Euro Medium Term Note Programme

Under the U.S.\$15,000,000,000 Euro Medium Term Note Programme (the "**Programme**") described in this base prospectus (the "**Prospectus**"), Volvo Treasury AB (publ) (the "**Issuer**") may from time to time issue notes (the "**Notes**") denominated in any currency agreed between the Issuer and the relevant Dealer(s) (as defined below).

The payments of all amounts payable in respect of all Notes issued by the Issuer will be unconditionally and irrevocably guaranteed by AB Volvo (publ) (the "**Parent**" or "**AB Volvo**").

The maximum aggregate nominal amount of all Notes from time to time outstanding under the Programme will not exceed U.S.\$15,000,000,000 (or its equivalent in other currencies calculated as described herein) subject to increase as provided herein. A description of the restrictions applicable at the date of this Prospectus relating to the maturity and denomination of certain Notes is set out in "*General Description of the Programme*" below.

The Notes will be issued on a continuing basis to one or more of the dealers set out below and any additional dealer appointed under the Programme from time to time, which appointment may be for a specific issue or on an ongoing basis (each a "**Dealer**" and together the "**Dealers**"). References in this Prospectus to the "**relevant Dealer**" shall, in the case of an issue of Notes being (or intended to be) subscribed by more than one Dealer, be to all Dealers agreeing to subscribe such Notes.

An investment in Notes issued under the Programme involves certain risks. For a discussion of these risks see "*Risk Factors*" below.

This Prospectus (together with any supplements thereto) constitutes a base prospectus for the purposes of Article 8 of Regulation (EU) 2017/1129 (the "**EU Prospectus Regulation**") for the purpose of giving information with regard to the issue of Notes under the Programme described in this Prospectus and is valid for a period of twelve (12) months from the date of approval, until 7 May 2022.

This Prospectus has been approved by the *Commission de Surveillance du Secteur Financier* (the "**CSSF**") as competent authority under the EU Prospectus Regulation and the Luxembourg Law dated 16 July 2019 relating to prospectuses for securities, as may be amended from time to time. The CSSF has only approved the Prospectus as meeting the standards of completeness, comprehensibility and consistency imposed by the EU Prospectus Regulation. Such approval should not be considered as an endorsement of the Issuer or the Parent nor as an endorsement of the quality of any Notes that are the subject of this Prospectus. The CSSF gives no undertaking as to the economic and financial soundness of the transaction or the quality or solvency of the Issuer or the Parent. Investors should make their own assessment as to the suitability of investing in such Notes. Application has been made for such Notes to be admitted during the period of 12 months from the date hereof to listing on the official list ("**Official List**") and to trading on the regulated market of the Luxembourg Stock Exchange. The regulated market of the Luxembourg Stock Exchange is a regulated market for the purposes of Directive 2014/65/EU on markets in financial instruments (as amended, "**EU MiFID II**"). Notice of the aggregate nominal amount of Notes, interest (if any) payable in respect of Notes, the issue price of Notes and certain other information which is applicable to each Tranche (as defined in "*Terms and Conditions of the Notes*" below) of Notes will be set forth in a final terms document (the "**Final Terms**") which, with respect to Notes to be listed on the Official List of the Luxembourg Stock Exchange, will be filed with the CSSF.

In the case of any Notes which are to be admitted to trading on a regulated market within the European Economic Area ("**EEA**") or offered to the public in a Member State of the EEA in circumstances which would otherwise require the publication of a prospectus under the EU Prospectus Regulation, the minimum Specified Denomination shall be €100,000 (or its equivalent in any other currency as at the date of issue of the relevant Notes) or more.

The Programme provides that Notes may be listed or admitted to trading, as the case may be, on such other or further stock exchange(s) or market(s) as may be agreed between the Issuer and the relevant Dealer(s). The Issuer may also issue unlisted Notes and/or Notes not admitted to trading on any market.

The Notes of each Tranche will be in bearer form and will initially be represented by a temporary global Note which will (i) if the global Notes are intended to be issued in new global note ("**NGN**") form, as specified in the applicable Final Terms, be delivered on or prior to the original issue date of the Tranche to a common safekeeper (the "**Common Safekeeper**") for Euroclear Bank SA/NV ("**Euroclear**") and Clearstream Banking S.A. ("**Clearstream**"); and (ii) if the global Notes are not intended to be issued in NGN form, be delivered on or prior to the original issue date of the Tranche to a common depositary (the "**Common Depositary**") for Euroclear and Clearstream. The temporary global Note will be exchangeable, as specified in the applicable Final Terms, for either a permanent global Note or Notes in definitive form, in each case upon certification as to non-U.S. beneficial ownership as required by U.S. Treasury regulations. A permanent global Note will be exchangeable, unless otherwise specified in the applicable Final Terms, for definitive Notes only upon the occurrence of an Exchange Event, all as further described in "Form of the Notes" below.

The Issuer is unrated. As of the date of this Prospectus, the Parent's long-term debt is rated A3, stable by Moody's Investors Service (Nordics) AB ("**Moody's**") and A-, stable by S&P Global Ratings Europe Limited ("**S&P**"). As at the date of this Prospectus, Moody's and S&P are credit rating agencies established in the European Union registered under Regulation (EC) No. 1060/2009 (as amended) (the "**EU CRA Regulation**") and included in the list of credit rating agencies published by the European Securities and Markets Authority ("**ESMA**") published on its website (<https://www.esma.europa.eu/supervision/credit-rating-agencies/risk>). Notes issued under the Programme may be rated or unrated. Where a Tranche of Notes is rated, its rating will be specified in the applicable Final Terms along with confirmation of whether or not such rating (1) will be issued or endorsed by a credit rating agency established in the EEA and registered under the EU CRA Regulation and included in the list of registered and certified rating agencies published by the ESMA on its website and/or (2) endorsed by a credit rating agency established under Regulation (EC) No. 1060/2009 as it forms part of domestic law of the United Kingdom ("**UK**") ("**UK domestic law**") by virtue of the European Union (Withdrawal) Act 2018 (the "**UK CRA Regulation**") or certified under the UK CRA Regulation. As of the date of this Prospectus, Moody's and S&P are credit rating agencies established in the European Union and registered under the EU CRA Regulation. They appear on the list of registered and certified rating agencies published by ESMA. A security rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning credit rating agency.

The Notes have not been and will not be registered under the United States Securities Act of 1933, as amended (the "**Securities Act**"), and are subject to U.S. tax law requirements. Subject to certain exceptions, Notes may not be offered, sold or delivered within the United States or to, or for the account or benefit of, U.S. persons (see "*Subscription and Sale*" below).

Such exchange may take place in each case on and after the date which is the later of (i) 40 days after the temporary global Note is issued and (ii) 40 days after the completion of the distribution of the relevant Tranche. Exchange of a temporary global Note will only take place upon certification of non-U.S. beneficial ownership as required by U.S. Treasury regulations.

A permanent global Note will be exchangeable, unless otherwise specified in the applicable Final Terms, for definitive Notes only upon the occurrence of an Exchange Event, as described in "Form of the Notes" below.

RISK FACTORS

The Issuer and the Parent present below the significant risks which they believe they are exposed to as at the date of this Prospectus. The risk factors considered to be the most important, based on the probability of their occurrence and the expected magnitude of their negative impact and after consideration of the effects of the measures implemented by the Issuer and the Parent in order to manage these risks, are mentioned first in their respective category. Investors are invited to read carefully the information provided in the risk factors before investing in Notes. Investors' attention is drawn to the fact that other risks, not identified as at the date of this Prospectus, or whose realisation is not considered likely to have, as at this same date, a significant negative impact on the business, financial situation and results or perspectives of the Issuer and the Parent, may exist or occur.

1. Risk factors that may affect the Issuer's ability to fulfil its obligations under Notes issued under the Programme

The Issuer is a unit within the Volvo Group (the "**Volvo Group**" is defined as the Parent and its subsidiaries). The Issuer is acting as internal bank for the Volvo Group. The Issuer is responsible for all interest-bearing assets and liabilities as well as all foreign exchange and funding operations within the Volvo Group. The Issuer's operations are carried out according to centrally determined risk mandates and limits designed to minimise the credit currency, interest rate and liquidity risks to which the Volvo Group is exposed.

In conducting its operations, the Issuer is exposed to various types of financial risks which are set out on pages 22 to 30 (*Financial risks*) of the Issuer's Annual Report 2020 incorporated by reference into this Prospectus, as set out in the section headed "*Documents Incorporated by Reference*" on pages 24 to 26 of this Prospectus, and include the following: interest rate risk, currency risk, credit risk and liquidity risk.

These risks should, however, be mitigated through the Guarantee (as defined under "*Terms and Conditions of the Notes*") issued by the Parent in which the Parent undertakes to assume responsibility for the Issuer's payment obligations under the Notes.

2. Risk factors that may affect the Parent's ability to fulfil its obligations under the Guarantee

The risks that may affect the Volvo Group's ability to fulfil its obligations under the Programme, other than the short-term risk factors on pages 9 and 10 of this Prospectus, are set out in particular on pages 68 to 75 (*Risks and uncertainties*) of the Volvo Group Annual and Sustainability Report 2020 incorporated by reference into this Prospectus, as set out in the section headed "*Documents Incorporated by Reference*" on pages 24 to 26 of this Prospectus, and include the following:

- *Intense competition;*
- *Extensive government regulation;*
- *Political instability, security.*

- Operational risks:

- *Technology shift and convergence;*
- *Customer satisfaction and demand;*
- *Industrial operations;*
- *Reliance on suppliers and scarce materials;*

- *Cybersecurity and IT infrastructure;*
 - *Mergers and acquisitions, partnerships and divestments;*
 - *Residual value commitments.*
- Climate and society risks:
- *Pandemics;*
 - *Climate related and environmental regulations;*
 - *Human capital;*
 - *Human rights.*

Compliance risks:

- *Non-compliance with data protection laws;*
- *Intangible assets;*
- *Legal proceedings;*
- *Corruption and non-compliance with competition law.*

- Financial risks:

- *Insurance;*
- *Credit risk;*
- *Pension commitments;*

- *Currency risk;*
- *Liquidity risk;*
- *Impairment.*

Short-term risk factors

Update on supply situation

The Group's ability to deliver according to market demand depends significantly on obtaining a timely and adequate supply of materials, components and other vital services, as well as on the Group's ability to properly utilize the capacity in the Group's different production and services facilities. At present, a global shortage of semiconductor components is causing the Group to adapt production. The Group's supply-chain and industrial system is also strained in many areas due to, e.g. shortages of other materials and components, shortages of transport services and developments of the Covid-19 pandemic and response measures taken. Stop days have been implemented in the global truck manufacturing operations which, as previously communicated, are estimated to extend over two to four weeks in the second quarter, and the Group also expects disturbances in other business areas. These disturbances are expected to have a negative impact on earnings and cash flow, and there is also a risk that the Group may face additional supply-chain or production disturbances going forward. Such disturbances could lead to higher costs and interruptions in production and delivery of Group products and services, that could have a material negative impact on the Group's financial performance.

The Covid-19 pandemic

The outbreak of the Covid-19 pandemic throughout the world has led to major disruptions in the economies of many countries, including the Group's key markets and it is expected that economic activity will be negatively impacted in the coming quarters. This has had, and might also continue to have, an adverse effect on demand for the Group's products and services and on the financial performance of the Group. The duration and expected development of the Covid-19 pandemic is unknown, and no predictions can be made in relation to the length of present and further measures that different countries and others may take in response to the crisis. However, any prolongation or worsening of the virus outbreak may lead to, *e.g.*, the following:

- the extension of containment measures and restrictions on freedom of movement in the Group's key markets;
- key suppliers experiencing severe financial difficulties;
- shortages of necessary material and parts from suppliers directly or indirectly affected by the virus outbreak that may in turn lead to supply chain disruptions and production downtimes;
- a larger number of customers directly or indirectly affected by the virus outbreak having difficulties, or being prevented from, making payments to the Group when due;
- further price pressure on new and used vehicles, which may give rise to write-downs or further reserve requirements with respect to vehicles in stock and residual value commitments;
- impairments of goodwill and other intangible assets;
- further disruption of financial markets; and/or
- a prolonged global economic downturn leading to a more severe reduction in demand for Group products.

Given the evolving nature of the crisis, the above list is not exhaustive, but each of these events, or any combination of them, could amplify the negative impact of the crisis on the Group's financial performance and have a material adverse effect on the Group's business, financial development and shareholder value.

Detected premature degradation of emissions control component

As previously communicated, the Volvo Group has detected that an emissions control component used in certain markets and models, may degrade more quickly than expected, affecting the vehicles emission performance negatively. The Volvo Group made a provision of SEK 7 billion impacting the operating income in Q4 2018, relating to the estimated costs to address the issue. Negative cash flow effects started in 2019 and will continue in the coming years. The Volvo Group will continuously assess the size of the provision as the matter develops.

Contingent liabilities and contingent assets

The reported amounts for contingent liabilities reflect a part of Volvo Group's risk exposure. Total contingent liabilities as of 31 March 2021, amounted to SEK 15,1 billion, an increase of SEK 1,3 billion compared to 31 December 2020. The gross exposure of SEK 15,1 billion is partly reduced by counter guarantees and collaterals.

Total contingent assets as of 31 March 2021 amounted to SEK 1.0 billion (SEK 1,3 billion as of 31 December 2020) and is related to a tax credit in Brazil.

Legal proceedings

Following the adoption of the European Commission's settlement decision, the Volvo Group has received and will be defending itself against numerous private damages claims brought by customers and other third parties alleging that they suffered loss by reason of the conduct covered in the decision. The claims are being brought in various countries by claimants either acting individually or as part of a wider group or class of claimants. Further claims are likely to be commenced. At this stage it is not possible to make a reliable estimate of any liability that could arise from any such proceedings. An adverse outcome of some or all of the litigations, depending on the nature and extent of such outcomes, may have a material negative impact on the Volvo Group's financial results.

The other legal proceedings and investigations described in note 21 and note 24 in the Volvo Group Annual and Sustainability Report 2020 are progressing. No material changes have occurred in these matters in Q1 2021.

3. Risk factors relating to the Notes issued under the Programme

Factors which the Issuer believes are specific to the Notes and material for an informed investment decision with respect to investing in the Notes issued under the Programme are described below. In each category below, the Issuer sets out the material risks in descending order of importance, taking into account the negative impact of such risks and the probability of their occurrence.

A. Risks relating to all Series of Notes

Credit risk

An investment in the Notes involves a credit risk on the Issuer and the Parent. The Noteholders rely on the ability of the Issuer (and failing which, the Parent) to pay any amount due under the Notes. The value of the Notes will depend on the creditworthiness of the Issuer and the Parent (as may be impacted by the risks related to the Issuer and the Parent as described above). If the creditworthiness of the Issuer or the Parent deteriorates, the potential impact on the Noteholder could be significant: a deterioration in the creditworthiness could give rise to negative repercussions on the Noteholders because (i) the Issuer (or failing which, the Parent) may not be able to fulfil all or part of its payment obligations under the Notes, (ii) the value of the Notes may decrease and (iii) investors may lose all or part of their investment.

The value of the Notes could be adversely affected by a change in English law or administrative practice

The Terms and Conditions of the Notes are based on, governed by, and construed in accordance with English law in effect as at the date of issue of the relevant Notes. No assurance can be given as to the impact of any possible judicial decision or change to English law or administrative practice (or interpretation thereof) after the date of issue of the relevant Notes. Any such decision or change could be unfavourable to creditors' rights, including those of the Noteholders. If any change in law were unfavourable to the Issuer, the Parent or the Noteholders, it could have an adverse or a significant adverse effect on the market value of the Notes (depending on the nature of the changes) and could have potentially serious negative repercussions on the Noteholders' investment in the Notes. The risk of changes in law is higher for Notes with longer maturities.

The Terms and Conditions of the Notes contain provisions which may permit their modification without the consent of all investors and confer significant discretions on the Trustee which may be exercised without the consent of the Noteholders and without regard to the individual interests of particular Noteholders

Condition 15 of the Terms and Conditions of the Notes contain provisions for calling meetings of Noteholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant meeting and Noteholders who voted in a manner contrary to the majority.

It is possible that a majority of Noteholders could adopt measures at the relevant meeting that would modify the Terms and Conditions in a way that could impair or limit the rights of the Noteholders.

Condition 5(b) of the Terms and Conditions of the Notes provides that the Trustee, upon request from the Issuer and without the consent of Noteholders, shall be required to use its reasonable endeavours to effect any necessary consequential amendments to the Trust Deed, the Agency Agreement and the Terms and Conditions of the Notes to give effect to the replacement of a reference rate in respect of the Notes and the Trustee shall not be liable to any party for any consequences thereof. Condition 15 of the Terms and Conditions of the Notes also provides that the Trustee may, without the consent of Noteholders and without regard to the interests of particular Noteholders, (i) agree to any modification of, or to the waiver or authorisation of any breach or proposed breach of, any of the Terms and Conditions of the Notes or any of the provisions of the Trust Deed, or (ii) determine that any condition, event or act which, but for such determination, would constitute an Event of Default (as defined in Condition 10 of the Terms and Conditions of the Notes), shall not be treated as such which in any such case, in the opinion of the Trustee, is not

materially prejudicial to the interests of the Noteholders. In addition, the Trustee may, without the consent of the Noteholders, agree with the Issuer and the Parent to the substitution in place of the Issuer as the principal debtor under the Notes or in place of the Parent of certain entities described in Condition 18, subject to, inter alia, the Trustee being satisfied that the interests of the Noteholders will not be materially prejudiced by the substitution and certain other conditions set out in the Trust Deed being complied with, all as more fully described in Condition 18 of the Terms and Conditions of the Notes, and in the Trust Deed.

It is possible that a Noteholder may not agree with a decision taken on its behalf by the Trustee.

Enforceability of judgments

As at the date of this Prospectus, the UK and Sweden are not bound by any agreement, treaty or other instrument on mutual recognition and enforcement of judgments applicable in relation to the Notes. The UK has applied to join the convention on jurisdiction and the recognition and enforcement of judgments in civil and commercial matters made in Lugano on 30 October 2007 (the Lugano Convention), but the other contracting states have, as at the date of this Prospectus, not approved the application. As a result, a final judgment in civil or commercial matters relating to the Notes obtained in the courts of England against the Issuer, will, in principle, neither be recognised nor enforceable in Sweden. However if a Noteholder brings a new action in a competent court in Sweden, the final judgment rendered in an English court may be submitted to the Swedish court, but will only be regarded as evidence of the outcome of the dispute to which it relates, and the Swedish court has full discretion to rehear the dispute ab initio. Any retrial on a judgment's merits could therefore significantly delay or prevent the enforcement by Noteholders of the Issuer's obligations under the Notes.

Investors who purchase Notes in denominations that are not an integral multiple of the Specified Denomination may be adversely affected if definitive Notes are subsequently required to be issued

In relation to any issue of Notes which have denominations consisting of a minimum Specified Denomination (such as €100,000) plus one or more higher integral multiples of another smaller amount (such as €1,000), it is possible that such Notes may be traded in amounts in excess of the minimum Specified Denomination that are not integral multiples of such minimum Specified Denomination. In such a case a holder who, as a result of trading such amounts, holds an amount which is less than the minimum Specified Denomination in their account with the relevant clearing system would not be able to sell the remainder of such holding without first purchasing a principal amount of the Notes at or in excess of the minimum Specified Denomination such that its holding amounts to a Specified Denomination. Further, a holder who, as a result of trading such amounts, holds an amount which is less than the minimum Specified Denomination in their account with the relevant clearing system at the relevant time may not receive a Definitive Note (as defined under "Forms of the Notes" below) in respect of such holding (should Definitive Notes be printed) and would need to purchase a principal amount of Notes at or in excess of the minimum Specified Denomination such that its holding amounts to a Specified Denomination.

If Definitive Notes are issued, holders should be aware that Definitive Notes which have a denomination that is not an integral multiple of the minimum Specified Denomination may be illiquid and difficult to trade.

B. Risks relating to the market generally

An active secondary market in respect of the Notes may never be established or may be illiquid and this would adversely affect the value at which an investor could sell their Notes

The Programme allows for Notes to be listed or admitted to trading on the Luxembourg Stock Exchange. Nevertheless, the Notes may have no established trading market when issued and there can be no assurance that an active trading markets for the Notes will develop. If a market does develop, it may not be very liquid. Therefore, investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. This is particularly the case for Notes that are especially sensitive to interest rate, currency or market risks, are designed for specific investment objectives or strategies or have been structured to meet the investment requirements of limited categories of investors. These types of Notes generally would have a more limited secondary market and more price volatility than conventional debt securities. This may have a negative impact on the liquidity of the Notes and result in low trading volumes. The degree of liquidity of the Notes may negatively impact the price at which an investor can dispose of the Notes where the investor is seeking to achieve a sale within

a short timeframe. In such circumstances, the impact of this risk on the Noteholder would be high because Notes would likely have to be resold at a discount to the nominal value of the Notes. Furthermore, if additional and competing products are introduced in the markets, this may adversely affect the market value of the Notes.

If an investor holds Notes which are not denominated in the investor's home currency, he will be exposed to movements in exchange rates adversely affecting the value of their holding. In addition, the imposition of exchange controls in relation to any Notes could result in an investor not receiving payments on those Notes

The Programme allows for Notes to be issued in a range of currencies (each a "**Specified Currency**"). The Issuer will pay principal and interest on the Notes and the Parent will make any payments under the Guarantee in the Specified Currency. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the "**Investor's Currency**") other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Specified Currency would decrease (1) the Investor's Currency-equivalent yield on the Notes, (2) the Investor's Currency-equivalent value of the principal payable on the Notes and (3) the Investor's Currency-equivalent market value of the Notes.

Furthermore, Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate or the ability of the Issuer or the Parent to make payments in respect of the Notes. If such risk were to materialise, the Noteholders whose financial activities are carried out or dependent principally in a currency or currency unit other than the relevant Specified Currency could be very negatively impacted as they might receive less interest or principal than expected, or no interest or principal.

C. Risks relating to the structure and the characteristics of a particular issue of Notes

Interest rate risks

The value of Fixed Rate Notes may be adversely affected by movements in market interest rates

Condition 5(a) allows for the issuance of Notes that pay a fixed rate of interest to Noteholders. Investment in Fixed Rate Notes involves the risk that subsequent changes in market interest rates may adversely affect the value of such Notes. While the nominal interest rate of a Fixed Rate Note is fixed during the life of such a Note or during a certain period of time, the current interest rate available on the capital market (market interest rate) typically changes on a daily basis. As the market interest rate changes, the price of such Note changes in the opposite direction. If the market interest rate increases, the price of such Note typically falls, until the yield of such Note is approximately equal to the market interest rate. If the market interest rate decreases, the price of a Fixed Rate Note typically increases, until the yield of such Note is approximately equal to the market interest rate. Noteholders should be aware that movements of the market interest rate can adversely affect the price of the Notes and could cause Noteholders to lose part of the capital invested if they decide to sell Notes during a period in which the market interest rate exceeds the fixed rate of the Notes. It is difficult to anticipate future market volatility in interest rates, but any such volatility may have a significant adverse effect on the price of the Notes and cause Noteholders who sell Notes on the secondary market to lose part of their initial investment.

The value of Floating Rate Notes may be adversely affected by movements in market interest rates

Condition 5(b) allows for the issuance of Notes that pay a floating rate of interest to Noteholders. Investment in Notes which bear interest at a floating rate comprise (i) a reference rate and (ii) a margin to be added or subtracted, as the case may be, from such reference rate. Typically, the relevant margin will not change throughout the life of the Notes but there will be a periodic adjustment (as specified in the relevant Final Terms) of the reference rate (e.g., every three months or six months) which itself will change in accordance with general market conditions. The market value of Floating Rate Notes may be volatile if changes, particularly short-term changes, to market interest rates evidenced by the relevant reference rate can only be reflected in the interest rate of these Notes upon the next periodic adjustment of the relevant

reference rate. It is difficult to anticipate future market volatility in interest rates, but any such volatility may negatively impact the yield of Floating Rate Notes and give rise to reinvestment risk.

If the Final Terms provide for several interest payment dates, investors are exposed to the reinvestment risk if market interest rates decline. That is, investors may reinvest the interest income paid to them only at the relevant lower interest rates then prevailing.

Risks related to Fixed to Floating Rate Notes

Condition 5(c) allows the Issuer to issue Notes with a fixed rate of interest that is later converted to a floating rate of interest and vice versa. Fixed to Floating Rate Notes may bear interest at a rate that the Issuer may elect to convert from a fixed rate to a floating rate. Such interest rate conversion may take place either automatically or at the option of the Issuer on the date specified in the relevant Final Terms. The Issuer's ability to convert the interest rate will affect the secondary market and the market value of the Notes since the Issuer may be expected to convert the rate when it is likely to produce a lower overall cost of borrowing. If the Issuer converts from a fixed rate to a floating rate, the spread on the Fixed to Floating Rate Notes may be less favourable than then prevailing spreads on comparable Floating Rate Notes tied to the same reference rate. In addition, the new floating rate at any time may be lower than the rates on other Notes. It is difficult to anticipate future market volatility in interest rates, but any such volatility may have a significant adverse effect on the value of the Notes.

Risks related to Zero Coupon Notes

The Terms and Conditions allow the Issuer to issue Zero Coupon Notes. Zero Coupon Notes are subject to higher price fluctuations than non-discounted bonds. Changes in market interest rates have a stronger impact on the prices of Zero Coupon Notes than on the prices of other Notes because the discounted issue prices are below par (if the yield is positive). If market interest rates increase, Zero Coupon Notes can suffer higher price losses than other Notes having the same maturity and credit rating. Due to their leverage effect, Zero Coupon Notes are a type of investment associated with a particularly high price risk. Therefore, in similar market conditions the holders of Zero Coupon Notes could be subject to higher losses on their investments than the holders of other instruments such as Fixed Rate Notes or Floating Rate Notes. It is difficult to anticipate future market volatility in interest rates, but any such volatility may have a significant adverse effect on the value of the Notes.

Risks related to Notes which are linked to "benchmarks"

The London Interbank Offered Rate ("**LIBOR**"), the Euro Interbank Offered Rate ("**EURIBOR**") and other interest rates or other types of rates and indices which are deemed to be "benchmarks" are the subject of ongoing national and international regulatory discussions and proposals for reform. Some of these reforms are already effective while others are still to be implemented.

The Benchmarks Regulation on indices used as benchmarks in financial instruments and financial contracts or to measure the performance of investment funds became applicable from 1 January 2018. The Benchmarks Regulation applies to the provision of benchmarks, the contribution of input data to a benchmark and the use of a benchmark, within the EU. Regulation (EU) 2016/1011 as it forms part of UK domestic law by virtue of the EUWA (the "**UK Benchmarks Regulation**") among other things, applies to the provision of benchmarks and the use of a benchmark in the UK. The Benchmarks Regulation and/or UK Benchmarks Regulation, as applicable, could have a material impact on any Notes linked to LIBOR, EURIBOR or another benchmark rate or index, in particular, (i) if the benchmark rate or index can no longer be used as such, because its administrator does not obtain authorisation or registration and the relevant Notes have to be delisted, adjusted, redeemed prior to maturity or otherwise impacted, (ii) if the methodology or other terms of the benchmark are changed in order to comply with the terms of the Benchmarks Regulation and/or UK Benchmarks Regulation, as applicable, and such changes could (amongst other things) have the effect of reducing or increasing the rate or level, or affecting the volatility of the published rate or level, of the benchmark and could lead to adjustments to the Terms and Conditions of the relevant Notes. More broadly, any of the international, national or other proposals for reform, or the general increased regulatory scrutiny of benchmarks, could increase the costs and risks of administering or otherwise participating in the setting of a benchmark and complying with any such regulations or requirements. Such factors may have the effect of discouraging market participants from continuing to administer or contribute to certain benchmarks, trigger changes in the rules or methodologies used in certain "benchmarks" or lead to the discontinuance or unavailability of quotes of certain benchmarks.

As an example of such benchmark reforms, the UK Financial Conduct Authority (the "FCA") announced on 27 July 2017 that it would no longer persuade or compel banks to submit rates for the calculation of the LIBOR benchmark after 2021 and confirmed on 5 March 2021 that most LIBOR benchmark tenors would cease or cease to be representative benchmarks from 31 December 2021 or (in the case of certain tenors of USD LIBOR only) from 30 June 2023. On 5 March 2021, the administrator for LIBOR (the "IBA") similarly announced that it would cease the publication of the relevant LIBOR settings on 31 December 2021 or 30 June 2023, unless the FCA exercises its proposed new powers (which are included in the current UK Financial Services Bill as proposed amendments to the UK Benchmarks Regulation) to require the IBA to continue publishing such LIBOR settings using a changed methodology (also known as a "synthetic" basis). Such announcements indicate that LIBOR will not continue in its current form and the FCA announcement of 5 March 2021 indicated that it is currently contemplating that any "synthetic" basis, if adopted, would be limited to a small number of currencies and settings. In addition, on 29 November 2017, the Bank of England and the FCA announced that, from January 2018, its working group on Sterling risk-free rates had been mandated with implementing a broad-based transition to the Sterling Overnight Index Average ("SONIA") over the next four years across sterling bond, loan and derivative markets so that SONIA is established as the primary sterling interest rate benchmark by the end of 2021.

On 21 September 2017, the European Central Bank announced that it would be part of a new working group tasked with the identification and adoption of a "risk free overnight rate" which can serve as a basis for an alternative to current benchmarks used in a variety of financial instruments and contracts in the euro area. On 13 September 2018, the working group on Euro risk-free rates recommended Euro Short-term Rate ("€STR") as the new risk-free rate. The €STR was published for the first time on 2 October 2019. Although EURIBOR has been reformed in order to comply with the terms of the Benchmarks Regulation and/or UK Benchmarks Regulation, as applicable, it remains uncertain as to how long it will continue in its current form, or whether it will be further reformed or replaced with €STR as an alternative benchmark.

The elimination of LIBOR or any other benchmark, or changes in the manner of administration of any benchmark, could require or result in an adjustment to the interest calculation provisions of the Conditions (as described further in Condition 5(b)) or result in adverse consequences to holders of any Notes linked to referencing such benchmark (including Floating Rate Notes whose interest rates are linked to LIBOR, EURIBOR or any other such benchmark that is subject to reform). Furthermore, even prior to the implementation of any changes uncertainty as to the nature of alternative references rates and as to potential changes to such benchmark may adversely affect such benchmark during the terms of the relevant Notes, the return on the relevant Notes and the trading market for securities (including the Notes) based on the same benchmark.

Investors should be aware that, if an Original Reference Rate (as defined under "*Terms and Conditions of the Notes*") were discontinued or otherwise unavailable, the rate of interest on Floating Rate Notes which reference the Original Reference Rate will be determined for the relevant period by the fallback provisions applicable to such Notes.

The Terms and Conditions of the Notes provide for certain arrangements in the event that a Benchmark Event (as described in the Terms and Conditions) occurs.

If the circumstances described in the preceding paragraph occur and, in the case of Floating Rate Notes, Screen Rate Determination and Reference Rate Replacement are each specified in the applicable Final Terms as being applicable (any such Notes, "**Relevant Notes**"), such arrangements will include the possibility that:

- (a) the relevant rate of interest could be set or, as the case may be, determined by reference to a successor rate or an alternative rate (as applicable) determined by an Independent Adviser (as defined under "*Terms and Conditions of the Notes*"); and
- (b) such successor rate or alternative rate (as applicable) may be adjusted (if required) by the relevant Independent Adviser in order to reduce or eliminate, to the extent reasonably practicable in the circumstances, any economic prejudice or benefit (as applicable) to investors arising out of the replacement of the relevant benchmark,

in any such case, acting in good faith and in a commercially reasonable manner as described more fully in the Terms and Conditions of the Notes.

In addition, the relevant Independent Adviser may also determine (acting in good faith and in a commercially reasonable manner) that other amendments to the Terms and Conditions of the Notes are necessary in order to follow market practice in relation to the relevant successor rate or alternative rate (as applicable) and to ensure the proper operation of the relevant successor rate or alternative rate (as applicable).

No consent of the Noteholders shall be required in connection with effecting any relevant successor rate or alternative rate (as applicable) or any other related adjustments and/or amendments described above.

If (i) the Issuer is not able to appoint an Independent Adviser, (ii) the Independent Adviser appointed by the Issuer fails to make the necessary determination or (iii) the Notes are not Relevant Notes, the ultimate fallback of interest for a particular Interest Period (as defined under "*Terms and Conditions of the Notes*") may result in the rate of interest for the last preceding Interest Period being used. This may result in the effective application of a fixed rate for Floating Rate Notes based on the rate which was last observed on the relevant screen page. In addition, due to the uncertainty concerning the availability of successor rates and alternative rates and the involvement of an Independent Adviser, the relevant fallback provisions may not operate as intended at the relevant time.

Any such consequences could have a material adverse effect on the value and return on any such Notes. Moreover, any of the above matters or any other significant change to the setting or existence of any relevant rate could affect the ability of the Issuer to meet their obligations under the Floating Rate Notes or could have a material adverse effect on the value or liquidity of, and the amount payable under, the Floating Rate Notes. Investors should note that, in the case of Relevant Notes, the relevant Independent Adviser will have discretion to adjust the relevant successor rate or alternative rate (as applicable) in the circumstances described above. Any such adjustment could have unexpected commercial consequences and there can be no assurance that such an adjustment will be made or, due to the particular circumstances of each Noteholder, any such adjustment will be favourable to each Noteholder.

Investors should consult their own independent advisers and make their own assessment about the potential risks imposed by the Benchmarks Regulation and/or UK Benchmarks Regulation, as applicable reforms, investigations and licensing issues in making any investment decision with respect to any Notes referencing a "benchmark".

Early redemption risks

The Notes may be redeemed for tax reasons prior to maturity

In the event that, pursuant to Condition 8 (*Taxation*), the Issuer would be obliged to pay additional amounts in respect of any Notes due to any withholding or deduction for or on account of, any present or future taxes, duties of whatever nature imposed or levied, by or on behalf of Sweden or any political subdivision or any authority thereof or therein having power to tax, the Issuer may, and in certain circumstances shall be obliged to, redeem all outstanding Notes in accordance with Condition 7(b) (*Redemption for Tax Reasons*). Such early redemption may adversely affect the holders of the Notes as an investor may be exposed to risks connected to the reinvestment of cash proceeds from the early redemption of their Notes. As a consequence, Noteholders may lose all or part of their investment in the Notes.

Any early redemption at the option of the Issuer, if provided for in any Final Terms relating to a particular issue of Notes, could cause the yield anticipated by Noteholder to be considerably less than anticipated

The Final Terms for a particular issue of Notes may provide for early redemption at the option of the Issuer pursuant to Condition 7(c) (*Redemption at the Option of the Issuer (Issuer Call)*). Such right of early redemption is often provided for bonds or notes in periods of high interest rates. If the market interest rates decrease, the risk to Noteholders that the Issuer will exercise its right to redeem early increases. As a consequence, the yields received upon redemption may be lower than expected, and the redeemed face amount of the Notes may be lower than the purchase price for the Notes paid by the Noteholder. As a consequence, part of the capital invested by the Noteholder may be lost, so that the Noteholder in such case would not receive the total amount of the capital invested. In addition, investors that choose to reinvest monies they receive through early redemption may be able to do so only in securities with a lower yield than the redeemed Notes.

The Issuer also has the option, if so provided in the applicable Final Terms, to redeem the Notes, in whole or in part, or in whole but not in part, as the case may be, under Condition 7(d) (*Make-whole Redemption by the Issuer*), Condition 7(e) (*Clean-up Call Option*) and Condition 7(f) (*Residual Maturity Call at the Option of the Issuer*). Such right of early redemption, if provided in the applicable Final Terms relating to a particular issue of Notes, could cause the expected yield in respect of the Notes to be considerably less than anticipated. See "Partial redemption of Notes at the option of the Issuer or at the option of the Noteholders may make the market illiquid" for risks relating to partial redemption.

In particular, with respect to the Clean-up Call Option in Condition 7(e), there is no obligation under the Terms and Conditions of the Notes for the Issuer to inform investors if and when the limit needed to exercise the Clean-up Call Option has been reached or is about to be reached, and the Issuer's right to redeem will exist notwithstanding that immediately prior to the serving of a notice in respect of the exercise of the Clean-up Call Option, the Notes may have been trading significantly above par, this potentially resulting in a loss of capital invested.

Partial redemption of Notes at the option of the Issuer or at the option of the Noteholders may make the market illiquid.

Depending on the number of Notes of the same Series in respect of which a partial redemption of the Notes at the option of the Issuer is made, any trading market in respect of those Notes in respect of which such option is not exercised may become illiquid which, depending on the extent of the illiquidity, may have a direct and significant impact on any remaining Noteholders seeking to dispose of their Notes.

Risks related to Green Bonds

In respect of any Notes issued with a specific use of net proceeds, such as a "Green Bond", such use of net proceeds may not be suitable for the investment criteria of an investor

As described in the section "Use of Proceeds" of this Prospectus, the Final Terms relating to any specific Tranche of Notes may provide that it will be the Issuer's intention to apply an amount equal to the net proceeds of the issue of those Notes to a green asset portfolio which will be used to finance or refinance, in whole or in part, the Volvo Group's investments in eligible assets as further described in the Green Finance Framework (as defined above). The use of such proceeds may not satisfy, whether in whole or in part, any present or future investor expectations or requirements as regards any investment criteria or guidelines with which such investor or its investments are required to comply, whether by any present or future applicable law or regulations or by its own by-laws or other governing rules or investment portfolio mandates (in particular with regard to any direct or indirect environmental, sustainability or social impact of any projects or uses, the subject of or related to, the eligible assets as further described in the Green Finance Framework).

Furthermore, it should be noted that there is currently no clear definition (legal, regulatory or otherwise) of, nor market consensus as to what constitutes, a "green" or equivalently-labelled project or as to what precise attributes are required for a particular project to be defined as "green" or such other equivalent label nor can any assurance be given that such a clear definition or consensus will develop over time. A basis for the determination of such a definition has been established in the EU with the publication in the Official Journal of the EU on 22 June 2020 of Regulation (EU) 2020/852 of the European Parliament and of the Council of 18 June 2020 (the "**Sustainable Finance Taxonomy Regulation**") on the establishment of a framework to facilitate sustainable investment (the "**EU Sustainable Finance Taxonomy**"). The EU Sustainable Finance Taxonomy is subject to further development by way of the implementation by the European Commission through delegated regulations of technical screening criteria for the environmental objectives set out in the Sustainable Finance Taxonomy Regulation. While the Issuer's Green Finance Framework is expected to be developed in alignment with the relevant objectives for the EU Sustainable Finance Taxonomy, until the technical screening criteria for such objectives have been developed it is not known whether the Issuer's Green Finance Framework will satisfy those criteria. Accordingly, alignment with the EU Sustainable Finance Taxonomy, once the technical screening criteria are established, is not certain.

In addition, the requirements of any such definition may evolve from time to time, and, as such, the use of the proceeds of Green Bonds may not meet any or all Noteholders expectations regarding such "green" or other equivalently-labelled performance objectives.

Any opinion or certification by a third party (whether or not solicited by the Issuer) which may be made available in connection with the issue of any Green Bonds and in particular with any project to fulfil any environmental, and/or other criteria may not be suitable for Noteholders' purposes. For the avoidance of doubt, any such opinion or certification is not, nor shall be deemed to be, incorporated in and/or form part of this Prospectus. Any such opinion or certification is not, nor should be deemed to be, a recommendation by the Issuer, the Parent, the Dealers or any other person to buy, sell or hold any such Green Bonds. Any such opinion or certification is only current as of the date that opinion was issued. Currently, the providers of such opinions and certifications are not subject to any specific regulatory or other regime or oversight.

In the event that any such Green Bonds are listed or admitted to trading on any dedicated "green", "environmental", "sustainable" or other equivalently-labelled segment of any stock exchange or securities market (whether or not regulated), such listing or admission may not satisfy, whether in whole or in part, any present or future investor expectations or requirements as regards any investment criteria or guidelines with which such investor or its investments are required to comply, whether by any present or future applicable law or regulations or by its own by-laws or other governing rules or investment portfolio mandates, in particular with regard to any direct or indirect environmental, sustainability or social impact of any projects or uses, the subject of or related to, any eligible projects. Furthermore, it should be noted that the criteria for any such listings or admission to trading may vary from one stock exchange or securities market to another. Such listing or admission to trading obtained in respect of any such Green Bonds may not be maintained during the life of the Green Bonds.

Whilst it is the intention of the Issuer to apply an amount equal to the net proceeds of the Green Bonds in, or substantially in, the manner described in the Green Finance Framework, the related projects may not be capable of being implemented in or substantially in such manner and/or in accordance with any timing schedule and accordingly such proceeds may not be totally or partially disbursed for such projects. Such projects may not be completed within any specified period or at all or with the results or outcome (whether or not related to the environment) as originally expected or anticipated by the Issuer. None of the Dealers will verify or monitor the application of the amount equal to the net proceeds of any such Green Bonds issued under the Programme.

Any such event or failure by the Issuer to apply an amount equal to the net proceeds of any issue of Green Bonds will not (i) give rise to any claim of a Noteholder against the Issuer or the Parent; (ii) constitute an Event of Default under the Notes or a default of the Issuer or the Parent for any purpose; or (iii) lead to an obligation of the Issuer to redeem such Green Bonds or be a relevant factor for the Issuer or the Parent in determining whether or not to exercise any optional redemption rights in respect of any Green Bonds.

Any such event or failure and/or withdrawal of any opinion or certification as described above or any such opinion or certification attesting that the Issuer is not complying in whole or in part with any matters for which such opinion or certification is opining or certifying on and/or any such Green Bonds no longer being listed or admitted to trading on any stock exchange or securities market as aforesaid may have a material adverse effect on the value and marketability of the Green Bonds and/or result in adverse consequences for Noteholders with portfolio mandates to invest in securities to be used for a particular purpose. For the avoidance of doubt, it is however specified that payments of principal and interest (as the case may be) on the Green Bonds shall not depend on the performance of the relevant project.

Persons into whose possession this Prospectus or any Notes come

must inform themselves about, and observe, any such restrictions. In particular, there are restrictions on the distribution of this Prospectus and the offer or sale of Notes in the United States, the EEA, the UK, Switzerland, Japan and France (see "*Subscription and Sale*" below).

This Prospectus has been prepared on a basis that would permit an offer of Notes with a denomination of less than €100,000 (or its equivalent in any other currency) only in circumstances where there is an exemption from the obligation under the EU Prospectus Regulation to publish a prospectus. As a result, any offer of Notes in any Member State of the EEA must be made pursuant to an exemption under the EU Prospectus Regulation from the requirement to publish a prospectus for offers of Notes. Accordingly any person making or intending to make an offer of Notes in any Member State may only do so in circumstances in which no obligation arises for the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the EU Prospectus Regulation or supplement a prospectus pursuant to Article 23 of the EU Prospectus Regulation, in each case, in relation to such offer. None of the Issuer, the Parent and any Dealer has authorised, nor does any of them authorise, the making of any offer of Notes in circumstances in which an obligation arises for the Issuer or any Dealer to publish or supplement a prospectus for such offer.

PROHIBITION OF SALES TO EEA RETAIL INVESTORS

If the Final Terms in respect of any Notes includes a legend entitled "Prohibition of Sales to EEA Retail Investors", the Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the EEA. For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of EU MiFID II; or (ii) a customer within the meaning of Directive (EU) 2016/97 (the "Insurance Distribution Directive") where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of EU MiFID II; or (iii) not a qualified investor as defined in the EU Prospectus Regulation. Consequently no key information document required by Regulation (EU) No 1286/2014 (the "EU PRIIPs Regulation") for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the EU PRIIPs Regulation.

PROHIBITION OF SALES TO UK RETAIL INVESTORS

If the Final Terms in respect of any Notes includes a legend entitled "Prohibition of Sales to UK Retail Investors", the Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the UK. For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client, as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of UK domestic law by virtue of the European Union (Withdrawal) Act 2018 ("EUWA"); or (ii) a customer within the meaning of the provisions of the Financial Services and Markets Act 2000 (the "FSMA") and any rules or regulations made under the FSMA to implement Directive (EU) 2016/97, where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of UK domestic law by virtue of the EUWA; or (iii) not a qualified investor as defined in Article 2 of Regulation (EU) 2017/1129 as it forms part of UK domestic law by virtue of the EUWA. Consequently no key information document required by Regulation (EU) No 1286/2014 as it forms part of UK domestic law by virtue of the EUWA (the "UK PRIIPs Regulation") for offering or selling the Notes or otherwise making them available to retail investors in the UK has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPs Regulation.

EU MiFID II PRODUCT GOVERNANCE / TARGET MARKET

The Final Terms in respect of any Notes may include a legend entitled "EU MiFID II Product Governance" which will outline the target market assessment in respect of the Notes and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a "distributor") should take into consideration the target market assessment; however, a distributor subject to EU MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the EU MiFID Product Governance rules under EU Delegated Directive 2017/593 (the "EU MiFID Product Governance Rules"), any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the EU MiFID Product Governance Rules. For the avoidance of doubt, neither the Issuer nor the Parent is a manufacturer for the purposes of the EU MiFID Product Governance Rules.

UK MIFIR PRODUCT GOVERNANCE / TARGET MARKET

The Final Terms in respect of any Notes may include a legend entitled "UK MiFIR Product Governance" which will outline the target market assessment in respect of the Notes and which channels for distribution of the Notes are appropriate. A distributor (as defined above) should take into consideration the target market assessment; however, a distributor subject to the FCA Handbook Product Intervention and Product Governance Sourcebook (the "UK MiFIR Product Governance Rules") is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the UK MiFIR Product Governance Rules, any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the UK MiFIR Product Governance Rules. For the avoidance of doubt, neither the Issuer nor the Parent is a manufacturer for the purposes of the UK MiFIR Product Governance Rules.

CANADA

The Notes may be sold only to purchasers purchasing, or deemed to be purchasing, as principal that are accredited investors, as defined in National Instrument 45-106 Prospectus Exemptions or subsection 73.3(1) of the Securities Act (Ontario), and are permitted clients, as defined in National Instrument 31-103 Registration Requirements, Exemptions and Ongoing Registrant Obligations. Any resale of the Notes must be made in accordance with an exemption from, or in a transaction not subject to, the prospectus requirements of applicable securities laws.

Securities legislation in certain provinces or territories of Canada may provide a purchaser with remedies for rescission or damages if this Prospectus (including any amendment thereto) contains a misrepresentation, provided that the remedies for rescission or damages are exercised by the purchaser within the time limit prescribed by the securities legislation of the purchaser's province or territory. The purchaser should refer to any applicable provisions of the securities legislation of the purchaser's province or territory for particulars of these rights or consult with a legal advisor.

If applicable, pursuant to section 3A.3 (or, in the case of securities issued or guaranteed by the government of a non-Canadian jurisdiction, section 3A.4) of National Instrument 33-105 Underwriting Conflicts (NI 33-105), the Dealers are not required to comply with the disclosure requirements of NI 33-105 regarding underwriter conflicts of interest in connection with this offering.

BENCHMARKS REGULATION

Interest and/or other amounts payable under Floating Rate Notes (as described in "General Description of the Programme") may be calculated by reference to certain reference rates. Any such reference rate may constitute a benchmark for the purposes of Regulation (EU) 2016/1011 (the "Benchmarks Regulation"). If any such reference rate does constitute such a benchmark, the applicable Final Terms will indicate whether or not the benchmark is provided by an administrator included in the register of administrators and benchmarks established and maintained by European Securities and Markets Authority pursuant to Article 36 (*Register of administrators and benchmarks*) of the Benchmarks Regulation (the "Benchmarks Register"). As at the date of this Prospectus, the European Money Market Institute as administrator of EURIBOR is included in the Benchmarks Register. Transitional provisions in the Benchmarks Regulation may have the result that the administrator of a particular benchmark is not required to appear in the register of administrators and benchmarks at the date of the applicable Final Terms. The registration status of any

administrator under the Benchmarks Regulation is a matter of public record and, save where required by applicable law, the Issuer does not intend to update the applicable Final Terms to reflect any change in the registration status of the administrator.

PRESENTATION OF INFORMATION

All references in this document to "SEK" refer to Swedish krona, those to "Yen", "JPY" and "¥" refer to Japanese Yen, those to "USD", "U.S. dollars" and "U.S.\$" refer to United States dollars, those to "GBP", "£" and "Sterling" refer to pounds sterling and those to "euro", "EUR" and "€" refer to the currency introduced at the start of the third stage of European economic and monetary union pursuant to the Treaty on the Functioning of the European Union, as amended.

STABILISATION

In connection with the issue of any Tranche of Notes, the Dealer or Dealers (if any) named as the Stabilisation Manager(s) (or persons acting on behalf of any Stabilisation Manager(s)) in the applicable Final Terms may over-allot Notes or effect transactions with a view to supporting the market price of the Notes at a level higher than that which might otherwise prevail. However, stabilisation may not necessarily occur. Any stabilisation action may begin on or after the date on which adequate public disclosure of the terms of the offer of the relevant Tranche of Notes is made and, if begun, may cease at any time, but it must end no later than the earlier of 30 days after the issue date of the relevant Tranche of Notes and 60 days after the date of the allotment of the relevant Tranche of Notes. Any stabilisation action or over-allotment must be conducted by the relevant Stabilisation Manager(s) (or persons acting on behalf of any Stabilisation Manager(s)) in accordance with all applicable laws and regulations.

CREDIT RATINGS MAY NOT REFLECT ALL RISKS ASSOCIATED WITH THE NOTES

One or more independent credit rating agencies may assign credit ratings to the Issuer, the Parent or the Notes. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Notes. A credit rating is not a recommendation to buy, sell or hold securities and may be revised, suspended or withdrawn by the rating agency at any time.

In general, European regulated investors are restricted under the EU CRA Regulation from using credit ratings for regulatory purposes, unless such ratings are issued by a credit rating agency established in the EU and registered under the EU CRA Regulation (and such registration has not been withdrawn or suspended), subject to transitional provisions that apply in certain circumstances whilst the registration application is pending. Such general restriction will also apply in the case of credit ratings issued by non-EU credit rating agencies, unless the relevant credit ratings are endorsed by an EU-registered credit rating agency or the relevant non-EU rating agency is certified in accordance with the EU CRA Regulation (and such endorsement action or certification, as the case may be, has not been withdrawn or suspended, subject to transitional provisions that apply in certain circumstances). The list of registered and certified rating agencies published by ESMA on its website in accordance with the EU CRA Regulation is not conclusive evidence of the status of the relevant rating agency included in such list, as there may be delays between certain supervisory measures being taken against a relevant rating agency and the publication of the updated ESMA list. Certain information with respect to the credit rating agencies and ratings will be disclosed in the Final Terms.

In general, UK regulated investors are restricted from using a rating for regulatory purposes if such rating is not issued by a credit rating agency established in the UK and registered under the UK CRA Regulation or (1) the rating is provided by a credit rating agency not established in the UK but is endorsed by a credit rating agency established in the UK and registered under the UK CRA Regulation or (2) the rating is provided by a credit rating agency not established in the UK which is certified under the UK CRA Regulation.

THE NOTES MAY NOT BE SUITABLE FOR ALL INVESTORS

Each potential investor in the Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should consider, either on its own or with the help of its financial and other professional advisers, whether it:

- (i) has sufficient knowledge and experience to make a meaningful evaluation of the relevant Notes, the merits and risks of investing in the relevant Notes and the information contained or incorporated by reference in this Prospectus or any applicable supplement;
- (ii) has access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the relevant Notes and the impact such investment will have on its overall investment portfolio;
- (iii) has sufficient financial resources and liquidity to bear all of the risks of an investment in the relevant Notes, including where the currency for principal or interest payments is different from the currency in which such investor's financial activities are principally denominated;
- (iv) understands thoroughly the terms of the relevant Notes and be familiar with the behaviour of any relevant financial markets; and
- (v) is able to evaluate possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

LEGAL INVESTMENT CONSIDERATIONS MAY RESTRICT CERTAIN INVESTMENTS

The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (1) Notes are legal investments for it, (2) Notes can be used as collateral for various types of borrowing and (3) other restrictions apply to its purchase or pledge of any Notes. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of Notes under any applicable risk-based capital or similar rules.

GREEN BONDS

None of the Dealers accepts any responsibility for any environmental or sustainability assessment of any Notes issued as Green Bonds or makes any representation or warranty or assurance whether such Notes will meet any investor expectations or requirements regarding such "green" or similar labels. None of the Dealers is responsible for the use of proceeds for any Notes issued as Green Bonds, nor the impact or monitoring of such use of proceeds. No representation or assurance is given by the Issuer or any of the Dealers as to the suitability or reliability of any opinion or certification of any third party made available in connection with an issue of Notes issued as Green Bonds, nor is any such opinion or certification a recommendation by the Issuer or any Dealer to buy, sell or hold any such Notes. In the event any such Notes are, or are intended to be, listed, or admitted to trading on a dedicated "green" or other equivalently-labelled segment of a stock exchange or securities market, no representation or assurance is given by the Issuer or any of the Dealers that such listing or admission will be obtained or maintained for the lifetime of the Notes.

SUPPLEMENT TO THE PROSPECTUS

Following the publication of this Prospectus a supplement may be prepared by the Issuer and the Parent and approved by the CSSF in accordance with Article 23 of the EU Prospectus Regulation.

The Issuer and the Parent will, in the event of any significant new factor, material mistake or material inaccuracy relating to information included in this Prospectus which may affect the assessment of any Notes, prepare a supplement to this Prospectus (or publish a new Prospectus) for use in connection with any subsequent issue of Notes. Statements contained in any such supplement (or contained in any document incorporated by reference therein) shall, to the extent applicable, be deemed to modify or supersede statements contained in this Prospectus or in a document which is incorporated by reference in this Prospectus. Any statement so modified or superseded shall not, except as so modified or superseded, constitute a part of this Prospectus.

The obligation to supplement the Prospectus in the event of any significant new factor, material mistake or material inaccuracy does not apply after the end of the Prospectus' 12-month validity period.

FORM OF THE NOTES

Each Tranche of Notes will be in bearer form and will initially be represented by a temporary global Note, without interest coupons or talons, which will (i) if the global Notes are intended to be issued in NGN form, as specified in the applicable Final Terms, be delivered on or prior to the original issue date of the Tranche to a Common Safekeeper for Euroclear and Clearstream; and (ii) if the global Notes are not intended to be issued in NGN form, be delivered on or prior to the original issue date of the Tranche to a Common Depositary for Euroclear and Clearstream.

Where the global Notes issued in respect of any Tranche are in NGN form, the applicable Final Terms will also indicate whether or not such global Notes are intended to be held in a manner which would allow Eurosystem eligibility. Any indication that the global Notes are to be so held does not necessarily mean that the Notes of the relevant Tranche will be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem either upon issue or at any times during their life as such recognition depends upon satisfaction of the Eurosystem eligibility criteria. The Common Safekeeper for NGNs will either be Euroclear or Clearstream or another entity approved by Euroclear and Clearstream, as indicated in the applicable Final Terms.

Whilst any Note is represented by a temporary global Note, payments of principal, interest (if any) and any other amount payable in respect of the Notes due prior to the Exchange Date (as defined below) will be made (against presentation of the temporary global Note if the temporary global Note is not intended to be issued in NGN form) only to the extent that appropriate certification (in a form to be provided) has been received by Euroclear and/or Clearstream and Euroclear and/or Clearstream, as applicable, has given a like certification (based on the certifications it has received) to the Agent. Such certification shall be to the effect that the beneficial owners of interests in such Note are not United States persons or persons who have purchased for resale to any United States person, as required by U.S. Treasury regulations.

Any reference in this section "Form of the Notes" to Euroclear and/or Clearstream shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system approved by the Issuer, the Agent and the Trustee.

On and after the date (the "**Exchange Date**") which is the later of (i) 40 days after a temporary global Note is issued and (ii) 40 days after the completion of the distribution of the relevant Tranche (the "**Distribution Compliance Period**"), interests in such temporary global Note will be exchangeable (free of charge) upon a request as described therein either for (i) interests in a permanent global Note of the same Series without interest coupons or talons or for (ii) definitive Notes of the same Series with, where applicable, interest coupons and talons attached (as indicated in the applicable Final Terms and subject, in the case of definitive Notes, to such notice period as is specified in the applicable Final Terms), in each case against certification of beneficial ownership as described in the first paragraph above unless such certification has already been given. The holder of a temporary global Note will not be entitled to collect any payment of interest, principal or other amount due on or after the Exchange Date unless upon due certification, exchange of the temporary global Note for interests in the permanent global Note or for definitive Notes, as the case may be, is improperly withheld or refused. Pursuant to the Agency Agreement (as defined under "Terms and Conditions of the Notes" below) the Agent shall arrange that, where a further Tranche of Notes is issued, which is intended to form a single Series with an existing Tranche of Notes, the Notes of such Tranche shall be assigned a common code and ISIN by Euroclear and Clearstream which are different from the common code and ISIN assigned to Notes of any other Tranche of the same Series until at least the expiry of the Distribution Compliance Period applicable to the Notes of such Tranche.

Payments of principal, interest (if any) or any other amounts on a permanent global Note will be made through Euroclear and/or Clearstream (against presentation or surrender (as the case may be) of the permanent global Note if the permanent global Note is not intended to be issued in NGN form) without any requirement for certification. Unless otherwise specified in the applicable Final Terms, a permanent global Note will only be exchangeable (free of charge), in whole but not in part, for definitive Notes with, where applicable, interest coupons and talons attached only upon the occurrence of an Exchange Event. For these purposes, "**Exchange Event**" means that (i) an Event of Default (as defined in Condition 10) has occurred and is continuing, (ii) the Issuer has been notified that both Euroclear and Clearstream have been closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or have announced an intention permanently to cease business or have in fact done so and no successor clearing system satisfactory to the Trustee is available or, except as otherwise specified in the applicable Final Terms, (iii) the Issuer has or will become subject to adverse tax consequences which would not be suffered

were the Notes represented by the permanent global Note in definitive form and a certificate to such effect signed by two Directors of the Issuer is given to the Trustee. The Issuer will promptly give notice to Noteholders in accordance with Condition 14 if an Exchange Event occurs. In the event of the occurrence of an Exchange Event, Euroclear and/or Clearstream (acting on the instructions of any holder of an interest in such permanent global Note) or the Trustee may give notice to the Agent requesting exchange and, in the event of the occurrence of an Exchange Event as described in (iii) above, the Issuer may also give notice to the Agent requesting exchange. Any such exchange shall occur not later than 45 days after the date of receipt of the first relevant notice by the Agent.

In relation to any issue of Notes which is to be represented on issue by a Temporary Global Note exchangeable for definitive Notes, such Notes should not be issued in denominations comprising a minimum Specified Denomination plus one or more higher integral multiples of another smaller amount.

Global Notes and definitive Notes will be issued pursuant to the Agency Agreement.

The following legend will appear on all Notes unless the applicable Final Terms indicate that TEFRA is not applicable and on all interest coupons and talons relating to such Notes:

"Any United States person who holds this obligation will be subject to limitations under the United States income tax laws, including the limitations provided in sections 165(j) and 1287(a) of the Internal Revenue Code."

The sections referred to provide that United States holders, with certain exceptions, will not be entitled to deduct any loss on Notes or interest coupons and will not be entitled to capital gains treatment in respect of any gain on any sale, disposition, redemption or payment of principal in respect of Notes or interest coupons.

Notes which are represented by a Global Note will only be transferable in accordance with the rules and procedures for the time being of Euroclear or Clearstream and/or any other agreed clearing system as the case may be.

In respect of Notes represented by a global Note issued in NGN form, the nominal amount of such Notes shall be the aggregate amount from time to time entered in the records of both Euroclear and Clearstream. The records of Euroclear and Clearstream shall be conclusive evidence of the nominal amount of such Notes and a statement issued by Euroclear and/or Clearstream shall be conclusive evidence of the records of such parties at that time.

The Issuer has entered into an agreement with Euroclear and Clearstream (together, the "ICSDs") in respect of any Notes issued in NGN form that the Issuer may request be made eligible for settlement with the ICSDs (the "**Issuer-ICSDs Agreement**"). The Issuer-ICSDs Agreement provides that the ICSDs will, in respect of any such Notes, *inter alia*, maintain records of their respective portion of the issue outstanding amount and will, upon the Issuer's request, produce a statement for the Issuer's use showing the total nominal amount of its customer holding of such Notes as of a specified date.

FORM OF FINAL TERMS

Set out below is the form of Final Terms which will be completed for each Tranche of Notes issued under the Programme.

[PROHIBITION OF SALES TO EEA RETAIL INVESTORS] -The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area ("EEA"). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU ("EU MiFID II"); or (ii) a customer within the meaning of Directive (EU) 2016/97, where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of EU MiFID II; or (iii) not a qualified investor as defined in the EU Prospectus Regulation (as defined below). Consequently no key information document required by Regulation (EU) No 1286/2014 (the "EU PRIIPs Regulation") for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the EU PRIIPs Regulation.]

[PROHIBITION OF SALES TO UK RETAIL INVESTORS] – The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the United Kingdom ("UK"). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client, as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of UK domestic law by virtue of the European Union (Withdrawal) Act 2018 ("EUWA"); (ii) a customer within the meaning of the provisions of the FSMA and any rules or regulations made under the FSMA to implement Directive (EU) 2016/97, where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of UK domestic law by virtue of the EUWA; or (iii) not a qualified investor as defined in Article 2 of Regulation (EU) 2017/1129 as it forms part of UK domestic law by virtue of the EUWA. Consequently no key information document required by Regulation (EU) No 1286/2014 as it forms part of UK domestic law by virtue of the EUWA (the "UK PRIIPs Regulation") for offering or selling the Notes or otherwise making them available to retail investors in the UK has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPs Regulation.]

[EU MiFID II PRODUCT GOVERNANCE / PROFESSIONAL INVESTORS AND ELIGIBLE COUNTERPARTIES ONLY TARGET MARKET] – Solely for the purposes of [the/each] manufacturer's product approval process, the target market assessment in respect of the Notes has led to the conclusion that: (i) the target market for the Notes is eligible counterparties and professional clients only, each as defined in EU MiFID II; and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. Any person subsequently offering, selling or recommending the Notes (a "distributor") should take into consideration the manufacturer['s/s'] target market assessment; however, a distributor subject to EU MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturer['s/s'] target market assessment) and determining appropriate distribution channels. For the avoidance of doubt, neither the Issuer nor the Parent is a manufacturer for the purposes of the EU MiFID Product Governance Rules.]

[UK MiFIR PRODUCT GOVERNANCE / PROFESSIONAL INVESTORS AND ELIGIBLE COUNTERPARTIES ONLY TARGET MARKET] – Solely for the purposes of [the/each] manufacturer's product approval process, the target market assessment in respect of the Notes has led to the conclusion that: (i) the target market for the Notes is only eligible counterparties, as defined in the FCA Handbook Conduct of Business Sourcebook ("COBS"), and professional clients, as defined in Regulation (EU) No 600/2014 as it forms part of UK domestic law by virtue of the EUWA ("UK MiFIR"); and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. [Consider any negative target market]. Any person subsequently offering, selling or recommending the Notes (a "distributor") should take into consideration the manufacturer['s/s'] target market assessment; however, a distributor subject to the FCA Handbook Product Intervention and Product Governance Sourcebook (the "UK MiFIR Product Governance Rules") is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturer['s/s'] target market assessment) and determining appropriate distribution channels. For the avoidance of doubt, neither the Issuer nor the Parent is a manufacturer for the purposes of the UK MiFIR Product Governance Rules.]

and the rating it has given to the Notes is not endorsed by a credit rating agency established in the UK and registered under the UK CRA Regulation.]

[Include a brief explanation of the meaning of the rating, e.g.: According to Moodys' rating system, obligations rated "A" are judged to be upper-medium grade with low credit risk. Moody's appends numerical modifiers 1, 2, and 3 to each generic rating classification from "Aa" through "Caa". The modifier 1 indicates that the obligation ranks in the higher end of its generic rating category; the modifier 2 indicates a mid-range ranking; and the modifier 3 indicates a ranking in the lower end of that generic rating category. According to S&P's rating system, an obligation rated "A" is somewhat more susceptible to the adverse effects of changes in circumstances and economic conditions than obligations in higher-rated categories. However, the obligor's capacity to meet its financial commitments on the obligation is still strong. The addition of pluses and minuses provides further distinctions within the ratings range.]

The Trustee acts for the benefit of the holders of the Notes (the "**Noteholders**", which expression shall, in relation to any Notes represented by a global Note, be construed as provided below) and the holders of the Coupons (the "**Couponholders**", which expression shall, unless the context otherwise requires, include the holders of the Talons), all in accordance with the provisions of the Trust Deed.

As used herein, "**Tranche**" means Notes which are identical in all respects (including as to listing and admission to trading) and "**Series**" means a Tranche of Notes together with any further Tranche or Tranches of Notes which are (i) expressed to be consolidated and form a single series and (ii) are identical in all respects (including as to listing and admission to trading) except for their respective Issue Dates, Interest Commencement Dates and/or Issue Prices.

Copies of the Trust Deed and the Agency Agreement are available for (i) inspection or collection during normal business hours at the registered office for the time being of the Trustee at Winchester House, 1 Great Winchester Street, London EC2N 2DB, and at the specified offices of each of the Agent and the other Paying Agents or (ii) may be provided by email to a Noteholder following their prior written request to the Agent or other Paying Agents therefore and provision of proof of holding identity in form satisfactory to the Agent or other Paying Agents. Copies of the applicable Final Terms are available for viewing at, and copies may be obtained from, the registered office of the Issuer and from the specified office of the Paying Agents in London and Luxembourg save that the Final Terms relating to a Note which is neither admitted to trading on a regulated market in the European Economic Area nor offered in the European Economic Area in circumstances where a prospectus is required to be published under the EU Prospectus Regulation will only be available for inspection by a Noteholder holding one or more Notes of that Series and such

Noteholder must produce evidence satisfactory to the Issuer or the relevant Paying Agent, as the case may be, as to its holding of such Notes and identity. In addition, Final Terms relating to a Note which is listed on the Official List, and admitted to trading on the regulated market, of the Luxembourg Stock Exchange will be available for viewing on the website of the Luxembourg Stock Exchange (www.bourse.lu). The Noteholders and the Couponholders are deemed to have notice of, and are entitled to the benefit of, all the provisions of the Trust Deed, the Agency Agreement and the applicable Final Terms which are binding on them.

Words and expressions defined in the Trust Deed or the Agency Agreement or used in the applicable Final Terms shall have the same meanings where used in these Terms and Conditions unless the context otherwise requires or unless otherwise stated and provided that, in the event of inconsistency between the Agency Agreement and the Trust Deed, the Trust Deed will prevail and, in the event of inconsistency between the Agency Agreement or the Trust Deed and the applicable Final Terms, the applicable Final Terms will prevail.

1. **Form, Denomination and Title**

The Notes are in bearer form and, in the case of definitive Notes, serially numbered, in the currency (the "**Specified Currency**") and the denomination (the "**Specified Denomination(s)**") specified in the applicable Final Terms. Notes of one Specified Denomination may not be exchanged for Notes of another Specified Denomination.

This Note may be a Fixed Rate Note, a Floating Rate Note, a Zero Coupon Note or a combination of any of the foregoing, depending upon the Interest Basis shown in the applicable Final Terms.

Notes in definitive form are issued with Coupons attached, unless they are Zero Coupon Notes in which case references to Coupons and Couponholders in these Terms and Conditions are not applicable.

Subject as set out below, title to the Notes and Coupons will pass by delivery. Except as ordered by a court of competent jurisdiction or as required by law, the Issuer, the Parent, the Trustee and any Paying Agent may deem and treat the bearer of any Note or Coupon as the absolute owner thereof (whether or not overdue and notwithstanding any notice of ownership or writing thereon or notice of any previous loss or theft thereof) for all purposes but, in the case of any global Note, without prejudice to the provisions set out in the next succeeding paragraph.

For so long as any of the Notes is represented by a global Note held on behalf of Euroclear Bank SA/NV ("**Euroclear**") and/or Clearstream Banking S.A. ("**Clearstream**"), each person (other than Euroclear or Clearstream) who is for the time being shown in the records of Euroclear or of Clearstream as the holder of a particular nominal amount of such Notes (in which regard any certificate or other document issued by Euroclear or Clearstream as to the nominal amount of such Notes standing to the account of any person shall be conclusive and binding for all purposes save in the case of manifest error) shall be treated by the Issuer, the Parent, the Trustee and any Paying Agent as the holder of such nominal amount of such Notes for all purposes other than with respect to the payment of principal and/or interest on the Notes, for which purpose the bearer of the relevant global Note shall be treated by the Issuer, the Parent, the Trustee and any Paying Agent as the holder of such nominal amount of such Notes in accordance with and subject to the terms of the relevant global Note (and the expressions "**Noteholder**" and "**holder of Notes**" and related expressions shall be construed accordingly). Notes which are represented by a global Note will be transferable only in accordance with the rules and procedures for the time being of Euroclear or of Clearstream, as the case may be.

References to Euroclear and/or Clearstream shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system approved by the Issuer, the Agent and the Trustee.

2. **Status of the Notes**

The Notes and the relative Coupons are direct, unconditional, (subject to the provisions of Condition 4) unsecured and unsubordinated obligations of the Issuer and rank and will at all times rank without any preference among themselves and (subject as aforesaid) *pari passu* with all other outstanding unsecured and unsubordinated obligations of the Issuer, present and future, (other than obligations which are preferred

by mandatory provisions of law) but, in the event of insolvency, only to the extent permitted by applicable laws relating to creditors' rights.

3. **Guarantee**

The payment of the principal and interest in respect of all Notes and all other moneys payable by the Issuer under or pursuant to the Trust Deed has been unconditionally and irrevocably guaranteed by the Parent in the Trust Deed (the "**Guarantee**"). The obligations of the Parent under the Guarantee are direct, unconditional, (subject to the provisions of Condition 4) unsecured and unsubordinated obligations of the Parent and (subject as aforesaid) rank and will at all times rank *pari passu* with all other outstanding unsecured and unsubordinated obligations of the Parent, present and future, (other than obligations which are preferred by mandatory provisions of law) but, in the event of insolvency, only to the extent permitted by applicable laws relating to creditors' rights.

4. **Negative Pledge**

The Issuer and the Parent undertake that, so long as any of the Notes remains outstanding (as defined in the Trust Deed), they will not have outstanding any External Indebtedness and will procure that no Subsidiary (as defined in the Trust Deed) of the Issuer or the Parent will have outstanding any such indebtedness which is also guaranteed by the Issuer or the Parent, where in any such case such External Indebtedness or guarantee is secured by any mortgage, lien (other than liens arising by operation of law), pledge or other charge, unless the Issuer or the Parent, as the case may be, shall forthwith take any and all action necessary to procure that all amounts payable by it under the Notes, the Coupons and the Trust Deed are secured equally and rateably with such mortgage, lien, pledge or other charge to the satisfaction of the Trustee or such other security is provided as the Trustee shall in its absolute discretion deem not materially less beneficial to the interests of the Noteholders or as shall be approved by Extraordinary Resolution (as defined in the Trust Deed) of the Noteholders.

For the purposes of this provision "**External Indebtedness**" means any loan or other indebtedness (or any guarantee thereof) which is:

- (i) in the form of or represented by any bonds, notes or other securities for the time being quoted, listed or dealt in on any stock exchange or over-the-counter market; and
- (ii) either (a) denominated or payable in a currency other than euro and initially offered by or on behalf of the Issuer or the Parent or the relevant Subsidiary (as the case may be) primarily to persons resident outside any country in the currency of which it is denominated or payable (whether compulsorily or at the option of the holder) or (b) denominated or payable in euro and initially offered by or on behalf of the Issuer or the Parent or the relevant Subsidiary (as the case may be) primarily to persons resident outside Sweden and, if different, the country of incorporation of the Issuer or the Parent or the relevant Subsidiary (as the case may be).

5. **Interest**

(a) *Interest on Fixed Rate Notes*

Each Fixed Rate Note bears interest from (and including) the Interest Commencement Date at the rate(s) per annum equal to the Rate(s) of Interest. Interest will be payable in arrear on the Interest Payment Date(s) in each year up to (and including) the Maturity Date.

If the Notes are in definitive form, except as provided in the applicable Final Terms, the amount of interest payable on each Interest Payment Date in respect of the Fixed Interest Period ending on (but excluding) such date will amount to the Fixed Coupon Amount. Payments of interest on any Interest Payment Date will, if so specified in the applicable Final Terms, amount to the Broken Amount so specified.

As used in these Terms and Conditions, "**Fixed Interest Period**" means the period from (and including) an Interest Payment Date (or, if none, the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date.

Except in the case of Notes in definitive form where a Fixed Coupon Amount or Broken Amount is specified in the applicable Final Terms, interest shall be calculated in respect of any period by applying the Rate of Interest to:

- (A) in the case of Fixed Rate Notes which are represented by a global Note, the aggregate outstanding nominal amount of the Fixed Rate Notes represented by such global Note; or
- (B) in the case of Fixed Rate Notes in definitive form, the Calculation Amount;

and, in each case, multiplying such sum by the applicable Fixed Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Fixed Rate Note in definitive form is a multiple of the Calculation Amount, the amount of interest payable in respect of such Fixed Rate Note shall be the product of the amount (determined in the manner provided above) for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination, without any further rounding.

"Fixed Day Count Fraction" means, in respect of the calculation of an amount of interest in accordance with this Condition 5(a):

1. if **"Actual/Actual (ICMA)"** is specified in the applicable Final Terms:
 - (1) in the case of Notes where the number of days in the relevant period from (and including) the most recent Interest Payment Date (or, if none, the Interest Commencement Date) to (but excluding) the relevant payment date (the **"Accrual Period"**) is equal to or shorter than the Determination Period during which the Accrual Period ends, the number of days in such Accrual Period divided by the product of (1) the number of days in such Determination Period and (2) the number of Determination Dates (as specified in the applicable Final Terms) that would occur in one calendar year; or
 - (2) in the case of Notes where the Accrual Period is longer than the Determination Period during which the Accrual Period ends, the sum of:
 - (A) the number of days in such Accrual Period falling in the Determination Period in which the Accrual Period begins divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates (as specified in the applicable Final Terms) that would occur in one calendar year; and
 - (B) the number of days in such Accrual Period falling in the next Determination Period divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates that would occur in one calendar year;
2. if **"30/360"** is specified in the applicable Final Terms, the number of days in that period from (and including) the most recent Interest Payment Date (or, if none, the Interest Commencement Date) to (but excluding) the relevant payment date (such number of days being calculated on the basis of a year of 360 days with 12 30-day months) divided by 360; and
3. if **"Actual/365 (Fixed)"** is specified in the applicable Final Terms, the actual number of days in the relevant period divided by 365.

In these Terms and Conditions:

"Determination Period" means each period from (and including) a Determination Date to (but excluding) the next Determination Date (including, where either the Interest Commencement Date or the final Interest Payment Date is not a Determination Date, the period commencing on the first Determination Date prior to, and ending on the first Determination Date falling after, such date); and

"sub-unit" means, with respect to any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, with respect to euro, means one cent.

(b) *Interest on Floating Rate Notes*

(i) *Interest Payment Dates*

Each Floating Rate Note bears interest from (and including) the Interest Commencement Date and such interest will be payable in arrear on either:

- (A) the Specified Interest Payment Date(s) in each year specified in the applicable Final Terms; or
- (B) if no Specified Interest Payment Date(s) is/are specified in the applicable Final Terms, each date (each such date, together with each Specified Interest Payment Date, an **"Interest Payment Date"**) which falls the number of months or other period specified as the Specified Period in the applicable Final Terms after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

Such interest will be payable in respect of each Interest Period (which expression shall, in these Terms and Conditions, mean the period from (and including) an Interest Payment Date (or, if none, the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date) or the relevant payment date if the Notes become payable on a date other than an Interest Payment Date.

If a Business Day Convention is specified in the applicable Final Terms and (x) if there is no numerically corresponding day in the calendar month in which an Interest Payment Date should occur or (y) if any Interest Payment Date would otherwise fall on a day which is not a Business Day, then, if the Business Day Convention specified is:

- (1) any case where Specified Periods are specified in accordance with Condition (a)(b)(i)(B) above, the Floating Rate Convention, such Interest Payment Date (i) in the case of (x) above, shall be the last day that is a Business Day in the relevant month and the provisions of (B) below shall apply *mutatis mutandis* or (ii) in the case of (y) above, shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event (A) such Interest Payment Date shall be brought forward to the immediately preceding Business Day and (B) each subsequent Interest Payment Date shall be the last Business Day in the month which falls the Specified Period after the preceding applicable Interest Payment Date occurred; or
- (2) the Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day; or
- (3) the Modified Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Payment Date shall be brought forward to the immediately preceding Business Day; or
- (4) the Preceding Business Day Convention, such Interest Payment Date shall be brought forward to the immediately preceding Business Day.

In these Terms and Conditions, "**Business Day**" means a day which is:

- (A) (1) in relation to any sum payable in a Specified Currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency which, if the Specified Currency is Australian dollars or New Zealand dollars, shall be Melbourne and Wellington, respectively or (2) in relation to any sum payable in euro, a day on which the Trans-European Automated Real-Time Gross Settlement Express Transfer (TARGET2) System (the "**TARGET2 System**") is open;
- (B) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in any Additional Business Centre specified in the applicable Final Terms; and
- (C) if TARGET2 System is specified as an Additional Business Centre in the applicable Final Terms, a day on which the TARGET2 System is open.

(ii) *Rate of Interest*

The Rate of Interest payable from time to time in respect of Floating Rate Notes will be determined in the manner specified in the applicable Final Terms and the provisions below relating to either ISDA Determination or Screen Rate Determination shall apply, depending upon the manner specified in the applicable Final Terms.

(iii) *ISDA Determination for Floating Rate Notes*

Where ISDA Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will be the relevant ISDA Rate plus or minus (as indicated in the applicable Final Terms) the Margin (if any). For the purposes of this sub-paragraph (iii), "**ISDA Rate**" for an Interest Period means a rate equal to the Floating Rate that would be determined by the Agent or other person specified in the applicable Final Terms under an interest rate swap transaction if the Agent or that other person were acting as Calculation Agent for that swap transaction under the terms of an agreement incorporating the 2006 ISDA Definitions (as published by the International Swaps and Derivatives Association, Inc. and as amended and updated as at the Issue Date of the first Tranche of the Notes (the "**ISDA Definitions**")) and under which:

- (A) Floating Rate Option is as specified in the applicable Final Terms;
- (B) the Designated Maturity is the period specified in the applicable Final Terms; and
- (C) the relevant Reset Date is the day specified in the applicable Final Terms.

The definition of "**Fallback Observation Day**" in the ISDA Definitions shall be deemed deleted in its entirety and replaced with the following: "**Fallback Observation Day**" means, in respect of a Reset Date and the Calculation Period (or any Compounding Period included in that Calculation Period) to which that Reset Date relates, unless otherwise agreed, the day that is five Business Days preceding the related Payment Date.

For the purposes of this sub-paragraph (iii), "**Floating Rate**", "**Calculation Agent**", "**Floating Rate Option**", "**Designated Maturity**", "**Euro-zone**" and "**Reset Date**" have the meanings given to those terms in the ISDA Definitions, save that the Reset Date shall not be less than five Business Days preceding the relating Payment Date.

(iv) *Screen Rate Determination for Floating Rate Notes*

Where Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will, subject as provided below, be either:

- (A) the offered quotation; or
- (B) the arithmetic mean (rounded if necessary to the fourth decimal place, with 0.00005 being rounded upwards) of the offered quotations,

(expressed as a percentage rate per annum) for the Reference Rate which appears or appear, as the case may be, on the Relevant Screen Page as at 11.00 a.m. (Relevant Financial Centre time) on the Interest Determination Date in question plus or minus (as indicated in the applicable Final Terms) the Margin (if any), all as determined by the Agent. If five or more such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Agent for the purpose of determining the arithmetic mean (rounded as provided above) of such offered quotations.

If the Relevant Screen Page is not available or if, in the case of (A) above, no such offered quotation appears or, in the case of (B) above, fewer than three such offered quotations appear, in each case as at 11.00 a.m. (Relevant Financial Centre time) on the Interest Determination Date in question, the Agent shall request the principal London office of each of the Reference Banks to provide the Agent with its offered quotation (expressed as a percentage rate per annum) for the Reference Rate at approximately 11.00 a.m. (Relevant Financial Centre time) on the Interest Determination Date in question. If two or more of the Reference Banks provide the Agent with such offered quotations, the Rate of Interest for such Interest Period shall be the arithmetic mean (rounded if necessary to the fourth decimal place with 0.00005 being rounded upwards) of such offered quotations plus or minus (as appropriate) the Margin (if any), all as determined by the Agent.

If on any Interest Determination Date one only or none of the Reference Banks provides the Agent with such offered quotations as provided in the preceding paragraph, the Rate of Interest for the relevant Interest Period shall be the rate per annum which the Agent determines as being the arithmetic mean (rounded if necessary to the fourth decimal place, with 0.00005 being rounded upwards) of the rates, as communicated to (and at the request of) the Agent by the Reference Banks or any two or more of them, at which such banks were offered, at approximately 11.00 a.m. (Relevant Financial Centre time) on the Interest Determination Date in question, deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate by leading banks in the London inter-bank market (if the Reference Rate specified in the relevant Final Terms is LIBOR) or the Euro-zone inter-bank market (if the Reference Rate specified in the relevant Final Terms is EURIBOR) or the Stockholm inter-bank market (if the Reference Rate specified in the relevant Final Terms is STIBOR) or the inter-bank market of the Relevant Financial Centre (if any other Reference Rate is used) plus or minus (as appropriate) the Margin (if any) or, if fewer than two of the Reference Banks provide the Agent with such offered rates, the offered rate for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, or the arithmetic mean (rounded as provided above) of the offered rates for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, at which, at approximately the 11:00 a.m. (Relevant Financial Centre time) on the Interest Determination Date in question, any one or more banks (which bank or banks is or are in the opinion of the Issuer suitable for such purpose) informs the Agent it is quoting to leading banks in the London inter-bank market (if the Reference Rate specified in the relevant Final Terms is LIBOR) or the Euro-zone inter-bank market (if the Reference Rate specified in the relevant Final Terms is EURIBOR) or the Stockholm inter-bank market (if the Reference Rate specified in the relevant Final Terms is STIBOR) or the inter-bank market of the Relevant Financial Centre (if any other Reference Rate is used) plus or minus (as appropriate) the Margin (if any), provided that, if the Rate of Interest cannot be

determined in accordance with the foregoing provisions of this paragraph, the Rate of Interest shall be determined as at the last preceding Interest Determination Date (though substituting, where a different Margin is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin relating to the relevant Interest Period, in place of the Margin relating to that last preceding Interest Period).

"Reference Banks" means, in the case of a determination of LIBOR, the principal London office of four major banks in the London inter-bank market, in the case of a determination of EURIBOR, the principal Euro-zone office of four major banks in the Euro-zone inter-bank, in the case of a determination of STIBOR, the principal Stockholm office of four major banks in the Stockholm inter-bank market and, in the case of a determination of any other Reference Rate, the principal office of four major banks in the inter-bank market of the Relevant Financial Centre, in each case selected by the Agent.

(v) *Reference Rate Replacement*

If:

- (i) Reference Rate Replacement is specified in the applicable Final Terms as being applicable and Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined; and
- (ii) notwithstanding the provisions of Condition 5(b)(iv) above, the Issuer (in consultation with the Agent) determines that a Benchmark Event has occurred in relation to the Original Reference Rate when any Rate of Interest (or any component part thereof) remains to be determined by reference to such Original Reference Rate,

then the following provisions shall apply:

- (A) the Issuer shall use reasonable endeavours to appoint an Independent Adviser, as soon as reasonably practicable, to determine (acting in good faith and in a commercially reasonable manner and after consultation with the Issuer):

- (1) a Successor Reference Rate; or
- (2) if such Independent Adviser determines that there is no Successor Reference Rate, an Alternative Reference Rate,

and, in each case, an Adjustment Spread (if any) (in any such case, acting in good faith and in a commercially reasonable manner) no later than five Business Days prior to the Interest Determination Date relating to the next Interest Period (the **"IA Determination Cut-off Date"**) for the purposes of determining the Rate of Interest applicable to the Notes for such next Interest Period and for all other future Interest Periods (subject to the subsequent operation of this Condition 5(b)(v) during any other future Interest Period(s));

- (B) if a Successor Reference Rate, or, failing which, an Alternative Reference Rate (as applicable) is determined by the relevant Independent Adviser in accordance with this Condition 5(b)(v);

- (1) such Successor Reference Rate or Alternative Reference Rate (as applicable) shall be used in place of the Original Reference Rate for all future Interest Periods (subject to the subsequent operation of, and adjustment as provided in, this Condition 5(b)(v));

- (2) if the relevant Independent Adviser:

- (x) determines that an Adjustment Spread is required to be applied to such Successor Reference Rate or

Alternative Reference Rate (as applicable) and determines the quantum of, or a formula or methodology for determining, such Adjustment Spread, then such Adjustment Spread shall be applied to such Successor Reference Rate or Alternative Reference Rate (as applicable) for all future Interest Periods (subject to the subsequent operation of, and adjustment as provided in, this Condition 5(b)(v)); or

- (y) is unable to determine the quantum of, or a formula or methodology for determining, an Adjustment Spread, then such Successor Reference Rate or Alternative Reference Rate (as applicable) will apply without an Adjustment Spread for all future Interest Periods (subject to the subsequent operation of, and adjustment as provided in, this Condition 5(b)(v)); and

- (3) the relevant Independent Adviser (acting in good faith and in a commercially reasonable manner and after consultation with the Issuer) may specify:

- (x) changes to these Terms and Conditions and/or the Agency Agreement and/or the Trust Deed in order to ensure the proper operation of such Successor Reference Rate or Alternative Reference Rate and/or Adjustment Spread (as applicable), including, but not limited to, (a) the Additional Business Centre(s), Business Day, Business Day Convention, Day Count Fraction, Interest Determination Date, Reference Banks, Additional Financial Centre(s) and/or Relevant Screen Page applicable to the Notes and (b) the method for determining the fallback to the Rate of Interest in relation to the Notes if such Successor Reference Rate or Alternative Reference Rate (as applicable) is not available; and
- (y) any other changes which the relevant Independent Adviser determines are reasonably necessary to ensure the proper operation and comparability to the Reference Rate of such Successor Reference Rate or Alternative Reference Rate (as applicable),

which changes shall apply to the Notes for all future Interest Periods (subject to the subsequent operation of this Condition 5(b)(v)); and

- (4) following the occurrence of a Benchmark Event and the determination of (x) any Successor Reference Rate or Alternative Reference Rate (as applicable) and (y) if applicable, any Adjustment Spread, the Issuer shall, by no later than the IA Determination Cut-off Date, give notice thereof and of any changes (and the effective date thereof) pursuant to this Condition 5(b)(v) to the Trustee, each of the Paying Agents and the Noteholders in accordance with Condition 14 and, if the Notes are listed on a stock exchange and the rules of such exchange or other relevant authority so require, such exchange or other relevant authority as soon as possible after their determination.

No later than notifying the Trustee of the same, the Issuer shall deliver to the Trustee a certificate signed by two authorised signatories of the Issuer:

- (I) confirming (x) that a Benchmark Event has occurred, (y) the Successor Reference Rate or, as the case may be, the Alternative Reference Rate and (z) where applicable, any Adjustment Spread, in each case as determined in accordance with the provisions of this Condition 5(b)(v);
- (II) certifying that the consequential amendments are necessary to ensure the proper operation of such Successor Reference Rate, Alternative Reference Rate and/or Adjustment Spread; and
- (III) certifying that the Issuer has duly consulted with an Independent Adviser with respect to each of the matters above.

The Trustee shall be entitled to rely on such certificate (without enquiry or liability to any person) as sufficient evidence thereof. The Successor Reference Rate or Alternative Reference Rate and the Adjustment Spread (if any) and any such other relevant changes pursuant to this Condition 5(b)(v) specified in such certificate will (in the absence of manifest error in the determination of the Successor Reference Rate or Alternative Reference Rate and the Adjustment Spread (if any) and without prejudice to the Trustee's ability to rely on such certificate as aforesaid) be binding on the Issuer, the Trustee, the Paying Agents, the Noteholders and the Couponholders.

Subject to receipt by the Trustee of this certificate, the Trustee shall, at the direction and expense of the Issuer, use its reasonable endeavours to effect such consequential amendments to the Trust Deed (including, inter alia, by the execution of a deed supplemental to or amending the Trust Deed), the Agency Agreement and these Terms and Conditions as the Issuer certifies are required to give effect to this Condition 5(b)(v) and the Trustee shall not be liable to any party for any consequences thereof, provided that the Trustee shall not be obliged to effect such amendments if, in the sole opinion of the Trustee, doing so would impose more onerous obligations upon it or expose it to any additional duties, responsibilities or liabilities or reduce or amend the rights and/or the protective provisions afforded to it in these conditions and/or any documents to which it is a party (including, for the avoidance of doubt, any supplemental trust deed, in any way).

In connection with such variation in accordance with this Condition 5(b)(v), the Issuer shall comply with the rules of any stock exchange on which the Notes are for the time being listed or admitted to trading.

No consent of the Noteholders shall be required in connection with effecting the relevant Successor Reference Rate or Alternative Reference Rate (as applicable) as described in this Condition 5(b)(v) or such other relevant changes pursuant to Condition 5(b)(v), including for the execution of any documents or the taking of other steps by the Issuer or any of the parties to the Agency Agreement (if required).

For the avoidance of doubt, if the Issuer is not able to appoint an Independent Adviser or a Successor Reference Rate or an Alternative Reference Rate is not determined pursuant to the operation of this Condition 5(b)(v) prior to the relevant IA Determination Cut-off Date, then the Rate of Interest for the next Interest Period shall be determined by reference to the fallback provisions of Condition 5(b)(iv).

For the avoidance of doubt, this Condition 5(b)(v) shall apply to the relevant next succeeding Interest Period only and any subsequent Interest Periods are subject to the subsequent operation of, and to adjustment as provided in, Condition 5(b)(iv).

In the Conditions:

"Adjustment Spread" means a spread (which may be positive or negative) or formula or methodology for calculating a spread, which the relevant Independent Adviser determines is required to be applied to a Successor Reference Rate or an Alternative Reference Rate (as applicable) in order to reduce or eliminate, to the extent reasonably practicable in the circumstances, any economic prejudice or benefit (as applicable) to Noteholders as a result of the replacement of the Reference Rate with such Successor Reference Rate or Alternative Reference Rate (as applicable) and is the spread, formula or methodology which:

- (i) in the case of a Successor Reference Rate, is formally recommended in relation to the replacement of the Reference Rate with such Successor Reference Rate by any Relevant Nominating Body; or
- (ii) in the case of a Successor Reference Rate for which no such recommendation has been made or in the case of an Alternative Reference Rate, the relevant Independent Adviser determines is recognised or acknowledged as being in customary market usage in international debt capital markets transactions which reference the Reference Rate, where such rate has been replaced by such Successor Reference Rate or Alternative Reference Rate (as applicable); or
- (iii) if no such customary market usage is recognised or acknowledged, the relevant Independent Adviser in its discretion determines (acting in good faith and in a commercially reasonable manner) to be appropriate;

"Alternative Reference Rate" means the rate that the relevant Independent Adviser determines has replaced the Reference Rate in customary market usage in the international debt capital markets for the purposes of determining floating rates of interest in respect of notes denominated in the Specified Currency and of a comparable duration to the relevant Interest Periods, or, if such Independent Adviser determines in its discretion is most comparable to the Reference Rate;

"Benchmark Event" means:

- (i) the Original Reference Rate ceasing to exist or be published; or
- (ii) the later of (a) the making of a public statement by the administrator of the Original Reference Rate that it has ceased or will, on or before a specified date, cease publishing the Original Reference Rate permanently or indefinitely (in circumstances where no successor administrator has been appointed that will continue publication of the Original Reference Rate) and (b) the date falling six months prior to the date specified in (a); or
- (iii) the later of (a) the making of a public statement by the supervisor of the administrator of the Original Reference Rate that the Original Reference Rate has been or will, on or before a specified date, be permanently or indefinitely discontinued and (b) the date falling six months prior to the date specified in (a); or
- (iv) the later of (a) the making of a public statement by the supervisor of the administrator of the Original Reference Rate that means the Original Reference Rate will be prohibited from being used or that its use will be subject to restrictions or adverse consequences, in each case on or before a specified date and (b) the date falling six months prior to the date specified in (a); or
- (v) the making of a public statement by the supervisor of the administrator of the Original Reference Rate that, in the view of such supervisor, such Original Reference Rate is no longer representative of an underlying market; or

- (vi) it has become unlawful for the Agent or the Calculation Agent, as applicable, the Issuer or any other party to calculate any payments due to be made to any Noteholder using the Original Reference Rate;

"Independent Adviser" means an independent financial institution of international repute or an independent financial adviser with appropriate expertise appointed by the Issuer at its own expense under this Condition 5(b)(v);

"Original Reference Rate" means the originally-specified benchmark or screen rate (as applicable) used to determine the Rate of Interest (or any component part thereof) on the Notes or, if applicable, any other successor or alternative rate (or any component part thereof) determined and applicable to the Notes pursuant to the earlier operation of this Condition 5(b)(v);

"Relevant Nominating Body" means, in respect of a reference rate:

- (i) the central bank for the currency to which such reference rate relates, or any central bank or other supervisory authority which is responsible for supervising the administrator of such reference rate; or
- (ii) any working group or committee sponsored by, chaired or co-chaired by or constituted at the request of (A) the central bank for the currency to which such reference rate relates, (B) any central bank or other supervisory authority which is responsible for supervising the administrator of such reference rate, (C) a group of the aforementioned central banks or other supervisory authorities, or (D) the Financial Stability Board or any part thereof; and

"Successor Reference Rate" means the rate that the relevant Independent Adviser determines is a successor to or replacement of the Reference Rate which is formally recommended by any Relevant Nominating Body.

- (vi) *Minimum Rate of Interest and/or Maximum Rate of Interest*

If the applicable Final Terms specify a Minimum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the above provisions is less than such Minimum Rate of Interest, the Rate of Interest for such Interest Period shall be such Minimum Rate of Interest. For the avoidance of doubt, the Minimum Rate of Interest shall not be less than zero. If the applicable Final Terms specify a Maximum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the above provisions is greater than such Maximum Rate of Interest, the Rate of Interest for such Interest Period shall be such Maximum Rate of Interest.

- (vii) *Determination of Rate of Interest and calculation of Interest Amounts*

The Agent will, at or as soon as practicable after each time at which the Rate of Interest is to be determined, determine the Rate of Interest for the relevant Interest Period.

The Agent will calculate the amount of interest (the **"Interest Amount"**) payable on the Floating Rate Notes for the relevant Interest Period by applying the Rate of Interest to:

- (A) in the case of Floating Rate Notes which are represented by a global Note, the aggregate outstanding nominal amount of the Notes represented by such global Note; or
- (B) in the case of Floating Rate Notes in definitive form, the Calculation Amount;

and, in each case, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such subunit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Floating Rate Note in definitive form is a multiple of the Calculation Amount, the Interest Amount payable

in respect of such Note shall be the product of the amount (determined in the manner provided above) for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination without any further rounding.

"Day Count Fraction" means, in respect of the calculation of an amount of interest for any Interest Period:

1. if **"Actual/Actual (ISDA)"** or **"Actual/Actual"** is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365 (or, if any portion of that Interest Period falls in a leap year, the sum of (A) the actual number of days in that portion of the Interest Period falling in a leap year divided by 366 and (B) the actual number of days in that portion of the Interest Period falling in a non-leap year divided by 365);
2. if **"Actual/365 (Fixed)"** is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365;
3. if **"Actual/365 (Sterling)"** is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365 or, in the case of an Interest Payment Date falling in a leap year, 366;
4. if **"Actual/360"** is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 360;
5. if **"30/360"**, **"360/360"** or **"Bond Basis"** is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

"Y₁" is the year, expressed as a number, in which the first day of the Interest Period falls;

"Y₂" is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

"M₁" is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

"M₂" is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

"D₁" is the first calendar day, expressed as a number, of the Interest Period, unless such number is 31, in which case D₁ will be 30; and

"D₂" is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless such number would be 31 and D₁ is greater than 29, in which case D₂ will be 30;

6. if **"30E/360"** or **"Eurobond Basis"** is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

"Y₁" is the year, expressed as a number, in which the first day of the Interest Period falls;

"Y₂" is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

"M₁" is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

"M₂" is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

"D₁" is the first calendar day, expressed as a number, of the Interest Period, unless such number would be 31, in which case D₁ will be 30; and

"D₂" is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless such number would be 31, in which case D₂ will be 30;

7. if "30E/360 (ISDA)" is specified hereon, the number of days in the Interest Period divided

by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

"Y₁" is the year, expressed as a number, in which the first day of the Interest Period falls;

"Y₂" is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

"M₁" is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

"M₂" is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

"D₁" is the first calendar day, expressed as a number, of the Interest Period, unless (i) that day is the last day of February or (ii) such number would be 31, in which case D₁ will be 30; and

"D₂" is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless (i) that day is the last day of February but not the Maturity Date or (ii) such number would be 31, in which case D₂ will be 30.

(viii) *Linear Interpolation*

Where Linear Interpolation is specified as applicable in respect of an Interest Period in the applicable Final Terms, the Rate of Interest for such Interest Period shall be calculated by the Paying Agent by straight line linear interpolation by reference to two rates based on the relevant Reference Rate (where Screen Rate Determination is specified as applicable in the applicable Final Terms) or the relevant Floating Rate Option (where ISDA Determination is specified as applicable in the applicable Final Terms), one of which shall be determined as if the Designated Maturity (as defined below) were the period of time for which rates are available next shorter than the length of the relevant Interest Period

and the other of which shall be determined as if the Designated Maturity were the period of time for which rates are available next longer than the length of the relevant Interest Period provided however that if there is no rate available for a period of time next shorter or, as the case may be, next longer, then the Paying Agent shall determine such rate at such time and by reference to such sources as it determines appropriate.

"Designated Maturity" means, in relation to Screen Rate Determination, the period of time designated in the Reference Rate.

(ix) *Notification of Rate of Interest and Interest Amounts*

The Agent will cause the Rate of Interest and each Interest Amount for each Interest Period and the relevant Interest Payment Date to be notified to the Issuer, the Trustee and any stock exchange or other relevant authority on which the relevant Floating Rate Notes are for the time being listed (by no later than the first day of each Interest Period) and to be published in accordance with Condition 14 as soon as possible after their determination but in no event later than the fourth London Business Day thereafter. Each Interest Amount and Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without prior notice in the event of an extension or shortening of the Interest Period. Any such amendment or alternative arrangements will promptly be notified to each stock exchange or other relevant authority on which the relevant Floating Rate Notes are for the time being listed and to the Noteholders in accordance with Condition 14. For the purposes of this paragraph, the expression **"London Business Day"** means a day (other than a Saturday or Sunday) on which banks and foreign exchange markets are open for general business in London.

(x) *Certificates to be Final*

All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this paragraph (b), whether by the Agent or the Trustee, shall (in the absence of manifest error) be binding on the Issuer, the Parent, the Agent, the Trustee, the other Paying Agents and all Noteholders and Couponholders and (in the absence as wilful default, bad faith or manifest error) no liability to the Issuer, the Parent, the Noteholders or the Couponholders shall attach to the Agent or the Trustee in connection with the exercise or non-exercise by it of its powers, duties and discretions pursuant to such provisions.

(c) *Fixed to Floating Rate Notes*

Each Fixed to Floating Rate Note bears interest at a rate which shall be automatically converted from a Fixed Rate to a Floating Rate at the date specified in the applicable Final Terms.

(d) *Accrual of Interest*

Each Note (or, in the case of the redemption of part only of a Note, that part only of such Note) will cease to bear interest (if any) from the date for its redemption unless payment of principal is improperly withheld or refused. In such event, interest will continue to accrue as provided in the Trust Deed.

6. **Payments**

(a) *Method of Payment*

Subject as provided below:

- (i) payments in a Specified Currency other than euro will be made by credit or transfer to an account in the relevant Specified Currency (which, in the case of a payment in Japanese Yen to a non-resident of Japan, shall be a non-resident account) maintained by the payee with, or, at the option of the payee, by a cheque in such Specified Currency drawn on, a bank in the principal financial centre of the country of such Specified Currency (which, if the Specified Currency is Australian dollars or New Zealand dollars, shall be Melbourne and Wellington, respectively); and

- (ii) payments in euro will be made by credit or transfer to a euro account (or any other account to which euro may be credited or transferred) specified by the payee or, at the option of the payee, by a euro cheque.

Payments will be subject in all cases to any fiscal or other laws and regulations applicable thereto in the place of payment, but without prejudice to the provisions of Condition 8.

(b) *Presentation of Notes and Coupons*

Payments of principal in respect of definitive Notes will be made in the manner provided in paragraph (a) above only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of definitive Notes, and payments of interest in respect of definitive Notes will (subject as provided below) be made as aforesaid only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of Coupons, in each case at the specified office of any Paying Agent outside the United States (which expression, as used herein, means the United States of America (including the States and the District of Columbia) and its possessions).

Fixed Rate Notes in definitive form (other than Long Maturity Notes (as defined below)) should be presented for payment together with all unmaturing Coupons appertaining thereto (which expression shall for this purpose include Coupons falling to be issued on exchange of matured Talons), failing which the amount of any missing unmaturing Coupon (or, in the case of payment not being made in full, the same proportion of the amount of such missing unmaturing Coupon as the sum so paid bears to the sum due) will be deducted from the sum due for payment. Each amount of principal so deducted will be paid in the manner mentioned above against surrender of the relative missing Coupon at any time before the expiry of 10 years after the Relevant Date (as defined in Condition 8) in respect of such principal (whether or not such Coupon would otherwise have become void under Condition 9) or, if later, five years from the date on which such Coupon would otherwise have become due, but in no event thereafter.

Upon the date on which any Floating Rate Note or Long Maturity Note in definitive form becomes due and repayable, unmaturing Coupons and Talons (if any) relating thereto (whether or not attached) shall become void and no payment or, as the case may be, exchange for further Coupons shall be made in respect thereof. A "**Long Maturity Note**" is a Fixed Rate Note (other than a Fixed Rate Note which on issue had a Talon attached) whose nominal amount on issue is less than the aggregate interest payable thereon provided that such Note shall cease to be a Long Maturity Note on the Interest Payment Date on which the aggregate amount of interest remaining to be paid after that date is less than the nominal amount of such Note.

Upon any Fixed Rate Note in definitive form becoming due and repayable prior to its Maturity Date, all unmaturing Talons (if any) appertaining thereto will become void and no further Coupons will be issued in respect thereof.

If the due date for redemption of any definitive Note is not an Interest Payment Date, interest (if any) accrued in respect of such Note from (and including) the preceding Interest Payment Date or, as the case may be, the Interest Commencement Date shall be payable only against surrender of the relevant definitive Note.

Payments of principal and interest (if any) in respect of Notes represented by any global Note will (subject as provided below) be made in the manner specified above in relation to definitive Notes and otherwise in the manner specified in the relevant global Note, where applicable, against presentation or surrender, as the case may be, of such global Note at the specified office of any Paying Agent outside the United States. A record of each payment made, distinguishing between any payment of principal and any payment of interest, will be made either on such global Note by the Paying Agent to which it was presented or in the records of Euroclear and Clearstream, as applicable.

The holder of a global Note (or, as provided in the Trust Deed, the Trustee) shall be the only person entitled to receive payments in respect of Notes represented by such global Note and the Issuer or, as the case may be, the Parent will be discharged by payment to, or to the order of, the holder of such global Note (or the Trustee, as the case may be) in respect of each amount so paid. Each of the persons shown in the records of Euroclear or Clearstream as the beneficial holder of a particular

nominal amount of Notes represented by such global Note must look solely to Euroclear or Clearstream, as the case may be, for their share of each payment so made by the Issuer or, as the case may be, the Parent to, or to the order of, the holder of such global Note (or the Trustee, as the case may be). No person other than the holder of such global Note (or the Trustee, as the case may be) shall have any claim against the Issuer or, as the case may be, the Parent in respect of any payments due on that global Note.

Notwithstanding the foregoing provisions of this Condition, U.S. dollar payments of principal and/or interest in respect of the Notes will be made at the specified office of a Paying Agent in the United States (which expression, as used herein, means the United States of America):

- (a) if
 - (i) the Issuer has appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment in U.S. dollars at such specified offices outside the United States of the full amount of principal and interest on the Notes in the manner provided above when due;
 - (ii) payment of the full amount of such principal and interest at all such specified offices outside the United States is illegal or effectively precluded by exchange controls or other similar restrictions on the full payment or receipt of principal and interest in U.S. dollars; and
 - (iii) such payment is then permitted under United States law; or
- (b) at the option of the relevant holder if such payment is then permitted under United States law without involving, in the opinion of the Issuer or the Parent, adverse tax consequences for the Issuer or the Parent.

(c) *Payment Day*

If the date for payment of any amount in respect of any Note or Coupon is not a Payment Day, the holder thereof shall not be entitled to payment until the next following Payment Day in the relevant place and shall not be entitled to further interest or other payment in respect of such delay. For these purposes, "**Payment Day**" means any day which (subject to Condition 9) is:

- (i) either (1) in relation to any sum payable in a Specified Currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency (which, if the Specified Currency is Australian dollars or New Zealand dollars, shall be Melbourne and Wellington, respectively) or (2) in relation to any sum payable in euro, a day on which the TARGET2 System is open;
- (ii) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in:
 - (A) in the case of Notes in definitive form only, the relevant place of presentation; and
 - (B) any Additional Financial Centre specified (other than the TARGET2 System) in the applicable Final Terms; and
- (iii) if TARGET2 System is specified as an Additional Financial Centre in the applicable Final Terms, a day on which the TARGET2 System is open.

(d) *Interpretation of Principal and Interest*

Any reference in these Terms and Conditions to principal in respect of the Notes shall be deemed to include, as applicable:

- (i) any additional amounts which may be payable with respect to principal under Condition 8 or pursuant to any undertakings given in addition thereto or in substitution therefore pursuant to the Trust Deed;
- (ii) the Final Redemption Amount of the Notes;
- (iii) the Early Redemption Amount of the Notes;
- (iv) the Optional Redemption Amount(s) (if any) of the Notes;
- (v) the Make-whole Redemption Amount (if any) of the Notes; and
- (vi) any premium and any other amounts (other than interest) which may be payable by the Issuer under or in respect of the Notes.

Any reference in these Terms and Conditions to interest in respect of the Notes shall be deemed to include, as applicable, any additional amounts which may be payable with respect to interest under Condition 8 or pursuant to any undertakings given in addition thereto or in substitution therefore pursuant to the Trust Deed.

7. **Redemption and Purchase**

(a) *Redemption at Maturity*

Unless previously redeemed or purchased and cancelled as specified below, each Note will be redeemed by the Issuer at its Final Redemption Amount specified in the applicable Final Terms (which shall be its nominal amount) in the relevant Specified Currency on the Maturity Date specified in the applicable Final Terms.

(b) *Redemption for Tax Reasons*

If the Issuer or the Parent satisfies the Trustee immediately prior to the giving of the notice referred to below that (i) as a result of any change in the laws of Sweden, which becomes effective on or after the Issue Date of the first Tranche of the Notes, on the occasion of the next payment due in respect of the Notes, the Issuer would be required to pay additional amounts as provided in Condition 8; or (ii) on the occasion of the next payment due in respect of the Notes, the Parent would be unable to procure the Issuer to make payment and, in making such payment itself under the Guarantee, the Parent would, as a result of any change in the laws of Sweden, which becomes effective on or after the Issue Date of the first Tranche of the Notes, be required to pay additional amounts as provided in Condition 8, the Issuer may at its option, at any time (if this Note is not a Floating Rate Note) or on any Interest Payment Date (if this Note is a Floating Rate Note) having given not less than 30 nor more than 60 days' notice to the Trustee and, in accordance with Condition 14, the Noteholders (which notice shall be irrevocable), redeem all the Notes, but not some only, at their Early Redemption Amount referred to in paragraph (h) below together (if appropriate) with interest accrued to (but excluding) the date of redemption.

(c) *Redemption at the Option of the Issuer (Issuer Call)*

If Issuer Call is specified in the applicable Final Terms, the Issuer may, having given:

- (i) not less than 15 nor more than 30 days' notice to the Noteholders in accordance with Condition 14; and
- (ii) not less than 15 days before the giving of the notice referred to in (i), notice to the Trustee;

(which notices shall be irrevocable), redeem all or some only, as specified in the applicable Final Terms, of the Notes then outstanding on the Optional Redemption Date(s) and at the Optional Redemption Amount(s) specified in the applicable Final Terms together, if appropriate, with

interest accrued to (but excluding) the Optional Redemption Date(s). Any such redemption must be of a nominal amount not less than the Minimum Redemption Amount or not more than a Maximum Redemption Amount, in each case as may be specified in the applicable Final Terms. In the case of a partial redemption of Notes, the Notes to be redeemed ("**Redeemed Notes**") will be selected individually by lot, in the case of Redeemed Notes represented by definitive Notes, and in accordance with the rules of Euroclear and/or Clearstream (to be reflected in the records of Euroclear and Clearstream as either a pool factor or a reduction in nominal amount, at their discretion), in the case of Redeemed Notes represented by a global Note, not more than 30 days prior to the date fixed for redemption (such date of selection being hereinafter called the "**Selection Date**"). In the case of Redeemed Notes represented by definitive Notes, a list of the serial numbers of such Redeemed Notes will be published in accordance with Condition 14 not less than 15 days prior to the date fixed for redemption. The aggregate nominal amount of Redeemed Notes represented by definitive Notes shall bear the same proportion to the aggregate nominal amount of all Redeemed Notes as the aggregate nominal amount of definitive Notes outstanding bears to the aggregate nominal amount of all Notes outstanding, in each case on the Selection Date, provided that such first mentioned nominal amount shall, if necessary, be rounded downwards to the nearest integral multiple of the lowest Specified Denomination, and the aggregate nominal amount of Redeemed Notes represented by a global Note shall be equal to the balance of the Redeemed Notes. No exchange of the relevant global Note will be permitted during the period from and including the Selection Date to and including the date fixed for redemption pursuant to this sub-paragraph (c) and notice to that effect shall be given by the Issuer to the Noteholders in accordance with Condition 14 at least 5 days prior to the Selection Date.

(d) *Make-whole Redemption by the Issuer*

If Make-whole Redemption is specified in the applicable Final Terms, the Issuer may, having given:

- (i) not less than 15 nor more than 30 days' notice to the Noteholders in accordance with Condition 14; and
- (ii) not less than 15 days before the giving of the notice referred to in (i), notice to the Trustee;

(which notices shall be irrevocable and shall specify the date fixed for redemption (such date being hereinafter called the "**Make-whole Redemption Date**")) redeem all or some only of the Notes then outstanding at any time prior to their Maturity Date at their relevant Make-whole Redemption Amount. On or not later than the Business Day immediately following the Calculation Date, the Determination Agent shall notify the Issuer, the Trustee, the Noteholders and such other parties as may be specified in the applicable Final Terms of the Make-whole Redemption Amount. All Notes in respect of which any such notice referred to above is given shall be redeemed on the relevant Make-whole Redemption Date in accordance with this Condition.

In the case of a partial redemption of Notes, the Notes to be redeemed (Redeemed Notes) will be selected individually by lot, in the case of Redeemed Notes represented by definitive Notes, and in accordance with the rules of Euroclear and/or Clearstream (to be reflected in the records of Euroclear and Clearstream as either a pool factor or a reduction in nominal amount, at their discretion), in the case of Redeemed Notes represented by a global Note, not more than 30 days prior to the date fixed for redemption (such date of selection being hereinafter called the Selection Date). In the case of Redeemed Notes represented by definitive Notes, a list of the serial numbers of such Redeemed Notes will be published in accordance with Condition 14 not less than 15 days prior to the date fixed for redemption. The aggregate nominal amount of Redeemed Notes represented by definitive Notes shall bear the same proportion to the aggregate nominal amount of all Redeemed Notes as the aggregate nominal amount of definitive Notes outstanding bears to the aggregate nominal amount of all Notes outstanding, in each case on the Selection Date, provided that such first mentioned nominal amount shall, if necessary, be rounded downwards to the nearest integral multiple of the lowest Specified Denomination, and the aggregate nominal amount of Redeemed Notes represented by a global Note shall be equal to the balance of the Redeemed Notes. No exchange of the relevant global Note will be permitted during the period from and including the Selection Date to and including the date fixed for redemption pursuant to this sub-paragraph (d) and notice to that effect shall be given by the Issuer to the Noteholders in accordance with Condition 14 at least 5 days prior to the Selection Date.

Any such notice of redemption may, at the Issuer's discretion, be subject to one or more conditions precedent, in which case such notice shall state that, in the Issuer's discretion, the Make-whole Redemption Date may be delayed until such time as any or all such conditions shall be satisfied (or waived by the Issuer in its sole discretion), or such redemption may not occur and such notice may be rescinded in the event that any or all such conditions shall not have been satisfied (or waived by the Issuer in its sole discretion) by the Make-whole Redemption Date, or by the Make-whole Redemption Date so delayed, in each case provided that the Issuer shall have given notice of any such cancellation or delay of redemption to the Noteholders at least 5 Business Days prior to the Make-whole Redemption Date or the Make-whole Redemption Date so delayed, respectively, in accordance with Condition 14.

For the purposes of this Condition, unless the context otherwise requires, the following defined terms shall have the meanings set out below:

"Benchmark Rate" means the average of the two quotations given by the Reference Dealers on the Calculation Date at 11.00 a.m. (Central European time ("CET")) of the mid-market annual yield to maturity of the Reference Bond specified in the applicable Final Terms. If the Reference Bond is no longer outstanding, a Similar Security will be chosen by the Determination Agent at 11.00 a.m. CET on the Calculation Date, quoted in writing by the Determination Agent to the Issuer and published in accordance with Condition 14;

"Calculation Date" means the third Business Day (as defined in Condition 5(b)(i)) prior to the Make-whole Redemption Date;

"Determination Agent" means the investment bank or financial institution of international standing selected by the Issuer;

"Make-whole Margin" means the rate per annum specified in the applicable Final Terms;

"Make-whole Redemption Amount" means, in respect of each Calculation Amount, an amount in the Specified Currency of the Notes, determined by the Determination Agent, equal to the sum of:

- (i) the greater of (x) the Final Redemption Amount as specified in the relevant Final Terms and (y) the sum of the present values as at the Make-whole Redemption Date of the remaining scheduled payments of principal and interest on the Calculation Amount (excluding any interest accruing on the Calculation Amount from, and including, the Specified Interest Payment Date or, as the case may be, the Interest Commencement Date, immediately preceding such Make-whole Redemption Date to, but excluding, the Make-whole Redemption Date) discounted from the Maturity Date (or if Residual Maturity Call is specified in the applicable Final Terms, the Par Call Date) to the Make-whole Redemption Date on the basis of the relevant Day Count Fraction at a rate equal to the Make-whole Redemption Rate; and
- (ii) any interest accrued but not paid on such Calculation Amount from, and including, the Specified Interest Payment Date or, as the case may be, the Interest Commencement Date, immediately preceding such Make-whole Redemption Date, to, but excluding, the Make-whole Redemption Date;

"Make-whole Redemption Rate" means the sum, as calculated by the Determination Agent, of the Benchmark Rate and the Make-whole Margin;

"Reference Dealers" means each of the two Dealers selected by the Issuer or, in the event that such Dealers cease to be Dealers under the Programme, each of the two banks selected by the Issuer which are primary European government security dealers; and

"Similar Security" means a reference bond or reference bonds issued by the issuer of the Reference Bond having an actual or interpolated maturity comparable with the remaining term of the Notes that would be utilised, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities denominated in the Specified Currency and of comparable maturity to the remaining term of the Notes.

(e) *Clean-up Call Option*

If Clean-up Call is specified in the applicable Final Terms, the Issuer may, having given not less than 15 nor more than 30 days' notice to the Noteholders in accordance with Condition 14 (which notice shall be irrevocable), redeem all (but not some only) of the Notes for the time being outstanding, if, immediately prior to the date that such notice is given, 20 per cent. or less of the aggregate nominal amount originally issued of the Notes remain outstanding, provided that those Notes that are no longer outstanding have not been redeemed (and subsequently cancelled) by the Issuer pursuant to Condition 7(c) and/or Condition 7(d). Any such redemption shall be at par together, if appropriate, with any interest accrued to the date fixed for redemption.

(f) *Residual Maturity Call at the Option of the Issuer*

If Residual Maturity Call is specified in the applicable Final Terms, the Issuer may, having given not less than 15 nor more than 30 days' notice to the Noteholders in accordance with Condition 14 (which notice shall be irrevocable), redeem all (but not some only) of the Notes for the time being outstanding, at any time from and including the Par Call Date (as defined in the relevant Final Terms) to but excluding the Maturity Date, at their principal amount together, if appropriate, with interest accrued to, but excluding, the date fixed for redemption.

(g) *Redemption at the Option of the Noteholders (Investor Put)*

If Investor Put is specified in the applicable Final Terms, upon the holder of any Note giving to the Issuer in accordance with Condition 14 not less than 15 nor more than 30 days' notice (which notice shall be irrevocable), the Issuer will, upon the expiry of such notice, redeem, subject to, and in accordance with, the terms specified in the applicable Final Terms, such Note on the relevant Optional Redemption Date and at the Optional Redemption Amount specified in the applicable Final Terms together, if appropriate, with interest accrued to (but excluding) the Optional Redemption Date.

To exercise the right to require redemption of this Note the holder of this Note must, if this Note is in definitive form and held outside Euroclear and Clearstream, deliver, at the specified office of any Paying Agent at any time during normal business hours of such Paying Agent falling within the notice period, a duly completed and signed notice of exercise in the form (for the time being current) obtainable from any specified office of any Paying Agent (a "**Put Notice**") and in which the holder must specify a bank account (or, if payment is by cheque, an address) to which payment is to be made under this Condition accompanied by this Note or evidence satisfactory to the Paying Agent concerned that this Note will, following delivery of the Put Notice, be held to its order or under its control.

If this Note is represented by a global Note or is in definitive form and held through Euroclear or Clearstream, to exercise the right to require redemption of this Note the holder of this Note must, within the notice period, give notice to the Agent of such exercise in accordance with the standard procedures of Euroclear and Clearstream (which may include notice being given on their instruction by Euroclear or Clearstream or any common depositary or common safekeeper, as the case may be, for them to the Agent by electronic means) in a form acceptable to Euroclear and Clearstream from time to time.

Any Put Notice or other notice given in accordance with the standard procedures of Euroclear and Clearstream given by a holder of any Note pursuant to this Condition 7(g) shall be irrevocable except where, prior to the due date of redemption, an Event of Default has occurred and the Trustee has declared the Notes to be due and payable pursuant to Condition 10, in which event such holder, at its option, may elect by notice to the Issuer to withdraw the notice given pursuant to this Condition 7(g).

(h) *Early Redemption Amounts*

For the purpose of paragraph (b) above and Condition 10, the Notes will be redeemed at an amount (the "**Early Redemption Amount**") determined or calculated as follows:

- (i) in the case of a Note other than a Zero Coupon Note, at the amount specified in the applicable Final Terms or, if no such amount or manner is so specified in the applicable Final Terms, at its nominal amount; or
- (ii) in the case of a Zero Coupon Note, at its Early Redemption Amount calculated in accordance with the following formula:

$$\text{Early Redemption Amount} = \text{RP} \times (1 + \text{AY})^y$$

where:

"RP" means the Reference Price;

"AY" means the Accrual Yield expressed as a decimal; and

^y is the Day Count Fraction specified in the applicable Final Terms which will be either (i) 30/360 (in which case the numerator will be equal to the number of days (calculated on the basis of a 360-day year consisting of 12 months of 30 days each) from (and including) the Issue Date of the first Tranche of the Notes to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Note becomes due and repayable and the denominator will be 360) or (ii) Actual/360 (in which case the numerator will be equal to the actual number of days from (and including) the Issue Date of the first Tranche of the Notes to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Note becomes due and repayable and the denominator will be 360) or (iii) Actual/365 (in which case the numerator will be equal to the actual number of days from (and including) the Issue Date of the first Tranche of the Notes to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Note becomes due and repayable and the denominator will be 365).

(i) *Purchases*

The Issuer, the Parent or any of their respective Subsidiaries may at any time purchase Notes (provided that, in the case of definitive Notes, all unmatured Coupons and Talons appertaining thereto are purchased therewith) at any price in the open market or otherwise. Such Notes may be held, reissued, resold or, at the option of the Issuer or the Parent, surrendered to any Paying Agent for cancellation.

(j) *Cancellation*

All Notes which are redeemed will forthwith be cancelled (together with all unmatured Coupons attached thereto or surrendered therewith at the time of redemption). All Notes so cancelled and all Notes purchased and cancelled pursuant to paragraph (i) above (together with all unmatured Coupons cancelled therewith) shall be forwarded to the Agent and cannot be reissued or resold.

(k) *Late Payment on Zero Coupon Notes*

If the amount payable in respect of any Zero Coupon Note upon redemption of such Zero Coupon Note pursuant to paragraph (a), (b), (c) or (f) above or upon its becoming due and repayable as provided in Condition 10 is improperly withheld or refused, the amount due and repayable in respect of such Zero Coupon Note shall be the amount calculated as provided in paragraph (h)(ii) above as though the references therein to the date fixed for the redemption or the date upon which such Zero Coupon Note becomes due and repayable were replaced by references to the date which is the earlier of:

- (i) the date on which all amounts due in respect of such Zero Coupon Note have been paid; and
- (ii) five days after the date on which the full amount of the moneys payable has been received by the Agent or the Trustee and notice to that effect has been given to the Noteholders either in accordance with Condition 14 or individually.

8. **Taxation**

- (a) All payments of principal and interest in respect of the Notes and Coupons will be made without withholding or deduction for, or on account of, any present or future taxes, duties, assessments or governmental charges ("**Taxes**") of whatever nature imposed or levied by or on behalf of Sweden or any political subdivision of, or any authority in, or of, Sweden having power to tax unless the withholding or deduction of the Taxes is required by law. In such event, the Issuer or, as the case may be, the Parent will pay such additional amounts as shall be necessary in order that the net amounts received by the holders of the Notes or Coupons after such withholding or deduction shall equal the respective amounts of principal and interest which would have been receivable in respect of the Notes or Coupons, as the case may be, in the absence of such withholding or deduction; except that no such additional amounts shall be payable in relation to any payment in respect of any Note or Coupon:
 - (i) to, or to a third party on behalf of, a Noteholder or Couponholder who is liable for the Taxes in respect of such Note or Coupon by reason of such holder having some connection with Sweden other than (1) the mere holding of such Note or Coupon or (2) the receipt of principal or interest in respect of such Note or Coupon; or
 - (ii) to, or to a third party on behalf of, a holder who would not be liable or subject to the withholding or deduction by making a declaration of non-residence or other similar claim for exemption to the relevant tax authority; or
 - (iii) presented for payment more than 30 days after the Relevant Date except to the extent that the holder thereof would have been entitled to additional amounts on presenting the same for payment on the last day of such period of 30 days assuming that day to have been a Payment Day; or
 - (iv) presented for payment in Sweden.
- (b) As used herein, the "**Relevant Date**" means the date on which such payment first becomes due but, if the full amount of the moneys payable has not been duly received by the Agent or the Trustee on or prior to such due date, it means the date on which, the full amount of such moneys having been so received, notice to that effect shall have been duly given to the Noteholders by the Issuer in accordance with Condition 14.
- (c) Notwithstanding any other provisions contained herein, the Issuer and the Parent shall be permitted to withhold or deduct any amounts required by the rules of Sections 1471 through 1474 of the U.S. Internal Revenue Code (or any amended or successor provisions), pursuant to any intergovernmental agreement or implementing legislation adopted by another jurisdiction in connection with these provisions, or pursuant to any agreement with the U.S. Internal Revenue Service ("**FATCA withholding**") as a result of a holder, beneficial owner or an intermediary that is not an agent of the Issuer or the Parent not being entitled to receive payments free of FATCA withholding. Neither the Issuer nor the Parent will have any obligation to pay additional amounts or otherwise indemnify a holder for any such FATCA withholding deducted or withheld by the Issuer, the Parent, the Paying Agent or any other party.

9. **Prescription**

The Notes and Coupons will become void unless claims in respect of principal and/or interest are made within a period of 10 years (in the case of principal) and five years (in the case of interest) after the Relevant Date (as defined in Condition 8) therefore.

There shall not be included in any Coupon sheet issued on exchange of a Talon any Coupon the claim for payment in respect of which would be void pursuant to this Condition or Condition 6(b) or any Talon which would be void pursuant to Condition 6(b).

10. Events of Default

The Trustee at its discretion may, and if so requested in writing by the holders of at least one-quarter in nominal amount of the Notes then outstanding or if so directed by an Extraordinary Resolution of the Noteholders shall (subject in each case to being indemnified to its satisfaction), give notice to the Issuer that the Notes are, and they shall accordingly thereby forthwith become, immediately due and repayable at their Early Redemption Amount (as described in Condition 7(h)) together with accrued interest (if any) as provided in the Trust Deed, in any of the following events:

- (i) default is made in the payment of any principal due in respect of the Notes or any of them and default continues for a period of 15 days or if default is made in the payment of any interest due in respect of the Notes or any of them and the default continues for a period of 30 days; or
- (ii) the Issuer or the Parent defaults in the performance of any other obligation under the Trust Deed and (except where such default is not capable of remedy when no such notice or continuation as is hereinafter mentioned will be required) such default continues for 60 days after written notice thereof shall have been given to the Issuer and the Parent by the Trustee; or
- (iii) other indebtedness for borrowed money of the Issuer, the Parent or any Principal Subsidiary (as defined in the Trust Deed) becomes repayable prematurely as a consequence of any default by it in its obligations in respect of the same, or the Issuer, the Parent or any Principal Subsidiary fails to repay any such indebtedness for borrowed money when due (subject to any permitted grace period applicable to the repayment of such indebtedness for borrowed money) or fails to perform its payment obligations under any guarantee and/or indemnity given by it in relation to any indebtedness for borrowed money of any other person within any grace period applicable to any payment due under such indebtedness for borrowed money, provided that the aggregate principal amount of all such indebtedness for borrowed money which has become prematurely repayable or has not been repaid or in respect of which the guarantee and/or indemnity has not been performed amounts to at least U.S.\$150,000,000 (or its equivalent in any other currency); or
- (iv) a resolution is passed or an order of a court of competent jurisdiction is made that the Issuer, the Parent or any Principal Subsidiary be wound up or dissolved otherwise than for the purposes of or pursuant to an amalgamation, merger or reconstruction the terms of which have previously been approved by the Trustee, such approval not to be unreasonably withheld; or
- (v) an encumbrancer takes possession or a receiver is appointed of the whole or a material part of the assets or undertaking of the Issuer, the Parent or any Principal Subsidiary; or
- (vi) a distress, execution or seizure before judgment is levied or enforced upon or sued out against a material part of the property of the Issuer, the Parent or any Principal Subsidiary and is not discharged within 60 days thereof; or
- (vii) the Issuer, the Parent or any Principal Subsidiary stops payment or (otherwise than for the purposes of such an amalgamation, merger or reconstruction as is referred to in paragraph (iv) of this Condition) ceases or threatens to cease to carry on all or substantially the whole of its business or is unable to pay its debts as and when they fall due; or
- (viii) proceedings shall have been initiated against the Issuer, the Parent or any Principal Subsidiary under any applicable bankruptcy, insolvency or re-organisation law and such proceedings shall not have been discharged or stayed within a period of 60 days; or
- (ix) the Issuer, the Parent or any Principal Subsidiary initiates or consents to proceedings relating to itself under any applicable bankruptcy, composition, insolvency or re-

organisation law or makes a conveyance or assignment for the benefit of, or enters into any composition with, its creditors; or

- (x) if the Guarantee ceases to be, or is claimed by the Parent not to be, in full force and effect,

provided that, in the case of any event other than those described in sub-paragraphs (i), (iv) (in the case of a winding up or dissolution of the Issuer or the Parent) and (x) above, the Trustee shall have certified to the Issuer and the Parent that the event is, in its opinion, materially prejudicial to the interests of the Noteholders.

11. Replacement of Notes, Coupons and Talons

Should any Note, Coupon or Talon be lost, stolen, mutilated, defaced or destroyed, it may be replaced at the specified office of the Agent, or any other place approved by the Trustee of which notice shall have been published in accordance with Condition 14, upon payment by the claimant of such costs and expenses as may be incurred in connection therewith and on such terms as to evidence and indemnity as the Issuer may reasonably require. Mutilated or defaced Notes, Coupons or Talons must be surrendered before replacements will be issued.

12. Agent and Paying Agents

The names of the initial Agent and the other initial Paying Agent and their initial specified offices are set out below. If any additional Paying Agents are appointed in connection with any Series, the names of such Paying Agents will be specified in Part B of the applicable Final Terms.

The Issuer and the Parent are, with the prior written approval of the Trustee, entitled to vary or terminate the appointment of any Paying Agent and/or appoint additional or other Paying Agents and/or approve any change in the specified office through which any Paying Agent acts, provided that:

- (i) so long as the Notes are listed or admitted to trading on any stock exchange or other relevant authority, there will at all times be a Paying Agent with a specified office in such place as may be required by the rules and regulations of that stock exchange or other relevant authority;
- (ii) there will at all times be a Paying Agent with a specified office in a city approved by the Trustee other than in Sweden; and
- (iii) there will at all times be an Agent.

In addition, the Issuer and the Parent shall forthwith appoint a Paying Agent (such Paying Agent having been approved in writing by the Trustee) having a specified office in New York City in the circumstances described in the final paragraph of Condition 6(b). Notice of any variation, termination, appointment or change in the Paying Agents will be given to the Noteholders promptly by the Issuer in accordance with Condition 14.

13. Exchange of Talons

On and after the Interest Payment Date on which the final Coupon comprised in any Coupon sheet matures, the Talon (if any) forming part of such Coupon sheet may be surrendered at the specified office of the Agent or any other Paying Agent in exchange for a further Coupon sheet including (if such further Coupon sheet does not include Coupons to (and including) the final date for the payment of interest due in respect of the Note to which it appertains) a further Talon, subject to the provisions of Condition 9. Each Talon shall, for the purposes of these Terms and Conditions, be deemed to mature on the Interest Payment Date on which the final Coupon comprised in the relative Coupon sheet matures.

14. Notices

All notices regarding the Notes shall be published (i) in the *Financial Times* or any other daily newspaper in London approved by the Trustee or, if this is not possible, in one other English language daily newspaper approved by the Trustee with general circulation in Europe, and (ii) if the Notes are listed on the Official List, and admitted to trading on the regulated market, of the Luxembourg Stock Exchange (so long as the rules of that exchange so require) in a daily newspaper with general circulation in Luxembourg which is

expected to be *Luxemburger Wort* and/or on the website of the Luxembourg Stock Exchange (www.bourse.lu). The Issuer shall also ensure that notices are duly published in a manner which complies with the rules and regulations of any other stock exchange (or any other relevant authority) on which the Notes are for the time being listed or admitted to trading. Any such notice will be deemed to have been given on the date of the first publication in all the required newspapers and, if applicable, on the website of the Luxembourg Stock Exchange (www.bourse.lu).

Until such time as any definitive Notes are issued, there may (provided that, in the case of Notes listed on any stock exchange, the rules of such exchange or any other relevant authority permit) so long as the global Note(s) is/are held in its/their entirety on behalf of Euroclear and Clearstream, be substituted for such publication in such newspaper(s) the delivery of the relevant notice to Euroclear and Clearstream for communication by them to the holders of the Notes, except that if the Notes are listed on the Luxembourg Stock Exchange notice will, in any event, be published in a daily newspaper with general circulation in Luxembourg or in places required by the rules of that Stock Exchange so long as the rules of the relevant exchange so require. And, in addition, for so long as any Notes are listed or admitted to trading on any other stock exchange or any other relevant authority and the rules of that stock exchange or any other relevant authority so require, such notice will be published in a daily newspaper of general circulation in the place or places required by that stock exchange or any such other relevant authority. Any such notice shall be deemed to have been given to the holders of the Notes on the second Business Day after the day on which the said notice was given to Euroclear and Clearstream.

Notices to be given by any holder of the Notes shall be in writing and given by lodging the same, together (in the case of any Note in definitive form) with the relative Note or Notes, with the Agent. Whilst any of the Notes are represented by a global Note, such notice may be given by any holder of a Note to the Agent via Euroclear and/or Clearstream, as the case may be, in such manner as the Agent and Euroclear and/or Clearstream, as the case may be, may approve for this purpose.

15. Meetings of Noteholders, Modification and Waiver

The Trust Deed contains provisions for convening meetings (including by way of conference call or by use of a videoconference platform) of the Noteholders to consider any matter affecting their interests, including the sanctioning by Extraordinary Resolution of a modification of the Notes, the Coupons or any of the provisions of the Trust Deed. Such a meeting may be convened by the Issuer or Noteholders holding not less than five per cent. in nominal amount of the Notes for the time being outstanding. The quorum at any such meeting for passing an Extraordinary Resolution is one or more persons holding or representing not less than a clear majority in nominal amount of the Notes for the time being outstanding, or at any adjourned meeting one or more persons being or representing Noteholders whatever the nominal amount of the Notes so held or represented, except that at any meeting the business of which includes the modification of certain provisions of the Notes or Coupons (including modifying the date of maturity of the Notes or any date for payment of interest thereon, reducing or cancelling the amount of principal or the rate of interest payable in respect of the Notes or altering the currency of payment of the Notes or Coupons) or certain of the provisions of the Trust Deed, the necessary quorum for passing an Extraordinary Resolution will be one or more persons holding or representing not less than three-quarters, or at any adjourned such meeting not less than a clear majority, in nominal amount of the Notes for the time being outstanding. An Extraordinary Resolution passed at any meeting of the Noteholders shall be binding on all the Noteholders, whether or not they are present at the meeting, and on all Couponholders.

The Trust Deed provides that the Trustee may agree, without the consent of the Noteholders or Couponholders, to any modification (subject as provided above) of, or to any waiver or authorisation of any breach or proposed breach of, any of these Terms and Conditions or any of the provisions of the Trust Deed, or may determine that any condition, event or act which, but for such determination, would constitute an Event of Default, shall not be treated as such which in any such case, in the opinion of the Trustee, is not materially prejudicial to the interests of the Noteholders or to any modification of any of these Terms and Conditions or any of the provisions of the Trust Deed which is of a formal, minor or technical nature or which is made to correct a manifest error. In addition, the Trustee shall be obliged to use its reasonable endeavours to effect such modifications to the Trust Deed, the Agency Agreement and these Terms and Conditions as may be required in order to give effect to Condition 5(b)(v) in connection with effecting any Successor Reference Rate, Alternative Reference Rate, Adjustment Spread or any other related changes referred to in Condition 5(b)(v), subject to the provisions thereof, without the requirement for the consent or sanction of the Noteholders or Couponholders. Any such modification, waiver, authorisation or determination shall be binding on the Noteholders and Couponholders and, unless the Trustee agrees

otherwise, any such modification shall be notified to the Noteholders as soon as practicable thereafter in accordance with Condition 14.

In connection with the exercise by it of any of its trusts, powers, authorities or discretions (including, but without limitation, any modification, waiver, authorisation, determination or substitution), the Trustee shall have regard to the interests of the Noteholders as a class and, in particular, but without limitation, shall not have regard to the consequences of such exercise of its trusts, powers, authorities or discretions for individual Noteholders and Couponholders resulting from their being for any purpose domiciled or resident in, or otherwise connected with, or subject to the jurisdiction of, any particular territory and the Trustee shall not be entitled to require, nor shall any Noteholder or Couponholder be entitled to claim, from the Issuer or the Parent or any other person any indemnification or payment in respect of any tax consequence of any such exercise upon individual Noteholders or Couponholders except to the extent already provided for in Condition 8 and/or any undertaking given in addition to, or in substitution for, Condition 8 pursuant to the Trust Deed.

16. Further Issues

The Issuer shall be at liberty from time to time without the consent of the Noteholders or Couponholders to create and issue further notes having terms and conditions the same as the Notes or the same in all respects save for the amount and date of the first payment of interest thereon and so that the same shall be consolidated and form a single Series with the outstanding Notes.

17. Enforcement

The Trustee may at its discretion and without further notice take such proceedings against the Issuer and/or the Parent as it may think fit to enforce the obligations of the Issuer and/or the Parent under the Trust Deed and the Notes and Coupons, but it shall not be bound to take any such proceedings or any other action unless (i) it shall have been so directed by an Extraordinary Resolution of the Noteholders or so requested in writing by holders of at least one-quarter in nominal amount of the Notes outstanding and (ii) it shall have been indemnified to its satisfaction. No Noteholder or Couponholder shall be entitled to proceed directly against the Issuer and/or the Parent unless the Trustee, having become bound so to do, fails so to do within a reasonable period and such failure is continuing.

18. Substitution

The Trustee may, without the consent of the Noteholders or the Couponholders, agree with the Issuer and the Parent (or, if applicable, their successors in business as defined in the Trust Deed) to the substitution (i) in place of the Issuer (or of any previous substitute under this Condition) as the principal debtor under the Notes, the Coupons and the Trust Deed of (I) the successor in business of the Issuer or (II) another company being the Parent (or the successor in business of the Parent) or of any of the other Subsidiaries of the Parent (or its successor in business as aforesaid), or (ii) in place of the Parent (or of any previous substitute under this provision) of its successor in business, subject in each case to (a) except where the Parent becomes the principal debtor the Notes being unconditionally and irrevocably guaranteed by the Parent or its successor in business, (b) the Trustee being satisfied that the interests of the Noteholders will not be materially prejudiced by the substitution, and (c) certain other conditions set out in the Trust Deed being complied with.

19. Indemnification

The Trust Deed contains provisions for the indemnification of the Trustee and for its relief from responsibility in certain circumstances including provisions relieving it from instituting proceedings to enforce repayment unless indemnified to its satisfaction.

20. Contracts (Rights of Third Parties) Act 1999

No rights are conferred on any person under the Contracts (Rights of Third Parties) Act 1999 to enforce any term of this Note, but this does not affect any right or remedy of any person which exists or is available apart from that Act.

21. **Governing Law and Submission to Jurisdiction**

The Trust Deed, the Notes and the Coupons, and any non-contractual obligations arising out of, or in connection with them, are governed by, and shall be construed in accordance with, English law.

The Issuer and the Parent have each irrevocably agreed in the Trust Deed for the exclusive benefit of the Trustee, the Noteholders and the Couponholders, that the courts of England are to have jurisdiction to settle any disputes which may arise out of or in connection with the Trust Deed, the Notes and the Coupons (including any disputes relating to any non-contractual obligations arising out of, or in connection with them) and that accordingly any suit, action or proceedings arising out of or in connection therewith (together referred to as "**Proceedings**") may be brought in the courts of England.

The Issuer and the Parent have in the Trust Deed irrevocably and unconditionally waived and agreed not to raise any objection which they may have now or subsequently to the laying of the venue of any Proceedings in the courts of England and any claim that any Proceedings have been brought in an inconvenient forum and have further irrevocably and unconditionally agreed that a judgment in any Proceedings brought in the courts of England shall be conclusive and binding upon the Issuer or, as the case may be, the Parent and may be enforced in the courts of any other jurisdiction. Nothing in this provision shall limit any right to take Proceedings against the Issuer or the Parent in any other court of competent jurisdiction, nor shall the taking of Proceedings in one or more jurisdictions preclude the taking of Proceedings in any other jurisdiction, whether concurrently or not.

The Issuer and the Parent have in the Trust Deed appointed VFS Financial Services Limited at its office for the time being at Wedgnock Lane, Warwick CV34 5YA as their agent in England for service of process on their behalf and have agreed that in the event of VFS Financial Services Limited ceasing so to act they will appoint such other person as the Trustee may approve as their agent for service of process.

USE OF PROCEEDS

The net proceeds (in respect of (a) and (c) below) or an amount equal to the net proceeds (in respect of (b) below) from each issue of Notes will, as specified in the applicable Final Terms, be:

- a) used for the Issuer's general funding purposes; or
- b) in respect of Green Bonds, applied to a green asset portfolio which will be used to finance or refinance, in whole or in part, the Volvo Group's investments in eligible assets as further described in the Green Finance Framework (as amended or supplemented from time to time) available on the Volvo Group website (<https://www.volvogroup.com/content/dam/volvo/volvo-group/markets/global/en-en/investors/debt-information/volvo-green-finance-framework.pdf>) which, for the avoidance of doubt, does not form part of, and shall not be incorporated in, this Prospectus; or
- c) used to finance any other particular identified use of proceeds as stated in the applicable Final Terms.

In respect of (b) above, the Green Finance Framework describes the green asset portfolio and the eligible assets to which an amount equal to the net proceeds of an issuance of Green Bonds may be allocated. The Green Finance Framework has been prepared by the Volvo Group in accordance with *inter alia* the green bond principles of the International Capital Market Association (ICMA) (as may be further updated) (the "**Principles**"). For each issuance of Green Bonds, the Volvo Group will comply with the following four core components of the Principles: (i) the description of the use of proceeds of the Green Bonds, (ii) the disclosure of its process for project evaluation and selection, (iii) the management of the proceeds of the Green Bonds and (iv) regular reporting on such use of proceeds.

The Volvo Group also applies the recommendation to use the services of an independent external second opinion provider (the "**Second Party Opinion**"). A Second Party Opinion has been obtained on the Green Finance Framework from the Second Party Opinion provider Cicero, assessing the sustainability of the Green Finance Framework and its alignment with the Principles. It is available on the Volvo Group website (<https://www.volvogroup.com/content/dam/volvo/volvo-group/markets/global/en-en/investors/debt-information/cicero-shades-of-green-volvo-group.pdf>) and, for the avoidance of doubt, does not form part of, and shall not be incorporated in, this Prospectus. Any amendment to such Second Party Opinion, or any new Second Party Opinion, to be provided following an amendment to the Green Finance Framework, the publication of a new Green Finance Framework or in application of any new legislation or regulation, will be made available on the Volvo Group website.

DESCRIPTION OF THE PARENT

General

AB Volvo (publ) (the "**Parent**" or "**AB Volvo**") is the parent company of the Volvo Group and was incorporated on 5 May 1915 under the laws of Sweden for an indefinite period of time. The Parent is registered with the Swedish Companies Registration Office under No. 556012-5790 as a public company with limited liability, has its registered office at SE-405 08 Gothenburg, Sweden and operates under Swedish law. The telephone number of the office is +46 31 66 00 00.

The objects of the Parent's operations are set out in paragraph 2 of its Articles of Association. They include (directly or through subsidiaries) carrying on business within the areas of transport, foodstuffs, energy and finance (with the exception, however, of activities provided for under the Swedish Banking Business Act and the Swedish Credit Market Companies Act), managing real estate and moveable property and carrying on other activities compatible therewith.

The Parent is the holding company of all the companies in the Volvo Group, directly or indirectly, and the assets of the Parent are substantially comprised of shares in Volvo Group companies. The Parent does not conduct any business itself and is therefore dependent on the Volvo Group companies and the revenues received by them.

The Volvo Group is an international transport equipment group with a worldwide marketing organisation and production. The Parent started production of cars in 1927 and of trucks in 1928. Historically, the Volvo Group has operated in two main areas: cars and vehicles for commercial use. The latter includes trucks, buses, construction equipment and marine and industrial engines. Operations have also included production of aircraft engine components and related services. The Volvo Group also has a financial services operation. In March 1999, the Volvo Group sold Volvo Cars to Ford Motor Company. Through the acquisition of Mack Trucks Inc. and Renault V.I. in 2001, the Volvo Group strengthened its position as a producer of heavy duty trucks. The Volvo Group and Daimler Truck AG complete creation of fuel-cell joint venture: cellcentric

On 1 March 2021, the Volvo Group and Daimler Truck AG completed the transaction to form the previously announced fuel-cell joint venture. The Volvo Group has acquired 50 percent of the partnership interests in the existing Daimler Truck Fuel Cell GmbH & Co. KG for approximately SEK 6.3 billion (approximately EUR 0.6 billion) on a cash and debt-free basis. The ambition is to make the new joint venture a leading global manufacturer of fuel-cells, and thus help the world take a major step towards climate-neutral and sustainable transportation by 2050. Daimler Truck AG and the Volvo Group have agreed to rename the company cellcentric GmbH & Co. KG. The joint venture will develop, produce and commercialize fuel-cell systems for use in heavy-duty trucks as the primary focus, as well as other applications. A key goal of Daimler Truck AG and the Volvo Group is to start with customer tests of trucks with fuel-cells in about three years and to commence series production during the second half of this decade. The Volvo Group and Daimler Truck AG own equal interests in the joint venture, but continue to be competitors in all other areas such as vehicle technology and fuel-cell integration in trucks. Shortage of semiconductors impacting production

On 22 March 2021, the Volvo Group announced that the global shortage of semiconductors will have a substantial impact on the Volvo Group's production in the second quarter. In the beginning of the quarter, the Group would implement stop days across its global truck manufacturing operations. In total, these were estimated to between two and four weeks depending on production site. In addition, disturbances were also expected to impact the Group's other business areas. Visibility into the global supply chain of semiconductors as well as other components was at the time very low and the uncertainty about the development high. The disturbances were expected to have a negative impact on earnings and cash flow.

The Volvo Group and its business partners were working hard to minimize the number of vehicles affected and the impact on customers by keeping flexibility to be able to increase production when possible.

The transaction is estimated to have a positive impact on the Volvo Group's operating income in the second quarter 2021 of close to SEK 2 billion and increase the Volvo Group's net cash position by approximately SEK 19 billion.

The Alliance between the Volvo Group and Isuzu Motors is set to build a long-term and robust relationship. Alliance work is now entering the next phase to derive potential synergies in areas that will encompass but are not be limited to:

- Exploring further opportunities for even broader and deeper collaboration within the commercial vehicle businesses across geographical areas and product lines for future urban logistics solutions.
- Exploring cooperation in the areas of purchasing and logistics, leveraging common technology, as well as the geographical footprint complementarity and volume expansion.

The Volvo Group and Isuzu Motors will establish a Joint Alliance Office, with facilities both in Japan and Sweden, which will be overseen by an Alliance Board comprising the Isuzu Motors President, the Volvo Group CEO and other key executives from the two groups.

The Alliance is agreed to have a minimum duration of 20 years and is intended to address possibilities and challenges of the logistics industry of the future, maximizing value and benefits for customers as well as for society.

Litigation

In January 2011, the Volvo Group and a number of other companies in the truck industry became part of an investigation by the European Commission regarding a possible violation of EU antitrust rules. The Volvo Group co-operated fully with the European Commission in the investigation. In July 2016, the Volvo Group reached a settlement with the European Commission in the investigation. Following the adoption of the European Commission's settlement decision, the Volvo Group has received and will be defending itself against numerous private damages claims brought by customers and other third parties alleging that they

suffered loss by reason of the conduct covered in the decision. The claims are being brought in various countries by claimants either acting individually or as part of a wider group or class of claimants. Further claims are likely to be commenced. At this stage, it is not possible to make a reliable estimate of any liability that could arise from any such proceedings. An adverse outcome or outcomes of some or all of the litigation, depending on the nature and extent of such outcomes, may have a material impact on the Volvo Group's financial results. The other legal proceedings and investigations described in Note 21 and Note 24 in the Volvo Group Annual and Sustainability Report 2020 are progressing but no material changes have occurred in these matters in the first quarter of 2021.

As noted in Note 21 and 24 in the Volvo Group Annual and Sustainability Report 2020, the Volvo Group has detected that an emissions control component used in certain markets and models, may degrade more quickly than expected, affecting the vehicles emission performance negatively. The Volvo Group made a provision of SEK 7 billion impacting the operating income in the fourth quarter of 2018, relating to the estimated costs to address the issue. Negative cash flow effects started in 2019 and will gradually increase in the coming years. The Volvo Group will continuously assess the size of the provision as the matter develops.

The Volvo Group is also involved in a number of legal proceedings other than those described above. The Volvo Group's assessment is that such other legal proceedings in aggregate are not likely to entail any risk of having a material effect on the Volvo Group's financial position.

TAXATION

The tax laws of the investors' State and of the Issuer's State of incorporation might have an impact on the income received from the Notes. Prospective purchasers of Notes should consult their own tax advisers as to which countries' tax laws could be relevant to acquiring, holding and disposing of Notes and receiving payments of interest, principal and/or other amounts under the Notes and the consequences of such actions under the tax laws of those countries.

The following is a general description of certain Swedish and Luxembourg tax considerations relating to the Notes. It does not purport to be a complete analysis of all tax considerations relating to the Notes, whether in those countries or elsewhere. Prospective purchasers of Notes should consult their own tax advisers as to which countries' tax laws could be relevant to acquiring, holding and disposing of Notes and receiving payments of interest, principal and/or other amounts under the Notes and the consequences of such actions under the tax laws of those countries. This summary is based upon the law as in effect on the date of this Prospectus and is subject to any change in law that may take effect after such date.

Swedish Taxation

The following overview outlines certain Swedish tax consequences of the acquisition, ownership and disposal of Notes. The overview is based on the laws of Sweden as currently in effect and is intended to provide general information only. The overview is not exhaustive and does thus not address all potential aspects of Swedish taxation that may be relevant for a potential investor in the Notes and is neither intended to be nor should be construed as legal or tax advice. In particular, the overview does not address the rules regarding reporting obligations for, among others, payers of interest. Specific tax consequences may be applicable to certain categories of corporations, e.g. investment companies and life insurance companies, not described below. Investors should consult their professional tax advisors regarding the Swedish and foreign tax consequences (including the applicability and effect of double taxation treaties) of acquiring, owning and disposing of Notes in their particular circumstances.

Non-resident holders of Notes

As used herein, a non-resident holder means a holder of Notes who is (a) an individual who is not a resident of Sweden for tax purposes and who has no connection to Sweden other than his/her investment in the Notes, or (b) an entity not organised under the laws of Sweden.

Payments of any principal amount or any amount that is considered to be interest for Swedish tax purposes to a non-resident holder of any Notes should not be subject to Swedish income tax provided that such holder does not carry on business activities through a permanent establishment in Sweden to which the Notes are effectively connected. Under Swedish tax law, no withholding tax is imposed on payments of principal or interest to a non-resident holder of any Notes.

Under Swedish tax law, a capital gain on a sale of Notes by a non-resident holder will not be subject to Swedish income tax unless the non-resident holder of Notes carries on business activities in Sweden through a permanent establishment to which the Notes are effectively connected.

Private individuals who are not resident in Sweden for tax purposes may be liable to capital gains taxation in Sweden upon disposal or redemption of certain financial instruments, depending on the classification of the particular financial instrument for Swedish income tax purposes, if they have been resident in Sweden or have lived permanently in Sweden at any time during the calendar year of disposal or redemption or the ten calendar years preceding the year of disposal or redemption.

Resident holders of Notes

As used herein, a resident holder means a holder of Notes who is (a) an individual who is a resident in Sweden for tax purposes or (b) an entity organised under the laws of Sweden.

Generally, for Swedish corporations and private individuals (and estates of deceased individuals) that are resident holders of any Notes, all capital income (e.g. income that is considered to be interest for Swedish tax purposes and capital gains on Notes) will be taxable.

If the Notes are registered with Euroclear Sweden AB or held by a Swedish nominee in accordance with the Swedish Financial Instruments Accounts Act (SFS 1998:1479), Swedish preliminary taxes are withheld

by Euroclear Sweden AB or by the nominee on payments of amounts that are considered to be interest for Swedish tax purposes to a private individual (or an estate of a deceased individual) that is a resident holder of any Notes.

Luxembourg Taxation

The following overview is of a general nature and is included herein solely for information purposes. It is based on the laws in force in Luxembourg at the date of this Prospectus, which are subject to changes or different interpretation. It does not purport to be a comprehensive description of all the tax considerations which may be relevant to a decision to purchase, own or dispose of the Notes and is not intended to be, nor should it be construed to be, legal or tax advice. The information contained within this section is limited to Luxembourg withholding tax issues and prospective investors in the Notes should therefore consult their own professional advisers as to the effects of state, local or foreign laws, including Luxembourg tax law, to which they may be subject.

Please be aware that the residence concept used under the respective headings below applies for Luxembourg income tax assessment purposes only. Any reference in the present section to a withholding tax or a tax of a similar nature refers to Luxembourg tax law and/or concepts only.

A holder of the Notes may not become resident, or deemed to be resident, in Luxembourg by reason only of the holding of the Notes, or the execution, performance, delivery and/or enforcement of the Notes.

Withholding Tax

(i) Non-resident holders of Notes

Under Luxembourg general tax laws currently in force, there is no withholding tax on payments of principal, premium or interest made to non-resident holders of the Notes, nor on accrued but unpaid interest in respect of the Notes, nor is any Luxembourg withholding tax payable upon redemption or repurchase of the Notes held by non-resident holders of Notes.

(ii) Resident holders of Notes

Under Luxembourg general tax laws currently in force and subject to the law of 23 December 2005, as amended (the "**Relibi Law**") and mentioned below, there is no withholding tax on payments of principal, premium or interest made to Luxembourg resident holders of Notes, nor on accrued but unpaid interest in respect of Notes, nor is any Luxembourg withholding tax payable upon redemption or repurchase of Notes held by Luxembourg resident holders of Notes.

However, under the Relibi Law, payments of interest or similar income made or ascribed by a paying agent established in Luxembourg to or for the benefit of an individual beneficial owner who is a resident of Luxembourg will be subject to a withholding tax at a current rate of 20 per cent. Such withholding tax will be in full discharge of income tax if the beneficial owner is an individual acting in the course of the management of his/her private wealth. Responsibility for the withholding of the tax will be assumed by the Luxembourg paying agent. Payments of interest under the Notes coming within the scope of the Relibi Law would be subject to withholding tax at a current rate of 20 per cent.

U.S. Foreign Account Tax Compliance Withholding

The United States has enacted rules, commonly referred to as "**FATCA**", that generally impose a new reporting and withholding regime with respect to certain payments made after 31 December 2018 by entities that are classified as financial institutions under FATCA. The United States has entered into an intergovernmental agreement regarding the implementation of FATCA with other territories, including Sweden (each an "**IGA**"). Under the Sweden IGA, as currently drafted, the Issuer does not expect payments made on or with respect to the Notes to be subject to withholding under FATCA. However, significant aspects of when and how FATCA will apply remain unclear, and no assurance can be given that withholding under FATCA will not become relevant with respect to payments made on or with respect to the Notes in the future. Prospective investors should consult their own tax advisors regarding the potential impact of FATCA.

The proposed financial transactions tax ("FTT")

On 14 February 2013, the European Commission published a proposal (the "**Commission's Proposal**") for a Directive for a common FTT in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia (the "**participating Member States**"). However, Estonia has since stated that it will not participate.

The Commission's Proposal has very broad scope and could, if introduced, apply to certain dealings in Notes (including secondary market transactions) in certain circumstances. Primary market transactions referred to in Article 5(c) of Regulation (EC) No. 1287/2006 are expected to be exempt.

Under the Commission's Proposal the FTT could apply in certain circumstances to persons both within and outside of the participating Member States. Generally, it would apply to certain dealings in Notes where at least one party is a financial institution, and at least one party is established in a participating Member State. A financial institution may be, or be deemed to be, "established" in a participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a participating Member State.

However, the FTT proposal remains subject to negotiation between participating Member States. It may therefore be altered prior to any implementation, the timing of which remains unclear. Additional EU Member States may decide to participate.

Prospective holders of Notes are advised to seek their own professional advice in relation to the FTT.

Terms used in the preceding paragraph and in this paragraph have the meanings given to them by Regulation S under the Securities Act.

Until 40 days after the commencement of the offering of any Series of Notes, an offer or sale of such Notes within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act if such offer or sale is made otherwise than in accordance with an available exemption from registration under the Securities Act.

The Notes are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a United States person, except in certain transactions permitted by U.S. Treasury regulations. The applicable Final Terms will indicate whether TEFRA D rules apply or whether TEFRA is not applicable.

provided that no such offer of Notes referred to in (A) to (C) above shall require the Issuer or any Dealer to publish a prospectus pursuant to section 85 of the FSMA or supplement a prospectus pursuant to Article 23 of the UK Prospectus Regulation.

11. Conflicts

Certain of the Dealers and their affiliates have engaged, and may in the future engage, in investment banking and/or commercial banking transactions with, and may perform services for, the Issuer and their affiliates in the ordinary course of business.

In addition, in the ordinary course of their business activities, the Dealers and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of the Issuer or the Issuer's affiliates. Certain of the Dealers or their affiliates that have a lending relationship with the Issuer routinely hedge their credit exposure to the Issuer consistent with their customary risk management policies. Typically, such Dealers and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in securities, including potentially the Notes issued under the Programme. Any such short positions could adversely affect future trading prices of Notes issued under the Programme. The Dealers and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

12. Material Contracts

The Issuer did not conclude any material contract not entered into in the ordinary course of its business, which could result in it being under an obligation or entitlement that is material to the Issuer's ability to meet its obligation to Noteholders in respect of the Notes being issued.

The Parent did not conclude any material contract not entered into in the ordinary course of its business, which could result in it being under an obligation or entitlement that is material to the Parent's ability to meet its obligation under the Guarantee.

The Issuer's LEI Code is 549300PD69T87IGZG395.
