Notice of the aggregate nominal amount of any tranche of Notes, the interest (if any) payable, the issue price and any other information relating to the Notes which is not known at the date of this base prospectus (the "**Base Prospectus**") and which can only be determined at the time of an individual issue of a Tranche of Notes will be set out in the final terms (the "**Final Terms**"). Where indicated in the relevant Final Terms, payment of Notes issued by Generali Finance will be unconditionally and irrevocably guaranteed by Assicurazioni Generali.

Application has been made to the Commission de Surveillance du Secteur Financier (the "**CSSF**") in its capacity as competent authority in Luxembourg to approve this document as a base prospectus under the Luxembourg Law of 10 July 2005 on Prospectuses for Securities (the "**Luxembourg Prospectus Law**"), which implements Directive 2003/71/EC (as amended, which includes the amendments made by Directive 2010/73/EU) in Luxembourg. Application has been made to the Luxembourg Stock Exchange for Notes issued under this Base Prospectus to be admitted to trading to the Luxembourg Stock Exchange's regulated market and to be listed on the Official List of the Luxembourg Stock Exchange. The Luxembourg Stock Exchange's regulated market (the "**Regulated Market**") is a regulated market for the purposes of the Markets in Financial Investments Directive (Directive 2004/39/EC). The Final Terms in respect of such Notes will be published in accordance with the provisions of article 16 of the Luxembourg Prospectus Law and will be filed with the CSSF in accordance with the provisions of article 8(4) of such law. The CSSF gives no undertaking as to the economic or financial opportuneness of the transaction or the quality and solvency of the Issuer in line with the provisions of article 7(7) of the Luxembourg Prospectus Law.

The Programme also allows for Notes to be unlisted or to be admitted to listing, trading and/or quotation by such other or further listing authorities, stock exchanges and/or quotation systems as may be agreed with the relevant Issuer. Under the Luxembourg Prospectus Law, prospectuses relating to money market instruments having a maturity at issue of less than 12 months which fall within the definition of securities are not subject to the approval provisions of Part II of such law, but are subject to the approval provisions of Part III of the Luxembourg Prospectus Law, which requires the approval of a simplified prospectus.

An investment in Notes issued under the Programme involves certain risks. For a discussion of these risks, see "Risk Factors" on page 1.

Under current legislation in Italy, payments of interest, premium or other income relating to the Notes are subject to substitute tax (imposta sostitutiva) at a rate of 20 per cent., regardless of maturity. The Issuer will not be liable to pay any additional amounts to Noteholders in relation to any such substitute tax or withholding. For further information, see "Taxation" on page 195.

RISK FACTORS

Any investment in the Notes is subject to a number of risks. Prior to investing in the Notes, prospective investors should carefully consider risk factors associated with any investment in the Notes, the business of the Issuers and the industry in which they operate together with all other information contained in this Base Prospectus, including, in particular, the risk factors described below.

The Issuers believe that the factors described below represent the principal risks inherent in investing in Notes issued under this Programme. All these factors are contingencies which may or may not occur and the Issuers are not in a position to express a view as to the likelihood of any such contingency occurring. Additional risks and uncertainties relating to the Issuers that are not currently known to the Issuers, or that they currently deem immaterial, may individually or cumulatively also have a material adverse effect on the business, prospects, results of operations and/or financial position of the Issuers and, if any such risk should occur, the price of the Notes may decline and investors could lose all or part of their investment. Investors should consider carefully whether an investment in the Notes is suitable for them in light of the information in this Base Prospectus and their personal circumstances.

References in this section to the "Issuer", the "relevant Issuer" or the "Issuers" include, where applicable, the Guarantor and each Issuer as the case may be and references to the "Generali Group" are to Assicurazioni Generali and each of its subsidiaries. Otherwise, words and expressions defined in "Forms of the Notes" and "Terms and Conditions of the Notes" or elsewhere in this Base Prospectus have the same meaning in this section. Prospective investors should read the entire Base Prospectus.

RISK FACTORS RELATING TO THE ISSUERS

Financial results may be affected by fluctuations in the financial markets

Market levels and investment returns are an important part of determining the Generali Group's overall profitability and fluctuations in the financial markets such as the fixed income, equity, property and foreign exchange markets can have a material effect on its consolidated results of operations. Changes in these factors can be very difficult to predict. Any adverse changes in the economies and/or financial markets in which funds under management are invested could have a material adverse effect on the Generali Group's consolidated financial condition, results of operations and cash flows.

Fluctuations in interest rates may affect returns on fixed income investments and their market value. Generally, investment income may be reduced during sustained periods of lower interest rates as higher yielding fixed income securities are called, mature or are sold and the proceeds are reinvested at lower rates even though prices of fixed income securities tend to rise and gains realised upon their sale tend to increase. During periods of rising interest rates, prices of fixed income securities tend to fall and gains made upon their sale are lower or the losses made are greater.

In addition, the Generali Group invests a substantial portion of its assets in equities and real estate, which are generally subject to greater risks and more volatility than fixed income securities. General economic conditions, stock market conditions, level of disposable income and many other factors beyond the control of the Generali Group can adversely affect the equity and property markets.

Investment returns are also susceptible to changes in the general creditworthiness of the issuers of the debt securities and equity securities held in the businesses' portfolios. The value of fixed income securities may be affected by, amongst other things, changes in the Issuer's credit rating. Where the credit rating of a debt security drops, the value of the security may also decline.

The current dislocation in the global and Italian capital markets and credit conditions has led to the most severe examination of the banking system's capacity to absorb sudden significant changes in the funding and liquidity environment in recent history, and has had an impact on the wider economy. Should the Generali Group be unable to continue to source a sustainable funding profile which can absorb these sudden shocks, the Generali Group's ability to fund its financial obligations at a competitive cost, or at all, could be adversely affected.

In addition to the general insurance and shareholder portfolios, the Generali Group has substantial exposure to fixed income securities, equities and real estate within its life assurance portfolios worldwide. The investment risk on life assurance portfolios is often shared in whole or in part with policyholders, depending on the product sold. Fluctuations in the fixed income, equity and property markets will directly affect the financial results of life assurance operations and will also have indirect effects, through their impact on the value of technical provisions, which in most cases are related to the value of the assets backing the policy liabilities. Should the credit rating of the issuer of the fixed income securities drop to a level such that regulatory guidelines prohibit the holding of such securities to back insurance liabilities, the resulting disposal may lead to a significant loss on the Generali Group's investment.

The revenues of the Generali Group's asset management businesses around the world are derived primarily from investment management fees, which are based primarily on the market value of funds under management. Consequently, the asset management business's financial results depend on changes in the economic conditions and financial markets in which the funds under management are invested.

For further considerations relating to interest rates, currency and credit risks, please refer to the risk factors: "*Financial results may be affected by interest rates*", "*Financial results may be affected by fluctuations in exchange rates*" and "*The Generali Group is subject to credit risk*".

Financial results may be affected by interest rates

Significant changes in interest rates could materially and adversely affect the Generali Group's business, results of operation and financial performance. The level of and changes in interest rates (including changes in the difference between the levels of prevailing short-term and long-term rates) can affect the Generali Group's life insurance, banking and assets management results and interest payable on debt. In particular, interest rates can affect the availability of disposable income for investment in life assurance and other savings products, asset values, levels of bad debts, levels of investment income gains and losses on investments, funding costs and interest margins. Whilst interest rates increase the margin spread potential for the banking business, they are also likely to result in a decrease in fixed income asset values for life insurance companies. Generally, the impact of rising interest rates on the asset management business is driven by the change in value of funds under management.

Fluctuations in interest rates (and returns from equity markets) also have an impact on consumer behaviour, especially in the life and asset accumulation businesses, where demand for fixed income products may decline when interest rates fall and equity markets are performing well. The demand of general insurance, particularly commercial lines, can also vary with the overall level of economic activity.

Financial results may be affected by fluctuations in exchange rates

The Generali Group presents its consolidated financial statements in Euro but a substantial proportion of its operations are accounted for in currencies other than Euro principally the Swiss Franc, the Czech crown and the US Dollar. As a result of the accounting for operations in currencies other than Euro, fluctuations in the relevant value of the Euro to the Swiss Franc, the US dollar, the Czech crown and other currencies could be significant because, amongst other things, these fluctuations could cause the Generali Group's earnings to fluctuate and affect the comparability between results in one financial period and those in the preceding financial period.

The Generali Group is subject to credit risk

The Generali Group is prone to counterparty risk in relation to third parties. A failure by its counterparties to meet their obligations could have a material impact on its financial position. However, the Generali Group is exposed to credit risk, amongst other things, through holdings of fixed income instruments and loan advances.

Additionally, the Generali Group's life assurance and general insurance businesses have substantial exposure to reinsurers through reinsurance arrangements. Under such arrangements, other insurers assume a portion of the costs, losses and expenses associated with policy claims and maturities and reported and unreported losses in exchange for a portion of policy premiums. The availability, amount and cost of reinsurance depend on general market conditions and may vary significantly year on year. Any decrease in the amount of reinsurance cover purchased will increase the Generali Group's risk of loss. When reinsurance is obtained, the Generali Group is still liable for those transferred risks if the reinsurer does not meet its obligations. Therefore, the inability or failure of reinsurers to meet their financial obligations could materially affect the Generali Group's operations and financial condition.

A default by an institution or even concerns as to its credit-worthiness could lead to significant liquidity problems, losses or defaults by other institutions because the stability of many financial institutions may be closely linked to credit, trading, clearing or other relationships between institutions. This risk may adversely affect financial intermediaries, such as clearing agencies, clearing houses, banks, securities firms and exchanges with which the Generali Group interacts on a daily basis and therefore could adversely affect the Generali Group.

Financial results may be affected by insurance risk

Underwriting performance, for both the life and non-life businesses, represents an important part of the Generali Group's overall profitability and fluctuations in the frequency and severity of insurance claims can have a material effect on the consolidated results of operations. In addition, any adverse changes in the rate of claims inflation or in the cost of reinsurance protection could have a material adverse effect on

the Generali Group's consolidated financial condition, results of operations and cash flows. Changes in these factors can be very difficult to predict.

Regulatory compliance and regulatory changes

The Generali Group's insurance, asset management and banking subsidiaries are subject to government regulation in the jurisdictions in which they conduct business. Regulatory agencies – in particular, IVASS (in the case of Assicurazioni Generali) – have broad jurisdiction over many aspects of these businesses, which may include capital adequacy, premium rates, marketing and selling practices, advertising, licensing agents, policy forms, terms of business and permitted investments.

In the European Union, risk based capital requirements are being introduced pursuant to Directive 2009/138/EC of the European Parliament and of the Council of 25 November 2009 on the taking-up and pursuit of the business of Insurance and Reinsurance (Solvency II) (the "**Solvency II Directive**"), which was agreed to by the European Parliament in April 2009 and formally approved by a meeting of the European Union's Economic and Financial Affairs Council in November 2009.

On 19 January 2011, the European Commission proposed the adoption of a directive (the "**Omnibus II Directive**") to introduce a number of changes to the Solvency II regime. The Omnibus II Directive will also empower the Commission to apply more flexible transitional provisions for insurance undertakings affected by Solvency II and grant extended powers to the new European Insurance and Occupational Pensions Authority (EIOPA, which has replaced CEIOPS, The Committee of European Insurance and Occupational Pensions Supervisors since 1 January 2011). In November 2013, representatives from the European Parliament, the European Commission and the Council of the European Union reached an agreement on the Omnibus II Directive, which was adopted by the European Parliament on 11 March 2014. The agreed text of Omnibus II confirms the implementation date for Solvency II as January 2016, but moves back the transposition date to March 2015.

The Solvency II Directive has been enacted using the EU's Lamfalussy Process as a Level 1 Directive. Under the Lamfalussy Process, the details required for application of the principles set out in the Level 1 Directive will be developed and formulated as part of the implementing measures (Level 2). The European Commission has already initiated the process of developing detailed Level 2 implementation measures that will complement the high level principles set out in the Solvency II Directive. These implementation measures are subject to a consultation process in the context of which EIOPA (formerly CEIOPS) has already published a number of consultation papers covering advice to the European Commission. The Level 2 implementing measures are expected to take the form of a Regulation which will have direct effect in Member States, so will not need to be implemented into national legislation.

The Omnibus II Directive also provides for the development of binding technical implementing standards by EIOPA and to be confirmed, following public consultation, by the European Commission. EIOPA is continuing to develop the detailed rules that will complement the high-level principles of the Solvency II Directive, which are not currently expected to be finalised before late 2014. Level 3 of the Lamfalussy Process envisages the development of the non-binding standards and guidance. While selected European stakeholders will participate in pre-consultations, the formal Level 3

consultation process will not happen until after the Level 2 text has been published by the European Commission.

Although Assicurazioni Generali is actively participating in the various consultation processes through its involvement in industry bodies and trade associations, there remains significant uncertainty regarding the definitive contents of the Solvency II implementation measures, technical implementing standards and guidances. Pending finalisation of these implementation measures, standards and guidances, the potential future impact on available resources and capital requirements of the Generali Group cannot currently be fully assessed. The risk of any sudden, material adverse impact on the Generali Group is likely to be addressed in the context of the continuous dialogue with IVASS, both on an on-going basis and as part of the process when applying for IVASS' approval for the issuance of subordinated instruments, with a view to mitigating any possible effect.

More broadly, recent turmoil in the financial markets may well result in significant regulatory changes affecting financial institutions, including insurance and reinsurance undertakings, as well as reforms aimed at addressing the issue of systemic risk and the perceived gaps in the regulatory framework viewed to have contributed to the financial crisis. New regulatory initiatives could increase the cost of doing business, limit the scope of permissible activities or affect the competitive balance in general.

All financial services groups face the risk that regulators may find that they have failed to comply with applicable regulations or have not undertaken corrective action as required. Regulatory proceedings could result in adverse publicity for, or negative perceptions regarding, the Generali Group, as well as diverting management's attention away from the day-to-day management of the business. A significant regulatory action against a member of the Generali Group could have a material adverse effect on the business of the Generali Group, its results of operations and/or financial condition.

In addition, changes in government policy, legislation or regulatory interpretation applying to the financial services industry in the markets in which the Generali Group operates may adversely affect its product range, distribution channels, capital requirements and, consequently, its results and financing requirements. These changes, which may occur at any time, include possible changes in government pension requirements and policies, the regulation of selling practices and solvency requirements.

Designation of Assicurazioni Generali as Global Systemically Important Insurer may increase capital requirements and impose a more stringent level of regulatory scrutiny

On 18 July 2013, the Financial Stability Board designated a first list of nine global insurance groups, including Assicurazioni Generali, as Global Systemically Important Insurers ("**G-SIIs**"). On the basis of the G-SII criteria adopted by the International Association of Insurance Supervisors ("**IAIS**") that was released on the following day, the G-SII designation will result in enhanced supervision and regulation of these companies. In particular, the IAIS framework for G-SIIs includes (a) the development of a Systemic Risk Management Plan and enhanced liquidity planning and management in order to focus on the unique risk profile and possible risk concentrations of G-SIIs and lessen the probability and impact of failure; (b) the elaboration of effective recovery and resolution plans and establishment of crisis management groups. The G-SII regime also introduces two types of capital requirements: a Backstop Capital Requirement

("BCR") that is designed to act as a minimum group capital requirement and a Higher Loss Absorption ("HLA") requirement to reduce the probability, and expected impact, of distress or failure by making G-SIIs more resilient to low-probability, high-impact events. The IAIS currently expects to finalise the BCR and HLA proposals by November 2014 and the end of 2015, respectively. Implementation of the regime is likely to be phased in over a period of years: implementation of the Systemic Risk Management Plans should be completed within 12 months after designation as a G-SII. The BCR is expected to be introduced between 2015 and 2019, while the HLA requirements will not be applied to G-SIIs until 2019.

In addition, on 9 October 2013, the IAIS stated that it will develop a risk-based global insurance capital standard by 2016 to apply to all internationally active insurance groups, with full implementation to begin in 2019.

Pending finalisation of the IAIS policies, it is not possible to predict what impact, if any, they could have on the Generali Group's business, financial condition or results of operations, or to fully evaluate the extent by which these measures will impact the Generali Group's capital requirements and its competitive position vis-à-vis insurance groups that are not designated as G-SIIs.

Risk management policies, procedures and methods may leave the Generali Group exposed to unidentified or unanticipated risks

The Generali Group has devoted significant resources to developing policies, procedures and assessment methods to manage market, credit, liquidity and operating risk and intends to continue to do so in the future. Nonetheless, the Generali Group's risk management techniques and strategies may not be fully effective in mitigating its risk exposure in all market environments or against all types of risks, including risks that the Generali Group fails to identify or anticipate. If existing or potential customers believe that the Generali Group's risk management policies and procedures are inadequate, the Issuer's reputation as well as its revenues and profits may be negatively affected.

The Generali Group is subject to operational risk

The Generali Group, like all financial services groups, is exposed to many types of operational risk. Solvency II defines operational risk as the risk of loss, arising from inadequate or failed internal processes, or from personnel and systems, or from external events. The operational risk also includes compliance risk.

Main operational risks may derive from internal fraud, external fraud, employment practices, clients and products, damage to physical assets, business disruption and system failure, execution and process management.

The Generali Group's systems and processes are designed to ensure that the operational risks associated with the Generali Group's activities are appropriately monitored. Any failure or weakness in these systems, however, could adversely affect the Generali Group's financial performance and business activities.

The Generali Group may be affected by increased competition

The Italian insurance market has experienced significant changes in recent years due to the introduction of several laws and regulations as a result of the implementation of a

number of insurance directives issued by the European Union (EU). As a result, direct marketing of non-life and life insurance may be carried out on a cross-border basis and therefore for insurance companies it is much easier to operate outside their home state. The development of a single European market together with the reduction of regulatory restrictions is also facilitating the growth of new distribution systems, partially replacing the traditional reliance on insurance intermediaries such as agents. Changes in the regulatory regime have also increased competitive pressure on insurance companies in the Italian market in general. There is no assurance that the Generali Group will be able to compete successfully in the future against existing or potential competitors or that the Generali Group's business, financial condition and results of operations will not be adversely affected by increased competition.

As primarily a holding company, Assicurazioni Generali depends on the earnings and cash flows of its operating subsidiaries, which may not be sufficient to meet its debt service obligations

As primarily a holding company, Assicurazioni Generali is dependent on the earnings and cash flows of, and dividends and distributions from, its operating subsidiaries to pay expenses and to meet its debt service obligations including the payment of interests and repayment of principal on Notes issued or guaranteed by it under the Programme. Significant cash or cash equivalent balances may be held from time to time at Assicurazioni Generali's operating subsidiaries. Some of these operating subsidiaries will also have debt outstanding or may be subject to acquisition agreements that impose restrictions on such operating subsidiaries' ability to pay dividends, but these restrictions are not expected to be significant in the context of Assicurazioni Generali's overall liquidity.

If earnings and cash flows of its operating subsidiaries are substantially reduced, Assicurazioni Generali may not be in a position to meet its operational needs or to meet interest payment or principal redemption obligations in respect of Notes issued or guaranteed by it under the Programme.

The European sovereign debt crisis has adversely affected, and may continue to, adversely affect the Generali Group's results of operations, business and financial condition

The continued deterioration of the merit of credit of various countries, including, among others, Greece, Ireland, Portugal and Cyprus together with the potential for contagion to spread to other countries in Europe, mainly Spain and Italy, has exacerbated the severity of the global financial crisis. Such developments have posed a significant risk to the stability and status quo of the European Monetary Union.

Rising market tensions might affect negatively the funding costs and economic outlook of some euro member countries, like in the case of the four bailed out countries (Greece, Ireland, Portugal and Cyprus). This could have a material and negative impact on the Group and/or on the Group's clients, with potential negative implications for the Group's business, results and financial position.

Lingering market tensions might affect negatively the global economy and hamper the recovery of the euro area. Moreover, the tightening fiscal policy by some countries might weigh on households disposable income and on corporate profits with negative

implications for the Generali Group's business, results and financial position. This trend will likely continue in the coming quarters.

Any further deterioration of the Italian economy would have a material adverse effect on the Generali Group's business, in light of the Generali Group's significant exposure to the Italian economy. In addition, if any of the countries in which the Generali Group operates witnessed a significant deterioration in economic activity, the Generali Group's results of operations, business and financial condition would be materially and adversely affected.

RISKS RELATING TO THE NOTES

The Notes may not be a suitable investment for all investors

Each potential investor in the Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- (i) have sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of investing in the Notes and the information contained or incorporated by reference in this Base Prospectus or any applicable supplement;
- (ii) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Notes and the impact the Notes will have on its overall investment portfolio;
- (iii) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes, including Notes with principal or interest payable in one or more currencies, or where the currency for principal or interest payments is different from the potential investor's currency;
- (iv) understand thoroughly the terms of the Notes and be familiar with the behaviour of any relevant indices and financial markets; and
- (v) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

Some Notes are complex financial instruments. Sophisticated institutional investors generally do not purchase complex financial instruments as stand-alone investments. They purchase complex financial instruments as a way to reduce risk or enhance yield with an understood, measured, appropriate addition of risk to their overall portfolios. A potential investor should not invest in Notes which are complex financial instruments unless it has the expertise (either alone or with a financial adviser) to evaluate how the Notes will perform under changing conditions, the resulting effects on the value of the Notes and the impact this investment will have on the potential investor's overall investment portfolio.

The Notes do not contain covenants governing the Generali Group's operations and do not limit its ability to merge, effect asset sales or otherwise effect significant transactions that may have a material and adverse effect on the Notes and the holders thereof

The Notes do not contain covenants governing its operations and do not limit the Generali Group's ability to enter into a merger, asset sale or other significant transaction that could materially alter its existence, jurisdiction of organisation or regulatory regime and/or its composition and its business. In the event the Generali Group was to enter into such a transaction, Noteholders could be materially and adversely affected.

Risks related to the structure of a particular issue of Notes

A wide range of Notes may be issued under the Programme. A number of these Notes may have features which contain particular risks for potential investors. Set out below is a description of the most common features:

Notes subject to optional redemption by the Issuer

An optional redemption feature of Notes is likely to limit their market value. During any period when the Issuer may elect to redeem Notes, the market value of those Notes generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period. The Issuer may be expected to redeem Notes when its cost of borrowing is lower than the interest rate on the Notes. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in the light of other investments available at that time.

Redemption for tax reasons

In the event that the Issuer has or will become obliged - as a result of any change in or amendment to the laws or regulations of the Republic of Italy or The Netherlands (as the case may be) or any political subdivision or any authority thereof or therein having power to tax, or any change in the application or official interpretation of such laws or regulations, which change or amendment becomes effective on or after the date of issue of the relevant Notes - to pay additional amounts in respect of such Notes due to any withholding or deduction for or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or on behalf of Italy, in the case of payments made by or on behalf of Assicurazioni Generali, or The Netherlands, in the case of payments made by or on behalf of Generali Finance, or in each case any political subdivision thereof or any authority therein or thereof having power to tax, and such obligation cannot be avoided by the Issuer (or by Assicurazioni Generali as Guarantor) taking reasonable measures available to it, the Issuer may redeem all outstanding Notes in accordance with the Conditions.

In addition, in the case of Subordinated Notes, in the event that interest payable by the Issuer in respect of the Notes is no longer, or will no longer be, deductible by the Issuer for Italian, in the case of Assicurazioni Generali, or Dutch, in the case of Generali Finance, income tax purposes, or such deductibility is materially reduced, in each case as a result of any change in, or amendment to, the laws or regulations or applicable accounting standards of the Republic of Italy or The Netherlands (as the case may be), or any political subdivision or any authority thereof or therein having power to tax, or any change in the application or official interpretation of such laws or regulations, which change or amendment becomes effective on or after the date of issue of the Notes, the Issuer may redeem all outstanding Notes in accordance with the Conditions.

Art. 82, paragraph 1, of Law Decree No. 112 of 25 June 2008, as converted into law by Italian Law No. 133 of 23 August 2008, ("**Decree No. 112**"), has introduced new paragraph 5-bis to Art. 96 of Italian Presidential Decree No. 917 of 22 December 1986 (the Italian income tax code, "**Decree No. 917**"), providing for a partial limitation to the deductibility for corporate income tax purposes of interest expenses borne, inter alia, by Italian resident insurance companies.

Based on this provision, any interest on Notes issued by Assicurazioni Generali will only be deductible up to 96 per cent. when determining the taxable income of Assicurazioni Generali for corporate income tax purposes.

Redemption due to other reasons

If specified as being applicable in the relevant Final Terms, if the Issuer and/or the Guarantor determines that a Rating Event, an Accounting Event or a Regulatory Event (each as defined in the Terms and Conditions) has occurred, the Issuer may redeem all relevant outstanding Notes in accordance with the Conditions.

In the event that the Notes are redeemed due to a Rating Event or an Accounting Event prior to the relevant Maturity Date or due to a Regulatory Event, an investor may not be able to reinvest the redemption proceeds in a comparable security at an effective interest rate as high as that of the relevant Notes.

EONIA Linked Interest Notes, SONIA Linked Interest Notes, Federal Funds Rate Linked Notes and CMS Linked Interest Notes

The Issuer may issue Notes with interest determined by reference to EONIA, SONIA, the Federal Funds Rate and the CMS Rate which determine the amount of interest (each, a "**relevant factor**"). Potential investors should be aware that:

- (i) the market price of such Notes may be volatile;
- (ii) they may receive no interest;
- (iii) a relevant factor may be subject to significant fluctuations that may not correlate with changes in interest rates, currencies or other indices; and
- (iv) the timing of changes in a relevant factor may affect the actual yield to investors, even if the average level is consistent with their expectations.

Fixed/Floating Rate Notes

Fixed/Floating Rate Notes may bear interest at a rate that the Issuer may elect to convert from a fixed rate to a floating rate, or from a floating rate to a fixed rate. The Issuer's ability to convert the interest rate will affect the secondary market and the market value of the Notes since the Issuer may be expected to convert the rate when it is likely to produce a lower overall cost of borrowing. If the Issuer converts from a fixed rate to a floating rate, the spread on the Fixed/Floating Rate Notes may be less favourable than then prevailing spreads on comparable Floating Rate Notes tied to the same reference rate. In addition, the new floating rate at any time may be lower than the rates on other Notes. If the Issuer converts from a floating rate to a fixed rate, the fixed rate may be lower than then prevailing rates on its Notes.

Reset Notes

Reset Notes will initially earn interest at the Initial Rate of Interest until (but excluding) the Reset Date (or, if there is more than one Reset Period, the first Reset Date). On the first Reset Date and on each subsequent Reset Date (if any) thereafter, the interest rate will be reset to the sum of the applicable Reset Reference Rate and the applicable Reset Margin (the "**Reset Rate**"), which could be less than the Initial Rate of Interest or the Reset Rate for prior Reset Periods, and could affect the market value of an investment in the Reset Notes.

Maximum/Minimum Rate of Interest

To the extent that a Minimum Rate of Interest applies, investors should consider that where the interest rate does not rise above the level of Minimum Interest Rate, comparable investments in notes which pay interest based on a fixed rate which is higher than the Minimum Interest Rate are likely to be more attractive to potential investors than an investment in the Notes. Under those conditions, investors in the Notes might find it difficult to sell their Notes on the secondary market (if any) or might only be able to realise the Notes at a price which may be substantially lower than the nominal amount.

To the extent that a Maximum Rate of Interest applies, investors should be aware that the Rate of Interest is capped at such Maximum Interest Rate level. Consequently, investors may not participate in any increase of market interest rates, which may also negatively affect the market value of the Notes.

Notes issued at a substantial discount or premium

The market values of securities issued at a substantial discount or premium from their principal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing securities. Generally, the longer the remaining term of the securities, the greater the price volatility as compared to conventional interest-bearing securities with comparable maturities.

Subordinated Notes

If the Issuer or the Guarantor is declared insolvent and a winding up is initiated, it will be required to pay the holders of senior debt and meet its obligations to all its other creditors (including unsecured creditors) in full before it can make any payments on any Subordinated Notes. If this occurs, the Issuer and/or the Guarantor may not have enough assets remaining after these payments to pay amounts due under any Subordinated Notes.

In addition, Subordinated Notes may be, if the relevant Final Terms specify Optional Deferral of Interest and/or Mandatory Deferral of Interest as being applicable, subject to special provisions, driven by regulatory capital requirements, which entitle (and in some cases require) the relevant Issuer to defer payments to Noteholders of interest. See further Condition 6.1 (*Optional Deferral of Interest*) and Condition 6.2 (*Mandatory Deferral of Interest*).

Similarly, Subordinated Notes may be, if the relevant Final Terms specify Optional Cancellation of Interest and/or Mandatory Cancellation of Interest as being applicable, subject to special provisions, driven by regulatory capital requirements, which entitle

(and in some cases require) the relevant Issuer to cancel payments to Noteholders of interest. See further Condition 6.4 (*Optional Cancellation of Interest*) and Condition 6.5 (*Mandatory Cancellation of Interest*).

Furthermore, the redemption of Subordinated Notes (including Instalment Notes) is subject to the absence of any Regulatory Intervention, and the Conditions provide that the scheduled maturity date of Subordinated Notes with a specified maturity date (or, in the case of Instalment Notes, the due date of the relevant Instalment Amount) shall be postponed if a Regulatory Intervention has occurred and is continuing (see further Condition 7 (*Conditions for Redemption*), Condition 11.1A (*Redemption and Purchase - Scheduled redemption*) and Condition 11.9 (*Redemption and Purchase - Redemption by Instalments*)). Where Optional Redemption due to a Regulatory Event is stated as being applicable in the Final Terms, the Issuer has the right to redeem the Subordinated Notes early in the circumstances described in Condition 11.5 (*Optional Redemption due to a Regulatory Event*).

Noteholders should be aware that the final implementation measures of the Solvency II Directive may lead to, or increase the likelihood of, a deferral (or cancellation) of interest payments under, and/or a postponement of the scheduled maturity date of, and/or an early redemption of, Subordinated Notes.

Subordinated Notes may be subject to loss absorption mechanisms in certain circumstances

If Assicurazioni Generali suffers losses which would result in its solvency margin falling below the required solvency margin, Subordinated Notes may be subject to loss absorption mechanisms if so specified in the relevant Final Terms. Should this occur, the obligations of the Issuer to make payments in respect of the Notes will be deferred to the extent necessary to enable Assicurazioni Generali to continue to carry on its activities in accordance with applicable regulatory requirements.

Availability of shares to implement the Alternative Coupon Satisfaction Mechanism

In respect of any Subordinated Notes in respect of which the Final Terms specify Alternative Coupon Satisfaction Mechanism (ACSM) to apply, if the Issuer elects, or is required, to defer payment of interest on any such Subordinated Notes, the payment of any Deferred Interest may (or shall) be satisfied in the circumstances set out in Condition 6.5 (Alternative Coupon Satisfaction Mechanism), out of (and to the extent of) funds raised by the alternative coupon satisfaction mechanism set out therein. If the Issuer fails to settle Deferred Interest in full in accordance with the alternative coupon settlement mechanism at the end of the ACSM Period, such portion of Deferred Interest that remains unsettled will not accumulate or compound, and all rights and claims in respect of any such unsettled amounts shall be fully and irrevocably forfeited and definitively cancelled. See further Condition 6.5 (Alternative Coupon Satisfaction Mechanism).

Variation of the terms and conditions of Subordinated Notes or Exchange of Subordinated Notes for Qualifying Securities

In relation to any series of Subordinated Notes, if the relevant Final Terms specify that the Regulatory/Tax/Rating/ Accounting Event Modification Provisions or the Regulatory/Tax/Rating/Account Event Exchange Provisions are applicable, then the

Issuer may in certain circumstances modify the terms and conditions of such Subordinated Notes or, as applicable, exchange such Subordinated Notes for Qualifying Securities, without any requirement for the consent or approval of the Noteholders to the extent that such modification is reasonably necessary to ensure that no Regulatory Event, Tax Event, Rating Event or, as applicable, Accounting Event would exist after such modification, provided that the relevant conditions set forth in Condition 18.4 (Modification and/or Exchange following a Regulatory Event, Tax Event, Rating Event or Accounting Event) of the Terms and Conditions of the Notes are satisfied.

Risks related to Notes generally

Set out below is a brief description of certain risks relating to the Notes generally.

U.S. Foreign Account Tax Compliance Withholding

Whilst the Notes are in global form and held within Euroclear Bank S.A./N.V. and Clearstream Banking, société anonyme (together, the "ICSDs"), in all but the most remote circumstances, it is not expected that FATCA will affect the amount of any payment received by the ICSDs (see Taxation – Foreign Account Tax Compliance Act). However, FATCA may affect payments made to custodians or intermediaries in the subsequent payment chain leading to the ultimate investor if any such custodian or intermediary generally is unable to receive payments free of FATCA withholding. It also may affect payment to any ultimate investor that is a financial institution that is not entitled to receive payments free of withholding under FATCA, or an ultimate investor that fails to provide its broker (or other custodian or intermediary from which it receives payment) with any information, forms, other documentation or consents that may be necessary for the payments to be made free of FATCA withholding. Investors should choose the custodians or intermediaries with care (to ensure each is compliant with FATCA or other laws or agreements related to FATCA), provide each custodian or intermediary with any information, forms, other documentation or consents that may be necessary for such custodian or intermediary to make a payment free of FATCA withholding. Investors should consult their own tax adviser to obtain a more detailed explanation of FATCA and how FATCA may affect them. Each of the Issuer's obligations under the Notes are discharged once it has paid the common depository or common safekeeper for the ICSDs (as bearer of the Notes) and the relevant Issuer has therefore no responsibility for any amount thereafter transmitted through hands of the ICSDs and custodians or intermediaries.

EU Savings Tax Directive

Under EC Council Directive 2003/48/EC on the taxation of savings income (the "**EU Savings Tax Directive**"), Member States are required to provide to the tax authorities of another Member State details of payments of interest (or similar income) paid by a person within its jurisdiction to an individual resident in that other Member State or to certain limited types of entity known as "**residual entities**" as defined in article 4.2 of the EU Savings Tax Directive established in that other Member State. However, for a transitional period, Luxembourg and Austria are instead required (unless during that period they elect otherwise) to operate a withholding system in relation to such payments, deducting tax at a rate of 35 per cent. The transitional period is to terminate at the end of the first full fiscal year following agreement by certain non-EU countries to the exchange of information relating to such payments. Luxembourg has announced

that it will no longer apply the withholding tax system as from 1 January 2015 and will provide details of payments of interest (or similar income) as from this date.

A number of non EU countries and territories (including Switzerland) have adopted similar measures (a withholding system in the case of Switzerland) in relation to payments made by a person within its jurisdiction to, or collected by such a person for, an individual resident or certain limited types of entity established in a Member State. In addition, the Member States have entered into provision of information or transitional withholding arrangements with certain of those dependent or associated territories in relation to payments made by a person in a Member State to, or collected by such a person for, an individual resident or certain limited types of entity established in one of those territories.

The European Council formally adopted a Council Directive amending the Directive on 24 March 2014 (the "**Amending Directive**"). The Amending Directive broadens the scope of the requirements described above. Member States have until 1 January 2016 to adopt the national legislation necessary to comply with the Amending Directive. The changes made under the Amending Directive include extending the scope of the Directive to payments made to, or collected for, certain other entities and legal arrangements. They also broaden the definition of "interest payment" to cover income that is equivalent to interest.

Investors who are in any doubt as to their position should consult their professional advisers.

If a payment were to be made or collected through a Member State which has opted for a withholding system and an amount of, or in respect of, tax were to be withheld from that payment, neither the Issuer nor any Paying Agent (as defined in the Conditions of the Notes) nor any other person would be obliged to pay additional amounts with respect to any Note as a result of the imposition of such withholding tax. The Issuers are required to maintain a Paying Agent in a Member State that is not obliged to withhold or deduct tax pursuant to the EU Savings Tax Directive.

Investors who are in any doubt as to their position should consult their professional advisers.

Because the Global Notes are held by or on behalf of Euroclear and Clearstream, Luxembourg, investors will have to rely on their procedures for transfer, payment and communication with the Issuer

Notes issued under the Programme may be represented by one or more Global Notes. Such Global Notes will be deposited with a common depositary or common safekeeper for Euroclear and Clearstream, Luxembourg. Except in the circumstances described in the relevant Global Note, investors will not be entitled to receive definitive Notes. Euroclear and Clearstream, Luxembourg will maintain records of the beneficial interests in the Global Notes. While the Notes are represented by one or more Global Notes, investors will be able to trade their beneficial interests only through Euroclear and Clearstream, Luxembourg. While the Notes are represented by one or more Global Notes the Issuer will discharge its payment obligations under the Notes by making payments to the common depositary or common safekeeper for Euroclear and Clearstream, Luxembourg for distribution to their account holders. A holder of a beneficial interest in a Global Note must rely on the procedures of Euroclear and

Clearstream, Luxembourg to receive payments under the relevant Notes. The Issuer has no responsibility or liability for the records relating to, or payments made in respect of, beneficial interests in the Global Notes. Holders of beneficial interests in the Global Notes will not have a direct right to vote in respect of the relevant Notes. Instead, such holders will be permitted to act only to the extent that they are enabled by Euroclear and Clearstream, Luxembourg to appoint appropriate proxies.

Legality of purchase

Neither the Issuer, the Dealers, nor any of their respective affiliates has or assumes responsibility for the lawfulness of the acquisition of the Notes by a prospective investor in the Notes, whether under the laws of the jurisdiction of its incorporation or the jurisdiction in which it operates (if different), or for compliance by that prospective investor with any law, regulation or regulatory policy applicable to it.

Legal investment considerations may restrict certain investments

The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (i) Notes are legal investments for it, (ii) Notes can be used as collateral for various types of borrowing and (iii) other restrictions apply to the purchase or pledge of any Notes. Financial institutions should consult their legal advisors or the appropriate regulators to determine the appropriate treatment of Notes under any applicable risk-based capital or similar rules.

Risks related to the markets generally

Set out below is a brief description of the principal market risks, including liquidity risk, exchange rate risk, interest rate risk and credit risk that may be relevant in connection with an investment in Notes.

The secondary market generally

Notes may have no established trading market when issued, and one may never develop. If a market does develop, it may not be very liquid. Therefore, investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. This is particularly the case for Notes that are especially sensitive to interest rate, currency or market risks, are designed for specific investment objectives or strategies or have been structured to meet the investment requirements of limited categories of investors. These types of Notes generally would have a more limited secondary market and more price volatility than conventional debt securities. Illiquidity may have a severely adverse effect on the market value of Notes.

Exchange rate risks and exchange controls

The Issuer will pay principal and interest on the Notes in the Specified Currency. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the "Investor's Currency") other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction

over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Specified Currency would decrease (i) the Investor's Currency-equivalent yield on the Notes, (ii) the Investor's Currency equivalent value of the principal payable on the Notes and (iii) the Investor's Currency equivalent market value of the Notes. Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive less interest or principal than expected, or no interest or principal.

Interest rate risks

Investment in Fixed Rate Notes involves the risk that subsequent changes in market interest rates may adversely affect the value of the Fixed Rate Notes.

Credit ratings may not reflect all risks

One or more independent credit rating agencies may assign credit ratings to the Notes. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Notes. A credit rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by the rating agency at any time.

Notes where denominations involve integral multiples; definitive Notes

In relation to any issue of Notes which have denominations consisting of a minimum Specified Denomination plus one or more higher integral multiples of another smaller amount, it is possible that such Notes may be traded in amounts that are not integral multiples of such minimum Specified Denomination. In such a case a holder who, as a result of trading such amounts, holds an amount which is less than the minimum Specified Denomination in his account with the relevant clearing system at the relevant time may not receive a definitive Note in respect of such holding (should definitive Notes be printed) and would need to purchase a principal amount of Notes such that its holding amounts to a Specified Denomination. If definitive Notes are issued, holders should be aware that definitive Notes which have a denomination that is not an integral multiple of the minimum Specified Denomination may be illiquid and difficult to trade.

GENERAL DESCRIPTION OF THE PROGRAMME

Whether or not each credit rating applied for in relation to the relevant Series of Notes will be (1) issued by a credit rating agency established in the EEA and registered (or which has applied for registration and not been refused) under Regulation (EU) No. 1060/2009, as amended (the "**CRA Regulation**"), or (2) issued by a credit rating agency which is not established in the EEA but will be endorsed by a CRA which is established in the EEA and registered under the CRA Regulation or (3) issued by a credit rating agency which is not established in the EEA but which is certified under the CRA Regulation will be disclosed in the Final Terms.

In general, European regulated investors are restricted from using a rating for regulatory purposes if such rating is not issued by a credit rating agency established in the EEA and registered under the CRA Regulation unless (i) the rating is provided by a credit rating agency operating in the EEA before 7 June 2010 which has submitted an application for registration in accordance with the CRA Regulation and such registration has not been refused, or (ii) the rating is provided by a credit rating agency not established in the EEA but is endorsed by a credit rating agency established in the EEA and registered under the CRA Regulation or (iii) the rating is provided by a credit rating agency not established in the EEA which is certified under the CRA Regulation.

In that event, the relevant Issuer will (subject as provided in Condition 13 (*Taxation*)) pay such additional amounts as will result in the Noteholders receiving such amounts as they would have received in respect of such Notes had no such withholding been required.
- Governing Law:** The Notes will be governed by, and shall be construed in accordance with, English Law, except for provisions concerning the status of the Subordinated Notes and of the Guarantee of the Subordinated Notes which are governed by the laws of Italy. The Deed of Covenant and the Deed of Guarantee will be governed by the laws of England.

This Base Prospectus comprises two base prospectuses, one for each of Assicurazioni Generali and Generali Finance, for the purposes of Article 5(4) of the Prospectus Directive.

Each of the Issuers and Assicurazioni Generali in its capacity as guarantor where indicated in the relevant Final Terms of Notes issued by Generali Finance (the "**Guarantor**") accepts responsibility for the information contained in this document and to the best of the knowledge of each of the Issuers and the Guarantor (which have taken all reasonable care to ensure that such is the case), the information contained in this document is in accordance with the facts and does not omit anything likely to affect the import of such information.

This Base Prospectus should be read and construed together with any supplements hereto and with any other documents incorporated by reference herein and, in relation to any Tranche (as defined herein) of Notes, should be read and construed together with the relevant Final Terms.

Each of the Issuers and the Guarantor has confirmed to the Dealers named under "*Subscription and Sale*" below that this Base Prospectus (including for this purpose, each relevant Final Terms) contains all information which according to the particular nature of the Issuers and the Guarantor and the securities offered to the public or admitted to trading on a regulated market, is necessary to enable investors to make an informed assessment of the assets and liabilities, financial position, profits and losses, and the prospects of the Issuers and the Guarantor and of any rights attaching to such securities and is (in the context of the Programme, the issue, offering and sale of the Notes and the guarantee of the Notes, where applicable) material; that such information is true and accurate in all material respects and is not misleading in any material respect; that any opinions, predictions or intentions expressed herein are honestly held or made and are not misleading in any material respect; that this Base Prospectus does not omit to state any material fact necessary to make such information, opinions, predictions or intentions (in the context of the Programme, the issue, offering and sale of the Notes and the guarantee of the Notes, where applicable) not misleading in any material respect; and that all proper enquiries have been made to verify the foregoing.

No person has been authorised to give any information or to make any representation not contained in or not consistent with this Base Prospectus or any other document entered into in relation to the Programme or any information supplied by each of the Issuers or the Guarantor or such other information as is in the public domain and, if given or made, such information or representation should not be relied upon as having been authorised by each of the Issuers, the Guarantor or any Dealer.

No representation or warranty is made or implied by the Dealers or any of their respective affiliates, and neither the Dealers nor any of their respective affiliates makes any representation or warranty or accepts any responsibility as to the accuracy or completeness of the information contained in this Base Prospectus. Neither the delivery of this Base Prospectus or any Final Terms nor the offering, sale or delivery of any Note shall, in any circumstances, create any implication that the information contained in this Base Prospectus is true subsequent to the date hereof or the date upon which this Base Prospectus has been most recently supplemented or that there has been no adverse change, or any event reasonably likely to involve any adverse change, in the condition

(financial or otherwise) of each of the Issuers or the Guarantor since the date hereof or, if later, the date upon which this Base Prospectus has been most recently supplemented or that any other information supplied in connection with the Programme is correct at any time subsequent to the date on which it is supplied or, if different, the date indicated in the document containing the same.

This Base Prospectus may only be used for the purposes for which it has been published. The distribution of this Base Prospectus and any Final Terms and the offering, sale and delivery of the Notes in certain jurisdictions may be restricted by law. Persons into whose possession this Base Prospectus or any Final Terms comes are required by the Issuers, the Guarantor and the Dealers to inform themselves about and to observe any such restrictions. For a description of certain restrictions on offers, sales and deliveries of Notes and on the distribution of this Base Prospectus or any Final Terms and other offering material relating to the Notes, see "*Subscription and Sale*". In particular, Notes have not been and will not be registered under the United States Securities Act of 1933 (as amended) (the "**Securities Act**") and are subject to U.S. tax law requirements. Subject to certain exceptions, Notes may not be offered, sold or delivered within the United States or to U.S. persons.

Neither this Base Prospectus nor any Final Terms constitutes an offer or an invitation to subscribe for or purchase any Notes and should not be considered as a recommendation by the Issuers, the Guarantor, the Dealers or any of them that any recipient of this Base Prospectus or any Final Terms should subscribe for or purchase any Notes. Each recipient of this Base Prospectus or any Final Terms shall be taken to have made its own investigation and appraisal of the condition (financial or otherwise) of each of the Issuers and the Guarantor.

The maximum aggregate principal amount of Notes outstanding and guaranteed at any one time under the Programme will not exceed €10,000,000,000 and, for this purpose, any Notes denominated in another currency shall be translated into euro at the date of the agreement to issue such Notes, calculated in accordance with the provisions of the Dealer Agreement (as defined under "**Subscription and Sale**"). The maximum aggregate principal amount of Notes which may be outstanding and guaranteed at any one time under the Programme may be increased from time to time, subject to compliance with the relevant provisions of the Dealer Agreement.

Notes issued pursuant to the Programme may also be rated or unrated. Where an issue of Notes is rated, its rating will be specified in the Final Terms. A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency. Whether or not each credit rating applied for in relation to the relevant Series of Notes will be issued by a credit rating agency established in the European Union and registered under Regulation (EC) No 1060/2009 (the "**CRA Regulation**") will be disclosed in the Final Terms. In general, European regulated investors are restricted from using a rating for regulatory purposes if such rating is not issued by a credit rating agency established in the European Union and registered under the CRA Regulation (or is endorsed and published or distributed by subscription by such a credit rating agency in accordance with the Regulation) unless the rating is provided by a credit rating agency operating in the European Union before 7 June 2010 which has submitted an application for registration in accordance with the CRA Regulation and such registration is not refused.

ESMA is obliged to maintain on its website, <http://www.esma.europa.eu/page/List-registered-and-certified-CRAs>, a list of credit rating agencies registered and certified in accordance with the CRA Regulation.

In this Base Prospectus, unless otherwise specified, references to "EUR", "euro" or "€" are to the single currency introduced at the start of the third stage of European Economic and Monetary Union and as defined in Article 2 of Council Regulation (EC) No. 974/98 of 3 May 1998 on the introduction of the euro, as amended. Unless otherwise specified or where the context requires, references to laws and regulations are to the laws and regulations of Italy or The Netherlands, as the case may be.

This Base Prospectus has been prepared on the basis that, except to the extent sub-paragraph (ii) below may apply, any offer of Notes in any Member State of the European Economic Area which has implemented the Prospectus Directive (each, a "**Relevant Member State**") will be made pursuant to an exemption under the Prospectus Directive, as implemented in that Relevant Member State, from the requirement to publish a prospectus for offers of Notes. Accordingly any person making or intending to make an offer in that Relevant Member State of Notes which are the subject of an offering/placement contemplated in this Base Prospectus as completed by Final Terms or a Drawdown Prospectus in relation to the offer of those Notes may only do so (i) in circumstances in which no obligation arises for the Issuers, the Guarantor or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive, in each case, in relation to such offer, or (ii) if a prospectus for such offer has been approved by the competent authority in that Relevant Member State or, where appropriate, approved in another Relevant Member State and notified to the competent authority in that Relevant Member State and (in either case) published, all in accordance with the Prospectus Directive, provided that any such prospectus has subsequently been completed by Final Terms or is a Drawdown Prospectus which specifies that offers may be made other than pursuant to Article 3(2) of the Prospectus Directive in that Relevant Member State, such offer is made in the period beginning and ending on the dates specified for such purpose in such prospectus or final terms or drawdown prospectus, as applicable, and the relevant Issuer has consented in writing to its use for the purpose of such offer. Except to the extent sub-paragraph (ii) above may apply, neither the Issuers, the Guarantor nor any Dealer have authorised, nor do they authorise, the making of any offer of Notes in circumstances in which an obligation arises for the Issuers, the Guarantor or any Dealer to publish or supplement a prospectus for such offer. The expression "**Prospectus Directive**" means Directive 2003/71/EC (and amendments thereto, including the 2010 PD Amending Directive, to the extent implemented in the Relevant Member State), and includes any relevant implementing measure in the Relevant Member State and the expression "**2010 PD Amending Directive**" means Directive 2010/73/EU.

Certain figures included in this Base Prospectus have been subject to rounding adjustments; accordingly, figures shown for the same category presented in different tables may vary slightly and figures shown as totals in certain tables may not be an arithmetic aggregation of the figures which precede them.

STABILISATION

IN CONNECTION WITH THE ISSUE OF ANY TRANCHE OF NOTES, THE DEALER OR DEALERS (IF ANY) NAMED AS THE STABILISING MANAGER(S) (OR PERSONS ACTING ON BEHALF OF ANY STABILISING MANAGER(S)) IN THE RELEVANT SUBSCRIPTION AGREEMENT MAY OVER-ALLOT NOTES OR EFFECT TRANSACTIONS WITH A VIEW TO SUPPORTING THE MARKET PRICE OF THE NOTES AT A LEVEL HIGHER THAN THAT WHICH MIGHT OTHERWISE PREVAIL. HOWEVER, THERE IS NO ASSURANCE THAT THE STABILISING MANAGER(S) (OR PERSONS ACTING ON BEHALF OF A STABILISING MANAGER) WILL UNDERTAKE STABILISATION ACTION. ANY STABILISATION ACTION MAY BEGIN ON OR AFTER THE DATE ON WHICH ADEQUATE PUBLIC DISCLOSURE OF THE TERMS OF THE OFFER OF THE RELEVANT TRANCHE OF NOTES IS MADE AND, IF BEGUN, MAY BE ENDED AT ANY TIME, BUT IT MUST END NO LATER THAN THE EARLIER OF 30 DAYS AFTER THE ISSUE DATE OF THE RELEVANT TRANCHE OF NOTES AND 60 DAYS AFTER THE DATE OF THE ALLOTMENT OF THE RELEVANT TRANCHE OF NOTES. ANY STABILISATION ACTION OR OVER-ALLOTMENT MUST BE CONDUCTED BY THE RELEVANT STABILISING MANAGER(S) (OR PERSON(S) ACTING ON BEHALF OF ANY STABILISING MANAGER(S)) IN ACCORDANCE WITH ALL APPLICABLE LAWS AND RULES.

Terms and Conditions of the Notes	Pages 38 - 121
---	----------------

FINAL TERMS AND DRAWDOWN PROSPECTUS

In this section the expression "necessary information" means, in relation to any Tranche of Notes, the information necessary to enable investors to make an informed assessment of the assets and liabilities, financial position, profits and losses and prospects of the Issuers and the Guarantor, where applicable, and of the rights attaching to the Notes. In relation to the different types of Notes which may be issued under the Programme, the Issuers and the Guarantor have endeavoured to include in this Base Prospectus all of the necessary information except for information relating to the Notes which is not known at the date of this Base Prospectus and which can only be determined at the time of an individual issue of a Tranche of Notes.

Any information relating to the Notes which is not included in this Base Prospectus and which is required in order to complete the necessary information in relation to a Tranche of Notes will be contained either in the relevant Final Terms or in a Drawdown Prospectus. Such information will be contained in the relevant Final Terms unless any of such information constitutes a significant new factor relating to the information contained in this Base Prospectus in which case such information, together with all of the other necessary information in relation to the relevant series of Notes, will be contained in a Drawdown Prospectus.

For a Tranche of Notes which is the subject of Final Terms, those Final Terms will, for the purposes of that Tranche only, complete this Base Prospectus and must be read in conjunction with this Base Prospectus. The terms and conditions applicable to any particular Tranche of Notes which is the subject of Final Terms are the Conditions as completed by the relevant Final Terms.

The terms and conditions applicable to any particular Tranche of Notes which is the subject of a Drawdown Prospectus will be the Conditions as supplemented, amended and/or replaced to the extent described in the relevant Drawdown Prospectus. In the case of a Tranche of Notes which is the subject of a Drawdown Prospectus, each reference in this Base Prospectus to information being specified or identified in the relevant Final Terms shall be read and construed as a reference to such information being specified or identified in the relevant Drawdown Prospectus unless the context requires otherwise.

Each Drawdown Prospectus will be constituted either (1) by a single document containing the necessary information relating to the Issuers and the Guarantor (as relevant) and the relevant Notes or (2) by a registration document (the "**Registration Document**") containing the necessary information relating to the Issuers and the Guarantor (as relevant), a securities note (the "**Securities Note**") containing the necessary information relating to the relevant Notes and, if necessary, a summary note. In addition, if the Drawdown Prospectus is constituted by a Registration Document and a Securities Note, any significant new factor, material mistake or inaccuracy relating to the information included in the Registration Document which arises or is noted between the date of the Registration Document and the date of the Securities Note which is capable of affecting the assessment of the relevant Notes will be included in the Securities Note.

FORMS OF THE NOTES

Each Tranche of Notes will initially be in the form of either a temporary global note (the "**Temporary Global Note**"), without interest coupons, or a permanent global note (the "**Permanent Global Note**"), without interest coupons, in each case as specified in the relevant Final Terms. Each Temporary Global Note or, as the case may be, Permanent Global Note (each a "**Global Note**") which is not intended to be issued in new global note ("**NGN**") form, as specified in the relevant Final Terms, will be deposited on or around the issue date of the relevant Tranche of the Notes with a depositary or a common depositary for Euroclear Bank S.A./N.V. ("**Euroclear**") and/or Clearstream Banking, société anonyme, Luxembourg ("**Clearstream, Luxembourg**") and/or any other relevant clearing system and each Global Note which is intended to be issued in NGN form, as specified in the relevant Final Terms, will be deposited on or around the issue date of the relevant Tranche of the Notes with a common safekeeper for Euroclear and/or Clearstream, Luxembourg.

On 13 June 2006 the European Central Bank (the "**ECB**") announced that Notes in NGN form are in compliance with the "Standards for the use of EU securities settlement systems in ESCB credit operations" of the central banking system for the euro (the "**Eurosystem**"), provided that certain other criteria are fulfilled. At the same time the ECB also announced that arrangements for Notes in NGN form will be offered by Euroclear and Clearstream, Luxembourg as of 30 June 2006 and that debt securities in global bearer form issued through Euroclear and Clearstream, Luxembourg after 31 December 2006 will only be eligible as collateral for Eurosystem operations if the NGN form is used.

The relevant Final Terms will also specify whether United States Treasury Regulation §1.163 -5(c)(2)(i)(C) (the "**TEFRA C Rules**") or United States Treasury Regulation §1.163 5(c)(2)(i)(D) (the "**TEFRA D Rules**") are applicable in relation to the Notes or, if the Notes do not have a maturity of more than 365 days, that neither the TEFRA C Rules nor the TEFRA D Rules are applicable.

Temporary Global Note exchangeable for Permanent Global Note

If the relevant Final Terms specifies the form of Notes as being "Temporary Global Note exchangeable for a Permanent Global Note", then the Notes will initially be in the form of a Temporary Global Note which will be exchangeable, in whole or in part, for interests in a Permanent Global Note, without interest coupons, not earlier than 40 days after the issue date of the relevant Tranche of the Notes upon certification as to non-U.S. beneficial ownership. No payments will be made under the Temporary Global Note unless exchange for interests in the Permanent Global Note is improperly withheld or refused. In addition, interest payments in respect of the Notes cannot be collected without such certification of non-U.S. beneficial ownership.

Whenever any interest in the Temporary Global Note is to be exchanged for an interest in a Permanent Global Note, the Issuer shall procure (in the case of first exchange) the prompt delivery (free of charge to the bearer) of such Permanent Global Note to the bearer of the Temporary Global Note or (in the case of any subsequent exchange) an increase in the principal amount of the Permanent Global Note in accordance with its terms against:

- (i) presentation and (in the case of final exchange) surrender of the Temporary Global Note to or to the order of the Fiscal Agent; and
- (ii) receipt by the Fiscal Agent of a certificate or certificates of non-U.S. beneficial ownership,

within 7 days of the bearer requesting such exchange.

The principal amount of the Permanent Global Note shall be equal to the aggregate of the principal amounts specified in the certificates of non-U.S. beneficial ownership; *provided, however*, that in no circumstances shall the principal amount of the Permanent Global Note exceed the initial principal amount of the Temporary Global Note.

The Permanent Global Note will be exchangeable in whole, but not in part, for Notes in definitive form ("**Definitive Notes**"):

- (i) on the expiry of such period of notice as may be specified in the relevant Final Terms; or
- (ii) at any time, if so specified in the relevant Final Terms; or
- (iii) if the relevant Final Terms specifies "in the limited circumstances described in the Permanent Global Note", then if (a) Euroclear or Clearstream, Luxembourg or any other relevant clearing system is closed for business for a continuous period of 14 days (other than by reason of legal holidays) or announces an intention permanently to cease business or (b) any of the circumstances described in Condition 14 (*Events of Default*) of the Terms and Conditions of the Notes occurs.

Whenever the Permanent Global Note is to be exchanged for Definitive Notes, the Issuer shall procure the prompt delivery (free of charge to the bearer) of such Definitive Notes, duly authenticated and with Coupons and Talons attached (if so specified in the relevant Final Terms), in an aggregate principal amount equal to the principal amount of the Permanent Global Note to the bearer of the Permanent Global Note against the surrender of the Permanent Global Note to or to the order of the Fiscal Agent within 30 days of the bearer requesting such exchange.

Temporary Global Note exchangeable for Definitive Notes

If the relevant Final Terms specifies the form of Notes as being "Temporary Global Note exchangeable for Definitive Notes" and also specifies that the TEFRA C Rules are applicable or that neither the TEFRA C Rules or the TEFRA D Rules are applicable, then the Notes will initially be in the form of a Temporary Global Note which will be exchangeable, in whole but not in part, for Definitive Notes not earlier than 40 days after the issue date of the relevant Tranche of the Notes.

If the relevant Final Terms specifies the form of Notes as being "Temporary Global Note exchangeable for Definitive Notes" and also specifies that the TEFRA D Rules are applicable, then the Notes will initially be in the form of a Temporary Global Note which will be exchangeable, in whole or in part, for Definitive Notes not earlier than 40 days after the issue date of the relevant Tranche of the Notes upon certification as to non-U.S. beneficial ownership. Interest payments in respect of the Notes cannot be collected without such certification of non-U.S. beneficial ownership.

Whenever the Temporary Global Note is to be exchanged for Definitive Notes, the Issuer shall procure the prompt delivery (free of charge to the bearer) of such Definitive Notes, duly authenticated and with Coupons and Talons attached (if so specified in the relevant Final Terms), in an aggregate principal amount equal to the principal amount of the Temporary Global Note to the bearer of the Temporary Global Note against the surrender of the Temporary Global Note to or to the order of the Fiscal Agent within 30 days of the bearer requesting such exchange.

Permanent Global Note exchangeable for Definitive Notes

If the relevant Final Terms specifies the form of Notes as being "Permanent Global Note exchangeable for Definitive Notes", then the Notes will initially be in the form of a Permanent Global Note which will be exchangeable in whole, but not in part, for Definitive Notes:

- (i) on the expiry of such period of notice as may be specified in the relevant Final Terms; or
- (ii) at any time, if so specified in the relevant Final Terms; or
- (iii) if the relevant Final Terms specifies "in the limited circumstances described in the Permanent Global Note", then if (a) Euroclear or Clearstream, Luxembourg or any other relevant clearing system is closed for business for a continuous period of 14 days (other than by reason of legal holidays) or announces an intention permanently to cease business or (b) any of the circumstances described in Condition 14 (*Events of Default*) of the Terms and Conditions of the Notes occurs.

Whenever the Permanent Global Note is to be exchanged for Definitive Notes, the Issuer shall procure the prompt delivery (free of charge to the bearer) of such Definitive Notes, duly authenticated and with Coupons and Talons attached (if so specified in the relevant Final Terms), in an aggregate principal amount equal to the principal amount of the Permanent Global Note to the bearer of the Permanent Global Note against the surrender of the Permanent Global Note to or to the order of the Fiscal Agent within 30 days of the bearer requesting such exchange.

Terms and Conditions applicable to the Notes

The terms and conditions applicable to any Definitive Note will be endorsed on that Note and will consist of the terms and conditions set out under "Terms and Conditions of the Notes" below and the provisions of the relevant Final Terms which complete those terms and conditions.

The terms and conditions applicable to any Note in global form will differ from those terms and conditions which would apply to the Note were it in definitive form to the extent described under "Overview of Provisions Relating to the Notes while in Global Form" below.

Legend concerning United States persons

In the case of any Tranche of Notes having a maturity of more than 365 days, the Notes in global form, the Notes in definitive form and any Coupons and Talons appertaining thereto will bear a legend to the following effect:

"Any United States person who holds this obligation will be subject to limitations under the United States income tax laws, including the limitations provided in Sections 165(j) and 1287(a) of the Internal Revenue Code."

TERMS AND CONDITIONS OF THE NOTES

The following is the text of the terms and conditions which, as completed in accordance with the provisions of Part A of the relevant Final Terms, will be applicable to each Tranche of Notes. These Terms and Conditions, as so completed, shall be endorsed on each Note in definitive form issued under the Programme.

In any such case, interest will continue to accrue on the nominal value of the Notes. The obligations of the Issuer to make payments in respect of the Notes will, subject to the provisions of Condition 6 (*Deferral or Cancellation of Interest*), be reinstated (in priority to any Junior Securities of Assicurazioni Generali and on a *pari passu* basis with any Parity Securities of Assicurazioni Generali), as if such obligations of the Issuer had not been so deferred:

- (i) in whole, in the event of winding up, dissolution, liquidation or bankruptcy (including, inter alia, *liquidazione coatta amministrativa*) of the Issuer or, where relevant, the Guarantor and with effect immediately prior to the commencement of such winding up, dissolution, liquidation or bankruptcy (including, inter alia, *liquidazione coatta amministrativa*); and

The Issuer shall forthwith give notice of any such deferral and/or reinstatement to the Noteholders in accordance with Condition 20 (*Notices*) below and such notice shall include a confirmation of the Issuer's entitlement to such deferral and/or reinstatement, together with details of the amounts to be so deferred and/or reinstated.

(ii) the day which is seven days after the Fiscal Agent has notified the Noteholders that it has received all sums due in respect of the Notes up to such seventh day (except to the extent that there is any subsequent default in payment).

For this purpose a "sub-unit" means, in the case of any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, in the case of euro, means one cent.

9B.3 ***Accrual of interest:*** Each Note will cease to bear interest from the due date for final redemption unless, upon due presentation, payment of the Redemption Amount is improperly withheld or refused, in which case it will continue to bear interest in accordance with this Condition 9 (as well after as before judgment) until whichever is the earlier of (i) the day on which all sums due in respect of such Note up to that day are received by or on behalf of the relevant Noteholder and (ii) the day which is seven days after the Fiscal Agent has notified the Noteholders that it has

"Reference Bond" means for any Reset Period a government security or securities issued by the state responsible for issuing the Specified Currency (which, if the Specified Currency is euro, shall be Germany) selected by the Issuer on the advice of an investment bank of international repute as having an actual or interpolated maturity comparable with the relevant Reset Period that would be utilised, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities denominated in the same currency as the Notes and of a comparable maturity to the relevant Reset Period.

"Reference Bond Price" means, with respect to any Reset Determination Date, (A) the arithmetic average of the Reference Government Bond Dealer Quotations for such Reset Determination Date, after excluding the highest and lowest such Reference Government Bond Dealer Quotations; or (B) if the Calculation Agent obtains fewer than four such Reference Government Bond Dealer Quotations, the arithmetic average of all such quotations.

"Reference Government Bond Dealer" means each of five banks (selected by the Issuer on the advice of an investment bank of international repute), or their affiliates, which are (A) primary government securities dealers, and their respective successors; or (B) market makers in pricing corporate bond issues.

"Reference Government Bond Dealer Quotations" means, with respect to each Reference Government Bond Dealer and the relevant Reset Determination Date, the arithmetic average, as determined by the Calculation Agent, of the bid and offered prices for the relevant Reference Bond (expressed in each case as a percentage of its nominal amount) at or around the Reset Rate Time on the

"Reset Date(s)" means the date(s) specified in the Final Terms.

"Reset Determination Date" means, for each Reset Period, the date as specified in the Final Terms falling on or before the commencement of such Reset Period on which the rate of interest applying during such Reset Period will be determined.

- (B) if "Reference Bond" is specified in the Final Terms, the annual yield to maturity or interpolated yield to maturity (on the relevant day count basis) of the relevant Reference Bond, assuming a price for such Reference Bond (expressed as a percentage of its nominal amount) equal to the relevant Reference Bond Price.

9B.4 ***Reset Rate Screen Page:*** if the Reset Rate Screen Page is not available, the Calculation Agent shall request each of the Reference Banks to provide the Calculation Agent with its offered quotation (expressed as a percentage rate per annum) for the Reset Reference Rate at approximately the Reset Rate Time on the Reset Determination Date in question if two or more of the Reference Banks provide the Calculation Agent with offered quotations, the Reset Rate for the relevant Reset Period shall be the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the offered quotations plus or minus (as appropriate) the applicable Reset Margin (if any), all as determined by the Calculation Agent. If on any Reset Determination Date only one or none of the Reference Banks provides the Calculation Agent with an offered quotation as provided in the foregoing provisions of this Condition 9B.4, the Reset Rate shall be determined as at the last preceding Reset Determination Date or, in the

case of the first Reset Determination Date, the Reset Rate shall be the Initial Rate of Interest.

For the purpose of this Condition 9B.4, "**Reference Banks**" means four (or, if the Principal Financial Centre is Helsinki, five) major banks selected by the Calculation Agent in the swap, money, securities or other market most closely connected with the Reset Reference Rate.

For this purpose a "sub-unit" means, in the case of any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, in the case of euro, means one cent. Where the Specified Denomination of a Note comprises more than one Calculation Amount, the Interest Amount payable in respect of such Note shall be aggregate of the amounts (determined in the manner provided above) for each Calculation Amount comprising the Specified Denomination without any further rounding.

9B.6 **Publication:** The Calculation Agent will cause the Reset Rate and each Interest Amount for each Reset Period to be notified to the Issuer, the Paying Agents and each competent authority, stock exchange and/or quotation system (if any) by which the Notes have then been admitted to listing, trading and/or quotation as soon as practicable after such determination but in any event not later than the first day of the relevant Interest Period. Notice thereof shall also promptly be given to the Noteholders.

9B.7 **Notifications etc.:** All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of this Condition by the Calculation Agent will (in the absence of manifest error) be binding on the Issuer, the Guarantor (where applicable), the Paying Agents, the Noteholders and the Couponholders and (subject as aforesaid) no liability to any such Person will attach to the Calculation Agent in connection with the exercise or non-exercise by it of its powers, duties and discretions for such purposes.

- (i) if the Reference Rate is a composite quotation or customarily supplied by one entity, the Calculation Agent will determine the Reference Rate which appears on the Relevant Screen Page as of the Relevant Time on the relevant Interest Determination Date;
- (ii) in any other case, the Calculation Agent will determine the arithmetic mean of the Reference Rates which appear on the Relevant Screen Page as of the Relevant Time on the relevant Interest Determination Date;
- (iii) if, in the case of (i) above, such rate does not appear on that page or, in the case of (ii) above, fewer than two such rates appear on that page or if, in either case, the Relevant Screen Page is unavailable, the Calculation Agent will:
 - (A) request the principal Relevant Financial Centre office of each the Reference Banks to provide a quotation of the Reference Rate at approximately the Relevant Time on the Interest Determination Date to prime banks in the Relevant Financial Centre interbank market in an amount that is representative for a single transaction in that market at that time; and
 - (B) determine the arithmetic mean of such quotations; and

- (iv) if fewer than two such quotations are provided as requested, the Calculation Agent will determine the arithmetic mean of the rates (being the nearest to the Reference Rate, as determined by the Calculation Agent) quoted by major banks in the Principal Financial Centre of the Specified Currency, selected by the Calculation Agent, at approximately 11.00 a.m. (local time in the Principal Financial Centre of the Specified Currency) on the first day of the relevant Interest Period for loans in the Specified Currency to leading European banks for a period equal to the relevant Interest Period and in an amount that is representative for a single transaction in that market at that time,

and the Rate of Interest for such Interest Period shall be the sum of the Margin and the rate or (as the case may be) the arithmetic mean so determined; *provided, however, that* if the Calculation Agent is unable to determine a rate or (as the case may be) an arithmetic mean in accordance with the above provisions in relation to any Interest Period, the Rate of Interest applicable to the Notes during such Interest Period will be the sum of the Margin and the rate (or as the case may be) the arithmetic mean last determined in relation to the Notes in respect of a preceding Interest Period.

B. Floating Rate Notes which are EONIA Linked Interest Notes

Where the Reference Rate is specified as being EONIA, the Rate of Interest for each Interest Period will be the rate (expressed as a percentage per annum rounded to the nearest ten-thousandths of a percentage point, with 0.00005 being rounded upwards) which will be calculated by the Calculation Agent in accordance with provisions set out below and the following formula:

Capitalised EONIA + Margin

As used above:

"**Capitalised EONIA**" means the resultant figure of the following formula:

"**d₀**" means, for the relevant Interest Period, the number of TARGET Business Days in such Interest Period.

C. *Floating Rate Notes which are SONIA Linked Interest Notes*

Where the Reference Rate is specified as being SONIA, the Rate of Interest for each Interest Period will be the rate (expressed as a percentage per annum rounded to the nearest one ten-thousandth of a percentage point, with 0.00005 being rounded upwards) which will be calculated by the Calculation Agent in accordance with the provisions set out below and the following formula:

$$(\text{SONIA} + \text{Margin})_{\text{compounded}}$$

where:

$$(\text{SONIA} + \text{Margin})_{\text{compounded}} = \frac{365}{D} \times \left[\prod_{i=1}^{D_0} \left(1 + \frac{(r_i) \times d_i}{365} \right) - 1 \right]$$

As used above:

"**D**" means the number of calendar days in the relevant Observation Period.

"**D₀**" means the number of London Business Days in the relevant Observation Period.

"**Observation Period**" means, in respect of an Interest Period, the period from, and including, 5 London Business Days prior to the first day of such Interest Period (and the first Interest Period shall begin on and include the Interest Commencement Date) and ending, but excluding, 5 London Business Days prior to the Interest Payment Date for such Interest Period.

"**Relevant Screen Page**" means the screen page specified in the Final Terms or, if none is so specified, Reuters page SONIA 1 or any successor.

If, at any such time, the Calculation Agent determines that either the Relevant Screen Page is not available or that no such quotation appears, the Calculation Agent will determine the SONIA rate for such time and London Business Day in its sole and absolute discretion on a commercial basis as it shall consider appropriate and in accordance with standard market practice.

D. *Floating Rate Notes which are Federal Funds Rate Linked Interest Notes*

Where the Reference Rate is specified as being the Federal Funds Rate, the Rate of Interest for each Interest Period will be calculated by the Calculation Agent in accordance with the provisions set out below as the Weighted Average of the U.S. Federal Funds Rate.

As used above:

"Weighted Average of the U.S. Federal Funds Rate" means D1/D2.

Where:

"D1" means, in respect of an Interest Period, the sum of the Relevant Rates for each calendar day in such Interest Period. For any calendar day in the relevant Interest Period that is an Interest Determination Date, the **"Relevant Rate"** is the U.S. Federal Funds Rate on such Interest Determination Date. For any calendar day in such Interest Period that is not an Interest Determination Date, the Relevant Rate for such calendar day shall be the Relevant Rate on the immediately preceding Interest Determination Date.

"D2" shall mean the number of calendar days in the Interest Period.

"Interest Determination Date" means, in respect of an Interest Reset Date, the first New York City Banking Day prior to such Interest Reset Date.

"Interest Rate Cut Off Date" means, in respect of an Interest Period, the fourth New York City Banking Day prior to the Interest Payment Date on which such Interest Period ends.

"Interest Reset Date" means, in respect of an Interest Period, each New York City Banking Day in such Interest Period up to and including the Interest Rate Cut Off Date.

"New York City Banking Day" means any day on which commercial banks are open for general business (including dealings in foreign exchange and foreign currency deposits) in New York City.

"U.S. Federal Funds Rate" means, in respect of an Interest Determination Date, the rate for U.S. dollar federal funds on such Interest Determination Date as published in H.15(519) under the caption "Federal Funds (effective)" and displayed on Reuters (or any successor service) on page FEDFUNDS1 under the caption "EFFECT" (or any other page as may replace the specified page on that service) ("**FEDFUNDS1 Page**").

If the U.S. Federal Funds Rate for an Interest Determination Date does not so appear on the FEDFUNDS1 Page or is not so published by 5.00 p.m. (New York City time) on the Interest Reset Date, in respect of such Interest Determination Date, the U.S. Federal Funds Rate for such Interest Determination Date shall be as published in H.15 Daily Update, or such other recognised electronic source used for the purpose of displaying the applicable rate, under the caption "*Federal funds (effective)*". If the U.S. Federal Funds Rate is not so published by 5.00 p.m. (New York City time) on the Interest Reset Date, the U.S. Federal Funds Rate with respect to such Interest Determination Date shall be the U.S. Federal Funds Rate for the first preceding day for which the U.S. Federal Funds Rate is set forth in H.15(519) opposite the caption "*Federal funds (effective)*", as the U.S. Federal Funds Rate is displayed on the FEDFUNDS1 Page.

E. *Floating Rate Notes which are CMS Linked Interest Notes*

Where the Reference Rate is specified as being the CMS Reference Rate, the Rate of Interest for each Interest Period will be calculated by the Calculation Agent in accordance with the provisions set out below and the following formula:

CMS Rate + Margin

As used above:

"**CMS Rate**" shall mean the Relevant Swap Rate for swap transactions in the Reference Currency with a maturity of the Designated Maturity (expressed as a percentage rate per annum) which appears on the Relevant Screen Page as at the Relevant Time on the Interest Determination Date in question, all as determined by the Calculation Agent.

If the Relevant Screen Page is not available, the Calculation Agent shall request each of the Reference Banks (as defined below) to provide the Calculation Agent with its quotation for the Relevant Swap Rate (expressed as a percentage rate per annum) at approximately the Relevant Time on the Interest Determination Date in question. If two or more of the Reference Banks provide the Calculation Agent such quotations, the CMS Rate for such Interest Period shall be the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the quotations, eliminating the highest quotation (or, in the event of equality, one of the highest) and the lowest quotation (or, in the event of equality, one of the lowest).

For the purpose of this Condition 9C.2E:

"**Margin**" has the meaning specified in the Final Terms.

"**Reference Banks**" means (i) where the Reference Currency is Euro, the principal office of five leading swap dealers in the inter-

bank market, (ii) where the Reference Currency is Sterling, the principal London office of five leading swap dealers in the London inter-bank market, (iii) where the Reference Currency is United States dollars, the principal New York City office of five leading swap dealers in the New York City inter-bank market, or (iv) in the case of any other Reference Currency, the principal Relevant Financial Centre office of five leading swap dealers in the Relevant Financial Centre inter-bank market, in each case as selected by the Calculation Agent.

"Relevant Screen Page" has the meaning specified in the Final Terms.

"Relevant Swap Rate" means:

- (i) where the Reference Currency is euro, the mid-market annual swap rate determined on the basis of the arithmetic mean of the bid and offered rates for the annual fixed leg, calculated on a 30/360 day count basis, of a fixed-for-floating euro interest rate swap transaction with a term equal to the Designated Maturity commencing on the first day of the relevant Interest Period and in a Representative Amount with an acknowledged dealer of good credit in the swap market, where the floating leg, in each case calculated on an Actual/360 day count basis, is equivalent to EUR-EURIBOR-Reuters (as defined in the ISDA Definitions) with a designated maturity determined by the Calculation Agent by reference to standard market practice and/or the ISDA Definitions;
- (ii) where the Reference Currency is Sterling, the mid-market semi-annual swap rate determined on the basis of the arithmetic mean of the bid and offered rates for the semi-annual fixed leg, calculated on an Actual/365 (Fixed) day count basis, of a fixed-for-floating Sterling interest rate swap transaction with a term equal to the Designated Maturity commencing on the first day of the relevant Interest Period and in a Representative Amount with an acknowledged dealer of good credit in the swap market, where the floating leg, in each case calculated on an Actual/365 (Fixed) day count basis, is equivalent (A) if the Designated Maturity is greater than one year, to GBP-LIBOR-BBA (as defined in the ISDA Definitions) with a designated maturity of six months or (B) if the Designated Maturity is one year or less, to GBP-LIBOR-BBA with a designated maturity of three months;
- (iii) where the Reference Currency is United States dollars, the mid-market semi-annual swap rate determined on the basis of the mean of the bid and offered rates for the semi-annual fixed leg, calculated on a 30/360 day count basis,

of a fixed-for-floating United States dollar interest rate swap transaction with a term equal to the Designated Maturity commencing on the first day of the relevant Interest Period and in a Representative Amount with an acknowledged dealer of good credit in the swap market, where the floating leg, calculated on an Actual/360 day count basis, is equivalent to USD-LIBOR-BBA (as defined in the ISDA Definitions) with a designated maturity of three months; and

- (iv) where the Reference Currency is any other currency, the mid-market swap rate as determined by the Calculation Agent in its sole and absolute discretion on a commercial basis as it shall consider appropriate and in accordance with standard market practice.

"Relevant Time" has the meaning specified in the Final Terms.

"Representative Amount" means an amount that is representative for a single transaction in the relevant market at the relevant time.

If on any Interest Determination Date one only or none of the Reference Banks provides the Calculation Agent with such quotations as provided in the preceding paragraph, the CMS Rate shall be determined by the Calculation Agent in its sole and absolute discretion on a commercial basis as it shall consider appropriate and in accordance with standard market practice.

9C.3 ***ISDA Determination:*** If ISDA Determination is specified in the relevant Final Terms as the manner in which the Rate(s) of Interest is/are to be determined, the Rate of Interest applicable to the Notes for each Interest Period will be the sum of the Margin and the relevant ISDA Rate where "ISDA Rate" in relation to any Interest Period means a rate equal to the Floating Rate (as defined in the ISDA Definitions) that would be determined by the Calculation Agent under an interest rate swap transaction if the Calculation Agent were acting as Calculation Agent for that interest rate swap transaction under the terms of an agreement incorporating the ISDA Definitions and under which:

- (i) the Floating Rate Option (as defined in the ISDA Definitions) is as specified in the relevant Final Terms;
- (ii) the Designated Maturity (as defined in the ISDA Definitions) is a period specified in the relevant Final Terms; and
- (iii) the relevant Reset Date (as defined in the ISDA Definitions) is either (A) if the relevant Floating Rate Option is based on the London inter-bank offered rate (LIBOR) for a currency, the first day of that Interest Period or (B) in any other case, as specified in the relevant Final Terms.

9C.4 ***Maximum or Minimum Rate of Interest:*** If any Maximum Rate of Interest or Minimum Rate of Interest is specified in the relevant Final

Terms, then the Rate of Interest shall in no event be greater than the maximum or be less than the minimum so specified.

- 9C.5 **Calculation of Interest Amount:** The Calculation Agent will, as soon as practicable after the time at which the Rate of Interest is to be determined in relation to each Interest Period, calculate the Interest Amount payable in respect of each Note for such Interest Period. The amount of interest payable in respect of any Note for any period will be calculated by applying the Rate of Interest for such Interest Period to the Calculation Amount, multiplying the product by the relevant Day Count Fraction, rounding the resulting figure to the nearest sub-unit of the Specified Currency (half a sub-unit being rounded upwards) and multiplying such rounded figure by a fraction equal to the Specified Denomination of the relevant Note divided by the Calculation Amount. For this purpose a "sub-unit" means, in the case of any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, in the case of euro, means one cent.
- 9C.6 **Calculation of other amounts:** If the relevant Final Terms specifies that any other amount is to be calculated by the Calculation Agent, the Calculation Agent will, as soon as practicable after the time or times at which any such amount is to be determined, calculate the relevant amount. The relevant amount will be calculated by the Calculation Agent in the manner specified in the relevant Final Terms.
- 9C.7 **Publication:** The Calculation Agent will cause each Rate of Interest and Interest Amount determined by it, together with the relevant Interest Payment Date, and any other amount(s) required to be determined by it together with any relevant payment date(s) to be notified to the Paying Agents and each competent authority, stock exchange and/or quotation system (if any) by which the Notes have then been admitted to listing, trading and/or quotation as soon as practicable after such determination but (in the case of each Rate of Interest, Interest Amount and Interest Payment Date) in any event not later than the first day of the relevant Interest Period. Notice thereof shall also promptly be given to the Noteholders. The Calculation Agent will be entitled to recalculate any Interest Amount (on the basis of the foregoing provisions) without notice in the event of an extension or shortening of the relevant Interest Period. If the Calculation Amount is less than the minimum Specified Denomination the Calculation Agent shall not be obliged to publish each Interest Amount but instead may publish only the Calculation Amount and the Interest Amount in respect of a Note having the minimum Specified Denomination.
- 9C.8 **Notifications etc.:** All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of this Condition by the Calculation Agent will (in the absence of manifest error) be binding on the Issuer, the Guarantor (where applicable), the Paying Agents, the Noteholders and the Couponholders and (subject as aforesaid) no liability to any such Person will attach to the Calculation Agent in connection with the

exercise or non-exercise by it of its powers, duties and discretions for such purposes.

For the purposes of this Condition 9C, unless defined above,

"Reference Banks" means, in the case of a determination of EURIBOR, the principal Euro-zone office of four major banks in the Euro-zone interbank market; in the case of a determination of LIBOR the principal London office of four major banks in the London interbank market; and in the case of a determination of a Reference Rate other than EURIBOR or LIBOR, the principal office in the Relevant Financial Centre of four major banks in the interbank market of the Relevant Financial Centre, in each case selected by the Calculation Agent.

Condition 10 is applicable to the Notes only if the Zero Coupon Note Provisions are specified in the relevant Final Terms as being applicable.

10. **ZERO COUPON NOTES**

If the Redemption Amount payable in respect of any Zero Coupon Note is improperly withheld or refused, the Redemption Amount shall thereafter be an amount equal to the sum of:

- (i) the Reference Price; and
- (ii) the product of the Accrual Yield (compounded annually) being applied to the Reference Price on the basis of the relevant Day Count Fraction from (and including) the Issue Date to (but excluding) whichever is the earlier of (i) the day on which all sums due in respect of such Note up to that day are received by or on behalf of the relevant Noteholder and (ii) the day which is seven days after the Fiscal Agent has notified the Noteholders that it has received all sums due in respect of the Notes up to such seventh day (except to the extent that there is any subsequent default in payment).

- (ii) if the aggregate amount of the missing Coupons is greater than the amount of principal due for payment:
 - (A) so many of such missing Coupons shall become void (in inverse order of maturity) as will result in the aggregate amount of the remainder of such missing Coupons (the "**Relevant Coupons**") being equal to the amount of principal due for payment; *provided, however, that* where this sub-paragraph would otherwise require a fraction of a missing Coupon to become void, such missing Coupon shall become void in its entirety; and
 - (B) a sum equal to the aggregate amount of the Relevant Coupons (or, if less, the amount of principal due for payment) will be deducted from the amount of principal due for payment; provided, however, that, if the gross amount available for payment is less than the amount of principal due for payment, the sum deducted will be that proportion of the aggregate amount of the Relevant Coupons (or, as the case may be, the amount of principal due for payment) which the gross amount actually available for payment bears to the amount of principal due for payment.

- (c) *Appropriate forum*: The Issuer and the Guarantor (where applicable) irrevocably waives any objection which it might now or hereafter have to the courts of England being nominated as the forum to hear and determine any Proceedings and to settle any Disputes, and agrees not to claim that any such court is not a convenient or appropriate forum.
- (d) *Service of Process*: Each of the Issuers and the Guarantor (where applicable) agrees that the documents which start any Proceedings and any other documents required to be served in relation to those Proceedings may be served on it by being delivered to the person or persons for the time being registered at the Companies Register under Parts 34 and 37 of the Companies Act 2006 and authorised to accept service of process in England on behalf of the Issuer and the Guarantor (where applicable). If such person is not or ceases to be effectively appointed to accept service of process on behalf of the Issuer and the Guarantor (where applicable), the Issuer and the Guarantor (where applicable) shall, on the written demand of any Noteholder addressed to the Issuer and the Guarantor (where applicable) and delivered to the Issuer and the Guarantor (where applicable), appoint a further person in England to accept service of process on its behalf and, failing such appointment within 15 days, any Noteholder shall be entitled to appoint such a person by written notice addressed to the Issuer and the Guarantor (where applicable) and delivered to the Issuer or the Guarantor (where applicable). - (e) *Non-exclusivity*: The submission to the jurisdiction of the courts of England shall not (and shall not be construed so as to) limit the right of any Noteholder to take Proceedings in any other court of competent jurisdiction, nor shall the taking of Proceedings in any one or more jurisdictions preclude the taking of Proceedings in any other jurisdiction (whether concurrently or not) if and to the extent permitted by law.

OVERVIEW OF PROVISIONS RELATING TO THE NOTES WHILE IN GLOBAL FORM

Clearing System Accountholders

Each Global Note will be in bearer form. Consequently, in relation to any Tranche of Notes represented by a Global Note, references in the Terms and Conditions of the Notes to "Noteholder" are references to the bearer of the relevant Global Note which, for so long as the Global Note is held by a depositary or a common depositary, in the case of a CGN, or a common safekeeper, in the case of a NGN for Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system, will be that depositary or common depositary or, as the case may be, common safekeeper.

Each of the persons shown in the records of Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system as being entitled to an interest in a Global Note (each an "**Accountholder**") must look solely to Euroclear and/or Clearstream, Luxembourg and/or such other relevant clearing system (as the case may be) for such Accountholder's share of each payment made by the Issuer or the Guarantor to the bearer of such Global Note and in relation to all other rights arising under the Global Note. The extent to which, and the manner in which, Accountholders may exercise any rights arising under the Global Note will be determined by the respective rules and procedures of Euroclear and Clearstream, Luxembourg and any other relevant clearing system from time to time. For so long as the relevant Notes are represented by the Global Note, Accountholders shall have no claim directly against the Issuer or the Guarantor in respect of payments due under the Notes and such obligations of the Issuer and the Guarantor will be discharged by payment to the bearer of the Global Note.

Exchange of Temporary Global Notes

Whenever any interest in a Temporary Global Note is to be exchanged for an interest in a Permanent Global Note, the Issuer shall procure:

- (a) in the case of first exchange, the prompt delivery (free of charge to the bearer) of such Permanent Global Note, duly authenticated and, in the case of an NGN, effectuated, to the bearer of the Temporary Global Note; or
- (b) in the case of any subsequent exchange, an increase in the principal amount of such Permanent Global Note in accordance with its terms,

in each case in an aggregate principal amount equal to the aggregate of the principal amounts specified in the certificates issued by Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system and received by the Fiscal Agent against presentation and (in the case of final exchange) surrender of the Temporary Global Note to or to the order of the Fiscal Agent within 7 days of the bearer requesting such exchange.

Whenever a Temporary Global Note is to be exchanged for Definitive Notes, the Issuer shall procure the prompt delivery (free of charge to the bearer) of such Definitive Notes, duly authenticated and with Coupons and Talons attached (if so specified in the relevant Final Terms), in an aggregate principal amount equal to the principal amount of the Temporary Global Note to the bearer of the Temporary Global Note against the surrender of the Temporary Global Note to or to the order of the Fiscal Agent within 30 days of the bearer requesting such exchange.

If:

- (a) a Permanent Global Note has not been delivered or the principal amount thereof increased by 5.00 p.m. (London time) on the seventh day after the bearer of a Temporary Global Note has requested exchange of an interest in the Temporary Global Note for an interest in a Permanent Global Note; or
- (b) Definitive Notes have not been delivered by 5.00 p.m. (London time) on the thirtieth day after the bearer of a Temporary Global Note has requested exchange of the Temporary Global Note for Definitive Notes; or
- (c) a Temporary Global Note (or any part thereof) has become due and payable in accordance with the Terms and Conditions of the Notes, as applicable, or the date for final redemption of a Temporary Global Note has occurred and, in either case, payment in full of the amount of principal falling due with all accrued interest thereon has not been made to the bearer of the Temporary Global Note in accordance with the terms of the Temporary Global Note on the due date for payment,

then the Temporary Global Note (including the obligation to deliver a Permanent Global Note or increase the principal amount thereof or deliver Definitive Notes, as the case may be) will become void at 5.00 p.m. (London time) on such seventh day (in the case of (a) above) or at 5.00 p.m. (London time) on such thirtieth day (in the case of (b) above) or at 5.00 p.m. (London time) on such due date (in the case of (c) above) and the bearer of the Temporary Global Note will have no further rights thereunder (but without prejudice to the rights which the bearer of the Temporary Global Note or others may have under a deed of covenant dated 8 April 2014 (the "**Deed of Covenant**") executed by the relevant Issuer). Under the Deed of Covenant, persons shown in the records of Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system as being entitled to an interest in a Temporary Global Note will acquire directly against the Issuer all those rights to which they would have been entitled if, immediately before the Temporary Global Note became void, they had been the holders of Definitive Notes in an aggregate principal amount equal to the principal amount of Notes they were shown as holding in the records of Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system.

Exchange of Permanent Global Notes

Whenever a Permanent Global Note is to be exchanged for Definitive Notes, the Issuer shall procure the prompt delivery (free of charge to the bearer) of such Definitive Notes, duly authenticated and with Coupons and Talons attached (if so specified in the relevant Final Terms), in an aggregate principal amount equal to the principal amount of the Permanent Global Note to the bearer of the Permanent Global Note against the surrender of the Permanent Global Note at the Specified Office of the Fiscal Agent within 30 days of the bearer requesting such exchange.

If:

- (a) Definitive Notes have not been delivered by 5.00 p.m. (London time) on the thirtieth day after the bearer of a Permanent Global Note has duly requested exchange of the Permanent Global Note for Definitive Notes; or

- (b) a Permanent Global Note (or any part of it) has become due and payable in accordance with the Terms and Conditions of the Notes, as applicable, or the date for final redemption of the Notes has occurred and, in either case, payment in full of the amount of principal falling due with all accrued interest thereon has not been made to the bearer of the Permanent Global Note in accordance with the terms of the Permanent Global Note on the due date for payment,

then the Permanent Global Note (including the obligation to deliver Definitive Notes) will become void at 5.00 p.m. (London time) on such thirtieth day (in the case of (a) above) or at 5.00 p.m. (London time) on such due date (in the case of (b) above) and the bearer of the Permanent Global Note will have no further rights thereunder (but without prejudice to the rights which the bearer of the Permanent Global Note or others may have under the Deed of Covenant. Under the Deed of Covenant, persons shown in the records of Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system as being entitled to an interest in a Permanent Global Note will acquire directly against the Issuer all those rights to which they would have been entitled if, immediately before the Permanent Global Note became void, they had been the holders of Definitive Notes in an aggregate principal amount equal to the principal amount of Notes they were shown as holding in the records of Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system.

Generali Group

The Generali Group undertakes a wide range of direct life and non-life insurance business, assumed reinsurance business and activities in fund and asset management and related areas.

At a board meeting held on 14 December 2012, the Board of Directors of Assicurazioni Generali approved a new structure for its insurance businesses in Italy (the "**Italian Reorganisation**") as well as a three-year investment plan of approximately Euro 300

million to strengthen the Generali brand and sales networks, and to simplify its business model.

The Italian Reorganisation involves a new Italian organisational structure based on a multi-channel model to reduce current fragmentation by consolidating businesses and brands with similar customers, product ranges and distribution models. The 10 existing brands – Generali, Ina, Assitalia, Alleanza, Toro, Genertel, Genertel Life, Augusta, Lloyd Italico and Fata – will be integrated through the Italian Reorganisation into three companies by 2015, which will manage their respective brands, business areas and distribution channels. Each brand will have a clear proposition and distinct market positioning.

The first phase of the Italian Reorganisation has been completed. Under this first phase, the “Direzione per l’Italia” business unit of Assicurazioni Generali - including the Italian insurance activities and the Parent Company’s participations in the Italian insurance companies (AlleanzaToro S.p.A., Fata Assicurazioni Danni S.p.A., Genertel S.p.A., Genertellife S.p.A.) as well as in Banca Generali S.p.A., Generali Properties S.p.A. and Genagricola S.p.A. - was transferred to Ina Assitalia S.p.A. (a wholly owned subsidiary of Assicurazioni Generali, which then changed its name to Generali Italia S.p.A., “**Generali Italia**”) in July 2013.

The second phase of the Italian Reorganisation has also been completed with the contribution in kind, with effect as of 31 December 2013, by Alleanza Toro S.p.A. of the business represented by its distribution network of employed underwriters (including the networks operating under the brands “Toro”, “Lloyd Italico” and “Augusta”) to Alleanza Assicurazioni S.p.A. (“**Alleanza Assicurazioni**”, a newco wholly owned by Generali Italia).

The final phase of the Italian Reorganisation involves the incorporation of Genertel S.p.A. and Genertel Life S.p.A. into a newco, to be named Genertel S.p.A. (“**Genertel**”) that will be wholly owned by Generali Italia.

See further the paragraph below headed “- *Strategy and business developments*”.

Following completion of the Italian Reorganisation, Assicurazioni Generali will become a combined holding and regulated reinsurance company, while the primary insurance business activities in Italy will be operated through Generali Italia, Alleanza Assicurazioni and Genertel. The reinsurance business carried out by Assicurazioni Generali will be mainly linked to intra group reinsurance business.

Strategy and business developments

As part of its strategy aimed at achieving a streamlined geographical footprint through the strengthening of its position in key, high-growth potential markets, in January 2014 the Generali Group signed an agreement to purchase 25% of Generali PPF Holding B.V. ("**Generali PPF Holding**"), representing the first tranche of the acquisition of the entire company from the PPF Group. Accordingly, the Group now holds 76% of Generali PPF Holding. At the same time, Generali PPF Holding transferred to the PPF

Group the insurance operations in Russia and other countries of the Commonwealth of Independent States. The Group will have the possibility to acquire the second tranche, equal to the remaining 24% of Generali PPF Holding in 2014.

In line with the Group strategy to have complete control of core activities, in November 2013 Assicurazioni Generali completed the acquisition of the minority shareholding held by the KuoK group in Generali Asia, the holding company that controls the insurance operations of the Group in the Philippines, Thailand and Indonesia, for a value of Euro 40 million. Generali Asia operates in Indonesia in the life segment with a multichannel distribution system. In the Philippines it is active in the life segment, mainly via bancassurance channels. In Thailand, Generali Asia operates in both the life and property&casualty segments via direct distribution channels and brokers. As a confirmation of the great potential of these markets total premiums from these three markets has grown by 44% in 2013 with respect to the prior year.

With the aim of optimizing the Group's presence in mature markets, in July 2013 the Generali Group concluded an agreement for the purchase of 3% of Generali Deutschland Holding, Germany's second-largest insurance group, in which a 93% stake was held at the time. Following this transaction, the Group initiated a squeeze-out procedure for the outstanding 4% stake, at a price of approximately Euro 228 million, in order to take full equity control of the company. Considering the synergies achieved by the transaction and the following delisting, the Group will obtain a return on investment in line with the strategic plan. In support of the transaction, Assicurazioni Generali completed the placement of 15.5 million own shares, corresponding to approximately 1% of its share capital. On 4 December 2013, the shareholders meeting of Generali Deutschland Holding approved the squeeze-out procedure requested by Assicurazioni Generali.

In line with the organisational restructuring of the Group, with effect from 1 November 2013, the Generali Group completed its territorial simplification into seven geographical areas, which will permit greater coordination between local markets and the Head Office. The structure will consist of the business units for the three major markets — Italy, France and Germany — and four regional organisations: CEE (Central Eastern European countries belonging to the EU), EMEA (Austria, Belgium, Greece, Guernsey, Ireland, the Netherlands, Portugal, Spain, Switzerland, Tunisia, Turkey and Dubai), Asia and LatAm (Argentina, Brazil, Columbia, Ecuador, Guatemala and Panama).

The restructuring of the business in Italy continued during the year, in a market affected by the current national economic situation and currently subject to a process of concentration and consolidation by many local insurance companies. In July 2013, Assicurazioni Generali's business unit named "Direzione per l'Italia" was transferred to Ina Assitalia. This business unit includes the Italian insurance activities and the main Italian companies, such as AlleanzaToro, Genertel, Genertellife, Banca Generali, Generali Properties and Genagricola. Subsequently, Ina Assitalia assumed the name of Generali Italia S.p.A. At the end of 2103, Alleanza Toro was incorporated into Generali

Italia S.p.A.. With respect to this operation, Alleanza Toro conferred to Alleanza Assicurazioni a line of business named “Ramo Alleanza”.

During 2013, the process of centralising the purchase of contractual reinsurance cover for all operating entities within the Parent Company was completed. In addition to maximizing capital allocation, such centralization allowed an ulterior efficiency with regards to the terms and conditions of the reinsurance programs and the better management and control of counterparty risks. As part of the organisational restructuring and capital optimization process, the centralization of the Group's treasury function is currently underway in order to strengthen the financial analysis which is fundamental for the Group.

With respect to the organisational restructuring of the Group, in November 2013, Assicurazioni Generali concluded an agreement with Allianz to acquire full control of Citylife, an investment property located in Milan, for a total value of approximately Euro 109 million. The agreement also provided for the sale of the Isozaki Tower and part of the residential component for Euro 367 million. The agreement is subject to suspension clauses.

In April 2013, in accordance with its strategy of optimizing its capital solidity, the Group successfully concluded the placement of 12% of Banca Generali, thereby improving the Group's Solvency I ratio.

As part of the process of increasing capital efficiency by optimizing the debt structure, in May 2013, Assicurazioni Generali contracted revolving credit facilities for a total amount of Euro 2 billion, which may be used by the Group within a period of 2 to 3 years. The transaction will have an impact on the Group's financial debt only if the facility is drawn upon and allows Generali to improve its financial flexibility in order to manage future liquidity needs.

In line with its objective of strengthening its capital position, in September 2013 the Group entered into an agreement amending the shareholders' agreement governing Telco S.p.A. that permits, among other, the possible future sale in addition to establishing the conditions for the redemption of the bond issued by Telco S.p.A. and held by the Group.

With reference to the measures aimed at divesting non-core and non-strategic operations, in October 2013 the Group completed the sale of its life reinsurance operations in the United States (for a value of approximately Euro 680 million) and a 49% stake in the Group's Mexican companies, after authorizations were obtained from the competent authorities. These transactions are consistent with the strategy of enhancing the Group's capital strength and yielded improvements in its Solvency I ratio.

In the same context and with respect to the objective of optimizing the Private Equity investments portfolio, in October 2013 the Generali Group sold its participation in Agorà Investimenti S.p.A., a holding company which has indirect control of Save S.p.A.

for Euro 60 million. In November 2013, the Group concluded the agreement for the sale of 100% of Fata Assicurazioni Danni S.p.A for Euro 179 million. The transaction allowed the Group to further strengthen its liquidity profile and capital structure with an improvement in its Solvency I ratio. The finalization of the sale is subject to the necessary regulatory approvals.

In line with its objective of increasing its Property&Casualty business, in April 2013 the Group established the Global Corporate & Commercial Unit, a platform that will be charged with integrating and developing the property&casualty business and the insurance services aimed at medium-sized and large enterprises at an international level.

As part of the enhancement of the Group's governance, the Group Management Committee has been expanded and strengthened with the appointment of four new members:

- in February - Nikhil Srinivasan joined as Group Chief Investment Officer;
- in April - Carsten Schildknecht was nominated Group Chief Operating Officer; and
- in October - Philippe Donnet as Country Manager Italy and Eric Lombard as Country Manager France.

Regulatory

Italian insurance companies are subject to a comprehensive regulatory scheme determined by law and supplemented by guidelines issued by the Interministerial Committee for Economic Planning ("CIPE") and administered primarily by the *Ministero delle Attività Produttive* (the "**Ministry of Industry and Commerce**") and the *Istituto per la Vigilanza sulle Assicurazioni* ("IVASS", formerly *Istituto per la Vigilanza sulle Assicurazioni Private e di Interesse Collettivo* ("ISVAP")). The most important insurance laws are consolidated into the Code of Private Insurance (*Codice delle Assicurazioni Private*) (Legislative Decree No. 209/2005). The provisions of the Code of Insurance *inter alia*: (i) regulates access to insurance activities; (ii) requires the maintenance of certain solvency margins, in part through a guarantee fund; (iii) determines the form of financial statements for insurance companies; and (iv) regulates the activities of insurance intermediaries. In addition, the Italian Civil Code contains certain provisions applicable to insurance contracts. Provisions concerning solvency margin are set out in the Code of Private Insurance together with ISVAP Regulation no. 19 of 14 March 2008 (Regulation concerning the solvency margin of insurance undertakings as referred to in Title III, Chapter IV and in article 233 of the Code of Private Insurance).

Under the regulatory scheme currently in force, with the exception of certain powers specifically reserved for the Ministry of Industry and Commerce, all control and supervisory power in respect of the insurance industry is exercised autonomously by IVASS. IVASS's role includes: (i) monitoring technical, financial and asset and liability management and monitoring solvency ratios; (ii) the review of financial statements; (iii) supervision of the activities of insurance brokers and agencies; (iv) authorisation to conduct insurance activities; (v) proposing disciplinary measures, including revocation of authorisations; (vi) approving restructuring plans; (vii) advising the Ministry of Industry and Commerce with respect to admission to the forced liquidation procedure for financially troubled entities; and (viii) communicating and collaborating with other

EU insurance regulatory bodies. IVASS has the power to request information from insurance companies, conduct audits of their activities and question their legal representatives, managing directors and statutory auditors and to convene shareholders', directors' and statutory auditors' meetings in order to propose measures necessary to conform the management of the insurance company to the requirements of the law.

The acquisition by insurance companies of controlling interests or interests which exceed certain limits in companies other than insurance companies, are subject to IVASS authorisation. IVASS has the power to order a reduction in such holdings if they do not satisfy conditions prescribed by law and IVASS also has the power to apply sanctions. In certain cases, IVASS may also recommend that the Ministry of Industry and Commerce revoke certain authorisations to conduct insurance activities.

Business

The main activities and corporate objects and purpose of Generali Finance, in accordance with Article 2(a) and (b) of its articles of association, are holding and managing shareholdings and borrowing or lending monies including public and private lending. Generali Finance operates in The Netherlands.

Investments in group companies

In order to allow Generali Finance to pursue its business objectives in compliance with applicable law, during 2006 Generali Finance purchased certain shareholdings in other Generali Group entities. In December 2006, Generali Finance purchased a 0.282 per cent, stake in Generali Belgium S.A. and a 0.051 per cent, stake in Generali Holding Vienna A.G. (both insurance companies in the Generali Group) for an aggregate consideration of Euro 1.5 million. In addition, on 22 December 2006 Generali Finance purchased a 75 per cent, stake in Generali Capital Finance B.V. (a newly incorporated entity) for a consideration of Euro 7.5 million. In December 2007 Generali Finance purchased a 51 per cent stake in Generali PanEurope Ltd., a Dublin insurance company within the Generali Group, for an aggregate consideration of Euro 10.9 million, with a further cash contribution of Euro 1.0 million in May 2008. As a result of dilution of ownership of shares the participation held in PanEurope Ltd. amounted to 0.61 per cent as at 31 December 2012.

Generali Finance's activities during 2013

Generali Finance receives interest payments from other Generali Group companies, and uses these amounts to pay interest to the holders of its securities. All securities issued by Generali Finance are listed on the Luxembourg Stock Exchange.

For the year ended 31 December 2013, interest from loans to Generali Group companies amounted to Euro 308.4 million (compared to Euro 311.7 million for the same period in 2012) whereas total interest paid and due amounted to Euro 291.0 million (compared to Euro 293.1 million for the same period in 2012). The slight decrease in interest income and interest expense is influenced by the rate of exchange of the Sterling, as certain Generali Group companies pay interest to Generali Finance, which in turn pays interest to holders of its securities, in Sterling and Generali Finance prepares its financial

statements in Euro. Interest paid and due mainly relates to securities issued by Generali Finance. For the year ended 31 December 2013, Generali Finance received dividends from investments in Generali Group companies in an amount of Euro 69,474 (compared to Euro 41,940 for the year ended 31 December 2012).

For the year ended 31 December 2013, total operating and other expenses amounted to Euro 3.1 million, compared to Euro 3.0 million in 2012.

In 2007, Generali Finance obtained from the Dutch tax authorities an Advanced Pricing Agreement (APA) for hybrid notes and an Advanced Tax Ruling (ATR) for securities, in each case issued by Generali Finance. During 2013 the APA was renewed. As a consequence of the APA and ATR, Generali Finance agreed to pay to Assicurazioni Generali as guarantor of the outstanding securities an annual fee of 0.05 per cent. on the outstanding principal amounts. For the year ended 31 December 2013, guarantee fees amounted to Euro 2.7 million, which is similar to 2012. As Generali Finance did not issue any securities in 2013, the costs of issue, listing and rating like the same period in 2012, amounted to nil.

As at 31 December 2013, total assets amounted to Euro 6,092.6 million compared to Euro 6,096.2 million as at 31 December 2012 and consisted of Euro 6,071.5 million of loans to other Generali Group companies including accrued income (compared to Euro 6,082.6 million in 2012). These amounts are influenced by the rate of exchange of the Sterling, as certain assets are in Sterling and Generali Finance prepares its financial statements in Euro. Total liabilities, amongst other comprising securities issued by Generali Finance, amounted to Euro 5,844.7 million (compared to Euro 5,859.4 million in 2012).

As at 31 December 2013, paid up and called share capital amounted to Euro 100 million (which showed no change compared to the previous year) and reserves, including the profit of the year, amounted to Euro 147.9 million (compared to Euro 136.8 million in 2012).

During 2013 no dividends were distributed.

For the year ended 31 December 2013 Generali Finance recorded a profit of Euro 11.1 million (compared to a profit of Euro 11.8 million in 2012).

TAXATION

The following is a general summary of certain tax consequences in Italy, The Netherlands and the Grand Duchy of Luxembourg of acquiring, holding and disposing of Notes. It does not purport to be a complete analysis of all tax considerations that may be relevant to the decision to purchase, own or dispose of Notes and does not purport to deal with the tax consequences applicable to all categories of prospective beneficial owners of Notes, some of which may be subject to special rules. This summary is based upon tax laws and/or practice in force as at the date of this Base Prospectus, which are subject to any changes in law and/or practice occurring after such date, which could be made on a retroactive basis. The Issuers will not update this summary to reflect changes in law and, if any such change occurs, the information in this summary could be superseded.

Prospective purchasers of Notes should consult their tax advisers as to the overall tax consequences of acquiring, holding and disposing of Notes and receiving payments of interest, principal and/or other amounts under the Notes, including in particular the effect of any state, regional or local tax laws. Prospective purchasers of Notes should not apply any of the information below to other areas including (but not limited to) the legality of transactions involving the Notes.

ITALY

Interest

Interest received outside the conduct of a business activity is deemed to be received for Italian tax purposes at each interest payment date (in the amount actually paid) and also when it is implicitly included in the selling price of the Notes.

Interest received by Italian resident companies, commercial partnerships or individual entrepreneurs within the context of a business enterprise is taxable on an accrual basis.

Interest and other proceeds – Notes that qualify as "obbligazioni o titoli similari alle obbligazioni"

Pursuant to Legislative Decree No. 239 of 1 April 1996 ("**Decree No. 239**"), as amended and restated, and pursuant to Article 44, paragraph 2(c) of Decree No. 917 of 22 December 1986 ("**Decree No. 917**"), in general, interest and other proceeds (including the difference between the redemption amount and the issue price) ("**Interest**") in respect of notes that qualify as "bonds" or "debentures similar to bonds" ("*obbligazioni*" or "*titoli similari alle obbligazioni*") for Italian tax purposes and are issued by Italian banks or listed companies (i.e., the so called "*Grandi Emittenti*") may be subject to an Italian substitute tax (*imposta sostitutiva*) depending on the legal status of the beneficial owner of such Interest and other proceeds. For these purposes, notes qualify as "bonds" or "debentures similar to bonds" if they incorporate an unconditional obligation to pay, at maturity, an amount not less than their nominal value and that do not give any right to directly or indirectly participate in the management of the relevant issuer or of the business in relation to which they are issued, are included in the category of "bonds and debentures similar to bonds" referred to in Decree No. 239, subject to the above regime. The Italian tax authorities have clarified (Revenue Agency Circular No. 4/E of 18 January 2006) that bonds may have a maturity which is not scheduled at a specific date, but it is linked to the maturity of the issuing company or to

the liquidation thereof, if the company has been set-up with an undetermined maturity pursuant to Article 2328 (2), No. 13, of the Italian Civil Code.

Interest on the Notes issued by Assicurazioni Generali

The tax regime described below applies also to securities other than shares and similar securities issued by Assicurazioni Generali to comply with Italian and/or EU capital adequacy requirements.

Interest on the Notes received by Italian resident companies, commercial partnerships or individual entrepreneurs within the context of a business enterprise is included in the taxable base for the purposes of corporate income tax (*imposta sul reddito delle società*, "IRES", generally at 27.5 per cent.) or individual income tax (*imposta sul reddito delle persone fisiche*, "IRPEF", at progressive rates), as applicable and – under certain circumstances – of the regional tax on productive activities (*imposta regionale sulle attività produttive*, "IRAP").

Interest on the Notes is subject to a 20 substitute tax ("*imposta sostitutiva*") if the recipient is included among the following categories of Italian residents: individuals, non-commercial partnerships, non-profit organisations, the Italian State and public entities or entities that are exempt from IRES.

The 20 per cent. *imposta sostitutiva* does not apply where the Notes are held in a discretionary investment portfolio managed by an Italian authorised financial intermediary and the beneficial owner thereof, where possible, has opted to be taxed at a flat rate of 20 per cent. on the year-end increase in value of the investment portfolio accrued, even if not realised (which increase in value includes any Interest accrued on the Notes), pursuant to the so-called portfolio management tax regime ("*regime del risparmio gestito*") provided for by Article 7 of Legislative Decree 21 November 1997, No. 461 ("**Decree 461/1997**").

If the holder of the Notes are individuals or non-profit organisations engaged in an entrepreneurial activity and the Notes are connected to such entrepreneurial activity, the 20 per cent. *imposta sostitutiva* applies on a provisional basis and may be deducted from the taxation on income due.

Interest accrued on the Notes held by Italian open-ended or closed-ended investment funds ("investment funds"), *società di investimento a capitale variabile* ("SICAV") is not subject to such *imposta sostitutiva* but is included in the aggregate income of the investment funds, SICAV. A withholding tax of 20 per cent. will be levied on proceeds distributed by the investment funds or the SICAV or received by certain categories of unitholders upon redemption or disposal of the units.

Interest accrued on the Notes held by pension funds is not subject to such *imposta sostitutiva* but is included in the aggregate income of the pension funds which is subject to a substitute tax at the rate of 11 per cent.

Under the current regime provided by Law Decree No. 351 of 25 September 2001 converted into law with amendments by Law No. 410 of 23 November 2001 ("**Decree 351**"), Interest on the Notes held by Italian resident real estate investment funds established pursuant to Article 37 of Legislative Decree No. 58 of 24 February 1998, as amended and supplemented, and Article 14-bis of Law No. 86 of 25 January 1994 are

subject neither to *imposta sostitutiva* nor to any other income tax in the hands of a real estate investment fund.

Pursuant to Decree No. 239, *imposta sostitutiva* is levied by banks, SIMs, fiduciary companies, SGRs, stockbrokers, and other entities identified by a Decree of the Ministry of Finance (the "**Intermediaries**"). The Intermediaries must (i) be resident in Italy or be a permanent establishment in Italy of a non-Italian resident intermediary and (ii) intervene, in any way, in the collection of Interest or in the transfer of the Notes. Where the Notes are not deposited with an Intermediary, the *imposta sostitutiva* is applied and withheld by any entity paying Interest to the Noteholder.

Non-resident holders are not subject to such 20 per cent. *imposta sostitutiva* according to Article 6, paragraph 1, Decree No. 239, provided that:

- (a) they are either (i) resident for tax purposes in a State which allows an adequate exchange of information with Italy as listed in the Italian Ministerial Decree dated 4 September 1996, as amended from time to time, or as from the tax year in which the decree pursuant to article 168-bis of Decree No. 917 is effective, in the list of States allowing an adequate exchange of information with the Italian tax authorities as per the decree issued to implement Article 168-bis, paragraph 1 of Decree No. 917 or, in the case of institutional investors not subject to tax, they are established in such a State, or (ii) supranational entities set up in accordance with an international treaty executed by Italy, or (iii) central banks or other authorities engaged in the management of the official reserves (of a foreign State);
- (b) the Notes are deposited directly or indirectly (i) with a bank or a SIM resident in Italy, (ii) with the Italian permanent establishment of a non-resident bank or brokerage company which is electronically connected with the Italian Ministry of Finance or (iii) with a non-resident entity or company which has an account with a centralised clearance system (such as Euroclear or Clearstream, Luxembourg) which has a direct relationship with the Italian Ministry of Economy and Finance;
- (c) the banks or brokers mentioned in (b) above receive a self-declaration from the beneficial owner, which states that the beneficial owner is a resident of a State that allows an adequate exchange of information with Italy. The declaration, which must be in conformity with the form approved with ministerial decree 12 December 2001, is valid until it is revoked or withdrawn;
- (d) the banks or brokers mentioned above receive all necessary information to identify the non-resident beneficial owner of the deposited Notes, and all the necessary information in order to determine the amount of Interest that such beneficial owner is entitled to receive.

Non-resident holders are subject to the 20 per cent. *imposta sostitutiva* on Interest if any of the above conditions (a), (b), (c) or (d) is not satisfied.

Holders who are subject to the substitute tax might, nevertheless, be eligible for a total or partial relief under an applicable tax treaty between the Republic of Italy and the country of residence of the relevant holder.

Interest received by Italian residents on the Notes issued by Generali Finance

Interest on the Notes issued by Generali Finance received by Italian resident companies, commercial partnerships or individual entrepreneurs within the context of a business enterprise is included in the taxable base for the purposes of IRES or IRPEF, as applicable, and – under certain circumstances – IRAP, and at the rates and in the circumstances discussed in "*Interest on the Notes issued by Assicurazioni Generali*" above.

Interest on the Notes issued by Generali Finance is subject to a 20 per cent. *imposta sostitutiva* if it is received by recipients who are included among the following categories of Italian residents: individuals, non-commercial partnerships, non-profit organisations, the Italian State and public entities or entities that are exempt from IRES.

The 20 per cent. *imposta sostitutiva* does not apply where the Notes issued by Generali Finance are held in a discretionary investment portfolio managed by an Italian authorised financial intermediary and the beneficial owner thereof, where possible, has opted to be taxed at a flat rate of 20 on the year-end increase in value of the investment portfolio accrued, even if not realised (which increase in value includes any Interest accrued on the Notes issued by Generali Finance), pursuant to the so-called portfolio management tax regime ("*regime del risparmio gestito*") provided for by Article 7 of Decree 461/1997.

Interest accrued on the Notes held by Italian open-ended or closed-ended investment funds ("investment funds"), *società di investimento a capitale variabile* ("**SICAV**") is not subject to such *imposta sostitutiva* but is included in the aggregate income of the investment funds, SICAV. A withholding tax of 20 per cent. will be levied on proceeds distributed by the investment funds or the SICAV or received by certain categories of unitholders upon redemption or disposal of the units.

Interest accrued on the Notes held by pension funds is not subject to such *imposta sostitutiva* but is included in the aggregate income of the pension funds which is subject to a substitute tax at the rate of 11 per cent.

Where a holder is an Italian resident real estate investment fund, to which the provisions of Decree No. 351 apply, Interest accrued on the Notes will be subject neither to *imposta sostitutiva* nor to any other income tax in the hands of the real estate investment fund.

The *imposta sostitutiva* is a final tax and no additional tax is due by the recipient of the Interest, unless the Interest is received within the context of a business enterprise.

No *imposta sostitutiva* is due with respect to Interest paid to Italian resident companies, commercial partnerships or Italian permanent establishments of non-resident companies.

If the holder of the Notes issued is engaged in an entrepreneurial activity and the Notes are connected to such entrepreneurial activity and the Notes are deposited with an Italian authorised intermediary (or permanent establishment in Italy of a foreign intermediary), the *imposta sostitutiva* applies as a provisional tax and may be deducted from the taxation on income due.

If Notes beneficially owned by non-Italian residents are deposited with an Italian bank or other resident intermediary (or permanent establishment in Italy of foreign Intermediary) or are sold through an Italian bank or other resident intermediary (or permanent establishment in Italy of foreign intermediary) or in any case an Italian resident intermediary (or permanent establishment in Italy of foreign intermediary) intervenes in the payment of Interest on such Notes, to ensure payment of Interest without application of Italian taxation a non-Italian resident holder may be required to produce to the Italian bank or other intermediary a self-assessment (*autocertificazione*) stating that he or she is not resident in Italy for tax purposes.

Interest on the Notes received by non-Italian resident beneficial owners are not subject to taxation in Italy.

Atypical securities

Interest payments relating to Notes that are not deemed to fall within the category of bonds (*obbligazioni*) or debentures similar to bonds (*titoli similari alle obbligazioni*) may be subject to a withholding tax, levied at the rate of 20 per cent. For this purpose, debentures similar to bonds are securities that incorporate an unconditional obligation to pay, at maturity, an amount not lower than their nominal value, other than securities other than shares and similar securities issued by Assicurazioni Generali to comply with Italian and/or EU capital adequacy requirements (which are subject to the tax regime provided for bonds or debentures similar to bonds).

In the case of Notes issued by an Italian-resident issuer, where the Noteholder is (i) an Italian individual engaged in an entrepreneurial activity to which the Notes are connected, (ii) an Italian company or a similar Italian commercial entity, (iii) a permanent establishment in Italy of a foreign entity to which the Notes are connected, (iv) an Italian commercial partnership or (v) an Italian commercial private or public institution, such withholding tax is a provisional withholding tax. In all other cases, the withholding tax is a final withholding tax. For non-Italian resident Noteholders, the 20 per cent. withholding tax rate may be reduced by any applicable tax treaty.

If the Notes are issued by a non-Italian resident Issuer, the 20 per cent. withholding tax mentioned above does not apply to Interest payments made to a non-Italian resident Noteholder and to an Italian resident Noteholder which is (i) a company or similar commercial entity (including the Italian permanent establishment of foreign entities), (ii) a commercial partnership or (iii) a commercial private or public institution.

Fungible issues

Pursuant to Article 11, paragraph 2 of Decree 239, where the relevant Issuer issues a new Tranche forming part of a single series with a previous Tranche, for the purposes of calculating the amount of Interest subject to *imposta sostitutiva*, the issue price of the new Tranche will be deemed to be the same amount as the issue price of the original Tranche. This rule applies where (a) the new Tranche is issued within 12 months from the issue date of the previous Tranche and (b) the difference between the issue price of the new Tranche and that of the original Tranche does not exceed 1 per cent. multiplied by the number of years of maturity of the Notes.

Capital gains

Any gain obtained from the sale or redemption of the Notes would be treated as part of the taxable income (and, in certain circumstances, depending on the "status" of the Noteholder, also as part of the net value of the production for IRAP purposes) if realised by an Italian company or a similar commercial entity (including the Italian permanent establishment of foreign entities to which the Notes are connected) or Italian resident individuals engaged in an entrepreneurial activity to which the Notes are connected.

A 20 per cent. *imposta sostitutiva* is applicable on capital gains realised on the disposal of Notes by Noteholders included among the following categories of Italian residents: individuals holding the Notes not in connection with an entrepreneurial activity, non-commercial partnerships, non-profit organisations, the Italian State and public entities or entities that are exempt from IRES.

In respect of the application of such substitute tax, taxpayers may opt for one of the three regimes described below.

Under the tax declaration regime (*regime della dichiarazione*), which is the default regime for Italian resident individuals not engaged in an entrepreneurial activity to which the Notes are connected, the *imposta sostitutiva* on capital gains will be chargeable, on a cumulative basis, on all capital gains, net of any incurred capital loss, realised by the Italian resident individual holding the Notes not in connection with an entrepreneurial activity pursuant to all sales or redemptions of the Notes carried out during any given tax year. Italian resident individuals holding the Notes not in connection with an entrepreneurial activity must indicate the overall capital gains realised in any tax year, net of any relevant incurred capital loss, in the annual tax return and pay *imposta sostitutiva* on such gains together with any balance income tax due for such year. Capital losses in excess of capital gains may be carried forward against capital gains realised in any of the four succeeding tax years.

As an alternative to the tax declaration regime, Italian resident individual Noteholders holding the Notes not in connection with an entrepreneurial activity may elect to pay the *imposta sostitutiva* separately on capital gains realised on each sale or redemption of the Notes (*regime del risparmio amministrato*). Such separate taxation of capital gains is allowed subject to (i) the Notes being deposited with Italian banks, SIMs or certain authorised financial intermediaries and (ii) an express election for the *regime del risparmio amministrato* being timely made in writing by the relevant Noteholder. The depository is responsible for accounting for *imposta sostitutiva* in respect of capital gains realised on each sale or redemption of the Notes (as well as in respect of capital gains realised upon the revocation of its mandate), net of any incurred capital loss, and is required to pay the relevant amount to the Italian tax authorities on behalf of the taxpayer, deducting a corresponding amount from the proceeds to be credited to the Noteholder or using funds provided by the Noteholder for this purpose. Under the *regime del risparmio amministrato*, where a sale or redemption of the Notes results in a capital loss, such loss may be deducted from capital gains subsequently realised, within the same securities management, in the same tax year or in the following tax years up to the fourth. Under the *regime del risparmio amministrato*, the Noteholder is not required to declare the capital gains in the annual tax return.

Any capital gains realised by Italian resident individuals holding the Notes not in connection with an entrepreneurial activity who have entrusted the management of their

financial assets, including the Notes, to an authorised intermediary and have opted for the *regime del risparmio gestito* will be included in the computation of the annual increase in value of the managed assets accrued, even if not realised, at year end, subject to a 20 per cent. substitute tax, to be paid by the managing authorised intermediary. Under the *regime del risparmio gestito*, any depreciation of the managed assets accrued at year end may be carried forward against increase in value of the managed assets accrued in any of the four succeeding tax years. Under the *regime del risparmio gestito*, the Noteholder is not required to declare the capital gains realised in the annual tax return.

Capital gains accrued on the Notes held by Italian investment funds and SICAVs are included in the annual accrued increase of the net asset value of such investment funds and SICAVs. A withholding tax of 20 per cent. will be levied on proceeds distributed by the investment funds or the SICAV or received by certain categories of unitholders upon redemption or disposal of the units.

Capital gains on the Notes held by real estate investment funds to which the provisions of Decree No. 351, as subsequently amended, apply, will be subject neither to substitute tax nor to any other income tax at the level of the real estate fund.

Capital gains realised by non-residents not having a permanent establishment in Italy to which the Notes are connected from the sale of the Notes issued by Assicurazioni Generali are in principle subject to a 20 per cent. tax. However, such gains are exempt from tax in Italy if:

- (a) the Notes are listed on a regulated market;
- (b) the Notes are not listed on a regulated market but the Noteholder is entitled to the exemption from the 20 per cent. substitute tax on Interest pursuant to Article 6, paragraph 1, of Decree No. 239 as described in "*Interest on the Notes issued by Assicurazioni Generali*"; or
- (c) the Noteholder may benefit from a double tax treaty with Italy providing that capital gains realised upon the sale or redemption of the Notes are to be taxed only in the country of tax residence of the recipient.

Gains realised by non-residents from the sale or redemption of Notes issued by Generali Finance (whether or not traded on regulated markets) are not subject to Italian taxation, provided that the Notes are held outside Italy.

Payments under the Guarantee

There is no authority directly regarding the Italian tax regime of payments on the Notes made by an Italian resident guarantor. Accordingly, there can be no assurance that the Italian revenue authorities will not assert an alternative treatment of such payments than that set forth herein or that the Italian court would not sustain such an alternative treatment.

With respect to payments made to certain Italian resident Noteholders by Assicurazioni Generali as a Guarantor under the Deed of Guarantee in respect of the Notes, in accordance with one interpretation of Italian tax law, any such payments may be subject to Italian withholding tax at the rate of 20 per cent. levied as a provisional tax, pursuant to Presidential Decree No. 600 of 29 September 1973, as amended. Double taxation

conventions entered into by Italy may apply allowing for a lower (or in certain cases nil) rate of withholding tax.

In accordance with another interpretation, any such payment made by the Guarantor should be treated, in certain circumstances, as a payment by the relevant issuer and made subject to the tax treatment described under "*Interest received by Italian residents on the Notes issued by Generali Finance*" above.

Transfer Tax

Pursuant to Article 11 of the Tariff (Part I) attached to Presidential Decree No. 131 of 26 April 1986 and Article 2 of the same Tariff (Part II), any acts, agreements and deeds regulating the transfer of Notes may be subject, in certain cases, to Italian registration tax consisting of a one-off payment of Euro 200.00.

Stamp duty

The Decree Law No. 201 of 6 December 2011 ("**Decree No. 201**"), converted into law with amendments by Law No. 214 of 22 December 2011, has replaced the paragraphs 2-bis and 2-ter and related Notes (3-bis and 3-ter) of Article 13, Tariff annexed to stamp duty Law approved with Presidential Decree No 642 of 26 October 1972.

Pursuant to Decree No. 201, statements sent to customers and related to all the financial products and instruments, including those not deposited, are subject to a tax of 0.1% for the year 2012, 0.15% for the year 2013 and 0.20% from the year 2014. The maximum amount due is set at Euro 14,000 (Euro 4,500 for the year 2013) for Noteholders other than individuals.

The tax is applied to each statement, on the total market value, or in its absence, on the face or repayment value of securities and financial products. The statement is considered to be sent at least once a year, even for instruments for which is not mandatory nor the deposit nor the release or the drafting of the statement. In case of reporting periods of less than 12 months, the stamp duty is payable pro-rata.

Wealth tax on securities deposited abroad

Pursuant to Article 19, paragraphs 18-23, of Decree No. 201, Italian resident individuals holding the Notes outside the Italian territory are required to pay an additional tax at a rate of 0.20% (0.15% for year 2013).

This tax is calculated on the fair market value of the Notes or, in the case the fair market value cannot be determined, on their nominal values or redemption values, or in the case the face or redemption values cannot be determined, on the purchase value of any financial asset (including banking bonds, *obbligazioni* and capital adequacy financial instruments) held abroad by Italian resident individuals. A tax credit is granted for any foreign property tax levied abroad on such financial assets.

Inheritance and Gift Tax

Pursuant to Decree No. 262 of 3 October 2006, as converted with amendments by Law No. 286 of 24 November 2006, inheritance and gift taxes have been re-introduced in Italy, with effect as of 3 October 2006.

Inheritance and gift taxes apply according to the following rates and exclusions:

- (a) if assets (including money) pass to a spouse or civil partner, as well as to any linear descendent, tax is levied at a rate of 4 per cent. The tax applies to the value of the assets (net of liabilities) left to each heir/beneficiary which exceeded Euro 1,000,000;
- (b) assets (including money) pass to a relative within the fourth degree or to a linear relative-in-law, as well as to a collateral relative within the third degree, tax is levied at a rate of 6 per cent. The tax applies to the value of the assets (net of liabilities) exceeding Euro 100,000, if assets are left to a brother or sister;
- (c) 8 per cent. in all other cases.

If the transfer is made in favour of persons with severe disabilities, the tax applies on the value exceeding Euro 1,500,000.

Moreover, an anti-avoidance rule is provided for by Law No. 383/2001 for any gift of assets (such as the Notes) which, if sold for consideration, would give rise to capital gains to the "*imposta sostitutiva*" provided for by Italian Decree No. 461/1997. In particular, if the donee sells the Notes for consideration within 5 years from the receipt thereof as a gift, the donee is required to pay the relevant "*imposta sostitutiva*" on capital gains as if the gift was not made.

Tax monitoring obligations

Pursuant to Italian Legislative Decree No. 167 of 28 June 1990, as recently amended by Law No. 97 of 6 August 2013, Italian resident individuals, non-profit entities and certain partnerships (in particular, *società semplici* or similar partnerships in accordance with Article 5 of Decree No. 917) are required to report in their yearly income tax declaration, for tax monitoring purposes:

- (i) the amount of Notes issued by Assicurazioni Generali held abroad during each tax year; and
- (ii) the amount of Notes issued by Generali Finance held during each tax year.

Furthermore, the above reporting requirement is not required to comply with respect to Notes deposited for management with qualified Italian financial intermediaries and with respect to contracts entered into through their intervention, upon condition that the items of income derived from the Notes have been subject to tax by the same intermediaries.

The implementing provisions of Law No. 97/2013 have been adopted by Measure of the Director of Italian Revenue Agency No. 2013/151663 of 18 December 2013 and the explanations of the Italian Tax Authorities have been provided in Circular n. 38/E of 23 December 2013.

THE NETHERLANDS

The following summary of certain Dutch taxation matters is based on the laws and practice in force as of the date of this Base Prospectus and is subject to any changes in law and the interpretation and application thereof, which changes could be made with retroactive effect. The following summary is included for general information only and does not purport to be a comprehensive description of all the tax considerations that may be relevant to a decision to acquire, hold or dispose of a Note, and does not

purport to deal with the tax consequences applicable to all categories of investors, some of which may be subject to special rules. For the purpose of this summary it is assumed that the Notes will not be redeemable in exchange for, convertible into, linked to or subordinated to shares or other equity instruments issued or to be issued by the Issuer or by any Dutch tax resident entity that is affiliated to the Issuer. For the purpose of this summary, the term "entity" means a corporation as well as any other person that is taxable as a corporation for Dutch corporate tax purposes. Where this summary refers to "The Netherlands" or "Dutch" it refers only to the European part of the Kingdom of the Netherlands. Where this summary refers to a holder of a Note, an individual holding a Note or an entity holding a Note, such reference is restricted to an individual or entity holding legal title to as well as an economic interest in such Note or otherwise being regarded as owning a Note for Dutch tax purposes. It is noted that for purposes of Dutch income, corporate, gift and inheritance tax, assets legally owned by a third party such as a trustee, foundation or similar entity, may be treated as assets owned by the (deemed) settlor, grantor or similar originator or the beneficiaries in proportion to their interest in such arrangement.

TAX TREATMENT OF NOTES ISSUED BY GENERALI FINANCE

Withholding Tax

All payments by the Issuer of interest and principal under the Notes or Coupons can be made free of withholding or deduction for any taxes of whatsoever nature imposed, levied, withheld or assessed by The Netherlands or any political subdivision or taxing authority thereof or therein, unless the Notes qualify as debt that effectively functions as equity for tax purposes as referred to in Article 10, paragraph 1, sub d of the Dutch Corporate Income Tax Act (*Wet op de vennootschapsbelasting 1969*). According to Supreme Court case law, the Notes may effectively function as equity if (a) the Notes are subordinated to all non-subordinated creditors of the Issuer, (b) the Notes do not have a fixed maturity or have a maturity of more than 50 years, and (c) payments under the Notes are entirely or almost entirely dependent on the Issuer's profits.

Taxes on Income and Capital Gains

A holder of a Note who derives income from a Note or who realises a gain on the disposal or redemption of a Note will not be subject to Dutch taxation on such income or capital gains unless:

- (a) the Noteholder is, or is deemed to be, resident in The Netherlands or, where the Noteholder or Couponholder is an individual, the Noteholder has elected to be treated as a resident of The Netherlands; or
- (b) such income or gain is attributable to an enterprise or part thereof which is either effectively managed in The Netherlands or carried on through a permanent establishment (*vaste inrichting*) or a permanent representative (*vaste vertegenwoordiger*) in The Netherlands and the holder derives profits from such enterprise other than by way of securities; or
- (c) the Noteholder is an entity (i.e. a corporation or any other person that is taxable as a corporation for Dutch corporate tax purposes) and the Noteholder has a substantial interest (*aanmerkelijk belang*) or a deemed substantial interest in the Issuer and such interest does not form part of the assets of an enterprise; or

- (d) the Noteholder is an individual and the Noteholder either has a substantial interest in the Issuer or such income or gain otherwise qualifies as income from miscellaneous activities (*belastbaar resultaat uit overige werkzaamheden*) in The Netherlands as defined in the Dutch Income Tax Act 2001 (*Wet inkomstenbelasting 2001*).

An individual holding a Note has a substantial interest in the Issuer if (a) such individual, either alone or together with his partner, directly or indirectly has, or is deemed to have, or (b) certain relatives of such individual or his partner directly or indirectly have, or is deemed to have, (I) the ownership of, a right to acquire the ownership of, or certain rights over, shares representing 5 per cent. or more of either the total issued and outstanding capital of the Issuer or the issued and outstanding capital of any class of shares of the Issuer, or (II) the ownership of, or certain rights over, profit participating certificates (*winstbewijzen*) that relate to 5 per cent. or more of either the annual profit or the liquidation proceeds of the Issuer.

An entity holding a Note has a substantial interest in the Issuer if such entity directly or indirectly has (I) the ownership of, a right to acquire the ownership of, or certain rights over, shares representing 5 per cent. or more of either the total issued and outstanding capital of the Issuer or the issued and outstanding capital of any class of shares of the Issuer, or (II) the ownership of, or certain rights over, profit participating certificates (*winstbewijzen*) that relate to 5 per cent. or more of either the annual profit or the liquidation proceeds of the Issuer. An entity holding a Note has a deemed substantial interest in the Issuer if such entity has disposed of or is deemed to have disposed of all or part of a substantial interest on a non-recognition basis.

Gift, Estate or Inheritance Taxes

Dutch gift, estate or inheritance taxes will not be levied on the occasion of the transfer of a Note by way of gift by, or on the death of, a Noteholder, unless:

- (a) the Noteholder is or is deemed to be resident in The Netherlands for the purpose of the relevant provisions; or
- (b) the transfer is construed as an inheritance or as a gift made by, or on behalf of, a person who, at the time of the gift or death, is or is deemed to be resident in The Netherlands for the purpose of the relevant provisions.

Value Added Tax

There is no Dutch value added tax payable by a holder of a Note in respect of payments in consideration for the issue of the Notes or in respect of the payment of interest or principal under the Notes, or the transfer of the Notes.

Other Taxes and Duties

There is no Dutch registration tax, stamp duty or any other similar tax or duty payable in The Netherlands by a holder of a Note in respect of or in connection with the execution, delivery and/or enforcement by legal proceedings (including any foreign judgement in the courts of The Netherlands) of the Notes or the performance of the Issuer's obligations under the Notes.

Residence

A holder of a Note will not be, or deemed to be, resident in The Netherlands for Dutch tax purposes by reason only of the holding of a Note or the execution, performance, delivery and/or enforcement of the Notes.

EU SAVINGS TAX DIRECTIVE

Under EC Council Directive 2003/48/EC on the taxation of savings income (the "**EU Savings Tax Directive**"), Member States are required to provide to the tax authorities of another Member State details of payments of interest (or similar income) paid by a person within its jurisdiction to an individual resident in that other Member State or to certain limited types of entity known as "**residual entities**" as defined in article 4.2 of the EU Savings Tax Directive established in that other Member State. However, for a transitional period, Luxembourg and Austria are instead required (unless during that period they elect otherwise) to operate a withholding system in relation to such payments, deducting tax at a rate of 35 per cent. The transitional period is to terminate at the end of the first full fiscal year following agreement by certain non-EU countries to the exchange of information relating to such payments. Luxembourg has announced that it will no longer apply the withholding tax system as from 1 January 2015 and will provide details of payments of interest (or similar income) as from this date.

A number of non EU countries and territories (including Switzerland) have adopted similar measures (a withholding system in the case of Switzerland) in relation to payments made by a person within its jurisdiction to, or collected by such a person for, an individual resident or certain limited types of entity established in a Member State. In addition, the Member States have entered into provision of information or transitional withholding arrangements with certain of those dependent or associated territories in relation to payments made by a person in a Member State to, or collected by such a person for, an individual resident or certain limited types of entity established in one of those territories.

The European Council formally adopted a Council Directive amending the Directive on 24 March 2014 (the "**Amending Directive**"). The Amending Directive broadens the scope of the requirements described above. Member States have until 1 January 2016 to adopt the national legislation necessary to comply with the Amending Directive. The changes made under the Amending Directive include extending the scope of the Directive to payments made to, or collected for, certain other entities and legal arrangements. They also broaden the definition of "interest payment" to cover income that is equivalent to interest.

Investors who are in any doubt as to their position should consult their professional advisers.

Implementation in Italy of the EU Savings Tax Directive

Italy has implemented the EU Savings Tax Directive through Legislative Decree No. 84 of 18 April 2005 (Decree No. 84). Under Decree No. 84, subject to a number of important conditions being met, with respect to interest paid starting from 1 July 2005 (including the case of interest accrued on the Notes at the time of their disposal) to individuals which qualify as beneficial owners of the interest payment and are resident for tax purposes in another EU Member State or in a dependent or associated territory

under the relevant international agreement (currently, Jersey, Guernsey, Isle of Man, Netherlands Antilles, British Virgin Islands, Turks and Caicos, Cayman Islands, Montserrat, Anguilla and Aruba), Italian paying agents (i.e. banks, SIMs, fiduciary companies, SGRs resident for tax purposes in Italy, permanent establishments in Italy of non-resident persons and any other economic operator resident for tax purposes in Italy paying interest for professional or commercial reasons) shall report to the Italian tax authorities details of the relevant payments and personal information on the individual beneficial owner. Such information is transmitted by the Italian tax authorities to the competent foreign tax authorities of the State of residence of the beneficial owner. In certain circumstances, the same reporting requirements must be complied with also in respect of interest paid to an entity established in another EU Member State, other than legal persons (with the exception of certain Finnish and Swedish entities), whose profits are taxed under general arrangements for business taxation and, in certain circumstance, UCITS recognised in accordance with Directive 85/611/EEC.

Either payments of interest on the Notes or the realisation of the accrued interest through the sale of the Notes would constitute "payments of interest" under Article 6 of the Directive and, as far as Italy is concerned, Article 2 of Decree No. 84. Accordingly, such payment of interest arising out of the Notes would fall within the scope of the Directive being the Notes issued after 1 March 2001.

Noteholders who are individuals and receive Interest on the Notes should note that additional amounts which, at present, may become due as described in Condition 13 (*Taxation*) of the Terms and Conditions of the Notes above should not be due in respect of withholding tax imposed under or pursuant to the EU Savings Tax Directive, or any law implementing or complying with, or introduced in order to conform to the EU Savings Tax Directive.

Implementation in Luxembourg of the EU Savings Tax Directive

The EU Savings Tax Directive was implemented in Luxembourg by the laws of 21 June 2005.

Implementation in The Netherlands of the EU Savings Tax Directive

The EU Savings Tax Directive was implemented in The Netherlands by Act (no. 29 979) of 26 May 2005 (*Staatsblad 2005*, 292) and Decree of 28 June 2005 (*Staatsblad 2005*, 332).

THE PROPOSED FINANCIAL TRANSACTIONS TAX ("FTT")

The European Commission has published a proposal for a directive for a common FTT in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia (the "**participating Member States**").

The proposed FTT has very broad scope and could, if introduced in its current form, apply to certain dealings in Notes (including secondary market transactions) in certain circumstances. The issuance and subscription of Notes should, however, be exempt.

Under current proposals the FTT could apply in certain circumstances to persons both within and outside of the participating Member States. Generally, it would apply to certain dealings in Notes where at least one party is a financial institution, and at least one party is established in a participating Member State. A financial institution may be,

or be deemed to be, "**established**" in a participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a participating Member State.

The FTT proposal remains subject to negotiation between the participating Member States and is the subject of legal challenge. It may therefore be altered prior to any implementation, the timing of which remains unclear. Additional EU Member States may decide to participate. Prospective holders of Notes are advised to seek their own professional advice in relation to the FTT.

FOREIGN ACCOUNT TAX COMPLIANCE ACT

Sections 1471 through 1474 of the U.S. Internal Revenue Code of 1986 ("**FATCA**") impose a new reporting regime and potentially a 30 per cent. withholding tax with respect to certain payments to (i) any non U.S. financial institution (a "**foreign financial institution**", or "**FFI**" (as defined by FATCA)) that does not become a "Participating FFI" by entering into an agreement with the U.S. Internal Revenue Service ("**IRS**") to provide the IRS with certain information in respect of its account holders and investors or is not otherwise exempt from or in deemed compliance with FATCA and (ii) any investor (unless otherwise exempt from FATCA) that does not provide information sufficient to determine whether the investor is a U.S. person or should otherwise be treated as holding a "**United States Account**" of the Issuer (a "**Recalcitrant Holder**"). The Issuer does not expect to be classified as an FFI that is subject to withholding under FATCA.

The new withholding regime will be phased in beginning 1 January 2014 for payments from sources within the United States and will apply to "**foreign passthru payments**" (a term not yet defined) no earlier than 1 January 2017. This withholding would potentially apply to payments in respect of (i) any Notes characterised as debt (or which are not otherwise characterized as equity and have a fixed term) for U.S. federal tax purposes that are issued on or after the "**grandfathering date**", which is the date that is six months after the date on which final U.S. Treasury regulations defining the term foreign passthru payment are filed with the Federal Register, or which are materially modified on or after the grandfathering date and (ii) any Notes characterised as equity or which do not have a fixed term for U.S. federal tax purposes, whenever issued. If Notes are issued before the grandfathering date, and additional Notes of the same series are issued on or after that date, the additional Notes may not be treated as grandfathered, which may have negative consequences for the existing Notes, including a negative impact on market price.

The United States and a number of other jurisdictions have announced their intention to negotiate intergovernmental agreements to facilitate the implementation of FATCA (each, an "**IGA**"). Pursuant to FATCA and the "**Model 1**" and "**Model 2**" IGAs released by the United States, an FFI in an IGA signatory country could be treated as a "**Reporting FI**" not subject to withholding under FATCA on any payments it receives. Further, an FFI in a Model 1 IGA jurisdiction would not be required to withhold under FATCA or an IGA (or any law implementing an IGA) (any such withholding being "**FATCA Withholding**") from payments it makes (unless it has agreed to do so under the U.S. "**qualified intermediary**," "**withholding foreign partnership**," or "**withholding foreign trust**" regimes). The Model 2 IGA leaves open the possibility

that a Reporting FI might in the future be required to withhold as a Participating FFI on foreign passthru payments and payments that it makes to Recalcitrant Holders. Under each Model IGA, a Reporting FI would still be required to report certain information in respect of its account holders and investors to its home government or to the IRS. The United States and Italy have initiated an agreement (the "**US Italy IGA**") based largely on the Model 1 IGA. The United States and the Netherlands entered into an agreement on 18 December 2013 (the "**US Netherlands IGA**") based largely on the Model 1 IGA.

While not expected, if either Issuer or, as the case may be, the Guarantor, is treated as an FFI that is subject to withholding under FATCA, the relevant Issuer or, as the case may be, the Guarantor, would expect to be treated as a Reporting FI pursuant to the US Italy IGA or the US Netherlands IGA, respectively, and does not anticipate being obliged to deduct any FATCA Withholding on payments it makes. There can be no assurance, however, that either Issuer or, as the case may be, the Guarantor, will be treated as a Reporting FI, or that it would in the future not be required to deduct FATCA Withholding from payments it makes. Accordingly, each Issuer or, as the case may be, the Guarantor, and financial institutions through which payments on the Notes are made may be required to withhold FATCA Withholding if (i) any FFI through or to which payment on such Notes is made is not a Participating FFI, a Reporting FI, or otherwise exempt from or in deemed compliance with FATCA or (ii) an investor is a Recalcitrant Holder.

If an amount in respect of FATCA Withholding were to be deducted or withheld from interest, principal or other payments made in respect of the Notes, neither the Issuers or, as the case may be, the Guarantor, nor any paying agent nor any other person would, pursuant to the conditions of the Notes, be required to pay additional amounts as a result of the deduction or withholding. As a result, investors may receive less interest or principal than expected.

Whilst the Notes are in global form and held within the clearing systems, it is expected that FATCA will not affect the amount of any payments made under, or in respect of, the Notes by the relevant Issuer or, as the case may be, the Guarantor, any paying agent, the depository, common depository or common safekeeper, given that each of the entities in the payment chain beginning with the relevant Issuer or, as the case may be, the Guarantor, and ending with the clearing systems is a major financial institution whose business is dependent on compliance with FATCA and that any alternative approach introduced under an IGA will be unlikely to affect the Notes. The documentation expressly contemplates the possibility that the Notes may go into definitive form and therefore that they may be taken out of the clearing systems. If this were to happen, then a non FATCA compliant holder could be subject to FATCA Withholding. However, definitive notes will only be printed in remote circumstances.

FATCA is particularly complex and its application is uncertain at this time. The above description is based in part on regulations, official guidance and model IGAs, all of which are subject to change or may be implemented in a materially different form.

TO ENSURE COMPLIANCE WITH IRS CIRCULAR 230, EACH TAXPAYER IS HEREBY NOTIFIED THAT: (A) ANY TAX DISCUSSION HEREIN IS NOT INTENDED OR WRITTEN TO BE USED, AND CANNOT BE USED BY THE TAXPAYER FOR THE PURPOSE OF AVOIDING U.S. FEDERAL INCOME TAX PENALTIES THAT MAY BE IMPOSED ON THE TAXPAYER; (B) ANY SUCH

TAX DISCUSSION WAS WRITTEN TO SUPPORT THE PROMOTION OR MARKETING OF THE TRANSACTIONS OR MATTERS ADDRESSED HEREIN; AND (C) THE TAXPAYER SHOULD SEEK ADVICE BASED ON THE TAXPAYER'S PARTICULAR CIRCUMSTANCES FROM AN INDEPENDENT TAX ADVISER.

LUXEMBOURG

The following is a general description of certain Luxembourg tax considerations relating to the Notes. It specifically contains information on taxes on the income from the Notes withheld at source and provides an indication as to whether the Issuer assumes responsibility for the withholding of taxes at the source. It does not purport to be a complete analysis of all tax considerations relating to the Notes, whether in Luxembourg or elsewhere. Prospective purchasers of the Notes should consult their own tax advisers as to which countries' tax laws could be relevant to acquiring, holding and disposing of the Notes payments of interest, principal and/or other amounts under the Notes and the consequences of such actions under the tax laws of Luxembourg. This summary is based upon the law as in effect on the date of this Prospectus. The information contained within this section is limited to withholding taxation issues, and prospective investors should not apply any information set out below to other areas, including (but not limited to) the legality of transactions involving the Notes.

All payments of interest and principal by the relevant Issuer in the context of the holding, disposal, redemption or repurchase of the Notes can be made free and clear of any withholding or deduction for or on account of any taxes of whatsoever nature imposed, levied, withheld, or assessed by Luxembourg or any political subdivision or taxing authority thereof or therein, in accordance with the applicable Luxembourg law, subject however to:

- (a) the application of the Luxembourg laws of 21 June 2005, as amended, implementing the EU Savings Directive (Council Directive 2003/48/EC) (see, paragraph "*EU Savings Tax Directive*" above) and agreements concluded with certain dependant or associated territories (the "**Territories**"), which provide that payments of interest or similar income made or ascribed by a paying agent established in Luxembourg to or for the immediate benefit of an individual beneficial owner or a residual entity, in the meaning of article 4.2 of the EU Savings Directive, which are resident of, or established in, an EU member state (other than Luxembourg) or one of the Territories (that request reciprocity) will be subject to a withholding tax unless the relevant recipient has adequately instructed the relevant paying agent to provide details of the relevant payments of interest or similar income to the fiscal authorities of his/her/its country of residence or establishment, or, in the case of an individual beneficial owner, has provided a tax exemption certificate issued by the fiscal authorities of his/her country of residence in the required format for EU Savings Directive purposes to the relevant paying agent. Where withholding tax is applied, it will be levied at a rate of 35 per cent. as from 1 July 2011. The Luxembourg government officially announced on 10 April 2013 that Luxembourg will give up the withholding tax system as from 1 January 2015 and apply the automatic exchange of information system under the EU Savings Directive; and

- (b) the application as regards Luxembourg resident individuals of the Luxembourg law of 23 December 2005 which has introduced a 10 per cent. withholding tax on savings income paid by a Luxembourg paying agent (within the meaning of the EU Savings Tax Directive) (i.e. with certain exemptions, savings income within the meaning of the Luxembourg laws of 21 June 2005, as amended, implementing the EU Savings Directive). Such withholding tax will be in full discharge of income tax if the beneficial owner is an individual acting in the course of the management of his/her private wealth. In addition, pursuant to the Luxembourg law of 17 July 2008, Luxembourg resident individuals can opt to self-declare and pay a 10 per cent. tax (which is final when the Luxembourg resident individuals are acting in the context of the management of their private wealth) on interest payments made after 31 December 2007 by certain paying agents not established in Luxembourg (defined in the same way as in the EU Savings Tax Directive), i.e. paying agents located in an EU member state other than Luxembourg, a member state of the European Economic Area or in a State which has concluded an international agreement directly related to the EU Savings Directive.

Responsibility for the withholding of tax in application of the above-mentioned Luxembourg laws of 21 June 2005, as amended, and 23 December 2005, as amended, is assumed by the Luxembourg paying agent within the meaning of these laws.

Taxes on Income and Capital Gains

Noteholders who derive income from Notes or who realize a gain on the disposal or redemption thereof will not be subject to Luxembourg taxation on income or capital gains (subject to the application of the laws of 21 June 2005, as amended, and the law of 23 December 2005, as amended, which has introduced a 10 per cent. final withholding tax on savings income as regards Luxembourg resident individuals) unless:

- (a) such Noteholders are, or are deemed to be, resident in Luxembourg for Luxembourg tax purposes (or for the purposes of the relevant provisions);
- (b) such income or gain is attributable to an enterprise or part thereof which is carried on through a permanent establishment or a permanent representative in Luxembourg or a fixed base of business in Luxembourg.

Net Wealth Tax

Luxembourg net wealth tax will not be levied on Noteholders unless:

- (a) Noteholders are, or are deemed to be, residents in Luxembourg for the purpose of the relevant provisions;
- (b) Notes are attributable to an enterprise or part thereof which is carried on through a permanent establishment or a permanent representative or a fixed base of business in Luxembourg;

Value Added Tax

There is no Luxembourg value added tax payable by a holder of a Note in respect of payments in consideration for the issue of the Notes or in respect of the payment of interest or principal under the Notes, or the transfer of the Notes.

Other Taxes and Duties

There is no Luxembourg registration tax, capital tax, stamp duty or any similar tax or duty payable in Luxembourg in respect of or in connection with the issue, execution, delivery and enforcement by legal proceedings (including any foreign judgment in the courts of Luxembourg) of the Notes or the performance of the relevant Issuer obligations under the Notes, except that in the case of a voluntary registration or in case of courts proceedings in a Luxembourg court or the representation of the documents in relation to the Notes to an "autorité constituée", such court or such "autorité constituée" may require registration thereof, in which case the documents will be subject to registration duties depending on the nature of the documents. In case it is expected that the documents in relation to the Notes will be presented to a Luxembourg court or to an "*autorité constituée*", investors are recommended to seek appropriate advice at that time.

Residence

A Noteholder will not become resident, or deemed to be resident, in Luxembourg by reason of the only holding of Notes or the execution, performance, delivery and/or enforcement of that or any other Notes.

provided that no such offer of Notes referred to above shall require the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive, or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

For the purposes of this provision, the expression an "**offer of Notes to the public**" in relation to any Notes in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe the Notes, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State, the expression "**Prospectus Directive**" means Directive 2003/71/EC (and amendments thereto, including the 2010 PD Amending Directive, to the extent implemented in the Relevant Member State), and includes any relevant implementing measure in the Relevant Member State and the expression "**2010 PD Amending Directive**" means Directive 2010/73/EU and includes any relevant implementing measure in each Relevant Member State.

- (b) it has not issued or had in its possession for the purposes of issue, and will not issue or have in its possession for the purposes of issue, whether in Hong Kong or elsewhere, any advertisement, invitation or document relating to the Notes, which is directed at, or the contents of which are likely to be accessed or read by, the public of Hong Kong (except if permitted to do so under the securities laws of Hong Kong) other than with respect to Notes which are or are intended to be disposed of only to persons outside Hong Kong or only to "professional investors" as defined in the SFO and any rules made under the SFO.

Certain of the Dealers and their affiliates (including their parent companies) have engaged, and may in the future engage, in investment banking and/or commercial banking transactions with, and may perform services for, or provided financing to, Assicurazioni Generali, Generali Finance and their affiliates in the ordinary course of business. In addition, in the ordinary course of their business activities, the Dealers and their affiliates (including their parent companies) may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of any of Assicurazioni Generali, Generali Finance or any of their respective affiliates. Certain of the Dealers or their affiliates that have a lending relationship with the Issuers routinely hedge their credit exposure to the Issuers consistent with their customary risk management policies. Typically, such Dealers and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in securities, including potentially the Notes issued under the Programme. Any such short positions could adversely affect future trading prices of Notes issued under the Programme. The Dealers and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.
