if not traded on regulated markets, are held outside Italy.

The provisions of the applicable tax treaties against double taxation entered into by Italy apply if more favourable and all the relevant conditions are met.

## **Italian taxation of W&C Securities**

### **1. Capital Gains**

Warrants, Certificates qualifying as securitised derivative financial instruments and other securitised derivatives are subject to Article 67 of Presidential Decree No. 917 of 22 December 1986 (the "**TUIR**") and Legislative Decree No. 461 of 21 November 1997 (the "**Decree 461**"), as subsequently amended, where the Italian resident Holder of W&C Securities is (i) an individual not engaged in an entrepreneurial activity to which the W&C Securities are connected, (ii) a non-commercial partnership pursuant to article 5 of TUIR (with the exception of general partnership, limited partnership and similar entities), (iii) a non-commercial private or public institution, or (iv) an investor exempt from Italian corporate income taxation, capital gains realised under the sale or the exercise of the W&C Securities are subject to a 26 per cent. substitute tax. The recipient may opt for three different taxation criteria:

- (1) Under the tax declaration regime (*regime della dichiarazione*), which is the default regime for taxation of capital gains realised by Italian resident individuals not engaged in an entrepreneurial activity to which the W&C Securities are connected, the *imposta sostitutiva* on capital gains will be chargeable, on a cumulative basis, on all capital gains, net of any offsettable capital loss, realised by the Italian resident individual holding the W&C Securities not in connection with an entrepreneurial activity pursuant to all sales or redemptions of the W&C Securities carried out during any given tax year. Italian resident individuals holding the W&C Securities not in connection with an entrepreneurial activity must indicate the overall capital gains realised in any tax year, net of any relevant incurred capital loss, in the annual tax return and pay *imposta sostitutiva* on such gains together with any balance income tax due for such year. Capital losses in excess of capital gains may be carried forward against capital gains realised in any of the four succeeding tax years. Pursuant to Law Decree No. 66 of 24 April 2014 ("**Decree 66**"), as converted into law by Law No. 89 of 23 June 2014, capital losses may be carried forward to be offset against capital gains of the same nature realised after 30 June 2014 for an overall amount of: (i) 48.08 per cent. of the relevant capital losses realised before 1 January 2012; (ii) 76.92 per cent. of the capital losses realised from 1 January 2012 to 30 June 2014;
- (2) As an alternative to the tax declaration regime, Italian resident individuals holding the W&C Securities not in connection with an entrepreneurial activity may elect to pay the *imposta sostitutiva* separately on capital gains realised on each sale or redemption of the W&C Securities (the "*risparmio amministrato*" regime provided for by article 6 of Decree 461). Such separate taxation of capital gains is allowed subject to: (i) the W&C Securities being deposited with Italian banks, SIMs or certain authorised financial intermediaries; and (ii) an express valid election for the *risparmio amministrato* regime being made in writing in a timely manner by the relevant Holder of W&C Securities. The depository is responsible for accounting for *imposta sostitutiva* in respect of capital gains realised on each sale or redemption of the W&C Securities (as well as in respect of capital gains realised upon the revocation of its mandate), net of any incurred capital loss, and is required to pay the relevant amount to the Italian tax authorities on behalf of the taxpayer, deducting a corresponding amount from the proceeds to be credited to the Holder of W&C Securities or using funds provided by the Holder of W&C Securities for this purpose. Under the *risparmio amministrato* regime, where a sale or redemption of the W&C Securities results in a capital loss, such loss may be deducted from capital gains subsequently realised, within the same securities management, in the same tax year or in the following tax years up to the fourth. Under the *risparmio amministrato* regime, the Holder of W&C Securities is not required

to declare the capital gains in the annual tax return. Pursuant to Decree 66, capital losses may be carried forward to be offset against capital gains of the same nature realised after 30 June 2014 for an overall amount of: (i) 48.08 per cent. of the relevant capital losses realised before 1 January 2012; (ii) 76.92 per cent. of the capital losses realised from 1 January 2012 to 30 June 2014; and

- (3) Any capital gains realised or accrued by Italian resident individuals holding the W&C Securities not in connection with an entrepreneurial activity who have entrusted the management of their financial assets, including the W&C Securities, to an authorised intermediary and have validly opted for the so-called "*risparmio gestito*" regime (regime provided for by article 7 of Decree 461) will be included in the computation of the annual increase in value of the managed assets accrued, even if not realised, at year end, subject to a 26 per cent. substitute tax to be paid by the managing authorised intermediary. Under this *risparmio gestito* regime, any depreciation of the managed assets accrued at year end may be carried forward against increase in value of the managed assets accrued in any of the four succeeding tax years. Under the *risparmio gestito* regime, the Holder of W&C Securities is not required to declare the capital gains realised in the annual tax return. Pursuant to Decree 66, decreases in value of the management assets may be carried forward to be offset against any subsequent increase in value accrued as of 1 July 2014 for an overall amount of: (i) 48.08 per cent. of the relevant decreases in value registered before 1 January 2012; (ii) 76.92 per cent. of the decreases in value registered from 1 January 2012 to 30 June 2014.

Where an Italian resident Holder of W&C Securities is a company or similar commercial entity, or the Italian permanent establishment of a foreign commercial entity to which the W&C Securities are effectively connected, capital gains arising from the W&C Securities will not be subject to *imposta sostitutiva*, but must be included in the relevant Holder of W&C Securities's income tax return and are therefore subject to Italian corporate tax and, in certain circumstances, depending on the status of the Holder of W&C Securities, also as a part of the net value of production for IRAP purposes.

If the investor is an open-ended or closed-ended investment fund, a SICAF (an investment company with fixed share capital) or a SICAV (an investment company with variable capital) established in Italy and either (i) the fund, the SICAF or the SICAV or (ii) their manager is subject to the supervision of a regulatory authority (the "**Fund**"), and the relevant W&C Securities are held by an authorised intermediary, capital gains arising from the W&C Securities will not be subject to *imposta sostitutiva*, but must be included in the management results of the Fund. The Fund will not be subject to taxation on such results but the Collective Investment Fund Substitutive Tax will apply, in certain circumstances, to distributions made in favour of unitholders or shareholders.

Any capital gains realised by a Holder of W&C Securities which is an Italian pension fund (subject to the regime provided by article 17 of the Legislative Decree No. 252 of 5 December 2005) will be included in the result of the relevant portfolio accrued at the end of the tax period, to be subject to the 20 per cent. *ad hoc* substitute tax on their annual net accrued result with certain adjustments for fiscal year 2014 as provided by the Finance Act of 2015.

Capital gains realised by non-Italian resident Holders of W&C Securities are not subject to Italian taxation, provided that the W&C Securities (i) are transferred on regulated markets, or (ii) if not transferred on regulated markets, are held outside of Italy. The provisions of the applicable tax treaties against double taxation entered into by Italy apply if more favourable and all the relevant conditions are met.

## **Common provisions**

### **Securities qualifying as Atypical Securities**

Interest payments relating to Notes that are not deemed to fall within the category of bonds (*obbligazioni*) or securities similar to bonds (*titoli simili alle obbligazioni*) or securities that are not qualified as W&C Securities for Italian tax purposes (all together referred as **Atypical Securities**) are subject to a withholding tax, levied at the rate of 26 per cent..

For this purpose, debentures similar to bonds are securities that incorporate an unconditional obligation to pay, at maturity, an amount not lower than their nominal value.

Interest payments on Atypical Securities made to Italian resident Noteholders which are (i) companies or similar commercial entities (including a permanent establishment in Italy of a foreign entity to which the Notes are effectively connected), and (ii) commercial partnerships, are not subject to the aforementioned withholding tax, but form part of their aggregate income subject to IRES. In certain cases, such Interest may also be included in the taxable net value of production for IRAP purpose.

Interest payments relating to Atypical Securities received by non-Italian resident beneficial owners (not having a permanent establishment in Italy to which the Notes are effectively connected) are generally not subject to tax in Italy provided that, if the Notes are held in Italy, the Non-Resident Noteholder declares itself to be non-Italian resident according to the Italian tax regulations.

The withholding is levied by the Italian intermediary appointed by the Issuer, intervening in the collection of the relevant income or in the negotiation or repurchasing of the Notes.

### **Transfer Tax**

Following the repeal of the Italian transfer tax, contracts relating to the transfer of Securities are subject to the registration tax as follows: (i) public deeds and notarised deeds are subject to fixed registration tax at rate of EUR 200; (ii) private deeds are subject to registration tax only in case of use or voluntary registration.

### **Payments made by a non-resident Guarantor**

With respect to payments made to Italian resident Holders of Securities by a non-Italian resident Guarantor, in accordance with one interpretation of Italian tax law, any such payment made by the Italian non-resident Guarantor could be treated, in certain circumstances, as a payment made by the relevant Issuer and would thus be subject to the tax regime described in the previous paragraphs of this section.

### **Inheritance and gift taxes**

Pursuant to Law Decree No. 262 of 3 October 2006, converted into Law No. 286 of 24 November, 2006, the transfers of any valuable asset (including shares, bonds or other securities) as a result of death or donation are taxed as follows:

- (a) transfers in favour of spouses and direct descendants or direct ancestors are subject to an inheritance and gift tax applied at a rate of 4 per cent. on the value of the inheritance or the gift exceeding, for each beneficiary, EUR 1,000,000;
- (b) transfers in favour of relatives to the fourth degree or relatives-in-law to the third degree, are subject to an inheritance and gift tax applied at a rate of 6 per cent. on the entire value of the inheritance or the gift. Transfers in favour of brothers/sisters are subject to the 6 per cent. inheritance and gift tax on the value of the inheritance or the gift exceeding, for each beneficiary, EUR 100,000; and
- (c) any other transfer is, in principle, subject to an inheritance and gift tax applied at a rate of 8 per cent. on the entire value of the inheritance or the gift.

If the transfer is made in favour of persons with severe disabilities, the tax is levied to the rate mentioned above in (a), (b) and (c) on the value exceeding EUR1,5000,000.

### **Stamp duty**

Pursuant to Article 19(1) of Decree No. 201 of 6 December 2011 ("**Decree 201**"), a proportional stamp duty applies on an annual basis to the periodic reporting communications sent by financial intermediaries to their clients for the

securities deposited in Italy. The stamp duty applies at a rate of 0.2 per cent. and cannot exceed EUR 14,000 for taxpayers other than individuals; this stamp duty is determined on the basis of the market value or – if no market value figure is available – the nominal value or redemption amount of the securities held.

Based on the wording of the law and the implementing decree issued by the Italian Ministry of Economy on 24 May 2012, the stamp duty applies to any investor who is a client (as defined in the regulations issued by the Bank of Italy on 20 June 2012) of an entity that exercises in any form a banking, financial or insurance activity within the Italian territory.

### **Wealth Tax on securities deposited abroad**

Pursuant to Article 19(18) of Decree 201, Italian resident individuals holding the securities outside the Italian territory are required to pay an additional tax at a rate of 0.2 per cent.

This tax is calculated on the market value of the securities at the end of the relevant year or, if no market value figure is available, the nominal value or the redemption value of such financial assets held outside the Italian territory. Taxpayers are entitled to an Italian tax credit equivalent to the amount of wealth taxes paid in the State where the financial assets are held (up to an amount equal to the Italian wealth tax due).

### **Italian Financial Transaction Tax (IFTT)**

Italian shares and other participating instruments, as well as depository receipts representing those shares and participating instruments irrespective of the relevant issuer, (cumulatively referred to as "**In-Scope Shares**"), received by an investor upon physical settlement of the Securities may be subject to a 0.2 per cent. IFTT calculated on the value of the Securities as determined according to Article 4 of Ministerial Decree of 21 February 2013, as amended (the "**IFTT Decree**").

Investors on derivative transactions or transferable securities and certain equity-linked notes mainly having as underlying or mainly linked to In-Scope Shares are subject to IFTT at a rate ranging between €0.01875 and €200 per counterparty, depending on the notional value of the relevant derivative transaction or transferable securities calculated pursuant to Article 9 of the IFTT Decree. IFTT applies upon subscription, negotiation or modification of the derivative transactions or transferable securities. The tax rate may be reduced to a fifth if the transaction is executed on certain qualifying regulated markets or multilateral trading facilities.

### **Implementation in Italy of the EU Savings Directive**

Italy has implemented the EC Council Directive 2003/48/EC (the "**EU Savings Directive**") through Legislative Decree No. 84 of 18 April, 2005 ("**Decree 84**"). Under Decree 84, subject to a number of important conditions being met, in the case of interest paid to individuals which qualify as beneficial owners of the interest payment and are resident for tax purposes in another Member State, Italian qualified paying agents shall report to the Italian Tax Authorities details of the relevant payments and personal information on the individual beneficial owner and shall not apply the withholding tax. Such information is transmitted by the Italian tax authorities to the competent foreign tax authorities of the State of residence of the beneficial owner.

## NETHERLANDS TAXATION

### General

The following summary outlines the principal Netherlands tax consequences of the acquisition, holding, settlement, redemption and disposal of the Securities, but does not purport to be a comprehensive description of all Netherlands tax considerations that may be relevant. For the purposes of Netherlands tax law, a holder of Securities may include an individual or entity who does not have the legal title of such Securities, but to whom nevertheless the Securities or the income thereof is attributed based on specific statutory provisions or on the basis of such individual or entity having an interest in the Securities or the income thereof. This summary is intended as general information only and each prospective investor should consult a professional tax adviser with respect to the tax consequences of the acquisition, holding, settlement, redemption and disposal of the Securities.

This summary is based on tax legislation, published case law, treaties, regulations and published policy, in each case as in force as of the date of this Base Prospectus, and does not take into account any developments or amendments thereof after that date whether or not such developments or amendments have retroactive effect.

This summary does not address the Netherlands tax consequences for:

- (i) investment institutions (*fiscale beleggingsinstellingen*);
- (ii) pension funds, exempt investment institutions (*vrijgestelde beleggingsinstellingen*) or other entities that are not subject to or exempt from Netherlands corporate income tax;
- (iii) holders of Securities holding a substantial interest (*aanmerkelijk belang*) or deemed substantial interest (*fictief aanmerkelijk belang*) in the Issuer and holders of Securities of whom a certain related person holds a substantial interest in the Issuer. Generally speaking, a substantial interest in the Issuer arises if a person, alone or, where such person is an individual, together with his or her partner (statutory defined term), directly or indirectly, holds or is deemed to hold (i) an interest of 5 per cent. or more of the total issued capital of the Issuer or of 5 per cent. or more of the issued capital of a certain class of shares of the Issuer, (ii) rights to acquire, directly or indirectly, such interest or (iii) certain profit sharing rights in the Issuer;
- (iv) persons to whom the Securities and the income from the Securities are attributed based on the separated private assets (*afgezonderd particulier vermogen*) provisions of the Netherlands Income Tax Act 2001 (*Wet inkomstenbelasting 2001*) and the Netherlands Gift and Inheritance Tax Act 1956 (*Successiewet 1956*);
- (v) entities which are a resident of Aruba, Curacao or Sint Maarten that have an enterprise which is carried on through a permanent establishment or a permanent representative on Bonaire, Sint Eustatius or Saba, to which permanent establishment or permanent representative the Securities are attributable;
- (vi) individuals to whom Securities or the income there from are attributable to employment activities which are taxed as employment income in the Netherlands; and
- (vii) holders of Securities for whom the benefits from the Securities qualify for the participation exemption within the meaning of article 13 of the Netherlands Corporate Income Tax Act 1969 (*Wet op de vennootschapsbelasting 1969*).

Where this summary refers to the Netherlands, such reference is restricted to the part of the Kingdom of the Netherlands that is situated in Europe and the legislation applicable in that part of the Kingdom.

This summary does not describe the consequences of the exchange or the conversion of the Securities.

## Withholding Tax

All payments made by the Issuers under the Securities may be made free of withholding or deduction for any taxes of whatsoever nature imposed, levied, withheld or assessed by the Netherlands or any political subdivision or taxing authority thereof or therein.

With respect to Securities issued by an Issuer that is considered to be a resident of the Netherlands for Netherlands tax purposes (a "**Netherlands Issuer**"), all payments made by such Netherlands Issuer under the Securities may be made free of withholding or deduction for any taxes of whatsoever nature imposed, levied, withheld or assessed by the Netherlands or any political subdivision or taxing authority thereof or therein, provided that the Securities do not in fact function as equity of the Issuer within the meaning of article 10, paragraph 1, under d of the Netherlands Corporate Income Tax Act 1969 (*Wet op de vennootschapsbelasting 1969*).

## Corporate and Individual Income Tax

### (a) Residents of the Netherlands

If a holder of Securities is a resident of the Netherlands or deemed to be a resident of the Netherlands for Netherlands corporate income tax purposes and is fully subject to Netherlands corporate income tax or is only subject to Netherlands corporate income tax in respect of an enterprise to which the Securities are attributable, income derived from the Securities and gains realised upon the redemption, settlement or disposal of the Securities are generally taxable in the Netherlands (at up to a maximum rate of 25 per cent.).

If an individual is a resident of the Netherlands or deemed to be a resident of the Netherlands for Netherlands individual income tax purposes, income derived from the Securities and gains realised upon the redemption, settlement or disposal of the Securities are taxable at the progressive rates (at up to a maximum rate of 52 per cent.) under the Netherlands Income Tax Act 2001 if:

- (i) the individual is an entrepreneur (*ondernemer*) and has an enterprise to which the Securities are attributable or the individual has, other than as a shareholder, a co-entitlement to the net worth of an enterprise (*medegerechtigde*), to which enterprise the Securities are attributable; or
- (ii) such income or gains qualify as income from miscellaneous activities (*resultaat uit overige werkzaamheden*), which includes activities with respect to the Securities that exceed regular, active portfolio management (*normaal, actief vermogensbeheer*).

If neither condition (i) nor condition (ii) above applies, an individual that holds the Securities, must determine taxable income with regard to the Securities on the basis of a deemed return on income from savings and investments (*sparen en beleggen*), rather than on the basis of income actually received or gains actually realised. This deemed return on income from savings and investments is fixed at a rate of 4 per cent. of the individual's yield basis (*rendementsgrondslag*) at the beginning of the calendar year (1 January), insofar as the individual's yield basis exceeds a certain threshold (*heffingvrij vermogen*). The individual's yield basis is determined as the fair market value of certain qualifying assets held by the individual less the fair market value of certain qualifying liabilities on 1 January. The fair market value of the Securities will be included as an asset in the individual's yield basis. The 4 per cent. deemed return on income from savings and investments is taxed at a rate of 30 per cent..

### (b) Non-residents of the Netherlands

If a person is not a resident of the Netherlands nor is deemed to be a resident of the Netherlands for Netherlands corporate or individual income tax purposes, such person is not liable to Netherlands income tax in respect of income derived from the Securities and gains realised upon the settlement, redemption or disposal of the Securities, unless:

- (i) the person is not an individual and such person (1) has an enterprise that is, in whole or in part, carried on through a permanent establishment or a permanent representative in the Netherlands to which permanent establishment or permanent representative the Securities are attributable, or (2) is (other than by way of securities) entitled to a share in the profits of an enterprise or a co-entitlement to the net worth of an enterprise, which is effectively managed in the Netherlands and to which enterprise the Securities are attributable.

This income is subject to Netherlands corporate income tax at up to a maximum rate of 25 per cent..

- (ii) the person is an individual and such individual (1) has an enterprise or an interest in an enterprise that is, in whole or in part, carried on through a permanent establishment or a permanent representative in the Netherlands to which permanent establishment or permanent representative the Securities are attributable, or (2) realises income or gains with respect to the Securities that qualify as income from miscellaneous activities in the Netherlands which includes activities with respect to the Securities that exceed regular, active portfolio management (*normaal, actief vermogensbeheer*), or (3) is other than by way of securities entitled to a share in the profits of an enterprise which is effectively managed in the Netherlands and to which enterprise the Securities are attributable.

Income derived from the Securities as specified under (1) and (2) is subject to individual income tax at progressive rates up to a maximum rate of 52 per cent.. Income derived from a share in the profits of an enterprise as specified under (3) that is not already included under (1) or (2) will be taxed on the basis of a deemed return on income from savings and investments (as described above under "Residents of the Netherlands"). The fair market value of the share in the profits of the enterprise (which includes the Securities) will be part of the individual's Netherlands yield basis.

## **Gift and Inheritance Tax**

- (a) Residents of the Netherlands

Generally, gift tax (*schenkelasting*) or inheritance tax (*erfbelasting*) will be due in the Netherlands in respect of the acquisition of the Securities by way of a gift by, or on behalf of, or on the death of, a holder of Securities that is a resident or deemed to be a resident of the Netherlands for the purposes of Netherlands Gift and Inheritance Tax Act 1956 at the time of the gift or his or her death. A gift made under a condition precedent is for purposes of the Netherlands Gift and Inheritance Tax Act 1956 deemed to be a made at the time the condition precedent is fulfilled and is subject to gift tax if the donor is, or is deemed to be, a resident of the Netherlands at that time.

A holder of Netherlands nationality is deemed to be a resident of the Netherlands for the purposes of the Netherlands Gift and Inheritance Tax Act 1956 if he or she has been resident in the Netherlands and dies or makes a gift within ten years after leaving the Netherlands. A holder of any other nationality is deemed to be a resident of the Netherlands for the purposes of the Gift and Inheritance Tax Act 1956 if he or she has been resident in the Netherlands and makes a gift within a twelve months period after leaving the Netherlands. The same twelve-month rule may apply to entities that have transferred their seat of residence out of the Netherlands.

- (b) Non-residents of the Netherlands

No gift or inheritance tax will be due in the Netherlands in respect of the acquisition of the Securities by way of a gift by, or as a result of the death of a holder that is neither a resident nor deemed to be a resident of the Netherlands for the purposes of the Netherlands Gift and Inheritance Tax Act 1956. However, inheritance tax will be due in the case of a gift of the Securities by, or on behalf of, a holder who at the date of the gift was neither a resident nor deemed to be a resident of the Netherlands for the purposes of the Netherlands Gift and

Inheritance Tax Act 1956, but who dies within 180 days after the date of the gift and at the time of his or her death is a resident or deemed to be a resident of the Netherlands for the purposes of the Netherlands Gift and Inheritance Tax Act 1956. A gift made under a condition precedent is deemed to be made at the time the condition precedent is fulfilled.

#### **Value Added Tax**

In general, no value added tax will arise in respect of payments in consideration for the issue of the Securities or in respect of a cash payment made under the Securities, or in respect of a transfer of Securities.

#### **Other Taxes and Duties**

No registration tax, customs duty, transfer tax, stamp duty or any other similar documentary tax or duty will be payable in the Netherlands by a holder in respect of or in connection with the subscription, issue, placement, allotment, delivery or transfer of the Securities.

#### **EU Savings Directive**

For further information in respect of EC Council Directive 2003/48/EC on the taxation of savings income, please refer to the section "EU DIRECTIVE ON THE TAXATION OF SAVINGS INCOME" above.

## POLISH TAXATION

### (a) General Information

The following is a discussion of certain Polish tax considerations relevant to an investor resident in Poland or which is otherwise subject to Polish taxation. This statement should not be deemed to be tax advice. It is based on Polish tax laws and, as its interpretation refers to the position as at the date of this prospectus, it may thus be subject to change including a change with retroactive effect. Any change may negatively affect tax treatment, as described below. This description does not purport to be complete with respect to all tax information that may be relevant to investors due to their personal circumstances. Prospective purchasers of the Securities are advised to consult their professional tax advisor regarding the tax consequences of the purchase, ownership, disposal, redemption or transfer without consideration of the Securities. The information provided below does not cover tax consequences concerning income tax exemptions applicable to specific taxable items or specific taxpayers (e.g. domestic or foreign investment funds).

The reference to "interest" as well as to any other terms in the paragraphs below means "interest" or any other term as understood in Polish tax law.

### (b) Taxation of a Polish tax resident private investor (natural person)

#### (1) Income from capital investments other than interest

Income other than interest derived by a Polish tax resident individual (a person who has his/her centre of personal or business interests located in Poland or who stays in Poland for longer than 183 days in a year) from financial instruments held as non-business assets, qualify as capital income according to Art. 17 of the Polish Personal Income Tax Act (the "**PIT Act**"). This income does not cumulate with the general income subject to the progressive tax scale but is subject to a 19 per cent. flat rate tax. The costs of acquiring the Securities are recognised at the time the revenue is achieved. In principle, this income should be settled by the taxpayer by 30 April of the year following the year in which the income was earned. No tax or tax advances should be withheld by the person making the payments.

#### (2) Withholding tax on interest income

Interest income does not cumulate with general income subject to the progressive tax rate but is subject to 19 per cent. flat rate tax.

Under Article 41.4 of the PIT Act, the interest payer, other than an individual not acting within the scope of his/her business activity, should withhold the 19 per cent. Polish tax upon any interest payment. In practice, the obligation to withhold tax applies only to Polish interest payers and not foreign taxpayers. Under the Art. 41.4d of the PIT Act, tax on interest or discount on Securities is withheld by entities keeping securities accounts for taxpayers, in their capacity as tax remitters, if the income (revenue) is earned in the territory of Poland and is associated with the securities registered in these accounts, and, further, if relevant payments are made to the taxpayers through those entities. However, given that the interest on Securities may be classified as not earned in Poland and the term "person making the interest payment" is not precisely defined in the law, under some interpretations issued by the Polish tax authorities, in certain cases Polish banks or Polish brokerage houses maintaining securities accounts may refuse to withhold the tax. According to Article 45.3b of the PIT Act, if the tax is not withheld, the individual is obliged to settle the tax himself/herself by 30 April of the following year.

Additionally, under Art. 30a.2a of the PIT Act, with respect to income (revenue) from interest transferred to taxpayers holding rights attached to securities (including the Securities referred to

herein) registered in Polish omnibus accounts whose identity has not been revealed to the tax remitter in accordance with the Act on Trading in Financial Instruments, a 19 per cent. flat-rate tax is withheld by the tax remitter from the aggregate income (revenue) released for the benefit of all such taxpayers through the omnibus account holder. The tax is withheld on the date when an interest or discount payment is released to the omnibus account.

Under Art. 45.3c of the PIT Act, taxpayers are obliged to disclose the amount of interest (discount) on securities (including the Securities referred to herein) in the annual tax return if the Securities were registered in an Polish omnibus account and the taxpayer's identity was not revealed to the tax remitter.

If interest is paid by a foreign entity, according to practice the entity would not be obliged to withhold Polish income tax and the tax should be settled by the individual. Potentially the foreign entity could make withholdings pursuant to the laws of other jurisdictions. Withholding tax incurred outside Poland (including countries which have not concluded a tax treaty with Poland), up to an amount equal to the tax paid abroad, but not higher than 19 per cent. tax on the interest amount, could be deducted from the Polish tax liability. Double tax treaties in particular can provide other methods of withholding tax settlements.

- (c) Taxation of a Polish tax resident (corporate income taxpayer or a natural person) holding the Securities as a business asset

A Polish tax resident, i.e. a corporate income taxpayer having its registered office or place of management in Poland or a natural person who has his/her centre of personal or business interests located in Poland or who stays in Poland for longer than 183 days in a year holding the Securities as a business asset, will be subject to income tax in respect of the Securities (both on any capital gains and on interest/discount), following the same principles as those which apply to any other income received from business activity. As a rule, for Polish income tax purposes interest is recognised as revenue on a cash basis, i.e. when it is received and not when it has accrued. In respect of capital gains, the cost of acquiring the Securities will be recognised at the time the revenue is achieved.

The appropriate tax rate will be the same as the tax rate applicable to business activity, i.e. 19 per cent. for a corporate income taxpayer and, in the case of a natural person, either 19 per cent. or the progressive tax rate up to 32 per cent., depending on the taxpayer's choice and whether other requirements are met. However, with respect to individuals, the tax authorities may require that the income is taxed on the same principles as apply to individual private investors, described above.

- (d) Securities held by a non-Polish tax resident (natural person or corporate income taxpayer)

Non-Polish tax residents i.e. natural persons (persons who do not have his centre of personal or business interests located in Poland and who do not stay in Poland for longer than 183 days in a year) or corporate income taxpayers which do not have their registered office or place of management in Poland are subject to Polish income tax only with respect to their income earned in Poland. If the Securities are issued by a foreign entity, in principle interest should not be considered as having been earned in Poland. Capital gains should also not be considered as arising in Poland unless the Securities are sold on a stock exchange in Poland (the Warsaw Stock Exchange) and the sale is performed on the exchange in Poland, in which case the tax authorities may consider the income as originating in Poland. If the latter is the case, however, most of the tax treaties concluded by Poland provide for a tax exemption with respect to Polish income tax on capital gains derived from Poland by a foreign tax resident. The treaties may include a withholding tax exemption or a reduction on interest (down to 15 per cent., 10 per cent., 5 per cent. or 0 per cent. depending on the relevant treaty and occasionally on the status of the recipient of the interest). In order to benefit from a tax treaty, a

foreign investor should present a relevant certificate of its tax residency. Unless stated otherwise in the tax residency certificate, it is valid for twelve consecutive months from its date of issue.

If a foreign recipient of income acts through a permanent establishment in Poland to which interest is related, as a matter of principle it should be treated in the same manner as a Polish tax resident.

## PORTUGUESE TAXATION

The following summary describes the tax regulations applicable to the acquisition, ownership, redemption and transfer, if any, of the Securities (notes, warrants and certificates) by Portuguese resident individual or corporate investors under current Portuguese law, though it does not take into account any developments or amendments thereof after the date of this Base Prospectus whether or not such developments or amendments have retroactive effect.

It should be noted that this summary does not explain all possible tax consequences of the above-mentioned transactions or the tax regulations applicable to all categories of Securities' holders, some of which may be subject to special rules.

Prospective investors are therefore advised to consult their lawyers or tax advisers, who will be in a position to provide personalised advice in the light of their particular circumstances. Prospective investors should also pay attention to any changes in currently applicable legislation or administrative interpretations thereof that may occur in the future.

### **1. Warrants and Certificates that do not guarantee more than 100 per cent. of the principal**

#### **(i) Individual investors**

Income from operations related to warrants and certificates that do not guarantee more than 100 per cent. of the principal, in the case of its sale prior to the redemption as well as its redemption, should be qualified as a capital gain.

Income subject to Personal Income Tax ("**PIT**") obtained on the sale of certificates corresponds to the positive difference between the sale price and the acquisition price. Income subject to PIT obtained on the redemption of certificates corresponds, on the moment of that redemption, to the positive difference between the market price of the underlying asset and the certificate acquisition price.

Income subject to PIT when disposing of warrants is determined by the positive difference between the sale price and the acquisition price. Income subject to PIT in the exercise of warrants is determined, on the moment of that exercise, by the positive difference between the market price of the underlying asset and the exercise price added of the warrant acquisition price, for call warrants, and by the positive difference between the exercise price deducted of the warrant acquisition price and the market price of the underlying asset, for put warrants.

The individual may choose between the taxation of the positive difference between capital gains and losses at an autonomous rate of 28 per cent. or to aggregate that income to the remaining income to be subject to the general progressive tax rates varying between 14.5 per cent. and 48 per cent. (plus (i) an additional surcharge of 2.5 per cent. applicable on income exceeding € 80,000 and up to €250,000 and of 5 per cent. applicable on income exceeding € 250,000, and (ii) a surtax of 3.5 per cent on income exceeding the annual national minimum wage).

Capital losses do not take part in the calculation of the balance referred in the previous paragraph when the counterpart in the operation is resident in a country or territory listed as a tax haven in order 150/2004 of February 13, as amended ("**Tax Haven**").

Income obtained by resident individuals arising from operations related to warrants and certificates that do not guarantee more than 100 per cent. of the principal is not subject to Portuguese withholding tax.

(ii) **Corporate investors**

As to corporate entities resident in Portuguese territory, the income from operations related to warrants and certificates are considered as profits and subject to Corporate Income Tax ("CIT") at a 21 per cent. rate, possibly added to a municipal surcharge up to a maximum of 1.5 per cent. A state surcharge is applicable to income obtained by CIT taxable entities as follows: (a) taxable income exceeding € 1,500,000 up to € 7,500,000 will be subject to a State surcharge of 3 per cent., (b) taxable income exceeding € 7,500,000 up to € 35,000,000 will be subject to a State surcharge of 5 per cent and (iii) taxable income above € 35,000,000 will be subject to a State surcharge of 7 per cent.

Income obtained by resident corporate investors arising from operations related to warrants and certificates that do not guarantee more than 100 per cent. of the principal is not subject to Portuguese withholding tax.

**2. Certificates that guarantee more than 100 per cent. of the principal ("secured certificates"), notes and other debt securities (not included in 1. above)**

(i) **Individual investors**

(a) *Income arising from secured certificates, notes and other debt securities*

Income deriving from secured certificates, notes and other debt securities issued by non-resident entities is subject to a 28 per cent. withholding tax, if the payment is made by a Portuguese resident entity.

Income deriving from secured certificates, notes and other debt securities paid or made available ("*colocado à disposição*") to accounts in the name of one or more accountholders acting on behalf of one or more unidentified third parties is subject to a final withholding tax rate of 35 per cent., unless the relevant beneficial owner(s) of the income is/are identified and as a consequence the tax rates applicable to such beneficial owner(s) will apply.

The investor may choose to treat the withholding tax as a final tax (when applicable) or to tax the income deriving from secured certificates, notes and other debt securities at the general progressive tax rates varying between 14.5 per cent. and 48 per cent. (plus (i) an additional surcharge of 2.5 per cent. applicable on income exceeding € 80,000 and up to €250,000 and of 5 per cent. applicable on income exceeding € 250,000, and (ii) a surtax of 3.5 per cent on income exceeding the annual national minimum wage)., in which case the withholding will be treated as a payment on account of the final tax due.

In case the payer of the income is not a Portuguese resident entity, no withholding tax applies and the investor may choose between the taxation of income deriving from secured certificates, notes and other debt securities issued by non-resident entities at an autonomous rate of 28 per cent. (or 35 per cent. when income is paid or made available by an entity resident in a Tax Haven) or to aggregate that income to the remaining income to be subject to the general progressive tax rates varying between 14.5 per cent. and 48 per cent. (plus (i) an additional surcharge of 2.5 per cent. applicable on income exceeding € 80,000 and up to €250,000 and of 5 per cent. applicable on income exceeding € 250,000, and (ii) a surtax of 3.5 per cent on income exceeding the annual national minimum wage).

(b) *Income arising from the transfer of secured certificates, notes and other debt securities*

Regarding the capital gains obtained on the transfer of secured certificates, notes and debt securities, the investor may choose between the taxation of the positive difference between capital gains and losses at an autonomous rate of 28 per cent. or to aggregate that income to the remaining income to be

subject to the general progressive tax rates varying between 14.5 per cent. and 48 per cent. (plus (i) an additional surcharge of 2.5 per cent. applicable on income exceeding € 80,000 and up to €250,000 and of 5 per cent. applicable on income exceeding € 250,000, and (ii) a surtax of 3.5 per cent on income exceeding the annual national minimum wage).

Capital losses do not take part in the calculation of the net capital gains when the counterpart in the operation is resident in a Tax Haven.

Income obtained by resident individuals arising from capital gains related to secured certificates, notes and other debt securities is not subject to Portuguese withholding tax.

(ii) **Corporate investors**

In general, interest and income arising from the redemption of secured certificates, notes and other debt securities is subject to a 25 per cent. withholding on account of the final tax due, if the issuer is a Portuguese resident entity.

No withholding tax shall be levied when the issuer of the secured certificates, notes and other debt securities is a non resident entity or on gains obtained in the transfer of the secured certificates.

Interest and income arising from the transfer or redemption of secured certificates, notes and other debt securities is regarded as taxable income and therefore subject to Portuguese CIT, as a general rule, at a 21 per cent. tax rate, possibly added to a municipal surcharge up to a maximum of 1.5 per cent. of the CIT. A state surcharge is applicable to income obtained by CIT taxable entities as follows: (a) taxable income exceeding € 1,500,000 up to € 7,500,000 will be subject to a State surcharge of 3 per cent., (b) taxable income exceeding € 7,500,000 up to € 35,000,000 will be subject to a State surcharge of 5 per cent and (iii) taxable income above € 35,000,000 will be subject to a State surcharge of 7 per cent.

**3. Indirect Taxation**

The acquisition, redemption and transfer for a consideration of the Securities will not be subject to any Transfer Tax or Stamp Tax in Portugal and will be exempt from Portuguese Value Added Tax, in accordance with the Portuguese legislation.

**4. Stamp Tax and CIT on Inheritance and Gifts**

Acquisition of the Securities by individuals not for valuable consideration (by way of inheritance or gift) is subject to Stamp Tax, at a 10 per cent. rate, if the corresponding Issuer has its head office or its effective place of management in Portugal or a permanent establishment in this territory and the acquirer is a Portuguese resident.

Acquisition of the Securities by Portuguese resident corporate investors not for valuable consideration (by way of inheritance or gift) is regarded as taxable income and therefore subject to Portuguese CIT, as a general rule, at a 21 per cent. tax rate, possibly added to a municipal surcharge up to a maximum of 1.5 per cent.. A state surcharge is applicable to income obtained by CIT taxable entities as follows: (a) taxable income exceeding € 1,500,000 up to € 7,500,000 will be subject to a State surcharge of 3 per cent., (b) taxable income exceeding € 7,500,000 up to € 35,000,000 will be subject to a State surcharge of 5 per cent and (iii) taxable income above € 35,000,000 will be subject to a State surcharge of 7 per cent.

Acquisition of the Securities by non-resident corporate investors not for valuable consideration (by way of inheritance or gift) is subject to CIT, at a 25 per cent. rate, if the corresponding Issuer has its head office or its

effective place of management in Portugal. Under the tax treaties entered into by Portugal, such gains are usually not subject to Portuguese tax, but the applicable rules should be confirmed on a case by case basis.

## **5. EU Savings Directive**

Portugal has implemented the EC Council Directive 2003/48/EC of 3 June 2003 on taxation savings income into the Portuguese law through Decree-Law no 62/2005, of 11 March 2005, as further amended. The Council of the European Union has approved the Council Directive no. 2014/48/EU, of 24 March 2014, amending the EC Council Directive no. 2003/48/EC, of 3 June 2003, on taxation of savings income in the form of interest payments. Portugal shall implement the Council Directive no. 2014/48/EU by no later than 1 January 2016.

## **SPANISH TAXATION**

The statements herein regarding the tax legislation in Spain are based on the laws in force in Spain as of the date of this Base Prospectus and are subject to any changes in law. The following summary does not purport to be a comprehensive description of all the tax considerations which may be relevant to a decision to purchase, own or dispose of the Securities. Each prospective holder or beneficial owner of Securities should consult its tax adviser as to the Spanish tax consequences of the ownership and disposition of the Securities.

### **1. Spanish resident individuals**

#### **1.1 Notes and Certificates**

##### **Personal Income Tax**

Personal Income Tax ("**PIT**") is levied on an annual basis on the worldwide income obtained by Spanish resident individuals, whatever its source and wherever the relevant payer is established. Therefore any income that a Spanish holder of the Notes and Certificates may receive under the Notes and Certificates will be subject to Spanish taxation.

Both interest periodically received and income arising on the disposal, redemption or reimbursement of the Notes and Certificates obtained by individuals who are tax resident in Spain will be regarded as financial income for tax purposes (i.e. a return on investment derived from the transfer of own capital to third parties).

These amounts will be included in the savings part of the taxable income subject to PIT at the following tax rates: (i) for taxable income up to €6,000: 20 per cent. as from 1 January 2015 and 19 per cent. as from 1 January 2016 onwards; (ii) for taxable income from €6,001 to €50,000: 22 per cent. as from 1 January 2015 and 21 per cent. as from 1 January 2016 onwards; and (iii) for any amount in excess of €50,000: 24 per cent. as from 1 January 2015 and 23 per cent. as from 1 January 2016 onwards.

Spanish holders of the Notes and Certificates shall compute the gross interest obtained in the savings part of the taxable base of the tax period in which it is due, including amounts withheld, if any.

Income arising on the disposal, redemption or reimbursement of the Notes and Certificates will be calculated as the difference between (a) their disposal, redemption or reimbursement value and (b) their acquisition or subscription value. Costs and expenses effectively borne on the acquisition and transfer of the Notes and Certificates may be taken into account for calculating the relevant taxable income, provided that they can be duly justified.

Likewise, expenses related to the management and deposit of the Notes and Certificates, if any, will be tax-deductible, excluding those pertaining to discretionary or individual portfolio management.

Losses that may derive from the transfer of the Notes and Certificates cannot be offset if the investor acquires homogeneous securities within the two-month period prior or subsequent to the transfer of the Notes and Certificates, until he/she transfers such homogeneous securities.

Additionally, tax credits for the avoidance of international double taxation may apply in respect of taxes paid outside Spain on income deriving from the Notes and Certificates, if any.

##### **Spanish Inheritance and Gift Tax**

Spanish Inheritance and Gift Tax is levied on transfers of Notes and Certificates upon death or by gift to Spanish tax resident individuals, with the taxpayer being the transferee. General tax rates currently range from 7.65 to 81.60 per cent. although the tax situation may vary depending on any applicable regional tax laws.

## **Spanish Wealth Tax**

Spanish tax resident individuals are subject to an annual Wealth Tax on the tax year 2015 on their total net wealth, regardless of the location of their assets or of where their rights may be exercised, to the extent that their net wealth exceeds €700,000 (note that a different minimum tax exempt amount may be approved by the corresponding regional authorities). Therefore, Spanish holders of the Notes and Certificates should compute the value of the Notes and Certificates as at 31 December 2015 when calculating their Wealth Tax liabilities. The applicable tax rates range between 0.2 per cent. and 2.5 per cent. although the final tax rates may vary depending on any applicable regional tax laws, and some reductions may apply.

### **1.2 Warrants**

#### **Personal Income Tax**

The premium or amount paid for the subscription of the Warrants would not be considered as a deductible expense, but as the acquisition value, which would include the expenses and commissions, inherent to the acquisition, paid by the acquirer.

Income obtained by holders of the Warrants covered by this Prospectus on their transfer before the expiration date, will be considered as capital gains or losses on the terms of article 33 of Law 35/2006 of Personal Income Tax of 28 November, as amended (the **PIT Act**). The gain or loss shall be calculated as a difference between the transfer value, once any expenses and commissions paid by the taxpayer have been deducted, and the acquisition value, as it has been defined above.

Upon the exercise of the Warrants, income obtained would be considered as capital gain or loss, being calculated as the difference between (i) the Cash Settlement Amount, once expenses have been deducted and commissions paid by the taxpayer, and (ii) the acquisition value defined above.

Failure to exercise any Warrants on the expiration date would give rise to a capital loss on the acquisition value.

Income derived from the transfer or exercise of the Warrants will be included in the savings part of the taxable income subject to PIT at the following tax rates: (i) for taxable income up to €6,000: 20 per cent. as from 1 January 2015 and 19 per cent. as from 1 January 2016 onwards; (ii) for taxable income from €6,001 to €50,000: 22 per cent. as from 1 January 2015 and 21 per cent. as from 1 January 2016 onwards; and (iii) for any amount in excess of €50,000: 24 per cent. as from 1 January 2015 and 23 per cent. as from 1 January 2016 onwards.

#### **Spanish Inheritance and Gift Tax**

Spanish Inheritance and Gift Tax is levied on transfers of Warrants upon death or by gift to Spanish tax resident individuals, with the taxpayer being the transferee. General tax rates currently range from 7.65 to 81.60 per cent., although the tax situation may vary depending on any applicable regional tax laws.

#### **Spanish Wealth Tax**

Spanish tax resident individuals are subject to an annual Wealth Tax on tax year 2015 on their total net wealth, regardless of the location of their assets or of where their rights may be exercised, to the extent that their net wealth exceeds €700,000 (note that a different minimum tax exempt amount may be approved by the corresponding regional authorities). Therefore, Spanish holders of the Warrants should compute their value as at 31 December 2015 when calculating their Wealth Tax liabilities. The applicable tax rates range between 0.2 per cent. and 2.5 per cent. although the final tax rates may vary depending on any applicable regional tax laws, and some reductions may apply.

## **2. Legal Entities with Tax Residence in Spain**

### **2.1 Notes and Certificates**

#### **Corporate Income Tax**

Both interest periodically received and income arising on the disposal, redemption or reimbursement of the Notes and Certificates obtained by entities which are tax resident in Spain shall be computed as taxable income of the tax period in which they accrue.

The general tax rate for Spanish Corporate Income Tax ("CIT") taxpayers is currently 28 per cent. (to be reduced to 25 per cent. from year 2016 onwards). Special rates apply in respect of certain types of entities (such as qualifying collective investment institutions).

Tax credits for the avoidance of international double taxation may apply in respect of taxes paid outside Spain on income deriving from the Notes and Certificates, if any.

### **2.2 Warrants**

#### **Corporate Income Tax**

As a general rule, income obtained either through the transfer or the exercise of the Warrants and obtained by taxpayers subject to CIT will be included in their taxable income under general provisions.

## **3. Individuals and Legal Entities with no Tax Residence in Spain**

### **3.1 Notes and Certificates**

A non-resident holder of Notes and Certificates who has a permanent establishment in Spain to which such Notes and Certificates are attributable is subject to Spanish Non-Residents' Income Tax on any income obtained under the Notes and Certificates including both interest periodically received and income arising on the disposal, redemption or reimbursement of the Notes and Certificates. In general terms, the tax rules applicable to individuals and legal entities with no tax residence in Spain but acting through a permanent establishment in Spain are the same as those applicable to Spanish tax resident CIT taxpayers.

### **3.2 Warrants**

As a general rule, income obtained by a permanent establishment located in Spain of a non-resident would be subject to taxation in a similar way than that applicable to Spanish tax resident CIT taxpayers.

## **4. Spanish withholding tax**

BNP Paribas has been advised that, under Spanish tax law currently in effect, the Issuer should not be obliged to deduct withholdings on account of Spanish income taxes since it is not a Spanish tax resident entity and does not have a permanent establishment in Spain to which the issue of the Notes and Certificates is connected.

Where a financial institution (either resident in Spain or acting through a permanent establishment in Spain) acts as depositary of the Notes and Certificates or intervenes as manager on the collection of any income under the Notes and Certificates, such financial institution will be responsible for making the relevant withholding on account of Spanish tax on any income deriving from the Notes and Certificates. To this effect income deriving from the Notes and Certificates will include not only interest payments but also income arising from the disposal, redemption or reimbursement of the Notes and Certificates, if any.

The current withholding tax in Spain is 20 per cent. (to be reduced to 19 per cent. as from 1 January 2016 onwards) Amounts withheld in Spain, if any, can be credited against the final Spanish PIT liability, in the case of Spanish resident individuals, or against final Spanish CIT liability, in the case of Spanish CIT taxpayers, or against final Spanish Non-Residents' Income Tax liability, in the case of Spanish permanent establishments of non-resident investors. However, holders of the Notes and Certificates who are CIT taxpayers or Non-Residents' Income Taxpayers acting through a permanent establishment in Spain can benefit from a withholding tax exemption when the Notes and Certificates are (a) listed in an OECD official stock exchange; or (b) represented in book-entry form and admitted to trading on a Spanish secondary stock exchange or on the Alternative Fixed Income Securities Market (*Mercado Alternativo de Renta Fija*).

Additionally, when the Notes and Certificates (i) are represented in book-entry form; (ii) are admitted to trading on a Spanish secondary stock exchange; and (iii) generate explicit yield, holders who are PIT taxpayers can benefit from a withholding tax exemption in respect of the income arising from the transfer or repayment of the Notes and Certificates. However, under certain circumstances, when a transfer of the Notes and Certificates has occurred within the 30-day period immediately preceding any relevant interest payment date, such PIT taxpayers may not be eligible for such withholding tax exemption.

Furthermore, such financial institution may become obliged to comply with the formalities set out in the regulations of the Spanish tax legislation when intervening in the transfer or reimbursement of the Notes and Certificates.

With regard to Warrants, any income will be exempt from withholding in Spain.

## SWEDISH TAXATION

The following comments are of a general nature and included herein solely for information purposes. These comments are limited to Swedish withholding taxation relating to holders of Securities that are considered to be Swedish residents for Swedish tax purposes (unless otherwise stated) in respect of amounts that are considered to be interest for Swedish tax purposes as currently applicable and do not contain any statements as to the Swedish tax liability and tax consequences of the purchase, holding or disposal of the Securities. These comments do not address credit of foreign taxes. Further, these comments do not address situations where Securities are held in an investment savings account (*Sw. investeringssparkonto*) or the rules regarding reporting obligations for, among others, payers of interest. These comments are not intended to be, nor should they be construed to be, legal or tax advice. No representation with respect to the consequences to any particular prospective holder of a Security is made hereby.

The information contained in this section is not comprehensive and is not intended as tax advice and does not purport to describe all of the tax considerations that may be relevant to a prospective purchaser of the Securities. It is based upon Swedish tax laws and practice as in effect as of the date hereof which are subject to change.

PROSPECTIVE PURCHASERS OF THE SECURITIES ARE ADVISED TO CONSULT THEIR OWN ADVISORS AS TO THE SWEDISH TAX AND OTHER TAX CONSEQUENCES (INCLUDING THE APPLICABILITY AND EFFECT OF TAX TREATIES FOR THE AVOIDANCE OF DOUBLE TAXATION) OF AN INVESTMENT IN THE SECURITIES IN THEIR PARTICULAR CIRCUMSTANCES.

### *Swedish tax residents*

There is no Swedish withholding tax at source (*källskatt*) applicable on payments made by the issuer in respect of the Securities. However, Sweden operates a system of preliminary tax (*preliminärskatt*) to secure payment of taxes. In the context of the Securities a preliminary tax of 30% will be deducted from all payments of interest in respect of the Securities made to any individuals, or estates, that are resident in Sweden for tax purposes provided the paying entity is subject to reporting obligations. A preliminary tax of 30 per cent. will also be deducted from any other payments in respect of the Securities not treated as capital gains, if such payments are paid out together with payments treated as interest. Depending on the relevant holder's overall tax liability for the relevant fiscal year the preliminary tax may contribute towards, equal or exceed the holder's overall tax liability with any balance subsequently to be paid by or to the relevant holder, as applicable.

### *Non-residents*

There is no Swedish withholding tax on interest payments to non-residents.

## UNITED KINGDOM TAXATION

The following comments are of a general nature, apply only to persons who are the beneficial owners of Securities and are a summary of the Issuer's understanding of current law and published HM Revenue and Customs ("HMRC") practice in the United Kingdom relating to certain aspects of United Kingdom taxation. Some aspects do not apply to certain classes of person (such as dealers and persons connected with the Issuer) to whom special rules may apply. These comments are not intended to be, nor should they be regarded as, legal or tax advice. The precise tax treatment of a holder of Securities will depend on the terms of the Securities, as specified in the Terms and Conditions of the Securities as amended and supplemented by the applicable Final Terms under the law and practice at the relevant time. Prospective holders of Securities should consult their own tax advisers in all relevant jurisdictions to obtain advice about their particular tax treatment in relation to such Securities.

### 1. Notes and Certificates (other than Exercisable Certificates)

#### 1.1 Withholding Tax on Payments of Interest

*Notes or Certificates (other than Exercisable Certificates) issued by BNPP via its London Branch*

- (a) Provided that BNPP is and continues to be a bank within the meaning of section 991 of the Income Tax Act 2007 (the "Act"), and provided that the interest on the Notes or Certificates is paid in the ordinary course of its business within the meaning of section 878 of the Act, BNPP will be entitled to make payments of interest without withholding or deduction for or on account of United Kingdom income tax.
- (b) Payments of interest on the Notes or Certificates may be made without deduction of or withholding on account of United Kingdom income tax provided that the Certificates are and continue to be listed on a "recognised stock exchange" within the meaning of section 1005 of the Act. The Italian Stock Exchange, the Luxembourg Stock Exchange, Euronext Paris and Euronext Brussels are recognised stock exchanges. The Certificates will satisfy this requirement if they are officially listed in Italy, Luxembourg, France or Belgium on those stock exchanges (as applicable) in accordance with provisions corresponding to those generally applicable in EEA states and are admitted to trading on the Italian Stock Exchange, the Luxembourg Stock Exchange, Euronext Paris or Euronext Brussels (as applicable). Provided, therefore, that the Certificates remain so listed, interest on the Notes or Certificates will be payable without withholding or deduction on account of United Kingdom tax whether or not BNPP carries on a banking business in the United Kingdom and whether or not the interest is paid in the ordinary course of its business.
- (c) Interest on the Notes or Certificates may also be paid without withholding or deduction on account of United Kingdom tax where interest on the Notes or Certificates is paid by a company and, at the time the payment is made, BNPP reasonably believes (and any person by or through whom interest on the Notes or Certificates is paid reasonably believes) that the beneficial owner is within the charge to United Kingdom corporation tax as regards the payment of interest; provided that HMRC has not given a direction (in circumstances where it has reasonable grounds to believe that the above exemption is not available in respect of such payment of interest at the time the payment is made) that the interest should be paid under deduction of tax.
- (d) Interest on the Notes or Certificates may also be paid without withholding or deduction on account of United Kingdom tax where the maturity of the Notes or Certificates is less than 365 days and those Notes or Certificates do not form part of a scheme or arrangement of borrowing intended to be capable of remaining outstanding for more than 364 days.
- (e) In other cases, where payments of interest on the Notes or Certificates are treated as having a United Kingdom source, an amount must generally be withheld from such payments on account of United Kingdom income tax at the basic rate (currently 20 per cent.). However, where an applicable double tax treaty provides for a lower

rate of withholding tax (or for no tax to be withheld) in relation to a Holder of Notes or Certificates, HMRC can issue a notice to the Issuer to pay interest to the Holder of Notes or Certificates without deduction of tax (or for interest to be paid with tax deducted at the rate provided for in the relevant double tax treaty).

*Notes and Certificates (other than Exercisable Certificates) issued by BNPP B.V., BP2F, BGL and BNPP (other than via its London branch)*

- (f) Payments of interest on Notes and Certificates (other than Exercisable Certificates) issued by BNPP B.V., BP2F, BGL and BNPP (other than via its London branch) may be made without withholding on account of United Kingdom income tax where such payments are not regarded as having a United Kingdom source.
- (g) The references to “interest” in paragraphs (a) to (f) above mean “interest” as understood in United Kingdom tax law. Where a payment on a Note or Certificate does not constitute (or is not treated as) interest for United Kingdom tax purposes, and the payment has a United Kingdom source, it would potentially be subject to United Kingdom withholding tax if, for example, it constitutes (or is treated as) an annual payment or a manufactured payment for United Kingdom tax purposes. In such a case, the payment may fall to be made under deduction of United Kingdom tax (the rate of withholding depending on the nature of the payment), subject to such relief as may be available following a direction from HMRC pursuant to the provisions of any applicable double taxation treaty, or to any other exemption which may apply.

## 1.2 **Stamp Duty and Stamp Duty Reserve Tax ("SDRT")**

*Issue of Notes and Certificates (other than Exercisable Certificates)*

Depending on the terms and conditions of the relevant Notes (including, but not limited to, whether the Notes are in bearer or registered form) or Certificates, United Kingdom stamp duty or SDRT may be payable on the issue, on the subsequent transfer or settlement of such Notes or Certificates. Prospective Holders of the Notes should take their own advice from an appropriately qualified professional adviser in this regard.

However, recent European and domestic court decisions have indicated that the charge to stamp duty reserve tax on the issue or transfer of debt securities into a clearing system or depositary receipt system is contrary to European law, and hence should not apply, where it is levied on a transaction which forms an integral part of a raising of capital. HMRC's published practice states that, in light of those decisions, it will not collect such stamp duty reserve tax on the issue, or (where integral to the raising of capital) the transfer, of Notes into a clearing system or depositary receipt system, provided that the Notes comprise loans raised by the issue of debentures or other negotiable securities for the purposes of Article 5(2)(b) of the Capital Duty Directive (2008/7/EC).

*Transfer*

No United Kingdom stamp duty should be required to be paid on the transfer of any Notes or Certificates electronically through a clearing or settlement system such as within Euroclear or Clearstream, Luxembourg or Euroclear UK & Ireland Limited ("**CREST**"), provided no instrument is used to effect the transfer.

No United Kingdom SDRT should be payable on the transfer of any Notes or Certificates (other than Exercisable Certificates) within Euroclear or Clearstream, Luxembourg provided that no election has been made under which the alternative system of charge (as provided for in section 97A Finance Act 1986) applies to the Notes or Certificates.

Otherwise, United Kingdom SDRT may be payable on the transfer of any Notes or Certificates that are chargeable securities.

## *Redemption*

No stamp duty or SDRT should be payable on the redemption of Cash Settled Notes or Certificates. However, United Kingdom stamp duty may be required to be paid in relation to the transfer of an asset on redemption of a Physical Delivery Note or Certificate.

Stamp duty and SDRT may be payable in respect of the agreement to transfer an asset on redemption of a Physical Delivery Note or Certificate. However, any such liability to SDRT will be cancelled (or if already paid, will be repaid) if the instrument effecting the transfer is chargeable with stamp duty (or is otherwise required to be stamped) and has been duly stamped within six years of the agreement being made or, in the case of a conditional agreement, within six years of all conditions being satisfied.

## **2. Warrants and Exercisable Certificates**

### **2.1 Withholding Tax**

#### *Warrants and Exercisable Certificates issued by BNPP via its London Branch*

Payments made under or on the exercise of Warrants and Exercisable Certificates issued by BNPP via its London Branch that are derivative contracts chargeable to tax in accordance with Part 7 of the Corporation Tax Act 2009 should not be subject to United Kingdom withholding tax.

In other cases, where payments under or on the exercise of Warrants or Exercisable Certificates are treated as payments of interest having a United Kingdom source or as annual payments arising in the United Kingdom or as certain types of manufactured payments for United Kingdom tax purposes, an amount must generally be withheld from such payments on account of United Kingdom income tax at the basic rate (currently 20 per cent.), subject to the availability of other reliefs. In the event that payments under Warrants or Exercisable Certificates were treated as interest, the comments in paragraph 1.1 above will be relevant to such payments.

#### *Warrants and Exercisable Certificates issued by BNPP B.V., BP2F, BGL and BNPP (other than via its London branch)*

Payments under or on the exercise of Warrants and Exercisable Certificates issued by BNPP B.V., BP2F, BGL and BNPP (other than via its London branch) may be made without withholding on account of United Kingdom income tax where such payments do not have a UK source.

### **2.2 Stamp Duty and SDRT**

#### *Issue of a Global Certificate or a Global Certificate representing Exercisable Certificates*

Global Warrants and Global Certificates representing Exercisable Certificates or any instrument granting such (each an "**instrument**") may be subject to United Kingdom stamp duty if they are executed in the United Kingdom or if they relate to any property situate, or to any matter or thing done or to be done, in the United Kingdom. However, in the context of retail covered warrants listed on the London Stock Exchange, HMRC has indicated that no charge to United Kingdom stamp duty will arise on the grant of such warrants. It is not clear whether or not HMRC would be prepared to take such a view in relation to Global Warrants and Global Certificates representing Exercisable Certificates.

Even if an instrument is subject to United Kingdom stamp duty, there may be no practical necessity to pay that stamp duty, as United Kingdom stamp duty is not an assessable tax. However, if an instrument is subject to United Kingdom stamp duty, but the stamp duty has not been paid, the instrument cannot be used for certain purposes in the United Kingdom; for example it will be inadmissible in evidence in civil proceedings in a United Kingdom court.

If an instrument is subject to United Kingdom stamp duty, and it becomes necessary to pay that stamp duty (for example because this is necessary in order to enforce the document in the United Kingdom), interest will be payable (in addition to the stamp duty) in respect of the period from 30 days after the date of execution of the instrument to the date of payment of the stamp duty. Penalties may also be payable if either an instrument which was executed in the United Kingdom is not stamped within 30 days of being so executed or an instrument which was executed outside the United Kingdom is not stamped within 30 days of first being brought into the United Kingdom. If any United Kingdom stamp duty is required to be paid, it would be payable at a rate of 0.5 per cent. by reference to the amount of consideration given for the issue of Warrants represented by that Global Warrant or the amount of consideration given for the issue of Exercisable Certificates represented by that Global Certificate, as appropriate.

No SDRT is payable on the issue of a Global Warrant or a Global Certificate representing Exercisable Certificates.

#### *Transfer*

No United Kingdom stamp duty should be required to be paid on the transfer of any Warrants or Exercisable Certificates electronically through a clearing or settlement system such as Euroclear or Clearstream, Luxembourg or CREST provided no instrument is used to complete the transfer.

No United Kingdom SDRT should be payable on the transfer of any Warrants or Exercisable Certificates within Euroclear or Clearstream, Luxembourg provided that no election has been made under which the alternative system of charge (as provided for in section 97A Finance Act 1986) applies to the Warrants or Exercisable Certificates, as applicable.

Otherwise, United Kingdom SDRT may be payable on the transfer of any Warrants or Exercisable Certificates that are chargeable securities.

#### *Exercise*

No stamp duty or SDRT should be payable on the exercise of Cash Settled Securities. However, United Kingdom stamp duty may be required to be paid in relation to the transfer of an asset on exercise of a Physical Delivery Security.

Stamp duty and SDRT may be payable in respect of the agreement to transfer an asset pursuant to a Physical Delivery Security following the exercise of the Security. However, any such liability to SDRT will be cancelled (or, if already paid, will be repaid) if the instrument effecting the transfer is chargeable with stamp duty (or is otherwise required to be stamped) and has been duly stamped within six years of the agreement being made or, in the case of a conditional agreement, within six years of all conditions being satisfied.

### **3. Provision of Information**

HMRC has powers, in certain circumstances, to obtain information about: payments derived from securities (whether income or capital); certain payments of interest (including the amount payable on the redemption of a deeply discounted security); and securities transactions.

The persons from whom HMRC can obtain information include: a person who receives (or is entitled to receive) a payment derived from securities; a person who makes such a payment (received from, or paid on behalf of another person); a person by or through whom interest is paid or credited; a person who effects or is a party to securities transactions (which includes an issue of securities) on behalf of others; registrars or administrators in respect of securities transactions; and each registered or inscribed holder of securities.

The information HMRC can obtain includes: details of the beneficial owner of securities; details of the person for whom the securities are held, or the person to whom the payment is to be made (and, if more than one, their respective interests); information and documents relating to securities transactions; and, in relation to interest paid or credited on money received or retained in the United Kingdom, the identity of the security under which interest is paid. HMRC is generally not able to obtain information (under its power relating solely to interest) about a payment of interest to (or a receipt for) a person that is not an individual. This limitation does not apply to HMRC's power to obtain information about payments derived from securities.

In certain circumstances the information which HMRC has obtained using these powers may be exchanged with tax authorities in other jurisdictions.

## U.S. FEDERAL INCOME TAXATION

The following summary describes certain U.S. federal income tax considerations that may be relevant to a U.S. holder (as defined below) who purchases a Security. Accordingly, this summary does not purport to be a comprehensive description of all of the tax considerations that may be relevant to any particular investor in a Security. In particular, this summary deals only with holders of a Security who purchase in the initial offering at the applicable issue price and in whose hands the Security, or the stock, debt or other property underlying the Security would be capital assets for U.S. federal income tax purposes. In addition, this discussion assumes that the Securities that are treated as options for U.S. federal income tax purposes, when issued, are not significantly "in-the-money".

This summary also does not discuss the U.S. federal income tax treatment of a U.S. holder who is a member of a class of holders subject to special rules, such as:

- a dealer in securities or derivative financial instruments;
- a trader in securities or derivative financial instruments that elects to use a mark-to-market method of accounting for securities holdings;
- a bank;
- a life insurance company;
- a tax-exempt organisation;
- an entity that is treated for U.S. federal income tax purposes as a partnership or other pass through entity;
- an investor who purchases a Security with respect to stock in a company that is treated as a passive foreign investment company ("PFIC") for U.S. federal income tax purposes;
- an investor who purchases a Security and holds any other position (whether long or short, direct or indirect) in any asset underlying such Security;
- an investor who purchases a Security that is part of a hedging transaction or that has been hedged against currency risk;
- an investor who purchases a Security that is part of a straddle or conversion transaction for U.S. federal income tax purposes; and
- an investor who is a United States person and whose functional currency for U.S. federal income tax purposes is not the U.S. dollar.

As a consequence of the foregoing, it should be particularly noted that this summary does not address the special tax considerations that apply to an investment in a combination of Securities with respect to the same underlying assets. Further, this summary does not address alternative minimum tax consequences or the consequences to holders of equity interests in a holder of a Securities.

Any of the foregoing circumstances might substantially alter the tax consequences described below, and, in some instances, may require specific identification of positions in the relevant Securities before the close of the day on which they are acquired. For example, if the straddle rules were to apply, a U.S. holder of a Security might be required to (i) recognise all or a portion of any gain on such Security that would otherwise be long-term or short-term capital gain, as ordinary income or, if applicable, short-term capital gain, (ii) defer all, or a portion, of any loss realised upon the sale, exchange, exercise, cancellation or lapse of such Security and (iii) capitalise any interest or carrying charges incurred by such U.S. holder with respect to such Security.

This summary is based on the U.S. Internal Revenue Code of 1986 (the "**Code**"), existing and proposed Treasury regulations promulgated thereunder, published rulings and court decisions, all as in effect on the date hereof, and all of which are subject to change, possibly on a retroactive basis.

This summary does not address the material U.S. federal income tax consequences of every type of Security which may be issued under the Programme. Additional U.S. federal income tax consequences, if any, applicable to a particular Security may be set forth in the applicable Final Terms.

The rules governing the taxation of option transactions and derivative financial instruments are complex and depend on a taxpayer's particular circumstances. U.S. holders are strongly urged to consult their own tax advisors concerning the U.S. federal, state, local, non-U.S. and other national tax consequences of the ownership and disposition of Securities in their particular circumstances. U.S. holders should also consult their tax advisors as to the possibility of changes of law affecting taxation of derivative financial instruments with contingent payments, including prepaid forward contracts.

For purposes of this discussion, a "**U.S. holder**" is a holder of a Security that is (i) an individual who is a citizen or resident of the United States, (ii) a domestic corporation or (iii) otherwise subject to U.S. federal income taxation on a net income basis in respect of the Security.

If a partnership holds the Securities, the United States federal income tax treatment of a partner will generally depend on the status of the partner and the tax treatment of the partnership. A partner in a partnership holding the Securities should consult its tax advisor with regard to the United States federal income tax treatment of an investment in the Securities.

### **Treatment of Securities as Options or Warrants**

The following is a summary of the principal U.S. federal income tax consequences of the ownership of Securities treated as options or warrants for U.S. federal income tax purposes.

#### *Premium*

Premium paid by a U.S. holder for a Security will generally be treated as a non-deductible capital expenditure, and premium received by a U.S. holder for a Security that it writes will generally not be includible in income upon receipt. As described in the following two sections, the amount of such premium will be taken into account upon the exercise, sale, transfer, cash settlement, or lapse of the Security.

#### *Physical Settlement of Warrants*

A U.S. holder who receives the underlying property pursuant to the exercise of a Call Warrant that the U.S. holder has purchased or pursuant to the exercise of a Put Warrant that the U.S. holder has written will generally not recognise gain or loss on such exercise. Instead, the U.S. holder will generally be treated as purchasing the underlying property as of the exercise date in exchange for the sum of the exercise price and the amount of the premium that the U.S. holder paid for the Warrant in the case of a Call Warrant purchased by the U.S. holder, and for the exercise price reduced by the amount of the premium that the U.S. holder received for the Warrant in the case of a Put Warrant written by the U.S. holder. The U.S. holder's holding period for the underlying property will begin on the day after the date of exercise or, in the case of stock or corporate securities, on the exercise date.

A U.S. holder who delivers the property underlying a Put Warrant pursuant to the exercise of such Warrant that the U.S. holder has purchased will generally be treated as selling the underlying property as of the exercise date. Accordingly, such a U.S. holder will generally recognise capital gain or loss equal to the difference between (i) the exercise price less the amount of the premium that the U.S. holder paid for the Put Warrant and (ii) the U.S. holder's tax basis in the underlying property. Because the purchase of a Put Warrant will generally constitute a "short sale" within the meaning of Section 1233 of the Code, whether such capital gain or loss will be long-term or short-term capital gain or loss will depend on the application of the short sale rules. In addition, a U.S. holder may be subject to the straddle rules with

respect to its investment in the Warrant. U.S. holders should consult their own tax advisors with regard to the application of the short sale and straddle rules in their particular circumstances.

A U.S. holder who delivers the property underlying a Call Warrant pursuant to the exercise of such Warrant that the U.S. holder has written will generally be treated as selling the underlying property as of the exercise date. Accordingly, such a U.S. holder will generally recognise capital gain or loss equal to the difference between (i) the sum of the exercise price and the amount of the premium that the U.S. holder received for the Warrant and (ii) the U.S. holder's tax basis in the underlying property. Such capital gain or loss generally will be long-term capital gain or loss if the underlying property was held for more than one year.

#### *Sale, Transfer, Cash Settlement, or Lapse of Securities*

A U.S. holder who has purchased a Security will generally recognise capital gain or loss upon the sale, transfer, cash settlement or lapse of the Security in an amount equal to the difference between (i) the amount realised by the U.S. holder from such sale, transfer, settlement, or lapse and (ii) the amount of the premium that the U.S. holder paid for the Security. Such capital gain or loss generally will be long-term capital gain or loss if the Security was held for more than one year. Certain exceptions to such treatment are noted below and, if appropriate, may be addressed in the applicable Final Terms. A U.S. holder who has written a Warrant will generally recognise short-term capital gain (equal to the premium) upon a lapse of the Warrant.

#### *Mark-to-Market Rules*

Under Section 1256 of the Code, special mark-to-market and character rules apply in the case of certain "nonequity" options (including in respect of debt). Unless the Securities (other than Securities denominated in a currency other than the U.S. dollar) are listed on a "qualified board or exchange" for purposes of Section 1256, however, these mark-to-market rules will not be applicable to U.S. holders of the Securities. The rules under Section 1256 will not apply to Warrants that are Share Securities in any event.

#### **Alternative Treatments of Securities**

Depending on the terms of a Security, such Security could be treated as one or more of the following: (i) a prepaid forward contract (which, depending on the terms, may be subject to embedded options), (ii) a combination of a loan and a prepaid forward contract, (iii) an outright or constructive ownership interest in the property underlying such Security, or (iv) a debt instrument with or without contingent payments. Additional U.S. federal income tax consequences applicable to a particular issuance of Securities may be set forth in the applicable Final Terms.

Special tax rules apply to a U.S. person that invests in a debt instrument that is not in "registered form" (as specially defined for applicable U.S. federal income tax purposes). Accordingly, this summary does not address the U.S. federal income tax consequences of an investment by a U.S. holder in a Security that is (or a component of which is), for U.S. federal income tax purposes, a debt instrument that is not in registered form. U.S. holders should consult their tax advisors with regard to debt instruments that are not in registered form.

No ruling is being requested from the IRS with respect to the Securities, and the treatment of the Securities described below is not binding on the IRS or the courts. As a result, significant aspects of the U.S. federal income tax consequences of an investment in the Securities are uncertain.

#### *Tax Treatment of (Prepaid) Forward Contracts (With or Without a Loan)*

If any Securities are treated as (prepaid) forward contracts (with or without a loan) for U.S. federal income tax purposes, the following description should apply to such Securities.

*Interest Payments.* Payments of interest (if any) will generally be taxable to a U.S. holder as ordinary interest income at the time that such payments are accrued or are received (in accordance with the U.S. holder's method of tax accounting).

*Physical Settlement.* If the Securities are treated as (prepaid) forward contracts, a U.S. holder who receives underlying stock or debt pursuant to the settlement of a Security that the U.S. holder has purchased will generally not recognise gain or loss on such settlement. The U.S. holder will generally be treated as acquiring the property underlying the Security, as of the date of settlement, in exchange for the amount that it paid to acquire the Security.

*Cash Settlement, Sale, or Other Disposition of the Securities.* If the Securities are treated as (prepaid) forward contracts, upon the receipt of cash upon settlement of a Security upon the sale or other disposition of such Security, a U.S. holder will recognise taxable gain or loss, equal to the difference between the amount realised (generally, the amount of cash received) and such U.S. holder's tax basis in the Security. In general, a holder's tax basis in a Security will equal the amount that such holder paid to acquire the Security. Subject to the discussion below under "Constructive Ownership", any such gain or loss generally will be long-term capital gain or loss if the Security was held for more than one year at the time of settlement or at the time of sale or other disposition.

*Constructive Ownership.* Some or all of the net long-term capital gain arising from certain "constructive ownership" transactions may be characterised as ordinary income, in which case an interest charge would be imposed on the deemed underpayment of tax on any such ordinary income treated as deferred under these rules. These rules have no immediate application to forward contracts in respect of most property underlying the Securities, since they are only applicable to the extent that the underlying property directly or indirectly includes shares of issuers treated as PFICs or as certain "pass through" entities. These rules, however, grant discretionary authority to the U.S. Treasury Department (the "**Treasury**") to expand the scope of "constructive ownership" transactions to include forward contracts in respect of the stock of all corporations, in addition to forward contracts in respect of any debt instrument. The rules separately also direct the Treasury to promulgate regulations excluding a forward contract that does not convey "substantially all" of the economic return on any underlying asset from the scope of "constructive ownership" transactions. It is not possible to predict whether such regulations will be promulgated by the Treasury, or the form or effective date that any regulations that may be promulgated might take.

#### *Interest in the Underlying Property*

Depending on the terms of particular Securities, a U.S. holder could be treated as owning the property underlying those Securities for U.S. federal income tax purposes. In that event, for example, in the case of Index Securities, the U.S. holder would be required to recognise appropriate amounts of capital gain on the disposition of any shares included in the underlying Index each time that the Index is rebalanced. In such a case, such U.S. holder also would be subject to tax on dividends on shares included in the Index in an amount equal to the gross dividends paid by companies whose shares are included in the Index. In addition, any current expenses (including any withholding taxes) in respect of shares included in the Index would be treated as if made directly by the U.S. holder, and the deductibility of such expenses (or creditability of such withholding taxes) could be subject to certain limitations.

#### *Contingent Payment Debt Instruments*

If any Securities are treated as contingent payment debt instruments, the tax consequences to a U.S. holder would be determined under U.S. Treasury regulations governing contingent payment debt instruments (the "**Contingent Payment Regulations**"). The Contingent Payment Regulations are complex, but very generally apply the original issue discount ("**OID**") rules of the Code to a contingent payment debt instrument by requiring that OID be accrued by the U.S. holder every year at a "comparable yield" for the issuer of the instrument, determined at the time of issuance of the obligation. In addition, the Contingent Payment Regulations require that a projected payment schedule, which results in such a "comparable yield", be determined by the issuer. Further, a U.S. holder will be required to make adjustments to income accruals be made to account for differences between actual payments received by the U.S. holder and projected amounts of such payments. To the extent that the actual payments received by a U.S. holder exceed the projected

payments on a contingent debt instrument in any taxable year, the U.S. holder will recognise ordinary interest income for that taxable year in excess of the cash the U.S. holder receives and such excess would increase the U.S. holder's tax basis in the debt instrument. In addition, any gain realised on the sale, exchange or redemption of a contingent payment debt instrument will be treated as ordinary income. Any loss realised on such sale, exchange or redemption will be treated as an ordinary loss to the extent that the U.S. holder's OID inclusions with respect to the obligation exceed prior reversals of such inclusions required by the adjustment mechanism described above. Any loss realised in excess of such amount generally will be treated as a capital loss.

#### *Loan and One or More Options*

If any Securities are treated as a combination of a loan (or deposit) and one or more options, in general, payments of interest (if any) will be taxable to a U.S. holder as ordinary interest income at the time that such payments are accrued or are received (in accordance with the U.S. holder's method of tax accounting), while payments in respect of the options would be taxable in a manner similar to the taxation of corresponding payments under Securities treated as options, as described above under "*Treatment of Securities as Options or Warrants*."

#### *Possible Alternative Tax Treatment*

If a Security is treated as a unit consisting of a loan and a forward contract (or a loan and one or more options), a U.S. holder could be required to accrue a significant amount of OID on a current basis during the period in which it holds the Security.

It is also possible that future regulations or other IRS guidance would require a U.S. holder to accrue income on the Securities on a current basis. The IRS and the Treasury have issued proposed regulations that require the current accrual of income with respect to contingent non-periodic payments made under certain notional principal contracts. The preamble to the regulations states that the "wait and see" method of tax accounting does not properly reflect the economic accrual of income on such contracts, and requires a current accrual of income with respect to some contracts already in existence at the time the proposed regulations were released. While the proposed regulations do not apply to prepaid forward contracts, the preamble to the proposed regulations expresses the view that similar timing issues exist in the case of prepaid forward contracts. If the IRS published future guidance requiring current accrual of income with respect to contingent payments on prepaid forward contracts, it is possible that a U.S. holder could be required to accrue income over the term of the Securities.

#### *Notice 2008-2*

The IRS and the Treasury have issued a notice requesting public comments on a comprehensive set of tax policy issues raised by prepaid forward contracts, including several different approaches under which U.S. holders of prepaid forwards could be required to recognize ordinary income on a current basis, or could be treated as owning directly the assets subject to the prepaid forward. Although it is currently uncertain what future guidance will result from the notice, the notice leaves open the possibility that such guidance could have retroactive application. In addition, prospective investors are encouraged to consult their own tax advisors about the potential impact of several proposed legislative changes in the taxation of derivatives contracts, and the likelihood that any of the foregoing may take effect.

#### *Foreign Currency Rules*

Payments of premium, exercise price, sale proceeds, and cash settlement amounts in respect of Securities that are denominated in a currency other than the U.S. dollar will be subject to special U.S. tax rules regarding foreign currency transactions. U.S. holders should consult their own tax advisors concerning the application of these rules in their particular circumstances.

## **Information Reporting and Backup Withholding**

The relevant agent may be required to file information returns with the IRS with respect to payments made to certain U.S. holders of Securities. In addition, certain U.S. holders may be subject to backup withholding tax in respect of such payments if they do not provide their taxpayer identification numbers to the paying agent or otherwise comply with the applicable backup withholding requirements. U.S. holders should consult their tax advisers regarding the application of information reporting and backup withholding in their particular situations, the availability of an exemption therefrom and the procedure for obtaining the exemption, if available. Backup withholding is not an additional tax. Any amounts withheld from a payment to a holder under the backup withholding rules will be allowed as a credit against the U.S. holder's U.S. federal income tax liability and may entitle the holder to a refund of any excess amounts withheld under the backup withholding rules by timely filing the appropriate claim for refund with the IRS and furnishing all required information.

Certain U.S. holders that own "specified foreign financial assets" that meet certain U.S. dollar value thresholds will generally be required to file an information report with respect to such assets with their tax returns. "Specified foreign financial assets" include any financial accounts maintained by foreign financial institutions, as well as any of the following, but only if they are not held in accounts maintained by certain financial institutions: (i) stock or securities issued by non-United States persons, (ii) financial instruments and contracts held for investment that have non-United States issuers or counterparties, and (iii) interests in foreign entities. The Securities may be subject to these rules. U.S. holders are urged to consult their tax advisors regarding the application of these reporting requirements to their ownership of the securities.

## **HIRING INCENTIVES TO RESTORE EMPLOYMENT ACT**

The U.S. Hiring Incentives to Restore Employment Act introduced Section 871(m) of the U.S. Internal Revenue Code of 1986 (the "**Code**") which treats a "dividend equivalent" payment as a dividend from sources within the United States. Under Section 871(m), such payments generally would be subject to a 30 per cent. U.S. withholding tax that may be reduced by an applicable tax treaty, eligible for credit against other U.S. tax liabilities or refunded, provided that the beneficial owner timely claims a credit or refund from the U.S. Internal Revenue Service (the "**IRS**"). A "dividend equivalent" payment is (i) a substitute dividend payment made pursuant to a securities lending or a sale-repurchase transaction that (directly or indirectly) is contingent upon, or determined by reference to, the payment of a dividend from sources within the United States, (ii) a payment made pursuant to a "specified notional principal contract" that (directly or indirectly) is contingent upon, or determined by reference to, the payment of a dividend from sources within the United States, and (iii) any other payment determined by the IRS to be substantially similar to a payment described in (i) and (ii). Proposed U.S. Treasury regulations expand the definition of "specified notional principal contract" beginning 1 January 2016.

While significant aspects of the application of Section 871(m) to the Securities are uncertain, if an Issuer or any withholding agent determines that withholding is required, neither the Issuer nor any withholding agent will be required to pay any additional amounts with respect to amounts so withheld.

Prospective investors should consult their tax advisers regarding the potential application of Section 871(m) to the Securities.

## FOREIGN ACCOUNT TAX COMPLIANCE ACT

Sections 1471 through 1474 of the U.S. Internal Revenue Code of 1986 ("**FATCA**") impose a new reporting regime and potentially a 30 per cent. withholding tax with respect to certain payments to (i) any non-U.S. financial institution (a "foreign financial institution", or "**FFI**" (as defined by FATCA)) that does not become a "**Participating FFI**" by entering into an agreement with the U.S. Internal Revenue Service ("**IRS**") to provide the IRS with certain information in respect of its account holders and investors or is not otherwise exempt from or in deemed compliance with FATCA and (ii) any investor (unless otherwise exempt from FATCA) that does not provide information sufficient to determine whether the investor is a U.S. person or should otherwise be treated as holding a "United States account" of an Issuer (a "**Recalcitrant Holder**"). The Issuers are classified as FFIs.

The new withholding regime is now in effect for payments from sources within the United States and will apply to "**foreign passthru payments**" (a term not yet defined) no earlier than 1 January 2017. This withholding would potentially apply to payments in respect of (i) any Securities characterized as debt (or which are not otherwise characterized as equity and have a fixed term) for U.S. federal tax purposes that are issued after the "**grandfathering date**", which is the date that is six months after the date on which final U.S. Treasury regulations defining the term foreign passthru payment are filed with the Federal Register, or which are materially modified after the grandfathering date and (ii) any Securities characterized as equity or which do not have a fixed term for U.S. federal tax purposes, whenever issued. If Securities are issued on or before the grandfathering date, and additional Securities of the same series are issued after that date, the additional Securities may not be treated as grandfathered, which may have negative consequences for the existing Securities, including a negative impact on market price.

The United States and a number of other jurisdictions have entered into intergovernmental agreements to facilitate the implementation of FATCA (each, an "IGA"). Pursuant to FATCA and the "Model 1" and "Model 2" IGAs released by the United States, an FFI in an IGA signatory country could be treated as a "**Reporting FI**" not subject to withholding under FATCA on any payments it receives. Further, an FFI in a Model 1 IGA jurisdiction generally would not be required to withhold under FATCA or an IGA (or any law implementing an IGA) (any such withholding being "**FATCA Withholding**") from payments it makes. Under each Model IGA, a Reporting FI would still be required to report certain information in respect of its account holders and investors to its home government or to the IRS. The United States has entered into agreements with France, the Netherlands, and Luxembourg (together, the "**Relevant IGAs**") based largely on the Model 1 IGA.

If the Issuers are treated as Reporting FIs pursuant to the Relevant IGAs, they do not anticipate that they will be obliged to deduct any FATCA Withholding on payments they make. There can be no assurance, however, that the Issuers will be treated as Reporting FIs, or that they would in the future not be required to deduct FATCA Withholding from payments they make. The Issuers and financial institutions through which payments on the Securities are made may be required to withhold FATCA Withholding if (i) any FFI through or to which payment on such Securities is made is not a Participating FFI, a Reporting FI, or otherwise exempt from or in deemed compliance with FATCA or (ii) an investor is a Recalcitrant Holder.

While the Securities are in global form and held within the ICSDs, it is expected that FATCA will not affect the amount of any payments made under, or in respect of, the Securities by an Issuer, any paying agent and the common depositary or common safekeeper, given that each of the entities in the payment chain beginning with the Issuer and ending with the participants in the ICSDs is a major financial institution whose business is dependent on compliance with FATCA and that any alternative approach introduced under an IGA will be unlikely to affect the Securities. The documentation expressly contemplates the possibility that the Securities may go into definitive form and therefore that they may be taken out of the ICSDs. If this were to happen, then a non-FATCA compliant holder could be subject to FATCA Withholding. However, definitive Securities will only be printed in remote circumstances.

**FATCA is particularly complex and its application is uncertain at this time. The above description is based in part on regulations, official guidance and the Relevant IGAs, all of which are subject to change or may be**

**implemented in a materially different form. Prospective investors should consult their tax advisers on how these rules may apply to an Issuer and to payments they may receive in connection with the Securities.**

## **OTHER TAXATION**

The payment of the Cash Settlement Amount on the Securities, if any, will be made subject to withholding taxes and other taxes which the law may impose on holders of the Securities.

Individuals and legal entities should consult their usual tax advisors with respect to the tax treatment which applies to them.

In addition, holders of the Securities should comply with the tax laws applicable in the jurisdiction in which they are resident, subject to the application of any applicable tax treaty in force between France or, as the case may be, the Netherlands, and such jurisdiction.

Purchasers of Securities may be required to pay stamp taxes and other charges in accordance with the laws and practices of the country of purchase in addition to the issue price of each Security.

TRANSACTIONS INVOLVING SECURITIES MAY HAVE TAX CONSEQUENCES FOR POTENTIAL PURCHASERS WHICH MAY DEPEND, AMONGST OTHER THINGS, UPON THE STATUS OF THE POTENTIAL PURCHASER AND LAWS RELATING TO TRANSFER AND REGISTRATION TAXES. POTENTIAL PURCHASERS WHO ARE IN ANY DOUBT ABOUT THE TAX POSITION OF ANY ASPECT OF TRANSACTIONS INVOLVING SECURITIES SHOULD CONSULT THEIR OWN TAX ADVISERS.

Transactions involving Securities may have tax consequences for potential purchasers which may depend, amongst other things, upon the status of the potential purchaser and may relate to transfer and registration taxes.

W&C Security Condition 11 (Expenses and Taxation) and Note Condition 6, as applicable, should be considered carefully by all potential purchasers of any Securities.

All prospective holders should seek independent advice as to their tax positions.

## U.S. EMPLOYEE RETIREMENT INCOME SECURITY ACT OF 1974

The U.S. Employee Retirement Income Security Act of 1974, as amended ("**ERISA**"), imposes certain restrictions on employee benefit plans ("**ERISA Plans**") that are subject to ERISA and on persons who are fiduciaries with respect to these ERISA Plans. In accordance with ERISA's general fiduciary requirements, a fiduciary with respect to an ERISA Plan who is considering the purchase of U.S. Securities on behalf of the ERISA Plan should determine whether the purchase is permitted under the governing ERISA Plan documents and is prudent and appropriate for the ERISA Plan in view of its overall investment policy and the composition and diversification of its portfolio. Other provisions of ERISA and Section 4975 of the Internal Revenue Code of 1986, as amended (the "**Code**"), prohibit certain transactions involving the assets of an ERISA Plan (as well as those plans that are not subject to ERISA but which are subject to Section 4975 of the Code, such as individual retirement accounts ("**IRAs**") or Keogh plans (together with any entities whose underlying assets include the assets of any such plans or accounts and with ERISA Plans, "**Plans**")) and persons who have certain specified relationships to the Plan ("parties in interest" within the meaning of ERISA or "disqualified persons" within the meaning of Section 4975 of the Code). A party in interest or disqualified person who engages in a prohibited transaction may be subject to excise taxes and other penalties and liabilities under ERISA and/or the Code. A fiduciary of a Plan (including the owner of an IRA) that engages in a prohibited transaction may also be subject to penalties and liabilities under ERISA and/or the Code.

BNPP, directly or through its Affiliates, may be considered a "party in interest" or a "disqualified person" with respect to many Plans. The purchase of U.S. Securities by a Plan with respect to which BNPP is a party in interest or a disqualified person may constitute or result in a prohibited transaction under Section 406 of ERISA or Section 4975 of the Code. Certain exemptions from the prohibited transaction provisions of Section 406 of ERISA and Section 4975 of the Code may be applicable, however, depending in part on the type of Plan fiduciary making the decision to acquire such U.S. Securities and the circumstances under which such decision is made. Included among these exemptions are Prohibited Transaction Class Exemption ("**PTCE**") 84-14 (an exemption for certain transactions determined by an independent qualified professional asset manager), PTCE 91-38 (an exemption for certain transactions involving bank collective investment funds), PTCE 90-1 (an exemption for certain transactions involving insurance company pooled separate accounts) and PTCE 95-60 (an exemption for certain transactions involving insurance company general accounts), PTCE 96-23 (an exemption for certain transactions determined by an in-house asset manager). In addition, the exemption under section 408(b)(17) of ERISA and section 4975(d)(20) of the Code may be available, provided (i) none of BNPP or the U.S. Dealers or affiliates or employees thereof is a Plan fiduciary that has or exercises any discretionary authority or control with respect to the Plan's assets used to purchase the U.S. Securities or renders investment advice with respect to those assets and (ii) the Plan is paying no more than adequate consideration for the U.S. Securities. There can be no assurance that any of these exemptions or any other exemption will be available with respect to any particular transaction involving the U.S. Securities. Any Plan fiduciary (including the owner of an IRA) considering the purchase of U.S. Securities should consider carefully the possibility of prohibited transactions and the availability of exemptions. U.S. governmental, church and non-U.S. plans, while not subject to the fiduciary responsibility provisions of ERISA or the provisions of Section 4975 of the Code, may nevertheless be subject to local, state, federal or non-U.S. laws that are substantially similar to the foregoing provisions of ERISA and the Code. ANY PENSION OR OTHER EMPLOYEE BENEFIT PLAN, INCLUDING ANY SUCH GOVERNMENTAL, CHURCH OR NON-U.S. PLAN AND ANY INDIVIDUAL RETIREMENT ACCOUNT, PROPOSING TO ACQUIRE ANY U.S. SECURITIES SHOULD CONSULT WITH ITS COUNSEL.

By its purchase of any U.S. Security, the purchaser or transferee thereof (and the person, if any, directing the acquisition of the U.S. Securities by the purchaser or transferee) will be deemed to represent, on each day from the date on which the purchaser or transferee acquires the U.S. Securities through and including the date on which the purchaser or transferee disposes of its interest in such U.S. Securities, either that (a) such purchaser or transferee is not a Plan, an entity whose underlying assets include the assets of any Plan by reason of Department of Labor Regulation section 2570.3-101 (as modified by Section 3(42) of ERISA) or otherwise, or a governmental, church or non-U.S. plan which is subject to any non-U.S., federal, state or local law that is substantially similar to the provisions of Section 406 of

ERISA or Section 4975 of the Code or (b) its purchase, holding and disposition of such U.S. Securities (including, if applicable, the receipt of any Guarantee or Entitlement) will not result in a prohibited transaction under Section 406 of ERISA or Section 4975 of the Code (or in the case of a governmental, church or non-U.S. plan, any substantially similar non-U.S., federal, state or local law) unless an exemption is available with respect to such transactions and all the conditions of such exemption have been satisfied.

Nothing herein shall be construed as a representation that any investment in U.S. Securities would meet any or all of the relevant legal requirements with respect to investments by, or is appropriate for, Plans generally or any particular Plan. U.S. Securities sold by BNPP B.V. may be subject to additional restrictions.

The above discussion may be modified or supplemented with respect to a particular offering of U.S. Securities, including the addition of further ERISA restrictions on purchase and transfer. Holders should consult the applicable Final Terms for such additional information.

## NOTICE TO PURCHASERS AND HOLDERS OF U.S. SECURITIES AND TRANSFER RESTRICTIONS

As a result of the following restrictions, purchasers of U.S. Securities are advised to consult legal counsel prior to making any purchase, offer, sale, resale, exercise, redemption or other transfer of such U.S. Securities.

Each purchaser of U.S. Securities will, by its purchase of such U.S. Securities, be deemed to acknowledge, represent and agree as follows (terms used in this paragraph that are defined in Rule 144A, Regulation S or the Conditions are used herein as defined therein):

- (i) that either: (a) in the case of the issue or transfer of a U.S. Security to or for a person who takes delivery in the form of U.S. Securities represented by a Rule 144A Global Security, it is (I) a QIB, purchasing (or holding) the U.S. Securities for its own account or for the account of one or more QIBs, in the case of U.S. Securities issued by BNPP or (II) a QIB and QP, purchasing (or holding) such U.S. Security for its own account or for the account of one or more QIBs who are QPs and that it is subject to such additional restrictions as may be contained in any required Investor Representation Letter or applicable supplement to the Base Prospectus, in the case of U.S. Securities issued by BNPP B.V., and it is aware, and each beneficial owner of such U.S. Securities has been advised, that any sale or transfer to it is being made in reliance on Rule 144A or (b) in the case of the issue or transfer of U.S. Securities to or for a person who takes delivery in the form of a Private Placement Definitive Security, it is (I) an AI, purchasing (or holding) such U.S. Security for its own account or for the account of one or more AIs and it is aware, and each beneficial owner of such U.S. Security has been advised, that any sale or transfer to it is being made in reliance on an exemption from the registration requirements of the Securities Act, in the case of U.S. Securities issued by BNPP or (II) a QIB and QP, purchasing (or holding) such U.S. Security for its own account or for the account of one or more QIBs who are QPs, it is aware, and each beneficial owner of such U.S. Security has been advised that any sale or transfer to it is being made in reliance on the exemption from registration under Rule 144A, and that it is subject to such additional restrictions as may be contained in any required Investor Representation Letter or applicable U.S. wrapper to the Base Prospectus, in the case of U.S. Securities issued by BNPP B.V., and, in either case it has delivered an Investor Representation Letter or (c) in the case of the issue or transfer of a U.S. Security to or for a person who takes delivery in the form of U.S. Securities represented by a Regulation S Global Security, it is outside the United States and is not (I) a "U.S. person" as defined in Regulation S under the Securities Act ("**Regulation S**"); or (II) a person other than a "Non-United States person" as defined in Rule 4.7 under the United States Commodity Exchange Act, as amended (the "**Commodity Exchange Act**"); or (III) a "U.S. person" as defined in the Interpretive Guidance and Policy Statement Regarding Compliance with Certain Swap Regulations promulgated by the Commodity Futures Trading Commission (the "**CFTC**"); or (IV) any other "U.S. person" as such term may be defined in Regulation S or in regulations or guidance adopted under the Commodity Exchange Act (each such person, a "**U.S. person**"), and it is aware, and each beneficial owner of such U.S. Securities has been advised, that any sale or transfer to it is being made in reliance on Regulation S and pursuant to CFTC regulations and guidance;
- (ii) that in issuing a U.S. Security linked to any Relevant Asset, the Issuer is not making, and has not made, any representations whatsoever as to the Relevant Asset or any information contained in any document filed by the issuer of such Relevant Asset with any exchange or with any governmental entity regulating the purchase and sale of securities or a U.S. Security linked to any Relevant Asset;
- (iii) that BNPP and any Affiliate of BNPP may, whether by virtue of the types of relationships described above or otherwise, at the date hereof or at any time hereafter be in possession of information in relation to the issuer of a Relevant Asset which is or may be material in the context of an issue of U.S. Securities linked to such Relevant Asset and which is or may not be known to the general public or any Holder. U.S. Securities linked to any Relevant Asset do not create any obligation on the part of BNPP or any Affiliate to disclose to any Holder any such relationship or information (whether or not confidential) and neither BNPP nor any other

Affiliate of BNPP shall be liable to any Holder by reason of such non-disclosure. No such information has been used in the selection of any issuer of a Relevant Asset for any U.S. Securities linked to any Relevant Asset;

- (xviii) AIs who purchase U.S. Securities are required to execute and deliver to the Definitive Warrant Agent or the Definitive Certificate Agent, as the case may be, an Investor Representation Letter. Upon execution and delivery of an Investor Representation Letter by an AI, Private Placement Definitive Securities will be issued.

The Investor Representation Letter that AIs purchasing securities from BNPP are required to sign will state, among other things, the following:

- (a) that the AI or an investment advisor acting on its behalf has reviewed a copy of this Base Prospectus and the Final Terms relating to the Securities, including, without limitation, the risk factors relating to the Securities, and such other information as it deems necessary in order to make its investment decision;
- (b) that the AI is acquiring the Securities purchased by it for its own account or for one or more accounts (each of which is an AI) as to each of which it exercises sole investment discretion and has full power to make the foregoing acknowledgements, representations and agreements on behalf of each such account, and not with a view to any resale, distribution or other disposition of the Securities, subject, nevertheless, to the understanding that the disposition of its property shall at all times be and remain within its control;

- (d) that, on each day from the date on which it acquires the U.S. Securities through and including the date on which it disposes of its interests in such U.S. Securities, either that (a) the AI is not an "employee benefit plan" as defined in Section 3(3) of ERISA subject to Title I of ERISA, a "plan" (defined in Section 4975(e)(1) of the Code) subject to Section 4975 of the Code (including without limitation, an individual retirement account), an entity whose underlying assets include the assets of any such employee benefit plan or plan, or a governmental, church or non-U.S. plan which is subject to any non-U.S., federal, state or local law that is substantially similar to the provisions of Section 406 of ERISA or Section 4975 of the Code or (b) the AI's purchase, holding and disposition of such U.S. Securities (including, if applicable, the receipt of any Guarantee or Entitlement) will not result in a prohibited transaction under Section 406 of ERISA or Section 4975 of the Code (or, in the case of a governmental, church or non-U.S. plan, violation of any substantially similar non-U.S., federal, state or local law) unless an exemption is available with respect to such transactions and all the conditions of such exemption have been satisfied;
- (e) that the AI understands that any subsequent transfer of the Securities is subject to certain restrictions and conditions set forth in this Base Prospectus and the Final Terms relating to the Securities (including those set out above) and that it agrees to be bound by, and not to resell, pledge or otherwise transfer the Securities except in compliance with such restrictions and conditions and the Securities Act;
- (f) that the AI is a sophisticated investor that, in the normal course of its business, invests in or purchases securities similar to the Securities and any Relevant Asset and has knowledge and experience in investment matters;
- (g) that the AI acknowledges that (a) it did not rely on any investigation that the Issuer, any of its Affiliates or any person acting on their behalf may have conducted with respect to any Relevant Asset or the issuer of any such Relevant Asset, and none of such persons has made any representation to it, express or implied, with respect to any such Relevant Asset and the issuer of any such Relevant Asset; (b) it conducted and relied on its own investigation with respect to the Relevant Asset; and (c) it received all information that it believes is necessary or appropriate in connection with any such Relevant Asset;
- (h) that the AI acknowledges that it assumes all economic risk of loss that may occur as a result of changes in the prices of the Securities and the Relevant Assets in accordance with the terms of the Securities, and that it will not look directly or indirectly on BNPP or its Affiliates to indemnify it for such loss, and that it expressly holds BNPP and its Affiliates harmless in respect of any such loss; and
- (i) that the AI acknowledges that BNPP and others will rely upon the truth and accuracy of the foregoing acknowledgements, representations and agreements, and it agrees that if any of such acknowledgements, representations or agreements made by it are no longer accurate, it shall promptly notify BNPP.
- (xix) QIBs who are QPs who purchase U.S. Securities are required to execute and deliver to BNPP B.V. an Investor Representation Letter and to comply with such other restrictions on transfer and other requirements as may be set forth in the Investor Representation Letter or in any applicable U.S. wrapper to the Base Prospectus.

## OFFERING AND SALE

No action has been or will be taken by BNPP B.V., BNPP, BP2F, BNPPF, BGL or the Managers that would permit a public offering of any Securities or possession or distribution of any offering material in relation to any Securities in any jurisdiction where action for that purpose is required. No offers, sales, re-sales or deliveries of any Securities, or distribution of any offering material relating to any Securities, may be made in or from any jurisdiction except in circumstances which will result in compliance with any applicable laws and regulations and which will not impose any obligation on BNPP B.V., BNPP, BP2F, BNPPF, BGL and/or the Managers.

### United States

None of the Securities, the Guarantees or, in the case of Physical Delivery Securities, the Entitlement to be delivered upon the exercise (in the case of Physical Delivery Warrants) or the redemption (in the case of Physical Delivery Certificates) of such Securities has been, or will be, registered under the Securities Act or any state securities laws, and trading in the Securities has not been approved by the Commodity Futures Trading Commission (the "**CFTC**") under the United States Commodity Exchange Act, as amended (the "**Commodity Exchange Act**"). None of the Issuers has registered as an investment company pursuant to the Investment Company Act. Unless otherwise specified in the applicable Final Terms, the Securities are being offered and sold in reliance on Regulation S under the Securities Act. No Securities of such series, or interests therein, may at any time be offered, sold, resold, traded, pledged, exercised, redeemed, transferred or delivered, directly or indirectly, in the United States or to, or for the account or benefit of, a U.S. person and any offer, sale, resale, trade, pledge, exercise, redemption, transfer or delivery made, directly or indirectly, within the United States or to, or for the account or benefit of, a U.S. person will not be recognised. The Securities of such series may not be legally or beneficially owned at any time by any U.S. person and accordingly are being offered and sold outside the United States only to non-U.S. persons in reliance on Regulation S and pursuant to CFTC regulations and guidance.

As used herein, a "**U.S. person**" is (i) a "U.S. person" as defined in Regulation S under the United States Securities Act, as amended (the "**Securities Act**") ("**Regulation S**"); or (ii) a person other than a "Non-United States person" as defined in Rule 4.7 under the Commodity Exchange Act; or (iii) a "U.S. person" as defined in the Interpretive Guidance and Policy Statement Regarding Compliance with Certain Swap Regulations promulgated by the CFTC; or (iv) any other "U.S. person" as such term may be defined in Regulation S or in regulations or guidance adopted under the Commodity Exchange Act (each such person, a "**U.S. person**").

If specified in the applicable Final Terms, certain issues of Securities may be offered and sold in the United States. Such U.S. Securities may only be offered and sold (a) by BNPP to (I) persons reasonably believed to be QIBs in reliance upon the exemption from the registration requirements of the Securities Act provided by Rule 144A and/or (II) certain AIs in reliance upon an exemption from the registration requirements of the Securities Act or (b) by BNPP B.V. to persons reasonably believed to be a QIB and a QP in reliance upon the exemption from the registration requirements of the Securities Act provided by Rule 144A. In either such case, such U.S. Securities may concurrently be offered and sold to non-U.S. persons in offshore transactions in reliance on Regulation S. For further information on certain restrictions on resale, transfer, exercise and redemption, see "Notice to Purchasers and Holders of U.S. Securities and Transfer Restrictions". Offers and sales of U.S. Securities in the United States will be made only through broker-dealers who are registered as such under the Exchange Act.

Securities related to a specified interest in an exchange traded instrument or basket of interests in exchange traded instruments, a specified commodity or commodity index or basket of commodities and/or commodity indices, a specified inflation index or basket of inflation indices, a specified currency or basket of specified currencies, a specified fund share or unit or basket of fund shares or units, the credit of a specified reference entity or reference entities, a specified futures contract or basket of futures contracts, or Hybrid Warrants related to any of these asset classes, may not at any time be offered, sold, resold, held, traded, pledged, exercised, redeemed, transferred or delivered, directly or indirectly, in the United States or to, by or for the account or benefit of, persons that are U.S. persons as defined in

Regulation S under the Securities Act or that are not non-United States Persons as defined in Rule 4.7 under the United States Commodity Exchange Act, as amended unless expressly provided for pursuant to any applicable U.S. wrapper to the Base Prospectus. Any such applicable U.S. wrapper may restrict the types of Securities that can be offered, sold, resold, held, traded, pledged, exercised, redeemed, transferred or delivered and the terms of such Securities.

U.S. Securities are being offered from time to time within the United States by the Issuers through BNP Paribas Securities Corp., a broker-dealer affiliate of the Issuers (the "**Initial Dealer**"), in the case of U.S. Securities offered by BNPP or BNPP B.V., or one or more other broker-dealers appointed by the Issuers from time to time (collectively with the Initial Dealer, the "**U.S. Dealers**"). The U.S. Securities may be sold to each U.S. Dealer at a discount, as principal, for resale to investors or other purchasers at varying prices related to prevailing market prices at the time of resale, to be determined by such U.S. Dealer or, if so agreed, at a fixed offering price. BNPP or BNPP B.V., as the case may be, will have the sole right to accept offers to purchase U.S. Securities and may reject any proposed purchase of U.S. Securities in whole or in part. Each U.S. Dealer will have the right, in its discretion reasonably exercised, to reject any proposed purchase of U.S. Securities through it in whole or in part.

Each of BNPP and BNPP B.V. has reserved the right to sell U.S. Securities through one or more other dealers in addition to the U.S. Dealers and directly to investors on its own behalf in those jurisdictions where it is authorised to do so. No commission will be payable by either Issuer to any of the relevant U.S. Dealers on account of sales of U.S. Securities made through such other dealers or directly by such Issuer.

In addition, the U.S. Dealers may offer the U.S. Securities they have purchased as principal to other dealers. The U.S. Dealers may sell U.S. Securities to any dealer at a discount and, unless otherwise specified in the applicable Final Terms, such discount allowed to any dealer will not be in excess of the discount to be received by such U.S. Dealer from the applicable Issuer. Unless otherwise indicated in the applicable Final Terms, any U.S. Securities sold to a U.S. Dealer as principal will be purchased by such U.S. Dealer at a price equal to 100 per cent. of the principal amount thereof less a percentage equal to the commission applicable to any agency sale of U.S. Securities of identical maturity, and may be resold by the U.S. Dealer to investors and other purchasers as described above. After the initial offering of U.S. Securities to be resold to investors and other purchasers, the offering price (in the case of U.S. Securities to be resold at a fixed offering price), the concession and discount may be changed.

Each of BNPP and BNPP B.V. has agreed to indemnify each relevant U.S. Dealer against, or to make contributions relating to, certain civil liabilities, including liabilities under the Securities Act.

The Initial Dealer has advised the Issuers that the Initial Dealer may make a market in the U.S. Securities; however, BNPP or BNPP B.V., as the case may be, cannot provide any assurance that a secondary market for the U.S. Securities will develop. After a distribution of a series of U.S. Securities is completed, because of certain regulatory restrictions arising from its affiliation with the applicable Issuer, the Initial Dealer may not be able to make a market in such series of U.S. Securities or, except on a limited, unsolicited basis, effect any transactions for the account of any customer in such series of U.S. Securities. Other broker-dealers unaffiliated with the applicable Issuer will not be subject to such prohibitions.

This Base Prospectus and any Final Terms may be used by Affiliates of the Issuers in connection with offers and sales related to secondary market transactions in the U.S. Securities. Such Affiliates may act as principal or agent in such transactions. Such sales will be made at prices related to prevailing prices at the time of a sale.

BNP Paribas Securities Corp., the Initial Dealer for the U.S. Securities offered hereby, is a subsidiary of BNPP and an Affiliate of BNPP B.V..

Each U.S. Dealer may be deemed to be an "underwriter" within the meaning of the Securities Act, and any discounts and commissions received by it and any profit realised by it on resale of the U.S. Securities may be deemed to be underwriting discounts and commissions.

Each purchaser of U.S. Securities offered hereby in making its purchase will be deemed to have represented and agreed with the applicable Issuer as set forth under "Notice to Purchasers and Holders of U.S. Securities and Transfer Restrictions" herein.

In connection with sales of U.S. Securities outside the United States, each relevant U.S. Dealer will be required to agree that, except as described in the preceding paragraph, it has not offered, sold or delivered, and will not offer, sell or deliver, any Securities within the United States or to, or for the account or benefit of, U.S. persons (a) as part of its distribution at any time and (b) otherwise until 40 days after the later of the commencement of an offering and the closing date, and it will have sent to each dealer or distributor to which it sells such U.S. Securities during the Distribution Compliance Period a confirmation or other notice setting forth the restrictions on offers and sales of such U.S. Securities within the United States or to, or for the account or benefit of, U.S. persons.

In addition, until the expiration of the 40-day Distribution Compliance Period with respect to an offering of U.S. Securities pursuant to the registration exemption contained in Regulation S under the Securities Act, an offer or sale of such U.S. Securities within the United States by any dealer that is not participating in such offering may violate the registration requirements of the Securities Act if such offer or sale is made otherwise than in accordance with Rule 144A or another available exemption under the Securities Act.

Terms used above that are defined in Rule 144A or Regulation S have the meanings given to them therein, as applicable.

Securities in bearer form that are debt for U.S. federal income tax purposes are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to United States persons, except in certain circumstances permitted by U.S. Treasury regulations. The applicable Final Terms will specify whether the provisions of U.S. Treas. Reg. Section 1.163-5(c)(2)(i)(D) (or any successor U.S. Treasury Regulation section including, without limitation, regulations issued in accordance with U.S. Internal Revenue Service Notice 2012-20 or otherwise in connection with the U.S. Hiring Incentives to Restore Employment Act of 2010) ("**TEFRA D**") apply or do not apply ("**TEFRA not applicable**") to the issuance of Notes. Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code of 1986 and the Treasury regulations promulgated thereunder.

The Final Terms in respect of any U.S. Securities will set forth additional information relating to the offer, sale or distribution of U.S. Securities.

provided that no such offer of Securities referred to in (b) to (d) above shall require the relevant Issuer to publish a prospectus pursuant to Article 3 of the Prospectus Directive, or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

For the purposes of this provision, the expression an "**offer of Securities to the public**" in relation to any Securities in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Securities to be offered so as to enable an investor to decide to purchase or subscribe the Securities, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State, the expression "**Prospectus Directive**" means Directive 2003/71/EC (as amended, including by Directive 2010/73/EU), and includes any relevant implementing measure in the Relevant Member State.

## Austria

In addition to the cases described in the European Economic Area selling restrictions in which the Securities may be offered to the public in a Relevant Member State (including Austria), the Securities may be offered to the public in Austria only:

- (a) if the following conditions have been satisfied:
  - (i) the Base Prospectus, including any supplements but excluding any Final Terms, which has been approved by the Austrian Financial Market Authority (*Finanzmarktaufsichtsbehörde*, the "**FMA**") or, where appropriate, approved by the competent authority of another Member State and notified to the FMA, all in accordance with the Prospectus Directive, has been published at least one Austrian bank working day prior to the commencement of the relevant offer of the Securities to the public; and

## Belgium

With regard to Securities having a maturity of less than 12 months (and which therefore fall outside the scope of the Prospectus Directive), this Prospectus has not been, and it is not expected that it will be, submitted for approval to the Belgian Financial Services and Markets Authority (*Autoriteit voor Financiële Diensten en Markten / Autorité des services et marchés financiers*) (the "**FSMA**"). Accordingly, no action will be taken that would be characterised as or result in a public offering of such Securities in Belgium in accordance with the Prospectus Law of 16 June 2006 on public offerings of investment instruments and the admission of investment instruments to trading on regulated markets, as amended or replaced from time to time.

With regard to fund linked Securities, the funds to which the fund linked Securities are linked are not registered and will not be registered in Belgium with the FSMA under the Belgian law of 20 July 2004 on certain forms of collective investment portfolios. The shares and other securities issued by these funds cannot be offered publicly in Belgium.

No action has been taken or will be taken which would result in the Securities being deemed to have been issued in the Czech Republic or pursuant to Czech law under relevant provisions of the Act of the Czech Republic No. 190/2004 Coll., on Bonds, as amended (the "**Bonds Act**"), and the issue of the Securities qualifying as "accepting of deposits from the public" by the relevant Issuer in the Czech Republic under Section 2(2) of the Act of the Czech Republic No. 21/1992 Coll., on Banks, as amended (the "**Banks Act**"), or requiring a permit, registration, filing or notification to the Czech National Bank or other authorities in the Czech Republic in respect of the Securities in accordance with the Capital Market Act, the Banks Act or practice of the Czech National Bank.

No action has been taken or will be taken which would result in the issue of the Securities being considered an intention to manage assets by acquiring funds from the public in the Czech Republic for the purposes of collective investment pursuant to defined investment policy in favour of the investors under the Act of the Czech Republic No. 240/2013 Coll., on Management Companies and Investment Funds, (the "**MCIFA**"), which implements the Directive 2011/61/EU. Provided that it shall notify the Issuer immediately, as soon as it is registered as a Restricted Entity under clause (iii) and (iv) above, either consequent to filing of an application with a Designated Depository Participant (as defined under the FPI Regulations) or as a result of a re-categorization and shall take all steps as may be required by the Issuer, including, if required, to ensure that the ODI transaction is terminated immediately and in the manner required by the Issuer.

Provided further that the holder subscribing to the Notes, Warrants and Certificates would not result in Restricted Entities under (iii) and (iv) above indirectly subscribing to or dealing in ODIs.

Provided further that, in case the holder is a Grandfathered Client then it:

- (i) undertakes and agrees to provide the Issuer with such information and documentary evidence (including, but not limited to documentary confirmation that the holder had subscribed to ODIs issued by other intermediaries, under the erstwhile Securities and Exchange Board of India (Foreign Institutional Investors) Regulations, 1995) ("**FII Regulations**") as may be requested by the Issuer to demonstrate that the holder is a Grandfathered Client;

**N** means the Notional Amount of each Certificate.

| <b>B.4b</b> | Informations sur les tendances | <p><i>Concernant BNPP :</i></p> <p><b>Conditions macroéconomiques.</b></p> <p>L'environnement macroéconomique et de marché affecte les résultats de BNPP. Compte tenu de la nature de son activité, BNPP est particulièrement sensible aux conditions macroéconomiques et de marché en Europe, qui ont connu des perturbations au cours des dernières années.</p> <p>En 2014, l'économie mondiale a lentement poursuivi son redressement mais certaines incertitudes demeurent, en particulier en Europe où la performance économique a été plus faible que les prévisions au second semestre 2014. Les prévisions économiques du FMI et de l'OCDE<sup>1</sup> pour l'année 2015 prévoient la poursuite d'une croissance modérée pour les économies développées mais avec des divergences entre les pays, y compris dans la zone euro, où les prévisions de croissance restent faibles dans certains pays (notamment en France et en Italie). Les prévisions sont similaires pour les marchés émergents (à savoir, une croissance modérée avec des zones de fragilité). Les risques de court terme pesant sur la croissance économique soulignés par le FMI incluent des tensions géopolitiques plus importantes et une volatilité accrue des marchés financiers; les risques de moyen terme soulignés incluent quant à eux une croissance faible ou une stagnation dans les pays développés. Dans la zone euro, le risque déflationniste, toujours présent, a néanmoins été réduit par l'annonce de mesures non conventionnelles de la BCE.</p> <p><b><i>Législation et Réglementations Applicables aux Institutions Financières.</i></b></p> <p>La législation et les réglementations applicables aux institutions financières qui ont un impact sur BNPP connaissent une évolution significative. Les mesures qui ont été proposées et/ou adoptées au cours des dernières années comprennent des exigences plus strictes en matière de capital et de liquidité (notamment pour les grands groupes bancaires tels que le Groupe BNPP), des taxes sur les transactions financières, des restrictions et des taxes sur la rémunération des salariés, des limitations aux activités bancaires commerciales et la séparation au sein de filiales dédiées, voire l'interdiction,</p> |

| <b>B.14</b> | Dépendance à l'égard d'autres entités du groupe | <p>Sous réserve du paragraphe suivant, BNPP n'est pas dépendant d'autres membres du Groupe BNPP. Chacun de BNPP B.V., BGL et BP2F est dépendant des autres membres du Groupe BNPP.</p> <p>En avril 2004 est entrée en fonctionnement la co-entreprise « BNP Paribas Partners for Innovation » (BP<sup>2</sup>I) qui, constituée avec IBM France fin 2003, délivre des services d'infrastructure de production informatique pour BNP Paribas SA et plusieurs de ses filiales françaises (BNP Paribas Personal Finance, BP2S, BNP Paribas Cardif...) ou européennes (Suisse, Italie). Mi-décembre 2011, le dispositif contractuel avec IBM France a été renouvelé et prorogé jusqu'à fin 2017. Fin 2012, un accord a été conclu en étendant ce dispositif à BNP Paribas Fortis en 2013.</p> <p>BP<sup>2</sup>I est placée sous le contrôle opérationnel d'IBM France ; BNP Paribas exerce une forte influence sur cette entité qu'elle détient à parts égales avec IBM France : les personnels de BNP Paribas mis à disposition de BP<sup>2</sup>I composent la moitié de son effectif permanent, les bâtiments et centres de traitement sont la propriété du Groupe, la gouvernance mise en œuvre garantit contractuellement à BNP Paribas une surveillance du dispositif et sa réintégration au sein du Groupe si nécessaire.</p> <p>ISFS, société détenue à 100 % par le groupe IBM, assure également des services d'infrastructure de production informatique pour BNP Paribas Luxembourg.</p> <p>La production informatique de BancWest est assurée par un fournisseur externe : Fidelity Information Services. La production informatique de Cofinoga France est assurée par SDDC, société détenue à 100 % par IBM.</p> <p>BNPP B.V. est dépendante de BNPP. BNPP B.V. est une filiale intégralement détenue par BNPP et qui est particulièrement impliquée dans l'émission de titres tels que des Obligations, Warrants ou Certificats ou autres obligations qui sont développées, mises en place ou vendues à des investisseurs par d'autres sociétés du Groupe BNPP (y compris BNPP). Les titres sont couverts par l'acquisition d'instruments de couverture auprès de BNP Paribas et d'entités de BNP Paribas tel que décrit dans l'Elément D.2 ci-dessous.</p> <p>Les Infrastructures Informatiques de BGL ont une certaine dépendance avec d'autres entités au sein du Groupe BNPP qui peut être résumée comme suit :</p> <ul style="list-style-type: none"> <li>• L'activité <i>corporate and institutional banking</i> (CIB) de BGL partage la plupart de ses plateformes d'Infrastructures Informatiques de ses back et front office avec BNPP ; et</li> <li>• D'autres lignes d'activités et fonctions partagent différentes plateformes avec d'autres entités du Groupe BNPP, mais pas nécessairement au même niveau que l'activité CIB.</li> </ul> <p>Voir également l'Elément B.5 ci-dessus.</p> |

| <b>D.3</b> | Principaux risques propres aux Titres | <p>Certains facteurs importants permettent d'évaluer les risques de marché liés aux Titres émis dans le cadre du Programme, y compris le fait que (i) les Titres (autres que les Titres Assortis de Sûretés) sont les obligations non assorties de sûretés, (ii) les Titres incluant un effet de levier impliquent un niveau de risque plus élevé et, en cas de pertes sur ces Titres, ces titres peuvent être supérieurs à ceux d'un titre similaire qui n'inclut aucun effet de levier ; (iii) les Certificats Bull and Bear (Païement ETS 2300) et les Warrants Bull and Bear (Formule de Paiement ETS 2300/1) sont destinés exclusivement à une négociation à court terme, car ils sont évalués sur la base de leur performance journalière globale ; (iv) le cours de négociation des Titres est affecté par plusieurs facteurs, y compris, mais sans caractère limitatif, (concernant les Titres liés à un Sous-Jacent de Référence) le cours du ou des Sous-Jacent(s) de Référence, la durée restant à courir jusqu'à l'expiration ou jusqu'au remboursement et la volatilité, et ces facteurs signifient que le cours de négociation des Titres peut être inférieur au Montant de Remboursement Final, au Montant de Règlement en Numéraire ou à la valeur des Droits à Règlement Physique, (v) dans de nombreux cas, l'exposition au Sous-Jacent de Référence découlera du fait que l'Emetteur concerné conclut des accords de couverture et, en ce qui concerne les Titres indexés sur un Sous-Jacent de Référence, les investisseurs potentiels sont exposés à la performance de ces accords de couverture et aux événements pouvant affecter ces accords, et, par conséquent, la survenance de l'un ou l'autre de ces événements peut affecter la valeur des Titres ; (vi) la garantie</p> |

Pour certaines émissions de Titres, BNP Paribas Arbitrage S.N.C. est tenue d'agir comme teneur de marché. Dans ces circonstances, BNP Paribas Arbitrage S.N.C. s'efforcera de maintenir un marché secondaire pendant toute la durée de vie des Titres, sous réserve des conditions normales de marché et soumettra au marché des cours acheteur et des cours vendeur. L'écart (<i>spread</i>) entre le cours acheteur et le cours vendeur peut évoluer durant la durée de vie des Titres. Néanmoins, durant certaines périodes il peut être difficile, irréalisable ou impossible pour BNP Paribas Arbitrage S.N.C. de coter des prix "bid" et "offer" et en conséquence il peut être difficile, irréalisable ou impossible d'acheter ou vendre ces Titres durant ces périodes. Cela peut être dû, par exemple, à des conditions défavorables sur le marché, à des prix volatiles ou à des fluctuations importantes du prix, à la fermeture d'une place financière importante ou à des problèmes techniques, tels que la défaillance ou le dysfonctionnement d'un système informatique ou celui d'un réseau internet. Les titres négociés sur des marchés émergents ou en voie de développement tendent à être moins liquides et leurs cours plus volatils. Il existe également des risques spécifiques liés aux Titres Dynamiques, qui sont intrinsèquement plus complexes, ce qui rend leur évaluation difficile en termes de risque à la date d'achat et après.</p> <p>Dans certaines situations (incluant, sans limitation, en conséquence de restrictions sur la convertibilité de la devise et/ou de restrictions de transfert), il peut ne pas être possible pour l'Emetteur de réaliser les paiements relatifs aux Titres dans la Devise de Règlement spécifiée dans les Conditions Définitives applicables. Dans ces situations, le paiement du principal et/ou des intérêts peut intervenir à un moment différent et/ou être effectué en Dollars américains et la valeur du marché de ces Titres peut être volatile.</p> |

| B.4b    | Informations sur les tendances | <p>[A indiquer si BNPP est l'Emetteur:</p> <p><b>Conditions macroéconomiques.</b></p> <p>L'environnement macroéconomique et de marché affecte les résultats de BNPP. Compte tenu de la nature de son activité, BNPP est particulièrement sensible aux conditions macroéconomiques et de marché en Europe, qui ont connu des perturbations au cours des dernières années.</p> <p>En 2014, l'économie mondiale a lentement poursuivi son redressement mais certaines incertitudes demeurent, en particulier en Europe où la performance économique a été plus faible que les prévisions au second semestre 2014. Les prévisions économiques du FMI et de l'OCDE<sup>5</sup> pour l'année 2015 prévoient la poursuite d'une croissance modérée pour les économies développées mais avec des divergences entre les pays, y compris dans la zone euro, où les prévisions de croissance restent faibles dans certains pays (notamment en France et en Italie). Les prévisions sont similaires pour les marchés émergents (à savoir, une croissance modérée avec des zones de fragilité). Les risques de court terme pesant sur la croissance économique soulignés par le FMI incluent des tensions géopolitiques plus importantes et une volatilité accrue des marchés financiers; les risques de moyen terme soulignés incluent quant à eux une croissance faible ou une stagnation dans les pays développés. Dans la zone euro, le risque déflationniste, toujours présent, a néanmoins été réduit par l'annonce de mesures non conventionnelles de la BCE.</p> <p><b>Législation et Réglementations Applicables aux Institutions Financières.</b></p> <p>La législation et les réglementations applicables aux institutions financières qui ont un impact sur BNPP connaissent une évolution significative. Les mesures qui ont été proposées et/ou adoptées au cours des dernières années comprennent des exigences plus strictes en matière de capital et de liquidité</p> |

|         |                          | <p>En 2014, l'économie mondiale a lentement poursuivi son redressement mais certaines incertitudes demeurent, en particulier en Europe où la performance économique a été plus faible que les prévisions au second semestre 2014. Les prévisions économiques du FMI et de l'OCDE<sup>6</sup> pour l'année 2015 prévoient la poursuite d'une croissance modérée pour les économies développées mais avec des divergences entre les pays, y compris dans la zone euro, où les prévisions de croissance restent faibles dans certains pays (notamment en France et en Italie). Les prévisions sont similaires pour les marchés émergents (à savoir, une croissance modérée avec des zones de fragilité). Les risques de court terme pesant sur la croissance économique soulignés par le FMI incluent des tensions géopolitiques plus importantes et une volatilité accrue des marchés financiers; les risques de moyen terme soulignés incluent quant à eux une croissance faible ou une stagnation dans les pays développés. Dans la zone euro, le risque déflationniste, toujours présent, a néanmoins été réduit par l'annonce de mesures non conventionnelles de la BCE.</p> <p>BP2F est dépendante de BNPPF. Les prévisions sont similaires pour les marchés émergents (à savoir, une croissance modérée avec des zones de fragilité). Les risques de court terme pesant sur la croissance économique soulignés par le FMI incluent des tensions géopolitiques plus importantes et une volatilité accrue des marchés financiers; les risques de moyen terme soulignés incluent quant à eux une croissance faible ou une stagnation dans les pays développés. | <b>B.19/<br/>B.4b</b> | Informations sur les tendances | <p>[A indiquer si BNPP est le Garant:</p> <p><b>Conditions macroéconomiques.</b></p> <p>L'environnement macroéconomique et de marché affecte les résultats de BNPP. Compte tenu de la nature de son activité, BNPP est particulièrement sensible aux conditions macroéconomiques et de marché en Europe, qui ont connu des perturbations au cours des dernières années.</p> <p>En 2014, l'économie mondiale a lentement poursuivi son redressement mais certaines incertitudes demeurent, en particulier en Europe où la performance économique a été plus faible que les prévisions au second semestre 2014. Les prévisions économiques du FMI et de l'OCDE<sup>8</sup> pour l'année 2015 prévoient la poursuite d'une croissance modérée pour les économies développées mais avec des divergences entre les pays, y compris dans la zone euro, où les prévisions de croissance restent faibles dans certains pays (notamment en France et en Italie). Les prévisions sont similaires pour les marchés émergents (à savoir, une croissance modérée avec des zones de fragilité). Les risques de court terme pesant sur la croissance économique soulignés par le FMI incluent des tensions géopolitiques plus importantes et une volatilité accrue des marchés financiers; les risques de moyen terme soulignés incluent quant à eux une croissance faible ou une stagnation dans les pays développés. Dans la zone euro, le risque déflationniste, toujours présent, a néanmoins été réduit par l'annonce de mesures non conventionnelles de la BCE.</p> <p><b>Législation et Réglementations Applicables aux Institutions Financières.</b></p> <p>La législation et les réglementations applicables aux institutions financières qui ont un impact sur BNPP connaissent une évolution significative. Les mesures qui ont été proposées et/ou adoptées au cours des dernières années comprennent des exigences plus strictes en matière de capital et de liquidité (notamment pour les grands groupes bancaires tels que le Groupe BNPP), des taxes sur les transactions financières, des restrictions et des taxes sur la rémunération des salariés, des limitations aux activités bancaires commerciales et la séparation au sein de filiales dédiées, voire l'interdiction, de certaines activités considérées comme spéculatives, des restrictions sur les types de produits financiers, des exigences accrues en matière de contrôle interne et de transparence, des règles de conduite des affaires plus strictes, la compensation et un reporting obligatoires des opérations sur instruments</p> |

Les prévisions sont similaires pour les marchés émergents (à savoir, une croissance modérée avec des zones de fragilité). Les risques de court terme pesant sur la croissance économique soulignés par le FMI incluent des tensions géopolitiques plus importantes et une volatilité accrue des marchés financiers; les risques de moyen terme soulignés incluent quant à eux une croissance faible ou une stagnation dans les pays développés. Dans la zone euro, le risque déflationniste, toujours présent, a néanmoins été réduit par l'annonce de mesures non conventionnelles de la BCE.</p> <p><b>Législation et Réglementations Applicables aux Institutions Financières</b></p> <p>La législation et les réglementations applicables aux institutions financières qui ont un impact sur BNPPF connaissent une évolution significative dans le sillage de la crise financière globale.
