Deutsche Bank Aktiengesellschaft

(Frankfurt am Main, Germany)

Euro 80,000,000,000

Debt Issuance Programme

Under its Euro 80,000,000,000 Debt Issuance Programme (the "**Programme**") Deutsche Bank Aktiengesellschaft (the "**Issuer**") may from time to time issue notes ("**Notes**") and Pfandbriefe ("**Pfandbriefe**" and together with the Notes, "**Securities**"), which may be issued on an unsubordinated or a subordinated basis. The Securities will be denominated in any currency agreed between the Issuer and the relevant Dealer (as defined below).

This document constitutes a securities note (the "**Securities Note**") in respect of all Securities issued under the Programme in accordance with Article 8 (1) of Regulation (EU) 2017/1129 of the European Parliament and of the Council of 14 June 2017 on the prospectus to be published when securities are offered to the public or admitted to trading on a regulated market, and repealing Directive 2003/71/EC, as amended (the "**Prospectus Regulation**"), which, together with the registration document dated 4 May 2023 and prepared by the Issuer (as supplemented from time to time, the "**Registration Document**"), constitutes a base prospectus (as supplemented from time to time, the "**Base Prospectus**" or the "**Prospectus**") in accordance with Article 8 (6) and Article 10 of the Prospectus Regulation. The Base Prospectus shall supersede and replace the base prospectus dated 17 June 2022 and prepared in connection with the Programme.

This Securities Note was approved on 19 June 2023 (the "**Date of Approval**") by the *Commission de Surveillance du Secteur Financier* (the "**CSSF**") in its capacity as competent authority under the Prospectus Regulation. The CSSF only approved this Securities Note as meeting the standards of completeness, comprehensibility and consistency imposed by the Prospectus Regulation. Approval by the CSSF should not be considered as an endorsement of the Issuer or the quality of the Securities that are the subject of this Securities Note. In accordance with Article 6 (4) of the Luxembourg Law of 16 July 2019 on Prospectuses for Securities (*loi du 16 juillet 2019 relative aux prospectus pour valeurs mobilières*, the "**Luxembourg Prospectus Act**"), by approving this Securities Note, the CSSF assumes no responsibility for the economic or financial soundness of the transactions contemplated by this Securities Note or the quality and solvency of the Issuer. Investors should make their own assessment as to the suitability of investing in the Securities.

The Issuer has also requested the CSSF to provide the competent authorities in Austria, Belgium, France, Germany, Ireland, Italy, the Netherlands, Portugal and Spain with a certificate of approval in accordance with Article 25 (1) of the Prospectus Regulation attesting that the Base Prospectus of which this Securities Note forms part has been drawn up in accordance with the Prospectus Regulation (each, a "**Notification**"). The Issuer may request the CSSF to provide competent authorities in additional Member States within the European Economic Area (the "**EEA**") with similar Notifications.

Application has also been made by the Issuer to the Luxembourg Stock Exchange for Securities issued under the Programme to be listed on the Official List of the Luxembourg Stock Exchange and to be admitted to trading on the Luxembourg Stock Exchange's regulated market or the professional segment of the regulated market of the Luxembourg Stock Exchange. Securities issued under the Programme may also be admitted to trading on the regulated market of the Frankfurt Stock Exchange or the regulated market of any other stock exchange which is, like the regulated market of the Luxembourg Stock Exchange, a regulated market for the purposes of Directive 2014/65/EU of the European Parliament and of the Council of 15 May 2014 on markets in financial instruments and amending Directive 2002/92/EC and Directive 2011/61/EU (as amended, "**MiFID II**"). Securities issued under the Programme may also be admitted to trading or listed on the SIX Swiss Exchange or an

unregulated market such as the "Euro MTF" market of the Luxembourg Stock Exchange or the Open Market (*Freiverkehr*) of the Frankfurt Stock Exchange or may not be admitted to trading or listed.

The Base Prospectus (comprising this Securities Note and the Registration Document) is valid for a period of twelve months from the Date of Approval, i.e. until (and including) 19 June 2024. The obligation to supplement the Base Prospectus (comprising this Securities Note and the Registration Document) in the event of a significant new factor, material mistake or material inaccuracy shall not apply once the Base Prospectus (comprising this Securities Note and the Registration Document) is no longer valid. During its time of validity the Issuer shall not be obliged to supplement the Base Prospectus (comprising this Securities Note and the Registration Document) in case it is not being used in connection with an issue of Notes which shall be admitted to trading on a regulated market in the EEA and/or offered to the public in the EEA in circumstances where no exemption is available under Article 1 (4) and/or Article 3 (2) of the Prospectus Regulation.

This Securities Note, the Registration Document, any document incorporated by reference in this Securities Note or the Registration Document and any supplement relating to information contained in this Securities Note or the Registration Document are available in electronic form on the website of the Luxembourg Stock Exchange (www.luxse.com/programme/Programme-DeutscheBank/13607) and on the website of the Issuer (www.db.com under "Investor Relations") and will be viewable on, and obtainable free of charge from, such websites. For the avoidance of doubt, none of the information contained in the aforementioned websites (other than the information incorporated by reference in this Securities Note), forms part of this Securities Note or has been scrutinised or approved by the CSSF.

IMPORTANT NOTICES

Notice of the aggregate principal amount of Securities, interest (if any) payable in respect of Securities, the issue price of Securities and certain other information which is applicable to each tranche of Securities (each, a "**Tranche**") will be set out in a final terms document (the "**Final Terms**") which will be filed with the CSSF in case the Securities are to be admitted to trading on a regulated market in the EEA and/or offered to the public in the EEA other than in circumstances where an exemption is available under Article 1 (4) or Article 3 (2) of the Prospectus Regulation.

Copies of Final Terms will be available from the registered office of the Issuer and the specified office set out below of each of the Paying Agents. In the case of Securities that are to be listed on the Official List of, and admitted to trading on, the regulated market (including its professional segment) of the Luxembourg Stock Exchange, the applicable Final Terms will be available on the Luxembourg Stock Exchange's website (www.luxse.com/programme/Programme-DeutscheBank/13607), but only for so long as such admission to trading and listing is maintained and the rules of the Luxembourg Stock Exchange or the laws or regulations so require.

This Securities Note should be read and understood in conjunction with the Registration Document, any document incorporated by reference in this Securities Note (see the section entitled "*Documents Incorporated by Reference*") and any supplement relating to information contained in the Securities Note. Full information on the Issuer and any Securities issued under the Programme is only available on the basis of the combination of the information contained in this Securities Note, the Registration Document, any document incorporated by reference in this Securities Note or the Registration Document, any supplement relating to information contained in this Securities Note or the Registration Document and the relevant Final Terms.

No person is or has been authorised to give any information or to make any representations, other than those contained in this Securities Note, in connection with the Programme or the issue and sale of the Securities and, if given or made, such information or representations must not be relied upon as having been authorised by Deutsche Bank. Neither the delivery of this Securities Note or the Registration Document nor any sale made hereunder shall, under any circumstances, create any implication that the information herein is correct as of any time subsequent to the date hereof.

Neither this Securities Note nor the Registration Document nor any other information supplied in connection with the Programme or any Securities (i) is intended to provide the basis of any credit or other evaluation or (ii) should be considered as a recommendation by the Issuer or any of the Dealers that any recipient of this Securities Note or the Registration Document or any recipient of any other information supplied in connection with the Programme or any Securities should purchase any Securities. Each investor contemplating purchasing any Securities should make its own independent investigation of the financial condition and affairs, and its own appraisal of the creditworthiness, of the Issuer. Neither this Securities Note nor the Registration Document nor any other information supplied in connection with the Programme or the issue of any Securities constitutes an offer or invitation by or on behalf of the Issuer or any of the Dealers to subscribe for or to purchase any Securities.

In case of the issuance of any Green Securities (as defined below), no representation or assurance is given by the Issuer, the Arranger or the Dealers or any other person as to the suitability of any such Green Securities, including the listing or admission to trading thereof on any dedicated "green", "sustainable" or other equivalently-labelled segment of any stock exchange or securities market (whether or not regulated), to fulfil any present or future investor expectations or requirements with respect to sustainability or other investment criteria or guidelines which any investor or its investments are required to comply with under applicable law, its own by-laws or other governing rules or investment portfolio mandates. Neither the Arranger nor any of the Dealers has undertaken, or is responsible for, any assessment of the eligibility criteria for Green Assets (as defined below), any verification of whether the Green Assets meet such criteria or the monitoring of the allocation of amounts equal to the (net) proceeds of any Green Securities. There can be no assurance that sufficient Green Assets can be identified in or substantially in such manner and/or in accordance with any timing schedule and that accordingly amounts equal to such proceeds will be totally or partially allocated for such Green Assets. Investors should refer to the Green Financing Framework (as defined below), the Green Evaluation (as defined

below) and any public reporting by or on behalf of the Issuer in respect of the use of the (net) proceeds of any Green Securities for further information. For the avoidance of doubt, neither the Green Financing Framework, the Green Evaluation nor any such public reporting is, or shall be deemed to be, incorporated in and/or form part of this Securities Note and may be amended from time to time. No representation or assurance is given by the Arranger or the Dealers as to the suitability or contents of the Green Financing Framework and/or the Green Evaluation.

This Securities Note as well as any Final Terms reflect the status as of their respective dates of issue. Neither the delivery of this Securities Note nor the offering, sale or delivery of any Securities shall in any circumstances imply that the information contained in the aforementioned related documents is accurate and complete subsequent to the date hereof or that there has been no adverse change in the financial condition of the Issuer since such date or that any other information supplied in connection with the Programme is correct at any time subsequent to the date on which it is supplied or, if different, the date indicated in the document containing the same.

The Issuer has undertaken for the benefit of any Dealer to amend or supplement this Securities Note and the Registration Document or publish a new securities note or registration document if and when the information herein or therein should become materially inaccurate or incomplete and has further agreed with the Dealers to furnish a supplement relating to information contained in this Securities Note or the Registration Document in the event of any significant new factor, material mistake or material inaccuracy relating to the information included in this Securities Note or the Registration Document, as applicable, which is capable of affecting the assessment of the Securities and which arises or is noted between the time when this Securities Note has been approved and the final closing of any Tranche of Securities offered to the public in an EEA Member State or, as the case may be, when trading of any Tranche of Securities on a regulated market of a stock exchange located in an EEA Member State begins.

Prohibition of Sales to Retail Investors in the European Economic Area – If the Final Terms in respect of any Securities includes a legend entitled "*Prohibition of Sales to Retail Investors in the European Economic Area*", the Securities are not intended to be offered, sold or otherwise made available to and, with effect from such date, should not be offered, sold or otherwise made available to any retail investor in the EEA. For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4 (1) of MiFID II; (ii) a customer within the meaning of Directive (EU) 2016/97 of the European Parliament and of the Council of 20 January 2016 on insurance distribution, as amended (the "**Insurance Distribution Directive**"), where that customer would not qualify as a professional client as defined in point (10) of Article 4 (1) of MiFID II; or (iii) not a qualified investor as defined in the Prospectus Regulation. If the relevant Final Terms include the above-mentioned legend, no key information document required by Regulation (EU) No 1286/2014, as amended (the "**PRIIPs Regulation**") for offering or selling those Securities or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling those Securities or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

If the Final Terms specify "*Prohibition of Sales to Retail Investors in the European Economic Area*" as "*Not Applicable*", except to the extent sub-paragraph (ii) below may apply, in relation to each Member State of the EEA (each, a "**Relevant Member State**"), any offer of Securities will be made pursuant to an exemption under the Prospectus Regulation from the requirement to publish a prospectus for offers of Securities. Accordingly, any person making or intending to make an offer in that Relevant Member State of Securities which are the subject of an offering/placement contemplated in this Securities Note as completed by Final Terms in relation to the offer of those Securities may only do so (i) in circumstances in which no obligation arises for the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Regulation or supplement a prospectus pursuant to Article 23 of the Prospectus Regulation, in each case, in relation to such offer, or (ii) if a prospectus for such offer has been approved by the competent authority in that Relevant Member State or, where appropriate, approved in another Relevant Member State and notified to the competent authority in that Relevant Member State and (in either case) published, all in accordance with the Prospectus Regulation, provided that any such prospectus has subsequently been completed by Final Terms which specify that offers may be made other than pursuant to Article 1 (4) of the Prospectus Regulation in that Relevant Member State and such offer is made in the period beginning and ending on the dates specified for such purpose in such prospectus or relevant Final Terms, as applicable, and the Issuer has consented in writing to the use of such

prospectus for the purpose of such offer. Except to the extent sub-paragraph (ii) above may apply, neither the Issuer nor any Dealer have authorized, nor do they authorize, the making of any offer of Securities in circumstances in which an obligation arises for the Issuers or any Dealer to publish or supplement a prospectus for such offer.

Prohibition of Sales to Retail Investors in the United Kingdom – If the Final Terms in respect of any Securities include a legend entitled "*Prohibition of Sales to Retail Investors in the United Kingdom*", the Securities are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the United Kingdom. For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client, as defined in point (8) of Article 2 of Regulation (EU) 2017/565 as it forms part of the domestic law of the United Kingdom by virtue of the European Union (Withdrawal) Act 2018 ("**EUWA**"); or (ii) a customer within the meaning of the provisions of the United Kingdom Financial Services and Markets Act 2000 (as amended, the "**FSMA**") and any rules or regulations made under the FSMA to implement Directive (EU) 2016/97, where that customer would not qualify as a professional client as defined in point (8) of Article 2 (1) of Regulation (EU) 600/2014 as it forms part of the domestic law of the United Kingdom by virtue of the EUWA. Consequently, no key information document required by Regulation (EU) 1286/2014, as amended, as it forms part of the domestic law of the United Kingdom by virtue of the EUWA (the "**United Kingdom PRIIPs Regulation**") for offering or selling the Securities or otherwise making them available to retail investors in the United Kingdom has been prepared and therefore offering or selling the Securities or otherwise making them available to any retail investor in the United Kingdom may be unlawful under the United Kingdom PRIIPs Regulation.

If the relevant Final Terms specify "*Prohibition of Sales to Retail Investors in the United Kingdom*" as "*Not Applicable*", except to the extent sub-paragraph (ii) below may apply, in relation to the United Kingdom, any offer of Securities will be made pursuant to an exemption under the Prospectus Regulation as it forms part of the domestic law of the United Kingdom by virtue of the EUWA (the "**UK Prospectus Regulation**") from the requirement to publish a prospectus for offers of Securities. Accordingly, any person making or intending to make an offer in the United Kingdom of Securities which are the subject of an offering/placement contemplated in this Securities Note as completed by Final Terms in relation to the offer of those Securities may only do so (i) in circumstances in which no obligation arises for the Issuer or any Dealer to publish a prospectus pursuant to section 85 of the FSMA or supplement a prospectus pursuant to Article 23 of the UK Prospectus Regulation, in each case, in relation to such offer, or (ii) if a prospectus for such offer has been approved by the competent authority in the United Kingdom and published, all in accordance with the UK Prospectus Regulation, provided that any such prospectus has subsequently been completed by Final Terms which specify that offers may be made other than pursuant to Article 1 (4) of the UK Prospectus Regulation and such offer is made in the period beginning and ending on the dates specified for such purpose in such prospectus or relevant Final, as applicable, and the Issuer has consented in writing to the use of such prospectus for the purpose of such offer. Except to the extent sub-paragraph (ii) above may apply, neither the Issuer nor any Dealer have authorized, nor do they authorize, the making of any offer of Securities in circumstances in which an obligation arises for the Issuer or any Dealer to publish or supplement a prospectus for such offer.

MiFID II Product Governance / Target Market – The Final Terms in respect of any Securities may include a legend entitled "*MiFID II Product Governance*" which will outline the target market assessment in respect of the Securities and which channels for distribution of the Securities are appropriate. Any person subsequently offering, selling or recommending the Securities (a "**Distributor**") should take into consideration the target market assessment; however, a Distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Securities (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the product governance rules under Commission Delegated Directive (EU) 2017/593 (the "**MiFID II Product Governance Rules**"), any Dealer subscribing for any Securities is a manufacturer in respect of such Securities, but otherwise neither the Arranger nor any other Dealer nor any of their respective affiliates will be a manufacturer for the purpose of the MiFID II Product Governance Rules.

UK MiFIR Product Governance / Target Market – The Final Terms in respect of any Securities may include a legend entitled "*UK MiFIR Product Governance*" which will outline the target market assessment in respect of

the Securities and which channels for distribution of the Securities are appropriate. Any Distributor should take into consideration the target market assessment; however, a Distributor subject to the FCA Handbook Product Intervention and Product Governance Sourcebook (the "**UK MiFIR Product Governance Rules**") is responsible for undertaking its own target market assessment in respect of the Securities (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the UK MiFIR Product Governance Rules, any Dealer subscribing for any Securities is a manufacturer in respect of such Securities, but otherwise neither the Arranger nor any other Dealer nor any of their respective affiliates will be a manufacturer for the purpose of the UK MiFIR Product Governance Rules.

Neither this Securities Note nor the Registration Document constitutes an offer to sell or the solicitation of an offer to buy any Securities in any jurisdiction to any person to whom it is unlawful to make the offer or solicitation in such jurisdiction. The distribution of this Securities Note and the Registration Document and the offer or sale of Securities may be restricted by law in certain jurisdictions. The Issuer and the Dealers do not represent that this Securities Note or the Registration Document may be lawfully distributed, or that any Securities may be lawfully offered, in compliance with any applicable registration or other requirements in any such jurisdiction, or pursuant to an exemption available thereunder, or assume any responsibility for facilitating any such distribution or offering. In particular, no action has been taken by the Issuer or the Dealers which would permit a public offering of any Securities in any jurisdiction (other than any EEA Member State into which the Base Prospectus (of which this Securities Note forms part) has been notified) or distribution of this Securities Note or the Registration Document in any jurisdiction where action for that purpose is required. Accordingly, no Securities may be offered or sold, directly or indirectly, and neither this Securities Note nor the Registration Document nor any advertisement or other offering material may be distributed or published in any jurisdiction, except under circumstances that will result in compliance with any applicable laws and regulations. Persons into whose possession this Securities Note, the Registration Document or any Securities may come must inform themselves about, and observe, any such restrictions on the distribution of this Securities Note and the Registration Document and the offering and sale of Securities. In particular, there are restrictions on the distribution of this Securities Note and the offer or sale of Securities in the United States, the EEA (in particular Austria, Belgium, the Czech Republic, France, Ireland, Italy, the Netherlands, Poland and Spain), in Australia, Hong Kong, Israel, Japan, Mexico, Saudi Arabia, Singapore, South Africa, Switzerland, Taiwan, Turkey, the United Arab Emirates and the United Kingdom. In making an investment decision, investors must rely on their own examination of the Issuer and the terms of the Securities being offered, including the merits and risks involved.

The Securities have not been approved or disapproved by the United States Securities and Exchange Commission or any other securities commission or other regulatory authority in the United States, nor have the foregoing authorities approved this Securities Note or the Registration Document or confirmed the accuracy or the adequacy of the information contained in this Securities Note or the Registration Document. Any representation to the contrary is unlawful. In particular, the Securities have not been and will not be registered under the United States Securities Act of 1933 (as amended) (the "**Securities Act**") and may not be offered or sold in the United States or to, or for the account or benefit of, (a) a "U.S. person" as defined in Regulation S under the Securities Act, (b) a person other than a "Non-United States person" as defined in Rule 4.7 under the United States Commodity Exchange Act of 1936, as amended (the "**Commodity Exchange Act**"), or (c) a "U.S. person" as defined in the Interpretive Guidance and Policy Statement Regarding Compliance with Certain Swap Regulations promulgated by the Commodity Futures Trading Commission (the "**CFTC**") pursuant to the Commodity Exchange Act, or in regulations or guidance adopted under the Commodity Exchange Act (each such person, a "**U.S. person**"), unless the Securities are registered under the Securities Act or an exemption from the registration requirements of the Securities Act is available. See the section entitled "*Description of the Securities – Form of the Securities*" for a description of the manner in which Securities will be issued.

The Securities do not constitute, and have not been marketed as, contracts of sale of a commodity for future delivery (or options thereon) subject to the Commodity Exchange Act, and trading in the Securities has not been approved by the CFTC pursuant to the Commodity Exchange Act.

The Securities are not deposits. The Securities are not insured by the U.S. Federal Deposit Insurance Corporation or any other agency, and are subject to investment risk, including the possible loss of principal. The

Securities have not been approved or disapproved by the U.S. Federal Deposit Insurance Corporation nor has the U.S. Federal Deposit Insurance Corporation passed on the adequacy or accuracy of this Securities Note. Any representation of the contrary is unlawful. The Securities are subordinate to the claims of depositors.

Neither this Securities Note nor the Registration Document nor any Final Terms may be used for the purpose of an offer or solicitation by anyone in any jurisdiction in which such offer or solicitation is not authorised or to any person to whom it is unlawful to make such an offer or solicitation.

Neither this Securities Note nor the Registration Document nor any Final Terms constitutes an offer or an invitation to subscribe for or purchase any Securities and should not be considered as a recommendation or a statement of an opinion (or a report of either of those things) by Deutsche Bank, the Dealers or any of them that any recipient of this Securities Note, the Registration Document or any Final Terms should subscribe for or purchase any Securities. Each recipient of this Securities Note or any Final Terms shall be taken to have made its own appraisal of the condition (financial or otherwise) of the Issuer.

None of the Dealers or the Issuer makes any representation to any purchaser of the Securities regarding the legality of its investment under any applicable laws. Any purchaser of the Securities should be able to bear the economic risk of an investment in the Securities for an indefinite period of time.

The language of this Securities Note is English. In respect of the issue of any Tranche of Securities under the Programme, the German text of the terms and conditions applicable to such Securities may be controlling and binding if specified in the applicable Final Terms.

Pursuant to this Securities Note, Securities may be issued whose interest payments will be calculated by reference to a specific benchmark which will be provided by an administrator (the "**Benchmark-linked Securities**").

As at the date of this Securities Note, the specific benchmark applicable to an issue of Benchmark-linked Securities has not yet been determined. However, interest payable under Benchmark-linked Securities may be calculated by reference to (i) BBSW (Bank Bill Swap Rate), which is provided by ASX Benchmarks Limited ("**ASX**"), (ii) EURIBOR (Euro Interbank Offered Rate), which is provided by the European Money Markets Institute ("**EMMI**"), (iii) €STR (Euro short-term rate) which is provided by the European Central Bank (the "**ECB**"), (iv) certain CMS (constant maturity swap) rates which are provided by ICE Benchmark Administration Limited ("**IBA**"), (v) NIBOR (Norwegian Interbank Offered Rate), which is provided by Norske Finansielle Referanser AS ("**NoRe**"), (vi) SARON (Swiss Average Rate Overnight), which is provided by SIX Index AG ("**SIX**") and endorsed for use in the European Union by SIX Financial Information Nordic AB ("**SIX Nordic**"), (vii) SOFR (Secured Overnight Financing Rate), which is provided by the Federal Reserve Bank of New York (the "**Federal Reserve**"), (viii) SONIA (Sterling Overnight Index Average), which is provided by the Bank of England (the "**BoE**"); (ix) SORA (Singapore Overnight Rate Average), which is provided by the Monetary Authority of Singapore (the "**MAS**"), (x) STIBOR (Stockholm Interbank Offered Rate), which is provided by Swedish Financial Benchmark Facility AB ("**SFBF**"), (xi) TONA (Tokyo Overnight Average Rate), which is provided by the Bank of Japan (the "**BoJ**"), or (xii) another benchmark (any "**Other Benchmark**").

As at the date of this Securities Note, ASX, EMMI and NoRe are included as administrators in the register of administrators and benchmarks (the "**ESMA Register**") established and maintained by the European Securities and Markets Authority ("**ESMA**") pursuant to Article 36 of Regulation (EU) 2016/1011 of the European Parliament and of the Council of 8 June 2016 on indices used as benchmarks in financial instruments and financial contracts or to measure the performance of investment funds and amending Directives 2008/48/EC and 2014/17/EU and Regulation (EU) No 596/2014, as amended (the "**Benchmarks Regulation**"). As at the date of this Securities Note, SIX is included as administrator of third country benchmarks in the ESMA Register with SIX Nordic as endorsing administrator.

As at the date of this Securities Note, none of the ECB, IBA, the Federal Reserve, the BoE, the MAS, the SFBF or the BoJ appear on the ESMA Register. As far as the Issuer is aware,

- (i) the transitional provisions in Article 51 of the Benchmarks Regulation apply to IBA, so that certain CMS rates may currently continue to be used without any recognition, endorsement or equivalence,

- (i) SFBF submitted an application for authorisation so that STIBOR may currently continue to be used under the transitional provisions in Article 51 of the Benchmarks Regulation, and
- (ii) the exemption set out in point (a) of Article 2 (2) of the Benchmarks Regulation applies to the ECB, the Federal Reserve, the BoE, the BoJ and the MAS, so that €STR, SOFR, SONIA, SORA and TONA may be used without any recognition, endorsement or equivalence.

In case Securities are issued which make reference to any Other Benchmark, the relevant Final Terms will specify the name of the specific benchmark and the relevant administrator. In such case the Final Terms will further specify whether the relevant administrator is included in the ESMA Register and, if not, (i) whether the transitional provisions in Article 51 of the Benchmarks Regulation apply or (ii) whether an exemption pursuant to Article 2 of the Benchmarks Regulation applies.

U.S. INFORMATION

The Securities in bearer form are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States of America (the "**United States**") or its possessions or to United States persons, except in certain transactions permitted by U.S. Treasury regulations. Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code of 1986 and the Treasury regulations promulgated thereunder.

NOTICE TO RESIDENTS OF THE KINGDOM OF SAUDI ARABIA

Neither this Securities Note nor the Registration Document may be distributed or advertised in the Kingdom of Saudi Arabia except to such persons as are permitted under, and in accordance with, the Rules on the Offer of Securities and Continuing Obligations and the Amended Securities Regulations issued by the Capital Market Authority of the Kingdom of Saudi Arabia (the "**CMA**").

The CMA does not make any representation as to the accuracy or completeness of this Securities Note or the Registration Document and expressly disclaims any liability whatsoever for any loss arising from, or incurred in reliance upon, any part of this Securities Note or the Registration Document or related marketing materials. A Capital Market Institution (as defined by the CMA Glossary of Terms) (the "**CMI**") would be appointed before circulating any marketing or offering documentation to any prospective purchaser. Prospective purchasers of the securities offered hereby should conduct their own due diligence on the accuracy of the information relating to the securities. If you do not understand the contents of this document, you should consult an authorised financial adviser. Information set forth in this Securities Note may not correspond to the risk profile of a particular investor, does not take into account one's personal preferences and expectations on risk and/or profitability and therefore does not constitute an individual investment recommendation for the purposes of Saudi Arabian securities laws.

STABILISATION MANAGER

In connection with the issue of any Tranche of Securities under the Programme, the Dealer or Dealers (if any) named as the Stabilisation Manager(s) in the applicable Final Terms (or persons acting on behalf of any Stabilisation Manager(s)) may, outside Australia (and on a market operated outside Australia) and in accordance with applicable law, over-allot Securities or effect transactions with a view to supporting the market price of the Securities at a level higher than that which might otherwise prevail. However, stabilisation may not necessarily occur. Any stabilisation action may begin on or after the date on which the adequate public disclosure of the final terms of the offer of the relevant Tranche of Securities is made and, if begun, may cease at any time, but it must end no later than the earlier of 30 days after the issue date of the relevant Tranche of Securities and 60 days after the date of the allotment of the relevant Tranche of Securities. Any stabilisation action or over-allotment must be conducted by the relevant Stabilisation Manager(s) (or person(s) acting on behalf of any Stabilisation Manager(s)) in accordance with all applicable laws and rules.

GENERAL DESCRIPTION OF THE PROGRAMME

Securities to be issued under the programme

The Programme allows for the issue of Notes and Pfandbriefe (together "**Securities**").

The following types of Securities may be issued under the Programme:

1. Fixed Rate Securities and Zero Coupon Securities

If Fixed Rate or Zero Coupon Securities are issued as Notes, the terms and conditions of such Securities are set out in the set of Terms and Conditions for fixed rate Notes and zero coupon Notes ("**Option I**"), as described in more detail in the sections "*Issue Procedures*" and "*Terms and Conditions*". If Fixed Rate or Zero Coupon Securities are issued as Pfandbriefe, the terms and conditions of such Securities are set out in the set of Terms and Conditions for fixed rate or zero coupon Pfandbriefe ("**Option III**"), as described in more detail in the sections "*Issue Procedures*" and "*Terms and Conditions*". The other sets of Terms and Conditions available under the Programme, *i.e.* Options II to V, are not relevant in the case of Fixed Rate or Zero Coupon Notes, and Options I, II, IV and V, are not relevant in the case of Fixed Rate or Zero Coupon Pfandbriefe.

2. Floating Rate Securities

If Floating Rate Securities are issued as Notes, the terms and conditions of such Securities are set out in the set of Terms and Conditions for floating rate Notes ("**Option II**"), as described in more detail in the sections "*Issue Procedures*" and "*Terms and Conditions*". If Floating Rate Securities are issued as Pfandbriefe, the terms and conditions of such Securities are set out in the set of Terms and Conditions for floating rate Pfandbriefe ("**Option IV**"), as described in more detail in the sections "*Issue Procedures*" and "*Terms and Conditions*". The other sets of Terms and Conditions available under the Programme, *i.e.* Options I, III, IV, and V, are not relevant in the case of Floating Rate Notes, and Options I, II, III, and V, are not relevant in the case of Floating Rate Pfandbriefe.

In addition to the options set out above there will also be further options in the relevant Options depending on the applicable law or jurisdiction of the issuing branch.

Governing Law of the Securities

The Securities may be governed by German law or English law, as specified in the applicable Final Terms.

Dealers

Under this Programme, the Issuer may from time to time issue Securities to one or more of Deutsche Bank Aktiengesellschaft, Deutsche Bank AG, London Branch, Deutsche Bank AG, Zurich Branch, Deutsche Bank Luxembourg S.A., Deutsche Bank AG, Hong Kong Branch, Deutsche Bank AG, Singapore Branch, in each case acting as a Dealer and/or to any other Dealer appointed from time to time in accordance with the Dealer Agreement which appointment may be for a specific issue or on an ongoing basis (each a "**Dealer**" and together the "**Dealers**"). References in this Securities Note to the "**relevant Dealer**" shall, in the case of an issue of Securities being (or intended to be) subscribed by more than one Dealer, be to all Dealers agreeing to purchase such Securities.

Form

All Securities will be issued in bearer form. The maximum aggregate principal amount of all Securities from time to time outstanding under the Programme will not exceed Euro 80,000,000,000 (or its equivalent in other currencies calculated as described in the Dealer Agreement), subject to increase in accordance with the terms of the Dealer Agreement which would require the preparation of a supplement relating to information contained in this Securities Note pursuant to Article 23 of the Prospectus Regulation.

Issuer

Securities may be issued by the Issuer through its head office in Frankfurt am Main and acting through its London branch, New York branch, Milan branch, Sydney branch, Deutsche Bank AG, Sucursal em Portugal (its Portuguese branch), Deutsche Bank AG, Sucursal en España (its Spanish branch), Deutsche Bank AG, Hong Kong branch, Deutsche Bank AG, Singapore branch or any of its other branch offices outside Germany. All Securities constitute obligations of Deutsche Bank Aktiengesellschaft.

Distribution and Transferability

Securities may be distributed by way of public offer or private placement and, in each case, on a syndicated or non-syndicated basis. The method of distribution of each Tranche will be stated in the relevant Final Terms (the "**Final Terms**").

Public offers may be made to any person in Luxembourg, Austria, Belgium, France, Germany, Ireland, Italy, the Netherlands, Portugal and Spain as well as any other jurisdictions into which the Base Prospectus (comprising this Securities Note and the Registration Document) has been passported (as specified in the applicable Final Terms) subsequently to its approval under Article 25 of the Prospectus Regulation. In other EEA Member States, offers will only be made pursuant to an exemption under the Prospectus Regulation.

Certain selling restrictions set out in the section entitled "*Transfer and Selling Restrictions*" apply to the Securities. Other than that, the Notes will be freely transferable.

Series and Tranches

Securities will be issued on a continuous basis in tranches (each a "**Tranche**"), each Tranche consisting of Securities which are identical in all respects (including as to listing and admission to trading). One or more Tranches, which are (i) expressed to be consolidated and form a single series and (ii) identical in all respects, (except for different issue dates, interest commencement dates, issue prices and dates for first interest payments, if applicable) may form a series ("**Series**") of Securities. Further Securities may be issued as part of existing Series. The specific terms of each Tranche will be set forth in the applicable Final Terms.

Denomination and Issue Price

The Securities will be issued in such denominations as may be agreed between the Issuer and the relevant Dealer(s) and as indicated in the applicable Final Terms. If the Securities are admitted to trading on the regulated market of a stock exchange located in an EEA Member State or offered to the public in an EEA Member State in circumstances which require the publication of a prospectus under the Prospectus Regulation, the minimum Specified Denomination of the Securities will be Euro 1,000 (or, if the Securities are denominated in a currency other than the Euro, the equivalent amount in such currency) or such higher amount as may be allowed or required from time to time by the relevant Central Bank (or equivalent body) or any laws or regulations applicable to the relevant Specified Currency.

Securities may be issued at an issue price which is at par or at a discount to, or premium over, par, as specified in the applicable Final Terms.

Listing, Admission to Trading and Public Offers

Securities issued under the Programme may be admitted to trading on a regulated market of a stock exchange located in an EEA Member State and/or are offered to the public in an EEA Member State in circumstances where no exemption is available under Article 1 (4) of the Prospectus Regulation and where therefore a prospectus is required to be published thereunder.

Application has been made by the Issuer to the Luxembourg Stock Exchange for Securities issued under the Programme to be listed on the Official List of the Luxembourg Stock Exchange and admitted to trading on the Luxembourg Stock Exchange's regulated market or the professional segment of the regulated market of the Luxembourg Stock Exchange. Securities issued under the Programme may also be admitted to trading on the

regulated market of the Frankfurt Stock Exchange or the regulated market of any other stock exchange which is, like the regulated market of the Luxembourg Stock Exchange, a regulated market for the purposes of MiFID II. Securities issued under the Programme may also be admitted to trading or listed on the SIX Swiss Exchange or an unregulated market such as the "Euro MTF" market of the Luxembourg Stock Exchange or the Open Market (*Freiverkehr*) of the Frankfurt Stock Exchange or may not be admitted to trading or listed.

Money Market Instruments

Under the Programme, no money market instruments having a maturity at issue of less than 12 months may be issued, which will be admitted to trading on a regulated market in the EEA and/or offered to the public in the EEA.

Clearing

The Securities will be accepted for clearing through one or more Clearing Systems as specified in the applicable Final Terms. These Clearing Systems will include those operated by Clearstream Banking AG ("**CBF**"), Clearstream Banking S.A. ("**CBL**"), Euroclear Bank SA/NV ("**Euroclear**") and SIX SIS AG ("**SIS**").

Agents

Deutsche Bank Aktiengesellschaft acting through its head office in Frankfurt am Main (in respect of German law governed Securities) or Deutsche Bank Aktiengesellschaft acting through its London branch (in respect of all English law governed Securities) will act as fiscal agent (the "**Fiscal Agent**"), unless otherwise stated in the applicable Final Terms. Deutsche Bank AG, Zurich branch will act as Swiss paying agent (the "**Swiss Paying Agent**") in respect of Swiss Securities.

Where indicated in the applicable Final Terms, Deutsche Bank Aktiengesellschaft, Deutsche Bank AG, London Branch, the Swiss Paying Agent and such other institutions as may be specified, will act, together with the Fiscal Agent, as paying agents (the "**Paying Agents**"). Deutsche Bank Luxembourg S.A. will act as Luxembourg listing agent (the "**Luxembourg Listing Agent**").

Issue Price

The Securities may be issued at an issue price which is at par or at a discount to, or premium over, par (as specified in the relevant Final Terms). The issue price for Securities to be issued will be determined at the time of pricing on the basis of a yield which will be determined on the basis of the orders of the investors which are received by the relevant Dealer during the offer period of the Notes. Orders will specify a minimum yield or spread level and may only be confirmed at or above such yield or level. The resulting yield will be used to determine an issue price corresponding to the yield.

Yield

In relation to Fixed Rate Securities, an indication of the yield in respect of such Securities will be specified in the applicable Final Terms. The yield is calculated according to the ICMA method which determines the effective interest rate taking into account accrued interest on a daily basis. The yield indicated will be calculated on the basis of the issue price of the Securities and as the yield to maturity as at the issue date of the Securities and will not be an indication of future yield.

Issue-Specific Summary

Where required by Article 7 of the Prospectus Regulation, a summary (the "**Issue-Specific Summary**") will be prepared in connection with an issue of Notes under this Securities Note. Such Issue-Specific Summary will be annexed to the Final Terms prepared in connection with such Notes. Where required, a translation of the Summary will be provided in the language applicable to the jurisdiction where the public offer is made.

Risk Factors

The risk factors set out in the section entitled "*Risk Factors*" are limited to the description of risks which are specific to the Securities and material for making an informed investment decision. They are presented in a limited number of categories depending on their nature. In each category the most material risk factor is mentioned first.

RISK FACTORS

Potential investors should carefully review and consider the following risk factors (the "**Risk Factors**") and the other information contained in this Securities Note (including any document incorporated by reference) or any supplement to this Securities Note.

The Issuer believes that the Risk Factors described below represent the specific risks inherent in investing in the Securities issued under the Programme but the inability of the Issuer to pay principal, interest or other amounts on or in connection with any Securities may occur or arise for other reasons and there may be other factors which are material to the risks associated with the Securities.

The Securities issued under the Programme may not be a suitable investment for all investors. Each potential investor in the Securities must determine the suitability and appropriateness of that investment in light of its own circumstances. In particular, each potential investor should:

- (a) have sufficient knowledge and experience to make a meaningful evaluation of the Securities, the merits and risks of investing in the Securities and the information contained or incorporated by reference in this Securities Note or any applicable supplement and all the information contained in the applicable Final Terms;
- (b) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Securities and the impact the Securities will have on its overall investment portfolio;
- (c) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Securities;
- (d) understand thoroughly the terms of the Securities and be familiar with the behaviour of any relevant indices and financial markets; and
- (e) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

During the life of each Series of Securities the Risk Factors specified below may impact such Securities at different points in time and for different lengths of time. Each Series of Securities may have a risk profile that changes over time. Prospective investors should seek advice from a professional financial adviser in order to further discuss and understand how the risk profile of a particular Series of Securities will affect their overall investment portfolio.

More than one risk factor may have simultaneous effect with regard to the Securities such that the effect of a particular risk factor may not be predictable. In addition, more than one risk factor may have a compounding effect which may not be predictable. No assurance can be given as to the effect that any combination of the Risk Factors set out below may have on the value of the Securities.

If one or more of the risks described below occurs, this may result in material decreases in the price of the Securities or, in the worst-case scenario, in total loss of interest and capital invested by the investor.

Terms used in this section and not otherwise defined shall have the meanings given to them in section entitled "*Terms and Conditions of the Securities*".

The Risk Factors are presented according to their nature in the following six categories:

1. **Risks Relating to all Securities;**
2. **Risks Relating to the Regulatory Classification of Notes;**

3. **Risks Relating to the Interest and Redemption Structures of Certain Types of Securities;**
4. **Risks Relating to Certain Other Features of Securities;**
5. **Risks Relating to the Taxation of Securities; and**
6. **Other Related Risks**

Within the different categories, each individual Risk Factor has been indicated by a title. Where a Risk Factor may be categorised in more than one category, such Risk Factor appears only once and in the most relevant category for such Risk Factor. The most material risk in a category is presented first under that category. The assessment of materiality was based on the probability of occurrence and expected magnitude of negative impact. Subsequent Risk Factors in the same category are not ranked in order of materiality.

1. **Risks Relating to all Securities**

The Secondary Market Generally

Securities may have no established trading market when issued, and one may never develop. If a market for the Securities does develop, it may not be very liquid and may be sensitive to changes in financial markets. Therefore, investors may not be able to sell their Securities easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. This is particularly the case should the Issuer be in financial distress, which may result in any sale of the Securities having to be at a substantial discount to their principal amount or for Securities that are especially sensitive to interest rate, currency or market risks, are designed for specific investment objectives or strategies or have been structured to meet the investment requirements of limited categories of investors or are not admitted for trading on the regulated market, the "Euro MTF" market or another established securities exchange. These types of Securities generally would have a more limited secondary market and more price volatility than conventional debt securities. Illiquidity may have a severely adverse effect on the market value of Securities.

Market Price Risk

The market prices of the Securities depends on various factors, such as changes of interest rate levels, the policy of central banks, overall economic developments, inflation rates or the supply and demand for the relevant type of Security. The market price of the Securities may also be negatively affected by an increase in the Issuer's credit spreads, *i.e.* the difference between yields on the Issuer's debt and the yield of government bonds or swap rates of similar maturity. The Issuer's credit spreads are mainly based on its perceived creditworthiness but also influenced by other factors such as general market trends as well as supply and demand for such Securities. A Securityholder is therefore exposed to the risk of an unfavorable development of the market price of his Securities which materializes if the Securityholder sell his Securities prior to the final maturity of such Securities.

Exchange Rate Risks and Exchange Controls

The Issuer will pay principal and interest on the Securities in the Specified Currency. This presents certain risks relating to currency conversion if an investor's financial activities are denominated principally in a currency or currency unit (the "**Investor's Currency**") other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Specified Currency would decrease (a) the Investor's Currency-equivalent yield on the Securities, (b) the Investor's Currency equivalent value of the principal payable on the Securities and (c) the Investor's Currency equivalent market value of the Securities.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive less interest or principal than expected, or no interest or principal.

In addition, there is the risk that the Specified Currency is or becomes illiquid and/or subject to currency restrictions including conversion restrictions and exchange controls imposed by authorities with jurisdiction over the Specified Currency. The applicable Final Terms may determine that payments under the Securities may be made in another currency as the Specified Currency due to certain currency restrictions or the illiquidity of the Specified Currency. In such cases the Securityholders could be exposed to specific risks connected to the currency in which payments are actually made. Investors may also suffer disadvantages and losses due to the circumstance that they do not receive payment in the Specified Currency, e.g. if amounts in the Specified Currency are needed to fulfil own payment obligations in the Specified Currency.

Such currency risks generally depend on factors over which the Issuer and the Securityholder have no control, such as economic and political events and the supply of and demand for the relevant currencies. In recent years, rates of exchange for certain currencies have been highly volatile, and such volatility may be expected to continue in the future. Fluctuations in any particular exchange rate that have occurred in the past are not necessarily indicative, however, of fluctuations in the rate that may occur during the term of any Security.

2. Risks Relating to the Regulatory Classification of Notes

Risks Associated with Subordinated Notes

The Issuer may issue Subordinated Notes. The obligations of the Issuer under Subordinated Notes constitute unsecured and subordinated obligations and will rank junior in priority of payment to unsubordinated obligations. In the event of insolvency or liquidation of the Issuer, such obligations will be subordinated to the claims of all unsubordinated creditors of the Issuer so that in any such event no amounts will be payable in respect of such obligations until the claims of all unsubordinated creditors of the Issuer have been satisfied in full. The Issuer expects from time to time to incur additional indebtedness or other obligations that will constitute senior indebtedness, and the Subordinated Notes do not contain any provisions restricting the Issuer's ability to incur senior indebtedness. Although the Subordinated Notes may pay a higher rate of interest than comparable Securities which are not so subordinated, there is a real risk that an investor will lose all or some of its investment should the Issuer become insolvent since its assets would be available to pay such amounts only after all of its senior creditors have been paid in full.

Subordinated Notes are intended to qualify as tier 2 capital instruments within the meaning of Article 63 of Regulation (EU) No 575/2013 of the European Parliament and of the Council of 26 June 2013 on prudential requirements for credit institutions and investment firms and amending Regulation (EU) No 648/2012, as amended ("**CRR**").

In the context of a Regulatory Bail-in (see below "*Regulatory Bail-in and Other Resolution Measures*"), the Subordinated Notes will be written down or converted to common equity tier 1 capital instruments of the Issuer before any non-subordinated liabilities of the Issuer or subordinated liabilities of the Issuer which do not qualify as own funds (within the meaning of the CRR) are affected by such measures. Accordingly, trading behaviour in respect of the Subordinated Notes may not follow the trading behaviour associated with other types of securities.

The Issuer may redeem all, but not some, of the Subordinated Notes at its option at any time prior to maturity upon the occurrence of certain regulatory events. If the Issuer redeems the Subordinated Notes, holders of such Securities may not be able to reinvest the amounts they receive upon redemption at a rate that will provide the same rate of return as did the investment in the Subordinated Notes.

In the event of the dissolution, liquidation, insolvency, composition or other proceedings for the avoidance of insolvency of, or against, the Issuer, the obligations under the Subordinated Notes will be fully subordinated to the claims of unsubordinated creditors of the Issuer and, under Section 46f (7a) KWG (as defined below) implementing Article 48 (7) BRRD (as defined below), subordinated obligations within the meaning of Section 39 of the German Insolvency Code (*Insolvenzordnung*, "**InsO**") (or any successor provision thereof) of the Issuer which do not qualify as own funds (within the meaning of the CRR) at the time of resolution measures being imposed on the Issuer or in the event of a dissolution, liquidation, insolvency, composition or other proceedings for the avoidance of insolvency of, or against, the Issuer.

Accordingly, in any such event no amounts shall be payable in respect of the Subordinated Notes until the claims of unsubordinated creditors and subordinated creditors of the Issuer, whose claims do not qualify as own funds (within the meaning of the CRR), have been satisfied in full. Accordingly, the Securityholder's rights under the Securities will rank behind all unsubordinated creditors and certain subordinated creditors of the Issuer in the event of the insolvency or liquidation of the Issuer. The Issuer's payment obligations under the Securities will rank *pari passu* among themselves and, subject to applicable law from time to time, with all claims in respect of existing and future instruments classified as tier 2 capital (*Ergänzungskapital*) of the Issuer and the payment of interest payments thereunder.

The only remedy against the Issuer available to Securityholders for recovery of amounts which have become due in respect of the Subordinated Notes will be the institution of legal proceedings to enforce payment of the amounts. In an insolvency or liquidation of the Issuer, any Securityholder may only claim amounts due under the Subordinated Notes after the Issuer has discharged or secured in full (*i.e.* not only with a quota) all claims that rank senior to the Subordinated Notes.

The Issuer may not have enough assets remaining to pay amounts due under the relevant Subordinated Notes and the Securityholder of such Subordinated Notes could lose all or some of his investment. No Securityholder may set off any claims arising under the Subordinated Notes against any claims that the Issuer may have against the Securityholder.

Risks Arising from a Regulatory Bail-in and Other Resolution Measures

On 15 May 2014, the European Parliament and the Council of the European Union adopted Directive 2014/59/EU establishing a framework for the recovery and resolution of credit institutions and investment firms (commonly referred to as the "Bank Recovery and Resolution Directive" or the "**BRRD**") which was transposed into German law by the Recovery and Resolution Act (*Sanierungs- und Abwicklungsgesetz*, or the "**SAG**") with effect from 1 January 2015. For banks established in the eurozone, such as the Issuer, which are supervised within the framework of the Single Supervisory Mechanism (the "**SSM**"), Regulation (EU) No 806/2014 of the European Parliament and of the Council (the "**SRM Regulation**") provides for a coherent application of the resolution rules across the SSM under responsibility of the European Single Resolution Board, with effect since 1 January 2016 (referred to as the "Single Resolution Mechanism" or the "**SRM**"). Under the SRM, the Single Resolution Board is responsible for adopting resolution decisions in close cooperation with the European Central Bank, the European Commission, and national resolution authorities in the event that a significant bank directly supervised by the European Central Bank, such as the Issuer, is failing or likely to fail and certain other conditions are met. National resolution authorities in the European Union member states concerned would implement such resolution decisions adopted by the Single Resolution Board in accordance with the powers conferred on them under national law transposing the BRRD.

If the competent authority determines that the Issuer is failing or likely to fail and certain other conditions are met (as set forth in the SRM Regulation, the SAG and other applicable rules and regulations), the competent resolution authority has the power to write down, including to write down to zero, claims for payment of the principal, interest or any other amount in respect of the Notes, to convert the Notes into ordinary shares or other instruments qualifying as common equity tier 1 capital (the write-down and conversion powers are hereinafter referred to as the "**Bail-in tool**" or "**Regulatory Bail-in**"), or to apply any other resolution measure including (but not limited to) a transfer of the Notes to another entity, a variation of the terms and conditions of the Notes (including, but not limited to, the variation of maturity of the Notes) or a cancellation of the Notes. The Bail-in tool and each of these other resolution measures are hereinafter referred to as a "**Resolution Measure**". The competent resolution authority may apply Resolution Measures individually or in any combination.

The competent resolution authority will have to exercise the Bail-in tool in a way that results in (i) common equity tier 1 instruments (such as ordinary shares of the Issuer) being written down first in proportion to the relevant losses, (ii) subsequently, the principal amount of other capital instruments (additional tier 1 instruments and tier 2 instruments) being written down on a permanent basis or converted into common equity tier 1 instruments in accordance with their order of priority, (iii) subsequently, the Issuer's unsecured and subordinated liabilities that are not additional tier 1 instruments or tier 2 instruments being written down on a permanent basis or converted into common equity tier 1 instruments in accordance with their order of priority, and (iv) finally, the Issuer's unsecured and unsubordinated liabilities (unless exempted by the SRM Regulation,

the BRRD or the SAG) – such as those under the unsubordinated Notes – being written down on a permanent basis or converted into common equity tier 1 instruments in accordance with their order of priority under Section 46f (5)-(9) of the German Banking Act (*Kreditwesengesetz*, "KWG") as set out below (see *Risk factor "Risks Arising from the Ranking of Senior Non-Preferred Debt Instruments"*). Within the mentioned ranks, the competent resolution authority is generally required to include all relevant liabilities within any Resolution Measures. However, in exceptional circumstances, it may exclude certain liabilities in whole or in part, including where it is not practicable to effect their bail-in within a reasonable time. Accordingly, liabilities of the same rank could be treated differently by the resolution authority.

The holders of Notes are bound by any Resolution Measure. They would have no claim or any other right against the Issuer arising out of any Resolution Measure. Depending on the Resolution Measure, there would be no obligation of the Issuer to make payments under the Notes. The extent to which payment obligations under the Notes may be affected by Resolution Measures would depend on a number of factors that are outside the Issuer's control, and it will be difficult to predict when, if at all, Resolution Measures will occur. The exercise of any Resolution Measure would not constitute any right to terminate the Notes. Potential investors should consider the risk that they may lose all of their investment, including the principal amount plus any accrued interest, if Resolution Measures are initiated, and should be aware that extraordinary public financial support for troubled banks, if any, would only potentially be used as a last resort after having assessed and exploited, to the maximum extent practicable, the Resolution Measures, including the Bail-in tool. If the power of write-down or conversion of relevant capital instruments or the Bail-in tool is applied to the Issuer, the principal amount of the Notes may be fully or partially written down or converted into instruments of ownership, although claims of other creditors of the Issuer might not be affected.

Risks Arising from the Ranking of Senior Non-Preferred Debt Instruments

The German Banking Act (*Kreditwesengesetz*, "KWG") establishes a category of notes which are not subordinated, but rank below other unsubordinated notes of banks (Section 46f (6) KWG). As a consequence, in the event of insolvency proceedings or Resolution Measures affecting the Issuer, these senior non-preferred debt instruments rank below other unsubordinated (senior preferred) obligations of the Issuer, such as debt instruments that are "structured" as defined in Section 46f (7) KWG, derivatives, money market instruments and deposits, and in priority to subordinated liabilities of the Issuer. Thus, such senior non-preferred debt instruments would bear losses before other unsubordinated liabilities of the Issuer.

Since 21 July 2018, only those unsecured and unsubordinated debt instruments will qualify as senior non-preferred debt instruments, which are not only "non structured" and have at the time of their issuance a maturity of at least one year, but also explicitly refer to the lower ranking in their terms and conditions and any related prospectus.

3. Risks Relating to the Interest and Redemption Structures of Certain Types of Securities

The Programme contemplates the issue of a wide variety of Securities with different interest and redemption provisions. The amount of interest payable under the Securities may depend on these features alone and/or in combination with other features. The risk factors below represent the principal risks associated with the interest and redemption provisions detailed in "*Description of the Securities – Description of the Interest Rate and Redemption Provisions*".

The Securities to be issued under the Programme may pay either a fixed amount of interest or a floating amount of interest or no interest at all and payments of interest amounts may be calculated by reference to a formula.

Risks Associated with Securities with a Fixed Rate of Interest

Securities bearing or paying a fixed rate of interest either will pay or, depending on the fulfilment of certain conditions, may pay a fixed amount of interest on specified interest payment dates. Investors who purchase Securities with a fixed rate of interest are exposed to the risk that market interest rates rise and the fixed amount of interest they receive is less than the amount they would have received had they invested in a Security with a floating rate of interest. The market value of Securities with a fixed rate of interest will decrease if potential investors perceive that they can achieve a greater return on an investment by investing in alternative

products. If an investor holds a Security bearing a fixed rate of interest through to maturity, declines in the market value of the Security due to changes in the market interest rate may become less relevant to the value as the maturity date approaches.

Risks Associated with Securities with a Floating Rate of Interest

Securities bearing or paying a floating rate of interest will pay a variable amount of interest on specified interest payment dates. Securities which bear or pay floating interest rates can be volatile investments. Investors who purchase Securities with a floating rate of interest will be exposed to the risk of a fluctuating rate of interest and consequently variable interest amounts. Fluctuating interest rate levels make it impossible to determine the profitability of Floating Rate Securities in advance. Neither the current nor the historical value of the relevant floating rate should be taken as an indication of the future development of such floating rate during the term of any Floating Rate Securities.

Risks Associated with Securities with a Cap

If floating rate securities are structured to include caps, the market value of those securities may be more volatile than that for securities that do not include caps. The effect of a cap is that the amount of interest will never rise above the pre-determined cap so that the Holder will not be able to benefit from any actual favourable development beyond the cap. The market value of these Securities would typically fall the closer the sum of the relevant reference rate and any margin is to the maximum specified rate. The yield of Securities with a capped variable rate may be considerably lower than that of similar Securities without a cap.

Risks Associated with Securities Linked to a Benchmark as Reference Interest Rate

Interest rates and indices or other figures which are deemed to be benchmarks (including the Euro Interbank Offered Rate ("**EURIBOR**"), the Singapore Overnight Rate Average ("**SORA**") and other interest rates and indices) are the subject of recent national and international regulatory guidance and proposals for reform. Some of these reforms are already effective while others are still to be implemented. These reforms may cause such benchmarks to perform differently than in the past, to disappear entirely, or to have other consequences which cannot be predicted. Any such consequence could have a material adverse effect on any Securities linked to or referencing such a benchmark.

Regulation (EU) 2016/1011 of the European Parliament and of the Council of 8 June 2016 on indices used as benchmarks in financial instruments and financial contracts or to measure the performance of investment funds and amending Directives 2008/48/EC and 2014/17/EU and Regulation (EU) No 596/2014 (the "**Benchmarks Regulation**") applies, subject to certain transitional provisions, to the provision of benchmarks, the contribution of input data to a benchmark and the use of a benchmark within the EU. Among other things, it (i) requires benchmark administrators to be authorized or registered (or, if non-EU-based, to be subject to an equivalent regime or otherwise recognised or endorsed) and (ii) prevents certain uses by EU supervised entities (such as the Issuer) of benchmarks of administrators that are not authorized or registered (or, if non-EU based, not deemed equivalent or recognised or endorsed), unless such benchmark administrators are exempt from the application of the Benchmarks Regulation, such as, for example, central banks and certain public authorities.

Regulation (EU) 2016/1011 as it forms part of the domestic law of the United Kingdom by virtue of the European Union (Withdrawal) Act 2018 (the "**UK Benchmarks Regulation**"), among other things, applies to the provision of benchmarks and the use of a benchmark in the United Kingdom (the "**UK**"). Similarly, it prohibits the use in the UK by UK supervised entities of benchmarks of administrators that are not authorised by the Financial Conduct Authority (the "**FCA**") or registered on the FCA register (or, if non-UK based, not deemed equivalent or recognised or endorsed).

The Benchmarks Regulation and/or the UK Benchmarks Regulation, as far as applicable, could have a material impact on any Securities linked to or referencing EURIBOR, SORA or any other benchmark, in particular, if the methodology or other terms of EURIBOR, SORA or such other benchmark are changed in order to comply with the requirements of the Benchmarks Regulation or the UK Benchmarks Regulation. Such changes could, among other things, have the effect of reducing, increasing or otherwise affecting the volatility of the published rate or level of EURIBOR, SORA or such other benchmark.

More broadly, any of the international or national reforms, or the general increased regulatory scrutiny of benchmarks, could increase the costs and risks of administering or otherwise participating in the setting of a benchmark and complying with any such regulations or requirements.

The euro risk-free rate working group for the euro area has published a set of guiding principles for fallback provisions in new euro denominated cash products (including bonds) referencing EURIBOR. The guiding principles indicate, among other things, that continuing to reference EURIBOR in relevant contracts (without robust fallback provisions) may increase the risk to the euro area financial system. These recommendations have been complemented by additional ones issued on 11 May 2021.

On 30 August 2019, the MAS similarly announced the establishment of a Steering Committee for SOR Transition to SORA (the "**SC-STs**") to oversee an industry-wide benchmark transition from the Singapore dollar Swap Offer Rate ("**SOR**") to SORA and on 27 October 2020, the SC-STs announced industry timelines to support a coordinated shift away from the use of SOR in financial products and accelerate usage of SORA, including that all financial institutions and their customers should, by end-April 2021, cease usage of SOR in new loans and securities that mature after end-2021. On 31 March 2021, the SC-STs further announced new industry timelines to cease issuance of SOR derivatives and financial products linked to the Singapore Interbank Offer Rate (SIBOR) by end-September 2021, including that all financial institutions and their customers should cease usage of SOR in new derivatives contracts (with certain exceptions) by end-September 2021. On 29 July 2021, the SC-STs further announced new industry timelines encouraging wholesale market participants to substantially shift out of their legacy SOR exposures by 31 December 2021, with specific recommendations in respect of corporate loans, derivatives and bonds to facilitate the transitions from SOR to SORA. For the retail loan market, the SC-STs has announced a longer transition period from September 2021 to October 2022.

It is not possible to predict with certainty whether, and to what extent, certain benchmarks will continue to be supported going forwards. This may cause such benchmarks to perform differently than they have done in the past, and may have other consequences which cannot be predicted. Any of the above factors may have (without limitation) the following effects on certain benchmarks: (i) discourage market participants from continuing to administer or contribute to a benchmark; (ii) trigger changes in the rules or methodologies used in the benchmark and/or (iii) lead to the disappearance of the benchmark. Any of the above changes or any other consequential changes as a result of international or national reforms or other initiatives or investigations, could have a material adverse effect on the value of, and return on, any Securities linked to, referencing, or otherwise dependent (in whole or in part) upon, a benchmark and the Calculation Agent may be entitled to make corresponding adjustments to the conditions of Reference Item linked Securities.

Investors should be aware that if a benchmark used to calculate the Interest Rate under the Securities were discontinued or otherwise unavailable, were no longer permitted for use by the Issuer or were its methodology of calculation to be materially changed, the benchmark used in the calculation of the Rate of Interest will then be determined by the fallback provisions set out in the Terms and Conditions which may (depending on market circumstances at the relevant time, including uncertainty concerning availability of replacement rates) not operate as intended. The fallback provisions (other than the fallback provisions applicable to Securities referencing the Euro Short Term Rate, the Swiss Average Rate Overnight, the USD Secured Overnight Financing Rate, the Sterling Overnight Interbank Average Rate or the Tokyo Overnight Average Rate) may in certain circumstances (i) result in the Calculation Agent or an Independent Adviser appointed by the Issuer, or the Issuer itself, determining a replacement rate (if any at the relevant time) to be used, with or without the application of an adjustment spread (which, if applied, could be positive or negative or zero and would be applied with a view to reducing or eliminating, to the extent reasonably practicable in the circumstances, any transfer of economic value between the Issuer and Securityholders arising out of the replacement of the relevant rate) and making such other adjustments to the terms of the Securities as it determines appropriate to account for such replacement; (ii) result in the effective application of a fixed rate based on the rate which applied in the previous period when the benchmark was available; (iii) result in the early redemption of the Securities; or (iv) result in paragraphs (i) and (ii), or (ii) and (iii), both applying. Any such replacement and adjustment may result in an Interest Rate in respect of the Securities which is different and may perform differently from the rate originally anticipated (and result in a lower Rate of Interest) and unless any such replacement rate is itself discontinued or otherwise unavailable, is no longer permitted for use by the Issuer or its methodology of calculation is materially changed, such replacement rate will be used to calculate the Interest

Rate for the remainder of the life of the Securities, regardless of any change in industry or market practice as to the appropriate replacement for the rate originally anticipated. Due to the uncertainty concerning the availability of replacement rates, the involvement of an Independent Adviser and the potential for further regulatory developments, there is a risk that the relevant fallback provisions may not operate as intended at the relevant time. All of this could have an adverse effect on the value or liquidity of, and return on, the Securities.

In addition, in the case of Securities linked to other types of benchmarks, the occurrence of an Administrator/Benchmark Event may cause early redemption or adjustment of the Securities, which may include selecting one or more successor benchmarks and making related adjustments to the Securities, including if applicable to reflect increased costs. An Administrator/Benchmark Event may arise if any of the following circumstances occurs or may occur: (1) a benchmark is materially changed or cancelled; or (2) (i) the relevant authorisation, registration, recognition, endorsement, equivalence decision or approval in respect of the benchmark or the administrator or sponsor of the benchmark is not obtained, (ii) an application for authorisation, registration, recognition, endorsement, equivalence decision, approval or inclusion in any official register is rejected or (iii) any authorisation, registration, recognition, endorsement, equivalence decision or approval is suspended or inclusion in any official register is withdrawn; (3) it is not fair and commercially reasonable from the perspective of the Issuer or the Calculation Agent to continue the use of the benchmark or the Issuer or the Calculation Agent suffer increased costs in each case due to licensing restrictions or changes in licence costs; or (4) a relevant supervisor officially announces a benchmark is longer representative of any relevant underlying market(s).

Finally, under the terms of the Benchmarks Regulation, the European Commission was also granted powers to designate a replacement for certain critical benchmarks contained in certain contracts and financial instruments, where that contracts and financial instruments do not already contain suitable fallback provisions. There can be no assurance that the fallback provisions of the Securities would be considered suitable. Accordingly, there is a risk that Securities linked to or referencing a benchmark would be transitioned to a replacement benchmark selected by the European Commission. There is no certainty at this stage what any such replacement benchmark would be.

Any of the foregoing could have a material adverse effect on the value or liquidity of, and the amounts payable on floating rate Instruments whose rate of interest is linked to a discontinued benchmark.

Investors should consult their own independent advisers and make their own assessment about the potential risks imposed by the Benchmarks Regulation, the UK Benchmarks Regulation or any other relevant international or national reforms and the possible application of any benchmark provisions of Securities as described above in making any investment decision with respect to any Securities linked to or referencing a benchmark.

Risks Associated with Securities Linked to €STR

The Euro short-term rate (the "**€STR**") is published by the European Central Bank (the "**ECB**") and is intended to reflect the wholesale euro unsecured overnight borrowing costs of banks located in the Euro area and to complement existing benchmark rates produced by the private sector, serving as a backstop reference rate. The ECB reports that €STR will be calculated based entirely on actual individual transactions in Euro that are reported by banks in accordance with the ECB's money market statistical reporting (the "**MMSR**").

The ECB reports that €STR is calculated as a volume-weighted trimmed mean based on borrowing transactions in Euro conducted with financial counterparties that banks report in accordance with Regulation (EU) No 1333/2014 (the "**MMSR Regulation**"), the concepts and definitions of which underlie the €STR conceptual framework. The ECB notes that the €STR is based on daily confidential statistical information relating to money market transactions collected in accordance with the MMSR Regulation. The regular data collection started on 1 July 2016. €STR is based exclusively on the eligible data from the unsecured market segment of the MMSR.

The ECB further notes that the use of €STR is subject to limitations and disclaimers, including that the ECB may (i) materially change €STR methodology or the €STR determination process, or (ii) cease the determination and publication of €STR (in each case after consulting with stakeholders to the extent it is possible or practicable

and all as described in Guideline (EU) 2019/1265 of the European Central Bank of 10 July 2019 on the Euro short-term rate (€STR) (ECB/2019/19)).

Because €STR is published by the ECB based on data received from other sources, the Issuer has no control over its determination, calculation or publication. There can be no guarantee that €STR will not be discontinued or fundamentally altered in a manner that is materially adverse to the interests of investors in Securities referencing €STR. If the manner in which the €STR is calculated is changed, that change may result in a reduction of the amount of interest payable on the Securities and the trading price of the Securities. The €STR in respect of any calendar day may be zero or negative.

The ECB began to publish €STR as of 2 October 2019. The ECB had also begun publishing historical indicative pre-€STR going back to March 2017. Investors should not rely on any historical changes or trends in €STR as an indicator of future changes in the €STR. Also, since the €STR is a new market index, Securities referencing €STR will be likely to have no established trading market when issued, and an established trading market may never develop or may not be very liquid. Market terms for debt instruments indexed to the €STR, such as the spread over the index reflected in interest rate provisions, may evolve over time, and trading prices of any Securities referencing €STR may be lower than those of later-issued indexed debt instruments as a result.

The Issuer may in the future also issue Securities referencing the €STR that differ materially in terms of interest determination when compared with any previous Securities referencing €STR issued under the Programme. The nascent development of €STR as reference interest rate for the Eurobond markets, as well as continued development of rates based on the €STR for such markets and market infrastructure for adopting such rates, could result in reduced liquidity or increased volatility or otherwise affect the market price of any Securities referencing €STR to be issued under the Programme from time to time.

Interest on any Securities referencing €STR is only capable of being determined at the end of the relevant Interest Accrual Period and immediately prior to the relevant Interest Payment Date. It may be difficult for investors in such Securities to reliably estimate the amount of interest that will be payable on such Securities.

In addition, the manner of adoption or application of reference rates based on the €STR in the Eurobond markets may differ materially compared with the application and adoption of the €STR in other markets, such as the derivatives and loan markets. Investors should carefully consider how any mismatch between the adoption of reference rates based on the €STR across these markets may impact any hedging or other financial arrangements which they may put in place in connection with any acquisition, holding or disposal of Securities referencing €STR.

Further, if €STR does not prove to be widely used in debt instruments like the Securities, the trading price of any Securities referencing €STR may be lower than those of debt instruments linked to indices that are more widely used. Investors in Securities referencing €STR may not be able to sell their Securities at all or may not be able to sell their Securities at prices that will provide them with a yield comparable to similar investments that have a developed secondary market, and may consequently suffer from increased pricing volatility and market risk.

Investors should be aware that, if €STR were temporarily unavailable or permanently discontinued, the rate of interest on Securities referencing €STR will be determined for the relevant Interest Accrual Period by the fallback provisions applicable to the Securities, which include, *inter alia*, the application of certain successor rates.

Investors should further be aware that, if €STR were permanently discontinued, the rate of interest on Securities referencing €STR will be determined for the relevant Interest Accrual Period by fallback provisions which differ from those applicable in case €STR were temporarily unavailable.

The application of the fallback provisions could result in the same interest rate being applied to such Securities until their maturity, effectively turning the Securities, which are supposed to pay a floating rate of interest, into debt instruments with a fixed rate of interest.

Given that it cannot be excluded that further changes will be implemented and, in particular, that there is no historical data or trends that investors could rely on and that the transition from existing reference rates to €STR could result in further uncertainties and limitations, investors in the Instruments should consider all these factors when making their investment decision with respect to any such Instruments.

Any of the foregoing could have a material adverse effect on the value or liquidity of, and return on, the Securities.

Investors should consult their own independent advisers and make their own assessment about the potential risks involved in making any investment decision with respect to any Securities referencing €STR.

Risks Associated with Securities Linked to SARON

Where the applicable Final Terms for a Series of Floating Rate Securities identifies that the Rate of Interest for such Securities will be determined by reference to the Swiss Average Rate Overnight (the "**SARON**"), the Rate of Interest will be determined on the basis of Compounded SARON. SARON is provided by SIX Index AG ("**SIX**") and represents the overnight interest rate of the secured money market for Swiss francs. The National Working Group on Swiss Franc Reference Rates has recommended SARON as the alternative to the former London inter-bank offered rate for Swiss Francs ("**CHF LIBOR**"). SARON is based on transactions and quotes posted in the Swiss repo market. The market continues to develop in relation to SARON as a reference rate in the lending and capital markets and its adoption as an alternative to the former CHF LIBOR.

SARON differs from the former CHF LIBOR in a number of material respects, including (without limitation) that SARON is a risk-free overnight rate and Compounded SARON is a backwards-looking rate, whereas the former CHF LIBOR was expressed on the basis of a forward-looking term and included a risk-element based on inter-bank lending.

The use of SARON as a reference rate for Eurobonds is still less established than CHF LIBOR was a reference rate for debt capital markets instruments, and is subject to change and development, both in terms of the substance of the calculation and in the development and adoption of market infrastructure for the issuance and trading of bonds referencing SARON. Also, since SARON is a relatively new market index, Securities referencing SARON will likely have no established trading market when issued, and an established trading market may never develop or may not be very liquid. Market terms for debt instruments indexed to SARON, such as the spread over the index reflected in interest rate provisions, may evolve over time, and trading prices of the Securities may be lower than those of later-issued indexed debt instruments as a result.

The Issuer may in the future also issue other Securities referencing the SARON that differ materially in terms of interest determination when compared with any previous Securities referencing SARON issued under the Programme. The nascent development of SARON as reference interest rate for the Eurobond markets, as well as continued development of rates based on the SARON for such markets and market infrastructure for adopting such rates, could result in reduced liquidity or increased volatility or otherwise affect the market price of any Securities referencing SARON to be issued under the Programme from time to time.

Interest on any Securities referencing SARON is only capable of being determined at the end of the relevant Interest Accrual Period and immediately prior to the relevant Interest Payment Date. It may be difficult for investors in such Securities to reliably estimate the amount of interest that will be payable on such Securities.

In addition, the manner of adoption or application of reference rates based on the SARON in the Eurobond markets may differ materially compared with the application and adoption of the SARON in other markets, such as the derivatives and loan markets. Investors should carefully consider how any mismatch between the adoption of reference rates based on the SARON across these markets may impact any hedging or other financial arrangements which they may put in place in connection with any acquisition, holding or disposal of the Securities referencing SARON.

Further, if the SARON does not prove to be widely used in debt instruments like the Securities, the trading price of any Securities may be lower than those of debt instruments linked to indices that are more widely used. Investors in Securities referencing SARON may not be able to sell their Securities at all or may not be able to

sell their Securities at prices that will provide them with a yield comparable to similar investments that have a developed secondary market, and may consequently suffer from increased pricing volatility and market risk.

Investors should be aware that, if SARON were temporarily unavailable or permanently discontinued, the rate of interest on the Securities referencing SARON will be determined for the relevant Interest Accrual Period by the fallback provisions applicable to the Securities, which include, *inter alia*, the application of certain successor rates.

Investors should further be aware that, if SARON were permanently discontinued, the rate of interest on the Securities referencing SARON will be determined for the relevant Interest Accrual Period by fallback provisions which differ from those applicable in case SARON were temporarily unavailable.

The application of the fallback provisions could result in the same interest rate being applied to such Securities until their maturity, effectively turning the Securities, which are supposed to pay a floating rate of interest, into debt instruments with a fixed rate of interest.

Any of the foregoing could have a material adverse effect on the value or liquidity of, and return on, the Securities.

Investors should carefully consider all of these matters when making their investment decision with respect to any such Securities.

Risks Associated with Securities Linked to SOFR

The Secured Overnight Financing Rate ("**SOFR**") is published by the Federal Reserve Bank of New York (the "**Federal Reserve**") and is intended to be a broad measure of the cost of borrowing cash overnight collateralised by securities issued by the United States Department of the Treasury (the "**Treasury**"). The Federal Reserve reports that the SOFR includes all trades in the Broad General Collateral Rate, being a measure of rates on overnight Treasury general collateral repurchase agreement (repo) transactions, plus bilateral Treasury repurchase agreement transactions cleared through the delivery-versus-payment service offered by the Fixed Income Clearing Corporation (the "**FICC**"), a subsidiary of the Depository Trust and Clearing Corporation ("**DTCC**"). The SOFR is filtered by the Federal Reserve to remove a portion of the foregoing transactions considered to be "specials".

The Federal Reserve reports that the SOFR is calculated as a volume-weighted median of transaction-level tri-party repo data collected from The Bank of New York Mellon as well as transaction data from repurchase agreements in the form of general collateral financing trades and data on bilateral Treasury repurchase transactions cleared through the FICC's delivery-versus-payment service. The Federal Reserve notes that it obtains information from DTCC Solutions LLC, an affiliate of DTCC. The Federal Reserve further notes on its publication page for the SOFR that use of the SOFR is subject to important limitations and disclaimers, including that the Federal Reserve may alter the methods of calculation, publication schedule, rate revision practices or availability of the SOFR at any time without prior notice.

Because the SOFR is published by the Federal Reserve based on data received from other sources, the Issuer has no control over its determination, calculation or publication. There can be no guarantee that the SOFR will not be discontinued or fundamentally altered in a manner that is materially adverse to the interests of investors in the Securities. If the manner in which the SOFR is calculated is changed, that change may result in a reduction of the amount of interest payable on the Securities and the trading prices of the Securities. The SOFR in respect of any calendar day may decline to zero or become negative.

The Federal Reserve began to publish the SOFR in April 2018. The Federal Reserve has also begun publishing historical indicative SOFR going back to 2014. Investors should not rely on any historical changes or trends in the SOFR as an indicator of future changes in the SOFR. Also, since the SOFR is a relatively new market index, the Securities will likely have no established trading market when issued, and an established trading market may never develop or may not be very liquid. Market terms for debt instruments indexed to the SOFR, such as the spread over the index reflected in interest rate provisions, may evolve over time, and trading prices of the Securities may be lower than those of later-issued indexed debt instruments as a result.

The Issuer may in the future also issue other Securities referencing the SOFR that differ materially in terms of interest determination when compared with any previous Securities referencing SOFR issued under the Programme. The nascent development of SOFR as reference interest rate for the Eurobond markets, as well as continued development of rates based on the SOFR for such markets and market infrastructure for adopting such rates, could result in reduced liquidity or increased volatility or otherwise affect the market price of any Securities referencing SOFR to be issued under the Programme from time to time.

Interest on any Securities referencing SOFR is only capable of being determined at the end of the relevant Interest Accrual Period and immediately prior to the relevant Interest Payment Date. It may be difficult for investors in such Securities to reliably estimate the amount of interest that will be payable on such Securities.

In addition, the manner of adoption or application of reference rates based on the SOFR in the Eurobond markets may differ materially compared with the application and adoption of the SOFR in other markets, such as the derivatives and loan markets. Investors should carefully consider how any mismatch between the adoption of reference rates based on the SOFR across these markets may impact any hedging or other financial arrangements which they may put in place in connection with any acquisition, holding or disposal of the Securities referencing SOFR.

Further, if the SOFR does not prove to be widely used in debt instruments like the Securities, the trading price of any Securities may be lower than those of debt instruments linked to indices that are more widely used. Investors in Securities referencing SOFR may not be able to sell their Securities at all or may not be able to sell their Securities at prices that will provide them with a yield comparable to similar investments that have a developed secondary market, and may consequently suffer from increased pricing volatility and market risk.

Investors should be aware that, if SOFR were temporarily unavailable or permanently discontinued, the rate of interest on the Securities referencing SOFR will be determined for the relevant Interest Accrual Period by the fallback provisions applicable to the Securities, which include, *inter alia*, the application of certain successor rates.

Investors should further be aware that, if SOFR were permanently discontinued, the rate of interest on the Securities referencing SOFR will be determined for the relevant Interest Accrual Period by fallback provisions which differ from those applicable in case SOFR were temporarily unavailable.

The application of the fallback provisions could result in the same interest rate being applied to such Securities until their maturity, effectively turning the Securities, which are supposed to pay a floating rate of interest, into debt instruments with a fixed rate of interest.

Any of the foregoing could have a material adverse effect on the value or liquidity of, and return on, the Securities.

Investors should carefully consider all of these matters when making their investment decision with respect to any such Securities.

Risks Associated with Securities Linked to SONIA

Where the applicable Final Terms for a Series of Floating Rate Securities identifies that the Rate of Interest for such Securities will be determined by reference to the Sterling Overnight Interbank Average Rate (the "**SONIA**"), the Rate of Interest will be determined on the basis of Compounded Daily SONIA. Compounded Daily SONIA differs from the former London Interbank Offered Rate ("**LIBOR**") in a number of material respects, including (without limitation) that Compounded Daily SONIA is a backwards-looking, compounded, risk-free overnight rate, whereas LIBOR was expressed on the basis of a forward-looking term and included a risk-element based on inter-bank lending. As such, investors should be aware SONIA may behave materially differently as interest reference rate for Securities issued under the Programme than LIBOR may have in the past. The use of Compounded Daily SONIA as a reference rate for Eurobonds is still less established as a reference rate for debt capital markets instruments than LIBOR was, and is subject to change and development, both in terms of the substance of the calculation and in the development and adoption of market infrastructure for the issuance and trading of bonds referencing Compounded Daily SONIA.

Accordingly, prospective investors in any Securities referencing Compounded Daily SONIA should be aware that the market continues to develop in relation to SONIA as a reference rate in the capital markets and its adoption as an alternative to the former Sterling LIBOR. For example, in the context of backwards-looking SONIA rates, market participants and relevant working groups are currently assessing the differences between compounded rates and weighted average rates, and such groups are also exploring forward-looking 'term' SONIA reference rates (which seek to measure the market's forward expectation of an average SONIA rate over a designated term). The adoption of SONIA may also see component inputs into swap rates or other composite rates transferring from LIBOR or another reference rate to SONIA.

The market or a significant part thereof may adopt an application of SONIA that differs significantly from that set out in the Terms and Conditions and used in relation to Securities referencing SONIA that are issued under the Programme.

The Issuer may in future issue Securities referencing SONIA that differ materially in terms of interest determination when compared with any previous Securities referencing SONIA issued under the Programme. The nascent development of SONIA as an interest reference rate for the Eurobond markets, as well as continued development of rates based on SONIA for such markets and market infrastructure for adopting such rates, could result in reduced liquidity or increased volatility or could otherwise affect the market price of any Securities referencing SONIA issued under the Programme from time to time.

Furthermore, the Rate of Interest on Securities which reference SONIA is only capable of being determined at the end of the relevant Interest Period and immediately prior to the relevant Interest Payment Date. It may be difficult for investors in such Securities to estimate reliably the amount of interest which will be payable on such Securities.

In addition, the manner of adoption or application of reference rates based on SONIA in the Eurobond markets may differ materially compared with the application and adoption of SONIA in other markets, such as the derivatives and loan markets. Investors should carefully consider how any mismatch between the adoption of reference rates based on SONIA across these markets may impact any hedging or other financial arrangements which they may put in place in connection with any acquisition, holding or disposal of any Securities referencing SONIA.

To the extent the SONIA rate is discontinued or is no longer published on the SONIA Screen Page or published by authorised distributors, the applicable rate to be used to calculate the Interest Rate on Securities referencing SONIA will be determined using the fallback provisions set out in the Terms and Conditions. Any of these fallback provisions may result in interest payments that are lower than, or do not otherwise correlate over time with, the payments that would have been made on the Securities if the SONIA rate had been so published in its current form. In addition, use of the fallback provisions may result in the effective application of a fixed rate of interest to the Securities.

Any of the foregoing could have a material adverse effect on the value or liquidity of, and return on, the Securities.

Investors should carefully consider all of these matters when making their investment decision with respect to any such Securities.

Risks Associated with Securities Linked to TONA

Where the applicable Final Terms for a Series of Floating Rate Securities identifies that the Rate of Interest for such Securities will be determined by reference to the Tokyo Overnight Average Rate (the "**TONA**"), the Rate of Interest will be determined on the basis of Compounded TONA. TONA is published by the Bank of Japan ("**BoJ**") and represents the weighted average of call rates for uncollateralised overnight transactions in Japanese Yen. In December 2016, the Japanese Study Group on Risk-Free Reference Rates announced TONA as its preferred risk-free rate for Japanese Yen.

The Issuer may in the future also issue other Securities referencing the TONA that differ materially in terms of interest determination when compared with any previous Securities referencing TONA issued under the

Programme. The nascent development of TONA as reference interest rate for the Eurobond markets, as well as continued development of rates based on the TONA for such markets and market infrastructure for adopting such rates, could result in reduced liquidity or increased volatility or otherwise affect the market price of any Securities referencing TONA to be issued under the Programme from time to time.

Interest on any Securities referencing TONA is only capable of being determined at the end of the relevant Interest Accrual Period and immediately prior to the relevant Interest Payment Date. It may be difficult for investors in such Securities to reliably estimate the amount of interest that will be payable on such Securities.

In addition, the manner of adoption or application of reference rates based on the TONA in the Eurobond markets may differ materially compared with the application and adoption of the TONA in other markets, such as the derivatives and loan markets. Investors should carefully consider how any mismatch between the adoption of reference rates based on the TONA across these markets may impact any hedging or other financial arrangements which they may put in place in connection with any acquisition, holding or disposal of the Securities referencing TONA.

Further, if the TONA does not prove to be widely used in debt instruments like the Securities, the trading price of any Securities may be lower than those of debt instruments linked to indices that are more widely used. Investors in Securities referencing TONA may not be able to sell their Securities at all or may not be able to sell their Securities at prices that will provide them with a yield comparable to similar investments that have a developed secondary market, and may consequently suffer from increased pricing volatility and market risk.

Investors should be aware that, if TONA were temporarily unavailable or permanently discontinued, the rate of interest on the Securities referencing TONA will be determined for the relevant Interest Accrual Period by the fallback provisions applicable to the Securities, which include, *inter alia*, the application of certain successor rates.

Investors should further be aware that, if TONA were permanently discontinued, the rate of interest on the Securities referencing TONA will be determined for the relevant Interest Accrual Period by fallback provisions which differ from those applicable in case TONA were temporarily unavailable.

The application of the fallback provisions could result in the same interest rate being applied to such Securities until their maturity, effectively turning the Securities, which are supposed to pay a floating rate of interest, into debt instruments with a fixed rate of interest.

Any of the foregoing could have a material adverse effect on the value or liquidity of, and return on, the Securities.

Investors should carefully consider all of these matters when making their investment decision with respect to any such Securities.

Risks Associated with Securities Whose Interest Rate May Switch from a Fixed Rate of Interest to a Floating Rate of Interest or Vice Versa ("**Securities with an Interest Switch**")

Securities with an Interest Switch bear or pay interest upon issue at a fixed or a floating rate which will convert from one interest basis to the other, for example from a fixed rate to a floating, or from a floating rate to a fixed rate on a certain date predetermined in the applicable Final Terms. The predetermined interest rate conversion may affect the secondary market in and the market value of, the Securities. If the interest rate under the Securities with an Interest Switch converts from a fixed rate to a floating rate, the spread on the Securities may be less favourable than the then prevailing spreads on comparable floating rate securities relating to the same reference rate. In addition, the new floating rate at any time may be lower than the interest rates payable on other securities. If the interest rate under the Securities with an Interest Switch converts from a floating rate to a fixed rate, the fixed rate may be lower than the then prevailing interest rates payable on comparable Securities of the Issuer. Any of the foregoing could have a material adverse effect on the value or liquidity of, and return on, the Securities with an Interest Switch.

Risks Associated with Zero Coupon Securities

In the absence of periodical interest payments, Zero Coupon Securities are issued at a discount to their principal amount and redeem at their principal amount. The difference between the redemption amount and the purchase price of such Securities constitutes the return on the Securities. The price of such Securities will fall if the market interest rate is greater than the return at any point in time. The market prices of Zero Coupon Securities may be more volatile than the market price of Securities with a fixed rate of interest and are likely to respond to a greater degree to market interest rate movements than interest bearing Securities with a similar maturity. This could have a material adverse effect on the value or liquidity of, and return on, such Zero Coupon Securities.

Risk Associated with Interest Amounts which Are Linked to Formulae

Where an issue of Securities references a formula in the applicable Terms and Conditions (which may be replicated in the applicable Final Terms) as the basis upon which the interest payable is calculated potential investors should ensure that they understand the relevant formula and if necessary seek advice from their own financial adviser.

In addition the effects of the formula may be complex with respect to expected amounts of interest and in certain circumstances may result in increases or decreases in these amounts, which could have an adverse effect on the Securityholders return on such Securities.

4. Risks Relating to Certain Other Features of Securities

A wide range of Securities may be issued under the Programme. The Issuer may issue Securities which may have one or more of the features described below which contain particular risks for potential investors. Prospective investors should be aware that they may lose all or a substantial portion of their investment. A combination of more than one of the features outlined below may increase the volatility of the price of the Securities in the secondary market.

Risks Associated with Securities Issued at a Substantial Discount or Premium

The market value of securities issued at a substantial discount or premium from their principal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing securities. Generally, the longer the remaining term of the securities, the greater the price volatility as compared to conventional interest-bearing securities with comparable maturities.

Risks Associated with Securities Subject to Optional Redemption by the Issuer

Securities which include a redemption option by the Issuer are likely to have a lower market value than similar securities which do not contain an Issuer redemption option. An optional redemption feature is likely to limit the market value of Securities. During any period when the Issuer may elect to redeem the Securities, the market value of those Securities generally will not rise substantially above the price at which they may be redeemed. This may also be the case prior to any redemption period.

The Issuer may be expected to redeem Securities when its cost of borrowing is lower than the interest rate on the Securities. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Securities being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time.

The applicable Final Terms will indicate whether the Issuer has the right to redeem the Securities prior to maturity. The Issuer may exercise its right to redeem the Securities if the yield on comparable Securities in the market falls which may result in the investor only being able to invest the redemption proceeds in Securities with a lower yield. If specified in the applicable Final Terms, the Issuer will have the right to redeem the Securities, if the Issuer is required to gross-up payments as a result of the imposition of certain taxes. If the Issuer redeems

the Securities prior to maturity, a holder of such Securities is exposed to the risk that as a result of such early redemption its investment will have a lower than expected yield.

Risks Associated with a Potential Maturity Extension of Pfandbriefe

Directive (EU) 2019/2162 of the European Parliament and of the Council of 27 November 2019 on the issuance of covered bonds and covered bond public supervision and amending Directives 2009/65/EC and 2014/59/EU (Covered Bonds Directive, "**CBD**"), as transposed into national German law by the CBD Implementation Act (*CBD-Umsetzungsgesetz*), introduced the concept of a maturity extension (*Fälligkeitsverschiebung*) for Pfandbriefe.

Certain assets of a Pfandbrief bank and the claims of the Pfandbrief creditors continue to exist outside of general insolvency proceedings as a Pfandbrief bank with limited business activity (*Pfandbriefbank mit beschränkter Geschäftstätigkeit*). Pursuant to Section 30 (2a) of the German Pfandbrief Act (*Pfandbriefgesetz*, the "**Pfandbrief Act**"), a cover pool administrator (*Sachwalter*), being appointed for a Pfandbrief bank with limited business activity, may defer redemption payments for all Pfandbriefe by up to twelve months (and, in case of interest-bearing Pfandbriefe, interest payments that fall due within the first month following the appointment of the cover pool administrator until the end of such month). Pursuant to Section 30 (2b) Pfandbrief Act, such deferral requires that it is necessary to avoid insolvency (*Zahlungsunfähigkeit*) of the Pfandbrief bank with limited business activities, that the Pfandbrief bank with limited business activities is not overindebted (*überschuldet*) and that there is reason to believe that the Pfandbrief bank with limited business activities will be able to meet its obligations then due after the expiry of the longest possible extension. Pursuant to Section 30 (2c) Pfandbrief Act, any maturity extension must be published in certain media.

Such maturity extension may also affect Pfandbriefe issued under the Programme. Any extension of the maturity of the Pfandbriefe would result in the investors receiving redemption or interest payments later than specified in the applicable Final Terms. There is the risk that they may not be able to reinvest the proceeds at an effective interest rate as high as the interest rate on the original maturity date and may only be able to do so at a significantly lower rate.

Risks Associated with Securities which Are Issued in One or More Integral Multiples of the Specified Denomination

If Securities are issued in one or more integral multiples of a minimum Specified Denomination plus one or more higher integral multiples of another smaller amount, it is possible that such Securities may be traded in amounts in excess of the minimum Specified Denomination that are not integral multiples of such minimum Specified Denomination. In such a case a holder who, as a result of trading such amounts, holds an amount which is less than such minimum Specified Denomination in its account with the relevant clearing system would not be able to sell the remainder of such holding without first purchasing a principal amount of Securities at or in excess of the minimum Specified Denomination such that its holding amounts to a Specified Denomination. Further, a holder who, as a result of trading such amounts, holds an amount which is less than the minimum Specified Denomination in its account with the relevant clearing system at the relevant time may not receive a definitive Security in respect of such holding (should definitive Securities be printed) and would need to purchase a principal amount of Securities at or in excess of the minimum Specified Denomination such that its holding amounts to Specified Denomination.

If definitive Securities are issued, holders should be aware that definitive Securities which have a denomination that is not an integral multiple of the minimum Specified Denomination may be illiquid and difficult to trade.

Risks Associated with the Issue of Green Securities

Under this Securities Note, Securities may be issued with a specific use of proceeds. The relevant Final Terms relating to any such Tranche of Securities will provide that the Issuer intends to apply an amount equal to the net proceeds from an issue of the relevant Tranche of Securities (the "**Green Securities**") specifically to finance or refinance a portfolio of loans to and/or investments in corporations, assets, projects and/or activities that promote climate-friendly, energy-efficient and other environmental purposes (the "**Green Assets**") in accordance with a framework (the "**Green Financing Framework**") which further specifies the eligibility criteria

for such Green Assets. The Green Financing Framework is available on the website of the Issuer (https://investor-relations.db.com/files/documents/green-financing/Deutsche_Bank_Green_Financing_Framework.pdf?language_id=1). For the avoidance of doubt, such Green Financing Framework may be amended from time to time; however, the Issuer is under no obligation to revise or update the Green Financing Framework or keep the information contained therein current. For the further avoidance of doubt, such Green Financing Framework or any information contained in the aforementioned website is not, nor shall be deemed to be, incorporated in, and/or does not form part of, this Securities Note and has not been scrutinized or approved by the CSSF.

Prospective investors should refer to the information set out in the relevant Final Terms and the Green Financing Framework regarding such use of net proceeds and must determine for themselves the relevance of such information for the purpose of any investment in such Green Securities together with any other investigation such investor deems necessary. In particular, no assurance is given by the Issuer, the Arranger or the Dealers that the use of such net proceeds for any Green Assets will satisfy, whether in whole or in part, any present or future investor expectations or requirements as regards any sustainability or other investment criteria or guidelines with which such investor or its investments are required to comply, whether by any present or future applicable law or regulations or by its own by-laws or other governing rules or investment portfolio mandates, in particular with regard to any direct or indirect environmental or sustainability impact of any projects or uses, which are the subject of, or related to, any Green Assets.

Furthermore, it should be noted that the definition (legal, regulatory or otherwise) of, and market consensus as to what constitutes, or may be classified as a "green" or "sustainable" or an equivalently-labelled project is currently under development. In addition, it is an area which has been, and continues to be, the subject of voluntary and regulatory initiatives to develop rules, guidelines, standards, taxonomies and objectives. No assurance is or can be given to investors that any projects or uses which are the subject of, or related to, any Green Assets will meet any or all investor expectations regarding such "green", "sustainable" or other equivalently-labelled performance objectives or that any adverse environmental and/or other impacts will not occur during the implementation of any projects or uses which are the subject of, or related to, any Green Assets. Also, the criteria for what constitutes a Green Asset may be changed from time to time.

Regulation (EU) 2020/852 of the European Parliament and of the Council of 18 June 2020 on the establishment of a framework to facilitate sustainable investment, and amending Regulation (EU) 2019/2088, (as amended, the "**Taxonomy Regulation**") establishes the criteria for determining whether an economic activity qualifies as environmentally sustainable for the purposes of environmentally sustainable investments. The Taxonomy Regulation entered into force on 18 July 2020 and applies in whole since 1 January 2023. The Taxonomy Regulation empowers the European Commission to adopt delegated acts and to establish technical screening criteria, do no significant harm criteria and minimum safeguard criteria to specify the requirements set out in the Taxonomy Regulation. On 29 December 2021, Commission Delegated Regulation (EU) 2021/2139 (as amended, the "**Climate Delegated Act**") as the first delegated act on sustainable activities for climate change mitigation and adaptation entered into force. *Inter alia*, it establishes the technical screening criteria for determining the conditions under which an economic activity qualifies as contributing substantially to climate change mitigation or climate change adaptation. The Climate Delegated Act was amended by Commission Delegated Regulation (EU) 2022/1214 as regards economic activities in the fossil gas and nuclear energy sectors. On 13 June 2023, the European Commission approved a draft Commission Delegated Regulation amending the Climate Delegated Act to establish additional technical screening criteria. On the same day, the European Commission approved another draft Commission Delegated Regulation establishing the technical screening criteria for determining the conditions under which an economic activity qualifies as contributing substantially to the sustainable use and protection of water and marine resources, to the transition to a circular economy, to pollution prevention and control, or to the protection and restoration of biodiversity and ecosystems.

Furthermore, on 6 July 2021, the European Commission published a proposal for a Regulation of the European Parliament and of the Council on European green bonds that intends to create a voluntary standard for bonds financing sustainable investment (the "**European green bond standard**"). The proposed regulation lays down uniform requirements for issuers of bonds that wish to use the designation "European green bond" or "EuGB" for their environmentally sustainable bonds. The proposed European green bond standard will use the definitions set out in the Taxonomy Regulation and the delegated acts to define what is considered to be a

green investment. During the legislative procedure, substantive amendments to the proposal of the European Commission were suggested. The European Parliament's Committee on Economic and Monetary Affairs proposed, *inter alia*, increasing disclosure obligations, the introduction of a civil liability concept for infringements of the European green bond standard's main provisions and stronger supervision and sanctions in case of non-compliance. The European Commission, the European Council and the European Parliament entered into trilogue negotiations and reached a provisional agreement on 28 February 2023 which introduces a voluntary standard. Both the European Council and the European Parliament still have to confirm and adopt this agreement. It will start applying 12 months after its entry into force. Unless specified in the relevant Final Terms and subject to any further documentation or procedure required under the European green bond standard, Green Securities of the Issuer may not be eligible to use the designation of "European green bond" or "EuGB". The Issuer is under no obligation to take steps to have any Green Securities become eligible for such designation.

The product approval process pursuant to MiFID II of any manufacturer in respect of any Green Securities of the Issuer may lead to the conclusion that (a) an amount equal to the net proceeds of the issuance of the Green Securities is expected to be invested to a minimum proportion in environmentally sustainable investments as defined by the Taxonomy Regulation; (b) an amount equal to the net proceeds of the issuance of the Green Securities is expected to be invested to a minimum proportion in sustainable investments as defined by Regulation (EU) 2019/2088 (as amended, "**SFDR**"); (c) the Issuer or the Green Securities consider(s) principal adverse impacts on sustainability factors and/or (d) the Green Securities have a focus on either environmental, social or governance criteria or a combination of them, and information on such conclusion may be set out in the relevant Final Terms. Unless specifically outlined in the relevant Final Terms, projects or uses which are the subject of, or related to, any Green Assets may or may not be aligned with the Taxonomy Regulation.

No assurance or representation is given by the Issuer as to the suitability or reliability for any purpose whatsoever of any opinion or certification of any third party (whether or not solicited by the Issuer), including but not limited to the second party opinion issued by ISS Corporate Solutions, Inc., which may be made available in connection with the issue of any Green Securities and in particular with any Green Assets to fulfil any environmental, sustainability and/or other criteria ("**Green Evaluation**"). For the avoidance of doubt, any such Green Evaluation is not, nor shall be deemed to be, incorporated in and/or form part of this Securities Note. Such Green Evaluation provides an opinion on certain environmental and related considerations, may not address risks that may affect the value of Green Securities or any Green Asset and is not intended to address any credit, market or other aspects of an investment in Green Securities including without limitation market price, marketability, investor preference or suitability of any Security. Such Green Evaluation is a statement of opinion, not a statement of fact. Any such Green Evaluation is not, nor should it be deemed to be, a recommendation by the Issuer or any other person to buy, sell or hold any Green Securities. Any such Green Evaluation is only current as of the date that opinion was initially issued and may be updated, suspended or withdrawn by the relevant provider(s) at any time. Prospective investors must determine for themselves the relevance of any such Green Evaluation and/or the information contained therein and/or the provider of such Green Evaluation for the purpose of any investment in Green Securities.

Currently, the providers of such opinions and certifications are not subject to any specific regulatory or other regime or oversight. Holders of Green Securities will have no recourse against the provider(s) of any Green Evaluation.

In the event that any Green Securities are listed or admitted to trading on any dedicated "green", "environmental", "sustainable" or other equivalently-labelled segment of any stock exchange or securities market (whether or not regulated), no representation or assurance is given by the Issuer or any other person that such listing or admission satisfies, whether in whole or in part, any present or future investor expectations or requirements with respect to investment criteria or guidelines with which any investor or its investments are required to comply under its own bylaws or other governing rules or investment portfolio mandates. Furthermore, it should be noted that the criteria for any such listings or admission to trading may vary from one stock exchange or securities market to another. No representation or assurance is given by the Issuer or any other person that any such listing or admission to trading will be obtained in respect of any Green Securities or, if obtained, that any such listing or admission to trading will be maintained during the life of the Green Securities.

While it is the intention of the Issuer to apply an amount equal to the net proceeds of any Green Securities so specified for the Green Assets in, or substantially in, the manner as described in the relevant Final Terms and the Green Financing Framework, there can be no assurance that the relevant project(s) or use(s) which are the subject of, or related to, any Green Assets will be capable of being implemented in or substantially in such manner and/or in accordance with any timing schedule or at all or with the results or outcome (whether or not related to the environment) as originally expected by the Issuer and that accordingly there will be a disbursement of funds as originally expected by the Issuer. Also, while the Issuer intends to have a portfolio of Green Assets at all times exceeding the amount of net proceeds received from issued and still outstanding Green Securities, the Issuer is under no legal obligation to suspend issuance of further Green Securities nor to make any efforts to reduce the principal amount of Green Securities outstanding to achieve this intention.

Any such event or failure by the Issuer or any failure by the Issuer to provide any reporting or obtain any opinion will not (i) constitute an event of default under any Green Securities, (ii) give rise to any claim by a Holder against the Issuer, the Arranger or any Dealer, (iii) give a right to holders of any Green Securities to request the early redemption or acceleration of the relevant Green Securities, or (iv) lead to an obligation of the Issuer to redeem the Green Securities or be a relevant factor for the Issuer in determining whether or not to exercise any optional redemption rights in respect of any Green Securities if the Issuer were to fail to observe the provisions set out in the Final Terms for the Green Securities relating to the use of proceeds of the Green Securities.

Any such event or failure to apply the net proceeds of any issue of Green Securities for any Green Assets or to maintain an excess in Green Assets over the amount of Green Securities outstanding, as aforesaid, and/or withdrawal of any Green Evaluation or any such opinion or certification attesting that the Issuer is not complying in whole or in part with any matters for which such opinion or certification is opining or certifying on and/or any Green Securities no longer being listed or admitted to trading on any stock exchange or securities market as aforesaid may have a material adverse effect on the value of the Green Securities and also potentially the value of any other securities which are intended to finance Green Assets and/or result in adverse consequences for certain investors with portfolio mandates to invest in securities to be used for a particular purpose.

It can also not be excluded that the establishment of the European green bond standard might have a negative effect on the trading and market value of Green Securities issued by the Issuer, if they do not conform with the requirements of such standard.

Risks Associated with Securities which Allow for Meetings of Securityholders

Meetings of Securityholders may be called to consider their interests generally either (a) in the case of English law governed Securities, pursuant to the Terms and Conditions of the Securities; and (b) in the case of German law governed Securities, in accordance with and subject to the German Bond Act (*Schuldverschreibungsgesetz*). At such meetings a defined majority of Securityholders may bind all Securityholders, including Securityholders who did not attend and vote at the relevant meeting and Securityholders who voted in a manner contrary to the majority.

In respect of English law governed Securities, the Terms and Conditions of the Securities also provide that the Fiscal Agent and the Issuer may, without the consent of Securityholders, agree to (a) any modification (subject to certain specific exceptions) of the Securities or the Coupons or the Agency Agreement which is not prejudicial to the interests of the Securityholders or (b) any modification of the Securities or the Coupons or the Agency Agreement which is of a formal, minor or technical nature or is made to correct a manifest error or proven error or to comply with mandatory provisions of law.

Risks Associated with Securities which Allow for the Substitution of the Issuer

Subject to certain requirements, the Terms and Conditions contain provisions allowing for substitution of the Issuer or a change of the office (*Niederlassung*) through which the Issuer acts. Without prejudice to the requirements of any jurisdiction where any Securities are admitted to trading, for so long as any substitution of the Issuer or the office through which the Issuer acts may be subject to certain further conditions or requirements of such Stock Exchange or regulated market. Where any further conditions or requirements apply and the Issuer wishes to substitute itself or change the branch through which the Issuer acts, the Issuer may

delist the relevant Securities from the relevant Stock Exchange or regulated market and is not obliged to list the Securities on any other Stock Exchange or regulated market.

Currency Related Risks in Relation to Securities Denominated in Turkish Lira

The Turkish foreign exchange markets have historically been volatile, which has increased in recent periods. As a result of the rapid depreciation of the Turkish Lira on and from 2018, the Turkish government and monetary authorities announced measures to support the financial markets and prevent volatility in the currency market.

Historically, through a series of announcements made by Banking Regulation and Supervisory Agency of the Republic of Turkey (the "**BRSA**") on and from August 2018, the total notional principal amount of local banks' and financial institutions' FX swap, option future, forward and other similar derivative contracts with foreign counterparties under which the Turkish bank or financial institution will pay or receive Turkish Lira at the maturity has progressively been restricted so as not to exceed 1 per cent. of the relevant local banks' or financial institutions' regulatory capital, subject to certain exceptions. Most recently with the BRSA's board resolution numbered 9010 and dated 5 May 2020, further restrictions relating to certain Turkish Lira denominated transactions of Turkish banks with offshore bank or financial institution counterparties were introduced, as part of the wider financial measure against the Covid-19 outbreak. Accordingly, the BRSA introduced a temporary restriction on the size of Turkish banks' Turkish Lira denominated placement, deposit, repo and loan transactions to be entered into with offshore banks and financial institutions (including with offshore affiliates, branches and consolidated group entities of Turkish banks).

The BRSA has announced a number of measures by amending certain regulations or taking new regulatory decisions, including:

- *Transactions of international development banks:* with its decision dated 28 July 2020, the BRSA excluded banks established outside Turkey from the restrictions on: (i) foreign currency swap transactions for Turkish Lira purchase at maturity conducted with the Development and Investment Bank of Turkey; (ii) Borsa Istanbul Stock Exchange ("**BIST**") swap transactions for Turkish Lira purchase at maturity; (iii) BIST repo and reverse repo transactions; and (iv) Turkish Lira depot transactions conducted with Turkish banks, provided that those transactions are conducted for the purchase of securities in Turkish Lira or the deposit of excess Turkish Lira in banks in Turkey or lending to Turkish residents and they obtain approval of the BRSA.
- *Transactions of banks established outside Turkey:* with its decision dated 6 August 2020, the BRSA excluded banks established outside Turkey from the restrictions on: (i) foreign currency swap transactions for Turkish Lira purchase at maturity; (ii) BIST swap transactions for Turkish Lira purchase at maturity; (iii) BIST repo and reverse repo transactions; and (iv) Turkish Lira depot transactions conducted with Turkish banks, provided that those transactions are conducted for purchase of securities in Turkish Lira or deposit of excess Turkish Lira in banks in Turkey and they obtain approval of the BRSA.

Certain foreign institutions have temporarily suspended certain Turkish Lira denominated transactions, which may have restricted the availability of Turkish Lira of liquidity in certain markets. For instance, effective as of 18 May 2020, Clearstream Banking and Euroclear Bank have temporarily suspended settlement services for transactions in Turkish Lira over the "Bridge" due to liquidity restrictions on the Turkish Lira due to Covid-19. As a result of this, on 20 May 2020 with its decision numbered 9031, among other exemptions, the BRSA granted an exemption to the TRY Outflow Restriction in respect of transactions to be entered into with Clearstream Banking, Euroclear Bank and any other central securities depository to be announced by the BRSA, in an effort to address this matter. However, Clearstream Banking issued a press release on 22 May 2020 stating that it will reinstate Turkish Lira credit facilities for eligible customers against payment settlement transactions in Turkish Lira, however, settlement in Turkish Lira over the "Bridge" will remain suspended.

Currently, there is no direct restriction on an investor receiving payments on those Securities denominated in Turkish Lira. However, Turkish government and monetary authorities may impose further exchange controls that could adversely affect the availability of Turkish Lira liquidity in certain international markets, an applicable exchange rate or the ability of the Issuer to make payments in respect of the Notes. As a result, investors may

receive less interest or principal than expected, or no interest or principal. An investor may also not be able to convert (at a reasonable exchange rate or at all) amounts received in Turkish Lira into the currency of its home jurisdiction. There may also be tax consequences for investors for any conversion of Turkish Lira in Turkey.

5. Risks Relating to the Taxation of Securities

Risks Associated with Stamp Taxes

Potential purchasers and sellers of Securities should be aware that they may be required to pay stamp taxes or other documentary charges in accordance with the laws and practices of the country where the Securities are transferred.

Potential purchasers who are in any doubt as to their tax position should consult their own independent tax advisers. In addition, potential purchasers should be aware that tax regulations and their application by the relevant taxation authorities change from time to time. Accordingly, it is not possible to predict the precise tax treatment which will apply at any given time.

Risks Associated with Securities pursuant to which no Tax Gross-Up Is Paid

If the applicable Final Terms specify that no withholding tax gross-up is applicable, the Issuer is not obliged to gross up any payments in respect of the Securities and all amounts payable in respect of the Securities shall be made with such deduction or withholding of taxes duties or governmental charges of any nature whatsoever imposed, levied or collected by way of deduction or withholding, if such deduction or withholding is required by law (including pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986 (the "**Code**") or otherwise pursuant to Sections 1471 through 1474 of the Code and any regulations or agreements thereunder or official interpretations thereof ("**FATCA**") or pursuant to any law implementing an intergovernmental approach thereto).

Even in case the applicable Final Terms specify that a withholding tax gross-up is applicable, the Issuer will not be obliged to make a gross-up payment in case one of the exceptions specified in the Terms and Conditions is applicable. Risks Arising from Withholding pursuant to the U.S. Foreign Account Tax Compliance Act

While the Securities issued by a branch or office outside the United States ("**Non-U.S. Securities**") are in global form and held within Euroclear Bank SA/NV or Clearstream Banking S.A. (together, the "**ICSDs**"), Clearstream Banking AG ("**CBF**") or SIX SIS AG ("**SIS**"), in all but the most remote circumstances, it is not expected that the new reporting regime and potential withholding tax imposed by FATCA will affect the amount of any payment received by the ICSDs, CBF or SIS, as applicable (see the section entitled "*Taxation – United States – Foreign Account Tax Compliance Act*"). However, FATCA may affect payments made to custodians or intermediaries in the subsequent payment chain leading to the ultimate investor if any such custodian or intermediary generally is unable to receive payments free of FATCA withholding. It also may affect payment to any ultimate investor that is a financial institution that is not entitled to receive payments free of withholding under FATCA, or an ultimate investor that fails to provide its broker (or other custodian or intermediary from which it receives payment) with any information, forms, other documentation or consents that may be necessary for the payments to be made free of FATCA withholding. Investors should choose the custodians or intermediaries with care (to ensure each is compliant with FATCA or other laws or agreements related to FATCA) and provide each custodian or intermediary with any information, forms, other documentation or consents that may be necessary for such custodian or intermediary to make a payment free of FATCA withholding. Investors should consult their own tax adviser to obtain a more detailed explanation of FATCA and how FATCA may affect them. The Issuer's obligations under the Non-U.S. Securities are discharged once it has made payment to, or to the order of, the common depository or common safekeeper for the ICSDs (as bearer or registered holder of the Non-U.S. Securities) or CBF or SIS and the Issuer has therefore no responsibility for any amount thereafter transmitted through the ICSDs, CBF or SIS and custodians or intermediaries.

Payments on Securities issued by Deutsche Bank AG, New York Branch may be subject to withholding under FATCA if the Holder, beneficial owner or an intermediary in the chain of payments is not compliant with FATCA.

The Issuer will have no obligation to pay Additional Amounts or otherwise indemnify a Securityholder in connection with any such non-compliance.

Risks Arising from Withholding pursuant to the Hiring Incentives to Restore Employment Act

The U.S. Hiring Incentives to Restore Employment Act imposes a 30 per cent. withholding tax on amounts attributable to U.S. source dividends that are paid or "deemed paid" under certain financial instruments if certain conditions are met. If the Issuer or any withholding agent determines that withholding is required, neither the Issuer nor any withholding agent will be required to pay any additional amounts with respect to amounts so withheld.

Singapore Tax Risk

Certain Securities to be issued from time to time under the Programme during the period from the date of this Securities Note to 31 December 2028 may be intended to be qualifying debt securities ("**QDS**") for the purposes of the Income Tax Act 1947 of Singapore ("**ITA**"), subject to the fulfilment of certain conditions stipulated in the ITA, the relevant regulations, or via circulars or guidance issued by the Monetary Authority of Singapore or the Inland Revenue Authority of Singapore.

Whenever the Issuer issues the Securities outside Singapore and not through a branch or otherwise in Singapore, interest and other payments derived by a holder of the Securities who is not resident in Singapore and who does not have any permanent establishment in Singapore is generally not subject to tax, as such income is likely to be regarded as arising from a source outside Singapore.

However, even if such interest and payments are regarded as sourced in Singapore, such interest and other payments may also be exempt from tax, including withholding tax, if the Securities qualify as QDS.

The QDS scheme provides an exemption or concessionary tax treatment for income from QDS, subject to prescribed conditions. Such income comprise interest, discount, early redemption fee and redemption premium ("**Relevant Income**"). The Securities must be issued from 15 February 2023 to 31 December 2023 and be substantially arranged in Singapore by a relevant Financial Sector Incentive Company or (i) a bank or merchant bank licensed under the Banking Act 1970; (ii) a finance company licensed under the Finance Companies Act 1967; or (iii) a person who holds a capital markets services licence under the Securities and Futures Act 2001 to carry out regulated activities – advising on corporate finance or dealing in capital markets products.

The exemption from tax does not apply to Relevant Income from QDS if such income is derived by a person who is not resident in Singapore and who carries on any operation in Singapore through its branch in Singapore, and acquires the securities using the funds and profits of the person's branch in Singapore.

Relevant Income from QDS derived by an individual whether Singapore-resident or not, is exempt from tax, except where such income is derived by an individual through a partnership in Singapore or are derived by the individual from the carrying on of a trade, business or profession.

6. Other Related Risks

Credit Ratings May Not Reflect All Risks

One or more independent credit rating agencies may assign credit ratings to the Securities. Where a Series of Securities is rated, such rating will not necessarily be the same as the rating assigned to the Securities to be issued under the Programme. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Securities. A credit rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by the rating agency at any time. Any ratings assigned to Securities as at the date of this Securities Note are not indicative of future performance of the Issuer's business or its future creditworthiness.

In general, European regulated investors are restricted under the CRA Regulation from using credit ratings for regulatory purposes, unless such ratings are issued by a credit rating agency established in the EU and

registered under the CRA Regulation (and such registration has not been withdrawn or suspended, subject to transitional provisions that apply in certain circumstances). Such general restriction will also apply in the case of credit ratings issued by non-EU credit rating agencies, unless the relevant credit ratings are endorsed by an EU-registered credit rating agency or the relevant non-EU rating agency is certified in accordance with the CRA Regulation (and such endorsement action or certification, as the case may be, has not been withdrawn or suspended, subject to transitional provisions that apply in certain circumstances). The list of registered and certified rating agencies published by the European Securities and Markets Authority ("**ESMA**") on its website in accordance with the CRA Regulation is not conclusive evidence of the status of the relevant rating agency included in such list, as there may be delays between certain supervisory measures being taken against a relevant rating agency and the publication of the updated ESMA list.

In addition, UK regulated investors are, in general, restricted under the CRA Regulation as it forms part of the domestic law of the UK by virtue of the EUWA (the "**UK CRA Regulation**") from using credit ratings for regulatory purposes, unless such ratings are issued by (1) a credit rating agency established in the UK and registered under the UK CRA Regulation (and such registration has not been withdrawn or suspended) or (2) provided by a credit rating agency not established in the UK but is endorsed by a credit rating agency established in the UK and registered under the UK CRA Regulation or (3) provided by a credit rating agency not established in the UK which is certified under the UK CRA Regulation.

Legal Investment Considerations May Restrict Certain Investments

The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (a) Securities are legal investments for it, (b) Securities can be used as collateral for various types of borrowing and (c) other restrictions apply to its purchase or pledge of any Securities. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of Securities under any applicable risk-based capital or similar rules.

Certain Considerations Relating to Public Offers of Securities

As described in the applicable Final Terms, Securities may be distributed by means of a public offer made during an offer period specified in the applicable Final Terms. During such offer period, the Issuer and/or any other person specified in the applicable Final Terms may reserve the right to cancel such offer and/or to scale back applications for such offer in the event of over-subscription. In such circumstances, an applicant investor may not be issued any Securities or may be issued a number of Securities which is less than the amount for which such applicant investor applied. Any payments made by an applicant investor for Securities that are not issued to such applicant investor for any such reason will be refunded. However, there will be a time lag in making any reimbursement, and no interest will be payable in respect of any such amounts. The applicant investor may be subject to reinvestment risk.

Further, investors should note that, in certain circumstances, Securities may not be issued on the originally designated issue date, for example because either the Issuer and/or any other person specified in the applicable Final Terms has reserved the right to postpone such issue date or, following the publication of a supplement to this Securities Note the Issuer has decided to postpone such issue date to allow investors who had made applications to subscribe for Securities before the date of publication of such supplement to exercise their right to withdraw their acceptances. In the event that the issue date is so delayed, no interest shall accrue (if applicable) until the issue date of the Securities and no compensation shall be payable.

Hedging

In the ordinary course of its business, including without limitation in connection with its market making activities, the Issuer and/or any of its affiliates may effect transactions for its own account or for the account of its customers and hold long or short positions in the Securities or related derivatives. In addition, in connection with the offering of the Securities, the Issuer and/or any of its affiliates may enter into one or more hedging transactions with respect to the Securities or related derivatives. In connection with such hedging or market-making activities or other trading activities by the Issuer and/or any of its affiliates, the Issuer and/or any of its

affiliates may enter into transactions in the Securities or related derivatives which may affect the market price, liquidity or value of the Securities and which could be adverse to the interests of the relevant Securityholders.

Conflicts of Interest

Where the Issuer acts as Calculation Agent or the Calculation Agent is an affiliate of the Issuer, potential conflicts of interest may exist between the Calculation Agent and Securityholders, including with respect to certain determinations and judgements that the Calculation Agent may make pursuant to the Securities that may influence the amounts of interest receivable under the Securities.

DESCRIPTION OF THE SECURITIES

DESCRIPTION OF INTEREST RATE AND REDEMPTION PROVISIONS

The Programme contemplates the issue of a wide variety of Securities with different interest and redemption provisions.

Interest

The Securities to be issued under the Programme may pay either (a) fixed amounts of interest, (b) floating amounts of interest or (c) no interest at all. An overview of the different interest rate provisions is set out below.

Fixed Rate Interest

Securities bearing or paying a fixed rate of interest will pay a specified fixed amount of interest on specified interest payment dates.

The fixed rate of interest may apply to the Securities for the duration of the Securities or for a limited period of time during the life of the Securities. Where the specified interest payment dates provide for irregular interest accrual periods, a day count fraction agreed between the Issuer and the relevant Dealer will be applied and the amount of interest will be calculated on the basis of that day count fraction.

Floating Rate Interest

Securities bearing or paying a floating rate of interest will pay a variable amount of interest on specified interest payment dates.

The floating rate of interest may apply to the Securities for the duration of the Securities or for a limited period of time during the life of the Securities. Interest in respect of each interest period will be calculated on the basis of the day count fraction agreed between the Issuer and the relevant Dealer and will be payable on specified interest payment dates.

Floating rates of interest may be determined by reference to a rate determined:

- (a) on the basis of a reference rate appearing on the agreed screen page of a (commercial) quotation service or an agreed website; or
- (b) on the same basis as the floating rate under a notional interest rate swap incorporating the 2006 ISDA Definitions.

In addition, a margin agreed between the Issuer and the relevant Dealer may be applied to the floating rate of interest.

Reference Rates

A reference rate may be any one or more of the following rates, which rate may be applied either directly or as a compounded rate:

BBSW (the Australian Bank Bill Swap Rate), EURIBOR (the European Interbank Offered Rate), €STR (the Euro short-term rate), NIBOR (the Norwegian Interbank Offered Rate), SARON (the Swiss Average Overnight Rate), SOFR (the US-Dollar Secured Overnight Financing Rate), SONIA (the daily Sterling Overnight Index Average), SORA (the Singapore Overnight Rate Average), STIBOR (the Stockholm Interbank Offered Rate), TONA (the Tokyo Overnight Average Rate), a CMS (constant maturity swap) or other swap rate or any other interest or other rate that appears on a reference page.

If the reference rate for the Securities is BBSW, EURIBOR, €STR, NIBOR, SARON, SOFR, SONIA, SORA, STIBOR or TONA, the floating rate will be determined by reference to the relevant reference page.

BBSW is the rate for Australian prime bank eligible securities with tenors of 1 to 6 months.

EURIBOR is the rate of interest quoted by banks operating in the European interbank market for the Euro.

€STR is the Euro short-term rate published on each T2 business day by the ECB.

NIBOR is the rate of interest lenders require for unsecured money market lending in Norwegian Kroner (NOK).

SARON is the overnight interest rate of the secured money market for Swiss francs provided on each Zurich Business Day by SIX Index AG.

SOFR is a broad measure of the cost of borrowing cash overnight collateralized by U.S. Treasury securities which is provided each business day by the New York Fed.

SONIA is the average of the interest rates that banks pay to borrow Sterling in unsecured overnight transactions from other financial institutions in the London market.

SORA is the volume-weighted average rate of borrowing transactions in the unsecured overnight interbank Singapore Dollar cash market in Singapore which is provided on each business day by the Monetary Authority of Singapore.

STIBOR is the rate of interest based on the interest rates at which banks offer to lend unsecured funds to other banks in the Stockholm interbank market.

TONA is the the weighted average of call rates for uncollateralised overnight transactions in Japanese Yen published on each Tokyo Business Day by the Bank of Japan.

If the reference rate for interest payments is a CMS or other swap rate, the floating rate will be determined by reference to the relevant reference page. The rate is reset periodically. Details of the relevant CMS or other swap rate will be specified in the applicable Final Terms.

Securities with Interest Switch

Interest bearing Securities may be issued which bear or pay interest based on any combination of the above, for example bearing or paying interest based on a combination of (i) fixed rates, (ii) floating rates, and (iii) fixed and floating rates.

Non-Interest Bearing Securities and Zero Coupon Securities

Securities may be issued under the Programme that do not bear or pay any interest including Zero Coupon Securities which amortise over the life of the Securities. Zero Coupon Securities may be issued at a discount to par.

Redemption

The Securities issued under the Programme may be redeemed at maturity or in certain circumstances prior to maturity. In the case of Pfandbriefe, a maturity extension (*Fälligkeitsverschiebung*) is possible pursuant to Section 30 (2a) Pfandbrief Act subject to the conditions set out in Section 30 (2b) Pfandbrief Act.

If Securities are redeemed at maturity, the amount received by an investor may be at par or above par, as specified in the applicable Final Terms.

The Securities may be redeemed prior to maturity in the following circumstances:

- (a) at the option of the Issuer (in the case of (i) Securities where the Issuer Call option is specified as

- applicable in the applicable Final Terms, or (ii) certain Securities bearing or paying a floating rate of interest following a rate replacement event);
- (b) at the option of the Securityholder (in the case of Securities where the Investor Put option is specified as applicable in the applicable Final Terms);
 - (c) for taxation reasons (if specified in the applicable Final Terms);
 - (d) following a regulatory event (if specified in the applicable Final Terms); and
 - (e) following an event of default.

In each case the amount received by an investor may be par or above par, as specified in the applicable Final Terms.

Redemption at maturity or prior to maturity will be by way of cash settlement.

An overview of certain redemption provisions is set out below.

Early Redemption at the Option of the Issuer

Securities may include a call option. A call option gives the Issuer the right (but not the obligation) to redeem the Securities on specified date(s) or during a specified period prior to maturity. The redemption amount payable on exercise of the call option will be agreed between the Issuer and the relevant Dealer and set out in the applicable Final Terms.

Early Redemption at the Option of the Securityholder

Securities may include a put option. A put option gives the investor the right to require the Issuer to redeem its Securities on specified date(s) or during a specified period prior to maturity. The redemption amount payable on redemption following exercise of a put option will be agreed between the Issuer and the relevant Dealer and set out in the applicable Final Terms.

Redemption Following Taxation Reasons

Securities may be subject to early redemption in the event that as a result of any change in, or amendment to, the laws or regulations prevailing in Germany, certain withholding taxes are levied on payments of principal or interest in respect of the Securities and the Issuer is obliged to pay Additional Amounts as more fully set out under "*Terms and Conditions of the Securities*".

Redemption Following a Regulatory Event

Securities may be subject to early redemption following any change in, or amendment to, Capital Regulations which are in effect at the Issue Date as more fully set out under "*Terms and Conditions of the Securities*".

REGULATORY BAIL-IN AND OTHER RESOLUTION MEASURES

On 15 May 2014, the European Parliament and the Council of the European Union adopted Directive 2014/59/EU establishing a framework for the recovery and resolution of credit institutions and investment firms (commonly referred to as the "Bank Recovery and Resolution Directive" or the "**BRRD**") which was transposed into German law by the Recovery and Resolution Act (*Sanierungs- und Abwicklungsgesetz*, or the "**SAG**") with effect from 1 January 2015. For banks established in the eurozone, such as the Issuer, which are supervised within the framework of the Single Supervisory Mechanism (the "**SSM**"), Regulation (EU) No 806/2014 of the European Parliament and of the Council (the "**SRM Regulation**") provides for a coherent application of the resolution rules across the SSM under responsibility of the European Single Resolution Board, with effect since 1 January 2016 (referred to as the "Single Resolution Mechanism" or "**SRM**"). Under the SRM, the Single Resolution Board is responsible for adopting resolution decisions in close cooperation with the European

Central Bank, the European Commission, and national resolution authorities in the event that a significant bank directly supervised by the European Central Bank, such as the Issuer, is failing or likely to fail and certain other conditions are met. National resolution authorities in the European Union member states concerned would implement such resolution decisions adopted by the Single Resolution Board in accordance with the powers conferred on them under national law transposing the BRRD.

If the competent authority determines that the Issuer is failing or likely to fail and certain other conditions are met (as set forth in the SRM Regulation, the SAG and other applicable rules and regulations), the competent resolution authority has the power to write down, including to write down to zero, claims for payment of the principal, interest or any other amount in respect of the Notes, to convert the Notes into ordinary shares or other instruments qualifying as common equity tier 1 capital (the write-down and conversion powers are hereinafter referred to as the "**Bail-in tool**"), or to apply any other resolution measure including (but not limited to) a transfer of the Notes to another entity, a variation of the terms and conditions of the Notes (including, but not limited to, the variation of maturity of the Notes) or a cancellation of the Notes. The Bail-in tool and each of these other resolution measures are hereinafter referred to as a "**Resolution Measure**". The competent resolution authority may apply Resolution Measures individually or in any combination.

The competent resolution authority will have to exercise the Bail-in tool in a way that results in (i) common equity tier 1 instruments (such as ordinary shares of the Issuer) being written down first in proportion to the relevant losses, (ii) subsequently, the principal amount of other capital instruments (additional tier 1 instruments and tier 2 instruments) being written down on a permanent basis or converted into common equity tier 1 instruments in accordance with their order of priority, (iii) subsequently, the Issuer's unsecured and subordinated liabilities that are not additional tier 1 instruments or tier 2 instruments being written down on a permanent basis or converted into common equity tier 1 instruments in accordance with their order of priority, and (iv) finally, the Issuer's unsecured and unsubordinated liabilities (unless exempted by the SRM Regulation or the SAG) – such as those under the unsubordinated Notes – being written down on a permanent basis or converted into common equity tier 1 instruments in accordance with their order of priority under Section 46f (5)-(9) of the German Banking Act (*Kreditwesengesetz*, "**KWG**") as set out below. Within the mentioned ranks, the competent resolution authority is generally required to include all relevant liabilities within any Resolution Measures. However, in exceptional circumstances, it may exclude certain liabilities in whole or in part, including where it is not practicable to effect their bail-in within a reasonable time. Accordingly, liabilities of the same rank could be treated differently by the competent resolution authority.

RANKING OF UNSUBORDINATED NOTES

Under the German Banking Act (*Kreditwesengesetz*, "**KWG**") certain unsecured and unsubordinated debt instruments of the Issuer (hereinafter referred to as "**Non-Preferred Senior Obligations**") rank below the Issuer's other senior liabilities (hereinafter referred to as "**Preferred Senior Obligations**") in insolvency or in the event of the imposition of resolution measures, such as a bail-in, affecting the Issuer. Non-Preferred Senior Obligations will rank above the Issuer's subordinated liabilities, including Subordinated Notes issued under the Programme. Unsecured and unsubordinated Securities issued under this Programme will qualify as Non-Preferred Senior Obligations only if (i) they are not structured and (ii) they have at the time of their issuance a maturity of at least one year, and (iii) their Final Terms explicitly refer to the lower ranking under Section 46f (5) KWG. In addition, Section 46f (7) KWG further specifies the delineation between structured and non structured obligations in that it clarifies that the amount of the repayment or the amount of the interest payments do not qualify as depending on the occurrence or non-occurrence of an event which is uncertain at the point in time when the senior unsecured debt instruments are issued only due to the fact that the instrument is issued in a currency other than the home currency of the issuer if the principal amount, the repayment amount and the interest claim have the same currency.

Securities qualifying as Non-Preferred Senior Obligations rank *pari passu* among themselves and junior to any Preferred Senior Obligations. In the event of insolvency proceedings or Resolution Measures affecting the Issuer, such Non-Preferred Senior Obligations would bear losses before other unsubordinated liabilities of the Issuer, including Preferred Senior Obligations. In contrast, unsecured and unsubordinated Securities issued under this Programme that do not meet the requirements of (i), (ii) and (iii) above, qualify as Preferred Senior Obligations and rank in priority to Non-Preferred Senior Obligations and *pari passu* among themselves,

derivatives, money market instruments and deposits not subject to protection and junior to, in particular, protected deposits.

FEATURES OF CERTAIN SECURITIES

A wide range of Securities may be issued under the Programme. The Issuer may issue Securities which have one or more of the features described below. The amount of interest payable may depend on these features alone and/or in combination with other features and Reference Items.

Capped and/or Floored Floating Rate Securities – The maximum and/or minimum amount of interest payable in respect of Securities with a capped and/or floored floating rate will equal the sum of the reference rate and any specified margin subject to a specified maximum and/or minimum rate.

Securities whose interest amount is calculated by reference to a formula – The formula on the basis of which the interest payable is calculated will be stated in the Terms and Conditions of the Securities and may be replicated in the applicable Final Terms.

Securities issued at a substantial discount or premium – The issue price of the Securities is substantially lower or greater than the principal amount of the Securities.

Securities subject to optional redemption by the Issuer – The Issuer may redeem the Securities prior to maturity.

Subordinated Notes (German law governed Securities only) – In the event of Resolution Measures, insolvency or liquidation of the Issuer the Subordinated Notes will rank junior in priority of payment to all unsubordinated and subordinated obligations which do not qualify as own funds within the meaning of Regulation (EU) No 575/2013 of the European Parliament and of the Council of 26 June 2013 on prudential requirements for credit institutions and investment firms and amending Regulation (EU) No 648/2012, as supplemented or amended from time to time ("**CRR**"), and no amounts will be payable in respect of the Subordinated Notes until the claims of all unsubordinated creditors and creditors of subordinated obligations which do not qualify as own funds within the meaning of the CRR of the Issuer have been satisfied in full. Accordingly, there is a higher risk that an investor in Subordinated Notes will lose all or some of its investment should the Issuer become insolvent. In addition, no holder may set off its claims arising under the Subordinated Notes against any claims of the Issuer. There will be no security in respect of the Subordinated Notes.

Subordinated Notes are intended to qualify as tier 2 instruments within the meaning of Article 63 CRR. In the context of a Regulatory Bail-in, the Subordinated Notes will be written down or converted to common equity tier 1 capital instruments of the Issuer before any subordinated liabilities of the issuer which do not qualify as own funds within the meaning of the CRR and before any non-subordinated liabilities of the Issuer are affected by such measures.

Non-Preferred Senior Notes – Unsecured and unsubordinated debt instruments of the Issuer will qualify as Non-Preferred Senior Notes if (i) they are not structured, (ii) have at the time of their issuance a maturity of at least one year and, (iii) their Final Terms explicitly refer to the lower ranking under Section 46f (5) KWG. Non-Preferred Senior Obligations will continue to rank above the Issuer's subordinated liabilities, including Subordinated Notes issued under the Programme, but will rank below the Issuer's other non-subordinated liabilities in insolvency or in the event of the imposition of Resolution Measures, such as a bail-in, affecting the Issuer. Accordingly, there is a higher risk that an investor in Non-Preferred Senior Notes will lose all or some of its investment should the Issuer become insolvent.

Non-Preferred Senior Notes are intended to qualify as bail-in-eligible (*bail-in-fähige*) liabilities within the meaning of Section 91 of the German Recovery and Resolution Act (*Sanierungs- und Abwicklungsgesetz*) and eligible liabilities instruments within the meaning of Article 72b CRR.

Preferred Senior Notes – Unsecured and unsubordinated debt instruments of the Issuer will qualify as Preferred Senior Notes if (i) they are structured, or (ii) have at the time of their issuance a maturity of less than one year or, (iii) their Final Terms do not refer to the lower ranking under Section 46f (5) KWG. Preferred Senior Obligations will rank above the Issuer's subordinated liabilities, including Subordinated Notes issued under the

Programme, and its Non-Preferred Senior Notes and will rank *pari passu* with other non subordinated liabilities (subject, however, to statutory priorities conferred to certain unsecured and unsubordinated liabilities) in insolvency or in the event of the imposition of Resolution Measures, such as a bail-in, affecting the Issuer.

The Final Terms will specify if an issuance of Preferred Senior Notes is intended to qualify as bail-in-eligible (*bail-in-fähige*) liabilities within the meaning of Section 91 of the German Recovery and Resolution Act (*Sanierungs- und Abwicklungsgesetz*) and eligible liabilities instruments within the meaning of Article 72b CRR.

FORM OF THE SECURITIES

The Securities of each Series will be in bearer form without interest coupons attached or, in the case of definitive Securities and if applicable, with interest coupons attached. The Securities will be issued outside the United States in reliance on Regulation S under the Securities Act ("**Regulation S**").

Any reference herein to CBF, Euroclear, CBL, and/or SIS shall, whenever the context so permits, be deemed to include a reference to any permitted additional or alternative clearing system specified in the applicable Final Terms.

Each Tranche of Securities will be initially issued in the form of either a Temporary Global Bearer Security (a "**Temporary Global Bearer Security**") without interest coupons or, if so specified in the applicable Final Terms, a permanent bearer global security (a "**Permanent Bearer Global Security**" and, together with the Temporary Global Bearer Security, the "**Global Bearer Securities**") without interest coupons which, in either case, will:

- (i) if the Global Bearer Securities are intended to be issued in new global note ("**NGN**") form, as stated in the applicable Final Terms, be delivered on or prior to the original issue date of the Tranche to a common safekeeper (the "**Common Safekeeper**") for Euroclear Bank SA/NV ("**Euroclear**"), Clearstream Banking S.A. ("**CBL**"); and
- (ii) if the Global Bearer Securities are not intended to be issued in NGN form, be delivered on or prior to the original issue date of the Tranche to Clearstream Banking AG ("**CBF**") or SIX SIS AG ("**SIS**") or a common depository (the "**Common Depository**") for Euroclear and CBL.

Where the Global Securities issued in respect of any Tranche are in NGN form, the Final Terms will also indicate whether such Global Securities are intended to be held in a manner which would allow Eurosystem eligibility. Any indication that the Global Securities are to be so held does not necessarily mean that the Securities of the relevant Tranche will be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem either upon issue or at any times during their life as such recognition depends upon satisfaction of the Eurosystem eligibility criteria. The common safekeeper for NGNs will either be Euroclear or CBL or another entity approved by Euroclear and CBL.

While any Bearer Security is represented by a Temporary Global Bearer Security, payments of principal, interest (if any) and any other amount payable in respect of the Bearer Securities due prior to the Exchange Date (as defined below) will be made (against presentation of the Temporary Global Bearer Security if the Temporary Global Bearer Security is not intended to be issued in NGN form) only to the extent that certification (in a form to be provided) to the effect that the beneficial owners of interests in such Bearer Security are not U.S. persons or persons who have purchased for resale to any U.S. person, as required by U.S. Treasury regulations, has been received by Euroclear and/or CBL and/or CBF and/or SIS and Euroclear and/or CBL and/or CBF and/or SIS, as applicable, has given a like certification (based on the certifications it has received) to the Fiscal Agent.

If the applicable Final Terms state that the Temporary Global Bearer Security is exchangeable for a Permanent Bearer Global Security, on and after the date (the "**Exchange Date**") which is forty days after a Temporary Global Bearer Security is issued, interests in such Temporary Global Bearer Security will be exchangeable (free of charge) as described in the Temporary Global Bearer Security either for (i) interests in a Permanent Bearer Global Security of the same Series or (ii) for definitive Bearer Securities of the same Series with, where applicable, interest coupons and talons attached (as indicated in the applicable Final Terms and subject, in the case of definitive Bearer Securities, to such notice period as is specified in the applicable Final Terms), in each

case against certification of beneficial ownership as described above unless such certification has already been given, provided that purchasers in the United States and certain U.S. persons will not be able to receive definitive Bearer Securities. The holder of a Temporary Global Bearer Security will not be entitled to collect any payment of principal, interest or other amount due on or after the Exchange Date unless, upon due certification, exchange of the Temporary Global Bearer Security for an interest in a Permanent Bearer Global Security or for definitive Bearer Securities is improperly withheld or refused.

Payments of principal, interest (if any) or any other amounts on a Permanent Bearer Global Security will be made through Euroclear and/or CBL or CBF or SIS (as the case may be, against presentation or surrender of the Permanent Bearer Global Security except in cases where the Permanent Bearer Global Security is intended to be issued in NGN form or other cases where the Permanent Bearer Global Security is directly held by the Clearing System) without any requirement for certification.

The applicable Final Terms may specify that a Permanent Bearer Global Security will be exchangeable (free of charge), in whole or in part, for definitive Bearer Securities with, where applicable, interest coupons, receipts and talons attached upon either (A) not less than 60 days' written notice from Euroclear and/or CBL and/or CBF (acting on the instructions of any holder of an interest in such Permanent Bearer Global Security) to the Fiscal Agent as described therein or (B) only upon the occurrence of an Exchange Event. For these purposes, "**Exchange Event**" means that (i) an Event of Default has occurred and is continuing (other than for Securities for which Eligible Liabilities Format is specified as applicable in the applicable Final Terms), (ii) the Issuer has been notified that both Euroclear, CBL (in respect of Securities settled through Euroclear or CBL) or CBF (in respect of Securities settled through CBF) have been closed for business for a continuous period of fourteen days (other than by reason of holiday, statutory or otherwise) or have announced an intention permanently to cease business or have in fact done so and no successor clearing system is available or (iii) the Issuer has or will become subject to adverse tax consequences which would not be suffered were the Securities represented by the Permanent Bearer Global Security in definitive form. The Issuer will promptly give notice to Securityholders in accordance with the Terms and Conditions if an Exchange Event occurs. In the event of the occurrence of an Exchange Event, Euroclear and/or CBL or CBF (acting on the instructions of any Holder of an interest in such Permanent Bearer Global Security) may give notice to the Fiscal Agent requesting exchange and, in the event of the occurrence of an Exchange Event as described in (iii) above, the Issuer may also give notice to the Fiscal Agent requesting exchange. Any such exchange shall occur not later than 45 days after the date of receipt of the first relevant notice by the Fiscal Agent.

The following legend will appear on all Securities (other than Temporary Global Bearer Securities) and interest coupons relating to such Securities where "TEFRA D" is specified in the applicable Final Terms:

"ANY UNITED STATES PERSON WHO HOLDS THIS OBLIGATION WILL BE SUBJECT TO LIMITATIONS UNDER THE UNITED STATES INCOME TAX LAWS, INCLUDING THE LIMITATIONS PROVIDED IN SECTIONS 165(j) AND 1287(a) OF THE INTERNAL REVENUE CODE."

The sections referred to provide that United States holders, with certain exceptions, will not be entitled to deduct any loss on Securities or interest coupons and will not be entitled to capital gains treatment of any gain on any sale, disposition, redemption or payment of principal in respect of such Securities or interest coupons.

Securities which are represented by a Bearer Global Security will only be transferable in accordance with the rules and procedures for the time being of CBF, Euroclear, CBL or SIS, as the case may be.

Swiss Global Securities

The applicable Final Terms may specify that the Securities are represented by a Swiss Global Security. The Swiss Global Security shall be a permanent global note deposited with SIX SIS Ltd or any other Intermediary in Switzerland recognized for such purposes by SIX Swiss Exchange Ltd (SIX SIS Ltd or any such other Intermediary, the "**Intermediary**" or the "**Clearing System**") until final redemption of the Securities. Once the permanent global note has been deposited with the Intermediary and entered into the accounts of one or more participants of the Intermediary, the Securities will, for Swiss law purposes, constitute intermediated securities (*Bucheffekten*) ("**Intermediated Securities**") in accordance with the provisions of the Swiss Federal Intermediated Securities Act (*Bucheffektengesetz*). The holders of such Securities (the "**Securityholders**") will

be the persons holding the Securities in a securities account (*Effektenkonto*) which is in their own name and for their own account or, or in the case of Intermediaries (*Verwahrungsstellen*), the Intermediaries holding the Securities for their own account in a securities account (*Effektenkonto*) which is in their name.

The Securityholders shall not at any time have the right to effect or demand the conversion of the permanent global note into, or the delivery of, uncertificated securities (*Wertrechte*) or definitive Securities (*Wertpapiere*).

SECURITYHOLDERS AND TRANSFER OF INTERESTS

Interests in Global Securities

For so long as any of the English law governed Securities is represented by one or more Global Securities held by CBF or on behalf of Euroclear and/or CBL each person (other than Euroclear or CBL) who is for the time being shown in the records of CBF, Euroclear or of CBL as the holder of a particular principal amount of such Securities (in which regard any certificate or other document issued by CBF or Euroclear or CBL as to the principal amount of such Securities standing to the account of any person shall be conclusive and binding for all purposes save in the case of manifest error) shall be treated by the Issuer and its agents as the holder of such principal amount of such Securities for all purposes other than with respect to the payment of principal or interest on such principal amount of such Securities, for which purpose the bearer of the relevant Bearer Global Securities shall be treated by the Issuer and its agents as the holder of such principal amount of such Securities or Securities in accordance with and subject to the terms of the relevant Global Security or Security, as the case may be, and the expressions "**Noteholder**", "**Securityholder**", "**holder of Notes**", and "**holder of Securities**" and related expressions shall be construed accordingly.

ACCELERATION OF SECURITIES

A Security (other than a Security for which Eligible Liabilities Format is specified as applicable in the applicable Final Terms) may be accelerated by the holder thereof in certain circumstances described in the "*Events of Default*" Condition of the Terms and Conditions. In such circumstances, where any Security is still represented by a Global Security and the Global Security (or any part thereof) has become due and repayable in accordance with the Terms and Conditions of such Securities and redemption has not occurred in accordance with the provisions of the Global Security then holders of interests in such Global Security credited to accounts with Euroclear and/or CBL and/or CBF and/or SIS, as the case may be, will become entitled to proceed directly against the Issuer on the basis of statements of account provided by CBF, Euroclear and/or CBL on and subject to, in respect of Securities governed by English law, the terms of a deed of covenant executed by the Issuer and dated 19 June 2023 (the "**Deed of Covenant**").

FUNGIBLE ISSUES OF SECURITIES

Pursuant to the Agency Agreement (as defined under "*Terms and Conditions of the Securities*"), the Fiscal Agent shall arrange that, where a further tranche of Securities is issued which is intended to form a single Series with an existing tranche of Securities, the Securities of such further tranche shall be assigned a common code and International Securities Identification Number ("**ISIN**") and, where applicable, a *Wertpapierkennnummer* ("**WKN**") or *Valorenummer*, which are different from the common code, ISIN, WKN or *Valorenummer* assigned to Securities of any other Tranche of the same Series until the expiry of any applicable period that by law or regulation would require such Securities not to be fungible.

PFANDBRIEFE

The following is a description of some of the more fundamental principles governing the laws regarding Pfandbriefe and Pfandbrief Banks in summary form. It does not address all the laws' complexities and details. Accordingly, it is qualified in its entirety by reference to the applicable laws.

The German Pfandbrief Act (*Pfandbriefgesetz*, the "**Pfandbrief Act**") was published on 22 May 2005 and came into force on 19 July 2005. As from such date, the legislation accompanying the Pfandbrief Act, *i.e.*, the Act on the Reorganisation of the Law on Pfandbriefe (*Gesetz zur Neuordnung des Pfandbriefrechts*), rescinded all existing special legislation regarding the Pfandbrief business in Germany, including, *inter alia*, (i) the Mortgage

Bank Act (*Hypothekendarbankgesetz*) applicable to the existing mortgage banks being specialist institutions authorised to issue Mortgage Pfandbriefe (*Hypothekendarpfandbriefe*) covered by mortgage loans as well as Public Sector Pfandbriefe (*Öffentliche Pfandbriefe*) covered by obligations of public sector debtors (and, in either case, by certain other qualifying assets), (ii) the Act on Pfandbriefe and Related Bonds of Public-Law Credit Institutions (*Gesetz über die Pfandbriefe und verwandten Schuldverschreibungen öffentlich-rechtlicher Kreditanstalten*) in the version as published on 9 September 1998, as amended, applicable to various types of public sector banks, including in particular the Landesbanken, in respect of Mortgage Pfandbriefe and Public Sector Pfandbriefe issued by them, and (iii) finally, the Ship Bank Act (*Schiffsbankgesetz*), as last amended on 5 April 2004, governing the operations of ship mortgage banks issuing Ship Mortgage Pfandbriefe (*Schiffspfandbriefe*). Also, since 19 July 2005, the Pfandbrief operations of the Issuer are subject to the Pfandbrief Act dated 22 May 2005.

The Pfandbrief Act abolished the concept of specialist Pfandbrief institutions hitherto prevailing in respect of the existing mortgage banks and ship mortgage banks. It established a new and uniform regulatory regime for all German credit institutions. Since 19 July 2005, all German credit institutions are permitted, subject to authorisation and fulfilment of certain requirements of the Pfandbrief Act, to engage in the Pfandbrief business and to issue Mortgage Pfandbriefe, Public Sector Pfandbriefe as well as Ship Mortgage Pfandbriefe, and, since that date, existing mortgage banks and ship mortgage banks are authorised to engage in other types of banking transactions, eliminating the limitations in respect of the scope of their permitted business which existed in the past. The Pfandbrief Act thus created a level playing field for all German credit institutions, including the Landesbanken, operating as universal banks and engaged in the issuance of Pfandbriefe.

German credit institutions wishing to take up the Pfandbrief business must obtain special authorisation under the German Banking Act (*Kreditwesengesetz*) from the German Federal Financial Supervisory Authority (*Bundesanstalt für Finanzdienstleistungsaufsicht*, "**BaFin**") and, for that purpose, must meet some additional requirements as specified in the Pfandbrief Act.

Mortgage banks and ship mortgage banks, which were operating as such up to 19 July 2005 as well as public sector banks (including the *Landesbanken*) carrying on the Pfandbrief business up to such date, have all been grandfathered in respect of authorisation for the particular type of Pfandbrief business in which they were engaged at such time. They were required, though, to give a comprehensive notice to the BaFin by 18 October 2005, failing which the BaFin would have had the right to withdraw the authorisation. Mortgage banks and ship mortgage banks are since 19 July 2005 also authorised to engage in other banking transactions, including, *inter alia*, deposit taking, the extension of credits, the guarantee business, underwriting as well as others, up to then not permitted to be carried out by them, contrary to the Landesbanken, to which all types of banking transactions have always been open (subject to authorisation).

The operations of all banks engaged in the issuance of Pfandbriefe are since 19 July 2005 regulated by the Pfandbrief Act and the Banking Act, and are subject to the prudential supervision of the BaFin. In particular, the BaFin will carry out audits of the assets forming part of any Cover Pool, regularly in bi-annual intervals.

In 2009, the Pfandbrief Act was amended. Among other changes, the new Pfandbrief category of Airplane Mortgage Pfandbriefe (*Flugzeugpfandbriefe*) was introduced, rules requiring a certain liquidity cushion of the Cover Pool from 1 November 2009 onwards were established, and the list of assets qualifying as Cover Pool for Public Sector Pfandbriefe was extended to include payment claims against certain qualifying public bodies in Switzerland, the United States of America, Canada or Japan.

The Pfandbrief Act was further amended in 2010 (in particular with respect to clarifications regarding the quality of Pfandbriefe in the case of insolvency of the Pfandbrief Bank), in 2013, in 2014, in 2015, in 2017, in 2019, in 2021 and in 2022.

In this description, banks authorised to issue Pfandbriefe will generally be referred to as "**Pfandbrief Banks**" which is the term applied by the Pfandbrief Act.

Pfandbriefe are standardised debt instruments issued by a Pfandbrief Bank. The quality and standards of Pfandbriefe are strictly governed by provisions of the Pfandbrief Act and subject to the prudential supervision of the BaFin. Pfandbriefe generally are medium- to long-term bonds, typically with an original maturity of two to ten

years, which are secured or "covered" at all times by a pool of specified qualifying assets (*Deckung*), as described below. Pfandbriefe are recourse obligations of the issuing bank, and no separate vehicle is created for their issuance or for the issuance of any specific series of Pfandbriefe. Pfandbriefe may not be redeemed at the option of the Holders prior to maturity.

Pfandbriefe may either be Mortgage Pfandbriefe, Public Sector Pfandbriefe, Ship Mortgage Pfandbriefe or Airplane Mortgage Pfandbriefe. The outstanding Pfandbriefe of any one of these types must be covered by a separate pool of specified qualifying assets: a pool for Mortgage Pfandbriefe only, a pool for Public Sector Pfandbriefe only, a pool covering all outstanding Ship Mortgage Pfandbriefe only and a pool covering all outstanding Airplane Mortgage Pfandbriefe only (each a "**Cover Pool**"). An independent cover pool monitor appointed by the BaFin has wide responsibilities in monitoring the compliance by the Pfandbrief Bank with the provisions of the Pfandbrief Act. In particular, the cover pool monitor shall ensure that the prescribed cover for the Pfandbriefe exists at all times and that the cover assets are recorded in the respective register. Prior to issue this will be certified by the cover pool monitor on the Pfandbrief certificate.

The aggregate principal amount of assets in any Cover Pool must at all times at least be equal to or greater than the aggregate principal amount of the outstanding Pfandbriefe issued against any such Cover Pool and the aggregate interest yield on any such Cover Pool must at all times be at least equal to or greater than the aggregate interest payable on all outstanding Pfandbriefe issued against such Cover Pool. In addition, the coverage of all outstanding Pfandbriefe with respect to principal and interest must at all times be ensured on the basis of the net present value (*Barwert*). Finally, the net present value of the assets contained in any Cover Pool must exceed the net present value of liabilities from the corresponding Pfandbriefe and derivatives by at least 2 per cent. (*sichernde Überdeckung*).

Such 2 per cent. excess cover must consist of highly liquid assets. Qualifying assets for the excess cover are, *inter alia*, (i) debt securities of Germany, a special fund of Germany, a German state, the European Communities, another member state of the European Union, another contracting state on the agreement on the European Economic Area, the European Investment Bank, the International Bank for Reconstruction and Development, the Council of Europe Development Bank or the European Bank for Reconstruction and Development; (ii) debt securities of Switzerland, the United Kingdom, the United States of America, Canada or Japan, provided that the risk weighting such countries have received pursuant to a rating by an approved international rating agency is credit quality step 1 (according to table 1 of Article 114 (2) CRR); (iii) debt securities guaranteed by any of the foregoing institutions; and (iv) credit balances maintained with the European Central Bank, any central bank of a member state of the European Union or any other suitable credit institution having its registered office in one of the countries listed under (i) and (ii) above, provided that those have received a risk weighting in accordance with Article 119 (1) CRR which is comparable with credit quality step 1 or, in case of initial maturities of up to 100 days, credit quality step 1 or 2 (each according to table 3 of Article 120 (1) or table 5 of Article 121 (1) CRR). In addition, to safeguard liquidity, a certain liquidity cushion must be established.

The Pfandbrief Bank must record in the register of cover assets for any Cover Pool of a given Pfandbrief type each asset and the liabilities arising from derivatives. Derivatives may be entered in such register only with the consent of the cover pool monitor and the counterparty.

In case that any cover asset recorded in the register of cover assets for any Cover Pool is intended for partial cover only, the register of cover assets must clearly state the amount of the intended cover and its status in relation to the part of the asset which is not intended for the Cover Pool.

The Pfandbrief Bank must command over an appropriate risk management system meeting the requirements specified in detail in the Pfandbrief Act and must comply with comprehensive disclosure requirements on a quarterly and annual basis set out in detail in the Pfandbrief Act.

Cover Pool for Mortgage Pfandbriefe

The Cover Pool for Mortgage Pfandbriefe mainly consists of mortgage loans with a ratio between the loan and the value of the underlying assets of not more than 60 per cent. This lending value is established by an expert of the Pfandbrief issuer who is not involved in the loan decision-making process in accordance with

comprehensive value assessment rules on the basis of which the market value of a property is to be determined. Qualifying mortgages must encumber properties, rights equivalent to real property or such rights under a foreign legal system which are comparable with the equivalent rights under German law. The encumbered properties and the properties in respect of which the encumbered rights exist must be situated in a EU or EEA member state, in Switzerland, the United Kingdom, the United States of America, Canada, Japan, Australia, New Zealand or Singapore. Land charges and such foreign security interests which offer comparable security and entitle the relevant holder of Pfandbriefe to satisfy its claim also by realising the encumbered property or equivalent right rank equal with mortgages.

The Cover Pool covering Mortgage Pfandbriefe may also, to a limited extent, contain the following assets: (i) compensation claims converted into notes in bearer form, (ii) subject to certain restrictions the assets that may also be included in the 2 per cent. Excess Cover described above, up to a total of 10 per cent. of the aggregate amount of the outstanding Mortgage Pfandbriefe, (iii) notes that may also be included in the cover pool for Public Sector Pfandbriefe (e.g. notes of specified public sector debtors such as (without limitation) (a) the German Federal Government, the Federal States, political subdivisions and other suitable public law corporations within Germany, (b) EU or EEA member states and their central banks and political subdivisions, (c) the United States of America, Japan, Switzerland, the United Kingdom or Canada if they fulfil certain rating criteria, (d) political subdivisions of the countries listed under (c) above if such political subdivisions are equated by the competent authorities to the central state or if they fulfil certain rating criteria, (e) the European Central Bank and certain multilateral development banks and international organisations, (f) public authorities of EU or EEA member states, (g) public authorities of the countries listed under (c) above if such authorities are equated by the competent authorities to the central state or if they fulfil certain rating criteria, (h) entities for the liabilities of which any one of the public law entities referred to under (a) to (e) above or certain qualifying export credit insurance companies have assumed a full guarantee), up to a total of 20 per cent. of the aggregate amount of the outstanding Mortgage Pfandbriefe, with the cover assets set out under (ii) above being taken into account, and (iv) claims under derivative transactions concluded with specified suitable counterparties on the basis of standardised master agreements, provided that it is ensured that the claims under these derivative transactions cannot be impaired in the event of insolvency of the Pfandbrief issuer or of the other cover pools held by it. The share of the Pfandbrief issuer's claims under the derivative transactions included in the cover pool in the total amount of the cover assets as well as the Pfandbrief issuer's share in the liabilities under these derivatives in the total amount of Mortgage Pfandbriefe outstanding plus the liabilities under these derivatives must not exceed 12 per cent., in each case, the calculation being made on the basis of their net present values.

Insolvency Proceedings

In the event of the institution of insolvency proceedings over the assets of the Pfandbrief Bank, any assets of a Cover Pool maintained by it and registered in the respective register of cover assets would not be part of the insolvency estate, and, therefore, such insolvency would not result in an insolvency of any Cover Pool. Only if at the same time or thereafter the relevant Cover Pool were to become insolvent, separate insolvency proceedings would be initiated against such Cover Pool by the BaFin. In this case, Holders of Pfandbriefe would have the first claim on the respective Cover Pool. Their preferential right would also extend to interest on the Pfandbriefe accrued after the commencement of insolvency proceedings. Furthermore, but only to the extent that Holders of Pfandbriefe suffer a loss, Holders would also have recourse to any assets of the Pfandbrief Bank not included in the Cover Pools. As regards those assets, Holders of the Pfandbriefe would rank equal with other unsecured and unsubordinated creditors of the Pfandbrief Bank.

Up to three cover pool administrators (*Sachwalter*, the "**Cover Pool Administrator**") will be appointed in the case of the insolvency of the Pfandbrief Bank to administer each Cover Pool for the sole benefit of the Holders of Pfandbriefe. The Cover Pool Administrator will be appointed by the court having jurisdiction at the location of the head office of the Pfandbrief Bank at the request of the BaFin before or after the institution of insolvency proceedings. The Cover Pool Administrator will be subject to the supervision of the court and also of the BaFin with respect to the duties of the Pfandbrief Bank arising in connection with the administration of the assets included in the relevant Cover Pool. The Cover Pool Administrator will be entitled to dispose of the Cover Pool's assets and receive all payments on the relevant assets to ensure full satisfaction of the claims of the Holders of Pfandbriefe. To the extent, however, that those assets are obviously not necessary to satisfy such claims and in case that assets are not subject to the trustee's administration, the insolvency receiver of the Pfandbrief Bank is entitled to demand the transfer of such assets to the insolvency estate.

Certain assets of a Pfandbrief bank (including, in particular, the Cover Pool) and the claims of the Holders of Pfandbriefe continue to exist outside of general insolvency proceedings as a Pfandbrief Bank with limited business activity (*Pfandbriefbank mit beschränkter Geschäftstätigkeit*). Pursuant to Section 30 (2a) Pfandbrief Act, the Cover Pool Administrator may defer redemption payments for all Pfandbriefe by up to 12 months (and interest payments that fall due within the first month following the appointment of the Cover Pool Administrator until the end of such month). Pursuant to Section 30 (2b) Pfandbrief Act, such deferral requires that it is necessary to avoid insolvency (*Zahlungsunfähigkeit*) of the Pfandbrief Bank with limited business activities, that the Pfandbrief Bank with limited business activities is not overindebted (*überschuldet*) and that there is reason to believe that the Pfandbrief Bank with limited business activities will be able to meet its obligations then due after the expiry of the longest possible extension. Pursuant to Section 30 (2c) Pfandbrief Act, any maturity extension must be published in certain media.

Subject to the consent of the BaFin, the Cover Pool Administrator may transfer all or part of the cover assets and the liabilities arising from the Pfandbriefe issued against such assets to another Pfandbrief Bank.

Jumbo Pfandbriefe

Jumbo Pfandbriefe are governed by the same laws as Pfandbriefe and therefore cannot be classified as a type of assets apart from Pfandbriefe. However, in order to improve the liquidity of the Pfandbrief market certain Pfandbrief issuers have agreed upon certain minimum requirements for Jumbo Pfandbriefe (*Mindeststandards von Jumbo-Pfandbriefen*) applicable to such Pfandbriefe which are issued as Jumbo Pfandbriefe. These minimum requirements are not statutory provisions. Instead, they should be regarded as voluntary self-restrictions which limit the options issuers have when structuring Pfandbriefe. The minimum requirements include the following provisions:

- (i) *Minimum issue size.* The minimum issue size of a Jumbo Pfandbrief is EUR 1 billion. If the minimum size is not reached within the initial issue, a Pfandbrief may be increased by way of a tap to give it Jumbo Pfandbrief status, provided all the requirements stated under Nos. ii to vii are fulfilled.
- (ii) *Format.* Only Pfandbriefe of straight bond format (*i.e.* fixed coupon payable annually in arrears, bullet redemption) may be offered as Jumbo Pfandbriefe.
- (iii) *Stock market listing.* Jumbo Pfandbriefe must be listed on a regulated market in an EU or EEA member state immediately after issue, or not later than 30 calendar days after the settlement date.
- (iv) *Syndicate banks.* Jumbo Pfandbriefe must be placed by a syndicate consisting of at least five banks (syndicate banks).
- (v) *Quoting.* The syndicate banks act as market makers; in addition to their own system, they pledge to quote prices upon application and bid/ask (two-way) prices at the request of investors on an electronic trading platform and in telephone trading.
- (vi) *Publishing of average spreads.* The syndicate banks pledge to report daily for each Jumbo Pfandbrief outstanding (life to maturity from 24 months upwards) the spread vs. asset swap. The average spreads, which are calculated for each Jumbo Pfandbrief by following a defined procedure, are published on the website of the Association of German Pfandbrief Banks (*Verband Deutscher Pfandbriefbanken, vdp*).
- (vii) *Transfer and buyback.* A subsequent transfer to the name of an investor is not permitted (restriction on transferability). It is permitted to buy back securities for redemption purposes or for cover pool monitor administration if the outstanding volume of the issue does not fall below EUR 1 billion at any time. The issuer must publicly announce any buyback, the planned volume thereof and the issue envisaged for repurchase at least 3 banking days in advance, and make sure that extensive transparency is given in the market. After a buyback transaction it is not permitted to tap the issue in question for a period of one year.
- (viii) *Loss of status.* If one of the aforementioned requirements is not met, the issue will lose its Jumbo Pfandbrief status. Jumbo Pfandbriefe that were issued before 28 April 2004, and have a volume of less

than EUR 1 billion retain the status of a Jumbo Pfandbrief notwithstanding the requirements set out under (i) if the other aforementioned provisions are met.

The minimum requirements are supplemented by additional recommendations (*Empfehlungen*) and a code of conduct applicable to issuers of Jumbo Pfandbriefe (*Wohilverhaltensregeln für Emittenten und Syndikatsbanken*). Neither the recommendations nor the code of conduct are statutory provisions.

With the consent of the BaFin, the Cover Pool Administrator may transfer all or part of the Pfandbrief liabilities and the corresponding cover assets to another Pfandbrief issuer.

For a Tranche of Securities for which the provisions of the Final Terms and the relevant Terms and Conditions together constitute the Conditions, the relevant Terms and Conditions shall be deemed to be completed by the information contained in the Final Terms as if such information were inserted in the placeholders of such provisions.

All instructions and explanatory notes and text set out in square brackets in the relevant set of Terms and Conditions and any footnotes and explanatory text in the Final Terms will be deemed to be deleted from the Conditions.

Controlling Language

As to the controlling language of the respective Conditions, the Issuer anticipates that, in general, subject to any stock exchange or legal requirements applicable from time to time, and unless otherwise agreed between the Issuer and the relevant Dealer:

NATED
SECURITIES,
WHOSE RANKING
IS SPECIFIED AS
NON-PREFERRED
THE FOLLOWING
APPLIES:

(1) The Securities are intended to qualify as eligible liabilities within the meaning of Articles 72a and 72b(2) of Regulation (EU) No. 575/2013 as supplemented or amended from time to time (Capital Requirements Regulation, "CRR") for the minimum requirement for own funds and eligible liabilities of the Issuer.

(2) The obligations under the Securities constitute unsecured and unsubordinated non-preferred obligations of the Issuer under debt instruments within the meaning of § 46f(6) sentence 1 of the German Banking Act (*Kreditwesengesetz*, "KWG") (*Schuldtitel*) or any successor provision. The obligations rank *pari passu* among themselves and with all other unsecured and unsubordinated non-preferred obligations under debt instruments of the Issuer within the meaning of § 46f(6) sentence 1 KWG (also in conjunction with § 46f(9) KWG) or any successor provision.

In accordance with § 46f(5) KWG, in the event of resolution measures being imposed on the Issuer or in the event of the dissolution, liquidation, insolvency, composition or other proceedings for the avoidance of insolvency of, or against the Issuer, the obligations under the Securities shall rank behind the claims of

unsubordinated creditors of the Issuer not qualifying as obligations within the meaning of § 46f(6) sentence 1 KWG (also in conjunction with § 46f(9) KWG) or any successor provision; this includes eligible liabilities within the meaning of Article 72b(2) CRR where point (d) of such Article does not apply. In any such event, no amounts shall be payable in respect of the Securities until the claims of such other unsubordinated creditors of the Issuer have been satisfied in full.

(3) In accordance with § 10(5) KWG, no Securityholder may set off its claims arising under the Securities against any claims of the Issuer. No collateral or guarantee shall be provided at any time to secure claims of the Securityholders under the Securities; any collateral or guarantee already provided or granted in the future in connection with other liabilities of the Issuer may not be used for claims under the Securities.

(4) No subsequent agreement may enhance the seniority of the obligations pursuant to § 2(2) or shorten the term of the Securities or any applicable notice period. Any redemption, repurchase or termination of the Securities prior to their scheduled maturity is subject to the prior approval of the competent authority. If the Securities are redeemed or repurchased otherwise than (i) in the circumstances described in § 2(2) or (ii) as a result of a redemption or repurchase as set forth in the Conditions, then the amounts paid must be returned to the Issuer irrespective of any agreement to the contrary.

(1) The Securities are intended to qualify as eligible liabilities within the meaning of Article 72b(2), with the exception of point (d), of Regulation (EU) No. 575/2013 as supplemented or amended from time to time (Capital Requirements Regulation, "CRR") for the minimum requirement for own funds and eligible liabilities of the Issuer.

(2) The obligations under the Securities constitute unsecured and unsubordinated preferred obligations of the Issuer ranking *pari passu* among themselves and with other unsecured and unsubordinated obligations of the Issuer, subject, however, to statutory priorities conferred to certain unsecured and unsubordinated obligations in the event of resolution measures being imposed on the Issuer or in the event of the dissolution, liquidation, insolvency, composition or other proceedings for the avoidance of insolvency of, or against, the Issuer.

In accordance with § 46f(5) of the German Banking Act (*Kreditwesengesetz*, "KWG"), the obligations under the Securities rank in priority of those under debt instruments of the Issuer within the meaning of § 46f(6) sentence 1 KWG (also in conjunction with § 46f(9) KWG) or any successor provision, including eligible liabilities within the meaning of Articles 72a and 72b(2) CRR.

(3) In accordance with § 10(5) KWG, no Securityholder may set off its claims arising under the Securities against any claims of the Issuer. No collateral or guarantee shall be provided at any time to secure claims of the Securityholders under the Securities; any collateral or guarantee already provided or granted in the future in connection with other liabilities of the Issuer may not be used for claims under the Securities.

(4) No subsequent agreement may enhance the seniority of the obligations pursuant to § 2(2) or shorten the term of the Securities or any applicable notice period. Any redemption, repurchase or termination of the Securities prior to their scheduled maturity is subject to the prior approval of the competent authority. If the Securities are redeemed or repurchased otherwise than (i) in the circumstances described in § 2(2) or (ii) as a result of a redemption or

repurchase as set forth in the Conditions, then the amounts paid must be returned to the Issuer irrespective of any agreement to the contrary.

IN CASE OF UNSUBORDINATED SECURITIES, WHOSE RANKING IS SPECIFIED AS PREFERRED AND WHERE ELIGIBLE LIABILITIES FORMAT IS NOT APPLICABLE THE FOLLOWING APPLIES:

(1) The obligations under the Securities constitute unsecured and unsubordinated preferred obligations of the Issuer ranking *pari passu* among themselves and with other unsecured and unsubordinated obligations of the Issuer, subject, however, to statutory priorities conferred to certain unsecured and unsubordinated obligations in the event of resolution measures being imposed on the Issuer or in the event of the dissolution, liquidation, insolvency, composition or other proceedings for the avoidance of insolvency of, or against, the Issuer.

In accordance with § 46f(5) of the German Banking Act (*Kreditwesengesetz*, "KWG"), the obligations under the Securities rank in priority of those under debt instruments of the Issuer within the meaning of § 46f(6) sentence 1 KWG (also in conjunction with § 46f(9) KWG) or any successor provision, including eligible liabilities within the meaning of Articles 72a and 72b(2) of Regulation (EU) No. 575/2013 as supplemented or amended from time to time (Capital Requirements Regulation).

(2) Prior to any insolvency or liquidation of the Issuer, under bank resolution laws applicable to the Issuer from time to time, the competent resolution authority may write down (including to zero) the obligations of the Issuer under the Securities, convert them into equity (e.g. ordinary shares of the Issuer) or apply any other resolution measure, including (but not limited to) any transfer of such obligations to another entity, the amendment of the Conditions or a cancellation of the Securities.]

IN CASE OF SUBORDINATED SECURITIES THE FOLLOWING APPLIES:

(1) The Securities are intended to qualify as own funds instruments within the meaning of Article 4(1) No. 119 of Regulation (EU) No. 575/2013 as supplemented or amended from time to time (Capital Requirements Regulation, "CRR") and, thus, to raise own funds within the meaning of the CRR ("**Own Funds**") in the form of tier 2 capital (*Ergänzungskapital*) within the meaning of Article 63 CRR or any successor provision of the Issuer.

(2) The obligations under the Securities constitute unsecured and subordinated obligations of the Issuer, ranking *pari passu* among themselves and, subject to applicable law from time to time, *pari passu* with all other equally subordinated obligations of the Issuer constituting Own Funds in the form of tier 2 capital.

In the event of resolution measures being imposed on the Issuer or in the event of the dissolution, liquidation, insolvency, composition or other proceedings for the avoidance of insolvency of, or against, the Issuer, the obligations under the Securities shall be fully subordinated to all obligations which do not qualify as Own Funds; this includes (i) all claims of unsubordinated creditors of the Issuer (including claims against the Issuer under its unsecured and unsubordinated non-preferred debt instruments within the meaning of § 46f(6) sentence 1 of the German Banking Act (*Kreditwesengesetz*, "KWG") (also in conjunction with § 46f(9) KWG) or any successor provision thereof), (ii) the claims specified in § 39(1) nos. 1 to 5 of the German Insolvency Code (*Insolvenzordnung*, "InsO") or any successor provision thereof and (iii) contractually subordinated obligations within the meaning of § 39(2) of InsO or any successor provision thereof of the Issuer which do not qualify as Own Funds at the time of resolution measures being imposed on the Issuer or in the event of a dissolution, liquidation, insolvency, composition or other proceedings for the avoidance of insolvency of, or against, the Issuer. In any such event, no amounts shall be payable in respect of the Securities until all senior ranking obligations in accordance with this provision have been satisfied in full.

If the Securities do no longer qualify as tier 2 capital or other Own Funds, the obligations under the Securities will, pursuant to § 46f(7a) sentence 3 KWG, rank in priority to all claims from Own Funds.

- (3) In accordance with § 10 (5) KWG, no Securityholder may set off its claims arising under the Securities against any claims of the Issuer. No collateral or guarantee shall be provided at any time to secure claims of the Securityholders under the Securities; any collateral or guarantee already provided or granted in the future in connection with other liabilities of the Issuer may not be used for claims under the Securities.
- (4) No subsequent agreement may limit the subordination pursuant to § 2(2) or shorten the term of the Securities or any applicable notice period. Any redemption, repurchase or termination of the Securities prior to their scheduled maturity is subject to the prior approval of the competent authority. If the Securities are redeemed or repurchased otherwise than (i) in the circumstances described in § 2(2) or (ii) as a result of a redemption or repurchase as set forth in the Conditions, then the amounts paid must be returned to the Issuer irrespective of any agreement to the contrary.

- (4) No subsequent agreement may enhance the seniority of the obligations pursuant to § 2(2) or shorten the term of the Securities or any applicable notice period. Any redemption, repurchase or termination of the Securities prior to their scheduled maturity is subject to the prior approval of the competent authority. If the Securities are redeemed or repurchased otherwise than (i) in the circumstances described in § 2(2) or (ii) as a result of a redemption or repurchase as set forth in the Conditions, then the amounts paid must be returned to the Issuer irrespective of any agreement to the contrary.

IN CASE OF

- (1) The obligations under the Securities constitute unsecured and unsubordinated

UNSUBORDINATED SECURITIES, WHOSE RANKING IS SPECIFIED AS PREFERRED AND WHERE ELIGIBLE LIABILITIES FORMAT IS NOT APPLICABLE THE FOLLOWING APPLIES:

preferred obligations of the Issuer ranking *pari passu* among themselves and with other unsecured and unsubordinated obligations of the Issuer, subject, however, to statutory priorities conferred to certain unsecured and unsubordinated obligations in the event of resolution measures being imposed on the Issuer or in the event of the dissolution, liquidation, insolvency, composition or other proceedings for the avoidance of insolvency of, or against, the Issuer.

In accordance with § 46f(5) of the German Banking Act (*Kreditwesengesetz*, "**KWG**"), the obligations under the Securities rank in priority of those under debt instruments of the Issuer within the meaning of § 46f(6) sentence 1 KWG (also in conjunction with § 46f(9) KWG) or any successor provision, including eligible liabilities within the meaning of Articles 72a and 72b(2) of Regulation (EU) No. 575/2013 as supplemented or amended from time to time (Capital Requirements Regulation).

- (2) Prior to any insolvency or liquidation of the Issuer, under bank resolution laws applicable to the Issuer from time to time, the competent resolution authority may write down (including to zero) the obligations of the Issuer under the Securities, convert them into equity (e.g. ordinary shares of the Issuer) or apply any other resolution measure, including (but not limited to) any transfer of such obligations to another entity, the amendment of the Conditions or a cancellation of the Securities.

IN CASE OF SUBORDINATED SECURITIES THE FOLLOWING APPLIES:

- (1) The Securities are intended to qualify as own funds instruments within the meaning of Article 4(1) No. 119 of Regulation (EU) No. 575/2013 as supplemented or amended from time to time (Capital Requirements Regulation, "**CRR**") and, thus, to raise own funds within the meaning of the CRR ("**Own Funds**") in the form of tier 2 capital (*Ergänzungskapital*) within the meaning of Article 63 CRR or any successor provision of the Issuer.

- (2) The obligations under the Securities constitute unsecured and subordinated obligations of the Issuer, ranking *pari passu* among themselves and, subject to applicable law from time to time, *pari passu* with all other equally subordinated obligations of the Issuer constituting Own Funds in the form of tier 2 capital.

In the event of resolution measures being imposed on the Issuer or in the event of the dissolution, liquidation, insolvency, composition or other proceedings for the avoidance of insolvency of, or against, the Issuer, the obligations under the Securities shall be fully subordinated to all obligations which do not qualify as Own Funds; this includes (i) all claims of unsubordinated creditors of the Issuer (including claims against the Issuer under its unsecured and unsubordinated non-preferred debt instruments within the meaning of § 46f(6) sentence 1 of the German Banking Act (*Kreditwesengesetz*, "**KWG**") (also in conjunction with § 46f(9) KWG) or any successor provision thereof), (ii) the claims specified in § 39(1) nos. 1 to 5 of the German Insolvency Code (*Insolvenzordnung*, "**InsO**") or any successor provision thereof and (iii) contractually subordinated obligations within the meaning of § 39(2) of InsO or any successor provision thereof of the Issuer which do not qualify as Own Funds at the time of resolution measures being imposed on the Issuer or in the event of a dissolution, liquidation, insolvency, composition or other proceedings for the avoidance of insolvency of, or against, the Issuer. In any such event, no amounts shall be payable in respect of the Securities until all senior ranking obligations in accordance with this provision have been satisfied in full.

If the Securities do no longer qualify as tier 2 capital or other Own Funds, the obligations under the Securities will, pursuant to § 46f (7a) sentence 3 KWG,

rank in priority to all claims from Own Funds.

- (3) In accordance with § 10 (5) KWG, no Securityholder may set off its claims arising under the Securities against any claims of the Issuer. No collateral or guarantee shall be provided at any time to secure claims of the Securityholders under the Securities; any collateral or guarantee already provided or granted in the future in connection with other liabilities of the Issuer may not be used for claims under the Securities.
- (4) No subsequent agreement may limit the subordination pursuant to § 2(2) or shorten the term of the Securities or any applicable notice period. Any redemption, repurchase or termination of the Securities prior to their scheduled maturity is subject to the prior approval of the competent authority. If the Securities are redeemed or repurchased otherwise than (i) in the circumstances described in § 2(2) or (ii) as a result of a redemption or repurchase as set forth in the Conditions, then the amounts paid must be returned to the Issuer irrespective of any agreement to the contrary.

- (ii) if the Recommending Body has not recommended such a spread, formula or methodology as described in paragraph (i) above, to be applied to the Recommended Replacement Rate in order to reduce or eliminate, to the extent reasonably practicable under the circumstances, any economic prejudice or benefit (as applicable) to Securityholders as a result of the replacement of the SARON with such Recommended Replacement Rate for purposes of determining SARON, which spread will be determined by the Issuer, acting in good faith and in a commercially reasonable manner, and be consistent with industry-accepted practices for fixed income securities with respect to which such Recommended Replacement Rate has replaced the SARON as the reference rate for purposes of determining the applicable rate of interest thereon;

 - (i) the date of such statement or publication;
 - (ii) the date, if any, specified in such statement or publication as the date on which the SARON will no longer be representative; and

[If SOFR is applicable, the following applies:

- (A) *SOFR Fallback Rate Determination.* If SOFR in respect of any relevant U.S. Government Securities Business Day is not published on the SOFR Screen Page (and has not otherwise been published),
- (x) unless both a Benchmark Transition Event and its related Benchmark Replacement Date have occurred, then SOFR shall be the Secured Overnight Financing Rate in respect of the last U.S. Government Securities Business Day for which such rate was published on the SOFR Screen Page; or

"Benchmark Replacement Date" means the earliest to occur of the following events with respect to the then-current Benchmark:

- (1) in the case of clause (1) or (2) of the definition of "Benchmark Transition Event", the later of (a) the date of the public statement or publication of information referenced therein and (b) the date on which the administrator of the Benchmark permanently or indefinitely ceases to provide the Benchmark; or

"Benchmark Transition Event" means the occurrence of one or more of the following events with respect to the then-current Benchmark:

- (1) a public statement or publication of information by or on behalf of the administrator of the Benchmark announcing that such administrator has ceased or will cease to provide the Benchmark, permanently or indefinitely, provided that, at the time of such statement or publication, there is no successor administrator that will continue to provide the Benchmark;

- (y) if a SOFR Index Cessation Event and a SOFR Index Cessation Effective Date have both occurred (all as notified to the Calculation Agent and to the Securityholders (in case of a notification to the Securityholders in accordance with § [12]) by the Issuer), then the Calculation Agent shall calculate SOFR from (and including) the first U.S. Government Securities Business Day within the relevant Observation Period on which SOFR is no longer available as if references to SOFR were references to the rate (the **"SOFR Successor Rate"**) that was notified to the Calculation Agent and to the Securityholders (in case of a notification to the Securityholders in accordance with § [12]) by the Issuer as being the rate that was recommended as the replacement for the daily Secured Overnight Financing Rate by the Federal Reserve Board or, failing which, the Federal Reserve Bank of New York or, failing which, a committee officially endorsed or convened by the Federal Reserve Board or, failing which, the Federal Reserve Bank of New York for the purpose of

recommending a replacement for the daily Secured Overnight Financing Rate (which rate may be produced by the Federal Reserve Bank of New York or, failing which, any other designated administrator (together, the "**SOFR Successor Administrator**"), and which rate may include any adjustments or spreads, which the SOFR Successor Administrator determines are required to be applied to the SOFR Successor Rate to reduce or eliminate any economic prejudice or benefit (as the case may be) to Securityholders as a result of the replacement of the Secured Overnight Financing Rate with the SOFR Successor Rate (all as notified to the Calculation Agent and to the Securityholders (in case of a notification to the Securityholders in accordance with § [12]) by the Issuer)).

If:

- (x) no such SOFR Successor Rate has been recommended prior to or on the SOFR Index Cessation Effective Date (as notified by the Issuer to the Calculation Agent), then the Calculation Agent shall calculate the Secured Overnight Financing Rate from (and including) the first U.S. Government Securities Business Day within the relevant Observation Period on which SOFR is no longer available as if (i) references to the Secured Overnight Financing Rate or SOFR were references to OBFR, (ii) references to U.S. Government Securities Business Days were references to New York City Banking Days, (iii) references to a SOFR Index Cessation Event were references to an OBFR Index Cessation Event, (iv) references to the SOFR Successor Administrator were references to the OBFR Successor Administrator, (v) references to the SOFR Successor Rate were references to an OBFR successor rate, and (vi) references to the SOFR Index Cessation Effective Date were references to the OBFR Index Cessation Effective Date (the Issuer shall notify the Securityholders of the application of OBFR in accordance with § [12]); or
- (y) no such SOFR Successor Rate has been recommended prior to or on the SOFR Index Cessation Effective Date and an OBFR Index Cessation Event has occurred (all as notified to the Calculation Agent and to the Securityholders (in case of a notification to the Securityholders in accordance with § [12]) by the Issuer), then the Calculation Agent shall calculate the Secured Overnight Financing Rate from (and including) the first U.S. Government Securities Business Day within the relevant Observation Period on which SOFR is no longer available as if (i) references to the Secured Overnight Financing Rate or SOFR were references to the FOMC Target Rate, (ii) references to U.S. Government Securities Business Days were references to New York City Banking Days, and (iii) references to the SOFR Screen Page were references to the Website of the Federal Reserve (the Issuer shall notify the Securityholders of the application of the FOMC Target Rate in accordance with § [12]).

In the event that the Rate of Interest cannot otherwise be determined in accordance with the provisions herein in relation to any Interest Accrual Period, the Rate of Interest in respect of such Interest Accrual Period will be (i) calculated by the Calculation Agent for the Interest Accrual Period in which the SOFR Index Cessation Effective Date as well as the OBFR Index Cessation Event have occurred and no FOMC Target Rate is available (the "**Cessation Interest Accrual Period**"), by applying the daily secured overnight financing

rate of the last U.S. Government Securities Business Day in such Cessation Interest Accrual Period on which such rate was published on the SOFR Screen Page (all as notified to the Calculation Agent and to the Securityholders (in case of a notification to the Securityholders in accordance with § [12]) by the Issuer), to each subsequent U.S. Government Securities Business Day for which neither SOFR nor OBFR nor the FOMC Target Rate are available, (ii) for any Interest Accrual Period following the Cessation Interest Accrual Period, the Rate of Interest determined on the Interest Determination Day relating to the Cessation Interest Accrual Period [(though substituting, where a different [Margin][.], [and/or] [Minimum Rate of Interest][.], [and/or] [Maximum Rate of Interest] is to be applied to the relevant Interest Accrual Period from that which applied to the last preceding Interest Accrual Period, the [Margin][.], [or] [Minimum Rate of Interest][.], [or] [Maximum Rate of Interest][, as applicable] relating to the relevant Interest Accrual Period, in place of the [Margin][.], [or] [Minimum Rate of Interest][.], [or] [Maximum Rate of Interest][, as applicable] relating to that last preceding Interest Accrual Period)], or (iii) if there is no such Cessation Interest Accrual Period, the Rate of Interest which would have been applicable to the Securities for the first scheduled Interest Period had the Securities been in issue for a period equal in duration to the first scheduled Interest Period but ending on (and excluding) the Interest Commencement Date [(but applying the [Margin][.], [and] [Minimum Rate of Interest][.], [and] [Maximum Rate of Interest] applicable to the first scheduled Interest Period)].

For the purposes of this § 3([12 (B)]) the following definitions shall apply:

"FOMC Target Rate" means the short-term interest rate target set by the U.S. Federal Open Market Committee and published on the Website of the Federal Reserve, or if the U.S. Federal Open Market Committee does not target a single rate, the mid-point of the short-term interest rate target range set by the U.S. Federal Open Market Committee and published on the Website of the Federal Reserve (calculated as the arithmetic average of the upper bound of the target range and the lower bound of the target range, rounded if necessary, to the nearest second decimal place, with 0.005 being rounded upwards).

[If SONIA is applicable, the following applies:

SONIA Fallbacks. If, in respect of any relevant London Business Day, the SONIA Reference Rate is not available on the SONIA Screen Page (and has not otherwise been published by the relevant authorised distributors), then the

SONIA Reference Rate in respect of such London Business Day shall be:

- (x) (i) the Bank of England's Bank Rate (the "**Bank Rate**") prevailing at 5.00 p.m. (London time) (or, if earlier, close of business) on such London Business Day; plus (ii) the arithmetic mean of the spread of the SONIA Reference Rate to the Bank Rate over the SONIA Fallback Period for such London Business Day, excluding the highest spread (or, if there is more than one highest spread, one only of those highest spreads) and lowest spread (or, if there is more than one lowest spread, one only of those lowest spreads); or
- (y) if such Bank Rate is not available, the most recent SONIA Reference Rate in respect of a London Business Day.

"**SONIA Fallback Period**" means, in respect of a London Business Day, the previous [five] [●] London Business Days in respect of which a SONIA Reference Rate has been published.

In the event that the Rate of Interest cannot otherwise be determined in accordance with the provisions herein in relation to any Interest Period, the Rate of Interest in respect of such Interest Period will be (i) the Compounded Daily SONIA determined in relation to the Securities in respect of the last preceding Interest Period [(though substituting, where a different [Margin][,] [and/or] [Minimum Rate of Interest][,] [and/or] [Maximum Rate of Interest] is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the [Margin][,] [or][Minimum Rate of Interest][,] [or] [Maximum Rate of Interest][, as applicable] relating to the relevant Interest Period, in place of the [Margin][,] [or] [Minimum Rate of Interest][,] [or] [Maximum Rate of Interest][, as applicable] relating to that last preceding Interest Period)] or (ii) if there is no such preceding Interest Period, the Compounded Daily SONIA which would have been applicable to the Securities for the first Interest Period had the Securities been in issue for a period equal in duration to the first scheduled Interest Period but ending on (and excluding) the Interest Commencement Date [(but applying the [Margin][,] [and] [Minimum Rate of Interest][,] [and] [Maximum Rate of Interest] applicable to the first scheduled Interest Period)].

[If TONA is applicable, the following applies:

TONA Fallback Rate Determination. If, in respect of any relevant Tokyo Business Day, TONA is not available on the TONA Screen Page at the TONA Determination Time (and has not otherwise been published), then TONA in respect of such Tokyo Business Day shall be determined as follows:

- (x) if a TONA Index Cessation Event and a TONA Index Cessation Effective Date have not both occurred at or prior to the TONA Determination Time in respect of such Tokyo Business Day (all as notified to the Calculation Agent by the Issuer), TONA for such Tokyo Business Day shall be the TONA published on the TONA Screen Page in respect of the last preceding Tokyo Business Day (the Issuer shall notify the Securityholders of the application of such rate in accordance with § [12]); or
- (y) if both a TONA Index Cessation Event and a TONA Index Cessation Effective Date have occurred at or prior to the TONA Determination Time in respect of such Tokyo Business Day (all as notified to the Calculation Agent and to the Securityholders (in case of a notification to

the Securityholders in accordance with § [12]) by the Issuer), then the Calculation Agent shall calculate TONA from (and including) the first Tokyo Business Day within the relevant Observation Period on which TONA is no longer available as if references to TONA were references to the JPY Recommended Rate.

If:

- (x) there is a JPY Recommended Rate before the end of the first Tokyo Business Day following the TONA Index Cessation Effective Date but the TONA Administrator does not provide or publish the JPY Recommended Rate, then, subject to the below, in respect of any day for which the JPY Recommended Rate is required, references to the JPY Recommended Rate will be deemed to be references to the last provided or published JPY Recommended Rate. However, if there is no last provided or published JPY Recommended Rate, then in respect of any day for which the JPY Recommended Rate is required, references to the JPY Recommended Rate will be deemed to be references to the last provided or published TONA;
- (y) (a) there is no JPY Recommended Rate before the end of the first Tokyo Business Day following the TONA Index Cessation Effective Date; or (b) there is a JPY Recommended Rate and a JPY Recommended Rate Index Cessation Effective Date subsequently occurs, then the Calculation Agent shall calculate TONA from (and including) the first Tokyo Business Day within the relevant Observation Period on which TONA or the JPY Recommended Rate is no longer available (as applicable) by making use of a commercially reasonable alternative rate for TONA or the JPY Recommended Rate (as applicable), determined by the Issuer, acting in good faith and in a commercially reasonable manner, taking into account any rate implemented by central counterparties and/or futures exchanges, in each case with trading volumes in derivatives or futures referencing TONA or the JPY Recommended Rate (as applicable) that the Issuer, acting in good faith and in a commercially reasonable manner, considers sufficient for that rate to be a representative alternative rate.

In the event that the Rate of Interest cannot otherwise be determined in accordance with the provisions herein in relation to any Interest Accrual Period, the Rate of Interest in respect of such Interest Accrual Period will be (i) the Compounded Daily TONA last determined in relation to the Securities in respect of the last preceding Interest Accrual Period [(though substituting, where a different [Margin][.], [and/or] [Minimum Rate of Interest][.], [and/or] [Maximum Rate of Interest] is to be applied to the relevant Interest Accrual Period from that which applied to the last preceding Interest Accrual Period, the [Margin][.], [or] [Minimum Rate of Interest][.], [or] [Maximum Rate of Interest], as applicable] relating to the relevant Interest Accrual Period, in place of the [Margin][.], [or] [Minimum Rate of Interest][.], [or] [Maximum Rate of Interest], as applicable] relating to that last preceding Interest Accrual Period)] or (ii) if there is no such preceding Interest Accrual Period, the Compounded Daily TONA which would have been applicable to the Securities for the first scheduled Interest Period had the Securities been in issue for a period equal in duration to the first scheduled Interest Period but ending on (and excluding) the Interest Commencement Date [(but applying the [Margin][.], [and] [Minimum Rate of Interest][.], [and] [Maximum Rate of Interest] applicable to the first scheduled Interest Period)].

For the purposes of this § 3 ([12]) the following definitions shall apply:

"JPY Recommended Rate Index Cessation Effective Date" means, in respect of the JPY Recommended Rate and a JPY Recommended Rate Index Cessation Event, the first date on which the JPY Recommended Rate is no longer provided, as determined by the Issuer, acting in good faith and in a commercially reasonable manner, and notified by the Issuer to the Calculation Agent.

"JPY Recommended Rate Index Cessation Event" means in relation to any Observation Period the occurrence of one or more of the following events, as determined by the Issuer, acting in good faith and in a commercially reasonable manner, and notified by the Issuer to the Calculation Agent:

- (y) a public statement or publication of information by the regulatory supervisor for the administrator of the JPY Recommended Rate, or, failing which, the central bank for the currency underlying the JPY Recommended Rate, or, failing which, an insolvency official with jurisdiction over the administrator of the JPY Recommended Rate, or, failing which, a resolution authority with jurisdiction over the administrator of the JPY Recommended Rate or, failing which, a court or an entity with similar insolvency or resolution authority over the administrator of the JPY Recommended Rate, which states that the administrator of the JPY Recommended Rate has ceased or will cease to provide the JPY Recommended Rate permanently or indefinitely, provided that, at the time of the statement or publication, there is no successor administrator that will continue to provide the JPY Recommended Rate.

"TONA Index Cessation Effective Date" means, in respect of a TONA Index Cessation Event, the first date on which TONA is no longer provided, as determined by the Issuer, acting in good faith and in a commercially reasonable manner, and notified by the Issuer to the Calculation Agent.

"TONA Index Cessation Event" means in relation to any Observation Period the occurrence of one or more of the following events, as determined by the Issuer, acting in good faith and in a commercially reasonable manner, and notified by the Issuer to the Calculation Agent:

- (x) a public statement or publication of information by or on behalf of the TONA Administrator announcing that it has ceased or will cease to provide TONA permanently or indefinitely, provided that, at the time of

the statement or publication, there is no successor administrator that will continue to provide TONA; or

SCREEN RATE
DETERMINATION

APPLIES:

[(11)]

[If BBSW, CMS/Swap Rate, EURIBOR, NIBOR, SORA or STIBOR is applicable, the following applies: Rate Replacement. If the Issuer determines that a Rate Replacement Event has occurred in respect of a Floating Rate on or prior to an Interest Determination Day (the **"Relevant Interest Determination Day"**), the Relevant Determining Party shall, provided that it confirms the occurrence of such Rate Replacement Event to the Issuer (where the Relevant Determining Party is not the Issuer), determine in its reasonable discretion (i) a Replacement Rate for the relevant Floating Rate and (ii) Replacement Rate Adjustments and promptly inform the Issuer and the Calculation Agent (in each case if not the Relevant Determining Party) of its determinations.

The Replacement Rate (if any) so determined, subject to the application of the Adjustment Spread as set out herein, shall replace the relevant Floating Rate and these Conditions shall be furthermore modified by the Replacement Rate Adjustments so determined for the purposes of determining the Rate of Interest in each case for the Interest Period related to the Interest Determination Day falling on or, if none, immediately following the Replacement Rate Determination Date and each Interest Period thereafter (subject to the subsequent occurrence of a Rate Replacement Event in respect of the Replacement Rate). The Issuer shall give notice to the Pfandbriefholders in accordance with § 10 of the Replacement Rate and the Replacement Rate Adjustments as soon as practicable after the Replacement Rate Determination Date and shall request the Clearing System to attach the documents submitted to the Global Note in an appropriate manner to reflect the modification of the Conditions.

Independent Adviser to determine an equivalent rate to the Replacement Rate and equivalent adjustments to the Replacement Rate Adjustments for any other securities of the Issuer and the Issuer determines in its reasonable discretion such determinations would be appropriate to apply as the Replacement Rate and Replacement Rate Adjustments under the Securities, the Issuer may elect to be the Relevant Determining Party.

[Minimum Rate of Interest][,] [or] [Maximum Rate of Interest][, as applicable] relating to the relevant Interest Accrual Period, in place of the [Margin][,] [or] [Minimum Rate of Interest][,] [or] [Maximum Rate of Interest][, as applicable] relating to that last preceding Interest Accrual Period)) or (ii) if there is no such preceding Interest Accrual Period, the Compounded Daily SARON which would have been applicable to the Pfandbriefe for the first scheduled Interest Period had the Pfandbriefe been in issue for a period equal in duration to the first scheduled Interest Period but ending on (and excluding) the Interest Commencement Date [(but applying the [Margin][,] [and] [Participation][,] [and] [Minimum Rate of Interest][,] [and] [Maximum Rate of Interest] applicable to the first scheduled Interest Period)].

- (ii) if the Recommending Body has not recommended such a spread, formula or methodology as described in paragraph (i) above, to be applied to the Recommended Replacement Rate in order to reduce or eliminate, to the extent reasonably practicable under the circumstances, any economic prejudice or benefit (as applicable) to Pfandbriefholders as a result of the replacement of the SARON with such Recommended Replacement Rate for purposes of determining SARON, which spread will be determined by the Issuer, acting in good faith and in a commercially reasonable manner, and be consistent with industry-accepted practices for fixed income securities with respect to which such Recommended Replacement Rate has replaced the SARON as the reference rate for purposes of determining the applicable rate of interest thereon;

"Recommending Body" means any working group or committee in Switzerland organised in the same or a similar manner as the National Working Group on Swiss Franc Reference Rates that was founded in 2013 for purposes of, *inter alia*, considering proposals to reform reference interest rates in Switzerland;

 - (i) the date of such statement or publication;

- (ii) the date, if any, specified in such statement or publication as the date on which the SARON will no longer be representative; and
 - (iii) if the SARON Index Cessation Event described in subparagraph (b)(ii) of the definition thereof has occurred on or prior to either or both dates specified in subparagraphs (i) and (ii) of this subparagraph (b), the date as of which SARON may no longer be used; and

[If SOFR is applicable, the following applies:

- (A) *SOFR Fallback Rate Determination.* If SOFR in respect of any relevant U.S. Government Securities Business Day is not published on the SOFR Screen Page (and has not otherwise been published),
 - (x) unless both a Benchmark Transition Event and its related Benchmark Replacement Date have occurred, then SOFR shall be the Secured Overnight Financing Rate in respect of the last U.S. Government

Securities Business Day for which such rate was published on the SOFR Screen Page; or

- (y) if a Benchmark Transition Event and its related Benchmark Replacement Date have occurred, then SOFR shall be the first alternative set forth in the order below that can be determined by the Issuer, acting in good faith and in a commercially reasonable manner:
 - (i) the sum of: (a) the alternate rate of interest that has been selected or recommended by the Relevant Governmental Body as the replacement for the then-current Benchmark for the applicable Corresponding Tenor and (b) the Benchmark Replacement Adjustment; or
 - (ii) the sum of: (a) the SOFR ISDA Fallback Rate and (b) the Benchmark Replacement Adjustment.

For the purposes of this § 3([11(A)]) the following definitions shall apply:

- (2) if the applicable Unadjusted Benchmark Replacement is equivalent to the SOFR ISDA Fallback Rate, then the ISDA Fallback Adjustment.

"Benchmark Replacement Conforming Changes" means, with respect to any Benchmark Replacement, any technical, administrative or operational changes (including changes to the definitions of "Interest Period", "Interest Determination Day" and "Observation Period", timing and frequency of determining rates and making payments of interest and other administrative matters) that the Issuer determines in its reasonable discretion may be appropriate to reflect the adoption of such Benchmark Replacement in a manner substantially consistent with market practice (or, if the Issuer determines in its reasonable discretion that (i) adoption of any portion of such market practice is not administratively feasible or (ii) no market practice for use of the Benchmark Replacement exists, in such other manner as the Issuer determines is reasonably necessary).

"Benchmark Replacement Date" means the earliest to occur of the following events with respect to the then-current Benchmark:

- (1) in the case of clause (1) or (2) of the definition of "Benchmark Transition Event", the later of (a) the date of the public statement or publication of information referenced therein and (b) the date on which the administrator of the Benchmark permanently or indefinitely ceases to provide the Benchmark; or
- (2) in the case of clause (3) of the definition of "Benchmark Transition Event", the date of the public statement or publication of information referenced therein.

"Benchmark Transition Event" means the occurrence of one or more of the following events with respect to the then-current Benchmark:

- (1) a public statement or publication of information by or on behalf of the administrator of the Benchmark announcing that such administrator has ceased or will cease to provide the Benchmark, permanently or indefinitely, provided that, at the time of such statement or publication, there is no successor administrator that will continue to provide the Benchmark;
- (2) a public statement or publication of information by the regulatory supervisor for the administrator of the Benchmark or, failing which, the central bank for the currency of the Benchmark or, failing which, an insolvency official with jurisdiction over the administrator for the Benchmark or, failing which, a resolution authority with jurisdiction over the administrator for the Benchmark or, failing which, a court or an entity with similar insolvency or resolution authority over the administrator for the Benchmark, which states that the administrator of the Benchmark has ceased or will cease to provide the Benchmark permanently or indefinitely, provided that, at the time of such statement or publication, there is no successor administrator that will continue to provide the Benchmark; or

- (y) if a SOFR Index Cessation Event and a SOFR Index Cessation Effective Date have both occurred (all as notified to the Calculation Agent and to the Pfandbriefholders (in case of a notification to the Pfandbriefholders in accordance with § 10) by the Issuer), then the Calculation Agent shall calculate SOFR from (and including) the first U.S. Government Securities Business Day within the relevant Observation Period on which SOFR is no longer available as if references to SOFR were references to the rate (the **"SOFR Successor Rate"**) that was notified to the Calculation Agent and to the Pfandbriefholders (in case of a notification to the Pfandbriefholders in accordance with § 10) by the Issuer as being the rate that was recommended as the replacement for the daily Secured Overnight Financing Rate by the Federal Reserve Board or, failing which, the Federal Reserve Bank of New York or, failing which, a committee officially endorsed or convened by the Federal Reserve Board or, failing which, the Federal Reserve Bank of New York for the purpose of recommending a replacement for the daily Secured Overnight Financing Rate (which rate may be produced by the Federal Reserve Bank of New York or, failing which, any other designated administrator (together, the **"SOFR Successor Administrator"**), and which rate may include any adjustments or spreads, which the SOFR Successor Administrator determines are required to be applied to the SOFR Successor Rate to reduce or eliminate any economic prejudice or benefit (as the case may be) to Pfandbriefholders as a result of the replacement of the Secured Overnight Financing Rate with the SOFR Successor Rate (all as notified to the Calculation Agent and to the Pfandbriefholders (in case of a notification to the Pfandbriefholders in accordance with § 10) by the Issuer)).

If:

- (x) no such SOFR Successor Rate has been recommended prior to or on the SOFR Index Cessation Effective Date (as notified by the Issuer to the Calculation Agent), then the Calculation Agent shall calculate the

Secured Overnight Financing Rate from (and including) the first U.S. Government Securities Business Day within the relevant Observation Period on which SOFR is no longer available as if (i) references to the Secured Overnight Financing Rate or SOFR were references to OBFR, (ii) references to U.S. Government Securities Business Days were references to New York City Banking Days, (iii) references to a SOFR Index Cessation Event were references to an OBFR Index Cessation Event, (iv) references to the SOFR Successor Administrator were references to the OBFR Successor Administrator, (v) references to the SOFR Successor Rate were references to an OBFR successor rate, and (vi) references to the SOFR Index Cessation Effective Date were references to the OBFR Index Cessation Effective Date (the Issuer shall notify the Pfandbriefholders of the application of OBFR in accordance with § 10); or

- (y) no such SOFR Successor Rate has been recommended prior to or on the SOFR Index Cessation Effective Date and an OBFR Index Cessation Event has occurred (all as notified to the Calculation Agent and to the Pfandbriefholders (in case of a notification to the Pfandbriefholders in accordance with § 10) by the Issuer), then the Calculation Agent shall calculate the Secured Overnight Financing Rate from (and including) the first U.S. Government Securities Business Day within the relevant Observation Period on which SOFR is no longer available as if (i) references to the Secured Overnight Financing Rate or SOFR were references to the FOMC Target Rate, (ii) references to U.S. Government Securities Business Days were references to New York City Banking Days, and (iii) references to the SOFR Screen Page were references to the Website of the Federal Reserve (the Issuer shall notify the Pfandbriefholders of the application of the FOMC Target Rate in accordance with § 10).

In the event that the Rate of Interest cannot otherwise be determined in accordance with the provisions herein in relation to any Interest Accrual Period, the Rate of Interest in respect of such Interest Accrual Period will be (i) calculated by the Calculation Agent for the Interest Accrual Period in which the SOFR Index Cessation Effective Date as well as the OBFR Index Cessation Event have occurred and no FOMC Target Rate is available (the "**Cessation Interest Accrual Period**"), by applying the daily secured overnight financing rate of the last U.S. Government Securities Business Day in such Cessation Interest Accrual Period on which such rate was published on the SOFR Screen Page (all as notified to the Calculation Agent and to the Pfandbriefholders (in case of a notification to the Pfandbriefholders in accordance with § 10) by the Issuer), to each subsequent U.S. Government Securities Business Day for which neither SOFR nor OBFR nor the FOMC Target Rate are available, (ii) for any Interest Accrual Period following the Cessation Interest Accrual Period, the Rate of Interest determined on the Interest Determination Day relating to the Cessation Interest Accrual Period [(though substituting, where a different [Margin][,] [and/or] [Minimum Rate of Interest][,] [and/or] [Maximum Rate of Interest] is to be applied to the relevant Interest Accrual Period from that which applied to the last preceding Interest Accrual Period, the [Margin][,] [or] [Minimum Rate of Interest][,] [or] [Maximum Rate of Interest][, as applicable] relating to the relevant Interest Accrual Period, in place of the [Margin][,] [or] [Minimum Rate of Interest][,] [or] [Maximum Rate of Interest][, as applicable] relating to that last preceding Interest Accrual Period)], or (iii) if there is no such Cessation Interest Accrual Period, the Rate of Interest which would have been applicable to the Pfandbriefe for the first scheduled Interest Period had the Pfandbriefe been in issue for a period equal in duration to the first scheduled

Interest Period but ending on (and excluding) the Interest Commencement Date [(but applying the [Margin][,] [and] [Minimum Rate of Interest][,] [and] [Maximum Rate of Interest] applicable to the first scheduled Interest Period)].

- (y) (a) there is no JPY Recommended Rate before the end of the first Tokyo Business Day following the TONA Index Cessation Effective Date; or (b) there is a JPY Recommended Rate and a JPY Recommended Rate Index Cessation Effective Date subsequently occurs, then the Calculation Agent shall calculate TONA from (and including) the first Tokyo Business Day within the relevant Observation

Period on which TONA or the JPY Recommended Rate is no longer available (as applicable) by making use of a commercially reasonable alternative rate for TONA or the JPY Recommended Rate (as applicable), determined by the Issuer, acting in good faith and in a commercially reasonable manner, taking into account any rate implemented by central counterparties and/or futures exchanges, in each case with trading volumes in derivatives or futures referencing TONA or the JPY Recommended Rate (as applicable) that the Issuer, acting in good faith and in a commercially reasonable manner, considers sufficient for that rate to be a representative alternative rate.

"JPY Recommended Rate Index Cessation Effective Date" means, in respect of the JPY Recommended Rate and a JPY Recommended Rate Index Cessation Event, the first date on which the JPY Recommended Rate is no longer provided, as determined by the Issuer, acting in good faith and in a commercially reasonable manner, and notified by the Issuer to the Calculation Agent.

§ 2 STATUS

**IN CASE OF
UNSUBORDI-
NATED
SECURITIES,
WHOSE RANKING
IS SPECIFIED AS
NON-PREFERRED
THE FOLLOWING
APPLIES:**

- (1) The Securities are intended to qualify as eligible liabilities within the meaning of Articles 72a and 72b(2) of Regulation (EU) No. 575/2013 as supplemented or amended from time to time (Capital Requirements Regulation, "**CRR**") for the minimum requirement for own funds and eligible liabilities of the Issuer.
- (2) The obligations under the Securities constitute unsecured and unsubordinated non-preferred obligations of the Issuer under debt instruments within the meaning of § 46f(6) sentence 1 of the German Banking Act (*Kreditwesengesetz*, "**KWG**") (*Schuldtitle*) or any successor provision. The obligations rank *pari passu* among themselves and with all other unsecured and unsubordinated non-preferred obligations under debt instruments of the Issuer within the meaning of § 46f(6) sentence 1 KWG (also in conjunction with § 46f(9) KWG) or any successor provision.

In accordance with § 46f(5) KWG, in the event of resolution measures being imposed on the Issuer or in the event of the dissolution, liquidation, insolvency, composition or other proceedings for the avoidance of insolvency of, or against the Issuer, the obligations under the Securities shall rank behind the claims of unsubordinated creditors of the Issuer not qualifying as obligations within the meaning of § 46f(6) sentence 1 KWG (also in conjunction with § 46f(9) KWG) or any successor provision; this includes eligible liabilities within the meaning of Article 72b(2) CRR where point (d) of such Article does not apply. In any such event, no amounts shall be payable in respect of the Securities until the claims of such other unsubordinated creditors of the Issuer have been satisfied in full.
- (3) In accordance with § 10(5) KWG, no Securityholder may set off its claims arising under the Securities against any claims of the Issuer. No collateral or guarantee shall be provided at any time to secure claims of the Securityholders under the Securities; any collateral or guarantee already provided or granted in the future in connection with other liabilities of the Issuer may not be used for claims under the Securities.
- (4) No subsequent agreement may enhance the seniority of the obligations pursuant to § 2(2) or shorten the term of the Securities or any applicable notice period. Any redemption, repurchase or termination of the Securities prior to their scheduled maturity is subject to the prior approval of the competent authority. If the Securities are redeemed or repurchased otherwise than (i) in the circumstances described in § 2(2) or (ii) as a result of a redemption or

repurchase as set forth in the Conditions, then the amounts paid must be returned to the Issuer irrespective of any agreement to the contrary.

IN CASE OF UNSUBORDINATED SECURITIES, WHOSE RANKING IS SPECIFIED AS PREFERRED AND WHERE ELIGIBLE LIABILITIES FORMAT IS APPLICABLE THE FOLLOWING APPLIES:

- (1) The Securities are intended to qualify as eligible liabilities within the meaning of Article 72b(2), with the exception of point (d), of Regulation (EU) No. 575/2013 as supplemented or amended from time to time (Capital Requirements Regulation, "CRR") for the minimum requirement for own funds and eligible liabilities of the Issuer.
- (2) The obligations under the Securities constitute unsecured and unsubordinated preferred obligations of the Issuer ranking *pari passu* among themselves and with other unsecured and unsubordinated obligations of the Issuer, subject, however, to statutory priorities conferred to certain unsecured and unsubordinated obligations in the event of resolution measures being imposed on the Issuer or in the event of the dissolution, liquidation, insolvency, composition or other proceedings for the avoidance of insolvency of, or against, the Issuer.

In accordance with § 46f(5) of the German Banking Act (*Kreditwesengesetz*, "KWG"), the obligations under the Securities rank in priority of those under debt instruments of the Issuer within the meaning of § 46f(6) sentence 1 KWG (also in conjunction with § 46f(9) KWG) or any successor provision, including eligible liabilities within the meaning of Articles 72a and 72b(2) CRR.

- (3) In accordance with § 10(5) KWG, no Securityholder may set off its claims arising under the Securities against any claims of the Issuer. No collateral or guarantee shall be provided at any time to secure claims of the Securityholders under the Securities; any collateral or guarantee already provided or granted in the future in connection with other liabilities of the Issuer may not be used for claims under the Securities.
- (4) No subsequent agreement may enhance the seniority of the obligations pursuant to § 2(2) or shorten the term of the Securities or any applicable notice period. Any redemption, repurchase or termination of the Securities prior to their scheduled maturity is subject to the prior approval of the competent authority. If the Securities are redeemed or repurchased otherwise than (i) in the circumstances described in § 2(2) or (ii) as a result of a redemption or repurchase as set forth in the Conditions, then the amounts paid must be returned to the Issuer irrespective of any agreement to the contrary.

IN CASE OF UNSUBORDINATED SECURITIES WHOSE RANKING IS SPECIFIED AS PREFERRED AND WHERE ELIGIBLE LIABILITIES FORMAT IS NOT APPLICABLE THE FOLLOWING APPLIES:

- (1) The obligations under the Securities constitute unsecured and unsubordinated preferred obligations of the Issuer ranking *pari passu* among themselves and with other unsecured and unsubordinated obligations of the Issuer, subject, however, to statutory priorities conferred to certain unsecured and unsubordinated obligations in the event of resolution measures being imposed on the Issuer or in the event of the dissolution, liquidation, insolvency, composition or other proceedings for the avoidance of insolvency of, or against, the Issuer.

In accordance with § 46f(5) of the German Banking Act (*Kreditwesengesetz*, "KWG"), the obligations under the Securities rank in priority of those under debt instruments of the Issuer within the meaning of § 46f(6) sentence 1 KWG (also in conjunction with § 46f(9) KWG) or any successor provision, including eligible liabilities within the meaning of Articles 72a and 72b(2) of Regulation (EU) No. 575/2013 as supplemented or amended from time to time (Capital Requirements Regulation).

**IN CASE OF

SECURITIES THE
FOLLOWING
APPLIES:**

(2) Prior to any insolvency or liquidation of the Issuer, under bank resolution laws applicable to the Issuer from time to time, the competent resolution authority may write down (including to zero) the obligations of the Issuer under the Securities, convert them into equity (e.g. ordinary shares of the Issuer) or apply any other resolution measure, including (but not limited to) any transfer of such obligations to another entity, the amendment of the Conditions or a cancellation of the Securities.]

(1) The Securities are intended to qualify as own funds instruments within the meaning of Article 4(1) No. 119 of Regulation (EU) No. 575/2013 as supplemented or amended from time to time (Capital Requirements Regulation, "CRR") and, thus, to raise own funds within the meaning of the CRR ("**Own Funds**") in the form of tier 2 capital (*Ergänzungskapital*) within the meaning of Article 63 CRR or any successor provision of the Issuer.

(2) The obligations under the Securities constitute unsecured and subordinated obligations of the Issuer, ranking *pari passu* among themselves and subject to applicable law from time to time, *pari passu* with all other equally subordinated obligations of the Issuer constituting Own Funds in the form of tier 2 capital.

In the event of resolution measures being imposed on the Issuer or in the event of the dissolution, liquidation, insolvency, composition or other proceedings for the avoidance of insolvency of, or against, the Issuer, the obligations under the Securities shall be fully subordinated to all obligations which do not qualify as Own Funds; this includes (i) all claims of unsubordinated creditors of the Issuer (including claims against the Issuer under its unsecured and unsubordinated non-preferred debt instruments within the meaning of § 46f(6) sentence 1 of the German Banking Act (*Kreditwesengesetz*, "**KWG**") (also in conjunction with § 46f(9) KWG) or any successor provision thereof), (ii) the claims specified in § 39(1) Nos. 1 to 5 of the German Insolvency Code (*Insolvenzordnung*, "**InsO**") or any successor provision thereof and (iii) contractually subordinated obligations within the meaning of § 39(2) InsO or any successor provision thereof of the Issuer which do not qualify as Own Funds at the time of resolution measures being imposed on the Issuer or in the event of a dissolution, liquidation, insolvency, composition or other proceedings for the avoidance of insolvency of, or against, the Issuer. In any such event, no amounts shall be payable in respect of the Securities until all senior ranking obligations in accordance with this provision have been satisfied in full.

If the Securities do no longer qualify as tier 2 capital or other Own Funds, the obligations under the Securities will, pursuant to § 46f(7a) sentence 3 KWG, rank in priority to all claims from Own Funds.

(3) In accordance with § 10(5) KWG, no Securityholder may set off its claims arising under the Securities against any claims of the Issuer. No collateral or guarantee shall be provided at any time to secure claims of the Securityholders under the Securities; any collateral or guarantee already provided or granted in the future in connection with other liabilities of the Issuer may not be used for claims under the Securities.

(4) No subsequent agreement may limit the subordination pursuant to § 2(2) or shorten the term of the Securities or any applicable notice period. Any redemption, repurchase or termination of the Securities prior to their scheduled maturity is subject to the prior approval of the competent authority. If the Securities are redeemed or repurchased otherwise than (i) in the circumstances described in § 2(2) or (ii) as a result of a redemption or repurchase as set forth in the Conditions, then the amounts paid must be returned to the Issuer

irrespective of any agreement to the contrary.

- (ii) if the Recommending Body has not recommended such a spread, formula or methodology as described in paragraph (i) above, to be applied to the Recommended Replacement Rate in order to reduce or eliminate, to the extent reasonably practicable under the circumstances, any economic prejudice or benefit (as applicable) to Securityholders as a result of the replacement of the SARON with such Recommended Replacement Rate for purposes of determining SARON, which spread will be determined by the Issuer, acting in good faith and in a commercially reasonable manner, and be consistent with industry-accepted practices for fixed income securities with respect to which such Recommended Replacement Rate has replaced the SARON as the reference rate for purposes of determining the applicable rate of interest thereon;

occurred (or, if more than one SARON Index Cessation Event has occurred, the date on which the first of such events occurred).]

[If SOFR is applicable, the following applies:

- (A) *SOFR Fallback Rate Determination.* If SOFR in respect of any relevant U.S. Government Securities Business Day is not published on the SOFR Screen Page (and has not otherwise been published),
- (x) unless both a Benchmark Transition Event and its related Benchmark Replacement Date have occurred, then SOFR shall be the Secured Overnight Financing Rate in respect of the last U.S. Government Securities Business Day for which such rate was published on the SOFR Screen Page; or
 - (y) if a Benchmark Transition Event and its related Benchmark Replacement Date have occurred, then SOFR shall be the first alternative set forth in the order below that can be determined by the Issuer, acting in good faith and in a commercially reasonable manner:
 - (i) the sum of: (a) the alternate rate of interest that has been selected or recommended by the Relevant Governmental Body as the replacement for the then-current Benchmark for the applicable Corresponding Tenor and (b) the Benchmark Replacement Adjustment; or

"Benchmark Replacement Date" means the earliest to occur of the following events with respect to the then-current Benchmark:

"Benchmark Transition Event" means the occurrence of one or more of the following events with respect to the then-current Benchmark:

- (1) a public statement or publication of information by or on behalf of the administrator of the Benchmark announcing that such administrator has ceased or will cease to provide the Benchmark, permanently or indefinitely, provided that, at the time of such statement or publication, there is no successor administrator that will continue to provide the Benchmark;

(B) *SOFR ISDA Fallback Rate Determination.* If SOFR shall be determined pursuant to this sub-paragraph (B), then SOFR shall be:

(x) if a SOFR Index Cessation Event and a SOFR Index Cessation Effective Date have not both occurred (all as notified to the Calculation Agent by the Issuer), the daily secured overnight financing rate of the last U.S. Government Securities Business Day on which such rate was published on the SOFR Screen Page (the Issuer shall notify the Securityholders of the application of such rate in accordance with § [12]); or

(y) if a SOFR Index Cessation Event and a SOFR Index Cessation Effective Date have both occurred (all as notified to the Calculation Agent and to the Securityholders (in case of a notification to the Securityholders in accordance with § [12]) by the Issuer), then the Calculation Agent shall calculate SOFR from (and including) the first U.S. Government Securities Business Day within the relevant Observation Period on which SOFR is no longer available as if references to SOFR were references to the rate (the **"SOFR Successor Rate"**) that was notified to the Calculation Agent and to the Securityholders (in case of a notification to the Securityholders in accordance with § [12]) by the Issuer as being the rate that was recommended as the replacement for the daily Secured Overnight Financing Rate by the Federal Reserve Board or, failing which, the Federal Reserve Bank of New York or, failing which, a committee officially endorsed or convened by the Federal Reserve Board or, failing which, the Federal Reserve Bank of New York for the purpose of recommending a replacement for the daily Secured Overnight Financing Rate (which rate may be produced by the Federal Reserve Bank of New York or, failing which, any other designated administrator (together, the **"SOFR Successor Administrator"**)), and which rate may include any adjustments or spreads, which the SOFR Successor Administrator determines are required to be applied to the SOFR

If:

- (x) no such SOFR Successor Rate has been recommended prior to or on the SOFR Index Cessation Effective Date (as notified by the Issuer to the Calculation Agent), then the Calculation Agent shall calculate the Secured Overnight Financing Rate from (and including) the first U.S. Government Securities Business Day within the relevant Observation Period on which SOFR is no longer available as if (i) references to the Secured Overnight Financing Rate or SOFR were references to OBFR, (ii) references to U.S. Government Securities Business Days were references to New York City Banking Days, (iii) references to a SOFR Index Cessation Event were references to an OBFR Index Cessation Event, (iv) references to the SOFR Successor Administrator were references to the OBFR Successor Administrator, (v) references to the SOFR Successor Rate were references to an OBFR successor rate, and (vi) references to the SOFR Index Cessation Effective Date were references to the OBFR Index Cessation Effective Date (the Issuer shall notify the Securityholders of the application of OBFR in accordance with § [12]); or
- (y) no such SOFR Successor Rate has been recommended prior to or on the SOFR Index Cessation Effective Date and an OBFR Index Cessation Event has occurred (all as notified to the Calculation Agent and to the Securityholders (in case of a notification to the Securityholders in accordance with § [12]) by the Issuer), then the Calculation Agent shall calculate the Secured Overnight Financing Rate from (and including) the first U.S. Government Securities Business Day within the relevant Observation Period on which SOFR is no longer available as if (i) references to the Secured Overnight Financing Rate or SOFR were references to the FOMC Target Rate, (ii) references to U.S. Government Securities Business Days were references to New York City Banking Days, and (iii) references to the SOFR Screen Page were references to the Website of the Federal Reserve (the Issuer shall notify the Securityholders of the application of the FOMC Target Rate in accordance with § [12]).

In the event that the [Rate of Interest] [Rate of Interest I] [Rate of Interest II] cannot otherwise be determined in accordance with the provisions herein in relation to any [Interest Accrual Period] [Rate of Interest I Period] [Rate of Interest II Period], the [Rate of Interest] [Rate of Interest I] [Rate of Interest II] in respect of such [Interest Accrual Period] [Rate of Interest I Period] [Rate of Interest II Period] will be (i) calculated by the Calculation Agent for the [Interest Accrual Period] [Rate of Interest I Period] [Rate of Interest II Period] in which the SOFR Index Cessation Effective Date as well as the OBFR Index Cessation Event have occurred and no FOMC Target Rate is available (the "**Cessation Interest Accrual Period**"), by applying the daily secured overnight financing rate of the last U.S. Government Securities Business Day in such Cessation [Interest Accrual Period] [Rate of Interest I Period] [Rate of Interest II Period] on which such rate was published on the SOFR Screen Page (all as notified to the Calculation Agent and to the Securityholders (in case of a notification to the

[If TONA is applicable, the following applies:

TONA Fallback Rate Determination. If, in respect of any relevant Tokyo Business Day, TONA is not available on the TONA Screen Page at the TONA Determination Time (and has not otherwise been published), then TONA in respect of such Tokyo Business Day shall be determined as follows:

- (x) if a TONA Index Cessation Event and a TONA Index Cessation Effective Date have not both occurred at or prior to the TONA Determination Time in respect of such Tokyo Business Day (all as notified to the Calculation Agent by the Issuer), TONA for such Tokyo Business Day shall be the TONA published on the TONA Screen Page in respect of the last preceding Tokyo Business Day (the Issuer shall notify the Securityholders of the application of such rate in accordance with § [12]); or

If:

- (x) there is a JPY Recommended Rate before the end of the first Tokyo Business Day following the TONA Index Cessation Effective Date but the TONA Administrator does not provide or publish the JPY Recommended Rate, then, subject to the below, in respect of any day for which the JPY Recommended Rate is required, references to the JPY Recommended Rate will be deemed to be references to the last provided or published JPY Recommended Rate. However, if there is no last provided or published JPY Recommended Rate, then in respect of any day for which the JPY Recommended Rate is required, references to the JPY Recommended Rate will be deemed to be references to the last provided or published TONA;
- (y) (a) there is no JPY Recommended Rate before the end of the first Tokyo Business Day following the TONA Index Cessation Effective Date; or (b) there is a JPY Recommended Rate and a JPY Recommended Rate Index Cessation Effective Date subsequently occurs, then the Calculation Agent shall calculate TONA from (and including) the first Tokyo Business Day within the relevant Observation Period on which TONA or the JPY Recommended Rate is no longer available (as applicable) by making use of a commercially reasonable alternative rate for TONA or the JPY Recommended Rate (as applicable), determined by the Issuer, acting in good faith and in a commercially reasonable manner, taking into account any rate implemented by central counterparties and/or futures exchanges, in each case with trading volumes in derivatives or futures referencing TONA or the JPY Recommended Rate (as applicable) that the Issuer, acting in good faith and in a commercially reasonable manner, considers sufficient for that rate to be a representative alternative rate.

In the event that the [Rate of Interest] [Rate of Interest I] [Rate of Interest II] cannot otherwise be determined in accordance with the provisions herein in

relation to any [Interest Accrual Period] [Rate of Interest I Period] [Rate of Interest II Period], the [Rate of Interest] [Rate of Interest I] [Rate of Interest II] in respect of such [Interest Accrual Period] [Rate of Interest I Period] [Rate of Interest II Period] will be (i) the Compounded Daily TONA determined in relation to the Securities in respect of the last preceding [Interest Accrual Period] [Rate of Interest I Period] [Rate of Interest II Period] [(though substituting, where a different [Margin] [Margin I] [Margin II][,] [and/or] [Minimum [Rate of Interest] [Rate of Interest I] [Rate of Interest II]][,] [and/or] [Maximum [Rate of Interest] [Rate of Interest I] [Rate of Interest II]] is to be applied to the relevant [Interest Accrual Period] [Rate of Interest I Period] [Rate of Interest II Period] from that which applied to the last preceding [Interest Accrual Period] [Rate of Interest I Period] [Rate of Interest II Period], the [Margin] [Margin I] [Margin II][,] [or] [Minimum [Rate of Interest] [Rate of Interest I] [Rate of Interest II]][,] [or] [Maximum [Rate of Interest] [Rate of Interest I] [Rate of Interest II]]], as applicable] relating to the relevant [Interest Accrual Period] [Rate of Interest I Period] [Rate of Interest II Period], in place of the [Margin] [Margin I] [Margin II][,] [or] [Minimum [Rate of Interest] [Rate of Interest I] [Rate of Interest II]][,] [or] [Maximum [Rate of Interest] [Rate of Interest I] [Rate of Interest II]]], as applicable] relating to that last preceding [Interest Accrual Period] [Rate of Interest I Period] [Rate of Interest II Period]) or (ii) if there is no such preceding [Interest Accrual Period] [Rate of Interest I Period] [Rate of Interest II Period], the Compounded Daily TONA which would have been applicable to the Securities for the first scheduled [Interest Period] [Rate of Interest I Period] [Rate of Interest II Period] had the Securities been in issue for a period equal in duration to the first scheduled [Interest Period] [Rate of Interest I Period] [Rate of Interest II Period] but ending on (and excluding) the [Interest Commencement Date] [interest commencement date of the first scheduled [Interest Period] [Rate of Interest I Period] [Rate of Interest II Period]] [(but applying the [Margin] [Margin I] [Margin II][,] [and] [Minimum [Rate of Interest] [Rate of Interest I] [Rate of Interest II]][,] [and] [Maximum [Rate of Interest] [Rate of Interest I] [Rate of Interest II]] applicable to the first scheduled [Interest Period] [Rate of Interest I Period] [Rate of Interest II Period]])].

- Emissionsbedingungen für festverzinsliche Anleihen und Nullkupon-Anleihen (Option I),
- Emissionsbedingungen für variabel verzinsliche Anleihen (Option II),
- Emissionsbedingungen für festverzinsliche Pfandbriefe und Nullkupon-Pfandbriefe (Option III),
- Emissionsbedingungen für variabel verzinsliche Pfandbriefe (Option IV), und
- Emissionsbedingungen für Anleihen mit Zinswechsel (Option V).

Der Satz von Emissionsbedingungen für jede dieser Optionen enthält bestimmte weitere Optionen, die entsprechend gekennzeichnet sind, indem die jeweilige optionale Bestimmung durch Instruktionen und Erklärungen entweder in der linken Spalte der Emissionsbedingungen oder in eckigen Klammern innerhalb der Emissionsbedingungen bezeichnet wird.

In den Endgültigen Bedingungen wird die Emittentin festlegen, welche der Option I, Option II, Option III, Option IV oder Option V (einschließlich der jeweils darin enthaltenen bestimmten weiteren Optionen) für die einzelne Emission von Schuldverschreibungen Anwendung findet, indem entweder die betreffenden Angaben wiederholt werden oder auf die betreffenden Optionen verwiesen wird.

Soweit die Emittentin zum Zeitpunkt der Billigung der Wertpapierbeschreibung für das Debt Issuance Programme keine Kenntnis von bestimmten Angaben hatte, die auf eine einzelne Emission von Schuldverschreibungen anwendbar sind und bei denen es sich um Kategorie B oder C Informationen gemäß der Delegierten Verordnung (EU) 2019/980 in ihrer geänderten Fassung handelt, enthält diese Wertpapierbeschreibung Leerstellen in eckigen Klammern, die maßgeblichen durch die Endgültigen Bedingungen zu vervollständigenden Angaben enthalten.

Emissionsbedingungen für Festverzinsliche Anleihen und Nullkupon-Anleihen (Option I)

Diese Serie von Anleihen (die "**Schuldverschreibungen**") wird gemäß einem Zahlstellenvertrag vom 19. Juni 2023 (einschließlich einer etwaigen geänderten, ergänzten und/oder neu gefassten Fassung dieses Vertrags, das "**Agency Agreement**") begeben, der unter anderem zwischen Deutsche Bank Aktiengesellschaft als Emittentin und Deutsche Bank Aktiengesellschaft als Fiscal Agent und den anderen darin genannten Parteien geschlossen wurde. Kopien des Agency Agreement können kostenfrei bei der bezeichneten Geschäftsstelle des Fiscal Agent, der bezeichneten Geschäftsstelle jeder Zahlstelle sowie der Hauptgeschäftsstelle der Emittentin bezogen werden.

IM FALL VON ENGLISCH-RECHTLICHEN SCHULDVERSCHREIBUNGEN GILT FOLGENDES:

Die Gläubiger der Schuldverschreibungen [und die Inhaber von Zinsscheinen] sind berechtigt, Rechte aus der von der Emittentin ausgefertigten Deed of Covenant (die "**Deed of Covenant**") vom 19. Juni 2023 auszuüben. Das Original der Deed of Covenant wird von einer gemeinsamen Verwahrstelle (*common depository*) für die Clearing Systeme verwahrt.

FALLS DIE IN DIESER OPTION I AUFGEFÜHRTEN EMISSIONS-BEDINGUNGEN NICHT IN DEN ENDGÜLTIGEN BEDINGUNGEN WIEDERHOLT UND VERVOLLSTÄNDIGT WERDEN, GILT FOLGENDES:

Für jede Tranche von Schuldverschreibungen gelten endgültige Bedingungen (jeweils die "**Endgültigen Bedingungen**"). Die Bestimmungen der nachstehenden Bedingungen gelten für die Schuldverschreibungen in der jeweils durch die Bestimmungen von Teil I der anwendbaren Endgültigen Bedingungen vervollständigten Form (in seiner für die Zwecke der Schuldverschreibungen ergänzten, ersetzten oder geänderten Form). Die Leerstellen in den auf die Schuldverschreibungen anwendbaren Bestimmungen dieser Bedingungen gelten als durch die in den Endgültigen Bedingungen enthaltenen Angaben ausgefüllt, als ob diese Angaben in die betreffenden Bestimmungen eingefügt wären; alternative oder wählbare Bestimmungen dieser Bedingungen, deren Entsprechungen in den Endgültigen Bedingungen nicht ausdrücklich ausgefüllt oder die gestrichen sind, gelten als aus diesen Bedingungen gestrichen; sämtliche auf die Schuldverschreibungen nicht anwendbaren Bestimmungen dieser Bedingungen (einschließlich der Anweisungen, Anmerkungen und der Texte in eckigen Klammern) gelten als aus diesen Bedingungen gestrichen, so dass die Bestimmungen der Endgültigen Bedingungen Geltung erhalten.

Jedem Gläubiger der Schuldverschreibungen steht für Zwecke des Schweizer Rechts im Umfang seiner Forderung gegen die Emittentin ein Miteigentumsanteil an der Dauerglobalurkunde zu, wobei, solange die Schuldverschreibungen Bucheffekten darstellen, der Miteigentumsanteil außer Kraft gesetzt ist und die Schuldverschreibungen nur durch Gutschrift der zu übertragenden Schuldverschreibungen in einem Effektenkonto des Empfängers übertragen werden können.

Die Unterlagen der Verwahrungsstelle bestimmen die Anzahl Schuldverschreibungen, die durch jeden Teilnehmer der Verwahrungsstelle gehalten wird. In Bezug auf Schuldverschreibungen, welche Bucheffekten darstellen, gelten diejenigen Personen als Gläubiger der Schuldverschreibungen (die "**Gläubiger der Schuldverschreibungen**"), die die Schuldverschreibungen in einem auf ihren Namen lautenden Effektenkonto für eigene Rechnung halten, bzw. im Falle von Verwahrungsstellen, die die Schuldverschreibungen in einem auf ihren Namen lautenden Effektenkonto auf eigene Rechnung halten.

Die Gläubiger der Schuldverschreibungen haben nicht das Recht, die Umwandlung der Dauerglobalurkunde in Wertrechte oder Wertpapiere bzw. die Lieferung von Wertrechten oder Wertpapieren zu verlangen oder zu veranlassen.

Beschlüsse, durch die der wesentliche Inhalt der Bedingungen nicht geändert wird, bedürfen zu ihrer Wirksamkeit einer einfachen Mehrheit von mindestens [50] **[andere Mehrheit, die größer als 50 % ist]** % der teilnehmenden Stimmrechte. Jeder Gläubiger der Schuldverschreibungen nimmt an Abstimmungen nach Maßgabe des Nennwerts oder des rechnerischen Anteils seiner Berechtigung an den ausstehenden Schuldverschreibungen teil. Das Stimmrecht ruht, solange die Schuldverschreibungen der Emittentin oder einem mit ihr verbundenen Unternehmen (§ 271 Absatz 2 Handelsgesetzbuch) zustehen oder für Rechnung der Emittentin oder eines mit ihr verbundenen Unternehmen gehalten werden.

[Falls für einzelne Maßnahmen eine höhere Mehrheit vorgeschrieben ist, gilt Folgendes: Beschlüsse über folgende Maßnahmen bedürfen zu ihrer Wirksamkeit einer Mehrheit von mindestens [●] % der teilnehmenden Stimmrechte: [●].]
- (3) *Beschlussfassung.* Beschlüsse der Gläubiger der Schuldverschreibungen werden im Wege einer Abstimmung ohne Versammlung nach § 18 Schuldverschreibungsgesetz getroffen.
- (4) *Nachweise.* Gläubiger der Schuldverschreibungen haben die Berechtigung zur Teilnahme an der Abstimmung zum Zeitpunkt der Stimmgabe durch besonderen Nachweis der Depotbank gemäß § [15](3)(i) dieser Bedingungen und die Vorlage eines Sperrvermerks der Depotbank, der für den Abstimmungszeitraum gilt, nachzuweisen.

[Falls kein Gemeinsamer Vertreter in den Bedingungen bestellt wird und die Gläubiger einen Gemeinsamen Vertreter durch Mehrheitsbeschluss bestellen können, gilt Folgendes:

- (5) *Gemeinsamer Vertreter.* Die Gläubiger der Schuldverschreibungen können durch Mehrheitsbeschluss zur Wahrnehmung ihrer Rechte einen gemeinsamen Vertreter (der "**Gemeinsame Vertreter**") für alle Gläubiger bestellen oder diesen abberufen, die Aufgaben und Befugnisse des Gemeinsamen Vertreters festlegen, Rechte der Gläubiger der Schuldverschreibungen auf den Gemeinsamen Vertreter übertragen und die Beschränkung der Haftung des Gemeinsamen Vertreters bestimmen. Die Bestellung eines Gemeinsamen Vertreters bedarf einer Qualifizierten Mehrheit (siehe vorstehenden Absatz (2)), wenn er ermächtigt wird, wesentlichen Änderungen der Bedingungen zuzustimmen.

[Falls ein Gemeinsamer Vertreter in den Bedingungen bestimmt wird, gilt Folgendes:

- (5) *Gemeinsamer Vertreter.* Gemeinsamer Vertreter (der "**Gemeinsame Vertreter**") für alle Gläubiger der Schuldverschreibungen zur Wahrnehmung ihrer Rechte ist: [●]. Der Gemeinsame Vertreter kann von den Gläubigern jederzeit ohne Angabe von Gründen abberufen werden.

Der Gemeinsame Vertreter ist befugt, nach seinem Ermessen zu dem von ihm bestimmten Maßnahmen [eine Gläubigerversammlung einzuberufen] [zu einer Abstimmung der Gläubiger ohne Versammlung aufzufordern] und die [Versammlung] [Abstimmung] zu leiten. **[Gegebenenfalls weitere Aufgaben des Gemeinsamen Vertreters: [●]]**

Der Gemeinsame Vertreter hat die Weisungen der Gläubiger der Schuldverschreibungen zu befolgen. Soweit er zur Geltendmachung von Rechten der Gläubiger der Schuldverschreibungen ermächtigt ist, sind die einzelnen Gläubiger der Schuldverschreibungen zur selbständigen Geltendmachung dieser Rechte nicht befugt, es sei denn, die Gläubiger bestimmen durch Mehrheitsbeschluss etwas anderes. Über seine Tätigkeit hat der Gemeinsame Vertreter den Gläubigern zu berichten.

Der Gemeinsame Vertreter haftet den Gläubigern als Gesamtgläubiger für die ordnungsgemäße Erfüllung seiner Aufgaben; bei seiner Tätigkeit hat er die Sorgfalt eines ordentlichen und gewissenhaften Geschäftsleiters anzuwenden. Die Haftung des Gemeinsamen Vertreters ist auf das Zehnfache seiner jährlichen Vergütung beschränkt, es sei denn, dem Gemeinsamen Vertreter fällt Vorsatz oder grobe Fahrlässigkeit zur Last. Die Haftung des Gemeinsamen Vertreters kann durch Beschluss der Gläubiger weiter beschränkt werden. Über die Geltendmachung von Ersatzansprüchen der Gläubiger gegen den Gemeinsamen Vertreter entscheiden die Gläubiger.]

Die Versammlung ist zum Zweck der Fassung eines Außerordentlichen Beschlusses beschlussfähig, wenn zwei oder mehr Personen anwesend sind, die mindestens 50 % des Nennbetrags der zu dem betreffenden Zeitpunkt ausstehenden Schuldverschreibungen halten oder vertreten; bei einer vertagten Versammlung ist die Beschlussfähigkeit gegeben, wenn zwei oder mehr Personen anwesend sind, die Gläubiger der Schuldverschreibungen sind oder diese vertreten, unabhängig von dem Nennbetrag der gehaltenen oder vertretenen Schuldverschreibungen; davon abweichend gilt für Fälle, in denen die Versammlung sich mit Änderungen bestimmter Regelungen der Schuldverschreibungen oder der Zinsscheine (einschließlich einer Änderung des Fälligkeitstermins der Schuldverschreibungen oder eines Termins für die Zahlung von Zinsen auf die Schuldverschreibungen, einer Minderung oder Aufhebung des Nennbetrags oder des auf die Schuldverschreibungen zu zahlenden Zinssatzes oder einer Änderung der Währung, in der Zahlungen auf Schuldverschreibungen [oder Zinsscheine] erfolgen oder einer Änderung der Deed of Covenant in Bezug auf bestimmte Aspekte) befasst, dass die Beschlussfähigkeit gegeben ist, wenn zwei oder mehr Personen anwesend sind, die mindestens drei Viertel des Nennbetrags der zu dem betreffenden Zeitpunkt ausstehenden Schuldverschreibungen halten oder vertreten bzw., bei einer vertagten Versammlung, wenn eine oder mehr Personen anwesend sind, die mindestens ein Viertel des Nennbetrags der zu dem betreffenden Zeitpunkt ausstehenden Schuldverschreibungen halten oder vertreten. Ein in einer Versammlung der Gläubiger der Schuldverschreibungen gefasster Außerordentlicher Beschluss ist für alle Gläubiger der Schuldverschreibungen (unabhängig davon, ob diese in der Versammlung anwesend waren oder nicht) [sowie für alle Inhaber von Zinsscheinen] bindend.

Der Fiscal Agent und die Emittentin können ohne die Zustimmung der Gläubiger der Schuldverschreibungen [oder Inhaber von Zinsscheinen] das Folgende vereinbaren:

- (a) Änderungen (außer den vorstehend genannten) der Schuldverschreibungen [, Zinsscheine] oder des Agency Agreement, die keine Beeinträchtigung der Interessen der Gläubiger der Schuldverschreibungen darstellen, oder
- (b) Änderungen der Schuldverschreibungen [, Zinsscheine] oder des Agency Agreement, die formaler oder technischer Natur oder von untergeordneter Bedeutung sind oder die zu dem Zweck vorgenommen werden, einen offensichtlichen oder nachweislichen Fehler zu korrigieren oder zwingend vorgeschriebene gesetzliche Vorgaben zu erfüllen.

Jede solche Änderung ist für die Gläubiger der Schuldverschreibungen [und die Inhaber von Zinsscheinen] bindend und wird den Gläubigern der Schuldverschreibungen so bald wie praktikabel gemäß § [12] mitgeteilt.

Diese Serie von Anleihen (die "**Schuldverschreibungen**") wird gemäß einem Zahlstellenvertrag vom 19. Juni 2023 (einschließlich einer etwaigen geänderten, ergänzten und/oder neu gefassten Fassung dieses Vertrags, das "**Agency Agreement**") begeben, der unter anderem zwischen Deutsche Bank Aktiengesellschaft als Emittentin und Deutsche Bank Aktiengesellschaft als Fiscal Agent und den anderen darin genannten Parteien geschlossen wurde. Vorläufige Globalurkunde – Austausch. Die Schuldverschreibungen sind anfänglich durch eine vorläufige Globalurkunde (die "**Vorläufige Globalurkunde**" oder die "**Globalurkunde**") ohne Zinsscheine verbrieft. Die Vorläufige Globalurkunde wird (kostenfrei) gegen einzelne Schuldverschreibungen in [der] [den] Festgelegten Stückelung[en] in effektiver Form (die "**Einzelurkunden**") [mit beigefügten Zinsscheinen (die "**Zinsscheine**")] ausgetauscht. Die Vorläufige Globalurkunde wird von oder im Namen der Emittentin unterschrieben und vom oder im Namen des Fiscal Agent mit einer Kontrollunterschrift versehen. Einzelurkunden [und Zinsscheine] tragen die vervielfältigten Unterschriften zweier Zeichnungsberechtigter der Emittentin und die Einzelurkunden sind mit einer Kontrollunterschrift versehen.

Solange Schuldverschreibungen durch eine Vorläufige Globalurkunde verbrieft sind, erfolgen Zahlungen von Kapital- und etwaigen Zinsbeträgen sowie allen sonstigen gegebenenfalls in Bezug auf die Schuldverschreibungen zahlbaren Beträgen, die vor dem Austauschtag (wie nachstehend definiert) fällig werden, gegen Vorlage der Vorläufigen Globalurkunde nur insoweit, als dem betreffenden Clearing System eine Bescheinigung (gemäß einem vorzugebenden Muster) vorgelegt wird, wonach es sich gemäß den US-Steuervorschriften (*U.S. Treasury regulations*) bei den wirtschaftlichen Eigentümern (*beneficial owners*) der Anteile an den Schuldverschreibungen nicht um US-Personen oder um Personen, die diese Anteile zum Weiterverkauf an US-Personen erworben haben, handelt, und das betreffende Clearing System eine entsprechende Bescheinigung (basierend auf den bei ihm eingegangenen Bescheinigungen) gegenüber dem Fiscal Agent abgegeben hat.

Solange eine der Schuldverschreibungen durch eine Globalurkunde verbrieft ist, die von einem Clearing System oder [einem (gemeinsamen) Verwahrer] [einer (gemeinsamen) Verwahrstelle] für das bzw. die Clearing System(e) verwahrt wird, wird jede Person (mit Ausnahme des Clearing Systems bzw. der Clearing Systeme), die in den Unterlagen des Clearing Systems bzw. der Clearing Systeme jeweils als Gläubiger eines bestimmten Nennbetrags dieser Schuldverschreibungen aufgeführt ist (wobei in diesem Zusammenhang sämtliche von dem bzw. den Clearing System(en) hinsichtlich des einer Person zustehenden Nennbetrags dieser Schuldverschreibungen ausgestellten Bescheinigungen oder sonstigen Dokumenten in jeder Hinsicht endgültig und bindend sind, sofern nicht ein offensichtlicher Irrtum vorliegt) von der Emittentin, dem Fiscal Agent, der bzw. den Zahlstelle(n) und der Berechnungsstelle in jeder Hinsicht als Gläubiger des betreffenden Nennbetrags dieser Schuldverschreibungen behandelt. Dies gilt jedoch nicht in Bezug auf Kapital- und Zinszahlungen auf den Nennbetrag dieser Schuldverschreibungen; in dieser Hinsicht wird der Inhaber der betreffenden Globalurkunde von der Emittentin, dem Fiscal Agent, der bzw. den Zahlstelle(n) und der Berechnungsstelle als Gläubiger des Nennbetrags dieser Schuldverschreibungen nach Maßgabe und vorbehaltlich der Bestimmungen der betreffenden Globalurkunde behandelt (wobei "**Schuldverschreibungsgläubiger**" und "**Gläubiger der Schuldverschreibungen**" und ähnliche Bezeichnungen entsprechend auszulegen sind).]

[im Fall von Schuldverschreibungen, die durch Deutsche Bank AG, Filiale New York begeben werden, gilt Folgendes: In einer Effekten girovereinbarung (*book entry registration agreement*) haben die Emittentin und CBF vereinbart, dass CBF als Effekten giroregisterstelle (*book entry registrar*) der Emittentin im Zusammenhang mit den Schuldverschreibungen fungieren wird. Unbeschadet der Emission der Schuldverschreibungen als Inhaberpapiere nach deutschem Recht hat CBF sich in dieser Eigenschaft verpflichtet, als Beauftragte der Emittentin Unterlagen über die den Kontoinhabern von CBF gutgeschriebenen Schuldverschreibungen zu führen.]

Die Verbindlichkeiten stehen untereinander und mit allen anderen nicht besicherten und nicht nachrangigen Verbindlichkeiten aus nicht bevorrechtigten Schuldtiteln der Emittentin im Sinne von § 46f Abs. 6 Satz 1 KWG (auch in Verbindung mit § 46f Abs. 9 KWG) oder einer Nachfolgebestimmung im gleichen Rang.

Abwendung der Insolvenz der Emittentin dienenden Verfahrens gegen die Emittentin die Verbindlichkeiten aus den Schuldverschreibungen den nicht nachrangigen Ansprüchen von dritten Gläubigern der Emittentin, die keine Verbindlichkeiten im Sinne von § 46f Abs. 6 Satz 1 KWG (auch in Verbindung mit § 46f Abs. 9 KWG) oder gemäß einer Nachfolgebestimmung sind, im Rang nach; diese Ansprüche umfassen berücksichtigungsfähige Verbindlichkeiten im Sinne von Artikel 72b Abs. 2 CRR, bei denen Buchstabe d) nicht einschlägig ist. In einem solchen Fall erfolgen Zahlungen auf die Schuldverschreibungen so lange nicht, wie die nicht nachrangigen Ansprüche dieser dritten Gläubiger der Emittentin nicht vollständig befriedigt sind.

(3) In Einklang mit § 10 Abs. 5 KWG ist die Aufrechnung von Forderungen aus den Schuldverschreibungen gegen Forderungen der Emittentin ausgeschlossen. Den Gläubigern wird für ihre Rechte aus den Schuldverschreibungen zu keinem Zeitpunkt eine Sicherheit oder Garantie gestellt; bereits gestellte oder zukünftig gestellte Sicherheiten oder Garantien im Zusammenhang mit anderen Verbindlichkeiten der Emittentin haften nicht für Forderungen aus den Schuldverschreibungen.

Eine Rückzahlung, ein Rückkauf oder eine Kündigung der Schuldverschreibungen vor Endfälligkeit ist nur mit einer vorherigen Zustimmung der hierfür zuständigen Behörde zulässig. Werden die Schuldverschreibungen (i) unter anderen als den in § 2(2) beschriebenen Umständen oder (ii) anders als infolge einer Rückzahlung oder eines Rückkaufs nach Maßgabe dieser Bedingungen zurückgezahlt oder von der Emittentin zurückerworben, so ist der gezahlte Betrag der Emittentin ohne Rücksicht auf entgegenstehende Vereinbarungen zurückzugewähren.

- (1) Die Schuldverschreibungen begründen nicht besicherte, nicht nachrangige, bevorrechtigte Verbindlichkeiten der Emittentin, die untereinander und mit anderen nicht besicherten und nicht nachrangigen Verbindlichkeiten der Emittentin im gleichen Rang stehen, jedoch vorbehaltlich eines Vorrangs, der bestimmten nicht besicherten und nicht nachrangigen Verbindlichkeiten der Emittentin aufgrund gesetzlicher Bestimmungen im Fall von Abwicklungsmaßnahmen in Bezug auf die Emittentin oder im Fall der Auflösung, der Liquidation oder der Insolvenz oder eines Vergleichs oder eines anderen der Abwendung der Insolvenz dienenden Verfahrens gegen die Emittentin eingeräumt wird.

IM FALL VON NACHRANGIGEN SCHULDVERSCHREIBUNGEN GILT FOLGENDES:

- (1) Zweck der Schuldverschreibungen ist es, der Emittentin als Eigenmittelinstrumente im Sinne von Artikel 4 Abs. 1 Nr. 119 der Verordnung (EU) Nr. 575/2013 in ihrer jeweils ergänzten oder geänderten Fassung (*Capital Requirements Regulation* – "**CRR**") und damit zur Aufnahme von Eigenmitteln im Sinne der CRR ("**Eigenmittel**") in Form von Ergänzungskapital im Sinne von Artikel 63 CRR oder einer Nachfolgebestimmung zu dienen.

- (2) Die Schuldverschreibungen begründen nicht besicherte, nachrangige Verbindlichkeiten der Emittentin, die untereinander und gemäß den jeweils geltenden gesetzlichen Vorschriften mit allen anderen ebenso nachrangigen Verbindlichkeiten der Emittentin aus Eigenmitteln in Form von Ergänzungskapital im gleichen Rang stehen.

Im Fall von Abwicklungsmaßnahmen in Bezug auf die Emittentin oder im Fall der Auflösung, der Liquidation oder der Insolvenz der Emittentin oder eines Vergleichs oder eines anderen der Abwendung einer Insolvenz dienenden Verfahrens gegen die Emittentin gehen die Verbindlichkeiten aus den Schuldverschreibungen allen Verbindlichkeiten der Emittentin, die nicht als Eigenmittel zu qualifizieren sind, im Rang nach; diese Ansprüche umfassen (i) nicht nachrangige Verbindlichkeiten (einschließlich Ansprüchen gegen die Emittentin aus deren nicht besicherten und nicht nachrangigen Verbindlichkeiten aus nicht bevorrechtigten Schuldtiteln im Sinne von § 46f Abs. 6 Satz 1 des Kreditwesengesetzes ("**KWG**") (auch in Verbindung mit § 46f Abs. 9 KWG) oder einer Nachfolgebestimmung), (ii) die in § 39 Abs. 1 Nr. 1 bis 5 der Insolvenzordnung ("**InsO**") oder einer Nachfolgebestimmung bezeichneten Forderungen sowie (iii) vertraglich nachrangige Verbindlichkeiten der Emittentin gemäß § 39 Abs. 2 InsO oder einer Nachfolgebestimmung, die zum Zeitpunkt von Abwicklungsmaßnahmen in Bezug auf die Emittentin oder im Fall der Auflösung, der Liquidation oder der Insolvenz der Emittentin oder eines Vergleichs oder eines anderen der Abwendung einer Insolvenz dienenden Verfahrens gegen die Emittentin, nicht als Eigenmittel zu qualifizieren sind. In einem solchen Fall erfolgen Zahlungen auf die Schuldverschreibungen so lange nicht, wie die Ansprüche dieser dritten Gläubiger der Emittentin nicht vollständig befriedigt sind.

Wenn die Schuldverschreibungen nicht mehr als Ergänzungskapital oder andere Eigenmittel qualifizieren, gehen gemäß § 46f Abs. 7a Satz 3 KWG die Verbindlichkeiten aus den Schuldverschreibungen sämtlichen Ansprüchen aus Eigenmitteln vor.

- (3) In Einklang mit § 10 Abs. 5 KWG ist die Aufrechnung von Forderungen aus den Schuldverschreibungen gegen Forderungen der Emittentin ausgeschlossen. Den Gläubigern wird für ihre Rechte aus den Schuldverschreibungen zu keinem Zeitpunkt eine Sicherheit oder Garantie gestellt; bereits gestellte oder zukünftig gestellte Sicherheiten oder Garantien im Zusammenhang mit anderen Verbindlichkeiten der Emittentin haften nicht für Forderungen aus den Schuldverschreibungen.

Die Berechnungsstelle legt den Zinssatz an den für die Festlegung des Zinssatzes jeweils vorgesehenen Terminen oder so bald wie möglich danach fest.
- [(7)] *Mitteilungen von Zinssatz und Zinsbetrag.* Die Berechnungsstelle wird veranlassen, dass der Zinssatz und jeder Zinsbetrag für eine jede Zinsperiode der Emittentin und den Gläubigern der Schuldverschreibungen gemäß § [12] und, sofern die Vorschriften einer Börse, an der die Schuldverschreibungen zu dem betreffenden Zeitpunkt zum Handel zugelassen sind, dies verlangen, der betreffenden Börse so bald wie möglich nach der Feststellung, keinesfalls aber später als am [vierten Geschäftstag] [anderer Zeitpunkt] nach der Feststellung mitgeteilt werden. [Falls €STR anwendbar ist, gilt Folgendes:

Festlegung des €STR-Ersatzzinssatzes. Falls in Bezug auf einen maßgeblichen T2-Geschäftstag $\text{€STR}_{i-[5][\bullet]TBD}$ nicht auf der €STR-Bildschirmseite bereitgestellt wird (und auch nicht auf andere Weise veröffentlicht worden ist), so wird $\text{€STR}_{i-[5][\bullet]TBD}$ in Bezug auf den betreffenden T2-Geschäftstag wie folgt bestimmt:

- (x) ist auch kein €STR-Index-Einstellungsereignis eingetreten, so ist $\text{€STR}_{i-[5][\bullet]TBD}$ für den betreffenden T2-Geschäftstag der am letzten T2-Geschäftstag vor dem betreffenden T2-Geschäftstag auf der Bildschirmseite veröffentlichte €STR; oder
- (y) sind sowohl ein €STR-Index-Einstellungsereignis als auch ein €STR-Index-Einstellungstichtag eingetreten, so wird der (zur Berechnung des Zinssatzes verwendete) Referenzsatz für jeden Tag in einem Beobachtungszeitraum, der an oder nach dem €STR-Index-Einstellungstichtag liegt, so ermittelt, als wären Bezugnahmen auf $\text{€STR}_{i-[5][\bullet]TBD}$ Bezugnahmen auf den EZB-Empfehlungsreferenzsatz _{$_{i-[5][\bullet]TBD}$} .

Wenn:

- (x) vor Ablauf des ersten T2-Geschäftstags nach dem Tag, an dem das €STR-Index-Einstellungsereignis eintritt, kein solcher (zur Berechnung des Zinssatzes verwendeter) Referenzsatz empfohlen wird, so wird der Referenzsatz für jeden Tag in einem Beobachtungszeitraum, der an oder nach dem €STR-Index-Einstellungstichtag liegt, so ermittelt, als wären Bezugnahmen auf €STR_{i-[5][•]TBD} Bezugnahmen auf den Modifizierten EDFR (€STR)_{i-[5][•]TBD}; oder
- (y) anschließend ein Index-Einstellungsereignis betreffend den EZB-Empfehlungsreferenzsatz eintritt, so wird der (zur Berechnung des Zinssatzes verwendete) Referenzsatz für jeden Tag in einem Beobachtungszeitraum, der an oder nach dem Index-Einstellungstichtag betreffend den EZB-Empfehlungsreferenzsatz liegt, so ermittelt, als wären Bezugnahmen auf €STR_{i-[5][•]TBD} Bezugnahmen auf den Modifizierten EDFR (€STR)_{i-[5][•]TBD}.

Kann der Zinssatz nicht anderweitig gemäß den Bestimmungen dieser Bedingungen in Bezug auf eine Zinsberechnungsperiode ermittelt werden, entspricht der Zinssatz für die betreffende Zinsberechnungsperiode (i) demjenigen Compounded Daily €STR, der in Bezug auf die Schuldverschreibungen für die letzte vorangegangene Zinsberechnungsperiode ermittelt wurde [(wobei jedoch, soweit in Bezug auf die maßgebliche Zinsberechnungsperiode [eine andere] [Marge][,] [und/oder] [ein anderer Mindestzinssatz][,] [und/oder] [ein anderer Höchstzinssatz] anzuwenden ist als bei der letzten vorangegangenen Zinsberechnungsperiode, [die] [Marge][,] [bzw.] [der Mindestzinssatz][,] [bzw.] [der Höchstzinssatz] für die maßgebliche Zinsberechnungsperiode anstelle [der] [Marge][,] [bzw.] [des Mindestzinssatzes][,] [bzw.] [des Höchstzinssatzes] für die betreffende letzte vorangegangene Zinsberechnungsperiode zu verwenden ist)] oder (ii) falls es keine solche vorangegangene Zinsberechnungsperiode gibt, dem Compounded Daily €STR, der für die erste vorgesehene Zinsperiode auf die Schuldverschreibungen anwendbar gewesen wäre, wenn die Schuldverschreibungen bereits zuvor für einen Zeitraum im Umlauf befindlich gewesen wären, dessen Dauer der ersten vorgesehenen Zinsperiode entsprochen hätte und der am Verzinsungsbeginn (ausschließlich) geendet hätte [(jedoch unter Anwendung [der] [Marge][,] [und] [der Gegenläufigen Marge][,] [und] [der Partizipation][,] [und] [des Mindestzinssatzes][,] [und] [des Höchstzinssatzes], [die] [bzw.] [der] auf die erste vorgesehene Zinsperiode anwendbar war)].

[Falls SARON anwendbar ist, gilt Folgendes:

Festlegung des SARON-Ersatzzinssatzes. Falls in Bezug auf einen maßgeblichen Züricher Geschäftstag SARON zum SARON-Index-

Feststellungszeitpunkt nicht auf der SARON-Bildschirmseite bereitgestellt wird (und auch nicht auf andere Weise veröffentlicht worden ist), so wird der SARON in Bezug auf den betreffenden Züricher Geschäftstag wie folgt bestimmt:

- (x) falls vor oder zum SARON-Index-Feststellungszeitpunkt in Bezug auf den betreffenden Züricher Geschäftstag kein SARON-Index-Einstellungsereignis und kein SARON-Index-Einstellungstichtag eingetreten sind (wie der Berechnungsstelle von der Emittentin jeweils mitgeteilt), ist SARON in Bezug auf den betreffenden Züricher Geschäftstag derjenige SARON, der auf der SARON-Bildschirmseite mit Bezug auf den letzten vorhergehenden Züricher Geschäftstag veröffentlicht wurde (wobei die Emittentin den Gläubigern die Anwendung dieses Satzes durch Veröffentlichung gemäß § [12] mitteilen wird); oder
- (y) falls vor oder zum SARON-Index-Feststellungszeitpunkt in Bezug auf den betreffenden Züricher Geschäftstag sowohl ein SARON-Index-Einstellungsereignis als auch ein SARON-Index-Einstellungstichtag eingetreten sind (wie der Berechnungsstelle und den Gläubigern (im Fall einer Mitteilung gegenüber den Gläubigern durch Veröffentlichung gemäß § [12]) von der Emittentin jeweils mitgeteilt) und
 - (i) es binnen eines Züricher Geschäftstags (der "**Darauffolgende Züricher Geschäftstag**") nach dem Eintritt des SARON-Index-Einstellungstichtags einen Empfohlenen Ersatzzinssatz gibt, so wird der (zur Berechnung des Zinssatzes verwendete) Satz für jeden Tag in einem Beobachtungszeitraum, der auf den oder nach dem SARON-Index-Einstellungstichtag fällt, unter Einbeziehung einer am betreffenden Züricher Geschäftstag oder am Darauffolgenden Züricher Geschäftstag veröffentlichten etwaigen Empfohlenen Anpassungsspanne ermittelt, als wären Bezugnahmen auf den SARON Bezugnahmen auf den Empfohlenen Ersatzzinssatz; oder
 - (ii) es keinen solchen (zur Berechnung des Zinssatzes verwendeten) Empfohlenen Ersatzzinssatz vor dem Ende des Darauffolgenden Züricher Geschäftstags gibt, so wird der Satz für jeden Tag in einem Beobachtungszeitraum, der auf den oder nach dem SARON-Index-Einstellungstichtag fällt, unter Einbeziehung einer etwaigen SNB-Anpassungsspanne für den betreffenden Züricher Geschäftstag ermittelt, als wären Bezugnahmen auf den SARON Bezugnahmen auf den SNB-Leitzins.

Falls die Berechnungsstelle (i) einen Empfohlenen Ersatzzinssatz oder den SNB-Leitzins verwenden muss, um den SARON für einen Züricher Geschäftstag festzulegen, und (ii) die Emittentin feststellt, dass irgendwelche Änderungen an maßgeblichen Definitionen (einschließlich insbesondere (jedoch nicht beschränkt auf) Beobachtungszeitraum, SARON, SARON-Administrator, SARON-Bildschirmseite oder Züricher Geschäftstag) erforderlich sind, um den Empfohlenen Ersatzzinssatz (und eine Empfohlene Anpassungsspanne) bzw. den SNB-Leitzins (und eine empfohlene SNB-Anpassungsspanne) zu verwenden, wird sie veranlassen, dass solche Änderungen und Festlegungen der Berechnungsstelle und den Gläubigern der Schuldverschreibungen gemäß § [12] und, sofern die Vorschriften einer Börse, an der die Schuldverschreibungen zu dem betreffenden Zeitpunkt notiert sind, dies verlangen, der betreffenden Börse so bald wie möglich mitgeteilt werden.

Kann der Zinssatz nicht anderweitig gemäß den Bestimmungen dieser Bedingungen in Bezug auf eine Zinsberechnungsperiode ermittelt werden, entspricht der Zinssatz für die betreffende Zinsberechnungsperiode (i) demjenigen Compounded Daily SARON, der in Bezug auf die Schuldverschreibungen für die letzte vorangegangene Zinsberechnungsperiode ermittelt wurde [(wobei jedoch, soweit in Bezug auf die maßgebliche Zinsberechnungsperiode [eine andere] [Marge][,] [und/oder] [ein anderer Mindestzinssatz][,] [und/oder] [ein anderer Höchstzinssatz] anzuwenden ist als bei der letzten vorangegangenen Zinsberechnungsperiode, [die] [Marge][,] [bzw.] [der Mindestzinssatz][,] [bzw.] [der Höchstzinssatz] für die maßgebliche Zinsberechnungsperiode anstelle [der] [Marge][,] [bzw.] [des Mindestzinssatzes][,] [bzw.] [des Höchstzinssatzes] für die betreffende letzte vorangegangene Zinsberechnungsperiode zu verwenden ist)] oder (ii) falls es keine solche vorangegangene Zinsberechnungsperiode gibt, dem Compounded Daily SARON, der für die erste vorgesehene Zinsperiode auf die Schuldverschreibungen anwendbar gewesen wäre, wenn die Schuldverschreibungen bereits zuvor für einen Zeitraum im Umlauf befindlich gewesen wären, dessen Dauer der ersten vorgesehenen Zinsperiode entsprochen hätte und der am Verzinsungsbeginn (ausschließlich) geendet hätte [(jedoch unter Anwendung [der] [Marge][,] [und] [des Mindestzinssatzes][,] [und] [des Höchstzinssatzes], [die] [bzw.] [der] auf die erste vorgesehene Zinsperiode anwendbar war)].

- (ii) wenn das Empfehlende Gremium keine solche Spanne, Formel oder Methodik, wie in vorstehendem Unterabsatz (i) beschrieben, empfohlen hat, die auf diesen Empfohlenen Ersatzzinssatz anzuwenden ist, um, soweit dies unter den gegebenen Umständen vernünftigerweise durchführbar ist, wirtschaftliche Nachteile bzw. Vorteile für Gläubiger der Schuldverschreibungen infolge des Ersatzes des SARON durch diesen Empfohlenen Ersatzzinssatz für die Zwecke der Festlegung des SARON zu verringern oder zu beseitigen, wobei diese Spanne durch die Emittentin nach Treu und Glauben und in wirtschaftlich vernünftiger Weise bestimmt wird und mit den branchenüblichen Praktiken für festverzinsliche Wertpapiere übereinstimmen wird, bei denen der Empfohlene Ersatzzinssatz den SARON als Referenzwert für die Zwecke der Festlegung des anwendbaren Zinssatzes ersetzt hat.

"Empfohlener Ersatz-Zinssatz" bezeichnet den Satz, der als der Ersatz für den

SARON von dem Empfehlenden Gremium empfohlen wurde.

"SARON-Index-Einstellungsereignis" bezeichnet in Bezug auf einen Beobachtungszeitraum den Eintritt eines oder mehrerer der folgenden Ereignisse, jeweils wie von der Emittentin nach Treu und Glauben und in wirtschaftlich vernünftiger Weise festgestellt und der Berechnungsstelle von der Emittentin mitgeteilt:

- (a) eine öffentliche Erklärung oder Veröffentlichung von Informationen durch den SARON-Administrator oder einer zuständigen Behörde oder in seinem bzw. ihrem Namen, mit der dieser bzw. diese bekannt gibt oder bestätigt, dass der SARON-Administrator die Bereitstellung des SARON dauerhaft oder auf unbestimmte Zeit einstellen wird, sofern es zum Zeitpunkt der Erklärung oder Veröffentlichung keinen Nachfolge-Administrator gibt, der die Bereitstellung des SARON fortsetzen wird; oder
- (b) eine öffentliche Erklärung oder Veröffentlichung von Informationen durch den SARON-Administrator oder eine zuständige Behörde, mit der dieser bzw. diese bekannt gibt, dass (i) der SARON nicht länger repräsentativ ist oder ab einem bestimmten Datum nicht länger repräsentativ sein wird oder (ii) der SARON nach einem bestimmten Datum nicht mehr verwendet werden darf, wobei diese Erklärung auf festverzinsliche Wertpapiere und Derivate (jedoch nicht notwendigerweise hierauf beschränkt) anwendbar ist.

"SARON-Index-Einstellungstichtag" bezeichnet in Bezug auf ein SARON-Index-Einstellungsereignis den frühesten der folgenden Tage:

- (a) im Fall eines SARON-Index-Einstellungsereignisses, wie in Unterabsatz (a) der Definition dieses Begriffs beschrieben, den Tag, an dem der SARON-Administrator die Bereitstellung des SARON einstellt;
- (b) im Fall eines SARON-Index-Einstellungsereignisses, wie in Unterabsatz (b)(i) der Definition dieses Begriffs beschrieben, den spätesten der folgenden Tage:
 - (i) den Tag einer solchen Erklärung oder Veröffentlichung;
 - (ii) ggf. den Tag, der in dieser Erklärung oder Veröffentlichung als der Tag angegeben wird, an dem SARON nicht länger repräsentativ sein wird; und
 - (iii) falls das SARON-Index-Einstellungsereignis, wie in Unterabsatz (b)(i) der Definition dieses Begriffs beschrieben, vor oder an einem oder beiden in den Unterabsätzen (i) und (ii) dieses Unterabsatzes (b) beschriebenen Tagen eingetreten ist, den Tag, ab dem der SARON nicht mehr verwendet werden darf; und
- (c) im Fall eines SARON-Index-Einstellungsereignisses, wie in Unterabsatz (b)(ii) der Definition dieses Begriffs beschrieben, den Tag, ab dem der SARON nicht mehr verwendet werden darf.

"SNB-Anpassungsspanne" bezeichnet in Bezug auf den SNB-Leitzins die Spanne, die in Bezug auf den SNB-Leitzins anzuwenden ist, um wirtschaftliche Nachteile bzw. Vorteile für Gläubiger der Schuldverschreibungen infolge des

Ersatzes des SARON durch den SNB-Leitzins für die Zwecke der Festlegung des SARON soweit als mit vertretbarem Aufwand unter den gegebenen Umständen möglich zu verringern oder zu beseitigen, wobei diese Spanne durch die Emittentin nach Treu und Glauben und in wirtschaftlich vernünftiger Weise bestimmt wird, indem sie den historischen Median zwischen dem SARON und dem SNB-Leitzins während des Zweijahreszeitraums, der an dem Tag endet, an dem das SARON-Index-Einstellungsereignis eingetreten ist, (oder, falls mehr als ein SARON-Index-Einstellungsereignis eingetreten ist, an dem Tag, an dem das erste dieser Ereignisse eingetreten ist) berücksichtigt.

"**SNB-Leitzins**" bezeichnet den Leitzins der Schweizerischen Nationalbank.]

[Falls SOFR anwendbar ist, gilt Folgendes:

- (A) *Festlegung des SOFR-Ersatzzinssatzes.* Falls SOFR in Bezug auf den maßgeblichen Geschäftstag für US-Staatsanleihen nicht auf der SOFR-Bildschirmseite veröffentlicht wird (und auch nicht auf andere Weise veröffentlicht worden ist), dann entspricht,
- (x) falls nicht sowohl ein Referenzwert-Übergangsereignis als auch der damit verbundene Referenzwert-Ersetzungstichtag eingetreten sind, SOFR dem Tageszinssatz für besicherte Über-Nacht-Finanzierungen (*Secured Overnight Financing Rate*) in Bezug auf den letzten Geschäftstag für US-Staatsanleihen, für den ein solcher Satz auf der SOFR-Bildschirmseite veröffentlicht wurde; oder
 - (y) falls sowohl ein Referenzwert-Übergangsereignis als auch der damit verbundene Referenzwert-Ersetzungstichtag eingetreten sind, SOFR der ersten in der nachstehenden Reihenfolge genannten Alternative, die die Emittentin nach Treu und Glauben und in wirtschaftlich vernünftiger Weise festzulegen imstande ist:
 - (i) der Summe aus: (a) dem alternativen Zinssatz, der von der Maßgeblichen Staatlichen Stelle als Ersatz für den dann aktuellen Referenzwert für die maßgebliche Entsprechende Laufzeit ausgewählt oder empfohlen wurde und (b) den Referenzwert-Anpassungen; oder
 - (ii) der Summe aus: (a) dem SOFR ISDA Ersatzzinssatz und (b) den Referenzwert-Anpassungen.

Für die Zwecke dieses § 3([12(A)]) gelten folgende Begriffsbestimmungen:

"**Entsprechende Laufzeit**" bezeichnet in Bezug auf einen Referenzwert-Ersatz eine Laufzeit (einschließlich Über-Nacht), die (ohne Berücksichtigung einer Geschäftstaganpassung) ungefähr dieselbe Länge wie die anwendbare Laufzeit für den dann aktuellen Referenzwert hat.

"**ISDA-Ersatzanpassung**" bezeichnet die Spread-Anpassung (die einen positiven oder negativen Wert haben oder null sein kann), die für Derivategeschäfte gelten würde, die auf die ISDA-Definitionen Bezug nehmen, und die bei Eintritt eines Indexeinstellungsereignisses in Bezug auf den Referenzwert für die anwendbare Laufzeit festzustellen ist.

"**Maßgebliche Staatliche Stelle**" bezeichnet das Federal Reserve Board oder anderenfalls die New York Federal Reserve oder anderenfalls einen vom Federal Reserve Board offiziell bestätigten oder einberufenen Ausschuss oder

anderenfalls die Federal Reserve Bank of New York oder deren Nachfolger.

"Referenzwert" bezeichnet den Tageszinssatz für besicherte Über-Nacht-Finanzierungen (*Secured Overnight Financing Rate*); wobei, falls ein Referenzwert-Übergangsereignis und der damit verbundene Referenzwert-Ersetzungsstichtag in Bezug auf SOFR oder den dann aktuellen Referenzwert eingetreten sind, "Referenzwert" den anwendbaren Referenzwert-Ersatz bezeichnet.

"Referenzwert-Ersatz" bezeichnet die in der in vorstehender Ziffer (y) aufgeführten Reihenfolge erstgenannte Alternative, die die Emittentin nach Treu und Glauben und in wirtschaftlich vernünftiger Weise zum Referenzwert-Ersetzungsstichtag festzulegen imstande ist. Im Rahmen der Durchführung eines Referenzwert-Ersatzes ist die Emittentin berechtigt, von Zeit zu Zeit Referenzwert-Ersatz-Folgeanpassungen vorzunehmen.

"Referenzwert-Ersatz-Anpassungen" bezeichnet die in der nachstehend aufgeführten Reihenfolge erstgenannte Alternative, die die Emittentin nach Treu und Glauben und in wirtschaftlich vernünftiger Weise zum Referenzwert-Ersetzungsstichtag festzulegen imstande ist:

- (1) die Spread-Anpassung (die einen positiven oder negativen Wert haben oder null sein kann) oder das Verfahren zur Berechnung oder Festsetzung einer solchen Spread-Anpassung, die von der Maßgeblichen Staatlichen Stelle für den anwendbaren Unangepassten Referenzwert-Ersatz ausgewählt oder empfohlen wurde; oder
- (2) falls der anwendbare Unangepasste Referenzwert-Ersatz dem SOFR ISDA Ersatzzinssatz entspricht, die ISDA-Ersatzanpassung.

"Referenzwert-Ersatz-Folgeanpassungen" bezeichnet in Bezug auf einen Referenzwert-Ersatz jedwede technischen, administrativen oder operativen Anpassungen (einschließlich Änderungen der Definitionen von "Zinsperiode", "Zinsfestlegungstag" und "Beobachtungszeitraum" sowie Änderungen in Bezug auf den Zeitpunkt und die Häufigkeit der Feststellung von Sätzen und der Leistung von Zinszahlungen und andere administrative Angelegenheiten), die nach billigem Ermessen der Emittentin angemessen sind, um der Übernahme eines solchen Referenzwert-Ersatzes in einer Weise Rechnung zu tragen, die im Wesentlichen den Marktgepflogenheiten entspricht (oder, falls die Emittentin nach ihrem billigen Ermessen entscheidet, dass (i) die Übernahme eines Teils solcher Marktgepflogenheiten verwaltungstechnisch nicht durchführbar ist oder (ii) für die Anwendung eines Referenzwert-Ersatzes keine Marktgepflogenheiten existieren, auf eine andere Weise, die die Emittentin billigerweise für erforderlich erachtet).

"Referenzwert-Ersetzungsstichtag" bezeichnet das am frühesten eintretende der folgenden Ereignisse in Bezug auf den dann aktuellen Referenzwert:

- (1) im Falle von Ziffer (1) oder (2) der Definition von "Referenzwert-Übergangsereignis" (a) das Datum der öffentlichen Erklärung oder Veröffentlichung von Informationen, auf die in der öffentlichen Erklärung Bezug genommen wird, und (b) das Datum, an dem der Administrator des Referenzwerts die Bereitstellung des Referenzwerts dauerhaft oder auf unbestimmte Zeit einstellt, wobei das später eintretende Datum maßgeblich ist; oder
- (2) im Falle von Ziffer (3) der Definition von "Referenzwert-Übergangsereignis" das Datum der öffentlichen Erklärung oder

Veröffentlichung von Informationen, auf die in der öffentlichen Erklärung Bezug genommen wird.

Zur Klarstellung: falls das Ereignis, das den Referenzwert-Ersetzungsstichtag auslöst, am selben Tag wie – jedoch zu einem früheren Zeitpunkt als – der Referenzzeitpunkt in Bezug auf eine Feststellung eintritt, gilt der Referenzwert-Ersetzungsstichtag als vor dem Referenzzeitpunkt für eine solche Feststellung eingetreten.

"Referenzwert-Übergangereignis" bezeichnet den Eintritt eines oder mehrerer der folgenden Ereignisse in Bezug auf den dann aktuellen Referenzwert:

- (1) eine öffentliche Erklärung oder Veröffentlichung von Informationen durch den oder im Auftrag des Administrators des Referenzwerts dahingehend, dass dieser Administrator die Bereitstellung des Referenzwerts dauerhaft oder auf unbestimmte Zeit eingestellt hat oder einstellen wird, sofern es zum Zeitpunkt der Erklärung oder Veröffentlichung keinen Nachfolge-Administrator gibt, der die Bereitstellung des Referenzwerts fortsetzen wird;
- (2) eine öffentliche Erklärung oder Veröffentlichung von Informationen durch die für den Administrator des Referenzwerts zuständige Aufsichtsbehörde oder anderenfalls die Zentralbank für die dem Referenzwert zugrunde liegende Währung oder anderenfalls einen für den Administrator des Referenzwerts zuständigen Insolvenzverwalter oder anderenfalls eine für den Administrator des Referenzwerts zuständige Abwicklungsbehörde oder anderenfalls ein Gericht oder eine Stelle mit ähnlicher Zuständigkeit im Falle der Insolvenz oder Abwicklung des Administrators des Referenzwerts dahingehend, dass der Administrator des Referenzwerts die Bereitstellung des Referenzwerts dauerhaft oder auf unbestimmte Zeit eingestellt hat oder einstellen wird, sofern es zum Zeitpunkt der Erklärung oder Veröffentlichung keinen Nachfolge-Administrator gibt, der die Bereitstellung des Referenzwerts fortsetzen wird; oder
- (3) eine öffentliche Erklärung oder Veröffentlichung von Informationen durch die für den Administrator des Referenzwerts zuständige Aufsichtsbehörde dahingehend, dass der Referenzwert nicht länger repräsentativ ist.

"Referenzzeitpunkt" in Bezug auf eine Festlegung des Referenzwerts bezeichnet den von der Emittentin nach Treu und Glauben und in wirtschaftlich vernünftiger Weise gemäß den Referenzwert-Ersatz-Folgeanpassungen festgelegten Zeitpunkt.

"SOFR ISDA-Ersatzzinssatz" bezeichnet den im Folgenden gemäß Unterabschnitt (B) *Festlegung des SOFR ISDA-Ersatzzinssatzes* festgelegten Zinssatz.

"Unangepasster Referenzwert-Ersatz" bezeichnet den Referenzwert-Ersatz ohne Referenzwert-Ersatz-Anpassungen.

(B) *Festlegung des SOFR ISDA-Ersatzzinssatzes.* Falls SOFR wie in diesem Unterabschnitt (B) dargelegt festgelegt wird, wird SOFR wie folgt bestimmt:

- (x) falls kein SOFR-Index-Einstellungsereignis oder kein SOFR-Index-Einstellungsstichtag eingetreten ist (wie der Berechnungsstelle von der

Emittentin jeweils mitgeteilt), denjenigen Tageszinssatz für besicherte Über-Nacht-Finanzierungen (*Secured Overnight Financing Rate*) des letzten Geschäftstags für US-Staatsanleihen, an dem dieser Satz auf der Internetseite der Federal Reserve Bank of New York veröffentlicht wurde (wobei die Emittentin den Gläubigern die Anwendung dieses Satzes durch Veröffentlichung gemäß § [12] mitteilen wird); oder

- (y) falls sowohl ein SOFR-Index-Einstellungsereignis als auch ein SOFR-Index-Einstellungstichtag eingetreten sind (wie der Berechnungsstelle und den Gläubigern (im Fall einer Mitteilung gegenüber den Gläubigern durch Veröffentlichung gemäß § [12]) von der Emittentin jeweils mitgeteilt), so berechnet die Berechnungsstelle den SOFR ab dem ersten Geschäftstag für US-Staatsanleihen (einschließlich) innerhalb des maßgeblichen Beobachtungszeitraums, ab dem der SOFR nicht mehr verfügbar ist, als wären Bezugnahmen auf den SOFR Bezugnahmen auf den Satz (der "**SOFR-Nachfolgesatz**"), der der Berechnungsstelle und den Gläubigern (im Fall einer Mitteilung gegenüber den Gläubigern durch Veröffentlichung gemäß § [12]) von der Emittentin als derjenige Satz mitgeteilt wurde, der vom Federal Reserve Board oder anderenfalls von der Federal Reserve Bank of New York oder anderenfalls von einem vom Federal Reserve Board oder anderenfalls von der Federal Reserve Bank of New York für den Zweck der Empfehlung eines Ersatzes für den Tageszinssatz für besicherte Über-Nacht-Finanzierungen (*Secured Overnight Financing Rate*) offiziell bestätigten oder einberufenen Ausschuss als Ersatz für den Tageszinssatz für besicherte Über-Nacht-Finanzierungen (*Secured Overnight Financing Rate*) empfohlen wurde (wobei dieser Satz von der Federal Reserve Bank of New York oder anderenfalls von einem anderen ernannten Administrator (zusammen der "**SOFR-Nachfolgesatz-Administrator**") erstellt werden kann und ferner Anpassungen oder Auf- bzw. Abschläge enthalten kann, die gemäß der Feststellung des SOFR-Nachfolgesatz-Administrators auf den SOFR-Nachfolgesatz angewendet werden müssen, um einen etwaigen wirtschaftlichen Nachteil bzw. Vorteil für Gläubiger infolge der Ersetzung des Tageszinssatzes für besicherte Über-Nacht-Finanzierungen (*Secured Overnight Financing Rate*) durch den SOFR-Nachfolgesatz zu verringern oder zu beseitigen (wie der Berechnungsstelle und den Gläubigern (im Fall einer Mitteilung gegenüber den Gläubigern durch Veröffentlichung gemäß § [12]) jeweils von der Emittentin mitgeteilt)).

Wenn:

- (x) bis zum SOFR-Index-Einstellungstichtag (einschließlich) kein solcher SOFR-Nachfolgesatz empfohlen wurde (wie der Berechnungsstelle von der Emittentin mitgeteilt), so berechnet die Berechnungsstelle die *Secured Overnight Financing Rate* ab dem ersten Geschäftstag für US-Staatsanleihen (einschließlich) innerhalb des maßgeblichen Beobachtungszeitraums, ab dem der SOFR nicht mehr verfügbar ist, als wären (i) Bezugnahmen auf die *Secured Overnight Financing Rate* oder SOFR Bezugnahmen auf den OBFR, (ii) Bezugnahmen auf Geschäftstage für US-Staatsanleihen Bezugnahmen auf New Yorker Bankarbeitstage, (iii) Bezugnahmen auf ein SOFR-Index-Einstellungsereignis Bezugnahmen auf ein OBFR-Index-Einstellungsereignis, (iv) Bezugnahmen auf den SOFR-Nachfolgesatz-Administrator Bezugnahmen auf den OBFR-Nachfolge-Administrator, (v) Bezugnahmen auf den SOFR-Nachfolgesatz Bezugnahmen auf einen OBFR-Nachfolgesatz und (vi) Bezugnahmen auf den SOFR-Index-Einstellungstichtag Bezugnahmen auf den OBFR-Index-

Einstellungstichtag (wobei die Emittentin den Gläubigern die Anwendung des OBFR durch Veröffentlichung gemäß § [12] mitteilt); oder

- (y) bis zum SOFR-Index-Einstellungstichtag (einschließlich) kein solcher SOFR-Nachfolgesatz empfohlen wurde und ein OBFR-Index-Einstellungsereignis eingetreten ist (wie der Berechnungsstelle und den Gläubigern (im Fall einer Mitteilung gegenüber den Gläubigern durch Veröffentlichung gemäß § [12]) jeweils von der Emittentin mitgeteilt), so berechnet die Berechnungsstelle die Secured Overnight Financing Rate ab dem ersten Geschäftstag für US-Staatsanleihen (einschließlich) innerhalb des maßgeblichen Beobachtungszeitraums, ab dem der SOFR nicht mehr verfügbar ist, als wären (i) Bezugnahmen auf die Secured Overnight Financing Rate oder SOFR Bezugnahmen auf den FOMC-Zielsatz, (ii) Bezugnahmen auf Geschäftstage für US-Staatsanleihen Bezugnahmen auf New Yorker Bankarbeitstage und (iii) Bezugnahmen auf die SOFR-Bildschirmseite Bezugnahmen auf die Internetseite der Federal Reserve (wobei die Emittentin den Gläubigern die Anwendung des FOMC-Zielsatzes durch Veröffentlichung gemäß § [12] mitteilt).

Kann der Zinssatz nicht anderweitig gemäß den Bestimmungen dieser Bedingungen in Bezug auf eine Zinsberechnungsperiode ermittelt werden, entspricht der Zinssatz für die betreffende Zinsberechnungsperiode (i) dem von der Berechnungsstelle berechneten Zinssatz für die Zinsberechnungsperiode, in der der SOFR-Index-Einstellungstichtag sowie das OBFR-Index-Einstellungsereignis eingetreten sind und kein FOMC-Zielsatz verfügbar ist, (die "**Einstellungs-Zinsberechnungsperiode**") durch Anwendung des Tageszinssatzes für besicherte Über-Nacht-Finanzierungen (*Secured Overnight Financing Rate*) des letzten Geschäftstags für US-Staatsanleihen in der betreffenden Einstellungs-Zinsperiode, an dem dieser Satz auf der SOFR-Bildschirmseite veröffentlicht wurde (wie der Berechnungsstelle und den Gläubigern (im Fall einer Mitteilung gegenüber den Gläubigern durch Veröffentlichung gemäß § [12]) jeweils von der Emittentin mitgeteilt) auf jeden folgenden Geschäftstag für US-Staatsanleihen, für den weder SOFR noch OBFR oder der FOMC-Zielsatz verfügbar sind, bzw. (ii) für jede auf die Einstellungs-Zinsberechnungsperiode folgende Zinsberechnungsperiode dem an dem Zinsfestlegungstag für die Einstellungs-Zinsberechnungsperiode festgelegten Zinssatz [(wobei jedoch, soweit in Bezug auf die maßgebliche Zinsberechnungsperiode [eine andere] [Marge][,] [und/oder] [ein anderer Mindestzinssatz][,] [und/oder] [ein anderer Höchstzinssatz] anzuwenden ist als bei der letzten vorangegangenen Zinsberechnungsperiode, [die] [Marge][,] [bzw.] [der Mindestzinssatz][,] [bzw.] [der Höchstzinssatz] für die maßgebliche Zinsberechnungsperiode anstelle [der] [Marge][,] [bzw.] [[des Mindestzinssatzes][,] [bzw.] [des Höchstzinssatzes] für die betreffende letzte vorangegangene Zinsberechnungsperiode zu verwenden ist)], oder (iii) falls es keine solche Einstellungs-Zinsberechnungsperiode gibt, demjenigen Zinssatz, der in Bezug auf die Schuldverschreibungen anwendbar gewesen wäre, wenn die Schuldverschreibungen während eines Zeitraums ausgegeben gewesen wären, der der Dauer der planmäßigen ersten Zinsperiode entspricht, jedoch am Tag des Verzinsungsbeginns (ausschließlich) endet [(jedoch unter Anwendung [der] [Marge][,] [und] [des Mindestzinssatzes][,] [und] [des Höchstzinssatzes], [die] [bzw.] [der] auf die erste vorgesehene Zinsperiode anwendbar war)].

Für die Zwecke dieses § 3([12(B)]) gelten folgende Begriffsbestimmungen:

"FOMC-Zielsatz" (*FOMC Target Rate*) bezeichnet den vom US-Federal Open

Market Committee (dem Offenmarktausschuss des US-amerikanischen Federal Reserve System) festgesetzt und auf der Internetseite der Federal Reserve veröffentlichten Ziel-Zinssatz für kurzfristige Zinsen oder, wenn das US-Federal Open Market Committee keinen Einzel-Satz vorsieht, den Mittelwert des vom US-Federal Open Market Committee festgesetzten und auf der Internetseite der Federal Reserve veröffentlichten Ziel-Zinskorridders für kurzfristige Zinsen (berechnet als arithmetisches Mittel der Ober- und Untergrenze des Ziel-Zinskorridders, erforderlichenfalls auf zwei Dezimalstellen gerundet, wobei 0,005 aufgerundet wird).

"Internetseite der Federal Reserve" bezeichnet die Internetseite des Board of Governors of the Federal Reserve System (derzeit <http://www.federalreserve.gov>) oder eine Nachfolge-Quelle, die den Gläubigern von der Emittentin gemäß § [12] mitgeteilt wird.

"New Yorker Bankarbeitstag" bezeichnet jeden Tag, an dem Geschäftsbanken und Devisenmärkte Zahlungen abwickeln und für den allgemeinen Geschäftsverkehr (einschließlich des Handels in Devisen und Fremdwährungseinlagen) in New York City geöffnet sind.

"OBFR" bezeichnet den Tageszinssatz "Overnight Bank Funding Rate", der von der Federal Reserve Bank of New York als Administrator dieses Satzes (oder einem Nachfolge-Administrator dieses Satzes (der **"OBFR-Nachfolge-Administrator"**)) um oder gegen 9.00 Uhr (New Yorker Ortszeit) an jedem New Yorker Bankarbeitstag auf der SOFR-Bildschirmseite in Bezug auf den New Yorker Bankarbeitstag unmittelbar vor diesem betreffenden Tag veröffentlicht wird.

"OBFR-Index-Einstellungereignis" bezeichnet den Eintritt eines oder mehrerer der folgenden Ereignisse:

- (x) eine öffentliche Erklärung der Federal Reserve Bank of New York (oder eines Nachfolge-Administrators der OBFR), mit der diese bekannt gibt, dass sie die Veröffentlichung oder Bereitstellung der OBFR dauerhaft oder auf unbestimmte Zeit eingestellt hat oder einstellen wird, sofern es zum betreffenden Zeitpunkt keinen Nachfolge-Administrator gibt, der die Veröffentlichung oder Bereitstellung der OBFR fortsetzen wird;
- (y) die Veröffentlichung von Informationen, durch die mit hinreichender Sicherheit bestätigt wird, dass die Federal Reserve Bank of New York (oder ein Nachfolge-Administrator der OBFR) die Bereitstellung der OBFR dauerhaft oder auf unbestimmte Zeit eingestellt hat oder einstellen wird, sofern es zum betreffenden Zeitpunkt keinen Nachfolge-Administrator gibt, der die Veröffentlichung oder Bereitstellung der OBFR fortsetzen wird;
- (z) eine öffentliche Erklärung einer US-Aufsichtsbehörde oder einer anderen öffentlichen US-Stelle, durch die die Verwendung der OBFR untersagt wird und die (nicht notwendigerweise ausschließlich) auf die Schuldverschreibungen Anwendung findet.

"OBFR-Index-Einstellungstichtag" bezeichnet in Bezug auf ein OBFR-Index-Einstellungereignis den Tag, an dem die Federal Reserve Bank of New York (oder ein Nachfolge-Administrator der OBFR) die Veröffentlichung der OBFR einstellt, oder den Tag, ab dem die OBFR nicht mehr verwendet werden darf.

"SOFR-Index-Einstellungsereignis" bezeichnet den Eintritt eines oder mehrerer der folgenden Ereignisse:

- (x) eine öffentliche Erklärung der Federal Reserve Bank of New York (oder des SOFR-Nachfolgesatz-Administrators), mit der diese bekannt gibt, dass sie die Veröffentlichung oder Bereitstellung der Secured Overnight Financing Rate dauerhaft oder auf unbestimmte Zeit eingestellt hat oder einstellen wird, sofern es zum betreffenden Zeitpunkt keinen Nachfolge-Administrator gibt, der die Veröffentlichung oder Bereitstellung der Secured Overnight Financing Rate fortsetzen wird;
- (y) die Veröffentlichung von Informationen, durch die mit hinreichender Sicherheit bestätigt wird, dass die Federal Reserve Bank of New York (oder der SOFR-Nachfolgesatz-Administrator) die Bereitstellung der Secured Overnight Financing Rate dauerhaft oder auf unbestimmte Zeit eingestellt hat oder einstellen wird, sofern es zum betreffenden Zeitpunkt keinen Nachfolge-Administrator gibt, der die Veröffentlichung oder Bereitstellung der Secured Overnight Financing Rate fortsetzen wird;
- (z) eine öffentliche Erklärung einer US-Aufsichtsbehörde oder einer anderen öffentlichen US-Stelle, durch die die Verwendung der Secured Overnight Financing Rate untersagt wird und die (nicht notwendigerweise ausschließlich) auf die Schuldverschreibungen Anwendung findet.

"SOFR-Index-Einstellungstichtag" bezeichnet in Bezug auf ein SOFR-Index-Einstellungsereignis den Tag, an dem die Federal Reserve Bank of New York (oder ein SOFR-Nachfolgesatz-Administrator) die Veröffentlichung der Secured Overnight Financing Rate einstellt, oder den Tag, ab dem die Secured Overnight Financing Rate nicht mehr verwendet werden darf.]

[Falls SONIA anwendbar ist, gilt Folgendes:

SONIA-Ersatzregelungen. Falls der SONIA-Referenzsatz in Bezug auf einen maßgeblichen Londoner Geschäftstag nicht auf der Bildschirmseite bereitgestellt wird (und auch von den zur Verbreitung autorisierten Stellen nicht auf andere Weise veröffentlicht worden ist), so entspricht der SONIA-Referenzsatz in Bezug auf den betreffenden Londoner Geschäftstag:

- (x) (i) dem um 17.00 Uhr (Ortszeit London) (oder, falls früher, bei Geschäftsschluss) am betreffenden Londoner Geschäftstag geltenden Leitzinssatz (*Bank Rate*) der Bank of England (die "**Bank Rate**"), zuzüglich (ii) des arithmetischen Mittels der Differenz (*Spread*) zwischen dem SONIA-Satz und der Bank Rate über den SONIA-Ersatzregelungszeitraum für den betreffenden Londoner Geschäftstag, wobei der höchste *Spread* (oder, wenn es mehr als einen höchsten *Spread* gibt, nur einer dieser höchsten *Spreads*) und der niedrigste *Spread* (oder, wenn es mehr als einen niedrigsten *Spread* gibt, nur einer dieser niedrigsten *Spreads*) nicht berücksichtigt werden; oder
- (y) falls die Bank Rate nicht verfügbar ist, dem zuletzt in Bezug auf einen Londoner Geschäftstag geltenden SONIA-Referenzsatz.

"SONIA-Ersatzregelungszeitraum" bezeichnet in Bezug auf einen Londoner Geschäftstag die vorangegangenen [fünf] [●] Londoner Geschäftstage, für die ein SONIA-Referenzsatz veröffentlicht worden ist.

Im Falle, dass der Zinssatz nicht anderweitig gemäß den Bestimmungen dieser Bedingungen in Bezug auf eine Zinsperiode ermittelt werden kann, entspricht der Zinssatz für die betreffende Zinsperiode (i) demjenigen, der für die letzte vorangegangene Zinsperiode ermittelt wurde [(wobei jedoch, soweit in Bezug auf die maßgebliche Zinsperiode [eine andere] [Marge][,] [und/oder] [ein anderer Mindestzinssatz][,] [und/oder] [ein anderer Höchstzinssatz] anzuwenden ist als bei der letzten vorangegangenen Zinsperiode, [die] [Marge][,] [bzw.] [der Mindestzinssatz][,] [bzw.] [der Höchstzinssatz] für die maßgebliche Zinsperiode anstelle [der] [Marge][,] [bzw.] [des Mindestzinssatzes][,] [bzw.] [des Höchstzinssatzes] für die betreffende letzte vorangegangene Zinsperiode zu verwenden ist)] oder (ii) falls es keine solche vorangegangene Zinsperiode gibt, dem anfänglichen Zinssatz, der für die erste Zinsperiode auf die Schuldverschreibungen Anwendung gefunden hätte, wenn die Schuldverschreibungen bereits zuvor für einen Zeitraum im Umlauf befindlich gewesen wären, dessen Dauer der ersten vorgesehenen Zinsperiode entsprochen hätte und der am Verzinsungsbeginn (ausschließlich) geendet hätte [(jedoch unter Anwendung [der] [Marge][,] [und] [[des Mindestzinssatzes][,] [und] [des Höchstzinssatzes], [die] [bzw.] [der] auf die erste vorgesehene Zinsperiode anwendbar war)].]

[Falls TONA anwendbar ist, gilt Folgendes:

Festlegung des TONA-Ersatzzinssatzes. Falls in Bezug auf einen maßgeblichen Tokio-Geschäftstag der TONA nicht auf der TONA-Bildschirmseite zum TONA-Feststellungszeitpunkt bereitgestellt wird (und auch nicht auf andere Weise veröffentlicht worden ist), so wird der TONA in Bezug auf den betreffenden Tokio-Geschäftstag wie folgt bestimmt:

- (x) falls kein TONA-Index-Einstellungsereignis und kein TONA-Index-Einstellungstichtag zum oder vor dem TONA-Feststellungszeitpunkt in Bezug auf den betreffenden Tokio-Geschäftstag eingetreten sind (wie der Berechnungsstelle von der Emittentin jeweils mitgeteilt), ist TONA in Bezug auf den betreffenden Tokio-Geschäftstag derjenige TONA, der auf der TONA-Bildschirmseite mit Bezug auf den letzten vorhergehenden Tokio-Geschäftstag veröffentlicht wurde (wobei die Emittentin den Gläubigern die Anwendung dieses Satzes durch Veröffentlichung gemäß § [12] mitteilen wird); oder
- (y) falls sowohl ein TONA-Index-Einstellungsereignis als auch ein TONA-Index-Einstellungstichtag am oder vor dem TONA-Feststellungszeitpunkt in Bezug auf den betreffenden Tokio-Geschäftstag eingetreten sind (wie der Berechnungsstelle und den Gläubigern (im Fall einer Mitteilung gegenüber den Gläubigern durch Veröffentlichung gemäß § [12]) von der Emittentin jeweils mitgeteilt), berechnet die Berechnungsstelle den TONA ab dem ersten Tokio-Geschäftstag (einschließlich) innerhalb des maßgeblichen Beobachtungszeitraums, ab dem der TONA nicht mehr verfügbar ist, als wären Bezugnahmen auf den TONA Bezugnahmen auf den JPY-Empfehlungsreferenzsatz.

Falls:

- (x) ein solcher JPY-Empfehlungsreferenzsatz vor Ablauf des ersten Tokio-Geschäftstags nach dem TONA-Index-Einstellungstichtag empfohlen wurde, aber der TONA-Administrator den JPY-Empfehlungsreferenzsatz nicht bereitstellt oder veröffentlicht, so gelten (vorbehaltlich der im

nachfolgenden aufgeführten Bestimmungen) Bezugnahmen auf den JPY-Empfehlungsreferenzsatz für jeden Tag, an dem der JPY-Empfehlungsreferenzsatz benötigt wird, als Bezugnahmen auf den zuletzt bereitgestellten oder veröffentlichten JPY-Empfehlungsreferenzsatz. Wenn es jedoch keinen zuletzt bereitgestellten oder veröffentlichten JPY-Empfehlungsreferenzsatz gibt, gelten Bezugnahmen auf den JPY-Empfehlungsreferenzsatz für jeden Tag, an dem der JPY-Empfehlungsreferenzsatz benötigt wird, als Bezugnahmen auf den zuletzt bereitgestellten oder veröffentlichten TONA.

- (y) (a) kein JPY-Empfehlungsreferenzsatz vor Ablauf des ersten Tokio-Geschäftstags nach dem TONA-Index-Einstellungstichtag empfohlen wurde oder (b) ein JPY-Empfehlungsreferenzsatz empfohlen wurde und anschließend ein JPY-Empfehlungsreferenzsatz-Einstellungstichtag erfolgt, berechnet die Berechnungsstelle den TONA ab dem ersten Tokio-Geschäftstag (einschließlich) innerhalb des maßgeblichen Beobachtungszeitraums, ab dem der TONA oder gegebenenfalls der JPY-Empfehlungsreferenzsatz nicht mehr verfügbar ist, durch Verwendung eines wirtschaftlich vernünftigen Alternativsatzes für TONA oder gegebenenfalls den JPY-Empfehlungsreferenzsatz, der von der Emittentin nach Treu und Glauben und in wirtschaftlich vernünftiger Weise bestimmt wird, wobei alle Sätze berücksichtigt werden, die von zentralen Gegenparteien und/oder Terminbörsen eingeführt werden und jeweils ein Handelsvolumen in Derivaten oder Termingeschäften, die sich auf den TONA oder gegebenenfalls den JPY-Empfehlungsreferenzsatz beziehen, aufweisen, das die Emittentin nach Treu und Glauben und in wirtschaftlich vernünftiger Weise für ausreichend hält, um diesen Satz als repräsentativen Alternativsatz zu betrachten.

Kann der Zinssatz nicht anderweitig gemäß den Bestimmungen dieser Bedingungen in Bezug auf eine Zinsberechnungsperiode ermittelt werden, entspricht der Zinssatz für die betreffende Zinsberechnungsperiode (i) demjenigen Compounded Daily TONA, der für die letzte vorangegangene Zinsberechnungsperiode ermittelt wurde [(wobei jedoch, soweit in Bezug auf die maßgebliche Zinsberechnungsperiode [eine andere] [Marge][,] [und/oder] [ein anderer Mindestzinssatz][,] [und/oder] [ein anderer Höchstzinssatz] anzuwenden ist als bei der letzten vorangegangenen Zinsberechnungsperiode, [die] [Marge][,] [bzw.] [der Mindestzinssatz][,] [bzw.] [der Höchstzinssatz] für die maßgebliche Zinsberechnungsperiode anstelle [der] [Marge][,] [bzw.] [des Mindestzinssatzes][,] [bzw.] [des Höchstzinssatzes] für die betreffende letzte vorangegangene Zinsberechnungsperiode zu verwenden ist)] oder (ii) falls es keine solche vorangegangene Zinsberechnungsperiode gibt, dem Compounded Daily TONA, der für die erste vorgesehene Zinsperiode auf die Schuldverschreibungen anwendbar gewesen wäre, wenn die Schuldverschreibungen bereits zuvor für einen Zeitraum im Umlauf befindlich gewesen wären, dessen Dauer der ersten vorgesehenen Zinsperiode entsprochen hätte und der am Verzinsungsbeginn (ausschließlich) geendet hätte [(jedoch unter Anwendung [der] [Marge][,] [und] [des Mindestzinssatzes][,] [und] [des Höchstzinssatzes], [die] [bzw.] [der] auf die erste vorgesehene Zinsperiode anwendbar war)].]

Für die Zwecke dieses § 3([12]) gelten folgende Begriffsbestimmungen:

"JPY-Empfehlungsreferenzsatz" bezeichnet den Satz (einschließlich etwaiger Auf- bzw. Abschläge oder Anpassungen), der von einem von der Bank of Japan

für den Zweck der Empfehlung eines Ersatzes für den TONA offiziell bestätigten oder einberufenen Ausschuss als Ersatz für den TONA empfohlen wurde (wobei dieser Satz von der Bank of Japan oder einem anderen Administrator erstellt werden kann) und von dem Administrator dieses Satzes oder, falls dieser Satz nicht von seinem Administrator (oder einem Nachfolge-Administrator) zur Verfügung gestellt wird, von einer zur Verbreitung autorisierten Stelle veröffentlicht wird.

"JPY-Empfehlungsreferenzsatz-Einstellungsereignis" bezeichnet in Bezug auf einen Beobachtungszeitraum den Eintritt eines oder mehrerer der folgenden Ereignisse, wie von der Emittentin nach Treu und Glauben und in wirtschaftlich vernünftiger Weise festgestellt und der Berechnungsstelle von der Emittentin mitgeteilt:

- (x) eine öffentliche Erklärung oder Veröffentlichung von Informationen durch den Administrator des JPY-Empfehlungsreferenzsatzes oder in dessen Namen, mit der dieser öffentlich bekannt gibt, dass er die Bereitstellung des JPY-Empfehlungsreferenzsatzes dauerhaft oder auf unbestimmte Zeit eingestellt hat oder einstellen wird, sofern es zum Zeitpunkt der Erklärung oder Veröffentlichung keinen Nachfolge-Administrator gibt, der die Bereitstellung des JPY-Empfehlungsreferenzsatzes fortsetzen wird; oder
- (y) eine öffentliche Erklärung oder Veröffentlichung von Informationen durch die für den Administrator des JPY-Empfehlungsreferenzsatzes zuständige Aufsichtsbehörde oder anderenfalls die Zentralbank für die dem JPY-Empfehlungsreferenzsatz zugrunde liegende Währung oder anderenfalls einen für den Administrator des JPY-Empfehlungsreferenzsatzes zuständigen Insolvenzverwalter oder anderenfalls eine für den Administrator des JPY-Empfehlungsreferenzsatzes zuständige Abwicklungsbehörde oder anderenfalls ein Gericht oder eine Stelle mit ähnlicher Zuständigkeit im Falle der Insolvenz oder Abwicklung des Administrators des JPY-Empfehlungsreferenzsatzes dahingehend, dass der Administrator des JPY-Empfehlungsreferenzsatzes die Bereitstellung des JPY-Empfehlungsreferenzsatzes dauerhaft oder auf unbestimmte Zeit eingestellt hat oder einstellen wird, sofern es im Zeitpunkt der Erklärung oder Veröffentlichung keinen Nachfolge-Administrator gibt, der die Bereitstellung des JPY-Empfehlungsreferenzsatzes fortsetzen wird.

"JPY-Empfehlungsreferenzsatz-Einstellungstichtag" bezeichnet in Bezug auf den JPY-Empfehlungsreferenzsatz und ein JPY-Empfehlungsreferenzsatz-Einstellungsereignis den ersten Tag, an dem der JPY-Empfehlungsreferenzsatz nicht mehr bereitgestellt wird, wie von der Emittentin nach Treu und Glauben und in wirtschaftlich vernünftiger Weise festgestellt und der Berechnungsstelle von der Emittentin mitgeteilt.

"TONA-Index-Einstellungsereignis" bezeichnet in Bezug auf einen Beobachtungszeitraum den Eintritt eines oder mehrerer der folgenden Ereignisse, wie von der Emittentin nach Treu und Glauben und in wirtschaftlich vernünftiger Weise festgestellt und der Berechnungsstelle von der Emittentin mitgeteilt:

- (x) eine öffentliche Erklärung oder Veröffentlichung von Informationen durch den TONA-Administrator oder in dessen Namen, mit der dieser bekannt gibt, dass er die Bereitstellung des TONA dauerhaft oder auf unbestimmte Zeit eingestellt hat oder einstellen wird, sofern es zum Zeitpunkt der Erklärung oder Veröffentlichung keinen Nachfolge-

Administrator gibt, der die Bereitstellung des TONA fortsetzen wird; oder

- (y) eine öffentliche Erklärung oder Veröffentlichung von Informationen durch die für den TONA-Administrator zuständige Aufsichtsbehörde oder anderenfalls die Zentralbank für die dem TONA zugrunde liegende Währung oder anderenfalls einen für den TONA-Administrator zuständigen Insolvenzverwalter oder anderenfalls eine für den TONA-Administrator zuständige Abwicklungsbehörde oder anderenfalls ein Gericht oder eine Stelle mit ähnlicher Zuständigkeit im Falle der Insolvenz oder Abwicklung des TONA-Administrators dahingehend, dass der TONA-Administrator die Bereitstellung des TONA dauerhaft oder auf unbestimmte Zeit eingestellt hat oder einstellen wird, sofern es im Zeitpunkt der Erklärung oder Veröffentlichung keinen Nachfolge-Administrator gibt, der die Bereitstellung des TONA fortsetzen wird.

"TONA-Index-Einstellungstichtag" bezeichnet in Bezug auf ein TONA-Index-Einstellungsereignis den ersten Tag, an dem der TONA nicht mehr bereitgestellt wird, wie von der Emittentin nach Treu und Glauben und in wirtschaftlich vernünftiger Art und Weise festgestellt und der Berechnungsstelle von der Emittentin mitgeteilt.]

- (i) die Emittentin Zahlstellen mit bezeichneten Geschäftsstellen außerhalb der Vereinigten Staaten in der begründeten Erwartung bestellt hat, dass diese Zahlstellen in der Lage sind, über ihre bezeichneten Geschäftsstellen außerhalb der Vereinigten Staaten bei Fälligkeit Kapital- und Zinszahlungen auf die Schuldverschreibungen in voller Höhe in US-Dollar auf die vorstehend festgelegte Weise zu leisten,
- (ii) die Zahlung der entsprechenden Kapital- bzw. Zinsbeträge in voller Höhe bei sämtlichen bezeichneten Geschäftsstellen außerhalb der Vereinigten Staaten aufgrund von Devisenbeschränkungen oder ähnlichen Beschränkungen hinsichtlich der Zahlung bzw. des Erhalts von Kapital- und Zinsbeträgen in voller Höhe in US-Dollar gesetzwidrig ist oder tatsächlich ausgeschlossen wird, und

Beschlüsse, durch die der wesentliche Inhalt der Bedingungen nicht geändert wird, bedürfen zu ihrer Wirksamkeit einer einfachen Mehrheit von mindestens **[50] [andere Mehrheit, die größer als 50 % ist]** % der teilnehmenden Stimmrechte. Jeder Gläubiger der Schuldverschreibungen nimmt an Abstimmungen nach Maßgabe des Nennwerts oder des rechnerischen Anteils seiner Berechtigung an den ausstehenden Schuldverschreibungen teil. Über seine Tätigkeit hat der Gemeinsame Vertreter den Gläubigern zu berichten.

Der Gemeinsame Vertreter haftet den Gläubigern als Gesamtgläubiger für die ordnungsgemäße Erfüllung seiner Aufgaben; bei seiner Tätigkeit hat er die Sorgfalt eines ordentlichen und gewissenhaften Geschäftsleiters anzuwenden. Die Versammlung ist zum Zweck der Fassung eines Außerordentlichen Beschlusses beschlussfähig, wenn zwei oder mehr Personen anwesend sind, die mindestens 50 % des Nennbetrags der zu dem betreffenden Zeitpunkt ausstehenden Schuldverschreibungen halten oder vertreten; bei einer vertagten Versammlung ist die Beschlussfähigkeit gegeben, wenn zwei oder mehr Personen anwesend sind, die Gläubiger der Schuldverschreibungen sind oder diese vertreten, unabhängig von dem Nennbetrag der gehaltenen oder vertretenen Schuldverschreibungen; davon abweichend gilt für Fälle, in denen die Versammlung sich mit Änderungen bestimmter Regelungen der Schuldverschreibungen oder der Zinsscheine (einschließlich einer Änderung des Fälligkeitstermins der Schuldverschreibungen oder eines Termins für die Zahlung von Zinsen auf die Schuldverschreibungen, einer Minderung oder Aufhebung des Nennbetrags oder des auf die Schuldverschreibungen zu zahlenden Zinssatzes oder einer Änderung der Währung, in der Zahlungen auf Schuldverschreibungen [oder Zinsscheine] erfolgen oder einer Änderung der Deed of Covenant in Bezug auf bestimmte Aspekte) befasst, dass die Beschlussfähigkeit gegeben ist, wenn zwei oder mehr Personen anwesend sind, die mindestens drei Viertel des Nennbetrags der zu dem betreffenden Zeitpunkt ausstehenden Schuldverschreibungen halten oder vertreten bzw., bei einer vertagten Versammlung, wenn eine oder mehr Personen anwesend sind, die mindestens ein Viertel des Nennbetrags der zu dem betreffenden Zeitpunkt ausstehenden Schuldverschreibungen halten oder vertreten. Das Agency Agreement sieht vor, dass (i) ein in einer ordnungsgemäß nach den Bestimmungen des Agency Agreement einberufenen und abgehaltenen Versammlung mit einer Mehrheit von mindestens drei Vierteln der bei der Beschlussfassung abgegebenen Stimmen gefasster Beschluss, (ii) ein schriftlich gefasster Beschluss, der durch oder für Gläubiger von mindestens drei Vierteln des Nennbetrags der zu dem betreffenden Zeitpunkt ausstehenden Schuldverschreibungen unterzeichnet ist, oder (iii) eine im Wege des elektronischen Zustimmungsverfahrens über das bzw. die maßgebliche(n) Clearing System(e) (in für den Fiscal Agent zufriedenstellender Form) durch oder für Gläubiger von mindestens drei Vierteln des Nennbetrags der zu dem betreffenden Zeitpunkt ausstehenden Schuldverschreibungen erklärte Zustimmung jeweils als Außerordentlicher Beschluss der Gläubiger der Schuldverschreibungen Wirksamkeit erlangt. Ein in einer Versammlung der Gläubiger der Schuldverschreibungen gefasster Außerordentlicher Beschluss ist für alle Gläubiger der Schuldverschreibungen (unabhängig davon, ob diese in der Versammlung anwesend waren oder nicht) [sowie für alle Inhaber von Zinsscheinen] bindend.

Der Fiscal Agent und die Emittentin können ohne die Zustimmung der Gläubiger der Schuldverschreibungen [oder Inhaber von Zinsscheinen] das Folgende vereinbaren:

- (a) Änderungen (außer den vorstehend genannten) der Schuldverschreibungen [, Zinsscheine] oder des Agency Agreement, die keine Beeinträchtigung der Interessen der Gläubiger der Schuldverschreibungen darstellen, oder
- (b) Änderungen der Schuldverschreibungen [, Zinsscheine] oder des Agency Agreement, die formaler oder technischer Natur oder von untergeordneter Bedeutung sind oder die zu dem Zweck vorgenommen werden, einen offensichtlichen oder nachweislichen Fehler zu korrigieren oder zwingend vorgeschriebene gesetzliche Vorgaben zu erfüllen.

Jede solche Änderung ist für die Gläubiger der Schuldverschreibungen, [und die Inhaber von Zinsscheinen] bindend und wird den Gläubigern der Schuldverschreibungen so bald wie praktikabel gemäß § [12] mitgeteilt.

(a) Die Pfandbriefe lauten auf den Inhaber und sind anfänglich durch eine vorläufige Globalurkunde (die "**Vorläufige Globalurkunde**") ohne Zinsscheine verbrieft. Die Vorläufige Globalurkunde wird gegen eine Dauerglobalurkunde (die "**Dauerglobalurkunde**" und zusammen mit der Vorläufigen Globalurkunde die "**Globalurkunden**" und jeweils eine "**Globalurkunde**") ohne Zinsscheine ausgetauscht. Die Vorläufige Globalurkunde und die Dauerglobalurkunde werden jeweils von oder im Namen der Emittentin und des von der Bundesanstalt für Finanzdienstleistungsaufsicht bestellten Treuhänders unterschrieben und vom oder im Namen des Fiscal Agent jeweils mit einer Kontrollunterschrift versehen [**im Fall von Globalurkunden im NGN-Format gilt Folgendes:** und werden jeweils durch den gemeinsamen Verwahrer (*common safekeeper*) (der "**Gemeinsame Verwahrer**") aufgrund einer Vollmacht der Emittentin für diese handschriftlich unterzeichnet]. (b) Die Vorläufige Globalurkunde wird an einem Tag (der "**Austauschtag**"), der nicht mehr als 180 Tage nach dem Tag der Ausgabe der Vorläufigen Globalurkunde liegt, gegen die Dauerglobalurkunde ausgetauscht. [Im Fall von Globalurkunden im CGN-Format gilt Folgendes: Die Pfandbriefe werden in Form einer klassischen Globalurkunde ("CGN") begeben und werden von einer gemeinsamen Verwahrstelle für Euroclear und CBL verwahrt.]

(4) *Pfandbriefgläubiger.* "Pfandbriefgläubiger" bezeichnet in Bezug auf die bei einem Clearing System oder einer sonstigen zentralen Wertpapierverwahrstelle hinterlegten Pfandbriefe jeden Inhaber eines Miteigentumsanteils oder eines anderen vergleichbaren Rechts an den hinterlegten Pfandbriefen.

IM FALL VON

NGN-FORMAT
GILT FOLGENDES:

(5) *Unterlagen der ICSDs.* Als Nennbetrag der durch die Globalurkunde verbrieften Pfandbriefe gilt der jeweils in den Unterlagen der beiden ICSDs verzeichnete Gesamtbetrag. Die Unterlagen der ICSDs (wobei dieser Ausdruck die Unterlagen bezeichnet, die jeder der ICSDs für seine Kunden führt und in welchen der Betrag des auf jeden Kunden entfallenden Anteils an den Pfandbriefen erfasst ist) gelten als schlüssiger Nachweis in Bezug auf den Nennbetrag der durch die Globalurkunde verbrieften Pfandbriefe; zu diesem Zweck gilt eine von einem ICSD erstellte Bescheinigung über den Nennbetrag der verbrieften Pfandbriefe (die dem Gläubiger auf Verlangen zur Verfügung zu stellen ist) als schlüssiger Nachweis in Bezug auf die Unterlagen des betreffenden ICSD zu dem jeweiligen Zeitpunkt.

Bei der Rückzahlung oder Zahlung von Raten oder Zinsen auf die Pfandbriefe beziehungsweise beim Rückkauf und bei der Entwertung von Pfandbriefen, die durch diese Globalurkunde verbrieft sind, hat die Emittentin sicherzustellen, dass nähere Angaben zu der Rückzahlung oder Zahlung bzw. dem Rückkauf und der Entwertung in Bezug auf die Globalurkunde unter Angabe des betroffenen Anteils in den Unterlagen der ICSDs vermerkt wird; mit der Vornahme jedes solchen Vermerks verringert sich der Nennbetrag der in den Unterlagen der ICSDs eingetragenen und durch die Globalurkunde verbrieften Pfandbriefe um den Gesamtnennbetrag der zurückgezahlten oder zurückgekauften und entwerteten Pfandbriefe oder um den Gesamtbetrag der gezahlten Raten.

[(6)] *Bezugnahmen.* Bezugnahmen in diesen Bedingungen auf die "Pfandbriefe" schließen Bezugnahmen auf jede die Pfandbriefe verbrieftende Globalurkunde ein, es sei denn, aus dem Zusammenhang ergibt sich etwas anderes. Bezugnahmen in diesen Emissionsbedingungen auf die "Emissionsbedingungen" oder die "Bedingungen" verstehen sich als Bezugnahmen auf diese Emissionsbedingungen der Pfandbriefe.

⁴ Im Fall von Pfandbriefen, die an der Frankfurter Wertpapierbörse zum Handel zugelassen werden, erfolgt das Clearing üblicherweise über CBF.

§ 2 STATUS

Die Pfandbriefe begründen nicht nachrangige Verbindlichkeiten der Emittentin, die untereinander gleichrangig sind. Die Pfandbriefe sind nach Maßgabe des Pfandbriefgesetzes ("**PfandBG**") gedeckt und stehen mindestens im gleichen Rang mit allen anderen Verpflichtungen der Emittentin aus Hypothekenpfandbriefen.

§ 3 ZINSEN

(3) *Auflaufende Zinsen.* Der Zinslauf der Pfandbriefe endet mit Ablauf des Tages, der dem Tag vorangeht, an dem sie zur Rückzahlung fällig werden, es sei denn, die Rückzahlung wird unberechtigterweise vorenthalten oder verweigert. Zahlt die Emittentin die Pfandbriefe nicht bei Fälligkeit zurück, wird der ausstehende Gesamtnennbetrag der Pfandbriefe weiter verzinst, und zwar ab dem Tag, an dem die Pfandbriefe zur Rückzahlung fällig werden, (einschließlich) bis zum Ablauf des Tages, der dem Tag der tatsächlichen Rückzahlung der Pfandbriefe vorangeht (ausschließlich), wobei der gesetzliche Verzugszinssatz Anwendung findet (der gesetzliche Verzugszinssatz beträgt fünf Prozentpunkte über dem von der Deutschen Bundesbank jeweils veröffentlichten Basiszinssatz, §§ 288 Abs. 1, 247 Bürgerliches Gesetzbuch (BGB); der gesetzliche Verzugszinssatz schließt darüber hinausgehende Schadensersatzansprüche nicht aus).

(5) *Unterlagen der ICSDs.* Als Nennbetrag der durch die Globalurkunde verbrieften Pfandbriefe gilt der jeweils in den Unterlagen der beiden ICSDs verzeichnete Gesamtbetrag. Die Unterlagen der ICSDs (wobei dieser Ausdruck die Unterlagen bezeichnet, die jeder der ICSDs für seine Kunden führt und in welchen der Betrag des auf jeden Kunden entfallenden Anteils an den Pfandbriefen erfasst ist) gelten als schlüssiger Nachweis in Bezug auf den Nennbetrag der durch die Globalurkunde verbrieften Pfandbriefe; zu diesem Zweck gilt eine von einem ICSD erstellte Bescheinigung über den Nennbetrag der verbrieften Pfandbriefe (die dem Gläubiger auf Verlangen zur Verfügung zu stellen ist) als schlüssiger Nachweis in Bezug auf die Unterlagen des betreffenden ICSD zu dem jeweiligen Zeitpunkt.

Bei der Rückzahlung oder Zahlung von Raten oder Zinsen auf die Pfandbriefe beziehungsweise beim Rückkauf und bei der Entwertung von Pfandbriefen, die durch diese Globalurkunde verbrieft sind, hat die Emittentin sicherzustellen, dass nähere Angaben zu der Rückzahlung oder Zahlung bzw. dem Rückkauf und der Entwertung in Bezug auf die Globalurkunde unter Angabe des betroffenen Anteils in den Unterlagen der ICSDs vermerkt wird; mit der Vornahme jedes solchen Vermerks verringert sich der Nennbetrag der in den Unterlagen der ICSDs eingetragenen und durch die Globalurkunde verbrieften Pfandbriefe um den Gesamtnennbetrag der zurückgezahlten oder zurückgekauften und entwerteten Pfandbriefe oder um den Gesamtbetrag der gezahlten Raten.

[(6)] *Bezugnahmen.* Bezugnahmen in diesen Bedingungen auf die "Pfandbriefe" schließen Bezugnahmen auf jede die Pfandbriefe verbrieftende Globalurkunde ein, es sei denn, aus dem Zusammenhang ergibt sich etwas anderes. [(11)]

[Falls BBSW, CMS/Swap-Satz, EURIBOR, NIBOR, SORA oder STIBOR anwendbar ist, gilt Folgendes: Zinssatz-Ersetzung. Im Falle, dass die Emittentin feststellt, dass an oder vor einem Zinsfestlegungstag (der **"Maßgebliche Zinsfestlegungstag"**) ein Zinssatz-Ersetzungsgrund in Bezug auf einen Variablen Zinssatz eingetreten ist, hat die Maßgebliche Festlegende Stelle, falls sie gegenüber der Emittentin den Eintritt dieses Zinssatz-Ersetzungsgrunds bestätigt (sofern es sich bei der Maßgeblichen Festlegenden Stelle nicht um die Emittentin handelt), nach ihrem billigen Ermessen (i) einen Ersatzzinssatz für den maßgeblichen Variablen Zinssatz und (ii) Ersatzzinssatz-Anpassungen festzulegen und ihre Festlegungen der Emittentin und der Berechnungsstelle (sofern es sich bei diesen jeweils nicht um die Maßgebliche Festlegende Stelle handelt) unverzüglich mitzuteilen.

Der (etwaige) in dieser Weise festgelegte Ersatzzinssatz ersetzt, unter Anwendung der Anpassungsspanne gemäß den Bestimmungen dieser Bedingungen, den maßgeblichen Variablen Zinssatz, und die Bedingungen gelten des Weiteren für die Zwecke der Festlegung des Zinssatzes jeweils für die Zinsperiode in Bezug auf den Zinsfestlegungstag, der auf den Ersatzzinssatz-Festlegungstag fällt oder, falls auf diesen Tag kein Zinsfestlegungstag fällt, der unmittelbar auf den Tag des Ersatzzinssatz-

Festlegungstags folgt, sowie jede nachfolgende Zinsperiode als durch die in dieser Weise festgelegten Ersatzzinssatz-Anpassungen abgeändert (vorbehaltlich des nachfolgenden Eintritts eines Zinssatz-Ersetzungsgrunds in Bezug auf den Ersatzzinssatz). Die Emittentin wird den Pfandbriefgläubigern so bald wie möglich nach dem Ersatzzinssatz-Festlegungstag den Ersatzzinssatz sowie die Ersatzzinssatz-Anpassungen durch Mitteilung gemäß § 10 mitteilen und das Clearing System auffordern, der Globalurkunde die vorgelegten Dokumente in geeigneter Weise beizufügen, um die Änderung der Bedingungen zu berücksichtigen.

Im Falle, dass ein Ersatzzinssatz, eine etwaige erforderliche Anpassungsspanne und jedwede sonstigen maßgeblichen Ersatzzinssatz-Anpassungen nicht in Einklang mit den vorstehenden Bestimmungen festgelegt werden, kann die Emittentin durch Mitteilung an die Pfandbriefgläubiger mit einer Frist von nicht weniger als 15 Geschäftstagen gemäß § 10 bis zum Zinsfestlegungstag (ausschließlich), der unmittelbar auf den Maßgeblichen Zinsfestlegungstag folgt, die Pfandbriefe insgesamt, jedoch nicht teilweise, zum Vorzeitigen Rückzahlungsbetrag einschließlich etwaiger bis zum Rückzahlungstag (ausschließlich) aufgelaufener Zinsen zurückzahlen. "Ersatzzinssatz-Anpassungen" bezeichnet (a) solche Anpassungen der Bedingungen, die die Maßgebliche Festlegende Stelle nach ihrem billigen Ermessen festlegt, um der Anwendung des jeweiligen Ersatzzinssatzes Rechnung zu tragen (wobei diese, ohne Beschränkung hierauf, Anpassungen der geltenden Geschäftstagskonvention, der Definition von Geschäftstag, des Zinsfestlegungstages (der auf eine Zeit vor, während oder nach der Zinsperiode verschoben werden kann), des Zinstagequotienten, jeder Methodik oder Definition zum Erhalt oder zur Berechnung des Ersatzzinssatzes umfassen können) und (b) jede Anpassungsspanne, die auf den betreffenden Ersatzzinssatz Anwendung findet. Festlegungen jeweils beauftragt, wobei im Falle, dass weder die Berechnungsstelle noch anderenfalls ein Unabhängiger Berater unter Aufwendung zumutbarer Anstrengungen zu wirtschaftlich vertretbaren Konditionen beauftragt werden kann, die Maßgebliche Festlegende Stelle die Emittentin ist, und wobei weiter gilt, dass im Falle, dass die Emittentin einen Unabhängigen Berater mit der Festlegung eines dem Ersatzzinssatz entsprechenden Zinssatzes sowie den Ersatzzinssatz-Anpassungen entsprechenden Anpassungen in Bezug auf sonstige Wertpapiere der Emittentin beauftragt hat und die Emittentin nach ihrem billigen Ermessen feststellt, dass diese Festlegungen als Ersatzzinssatz und Ersatzzinssatz-Anpassungen für die Pfandbriefe geeignet sind, die Emittentin nach ihrer Wahl die Maßgebliche Festlegende Stelle sein kann.

- (d) es erfolgt eine Mitteilung der Emittentin an die Gläubiger der Pfandbriefe gemäß § 10, dass die Verwendung des Variablen Zinssatzes für die Emittentin im Rahmen der Erfüllung ihrer Verpflichtungen aus den Pfandbriefen aufgrund geltender gesetzlicher Bestimmungen, Verordnungen oder aufsichtsrechtlicher Erfordernisse (einschließlich der EU-Benchmark-Verordnung (Verordnung (EU) 2016/1011) in der jeweils gültigen Fassung) nicht länger zulässig ist; oder

[Falls €STR anwendbar ist, gilt Folgendes:

Festlegung des €STR-Ersatzzinssatzes. Falls in Bezug auf einen maßgeblichen T2-Geschäftstag €STR_{[5]TBD} nicht auf der €STR-Bildschirmseite bereitgestellt wird (und auch nicht auf andere Weise veröffentlicht worden ist), so wird €STR_{[5]TBD} in Bezug auf den betreffenden T2-Geschäftstag wie folgt bestimmt:

- (x) ist auch kein €STR-Index-Einstellungsereignis eingetreten, so ist €STR_{i-[5][•]TBD} für den betreffenden T2-Geschäftstag der am letzten T2-Geschäftstag vor dem betreffenden T2-Geschäftstag auf der Bildschirmseite veröffentlichte €STR; oder
- (y) sind sowohl ein €STR-Index-Einstellungsereignis als auch ein €STR-Index-Einstellungstichtag eingetreten, so wird der (zur Berechnung des Zinssatzes verwendete) Referenzsatz für jeden Tag in einem Beobachtungszeitraum, der an oder nach dem €STR-Index-Einstellungstichtag liegt, so ermittelt, als wären Bezugnahmen auf €STR_{i-[5][•]TBD} Bezugnahmen auf den EZB-Empfehlungsreferenzsatz_{i-[5][•]TBD}.

Wenn:

- (x) vor Ablauf des ersten T2-Geschäftstags nach dem Tag, an dem das €STR-Index-Einstellungsereignis eintritt, kein solcher (zur Berechnung des Zinssatzes verwendeter) Referenzsatz empfohlen wird, so wird der Referenzsatz für jeden Tag in einem Beobachtungszeitraum, der an oder nach dem €STR-Index-Einstellungstichtag liegt, so ermittelt, als wären Bezugnahmen auf €STR_{i-[5][•]TBD} Bezugnahmen auf den Modifizierten EDFR (€STR)_{i-[5][•]TBD}; oder

Kann der Zinssatz nicht anderweitig gemäß den Bestimmungen dieser Bedingungen in Bezug auf eine Zinsberechnungsperiode ermittelt werden, entspricht der Zinssatz für die betreffende Zinsberechnungsperiode (i) demjenigen Compounded Daily €STR in Bezug auf die Pfandbriefe, der für die letzte vorangegangene Zinsberechnungsperiode ermittelt wurde [(wobei jedoch, soweit in Bezug auf die maßgebliche Zinsberechnungsperiode [eine andere] [Marge][,] [und/oder] [ein anderer Mindestzinssatz][,] [und/oder] [ein anderer Höchstzinssatz] anzuwenden ist als bei der letzten vorangegangenen Zinsperiode, [die] [Marge][,] [bzw.] [der Mindestzinssatz][,] [bzw.] [der Höchstzinssatz] für die maßgebliche Zinsberechnungsperiode anstelle [der] [Marge][,] [bzw.] [des Mindestzinssatzes][,] [bzw.] [des Höchstzinssatzes] für die betreffende letzte vorangegangene Zinsberechnungsperiode zu verwenden ist)] oder (ii) falls es keine solche vorangegangene Zinsberechnungsperiode gibt, dem Compounded Daily €STR, der für die erste vorgesehene Zinsperiode auf die Pfandbriefe anwendbar gewesen wäre, wenn die Pfandbriefe bereits zuvor für einen Zeitraum im Umlauf befindlich gewesen wären, dessen Dauer der ersten vorgesehenen Zinsperiode entsprochen hätte und der am Verzinsungsbeginn (ausschließlich) geendet hätte [(jedoch unter Anwendung [der] [Marge][,] [und] [des Mindestzinssatzes][,] [und] [des Höchstzinssatzes], [die] [bzw.] [der] auf die erste vorgesehene Zinsperiode anwendbar war)].

[Falls SARON anwendbar ist, gilt Folgendes:

Festlegung des SARON-Ersatzzinssatzes. Falls in Bezug auf einen maßgeblichen Züricher Geschäftstag SARON zum SARON-Index-Feststellungszeitpunkt nicht auf der SARON-Bildschirmseite bereitgestellt wird (und auch nicht auf andere Weise veröffentlicht worden ist), so wird der SARON in Bezug auf den betreffenden Züricher Geschäftstag wie folgt bestimmt:

- (x) falls vor oder zum SARON-Index-Feststellungszeitpunkt in Bezug auf den betreffenden Züricher Geschäftstag kein SARON-Index-Einstellungsereignis und kein SARON-Index-Einstellungstichtag eingetreten sind (wie der Berechnungsstelle von der Emittentin jeweils mitgeteilt), ist SARON in Bezug auf den betreffenden Züricher Geschäftstag derjenige SARON, der auf der SARON-Bildschirmseite mit Bezug auf den letzten vorhergehenden Züricher Geschäftstag veröffentlicht wurde (wobei die Emittentin den Gläubigern die Anwendung dieses Satzes durch Veröffentlichung gemäß § 10 mitteilen wird); oder
- (y) falls vor oder zum SARON-Index-Feststellungszeitpunkt in Bezug auf den betreffenden Züricher Geschäftstag sowohl ein SARON-Index-Einstellungsereignis als auch ein SARON-Index-Einstellungstichtag eingetreten sind (wie der Berechnungsstelle und den Gläubigern (im Fall einer Mitteilung gegenüber den Gläubigern durch Veröffentlichung gemäß § 10) von der Emittentin jeweils mitgeteilt) und
 - (i) es binnen eines Züricher Geschäftstags (der "**Darauffolgende Züricher Geschäftstag**") nach dem Eintritt des SARON-Index-Einstellungstichtags einen Empfohlenen Ersatzzinssatz gibt, so wird der (zur Berechnung des Zinssatzes verwendete) Satz für jeden Tag in einem Beobachtungszeitraum, der auf den oder nach dem SARON-Index-Einstellungstichtag fällt, unter Einbeziehung einer am betreffenden Züricher Geschäftstag oder am Darauffolgenden Züricher Geschäftstag veröffentlichten etwaigen Empfohlenen Anpassungsspanne ermittelt, als wären Bezugnahmen auf den SARON Bezugnahmen auf den Empfohlenen Ersatzzinssatz; oder
 - (ii) es keinen solchen (zur Berechnung des Zinssatzes verwendeten) Empfohlenen Ersatzzinssatz vor dem Ende des Darauffolgenden Züricher Geschäftstags gibt, so wird der Satz für jeden Tag in einem Beobachtungszeitraum, der auf den oder nach dem SARON-Index-Einstellungstichtag fällt, unter Einbeziehung einer etwaigen SNB-Anpassungsspanne für den betreffenden Züricher Geschäftstag ermittelt, als wären Bezugnahmen auf den SARON Bezugnahmen auf den SNB-Leitzins.

Falls die Berechnungsstelle (i) einen Empfohlenen Ersatzzinssatz oder den SNB-Leitzins verwenden muss, um den SARON für einen Züricher Geschäftstag festzulegen, und (ii) die Emittentin feststellt, dass irgendwelche Änderungen an maßgeblichen Definitionen (einschließlich (jedoch nicht beschränkt auf) Beobachtungszeitraum, SARON, SARON-Administrator, SARON-Bildschirmseite oder Züricher Geschäftstag) erforderlich sind, um den Empfohlenen Ersatzzinssatz (und eine Empfohlene Anpassungsspanne) bzw. den SNB-Leitzins (und eine empfohlene SNB-Anpassungsspanne) zu verwenden, wird sie veranlassen, dass solche Änderungen und Festlegungen der Berechnungsstelle und den Gläubigern der Pfandbriefe gemäß § 10 und, sofern die Vorschriften einer Börse, an der die Pfandbriefe zu dem betreffenden Zeitpunkt notiert sind, dies verlangen, der betreffenden Börse so bald wie möglich mitgeteilt werden.

Kann der Zinssatz nicht anderweitig gemäß den Bestimmungen dieser Bedingungen in Bezug auf eine Zinsberechnungsperiode ermittelt werden, entspricht der Zinssatz für die betreffende Zinsberechnungsperiode (i) demjenigen Compounded Daily SARON, der in Bezug auf die Pfandbriefe für die letzte vorangegangene Zinsberechnungsperiode ermittelt wurde [(wobei jedoch, soweit in Bezug auf die maßgebliche Zinsberechnungsperiode [eine andere] [Marge][,] [und/oder] [ein anderer Mindestzinssatz][,] [und/oder] [ein anderer Höchstzinssatz] anzuwenden ist als bei der letzten vorangegangenen Zinsberechnungsperiode, [die] [Marge][,] [bzw.] [der Mindestzinssatz][,] [bzw.] [der Höchstzinssatz] für die maßgebliche Zinsberechnungsperiode anstelle [der] [Marge][,] [bzw.] [des Mindestzinssatzes][,] [bzw.] [des Höchstzinssatzes] für die betreffende letzte vorangegangene Zinsberechnungsperiode zu verwenden ist)] oder (ii) falls es keine solche vorangegangene Zinsberechnungsperiode gibt, dem Compounded Daily SARON, der für die erste vorgesehene Zinsperiode auf die Pfandbriefe anwendbar gewesen wäre, wenn die Pfandbriefe bereits zuvor für einen Zeitraum im Umlauf befindlich gewesen wären, dessen Dauer der ersten vorgesehenen Zinsperiode entsprochen hätte und der am Verzinsungsbeginn (ausschließlich) geendet hätte [(jedoch unter Anwendung [der] [Marge][,] [und] [des Mindestzinssatzes][,] [und] [des Höchstzinssatzes], [die] [bzw.] [der] auf die erste vorgesehene Zinsperiode anwendbar war)].

"Empfohlene Anpassungsspanne" bezeichnet in Bezug auf den Empfohlenen Ersatzzinssatz die Spanne (die positiv, negativ oder null sein kann) oder die Formel oder Methodik zur Berechnung einer solchen Spanne:

- (i) die das Empfehlende Gremium empfohlen hat, im Fall von festverzinslichen Pfandbriefen, bei denen der Empfohlene Ersatzzinssatz den SARON als Referenzwert für die Zwecke der Festlegung des anwendbaren Zinssatzes ersetzt hat, auf diesen Empfohlenen Ersatzzinssatz anzuwenden; oder
- (ii) wenn das Empfehlende Gremium keine solche Spanne, Formel oder Methodik, wie in vorstehendem Unterabsatz (i) beschrieben, empfohlen

hat, die auf diesen Empfohlenen Ersatzzinssatz anzuwenden ist, um, soweit dies unter den gegebenen Umständen vernünftigerweise durchführbar ist, wirtschaftliche Nachteile bzw. Vorteile für Gläubiger der Pfandbriefe infolge des Ersatzes des SARON durch diesen Empfohlenen Ersatzzinssatz für die Zwecke der Festlegung des SARON zu verringern oder zu beseitigen, wobei diese Spanne durch die Emittentin nach Treu und Glauben und in wirtschaftlich vernünftiger Weise bestimmt wird und mit den branchenüblichen Praktiken für festverzinsliche Wertpapiere übereinstimmen wird, bei denen der Empfohlene Ersatzzinssatz den SARON als Referenzwert für die Zwecke der Festlegung des anwendbaren Zinssatzes ersetzt hat.

"Empfohlener Ersatz-Zinssatz" bezeichnet den Satz, der als der Ersatz für den SARON von dem Empfehlenden Gremium empfohlen wurde.

"SARON-Index-Einstellungsereignis" bezeichnet in Bezug auf einen Beobachtungszeitraum den Eintritt eines oder mehrerer der folgenden Ereignisse, jeweils wie von der Emittentin nach Treu und Glauben und in wirtschaftlich vernünftiger Weise festgestellt und der Berechnungsstelle von der Emittentin mitgeteilt:

- (a) eine öffentliche Erklärung oder Veröffentlichung von Informationen durch den SARON-Administrator oder einer zuständigen Behörde oder in seinem bzw. ihrem Namen, mit der dieser bzw. diese bekannt gibt oder bestätigt, dass der SARON-Administrator die Bereitstellung des SARON dauerhaft oder auf unbestimmte Zeit einstellen wird, sofern es zum Zeitpunkt der Erklärung oder Veröffentlichung keinen Nachfolge-Administrator gibt, der die Bereitstellung des SARON fortsetzen wird; oder
- (b) eine öffentliche Erklärung oder Veröffentlichung von Informationen durch den SARON-Administrator oder eine zuständige Behörde, mit der dieser bzw. diese bekannt gibt, dass (i) der SARON nicht länger repräsentativ ist oder ab einem bestimmten Datum nicht länger repräsentativ sein wird oder (ii) der SARON nach einem bestimmten Datum nicht mehr verwendet werden darf, wobei diese Erklärung auf festverzinsliche Wertpapiere und Derivate (jedoch nicht notwendigerweise hierauf beschränkt) anwendbar ist.

"SARON-Index-Einstellungsstichtag" bezeichnet in Bezug auf ein SARON-Index-Einstellungsereignis den frühesten der folgenden Tage:

- (a) im Fall eines SARON-Index-Einstellungsereignisses, wie in Unterabsatz (a) der Definition dieses Begriffs beschrieben, den Tag, an dem der SARON-Administrator die Bereitstellung des SARON einstellt;

 - (i) den Tag einer solchen Erklärung oder Veröffentlichung;
 - (ii) ggf. den Tag, der in dieser Erklärung oder Veröffentlichung als der Tag angegeben wird, an dem SARON nicht länger repräsentativ sein wird; und
 - (iii) falls das SARON-Index-Einstellungsereignis, wie in

Unterabsatz (b)(i) der Definition dieses Begriffs beschrieben, vor oder an einem oder beiden in den Unterabsätzen (i) und (ii) dieses Unterabsatzes (b) beschriebenen Tagen eingetreten ist, den Tag, ab dem der SARON nicht mehr verwendet werden darf; und

"SNB-Anpassungsspanne" bezeichnet in Bezug auf den SNB-Leitzins die Spanne, die in Bezug auf den SNB-Leitzins anzuwenden ist, um wirtschaftliche Nachteile bzw. Vorteile für Gläubiger der Pfandbriefe infolge des Ersatzes des SARON durch den SNB-Leitzins für die Zwecke der Festlegung des SARON soweit als mit vertretbarem Aufwand unter den gegebenen Umständen möglich zu verringern oder zu beseitigen, wobei diese Spanne durch die Emittentin nach Treu und Glauben und in wirtschaftlich vernünftiger Weise bestimmt wird, indem sie den historischen Median zwischen dem SARON und dem SNB-Leitzins während des Zweijahreszeitraums, der an dem Tag endet, an dem das SARON-Index-Einstellungsereignis eingetreten ist, (oder, falls mehr als ein SARON-Index-Einstellungsereignis eingetreten ist, an dem Tag, an dem das erste dieser Ereignisse eingetreten ist) berücksichtigt.

"SNB-Leitzins" bezeichnet den Leitzins der Schweizerischen Nationalbank.]

[Falls SOFR anwendbar ist, gilt Folgendes:

- (A) *Festlegung des SOFR-Ersatzzinssatzes.* Falls SOFR in Bezug auf den maßgeblichen Geschäftstag für US-Staatsanleihen nicht auf der SOFR-Bildschirmseite veröffentlicht wird (und auch nicht auf andere Weise veröffentlicht worden ist), dann entspricht,
- (x) falls nicht sowohl ein Referenzwert-Übergangereignis als auch der damit verbundene Referenzwert-Ersetzungstichtag eingetreten sind, SOFR dem Tageszinssatz für besicherte Über-Nacht-Finanzierungen (*Secured Overnight Financing Rate*) in Bezug auf den letzten Geschäftstag für US-Staatsanleihen, für den ein solcher Satz auf der SOFR-Bildschirmseite veröffentlicht wurde; oder
- (y) falls sowohl ein Referenzwert-Übergangereignis als auch der damit verbundene Referenzwert-Ersetzungstichtag eingetreten sind, SOFR der ersten in der nachstehenden Reihenfolge genannten Alternative, die die Emittentin nach Treu und Glauben und in wirtschaftlich vernünftiger Weise festzulegen imstande ist:
- (i) der Summe aus: (a) dem alternativen Zinssatz, der von der Maßgeblichen Staatlichen Stelle als Ersatz für den dann aktuellen Referenzwert für die maßgebliche Entsprechende Laufzeit ausgewählt oder empfohlen wurde und (b) den Referenzwert-Anpassungen; oder
- (ii) der Summe aus: (a) dem SOFR ISDA Ersatzzinssatz und (b) den Referenzwert-Anpassungen.

Für die Zwecke dieses § 3 ([11 (A)]) gelten folgende Begriffsbestimmungen:

"Entsprechende Laufzeit" bezeichnet in Bezug auf einen Referenzwert-Ersatz

eine Laufzeit (einschließlich Über-Nacht), die (ohne Berücksichtigung einer Geschäftstaganpassung) ungefähr dieselbe Länge wie die anwendbare Laufzeit für den dann aktuellen Referenzwert hat.

"ISDA-Ersatzanpassung" bezeichnet die Spread-Anpassung (die einen positiven oder negativen Wert haben oder null sein kann), die für Derivategeschäfte gelten würde, die auf die ISDA-Definitionen Bezug nehmen, und die bei Eintritt eines Indexeinstellungsereignisses in Bezug auf den Referenzwert für die anwendbare Laufzeit festzustellen ist.

"Maßgebliche Staatliche Stelle" bezeichnet das Federal Reserve Board oder anderenfalls die New York Federal Reserve oder anderenfalls einen vom Federal Reserve Board offiziell bestätigten oder einberufenen Ausschuss oder anderenfalls die Federal Reserve Bank of New York oder deren Nachfolger.

"Referenzwert" bezeichnet den Tageszinssatz für besicherte Über-Nacht-Finanzierungen (*Secured Overnight Financing Rate*); wobei, falls ein Referenzwert-Übergangsereignis und der damit verbundene Referenzwert-Ersetzungsstichtag in Bezug auf SOFR oder den dann aktuellen Referenzwert eingetreten sind, "Referenzwert" den anwendbaren Referenzwert-Ersatz bezeichnet.

"Referenzwert-Ersatz" bezeichnet die in der in vorstehender Ziffer (y) aufgeführten Reihenfolge erstgenannte Alternative, die die Emittentin nach Treu und Glauben und in wirtschaftlich vernünftiger Weise zum Referenzwert-Ersetzungsstichtag festzulegen imstande ist. Im Rahmen der Durchführung eines Referenzwert-Ersatzes ist die Emittentin berechtigt, von Zeit zu Zeit Referenzwert-Ersatz-Folgeanpassungen vorzunehmen.

"Referenzwert-Ersatz-Anpassungen" bezeichnet die in der nachstehend aufgeführten Reihenfolge erstgenannte Alternative, die die Emittentin nach Treu und Glauben und in wirtschaftlich vernünftiger Weise zum Referenzwert-Ersetzungsstichtag festzulegen imstande ist:

- (1) die Spread-Anpassung (die einen positiven oder negativen Wert haben oder null sein kann) oder das Verfahren zur Berechnung oder Festsetzung einer solchen Spread-Anpassung, die von der Maßgeblichen Staatlichen Stelle für den anwendbaren Unangepassten Referenzwert-Ersatz ausgewählt oder empfohlen wurde; oder
- (2) falls der anwendbare Unangepasste Referenzwert-Ersatz dem SOFR ISDA Ersatzzinssatz entspricht, die ISDA-Ersatzanpassung.

"Referenzwert-Ersatz-Folgeanpassungen" bezeichnet in Bezug auf einen Referenzwert-Ersatz jedwede technischen, administrativen oder operativen Anpassungen (einschließlich Änderungen der Definitionen von "Zinsperiode", "Zinsfestlegungstag" und "Beobachtungszeitraum" sowie Änderungen in Bezug auf den Zeitpunkt und die Häufigkeit der Feststellung von Sätzen und der Leistung von Zinszahlungen und andere administrative Angelegenheiten), die nach billigem Ermessen der Emittentin angemessen sind, um der Übernahme eines solchen Referenzwert-Ersatzes in einer Weise Rechnung zu tragen, die im Wesentlichen den Marktgepflogenheiten entspricht (oder, falls die Emittentin nach ihrem billigen Ermessen entscheidet, dass (i) die Übernahme eines Teils solcher Marktgepflogenheiten verwaltungstechnisch nicht durchführbar ist oder (ii) für die Anwendung eines Referenzwert-Ersatzes keine Marktgepflogenheiten existieren, auf eine andere Weise, die die Emittentin billigerweise für erforderlich erachtet).

"Referenzwert-Ersetzungsstichtag" bezeichnet das am frühesten eintretende der folgenden Ereignisse in Bezug auf den dann aktuellen Referenzwert:

- (1) im Falle von Ziffer (1) oder (2) der Definition von "Referenzwert-Übergangereignis" (a) das Datum der öffentlichen Erklärung oder Veröffentlichung von Informationen, auf die in der öffentlichen Erklärung Bezug genommen wird, und (b) das Datum, an dem der Administrator des Referenzwerts die Bereitstellung des Referenzwerts dauerhaft oder auf unbestimmte Zeit einstellt, wobei das später eintretende Datum maßgeblich ist; oder
- (2) im Falle von Ziffer (3) der Definition von "Referenzwert-Übergangereignis" das Datum der öffentlichen Erklärung oder Veröffentlichung von Informationen, auf die in der öffentlichen Erklärung Bezug genommen wird.

Zur Klarstellung: falls das Ereignis, das den Referenzwert-Ersetzungsstichtag auslöst, am selben Tag wie – jedoch zu einem früheren Zeitpunkt als – der Referenzzeitpunkt in Bezug auf eine Feststellung eintritt, gilt der Referenzwert-Ersetzungsstichtag als vor dem Referenzzeitpunkt für eine solche Feststellung eingetreten.

"Referenzwert-Übergangereignis" bezeichnet den Eintritt eines oder mehrerer der folgenden Ereignisse in Bezug auf den dann aktuellen Referenzwert:

- (1) eine öffentliche Erklärung oder Veröffentlichung von Informationen durch den oder im Auftrag des Administrators des Referenzwerts dahingehend, dass dieser Administrator die Bereitstellung des Referenzwerts dauerhaft oder auf unbestimmte Zeit eingestellt hat oder einstellen wird, sofern es zum Zeitpunkt der Erklärung oder Veröffentlichung keinen Nachfolge-Administrator gibt, der die Bereitstellung des Referenzwerts fortsetzen wird;
- (2) eine öffentliche Erklärung oder Veröffentlichung von Informationen durch die für den Administrator des Referenzwerts zuständige Aufsichtsbehörde oder anderenfalls die Zentralbank für die dem Referenzwert zugrunde liegende Währung oder anderenfalls einen für den Administrator des Referenzwerts zuständigen Insolvenzverwalter oder anderenfalls eine für den Administrator des Referenzwerts zuständige Abwicklungsbehörde oder anderenfalls ein Gericht oder eine Stelle mit ähnlicher Zuständigkeit im Falle der Insolvenz oder Abwicklung des Administrators des Referenzwerts dahingehend, dass der Administrator des Referenzwerts die Bereitstellung des Referenzwerts dauerhaft oder auf unbestimmte Zeit eingestellt hat oder einstellen wird, sofern es zum Zeitpunkt der Erklärung oder Veröffentlichung keinen Nachfolge-Administrator gibt, der die Bereitstellung des Referenzwerts fortsetzen wird; oder
- (3) eine öffentliche Erklärung oder Veröffentlichung von Informationen durch die für den Administrator des Referenzwerts zuständige Aufsichtsbehörde dahingehend, dass der Referenzwert nicht länger repräsentativ ist.

"Referenzzeitpunkt" in Bezug auf eine Festlegung des Referenzwerts bezeichnet den von der Emittentin nach Treu und Glauben und in wirtschaftlich

vernünftiger Weise gemäß den Referenzwert-Ersatz-Folgeanpassungen festgelegten Zeitpunkt.

"**SOFR ISDA-Ersatzzinssatz**" bezeichnet den im Folgenden gemäß Unterabschnitt (B) *Festlegung des SOFR ISDA-Ersatzzinssatzes* festgelegten Zinssatz.

"**Unangepasster Referenzwert-Ersatz**" bezeichnet den Referenzwert-Ersatz ohne Referenzwert-Ersatz-Anpassungen.

(B) *Festlegung des SOFR ISDA-Ersatzzinssatzes*. Falls SOFR wie in diesem Unterabschnitt (B) dargelegt festgelegt wird, wird SOFR wie folgt bestimmt:

(x) falls kein SOFR-Index-Einstellungsereignis oder kein SOFR-Index-Einstellungstichtag eingetreten ist (wie der Berechnungsstelle von der Emittentin jeweils mitgeteilt), denjenigen Tageszinssatz für besicherte Über-Nacht-Finanzierungen (*Secured Overnight Financing Rate*) des letzten Geschäftstags für US-Staatsanleihen, an dem dieser Satz auf der Internetseite der Federal Reserve Bank of New York veröffentlicht wurde (wobei die Emittentin den Pfandbriefgläubigern die Anwendung dieses Satzes durch Veröffentlichung gemäß § 10 mitteilen wird); oder

(y) falls sowohl ein SOFR-Index-Einstellungsereignis als auch ein SOFR-Index-Einstellungstichtag eingetreten sind (wie der Berechnungsstelle und den Pfandbriefgläubigern (im Fall einer Mitteilung gegenüber den Pfandbriefgläubigern durch Veröffentlichung gemäß § 10) von der Emittentin jeweils mitgeteilt), so berechnet die Berechnungsstelle den SOFR ab dem ersten Geschäftstag für US-Staatsanleihen (einschließlich) innerhalb des maßgeblichen Beobachtungszeitraums, ab dem der SOFR nicht mehr verfügbar ist, als wären Bezugnahmen auf den SOFR Bezugnahmen auf den Satz (der "**SOFR-Nachfolgesatz**"), der der Berechnungsstelle und den Pfandbriefgläubigern (im Fall einer Mitteilung gegenüber den Pfandbriefgläubigern durch Veröffentlichung gemäß § 10) von der Emittentin als derjenige Satz mitgeteilt wurde, der vom Federal Reserve Board oder anderenfalls von der Federal Reserve Bank of New York oder anderenfalls von einem vom Federal Reserve Board oder anderenfalls von der Federal Reserve Bank of New York für den Zweck der Empfehlung eines Ersatzes für den Tageszinssatz für besicherte Über-Nacht-Finanzierungen (*Secured Overnight Financing Rate*) offiziell bestätigten oder einberufenen Ausschuss als Ersatz für den Tageszinssatz für besicherte Über-Nacht-Finanzierungen (*Secured Overnight Financing Rate*) empfohlen wurde (wobei dieser Satz von der Federal Reserve Bank of New York oder anderenfalls von einem anderen ernannten Administrator (zusammen der "**SOFR-Nachfolgesatz-Administrator**") erstellt werden kann und ferner Anpassungen oder Auf- bzw. Abschläge enthalten kann, die gemäß der Feststellung des SOFR-Nachfolgesatz-Administrators auf den SOFR-Nachfolgesatz angewendet werden müssen, um einen etwaigen wirtschaftlichen Nachteil bzw. Vorteil für Pfandbriefgläubiger infolge der Ersetzung des Tageszinssatzes für besicherte Über-Nacht-Finanzierungen (*Secured Overnight Financing Rate*) durch den SOFR-Nachfolgesatz zu verringern oder zu beseitigen (wie der Berechnungsstelle und den Pfandbriefgläubigern (im Fall einer Mitteilung gegenüber den Pfandbriefgläubigern durch Veröffentlichung gemäß § 10) jeweils von der Emittentin mitgeteilt)).

Wenn:

- (x) bis zum SOFR-Index-Einstellungstichtag (einschließlich) kein solcher SOFR-Nachfolgesatz empfohlen wurde (wie der Berechnungsstelle von der Emittentin mitgeteilt), so berechnet die Berechnungsstelle die Secured Overnight Financing Rate ab dem ersten Geschäftstag für US-Staatsanleihen (einschließlich) innerhalb des maßgeblichen Beobachtungszeitraums, ab dem der SOFR nicht mehr verfügbar ist, als wären (i) Bezugnahmen auf die Secured Overnight Financing Rate oder SOFR Bezugnahmen auf den OBFR, (ii) Bezugnahmen auf Geschäftstage für US-Staatsanleihen Bezugnahmen auf New Yorker Bankarbeitstage, (iii) Bezugnahmen auf ein SOFR-Index-Einstellungsereignis Bezugnahmen auf ein OBFR-Index-Einstellungsereignis, (iv) Bezugnahmen auf den SOFR-Nachfolgesatz-Administrator Bezugnahmen auf den OBFR-Nachfolge-Administrator, (v) Bezugnahmen auf den SOFR-Nachfolgesatz Bezugnahmen auf einen OBFR-Nachfolgesatz und (vi) Bezugnahmen auf den SOFR-Index-Einstellungstichtag Bezugnahmen auf den OBFR-Index-Einstellungstichtag (wobei die Emittentin den Pfandrechtgläubigern die Anwendung des OBFR durch Veröffentlichung gemäß § 10 mitteilt); oder
- (y) bis zum SOFR-Index-Einstellungstichtag (einschließlich) kein solcher SOFR-Nachfolgesatz empfohlen wurde und ein OBFR-Index-Einstellungsereignis eingetreten ist (wie der Berechnungsstelle und den Pfandbriefgläubigern (im Fall einer Mitteilung gegenüber den Pfandbriefgläubigern durch Veröffentlichung gemäß § 10) jeweils von der Emittentin mitgeteilt), so berechnet die Berechnungsstelle die Secured Overnight Financing Rate ab dem ersten Geschäftstag für US-Staatsanleihen (einschließlich) innerhalb des maßgeblichen Beobachtungszeitraums, ab dem der SOFR nicht mehr verfügbar ist, als wären (i) Bezugnahmen auf die Secured Overnight Financing Rate oder SOFR Bezugnahmen auf den FOMC-Zielsatz, (ii) Bezugnahmen auf Geschäftstage für US-Staatsanleihen Bezugnahmen auf New Yorker Bankarbeitstage und (iii) Bezugnahmen auf die SOFR-Bildschirmseite Bezugnahmen auf die Internetseite der Federal Reserve (wobei die Emittentin den Pfandbriefgläubigern die Anwendung des FOMC-Zielsatzes durch Veröffentlichung gemäß § 10 mitteilt).

Kann der Zinssatz nicht anderweitig gemäß den Bestimmungen dieser Bedingungen in Bezug auf eine Zinsberechnungsperiode ermittelt werden, entspricht der Zinssatz für die betreffende Zinsberechnungsperiode (i) dem von der Berechnungsstelle berechneten Zinssatz für die Zinsberechnungsperiode, in der der SOFR-Index-Einstellungstichtag sowie das OBFR-Index-Einstellungsereignis eingetreten sind und kein FOMC-Zielsatz verfügbar ist, (die "**Einstellungs-Zinsberechnungsperiode**") durch Anwendung des Tageszinssatzes für besicherte Über-Nacht-Finanzierungen (*Secured Overnight Financing Rate*) des letzten Geschäftstags für US-Staatsanleihen in der betreffenden Einstellungs-Zinsperiode, an dem dieser Satz auf der SOFR-Bildschirmseite veröffentlicht wurde (wie der Berechnungsstelle und den Pfandbriefgläubigern (im Fall einer Mitteilung gegenüber den Pfandbriefgläubigern durch Veröffentlichung gemäß § 10) jeweils von der Emittentin mitgeteilt) auf jeden folgenden Geschäftstag für US-Staatsanleihen, für den weder SOFR noch OBFR oder der FOMC-Zielsatz verfügbar sind, bzw. (ii) für jede auf die Einstellungs-Zinsberechnungsperiode folgende

Zinsberechnungsperiode dem an dem Zinsfestlegungstag für die Einstellungs-Zinsberechnungsperiode festgelegten Zinssatz [(wobei jedoch, soweit in Bezug auf die maßgebliche Zinsberechnungsperiode [eine andere] [Marge][,] [und/oder] [Gegenläufige Marge][,] [und/oder] [Partizipation][,] [und/oder] [ein anderer Mindestzinssatz][,] [und/oder] [ein anderer Höchstzinssatz] anzuwenden ist als bei der letzten vorangegangenen Zinsberechnungsperiode, [die] [Marge][,] [bzw.] [Gegenläufige Marge][,] [bzw.] [Partizipation][,] [bzw.] [der Mindestzinssatz][,] [bzw.] [der Höchstzinssatz] für die maßgebliche Zinsberechnungsperiode anstelle [der] [Marge][,] [bzw.] [Gegenläufigen Marge][,] [bzw.] [Partizipation][,] [bzw.] [des Mindestzinssatzes][,] [bzw.] [des Höchstzinssatzes] für die betreffende letzte vorangegangene Zinsberechnungsperiode zu verwenden ist)], oder (iii) falls es keine solche Einstellungs-Zinsberechnungsperiode gibt, demjenigen Zinssatz, der in Bezug auf die Pfandbriefe anwendbar gewesen wäre, wenn die Pfandbriefe während eines Zeitraums ausgegeben gewesen wären, der der Dauer der planmäßigen ersten Zinsperiode entspricht, jedoch am Tag des Verzinsungsbeginns (ausschließlich) endet [(jedoch unter Anwendung [der] [Marge][,] [und] [der Gegenläufigen Marge][,] [und] [der Partizipation][,] [und] [des Mindestzinssatzes][,] [und] [des Höchstzinssatzes], [die] [bzw.] [der] auf die erste vorgesehene Zinsperiode anwendbar war)].]

Für die Zwecke dieses § 3([11(B)]) gelten folgende Begriffsbestimmungen:

"**FOMC-Zielsatz**" (*FOMC Target Rate*) bezeichnet den vom US-Federal Open Market Committee (dem Offenmarktausschuss des US-amerikanischen Federal Reserve System) festgesetzten und auf der Internetseite der Federal Reserve veröffentlichten Ziel-Zinssatz für kurzfristige Zinsen oder, wenn das US-Federal Open Market Committee keinen Einzel-Satz vorsieht, den Mittelwert des vom US-Federal Open Market Committee festgesetzten und auf der Internetseite der Federal Reserve veröffentlichten Ziel-Zinskorridors für kurzfristige Zinsen (berechnet als arithmetisches Mittel der Ober- und Untergrenze des Ziel-Zinskorridors, erforderlichenfalls auf zwei Dezimalstellen gerundet, wobei 0,005 aufgerundet wird).

"**Internetseite der Federal Reserve**" bezeichnet die Internetseite des Board of Governors of the Federal Reserve System (derzeit <http://www.federalreserve.gov>) oder eine Nachfolge-Quelle, die den Gläubigern von der Emittentin gemäß § 10 mitgeteilt wird.

"**New Yorker Bankarbeitstag**" bezeichnet jeden Tag, an dem Geschäftsbanken und Devisenmärkte Zahlungen abwickeln und für den allgemeinen Geschäftsverkehr (einschließlich des Handels in Devisen und Fremdwährungseinlagen) in New York City geöffnet sind.

"**OBFR**" bezeichnet den Tageszinssatz "Overnight Bank Funding Rate", der von der Federal Reserve Bank of New York als Administrator dieses Satzes (oder einem Nachfolge-Administrator dieses Satzes (der "**OBFR-Nachfolge-Administrator**") um oder gegen 9.00 Uhr (New Yorker Ortszeit) an jedem New Yorker Bankarbeitstag auf der SOFR-Bildschirmseite in Bezug auf den New Yorker Bankarbeitstag unmittelbar vor diesem betreffenden Tag veröffentlicht wird.

"**OBFR-Index-Einstellungereignis**" bezeichnet den Eintritt eines oder mehrerer der folgenden Ereignisse:

- (x) eine öffentliche Erklärung der Federal Reserve Bank of New York (oder eines Nachfolge-Administrators der OBFR), mit der diese bekannt gibt,

dass sie die Veröffentlichung oder Bereitstellung der OBFR dauerhaft oder auf unbestimmte Zeit eingestellt hat oder einstellen wird, sofern es zum betreffenden Zeitpunkt keinen Nachfolge-Administrator gibt, der die Veröffentlichung oder Bereitstellung der OBFR fortsetzen wird;

- (y) die Veröffentlichung von Informationen, durch die mit hinreichender Sicherheit bestätigt wird, dass die Federal Reserve Bank of New York (oder ein Nachfolge-Administrator der OBFR) die Bereitstellung der OBFR dauerhaft oder auf unbestimmte Zeit eingestellt hat oder einstellen wird, sofern es zum betreffenden Zeitpunkt keinen Nachfolge-Administrator gibt, der die Veröffentlichung oder Bereitstellung der OBFR fortsetzen wird;
- (z) eine öffentliche Erklärung einer US-Aufsichtsbehörde oder einer anderen öffentlichen US-Stelle, durch die die Verwendung der OBFR untersagt wird und die (nicht notwendigerweise ausschließlich) auf die Pfandbriefe Anwendung findet.

"OBFR-Index-Einstellungstichtag" bezeichnet in Bezug auf ein OBFR-Index-Einstellungsereignis den Tag, an dem die Federal Reserve Bank of New York (oder ein Nachfolge-Administrator der OBFR) die Veröffentlichung der OBFR einstellt, oder den Tag, ab dem die OBFR nicht mehr verwendet werden darf.

"SOFR-Index-Einstellungsereignis" bezeichnet den Eintritt eines oder mehrerer der folgenden Ereignisse:

- (x) eine öffentliche Erklärung der Federal Reserve Bank of New York (oder des SOFR-Nachfolgesatz-Administrators), mit der diese bekannt gibt, dass sie die Veröffentlichung oder Bereitstellung der Secured Overnight Financing Rate dauerhaft oder auf unbestimmte Zeit eingestellt hat oder einstellen wird, sofern es zum betreffenden Zeitpunkt keinen Nachfolge-Administrator gibt, der die Veröffentlichung oder Bereitstellung der Secured Overnight Financing Rate fortsetzen wird;
- (y) die Veröffentlichung von Informationen, durch die mit hinreichender Sicherheit bestätigt wird, dass die Federal Reserve Bank of New York (oder der SOFR-Nachfolgesatz-Administrator) die Bereitstellung der Secured Overnight Financing Rate dauerhaft oder auf unbestimmte Zeit eingestellt hat oder einstellen wird, sofern es zum betreffenden Zeitpunkt keinen Nachfolge-Administrator gibt, der die Veröffentlichung oder Bereitstellung der Secured Overnight Financing Rate fortsetzen wird;
- (z) eine öffentliche Erklärung einer US-Aufsichtsbehörde oder einer anderen öffentlichen US-Stelle, durch die die Verwendung der Secured Overnight Financing Rate untersagt wird und die (nicht notwendigerweise ausschließlich) auf die Pfandbriefe Anwendung findet.

"SOFR-Index-Einstellungstichtag" bezeichnet in Bezug auf ein SOFR-Index-Einstellungsereignis den Tag, an dem die Federal Reserve Bank of New York (oder ein SOFR-Nachfolgesatz-Administrator) die Veröffentlichung der Secured Overnight Financing Rate einstellt, oder den Tag, ab dem die Secured Overnight Financing Rate nicht mehr verwendet werden darf.]

[Falls SONIA anwendbar ist, gilt Folgendes:

SONIA-Ersatzregelungen. Falls der SONIA-Referenzsatz in Bezug auf einen maßgeblichen Londoner Geschäftstag nicht auf der Bildschirmseite bereitgestellt wird (und auch von den zur Verbreitung autorisierten Stellen nicht auf andere Weise veröffentlicht worden ist), so entspricht der SONIA-Referenzsatz in Bezug auf den betreffenden Londoner Geschäftstag:

- (x) (i) dem um 17.00 Uhr (Ortszeit London) (oder, falls früher, bei Geschäftsschluss) am betreffenden Londoner Geschäftstag geltenden Leitzinssatz (*Bank Rate*) der Bank of England (die "**Bank Rate**"), zuzüglich (ii) des arithmetischen Mittels der Differenz (*Spread*) zwischen dem SONIA-Satz und der Bank Rate über den SONIA-Ersatzregelungszeitraum für den betreffenden Londoner Geschäftstag, wobei der höchste *Spread* (oder, wenn es mehr als einen höchsten *Spread* gibt, nur einer dieser höchsten *Spreads*) und der niedrigste *Spread* (oder, wenn es mehr als einen niedrigsten *Spread* gibt, nur einer dieser niedrigsten *Spreads*) nicht berücksichtigt werden; oder
- (y) falls die Bank Rate nicht verfügbar ist, dem zuletzt in Bezug auf einen Londoner Geschäftstag geltenden SONIA-Referenzsatz.

"**SONIA-Ersatzregelungszeitraum**" bezeichnet in Bezug auf einen Londoner Geschäftstag die vorangegangenen [fünf] [●] Londoner Geschäftstage, für die ein SONIA-Referenzsatz veröffentlicht worden ist.

Im Falle, dass der Zinssatz nicht anderweitig gemäß den Bestimmungen dieser Bedingungen in Bezug auf eine Zinsperiode ermittelt werden kann, entspricht der Zinssatz für die betreffende Zinsperiode (i) demjenigen, der für die letzte vorangegangene Zinsperiode ermittelt wurde [(wobei jedoch, soweit in Bezug auf die maßgebliche Zinsperiode [eine andere] [Marge][,] [und/oder] [Gegenläufige Marge][,] [und/oder] [Partizipation][,] [und/oder] [ein anderer Mindestzinssatz][,] [und/oder] [ein anderer Höchstzinssatz] anzuwenden ist als bei der letzten vorangegangenen Zinsperiode, [die] [Marge][,] [bzw.] [Gegenläufige Marge][,] [bzw.] [Partizipation][,] [bzw.] [der Mindestzinssatz][,] [bzw.] [der Höchstzinssatz] für die maßgebliche Zinsperiode anstelle [der] [Marge][,] [bzw.] [Gegenläufigen Marge][,] [bzw.] [Partizipation][,] [bzw.] [des Mindestzinssatzes][,] [bzw.] [des Höchstzinssatzes] für die betreffende letzte vorangegangene Zinsperiode zu verwenden ist)] oder (ii) falls es keine solche vorangegangene Zinsperiode gibt, dem anfänglichen Zinssatz, der für die erste Zinsperiode auf die Pfandbriefe Anwendung gefunden hätte, wenn die Pfandbriefe bereits zuvor für einen Zeitraum im Umlauf befindlich gewesen wären, dessen Dauer der ersten vorgesehenen Zinsperiode entsprochen hätte und der am Verzinsungsbeginn (ausschließlich) geendet hätte [(jedoch unter Anwendung [der] [Marge][,] [und] [der Gegenläufigen Marge][,] [und] [der Partizipation][,] [und] [des Mindestzinssatzes][,] [und] [des Höchstzinssatzes], [die] [bzw.] [der] auf die erste vorgesehene Zinsperiode anwendbar war)].]

[Falls TONA anwendbar ist, gilt Folgendes:

Festlegung des TONA-Ersatzzinssatzes. Falls in Bezug auf einen maßgeblichen Tokio-Geschäftstag der TONA nicht auf der TONA-Bildschirmseite zum TONA-Feststellungszeitpunkt bereitgestellt wird (und auch nicht auf andere Weise veröffentlicht worden ist), so wird der TONA in Bezug auf den betreffenden Tokio-Geschäftstag wie folgt bestimmt:

- (x) falls kein TONA-Index-Einstellungsereignis und kein TONA-Index-Einstellungsstichtag zum oder vor dem TONA-Feststellungszeitpunkt in Bezug auf den betreffenden Tokio-Geschäftstag eingetreten sind (wie der Berechnungsstelle von der Emittentin jeweils mitgeteilt), ist TONA in Bezug auf den betreffenden Tokio-Geschäftstag derjenige TONA, der auf der TONA-Bildschirmseite mit Bezug auf den letzten vorhergehenden Tokio-Geschäftstag veröffentlicht wurde (wobei die Emittentin den Gläubigern die Anwendung dieses Satzes durch Veröffentlichung gemäß § 10 mitteilen wird); oder
- (y) falls sowohl ein TONA-Index-Einstellungsereignis als auch ein TONA-Index-Einstellungsstichtag am oder vor dem TONA-Feststellungszeitpunkt in Bezug auf den betreffenden Tokio-Geschäftstag eingetreten sind (wie der Berechnungsstelle und den Gläubigern (im Fall einer Mitteilung gegenüber den Gläubigern durch Veröffentlichung gemäß § 10) von der Emittentin jeweils mitgeteilt), berechnet die Berechnungsstelle den TONA ab dem ersten Tokio-Geschäftstag (einschließlich) innerhalb des maßgeblichen Beobachtungszeitraums, ab dem der TONA nicht mehr verfügbar ist, als wären Bezugnahmen auf den TONA Bezugnahmen auf den JPY-Empfehlungsreferenzsatz.

Falls:

- (x) ein solcher JPY-Empfehlungsreferenzsatz vor Ablauf des ersten Tokio-Geschäftstags nach dem TONA-Index-Einstellungsstichtag empfohlen wurde, aber der TONA-Administrator den JPY-Empfehlungsreferenzsatz nicht bereitstellt oder veröffentlicht, so gelten (vorbehaltlich der im nachfolgenden aufgeführten Bestimmungen) Bezugnahmen auf den JPY-Empfehlungsreferenzsatz für jeden Tag, an dem der JPY-Empfehlungsreferenzsatz benötigt wird, als Bezugnahmen auf den zuletzt bereitgestellten oder veröffentlichten JPY-Empfehlungsreferenzsatz. Wenn es jedoch keinen zuletzt bereitgestellten oder veröffentlichten JPY-Empfehlungsreferenzsatz gibt, gelten Bezugnahmen auf den JPY-Empfehlungsreferenzsatz für jeden Tag, an dem der JPY-Empfehlungsreferenzsatz benötigt wird, als Bezugnahmen auf den zuletzt bereitgestellten oder veröffentlichten TONA.
- (y) (a) kein JPY-Empfehlungsreferenzsatz vor Ablauf des ersten Tokio-Geschäftstags nach dem TONA-Index-Einstellungsstichtag empfohlen wurde oder (b) ein JPY-Empfehlungsreferenzsatz empfohlen wurde und anschließend ein JPY-Empfehlungsreferenzsatz-Einstellungsstichtag erfolgt, berechnet die Berechnungsstelle den TONA ab dem ersten Tokio-Geschäftstag (einschließlich) innerhalb des maßgeblichen Beobachtungszeitraums, ab dem der TONA oder gegebenenfalls der JPY-Empfehlungsreferenzsatz nicht mehr verfügbar ist, durch Verwendung eines wirtschaftlich vernünftigen Alternativsatzes für TONA oder gegebenenfalls den JPY-Empfehlungsreferenzsatz, der von der Emittentin nach Treu und Glauben und in wirtschaftlich vernünftiger Weise bestimmt wird, wobei alle Sätze berücksichtigt werden, die von zentralen Gegenparteien und/oder Terminbörsen eingeführt werden und jeweils ein Handelsvolumen in Derivaten oder Termingeschäften, die sich auf den TONA oder gegebenenfalls den JPY-Empfehlungsreferenzsatz beziehen, aufweisen, das die Emittentin nach Treu und Glauben und in wirtschaftlich vernünftiger Weise für ausreichend hält, um diesen Satz als repräsentativen Alternativsatz zu

betrachten.

Kann der Zinssatz nicht anderweitig gemäß den Bestimmungen dieser Bedingungen in Bezug auf eine Zinsberechnungsperiode ermittelt werden, entspricht der Zinssatz für die betreffende Zinsberechnungsperiode (i) demjenigen Compounded Daily TONA, der für die letzte vorangegangene Zinsberechnungsperiode ermittelt wurde [(wobei jedoch, soweit in Bezug auf die maßgebliche Zinsberechnungsperiode [eine andere] [Marge][,] [und/oder] [ein anderer Mindestzinssatz][,] [und/oder] [ein anderer Höchstzinssatz] anzuwenden ist als bei der letzten vorangegangenen Zinsberechnungsperiode, [die] [Marge][,] [bzw.] [der Mindestzinssatz][,] [bzw.] [der Höchstzinssatz] für die maßgebliche Zinsberechnungsperiode anstelle [der] [Marge][,] [bzw.] [des Mindestzinssatzes][,] [bzw.] [des Höchstzinssatzes] für die betreffende letzte vorangegangene Zinsberechnungsperiode zu verwenden ist)] oder (ii) falls es keine solche vorangegangene Zinsberechnungsperiode gibt, dem Compounded Daily TONA, der für die erste vorgesehene Zinsperiode auf die Pfandbriefe anwendbar gewesen wäre, wenn die Pfandbriefe bereits zuvor für einen Zeitraum im Umlauf befindlich gewesen wären, dessen Dauer der ersten vorgesehenen Zinsperiode entsprochen hätte und der am Verzinsungsbeginn (ausschließlich) geendet hätte [(jedoch unter Anwendung [der] [Marge][,] [und] [des Mindestzinssatzes][,] [und] [des Höchstzinssatzes], [die] [bzw.] [der] auf die erste vorgesehene Zinsperiode anwendbar war)].]

Für die Zwecke dieses § 3([11]) gelten folgende Begriffsbestimmungen:

"JPY-Empfehlungsreferenzsatz" bezeichnet den Satz (einschließlich etwaiger Auf- bzw. Abschläge oder Anpassungen), der von einem von der Bank of Japan für den Zweck der Empfehlung eines Ersatzes für den TONA offiziell bestätigten oder einberufenen Ausschuss als Ersatz für den TONA empfohlen wurde (wobei dieser Satz von der Bank of Japan oder einem anderen Administrator erstellt werden kann) und von dem Administrator dieses Satzes oder, falls dieser Satz nicht von seinem Administrator (oder einem Nachfolge-Administrator) zur Verfügung gestellt wird, von einer zur Verbreitung autorisierten Stelle veröffentlicht wird.

"JPY-Empfehlungsreferenzsatz-Einstellungereignis" bezeichnet in Bezug auf einen Beobachtungszeitraum den Eintritt eines oder mehrerer der folgenden Ereignisse, wie von der Emittentin nach Treu und Glauben und in wirtschaftlich vernünftiger Weise festgestellt und der Berechnungsstelle von der Emittentin mitgeteilt:

- (x) eine öffentliche Erklärung oder Veröffentlichung von Informationen durch den Administrator des JPY-Empfehlungsreferenzsatzes oder in dessen Namen, mit der dieser öffentlich bekannt gibt, dass er die Bereitstellung des JPY-Empfehlungsreferenzsatzes dauerhaft oder auf unbestimmte Zeit eingestellt hat oder einstellen wird, sofern es zum Zeitpunkt der Erklärung oder Veröffentlichung keinen Nachfolge-Administrator gibt, der die Bereitstellung des JPY-Empfehlungsreferenzsatzes fortsetzen wird; oder

In diesem Zusammenhang bezeichnet "**Zahlungsgeschäftstag**" einen Tag (außer Samstag oder Sonntag), an dem das Clearing System geöffnet ist und Zahlungen abwickelt **[falls die Festgelegte Währung Euro ist, gilt Folgendes:** und das Real-time Gross Settlement System, das von dem Eurosystem betrieben wird, (oder ein Nachfolgesystem) (T2) für die Abwicklung von Zahlungen in Euro geöffnet ist] **[falls es sich bei der Festgelegten Währung nicht um Euro handelt oder falls es sich bei der Festgelegten Währung um Euro handelt und die Öffnung für den allgemeinen Geschäftsverkehr in einem oder mehreren Finanzzentren maßgeblich ist, gilt Folgendes:** und die Geschäftsbanken und Devisenmärkte in **[jedes Maßgebliche Finanzzentrum]** Zahlungen abwickeln und für den allgemeinen Geschäftsverkehr (einschließlich des Handels mit Devisen und Fremdwährungseinlagen) geöffnet sind].

Wenn und soweit eine solche Hinterlegung erfolgt und auf das Recht der Rücknahme verzichtet wird, erlöschen die Ansprüche der Pfandbriefgläubiger gegen die Emittentin.

§ 5 RÜCKZAHLUNG

(1) *Rückzahlung bei Fälligkeit.* Soweit nicht bereits zuvor zurückgezahlt oder zurückgekauft und entwertet, wird jeder Pfandbrief zum Rückzahlungsbetrag am **[im Fall eines festgelegten Fälligkeitstags: [Fälligkeitstag]]⁶ [im Fall eines Rückzahlungsmonats gilt Folgendes:** in den **[Rückzahlungsmonat]** fallenden Zinszahltag] (der "**Fälligkeitstag**") bzw. am Hinausgeschobenen Fälligkeitstag (wie unten definiert) zurückgezahlt.

Der "**Hinausgeschobene Fälligkeitstag**" bezeichnet den letzten Tag des Verschiebungszeitraums oder einen vorherigen Tag, an dem die Verpflichtungen unter den Pfandbriefen gemäß § 30 (2a) Satz 7 PfandBG erfüllt worden sind.

Hinausgeschobene Zinsbeträge gelten als Kapitalbeträge.

- (b) Die Voraussetzungen für eine Fälligkeitsverschiebung ergeben sich aus den gesetzlichen Bestimmungen des PfandBG in der jeweiligen Fassung. Gemäß § 30 (2b) PfandBG lauten die Voraussetzungen wie folgt: (i) Die Fälligkeitsverschiebung ist erforderlich, um die Zahlungsunfähigkeit der Pfandbriefbank mit beschränkter Geschäftstätigkeit zu vermeiden, (ii) die Pfandbriefbank mit beschränkter Geschäftstätigkeit ist nicht überschuldet ist und (iii) es besteht Grund zu der Annahme, dass die Pfandbriefbank mit beschränkter Geschäftstätigkeit jedenfalls nach Ablauf des größtmöglichen Verschiebungszeitraums unter Berücksichtigung weiterer Verschiebungsmöglichkeiten ihre dann fälligen Verbindlichkeiten erfüllen kann. Die Unterlagen der ICSDs (wobei dieser Ausdruck die Unterlagen bezeichnet, die jeder der ICSDs für seine Kunden führt und in welchen der Betrag des auf jeden Kunden entfallenden Anteils an den Schuldverschreibungen erfasst ist) gelten als schlüssiger Nachweis in Bezug auf den Nennbetrag der durch die Globalurkunde verbrieften Schuldverschreibungen; zu diesem Zweck gilt eine von einem ICSD erstellte Bescheinigung über den Nennbetrag der verbrieften Schuldverschreibungen (die dem Gläubiger auf Verlangen zur Verfügung zu stellen ist) als schlüssiger Nachweis in Bezug auf die Unterlagen des betreffenden ICSD zu dem jeweiligen Zeitpunkt.

Bei der Rückzahlung oder Zahlung von Raten oder Zinsen auf die Schuldverschreibungen beziehungsweise beim Rückkauf und bei der Entwertung von Schuldverschreibungen, die durch diese Globalurkunde verbrieft sind, hat die Emittentin sicherzustellen, dass nähere Angaben zu der

Rückzahlung oder Zahlung bzw. dem Rückkauf und der Entwertung in Bezug auf die Globalurkunde unter Angabe des betroffenen Anteils in den Unterlagen der ICSDs vermerkt wird; mit der Vornahme jedes solchen Vermerks verringert sich der Nennbetrag der in den Unterlagen der ICSDs eingetragenen und durch die Globalurkunde verbrieften Schuldverschreibungen um den Gesamtnennbetrag der zurückgezahlten oder zurückgekauften und entwerteten Schuldverschreibungen oder um den Gesamtbetrag der gezahlten Raten.

Im Einklang mit § 46f Abs. 5 KWG gehen die Verbindlichkeiten aus den Schuldverschreibungen den Verbindlichkeiten aus Schuldtiteln der Emittentin im Sinne von § 46f Abs. 6 Satz 1 KWG (auch in Verbindung mit § 46f Abs. 9 KWG) oder nach einer Nachfolgebestimmung im Rang vor, einschließlich der berücksichtigungsfähigen Verbindlichkeiten im Sinne von Artikel 72a und 72b Abs. 2 der Verordnung (EU) Nr. 575/2013 in ihrer jeweils ergänzten oder geänderten Fassung ("Capital Requirements Regulation" – "**CRR**").

Im Fall von Abwicklungsmaßnahmen in Bezug auf die Emittentin oder im Fall der Auflösung, der Liquidation oder der Insolvenz der Emittentin oder eines Vergleichs oder eines anderen der Abwendung einer Insolvenz dienenden Verfahrens gegen die Emittentin gehen die Verbindlichkeiten aus den Schuldverschreibungen allen Verbindlichkeiten der Emittentin, die nicht als Eigenmittel zu qualifizieren sind, im Rang nach; diese Ansprüche umfassen (i) nicht nachrangige Verbindlichkeiten (einschließlich Ansprüchen gegen die Emittentin aus deren nicht besicherten und nicht nachrangigen Verbindlichkeiten aus nicht bevorrechtigten Schuldtiteln im Sinne von § 46f Abs. 6 Satz 1 des Kreditwesengesetzes ("**KWG**") (auch in Verbindung mit § 46f Abs. 9 KWG) oder einer Nachfolgebestimmung), (ii) die in § 39 Abs. 1 Nr. 1 bis

In einem solchen Fall erfolgen Zahlungen auf die Schuldverschreibungen so lange nicht, wie die Ansprüche dieser dritten Gläubiger der Emittentin nicht vollständig befriedigt sind.

Wenn die Schuldverschreibungen nicht mehr als Ergänzungskapital oder andere Eigenmittel qualifizieren, gehen gemäß § 46f Abs. 7a Satz 3 KWG die Verbindlichkeiten aus den Schuldverschreibungen sämtlichen Ansprüchen aus Eigenmitteln vor.

- (3) In Einklang mit § 10 Abs. 5 KWG ist die Aufrechnung von Forderungen aus den Schuldverschreibungen gegen Forderungen der Emittentin ausgeschlossen. Der (etwaige) in dieser Weise festgelegte Ersatzzinssatz ersetzt, unter Anwendung der Anpassungsspanne gemäß den Bestimmungen dieser Bedingungen, den maßgeblichen Variablen Zinssatz, und die Bedingungen gelten des Weiteren für die Zwecke der Festlegung des Zinssatzes jeweils für die Zinsperiode in Bezug auf den Zinsfestlegungstag, der auf den Ersatzzinssatz-Festlegungstag fällt oder, falls auf diesen Tag kein Zinsfestlegungstag fällt, der unmittelbar auf den Tag des Ersatzzinssatz-Festlegungstags folgt, sowie jede nachfolgende Zinsperiode als durch die in dieser Weise festgelegten Ersatzzinssatz-Anpassungen abgeändert (vorbehaltlich des nachfolgenden Eintritts eines Zinssatz-Ersetzungsgrunds in Bezug auf den Ersatzzinssatz). Die Emittentin wird den Gläubigern der Schuldverschreibungen so bald wie möglich nach dem Ersatzzinssatz-Festlegungstag den Ersatzzinssatz sowie die Ersatzzinssatz-Anpassungen durch Mitteilung gemäß § [12] mitteilen **[im Fall von deutschrechtlichen Schuldverschreibungen gilt Folgendes:** und das Clearing System auffordern, der Globalurkunde die vorgelegten Dokumente in geeigneter Weise beizufügen, um die Änderung der Bedingungen zu berücksichtigen.]

Im Falle, dass ein Ersatzzinssatz, eine etwaige erforderliche Anpassungsspanne und jedwede sonstigen maßgeblichen Ersatzzinssatz-Anpassungen nicht in Einklang mit den vorstehenden Bestimmungen festgelegt werden, kann die Emittentin durch Mitteilung an die Gläubiger der Schuldverschreibungen mit einer Frist von nicht weniger als 15 [Geschäftstagen] [Geschäftstagen I] [Geschäftstagen II] gemäß § [12] **[Im Fall von Nicht Nachrangigen Schuldverschreibungen, bei denen das Format für Berücksichtigungsfähige Verbindlichkeiten Anwendung findet, gilt Folgendes:** und vorbehaltlich der vorherigen Zustimmung der zuständigen Behörde] bis zum Zinsfestlegungstag (ausschließlich) **[falls es mehr als einen Zinsfestlegungstag gibt, gilt Folgendes:**, der unmittelbar auf den Maßgeblichen Zinsfestlegungstag folgt] **[Im Fall von Nachrangigen Schuldverschreibungen gilt Folgendes:** oder, wenn dieser Tag vor dem fünften Jahrestag des Begebungstages liegen würde, am ersten **[falls es nur einen Zinsfestlegungstag gibt, gilt Folgendes:** Geschäftstag] **[falls es mehr als einen Zinsfestlegungstag gibt, gilt Folgendes:** Tag], der auf diesen fünften Jahrestag fällt oder nach diesem liegt,] die Schuldverschreibungen insgesamt, jedoch nicht teilweise, zum Vorzeitigen Rückzahlungsbetrag einschließlich etwaiger bis zum Rückzahlungstag (ausschließlich) aufgelaufener Zinsen zurückzahlen **[im Fall von englischrechtlichen Schuldverschreibungen gilt Folgendes:** , wobei jeder Nennbetrag der Schuldverschreibungen in Höhe des Berechnungsbetrags zurückgezahlt wird]. **[Falls es mehr als einen Zinsfestlegungstag gibt, gilt Folgendes:** Werden die Schuldverschreibungen nicht gemäß den vorstehenden Bestimmungen zurückgezahlt, so finden die Bestimmungen dieses § 3([11]) in Bezug auf den unmittelbar folgenden Zinsfestlegungstag erneut Anwendung.]

"Anpassungsspanne" bezeichnet eine Spanne (die positiv oder negativ sein kann) oder die Formel oder Methodik zur Berechnung einer Spanne, die nach Festlegung der Maßgeblichen Festlegenden Stelle in Bezug auf den maßgeblichen Ersatzzinssatz anzuwenden ist, um eine Übertragung von wirtschaftlichem Wert zwischen der Emittentin und den Gläubigern der Schuldverschreibungen **[Im Fall von englischrechtlichen Schuldverschreibungen gilt Folgendes:** oder Inhabern von Zinsscheinen] soweit als mit vertretbarem Aufwand möglich zu verringern oder zu beseitigen, die eine Ersetzung des maßgeblichen Variablen Zinssatzes durch den

Ersatzzinssatz ansonsten auslösen würde.

"Ersatzzinssatz" bezeichnet in Bezug auf einen Variablen Zinssatz einen Ersatz-, Alternativ- oder Nachfolgezinssatz (welcher auch, ohne Beschränkung hierauf, der Variable Zinssatz nach einer wesentlichen Änderung seiner Berechnungsmethodik sein kann), der mit Blick auf seine Funktion in den internationalen Kapitalmärkten einen geeigneten Ersatz für den Variablen Zinssatz darstellt. "Maßgebliche Festlegende Stelle" bezeichnet in Bezug auf die (etwaige) Bestätigung des Eintritts eines Zinssatz-Ersetzungsgrundes und die Festlegung eines Ersatzzinssatzes sowie maßgeblicher Ersatzzinssatz-Anpassungen die Berechnungsstelle oder einen Unabhängigen Berater, die bzw. den die Emittentin nach der Feststellung eines Zinssatz-Ersetzungsgrundes mit diesen Feststellungen bzw. Festlegungen jeweils beauftragt, wobei im Falle, dass weder die Berechnungsstelle noch anderenfalls ein Unabhängiger Berater unter Aufwendung zumutbarer Anstrengungen zu wirtschaftlich vertretbaren Konditionen beauftragt werden kann, die Maßgebliche Festlegende Stelle die Emittentin ist, und wobei weiter gilt, dass im Falle, dass die Emittentin einen Unabhängigen Berater mit der Festlegung eines dem Ersatzzinssatz entsprechenden Zinssatzes sowie den Ersatzzinssatz-Anpassungen entsprechenden Anpassungen in Bezug auf sonstige Wertpapiere der Emittentin beauftragt hat und die Emittentin nach ihrem billigen Ermessen feststellt, dass diese Festlegungen als Ersatzzinssatz und Ersatzzinssatz-Anpassungen für die Schuldverschreibungen geeignet sind, die Emittentin nach ihrer Wahl die Maßgebliche Festlegende Stelle sein kann.

maßgeblichen Züricher Geschäftstag SARON zum SARON-Index-Feststellungszeitpunkt nicht auf der SARON-Bildschirmseite bereitgestellt wird (und auch nicht auf andere Weise veröffentlicht worden ist), so wird der SARON in Bezug auf den betreffenden Züricher Geschäftstag wie folgt bestimmt:

- (x) falls vor oder zum SARON-Index-Feststellungszeitpunkt in Bezug auf den betreffenden Züricher Geschäftstag kein SARON-Index-Einstellungsereignis und kein SARON-Index-Einstellungstichtag eingetreten sind (wie der Berechnungsstelle von der Emittentin jeweils mitgeteilt), ist SARON in Bezug auf den betreffenden Züricher Geschäftstag derjenige SARON, der auf der SARON-Bildschirmseite mit Bezug auf den letzten vorhergehenden Züricher Geschäftstag veröffentlicht wurde (wobei die Emittentin den Gläubigern die Anwendung dieses Satzes durch Veröffentlichung gemäß § [12] mitteilen wird); oder
- (y) falls vor oder zum SARON-Index-Feststellungszeitpunkt in Bezug auf den betreffenden Züricher Geschäftstag sowohl ein SARON-Index-Einstellungsereignis als auch ein SARON-Index-Einstellungstichtag eingetreten sind (wie der Berechnungsstelle und den Gläubigern (im Fall einer Mitteilung gegenüber den Gläubigern durch Veröffentlichung gemäß § [12]) von der Emittentin jeweils mitgeteilt) und
 - (i) es binnen eines Züricher Geschäftstags (der "**Darauffolgende Züricher Geschäftstag**") nach dem Eintritt des SARON-Index-Einstellungstichtags einen Empfohlenen Ersatzzinssatz gibt, so wird der (zur Berechnung des Zinssatzes verwendete) Satz für jeden Tag in einem Beobachtungszeitraum, der auf den oder nach dem SARON-Index-Einstellungstichtag fällt, unter Einbeziehung einer am betreffenden Züricher Geschäftstag oder am Darauffolgenden Züricher Geschäftstag veröffentlichten etwaigen Empfohlenen Anpassungsspanne ermittelt, als wären Bezugnahmen auf den SARON Bezugnahmen auf den Empfohlenen Ersatzzinssatz; oder

- (ii) wenn das Empfehlende Gremium keine solche Spanne, Formel oder Methodik, wie in vorstehendem Unterabsatz (i) beschrieben, empfohlen hat, die auf diesen Empfohlenen Ersatzzinssatz anzuwenden ist, um, soweit dies unter den gegebenen Umständen vernünftigerweise durchführbar ist, wirtschaftliche Nachteile bzw. Vorteile für Gläubiger der Schuldverschreibungen infolge des Ersatzes des SARON durch diesen Empfohlenen Ersatzzinssatz für die Zwecke der Festlegung des SARON zu verringern oder zu beseitigen, wobei diese Spanne durch die Emittentin nach Treu und Glauben und in wirtschaftlich vernünftiger Weise bestimmt wird und mit den branchenüblichen Praktiken für festverzinsliche Wertpapiere übereinstimmen wird, bei denen der Empfohlene Ersatzzinssatz den SARON als Referenzwert für die Zwecke der Festlegung des anwendbaren Zinssatzes ersetzt hat.

"Empfohlener Ersatz-Zinssatz" bezeichnet den Satz, der als der Ersatz für den SARON von dem Empfehlenden Gremium empfohlen wurde.

"SNB-Leitzins" bezeichnet den Leitzins der Schweizerischen Nationalbank.]

[Falls SOFR anwendbar ist, gilt Folgendes:

(A) *Festlegung des SOFR-Ersatzzinssatzes.* Falls SOFR in Bezug auf den maßgeblichen Geschäftstag für US-Staatsanleihen nicht auf der SOFR-Bildschirmseite veröffentlicht wird (und auch nicht auf andere Weise veröffentlicht worden ist), dann entspricht,

(x) falls nicht sowohl ein Referenzwert-Übergangsereignis als auch der damit verbundene Referenzwert-Ersetzungstichtag eingetreten sind, SOFR dem Tageszinssatz für besicherte Über-Nacht-Finanzierungen (*Secured Overnight Financing Rate*) in Bezug auf den letzten Geschäftstag für US-Staatsanleihen, für den ein solcher Satz auf der SOFR-Bildschirmseite veröffentlicht wurde; oder

(y) falls sowohl ein Referenzwert-Übergangsereignis als auch der damit verbundene Referenzwert-Ersetzungstichtag eingetreten sind, SOFR der ersten in der nachstehenden Reihenfolge genannten Alternative, die die Emittentin nach Treu und Glauben und in wirtschaftlich vernünftiger Weise festzulegen imstande ist:

(i) der Summe aus: (a) dem alternativen Zinssatz, der von der Maßgeblichen Staatlichen Stelle als Ersatz für den dann aktuellen Referenzwert für die maßgebliche Entsprechende Laufzeit ausgewählt oder empfohlen wurde und (b) den Referenzwert-Anpassungen; oder

(ii) der Summe aus: (a) dem SOFR ISDA Ersatzzinssatz und (b) den Referenzwert-Anpassungen.

Für die Zwecke dieses § 3 ([11 (A)]) gelten folgende Begriffsbestimmungen:

"Entsprechende Laufzeit" bezeichnet in Bezug auf einen Referenzwert-Ersatz eine Laufzeit (einschließlich Über-Nacht), die (ohne Berücksichtigung einer Geschäftstaganpassung) ungefähr dieselbe Länge wie die anwendbare Laufzeit für den dann aktuellen Referenzwert hat.

"ISDA-Ersatzanpassung" bezeichnet die Spread-Anpassung (die einen positiven oder negativen Wert haben oder null sein kann), die für Derivategeschäfte gelten würde, die auf die ISDA-Definitionen Bezug nehmen, und die bei Eintritt eines Indexeinstellungsereignisses in Bezug auf den Referenzwert für die anwendbare Laufzeit festzustellen ist.

"Maßgebliche Staatliche Stelle" bezeichnet das Federal Reserve Board oder anderenfalls die New York Federal Reserve oder anderenfalls einen vom Federal Reserve Board offiziell bestätigten oder einberufenen Ausschuss oder anderenfalls die Federal Reserve Bank of New York oder deren Nachfolger.

"Referenzwert" bezeichnet den Tageszinssatz für besicherte Über-Nacht-Finanzierungen (*Secured Overnight Financing Rate*); wobei, falls ein Referenzwert-Übergangsereignis und der damit verbundene Referenzwert-Ersetzungsstichtag in Bezug auf SOFR oder den dann aktuellen Referenzwert eingetreten sind, "Referenzwert" den anwendbaren Referenzwert-Ersatz bezeichnet.

"Referenzwert-Ersatz" bezeichnet die in der in vorstehender Ziffer (y) aufgeführten Reihenfolge erstgenannte Alternative, die die Emittentin nach Treu und Glauben und in wirtschaftlich vernünftiger Weise zum Referenzwert-Ersetzungsstichtag festzulegen imstande ist. Im Rahmen der Durchführung eines Referenzwert-Ersatzes ist die Emittentin berechtigt, von Zeit zu Zeit Referenzwert-Ersatz-Folgeanpassungen vorzunehmen.

"Referenzwert-Ersatz-Anpassungen" bezeichnet die in der nachstehend aufgeführten Reihenfolge erstgenannte Alternative, die die Emittentin nach Treu und Glauben und in wirtschaftlich vernünftiger Weise zum Referenzwert-Ersetzungsstichtag festzulegen imstande ist:

- (1) die Spread-Anpassung (die einen positiven oder negativen Wert haben oder null sein kann) oder das Verfahren zur Berechnung oder Festsetzung einer solchen Spread-Anpassung, die von der Maßgeblichen Staatlichen Stelle für den anwendbaren Unangepassten Referenzwert-Ersatz ausgewählt oder empfohlen wurde; oder
- (2) falls der anwendbare Unangepasste Referenzwert-Ersatz dem SOFR ISDA Ersatzzinssatz entspricht, die ISDA-Ersatzanpassung.

"Referenzwert-Ersatz-Folgeanpassungen" bezeichnet in Bezug auf einen Referenzwert-Ersatz jedwede technischen, administrativen oder operativen Anpassungen (einschließlich Änderungen der Definitionen von "Zinsperiode", "Zinsfestlegungstag" und "Beobachtungszeitraum" sowie Änderungen in Bezug auf den Zeitpunkt und die Häufigkeit der Feststellung von Sätzen und der Leistung von Zinszahlungen und andere administrative Angelegenheiten), die nach billigem Ermessen der Emittentin angemessen sind, um der Übernahme eines solchen Referenzwert-Ersatzes in einer Weise Rechnung zu tragen, die im Wesentlichen den Marktgepflogenheiten entspricht (oder, falls die Emittentin nach ihrem billigen Ermessen entscheidet, dass (i) die Übernahme eines Teils

solcher Marktgepflogenheiten verwaltungstechnisch nicht durchführbar ist oder (ii) für die Anwendung eines Referenzwert-Ersatzes keine Marktgepflogenheiten existieren, auf eine andere Weise, die die Emittentin billigerweise für erforderlich erachtet).

"Referenzwert-Ersetzungsstichtag" bezeichnet das am frühesten eintretende der folgenden Ereignisse in Bezug auf den dann aktuellen Referenzwert:

- (1) im Falle von Ziffer (1) oder (2) der Definition von "Referenzwert-Übergangereignis" (a) das Datum der öffentlichen Erklärung oder Veröffentlichung von Informationen, auf die in der öffentlichen Erklärung Bezug genommen wird, und (b) das Datum, an dem der Administrator des Referenzwerts die Bereitstellung des Referenzwerts dauerhaft oder auf unbestimmte Zeit einstellt, wobei das später eintretende Datum maßgeblich ist; oder
- (2) im Falle von Ziffer (3) der Definition von "Referenzwert-Übergangereignis" das Datum der öffentlichen Erklärung oder Veröffentlichung von Informationen, auf die in der öffentlichen Erklärung Bezug genommen wird.

Zur Klarstellung: falls das Ereignis, das den Referenzwert-Ersetzungsstichtag auslöst, am selben Tag wie – jedoch zu einem früheren Zeitpunkt als – der Referenzzeitpunkt in Bezug auf eine Feststellung eintritt, gilt der Referenzwert-Ersetzungsstichtag als vor dem Referenzzeitpunkt für eine solche Feststellung eingetreten.

"Referenzwert-Übergangereignis" bezeichnet den Eintritt eines oder mehrerer der folgenden Ereignisse in Bezug auf den dann aktuellen Referenzwert:

- (1) eine öffentliche Erklärung oder Veröffentlichung von Informationen durch den oder im Auftrag des Administrators des Referenzwerts dahingehend, dass dieser Administrator die Bereitstellung des Referenzwerts dauerhaft oder auf unbestimmte Zeit eingestellt hat oder einstellen wird, sofern es zum Zeitpunkt der Erklärung oder Veröffentlichung keinen Nachfolge-Administrator gibt, der die Bereitstellung des Referenzwerts fortsetzen wird;
- (2) eine öffentliche Erklärung oder Veröffentlichung von Informationen durch die für den Administrator des Referenzwerts zuständige Aufsichtsbehörde oder anderenfalls die Zentralbank für die dem Referenzwert zugrunde liegende Währung oder anderenfalls einen für den Administrator des Referenzwerts zuständigen Insolvenzverwalter oder anderenfalls eine für den Administrator des Referenzwerts zuständige Abwicklungsbehörde oder anderenfalls ein Gericht oder eine Stelle mit ähnlicher Zuständigkeit im Falle der Insolvenz oder Abwicklung des Administrators des Referenzwerts dahingehend, dass der Administrator des Referenzwerts die Bereitstellung des Referenzwerts dauerhaft oder auf unbestimmte Zeit eingestellt hat oder einstellen wird, sofern es zum Zeitpunkt der Erklärung oder Veröffentlichung keinen Nachfolge-Administrator gibt, der die Bereitstellung des Referenzwerts fortsetzen wird; oder
- (3) eine öffentliche Erklärung oder Veröffentlichung von Informationen durch die für den Administrator des Referenzwerts zuständige Aufsichtsbehörde dahingehend, dass der Referenzwert nicht länger

repräsentativ ist.

"**Referenzzeitpunkt**" in Bezug auf eine Festlegung des Referenzwerts bezeichnet den von der Emittentin nach Treu und Glauben und in wirtschaftlich vernünftiger Weise gemäß den Referenzwert-Ersatz-Folgeanpassungen festgelegten Zeitpunkt.

"**SOFR ISDA-Ersatzzinssatz**" bezeichnet den im Folgenden gemäß Unterabschnitt (B) *Festlegung des SOFR ISDA-Ersatzzinssatzes* festgelegten Zinssatz.

"**Unangepasster Referenzwert-Ersatz**" bezeichnet den Referenzwert-Ersatz ohne Referenzwert-Ersatz-Anpassungen.

(B) *Festlegung des SOFR ISDA-Ersatzzinssatzes*. Falls SOFR wie in diesem Unterabschnitt (B) dargelegt festgelegt wird, wird SOFR wie folgt bestimmt:

(x) falls kein SOFR-Index-Einstellungsereignis oder kein SOFR-Index-Einstellungstichtag eingetreten ist (wie der Berechnungsstelle von der Emittentin jeweils mitgeteilt), denjenigen Tageszinssatz für besicherte Über-Nacht-Finanzierungen (*Secured Overnight Financing Rate*) des letzten Geschäftstags für US-Staatsanleihen, an dem dieser Satz auf der Internetseite der Federal Reserve Bank of New York veröffentlicht wurde (wobei die Emittentin den Gläubigern die Anwendung dieses Satzes durch Veröffentlichung gemäß § [12] mitteilen wird); oder

(y) falls sowohl ein SOFR-Index-Einstellungsereignis als auch ein SOFR-Index-Einstellungstichtag eingetreten sind (wie der Berechnungsstelle und den Gläubigern (im Fall einer Mitteilung gegenüber den Gläubigern durch Veröffentlichung gemäß § [12]) von der Emittentin jeweils mitgeteilt), so berechnet die Berechnungsstelle den SOFR ab dem ersten Geschäftstag für US-Staatsanleihen (einschließlich) innerhalb des maßgeblichen Beobachtungszeitraums, ab dem der SOFR nicht mehr verfügbar ist, als wären Bezugnahmen auf den SOFR Bezugnahmen auf den Satz (der "**SOFR-Nachfolgesatz**"), der der Berechnungsstelle und den Gläubigern (im Fall einer Mitteilung gegenüber den Gläubigern durch Veröffentlichung gemäß § [12]) von der Emittentin als derjenige Satz mitgeteilt wurde, der vom Federal Reserve Board oder anderenfalls von der Federal Reserve Bank of New York oder anderenfalls von einem vom Federal Reserve Board oder anderenfalls von der Federal Reserve Bank of New York für den Zweck der Empfehlung eines Ersatzes für den Tageszinssatz für besicherte Über-Nacht-Finanzierungen (*Secured Overnight Financing Rate*) offiziell bestätigten oder einberufenen Ausschuss als Ersatz für den Tageszinssatz für besicherte Über-Nacht-Finanzierungen (*Secured Overnight Financing Rate*) empfohlen wurde (wobei dieser Satz von der Federal Reserve Bank of New York oder anderenfalls von einem anderen ernannten Administrator (zusammen der "**SOFR-Nachfolgesatz-Administrator**") erstellt werden kann und ferner Anpassungen oder Auf- bzw. Abschläge enthalten kann, die gemäß der Feststellung des SOFR-Nachfolgesatz-Administrators auf den SOFR-Nachfolgesatz angewendet werden müssen, um einen etwaigen wirtschaftlichen Nachteil bzw. Vorteil für Gläubiger infolge der Ersetzung des Tageszinssatzes für besicherte Über-Nacht-Finanzierungen (*Secured Overnight Financing Rate*) durch den SOFR-Nachfolgesatz zu verringern oder zu beseitigen (wie der Berechnungsstelle und den Gläubigern (im Fall einer Mitteilung

gegenüber den Gläubigern durch Veröffentlichung gemäß § [12]) jeweils von der Emittentin mitgeteilt)).

Wenn:

- (x) bis zum SOFR-Index-Einstellungstichtag (einschließlich) kein solcher SOFR-Nachfolgesatz empfohlen wurde (wie der Berechnungsstelle von der Emittentin mitgeteilt), so berechnet die Berechnungsstelle die Secured Overnight Financing Rate ab dem ersten Geschäftstag für US-Staatsanleihen (einschließlich) innerhalb des maßgeblichen Beobachtungszeitraums, ab dem der SOFR nicht mehr verfügbar ist, als wären (i) Bezugnahmen auf die Secured Overnight Financing Rate oder SOFR Bezugnahmen auf den OBFR, (ii) Bezugnahmen auf Geschäftstage für US-Staatsanleihen Bezugnahmen auf New Yorker Bankarbeitstage, (iii) Bezugnahmen auf ein SOFR-Index-Einstellungsereignis Bezugnahmen auf ein OBFR-Index-Einstellungsereignis, (iv) Bezugnahmen auf den SOFR-Nachfolgesatz-Administrator Bezugnahmen auf den OBFR-Nachfolge-Administrator, (v) Bezugnahmen auf den SOFR-Nachfolgesatz Bezugnahmen auf einen OBFR-Nachfolgesatz und (vi) Bezugnahmen auf den SOFR-Index-Einstellungstichtag Bezugnahmen auf den OBFR-Index-Einstellungstichtag (wobei die Emittentin den Gläubigern die Anwendung des OBFR durch Veröffentlichung gemäß § [12] mitteilt); oder
- (y) bis zum SOFR-Index-Einstellungstichtag (einschließlich) kein solcher SOFR-Nachfolgesatz empfohlen wurde und ein OBFR-Index-Einstellungsereignis eingetreten ist (wie der Berechnungsstelle und den Gläubigern (im Fall einer Mitteilung gegenüber den Gläubigern durch Veröffentlichung gemäß § [12]) jeweils von der Emittentin mitgeteilt), so berechnet die Berechnungsstelle die Secured Overnight Financing Rate ab dem ersten Geschäftstag für US-Staatsanleihen (einschließlich) innerhalb des maßgeblichen Beobachtungszeitraums, ab dem der SOFR nicht mehr verfügbar ist, als wären (i) Bezugnahmen auf die Secured Overnight Financing Rate oder SOFR Bezugnahmen auf den FOMC-Zielsatz, (ii) Bezugnahmen auf Geschäftstage für US-Staatsanleihen Bezugnahmen auf New Yorker Bankarbeitstage und (iii) Bezugnahmen auf die SOFR Bildschirmseite Bezugnahmen auf die Internetseite der Federal Reserve (wobei die Emittentin den Gläubigern die Anwendung des FOMC-Zielsatzes durch Veröffentlichung gemäß § [12] mitteilt).

Kann der [Zinssatz] [Zinssatz I] [Zinssatz II] nicht anderweitig gemäß den Bestimmungen dieser Bedingungen in Bezug auf eine [Zinsberechnungsperiode] [Zinsperiode I] [Zinsperiode II] ermittelt werden, entspricht der [Zinssatz] [Zinssatz I] [Zinssatz II] für die betreffende [Zinsberechnungsperiode] [Zinsperiode I] [Zinsperiode II] (i) dem von der Berechnungsstelle berechneten [Zinssatz] [Zinssatz I] [Zinssatz II] für die [Zinsberechnungsperiode] [Zinsperiode I] [Zinsperiode II], in der der SOFR-Index-Einstellungstichtag sowie das OBFR-Index-Einstellungsereignis eingetreten sind und kein FOMC-Zielsatz verfügbar ist, (die "**Einstellungs-Zinsberechnungsperiode**") durch Anwendung des Tageszinssatzes für besicherte Über-Nacht-Finanzierungen (*Secured Overnight Financing Rate*) des letzten Geschäftstags für US-Staatsanleihen in der betreffenden Einstellungs-Zinsperiode, an dem dieser Satz auf der SOFR-Bildschirmseite veröffentlicht wurde (wie der Berechnungsstelle und den Gläubigern (im Fall einer Mitteilung gegenüber den Gläubigern durch Veröffentlichung gemäß

§ [12]) jeweils von der Emittentin mitgeteilt) auf jeden folgenden Geschäftstag für US-Staatsanleihen, für den weder SOFR noch OBFR oder der FOMC-Zielsatz verfügbar sind, bzw. (ii) für jede auf die Einstellungs-Zinsberechnungsperiode folgende [Zinsberechnungsperiode] [Zinsperiode I] [Zinsperiode II] dem an dem Zinsfestlegungstag für die Einstellungs-Zinsberechnungsperiode festgelegten [Zinssatz] [Zinssatz I] [Zinssatz II] [(wobei jedoch, soweit in Bezug auf die maßgebliche [Zinsberechnungsperiode] [Zinsperiode I] [Zinsperiode II] [eine andere] [Marge] [Marge I] [Marge II], [und/oder] [ein anderer [Mindestzinssatz] [Mindestzinssatz I] [Mindestzinssatz II]], [und/oder] [ein anderer [Höchstzinssatz] [Höchstzinssatz I] [Höchstzinssatz II]] anzuwenden ist als bei der letzten vorangegangenen [Zinsperiode] [Zinsperiode I] [Zinsperiode II], [die] [Marge] [Marge I] [Marge II], [bzw.] [der [Mindestzinssatz] [Mindestzinssatz I] [Mindestzinssatz II]], [bzw.] [der [Höchstzinssatz] [Höchstzinssatz I] [Höchstzinssatz II]] für die maßgebliche [Zinsperiode] [Zinsperiode I] [Zinsperiode II] anstelle [der] [Marge] [Marge I] [Marge II], [bzw.] [des [Mindestzinssatzes] [Mindestzinssatzes I] [Mindestzinssatzes II]], [bzw.] [des [Höchstzinssatzes] [Höchstzinssatzes I] [Höchstzinssatzes II]] für die betreffende letzte vorangegangene [Zinsperiode] [Zinsperiode I] [Zinsperiode II] zu verwenden ist)], oder (iii) falls es keine solche Einstellungs-Zinsberechnungsperiode gibt, demjenigen [Zinssatz] [Zinssatz I] [Zinssatz II], der in Bezug auf die Schuldverschreibungen anwendbar gewesen wäre, wenn die Schuldverschreibungen während eines Zeitraums ausgegeben gewesen wären, der der Dauer der planmäßigen ersten [Zinsperiode] [Zinsperiode I] [Zinsperiode II] entspricht, jedoch am Verzinsungsbeginn [Verzinsungsbeginn der ersten vorgesehenen [Zinsperiode] [Zinsperiode I] [Zinsperiode II]] (ausschließlich) endet [(jedoch unter Anwendung [der] [Marge] [Marge I] [Marge II], [und] [des [Mindestzinssatzes] [Mindestzinssatzes I] [Mindestzinssatzes II]], [und] [des [Höchstzinssatzes] [Höchstzinssatzes I] [Höchstzinssatzes II]], [die] [bzw.] [der] auf die erste vorgesehene [Zinsperiode] [Zinsperiode I] [Zinsperiode II] anwendbar war)].]

"OBFR-Index-Einstellungsereignis" bezeichnet den Eintritt eines oder mehrerer der folgenden Ereignisse:

- (x) eine öffentliche Erklärung der Federal Reserve Bank of New York (oder eines Nachfolge-Administrators der OBFR), mit der diese bekannt gibt, dass sie die Veröffentlichung oder Bereitstellung der OBFR dauerhaft oder auf unbestimmte Zeit eingestellt hat oder einstellen wird, sofern es zum betreffenden Zeitpunkt keinen Nachfolge-Administrator gibt, der die Veröffentlichung oder Bereitstellung der OBFR fortsetzen wird;
- (y) die Veröffentlichung von Informationen, durch die mit hinreichender Sicherheit bestätigt wird, dass die Federal Reserve Bank of New York (oder ein Nachfolge-Administrator der OBFR) die Bereitstellung der OBFR dauerhaft oder auf unbestimmte Zeit eingestellt hat oder einstellen wird, sofern es zum betreffenden Zeitpunkt keinen Nachfolge-Administrator gibt, der die Veröffentlichung oder Bereitstellung der OBFR fortsetzen wird;
- (z) eine öffentliche Erklärung einer US-Aufsichtsbehörde oder einer anderen öffentlichen US-Stelle, durch die die Verwendung der OBFR untersagt wird und die (nicht notwendigerweise ausschließlich) auf die Schuldverschreibungen Anwendung findet.

"OBFR-Index-Einstellungsstichtag" bezeichnet in Bezug auf ein OBFR-Index-Einstellungsereignis den Tag, an dem die Federal Reserve Bank of New York (oder ein Nachfolge-Administrator der OBFR) die Veröffentlichung der OBFR einstellt, oder den Tag, ab dem die OBFR nicht mehr verwendet werden darf.

"SOFR-Index-Einstellungsereignis" bezeichnet den Eintritt eines oder mehrerer der folgenden Ereignisse:

"SOFR-Index-Einstellungstichtag" bezeichnet in Bezug auf ein SOFR-Index-Einstellungsereignis den Tag, an dem die Federal Reserve Bank of New York (oder ein SOFR-Nachfolgesatz-Administrator) die Veröffentlichung der Secured Overnight Financing Rate einstellt, oder den Tag, ab dem die Secured Overnight Financing Rate nicht mehr verwendet werden darf.]

[Falls SONIA anwendbar ist, gilt Folgendes:

SONIA-Ersatzregelungen. Falls der SONIA-Referenzsatz in Bezug auf einen maßgeblichen Londoner Geschäftstag nicht auf der Bildschirmseite bereitgestellt wird (und auch von den zur Verbreitung autorisierten Stellen nicht auf andere Weise veröffentlicht worden ist), so entspricht der SONIA-Referenzsatz in Bezug auf den betreffenden Londoner Geschäftstag:

- (x) (i) dem um 17.00 Uhr (Ortszeit London) (oder, falls früher, bei Geschäftsschluss) am betreffenden Londoner Geschäftstag geltenden Leitzinssatz (*Bank Rate*) der Bank of England (die "**Bank Rate**"), zuzüglich (ii) des arithmetischen Mittels der Differenz (*Spread*) zwischen dem SONIA-Satz und der Bank Rate über den SONIA-Ersatzregelungszeitraum für den betreffenden Londoner Geschäftstag, wobei der höchste *Spread* (oder, wenn es mehr als einen höchsten *Spread* gibt, nur einer dieser höchsten *Spreads*) und der niedrigste *Spread* (oder, wenn es mehr als einen niedrigsten *Spread* gibt, nur einer dieser niedrigsten *Spreads*) nicht berücksichtigt werden; oder
- (y) falls die Bank Rate nicht verfügbar ist, dem zuletzt in Bezug auf einen Londoner Geschäftstag geltenden SONIA-Referenzsatz.

"SONIA-Ersatzregelungszeitraum" bezeichnet in Bezug auf einen Londoner Geschäftstag die vorangegangenen [fünf] [●] Londoner Geschäftstage, für die ein SONIA-Referenzsatz veröffentlicht worden ist.

Kann der [Zinssatz] [Zinssatz I] [Zinssatz II] nicht anderweitig gemäß den Bestimmungen dieser Bedingungen in Bezug auf eine [Zinsperiode] [Zinsperiode I] [Zinsperiode II] ermittelt werden, entspricht der [Zinssatz] [Zinssatz I] [Zinssatz II] für die betreffende [Zinsperiode] [Zinsperiode I] [Zinsperiode II] (i) demjenigen Compounded Daily SONIA, der in Bezug auf die Schuldverschreibungen für die letzte vorangegangene [Zinsperiode] [Zinsperiode I] [Zinsperiode II] ermittelt wurde [(wobei jedoch, soweit in Bezug auf die maßgebliche [Zinsperiode] [Zinsperiode I] [Zinsperiode II] [eine andere] [Marge] [Marge I] [Marge II][,] [und/oder] [ein anderer [Mindestzinssatz] [Mindestzinssatz I] [Mindestzinssatz II]][,] [und/oder] [ein anderer [Höchstzinssatz] [Höchstzinssatz I] [Höchstzinssatz II]] anzuwenden ist als bei der letzten vorangegangenen [Zinsperiode] [Zinsperiode I] [Zinsperiode II], [die] [Marge] [Marge I] [Marge II][,] [bzw.] [der [Mindestzinssatz] [Mindestzinssatz I] [Mindestzinssatz II]][,] [bzw.] [der [Höchstzinssatz] [Höchstzinssatz I] [Höchstzinssatz II]] für die maßgebliche [Zinsperiode] [Zinsperiode I] [Zinsperiode II] anstelle [der] [Marge] [Marge I] [Marge II][,] [bzw.] [des [Mindestzinssatzes] [Mindestzinssatzes I] [Mindestzinssatzes II]][,] [bzw.] [des [Höchstzinssatzes] [Höchstzinssatzes I] [Höchstzinssatzes II]] für die betreffende letzte vorangegangene [Zinsperiode] [Zinsperiode I] [Zinsperiode II] zu verwenden ist)] oder (ii) falls es keine solche

[Falls TONA anwendbar ist, gilt Folgendes:

Festlegung des TONA-Ersatzzinssatzes. Falls in Bezug auf einen maßgeblichen Tokio-Geschäftstag der TONA nicht auf der TONA-Bildschirmseite zum TONA-Feststellungszeitpunkt bereitgestellt wird (und auch nicht auf andere Weise veröffentlicht worden ist), so wird der TONA in Bezug auf den betreffenden Tokio-Geschäftstag wie folgt bestimmt:

- (x) falls kein TONA-Index-Einstellungsereignis und kein TONA-Index-Einstellungsstichtag zum oder vor dem TONA-Feststellungszeitpunkt in Bezug auf den betreffenden Tokio-Geschäftstag eingetreten sind (wie der Berechnungsstelle von der Emittentin jeweils mitgeteilt), ist TONA in Bezug auf den betreffenden Tokio-Geschäftstag derjenige TONA, der auf der TONA-Bildschirmseite mit Bezug auf den letzten vorhergehenden Tokio-Geschäftstag veröffentlicht wurde (wobei die Emittentin den Gläubigern die Anwendung dieses Satzes durch Veröffentlichung gemäß § [12] mitteilen wird); oder
- (y) falls sowohl ein TONA-Index-Einstellungsereignis als auch ein TONA-Index-Einstellungsstichtag am oder vor dem TONA-Feststellungszeitpunkt in Bezug auf den betreffenden Tokio-Geschäftstag eingetreten sind (wie der Berechnungsstelle und den Gläubigern (im Fall einer Mitteilung gegenüber den Gläubigern durch Veröffentlichung gemäß § [12]) von der Emittentin jeweils mitgeteilt), berechnet die Berechnungsstelle den TONA ab dem ersten Tokio-Geschäftstag (einschließlich) innerhalb des maßgeblichen Beobachtungszeitraums, ab dem der TONA nicht mehr verfügbar ist, als wären Bezugnahmen auf den TONA Bezugnahmen auf den JPY-Empfehlungsreferenzsatz.

Falls:

- (x) ein solcher JPY-Empfehlungsreferenzsatz vor Ablauf des ersten Tokio-Geschäftstags nach dem TONA-Index-Einstellungsstichtag empfohlen wurde, aber der TONA-Administrator den JPY-Empfehlungsreferenzsatz nicht bereitstellt oder veröffentlicht, so gelten (vorbehaltlich der im nachfolgenden aufgeführten Bestimmungen) Bezugnahmen auf den JPY-Empfehlungsreferenzsatz für jeden Tag, an dem der JPY-Empfehlungsreferenzsatz benötigt wird, als Bezugnahmen auf den zuletzt bereitgestellten oder veröffentlichten JPY-Empfehlungsreferenzsatz. Wenn es jedoch keinen zuletzt bereitgestellten oder veröffentlichten JPY-Empfehlungsreferenzsatz gibt, gelten Bezugnahmen auf den JPY-Empfehlungsreferenzsatz für

jeden Tag, an dem der JPY-Empfehlungsreferenzsatz benötigt wird, als Bezugnahmen auf den zuletzt bereitgestellten oder veröffentlichten TONA.

- (y) (a) kein JPY-Empfehlungsreferenzsatz vor Ablauf des ersten Tokio-Geschäftstags nach dem TONA-Index-Einstellungstichtag empfohlen wurde oder (b) ein JPY-Empfehlungsreferenzsatz empfohlen wurde und anschließend ein JPY-Empfehlungsreferenzsatz-Einstellungstichtag erfolgt, berechnet die Berechnungsstelle den TONA ab dem ersten Tokio-Geschäftstag (einschließlich) innerhalb des maßgeblichen Beobachtungszeitraums, ab dem der TONA oder gegebenenfalls der JPY-Empfehlungsreferenzsatz nicht mehr verfügbar ist, durch Verwendung eines wirtschaftlich vernünftigen Alternativsatzes für TONA oder gegebenenfalls den JPY-Empfehlungsreferenzsatz, der von der Emittentin nach Treu und Glauben und in wirtschaftlich vernünftiger Weise bestimmt wird, wobei alle Sätze berücksichtigt werden, die von zentralen Gegenparteien und/oder Terminbörsen eingeführt werden und jeweils ein Handelsvolumen in Derivaten oder Termingeschäften, die sich auf den TONA oder gegebenenfalls den JPY-Empfehlungsreferenzsatz beziehen, aufweisen, das die Emittentin nach Treu und Glauben und in wirtschaftlich vernünftiger Weise für ausreichend hält, um diesen Satz als repräsentativen Alternativsatz zu betrachten.

- (y) eine öffentliche Erklärung oder Veröffentlichung von Informationen durch die für den Administrator des JPY-Empfehlungsreferenzsatzes zuständige Aufsichtsbehörde oder anderenfalls die Zentralbank für die dem JPY-Empfehlungsreferenzsatz zugrunde liegende Währung oder anderenfalls einen für den Administrator des JPY-Empfehlungsreferenzsatzes zuständigen Insolvenzverwalter oder anderenfalls eine für den Administrator des JPY-Empfehlungsreferenzsatzes zuständige Abwicklungsbehörde oder anderenfalls ein Gericht oder eine Stelle mit ähnlicher Zuständigkeit im Falle der Insolvenz oder Abwicklung des Administrators des JPY-Empfehlungsreferenzsatzes dahingehend, dass der Administrator des JPY-Empfehlungsreferenzsatzes die Bereitstellung des JPY-Empfehlungsreferenzsatzes dauerhaft oder auf unbestimmte Zeit eingestellt hat oder einstellen wird, sofern es im Zeitpunkt der Erklärung oder Veröffentlichung keinen Nachfolge-Administrator gibt, der die Bereitstellung des JPY-Empfehlungsreferenzsatzes fortsetzen wird.

"JPY-Empfehlungsreferenzsatz-Einstellungstichtag" bezeichnet in Bezug auf den JPY-Empfehlungsreferenzsatz und ein JPY-Empfehlungsreferenzsatz-Einstellungereignis den ersten Tag, an dem der JPY-Empfehlungsreferenzsatz nicht mehr bereitgestellt wird, wie von der Emittentin nach Treu und Glauben und in wirtschaftlich vernünftiger Weise festgestellt und der Berechnungsstelle von der Emittentin mitgeteilt.

"TONA-Index-Einstellungereignis" bezeichnet in Bezug auf einen Beobachtungszeitraum den Eintritt eines oder mehrerer der folgenden

"TONA-Index-Einstellungstichtag" bezeichnet in Bezug auf ein TONA-Index-Einstellungsereignis den ersten Tag, an dem der TONA nicht mehr bereitgestellt wird, wie von der Emittentin nach Treu und Glauben und in wirtschaftlich vernünftiger Art und Weise festgestellt und der Berechnungsstelle von der Emittentin mitgeteilt.]

IM FALL VON ENGLISCH-RECHTLICHEN SCHULDVER-SCHREIBUNGEN, BEI DENEN ISDA-FESTSTELLUNG ANWENDUNG FINDET, GILT FOLGENDES:

Der **"Referenzsatz"** entspricht dem ISDA-Satz.

In diesem Zusammenhang bezeichnet **"ISDA-Satz"** in Bezug auf eine Zinsperiode einen Zinssatz entsprechend dem Variablen Zinssatz, der von dem Fiscal Agent im Rahmen eines Zinssatzswaps festgestellt werden würde, wenn der Fiscal Agent im Rahmen dieses Zinssatzswaps als Berechnungsstelle (wie in den ISDA-Definitionen (wie unten definiert) definiert) für das Swapgeschäft fungieren würde, und zwar nach Maßgabe der Bestimmungen eines Vertrags, dessen Bestandteil die von der International Swaps and Derivatives Association, Inc. veröffentlichten 2006 ISDA Definitions in der jeweils zum Begebungstag der Schuldverschreibungen geltenden Fassung sind (die **ISDA-Definitionen**), die Folgendes vorsehen:

- (1) die Variabler-Zinssatz-Option ist **[Variabler-Zinssatz-Option]**,
- (2) die Festgelegte Endfälligkeit ist **[Festgelegte Endfälligkeit]**, und
- (3) der maßgebliche Neufestlegungstag ist **[bei EURIBOR/STIBOR/NIBOR/BBSW gilt Folgendes: der erste Tag der betreffenden Zinsperiode] [sonstiger maßgeblicher Neufestlegungstag]**.

In diesem Zusammenhang haben die Begriffe **"Variabler Zinssatz"**, **"Variabler-Zinssatz-Option"**, **"Festgelegte Endfälligkeit"** und **"Neufestlegungstag"** die ihnen in den ISDA-Definitionen jeweils zugewiesene Bedeutung. Die Definition

des Begriffs "**Ausweichbeobachtungstag**" in den ISDA-Definitionen gilt als vollständig gestrichen und wird durch die folgende Definition ersetzt: "**Ausweichbeobachtungstag**" bedeutet in Bezug auf einen Neufestlegungstag und den Berechnungszeitraum (oder einen in diesem Berechnungszeitraum enthaltenen Aufzinsungszeitraum), auf den sich dieser Neufestlegungstag bezieht, sofern nichts anderes vereinbart ist, den Tag, der fünf Geschäftstage vor dem entsprechenden Zahlungstag liegt.".]

Alle in Bezug auf die Schuldverschreibungen zu zahlenden Beträge werden unter Abzug oder Einbehalt von oder aufgrund von gegenwärtigen oder zukünftigen Steuern, Abgaben oder staatlichen Gebühren gleich welcher Art, die im Wege des Abzugs oder Einhalts erhoben oder eingezogen werden, gezahlt, falls ein solcher Abzug oder Einbehalt gesetzlich vorgeschrieben ist (unter anderem gemäß einer in Sections 1471 bis 1474 des US-Bundessteuergesetzes (*United States Internal Revenue Code*) von 1986 (the "IRC"), sämtlicher darunter erlassenen Vorschriften oder Vereinbarungen, einschließlich einer Vereinbarung gemäß Section 1471(b) IRC, oder offiziellen Auslegungen dieser Bestimmungen ("FATCA") oder nach Maßgabe eines Gesetzes zur Umsetzung einer zwischenstaatlichen Vereinbarung in Bezug auf FATCA).

Bei Schuldverschreibungen, bei denen eine Wiederanlage der Nettodividende hinsichtlich eines zugrunde liegenden US-Wertpapiers (d. h. eines Wertpapiers, auf das Dividenden aus Quellen innerhalb der Vereinigten Staaten gezahlt werden) oder eines US-Wertpapiers enthaltenden Index vorgesehen ist, können sämtliche auf die Schuldverschreibungen, die sich auf solche US-Wertpapiere oder einen US-Wertpapiere umfassenden Index beziehen, zahlbaren Beträge unter Bezug auf Dividenden auf diese US-Wertpapiere berechnet werden, die zu einem Prozentsatz wieder angelegt werden, der eine Quellensteuer nach Section 871(m) des IRC berücksichtigt. Die Bestellung eines Gemeinsamen Vertreters bedarf einer Qualifizierten Mehrheit (siehe vorstehenden Absatz (2)), wenn er ermächtigt wird, wesentlichen Änderungen der Bedingungen zuzustimmen.

Über seine Tätigkeit hat der Gemeinsame Vertreter den Gläubigern zu berichten.

Der Gemeinsame Vertreter haftet den Gläubigern als Gesamtgläubiger für die ordnungsgemäße Erfüllung seiner Aufgaben; bei seiner Tätigkeit hat er die Sorgfalt eines ordentlichen und gewissenhaften Geschäftsleiters anzuwenden. Die Haftung des Gemeinsamen Vertreters ist auf das Zehnfache seiner jährlichen Vergütung beschränkt, es sei denn, dem Gemeinsamen Vertreter fällt Vorsatz oder grobe Fahrlässigkeit zur Last. Die Haftung des Gemeinsamen Vertreters kann durch Beschluss der Gläubiger weiter beschränkt werden. Ein in einer Versammlung der Gläubiger der Schuldverschreibungen gefasster Außerordentlicher Beschluss ist für alle Gläubiger der Schuldverschreibungen (unabhängig davon, ob diese in der Versammlung anwesend waren oder nicht) [sowie für alle Inhaber von Zinsscheinen] bindend.

Der Fiscal Agent und die Emittentin können ohne die Zustimmung der Gläubiger der Schuldverschreibungen [oder Inhaber von Zinsscheinen] das Folgende vereinbaren:

MUSTER DER ENDGÜLTIGEN BEDINGUNGEN¹

Set out below is the form of Final Terms for issues of Securities under the Programme. The Final Terms applicable to a specific issue of Securities will be in the following form, completed to reflect the particular terms of the relevant Securities and their issue.

Nachfolgend aufgeführt ist ein Muster der Endgültigen Bedingungen für Schuldverschreibungen, die im Rahmen des Programms begeben werden. [PROHIBITION OF SALES TO RETAIL INVESTORS IN THE EUROPEAN ECONOMIC AREA

The Securities are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area ("**EEA**"). Consequently no key information document required by Regulation (EU) No 1286/2014 (as amended) (the "**PRIIPs Regulation**") for offering or selling the Securities or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Securities or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation. Entsprechend wurde kein nach der Verordnung (EU) Nr. 1286/2014 in ihrer geänderten Fassung (die "**PRIIP-Verordnung**") erforderliches Basisinformationsblatt für das Angebot oder den Verkauf oder die sonstige Zurverfügungstellung der Schuldverschreibungen an Kleinanleger im EWR erstellt; daher kann das Angebot oder der Verkauf oder die sonstige Zurverfügungstellung der Schuldverschreibungen an Kleinanleger im EWR nach der PRIIP-Verordnung rechtswidrig sein. Für die Zwecke dieser Bestimmung bezeichnet der Begriff Kleinanleger eine Person, die eines (oder mehrere) der folgenden Kriterien erfüllt: (i) sie ist ein Kleinanleger im Sinne von Artikel 4 Abs. 1 Nr. 11 der Richtlinie 2014/65/EU in ihrer geänderten Fassung ("**MiFID II**"); (ii) sie ist ein Kunde im Sinne der Richtlinie (EU) 2016/97 in ihrer geänderten Fassung, soweit dieser Kunde nicht als professioneller Kunde im Sinne von Artikel 4 Abs. 1 Nr. 10 MiFID II gilt; oder (iii) sie ist kein qualifizierter Anleger im Sinne der Verordnung (EU) 2017/1129 des Europäischen Parlaments und des Rates vom 14. Juni 2017 über den Prospekt, der beim öffentlichen Angebot von Wertpapieren oder bei deren Zulassung zum Handel an einem geregelten Markt zu veröffentlichen ist und zur Aufhebung der Richtlinie 2003/71/EG in ihrer geänderten Fassung.]³*

[PROHIBITION OF SALES TO RETAIL INVESTORS IN THE UNITED KINGDOM]

The Securities are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the United Kingdom. Consequently, no key information document required by Regulation (EU) 1286/2014 (as amended) as it forms part of the domestic law of the United Kingdom by virtue of the European Union (Withdrawal) Act 2018 ("EUWA") (the "**United Kingdom PRIIPs Regulation**") for offering or selling the Securities or otherwise making them available to retail investors in the United Kingdom has been prepared and therefore offering or selling the Securities or otherwise making them available to any retail investor in the United Kingdom may be unlawful under the United Kingdom PRIIPs Regulation. ¹⁵ The Specified Denomination of the Securities will be at least €1,000 (or an equivalent amount in another currency). German law Securities will always have only one Specified Denomination.

Die festgelegte Stückelung der Schuldverschreibungen entspricht mindestens €1.000 (oder einem entsprechenden Betrag in einer anderen Währung). Deutschrechtliche Schuldverschreibungen haben immer nur eine Festgelegte Stückelung.

¹⁶ In the case of English law governed Securities, where multiple denominations above €100,000 or equivalent are being used language substantially to the following effect should be used: "[€100,000] and integral multiples of [€1,000] in excess thereof up to and including [€199,000]. No Securities in definitive form will be issued with a denomination above [€199,000]".

Im Fall von Schuldverschreibungen, die englischem Recht unterliegen und bei denen mehrfache Stückelungen über €100.000 oder einem entsprechenden Betrag in einer anderen Währungen anwendbar sind, sollte ein Wortlaut verwendet werden, der im Wesentlichen dem Folgendem entspricht: "[€100.000] und ganzzahlige darüber hinausgehende Vielfache von [€1.000] bis zu [€199.000] (einschließlich). Es werden keine Einzelurkunden für Schuldverschreibungen mit einer Stückelung von mehr als [€199.000] begeben."

¹⁷ Applicable to English law Securities. (If only one Specified Denomination, insert the Specified Denomination. If more than one Specified Denomination, insert the highest common factor. Note: There must be a common factor in the case of two or more Specified Denominations.)

Anwendbar auf englischrechtliche Schuldverschreibungen. (Falls es nur eine Festgelegte Stückelung gibt, ist diese Festgelegte Stückelung einzufügen. Falls es mehr als eine Festgelegte Stückelung gibt, ist der größte gemeinsame Faktor einzufügen. Folgendes ist zu beachten: Es muss einen gemeinsamen Faktor geben, wenn es zwei oder mehr Festgelegte Stückelungen gibt.)

¹⁸ Ensure that this is consistent with the wording in the "Description of the Securities - Form of the Securities" section in the Securities Note and the Securities themselves. N.B.: The option for an issue of Securities to be represented on issue by a Temporary Global Security exchangeable for Definitive Securities should not be expressed to be applicable if the Specified Denomination includes language substantially to the following effect: "[€100,000] and integral multiples of [€1,000] in excess thereof up to and including [€199,000]."

Es ist sicherzustellen, dass die Angaben in Einklang mit der in der Wertpapierbeschreibung enthaltenen Beschreibung im Abschnitt "Description of the Securities - Form of the Securities" und den Schuldverschreibungen selbst steht. Folgendes ist zu beachten: Die Option, Schuldverschreibungen zu begeben, die bei Begebung von einer Vorläufigen Globalurkunde verbrieft werden, die gegen Einzelurkunden austauschbar ist, sollte nicht anwendbar sein, falls die Festgelegte Stückelung eine Angabe enthält, die im Wesentlichen dem Folgenden entspricht: "[€100.000] und ganzzahlige darüber hinausgehende Vielfache von [€1.000] bis zu [€199.000] (einschließlich)."

¹⁹ As a general rule, TEFRA D shall apply. If TEFRA D applies, the Securities are initially represented by a Temporary Global Security.

Grundsätzlich findet TEFRA D Anwendung. Falls TEFRA D anwendbar ist, werden die Schuldverschreibungen anfänglich durch eine Vorläufige Globalurkunde verbrieft.

²⁰ If TEFRA C applies, the Securities are typically not initially represented by a Temporary Global Security.

Falls TEFRA C anwendbar ist, werden die Schuldverschreibungen üblicherweise nicht anfänglich durch eine Vorläufige Globalurkunde verbrieft.

²¹ Only applicable if the requirements of the TEFRA D exception (*inter alia* denomination in Swiss Francs) are satisfied.

Nur anwendbar, wenn die Voraussetzungen der TEFRA D-Ausnahme (unter anderem Denominierung in Schweizer Franken) erfüllt sind.

²² Applicable in the case of Securities with Permanent Global Securities exchangeable for definitive Securities.

For the purposes of this provision, the expression "**offer of Securities to the public**" in relation to any Securities in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Securities to be offered so as to enable an investor to decide to purchase or subscribe the Securities, and the expression "**Prospectus Regulation**" means Regulation (EU) 2017/1129 of the European Parliament and of the Council of 14 June 2017 on the prospectus to be published when securities are offered to the public or admitted to trading on a regulated market and repealing Directive 2003/71/EC, as amended.

SAUDI ARABIA

No action has been or will be taken in the Kingdom of Saudi Arabia that would permit a public or private offering of the Securities or an advertisement thereof.
