(a) With respect to BLNs for which "Cash Settlement" is specified to be the Settlement Method in the applicable Final Terms (or if Cash Settlement is applicable as the Fallback Settlement Method), the Calculation Agent shall determine, based on the then current market practice in the market of the Reference Bond or, where ISDA Bond Event is Applicable the Reference Obligation, whether the Outstanding Principal Balance of the Reference Bond or, where ISDA Bond Event is Applicable the Reference Obligation, shall include or exclude accrued but unpaid interest and, if applicable, the amount thereof.

(b) With respect to BLNs for which "Physical Settlement" is specified to be the Settlement Method in the applicable Final Terms (or if Physical Settlement is applicable as the Fallback Settlement Method), the Outstanding Principal Balance of the Deliverable Obligations being Delivered will include accrued but unpaid interest, unless "*Exclude Accrued Interest*" is specified in the applicable Final Terms, in which case, the Outstanding Principal Balance of the Deliverable Obligations being Delivered will exclude accrued but unpaid interest (as the Calculation Agent shall determine).

(d) **Provisions relating to Risk Events**

(i) Definitions

Risk Event means the occurrence or existence in the determination of the Calculation Agent during the Observation Period of any of the following:

- (a) Ownership Restriction Event, unless specified as Not Applicable in the applicable Final Terms;
- (b) Settlement/Custodial Event, unless specified as Not Applicable in the applicable Final Terms;
- (c) Regulatory Change Event, unless specified as Not Applicable in the applicable Final Terms;
- (d) Reference Asset Early Redemption Event, unless specified as Not Applicable in the applicable Final Terms;
- (e) Hedging Event, unless specified as Not Applicable in the applicable Final Terms; and
- (f) Early Redemption On First Event, if specified as applicable in the applicable Final Terms,

where:

Custodian means any custodian, sub-custodian, depository, settlement system, bank or clearing house (or any agent or delegate of any of the foregoing) or any exchange used by the Reference Investor in any Reference Asset as part of any Custodial/Settlement Arrangement entered into from time to time.

Custodial/Settlement Arrangement means any formal or informal (express or implied) arrangement, method, means or account type through which the Reference Investor in any Reference Asset may hold, directly or indirectly, an interest (including a beneficial interest) in the Reference Asset and/or any amount received in respect thereof.

Dual Notes means Notes whose terms are such that they constitute both BLNs and Credit Linked Notes.

Early Redemption On First Event, if specified as Applicable in the applicable Final Terms means the occurrence of a Bond Event, and in the case of a Basket BLN, means the first Bond Event to occur in time in relation to any Reference Bond within the Basket, or where Bankruptcy is specified as a Bond Event in the applicable Final Terms, upon the Bankruptcy of any Reference Entity of the Basket BLN. For the avoidance of doubt this provision is Not Applicable if either (i) not specified as Applicable or (ii) specified as Not Applicable, in the applicable Final Terms.

Hedging Event means the occurrence of either of the following events or circumstances arising due to any reason (including but not limited to the adoption of, application of or change of any applicable law or regulation after the Issue Date of the BLNs):

- (a) it becomes impossible or impracticable for the Issuer or any of its Affiliate Companies or its counterparty of any relevant transaction to:

- (A) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) it deems necessary in order to hedge its obligations with respect to the relevant BLNs (a **Hedging Transaction**); or
 - (B) realise, recover or remit the proceeds of any such Hedging Transaction; or
- (b) the Issuer or any of its Affiliate Companies or the counterparty under such Hedging Transaction would be subject to an increased cost (as compared to the circumstances existing on the Issue Date in respect of such Series of BLNs) in entering into or maintaining any Hedging Transaction (including, but not limited to, any internal cost arising as a result of compliance with any applicable law or regulation),

in each case as determined by the Calculation Agent in its sole and absolute discretion.

Ownership Restriction Event means the occurrence after the Issue Date of any event or existence of any condition that either (i) has the effect of it being illegal, impossible for, or has the effect of prohibiting or restricting, the Reference Investor from purchasing, holding, receiving, selling, freely transferring or remaining the owner of any Reference Asset or any amount received in respect thereof or (ii) would cause any Reference Investor to be subject to withholding taxes other than as contemplated on the Issue Date of the relevant Notes.

Reference Asset means notional acquisition of and maintaining of a notional long position in any bond(s) issued, by the relevant Reference Entity/ies (or equivalent total return swap(s) including funding costs) for an amount equal to, or otherwise relevant in respect of, the relevant Reference Bond Aggregate Amount, or as otherwise specified in the applicable Final Terms.

Reference Asset Early Redemption Event means the occurrence after the Issue Date of a redemption, buy-back, repayment, restructuring, write-down or debt exchange (howsoever described) of any Reference Asset prior to its scheduled maturity date.

Reference Investor means any person that holds any Reference Asset which may include the Issuer and/or any of its affiliates.

Regulatory Change Event means:

- (a) the adoption of or change in the interpretation or administration of, any law, rule, directive, decree or regulation on or after the Issue Date by any Governmental Authority; and/or
- (b) the compliance by the Reference Investor in the Reference Asset with any request or directive of any Governmental Authority (as defined below, provided that such term shall also include any taxing authority),

which in each case, would, in respect of any amount of Reference Asset (and/or any amount received in respect thereof) which the Reference Investor in a Reference Asset could have held during the term of the BLNs, impose, modify or apply any tax, charge, duty, reserve, special deposit, insurance assessment or any other requirement on the Reference Investor and this results in additional costs to the Reference Investor.

Settlement/Custodial Event means (1) the occurrence after the Issue Date of any event, the existence of any condition or the taking of any action that results, or may result with the passage of time, in the Bankruptcy (as defined above and wherein, references to "Reference Entity(ies)" shall mean to "Custodian") of any Custodian; or (2) in respect of the Reference Asset owned by such Reference Investor or any amount received in respect thereof, a Custodian (i) fails to perform in a timely manner any or all of its obligations owed to a Reference Investor under any Custodial/Settlement Arrangement, or (ii) fails to take any action when instructed to do so by such Reference Investor pursuant to the terms of any Custodial/Settlement Arrangement, or (iii) takes any action which is contrary to the terms of any Custodial/Settlement Arrangement; in each case that affects or may affect, in the determination of the Calculation Agent, the Issuer's obligations with respect to the BLNs.

(ii) Operative Provisions

For the avoidance of doubt, upon the occurrence of any event which constitutes both a Bond Event and a Risk Event, such event shall be treated as a Risk Event and in such case the provisions applicable to Risk Event shall prevail over those applicable to Bond Event.

Redemption on the occurrence of a Risk Event:

If, at any time during the Observation Period, the Calculation Agent notifies the Issuer that it has determined that a Risk Event has occurred (giving details of such Risk Event and specifying the applicable Risk Event Determination Date) (the **Calculation Agent's RE Notice**) then the Issuer shall give written notice to the Fiscal Agent of such determination and the Risk Event Redemption Date (the **Risk Event Redemption Event Notice**).

The Issuer shall forthwith notify the Noteholders in accordance with the Conditions.

Following such Risk Event Redemption Event Notice, the Notes shall be redeemed (in whole but not in part in the case of Single BLNs, or in part in the case of Basket BLNs being the whole of the relevant portion thereof save in the case of an Early Redemption On First Event where the Notes shall be redeemed in whole but not in part) on the Risk Event Redemption Date (irrespective of whether the relevant Risk Event is continuing after such date) at the relevant Early Redemption Amount.

Where:

Risk Event Redemption Date means the date on which the Issuer will redeem the Notes further to the occurrence of a Risk Event and the delivery of the Calculation Agent's RE Notice. The Risk Event Redemption Date shall occur: (i) for BLNs with American Settlement and/or the relevant portion of the Basket BLNs with American Settlement, not earlier than five (5) Business Days and not later than ten (10) Business Days after the date of delivery of such Calculation Agent's RE Notice and (ii) for BLNs with European Settlement and/or the relevant portion of the Basket BLNs with European Settlement on the Maturity Date unless otherwise specified in the applicable Final Terms.

Risk Event Determination Date means the date specified as such in the Calculation Agent's RE Notice.

(e) ***Provisions relating to BLNs where ISDA Bond Event is Applicable***

For the avoidance of doubt, the provisions of this Condition 14(e) shall apply in respect of the definition of "Obligation" insofar as the context permits.

For the avoidance of doubt, where "ISDA Bond Event" is specified as applicable in the applicable Final Terms as contemplated in this Condition 14(e), the definition of "Bond Event" below shall be replaced by the definition of "Credit Event" and shall be construed accordingly and all references to a "Bond Event" shall be construed as references to a "Credit Event".

(i) **Physical Settlement Matrix**

If the Final Terms specify a Transaction Type in respect of any Reference Entity, the provisions specified as applicable in respect of a Reference Entity in the Physical Settlement Matrix shall apply to such Reference Entity in the same way as if the Physical Settlement Matrix were reproduced in full in the Final Terms.

(ii) **Auction Settlement**

If the applicable Settlement Method is Auction Settlement, following satisfaction of the Settlement Conditions in respect of any Reference Bond, the Risk Settlement Amount in Condition 14(b)(ii) shall be the Auction Settlement Amount and such amount shall be paid on the Maturity Date following the Auction Settlement Date, unless prior to such settlement occurring a Fallback Settlement Event arises, in which case the Issuer shall fulfil its payment obligations in accordance with the Fallback Settlement Method. If the Settlement Conditions in respect of a new Credit Event are satisfied following the occurrence of a Fallback Settlement Event in respect of a first Credit Event, and if no Fallback Settlement Event arises in respect of such new Credit Event, the Issuer shall, if it so decides at the latest on the Valuation Date concerned, redeem the BLNs in accordance with this Condition 14, by means of Auction Settlement.

If Physical Settlement is applicable and Auction Settlement is applicable in the case of a Physical Settlement Fallback Event, for the avoidance of doubt, each Noteholder shall, in relation to any delivery or payment (in the case of a Physical Settlement Fallback Event) obligation of the Issuer under this Condition, receive a *pro rata* share of the Deliverable Obligations(s), and/or the Auction Settlement Amount determined on the basis of such Noteholder's individual holding of Notes.

(iii) **Asset Package delivery**

If Asset Package Delivery is specified as applicable in the applicable Final Terms, Asset Package Delivery will apply if an Asset Package Credit Event occurs, unless (i) such Asset Package Credit Event occurs prior to (a) the Credit Event Backstop Date determined in respect of the Credit Event specified in the Credit Event Notice or (b) the date of the DC Credit Event Announcement applicable to the Credit Event Determination Date, or (ii) if the Reference Entity is a Sovereign, no Package Observable Bond exists immediately prior to such Asset Package Credit Event.

If Asset Package Delivery applies, (i) Delivery of a Prior Deliverable Obligation or a Package Observable Bond specified in the Notice of Physical Settlement or NOPS Amendment Notice, as applicable, may be satisfied by Delivery of the related Asset Package, and such Asset Package shall be treated as having the same currency, Outstanding Principal Balance or Due and Payable Amount, as applicable, as the Prior

Deliverable Obligation or Package Observable Bond to which it corresponds had immediately prior to the Asset Package Credit Event, (ii) the relevant provisions of the definition "Deliver" shall be deemed to apply to each Asset in the Asset Package provided that if any such Asset is not a Bond, it shall be treated as if it were a Loan for these purposes, (iii) if the Asset Package is zero, the Outstanding Amount of the Prior Deliverable Obligation or Package Observable Bond shall be deemed to have been Delivered in full three Business Days following the date on which the Issuer (or the Calculation Agent acting on its behalf) has notified the Noteholders in accordance with the provisions of Condition 14 of the Terms and Conditions of the English Law Notes and Condition 13 of the Terms and Conditions of the French Law Notes of the reasonably detailed description of the Asset Package that the Issuer intends to Deliver pursuant to a Notice of Physical Settlement, (iv) the Issuer may satisfy its obligation to make Delivery of the Prior Deliverable Obligation or Package Observable Bond in part by Delivery of each Asset in the Asset Package in the correct proportion and (v) if the relevant Asset is a Non-Transferable Instrument or Non-Financial Instrument, the Asset shall be deemed to be an amount of cash equal to the Asset Market Value.

(iv) Obligation Characteristics

If either of the Obligation Characteristic "*Listed*" or "*Not Domestic Issuance*" is specified in the applicable Final Terms, or is applicable in respect of the Transaction Type concerned, the Final Terms shall be interpreted as if the relevant Obligation Characteristic had only been specified as an Obligation Characteristic for Bonds.

If "*Financial Reference Entity Terms*" and "*Governmental Intervention*" are specified as applicable in the applicable Final Terms, if an obligation would otherwise satisfy a particular Obligation Characteristic or Deliverable Obligation Characteristic, the existence of any terms in the relevant obligation in effect at the time of making the determination which permit the Reference Entity's obligations to be altered, discharged, released or suspended in circumstances which would constitute a Governmental Intervention, shall not cause such obligation to fail to satisfy such Obligation Characteristic or Deliverable Obligation Characteristic.

If "*Subordinated European Insurance Terms*" is specified as applicable in the applicable Final Terms, if an obligation would otherwise satisfy the "*Maximum Maturity*" Deliverable Obligation Characteristic, the existence of any Solvency Capital Provisions in such obligation shall not cause it to fail to satisfy such Deliverable Obligation Characteristic.

(v) Qualifying Guarantee

If an Obligation or a Deliverable Obligation is a Relevant Guarantee, the following provisions shall apply:

- (a) For the purposes of application of the Obligation Category, the Relevant Guarantee shall be deemed to be described by the same category or categories as those describing the Underlying Obligation;
- (b) For the purposes of application of the Obligation Characteristics, both the Relevant Guarantee and the Underlying Obligation must satisfy, on the relevant date or dates, each of the Obligation Characteristics, if any, specified in the applicable Final Terms, or applicable in respect of the relevant Transaction Type, from the following list: Not Subordinated, Credit Linked

Specified Currency, Not Sovereign Lender, Not Domestic Currency, Listed, Not Domestic Issuance and Not Domestic Law;

- (c) For the purposes of application of the Obligation Characteristics or the Deliverable Obligation Characteristics, only the Qualifying Guarantee must satisfy, on the relevant date or dates, the "*Not Subordinated*" Obligation Characteristic, if it is specified in the applicable Final Terms or is applicable in respect of the Transaction Type concerned;
- (d) For the purposes of application of the Obligation Characteristics or the Deliverable Obligation Characteristics, only the Underlying Obligation must satisfy, on the relevant date or dates, each of the Obligation Characteristics, if any, specified in the applicable Final Terms or applicable in respect of the Transaction Type concerned, from the following list: Listed and Not Domestic Issuance; and
- (e) For the purposes of application of the Obligation Characteristics or the Deliverable Obligation Characteristics to an Underlying Obligation, references to the Reference Entity are deemed to refer to the Underlying Obligor.

(vi) Succession Event

If one or more Successors have been identified in respect of a Reference Entity (the **Affected Entity**):

- (a) The Affected Entity shall no longer be a Reference Entity (unless it is a Successor);
- (b) Any Successor shall be deemed to be a Reference Entity only (i) insofar as such Successor assumes the entirety of the obligations and liabilities contained in the relevant Reference Bond and (ii) in the absence of any Reference Asset Early Redemption Event, in each case as determined by the Issuer or the Calculation Agent on its behalf in respect of the relevant Reference Bond;
- (c) The Calculation Agent may make any changes to this Condition 14 required to preserve the economic effects of the obligations of the Issuer under the BLNs immediately prior to the relevant Succession Event (considered in the aggregate); and
- (d) Substitute Reference Obligations.

If:

- (I) a Reference Obligation is specified in the applicable Final Terms;
- (II) one or more Successors to the relevant Reference Entity have been identified; and
- (III) one or more of such Successors have not assumed the entirety of the obligations and liabilities contained in the Reference Obligation,

a Substitute Reference Obligation shall be determined in accordance with the definition of "Substitute Reference Obligation".

(vii) Determination by the Calculation Agent relating to Credit Derivatives Committees

In exercising its duties in respect of the BLNs, the Calculation Agent shall act in its sole and absolute discretion and, save as expressly stipulated otherwise, shall not be required to follow the determinations of the competent Credit Derivatives Determinations Committee, or to act in accordance therewith. If the Calculation Agent chooses to rely on the determinations of the Credit Derivatives Determinations Committee, it may do so without incurring any liability.

If, where the Calculation Agent has followed a DC Resolution for the purposes of any calculation or determination relating to the BLNs, the Credit Derivatives Determinations Committee announces publicly that such DC Resolution has been reversed by a subsequent DC Resolution, such reversal shall be taken into account for the purposes of any subsequent calculation. The Calculation Agent, acting in a commercially reasonable manner, shall make all necessary adjustments to future payments to take this reversal into account, including any payment of additional interest, any reduction in an amount of interest or any other amount payable in respect of the BLNs. For the avoidance of doubt, interest accrued up to and including the date of calculation of any such adjustments shall not be affected.

DC Resolution effect

Any DC Resolution of the relevant Credit Derivatives Determinations Committee that is applicable to such BLNs, including a DC Resolution that reverses a previous DC Resolution, shall be binding on the Calculation Agent:

provided that:

- (a) if the effect of a DC Resolution would be to reverse (A) a prior DC Resolution of the relevant Credit Derivatives Determinations Committee, (B) any determination made by the Calculation Agent that is effectively notified to the Issuer or the Noteholders prior to the fifth Business Day which immediately precedes the Successor Resolution Request Date or a Substitute Reference Obligation Resolution Request Date, as applicable, or (C) the occurrence of a Credit Event Determination Date, that, in any case, has resulted in:

- (I) the identification of one or more Successors;
- (II) the identification of a Substitute Reference Obligation; or
- (III) the occurrence of an Auction Final Price Determination Date or Settlement Date, as applicable, or to the extent of the occurrence of a Valuation Date or Delivery Date, as applicable, in each case, on or prior to the date that the DC Secretary publicly announces such DC Resolution of the relevant Credit Derivatives Determinations Committee,

then such DC Resolution shall not be effective for purposes of the BLNs, or, in the case of a Valuation Date or Delivery Date only, shall not be effective to the extent that a Valuation Date or Delivery Date has occurred; and

- (b) if the relevant BLN Final Terms include any provision that seeks to amend or override the terms of this paragraph (vii) by expressly referring in writing to

this paragraph, then any DC Resolution shall not be effective for purposes of such BLN; and

notwithstanding:

- (I) that the Terms and Conditions, or any provisions incorporated in the applicable Final Terms, as applicable, may require such determination to be made by the Calculation Agent;
- (II) any provision in the Terms and Conditions that governs the relevant BLNs and/or the applicable Final Terms, as applicable, that describes an alternative mechanism for resolving any matter that is Resolved by the relevant Credit Derivatives Determinations Committee;
- (III) that in order to reach such DC Resolution, the relevant Credit Derivatives Determinations Committee may be required to Resolve one or more factual matters before being able to reach such DC Resolution; and
- (IV) any actual or perceived conflict of interest on the part of a DC Party, legal counsel or other third-party professional hired by such DC Party in connection with such DC Party's performance of its duties under the DC Rules.

(f) **General provisions concerning BLNs**

(i) Determinations of the Calculation Agent

Notwithstanding the provisions of paragraph (e)(vii) above, if ISDA Bond Event is Applicable, the Calculation Agent's determination of any amount or of any situation, any circumstance, any event or any other question, the formation of any opinion or exercise of any discretionary power that must or can be determined, formed or exercised by the Calculation Agent under this Condition 14, respectively, shall be (except in the event of manifest error) final and binding on the Issuer and the Noteholders. In exercising its duties in respect of the BLNs, the Calculation Agent shall act in its sole and absolute discretion. If the Calculation Agent is required to make any determination, it may, *inter alia*, decide issues of construction and legal interpretation. Any delay, deferral or forbearance in the performance of any of the obligations of the Calculation Agent or in the exercise of any of its discretions in respect of the BLNs, including, without limitation, the giving of any notification by the Calculation Agent to any person, shall not affect the validity or the binding nature of any subsequent performance of such obligation or of any subsequent exercise of such discretion, and neither the Calculation Agent nor the Issuer shall assume any liability in respect of or as a result of such delay, such deferral or such forbearance, except in the event of wilful misconduct or gross negligence.

(ii) Change in Reference Entity

If in respect of a Reference Bond, an entity (the **Succeeding Entity**) distinct from the Reference Entity specified in the Final Terms assumes or shall assume the entirety of the liabilities and obligations in respect of a Reference Bond, the Succeeding Entity shall become the Reference Entity in respect of the relevant Reference Bond(s), effective from the date on which such liabilities and obligations are assumed and the Issuer, or the Calculation Agent on its behalf, shall notify the Noteholders, in accordance with Condition 14 of the Terms and Conditions of the English Law Notes

or, as applicable, Condition 13 of the Terms and Conditions of the French Law Notes, of the change in Reference Entity in respect of such Reference Bond.

(iii) Changes to this Condition 14 in relation to adjustments

The Calculation Agent, acting reasonably, may make changes to this Condition 14 directly resulting from adjustments made pursuant to the provisions of this Condition 14, such as the provisions concerning succession events set out below and to the extent necessary to ensure consistency with the prevailing market standards or market conventions.

The Calculation Agent shall notify the Issuer and the Noteholders of any such change as soon as is reasonably possible.

In particular, the Calculation Agent may make any changes to this Condition 14 to incorporate and to reflect further or alternate documents from time to time published by ISDA with respect to credit derivatives transactions where relevant, and/or the operation of determinations by the Credit Derivatives Determinations Committees which the Calculation Agent determines, in a commercially reasonable manner, necessary or desirable to reflect market practice for credit derivatives transactions.

(iv) Delivery of notices

(a) Any notice or other communication given by the Calculation Agent to the Issuer must be in writing (including facsimile or email) or by telephone.

(b) As soon as is reasonably possible following receipt of a Bond Event Notice, Notice of Publicly Available Information, Notice of Physical Settlement or NOPS Amendment Notice issued by the Calculation Agent, the Issuer shall notify the Noteholders without delay, or ensure that the Calculation Agent notifies the Noteholders thereof on its behalf, in accordance with the provisions of Condition 14 of the Terms and Conditions of the English Law Notes or, as applicable, Condition 13 of the Terms and Conditions of the French Law Notes. Resolutions of the Credit Derivatives Determinations Committees are available, at the date hereof, on ISDA's website (www.isda.org/credit).

(v) Notices of Physical Settlement/NOPS Amendment Notice corrections

The Issuer or the Calculation Agent on its behalf:

(a) may correct any errors or inconsistencies in the description of each Deliverable Obligation contained in the Notice of Physical Settlement or any NOPS Amendment Notice, as applicable, by notice to Noteholders in accordance with the provisions of Condition 14 of the Terms and Conditions of the English Law Notes or, as applicable, Condition 13 of the Terms and Conditions of the French Law Notes prior to the relevant Delivery Date; and

(b) shall, if Asset Package Delivery is applicable, on the NOPS Effective Date, or as soon as reasonably practicable thereafter (but in any case, prior to the Delivery Date), notify the Noteholders in accordance with the provisions of Condition 14 of the Terms and Conditions of the English Law Notes or, as applicable, Condition 13 of the Terms and Conditions of the French Law Notes of the reasonably detailed description of the Asset Package, if any, that it intends to Deliver in lieu of the Prior Deliverable Obligation or Package

Observable Bond, if any, specified in the Notice of Physical Settlement or NOPS Amendment Notice, as applicable, it being understood in each case that such notice shall not constitute a NOPS Amendment Notice.

(vi) Effective date of notices

Any notice referred to in Condition 14(f)(iii) above, issued prior to 17:00 (Paris time) on a London and Paris Business Day shall take effect on that date, and if it is issued after that time or on a day other than a London and Paris Business Day, shall be deemed to take effect on the first following London and Paris Business Day.

(vii) Provisions relating to timing

Subject to sub-paragraphs (iv) and (v) above and (viii) below, in order to determine the day on which an event occurs for purposes of this Condition 14, the demarcation of days shall be made by reference to Greenwich Mean Time (or, if the Transaction Type of the Reference Entity as applicable relates to Japan, Tokyo time), irrespective of the time zone in which such event occurred. Any event occurring at midnight shall be deemed to have occurred immediately prior to midnight.

(viii) Payment timing

Notwithstanding sub-paragraphs (iv) to (vii) above, if a payment is not made by the Reference Entity on its due date or, as the case may be, on the final day of the relevant Grace Period, then such failure to make a payment shall be deemed to have occurred on such day prior to midnight Greenwich Mean Time (or, if the Transaction Type of the Reference Entity as applicable relates to Japan, Tokyo time), irrespective of the time zone of its place of payment.

(ix) Excess amounts

If, on any date, the Calculation Agent determines reasonably that an excess amount has been paid to the Noteholders at that date or prior thereto, then, after notifying the Issuer and the Noteholders of the determination of an excess amount in accordance with Condition 14 of the Terms and Conditions of the English Law Notes or, as applicable, Condition 13 of the Terms and Conditions of the French Law Notes, the Issuer may deduct such excess amount from future payments relating to the BLNs (whether in respect of principal or interest), acting within reason, as necessary to offset such excess amount.

(x) No Frustration

In the absence of other reasons, a BLN will not be considered frustrated, or otherwise void or voidable (whether for mistake or otherwise) solely because:

- (a) any of the Reference Entity(ies) do(es) not exist on, or ceases to exist on or following, the Trade Date; and/or
- (b) any of the Obligations, Deliverable Obligations or the Reference Obligation(s) do not exist on, or cease to exist on or following, the Trade Date.

(g) **Common Definitions**

In this Condition 14:

Affiliate Company means, in relation to an entity (the **First Entity**), any entity controlled directly or indirectly by the First Entity, any entity which controls directly or indirectly the First Entity or any entity directly or indirectly under common control with the First Entity. For these purposes, "control" means ownership of a majority of the voting power of an entity.

Aggregate Outstanding Amount means the aggregate of the face value of any Deliverable Obligation not included in the Outstanding Amount and the Outstanding Amount of all Deliverable Obligations specified in the Notice of Physical Settlement that the Issuer intends to Deliver.

American Settlement means the type of settlement in respect of BLNs for which the Settlement Type specified in the applicable Final Terms is "*American Settlement*".

Bankruptcy means the Reference Entity:

- (i) is dissolved (other than pursuant to a consolidation, amalgamation or merger);
- (ii) becomes insolvent or is unable to pay its debts or fails or admits in writing in a judicial, regulatory or administrative proceeding or filing its inability generally to pay its debts as they become due;
- (iii) makes a general assignment, arrangement, scheme or composition with or for the benefit of its creditors generally, or such a general assignment, arrangement, scheme or composition becomes effective;
- (iv) institutes or has instituted against it a proceeding seeking a judgment of insolvency or bankruptcy or any other similar relief under any bankruptcy or insolvency law or other law affecting creditors' rights or a petition is presented for its winding-up or liquidation, and, in the case of any such proceeding or petition instituted or presented against it, such proceeding or petition (A) results in a judgment of insolvency or bankruptcy or the entry of an order for relief or the making of an order for its winding-up or liquidation or (B) is not dismissed, discharged, stayed or restrained in each case within thirty calendar days of the institution or presentation thereof or before the Maturity Date, whichever is earlier;
- (v) has a resolution passed for its winding-up or liquidation (other than pursuant to a consolidation, amalgamation or merger);
- (vi) seeks or becomes subject to the appointment of an administrator, provisional liquidator, conservator, receiver, trustee, custodian or other similar official for it or for all or substantially all its assets;
- (vii) has a secured party take possession of all or substantially all its assets or has a distress, execution, attachment, sequestration or other legal process levied, enforced or sued on or against all or substantially all its assets and such secured party maintains possession, or any such process is not dismissed, discharged, stayed or restrained, in each case within thirty calendar days thereafter or before the Maturity Date, whichever is earlier; or
- (viii) causes or is subject to any event with respect to it which, under the applicable laws of any jurisdiction, has any analogous effect to any of the events specified in sub paragraphs (i) to (vii) (inclusive) above.

Basket means, in relation to Basket BLNs, the notional "basket" in which more than one Reference Bonds are deemed to be contained.

Basket BLN means BLNs for which a basket of more than one Reference Bonds are specified in the Final Terms.

BLN Business Day means, in respect of a Reference Bond, a day on which the merchant banks and the foreign exchange markets are generally open to settle payments in the place or places specified for that purpose in the applicable Final Terms in respect of such Reference Bond, a TARGET Business Day (if "*TARGET Business Day*" is specified as applicable in the applicable Final Terms), or if such place or places are not so specified, a day on which the merchant banks and the foreign exchange markets are generally open to settle payments in the country of the currency of such Reference Bond Notional Amount.

Bond means any obligation of a type included in the "Borrowed Money" Obligation Category which takes the form of or is represented by a bond, note (other than notes delivered pursuant to Loans), certificated debt security or any other debt security, to the exclusion of any other type of Borrowed Money.

Bond or Loan means any obligation which is either a Bond or a Loan.

Bond Event means, in respect of a Reference Bond, the occurrence of one or more of the following events specified in the applicable Final Terms: Bankruptcy of the relevant Reference Entity, Failure to Pay, Obligation Acceleration, Obligation Default, Repudiation/Moratorium, Restructuring or Governmental Intervention or, where ISDA Bond Event is Applicable, a Credit Event.

If an event would otherwise constitute a Bond Event, such event shall constitute a Bond Event whether or not it arises directly or indirectly from, or is subject to a defence based upon:

- (i) any lack or alleged lack of authority or capacity of the Reference Entity to enter into any Obligation or of an Underlying Obligor to enter into any Underlying Obligation;
- (ii) unenforceability, illegality, impossibility or invalidity, actual or alleged, with respect to any Obligation or, as applicable, any Underlying Obligation, whatever the description thereof;
- (iii) any applicable law, decree, regulation, order or notice, whatever the description thereof, the promulgation of any applicable law, any decree, any regulation, any order or any notice, or any change in the interpretation thereof by any court, any tribunal, any regulatory authority or any similar administrative or judicial body with competent or apparent jurisdiction, whatever the description thereof; or
- (iv) the imposition by any monetary or other authority of any exchange controls, capital restrictions or any other similar restrictions, or any change in such controls or restrictions, whatever the description thereof.

Bond Event Backstop Date means the Trade Date or, where ISDA Bond Event is Applicable, the Credit Event Backstop Date.

Bond Event Determination Date means, in relation to any Bond Event the date determined as provided below by the Issuer or the Calculation Agent on its behalf or, where ISDA Bond Event is Applicable, the Credit Event Determination Date.

Where ISDA Bond Event is Not Applicable, a Bond Event Determination Date means the date on which the relevant Bond Event is deemed to have taken place as described in the Bond Event Notice.

The Issuer (or the Calculation Agent on its behalf) shall inform the Noteholders in accordance with Condition 14 of the Terms and Conditions of the English Law Notes or (as appropriate) Condition 13 of the Terms and Conditions of the French Law Notes of such Bond Event Notice and, where applicable, Notice of Publicly Available Information.

Bond Event Notice means an irrevocable notification given by the Calculation Agent to the Issuer (which the Calculation Agent has the right but not the obligation to deliver) describing a Bond Event that has occurred during the Observation Period or, where ISDA Bond Event is Applicable, a Credit Event Notice.

The following provisions apply where ISDA Bond Event is Not Applicable:

- (i) Any Bond Event Notice that describes a Bond Event that occurred after the Observation Period End Date must relate to the relevant Potential Failure to Pay, in the case of a Grace Period Extension Date, or the relevant Potential Repudiation/Moratorium, in the case of a Repudiation/Moratorium Evaluation Date.
- (ii) A Bond Event Notice must be in respect of all outstanding Notes.
- (iii) A Bond Event Notice shall contain a description in reasonable detail of the facts relevant to the determination that a Bond Event has taken place. The Bond Event the subject of the Bond Event Notice need not be continuing at the effective date of the Bond Event Notice.

Bond Linked Interest Basis means the basis on which interest accrues on any BLN, being at fixed rate, at variable rate or at zero coupon, with or without step up or step down, or any other Interest Basis set out in the Final Terms, from the Interest Commencement Date up to (but excluding) (i) in the case of European Settlement the Scheduled Maturity Date, the Bond Event Determination Date or the Interest Payment Date immediately prior to the Bond Event Determination Date, as specified in the applicable Final Terms, and (ii) in the case of American Settlement the Maturity Date, the Bond Event Determination Date or the Interest Payment Date immediately prior to the Bond Event Determination Date, as specified in the applicable Final Terms.

Borrowed Money means any obligation (excluding any obligation deriving from a revolving credit arrangement for which there are no outstanding unpaid drawings in respect of principal) for the payment or repayment of borrowed money (this term including, without limitation, deposits and repayment obligations resulting from drawdowns made in respect of letters of credit).

Calculation Amount means the amount specified as such in the applicable Final Terms.

Cash Settlement Amount means:

- (i) in relation to a Reference Entity, an amount stated in the Settlement Currency determined by the Calculation Agent in accordance with the following formula:

$$\text{Cash Settlement Amount} = \text{Max}[\text{N} \times (\text{P} - \text{L})] - \text{U}; 0$$

Where:

N means the Reference Bond Notional Amount;

P means the Weighted Average Final Price or, if the applicable Final Terms specify, the Final Price unless the applicable Final Terms specify that the BLN is a Fixed Recovery BLN, in which case P shall mean the figure expressed as a percentage specified in the applicable Final Terms. If a Fixed Recovery Period is specified in the applicable Final Terms, P shall mean (i) the figure expressed as a percentage specified in the applicable Final Terms in relation to any Bond Event Determination Date falling within the Fixed Recovery Period or (ii) the Weighted Average Final Price or, if the applicable Final Terms specify, the Final Price, in relation to any Bond Event Determination Date falling outside of the Fixed Recovery Period;

L means the Reference Overleverage Ratio; and

U means the *pro-rata* share, per Calculation Amount, of the Unwind Costs (unless the applicable Final Terms specify that the Unwind Costs do not apply, in which case U means zero); or

- (ii) in relation to any Physical Settlement Fallback Method, for each Undeliverable Obligation, Undeliverable Loan Obligation, Undeliverable Participation or Unassignable Obligation (as applicable), the aggregate of the greater of (i)(A) the Outstanding Principal Balance, Due and Payable Amount or Currency Amount, as applicable, of each Undeliverable Obligation, Undeliverable Loan Obligation, Undeliverable Participation or Unassignable Obligation (as applicable) multiplied by (B) the Final Price or the Weighted Average Final Price, as specified in the applicable Final Terms, with respect to such Undeliverable Obligation, Undeliverable Loan Obligation, Undeliverable Participation or Unassignable Obligation (as applicable) minus (C) the relevant share of U with respect to such Undeliverable Obligation, Undeliverable Loan Obligation, Undeliverable Participation or Unassignable Obligation (as applicable) and (ii) zero.

Cash Settlement Date means (i) the date falling the number of London and Paris Business Days specified in the applicable Final Terms, (ii) if that number is not specified in the applicable Final Terms, three London and Paris Business Days, in either case immediately following the determination of the Weighted Average Final Price, unless specified otherwise in the applicable Final Terms.

CDS means, if specified as applicable in the applicable Final Terms, notional acquisition of and maintaining of a notional credit default swap on the credit risk of a Reference Entity in respect of a Reference Bond for an amount equal to the relevant Reference Bond Aggregate Amount. If ISDA Bond Event is Applicable then, unless specified otherwise in the applicable Final Terms, CDS is deemed to be Applicable.

Convertible Obligation means any obligation that is convertible, in full or in part, into Equity Securities solely at the option of holders of such obligation or of a trustee or similar agent acting solely on behalf of the bearers of such obligation (or the cash equivalent, whether the cash settlement option is that of the issuer or of (or for the benefit of) the holders of such obligation.

Credit Event shall have the same meaning as it does in Condition 13.

Credit Linked Specified Currency means the currency or currencies stipulated as such in the applicable Final Terms in relation to a Reference Bond or, as applicable where ISDA Bond Event is Applicable, a Reference Obligation of a Reference Entity denominated in such currency or currencies (or, if "*Credit Linked Specified Currency*" is specified in the applicable Final Terms without any currency being specified, any of the Standard Specified Currencies),

provided that, if the euro is a Credit Linked Specified Currency, "Credit Linked Specified Currency" shall also include an obligation that was previously payable in euro, regardless of any redenomination thereafter if such redenomination occurred as a result of action taken by a Governmental Authority of a Member State of the European Union which is of general application in the jurisdiction of such Governmental Authority.

Currency Amount means with respect to (a) a Deliverable Obligation specified in a Notice of Physical Settlement that is denominated in a currency other than the Settlement Currency, an amount converted to the Settlement Currency using a conversion rate determined by reference to the Currency Rate and (b) a Replacement Deliverable Obligation specified in a NOPS Amendment Notice, an amount converted to the Settlement Currency (or, if applicable, back into the Settlement Currency) using a conversion rate determined by reference to the Currency Rate, if any, and each Revised Currency Rate used to convert each Replaced Deliverable Obligation Outstanding Amount specified in each NOPS Amendment Notice with respect to that portion of the BLN(s) into the currency of denomination of the relevant Replacement Deliverable Obligation.

Currency Rate means with respect to (a) a Deliverable Obligation specified in the Notice of Physical Settlement or any NOPS Amendment Notice, as applicable, the rate of conversion between the Settlement Currency and the currency in which the Outstanding Amount of such Deliverable Obligation is denominated that is either (i) determined by reference to the Currency Rate Source as at the Next Currency Fixing Time, or (ii) if such rate is not available at such time, as the Calculation Agent shall determine in a commercially reasonable manner and (b) a Replacement Deliverable Obligation specified in a NOPS Amendment Notice, the Revised Currency Rate.

Currency Rate Source means the mid-point rate of conversion published by WM/Reuters at 4:00 p.m. (London time), or any successor rate source as the Calculation Agent shall determine in a commercially reasonable manner.

Dealer means an operator on the Obligation market of the type of Obligation or Obligations (as appropriate) for which prices have to be obtained (as selected by the Calculation Agent in its sole and absolute discretion), which may include the Calculation Agent or any of its Affiliate Companies or a Noteholder or any of its Affiliate Companies.

Default Requirement means the amount as specified in the applicable Final Terms; otherwise:

- (i) If ISDA Bond Event is not Applicable: if the Default Requirement is not indicated in the applicable Final Terms, EUR 1 or its equivalent as calculated by the Calculation Agent in the relevant Obligation Currency, in each case as of the occurrence of the Bond Event concerned.
- (ii) If ISDA Bond Event is Applicable: if a Transaction Type is specified, the amount as specified in the Physical Settlement Matrix or in either case its equivalent as calculated by the Calculation Agent in the Obligation Currency concerned or, if the Default Requirement is not indicated in the applicable Final Terms, USD 10,000,000 or its equivalent as calculated by the Calculation Agent in the relevant Obligation Currency, in each case as of the occurrence of the Bond Event concerned.

Deliver means to deliver, novate, transfer (including, in the case of a Qualifying Guarantee, transfer of the benefit of the Qualifying Guarantee), assign or sell, as appropriate, in the manner customary for the settlement of the applicable Deliverable Obligations (which shall include executing all necessary documentation and taking any other necessary actions), in order to

convey all right, title (or with respect to Deliverable Obligations where any equitable title is customarily conveyed, all equitable title) and interest in the Deliverable Obligations to the Noteholders, free and clear of any and all liens, charges, claims or encumbrances (excluding any liens routinely imposed on all securities in a relevant clearing system, but including, without limitation, any counterclaim, defence (other than a counterclaim or defence as set out in the definition of "Bond Event" or, where relevant, "Credit Event") or right of set-off by or of the Reference Entity or, as applicable, an Underlying Obligor) provided that to the extent that the Deliverable Obligations consist of Direct Loan Participations, **Deliver** means to create (or procure the creation of) a participation in favour of the Noteholders, and to the extent that the Deliverable Obligations consist of Qualifying Guarantees, **Deliver** means to Deliver both the Underlying Obligation and the Guarantee, provided further that if the Guarantee has a Fixed Cap, **Deliver** means to Deliver the Underlying Obligation, the Guarantee and all claims to any amounts which are subject to such Fixed Cap. **Delivery** and **Delivered** will be construed accordingly.

In the case of a Loan, Delivery shall be effected using documentation substantially in the form of the documentation customarily used in the relevant market for Delivery of such Loan at that time.

Deliverable Obligation means the Reference Bond or, where ISDA Bond Event is Applicable:

- (i) each obligation of the Reference Entity (either directly, or as provider of a Relevant Guarantee) described by the Deliverable Obligation Category specified in the applicable Final Terms, and having each of the Deliverable Obligation Characteristics, if any, specified in the applicable Final Terms, in each case, as of the Delivery Date (unless otherwise specified);
- (ii) the Reference Obligation;
- (iii) solely in relation to a Restructuring Bond Event applicable to a Reference Entity which is a Sovereign, and unless Asset Package Delivery is applicable, any Sovereign Restructured Deliverable Obligation; and
- (iv) if Asset Package Delivery is applicable, any Prior Deliverable Obligation (if "Financial Reference Entity Terms" is specified as applicable in the applicable Final Terms) or any Package Observable Bond (if the Reference Entity is a Sovereign),

in each case (a) unless it is an Excluded Deliverable Obligation and (b) provided that the obligation has an Outstanding Principal Balance or Due and Payable Amount that is greater than zero (determined, for the purposes of paragraph (iv), immediately prior to the relevant Asset Package Credit Event).

Delivery Date means with respect to a Deliverable Obligation or an Asset Package as applicable, the date on which such Deliverable Obligation or Asset is Delivered (or deemed Delivered).

Direct Loan Participation means a Loan in respect of which, pursuant to a participation agreement, the Issuer or NATIXIS is capable of creating, or procuring the creation of, a contractual right in favour of each Noteholder that provides each Noteholder with recourse to the participation seller for a specified share in any payments due under the relevant Loan which are received by such participation seller, any such agreement to be entered into between each Noteholder and either:

- (i) the Issuer or NATIXIS (to the extent that such entity is then a lender or member of the relevant lending syndicate); or
- (ii) a Qualifying Participation Seller (if any) (to the extent such Qualifying Participation Seller is then a lender or a member of the relevant lending syndicate).

Downstream Affiliate means an entity in which the Reference Entity directly or indirectly owns more than 50% of its outstanding Voting Shares at the date of issuance of the Qualifying Guarantee.

Due and Payable Amount means the amount that is due and payable by the Reference Entity under the obligation, whether by reason of maturity, acceleration, termination or otherwise (excluding sums in respect of default interest, indemnities, tax gross-ups and other similar amounts) less all or any portion of such amount which, pursuant to the terms of the obligation (a) is subject to any Prohibited Action, or (b) may otherwise be reduced as a result of the effluxion of time or the occurrence or non-occurrence of an event or circumstance (other than by way of (i) payment or (ii) a Permitted Contingency), in each case, determined in accordance with the terms of the obligation in effect on either (A) the NOPS Effective Date (or if the terms of the obligation are amended after such date but on or prior to the Delivery Date, the Delivery Date) or (B) the Valuation Date.

Early Redemption Amount means, in respect of any Note, an amount determined by the Calculation Agent, in its sole and absolute discretion, in the Specified Currency, to be the fair market value of a Note based on the market conditions prevailing at the date of determination, and adjusted to account fully for any reasonable expenses and costs of unwinding any underlying and/or related hedging and funding arrangements of the Issuer and/or any of its affiliates (including, without limitation, the level or value of credit default swaps or any credit derivatives options referencing a Reference Entity if CDS is specified as applicable in the applicable Final Terms, the level or value of prevailing interest rates, swaps or other instruments of any type whatsoever hedging the Issuer's obligations under the Notes). For the purposes of determining the Early Redemption Amount, no accrued unpaid interest shall be payable but shall be taken into account in calculating the fair market value of each Note.

Equity Securities means:

- (i) in the case of a Convertible Obligation, equity securities (including options and warrants) of the issuer of such obligation or depository receipts representing equity securities of the issuer of such obligation, along with any other property distributed to holders of those equity securities from time to time or made available to them from time to time in such capacity; and
- (ii) in the case of an Exchangeable Obligation, equity securities (including options and warrants) of a person other than the issuer of such obligation or depository receipts representing equity securities of a person other than the issuer of such obligation, as well as any other property distributed to the holders of those equity securities from time to time or made available to them from time to time in such capacity.

European Settlement means the type of settlement in respect of BLNs for which the Settlement Type specified in the applicable Final Terms is "*European Settlement*".

Exchangeable Obligation means any obligation that is exchangeable, in full or in part, for Equity Securities, solely at the option of the holders of such obligation, or of a trustee or similar agent acting for the benefit only of holders of such obligation (or the cash equivalent, whether

the cash settlement option is that of the issuer or of (or for the benefit of) the holders of such obligation).

Extended Maturity Date means, where "*Maturity Date Extension*" is stated to apply in the applicable Final Terms, the date determined by the Calculation Agent in its sole discretion, as is, in its determination:

- (i) the Cash Settlement Date;
- (ii) the Physical Settlement Date;
- (iii) two BLN Business Days following the date upon which the Potential Failure to Pay or Potential Repudiation/Moratorium Event has been cured (as applicable); or
- (iv) two BLN Business Days following the DC No Credit Event Announcement (as applicable).

Failure to Pay means, subject to the paragraph below, following expiry of any Grace Period applicable (following satisfaction of any conditions precedent to the commencement of such Grace Period), the failure by the Reference Entity to make, when and where due, any payments in an aggregate amount of not less than the Payment Requirement under one or more Obligations, in accordance with the terms of such Obligations at the time of such failure.

If an occurrence that would constitute a Failure to Pay (a) is a result of a redenomination that occurs as a result of action taken by a Governmental Authority which is of general application in the jurisdiction of such Governmental Authority and (b) a freely available market rate of conversion existed at the time of the redenomination, then such occurrence will be deemed not to constitute a Failure to Pay unless the redenomination itself constituted a reduction in the rate or amount of interest, principal or premium payable (as determined by reference to such freely available market rate of conversion) at the time of such redenomination.

Final Price means the price of Reference Bond, the Reference Obligation or the Valuation Obligation(s), as applicable, or (if a Physical Settlement Fallback Method is applicable) an Undeliverable Obligation, Undeliverable Loan Obligation, Undeliverable Participation, or Unassignable Obligation (as applicable) expressed as a percentage of its Outstanding Principal Balance or Due and Payable Amount, as applicable, determined according to the highest Quotation obtained by the Calculation Agent (in the manner described below or otherwise in accordance with the definition of Quotation) with respect to the relevant Valuation Date or the lowest such Quotation if, in respect of such Obligation and Valuation Date, the relevant Full Quotation is deemed to be an offer or ask price. To such end:

- (i) if more than three Full Quotations are obtained, the arithmetic mean of such Full Quotations, disregarding the Full Quotations having the highest and lowest values (and, if more than one such Full Quotations have the same highest value or lowest value, then one of such highest or lowest Full Quotations shall be disregarded);
- (ii) if exactly three Full Quotations are obtained, the Full Quotation remaining after disregarding the highest and lowest Full Quotations (and, if more than one such Full Quotations have the same highest value or lowest value, then one of such highest or lowest Full Quotations shall be disregarded);
- (iii) if exactly two Full Quotations are obtained, the arithmetic mean of such Full Quotations;

- (iv) if fewer than two Full Quotations are obtained and a Weighted Average Quotation is obtained, such Weighted Average Quotation;
- (v) if Indicative Quotations are applicable and exactly three Indicative Quotations are obtained, the Indicative Quotation remaining after disregarding the highest and lowest Indicative Quotations (and, if more than one such Indicative Quotations have the same highest or lowest value, then one of such highest or lowest Indicative Quotations shall be disregarded);
- (vi) if fewer than two Full Quotations are obtained and no Weighted Average Quotation is obtained (and, if Indicative Quotations are applicable, fewer than three Indicative Quotations are obtained), subject to the procedures set out in the definition of Quotation, an amount that the Calculation Agent shall determine on the next BLN Business Day on which two or more Full Quotations or a Weighted Average Quotation or, if applicable, three Indicative Quotations are obtained; and
- (vii) if two or more Full Quotations or a Weighted Average Quotation (and, if Indicative Quotations are applicable, three Indicative Quotations) are not obtained within the additional BLN Business Day period set out in the definition of Quotation, the Market Value shall be determined as provided in the definition of Quotation.

Final Redemption Amount means the amount determined in accordance with Condition 14(b).

First Day of the Observation Period means (i) the date specified as such in the applicable Final Terms or (ii) in the absence of such specification in the related Final Terms the Bond Event Backstop Date.

Fixed Cap means, with respect to a Guarantee, a specified numerical limit or cap on the liability of the Reference Entity in respect of some or all payments due under the Underlying Obligation, provided that a Fixed Cap shall exclude a limit or cap determined by reference to a formula with one or more variable inputs (and for these purposes, the outstanding principal or other amounts payable pursuant to the Underlying Obligation shall not be considered to be variable inputs).

Fixed Recovery BLN means a BLN designated as such in the applicable Final Terms.

Fixed Recovery Period means a period specified as such in the applicable Final Terms. Such Fixed Recovery Period will start at any time on or after the Trade Date and terminate at any time on or before the Maturity Date, as specified in the applicable Final Terms.

Full Quotation means each firm bid price (or where so specified, ask or offer prices) (expressed as a percentage of the Outstanding Principal Balance) obtained from the relevant Full Quotation Source at the Valuation Time, insofar as is reasonably practicable, for an amount of the Reference Obligation or Valuation Obligation(s), as applicable, with an Outstanding Principal Balance or Due and Payable Amount equal to the Quotation Amount.

Full Quotation Source means, in respect of a Reference Bond Valuation Date, the source specified in the applicable Final Terms or, in the absence thereof, a Dealer.

Governmental Authority means any *de facto* or *de jure* government (or any agency, instrumentality, ministry or department of such government), any court, any tribunal, any administrative authority, any other governmental authority, any inter-governmental authority, any supranational body or any other entity (private or public) either designated as a resolution authority or responsible for the regulation or supervision of the financial markets (including a central bank) of the Reference Entity or some or all of its obligations, or any other authority which is analogous to any of the entities specified in this paragraph.

Governmental Intervention means that, with respect to one or more Obligations and in relation to an aggregate amount of not less than the Default Requirement, any one or more of the following events occurs as a result of action taken or an announcement made by a Governmental Authority pursuant to, or by means of, a restructuring and resolution law or regulation (or any other similar law or regulation), in each case, applicable to the Reference Entity in a form which is binding, irrespective of whether such event is expressly provided for under the terms of such Obligation:

- (i) any event which would affect creditors' rights so as to cause:
 - (a) a reduction in the rate or amount of interest payable or the amount of scheduled interest accruals (including by way of redenomination);
 - (b) a reduction in the amount of principal or premium payable at redemption (including by way of redenomination);
 - (c) a postponement or other deferral of a date or dates for either (I) the payment or accrual of interest, or (II) the payment of principal or premium; or
 - (d) a change in the ranking in priority of payment of any Obligation, causing the Subordination of such Obligation to any other Obligation;
- (ii) an expropriation, transfer or other event which mandatorily changes the beneficial holder of the Obligation;
- (iii) a mandatory cancellation, conversion or exchange; or
- (iv) any event which has an analogous effect to any of the events specified in paragraphs (i) to (iii) above.

For purposes of the definition of "Governmental Intervention", the term Obligation shall be deemed to include Underlying Obligations for which the Reference Entity is acting as provider of a Guarantee.

Grace Period means:

- (i) Subject to the provisions of sub-paragraphs (ii) and (iii), the grace period applicable to the payments due under, and in accordance with, the terms of such Obligation in effect as of the later of the Trade Date and the date as of which such Obligation is issued or incurred;
- (ii) If "Grace Period Extension" is stipulated as being applicable in the applicable Final Terms to the relevant Reference Bond, if a Potential Failure to Pay has occurred during the Observation Period, and if the applicable grace period could not, according to its terms, expire on or prior to the Last Day of the Observation Period, the Grace Period shall be deemed to be the shorter of the following periods: such grace period and the period specified as such in the applicable Final Terms or, if no period is specified, a period of 30 calendar days; and
- (iii) If, as of the later of the Trade Date and the date as of which an Obligation is issued or incurred, no grace period is applicable to payments or a grace period of less than three Grace Period Business Days is applicable to payments under the terms of such Obligation, a Grace Period of three Grace Period Business Days shall be deemed to apply to such Obligation; it being understood that, unless the applicable Final Terms stipulate that "Grace Period Extension" is applicable in respect of the relevant

Reference Bond, such Grace Period shall expire on the Observation Period End Date at the latest.

Grace Period Business Day means a day on which commercial banks and foreign exchange markets are generally open to settle payments in the place or places and on the days specified for that purpose in the Obligation concerned, and if such place or places are not specified, in the jurisdiction of the Obligation Currency.

Grace Period Extension applies unless specified otherwise in the applicable Final Terms.

Grace Period Extension Date means, if:

(i) the applicable Final Terms stipulate that "Grace Period Extension" is applicable to a Reference Bond, or in the case where ISDA Bond Event is specified as applicable in the applicable Final Terms based on the Transaction Type for the relevant Reference Entity; and

(ii) a Potential Failure to Pay arises during the Observation Period,

the date corresponding to the number of days in the Grace Period following the date of such Potential Failure to Pay.

Guarantee means a Relevant Guarantee or a guarantee which is the Reference Obligation.

Hedge Transaction means any transaction or position of negotiation concluded or held by the Issuer and/or one of its Affiliate Companies in order to hedge, directly or indirectly, the Issuer's obligations or positions (in full or in part) relating to the BLNs.

Impossibility/Illegality PS Fallback Event means that the relevant Issuer or the Calculation Agent determines that for any reason, it is impossible, illegal or impracticable for the Issuer to Deliver any of the Deliverable Obligations (except, if Asset Package Delivery is applicable, a Prior Deliverable Obligation (if "Financial Reference Entity Terms" is specified as applicable in the applicable Final Terms) or any Package Observable Bond (if the Reference Entity is a Sovereign)) specified in the Notice of Physical Settlement or any NOPS Amendment Notice, as applicable, on the Physical Settlement Date (including, without limitation, failure of the relevant clearance system, or pursuant to any law, regulation, court order or contractual restrictions or due to market conditions and/or the consequences thereof (including, without limitation, failure for any reason by the Issuer or one of its Affiliates to acquire the full amount of the Deliverable Obligations for Delivery to Noteholders at auction), but excluding the failure to obtain any requisite consent with respect to the Delivery of Loans).

Impossibility/Illegality PS Fallback Method means (if an Impossibility/Illegality PS Fallback Event has occurred) that, on or before the Physical Settlement Date:

(i) the Issuer shall Deliver any of the Deliverable Obligations specified in the Notice of Physical Settlement or any NOPS Amendment Notice, as applicable, for which it is possible and legal to Deliver and (b) the Issuer shall provide a description in reasonable detail of the facts giving rise to its inability to Deliver the Deliverable Obligations causing the Impossibility/Illegality PS Fallback Event and, as soon as practicable thereafter, the Issuer shall Deliver the Deliverable Obligations specified in the Notice of Physical Settlement or any NOPS Amendment Notice, as applicable, which were not Delivered; or

(ii) if the amount of Deliverable Obligations that are to be Delivered as specified in the Notice of Physical Settlement or any NOPS Amendment Notice, as applicable, are not

Delivered to the Noteholders on or prior to the Latest Permissible Physical Settlement Date, Cash Settlement or Auction Settlement, as specified in the applicable Final Terms (or, if neither is specified, Cash Settlement) shall be deemed to apply to the BLNs with respect to the Undeliverable Obligations.

Indicative Quotation means, if the Impossibility/Illegality PS Fallback Method only is applicable following an Impossibility/Illegality PS Fallback Event, each quotation obtained from a Dealer at the Valuation Time for (to the extent reasonably practicable) an amount of the Undeliverable Obligation equal to the Quotation Amount, which reflects such Dealer's reasonable assessment of the price of such Undeliverable Obligation based on such factors as such Dealer may consider relevant, which may include historical prices and recovery rates.

ISDA means the International Swaps and Derivatives Association, Inc.

ISDA Bond Event shall be interpreted in accordance with the "Provisions relating to BLNs where ISDA Bond Event is Applicable" as provided above.

Last day of the Observation Period means, in the determination of the Calculation Agent, the latest of:

- (i) Observation Period End Date;
- (ii) the Grace Period Extension Date (if applicable), if the Bond Event that is the subject of the Bond Event Notice is a Failure to Pay that occurs after the Observation Period End Date, and the Potential Failure to Pay with respect to such Failure to Pay occurs at or prior to 11.59 pm (determined by reference to Greenwich Mean Time (or, if the Transaction Type, as applicable in respect of the Reference Bond is Japan Corporate or Japan Sovereign, Tokyo time)) on such date; and
- (iii) the Repudiation/Moratorium Evaluation Date if (a) the Bond Event that is the subject of the Bond Event Notice is a Repudiation/Moratorium that occurs after the Observation Period End Date, (b) the Potential Repudiation/Moratorium Event with respect to such Repudiation/Moratorium occurs at or prior to 11.59 pm (determined by reference to Greenwich Mean Time (or, if the Transaction Type of the relevant Reference Entity is Japan Corporate or Japan Sovereign, Tokyo time)) on the Observation Period End Date, and (c) the Repudiation/Moratorium Extension Condition is satisfied.

Latest Permissible Physical Settlement Date means, in respect of any Impossibility/Illegality PS Fallback Event, the date that is thirty calendar days after the Physical Settlement Date and, in respect of any Consent Required Loan PS Fallback Event, Assignable Loan PS Fallback Event or Participation PS Fallback Event as applicable if any, the date that is fifteen Business Days after the Physical Settlement Date.

Loan means any obligation of a type included in the "Borrowed Money" Obligation Category, documented by a term loan agreement, revolving loan agreement or any other similar credit agreement, and does not include any other type of Borrowed Money.

London and Paris Business Day means a day on which the merchant banks and the foreign exchange markets are generally open for the settlement of payments and are open to exercise their general activities (including foreign exchange transactions and currency deposit transactions) in London and Paris.

Longstop Maturity Date means a date specified as such in the applicable Final Terms.

Maturity Date means either:

- (i) *If American Settlement is specified as applicable in the applicable Final Terms:*
 - (a) If the Calculation Agent has not determined that a Bond Event Determination Date has occurred in respect of a Bond Event occurring during the Observation Period, the Scheduled Maturity Date;
 - (b) If the Calculation Agent has determined that a Bond Event Determination Date has occurred in respect of a Bond Event occurring during the Observation Period, (i) in the case of Physical Settlement, the Settlement Date, or (ii) otherwise the fifth Business Day following the Settlement Date; or
 - (c) If Maturity Date Extension applies, the fifth Business Day following the Extended Maturity Date,

provided that in any case the Maturity Date shall occur no later than the Longstop Maturity Date; or
- (ii) *If European Settlement is specified as applicable in the applicable Final Terms:* the dates specified in (A), (B) and (C) above, provided that in any such case the Maturity Date shall occur no earlier than the Scheduled Maturity Date and no later than the Longstop Maturity Date.

Upon the occurrence of a Maturity Date, the Issuer will have no further obligations towards Noteholders in respect of the BLNs, other than in respect of obligations which have become due on or prior to the Maturity Date but have yet to be performed.

Maturity Date Extension applies unless otherwise specified in the applicable Final Terms.

Maturity Date Extension Notice means, where Maturity Date Extension applies, a notification given by the Calculation Agent to the Issuer, informing it that it has determined in relation to a Reference Bond or in relation to a Reference Entity if Bankruptcy is Applicable:

- (i) without prejudice to the provisions of sub-paragraphs (ii), (iii) or (iv) below, that a Bond Event has occurred or may occur at the Scheduled Maturity Date or prior thereto;
- (ii) that a Potential Failure to Pay has occurred with respect to one or more Obligations in respect of which a Grace Period is applicable on or prior to the Scheduled Maturity Date (determined with reference to Greenwich Mean Time (or, if the Transaction Type of the relevant Reference Entity is Japan Corporate or Japan Sovereign (as such terms are defined in the Physical Settlement Matrix) Tokyo time));
- (iii) that a Potential Repudiation/Moratorium Event has occurred on or prior to the Scheduled Maturity Date (determined with reference to Greenwich Mean Time (or, if the Transaction Type of the relevant Reference Entity is Japan Corporate or Japan Sovereign (as such terms are defined in the Physical Settlement Matrix) Tokyo time)); or
- (iv) that a Credit Event Resolution Request Date has occurred or on or prior to the Scheduled Maturity Date or prior thereto.

The Issuer shall inform the Noteholders in accordance with Condition 14 of the Terms and Conditions of the English Law Notes or (as applicable) Condition 13 of the Terms and Conditions of the French Law Notes upon receipt of such notice from the Calculation Agent.

Multiple Holder Obligation means an Obligation that:

- (i) at the time of the event which constitutes a Restructuring is held by more than three holders that are not Affiliate Companies of each other; and
- (ii) with respect to which a percentage of holders (determined pursuant to the terms of the Obligation as in effect on the date of such event) at least equal to sixty-six and two-thirds per cent. is required to consent to the event which constitutes a Restructuring Bond Event,

provided that any Obligation that is a Bond shall be deemed to satisfy the requirement in (ii) above. For the avoidance of doubt, this definition "Multiple Holder Obligation" shall not be applicable to any Reference Obligation (or Underlying Loan) if "Additional Provisions of LPN Entities" is specified as being applicable in the applicable Final Terms.

Next Currency Fixing Time means 4:00 p.m. (London time) on the London and Paris Business Day immediately following the date on which the Notice of Physical Settlement or relevant NOPS Amendment Notice, as applicable, is effective.

NOPS Amendment Notice means a notice from the Issuer (or the Calculation Agent on its behalf) to the Noteholders in accordance with the provisions of Condition 14 of the Terms and Conditions of the English Law Notes or (as applicable) Condition 13 of the Terms and Conditions of the French Law Notes, informing Noteholders that the Issuer is replacing, in whole or in part, one or more Deliverable Obligations specified in the Notice of Physical Settlement or a prior NOPS Amendment Notice, as applicable, (to the extent the relevant Deliverable Obligation has not been Delivered as of the date such NOPS Amendment Notice is effective). A NOPS Amendment Notice shall contain a revised reasonably detailed description of each Replacement Deliverable Obligation and shall also specify the Replaced Deliverable Obligation Outstanding Amount. Any NOPS Amendment Notice must be effective on or prior to the Physical Settlement Date (determined without reference to any change resulting from such NOPS Amendment Notice).

NOPS Cut-off Date means, subject, where applicable, to Condition 14(b)(iii):

- (i) subject to paragraph (ii) below, the later of:
 - (a) the thirtieth calendar day after the Bond Event Determination Date; and
 - (b) the tenth calendar day after either the date of the relevant DC Credit Event Announcement or of the relevant DC Credit Event Question Dismissal, if any; or
- (ii) if "Physical Settlement" is applicable pursuant to the Fallback Settlement Method, the later of (A) the date determined pursuant paragraph (i) above and (B) the thirtieth calendar day after the Auction Cancellation Date or the No Auction Announcement Date, as applicable,

provided that in the case of paragraphs (i)(b) and (ii), the relevant Credit Event Resolution Request Date, if any, occurred on or prior to the date described in paragraph (i)(a) above.

NOPS Effective Date means the date on which an effective Notice of Physical Settlement or NOPS Amendment Notice, as the case may be, is delivered to the Noteholders in accordance with Condition 14 of the Terms and Conditions of the English Law Notes or (as applicable) Condition 13 of the Terms and Conditions of the French Law Notes by or on behalf of the Issuer.

Notice Delivery Date means the first date on which both an effective Bond Event Notice and, unless "*Notice of Publicly Available Information*" is specified as not applicable in the applicable Final Terms, an effective Notice of Publicly Available Information, have been delivered by the Calculation Agent to the Issuer.

Notice Delivery Period means the period between the **Notice Delivery Period Commencement Date** (as specified in the Final Terms) (inclusive) and the date falling 15 BLN Business Days (inclusive) after the Last Day of the Observation Period.

Notice of Physical Settlement means a notice from the Issuer (or the Calculation Agent on its behalf) to the Noteholders in accordance with the provisions of Condition 14 of the Terms and Conditions of the English Law Notes or (as applicable) Condition 13 of the Terms and Conditions of the French Law Notes that (a) confirms that the Issuer intends to settle the BLNs in accordance with Physical Settlement, (b) contains a reasonably detailed description of each Deliverable Obligation that the Issuer intends to Deliver, including, if available and applicable, the CUSIP or ISIN number (or, if such identifying number is not available or applicable, the rate and tenor) of each such Deliverable Obligation, and (c) specifies the Outstanding Amount and the face amount (if different) of each such Deliverable Obligation, and the Aggregate Outstanding Amount.

Notice of Publicly Available Information means an irrevocable notification given by the Calculation Agent to the Issuer (which the Calculation Agent has the right but not the obligation to deliver), citing Publicly Available Information confirming the occurrence of the Bond Event or the Potential Repudiation/Moratorium Event, as appropriate, described in the Bond Event Notice. The notice given must contain a copy or description in reasonable detail of the relevant Publicly Available Information. If "*Notice of Publicly Available Information*" is stipulated as being applicable in the Final Terms concerned, and the Bond Event Notice contains Publicly Available Information, such Bond Event Notice shall also be deemed to constitute a Notice of Publicly Available Information.

Not Sovereign Lender means any obligation that is not primarily owed to (A) a Sovereign, or (B) any entity or organisation established by treaty or other arrangement between two or more Sovereigns, including, without limiting the foregoing, the International Monetary Fund, European Central Bank and International Bank for Reconstruction and Development, which shall include, without limitation, obligations generally referred to as "Paris Club debt".

Obligation means a relevant Reference Bond or, if ISDA Bond Event is Applicable:

- (i) any obligation of the Reference Entity (either directly or as provider of a Relevant Guarantee), described by the Obligation Category specified in the applicable Final Terms, and having each of the Obligation Characteristics (if any) specified in the applicable Final Terms (but excluding any Excluded Obligation), in each case, immediately prior to the Credit Event the subject of the Credit Event Notice but excluding any Excluded Obligation; and
- (ii) the Reference Obligation specified in the applicable Final Terms,

in each case, unless it is an Excluded Obligation.

Obligation Acceleration means one or more Obligations in an aggregate amount of not less than the Default Requirement have become due and payable before they would otherwise have been due and payable as a result of, or on the basis of, the occurrence of a default, event of default or other similar condition or event (however described), other than a failure to make any required payment, in respect of the Reference Entity under one or more Obligations.

Obligation Category means a relevant Reference Bond or, if ISDA Bond Event is Applicable, Payment, Borrowed Money, Reference Obligation Only, Bond, Loan, Bond or Loan, only one of which shall be specified in the applicable Final Terms or if not specified where ISDA Bond Event is Applicable it means Reference Obligation Only.

Obligation Currency means the currency or currencies in which an Obligation is denominated.

Obligation Default means that one or more Obligations in an aggregate amount of not less than the Default Requirement have become due and payable before they would otherwise have been due and payable as a result of, or on the basis of, the occurrence of a default, event of default, or any other similar condition or event (whatever the description thereof), other than a failure to make any required payment in respect of one or more Obligations of the Reference Entity.

Observation Period means, in respect of a Reference Bond, the period from (and including) the First Day of the Observation Period to (and including) the Last Day of the Observation Period; otherwise in accordance with any period specified in the applicable Final Terms.

Observation Period End Date means, in respect of a Reference Bond, the date specified in the applicable Final Terms or in the absence thereof the Scheduled Maturity Date of the Notes, subject to such date being no later than the scheduled maturity date of the Reference Bond if any.

Officer's Certification means a certificate signed by a Managing Director (or any other substantially equivalent title) of the relevant entity, certifying the occurrence of a Bond Event with respect to the Obligation.

Outstanding Amount means either:

- (i) in respect of any Deliverable Obligation specified in the Notice of Physical Settlement or NOPS Amendment Notice, as applicable, the Outstanding Principal Balance or Due and Payable Amount, as applicable, or the equivalent amount in the Settlement Currency; or
- (ii) in respect of any Replacement Deliverable Obligation identified in a NOPS Amendment Notice, an amount determined by applying the Revised Currency Rate to the relevant Replaced Deliverable Obligation Outstanding Amount.

The Outstanding Amount of the Replacement Deliverable Obligations specified in any NOPS Amendment Notice in aggregate with the Outstanding Amount of the Deliverable Obligations specified in the Notice of Physical Settlement or any earlier NOPS Amendment Notice which, in each case, are not being replaced must not be greater than the Aggregate Outstanding Amount.

Outstanding Principal Balance will be calculated as follows:

- (i) first, by determining, in respect of the obligation, the amount of the Reference Entity's principal payment obligations and, where applicable in accordance with Condition 14(c)(iv), the Reference Entity's accrued but unpaid interest payment obligations (which, in the case of a Guarantee will be the lower of (A) the Outstanding Principal Balance (including accrued but unpaid interest, where applicable) of the Underlying Obligation (determined as if references to the Reference Entity were references to the Underlying Obligor) and (B) the amount of the Fixed Cap, if any);
- (ii) second, by subtracting all or any portion of such amount which, pursuant to the terms of the obligation, (A) is subject to any Prohibited Action, or (B) may otherwise be

reduced as a result of the effluxion of time or the occurrence or non-occurrence of an event or circumstance (other than by way of (I) payment or (II) a Permitted Contingency) (the amount determined in paragraph (i) of this definition less any amounts subtracted in accordance with this paragraph (ii), the **Non-Contingent Amount**); and

- (iii) third, by determining the Quantum of the Claim, which shall then constitute the Outstanding Principal Balance,

in each case, determined:

- (a) unless otherwise specified, in accordance with the terms of the obligation in effect on either (i) the NOPS Effective Date (or if the terms of the obligation are amended after such date but on or prior to the Delivery Date, the Delivery Date), or (ii) the Valuation Date; and
- (b) with respect to the Quantum of the Claim only, in accordance with any applicable laws (insofar as such laws reduce or discount the size of the claim to reflect the original issue price or accrued value of the obligation).

In this definition, **Quantum of the Claim** means the lowest amount of the claim which could be validly asserted against the Reference Entity in respect of the Non-Contingent Amount if the obligation had become redeemable, been accelerated, terminated or had otherwise become due and payable at the time of the relevant determination, provided that the Quantum of the Claim cannot exceed the Non-Contingent Amount.

Partial Redemption Amount means, for Basket BLNs with American Settlement, in respect of each Bond Event Determination Date for a Reference Bond, and in respect of the Calculation Amount, the Underleverage Settlement Amount (if any), and the Risk Settlement Amount determined pursuant to Condition 14(b) above.

Partial Redemption Date means, for Basket BLNs with American Settlement, and contingent on determination by the Calculation Agent of the occurrence or otherwise of a Bond Event Determination Date, (i) in the case of Physical Settlement, the Settlement Date, or (ii) otherwise the fifth Business Day following the Settlement Date, subject to Maturity Date Extension.

Payment means any obligation (whether present or future, contingent or otherwise) to pay or repay money, including, without limitation, any Borrowed Money.

Payment Requirement means the amount specified as such the applicable Final Terms or its equivalent in the relevant Obligation Currency (or, if no such amount is specified, EUR 1, or its equivalent as calculated by the Calculation Agent in the relevant Obligation Currency) in either case, as of the occurrence of the relevant Failure to Pay or Potential Failure to Pay, as applicable.

Permitted Contingency means, with respect to an obligation, any reduction to the Reference Entity's payment obligations:

- (i) as a result of the application of:
 - (a) any provisions allowing a transfer, pursuant to which another party may assume all of the payment obligations of the Reference Entity;
 - (b) provisions implementing the Subordination of the obligation;

- (c) provisions allowing for a Permitted Transfer in the case of a Qualifying Guarantee (or provisions allowing for the release of the Reference Entity from its payment obligations in the case of any other Guarantee);
 - (d) any Solvency Capital Provisions, if "*Subordinated European Insurance Terms*" is specified as applicable in the applicable Final Terms; or
 - (e) if "*Limited Recourse Terms*" are specified as applicable in the applicable Final Terms or apply in accordance with the applicable Final Terms by virtue of the specification for the relevant Transaction Type in the Physical Settlement Matrix, provisions which (A) limit recourse in respect of the obligation to the proceeds of specified assets or the proceeds resulting from the enforcement of security or collateral arrangements and/or (B) extinguish any obligation that remains outstanding following the disposal of specified assets and/or the enforcement of the security or collateral arrangements and in each case the application of the resulting proceeds (and in this case, then for the purpose of determining whether such obligation is an Obligation or a Deliverable Obligation such obligation is deemed to satisfy "*Not Subordinated*"); or
 - (f) provisions which permit the Reference Entity's obligations to be altered, discharged, released or suspended in circumstances which would constitute a Governmental Intervention, if "*Financial Reference Entity Terms*" is specified as applicable in the applicable Final Terms; or
- (ii) which is within the control of the holders of the obligation or a third party acting on their behalf (such as an agent or trustee) in exercising their rights under or in respect of such obligation.

Permitted Transfer means, with respect to a Qualifying Guarantee, a transfer to and the assumption by any single transferee of such Qualifying Guarantee (including by way of cancellation and execution of a new guarantee) on the same or substantially the same terms, in circumstances where there is also a transfer of all (or substantially all) of the assets of the Reference Entity to the same single transferee.

Physical Settlement shall be interpreted in accordance with Condition 14(b)(ii)(c).

Physical Settlement Amount means the amount calculated in accordance with the following formula:

$$\text{Physical Settlement Amount} = N - \left[\frac{(N \times L) + U}{P} \right]$$

Where:

N means the relevant Reference Bond Notional Amount;

P means the market value of a Deliverable Obligation selected by the Calculation Agent (expressed as a percentage of the face amount of the Deliverable Obligation) as determined by the Calculation Agent in its sole and absolute discretion at the time of delivery;

L means the Reference Overleverage Ratio; and

U means the *pro-rata* share, per Calculation Amount, of the Unwind Costs (unless the applicable Final Terms specify that the Unwind Costs do not apply, in which case **U** means zero); and

if the amount so calculated is less than zero, then the Physical Settlement Amount is zero.

Physical Settlement Date means the last day of the longest Physical Settlement Period following the NOPS Cut-off Date. If all Deliverable Obligations specified in the Notice of Physical Settlement or any NOPS Amendment Notice, as applicable, are Delivered on or before the Physical Settlement Date, then, from the date that the Issuer completes Delivery of such Deliverable Obligations, the Issuer will have no further obligations towards the Noteholders in respect of the BLNs, other than in respect of obligations which have become due on or prior to such date but have yet to be performed, subject to the Settlement Type and the provisions contained in the definition of "Maturity Date".

Physical Settlement Fallback Event means the occurrence of an Impossibility/Illegality PS Fallback Event and, where ISDA Bond Event is Applicable and if specified as applicable in the applicable Final Terms, one or more of the following events:

- (i) a Consent Required Loan PS Fallback Event;
- (ii) an Assignable Loan PS Fallback Event;
- (iii) a Participation PS Fallback Event; or
- (iv) a Loans Not Delivered PS Fallback Event.

If no Physical Settlement Fallback Event is specified in the applicable Final Terms, Impossibility/Illegality PS Fallback Event and Loans Not Delivered PS Fallback Event will be deemed to apply in any event.

Physical Settlement Fallback Method means the Impossibility/Illegality PS Fallback Method or, if ISDA Bond Event is Applicable, either:

- (i) the Impossibility/Illegality PS Fallback Method;
- (ii) the Consent Required Loan PS Fallback Method;
- (iii) the Assignable Loan PS Fallback Method;
- (iv) the Participation PS Fallback Method; or
- (v) the Loans Not Delivered PS Fallback Method.

Physical Settlement Period means, subject to Condition 14(b)(iii), the number of BLN Business Days specified as such in the applicable Final Terms or, if a number of BLN Business Days is not so specified, then, with respect to a Deliverable Obligation specified in the Notice of Physical Settlement or any NOPS Amendment Notice, as applicable, the longest number of BLN Business Days for settlement in accordance with then current market practice of such Deliverable Obligation, as the Calculation Agent shall determine; provided that, where applicable, if the Issuer (or the Calculation Agent on its behalf) has notified the Noteholders in accordance with the provisions of Condition 14 of the Terms and Conditions of the English Law Notes or (as applicable) Condition 13 of the Terms and Conditions of the French Law Notes that the Issuer intends to Deliver an Asset Package in lieu of a Prior Deliverable Obligation or a Package Observable Bond, the Physical Settlement Period shall be thirty BLN Business Days.

Potential Failure to Pay means the failure by the Reference Entity to make, when and where due, any payments in an aggregate amount of not less than the Payment Requirement under one or more Obligations in accordance with the terms of such Obligations at the time of such failure, without taking into account any grace period or any conditions precedent to the commencement of any grace period applicable to such Obligation.

Potential Repudiation/Moratorium Event means the occurrence of an event described in subparagraph (i) of the definition of "*Repudiation/Moratorium*".

Prohibited Action means any counterclaim, defence (other than any counterclaim or defence based on those set forth in the definition of Bond Event or, as applicable, Credit Event) or right of set-off by or of the Reference Entity or any applicable Underlying Obligor.

Publicly Available Information means:

(i) information that reasonably confirms any of the facts relevant to determining that the Bond Event described in a Bond Event Notice or the Potential Repudiation/Moratorium Event, as appropriate, have occurred and that:

(a) has been published in at least two Public Sources, regardless of whether the reader or the user thereof pays a fee to obtain such information;

(b) is information received from or published by (A) a Reference Entity or, as the case may be, for a Reference Entity that is a Sovereign, any agency, instrumentality, ministry, department or other authority thereof acting in a governmental capacity (including, without limiting the foregoing, the central bank) of such Sovereign; or (B) a trustee, fiscal agent, administrative agent, clearing agent, paying agent, facility agent or agent bank for an Obligation; or

(c) is information contained in any order, decree, notice, petition or filing, whatever the description thereof, or filed with a court, tribunal, exchange, regulatory authority or other similar administrative, regulatory or judicial body,

provided that where any information of the type described in (i)(b) or (i)(c) above is not publicly available, it can only constitute Publicly Available Information if it can be made public without violating any law, agreement, understanding or other restriction regarding the confidentiality of such information.

(ii) if the Calculation Agent is:

(a) the only source of information as trustee, fiscal agent, administrative agent, clearing agent, paying agent, facility agent or agent bank for an Obligation; and

(b) a holder of the Obligation,

the Calculation Agent shall be required to deliver an Officer's Certification to the Issuer.

(iii) for all information of the type described in paragraphs (i)(b) and (i)(c), the Calculation Agent may assume that such information has been disclosed to it without violating any law, agreement, understanding or other restriction regarding the confidentiality of such information, and that the party delivering such information has not taken any action or entered into any agreement or understanding with the Reference Entity or with any

Affiliate Company of the Reference Entity that would be breached by, or would prevent, the disclosure of such information to third parties, or would prevent the disclosure of such information to the party receiving such information.

- (iv) the Publicly Available Information does not need to indicate:
 - (a) with regard to the definition of "*Downstream Affiliate*", the percentage of Shares with Voting Rights owned by the Reference Entity; and
 - (b) that the relevant occurrence:
 - (A) has satisfied the Payment Requirement or Default Requirement;
 - (B) is the result of exceeding any applicable Grace Period; or
 - (C) has satisfied the subjective criteria specified in certain Bond Events.
- (v) in relation to a Repudiation/Moratorium Bond Event, Publicly Available Information must relate to the events described in (i)(a) and (i)(b) of that definition.

Public Source means each source of Publicly Available Information specified as such in the applicable Final Terms, or if no such source is specified, each of the following sources: Bloomberg, Reuters, Dow Jones, Newswires, Wall Street Journal, The New York Times, Nihon Keizai Shimbun, Asahi Shimbun, Yomiuri Shimbun, Financial Times, La Tribune, Les Echos, The Australian Financial Review and Debtwire (and successor publications), as well as the main source or sources of business news in the country in which the Reference Entity is organised, and any other internationally recognised published or electronically displayed news source).

Qualifying Affiliate Guarantee means a Qualifying Guarantee provided by the Reference Entity in respect of an Underlying Obligation of a Downstream Affiliate of the Reference Entity.

Qualifying Guarantee means a guarantee evidenced by a written instrument (which may include a statute or regulation) whereby the Reference Entity irrevocably agrees, undertakes, or is otherwise obliged to pay all the amounts of principal and interest (except for amounts which are not covered due to the existence of a Fixed Cap) due in respect of an Underlying Obligation for which the Underlying Obligor is the obligor, by guarantee of payment and not by guarantee of collection (or, in either case, any legal arrangement which is equivalent thereto in form under the relevant governing law). Qualifying Guarantees exclude any guarantee:

- (i) Structured as a surety bond, a financial guarantee insurance policy, or letter of credit (or any other equivalent legal arrangement which is equivalent thereto in form); or
- (ii) Under which the Reference Entity's principal payment obligations may be discharged, released, reduced or otherwise altered or assigned as a result of the occurrence or non-occurrence of an event or circumstance, in each case, other than:
 - (a) by payment;
 - (b) by way of Permitted Transfer;
 - (c) by operation of law;
 - (d) due to the existence of a Fixed Cap; or

- (e) due to:
 - (A) provisions permitting or anticipating a Governmental Intervention, if "*Financial Reference Entity Terms*" is specified as applicable in applicable Final Terms; or
 - (B) any Solvency Capital Provisions, if "*Subordinated European Insurance Terms*" is specified as applicable in the applicable Final Terms.

If the guarantee or Underlying Obligation contains provisions relating to the discharge, release, reduction, assignment or other alteration of the principal payment obligations of the Reference Entity and such provisions have ceased to apply or are suspended at the time of the relevant determination, in accordance with the terms of such guarantee or Underlying Obligation, due to or following the occurrence of (I) a non-payment in respect of the guarantee or the Underlying Obligation, or (II) a Bankruptcy occurs in respect of the Reference Entity or the Underlying Obligor, then it shall be deemed for these purposes that such cessation or suspension is permanent, notwithstanding the terms of the guarantee or Underlying Obligation.

In order for a guarantee to constitute a Qualifying Guarantee:

- (x) the benefit of such guarantee must be capable of being Delivered together with the Delivery of the Underlying Obligation; and
- (y) if a guarantee contains a Fixed Cap, all claims to any amounts which are subject to such Fixed Cap must be capable of being Delivered together with the Delivery of such guarantee.

Qualifying Participation Seller means any participation seller that meets the requirements specified in relation to the Reference Entity. If no such requirements are specified, there shall be no Qualifying Participation Seller.

Quotation means, in respect of the Reference Obligation(s) or the Valuation Obligation(s), as applicable, each Full Quotation, the Weighted Average Quotation and, if Indicative Quotations are applicable, each Indicative Quotation obtained and expressed in the form of a percentage of the Reference Obligation's or Valuation Obligation's Outstanding Principal Balance or Due and Payable Amount, as applicable, in respect of a Valuation Date as follows:

- (i) the Calculation Agent shall try to obtain Full Quotations in respect of each Valuation Date concerned from five or more Dealers. If the Calculation Agent is unable to obtain at least two of such Full Quotations on the same BLN Business Day within three BLN Business Days following a Valuation Date concerned, the Calculation Agent shall then try, on the following BLN Business Day (and, if necessary, each subsequent BLN Business Day up to the tenth BLN Business Day following the Valuation Date concerned), to obtain Full Quotations from five or more Dealers and, if at least two Full Quotations are not available, a Weighted Average Quotation. If two or more such Full Quotations or a Weighted Average Quotation are not available on any such BLN Business Day and Indicative Quotations are applicable, the Calculation Agent shall attempt to obtain three Indicative Quotations from five or more Dealers. If the Calculation Agent is unable to obtain at least two Full Quotations or a Weighted Average Quotation (or, if Indicative Quotations are applicable, three Indicative Quotations) for the same BLN Business Day, by the tenth BLN Business Day following the Valuation Date concerned at the latest the Quotations shall be deemed to

be any Full Quotation obtained from a Dealer at the Valuation Time on that tenth BLN Business Day or, if no Full Quotation is obtained, the weighted average of (i) all firm prices for the Reference Obligation or the Valuation Obligation(s), as applicable, or (ii) if Indicative Quotations are applicable, all Indicative Quotations for the Undeliverable Obligations, Undeliverable Loan Obligation, Undeliverable Participation or Unassignable Obligation (as applicable), obtained from Dealers at the Valuation Time on that tenth BLN Business Day in respect of the total portion of the Quotation Amount for which such prices have been obtained, and a price shall be deemed to be equal to zero for the balance of the Quotation Amount for which firm prices (or, if applicable Indicative Quotations) have not been obtained that day.

- (ii) if:
 - (a) "*Include Accrued Interest*" is specified in the applicable Final Terms, such Quotations or Indicative Quotations shall include interest accrued but unpaid;
 - (b) "*Exclude Accrued Interest*" is specified in the applicable Final Terms, such Quotations or Indicative Quotations shall not include interest accrued but unpaid; and
 - (c) "*Market Practice*" is specified in the applicable Final Terms, the Calculation Agent shall determine, based on then current market practice in the market of the Reference Obligation or the Valuation Obligation(s), as applicable, whether such Quotations or Indicative Quotations shall include or exclude interest accrued but unpaid, and all the Quotations or Indicative Quotations shall be obtained in accordance with this specification or determination.

For the purposes of determining the Final Price, any Quotation or Indicative Quotation shall be expressed, where relevant, as a percentage of the Outstanding Principal Balance.

Quotation Amount means:

- (i) in respect of a Reference Obligation or Valuation Obligation(s), as applicable, the amount specified in relation to a Reference Bond in the applicable Final Terms (which may be specified with reference to an amount in a currency or with reference to the Representative Amount) or, if no amount is specified, the Reference Bond Aggregate Amount (or its equivalent in the Obligation Currency, which shall be converted by the Calculation Agent in a commercially reasonable manner by reference to exchange rates in effect at the time the relevant Quotation is being obtained); or
- (ii) in respect of each type or issue of Undeliverable Obligation, Undeliverable Loan Obligation, Undeliverable Participation or Unassignable Obligation, an amount equal to the Outstanding Principal Balance or Due and Payable Amount (or, in either case, its equivalent in the relevant Obligation Currency, which shall be converted by the Calculation Agent in a commercially reasonable manner by reference to exchange rates in effect at the time that the relevant Quotation is being obtained), as applicable, of such Undeliverable Obligation, Undeliverable Loan Obligation, Undeliverable Participation or Unassignable Obligation.

Reference Bond means any Obligation specified as such in the applicable Final Terms.

Reference Bond Adjusted Notional Amount means, in respect of a Reference Bond, following satisfaction of the Settlement Conditions or in the case of a Risk Event as contemplated in

Condition 14(d), the amount that shall be deducted from the outstanding Calculation Amount in the case of each and every partial redemption, calculated as follows:

if Reference Underleverage Settlement is Applicable:

$$N \times (100\% + G)$$

otherwise:

$$N \times (100\% - L)$$

Where:

N is the relevant Reference Bond Notional Amount;

G is the Reference Underleverage Ratio (if applicable); and

L is the Reference Overleverage Ratio.

Reference Bond Aggregate Amount means, for each Reference Bond the relevant multiple, for all Notes outstanding, of the Reference Bond Notional Amount.

Reference Bond Notional Amount means, for each Reference Bond the amount equal to (a) the initial Calculation Amount specified in the Final Terms multiplied by (b) the Reference Bond Notional Weight.

Reference Bond Notional Weight means, for each Reference Bond, the percentage indicated in the applicable Final Terms in respect of each Reference Bond (or, if such percentage is not specified, 100% divided by the number of Reference Bonds).

Reference Bond Valuation Date means, in respect of a Reference Bond, (1) any date specified as such in the applicable Final Terms or if such date is not a BLN Business Day in respect of such Reference Bond, the preceding or following relevant BLN Business Day as specified in the applicable Final Terms (or in the absence of such specification, where the specified date is not a BLN Business Day, the Reference Bond Valuation Date shall be the BLN Business Day immediately following such specified date) or (2) if no such date is specified (i) any BLN Business Day falling between the 55th and the 122nd BLN Business Day following the Credit Event Determination Date (or if the Credit Event Determination Date occurs pursuant to paragraph (i) of the definition of Credit Event Determination Date, the day on which the DC Credit Event Announcement occurs), (ii) following an Auction Cancellation Date or a No Auction Announcement Date, such subsequent BLN Business Day (in each case, as selected by the Calculation Agent at its sole and absolute discretion), or (iii) in relation to any Physical Settlement Fallback Method, the date that is two BLN Business Days after the Latest Permissible Physical Settlement Date.

Reference Bond Valuation Price means, for a Reference Bond and a Reference Bond Valuation Date, the relevant Final Price.

Reference Bond Valuation Ask Price means, for a Reference Bond and a Reference Bond Valuation Date, the relevant Final Price whereby the relevant Full Quotations are ask or offer prices.

Reference Bond Valuation Yield means, for a Reference Bond and a Reference Bond Valuation Date, the yield determined by the Calculation Agent in respect of the relevant Reference Bond Valuation Price using the appropriate Reference Bond Valuation Yield Methodology.

Reference Bond Valuation Ask Yield means, for a Reference Bond and a Reference Bond Valuation Date, the yield determined by the Calculation Agent in respect of the relevant Reference Bond Valuation Ask Price using the appropriate Reference Bond Valuation Yield Methodology.

Reference Bond Valuation Yield Methodology means, the method for determination of a yield in respect of a price specified in the Final Terms or in the absence thereof the method determined by the Calculation Agent as the most relevant such method based on the current market practice in the market of the Reference Bond.

Reference Entity or Reference Entities means, in respect of the relevant Reference Bond(s):

- (i) The issuer of a Reference Bond; or
- (ii) The relevant entity assuming the liabilities and obligations in respect of such Reference Bond in accordance with the above provisions relating to "Change in Reference Entity", including, as applicable where ISDA Bond Event is Applicable, any Successor thereto either (a) identified by the Calculation Agent in accordance with the definition of Successor on or following the Trade Date or (b) identified pursuant to a DC Resolution in respect of a Successor Resolution Request Date and publicly announced by the DC Secretary on or following the Trade Date, shall, in each case, with effect from the Succession Date, be a Reference Entity for the Relevant Obligations.

For the avoidance of doubt, one Reference Entity may be specified multiple times, each in relation to a separate Reference Bond.

Reference Overleverage Ratio means the percentage determined by the Calculation Agent according to the following formula:

$$\text{Max}((N - C) / N ; 0)$$

where:

C means the initial Calculation Amount specified in the applicable Final Terms; and

N means for Single Bond BLNs the Reference Bond Notional Amount or, for Basket BLNs the sum of all the Reference Bond Notional Amounts in the relevant Basket.

Reference Underleverage Ratio means, if Reference Underleverage Settlement is specified as applicable in the applicable Final Terms, the percentage determined by the Calculation Agent according to the following formula:

$$\text{Max}((C - N) / N ; 0)$$

where:

C means the initial Calculation Amount specified in the applicable Final Terms; and

N means for Single Bond BLNs the Reference Bond Notional Amount or, for Basket BLNs the sum of all the Reference Bond Notional Amounts in the relevant Basket.

Reference Underleverage Settlement means, if specified as applicable in the applicable Final Terms, that (i) upon satisfaction of the Settlement Conditions, a portion of the Calculation Amount (calculated as the initial Calculation Amount minus the Reference Bond Notional Amount, or in the case of a Basket BLN, the initial Calculation Amount minus the sum thereof) shall be paid to Noteholders and (ii) in the case of a Risk Event as described in Condition 14(d) above, the relevant Early Redemption Amount.

For the avoidance of doubt, if the Reference Bond Notional Weight (or in the case of Basket BLNs the sum of all the Reference Entity Notional Weights in the Basket) is greater than or equal to 100%, then Reference Underleverage Settlement shall be "Not Applicable".

Relevant Guarantee means a Qualifying Affiliate Guarantee or, if "*All Guarantees*" is specified as applicable in the applicable Final Terms, a Qualifying Guarantee.

Replaced Deliverable Obligation Outstanding Amount means the Outstanding Amount of each Deliverable Obligation identified in the Notice of Physical Settlement or a prior NOPS Amendment Notice, as applicable, that is being replaced by the Replacement Deliverable Obligation.

Replacement Deliverable Obligation means the replacement Deliverable Obligation in relation to each Deliverable Obligation identified in the Notice of Physical Settlement or a prior NOPS Amendment Notice, as applicable, that is being replaced pursuant to the relevant NOPS Amendment Notice.

Representative Amount means an amount that is representative of a single transaction in the market concerned and at the relevant time, which amount the Calculation Agent shall determine.

Repudiation/Moratorium means the occurrence of the following two events:

- (i) an authorised officer of the Reference Entity or a Governmental Authority:
 - (a) disaffirms, disclaims, repudiates or rejects, in full or in part, or challenges the validity of one or more Obligations for a total amount at least equal to the Default Requirement; or
 - (b) declares or imposes a moratorium, a freeze, standstill, roll-over or deferral, *de facto* or *de jure*, in respect of one or more Obligations, for a total amount at least equal to the Default Requirement; and
- (ii) a Failure to Pay, determined regardless of the Default Requirement, or a Restructuring, determined regardless of the Default Requirement, in respect of any such Obligation, occurs on or prior to the Repudiation/Moratorium Evaluation Date.

Repudiation/Moratorium Evaluation Date means, if a Potential Repudiation/Moratorium Event occurs during the Observation Period:

- (i) if the Obligations to which this Potential Repudiation/Moratorium Event relates include Bonds, the later of the following two dates:
 - (a) the date 60 days plus four London and Paris Business Days after the date of occurrence of such Potential Repudiation/Moratorium Event; or
 - (b) the first payment date in respect of any such Bond following the date of occurrence of such Potential Repudiation/Moratorium Event (or, if later, the expiry date of any Grace Period applicable in respect of such payment date); and
- (ii) if the Obligations to which this Potential Repudiation/Moratorium Event relates do not include Bonds, the date 60 days plus four London and Paris Business Days after the date of occurrence of such Potential Repudiation/Moratorium Event.

Repudiation/Moratorium Extension Condition is satisfied (i) if the DC Secretary publicly announces, pursuant to a valid request that was delivered and effectively received on or prior to the date that is fourteen calendar days after the Observation Period End Date, that the relevant

Credit Derivatives Determinations Committee has Resolved that an event that constitutes a Potential Repudiation/Moratorium Event for purposes of the relevant Obligation(s) has occurred during the Observation Period, or (ii) otherwise, by delivery by the Calculation Agent to the Issuer of a Bond Event Notice and, unless "*Notice of Publicly Available Information*" is specified as applicable in the applicable Final Terms, a Notice of Publicly Available Information that are each effective on or prior to the date that is fourteen calendar days after the Observation Period End Date. In all cases, the Repudiation/Moratorium Extension Condition will be deemed not to have been satisfied, or not capable of being satisfied, if, or to the extent that, the DC Secretary publicly announces that the relevant Credit Derivatives Determinations Committee has Resolved that either:

- (i) an event does not constitute a Potential Repudiation/Moratorium Event for purposes of the relevant Obligation(s) with respect to an obligation of the Reference Entity; or
- (ii) an event that constitutes a Potential Repudiation/Moratorium Event for purposes of the relevant Obligation(s) has occurred with respect to an obligation of the Reference Entity but that such event occurred after the end of the Observation Period.

Restructuring means:

- (i) in respect of one or more Obligations and with regard to a total amount at least equal to the Default Requirement, the occurrence of one or more of the following events in a form that binds all holders of such Obligation, is agreed between the Reference Entity or a Governmental Authority and a sufficient number of holders of such Obligation to bind all the holders of such Obligation, or is announced (or otherwise decreed) by a Reference Entity or a Governmental Authority in a form that binds all holders of such Obligation (including, in each case, in respect of Bonds only, by way of an exchange), provided that such event is not expressly provided for in the terms of such Obligation in effect at the later of the Bond Event Backstop Date and the date as of which such Obligation is issued or incurred:
 - (a) any reduction in the rate or amount of interest payable or the amount of scheduled interest accruals (including by way of redenomination);
 - (b) any reduction in the amount of the premium or principal due at redemption (including by way of redenomination);
 - (c) any postponement or other deferral of one or more dates for either (A) payment or accrual of interest or (B) payment of principal or premium;
 - (d) any change in the payment priority ranking of an Obligation, giving rise to the Subordination of that Obligation to any other Obligation; or
 - (e) any change in the currency of any payment in principal, premium or interest, to any currency other than the lawful currency of Canada, Japan, Switzerland, the United Kingdom and the United States of America and the Euro and any successor currency to any of the aforementioned currencies (which in the case of the euro shall mean the currency which succeeds to and replaces the euro in whole).
- (ii) notwithstanding the provisions of sub-paragraph (i) above, the following do not constitute a Restructuring:
 - (a) the payment in Euros of the principal, premium or interest due in respect of an Obligation denominated in a currency of a Member State of the European

Union that adopts or has adopted the single currency according to the provisions of the Treaty establishing the European Community, as amended by the Treaty on the European Union;

- (b) the redenomination from euros into another currency, if (a) the redenomination occurs as a result of action taken by a Governmental Authority of a Member State of the European Union which is of general application in the jurisdiction of such Governmental Authority and (b) a freely available market rate of conversion between euros and such other currency existed at the time of such redenomination and there is no reduction in the rate or amount of interest, principal or premium payable, as determined by reference to such freely available market rate of conversion;
- (c) the occurrence of, agreement to, or announcement of any of the events described in paragraphs (i)(a) to (i)(e) above on account of an administrative adjustment, tax adjustment, accounting adjustment or other technical adjustment occurring during the ordinary course of business; and
- (d) the occurrence of, agreement to or announcement of any of the events described in paragraphs (i)(a) to (i)(e) above in circumstances where such event does not result directly or indirectly from a deterioration in the creditworthiness or financial condition of the Reference Entity provided that in respect of paragraph (i)(e) only, no such deterioration in the creditworthiness or financial condition of the Reference Entity is required where the redenomination is from euro into another currency and occurs as a result of action taken by a Governmental Authority of a Member State of the European Union which is of general application in the jurisdiction of such Governmental Authority.

For the purposes of sub-paragraphs (i) and (ii) above and the definition of "Multiple Holder Obligation", the term "*Obligation*" shall be deemed to include Underlying Obligations for which the Reference Entity is acting as provider of a Guarantee. For a Guarantee and an Underlying Obligation, the references to the Reference Entity made in sub-paragraph (i) above shall be deemed to designate the Underlying Obligor, and the reference to the Reference Entity in sub-paragraph (ii) above shall continue to refer to the Reference Entity.

Unless "Multiple Holder Obligation" is specified as not applicable in the applicable Final Terms, then, notwithstanding anything to the contrary in this definition of "Restructuring", the occurrence of, agreement to or announcement of any of the events described in paragraphs (i)(a) to (i)(e) above shall not be a Restructuring unless the Obligation in respect of any such events is a Multiple Holder Obligation.

If an exchange has occurred, the determination as to whether one of the events described under paragraph (i) above has occurred will be based on a comparison of the terms of the Bond immediately prior to such exchange and the terms of the resulting obligations immediately following such exchange.

Revised Currency Rate means, with respect to a Replacement Deliverable Obligation specified in a NOPS Amendment Notice, the rate of conversion between the currency in which the Replaced Deliverable Obligation Outstanding Amount is denominated and the currency in which the Outstanding Amount of such Replacement Deliverable Obligation is denominated that is determined either (a) by reference to the Currency Rate Source as at the Next Currency

Fixing Time, or (b) if such rate is not available at such time, as the Calculation Agent shall determine in a commercially reasonable manner.

Risk Settlement Amount shall have the meaning attributed thereto in Condition 14(b)(ii)(2) or (as appropriate Condition 14(e)(ii)).

Scheduled Maturity Date means the date specified as such in the applicable Final Terms, subject to adjustment in accordance with the Business Day Convention stipulated in the applicable Final Terms.

Second Obligation means, for the purposes of the definitions of "*Subordination*" and "*Senior Obligation*", an obligation of the Reference Entity that is compared to that Senior Obligation.

Senior Obligation means any obligation which is not Subordinated to any unsubordinated Borrowed Money obligation of the Reference Entity.

Settlement Conditions means, in relation to any Reference Bond, the occurrence of a Bond Event Determination Date (provided that, unless resolved otherwise by the Calculation Agent by written notification sent to the Issuer, such Bond Event Determination Date is not subsequently deemed not to have occurred pursuant to the definition thereof prior to the Auction Final Price Determination Date, a Valuation Date, Cash Settlement Date or a Maturity Date, as appropriate) and, if "*Physical Settlement*" is specified as the Settlement Method in the applicable Final Terms (or is applicable pursuant to the Fallback Settlement Method), delivery of a Notice of Physical Settlement that is effective on or prior to the NOPS Cut-off Date.

Settlement Currency means the currency as specified in the applicable Final Terms or, if no currency is specified in the applicable Final Terms, the Specified Currency.

Settlement Date means (a) the Auction Settlement Date or the Cash Settlement Date or the Physical Settlement Date (as applicable) or, if none are applicable, (b) the later of (i) the final day of the Notice Delivery Period and (ii) the Post Dismissal Additional Period.

Upon the occurrence of a Settlement Date, the Issuer will have no further obligations towards Noteholders in respect of the BLNs, other than in respect of obligations which have become due on or prior to the Settlement Date but have yet to be performed.

Settlement Method means either (i) Auction Settlement, (ii) Cash Settlement, or (iii) Physical Settlement, as specified in the applicable Final Terms, subject to the following:

- (i) Auction Settlement can be specified only if ISDA Bond Event is Applicable;
- (ii) If ISDA Bond Event is Not Applicable and no Settlement Method is specified in the Final Terms, Settlement Method means Cash Settlement;
- (iii) If ISDA Bond Event is Applicable and no Settlement Method is specified in the Final Terms, Settlement Method means Auction Settlement.

Settlement Type means American Settlement or European Settlement as specified in the applicable Final Terms.

Single BLN means BLNs for which only one Reference Bond is specified in the Final Terms.

Solvency Capital Provisions means any terms in an obligation which permit the Reference Entity's payment obligations thereunder to be deferred, suspended, cancelled, converted, reduced or otherwise varied and which are necessary in order for the obligation to constitute capital resources of a particular tier.

Sovereign means any State, political subdivision or government, or any agency, instrumentality, ministry, department or any other authority acting in a governmental capacity (including, without limiting the above, the central bank) of that state, that political subdivision or that government.

Standard Specified Currency means each of the lawful currencies of Canada, Japan, Switzerland, France, Germany, United Kingdom, United States of America and the Euro, and any successor currency to those currencies (which, in the case of the Euro, shall mean the currency which succeeds to and replaces the Euro, in whole).

Subordination means, with respect to a Second Obligation and another obligation of the Reference Entity to which such obligation is being compared (the **First Obligation**), a contractual, trust or another similar arrangement by virtue of which (i) upon the liquidation, dissolution, winding-up or reorganisation of the Reference Entity, claims of the holders of the First Obligation are required to be satisfied before the claims of the holders of the Second Obligation or (ii) the holders of the Second Obligation will not be entitled to receive or to keep principal payments in respect of their claims against the Reference Entity, at any time when the Reference Entity is in payment arrears or otherwise in default under the First Obligation.

Subordinated shall be interpreted accordingly. In order to ascertain whether Subordination exists or whether an obligation is Subordinated to another obligation to which it is being compared, (x) the existence of preferred creditors arising by operation of law or of collateral, credit support or other credit enhancement or security arrangements shall not be taken into account; except that notwithstanding the above, the aforementioned priorities arising by operation of law shall be taken into account when the Reference Entity is a Sovereign and (y) in the case of the Reference Obligation or the Prior Reference Obligation, as applicable, the ranking in priority of payment shall be determined as of the date as of which it was issued or incurred (or in circumstances where the Reference Obligation or a Prior Reference Obligation is the Standard Reference Obligation and "Standard Reference Obligation" is applicable, then the priority of payment of the Reference Obligation or the Prior Reference Obligation, as applicable, shall be determined as of the date of selection) and, in each case, shall not reflect any change to such ranking in priority of payment after such date.

Trade Date means the date specified as such in the applicable Final Terms.

Undeliverable Obligation means, in relation to the Impossibility/Illegality PS Fallback Method, any Deliverable Obligation that the Calculation Agent determines cannot be Delivered.

Underleverage Settlement Amount means the product of the Reference Bond Notional Amount and the Reference Underleverage Ratio.

Underlying Obligation means, with respect to a guarantee, the obligation which is the subject of the guarantee.

Underlying Obligor means with respect to an Underlying Obligation, the issuer in case of a Bond, the borrower in the case of a Loan, or the principal obligor in the case of any other Underlying Obligation.

Unwind Costs means the amount specified in the applicable Final Terms or, if the "*Standard Unwind Costs*" clause is stipulated as being applicable in the applicable Final Terms (or in the absence of such provision), an amount, subject to a minimum of zero, determined by the Calculation Agent in its sole discretion, equal to the sum (without duplication) of all costs, expenses (including any funding arrangements and/or any financing loss), taxes and fees

incurred by the Issuer and its Affiliate Companies in relation to the redemption of BLNs and the unwinding, cancellation, settlement or related restoration of any Hedge Transaction.

If the "*Non-Standard Unwind Costs*" clause is stipulated as being applicable in the applicable Final Terms, the Unwind Costs shall be those stipulated for Standard Unwind Costs as set out in the previous paragraph plus all costs, expenses (including financing loss), taxes and fees incurred by the Issuer and its Affiliate Companies in relation to the unwinding, cancellation, termination, settlement or related restoration of any Internal Currency Swap.

For the purposes of the above paragraph an **Internal Currency Swap** means an internal cross currency swap whereby the Treasury Non-Eligible Currency in which the BLN are denominated is converted into a Treasury Eligible Currency, a **Treasury Eligible Currency** includes, as at the date hereof, Euro, USD, GBP, Swiss Francs, Japanese Yen, Swedish Krona, Danish Krone, Norwegian Krone, Australian Dollars, Singapore Dollars, Hong Kong Dollars, Canadian Dollars, South African Rand and New Zealand Dollars, or any other currency designated as such from time to time by the Issuer and specified in the applicable Final Terms and a **Treasury Non-Eligible Currency** means any currency other than a Treasury Eligible Currency.

Valuation Date means any Reference Bond Valuation Date and, as applicable, (i) any BLN Business Day falling between the 55th and the 122nd BLN Business Day following the Bond Event Determination Date (or where relevant, if the Bond Event Determination Date being a Credit Event Determination Date occurs pursuant to paragraph (i) of the definition of Credit Event Determination Date, the day on which the DC Credit Event Announcement occurs), (ii) following an Auction Cancellation Date or a No Auction Announcement Date, such subsequent BLN Business Day (in each case, as selected by the Calculation Agent at its sole and absolute discretion), or (iii) in relation to any Physical Settlement Fallback Method, the date that is two BLN Business Days after the Latest Permissible Physical Settlement Date.

Valuation Obligation means, in respect of a Reference Bond, notwithstanding any contrary provision of this Condition 14 such Reference Bond or one or more Obligations of the relevant Reference Entity (either directly or as provider of a Relevant Guarantee), described by the Obligation Category specified in the applicable Final Terms, and having each of the Obligation Characteristics (if any) specified in the applicable Final Terms (excluding any Excluded Obligation but including any other Obligation), which:

- (i) is payable for an amount equal to its Outstanding Principal Balance at the amount due and payable under this Condition 14, (except for sums representing interest on arrears, indemnities, tax increases ("gross-up") and other similar amounts) (the Amount Due and Payable), as appropriate;
- (ii) is not the object of any counterclaim, challenge or other objection (other than a counterclaim, challenge or objection referred to in the definition of "Bond event" or, as applicable, "Credit Event"), or of any clearing right of the Reference Entity or, where appropriate, of an Underlying Obligor); and
- (iii) if a Qualifying Guarantee other than an Qualifying Affiliate Guarantee may, at the Valuation Date concerned, be executed immediately by or on behalf of the bearer or bearers against the Reference Entity, for an amount at least equal to the Outstanding Principal Balance or to the Amount Due and Payable, as appropriate, and regardless of the dispatch of any notification of non-payment or any similar procedural requirement, it being understood that obligation acceleration of an Underlying Obligation shall not be deemed to be a procedural requirement.

If an Obligation is a Convertible Obligation or an Exchangeable Obligation, such Obligation may only be included in the Valuation Obligations Portfolio if the rights (i) to convert or exchange such Obligation, or (ii) to require the issuer to buy back or redeem such Obligation (if the issuer has exercised or could exercise the right to pay the redemption price or the redemption price, in full or in part, in the form of allocation of Equity Securities) have not been exercised (or the exercise thereof has been effectively cancelled) at the Valuation Date concerned or prior thereto.

Valuation Obligations Portfolio means one or more Valuation Obligations selected by the Calculation Agent at its discretion, each for an Outstanding Principal Balance selected by the Calculation Agent at its entire and absolute discretion, provided that the total of such Outstanding Principal Balance (or, in each case, its equivalent in the Credit Linked Specified Currency (converted at the exchange rate prevailing at any date during the period between the Bond Event Determination Date (included) and the Valuation Date (included), selected by the Calculation Agent at its sole and absolute discretion)), does not exceed the relevant Reference Bond Aggregate Amount.

Valuation Time means the time specified in relation to a Reference Bond in the applicable Final Terms, in respect of a Reference Bond Valuation Date as the case may be or, if no such time is specified, 11:00 in the principal trading market of the Valuation Obligation, the Undeliverable Obligation, Undeliverable Loan Obligation, Undeliverable Participation or Unassignable Obligation (as applicable).

Voting Shares means the shares or other interests conferring the power to elect the board of directors or any other similar governing body of an entity.

Weighted Average Final Price means the weighted average of the Final Prices determined for each Valuation Obligation in the Valuation Obligations Portfolio, weighted by the nominal amount in the Obligation Currency of each of such Valuation Obligations (or its equivalent in the Settlement Currency, converted by the Calculation Agent, in a commercially reasonable manner, with reference to the exchange rates in force at the time of such determination).

Weighted Average Quotation means the weighted average of the firm bid prices (or where so specified, ask or offer prices) obtained from Dealers at the Valuation Time, insofar as is reasonably practicable, each for an amount of the Reference Obligation or the Valuation Obligation(s), as applicable, with an Outstanding Principal Balance or Due and Payable Amount, as applicable, of as large a size as available, but less than the Quotation Amount, whose total is approximately equal to the Quotation Amount.

(h) ***Definitions relating to Credit Derivatives Determinations Committees***

For the purpose of the definitions relating to Credit Derivatives Determinations Committees hereunder, "Credit Event" shall have the meaning contemplated in accordance with the applicable DC Rules in the relevant context.

Auction has the meaning given in the relevant Auction Settlement Transaction Terms.

Auction Cancellation Date has the meaning given in the relevant Auction Settlement Transaction Terms.

Auction Covered Transaction has the meaning given in the relevant Auction Settlement Transaction Terms.

Auction Final Price has the meaning given in the relevant Auction Settlement Transaction Terms.

Auction Final Price Determination Date has the meaning given in the relevant Auction Settlement Transaction Terms.

Auction Settlement Transaction Terms means the Credit Derivatives Auction Settlement Terms published by ISDA in respect of a "Credit Event", and in respect of which the Notional Credit Derivative Transaction would be an Auction Covered Transaction (as such term will be set out in the relevant Credit Derivatives Auction Settlement Terms).

Credit Derivatives Determinations Committee means each committee set up pursuant to the DC Rules in order to reach certain DC Resolutions in relation to credit derivatives transactions.

Credit Event Resolution Request Date means, with regard to a DC Credit Event Question, the date as announced publicly by the DC Secretary, which the relevant Credit Derivatives Determinations Committee Resolves is the date at which the DC Credit Event Question was effective, and on which the relevant Credit Derivatives Determinations Committee was in possession of Publicly Available Information in respect of such DC Credit Event Question.

DC Credit Event Announcement means, in respect of the Reference Entity, a public announcement by the DC Secretary that the relevant Credit Derivatives Determinations Committee has Resolved:

- (i) that an event constituting a "Credit Event" has occurred in respect of such Reference Entity (or an Obligation thereof); and
- (ii) that such event occurred during the Observation Period.

A DC Credit Event Announcement shall be deemed not to be made unless:

- (a) The Credit Event Resolution Request Date in respect of such "Credit Event" occurred on or prior to the end of the last day of the Notice Delivery Period (including prior to the Trade Date or the Issue Date, as specified against "*Credit Event Resolution Request Date*" in the applicable Final Terms); and
- (b) The Trade Date occurs on or prior to the Auction Final Price Determination Date, the Auction Cancellation Date or the date that is 21 calendar days following the No Auction Announcement Date, if any, as applicable.

DC Credit Event Question means a notice to the DC Secretary requesting that a Credit Derivatives Determinations Committee be convened to Resolve whether an event that constitutes a "Credit Event" has occurred.

DC Credit Event Question Dismissal means, with respect to the Reference Entity, a public announcement by the DC Secretary that the relevant Credit Derivatives Determinations Committee has Resolved not to determine the matters described in a DC Credit Event Question.

DC No Credit Event Announcement means, in respect of the Reference Entity, a public announcement by the DC Secretary that the Credit Derivatives Determinations Committee concerned has Resolved that an event the subject of a DC Credit Event Question does not constitute a "Credit Event".

DC Party has the meaning given to that term in the DC Rules.

DC Resolution has the meaning given to it in the DC Rules.

DC Rules means the Credit Derivatives Determinations Committee's Rules, as published by ISDA on its website at www.isda.org (or any successor website thereto) from time to time and as amended from time to time in accordance with the terms thereof.

DC Secretary has the meaning given to that term in the DC Rules.

No Auction Announcement Date means, in respect of a "Credit Event", the date on which the DC Secretary first publicly announces:

- (i) that no Auction Settlement Transaction Terms will be published; or
- (ii) that the Credit Derivatives Determinations Committee concerned has Resolved that an Auction shall not take place following a previous public announcement to the contrary by the DC Secretary.

Notional Credit Derivative Transaction means, as regards a BLN and a Reference Entity, a hypothetical credit derivative transaction:

- (i) For which the "Trade Date" is the Trade Date;
- (ii) For which the "Scheduled Termination Date" is the Observation Period End Date;
- (iii) For which the "Reference Entity or Entities" is (are) the relevant Reference Entity(ies);
- (iv) For which (if applicable) the "Transaction Type" applicable is the relevant Transaction Type for the purposes of this BLN;
- (v) For which the Reference Obligation(s) are the same as in respect of the BLNs or, if not specified, the relevant Reference Bond(s) or otherwise determined by the Calculation Agent to be appropriate in respect of a credit derivative transaction linked to the relevant Reference Entity(ies); and
- (vi) Otherwise having such other characteristics as the Calculation Agent may determine appropriate by reference to, without limitation, the Issuer's hedging arrangements and/or any other credit derivative elections made in relation to the BLNs.

Post Dismissal Additional Period means the period from and including the date of the DC Credit Event Question Dismissal to and including the date that is 14 calendar days thereafter (provided that the relevant Credit Event Resolution Request Date occurred on or prior to the end of the last day of the Notice Delivery Period (including prior to the Trade Date)).

Resolve has the meaning given to this term in the DC Rules, and **Resolved** and **Resolves** shall be construed accordingly.

(i) ***Definitions relation to BLNs where ISDA Bond Event is Applicable***

Accelerated or Matured means an obligation under which the principal amount owed, whether by reason of maturity, acceleration, termination or otherwise, is due and payable in full in accordance with the terms of such obligation, or would have been but for, and without regard to, any limitation imposed under any applicable insolvency laws.

Affected Entity has the meaning given to this term in Condition 14(e)(iv).

Asset means each obligation, equity, amount of cash, security, fee (including any "early-bird" or other consent fee), right and/or other asset, whether tangible or otherwise and whether issued, incurred, paid or provided by the Reference Entity or a third party (or any value which was realised or capable of being realised in circumstances where the right and/or other asset no longer exists).

Asset Market Value means the market value of an Asset, as the Calculation Agent shall determine by reference to an appropriate specialist valuation or in accordance with the methodology determined by the Credit Derivatives Determinations Committee.

Asset Package means, in respect of an Asset Package Credit Event, all of the Assets in the proportion received or retained by a Relevant Holder in connection with such relevant Asset Package Credit Event (which may include the Prior Deliverable Obligation or Package Observable Bond, as the case may be). If the Relevant Holder is offered a choice of Assets or a choice of combinations of Assets, the Asset Package will be the Largest Asset Package. If the Relevant Holder is offered, receives and retains nothing, the Asset Package shall be deemed to be zero.

Asset Package Credit Event means:

- (i) if "Financial Reference Entity Terms" and "Governmental Intervention" are specified as applicable in the applicable Final Terms:
 - (a) a Governmental Intervention; or
 - (b) a Restructuring in respect of the Reference Obligation, if "Restructuring" is specified as applicable in the applicable Final Terms and such Restructuring does not constitute a Governmental Intervention; and
- (ii) if the Reference Entity is a Sovereign and "Restructuring" is specified as applicable in the applicable Final Terms, a Restructuring,

in each case, whether or not such event is specified as the applicable Credit Event in the Credit Event Notice or the DC Credit Event Announcement.

Asset Package Delivery shall be interpreted in accordance with the first paragraph of Condition 14(e)(iii).

Assignable Loan means a Loan that is capable of being assigned or novated to, at a minimum, commercial banks or financial institutions (irrespective of their jurisdiction of organisation) that are not then a lender or a member of the relevant lending syndicate, without the consent of the relevant Reference Entity or the guarantor, if any, of such Loan (or the consent of the applicable borrower if a Reference Entity is guaranteeing such Loan) or any agent.

Assignable Loan PS Fallback Event means, if "Assignable Loan PS Fallback Event" is specified in the applicable Final Terms:

- (i) the Deliverable Obligations specified in the Notice of Physical Settlement or any NOPS Amendment Notice, as applicable, include Assignable Loans that, due to the non-receipt of any requisite consents, are not, on the Physical Settlement Date, capable of being assigned or novated to the Noteholders and such consents are not obtained or deemed given by the Latest Permissible Physical Settlement Date; and
- (ii) (a) "Direct Loan Participation" is not specified as a Deliverable Obligation Characteristic in the applicable Final Terms, or (b) "Direct Loan Participation" is specified as a Deliverable Obligation Characteristic in the applicable Final Terms and the relevant participation is not effected on or before the Latest Permissible Physical Settlement Date.

Assignable Loan PS Fallback Method means Cash Settlement or Auction Settlement, as specified in the applicable Final Terms (or, if neither is specified, Cash Settlement), with respect to the Deliverable Obligations specified in the Notice of Physical Settlement or any NOPS Amendment Notice, as applicable, that consist of Unassignable Obligations.

Auction Settlement Amount means, in relation to a Reference Entity:

- (i) an amount stated in the Settlement Currency determined by the Calculation Agent according to the following formula:

$$\text{Auction Settlement Amount} = \text{Max}[[N \times (P - L)] - U; 0]$$

Where:

N means the Reference Entity Notional Amount

P means the Auction Final Price concerned;

L means the Reference Overleverage Ratio; and

U means the *pro-rata* share, per Calculation Amount, of the Unwind Costs (unless the applicable Final Terms specify that the Unwind Costs do not apply, in which case **U** means zero); or

- (ii) in relation to any Physical Settlement Fallback Method, for each Undeliverable Obligation, Undeliverable Loan Obligation, Undeliverable Participation or Unassignable Obligation (as applicable), the aggregate of the greater of (i)(A) the Outstanding Principal Balance, Due and Payable Amount or Currency Amount, as applicable, of each Undeliverable Obligation, Undeliverable Loan Obligation, Undeliverable Participation or Unassignable Obligation (as applicable) multiplied by (B) the Auction Final Price with respect to such Undeliverable Obligation, Undeliverable Loan Obligation, Undeliverable Participation or Unassignable Obligation (as applicable) minus (C) the relevant share of **U** with respect to such Undeliverable Obligation, Undeliverable Loan Obligation, Undeliverable Participation or Unassignable Obligation (as applicable) and (ii) zero.

Auction Settlement Amount Notice means a notification which the Calculation Agent will give to the Issuer by the date 65 London and Paris Business Days after the Final List Publication Date at the latest, specifying:

- (i) The Auction Settlement Transaction Terms; and
(ii) The Auction Settlement Amount.

The Issuer shall notify the Noteholders in accordance with Condition 14 of the Terms and Conditions of the English Law Notes or, as applicable, Condition 13 of the Terms and Conditions of the French Law Notes upon receipt of such notification by the Calculation Agent.

Auction Settlement Date means the date specified in the Final Terms, being the later of either (i) the date determined in accordance with the Auction Settlement Transaction Terms or (ii) three London and Paris Business Days following the date of delivery of the Auction Settlement Amount Notice by the Calculation Agent to the Issuer, unless specified otherwise in the applicable Final Terms.

Best Available Information means:

- (i) In the case of a Reference Entity that files information with its primary securities regulator or its primary stock exchange, including unconsolidated pro forma financial information that assumes that the Succession Event concerned has occurred or that provides such information to its shareholders, its creditors or any other persons that must approve the Succession Event, such unconsolidated pro forma financial information and, if provided subsequently to the provision of unconsolidated pro forma

financial information but before the Calculation Agent determines the Successor or Successors concerned, other relevant information contained in any written communication provided by the Reference Entity to its primary securities regulator, to its primary stock exchange, to its shareholders, to its creditors or to any other persons that must approve the Succession Event; or

- (ii) In the case of a Reference Entity that does not file the information referred to in subparagraph (i) above with its primary securities regulator or its primary stock exchange, and does not provide such information to its shareholders, its creditors or other persons that must approve the Succession Event, the best publicly available information at the disposal of the Calculation Agent enabling it to determine the Successor or Successors concerned,

it being understood that information made available more than 14 calendar days after the date on which the Succession Event takes legal effect shall not constitute "*Best Available Information*".

Conforming Reference Obligation means a Reference Obligation which is a Deliverable Obligation determined in accordance with paragraph (i) of the definition of Deliverable Obligation.

Consent Required Loan means a Loan that is capable of being assigned or novated with the consent of the relevant Reference Entity or the guarantor, if any, of such Loan (or the consent of the relevant borrower if a Reference Entity is guaranteeing such Loan) or any agent.

Consent Required Loan PS Fallback Event means, if "Consent Required Loan PS Fallback Event" is specified in the applicable Final Terms:

- (i) the Deliverable Obligations specified in the Notice of Physical Settlement or any NOPS Amendment Notice, as applicable, include Consent Required Loans that, due to the non-receipt of any requisite consents, are not, on the Physical Settlement Date, capable of being assigned or novated to the Noteholders and such consents are not obtained or deemed given by the Latest Permissible Physical Settlement Date; and
- (ii) (a) "Direct Loan Participation" is not specified as a Deliverable Obligation Characteristic in the applicable Final Terms, or (b) "Direct Loan Participation" is specified as a Deliverable Obligation Characteristic in the applicable Final Terms and the relevant participation is not effected on or before the Latest Permissible Physical Settlement Date.

Consent Required Loan PS Fallback Method means Cash Settlement or Auction Settlement, as specified in the applicable Final Terms (or, if neither is specified, Cash Settlement), with respect to the Deliverable Obligations specified in the Notice of Physical Settlement or any NOPS Amendment Notice, as applicable, that consist of Undeliverable Loan Obligations.

Credit Derivatives Auction Settlement Terms means any Credit Derivatives Auction Settlement Terms published by ISDA in relation to a Reference Entity, a form of which shall be published from time to time by ISDA on its website (www.isda.org) (or on any successor website thereto), as may be amended from time to time.

Credit Event means, in respect of a Reference Entity, the occurrence of one or more of the following events specified in the applicable Final Terms: Bankruptcy, Failure to Pay, Obligation Acceleration, Obligation Default, Repudiation/Moratorium, Restructuring or Governmental Intervention.

If an event would otherwise constitute a Credit Event, such event shall constitute a Credit Event whether or not it arises directly or indirectly from, or is subject to a defence based upon:

- (i) any lack or alleged lack of authority or capacity of the Reference Entity to enter into any Obligation or of an Underlying Obligor to enter into any Underlying Obligation;
- (ii) unenforceability, illegality, impossibility or invalidity, actual or alleged, with respect to any Obligation or, as applicable, any Underlying Obligation, whatever the description thereof;
- (iii) any applicable law, decree, regulation, order or notice, whatever the description thereof, the promulgation of any applicable law, any decree, any regulation, any order or any notice, or any change in the interpretation thereof by any court, any tribunal, any regulatory authority or any similar administrative or judicial body with competent or apparent jurisdiction, whatever the description thereof; or
- (iv) the imposition by any monetary or other authority of any exchange controls, capital restrictions or any other similar restrictions, or any change in such controls or restrictions, whatever the description thereof.

Credit Event Backstop Date means the date 60 calendar days prior to the Trade Date. The Credit Event Backstop Date shall not be subject to adjustment in accordance with a Business Day Convention.

Credit Event Determination Date means, in relation to any Credit Event:

- (i) subject to the provisions of sub-paragraph (ii) below, the Notice Delivery Date, if the Notice Delivery Date occurs during either the Notice Delivery Period or the Post Dismissal Additional Period, provided that no DC Credit Event Announcement and no DC No Credit Event Announcement has occurred, in each case with respect to the Credit Event specified in the Credit Event Notice; or
- (ii) notwithstanding the provisions of sub-paragraph (i) above, the Credit Event Resolution Request Date, or if a DC Credit Event Announcement has occurred, the Credit Event Resolution Request Date on or prior to the last day of the Notice Delivery Period, provided that:
 - (a) no Credit Event Notice specifying a Restructuring as the only Credit Event has been previously delivered by the Calculation Agent to the Issuer, unless the Restructuring specified in such Credit Event Notice is also the subject of the DC Credit Event Question, leading to the occurrence of the Credit Event Resolution Request Date; and
 - (b) if the Credit Event forming the subject of the DC Credit Event Announcement is a Restructuring, the Calculation Agent has delivered a Credit Event Notice to the Issuer on or prior to the Exercise Cut-off Date.

No Credit Event Determination Date shall occur with respect to an event, and any Credit Event Determination Date previously determined in respect of an event shall be deemed not to have occurred, if, or insofar as, a DC No Credit Event Announcement is made in respect of such event prior to the Auction Final Price Determination Date, a Valuation Date, the Cash Settlement Date or the Observation Period End Date, as appropriate.

The Issuer (or the Calculation Agent on its behalf) shall inform the Noteholders in accordance with Condition 14 of the Terms and Conditions of the English Law Notes or, as applicable,

Condition 13 of the Terms and Conditions of the French Law Notes of such Credit Event Notice and, where applicable, Notice of Publicly Available Information.

Credit Event Notice means an irrevocable notification given by the Calculation Agent to the Issuer (which the Calculation Agent has the right but not the obligation to deliver), describing a Credit Event that has occurred during the Observation Period.

Any Credit Event Notice that describes a Credit Event that occurred after the Observation Period End Date must relate to the relevant Potential Failure to Pay, in the case of a Grace Period Extension Date, or the relevant Potential Repudiation/Moratorium, in the case of a Repudiation/Moratorium Evaluation Date.

A Credit Event Notice must be in respect of all outstanding Notes.

A Credit Event Notice shall contain a description in reasonable detail of the facts relevant to the determination that a Credit Event has taken place, it being understood that, if a Credit Event Determination Date arises in respect of sub-paragraph (ii) of the definition thereof, a reference to the DC Credit Event Announcement shall suffice. The Credit Event the subject of the Credit Event Notice need not be continuing at the effective date of the Credit Event Notice.

Deliverable Obligation Category means any of Payment, Borrowed Money, Reference Obligation Only, Bond, Loan, or Bond or Loan as specified in relation to a Reference Bond in the applicable Final Terms. No Deliverable Obligation Characteristics are applicable to Reference Obligation Only.

Deliverable Obligation Characteristics means any one or more of Not Subordinated, Credit Linked Specified Currency, Not Sovereign Lender, Not Domestic Currency, Listed, Not Domestic Issuance, Not Domestic Law, Assignable Loan, Consent Required Loan, Direct Loan Participation, Transferable, Maximum Maturity, Accelerated or Matured and Not Bearer, as specified in the applicable Final Terms.

Domestic Currency means the currency specified as such in the applicable Final Terms and any successor currency thereto, or if no such currency is specified, the lawful currency and any successor currency of:

- (i) the Reference Entity, if the Reference Entity is a Sovereign; or
- (ii) the jurisdiction in which the Reference Entity is organised, if the Reference Entity is not a Sovereign.

Domestic Law means each of the laws of (a) the Reference Entity, if such Reference Entity is a Sovereign, or (b) the jurisdiction in which the Reference Entity is organised, if such Reference Entity is not a Sovereign.

Eligible Information means information which is publicly available or which can be made public without violating any law, agreement, understanding or other restriction regarding the confidentiality of such information.

Excluded Deliverable Obligation means:

- (i) any obligation of a Reference Entity specified as such or of a type described in the applicable Final Terms;
- (ii) any principal only component of a Bond from which some or all of the interest components have been stripped; and

- (iii) if Asset Package Delivery is applicable, any obligation issued or incurred on or after the date of the relevant Asset Package Credit Event.

Excluded Obligation means:

- (i) any obligation of the Reference Entity specified as such or of a type described in the applicable Final Terms (for the avoidance of doubt noting that, subject to (ii) and (iii) below, if no obligation is specified or if “As defined in Condition 14(i) of the Terms and Conditions of Structured Notes” is specified in the applicable Final Terms this shall be None);
- (ii) if "Financial Reference Entity Terms" is specified as applicable in the applicable Final Terms and the BLN is a Senior Transaction, then for purposes of determining whether a Governmental Intervention or Restructuring has occurred, any Subordinated Obligation; and
- (iii) if "Financial Reference Entity Terms" is specified as applicable in the applicable Final Terms and the BLN is a Subordinated Transaction, then for purposes of determining whether a Governmental Intervention or Restructuring has occurred, any Further Subordinated Obligation.

Exercise Cut-off Date means, with respect to a Credit Event:

- (i) 65 London and Paris Business Days after the Final List Publication Date;
- (ii) 15 BLN Business Days after the Auction Final Price Determination Date, if any;
- (iii) 15 BLN Business Days after the Auction Cancellation Date, if any; or
- (iv) the date falling 15 BLN Business Days after the No Auction Announcement Date, if any.

Fallback Settlement Event means one of the following events:

- (i) occurrence of an Auction Cancellation Date;
- (ii) occurrence of a No Auction Announcement Date;
- (iii) the public announcement by ISDA that the relevant Credit Derivatives Determinations Committee has Resolved, following a Credit Event Resolution Request Date, not to determine the relevant DC Credit Event Question;
- (iv) the public announcement by ISDA that the competent Credit Derivatives Determinations Committee has Resolved that the event concerned which has occurred constitutes a Restructuring for the purposes of credit derivative transactions for the relevant Reference Entity on the over-the-counter market (including any Hedge Transaction), and that Auctions shall not take place in respect of such Reference Entity and such Restructuring Credit Event; or
- (v) occurrence of a Credit Event Determination Date under sub-paragraph (i) of the definition of "Credit Event Determination Date", and no Credit Event Resolution Request Date has occurred within two London and Paris Business Days of such Credit Event Determination Date.

Fallback Settlement Method means Cash Settlement or Physical Settlement, as specified in the applicable Final Terms, or, if neither is specified, Cash Settlement. If the applicable Final Terms specify that Auction Settlement shall apply in relation to a Physical Settlement Fallback

Method, the Fallback Settlement Method in relation to such Auction Settlement shall be Cash Settlement.

Final List has the meaning given to this term in the DC Rules.

Final List Publication Date means, in respect of a Credit Event, the date on which the last Final List for such Credit Event is published by ISDA.

Further Subordinated Obligation means, if the Reference Obligation or Prior Reference Obligation, as applicable, is a Subordinated Obligation, any obligation which is Subordinated thereto.

Largest Asset Package means, in respect of a Prior Deliverable Obligation or a Package Observable Bond, as the case may be, the package of Assets for which the greatest amount of principal has been or will be exchanged or converted (including by way of amendment), as determined by the Calculation Agent by reference to Eligible Information. If this cannot be determined, the Largest Asset Package will be the package of Assets with the highest immediately realisable value, determined by the Calculation Agent in accordance with the methodology, if any, determined by the relevant Credit Derivatives Determinations Committee.

Listed means an obligation that is quoted, listed or ordinarily purchased and sold on an exchange. If the Obligation Characteristic "*Listed*" is specified as applicable in the Final Terms concerned, this characteristic shall only apply to the Obligations in the Obligation Category that are Bonds.

Loans Not Delivered PS Fallback Event means, unless:

- (i) "Reference Obligation Only", is specified as the Deliverable Obligation Category in the applicable Final Terms;
- (ii) in the case of a Consent Required Loan PS Fallback Event, "Consent Required Loans PS Fallback Event" is specified in the applicable Final Terms (in which case the Consent Required Loans PS Fallback Method shall apply);
- (iii) in the case of an Assignable Loan, "Assignable Loans PS Fallback Event" is specified in the applicable Final Terms (in which the Assignable Loans PS Fallback Method shall apply);
- (iv) in the case of a Direct Loan Participation, "Participation PS Fallback Event" is specified in the applicable Final Terms (in which case the Participation PS Fallback Method shall apply); or
- (v) in any case, such failure to Deliver is due to an Impossibility/Illegality PS Fallback Event (in which case the Impossibility/Illegality PS Fallback Method shall apply),

that the Issuer has, on or prior to the date that is five Business Days after the Physical Settlement Date, (A) not Delivered any Deliverable Obligations specified in the Notice of Physical Settlement or any NOPS Amendment Notice, as applicable, that are Loans (other than any Loan which (i) is a Prior Deliverable Obligation which the Issuer (or the Calculation Agent on its behalf) has notified to the Noteholders it intends to Deliver an Asset Package in lieu thereof, or (ii) forms part of an Asset Package which the Issuer (or the Calculation Agent on its behalf) has notified the Noteholders it intends to Deliver) and (B) failed to obtain the requisite consents to Deliver a Loan specified in the Notice of Physical Settlement or any NOPS Amendment Notice, as applicable.

Loans Not Delivered PS Fallback Method means (if the Calculation Agent determines that a Loans Not Delivered PS Fallback Event has occurred) the Issuer will Deliver, in lieu of all or part of any Loan which is not Delivered pursuant to a Loans Not Delivered PS Fallback Event, any Bond that is Transferable and Not Bearer or any Assignable Loan, in either case selected by the Issuer and having on both the Physical Settlement Date and the Delivery Date each of the Deliverable Obligation Characteristics (other than Consent Required Loan or Direct Loan Participation), if any, specified in the applicable Final Terms and otherwise satisfying the requirements to constitute a Deliverable Obligation (and such instrument shall be deemed specified in a NOPS Amendment Notice which will be effective notwithstanding the fact that it is deemed specified after the Physical Settlement Date).

Non-Conforming Reference Obligation means a Reference Obligation which is not a Conforming Reference Obligation.

Non-Conforming Substitute Reference Obligation means an obligation which would be a Deliverable Obligation determined in accordance with paragraph (i) of the definition of Deliverable Obligation on the Substitution Date but for one or more of the same reasons which resulted in the Reference Obligation constituting a Non-Conforming Reference Obligation on the date it was issued or incurred and/or immediately prior to the Substitution Event Date (as applicable).

Non-Financial Instrument means any Asset which is not of the type typically traded in, or suitable for being traded in, financial markets.

Non-Standard Reference Obligation means the Original Non-Standard Reference Obligation or if a Substitute Reference Obligation has been determined, the Substitute Reference Obligation.

Non-Transferable Instrument means any Asset which is not capable of being transferred to institutional investors, excluding due to market conditions.

Not Bearer means any obligation that is not a bearer instrument unless interests with respect to such bearer instrument are cleared via the Euroclear system, Clearstream International or any other internationally recognised clearing system.

Not Domestic Currency means any obligation that is payable in any currency other than the applicable Domestic Currency, provided that a Standard Specified Currency shall not constitute a Domestic Currency.

Not Domestic Issuance means any obligation other than an obligation which was issued (or reissued, as appropriate), or intended to be offered for sale primarily in the domestic market of the Reference Entity. Any obligation that is registered or, as a result of some other action having been taken for such purpose, is qualified to be sold outside the domestic market of the Reference Entity (regardless of whether such obligation is also registered or qualified to be sold in the domestic market of the Reference Entity) shall be deemed not to be issued (or reissued, as the case may be), or intended to be offered for sale primarily in the domestic market of the Reference Entity.

Not Domestic Law means any obligation that is not governed by the applicable Domestic Law, provided that the laws of England and the laws of the State of New York shall not constitute a Domestic Law.

Not Subordinated means an obligation that is not Subordinated to:

- (i) the Reference Obligation; or

- (ii) the Prior Reference Obligation, if applicable.

Obligation Characteristics means one or more of the following characteristics, as amended or supplemented at any time in the Physical Settlement Matrix: Not-Subordinated, Credit Linked Specified Currency, Not Sovereign Lender, Not Domestic Currency, Listed, Not Domestic Issuance and Not Domestic Law as specified in the applicable Final Terms.

Original Non-Standard Reference Obligation means the obligation of the Reference Entity (either directly or as provider of a guarantee) which is specified as the Reference Obligation in the applicable Final Terms (if any is so specified) provided that if an obligation is not an obligation of the Reference Entity, such obligation will not constitute a valid Original Non-Standard Reference Obligation for purposes of the BLN (other than for the purposes of determining the Seniority Level and for the "Not Subordinated" Obligation Characteristic or "Not Subordinated" Deliverable Obligation Characteristic) unless (a) specified otherwise in the applicable Final Terms, or (b) the BLN is a Reference Obligation Only Trade.

Package Observable Bond means, in respect of a Reference Entity which is a Sovereign, any obligation (a) which is identified as such and published by ISDA on its website at www.isda.org from time to time (or any successor website thereto) or by a third party designated by ISDA on its website from time to time and (b) which fell within paragraphs (i) and (ii) of the definition of Deliverable Obligation, in each case, immediately preceding the date on which the relevant Asset Package Credit Event was legally effective.

Participation PS Fallback Event means, if "Participation PS Fallback Event" is specified in the applicable Final Terms, that the Deliverable Obligations include Direct Loan Participations and the relevant participation is not effected on or before the Latest Permissible Physical Settlement Date.

Participation PS Fallback Method means Cash Settlement or Auction Settlement, as specified in the applicable Final Terms (or, if neither is specified, Cash Settlement) with respect to the Deliverable Obligations specified in the Notice of Physical Settlement or any NOPS Amendment Notice, as applicable, that consist of Undeliverable Participations.

Physical Settlement Matrix means the Credit Derivatives Physical Settlement Matrix, as most recently amended or supplemented at the Trade Date, and as published by ISDA, which may be currently consulted on the website <http://www.isda.org>, it being understood that any reference made therein:

- (i) to a "Confirmation" shall be deemed to refer to the applicable Final Terms;
- (ii) to the "Floating Rate Payer Calculation Amount" shall be deemed to refer to the related Reference Bond Aggregate Amount of the Notes;
- (iii) to "Section 3.3 of the Definitions" shall be deemed to refer to a "Credit Event Notice" as defined in this Condition;
- (iv) to "London and Paris Business Days" shall be deemed to refer to BLN Business Days;
- (v) to "Additional Provisions for Senior Non-Preferred Reference Obligations" shall be deemed to refer to Condition 14(j) (Specific provisions taken from the ISDA supplement entitled "Additional Provisions for Senior Non-Preferred Reference Obligations" (published on 8 December 2017)).

- (vi) to "2019 NTCE Supplement to the 2014 ISDA Credit Derivatives Definitions (July 15, 2019)" shall be deemed to refer to Condition 14(k) (2019 Narrowly Tailored Credit Event Provisions);
- (vii) to "Monoline Supplement" or "2014 Monoline Supplement" shall be deemed to be refer to Condition 14(n) (Monoline Insurer Reference Entities Provisions); and
- (viii) to "Limited Recourse Additional Provisions" shall be deemed to be refer to Limited Recourse Terms being applicable for the purposes of the definition of Permitted Contingency.

Prior Deliverable Obligation means:

- (i) if a Governmental Intervention has occurred (whether or not such event is specified as the applicable Credit Event in the Credit Event Notice or the DC Credit Event Announcement), any obligation of the Reference Entity which (i) existed immediately prior to such Governmental Intervention, (ii) was the subject of such Governmental Intervention and (iii) fell within the definition of Deliverable Obligation subparagraphs (i) or (ii) of the definition of "*Deliverable Obligation*", in each case, immediately preceding the date on which such Governmental Intervention was legally effective; or
- (ii) if a Restructuring which does not constitute a Governmental Intervention has occurred in respect of the Reference Obligation (whether or not such event is specified as the applicable Credit Event in the Credit Event Notice or the DC Credit Event Announcement), such Reference Obligation, if any.

Prior Reference Obligation means, in circumstances where there is no Reference Obligation applicable to a BLN, (I) the Reference Obligation most recently applicable thereto, if any, and otherwise, (II) the obligation specified in the applicable Final Terms as the Reference Obligation, if any, if such Reference Obligation was redeemed on or prior to the Trade Date and otherwise, (III) any unsubordinated Borrowed Money obligation of the Reference Entity.

Private-side Loan means a Loan in respect of which the documentation governing its terms is not publicly available or capable of being made public without violating a law, agreement, understanding or other restriction regarding the confidentiality of such information.

Reference Obligation means the Standard Reference Obligation, if any, unless:

- (i) "Standard Reference Obligation" is specified as not applicable in the applicable Final Terms, in which case the Reference Obligation will be the Non-Standard Reference Obligation, if any;
- (ii) (A) "Standard Reference Obligation" is specified as applicable in the applicable Final Terms (or no election is specified in the applicable Final Terms), (B) there is no Standard Reference Obligation, and (C) a Non-Standard Reference Obligation is specified in the applicable Final Terms, in which case the Reference Obligation will be (a) the Non-Standard Reference Obligation to but excluding the first date of publication of the Standard Reference Obligation and (b) the Standard Reference Obligation from such date onwards, provided that the Standard Reference Obligation that is published would have been eligible to be selected as a Substitute Reference Obligation;
- (iii) a Physical Settlement Fallback Method is applicable, in which case the Reference Obligation is deemed to be each Undeliverable Obligation, Undeliverable Loan Obligation, Undeliverable Participation, or Unassignable Obligation (as applicable).

Reference Obligation Only means any Obligation that is a Reference Obligation and no Obligation Characteristic shall apply to the Reference Obligation Only.

Reference Obligation Only Trade means a BLN in respect of which (a) "Reference Obligation Only" is specified as the Obligation Category and the Deliverable Obligation Category in the applicable Final Terms and (b) "Standard Reference Obligation" is specified as not applicable in the applicable Final Terms. If a Substitution Event occurs with respect to the Reference Obligation in a Reference Obligation Only Trade, the Substitution Event Date shall be the Settlement Date.

The provisions of the definition of Substitute Reference Obligation notwithstanding, (i) no Substitute Reference Obligation shall be determined in respect of a Reference Obligation Only Trade and (ii) if the events in paragraphs (ii) or (iii) of the definition of Substitution Event occur with respect to the Reference Obligation in a Reference Obligation Only Trade, such Reference Obligation shall continue to be the Reference Obligation.

Relevant Holder means a holder of the Prior Deliverable Obligation or Package Observable Bond, as the case may be, with an Outstanding Principal Balance or Due and Payable Amount, as applicable, immediately prior to the relevant Asset Package Credit Event, equal to the Outstanding Amount specified in respect of such Prior Deliverable Obligation or Package Observable Bond in the Notice of Physical Settlement, or NOPS Amendment Notice, as applicable.

Relevant Obligations means the Obligations of the Reference Entity which fall within the Obligation Category "Bond or Loan" and which are outstanding immediately prior to the Succession Date (or, if there is a Steps Plan, immediately prior to the legally effective date of the first succession), provided that:

- (i) any Bonds or Loans outstanding between the Reference Entity and any of its Affiliates, or held by the Reference Entity, shall be excluded;
- (ii) if there is a Steps Plan, the Calculation Agent shall, for purposes of the determination of a Successor, make the appropriate adjustments required to take account of any Obligations of the Reference Entity which fall within the Obligation Category "Bond or Loan" that are issued, incurred, redeemed, repurchased or cancelled from and including the legally effective date of the first succession to and including the Succession Date;
- (iii) if "Financial Reference Entity Terms" is specified as applicable in the applicable Final Terms and the BLN is a Senior Transaction, the Relevant Obligations shall only include the Senior Obligations of the Reference Entity which fall within the Obligation Category "Bond or Loan"; and
- (iv) if "Financial Reference Entity Terms" is specified as applicable in the applicable Final Terms, and the BLN is a Subordinated Transaction, Relevant Obligations shall exclude Senior Obligations and any Further Subordinated Obligations of the Reference Entity which fall within the Obligation Category "Bond or Loan", provided that if no such Relevant Obligations exist, "Relevant Obligations" shall have the same meaning as it would if the BLN were a Senior Transaction.

Senior Transaction means a BLN for which (a) the Reference Obligation or Prior Reference Obligation, as applicable, is a Senior Obligation, or (b) there is no Reference Obligation or Prior Reference Obligation.

Seniority Level means with respect to an obligation of the Reference Entity, (a) "*Senior Level*" or "*Subordinated Level*" or (where "Additional Provisions for Senior Non-Preferred Reference Obligations" is specified as applicable in the applicable Final Terms), "Senior Non-Preferred Level", or (b) if no such seniority level is specified in the applicable Final Terms, Senior Level if the Original Non-Standard Reference Obligation is a Senior Obligation or Subordinated Level if the Original Non-Standard Reference Obligation is a Subordinated Obligation, failing which (c) Senior Level.

Sovereign Restructured Deliverable Obligation means an Obligation of a Reference Entity which is a Sovereign (either directly or as a provider of a Relevant Guarantee):

- (i) in respect of which a Restructuring that is the subject of the relevant Credit Event Notice or DC Credit Event Announcement has occurred; and
- (ii) which fell within the definition of a Deliverable Obligation immediately preceding the date on which such Restructuring is legally effective in accordance with the terms of the documentation governing such Restructuring.

Sovereign Succession Event means, with respect to a Reference Entity that is a Sovereign, an annexation, unification, secession, partition, dissolution, consolidation, reconstitution or other similar event.

SRO List means the list of Standard Reference Obligations as published by ISDA on its website at www.isda.org from time to time (or any successor website thereto) or by a third party designated by ISDA on its website from time to time.

Standard Reference Obligation means the obligation of the Reference Entity with the relevant Seniority Level which is specified from time to time on the SRO List.

Steps Plan means a plan evidenced by Eligible Information contemplating that there will be a series of successions to some or all of the Relevant Obligations of the Reference Entity, by one or more entities.

Subordinated Obligation means any obligation which is Subordinated to any unsubordinated Borrowed Money obligation of the Reference Entity or which would be so Subordinated if any unsubordinated Borrowed Money obligation of the Reference Entity existed.

Subordinated Transaction means a BLN for which the Reference Obligation or Prior Reference Obligation, as applicable, is a Subordinated Obligation.

Substitute Reference Obligation(s) means, with respect to a Non-Standard Reference Obligation to which a Substitution Event has occurred, the obligation that will replace the Non-Standard Reference Obligation, determined by the Calculation Agent as follows:

- (i) the Calculation Agent shall identify the Substitute Reference Obligation in accordance with paragraphs (iii), (iv) and (v) below, to replace the Non-Standard Reference Obligation; provided that the Calculation Agent will not identify an obligation as the Substitute Reference Obligation if, at the time of the determination, such obligation has already been rejected as the Substitute Reference Obligation by the relevant Credit Derivatives Determinations Committee and such obligation has not changed materially since the date of the relevant DC Resolution;
- (ii) if any of the events set forth under paragraphs (i) or (ii) of the definition of Substitution Event have occurred with respect to the Non-Standard Reference Obligation, the Non-Standard Reference Obligation will cease to be the Reference Obligation (other than

for purposes of the "Not Subordinated" Obligation Characteristic or "Not Subordinated" Deliverable Obligation Characteristic and paragraph (iii)(b) below). If the event set forth in paragraph (iii)(b) below of the definition of "Substitution Event" has occurred with respect to the Non-Standard Reference Obligation and no Substitute Reference Obligation is available, the Non-Standard Reference Obligation will continue to be the Reference Obligation until the Substitute Reference Obligation is identified or, if earlier, until any of the events set forth under paragraphs (i) or (iii) of the definition of Substitution Event occur with respect to such Non-Standard Reference Obligation;

- (iii) the Substitute Reference Obligation shall be an obligation that on the Substitution Date:
 - (a) is a Borrowed Money obligation of the Reference Entity (either directly or as provider of a guarantee);
 - (b) satisfies the Not Subordinated Deliverable Obligation Characteristic as of the date it was issued or incurred (without reflecting any change to the priority of payment after such date) and on the Substitution Date;
 - (c) if the Non-Standard Reference Obligation was a Conforming Reference Obligation when issued or incurred and immediately prior to the Substitution Event Date:
 - (I) is a Deliverable Obligation (other than a Loan) determined in accordance with paragraph (i) of the definition of Deliverable Obligation; or if no such obligation is available;
 - (II) is a Loan (other than a Private-side Loan) which constitutes a Deliverable Obligation determined in accordance paragraph (i) of the definition of Deliverable Obligation;
 - (d) if the Non-Standard Reference Obligation was a Bond (or any other Borrowed Money obligation other than a Loan) which was a Non-Conforming Reference Obligation when issued or incurred and/or immediately prior to the Substitution Event Date:
 - (I) is a Non-Conforming Substitute Reference Obligation (other than a Loan); or if no such obligation is available;
 - (II) is a Deliverable Obligation (other than a Loan) determined in accordance with paragraph (i) of the definition of Deliverable Obligation; or if no such obligation is available;
 - (III) is a Non-Conforming Substitute Reference Obligation which is a Loan (other than a Private-side Loan); or if no such obligation is available;
 - (IV) is a Loan (other than a Private-side Loan) which constitutes a Deliverable Obligation determined in accordance with paragraph (i) of the definition of Deliverable Obligation; or
 - (V) if the Non-Standard Reference Obligation was a Loan which was a Non-Conforming Reference Obligation when incurred and/or immediately prior to the Substitution Event Date:

- (VI) is a Non-Conforming Substitute Reference Obligation which is a Loan (other than a Private-side Loan); or if no such obligation is available;
 - (VII) is a Non-Conforming Substitute Reference Obligation (other than a Loan); or if no such obligation is available;
 - (VIII) is a Deliverable Obligation (other than a Loan) determined in accordance with paragraph (i) of the definition of Deliverable Obligation; or if no such obligation is available;
 - (IX) is a Loan (other than a Private-side Loan) which constitutes a Deliverable Obligation determined in accordance with paragraph (i) of the definition of Deliverable Obligation;
- (iv) if more than one potential Substitute Reference Obligation is identified pursuant to the process described in paragraph (iii), the Substitute Reference Obligation will be the potential Substitute Reference Obligation that most closely preserves the economic equivalent of the delivery and payment obligations of the Issuer as determined by the Calculation Agent. The Substitute Reference Obligation shall replace the Non-Standard Reference Obligation on such a date as determined by the Calculation Agent, which is expected to be as soon as reasonably practical after it has been identified in accordance with paragraph (iii) above. Information about the occurrence of a Substitute Reference Obligation with a description in reasonable detail of the facts relevant to the determination of the Substitute Reference Obligation, including the identity thereof and the Substitution Date, may be requested at any time by the Noteholders at the specified office of the Paying Agent (subject to proof of ownership of such BLN in a form acceptable to the Paying Agent); or
- (v) if a Substitution Event has occurred with respect to the Non-Standard Reference Obligation and the Calculation Agent determines that no Substitute Reference Obligation is available for the Non-Standard Reference Obligation, then, subject to paragraph (i) above and notwithstanding the fact that the Non-Standard Reference Obligation may have ceased to be the Reference Obligation in accordance with paragraph (ii) above, the Calculation Agent shall continue to attempt to identify the Substitute Reference Obligation.

Substitute Reference Obligation Resolution Request Date means, with respect to a notice to the DC Secretary requesting that a Credit Derivatives Determinations Committee be convened to Resolve a Substitute Reference Obligation to the Non-Standard Reference Obligation, the date, as publicly announced by the DC Secretary, that the relevant Credit Derivatives Determinations Committee Resolves to be the date on which such notice is effective.

Substitution Date means, with respect to a Substitute Reference Obligation, the date on which the Calculation Agent notifies the Issuer of the Substitute Reference Obligation that it has identified in accordance with these Conditions.

Substitution Event means, with respect to the Non-Standard Reference Obligation:

- (i) the Non-Standard Reference Obligation is redeemed in whole;
- (ii) the aggregate amounts due under the Non-Standard Reference Obligation have been reduced by redemption or otherwise below USD 10,000,000 (or its equivalent in the relevant Obligation Currency, as determined by the Calculation Agent); or

- (iii) for any reason, other than due to the existence or occurrence of a Credit Event, the Non-Standard Reference Obligation is no longer an obligation of the Reference Entity (either directly or as provider of a guarantee).

For purposes of identification of the Non-Standard Reference Obligation, any change in the Non-Standard Reference Obligation's CUSIP or ISIN number or other similar identifier will not, in and of itself, constitute a Substitution Event.

If an event described in paragraphs (i) or (ii) above has occurred on or prior to the Trade Date, then a Substitution Event shall be deemed to have occurred pursuant to those paragraphs (i) or (ii) above, as the case may be, on the Trade Date.

Substitution Event Date means, with respect to the Reference Obligation, the date of the occurrence of the relevant Substitution Event.

succeed means, for the purposes of the definitions of "*Successor*" and "*Succession Event*" in respect of a Reference Entity and its Relevant Obligations, that an entity other than the Reference Entity (i) assumes liability for those Relevant Obligations or becomes liable for them, whether by operation of law or pursuant to any agreement (including, with respect to a Reference Entity that is a Sovereign, any protocol, treaty, convention, concord, entente, pact or other agreement), or (ii) issues Bonds or incurs Loans (the **Exchange Bonds** or **Loans**) which are exchanged for Relevant Obligations and, in either case, the Reference Entity is not thereafter a direct obligor or a provider of a Relevant Guarantee with respect to such Relevant Obligations or such Exchange Bonds or Loans, as applicable. The determinations required under subparagraph (i) of the definition of "*Successor*" must be made, in the case of an exchange offer, based on the Outstanding Principal Balance of Relevant Obligations exchanged and not on the basis of the Outstanding Principal Balance of the Exchange Bonds or Loans.

Succession Date means the legally effective date of an event in which one or more entities succeed to some or all of the Relevant Obligations of the Reference Entity; provided that if at such time, there is a Steps Plan, the Succession Date will be the legally effective date of the final succession in respect of such Steps Plan, or if earlier (i) the date on which a Successor is determined which would not be affected by any further related successions in respect of such Steps Plan, or (ii) the occurrence of a Credit Event Determination Date in respect of the Reference Entity or any entity which would constitute a Successor.

Succession Event means:

- (i) In respect of a Reference Entity that is not a Sovereign, an event such as a merger, consolidation, amalgamation, transfer of assets or liabilities, demerger, spin off or any other similar event in which an entity succeeds to the obligations of another entity, whether by operation of law or pursuant to an agreement; or
- (ii) In respect of a Reference Entity that is a Sovereign, an event such as an annexation, unification, secession, partition, dissolution, consolidation, reconstitution or any other event leading to one or more direct or indirect successors to such Reference Entity.

Notwithstanding the foregoing provisions, "*Succession Event*" shall not include an event:

- (a) In which the holders of obligations of the Reference Entity exchange such obligations for obligations of another entity, unless such exchange takes place in connection with a merger, consolidation, amalgamation, transfer or assets or liabilities, demerger, spin off or any other similar event; or

- (b) With respect to which the effective legal date (or, in the case of a Reference Entity that is a Sovereign, the date of occurrence) has occurred prior to the Successor Backstop Date (determined with reference to Greenwich Mean Time (or, if the Transaction Type, as applicable in respect of the Reference Entity is *Japan Corporate* or *Japan Sovereign* (as such terms are defined in the Physical Settlement Matrix), Tokyo time)).

Successor means:

- (i) Subject to paragraph (v) below, the entity or entities (where appropriate) determined as follows:
- (a) subject to sub-paragraph (i)(g) below, if an entity succeeds, either directly or as a provider of a Relevant Guarantee, to 75% or more of the Relevant Obligations of the Reference Entity, this entity shall be the only Successor to the relevant Reference Entity;
 - (b) if only one entity succeeds, either directly or as a provider of a Relevant Guarantee, to more than 25% (but less than 75%) of the Relevant Obligations of the Reference Entity, and if the Reference Entity does not keep more than 25% of the Relevant Obligations of the Reference Entity, the entity which succeeds to more than 25% of the Relevant Obligations shall be the only Successor to the relevant Reference Entity;
 - (c) if more than one entity succeeds, each either directly or as a provider of a Relevant Guarantee, to more than 25% of the Relevant Obligations of the Reference Entity, and if the Reference Entity does not keep more than 25% of the Relevant Obligations of the Reference Entity, each of the entities which succeeds to more than 25% of the Relevant Obligations shall constitute a Successor;
 - (d) if one or more entities succeed, either directly or as a provider of a Relevant Guarantee, to more than 25% of the Relevant Obligations of the Reference Entity, and if the Reference Entity keeps more than 25% of the Relevant Obligations of the Reference Entity, each of these entities and the Reference Entity shall be a Successor;
 - (e) if one or more entities succeed, either directly or as a provider of a Relevant Guarantee, to a portion of the Relevant Obligations of the Reference Entity, but if no single entity succeeds to more than 25% of the Relevant Obligations of the Reference Entity and if the Reference Entity continues to exist, there shall be no Successor and the Reference Entity will not be changed in any way as a result of such succession;
 - (f) if one or more entities succeed, either directly or as a provider of a Relevant Guarantee, to a portion of the Relevant Obligations of the Reference Entity, but if no single entity succeeds to more than 25% of the Relevant Obligations of the Reference Entity and if the Reference Entity ceases to exist, the entity which succeeds to the highest percentage of the Relevant Obligations will be the Successor (provided that, if two or more entities succeed to an equal percentage of Relevant Obligations, each such entity will be a Successor); and
 - (g) in respect of a Reference Entity which is not a Sovereign, if one entity assumes all of the obligations (including at least one Relevant Obligation) of the Reference Entity, and at the time of the determination either (x) the

Reference Entity has ceased to exist, or (y) the Reference Entity is in the process of being dissolved (howsoever described) and the Reference Entity has not issued or incurred any Borrowed Money obligation at any time since the legally effective date of the assumption, such entity (the **Universal Successor**) will be the sole Successor.

- (ii) for a Sovereign Reference Entity, Successor means any direct or indirect successor(s) of this Reference Entity by way of a Succession Event irrespective of whether it (they) assumes (assume) any obligation of that Reference Entity.
- (iii) In the instance referred to in sub-paragraph (i) above, the Calculation Agent shall be responsible for determining, as soon as this is reasonably practicable after delivery of a Successor Notice and with effect as from the Succession Date, any Successor or Successors under the conditions set out in paragraph (i) above. In calculating the percentages used to determine whether the relevant thresholds set forth above have been met or, depending on the circumstances, which entity satisfies the conditions set out in sub-paragraph (i)(f) above, the Calculation Agent must use, for each applicable Relevant Obligation included in this calculation, the amount of the liability in respect of such Relevant Obligation listed in the Best Available Information, and must notify this calculation to the Issuer as soon as practicable after such calculation; on the understanding that the Calculation Agent shall not proceed with this determination if, on that date the DC Secretary has publicly announced that the relevant Credit Derivatives Determinations Committee has Resolved that there is no Successor based on the relevant succession to the Relevant Obligations.
- (iv) The Calculation Agent may, if it determines appropriate, select an alternative Transaction Type for any Successor to a Reference Entity and adjust such of the Terms and Conditions and/or the applicable Final Terms as it determines appropriate to reflect such new Transaction Type and determine the effective date of any such change and adjustment. Upon the Calculation Agent making such adjustment, the Issuer shall give notice as soon as practicable to Noteholders in accordance with Condition 14 of the Terms and Conditions of the English Law Notes or, as applicable, Condition 13 of the Terms and Conditions of the French Law Notes stating the new Transaction Type and the adjustment to the Terms and Conditions and/or the applicable Final Terms (if any). For the avoidance of doubt any failure to provide such a notice to Noteholders will not constitute an Event of Default under the Notes and will not affect the validity of any of the foregoing provisions.
- (v) An entity may only be a Successor if:
 - (a) either (x) the related Succession Date occurs on or after the Successor Backstop Date, or (y) such entity is a Universal Successor in respect of which the Succession Date occurred on or after 1 January 2014;
 - (b) the Reference Entity had at least one Relevant Obligation outstanding immediately prior to the Succession Date and such entity succeeds to all or part of at least one Relevant Obligation of the Reference Entity; and
 - (c) where the Reference Entity is a Sovereign, such entity succeeded to the Relevant Obligations by way of a Sovereign Succession Event.

Successor Backstop Date means for purposes of any Successor determination determined by DC Resolution, the date that is ninety calendar days prior to the Successor Resolution Request

Date otherwise, the date that is ninety calendar days prior to the earlier of (i) the date on which the Successor Notice is effective and (ii) in circumstances where (A) a Successor Resolution Request Date has occurred, (B) the relevant Credit Derivatives Determinations Committee has Resolved not to make a Successor determination and (C) the Successor Notice is delivered by one party to the other party not more than fourteen calendar days after the day on which the DC Secretary publicly announces that the relevant Credit Derivatives Determinations Committee has Resolved not to make a Successor determination, the Successor Resolution Request Date. The Successor Backstop Date shall not be subject to adjustment in accordance with any Business Day Convention.

Successor Notice means an irrevocable notice from the Calculation Agent to the Issuer (which the Calculation Agent has the right but not the obligation to deliver), that describes a succession (or, in relation to a Reference Entity that is a Sovereign, a Sovereign Succession Event) in respect of which a Succession Date has occurred and pursuant to which one or more Successors to the Reference Entity can be determined.

A Successor Notice must contain a description in reasonable detail of the facts relevant to the determination to be made pursuant to paragraph (i) of the definition of Successor.

Successor Resolution Request Date means, with respect to a notice to the DC Secretary requesting that a Credit Derivatives Determinations Committee be convened to Resolve one or more Successors to the Reference Entity, the date, as publicly announced by the DC Secretary, that the relevant Credit Derivatives Determinations Committee Resolves to be the date on which such notice is effective.

Transaction Type means each "Transaction Type" specified from time to time as such in the Physical Settlement Matrix and as specified in the applicable Final Terms in respect of a Reference Entity.

Transferable means an obligation that is transferable to institutional investors without any contractual, statutory or regulatory restriction, provided that none of the following shall be considered contractual, statutory or regulatory restrictions:

- (i) contractual, statutory or regulatory restrictions that provide for eligibility for resale pursuant to Rule 144A or Regulation S promulgated under the United States Securities Act of 1933, as amended (and any contractual, statutory or regulatory restrictions promulgated under the laws of any jurisdiction having a similar effect in relation to the eligibility for resale of an obligation);
- (ii) restrictions on permitted investments such as statutory or regulatory investment restrictions on insurance companies and pension funds; or
- (iii) restrictions in respect of blocked periods on or around payment dates or voting periods.

Unassignable Obligation means any Assignable Loans for which the Calculation Agent determines consents are not obtained or deemed given.

Undeliverable Loan Obligation means any Consent Required Loan for which the Calculation Agent determines consents are not obtained or deemed given.

Undeliverable Participation means any Direct Loan Participation in respect of which the Calculation Agent determines the relevant participation is not effected.

(j) ***Specific provisions taken from the ISDA supplement entitled "Additional Provisions for Senior Non-Preferred Reference Obligations" (published on 8 December 2017)***

If "Additional Provisions for Senior Non-Preferred Reference Obligations" is specified as applicable in the applicable Final Terms or the provisions of this Condition apply in accordance with the applicable Final Terms by virtue of the specification for the relevant Transaction Type in the Physical Settlement Matrix, notwithstanding anything to the contrary in this Condition 14, the following provisions of this Condition 14 will apply:

- (i) the definition of Reference Obligation shall be amended by adding:

"provided that, irrespective of any Original Non-Standard Reference Obligation specified in the applicable Final Terms, if (i) a Senior Non-Preferred Level Standard Reference Obligation of the Reference Entity is specified on the SRO List, such Standard Reference Obligation shall be deemed to constitute the Reference Obligation, or (ii) no such Senior Non-Preferred Level Standard Reference Obligation of the Reference Entity is specified on the SRO List but such Standard Reference Obligation has previously been specified on the SRO List, there shall be deemed to be no Reference Obligation applicable to the BLN and such previously specified Senior Non-Preferred Level Standard Reference Obligation of the Reference Entity shall be deemed to constitute the Prior Reference Obligation" after "if any";

- (ii) the Seniority Level shall be:

Senior Non-Preferred Level;

- (iii) "Subordination" shall have the meaning ascribed to that term in Condition 14(g) and such term shall be applied in the assessment of any Obligation without regard to how the Obligation is described by the laws of any relevant jurisdiction, including any characterisation of the Obligation as senior or unsubordinated by the laws of any relevant jurisdiction; and

- (iv) The following additional definitions shall apply:

Senior Non-Preferred Transaction means a BLN in respect of which "*Additional Provisions for Senior Non-Preferred Reference Obligations*" is specified as applicable in the applicable Final Terms. A Senior Non-Preferred Transaction shall constitute a Subordinated Transaction as defined in Condition 14(h);

Senior Non-Preferred Obligation means any obligation of the Reference Entity which is Subordinated only to any unsubordinated Borrowed Money Obligations of the Reference Entity but not further or otherwise, or which would be so Subordinated if any unsubordinated Borrowed Money Obligations of the Reference Entity existed, and which ranks above Traditional Subordinated Obligations of the Reference Entity or which would so rank if any Traditional Subordinated Obligations of the Reference Entity existed. A Senior Non-Preferred Obligation shall constitute a Subordinated Obligation as defined in Condition 14(g);

Traditional Subordinated Obligation means. (i) Tier 2 Subordinated Obligations of the Reference Entity; (ii) any obligations of the Reference Entity which rank or are expressed to rank *pari passu* with any Tier 2 Subordinated Obligations of the Reference Entity; and (iii) any obligations of the Reference Entity which are Subordinated to the obligations thereto described in (i) and (ii) above shall each (without limitation) constitute Traditional Subordinated Obligations in respect of a

Senior Non Preferred Obligation. A Traditional Subordinated Obligation shall constitute a Further Subordinated Obligation; and

Tier 2 Subordinated Obligation means any obligation of the Reference Entity which meets the conditions set out in Article 63 of Regulation 575/2013 of the European Parliament and of the Council of 26 June 2013, as such Article may be amended or replaced from time to time (the CRR) or which are (or were at any time otherwise eligible as a Tier 2 item in accordance with the CRR.

(k) **2019 Narrowly Tailored Credit Event Provisions**

If "2019 Narrowly Tailored Credit Event Provisions" is specified as applicable in the applicable Final Terms or the provisions of this Condition apply in accordance with the applicable Final Terms by virtue of the specification for the relevant Transaction Type in the Physical Settlement Matrix, notwithstanding anything to the contrary in this Condition 14, the following provisions will apply:

- (i) The definition of "Failure to Pay" in Condition 14(g) shall be deleted and replaced with the following:

"Failure to Pay means after the expiration of any applicable Grace Period (after the satisfaction of any conditions precedent to the commencement of such Grace Period), the failure by the Reference Entity to make, when and where due, any payments in an aggregate amount of not less than the Payment Requirement under one or more Obligations, in accordance with the terms of such Obligations at the time of such failure provided that, if an occurrence that would constitute a Failure to Pay (a) is a result of a redenomination that occurs as a result of action taken by a Governmental Authority which is of general application in the jurisdiction of such Governmental Authority and (b) a freely available market rate of conversion existed at the time of the redenomination, then such occurrence will be deemed not to constitute a Failure to Pay unless the redenomination itself constituted a reduction in the rate or amount of interest, principal or premium payable (as determined by reference to such freely available market rate of conversion) at the time of such redenomination. If "Credit Deterioration Requirement" is specified as applicable in the applicable Final Terms, then, notwithstanding the foregoing, it shall not constitute a Failure to Pay if such failure does not directly or indirectly either result from, or result in, a deterioration in the creditworthiness or financial condition of the Reference Entity. In the event that the Calculation Agent makes any such determination, it may take into account the guidance note set out in paragraph 3 (Interpretive Guidance) of the ISDA 2019 Narrowly Tailored Credit Event Supplement to the 2014 ISDA Credit Derivatives Definitions (published on July 15, 2019)."

- (ii) The definition of "Outstanding Principal Balance" in Condition 14(g) shall be deleted and replaced with the following:

"Outstanding Principal Balance means the outstanding principal balance of an obligation which will be calculated as follows:

- (A) first, by determining, in respect of the obligation, the amount of the Reference Entity's principal payment obligations and, where applicable in accordance with Condition 14(c)(iv), the Reference Entity's accrued but unpaid interest payment obligations (which, in the case of a Guarantee will be the lower of (i) the Outstanding Principal Balance (including accrued but unpaid interest,

where applicable) of the Underlying Obligation (determined as if references to the Reference Entity were references to the Underlying Obligor) and (ii) the amount of the Fixed Cap, if any);

- (B) second, by subtracting all or any portion of such amount which, pursuant to the terms of the obligation, (i) is subject to any Prohibited Action, or (ii) may otherwise be reduced as a result of the effluxion of time or the occurrence or non-occurrence of an event or circumstance (other than by way of (A) payment or (B) a Permitted Contingency) (the amount determined in accordance with paragraph (a) above less any amounts subtracted in accordance with this paragraph (b), the Non-Contingent Amount); and
- (C) third, by determining the Quantum of the Claim, which shall then constitute the Outstanding Principal Balance,

in each case, determined:

- (I) unless otherwise specified, in accordance with the terms of the obligation in effect on either (A) the NOPS Effective Date (or if the terms of the obligation are amended after such date but on or prior to the Delivery Date, the Delivery Date) or (B) the Valuation Date, as applicable; and
- (II) with respect to the Quantum of the Claim only, in accordance with any applicable laws (insofar as such laws reduce or discount the size of the claim to reflect the original issue price or accrued value of the obligation).

For the purposes of paragraph (II) above, **applicable laws** shall include any bankruptcy or insolvency law or other law affecting creditors' rights to which the relevant obligation is, or may become, subject.

If "Fallback Discounting" is specified as applicable in the applicable Final Terms, then, notwithstanding the above, if (i) the Outstanding Principal Balance of an obligation is not reduced or discounted under paragraph (II) above, (ii) that obligation is either a Bond that has an issue price less than ninety-five per cent of the principal redemption amount or a Loan where the amount advanced is less than ninety-five per cent of the principal repayment amount, and (iii) such Bond or Loan does not include provisions relating to the accretion over time of the amount which would be payable on an early redemption or repayment of such Bond or Loan that are customary for the applicable type of Bond or Loan as the case may be, then the Outstanding Principal Balance of such Bond or Loan shall be the lesser of (a) the Non-Contingent Amount; and (b) an amount determined by straight line interpolation between the issue price of the Bond or the amount advanced under the Loan and the principal redemption amount or principal repayment amount, as applicable.

For the purposes of determining whether the issue price of a Bond or the amount advanced under a Loan is less than ninety-five per cent of the principal redemption amount or principal repayment amount (as applicable) or, where applicable, for applying straight line interpolation:

- (x) where such Bond or Loan was issued as a result of an exchange offer, the issue price or amount advanced of the new Bond or Loan resulting from the exchange shall be deemed to be equal to the aggregate Outstanding Principal Balance of the original obligation(s) that were tendered or exchanged (the

Original Obligation(s)) at the time of such exchange (determined without regard to market or trading value of the Original Obligation(s)); and

- (y) in the case of a Bond or Loan that is fungible with a prior debt obligation previously issued by the Reference Entity, such Bond or Loan shall be treated as having the same issue price or amount advanced as the prior debt obligation.

In circumstances where a holder would have received more than one obligation in exchange for the Original Obligation(s), the Calculation Agent will determine the allocation of the aggregate Outstanding Principal Balance of the Original Obligation(s) amongst each of the resulting obligations for the purpose of determining the issue price or amount advanced of the relevant Bond or Loan. Such allocation will take into account the interest rate, maturity, level of subordination and other terms of the obligations that resulted from the exchange and shall be made by the Calculation Agent in accordance with the methodology (if any) determined by the relevant Credit Derivatives Determinations Committee.

In this definition, **Quantum of the Claim** means the lowest amount of the claim which could be validly asserted against the Reference Entity in respect of the Non Contingent Amount if the obligation had become redeemable, been accelerated, terminated or had otherwise become due and payable at the time of the relevant determination, provided that the Quantum of the Claim cannot exceed the Non Contingent Amount."

(l) ***Additional Disruption Events***

(A) ***Definitions***

Additional Disruption Event means any of a Change in Law, Hedging Disruption or Increased Cost of Hedging.

Affiliate means, in relation to any entity (the **First Entity**), any entity controlled, directly or indirectly, by the First Entity, any entity that controls, directly or indirectly, the First Entity or any entity directly or indirectly under common control with the First Entity. For these purposes **control** means ownership of a majority of the voting power of an entity.

Applicable Regulation means any applicable law, rule, regulation or order (including, without limitation, any regulatory or tax law, rule, regulation or order or any regulation, rule or procedure of any exchange).

Change in Law means, if specified as applicable in the applicable Final Terms, that on or after the Trade Date: (A) on account of the adoption of or any change to any Applicable Regulation, or (B) on account of the promulgation or any change in the interpretation or application of any Applicable Regulation by any court, tribunal, regulatory or tax authority, exchange or governmental authority with competent jurisdiction of any Applicable Regulation:

- (i) the Issuer or the Calculation Agent determines in its sole discretion that it is unable to fulfil its obligations under the BLNs or that it is illegal or contrary to any Applicable Regulation for it or any of its Affiliates or other entities affected by the Hedging Agreements to hold, acquire or dispose of Hedging Arrangements in relation to such BLNs; or

- (ii) there is a significant increase in the costs to it and/or to its Affiliates (including, but without limitation to, increases related to any taxation law or any solvency or capital requirement) of holding, decreases in tax benefits (or other adverse effects on its tax position), acquiring or disposing of Hedging Arrangements or any requirements in relation to reserves, special deposits, insurance assessments or other requirements in relation to such BLNs.

Hedge Positions means any purchase, sale, entry into or maintenance of one or more (i) positions or contracts in securities, options, futures, derivatives or foreign exchange, (ii) stock loan transactions or (iii) other instruments or arrangements (howsoever described) by the Issuer or NATIXIS in order to hedge, individually or on a portfolio basis, the risk of entering into and performing its obligations with respect to the BLNs.

Hedging Agreements means all hedge agreements concluded by the Issuer and/or any of its respective Affiliates or other entities concerned by the Hedging Agreements concluded at any time in order to hedge the BLNs, including, but not restricted to, the purchase and/or sale of all transferable securities, all options or all futures contracts on these transferable securities, all certificates of deposit in respect of these transferable securities, and all corresponding transactions on currencies.

Hedging Arrangements means any purchase, sale, entry into or maintenance of one or more (i) positions or contracts in securities, options, futures, derivatives or foreign exchange, (including, without limitation, credit default swaps or any credit derivatives options referencing a Reference Entity, any equity options, equity swaps, swaps, options or other instruments of any type whatsoever hedging the Issuer's obligations under the BLNs, (ii) stock loan transactions or (iii) other instruments or arrangements (howsoever described) by the Issuer and/or any Affiliate in order to hedge, individually or on a portfolio basis, any BLNs.

Hedging Disruption means, if specified as applicable in the relevant Final Terms, the Issuer and/or any one of its Affiliates or all entities concerned by the Hedging Agreements, is/are unable, despite commercially reasonable efforts, (A) to acquire, establish, re-establish, replace, maintain, unwind or dispose of any transaction(s), any asset(s) or any contract(s) that they may deem necessary in order to cover the risk arising from that entity concluding and satisfying its obligations by virtue of the BLNs, or (B) to realise, recover or pay the income from such transaction(s) or contract(s) relative to the BLNs.

Increased Cost of Hedging means, if specified as applicable in the relevant Final Terms, that the Issuer and/or any one of its Affiliates or other entities concerned by the Hedging Agreements, incur(s) an amount of duties, taxes, costs or commissions (other than brokerage commissions) which is substantially increased (compared to the circumstances existing on the Trade Date) in order (A) to acquire, establish, re-establish, replace, maintain, unwind or transfer any transaction(s) or any asset(s) which they may deem necessary to hedge the risk (in particular but not limited to exchange and interest rate risks) of the Issuer or any third party or Affiliate with whom the Issuer enters into a hedging transaction on account of the conclusion and satisfaction of its obligations by virtue of the BLNs, or (B) to realise, recover or pay the income from such transaction or transactions or from such asset or assets, provided that any substantially increased amount incurred exclusively on account of deterioration of the solvency of the Issuer and/or of any of its Affiliates or of other entities concerned by

the Hedging Agreements shall not be deemed to constitute an Increased Cost of Hedging.

(B) *Provisions*

If the Calculation Agent determines that there is an Additional Disruption Event (where specified as applicable in the applicable Final Terms), the Issuer in its sole and absolute discretion may (but is not obliged to) give notice to the holders of the BLNs in accordance with the Conditions that it will redeem all, but not some only, of the BLNs at the Early Redemption Amount on the Business Day specified in the relevant notice and, where the Issuer has given such notice, the Issuer will redeem each BLN on the relevant date specified in such notice.

(m) *Additional Provisions for Negative Basis BLNs*

If "Additional Provisions for Negative Basis BLNs" is specified as applicable in the applicable Final Terms, notwithstanding anything to the contrary in this Condition 14, the following provisions will apply. No other provisions of Conditions 14 apply save for the provisions of this Condition 14(m). By acquiring the Negative Basis BLNs each Noteholder is deemed to represent, declare and warrant that it has access to the Definitions and understands them. Investors should consult the Issuer if they require a copy of the Definitions. Terms not otherwise defined in this Condition 14(m) have the meaning given in the Definitions.

(A) *Definitions*

Affiliate Company means, in relation to an entity (the **First Entity**), any entity controlled directly or indirectly by the First Entity, any entity which controls directly or indirectly the First Entity or any entity directly or indirectly under common control with the First Entity. For these purposes, "**control**" means ownership of a majority of the voting power of an entity.

Bond means the bond specified as a Bond in the Annex for Negative Basis BLNs to the applicable Final Terms (and "**Bonds**" means all of these (if multiple)).

Bond Change Redemption Event means the occurrence after the Issue Date of a restructuring, write-down or debt exchange (howsoever described) of any Bond(s) prior to its scheduled maturity date.

Bond Early Redemption Event means the occurrence after the Issue Date of a redemption, buy-back, repayment, of any Bond(s) prior to its scheduled maturity date.

Bond Event means, in respect of a Bond and/or in respect of the Corresponding CDS, a Credit Event where the Transaction Type is as specified in relation to the Bond Underlying Obligor, being the Reference Entity in the Annex for Negative Basis BLNs to the applicable Final Terms.

Bond Notional Amount means the amount specified for such Bond in the Annex for Negative Basis BLNs to the applicable Final Terms.

Bond Underlying Obligor means the relevant obligor of a Bond from time to time which may include any Successor all determined by the Calculation Agent and which, as of the Issue Date, is as specified in the Annex for Negative Basis BLNs to the applicable Final Terms.

Credit Event means the categories of Credit Events provided for in the most recent Matrix under the Transaction Type applicable to each Reference Entity, such Credit

Events having the meaning ascribed to such term under the Definitions as may be amended, modified or supplemented from time to time, and, in relation to the NB as set out in the Annex for Negative Basis BLNs to the applicable Final Terms.

Custodial/Settlement Arrangement means any formal or informal (express or implied) arrangement, method, means or account type through which the Reference Investor in any Bond(s) may hold, directly or indirectly, an interest (including a beneficial interest and which may, without limitation, include an equivalent total return swap including funding costs) in the Bond(s) and/or any amount received in respect thereof.

Custodian means any custodian, sub-custodian, depository, settlement system, bank or clearing house (or any agent or delegate of any of the foregoing) or any exchange used by the Reference Investor in holding any Long position pursuant to the Strategy in any Bond(s) as part of any Custodial/Settlement Arrangement entered into from time to time.

Definitions means the 2014 ISDA Credit Derivatives Definitions (as published by ISDA).

Early Redemption On First Event, if specified as Applicable in the applicable Final Terms means the occurrence of a Bond Event, and in the case of a Basket BLN, means the first Bond Event to occur in time in relation to any Bond, or Bond Underlying Obligor (as applicable) within the Basket. For the avoidance of doubt this provision is Not Applicable if either (i) not specified as Applicable or (ii) specified as Not Applicable, in the applicable Final Terms.

First Day of the NB Observation Period means, in respect of a Bond, (i) the date specified as such in the applicable Final Terms or (ii) in the absence of such specification in the related Final Terms the Trade Date.

Hedging Event means the occurrence of either of the following events or circumstances arising due to any reason (including but not limited to the adoption of, application of or change of any applicable law or regulation after the Issue Date of the BLNs):

- (i) it becomes impossible or impracticable for the Issuer or any of its Affiliate Companies or its counterparty to any relevant transaction to:
 - (A) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) it deems necessary in order to hedge its obligations with respect to the relevant Negative Basis BLN (a Hedging Transaction); or
 - (B) realise, recover or remit the proceeds of any such Hedging Transaction; or
- (ii) the Issuer or any of its Affiliate Companies or the counterparty under such Hedging Transaction would be subject to an increased cost (as compared to the circumstances existing on the Issue Date in respect of such Negative Basis BLN) in entering into or maintaining any Hedging Transaction (including, but not limited to, any internal cost arising as a result of compliance with any applicable law or regulation),

in each case as determined by the Calculation Agent in its sole and absolute discretion.

ISDA has the meaning given in Condition 14(g).

Last Day of the NB Observation Period means, in respect of a Bond, the date specified in the applicable Final Terms or in the absence thereof the Maturity Date of the Notes.

Leverage Factor means, in relation to each Bond, the Leverage Factor percentage specified in the Annex for Negative Basis BLNs to the applicable Final Terms.

Market Value means in respect of any Negative Basis BLN, an amount determined by the Calculation Agent, acting in good faith and a commercially reasonable manner in the Specified Currency to be the fair market value of a Negative Basis BLN of the Calculation Amount based on the market conditions prevailing at the date of determination, and adjusted to account fully for any accrued interest and any reasonable expenses and costs of unwinding any underlying and/or related hedging and funding arrangements of the Issuer (including, without limitation, with respect to the NB, (i) the level of the credit default swaps referencing the Reference Entity(ies), being the Bond Underlying Obligor(s), and (ii) the level of the Bond(s) (or the level of an equivalent total return swap including funding costs), each as multiplied by the Leverage Factor, the level of prevailing interest rates, the Guarantor's own credit risk or, where there is no Guarantor, that of the Issuer, and any credit derivatives, options, swaps or other instruments of any type whatsoever hedging the Issuer's obligations under the Notes).

Matrix means the Physical Settlement Matrix published by ISDA.

NB means negative basis: a theoretical portfolio replicating synthetically leveraged transactions entered into by the Reference Investor in accordance with the Strategy, relevant in determining the fair Market Value of the Negative Basis BLNs, and therefore the Early Redemption Amount, of the Negative Basis BLNs.

NB Component means each Bond and the Corresponding CDS collectively (and "**NB Components**" means every NB Component collectively in respect of a Negative Basis BLN).

NB Observation Period means, in respect of a Bond, the period from (and including) the First Day of the NB Observation Period to (and including) the Last Day of the NB Observation Period or such other period specified as such in the Annex for Negative Basis BLNs to the applicable Final Terms.

Ownership Restriction Event means the occurrence after the Issue Date of any event or existence of any condition that either (i) has the effect of it being illegal, impossible for, or has the effect of prohibiting or restricting, the Reference Investor from purchasing, holding, receiving, selling, freely transferring or remaining the owner of any Bond(s) or any amount received in respect thereof or (ii) would cause any Reference Investor to be subject to withholding taxes other than as contemplated on the Issue Date of the relevant Notes.

Reference Entity/ies has the meaning ascribed to it in the Definitions and in relation to the NB means each of the reference entities being each Bond Underlying Obligor, as specified as such in the Annex for Negative Basis BLNs to the applicable Final Terms.

Reference Investor means any person that holds any Bond(s) pursuant to the Strategy which may include the Issuer and/or any of its affiliates.

Regulatory Change Event means:

- (i) the adoption of or change in the interpretation or administration of, any law, rule, directive, decree or regulation on or after the Issue Date by any Governmental Authority; and/or
- (ii) the compliance by the Reference Investor in its deemed holding of the Bond(s) with any request or directive of any Governmental Authority (as defined in the Definitions, provided that such term shall also include any taxing authority),

which in each case, would, in respect of any amount of Bond(s) (and/or any amount received in respect thereof) which the Reference Investor in the Bond(s) could have held during the term of the Negative Basis BLNs, impose, modify or apply any tax, charge, duty, reserve, special deposit, insurance assessment or any other requirement on the Reference Investor and this results in additional costs to the Reference Investor.

Risk Event means the occurrence or existence in the determination of the Calculation Agent during the relevant NB Observation Period of any of the following:

- (i) Ownership Restriction Event, unless specified as Not Applicable in the applicable Final Terms;
- (ii) Settlement/Custodial Event, unless specified as Not Applicable in the applicable Final Terms;
- (iii) Regulatory Change Event, unless specified as Not Applicable in the applicable Final Terms;
- (iv) Bond Early Redemption Event, unless specified as Not Applicable in the applicable Final Terms;
- (v) Bond Change Redemption Event, unless specified as Not Applicable in the applicable Final Terms;
- (vi) Hedging Event, unless specified as Not Applicable in the applicable Final Terms; and
- (vii) Early Redemption On First Event, if specified as applicable in the applicable Final Terms,

Settlement/Custodial Event means (1) the occurrence after the Issue Date of any event, the existence of any condition or the taking of any action that results, or may result with the passage of time, in the Bankruptcy (as defined in the Definitions and wherein, references to "Reference Entity(ies)" shall refer to "Custodian") of any Custodian; or (2) in respect of the Bond(s) held by such Reference Investor or any amount received in respect thereof, a Custodian (i) fails to perform in a timely manner any or all of its obligations owed to a Reference Investor under any Custodial/Settlement Arrangement, or (ii) fails to take any action when instructed to do so by such Reference Investor pursuant to the terms of any Custodial/Settlement Arrangement, or (iii) takes any action which is contrary to the terms of any Custodial/Settlement Arrangement; in each case that affects or may affect, in the

determination of the Calculation Agent, the Issuer's obligations with respect to the Negative Basis BLNs.

Strategy means a theoretical strategy deemed to be entered into by a Reference Investor comprising the following theoretical positions (and nothing in this Condition 14 implies or requires that the Issuer enters into or maintains any such position):

- (i) long position(s) where the Reference Investor is holding (each a **Long** position) directly or indirectly, an interest (including a beneficial interest and which may, without limitation, include an equivalent total return swap including funding costs)) in each of the Bond(s) in the amount of the respective Bond Notional Amount, as specified in the Annex for Negative Basis BLNs to the applicable Final Terms; and
- (ii) short position(s) (where the Reference Investor is acting as the buyer of protection) (each a **Short** position) offsetting the credit risk of the position detailed in (a) for each of the relevant Bond(s), under credit default swaps for each of the Reference Entities being each Bond Underlying Obligor (each a **Corresponding CDS**, and together the **Corresponding CDSs**), substantially on the terms specified in the Annex for Negative Basis BLNs to the applicable Final Terms which should be interpreted by reference to the Definitions.

(B) *Provisions*

The Strategy performs an arbitrage between the cost of holding the Bond(s) and the cost of credit protection on their Corresponding CDS(s).

For the avoidance of doubt, upon the occurrence of any event which constitutes both a Bond Event and a Risk Event, such event shall be treated as a Bond Event and in such case the provisions applicable to Bond Event shall prevail over those applicable to Risk Event. For the avoidance of doubt, upon the occurrence of any event which constitutes both (i) a Risk Event and/or a Bond Event, and (ii) an event that leads to an Early Redemption Amount being payable pursuant to Condition 6 (*Redemption, Purchase and Options*), such event shall be treated as an event that leads to an Early Redemption Amount being payable pursuant to Condition 6 (*Redemption, Purchase and Options*) and in such case the provisions applicable pursuant to Condition 6 (*Redemption, Purchase and Options*) shall prevail over those applicable to Risk Event and/or Bond Event.

Redemption on the occurrence of a Risk Event:

If, at any time during the NB Observation Period, the Calculation Agent notifies the Issuer that it has determined that a Risk Event has occurred (giving details of such Risk Event and specifying the applicable Risk Event Determination Date) (the **Calculation Agent's RE Notice**) then the Issuer shall give written notice to the Fiscal Agent of such determination and the Risk Event Redemption Date (the **Risk Event Redemption Event Notice**).

The Issuer shall forthwith notify the Noteholders in accordance with the Conditions.

Following such Risk Event Redemption Event Notice, the Single Entity Negative Basis BLN with American Settlement, Single Entity Negative Basis BLN with European Settlement, Basket Negative Basis BLN with European Settlement or Basket Negative

Basis BLN with American Settlement shall be redeemed (in whole but not in part in the case of Single Negative Basis BLNs, or in part in the case of Basket Negative Basis BLNs being the relevant portion thereof corresponding to the Bond Notional Amount of the affected Bond relative to the aggregate Bond Notional Amounts of all Bonds save in the case of an Early Redemption On First Event where the Basket Negative Basis BLNs shall be redeemed in whole but not in part) on the Risk Event Redemption Date (irrespective of whether the relevant Risk Event is continuing after such date) at the Market Value per Calculation Amount (or the relevant portion thereof) determined as provided in this Condition.

Where:

Risk Event Redemption Date means the date on which the Issuer will redeem the Single Entity Negative Basis BLN with American Settlement, Single Entity Negative Basis BLN with European Settlement and/or relevant portion of the Basket Negative Basis BLN with European Settlement or Basket Negative Basis BLN with American Settlement further to the occurrence of a Risk Event and the delivery of the Calculation Agent's RE Notice. The Risk Event Redemption Date shall occur: (i) for Negative Basis BLNs with American Settlement and/or the relevant portion of the Basket BLNs with American Settlement, not earlier than five (5) Business Days and not later than ten (10) Business Days after the date of delivery of such Calculation Agent's RE Notice and (ii) for Negative Basis BLNs with European Settlement and/or the relevant portion of the Basket BLNs with European Settlement on the Maturity Date unless otherwise specified in the Annex for Negative Basis BLNs to the applicable Final Terms.

Risk Event Determination Date means the date specified as such in the Calculation Agent's RE Notice.

Redemption on the occurrence of a Bond Event:

If, at any time during the NB Observation Period, the Calculation Agent notifies the Issuer that it has determined that a Bond Event has occurred (giving details of such Bond Event and specifying the applicable Bond Event Determination Date) (the **Calculation Agent's BE Notice**) then the Issuer shall give written notice to the Fiscal Agent of such determination and the Bond Event Redemption Date (the **Bond Event Redemption Event Notice**).

The Issuer shall forthwith notify the Noteholders in accordance with the Conditions.

Following such Bond Event Redemption Event Notice, the Single Entity Negative Basis BLN with American Settlement, Single Entity Negative Basis BLN with European Settlement, Basket Negative Basis BLN with European Settlement or Basket Negative Basis BLN with American Settlement shall be redeemed (in whole but not in part in the case of Single Negative Basis BLNs, or in part in the case of Basket Negative Basis BLNs being the relevant portion thereof corresponding to the Bond Notional Amount of the affected Bond relative to the aggregate Bond Notional Amounts of all Bonds save in the case of an Early Redemption On First Event where the Basket Negative Basis BLNs shall be redeemed in whole but not in part) on the Bond Event Redemption Date (irrespective of whether the relevant Credit Event is continuing after such date) at an amount equal to 100% of the Calculation Amount per Calculation Amount (or the relevant portion thereof).

Where:

Bond Event Redemption Date means the date on which the Issuer will redeem the Single Entity Negative Basis BLN with American Settlement, Single Entity Negative Basis BLN with European Settlement and/or relevant portion of the Basket Negative Basis BLN with European Settlement or Basket Negative Basis BLN with American Settlement further to the occurrence of a Bond Event and the delivery of the Calculation Agent's BE Notice. The Bond Event Redemption Date shall occur: (i) for Negative Basis BLNs with American Settlement and/or the relevant portion of the Basket BLNs with American Settlement, not earlier than five (5) Business Days and not later than ten (10) Business Days after the date of delivery of such Calculation Agent's BE Notice and (ii) for Negative Basis BLNs with European Settlement and/or the relevant portion of the Basket BLNs with European Settlement on the Maturity Date unless otherwise specified in the Annex for Negative Basis BLNs to the applicable Final Terms.

Bond Event Determination Date means the date specified as such in the Calculation Agent's BE Notice.

Non-occurrence of an Early Redemption Event pursuant to Condition 6

Where no early redemption of the Negative Basis BLNs pursuant to Condition 6 occurs, the Final Redemption Amount of each Negative Basis BLN will therefore not be affected by a Bond Event, as any loss in relation to a Bond Event affecting a Bond Underlying Obligor of any of the Bond(s) and/or the Bond(s) will be notionally offset by an equivalent gain on the Corresponding CDS, although timing of payment of the Final Redemption Amount and payments of the Interest Amount(s) may be impacted.

Redemption on the occurrence of an Early Redemption Event pursuant to Condition 6:

On any early redemption of the Negative Basis BLNs pursuant to Condition 6 where the Early Redemption Amount becomes payable such Early Redemption Amount will equal the Market Value per Calculation Amount determined as provided in this Condition.

Negative Basis Linked Interest Basis – reduction or cessation of interest accrual:

Interest on the Single Entity Negative Basis BLN with American Settlement shall cease to accrue from the earlier of (i) the Bond Event Determination Date (included) or the Interest Payment Date or, if none, the Issue Date immediately prior to the Bond Event Determination Date, as specified in the applicable Final Terms or, if no specification is made in the applicable Final Terms, such interest shall cease to accrue from the Interest Payment Date or, if none, the Issue Date immediately prior to the Bond Event Determination Date and (ii) the Risk Event Determination Date (included) or the Interest Payment Date or, if none, the Issue Date immediately prior to the Risk Event Determination Date.

Interest (or, in the case of Basket Negative Basis BLN with European Settlement, the relevant portion thereof) on the Single Entity Negative Basis BLN with European Settlement and/or Basket Negative Basis BLN with European Settlement shall (i) continue to accrue up to (but excluding) the Maturity Date, notwithstanding the occurrence of a Bond Event Determination Date and/or a Risk Event Determination Date, (ii) cease to accrue from the earlier of a Bond Event Determination Date and a

Risk Event Determination Date, (iii) cease to accrue from the earlier of the Interest Payment Date immediately prior to a Bond Event Determination Date and the Interest Payment Date immediately prior to a Risk Event Determination Date, or (iv) accrue from the Bond Event Determination Date and/or Risk Event Determination Date at a rate of interest specified in the applicable Final Terms up to (but excluding) the Scheduled Maturity Date, as specified in the applicable Final Terms. If none of (i) to (iv) above is specified in the Annex for Negative Basis BLNs to the applicable Final Terms then interest shall continue to accrue up to (but excluding) the Maturity Date, notwithstanding the occurrence of any Bond Event Determination Date and/or Risk Event Determination Date.

For the avoidance of doubt no further amounts shall be due to the Noteholders.

Termination of NB Components:

The Issuer may terminate (fully or partially), in its sole and absolute discretion, any or all of the NB Component(s) at any time from, and including, the Trade Date to, and including, the Maturity Date. Each such partial or full termination shall be referred to as an "**NB Component Adjustment**". Following an NB Component Adjustment, the Issuer will notify the Noteholders by sending a notice containing details of such adjustment(s) (the **Notice of NB Component Adjustment**) in accordance with the Conditions. The Negative Basis BLNs will continue to bear interest until the Maturity Date regardless of any NB Component Adjustment.

(n) ***Monoline Insurer Reference Entities Provisions***

If "Provisions relating to Monoline Insurer as Reference Entity" is specified as applicable in the applicable Final Terms or the provisions of this Condition 14(n) apply in accordance with the applicable Final Terms by virtue of the specification for the relevant Transaction Type in the Physical Settlement Matrix, notwithstanding anything to the contrary in this Condition 14, the following provisions will apply:

- (i) **Obligation and Deliverable Obligation.** Paragraph (i) of the definition of Obligation in Condition 14(l), paragraph (i) of the definition of Deliverable Obligation in Condition 14(l) and the definition of Valuation Obligation in Condition 14(g) are hereby amended by adding "or Qualifying Policy" after "as provider of a Relevant Guarantee".
- (ii) **Interpretation of Provisions.** In the event that an Obligation or a Deliverable Obligation is a Qualifying Policy, Condition 14(e) will apply, with references to the Relevant Guarantee, the Underlying Obligation and the Underlying Obligor deemed to include the Qualifying Policy, the Insured Instrument and the Insured Obligor, respectively, except that:
 - (I) the Obligation Category Borrowed Money and the Obligation Category and Deliverable Obligation Category Bond shall be deemed to include distributions payable under an Insured Instrument in the form of a pass-through certificate or similar funded beneficial interest, the Deliverable Obligation Category Bond shall be deemed to include such an Insured Instrument, and the terms "obligation" and "obligor" as used in this Condition 14 in respect of such an Insured Instrument shall be construed accordingly;

- (II) references in the definitions of Assignable Loan and Consent Required Loan to the guarantor and guaranteeing shall be deemed to include the insurer and insuring, respectively;
 - (III) neither the Qualifying Policy nor the Insured Instrument must satisfy on the relevant date the Deliverable Obligation Characteristic of Accelerated or Matured, whether or not that characteristic is otherwise specified as applicable in the applicable Final Terms;
 - (IV) if the Assignable Loan, Consent Required Loan, Direct Loan Participation or Transferable Deliverable Obligation Characteristics are specified in the applicable Final Terms and if the benefit of the Qualifying Policy is not transferred as part of any transfer of the Insured Instrument, the Qualifying Policy must be transferable at least to the same extent as the Insured Instrument;
 - (V) with respect to an Insured Instrument in the form of a pass-through certificate or similar funded beneficial interest, the term "maturity", as such term is used in the Maximum Maturity Deliverable Obligation Characteristic, shall mean the specified date by which the Qualifying Policy guarantees or insures, as applicable, that the ultimate distribution of the Certificate Balance will occur; and
 - (VI) with respect to a Qualifying Policy and an Insured Instrument, only the Qualifying Policy must satisfy on the relevant date or dates the "Not Subordinated" Obligation Characteristic or Deliverable Obligation Characteristic, if applicable.
- (iii) **Outstanding Principal Balance.** References in paragraph (i) of the definition of "Outstanding Principal Balance" in Condition 14(l) to a Guarantee, the Underlying Obligation and the Underlying Obligor shall be deemed to include a Qualifying Policy, the Insured Instrument and the Insured Obligor respectively. Any provisions of an Insured Instrument limiting recourse in respect of such Insured Instrument to the proceeds of specified assets (including proceeds subject to a priority of payments) or reducing the amount of any Instrument Payments owing under such Insured Instruments shall be disregarded for the purposes of limb (B) of paragraph (ii) of the definition of "Outstanding Principal Balance" provided that such provisions are not applicable to the Qualifying Policy by the terms thereof and the Qualifying Policy continues to guarantee or insure, as applicable, the Instrument Payments that would have been required to be made absent any such limitation or reduction.
 - (iv) **Deliver.** For the purposes of the definition of "**Deliver**" in Condition 14(l), "Deliver" with respect to an obligation that is a Qualifying Policy means to Deliver both the Insured Instrument and the benefit of the Qualifying Policy (or a custodial receipt issued by an internationally recognised custodian representing an interest in such an Insured Instrument and the related Qualifying Policy), and "Delivery" and "Delivered" will be construed accordingly.
 - (v) **Provisions for Determining a Successor.**
 - (A) The definition of "succeed" in Condition 14(i); and
 - (B) Paragraph (i) in the definition of "Successor" in Condition 14(i),

are hereby amended by adding "or Qualifying Policy" after each occurrence of "a Relevant Guarantee

(vi) **Original Non-Standard Reference Obligation, Substitute Reference Obligation and Substitution Event.** The definition of "Original Non-Standard Reference Obligation", paragraph (iii)(a) of the definition of "Substitute Reference Obligation", in each case in Condition 14(n), are hereby amended by adding "or Qualifying Policy" after "a guarantee".

(vii) **Restructuring**

(I) With respect to an Insured Instrument that is in the form of a pass-through certificate or similar funded beneficial interest or a Qualifying Policy with respect thereto, paragraphs (i)(a) to (e) inclusive of the definition of "Restructuring" in Condition 14(l) are hereby amended to read as follows:

"(a) any reduction in the rate or amount of the Instrument Payments in paragraph (A)(x) of the definition thereof that are guaranteed or insured by the Qualifying Policy (including by way of redenomination);

(b) any reduction in the amount of the Instrument Payments described in paragraph (A)(y) of the definition thereof that are guaranteed or insured by the Qualifying Policy (including by way of redenomination);

(c) any postponement or other deferral of one or more dates for either (x) the payment or accrual of the Instrument Payments described in paragraph (A)(x) of the definition thereof or (y) the payment of the Instrument Payments described in paragraph (A)(y) of the definition thereof, in each case that are guaranteed or insured by the Qualifying Policy;

(d) any change in the ranking in priority of payment of (x) any Obligation under a Qualifying Policy in respect of Instrument Payments, causing the Subordination of such Obligation to any other Obligation or (y) any Instrument Payments, causing the Subordination of such Insured Instrument to any other instrument in the form of a pass-through certificate or similar funded beneficial interest issued by the Insured Obligor, it being understood that, for this purpose, Subordination will be deemed to include any such change that results in a lower ranking under a priority of payments provision applicable to the relevant Instrument Payments; or

(e) any change in the currency of any payment of Instrument Payments that are guaranteed or insured by the Qualifying Policy to any currency other than the lawful currency of Canada, Japan, Switzerland, the United Kingdom and the United States of America and the euro and any successor currency to any of the aforementioned currencies (which in the case of the euro, shall mean the currency which succeeds to and replaces the euro as a whole)."

(II) Paragraph (ii)(d) of the definition of "Restructuring" in Condition 14(l) is hereby amended by adding "or, in the case of a Qualifying Policy and an

Insured Instrument, where (I) the Qualifying Policy continues to guarantee or insure, as applicable, that the same Instrument Payments will be made on the same dates on which the Qualifying Policy guaranteed or insured that such Instrument Payments would be made prior to such event and (II) such event is not a change in the ranking in the priority of payment of the Qualifying Policy" at the end thereof.

- (III) The definition of "Restructuring" in Condition 14(l) is hereby amended by the insertion of the following paragraph after the final paragraph thereof:

"For purposes of this definition of "Restructuring" and the definition of "Multiple Holder Obligation", the term "Obligation" shall be deemed to include Insured Instruments for which the Reference Entity is acting as provider of a Qualifying Policy. In the case of a Qualifying Policy and an Insured Instrument, references to the Reference Entity in paragraph (i) of this definition of "Restructuring" shall be deemed to refer to the Insured Obligor and the reference to the Reference Entity in paragraph (ii)(d) in this definition of "Restructuring" which shall continue to refer to the Reference Entity."

- (viii) **Other Provisions.** For purposes of the definitions of "Bond Event", "Deliver" and "Prohibited Action" in Condition 14(l) and the definition of "Credit Event" in Condition 14(i) references to the "Underlying Obligation" and the "Underlying Obligor" shall be deemed to include "Insured Instruments" and the "Insured Obligor", respectively.

- (ix) **Additional Definitions.**

Qualifying Policy means a financial guaranty insurance policy or similar financial guarantee pursuant to which a Reference Entity irrevocably guarantees or insures all Instrument Payments of an instrument that constitutes Borrowed Money (modified as set forth in this Condition 14(n)) (the **Insured Instrument**) for which another party (including a special purpose entity or trust) is the obligor (the **Insured Obligor**). Qualifying Policies shall exclude any arrangement (i) structured as a surety bond, letter of credit or equivalent legal arrangement or (ii) pursuant to the express contractual terms of which the payment obligations of the Reference Entity can be discharged or reduced as a result of the occurrence or non-occurrence of an event or circumstance (other than the payment of Instrument Payments).

Instrument Payments means (A) in the case of any Insured Instrument that is in the form of a pass-through certificate or similar funded beneficial interest, (x) the specified periodic distributions in respect of interest or other return on the Certificate Balance on or prior to the ultimate distribution of the Certificate Balance and (y) the ultimate distribution of the Certificate Balance on or prior to a specified date and (B) in the case of any other Insured Instrument, the scheduled payments of principal and interest, in the case of both (A) and (B) (1) determined without regard to limited recourse or reduction provisions of the type described in paragraph (iii) above and (2) excluding sums in respect of default interest, indemnities, tax gross-ups, make-whole amounts, early redemption premiums and other similar amounts (whether or not guaranteed or insured by the Qualifying Policy).

Certificate Balance means, in the case of an Insured Instrument that is in the form of a pass through certificate or similar funded beneficial interest, the unit principal balance, certificate balance or similar measure of unreimbursed principal investment.

15. Terms for Currency Linked Notes

These Terms apply if and as the applicable Final Terms specify.

(a) ***Payments on redemption and/or as interest***

Payments due under a Currency Linked Note shall be determined in accordance with the FX exchange rates on the basis of the Reference Exchange Rate(s) and, where applicable, in accordance with the adjustment rules set out in this Condition 15 and specified as applicable in the applicable Final Terms.

Domestic Currency means a currency specified as such in the applicable Final Terms.

Foreign Currency means a currency specified as such in the applicable Final Terms.

FX means an exchange rate that is the value of one unit of the Foreign Currency, expressed in units of the Domestic Currency.

(b) ***Alternative source of Reference Exchange Rate***

If, on an FX Determination Date, a Reference Exchange Rate is not published by the Exchange Rate Source, but is published or disseminated on such date by other sources of information, such Reference Exchange Rate shall be determined by the Calculation Agent based on such other sources of information available.

(c) ***Successor Exchange Rate***

If at any time, on or after the Issue Date, any one of the Reference Exchange Rates indicated in the applicable Final Terms is replaced by another rate published, supervised, recognised, disseminated or adopted by a public authority or any other body governed by public or private law responsible for regulation of the financial markets (including the central bank) in the Reference Exchange Rate Jurisdiction, the Calculation Agent shall use such new rate.

(d) ***Change in Currency***

If, at any time, on or after the Issue Date, a Secondary Currency or a currency referred to in a Reference Exchange Rate which was prior thereto legal tender in the country or the zone concerned (the **Original Currency**) is removed, converted, reissued, exchanged or otherwise replaced in favour of a successor currency becoming legal tender in the country or zone concerned (the **Successor Currency**), the Calculation Agent shall proceed with the conversion of the Original Currency into the Successor Currency, using the conversion or exchange rate established, recognised and used for these purposes by the country or the zone concerned, on the most recent date on which the removal, conversion, reissue, exchange or replacement concerned occurred.

(e) ***Automatic Early Redemption***

(A) ***Definitions***

Autocall Barrier means the level of the Autocall Reference Exchange Rate in respect of the relevant Autocall Observation Date specified as such in the applicable Final Terms, subject to the Disruption Fallback Rules set forth in Condition 15(h) (Consequences of the occurrence of a General Adjustment Event) below.

Autocall Observation Date means the date(s) specified as such in the applicable Final Terms.

Autocall Reference Exchange Rate means the Reference Exchange Rate specified as such in the applicable Final Terms.

Automatic Early Redemption Amount means (a) an amount in the Specified Currency specified in the applicable Final Terms, or (b) if such amount is not specified, the product of (i) the Calculation Amount and (ii) the relevant Automatic Early Redemption Rate relating to that Automatic Early Redemption Date.

Automatic Early Redemption Date means each date specified as such in the applicable Final Terms, subject in each case to adjustment in accordance with the applicable Business Day Convention specified in the applicable Final Terms.

Automatic Early Redemption Event means that the Autocall Reference Exchange Rate is, as specified in the applicable Final Terms, (i) Greater than the Autocall Barrier, (ii) Greater than or equal to the Autocall Barrier, (iii) Less than the Autocall Barrier, or (iv) Less than or equal to the Autocall Barrier.

Automatic Early Redemption Rate means, in respect of any Automatic Early Redemption Date, the rate specified as such in the applicable Final Terms.

(B) *Consequences of the occurrence of an Automatic Early Redemption Event*

If **Automatic Early Redemption Event** is specified as applicable in the applicable Final Terms, unless previously redeemed or purchased and cancelled, if on any Autocall Observation Date the Automatic Early Redemption Event occurs, then the Notes will be automatically redeemed in whole, but not in part, on the Automatic Early Redemption Date immediately following such Autocall Observation Date and the Redemption Amount payable by the Issuer on such date upon such automatic early redemption of each Note shall be an amount equal to the relevant Automatic Early Redemption Amount.

(f) *Specific Adjustment Event*

The occurrence of one of the events below constitutes a Specific Adjustment Event if specified as a Specific Adjustment Event in the applicable Final Terms:

Exchange Rate Disruption means the occurrence of any event or condition (notably any Change in Law or any government action) which, according to the Calculation Agent, acting in good faith and in a commercially reasonable manner, renders it impossible, illegal or impractical (i) to convert the Principal Currency into the Secondary Currency using the usual statutory methods, or (ii) for non-residents of the Principal Currency Jurisdiction, to convert the Principal Currency into the Secondary Currency under conditions which are as favourable as those generally available for the residents of the Principal Currency Jurisdiction, or (iii) for the residents or non-residents of the Principal Currency Jurisdiction, to transfer funds, including funds in a currency other than the Principal Currency, from accounts situated in the Principal Currency Jurisdiction to accounts situated outside the Principal Currency Jurisdiction, or between accounts situated in the Principal Currency Jurisdiction or by or to non-residents of the Principal Currency Jurisdiction.

Non-deliverability of the Secondary Currency means the situation in which, at the time where any payment of the principal, of a premium, of interest and/or of additional amounts or other amounts, where applicable, is due under the Notes (each a **Required Payment**), the Secondary Currency (i) is no longer used by the government of the Secondary Currency Jurisdiction for the payment of public and private debts, or (ii) is no longer used for settlement of transactions

by public institutions in the Secondary Currency Jurisdiction or within the international banking community, or (iii) is no longer considered available when any Required Payment is due, on account of circumstances which are beyond the Issuer's control.

For the purposes of this Condition, **Principal Currency**, **Secondary Currency**, **Principal Currency Jurisdiction** and **Secondary Currency Jurisdiction** have respectively the same meanings as those provided for in the applicable Final Terms.

Principal Currency refers to the currency in which the Notes are denominated.

Secondary Currency refers to the currency in which some or all of the payments under the Notes, as specified in the applicable Final Terms, shall be made (and if none is specified, shall be the Principal Currency).

Principal Currency Jurisdiction and **Secondary Currency Jurisdiction** respectively shall be construed accordingly.

On or after the occurrence of a Specific Adjustment Event, the Issuer may fulfil its obligations in respect of a Required Payment by making such Required Payment in the Fallback Payment Currency, converted from the Secondary Currency to the Fallback Payment Currency, on the basis of the Fallback Reference Rate (the **Fallback Payment Amount**). Any payment made in accordance with this Condition in the Fallback Payment Currency shall constitute a valid payment and shall not constitute default in respect of the Notes. Communications, opinions, decisions, calculations, proposals and decisions handed down, expressed, issued or obtained from or by the Issuer in accordance with this Condition, shall be done so at its sole discretion and shall (in the absence of manifest error, wilful misconduct or bad faith) be decisive and binding upon the Issuer, the Paying Agents and the Noteholders. Investors shall be deemed to have been informed of and having approved this document and as having waived the assertion of any current or potential conflict of interests which might arise as a result of calculation of the Fallback Payment Amount by the Issuer.

For the purposes of this Condition, **Fallback Payment Currency** and **Fallback Reference Rate** have respectively the same meanings as those provided for in the applicable Final Terms.

If Essential Trigger is specified as applicable in the applicable Final Terms, the provisions of Condition 11 (Meeting of Noteholders and Modifications) of the Terms and Conditions of the English Law Notes or Condition 14 (Discretion) of the Terms and Conditions of the French Law Notes in relation to Essential Trigger and Discretion must also be satisfied in order for the Issuer to be able to elect to adjust any provisions of the Notes pursuant to this Condition 15.

(g) ***General Adjustment Event***

The occurrence of a General Adjustment Event shall be determined by the Calculation Agent in good faith, acting reasonably.

The Calculation Agent shall notify the Noteholders as soon as possible, in accordance with Condition 14 (Notices) of the Terms and Conditions of the English Law Notes and Condition 13 (Notices) of the Terms and Conditions of the French Law Notes, of the occurrence of a General Adjustment Event.

General Adjustment Event means, with respect to an FX Determination Date and any Reference Exchange Rate or (if Automatic Early Redemption Event is specified as applicable in the applicable Final Terms) an Autocall Observation Date and any Autocall Reference Exchange Rate, the occurrence or continuing of one or more of the following events as specified in the applicable Final Terms:

- (i) Price Source Disruption,
- (ii) Substantial Rate Discrepancy.

If, in respect of the Notes, the definition in the 1998 ISDA FX and Currency Option Definitions, methodology or formula for the Relevant Currency Benchmark, or other means of calculating the Relevant Currency Benchmark, is changed, the Noteholders shall acknowledge that references to that Relevant Currency Benchmark shall be to the Relevant Currency Benchmark as changed.

For the purposes of this Condition, **1998 ISDA FX and Currency Option Definitions** means the 1998 ISDA FX and Currency Option Definitions, as published by the International Swaps and Derivatives Association, Inc., as may be supplemented or amended or superseded as at the Issue Date of the first Tranche of the Notes of the relevant Series.

(h) ***Consequences of the occurrence of a General Adjustment Event***

If on any FX Determination Date a General Adjustment Event occurs, the Calculation Agent, acting reasonably, but in its sole discretion, shall apply the Disruption Fallback Rules for the applicable General Adjustment Events and according to the order specified in the applicable Final Terms and if none is specified, then "Determination by the Calculation Agent" (as described below) shall apply.

Disruption Fallback Rules in case of General Adjustment Events means one of the following sources or methods of determination of the relevant exchange rates:

FX Determination Date Delay means that the Calculation Agent shall determine that the FX Determination Date shall be the first Exchange Rate Business Date following the FX Determination Date concerned which is not a Disrupted Day, unless each day included in the number of consecutive Exchange Rate Business Days, corresponding to the number of Maximum Specified Disrupted Days immediately after the FX Determination Date concerned, is a Disrupted Day, in which case, the Calculation Agent shall determine that the last consecutive Exchange Rate Business Day shall be deemed to be the FX Determination Date and shall apply the next Disruption Fallback Rule for the General Adjustment Event according to the order specified in the applicable Final Terms.

Application of the Fallback Rate means that the Calculation Agent shall use the Fallback Rate indicated in the applicable Final Terms. If the Fallback Rate is not available on the Exchange Rate Business Day after the end of the Fallback Period, the Calculation Agent shall apply the next Disruption Fallback Rule for the General Adjustment Event according to the order specified in the applicable Final Terms.

Determination by the Calculation Agent means that the Calculation Agent shall determine the FX (or a method to determine the FX) in a commercially reasonable way, taking account of all the available information which, in good faith, it deems suitable.

Notwithstanding any contrary provision in these Conditions, any date of payment scheduled to be made in accordance with the value of a Reference Exchange Rate on an FX Determination Date affected by a General Adjustment Event shall be postponed up to the Business Day, as defined in Condition 5(k) of the Terms and Conditions of the English Law Notes or Condition 5(j) of the Terms and Conditions of the French Law Notes, following the date on which the Calculation Agent determines the exchange rate concerned, according to the applicable Disruption Fallback Rules for the General Adjustment Event, and no interest or other amount will be paid by the Issuer in respect of such deferral.

If Essential Trigger is specified as applicable in the applicable Final Terms, the provisions of Condition 11 (Meeting of Noteholders and Modifications) of the Terms and Conditions of the English Law Notes or Condition 14 (Discretion) of the Terms and Conditions of the French Law Notes in relation to Essential Trigger and Discretion must also be satisfied in order for the Issuer to be able to elect to adjust any provisions of the Notes pursuant to this Condition 15.

(i) **Definitions**

Comparison Rates means the exchange rates as specified in the applicable Final Terms.

Disrupted Day means any Exchange Rate Business Day on which, in the opinion of the Calculation Agent, a General Adjustment Event has occurred or is continuing.

Exchange Rate Business Day means a day on which commercial banks are open (or would have been open in the absence of the occurrence of a General Adjustment Event) for trading (including trading relating to exchanges in accordance with the practices on that exchange market) in the financial centres specified in the applicable Final Terms in respect of the relevant currency(ies).

Exchange Rate Source means the published source, the seller or supplier of information containing or reporting the exchange rate or rates, as specified in the applicable Final Terms.

Fallback Period means the number of days specified in the applicable Final Terms or, in the absence of such specification, one Exchange Rate Business Day.

Fallback Rate means the exchange rate as specified in the applicable Final Terms.

FX Determination Date means any date(s) specified as such in the applicable Final Terms, applicable to the relevant Reference Exchange Rate. Such date(s) shall, if so specified in the applicable Final Terms and if the relevant date is not an Exchange Rate Business Day, be adjusted to either the preceding or the following Business Day, as specified in the applicable Final Terms.

Maximum Rate Discrepancy means the maximum discrepancy between the Comparison Rates as specified in the applicable Final Terms.

Maximum Specified Disrupted Days means the number of days specified in the applicable Final Terms or, failing this, five Exchange Rate Business Days.

Price Source Disruption means the occurrence of (a) any event or condition whereby it becomes impossible to obtain the Reference Exchange Rate or Rates, or (if Automatic Early Redemption Event is specified as applicable in the applicable Final Terms) the Autocall Reference Exchange Rate or Rates or (b) an Administrator/Benchmark Event.

Reference Exchange Rate(s) means the exchange rate(s) specified as such in the applicable Final Terms and determined as at the FX Determination Date.

Reference Exchange Rate Jurisdiction means the jurisdiction specified as such in the applicable Final Terms.

Relevant Currency Benchmark means, in respect of the Notes:

- (i) any Reference Exchange Rate; or
- (ii) any other index, rate or price source specified as a "Relevant Currency Benchmark" in the applicable Final Terms.

Substantial Rate Discrepancy means the situation in which the discrepancy between the applicable Comparison Rates is greater than the Maximum Rate Discrepancy.

Trade Date means the date specified as such in the applicable Final Terms.

(j) ***Additional Adjustment Events applicable to all Currency Linked Notes***

If the Calculation Agent determines that an Additional Adjustment Event has occurred, the Issuer may redeem the Notes upon prior notification to the Noteholders in accordance with Condition 14 (Notices) of the Terms and Conditions of the English Law Notes and Condition 13 (Notices) of the Terms and Conditions of the French Law Notes. If the Notes are thus redeemed, the Issuer shall upon such redemption pay to the Noteholders an amount determined to be the fair market value of the Notes based on the market conditions prevailing at the date of determination taking account of the Additional Adjustment Event, minus the reasonable costs to the Issuer and/or its affiliates or other entities affected by the Hedging Agreements of unwinding underlying Hedging Positions, all as determined by the Calculation Agent in its discretion. Noteholders shall be notified of each such payment in accordance with Condition 14 (Notices) of the Terms and Conditions of the English Law Notes and Condition 13 (Notices) of the Terms and Conditions of the French Law Notes.

If Essential Trigger is specified as applicable in the applicable Final Terms and the Notes are governed by English Law, (i) the provisions of Condition 11 (Meeting of Noteholders and Modifications) of the Terms and Conditions of the English Law Notes in relation to Essential Trigger and Discretion must also be satisfied in order for the Issuer or the Calculation Agent to be able to elect to adjust any provisions in relation to the Notes pursuant to this Condition 15 and (ii) the provisions of Condition 6(n) (Early Redemption where Essential Trigger is specified as applicable in the Final Terms) of the Terms and Conditions of the English Law Notes must be satisfied in order for the Issuer or the Calculation Agent to be able to terminate its obligations in relation to the Notes pursuant to this Condition 15 and Condition 6(n) (Early Redemption where Essential Trigger is specified as applicable in the Final Terms) of the Terms and Conditions of the English Law Notes applies to the determination of the amount to be paid to the Noteholders on the Early Redemption Date. If Essential Trigger is specified as applicable in the applicable Final Terms and the Notes are governed by French Law, (i) the provisions of Condition 15 in relation to Essential Trigger and Discretion must also be satisfied in order for the Issuer or the Calculation Agent to be able to elect to adjust any provisions in relation to the Notes pursuant to this Condition 15 and (ii) the provisions of Condition 6(l) (Early Redemption where Essential Trigger is specified as applicable in the Final Terms) of the Terms and Conditions of the French Law Notes must be satisfied in order for the Issuer to be able to terminate its obligations in relation to the Notes pursuant to this Condition 15 and Condition 6(l) (Early Redemption where Essential Trigger is specified as applicable in the Final Terms) of the Terms and Conditions of the French Law Notes applies to the determination of the Monetisation Amount or the amount to be paid to the Noteholders on the Early Redemption Date, as applicable.

Additional Adjustment Event means any of a Change in Law, Hedging Disruption or Increased Cost of Hedging.

Change in Law means, where specified as applicable in the applicable Final Terms, the determination by the Issuer or the Calculation Agent that, on the Trade Date or after that date (A) on account of the adoption of or any change to any applicable law (including but not limited to any tax law or any solvency or capital requirement), rule, regulation or order, any regulatory or tax authority ruling, or any regulation, rule or procedure of any exchange (an **Applicable**

Regulation), or (B) on account of the promulgation or reversal of the interpretation made thereof by any court, tribunal or regulatory authority with jurisdiction, of any law or regulation (including any measure taken by a tax or financial authority):

- (i) the Issuer is unable to fulfil its obligations under the Notes or, unless Hedging Arrangements are specified as not applicable in the applicable Final Terms, that it is illegal or contrary to any Applicable Regulation for it or any of its affiliates or other entities affected by the Hedging Agreements to hold, acquire or dispose of Hedging Positions in relation to such Notes; or
- (ii) there is a significant increase in the costs to the Issuer and/or to its affiliates (including, but without limitation to, increases related to any taxation law or any solvency or capital requirement) of holding, acquiring or disposing of Hedging Positions or any requirements in relation to reserves, special deposits, insurance assessments or other requirements in relation to such Notes.

Hedging Disruption means, where specified as applicable in the applicable Final Terms, the Issuer and/or any one of its affiliates or all entities concerned by the Hedging Agreements, is/are unable, despite commercially reasonable efforts, (A) to acquire, establish, re-establish, replace, maintain, unwind or dispose of any transaction(s), any asset(s) or any contract(s) that they may deem necessary in order to cover the risk arising from that entity concluding and satisfying its obligations by virtue of the Notes, or (B) to realise, recover or pay the income from such transaction(s) or contract(s) relative to the Notes.

Increased Cost of Hedging means, specified as applicable in the applicable Final Terms, the Issuer and/or any one of its affiliates or other entities concerned by the Hedging Agreements, incur(s) an amount of duties, taxes, costs or commissions (other than brokerage commissions) which is substantially increased (compared to the circumstances existing on the Trade Date) in order (A) to acquire, establish, re-establish, replace, maintain, unwind or transfer any transaction(s) or any asset(s) which they may deem necessary to hedge the risk (in particular but not limited to exchange and interest rate risks) of the Issuer on account of the conclusion and satisfaction of its obligations by virtue of the Notes, or (B) to realise, recover or pay the income from such transaction or transactions or from such asset or assets, provided that any substantially increased amount incurred exclusively on account of deterioration of the solvency of the Issuer and/or of any of its respective affiliates or of other entities concerned by the Hedging Agreements shall not be deemed to constitute an Increased Cost of Hedging.

For the purposes of this section:

Hedging Agreements means all hedge agreements concluded by the Issuer and/or any of its respective affiliates or other entities concerned by the Hedging Agreements concluded at any time in order to hedge the Notes, including, but not restricted to, the purchase and/or sale of all transferable securities, all options or all futures contracts on these transferable securities, all certificates of deposit in respect of these transferable securities, and all corresponding transactions on currencies.

Hedging Positions means any purchase, sale, conclusion or continuation of one or more (i) positions or contracts on transferable securities, options, futures contracts, derivatives or currencies, (ii) securities lending operations, or (iii) other instruments or agreements (whatever their description) realised in order to cover the risk related to the conclusion and satisfaction of the Issuer's obligations by virtue of the Notes, individually or on the basis of a portfolio.

16. Terms for Inflation Linked Notes

These terms apply if and as the applicable Final Terms specify.

(a) Delay in Publication

If the Calculation Agent determines that a Delayed Index Level Event in respect of an Index has occurred with respect to any Inflation Determination Date, then the Relevant Level with respect to any Reference Month which is to be used in any calculation or determination to be made by the Calculation Agent and/or the Issuer with respect to such Inflation Determination Date (the **Substitute Inflation Index Level**) shall be determined by the Calculation Agent (subject to Condition 16(c)(ii) below), as follows:

- (i) if Related Bond is specified as applicable in the applicable Final Terms, the Calculation Agent shall determine the Substitute Inflation Index Level by reference to the corresponding index level determined under the terms and conditions of the Related Bond; or
- (ii) if (a) Related Bond is specified as not applicable in the applicable Final Terms, or (b) the Calculation Agent is not able to determine a Substitute Inflation Index Level under Condition 16(a) (Terms for Inflation Linked Notes) above, the Calculation Agent shall determine the Substitute Inflation Index Level by reference to the following formula:
 - (I) $\text{Substitute Inflation Index Level} = \text{Base Level} \times (\text{Latest Level}/\text{Reference Level})$; or
 - (II) otherwise in accordance with any formula specified in the applicable Final Terms,

where:

Base Level means the level of the Index (excluding any "flash" estimates) published or announced by the Index Sponsor in respect of the month which is 12 calendar months prior to the month for which the Substitute Inflation Index Level is being determined.

Latest Level means the level of the Index (excluding any "flash" estimates) published or announced by the Index Sponsor prior to the month in respect of which the Substitute Inflation Index Level is being determined.

Reference Level means the level of the Index (excluding any "flash" estimates) published or announced by the Index Sponsor in respect of the month that is 12 calendar months prior to the month in respect of the Latest Level.

The Issuer shall promptly give notice to Noteholders in accordance with Condition 14 (Notices) of the Terms and Conditions of the English Law Notes and Condition 13 (Notices) of the Terms and Conditions of the French Law Notes of any Substitute Inflation Index Level.

If the Relevant Level is published or announced at any time on or after the relevant Cut-Off Date, such Relevant Level will not be used in any calculations. The Substitute Inflation Index Level so determined pursuant to this Condition 16(a) will be the definitive level for that Reference Month.

(b) **Successor Index**

If the Calculation Agent determines that the level of an Index is not calculated and announced by the Index Sponsor for two consecutive months and/or the Index Sponsor announces that it will not longer continue to publish or announce the Index and/or the Index Sponsor cancels the Index then the Calculation Agent shall determine a successor index (a **Successor Index**) (in lieu of any previously applicable Index) for the purposes of any determination under the Notes as follows:

- (i) if Related Bond is specified as applicable in the applicable Final Terms, the Calculation Agent shall designate a "*Successor Index*" by reference to the corresponding successor index determined under the terms and conditions of the Related Bond;
- (ii) if (x) Related Bond is specified as not applicable in the applicable Final Terms or (y) a Related Bond Redemption Event has occurred and Fallback Bond is specified as not applicable in the applicable Final Terms, the Index Sponsor announces that it will no longer publish or announce the Index but that it will be superseded by a replacement Index specified by the Index Sponsor, and the Calculation Agent determines that such replacement Index is calculated using the same or a substantially similar formula or method of calculation as used in the calculation of the Index, such replacement index shall be designated a "*Successor Index*";
- (iii) if no Successor Index has been deemed under sub-paragraph (i) or (ii) above the Calculation Agent shall ask five leading independent dealers to state what the replacement index for the Index should be; if between four and five responses are received, and of those four or five responses, three or more leading independent dealers state the same index, such index will be deemed the "*Successor Index*"; if three responses are received, and two or more leading independent dealers state the same index, such index will be deemed the "*Successor Index*"; if fewer than three responses are received by the Cut-Off Date or if each of the responses state different indices the Calculation Agent will determine an appropriate alternative index for such affected payment date, and such index will be deemed a "*Successor Index*"; or
- (iv) if the Calculation Agent determines that there is no appropriate alternative index, there will be deemed to be no Successor Index and an Index Cancellation will be deemed to have occurred.

For the avoidance of doubt, the Calculation Agent shall determine the date on which the Successor Index shall be deemed to replace the Index for the purposes of the Notes. Notice of the determination of a Successor Index, the effective date of the Successor Index or the occurrence of an Index Cancellation will be given to Noteholders by the Issuer in accordance with Condition 14 (Notices) of the Terms and Conditions of the English Law Notes and Condition 13 (Notices) of the Terms and Conditions of the French Law Notes.

(c) **Adjustments**(i) **Successor Index**

If a Successor Index is determined in accordance with Condition 16(b), the Calculation Agent may make any adjustment or adjustments (without limitation) to any amount payable under the Notes and/or any other relevant term of the Notes as the Calculation Agent deems necessary. The Issuer shall give notice to the Noteholders of any such adjustment in accordance with Condition 14 (Notices) of the Terms and Conditions of

the English Law Notes and Condition 13 (Notices) of the Terms and Conditions of the French Law Notes.

(ii) **Substitute Inflation Index Level**

If the Calculation Agent determines a Substitute Inflation Index Level in accordance with Condition 16(a) (Terms for Inflation Linked Notes), the Issuer may make any adjustment or adjustments (without limitation) to (x) the Substitute Inflation Index Level determined in accordance with Condition 16(a) (Terms for Inflation Linked Notes) and/or (y) any amount payable under the Notes and/or any other relevant term of the Notes, in each case, as the Calculation Agent deems necessary. The Issuer shall give notice to the Noteholders of any such adjustment in accordance with Condition 14 (Notices) of the Terms and Conditions of the English Law Notes and Condition 13 (Notices) of the Terms and Conditions of the French Law Notes.

(iii) **Index Level Adjustment Correction**

(I) The first publication or announcement of the Relevant Level (disregarding estimates) by the Index Sponsor for any Reference Month shall be final and conclusive and, subject Condition 16(c)(iv) below, later revisions to the level for such Reference Month will not be used in any calculations, save that in respect of the EUR-All Items-Revised Consumer Price Index, the ESP National- Revised Consumer Price Index (CPI) and the ESP-Harmonised-Revised Consumer Price Index HCPI, revisions to the Relevant Level which are published or announced up to and including the day that is two Business Days prior to any relevant Inflation Determination Date will be valid and the revised Relevant Level for the relevant Reference Month will be deemed to be the final and conclusive Relevant Level for such Reference Month. The Issuer shall give notice to the Noteholders of any valid revision in accordance with Condition 14 (Notices) of the Terms and Conditions of the English Law Notes and Condition 13 (Notices) of the Terms and Conditions of the French Law Notes.

(II) If, within 30 days of publication or at any time prior to an Inflation Determination Date in respect of which a Relevant Level will be used in any calculation or determination in respect of such Inflation Determination Date, the Calculation Agent determines that the Index Sponsor has corrected the Relevant Level to correct a manifest error, the Calculation Agent may make any adjustment to any amount payable under the Notes and/or any other relevant term of the Notes as the Calculation Agent deems appropriate as a result of such correction and/or determine the amount (if any) that is payable as a result of that correction. The Issuer shall give notice to the Noteholders of any such adjustment and/or amount (if any) that is payable in accordance with Condition 14 (Notices) of the Terms and Conditions of the English Law Notes and Condition 13 (Notices) of the Terms and Conditions of the French Law Notes.

(III) If a Relevant Level is published or announced at any time after the Cut-Off Date in respect of an Inflation Determination Date in respect of which a Substitute Inflation Index Level was determined, the Calculation Agent may either (A) determine that such Relevant Level shall not be used in any calculation or determination under the Notes and that the Substitute Inflation

Index Level shall be deemed to be the definitive Relevant Level for the relevant Reference Month, or (B) request the Issuer to make any adjustment to any amount payable under the Notes and/or any other relevant term of the Notes as it deems appropriate as a result of the announcement or publication of the Relevant Level and/or determine the amount (if any) that is payable as a result of such publication or announcement. The Issuer shall give notice to the Noteholders of any determination in respect of (A) or (B), together with any adjustment or amount in respect thereof, in accordance with Condition 14 (Notices) of the Terms and Conditions of the English Law Notes and Condition 13 (Notices) of the Terms and Conditions of the French Law Notes.

(iv) **Rebasing**

If the Calculation Agent determines that the Index has been or will be rebased at any time, the Index as so rebased (the **Rebased Index**) will be used for purposes of determining the Relevant Level from the date of such rebasing; provided, however, that the Calculation Agent may make (A) if Related Bond is specified as applicable in the applicable Final Terms, any adjustments as are made pursuant to the terms and conditions of the Related Bond, if any, to the levels of the Rebased Index so that the Rebased Index levels reflect the same rate of inflation as before the rebasing, and/or (B) if Related Bond is specified as not applicable in the applicable Final Terms or a Related Bond Redemption Event has occurred, the Calculation Agent may make adjustments to the levels of the Rebased Index so that the Rebased Index levels reflect the same rate of inflation as the Index before it was rebased and in each case the Issuer may make any adjustment(s) to any amount payable under the Notes and/or any other term of the Notes as the Calculation Agent may deem necessary. If the Calculation Agent determines that neither (A) nor (B) above would produce a commercially reasonable result, the Calculation Agent may request that the Issuer redeem each Note on a date notified by the Issuer to Noteholders in accordance with Condition 14 (Notices) of the Terms and Conditions of the English Law Notes and Condition 13 (Notices) of the Terms and Conditions of the French Law Notes at its fair market value as determined by the Calculation Agent as at the date of such redemption taking into account the rebasing, less the cost to the Issuer of unwinding or amending any related underlying hedging arrangements. Notice of any adjustment, redemption of the Notes or determination pursuant to this Condition 16(c)(iv) shall be given to Noteholders in accordance with Condition 14 (Notices) of the Terms and Conditions of the English Law Notes and Condition 13 (Notices) of the Terms and Conditions of the French Law Notes.

(v) **Index Modification**

(I) If on or prior to the Cut-Off Date in respect of any Inflation Determination Date, the Calculation Agent determines that an Index Modification has occurred the Calculation Agent may (A) if Related Bond is specified as applicable in the applicable Final Terms, make any adjustments to the Index, any Relevant Level and/or any other relevant term of the Notes (including, without limitation, any amount payable under the Notes), consistent with any adjustments made to the Related Bond as the Calculation Agent deems necessary, or (B) if Related Bond is specified as not applicable in the Final Terms or a Related Bond Redemption Event has occurred make only those adjustments to the relevant Index, any Relevant Level and/or any other term

of the Notes (including, without limitation, any amount payable under the Notes), as the Calculation Agent deems necessary for the modified Index to continue as the Index and to account for the economic effect of the Index Modification.

- (II) If the Calculation Agent determines that an Index Modification has occurred at any time after the Cut-Off Date in respect of any Inflation Determination Date, the Calculation Agent may determine either (a) to ignore such Index Modification for the purposes of any calculation or determination made by the Calculation Agent with respect to such Inflation Determination Date, in which case the relevant Index Modification will be deemed to have occurred with respect to the immediately succeeding Inflation Determination Date such that the provisions Condition 16(c)(i) above will apply, or, (b) notwithstanding that the Index Modification has occurred following the Cut-Off Date, to make any adjustments as the Calculation Agent deems fit in accordance with Condition 16(c)(i) above.

The Calculation Agent shall give notice to the Noteholders of any such adjustment in accordance with Condition 14 (Notices) of the Terms and Conditions of the English Law Notes and Condition 13 (Notices) of the Terms and Conditions of the French Law Notes.

(vi) **Consequences of an Additional Disruption Event or an Optional Additional Disruption Event**

If the Calculation Agent determines that an Additional Disruption Event and/or an Optional Additional Disruption Event has occurred, the Issuer may redeem each Note on the date notified by the Issuer to Noteholders in accordance with Condition 14 (Notices) of the Terms and Conditions of the English Law Notes and Condition 13 (Notices) of the Terms and Conditions of the French Law Notes at its fair market value (as determined by the Calculation Agent) as at the date of redemption taking into account the relevant Additional Disruption Event and/or Optional Additional Disruption Event, as the case may be, less the cost to the Issuer of unwinding or amending any related underlying hedging arrangements. Notice of any redemption of the Notes shall be given to Noteholders in accordance with Condition 14 (Notices) of the Terms and Conditions of the English Law Notes and Condition 13 (Notices) of the Terms and Conditions of the French Law Notes.

(vii) **Index Cancellation**

If the Calculation Agent determines that an Index Cancellation has occurred, the Issuer may redeem each Note on the date notified by the Issuer to Noteholders in accordance with Condition 14 (Notices) of the Terms and Conditions of the English Law Notes and Condition 13 (Notices) of the Terms and Conditions of the French Law Notes at its fair market value (as determined by the Calculation Agent) as at the date of redemption taking into account the Index Cancellation, less the cost to the Issuer of unwinding or amending any related underlying hedging arrangements. Notice of any redemption of the Notes pursuant to this Condition 16(c)(vii) shall be given to Noteholders in accordance with Condition 14 (Notices) of the Terms and Conditions of the English Law Notes and Condition 13 (Notices) of the Terms and Conditions of the French Law Notes.

(d) **Definitions**

Additional Disruption Event means each of Change in Law and Hedging Disruption.

Applicable Level means the Relevant Level, subject to the provisions set forth in the definition of Day-of-Month Interpolation hereunder as applicable.

Change in Law means that, on or after the Trade Date (A) due to the adoption of or any change in any applicable law (including, without limitation, any tax law, solvency or capital requirements), rule, regulation or order, any regulatory or tax authority ruling, or any regulation, rule or procedure of any exchange (an **Applicable Regulation**), or (B) due to the promulgation of or any change in the interpretation by any court, tribunal or regulatory authority with competent jurisdiction of any applicable law or regulation (including any action taken by a taxing authority or financial authority), or the combined effect thereof if occurring more than once, the Issuer determines in its sole and absolute discretion that:

- (i) unless Hedging Arrangements are specified as not applicable in the applicable Final Terms, it has or will become illegal or contrary to any Applicable Regulation for it, any of its affiliates or any entities which are relevant to the Hedging Arrangements, to hold, acquire or dispose of any relevant hedge positions in respect of the Notes; or
- (ii) it or any of its Affiliates would incur a materially increased cost (including, without limitation, in respect of any tax, solvency or capital requirements) in performing its obligation under the Notes in issue or in holding, acquiring or disposing of any relevant hedge positions or any requirements in relation to reserves, special deposits, insurance assessments or other requirements of the Notes.

Cut-Off Date means, in respect of an Inflation Determination Date, three Business Days prior to such Inflation Determination Date, unless otherwise stated in the applicable Final Terms.

Day-of-Month Interpolation means, if specified as Applicable in the applicable Final Terms, in respect of a relevant Underlying Set, Index and/or Inflation Determination Date as the case may be, that the Applicable Level shall be determined as follows:

$$\text{Level}_M + [(\text{Level}_{\text{Next}} - \text{Level}_M) \times (d - 1) / N]$$

Where:

Level_M means the Relevant Level for the relevant Reference Month being the relevant Interpolation Primary Reference Month as specified in the applicable Final Terms;

Level_{Next} means the Relevant Level for the Reference Month being the relevant Interpolation Following Reference Month;

d means the number of the day of the calendar month (or if the period for which a Relevant Level is reported is a period other than a calendar month, of such period) of the relevant Inflation Determination Date; and

N means the number of calendar days in the calendar month (or if the period for which a Relevant Level is reported is a period other than a calendar month, of such period) of the relevant Inflation Determination Date.

Delayed Index Level Event means, in respect of any Inflation Determination Date, that the Index Sponsor fails to publish or announce the Relevant Level in respect of any Reference Month which is to be utilised in any calculation or determination to be made by the Issuer or

the Calculation Agent in respect of such Inflation Determination Date, at any time on or prior to the Cut-Off Date.

Fallback Bond means a bond selected by the Calculation Agent and issued by the government of the country to whose level of inflation the Index relates and which pays an interest or redemption amount which is calculated by reference to the Index, with a maturity date which falls on (a) the same day as the Maturity Date, (b) the next longest maturity after the Maturity Date if there is no such bond maturing on the Maturity Date, or (c) the next shortest maturity before the Maturity Date if no bond defined in (a) or (b) is selected by the Calculation Agent. If the Index relates to the level of inflation across the European Monetary Union, the Calculation Agent will select an inflation-linked bond that is a debt obligation of one of the governments (but not any government agency) of France, Italy, Germany or Spain and which pays an interest or redemption amount which is calculated by reference to the level of inflation in the European Monetary Union. In each case, the Calculation Agent will select the Fallback Bond from those inflation-linked bonds issued on or before the Issue Date and, if there is more than one inflation-linked bond maturing on the same date, the Fallback Bond shall be selected by the Calculation Agent from those bonds. If the Fallback Bond redeems the Calculation Agent will select a new Fallback Bond on the same basis, but selected from all eligible bonds in issue at the time the original Fallback Bond redeems (including any bond for which the redeemed bond is exchanged).

Hedging Disruption means that the Issuer and/or any of its Affiliates is unable, after using commercially reasonable efforts, to (a) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) or any futures or options contract(s) it deems necessary to hedge the equity price risk or any other relevant price risk, including but not limited to the currency risk of the Issuer issuing and performing its obligations with respect to the Notes, or (b) freely realise, recover, remit, receive, repatriate or transfer the proceeds of any such transaction(s) or asset(s) or any futures or option contract(s) or any relevant hedge positions relating to the Notes.

Increased Cost of Hedging means that the Issuer and/or any of its respective Affiliates would incur a materially increased (as compared with circumstances existing on the Trade Date) amount of tax, duty, expense or fee (other than brokerage commissions) to (a) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) it deems necessary to hedge the market risk (including, without limitation, equity price risk, foreign exchange risk and interest rate risk) of the Issuer or any third party or affiliate with whom the Issuer enters into a hedging transaction issuing and performing its obligations with respect to the Notes, or (b) realise, recover or remit the proceeds of any such transaction(s) or asset(s), provided that any such materially increased amount that is incurred solely due to the deterioration of the creditworthiness of the Issuer and/or any of its respective Affiliates shall not be deemed an Increased Cost of Hedging.

Index means the index specified in the applicable Final Terms and related expressions shall be construed accordingly.

Index Cancellation means a level for the Index has not been published or announced for two consecutive months and/or the Index Sponsor cancels the Index and/or the Index Sponsor announces that it will no longer continue to publish or announce the Index and no Successor Index exists.

Index Modification means the Index Sponsor announces that it will make (in the opinion of the Calculation Agent) a material change in the formula for or the method of calculating the Index or in any other way materially modifies the Index.

Index Sponsor means the entity that publishes or announces (directly or through an agent) the level of the relevant Index which as of the Issue Date of the Notes is the index sponsor in the applicable Final Terms.

Inflation Determination Date means the date specified as such in the applicable Final Terms. Such date(s) shall, if so specified in the applicable Final Terms and if the relevant date is not a Business Day in relation to the city and currency specified in the applicable Final Terms, be adjusted to either the preceding or the following Business Day, as specified in the applicable Final Terms.

Issuer of Related Bond means the issuer of the Related Bond specified as such in the applicable Final Terms.

Optional Additional Disruption Event means Increased Cost of Hedging, if specified as applicable in the applicable Final Terms.

Rebased Index has the meaning given to it under Condition 16(c)(iv) above.

Reference Month means, in respect of an Inflation Determination Date, the relevant calendar month for which the Relevant Level of the Index was reported, regardless of when this information is published or announced or, if the period for which the Relevant Level is reported is a period other than a month, the Reference Month shall be the period for which the Relevant Level was reported. Where Day-of-Month Interpolation is specified as Applicable in the applicable Final Terms, in respect of a relevant Underlying Set, Index and/or Inflation Determination Date as the case may be, relevant Reference Months are (a) the relevant **Interpolation Primary Reference Month** specified in the applicable Final Terms and (b) the **Interpolation Following Reference Month** being the relevant Reference Month immediately following the Interpolation Primary Reference Month. Where a relevant Underlying Set is defined in the Annex to the Final Terms in relation to the Additional Terms and Conditions of the Notes with Set Type being Inflation Rate or Inflation Rate Spread then, for the purpose of determining the Reference, as defined in 2.1(g) (*Definitions relating to determination of Inflation Rate*) of the Additional Terms and Conditions of the Notes, the relevant Reference Month (or, as relevant where Day-of-Month Interpolation is Applicable, the relevant Interpolation Primary Reference Month) is the relevant number of calendar months, applicable as Valuation Type, prior to the Reference Month specified in the applicable Final Terms in respect of the relevant Inflation Determination Date (and, as relevant where Day-of-Month Interpolation is Applicable, the relevant Interpolation Following Reference Month is the Reference Month immediately following such Interpolation Primary Reference Month).

Related Bond means the bond specified as such in the applicable Final Terms. If the Related Bond specified in the applicable Final Terms is "*Fallback Bond*", then for any Related Bond determination, the Calculation Agent shall use the Fallback Bond. If no bond is specified in the applicable Final Terms as the Related Bond and "Fallback Bond: Not applicable" is specified in the applicable Final Terms there will be no Related Bond. If a bond is selected as the Related Bond in the applicable Final Terms and that bond redeems or matures before the relevant Maturity Date, unless "Fallback Bond: Not applicable" is specified in the applicable Final Terms, the Calculation Agent shall use the Fallback Bond for any Related Bond determination.

Related Bond Redemption Event means, if specified as applicable in the applicable Final Terms, at any time prior to the Maturity Date, (a) the Related Bond is redeemed, repurchased or cancelled, (b) the Related Bond becomes repayable prior to its stated date of maturity for whatever reason, or (c) the issuer of the Related Bond announces that the Related Bond will be redeemed, repurchased or cancelled prior to its stated date of maturity.

Relevant Level means the level of the relevant Index for the relevant Reference Month as published or announced by the Index Sponsor, subject the provisions of Conditions 16(a) (Delay in Publication), 16(b) (Successor Index) and 16(c) (Adjustments) above.

Screen Page/Exchange Code means the screen page / exchange code specified in the applicable Final Terms.

Successor Index has the meaning given to it in under Condition 16(b) (Successor Index) above.

Substitute Inflation Index Level means, in respect of a Delayed Index Level Event, the index level determined by the Issuer in accordance with Condition 16(c) (Adjustments) above.

Trade Date means the date specified as such in the applicable Final Terms.

17. Terms for Rate Linked Notes

These terms apply if and as the applicable Final Terms specify.

(a) *Payments on redemption and/or as interest*

Payments due under a Rate Linked Note shall be determined in accordance with the Underlying(s) and, where applicable, in accordance with the adjustment rules set out in this Condition 17 and specified as applicable in the applicable Final Terms. The Calculation Agent will determine the Underlying, on or as soon as practicable after each Rate Determination Date (in the case of Screen Rate Determination) or ISDA Determination Date (in the case of ISDA Determination), as applicable. The Calculation Agent will notify the Principal Paying Agent of the Underlying as soon as practicable after calculating the same.

For the avoidance of doubt, the minimum Interest Amount under a Rate Linked Note shall be deemed to be zero.

(b) *Underlying Determination*

The value of the Underlying will be determined in the manner specified in the applicable Final Terms.

(A) *ISDA Determination*

Where ISDA Determination is specified in the applicable Final Terms as the manner in which the Underlying is to be determined, the Underlying will be the relevant Underlying ISDA Rate specified in the applicable Final Terms. For the purposes of this sub-paragraph (A), **Underlying ISDA Rate** means a rate equal to the Floating Rate that would be determined by the Calculation Agent under an interest rate swap transaction (a **Swap Transaction**) if the Calculation Agent were acting as Calculation Agent (as defined in the 2021 ISDA Definitions, as defined in, as applicable, Condition 5(k) of the Terms and Conditions of the English Law Notes or Condition 5(k) of the Terms and Conditions of the French Law Notes) (the **ISDA Calculation Agent**) for that Swap Transaction under the terms of an agreement incorporating the 2021 ISDA Definitions and under which:

- (i) the **Floating Rate Option** is as specified in the applicable Final Terms;
- (ii) the **Designated Maturity**, if applicable, is a period specified in the applicable Final Terms;
- (iii) the **Fixing Day** is as specified in the applicable Final Terms or, in the absence thereof, has the meaning given to such term in the 2021 ISDA Definitions;
- (iv) the **Effective Date** is, unless otherwise specified in the applicable Final Terms:
 - (I) in respect of any relevant Interest Basis, the Interest Accrual Period Start Date of the first Formula Applicable Period (as defined in Additional Terms and Conditions of the Notes); or
 - (II) otherwise, the Issue Date;
- (v) unless otherwise specified in the applicable Final Terms, the relevant **Floating Rate Day Count Fraction** has the meaning given to such term in the 2021 ISDA Definitions;

- (vi) the **Reset Date** is, unless otherwise specified in the applicable Final Terms:
- (I) in respect of any Redemption Amount, the relevant Maturity Date (or if earlier, the Scheduled Maturity Date), Optional Redemption Date, Automatic Early Redemption Date or Instalment Date, as applicable;
 - (II) in respect of any Reference Date (as defined in Additional Terms and Conditions of the Notes), such Reference Date;
 - (III) in respect of any Autocall Observation Date, such Autocall Observation Date; or
 - (IV) in respect of any Interest Accrual Period (i) in the case of a Compounded Floating Rate Option, (ii) in the case of a Average Floating Rate Option, (iii) if "Compounding/Averaging" is specified as applicable in the applicable Final Terms or (iv) in the case of a Compounded Index Floating Rate Option, the day immediately preceding the relevant Interest Accrual Period End Date, or in all other cases, the relevant Interest Accrual Period Start Date; and
- (vii) the **Termination Date** is, unless otherwise specified in the applicable Final Terms:
- (I) in respect of any relevant Interest Basis the Interest Accrual Period End Date of the last Formula Applicable Period (as defined in Additional Terms and Conditions of the Notes); or
 - (II) otherwise, the relevant Reset Date,

PROVIDED THAT if the Calculation Agent determines that such Underlying ISDA Rate cannot be determined in accordance with the 2021 ISDA Definitions read with the above provisions but prior to the application of any provisions relating to permanent cessation or an Administrator/Benchmark Event in the 2021 ISDA Definitions (including, for the avoidance of doubt any Discontinued Rates Maturities provisions), then, subject as provided in paragraphs (g) to (i) below and notwithstanding anything to the contrary in the Conditions, the Underlying ISDA Rate shall be such rate as is determined by the Calculation Agent acting in good faith and in a commercially reasonable manner using any available data which may include Relevant Market Data.

For the purposes of this Condition 17, terms used for the purpose of determining the relevant Underlying ISDA Rate under 2021 ISDA Definitions shall have the meanings given to those terms in the 2021 ISDA Definitions (unless expressly stated to the contrary).

References in the 2021 ISDA Definitions to:

- numbers, financial centres, elections or other items to be specified in the relevant Confirmation shall be deemed to be references to the numbers, financial centres, elections or other items specified for such purpose in the applicable Final Terms;
- a "Period End Date" shall be deemed to be references to:

- (I) in respect of any Redemption Amount, the relevant Maturity Date (or if earlier, the Scheduled Maturity Date), Optional Redemption Date, Automatic Early Redemption Date or Instalment Date, as applicable;
 - (II) in respect of any Reference Date (as defined in Additional Terms and Conditions of the Notes), such Reference Date;
 - (III) in respect of any Autocall Observation Date, such Autocall Observation Date; or
 - (IV) as relevant in respect of any Interest Accrual Period, the relevant Interest Accrual Period End Date; and
- a "Payment Date" shall be deemed to be references to:
- (I) in respect of any Redemption Amount, the relevant Maturity Date (or if earlier, the Scheduled Maturity Date), Optional Redemption Date, Automatic Early Redemption Date or Instalment Date, as applicable;
 - (II) in respect of any Reference Date (as defined in Additional Terms and Conditions of the Notes), the relevant date for payment in respect of which the relevant Underlying ISDA Rate is used for the determination of the relevant payment amount (such as, but not limited to, an Interest Amount on the relevant Interest Payment Date, the Final Redemption Amount on the Maturity Date, an Optional Redemption Amount on a relevant Optional Redemption Date, an Automatic Early Redemption Amount on a relevant Automatic Early Redemption Date or an Instalment Payable Amount on a relevant Instalment Date);
 - (III) in respect of any Autocall Observation Date, the relevant Automatic Early Redemption Date; or
 - (IV) in respect of any Interest Accrual Period, the relevant Interest Payment Date.

Notwithstanding anything to the contrary in the 2021 ISDA Definitions:

- (b) whenever the Calculation Agent is required to act, make a determination or to exercise judgment in any way as ISDA Calculation Agent under the 2021 ISDA Definitions, it will do so in good faith and in a commercially reasonable manner and any provision relating to the determination standard of the ISDA Calculation Agent in the 2021 ISDA Definitions shall be disregarded. In addition, all calculations and determinations made in respect of the Notes by the Calculation Agent under the Conditions shall (save in the case of manifest error) be final, conclusive and binding on the Issuer and the Noteholders;
- (c) any requirement under the 2021 ISDA Definitions for the ISDA Calculation Agent: (i) to give notice of a determination made by it to any other party will be deemed to be a requirement for the Calculation Agent to provide an equivalent notice to the Issuer; and (ii) to consult with the other party or the parties will be deemed to be a requirement for the Calculation Agent to consult with the Issuer. Any such notice or consultation may be given or carried out

orally or in writing (including by electronic mail or communications). In addition the right of any party under the 2021 ISDA Definitions to require the ISDA Calculation Agent to take any action or fulfil any responsibility will be deemed to be solely the right of the Issuer to require this of the Calculation Agent in its discretion and no Noteholderholder will have any right to require the Issuer to do this or to direct the Calculation Agent in this regard;

- (d) where the 2021 ISDA Definitions require agreement between the parties to the relevant transaction, the parties will be deemed to have been unable to reach agreement and the fallback applicable in such circumstances will be deemed to apply;
- (e) in the event that the Calculation Agent determines that any Fixing Day or other day on or by which an ISDA Rate is to be determined under the 2021 ISDA Definitions is less than two Business Days prior to the relevant date scheduled for payment (the **Rate Cut-Off Date**), the Calculation Agent may determine that such Fixing Day or other day be deemed to be the Rate Cut-Off Date and the 2021 ISDA Definitions shall be construed accordingly;
- (f) in the event that the Correction Time Period applicable to an Underlying ISDA Rate ends later than two Business Days prior to the relevant date for payment, any corrections published after the second Business Day prior to the relevant date for payment shall be disregarded for the purposes of determining the relevant Underlying ISDA Rate;
- (g) where the 2021 ISDA Definitions state that the determination of the Floating Rate Option will be pursuant to any requirement for the Calculation Agent to request quotes from Reference Banks or Major Banks pursuant to the 2021 ISDA Definitions, such requirement to make requests for quotations for rates from, and the provision of quotations for rates by, the requisite number of such Reference Banks or Major Banks may be satisfied by reference to and using quotations or tradable market prices which are made available by such Reference Banks or Major Banks via electronic data providers or electronic trading platforms;
- (h) on the occurrence of a Permanent Cessation Trigger in respect of a Floating Rate Option, a Benchmark Trigger Event (as defined in, as applicable, Condition 5(k) of the Terms and Conditions of the English Law Notes or Condition 5(k) of the Terms and Conditions of the French Law Notes) shall be deemed to have occurred and the provisions of this Condition 17 shall apply in place of the Permanent Cessation Fallback provisions under the 2021 ISDA Definitions;
- (i) where Administrator/Benchmark Event is specified in the Floating Rate Matrix as applicable in respect of the relevant Floating Rate Option, on the occurrence of an Administrator/Benchmark Event under the 2021 ISDA Definitions, a Benchmark Trigger Event (as defined in, as applicable, Condition 5(k) of the Terms and Conditions of the English Law Notes or Condition 5(k) of the Terms and Conditions of the French Law Notes) shall be deemed to have occurred and the provisions of this Condition 17 shall apply in place of the provisions relating to such Administrator/Benchmark Event and

the Administrator/Benchmark Event Fallback in each case under the 2021 ISDA Definitions;

- (j) where an Underlying ISDA Rate would otherwise be determined by reference to Linear Interpolation pursuant to the Discontinued Rates Maturities provisions, a Benchmark Trigger Event (as defined in, as applicable, Condition 5(k) of the Terms and Conditions of the English Law Notes or Condition 5(k) of the Terms and Conditions of the French Law Notes) shall be deemed to have occurred thereon and the provisions of this Condition 17 shall apply in place of such Discontinued Rates Maturities provisions;
- (k) if any adjustment, fallback, modification, correction or replacement of a relevant rate, or adjustment or modification to a relevant date, applies pursuant to the 2021 ISDA Definitions or the Swap Transaction then, in relation thereto, the Calculation Agent may but shall not be required to (i) if it would not otherwise apply (as applicable) in relation to the determination of the Underlying ISDA Rate in accordance with the above provisions or in relation to any equivalent date under the Notes, take into account any such any adjustment, fallback, modification, correction or replacement (including by reference to the hedging arrangements for the relevant Notes) in determining of the relevant Underlying ISDA Rate and (ii) make any related or consequential changes to the Conditions not otherwise provided for in this Condition (including without limitation any technical, administrative or operational changes, changes to the definition of Interest Period, timing and frequency of determining rates and making payments of interest, maturity and changes to the definition of Designated Maturity (where applicable)) that the Calculation Agent determines to be appropriate in a manner substantially consistent with market practice (or, if the Calculation Agent decides that adoption of any portion of such market practice is not administratively feasible or if the Calculation Agent determines that no appropriate market practice exists, in such other manner as the Calculation Agent determines is reasonably necessary); and
- (l) Section 2.3.6 (*Consequences of an Unscheduled Holiday*) of the 2021 ISDA Definitions shall not apply to an ISDA Rate.
- (x) **Linear Interpolation**

The provisions relating to "Linear Interpolation" set out in the 2021 ISDA Definitions shall apply to an Underlying ISDA Rate where "2021 Definitions Linear Interpolation" is specified as applicable in the applicable Final Terms. If such provisions apply, the provisions of Condition 5(m) (Linear Interpolation) of the Terms and Conditions of the English Law Notes or Condition 5(m) of the Terms and Conditions of the French Law Notes, as applicable, shall not apply to the relevant Underlying ISDA Rate.
- (y) **Business Day Convention**

If "No Adjustment" is specified in the applicable Final Terms in respect of a date, then if that date falls on a day that is not a Business Day, no adjustment will be made to that date.

(B) *Screen Rate Determination*

Where Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Underlying is to be determined, the Underlying shall be determined by the Calculation Agent at or about the Relevant Time on the Rate Determination Date in accordance with the following (subject to the occurrence of a Benchmark Trigger Event in which case the following provisions shall not apply):

- (i) if the Primary Source is a Page, subject as provided below, the Underlying shall be:
 - (I) the Relevant Rate (where such Relevant Rate on such Page is a composite quotation or is customarily supplied by one entity); or
 - (II) the arithmetic mean of the Relevant Rates of the persons whose Relevant Rates appear on that Page, in each case appearing on such Page at the Relevant Time on the Rate Determination Date;
- (ii) if the Page specified in the applicable Final Terms as a Primary Source permanently ceases to quote the Relevant Rate (s) but such quotation(s) is/are available from another page, section or other part of such information service selected by the Calculation Agent (the **Replacement Page**), the Replacement Page shall be substituted as the Primary Source for the Underlying and if no Replacement Page exists but such quotation(s) is/are available from a page, section or other part of a different information service selected by the Calculation Agent and approved by the Issuer and the relevant Dealer(s) (the **Secondary Replacement Page**), the Secondary Replacement Page shall be substituted as the Primary Source for the Underlying;
- (iii) if the Primary Source is Reference Banks or if sub-paragraph (i)(I) applies and no Relevant Rate appears on the Page at the Relevant Time on the Rate Determination Date or if sub-paragraph (i)(II) above applies and fewer than two Relevant Rates appear on the Page at the Relevant Time on the Rate Determination Date, subject as provided below, the Underlying shall be the arithmetic mean of the Relevant Rates which each of the Reference Banks is quoting to leading banks in the Relevant Financial Centre at the Relevant Time on the Rate Determination Date, as determined by the Calculation Agent;
- (iv) if sub-paragraph (iii) above applies and the Calculation Agent determines that fewer than two Reference Banks are so quoting Relevant Rates then, subject as provided below, the Underlying shall be the arithmetic mean of the rates per annum (expressed as a percentage) that the Calculation Agent determines to be the rates (being the nearest equivalent to the Reference Rate) in respect of a Representative Amount of the Specified Currency that at least two out of five leading banks selected by the Calculation Agent in the principal financial centre of the country of the Specified Currency or, if the Specified Currency is Euro, the Eurozone, (the **Principal Financial Centre**) are quoting at or about the Relevant Time on the date on which such banks would customarily quote such rates for a period commencing on the Effective Date for a period equivalent to the Specified Duration (x) to leading banks carrying on business in Europe, or (if the Calculation Agent determines that fewer than two of such banks are so quoting to leading banks in Europe) (y) to leading banks carrying

on business in the Principal Financial Centre; except that, if fewer than two of such banks are so quoting to leading banks in the Principal Financial Centre, the Underlying shall (unless otherwise specified) be the Underlying determined on the previous Rate Determination Date.

Rate Determination Date means the date specified as such in the applicable Final Terms.

(C) *FBF Determination*

Where FBF Determination is specified in the applicable Final Terms as the manner in which the Underlying is to be determined, the Underlying shall be determined by the Calculation Agent as a rate equal to the relevant FBF Rate plus or minus (as indicated in the applicable Final Terms) the Margin (if any). For the purposes of this sub-paragraph (C), **FBF Rate** means a rate equal to the Floating Rate that would be determined by the Calculation Agent under a Swap Transaction under the terms of an agreement incorporating the FBF Definitions (as defined below) and under which:

- (i) the Floating Rate is as specified in the applicable Final Terms; and
- (ii) the relevant Floating Rate Determination Date (*Date de Détermination du Taux Variable*) is as specified in the applicable Final Terms.

For the purposes of this sub-paragraph (C), **Floating Rate** (*Taux Variable*), **Calculation Agent** (*Agent de Calcul*), **Floating Rate Determination Date** (*Date de Détermination du Taux Variable*) and **Transaction** (*Transaction*) have the meanings given to those terms in the FBF Definitions, provided that **Euribor** means the rate calculated for deposits in euro which appears on Reuters Page EURIBOR01, as more fully described hereon.

(c) *Automatic Early Redemption*

(A) *Definitions*

Autocall Barrier means the level of the Autocall Underlying in respect of the relevant Autocall Observation Date specified as such in the applicable Final Terms, subject to the Underlying determination procedures set forth in Condition 17(b) above and specified in the applicable Final Terms.

Autocall Observation Date means the date(s) specified as such in the applicable Final Terms.

Autocall Underlying means the Underlying specified as such in the applicable Final Terms.

Automatic Early Redemption Amount means (a) an amount in the Specified Currency specified in the applicable Final Terms, or (b) if such amount is not specified, the product of (i) the Calculation Amount and (ii) the relevant Automatic Early Redemption Rate relating to that Automatic Early Redemption Date.

Automatic Early Redemption Date means each date specified as such in the applicable Final Terms, subject in each case to adjustment in accordance with the applicable Business Day Convention specified in the applicable Final Terms.

Automatic Early Redemption Event means that the Autocall Underlying is, as specified in the applicable Final Terms, (i) Greater than the Autocall Barrier, (ii)

Greater than or equal to the Autocall Barrier, (iii) Less than the Autocall Barrier, and/or (iv) Less than or equal to the Autocall Barrier.

Automatic Early Redemption Rate means, in respect of any Automatic Early Redemption Date, the rate specified as such in the applicable Final Terms.

(B) *Consequences of the occurrence of an Automatic Early Redemption Event*

If **Automatic Early Redemption Event** is specified as applicable in the applicable Final Terms, unless previously redeemed or purchased and cancelled, if in respect of any Autocall Observation Date the Automatic Early Redemption Event occurs, then the Notes will be automatically redeemed in whole, but not in part, on the Automatic Early Redemption Date immediately following such Autocall Observation Date and the Redemption Amount payable by the Issuer on such date upon such automatic early redemption of each Note shall be an amount equal to the relevant Automatic Early Redemption Amount.

(d) **Definitions**

Adjustment Spread means, in respect of the Notes, the adjustment, if any, which the Calculation Agent determines is required in order to reduce or eliminate, to the extent reasonably practicable, any transfer of economic value from the relevant Issuer to the Noteholders, or vice versa, as a result of the replacement made pursuant to Condition 17(f). Any such adjustment may take account of, without limitation, any anticipated transfer of economic value as a result of any difference in the term structure or tenor of the Alternative Post-nominated Index, Interpolated Benchmark Rate or Calculation Agent Nominated Replacement Index, as applicable, by comparison to the Relevant Rate Benchmark. Subject to Condition 17(f)(D), the Adjustment Spread may be positive, negative or zero or determined pursuant to a formula or methodology.

Alternative Post-nominated Index means, in respect of a Relevant Rate Benchmark, any index, benchmark or other price source which is formally designated, nominated or recommended by:

- (i) any Relevant Nominating Body; or
- (ii) the administrator or sponsor of the Relevant Rate Benchmark, provided that the market or economic reality that such index, benchmark or other price source measures is substantially the same as that measured by the Relevant Rate Benchmark,

in each case, to replace the Relevant Rate Benchmark. If a replacement is designated or nominated under both sub-paragraphs (a) and (b) above, then the replacement under sub-paragraph (a) shall be the **Alternative Post-nominated Index**.

Calculation Agent Nominated Replacement Index means, in respect of a Relevant Rate Benchmark, the index, benchmark, other price source, rate or fallback (which may include, without limitation, the arithmetic mean of quotations provided by reference banks selected by the Calculation Agent or a rate calculated by the Calculation Agent in accordance with a methodology determined by the Calculation Agent) that the Calculation Agent determines to be a commercially reasonable alternative for the Relevant Rate Benchmark.

Corresponding Tenor with respect to an Interpolated Benchmark Rate means a tenor (including overnight) having approximately the same length (disregarding business day adjustment) as the applicable tenor for the then-current Relevant Rate Benchmark.

Interpolated Benchmark Rate with respect to the Relevant Rate Benchmark means the rate determined for the Corresponding Tenor by interpolating on a linear basis between: (1) the Relevant Rate Benchmark for the longest period for which the Relevant Rate Benchmark is available that is shorter than the Corresponding Tenor and (2) the Relevant Rate Benchmark for the shortest period for which the Relevant Rate Benchmark is available that is longer than the Corresponding Tenor.

Relevant Nominating Body means, in respect of a Relevant Rate Benchmark:

- (i) the central bank for the currency in which the Relevant Rate Benchmark is denominated or any central bank or other supervisor which is responsible for supervising either the Relevant Rate Benchmark or the administrator of the Relevant Rate Benchmark; or
- (ii) any working group or committee officially endorsed or convened by (i) the central bank for the currency in which the Relevant Rate Benchmark is denominated, (ii) any central bank or other supervisor which is responsible for supervising either the Relevant Rate Benchmark or the administrator of the Relevant Rate Benchmark, (iii) a group of those central banks or other supervisors or (iv) the Financial Stability Board or any part thereof.

Relevant Rate Benchmark means, in respect of the Notes:

- (i) the Floating Rate Option including, where appropriate and without limitation, any related component or underlying rate (including, for the purposes of the 2021 ISDA Definitions any Underlying Benchmark, as defined therein), tenor or index rate;
- (ii) the Floating Rate in case of FBF Determination (or, if applicable, the index, Benchmark or other price source that is referred to in the Floating Rate);
- (iii) the relevant Page (or, if applicable, the index, Benchmark or other price source that is referred to in the relevant Page);
- (iv) any other index, benchmark or price source specified as a "Relevant Rate Benchmark" in the applicable Final Terms.

To the extent that (i) the Alternative Post-nominated Index, (ii) the Interpolated Benchmark Rate or (iii) the Calculation Agent Nominated Replacement Index, applies pursuant to Condition 17(f) below as applicable, it shall be a Relevant Rate Benchmark from the day on which it first applies.

Underlying means an applicable interest rate forming a component part of the applicable Underlying Set (as defined in Condition 2.1 of the Additional Terms and Conditions (Calculation Formulae applicable to Rate Linked Notes)) or such other Underlying(s) as determined in accordance with the provisions of the applicable Final Terms.

(e) ***Additional Adjustment Events applicable to all Rate Linked Notes***

If the Calculation Agent determines that an Additional Adjustment Event has occurred, the Issuer may redeem the Notes upon prior notification to the Noteholders in accordance with Condition 14 (Notices) of the Terms and Conditions of the English Law Notes and Condition 13 (Notices) of the Terms and Conditions of the French Law Notes, at an amount determined to be the fair market value of the Notes based on the market conditions prevailing at the date of determination taking into account the Additional Adjustment Event, minus the reasonable costs to the Issuer and/or its affiliates or other entities affected by the Hedging Agreements of

unwinding underlying Hedging Positions, all as determined by the Calculation Agent in its discretion. Noteholders shall be notified of each such payment in accordance with Condition 14 (Notices) of the Terms and Conditions of the English Law Notes and Condition 13 (Notices) of the Terms and Conditions of the French Law Notes.

If Essential Trigger is specified as applicable in the applicable Final Terms and the Notes are governed by English Law and subject to any Redemption at the Option of the Issuer or any Redemption at the Option of the Noteholders and any Redemption upon the occurrence of an Event of Default or for taxation reasons (as specified in Condition 6(b)), the provisions of Condition 6(n) (Early Redemption where Essential Trigger is specified as applicable in the Final Terms) of the Terms and Conditions of the English Law Notes must be satisfied in order for the Issuer or the Calculation Agent to be able to terminate its obligations in relation to the Notes pursuant to this Condition 17 and Condition 6(n) (Early Redemption where Essential Trigger is specified as applicable in the Final Terms) of the Terms and Conditions of the English Law Notes applies to the determination of the amount to be paid to the Noteholders on the Early Redemption Date. If Essential Trigger is specified as applicable in the applicable Final Terms and the Notes are governed by French Law, (i) the provisions of Condition 15 in relation to Essential Trigger and Discretion must also be satisfied in order for the Issuer or the Calculation Agent to be able to elect to adjust any provisions in relation to the Notes pursuant to this Condition 17 and (ii) the provisions of Condition 6(l) (Early Redemption where Essential Trigger is specified as applicable in the Final Terms) of the Terms and Conditions of the French Law Notes must be satisfied in order for the Issuer to be able to terminate its obligations in relation to the Notes pursuant to this Condition 17 and (Early Redemption where Essential Trigger is specified as applicable in the Final Terms)) of the Terms and Conditions of the French Law Notes applies to the determination of the Monetisation Amount or the amount to be paid to the Noteholders on the Early Redemption Date, as applicable.

Additional Adjustment Event means any of a Change in Law, Hedging Disruption or Increased Cost of Hedging.

Change in Law means, where specified as applicable in the applicable Final Terms, the determination by the Issuer that, on the Trade Date or after that date (A) on account of the adoption of or any change to any applicable law or regulation (including but not limited to any tax law or any solvency or capital requirement), rule, regulation or order, any regulatory or tax authority ruling, or any regulation, rule or procedure of any exchange (an **Applicable Regulation**), or (B) on account of the promulgation or reversal of the interpretation made thereof by any court, tribunal or regulatory authority with jurisdiction, of any law or regulation (including any measure taken by a tax or financial authority):

- (i) it is unable to fulfil its obligations under the Notes or, unless Hedging Arrangements are specified as not applicable in the applicable Final Terms, that it is illegal or contrary to the Applicable Regulation for it or any of its affiliates or other entities affected by the Hedging Agreements to hold, acquire or dispose of Hedging Positions in relation to such Notes; or
- (ii) there is a significant increase in the costs to it and/or to its affiliates (including, but without limitation to, increases related to any taxation law or any solvency or capital requirement) of holding, acquiring or disposing of Hedging Positions or any requirements in relation to reserves, special deposits, insurance assessments or other requirements in relation to such Notes.

Hedging Disruption means, where specified as applicable in the applicable Final Terms, the Issuer and/or any one of its affiliates or all entities concerned by the Hedging Agreements, is/are unable, despite commercially reasonable efforts, (A) to acquire, establish, re-establish, replace, maintain, unwind or dispose of any transaction(s), any asset(s) or any contract(s) that they may deem necessary in order to cover the risk arising from that entity concluding and satisfying its obligations by virtue of the Notes, or (B) to realise, recover or pay the income from such transaction(s) or contract(s) relative to the Notes.

Increased Cost of Hedging means, where specified as applicable in the applicable Final Terms, the Issuer and/or any one of its affiliates or other entities concerned by the Hedging Agreements, incur(s) an amount of duties, taxes, costs or commissions (other than brokerage commissions) which is substantially increased (compared to the circumstances existing on the Trade Date) in order (A) to acquire, establish, re-establish, replace, maintain, unwind or transfer any transaction(s) or any asset(s) which they may deem necessary to hedge the risk (in particular but not limited to exchange and interest rate risks) of the Issuer or any third party or affiliate with whom the Issuer enters into a hedging transaction on account of the conclusion and satisfaction of its obligations by virtue of the Notes, or (B) to realise, recover or pay the income from such transaction or transactions or from such asset or assets, provided that any substantially increased amount incurred exclusively on account of deterioration of the solvency of the Issuer and/or of any of its affiliates or of other entities concerned by the Hedging Agreements shall not be deemed to constitute an Increased Cost of Hedging.

For the purposes of this section:

Hedging Agreements means all hedge agreements concluded by the Issuer and/or any of its respective affiliates or other entities concerned by the Hedging Agreements concluded at any time in order to hedge the Notes, including, but not restricted to, the purchase and/or sale of all transferable securities, all options or all futures contracts on these transferable securities, all certificates of deposit in respect of these transferable securities, and all corresponding transactions on currencies.

Hedging Positions means any purchase, sale, conclusion or continuation of one or more (i) positions or contracts on transferable securities, options, futures contracts, derivatives or currencies, (ii) securities lending operations, or (iii) other instruments or agreements (whatever their description) realised in order to cover the risk related to the conclusion and satisfaction of the Issuer's obligations by virtue of the Notes, individually or on the basis of a portfolio.

(f) ***Benchmark Trigger Event***

(A) If a Benchmark Trigger Event occurs, in respect of a Relevant Rate Benchmark, the Calculation Agent shall elect to take one of the actions described in sub-paragraphs (i),(ii) and (iii) below, or to the extent that the Calculation Agent does not consider it commercially reasonable or possible to apply any one of those options or any of the outcomes produced by applying any of those options, the Calculation Agent may elect to apply the option in sub-paragraph (iv) below, in each case with the applied option taking effect from (and including) the Business Day immediately following the date of the relevant election as determined by the Calculation Agent (the **Cut-Off Date**):

(i) If there is an Alternative Post-nominated Index and the Calculation Agent elects to apply this option, (A) the Relevant Rate Benchmark will be replaced with the Alternative Post-nominated Index, (B) the Calculation Agent shall apply the Adjustment Spread to the Alternative Post-nominated Index and (C) the Calculation Agent may, after taking into account any Adjustment Spread,

make such other adjustments to any of the Conditions as are necessary to account for the effect on the Notes of referencing the Alternative Post-nominated Index.

Notwithstanding the above, if, in respect of a Relevant Rate Benchmark, more than one Relevant Nominating Body formally designates, nominates or recommends (I) an Alternative Post-nominated Index or (II) in respect of the same Alternative Post-nominated Index, a spread or methodology for calculating a spread in relation to the replacement of the Relevant Rate Benchmark with that Alternative Post-nominated Index, in each case by close of business on the Cut-off Date, and those designations, nominations or recommendations are not the same, then the Calculation Agent cannot elect to apply the option described in this Condition 17(f)(A)(i).

- (ii) If there is a Calculation Agent Nominated Replacement Index and the Calculation Agent elects to apply this option, (A) the Relevant Rate Benchmark will be replaced with the Calculation Agent Nominated Replacement Index, (B) the Calculation Agent shall apply the Adjustment Spread to the Calculation Agent Nominated Replacement Index and (C) the Calculation Agent may, after taking into account any Adjustment Spread, make such other adjustments to any of the Conditions as are necessary to account for the effect on the Notes of referencing the Calculation Agent Nominated Replacement Index.
 - (iii) in the case of where ISDA Determination is specified in the applicable Final Terms as the manner in which the Interest Rate is to be determined, where applicable and the Calculation Agent elects to apply this option, (A) the Relevant Rate Benchmark will be replaced with the Interpolated Benchmark Rate, (B) the Calculation Agent shall apply the Adjustment Spread to the Interpolated Benchmark Rate and (C) the Calculation Agent may, after taking into account any Adjustment Spread, make such other adjustments to any of the Conditions as are necessary to account for the effect on the Notes of referencing the Interpolated Benchmark Rate.
 - (iv) If the Calculation Agent elects to apply this option, upon giving notice to the Noteholders in accordance with General Condition 14 (Notices) of the English Law Terms and Conditions or Condition 13 (Notices) of the French Law Terms and Conditions (as applicable), the Issuer shall redeem all but not some only of the Notes, each Note being redeemed by payment of an amount equal to the Early Redemption Amount.
- (B) If, following a Benchmark Trigger Event, the Relevant Rate Benchmark is required for any determination in respect of the Notes and, at that time, the Calculation Agent has not elected to take one of the actions in Condition 17(f)(A), then, for the purposes of that determination:
- (1) other than where ISDA Determination is specified in the applicable Final Terms as the manner in which the Interest Rate is to be determined:
 - (A) If:
 - (I) in relation to an Index Cessation Event, the Relevant Rate Benchmark is still available; or

- (II) in relation to an Administrator/Benchmark Event, the Administrator/ Benchmark Event Date has not yet occurred,

the level of the Relevant Rate Benchmark shall be determined pursuant to the terms that would apply to the determination of the Relevant Rate Benchmark as if no Benchmark Trigger Event had occurred,

- (B) if (A) the Relevant Rate Benchmark is no longer available or (B) the Administrator/Benchmark Event Date has occurred, the level of the Relevant Rate Benchmark shall be determined pursuant to the fallback(s), if any, provided in the Conditions of the Notes to determine a level for the Relevant Rate Benchmark in circumstances in which the Relevant Rate Benchmark is not available and no Benchmark Trigger Event has occurred; or
- (C) if a level for the Relevant Rate Benchmark cannot be determined under sub-paragraph (A) or (B) above, as applicable, the level of the Relevant Rate Benchmark shall be determined by reference to the rate published in respect of the Relevant Rate Benchmark at the time at which the Relevant Rate Benchmark is ordinarily determined on (A) the day on which the Relevant Rate Benchmark ceased to be available or (B) the Administrator/Benchmark Event Date, as applicable, or, if no rate is published at that time or that rate cannot be used in accordance with applicable laws or regulations, the level of the Relevant Rate Benchmark shall be determined by reference to the rate published at that time on the last day on which the rate was published or can be used in accordance with applicable laws or regulations, as applicable.

- (2) where ISDA Determination is specified in the applicable Final Terms as the manner in which the Interest Rate is to be determined:

- (A) if the Relevant Rate Benchmark is still available, and it is still permitted under applicable law or regulation for the Notes to reference the Relevant Rate Benchmark and for the Issuer, the Guarantor and/or the Calculation Agent to use the Relevant Rate Benchmark to perform its or their respective obligations under the Notes, the level of the Relevant Rate Benchmark shall be determined pursuant to the terms that would apply to the determination of the Relevant Rate Benchmark as if no Benchmark Trigger Event had occurred and for the avoidance of doubt, for the purposes of the 2021 ISDA Definitions, on the basis that no permanent cessation event or Administrator/Benchmark Event (as defined therein) had occurred thereunder;
- (B) if the Relevant Rate Benchmark is no longer available or it is no longer permitted under applicable law or regulation applicable to the Issuer, the Guarantor and/or to the Calculation Agent for the Notes to reference the Relevant Rate Benchmark or for any such entity to use the Relevant Rate Benchmark to perform its or their respective

obligations under the Notes, the level of the Relevant Rate Benchmark shall be determined by the Calculation Agent in its sole and absolute discretion (notwithstanding anything to the contrary in the Conditions), after consulting any source it deems to be reasonable, as (a) a substitute or successor rate that it has determined is the industry-accepted (in the derivatives market) substitute or successor rate for the relevant Relevant Rate Benchmark (including any temporary substitute or successor rate) or the rate published at the relevant time on the last day on which the Relevant Rate Benchmark was published or was permitted to be used in accordance with applicable law or regulation (the **Last Permitted Rate**) or (b) if it determines there is no such industry-accepted (in the derivatives market) substitute or successor rate or the use of the Last Permitted Rate would not produce a commercially reasonable result, a substitute or successor rate that it determines is a commercially reasonable alternative to the Relevant Rate Benchmark, taking into account prevailing industry standards in any related market (including, without limitation, the derivatives market). If such Relevant Rate Benchmark is determined as any such substituted or successor rate, the Calculation Agent may determine such other amendments to the Notes which it considers are necessary and/or appropriate in order to reflect the replacement of the Relevant Rate Benchmark with such substituted or successor rate.

- (C) If, in respect of a Relevant Rate Benchmark, (i) an event or circumstance which would otherwise constitute or give rise to an Administrator/Benchmark Event also constitutes an Index Cessation Event or (ii) an Index Cessation Event and an Administrator/Benchmark Event would otherwise be continuing at the same time, such circumstance will, in either case, constitute an Index Cessation Event and will not constitute or give rise to an Administrator/Benchmark Event, provided that, if the date that would otherwise have been the Administrator/Benchmark Event Date would have occurred before the Relevant Rate Benchmark is no longer available, Condition 17(f)(A) shall apply as if an Administrator/Benchmark Event had occurred.
- (D) For the purposes of Condition 17(f)(A), the Adjustment Spread shall be determined by the Calculation Agent, provided that, in relation to an Alternative Post-nominated Index, if a spread or methodology for calculating a spread has been formally designated, nominated or recommended by any Relevant Nominating Body in relation to the replacement of the Relevant Rate Benchmark with the Alternative Post-nominated Index, then that spread shall apply or that methodology shall be used to determine the Adjustment Spread, as applicable.
- (E) If, in respect of the Notes, where ISDA Determination is specified in the applicable Final Terms as the manner in which the Interest Rate is to be determined, the methodology or formula in the definition in the 2021 ISDA Definitions, for the Relevant Rate Benchmark, or other means of calculating the Relevant Rate Benchmark, is changed, the Noteholders acknowledge that, unless specified or agreed, references to that Relevant Rate Benchmark shall be to the Relevant Rate Benchmark as changed.

- (F) Whenever the Calculation Agent is required to act, make a determination or to exercise judgement in any way under this Condition, it will do so in good faith and in a commercially reasonable manner.
- (G) If, in respect of the Notes:
- (i) it is or would be unlawful at any time under any applicable law or regulation to determine the Relevant Rate Benchmark in accordance with any applicable fallback (or it would be unlawful were a determination to be made at such time);
 - (ii) it would contravene any applicable licensing requirements to determine the Relevant Rate Benchmark in accordance with any applicable fallback (or it would contravene those licensing requirements were a determination to be made at such time); or
 - (iii) the Calculation Agent determines that the Adjustment Spread is or would be a benchmark, index or other price source whose production, publication, methodology or governance would subject the Calculation Agent or the relevant Issuer to material additional regulatory obligations,
- then the Relevant Rate Benchmark shall be determined in accordance with the next applicable fallback (applied in accordance with its terms) provided that, in respect of sub-paragraph (i) and (ii) above, the next applicable fallback shall be the first applicable fallback that complies with the applicable law, regulation or licensing requirements.
- (H) The relevant Issuer shall give notice to the Noteholders in accordance with 14 (Notices) of the Terms and Conditions of the English Law Notes and Condition 13 (Notices) of the French Law Terms and Conditions of the action(s) that the Calculation Agent has elected to take (together with the details on the replacement Relevant Rate Benchmark if any) as a result of the occurrence of any Benchmark Trigger Event in accordance with this Condition.
- (I) In the case of where ISDA Determination is specified in the applicable Final Terms as the manner in which the Interest Rate is to be determined, notwithstanding anything to the contrary in this Condition 17(f), the Calculation Agent shall, in its sole and absolute discretion, determine the effective date of any applied option, actions and/or elections taken or made, and/or any adjustments made pursuant to this Condition 17(f) and any cut-off date for the election of any of the options under this Condition 17(f).

18. Terms for Hybrid Structured Notes

These terms apply if and as the applicable Final Terms specify.

(a) ***Hybrid Basket Structured Notes***

The applicable Final Terms shall specify the combination of Underlyings comprised in the Hybrid Basket. In relation to each Underlying the relevant adjustment provisions shall apply to each such Underlying as indicated in the applicable Final Terms. The calculation formula(e) applicable to the relevant Underlying(s) will be indicated in the applicable Final Terms and will be taken from those set out in the Additional Terms and Conditions of the Notes.

(b) ***Hybrid Non-Basket Structured Notes***

The applicable Final Terms shall specify each of the Underlyings to whose performance each payment obligation of the Hybrid Non-Basket Structured Notes is linked. In relation to each Underlying the relevant adjustment provisions shall apply to each such Underlying as indicated in the applicable Final Terms.

The Interest Amount and/or the Redemption Amount will be determined, as the case may be, in accordance with (a) the Terms and Conditions of Structured Notes applicable to the relevant Underlyings constituting the Hybrid Structured Notes and/or (b) the calculation formula(e) applicable to the relevant Underlying(s). Such calculation formula(e) will be indicated in the applicable Final Terms and will be taken from those set out in the Additional Terms and Conditions of the Notes. Thus, depending on the number of different Underlyings, different Terms and Conditions of Structured Notes and/or calculation formulae can apply to (a) the calculation of the Interest Amount and (b) the calculation of the Redemption Amount.

19. Terms for Preference Share Linked Notes

These terms apply if and as the applicable Final Terms specify.

(a) ***Early Redemption as a result of a Preference Share Early Termination Event***

(A) *Definitions*

Early Redemption Amount means, in respect of a Preference Share Linked Note, an amount in the Specified Currency calculated by the Calculation Agent on the same basis as the Final Redemption Amount except that the definition of Preference Share Final shall be the Preference Share Value on the Early Redemption Valuation Date.

Early Redemption Notice means a notice from the Preference Share Issuer or the Preference Share Determination Agent that the Preference Shares are to be redeemed early.

Early Redemption Valuation Date means the date on which the Preference Share Linked Notes are scheduled to be redeemed (or such earlier date only to the extent necessary to allow the calculation of the Preference Share Value prior to the redemption of the Preference Share Linked Notes).

Preference Shares means, in respect of any Preference Share Linked Notes, the preference shares relating to such Preference Share Linked Notes issued by the Preference Share Issuer and specified in the applicable Final Terms.

Preference Share Early Redemption Event means the event that occurs if the Issuer has received an Early Redemption Notice.

Preference Share Issuer means Cannon Bridge Capital Ltd.

Preference Share Value means, in respect of any day, the fair market value of a Preference Share at the Valuation Time on such day as determined by the Calculation Agent using its internal models and methodologies and taking into account such factor(s) as the Calculation Agent determines appropriate, including, but not limited to:

- (1) the time remaining to maturity of the Preference Share;
- (2) if the Preference Share is linked to one or more underlying assets, the value, expected future performance and/or volatility of such underlying asset(s); and
- (3) any other information which the Calculation Agent determines relevant, including any Unwind Costs.

Following such determination, the Preference Share Value is scheduled to be published by the Issuer or the Calculation Agent on each Business Day on the Bloomberg service as specified in the applicable Final Terms or at such other interval and on such other widely available Information Source as is specified in the applicable Final Terms or, in each case, such widely available replacement price source as is specified by notice to the holders of the Preference Share Linked Notes in accordance with Condition 14 (Notices) of the Terms and Conditions of the English Law Notes and Condition 13 (Notices) of the Terms and Conditions of the French Law Notes.

Valuation Time means the time specified in the applicable Final Terms or if not so specified in the applicable Final Terms, 5.00 pm (Paris time).

(B) *Provisions*

Upon the occurrence of a Preference Share Early Redemption Event, the Issuer or the Calculation Agent will give notice to the holders of the Preference Share Linked Notes in accordance with Condition 14 (Notices) of the Terms and Conditions of the English Law Notes and Condition 13 (Notices) of the Terms and Conditions of the French Law Notes specifying the date on which the Issuer will redeem all (but not some only) of the Preference Share Linked Notes (being the first Business Day immediately preceding the date on which the Preference Shares are scheduled to be redeemed (as specified in the Early Redemption Notice) and each Preference Share Linked Note will be redeemed on such date at the Early Redemption Amount.

(b) *Extraordinary Events and Additional Disruption Events*

(A) *Definitions*

Additional Disruption Event means each of a Change in Law, an Insolvency Filing, a Hedging Disruption or an Increased Cost of Hedging.

Change in Law means that, on or after the Issue Date of the relevant Preference Share Linked Notes, (A) due to the adoption of or any change in any applicable law (including, without limitation, any tax law), rule, regulation or order, any regulatory or tax authority ruling, regulation or order or any regulation, rule or procedure of any exchange (an **Applicable Regulation**), or (B) due to the promulgation of or any change in the interpretation by any court, tribunal or regulatory authority with competent jurisdiction of any applicable law or regulation (including any action taken by a taxing authority), any of the Issuer or the Calculation Agent determines that (X) unless Hedging Arrangements are specified as not applicable in the applicable Final Terms, it has or will become illegal or contrary to any Applicable Regulation for it, any of its affiliates or any entities which are relevant to the Hedging Arrangements to hold, acquire or dispose of Hedge Positions relating to such Preference Share Linked Notes, or (Y) it will incur a materially increased cost in performing its obligations with respect to such Preference Share Linked Notes (including, without limitation, due to any increase in tax liability, decrease in tax benefit or other adverse effect on its tax position) or any requirements in relation to reserves, special deposits, insurance assessments or other requirements.

Extraordinary Event means each of a Merger Event, a Tender Offer, a Liquidation and a Nationalisation.

Hedge Positions means any purchase, sale, entry into or maintenance of one or more (i) positions or contracts in securities, options, futures, derivatives or foreign exchange, (ii) stock loan transactions or (iii) other instruments or arrangements (howsoever described) by the Issuer or NATIXIS in order to hedge, individually or on a portfolio basis, the risk of entering into and performing its obligations with respect to the Preference Share Linked Notes.

Hedging Arrangements means any hedging arrangements entered into by the Issuer or NATIXIS (and/or their respective affiliates) at any time with respect to the Preference Share Linked Notes, including without limitation the purchase and/or sale of any securities, any options or futures on such securities or any indices, any depositary receipts or exchange traded funds in respect of such securities or indices and any associated foreign exchange or financing transactions.

Hedging Disruption means that the Issuer or NATIXIS (and/or any of their respective affiliates) is unable, after using commercially reasonable efforts, to (i) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) it deems necessary to hedge the risk of the Issuer or NATIXIS with respect to the Preference Share Linked Notes, or (ii) realise, recover or remit the proceeds of any such transaction(s) or asset(s).

Increased Cost of Hedging means that the Issuer or NATIXIS (and/or any of their respective affiliates) would incur a materially increased (as compared with circumstances existing on the Issue Date of the relevant Preference Share Linked Notes) amount of tax, duty, expense or fee (other than brokerage commissions) to (i) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) it deems necessary to hedge the risk of the Issuer or NATIXIS with respect to the Preference Share Linked Notes, or (ii) realise, recover or remit the proceeds of any such transaction(s) or asset(s), provided that any such materially increased amount that is incurred solely due to the deterioration of the creditworthiness of NATIXIS and/or its affiliates shall not be deemed an Increased Cost of Hedging.

Insolvency Filing means, in respect of a Preference Share, that the Issuer or NATIXIS determines that the Preference Share Issuer has instituted, or has had instituted against it by a regulator, supervisor or any similar official with primary insolvency, rehabilitative or regulatory jurisdiction over it in the jurisdiction of its incorporation or organisation or the jurisdiction of its head or home office, or it consents to, a proceeding seeking a judgment of insolvency or bankruptcy or any other relief under any bankruptcy or insolvency law or other similar law affecting creditors' rights, or a petition is presented for its winding-up or liquidation by it or such regulator, supervisor or similar official or it consents to such a petition, provided that proceedings instituted or petitions presented by creditors and not consented to by the Preference Share Issuer shall not be an Insolvency Filing.

Liquidation means, by reason of the voluntary or involuntary liquidation, winding-up, dissolution, bankruptcy or insolvency or analogous proceedings affecting the Preference Share Issuer (i) all the outstanding Preference Shares issued by such Preference Share Issuer are required to be transferred to any trustee, liquidator or other similar official or (ii) holders of the Preference Shares of such Preference Share Issuer become legally prohibited from transferring them.

Merger Event means, in respect of any Preference Shares, any (i) reclassification or change of the Preference Shares that results in a transfer of or an irrevocable commitment to transfer all of such Preference Shares outstanding to another entity or person, (ii) consolidation, amalgamation, merger or binding share exchange of the Preference Share Issuer with or into another entity or person (other than a consolidation, amalgamation, merger or binding share exchange in which the Preference Share Issuer is the continuing entity and which does not result in a reclassification or change of all such Preference Shares outstanding), (iii) takeover offer, tender offer, exchange offer, solicitation, proposal or other event by any entity or person to purchase or otherwise obtain 100% of the outstanding Preference Shares in the Preference Share Issuer that results in a transfer of or an irrevocable commitment to transfer all such Preference Shares (other than such Preference Shares owned or controlled by such other entity or person), or (iv) consolidation, amalgamation, merger or binding share exchange of the Preference Share Issuer or its subsidiaries with or into

another entity in which the Preference Share Issuer is the continuing entity and which does not result in a reclassification or change of all such Preference Shares outstanding but results in the outstanding Preference Shares (other than Preference Shares owned or controlled by such entity) immediately prior to such event collectively representing less than 50% of the outstanding Preference Shares immediately following such event.

Nationalisation means that all the shares in the Preference Share Issuer or all the assets or substantially all the assets of the Preference Share Issuer are nationalised, expropriated or are otherwise required to be transferred to any governmental agency, authority, entity or instrumentality.

Tender Offer means, in respect of any Preference Shares, a takeover offer, tender offer, exchange offer, solicitation, proposal or other event by any entity or person that results in such entity or person purchasing, or otherwise obtaining or having the right to obtain, by conversion or other means, more than 10% and less than 100% of the outstanding voting shares of the Preference Share Issuer, as determined by the Issuer, based upon the making of filings with governmental or self-regulatory agencies or such other information as the Issuer deems relevant.

(B) *Provisions*

If the Issuer or the Calculation Agent determines that there is an Extraordinary Event (where specified as applicable in the applicable Final Terms) or an Additional Disruption Event (where specified as applicable in the applicable Final Terms), the Issuer or the Calculation Agent in its sole and absolute discretion may (but is not obliged to) give notice to the holders of the Preference Share Linked Notes in accordance with Condition 14 (Notices) of the Terms and Conditions of the English Law Notes and Condition 13 (Notices) of the Terms and Conditions of the French Law Notes that the Issuer will redeem all, but not some only, of the Preference Share Linked Notes at the Early Redemption Amount on the Business Day specified in the relevant notice and, the Issuer or the Calculation Agent having given such notice, the Issuer will redeem each Preference Share Linked Note on the relevant date specified in such notice.

(c) *Redemption Amount*

Initial Valuation Date means the Issue Date as specified in the applicable Final Terms or, if such day is not a Business Day, the immediately succeeding Business Day.

Notional Amount means the Specified Denomination.

Final Redemption Amount means, in respect of each Preference Share Linked Note of the Specified Denomination, an amount in the Specified Currency determined by the Calculation Agent in accordance with the following formula rounded to the nearest transferable unit of the Specified Currency (with halves being rounded up), save in the case of Yen, which shall be rounded down to the nearest Yen. For these purposes unit means the lowest amount of such currency which is available as legal tender in the country or countries of such currency and with respect to the Euro, means 0.01 Euro, with respect to GBP, means GBP 0.01, with respect to USD, means USD 0.01, and with respect to JPY, means JPY 1:

$$\text{Notional Amount} \times \left(\frac{\text{Preference Share Final}}{\text{Preference Share Initial}} \right)$$

Preference Share Final means the Preference Share Value on the Valuation Date.

Preference Share Initial means the Preference Share Value on the Initial Valuation Date.

Valuation Date means the number of Business Days following the Preference Share Valuation Date, as specified in the applicable Final Terms.

Preference Share Valuation Date means the date specified as such in the applicable Final Terms, or if the Preference Shares are subject to redemption as a result of an auto-call feature being triggered on any Preference Share Trigger Barrier Observation Date(s), the date on which the auto-call feature is triggered, provided that if any date(s) for valuation of or any determination of the Preference Share Underlying(s) (or any part thereof) for the Preference Shares falling on or about such day is delayed or to be delayed in accordance with the terms and conditions of the Preference Shares by reason of a non-business day a disruption or an adjustment event, the Preference Share Valuation Date shall be the last such delayed valuation or determination date(s), all as determined by the Calculation Agent.

Preference Share Trigger Barrier Observation Date means, in respect of a Preference Share, each date so specified in the applicable Final Terms.

(d) ***Additional Provisions***

(A) Condition 1(d) (Redenomination) of the Terms and Conditions of the English Law Notes and Condition 1(d) (Redenomination) of the Terms and Conditions of the French Law Notes will not apply to the Preference Share Linked Notes.

(B) Condition 5(e)(iii) (*Interest Rate on Zero Coupon Notes, Non-Interest Bearing Notes and Structured Notes*) of the Terms and Conditions of the English Law Notes and Condition 5(e)(iii) (*Interest Rate on Zero Coupon Notes, Non-Interest Bearing Notes and Structured Notes*) of the Terms and Conditions of the French Law Notes will apply to the Preference Share Linked Notes except that the words "either (i) to such index and/or formula(e) as are set out in the Additional Terms and Conditions of the Notes and/or (ii) to the applicable provisions of paragraphs (a) to (c) of this Condition 19, as specified in the applicable Final Terms" are deleted and replaced with the words "to the applicable provisions of paragraphs (a) to (d) of this Condition 19, as specified in the applicable Final Terms or, if the Interest Basis is specified as "Non-Interest Bearing" in the applicable Final Terms, the Preference Share Linked Notes shall not bear interest,"

(C) Condition 6(a)(iii) (Redemption by Instalments (Instalment Notes) and Final Redemption) of the Terms and Conditions of the English Law Notes and Condition 6(a)(iii) (Redemption by Instalments (Instalment Notes) and Final Redemption) of the Terms and Conditions of the French Law Notes will apply to the Preference Share Linked Notes except that the words "at its Redemption Amount (which, unless otherwise provided in the Additional Terms and Conditions of the Notes, is its principal amount)" are deleted and replaced with "at its Final Redemption Amount".

(D) Conditions 1.1.1(a)(a)(A) (Redemption for taxation reasons) and 1.1.1(a)(a)(B) (Redemption for taxation reasons) of the Terms and Conditions of the English Law Notes and Conditions 6(b)(A) (Redemption for taxation reasons) and 6(b)(B) (Redemption for taxation reasons) of the Terms and Conditions of the French Law Notes will apply to the Preference Share Linked Notes except that the words "their Redemption Amount" are deleted and replaced with "the Early Redemption Amount determined in accordance with Condition 19(a)".

- (E) Condition 1.1.1(a)(a)(C) (Redemption for taxation reasons) of the Terms and Conditions of the English Law Notes and Condition 6(b)(C) (Redemption for taxation reasons) of the Terms and Conditions of the French Law Notes will apply to the Preference Share Linked Notes except that the word "Tranche" is deleted and replaced wherever it appears (including in the definition of Loan Agreement) with the word "Series", and the words "their Redemption Amount" are deleted and replaced with "the Early Redemption Amount determined in accordance with Condition 19(a)".
- (F) Condition 6(c) (Redemption for Illegality) of the Terms and Conditions of the English Law Notes and Condition 6(c) (Redemption for Illegality) of the Terms and Conditions of the French Law Notes will apply to the Preference Share Linked Notes except that the words "their Redemption Amount" are deleted and replaced with "the Early Redemption Amount determined in accordance with Condition 19(a)".
- (G) If "Redemption at the Option of the Issuer" is specified as applicable in the applicable Final Terms Condition 6(f) (Redemption at the Option of the Issuer and Exercise of the Issuer's Options) of the Terms and Conditions of the English Law Notes and Condition 6(f) (Redemption at the Option of the Issuer and Exercise of the Issuer's Options) of the Terms and Conditions of the French Law Notes will apply to the Preference Share Linked Notes except that (i) the words "all or, if so provided, some of the Notes in the principal amount or integral multiples thereof and" are deleted and replaced with "all (but not some only) of the Notes"; (ii) the words "their Optional Redemption Amount" are deleted and replaced with "the Early Redemption Amount determined in accordance with Condition 19(a)"; and (iii) the third paragraph of Condition 6(f) (Redemption at the Option of the Issuer and Exercise of the Issuer's Options) of the Terms and Conditions of the English Law Notes and Condition 6(f) (Redemption at the Option of the Issuer and Exercise of the Issuer's Options) of the Terms and Conditions of the French Law Notes is deleted in its entirety.
- (H) Condition 6(h) (Redemption at the Option of Noteholders and Exercise of Noteholder's Options) of the Terms and Conditions of the English Law Notes and Condition 6(g) (Redemption at the Option of Noteholders and Exercise of Noteholder's Options) of the Terms and Conditions of the French Law Notes will not apply to the Preference Share Linked Notes.
- (I) Condition 10 (Events of Default) of the Terms and Conditions of the English Law Notes and Condition 10 (Events of Default) of the Terms and Conditions of the French Law Notes will apply to the Preference Share Linked Notes except that the words "the Redemption Amount of such Note" are deleted and replaced with "the Early Redemption Amount determined in accordance with Condition 19(a)".

(e) ***Miscellaneous Definitions***

Information Source means the price source for the publication of the Preference Share Value specified in the applicable Final Terms.

Initial Share Setting Date means the date so specified in the applicable Final Terms, provided that if any date used for the valuation or any determination of the Preference Share Underlying(s) (or any part thereof) for the Preference Shares falling on or about such day is delayed or to be delayed in accordance with the terms and conditions of the Preference Shares by reason of a non-scheduled trading day, an adjustment or a disrupted day, the Initial Share Setting Date shall be the latest delayed date on which any valuation or determination is made, in each case as determined by the Calculation Agent.

Issue Date means, without prejudice to Condition 13 (Further Issues) of the Terms and Conditions of the English Law Notes and Condition 12 (Further Issues) of the Terms and Conditions of the French Law Notes, one of the following as specified in the applicable Final Terms:

- (i) the date so specified in the applicable Final Terms; or
- (ii) the number of Business Days following the Initial Share Setting Date, as specified in the applicable Final Terms.

Issue Price means the amount so specified in the applicable Final Terms.

Maturity Date means the date so specified in the applicable Final Terms.

Preference Share Underlying means, in respect of a Preference Share, one or more underlying asset(s) the performance of which the defined return on the Preference Share is linked to as specified in the terms and conditions of the Preference Shares, and which may include but will not be limited to, equity, debt or derivative securities, indices, investments, funds, exchange traded funds, commodities and baskets of the foregoing or of currencies, portfolios and/or trading strategies and which may change over time as a result of performance or other factors.

20. Secured Notes Provisions

The provisions of this Condition 20 relating to Secured Notes apply if the applicable Final Terms specify that "*Secured Notes Provisions*" are "*Applicable*". The Notes of a Series of Secured Notes may either be "Collateral-Backed Notes" or "Collateral-Linked Notes", as specified in the applicable Final Terms.

In the event of any inconsistency between the provisions of the Terms and Conditions of the English Law Notes or, as applicable, the Terms and Conditions of the French Law Notes applicable to the Secured Notes on the one hand and the provisions of this Condition 20 on the other hand, this Condition 20 shall prevail.

In this Condition 20, any references to the "Issuer" shall be construed as references to NCIBL as only NCIBL will issue Secured Notes.

Subject to the provisions of this Condition 20, multiple Series of Collateral-Backed Notes may be secured by the Collateral Assets contained in a Collateral Pool secured by a single Security Agreement if "Multiple Series Collateral Pool" is specified in the relevant Final Terms, *provided that* the Collateral Assets specified as relating to a specific series of Collateral-Backed Notes shall not be available (whether by delivery thereof or payment of the realisation proceeds) to meet claims of any Secured Party in respect of any other Series of Collateral-Backed Notes.

20.1 DEFINITIONS

For the purposes of this Condition 20 of these Terms and Conditions of Structured Notes:

Accelerated Secured Notes means one or more Secured Notes in relation to which a Secured Note Acceleration Event has occurred and **Accelerated Secured Note** means any of such Secured Notes;

Acquired Receivable means, in relation to the Secured Notes, all the rights, title and interest of the Issuer in, under and to any applicable Collateral Loan Agreement, together with any accessory rights relating thereto, acquired by the Issuer from the transferor under the relevant Deed of Transfer related to a Collateral Pool;

Additional Collateral Business Day means a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealings in foreign exchanges and foreign currency deposits) in the financial centre(s) specified in the relevant Final Terms;

Aggregate Collateral Liquidation Proceeds Share means, in respect of a Series of Secured Notes, the product of the Collateral Ratio applicable to such Series of Secured Notes and the Collateral Liquidation Proceeds in respect of the Collateral Pool which secures such Series of Secured Notes (as determined by the Calculation Agent);

Alternative Collateral Assets means Collateral Assets that comply with the Alternative Collateral Assets Matrix and which may be transferred from time to time by the relevant Securities Lending Counterparty to the Issuer as collateral under the applicable Securities Lending Agreement;

Alternative Collateral Assets Matrix means, in relation to a Series of Collateral-Linked Notes in respect of which "Structure 4" is specified as "Applicable" in the applicable Final Terms, the collateral universe set out in such Final Terms in respect of the Alternative Collateral Assets;

Alternative Collateral Assets MV Percentage means the percentage specified in the applicable Final Terms. For the avoidance of doubt, the Issuer may specify a separate Alternative Collateral Assets MV Percentage per type and/or class of Alternative Collateral Assets in relation to any relevant Series of Collateral-Linked Notes;

Calculation Formula Early Redemption Amount has the meaning given to it in the definition of "Early redemption Amount";

Change in Law means, in relation to a Series of Secured Notes, on or after the Issue Date: (A) due to the adoption of or any change in any applicable law (including, without limitation, any tax law), rule,

regulation or order, any regulatory or tax authority ruling, regulation or order or any regulation, rule or procedure of any exchange; or (B) due to the promulgation of or any change in the interpretation by any court, tribunal or regulatory authority with competent jurisdiction of any applicable law or regulation (including any action taken by a taxing authority), the Issuer determines that it will incur a materially increased cost in: (x) where “Essential Trigger” is specified as “Not Applicable”, holding, acquiring or disposing of relevant hedge positions relating to the Collateral Assets (or for a counterparty to do so); or (y) holding, acquiring or disposing of any Collateral Assets of that Series or, as the case may be, of that Collateral Pool; or (z) any Transaction Document (excluding, where “Essential Trigger” is specified as “Applicable”, any Hedging Agreement) of that Series or, as the case may be, of that Collateral Pool;

Charged Assets means: (a) all of the Issuer's rights, title, interest and benefit, present and future, in and to and under: (i) the Collateral Assets; (ii) each Collateral Account; (iii) all sums held by the Collateral Service Providers to meet payments due in respect of the Secured Notes; (iv) any sums of money, securities or other property received or receivable by the Issuer under the Transaction Documents (after applicable netting and set-off); and (v) the Transaction Documents (which, for the avoidance of doubt, shall be subject to any rights of netting or set-off thereunder) and all sums derived therefrom in respect of the Secured Notes relating to the relevant Series; (b) all of the Issuer's rights, title, interest and benefit, present and future, as against: (i) the Collateral Custodian in respect of any sum standing to the credit of any Collateral Securities Account; and (ii) the Collateral Account Bank in respect of any sum standing to the credit of any Collateral Cash Account, in each case including any interest accrued or accruing thereon and any Retained Monies; and (c) any other present and future assets relating to the Series, any sums derived from the present and future assets relating to such Series (including, without limitation, any proceeds of any sale of any Collateral Assets);

CNAA Effective Date has the meaning given to it in Condition 20.2(c)(D) of these Terms and Conditions of Structured Notes;

Collateral Account means each: (i) Collateral Cash Account; and (ii) Collateral Securities Account;

Collateral Account Bank has the meaning given to it in Condition 20.2(c)(F) of these Terms and Conditions of Structured Notes;

Collateral Account Bank Agreement has the meaning given to it in Condition 20.2(c)(F) of these Terms and Conditions of Structured Notes;

Collateral Agency Agreement has the meaning given to it in Condition 20.2(c)(A) of these Terms and Conditions of Structured Notes;

Collateral Agent has the meaning given to it in Condition 20.2(c)(A) of these Terms and Conditions of Structured Notes;

Collateral Arrangement means all arrangements relating to Collateral Assets in respect of the Relevant Secured Notes as described in and in accordance with the provisions of this Condition 20;

Collateral Arrangement Party means the Collateral Agent, the Collateral Monitoring Agent, any Collateral Netting Agent, the Collateral Custodian, the Collateral Account Bank, the Security Trustee (in relation to English Law Notes only), the Security Agent (in relation to French Law Notes only) and the Disposal Agent. Any reference to a Collateral Arrangement Party in this Condition 20 (*Secured Notes Provisions*) of the Terms and Conditions of Structured Notes shall be deemed to include a reference to any entity appointed as a replacement thereof pursuant to the terms of the relevant agreement and/or this Condition 20 (*Secured Notes Provisions*);

Collateral Arrangement Tax Event means that the Issuer will on the occasion of any future payment receive through any Collateral Arrangement a sum, net of any deduction or withholding on account of tax, lower than it would have expected to receive without such deduction or withholding;

Collateral Asset Default means, in the sole opinion of the Calculation Agent: (a) any relevant payment pursuant to a Collateral Asset(s) become(s) due and payable on a date prior to their stated maturity date for any reason (including, without limitation, by reason of default in payment or that notice is given that any of the Collateral Assets of such Series is called for redemption or repayment (whether in whole or in part) prior to its scheduled maturity date, other than a notice in respect of any scheduled amortisation of such Collateral Asset, or a prepayment (whether voluntary or mandatory) under any loan that is a Collateral Asset or where there is an acceleration of a loan agreement for any loan that is a Collateral Asset); (b) an event of default (however defined), including (without limitation) a failure by the relevant Obligor to: (i) pay on the due date any amount due; or (ii) perform any of its other obligations, in the case of both (i) and (ii), in respect of any Collateral Asset(s); or (c) any reduction, rescheduling, postponement, restructuring, bankruptcy, insolvency, repudiation, moratorium, standstill, roll-over or deferral, subordination, exchange, conversion, expropriation, transfer or material amendment or analogous event is announced by the relevant Obligor or any governmental authority or occurs, in respect of any Collateral Asset(s);

Collateral Assets has the meaning given to it in Condition 20.2(d)(A) of these Terms and Conditions of Structured Notes;

Collateral Assets Entitlement means, in relation to a Series of Secured Notes, where:

- (1) "Collateral-Backed Notes" is specified as "Applicable" in the applicable Final Terms, for each Non-Waived Secured Note in such Series, Collateral Assets with a value (based on the market valuations of such assets by the Collateral Monitoring Agent on the Collateral Test Date immediately preceding the delivery of the relevant Collateral Enforcement Notice) equal to: (a) the product of: (i) the Collateral Ratio applicable to such Series of Secured Notes; and (ii) the Final Collateral Value in respect of the Collateral Pool which secures such Series of Secured Notes; *divided by* (b) the number of Non-Waived Secured Notes of such Series of Secured Notes; and
- (2) "Collateral-Linked Notes" is specified as "Applicable" in the applicable Final Terms, for each Secured Note in such Series, its *pro rata* share (rounded down to the nearest amount that is capable of being delivered, assigned or transferred) of an amount equal to: (a) the aggregate nominal of the Collateral Assets allocated to such Series *less* an aggregate nominal amount of such Collateral Assets (rounded up to the nearest amount that is capable of being delivered, assigned or transferred) that the Calculation Agent determines is equal to the aggregate of all amounts payable to the Secured Parties ranking prior to the Noteholders in accordance with the Order of Priority specified in the applicable Final Terms, subject to the right of all (but not some only) of the Noteholders to elect by notice in writing (which notice shall be deemed to be irrevocable) to pay their *pro rata* share of such amounts payable to the prior-ranking Secured Parties; *plus* (b) the Residual Proceeds Amount;

Collateral-Backed Notes means Secured Notes that are identified as "Collateral-Backed Notes" in the applicable Final Terms;

Collateral Business Day means a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealings in foreign exchange and foreign currency deposits) in Paris, London and Luxembourg and any Additional Collateral Business Day;

Collateral Cash Account has the meaning given to it in Condition 20.2(a) of these Terms and Conditions of Structured Notes;

Collateral Custodian has the meaning given to it in Condition 20.2(c)(E) of these Terms and Conditions of Structured Notes;

Collateral Custodian Agreement has the meaning given to it in Condition 20.2(c)(E) of these Terms and Conditions of Structured Notes;

Collateral Delivery Date means, in relation to a Series of Secured Notes where Physical Delivery of Collateral Assets is applicable, the date on which the Disposal Agent intends to Deliver the Collateral Assets Entitlement to Noteholders;

Collateral Disruption Event means, in the opinion of the Issuer or the Calculation Agent, in their respective sole and absolute discretion that:

- (A) the Issuer or any of its affiliates:
 - (i) is unable, as a result of any legal, contractual or other restrictions or constraints (including, without limitation, any laws, regulations, court orders, other governmental or regulatory constraints), adverse market conditions or a lack of liquidity in the market or otherwise, after using commercially reasonable efforts to: (1) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) or any futures or option contracts it deems necessary to obtain Collateral Assets; or (2) freely realise, recover, remit, receive, re-patriate or transfer the proceeds of any such transactions(s) or assets(s) or futures or option contract(s) or, where “Essential Trigger” is specified as “Not Applicable”, any relevant hedge positions relating to the Collateral Assets; or
 - (ii) would incur a materially increased (as compared with circumstances existing on the Trade Date in respect of the issue of a Series of Secured Notes) amount of tax, duty, expense, fee (other than brokerage commissions) or other relevant cost (including, for the avoidance of doubt, any funding cost) to: (1) acquire, borrow, substitute, or dispose of any Collateral Assets; (2) establish, re-establish, substitute, maintain, unwind or dispose of any transaction entered into by the Issuer or any of its Affiliates in connection with the Collateral Assets; (3) realise, recover or remit the proceeds of any such Collateral Assets; or (4) comply with its obligations under or in connection with the Issue Deed and/or any other Transaction Document (excluding, where “Essential Trigger” is specified as “Applicable”, any Hedging Agreement) or meet its operating or administrative expenses;
- (A) the Issuer is unable, after using commercially reasonable efforts, to find a suitable substitute or replacement Collateral Arrangement Party following the termination of the relevant agreement or resignation or removal for any reason of a Collateral Arrangement Party;
- (B) if at the end of the relevant Required Settlement Period: (a) other than in the case of a Collateral Settlement Disruption, the relevant Collateral Assets have not been settled; or (b) in the case of a Collateral Settlement Disruption, if at the end of the 60 Collateral Business Day period following the end of such Required Settlement Period: (1) the relevant External Event(s) continue(s) to exist; or (2) the relevant Collateral Assets for which the regular settlement period is greater than 10 Collateral Business Days under normal market conditions have not been settled;
- (C) a Collateral Arrangement Tax Event has occurred;
- (D) a Collateral Illegality Event has occurred;
- (B) a Collateral Force Majeure Event has occurred; and/or
- (C) a Collateral Significant Alteration Event has occurred;

Collateral Enforcement Notice means a written notice to the Security Trustee or the Security Agent (as applicable), with a copy to the Disposal Agent, requesting that the relevant Security Agreements in respect of a Series of Secured Notes be enforced in accordance with the terms thereof;

Collateral Force Majeure Event means, in respect of a Series of Secured Notes, that, in the opinion of the Issuer, on or after the Relevant Issue Date, the occurrence of any one of the following events related to any Collateral Asset(s) or Collateral Arrangement of that Series of Secured Notes, for which the Issuer

or any Hedging Counterparty (if any) is not accountable (being for the avoidance of doubt events which are not attributable to the Issuer and/or any such Hedging Counterparty, as the case may be), on the condition that the occurrence of such events renders the performance of or compliance with any material obligation (including any payment and/or delivery and/or receipt of payment and/or delivery) under, or the continuation of, any such Collateral Asset(s) or Collateral Arrangement insurmountable:

- (A) any act, law, rule, regulation, judgment, order, directive, interpretation, decree or material legislative or administrative interference of any Government Authority or otherwise;
- (B) the occurrence of civil war, disruption, military action, unrest, political insurrection, terrorist activity of any kind, riot, epidemic, public demonstration and/or protest, or any other financial, political or economic reasons or any other causes or impediments beyond such party's control; or
- (C) any expropriation, confiscation, requisition, nationalisation or other action taken or threatened by any Government Authority that deprives the Issuer and/or Hedging Counterparty and/or any of their respective affiliates, of all or substantially all of their respective assets in the relevant local currency jurisdiction

provided that, where "Essential Trigger" is specified as "Applicable", any such event referred to here above shall not constitute a Collateral Force Majeure Event where it only affects the Hedging Counterparty and/or the Issuer's hedging position;

Collateral Illegality Event means that, in the opinion of the Issuer, it is or will become unlawful for the Issuer to perform or comply with any one or more of its obligations under the Transaction Documents (excluding, where "Essential Trigger" is specified as "Applicable", any Hedging Agreement) or, as the case may be, it is or will become unlawful for it or it is not allowed, permitted, or able to purchase, hold, substitute or manage any Collateral Assets;

Collateral-Linked Note Collateralisation Percentage has the meaning given to it in Condition 20.6(j)(D) of these Terms and Conditions of Structured Notes;

Collateral-Linked Note Taxation Event means, in relation to a Series of Collateral-Linked Notes that, the Issuer (or the Calculation Agent on its behalf) determines that the Issuer would suffer tax above and beyond those taxes of which the Issuer was aware at the initial Trade Date of the Relevant Secured Notes in respect of:

- (A) its income in respect of the Collateral Assets;
- (B) where "Essential Trigger" is specified as "Not Applicable", payments made to it under the relevant Hedging Agreement(s); and/or
- (C) where "Essential Trigger" is specified as "Not Applicable", the compliance with its obligations under the relevant Hedging Agreement(s),

so that it would be unable to make payment of the full amount(s) due on the Secured Notes in relation to such Series on the next due date for any payment;

Collateral-Linked Notes means Secured Notes that are identified as "Collateral-Linked Notes" in the applicable Final Terms;

Collateral Liquidation Proceeds means the net proceeds of realisation of, or enforcement with respect to, the Charged Assets in respect of a Series of Secured Notes, including any Early Redemption Additional Amount(s), following payment of all amounts payable to the Secured Parties ranking prior to the Noteholders (in the case of Collateral-Linked Notes) or the holders of the Non-Waived Secured Notes

(in the case of Collateral-Backed Notes), as applicable, and, in each case, in accordance with the Order of Priority specified in the applicable Final Terms;

Collateral Liquidation Proceeds Share means, in respect of a Series of Secured Notes, the *pro rata* share of the Aggregate Collateral Liquidation Proceeds Share attributable to each Secured Note in such Series of Secured Notes (as determined by the Calculation Agent and notified to the Security Trustee or the Security Agent, as applicable);

Collateral Loan means any loan advanced under a Collateral Loan Agreement and as specified in the applicable Final Terms;

Collateral Loan Agreement in relation to a Series of Secured Notes, each loan agreement specified in the applicable Final Terms and entered into between, among others, the relevant Collateral Loan Debtor and Collateral Loan Lender;

Collateral Loan Debtor in relation to a Series of Secured Notes, means the borrower under the Collateral Loan Agreement as specified in the applicable Final Terms;

Collateral Loan Lender(s) in relation to a Series of Secured Notes, means the lender(s) of record under the Collateral Loan Agreement as specified in the applicable Final Terms;

Collateral Monitoring Agency Agreement has the meaning given to it in Condition 20.2(c)(B) of these Terms and Conditions of Structured Notes;

Collateral Monitoring Agent has the meaning given to it in Condition 20.2(c)(B) of these Terms and Conditions of Structured Notes;

Collateral Monitoring Agent Notice has the meaning given to it in Condition 20.3(e) of these Terms and Conditions of Structured Notes;

Collateral Netting Agency Agreement has the meaning given to it in Condition 20.2(c)(D) of these Terms and Conditions of Structured Notes;

Collateral Netting Agent has the meaning given to it in Condition 20.2(c)(D) of these Terms and Conditions of Structured Notes;

Collateral Pool has the meaning given to it in Condition 20.2(d)(A) of these Terms and Conditions of Structured Notes;

Collateral Ratio means, in respect of a Series of Secured Notes, the amount (expressed as a percentage) equal to: (i) the Final Required Collateral Value applicable to such Series of Secured Notes; *divided by* (ii) the Pool Aggregate Final Required Collateral Value applicable to the Collateral Pool which secures such Series of Secured Notes, *provided that*, in the case of a Series of: (a) Collateral-Backed Notes secured by a Single Series Collateral Pool; or (b) Collateral-Linked Notes, the Collateral Ratio shall be 100 *per cent.* and therefore the Aggregate Collateral Liquidation Proceeds Share in respect of any such relevant Series shall be equal to the Collateral Liquidation Proceeds in respect of such Collateral Pool that secures such Series of Secured Notes;

Collateral Rules has the meaning given to it in Condition 20.2(d)(C) of these Terms and Conditions of Structured Notes;

Collateral Securities Account has the meaning given to it in Condition 20.2(a) of these Terms and Conditions of Structured Notes;

Collateral Service Provider means, in respect of a Series of Secured Notes, the Collateral Custodian, the Collateral Account Bank, the Disposal Agent, the Collateral Netting Agent, the Collateral Agent, the Collateral Monitoring Agent and the Securities Valuation Agent, in each case, as applicable and as appointed as described in Condition 20.2(c) of these Terms and Conditions of Structured Notes;

Collateral Settlement Disruption has the meaning given to it in Condition 20.3(f) of these Terms and Conditions of Structured Notes;

Collateral Significant Alteration Event means any event or circumstance or combination of events or circumstances occurring after the Relevant Issue Date in respect of any Collateral Asset(s) or Collateral Arrangement related to a Series of Secured Notes that is not directly; or indirectly caused by the Issuer and/or, where "Essential Trigger" is specified as "Not Applicable", any Hedging Counterparty (if any) but which results in the economic balance of the relevant Series of Secured Notes between the Issuer on the one hand and the Noteholders on the other hand being (in the sole opinion of the Issuer) significantly altered from the economic balance between such parties as at the Relevant Issue Date, but where such event does not constitute a Collateral Disruption Event (other than, for the avoidance of doubt, a Collateral Significant Alteration Event), Collateral Asset Default, Early Redemption Event, Mandatory Redemption Event or an Event of Default;

Collateral Substitution Event means, with respect to a Series of Collateral-Linked Notes and any relevant Collateral Asset comprised in the relevant Collateral Pool:

- (A) if "Collateral Substitution Event 1" is specified as "Applicable" in the applicable Final Terms, the Collateral Asset is redeemed in whole or in part (in each case, other than as a result of a scheduled payment);
- (B) if "Collateral Substitution Event 2" is specified as "Applicable" in the applicable Final Terms, the Collateral Asset is, for any reason, no longer an obligation of the Obligor (either directly or as provider of a guarantee);
- (C) if "Collateral Substitution Event 3" is specified as "Applicable" in the applicable Final Terms, (to the extent applicable) the Collateral Asset does not or would not satisfy the Eligibility Criteria on any relevant Collateral Test Date;
- (D) if "Collateral Substitution Event 4" is specified as "Applicable" in the applicable Final Terms, a Collateral Disruption Event occurs; and/or
- (E) if "Collateral Substitution Event 5" is specified as "Applicable" in the applicable Final Terms, in relation to a Series of Collateral-Linked Notes in respect of which "Structure 4" is specified as "Applicable" in the applicable Final Terms, the occurrence of any of the following events:
 - (i) an ETF/Share Disruption Event; and/or
 - (ii) a Fund Disruption Event.

For purposes of identification of any Collateral Asset, any change in such Collateral Asset's CUSIP or ISIN number or other similar identifier will not, in and of itself, constitute a Collateral Substitution Event. If an event described in paragraphs (A), (B), (C), (D) or (E) above (in each case, if specified as "Applicable" in the applicable Final Terms) has occurred on or prior to the Trade Date, then a Collateral Substitution Event shall be deemed to have occurred pursuant to those paragraphs (A), (B), (C), (D) or (E) above, as the case may be, on the Trade Date;

Collateral Test has, in respect of any Series of: (i) Collateral-Backed Notes, the meaning given to it in Condition 20.3(d) of these Terms and Conditions of Structured Notes; and (ii) Collateral-Linked Notes, the meaning given to it in Condition 20.6(a) of these Terms and Conditions of Structured Notes;

Collateral Test Date means each periodic date as is specified in the applicable Final Terms, and any other date deemed to be a Collateral Test Date in accordance with this Condition 20 of these Terms and Conditions of Structured Notes;

Collateral Test Dispute Resolution Procedure means the dispute resolution procedure set out in the Collateral Agency Agreement and the Collateral Monitoring Agency Agreement as described in Condition 20.3(e) of these Terms and Conditions of Structured Notes;

Collateral Test Notice has the meaning given to it in Condition 20.3(d) of these Terms and Conditions of Structured Notes;

Collateral Test Sensibility Level has the meaning given to it in Condition 20.3(d) of these Terms and Conditions of Structured Notes;

Collateral Valuation at Nominal Value has the meaning given to it in Condition 20.3(a)(A) of these Terms and Conditions of Structured Notes;

Collateral Valuation Currency means Euro unless otherwise specified in the applicable Final Terms;

Collateral Valuation Currency Screen Page means if the Collateral Valuation Currency is Euro, Bloomberg WMCO page unless otherwise specified in the applicable Final Terms, or if the Collateral Valuation Currency is other than Euro, the relevant screen page specified in the applicable Final Terms, for the purpose of determining the relevant spot exchange rate;

Collateral Valuation Currency Specified Time means if the Collateral Valuation Currency is Euro, 5.30 PM (Paris time) unless otherwise specified in the applicable Final Terms, or if the Collateral Valuation Currency is other than Euro, the specified time specified in the applicable Final Terms, for the purpose of determining the relevant spot exchange rate;

Collateral Valuation Point means, unless otherwise specified in the applicable Final Terms, the Issue Date or the relevant Collateral Test Date, as the case may be, or, if a valuation of the relevant Collateral Asset or Secured Note, as applicable, is not available on such date, the date of the last available valuation of such Collateral Asset or Secured Note;

Collateral Value has the meaning given to it in Condition 20.3(a)(A) of these Terms and Conditions of Structured Notes;

Collateralisation Percentage has the meaning given to it in Condition 20.3(c)(D) of these Terms and Conditions of Structured Notes;

Costs and Charges Alteration Event means the occurrence of either:

- (A) in respect of an Increase in the Cost of Agents' Fees, the Security Trustee or the Security Agent, as applicable (as instructed by the Noteholders in accordance with Condition 20.6(d) (*Increase in the Costs of Agents' Fees in relation to Collateral Loans*)) has objected to the Increase in the Cost of Agents' Fees; or
- (B) in respect of a notification by the Issuer to the Noteholders of a proposed Extraordinary Expenses Reduction, the Noteholders have provided notice to the Issuer objecting to such reduction by the Issuer in the form of an Extraordinary Expenses Reduction Objection;

Counterparty has the meaning given to it in Condition 20.6(j)(A) of these Terms and Conditions of Structured Notes;

Counterparty Downgrade Event means, in relation to any Series of Collateral-Linked Notes, that the long-term unsecured rating of any Counterparty is, after the Issue Date of such Series, downgraded by three notches by two or more of Moody's, S&P and/or Fitch or, where a Counterparty is not NATIXIS, such Counterparty is downgraded by three notches by two or more of any applicable rating agencies rating such Counterparty;

Credit Support Assets means the assets that are transferred to the Issuer as collateral under a Credit Support Document or as margin securities under a Repurchase Agreement or as collateral under a Securities Lending Agreement or as collateral under any other Hedging Agreement;

Credit Support Document has the meaning given to it in Condition 20.6(j)(A) of these Terms and Conditions of Structured Notes;

Credit Support Document – One Way has the meaning given to it in Condition 20.6(j)(A) of these Terms and Conditions of Structured Notes;

Credit Support Document – Two Way has the meaning given to it in Condition 20.6(j)(A) of these Terms and Conditions of Structured Notes;

Debtor or Servicer Illegality Event means that on or after the Issue Date:

- (A) due to the adoption of or any change in any applicable law or regulation (including, without limitation, any law or regulation in respect of tax, solvency or capital requirements); or
- (B) due to the promulgation of or any change in the interpretation by any court, tribunal or regulatory authority with competent jurisdiction of any applicable law or regulation (including any action taken by a taxing or financial authority) or the combined effect thereof if occurring more than once,

it has or will become illegal for the Collateral Loan Debtor or the Servicer to perform its obligations in respect of the Collateral Loan Agreement or the Servicing Agreement respectively;

Debtor or Servicer Insolvency Event means that any order has been made by any competent court or any resolution passed for the winding up or dissolution of the Servicer or the Collateral Loan Debtor or an order is made for the bankruptcy of the Servicer or the Collateral Loan Debtor, or the Servicer or the Collateral Loan Debtor becomes insolvent or is adjudicated or found bankrupt;

Debtor or Servicer Tax Event means that the Collateral Loan Debtor or the Servicer would, on the occasion of the next Interest Payment Date, be required to withhold or account for tax above and beyond those taxes of which it was aware at the Issue Date so that it would be unable to make payment of the full amount due under the Collateral Loan Agreement or the relevant Servicing Agreement, as the case may be;

Deed of Charge has the meaning given to it in Condition 20.2(b)(C) of these Terms and Conditions of Structured Notes;

Deed of Transfer means, in relation to a Series of Secured Notes, the transfer document which is entered into in respect of the Acquired Receivable between the Issuer and NATIXIS as transferor, as supplemented by the Pricing Letter;

Default of a Counterparty means, as the case may be: (a) a default by; (b) the occurrence of an event of default in respect of; and/or (c) the occurrence of an insolvency event (including, without limitation, the making of any order by any competent court or any resolution passed for the winding-up or dissolution of the relevant Counterparty) in respect of: (i) the Repo Counterparty under the applicable Repurchase Agreement; (ii) the Securities Lending Counterparty under the applicable Securities Lending Agreement; (iii) the GMSLA Pledgee under the applicable Pledge GMSLA; (iv) the Swap Counterparty under the applicable Swap Agreement; and/or (v) an Other Hedging Counterparty under the applicable Hedging Agreement, in each case, howsoever described;

Default-Related Mandatory Redemption Event means, in each case, if specified as "Applicable" in the applicable Final Terms:

- (A) a Secured Note Default-Related Hedging Termination Event; or
- (B) a Counterparty Downgrade Event;

Deliver means, in respect of any Collateral Asset forming part of a Collateral Assets Entitlement, to deliver, novate, transfer, assign or sell, as appropriate, in a manner customary for the settlement of the applicable Collateral Asset (which shall include executing all necessary documentation and taking any other necessary actions), in order to convey all right, title and interest in the Collateral Asset free and clear of any and all liens, charges, claims or encumbrances. **Delivery** and **Delivered** will be construed accordingly;

Disposal Agency Agreement has the meaning given to it in Condition 20.2(c)(F) of these Terms and Conditions of Structured Notes;

Disposal Agent has the meaning given to it in Condition 20.2(c)(F) of these Terms and Conditions of Structured Notes;

Dispute Notice has the meaning given to it in Condition 20.3(e) of these Terms and Conditions of Structured Notes;

Dispute Resolution Procedure Notice has the meaning given to it in Condition 20.3(e) of these Terms and Conditions of Structured Notes;

Early Redemption Additional Amount means the aggregate (expressed as a positive or negative number) of the Early Termination Values in respect of each Hedging Agreement, in each case, expressed as a: (i) positive number in the event that the Early Termination Value is payable to the Issuer; or (ii) negative number in the event that the Early Termination Value is payable by the Issuer;

Early Redemption Amount, in respect of any Secured Notes that are specified as:

- (i) "Collateral-Linked Notes", and in respect of each such Collateral-Linked Note, its Collateral Liquidation Proceeds Share, save for where the applicable Final Terms specify:
 - (A) an amount determined by the Calculation Agent per Secured Note pursuant to the calculation formula specified in the applicable Final Terms (such amount, the **Calculation Formula Early Redemption Amount**); or
 - (B) Monetisation as "Applicable", in which event the Monetisation provisions shall apply; and
- (ii) "Collateral-Backed Notes", has the meaning given to such term in the applicable Terms and Conditions or, as the case may be, Additional Terms and Conditions (including, for the avoidance of doubt, any interest accrued to the date set for redemption), save where the applicable Final Terms specify Monetisation as "Applicable", in which event the Monetisation provisions shall apply;

Early Redemption Date means, subject as provided herein:

- (i) the Effective Redemption Date; or
- (ii) such date as may be specified in any notice notifying the Noteholders of the occurrence of a Collateral Asset Default, Collateral Disruption Event, Early Redemption Event or Mandatory Redemption Event, as the case may be;

Early Redemption Event means the occurrence of any of the following early redemption events:

- (A) in the case of English Law Notes: a redemption pursuant to: (i) Condition 6(b) (*Redemption for taxation reasons*); (ii) Condition 6(c) (*Redemption for Illegality*); (iii) Condition 6(d) (*Purchases*); (iv) Condition 6(e) (*Early Redemption of Zero Coupon Notes*); (v) Condition 6(f) (*Redemption at the Option of the Issuer and Exercise of the Issuer's Options*); (vi) Condition 6(h) (*Redemption at the Option of Noteholders and Exercise of Noteholder's Options*); (vii) Condition 6(j) (*Automatic Early Redemption*); (viii) Condition 6(k) (*Open-ended Notes*); (ix) Condition 6(m) (*Redemption for Force Majeure Event and Significant Alteration Event*); or (x) Condition 6(o) (*Redemption for a Fair Market Value Trigger Event*); or
- (B) in the case of French Law Notes, a redemption pursuant to: (i) Condition 6(b) (*Redemption for taxation reasons*); (ii) 6(c) (*Redemption for Illegality*); (iii) Condition 6(d) (*Purchases*); (iv) Condition 6(e) (*Early Redemption of Zero Coupon Notes*); (v) Condition 6(f) (*Redemption at the Option of the Issuer and Exercise of the Issuer's Options*); (vi) Condition 6(g) (*Redemption at the Option of Noteholders and Exercise of Noteholder's Options*); (vii) Condition 6(h) (*Automatic Early Redemption*); (viii) Condition 6(i) (*Open-ended Notes*); (ix) Condition 6(k) (*Redemption for Force Majeure Event and Significant Alteration Event*); or (x) Condition 6(m) (*Redemption for a Fair Market Value Trigger Event*);

Early Termination Value means:

- (A) in respect of any Swap Agreement, the relevant Swap Market Value;
- (B) in respect of any Securities Lending Agreement, the relevant Securities Lending Termination Value;
- (C) in respect of any Repurchase Agreement, the balance determined pursuant to paragraph 10(d) thereof;
- (D) in respect of any Pledge GMSLA, the market value of the assets lent under the Pledge GMSLA; and
- (E) in respect of any other Hedging Agreement not listed in paragraphs (A)-(D) above, the early termination amount (however described) determined in accordance with the provisions of such Hedging Agreement;

Effective Redemption Date means, in respect of:

- (i) Collateral-Linked Notes that are Pass-Through Notes, no later than the tenth Business Day after receipt by the Issuer or (as applicable) the Security Trustee or the Security Agent, of the Full Repayment; or
- (ii) otherwise, no later than the tenth Business Day after receipt by the Disposal Agent or the Security Trustee or the Security Agent (as applicable) of the net proceeds of the liquidation and realisation and/or enforcement of the applicable Security Agreements of the Collateral Assets or the Charged Assets, respectively;

Eligibility Criteria means the eligibility criteria specified in the applicable Final Terms, relating to a Series of Secured Notes which must be met for Collateral Assets to constitute Eligible Collateral Assets;

Eligible Collateral Assets has the meaning given to it in Condition 20.2(d)(A) of these Terms and Conditions of Structured Notes;

Equivalent Alternative Collateral Assets means securities that are equivalent to Alternative Collateral Assets where securities are "equivalent" to the relevant Alternative Collateral Assets for the purposes of these Terms and Conditions of Structured Notes if they are of an identical type, nominal value, description and amount as those Alternative Collateral Assets;

Equivalent Initial Collateral Assets means securities that are equivalent to Initial Collateral Assets where securities are "equivalent" to the relevant Initial Collateral Assets for the purposes of these Terms and Conditions of Structured Notes if they are of an identical type, nominal value, description and amount as those Initial Collateral Assets;

Equivalent Assets means assets that are equivalent to Collateral Assets where assets are "equivalent" to the relevant Collateral Assets for the purposes of these Terms and Conditions of Structured Notes if they are of an identical type, nominal value, description and amount as those Collateral Assets;

ETF/Share Disruption Event means, in relation to any equity share or exchange traded fund comprised in the Collateral Pool in respect of a Series of Secured Notes, that a Collateral Substitution Event that is deemed to occur where any Share Event or Potential Adjustment Event or, in respect of an exchange traded fund only, any FRTB Event occurs. For these purposes: (i) the characterisation of any Collateral Asset(s) as a share or exchange traded fund will be as determined by the Calculation Agent which and each such item will be deemed to be a "Share" (and in the case of any such exchange traded fund also a "Unit" in an "Exchange Traded Fund") for the purposes of Condition 3 (*Terms for Equity Linked Notes (basket of shares)*) of the Terms and Conditions of Structured Notes (**Condition 3**); (ii) each of "Share Event", "Potential Adjustment Event", "FRTB Event", "Adjustment to the ETF Underlying Index", "Change in Investment Policy", "Liquidation", "Redemption of Shares", "Restrictions on Shares" and "Termination of ETF Adviser and/or ETF Administrator" has the meaning given to it respectively in

Condition 3; and (iii) elections in relation to each such share or exchange traded fund that for purposes of Condition 3 are as specified in the applicable Final Terms will be as determined by the Calculation Agent as appropriate to reflect the nature of the share or exchange traded fund, as the case may be, *provided that*: (x) each of Share Event or Potential Adjustment Event, FRTB Event, Adjustment to the ETF Underlying Index, Change in Investment Policy, Liquidation, Redemption of Shares, Restrictions on Shares or Termination of ETF Adviser and/or ETF Administrator (and each component definition thereof) will be deemed to apply; and (y) the "Minimum Percentage", "Initial Stock Loan Rate" and "Maximum Stock Loan Rate" for these purposes will be as specified in the applicable Final Terms in relation to the relevant Series of Secured Notes;

Extension Notice means, with respect to Multiple Series Collateral Pool, a notice provided by the Issuer as pledgor in order to extend the benefit of the relevant Pledge Agreement to the succeeding Series or Tranche of Secured Notes;

External Event has the meaning attributed to it in Condition 20.3(f) of these Terms and Conditions of Structured Notes;

Extraordinary Expenses means any fees, expenses, out of pocket expenses or costs (including, without limitation, the fees, costs and expenses of professional advisors retained by the Issuer (*plus* any applicable VAT thereon)) but excluding any other liabilities of the Issuer, which are incurred by the Issuer in accordance with, pursuant to or so as to permit the Issuer to comply with a Transaction Document, to the extent that the Issuer is not otherwise reimbursed for such fees, expenses or costs;

Extraordinary Expenses Reduction Objection means that following receipt of a notice of a proposed Extraordinary Expenses Reduction, the Noteholders (acting by Extraordinary Resolution or by a resolution in writing signed by or on behalf of the Noteholders of at least *75 per cent.* in aggregate amount of the Notes then outstanding or by the Representative of the Masse acting pursuant to a request from a Noteholder) may give notice to the Issuer that they object to such Extraordinary Expenses Reduction, which notice constitutes a Mandatory Redemption Event and following which, the Notes will be subject to early redemption by the Issuer in accordance with Condition 20.6(c) (*Mandatory Redemption Event*);

Extraordinary Expenses Reduction means that the Issuer is due to pay to Noteholders any amount in respect of principal or other amounts pursuant to the applicable Final Terms, the Issuer has due and payable amounts in respect of Extraordinary Expenses, the Calculation Agent acting on behalf of the Issuer shall, subject to Extraordinary Expenses Reduction Objection, reduce such amounts otherwise payable to Noteholders by an amount in aggregate equal to such Extraordinary Expenses so as to permit the Issuer to satisfy such Extraordinary Expenses and such reduction in amounts otherwise due to Noteholders shall not constitute an Event of Default nor will the Noteholders at any time have any right to receive any or all of the amount so deducted (such a reduction of amounts otherwise payable to the Noteholders);

Final Collateral Value means, in respect of a Series of Collateral-Backed Notes, the Collateral Value in respect of the Collateral Pool which secures such Series as determined by the Collateral Monitoring Agent on the Collateral Test Date immediately preceding the delivery of the relevant Collateral Enforcement Notice *less* any amounts payable to the Secured Parties ranking prior to the holders of Non-Waived Secured Notes in accordance with the Order of Priority specified in the applicable Final Terms, subject to the right of all (but not some only) of the Noteholders to elect by notice in writing (which notice shall be deemed to be irrevocable) to pay their *pro rata* share of such amounts payable to the prior-ranking Secured Parties;

Final Required Collateral Value means the Required Collateral Value for a Series of Secured Notes as calculated by the Collateral Monitoring Agent on the Collateral Test Date immediately preceding the delivery of a Collateral Enforcement Notice;

First Level Revised Collateral Test Notice has the meaning given to it in Condition 20.3(e) of these Terms and Conditions of Structured Notes;

Full Repayment means, in respect of each and every Secured Note of a Series of Pass-Through Notes, the Issuer has paid in full to the relevant Noteholders the Pass-Through Final Redemption Amount and any accrued Pass-Through Interest Amount and that no more amounts are expected (in the sole determination of the Issuer) to be paid by the Issuer in respect of the relevant Series of Pass-Through Notes;

Fund Disruption Event means, in relation to any fund share comprised in the Collateral Pool in respect of a Series of Secured Notes, that a Collateral Substitution Event that is deemed to occur where any Fund Share Event, Potential Adjustment Event or Extraordinary Event occurs. For these purposes: (i) the characterisation of any Collateral Asset(s) as a fund share will be as determined by the Calculation Agent which and each such item will be deemed to be a "Fund Share" for the purposes of Condition 8 (Terms for Fund Linked Notes (basket of funds)) of the Terms and Conditions of Structured Notes (Condition 8); (ii) each of "Fund Share Event", "Potential Adjustment Event" and "Extraordinary Event" has the meaning given to it respectively in Condition 8; and (iii) elections in relation to each such fund share that for purposes of Condition 8 are as specified in the applicable Final Terms will be as determined by the Calculation Agent as appropriate to reflect the nature of the fund share, *provided that*: (x) each of Fund Share Event, Potential Adjustment Event and Extraordinary Event (and each component definition thereof) will be deemed to apply; and (y) the "AUM Trigger Percentage", "AUM Observation Period", "Volatility Trigger Percentage", "Volatility Trigger Period" and "NAV Observation Period" for these purposes will be as specified in the applicable Final Terms in relation to the relevant Series of Secured Notes;

GMSLA Pledgee has the meaning given to it in Condition 20.6(j)(A) of these Terms and Conditions of Structured Notes;

GMSLA Pledgor has the meaning given to it in Condition 20.6(j)(A) of these Terms and Conditions of Structured Notes;

Government Authority means any nation, state or government, any province or other political subdivision thereof, any body, agency or ministry, any monetary or foreign exchange or other authority, court, tribunal or other instrumentality and any other entity exercising executive, legislative, judicial, regulatory or administrative functions of or pertaining to government;

Guaranteed Early Redemption Amount means, in respect of a Note comprised in a Series of Collateral-Linked Notes and in respect of which "Structure 2" or "Structure 4" is indicated as "~~Applicable~~" in the applicable Final Terms and "~~Secured Notes Guarantee~~" is also specified as "~~Applicable~~" in the applicable Final Terms, an amount equal to the lesser of:

- (a) ~~the sum of the Calculation Formula Early Redemption Amount payable by the Issuer in respect of such Note, less the amount of such Calculation Formula Early Redemption Amount actually paid by the Issuer in respect of that Note; and~~
- (b) the Maximum Liability (as defined in the form of the Secured Notes Guarantee),
- (c) ~~*provided that*, for the purposes of determining any Calculation Formula Early Redemption Amount, the provisions of Condition 20.2(f) (*Segregation between Collateral Pools, Limited Recourse and Non-Petition*) shall be deemed not to apply and all amounts payable to the Secured Parties ranking prior to the Noteholders in accordance with the applicable Order of Priority shall be deemed to have been paid in full;~~

Haircut means, if specified as applicable in the applicable Final Terms, the percentage amount by which the value of each type of Collateral Asset contained in a Collateral Pool is discounted to reflect the risk of a depreciation in the value of Collateral Assets in the period between the most recent Collateral Test

Date and the date on which such Collateral Assets may be realised, as specified in the applicable Final Terms. For the avoidance of doubt, the applicable Final Terms may specify one Haircut value per type or class of Collateral Asset;

Hedging Agreement has the meaning given to it in Condition 20.6(j)(A) of these Terms and Conditions of Structured Notes;

Hedging Counterparty has the meaning given to it in Condition 20.6(j)(A) of these Terms and Conditions of Structured Notes;

Hedging Counterparty Order of Priority means the Order of Priority shall follow the order (a), (b), (c), (d), (e) and (f) below:

- (a) to pay or satisfy all Liabilities incurred by or payable by the Issuer or Guarantor (if applicable), in relation to the Relevant Secured Notes, on a *pro rata* and *pari passu* basis to the Security Trustee, the Security Agent or the Representative of the Masse (which shall include any taxes required to be paid, the costs of realising any security (including the distribution of enforcement proceeds and/or, where Physical Delivery of Collateral Assets is specified as "Applicable" in the applicable Final Terms, Delivery of the Collateral Assets Entitlement to the Noteholders of the related Secured Notes) and the remuneration of the Security Trustee or the Security Agent (as the case may be));
- (b) to pay or satisfy all Liabilities incurred by or payable by the Issuer or Guarantor (if applicable), in relation to the Relevant Secured Notes, to the Disposal Agent (which shall include any taxes required to be paid, the costs of realising any security (including the distribution of enforcement proceeds and/or, where Physical Delivery of Collateral Assets is specified as "Applicable" in the applicable Final Terms, Delivery of the Collateral Assets Entitlement to the Noteholders of the related Secured Notes) and the remuneration of the Disposal Agent);
- (c) to pay (on a *pro rata* and *pari passu* basis) any amounts due to be paid or reimbursed to the Agents (as applicable) and the Collateral Custodian, the Collateral Account Bank and/or the Collateral Netting Agent (in each case, if applicable);
- (d) to pay (on a *pro rata* and *pari passu* basis) the claims (if any) of each Counterparty under its respective Hedging Agreement relating to the relevant Series of Secured Notes;
- (e) to pay (on a *pro rata* and *pari passu* basis) any amounts due to holders of Secured Notes; and
- (f) to pay the balance (if any) to the Issuer;

Holder Order of Priority means that the Order of Priority shall follow the order (a), (b), (c), (d), (e) and (f) below:

- (a) to pay or satisfy all Liabilities incurred by or payable by the Issuer or Guarantor (if applicable), in relation to the Relevant Secured Notes, on a *pro rata* and *pari passu* basis to the Security Trustee, the Security Agent or the Representative of the Masse (which shall include any taxes required to be paid, the costs of realising any security (including the distribution of enforcement proceeds and/or, where Physical Delivery of Collateral Assets is specified as "Applicable" in the applicable Final Terms, Delivery of the Collateral Assets Entitlement to the Noteholders of the related Secured Notes) and the remuneration of the Security Trustee or the Security Agent (as the case may be));
- (b) to pay or satisfy all Liabilities incurred by or payable by the Issuer or Guarantor (if applicable), in relation to the Relevant Secured Notes, to the Disposal Agent (which shall include any taxes required to be paid, the costs of realising any security (including the distribution of enforcement proceeds and/or, where Physical Delivery of Collateral Assets is specified as "Applicable" in

the applicable Final Terms, Delivery of the Collateral Assets Entitlement to the Noteholders of the related Secured Notes) and the remuneration of the Disposal Agent);

- (c) to pay (on a *pro rata* and *pari passu* basis) any amounts due to be paid or reimbursed to the Agents (as applicable) and the Collateral Custodian, the Collateral Account Bank and/or the Collateral Netting Agent (in each case, if applicable);
- (d) to pay (on a *pro rata* and *pari passu* basis) any amounts due to holders of Secured Notes;
- (e) to pay (on a *pro rata* and *pari passu* basis) the claims (if any) of each Counterparty under its respective Hedging Agreement relating to the relevant Series of Secured Notes; and
- (f) to pay the balance (if any) to the Issuer;

Increase in the Cost of Agents' Fees means, where Collateral Asset means a Collateral Loan, that: (a) the amount of fees charged by the Agents or any body duly appointed under a Series of Secured Notes to the Issuer in respect of the Notes; or (b) the Loan Servicing and Collection Fee is amended;

Initial Collateral Asset Replacement Assets means assets that comply with the Initial Collateral Assets Matrix that are not in all respects Equivalent Initial Collateral Assets;

Initial Collateral Assets means, in relation to a Series Collateral-Linked Notes in respect of which "Structure 4" is specified as "Applicable" in the applicable Final Terms, Collateral Assets that comply with the Initial Collateral Assets Matrix and which may be lent from time to time by the Issuer to the relevant Securities Lending Counterparty under the applicable Securities Lending Agreement;

Initial Collateral Assets Matrix means, in relation to a Series Collateral-Linked Notes in respect of which "Structure 4" is specified as "Applicable" in the applicable Final Terms, the collateral universe set out in such Final Terms in respect of the Initial Collateral Assets;

Initial New Collateral-Linked Note Collateralisation Percentage Collateral Test Date has the meaning given to it in Condition 20.6(j)(D) of these Terms and Conditions of Structured Notes;

Initial New Collateralisation Percentage Collateral Test Date has the meaning given to it in Condition 20.3(c)(D) of these Terms and Conditions of Structured Notes;

Interest Payment Date means, in respect of a Series of Pass-Through Notes, the Business Day falling the number of Business Days specified in the applicable Final Terms after the day on which the Issuer has received in full the related Underlying Distribution Amount(s);

Issue Deed means, in relation to any Series of Secured Notes, the issue deed entered into on the Issue Date by the Issuer and the other parties thereto;

Liability means any loss, damage, cost, fee, charge, claim, demand, expense, judgment, action, proceeding or other liability whatsoever (including, without limitation, in respect of taxes, duties, levies, imposts and other charges and all legal fees and disbursements incurred in defending or disputing any of the foregoing) and including any value added tax or similar tax charged or chargeable in respect thereof and legal fees and expenses on a full indemnity basis (and Liabilities shall be construed accordingly);

Loan Termination Event means that the relevant Servicing Agreement or any other Loan Transaction Document has been terminated or the Servicer has breached any of its material obligations under the Servicing Agreement which, if capable of remedy, has not been remedied within 10 Business Days of the earlier of: (x) the Servicer becoming aware of such breach; and (y) the Issuer notifying the Servicer of such breach;

Loan Transaction Document means each transaction document (howsoever described) entered into in connection with a Collateral Loan;

Loan Servicing and Collection Fee in relation to a Series of Notes, has the meaning given to such term in the applicable Final Terms;

Loan Registrar means NCIBL, NATIXIS or any other entity or body duly appointed from time to time by the Issuer as specified in the applicable Final Terms, or any successor to any of such entities which would be substituted;

Mandatory Redemption Event means, in relation to a Series of Collateral-Linked Notes, a Default-Related Mandatory Redemption Event or a Non-Default Related Mandatory Redemption Event;

Master Collateral Agency Terms means the master collateral agency terms, March 2024 Edition (or such other edition as specified in the applicable Issue Deed);

Master Collateral Monitoring Agency Terms means the master collateral monitoring agency terms March 2024 Edition (or such other edition as specified in the applicable Issue Deed);

Master Collateral Netting Agency Terms means the master collateral netting agency terms March 2024 Edition (or such other edition as specified in the applicable Issue Deed);

Master Deed of Charge Terms means the master deed of charge terms March 2024 Edition (or such other edition as specified in the applicable Issue Deed);

Master Disposal Agency Terms means the master disposal agency terms March 2024 Edition (or such other edition as specified in the applicable Issue Deed);

Master Pledge Terms means the master pledge terms March 2024 Edition (or such other edition as specified in the applicable Issue Deed);

Master Securities Valuation Agency Terms means the master securities valuation agency terms March 2024 Edition (or such other edition as specified in the applicable Issue Deed);

Master Security Agency Terms means the master security agency terms March 2024 Edition (or such other edition as specified in the applicable Issue Deed);

Master Trust Terms means the master trust terms March 2024 Edition (or such other edition as specified in the applicable Issue Deed);

Max (MV, NV) Collateralisation has the meaning given to it in Condition 20.3(c) (*Required Collateral Value in respect of Collateral-Backed Notes*) of these Terms and Conditions of Structured Notes;

Min (MV, NV) Collateralisation has the meaning given to it in Condition 20.3(c) (*Required Collateral Value in respect of Collateral-Backed Notes*) of these Terms and Conditions of Structured Notes;

Monetisation means, if "Monetisation" is specified as "Applicable" in the applicable Final Terms, and a Monetisation Event occurs and Essential Trigger is specified as:

- (i) "Not Applicable" in the applicable Final Terms, that in respect of the Final Redemption Amount, any Early Redemption Amount and any Secured Note interest amount, the Issuer shall no longer be liable for the payment: (i) on any Interest Payment Date following the occurrence of a Monetisation Event, of the Secured Note interest amount initially scheduled to be paid on such Interest Payment Date(s); (ii) on any Early Redemption Date, of the Early Redemption Amount initially scheduled to be paid on the Early Redemption Date; and (iii) on the Maturity Date, of the Final Redemption Amount initially scheduled to be paid on the Maturity Date, but instead will, in full and final satisfaction and discharge of its obligations of payment under the Notes, pay on the Early Redemption Date (if any) or (if no Early Redemption Date has occurred) the Maturity Date an amount per Secured Note as calculated by the Calculation Agent as of the Monetisation Date until the Maturity Date (the **Monetisation Amount**) equal to the product of:
 - (A) the fair market value of a Secured Note based on the market conditions prevailing at the Monetisation Date and adjusted to account fully for any reasonable expenses and

costs of unwinding any underlying and/or related hedging and funding arrangements (including, without limitation, any equity options, equity swaps or other instruments of any type whatsoever hedging the Issuer's obligations under the Secured Notes); and

(B) the Monetisation Formula.

In respect of any Secured Notes interest amount, for the purposes of determining the Monetisation Amount, no accrued unpaid interest shall be payable but shall be taken into account in calculating the fair market value of each Secured Note.

With:

Monetisation Date meaning the date as of which the Monetisation provisions shall be effective, as determined by the Calculation Agent in its sole and absolute discretion and which shall be no earlier than the date of occurrence of the relevant Monetisation Event.

Monetisation Event meaning any redemption where "Monetisation" is specified as "Applicable" in the applicable Final Terms.

Monetisation Formula meaning the following formula:

$$(1 + r)^n$$

where:

r is an Interest Rate specified in the applicable Final Terms; and

n means the period in years from the Monetisation Date to the Maturity Date with "(1+r)^n" meaning that "(1+r)" is multiplied by itself "n-1" times. (e.g.: (1+r)⁵ means the fair market value of a Secured Note x (1+r) x (1+r) x (1+r) x (1+r) x (1+r)).

If "Monetisation Floor" is specified as "Applicable" in the applicable Final Terms, the Noteholders will receive no less than the amount of the Specified Denomination in the event of the application of the Monetisation Formula.

- (ii) "Applicable" in the applicable Final Terms, that Condition 6(n) (Early Redemption where Essential Trigger is specified as applicable in the Final Terms) of the Terms and Conditions of the English Law Notes or Condition 6(l) (Early Redemption where Essential Trigger is specified as applicable in the Final Terms) of the Terms and Conditions of the French Law Notes, as applicable, applies;

Multiple Series Collateral Pool has the meaning given to it in Condition 20.2(e)(B) of these Terms and Conditions of Structured Notes;

MV Collateralisation has the meaning given to it in Condition 20.3(c) (*Required Collateral Value in respect of Collateral-Backed Notes*) of these Terms and Conditions of Structured Notes;

Non-Default Related Mandatory Redemption Event means, in each case, if specified as "Applicable" in the applicable Final Terms:

- (A) a Change in Law;
- (B) a Collateral-Linked Note Taxation Event;
- (C) a Collateral Asset Default;
- (D) a Collateral Disruption Event;
- (E) a Costs and Charges Alteration Event;
- (F) a Debtor or Servicer Illegality Event;

- (G) a Debtor or Servicer Insolvency Event;
- (H) a Debtor or Servicer Tax Event;
- (I) an Early Redemption Event;
- (J) a Loan Termination Event;
- (K) a Pass-Through Termination Event;
- (L) a Secured Note Hedging Event; and/or
- (M) a Secured Note Non-Default Related Hedging Termination Event;

Non-Realised Collateral Assets has the meaning given to it in Condition 20.4(g) of these Terms and Conditions of Structured Notes;

Non-Waived Secured Notes has the meaning given to it in Condition 20.3(b) of these Terms and Conditions of Structured Notes;

NV Collateralisation has the meaning given to it in Condition 20.3(c) (Required Collateral Value in respect of Collateral-Backed Notes) of these Terms and Conditions of Structured Notes;

Obligor means, as the case may be, an issuer, guarantor (if any), borrower (including a Collateral Loan Debtor), depositor or fund (including any general partner acting on its behalf) of any Collateral Asset;

OECD means the Organisation for Economic Co-operation and Development;

Other Hedging Counterparty has the meaning given to it in Condition 20.6(j)(A) of these Terms and Conditions of Structured Notes;

Order of Priority means the order specified in the applicable Final Terms, following which the Security Trustee or the Security Agent (as applicable) shall apply moneys received following enforcement of the Security Agreements in accordance with Condition 20.4 of these Terms and Conditions of Structured Notes. The Order of Priority may be the Standard Order of Priority, the Holder Order of Priority or the Hedging Counterparty Order of Priority. Any reference to a Repo Counterparty, Swap Counterparty, GMSLA Pledgee or Other Hedging Counterparty in an Order of Priority will be deemed not to apply if the "Type of Secured Notes" is specified in the applicable Final Terms as "Collateral-Backed Notes";

Owed Amount has the meaning given to it in Condition 20.4(f) of these Terms and Conditions of Structured Notes;

Partial Redemption Amount means, in respect of each Secured Note of any relevant Series of Pass-Through Notes, an amount equal to: (i) the relevant Underlying Principal Payments *less* an amount equal to the absolute value of the number of which the aggregate of the Pass-Through Interest Amounts of each Secured Note of the relevant Series would have been less than zero but for the proviso set out in the definition of Pass-Through Interest Amount (which amount shall be applied towards the payment of any amounts payable to the Secured Parties ranking prior to the Noteholders in accordance with the Order of Priority specified in the applicable Final Terms; *divided by* (ii) the aggregate number of the outstanding Secured Notes, *provided that* such amount may not be less than zero);

Partial Redemption Date means, in respect of a Series of Pass-Through Notes, the Business Day falling the number of Business Days specified in the applicable Final Terms after the day on which the Issuer has received any Underlying Principal Payment;

Pass-Through Final Redemption Amount means, in respect of each Secured Note of a Series of Pass-Through Notes, an amount equal to: (a)(1) the cash amounts received by the Issuer in connection with: (i) the final repayment of the principal (howsoever described) in respect of the relevant Collateral Asset(s); and/or (ii) the assignment by the Issuer of its rights, title and interest in, to and under the relevant

Collateral Asset(s); and/or (iii) the enforcement of the relevant Collateral Asset(s) or any related interest in connection therewith; *less* (2) an amount equal to the absolute value of the number of which the aggregate of the Pass-Through Interest Amounts of each Secured Note of the relevant Series would have been less than zero but for the proviso set out in the definition of Pass-Through Interest Amount (which amount shall be applied towards the payment of any amounts payable to the Secured Parties ranking prior to the Noteholders in accordance with the Order of Priority specified in the applicable Final Terms; *divided by* (b) the aggregate number of outstanding Secured Notes of the relevant Series);

Pass-Through Interest Amount means, in respect of a Series of Pass-Through Notes and on any relevant Interest Payment Date, an amount in respect of each Secured Note that is equal to: (i) the Underlying Distribution Amount(s) received by the Issuer in respect of such Interest Payment Date less any amounts payable to the Secured Parties ranking prior to the Noteholders in accordance with the Order of Priority specified in the applicable Final Terms; *divided by* (ii) the aggregate number of the outstanding Secured Notes of such Series, *provided that* such amount may not be less than zero. For the avoidance of doubt, the Noteholders in respect of any relevant Series of Secured Notes will not be entitled to any additional interest or other payment for the delay in the payment of any Interest Amount. Any such delay by itself shall not constitute a Mandatory Redemption Event;

Pass-Through Notes means Collateral-Linked Notes in respect of which "Structure 1" is specified as "Applicable" in the applicable Final Terms;

Pass-Through Termination Event means, in respect of the Collateral Assets comprised in the Collateral Pool in respect of a Series of Pass-Through Notes:

- (1) either the Issuer or the relevant Obligor fails to perform or observe any of its material obligations under the terms of such Collateral Asset(s) if such failure is not remedied prior to the expiry of any relevant grace period; and/or
- (2) any order has been made by any competent court or any resolution has been passed for the winding-up or dissolution of the relevant Obligor or an order is made for the bankruptcy of that Obligor or the Obligor becomes insolvent or is adjudicated or found bankrupt;

Physical Delivery of Collateral Assets has the meaning given to it in Condition 20.4(h) of these Terms and Conditions of Structured Notes;

Physical Delivery of Collateral Assets Disruption Event means, in relation to any Collateral Assets securing a relevant Series of Collateral-Backed Notes or Collateral-Linked Notes, as the case may be, any event beyond the control of the Issuer, the Collateral Agent, the Disposal Agent, the Security Trustee or the Security Agent, as applicable, as a result of which the Issuer, Security Trustee or Security Agent (as applicable), Collateral Agent, Disposal Agent or relevant Clearing System (as specified as the applicable "Collateral Assets Clearing System" in the applicable Final Terms), as the case may be, cannot Deliver some or all of the Collateral Assets Entitlement required to be delivered pursuant to the terms of these Terms and Conditions of Structured Notes;

Pledge Agreement has the meaning given to it in Condition 20.2(a) of these Terms and Conditions of Structured Notes;

Pledge GMSLAs has the meaning given to it in Condition 20.6(j)(A) of these Terms and Conditions of Structured Notes and **Pledge GMSLA** means any of them;

Pool Aggregate Final Required Collateral Value means, in respect of a Series of Secured Notes secured by a Multiple Series Collateral Pool, the aggregate of the Final Required Collateral Value of each Series of Secured Notes which is secured by such Collateral Pool;

Post Dispute Collateral Test Notice has the meaning given to it in Condition 20.3(e) of these Terms and Conditions of Structured Notes;

Pricing Letter in relation to a Series of Secured Notes and the applicable Deed of Transfer, means the letter addressed from NATIXIS as a transferor to the Issuer as transferee with supplements such Deed of Transfer, in substantially the form scheduled to the Receivables Purchase Agreement;

Priority Secured Party means at any applicable time: (i) if Hedging Counterparty Order of Priority is specified as "Applicable" in the applicable Final Terms, the relevant Counterparty or, in the case of more than one Counterparty, the Counterparties; or (ii) if Standard Order of Priority or Holder Order of Priority is specified as "Applicable" in the applicable Final Terms, the Noteholders, *provided that* if a Default-Related Mandatory Termination Event has occurred and is continuing at the relevant time, the Priority Secured Party shall be the Noteholders, *provided further that* if no sums are at the applicable time owing to the relevant Counterparty or, in the case of more than one Counterparty, Counterparties or the Noteholders (as the case may be), it shall mean the next highest ranking party (or parties) as set out in the relevant Order of Priority;

Receivables Purchase Agreement means the agreement entered into between, *inter alios*, the Issuer and NATIXIS in respect of any Acquired Receivable;

Received Collateral means Collateral Assets that have been transferred to the relevant Counterparty by the Issuer pursuant to the relevant Hedging Agreement;

Relevant Issue Date means, in respect of a Series of Secured Notes, the Issue Date specified in the applicable Final Terms or, where such Series benefits from a Multiple Series Collateral Pool, as specified in the first such Final Terms relating to any Series of Secured Notes benefiting from such Multiple Series Collateral Pool;

Relevant Secured Notes means the Secured Notes of each Series of Secured Notes secured by the same Collateral Pool. For the avoidance of doubt, the Collateral Pool in respect of any Series of Collateral-Linked Notes will always be a Single Series Collateral Pool;

Repo Counterparty has the meaning given to it in Condition 20.6(j)(A) of these Terms and Conditions of Structured Notes;

Representative of the Masse means, for the purposes of this Condition 20, F&S Financial Services or any successor or replacement appointed as Representative in respect of any relevant Series of French Law Notes;

Repurchase Agreements has the meaning given to it in Condition 20.6(j)(A) of these Terms and Conditions of Structured Notes and Repurchase Agreement means any of them;

Required Collateral Default means that:

- (a) following receipt of a Collateral Monitoring Agent Notice which indicates that the Collateral Test is not satisfied (or will not be satisfied after taking into account any adjustments specified in a Collateral Test Notice):
 - (i) no First Level Revised Collateral Test Notice or Dispute Notice has been sent; or
 - (ii) no Second Level Revised Collateral Test Notice or Dispute Resolution Procedure Notice has been sent; or
 - (iii) no Post Dispute Collateral Test Notice has been sent,
 in each case on or before the fifth Collateral Business Day following the date on which the Collateral Agent had the obligation to send such notice contemplated in sub-paragraph (i), (ii) or (iii) (as applicable) to the Collateral Monitoring Agent; or
- (b) the Issuer or the Collateral Agent (on behalf of the Issuer) fails to deliver the additional necessary Collateral Assets within any relevant Required Settlement Period and such failure

results in the Collateral Test not being satisfied for five (5) consecutive Collateral Business Days following the end of such Required Settlement Period (when determining whether the Collateral Test has been so satisfied, only Collateral Assets which have actually been transferred to the relevant Collateral Account shall be taken into account);

Required Collateral Default Notice means a notice from the Collateral Monitoring Agent to the Issuer, the Guarantor (if applicable), the Fiscal Agent, the Disposal Agent, the Collateral Agent, the Collateral Custodian, the Collateral Account Bank and the Security Trustee or the Security Agent (as the case may be), specifying that a Required Collateral Default has occurred;

Required Collateral Value has the meaning given to it in Condition 20.3(c) (*Required Collateral Value in respect of Collateral-Backed Notes*) of these Terms and Conditions of Structured Notes;

Required Settlement Period has the meaning given to it in Condition 20.3(f) of these Terms and Conditions of Structured Notes;

Residual Proceeds Amount has the meaning given to it in Condition 20.4(h) of these Terms and Conditions of Structured Notes;

Retained Monies means any monies received by the Collateral Custodian or the Collateral Account Bank (as the case may be) or by any person for the Collateral Custodian's account or the Collateral Account Bank's account (as applicable) in respect of the Collateral Assets (together with any interest accrued or accruing thereon) which had been retained by the Collateral Custodian or the Collateral Account Bank (as applicable) in respect of the Issuer;

Second Level Revised Collateral Test Notice has the meaning given to it in Condition 20.3(e) of these Terms and Conditions of Structured Notes;

Secured Liabilities means, in respect of any Series of Secured Notes, any and all monies, obligations and liabilities and all other amounts due, owing, payable or owed by the Issuer to the Secured Parties under the Relevant Secured Notes and/or the Transaction Documents and references to Secured Liabilities include references to any of them;

Secured Note Acceleration Event means the delivery of a written notice by (in the case of English Law Notes) the Noteholders acting by way of Extraordinary Resolution or (in the case of French Law Notes) the Representative of the Masse acting pursuant to a request from a Noteholder, in each case, to the Issuer, the Fiscal Agent, the Guarantor (if applicable) and the Security Trustee or the Security Agent (as applicable) that the Secured Notes held by (in the case of English Law Notes) such Noteholder(s) or (in the case of French Law Notes) by the Noteholder(s) represented by the Representative of the Masse, as the case may be, are immediately due and repayable at their Early Redemption Amount;

Secured Note Default-Related Hedging Termination Event means, in relation to a Series of Collateral-Linked Notes, a Hedging Agreement is terminated due to a Default of a Counterparty (and not upon, for the avoidance of doubt, a scheduled termination of such Hedging Agreement or upon the occurrence of an Early Redemption Event) and is not replaced within 5 days from such termination, to the satisfaction, and with the prior written approval, of the Security Trustee or the Security Agent, as applicable (acting on the instructions of the Priority Secured Party);

Secured Note Hedging Event means the occurrence of either of the following events or circumstances arising due to any reason (including but not limited to the adoption of, application of or change of any applicable law or regulation after the Issue Date):

- (A) it becomes illegal, impossible or impracticable for the Issuer or a Counterparty to:

- (i) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) it deems necessary to hedge its obligations with respect to the relevant Notes or a Transaction Document (a **Hedging Transaction**); or
 - (ii) realise, recover or remit the proceeds of any such Hedging Transaction; or
- (B) the Issuer or a Counterparty would be subject to an increased cost (as compared to the circumstances existing on the Issue Date) in entering into, maintaining or disposing any Hedging Transaction (including, but not limited to, any internal cost arising as a result of compliance with any applicable law or regulation) or in realising, recovering or remitting the proceeds of any such Hedging Transaction,

in each case as determined by the Calculation Agent in its sole and absolute discretion;

Secured Note Market Value has the meaning given to it in Condition 20.3(a)(B) of these Terms and Conditions of Structured Notes;

Secured Note Non-Default Related Hedging Termination Event means, in relation to a Series of Collateral-Linked Notes, a Hedging Agreement is terminated other than as a result of Secured Note Default-Related Hedging Termination Event and is not replaced within 5 days from such termination, to the satisfaction, and with the prior written approval, of the Security Trustee or the Security Agent, as applicable (acting on the instructions of the Priority Secured Party);

Secured Parties means the parties referred to in the relevant Order of Priority as specified in the applicable Final Terms (each, a **Secured Party**);

Securities Lending Agreements has the meaning given to it in Condition 20.6(j)(A) of these Terms and Conditions of Structured Notes and **Securities Lending Agreement** means any of them;

Securities Lending Counterparty has the meaning given to it in Condition 20.6(j)(A) of these Terms and Conditions of Structured Notes;

Securities Lending Maturity Date means the Maturity Date;

Securities Lending Termination Value means the net settlement amount, as determined by the calculation agent in accordance with the relevant Securities Lending Agreement, payable by the Issuer or the Securities Lending Counterparty (as applicable), such net settlement amount being established by determining the default market value of the securities to be delivered and any cash to be paid between the parties, and setting off the sums due from one party to the other to determine a balance payable by one party to the other;

Securities Valuation Agency Agreement has the meaning given to it in Condition 20.2(c)(C) of these Terms and Conditions of Structured Notes;

Securities Valuation Agent has the meaning given to it in Condition 20.2(c)(C) of these Terms and Conditions of Structured Notes;

Security Agency Agreement has the meaning given to it in Condition 20.2(b)(B) of these Terms and Conditions of Structured Notes;

Security Agent has the meaning given to it in Condition 20.2(b)(B) of these Terms and Conditions of Structured Notes;

Security Agreements means the Pledge Agreement, any Security Trust Deed, any Security Agency Agreement, any Deed of Charge, and any Supplementary Security Document (in each case, as applicable);

Security Period means, in respect of a Series of Secured Notes, the period beginning on the date of the relevant Issue Deed and ending on the date on which all Secured Liabilities have been unconditionally and irrevocably paid and discharged in full;

Security Trustee has the meaning given to it in Condition 20.2(b)(A) of these Terms and Conditions of Structured Notes;

Security Trust Deed has the meaning given to it in Condition 20.2(b)(A) of these Terms and Conditions of Structured Notes;

Servicing Agreement in relation to a Series of Secured Notes, has the meaning given to such term in the applicable Final Terms;

Servicer in relation to a Series of Secured Notes, has the meaning given to such term in the applicable Final Terms;

Servicing and Collection Fee means the aggregate of: (a) the Loan Servicing and Collection Fee; and (b) any other fees, costs and expenses due from time to time by the Issuer to the Servicer pursuant to the relevant Servicing Agreement;

Single Series Collateral Pool has the meaning given to it in Condition 20.2(e)(A) of these Terms and Conditions of Structured Notes;

Standard Order of Priority means that the Order of Priority shall follow the order (a), (b), (c), (d), (e) and (f) specified below:

- (a) to pay or satisfy all Liabilities incurred by or payable by the Issuer or Guarantor (if applicable), in relation to the Secured Notes of the relevant Series, on a *pro rata* and *pari passu* basis to the Security Trustee, the Security Agent or the Representative of the Masse (which shall include any taxes required to be paid, the costs of realising any security (including the distribution of enforcement proceeds and/or, where Physical Delivery of Collateral Assets is specified as "Applicable" in the applicable Final Terms, Delivery of the Collateral Assets Entitlement to the Noteholders of the related Secured Notes) and the remuneration of the Security Trustee or the Security Agent (as the case may be));
- (b) to pay or satisfy all Liabilities incurred by or payable by the Issuer or Guarantor (if applicable), in relation to the Secured Notes of the relevant Series, to the Disposal Agent (which shall include any taxes required to be paid, the costs of realising any security (including the distribution of enforcement proceeds and/or, where Physical Delivery of Collateral Assets is specified as "Applicable" in the applicable Final Terms, Delivery of the Collateral Assets Entitlement to the Noteholders of the related Secured Notes) and the remuneration of the Disposal Agent);
- (c) to pay (on a *pro rata* and *pari passu* basis) any amounts due to be paid or reimbursed to the Agents (as applicable), Securities Valuation Agent (if applicable), the Collateral Agent (if applicable), the Collateral Custodian (if applicable), the Collateral Account Bank (if applicable) and the Collateral Monitoring Agent (if applicable);
- (d) to pay (on a *pro rata* and *pari passu* basis) any amounts due to holders of Non-Waived Secured Notes;
- (e) to pay (on a *pro rata* and *pari passu* basis) any amounts due to holders of Waived Secured Notes; and
- (f) to pay the balance (if any) to the Issuer;

Successor Collateral Assets means any asset which is substituted for an affected Collateral Asset pursuant to Condition 20.6(l)(B)(1) (*Substitution of a Collateral Asset upon the occurrence of a Collateral Substitution Event*) and which the Calculation Agent has identified as being in compliance with the Collateral Rules (or, if the Collateral Rules are not satisfied on such date, would maintain or improve the degree of contravention of the Collateral Rules) and the Eligibility Criteria;

Supplementary Security Document means any additional security document as may, from time to time, be required by the Security Trustee or the Security Agent, as applicable;

Swap Agreements has the meaning given to it in Condition 20.6(j)(A) of these Terms and Conditions of Structured Notes and **Swap Agreement** means any of them;

Swap Counterparty has the meaning given to it in Condition 20.6(j)(A) of these Terms and Conditions of Structured Notes;

Swap Market Value means the early termination amount (however described) determined in accordance with the provisions of the relevant Swap Agreement;

Trade Date means the date specified as the "Trade Date" in the applicable Final Terms;

Transaction Documents means in relation a relevant Series of Secured Notes, the Issue Deed, any Collateral Custodian Agreement (if Collateral Custodian Agreement is specified as "Applicable" in the applicable Final Terms), the Collateral Account Bank Agreement, the Disposal Agency Agreement, each Security Agreement and (if "Collateral-Linked Notes" is specified as "Applicable" in the applicable Final Terms and "Structure 2", "Structure 3" or "Structure 4" is specified as "Applicable" in the applicable Final Terms and, in each case, if specified as "Applicable" in such Final Terms) any Collateral Netting Agency Agreement and any Hedging Agreement(s) or (if "Collateral-Backed Notes" is specified as "Applicable" in the applicable Final Terms and, in each case, if specified as "Applicable" in such Final Terms) the Collateral Agency Agreement, the Collateral Monitoring Agency Agreement, the Securities Valuation Agency Agreement, in each case, entered into on or about the Relevant Issue Date, together with documents specified as "Additional Transaction Documents" in the applicable Final Terms;

Type of Collateralisation means MV Collateralisation, NV Collateralisation, Min (MV, NV) Collateralisation or Max (MV, NV) Collateralisation as specified in the applicable Final Terms;

Undeliverable Collateral Assets has the meaning given to it in Condition 20.4(i)(B) of these Terms and Conditions of Structured Notes;

Undelivered Equivalent Assets has the meaning given to it in Condition 20.6(j)(B) of these Terms and Conditions of Structured Notes;

Underlying Distribution Amount means any amounts in respect of interest and/or distribution payments (including, without limitation, any make-whole amount, default interest, penalties and/or credit enhancement payments with respect to interest payments (if any)) actually received by the Issuer in respect of or in connection with the relevant Collateral Asset(s);

Underlying Principal Payment means any and all payments received by the Issuer from time to time before the Maturity Date or the Early Redemption Date, (as applicable) that reduce the principal or nominal value of the relevant Collateral Asset(s) or any component thereof and Underlying Principal Payment means any one of them; and

Waived Secured Note has the meaning given to it in Condition 20.3(b) of these Terms and Conditions of Structured Notes.

20.2 DESCRIPTION OF THE PLEDGE AND THE COLLATERAL ARRANGEMENTS

(a) *Description of the Pledge Agreement*

Each Series of Secured Notes will benefit from a pledge agreement which will be governed by the Luxembourg act dated 5 August 2005 on financial collateral arrangements, as amended (the **Collateral Act 2005**), concluded between the Issuer, the Collateral Custodian, the Collateral Account Bank, and the Security Trustee (in relation to English Law Notes only) or the Security Agent (in relation to French Law Notes only) creating security over Collateral Assets contained in one or more collateral cash accounts held by the Issuer with the Collateral Account Bank (the **Collateral Cash Accounts**) and/or securities accounts held by the Issuer with the Collateral

Custodian (the **Collateral Securities Accounts**) (such accounts together being referred to as the **Collateral Accounts**) in favour of the Security Trustee on behalf of itself and the relevant Noteholders (in the case of English Law Notes) or directly in favour of the relevant Noteholders (grouped for the defense of their common interest in the Masse) as represented by the Security Agent acting in its capacity of agent of the Representative of the Masse of the Noteholders (in the case of French Law Notes), and with respect to Collateral Assets comprising a Multiple Series Collateral Pool as supplemented from time to time by an Extension Notice to extend the benefit of the pledge agreement to other Series or Tranches of Secured Notes. Such parties will enter into the relevant pledge agreement dated on or about the Relevant Issue Date by their execution of an Issue Deed that incorporates the Master Pledge Terms (as amended by the relevant Issue Deed) (each, a **Pledge Agreement**). Under each Pledge Agreement, the Issuer will grant first ranking security over the relevant Charged Assets to the Security Trustee or Security Agent, as applicable.

(b) **Description of the Security Trustee and the Security Agent**

(A) *Appointment of a Security Trustee in the case of English Law Notes*

In relation to each Series of English Law Notes secured pursuant to a Pledge Agreement, Aether Financial Services UK Limited, or any substitute or replacement thereof, (the **Security Trustee**) appointed as pledgee pursuant to such Pledge Agreement will enter into a security trust deed governed by English law on behalf of itself and the relevant Noteholders and the other relevant Secured Parties with the Issuer on or about the Relevant Issue Date, in each case by their execution of an Issue Deed that incorporates the Master Trust Terms (as amended by the relevant Issue Deed) (a **Security Trust Deed**). Under the terms of each Security Trust Deed, the Security Trustee will covenant that, *inter alia*, it will exercise its rights under the relevant Pledge Agreement on behalf of and as trustee for the Noteholders and the other relevant Secured Parties over the rights granted to it under the relevant Pledge Agreement. Additionally, the Secured Liabilities of the Issuer may be secured by any applicable Supplementary Security Document specified in the applicable Final Terms.

(B) *Appointment of a Security Agent in the case of French Law Notes*

In relation to each Series of French Law Notes secured pursuant to a Pledge Agreement, Aether Financial Services SAS, or any substitute or replacement entity thereof, (the **Security Agent**) is appointed by: (i) the Representative of the Masse of the Noteholders pursuant to paragraph two of Article L.228-53 of the French *Code de commerce*, Articles 1984 *et. seq* of the French *Code Civil*; and (ii) by the other Secured Parties pursuant to Articles 1984 *et. seq* of the French *Code Civil*, and in each case pursuant to such Pledge Agreement as agent (*Agent des sûretés*) of the Representative of the Masse of the Noteholders in order to take, create, manage, release and enforce the relevant Pledge Agreement and perform the duties of the Security Agent set out in these Terms and Conditions in each case for the benefit of the Masse pursuant to Article L.228-77 of the French *Code de commerce* and of the other Secured Parties.

The Security Agent and the Representative of the Masse will enter into a security agency agreement dated on or about the Relevant Issue Date governed by French law, pursuant to which the Security Agent is mandated, pursuant to Article L.228-53 of the French *Code de commerce*, to act as agent (*mandataire*) by the Representative of the Masse of the Noteholders acting as principal (*mandant*) within the framework of Article L.228-77 of the French *Code de commerce* and governing the role of the Security Agent in relation to the relevant Series of Secured Notes by their execution of

an Issue Deed incorporating the Master Security Agency Terms (as amended by the relevant Issue Deed) (the **Security Agency Agreement**).

By acquiring and holding French Law Notes that are Secured Notes, Noteholders of a Series of such Secured Notes will be deemed to agree and accept the appointment of the Security Agent by the Representative of the Masse and the other Secured Parties as agent of the Representative of the Masse of the Noteholders and of such other Secured Parties in respect thereof and will be deemed to have notice of the provisions of the relevant Pledge Agreement, the Security Agency Agreement and/or any applicable Supplementary Security Document. Additionally, the Secured Liabilities of the Issuer may be secured by any applicable Supplementary Security Document specified in the applicable Final Terms.

(C) *Deed of Charge*

If the Secured Notes of a Series of Secured Notes are French Law Notes, the Issuer and the Security Agent may enter into a deed of charge governed by English law dated on or about the Relevant Issue Date by their execution of an Issue Deed that incorporates the Master Deed of Charge Terms (as amended by the relevant Issue Deed) (the **Deed of Charge**). Under the terms of each Deed of Charge, the Issuer will grant first-ranking security in favour of the Security Agent over, *inter alia*, if "Collateral-Linked Notes" is specified as "Applicable" in the applicable Final Terms, its rights, title and interest in, to and under any relevant Hedging Agreements.

(c) *Description of the Collateral Arrangements*

(A) *Collateral Agency Agreement for Collateral-Backed Notes*

Where the "Type of Secured Notes" is specified as "Collateral-Backed Notes" then, pursuant to the terms of a collateral agency agreement governed by English law (the **Collateral Agency Agreement**) between, *inter alios*, the Issuer and NATIXIS or such other entities as the Issuer deems appropriate from time to time as specified in the applicable Final Terms, or any successor thereto acting as collateral agent (the **Collateral Agent**), dated on or about the Relevant Issue Date and entered into by their execution of an Issue Deed incorporating the Master Collateral Agency Terms (as amended by the relevant Issue Deed), the Collateral Agent will calculate on the Issue Date of each such Series of Secured Notes and on each Collateral Test Date thereafter the Collateral Value as set out in this Condition 20 (*Secured Notes Provisions*) of the Terms and Conditions of Structured Notes.

(B) *Collateral Monitoring Agency Agreement for Collateral-Backed Notes*

If the "Type of Secured Notes" is specified to be "Collateral-Backed Notes" in the applicable Final Terms, then pursuant to the terms of a collateral monitoring agency agreement governed by English law (the **Collateral Monitoring Agency Agreement**) between, *inter alios*, the Issuer and NATIXIS or such other entities as the Issuer deems appropriate from time to time as specified in the applicable Final Terms, acting as collateral monitoring agent or any successor thereto (the **Collateral Monitoring Agent**), dated on or about the Relevant Issue Date and entered into by their execution of an Issue Deed incorporating the Master Collateral Monitoring Agency Terms (as amended by the relevant Issue Deed), the Collateral Monitoring Agent shall, on each Collateral Test Date, calculate the Required Collateral Value and verify that the Collateral Test is satisfied.

(C) *Securities Valuation Agency Agreement for Collateral-Backed Notes*

If the "Type of Secured Notes" is specified to be "Collateral-Backed Notes" in respect of any Series of Secured Notes, then pursuant to the terms of a securities valuation agency agreement governed by English law (the **Securities Valuation Agency Agreement**) between, *inter alios*, the Issuer and NATIXIS or such other entities as the Issuer deems appropriate from time to time as specified in the applicable Final Terms, or any successor thereto (the **Securities Valuation Agent**) and, if applicable, any sub-agent of, or any other entity appointed by the Securities Valuation Agent, dated on or about the Relevant Issue Date and entered into by their execution of an Issue Deed incorporating the Master Securities Valuation Agency Terms (as amended by the relevant Issue Deed), the Securities Valuation Agent shall, on each Collateral Test Date, calculate one market value applicable to each Secured Note of such Series and provide such value to the Collateral Agent and the Collateral Monitoring Agent.

(D) *Collateral Netting Agency Agreement for Collateral-Linked Notes*

If the "Type of Secured Notes" is specified to be "Collateral-Linked Notes" in respect of any Series of Secured Notes in respect of which "Structure 2", "Structure 3" or "Structure 4" is specified as Applicable in the applicable Final Terms and "Collateral Netting Agency Agreement" is specified as "Applicable" in the applicable Final Terms, the Issuer and, *inter alios*, NATIXIS or such other entities as the Issuer deems appropriate from time to time as specified in the applicable Final Terms, acting as collateral netting agent or any successor thereto (the **Collateral Netting Agent**) shall enter into a collateral netting agency agreement governed by English law (the **Collateral Netting Agency Agreement**) dated on or about the Relevant Issue Date and entered into by their execution of an Issue Deed incorporating the Master Collateral Netting Agency Terms (as amended by the relevant Issue Deed). Under the terms of the relevant Collateral Netting Agency Agreement, the Collateral Netting Agent shall perform (*inter alia*) certain payment and delivery netting calculations in accordance with the terms of such Collateral Netting Agency Agreement, *provided that* each Collateral Netting Agency Agreement shall only come into effect on and from the date of receipt by NATIXIS of written notice to that effect from Issuer (the **CNAA Effective Date**) (for the avoidance of doubt, each Collateral Netting Agency Agreement entered into on or following the CNAA Effective Date shall automatically be in effect).

(E) *Collateral Custodian Agreement (all Secured Notes)*

In relation to each Series of Secured Notes in respect of which the "Collateral Custodian Agreement" is specified as "Applicable" in the applicable Final Terms, pursuant to the terms of a collateral custodian agreement governed by Luxembourg law (the **Collateral Custodian Agreement**) between, *inter alios*, the Issuer and BNP Paribas, Luxembourg branch, acting as collateral custodian or any successor thereto (the **Collateral Custodian**), and dated prior to the occurrence of any Relevant Issue Date (as amended, restated and/or modified from time to time), the Collateral Custodian will hold the Collateral Securities Accounts opened in its books in the name of the Issuer. In the event that "Collateral Custodian Agreement" is specified as "Not Applicable" in relation to any relevant Series of Secured Notes, the Issuer may specify an Alternative Collateral Custodian in the applicable Final Terms and references in these Conditions to the Collateral Custodian shall be deemed to be references to the Alternative Collateral Custodian.

(F) *Collateral Account Bank Agreement (all Secured Notes)*

In relation to each Series of Secured Notes, pursuant to a collateral account bank agreement governed by Luxembourg law (the **Collateral Account Bank Agreement**) between, *inter alios*, the Issuer and BNP Paribas, Luxembourg Branch, acting as collateral account bank or any successor thereto (the **Collateral Account Bank**), and dated prior to the occurrence of any Relevant Issue Date (as amended, restated and/or modified from time to time), the Collateral Account Bank will operate the Collateral Cash Accounts opened in its books in the name of the Issuer.

(G) *Disposal Agency Agreement (all Secured Notes)*

In relation to each Series of Secured Notes, pursuant to a disposal agency agreement governed by English law between the Issuer and, as applicable, the Security Trustee or the Security Agent, NATIXIS or such other entities as the Issuer deems appropriate from time to time as specified in the applicable Final Terms, or any successor thereto (the **Disposal Agent**) dated on or about the Relevant Issue Date and entered into by their execution of an Issue Deed incorporating the Master Disposal Agency Terms (as amended by the relevant Issue Deed) (the **Disposal Agency Agreement**), the Disposal Agent shall undertake the duties of disposal agent in respect of the Secured Notes. As such, it may dispose of all or some of the Collateral Assets on behalf of and only when instructed to do so by the Security Trustee or the Security Agent, as applicable. Following receipt of a Collateral Enforcement Notice, the Security Trustee or the Security Agent will enforce the security granted pursuant to the relevant Security Agreements, as applicable, and instruct the Disposal Agent to liquidate or realise the Collateral Assets and to distribute the Collateral Liquidation Proceeds Share or, in the case of Physical Delivery of Collateral Assets, to deliver the Collateral Assets, to the Noteholders.

(H) *Calculations and determinations (all Secured Notes)*

In relation to each issue of Secured Notes, the Collateral Service Providers act solely as agents of the Issuer, and do not assume any obligation or duty to, or any relationship of agency or trust for or with, the Noteholders.

All calculations and determinations made in respect of the Secured Notes by the Collateral Service Providers shall (save in the case of manifest error) be final, conclusive and binding on the Issuer, the Guarantor (if applicable), the Noteholders and the Security Trustee or the Security Agent.

Each of the Collateral Service Providers may, with the consent of the Issuer, delegate any of their obligations and functions to a third party as provided for in the Collateral Agency Agreement, Collateral Monitoring Agency Agreement, Collateral Netting Agency Agreement, Securities Valuation Agency Agreement, Collateral Custodian Agreement, Collateral Account Bank Agreement and Disposal Agency Agreement as applicable.

(d) *Description of the Collateral Assets*(A) *Collateral Assets in respect of Collateral-Backed Notes*

This Condition 20.2(d)(A) applies to Secured Notes specified as "Collateral-Backed Notes" only.

In relation to each Series of Secured Notes specified as "Collateral-Backed Notes", assets held in a Collateral Account and delivered to the Collateral Account Bank or the

Collateral Custodian (as applicable) are referred to as **Collateral Assets**. The Collateral Assets secured pursuant to the applicable Security Agreements are referred to as the **Collateral Pool**.

Such Collateral Assets contained in a Collateral Pool may comprise (as applicable):

- cash;
- debt securities (including, but not limited to, government bonds, corporate bonds, covered bonds and asset backed securities);
- equity securities or shares or units in a fund; and/or
- carbon emission allowances.

The initial Collateral Assets as of the Relevant Issue Date may be identified in the applicable Final Terms.

In relation to a Series of Secured Notes specified as "Collateral-Backed Notes", in order to be included in the calculation of the Collateral Value, Collateral Assets must satisfy the Eligibility Criteria specified in the applicable Final Terms.

(B) *Collateral Assets in respect of Collateral-Linked Notes*

This Condition 20.2(d)(B) applies to Secured Notes specified as "Collateral-Linked Notes" only.

In relation to each Series of Secured Notes specified as "Collateral-Linked Notes", the Collateral Assets shall be of the nature described in the applicable Final Terms and shall comply with the relevant Eligibility Criteria specified in the applicable Final Terms on the Relevant Issue Date. The initial Collateral Assets as of the Relevant Issue Date will be identified in such Final Terms. The Collateral Assets securing the Secured Notes of a Series of Collateral-Linked Notes that are secured pursuant to the applicable Security Agreements are referred to as the **Collateral Pool**.

Such Collateral Assets contained in a Collateral Pool may non-exhaustively comprise (as applicable):

- cash;
- bank deposits;
- debt securities (including, but not limited to, government bonds, corporate bonds, covered bonds, convertible bonds and asset backed securities);
- equity securities or shares or units in a fund;
- any other negotiable financial instruments (including, without limitation, warrants);
- commodities (including, without limitation, carbon emission allowances);
- loans; and/or
- any other public asset in a securitised or other contractual form which NCIBL is allowed to purchase, receive or hold.

In relation to a Series of Secured Notes specified as "Collateral-Linked Notes" where "Substitution of Collateral Assets" is specified as "Applicable", in order to be Successor Collateral Assets such must satisfy the Eligibility Criteria specified in the applicable Final Terms.

(C) *Eligibility Criteria (all Secured Notes)*

Collateral Assets satisfying the relevant Eligibility Criteria are referred to as **Eligible Collateral Assets**.

The Eligibility Criteria specified in the applicable Final Terms, may include limitations on the type of Collateral Assets that may be held, the maturity of the Collateral Assets, the liquidity of the Collateral Assets, requirements regarding the jurisdiction of the obligor of the Collateral Assets or its guarantor or the credit rating of the obligor of the Collateral Assets or its guarantor and/or any other limitations, restrictions and/or requirements concerning the Collateral Assets.

In addition to the Eligibility Criteria, the applicable Final Terms, will set out the collateral rules which must be satisfied in order for the Collateral Test to be satisfied (the **Collateral Rules**). The Collateral Rules may include requirements relating to the diversification of types of Eligible Collateral Assets, the concentration of the Eligible Collateral Assets, the geographical location of the Eligible Collateral Assets or the currency of the Eligible Collateral Assets which may be held in a Collateral Pool and/or any other limitations, restrictions and/or requirements concerning the Eligible Collateral Assets contained in the relevant Collateral Pool as may be specified in the applicable Final Terms.

In relation to Secured Notes specified as "Collateral-Backed Notes" only, the Collateral Rules relating to a particular Collateral Pool will be satisfied to the extent that Eligible Collateral Assets with a Collateral Value at least equal to the Required Collateral Value together satisfy the Collateral Rules.

(D) *Delegation to Collateral Agent for Collateral-Backed Notes*

Where the "Type of Secured Notes" is specified as "Collateral-Backed Notes", then the Issuer may, pursuant to the terms of the Collateral Agency Agreement, delegate to the Collateral Agent the role of managing each Collateral Pool to comply with the requirements of these Terms and Conditions of Structured Notes (including, but not limited to, compliance with Conditions 20.3(d) and 20.3(e)).

(E) *Written request by a Noteholder (all Secured Notes)*

Upon reasonable written request by any Noteholder holding Secured Notes of any relevant Series of Secured Notes (*provided that* no Noteholder may make more than 1 request per calendar month in respect of any given Series of Secured Notes), the Collateral Agent shall provide such Noteholder with information concerning the Collateral Assets, the composition of the Collateral Pool and/or the matters described in Condition 20.3(d) to 20.3(g), in each case, in respect of that Series of Secured Notes within 15 Business Days of such request.

(e) *Type of Collateral Pool*

Where the "Type of Secured Notes" is specified as "Collateral-Linked Notes", then a Collateral Pool may only be a Single Series Collateral Pool. Where the "Type of Secured Notes" is specified as "Collateral-Backed Notes", then a Collateral Pool may be either a Single Series Collateral Pool or a Multiple Series Collateral Pool. Single Series Collateral Pool and Multiple Series Collateral Pool are each as further defined below.

(A) *Single Series Collateral Pool (all Secured Notes)*

Where the applicable Final Terms in respect of a Series of Secured Notes specify that the Type of Collateral Pool is “*Single Series Collateral Pool*”, such Series of Secured Notes will be the only Series of Secured Notes to be secured by the relevant Collateral Pool (a **Single Series Collateral Pool**).

(B) *Multiple Series Collateral Pool for Collateral-Backed Notes*

Where the applicable Final Terms in respect of a Series of Secured Notes specify that the "Type of Secured Notes" is "Collateral-Backed Notes" and that the Type of Collateral Pool is "*Multiple Series Collateral Pool*", such Series of Secured Notes may be secured by a Collateral Pool which secures one or more Series of Secured Notes (a **Multiple Series Collateral Pool**).

Each Series of Secured Notes specified as "Collateral-Backed Notes" and secured pursuant to a Multiple Series Collateral Pool must: (i) be subject to the same governing law; (ii) be subject to the same method of distribution of Collateral Assets following enforcement of the relevant Pledge Agreement (*i.e.*, exclusively either subject to "*Physical Delivery of Collateral Assets*" or not subject to "*Physical Delivery of Collateral Assets*"); (iii) be subject to the same Eligibility Criteria and Collateral Rules; (iv) be subject to the same Haircut value(s) for each type or class of Eligible Collateral Assets; and (v) have the same Collateral Test Dates, pursuant to the Collateralisation Percentage applicable to each Series of Secured Notes.

In such a scenario, following enforcement of the relevant Pledge Agreement, all Series of Secured Notes specified as “Collateral-Backed Notes” and secured on such Collateral Pool shall share in the distribution of the proceeds of realisation of the Collateral Assets constituting such Collateral Pool or, where the clause “*Physical Delivery of Collateral Assets*” is specified as “Applicable” in the applicable Final Terms, in the delivery of the Collateral Assets contained in such Collateral Pool.

Noteholders acquiring and holding Secured Notes specified as “Collateral-Backed Notes” in relation to a Multiple Series Collateral Pool will be deemed to acknowledge, accept and agree to the rights of existing and future Noteholders of different Series of Secured Notes to share rateably in the security created over the Collateral Assets in the Multiple Series Collateral Pool.

(f) *Segregation between Collateral Pools, Limited Recourse and Non-Petition*(A) *Limited Recourse against the Issuer*

By acquiring and holding Secured Notes, Noteholders will be deemed to acknowledge and agree that the obligations of the Issuer to the Noteholders are limited in recourse to the Charged Assets securing such Series of Secured Notes.

If:

- (a) there are no remaining Charged Assets that are capable of being realised or otherwise converted into cash;
- (b) all amounts available from the Charged Assets have been applied to meet or provide for the relevant obligations specified in, and in accordance with, the provisions of the relevant Security Agreements and this Condition 20 (*Secured Notes Provisions*) of the Terms and Conditions of Structured Notes; and

- (c) there are insufficient amounts available from the relevant Charged Assets to pay in full, in accordance with the provisions of the relevant Security Agreements and this Condition 20 (*Secured Notes Provisions*) of these Terms and Conditions of Structured Notes, amounts outstanding under the Secured Notes (including payments of principal, premium (if any) and interest),

then none of the Noteholders, the Collateral Arrangement Parties or any other party in respect of such Secured Notes shall have any further claim against the Issuer in respect of any amounts owed to them which remain unpaid (including, for the avoidance of doubt, payments of principal, premium (if any) and/or interest in respect of the Secured Notes) and any such party's right to receive any further sums in respect of the Secured Notes shall be extinguished in full. For the avoidance of doubt, if a Series of Secured Notes are Collateral-Linked Notes in respect of which "Structure 2" or "Structure 4" is indicated as "Applicable" in the applicable Final Terms and "Secured Notes Guarantee" is also specified as "Applicable" in the applicable Final Terms, Noteholders will continue to be able to claim under the terms of the Secured Notes Guarantee against the Guarantor for any Guaranteed Early Redemption Amount.

(B) *Segregation between Collateral Pools*

No Noteholder shall be entitled to have recourse to the Collateral Assets contained in a Collateral Pool other than the Collateral Pool which secures the Secured Notes held by such Noteholder.

(C) *Non-petition*

By acquiring and holding Secured Notes, Noteholders will be deemed to acknowledge and agree that they will not take any steps or initiate proceedings to procure the winding-up, administration or liquidation (or any other analogous proceeding) of the Issuer.

(g) ***Modifications, Authorisations and Waivers***

- (A) The Security Trustee or the Security Agent, as the case may be, may agree without the consent of the Secured Parties to:
- (1) any modification of any of the provisions of the Transaction Documents, which is of a formal, minor or technical nature or is made to correct a manifest error; and
 - (2) any other modification (except as mentioned in the relevant Security Agreements) and any waiver or authorisation of any breach or proposed breach of any of the provisions of the Transaction Documents which, in the sole opinion of the Security Trustee or the Security Agent, as applicable, is not materially prejudicial to the interests of the Noteholders.
- (B) Any such modification, authorisation or waiver shall be binding on the Secured Parties and such modification shall be notified to the Secured Parties as soon as practicable thereafter.
- (C) In the case of any Series of Secured Notes in respect of which "Multiple Series Collateral Pool" is applicable, the Security Trustee or the Security Agent (as applicable) shall consider the interests of the Noteholders of each Series of Secured Notes secured by the relevant Collateral Pool that are or reasonably foreseeably may

be (in the sole opinion of the Security Trustee or the Security Agent (as applicable) in consultation with the Collateral Agent) impacted by such modification as a single class.

(h) ***Calculation Agent Discretion***

Unless otherwise specified in these Conditions, upon the occurrence of any event or circumstances (howsoever described) that could constitute an event or circumstances (as the case may be) under more than one of the provisions of these Conditions, such event shall be treated in accordance with such provisions of these Conditions as the Calculation Agent may in its reasonable discretion elect and such election shall be conclusive and binding on the Issuer, the Agents, the Collateral Arrangement Parties, the Guarantor (if any) and the relevant Noteholders. In the event of any conflict between Condition 6(p) (*Issuer Discretion*) in the case of English Law Notes and Condition 6(n) (*Issuer Discretion*) in the case of French Law Notes, as the case may be, and this Condition 20.2(h), this Condition 20.2(h) shall prevail.

20.3 COLLATERALISATION OF COLLATERAL-BACKED NOTES

This Condition 20.3 applies to Secured Notes specified as "Collateral-Backed Notes" only.

(a) ***Valuation of Collateral and Secured Notes***

If the "Type of Secured Notes" is specified as "Collateral-Backed Notes" then, in order to ensure that a Series of Secured Notes is collateralised in accordance with its terms, the Collateral Value and the Secured Note Market Value of each Series of Secured Notes secured by such Collateral Pool will each be tested on the Issue Date of such Series of Secured Notes and on each Collateral Test Date as specified in the applicable Final Terms.

(A) ***Valuation of Collateral***

The Collateral Value and the Secured Note Market Value will be used in order to calculate the Required Collateral Value of Eligible Collateral Assets (as further described in Condition 20.3(c) (*Required Collateral Value in respect of Collateral-Backed Notes*)) which must be held in a Collateral Account to secure one or more Series of Secured Notes.

In relation to each Series of Secured Notes, on the Issue Date of such Series of Secured Notes and on each Collateral Test Date thereafter the Collateral Agent will determine the collateral value on the basis of such valuation method or methods as the Collateral Agent may determine acting in good faith and in a commercially reasonable manner, *provided that* unless under the Secured Notes Provisions of the applicable Final Terms, "Collateral Valuation at Nominal Value" is specified as "Applicable", the collateral value shall be the aggregate market value as of the relevant Collateral Valuation Point, expressed in the Collateral Valuation Currency, of the Eligible Collateral Assets in a Collateral Pool, taking into account any Haircut applied in relation thereto (in each case, the **Collateral Value**) and *provided further that* if the applicable Final Terms specify that "Collateral Valuation at Nominal Value" is "Applicable", the Collateral Value shall be deemed to be equal to the aggregate nominal value of the Collateral Assets constituting Eligible Collateral Assets (after taking into account any Haircut applied in relation thereto, as further described below) (the **Collateral Valuation at Nominal Value**) and "Collateral Value" shall be construed accordingly throughout this Condition 20 (*Secured Notes Provisions*) of the Terms and Conditions of Structured Notes.

Where the relevant currency of denomination of a Collateral Asset is other than the Collateral Valuation Currency, the Collateral Agent shall convert the value of such Collateral Asset at the relevant spot exchange rate.

If “Predetermined Collateral Valuation Currency Rate of Exchange” is specified as “Applicable” in the applicable Final Terms, the relevant spot exchange rate shall be the predetermined rate specified in the applicable Final Terms (the **Predetermined Collateral Valuation Currency Rate of Exchange**).

If “Predetermined Collateral Valuation Currency Rate of Exchange” is specified as “Not Applicable” in the applicable Final Terms, the relevant spot exchange rate shall be the rate displayed on the Collateral Valuation Currency Screen Page at the Collateral Valuation Currency Specified Time *provided that*, if no such Collateral Valuation Currency Screen Page is specified in the applicable Final Terms, or such Collateral Valuation Currency Screen Page is not available at the relevant Collateral Valuation Currency Specified Time, the relevant spot exchange rate shall be the rate determined by the Collateral Agent in good faith and in a commercially reasonable manner.

In performing its calculations as described in the section "*Verification by Collateral Monitoring Agent in respect of Collateral-Backed Notes*" below, the Collateral Monitoring Agent will use the same method of valuation of the Collateral Assets and, as the case may be, the relevant Haircut value(s) specified in the applicable Final Terms.

(B) *Valuation of Secured Notes*

On each Collateral Test Date for each Series of Secured Notes in relation to which “MV Collateralisation”, “Min (MV, NV) Collateralisation” or “Max (MV, NV) Collateralisation” is specified as “Applicable” in the applicable Final Terms, the Securities Valuation Agent will calculate the market value applicable to each Secured Note of such Series of Secured Notes as of the Collateral Valuation Point on the basis of such valuation method as the Securities Valuation Agent may, acting in good faith and in a commercially reasonable manner and in accordance with the terms of the Securities Valuation Agency Agreement, determine (the **Secured Note Market Value**). The Securities Valuation Agent will provide such Secured Note Market Value to the Collateral Agent and the Collateral Monitoring Agent as soon as reasonably practicable after each determination thereof.

The Secured Note Market Value determined by the Securities Valuation Agent may differ from the Fair Market Value determined by the Calculation Agent in accordance with Condition 6(o) (*Redemption for a Fair Market Value Trigger Event*) of the English Law Notes or (as applicable) Condition 6(m) (*Redemption for a Fair Market Value Trigger Event*) of the French Law Notes and from the price proposed, as the case may be, by NATIXIS or any of its affiliates or any other entities acting as market maker on the secondary market for a Note.

Where “NV Collateralisation” is specified as being the Type of Collateralisation in the applicable Final Terms, the value of the Secured Notes shall be deemed to be equal to the aggregate nominal value of the Secured Notes.

(b) *Waiver of Rights to Collateral Assets in respect of Collateral-Backed Notes*

If “*Waiver of Rights*” is specified as “Applicable” in the applicable Final Terms in relation to a Series of Collateral-Backed Notes, certain Noteholders intending to hold Secured Notes of such

Series (including but not limited to, in their capacity as a market maker) may waive their rights by written notice to the Issuer, the Disposal Agent, the Collateral Agent, the Collateral Monitoring Agent and the Security Trustee or the Security Agent (as applicable) to receive the proceeds of realisation of the Collateral Assets securing such Series of Secured Notes (or where Physical Delivery of Collateral Assets is specified as "Applicable" in the applicable Final Terms, delivery of the Collateral Assets) following the enforcement of the relevant Pledge Agreement (any such Secured Notes being **Waived Secured Notes**).

Holders of Waived Secured Notes will not have any rights provided to Noteholders under this Condition 20 (*Secured Notes Provisions*) in respect of the Collateral Assets comprised in the relevant Collateral Pool. Accordingly, holders of Waived Secured Notes are deemed to waive their rights to give written notice to the Issuer that the Waived Secured Notes are immediately due and repayable at their Early Redemption Amount on the occurrence of an Event of Default following the delivery of a Required Collateral Default Notice (as described below). As a consequence, where the "Type of Secured Notes" is specified as "Collateral-Backed Notes", then when calculating the Required Collateral Value in accordance with the provisions described below, the Collateral Agent and the Collateral Monitoring Agent shall only take into account the value of the Secured Notes that have not been subject to such waiver (any such Notes being **Non-Waived Secured Notes**).

In addition, the Issuer will not deliver Collateral Assets to the applicable Collateral Account in respect of any Waived Secured Notes. Therefore, any amounts calculated for the purposes of the Required Collateral Value in accordance with Condition 20.3(c) (*Required Collateral Value in respect of Collateral-Backed Notes*) below are calculated on the basis of reference to Non-Waived Secured Notes only.

Where the "Type of Secured Notes" is specified as "Collateral-Backed Notes", then each holder of Waived Secured Notes shall be required to: (i) inform by written notice and, upon request from the Collateral Agent, provide evidence to, the Collateral Agent of the number of Waived Secured Notes that it holds on the Issue Date and on each Collateral Test Date; and (ii) notify the Collateral Agent following any transfer of Waived Secured Notes. The Collateral Business Day following such notification will be deemed to be a Collateral Test Date and the Collateral Agent shall notify the Issuer and the Collateral Monitoring Agent of the same.

Notwithstanding the above, all Secured Notes held by the Issuer or one or more of its affiliates (including but not limited to, NATIXIS in its capacity as market maker), will be deemed to be Waived Secured Notes, unless otherwise notified in writing by the Issuer or one or more of its affiliates to the Collateral Agent.

None of the Issuer, the Guarantor (if applicable), the Collateral Agent, the Collateral Monitoring Agent, the Calculation Agent, the Security Trustee or the Security Agent shall be responsible for any incorrect, inaccurate or incomplete information relating to the number of Waived Secured Notes relating to any one or more Series of Secured Notes that may have been provided to the Collateral Agent or the Calculation Agent by or on behalf of any holder of Waived Secured Notes and none of the Issuer, the Guarantor (if applicable), the Collateral Agent, the Calculation Agent, the Collateral Monitoring Agent, the Security Trustee or the Security Agent shall be under any duty to verify or otherwise confirm the number of Waived Secured Notes so held.

(c) ***Required Collateral Value in respect of Collateral-Backed Notes***

If the "Type of Secured Notes" is specified as "Collateral-Backed Notes", the required Collateral Value will be calculated by the Collateral Agent on the Issue Date and on each relevant

Collateral Test Date in the manner set out below (the **Required Collateral Value**), *provided that* unless the applicable Final Terms specify “NV Collateralisation” as being the Type of Collateralisation, the Collateral Agent will be required to use the Secured Note Market Value determined by the Securities Valuation Agent in determining the Required Collateral Value.

(A) *Single Series Collateral Pool*

In relation to a Single Series Collateral Pool, the Required Collateral Value will be determined by the Collateral Agent on the Issue Date and on each relevant Collateral Test Date in respect of such Series of Secured Notes as follows:

- (i) where “*MV Collateralisation*” is specified as being the Type of Collateralisation applicable in the applicable Final Terms, the Required Collateral Value shall be equal to the product of: (a) the Collateralisation Percentage; (b) the Secured Note Market Value; and (c) the number of Non-Waived Secured Notes of such Series;
- (ii) where “*NV Collateralisation*” is specified as being the Type of Collateralisation applicable in the applicable Final Terms, the Required Collateral Value shall be equal to the product of: (a) the Collateralisation Percentage; and (b) the total aggregate nominal value of the Non-Waived Secured Notes of such Series;
- (iii) where “*Min (MV, NV) Collateralisation*” is specified as being the Type of Collateralisation applicable in the applicable Final Terms, the Required Collateral Value shall be equal to the lower of:
 - (a) the product of: (1) the Collateralisation Percentage; (2) the Secured Note Market Value; and (3) the number of Non-Waived Secured Notes in such Series of Secured Notes; and
 - (b) the product of: (1) the Collateralisation Percentage; and (2) the total aggregate nominal value of the Non-Waived Secured Notes of such Series; or
- (iv) where “*Max (MV, NV) Collateralisation*” is specified as being the Type of Collateralisation applicable in the applicable Final Terms, the Required Collateral Value shall be equal to the greater of:
 - (a) the product of: (1) the Collateralisation Percentage; (2) the Secured Note Market Value; and (3) the number of Non-Waived Secured Notes in such Series of Secured Notes; and
 - (b) the product of: (1) the Collateralisation Percentage; and (2) the specified proportion of the total aggregate nominal value of the Non-Waived Secured Notes of such Series.

(B) *Multiple Series Collateral Pool*

In relation to a Multiple Series Collateral Pool, the Required Collateral Value will be determined by the Collateral Agent on the Issue Date and on each relevant Collateral Test Date in respect of each Series of Secured Notes secured by the relevant Collateral Pool as follows:

- (i) where “*MV Collateralisation*” is specified as being the Type of Collateralisation applicable in the applicable Final Terms, the Required

Collateral Value shall be equal to the sum of the amounts calculated in respect of each Series of Secured Notes as follows: the product of: (a) the Collateralisation Percentage; (b) the Secured Note Market Value; and (c) the number of Non-Waived Secured Notes of the relevant Series;

- (ii) where “*NV Collateralisation*” is specified as being the Type of Collateralisation applicable in the applicable Final Terms, the Required Collateral Value shall be equal to the sum of the amounts calculated in respect of each Series of Secured Notes as follows: the product of: (a) the Collateralisation Percentage; and (b) the total aggregate nominal value of the Non-Waived Secured Notes of the relevant Series;
- (iii) where “*Min (MV, NV) Collateralisation*” is specified as being the Type of Collateralisation applicable in the applicable Final Terms, the Required Collateral Value shall be equal to the sum of each of the lower of the amounts calculated in respect of each Series of Secured Notes as follows:
 - (a) the product of: (1) the Collateralisation Percentage; (2) the Secured Note Market Value; and (3) the number of Non-Waived Secured Notes in the relevant Series of Secured Notes; and
 - (b) the product of: (1) the Collateralisation Percentage; and (2) the total aggregate nominal value of the Non-Waived Secured Notes of the relevant Series; or
- (iv) where “*Max (MV, NV) Collateralisation*” is specified as being the Type of Collateralisation applicable in the applicable Final Terms, the Required Collateral Value shall be equal to the sum of the greater of the amount calculated in respect of each Series of Secured Notes as follows:
 - (a) the product of: (1) the Collateralisation Percentage; (2) the Secured Note Market Value; and (3) the number value of the Non-Waived Secured Notes of the relevant Series; and
 - (b) the product of: (1) the Collateralisation Percentage; and (2) the specified proportion of the total aggregate nominal value of the Non-Waived Secured Notes of the relevant Series.

(C) *Conversion in case Specified Currency is not the Collateral Valuation Currency*

In determining the Required Collateral Value, where the Specified Currency of any Secured Note is a currency other than the Collateral Valuation Currency, the Collateral Agent shall convert the Secured Note Market Value and/or the nominal value, as the case may be, of such Secured Note at the relevant spot exchange rate determined in accordance with Condition 20.3(a)(A).

(D) *Collateralisation Percentage*

The collateralisation percentage relating to a Series of Secured Notes will be specified in the applicable Final Terms, and may be a fixed percentage or a percentage determined by applying a predetermined formula (the **Collateralisation Percentage**). The applicable Final Terms may also specify that the Collateralisation Percentage may vary during the term of the Secured Notes, after a certain date, following the occurrence of a trigger event (as set out in the applicable Final Terms) or following a unanimous decision of the Noteholders of all Secured Notes secured by the same Collateral Pool.

If the applicable Final Terms specify that the Collateralisation Percentage may vary in certain circumstances following a unanimous decision of the Noteholders, to exercise such option, the Noteholders (or the Representative of the Masse in the case of French Law Notes) shall notify the unanimous decision of the Noteholders specifying the new Collateralisation Percentage and the date of variation of the Collateralisation Percentage, to the Issuer in accordance with Condition 14 of the Terms and Conditions of the English Law Notes or, as applicable, Condition 13 of the Terms and Conditions of the French Law Notes within the notice period specified in the applicable Final Terms.

For the avoidance of doubt, in the event that a new Collateralisation Percentage would (but for the provisions of this paragraph) be applicable less than two Collateral Business Days prior to the immediately following Collateral Test Date (the **Initial New Collateralisation Percentage Collateral Test Date**), the new Collateralisation Percentage shall apply as of the Collateral Test Date immediately following the Initial New Collateralisation Percentage Collateral Test Date.

(d) ***Adjustments to Collateral Pool and Collateral Test Notice in respect of Collateral-Backed Notes***

If the "Type of Secured Notes" is specified as "Collateral-Backed Notes", on the Issue Date and on each Collateral Test Date relating to a relevant Series of Secured Notes the Collateral Agent will determine whether: (i) the Collateral Rules applicable to such Collateral Pool are satisfied; and (ii) the Collateral Value is greater than or equal to 100 *per cent.* (or any other percentage specified for this purpose in the applicable Final Terms) of the Required Collateral Value (the **Collateral Test Sensibility Level**) for such Collateral Pool (taking into account any Haircut value(s) to be applied to the Collateral Assets and the aggregate value of any Waived Secured Notes) (limbs (i) and (ii) above being referred to together as the **Collateral Test**).

When determining whether the Collateral Test is satisfied:

- (i) Collateral Assets for which instructions for the transfer to the relevant Collateral Account have been provided on or before the relevant Issue Date or Collateral Test Date, as applicable, will be included; and
- (ii) Collateral Assets for which instructions for the removal from the relevant Collateral Account have been provided on or before the relevant Issue Date or Collateral Test Date, as applicable, will be excluded,

for the purposes of such determination.

If on the Issue Date or any relevant Collateral Test Date the Collateral Agent determines that the Collateral Test is not satisfied for a specific Collateral Pool, the Collateral Agent on behalf of the Issuer will select the type and quantity of Collateral Assets to be deposited in the relevant Collateral Account (or will select existing Collateral Assets to be replaced with other Collateral Assets), in order that after such adjustment the Collateral Test will be satisfied.

If on the Issue Date or any relevant Collateral Test Date the Collateral Agent determines that the Collateral Test is satisfied for a specific Collateral Pool and, if on such date, the Collateral Value is greater than the Required Collateral Value, the Collateral Agent on behalf of the Issuer shall be entitled to select Collateral Assets to be removed from the Collateral Account (or shall be entitled to select existing Collateral Assets to be replaced with other Collateral Assets), *provided that* immediately after such adjustment the Collateral Test continues to be satisfied.

On each Collateral Business Day, if the Collateral Agent on behalf of the Issuer intends to make adjustments to the Collateral Assets held in a Collateral Pool (including, but not limited to, adjustments in order to ensure that the Collateral Test will be satisfied and/or adjustments pursuant to Condition 20.3(g) (*Collateral Substitution in respect of Collateral-Backed Notes*) below), the Collateral Agent will send or cause to be sent a notice to the Collateral Monitoring Agent and the Collateral Custodian and/or the Collateral Account Bank (as applicable) (copied to the Issuer and the Guarantor (if applicable) specifying the adjustments to be made to such particular Collateral Pool (including *inter alia* the type and quantity of any Collateral Assets to be deposited and/or removed) (the **Collateral Test Notice**).

(e) **Verification by Collateral Monitoring Agent in respect of Collateral-Backed Notes**

- (1) If the "Type of Secured Notes" is specified as "Collateral-Backed Notes", if on the relevant Collateral Test Date:
- (i) one or more Collateral Test Notices have been delivered by the Collateral Agent since the immediately preceding Collateral Test Date and the Collateral Monitoring Agent determines that the Collateral Test will not be satisfied (including after taking into account any adjustments specified in such Collateral Test Notice(s)); or
 - (ii) no Collateral Test Notice has been delivered by the Collateral Agent since the immediately preceding Collateral Test Date but the Collateral Monitoring Agent has determined the Collateral Test will not be satisfied (or will no longer be satisfied),

then the Collateral Monitoring Agent shall, on the Collateral Business Day immediately following the relevant Collateral Test Date, notify the Collateral Agent in writing (with a copy to the Issuer and the Guarantor (if applicable)) providing details of why it considers that the Collateral Test is or will not be satisfied (such notice being hereafter referred to as a **Collateral Monitoring Agent Notice**).

Following receipt of a Collateral Monitoring Agent Notice, the Collateral Agent will determine whether it is in agreement with the contents of the Collateral Monitoring Agent Notice.

Should the Collateral Agent agree with the contents of a Collateral Monitoring Agent Notice, the Collateral Agent shall on the Collateral Business Day immediately following receipt of a Collateral Monitoring Agent Notice send or cause to be sent a revised Collateral Test Notice (a **First Level Revised Collateral Test Notice**) to the Collateral Monitoring Agent, the Collateral Custodian and the Collateral Account Bank (copied to the Issuer and the Guarantor (if applicable)) specifying the agreed adjustments to be made to the Collateral Pool (including *inter alia* the type and quantity of any Collateral Assets to be deposited and/or removed) such that the Collateral Test will be satisfied. Each First Level Revised Collateral Test Notice shall be prepared in the same way and shall provide the same information as is required to be included in a Collateral Test Notice.

If the Collateral Agent disputes the contents of a Collateral Monitoring Agent Notice, it shall, on the Collateral Business Day immediately following receipt of a Collateral Monitoring Agent Notice, notify the Collateral Monitoring Agent of such dispute in writing (a **Dispute Notice**) and the Collateral Monitoring Agent and the Collateral Agent shall consult with each other in good faith in an attempt to resolve the dispute.

After having: (i) disputed the contents of a Collateral Monitoring Agent Notice; (ii) delivered a Dispute Notice in relation thereto; and (iii) resolved and agreed such dispute with the Collateral Monitoring Agent, the Collateral Agent shall on the Collateral Business Day immediately following receipt of a Dispute Notice send or cause to be sent a revised Collateral Test Notice to the Collateral Monitoring Agent (a **Second Level Revised Collateral Test Notice**) and the Collateral Custodian and/or the Collateral Account Bank (as applicable) (copied to the Issuer and the Guarantor (if applicable) specifying the agreed adjustments to be made to the Collateral Pool (including *inter alia* the type and quantity of any Collateral Assets to be deposited and/or removed) such that the Collateral Test will be satisfied. Each Second Level Revised Collateral Test Notice shall be prepared in the same way and shall provide the same information as is required to be included in a Collateral Test Notice.

If the Collateral Agent and the Collateral Monitoring Agent fail to resolve the dispute by the second Collateral Business Day following delivery of the Dispute Notice, then the Collateral Agent (on behalf of the Issuer) shall notify the Collateral Monitoring Agent in writing (such notice being a **Dispute Resolution Procedure Notice**) that it will commence the dispute resolution procedure to determine the adjustments (if any) to be made to the Collateral Pool (the **Collateral Test Dispute Resolution Procedure**):

- (A) utilizing any calculations, rules or criteria which the Collateral Agent and the Collateral Monitoring Agent have agreed are not in dispute;
- (B) if such dispute relates to the satisfaction of the Eligibility Criteria or the Collateral Rules, appointing an independent third person (acting as an expert and not as an arbitrator) selected by the Collateral Agent and approved by the Collateral Monitoring Agent (such approval not to be unreasonably withheld) to determine whether such Eligibility Criteria and Collateral Rules are satisfied with the determination of any such person being final and binding upon the Collateral Agent and the Collateral Monitoring Agent; and
- (C) calculating the value of those Collateral Assets the value of which is in dispute by using reasonable endeavours to seek four actual, firm and executable quotations at mid-market for such Collateral Assets with contract sizes approximately equal to the aggregate amount of such Collateral Assets from leading dealers in assets of the type of the Collateral Assets who are committed to trade with the Issuer or the Counterparty (if any), which may include NATIXIS, as selected by the Collateral Agent acting in a commercially reasonable manner, and taking the weighted average of those obtained; *provided that* if four quotations are not available for a particular Collateral Asset, then fewer than four quotations may be used for that Collateral Asset, and if no quotations are available for a particular Collateral Asset, then the Collateral Agent's original calculations will be used for the Collateral Asset.

Following the conclusion of a Collateral Test Dispute Resolution Procedure, the Collateral Agent shall send a notice to the Collateral Monitoring Agent, the Collateral Custodian and the Collateral Account Bank (copied to the Issuer and the Guarantor (if applicable) providing the same information as is required to be included in a Collateral Test Notice, containing the Collateral Value, the Required Collateral Value and any adjustments to be made to the Collateral Pool such that the Collateral Test will be satisfied, in each case determined in accordance with the Collateral Test Dispute

Resolution Procedure, as soon as possible but in any event not later than the 30th Collateral Business Day following the delivery of the Collateral Monitoring Agent Notice (the **Post Dispute Collateral Test Notice**). A Post Dispute Collateral Test Notice issued following the conclusion of a Collateral Test Dispute Resolution Procedure shall be binding on the Collateral Agent, the Collateral Monitoring Agent and the Noteholders and shall not be subject to further verification by the Collateral Monitoring Agent.

For the avoidance of doubt, the determination of the Collateral Value, the Required Collateral Value and the adjustments to be made to a Collateral Pool in accordance with the Collateral Test Dispute Resolution Procedure will not constitute an Event of Default.

- (2) Following the occurrence of a Required Collateral Default, the Collateral Monitoring Agent shall send as soon as reasonably practicable and, in any case, within two Collateral Business Days, a Required Collateral Default Notice to the Issuer, the Fiscal Agent, the Disposal Agent, the Collateral Agent, the Collateral Custodian, the Collateral Account Bank and the Security Trustee or the Security Agent, as the case may be.

(f) ***Required Settlement Period in respect of Collateral-Backed Notes***

If the "Type of Secured Notes" is specified as "Collateral-Backed Notes", the required period for settlement of the Collateral Assets relating to the adjustments to be made to a Collateral Pool in accordance with a Collateral Test Notice, First Level Revised Collateral Test Notice, Second Level Revised Collateral Test Notice or Post Dispute Collateral Test Notice, as applicable (such period the **Required Settlement Period**) shall be ten (10) Collateral Business Days following delivery of a Collateral Test Notice or, where such Collateral Test Notice is followed by a Collateral Monitoring Agent Notice, ten (10) Collateral Business Days following delivery of the First Level Revised Collateral Test Notice, Second Level Revised Collateral Test Notice or Post Dispute Collateral Test Notice, as applicable; *provided however that* this ten (10) Collateral Business Day period may be extended up to a maximum additional period of sixty (60) Collateral Business Days: (i) if the adjustments to be made to the Collateral Pool have not been settled as a result of an event beyond the control of the Collateral Agent, the Collateral Monitoring Agent and the Issuer (including, but not limited to, as a result of a failure or inability of the relevant clearing system to clear the relevant Collateral Assets) (an **External Event**); or (ii) in relation to Collateral Assets for which the regular settlement period is greater than ten (10) Collateral Business Days under normal market conditions ((i) and (ii) being referred to each as a **Collateral Settlement Disruption**).

During the above additional period the Collateral Agent may propose the replacement of the affected Collateral Assets by other Collateral Assets complying with the Collateral Rules and the Eligibility Criteria, or propose any other relevant measures so that the Collateral Test be satisfied.

If at the end of the sixty (60) Collateral Business Day period: (i) the relevant External Event(s) continue(s) to exist; or (ii) the Collateral Assets for which the regular settlement period is greater than ten (10) Collateral Business Days under normal market conditions have not been settled, this shall constitute a "Collateral Disruption Event" and not an Event of Default.

(g) ***Collateral Substitution in respect of Collateral-Backed Notes***

If the "Type of Secured Notes" is specified as "Collateral-Backed Notes" and "Collateral Substitution" is specified as being "Applicable" in the applicable Final Terms, the Issuer (or the Collateral Agent on its behalf) may, on any Collateral Business Day, withdraw and/or replace Collateral Assets from any Collateral Account, *provided that* immediately following such adjustment the Collateral Test continues to be satisfied. The Issuer (or the Collateral Agent on its behalf) will send or cause to be sent a Collateral Test Notice to the Collateral Monitoring Agent and the Collateral Custodian and/or the Collateral Account Bank (as applicable) (copied to the Issuer and the Guarantor (if applicable)) two (2) Collateral Business Days prior to the date of such adjustment specifying the adjustments to be made to the Collateral Pool (including *inter alia* the type and quantity of any Collateral Assets to be deposited and/or removed). The second Collateral Business Day immediately following the day on which such Collateral Test Notice is given by the Issuer (or the Collateral Agent on its behalf) for the substitution of Collateral Assets as described above will be deemed to be a Collateral Test Date.

(h) ***Notification of settlement failure in respect of Collateral-Backed Notes***

If the "Type of Secured Notes" is specified as "Collateral-Backed Notes", the Collateral Custodian and/or the Collateral Account Bank (as applicable) shall notify the Issuer, the Collateral Agent and the Collateral Monitoring Agent if the settlement of any transfer of Collateral Assets has not completed within the common market practice timeframe for settlement of the type of Collateral Asset being so transferred. For the avoidance of doubt, such notification shall be taken into account when assessing whether settlement has occurred during the Required Settlement Period described above.

(i) ***Collateral Disruption Events in respect of Collateral-Backed Notes***

If the Issuer or the Calculation Agent determines that a Collateral Disruption Event has occurred, the Issuer may, in each case, in its sole and absolute discretion give not more than 45 nor less than 15 Business Days' prior notice to the Noteholders in accordance with the Conditions and redeem at the Early Redemption Amount (subject to Condition 20.3(j) (*Monetisation in respect of Collateral-Backed Notes*) below) or purchase and cancel, as applicable, all (but not some only) of the Relevant Secured Notes following the occurrence of such Collateral Disruption Event, *provided that* the Early Redemption Date or the date of such purchase and cancellation, as the case may be:

- (1) in the case of a Collateral Arrangement Tax Event, shall be no earlier than the date on which the earlier of the relevant cash flows under the relevant Collateral Arrangement(s) would otherwise be paid; and
- (2) in the case of a Collateral Illegality Event, shall be the latest practicable date on which the Issuer could lawfully make the relevant payment irrespective of the Collateral Illegality Event.

In the event that the Issuer does not elect to redeem all of the Relevant Secured Notes and "Collateral Substitution" is specified as being "Applicable" in the applicable Final Terms, the Issuer shall withdraw the relevant Collateral Asset(s) in respect of which the Collateral Disruption Event occurred and may replace such Collateral Asset(s) with Eligible Collateral Assets in accordance with Condition 20.3(g) (*Collateral Substitution in respect of Collateral-Backed Notes*) above, *provided that* immediately following such adjustment the Collateral Test shall be satisfied and no Collateral Disruption Event shall be continuing in respect of the relevant Series.

The occurrence of a Collateral Disruption Event will not constitute an Event of Default.

(j) ***Monetisation in respect of Collateral-Backed Notes***

If "Monetisation" is specified as "Applicable" in the applicable Final Terms, then, following the occurrence of a Collateral Disruption Event in relation to a particular Series, the Issuer may, at its option following notification of the Calculation Agent, at any time, subject to having given not more than 45 nor less than 15 Business Days' prior notice (which notice shall be irrevocable) to the Disposal Agent and the Security Trustee or Security Agent, as applicable, in accordance with the Conditions, either:

- (1) apply the Monetisation provisions; or
- (2) redeem all, but not some only, of the Secured Notes of that Series at their Early Redemption Amount on the Early Redemption Date (as defined in Condition 20.3(i) (*Collateral Disruption Events in respect of Collateral-Backed Notes*) above),

provided that, in the event that the Issuer is not able to ascertain the Early Redemption Date and/or the Early Redemption Amount (where applicable) on or prior to the date of the notice referred to above, the Issuer shall notify the Paying Agent, the Disposal Agent and the Security Trustee or the Security Agent (as applicable) in accordance with the Conditions of the Early Redemption Date and/or the applicable Early Redemption Amount, as applicable, as soon as reasonably practicable.

The Issuer's obligations under the Relevant Secured Notes shall be satisfied in full upon the completion of the application of the Monetisation provisions or payment of such Early Redemption Amount, as the case may be.

(k) ***Voting in respect of Collateral Assets (Collateral-Backed Notes)***

(A) *Voting in respect of Single Series Collateral Pool Secured Notes*

Prior to any enforcement or realisation pursuant to Condition 20.4(b) (*General Enforcement and Realisation of Charged Assets*), the Issuer may, in its sole discretion, exercise any rights in its capacity as holder of the Collateral Assets (including, without limitation, a right to vote or any analogous right howsoever described), *provided that* following the commencement of any enforcement or realisation pursuant to Condition 20.4(b) (*General Enforcement and Realisation of Charged Assets*), the Issuer may only exercise any such rights as directed in writing by the respective Noteholders of at least one-fifth in aggregate amount of the Secured Notes then outstanding or as directed by an Extraordinary Resolution (as defined in the Agency Agreement) of the Noteholders or by the Representative of the Masse acting pursuant to a request from a Noteholder (as the case may be) and, if such direction is given, the Issuer will act in accordance with such directions, unless such instructions are in the reasonable opinion of the Issuer contrary to applicable laws, regulations and/or materially detrimental to the interests of the Issuer. In particular, following the commencement of any enforcement or realisation pursuant to Condition 20.4(b) (*General Enforcement and Realisation of Charged Assets*) the Issuer will not attend or vote at any meeting of holders of any Collateral Assets, or give any consent or notification or make any declaration in relation to the Charged Assets, save as directed in writing by the respective Noteholders of at least one-fifth in aggregate amount of Secured Notes then outstanding or as directed by an Extraordinary Resolution of the Noteholders or by the Representative of the Masse, as the case may be.

(B) *Voting in respect of Multiple Series Collateral Pool Secured Notes*

Prior to any enforcement or realisation pursuant to Condition 20.4(b) (*General Enforcement and Realisation of Charged Assets*) or Condition 20.4(c) (Enforcement and Realisation of Collateral Loans), the Issuer may, in its sole discretion, exercise any rights in its capacity as holder of the Collateral Assets (including, without limitation, a right to vote or any analogous right howsoever described), *provided that* following the commencement of any enforcement or realisation pursuant to Condition 20.4(b) (*General Enforcement and Realisation of Charged Assets*), the Issuer may only exercise any such rights as directed in writing by the respective Noteholders of at least one-fifth in aggregate amount of each of the Series of Secured Notes secured by the relevant Collateral Pool then outstanding or as directed by an Extraordinary Resolution (as defined in the Agency Agreement) of the Noteholders or by the Representative of the Masse, in each case, of each of the Series of Secured Notes secured by the relevant Collateral Pool and, if such direction is given, the Issuer will act in accordance with such directions, unless such instructions are in the reasonable opinion of the Issuer contrary to applicable laws, regulations and/or materially detrimental to the interests of the Issuer. In particular, following the commencement of any enforcement or realisation pursuant to Condition 20.4(b) (*General Enforcement and Realisation of Charged Assets*) the Issuer will not attend or vote at any meeting of holders of any Collateral Assets, or give any consent or notification or make any declaration in relation to the Charged Assets, save as directed in writing by the respective Noteholders of at least one-fifth in aggregate amount of Secured Notes of each of the Series of Secured Notes secured by the relevant Collateral Pool then outstanding or as directed by an Extraordinary Resolution of the Noteholders or the Representative of the Masse, in each case, of each of the Series of Secured Notes secured by the relevant Collateral Pool.

20.4 MANDATORY REDEMPTION EVENTS, DEFAULT, ENFORCEMENT AND REALISATION (ALL SECURED NOTES)

(a) *Events of Default*

- (1) In accordance with Condition 10 of the Terms and Conditions of the English Law Notes or, as the case may be, Condition 10 of the Terms and Conditions of the French Law Notes, Secured Notes will be subject to:
- (A) the same Events of Default as are applicable to Notes issued by Natixis Structured Issuance set out at Condition 10(b) (*Notes issued by Natixis Structured Issuance*) in the case of English Law Notes and Condition 10(b) (*Notes issued by Natixis Structured Issuance*) in the case of French Law Notes, as the case may be;
 - (B) where the "Type of Secured Notes" is specified as "Collateral-Backed Notes" or "Collateral-Linked Notes":
 - (i) references to "principal" in Condition 10(b)(i) of the English Law Notes or Condition 10(b)(i) of the French Law Notes, as applicable, will be deemed to include any Early Redemption Amount; and
 - (ii) the following additional Event of Default applying:
 - the Issuer fails to perform or comply with any of its obligations (including without limitation any payment obligation) under any

Transaction Document (other than, for the avoidance of doubt, the Notes); and: (x) in the case of a payment obligation such failure is not cured in full within any grace period contractually provided for, or if no such grace period is contractually provided, within five Collateral Business Days; or (y) in the case of any other obligation such failure is not remedied within 30 Business Days after notice of the occurrence of such default has been given by the Issuer to the Security Agent or the Security Trustee, as applicable;

- (C) where the "Type of Secured Notes" is specified as "Collateral-Backed Notes", the following additional Event of Default applying:

the Collateral Monitoring Agent delivers a Required Collateral Default Notice in relation to a Collateral Pool securing any Relevant Secured Notes, specifying that a Required Collateral Default has occurred; and

- (D) where the Secured Notes are Collateral-Linked Notes in respect of which "Structure 2" or "Structure 4" is indicated as "Applicable" in the applicable Final Terms and the Secured Notes Guarantee is also specified as "Applicable" in the applicable Final Terms, the following additional Events of Default applying:

- (i) default by the Guarantor in the due performance of any obligation(s) under such Secured Notes or the Secured Notes Guarantee, if such default shall not have been cured within 60 days after receipt by the Fiscal Agent of written notice of default given by the holder of any such Note;
- (ii) if any other indebtedness of the Guarantor for borrowed money becomes due and repayable prematurely by means of an event of default in relation thereto or the Issuer fails to make any payment in respect thereof on the due date for such payments, as extended by any applicable grace period or the security for any such other payment becomes enforceable, *provided that* the provisions of this paragraph (ii) shall not apply: (x) where the aggregate amount which is payable or repayable as aforesaid is equal to or less than €50,000,000 (or its equivalent in other currencies); or (y) where such default is due to a technical or settlement failure beyond the control of the Guarantor, *provided that* such default is remedied in 7 days; or (z) the Guarantor has disputed in good faith that such indebtedness is due and payable or that such security is enforceable and such dispute has been submitted to a competent court, in which case default in payment or security becoming enforceable shall not constitute an event of default hereunder so long as the dispute shall not have been finally adjudicated;
- (iii) a judgment is rendered for the judicial liquidation (*liquidation judiciaire*) or for a transfer of the whole of the business (*cession totale de l'entreprise*) of the Guarantor or the Guarantor makes any conveyance for the benefit of, or enters into any agreement with, its creditors or is subject to any insolvency or bankruptcy proceedings;

- (iv) the Guarantor sells, transfers, lends or otherwise disposes of, directly or indirectly, the whole or a substantial part of its undertaking or assets, or the Guarantor enters into, or commences any proceedings in furtherance of, forced or voluntary liquidation or dissolution, except in the case of a disposal of all or substantially all of the Guarantor's assets in favour of, a legal entity organised in the European Union, which simultaneously assumes (by operation of law or by express agreement) all of or substantially all of the Guarantor's liabilities including the Secured Notes Guarantee;
 - (v) it becomes unlawful for the Guarantor to perform any of its obligations under the Secured Notes or any of its Secured Notes Guarantee Obligations, or any of its obligations and/or Secured Notes Guarantee Obligations cease to be legal, binding, or enforceable; and/or
 - (vi) the Secured Notes Guarantee is not or is claimed (in good faith) not to be in full force and effect in accordance with its terms.
- (2) Following the occurrence of an Event of Default in relation to a Series of Secured Notes, the Issuer shall notify the Fiscal Agent, the Disposal Agent, the Security Trustee or the Security Agent, as the case may be, the Noteholders and each other Secured Party in accordance with the Conditions as soon as reasonably practicable, *provided that* if the Issuer fails to notify the Noteholders and the other Secured Parties within 1 Collateral Business Day of becoming aware of the occurrence of the relevant Event of Default (including, without limitation, by way of receipt of a Required Collateral Default Notice), the Security Trustee or the Security Agent (as applicable) shall notify all relevant Noteholders and Secured Parties in accordance with the Conditions as soon as reasonably practicable.

Noteholders (alone or in aggregate) holding no less than 25 *per cent.* of the outstanding aggregate amount of the Secured Notes of any relevant Series (in the case of English Law Notes) or the Representative of the Masse acting pursuant to the request of a Noteholder (in the case of French Law Notes) may cause a Secured Note Acceleration Event to occur.

If a Secured Note Acceleration Event occurs, all Secured Notes that are secured by the same Collateral Pool as the one securing the relevant Accelerated Secured Note(s) will also become immediately due and repayable at their Early Redemption Amount. This applies both in the case of a Single Series Collateral Pool and in the case of a Multiple Series Collateral Pool.

Following the occurrence of a Secured Note Acceleration Event, the Issuer or, if the Issuer fails to do so within 1 Collateral Business Day of such Secured Note Acceleration Event, the Security Trustee or the Security Agent, as applicable, shall give notice in accordance with the Conditions as soon as reasonably practicable to all Noteholders of Secured Notes which are secured by the relevant Collateral Pool and to all other relevant Secured Parties.

The security granted pursuant to the Security Agreements relating to the Collateral Pool securing such Series of Secured Notes shall become immediately enforceable upon receipt by the Security Trustee or the Security Agent (as applicable) of a Collateral Enforcement Notice in accordance with the provisions below.

If the Issuer has not paid all amounts due to Noteholders of a Series of Secured Notes in relation to which a Secured Note Acceleration Event has occurred within a period of ten (10) Collateral Business Days (or such other period as specified in the applicable Final Terms) following notification to Noteholders of the occurrence of such Secured Note Acceleration Event, Noteholders (alone or in aggregate) holding no less than 25 *per cent.* of the outstanding aggregate amount of the Secured Notes of any relevant Series (in the case of English Law Notes) or the Representative of the Masse acting pursuant to the request of a Noteholder (in the case of French Law Notes), as the case may be, will be entitled to send a Collateral Enforcement Notice to the Security Trustee or the Security Agent (as applicable) with, in each case, a copy to the Disposal Agent.

The Security Trustee or the Security Agent, as the case may be, shall, following receipt of a Collateral Enforcement Notice, promptly give notice of the same to the Issuer, the Guarantor (if applicable), the Collateral Agent (if applicable), the Collateral Custodian and the Collateral Account Bank and all the other Noteholders whose Notes are secured on the Collateral Pool in relation to which such Collateral Enforcement Notice relates and, in the case of the Noteholders, in accordance with the Conditions.

(b) ***General Enforcement and Realisation of Charged Assets***

Subject to Conditions 20.4(c) (*Enforcement and Realisation of Collateral Loans*) and (in the event that "Structure 4" is specified as "Applicable" in the applicable Final Terms) 20.6(e)(D) (*Early redemption in respect of Structure 4*) below or as otherwise specified in the applicable Final Terms, upon:

- (1) the occurrence of any Collateral Disruption Event, Collateral Asset Default, Early Redemption Event or Mandatory Redemption Event that is continuing, the Disposal Agent shall; or
- (2) the receipt of a Collateral Enforcement Notice, the Security Trustee or Security Agent (as applicable) shall enforce the Security Agreements relating to the relevant Collateral Pool in accordance with the terms thereof and this Condition 20 (Secured Notes Provisions) of the Terms and Conditions of Structured Notes (as completed by the applicable Final Terms) and the Security Trustee or the Security Agent, as applicable, shall, in accordance with the relevant Security Agreement and the Disposal Agency Agreement, instruct the Disposal Agent to,

either:

- (i) liquidate or realise the Charged Assets in each Collateral Pool which secures a Series of Secured Notes in accordance with Condition 20.4(e) (*Method of realisation of Collateral Assets and Charged Assets*) and the Issuer or, following a Collateral Enforcement Notice, the Security Trustee or Security Agent (as applicable) shall subsequently distribute the relevant Collateral Liquidation Proceeds Share to relevant Noteholders in accordance with Condition 20.4(f) (*Application and distribution of proceeds of liquidation and realisation*); or
- (ii) where Physical Delivery of Collateral Assets is specified as "Applicable" in the applicable Final Terms, arrange for delivery of the relevant Collateral Assets Entitlement to the relevant Noteholders in accordance with Condition 20.4(h) (*Physical Delivery of Collateral Assets*),

in each case, for the avoidance of doubt, after payment of any amounts payable to the Secured Parties ranking prior to the Noteholders (in the case of Collateral-Linked Notes) or the holders

of the Non-Waived Secured Notes (in the case of Collateral-Backed Notes), as applicable, and, in each case, in accordance with the applicable Order of Priority, such amounts to be paid either out of: (aa) the proceeds of such liquidation or realisation of the relevant Charged Assets; or (bb) a portion of the Collateral Assets that would otherwise be transferred to the Noteholders (in the case of Collateral-Linked Notes) or the holders of the Non-Waived Secured Notes (in the case of Collateral-Backed Notes), as applicable, and, in each case, in accordance with Condition 20.4(h) (*Physical Delivery of Collateral Assets*).

Upon the occurrence of any Collateral Disruption Event, Collateral Asset Default, Early Redemption Event or Mandatory Redemption Event or the receipt of a Collateral Enforcement Notice by the Security Trustee or the Security Agent, as applicable, the security created pursuant to the relevant Security Agreement(s) shall be automatically released without further action on the part of the Security Trustee or the Security Agent, as applicable, in accordance with the terms of the relevant Security Agreement(s) to the extent necessary to effect any liquidation and realisation, *provided that* nothing in this Condition 20.4(b) will operate to release the charges and other security interests over the proceeds of such liquidation and realisation of the relevant Charged Assets not subject to such liquidation and realisation.

For the avoidance of doubt, the Disposal Agent, in the event that it has taken and is continuing to take any such action or step or enter into any such proceedings as it deems appropriate as set out in this Condition 20.4(b) (*General Enforcement and Realisation of Charged Assets*) prior to the receipt by the Security Trustee or the Security Agent (as the case may be) of a Collateral Enforcement Notice shall, following receipt by the Security Trustee or the Security Agent (as applicable) of a Collateral Enforcement Notice, cease such action upon receipt by the Disposal Agent of written direction from the Security Trustee or the Security Agent (as applicable) to cease such action.

In the event that the Disposal Agent is instructed in writing to cease realisation of the relevant Charged Assets by the Security Trustee or Security Agent (as applicable) at any time following receipt of a Collateral Enforcement Notice, the Disposal Agent shall cease to effect any further liquidation and realisation, *provided that* any transaction entered into in respect of any Charged Asset(s) in connection with such liquidation and realisation on or prior to the date on which the Disposal Agent is so instructed in writing to cease realisation will be settled and the Disposal Agent shall take any steps and actions necessary to settle such transaction and/or that are incidental thereto.

(c) ***Enforcement and Realisation of Collateral Loans***

Where the Collateral Assets in respect of the relevant Series of Secured Notes comprise one or more Collateral Loans, upon:

- (1) the occurrence of any Collateral Disruption Event, Collateral Asset Default, Early Redemption Event or Mandatory Redemption Event that is continuing, the Disposal Agent shall liquidate and realise the relevant Charged Asset(s) and shall; or
- (2) following receipt of a Collateral Enforcement Notice, the Security Trustee or the Security Agent, as applicable, shall enforce the Security Agreements relating to the relevant Collateral Pool in accordance with the terms thereof and this Condition 20 (*Secured Notes Provisions*) of the Terms and Conditions of Structured Notes (as completed by the applicable Final Terms) and the Security Trustee or the Security Agent, as applicable, shall, in accordance with the relevant Security Agreement and the Disposal Agency Agreement, instruct the Disposal Agent to,

follow the procedure set out below:

- (A) the Disposal Agent shall attempt to sell the rights of the Issuer under the relevant Collateral Loan Agreement(s) to any relevant Collateral Loan Lender(s) and, if no agreement is reached with any Collateral Loan Lender(s) on the price and mechanism of the sale of any applicable Collateral Loan Agreement within fifteen (15) Collateral Business days; then
- (B) the Disposal Agent shall proceed to find one or more alternative purchasers for the relevant Acquired Receivable and, once it has obtained one or more firm bids from any such proposed purchaser(s), it shall communicate (or procure the communication of) the proposed sale price(s) to all relevant Noteholders in accordance with the Conditions; then
- (C) (i) in the case of English Law Notes, the Noteholders, acting either by Extraordinary Resolution or by a resolution in writing signed by or on behalf of the Noteholders of at least *75 per cent.* in aggregate amount of the Secured Notes of the relevant Series then outstanding; or (ii) in the case of French Law Notes, the Representative of the Masse, as applicable, shall direct the Issuer to notify the Disposal Agent (with a copy to the Security Trustee or the Security Agent, as applicable) as to whether they approve or do not approve of the proposed sale price(s); then
- (D) if the Issuer notifies (or procures the notification of) the Disposal Agent that the Noteholders have or the Representative of the Masse (as the case may be) has approved the proposed sale price(s), the Disposal Agent shall sell the Acquired Receivable(s) at such price(s) and, upon receipt of the net proceeds of such sale(s) (having deducted all costs, expenses and liabilities incurred in connection with such unwinding, termination, redemption and sale), the Issuer or the Calculation Agent on its behalf shall give not more than thirty (30) nor less than fifteen (15) Collateral Business Days' notice to the Secured Parties (which notice shall be irrevocable) of the date on which such net proceeds will be applied to redeem the Secured Notes at the Early Redemption Amount on the Early Redemption Date and in accordance with the relevant Order of Priority in accordance with Condition 20.4(f) (*Application and distribution of proceeds of liquidation and realisation*); or
- (E) if the Noteholders have (in the case of English Law Notes) or the Representative of the Masse has (in the case of French Law Notes) not approved any relevant proposed sale price(s) or no purchaser for any applicable Acquired Receivable(s) is found within thirty (30) Collateral Business Days, the Issuer shall notify (or procure the notification of) the Disposal Agent and shall redeem the Relevant Secured Notes as if "Physical Delivery of Collateral Assets" had been specified as "Applicable" in the applicable Final Terms,

in each case, for the avoidance of doubt, after payment of any amounts payable to the Secured Parties ranking prior to the Noteholders in accordance with the applicable Order of Priority, such amounts to be paid either out of: (aa) the proceeds of such liquidation or realisation of the relevant Charged Asset(s); or (bb) a portion of the Collateral Loan(s) that would otherwise be transferred to the Noteholders in accordance with Condition 20.4(h) (*Physical Delivery of Collateral Assets*).

Upon the occurrence of any Mandatory Redemption Event or the receipt of a Collateral Enforcement Notice by the Security Trustee or the Security Agent, as applicable, the security created pursuant to the relevant Security Agreement(s) shall be automatically released without

further action on the part of the Security Trustee or the Security Agent, as applicable, to the extent necessary to effect any liquidation and realisation, *provided that* nothing in this Condition 20.4(c) will operate to release the charges and other security interests over the proceeds of such liquidation and realisation of the relevant Collateral Loan(s) not subject to such liquidation and realisation.

For the avoidance of doubt, the Disposal Agent, in the event that it has taken and is continuing to take any such action or step or enter into any such proceedings as it deems appropriate set out in this Condition 20.4(c) (*Enforcement and Realisation of Collateral Loans*) prior to the receipt by the Security Trustee or the Security Agent (as the case may be) of a Collateral Enforcement Notice shall, following receipt by the Security Trustee or the Security Agent (as applicable) of a Collateral Enforcement Notice, cease such action upon receipt by the Disposal Agent of written direction from the Security Trustee or the Security Agent (as applicable) to cease such action.

In the event that the Disposal Agent is instructed in writing to cease realisation of the relevant Collateral Loan(s) by the Security Trustee or Security Agent (as applicable) at any time following receipt of a Collateral Enforcement Notice, the Disposal Agent shall cease to effect any further liquidation and realisation, *provided that* any transaction entered into in respect of any Collateral Loan(s) in connection with such liquidation and realisation on or prior to the date on which the Disposal Agent is so instructed in writing to cease realisation will be settled and the Disposal Agent shall take any steps and actions necessary to settle such transaction and/or that are incidental thereto.

(d) ***Enforcement and Realisation by Noteholders***

Subject to and in accordance with the provisions of the applicable Security Agreements, none of the Noteholders, the Representative of the Masse (in the case of French Law Notes) or any other Secured Party shall be entitled to enforce the security constituted by any relevant Security Agreements or to proceed directly against the Issuer to enforce the other provisions of such Security Agreements unless the Security Trustee or the Security Agent (as applicable), having become bound to enforce or proceed, fails or is unable to do so within a reasonable period, and, in any event, within a 20 Collateral Business Day period, and such failure or inability is continuing or if the Security Trustee or the Security Agent (as applicable) is prevented from enforcing such Security Agreements by any court order, *provided always that* the Disposal Agent may take such action or step or enter into any such proceedings under this Condition 20.4 (*Mandatory Redemption Events, Default, Enforcement and Realisation (All Secured Notes)*) as it deems appropriate.

(e) ***Method of realisation of Collateral Assets and Charged Assets***

Subject as may otherwise be provided for in this Condition 20 or the applicable Final Terms, the Disposal Agent may sell the Collateral Assets in one single tranche or in smaller tranches, by way of one or multiple transactions and on a single or multiple day(s), in each case, as it considers appropriate in order to attempt reasonably to maximise the proceeds from such sale. The Disposal Agent may effect sales of the Collateral Assets: (i) on any securities exchange or quotation service on which the Collateral Assets may be listed or quoted; (ii) on the over-the-counter market; or (iii) by way of transactions otherwise than on such exchanges or on the over-the-counter market.

The Disposal Agent (on the basis of delegation of powers by the Security Trustee or Security Agent) shall be able to exercise any available right regarding the realisation of the Collateral Assets, including, where applicable, in accordance with article 11 of the Collateral Act 2005,

including (but not limited to) the appropriation of the Collateral Assets at their most recently determined value which, if the "Type of Secured Notes" is specified as "Collateral-Backed Notes", will be the value as determined by the Collateral Agent as at the most recent Collateral Test Date.

Where the Disposal Agent is required or requested to dispose of any Collateral Assets other than on any securities exchange or quotation service on which the Collateral Assets may be listed or quoted and on which the Collateral Assets, in the opinion of the Disposal Agent, may be readily realised then, in compliance with the relevant provisions of the Collateral Act 2005:

- (i) the Disposal Agent shall: (a) where "Condition 20.4(e) – Liquid Assets" is specified in the applicable Final Terms, sell the relevant Collateral Assets in accordance with standard market practice (as determined in the sole opinion of the Disposal Agent) for assets similar in nature to the relevant Collateral Assets: (1) on any securities exchange or quotation service on which the Collateral Assets may be listed or quoted; or (2) on the over-the-counter market; or (3) by way of transactions otherwise than on such exchanges or on the over-the-counter market; and (b) where "Condition 20.4(e) – Illiquid Assets" is specified in the applicable Final Terms, either: (1) request a valuation agent (which may not, for the avoidance of doubt, be a Dealer or an Affiliate of a Dealer) to determine the fair market value of the Collateral Assets (based on such procedures as may be agreed between the relevant valuation agent and the Disposal Agent); or (2) seek firm bid quotations from at least three dealers in assets similar in nature to the relevant Collateral Assets (and, for such purpose, it may seek quotations in respect of such Collateral Assets in their entirety or in respect of designated tranches thereof, as it considers appropriate in order to maximise the proceeds of the sale of such Collateral Assets);
- (ii) for the purposes of obtaining the valuation or quotations (as the case may be) referred to in (i) above, the Disposal Agent may itself provide a bid in respect of the relevant Collateral Assets or any tranche thereof; and
- (iii) the Disposal Agent shall be authorised to accept in respect of each relevant tranche or, as applicable, the entirety of the relevant Collateral Assets the highest quotation so obtained (which may be a quotation from the Disposal Agent, *provided that*, when providing such quotations itself, the Disposal Agent shall act in a commercially reasonable manner.

In order to liquidate or realise any other Charged Asset(s), the Disposal Agent may sell, call in, collect and convert any such other Charged Asset(s) into cash in such manner and on such terms as it shall think fit.

In order to enforce the security created by the applicable Security Agreement(s), the Security Trustee and the Security Agent, as the case may be, may, in addition to the foregoing:

- (1) sell, call in, collect and convert the Charged Assets into cash in such manner and on such terms as it shall think fit, and may, at its discretion, take possession of all or part of the Charged Assets over which the security shall have become enforceable;
- (2) take such action, step or proceeding against any Obligor as it deems appropriate but without liability to the Noteholders or any other Secured Party as to the consequence of such action, step or proceeding; and/or
- (3) take any such other action, step or enter into any such other proceedings as it deems appropriate (including, without limitation, taking possession of all or any of the

Charged Assets and/or appointing a receiver) as are permitted under the terms of the applicable Security Agreement(s).

Neither the Security Trustee nor the Security Agent shall be required to take any action, step or proceeding in relation to the enforcement of the security created by the applicable Security Agreement(s) without first being indemnified and/or prefunded and/or secured to its respective satisfaction. When taking any action, step or proceeding in relation to the enforcement of such security, the Security Trustee or the Security Agent, as the case may be, shall be entitled to do so without having regard to the effect of such action, step or proceeding on individual Noteholders (and/or, where "Multiple Series Collateral Pool" is specified as "Applicable" in the applicable Final Terms, individual Series of Secured Notes secured by the same Collateral Pool) or any other Secured Party.

(f) ***Application and distribution of proceeds of liquidation and realisation***

(A) ***Collateral-Backed Notes***

Unless "*Physical Delivery of Collateral Assets*" is specified as "Applicable" in the applicable Final Terms, in connection with the liquidation or realisation of the Charged Assets and/or the enforcement of the relevant Pledge Agreement, after the realisation and liquidation in full of all the Charged Assets in respect of the relevant Series of Secured Notes in accordance with Condition 20.4(e) (*Method of realisation of Collateral Assets and Charged Assets*), the Issuer or, following receipt of a Collateral Enforcement Notice, the Security Trustee or the Security Agent (as applicable) shall use the proceeds of such realisation and liquidation of the Charged Assets to make payment of any amounts payable to the Secured Parties ranking prior to the holders of Non-Waived Secured Notes in accordance with the Order of Priority specified in the applicable Final Terms.

The Issuer or, following receipt of a Collateral Enforcement Notice by the Security Trustee or the Security Agent (as applicable), the Calculation Agent shall, after the realisation and liquidation in full of all the Charged Assets in respect of the relevant Series of Secured Notes in accordance with Condition 20.4(e) (*Method of realisation of Collateral Assets and Charged Assets*), determine the Collateral Liquidation Proceeds Share in respect of each Secured Note of a Series of Secured Notes and shall notify (or procure the notification of) such amounts to the Noteholders in accordance with the Conditions.

Subject as provided below, following payment of all amounts due and payable (if any) in accordance with, and in the order set out in the applicable Order of Priority, the Aggregate Collateral Liquidation Proceeds Share will then be applied in meeting the claims of Noteholders under the Secured Notes which are secured by the relevant Collateral Pool on a *pro rata* and *pari passu* basis on the Early Redemption Date.

Such claims of the relevant Noteholders will be adjusted by the Calculation Agent in accordance with the following rules:

- (1) if the Collateral Liquidation Proceeds Share for a particular Secured Note is greater than the difference between: (A) the amount due to such Noteholder by the Issuer in respect of the Secured Notes of the relevant Series of Secured Notes; and (B) any amounts which have been paid to such Noteholder by the Issuer in respect of this particular Secured Note, being the **Owed Amount**, then such excess amount will not be distributed to such Noteholder but will

be distributed to the Secured Parties ranking after the holders of Non-Waived Secured Notes in accordance with the Order of Priority specified in the applicable Final Terms; and

- (2) otherwise, if the Collateral Liquidation Proceeds Share for a particular Secured Note is lower than the Owed Amount then, in accordance with Condition 20.2(f)(A) (*Limited Recourse against the Issuer*), such Noteholder shall not be entitled to any further recourse against the Issuer for such shortfall amount,

and the Calculation Agent shall notify (or procure the notification of) the Noteholders (with a copy to the Security Trustee or the Security Agent, as the case may be) of such adjusted claims in accordance with the Conditions as soon as reasonably practicable following the determination of those claims by the Calculation Agent.

(B) *Collateral-Linked Notes*

Unless "Physical Delivery of Collateral Assets" is specified as "Applicable" in the applicable Final Terms, in connection with the liquidation or realisation of the Charged Assets and/or enforcement of the relevant Security Agreement(s) and after the realisation and liquidation in full of all the Charged Assets in respect of any relevant Series of Secured Notes in accordance with Condition 20.4(e) (*Method of realisation of Collateral Assets and Charged Assets*), the Issuer or, following receipt of a Collateral Enforcement Notice, the Security Trustee or the Security Agent (as applicable) shall use the proceeds of such realisation and liquidation of the Charged Assets to make payment of the Early Redemption Amount to the Noteholders in accordance with the Order of Priority specified in the applicable Final Terms, in each case, subject to Condition 20.2(f)(A) (*Limited Recourse against the Issuer*).

(C) *Secured Notes Guarantee*

If "Structure 2" or "Structure 4" is indicated as "Applicable" in the applicable Final Terms and the Secured Notes Guarantee is specified as "Applicable" in the applicable Final Terms, following the occurrence of a Secured Note Acceleration Event, the Issuer has not paid all amounts due and payable (disregarding, for the purposes of determining such amount(s), the provisions of Condition 20.2(f) (*Segregation between Collateral Pools, Limited Recourse and Non-Petition*) and assuming that all amounts payable to the Secured Parties ranking prior to the Noteholders in accordance with the applicable Order of Priority have been paid in full) to Noteholders of such Series of Secured Notes, *provided that* the Secured Notes Guarantee shall be deemed to be specified as "Not Applicable" in the applicable Final Terms in the event of any Physical Delivery of Collateral Assets.

For the avoidance of doubt, the Secured Notes Guarantee shall not apply to any Collateral-Backed Notes or to any Collateral-Linked Notes in respect of which either "Structure 1" or "Structure 3" is specified as "Applicable" in the applicable Final Terms, or in respect of any Collateral-Linked Notes in respect of which either "Structure 2" or "Structure 4" is specified and either the Early Redemption Amount in respect of each Secured Note of the relevant Series of Secured Notes is its Collateral

Liquidation Proceeds Share, or “Monetisation” is specified as “Applicable” in the applicable Final Terms.

For the avoidance of doubt, the security granted by the Issuer under the applicable Security Agreements in respect of any relevant Series of Secured Notes is solely granted in relation to the Issuer's payment obligations under the Secured Notes and does not secure the payment obligations of the Guarantor under any relevant Secured Notes Guarantee.

(g) ***Inability to realise Collateral Assets***

If the Disposal Agent is unable to: (i) sell the relevant Collateral Assets: (1) on any securities exchange or quotation service on which the Collateral Assets may be listed or quoted; (2) on the over-the-counter market; or (3) by way of transactions otherwise than on such exchanges or on the over-the-counter market, in each case, in accordance with standard market practice for assets similar in nature to the relevant Collateral Assets; or (ii) obtain the valuation or three quotations (as the case may be) required for the sale of one or more Collateral Assets, in each case pursuant to Condition 20.4(e), for a period of one year from the date of the relevant Secured Note Acceleration Event (such Collateral Assets being **Non-Realised Collateral Assets**), then in lieu of cash settlement of such Non-Realised Collateral Assets and notwithstanding any other provision hereof, the Issuer or (following receipt of a Collateral Enforcement Notice) the Security Trustee or the Security Agent (as applicable) shall be entitled to instruct the Disposal Agent to Deliver, or procure the Delivery of, such Non-Realised Collateral Assets to the relevant Noteholders in accordance with Condition 20.4(h) (*Physical Delivery of Collateral Assets*) and the Order of Priority specified in the applicable Final Terms.

If Delivery of any Non-Realised Collateral Assets is not possible due to the occurrence of a Physical Delivery of Collateral Assets Disruption Event (as defined below) that is continuing for a period of more than 20 Collateral Business Days, the Security Trustee or the Security Agent (as applicable), shall be entitled to instruct the Disposal Agent to either: (i) sell such Non-Realised Collateral Assets by accepting the first available price for such Non-Realised Collateral Assets; or (ii) Deliver (or procure the Delivery of) such Non-Realised Collateral Assets if Delivery subsequently becomes possible.

(h) ***Physical Delivery of Collateral Assets***

Where "*Physical Delivery of Collateral Assets*" is specified as "Applicable" in the applicable Final Terms, following:

- (x) the occurrence of any Collateral Disruption Event, Collateral Asset Default, Early Redemption Event or Mandatory Redemption Event, the Disposal Agent; or
- (y) the receipt by the Security Trustee or Security Agent (as the case may be) of a Collateral Enforcement Notice, the Security Trustee or Security Agent (as applicable),

shall not sell, or cause to be sold, the Collateral Assets (unless there is a Physical Delivery of Collateral Assets Disruption Event and other than to the extent necessary in order to pay any amounts payable to the Secured Parties ranking prior to the Noteholders (in the case of Collateral-Linked Notes) or the holders of Non-Waived Secured Notes (in the case of Collateral-Backed Notes), as applicable, and, in each case, in accordance with the Order of Priority specified in the applicable Final Terms, subject to the right of all (but not some only) of such holders to elect by notice in writing (which notice shall be deemed to be irrevocable) to pay their *pro rata* share of such amounts) in which event, the Security Trustee or the Security Agent (as applicable) shall instead instruct the Disposal Agent to Deliver or cause to be Delivered to

each relevant holder of Secured Notes that is eligible to hold such Collateral Assets their respective Collateral Assets Entitlement in the manner set out in this Condition 20.4(h) (**Physical Delivery of Collateral Assets**).

In such case, following: (i) the occurrence of any Collateral Disruption Event, Collateral Asset Default, Early Redemption Event or Mandatory Redemption Event; or (ii) the receipt by the Security Trustee or the Security Agent (as the case may be) of a Collateral Enforcement Notice, the Calculation Agent shall determine the Collateral Assets Entitlement in respect of each Secured Note and shall notify (or procure the notification of) such amounts to the Noteholders in accordance with the Conditions.

Subject as provided below, the Disposal Agent or (as the case may be) the Security Trustee or the Security Agent will either:

- (i) realise and liquidate (or procure the realisation and liquidation of) sufficient Collateral Assets in accordance with Condition 20.4(e) (*Method of realisation of Collateral Assets and Charged Assets*), to ensure payment of any amounts payable to the Secured Parties ranking prior to the Noteholders (in the case of Collateral-Linked Notes) or the holders of Non-Waived Secured Notes (in the case of Collateral-Backed Notes), as applicable, and, in each case, in accordance with the Order of Priority specified in the applicable Final Terms; or
- (ii) upon transfer of sufficient funds by the relevant holders of Secured Notes, pay (or procure the payment of) any such amount payable to the Secured Parties ranking prior to the Noteholders (in the case of Collateral-Linked Notes) or the holders of Non-Waived Secured Notes (in the case of Collateral-Backed Notes), as applicable, and, in each case, in accordance with the Order of Priority specified in the applicable Final Terms.

In the event that it is not possible to Deliver all or any portion of the relevant Collateral Assets due to any rounding described above, the Disposal Agent shall attempt to realise or liquidate (or shall procure such realisation or liquidation) of such residual Collateral Asset(s) or portion(s) thereof to the extent practicable (the proceeds of such realisation or liquidation being the **Residual Proceeds Amount**). In the event that the Disposal Agent is unable to sell (or procure the sale of) such residual Collateral Asset(s) or portion(s) thereof within a reasonable period (as determined by the Calculation Agent in its sole opinion), the Residual Proceeds Amount or such portion(s) thereof shall be deemed to be zero.

Following such payment, the Issuer or, following receipt of a Collateral Enforcement Notice, the Security Trustee or the Security Agent (as applicable) will notify the Noteholders (in accordance with the Conditions) of the relevant Collateral Delivery Date and will instruct the Disposal Agent to Deliver (or procure the Delivery of) the Collateral Assets Entitlement to the relevant Noteholders in accordance with the method of Delivery of Collateral Assets specified in the applicable Final Terms, *provided that*, in relation to any relevant Series of Collateral-Backed Notes, if the market value of the Collateral Assets contained in a Collateral Assets Entitlement (based on the valuations of the market value of such assets by the Collateral Monitoring Agent on the Collateral Test Date immediately preceding the delivery of the relevant Collateral Enforcement Notice) for a particular Secured Note is:

- (1) greater than the Owed Amount then assets from the Collateral Assets Entitlement for a value equal to such excess amount will be liquidated and the proceeds thereof will then be distributed to the Secured Parties ranking after the holders of Non-Waived

Secured Notes in accordance with the Order of Priority specified in the applicable Final Terms; or

- (2) lower than the Owed Amount, then, in accordance with Condition 20.2(f)(A) (*Limited Recourse against the Issuer*), such Noteholder(s) shall not be entitled to any further recourse against the Issuer for such shortfall amount,

provided that no Collateral Assets shall be Delivered to any Noteholder unless and until such Noteholder has pre-funded and/or indemnified and/or secured the Issuer, the Security Trustee or the Security Agent (as applicable), the Disposal Agent and/or any third party that may Deliver the relevant Collateral Assets to their respective satisfaction in respect of that Noteholder's *pro rata* share in respect of any fees, costs, expenses and/or taxes incurred by the Issuer, Security Trustee or Security Agent (as the case may be), Disposal Agent or any third party referred to above in the Delivery or (if applicable) sale of any relevant Collateral Assets.

Where "Physical Delivery of Collateral Assets" is applicable and the relevant Collateral Assets have redeemed prior to the date on which the relevant Collateral Assets are to be delivered then, in lieu of such Delivery, each Noteholder (in the case of Collateral-Linked Notes) or holder of Non-Waived Secured Notes (in the case of Collateral-Backed Notes), as applicable, shall be entitled to payment of a *pro rata* share of such redemption proceeds after payment of any amounts payable to the Secured Parties ranking prior to the Noteholders (in the case of Collateral-Linked Notes) or the holders of Non-Waived Secured Notes (in the case of Collateral-Backed Notes), as applicable, and, in each case, in accordance with the Order of Priority specified in the applicable Final Terms.

In the event that any relevant Noteholder is not eligible to hold the relevant Collateral Assets (in the sole opinion of the Collateral Agent), then the Disposal Agent shall, in its sole discretion either realise or liquidate (or procure the realisation or liquidation of):

- (A) an aggregate amount of Collateral Assets at least equal to the aggregate of the Collateral Assets Entitlement of each Noteholder of the relevant Series and each relevant Noteholder's *pro rata* share of the proceeds of such realisation or liquidation shall be paid to such Noteholder(s) in the manner out set in Conditions 20.4(e) (*Method of realisation of Collateral Assets and Charged Assets*) and 20.4(f) (*Application and distribution of proceeds of liquidation and realisation*); or
- (B) an aggregate amount of Collateral Assets equal to the aggregate of each relevant ineligible Noteholder's Collateral Assets Entitlement and each relevant ineligible Noteholder's *pro rata* share of the proceeds of such realisation or liquidation shall be paid to such Noteholder(s) in the manner set out in Conditions 20.4(e) (*Method of realisation of Collateral Assets and Charged Assets*) and 20.4(f) (*Application and distribution of proceeds of liquidation and realisation*),

and, in each case, no further amounts shall be due to such Noteholder(s) from the Issuer. For the avoidance of doubt, in the event of any inconsistency or discrepancy between the provisions of this Condition 20.4(h) (*Physical Delivery of Collateral Assets*) and the provisions of Condition 7(c) (Physical Delivery Notes) of the English Law Notes or Condition 7(b) (Physical Delivery Notes) of the French Law Notes, as applicable, the provisions of this Condition 20.4(h) (*Physical Delivery of Collateral Assets*) shall prevail.

(i) ***Physical Delivery of Collateral Assets Disruption Event***

Where "Physical Delivery of Collateral Assets" is specified as "Applicable" in the applicable Final Terms:

(A) *Postponement following a Physical Delivery of Collateral Assets Disruption Event*

If, in the sole opinion of the Disposal Agent, Delivery of all or some of the Collateral Assets forming part of the Collateral Assets Entitlement using the method of Delivery specified in the applicable Final Terms, or such other commercially reasonable manner as the Disposal Agent has determined, is not practicable by reason of a Physical Delivery of Collateral Assets Disruption Event having occurred and which is continuing on any Collateral Delivery Date, then such Collateral Delivery Date shall be postponed to the first following Collateral Business Day in respect of which there is no such Physical Delivery of Collateral Assets Disruption Event continuing, *provided that* the Disposal Agent may elect to Deliver the Collateral Assets forming part of the Collateral Assets Entitlement in such other commercially reasonable manner as it may select and in such event the Collateral Delivery Date shall be such day as the Disposal Agent deems appropriate in connection with Delivery of the Collateral Assets forming part of the Collateral Assets Entitlement.

For the avoidance of doubt, where a Physical Delivery of Collateral Assets Disruption Event affects some but not all of the Collateral Assets forming part of the Collateral Assets Entitlement due to be delivered to a Noteholder, the Collateral Delivery Date for those Collateral Assets forming part of the Collateral Assets Entitlement which are able to be Delivered will be the Collateral Delivery Date on which such Collateral Assets are delivered.

(B) *Undeliverable Collateral Assets*

If a Physical Delivery of Collateral Assets Disruption Event occurs and is continuing for a period of more than 20 Collateral Business Days (or such other period specified in the applicable Final Terms), then in lieu of physical settlement and notwithstanding any other provision hereof, the Disposal Agent shall: (i) sell or realise the assets they are unable to Deliver (the **Undeliverable Collateral Assets**) and deliver (or procure the delivery of) the proceeds thereof to Noteholders in the manner set out in Conditions 20.4(e) (*Method of realisation of Collateral Assets and Charged Assets*) and 20.4(f) (*Application and distribution of proceeds of liquidation and realisation*); or (ii) Deliver the relevant Undeliverable Collateral Assets if Delivery subsequently becomes possible.

(C) *First available price fallback*

If the Disposal Agent is unable either to: (i)(1) sell the relevant Collateral Assets: (aa) on any securities exchange or quotation service on which the Collateral Assets may be listed or quoted; (bb) on the over-the-counter market; or (cc) by way of transactions otherwise than on such exchanges or on the over-the-counter market, in each case, in accordance with standard market practice for assets similar in nature to the relevant Collateral Assets; or (2) obtain the valuation or three quotations required for the sale of the Collateral Assets, in each case pursuant to Condition 20.4(e) (*Method of realisation of Collateral Assets and Charged Assets*); or (ii) Deliver such Collateral Assets due to the continuation of a Physical Delivery of Collateral Assets Disruption Event, for a period of one year from the date of the relevant Collateral Disruption Event, Collateral Asset Default, Mandatory Redemption Event or Secured Note Acceleration Event, as applicable, the Disposal Agent shall be entitled to accept the first available price for such Collateral Assets.

(D) *Physical Delivery of Collateral Assets Disruption Event Notice*

The Issuer or, following receipt of a Collateral Enforcement Notice, the Security Trustee or the Security Agent (as applicable), shall give notice as soon as practicable to the Noteholders in accordance with the Conditions that a Physical Delivery of Collateral Assets Disruption Event has occurred. No Noteholder shall be entitled to any payment in respect of any relevant Secured Notes in the event of any delay in the Delivery of the Collateral Assets forming part of the Collateral Assets Entitlement due to the occurrence of a Physical Delivery of Collateral Assets Disruption Event and no liability in respect thereof shall attach to the Issuer, the Guarantor (if any), the Disposal Agent, the Security Trustee or the Security Agent (as applicable).

For the avoidance of doubt, in the event of any inconsistency or discrepancy between the provisions of this Condition 20.4(i) (*Physical Delivery of Collateral Assets Disruption Event*) and the provisions of Condition 7(c) (*Physical Delivery Notes*) of the English Law Notes or Condition 7(b) (*Physical Delivery Notes*) of the French Law Notes, as applicable, the provisions of this Condition 20.4(i) (*Physical Delivery of Collateral Assets Disruption Event*) shall prevail.

(j) *Liability of the Disposal Agent, the Security Trustee and the Security Agent*

Neither the Disposal Agent, the Security Trustee nor the Security Agent will, in the absence of their respective gross negligence, fraud or wilful misconduct, have any liability as to the consequence of any enforcement or realisation action or determination in relation thereto and neither will have regard to the effect of such action on individual Noteholders or any other Secured Party.

20.5 PROGRAMME PARTIES**(a) *Replacement of Programme Parties***

Each of the Collateral Agency Agreement, the Collateral Monitoring Agency Agreement, the Collateral Netting Agency Agreement, the Collateral Custodian Agreement, the Collateral Account Bank Agreement, the Securities Valuation Agency Agreement, the Disposal Agency Agreement and the Security Agency Agreement and each relevant Security Agreement contains, or will contain, provisions for the termination of such agreement and, as the case may be, the removal or replacement of the role of the relevant Collateral Arrangement Party appointed thereunder. Any such termination, removal and/or replacement will be effected in accordance with the provisions of such agreements and this Condition 20 (*Secured Notes Provisions*) of the Terms and Conditions of Structured Notes and may be effected without the consent of Noteholders. No such termination or removal shall be effective until a replacement entity has been appointed. The Issuer shall be required to give notice to Noteholders of any such termination, removal and/or replacement in accordance with the Conditions.

The replacement of the Collateral Custodian may only be effected when certain conditions relating to the substitute Collateral Custodian are fulfilled. Such conditions include, but are not limited to a requirement that: (i) the substitute Collateral Custodian is incorporated in an OECD member country; (ii) the substitute Collateral Custodian is a fully licensed credit institution in Luxembourg; (iii) in the reasonable opinion of the Issuer and NATIXIS as arranger, the substitute Collateral Custodian is able to act as Collateral Custodian and fulfil the obligations and duties expressed to be binding on it pursuant to the terms of the Collateral Custodian Agreement; and (iv) the substitute Collateral Custodian is a custodial entity of similar repute to the original Collateral Custodian (or any successor thereto appointed in accordance with the terms of the Conditions and the Collateral Custodian Agreement) and is in good standing.

(b) ***Information Sharing and Duty to Cooperate***

Upon receipt of any reasonable request for information and/or other assistance from: (a) any Rating Agency in connection with its ratings obligations in respect of the Secured Notes; or (b) the Issuer, any applicable Collateral Arrangement Party or any Counterparty in connection with the performance of their respective obligations in connection with the relevant Series of Secured Notes or any applicable Transaction Document, the relevant Collateral Arrangement Party shall provide such information and/or assistance to the requesting party, *provided that* such relevant Collateral Arrangement Party shall not be obliged to do anything in accordance with the foregoing that would, in its opinion, be materially detrimental to its interests or contrary to any laws, regulations, obligations, guidelines, orders, policies, any circular letters issued by any relevant supervisory authority or, in each case, the official interpretation thereof, which is/are, in each case applicable to it, the Issuer or any other Collateral Arrangement Party.

20.6 COLLATERAL-LINKED SECURED NOTES

If "Collateral-Linked Notes" is specified as "Applicable" in the applicable Final Terms, the provisions of this Condition 20.6 shall apply in relation to the relevant Series. In the case of any inconsistency between this Condition 20.6 and Conditions 20.1 to 20.5, this Condition 20.6 shall prevail.

(a) ***Collateral Test***

If "Collateral-Linked Note Collateral Test" is specified as "Applicable" in the applicable Final Terms, then, in order for the Collateral Assets securing any relevant Series of Collateral-Linked Notes to satisfy the collateral test for that Series (the **Collateral Test**), such Collateral Assets must: (i) satisfy the Collateral Rules; and (ii) constitute Eligible Collateral Assets on each relevant Collateral Test Date.

When determining whether the Collateral Test is satisfied:

- (i) Collateral Assets for which instructions for the transfer into the relevant Collateral Pool have been provided on or before the relevant Collateral Test Date will be included; and
- (ii) Collateral Assets for which instructions for the removal from the relevant Collateral Pool have been provided on or before the relevant Collateral Test Date will be excluded,

for the purposes of such determination.

(b) ***Security***

(A) The obligations of the Issuer to the Secured Parties are secured pursuant to the Security Trust Deed in respect of English Law Notes and pursuant to the Security Agency Agreement and the Deed of Charge in respect of French Law Notes and, in each case, pursuant to the relevant Pledge Agreement and each other applicable Security Agreement.

(B) The Issuer shall, pursuant to the provisions of the Security Trust Deed or the Security Agency Agreement and the Deed of Charge (as the case may be) and, in each case, the relevant Pledge Agreement and each other applicable Security Agreement, in favour of the Security Trustee or the Security Agent (as applicable) (in each case, for itself and the other Secured Parties):

- (1) create a first fixed charge or a first ranking security interest (where applicable, *gage de premier rang*) (as applicable) over:

- (A) all of the Issuer's rights, title, interest and benefit, present and future (i) in and to the Collateral Assets, each Collateral Account and any other present and future assets relating to the relevant Series; and (ii) in respect of sums derived from the present and future assets relating to such Series (including, without limitation, any proceeds of any sale of any Collateral Assets);
 - (B) all the Issuer's rights, title, interest and benefit, present and future, in, to and under all sums held by the Collateral Service Providers to meet payments due in respect of the Secured Notes; and
 - (C) any sums of money, securities or other property received or receivable by the Issuer under the Transaction Documents (after applicable netting and set-off);
- (2) assign by way of security: (i) all of the Issuer's rights, title, interest and benefit, present and future, in, to and under all sums held by the Agents to meet payments due in respect of the Secured Notes; (ii) all of the Issuer's rights, title, interest and benefit, present and future, as against: (A) the Collateral Custodian in respect of any sum standing to the credit of any Collateral Securities Account; and (B) the Collateral Account Bank in respect of any sum standing to the credit of any Collateral Cash Account, in each case including any interest accrued or accruing thereon and any Retained Monies; and (iii) any sums of money, securities or other property received or receivable by the Issuer under the relevant Hedging Agreements; and
- (3) assign by way of security all of the Issuer's rights, title, interest and benefit, present and future, in, to and under the Transaction Documents (which, for the avoidance of doubt, shall be subject to any rights of netting or set-off thereunder) and all sums derived therefrom in respect of the Secured Notes relating to the relevant Series.
- (C) All monies received by the Security Trustee or the Security Agent, as applicable, in connection with the Secured Notes will be held by the Security Trustee on trust or by the Security Agent to apply the same in accordance with the application of the relevant Order of Priority. By subscribing to or otherwise acquiring the Secured Notes, each Noteholder expressly consents to the provisions of this Condition 20.6(b).
- (c) ***Mandatory Redemption Event***
- If a Mandatory Redemption Event occurs, then the Issuer or the Calculation Agent acting on its behalf shall forthwith give not less than 10 nor more than 30 Collateral Business Days' notice (which notice shall be irrevocable) to the Security Trustee or the Security Agent (as applicable), the Disposal Agent, the Calculation Agent, the Guarantor (if any) and the holders of Secured Notes of the relevant Series that a Mandatory Redemption Event has occurred and that the Issuer shall redeem all (but not some only) of the Collateral-Linked Notes of the relevant Series of Secured Notes in accordance with Condition 20.6(e) (*Early redemption of Collateral-Linked Notes*).
- (d) ***Increase in the Costs of Agents' Fees in relation to Collateral Loans***
- Upon the occurrence of an Increase in the Cost of Agents' Fees, then:

- (1) the Issuer shall notify the Fiscal Agent and the Security Trustee or the Security Agent (as applicable) no later than 10 Business Days following the receipt of the notification from the Loan Registrar of such change; and
- (2) the Fiscal Agent shall notify the Noteholders in accordance with the Conditions and seek their consent for such change in fees and confirm that, if the Noteholders object or do not consent to such Increase in the Cost of Agents' Fees prior to such Increase in the Cost of Agents' Fees becoming effective, that such objection or failure to consent will constitute a Mandatory Redemption Event; and
- (3) if the Fiscal Agent, as instructed by: (x) the Noteholders acting by Extraordinary Resolution or by a resolution in writing signed by or on behalf of the Noteholders of at least 75 *per cent.* in aggregate amount of the Secured Notes then outstanding; or (y) the Representative of the Masse, as applicable, or if the Noteholders have not provided any direction prior to the Increase in the Cost of Agents' Fees becoming effective, has either notified the Issuer, the Calculation Agent and the Security Trustee or the Security Agent (as applicable) that the Noteholders have:
 - (i) consented to such Increase in the Cost of Agents' Fees, then the Interest Rate will be adjusted accordingly by the Calculation Agent and will apply to the Secured Notes until the next Increase in the Cost of Agents' Fees; or
 - (ii) objected or not consented to such Increase in the Cost of Agents' Fees prior to the Increase in the Cost of Agents' Fees becoming effective, a Mandatory Redemption Event has occurred and Condition 20.6(c) (*Mandatory Redemption Event*) above shall apply.

(e) ***Early redemption of Collateral-Linked Notes***

- (A) Subject to Condition 20.6(e)(D) (*Early redemption in respect of Structure 4*) below (in the event that "Structure 4" is specified as "Applicable" in the applicable Final Terms), Condition 20.4(c) (*Enforcement and Realisation of Collateral Loans*) above or as otherwise specified in the applicable Final Terms, upon expiry of the relevant notice under Condition 20.6(c) (*Mandatory Redemption Event*), and, in each case, subject to the conditions of such notice, the Issuer may, at its option following the notification from the Calculation Agent, at any time, subject to having given not more than 45 nor less than 15 Business Days' prior notice to the Security Trustee or Security Agent, as applicable, and, in each case, the Disposal Agent (which notice shall be irrevocable), in accordance with the Conditions, either:
 - (1) if Monetisation is specified as "Applicable" in the applicable Final Terms, apply the Monetisation provisions; or
 - (2) if Monetisation is specified as "Not Applicable" in the applicable Final Terms, redeem all, but not some only of the Relevant Secured Notes at their Early Redemption Amount on the Early Redemption Date in accordance with Condition 20.4(f)(B) (*Collateral-Linked Notes*),

provided that if Physical Delivery of Collateral Assets is applicable in respect of the relevant Series of Collateral-Linked Notes, the provisions of Condition 20.4(h) (*Physical Delivery of Collateral Assets*) and, if applicable, Condition 20.6(j)(B) (*Physical Delivery and Hedging Agreements*) shall apply.

The Issuer's obligations under the Relevant Secured Notes shall be satisfied in full upon the completion of the application of the Monetisation provisions or payment of such Early Redemption Amount, as the case may be.

- (B) Once the Collateral Liquidation Proceeds (having made all deductions from such proceeds as required by this Condition 20.6(e)), have been applied in accordance with this Condition 20.6(e), failure to make any further payment due in respect of a mandatory redemption under this Condition 20.6(e) of part of the aggregate amount of the Secured Notes then outstanding or any termination payment under any Hedging Agreement shall not constitute an Event of Default.
- (C) Each relevant Hedging Agreement shall provide for the early termination of such agreement (or a proportionate part thereof which corresponds to the Secured Notes to be redeemed) on such redemption of Secured Notes. Each relevant Hedging Agreement will set out all the terms of such early termination. The Security Agreements will also set out the terms on which the Security over the relevant Charged Assets or part thereof may be released to provide funds for such redemption.
- (D) *Early redemption in respect of Structure 4*
 - (1) If a Mandatory Redemption Event or an Event of Default occurs in relation to any Series of Collateral-Linked Notes in respect of which "Structure 4" is specified as "Applicable" in the applicable Final Terms, subject to the relevant provisions of, where applicable, the relevant Transaction Documents, with respect to:
 - (A) a Mandatory Redemption Event due to a Non-Default Related Mandatory Redemption Event:
 - (i) the Securities Lending Counterparty shall transfer Equivalent Initial Collateral Assets and/or Initial Collateral Asset Replacement Assets to the Issuer and the Issuer shall transfer Equivalent Alternative Collateral Assets to the Securities Lending Counterparty, in each case, pursuant to the terms of the applicable Securities Lending Agreement; then
 - (ii) the Disposal Agent shall, on behalf of the Issuer, proceed to arrange for and administer the unwind, termination, redemption or sale of the Equivalent Initial Collateral Assets and/or Initial Collateral Asset Replacement Assets received by the Issuer in accordance with Condition 20.4(e) (*Method of realisation of Collateral Assets and Charged Assets*) above; then
 - (iii) the relevant Swap Agreement shall be terminated and, pursuant to the terms of such Swap Agreement, the Early Redemption Additional Amount shall be payable by the Swap Counterparty or the Issuer, as the case may be; then
 - (iv) upon the receipt of the net proceeds of items (i)–(iii) above (having deducted all costs, expenses and liabilities incurred in connection with such unwinding, termination, redemption and sale) the Issuer, shall redeem the Secured

Notes of the relevant Series at the Early Redemption Amount on the Early Redemption Date; and

- (B) an Event of Default or a Mandatory Redemption Event due to a Default-Related Mandatory Redemption Event:
- (i) the applicable Securities Lending Agreement shall be terminated in accordance with the terms thereof and the relevant calculation agent thereunder shall calculate the Early Termination Value as soon as reasonably possible following the occurrence of the relevant Event of Default or Default-Related Mandatory Redemption Event (as applicable); then
 - (ii) the applicable Swap Agreement shall be terminated and the relevant calculation agent shall calculate the Early Termination Value as soon as reasonably possible following the occurrence of the relevant Event of Default or Default-Related Mandatory Redemption Event (as applicable); then
 - (iii) (aa) in the case of an Event of Default, the Security Trustee or the Security Agent, as the case may be (or the Disposal Agent on its behalf); or (bb) in the case of a Default-Related Mandatory Redemption Event, the Issuer (or the Disposal Agent on its behalf) shall, in each case, liquidate the Alternative Collateral Assets in accordance with Condition 20.4(e) (*Method of realisation of Collateral Assets and Charged Assets*) above; then
 - (iv) upon receipt of the net proceeds of the Alternative Collateral Assets (having deducted all costs, expenses and liabilities incurred in connection with such unwinding, termination, redemption and sale and any Early Redemption Additional Amount(s) payable by the Issuer) the Issuer shall redeem the Secured Notes of the relevant Series at the Early Redemption Amount on the Early Redemption Date.

(f) ***Determination and Publication of Redemption Amounts in respect of Collateral-Linked Notes***

As soon as practicable after such date as the Calculation Agent may be required to calculate (or may procure the calculation of) any Redemption Amount, obtain any quote or make any determination or calculation, the Calculation Agent will calculate (or will procure the calculation of) such Redemption Amount, obtain such quote or make such determination or calculation, as the case may be, and cause, if required to be calculated, the Redemption Amount to be notified to the Disposal Agent, the Principal Paying Agent, the Security Trustee or the Security Agent, as applicable, the Issuer, each of the Paying Agents, the Guarantor (if any) and the Noteholders. The determination of each Redemption Amount, the obtaining of each quote and the making of each determination or calculation by or on behalf of the Calculation Agent shall (in the absence of manifest error) be final and binding upon all parties.

(g) ***Pass-Through Notes***

The following provisions apply if "Structure 1" is specified as "Applicable" in the applicable Final Terms in respect of any relevant Series of Collateral-Linked Notes.

(A) ***Interest on Pass-Through Notes***

- (1) No fixed interest will accrue on the Secured Notes of any Series that are Pass-Through Notes. Subject to receipt by the Issuer of Underlying Distribution Amounts, each Secured Note of each relevant Series will bear variable interest and the Issuer will pay to the Noteholders of the relevant Series of Secured Notes, on each Interest Payment Date, the Pass-Through Interest Amount in respect of each Relevant Secured Note.
- (2) Except to the extent paid under the relevant Collateral Asset(s), the Noteholders of any relevant Series of Secured Notes will not be entitled to any additional interest or other payment for the delay in the payment of any Pass-Through Interest Amount. Any such delay by itself shall not constitute a Pass-Through Termination Event or an Event of Default.

(B) ***Partial Redemption in respect of Pass-Through Notes***

- (1) On each Partial Redemption Date, the Issuer will pay to the Noteholders of the relevant Series of Secured Notes the Partial Redemption Amount in respect of each Secured Note.
- (2) Subject to Condition 20.6(g)(B)(3) below, upon payment of a Partial Redemption Amount, the Issuer shall reduce (or cause to be reduced) the aggregate amount of each relevant Secured Note by an amount equal to such Partial Redemption Amount on and from the first day immediately following the relevant Partial Redemption Date.
- (3) In the case that the payment of a Partial Redemption Amount would have the effect of reducing the aggregate amount of the Relevant Secured Notes to zero, the aggregate amount of such Secured Notes shall not be reduced to zero but only to an amount equal to the lowest denomination in the applicable Specified Currency as long as there has been no Full Repayment. Any and all further payments of Partial Redemption Amounts to be made by the Issuer to the Noteholders of the relevant Pass-Through Notes will constitute Pass-Through Interest Amounts that shall be distributed to the Noteholders as additional Pass-Through Interest Amounts. Upon the occurrence of a Full Repayment, the aggregate amount of the Relevant Secured Notes shall be reduced to zero.

(C) ***Final Redemption in respect of Pass-Through Notes***

- (1) Unless previously redeemed as provided above and notwithstanding anything else to the contrary in the Conditions, the Issuer will redeem each Secured Note on the Maturity Date by paying to the relevant Noteholder in respect of each Secured Note the Pass-Through Final Redemption Amount and any accrued but unpaid Pass-Through Interest Amount. In such a case, the obligations of the Issuer under the Relevant Secured Notes shall be fully discharged and the Noteholders shall have no further claim or recourse against the Issuer.

- (2) If the Pass-Through Final Redemption Amount and/or the final Pass-Through Interest Amount are not available on the Maturity Date, the final redemption of the Relevant Secured Notes shall be postponed until the Effective Redemption Date. The Issuer shall use all reasonable means to realise the Charged Assets promptly and achieve a Full Repayment.
- (3) The Noteholders will not be entitled to any additional interest or other payment for any delay in receiving the Pass-Through Final Redemption Amount and/or final Pass-Through Interest Amount. Any such delay shall not by itself constitute a Pass-Through Termination Event or an Event of Default.
- (4) Following the occurrence of the Full Repayment on the Effective Redemption Date, the obligations of the Issuer under the Relevant Secured Notes shall be fully discharged and the Noteholders of such Series shall have no further claim or recourse against the Issuer.

(h) ***Alternative Collateral Assets***

If "Structure 4" is specified as "Applicable" in the applicable Final Terms in respect of a Series of Collateral-Linked Notes, the provisions of this Condition 20.6(h) (*Alternative Collateral Assets*) shall apply.

- (A) The Issuer shall procure that any assets or liabilities forming part of the Initial Collateral Assets specified in the applicable Final Terms shall be purchased by or on its behalf and delivered to the Collateral Custodian and that it shall enter into any agreements (including, without limitation, the relevant Swap Agreement and Securities Lending Agreement), in each case, on or around the Issue Date in respect of the relevant Series of Secured Notes (the **Acquisition Deadline**). Without prejudice to Condition 9 (*Prescription*) of the Terms and Conditions of English Law Notes or Condition 9 (*Prescription*) of the Terms and Conditions of French Law Notes, as the case may be, if any such purchase and delivery of the relevant Initial Collateral Assets or entry into such agreements, as the case may be, occurs after the Acquisition Deadline, the relevant assets, liabilities or agreements shall nonetheless form part of the Charged Assets in respect of such Series of Secured Notes from the date of their purchase or execution (as applicable), *provided that* if prior to any delivery of the relevant Initial Collateral Assets to the Collateral Custodian the Issuer has an enforceable right to procure delivery of such Initial Collateral Assets, such right shall form part of the Charged Assets and shall be subject to the security created by or pursuant to the applicable Security Agreement(s).
- (B) Pursuant to the terms of the applicable Securities Lending Agreement, the Issuer may lend the Initial Collateral Assets selected by the Issuer or the Securities Lending Counterparty, as the case may be, to the Securities Lending Counterparty and the Securities Lending Counterparty shall, in return and from time to time, transfer Alternative Collateral Assets (as specified in the applicable Final Terms) with an aggregate market value (as determined by the Calculation Agent) at least equal to the product of the Alternative Collateral Assets MV Percentage and the aggregate market value of the Initial Collateral Assets (as determined by the Calculation Agent). The Alternative Collateral Assets shall constitute Collateral Assets for the purposes of the relevant Series of Secured Notes and the Initial Collateral Assets and the Alternative Collateral Assets may have to comply with different Eligibility Criteria and/or Collateral Rules, which, in each case, shall be specified in the applicable Final Terms.

- (C) Without prejudice to the generality of Condition 20.6(1) (*Substitution of Collateral Assets in respect of Collateral-Linked Notes*), if a Collateral Substitution Event occurs with regard to any Alternative Collateral Asset(s), then the Issuer (or the Calculation Agent on its behalf) will be entitled (but will not be obliged) either to substitute such Alternative Collateral Asset(s) and/or make such modifications and adjustments to the terms of the Relevant Secured Notes in order to preserve the economic equivalent of the obligations of the Issuer under such Secured Notes, in each case, in accordance with Condition 20.6(1)(B) (*Substitution of Collateral Assets in respect of Collateral-Linked Notes*), provided that if "Substitution of Collateral Assets" is specified as "Not Applicable" in the applicable Final Terms, "Substitution of Collateral Assets" shall be deemed to be specified for these purposes.
- (D) Under the terms of any relevant Securities Lending Agreement, the Securities Lending Counterparty may be entitled to transfer Initial Collateral Asset Replacement Assets and/or Equivalent Initial Collateral Assets to the Issuer from time to time and the Issuer may not in each instance receive Equivalent Assets in respect of the Initial Collateral Assets that it lends the Securities Lending Counterparty.

(i) ***Voting in respect of Collateral Assets (Collateral-Linked Notes)***

The Issuer may exercise any rights in its capacity as holder of the Collateral Assets (including, without limitation, a right to vote or any analogous right howsoever described) only as directed in writing by the respective Noteholders of at least one-fifth in aggregate amount of the Secured Notes then outstanding or as directed by an Extraordinary Resolution (as defined in the Agency Agreement) of the Noteholders or by the Representative of the Masse acting pursuant a request from a Noteholder, as applicable and, if such direction is given, the Issuer will act in accordance with such directions, unless such instructions are in the reasonable opinion of the Issuer contrary to applicable laws, regulations and/or materially detrimental to the interests of the Issuer. In particular, the Issuer will not attend or vote at any meeting of holders of any Collateral Assets, or give any consent or notification or make any declaration in relation to the Charged Assets, save as directed in writing by the respective Noteholders of at least one-fifth in aggregate amount of Secured Notes then outstanding or as directed by an Extraordinary Resolution of the Noteholders or by the Representative of the Masse, as the case may be.

(j) ***Hedging of Issuer's Obligations***

(A) ***Hedging Arrangements***

Where the "Type of Secured Notes" is specified as "Collateral-Linked Notes", then the Issuer may hedge its obligations in relation to a Series of Secured Notes in a number of different ways, including by entering into repurchase agreements (**Repurchase Agreements**), securities lending agreements (**Securities Lending Agreements**), non title transfer security interests over third party custodian accounts (**Pledge GMSLAs**) or swap agreements (**Swap Agreements**) or any other agreements (any Repurchase Agreement, Securities Lending Agreement, Pledge GMSLA, Swap Agreement or any other such agreement being a **Hedging Agreement**) with a counterparty which may be NATIXIS or an affiliate of NATIXIS or such other entities as the Issuer deems appropriate from time to time (each such entity being a **Repo Counterparty**, a **Securities Lending Counterparty**, a **GMSLA Pledgee** (as defined below), a **Swap Counterparty** or an **Other Hedging Counterparty**, and each of any Repo Counterparty, Securities Lending Counterparty, GMSLA Pledgee, Swap Counterparty or Other Hedging Counterparty, a **Counterparty**) as specified (if any) in the applicable

Final Terms . Such transactions may also include provisions for the transfer to the Issuer of assets which may be treated as Collateral Assets by the Issuer and used to fulfil its obligations in relation to the Secured Notes. Where such Hedging Agreements provide for the transfer of assets to the Issuer, such transfer shall be made with full title.

A Swap Agreement may be evidenced by a 2002 ISDA Master Agreement and Schedule together with the confirmation entered into by the Issuer and the Counterparty in respect of the relevant Series of Secured Notes. If the Counterparty's obligations under the Swap Agreement are to be collateralised, the Swap Agreement may be supplemented by: (i) a 1995 ISDA Credit Support Annex (Bilateral Form – Transfer); (ii) a 1995 ISDA Credit Support Deed (Security Interest – English law); or (iii) any other credit support annex published by ISDA (each of the items at (i), (ii) and (iii) above, a **Credit Support Document**), pursuant to which: (a) only the Issuer will be required to post collateral (such Credit Support Document, a **Credit Support Document – One Way**); or (b) both the Issuer and the Counterparty will be required to post collateral (such Credit Support Document, a **Credit Support Document – Two Way**), as the case may be.

A Repurchase Agreement may be substantially in the form of a 2000 TBMA/ISMA Global Master Repurchase Agreement, a “*Convention Cadre FBF relative aux opérations de pensions livrées*”, each as amended, supplemented or otherwise modified from time to time, or any other agreement having a similar effect.

A Securities Lending Agreement may be substantially in the form of a 2010 ISLA Global Master Securities Lending Agreement, as amended, supplemented or otherwise modified from time to time, or any other agreement having a similar effect.

A Pledge GMSLA is a Securities Lending Agreement adapted in the form of a third party pledge agreement governed by Belgian law over a cash account and a securities account opened with Euroclear, signed by and between NATIXIS acting as borrower (the **GMSLA Pledgee**), NCIBL acting as lender (the **GMSLA Pledgor**) and Euroclear Bank NV, whereby the GMSLA Pledgor and GMSLA Pledgee request Euroclear to open a pledged cash account and a pledged securities account (as defined in the Pledge GMSLA) in Euroclear in the name of the GMSLA Pledgee or such other system as specified in the applicable Final Terms. This agreement creates a security interest over the Collateral-Linked Note Collateralisation Percentage of loaned securities transferred to the pledged securities account to the benefit of the GMSLA Pledgee until the termination date of the Securities Lending Agreement, subject to collateral substitution provisions and any early termination provisions. However, a Pledge GMSLA does not involve transfer of the title of all or part the Collateral Assets by the Issuer acting as GMSLA Pledgor.

(B) *Physical Delivery and Hedging Agreements*

In the event that Physical Delivery of Collateral Assets is applicable in respect of any relevant Series of Collateral-Linked Notes and where:

- (1) the Issuer has entered into any Hedging Agreement(s) in respect of such Series, the Issuer shall: (i) pay to each Noteholder its *pro rata* share of any Early Redemption Additional Amounts (if the Early Redemption Additional Amount is positive and only to the extent that the Early Redemption Additional Amount is actually received by the Issuer) in addition to

- Delivering to each such Noteholder its Collateral Assets Entitlement; or (ii) deduct from each Noteholder's Collateral Assets Entitlement an aggregate amount of Collateral Assets (rounded up to the nearest amount that is capable of being Delivered) equal to its *pro rata* share of the Early Redemption Additional Amount (if the Early Redemption Additional Amount is negative);
- (2) the Issuer has entered into a Repurchase Agreement, Securities Lending Agreement and/or other Hedging Agreement of similar affect with any Counterparty, if, upon the termination of any such Hedging Agreement where the relevant Counterparty is not a defaulting party (howsoever described), such Counterparty is unable (after using commercially reasonable efforts) to transfer assets that are Equivalent Assets in respect of all Received Collateral to the Issuer in accordance with the relevant Hedging Agreement (such assets being **Undelivered Equivalent Assets**), that Counterparty shall pay an amount equal to the fair market value (as determined by that Counterparty in its sole discretion) of the relevant Undeliverable Equivalent Assets to the Issuer in lieu of such delivery by way of a termination payment and, for the avoidance of doubt, such amount shall form part of the Early Redemption Additional Amount;
- (3) (a) the Issuer is holding Credit Support Assets relating to the relevant Series of Secured Notes; (b) such Credit Support Assets are margin securities delivered as collateral by the relevant Repo Counterparty to the Issuer under the applicable Repurchase Agreement; and/or (c) where: (1) the relevant Mandatory Redemption Event is the Secured Note Default-Related Hedging Termination Event where the Swap Counterparty is the defaulting party (howsoever described) or, where applicable, the Securities Lending Counterparty is the defaulting party (howsoever described) under the relevant Securities Lending Agreement; or (2) an Early Redemption Additional Amount is due from the Swap Counterparty or the Securities Lending Counterparty to the Issuer and, where either (1) or (2) applies, such payment is not made when due and payable under the relevant Hedging Agreement, the relevant Credit Support Assets shall be sold by or on behalf of the Issuer in accordance with Condition 20.4(e) (*Method of realisation of Collateral Assets and Charged Assets*). In addition, where the Securities Lending Counterparty is the defaulting party (howsoever described) under any relevant Securities Lending Agreement and the Issuer is holding assets that have been transferred to the Issuer by the Counterparty pursuant to the terms of that Securities Lending Agreement, such assets shall be sold in the manner set out in Condition 20.4(e) (*Method of realisation of Collateral Assets and Charged Assets*); and
- (4) the Issuer holds Collateral Assets that are Credit Support Assets or assets transferred to the Issuer by a Securities Lending Counterparty pursuant to any relevant Securities Lending Agreement, the Issuer shall not Deliver such Collateral Assets and/or assets to the Noteholders.

For the avoidance of doubt, in the event of any inconsistency or discrepancy between the provisions of this Condition 20.6(j)(B) (*Physical Delivery and Hedging Agreements*) and the provisions of Condition 7(c) (Physical Delivery Notes) of the English Law Notes or Condition 7(b) (Physical Delivery Notes) of the French Law

Notes, as applicable, the provisions of this Condition 20.6(j)(B) (*Physical Delivery and Hedging Agreements*) shall prevail.

(C) *Purchase Option*

Each relevant Hedging Agreement will provide that, on any purchase of Secured Notes by the Issuer or any of its affiliates (in the open market or otherwise), such Hedging Agreement (or a proportionate part thereof which corresponds to the Secured Notes to be purchased) will terminate and the relevant Security Agreement(s) will provide that the security over the relevant Charged Assets or part thereof may be released to provide funds for such purchase.

(D) *Collateral-Linked Note Collateralisation Percentage*

Where "Collateral-Linked Note Collateralisation Percentage" is specified as "Applicable" in the applicable Final Terms relating to a Series of Collateral-Linked Notes, the collateralisation percentage relating to such Series of Collateral-Linked Notes will be specified in the applicable Final Terms, and may be a fixed percentage or a percentage determined by applying a predetermined formula (the **Collateral-Linked Note Collateralisation Percentage**). The applicable Final Terms may also specify that the Collateral-Linked Note Collateralisation Percentage may vary during the term of the Secured Notes, after a certain date, following the occurrence of a trigger event (as set out in the applicable Final Terms) or following a unanimous decision of the Noteholders.

If the applicable Final Terms specify that the Collateral-Linked Note Collateralisation Percentage may vary in certain circumstances following a unanimous decision of the Noteholders, to exercise such option, the Noteholders (or the Representative of the Masse in the case of French Law Notes) shall notify the unanimous decision of the Noteholders specifying the new Collateral-Linked Note Collateralisation Percentage and the date of variation of the Collateral-Linked Note Collateralisation Percentage, to the Issuer in accordance with the Conditions within the notice period specified in the applicable Final Terms.

For the avoidance of doubt and where applicable, in the event that a new Collateral-Linked Note Collateralisation Percentage would (but for the provisions of this paragraph) be applicable less than two Collateral Business Days prior to the immediately following Collateral Test Date (the **Initial New Collateral-Linked Note Collateralisation Percentage Collateral Test Date**), the new Collateralisation Percentage shall apply as of the Collateral Test Date immediately following the Initial New Collateral-Linked Note Collateralisation Percentage Collateral Test Date.

(k) *Priority Secured Party*

(A) The Priority Secured Party may be the Noteholders (subject to the relevant Order of Priority) and, if so, the Noteholders will be deemed to be a single Secured Party.

(B) Where the Priority Secured Party is the Noteholders, the Noteholders may direct the Security Trustee or the Security Agent (as applicable) to exercise any powers conferred upon the Security Trustee or the Security Agent (as applicable) pursuant to the Transaction Documents by means of a direction in writing of the Noteholders of at least 25 *per cent.* in aggregate amount of the Secured Notes then outstanding or by means of an Extraordinary Resolution of such Noteholders or by the Representative of the Masse acting pursuant to a request from a Noteholder, as the case may be.

- (C) Where the Priority Secured Party is a Secured Party other than the Noteholders and the Counterparties, such other Secured Party may in writing direct the Security Trustee or the Security Agent (as applicable) to exercise any powers conferred upon the Security Trustee or the Security Agent (as applicable) pursuant to the Transaction Documents.
 - (D) Where the Priority Secured Party is the Counterparties, the Security Trustee or the Security Agent (as applicable) shall take instructions jointly from the relevant Counterparties, *provided that* there is unanimity in such instructions.
 - (E) In any case, the Security Trustee or the Security Agent (as applicable) shall not be bound to take any action unless it is directed by the relevant Priority Secured Party and indemnified and/or secured and/or prefunded to its satisfaction. Such Priority Secured Party will enjoy preferential ranking in the relevant Order of Priority on enforcement of the relevant Security or following a mandatory redemption (as set out in Condition 20.6(c) (*Mandatory Redemption Event*)). As further set out in the Security Trust Deed or Security Agency Agreement (as the case may be), neither the Security Trustee or the Security Agent (as applicable) shall be bound to take any action unless directed by the relevant Priority Secured Party and secured and/or indemnified and/or prefunded to its satisfaction.
- (I) ***Substitution of Collateral Assets in respect of Collateral-Linked Notes***
- (A) If "Substitution of Collateral Assets" is specified as "Applicable" in the applicable Final Terms in respect of a Series of Collateral-Linked Notes and *provided that* no Mandatory Redemption Event or Event of Default has occurred, the Issuer (or the Calculation Agent on its behalf) may, on any Collateral Business Day (*provided that* the Issuer (or the Calculation Agent on its behalf) has given the Collateral Custodian and/or the Collateral Account Bank, as applicable, at least two (2) Collateral Business Days' prior notification of any such adjustment), withdraw and replace any Collateral Asset(s) with assets that, where "Collateral-Linked Note Collateral Test" is specified as:
 - (1) "Not Applicable" in the applicable Final Terms, are Eligible Collateral Assets; and
 - (2) "Applicable" in the applicable Final Terms, comply with the Collateral Test (or, in the event that the Collateral Rules are not satisfied on the relevant Collateral Business Day, would maintain or improve the degree of contravention of the Collateral Rules) on such Collateral Business Day, which shall be deemed to be a Collateral Test Date,

provided further that immediately following such substitution, the aggregate amount of the Collateral Asset(s) in the Collateral Pool shall be equal to or greater than the aggregate amount of the Collateral Asset(s) in the Collateral Pool immediately prior to such substitution. Following a written request from any Noteholder, the Issuer shall, within 1 Collateral Business Day of that request provide such Noteholder with information pertaining to the composition of the Collateral Pool and the adjustments most recently made to the Collateral Pool (including, *inter alia*, the type and quantity of any Collateral Assets substituted in and/or removed).
 - (B) If "Substitution of Collateral Assets" is specified as "Applicable" in the applicable Final Terms in respect of a Series of Collateral-Linked Notes and *provided that* no Default-Related Mandatory Redemption Event or Event of Default has occurred, the

provisions of this Condition 20.6(1)(B) (*Substitution of Collateral Assets in respect of Collateral-Linked Notes*) shall apply.

(1) *Substitution of a Collateral Asset upon the occurrence of a Collateral Substitution Event*

If on or prior to the Maturity Date, a Collateral Substitution Event occurs with regard to any Collateral Asset(s), then the Issuer (or the Calculation Agent on its behalf) will be entitled (but will not be obliged to), for the purpose of performing its obligations in respect of the outstanding Secured Notes, either to:

(A) substitute the affected Collateral Asset(s) with Successor Collateral Assets, *provided that* the Issuer (or the Calculation Agent on its behalf) shall:

- (i) replace that affected Collateral Asset(s) by a number of Successor Collateral Assets as represents the amount (the **Removal Value**) derived from an order to sell such affected Collateral Asset which has been submitted by the Issuer (or the Calculation Agent on its behalf);
- (ii) determine the effective date of such substitution; and
- (iii) make such other modifications and adjustments to any terms of the Secured Notes as may be required in order to preserve the economic equivalent of the obligation of the Issuer under the Secured Notes, *provided that* the Noteholders shall be informed without undue delay of the relevant modifications and/or adjustments in accordance with the Conditions,

provided that immediately following such substitution, no Collateral Substitution Event is continuing in respect of the relevant Series; or (but not and)

(B) make such modifications and adjustments to any terms of the Secured Notes as may be required in order to preserve the economic equivalent of the obligation of the Issuer under the Secured Notes, *provided that* the Noteholders shall be informed without undue delay of the relevant modifications and/or adjustments in accordance with the Conditions.

(C) For the avoidance of doubt, any Collateral Asset(s) substituted out of a Collateral Pool and replaced with Successor Collateral Assets shall no longer form part of such Collateral Pool and, in the case of a substitution of Initial Collateral Assets, such substituted Collateral Assets shall no longer form part of the Initial Collateral Assets.

(2) *Early Redemption following a Non-Default Related Mandatory Redemption Event*

Upon the occurrence of a Collateral Substitution Event that is a Non-Default Related Mandatory Redemption Event, the provisions of Condition 20.6(1)(B)(1) (*Substitution of a Collateral Asset upon the occurrence of a*

Collateral Substitution Event) shall apply prior to Condition 20.6(c) (*Mandatory Redemption Event*).

(3) *Modifications, Adjustments and Waivers*

(A) The Security Trustee or the Security Agent, as applicable, shall agree without the consent of the Secured Parties, upon the occurrence of a Collateral Substitution Event with regard to any Collateral Asset on or prior to the Maturity Date, and pursuant to Condition 20.6(1)(B)(1) (*Substitution of a Collateral Asset upon the occurrence of a Collateral Substitution Event*) to:

- (i) in case of substitution of an affected Collateral Asset with any Successor Collateral Asset, any modifications and adjustments to any terms of the Secured Notes; or (but not and)
- (ii) in the absence of any such substitution, any modifications, adjustments and/or waivers to any terms of the Secured Notes,

in each case, as may be required in order to preserve the economic equivalent of the obligation of the Issuer under the Secured Notes (as certified in writing by the Issuer to the Security Trustee or the Security Agent (as applicable) and upon which certificate the Security Trustee or the Security Agent (as applicable) may rely absolutely without enquiry or liability), *provided that* the Noteholders shall be informed without undue delay of the relevant modifications, adjustments and/or waivers.

(B) Any such modification, adjustment and/or waiver shall be binding on the Secured Parties and such modification and/or adjustment shall be notified to the Secured Parties as soon as practicable thereafter.

FORM OF SECURED NOTES GUARANTEE

Independent and autonomous first demand guarantee

(garantie autonome à première demande)

THIS GUARANTEE is made by **NATIXIS** in favour of the noteholders (each a “**Noteholder**”) for the time being of certain Secured Notes issued by **NATIXIS CORPORATE AND INVESTMENT BANKING LUXEMBOURG SA**

WHEREAS

- (A) **NATIXIS CORPORATE AND INVESTMENT BANKING LUXEMBOURG SA** (previously known as Natixis Wealth Management Luxembourg), a public limited liability company (*société anonyme*) organised and established under the laws of Luxembourg, having its registered office at 51, avenue J.F. Kennedy, L-1855 Luxembourg, and registered with the Luxembourg trade and companies register under number B 32160 as issuer (the “**Issuer**”), may from time to time issue secured notes governed by English law or French law (the “**Secured Notes**”) under its Debt Issuance Programme (the “**Programme**”).
- (B) **NATIXIS**, a *société anonyme* incorporated with the *Registre de commerce et des sociétés de Paris* with registered number 542 044 524 and head office at 7, Promenade Germaine Sablon, 75013 Paris (the “**Guarantor**”) has authorised the giving of its independent and autonomous first demand guarantee in relation to certain Secured Notes to be issued by the Issuer under the Programme in accordance with the terms of this present guarantee (the “**Secured Notes Guarantee**”).

1. DEFINITIONS AND INTERPRETATIONS

“**Business Day**” shall mean (i) for the purpose of performing a payment obligation, any day, other than Saturday or Sunday, where payments may be made in Paris and in the place of delivery of the relevant currency; and (ii) for the purpose of the enforcement of any other provision of this Secured Notes Guarantee, any day, other than Saturday or Sunday, open for business in Paris.

Terms defined in the Terms and Conditions of the Notes (and in particular in Condition 20 (*Secured Notes Provisions*) of the Terms and Conditions of the Structured Notes), as amended by the applicable Final Terms (the “**Conditions**”) and not otherwise defined in this Secured Notes Guarantee shall have the same meanings when used in this Secured Notes Guarantee.

2. GUARANTEE

- 2.1 This Secured Notes Guarantee will only apply with respect to a Series of Secured Notes if:
- (a) such Secured Notes are Collateral-Linked Notes;
 - (b) "Structure 2" or "Structure 4" is specified as “Applicable” in the applicable Final Terms;
 - (c) the Early Redemption Amount in respect of such Secured Notes comprises a Calculation Formula Early Redemption Amount; and
 - (d) "Secured Notes Guarantee" is specified as "Applicable" in the applicable Final Terms,
- and otherwise subject as specified herein (each such Series of Secured Notes, a relevant Series of Secured Notes).
- 2.2 The Guarantor undertakes irrevocably and unconditionally, as an autonomous obligation, to pay upon first demand of any Noteholder the Guaranteed Early Redemption Amount in respect of any relevant Secured Note(s) as determined in accordance with the Conditions and demanded in a written payment request duly delivered in the form required by this Secured Notes Guarantee (a “**Demand**”) within five (5) Business Days of receipt of such Demand, subject to the Maximum Liability in respect of that Series.
- 2.3 This Secured Notes Guarantee constitutes an independent and autonomous guarantee (*garantie autonome*) for the purposes of Article 2321 of the French *Code civil* and accordingly the Guarantor hereby waives any recourse (*exception*) or other defence to payment which the Issuer may have against the Noteholders.

- 2.4 For the purposes of this Secured Notes Guarantee, the “**Maximum Liability**” in respect of any relevant Series of Secured Notes shall be an amount equal to the aggregate of the Calculation Formula Early Redemption Amounts (ignoring, for the purposes of determining such Calculation Formula Early Redemption Amount, the provisions of Condition 20.2(f) (*Segregation between Collateral Pools, Limited Recourse and Non-Petition*) and assuming that all amounts payable to the Secured Parties ranking prior to the Noteholders in accordance with the applicable Order of Priority shall be deemed to have been paid in full) of each Collateral-Linked Note of the relevant Series of Secured Notes. For the avoidance of doubt, the Maximum Liability in respect of any Note of a relevant Series of Secured Notes shall be an amount equal to such Note’s Calculation Formula Early Redemption Amount (ignoring, for the purposes of determining such Calculation Formula Early Redemption Amount, the provisions of Condition 20.2(f) (*Segregation between Collateral Pools, Limited Recourse and Non-Petition*) and assuming that all amounts payable to the Secured Parties ranking prior to the Noteholders in accordance with the applicable Order of Priority shall be deemed to have been paid in full).

3. LIABILITY OF THE GUARANTOR

- 3.1 The Guarantor hereby recognises that this Secured Notes Guarantee constitutes an independent and autonomous undertaking of the Guarantor in accordance with article 2321 of the French *Code civil* and therefore hereby acknowledges, absolutely and without right to claim the benefit of any legal circumstances amounting to an exemption (*exception*) from liability or a Guarantor’s defence, that it is bound by the obligations specified therein.

- 3.2 Furthermore, the Guarantor acknowledges that:

- (a) it will not be relieved of its obligations in the event that the Issuer’s obligations become void for reasons relating to the Issuer’s capacity, limitation of powers or lack thereof (including any lack of authority of persons having entered into contracts in the name, or on behalf, of the Issuer);
- (b) its obligations under this Secured Notes Guarantee will remain valid and in full effect notwithstanding the dissolution, merger or transfer of the assets of the Issuer, as well as the opening of any voluntary or judicial liquidation (*liquidation volontaire ou judiciaire*), reprieve from payment (*sursis de paiement*) or similar proceedings affecting the rights of creditors generally and/or the appointment of any liquidator (*liquidateur*), auditor (*commissaire*) or similar officer including any *juge commissaire*, in respect of the Issuer;
- (c) it will not avail itself of any subrogation rights in respect of the Noteholders’ rights and that it will take no steps to enforce any rights or demands against the Issuer, so long as any amounts remain due, or any obligation remains unperformed, under any Secured Notes;
- (d) neither the notification of, nor the serving of a formal request upon, the Issuer or any other person is a prior condition to a payment or performance by the Guarantor under this Secured Notes Guarantee; and
- (e) it waives any right to the benefit of any set-off *vis-à-vis* the Noteholders.

4. STATUS

- 4.1 The obligations of the Guarantor under this Secured Notes Guarantee will constitute autonomous direct, unconditional, unsecured and unsubordinated obligations of the Guarantor ranking as senior preferred obligations, as provided for in L.613-30-3-1-3° of the French *Code monétaire et financier* (the “**Code**”).

- 4.2 Such obligations rank and will rank equally and rateably without any preference or priority among themselves and:

- (a) *pari passu* with all other direct, unconditional, unsecured and unsubordinated obligations of the Guarantor outstanding as of the date of the entry into force of law no. 2016-1691 (the “**Law**”);

- (b) *pari passu* with all other present or future direct, unconditional, unsecured and senior preferred obligations (as provided for in Article L.613-30-3-1-3° of the Code) of the Guarantor issued after the date of the entry into force of the Law on 11 December 2016;
- (c) junior to all present or future claims of the Guarantor benefitting from the statutorily preferred exceptions; and
- (d) senior to all present and future senior non-preferred obligations (as provided for in Article L.613-30-3-1-4° of the Code) and all present or future subordinated obligations and deeply subordinated obligations, of the Guarantor.

5. DEMAND ON NATIXIS

5.1 No Noteholder may make a Demand hereunder unless a Secured Note Acceleration Event has occurred in respect of a relevant Series of Secured Notes and the Issuer has failed to pay all amounts due to Noteholders of such relevant Series of Secured Notes within a period of ten (10) Collateral Business Days (or such other period as specified in the applicable Final Terms) following notification to Noteholders of the occurrence of such Secured Note Acceleration Event in accordance with the Conditions.

5.2 Any Demand hereunder shall be addressed by any Noteholder to the Guarantor by registered mail with acknowledgement of receipt for the attention of the *Directeur Financier*, at its registered office currently at 7, Promenade Germaine Sablon, 75013 Paris, France. All Demands shall be effective as of receipt at the address mentioned above; it being understood, however, that if a Demand is received on a day that is not a Business Day or on a Business Day after 3 (three) p.m. (Paris time), such Demand shall be deemed received by the Guarantor on the following Business Day.

5.3 Each such Demand shall include:

- (a) A statement from the holder of a relevant Secured Note that the Calculation Formula Early Redemption Amount has become due and payable by the Issuer under such relevant Secured Note, and either:
 - (i) such Calculation Formula Early Redemption Amount has not been paid in full to such holder by the Issuer as at the date of such Demand, or
 - (ii) such Calculation Formula Early Redemption Amount has been paid in full or in part to such holder by the Issuer and subsequently set aside or avoided (in whole or in part) by any competent court as at the date of such Demand;
- (b) a statement from the Noteholder that it was, on the date such Calculation Formula Early Redemption Amount became due and payable by the Issuer, the beneficial owner of outstanding relevant Secured Notes; and
- (c) a copy of statement of account from the relevant clearing system for the relevant Secured Notes as evidence of such holding.

6. NO GROSS-UP

If any payment to be made under this Secured Notes Guarantee is subject to any withholding on account of taxation required by any applicable law (or in the application or official interpretation of any law), then the Guarantor shall withhold the required amount and account for such amount to the relevant tax authorities and shall pay to the Noteholder the net sum remaining after making such withholding.

7. RESOLUTION PROCEEDINGS AGAINST THE GUARANTOR

By its acquisition of any Secured Notes to which this Secured Notes Guarantee applies, each Noteholder (which, for the purposes of this Clause 7, includes any current or future holder of a beneficial interest in such Secured Notes) acknowledges, accepts, consents and agrees:

- (a) to be bound by the effect of the exercise of the Bail-in or Loss Absorption Power (as defined below) by the Relevant Resolution Authority (as defined below) if the latter was to consider

that the Amounts Due fall within the scope of the Bail-in or Loss Absorption Power. This Bail-in or Loss Absorption Power may include and result in any of the following, or some combination thereof:

- (i) the reduction of all, or a portion, of the Amounts Due;
 - (ii) the conversion of all, or a portion, of the Amounts Due into shares, other securities or other obligations of the Guarantor or another person (and the issue to the Noteholder of such shares, securities or obligations), including by means of an amendment, modification or variation of the terms of this Secured Notes Guarantee, in which case the Noteholder agrees to accept in lieu of its rights under this Secured Notes Guarantee any such shares, other securities or other obligations of the Guarantor or another person;
 - (iii) the cancellation of this Secured Notes Guarantee; and/or
 - (iv) the amendment or alteration of the term of this Secured Notes Guarantee, including by suspending payment for a temporary period; and
- (b) if applicable, that the terms of this Secured Notes Guarantee are subject to, and may be varied, if necessary, to give effect to, the exercise of the Bail-in or Loss Absorption Power by the Relevant Resolution Authority.

For these purposes, the “**Amounts Due**” are the amounts payable by the Guarantor under this Secured Notes Guarantee (which, for the avoidance of doubt, are subject to the Maximum Liability in respect of each relevant Series of Secured Notes).

The “**Bail-in or Loss Absorption Power**” is any power existing from time to time under any laws, regulations, rules or requirements in effect in France, relating to the transposition of Directive 2014/59/EU of the European Parliament and of the Council of 15 May 2014 establishing a framework for the recovery and resolution of credit institutions and investment firms (as amended from time to time), including without limitation pursuant to French decree-law No. 2015-1024 dated 20 August 2015 (*Ordonnance portant diverses dispositions d'adaptation de la législation au droit de l'Union européenne en matière financière*) (as amended from time to time) ratified by the Law n°2016-1691 of 9 December 2016 relating to transparency, the fight against corruption and the modernisation of economic life (*Loi no. 2016-1691 du 9 décembre 2016 relative à la transparence, à la lutte contre la corruption et à la modernisation de la vie économique*) (as amended from time to time, this ordinance was ratified by the Law n°2016-1691 referred to below as the “**20 August 2015 Decree Law**”), Regulation (EU) No 806/2014 of the European Parliament and of the Council of 15 July 2014 establishing uniform rules and a uniform procedure for the resolution of credit institutions and certain investment firms in the framework of a Single Resolution Mechanism and a Single Resolution Fund and amending Regulation (EU) No 1093/2010 (as amended from time to time, including by Regulation (EU) 2019/877 dated 20 May 2019, the “**Single Resolution Mechanism Regulation**”), or otherwise arising under French law, and in each case the instructions, rules and standards created thereunder, pursuant to which the obligations of a Regulated Entity (or an affiliate of such Regulated Entity) can be reduced (in part or in whole), cancelled, suspended, transferred, varied or otherwise modified in any way, or securities of a Regulated Entity (or an affiliate of such Regulated Entity) can be converted into shares, other securities, or other obligations of such Regulated Entity or any other person, whether in connection with the implementation of a bail-in tool following placement in resolution.

A reference to a “**Regulated Entity**” means any entity referred to in Section I of Article L.613-34 of the French *Code Monétaire et Financier* as modified by the 20 August 2015 Decree Law, which includes certain credit institutions, investment firms, and certain of their parent or holding companies established in France.

A reference to the “**Relevant Resolution Authority**” means the *Autorité de contrôle prudentiel et de résolution* and/or any other authority entitled to exercise or participate in the exercise of any Bail-in Power from time to time, including the Single Resolution Board, the European Central Bank, the

European Banking Authority, the European Council and the European Commission when acting pursuant to Article 18 of the Single Resolution Mechanism Regulation.

The matters set forth in this Clause 7 shall be exhaustive on the foregoing matters to the exclusion of any other agreements, arrangements or understandings between the Guarantor and any Noteholder of Secured Notes.

8. TERMINATION

- 8.1 This Secured Notes Guarantee shall be effective as from the date hereof for an indefinite term.
- 8.2 This Secured Notes Guarantee may be terminated at any time by the Guarantor. In case of termination the Issuer, duly informed by the Guarantor, shall inform the parties entitled to the benefit of this Secured Notes Guarantee of such termination by publishing a notice to Noteholders in accordance with Condition 14 (*Notices*) of the Terms and Conditions of the English Law Notes and Condition 13 (*Notices*) of the Terms and Conditions of the French Law Notes, as applicable. The termination, as published, shall be enforceable against all Noteholders entitled to the benefit of the Secured Notes Guarantee.
- 8.3 Notwithstanding the termination of the Secured Notes Guarantee, this Secured Notes Guarantee shall remain in full force and effect with respect to any Guaranteed Early Redemption Amount remaining outstanding in respect of any Secured Note issued before the effective date of the termination until any and all such amount(s) remaining outstanding have been paid in full.

9. GOVERNING LAW AND JURISDICTION

- 9.1 This Secured Notes Guarantee is governed by, and shall be construed in accordance with, French law.
- 9.2 Any dispute in relation to this Secured Notes Guarantee shall be submitted to the exclusive jurisdiction of the *Tribunal de Commerce de Paris*.

EXECUTED on 19 April 2024.

SIGNED for the account of **NATIXIS**

Title:

PROVISIONS RELATING TO THE NOTES WHILE IN GLOBAL FORM

INITIAL ISSUE OF NOTES

If the Bearer Global Notes are stated in the applicable Final Terms to be issued in NGN form they will be delivered on or prior to the original Issue Date of the Tranche to a Common Safekeeper.

If the Bearer Global Note is a CGN, upon the initial deposit of a Bearer Global Note with a common depositary for Euroclear and Clearstream (the **Common Depositary**) or with a sub-custodian for the CMU or (in the case of Registered Notes) registration of Registered Notes in the name of (i) any nominee for Euroclear and Clearstream or (ii) the HKMA as operator of the CMU and delivery of the relevant Registered Global Note to the Common Depositary or the sub-custodian for the CMU (as the case may be), Euroclear or Clearstream or the CMU (as the case may be) will credit each subscriber with a principal amount of Notes equal to the principal amount thereof for which it has subscribed and paid.

If the relevant Final Terms indicate that the Bearer Global Note is a NGN, the nominal amount of the Notes shall be the aggregate amount from time to time entered in the records of Euroclear and/or Clearstream. The records of such clearing systems shall be conclusive evidence of the nominal amount of Notes represented by the Bearer Global Note and, for these purposes, a statement issued by such clearing system stating the nominal amount of the Notes represented by the Bearer Global Note at any time shall be conclusive evidence of the records of the relevant clearing system at that time.

Notes that are initially deposited with the Common Depositary may (if indicated in the applicable Final Terms) also be credited to the accounts of subscribers with (if indicated in the applicable Final Terms) other clearing systems through direct or indirect accounts with Euroclear and Clearstream held by such other clearing systems. Conversely, Notes that are initially deposited with any other clearing system may similarly be credited to the accounts of subscribers with Euroclear, Clearstream or other clearing systems, in all cases subject to the rules of such clearing systems from time to time.

RELATIONSHIP OF ACCOUNTHOLDERS WITH CLEARING SYSTEMS

Each of the persons shown in the records of Euroclear, Clearstream, or any other clearing system as the holder of a Note represented by a Bearer Global Note or a Registered Global Note must look solely to Euroclear, Clearstream, or any other clearing system (as the case may be) for his share of each payment made by the relevant Issuer to the bearer of such Bearer Global Note or the holder of the underlying Registered Notes, as the case may be, and in relation to all other rights arising under the Bearer Global Notes or Registered Global Notes, subject to and in accordance with the respective rules and procedures of Euroclear, Clearstream, or such other clearing system (as the case may be). Such persons shall have no claim directly against the relevant Issuer in respect of payments due on the Notes for so long as the Notes are represented by such Bearer Global Note or Registered Global Note and such obligations of such Issuer will be discharged by payment to the bearer of such Bearer Global Note or the holder of the underlying Registered Notes, as the case may be, in respect of each amount so paid.

If a Bearer Global Note or a Registered Global Note is lodged with a sub-custodian for or registered with the CMU, the person(s) for whose account(s) interests in such Bearer Global Note or Registered Global Note are credited as being held with the CMU in accordance with the CMU Rules at the relevant time shall be the only person(s) entitled or in the case of Registered Notes, directed or deemed by the CMU as entitled to receive payments in respect of Notes represented by such Bearer Global Note or Registered Global Note and the relevant Issuer will be discharged by payment to, or to the order of, such person(s) for whose account(s) interests in such Bearer Global Note or Registered Global Note are credited as being held with the CMU in respect of each amount so paid. Each of the persons shown in the records of the CMU as the beneficial holder of a particular nominal amount of Notes represented by such Bearer Global Note or Registered Global Note must look solely to the CMU Lodging and Paying Agent (as agent of the Issuer) for his share of each payment so made by the relevant Issuer in respect of such Bearer Global Note or Registered Global Note.

EXCHANGE

1 Temporary Global Notes

Each Temporary Global Note will be exchangeable, free of charge to the holder, on or after its Exchange Date:

- 1.1 if the relevant Final Terms indicates that such Bearer Global Note is issued in compliance with the C Rules or that TEFRA is not applicable, in whole, but not in part, for the Definitive Bearer Notes defined and described below; and
- 1.2 otherwise, in whole or in part upon certification as to non-U.S. beneficial ownership substantially in the form set out in the Agency Agreement for interests in a Permanent Global Note or, if so provided in the applicable Final Terms, for Definitive Notes.

Each Temporary Global Note that is also an Exchangeable Bearer Note will be exchangeable for Registered Notes in accordance with the Conditions in addition to any Permanent Global Note or Definitive Bearer Notes for which it may be exchangeable and, before its Exchange Date, will also be exchangeable in whole or in part for Registered Notes only.

The CMU may require that any such exchange for a Permanent Global Note is made in whole and not in part and in such event, no such exchange will be effected until all relevant account holders (as set out in a CMU Instrument Position Report (as defined in the rules of the CMU) or any other relevant notification supplied to the CMU Lodging and Paying Agent by the CMU) have so certified.

2 Permanent Global Notes

Each Permanent Global Note will be exchangeable, free of charge to the holder, on or after its Exchange Date in whole but not, except as provided under paragraph 4 below, in part for Definitive Bearer Notes or, in the case of sub-paragraph 2.1 below, Registered Notes:

- 2.1 if the Permanent Global Note is an Exchangeable Bearer Note, by the holder giving notice to the Fiscal Agent of its election to exchange the whole or a part of such Bearer Global Note for Registered Notes; or
- 2.2 otherwise, (1) if the Permanent Global Note is held on behalf of Euroclear, Clearstream, the CMU or any other clearing system (an **Alternative Clearing System**) and any such clearing system is closed for business for a continuous period of 14 days (other than by reason of holidays, statutory or otherwise) or announces an intention permanently to cease business or in fact does so or (2) if principal in respect of any Notes is not paid when due, by the holder giving notice to the Fiscal Agent of its election for such exchange.

In the event that a Bearer Global Note is exchanged for Definitive Bearer Notes, such Definitive Bearer Notes shall be issued in Specified Denomination(s) only. A Noteholder who holds a principal amount of less than the minimum Specified Denomination will not receive a definitive Note in respect of such holding and would need to purchase a principal amount of Notes such that it holds an amount equal to one or more Specified Denominations.

3 Unrestricted Registered Global Notes

If the relevant Final Terms states that the Notes are to be represented by a permanent Registered Global Note on issue, transfers of the holding of Notes represented by any Registered Global Note may only be made in part:

- 3.1 if the Notes represented by the Registered Global Note are held on behalf of Euroclear, Clearstream, the CMU or an Alternative Clearing System and any such clearing system is closed for business for a

continuous period of 14 days (other than by reason of holidays, statutory or otherwise) or announces an intention permanently to cease business or does in fact do so; or

3.2 if principal in respect of any Notes is not paid when due; or

3.3 with the consent of the relevant Issuer,

provided that, in the case of the first transfer of part of a holding pursuant to sub-paragraph 3.1 or 3.2 above, the Registered Holder has given the Registrar not less than 30 days' notice at its specified office of the Registered Holder's intention to effect such transfer.

4 Partial Exchange of Permanent Global Notes and Registered Global Notes

For so long as a Permanent Global Note or Registered Global Note is held on behalf of a clearing system and the rules of that clearing system permit, such Permanent Global Note or Registered Global Note will be exchangeable at the cost of the relevant Issuer in part on one or more occasions (1) in the case of a Permanent Global Note, for Registered Notes if the Permanent Global Note is an Exchangeable Bearer Note and the part submitted for exchange is to be exchanged for Registered Notes, or (2) for Definitive Bearer Notes (i) if principal in respect of any Notes is not paid when due or (ii) if so provided in, and in accordance with, the Conditions (which will be set out in the applicable Final Terms).

5 Crest Depository Interests

Investors may also hold interests in the Notes indirectly through Euroclear UK & Ireland Limited (formerly known as CRESTCo Limited) (**CREST**) through the issuance of dematerialised depository interests (**CREST Depository Interests** or **CDIs**) issued, held, settled and transferred through CREST, representing interests in the relevant Notes in respect of which the CDIs are issued (the **Underlying Notes**). CREST Depository Interests are independent securities distinct from the Notes, constituted under English law and transferred through CREST and will be issued by CREST Depository Limited (the **CREST Depository**) pursuant to the global deed poll dated 25 June 2001 (as subsequently modified, supplemented and/or restated) (the **CREST Deed Poll**). See "*Clearing and Settlement*" for more information regarding holding CDIs.

6 Delivery of Notes

If the Bearer Global Note is a CGN, on or after any due date for exchange the holder of a Bearer Global Note may surrender such Bearer Global Note or, in the case of a partial exchange, present it for endorsement to or to the order of the Fiscal Agent (or, in the case of Notes lodged with the CMU, the CMU Lodging and Paying Agent). In exchange for any Bearer Global Note, or the part thereof to be exchanged, the relevant Issuer will (i) in the case of a Temporary Global Note exchangeable for a Permanent Global Note, deliver, or procure the delivery of, a Permanent Global Note in an aggregate principal amount equal to that of the whole or that part of a Temporary Global Note that is being exchanged or, in the case of a subsequent exchange, endorse, or procure the endorsement of, a Permanent Global Note to reflect such exchange or (ii) in the case of a Bearer Global Note exchangeable for Definitive Bearer Notes or Registered Notes, deliver, or procure the delivery of, an equal aggregate principal amount of duly executed and authenticated Definitive Bearer Notes and/or Registered Notes, as the case may be, or (iii) if the Bearer Global Note is a NGN, procure that details of such exchange be entered *pro rata* in the records of the relevant clearing system. In this Base Prospectus, **Definitive Notes** means, in relation to any Bearer Global Note, the definitive Bearer Notes for which such Bearer Global Note may be exchanged (if appropriate, having attached to them all Coupons and Receipts in respect of interest or Instalment Amounts (or, as the case may be, Instalment Payable Amounts) that have not already been paid on the Global Note and a Talon). Definitive Bearer Notes will be security printed and Definitive Registered Notes will be printed in accordance with any applicable legal and stock exchange requirements in or substantially in the form set out in the Schedules to the Agency Agreement. On

exchange in full of each Permanent Global Note, the relevant Issuer will, if the holder so requests, procure that it is cancelled and returned to the holder together with the relevant Definitive Bearer Notes.

7 Exchange Date

Exchange Date means, in relation to a Temporary Global Note, the day falling after the expiry of 40 days after its Issue Date, or earlier date, as required under the D Rules, and, in relation to a Permanent Global Note, a day falling not less than 60 days, or in the case of an exchange for Registered Notes five Business Days, or in the case of failure to pay principal in respect of any Notes when due 30 days, after that on which the notice requiring exchange is given and on which banks are open for business in the city in which the specified office of the Fiscal Agent (or the CMU Lodging and Paying Agent) is located and in the city in which the relevant clearing system is located.

AMENDMENT TO CONDITIONS

The Temporary Global Notes, the Permanent Global Notes and Registered Global Notes contain provisions that apply to the Notes that they represent, some of which modify the effect of the terms and conditions of the Notes set out in this Base Prospectus. The following is a summary of certain of those provisions.

8 Payments

No payment falling due after the Exchange Date will be made on any Bearer Global Note unless exchange for an interest in a Permanent Global Note or for Definitive Bearer Notes or Registered Notes is improperly withheld or refused. Payments on any Temporary Global Note issued in compliance with the D Rules before the Exchange Date will only be made against presentation of certification as to non-U.S. beneficial ownership substantially in the form set out in the Agency Agreement. All payments in respect of Notes represented by a Bearer Global Note in CGN form (except with respect to a Bearer Global Note held through the CMU) will be made against presentation for endorsement and, if no further payment falls to be made in respect of the Notes, surrender of that Bearer Global Note to or to the order of the Fiscal Agent or such other Paying Agent as shall have been notified to the Noteholders for such purpose. If the Bearer Global Note is a CGN, a record of each payment so made will be endorsed on each Bearer Global Note, which endorsement will be *prima facie* evidence that such payment has been made in respect of the Notes. Condition 8(c) (Taxation) of the Terms and Conditions of the English Law Notes will apply to Definitive Notes only. If the Bearer Global Note is a NGN, the relevant Issuer shall procure that details of each such payment shall be entered *pro rata* in the records of the relevant clearing system and in the case of payments of principal, the nominal amount of the Notes recorded in the records of the relevant clearing system and represented by the Bearer Global Note will be reduced accordingly. Payments under the NGN will be made to its holder. Each payment so made will discharge the relevant Issuer's obligations in respect thereof. Any failure by the relevant clearing systems to make the entries in the records of the relevant clearing system shall not affect such discharge.

In respect of a Bearer Global Note or Registered Global Note held through the CMU, any payments of principal, interest (if any) or any other amounts shall be made to the person(s) for whose account(s) interests in the relevant Bearer Global Note or Registered Global Note are credited (as set out in the records of the CMU) and, save in the case of final payment, no presentation of the relevant Bearer Global Note or Registered Global Note shall be required for such purpose.

For the purpose of any payments made in respect of a Bearer Global Note or Registered Global Note, the relevant place of presentation shall be disregarded in the definition of "*business day*" set out in Condition 7(e) (Non-Business Days) of the Terms and Conditions of the English Law Notes.

9 Prescription

Claims against the relevant Issuer in respect of Notes that are represented by a Permanent Global Note will become void unless it is presented for payment within a period of ten years (in the case of principal) and five years (in the case of interest) from the appropriate Relevant Date (as defined in Condition 5(k)) of the Terms and Conditions of the English Law Notes.

10 Meetings

The holder of a Permanent Global Note or of the Notes represented by a Registered Global Note shall (unless such Permanent Global Note or Registered Global Note represents only one Note) be treated as being two persons for the purposes of any quorum requirements of a meeting of Noteholders and, at any such meeting, the holder of a Permanent Global Note shall be treated as having one vote in respect of each integral currency unit of the Specified Currency of the Notes. All holders of Registered Notes are entitled to one vote in respect of each integral currency unit of the Specified Currency of the Notes comprising such Noteholder's holding, whether or not represented by a Registered Global Note.

11 Cancellation

Cancellation of any Note represented by a Permanent Global Note that is required by the Conditions to be cancelled (other than upon its redemption) will be effected by reduction in the principal amount of the relevant Permanent Global Note.

12 Purchase

Notes represented by a Permanent Global Note may only be purchased by the relevant Issuer if they are purchased together with the rights to receive all future payments of interest and Instalment Amounts (if any) and/or Instalment Payable Amounts (if any) thereon.

13 Issuer's Option

Any option of the relevant Issuer provided for in the Conditions of any Notes while such Notes are represented by a Permanent Global Note shall be exercised by such Issuer giving notice to the Noteholders within the time limits set out in, and containing the information required by, the Conditions, except that the notice shall not be required to contain the serial numbers of Notes drawn in the case of a partial exercise of an option and accordingly no drawing of Notes shall be required. In the event that any option of the relevant Issuer is exercised in respect of some but not all of the Notes of any Series, the rights of accountholders with a clearing system in respect of the Notes will be governed by the standard procedures of Euroclear, Clearstream (to be reflected in the records of Euroclear and Clearstream as either a pool factor or a reduction in nominal amount, at their discretion), the CMU or the relevant Alternative Clearing System (as the case may be).

14 Noteholders' Options

Any option of the Noteholders provided for in the Conditions of any Notes while such Notes are represented by a Permanent Global Note may be exercised by the holder of the Permanent Global Note giving notice to the Fiscal Agent (or, in the case of Notes lodged with the CMU, the CMU Lodging and Paying Agent) within the time limits relating to the deposit of Notes with a Paying Agent set out in the Conditions substantially in the form of the notice available from any Paying Agent, except that the notice shall not be required to contain the serial numbers of the Notes in respect of which the option has been exercised, and stating the principal amount of Notes in respect of which the option is exercised and at the same time, where the Permanent Global Note is a CGN, presenting the Permanent Global Note to the Fiscal Agent (or, in the case of Notes lodged with the CMU, the CMU Lodging and Paying Agent), or to a Paying Agent acting on behalf of the Fiscal Agent, for notation.

15 Nominal amount

Where the Bearer Global Note is a NGN, the relevant Issuer shall procure that any exchange, payment, cancellation, exercise of any option or any right under the Notes, as the case may be, in addition to the circumstances set out above shall be entered in the records of the relevant clearing systems and upon any such entry being made, in respect of payments of principal, the nominal amount of the Notes represented by such Bearer Global Note shall be adjusted accordingly.

16 Events of Default

Each Global Note provides that the holder may cause such Global Note, or a portion of it, to become due and repayable in the circumstances described in Condition 10 (*Events of Default*) of the Terms and Conditions of the English Law Notes by stating in the notice to the Fiscal Agent the principal amount of such Global Note that is becoming due and repayable. If principal in respect of any Note is not paid when due, the holder of a Bearer Global Note or Registered Notes represented by a Registered Global Note may elect for direct enforcement rights against the relevant Issuer under the terms of a Deed of Covenant executed as a deed by the Issuers on 19 April 2024 to come into effect in relation to the whole or a part of such Bearer Global Note or one or more Registered Notes in favour of the persons entitled to such part of such Bearer Global Note or such Registered Notes, as the case may be, as accountholders with a clearing system. However, no such election may be made in respect of Notes represented by a Registered Global Note unless the transfer of the whole or a part of the holding of Notes represented by that Registered Global Note shall have been improperly withheld or refused.

17 Notices

So long as any Notes are represented by a Global Note and such Global Note is held on behalf of a clearing system, notices to the holders of Notes of that Series may be given by delivery of the relevant notice to that clearing system for communication by it to entitled accountholders in substitution for publication as required by the Conditions or by delivery of the relevant notice to the holder of the Global Note, except that so long as the Notes are listed on the Luxembourg Stock Exchange and the rules of that exchange so require, notices shall also be published in a leading newspaper having general circulation in Luxembourg (which is expected to be the *Luxemburger Wort*) or on the website of the Luxembourg Stock Exchange (www.luxse.com).

1. CALCULATION FORMULAE APPLICABLE TO EQUITY LINKED NOTES, SINGLE EXCHANGE AND MULTI EXCHANGE INDEX LINKED NOTES, COMMODITY LINKED NOTES, FUND LINKED NOTES, DIVIDEND LINKED NOTES, FUTURES LINKED NOTES AND HYBRID STRUCTURED NOTES

1.1 Common Definitions

BasketPerf means the performance of the Selection of Underlyings, calculated on a Valuation Date indexed "t", associated with, if relevant, one or several Observation Dates Sets. Its value is determined by the Calculation Agent in accordance with one of the following formulae:

- **Local Performance** means a single Local Performance:

$$\text{BasketPerf}(t) = \text{LocalBasketPerf}(t)$$

- **Average Performance** means the average of the Local Performances of the Selection on the specified Average Observation Dates Set. It is calculated by the Calculation Agent in accordance with the following formula:

$$\text{BasketPerf}(t) = \frac{1}{m} \sum_{s=1}^m \text{LocalBasketPerf}(s)$$

where:

m means the number of Observation Dates in the Average Observation Dates Set;

LocalBasketPerf(s) means the Local Performance of the Selection on the Observation Date indexed by "s" in the Average Observation Dates Set.

Average Observation Dates Set means an Observation Dates Set specified in the Final Terms.

- **Max Lookback Performance** means the highest ("Max") Local Performance of the Selection observed on any of the Observation Dates falling within the specified Lookback Observation Dates Set, as determined by the Calculation Agent in accordance with the following formula:

$$\text{BasketPerf}(t) = \text{Max}_{1 \leq s \leq m} (\text{LocalBasketPerf}(s))$$

where:

m means the number of Observation Dates in the Lookback Observation Dates Set;

LocalBasketPerf(s) means the Local Performance of the Selection on the Observation Date indexed by "s" in the Lookback Observation Dates Set.

Lookback Observation Dates Set means an Observation Dates Set specified in the Final Terms.

- **Min Lookback Performance** means the lowest ("Min") Local Performance of the Selection observed on any of the Observation Dates falling within the specified Lookback Observation Dates Set, as determined by the Calculation Agent in accordance with the following formula:

$$\text{BasketPerf}(t) = \text{Min}_{(1 \leq s \leq m)} (\text{LocalBasketPerf}(s))$$

where:

m means the number of Observation Dates in the Lookback Observation Dates Set;

LocalBasketPerf(s) means the Local Performance of the Selection on the Observation Date indexed by "s" in the Lookback Observation Dates Set.

Lookback Observation Dates Set means an Observation Dates Set specified in the Final Terms.

- **"Max Strike Performance"**

$$\text{BasketPerf}(t) = \frac{\frac{1}{m_1} \sum_{s=1}^{m_1} \text{Local BasketPerf}(s)}{\text{Min} \left(\text{PerfCap}, \text{Max}_{1 \leq s \leq m_2} (\text{Local BasketPerf}(s)) \right)}$$

where:

m₁ means the number of Observation Dates in the Observation Dates Set 1;

m₂ means the number of Observation Dates in the Observation Dates Set 2;

LocalBasketPerf(s) means the Local Performance of the Selection on the Observation Date indexed by "s" in the relevant Observation Dates Set.

Observation Dates Set 1 means an Observation Dates Set specified in the Final Terms.

Observation Dates Set 2 means an Observation Dates Set specified in the Final Terms.

PerfCap means the percentage specified in the Final Terms.

- **Min Strike Performance**

$$\text{BasketPerf}(t) = \frac{\frac{1}{m_1} \sum_{s=1}^{m_1} \text{Local BasketPerf}(s)}{\text{Max} \left(\text{PerfFloor}, \text{Min}_{1 \leq s \leq m_2} (\text{Local BasketPerf}(s)) \right)}$$

where:

m₁ means the number of Observation Dates in the Observation Dates Set 1;

m₂ means the number of Observation Dates in the Observation Dates Set 2;

LocalBasketPerf(s) means the Local Performance of the Selection on the Observation Date indexed by "s" in the relevant Observation Dates Set.

PerfFloor means the percentage specified in the Final Terms.

Observation Dates Set 1 means an Observation Dates Set specified in the Final Terms.

Observation Dates Set 2 means an Observation Dates Set specified in the Final Terms.

- **Average Strike Max Lookback Performance**

$$\text{BasketPerf}(t) = \frac{\text{Max}_{1 \leq s \leq m_2} (\text{Local BasketPerf}(s))}{\frac{1}{m_1} \sum_{s=1}^{m_1} \text{Local BasketPerf}(s)}$$

where:

m₁ means the number of Observation Dates in the Observation Dates Set 1;

m₂ means the number of Observation Dates in the Observation Dates Set 2;

LocalBasketPerf(s) means the Local Performance of the Selection on the Observation Date indexed by "s" in the relevant Observation Dates Set.

Observation Dates Set 1 means an Observation Dates Set specified in the Final Terms.

Observation Dates Set 2 means an Observation Dates Set specified in the Final Terms.

- ***Average Strike Min Lookback Performance***

$$\text{BasketPerf}(t) = \frac{\text{Min}_{1 \leq s \leq m_2} (\text{Local BasketPerf}(s))}{\frac{1}{m_1} \sum_{s=1}^{m_1} \text{Local BasketPerf}(s)}$$

where:

m₁ means the number of Observation Dates in the Observation Dates Set 1;

m₂ means the number of Observation Dates in the Observation Dates Set 2;

LocalBasketPerf(s) means the Local Performance of the Selection on the Observation Date indexed by "s" in the relevant Observation Dates Set.

Observation Dates Set 1 means an Observation Dates Set specified in the Final Terms.

Observation Dates Set 2 means an Observation Dates Set specified in the Final Terms.

- ***In-Out Average Performance***

$$\text{BasketPerf}(t) = \frac{\frac{1}{m_2} \sum_{s=1}^{m_2} \text{Local BasketPerf}(s)}{\frac{1}{m_1} \sum_{s=1}^{m_1} \text{Local BasketPerf}(s)}$$

m₁ means the number of Observation Dates in Observation Dates Set 1.

m₂ means the number of Observation Dates in Observation Dates Set 2.

LocalBasketPerf(s) means the Local Performance of the Selection on the Observation Date indexed by "s" in the relevant Observation Dates Set.

Observation Dates Set 1 means an Observation Dates Set specified in the Final Terms.

Observation Dates Set 2 means an Observation Dates Set specified in the Final Terms.

- ***Actuarial Performance***

$$\text{BasketPerf}(t) = (\text{LocalBasketPerf}(t))^{\left(\frac{1}{r(t)}\right)}$$

r(t) means a number specified in the Final Terms.

LocalBasketPerf(t) means the Local Performance of the Selection on the Valuation Date indexed "t"

- ***Lookback Actuarial Performance***

$$\text{BasketPerf}(t) = \text{Max}_{1 \leq s \leq m} \left((\text{LocalBasketPerf}(s))^{\left(\frac{1}{r(s)}\right)} \right)$$

m means the number of Observation Dates in the Actuarial Observation Dates Set.

Actuarial Observation Dates Set means an Observation Dates Set specified in the Final Terms.

r(s) means, for each temporal index "s", a number specified in the Final Terms.

LocalBasketPerf(s) means the Local Performance of the Selection on the Observation Date indexed by "s" in the Actuarial Observation Dates Set.

- **Proportional Decrement Performance**

On any Valuation Date indexed "t":

$$BasketPerf(t) = DecrementBasketPerf(t)$$

Where for each Observation Date in the Decrement Performance Observation Dates Set:

$$DecrementBasketPerf(s) = DecrementBasketPerf(s - 1) \times \left[LocalBasketPerf(s) - \left(D \times \frac{NbDays(s-1;s)}{Base} \right) \right]$$

With

$$DecrementBasketPerf(0) = 100\%$$

DecrementBasketPerf(s-1) means the decrement performance of the Selection on the Observation Date immediately preceding the Observation Date indexed "s".

Decrement Performance Observation Dates Set means an Observation Dates Set specified in the Final Terms. Valuation Dates must be a subset of the Decrement Performance Observation Dates Set.

D means a percentage specified in the Final Terms

NbDays(s-1;s) means the number of calendar days between the Observation Date indexed "s" (included) and the Observation Date immediately preceding in the Decrement Performance Observation Dates Set.

Base means a number specified in the Final Terms.

LocalBasketPerf(s) means the Local Performance of the Selection on the Observation Date indexed by "s" in the Decrement Performance Observation Dates Set.

- **Fixed Decrement Performance**

On any Valuation Date indexed "t":

$$BasketPerf(t) = Max(0, DecrementBasketPerf(t))$$

Where for each Observation Date in the Decrement Performance Observation Dates Set:

$$DecrementBasketPerf(s) = DecrementBasketPerf(s - 1) \times \left[LocalBasketPerf(s) - \left(D \times \frac{NbDays(s-1;s)}{Base} \right) \right]$$

With

$$DecrementBasketPerf(0) = 100\%$$

DecrementBasketPerf(s-1) means the decrement performance of the Selection on the Observation Date immediately preceding the Observation Date indexed "s".

Decrement Performance Observation Dates Set means an Observation Dates Set specified in the Final Terms. Valuation Dates must be a subset of the Decrement Performance Observation Dates Set.

D means a percentage specified in the Final Terms

NbDays(s-1;s) means the number of calendar days between the Observation Date indexed "s" (included) and the Observation Date immediately preceding in the Decrement Performance Observation Dates Set.

Base means a number specified in the Final Terms.

LocalBasketPerf(s) means the Local Performance of the Selection on the Observation Date indexed by "s" in the Decrement Performance Observation Dates Set.

FX means an Exchange Rate as specified in the Final Terms.

IndivPerf(i, t) or **Individual Performance** means, in respect of an Underlying "i" in the Selection, the performance of such Underlying on the Valuation Date "t", as calculated by the Calculation Agent using one of the following formulae as specified in the Final Terms:

- **European Individual Performance:**

$$\text{IndivPerf}(i,t) = \frac{\text{Price}(i,t)}{\text{Reference Price}(i)}$$

- **Individual Performance with non-reinvested Dividend:**

$$\text{IndivPerf}(i,t) = \frac{\text{Price}(i,t) \times \text{FX}(i,t) + \text{Cumul Dividend}(i,t, \text{Observation Dates Set 1})}{\text{Reference Price}(i) \times \text{FX}(i,0)}$$

With:

Price (i,t) means the Price of the Underlying "i" on the Observation Date indexed by "t" in the Observation Dates Set 1.

Cumul Dividend (i,t, Observation Dates Set 1, Observation Date) means in respect of an Observation Date indexed "t" and an Underlying indexed "i", Observation Date Set 1, the amount determined by the Calculation Agent according to the following formula:

$$\text{Cumul Dividend}(i,t, \text{Observation Dates Set 1}) = \text{Cumul Dividend}(i,t-1, \text{Observation Dates Set 1}) + (1 - \text{WHT}(i,t)) \times \text{Dividend}(i,t) \times \text{FX Dividend 1}(i,t)$$

Where:

Cumul Dividend(i,t-1, Observation Dates Set 1) means in respect of an Underlying indexed "i" and an Observation Date indexed "t-1", Observation Dates Set 1, Cumul Dividend of such Underlying on the immediately preceding Observation Date(t-1) as determined by the Calculation Agent.

For any Underlying indexed "i", Cumul Dividend(i, 1, Observation Dates Set 1) is equal to 0 (zero).

Observation Dates Set 1 means an Observation Dates Set specified in the Final Terms.

Individual Performance with reinvested Dividend:

$$\text{IndivPerf}(i,t) = \frac{\text{Price}(i,t) \times \text{Adjustment Factor}(i,t, \text{Observation Dates Set 1}) \times \text{FX}(i,t)}{\text{Reference Price}(i) \times \text{FX}(i,0)}$$

With:

$$\text{Adjustment Factor}(i,t, \text{Observation Dates Set 1}) = \text{Adjustment Factor}(i,t-1, \text{Observation Dates Set 1}) \times \left(1 + \frac{(1 - \text{WHT}(i,t)) \times \text{Dividend}(i,t)}{\text{Price}(i,t)}\right) \times \text{FX Dividend 2}(i,t).$$

Adjustment Factor(i,t-1, Observation Dates Set 1) means with respect to an Underlying indexed "i", an Observation Date indexed "t-1" and an Observation Dates Set 1, Adjustment Factor of such Underlying on the immediately preceding Observation Date as determined by the Calculation Agent.

For any Underlying indexed "i", Adjustment Factor(i,1) is equal to 1 (one).

Observation Dates Set 1 means an Observation Dates Set specified in the Final Terms.

- **European Total Return Fixed Decrement Individual Performance:**

$$\text{IndivPerf}(i,t) = \frac{\text{TotalReturnDecrementPrice}(i,t, \text{Observation Dates Set 1, Fixed Decrement Dates Set})}{\text{TotalReturnDecrementPrice}(i, \text{Initialisation Date, Observation Dates Set 1, Fixed Decrement Dates Set})}$$

Initialisation Date means a date as specified in the Final Terms.

- **Average Individual Performance:**

$$\text{IndivPerf}(i,t) = \frac{\text{Price}(i, \text{Observation Dates Set}(t))}{\text{Reference Price}(i)}$$

- **Ratchet Individual Performance:**

$$\text{IndivPerf}(i,t) = \frac{\text{Price}(i, \text{Observation Dates Set}_1(t))}{\text{Price}(i, \text{Observation Dates Set}_2(t))}$$

Observation Dates Set(t), Observation Dates Set₁(t) and Observation Dates Set₂(t) mean Observation Dates Sets specified as such in the Final Terms.

- **Actuarial Individual Performance**

$$\text{IndivPerf}(i,t) = \left(\frac{\text{Price}(i,t)}{\text{Reference Price}(i)} \right)^{\frac{1}{r(t)}}$$

r(t) means a number specified in the Final Terms.

- **Daily Cliquet Performance**

$$\text{IndivPerf}(i,t) = \frac{\text{Price}(i,t)}{\text{Price}(i,t-1)}$$

Where Price(i, t-1) means the Price of the Underlying "i" on the Valuation Date immediately preceding the Valuation Date indexed "t".

Day Count Fraction means the Day Count Fraction specified in the Final Terms (if applicable).

LocalBasketPerf or **Local Performance** means, in respect of a Selection of "n" Underlyings, the performance of such Selection calculated using one of the following formulae, on a Valuation Date indexed "t":

- **Weighted** means the weighted average of the Individual Performances as specified in the Final Terms of each Underlying in the Selection, as calculated by the Calculation Agent in accordance with the following formula:

$$\text{LocalBasketPerf}(t) = \sum_{i=1}^n \omega^i \times \text{IndivPerf}(i,t)$$

where:

ω^i means a weighting assigned to the Underlying indexed "i", as specified in the Final Terms;

n means the number of Underlyings in the Selection.

- **Best Of** means the highest ("Max") Individual Performance in Selection, as calculated by the Calculation Agent in accordance with the following formula:

$$\text{LocalBasketPerf}(t) = \text{Max}_{1 \leq i \leq n} (\text{IndivPerf}(i,t))$$

- **Worst Of** means the lowest ("Min") Individual Performance in the Selection, as calculated by the Calculation Agent in accordance with the following formula:

$$\text{LocalBasketPerf}(t) = \text{Min}_{1 \leq i \leq n} (\text{IndivPerf}(i, t))$$

- **Ranked Weighted** means the weighted average of the Individual Performances of each Underlying in the Selection after these have been ranked from the lowest to the highest, as calculated by the Calculation Agent in accordance with the following formula:

$$\text{LocalBasketPerf}(t) = \sum_{j=1}^n \omega^j \times \text{RankedIndivPerf}(j, t)$$

where:

RankedIndivPerf(j,t) means the "j"th lowest determined Individual Performance amongst the Individual Performances of all Underlyings in the Selection, calculated by the Calculation Agent on the Valuation Date indexed "t"; and

ω^j means a weighting assigned to the "j"th lowest Individual Performance, whose value will be specified in the Final Terms.

- **Individually Capped** means the weighted average of the Individual Performances of each Underlying in the Selection where each Individual Performance is capped, as calculated by the Calculation Agent in accordance with the following formula:

$$\text{LocalBasketPerf}(t) = \sum_{i=1}^n \omega^i \times \text{Min}(\text{ICap}, \text{IndivPerf}(i, t))$$

where:

ω^i means a weighting assigned to the Underlying indexed "i", as specified in the Final Terms;

n means the number of Underlyings in the Selection.

ICap means a percentage specified in the Final Terms;

Max means in respect of a series of numbers inside brackets and separated by ",", the greatest of such numbers. If any such number is specified as being "Not Applicable", such number shall be ignored in the calculation of the function.

Memory Effect means the activation of the memory feature whereby payment of previously unpaid amounts can be triggered. It is specified in the Final Terms as Applicable or Not Applicable.

MemoryCoupon(t) means the following value:

- (i) if the Final Terms specify Memory Effect as Applicable: the sum of all Interest Amounts per Note paid prior to the Payment Date indexed "t" expressed as a percentage of the Specified Denomination, as specified in the Final Terms; and
- (ii) if the Final Terms specify Memory Effect as Not Applicable: 0 (zero).

Min means in respect of a series of numbers inside brackets and separated by ",", the smallest of such numbers. If any such number is specified as being "Not Applicable", such number shall be ignored in the calculation of the function.

Observation Date means each date specified as such in the applicable Final Terms or, if such date is not a relevant Scheduled Trading Day for any Underlying, the next following relevant

Scheduled Trading Day for such Underlying, subject to the "Consequences of Disrupted Day(s)" set forth in the relevant Condition and the occurrence of an early redemption or an Automatic Early Redemption Event provided that any reference to Valuation Date made in that Condition shall be construed as a reference to the Observation Date for the purposes of these Additional Terms and Conditions.

Observation Dates Set means a series of Observation Dates specified in the Final Terms.

Payment Date means each date specified as such in the applicable Final Terms, subject to the Business Day Convention set forth in the applicable Final Terms or Condition 6(b) of the Terms and Conditions of the English Law Notes or the Terms and Conditions of the French Law Notes and the occurrence of an early redemption or an Automatic Early Redemption Event.

Price means:

- in respect of any Underlying that is a Share, an Index, a Commodity, a Fund or a Futures Contract, the Final Price or the Final Level as defined in the relevant Condition provided that any reference to Valuation Date made in that definition shall be construed as a reference to a Valuation Date or an Observation Date for the purposes of these Additional Terms and Conditions;
- in respect of any Underlying that is a Floating Rate or any other underlying, the rate or amount or level or any other value specified as such in the applicable Final Terms and determined by the Calculation Agent.

The value determined as above can be converted into a currency other than the domestic currency of the Underlying. In the latter case, the procedures for conversion, including the applicable FX, will be specified in the Final Terms.

Price (i, Observation Dates Set) means a value calculated by reference to the Prices of the Underlying "i", observed on each Observation Date falling within the specified Price Observation Dates Set. Such value is calculated using one of the following formulae:

- **Average Price (i)** means the equal-weighted average of the Prices of the Underlying "i" on the Observation Dates falling within the Price Observation Dates Set, as calculated by the Calculation Agent in accordance with the following formula:

$$\frac{1}{m} \sum_{s=1}^m price(i, s)$$

where:

m means the number of Observation Dates in the Price Observation Dates Set;

Price (i,s) means the Price of the Underlying "i" on the Observation Date indexed by "s" in the Price Observation Dates Set.

Price Observation Dates Set means an Observation Dates Set specified in the Final Terms.

- **Weighted Average Price (i)** means the weighted average of the Prices of the Underlying "i" on the Observation Dates falling within the Price Observation Dates Set, as calculated by the Calculation Agent in accordance with the following formula:

$$\sum_{s=1}^m \alpha_s^i \times Price(i, s)$$

where:

m means the number of Observation Dates in Price Observation Dates Set;

Price (i,s) means the Price of the Underlying "i" on the Observation Date indexed by "s" in the Price Observation Dates Set.

α_s^i means a weighting assigned to the Underlying "i" on the Observation Date indexed by "s" in the Price Observation Dates Set, as specified in the Final Terms.

Price Observation Dates Set means an Observation Dates Set specified in the Final Terms.

- **Max Price (i)** means the *highest* ("Max") Price observed in respect of an Underlying "i" on any of the Observation Dates falling within the Price Observation Dates Set, as determined by the Calculation Agent in accordance with the following formula:

$$\text{Min} \left(\text{PriceCap}, \text{Max}_{1 \leq s \leq m} (\text{Price}(i, s)) \right)$$

PriceCap means a number specified in the Final Terms.

- **Min Price (i)** means the lowest ("Min") Price observed in respect of an Underlying "i" on any of the Observation Dates falling within the Price Observation Dates Set as determined by the Calculation Agent in accordance with the following formula:

$$\text{Max} \left(\text{PriceFloor}, \text{Min}_{1 \leq s \leq m} (\text{Price}(i, s)) \right)$$

PriceFloor means a number specified in the Final Terms.

- **Ranked Weighted Average Price (i)** means the weighted average of the Prices of the Underlying "i" on the Observation Dates falling within the Price Observation Dates Set after such Prices have been ranked in order from the lowest to the highest, as determined by the Calculation Agent in accordance with the following formula:

$$\sum_{k=1}^m \alpha_k^i \times \text{Ranked Price}(i, k)$$

where:

m means the number of Observation Dates in the Price Observation Dates Set;

k means the position in the ranking of the Ranked Price,

Ranked Price(i,k) means the "k"th lowest Price of the Underlying "i" amongst all prices observed through the Price Observation Dates Set;

α_k^i means a weighting attributed to the "k"th lowest observation in respect of the Underlying "i", as specified in the Final Terms.

Price Observation Dates Set means an Observation Dates Set specified in the Final Terms.

Price (i, s) means the Price of the Underlying with the index "i" in respect of any Valuation Date or any Observation Date indexed "s", "s" being any temporal index.

- **TotalReturnDecrementPrice (i, t, Observation Dates Set 1, Fixed Decrement Dates Set)** means, in respect of a Valuation Date indexed "t" and a Underlying indexed "i", Observation Dates Set 1 and Fixed Decrement Dates Set, an amount determined by the Calculation Agent in accordance with the following formula:

$$\text{TotalReturnDecrementPrice}(i, t, \text{Observation Dates Set 1, Fixed Decrement Dates Set}) = \text{TotalReturnDecrementStrategyPrice}(i, t, \text{Observation Dates Set 1, Fixed Decrement Dates Set})$$

Where the Observation Date indexed "t" is the same as the Valuation Date indexed "t".

TotalReturnDecrementStrategyPrice (i, t, Observation Dates Set, Fixed Decrement Dates Set) means, in respect of an Observation Date indexed “t” and a Underlying indexed “i”, Observation Dates Set 1 and Fixed Decrement Dates Set, an amount determined by the Calculation Agent in accordance with the following formula:

$$\begin{aligned} & \text{TotalReturnDecrementStrategyPrice (i,t, Observation Dates Set 1, Fixed Decrement Dates Set)} = \\ & \text{Max} \left(0, \text{TotalReturnDecrementStrategyPrice (i,t-1, Observation Dates Set 1, Fixed Decrement Dates Set)} \times \right. \\ & \left. \frac{\text{Price(i,t)} + (1 - \text{NetReturn} \times \text{WHT(i,t)}) \times \text{Dividend(i,t)} \times \text{FXDividend 2(i,t)}}{\text{Price(i,t-1)}} - \text{Decrement(i,t)} \right) \end{aligned}$$

TotalReturnDecrementStrategyPrice(i,t-1, Observation Dates Set 1, Fixed Decrement Dates Set) means, in respect of an Observation Date indexed “t”, and a Underlying indexed “i”, Observation Dates Set and Fixed Decrement Dates Set, the TotalReturnDecrementStrategyPrice of such Underlying on the immediately preceding Observation Date.

TotalReturnDecrementStrategyPrice(i,1,Observation Dates Set 1, Fixed Decrement Dates Set) means, in respect of a Underlying index “i”, Observation Dates Set 1 and Fixed Decrement Dates Set, the TotalReturnDecrementStrategyReferencePrice of such Underlying as specified in the Final Terms.

NetReturn means 0 or 1 as specified in the Final Terms.

Decrement(i, t) means, as of an Observation Date indexed “t” and in relation to the Underlying indexed “i”, an amount specified in the Final Terms if such Observation Date (t) is included in the Fixed Decrement Dates Set, 0 otherwise.

Fixed Decrement Dates Set means an Observation Dates Set specified in the Final Terms.

Dividend(i, t) means, in respect of an Observation Date indexed “t” or a Valuation Date indexed “t”, associated, if need be, with an Observation Dates Set the sum of any Dividend on the Underlying indexed “i” provided that:

Notwithstanding anything to the contrary in Condition 10 “*Terms for Dividend Linked Notes*” of the Terms and Conditions of Structured Notes, if “**Extraordinary Dividends Exclusion**” is specified as being Applicable in the applicable Final Terms, any Extraordinary Dividend will be excluded in the calculation of “Dividend(i)”;

FX(i, t) means, in respect of an Observation Date indexed “t” or a Valuation Date indexed “t”, associated, if need be, with an Observation Dates Set, the FX exchange rate(s) determined on the basis of the Reference Exchange Rate(s) as specified in the applicable Final Terms.

FX Dividend 1 (i, t) means, as of an Observation Date indexed “t” or a Valuation Date indexed “t”, associated, if need be, with an Observation Dates Set (a **FX Determinate Date**) and in relation to the Dividend of an Underlying indexed “i” denominated in a currency other than the currency of the Note, the value of one Unit of the Foreign Currency expressed in units of the Domestic Currency (the **Reference Exchange Rate**) appearing on the relevant “BFIX” Bloomberg page (the **Exchange Rate Source**) at or about 6:30 p.m. (Paris time).

If such rate does not appear on such page, the Calculation Agent will determine the **Reference Exchange Rate** (or a method for determining it) in accordance with the rules set out in Condition 15 of the Terms and Conditions of Structured Notes with “Price Source Disruption” is “Applicable”.

For the purpose hereof, Domestic Currency shall mean the currency in which the Note is denominated, and Foreign Currency shall mean the currency in which the Dividend of such Underlying is paid.

FX Dividend 2 (i, t) means, as of an Observation Date indexed “t” or a Valuation Date indexed “t”, associated, if need be, with an Observation Dates Set (a **FX Determinate Date**) and in relation to the Dividend of an Underlying indexed “i” denominated in a currency other than the currency of such Underlying, the value of one Unit of the Foreign Currency expressed in units of the Domestic Currency (the **Reference Exchange Rate**) appearing on the relevant “BFIX” Bloomberg page (the **Exchange Rate Source**) at or about 6:30 p.m. (Paris time).

If such rate does not appear on such page, the Calculation Agent will determine the **Reference Exchange Rate** (or a method for determining it) in accordance with the rules set out in Condition 15 of the Terms and Conditions of Structured Notes with “Price Source Disruption” is “Applicable”.

For the purpose hereof, Domestic Currency shall mean the currency in which the Underlying is denominated, and Foreign Currency shall mean the currency in which the Dividend of such Underlying is paid.

Reference Price (i) means, in respect of an Underlying indexed “i” that is a Share, an Index, a Commodity, a Fund or a Futures Contract, the Initial Price or the Initial Level as defined in the relevant Condition, unless otherwise specified in the applicable Final Terms.

Selection means a set of one or more Underlyings, the number of which is referred to as “n”. Each Underlying is assigned an index “i” ranging from 1 to n.

Underlying means a Share, an Index, a proprietary Index, a Fund, a Dividend, a Commodity, a Future Contract, a Floating Rate or any other underlying specified as such in the applicable Final Terms, or one or several baskets of any of the foregoing as specified in the applicable Final Terms.

Valuation Date means, each date specified as such in the applicable Final Terms or, if such date is not a relevant Scheduled Trading Day for any Underlying, the next following relevant Scheduled Trading Day for such Underlying, subject to the “Consequences of Disrupted Day(s)” set forth in the relevant Condition and the occurrence of an early redemption or an Automatic Early Redemption Event.

WHT(i,t) means, in respect of a Dividend of an Underlying indexed “i” and an Observation Date indexed “t” or a Valuation Date indexed “t”, associated, if need be, with an Observation Dates Set, being an Ex-Dividend Date, the withholding tax as published by STOXX Limited on the page <http://www.stoxx.com/indices/taxes.html> (or any other page which would substitute to it), or as otherwise specified in the applicable Final Terms.

$\sum_{i,k,l=1}^n$ or **Sum** means in respect of the term to which it applies, the sum of the “n” values that the term will accommodate.

× means the mathematical sign for multiplication.

/ means the mathematical sign for division.

+ means the mathematical sign for addition.

– means the mathematical sign for subtraction.

> means that the term preceding (at the left side) the sign is higher than the term following (at the right) the sign.

< means that the term preceding (at the left side) the sign is lower than the term following (at the right) the sign.

≥ means that the term preceding (at the left side) the sign is equal to or higher than the term following (at the right) the sign.

≤ means that the term preceding (at the left side) the sign is equal to or lower than the term following (at the right) the sign.

|| or **Abs** () means the absolute value of the term between the brackets.

% means percentage, i.e. a fraction of 100. For the avoidance of doubt, 1% or 1 per cent is equal to 0.01.k

^[n] means that the product of the formula appearing before this symbol is multiplied by itself "n-1" times. (E.g.: (S+D) x (1+r)⁵ means (S+D) x (1+r) x (1+r) x (1+r) x (1+r) x (1+r)).

Any terms which would not be defined in this Annex refer directly to the definition set forth in the section applicable to the relevant Underlying.

1.2 Calculation Formulae

Vanilla

The objective of the Vanilla is to pay an amount linked to the performance of the Selection.

The Final Redemption Amount per Calculation Amount is determined by the Calculation Agent in accordance with the following formula:

$$\text{Calculation Amount} \times (\mathbf{100\%} + \mathbf{Coupon} + \mathbf{OptionalCoupon})$$

where:

Coupon means an interest rate as specified in the Final Terms.

OptionalCoupon is equal to:

$$\mathbf{G} \times \mathbf{Min}(\mathbf{Cap}, \mathbf{Max}(\mathbf{Type} \times (\mathbf{P} \times \mathbf{BasketPerf}(\mathbf{T}) - \mathbf{K}), \mathbf{Floor}))$$

where:

G means the percentage specified in the Final Terms.

Cap means the percentage specified in the Final Terms.

Floor means the percentage specified in the Final Terms.

K means the percentage specified in the Final Terms.

P means the percentage specified in the Final Terms.

Type means a number equal to (-1) or (1), as specified in the Final Terms.

BasketPerf(T) means a performance of the Selection on the last Valuation Date, associated, if need be, with an Observation Dates Set. Its value is calculated using one of the formulae listed in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms.

American Vanilla with noteholder put option

The objective of the American Vanilla with Noteholder put option is to pay an amount linked to the performance of the Selection. Moreover, each Noteholder may request an Early Redemption of the Notes on any Valuation Date specified in the Final Terms.

Each Noteholder may request an Early Redemption of the Note on any Valuation Date specified in the Final Terms.

In case of a redemption at the option of the Noteholders, the Optional Redemption Amount is determined by the Calculation Agent in accordance with the following formula:

$$\text{Calculation Amount} \times (\mathbf{100\%} + \mathbf{Coupons}_a + \mathbf{OptionalCoupons}_a)$$

where:

Coupon_a means an interest rate as specified in the Final Terms.

OptionalCoupon_a is equal to:

$$\mathbf{G_a} \times \mathbf{Min(Cap_a, Max(Type_a \times (BasketPerf(t) - K_a), Floor_a))}$$

where:

G_a means the percentage specified in the Final Terms.

Cap_a means the percentage specified in the Final Terms.

Floor_a means the percentage specified in the Final Terms.

K_a means the percentage specified in the Final Terms.

Type_a means a number equal to (-1) or (1), as specified in the Final Terms.

BasketPerf(t) means a performance of the Selection on the Valuation Date indexed "t", associated, if need be, with an Observation Dates Set. Its value is calculated using one of the formulae listed in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms.

If the Optional Redemption never takes place, then the Final Redemption Amount per Note is determined by the Calculation Agent in accordance with the following formula:

$$\text{Calculation Amount} \times (100\% + \mathbf{Coupon_f} + \mathbf{OptionalCoupon_f})$$

Where:

Coupon_f means an interest rate as specified in the Final Terms.

OptionalCoupon_f is equal to:

$$\mathbf{G_f} \times \mathbf{Min(Cap_f, Max(Type_f \times (BasketPerf(T) - K_f), Floor_f))}$$

G_f means the percentage specified in the Final Terms.

Cap_f means the percentage specified in the Final Terms.

Floor_f means the percentage specified in the Final Terms.

K_f means the percentage specified in the Final Terms.

Type_f means a number equal to (-1) or (1), as specified in the Final Terms.

BasketPerf(T) means a performance of the Selection on the last Valuation Date, associated, if need be, with an Observation Dates Set. Its value is calculated using one of the formulae listed in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms.

Whale Vanilla

The objective of the Whale Vanilla is to pay an amount linked to the performance of the Selection.

The Final Redemption Amount per Calculation Amount is determined by the Calculation Agent in accordance with the following formula:

$$\text{Calculation Amount} \times (100\% + \mathbf{Coupon} + \mathbf{OptionalCoupon})$$

Where:

Coupon means an interest rate as specified in the Final Terms.

OptionalCoupon is equal to:

$$G \times \text{Min}(\text{Cap}, \text{Max}(\text{Type} \times \left(\frac{K_1}{\text{BasketPerf}(T)} - K_2\right), \text{Floor}))$$

where:

G means the percentage specified in the Final Terms.

Cap means the percentage specified in the Final Terms.

Floor means the percentage specified in the Final Terms.

K1, K2 means the percentages specified in the Final Terms.

Type means a number equal to (-1) or (1), as specified in the Final Terms.

BasketPerf(T) means a performance of the Selection on the last Valuation Date, associated, if need be, with an Observation Dates Set. Its value is calculated using one of the formulae listed in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms.

Power Call

The objective of the Power Call is to pay an amount linked to the performance of the Selection. This amount is multiplied by a factor also determined on the basis of the performance of the Selection. Consequently, the Power Call is impacted by the square of the performance of the Selection.

The Final Redemption Amount per Calculation Amount is determined by the Calculation Agent in accordance with the following formula:

$$\text{Calculation Amount} \times (100\% + \text{Coupon} + \text{OptionalCoupon})$$

Where:

Coupon means an interest rate as specified in the Final Terms.

OptionalCoupon is equal to:

$$\text{ParticipationRate} \times \text{Vanilla}$$

with:

$$\text{ParticipationRate} = G \times \text{Min}(\text{Cap}, \text{BasketPerf}(T))$$

$$\text{Vanilla} = \text{Max}(\text{Type} \times (\text{BasketPerf}(T) - K), \text{Floor})$$

where:

G means the percentage specified in the Final Terms.

Cap means the percentage specified in the Final Terms.

Floor means the percentage specified in the Final Terms.

K means the percentage specified in the Final Terms.

Type means a number equal to (-1) or (1), as specified in the Final Terms.

BasketPerf(T) means a performance of the Selection on the last Valuation Date, associated, if need be, with an Observation Dates Set. Its value is calculated using one of

the formulae listed in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms.

Conditional Vanilla

The Conditional Vanilla is designed to pay an amount linked to the performance of the Selection. The payment of this amount is nonetheless conditional on the fulfilment of one or several conditions.

The Final Redemption Amount per Calculation Amount is determined by the Calculation Agent in accordance with the following formula:

$$\text{Calculation Amount} \times [\mathbf{R} + \text{Coupon} + (\text{Vanilla}_1 \times \text{Condition}_1 \times \mathbf{FX}_1) + (\text{Vanilla}_2 \times \text{Condition}_2 \times \mathbf{FX}_2) + (\text{Vanilla}_3 \times \text{Condition}_3 \times \mathbf{FX}_3)]$$

Where:

$$\text{Vanilla}_1 = \text{Coupon}_1 + \mathbf{G}_1 \times \text{Min}(\text{Cap}_1, \text{Max}(\text{Type}_1 \times (\text{BasketPerf}_1(\mathbf{T}) - \mathbf{K}_1), \text{Floor}_1))$$

$$\text{Vanilla}_2 = \text{Coupon}_2 + \mathbf{G}_2 \times \text{Min}(\text{Cap}_2, \text{Max}(\text{Type}_2 \times (\text{BasketPerf}_2(\mathbf{T}) - \mathbf{K}_2), \text{Floor}_2))$$

$$\text{Vanilla}_3 = \text{Coupon}_3 + \mathbf{G}_3 \times \text{Min}(\text{Cap}_3, \text{Max}(\text{Type}_3 \times (\text{BasketPerf}_3(\mathbf{T}) - \mathbf{K}_3), \text{Floor}_3))$$

The value of each Condition is determined as follows:

$$\begin{aligned} \text{Condition}_1 &= \mathbf{1} \text{ if } \text{BasketPerf}_4(\mathbf{T}) \geq \mathbf{H} \\ &= \mathbf{0} \text{ if not} \end{aligned}$$

$$\begin{aligned} \text{Condition}_2 &= \mathbf{1} \text{ if } \text{BasketPerf}_5(\mathbf{T}) < \mathbf{B} \\ &= \mathbf{0} \text{ if not} \end{aligned}$$

$$\begin{aligned} \text{Condition}_3 &= \mathbf{1} \text{ if "BasketPerf}_6(\mathbf{T}) \geq \mathbf{D1} \text{ and } \text{BasketPerf}_7(\mathbf{T}) \leq \mathbf{D2} \text{"} \\ &= \mathbf{0} \text{ if not} \end{aligned}$$

where:

FX₁ means either: 1) 100% or 2) the ratio: $\text{FX}_1(\mathbf{T})/\text{FX}_1(0)$, as specified in the Final Terms, where **FX₁(T)** means the value of the Relevant FX 1 as determined by the Calculation Agent on the last Valuation Date, and **FX₁(0)** means the value of the Relevant FX 1 as determined by the Calculation Agent on the Strike Date.

FX₂ means either: 1) 100% or 2) the ratio: $\text{FX}_2(\mathbf{T})/\text{FX}_2(0)$, as specified in the Final Terms, where **FX₂(T)** means the value of the Relevant FX 2 as determined by the Calculation Agent on the last Valuation Date, and **FX₂(0)** means the value of the Relevant FX 2 as determined by the Calculation Agent on the Strike Date.

FX₃ means either: 1) 100% or 2) the ratio: $\text{FX}_3(\mathbf{T})/\text{FX}_3(0)$, as specified in the Final Terms, where **FX₃(T)** means the value of the Relevant FX 3 as determined by the Calculation Agent on the last Valuation Date, and **FX₃(0)** means the value of the Relevant FX 3 as determined by the Calculation Agent on the Strike Date.

Relevant FX 1 means a FX specified in the Final Terms.

Relevant FX 2 means a FX specified in the Final Terms.

Relevant FX 3 means a FX specified in the Final Terms.

R means the percentage specified in the Final Terms.

Coupon, Coupon₁, Coupon₂, Coupon₃ means an interest rate as specified in the Final Terms.

G₁, G₂, G₃ means the percentages specified in the Final Terms.

Cap₁, Cap₂, Cap₃ means the percentages specified in the Final Terms.

Floor₁, Floor₂, Floor₃ means the percentages specified in the Final Terms.

K₁, K₂, K₃ means the percentages specified in the Final Terms.

Type₁, Type₂, Type₃ means a number equal to (-1) or (1), as specified in the Final Terms.

H means the percentage specified in the Final Terms. If "**H**" is specified as Not Applicable, then "**Condition₁ = 0**" in any event.

B means the percentage specified in the Final Terms. If "**B**" is specified as Not Applicable, then "**Condition₂ = 1**" in any event.

D₁ means the percentage specified in the Final Terms. If "**D₁**" is specified as Not Applicable, then:

Condition₃ = 1 if BasketPerf₇(T) ≤ D₂

= 0 if not

D₂ means the percentage specified in the Final Terms. If "**D₂**" is specified as Not Applicable, then:

- If "**D₁**" is not specified as Not Applicable:

Condition₃ = 1 if BasketPerf₇(T) ≥ D₁

= 0 if not

- **If not, Condition₃ = 0 in any event**

BasketPerf₁(T), BasketPerf₂(T), BasketPerf₃(T), BasketPerf₄(T), BasketPerf₅(T), BasketPerf₆(T), BasketPerf₇(T) mean performances of the Selection on the last Valuation Date, associated with, if need be, one or several Observation Dates Sets. Each of their respective values is calculated using one of the formulae specified in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms. It should be noted that the formula used to calculate "BasketPerf_i(T)" may be different from the formula used to calculate "BasketPerf_j(T)", when the subscript "i" is different from the subscript "j".

Airbag

The Airbag is a particular type of Conditional Vanilla. It may pay an amount linked to the positive performance of the Selection. In cases where such Performance is negative and below a certain barrier level, the Notes may be redeemed below par.

The Final Redemption Amount per Calculation Amount is determined by the Calculation Agent in accordance with the following formula:

**Calculation Amount × [100%
+ Vanilla₁ - (Vanilla₂ × DownsideCondition)]**

Where:

$$\text{Vanilla}_1 = G_1 \times \text{Min}(\text{Cap}_1, \text{Max}((\text{BasketPerf}_1(T) - K_1), \text{Floor}_1))$$

$$\text{Vanilla}_2 = G_2 \times \text{Min}(\text{Cap}_2, \text{Max}((K_2 - \text{BasketPerf}_2(T)), \text{Floor}_2))$$

$$\text{DownsideCondition} = 1 \text{ if } \text{BasketPerf}_3(T) < B$$

$$= 0 \text{ if not}$$

where:

G₁, G₂ means the percentages specified in the Final Terms.

Cap₁, Cap₂ means the percentages specified in the Final Terms.

Floor₁, Floor₂ means the percentages specified in the Final Terms.

K₁, K₂ means the percentages specified in the Final Terms.

B means the percentage specified in the Final Terms. If "**B**" is specified as being Not Applicable, then "**DownsideCondition = 1**" in any event.

BasketPerf₁(T), BasketPerf₂(T), BasketPerf₃(T) mean performances of the Selection on the last Valuation Date, associated with, if need be, one or several Observation Dates Sets. Each of their respective values is calculated using one of the formulae specified in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms. It should be noted that the formula used to calculate "BasketPerf_i(T)" may be different from the formula used to calculate "BasketPerf_j(T)", when the subscript "i" is different from the subscript "j".

If Redemption by Physical Delivery is specified as applicable in the Final Terms, the Notes will be redeemed by Physical Delivery in accordance with the relevant terms specified in paragraphs "Redemption by Physical Delivery" and "Provisions applicable to Physical Delivery Notes" only if the following conditions are met:

$$\text{DownsideCondition} = 1 \text{ and } \text{BasketPerf}_3(T) < B$$

Autocall

Variable Airbag

Autocall is a product that may be automatically redeemed before the maturity of the Notes if the Performance of the selection is above a threshold. In such case, the Notes are redeemed at par, with any positive interest amount also payable.

The Automatic Early Redemption of the product is triggered on any Valuation Date indexed "t" where:

$$\text{AutoCallCondition}(t) = 1$$

$$\text{AutoCallCondition}(t) = 1 \text{ if } \text{BasketPerf}_1(t) \geq R(t)$$

$$= 0 \text{ if not}$$

where:

R(t) means the percentage specified in the Final Terms. If "**R(t)**" is specified as being Not Applicable, then **AutoCallCondition(t) = 0** in any event.

BasketPerf₁(t) means a performance of the Selection on the Valuation Date indexed "t", associated, if need be, with an Observation Dates Set. Its value is calculated using one of

the formulae listed in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms.

In this case, the Automatic Early Redemption Amount per Calculation Amount payable on the Payment Date following immediately the Valuation Date "t" is equal to:

$$\text{Calculation Amount} \times (100\% + \text{AutoCallCoupon}(t))$$

$$\text{AutoCallCoupon}(t) = \text{Coupon}_1(t) + \text{Vanilla}_2(t) \times \text{UpsideCondition}(t)$$

$$\text{Vanilla}_2(t) = \text{Coupon}_2(t) + G_2(t) \times \text{Min}(\text{Cap}_2(t), \text{Max}(\text{BasketPerf}_2(t) - K_2(t), \text{Floor}_2(t)))$$

$$\text{UpsideCondition}(t) = 1 \text{ if } \text{BasketPerf}_3(t) \geq H(t)$$

$$= 0 \text{ if not}$$

Where:

Coupon₁(t) means an interest rate as specified in the Final Terms.

Coupon₂(t) means an interest rate as specified in the Final Terms.

G₂(t) means the percentage specified in the Final Terms.

Cap₂(t) means the percentage specified in the Final Terms.

Floor₂(t) means the percentage specified in the Final Terms.

K₂(t) means the percentage specified in the Final Terms.

H(t) means the percentage specified in the Final Terms. If "H(t)" is specified as being Not Applicable, then UpsideCondition(t) = 0 in any event.

BasketPerf₂(t), BasketPerf₃(t) means performances of the Selection on the Valuation Date indexed "t", associated, if need be, with an Observation Dates Set. Its value is calculated using one of the formulae listed in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms. It should be noted that the formula used to calculate "BasketPerf_i(t)" may be different from the formula used to calculate "BasketPerf_j(t)", when the subscript "i" is different from the subscript "j".

If the Automatic Early Redemption condition is not satisfied, the Final Redemption Amount per Calculation Amount is equal to:

$$\text{Calculation Amount} \times (100\% + \text{FinalCoupon} - \text{Vanilla} \times \text{DownsideCondition} \times (1 - \text{UpsideCondition}_4))$$

Where:

$$\text{Vanilla} = G \times \text{Min}(\text{Cap}, \text{Max}((K - \text{BasketPerf}_5(T)), \text{Floor}))$$

$$\text{DownsideCondition} = 1 \text{ if } \text{BasketPerf}_6(T) < B$$

$$= 0 \text{ if not}$$

And

FinalCoupon

$$= (\text{Coupon}_3 \times (1 - \text{DownsideCondition})) + (\text{Vanilla}_4 \times \text{UpsideCondition}_4) + (\text{Coupon}_5 \times \text{UpsideCondition}_5)$$

$$\text{Vanilla}_4 = \text{Coupon}_4 + G_4 \times \text{Min}(\text{Cap}_4, \text{Max}((\text{BasketPerf}_4(\text{T}) - K_4), \text{Floor}_4))$$

$$\text{UpsideCondition}_4 = 1 \text{ if } \text{BasketPerf}_7(\text{T}) \geq H_4$$

= 0 if not

$$\text{UpsideCondition}_5 = 1 \text{ if } \text{BasketPerf}_8(\text{T}) \geq H_5$$

= 0 if not

where:

Coupon₃ means an interest rate as specified in the Final Terms.

Coupon₄ means an interest rate as specified in the Final Terms.

Coupon₅ means an interest rate as specified in the Final Terms.

G means the percentage specified in the Final Terms.

G₄ means the percentage specified in the Final Terms.

Cap means the percentage specified in the Final Terms.

Cap₄ means the percentage specified in the Final Terms.

Floor means the percentage specified in the Final Terms.

Floor₄ means the percentage specified in the Final Terms.

K means the percentage specified in the Final Terms.

K₄ means the percentage specified in the Final Terms.

B means the percentage specified in the Final Terms. If "B" is specified as being Not Applicable, then DownsideCondition = 1 in any event.

H₄ means the percentage specified in the Final Terms. If "H₄" is specified as being Not Applicable, then UpsideCondition₄ = 0 in any event.

H₅ means the percentage specified in the Final Terms. If "H₅" is specified as being Not Applicable, then UpsideCondition₅ = 0 in any event.

BasketPerf₃(T), BasketPerf₄(T), BasketPerf₅(T), BasketPerf₆(T), BasketPerf₇(T), BasketPerf₈(T), mean performances of the Selection on the last Valuation Date, associated with, if need be, one or several Observation Dates Sets. Each of their respective values is calculated using one of the formulae specified in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms. It should be noted that the formula used to calculate "BasketPerf_i(T)" may be different from the formula used to calculate "BasketPerf_j(T)", when the subscript "i" is different from the subscript "j".

If Redemption by Physical Delivery is specified as applicable in the Final Terms, the Notes will be redeemed by Physical Delivery in accordance with the relevant terms specified in paragraphs "Redemption by Physical Delivery" and "Provisions applicable to Physical Delivery Notes" only if the following conditions are met:

$$\text{DownsideCondition} = 1 \text{ and } \text{BasketPerf}_5(\text{T}) < K$$

Bonus

The Bonus is a particular type of Conditional Vanilla. It may pay an amount linked to the positive performance of the Selection. This amount may be subject to the fulfilment of a

condition on this performance. In cases where such Performance is negative and below a certain barrier level, the Notes may be redeemed below par.

The Final Redemption Amount per Calculation Amount is determined by the Calculation Agent in accordance with the following formula:

Calculation Amount

$$\times (100\% + \text{Vanilla}_1 \times \text{UpsideCondition} - \text{Vanilla}_2 \times \text{DownsideCondition})$$

Where:

$$\text{Vanilla}_1 = \text{Coupon}_1 + G_1 \times \text{Min}(\text{Cap}_1, \text{Max}((\text{BasketPerf}_1(T) - K_1), \text{Floor}_1))$$

$$\text{Vanilla}_2 = G_2 \times \text{Min}(\text{Cap}_2, \text{Max}((K_2 - \text{BasketPerf}_2(T)), \text{Floor}_2))$$

The value of each Condition below is determined as follows:

$$\text{UpsideCondition} = 1 \text{ if } \text{BasketPerf}_3(T) \geq H$$

$$= 0 \text{ if not}$$

$$\text{DownsideCondition} = 1 \text{ if } \text{BasketPerf}_4(T) < B$$

$$= 0 \text{ if not}$$

with:

Coupon₁ means the percentage specified in the Final Terms.

G₁, G₂ means the percentages specified in the Final Terms.

Cap₁, Cap₂ means the percentages specified in the Final Terms.

Floor₁, Floor₂ means the percentages specified in the Final Terms.

K₁, K₂ means the percentages specified in the Final Terms.

H means the percentage specified in the Final Terms. If H is specified as being Not Applicable, then UpsideCondition = 0 in any event.

B means the percentage specified in the Final Terms. If B is specified as being Not Applicable, then DownsideCondition = 1 in any event.

BasketPerf₁(T), BasketPerf₂(T), BasketPerf₃(T), BasketPerf₄(T) mean performances of the Selection on the last Valuation Date, associated with, if need be, one or several Observation Dates Sets. Each of their respective values is calculated using one of the formulae specified in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms. It should be noted that the formula used to calculate "BasketPerf_i(T)" may be different from the formula used to calculate "BasketPerf_j(T)", when the subscript "i" is different from the subscript "j".

If Redemption by Physical Delivery is specified as applicable in the Final Terms, the Notes will be redeemed by Physical Delivery in accordance with the relevant terms specified in paragraphs "Redemption by Physical Delivery" and "Provisions applicable to Physical Delivery Notes" only if the following conditions are met:

$$\text{DownsideCondition} = 1 \text{ and } \text{BasketPerf}_2(T) < K_2$$

Conditional Vanilla Series

Conditional Vanilla Series is a generic flow structure that may include regular returns as well as a variable redemption amount. On each Valuation Date indexed "t", an interest

amount linked to the performance of the Selection is potentially paid on the Payment Date indexed "t". At maturity, the capital of the Notes may be at risk depending on the final performance of the Selection. If specified as applicable in the Final Terms, the Noteholders and/or the Issuer can request the early redemption of the Notes on any Valuation Date specified in the Final Terms. If Applicable, the Notes could also be subject to an early redemption provided that a condition on the Selection performance is satisfied.

On each indexed Valuation Date "t", an interest amount, paid on the Payment Date indexed "t", is calculated in accordance with the following formula:

$$\mathbf{Coupon(t) = Calculation\ Amount \times CouponRate(t)}$$

If **Lockin Condition(t) = 1**, then:

$$\mathbf{CouponRate(t) = LockinCoupon(t)}$$

If **Lockin Condition(t) = 0**, then:

$$\mathbf{CouponRate(t) = NonLockinCoupon(t)}$$

with:

$$\mathbf{NonLockinCoupon(t) = ([Vanilla_1(t) \times Condition_1(t)] + [Vanilla_2(t) \times Condition_2(t)] + [Vanilla_3(t) \times Condition_3(t)] - MemoryCoupon(t) \times MemoryCondition(t))}$$

and:

$$\mathbf{LockinCoupon(t) = Vanilla_4(t)}$$

The value of each NonLockinCoupon(t) is the sum of 3 interest amounts (Vanilla₁(t), Vanilla₂(t), Vanilla₃(t)) determined according to the performance of the Selection. Their payment is conditional to the occurrence of market events. They are calculated as follows:

$$\begin{aligned} \mathbf{Vanilla_1(t)} \\ = \mathbf{Coupon_1(t) + G_1(t) \times \text{Min}(\text{Cap}_1(t), \text{Max}(\text{Type}_1(t) \times (\text{BasketPerf}_1(t) - K_1(t)), \text{Floor}_1(t)))} \end{aligned}$$

$$\begin{aligned} \mathbf{Vanilla_2(t)} \\ = \mathbf{Coupon_2(t) + G_2(t) \times \text{Min}(\text{Cap}_2(t), \text{Max}(\text{Type}_2(t) \times (\text{BasketPerf}_2(t) - K_2(t)), \text{Floor}_2(t)))} \end{aligned}$$

$$\begin{aligned} \mathbf{Vanilla_3(t)} \\ = \mathbf{Coupon_3(t) + G_3(t) \times \text{Min}(\text{Cap}_3(t), \text{Max}(\text{Type}_3(t) \times (\text{BasketPerf}_3(t) - K_3(t)), \text{Floor}_3(t)))} \end{aligned}$$

LockinCoupon(t) means an amount determined according to the performance of the Selection calculated in accordance with the following formula:

$$\begin{aligned} \mathbf{Vanilla_4(t)} \\ = \mathbf{Coupon_4(t) + G_4(t) \times \text{Min}(\text{Cap}_4(t), \text{Max}(\text{Type}_4(t) \times (\text{BasketPerf}_4(t) - K_4(t)), \text{Floor}_4(t)))} \end{aligned}$$

The value of each Condition is determined as follows:

$$\begin{aligned} \mathbf{Condition_1(t) = 1 \text{ if } BasketPerf_5(t) \geq H(t)} \\ = \mathbf{0 \text{ if not}} \end{aligned}$$

Condition₂ (t) = 1 if BasketPerf₆ (t) ≥ B(t)

= 0 if not

Condition₃ (t) = 1 if "BasketPerf₇ (t) ≥ D₁ (t) and BasketPerf₈ (t)

≤ D₂ (t)"

= 0 if not

LockinCondition(t) = 1 if BasketPerf₉ (t) ≥ L(t)

= 0 if not

MemoryCondition(t) = 1 if Condition₁(t) = 1 or Condition₂(t) = 1 or Condition₃(t) = 1

= 0 if not

where:

Coupon₁ (t), Coupon₂ (t), Coupon₃ (t), Coupon₄ (t) means an interest rate as specified in the Final Terms.

G₁ (t), G₂ (t), G₃ (t), G₄ (t) means the percentages specified in the Final Terms.

Cap₁ (t), Cap₂ (t), Cap₃ (t), Cap₄ (t) means the percentages specified in the Final Terms.

Floor₁ (t), Floor₂ (t), Floor₃ (t), Floor₄ (t) means the percentages specified in the Final Terms.

K₁ (t), K₂ (t), K₃ (t), K₄ (t) means the percentages specified in the Final Terms.

Type₁ (t), Type₂ (t), Type₃ (t), Type₄ (t) means a number equal to (-1) or (1), as specified in the Final Terms.

H(t) means the percentage specified in the Final Terms. If H(t) is specified as being Not Applicable, then Condition₁ (t) = 0 in any event.

B(t) means the percentage specified in the Final Terms. If "B(t)" is specified as being Not Applicable, then Condition₂ (t) = 1 in any event.

D₁ (t) means the percentage specified in the Final Terms. If " D₁ (t) " is specified as being Not Applicable, then:

Condition₃ (t) = 1 if BasketPerf₈ (t) ≤ D₂ (t)

= 0 if not

D₂ (t) means the percentage specified in the Final Terms. If D₂ (t) is specified as being Not Applicable, then:

- If **D₁ (t)** is not specified as being Not Applicable:

Condition₃ (t) = 1 if BasketPerf₇ (t) ≥ D₁ (t)

= 0 if not

- If not Condition₃ (t) = 0 in any event.

L(t) means the percentage specified in the Final Terms. If L(t) is specified as being Not Applicable, then LockinCondition(t) = 0 in any event.

BasketPerf₁(t), **BasketPerf₂(t)**, **BasketPerf₃(t)**, **BasketPerf₄(t)**, **BasketPerf₅(t)**, **BasketPerf₆(t)**, **BasketPerf₇(t)**, **BasketPerf₈(t)**, **BasketPerf₉(t)** mean performances of the Selection on the Valuation Date indexed "t", associated with, if need be, one or several Observation Dates Sets. Each of their respective values is calculated using one of the formulae specified in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms. It should be noted that the formula used to calculate "BasketPerf_i(t)" may be different from the formula used to calculate "BasketPerf_j(t)", when the subscript "i" is different from the subscript "j".

If the value of Coupon(t) is negative, no interest amount is paid on the relevant Payment Date.

The Final Redemption Amount per Calculation Amount is equal to:

$$\text{Calculation Amount} \times 100\%$$

**Variable Strike
Conditional
Vanilla Series**

On each Valuation Date, the Variable Strike Conditional Vanilla Series pays an interest amount linked to the performance of the Selection against a floating reference rate. Interest amounts become unconditional upon activation of a so-called "Lock-in" effect. Noteholders may benefit from the Memory Effect, which triggers payment of any previously unpaid interest amounts.

On each indexed Valuation Date "t", an interest amount, paid on the Payment Date indexed "t", is calculated in accordance with the following formula:

$$\text{Coupon}(t) = \text{Calculation Amount} \times \text{CouponRate}(t)$$

If **Lockin Condition(t) = 1**, then:

$$\text{CouponRate}(t) = \text{LockinCoupon}(t)$$

If **Lockin Condition(t) = 0**, then:

$$\text{CouponRate}(t) = \text{NonLockinCoupon}(t)$$

with:

$$\text{NonLockinCoupon}(t) = \text{Vanilla}_1(t) \times \text{Condition}_1(t) + \text{Vanilla}_2(t) \times \text{Condition}_2(t) + \text{Vanilla}_3(t) \times \text{Condition}_3(t) - \text{MemoryCoupon}(t) \times \text{MemoryCondition}(t)$$

And:

$$\text{LockinCoupon}(t) = \text{Vanilla}_4(t)$$

The value of each NonLockinCoupon(t) is the sum of 3 interest amounts (Vanilla₁(t), Vanilla₂(t), Vanilla₃(t)) determined according to the performance of the Selection. Their payment is conditional to the occurrence of market events. They are calculated as follows:

$$\begin{aligned} &\text{Vanilla}_1(t) \\ &= \text{Coupon}_1(t) \\ &+ G_1(t) \times \text{Min}(\text{Cap}_1(t), \text{Max}(\text{Type}_1 \\ &\times (\text{BasketPerf}_1(t) - \text{BasketPerf}_2(t) - K_1(t)), \text{Floor}_1(t))) \end{aligned}$$

$$\begin{aligned} &\text{Vanilla}_2(t) \\ &= \text{Coupon}_2(t) \\ &+ G_2(t) \times \text{Min}(\text{Cap}_2(t), \text{Max}(\text{Type}_2 \\ &\times (\text{BasketPerf}_3(t) - \text{BasketPerf}_4(t) - K_2(t)), \text{Floor}_2(t))) \end{aligned}$$

$$\begin{aligned} & \mathbf{Vanilla}_3(t) \\ & = \mathbf{Coupon}_3(t) \\ & + \mathbf{G}_3(t) \times \mathbf{Min}(\mathbf{Cap}_3(t), \mathbf{Max}(\mathbf{Type}_3 \\ & \times (\mathbf{BasketPerf}_5(t) - \mathbf{BasketPerf}_6(t) - \mathbf{K}_3(t)), \mathbf{Floor}_3(t))) \end{aligned}$$

LockinCoupon(t) represents an amount determined in accordance with the performance of the Selection according to the following formula:

$$\begin{aligned} & \mathbf{Vanilla}_4(t) \\ & = \mathbf{Coupon}_4(t) \\ & + \mathbf{G}_4(t) \times \mathbf{Min}(\mathbf{Cap}_4(t), \mathbf{Max}(\mathbf{Type}_4 \\ & \times (\mathbf{BasketPerf}_7(t) - \mathbf{BasketPerf}_8(t) - \mathbf{K}_4(t)), \mathbf{Floor}_4(t))) \end{aligned}$$

Each condition is calculated in accordance with the following formulae:

$$\mathbf{Condition}_1(t) = 1 \text{ if } \mathbf{BasketPerf}_9(t) \geq \mathbf{H}(t)$$

= 0 if not

$$\mathbf{Condition}_2(t) = 1 \text{ if } \mathbf{BasketPerf}_{10}(t) < \mathbf{B}(t)$$

= 0 if not

$$\mathbf{Condition}_3(t) = 1 \text{ if "BasketPerf}_{11}(t) \geq \mathbf{D}_1(t) \text{ and } \mathbf{BasketPerf}_{12}(t) \leq \mathbf{D}_2(t)"}$$

= 0 if not

$$\mathbf{LockinCondition}(t) = 1 \text{ if } \mathbf{BasketPerf}_{13}(t) \geq \mathbf{L}(t)$$

= 0 if not

$$\mathbf{MemoryCondition}(t) = 1 \text{ if } \mathbf{Condition}_1(t) = 1 \text{ or } \mathbf{Condition}_2(t) = 1 \text{ or } \mathbf{Condition}_3(t) = 1$$

= 0 if not

where:

Coupon₁(t), Coupon₂(t), Coupon₃(t), Coupon₄(t) means an interest rate as specified in the Final Terms.

G₁(t), G₂(t), G₃(t), G₄(t) means the percentages specified in the Final Terms.

Cap₁(t), Cap₂(t), Cap₃(t), Cap₄(t) means the percentages specified in the Final Terms.

Floor₁(t), Floor₂(t), Floor₃(t), Floor₄(t) means the percentages specified in the Final Terms.

K₁(t), K₂(t), K₃(t), K₄(t) means the percentages specified in the Final Terms.

Type₁(t), Type₂(t), Type₃(t), Type₄(t) means a number equal to (-1) or (1), as specified in the Final Terms.

H(t) means the percentage specified in the Final Terms. If H(t) is specified as being Not Applicable, then Condition₁(t) = 0 in any event.

B(t) means the percentage specified in the Final Terms. If B(t) is specified as being Not Applicable, then Condition₂(t) = 1 in any event.

D₁(t) means the percentage specified in the Final Terms. If D₁(t) is specified as being Not Applicable, then:

$\text{Condition}_3(t) = 1$ if $\text{BasketPerf}_{12}(t) \leq D_2(t)$

= 0 if not

$D_2(t)$ means the percentage specified in the Final Terms. If $D_2(t)$ is specified as being Not Applicable, then:

- If " $D_1(t)$ " is not specified as being Not Applicable:

$\text{Condition}_3(t) = 1$ if $\text{BasketPerf}_{11}(t) \geq D_1(t)$

= 0 if not

- If not, $\text{Condition}_3(t) = 0$ in any event.

$L(t)$ means the percentage specified in the Final Terms. If $L(t)$ is specified as being Not Applicable, then $\text{LockinCondition}(t) = 0$ in any event.

BasketPerf₁(t), **BasketPerf₂(t)**, **BasketPerf₃(t)**, **BasketPerf₄(t)**, **BasketPerf₅(t)**, **BasketPerf₆(t)**, **BasketPerf₇(t)**, **BasketPerf₈(t)**, **BasketPerf₉(t)**, **BasketPerf₁₀(t)**, **BasketPerf₁₁(t)**, **BasketPerf₁₂(t)**, **BasketPerf₁₃(t)** mean performances of the Selection on the Valuation Date indexed "t", associated with, if need be, one or several Observation Dates Sets. Each of their respective values is calculated using one of the formulae specified in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms. It should be noted that the formula used to calculate "BasketPerf_i(t)" may be different from the formula used to calculate "BasketPerf_j(t)", when the subscript "i" is different from the subscript "j".

If the value of $\text{Coupon}(t)$ is negative, no interest amount is paid on the relevant Payment Date.

The Final Redemption Amount per Calculation Note is equal to:

Calculation Amount × 100%

**Switchable
Vanilla Series**

The Switchable Vanilla Series pays by default a variable redemption amount, the payment of which depends on the final performance of the Selection of Underlyings, unless the Issuer decides to "switch" the product, in which case the Noteholders must give up the variable redemption amount in exchange for a fixed or floating rate interest amount.

On each Switchable Date falling in the Switchable Period as defined in the Final Terms, the Issuer may exercise the "Switch" option. All Holders must be informed in case the Switchable option is exercised with a notice specified in the Final Terms.

In the event of the exercise of a Switchable option, a $\text{CatchUpCoupon}(t)$ is paid on Payment Date indexed "t" following the date of exercise of the Switchable option, in an amount equal to:

Calculation Amount × **CatchUpCoupon(t)**

where:

"**CatchUpCoupon(t)**" is an interest rate applicable on each Switchable Date(t), as specified in the Final Terms.

In respect of all Valuation Dates following the date of exercise of the Switchable option, an interest amount, payable on the Payment Date indexed "t", is calculated in accordance with the following formula:

Calculation Amount × **SwitchableCoupon(t)**

where:

SwitchableCoupon(t) means an interest rate as specified in the Final Terms.

If the Switchable option is exercised, the Final Redemption Amount per Calculation Amount is equal to:

Calculation Amount × **100%**

If the Issuer never exercises the Switchable option, the Final Redemption Amount per Note is determined by the Calculation Agent in accordance with the following formula:

$$\text{Denomination} \times (100\% + \text{FinalCoupon} - \text{Vanilla} \times \text{DownsideCondition} \times (1 - \text{UpsideCondition}))$$

Where:

$$\text{Vanilla} = G \times \text{Min}(\text{Cap}, \text{Max}((K - \text{BasketPerf}_2(T)), \text{Floor}))$$

$$\text{DownsideCondition} = 1 \text{ if } \text{BasketPerf}_3(T) < B$$

$$= 0 \text{ if not}$$

And

FinalCoupon

$$= (\text{Coupon}_1 \times (1 - \text{DownsideCondition})) + (\text{Vanilla}_1 \times \text{UpsideCondition})$$

$$\text{Vanilla}_1 = \text{Coupon}_2 + G_1 \times \text{Min}(\text{Cap}_1, \text{Max}((\text{BasketPerf}_1(T) - K_1), \text{Floor}_1))$$

$$\text{UpsideCondition} = 1 \text{ if } \text{BasketPerf}_4(T) \geq H_1$$

$$= 0 \text{ if not}$$

where:

Coupon₁ means an interest rate as specified in the Final Terms.

Coupon₂ means an interest rate as specified in the Final Terms.

G means the percentage specified in the Final Terms.

G₁ means the percentage specified in the Final Terms.

Cap means the percentage specified in the Final Terms.

Cap₁ means the percentage specified in the Final Terms.

Floor means the percentage specified in the Final Terms.

Floor₁ means the percentage specified in the Final Terms.

K means the percentage specified in the Final Terms.

K₁ means the percentage specified in the Final Terms.

B means the percentage specified in the Final Terms. If "B" is specified as being Not Applicable, then DownsideCondition = 1 in any event.

H₁ means the percentage specified in the Final Terms. If "H₁" is specified as being Not Applicable, then UpsideCondition₄ = 0 in any event.

BasketPerf₁(T), BasketPerf₂(T), BasketPerf₃(T), BasketPerf₄(T) mean performances of the Selection on the last Valuation Date, associated with, if need be, one or several Observation Dates Sets. Each of their respective values is calculated using one of the formulae specified in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms. It should be noted that the formula used to calculate "BasketPerf_i(T)" may be different from the formula used to calculate "BasketPerf_j(T)", when the subscript "i" is different from the subscript "j".

If Redemption by Physical Delivery is specified as applicable in the Final Terms, the Notes will be redeemed by Physical Delivery in accordance with the relevant terms specified in paragraphs "Redemption by Physical Delivery" and "Provisions applicable to Physical Delivery Notes" only if the following conditions are met:

DownsideCondition = 1 and BasketPerf₂ (T) < K

Digital Series

The Digital Series may pay a conditional or guaranteed interest amount on each Valuation Date. If applicable, the "Lock-in" effect may be activated, making the interest amounts unconditional. Also, if applicable, Noteholders may benefit from the Memory Effect, which triggers payment of any previously unpaid interest amounts.

On each Valuation Date indexed "t", a interest amount, paid on the Payment Date indexed "t", is calculated in accordance with the following formula:

- if Lockin Condition(t) = 1, then:

$$\text{Coupon}(t) = \text{Calculation Amount} \times \text{LockinCoupon}(t)$$

- If Lockin Condition(t) = 0, then:

$$\text{Coupon}(t) = \text{Calculation Amount} \times \text{NonLockinCoupon}(t)$$

Where:

$$\text{NonLockinCoupon}(t) = \text{CouponMin}(t) + (\text{Coupon}_1(t) - \text{MemoryCoupon}) \times \text{Condition}_1(t)$$

$$\text{LockinCoupon}(t) = \text{Coupon}_2(t)$$

The value of each Condition is determined as follows:

$$\text{Condition}_1(t) = 1 \text{ if BasketPerf}_1(t) \geq H(t)$$

$$= 0 \text{ if not}$$

$$\text{LockinCondition}(t) = 1 \text{ if BasketPerf}_5(t) \geq L(t)$$

$$= 0 \text{ if not}$$

where:

CouponMin(t), Coupon₁(t), Coupon₂(t) means an interest rate as specified in the Final Terms.

H(t) means the percentage specified in the Final Terms. If H(t) is specified as Not Applicable, Condition₁(t) = 0 in any event

L(t) means the percentage specified in the Final Terms. If L(t) is specified as Not Applicable, LockinCondition(t) = 0 in any event

BasketPerf₁(t), **BasketPerf₂(t)** mean performances of the Selection on the Valuation Date indexed "t", associated with, if need be, one or several Observation Dates Sets. Each of their respective values is calculated using one of the formulae specified in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms. It should be noted that the formula used to calculate "BasketPerf_i(t)" may be different from the formula used to calculate "BasketPerf_j(t)", when the subscript "i" is different from the subscript "j".

The Final Redemption Amount per Calculation Note is equal to:

$$\text{Calculation Amount} \times 100\%$$

Reverse

The Reverse may pay a conditional or guaranteed interest amount on each Valuation Date. If applicable, Noteholders may benefit from the Memory Effect, which triggers payment of any previously unpaid interest amounts. In cases where Performance of the Selection is negative and below a certain barrier level, the Notes may be redeemed below par.

On each Valuation Date indexed "t", a interest amount, paid on the Payment Date indexed "t", is calculated in accordance with the following formula:

$$\begin{aligned} & \text{Coupon}(t) \\ = & \text{Calculation Amount} \times [\text{MinCoupon}(t) + (\text{Coupon}(t) - \text{MemoryCoupon}(t)) \times \\ & \text{UpsideCondition}(t)] \end{aligned}$$

The value of each Condition is determined as follows:

$$\text{UpsideCondition} = 1 \text{ if } \text{BasketPerf}_1(t) \geq H(t)$$

$$= 0 \text{ if not}$$

Where:

Coupon(t), **MinCoupon(t)** means an interest rate as specified in the Final Terms.

H(t) means the percentage specified in the Final Terms.

BasketPerf₁(t) means a performance of the Selection on the Valuation Date indexed "t", associated, if need be, with an Observation Dates Set. Its value is calculated using one of the formulae listed in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms.

The Final Redemption Amount per Calculation Note is determined by the Calculation Agent in accordance with the following formula:

$$\text{Calculation Amount} \times (100\% - \text{Vanilla} \times \text{DownsideCondition})$$

Where:

$$\text{Vanilla} = G \times \text{Min}(\text{Cap}, \text{Max}((K - \text{BasketPerf}_2(T)), \text{Floor}))$$

$$\text{DownsideCondition} = 1 \text{ if } \text{BasketPerf}_3(T) < B$$

$$= 0 \text{ if not}$$

where:

G means the percentage specified in the Final Terms.

Cap means the percentage specified in the Final Terms.

Floor means the percentage specified in the Final Terms.

K means the percentage specified in the Final Terms.

B means the percentage specified in the Final Terms. If "B" is specified as being Not Applicable, then $\text{DownsideCondition} = 1$ in any event.

BasketPerf₂ (T), **BasketPerf₃ (T)** mean performances of the Selection on the last Valuation Date, associated with, if need be, one or several Observation Dates Sets. Each of their respective values is calculated using one of the formulae specified in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms. It should be noted that the formula used to calculate "BasketPerf_i(T)" may be different from the formula used to calculate "BasketPerf_j(T)", when the subscript "i" is different from the subscript "j".

If Redemption by Physical Delivery is specified as applicable in the Final Terms, the Notes will be redeemed by Physical Delivery in accordance with the relevant terms specified in paragraphs "Redemption by Physical Delivery" and "Provisions applicable to Physical Delivery Notes" only if the following conditions are met:

$\text{DownsideCondition} = 1$ and $\text{BasketPerf}_2 (T) < K$

Reverse Lockin

The Reverse Lockin may pay a conditional or guaranteed interest amount on each Valuation Date. If applicable, the "Lock-in" effect may be activated and make the interest amounts unconditional. Also, if applicable, Noteholders may benefit from the Memory Effect, which triggers payment of any previously unpaid interest amounts. In cases where Performance of the Selection is negative and below a certain barrier level, the Notes may be redeemed below par.

On each Valuation Date indexed "t", a interest amount, paid on the Payment Date indexed "t", is calculated in accordance with the following formula:

If $\text{LockinCondition}(t) = 1$, then:

$$\text{Coupon}(t) = \text{Calculation Amount} \times \text{LockinCoupon}(t)$$

If $\text{LockinCondition}(t) = 0$, then:

$$\text{Coupon}(t) = \text{Calculation Amount} \times \text{NonLockinCoupon}(t)$$

With:

$$\text{NonLockinCoupon}(t) = [\text{MinCoupon}(t) + (\text{Coupon}_1 (t) - \text{MemoryCoupon}(t)) \times \text{Condition}_1 (t)]$$

And:

$$\text{LockinCoupon}(t) = \text{Coupon}_2 (t)$$

The value of each Condition is determined as follows:

$$\text{Condition}_1 (t) = 1 \text{ if } \text{BasketPerf}_1 (t) \geq H(t)$$

$$= 0 \text{ if not}$$

$$\text{LockinCondition}(t) = 1 \text{ if } \text{BasketPerf}_2 (t) \geq L(t)$$

$$= 0 \text{ if not}$$

Where:

Coupon₁ (t), Coupon₂ (t), MinCoupon(t) means an interest rate as specified in the Final Terms.

H(t) means the percentage specified in the Final Terms. If "H(t)" is specified as being Not Applicable, then Condition1 (t) = 0 in any event.

L(t) means the percentage specified in the Final Terms. If "L(t)" is specified as being Not Applicable, then LockinCondition(t) = 0 in any event.

BasketPerf₁ (t), BasketPerf₂ (t) mean performances of the Selection on the Valuation Date indexed "t", associated with, if need be, one or several Observation Dates Sets. Each of their respective values is calculated using one of the formulae specified in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms. It should be noted that the formula used to calculate "BasketPerf_i(t)" may be different from the formula used to calculate "BasketPerf_j(t)", when the subscript "i" is different from the subscript "j".

The Final Redemption Amount per Calculation Amount is determined by the Calculation Agent in accordance with the following formula:

- If "**Deactivating Lockin Effect**" is Applicable:

Calculation Amount × [100% - **Vanilla** × **DownsideCondition** × (1 - **LockinCondition(T)**)]

- If not:

Calculation Amount × (100% - **Vanilla** × **DownsideCondition**)

Where:

Vanilla = $G \times \text{Min}(\text{Cap}, \text{Max}((K - \text{BasketPerf}_3(T)), \text{Floor}))$

DownsideCondition = 1 if $\text{BasketPerf}_4(T) < B$

= 0 if not

LockinCondition(T) = 1 if $\text{BasketPerf}_5(T) \geq L(T)$

= 0 if not

where:

G means the percentage specified in the Final Terms.

Cap means the percentage specified in the Final Terms.

Floor means the percentage specified in the Final Terms.

K means the percentage specified in the Final Terms.

B means the percentage specified in the Final Terms. If "B" is specified as being Not Applicable, then **DownsideCondition** = 1 in any event.

BasketPerf₃ (T), BasketPerf₄ (T), BasketPerf₅ (T) mean performances of the Selection on the last Valuation Date, associated with, if need be, one or several Observation Dates Sets. Each of their respective values is calculated using one of the formulae specified in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in

the Final Terms. It should be noted that the formula used to calculate "BasketPerf_i(T)" may be different from the formula used to calculate "BasketPerf_j(T)", when the subscript "i" is different from the subscript "j".

If Redemption by Physical Delivery is specified as applicable in the Final Terms, the Notes will be redeemed by Physical Delivery in accordance with the relevant terms specified in paragraphs "Redemption by Physical Delivery" and "Provisions applicable to Physical Delivery Notes" only if the following conditions are met:

DownsideCondition = 1, LockinCondition(T) = 0

Super Asian

The Super Asian pays an interest amount linked to improved average performance. The performance of the Selection on each Valuation Date is only included in the calculation of the improved average if the Performance on such Valuation Date would increase the amount of the interest amount to be paid.

On each Valuation Date indexed "t", the performance of the Selection of Underlyings "BasketPerf(t)" is calculated by the Calculation Agent using one of the formulae specified in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms.

The calculated performance is "Memorised" if:

- **If Type = 1:** it is strictly greater than the performance of the Selection on the previous Valuation Date indexed "t-1": $\text{BasketPerf}(t) > \text{BasketPerf}(t-1)$
- **If Type = -1:** it is strictly lower than the performance of the Selection on the previous Valuation Date indexed "t-1": $\text{BasketPerf}(t) < \text{BasketPerf}(t-1)$

The initial performance is defined as: $\text{BasketPerf}(0) = 100\%$. It may be "Memorised" or not, as specified in the Final Terms.

Type means a number equal to (-1) or (1), as specified in the Final Terms.

The Final Redemption Amount per Calculation Note is determined by the Calculation Agent in accordance with the following formula:

Calculation Amount \times (100% + **Coupon** + **OptionalCoupon**)

Where:

Coupon means an interest rate as specified in the Final Terms.

"**OptionalCoupon**" is equal to:

G \times **Min(Cap, Max(Type \times (SuperAverage – K), Floor))**

where:

- **G** means the percentage specified in the Final Terms.
- **Cap** means the percentage specified in the Final Terms.
- **Floor** means the percentage specified in the Final Terms.
- **K** means the percentage specified in the Final Terms.
- **Super Average** means the arithmetic average of all "Memorised" performances.

**Autocallable
Conditional
Vanilla Series**

Autocallable Conditional Vanilla Series is a generic flow structure that may include regular returns as well as a variable redemption amount. On each Valuation Date indexed "t", an interest amount linked to the performance of the Selection is potentially paid on the Payment Date indexed "t". At maturity, the capital of the Notes may be at risk depending on the final performance of the Selection. Moreover, the Notes may be automatically redeemed before the maturity of the Notes if the Performance of the selection is above a threshold. In such cases, the Notes are redeemed at par, with any positive interest amount also payable.

On each Valuation Date indexed "t", an interest amount, paid on the Payment Date indexed "t", unless this Valuation Date falls after the occurrence of an Automatic Early Redemption Event, is calculated in accordance with the following formula:

$$\begin{aligned} & \text{Coupon}(t) \\ = & \text{Calculation Amount} \times ([\text{Vanilla}_1(t) \times \text{UpsideCondition}_1(t)] + [\text{Vanilla}_2(t) \\ & \times \text{DownsideCondition}_2(t)] - \text{MemoryCoupon}(t) \times \text{MemoryCondition}(t)) \end{aligned}$$

Where:

$$\text{Vanilla}_1(t) = \text{Coupon}_1(t) + G_1(t) \times \text{Min}(\text{Cap}_1(t), \text{Max}(\text{Type}_1(t) \times (\text{BasketPerf}_1(t) - K_1(t)), \text{Floor}_1(t)))$$

$$\text{Vanilla}_2(t) = \text{Coupon}_2(t) + G_2(t) \times \text{Min}(\text{Cap}_2(t), \text{Max}(\text{Type}_2(t) \times (\text{BasketPerf}_2(t) - K_2(t)), \text{Floor}_2(t)))$$

And:

$$\text{UpsideCondition}_1(t) = 1 \text{ if } \text{BasketPerf}_3(t) \geq H_1(t)$$

$$= 0 \text{ if not}$$

$$\text{DownsideCondition}_2(t) = 1 \text{ if } \text{BasketPerf}_4(t) \leq B_2(t)$$

$$= 0 \text{ if not}$$

$$\text{MemoryCondition}(t) = 1 \text{ if } \text{UpsideCondition}_1(t) = 1 \text{ or if } \text{DownsideCondition}_2(t) = 1$$

$$= 0 \text{ if not}$$

where:

Coupon₁(t), Coupon₂(t) means an interest rate as specified in the Final Terms.

G₁(t), G₂(t) means the percentages specified in the Final Terms.

Cap₁(t), Cap₂(t) means the percentages specified in the Final Terms.

Floor₁(t), Floor₂(t) means the percentages specified in the Final Terms.

K₁(t), K₂(t) means the percentages specified in the Final Terms.

Type₁(t), Type₂(t) means a number equal to (-1) or (1), as specified in the Final Terms.

H₁(t) means the percentage specified in the Final Terms. If "H₁(t)" is specified as being Not Applicable, then Upside Condition₁(t) = 0 in any event.

B₂(t) means the percentage specified in the Final Terms. If "B₂(t)" is specified as being Not Applicable, then Downside Condition₂(t) = 1 in any event.

BasketPerf₁(t), **BasketPerf₂(t)**, **BasketPerf₃(t)**, **BasketPerf₄(t)** mean performances of the Selection on the Valuation Date indexed "t", associated with, if need be, one or several Observation Dates Sets. Each of their respective values is calculated using one of the formulae specified in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms. It should be noted that the formula used to calculate "BasketPerf_i(t)" may be different from the formula used to calculate "BasketPerf_j(t)", when the subscript "i" is different from the subscript "j".

If the value of Coupon(t) is negative, no interest amount is paid on the relevant Payment Date.

The Automatic Early Redemption of the Note is triggered on any Valuation Date indexed "t" where:

$$\mathbf{AutoCallCondition(t) = 1}$$

With:

$$\mathbf{AutoCallCondition(t) = 1 \text{ if } BasketPerf_5(t) \geq R(t)}$$

$$\mathbf{= 0 \text{ if not}}$$

where:

R(t) means the percentage specified in the Final Terms. If "R(t)" is specified as being Not Applicable, then AutoCallCondition(t) = 0 in any event.

BasketPerf₅(t) means a performance of the Selection on the Valuation Date indexed "t", associated, if need be, with an Observation Dates Set. Its value is calculated using one of the formulae listed in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms.

In this case, the Automatic Early Redemption Amount per Calculation Amount payable on the Automatic Early Redemption Date following immediately the Valuation Date "t" is equal to:

$$\mathbf{Calculation\ Amount \times [100\% + (Vanilla_3(t) \times UpsideCondition_3(t))}$$

$$\mathbf{+ Vanilla_4(t) \times}$$

$$\mathbf{DownsideCondition_4(t)]}$$

where:

$$\mathbf{Vanilla_3(t) = Coupon_3(t) + G_3(t) \times \text{Min}(\text{Cap}_3(t), \text{Max}(\text{Type}_3(t) \times (\text{BasketPerf}_6(t) - \text{K}_3(t)), \text{Floor}_3(t)))}$$

$$\mathbf{Vanilla_4(t) = Coupon_4(t) + G_4(t) \times \text{Min}(\text{Cap}_4(t), \text{Max}(\text{Type}_4(t) \times (\text{BasketPerf}_7(t) - \text{K}_4(t)), \text{Floor}_4(t)))}$$

The value of each Condition is determined as follows:

$$\mathbf{UpsideCondition_3(t) = 1 \text{ if } BasketPerf_8(t) \geq H_3(t)}$$

$$\mathbf{= 0 \text{ if not}}$$

$$\mathbf{DownsideCondition_4(t) = 1 \text{ if } BasketPerf_9(t) \leq B_4(t)}$$

$$\mathbf{= 0 \text{ if not}}$$

where:

Coupon₃ (t), Coupon₄ (t) means an interest rate as specified in the Final Terms.

G₃ (t), G₄ (t) means the percentages specified in the Final Terms.

Cap₃ (t), Cap₄ (t) means the percentages specified in the Final Terms.

Floor₃ (t), Floor₄ (t) means the percentages specified in the Final Terms.

K₃ (t), K₄ (t) means the percentages specified in the Final Terms.

Type₃ (t), Type₄ (t) means a number equal to (-1) or (1), as specified in the Final Terms.

H₃ (t) means the percentage specified in the Final Terms. If "H₃ (t)" is specified as being Not Applicable, then $\text{UpsideCondition}_3(t) = 0$ in any event.

B₄ (t) means the percentage specified in the Final Terms. If "B₄ (t)" is specified as being Not Applicable, then $\text{DownsideCondition}_4(t) = 1$ in any event.

BasketPerf₆ (t), BasketPerf₇ (t), BasketPerf₈ (t), BasketPerf₉ (t) mean performances of the Selection on the Valuation Date indexed "t", associated with, if need be, one or several Observation Dates Sets. Each of their respective values is calculated using one of the formulae specified in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms. It should be noted that the formula used to calculate "BasketPerf_i(t)" may be different from the formula used to calculate "BasketPerf_j(t)", when the subscript "i" is different from the subscript "j".

If the Note has never been subject to an Automatic Early Redemption, then the Final Redemption Amount per Note is equal to:

$$\begin{aligned} & \text{Denomination} \times [100\% \\ & + \text{FinalCoupon} \times (1 - \text{DownsideCondition}_5) - \text{Vanilla}_5 \\ & \quad \times \text{DownsideCondition}_5] \end{aligned}$$

Where:

$$\text{Vanilla}_5 = G_5 \times \text{Min}(\text{Cap}_5, \text{Max}((K_5 - \text{BasketPerf}_{10}(T)), \text{Floor}_5))$$

$$\text{DownsideCondition}_5 = 1 \text{ if } \text{BasketPerf}_{11}(T) < B_5$$

$$= 0 \text{ if not}$$

FinalCoupon

$$= \text{Vanilla}_6 \times \text{UpsideCondition}_6 + \text{Vanilla}_7 \times \text{UpsideCondition}_7$$

with:

$$\text{Vanilla}_6 = \text{Coupon}_6 + G_6 \times \text{Min}(\text{Cap}_6, \text{Max}((\text{BasketPerf}_{12}(T) - K_6), \text{Floor}_6))$$

$$\text{Vanilla}_7 = \text{Coupon}_7 + G_7 \times \text{Min}(\text{Cap}_7, \text{Max}((\text{BasketPerf}_{13}(T) - K_7), \text{Floor}_7))$$

$$\text{UpsideCondition}_6 = 1 \text{ if } \text{BasketPerf}_{14}(T) \geq H_6$$

$$= 0 \text{ if not}$$

$$\text{UpsideCondition}_7 = 1 \text{ if } \text{BasketPerf}_{15}(T) \geq H_7$$

$$= 0 \text{ if not}$$

where:

Coupon₆ means an interest rate as specified in the Final Terms.

Coupon₇ means an interest rate as specified in the Final Terms.

G₅ means the percentage specified in the Final Terms.

G₆ means the percentage specified in the Final Terms.

G₇ means the percentage specified in the Final Terms.

Cap₅ means the percentage specified in the Final Terms.

Cap₆ means the percentage specified in the Final Terms.

Cap₇ means the percentage specified in the Final Terms.

Floor₅ means the percentage specified in the Final Terms.

Floor₆ means the percentage specified in the Final Terms.

Floor₇ means the percentage specified in the Final Terms.

K₅ means the percentage specified in the Final Terms.

K₆ means the percentage specified in the Final Terms.

K₇ means the percentage specified in the Final Terms.

B₅ means the percentage specified in the Final Terms. If "B₅" is specified as being Not Applicable, then $\text{DownsideCondition}_5 = 1$ in any event.

H₆ means the percentage specified in the Final Terms. If "H₆" is specified as being Not Applicable, then $\text{UpsideCondition}_6 = 0$ in any event.

H₇ means the percentage specified in the Final Terms. If "H₇" is specified as being Not Applicable, then $\text{UpsideCondition}_7 = 0$ in any event.

BasketPerf₁₀ (T), **BasketPerf**₁₁ (T), **BasketPerf**₁₂ (T), **BasketPerf**₁₃ (T), **BasketPerf**₁₄ (T), **BasketPerf**₁₅ (T) mean performances of the Selection on the last Valuation Date, associated with, if need be, one or several Observation Dates Sets. Each of their respective values is calculated using one of the formulae specified in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms. It should be noted that the formula used to calculate "BasketPerf_i(T)" may be different from the formula used to calculate "BasketPerf_j(T)", when the subscript "i" is different from the subscript "j".

If Redemption by Physical Delivery is specified as applicable in the Final Terms, the Notes will be redeemed by Physical Delivery in accordance with the relevant terms specified in paragraphs "Redemption by Physical Delivery" and "Provisions applicable to Physical Delivery Notes" only if the following conditions are met:

$\text{DownsideCondition}_5 = 1$ and $\text{BasketPerf}_{10}(\text{T}) < \text{K}_5$

Phoenix

The Phoenix may pay a conditional or guaranteed interest amount on each Payment Date. If applicable, Noteholders may benefit from the Memory Effect, which triggers payment of any previously unpaid interest amounts. Automatic early redemption may occur during the term of the Notes.

On each Valuation Date indexed "t", an interest amount, paid on the Payment Date indexed "t", unless this Valuation Date falls after the occurrence of an Automatic Early Redemption Event, is calculated in accordance with the following formula:

$$\text{PhoenixCoupon}(t) = \text{Calculation Amount} \times [\text{Coupon}_1(t) + (\text{Coupon}_2(t) - \text{MemoryCoupon}(t)) \times \text{UpsideCondition}(t)]$$

$$\text{UpsideCondition}(t) = 1 \text{ if } \text{BasketPerf}_1(t) \geq H(t)$$

$$= 0 \text{ if not}$$

Where:

Coupon₁(t) means an interest rate as specified in the Final Terms.

Coupon₂(t) means an interest rate as specified in the Final Terms.

H(t) means the percentage specified in the Final Terms. If "H(t)" is specified as being Not Applicable, then UpsideCondition (t) = 0 in any event.

BasketPerf₁(t) means a performance of the Selection of Underlyings on the Valuation Date indexed "t", associated, if needs be with an Observation Dates Set. Its value is calculated using one of the formulae listed in paragraph 1.1 (Common Definitions) above with regard to the definition of "BasketPerf" as specified in the Final Terms.

The Automatic Early Redemption of the Note is triggered on any Valuation Date indexed "t" where:

$$\text{AutoCallCondition}(t) = 1$$

With:

$$\text{AutoCallCondition}(t) = 1 \text{ if } \text{BasketPerf}_2(t) \geq R(t)$$

$$= 0 \text{ if not}$$

where:

R(t) means the percentage specified in the Final Terms. If "R(t)" is specified as being Not Applicable, then AutoCallCondition(t) = 0 in any event.

BasketPerf₂(t) means a performance of the Selection on the Valuation Date indexed "t", associated, if need be, with an Observation Dates Set. Its value is calculated using one of the formulae listed in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms.

In this case, the Automatic Early Redemption Amount per Calculation Amount payable on the Payment Date immediately following the Valuation Date "t" is equal to:

$$\text{Calculation Amount} \times (100\% + \text{Coupon}_3(t) \times \text{UpsideCondition}_2(t))$$

With:

$$\text{UpsideCondition}_2(t) = 1 \text{ if } \text{BasketPerf}_3(t) \geq H_2(t)$$

$$= 0 \text{ if not}$$

Where:

Coupon₃(t) means an interest rate as specified in the Final Terms.

H₂(t) means the percentage specified in the Final Terms. If "H₂(t)" is specified as being Not Applicable, then UpsideCondition₂(t) = 0 in any event.

BasketPerf₃(t) means a performance of the Selection on the Valuation Date indexed "t", associated, if needs be, with an Observation Dates Set. Its value is calculated using one of the formulae listed in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms.

If the Note has never been subject to an Automatic Early Redemption, then the Final Redemption Amount per Calculation Amount is equal to:

$$\text{Calculation Amount} \times [100\% + \text{FinalCoupon} - \text{Vanilla} \times \text{DownsideCondition} \times (1 - \text{UpsideCondition}_3)]$$

Where:

$$\text{Vanilla} = G \times \text{Min}(\text{Cap}, \text{Max}((K - \text{BasketPerf}_4(T)), \text{Floor}))$$

$$\text{DownsideCondition} = 1 \text{ if } \text{BasketPerf}_5(T) < B$$

$$= 0 \text{ if not}$$

And

$$\text{FinalCoupon} = (\text{Coupon}_4 \times (1 - \text{DownsideCondition})) + (\text{Vanilla}_5 \times \text{UpsideCondition}_3)$$

$$\text{Vanilla}_5 = \text{Coupon}_5 + G_5 \times \text{Min}(\text{Cap}_5, \text{Max}((\text{BasketPerf}_6(T) - K_5), \text{Floor}_5))$$

$$\text{UpsideCondition}_3 = 1 \text{ if } \text{BasketPerf}_7(T) \geq H_3$$

$$= 0 \text{ if not}$$

where:

Coupon₄ means an interest rate as specified in the Final Terms.

Coupon₅ means an interest rate as specified in the Final Terms.

H₃ means the percentage specified in the Final Terms. If **H₃** is specified as being Not Applicable, then $\text{UpsideCondition}_3 = 0$ in any event.

G means the percentage specified in the Final Terms.

G₅ means the percentage specified in the Final Terms.

Cap means the percentage specified in the Final Terms.

Cap₅ means the percentage specified in the Final Terms.

Floor means the percentage specified in the Final Terms.

Floor₅ means the percentage specified in the Final Terms.

K means the percentage specified in the Final Terms.

K₅ means the percentage specified in the Final Terms.

B means the percentage specified in the Final Terms. If "B" is specified as being Not Applicable, then $\text{DownsideCondition} = 1$ in any event.

BasketPerf₄(T), **BasketPerf₅(T)**, **BasketPerf₆(T)**, **BasketPerf₇(T)** mean performances of the Selection on the last Valuation Date, associated with, if need be, one or several Observation Dates Sets. Each of their respective values is calculated using one of the formulae specified in 1.1 (Common Definitions), with regard to the definition of

"BasketPerf", as specified in the Final Terms. It should be noted that the formula used to calculate "BasketPerf_i(T)" may be different from the formula used to calculate "BasketPerf_j(T)", when the subscript "i" is different from the subscript "j".

If Redemption by Physical Delivery is specified as applicable in the Final Terms, the Notes will be redeemed by Physical Delivery in accordance with the relevant terms specified in paragraphs "Redemption by Physical Delivery" and "Provisions applicable to Physical Delivery Notes" only if the following conditions are met:

DownsideCondition = 1 and BasketPerf₄(T) < K

Phoenix callable at the option of the Issuer

The Phoenix Callable may pay a conditional or a fixed interest amount on each Payment Date. If applicable, Noteholders may benefit from the Memory Effect, which triggers payment of any previously unpaid interest amounts. The Notes may be redeemed at the option of the Issuer.

On each Valuation Date indexed "t", an interest amount, paid on the Payment Date indexed "t", unless this Valuation Date falls after the exercise by the Issuer of its optional redemption, is calculated in accordance with the following formula:

$$\text{PhoenixCoupon}(t) = \text{Calculation Amount} \times [\text{Coupon}_1(t) + (\text{Coupon}_2(t) - \text{MemoryCoupon}(t)) \times \text{UpsideCondition}(t)]$$

UpsideCondition(t) = 1 if BasketPerf₁(t) ≥ H(t)

= 0 if not

Where:

Coupon₁(t) means an interest rate as specified in the Final Terms.

Coupon₂(t) means an interest rate as specified in the Final Terms.

H(t) means a percentage specified in the Final Terms. If "H(t)" is specified as being Not Applicable, then UpsideCondition(t) = 0 in any event.

BasketPerf₁(t) means a performance of the Selection on the Valuation Date indexed "t", associated, if need be, with an Observation Dates Set. Its value is calculated using one of the formulae listed in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms.

On each Optional Redemption Date, the Issuer may redeem all Notes early upon giving notice to Noteholders of its exercise of this early redemption option within the Notice Period specified in the Final Terms.

In the event of exercise by the Issuer of its optional redemption, the Optional Redemption Amount per Calculation Amount payable on the Optional Redemption Date is equal to:

$$\text{Calculation Amount} \times (100\% + \text{Coupon}_3(t) \times \text{UpsideCondition}_2(t))$$

With:

UpsideCondition₂(t) = 1 if BasketPerf₂(t) ≥ H₂(t)

= 0 if not

Where:

Coupon₃(t) means an interest rate as specified in the Final Terms.

H₂(t) means the percentage specified in the Final Terms. If "H₂(t)" is specified as being **Not Applicable**, then $UpsideCondition_2(t) = 0$ in any event.

BasketPerf₂(t) means a performance of the Selection on the Valuation Date indexed "t", associated, if need be, with an Observation Dates Set. Its value is calculated using one of the formulae listed in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms.

If the Note has never been subject to an Optional Redemption, then the Final Redemption Amount per Calculation Amount is equal to:

$$\text{Calculation Amount} \times [100\% + \text{FinalCoupon} - \text{Vanilla} \times \text{Downside Condition} \times (1 - \text{UpsideCondition}_3)]$$

Where:

$$\text{Vanilla} = G \times \text{Min}(\text{Cap}, \text{Max}((K - \text{BasketPerf}_3(T)), \text{Floor}))$$

DownsideCondition = 1 if BasketPerf₄(T) < B

= 0 if not

And

$$\text{FinalCoupon} = (\text{Coupon}_4 \times (1 - \text{DownsideCondition})) + (\text{Vanilla}_5 \times \text{UpsideCondition}_3)$$

$$\text{Vanilla}_5 = \text{Coupon}_5 + G_5 \times \text{Min}(\text{Cap}_5, \text{Max}((\text{BasketPerf}_5(T) - K_5), \text{Floor}_5))$$

UpsideCondition₃ = 1 if BasketPerf₆(T) ≥ H₃

= 0 if not

where:

Coupon₄ means an interest rate as specified in the Final Terms.

Coupon₅ means an interest rate as specified in the Final Terms.

H₃ means the percentage specified in the Final Terms. If H₃ is specified as being **Not Applicable**, then $UpsideCondition_3 = 0$ in any event.

Notice Period means a number of Business Days as specified in the Final Terms.

G means the percentage specified in the Final Terms.

G₅ means the percentage specified in the Final Terms.

Cap means the percentage specified in the Final Terms.

Cap₅ means the percentage specified in the Final Terms.

Floor means the percentage specified in the Final Terms.

Floor₅ means the percentage specified in the Final Terms.

K means the percentage specified in the Final Terms.

K₅ means the percentage specified in the Final Terms.

B means the percentage specified in the Final Terms. If "B" is specified as being **Not Applicable**, then $DownsideCondition = 1$ in any event.

BasketPerf₃(T), BasketPerf₄(T), BasketPerf₅(T), BasketPerf₆(T) mean performances of the Selection on the last Valuation Date, associated with, if need be, one or several Observation Dates Sets. Each of their respective values is calculated using one of the formulae specified in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms. It should be noted that the formula used to calculate "BasketPerf_i(T)" may be different from the formula used to calculate "BasketPerf_j(T)", when the subscript "i" is different from the subscript "j".

If Redemption by Physical Delivery is specified as applicable in the Final Terms, the Notes will be redeemed by Physical Delivery in accordance with the relevant terms specified in paragraphs "Redemption by Physical Delivery" and "Provisions applicable to Physical Delivery Notes" only if the following conditions are met:

DownsideCondition = 1 and BasketPerf₃ (T) < K

Autocall

Autocall is a product that may be automatically redeemed before the maturity of the Notes if the Performance of the selection is above a threshold. In such case, the Notes are redeemed at par, with any positive interest amount also payable.

The Automatic Early Redemption of the product is triggered on any Valuation Date indexed "t" where:

AutoCallCondition(t) = 1

AutoCallCondition(t) = 1 if BasketPerf₁(t) ≥ R(t)

= 0 if not

where:

R(t) means the percentage specified in the Final Terms. If "R(t)" is specified as being Not Applicable, then AutoCallCondition(t) = 0 in any event.

BasketPerf₁(t) means a performance of the Selection on the Valuation Date indexed "t", associated, if need be, with an Observation Dates Set. Its value is calculated using one of the formulae listed in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms.

In this case, the Automatic Early Redemption Amount per Calculation Amount payable on the Payment Date following immediately the Valuation Date "t" is equal to:

Calculation Amount × (100% + AutoCallCoupon(t))

AutoCallCoupon(t) = Coupon₁(t) + Vanilla₂(t) × UpsideCondition(t)

Vanilla₂(t)

= Coupon₂(t) + G₂(t) × Min(Cap₂(t), Max(BasketPerf₂(t) - K₂(t), Floor₂(t)))

UpsideCondition(t) = 1 if BasketPerf₃(t) ≥ H(t)

= 0 if not

Where:

Coupon₁(t) means an interest rate as specified in the Final Terms.

Coupon₂(t) means an interest rate as specified in the Final Terms.

G₂(t) means the percentage specified in the Final Terms.

Cap₂(t) means the percentage specified in the Final Terms.

Floor₂(t) means the percentage specified in the Final Terms.

K₂(t) means the percentage specified in the Final Terms.

H(t) means the percentage specified in the Final Terms. If "H(t)" is specified as being Not Applicable, then $\text{UpsideCondition}(t) = 0$ in any event.

BasketPerf₂(t), BasketPerf₃(t) means performances of the Selection on the Valuation Date indexed "t", associated, if need be, with an Observation Dates Set. Its value is calculated using one of the formulae listed in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms. It should be noted that the formula used to calculate "BasketPerf_i(t)" may be different from the formula used to calculate "BasketPerf_j(t)", when the subscript "i" is different from the subscript "j".

If the Automatic Early Redemption condition is not satisfied, the Final Redemption Amount per Calculation Amount is equal to:

$$\text{Calculation Amount} \times (100\% + \text{FinalCoupon} - \text{Vanilla} \times \text{DownsideCondition} \times (1 - \text{UpsideCondition}_4))$$

Where:

$$\text{Vanilla} = G \times \text{Min}(\text{Cap}, \text{Max}((K - \text{BasketPerf}_5(T)), \text{Floor}))$$

$$\text{DownsideCondition} = 1 \text{ if } \text{BasketPerf}_6(T) < B$$

$$= 0 \text{ if not}$$

And

FinalCoupon

$$= (\text{Coupon}_3 \times (1 - \text{DownsideCondition})) + (\text{Vanilla}_4 \times \text{UpsideCondition}_4)$$

$$\text{Vanilla}_4 = \text{Coupon}_4 + G_4 \times \text{Min}(\text{Cap}_4, \text{Max}((\text{BasketPerf}_4(T) - K_4), \text{Floor}_4))$$

$$\text{UpsideCondition}_4 = 1 \text{ if } \text{BasketPerf}_7(T) \geq H_4$$

$$= 0 \text{ if not}$$

where:

Coupon₃ means an interest rate as specified in the Final Terms.

Coupon₄ means an interest rate as specified in the Final Terms.

G means the percentage specified in the Final Terms.

G₄ means the percentage specified in the Final Terms.

Cap means the percentage specified in the Final Terms.

Cap₄ means the percentage specified in the Final Terms.

Floor means the percentage specified in the Final Terms.

Floor₄ means the percentage specified in the Final Terms.

K means the percentage specified in the Final Terms.

K₄ means the percentage specified in the Final Terms.

B means the percentage specified in the Final Terms. If "B" is specified as being Not Applicable, then $\text{DownsideCondition} = 1$ in any event.

H₄ means the percentage specified in the Final Terms. If "H₄" is specified as being Not Applicable, then $\text{UpsideCondition}_4 = 0$ in any event.

BasketPerf₃(T), BasketPerf₄(T), BasketPerf₅(T), BasketPerf₆(T), BasketPerf₇(T) mean performances of the Selection on the last Valuation Date, associated with, if need be, one or several Observation Dates Sets. Each of their respective values is calculated using one of the formulae specified in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms. It should be noted that the formula used to calculate "BasketPerf_i(T)" may be different from the formula used to calculate "BasketPerf_j(T)", when the subscript "i" is different from the subscript "j".

If Redemption by Physical Delivery is specified as applicable in the Final Terms, the Notes will be redeemed by Physical Delivery in accordance with the relevant terms specified in paragraphs "Redemption by Physical Delivery" and "Provisions applicable to Physical Delivery Notes" only if the following conditions are met:

$\text{DownsideCondition} = 1$ and $\text{BasketPerf}_5(T) < K$

**Step-down
Autocall**

Step-down Autocall is a product that may be automatically redeemed before the maturity of the Notes if the Performance of the selection is below a threshold. In such case, the Notes are redeemed at par, with any positive interest amount also payable.

The Automatic Early Redemption of the note is triggered on any Valuation Date indexed "t" where:

AutoCallCondition(t) = 1

AutoCallCondition(t) = 1 if BasketPerf₁(t) ≤ R(t)

= 0 if not

where:

R(t) means the percentage specified in the Final Terms.

BasketPerf₁(t) means a performance of the Selection on the Valuation Date indexed "t", associated, if need be, with an Observation Dates Set. Its value is calculated using one of the formulae listed in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms.

In this case, the Automatic Early Redemption Amount per Calculation Amount payable on the Payment Date immediately following the Valuation Date "t" is equal to:

Calculation Amount × (100% + AutoCallCoupon(t))

$\text{AutoCallCoupon}(t) = \text{Coupon}_1(t) + \text{Coupon}_2(t) \times \text{DownsideCondition}(t)$

$\text{DownsideCondition}(t) = 1$ if $\text{BasketPerf}_2(t) \leq H(t)$

= 0 if not

Where:

Coupon₁(t) means an interest rate as specified in the Final Terms.

Coupon₂(t) means an interest rate as specified in the Final Terms.

H(t) means the percentage specified in the Final Terms. If "H(t)" is specified as being Not Applicable, then $\text{DownsideCondition}(t) = 1$ in any event.

BasketPerf₂(t) means a performance of the Selection on the Valuation Date indexed "t", associated, if need be, with an Observation Dates Set. Its value is calculated using one of the formulae listed in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms.

If the Automatic Early Redemption condition is not satisfied, the Final Redemption Amount per Calculation Amount is equal to:

$$\begin{aligned} & \text{Calculation Amount} \times (100\% \\ & + \text{FinalCoupon} \times (1 - \text{UpsideCondition}) - \text{Vanilla} \times \\ & \quad \text{UpsideCondition}) \end{aligned}$$

Where:

$$\text{Vanilla} = G \times \text{Min}(\text{Cap}, \text{Max}((\text{BasketPerf}_3(T) - K), \text{Floor}))$$

$$\text{UpsideCondition} = 1 \text{ if } \text{BasketPerf}_5(T) \geq B$$

$$= 0 \text{ if not}$$

And

$$\text{FinalCoupon} = \text{Coupon}_3 + \text{Vanilla}_4 \times \text{DownsideCondition}_4$$

$$\text{Vanilla}_4 = \text{Coupon}_4 + G_4 \times \text{Min}(\text{Cap}_4, \text{Max}((K_4 - \text{BasketPerf}_4(T)), \text{Floor}_4))$$

$$\text{DownsideCondition}_4 = 1 \text{ if } \text{BasketPerf}_6(T) \leq H_4$$

$$= 0 \text{ if not}$$

where:

Coupon₃ means an interest rate as specified in the Final Terms.

Coupon₄ means an interest rate as specified in the Final Terms.

G means the percentage specified in the Final Terms.

G₄ means the percentage specified in the Final Terms.

Cap means the percentage specified in the Final Terms.

Cap₄ means the percentage specified in the Final Terms.

Floor means the percentage specified in the Final Terms.

Floor₄ means the percentage specified in the Final Terms.

K means the percentage specified in the Final Terms.

K₄ means the percentage specified in the Final Terms.

B means the percentage specified in the Final Terms. If "B" is specified as being Not Applicable, then $\text{UpsideCondition} = 0$ in any event.

H₄ means the percentage specified in the Final Terms. If "H₄" is specified as being Not Applicable, then $\text{DownsideCondition}_4 = 1$ in any event.

BasketPerf₃(T), BasketPerf₄(T), BasketPerf₅(T), BasketPerf₆(T) mean performances of the Selection on the last Valuation Date, associated with, if need be, one or several Observation Dates Sets. Each of their respective values is calculated using one of the formulae specified in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms. It should be noted that the formula used to calculate "BasketPerf_i(T)" may be different from the formula used to calculate "BasketPerf_j(T)", when the subscript "i" is different from the subscript "j".

If Redemption by Physical Delivery is specified as applicable in the Final Terms, the Notes will be redeemed by Physical Delivery in accordance with the relevant terms specified in paragraphs "Redemption by Physical Delivery" and "Provisions applicable to Physical Delivery Notes" only if the following conditions are met:

UpsideCondition = 1 and BasketPerf₃ (T) > K

**Autocall Double
Chance**

Autocall Double Chance is a product that may be automatically redeemed before the maturity of the Notes if one out of two conditions is met. In such case, the Notes are redeemed at par, with any positive interest amount also payable.

The Automatic Early Redemption of the product is triggered on any Valuation Date indexed "t" where:

AutoCallCondition(t) = 1

With:

**AutoCallCondition(t) = 1 if BasketPerf₁(t) ≥ R₁(t) or BasketPerf₂(t) ≥ R₂(t)
= 0 if not**

where:

R₁(t) means the percentage specified in the Final Terms. If "R₁(t)" is specified as being Not Applicable, then

**AutoCallCondition(t) = 1 if BasketPerf₂(t) ≥ R₂(t)
= 0 if not**

R₂(t) means the percentage specified in the Final Terms. If "R₂(t)" is specified as being Not Applicable, then AutoCallCondition(t) = 0 in any event.

BasketPerf₁(t), BasketPerf₂(t) mean performances of the Selection on the Valuation Date indexed "t", associated with, if need be, one or several Observation Dates Sets. Each of their respective values is calculated using one of the formulae specified in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms. It should be noted that the formula used to calculate "BasketPerf_i(t)" may be different from the formula used to calculate "BasketPerf_j(t)", when the subscript "i" is different from the subscript "j".

In this case, the Automatic Early Redemption Amount per Calculation Amount payable on the Payment Date immediately following the Valuation Date "t" is equal to:

Calculation Amount × (100% + AutoCallCoupon(t))

AutoCallCoupon(t) = Coupon₁(t) + Coupon₂(t) × UpsideCondition(t)

UpsideCondition(t) = 1 if BasketPerf₃(t) ≥ H(t)

= **0 if not**

Where:

Coupon₁(t) means an interest rate as specified in the Final Terms.

Coupon₂(t) means an interest rate as specified in the Final Terms.

H(t) means the percentage specified in the Final Terms. If "H(t)" is specified as being Not Applicable, then **UpsideCondition(t)** = 0 in any event.

BasketPerf₃(t) means a performance of the Selection on the Valuation Date indexed "t", associated, if need be, with an Observation Dates Set. Its value is calculated using one of the formulae listed in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms.

If the Automatic Early Redemption condition is not satisfied, the Final Redemption Amount per Calculation Amount is equal to:

Calculation Amount

× (100%
+ **FinalCoupon** × (1 - **DownsideCondition**) - **Vanilla** × **DownsideCondition**)

Where:

Vanilla = **G** × **Min(Cap, Max((K - BasketPerf₄(T)), Floor))**

DownsideCondition = **1 if BasketPerf₅(T) < B**

= **0 if not**

And

FinalCoupon = **Coupon₃ + Vanilla₄ × UpsideCondition₄**

Vanilla₄ = **Coupon₄ + G₄ × Min(Cap₄, Max((BasketPerf₆(T) - K₄), Floor₄))**

UpsideCondition₄ = **1 if BasketPerf₇(T) ≥ H₄**

= **0 if not**

where:

Coupon₃ means an interest rate as specified in the Final Terms.

Coupon₄ means an interest rate as specified in the Final Terms.

G means the percentage specified in the Final Terms.

G₄ means the percentage specified in the Final Terms.

Cap means the percentage specified in the Final Terms.

Cap₄ means the percentage specified in the Final Terms.

Floor means the percentage specified in the Final Terms.

Floor₄ means the percentage specified in the Final Terms.

K means the percentage specified in the Final Terms.

K₄ means the percentage specified in the Final Terms.

B means the percentage specified in the Final Terms. If "B" is specified as being Not Applicable, then $\text{DownsideCondition} = 1$ in any event.

H₄ means the percentage specified in the Final Terms. If "H₄" is specified as being Not Applicable, then $\text{UpsideCondition}_4 = 0$ in any event.

BasketPerf₄(T), BasketPerf₅(T), BasketPerf₆(T), BasketPerf₇(T) mean performances of the Selection on the last Valuation Date, associated with, if need be, one or several Observation Dates Sets. Each of their respective values is calculated using one of the formulae specified in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms. It should be noted that the formula used to calculate "BasketPerf_i(T)" may be different from the formula used to calculate "BasketPerf_j(T)", when the subscript "i" is different from the subscript "j".

If Redemption by Physical Delivery is specified as applicable in the Final Terms, the Notes will be redeemed by Physical Delivery in accordance with the relevant terms specified in paragraphs "Redemption by Physical Delivery" and "Provisions applicable to Physical Delivery Notes" only if the following conditions are met:

$\text{DownsideCondition} = 1$ and $\text{BasketPerf}_4(T) < K$

Autocall Double Condition

Autocall Double Condition is a product that may be automatically redeemed before the maturity of the Notes if two conditions are met. In such case, the Notes are redeemed at par, with any positive interest amount also payable.

The Automatic Early Redemption of the product is triggered on any Valuation Date indexed "t" where:

AutoCallCondition(t) = 1

With:

AutoCallCondition(t) = 1 if $\text{BasketPerf}_1(t) \geq R_1(t)$ and $\text{BasketPerf}_2(t) \geq R_2(t)$

= 0 if not

where:

R₁(t) means the percentage specified in the Final Terms. If "R₁(t)" is specified as being Not Applicable, then $\text{AutoCallCondition}(t) = 0$ in any event.

R₂(t) means the percentage specified in the Final Terms. If "R₂(t)" is specified as being Not Applicable, then $\text{AutoCallCondition}(t) = 0$ in any event.

BasketPerf₁(t), BasketPerf₂(t) means a performance of the Selection of Underlyings on the Valuation Date indexed "t". Its value is calculated using one of the formulae listed in paragraph 1.1 (Common Definitions) above, as specified in the Final Terms.

In this case, the Automatic Early Redemption Amount per Calculation Amount payable on the Payment Date immediately following the Valuation Date "t" is equal to:

Calculation Amount × (100% + AutoCallCoupon(t))

$\text{AutoCallCoupon}(t) = \text{Coupon}_1(t) + \text{Coupon}_2(t) \times \text{UpsideCondition}(t)$

$\text{UpsideCondition}(t) = 1$ if $\text{BasketPerf}_3(t) \geq H(t)$

= 0 if not

Where:

Coupon₁(t) means an interest rate as specified in the Final Terms.

Coupon₂(t) means an interest rate as specified in the Final Terms.

H(t) means the percentage specified in the Final Terms. If "H(t)" is specified as being Not Applicable, then **UpsideCondition(t)** = 0 in any event.

BasketPerf₃(t) means a performance of the Selection on the Valuation Date indexed "t", associated, if need be, with an Observation Dates Set. Its value is calculated using one of the formulae listed in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms.

If the Automatic Early Redemption condition is not satisfied, the Final Redemption Amount per Calculation Amount is equal to:

$$\begin{aligned} & \text{Calculation Amount} \times (100\% \\ & + \text{FinalCoupon} \times (1 - \text{DownsideCondition}) - \text{Vanilla} \times \\ & \quad \text{DownsideCondition} \end{aligned}$$

Where:

$$\text{Vanilla} = G \times \text{Min}(\text{Cap}, \text{Max}((K - \text{BasketPerf}_4(T)), \text{Floor}))$$

$$\text{DownsideCondition} = 1 \text{ if } \text{BasketPerf}_5(T) < B$$

= 0 if not

And

$$\text{FinalCoupon} = \text{Coupon}_3 + \text{Vanilla}_4 \times \text{UpsideCondition}_4$$

$$\text{Vanilla}_4 = \text{Coupon}_4 + G_4 \times \text{Min}(\text{Cap}_4, \text{Max}((\text{BasketPerf}_6(T) - K_4), \text{Floor}_4))$$

$$\text{UpsideCondition}_4 = 1 \text{ if } \text{BasketPerf}_7(T) \geq H_4$$

= 0 if not

where:

Coupon₃ means an interest rate as specified in the Final Terms.

Coupon₄ means an interest rate as specified in the Final Terms.

G means the percentage specified in the Final Terms.

G₄ means the percentage specified in the Final Terms.

Cap means the percentage specified in the Final Terms.

Cap₄ means the percentage specified in the Final Terms.

Floor means the percentage specified in the Final Terms.

Floor₄ means the percentage specified in the Final Terms.

K means the percentage specified in the Final Terms.

K₄ means the percentage specified in the Final Terms.

B means the percentage specified in the Final Terms. If "B" is specified as being Not Applicable, then $\text{DownsideCondition} = 1$ in any event.

H₄ means the percentage specified in the Final Terms. If "H₄" is specified as being Not Applicable, then $\text{UpsideCondition}_4 = 0$ in any event.

BasketPerf₄(T), BasketPerf₅(T), BasketPerf₆(T), BasketPerf₇(T) mean performances of the Selection on the last Valuation Date, associated with, if need be, one or several Observation Dates Sets. Each of their respective values is calculated using one of the formulae specified in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms. It should be noted that the formula used to calculate "BasketPerf_i(T)" may be different from the formula used to calculate "BasketPerf_j(T)", when the subscript "i" is different from the subscript "j".

If Redemption by Physical Delivery is specified as applicable in the Final Terms, the Notes will be redeemed by Physical Delivery in accordance with the relevant terms specified in paragraphs "Redemption by Physical Delivery" and "Provisions applicable to Physical Delivery Notes" only if the following conditions are met:

$\text{DownsideCondition} = 1$ and $\text{BasketPerf}_4(T) < K$

**Convertible
Vanilla**

The Convertible Vanilla pays by default an optional interest amount, the payment of which depends on the final performance of the Selection of Underlyings, unless the Issuer decides to "convert" the product, in which case the Noteholders must give up the optional interest amount in exchange for a fixed or floating rate interest amount.

On each Conversion Date falling in the Conversion Period as defined in the Final Terms, the Issuer may exercise the "Conversion" option. All Holders must be informed in case the Conversion option is exercised with a notice specified in the Final Terms.

In the event of Conversion, a "Catch-up Coupon" is paid on the date of exercise of the Conversion option, in an amount equal to:

Calculation Amount × CatchUpCoupon

where:

"**CatchUpCoupon**" being an interest rate applicable on each Conversion Date, as specified in the Final Terms.

In respect of all Valuation Dates following the date of exercise of the Conversion option, an interest amount, payable on the Payment Date indexed "t", is calculated in accordance with the following formula:

Calculation Amount × ConversionCoupon(t)

where:

ConversionCoupon(t) means an interest rate as specified in the Final Terms.

If the Conversion option is exercised, the Final Redemption Amount per Calculation Amount is equal to:

Calculation Amount × 100%

If the Issuer never exercises the Conversion option, the Final Redemption Amount per Calculation Amount is determined by the Calculation Agent in accordance with the following formula:

$$\text{Calculation Amount} \times (100\% + \text{FinalCoupon} + \text{OptionalCoupon})$$

Where:

FinalCoupon means an interest rate as specified in the Final Terms.

OptionalCoupon is equal to:

$$\mathbf{G} \times \text{Min}(\text{Cap}, \text{Max}(\text{Type} \times (\text{BasketPerf}(\mathbf{T}) - \mathbf{K}), \text{Floor}))$$

where:

G means the percentage specified in the Final Terms.

Cap means the percentage specified in the Final Terms.

Floor means the percentage specified in the Final Terms.

K means the percentage specified in the Final Terms.

Type means a number equal to (-1) or (1), as specified in the Final Terms.

BasketPerf(T) means a performance of the Selection on the last Valuation Date, associated, if need be, with an Observation Dates Set. Its value is calculated using one of the formulae listed in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms.

FMA Vanilla

The FMA Vanilla delivers a final interest amount equal to the arithmetic average of several optional amounts, the value of which being a simple function of the performance of the Selection, subject to a local cap and a local floor.

On each Valuation Date indexed "t", an amount is calculated in accordance with the following formula:

$$\text{Amount}(t) = \mathbf{G}(t) \times \text{Min}(\text{Cap}(t), \text{Max}(\text{Floor}(t), \text{Type} \times (\text{BasketPerf}(t) - \mathbf{K})))$$

On the last Valuation Date, the arithmetic average of the above amounts is calculated in accordance with the following formula:

$$\text{Arithmetic Average} = \frac{1}{\mathbf{T}} \sum_{t=1}^{\mathbf{T}} \text{Amount}(t)$$

where:

Floor(t) means the percentage specified in the Final Terms.

Cap(t) means the percentage specified in the Final Terms.

G(t) means the percentage specified in the Final Terms.

BasketPerf(t) means a performance of the Selection on the Valuation Date indexed "t", associated, if need be, with an Observation Dates Set. Its value is calculated using one of the formulae listed in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms.

T means the number of Valuation Dates.

K means the percentage specified in the Final Terms.

Type means a number equal to (1) or (-1), as specified in the Final Terms.

The Final Redemption Amount per Calculation Amount is determined by the Calculation Agent in accordance with the following formula:

Calculation Amount × (100% + **Arithmetic Average**)

**Escalator
Ladder**

Escalator Ladder allows locking a final interest amount based on the highest level reached by the Selection performance, through a step-by-step mechanism. The Note holder might as well have his capital guaranteed as soon as the Selection performance, observed on a relevant Valuation Date, is greater than a trigger barrier (InitStep).

The "Lockin" effect is triggered if, on any Valuation Date indexed "t", the following condition is established:

BasketPerf₁(t) ≥ InitStep

where:

InitStep means the percentage specified in the Final Terms.

BasketPerf₁(t) means a performance of the Selection on the Valuation Date indexed "t", associated, if need be, with an Observation Dates Set. Its value is calculated using one of the formulae listed in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms.

If the "Lockin" effect is triggered, then the Final Redemption Amount per Calculation Amount is determined by the Calculation Agent in accordance with the following formula:

Calculation Amount × (100% + **G₁** × **Max** (**Floor₁**, **Max** (**Level** – **K₁**, **L** × (**BasketPerf₂(T)** – **K₁**))))

Where:

BasketPerf₂(T) means a performance of the Selection on the last Valuation Date, associated, if need be, with an Observation Dates Set. Its value is calculated using one of the formulae listed in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms.

L means the percentage specified in the Final Terms.

Level means the highest value in the Levels Table which is equal to or less than **BasketPerf₃(T)**.

BasketPerf₃(T) means a performance of the Selection on the last Valuation Date, associated, if need be, with an Observation Dates Set. Its value is calculated using one of the formulae listed in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms.

Levels Table means a list of percentages as specified in the Final Terms.

K₁ means the percentage specified in the Final Terms.

G₁ means the percentage specified in the Final Terms.

Floor₁ means the percentage specified in the Final Terms.

If the "Lockin" effect has never been triggered, then the Final Redemption Amount per Calculation Amount is determined by the Calculation Agent in accordance with the following formula:

Calculation Amount \times (100% + $G_2 \times \text{Max}(\text{Floor}_2, \text{BasketPerf}_4(T) - K_2) - \text{Vanilla} \times \text{Condition}$)

Vanilla = $G_3 \times \text{Min}(\text{Cap}_3, \text{Max}(K_3 - \text{BasketPerf}_5(T), \text{Floor}_3))$

Condition = 1 if $\text{BasketPerf}_6(T) \leq B$

= 0 if not

where:

G₂, G₃ mean the percentages specified in the Final Terms.

Floor₂, Floor₃ mean the percentages specified in the Final Terms.

Cap₃ means the percentage specified in the Final Terms.

K₂, K₃ mean the percentages specified in the Final Terms.

B means the percentage specified in the Final Terms.

BasketPerf₄(T), BasketPerf₅(T), BasketPerf₆(T), mean performances of the Selection on the last Valuation Date, associated with, if need be, one or several Observation Dates Sets. Each of their respective values is calculated using one of the formulae specified in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms. It should be noted that the formula used to calculate "BasketPerf_i(T)" may be different from the formula used to calculate "BasketPerf_j(T)", when the subscript "i" is different from the subscript "j".

If Redemption by Physical Delivery is defined as Applicable in the Final Terms, the Notes will be redeemed by Physical Delivery in accordance with the relevant terms specified in paragraphs "Redemption by Physical Delivery" and "Provisions applicable to Physical Delivery Notes" only if the following conditions are met:

Condition = 1 and $\text{BasketPerf}_5(T) < K_3$

Power Dividends

The product pays an interest amount which is proportional to the progression of the Selection's dividend rate.

On each Valuation Date "t", a Coupon, paid on the Payment Date indexed "t", is determined by the Calculation Agent in accordance with the following formula:

Calculation Amount x Coupon

where:

Coupon means the fixed or variable Coupon, as specified in the Final Terms.

The Final Redemption Amount per Calculation Amount, payable on the Maturity Date is determined by the Calculation Agent in accordance with the following formula:

Calculation Amount \times $\left(100\% + G \times \frac{\text{DividendFuture}(T, \text{Expiry}) - \text{DividendFuture}(0, \text{Expiry})}{(\text{Reference Price})} \right)$

DividendFuture(T, Expiry) means the Price for the Future Contract on dividends of the Underlying maturing at "Expiry", as determined by the Calculation Agent on the Exchange on the last Valuation Date.

DividendFuture(0, Expiry) means the Price for the Future Contract on dividends of the Underlying maturing at "Expiry", as determined by the Calculation Agent on the Exchange on the Initial Valuation Date.

Expiry means a date as specified in the Final Terms.

ReferencePrice means the Price of the Underlying as specified in the Final Terms.

G means a percentage as specified in the Final Terms.

Dividend Select

The product pays a interest amount the value of which is dependent on the Dividend rate of the Underlyings in the Selection. Noteholders may lose some of the capital of their investment if the performance of the Selection is negative at Maturity.

The Final Redemption Amount per Calculation Amount payable on the Maturity Date is determined by the Calculation Agent in accordance with the following formula:

Calculation Amount × (100% + **Coupon** – **Vanilla** × **DownsideCondition**)

$$\text{Coupon} = G_1 \sum_{i=1}^n w^i \times \frac{(\text{Dividend}(i))}{(\text{ReferencePrice}(i))}$$

With:

Vanilla = $G_2 \times \text{Min}(\text{Cap}, \text{Max}((K - \text{PerfBasket}_1(T)), \text{Floor}))$

DownsideCondition = 1 if $\text{BasketPerf}_2(T) < B$

= 0 if not

Where:

w^i means a weighting assigned to Underlying "i" in the Selection, as specified in the Final Terms.

n means the number of Underlyings in the Selection.

Dividend(i) means the sum of any Dividend on the Underlying indexed "i" whose Ex-Dividend Date is comprised into the Dividend Period provided that, if "Extraordinary Dividends Exclusion" is Applicable, any Extraordinary Dividend will be excluded in the calculation of "Dividend(i)".

Extraordinary Dividends Exclusion: is specified as applicable or not applicable in the Final Terms.

G₁ means a percentage as specified in the Final Terms.

G₂ means a percentage as specified in the Final Terms.

Cap means a percentage as specified in the Final Terms.

Floor means a percentage as specified in the Final Terms.

K means a percentage as specified in the Final Terms.

B means a percentage as specified in the Final Terms. If "B" is specified as being Not Applicable, then **DownsideCondition** = 1 in any event.

BasketPerf₁(T), BasketPerf₂(T) mean performances of the Selection on the last Valuation Date, associated with, if need be, one or several Observation Dates Sets. Each of their respective values is calculated using one of the formulae specified in 1.1 (Common

Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms. It should be noted that the formula used to calculate "BasketPerf_i(T)" may be different from the formula used to calculate "BasketPerf_j(T)", when the subscript "i" is different from the subscript "j".

Dividend Yield The product pays an interest amount in an amount proportional to the Selection dividend rate.

On each Valuation Date "t", a Coupon, payable on the Payment Date indexed "t", is determined by the Calculation Agent in accordance with the following formula:

$$\text{Calculation Amount} \times G \times \left(\frac{\text{DividendFuture}(t, \text{Expiry}(t))}{\text{ReferencePrice}} \right)$$

Where:

DividendFuture(t) means the Price of the Future Contract maturing at "Expiry(t)" on dividends of the Underlying, as determined by the Calculation Agent on the Exchange on Valuation Date "t".

ReferencePrice means a number specified in the Final Terms

G means a percentage as specified in the Final Terms.

The Final Redemption Amount per Calculation Amount is determined by the Calculation Agent in accordance with the following formula:

$$\text{Calculation Amount} \times 100\%$$

Individual Cap The Individual Cap pays an interest amount which depends on the weighted average of the Selection's Underlyings Individual Performances, provided each Individual Performance is greater than a lower limit (Floor) and below a higher limit (Cap). Once calculated the weighted average may be subject to a lower limit (Global Floor).

On each Valuation Date indexed "t", an interest amount, paid on the Payment Date indexed "t", is calculated in accordance with the following formula:

$$\text{Coupon}(t) = \text{Calculation Amount} \times \text{CouponRate}(t)$$

With

$$\text{CouponRate}(t) = G(t) \times \text{Max} \left(\text{GlobalFloor}(t), \sum_{i=1}^n \omega^i \times \text{IndivPerfCap}(i, t) - K \right) \text{FX}_t$$

Where:

IndivPerfCap(i,t) means the following formula:

$$\text{IndivPerfCap}(i, t) = \text{Max}(\text{Floor}(t), \text{Min}(\text{Cap}(t), \text{IndivPerf}(i, t)))$$

where:

IndivPerf(i,t) means, in respect of an Underlying indexed "i" in the Selection, the Individual Performance of such Underlying on the Valuation Date indexed "t". Its value is calculated using one of the formulae listed in 1.1 (Common Definitions), with regard to the definition of "Individual Performance", as specified in the Final Terms.

K means the percentage specified in the Final Terms.

G(t) means a percentage specified in the Final Terms.

GlobalFloor(t) means a percentage specified in the Final Terms.

Floor(t) means a percentage specified in the Final Terms.

Cap(t) means a percentage specified in the Final Terms.

ω^i means a weighting assigned to the Underlying indexed "i", as specified in the Final Terms.

FX_t means either: 1) 100% or 2) the ratio: $FX(t)/FX(0)$, as specified in the Final Terms, where **FX(t)** means the value of the Relevant FX as determined by the Calculation Agent on the Valuation Date indexed "t", and **FX(0)** means the value of the Relevant FX as determined by the Calculation Agent on the Strike Date.

Relevant FX means a FX specified in the Final Terms.

If the value of Coupon(t) is negative, no interest amount is paid on the relevant Payment Date.

The Final Redemption Amount per Calculation Amount is equal to:

$$\text{Calculation Amount} \times [100\% + \text{Max}(\text{GlobalFloor}, \text{CouponSum} - \text{MemoryCoupon}(T))]$$

where:

CouponSum means a value calculated in accordance with the following formula:

$$\text{CouponSum} = \sum_{t=1}^T \text{CouponRate}(t)$$

GlobalFloor means a percentage specified in the Final Terms.

Autocallable Individual Cap

The Autocallable Individual Cap pays an interest amount which depends on the weighted average of the Selection's Underlyings Individual Performances, provided each Individual Performance is greater than a lower limit (Floor) and below a higher limit (Cap). The product can be subject to Automatic Early Redemption.

Automatic Early Redemption of the note is triggered on any Valuation Date "t" where $\text{AutoCallCondition}(t) = 1$, with:

$$\begin{aligned} \text{AutoCallCondition}(t) &= 1 \text{ if } \text{BasketPerf}_1(t) \geq R(t) \\ &= 0 \text{ if not} \end{aligned}$$

where:

R(t) means the percentage specified in the Final Terms. If "R(t)" is specified as being Not Applicable, then $\text{AutoCallCondition}(t) = 0$ in any event.

BasketPerf₁(t) means a performance of the Selection on the Valuation Date indexed "t", associated, if need be, with an Observation Dates Set. Its value is calculated using one of the formulae listed in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms.

In this case, the Automatic Early Redemption Amount per Calculation Amount payable on the Payment Date immediately following the Valuation Date "t" is equal to:

$$\text{Calculation Amount} \times (100\% + \text{AutoCallCoupon}(t))$$

$$\text{AutoCallCoupon}(t) = \text{Coupon}_1(t) + \text{Coupon}_2(t) \times \text{UpsideCondition}(t)$$

With

$$\text{UpsideCondition}(t) = 1 \text{ if } \text{BasketPerf}_2(t) \geq H(t)$$

= 0 if not

Where:

Coupon₁(t) means an interest rate as specified in the Final Terms.

Coupon₂(t) means an interest rate as specified in the Final Terms.

H(t) means a percentage specified in the Final Terms. If "H(t)" is specified as being Not Applicable, then UpsideCondition = 0 in any event.

BasketPerf₂(t) means a performance of the Selection on the Valuation Date indexed "t", associated, if need be, with an Observation Dates Set. Its value is calculated using one of the formulae listed in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms.

If the Automatic Early Redemption condition is never satisfied, the Final Redemption Amount per Calculation Amount is equal to:

$$\begin{aligned} & \text{Calculation Amount} \times (100\% \\ & + \text{IndCapCoupon}(T) \times (1 - \text{DownsideCondition}) - \text{Vanilla} \\ & \quad \times \text{DownsideCondition}) \end{aligned}$$

Where:

$$\text{Vanilla} = G_v \times \text{Min}(\text{Cap}_v, \text{Max}((K_v - \text{BasketPerf}_3(T)), \text{Floor}_v))$$

with:

$$\text{DownsideCondition} = 1 \text{ if } \text{BasketPerf}_4(T) < B$$

= 0 if not

and:

G_v means a percentage specified in the Final Terms.

Cap_v means a percentage specified in the Final Terms.

Floor_v means a percentage specified in the Final Terms.

K_v means a percentage specified in the Final Terms.

B means a percentage specified in the Final Terms. If "B" is specified as being Not Applicable, then DownsideCondition = 1 in any event.

BasketPerf₃(T), **BasketPerf₄(T)** mean performances of the Selection on the last Valuation Date, associated with, if need be, one or several Observation Dates Sets. Each of their respective values is calculated using one of the formulae specified in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms. It should be noted that the formula used to calculate "BasketPerf_i(T)" may be different

from the formula used to calculate "BasketPerf_j(T)", when the subscript "i" is different from the subscript "j".

IndCapCoupon (T) means a value calculated in accordance with the following formula:

$$G \times \text{Max} \left(\text{GlobalFloor}, \sum_{i=1}^n \omega^i \times \text{IndivPerfCap}(i, T) - K \right)$$

Where:

IndivPerfCap (i,T) means the following formula:

$$\text{Max} (\text{Floor}, \text{Min}(\text{Cap}, \text{IndivPerf} (i, T)))$$

where:

IndivPerf (i,T) means, in respect of an Underlying indexed "i" in the Selection, the Individual Performance of such Underlying on the last Valuation Date. Its value is calculated using one of the formulae listed in 1.1 (Common Definitions), with regard to the definition of "Individual Performance", as specified in the Final Terms.

G means a percentage specified in the Final Terms.

K means a percentage specified in the Final Terms.

GlobalFloor means a percentage specified in the Final Terms.

Floor means a percentage specified in the Final Terms.

Cap means a percentage specified in the Final Terms.

ω^i means a weighting assigned to the Underlying indexed "i", as specified in the Final Terms.

**Lockin Floor
Individual Cap**

The Lockin Floor Individual Cap pays an interest amount which depends on the weighted average of the Selection's Underlyings Individual Performances, provided each Individual Performance is greater than a lower limit (Floor) and below a higher limit (Cap). A security mechanism sets a minimum value of the interest amount to be paid on each Payment Date.

On each Valuation Date indexed "t", an interest amount, paid on the Payment Date indexed "t", is calculated in accordance with the following formula:

$$\text{Coupon}(t) = \text{Calculation Amount} \times \text{CouponRate}(t)$$

With

$$\begin{aligned} & \text{CouponRate}(t) \\ &= G(t) \times \text{Max} \left(\text{LockInFloor}(t), \sum_{i=1}^n \omega^i \times \text{IndivPerfCap}(i, t) - K \right) \times \text{FX}_t \end{aligned}$$

Where:

IndivPerfCap (i, t) means the following formula:

$$\text{Max}(\text{Floor}(t), \text{Min}(\text{Cap}(t), \text{IndivPerf}(i, t)))$$

LockInFloor(t) is equal to the greater of the "InitialFloor" and the Coupon(t-1). On the first Valuation Date, "LockinFloor (1)" is equal to "InitialFloor".

Where:

IndivPerf(i,t) means, in respect of an Underlying indexed "i" in the Selection, the Individual Performance of such Underlying on the Valuation Date indexed "t". Its value is calculated using one of the formulae listed in 1.1 (Common Definitions), with regard to the definition of "Individual Performance", as specified in the Final Terms.

G(t) means a percentage specified in the Final Terms.

K means a percentage specified in the Final Terms.

InitialFloor means a percentage specified in the Final Terms.

Floor(t) means a percentage specified in the Final Terms.

Cap(t) means a percentage specified in the Final Terms.

ω^i means a weighting assigned to the Underlying indexed "i", as specified in the Final Terms.

FX_t means either: 1) 100% or 2) the ratio: $FX(t)/FX(0)$, as specified in the Final Terms, where **FX(t)** means the value of the Relevant FX as determined by the Calculation Agent on the Valuation Date indexed "t", and **FX(0)** means the value of the Relevant FX as determined by the Calculation Agent on the Strike Date.

Relevant FX means a FX specified in the Final Terms.

If the value of **Coupon(t)** is negative, no interest amount is paid on the relevant Payment Date.

The Final Redemption Amount per Calculation Amount is equal to:

$$\text{Calculation Amount} \times [100\% + \text{Max}(\text{GlobalFloor}, \text{CouponSum} - \text{MemoryCoupon}(T))]$$

where:

CouponSum means a value calculated in accordance with the following formula:

$$\text{CouponSum} = \sum_{t=1}^T \text{CouponRate}(t)$$

GlobalFloor means a percentage specified in the Final Terms.

Cappuccino

The Cappuccino pays an interest amount which depends on the weighted average of the Selection's Underlyings Individual Performances and which is set at a predetermined level ("Cappuccino") as soon as it crosses a barrier.

On each Valuation Date indexed "t", an interest amount, paid on the Payment Date indexed "t", is calculated in accordance with the following formula:

$$\text{Coupon}(t) = \text{Calculation Amount} \times \text{CouponRate}(t)$$

With

$$\text{CouponRate}(t) = G(t) \times \text{Max} \left(\text{GlobalFloor}(t), \sum_{i=1}^n \omega^i \times \text{IndivPerfCappu}(i, t) - K \right) \times \text{FX}_t$$

Where:

$$\text{IndivPerfCappu}(i, t) = \text{Cappuccino}(t) \text{ if } \text{IndivPerf}(i, t) \geq H(t)$$

= **IndivPerf(i, t) if not**

where:

IndivPerf(i,t) means, in respect of an Underlying indexed "i" in the Selection, the Individual Performance of such Underlying on the Valuation Date indexed "t". Its value is calculated using one of the formulae listed in 1.1 (Common Definitions), with regard to the definition of "Individual Performance", as specified in the Final Terms.

G(t) means a percentage specified in the Final Terms.

H(t) means a percentage specified in the Final Terms.

K means a percentage specified in the Final Terms.

GlobalFloor(t) means a percentage specified in the Final Terms.

Cappuccino (t) means a percentage specified in the Final Terms.

ω^i means a weighting assigned to Underlying indexed "i", as specified in the Final Terms.

FX_t means either: 1) 100% or 2) the ratio: $FX(t)/FX(0)$, as specified in the Final Terms, where **FX(t)** means the value of the Relevant FX as determined by the Calculation Agent on the Valuation Date indexed "t", and **FX(0)** means the value of the Relevant FX as determined by the Calculation Agent on the Strike Date.

Relevant FX means a FX specified in the Final Terms.

If the value of Coupon (t) is negative, no interest amount is paid on the relevant Payment Date.

The Final Redemption Amount per Calculation Amount is equal to:

$$\text{Calculation Amount} \times [100\% + \text{Max}(\text{GlobalFloor}, \text{CouponSum} - \text{MemoryCoupon}(T))]$$

where:

CouponSum means a value calculated in accordance with the following formula:

$$\text{CouponSum} = \sum_{t=1}^n \text{CouponRate}(t)$$

GlobalFloor means a percentage specified in the Final Terms.

Lockin Floor Cappuccino

The Lockin Floor Cappuccino pays an interest amount which depends on the weighted average of the Selection's Underlyings Individual Performances, which is set at a predetermined level ("Cappuccino") as soon as it crosses a barrier. A security mechanism sets a minimum value of the interest amount to be paid on each Payment Date.

On each Valuation Date indexed "t", an interest amount, paid on Payment Date indexed "t", is calculated in accordance with the following formula:

$$\text{Coupon}(t) = \text{Calculation Amount} \times \text{CouponRate}(t)$$

With

$$\text{CouponRate}(t) = G(t) \times \text{Max} \left(\text{LockInFloor}(t), \sum_{i=1}^n \omega^i \times \text{IndivPerfCappu}(i, t) - K \right) \times \text{FX}_t$$

Where:

$$\begin{aligned} \text{IndivPerfCappu}(i, t) &= \text{Cappuccino}(t) \text{ if } \text{IndivPerf}(i, t) \geq \text{H}(t) \\ &= \text{IndivPerf}(i, t) \text{ if not} \end{aligned}$$

And

"**LockInFloor(t)**" is equal to the greater of the "InitialFloor" and the Coupon(t-1). On the first Valuation Date, "LockinFloor(1)" is equal to "InitialFloor".

where:

IndivPerf(i,t) means, in respect of an Underlying indexed "i" in the Selection, the Individual Performance of such Underlying on the Valuation Date indexed "t". Its value is calculated using one of the formulae listed in 1.1 (Common Definitions), with regard to the definition of "Individual Performance", as specified in the Final Terms.

G(t) means a percentage specified in the Final Terms.

H(t) means a percentage specified in the Final Terms.

K means a percentage specified in the Final Terms.

InitialFloor means a percentage specified in the Final Terms.

Cappuccino(t) means a percentage specified in the Final Terms.

ω^i means a weighting assigned to Underlying indexed "i", as specified in the Final Terms.

FX_t means either: 1) 100% or 2) the ratio: $\text{FX}(t)/\text{FX}(0)$, as specified in the Final Terms, where **FX(t)** means the value of the Relevant FX as determined by the Calculation Agent on the Valuation Date indexed "t", and **FX(0)** means the value of the Relevant FX as determined by the Calculation Agent on the Strike Date.

Relevant FX means a FX specified in the Final Terms.

If the value of Coupon (t) is negative, no interest amount is paid on the relevant Payment Date.

The Final Redemption Amount per Calculation Amount is equal to:

$$\begin{aligned} &\text{Calculation Amount} \times [100\% \\ &+ \text{Max}(\text{GlobalFloor}, \text{CouponSum} - \text{MemoryCoupon}(T))] \end{aligned}$$

where:

CouponSum means a value calculated in accordance with the following formula:

$$\text{CouponSum} = \sum_{t=1}^n \text{CouponRate}(t)$$

GlobalFloor means a percentage specified in the Final Terms.

Fixed Best

The Fixed Best is designed to pay an interest amount the value of which is linked to the performance of the Selection. The Individual Performance of the best performing

Underlyings (the "nbf" first Underlyings) is set at a predetermined level "F". The Individual Performance of the worst performing Underlying is not altered.

On each Valuation Date indexed "t", an interest amount, paid on the Payment Date indexed "t", is calculated in accordance with the following formula:

$$\text{Coupon}(t) = \text{Calculation Amount} \times \text{CouponRate}(t)$$

With

$$\text{CouponRate}(t) = G(t) \times \text{Max} \left(\text{Floor}(t), \left(\sum_{j=1}^{n-nbf} \omega^j \times \text{RankedIndivPerf}(j, t) \right) + \left(\sum_{j=n-nbf+1}^n \omega^j \times F \right) - K \right) \times FT_t$$

where:

G(t) means the percentage specified in the Final Terms.

Floor(t) means the percentage specified in the Final Terms.

nbf means a whole number between 0 and n as specified in the Final Terms.

If "**nbf**" is specified as being equal to "**n**", then

$$\left(\sum_{j=1}^{n-nbf} \omega^j \times \text{RankedIndivPerf}(j, t) = 0 \right)$$

n means the number of Underlyings in the Selection.

F means a percentage as specified in the Final Terms.

K means a percentage as specified in the Final Terms.

RankedIndivPerf(j,t) means the "j"th lowest determined Individual Performance amongst the Individual Performances of all of the Underlyings in the Selection, calculated by the Calculation Agent on the Valuation Date indexed "t". Each Individual Performance is calculated using one of the formulae listed in 1.1 (Common Definitions), with regard to the definition of "Individual Performance", as specified in the Final Terms.

ω^j means a weighting assigned to the "j"th lowest Individual Performance, as specified in the Final Terms.

FX_t means either: 1) 100% or 2) the ratio: $\text{FX}(t)/\text{FX}(0)$, as specified in the Final Terms, where **FX(t)** means the value of the Relevant FX as determined by the Calculation Agent on the Valuation Date indexed "t", and **FX(0)** means the value of the Relevant FX as determined by the Calculation Agent on the Strike Date.

Relevant FX means a FX specified in the Final Terms.

If the value of the interest amount is negative, no interest amount is paid on the relevant Payment Date.

The Final Redemption Amount per Calculation Amount is equal to:

$$\text{Calculation Amount} \times [100\% + \text{Max}(\text{GlobalFloor}, \text{CouponSum} - \text{MemoryCoupon}(T))]$$

where:

CouponSum means a value calculated in accordance with the following formula:

$$\text{CouponSum} = \sum_{t=1}^n \text{CouponRate}(t)$$

GlobalFloor means a percentage specified in the Final Terms.

Everest

The Everest pays an interest amount of which part is fixed and part is variable and determined on the basis of the performance of the Selection.

On each Valuation Date indexed "t", an interest amount, paid on the Payment Date indexed "t", is calculated in accordance with the following formula:

$$\text{Coupon}(t) = \text{Calculation Amount} \times \text{CouponRate}(t)$$

With

$$\text{CouponRate}(t) = \text{Max}(\text{Floor}(t), Y(t) + G(t) \times (\text{BasketPerf}(t) - K))$$

where:

Floor(t) means a percentage specified in the Final Terms.

G(t) means a percentage specified in the Final Terms.

Y(t) means a percentage specified in the Final Terms.

BasketPerf(t) means a performance of the Selection on the Valuation Date indexed "t", associated, if need be, with an Observation Dates Set. Its value is calculated using one of the formulae listed in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms.

K means the percentage specified in the Final Terms.

If the value of the interest amount is negative, no interest amount is paid on the relevant Payment Date.

The Final Redemption Amount per Calculation Amount is equal to:

$$\text{Calculation Amount} \times [100\% + \text{Max}(\text{GlobalFloor}, \text{CouponSum} - \text{MemoryCoupon}(T))]$$

where:

CouponSum means a value calculated in accordance with the following formula:

$$\text{CouponSum} = \sum_{t=1}^T \text{CouponRate}(t)$$

GlobalFloor means a percentage specified in the Final Terms.

Podium

The podium pays an interest amount the value of which depends on the number of Underlyings in the Selection that satisfy a certain condition.

On each Valuation Date indexed "t", an interest amount, paid on the Payment Date indexed "t", is calculated in accordance with the following formula:

$$\text{Calculation Amount} \times \text{PodiumCoupon}(t)$$

PodiumCoupon (t) means an interest amount the amount of which is determined in accordance with a "Podium Table" specified in the Final Terms.

The Podium Table links an interest amount to the number of Underlyings in the Selection which establish the "Condition": $\text{IndivPerf}(i,t) \leq B(t)$ and $\text{IndivPerf}(i,t) \geq H(t)$

Where:

IndivPerf(i,t) means, in respect of an Underlying indexed "i" in the Selection, the Individual Performance of such Underlying on the Valuation Date indexed "t". Its value is calculated using one of the formulae listed in 1.1 (Common Definitions), with regard to the definition of "Individual Performance", as specified in the Final Terms.

B(t) means a percentage specified in the Final Terms. If "B(t)" is specified as being Not Applicable, then the "Condition" simply becomes:

$$\text{IndivPerf}(i, t) \geq H(t)$$

H(t) means the percentage specified in the Final Terms. If "H(t)" is specified as being Not Applicable, then the "Condition" simply becomes:

$$\text{IndivPerf}(i, t) \leq B(t)$$

Podium Table:

Number of Underlyings for which the PodiumCoupon
"Condition" is fulfilled

1	Coupon(1)
2	Coupon(2)
⋮	⋮
N	Coupon(n)

n means the number of Underlyings in the Selection.

Coupon(k), with k ranging from 1 to n, means percentages specified in the Final Terms.

The Final Redemption Amount per Calculation Amount is equal to:

Calculation Amount × 100%

Best Strategy

The objective of the Best Strategy is to pay the return generated by the most performing Selection in the Set of Selections.

Set of Selections is defined as a list of Selections of Underlyings. The number of Selections included in the "Set of Selections" is labelled "N". Each Selection is assigned an index "j", "j" ranging from 1 to N. The number of Underlyings included in the Selection with the index "j" is labelled " n_j ".

The Final Redemption Amount per Calculation Amount is equal to:

Calculation Amount × (100% + Coupon + OptionalCoupon)

Where:

Coupon means an interest rate as specified in the Final Terms.

OptionalCoupon is equal to:

$$G \times \text{Min}(\text{Cap}, \text{Max}(\text{Type} \times (\text{BestStrategy}(T) - K), \text{Floor}))$$

With

$$\text{Best Strategy}(T) = \max_{1 \leq j \leq N} (\text{BasketPerf}(j, T))$$

where:

G means the percentage specified in the Final Terms.

Cap means the percentage specified in the Final Terms.

Floor means the percentage specified in the Final Terms.

K means the percentage specified in the Final Terms.

Type means a number equal to (-1) or (1), as specified in the Final Terms.

N means number of Selections included in the "Set of Selections"

n_j means the number of Underlyings included in the Selection with the index "j"

BasketPerf(j, t) means in respect of an indexed Selection "j" in the Set of Selections, a performance of the Selection on the Valuation Date indexed "t", associated, if need be, with an Observation Dates Set. Its value is calculated using one of the formulae listed in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms.

Inter-Basket dispersion

The Inter-Basket Dispersion is designed to pay an interest amount which depends on the difference between the performances of two Selections.

Set of Selections is defined as a list of 2 Selections of Underlyings. Each Selection is assigned an index "j", "j" ranging from 1 to 2. The number of Underlyings included in a Selection "j" is labelled " n_j ".

The Final Redemption Amount per Calculation Amount is equal to:

$$\text{Calculation Amount} \times (100\% + \text{Coupon} + \text{OptionalCoupon})$$

Where:

Coupon means an interest rate as specified in the Final Terms.

OptionalCoupon is equal to:

$$G \times \text{Min}(\text{Cap}, \text{Max}(\text{Type} \times (\text{BasketPerf}(1, T) - \text{BasketPerf}(2, T) - K), \text{Floor}))$$

where:

G means a percentage specified in the Final Terms.

Cap means a percentage specified in the Final Terms.

Floor means a percentage specified in the Final Terms.

K means a percentage specified in the Final Terms.

Type means a number equal to (-1) or (1), as specified in the Final Terms.

BasketPerf(1,T), BasketPerf(2,T) means in respect of Selections "1" and "2" in the Set of Selections, a performance of the Selection on the last Valuation Date, associated, if need be, with an Observation Dates Set. Its value is calculated using one of the formulae

listed in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms.

Jupiter

At inception, the structure has an initial level of participation and an initial level of guaranteed interest amount at maturity. At each observation date, the value of the Selection performance is assessed. If the Selection performance is greater than its initial value then the participation is increased by a specified amount and the guaranteed interest amount is reduced by a specified amount. The reverse is true for the case when the Selection performance is lower than its initial level. At maturity, the option pays the maximum of the guaranteed interest amount and the geared Selection performance, floored at zero. On a Valuation Date indexed "t", the "Jupiter Condition" is established if:

$$\text{BasketPerf}_1(t) \geq H \text{ and } \text{BasketPerf}_2(t) \leq B$$

BasketPerf₁(t) and **BasketPerf₂(t)** mean performances of the Selection on the Valuation Date indexed "t", associated with, if need be, one or several Observation Dates Sets. Each of their respective values is calculated using one of the formulae specified in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms. It should be noted that the formula used to calculate "BasketPerf_i(t)" may be different from the formula used to calculate "BasketPerf_j(t)", when the subscript "i" is different from the subscript "j".

H means a percentage specified in the Final Terms. If "H" is specified as being Not Applicable, then the "Jupiter Condition" is established if: $\text{BasketPerf}_2(t) \leq B$

B means a percentage specified in the Final Terms. If "B" is specified as being Not Applicable, then the "Jupiter Condition" is established if: $\text{BasketPerf}_1(t) \geq H$

If on a Valuation Date indexed "t", the "Jupiter Condition" is established, then the Participation is increased by BonusParticipation and the Coupon is decreased by BonusCoupon.

If on a Valuation Date indexed "t", the "Jupiter Condition" is not established, then the "Participation" is decreased by BonusParticipation and the MinCoupon is increased by BonusCoupon.

In any event, the Participation amount cannot be less than MinParticipation nor greater than MaxParticipation. Similarly, the Coupon amount cannot be less than MinCoupon nor greater than MaxCoupon.

BonusParticipation means a percentage specified in the Final Terms.

BonusCoupon means a percentage specified in the Final Terms.

MinParticipation means a percentage specified in the Final Terms.

MaxParticipation means a percentage specified in the Final Terms.

MinCoupon means a percentage specified in the Final Terms.

MaxCoupon means a percentage specified in the Final Terms.

If MaxParticipation is specified as being Not Applicable, then no upper limit shall apply to the "Participation" amount. Similarly, if MaxCoupon is specified as being Not Applicable, then no upper limit shall apply to the "Participation" amount.

The initial value (values on the Reference Date) for "Participation" and "Coupon" are also percentages specified in the Final Terms.

The Final Redemption Amount per Calculation Amount is determined by the Calculation Agent in accordance with the following formula:

$$\text{Calculation Amount} \times (100\% + \text{Max}(\text{Coupon}, \text{Participation} \times (\text{BasketPerf}_3(T) - K)))$$

where:

K means a percentage specified in the Final Terms.

BasketPerf₃(T) means a performance of the Selection on the last Valuation Date, associated, if need be, with an Observation Dates Set. Its value is calculated using one of the formulae listed in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms.

Mercury

Each time the Mercury Condition is satisfied, an amount is recorded and added up to the previous, if any, recorded amounts. At Redemption Date, the Note delivers an optional pay-out based on the Selection performance, from which the sum of all recorded amounts is subtracted.

On each Valuation Date indexed "t", the "Mercury Condition" is established if:

$$\text{BasketPerf}_1(t) \geq H \text{ and } \text{BasketPerf}_2(t) \leq B$$

BasketPerf₁(t) and **BasketPerf₂(t)** mean performances of the Selection on the Valuation Date indexed "t", associated with, if need be, one or several Observation Dates Sets. Each of their respective values is calculated using one of the formulae specified in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms. It should be noted that the formula used to calculate "BasketPerf_i(t)" may be different from the formula used to calculate "BasketPerf_j(t)", when the subscript "i" is different from the subscript "j".

H means a percentage specified in the Final Terms. If "H" is specified as being Not Applicable, then the "Mercury Condition" is established if: $\text{BasketPerf}_2(t) \leq B$

B means a percentage specified in the Final Terms. If "B" is specified as being Not Applicable, then the "Mercury Condition" is established if: $\text{BasketPerf}_1(t) \geq H$

If, on a Valuation Date indexed "t", the Mercury Condition is established, then "Coupon(t)" is recorded where Coupon(t) is a percentage as specified in the Final Terms.

The Final Redemption Amount per Calculation Amount is determined by the Calculation Agent in accordance with the following formula:

$$\text{Calculation Amount} \times (100\% + G \times \text{Max}(\text{Floor}, \text{Min}(\text{Cap}, \text{BasketPerf}_3(T) - K - \text{RecordedCouponsSum})))$$

G means a percentage specified in the Final Terms.

Cap means a percentage specified in the Final Terms.

Floor means a percentage specified in the Final Terms.

K means a percentage specified in the Final Terms.

BasketPerf₃(T) means a performance of the Selection on the last Valuation Date, associated, if need be, with an Observation Dates Set. Its value is calculated using one of the formulae listed in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms.

RecordedCouponsSum means the sum of all recorded Coupon(t).

Palladium

The Palladium allows an exposure to the dispersion between the components of the Selection of Underlyings. The product delivers an interest amount the value of which is greater the greater the dispersion of the Individual Performances of the Underlyings from the performance of the Selection.

On each Valuation Date indexed "t", an interest amount, paid on the Payment Date indexed "t", is calculated in accordance with the following formula:

Coupon(t) = Calculation Amount × CouponRate(t)

With

$$\text{CouponRate}(t) = G(t) \times \text{Max} \left(\text{GlobalFloor}(t), \sum_{i=1}^n \omega^i \times \text{Abs}(\text{IndivPerf}(i, t) - \text{BasketPerf}(t)) - K(t) \right)$$

where:

IndivPerf(i, t) means, in respect of an Underlying indexed "i" in the Selection, the Individual Performance of such Underlying on the Valuation Date indexed "t". Its value is calculated using one of the formulae listed in 1.1 (Common Definitions), with regard to the definition of "Individual Performance", as specified in the Final Terms.

G(t) means a percentage specified in the Final Terms.

K(t) means a percentage specified in the Final Terms.

GlobalFloor(t) means a percentage specified in the Final Terms.

BasketPerf(t), means a performance of the Selection on the Valuation Date indexed "t", associated, if need be, with an Observation Dates Set. Its value is calculated using one of the formulae listed in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms.

ω^i means a weighting assigned to the Underlying indexed "i", as specified in the Final Terms.

n means the number of Underlyings in the Selection

The Final Redemption Amount per Calculation Amount is equal to:

Calculation Amount × 100%

Venus

Each time the Venus Condition is satisfied, an amount is recorded and added up to the previous, if any, recorded amounts. At Redemption Date, the Note delivers the best of an optional pay-out based on the Selection performance, and the sum of all recorded amounts. On each Valuation Date indexed "t", the "Venus Condition" is established if:

$\text{BasketPerf}_1(t) \geq H$ and $\text{BasketPerf}_2(t) \leq B$

BasketPerf₁(t) and **BasketPerf₂(t)** mean performances of the Selection on the Valuation Date indexed "t", associated with, if need be, one or several Observation Dates Sets. Each of their respective values is calculated using one of the formulae specified in 1.1 (Common

Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms. It should be noted that the formula used to calculate "BasketPerf_i(t)" may be different from the formula used to calculate "BasketPerf_j(t)", when the subscript "i" is different from the subscript "j".

H means a percentage specified in the Final Terms. If "H" is specified as being Not Applicable, then the "Venus Condition" is established if: $\text{BasketPerf}_2(t) \leq B$

B means a percentage specified in the Final Terms. If "B" is specified as being Not Applicable, then the "Venus Condition" is established if: $\text{BasketPerf}_1(t) \geq H$

If, on a Valuation Date indexed "t", the Venus Condition is established, then "Coupon(t)" is recorded where Coupon(t) is a percentage as specified in the Final Terms.

The Final Redemption Amount per Calculation Amount is determined by the Calculation Agent in accordance with the following formula:

Calculation Amount

$$\times (100\% + G \times \text{Max}(\text{Floor}, \text{BasketPerf}_3(T) - K, \text{RecordedCouponsSum}))$$

where:

G means a percentage specified in the Final Terms.

Floor means a percentage specified in the Final Terms.

K means a percentage specified in the Final Terms.

BasketPerf₃(T) means a performance of the Selection on the last Valuation Date, associated, if need be, with an Observation Dates Set. Its value is calculated using one of the formulae listed in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms.

RecordedCouponsSum means the sum of all recorded Coupon(t).

Dispersion

The Dispersion pays an interest amount representing the variance of the set of weighted Individual Performances, with respect to all Underlyings in the Selection.

On each Valuation Date indexed "t", an interest amount, paid on the Payment Date indexed "t", is calculated in accordance with the following formula:

$$\text{Coupon}(t) = \text{Calculation Amount} \times \text{CouponRate}(t)$$

With

$$\text{CouponRate}(t) = G(t) \times \text{Max}\left(\text{Floor}(t), \sum_{i=1}^n \omega^i \times (\text{IndivPerf}(i, t) - \text{BasketPerf}(t)) \times (\text{IndivPerf}(i, t) - \text{BasketPerf}(t)) - K(t)\right)$$

If the value of Coupon(t) is negative, no interest amount is paid on the relevant Payment Date.

where:

Floor(t) means a percentage specified in the Final Terms.

G(t) means a percentage specified in the Final Terms.

K(t) means the percentage specified in the Final Terms.

BasketPerf(t) means a performance of the Selection on the Valuation Date indexed "t", associated, if need be, with an Observation Dates Set. Its value is calculated using one of

the formulae listed in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms.

IndivPerf(i,t) means, in respect of an Underlying indexed "i" in the Selection, the Individual Performance of such Underlying on the Valuation Date indexed "t". Its value is calculated using one of the formulae listed in 1.1 (Common Definitions), with regard to the definition of "Individual Performance", as specified in the Final Terms.

ω^i means a weighting assigned to the Underlying indexed "i", as specified in the Final Terms.

The Final Redemption Amount per Calculation Amount is equal to:

$$\text{Calculation Amount} \times [100\% + \text{Max}(\text{GlobalFloor}, \text{CouponSum} - \text{MemoryCoupon}(T))]$$

where:

CouponSum means a value calculated in accordance with the following formula:

$$\text{CouponSum} = \sum_{t=1}^T \text{CouponRate}(t)$$

GlobalFloor means a percentage specified in the Final Terms.

Altiplano

Altiplano pays an interest amount provided that the number of Underlyings in the Selection satisfying the Coupon Condition does not exceed a certain threshold.

On each Valuation Date indexed "t", an interest amount, paid on the Payment Date indexed "t", is calculated in accordance with the following formula:

$$\text{Coupon}(t) = \text{Calculation Amount} \times \text{CouponRate}(t)$$

Where CouponRate(t) is calculated in accordance with the following formula:

If on Valuation Date indexed "t", the "Altiplano Condition(t)" is established then:

$$\text{CouponRate}(t) = \text{Max} \left(\text{CouponFloor}(t), C(t) + G(t) \times \text{Min} \left(\text{Cap}(t), \text{Max}(\text{BasketPerf}(t) - K(t), \text{Floor}(t)) \right) \right)$$

If on Valuation Date indexed "t", the "Altiplano Condition(t)" is not established then:

$$\text{CouponRate}(t) = \text{CouponFloor}(t)$$

The "Altiplano Condition(t)" is established on Valuation Date indexed "t" if "N" Underlyings or less than "N" Underlyings fulfil the "Individual Altiplano Condition(i)".

On each Valuation Date indexed "t", the "Individual Altiplano Condition(i)" is established for the Underlying "i" remaining in the Selection if:

$$\text{IndivPerf}(i, t) \geq H \text{ and } \text{IndivPerf}(i, t) \leq B$$

H means a percentage specified in the Final Terms. If "H" is specified as being Not Applicable, then the "Individual Altiplano Condition(i)" is established if: $\text{IndivPerf}(i,t) \leq B$

B means a percentage specified in the Final Terms. If "B" is specified as being Not Applicable, then the "Individual Altiplano Condition(i)" is established if: $\text{IndivPerf}(i,t) \geq H$

On each Valuation Date indexed "t", each Underlying indexed "i" whose Individual Performance is one of the L lowest or M highest Individual Performances are removed from the Selection for the purpose of calculating all subsequent interest amounts and conditions.

where:

C(t) means an interest rate as specified in the Final Terms.

N, L and **M** mean whole numbers, as specified in the Final Terms.

G(t) means a percentage specified in the Final Terms.

Cap(t) means a percentage specified in the Final Terms.

Floor(t) means a percentage specified in the Final Terms.

K(t) means a percentage specified in the Final Terms.

BasketPerf(t) means a performance of the Selection on the Valuation Date indexed "t", associated, if need be, with an Observation Dates Set. Its value is calculated using one of the formulae listed in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms; for the avoidance of doubt, the Underlyings removed from the Selection on a previous Valuation Date are not used and are not treated as part of the Selection for the purpose of calculating this Performance.

IndivPerf(i,t) means, in respect of an Underlying indexed "i" in the Selection, the Individual Performance of such Underlying on the Valuation Date indexed "t". Its value is calculated using one of the formulae listed in 1.1 (Common Definitions), with regard to the definition of "Individual Performance", as specified in the Final Terms.

CouponFloor(t) means a percentage specified in the Final Terms.

If the value of Coupon (t) is negative, no interest amount is paid on the relevant Payment Date.

The Final Redemption Amount per Calculation Amount is equal to:

Calculation Amount

× [100% + Max (GlobalFloor, CouponSum - MemoryCoupon(T))]

where:

CouponSum means a value calculated in accordance with the following formula:

$$\text{CouponSum} = \sum_{t=1}^T \text{CouponRate}(t)$$

GlobalFloor means a percentage specified in the Final Terms

Individual Cap Ladder

The Individual Cap Ladder pays an interest amount which depends on the weighted average of the Selection's Underlyings Individual Performances provided such Individual Performance is above a lower limit (Floor) and below a high limit (Cap). A security mechanism sets a minimum value of the interest amount to be paid on each Payment Date.

On each Valuation Date indexed "t", an interest amount, paid on the Payment Date indexed "t", is calculated in accordance with the following formula:

$$\text{Coupon}(t) = \text{Calculation Amount} \times \text{CouponRate}(t)$$

With

$$\text{CouponRate}(t) = G(t) \times \text{Max} \left(\text{GlobalFloor}(t), \text{Ladder}(t), \sum_{i=1}^n \omega^i \times (\text{IndivPerfCap}(i, t)) - K \right)$$

with:

IndivPerfCap(i,t) means the following formula:

$$\text{IndivPerfCap}(i, t) = \text{Max} \left(\text{Floor}(t), \text{Min}(\text{Cap}(t), \text{IndivPerf}(i, t)) \right)$$

where:

IndivPerf(i,t) means, in respect of an Underlying indexed "i" in the Selection, the Individual Performance of such Underlying on the Valuation Date indexed "t". Its value is calculated using one of the formulae listed in 1.1 (Common Definitions), with regard to the definition of "Individual Performance", as specified in the Final Terms.

G(t) means a percentage specified in the Final Terms.

K means a percentage specified in the Final Terms.

GlobalFloor(t) means a percentage specified in the Final Terms.

Floor(t) means a percentage specified in the Final Terms.

Cap(t) means a percentage specified in the Final Terms.

ω^i means a weighting assigned to the Underlying indexed "i", as specified in the Final Terms.

Ladder(t) means the following formula:

$$\text{Ladder}(t) = \text{Max}(\text{Ladder}(t-1), P \times \text{RoundedCouponRate}(t-1))$$

On the first Valuation Date, **Ladder(1)** is equal a percentage specified in the Final Terms.

RoundedCouponRate(t-1) is equal to **CouponRate(t-1)** rounded down to the nearest multiple of X% with a maximum of Y%.

Where:

X% means a percentage specified in the Final Terms.

Y% means a percentage specified in the Final Terms.

P means a percentage specified in the Final Terms.

If the value of **Coupon(t)** is negative, no interest amount is paid on the relevant Payment Date.

The Final Redemption Amount per Calculation Amount is equal to:

$$\text{Calculation Amount} \times [100\% + \text{Max}(\text{GlobalFloor}, \text{CouponSum} - \text{MemoryCoupon}(T))]$$

where:

CouponSum means a value calculated in accordance with the following formula:

$$\text{CouponSum} = \sum_{t=1}^T \text{CouponRate}(t)$$

GlobalFloor means a percentage specified in the Final Terms.

**Crystallising
Vanilla**

The Crystallising Vanilla includes a crystallisation mechanism which freezes the Individual Performance of the Underlyings according to their ranking (the lowest and/or the highest). An interest amount is then calculated on the basis of the crystallised and non-crystallised Performances.

On each Valuation Date indexed "t", **Crystallised BasketPerf(t)** is calculated in accordance with the following formula:

$$\text{CrystallisedBasketPerf}(t) = \frac{1}{n} \sum_{i=1}^n \text{ActiveIndivPerf}(i, t)$$

Where:

ActiveIndivPerf(i, t) = CrystallisedIndivPerf(i) if the Underlying "i" has been Crystallised
= IndivPerf(i, t) if not

where:

L means a whole number as specified in the Final Terms.

M means a whole number as specified in the Final Terms.

Crystallised means a state of the Underlying which is established if on a previous Valuation Date "t", the Individual Performance of such Underlying "i" was one of the "L" lowest or "M" highest performances of the Selection composed of Underlyings as yet un-Crystallised on such Valuation Date "t"; for the avoidance of doubt, Underlyings thus Crystallised are ignored in determining the highest and lowest Individual Performances on Valuation Dates subsequent to Valuation Date "t".

CrystallisedIndivPerf(i) means the Individual Performance of Underlying indexed "i" on Observation Date "t" when such Underlying has been Crystallised, and 100% if the Underlying "i" has never been Crystallised.

n means the number of Underlyings in the Selection.

IndivPerf(i,t) means, in respect of an Underlying indexed "i" in the Selection, the Individual Performance of such Underlying on the Valuation Date indexed "t". Its value is calculated using one of the formulae listed in 1.1 (Common Definitions), with regard to the definition of "Individual Performance", as specified in the Final Terms.

The Final Redemption Amount per Calculation Amount is determined by the Calculation Agent in accordance with the following formula:

$$\text{Calculation Amount} \times (100\% + \text{Coupon} + \text{OptionalCoupon})$$

Where:

Coupon means an interest rate as specified in the Final Terms.

OptionalCoupon is equal to:

$$G \times \text{Min}(\text{Cap}, \text{Max}(\text{Type} \times (\text{FinalCrystallisedBasketPerf} - K), \text{Floor}))$$

Where:

$$\text{FinalCrystallisedBasketPerf} = \sum_{t=T-p+1}^T \left[\frac{1}{p} \times \text{CrystallisedBasketPerf}(t) \right]$$

where:

G means the percentage specified in the Final Terms.

p means a whole number, as specified in the Final Terms.

T means the number of Valuation Dates.

Cap means the percentage specified in the Final Terms.

Floor means the percentage specified in the Final Terms.

K means the percentage specified in the Final Terms.

Type means a number equal to (-1) or (1), as specified in the Final Terms.

**Melting
Autocall**

The Melting Autocall includes a melting mechanism which removes the Underlyings from the Selection according to their ranking (the lowest and/or the highest). The Early Redemption and the Final Redemption Amounts are calculated using only the Performance of Underlyings left in the Selection.

On each Valuation Date indexed "t", the Underlyings whose Individual Performance $\text{IndivPerf}(i,t)$ is amongst the L lowest Individual Performances or M highest Individual Performances are removed from the Selection for the purpose of calculating all subsequent interest amounts, early redemptions and conditions.

Where:

L and **M** mean whole numbers, as specified in the Final Terms.

IndivPerf(i,t) means, in respect of an Underlying indexed "i" in the Selection, the Individual Performance of such Underlying on the Valuation Date indexed "t". Its value is calculated using one of the formulae listed in 1.1 (Common Definitions), with regard to the definition of "Individual Performance", as specified in the Final Terms.

Automatic Early Redemption of the note is triggered on any Valuation Date indexed "t" where $\text{CallCondition}(t) = 1$

With:

$$\text{CallCondition}(t) = 1 \text{ if } \text{BasketPerf}_1(t) \geq R(t)$$

= 0 if not

where:

R(t) means the percentage specified in the Final Terms. If "R(t)" is specified as being Not Applicable, then $\text{CallCondition}(t) = 0$ in any event.

BasketPerf₁(t) means a performance of the Selection on the Valuation Date indexed "t", associated, if need be, with an Observation Dates Set. Its value is calculated using one of the formulae listed in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms; for the avoidance of doubt, Underlyings

removed from the Selection on a previous Valuation Date are not used and are not treated as part of the Selection for the purpose of calculating this Performance.

In this case, the Automatic Early Redemption Amount per Calculation Amount payable on the Payment Date immediately following the Valuation Date "t" is equal to:

$$\text{Calculation Amount} \times (100\% + \text{Coupon}(t) \times \text{UpsideCondition}(t))$$

$$\text{UpsideCondition}(t) = 1 \text{ if } \text{BasketPerf}_2(t) \geq H(t)$$

= 0 if not

Where:

Coupon (t) means an interest rate as specified in the Final Terms.

H(t) means the percentage specified in the Final Terms. If H(t) is specified as being Not Applicable, then UpsideCondition(t) = 0 in any event.

BasketPerf₂ (t) means a performance of the Selection on the Valuation Date indexed "t", associated, if need be, with an Observation Dates Set. Its value is calculated using one of the formulae listed in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms; for the avoidance of doubt, Underlyings removed from the Selection on a previous Valuation Date are not used and are not treated as part of the Selection for the purpose of calculating this Performance.

If the Automatic Early Redemption condition is never satisfied, the Final Redemption Amount per Calculation Amount is equal to:

$$\text{Calculation Amount} \times (100\% - \text{Vanilla} \times \text{DownsideCondition})$$

Where:

$$\text{Vanilla} = G \times \text{Min}(\text{Cap}, \text{Max}((K - \text{BasketPerf}_3(T)), \text{Floor}))$$

And

$$\text{DownsideCondition} = 1 \text{ if } \text{BasketPerf}_4(T) < B$$

= 0 if not

where:

G means a percentage specified in the Final Terms.

Cap means a percentage specified in the Final Terms.

Floor means a percentage specified in the Final Terms.

K means a percentage specified in the Final Terms.

B means a percentage specified in the Final Terms. If "B" is specified as being Not Applicable, then DownsideCondition = 1 in any event.

BasketPerf₃ (T), BasketPerf₄ (T) mean performances of the Selection on the last Valuation Date, associated with, if need be, one or several Observation Dates Sets. Each of their respective values is calculated using one of the formulae specified in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms. It should be noted that the formula used to calculate "BasketPerf_i(T)" may be different from the formula used to calculate "BasketPerf_j(T)", when the subscript "i" is different

from the subscript "j"; for the avoidance of doubt, Underlyings removed from the Selection on a previous Valuation Date are not used and are not treated as part of the Selection for the purpose of calculating these Performances.

If Redemption by Physical Delivery is specified as applicable in the Final Terms, the Notes will be redeemed by Physical Delivery in accordance with the relevant terms specified in paragraphs "Redemption by Physical Delivery" and "Provisions applicable to Physical Delivery Notes" only if the following conditions are met:

DownsideCondition = 1 and $\text{BasketPerf}_3(T) < K$

**Long
Contingent
Forward**

Long Contingent Forward programme consists in purchasing a regular amount of shares as long as the Selection performance (or equivalently its price level) is not too high. The total amount of purchased shares is delivered against payment of a known fixed price for each share. The Final Redemption Amount per Calculation Amount is equal to:

Calculation Amount $\times [100\% + Q \times (\text{BasketPerf}(T) - P)]$

where:

P means a percentage specified in the Final Terms.

Q means a cumulated quantity of underlyings bought on each Valuation Dates and calculated in accordance with the following formula:

$$Q = \text{Min} \left[\sum_{t=1}^T [q_{\text{min}}(t) + (q_{\text{max}}(t) - q_{\text{min}}(t)) \times \text{Condition}(t)], Q_{\text{max}} \right]$$

with:

$$\text{Condition}(t) = 1 \text{ if } \text{BasketPerf}(t) \leq H(t)$$

= 0 if not

and

BasketPerf(t) means a performance of the Selection on the Valuation Date indexed "t", associated, if need be, with an Observation Dates Set. Its value is calculated using one of the formulae listed in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms.

Q_{max} means a number specified in the Final Terms.

q_{min}(t) means a number specified in the Final Terms

q_{max}(t) means a number specified in the Final Terms.

H(t) means the percentage specified in the Final Terms. If "H(t)" is specified as being Not Applicable, then $\text{CallCondition}(t) = 0$ in any event.

**Short
Contingent
Forward**

Short Contingent Forward programme consists in selling a regular amount of shares as long as the Selection performance (or equivalently its price level) is not too low. The proceeds of the sale are calculated as if each share has been sold at a known fixed price. This cash amount is paid at the Redemption Date against the delivery of the exact amount of sold shares. The Final Redemption Amount per Calculation Amount is equal to:

$$\text{Calculation Amount} \times [100\% + Q \times (P - \text{BasketPerf}(T))]$$

where:

P means a percentage specified in the Final Terms.

Q means a cumulated quantity of underlyings bought on each Valuation Dates and calculated in accordance with the following formula:

$$Q = \text{Min} \left[\sum_{t=1}^T [q_{\min}(t) + (q_{\max}(t) - q_{\min}(t)) \times \text{Condition}(t)], Q_{\max} \right]$$

with:

$$\text{Condition}(t) = 1 \text{ if } \text{BasketPerf}(t) \geq H(t)$$

= 0 if not

and

BasketPerf(t) means a performance of the Selection on the Valuation Date indexed "t", associated, if need be, with an Observation Dates Set. Its value is calculated using one of the formulae listed in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms.

Q_{max} means a number specified in the Final Terms.

q_{min}(t) means a number specified in the Final Terms

q_{max}(t) means a number specified in the Final Terms.

H(t) means the percentage specified in the Final Terms. If "H(t)" is specified as being Not Applicable, then CallCondition(t) = 0 in any event.

ECLA

The ECLA is a generic product which pays a conditional interest amount linked to the performance of the Selection. Its final redemption amount follows one of CLN (long only Reference Entity(ies) with European Settlement, with either a fixed or market recovery upon the occurrence of a Credit Event.

On each indexed Valuation Date "t", an interest amount, paid on the Payment Date indexed "t", is calculated in accordance with the following formula:

$$\text{Coupon}(t) = \text{Calculation Amount} \times \text{CouponRate}(t)$$

If Lockin Condition(t) = 1, then:

$$\text{CouponRate}(t) = \text{LockinCoupon}(t)$$

If Lockin Condition(t) = 0, then:

$$\text{CouponRate}(t) = \text{NonLockinCoupon}(t)$$

with:

$$\text{NonLockinCoupon}(t) = ([\text{Vanilla}_1(t) \times \text{Condition}_1(t)] + [\text{Vanilla}_2(t) \times \text{Condition}_2(t)] + [\text{Vanilla}_3(t) \times \text{Condition}_3(t)] - \text{MemoryCoupon}(t) \times \text{MemoryCondition}(t))$$

And

$$\text{LockinCoupon}(t) = \text{Vanilla}_4(t)$$

$$\text{Vanilla}_1(t) = \text{Coupon}_1(t) + G_1(t) \times \text{Min} \left(\text{Cap}_1(t), \text{Max} \left(\text{Type}_1(t) \times (\text{BasketPerf}_1(t) - K_1(t)), \text{Floor}_1(t) \right) \right)$$

Additional Terms and Conditions of the Notes

$$\text{Vanilla}_2(t) = \text{Coupon}_2(t) + G_2(t) \times \text{Min} \left(\text{Cap}_2(t), \text{Max} \left(\text{Type}_2(t) \times (\text{BasketPerf}_2(t) - K_2(t)), \text{Floor}_1(t) \right) \right)$$

$$= \text{Coupon}_3(t) + G_3(t) \times \text{Min} \left(\text{Cap}_3(t), \text{Max} \left(\text{Type}_3(t) \times (\text{BasketPerf}_3(t) - K_3(t)), \text{Floor}_1(t) \right) \right)$$

$$= \text{Coupon}_4(t) + G_4(t) \times \text{Min} \left(\text{Cap}_4(t), \text{Max} \left(\text{Type}_4(t) \times (\text{PerfPanier}_4(t) - K_4(t)), \text{Floor}_1(t) \right) \right)$$

The value of each Condition is determined as follows:

$$\text{Condition}_1(t) = 1 \text{ if } \text{BasketPerf}_5(t) \geq H(t)$$

= 0 if not

$$\text{Condition}_2(t) = 1 \text{ if } \text{BasketPerf}_6(t) \leq B(t)$$

= 0 if not

$$\text{Condition}_3(t) = 1 \text{ if "BasketPerf}_7(t) \geq D_1(t) \text{ and } \text{BasketPerf}_8(t) \leq D_2(t)"$$

= 0 if not

$$\text{LockinCondition}(t) = 1 \text{ if } \text{BasketPerf}_9(t) \geq L(t)$$

= 0 if not

$$\text{MemoryCondition}(t) = 1 \text{ if } \text{Condition}_1(t) = 1 \text{ or } \text{Condition}_2(t) = 1 \text{ or } \text{Condition}_3(t) = 1$$

= 0 if not

where:

Coupon₁(t), Coupon₂(t), Coupon₃(t), Coupon₄(t) means interest rates as specified in the Final Terms.

G₁(t), G₂(t), G₃(t), G₄(t) means percentages specified in the Final Terms.

Cap₁(t), Cap₂(t), Cap₃(t), Cap₄(t) means percentages specified in the Final Terms.

Floor₁(t), Floor₂(t), Floor₃(t), Floor₄(t) means percentages specified in the Final Terms.

K₁(t), K₂(t), K₃(t), K₄(t) means percentages specified in the Final Terms.

Type₁(t), Type₂(t), Type₃(t), Type₄(t) means numbers equal to (-1) or (1), as specified in the Final Terms.

H(t) means the percentage specified in the Final Terms. If H(t) is specified as being Not Applicable, then Condition₁(t) = 0 in any event.

B(t) means a percentage specified in the Final Terms. If "B(t)" is specified as being Not Applicable, then Condition₂(t) = 1 in any event.

D₁(t) means the percentage specified in the Final Terms. If "D₁(t)" is specified as being Not Applicable, then:

$$\text{Condition}_3(t) = 1 \text{ if } \text{BasketPerf}_8(t) \leq D_2(t)$$

= 0 if not

D₂(t) means a percentage specified in the Final Terms. If D₂(t) is specified as being Not Applicable, then:

$$\text{Condition}_3(t) = 1 \text{ if } \text{BasketPerf}_7(t) \geq D_1(t)$$

= 0 if not

If both "D₁(t)" and "D₂(t)" are specified as being Not Applicable then Condition₃(t) = 0 in any event.

L(t) means a percentage specified in the Final Terms. If L(t) is specified as being Not Applicable, then LockinCondition(t) = 0 in any event.

BasketPerf₁(t), BasketPerf₂(t), BasketPerf₃(t), BasketPerf₄(t), BasketPerf₅(t), BasketPerf₆(t), BasketPerf₇(t), BasketPerf₈(t), BasketPerf₉(t) mean performances of the Selection on the Valuation Date indexed "t", associated with, if need be, one or several Observation Dates Sets. Each of their respective values is calculated using one of the formulae specified in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms. It should be noted that the formula used to calculate "BasketPerf_i(t)" may be different from the formula used to calculate "BasketPerf_j(t)", when the subscript "i" is different from the subscript "j".

If the value of Coupon(t) is negative, no interest amount is paid on the relevant Payment Date.

Final Redemption Amount

Unless previously redeemed or purchased and cancelled, the Issuer shall redeem on the relevant CLN Maturity Date an amount per Calculation Amount equal to:

- (a) if no Credit Event Determination Date occurs during the Observation Period, as determined by the Calculation Agent, the Final Redemption Amount per Calculation Amount shall be an amount payable on the Final Redemption Date and calculated by the Calculation Agent in accordance with the following formula:

Denomination

$$\times [100\% + \text{Max}(\text{GlobalFloor}, \text{CouponSum} - \text{MemoryCoupon}(T))]$$

or

- (b) if "Market Recovery" is specified as Not Applicable in the applicable Final Terms, and if a Credit Event Determination Date occurs during the Observation Period, as determined by the Calculation Agent, then the Final Redemption Amount per Calculation Amount shall be an amount which shall be calculated in accordance with the following formula:

Calculation Amount

$$\times [R + \text{Max}(\text{GlobalFloor}, \text{CouponSum} - \text{MemoryCoupon}(T))]$$

Where:

R means a percentage specified in the Final Terms;

or

- (i) if "Market Recovery" is specified as applicable in the applicable Final Terms, and if a Credit Event Determination Date occurs during the Observation Period,

as determined by the Calculation Agent, then the Final Redemption Amount per Calculation Amount shall be an amount which shall be calculated in accordance with the following formula:

$$\text{Calculation Amount} \times [\text{SA} + \text{Max}(\text{GlobalFloor}, \text{CouponSum} - \text{MemoryCoupon}(T))]$$

Where:

SA is either:

- the Auction Settlement Amount if the applicable Settlement Method is Auction Settlement
- the Cash Settlement Amount if the applicable Settlement Method is Cash Settlement

Market Recovery is specified as applicable or not applicable in the Final Terms.

CouponSum means a value calculated in accordance with the following formula:

$$\text{CouponSum} = \sum_{t=1}^T \text{CouponRate}(t)$$

GlobalFloor means a percentage specified in the Final Terms.

Management Strategy

Management Strategy defines a rules-based strategy seeking to minimise the downside risk of a managed portfolio. A Note indexed on a Management Strategy delivers an optional pay-out on such strategy. The Final Redemption Amount per Calculation Amount is determined by the Calculation Agent in accordance with the following formula:

$$\text{Calculation Amount} \times \left[R + \text{Coupon} + \text{FX}_T \times \left(\text{Coupon}_F + G \times \text{Min}(\text{Cap}, \text{Max}(\text{Strategy Performance} - K, \text{Floor})) \right) \right]$$

Where:

R means a percentage as specified in the Final Terms.

Coupon means a percentage as specified in the Final Terms.

Coupon_F means a percentage as specified in the Final Terms.

G means a percentage as specified in the Final Terms.

Floor means a percentage as specified in the Final Terms.

Cap means a percentage as specified in the Final Terms.

K means a percentage as specified in the Final Terms.

FX_T means either: 1) 100% or 2) the ratio: $\text{FX}(T)/\text{FX}(0)$, as specified in the Final Terms, where **FX_T** means the value of the Relevant FX as determined by the Calculation Agent on the last Valuation Date, and **FX(0)** means the value of the Relevant FX as determined by the Calculation Agent on the Strike Date.

Relevant FX means a FX specified in the Final Terms.

Strategy Performance is calculated over the Strategy Observation Dates Set, using one of the following formulae, the selected formula being as specified in the Final Terms:

- **Average Formula** means that "Strategy Performance" is the average of the strategy levels on the Observation Dates falling within the Strategy Observation Dates Set, as calculated by the Calculation Agent in accordance with the following formula:

$$\begin{aligned} & \text{Strategy Performance (Strategy Observation Dates Set)} \\ &= \frac{1}{m} \sum_{s=1}^m \frac{\text{Strategy}(s)}{\text{Reference Strategy}} \end{aligned}$$

- **Max Formula** means that "Strategy Performance" is the greatest of the strategy levels on the Observation Dates falling within the Strategy Observation Dates Set, as calculated by the Calculation Agent in accordance with the following formula:

$$\begin{aligned} & \text{Strategy Performance (Strategy Observation Dates Set)} \\ &= \text{Max}_{1 \leq s \leq m} \left(\frac{\text{Strategy}(s)}{\text{Reference Strategy}} \right) \end{aligned}$$

- **Best-Of Formula** means that "Strategy Performance" is the greatest of the final strategy level and highest strategy level subject to that level being above a threshold. It is determined by the Calculation Agent in accordance with the following formula:

$$\begin{aligned} & \text{Strategy Performance (Strategy Observation Dates Set)} \\ &= \text{Max} \left(F \times \frac{\text{Final Strategy}}{\text{Reference Strategy}}; \text{Indic} \times M \times \text{Max}_{1 \leq s \leq m} \left(\frac{\text{Strategy}(s)}{\text{Reference Strategy}} \right) \right) \end{aligned}$$

where

- $\text{Indic} = 1$ if $\text{Max}_{1 \leq s \leq m} \left(\frac{\text{Strategy}(s)}{\text{Reference Strategy}} \right) \geq \text{Trigger}$
- $\text{Indic} = 0$ otherwise

F means a percentage specified in the Final Terms.

M means a percentage specified in the Final Terms.

Trigger means a percentage specified in the Final Terms.

Final Strategy means the strategy level on the last Valuation Date.

With respect to each of the three possible formulae:

m means the number of Observation Dates in the Strategy Observation Dates Set, as specified in the Final Terms.

Strategy Observation Dates Set means an Observation Dates Set specified in the Final Terms. Moreover, each Observation Date in the Strategy Observation Dates Set will necessarily be a Valuation Date among the Valuation Dates specified in the Final Terms.

s means the index of the relevant Observation Date in the Strategy Observation Dates set;

Strategy(s) means the strategy level, as defined below, on the Observation Date indexed "s" in the Strategy Observation Dates Set.

Reference Strategy means a number specified in the Final Terms.

Initial Valuation Date means a Valuation Date specified in the Final Terms.

Description of the strategy

Determination of the strategy level ("Strategy(t)"):

Strategy(t) means a value calculated by the Calculation Agent, on each Valuation Date "t" falling after the Initial Valuation Date.

Valuation Dates must start before the Initial Valuation Date. the first Valuation Date should at least precede the Initial Valuation Date by a number of business days equal to the highest of Period₁, Period₂, ..., and Period_p.

The Valuation Date indexed "0" is the first Valuation Date.

The Valuation Date indexed "t_{ini}" is the Initial Valuation Date.

On any Valuation Date indexed "t", with "t" greater than "t_{ini}", the strategy level is calculated using the following formula:

$$\begin{aligned} & \text{Strategy}(t) \\ &= \text{Strategy}(t - 1) \\ & \times [1 + \text{alloc}(t - 1) \times \text{Risky Performance}(t) \\ & + (V - \text{alloc}(t - 1)) \times \text{NonRisky Performance}(t) - \text{Replication Cost}(t)] \end{aligned}$$

Where:

Strategy(t_{ini}) = Reference Strategy

Risky Performance(t) = BasketPerf₁(t) - 1

NonRisky Performance(t)

= (P(t) × (BasketPerf₂(t) - 1) + Variable Rate₁(t) × Δt + Fixed Rate × Δt)

Replication Cost(t) = (VariableRate₂(t) × Δt) + (Fixed Cost × Δt)

and:

Strategy(0) means a value specified in the Final Terms.

alloc(t-1) means the risk exposure on Valuation Date "t-1", as defined below.

V means a percentage specified in the Final Terms.

Fixed Rate means a percentage specified in the Final Terms.

Fixed Cost means a percentage specified in the Final Terms.

Variable Rate₁(t) and **Variable Rate₂(t)** are variable rates, as specified in the Final Terms. If "Variable Rate₁(t)" is specified as Not Applicable, then Variable Rate₁(t)= 0 in the formula above. If "Variable Rate₂(t)" is specified as Not Applicable, then Variable Rate₂(t)= 0 in the formula above.

P(t) means a percentage, as specified in the Final Terms.

Δt means a calculation basis to be applied between Valuation Date "t-1" and Valuation Date "t" and which shall be specified in the Final Terms as per the following formulae:

Act/365: means that "Δt" is equal to the ratio between 1) the number of calendar days between the Valuation Date(t-1) included and the Valuation Date(t) excluded, and 2) 365:

$$\Delta t = \frac{\text{Number of calendar days between Valuation Date}(t - 1)\text{ and Valuation Date}(t)}{365}$$

Act/360: means that " Δt " is equal to the ratio between 1) the number of calendar days between the Valuation Date(t-1) included and the Valuation Date(t) excluded, and 2) 360:

$$\Delta t = \frac{\text{Number of calendar days between Valuation Date}(t - 1)\text{and Valuation Date}(t)}{360}$$

Bus/252: means that " Δt " is equal to the ratio between 1) the number of Business Days between the Valuation Date(t-1) included and the Valuation Date(t) excluded, and 2) 252:

$$\Delta t = \frac{\text{Number of Business Days between Valuation Date}(t - 1)\text{and Valuation Date}(t)}{252}$$

Determination of the risky allocation (" $\text{alloc}(t)$ "):

alloc(t) means in respect of a Valuation Date indexed "t", with t greater than t_{ini} , the proportion of the strategy invested in risky assets. It is determined by the Calculation Agent in accordance with the following formulae, the selected formula being as specified in the Final Terms:

- If $|\text{alloc}(t) - \text{TheoreticalAlloc}(t)| < \text{Threshold}$

$$\text{alloc}(t) = \text{alloc}(t - 1)$$

- Otherwise

$$\text{alloc}(t) = \text{TheoreticalAlloc}(t)$$

Where:

Threshold means a percentage specified in the Final Terms.

$$\text{TheoreticalAlloc}(t) = \text{Max} \left(\text{Minalloc}(t), \text{Min} \left(\text{Maxalloc}(t), \frac{\text{Target Volatility}(t)}{\text{Realized Volatility}(t)} \right) \right)$$

Minalloc(t) means a percentage as specified in the Final Terms.

Maxalloc(t) means a percentage as specified in the Final Terms.

Target Volatility(t) means a percentage as specified in the Final Terms.

Realized Volatility(t) means the Realized Volatility as defined below.

Determination of the Realized Volatility (" $\text{Realized Volatility}(t)$ "):

Realized Volatility(t) means on any Valuation Date "t", the current volatility level of the risky assets calculated by the Calculation Agent in accordance with the following formula:

$$\text{Realized Volatility}(t) = \text{Max}_{1 \leq k \leq p} (\text{HVOL}(t, \text{Period}_k))$$

p means the number of relevant periods as specified in the Final Terms.

Period₁, Period₂, ..., Period_p mean numbers specified in the Final Terms.

HVOL(t, Period_k) means, for each Valuation Date indexed "t", with "t" greater than " t_{ini} ", the realized volatility over a period ending on such Valuation Date. It is determined by the Calculation Agent in accordance with the formula below:

$$\text{HVOL}(t, \text{Period}_k) = \sqrt{\left(\frac{\text{Factor}}{\text{Period}_k - 1} \right) \sum_{j=1}^{\text{Period}_k} \left(\ln(\text{BasketPerf}_3(t + j - \text{Period}_k - \text{Lag})) - A \times \mu(t, \text{Period}_k) \right)^2}$$

With:

$$\mu(t, \text{Period}_k) = \frac{1}{\text{Period}_k} \sum_{j=1}^{\text{Period}_k} \ln(\text{BasketPerf}_3(t + j - \text{Period}_k - \text{Lag}))$$

Factor means a number specified in the Final Terms

Lag means a number of days as specified in the Final Terms.

A means a percentage as specified in the Final Terms.

BasketPerf₁(t), BasketPerf₂(t), BasketPerf₃(t), mean performances of the Selection on the Valuation Date indexed "t", associated with, if need be, one or several Observation Dates Sets. Each of their respective values is calculated using one of the formulae specified in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms. It should be noted that the formula used to calculate "BasketPerf_i(t)" may be different from the formula used to calculate "BasketPerf_j(t)", when the subscript "i" is different from the subscript "j".

Cash and Carry with Coupons

On each Payment Date, the Cash and Carry with Coupons pays an interest amount the value of which is determined on the relevant Valuation Date. The value of the interest amount depends on the Underlying(1) Price and the Underlying(2) Price as determined on the relevant Valuation Date.

Coupon(t) means an interest rate as specified in the Final Terms.

The Final Redemption Amount per Calculation Amount is determined by the Calculation Agent in accordance with the following formula:

$$\text{Calculation Amount} \times \left(\frac{\text{Underlying(2) Price} - \text{Spread}}{\text{Underlying(1) Price}} - \text{Paid Coupons} \right)$$

Where:

Underlying(1) means the underlying specified in the Final Terms.

Underlying(2) means the underlying specified in the Final Terms.

Underlying(1) Price means the price of the Underlying(1) specified in the Final Terms.

Underlying(2) Price means the price of the Underlying(2) specified in the Final Terms.

Spread means the value specified in the Final Terms.

Paid Coupons means the percentage specified in the Final Terms.

MemoryPhoenix in Fine

The MemoryPhoenix in Fine records a conditional interest amount on each Valuation Date. Noteholders benefit from the Memory Effect, which triggers the earning of any previously unrecorded interest amounts. Automatic early redemption may occur during the term of the Note, triggering the payment of all recorded interest amounts.

On each Valuation Date indexed "t", an interest amount rate is calculated in accordance with the following formula:

$$\text{CouponRate}(t) = \text{Coupon}_1(t) + (\text{Coupon}_2(t) - \text{SumCouponRate}(t - 1)) \times \text{UpsideCondition}(t)$$

$$\text{UpsideCondition}(t) = 1 \text{ if } \text{BasketPerf}_1(t) \geq H(t)$$

= 0 if not

Where:

SumCouponRate(t-1) means the sum of all previous "CouponRate" amounts calculated from the first Valuation Date to the Valuation Date "t-1" immediately preceding the Valuation Date "t":

$$\mathbf{SumCouponRate(t - 1)} = \sum_{s=1}^{t-1} \mathbf{CouponRate(s)}$$

For the avoidance of doubt, SumCouponRate is deemed equal to Zero (0) on the first Valuation Date:

$$\mathbf{SumCouponRate(0) = 0}$$

Coupon₁(t) means an interest rate as specified in the Final Terms.

Coupon₂(t) means an interest rate as specified in the Final Terms.

H(t) means the percentage specified in the Final Terms. If "H(t)" is specified as being Not-Applicable, then UpsideCondition (t) = 0 in any event.

BasketPerf₁(t) means a performance of the Selection on the Valuation Date indexed "t", associated, if need be, with an Observation Dates Set. Its value is calculated using one of the formulae listed in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms.

The Automatic Early Redemption of the Note is triggered on any Valuation Date indexed "t" where:

$$\mathbf{AutoCallCondition(t) = 1}$$

With:

$$\mathbf{AutoCallCondition(t) = 1 \text{ if } BasketPerf_2(t) \geq R(t)}$$

$$\mathbf{= 0 \text{ if not}}$$

where:

R(t) means the percentage specified in the Final Terms. If "R(t)" is specified as being Not-Applicable, then AutoCallCondition(t) = 0 in any event.

BasketPerf₂(t) means a performance of the Selection on the Valuation Date indexed "t", associated, if need be, with an Observation Dates Set. Its value is calculated using one of the formulae listed in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms.

In this case, the Automatic Early Redemption Amount per Calculation Amount payable on the Payment Date immediately following the Valuation Date "t" is equal to:

Calculation Amount

$$\times \left(\mathbf{100\% + SumCouponRate(t) + Coupon_3(t) \times UpsideCondition2(t)} \right)$$

With:

$$\mathbf{UpsideCondition_2(t) = 1 \text{ if } BasketPerf_3(t) \geq H_2(t)}$$

$$\mathbf{= 0 \text{ if not}}$$

Where:

SumCouponRate(t) means the sum of all previous "CouponRate" amounts calculated from the first Valuation Date to the Valuation Date "t":

$$\mathbf{SumCouponRate}(t) = \sum_{s=1}^t \mathbf{CouponRate}(s)$$

Coupon₃(t) means an interest rate as specified in the Final Terms.

H₂(t) means the percentage specified in the Final Terms. If "H₂(t)" is specified as being Not-Applicable, then **UpsideCondition₂(t)** = 0 in any event.

BasketPerf₃(t) means a performance of the Selection on the Valuation Date indexed "t", associated, if need be, with an Observation Dates Set. Its value is calculated using one of the formulae listed in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms.

If the Note has never been subject to an Automatic Early Redemption, then the Final Redemption Amount per Calculation Amount is equal to:

$$\times \left[\mathbf{100\%} + \mathbf{SumCouponRate}(T) - \mathbf{Vanilla} \times \mathbf{DownsideCondition} \right]$$

Where:

$$\mathbf{Vanilla} = \mathbf{G} \times \mathbf{Min} \left(\mathbf{Cap}, \mathbf{Max} \left((\mathbf{K} - \mathbf{BasketPerf}_4(T)), \mathbf{Floor} \right) \right)$$

$$\mathbf{DownsideCondition} = \mathbf{1} \text{ if } \mathbf{BasketPerf}_5(T) < \mathbf{B}$$

= **0** if not

where:

SumCouponRate(T) means the sum of all CouponRate amounts from the first to the last Valuation Date:

$$\mathbf{SumCouponRate}(T) = \sum_{s=1}^T \mathbf{CouponRate}(s)$$

G means the percentage specified in the Final Terms.

Cap means the percentage specified in the Final Terms.

Floor means the percentage specified in the Final Terms.

K means the percentage specified in the Final Terms.

B means the percentage specified in the Final Terms. If "B" is specified as being Not-Applicable, then **DownsideCondition** = 1 in any event.

BasketPerf₄(T), **BasketPerf₅(T)** mean performances of the Selection on the last Valuation Date, associated with, if need be, one or several Observation Dates Sets. Each of their respective values is calculated using one of the formulae specified in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms. It should be noted that the formula used to calculate "BasketPerf_i(T)" may be different from the formula used to calculate "BasketPerf_j(T)", when the subscript "i" is different from the subscript "j".

If Redemption by Physical Delivery is specified as applicable in the Final Terms, the Notes will be redeemed by Physical Delivery in accordance with the relevant terms specified in paragraphs "Redemption by Physical Delivery" and "Provisions applicable to Physical Delivery Notes" only if the following conditions are met:

DownsideCondition = 1 and $\text{BasketPerf}_4(T) < K$

Phoenix One Star

The Phoenix One Star may pay a conditional interest amount on each Payment Date. Noteholders may benefit from the Memory Effect, which triggers payment of any previously unpaid interest amounts. Automatic early redemption may occur during the term of the Note. At maturity, if not previously autocalled and if the One Star condition is met Noteholders may receive a coupon and become capital protected. The One Star condition may be activated depending on whether the performance of the Selection is above target level.

On each Valuation Date indexed "t", an interest amount, paid on the Payment Date indexed "t", unless this Valuation Date falls after the occurrence of an Automatic Early Redemption Event, is calculated in accordance with the following formula:

$$\text{PhoenixCoupon}(t) = \text{Calculation Amount} \times \left[\text{Coupon}_1(t) + \left((\text{Coupon}_2(t)) - \text{MemoryCoupon}(t) \right) \times \text{UpsideCondition}(t) \right]$$

$\text{UpsideCondition}(t) = 1$ if $\text{BasketPerf}_1(t) \geq H(t)$

= 0 if not

Where:

Coupon₁(t) means an interest rate as specified in the Final Terms.

Coupon₂(t) means an interest rate as specified in the Final Terms.

H(t) means the percentage specified in the Final Terms. If "H(t)" is specified as being Not Applicable, then $\text{UpsideCondition}(t) = 0$ in any event.

BasketPerf₁(t) means a performance of the Selection on the Valuation Date indexed "t", associated, if need be, with an Observation Dates Set. Its value is calculated using one of the formulae listed in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms.

The Automatic Early Redemption of the Note is triggered on any Valuation Date indexed "t" where:

$$\text{AutoCallCondition}(t) = 1$$

With:

$$\text{AutoCallCondition}(t) = 1 \text{ if } \text{BasketPerf}_2(t) \geq R(t)$$

= 0 if not

where:

R(t) means the percentage specified in the Final Terms. If "R(t)" is specified as being Not Applicable, then $\text{AutoCallCondition}(t) = 0$ in any event.

BasketPerf₂(t) means a performance of the Selection on the Valuation Date indexed "t", associated, if need be, with an Observation Dates Set. Its value is calculated using one of

the formulae listed in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms.

In this case, the Automatic Early Redemption Amount per Calculation Amount payable on the Payment Date immediately following the Valuation Date "t" is equal to:

$$\text{Calculation Amount} \times (100\% + \text{Coupon}_3(t) \times \text{UpsideCondition}_2(t))$$

With:

$$\begin{aligned} \text{UpsideCondition}_2(t) &= 1 \text{ if } \text{BasketPerf}_3(t) \geq H_2(t) \\ &= 0 \text{ if not} \end{aligned}$$

Where:

Coupon₃(t) means an interest rate as specified in the Final Terms.

H₂(t) means the percentage specified in the Final Terms. If "H₂(t)" is specified as being Not Applicable, then UpsideCondition₂(t) = 0 in any event.

BasketPerf₃(t) means a performance of the Selection on the Valuation Date indexed "t", associated, if need be, with an Observation Dates Set. Its value is calculated using one of the formulae listed in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms.

If the Note has never been subject to an Automatic Early Redemption, then the Final Redemption Amount per Calculation Amount is equal to:

$$\begin{aligned} &\text{Calculation Amount} \\ &\times [100\% \\ &+ \text{FinalCoupon} (1 - \text{OneStarCondition}) - \text{Vanilla} \times \text{OneStarCondition}] \end{aligned}$$

Where:

$$\text{Vanilla} = G \times \text{Min} \left(\text{Cap}, \text{Max} \times ((K - \text{BasketPerf}_4(T)), \text{Floor}) \right)$$

$$\begin{aligned} \text{OneStarCondition} &= 1 \text{ if } \text{BasketPerf}_5(T) < B_1 \text{ and } \text{BasketPerf}_8(T) < B_2 \\ &= 0 \text{ if not} \end{aligned}$$

And

$$\text{FinalCoupon} = \text{Coupon}_4 + \text{Vanilla}_5 \times \text{UpsideCondition}_3$$

$$\text{Vanilla}_5 = \text{Coupon}_5 + G_5 \times \text{Min} \left(\text{Cap}_5, \text{Max} \left((\text{BasketPerf}_6(T) - K_5), \text{Floor}_5 \right) \right)$$

$$\begin{aligned} \text{UpsideCondition}_3 &= 1 \text{ if } \text{BasketPerf}_7(T) \geq H_3 \\ &= 0 \text{ if not} \end{aligned}$$

where:

Coupon₄ means an interest rate as specified in the Final Terms.

Coupon₅ means an interest rate as specified in the Final Terms.

H₃ means the percentage specified in the Final Terms. If H₃ is specified as being Not Applicable, then UpsideCondition₃ = 0 in any event.

G means the percentage specified in the Final Terms.

G₅ means the percentage specified in the Final Terms.

Cap means the percentage specified in the Final Terms.

Caps means the percentage specified in the Final Terms.

Floor means the percentage specified in the Final Terms.

Floors means the percentage specified in the Final Terms.

K means the percentage specified in the Final Terms.

K₅ means the percentage specified in the Final Terms.

B₁ means the percentage specified in the Final Terms.

B₂ means the percentage specified in the Final Terms.

BasketPerf₄(T), BasketPerf₅(T), BasketPerf₆(T), BasketPerf₇(T), BasketPerf₈(T) means performances of the Selection on the last Valuation Date, associated with, if need be, one or several Observation Dates Sets. Each of their respective values is calculated using one of the formulae specified in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms. It should be noted that the formula used to calculate "BasketPerf_i(T)" may be different from the formula used to calculate "BasketPerf_j(T)", when the subscript "i" is different from the subscript "j".

If Redemption by Physical Delivery is specified as applicable in the Final Terms, the Notes will be redeemed by Physical Delivery in accordance with the relevant terms specified in paragraphs "Redemption by Physical Delivery" and "Provisions applicable to Physical Delivery Notes" only if the following conditions are met:

OneStarCondition = 1 and BasketPerf₄ (T) < K

**Synthetic
Convertible**

The objective of the Synthetic Convertible is to link the Optional/Final Redemption Amount to the performance of the Selection.

The Noteholder can request the early redemption of the Note on any Valuation Date specified in the Final Terms.

The Synthetic Convertible may pay interest amounts that can be linked to a Rate (fixed or variable)

On each indexed Valuation Date "t", an interest amount, paid on the Payment Date indexed "t", is calculated in accordance with the following formula:

$$\text{Coupon}(t) = \text{Calculation Amount} \times \text{CouponRate}(t)$$

where:

CouponRate(t) means an interest rate as specified in the Final Terms.

In case of a redemption at the option of the Noteholders, the Optional Redemption Amount per Calculation Amount is determined by the Calculation Agent in accordance with the following formula:

$$\text{Calculation Amount} \times (100\% + \text{ConversionPerformance})$$

where ConversionPerformance is equal to:

$$(\text{BasketPerf}(t) - K)$$

where:

K means the percentage specified in the Final Terms.

BasketPerf(t) means a performance of the Selection on the Valuation Date indexed "t", associated, if need be, with an Observation Dates Set. Its value is calculated using one of the formulae listed in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms.

If the Optional Redemption never takes place, then the Final Redemption Amount per Calculation Amount is determined by the Calculation Agent in accordance with the following formula:

Calculation Amount × 100%

Premium Note This particular Calculation Formula only applies for Underlyings defined as Shares.

The Final Redemption Amount per Calculation Amount is determined by the Calculation Agent in accordance with the following formula:

Calculation Amount
× (100% + **Coupon** + **Yield** + **Premium** + **OptionalPerformance**)

where:

Coupon means an interest rate as specified in the Final Terms.

OptionalPerformance is equal to:

G × **Min (Cap, Max (Type × (BasketPerf(T)-K), Floor))**

where:

G means the percentage specified in the Final Terms.

Cap means the percentage specified in the Final Terms.

Floor means the percentage specified in the Final Terms.

K means the percentage specified in the Final Terms.

Type means a number equal to (-1) or (1), as specified in the Final Terms.

BasketPerf(T) means a performance of the Selection on the last Valuation Date, associated, if need be, with an Observation Dates Set. Its value is calculated using one of the formulae listed in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms.

Yield is determined by the Calculation Agent in accordance with the following formula:

$$\text{YieldParticipation} \times \sum_{i=1}^n w^i \times \frac{\text{Dividend}(i)}{\text{ReferencePrice}(i)}$$

Premium is determined by the Calculation Agent in accordance with the following formula:

$$\text{PremiumParticipation} \times \sum_{i=1}^n w^i \times \frac{\text{Dividend}(i)}{\text{ReferencePrice}(i)}$$

YieldParticipation means a percentage specified in the Final Terms.

PremiumParticipation means a percentage specified in the Final Terms.

w^i means a weighting assigned to the Underlying indexed "i", as specified in the Final Terms.

n means the number of Underlyings in the Selection.

Dividend(i) means the sum of any Dividend on the Underlying indexed "i" whose Ex-Dividend Date is comprised into the Dividend Period provided that, if "Extraordinary Dividends Exclusion" is Applicable, any Extraordinary Dividend will be excluded in the calculation of "Dividend(i)".

Extraordinary Dividends Exclusion: is specified as applicable or not applicable in the Final Terms.

Dividend Note This particular Calculation Formula only applies for Underlyings defined as Shares.

The Final Redemption Amount per Calculation Amount is determined by the Calculation Agent in accordance with the following formula:

Calculation Amount \times (100% \times **DividendPerformance** + **Coupon**)

where:

Coupon means an interest rate as specified in the Final Terms.

DividendPerformance is determined by the Calculation Agent in accordance with the following formula:

$$\sum_{i=1}^n w^i \times \frac{\text{Dividend}(i)}{\text{ReferenceDividend}(i)}$$

w^i means a weighting assigned to the Underlying indexed "i", as specified in the Final Terms.

n means the number of Underlyings in the Selection.

Dividend(i) means the sum of any Dividend on the Underlying indexed "i" whose Ex-Dividend Date is comprised into the Dividend Period provided that, if "Extraordinary Dividends Exclusion" is Applicable, any Extraordinary Dividend will be excluded in the calculation of "Dividend(i)".

Extraordinary Dividends Exclusion: is specified as applicable or not applicable in the Final Terms.

ReferenceDividend(i) means a number specified in the Final Terms.

Phoenix Flexo The Phoenix Flexo may pay a conditional interest amount on each Payment Date. Noteholders may benefit from the Memory Effect, which triggers payment of any previously unpaid interest amounts. Automatic early redemption may occur during the term of the Notes. The interest amounts and the capital of the Notes can be linked to the performance of a foreign exchange level.

On each Valuation Date indexed "t", an interest amount, paid on the Payment Date indexed "t", unless this Valuation Date falls after the occurrence of an Automatic Early Redemption Event, is calculated in accordance with the following formula:

$$\begin{aligned} & \mathbf{PhoenixCoupon}(t) = \mathbf{Calculation Amount} \\ & \times [\mathbf{Coupon}_1(t) + (\mathbf{Coupon}_2(t) - \mathbf{MemoryCoupon}(t)) \times \mathbf{UpsideCondition}(t)] \\ & \times \mathbf{FX}(t)/\mathbf{FX}(0) \end{aligned}$$

$\mathbf{UpsideCondition}(t) = 1$ if $\mathbf{BasketPerf}_1(t) \geq H(t)$

$= 0$ if not

Where:

Coupon₁(t) means an interest rate as specified in the Final Terms.

Coupon₂(t) means an interest rate as specified in the Final Terms.

H(t) means the percentage specified in the Final Terms. If "H(t)" is specified as being Not Applicable, then $\mathbf{UpsideCondition}(t) = 0$ in any event.

BasketPerf₁(t) means a performance of the Selection on the Valuation Date indexed "t", associated, if need be, with an Observation Dates Set. Its value is calculated using one of the formulae listed in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms.

The Automatic Early Redemption of the Note is triggered on any Valuation Date indexed "t" where:

$$\mathbf{AutoCallCondition}(t) = 1$$

With:

$$\mathbf{AutoCallCondition}(t) = 1 \text{ if } \mathbf{BasketPerf}_2(t) \geq R(t)$$

$= 0$ if not

where:

R(t) means the percentage specified in the Final Terms. If "R(t)" is specified as being Not Applicable, then $\mathbf{AutoCallCondition}(t) = 0$ in any event.

BasketPerf₂(t) means a performance of the Selection on the Valuation Date indexed "t", associated, if need be, with an Observation Dates Set. Its value is calculated using one of the formulae listed in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms.

In this case, the Automatic Early Redemption Amount per Calculation Amount payable on the Payment Date immediately following the Valuation Date "t" is equal to:

Calculation Amount

$$\times (100\% + \mathbf{Coupon}_3(t) \times \mathbf{UpsideCondition}_2(t) \times \mathbf{FX}(t)/\mathbf{FX}(0))$$

With:

$\mathbf{UpsideCondition}_2(t) = 1$ if $\mathbf{BasketPerf}_3(t) \geq H_2(t)$

$= 0$ if not

Where:

Coupon₃(t) means an interest rate as specified in the Final Terms.

H₂(t) means the percentage specified in the Final Terms. If "H₂(t)" is specified as being Not Applicable, then $\text{UpsideCondition}_2(t) = 0$ in any event.

BasketPerf₃(t) means a performance of the Selection on the Valuation Date indexed "t", associated, if need be, with an Observation Dates Set. Its value is calculated using one of the formulae listed in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms.

FX(t) means the value of the Relevant FX as determined by the Calculation Agent on the Valuation Date indexed "t".

FX(0) means the value of the Relevant FX as determined by the Calculation Agent on the Strike Date.

Relevant FX means a FX specified in the Final Terms.

If the Note has never been subject to an Automatic Early Redemption, then the Final Redemption Amount per Calculation Amount is equal to:

Calculation Amount

$$\begin{aligned} & \times [100\% \\ & + \text{FinalCoupon} \times (1 - \text{DownsideCondition}) \times \text{FX}_1 - \text{Vanilla} \times \text{DownsideCondition} \\ & \times \text{FX}_2] \end{aligned}$$

Where:

$$\text{Vanilla} = G \times \text{Min} \left(\text{Cap}, \text{Max} \left((K - \text{BasketPerf}_4(T)) \right), \text{Floor} \right)$$

$$\begin{aligned} \text{DownsideCondition} &= 1 \text{ if } \text{BasketPerf}_5(T) < B_1 \\ &= 0 \text{ if not} \end{aligned}$$

And

$$\text{FinalCoupon} = \text{Coupon}_4 + \text{Vanilla}_5 \times \text{UpsideCondition}_3$$

$$\text{Vanilla}_5 = \text{Coupon}_5 + G_5 \times \text{Min} \left(\text{Cap}_5, \text{Max} \left((\text{BasketPerf}_6(T) - K_5), \text{Floor}_5 \right) \right)$$

$$\begin{aligned} \text{UpsideCondition}_3 &= 1 \text{ if } \text{BasketPerf}_7(T) \geq H_3 \\ &= 0 \text{ if not} \end{aligned}$$

where:

Coupon₄ means an interest rate as specified in the Final Terms.

Coupon₅ means an interest rate as specified in the Final Terms.

H₃ means the percentage specified in the Final Terms. If H₃ is specified as being Not Applicable, then $\text{UpsideCondition}_3 = 0$ in any event.

G means the percentage specified in the Final Terms.

G₅ means the percentage specified in the Final Terms.

Cap means the percentage specified in the Final Terms.

Cap₅ means the percentage specified in the Final Terms.

Floor means the percentage specified in the Final Terms.

Floor₅ means the percentage specified in the Final Terms.

K means the percentage specified in the Final Terms.

K₅ means the percentage specified in the Final Terms.

B₁ means the percentage specified in the Final Terms.

BasketPerf₄(T), BasketPerf₅(T), BasketPerf₆(T), BasketPerf₇(T) means performances of the Selection on the last Valuation Date, associated with, if need be, one or several Observation Dates Sets. Each of their respective values is calculated using one of the formulae specified in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms. It should be noted that the formula used to calculate "BasketPerf_i(T)" may be different from the formula used to calculate "BasketPerf_j(T)", when the subscript "i" is different from the subscript "j".

FX₁ means either: 1) 100% or 2) the ratio: $FX_1(T)/FX_1(0)$, as specified in the Final Terms, where **FX₁(T)** means the value of the Relevant FX 1 as determined by the Calculation Agent on the last Valuation Date, and **FX₁(0)** means the value of the Relevant FX 1 as determined by the Calculation Agent on the Strike Date.

Relevant FX 1 means a FX specified in the Final Terms.

FX₂ means either: 1) 100% or 2) the ratio: $FX_2(T)/FX_2(0)$, as specified in the Final Terms, where **FX₂(T)** means the value of the Relevant FX 2 as determined by the Calculation Agent on the last Valuation Date, and **FX₂(0)** means the value of the Relevant FX 2 as determined by the Calculation Agent on the Strike Date.

Relevant FX 2 means a FX specified in the Final Terms.

If Redemption by Physical Delivery are specified as applicable in the Final Terms, the Notes will be redeemed by Physical Delivery in accordance with the relevant terms specified in paragraphs "Redemption by Physical Delivery" and "Provisions applicable to Physical Delivery Notes" only if the following conditions are met:

DownsideCondition = 1 and $BasketPerf_4(T) < K$

Sweet Phoenix

The Sweet Phoenix may pay a conditional or guaranteed interest amount on each Payment Date. If applicable, Noteholders may benefit from the Memory Effect, which triggers payment of any previously unpaid interest amounts. Automatic early redemption may occur during the term of the Note. At maturity, the Notes may be redeemed below par if some underlyings in the Selection end below a given level.

On each Valuation Date indexed "t", an interest amount, paid on the Payment Date indexed "t", unless it falls after the occurrence of an Automatic Early Redemption Event, is calculated in accordance with the following formula:

$$\text{PhoenixCoupon}(t) = \text{Calculation Amount} \times [\text{Coupon}_1(t) + (\text{Coupon}_2(t) - \text{MemoryCoupon}(t)) \times \text{UpsideCondition}(t)]$$

$\text{UpsideCondition}(t) = 1$ if $BasketPerf_1(t) \geq H(t)$

= 0 if not

Where:

Coupon₁(t) means an interest rate as specified in the Final Terms.

Coupon₂(t) means an interest rate as specified in the Final Terms.

H(t) means the percentage specified in the Final Terms. If "H(t)" is specified as being Not Applicable, then $UpsideCondition(t) = 0$ in any event.

BasketPerf₁(t) means a performance of the Selection on the Valuation Date indexed "t", associated, if need be, with an Observation Dates Set. Its value is calculated using one of the formulae listed in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms.

The Automatic Early Redemption of the Note is triggered on any Valuation Date indexed "t" where:

$$\mathbf{AutoCallCondition(t) = 1}$$

With:

$$\mathbf{AutoCallCondition(t) = 1 \text{ if } BasketPerf_2(t) \geq R(t)}$$

= 0 in not

where:

R(t) means the percentage specified in the Final Terms. If "R(t)" is specified as being Not Applicable, then $AutoCallCondition(t) = 0$ in any event.

BasketPerf₂(t) means a performance of the Selection on the Valuation Date indexed "t", associated, if need be, with an Observation Dates Set. Its value is calculated using one of the formulae listed in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms.

In this case, the Automatic Early Redemption Amount per Calculation Amount payable on the Payment Date immediately following the Valuation Date "t" is equal to:

$$\mathbf{Calculation\ Amount \times (100\% + Coupon_3(t) \times UpsideCondition_2(t))}$$

With:

$$UpsideCondition_2(t) = 1 \text{ if } BasketPerf_3(t) \geq H_2(t)$$

= 0 if not

Where:

Coupon₃(t) means an interest rate as specified in the Final Terms.

H₂(t) means the percentage specified in the Final Terms. If "H₂(t)" is specified as being Not Applicable, then $UpsideCondition_2(t) = 0$ in any event.

BasketPerf₃(t) means a performance of the Selection on the Valuation Date indexed "t", associated, if need be, with an Observation Dates Set. Its value is calculated using one of the formulae listed in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms.

If the Note has never been subject to an Automatic Early Redemption, then the Final Redemption Amount per Calculation Amount is equal to:

$$\mathbf{Calculation\ Amount \times Max(GlobalFloor, 100\% + FinalCoupon - Penalty)}$$

Where:

$$Penalty = C \times \sum_{i=1}^n DownsideCondition(i)$$

DownsideCondition(i) = 1 if IndivPerf(i, T) < B

= 0 if not

And

FinalCoupon = Coupon₄ + Vanilla₅ × UpsideCondition₃

Vanilla₅ = Coupon₅ + G₅ × Min (Cap₅, Max((BasketPerf₄(T) – K₅), Floor₅))

UpsideCondition₃ = 1 if BasketPerf₅(T) ≥ H₃

= 0 if not

where:

C means a percentage specified in the Final Terms

n is the number of Underlyings in the Selection

Coupon₄ means an interest rate as specified in the Final Terms.

Coupon₅ means an interest rate as specified in the Final Terms.

H₃ means the percentage specified in the Final Terms. If H₃ is specified as being Not Applicable, then UpsideCondition₃ = 0 in any event.

G₅ means the percentage specified in the Final Terms.

Cap₅ means the percentage specified in the Final Terms.

Floor₅ means the percentage specified in the Final Terms.

K₅ means the percentage specified in the Final Terms.

B means the percentage specified in the Final Terms. If "B" is specified as being Not Applicable, then DownsideCondition = 1 in any event.

GlobalFloor means a percentage specified in the Final Terms.

BasketPerf₄(T), BasketPerf₅(T) mean performances of the Selection on the last Valuation Date, associated with, if need be, one or several Observation Dates Sets. Each of their respective values is calculated using one of the formulae specified in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms. It should be noted that the formula used to calculate "BasketPerf_i(T)" may be different from the formula used to calculate "BasketPerf_j(T)", when the subscript "i" is different from the subscript "j".

IndivPerf(i, T) means, in respect of an Underlying indexed "i" in the Selection, the Individual Performance of such Underlying on the last Valuation Date. Its value is calculated using one of the formulae listed in 1.1 (Common Definitions), with regard to the definition of "Individual Performance", as specified in the Final Terms.

Selecto

Selecto may involve two different Selections: the Alpha Selection and the Beta Selection. On each Valuation Date indexed "t", an interest amount linked to the performance of one Selection or both Selections may be paid on the Payment Date indexed "t". At maturity, the capital of the Notes may be at risk depending on the final performance of the

Selections. If specified as applicable in the Final Terms, the Noteholders and/or the Issuer can request the early redemption of the Notes on any Valuation Date specified in the Final Terms.

Coupons

On each Valuation Date indexed "t", an interest amount is calculated in accordance with the following formula:

$$\mathbf{Coupon(t) = Calculation\ Amount \times CouponRate(t)}$$

If the value of Coupon(t) is positive, then such amount will be paid in respect of each Note on the Payment Date indexed "t".

CouponRate(t) is equal to:

Case 1: If the Lockin Condition has been satisfied at least once on any Valuation Date prior or equal to the current Valuation Date indexed "t", then:

$$\mathbf{CouponRate(t) = CouponLockin(t)}$$

Case 2: If the Lockin Condition has never been satisfied on any Valuation Date prior or equal to the current Valuation Date indexed "t", then:

$$\begin{aligned} \mathbf{CouponRate(t)} \\ = \mathbf{Max(GlobalFloor(t), Min(GlobalCap(t), [Vanilla_1(t) + Vanilla_2(t)]} \\ \times \mathbf{Condition_1(t) - Memory\ Coupon(t)})} \end{aligned}$$

The value of each CouponRate(t) is the sum of 2 interest amounts (Vanilla₁(t), Vanilla₂(t)) determined according to the performance of the Selections. Their payment is conditional to the occurrence of market events. They are calculated as follows:

$$\mathbf{Vanilla_1(t) = Coupon_1(t) + G_1(t) \times Min \left(Cap_1(t), Max \left(Type_1(t) \times (BasketPerf_1(t) - K_1(t)), Floor_1(t) \right) \right)}$$

$$\mathbf{Vanilla_2(t) = Coupon_2(t) + G_2(t) \times Min \left(Cap_2(t), Max \left(Type_2(t) \times (BasketPerf_2(t) - K_2(t)), Floor_2(t) \right) \right)}$$

$$\mathbf{Condition_1(t) = 1\ if\ BasketPerf_3(t) \geq H(t)}$$

$$\mathbf{= 0\ if\ not}$$

With respect to these formulae:

Coupon₁(t), Coupon₂(t), CouponLockin(t) means an interest rate as specified in the Final Terms.

G₁(t), G₂(t) means the percentages specified in the Final Terms.

Cap₁(t), Cap₂(t) means the percentages specified in the Final Terms.

Floor₁(t), Floor₂(t) means the percentages specified in the Final Terms.

K₁(t), K₂(t) means the percentages specified in the Final Terms.

Type₁(t), Type₂(t) means a number equal to (-1) or (1), as specified in the Final Terms.

H(t) means the percentage specified in the Final Terms. If H(t) is specified as being Not Applicable, then $\text{Condition}_1(t) = 0$ in any event.

GlobalFloor(t), GlobalCap(t) means the percentages specified in the Final Terms.

BasketPerf₁(t), BasketPerf₂(t), BasketPerf₃(t), mean performances of either of the Alpha Selection or the Beta Selection, as specified in the Final Terms, on the Valuation Date indexed "t", associated with, if need be, one or several Observation Dates Sets. Each of their respective values is calculated using one of the formulae specified in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms. It should be noted that the formula used to calculate "BasketPerf_i(t)" may be different from the formula used to calculate "BasketPerf_j(t)", when the subscript "i" is different from the subscript "j".

The Lockin Condition is deemed to be satisfied on any Valuation Date indexed "t" where

$$\mathbf{BasketPerf_L(t) \geq L(t)}$$

L(t) means the percentage specified in the Final Terms. If L(t) is specified as being Not Applicable for a Valuation Date indexed "t", then the Lockin Condition cannot be satisfied on this specific Valuation Date. Nevertheless the Lockin Condition may still be satisfied on later Valuation Dates.

BasketPerf_L(t) means the performance of either of the Alpha Selection or the Beta Selection, as specified in the Final Terms, on the Valuation Date indexed "t", associated with, if need be, one or several Observation Dates Sets. Its value is calculated using one of the formulae specified in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms.

Final Redemption

The Redemption Amount per Calculation Amount is equal to:

$$\begin{aligned} & \mathbf{Calculation\ Amount} \\ & \times [100\% - \mathbf{DownsideCondition} \times (1 - \mathbf{SafeCondition}) \times \mathbf{Vanilla}_4] \end{aligned}$$

Where

$$\mathbf{Vanilla}_4 = \mathbf{Min}(\mathbf{Cap}_4, \mathbf{Max}(\mathbf{K}_4 - \mathbf{BasketPerf}_4(\mathbf{T}), \mathbf{Floor}_4))$$

$$\mathbf{DownsideCondition} = \mathbf{1\ if\ BasketPerf}_5(\mathbf{T}) < \mathbf{B}$$

$$= \mathbf{0\ if\ not}$$

And **SafeCondition** = 1 if on any Valuation Date indexed "t", the following Safe Condition has been satisfied at least once:

$$\mathbf{BasketPerf}_5(\mathbf{t}) \geq \mathbf{S(t)}$$

For the avoidance of doubt, if the condition above has never been satisfied on any Valuation Date, then SafeCondition is deemed to be equal to 0 (zero).

S(t) means the percentage specified in the Final Terms. If S(t) is specified as being Not Applicable for a Valuation Date indexed "t", then the Safe Condition cannot be satisfied on this specific Valuation Date. Nevertheless the Safe Condition may still be satisfied on later Valuation Dates.

BasketPerfs (t) means the performance of either of the Alpha Selection or the Beta Selection, as specified on the Final Terms, on the Valuation Date indexed "t", associated with, if need be, one or several Observation Dates Sets. Its value is calculated using one of the formulae specified in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms.

B means the percentage specified in the Final Terms. If B is specified as being Not Applicable in the Final Terms, then DownsideCondition = 1 in any event.

Cap₄ means the percentage specified in the Final Terms.

Floor₄ means the percentage specified in the Final Terms.

K₄ means the percentage specified in the Final Terms.

BasketPerf₄ (T), BasketPerf₅ (T) mean performances of either of the Alpha Selection or the Beta Selection, as specified in the Final Terms, on the last Valuation Date, associated with, if need be, one or several Observation Dates Sets. Each of their respective values is calculated using one of the formulae specified in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms. It should be noted that the formula used to calculate "BasketPerf_i(t)" may be different from the formula used to calculate "BasketPerf_j(t)", when the subscript "i" is different from the subscript "j".

Alpha Selection means a Selection specified in the Final Terms.

Beta Selection means a Selection specified in the Final Terms.

Redemption at the Option of the Issuer and/or Redemption at the Option of Noteholders

If specified as applicable in the Final Terms, the Noteholder can request the early redemption of the Note on any Valuation Date specified in the Final Terms. If specified as applicable in the Final Terms, the Issuer can request the early redemption of the Notes on any Valuation Date specified in the Final Terms.

The Optional Redemption Amount per Calculation Amount is equal to:

$$\text{Calculation Amount} \times [100\% + \text{Vanilla}_{er}(t)]$$

With

$$\text{Vanilla}_{er}(t) = \text{Coupon}_{er}(t) + G_{er}(t) \times \text{Min} \left(\text{Cap}_{er}(t), \text{Max} \left(\text{BasketPerf}_{er}(t) - K_{er}(t), \text{Floor}_{er}(t) \right) \right)$$

And:

Coupon_{er} (t) means an interest rate as specified in the Final Terms.

G_{er} (t) means the percentages specified in the Final Terms.

Cap_{er} (t) means the percentages specified in the Final Terms.

Floor_{er} (t) means the percentages specified in the Final Terms.

K_{er} (t) means the percentages specified in the Final Terms.

BasketPerf_{er} (t), mean the performance of either of the Alpha Selection or the Beta Selection, as specified in the Final Terms, on the Valuation Date indexed "t", associated with, if need be, one or several Observation Dates Sets. Its value is calculated using one

of the formulae specified in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms.

If Redemption by Physical Delivery is specified as applicable in the Final Terms, the Notes will be redeemed by Physical Delivery in accordance with the relevant terms specified in paragraphs "Redemption by Physical Delivery" and "Provisions applicable to Physical Delivery Notes" only if the following conditions are met:

DownsideCondition = 1, SafeCondition = 0 and $\text{BasketPerf}_4(T) < K_4$

Selecto Irys

The Selecto Irys includes a melting mechanism which removes the Underlyings from the Selection according to their ranking (the lowest). The Early Redemption Amount, the Final Redemption Amount and the Optional Redemption Amount and the interest amounts are calculated using only the Performance of Underlyings left in the Selection.

On each Valuation Date indexed "t", an interest amount linked to the performance of the Selection is paid on the Payment Date indexed "t". At maturity, the capital of the Note may be at risk depending on the final performance of the Selection. If specified as applicable in the Final Terms, the Noteholder and/or the Issuer can request the early redemption of the Note on any Valuation Date specified in the Final Terms.

Melting Effect

On each Valuation Date indexed "t", the Individual Performance (IndivPerf(i, t)) of each Underlying that remains in the Selection is determined.

Then a number of Underlyings equal to $m(t)$ shall be definitely removed from the Selection, corresponding to the Underlyings that have recorded the lowest Individual Performances on such Valuation Date "t".

The number of Underlyings comprising the Selection is then diminished by $m(t)$. The set of Underlyings left in the Selection will be referred to as the **Melting Selection** in the following.

$m(t)$ is a number specified in the Final Terms.

IndivPerf(i,t) means, in respect of an Underlying indexed "i" in the Selection, the Individual Performance of such Underlying on the Valuation Date indexed "t". Its value is calculated using one of the formulae listed in 1.1 (Common Definitions), with regard to the definition of "Individual Performance", as specified in the Final Terms.

For the avoidance of doubt, the Melting Effect on any Valuation Date "t" takes place after the calculation of interest amounts and redemption amounts applicable on this Valuation Date. Therefore, any Underlying removed on such Valuation Date "t" will not take part in the calculation of later interest amounts and redemption amounts on any following Valuation Date.

Coupons

On each Valuation Date indexed "t", the interest amounts is calculated in accordance with the following formula:

$$\text{Coupon}(t) = \text{Calculation Amount} \times \text{CouponRate}(t)$$

If the value of Coupon(t) is positive, then such amount will be paid in respect of each Note on the Payment Date indexed "t".

CouponRate(t) is equal to:

Case 1: If the Lockin Condition has been satisfied at least once on any Valuation Date prior or equal to the current Valuation Date indexed "t", then:

$$\mathbf{CouponRate(t) = CouponLockin(t)}$$

Case 2: If the Lockin Condition has never been satisfied on any Valuation Date prior or equal to the current Valuation Date indexed "t", then:

$$\begin{aligned} & \mathbf{CouponRate(t)} \\ = & \mathbf{Max} \left(\mathbf{GlobalFloor(t)}, \mathbf{Min} \left(\mathbf{GlobalCap(t)}, [\mathbf{Vanilla}_1(t) + \mathbf{Vanilla}_2(t)] \right. \right. \\ & \left. \left. \times \mathbf{Condition}_1(t) \right) \right) \end{aligned}$$

The value of each CouponRate(t) is the sum of 2 interest amounts (Vanilla₁(t), Vanilla₂(t)) determined according to the performance of the Melting Selection. Their payment is conditional to the occurrence of market events. They are calculated as follows:

$$\mathbf{Vanilla}_1(t) = \mathbf{Coupon}_1(t) + \mathbf{G}_1(t) \times \mathbf{Min} \left(\mathbf{Cap}_1(t), \mathbf{Max} \left(\mathbf{Type}_1(t) \times (\mathbf{BasketPerf}_1(t) - \mathbf{K}_1(t)), \mathbf{Floor}_1(t) \right) \right)$$

$$\mathbf{Vanilla}_2(t) = \mathbf{Coupon}_2(t) + \mathbf{G}_2(t) \times \mathbf{Min} \left(\mathbf{Cap}_2(t), \mathbf{Max} \left(\mathbf{Type}_2(t) \times (\mathbf{BasketPerf}_2(t) - \mathbf{K}_2(t)), \mathbf{Floor}_2(t) \right) \right)$$

$$\mathbf{Condition}_1(t) = \mathbf{1} \text{ if } \mathbf{BasketPerf}_3(t) \geq \mathbf{H(t)} = \mathbf{0} \text{ if not}$$

With respect to these formulae:

Coupon₁(t), Coupon₂(t), CouponLockin(t) means an interest rate as specified in the Final Terms.

G₁(t), G₂(t) means the percentages specified in the Final Terms.

Cap₁(t), Cap₂(t) means the percentages specified in the Final Terms.

Floor₁(t), Floor₂(t) means the percentages specified in the Final Terms.

K₁(t), K₂(t) means the percentages specified in the Final Terms.

Type₁(t), Type₂(t) means a number equal to (-1) or (1), as specified in the Final Terms.

H(t) means the percentage specified in the Final Terms. If H(t) is specified as being Not Applicable, then Condition₁(t) = 0 in any event.

GlobalFloor(t), GlobalCap(t) means the percentages specified in the Final Terms.

BasketPerf₁(t), BasketPerf₂(t), BasketPerf₃(t), mean performances of the Melting Selection on the Valuation Date indexed "t", associated with, if need be, one or several Observation Dates Sets. Each of their respective values is calculated using one of the formulae specified in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms. It should be noted that the formula used to calculate "BasketPerf_i(t)" may be different from the formula used to calculate "BasketPerf_j(t)", when the subscript "i" is different from the subscript "j".

The Lockin Condition is deemed to be satisfied on any Valuation Date indexed "t" where

$$\mathbf{BasketPerf}_L(t) \geq \mathbf{L(t)}$$

L(t) means the percentage specified in the Final Terms. If L(t) is specified as being Not Applicable for a Valuation Date indexed "t", then the Lockin Condition cannot be satisfied on this specific Valuation Date. Nevertheless the Lockin Condition may still be satisfied on later Valuation Dates.

BasketPerf_L(t) means the performance of the Melting Selection on the Valuation Date indexed "t", associated with, if need be, one or several Observation Dates Sets. Its value is calculated using one of the formulae specified in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms.

Final Redemption

The Redemption Amount per Calculation Amount is equal to:

$$\times [100\% - \text{DownsideCondition} \times (1 - \text{SafeCondition}) \times \text{Vanilla}_{44}]$$

Where

$$\text{Vanilla}_{44} = \text{Min} (\text{Cap}_4, \text{Max} (\text{K}_4 - \text{BasketPerf}_4(\text{T}), \text{Floor}_4))$$

$$\begin{aligned} \text{DownsideCondition} &= 1 \text{ if } \text{BasketPerf}_5(\text{T}) < \text{B} \\ &= 0 \text{ if not} \end{aligned}$$

And **SafeCondition** = 1 if on any Valuation Date indexed "t", the following Safe Condition has been satisfied at least once:

$$\text{BasketPerf}_5(\text{t}) \geq \text{S}(\text{t})$$

For the avoidance of doubt, if the condition above has never been satisfied on any Valuation Date, then SafeCondition is deemed to be equal to 0 (zero).

S(t) means the percentage specified in the Final Terms. If S(t) is specified as being Not Applicable for a Valuation Date indexed "t", then the Safe Condition cannot be satisfied on this specific Valuation Date. Nevertheless the Safe Condition may still be satisfied on later Valuation Dates.

BasketPerf_S(t) means the performance of the Melting Selection on the Valuation Date indexed "t", associated with, if need be, one or several Observation Dates Sets. Its value is calculated using one of the formulae specified in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms.

B means the percentage specified in the Final Terms. If B is specified as being Not Applicable in the Final Terms, then DownsideCondition = 1 in any event.

Cap₄ means the percentage specified in the Final Terms.

Floor₄ means the percentage specified in the Final Terms.

K₄ means the percentage specified in the Final Terms.

BasketPerf₄(T), BasketPerf₅(T) mean performances of the Melting Selection on the last Valuation Date, associated with, if need be, one or several Observation Dates Sets. Each of their respective values is calculated using one of the formulae specified in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms. It should be noted that the formula used to calculate "BasketPerf_i(t)" may be different from

the formula used to calculate "BasketPerf_j(t)", when the subscript "i" is different from the subscript "j".

Redemption at the Option of the Issuer and/or Redemption at the Option of Noteholders

If specified as applicable in the Final Terms, the Noteholder can request the early redemption of the Note on any Valuation Date specified in the Final Terms. If specified as applicable in the Final Terms, the Issuer can request the early redemption of the Notes on any Valuation Date specified in the Final Terms.

The Optional Redemption Amount per Calculation Amount is equal to:

$$\text{Calculation Amount} \times [100\% + \text{Vanilla}_{er}(t)]$$

With

$$\begin{aligned} & \text{Vanilla}_{er}(t) \\ = & \text{Coupon}_{er}(t) \\ & + G_{er}(t) \times \text{Min} \left(\text{Cap}_{er}(t), \text{Max} \left(\text{BasketPerf}_{er}(t) - K_{er}(t), \text{Floor}_{er}(t) \right) \right) \end{aligned}$$

And:

Coupon_{er}(t) means an interest rate as specified in the Final Terms.

G_{er}(t) means the percentages specified in the Final Terms.

Cap_{er}(t) means the percentages specified in the Final Terms.

Floor_{er}(t) means the percentages specified in the Final Terms.

K_{er}(t) means the percentages specified in the Final Terms.

BasketPerf_{er}(t), mean the performance of the Melting Selection on the Valuation Date indexed "t", associated with, if need be, one or several Observation Dates Sets. Its value is calculated using one of the formulae specified in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms.

If Redemption by Physical Delivery is specified as applicable in the Final Terms, the Notes will be redeemed by Physical Delivery in accordance with the relevant terms specified in paragraphs "Redemption by Physical Delivery" and "Provisions applicable to Physical Delivery Notes" only if the following conditions are met:

$$\text{DownsideCondition} = 1, \text{SafeCondition} = 0 \text{ and } \text{BasketPerf}_4(T) < K_4$$

Autocall New Chance:

The Autocall New Chance includes a melting mechanism which removes the Underlyings from the Selection according to the ranking (the lowest) of their Individual Performances. The Automatic Early Redemption Amount and the Final Redemption Amount are calculated using only the Individual Performances of Underlyings left in the Selection.

On each Valuation Date indexed "t", the Underlyings whose Individual Performances $\text{IndivPerf}(i,t)$ are amongst the $L(t)$ lowest Individual Performances and are lower than $M(t)$, are removed from the Selection and therefore shall not be used for the purpose of calculating any subsequent interest amount, the Automatic Early Redemption Amount and the Final Redemption Amount and other conditions.

Where:

L(t) means a number, as specified in the Final Terms.

M(t) means the percentage specified in the Final Terms.

IndivPerf(i,t) means, in respect of an Underlying indexed "i" in the Selection, the Individual Performance of such Underlying on the Valuation Date indexed "t". Its value is calculated using one of the formulae listed in 1.1 (Common Definitions), with regard to the definition of "Individual Performance", as specified in the Final Terms.

On each Valuation Date indexed "t", an interest amount, paid on the Payment Date indexed "t", unless this Valuation Date falls after the occurrence of an Automatic Early Redemption Event, is calculated in accordance with the following formula:

PhoenixCoupon(t)

$$= \text{Calculation Amount} \times [\text{Coupon1}(t) + (\text{Coupon2}(t) - \text{MemoryCoupon}(t)) \times \text{UpsideCondition}(t)]$$

$$\text{UpsideCondition}(t) = 1 \text{ if } \text{BasketPerf1}(t) \geq H(t)$$

$$= 0 \text{ if not}$$

Where:

Coupon₁(t) means an interest rate as specified in the Final Terms.

Coupon₂(t) means an interest rate as specified in the Final Terms.

H(t) means the percentage specified in the Final Terms. If "H(t)" is specified as being Not Applicable, then $\text{UpsideCondition}(t) = 0$ in any event.

BasketPerf₁(t) means a performance of the Selection on the Valuation Date indexed "t", associated, if need be, with an Observation Dates Set. Its value is calculated using one of the formulae listed in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms; for the avoidance of doubt, Underlyings removed from the Selection on a previous Valuation Date are not used and are not treated as part of the Selection for the purpose of calculating this performance.

Automatic Early Redemption of the Notes is triggered on any Valuation Date indexed "t" where $\text{CallCondition}(t) = 1$

With:

$$\text{CallCondition}(t) = 1 \text{ if } \text{BasketPerf2}(t) \geq R(t)$$

$$= 0 \text{ if not}$$

Where:

R(t) means the percentage specified in the Final Terms. If "R(t)" is specified as being Not Applicable, then $\text{CallCondition}(t) = 0$ in any event.

BasketPerf₂(t) means a performance of the Selection on the Valuation Date indexed "t", associated, if needs be, with an Observation Dates Set. Its value is calculated using one of the formulae listed in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms; for the avoidance of doubt, Underlyings removed from the Selection on a previous Valuation Date are not used and are not treated as part of the Selection for the purpose of calculating this performance.

In such case, the Automatic Early Redemption Amount per Calculation Amount payable on the Payment Date immediately following the Valuation Date "t" is equal to:

$$\text{Calculation Amount} \times (100\% + \text{Coupon3}(t) \times \text{UpsideCondition2}(t))$$

$$\text{UpsideCondition2}(t) = 1 \text{ if } \text{BasketPerf3}(t) \geq \text{H2}(t)$$

$$= 0 \text{ if not}$$

Where:

Coupon3(t) means an interest rate as specified in the Final Terms.

H2(t) means the percentage specified in the Final Terms. If H2(t) is specified as being Not Applicable, then UpsideCondition(t) = 0 in any event.

BasketPerf3(t) means a performance of the Selection on the Valuation Date indexed "t", associated, if needs be, with an Observation Dates Set. Its value is calculated using one of the formulae listed in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms; for the avoidance of doubt, Underlyings removed from the Selection on a previous Valuation Date are not used and are not treated as part of the Selection for the purpose of calculating this performance.

If the Automatic Early Redemption condition is never satisfied, the Final Redemption Amount per Note is equal to:

$$\text{Calculation Amount} \times (100\% - \text{Vanilla} \times \text{DownsideCondition})$$

Where:

$$\text{Vanilla} = G \times \text{Min}(\text{Cap}, \text{Max}((K - \text{BasketPerf4}(T)), \text{Floor}))$$

And:

$$\text{DownsideCondition} = 1 \text{ if } \text{BasketPerf5}(T) < B$$

$$= 0 \text{ if not}$$

With:

G means a percentage specified in the Final Terms.

Cap means a percentage specified in the Final Terms.

Floor means a percentage specified in the Final Terms.

K means a percentage specified in the Final Terms.

B means a percentage specified in the Final Terms. If "B" is specified as being Not Applicable, then DownsideCondition = 1 in any event.

BasketPerf4(T), **BasketPerf5(T)** mean performances of the Selection on the last Valuation Date, associated with, if needs be, one or several Observation Dates Sets. Each of their respective values is calculated using one of the formulae specified in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms. It should be noted that the formula used to calculate "BasketPerfi(T)" may be different from the formula used to calculate "BasketPerfj(T)", when the subscript "i" is different from the subscript "j"; for the avoidance of doubt, Underlyings removed from the Selection

on a previous Valuation Date are not used and are not treated as part of the Selection for the purpose of calculating these performances.

If Redemption by Physical Delivery are specified as applicable in the Final Terms, the Notes will be redeemed by Physical Delivery in accordance with the relevant terms specified in paragraphs "Redemption by Physical Delivery" and "Provisions applicable to Physical Delivery Notes" only if the following conditions are met:

DownsideCondition = 1 and $\text{BasketPerf}_4(T) < K$

Domino Phoenix The Domino Phoenix may pay a conditional or guaranteed interest amount on each Payment Date according to the performance of each underlying in the Selection. Automatic Early Redemption may occur before the maturity of the Note. At maturity, the Notes may be redeemed below par if some underlyings in the Selection end below a given level.

On each Valuation Date indexed "t", an interest amount, paid on the Payment Date indexed "t", unless it falls after the occurrence of an Automatic Early Redemption Event, is calculated in accordance with the following formula:

PhoenixCoupon(t) = Calculation Amount × [Coupon₁(t) + (Coupon₂(t) × UpsideCondition(t))]

Where:

$$\text{UpsideCondition}(t) = \sum_{i=1}^n \text{UpsideCondition}(i, t)$$

UpsideCondition(i, t) = 1 if IndivPerf₁(i, t) > H(t)

= 0 if not

Where:

Coupon₁(t) means an interest rate as specified in the Final Terms.

Coupon₂(t) means an interest rate as specified in the Final Terms.

H(t) means the percentage specified in the Final Terms. If "H(t)" is specified as being Not Applicable, then UpsideCondition (t) = 0 in any event.

IndivPerf₁(i, t) means, in respect of an Underlying indexed "i" in the Selection, the Individual Performance of such Underlying on the Valuation Date indexed "t", associated, if needs be, with an Observation Dates Set. Its value is calculated using one of the formulae listed in 1.1 (Common Definitions), with regard to the definition of "Individual Performance", as specified in the Final Terms.

The Automatic Early Redemption (such occurrence being an **Automatic Early Redemption Event**) of the Note is triggered on any Valuation Date indexed "t" where:

AutoCallCondition(t) = 1

With:

AutoCallCondition(t) = 1 if BasketPerf₂(t) ≥ R(t)

= 0 if not

where:

R(t) means the percentage specified in the Final Terms. If "R(t)" is specified as being Not Applicable, then $\text{AutoCallCondition}(t) = 0$ in any event.

BasketPerf₂(t) means a performance of the Selection on the Valuation Date indexed "t", associated, if needs be, with an Observation Dates Set. Its value is calculated using one of the formulae listed in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms.

In such case, the Automatic Early Redemption Amount per Calculation Note payable on the Payment Date immediately following the Valuation Date "t" is equal to:

$$\text{Calculation Amount} \times (100\% + \text{Coupon}_3(t) \times \text{UpsideCondition}_2(t))$$

With:

$$\text{UpsideCondition}_2(t) = 1 \text{ if } \text{BasketPerf}_3(t) \geq H_2(t)$$

$$= 0 \text{ if not}$$

Where:

Coupon₃(t) means an interest rate as specified in the Final Terms.

H₂(t) means the percentage specified in the Final Terms. If "H₂(t)" is specified as being Not Applicable, then $\text{UpsideCondition}_2(t) = 0$ in any event.

BasketPerf₃(t) means a performance of the Selection on the Valuation Date indexed "t", associated, if needs be, with an Observation Dates Set. Its value is calculated using one of the formulae listed in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms.

If the Automatic Early Redemption condition is never satisfied, then the Final Redemption Amount per Calculation Amount at maturity is equal to:

$$\text{Calculation Amount} \times \text{Max}(\text{GlobalFloor}, 100\% + \text{FinalCoupon} - \text{Penalty} - \text{Vanilla} \times \text{DownsideCondition})$$

Where:

$$\text{Vanilla} = G \times \text{Min}(\text{Cap}, \text{Max}((K - \text{BasketPerf}_5(T)), \text{Floor}))$$

$$\text{DownsideCondition} = 1 \text{ if } \text{BasketPerf}_6(T) < B$$

$$= 0 \text{ if not}$$

$$\text{Penalty} = C \times \sum_{i=1}^n \text{DownsideCondition}(i)$$

$$\text{DownsideCondition}(i) = 1 \text{ if } \text{IndivPerf}(i, T) < B\text{Indiv}$$

$$= 0 \text{ if not}$$

And

$$\text{FinalCoupon} = \text{Coupon}_4 + \text{Vanilla}_5 \times \text{UpsideCondition}_3$$

$$\text{Vanilla}_5 = \text{Coupon}_5 + G_5 \times \text{Min}(\text{Cap}_5, \text{Max}((\text{BasketPerf}_7(T) - K_5), \text{Floor}_5))$$

$$\text{UpsideCondition}_3 = 1 \text{ if } \text{BasketPerf}_8(T) \geq H_3$$

$$= 0 \text{ if not}$$

where:

C means a percentage specified in the Final Terms

n is the number of Underlyings in the Selection

Coupon₄ means an interest rate as specified in the Final Terms.

Coupons₅ means an interest rate as specified in the Final Terms.

H₃ means the percentage specified in the Final Terms. If **H₃** is specified as being Not Applicable, then $\text{UpsideCondition}_3 = 0$ in any event.

G means the percentage specified in the Final Terms.

G₅ means the percentage specified in the Final Terms.

Cap means the percentage specified in the Final Terms.

Caps₅ means the percentage specified in the Final Terms.

Floor means the percentage specified in the Final Terms.

Floors₅ means the percentage specified in the Final Terms.

K means the percentage specified in the Final Terms.

K₅ means the percentage specified in the Final Terms.

B means the percentage specified in the Final Terms. If "B" is specified as being Not Applicable, then $\text{DownsideCondition} = 1$ in any event.

BIndiv means the percentage specified in the Final Terms. If "BIndiv" is specified as being Not Applicable, then $\text{DownsideCondition} = 1$ in any event.

GlobalFloor means a percentage specified in the Final Terms.

BasketPerf₅(T), **BasketPerf₆(T)**, **BasketPerf₇(T)**, **BasketPerf₈(T)** mean performances of the Selection on the last Valuation Date, associated with, if needs be, one or several Observation Dates Sets. Each of their respective values is calculated using one of the formulae specified in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms. It should be noted that the formula used to calculate "BasketPerf_i(T)" may be different from the formula used to calculate "BasketPerf_j(T)", when the subscript "i" is different from the subscript "j".

IndivPerf(i, T) means, in respect of an Underlying indexed "i" in the Selection, the Individual Performance of such Underlying on the last Valuation Date. Its value is calculated using one of the formulae listed in 1.1 (Common Definitions), with regard to the definition of "Individual Performance", as specified in the Final Terms.

If Redemption by Physical Delivery is specified as applicable in the Final Terms, the Notes will be redeemed by Physical Delivery in accordance with the relevant terms specified in paragraphs "Redemption by Physical Delivery" and "Provisions applicable to Physical Delivery Notes" only if the following conditions are met:

$\text{DownsideCondition} = 1$ and $\text{BasketPerf}_5(T) < K$

**Absolute
Autocall**

The Absolute Autocall pays a conditional interest amount on each Payment Date. Noteholders may benefit from the Memory Effect, which triggers payment of any

previously unpaid interest amounts. Automatic early redemption may occur during the term of the Notes.

The Automatic Early Redemption of the product is triggered on any Valuation Date indexed "t" where:

$$\mathbf{AutoCallCondition(t) = 1}$$

$$\mathbf{AutoCallCondition(t) = 1 \text{ if } BasketPerf_1(t) \geq R(t)}$$

$$\mathbf{= 0 \text{ if not}}$$

where:

R(t) means the percentage specified in the Final Terms. If "R(t)" is specified as being Not Applicable, then AutoCallCondition(t) = 0 in any event.

BasketPerf₁(t) means a performance of the Selection on the Valuation Date indexed "t", associated, if need be, with an Observation Dates Set. Its value is calculated using one of the formulae listed in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms.

In this case, the Automatic Early Redemption Amount per Calculation Amount payable on the Payment Date following immediately the Valuation Date "t" is equal to:

$$\mathbf{Calculation \ Amount \times (100\% + AutoCallCoupon(t))}$$

$$\mathbf{AutoCallCoupon(t) = Coupon_1(t) + Vanilla_2(t) \times UpsideCondition(t)}$$

$$\mathbf{Vanilla_2(t) = Coupon_2(t) + G_2(t) \times \text{Min}(Cap_2(t), \text{Max}(BasketPerf_2(t) - K_2(t), Floor_2(t)))}$$

$$\mathbf{UpsideCondition(t) = 1 \text{ if } BasketPerf_3(t) \geq H(t)}$$

$$\mathbf{= 0 \text{ if not}}$$

Where:

Coupon₁(t) means an interest rate as specified in the Final Terms.

Coupon₂(t) means an interest rate as specified in the Final Terms.

G₂(t) means the percentage specified in the Final Terms.

Cap₂(t) means the percentage specified in the Final Terms.

Floor₂(t) means the percentage specified in the Final Terms.

K₂(t) means the percentage specified in the Final Terms.

H(t) means the percentage specified in the Final Terms. If "H(t)" is specified as being Not Applicable, then UpsideCondition(t) = 0 in any event.

BasketPerf₂(t), BasketPerf₃(t) means performances of the Selection on the Valuation Date indexed "t", associated, if need be, with an Observation Dates Set. Its value is calculated using one of the formulae listed in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms. It should be noted that the formula used to calculate "BasketPerf_i(t)" may be different from the formula used to calculate "BasketPerf_j(t)", when the subscript "i" is different from the subscript "j".

If the Automatic Early Redemption condition is not satisfied, the Final Redemption Amount per Calculation Amount is equal to:

$$\text{Calculation Amount} \times (100\% + \text{FinalCoupon} - \text{Vanilla} \times \text{DownsideCondition} \times (1 - \text{UpsideCondition}_4))$$

Where:

$$\text{Vanilla} = G \times \text{Min}(\text{Cap}, \text{Max}((K - \text{BasketPerf}_5(T)), \text{Floor}))$$

$$\text{DownsideCondition} = 1 \text{ if } \text{BasketPerf}_6(T) < B$$

$$= 0 \text{ if not}$$

And:

$$\text{FinalCoupon} = (\text{Vanilla}_8 \times (1 - \text{DownsideCondition})) + (\text{Vanilla}_4 \times \text{UpsideCondition}_4)$$

$$\text{Vanilla}_4 = \text{Coupon}_4 + G_4 \times \text{Min}(\text{Cap}_4, \text{Max}(\text{Type}_4 \times (\text{BasketPerf}_4(T) - K_4), \text{Floor}_4))$$

$$\text{Vanilla}_8 = \text{Coupon}_8 + G_8 \times \text{Min}(\text{Cap}_8, \text{Max}(\text{Type}_8 \times (\text{BasketPerf}_8(T) - K_8), \text{Floor}_8))$$

$$\text{UpsideCondition}_4 = 1 \text{ if } \text{BasketPerf}(T) > H_4$$

$$= 0 \text{ if not}$$

where:

Coupon₈ means an interest rate as specified in the Final Terms.

Coupon₄ means an interest rate as specified in the Final Terms.

G means the percentage specified in the Final Terms.

G₄ means the percentage specified in the Final Terms.

G₈ means the percentage specified in the Final Terms.

Cap means the percentage specified in the Final Terms.

Cap₄ means the percentage specified in the Final Terms.

Cap₈ means the percentage specified in the Final Terms.

Floor means the percentage specified in the Final Terms.

Floor₄ means the percentage specified in the Final Terms.

Floor₈ means the percentage specified in the Final Terms.

K means the percentage specified in the Final Terms.

K₄ means the percentage specified in the Final Terms.

K₈ means the percentage specified in the Final Terms.

B means the percentage specified in the Final Terms. If "B" is specified as being Not Applicable, then DownsideCondition = 1 in any event.

H₄ means the percentage specified in the Final Terms. If "H₄" is specified as being Not Applicable, then $UpsideCondition_4 = 0$ in any event.

Type₄ means a percentage specified in the Final Terms.

Type₈ means a percentage specified in the Final Terms.

BasketPerf₃(T), **BasketPerf₄(T)**, **BasketPerf₅(T)**, **BasketPerf₆(T)**, **BasketPerf₇(T)**, **BasketPerf₈(T)** mean performances of the Selection on the last Valuation Date, associated with, if need be, one or several Observation Dates Sets. Each of their respective values is calculated using one of the formulae specified in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms. It should be noted that the formula used to calculate "BasketPerf_i(T)" may be different from the formula used to calculate "BasketPerf_j(T)", when the subscript "i" is different from the subscript "j".

If Redemption by Physical Delivery is defined as Applicable in the Final Terms, the Notes will be redeemed by Physical Delivery in accordance with the relevant terms specified in paragraphs "Redemption by Physical Delivery" and "Provisions applicable to Physical Delivery Notes" only if the following conditions are met:

$DownsideCondition = 1$, $UpsideCondition_4 = 0$ and $BasketPerf_5(T) < K$

Generic Vanilla Series

Generic Vanilla Series is a generic flows structure that may include periodic returns as well as a variable redemption amount. On each Valuation Date indexed "t", an interest amount linked to an interest rate or the performance of the Selection is potentially paid on the Payment Date indexed "t". At maturity, the redemption amount may be different than the Denomination of the Note, in accordance with a formula that depends on the final performance of the Selection. If specified as applicable in the Final Terms, the Noteholders and/or the Issuer can require the early redemption of the Notes on Early Redemption Valuation Dates specified in the Final Terms. In addition, if applicable, the Notes could be subject to automatic early redemption if a condition related to the performance of the Selection is satisfied.

Coupons

On each Valuation Date indexed "t", an interest amount is calculated in accordance with the following formula:

$$\text{Coupon}(t) = \text{Calculation Amount} \times \text{CouponRate}(t)$$

If the value of Coupon(t) is positive, then such amount will be paid in respect of each Note on the Payment Date indexed "t".

CouponRate(t) is equal to:

- **Case 1:** If the Lockin Condition has been satisfied at least once on any Valuation Date prior to or upon the current Valuation Date indexed "t", then:

$$\text{CouponRate}(t) = \text{CouponLockin}(t)$$

- **Case 2:** If the Lockin Condition has never been satisfied on any Valuation Date prior to or upon the current Valuation Date indexed "t", then:

$$\text{CouponRate}(t) = \text{CouponAmount}(t) - \text{MemoryAmount}(t)$$

With

$$\text{CouponAmount}(t) = \text{Min}(\text{GC}(t), \text{Max}(\text{ConditionalCoupon}(t), \text{GF}(t)))$$

$$\text{ConditionalCoupon}(t) = [\text{Vanilla}_{A1}(t) + \text{Vanilla}_{B1}(t)] \times \text{Condition}_1(t) + [\text{Vanilla}_{A2}(t) + \text{Vanilla}_{B2}(t)] \times \text{Condition}_2(t)$$

$$\text{MemoryAmount}(t) = \text{MemoryCoupon}(t) \times \text{MemoryCondition}(t)$$

The value of each $\text{CouponRate}(t)$ is the sum of four interest amounts ($\text{Vanilla}_{A1}(t)$, $\text{Vanilla}_{B1}(t)$, $\text{Vanilla}_{A2}(t)$ and $\text{Vanilla}_{B2}(t)$) determined by reference to the performance of the Selection. Their payment is conditional upon the occurrence of market events. They are calculated as follows:

$$\text{Vanilla}_{A1}(t) = \text{Coupon}_{A1}(t) + \mathbf{G}_{A1}(t) \times \text{Min}(\mathbf{Cap}_{A1}(t), \text{Max}(\mathbf{Type}_{A1}(t) \times (\text{BasketPerf}_{A1}(t) - \mathbf{K}_{A1}(t)), \mathbf{Floor}_{A1}(t)))$$

$$\text{Vanilla}_{B1}(t) = \text{Coupon}_{B1}(t) + \mathbf{G}_{B1}(t) \times \text{Min}(\mathbf{Cap}_{B1}(t), \text{Max}(\mathbf{Type}_{B1}(t) \times (\text{BasketPerf}_{B1}(t) - \mathbf{K}_{B1}(t)), \mathbf{Floor}_{B1}(t)))$$

$$\text{Vanilla}_{A2}(t) = \text{Coupon}_{A2}(t) + \mathbf{G}_{A2}(t) \times \text{Min}(\mathbf{Cap}_{A2}(t), \text{Max}(\mathbf{Type}_{A2}(t) \times (\text{BasketPerf}_{A2}(t) - \mathbf{K}_{A2}(t)), \mathbf{Floor}_{A2}(t)))$$

$$\text{Vanilla}_{B2}(t) = \text{Coupon}_{B2}(t) + \mathbf{G}_{B2}(t) \times \text{Min}(\mathbf{Cap}_{B2}(t), \text{Max}(\mathbf{Type}_{B2}(t) \times (\text{BasketPerf}_{B2}(t) - \mathbf{K}_{B2}(t)), \mathbf{Floor}_{B2}(t)))$$

Conditions are valued using the following formulas:

$$\text{Condition}_1(t) = 1 \text{ if } \text{BasketPerf}_{H1}(t) \geq H_1(t) \text{ and } \text{BasketPerf}_{L1}(t) \leq L_1(t)$$

Otherwise, $\text{Condition}_1(t) = 0$

$$\text{Condition}_2(t) = 1 \text{ if } \text{BasketPerf}_{H2}(t) \geq H_2(t) \text{ and } \text{BasketPerf}_{L2}(t) \leq L_2(t)$$

Otherwise, $\text{Condition}_2(t) = 0$

$$\text{MemoryCondition}(t) = 1 \text{ if } \text{Condition}_1(t) = 1 \text{ or } \text{Condition}_2(t) = 1$$

Otherwise, $\text{MemoryCondition}(t) = 0$

$\text{Coupon}_{A1}(t)$, $\text{Coupon}_{B1}(t)$, $\text{Coupon}_{A2}(t)$, $\text{Coupon}_{B2}(t)$, $\text{CouponLockin}(t)$ mean interest rates as specified in the Final Terms.

$\mathbf{G}_{A1}(t)$, $\mathbf{G}_{B1}(t)$, $\mathbf{G}_{A2}(t)$, $\mathbf{G}_{B2}(t)$ mean the percentages specified in the Final Terms.

$\mathbf{Cap}_{A1}(t)$, $\mathbf{Cap}_{B1}(t)$, $\mathbf{Cap}_{A2}(t)$, $\mathbf{Cap}_{B2}(t)$ mean the percentages specified as such in the Final Terms.

$\mathbf{Floor}_{A1}(t)$, $\mathbf{Floor}_{B1}(t)$, $\mathbf{Floor}_{A2}(t)$, $\mathbf{Floor}_{B2}(t)$ mean the percentages specified as such in the Final Terms.

$\mathbf{K}_{A1}(t)$, $\mathbf{K}_{B1}(t)$, $\mathbf{K}_{A2}(t)$, $\mathbf{K}_{B2}(t)$ mean the percentages specified as such in the Final Terms.

$\mathbf{Type}_{A1}(t)$, $\mathbf{Type}_{B1}(t)$, $\mathbf{Type}_{A2}(t)$, $\mathbf{Type}_{B2}(t)$ mean a number equal to (-1) or (1), as specified as such in the Final Terms.

$\mathbf{H}_1(t)$ means the percentage specified as such in the Final Terms. If " $\mathbf{H}_1(t)$ " is specified as Not Applicable, then:

$$\text{Condition}_1(t) = 1 \text{ if } \text{BasketPerf}_{L1}(t) \leq L_1(t)$$

Otherwise, $\text{Condition}_1(t) = 0$

$L_1(t)$ means the percentage specified as such in the Final Terms. If " $L_1(t)$ " is specified as Not Applicable, then:

- If $L_1(t)$ is not specified as being Not Applicable, then:

$Condition_1(t) = 1$ if $BasketPerf_{H_1}(t) \geq H_1(t)$

Otherwise, $Condition_1(t) = 0$

- If $H_1(t)$ is specified as being Not Applicable as well, then $Condition_1(t) = 0$ in any event.

$H_2(t)$ means the percentage specified as such in the Final Terms. If " $H_2(t)$ " is specified as Not Applicable, then:

$Condition_2(t) = 1$ if $BasketPerf_{L_2}(t) \leq L_2(t)$

Otherwise, $Condition_2(t) = 0$

$L_2(t)$ means the percentage specified as such in the Final Terms. If " $L_2(t)$ " is specified as Not Applicable, then:

- If $H_2(t)$ is not specified as being Not Applicable, then:

$Condition_2(t) = 1$ if $BasketPerf_{H_2}(t) \geq H_2(t)$

Otherwise, $Condition_2(t) = 0$

- If $H_2(t)$ is specified as being Not Applicable as well, then $Condition_2(t) = 0$ in any event.

$GF(t)$, $GC(t)$ mean the percentages specified as such in the Final Terms.

$BasketPerf_{A_1}(t)$, $BasketPerf_{B_1}(t)$, $BasketPerf_{A_2}(t)$, $BasketPerf_{B_2}(t)$, $BasketPerf_{H_1}(t)$, $BasketPerf_{L_1}(t)$, $BasketPerf_{H_2}(t)$, $BasketPerf_{L_2}(t)$ mean performances of the Selection, as specified in the Final Terms, on the Valuation Date indexed " t ", associated with, if applicable, one or several Observation Dates Sets. Each of their respective values is calculated using one of the formulae specified in Common Definitions, under the definition of "BasketPerf", as specified in the Final Terms. It should be noted that the formula used to calculate " $BasketPerf_i(t)$ " may be different from the formula used to calculate " $BasketPerf_j(t)$ ", when the subscript " i " is different from the subscript " j ".

Lockin Condition

The **Lockin Condition** is deemed to be satisfied on any Valuation Date indexed " t " where

$BasketPerf_{Lock}(t) \geq Lock(t)$

Lock(t) means the percentage specified as such in the Final Terms. If $Lock(t)$ is specified as being Not Applicable for a Valuation Date indexed " t ", then the Lockin Condition cannot be satisfied on such specific Valuation Date. Nevertheless the Lockin Condition may still be satisfied on later Valuation Dates.

$BasketPerf_{Lock}(t)$ means a performance of the Selection, as specified in the Final Terms, on the Valuation Date indexed " t ", associated with, if applicable, one or several Observation Dates Sets. Its value is calculated using one of the formulae specified in 1.1 (Common Definitions), under the definition of "BasketPerf", as specified in the Final Terms.

Final Redemption

The Final Redemption Amount per Calculation Amount is determined by the Calculation Agent in accordance with the following formula:

$$\text{Calculation Amount} \times [100\% + \text{FinalCoupon} - \text{DownsideCondition} \times (1 - \text{SafeCondition}) \times \text{Vanilla}_D]$$

Where

$$\text{Vanilla}_D = \text{Min} (\text{Cap}_D, \text{Max} (\text{K}_D - \text{BasketPerf}_D (T), \text{Floor}_D))$$

And

$$\text{DownsideCondition} = 1 \text{ if } \text{BasketPerf}_{DC}(T) < B$$

$$= 0 \text{ if not}$$

And **SafeCondition = 1** if on any Valuation Date indexed "t", the following condition has been satisfied at least once:

$$\text{BasketPerf}_S (t) \geq S(t)$$

For the avoidance of doubt, if the condition above has never been satisfied on any Valuation Date, then SafeCondition is deemed to be equal to 0 (zero).

S(t) means the percentage specified as such in the Final Terms. If S(t) is specified as being Not Applicable for a Valuation Date indexed "t", then the Safe Condition cannot be satisfied on such specific Valuation Date. Nevertheless the Safe Condition may still be satisfied on later Valuation Dates.

BasketPerf_S (t) means a performance of the Selection, as specified in the Final Terms, on the Valuation Date indexed "t", associated with, if applicable, one or several Observation Dates Sets. Its value is calculated using one of the formulae specified in 1.1 (Common Definitions), under the definition of "BasketPerf", as specified in the Final Terms.

B means the percentage specified as such in the Final Terms. If B is specified as being Not Applicable in the Final Terms, then DownsideCondition = 1 in any event.

Cap_D means the percentage specified as such in the Final Terms.

Floor_D means the percentage as such specified in the Final Terms.

K_D means the percentage specified as such in the Final Terms.

BasketPerf_D (T), BasketPerf_{DC} (T) mean performances of the Selection, as specified in the Final Terms, on the last Valuation Date, associated with, if applicable, one or several Observation Dates Sets. Each of their respective values is calculated using one of the formulae specified in Common Definitions, under the definition of "BasketPerf", as specified in the Final Terms.

Final Coupon is defined as below:

$$\text{FinalCoupon} = \text{Coupon}_F \times (1 - \text{DownsideCondition}) + \text{Coupon}_F \times \text{UpsideCondition}_F + G_F \times \text{Min} (\text{Cap}_F, \text{Max} (\text{BasketPerf}_F (T) - K_F, \text{Floor}_F))$$

With

$$\text{UpsideCondition}_F = 1 \text{ if } \text{BasketPerf}_F (T) \geq HP$$

Otherwise, $\text{UpsideCondition}_P = 0$

Coupon_F means the percentage specified as such in the Final Terms.

Coupon_P means the percentage specified as such in the Final Terms.

G_F means the percentage specified as such in the Final Terms.

Cap_F means the percentage specified as such in the Final Terms.

K_F means the percentage specified as such in the Final Terms.

Floor_F means the percentage specified as such in the Final Terms.

H_P means the percentage specified as such in the Final Terms. If "H_P" is specified as Not Applicable, then $\text{UpsideCondition}_P = 0$ in any event.

BasketPerf_F (T), BasketPerf_P (T) mean performances of the Selection, as specified in the Final Terms, on the last Valuation Date, associated with, if applicable, one or several Observation Dates Sets. Each of their respective values is calculated using one of the formulae specified in 1.1 (Common Definitions), under the definition of "BasketPerf", as specified in the Final Terms.

Early Redemption

If specified as applicable in the Final Terms, the Noteholder can require the early redemption of the Note on a set of Valuation Dates specified in the Final Terms.

If specified as applicable in the Final Terms, the Issuer can redeem the Notes early on a set of Valuation Dates specified in the Final Terms.

If specified as applicable in the Final Terms, an automatic early redemption of the Notes can occur on a set of Valuation Date specified in the Final Terms.

Optional Early Redemption

If early redemption at the option of the Issuer or the Noteholder is specified as applicable, then the Optional Redemption of the Notes can be activated on any Early Redemption Valuation Date indexed "t". The Optional Redemption Amount, payable on the immediately following Early Valuation Payment Date, shall be determined by the Calculation Agent in accordance with the following formula:

Calculation Amount $\times [100\% + \text{Vanilla}_E(t)]$

Automatic Early Redemption

In case an automatic early redemption is specified as applicable:

The Automatic Early Redemption of the Notes is triggered on any Early Redemption Valuation Date indexed "t" if the condition "**Condition_{AE} (t) = 1**" is satisfied:

Condition_{AE} (t) = 1 if $\text{BasketPerf}_{AE}(t) \geq R(t)$

Otherwise, $\text{Condition}_{AE}(t) = 0$

R(t) means the percentage specified in the Final Terms. If "R(t)" is specified as being Not Applicable, then $\text{AutoCallCondition1}(t) = 0$ in any event.

Then all the Notes shall be Automatically redeemed on the immediately following Early Redemption Payment Date, and the Automatic Early Redemption Amount shall be determined by the Calculation Agent in accordance with the following formula:

Calculation Amount \times [100% + **Vanilla_E(t)**]

In both cases (Optional Redemption or Automatic Redemption), **Vanilla_E(t)** is calculated in accordance with the following formula:

Vanilla_E(t) = Coupon_E(t) + G_E(t) \times Min (Cap_E(t), Max (BasketPerf_E(t) - K_E(t), Floor_E(t)))

And:

Coupon_E(t) means an interest rate as specified in the Final Terms.

G_E(t) means the percentage specified as such in the Final Terms.

Cap_E(t) means the percentage specified as such in the Final Terms.

Floor_E(t) means the percentage specified as such in the Final Terms.

K_E(t) means the percentage specified as such in the Final Terms.

R_E(t) means the percentage specified in the Final Terms.

BasketPerf_E(t) means a performance the Selection, as specified in the Final Terms, on the Valuation Date indexed "t", associated with, if applicable, one or several Observation Dates Sets. Its value is calculated using one of the formulae specified in 1.1 (Common Definitions), under the definition of "BasketPerf", as specified in the Final Terms.

BasketPerf_E(t), BasketPerf_{AE}(t) mean a performance the Selection, as specified in the Final Terms, on the Valuation Date indexed "t", associated with, if applicable, one or several Observation Dates Sets. Its value is calculated using one of the formulae specified in 1.1 (Common Definitions), under the definition of "BasketPerf", as specified in the Final Terms.

Early Redemption Valuation Dates mean any Valuation Date specified as such in the Final Terms.

Early Redemption Payment Dates mean any Payment Date specified as such in the Final Terms.

If Redemption by Physical Delivery is defined as Applicable in the Final Terms, the Notes will be redeemed by Physical Delivery in accordance with the relevant terms specified in paragraphs "Redemption by Physical Delivery" and "Provisions applicable to Physical Delivery Notes" only if the following conditions are met:

DownsideCondition = 1, SafeCondition = 0 and $\text{BasketPerf}_D(T) < K_D$

Phoenix Target

The Phoenix Target may pay a conditional or guaranteed interest amount on each Valuation Date. If applicable, Noteholders may benefit from the Memory Effect, which triggers payment of any previously unpaid interest amounts. Automatic early redemption may occur during the term of the Notes. Early redemption or capital guarantee may be activated depending on the number of occurrences where performance of the Selection is above target levels.

On each Valuation Date indexed "t", an interest amount, paid on the Payment Date indexed "t", unless this Valuation Date falls after the occurrence of an Automatic Early Redemption Event, is calculated in accordance with the following formula:

$$\text{PhoenixCoupon}(t) = \text{Calculation Amount} \times [\text{Coupon}_1(t) + (\text{Coupon}_2(t) - \text{MemoryCoupon}(t)) \times \text{UpsideCondition}_1(t) \times \text{DownsideCondition}_1(t)]$$

$$\text{UpsideCondition}(t) = 1 \text{ if } \text{BasketPerf}_1(t) \geq H_1(t)$$

$$\text{Otherwise, UpsideCondition}(t) = 0$$

$$\text{DownsideCondition}_1(t) = 1 \text{ if } \text{BasketPerf}_2(t) \leq B_1(t)$$

$$\text{Otherwise, DownsideCondition}_1(t) = 0$$

Where:

Coupon₁(t) means an interest rate as specified in the Final Terms.

Coupon₂(t) means an interest rate as specified in the Final Terms.

H₁(t) means the percentage specified as such in the Final Terms. If "H₁(t)" is specified as being Not Applicable, then UpsideCondition(t) = 0 in any event.

B₁(t) means the percentage specified as such in the Final Terms. If "B₁(t)" is specified as being Not Applicable, then DownsideCondition₁(t) = 1 in any event.

BasketPerf₁(t) means a performance of the Selection of Underlyings on the Valuation Date indexed "t", associated, if needs be with an Observation Dates Set. Its value is calculated using one of the formulae listed in paragraph 1.1 (Common Definitions) above under the definition of "BasketPerf" as specified in the Final Terms.

BasketPerf₁(t), BasketPerf₂(t) mean performances of the Selection on the Valuation Date indexed "t", associated with, if need be, one or several Observation Dates Sets. Each of their respective values is calculated using one of the formulae specified in 1.1 (Common Definitions), under the definition of "BasketPerf", as specified in the Final Terms.

It should be noted that the formula used to calculate "BasketPerf_i(t)" may be different from the formula used to calculate "BasketPerf_j(t)", when the subscript "i" is different from the subscript "j".

The Automatic Early Redemption of the Note is triggered on any Valuation Date indexed "t" where:

$$\text{AutoCallCondition}_1(t) = 1 \text{ or } \text{AutoCallCondition}_2(t) = 1$$

With:

$$\text{AutoCallCondition}_1(t) = 1 \text{ if } \text{BasketPerf}_3(t) \geq R(t)$$

$$\text{Otherwise, AutoCallCondition}_1(t) = 0$$

$$\text{AutoCallCondition}_2(t) = 1 \text{ if } \text{TargetSum}(t) \geq \text{TargetBarrier}_1(t)$$

$$\text{Otherwise, AutoCallCondition}_2(t) = 0$$

Where:

R(t) means the percentage specified as such in the Final Terms. If "R(t)" is specified as being Not Applicable, then AutoCallCondition₁(t) = 0 in any event.

TargetSum(t) means the sum of all UpsideCondition₁ prior to and including the Payment Date indexed "t", calculated in accordance with the following formula:

$$\text{TargetSum}(t) = \sum_{i=1}^t \text{UpsideCondition1}(i)$$

TargetBarrier₁ (t) means the percentage specified in the Final Terms. If "TargetBarrier₁(t)" is specified as being Not Applicable, then AutoCallCondition₂ (t) = 0 in any event.

BasketPerf₃(t) means a performance of the Selection on the Valuation Date indexed "t", associated, if applicable, with an Observation Dates Set. Its value is calculated using one of the formulae listed in 1.1 (Common Definitions), under the definition of "BasketPerf", as specified in the Final Terms.

In such case, the Automatic Early Redemption Amount per Note payable on the Payment Date immediately following the Valuation Date "t" is equal to:

$$\text{Specified Denomination} \times (100\% + \text{Coupon}_3(t) \times \text{UpsideCondition}_2(t))$$

With:

$$\text{UpsideCondition}_2(t) = 1 \text{ if } \text{BasketPerf}_4(t) \geq H_2(t)$$

$$\text{Otherwise, UpsideCondition}_2(t) = 0$$

Where:

Coupon₃(t) means an interest rate as specified in the Final Terms.

H₂(t) means the percentage specified in the Final Terms. If "H₂(t)" is specified as being Not Applicable, then UpsideCondition₂(t) = 0 in any event.

BasketPerf₄(t) means a performance of the Selection on the Valuation Date indexed "t", associated, if applicable, with an Observation Dates Set. Its value is calculated using one of the formulae listed in 1.1 (Common Definitions), under the definition of "BasketPerf", as specified in the Final Terms.

If the Note has never been subject to an Automatic Early Redemption, then the Final Redemption Amount per Note is equal to:

$$\text{Calculation Amount} \times [100\% + \text{FinalCoupon} - \text{Vanilla} \times \text{DownsideCondition} \times (1 - \text{UpsideCondition}_3) \times (1 - \text{UpsideCondition}_4)]$$

Where:

$$\text{Vanilla} = G \times \text{Min}(\text{Cap}, \text{Max}((K - \text{BasketPerf}_5(T)), \text{Floor}))$$

$$\text{DownsideCondition}_2 = 1 \text{ if } \text{BasketPerf}_6(T) < B$$

$$\text{Otherwise, DownsideCondition}_2 = 0$$

$$\text{UpsideCondition}_3 = 1 \text{ if } \text{BasketPerf}_7(T) \geq H_3$$

$$\text{Otherwise, DownsideCondition}_3 = 0$$

$$\text{UpsideCondition}_4 = 1 \text{ if } \text{TargetSum}(T) \geq \text{TargetBarrier}_2$$

$$\text{Otherwise, DownsideCondition}_4 = 0$$

And

FinalCoupon = (Coupon₄ × (1 - DownsideCondition₂)) + (Vanilla₅ × UpsideCondition₃)

Vanilla₅ = Coupon₅ + G₅ × Min(Cap₅, Max((BasketPerf₈(T) - K₅), Floor₅))

Where:

Coupon₄ means an interest rate as specified in the Final Terms.

Coupon₅ means an interest rate as specified in the Final Terms.

H₃ means the percentage specified as such in the Final Terms. If H₃ is specified as being Not Applicable, then UpsideCondition₃ = 0 in any event.

TargetBarrier₂ means the percentage specified as such in the Final Terms. If TargetBarrier₂ is specified as being Not Applicable, then UpsideCondition₄ = 0 in any event.

G means the percentage specified as such in the Final Terms.

G₅ means the percentage specified as such in the Final Terms.

Cap means the percentage specified as such in the Final Terms.

Cap₅ means the percentage specified as such in the Final Terms.

Floor means the percentage specified as such in the Final Terms.

Floor₅ means the percentage specified as such in the Final Terms.

K means the percentage specified as such in the Final Terms.

K₅ means the percentage specified as such in the Final Terms.

B₂ means the percentage specified as such in the Final Terms. If "B₂" is specified as being Not Applicable, then DownsideCondition = 1 in any event.

BasketPerf₅(T), BasketPerf₆(T), BasketPerf₇(T), BasketPerf₈(T) mean performances of the Selection on the final Valuation Date, associated with, if applicable, one or several Observation Dates Sets. Each of their respective values is calculated using one of the formulae specified in 1.1 (Common Definitions), under the definition of "BasketPerf", as specified in the Final Terms.

It should be noted that the formula used to calculate "BasketPerf_i(T)" may be different from the formula used to calculate "BasketPerf_j(T)", when the subscript "i" is different from the subscript "j".

If Redemption by Physical Delivery is defined as Applicable in the Final Terms, the Notes will be redeemed by Physical Delivery in accordance with the relevant terms specified in paragraphs "Redemption by Physical Delivery" and "Provisions applicable to Physical Delivery Notes" only if the following conditions are met:

DownsideCondition = 1, UpsideCondition₃ = 0, UpsideCondition₄ = 0 and BasketPerf₅(T) < K

**Restrikable
Phoenix**

The Restrikable Phoenix may pay a conditional or guaranteed interest amount on each Valuation Date. If applicable, Noteholders may benefit from the Memory Effect, which triggers payment of any previously unpaid interest amounts. Restrike of the performances and automatic early redemption may occur during the term of the Notes.

On each Valuation Date indexed "t", an interest amount, paid on the Payment Date indexed "t", unless such Valuation Date falls after the occurrence of an Automatic Early Redemption Event, is calculated in accordance with the following formula:

$$\text{PhoenixCoupon}(t) = \text{Calculation Amount} \times [\text{Coupon}_1(t) + (\text{Coupon}_2(t) - \text{MemoryCoupon}(t)) \times \text{UpsideCondition}_1(t)]$$

$$\text{UpsideCondition}_1(t) = 1 \text{ if } \text{BasketPerf}_1(t)/\text{Restrike}_1(t) \geq \text{H}_1(t)$$

$$\text{Otherwise, UpsideCondition}_1(t) = 0$$

With:

$$\text{Restrike}_1(t) = \text{X}_1(t) \text{ if } \text{BasketPerf}_2(t) \leq \text{B}_1(t)$$

$$\text{Otherwise, Restrike}_1(t) = 1$$

Where:

Coupon₁(t) means an interest rate as specified in the Final Terms.

Coupon₂(t) means an interest rate as specified in the Final Terms.

H₁(t) means the percentage specified as such in the Final Terms. If "H₁(t)" is specified as being Not Applicable, then UpsideCondition₁(t) = 0 in any event.

X₁(t) means the percentage specified as such in the Final Terms. If "X₁(t)" is specified as being Not Applicable, then Restrike₁(t) = 1 in any event.

B₁(t) means the percentage specified as such in the Final Terms. If "B₁(t)" is specified as being Not Applicable, then Restrike₁(t) = 1 in any event.

BasketPerf₁(t), **BasketPerf**₂(t) mean performances of the Selection on the final Valuation Date, associated with, if applicable, one or several Observation Dates Sets. Each of their respective values is calculated using one of the formulae specified in 1.1 (Common Definitions), under the definition of "BasketPerf", as specified in the Final Terms. It should be noted that the formula used to calculate "BasketPerf_i(t)" may be different from the formula used to calculate "BasketPerf_j(t)", when the subscript "i" is different from the subscript "j".

The Automatic Early Redemption of the Note is triggered on any Valuation Date indexed "t" where:

$$\text{AutoCallCondition}(t) = 1$$

With:

$$\text{AutoCallCondition}(t) = 1 \text{ if } \text{BasketPerf}_3(t)/\text{Restrike}_2(t) \geq \text{R}(t)$$

$$\text{Otherwise, AutoCallCondition}(t) = 0$$

$$\text{Restrike}_2(t) = \text{X}_2(t) \text{ if } \text{BasketPerf}_4(t) \leq \text{B}_2(t)$$

$$\text{Otherwise, Restrike}_2(t) = 1$$

Where:

R(t) means the percentage specified in the Final Terms. If "R(t)" is specified as being not applicable then AutoCallCondition(t) = 0 in any event.

X₂(t) means the percentage specified as such in the Final Terms. If "X₂(t)" is specified as being Not Applicable, then Restrike₂(t) = 1 in any event.

B₂(t) means the percentage specified in the Final Terms. If "B₂(t)" is specified as being Not Applicable, then Restrike₂(t) = 1 in any event.

BasketPerf₃(t), BasketPerf₄(t) mean performances of the Selection on the last Valuation Date, associated with, if applicable, one or several Observation Dates Sets. Each of their respective values is calculated using one of the formulae specified in 1.1 (Common Definitions), under the definition of "BasketPerf", as specified in the Final Terms.

It should be noted that the formula used to calculate "BasketPerf_i(t)" may be different from the formula used to calculate "BasketPerf_j(t)", when the subscript "i" is different from the subscript "j".

In such case, the Automatic Early Redemption Amount per Calculation Amount payable on the Payment Date immediately following the Valuation Date "t" is equal to:

Calculation Amount × (100% + Coupon₃(t) × UpsideCondition₂(t))

With:

UpsideCondition₂(t) = 1 if BasketPerf₅(t)/ Restrike₃(t) ≥ H₂(t)

Otherwise, UpsideCondition₂(t) = 0

Restrike₃(t) = X₃(t) if BasketPerf₆(t) ≤ B₃(t)

Otherwise, Restrike₃(t) = 1

Where:

Coupon₃(t) means an interest rate as specified in the Final Terms.

H₂(t) means the percentage specified in the Final Terms. If "H₂(t)" is specified as being Not Applicable, then UpsideCondition₂(t) = 0 in any event.

X₃(t) means the percentage specified as such in the Final Terms. If "X₃(t)" is specified as being Not Applicable, then Restrike₃(t) = 1 in any event.

B₃(t) means the percentage specified as such in the Final Terms. If "B₃(t)" is specified as being Not Applicable, then Restrike₃(t) = 1 in any event.

BasketPerf₅(t), BasketPerf₆(t) mean performances of the Selection on the last Valuation Date, associated with, if applicable, one or several Observation Dates Sets. Each of their respective values is calculated using one of the formulae specified in 1.1 (Common Definitions), under the definition of "BasketPerf", as specified in the Final Terms.

It should be noted that the formula used to calculate "BasketPerf_i(t)" may be different from the formula used to calculate "BasketPerf_j(t)", when the subscript "i" is different from the subscript "j".

If the Note has never been subject to an Automatic Early Redemption, then the Final Redemption Amount per Calculation Amount is equal to:

Calculation Amount × [100% + FinalCoupon × (1 – DownsideCondition) – Vanilla × DownsideCondition]

Where:

Vanilla = $G \times \text{Min}(\text{Cap}, \text{Max}((K - \text{BasketPerf}_7(T)/\text{Restrike}_4), \text{Floor}))$

Restrike₄ = X_4 if $\text{BasketPerf}_8(T) \leq B_4$

Otherwise, Restrike₄ = 1

DownsideCondition = 1 if $\text{BasketPerf}_9(T)/\text{Restrike}_5 < B$

Otherwise, DownsideCondition = 0

Restrike₅ = X_5 if $\text{BasketPerf}_{10}(T) \leq B_5$

Otherwise, Restrike₅ = 1

And

FinalCoupon = $\text{Coupon}_4 + \text{Vanilla}_5 \times \text{UpsideCondition}_3$

Vanilla₅ = $\text{Coupon}_5 + G_5 \times \text{Min}(\text{Cap}_5, \text{Max}((\text{BasketPerf}_{11}(T)/\text{Restrike}_6 - K_5), \text{Floor}_5))$

Restrike₆ = X_6 if $\text{BasketPerf}_{12}(T) \leq B$

Otherwise, Restrike₆ = 1

UpsideCondition₃ = 1 if $\text{BasketPerf}_{13}(T)/\text{Restrike}_7 \geq H_3$

Otherwise, UpsideCondition₃ = 0

Restrike₇ = X_7 if $\text{BasketPerf}_{14}(T) \leq B_7$

Otherwise, Restrike₇ = 1

Where:

Coupon₄ means an interest rate as specified in the Final Terms.

Coupon₅ means an interest rate as specified in the Final Terms.

H₃ means the percentage specified in the Final Terms. If H_3 is specified as being Not Applicable, then $\text{UpsideCondition}_3 = 0$ in any event.

G means the percentage specified as such in the Final Terms.

G₅ means the percentage specified as such in the Final Terms.

Cap means the percentage specified as such in the Final Terms.

Cap₅ means the percentage specified as such in the Final Terms.

Floor means the percentage specified as such in the Final Terms.

Floor₅ means the percentage specified as such in the Final Terms.

K means the percentage specified as such in the Final Terms.

K₅ means the percentage specified as such in the Final Terms.

X₄ means the percentage specified as such in the Final Terms. If "X₄" is specified as being Not Applicable, then $\text{Restrike}_4 = 1$ in any event.

X₅ means the percentage specified as such in the Final Terms. If "X₅" is specified as being Not Applicable, then $\text{Restrike}_5 = 1$ in any event.

X₆ means the percentage specified as such in the Final Terms. If "X₆" is specified as being Not Applicable, then $\text{Restrike}_6 = 1$ in any event.

X₇ means the percentage specified as such in the Final Terms. If "X₇" is specified as being Not Applicable, then $\text{Restrike}_7 = 1$ in any event.

B means the percentage specified as such in the Final Terms. If "B" is specified as being Not Applicable, then $\text{DownsideCondition} = 1$ in any event.

B₄ means the percentage specified as such in the Final Terms. If "B₄" is specified as being Not Applicable, then $\text{Restrike}_4 = 1$ in any event.

B₅ means the percentage specified as such in the Final Terms. If "B₅" is specified as being Not Applicable, then $\text{Restrike}_5 = 1$ in any event.

B₆ means the percentage specified as such in the Final Terms. If "B₆" is specified as being Not Applicable, then $\text{Restrike}_6 = 1$ in any event.

B₇ means the percentage specified as such in the Final Terms. If "B₇" is specified as being Not Applicable, then $\text{Restrike}_7 = 1$ in any event.

BasketPerf₇(T), BasketPerf₈(T), BasketPerf₉(T), BasketPerf₁₀(T), BasketPerf₁₁(T), BasketPerf₁₂(T), BasketPerf₁₃(T), BasketPerf₁₄(T) mean performances of the Selection on the last Valuation Date, associated with, if applicable, one or several Observation Dates Sets. Each of their respective values is calculated using one of the formulae specified in 1.1 (Common Definitions), under the definition of "BasketPerf", as specified in the Final Terms.

It should be noted that the formula used to calculate "BasketPerf_i(T)" may be different from the formula used to calculate "BasketPerf_j(T)", when the subscript "i" is different from the subscript "j".

If Redemption by Physical Delivery is defined as Applicable in the Final Terms, the Notes will be redeemed by Physical Delivery in accordance with the relevant terms specified in paragraphs "Redemption by Physical Delivery" and "Provisions applicable to Physical Delivery Notes" only if the following conditions are met:

$\text{DownsideCondition} = 1$ and $\text{BasketPerf}_7(\text{T})/\text{Restrike}_4 < K$

Autocall Twin-Win

The Autocall Twin-Win is a product that may be automatically redeemed before the maturity of the Notes if the Performance of the selection is above a threshold. In such case, the Notes are redeemed at par, with any positive interest amount also payable. If the Notes have not been called for redemption, Noteholders can benefit from the Selection Performance at maturity, as long as it is above a certain level.

The Automatic Early Redemption of the Note is triggered on any Valuation Date indexed "t" where:

AutoCallCondition (t) = 1,

AutoCallCondition(t)=1 if BasketPerf₁(t)≥R (t)

Otherwise, **AutoCallCondition(t)=0**

where:

R(t) means the percentage specified in the Final Terms. If "**R(t)**" is specified as being Not Applicable, then **AutoCallCondition (t) = 0** in any event.

BasketPerf₁(t) means the performance of the Selection on the Valuation Date indexed "t", associated, if applicable, with an Observation Dates Set. Its value is calculated using one of the formulae listed in 1.1 (Common Definitions), under the definition of "BasketPerf", as specified in the Final Terms.

In such case, the Automatic Early Redemption Amount per Calculation Amount payable on the Payment Date immediately following the Valuation Date "t" is equal to:

Calculation Amount × (100% + **AutoCallCoupon (t)**)

With:

AutoCallCoupon(t) = Coupon₁(t) + Coupon₂(t) × UpsideCondition(t)

UpsideCondition(t) = 1 if BasketPerf₂(t) ≥ H (t)

Otherwise, **UpsideCondition(t) = 0**

Where:

Coupon₁ (t) means an interest rate as specified in the Final Terms.

Coupon₂ (t) means an interest rate as specified in the Final Terms.

H(t) means the percentage specified in the Final Terms. If "**H (t)**" is specified as being Not Applicable, then **UpsideCondition = 0** in any event.

BasketPerf₂ (t) means the performance of the Selection on the Valuation Date indexed "t", associated, if applicable, with an Observation Dates Set. Its value is calculated using one of the formulae listed in 1.1 (Common Definitions), under the definition of "BasketPerf", as specified in the Final Terms.

If the Automatic Early Redemption condition is satisfied, no other payment will occur.

If the Automatic Early Redemption condition is not satisfied, the Final Redemption Amount per Calculation Amount shall be equal to:

Calculation Amount × [100% + **FinalCoupon** × (1 - **DownsideCondition**) - **Vanilla** × **DownsideCondition**]

Where:

Vanilla = G × Min(Cap, Max((K - BasketPerf₃(T)), Floor))

DownsideCondition = 1 if BasketPerf₆(T) < B

Otherwise, **DownsideCondition = 0**

And

FinalCoupon = Vanilla₄ + Vanilla₅

Vanilla₄ = Coupon₄ + G₄ × Min(Cap₄, Max(Floor₄, BasketPerf₄(T) - K₄))

Vanilla₅ = Coupon₅ + G₅ × Min(Cap₅, Max(Floor₅, BasketPerf₅(T) - K₅))

Coupon₄ means an interest rate as specified as such in the Final Terms.

Coupons means an interest rate as specified as such in the Final Terms.

G means the percentage specified as such in the Final Terms.

G₄ means the percentage specified as such in the Final Terms.

G₅ means the percentage specified as such in the Final Terms.

Cap means the percentage specified as such in the Final Terms.

Cap₄ means the percentage specified as such in the Final Terms.

Cap₅ means the percentage specified as such in the Final Terms.

Floor means the percentage specified as such in the Final Terms.

Floor₄ means the percentage specified as such in the Final Terms.

Floor₅ means the percentage specified as such in the Final Terms.

K means the percentage specified as such in the Final Terms.

K₄ means the percentage specified as such in the Final Terms.

K₄ means the percentage specified as such in the Final Terms.

K₅ means the percentage specified as such in the Final Terms.

B means the percentage specified as such in the Final Terms. If "B" is specified as being "Not Applicable", then **DownsideCondition = 1** in any event.

BasketPerf₃(T), **BasketPerf₄(T)**, **BasketPerf₅(T)**, **BasketPerf₆(T)** mean performances of the Selection on the final Valuation Date, associated with, if applicable, one or several Observation Dates Sets. Each of their respective values is calculated using one of the formulae specified in 1.1 (Common Definitions), under the definition of "**BasketPerf**", as specified in the Final Terms.

It should be noted that the formula used to calculate "**BasketPerf_i(T)**" may be different from the formula used to calculate "**BasketPerf_j(T)**", when the subscript "i" is different from the subscript "j".

If Redemption by Physical Delivery is defined as Applicable in the Final Terms, the Notes will be redeemed by Physical Delivery in accordance with the relevant terms specified in paragraphs "Redemption by Physical Delivery" and "Provisions applicable to Physical Delivery Notes" only if the following conditions are met:

DownsideCondition = 1 and $\text{BasketPerf}_3(\text{T}) < \text{K}$

Phoenix DRA

The Phoenix DRA records a conditional interest amount on each Valuation Date, whose value depends of the number of times a condition was satisfied between two set dates. Automatic early redemption may occur during the term of the Notes.

On each Valuation Date indexed "t", an interest amount, paid on the Payment Date indexed "t", unless this Valuation Date falls after the occurrence of an Automatic Early Redemption Event, is calculated in accordance with the following formula:

PhoenixCoupon(t) = Coupon_H(t) × (d(t)/N(t)) + Coupon_B(t) × (1 - d(t)/N(t))

Where:

d(t) means the number of Valuation Dates (indexed "s") between the Start Valuation Date(t) and the End Valuation Date(t), where BasketPerf(s) was superior or equal to H(t).

Start Valuation Date(t), End Valuation Date(t) means the Valuation Dates specified in the Final Terms.

H(t) means the percentage specified in the Final Terms.

Coupon_H(t) means an interest rate as specified as such in the Final Terms.

Coupon_B(t) means an interest rate as specified in the Final Terms.

BasketPerf₁(t) means a performance of the Selection on the Valuation Date indexed "t". Its value is calculated using one of the formulae listed in 1.1 (Common Definitions), under the definition of "BasketPerf", as specified in the Final Terms.

The Automatic Early Redemption of the Note is triggered on the first Valuation Date indexed "t" where:

AutoCallCondition(t)=1

With:

AutoCallCondition(t)=1 if BasketPerf₂(t)≥R(t)

Otherwise, **AutoCallCondition(t)=0**

Where:

R(t) means the percentage specified as such in the Final Terms. If "R(t)" is specified as being Not Applicable, then AutoCallCondition(t) = 0 in any event.

BasketPerf₂(t) means a performance of the Selection on the Valuation Date indexed "t". Its value is calculated using one of the formulae listed in 1.1 (Common Definitions), under the definition of "BasketPerf", as specified in the Final Terms.

In such case, the Automatic Early Redemption Amount per Calculation Amount payable on the Payment Date immediately following the Valuation Date "t" is equal to:

Calculation Amount×[100%+Coupon₃(t)]

Where:

Coupon₃(t) means an interest rate as specified in the Final Terms.

If the Automatic Early Redemption condition has been satisfied, no other payment will occur.

If the Automatic Early Redemption condition is not satisfied, the Final Redemption Amount per Calculation Amount is equal to:

Calculation Amount×[100%+FinalCoupon×(1 – DownsideCondition) – Vanilla×DownsideCondition]

Where:

Vanilla=G×Min(Cap,Max((K – BasketPerf₃(T)),Floor))

DownsideCondition = 1 if BasketPerf₄(T)<B

Otherwise, DownsideCondition =0

And

FinalCoupon=Coupon₄+Coupon₅×UpsideCondition₅

UpsideCondition₅=1 if BasketPerf₅(T)≥ H₅

Otherwise, UpsideCondition₅=0

Where:

Coupon₄ means an interest rate as specified in the Final Terms.

Coupon₅ means an interest rate as specified in the Final Terms.

G means the percentage specified as such in the Final Terms.

Cap means the percentage specified as such in the Final Terms.

Floor means the percentage specified as such in the Final Terms.

K means the percentage specified as such in the Final Terms.

B means the percentage specified in the Final Terms. If "B" is specified as being Not Applicable, then DownsideCondition = 1 in any event.

BasketPerf₃(T), BasketPerf₄(T), BasketPerf₅(T), mean performances of the Selection on the last Valuation Date, associated with, if applicable, one or several Observation Dates Sets. Each of their respective values is calculated using one of the formulae specified in 1.1 (Common Definitions), under the definition of "BasketPerf", as specified in the Final Terms.

It should be noted that the formula used to calculate "BasketPerf_i(T)" may be different from the formula used to calculate "BasketPerf_j(T)", when the subscript "i" is different from the subscript "j".

If Redemption by Physical Delivery is defined as Applicable in the Final Terms, the Notes will be redeemed by Physical Delivery in accordance with the relevant terms specified in paragraphs "Redemption by Physical Delivery" and "Provisions applicable to Physical Delivery Notes" only if the following conditions are met:

DownsideCondition = 1 and BasketPerf₃(T) < K

Stability Note

The Stability Note pays an interest amount on each Payment Date. Automatic early redemption may occur during the term of the Notes.

On each Valuation Date indexed "t", an interest amount, paid on the Payment Date indexed "t", unless such Valuation Date falls after the occurrence of an Automatic Early Redemption Event, is calculated in accordance with the following formula:

Calculation Amount×Coupon₁(t)

Where:

Coupon₁(t) means an interest rate as specified in the Final Terms.

The Automatic Early Redemption of the Note is triggered on any Valuation Date indexed "t" where:

AutoCallCondition(t)=1

With:

AutoCallCondition(t)=1 if BasketPerf₁ (t) ≤ R(t)

Otherwise, AutoCallCondition(t)=0

Where:

R(t) means the percentage specified as such in the Final Terms. If "R(t)" is specified as being Not Applicable, then AutoCallCondition(t) = 0 in any event.

BasketPerf₁(t) means a performance of the Selection on the Valuation Date indexed "t", associated, if applicable, with an Observation Dates Set. Its value is calculated using one of the formulae listed in 1.1 (Common Definitions), under the definition of "BasketPerf", as specified in the Final Terms.

In such case, the Automatic Early Redemption Amount per Calculation Amount payable on the Payment Date immediately following the Valuation Date "t" is equal to:

Calculation Amount × (Max(Floor, K₁ - G × (K₂ - BasketPerf₂ (t))) + Coupon₂ (t))

Where:

Coupon₂(t) means an interest rate as specified in the Final Terms.

BasketPerf₂(t) means a performance of the Selection on the Valuation Date indexed "t", associated, if applicable, with an Observation Dates Set. Its value is calculated using one of the formulae listed in 1.1 (Common Definitions), under the definition of "BasketPerf", as specified in the Final Terms.

If the Note has never been subject to an Automatic Early Redemption, then the Final Redemption Amount per Calculation Amount is equal to:

Calculation Amount ×

[Max(Floor, K₁ - G × (K₂ - BasketPerf₃ (T)) + Coupon₃ (t)) × DownsideCondition + (100% + Coupon₄ (t)) × (1 - DownsideCondition)]

Where:

DownsideCondition=1 if BasketPerf₄ (T) ≤ B

Otherwise, DownsideCondition=0

Where:

Coupon₃ means an interest rate as specified in the Final Terms.

Coupon₄ means an interest rate as specified in the Final Terms.

G means the percentage specified as such in the Final Terms.

Floor means the percentage specified as such in the Final Terms.

K₁ means the percentage specified as such in the Final Terms.

K₂ means the percentage specified as such in the Final Terms.

B means the percentage specified as such in the Final Terms. If "B" is specified as being Not Applicable, then DownsideCondition = 0 in any event.

BasketPerf₃(T), BasketPerf₄(T) mean performances of the Selection on the final Valuation Date, associated with, if applicable, one or several Observation Dates Sets. Each of their respective values is calculated using one of the formulae specified in 1.1 (Common Definitions), under the definition of "BasketPerf", as specified in the Final Terms.

It should be noted that the formula used to calculate "BasketPerf_i(T)" may be different from the formula used to calculate "BasketPerf_j(T)", when the subscript "i" is different from the subscript "j".

**Phoenix Double
Chance**

The Phoenix Double Chance pays a conditional interest amount on each Payment Date. Noteholders may benefit from the Memory Effect, which triggers payment of any previously unpaid interest amounts. Automatic early redemption may occur during the term of the Notes.

On each Valuation Date indexed "t", an interest amount, paid on the Payment Date indexed "t", unless such Valuation Date falls after the occurrence of an Automatic Early Redemption Event, is calculated in accordance with the following formula:

$$\text{PhoenixCoupon}(t) = \text{Calculation Amount} \times$$

$$[\text{Coupon}_1(t) + (\text{Coupon}_2(t) - \text{MemoryCoupon}(t)) \times \text{UpsideCondition}(t)]$$

$$\text{UpsideCondition}(t) = 1 \text{ if } \text{BasketPerf}_1(t) \geq H_1(t)$$

Otherwise, UpsideCondition(t)= 0

Where:

Coupon₁(t) means an interest rate specified as such in the Final Terms.

Coupon₂(t) means an interest rate specified as such in the Final Terms.

H₁(t) means the percentage specified as such in the Final Terms. If "H₁(t)" is specified as being Not Applicable, then UpsideCondition (t) = 0 in any event.

BasketPerf₁(t) means a performance of the Selection of Underlyings on the Valuation Date indexed "t", associated, if applicable, with an Observation Dates Set. Its value is calculated using one of the formulae listed in paragraph 1.1 (Common Definitions), under the definition of "BasketPerf" as specified in the Final Terms.

The Automatic Early Redemption of the Note is triggered on any Valuation Date indexed "t" where:

$$\text{AutoCallCondition}(t) = 1$$

With:

$$\text{AutoCallCondition}(t)=1 \text{ if } \text{BasketPerf}_2(t) \geq R_1(t) \text{ or } \text{BasketPerf}_3(t) \geq R_2(t)$$

Otherwise, AutoCallCondition(t)= 0

where:

R₁(t) means the percentage specified as such in the Final Terms. If "R₁(t)" is specified as being Not Applicable, then

$$\text{AutoCallCondition}(t)=1 \text{ if } \text{BasketPerf}_3(t) \geq R_2(t)$$

Otherwise, AutoCallCondition(t)=0

R₂(t) means the percentage specified as such in the Final Terms. If "R₂(t)" is specified as being Not Applicable, then

AutoCallCondition(t)=1 if BasketPerf₂ (t)≥R₁ (t)

Otherwise, AutoCallCondition(t) =0

BasketPerf₂(t), BasketPerf₃(t) means a performance of the Selection on the Valuation Date indexed "t", associated, if applicable, with an Observation Dates Set. Its value is calculated using one of the formulae listed in 1.1 (Common Definitions), under the definition of "BasketPerf", as specified in the Final Terms.

In such case, the Automatic Early Redemption Amount per Calculation Amount payable on the Payment Date immediately following the Valuation Date "t" is equal to:

Calculation Amount×(100%+AutoCallCoupon(t))

AutoCallCoupon(t)=

Coupon₃ (t) + Coupon₄ (t) ×UpsideCondition₁ (t)×(1-UpsideCondition₂ (t))+ Coupons₅ (t)×UpsideCondition₃ (t)×(1-UpsideCondition₄ (t))

UpsideCondition₁ (t)=1 if BasketPerf₄ (t)≥H₂ (t)

Otherwise, UpsideCondition₁ (t)=0

UpsideCondition₂ (t)=1 if BasketPerf₅ (t)≥H₃ (t)

Otherwise, UpsideCondition₂ (t)=0

UpsideCondition₃ (t)=1 if BasketPerf₆ (t)≥H₄ (t)

Otherwise, UpsideCondition₃ (t)=0

UpsideCondition₄ (t)=1 if BasketPerf₇ (t)≥H₅ (t)

Otherwise, UpsideCondition₄ (t)=0

Where:

Coupon₃(t) means an interest rate as specified in the Final Terms.

Coupon₄(t) means an interest rate as specified in the Final Terms.

Coupons₅(t) means an interest rate as specified in the Final Terms.

H₂ means the percentage specified as such in the Final Terms. If "H₂" is specified as being Not Applicable, then UpsideCondition₁= 0 in any event.

H₃ means the percentage specified as such in the Final Terms. If "H₃" is specified as being Not Applicable, then UpsideCondition₂= 0 in any event.

H₄ means the percentage specified as such in the Final Terms. If "H₄" is specified as being Not Applicable, then UpsideCondition₃= 0 in any event.

H₅ means the percentage specified as such in the Final Terms. If "H₅" is specified as being Not Applicable, then UpsideCondition₄= 0 in any event.

BasketPerf₄(t), BasketPerf₅(t), BasketPerf₆(t), BasketPerf₇(t) means performances of the Selection on the Valuation Date indexed "t", associated, if applicable, with an

Observation Dates Set. Its value is calculated using one of the formulae listed in 1.1 (Common Definitions), under the definition of "BasketPerf", as specified in the Final Terms.

It should be noted that the formula used to calculate "BasketPerf_i(t)" may be different from the formula used to calculate "BasketPerf_j(t)", when the subscript "i" is different from the subscript "j".

If the Note has never been subject to an Automatic Early Redemption, then the Final Redemption Amount per Calculation Amount is equal to:

Calculation Amount × [100% + FinalCoupon × (1 – DownsideCondition) – Vanilla × DownsideCondition]

Where:

Vanilla = G × Min (Cap, Max ((K – BasketPerf₈(T)), Floor))

DownsideCondition = 1 if BasketPerf₉(T) < B

Otherwise, DownsideCondition= 0

And

FinalCoupon = Coupon₆ + Vanilla₅ × UpsideCondition₅

Vanilla₅ = Coupon₇ + G₅ × Min(Cap₅, Max((BasketPerf₁₀(T) – K₅), Floor₅))

UpsideCondition₅ = 1 if BasketPerf₁₁(T) ≥ H₆

Otherwise, UpsideCondition₅= 0

Where:

Coupon₆ means an interest rate as specified in the Final Terms.

Coupon₇ means an interest rate as specified in the Final Terms.

H₆ means the percentage specified as such in the Final Terms. If H₃ is specified as being Not Applicable, then UpsideCondition₃ = 0 in any event.

G means the percentage specified as such in the Final Terms.

G₅ means the percentage specified as such in the Final Terms.

Cap means the percentage specified as such in the Final Terms.

Cap₅ means the percentage specified as such in the Final Terms.

Floor means the percentage specified as such in the Final Terms.

Floor₅ means the percentage specified as such in the Final Terms.

K means the percentage specified as such in the Final Terms.

K₅ means the percentage specified as such in the Final Terms.

B means the percentage specified as such in the Final Terms. If "B" is specified as being Not Applicable, then DownsideCondition = 1 in any event.

BasketPerf₈(T), BasketPerf₉(T), BasketPerf₁₀(T), BasketPerf₁₁(T) mean performances of the Selection on the last Valuation Date, associated with, if applicable, one or several

Observation Dates Sets. Each of their respective values is calculated using one of the formulae specified in 1.1 (Common Definitions), under the definition of "BasketPerf", as specified in the Final Terms.

It should be noted that the formula used to calculate "BasketPerfi(T)" may be different from the formula used to calculate "BasketPerfj(T)", when the subscript "i" is different from the subscript "j".

If Redemption by Physical Delivery is defined as Applicable in the Final Terms, the Notes will be redeemed by Physical Delivery in accordance with the relevant terms specified in paragraphs "Redemption by Physical Delivery" and "Provisions applicable to Physical Delivery Notes" only if the following conditions are met:

DownsideCondition = 1 and $\text{BasketPerf}_s(T) < K$

Alizé

The Alizé may pay an amount linked to the performance of the Selection on each Valuation Date. If applicable, the "Lock-in" effect may be activated and make the interest amounts unconditional. At maturity, the capital of the Notes may be at risk depending on the final performance of the Selection and of the possible activation of the SafeCondition. If specified as applicable in the Final Terms, the Noteholders and/or the Issuer can request the early redemption of the Notes on any Valuation Date specified in the Final Terms.

Coupons

On each Valuation Date indexed "t", an interest amount is calculated in accordance with the following formula:

Coupon(t) = Calculation Amount × CouponRate(t)

If the value of Coupon(t) is positive, then such amount will be paid in respect of each Note on the Payment Date indexed "t". If the value of Coupon(t) is negative, then no amount will be paid.

CouponRate(t) means the rate fixed by the Calculation Agent depending on the following cases:

- **Case 1:** If the Lockin Condition has been satisfied at least once on any Valuation Date prior to or upon the current Valuation Date indexed "t", then:

CouponRate(t) = CouponLockin(t)

- **Case 2:** If the Lockin Condition has never been satisfied on any Valuation Date prior to or upon the current Valuation Date indexed "t", then:

CouponRate(t) = Max(GlobalFloor(t), Min(GlobalCap(t), [Vanilla₁(t) + Vanilla₂(t)] × Condition₁(t)))

Where:

Vanilla₁(t) = Coupon₁(t) + G₁(t) × Min (Cap₁(t), Max (Type₁(t) × (BasketPerf₁(t) – K₁(t)), Floor₁(t)))

Vanilla₂(t) = Coupon₂(t) + G₂(t) × Min (Cap₂(t), Max (Type₂(t) × (BasketPerf₂(t) – K₂(t)), Floor₂(t)))

And:

Condition₁(t) = 1 if BasketPerf₃(t) ≥ H(t)

Otherwise, Coupon Rate(t)= 0

With:

Coupon₁ (t) means an interest rate as specified in the Final Terms.

Coupon₂ (t) means an interest rate as specified in the Final Terms.

CouponLockin(t) means an interest rate as specified in the Final Terms.

G₁ (t) means the percentage specified in the Final Terms.

G₂ (t) means the percentage specified in the Final Terms.

Cap₁ (t) means the percentage specified in the Final Terms.

Cap₂ (t) means the percentage specified in the Final Terms.

Floor₁ (t) means the percentage specified in the Final Terms.

Floor₂ (t) means the percentage specified in the Final Terms.

K₁ (t) means the percentage specified in the Final Terms.

K₂ (t) means the percentage specified in the Final Terms.

Type₁ (t) means a number equal to (-1) or (1), as specified in the Final Terms.

Type₂ (t) means a number equal to (-1) or (1), as specified in the Final Terms.

H(t) means the percentage specified in the Final Terms. If H(t) is specified as being Not Applicable, then Condition1(t) = 0 in any event.

GlobalFloor(t) means the percentage specified in the Final Terms.

GlobalCap(t) means the percentage specified in the Final Terms.

BasketPerf₁ (t), BasketPerf₂ (t), BasketPerf₃ (t), mean performances of the Selection on the Valuation Date indexed "t", associated with, if need be, one or several Observation Dates Sets. Each of their respective values is calculated using one of the formulae specified in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms. It should be noted that the formula used to calculate "BasketPerfi(T)" may be different from the formula used to calculate "BasketPerfj(T)", when the subscript "i" is different from the subscript "j".

The **Lockin Condition** is deemed to be satisfied on any Valuation Date indexed "t" where

BasketPerfi(t) ≥ L(t)

L(t) means the percentage specified in the Final Terms. If L(t) is specified as being "Not Applicable" on Valuation Date indexed "t", then Lockin Condition cannot be activated on this date. Nevertheless, it may be activated on other Valuation Dates.

BasketPerfi(t) means a performance of the Selection on the Valuation Date indexed "t", associated, if applicable, with an Observation Dates Set. Its value is calculated using one of the formulae listed in 1.1 (Common Definitions), under the definition of "BasketPerf", as specified in the Final Terms.

Final Redemption

The Final Redemption Amount per Calculation Amount is equal to:

Calculation Amount \times (100% - **DownsideCondition** \times (1 - **SafeCondition**) \times **Vanilla₄**)

With:

Vanilla₄ = **G₄** \times **Min (Cap₄, Max (K₄ - **BasketPerf₄(T)**, **Floor₄**))**

DownsideCondition = 1 if **BasketPerf₅(T)** < **B**

Otherwise, **DownsideCondition** = 0

SafeCondition = 1 if on any Valuation Date indexed "t", the following condition has been satisfied at least once:

BasketPerf_s(t) \geq **S(t)**

For the avoidance of doubt, if the condition above has never been satisfied on any Valuation Date, then **SafeCondition** is deemed to be equal to 0 (zero).

S(t) means the percentage specified as such in the Final Terms. If **S(t)** is specified as being Not Applicable for a Valuation Date indexed "t", then the Safe Condition cannot be satisfied on such specific Valuation Date. Nevertheless the Safe Condition may still be satisfied on later Valuation Dates.

BasketPerf_s(t) means the performance of the Selection on the Valuation Date indexed "t", associated with, if applicable, one or several Observation Dates Sets. Its value is calculated using one of the formulae specified in 1.1 (Common Definitions), under the definition of "BasketPerf", as specified in the Final Terms.

B means the percentage specified as such in the Final Terms. If **B** is specified as being Not Applicable in the Final Terms, then **DownsideCondition** = 1 in any event.

Cap₄ means the percentage specified as such in the Final Terms.

Floor₄ means the percentage specified as such in the Final Terms.

K₄ means the percentage specified as such in the Final Terms.

BasketPerf₄(T), **BasketPerf₅(T)** mean performances of the Selection on the Valuation Date indexed "t", associated with, if applicable, one or several Observation Dates Sets. Each of their respective values is calculated using one of the formulae specified in 1.1 (Common Definitions), under the definition of "BasketPerf", as specified in the Final Terms.

It should be noted that the formula used to calculate "BasketPerf_i(T)" may be different from the formula used to calculate "BasketPerf_j(T)", when the subscript "i" is different from the subscript "j".

Redemption at the Option of the Issuer and/or Redemption at the Option of Noteholders

If specified as applicable in the Final Terms, the Noteholder can require the early redemption of the Note on any Valuation Date specified in the Final Terms. If specified as applicable in the Final Terms, the Issuer can redeem the Note early on any Valuation Date specified in the Final Terms.

The Optional Redemption Amount per Calculation Amount is equal to:

Calculation Amount \times [100% + **Vanilla_{er}(t)**]

With:

$$\mathbf{Vanilla}_{er}(t) = \mathbf{Coupon}_{er}(t) + \mathbf{G}_{er}(t) \times \mathbf{Min} (\mathbf{Cap}_{er}(t), \mathbf{Max} (\mathbf{BasketPerf}_{er}(t) - \mathbf{K}_{er}(t), \mathbf{Floor}_{er}(t)))$$

And:

Coupon_{er}(t) means an interest rate as specified as such in the Final Terms.

G_{er}(t) means the percentage specified as such in the Final Terms.

Cap_{er}(t) means the percentage specified as such in the Final Terms.

Floor_{er}(t) means the percentage specified as such in the Final Terms.

K_{er}(t) means the percentage specified as such in the Final Terms.

BasketPerf_{er}(t) means the performance the Selection on the Valuation Date indexed "t", associated with, if applicable, one or several Observation Dates Sets. Its value is calculated using one of the formulae specified in 1.1 (Common Definitions), under the definition of "BasketPerf", as specified in the Final Terms.

Delta One

The Delta One is designed to pay an amount equal to the performance of the Selection.

Final Redemption Amount

Except in the case of an early redemption, the Final Redemption Amount per Calculation Amount will be an amount in specified currency payable on the Final Redemption Date, determined by the Calculation Agent under the following formula:

$$\mathbf{Calculation\ Amount} \times \mathbf{Net\ Intrinsic\ Value}(T)$$

With:

Net Intrinsic Value (T) means the **Net Intrinsic Value (NV(t))** as determined by the Calculation Agent on the last Valuation Date indexed "T".

Gross Intrinsic Value (T) means the **Gross Intrinsic Value (GV(t))** as determined by the Calculation Agent on the last Valuation Date indexed "T".

Gross Intrinsic Value (GV(t)) means, for any Valuation Date indexed "t", an amount as determined by the Calculation Agent according to the following formula:

$$\mathbf{GV}(t) = \mathbf{Participation} \times \mathbf{BasketPerf}(t) - \mathbf{CumulatedMgtFees}(t)$$

Net Intrinsic Value 2 (NV2(t)) means, for any Valuation Date indexed "t", an amount as determined by the Calculation Agent according to the following formula:

$$\mathbf{NV2}(t) = \mathbf{Participation} \times \mathbf{BasketPerf}(t) - \mathbf{CumulatedMgtFees}(t) - \mathbf{PerformanceFees}(t-1)$$

Participation means an amount specified in the Final Terms.

BasketPerf(t) means a performance of the Selection on the Valuation Date indexed "t", associated, if need be, with an Observation Dates Set. Its value is calculated using one of the formulae listed in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms.

Net Intrinsic Value (NV(t)) means, for any Valuation Date indexed "t", the amount as determined by the Calculation Agent according to the following formula:

If Performance Fees is specified as “Applicable” in the Final Terms, then:

$$NV(t) = \text{Max} (GV(t) - \text{PerformanceFees}(t) ; 0)$$

Otherwise:

$$NV(t) = \text{Max} (GV(t) ; 0)$$

PerformanceFees(t) means with respect to a Valuation Date indexed “t”, the performance fees on such Valuation Date “t”, as determined by the Calculation Agent according to the following formula:

If Performance Fees Type is specified as “Gross Value Based” in the Final Terms, then:

$$\text{PerformanceFees}(t) = \text{Max} (0, \text{Gearing} \times (GV(t) - \text{PerformanceFeesStrike}))$$

With:

Gearing means an amount specified in the Final Terms.

PerformanceFeesStrike means an amount specified in the Final Terms.

Otherwise, if Performance Fees Type is specified as “High Water Mark Based” in the Final Terms, then:

$$\text{PerformanceFees}(t) = \text{PerformanceFees}(t-1) + \text{DailyPerformanceFees}(t)$$

With:

$$\text{DailyPerformanceFees}(t) = \text{Max}(0, \text{Gearing} \times (NV2(t) - \text{HWM}(t)))$$

With:

$$\text{HWM}(t) = \text{HWM}(t-1) \text{ if } \text{DailyPerformanceFees}(t-1) \leq 0$$

$$\text{HWM}(t) = NV2(t-1) \text{ if } \text{DailyPerformanceFees}(t-1) > 0$$

HWM(t=1) means the “**High Water Market Initial Level**” as specified in the applicable Final Terms.

CumulatedMgtFees(t) means for a Valuation Date indexed “t”, the sum of the MgtFees(t) from the Valuation Date indexed “t” with “t” = 1, up to and including such Valuation Date and determined by the Calculation Agent.

MgtFees(t) means for a Valuation Date indexed “t”, the amount of the management fees on such Valuation Date and determined by the Calculation Agent according to the following formula, provided that for each formula MgtFees(1) is equal to zero (0).

If MgtFees(t) is specified as being Not Applicable in the relevant Final Terms, then CumulatedMgtFees(t) means zero (0) in any event.

If Mgt Fees Type is specified as “Gross Value Based” in the Final Terms, then:

$$MgtFees(t) = R \times \frac{CD(t-1, t)}{B} \times \text{Max}(0, GV(t-1))$$

or

If Mgt Fees Type is specified as “Net Value Based” in the Final Terms, then:

$$MgtFees(t) = R \times \frac{CD(t-1; t)}{B} \times NV(t-1)$$

or

If Mgt Fees Type is specified as “Notional Value Based” in the Final Terms, then:

$$MgtFees(t) = R \times \frac{CD(t - 1; t)}{B}$$

Where:

B means the value specified in the Final Terms.

R means the value specified in the Final Terms.

CD(t-1, t) means with respect to a Valuation Date indexed “t”, the number of calendar days between the closest preceding Valuation Date indexed "t-1" excluded and including such Valuation Date.

Redemption at the option of the Issuer

If “Redemption at the Option of the Issuer” is specified as “Applicable” in the Final Terms, the Issuer may give notice of early redemption of the Note on any Optional Early Redemption Determination Date as specified in the Final Terms.

The Optional Early Redemption Amount payable in the Specified Currency on the Optional Early Redemption Date will be determined by the Calculation Agent on the Optional Early Redemption Valuation Date in accordance with the following formula:

Calculation Amount × Net Intrinsic Recall Value

With:

Net Intrinsic Recall Value means the Net Intrinsic Value (NV(t)) determined by the Calculation Agent on the Optional Early Redemption Valuation Date.

Optional Early Redemption Determination Date refers to the dates specified as such in the Final Terms.

Optional Early Redemption Valuation Date means, in respect of any Optional Early Redemption Determination Date, the date falling on "n1" Business Days immediately following the Optional Early Redemption Determination Date.

n1 means the number specified as such in the Final Terms.

Optional Early Redemption Date means "n2" Business Days immediately following the Optional Early Redemption Valuation Date.

n2 means the number specified in the Final Terms.

Delta One With Coupons

Delta One With Coupons is designed to deliver an amount equal to the performance of the Selection, with the possibility to receive regular income before final redemption.

Coupons

On each Valuation Date indexed "t", an interest amount is determined by the Calculation Agent in accordance with the following formula:

Coupon(t) = Calculation Amount × CouponRate(t)

If the value of Coupon(t) is positive, then such amount will be paid in respect of each Note on the Payment Date indexed "t".

Where **CouponRate(t)** means:

If **Strategy(t)** is greater than or equal to **CouponBarrier(t)**:

$$\mathbf{CouponRate(t) = Coupon_1(t) + Coupon_2(t) \times Strategy(t)}$$

If **Strategy(t)** is lower than **CouponBarrier(t)**:

$$\mathbf{CouponRate(t) = 0\%}$$

Where

CouponBarrier(t) means a percentage specified in the Final Terms.

Coupon₁(t) means a percentage specified in the Final Terms.

Coupon₂(t) means a percentage specified in the Final Terms.

Strategy(t) means the level of the strategy on the Valuation Date Indexed "t", and is determined by the Calculation Agent in accordance with the following formula:

$$\mathbf{Strategy(t) = (Strategy(t - 1) - CouponRate(t - 1)) \times \left(\frac{IMF(t)}{IMF(t - 1)} \right)}$$

Strategy(0) means 100%

CouponRate(0) means 0%

IMF(t) means the level of the Selection performance net of fees on the Valuation Date indexed "t", and determined by the Calculation Agent in accordance with the following formula:

For each Observation Date indexed "s":

$$\mathbf{IMF(s) = IMF(s - 1) \times \left(\mathbf{BasketPerf(s) - Fees} \times \frac{\mathbf{cd(s - 1; s)}}{365} \right)}$$

IMF(0) = 100%

BasketPerf(s) means a performance of the Selection on the Observation Date indexed "s". Its value is calculated using one of the formulae listed in 1.1 (Common Definitions), under the definition of "BasketPerf", as specified in the Final Terms.

Fees means a percentage specified in the Final Terms.

cd(s-1;s) means the number of calendar days between the Observation Date indexed "s-1" and the Observation Date indexed "s".

Final Redemption Amount

The Final Redemption Amount for each Note will be an amount in specified currency payable on the Final Redemption Date, determined by the Calculation Agent under the following formula:

$$\mathbf{Calculation\ Amount \times \frac{Strategy(T)}{Strategy(0)}}$$

Domino Range Phoenix

The Domino Range Phoenix may pay a conditional or guaranteed interest amount on each Payment Date according to the performance of each underlying in the Selection. Automatic Early Redemption may occur before the maturity of the Notes. At maturity, the Notes may redeem below par if some underlyings in the Selection end below a given level.

On each Valuation Date indexed "t", an interest amount, paid on the Payment Date indexed "t", unless it falls after the occurrence of an Automatic Early Redemption Event, is calculated in accordance with the following formula:

$$\begin{aligned} \text{PhoenixCoupon}(t) &= \text{Specified Denomination Calculation Amount} \\ &\times [\text{Coupon1}(t) + \text{Coupon2}(t) \times \text{UpsideCondition1}(t) + \text{Upside}] \end{aligned}$$

UpsideCondition1(t) = 1 if BasketPerf₁(t) ≥ H₁(t)

= 0 if not

$$\text{Upside} = \sum_{j=1}^n \omega_1^j \times \text{UpsideCondition}(j, t)$$

UpsideCondition(j, t) = 1 if RankedIndivPerf(j, t) > BIndiv₁

= 0 if not

Where:

Coupon₁(t) means an interest rate as specified in the Final Terms.

Coupon₂(t) means an interest rate as specified in the Final Terms.

H₁(t) means the percentage specified in the Final Terms. If "H₁(t)" is specified as being Not Applicable, then UpsideCondition₁(t) = 0 in any event.

BIndiv₁ means the percentage specified in the Final Terms. If "BIndiv₁" is specified as being Not Applicable, then UpsideCondition(j,t) = 0 in any event.

BasketPerf₁(t) means a performance of the Selection of Underlyings on the Valuation Date indexed "t", associated, if needs be with an Observation Dates Set. Its value is calculated using one of the formulae listed in paragraph 1.1 (Common Definitions) with regard to the definition of "BasketPerf" as specified in the Final Terms.

RankedIndivPerf(j, t) means the "j"th lowest determined Individual Performance amongst the Individual Performances of all of the Underlyings in the Selection, calculated by the Calculation Agent on the Valuation Date indexed "t". Each Individual Performance is calculated using one of the formulae listed in 1.1 Common Definitions, with regard to the definition of "Individual Performance", as specified in the Final Terms.

ω₁^j means a weighting assigned to the "j"th lowest Individual Performance, as specified in the Final Terms.

The Automatic Early Redemption (such occurrence being an **Automatic Early Redemption Event**) of the Note is triggered on any Valuation Date indexed "t" where:

AutoCallCondition(t) = 1

With:

AutoCallCondition(t) = 1 if BasketPerf₂(t) ≥ R(t)

= 0 if not

where:

R(t) means the percentage specified in the Final Terms. If "R(t)" is specified as being Not Applicable, then $\text{AutoCallCondition}(t) = 0$ in any event.

BasketPerf₂(t) means a performance of the Selection on the Valuation Date indexed "t", associated, if needs be, with an Observation Dates Set. Its value is calculated using one of the formulae listed in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms.

In such case, the Automatic Early Redemption Amount per Calculation Amount payable on the Payment Date immediately following the Valuation Date "t" is equal to:

$$\text{Calculation Amount} \times (100\% + \text{Coupon}_3(t) \times \text{UpsideCondition}_2(t))$$

With:

$$\begin{aligned} \text{UpsideCondition}_2(t) &= 1 \text{ if } \text{BasketPerf}_3(t) \geq H_2(t) \\ &= 0 \text{ if not} \end{aligned}$$

Where:

Coupon₃(t) means an interest rate as specified in the Final Terms.

H₂(t) means the percentage specified in the Final Terms. If "H₂(t)" is specified as being Not Applicable, then $\text{UpsideCondition}_2(t) = 0$ in any event.

BasketPerf₃(t) means a performance of the Selection on the Valuation Date indexed "t", associated, if needs be, with an Observation Dates Set. Its value is calculated using one of the formulae listed in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms.

If the Automatic Early Redemption condition is never satisfied, then the Final Redemption Amount per Calculation Amount at maturity is equal to:

$$\begin{aligned} &\text{Calculation Amount} \times \\ &\text{Max}(\text{GlobalFloor}, 100\% + \text{FinalCoupon} - \text{Penalty} - \text{Vanilla} \times \text{DownsideCondition}) \end{aligned}$$

Where:

$$\text{Vanilla} = G \times \text{Min}(\text{Cap}, \text{Max}((K - \text{BasketPerf}_5(T)), \text{Floor}))$$

$$\text{DownsideCondition} = 1 \text{ if } \text{BasketPerf}_6(T) < B$$

= 0 if not

$$\text{Penalty} = \sum_{j=1}^n \omega_2^j \times \text{DownsideCondition}(j)$$

$$\text{DownsideCondition}(j) = 1 \text{ if } \text{RankedIndivPerf}(j, T) < B\text{Indiv}_2$$

= 0 if not

And

$$\text{FinalCoupon} = \text{Coupon}_4 + \text{Vanilla}_5 \times \text{UpsideCondition}_3$$

$$\text{Vanilla}_5 = \text{Coupon}_5 + G_5 \times \text{Min}(\text{Cap}_5, \text{Max}((\text{BasketPerf}_7(T) - K_5), \text{Floor}_5))$$

$$\text{UpsideCondition}_3 = 1 \text{ if } \text{BasketPerf}_8(T) \geq H_3$$

= 0 if not

where:

n is the number of Underlyings in the Selection

Coupon₄ means an interest rate as specified in the Final Terms.

Coupons₅ means an interest rate as specified in the Final Terms.

H₃ means the percentage specified in the Final Terms. If **H₃** is specified as being Not Applicable, then $UpsideCondition_3 = 0$ in any event.

G means the percentage specified in the Final Terms.

G₅ means the percentage specified in the Final Terms.

Cap means the percentage specified in the Final Terms.

Cap₅ means the percentage specified in the Final Terms.

Floor means the percentage specified in the Final Terms.

Floor₅ means the percentage specified in the Final Terms.

K means the percentage specified in the Final Terms.

K₅ means the percentage specified in the Final Terms.

B means the percentage specified in the Final Terms. If "B" is specified as being Not Applicable, then $DownsideCondition = 1$ in any event.

BIndiv₂ means the percentage specified in the Final Terms. If "BIndiv₂" is specified as being Not Applicable, then $DownsideCondition(j) = 0$ in any event.

GlobalFloor means a percentage specified in the Final Terms.

BasketPerf₅(T), BasketPerf₆(T), BasketPerf₇(T), BasketPerf₈(T) mean performances of the Selection on the last Valuation Date, associated with, if needs be, one or several Observation Dates Sets. Each of their respective values is calculated using one of the formulae specified in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms. It should be noted that the formula used to calculate "BasketPerf_i(T)" may be different from the formula used to calculate "BasketPerf_j(T)", when the subscript "i" is different from the subscript "j".

RankedIndivPerf(j,T) means the "j"th lowest determined Individual Performance amongst the Individual Performances of all of the Underlyings in the Selection, calculated by the Calculation Agent on the Valuation Date indexed "t". Each Individual Performance is calculated using one of the formulae listed in 1.1 Common Definitions, with regard to the definition of "Individual Performance", as specified in the Final Terms.

ω_2^j means a weighting assigned to the "j"th lowest Individual Performance, as specified in the Final Terms.

If Redemption by Physical Delivery is defined as Applicable in the Final Terms, the Notes will be redeemed by Physical Delivery in accordance with the relevant terms specified in paragraphs "Redemption by Physical Delivery" and "Provisions applicable to Physical Delivery Notes" only if the following conditions are met:

DownsideCondition = 1 and BasketPerf_s (T) < K

Banco Strategy

Banco Strategy defines a rules-based strategy seeking to minimise the downside risk of a managed portfolio. A Note indexed on a Banco Strategy may pay an amount linked to the performance of the Strategy on each Valuation Date.

Coupons

On each Coupon Valuation Date indexed "s", an interest amount is calculated in accordance with the following formula:

$$\text{Coupon(s)} = \text{Calculation Amount} \times \text{CouponRate(s)}$$

If the value of Coupon(s) is positive, then such amount will be paid in respect of each Note on the Coupon Payment Date indexed "s".

$$\text{CouponRate(s)} = \text{G(s)} * \text{Min}(\text{Cap}, \text{Max}(\text{Floor}, \text{Strategy(s)} - \text{Strike(s)}))$$

Where:

G(s) means a percentage defined for each coupon valuation date indexed "s" as specified in the Final Terms.

Floor means a percentage as specified in the Final Terms

Cap means a percentage as specified in the Final Terms

Strike(s) means either:

- (i) a percentage defined for each coupon valuation date indexed "s" as specified in the Final Terms
- (ii) $\text{Strike(s)} = \text{Max}(\text{Strike(s-1)}, \text{Strategy(s-1)})$ with Strike(0) and $\text{Strategy(0)} = \text{K}$

K means a percentage as specified in the Final Terms

Final Redemption

The Final Redemption Amount per Calculation Amount is determined by the Calculation Agent in accordance with the following formula:

$$\text{Calculation Amount} \times [\text{R} + \text{Coupon} + \text{FX}_T \times (\text{Coupon}_F)]$$

Where:

R means a percentage as specified in the Final Terms.

Coupon means a percentage as specified in the Final Terms.

Coupon_F means a percentage as specified in the Final Terms.

FX_T means either: 1) 100% or 2) the ratio: $\text{FX}_T / \text{FX}(0)$, as specified in the Final Terms, where **FX_T** means the value of the Relevant FX as determined by the Calculation Agent on the last Valuation Date, and **FX(0)** means the value of the Relevant FX as determined by the Calculation Agent on the Strike Date.

Relevant FX means a FX specified in the Final Terms.

Strategy(s) means the strategy level, as defined below, on the Coupon Valuation Date indexed "s".

Reference Strategy means a value specified in the Final Terms.

Description of the strategy:

BasketPerf₁(t), **BasketPerf₂(t)**, **BasketPerf₃(t)**, **BasketPerf₄(t)** mean performances of the Selection on the Valuation Date indexed "t", associated with, if need be, one or several Observation Dates Sets. Each of their respective values is calculated using one of the formulae specified in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms. It should be noted that the formula used to calculate "BasketPerf_i(t)" may be different from the formula used to calculate "BasketPerf_j(t)", when the subscript "i" is different from the subscript "j".

- Determination of the strategy level ("Strategy(t)"):

Strategy(t) means a value calculated by the Calculation Agent, on each Valuation Date "t" (and therefore on each Observation Date in the Strategy Observation Dates Set as well, since each Observation Date is also a Valuation Date), in accordance with the following formulae:

$$\begin{aligned} & \text{Strategy}(t) \\ &= \text{Strategy}(t - 1) \\ & \times [1 + \text{alloc}(t - 1) \times \text{Risky Performance}(t) \\ & + (V - \text{alloc}(t - 1)) \times \text{NonRisky Performance}(t) - \text{Replication Cost}(t)] \end{aligned}$$

Where:

$$\text{Risky Performance}(t) = \text{BasketPerf}_1(t) - 1$$

$$\begin{aligned} & \text{NonRisky Performance}(t) \\ &= (P(t) \times (\text{BasketPerf}_2(t) - 1) + \text{Variable Rate}_1(t) \times \Delta t + \text{Fixed Rate} \times \Delta t) \end{aligned}$$

$$\text{Replication Cost}(t) = (\text{VariableRate}_2(t) \times \Delta t) + (\text{Fixed Cost} \times \Delta t)$$

and:

Strategy(0) is a value, as specified in the Final Terms.

V means a percentage as specified in the Final Terms.

alloc(t-1) means the risk exposure on Valuation Date "t-1", of the strategy as defined below.

Fixed Rate means a percentage as specified in the Final Terms.

Fixed Cost means a percentage as specified in the Final Terms.

Variable Rate₁(t) and **Variable Rate₂(t)** are variable rates, as specified in the Final Terms. If "Variable Rate₁(t)" is specified as Not Applicable, then Variable Rate₁(t)= 0 in the formula above. If "Variable Rate₂(t)" is specified as Not Applicable, then Variable Rate₂(t)= 0 in the formula above.

P(t) means a percentage, as specified in the Final Terms.

Δt means a calculation basis to be applied between Valuation Date "t-1" and Valuation Date "t" and which shall be specified in the Final Terms as per the following formulae:

- **Act/365:** means that " Δt " is equal to the ratio between 1) the number of calendar days between the Valuation Date(t-1) included and the Valuation Date(t) excluded, and 2) 365:

$$\Delta t = \frac{\text{Number of calendar days between Valuation Date}(t - 1)\text{ and Valuation Date}(t)}{365}$$

- **Act/360:** means that " Δt " is equal to the ratio between 1) the number of calendar days between the Valuation Date(t-1) included and the Valuation Date(t) excluded, and 2) 360:

$$\Delta t = \frac{\text{Number of calendar days between Valuation Date}(t - 1)\text{ and Valuation Date}(t)}{360}$$

- **Bus/252:** means that " Δt " is equal to the ratio between 1) the number of Business Days between the Valuation Date(t-1) included and the Valuation Date(t) excluded, and 2) 252:

$$\Delta t = \frac{\text{Number of Business Days between Valuation Date}(t - 1)\text{ and Valuation Date}(t)}{252}$$

- Determination of the risky allocation (" $\text{alloc}(t)$ "):

alloc(t) means in respect of a Valuation Date "t", the strategy percentage invested in risky assets calculated by the Calculation Agent in accordance with the following formulae, the selected formula being as specified in the Final Terms:

TOM Strategy

If the Valuation Date indexed "t" falls within one of the TOM Periods, then:

$\text{Alloc}(t) = \text{LongAlloc}$

Otherwise

$\text{Alloc}(t) = \text{ShortAlloc}$

TOM Periods means a set of periods specified in the Final Terms. Each TOM Period is a set of Valuation Dates defined by a start date (excluded) and an end date (included), as specified in the Final Terms.

LongAlloc, ShortAlloc means the percentages as specified in the Final Terms.

Controlled Volatility Strategy

If $|\text{alloc}(t) - \text{TheoreticalAlloc}(t)| < \text{Threshold}$

$\text{alloc}(t) = \text{alloc}(t - 1)$

If not

$\text{alloc}(t) - \text{TheoreticalAlloc}(t)$

Where:

Threshold means a percentage as specified in the Final Terms.

$$\text{TheoreticalAlloc}(t) = \text{Max} \left(\text{Minalloc}(t), \text{Min} \left(\text{Maxalloc}(t), \frac{\text{Target Volatility}(t)}{\text{Realized Volatility}(t)} \right) \right)$$

Minalloc(t) means a percentage as specified in the Final Terms.

Maxalloc(t) means a percentage as specified in the Final Terms.

Target Volatility(t) means a percentage as specified in the Final Terms.

Realized Volatility(t) means the Realized Volatility as defined below.

Volatility Adjusted "CPPI like" Strategy

$$\text{alloc}(t) = \text{Max} \left(\text{Minalloc}(t), \text{Min} \left(\text{Maxalloc}(t), \text{Multiple}(t) \times \text{Cushion}(t) \times \text{VolAdjust}(t) \right) \right)$$

Where:

Minalloc(t) means a percentage as specified in the Final Terms.

Maxalloc(t) means a percentage as specified in the Final Terms.

Multiple(t) is a number, as specified in the Final Terms.

Cushion(t) is the distance between the strategy and a guaranteed level calculated by the Calculation Agent in accordance with the following formula:

$$\text{Cushion}(t) = \text{Max} \left[\text{MinCushion}, \text{Min} \left(\text{MaxCushion}, \text{Strategy}(t - \text{cppilag}) - \text{Guarantee}(t) \right) \right]$$

Where:

cppilag means a number of days, as specified in the Final Terms.

MinCushion and **MaxCushion** mean percentages specified in the Final Terms.

Guarantee(t) means the present value, on any Valuation Date *t*, of the target level guaranteed by the strategy calculated in accordance with a formula from the following or any other amount as specified in the Final Terms.

- Bond Floor

$$\text{Guarantee}(t) = \frac{F(t)}{\left(1 + \text{GVariableRate}(t) + \text{GFixedRate}(t)\right)^{d(t)}}$$

- Linear Floor

$$\text{Guarantee}(t) = F(t) \times \left(1 - [\text{GVariableRate}(t) + \text{GFixedRate}(t)] \times d(t)\right)$$

Where:

GFixedRate(t) means a percentage specified in the Final Terms.

GVariableRate(t) means a variable rate specified in the Final Terms. If **GVariableRate(t)** is specified as Not Applicable in the Final Terms, then **GVariableRate(t)** is deemed to be equal to zero: **GVariableRate(t) = 0**.

d(t) means a calculation basis to be applied between Valuation Date "t" and the last Valuation Date and which shall be specified in the Final Terms as per the following formulae:

- **Act/365:** means that "**d(t)**" is equal to the ratio between 1) the number of calendar days between the Valuation Date(t) excluded and the last Valuation Date included, and 2) 365:

$$dt = \frac{\text{Number of calendar days between Valuation Date}(t)\text{and last Valuation Date}}{365}$$

- **Act/360:** means that "**d(t)**" is equal to the ratio between 1) the number of calendar days between the Valuation Date(t) excluded and the last Valuation Date included, and 2) 360:

$$dt = \frac{\text{Number of calendar days between Valuation Date}(t)\text{and last Valuation Date}}{360}$$

- **Bus/252:** means that "**d(t)**" is equal to the ratio between 1) the number of Business Days between the Valuation Date(t) excluded and the last Valuation Date included, and 2) 252:

$$dt = \frac{\text{Number of Business Days between Valuation Date}(t)\text{and last Valuation Date}}{252}$$

F(t) means the value of the final guarantee level and is determined in accordance with a formula from the following or any other amount as specified in the Final terms:

- Fixed Level

F(t) means a percentage specified in the Final Terms.

- Highest Level

$$F(t) = G_g \times \underset{1 \leq s \leq m(t)}{\text{Max}} (\text{Strategy}(s))$$

Where:

G_g means a percentage specified in the Final Terms.

m(t) means the number of Valuation Dates in the Guarantee Valuation Calendar(t).

Guarantee Valuation Calendar(t) means a series of Valuation Dates specified in the Final Terms.

Strategy(s) means the value of the Strategy on the Valuation Date indexed "s" in the Guarantee Valuation Calendar(t).

VolAdjust(t) means a percentage calculated by the Calculation Agent in accordance with the following formula:

$$\text{VolAdjust}(t) = \text{Min} \left(\text{MaxVolAdjust}, \frac{\text{Target Volatility}(t)}{\text{Realized Volatility}(t)} \right)$$

Where:

MaxVolAdjust means a percentage as specified in the Final Terms.

Target Volatility(t) means a percentage as specified in the Final Terms.

Realized Volatility(t) means the Realized Volatility, as determined below.

If **Volatility Adjustment** is "Not Applicable", the expression "VolAdjust(t)" shall be deemed to be equal to 1, which implies an allocation calculated in accordance with the following formula:

$$\text{alloc}(t) = \text{Max} \left(\text{Minalloc}(t), \text{Min}(\text{Maxalloc}(t), \text{Multiple}(t) \times \text{cushion}(t)) \right)$$

- Determination of the Realized Volatility ("Realized Volatility(t)"):

Realized Volatility(t) means on any Valuation Date "t", the current volatility level of the risky assets calculated by the Calculation Agent in accordance with the following formula:

$$\text{Realized Volatility}(t) = \text{Max} \left(\text{HVOL} (t, \text{Period}_1), \text{HVOL} (t, \text{Period}_2), \dots, \text{HVOL} (t, \text{Period}_p) \right)$$

p means the number of relevant periods as specified in the Final Terms.

Period₁, Period₂, Period_p mean the periods specified in the Final Terms.

HVOL(t, Period) means the realized volatility over a period as calculated by the Calculation Agent in accordance with the following formula:

$$\text{HVOL}(t, \text{Period}) = \sqrt{\sum_{j=1}^{\text{period}} \left[w_j \times \left(\ln(\text{BasketPerf}_4 (t + j - \text{Period} - \text{vollag})) - \mu(t, \text{Period}) \right)^2 \right]}$$

With:

$$\mu(t, \text{Period}) = \sum_{j=1}^{\text{period}} \left[w'_j \times \ln(\text{BasketPerf}_4 (t + j - \text{Period} - \text{vollag})) \right]$$

w_j and **w'_j** means the weightings specified in the Final Terms.

vollag means a number of days as specified in the Final Terms.

Autocall Daily

Autocall Daily delivers conditional coupons at each Valuation Date. The product holder may benefit from the Memory Effect which allows the recovery of previously non-received coupons. The product may be automatically redeemed before maturity.

The Automatic Early Redemption of the product is triggered on any Valuation Date indexed "t" where:

$$\text{AutoCallCondition}(t) = 1$$

$$\text{AutoCallCondition}(t) = 1 \text{ if } \text{BasketPerf}_1(t) \geq \mathbf{R}(t)$$

$$= 0 \text{ if not}$$

where:

R(t) means the percentage specified in the Final Terms. If "R(t)" is specified as being Not Applicable, then AutoCallCondition(t) = 0 in any event.

BasketPerf₁(t) means a performance of the Selection on the Valuation Date indexed "t", associated, if need be, with an Observation Dates Set. Its value is calculated using one of the formulae listed in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms.

In this case, the Automatic Early Redemption Amount per Calculation Amount payable on the Payment Date immediately following the Valuation Date "t" is equal to:

$$\text{Calculation Amount} \times (100\% + \text{AutoCallCoupon}(t))$$

$$\text{AutoCallCoupon}(t) = \text{Coupon}_1 \times n/N + \text{Coupon}_2(t) \times \text{UpsideCondition}(t)$$

$$\text{UpsideCondition}(t) = 1 \text{ if } \text{BasketPerf}_2(t) \geq \mathbf{H}(t)$$

= 0 if not

Where:

n means the number of calendar days between the **Start Date** and the Valuation Date indexed "t".

Start Date means a date as specified in the Final Terms.

N means a number of days as specified in the Final Terms.

Coupon₁ means an interest rate as specified in the Final Terms.

Coupon₂(t) means an interest rate as specified in the Final Terms.

H(t) means the percentage specified in the Final Terms. If "H(t)" is specified as being Not Applicable, then $\text{UpsideCondition}(t) = 0$ in any event.

BasketPerf₂(t) means performances of the Selection on the Valuation Date indexed "t", associated, if need be, with an Observation Dates Set. Its value is calculated using one of the formulae listed in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms.

If there is an Automatic Early Redemption, no other payment will be executed afterwards.

If the Automatic Early Redemption condition is not satisfied, the Final Redemption Amount per Calculation Amount is equal to:

Calculation Amount $\times (100\% + \text{FinalCoupon} - \text{Vanilla} \times \text{DownsideCondition} \times (1 - \text{UpsideCondition}_5))$

Where:

Vanilla = $G \times \text{Min}(\text{Cap}, \text{Max}((K - \text{BasketPerf}_3(T)), \text{Floor}))$

DownsideCondition = 1 if $\text{BasketPerf}_4(T) < B$

= 0 if not

And

FinalCoupon

= $(\text{Coupon}_4 \times (1 - \text{DownsideCondition})) + (\text{UpsideVanilla} \times \text{UpsideCondition}_5)$

UpsideVanilla

= $\text{Coupon}_5 + G_H \times \text{Min}(\text{Cap}_H, \text{Max}((\text{BasketPerf}_5(T) - K_H), \text{Floor}_H))$

UpsideCondition₅ = 1 if $\text{BasketPerf}_6(T) \geq H_2$

= 0 if not

where:

Coupon₄ means an interest rate as specified in the Final Terms.

G means the percentage specified in the Final Terms.

Cap means the percentage specified in the Final Terms.

Floor means the percentage specified in the Final Terms.

K means the percentage specified in the Final Terms.

B means the percentage specified in the Final Terms. If "B" is specified as being Not Applicable, then $\text{DownsideCondition} = 1$ in any event.

Coupon_S means an interest rate as specified in the Final Terms.

G_H means the percentage specified in the Final Terms.

Cap_H means the percentage specified in the Final Terms.

Floor_H means the percentage specified in the Final Terms.

K_H means the percentage specified in the Final Terms.

H₂ means the percentage specified in the Final Terms. If "H₂" is specified as being not applicable, then $\text{UpsideCondition}_4 = 0$ in any event.

BasketPerf₃(T), BasketPerf₄(T), BasketPerf₅(T), BasketPerf₆(T), mean performances of the Selection on the last Valuation Date, associated with, if need be, one or several Observation Dates Sets. Each of their respective values is calculated using one of the formulae specified in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms. It should be noted that the formula used to calculate "BasketPerf_i(T)" may be different from the formula used to calculate "BasketPerf_j(T)", when the subscript "i" is different from the subscript "j".

If Redemption by Physical Delivery is specified as applicable in the Final Terms, the Notes will be redeemed by Physical Delivery in accordance with the relevant terms specified in paragraphs "Redemption by Physical Delivery" and "Provisions applicable to Physical Delivery Notes" only if the following conditions are met:

$\text{DownsideCondition} = 1$ and $\text{BasketPerf}_3(T) < K$

Phoenix 2

Phoenix 2 may pay a conditional or guaranteed interest amount on each Payment Date. If applicable, Noteholders may benefit from the Memory Effect, which triggers payment of any previously unpaid interest amounts. Automatic Early Redemption may occur during the term of the Notes.

Interest amount "PhoenixCoupon(t)"

On each Payment Date indexed "t", an interest amount, if strictly positive, will be paid in the Specific Currency, in respect of each Note. For the avoidance of doubt, if the Notes are early redeemed, no interest amounts shall be paid thereafter.

Such interest amount is determined by the Calculation Agent on the Valuation Date indexed "t" in accordance with the following formula:

- a. If the performance of the Selection, as defined by "**BasketPerfc(t)**", is greater than or equal to a barrier level defined by "**PhoenixBarrier(t)**", then:

PhoenixCoupon(t)

$= \text{Calculation Amount} \times (\text{ConditionalCoupon}(t) - \text{MemoryCoupon}(t))$

- b. Otherwise:

PhoenixCoupon(t) = Calculation Amount × FixedCoupon(t)

With that respect:

ConditionalCoupon(t) means an interest rate series specified in the Final Terms.

FixedCoupon(t) means an interest rate series specified in the Final Terms.

PhoenixBarrier(t) means a percentage series specified in the Final Terms. If "PhoenixBarrier(t)" is specified as being Not Applicable, then the performance of the Selection "BasketPerf₁(t)" is deemed to be lower than "PhoenixBarrier(t)" in any event.

BasketPerfc(t) means a performance of the Selection of Underlyings on the Valuation Date indexed "t", associated, if needs be with an Observation Dates Set. Its value is calculated using one of the formulae listed in paragraph 1.1 (Common Definitions) above with regard to the definition of "BasketPerf" as specified in the Final Terms.

Automatic Early Redemption

On any Valuation Date indexed "t", Automatic Early Redemption of the Notes is activated if the performance of the Selection, as defined by "**BasketPerfa(t)**", is greater than or equal to a barrier level defined by "**AutocallBarrier(t)**".

AutocallBarrier(t) means a percentage series specified in the Final Terms. If "AutocallBarrier(t)" is specified as being Not Applicable, then the performance of the Selection "BasketPerfa(t)" is deemed to be lower than "AutocallBarrier(t)" in any event.

BasketPerfa(t) means a performance of the Selection on the Valuation Date indexed "t", associated, if need be, with an Observation Dates Set. Its value is calculated using one of the formulae listed in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms.

In this case, the Notes shall be automatically redeemed in whole but not in part on the relevant Payment Date(t) and the Automatic Early Redemption Amount payable by the Issuer on such date shall be an amount in the Specified Currency equal to:

Amount Calculation × **EarlyRedemptionAmount(t)**

Where:

EarlyRedemptionAmount(t) means a percentage series specified in the Final Terms.

Final Redemption Amount

If the Automatic Early Redemption of the Notes has not been activated, then the Final Redemption Amount per Note payable on the Maturity Date shall be an amount in the Specified Currency equal to:

- 1) If the performance of the Selection as defined by "**BasketPerff(T)**" is greater than or equal a performance barrier level defined by "**PerfBarrier**", then the Final Redemption Amount shall be equal to:

Calculation Amount × (**UpBaseRedemption** + **UpsideReturn**)

Where

UpsideReturn = $G_u \times \text{Min}(\text{Cap}_u, \text{Max}((\text{BasketPerf}_u(T) - K_u), \text{Floor}_u))$

- 2) Otherwise, if "**BasketPerff(T)**" is lower than "**PerfBarrier**", then:
 - a) If a "**Risk Event**" has not occurred, then the Final Redemption Amount shall be equal to:

Calculation Amount × **MidBaseRedemption**

b) Otherwise, the Final Redemption Amount shall be equal to:

Calculation Amount \times (100% – **DownsideLoss**)

Where:

DownsideLoss = $G_d \times \text{Min}(\text{Cap}_d, \text{Max}((K_d - \text{BasketPerf}_d(T)), \text{Floor}_d))$

In such case, If Redemption by Physical Delivery is specified as applicable in the Final Terms, the Notes will be redeemed by Physical Delivery in accordance with the relevant terms specified in paragraphs "Redemption by Physical Delivery" and "Provisions applicable to Physical Delivery Notes".

Risk Event is deemed to have occurred if the performance of the Selection, as defined by "**BasketPerfr(T)**" is lower than a barrier level defined by "**RiskBarrier**"

For the purpose of determining the Final Redemption Amount:

UpBaseRedemption, **MidBaseRedemption** mean percentages specified in the Final Terms.

PerfBarrier means a percentage specified in the Final Terms.

RiskBarrier means a percentage specified in the Final Terms.

G_u means the percentage specified in the Final Terms.

G_d means the percentage specified in the Final Terms.

Cap_u means the percentage specified in the Final Terms.

Cap_d means the percentage specified in the Final Terms.

Floor_u means the percentage specified in the Final Terms.

Floor_d means the percentage specified in the Final Terms.

K_u means the percentage specified in the Final Terms.

K_d means the percentage specified in the Final Terms.

BasketPerfr(T), **BasketPerf_r(T)**, **BasketPerf_u(T)**, and **BasketPerf_d(T)**, mean performances of the Selection on the last Valuation Date, associated with, if need be, one or several Observation Dates Sets. Each of their respective values is calculated using one of the formulae specified in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms. It should be noted that the formula used to calculate "BasketPerf_i(T)" may be different from the formula used to calculate "BasketPerf_j(T)", when the subscript "i" is different from the subscript "j".

Autocall 2

Autocall 2 is a product that may be automatically redeemed before the maturity of the Notes if the Performance of the selection is above a barrier level. In such case, the Notes are redeemed at par, along with any due positive interest amount.

Automatic Early Redemption

On any Valuation Date indexed "t", Automatic Early Redemption of the Notes is activated if the performance of the Selection, as defined by "**BasketPerfa(t)**", is greater than or equal to a barrier level defined by "**AutocallBarrier(t)**".

AutocallBarrier(t) means a percentage series specified in the Final Terms. If "AutocallBarrier(t)" is specified as being Not Applicable, then the performance of the Selection "BasketPerfa(t)" is deemed to be lower than "AutocallBarrier(t)" in any event.

BasketPerfa(t) means a performance of the Selection on the Valuation Date indexed "t", associated, if need be, with an Observation Dates Set. Its value is calculated using one of the formulae listed in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms.

In this case, the Notes shall be automatically redeemed in whole but not in part on the relevant Payment Date(t) and the Automatic Early Redemption Amount payable by the Issuer on such date shall be an amount in the Specified Currency equal to:

Calculation Amount × **EarlyRedemptionAmount(t)**

Where:

EarlyRedemptionAmount(t) means a percentage series specified in the Final Terms.

Final Redemption Amount

If the Automatic Early Redemption of the Notes has not been activated, then the Final Redemption Amount per Note payable on the Maturity Date shall be an amount in the Specified Currency equal to:

- 1) If the performance of the Selection as defined by "**BasketPerff(T)**" is greater than or equal a performance barrier level defined by "**PerfBarrier**", then the Final Redemption Amount shall be equal to:

Calculation Amount × (**UpBaseRedemption** + **UpsideReturn**)

Where

UpsideReturn = $G_u \times \text{Min}(\text{Cap}_u, \text{Max}((\text{BasketPerf}_u(T) - K_u), \text{Floor}_u))$

- 2) Otherwise, if "**BasketPerff(T)**" is lower than "**PerfBarrier**", then:
 - a) If a "**Risk Event**" has not occurred, then the Final Redemption Amount shall be equal to:

Calculation Amount × **MidBaseRedemption**

- b) Otherwise, the Final Redemption Amount shall be equal to:

Calculation Amount × (**100%** – **DownsideLoss**)

Where:

DownsideLoss = $G_d \times \text{Min}(\text{Cap}_d, \text{Max}((K_d - \text{BasketPerf}_d(T)), \text{Floor}_d))$

In such case, If Redemption by Physical Delivery is specified as applicable in the Final Terms, the Notes will be redeemed by Physical Delivery in accordance with the relevant terms specified in paragraphs "Redemption by Physical Delivery" and "Provisions applicable to Physical Delivery Notes".

Risk Event is deemed to have occurred if the performance of the Selection, as defined by "**BasketPerfr(T)**" is lower than a barrier level defined by "**RiskBarrier**"

For the purpose of determining the Final Redemption Amount:

UpBaseRedemption, **MidBaseRedemption** mean percentages specified in the Final Terms.

PerfBarrier means a percentage specified in the Final Terms.

RiskBarrier means a percentage specified in the Final Terms.

G_u means the percentage specified in the Final Terms.

G_a means the percentage specified in the Final Terms.

Cap_u means the percentage specified in the Final Terms.

Cap_a means the percentage specified in the Final Terms.

Floor_u means the percentage specified in the Final Terms.

Floor_a means the percentage specified in the Final Terms.

K_u means the percentage specified in the Final Terms.

K_a means the percentage specified in the Final Terms.

BasketPerf_i(T), **BasketPerf_f(T)**, **BasketPerf_u(T)**, and **BasketPerf_a(T)**, mean performances of the Selection on the last Valuation Date, associated with, if need be, one or several Observation Dates Sets. Each of their respective values is calculated using one of the formulae specified in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms. It should be noted that the formula used to calculate "BasketPerf_i(T)" may be different from the formula used to calculate "BasketPerf_j(T)", when the subscript "i" is different from the subscript "j".

Autocall Magnet Autocall Magnet is a product that may be automatically redeemed before the maturity of the Notes if the Performance of the selection is above a threshold. In such case, the Notes are redeemed at par, with any positive interest amount also payable.

The Automatic Early Redemption of the product is triggered on any Valuation Date indexed "t" where:

$$\mathbf{AutoCallCondition(t) = 1}$$

$$\mathbf{AutoCallCondition(t) = 1 \text{ if } BasketPerf_1(t) \geq R(t)}$$

$$\mathbf{= 0 \text{ if not}}$$

Where:

$$\mathbf{R(t) = N(t) + Max(Floor_1(t), BasketPerf_2(t - 1))}$$

N(t) means the percentage specified in the Final Terms

Floor₁(t) means the percentage specified in the Final Terms

If "Floor₁(t)" is specified as being Not Applicable, then **R(t) = N(t)**

If "N(t)" and "Floor₁(t)" are specified as being Not Applicable, then AutoCallCondition(t) = 0 in any event.

BasketPerf₁(t), **BasketPerf₂(t)** means a performance of the Selection on the Valuation Date indexed "t", associated, if need be, with an Observation Dates Set. Its value is calculated using one of the formulae listed in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms. It should be noted that the

formula used to calculate "BasketPerf_i(T)" may be different from the formula used to calculate "BasketPerf_j(T)", when the subscript "i" is different from the subscript "j".

In this case, the Automatic Early Redemption Amount per Calculation Amount payable on the Payment Date following immediately the Valuation Date "t" is equal to:

$$\text{Calculation Amount} \times (100\% + \text{AutoCallCoupon}(t))$$

$$\text{AutoCallCoupon}(t) = \text{Coupon}_1(t) + \text{Vanilla}_2(t) \times \text{UpsideCondition}(t)$$

$$\text{Vanilla}_2(t) = \text{Coupon}_2(t) + G_2(t) \times \text{Min}(\text{Cap}_2(t), \text{Max}(\text{BasketPerf}_3(t) - K_2(t), \text{Floor}_2(t)))$$

$$\text{UpsideCondition}(t) = 1 \text{ if } \text{BasketPerf}_4(t) \geq H(t)$$

$$= 0 \text{ if not}$$

Where:

Coupon₁(t) means an interest rate as specified in the Final Terms.

Coupon₂(t) means an interest rate as specified in the Final Terms.

G₂(t) means the percentage specified in the Final Terms.

Cap₂(t) means the percentage specified in the Final Terms.

Floor₂(t) means the percentage specified in the Final Terms.

K₂(t) means the percentage specified in the Final Terms.

H(t) means the percentage specified in the Final Terms. If "H(t)" is specified as being Not Applicable, then UpsideCondition(t) = 0 in any event.

BasketPerf₃(t), BasketPerf₄(t) means performances of the Selection on the Valuation Date indexed "t", associated, if need be, with an Observation Dates Set. Its value is calculated using one of the formulae listed in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms. It should be noted that the formula used to calculate "BasketPerf_i(t)" may be different from the formula used to calculate "BasketPerf_j(t)", when the subscript "i" is different from the subscript "j".

If the Automatic Early Redemption condition is not satisfied, the Final Redemption Amount per Calculation Amount is equal to:

$$\text{Calculation Amount} \times (100\% + \text{FinalCoupon} - \text{Vanilla} \times \text{DownsideCondition} \times (1 - \text{UpsideCondition}_4))$$

Where:

$$\text{Vanilla} = G \times \text{Min}(\text{Cap}, \text{Max}((K - \text{BasketPerf}_6(T)), \text{Floor}_3))$$

$$\text{DownsideCondition} = 1 \text{ if } \text{BasketPerf}_7(T) < B$$

$$= 0 \text{ if not}$$

And

FinalCoupon

$$= (\text{Coupon}_3 \times (1 - \text{DownsideCondition})) + (\text{Vanilla}_4 \times \text{UpsideCondition}_4)$$

$$\text{Vanilla}_4 = \text{Coupon}_4 + G_4 \times \text{Min}(\text{Cap}_4, \text{Max}((\text{BasketPerf}_5(T) - K_4), \text{Floor}_4))$$

UpsideCondition₄ = 1 if BasketPerf₈(T) ≥ H₄

= 0 if not

where:

Coupon₃ means an interest rate as specified in the Final Terms.

Coupon₄ means an interest rate as specified in the Final Terms.

G means the percentage specified in the Final Terms.

G₄ means the percentage specified in the Final Terms.

Cap means the percentage specified in the Final Terms.

Cap₄ means the percentage specified in the Final Terms.

Floor₃ means the percentage specified in the Final Terms.

Floor₄ means the percentage specified in the Final Terms.

K means the percentage specified in the Final Terms.

K₄ means the percentage specified in the Final Terms.

B means the percentage specified in the Final Terms. If "B" is specified as being Not Applicable, then DownsideCondition = 1 in any event.

H₄ means the percentage specified in the Final Terms. If "H₄" is specified as being Not Applicable, then UpsideCondition₄ = 0 in any event.

BasketPerf₄(T), BasketPerf₅(T), BasketPerf₆(T), BasketPerf₇(T), BasketPerf₈(T) mean performances of the Selection on the last Valuation Date, associated with, if need be, one or several Observation Dates Sets. Each of their respective values is calculated using one of the formulae specified in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms. It should be noted that the formula used to calculate "BasketPerf_i(T)" may be different from the formula used to calculate "BasketPerf_j(T)", when the subscript "i" is different from the subscript "j".

If Redemption by Physical Delivery is specified as applicable in the Final Terms, the Notes will be redeemed by Physical Delivery in accordance with the relevant terms specified in paragraphs "Redemption by Physical Delivery" and "Provisions applicable to Physical Delivery Notes" only if the following conditions are met:

DownsideCondition = 1 and BasketPerf₆(T) < K

Phoenix Magnet

The Phoenix Magnet may pay a conditional or guaranteed interest amount on each Payment Date. If applicable, Noteholders may benefit from the Memory Effect, which triggers payment of any previously unpaid interest amounts. Automatic early redemption may occur during the term of the Notes.

On each Valuation Date indexed "t", an interest amount, paid on the Payment Date indexed "t", unless this Valuation Date falls after the occurrence of an Automatic Early Redemption Event, is calculated in accordance with the following formula:

$$\text{PhoenixCoupon}(t) = \text{Calculation Amount} \times [\text{Coupon}_1(t) + (\text{Coupon}_2(t) - \text{MemoryCoupon}(t)) \times \text{UpsideCondition}(t)]$$

$\text{UpsideCondition}(t) = 1$ if $\text{BasketPerf}_1(t) \geq H(t)$

$= 0$ if not

Where:

Coupon₁(t) means an interest rate as specified in the Final Terms.

Coupon₂(t) means an interest rate as specified in the Final Terms.

H(t) means the percentage specified in the Final Terms. If "H(t)" is specified as being Not Applicable, then $\text{UpsideCondition}(t) = 0$ in any event.

BasketPerf₁(t) means a performance of the Selection of Underlyings on the Valuation Date indexed "t", associated, if needs be with an Observation Dates Set. Its value is calculated using one of the formulae listed in paragraph 1.1 (Common Definitions) above with regard to the definition of "BasketPerf" as specified in the Final Terms.

The Automatic Early Redemption of the Note is triggered on any Valuation Date indexed "t" where:

AutoCallCondition(t) = 1

With:

AutoCallCondition(t) = 1 if $\text{BasketPerf}_2(t) \geq R(t)$

= 0 if not

Where:

$R(t) = N(t) + \text{Max}(\text{Floor}_1(t), \text{BasketPerf}_3(t - 1))$

N(t) means the percentage specified in the Final Terms

Floor₁(t) means the percentage specified in the Final Terms

If "Floor₁(t)" is specified as being Not Applicable, then **$R(t) = N(t)$**

If "N(t)" and "Floor₁(t)" are specified as being Not Applicable, then **AutoCallCondition(t) = 0** in any event.

BasketPerf₂(t) means a performance of the Selection on the Valuation Date indexed "t", associated, if need be, with an Observation Dates Set. Its value is calculated using one of the formulae listed in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms.

BasketPerf₃(t) means a performance of the Selection on the Valuation Date indexed "t", associated, if need be, with an Observation Dates Set. Its value is calculated using one of the formulae listed in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms.

In this case, the Automatic Early Redemption Amount per Calculation Amount payable on the Payment Date immediately following the Valuation Date "t" is equal to:

Calculation Amount \times (100% + Coupon₃(t) \times UpsideCondition₂(t))

With:

UpsideCondition₂(t) = 1 if $\text{BasketPerf}_4(t) \geq H_2(t)$

= 0 if not

Where:

Coupon₃(t) means an interest rate as specified in the Final Terms.

H₂(t) means the percentage specified in the Final Terms. If "H₂(t)" is specified as being Not Applicable, then $\text{UpsideCondition}_2(t) = 0$ in any event.

BasketPerf₄(t) means a performance of the Selection on the Valuation Date indexed "t", associated, if needs be, with an Observation Dates Set. Its value is calculated using one of the formulae listed in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms.

If the Note has never been subject to an Automatic Early Redemption, then the Final Redemption Amount per Calculation Amount is equal to:

$$\text{Calculation Amount} \times [100\% + \text{FinalCoupon} - \text{Vanilla} \times \text{DownsideCondition} \times (1 - \text{UpsideCondition}_3)]$$

Where:

$$\text{Vanilla} = G \times \text{Min}(\text{Cap}, \text{Max}((K - \text{BasketPerf}_5(T)), \text{Floor}_2))$$

$$\text{DownsideCondition} = 1 \text{ if } \text{BasketPerf}_6(T) < B$$

= 0 if not

And

$$\text{FinalCoupon} = (\text{Coupon}_4 \times (1 - \text{DownsideCondition})) + (\text{Vanilla}_5 \times \text{UpsideCondition}_3)$$

$$\text{Vanilla}_5 = \text{Coupon}_5 + G_5 \times \text{Min}(\text{Cap}_5, \text{Max}((\text{BasketPerf}_7(T) - K_5), \text{Floor}_5))$$

$$\text{UpsideCondition}_3 = 1 \text{ if } \text{BasketPerf}_8(T) \geq H_3$$

= 0 if not

where:

Coupon₄ means an interest rate as specified in the Final Terms.

Coupon₅ means an interest rate as specified in the Final Terms.

H₃ means the percentage specified in the Final Terms. If H₃ is specified as being Not Applicable, then $\text{UpsideCondition}_3 = 0$ in any event.

G means the percentage specified in the Final Terms.

G₅ means the percentage specified in the Final Terms.

Cap means the percentage specified in the Final Terms.

Cap₅ means the percentage specified in the Final Terms.

Floor₂ means the percentage specified in the Final Terms.

Floor₅ means the percentage specified in the Final Terms.

K means the percentage specified in the Final Terms.

K₅ means the percentage specified in the Final Terms.

B means the percentage specified in the Final Terms. If "B" is specified as being Not Applicable, then DownsideCondition = 1 in any event.

BasketPerf₅(T), BasketPerf₆(T), BasketPerf₇(T), BasketPerf₈(T) mean performances of the Selection on the last Valuation Date, associated with, if need be, one or several Observation Dates Sets. Each of their respective values is calculated using one of the formulae specified in 1.1 (Common Definitions), with regard to the definition of "BasketPerf", as specified in the Final Terms. It should be noted that the formula used to calculate "BasketPerf_i(T)" may be different from the formula used to calculate "BasketPerf_j(T)", when the subscript "i" is different from the subscript "j".

If Redemption by Physical Delivery is specified as applicable in the Final Terms, the Notes will be redeemed by Physical Delivery in accordance with the relevant terms specified in paragraphs "Redemption by Physical Delivery" and "Provisions applicable to Physical Delivery Notes" only if the following conditions are met:

DownsideCondition = 1 and $\text{BasketPerf}_5(T) < K$

2. CALCULATION FORMULAE APPLICABLE TO RATE LINKED NOTES, CURRENCY LINKED NOTES, INFLATION LINKED NOTES AND HYBRID STRUCTURED NOTES

2.1 Common Definitions

The following definitions shall apply to all formulae set out in this section:

(a) General definitions

× means the mathematical sign for multiplication.

$\prod_{index} terms$ means the product of the terms referring to the index.

/ means the mathematical sign for division.

+ means the mathematical sign for addition.

$\sum_{index} terms$ means the sum of the terms referring to the index.

– means the mathematical sign for subtraction.

^ means the mathematical sign for "to-the-power".

> means that the number preceding this sign is strictly greater than the number following this sign.

< means that the number preceding this sign is strictly smaller than the number following this sign.

≥ means that the number preceding this sign is equal to or greater than the number following this sign.

≤ means that the number preceding this sign is equal to or smaller than the number following this sign.

% means a fraction of 100. For the avoidance of doubt, 1% equals 0.01.

Abs () means the absolute value of the number appearing within the brackets.

Final Reference Dates means, in respect of an Underlying Set for which the Observation Type is specified, a set of Reference Dates specified in the Final Terms.

Formula Applicable Period means, in respect of an Interest Basis specified in the Final Terms, an Interest Accrual Period for which the relevant Interest Basis will be deemed to apply taking into account, as the case may be, an Interest Basis Switch:

- In the absence of an Interest Basis Switch, or for as long as it has not been triggered: an Interest Accrual Period for which the relevant Interest Basis applies.
- If an Interest Basis Switch is defined and is applicable and has been exercised: an Interest Accrual Period for which:
 - The relevant Interest Basis is the Alternate Interest Basis, AND
 - The Interest Accrual Period starts on or later than the Interest Basis Switch Date on which the Interest Basis Switch is deemed to have been triggered.

Max means in respect of a series of numbers appearing between parentheses and separated by "," or of a set of numbers referred to by an index for which the values taken by the index are specified under the word "max" in the formula:

- the greatest of such numbers. If any such number is not specified, or specified as being "Not Applicable", such number shall be ignored in the calculation of the function.

Min means in respect of a series of numbers appearing between parentheses and separated by "," or of a set of numbers referred to by an index for which the values taken by the index are specified under the word "min" in the formula:

- the smallest of such numbers. If any such number is not specified, or specified as being "Not Applicable", such number shall be ignored in the calculation of the function.

Reference Date means a date specified as such in the Final Terms, in the case of formulae for which multiple valuations of an underlying on specific dates may be relevant:

- As Final Reference Dates or Period Reference Dates for an Underlying Set having a specific Observation Type.
- As Striking Date(s) of a Strike for which Striking Type is not Predetermined.
- Or in the case of a "Range-Accrual" payoff formula.

Period Reference Dates means, in respect of an Interest Accrual Period and an Underlying Set for which the Observation Type is specified, a set of Reference Dates specified in the Final Terms.

Redemption Price means the percentage specified in the Final Terms or calculated in accordance with the relevant formula or in the absence thereof 100%, for the purpose of determining a Redemption Amount or, as the case may be, an Instalment Payable Amount.

Unless otherwise specified, a Redemption Amount payable on an Optional Redemption Date or on the Maturity Date is an amount in the Specified Currency determined by the Calculation Agent as the product of (a) the Outstanding Calculation Amount and (b) the relevant Redemption Price in respect of such date.

In accordance with Condition 6(a)(ii) of the Terms and Conditions of the English Law Notes and Condition 6(a)(ii) of the Terms and Conditions of the French Law Notes, where a Redemption Provision is applicable in respect of an Instalment Amount on an Instalment Date, the Instalment Payable Amount shall be the product of (a) the Instalment Amount and (b) the relevant Redemption Price.

For the purpose of determining an Optional Redemption Amount, an Automatic Early Redemption Amount or an Instalment Payable Amount respectively, any references to determination dates specified in reference to final redemption and used directly or indirectly for the determination of Final_Level in

respect of an Underlying (notably for the intermediary determination of Final_Observation) shall be deemed to be replaced by reference to determination dates in respect of the relevant Optional Redemption Date, Automatic Early Redemption Date or Instalment Date respectively.

If the applicable Final Terms directly imply the determination of a Redemption Amount (or respectively, of an Instalment Payable Amount) the Redemption Price is the ratio of such amount over the relevant Calculation Amount (or respectively, over the relevant Instalment Amount).

Underlying Business Day means, in respect of an Underlying Set, a Business Day in respect of the Currency(ies) and/or financial centres specified in the applicable Final Terms, or in the absence thereof:

– If the Set Type is FX Rate:

A day that is, in respect of the relevant Domestic Currency and Foreign Currency, as the case may be, and as defined in the Provisions applicable to Currency Linked Notes, an Exchange Rate Business Day.

– If the Set Type is FX Basket:

A day that is, in respect of each Currency in the Basket, as the case may be, and as defined in the Provisions applicable to Currency Linked Notes, an Exchange Rate Business Day.

– If the Set Type is Rate Index:

A day that is, in respect of the interest rate Underlying and as defined in the Provisions applicable to Rate Linked Notes:

- If ISDA Determination is applicable a Business Day in respect of the currency and financial centre applicable for the determination of the relevant Floating Rate Option according to the 2021 ISDA Definitions.
- If Screen Rate Determination is applicable a Business Day in respect of the Relevant Financial Centre.

– If the Set Type is Rate Spread, Rate Forward or Rate Basket:

A day that is, in respect of each of the interest rate Underlyings and as defined in the Provisions Applicable to Rate Linked Notes:

- If ISDA Determination is applicable a Business Day in respect of the currency and financial centre applicable for the determination of the relevant Floating Rate Option according to the 2021 ISDA Definitions.
- If Screen Rate Determination is applicable a Business Day in respect of the Relevant Financial Centre.

– In any other case:

a Business Day for the purpose of the Business Day Convention.

(b) Definitions relating to identification of underlyings and determination method

FX means an exchange rate being the value of a unit of the Foreign Currency expressed in units of the Domestic Currency.

Underlying Set

An Underlying Set is defined in the Final Terms by:

- A **Set Type**, among the following:

Additional Terms and Conditions of the Notes

- Rate Index (Applicable for Rate Linked Notes and Hybrid Structured Notes)
 - Rate Spread (Applicable for Rate Linked Notes and Hybrid Structured Notes)
 - Rate Forward (Applicable for Rate Linked Notes and Hybrid Structured Notes)
 - Rate Basket (Applicable for Rate Linked Notes and Hybrid Structured Notes)
 - FX Rate (Applicable for Currency Linked Notes and Hybrid Structured Notes)
 - FX Basket (Applicable for Currency Linked Notes)
 - Price Index (Applicable for Inflation Linked Notes and Hybrid Structured Notes)
 - Inflation Rate (Applicable for Inflation Linked Notes and Hybrid Structured Notes)
 - Inflation Rate Spread (Applicable for Inflation Linked Notes and Hybrid Structured Notes).
- One or several **Underlying(s)** that may be:
- If the Set Type is Rate Index:

An interest rate Underlying specified as **Rate Index**, defined in the Rate Linked Provisions, in respect of such Underlying Set, by reference to a Reference Rate and a Specified Duration in the case of Screen Rate Determination, or by reference to a Floating Rate Option and a Designated Maturity in the case of ISDA Determination.
 - If the Set Type is Rate Spread:

(a) An interest rate Underlying specified as **Main Index** and (b) an interest rate Underlying specified as **Secondary Index**, both (a) and (b) being defined in the Rate Linked Provisions, in respect of such Underlying Set, by reference to a Reference Rate and a Specified Duration in the case of Screen Rate Determination, or by reference to a Floating Rate Option and a Designated Maturity in the case of ISDA Determination.
 - If the Set Type is Rate Forward:

(a) An interest rate Underlying specified as **Long Tenor Index** and (b) an interest rate Underlying specified as **Short Tenor Index**, both (a) and (b) being defined in the Rate Linked Provisions, in respect of such Underlying Set, by reference to a Reference Rate and a Specified Duration being a whole number of years in the case of Screen Rate Determination, or by reference to a Floating Rate Option and a Designated Maturity being a whole number of years in the case of ISDA Determination.
 - If the Set Type is Rate Basket:

A basket of at least two interest rate Underlyings, specified as **Rate(i)** indexed by the integer number i ranging from 1 to n where n is the number of interest rates in the basket, each being defined in the Rate Linked Provisions, in respect of this Underlying Set, by reference to a Reference Rate and a Specified Duration in the case of Screen

Rate Determination, or by reference to a Floating Rate Option and a Designated Maturity in the case of ISDA Determination.

- If the Set Type is FX Rate:
 - (a) the Domestic Currency and (b) the Foreign Currency, defined in the Currency Linked Provisions, in respect of such Underlying Set.
- If the Set Type is FX Basket:
 - (a) a Currency specified as **Base** and (b) a basket of at least two Currencies, defined as **Basket Currencies**, different from each other and from the Base, indexed as **Basket Currency(i)** by the integer number i ranging from 1 to n where n is the number of Basket Currencies.

The Currency Linked Provisions define, in respect of this Underlying Set and of each Basket Currency(i), a Foreign Currency and a Domestic Currency as one being Basket Currency(i) and the other the Base Currency (as the case may be).
- If the Set Type is Price Index:
 - an Inflation Index Underlying specified as **Main Index**, defined in the Inflation Linked Provisions, in respect of such Underlying Set.
- If the Set Type is Inflation Rate:
 - an Inflation Index Underlying specified as **Main Index**, defined in the Inflation Linked Provisions, in respect of such Underlying Set.
- If the Set Type is Inflation Rate Spread:
 - (a) an Inflation Index Underlying specified as **Main Index** and (b) an Inflation Index Underlying specified as **Secondary Index**, both (a) and (b) being defined in the Inflation Linked Provisions, in respect of such Underlying Set.

– A **Valuation Type** which may be:

- If the Set Type is Rate Forward: Forward Annuity, Real Forward Annuity, Constant Rate Annuity, Dual Annuity Ratio, Discount Factor or Linear Maturity.
- If the Set Type is Rate Basket: Basket Average, Basket Best-Of or Basket Worst-Of.
- If the Set Type is FX Basket: Basket Regular, Basket Self Quanto, Basket Best-Of Regular, Basket Best-Of Self Quanto, Basket Worst-Of Regular or Basket Worst-Of Self Quanto.
- If the Set Type is Inflation Rate or Inflation Rate Spread: a strictly positive integer number of months, which if left undefined is deemed equal to twelve (12).
- Not specified for the other Set Types.

– An **Observation Type** which may be:

- Not specified
- Arithmetic Averaging
- Geometric Averaging
- Hyperbolic Averaging

- Lookback Min
- Lookback Max
- An **Underlying Local Adjustment** which may be:
 - Not specified or specified as Not Applicable, in which case each of the terms defined in the specifications of an Underlying Local Adjustment will be considered as Not Applicable.
 - Defined in the Final Terms, which will specify some or all of the relevant terms depending on the Set Type, the Valuation Type or the Observation Type, as set forth in the definition of Underlying Local Adjustment and, as the case may be, for specific uses in respect of Final Redemption, Interest Periods, Reference Dates or any (other) use.

Underlying Local Adjustment

An Underlying Local Adjustment can be defined for a given Underlying Set by the following terms specified in the Final Terms, depending on its Set Type, its Valuation Type or its Observation Type.

For a given Underlying Set, the following terms can be specifically defined in respect of Final Redemption, Interest Periods, Reference Dates and/or in respect of any (other) use thereof. If definitions are given for some but not all of these purposes, then such terms will be considered as specified only for the specified purpose(s), and not applicable for the other uses.

- If the Set Type is **Rate Basket**:
 - The **Basket Weights**: A set of n positive percentages, specified as Basket Weight(i) indexed by the integer number i ranging from 1 to n where n is the number of interest rates in the basket. All respective Basket Weights must be specified or all can be left unspecified, specified as Not Applicable, considered as Not Applicable if Underlying Local Adjustment is Not Applicable or specified as "even weighted" in which case, for any use of the term in any formula, Basket Weight(i) is equal to $(1/n)$ for each i .

If the Valuation Type is Basket Best-Of or Basket Worst-Of then the Basket Weights are Not Applicable.

In the formulae set forth in this Common Definitions section, the relevant Basket Weight(i) can be referred to as **w(i)**.
 - The **Basket Local Caps**: A set of n Strikes, specified as Local Cap(i) indexed by the integer number i ranging from 1 to n where n is the number of interest rates in the Basket, which can be left unspecified or is specified as Not Applicable or considered as Not Applicable if Underlying Local Adjustment is Not Applicable, in which case, for any use of the term in any formula, Local Cap(i) is positive infinity for each i .

In the formulae set forth in this Common Definitions section, the relevant Local Cap(i) can be referred to as **Cap(i)**.
 - The **Basket Local Floors**: A set of n Strikes, specified as Local Floor(i) indexed by the integer number i ranging from 1 to n where n is the number of interest rates in the Basket, which can be left unspecified, specified as Not Applicable or considered as Not Applicable if Underlying Local Adjustment is Not Applicable, in which case, for any use of the term in any formula, Local Floor(i) is negative infinity for each i .

In the formulae set forth in this Common Definitions section, the relevant Local Floor(i) can be referred to as **Floor(i)**.

- The Basket **Level Cap**: A Strike, which can be left unspecified, specified as Not Applicable or considered as Not Applicable if Underlying Local Adjustment is Not Applicable, in which case, for any use of the term in any formula, Level Cap is positive infinity.

In the formulae set forth in this Common Definitions section, the relevant Level Cap can be referred to as **Cap**.

- The Basket **Level Floor**: A Strike, which can be left unspecified, specified as Not Applicable or considered as Not Applicable if Underlying Local Adjustment is Not Applicable, in which case, for any use of the term in any formula, Level Floor is negative infinity.

In the formulae set forth in this Common Definitions section, the relevant Level Floor can be referred to as **Floor**.

– If the Set Type is **FX Basket**:

The **FX Basket Weights**: A set of n positive percentages, specified as FX Basket Weight(i) indexed by the integer number i ranging from 1 to n where n is the number of currencies in the Currency Basket. All respective FX Basket Weights may be specified, left unspecified, specified as Not Applicable, considered as Not Applicable if Underlying Local Adjustment is Not Applicable or specified as "even weighted" in which case, for any use of the term in any formula, FX Weight(i) is equal to (1/n) for each i.

If the Valuation Type is Basket Best-Of (Regular or Self Quanto) or Basket Worst-Of (Regular or Self Quanto) then the FX Basket Weights are Not Applicable.

In the formulae set forth in this Common Definitions section, the relevant FX Basket Weight(i) can be referred to as **w(i)**.

– If the Set Type is **NOT Rate Basket or FX Basket**:

- **Index Local Cap (or Main Index Local Cap):**

An Index Local Cap is a Strike defined as such or as Main Index Local Cap in the Final Terms.

If the term is not specified, specified as Not Applicable or considered as Not Applicable if Underlying Local Adjustment is Not Applicable, then for any use of the term in any formula, Index Local Cap is positive infinity.

In the formulae set forth in this Common Definitions section, the relevant Index Local Cap can be referred to as **Cap**.

- **Index Local Floor (or Main Index Local Floor):**

An Index Local Floor is a Strike defined as such or as Main Index Local Floor in the Final Terms.

If the term is not specified, specified as Not Applicable or considered as Not Applicable if Underlying Local Adjustment is Not Applicable, then for any use of the term in any formula, Index Local Floor is negative infinity.

In the formulae set forth in this Common Definitions section, the relevant Index Local Floor can be referred to as **Floor**.

○ **Index Local Coefficient (or Main Index Local Coefficient):**

An Index Local Coefficient is a strictly positive percentage defined as such or as Main Index Local Coefficient in the Final Terms.

If the term is not specified, specified as Not Applicable or considered as Not Applicable if Underlying Local Adjustment is Not Applicable, then for any use of the term in any formula, Index Local Coefficient is equal to 100%.

In the formulae set forth in this Common Definitions section, the relevant Index Local Coefficient can be referred to as **Coef**.

– If the Set Type is **Rate Spread or Inflation Rate Spread**:

○ **Secondary Index Local Cap:**

A Secondary Index Local Cap is a Strike defined as such in the Final Terms.

If the term is not specified, specified as Not Applicable or considered as Not Applicable if Underlying Local Adjustment is Not Applicable, then for any use of the term in any formula, Secondary Index Local Cap is positive infinity.

In the formulae set forth in this Common Definitions section, the relevant Secondary Index Local Cap can be referred to as **ShortCap**.

○ **Secondary Index Local Floor:**

A Secondary Index Local Floor is a Strike defined as such in the Final Terms.

If the term is not specified, specified as Not Applicable or considered as Not Applicable if Underlying Local Adjustment is Not Applicable, then for any use of the term in any formula, Secondary Index Local Floor is negative infinity.

In the formulae set forth in this Common Definitions section, the relevant Secondary Index Local Floor can be referred to as **ShortFloor**.

○ **Secondary Index Local Coefficient:**

A Secondary Index Local Coefficient is a strictly positive percentage defined as such in the Final Terms.

If the term is not specified, specified as Not Applicable or considered as Not Applicable if Underlying Local Adjustment is Not Applicable, then for any use of the term in any formula, Secondary Index Local Coefficient is equal to 100%.

In the formulae set forth in this Common Definitions section, the relevant Secondary Index Local Coefficient can be referred to as **ShortCoef**.

○ **Spread Level Cap:**

A Spread Level Cap is a Strike defined as such in the Final Terms.

If the term is not specified, specified as Not Applicable or considered as Not Applicable if Underlying Local Adjustment is Not Applicable, then for any use of the term in any formula, Spread Level Cap is positive infinity.

In the formulae set forth in this Common Definitions section, the relevant Spread Level Cap can be referred to as **SpreadCap**.

○ **Spread Level Floor:**

A Spread Level Floor is a Strike defined as such in the Final Terms.

If the term is not specified, specified as Not Applicable or considered as Not Applicable if Underlying Local Adjustment is Not Applicable, then for any use of the term in any formula, Spread Level Floor is negative infinity.

In the formulae set forth in this Common Definitions section, the relevant Spread Level Floor can be referred to as **SpreadFloor**.

– If the Set Type is **Rate Forward** and the Valuation Type is **Constant Rate Annuity**:

○ **Annuity Control Ratio:**

The Annuity Control Ratio is a Strike defined as such in the Final Terms or specified as Non-Applicable.

In the formulae set forth in this Common Definitions section, the relevant Annuity Control Ratio can be referred to as **Control**.

– If an Observation Type is specified and applicable for this Underlying Set:

○ **Single Observation Cap (or Daily Cap):**

A Single Observation Cap is a Strike specified as such (or as Daily Cap) in the applicable Final Terms.

If the Single Observation Cap is not specified, specified as Not Applicable or considered as Not Applicable if Underlying Local Adjustment is Not Applicable in the applicable Final Terms, then for any use of the term in any formula, Single Observation Cap is positive infinity.

In the formulae set forth in this Common Definitions section, the relevant Single Observation Cap may also be referred to as **DayCap**.

○ **Single Observation Floor (or Daily Floor):**

A Single Observation Floor is a Strike specified as such (or as Daily Floor) in the applicable Final Terms.

If the Single Observation Floor is not specified, specified as Not Applicable or considered as Not Applicable if Underlying Local Adjustment is Not Applicable in the applicable Final Terms, then for any use of the term in any formula, Single Observation Floor is negative infinity.

In the formulae set forth in this Common Definitions section, the relevant Single Observation Floor may also be referred to as **DayFloor**.

(c) Common definitions relating to determination of underlyings and setting values of variable terms

Determination FX(FX, D) means, where FX is an FX exchange Rate:

The value of the exchange rate FX, determined in application of the specifications in the Final Terms, based on the relevant Reference Exchange Rate on FX Determination Date D

Determination Inflation Index(I, D) means, where I is an Inflation Index Underlying:

The Applicable Level for the relevant Inflation Index for Inflation Determination Date D, determined in application of the specifications in the applicable Final Terms.

Determination Rate(X, D) means, where X is an interest rate Underlying:

Depending on the Underlying Determination (the Manner in which the Underlying is to be determined):

– If the Underlying Determination is Screen Rate Determination:

The value of the relevant interest rate X, determined in application of the specifications in the Final Terms, according to the Screen Rate Determination method, on Determination Date D.

– If the Underlying Determination is ISDA Determination:

The value of the relevant interest rate X, determined in application of the specifications in the Final Terms, according to the ISDA Determination method, in respect of Reset Date D.

Final Level(U) means, in respect of an Underlying Set U:

– If U is an Underlying Set where Set Type is Rate Index:

$$\text{Min}(\text{Cap}; \text{Max}(\text{Floor}; \\ \text{Coef} \times \text{Final Observation}(\text{U}, \text{Main Index})))$$

– If U is an Underlying Set where Set Type is Rate Spread:

$$\text{Min}(\text{SpreadCap}; \text{Max}(\text{SpreadFloor}; \\ \text{Min}(\text{Cap}; \text{Max}(\text{Floor}; \\ \text{Coef} \times \text{Final Observation}(\text{U}, \text{Main Index}))) \\ - \text{Min}(\text{ShortCap}; \text{Max}(\text{ShortFloor}; \\ \text{ShortCoef} \times \text{Final Observation}(\text{U}, \text{Secondary Index})))$$

– If U is an Underlying Set where Set Type is Rate Forward:

$$\text{Min}(\text{Cap}; \text{Max}(\text{Floor}; \\ \text{Coef} \times \text{Final Rate Forward Level}(\text{U})))$$

– If U is an Underlying Set where Set Type is Rate Basket:

$$\text{Min}(\text{Cap}; \text{Max}(\text{Floor}; \\ \text{Final Rate Basket Level}(\text{U})))$$

– If U is an Underlying Set where Set Type is FX Rate:

$$\text{Min}(\text{Cap}; \text{Max}(\text{Floor}; \\ \text{Coef} \times \text{Final Observation}(\text{U}, \text{FX})))$$

For the FX exchange rate defined in respect of the Foreign Currency and the Domestic Currency

– If U is an Underlying Set where Set Type is FX Basket:

$$\text{FX Basket Final Level}(\text{U})$$

– If U is an Underlying Set where Set Type is Price Index:

Min(Cap; Max(Floor;
 Coef × Final Observation(U, Main Index)))

- If U is an Underlying Set where Set Type is Inflation Rate:

Min(Cap; Max(Floor;
 Coef × Final Observation(U, Main Index)))

- If U is an Underlying Set where Set Type is Inflation Rate Spread:

Min(Spread Cap; Max(Spread Floor;
 Min(Cap; Max(Floor;
 Coef × Final Observation(U, Main Index)))
 - Min(ShortCap; Max(ShortFloor;
 ShortCoef × Final Observation(U, Secondary Index)))))

Final Observation(U, X) means in respect of an Underlying Set U, X is an interest rate Underlying, an FX exchange Rate or an Inflation Index Underlying:

- If the Observation Type is not specified:

- o If X is an interest rate Underlying:

Determination Rate(X, DF)

Where, depending on the Underlying Determination method (the Manner in which the Underlying is to be determined) specified in the applicable Final Terms for the interest rate Underlying X:

- Screen Rate Determination: DF is the Interest Determination Date specified for the relevant interest rate in respect of final redemption.

- ISDA Determination: DF is the Reset Date specified for the relevant interest rate in respect of final redemption.

- o If X is an FX exchange rate:

Determination FX(X, DF)

Where DF is the FX Determination Date specified for the relevant FX exchange rate in respect of final redemption.

- o If X is an Inflation Index Underlying and U has Set Type being Price Index:

Determination Inflation Index(X, DF)

Where DF is the Inflation Determination Date specified for the relevant Inflation Index in respect of final redemption.

- o If X is an Inflation Index Underlying and U has Set Type being Inflation Rate or Inflation Rate Spread:

Final Inflation Rate(X, Valuation Type)

- If the Observation Type is Arithmetic Average:

$$\frac{1}{N} \times \sum_{d=1}^N \min \left(\text{DayCap}; \max \left(\text{DayFloor}; \text{Single Observation}(U, X, \text{Reference}(d)) \right) \right)$$

– If the Observation Type is Geometric Average:

$$\left(\prod_{d=1}^N \min \left(\text{DayCap}; \max \left(\text{DayFloor}; \text{Single Observation}(U, X, \text{Reference}(d)) \right) \right) \right)^{\left(\frac{1}{N} \right)}$$

– If the Observation Type is Hyperbolic Average:

$$\frac{1}{\frac{1}{N} \times \sum_{d=1}^N \min \left(\text{DayCap}; \max \left(\text{DayFloor}; \text{Single Observation}(U, X, \text{Reference}(d)) \right) \right)}$$

– If the Observation Type is Lookback Min:

$$\min_{d=1 \text{ to } N} \left(\min \left(\text{DayCap}; \max \left(\text{DayFloor}; \text{Single Observation}(U, X, \text{Reference}(d)) \right) \right) \right)$$

– If the Observation Type is Lookback Max:

$$\max_{d=1 \text{ to } N} \left(\min \left(\text{DayCap}; \max \left(\text{DayFloor}; \text{Single Observation}(U, X, \text{Reference}(d)) \right) \right) \right)$$

Where, in the above formulae:

- **N** is the number of Reference Dates specified in the definition of the Final Reference Dates in respect of U, as the case may be, indexed in ascending order by the positive integer number d.

- **Reference(d)** is the Reference Date indexed by number d in the definition of the relevant Final Reference Dates.

Level(U, j) means, where U is an Underlying Set, X is an interest rate Underlying, an Inflation Index Underlying or an FX exchange rate, j being the strictly positive integer temporal index referring to an Interest Accrual Period:

– If U is an Underlying Set where Set Type is Rate Index:

$$\text{Min}(\text{Cap}; \text{Max}(\text{Floor}; \text{Coef} \times \text{Period Observation}(U, \text{Main Index}, j)))$$

– If U is an Underlying Set where Set Type is Rate Spread:

$$\text{Min}(\text{Spread Cap}; \text{Max}(\text{Spread Floor}; \text{Min}(\text{Cap}; \text{Max}(\text{Floor}; \text{Coef} \times \text{Period Observation}(U, \text{Main Index}, j))) - \text{Min}(\text{ShortCap}; \text{Max}(\text{ShortFloor}; \text{ShortCoef} \times \text{Period Observation}(U, \text{Secondary Index}, j)))))$$

– If U is an Underlying Set where Set Type is Rate Forward:

$$\text{Min}(\text{Cap}; \text{Max}(\text{Floor}; \text{Coef} \times \text{Rate Forward Level}(U, j)))$$

- If U is an Underlying Set where Set Type is Rate Basket:

$$\text{Min}(\text{Cap}; \text{Max}(\text{Floor}; \\ \text{Rate Basket Level}(U, j)))$$

- If U is an Underlying Set where Set Type is FX Rate:

$$\text{Min}(\text{Cap}; \text{Max}(\text{Floor}; \\ \text{Coef} \times \text{Period Observation}(U, \text{FX}, j)))$$

For the FX exchange rate defined in respect of the Foreign Currency and the Domestic Currency

- If U is an Underlying Set where Set Type is FX Basket:

$$\text{FX Basket Level}(U, j)$$

- If U is an Underlying Set where Set Type is Price Index:

$$\text{Min}(\text{Cap}; \text{Max}(\text{Floor}; \\ \text{Coef} \times \text{Period Observation}(U, \text{Main Index}, j)))$$

- If U is an Underlying Set where Set Type is Inflation Rate:

$$\text{Min}(\text{Cap}; \text{Max}(\text{Floor}; \\ \text{Coef} \times \text{Inflation Rate}(\text{Main Index}, \text{Valuation Type}, j)))$$

- If U is an Underlying Set where Set Type is Inflation Rate Spread:

$$\text{Min}(\text{Spread Cap}; \text{Max}(\text{Spread Floor}; \\ \text{Min}(\text{Cap}; \text{Max}(\text{Floor}; \\ \text{Coef} \times \text{Inflation Rate}(\text{Main Index}, \text{Valuation Type}, j))) \\ - \text{Min}(\text{ShortCap}; \text{Max}(\text{ShortFloor}; \\ \text{ShortCoef} \times \text{Final Inflation Rate}(\text{Secondary Index}, \text{Valuation Type}, \\ j))))$$

Level(U, RD) means, where U is an Underlying Set, X is an interest rate Underlying, an Inflation Index Underlying or an FX exchange rate, RD being a Reference Date:

- If U is an Underlying Set where Set Type is Rate Index:

$$\text{Min}(\text{Cap}; \text{Max}(\text{Floor}; \\ \text{Coef} \times \text{Single Observation}(U, \text{Main Index}, \text{RD})))$$

- If U is an Underlying Set where Set Type is Rate Spread:

$$\text{Min}(\text{Spread Cap}; \text{Max}(\text{Spread Floor}; \\ \text{Min}(\text{Cap}; \text{Max}(\text{Floor}; \\ \text{Coef} \times \text{Single Observation}(U, \text{Main Index}, \text{RD}) \\ - \text{Min}(\text{ShortCap}; \text{Max}(\text{ShortFloor}; \\ \text{ShortCoef} \times \text{Single Observation}(U, \text{Secondary Index}, \text{RD}))))$$

- If U is an Underlying Set where Set Type is Rate Forward:

$$\text{Min}(\text{Cap}; \text{Max}(\text{Floor}; \\ \text{Coef} \times \text{Rate Forward Level}(\text{U}, \text{RD})))$$

- If U is an Underlying Set where Set Type is Rate Basket:

$$\text{Min}(\text{Cap}; \text{Max}(\text{Floor}; \\ \text{Rate Basket Level}(\text{U}, \text{RD})))$$

- If U is an Underlying Set where Set Type is FX Rate:

$$\text{Min}(\text{Cap}; \text{Max}(\text{Floor}; \\ \text{Coef} \times \text{Single Observation}(\text{U}, \text{FX}, \text{RD})))$$

For the FX exchange rate defined in respect of the Foreign Currency and the Domestic Currency

- If U is an Underlying Set where Set Type is FX Basket:

$$\text{FX Basket Level}(\text{U}, \text{RD})$$

- If U is an Underlying Set where Set Type is Price Index:

$$\text{Min}(\text{Cap}; \text{Max}(\text{Floor}; \\ \text{Coef} \times \text{Single Observation}(\text{U}, \text{Main Index}, \text{RD})))$$

- If U is an Underlying Set where Set Type is Inflation Rate:

$$\text{Min}(\text{Cap}; \text{Max}(\text{Floor}; \\ \text{Coef} \times \text{Single Observation}(\text{U}, \text{Main Index}, \text{RD})))$$

- If U is an Underlying Set where Set Type is Inflation Rate Spread:

$$\text{Min}(\text{Spread Cap}; \text{Max}(\text{Spread Floor}; \\ \text{Min}(\text{Cap}; \text{Max}(\text{Floor}; \\ \text{Coef} \times \text{Single Observation}(\text{U}, \text{Main Index}, \text{RD}))) \\ - \text{Min}(\text{ShortCap}; \text{Max}(\text{ShortFloor}; \\ \text{ShortCoef} \times \text{Single Observation}(\text{U}, \text{Secondary Index}, \text{RD}))))))$$

Period Observation(U, X, j) means, where U is an Underlying Set, X is an interest rate Underlying, an Inflation Index Underlying or an FX exchange rate, j being the strictly positive integer temporal index referring to an Interest Accrual Period:

- If the Observation Type is not specified:

- o If X is an interest rate Underlying:

$$\text{Determination Rate}(\text{X}, \text{D}(\text{j}))$$

Where, depending on the Underlying Determination method (the Manner in which the Underlying is to be determined) specified in the applicable Final Terms for the interest rate Underlying X:

- Screen Rate Determination: D(j) is the Interest Determination Date specified for the relevant interest rate in respect of Interest Accrual Period j.

- ISDA Determination: D(j) is the Reset Date specified for the relevant interest rate in respect of Interest Accrual Period j.

- If X is an FX exchange rate:

Determination FX(X, D(j))

Where D(j) is the FX Determination Date specified for the relevant FX exchange rate in respect of Interest Accrual Period j.

- If X is an Inflation Index Underlying and U has Set Type being Price Index:

Determination Inflation Index(X, DF)

Where DF is the Inflation Determination Date specified for the relevant Inflation Index in respect of Interest Accrual Period j.

- If X is an Inflation Index Underlying and U has Set Type being Inflation Rate or Inflation Rate Spread:

Inflation Rate(X, Valuation Type, j)

- If the Observation Type is Arithmetic Average:

$$\frac{1}{N} \times \sum_{d=1}^N \min \left(\text{DayCap}; \max \left(\text{DayFloor}; \text{Single Observation}(U, X, \text{Reference}(d)) \right) \right)$$

- If the Observation Type is Geometric Average:

$$\left(\prod_{d=1}^N \min \left(\text{DayCap}; \max \left(\text{DayFloor}; \text{Single Observation}(U, X, \text{Reference}(d)) \right) \right) \right)^{\left(\frac{1}{N} \right)}$$

- If the Observation Type is Hyperbolic Average:

$$\frac{1}{N} \times \sum_{d=1}^N \frac{1}{\min \left(\text{DayCap}; \max \left(\text{DayFloor}; \text{Single Observation}(U, X, \text{Reference}(d)) \right) \right)}$$

- If the Observation Type is Lookback Min:

$$\min_{d=1 \text{ to } N} \left(\min \left(\text{DayCap}; \max \left(\text{DayFloor}; \text{Single Observation}(U, X, \text{Reference}(d)) \right) \right) \right)$$

- If the Observation Type is Lookback Max:

$$\max_{d=1 \text{ to } N} \left(\min \left(\text{DayCap}; \max \left(\text{DayFloor}; \text{Single Observation}(U, X, \text{Reference}(d)) \right) \right) \right)$$

Where, in the above formulae:

- N is the number of Reference Dates specified in the definition of the Period Reference Dates in respect of Interest Period j and of U, as the case may be, indexed in ascending order by the positive integer number d.

- **Reference(d)** is the Reference Date indexed by number d in the definition of the relevant Period Reference Dates.

Single Observation(U, X, RD) means, where U is an Underlying Set, X is an interest rate Underlying, an Inflation Index Underlying or an FX exchange rate, RD being a Reference Date:

- If X is an interest rate Underlying:

Determination Rate(X, D)

Where, depending on the Underlying Determination method (the Manner in which the Underlying is to be determined) specified in the applicable Final Terms for the interest rate Underlying X:

- Screen Rate Determination: D is the Interest Determination Date specified for the relevant interest rate in respect of the Reference Date RD.

- ISDA Determination: D is the Reset Date specified for the relevant interest rate in respect of the Reference Date RD.

- If X is an FX exchange rate:

Determination FX(X, D)

Where D is the FX Determination Date specified for the relevant FX exchange rate in respect of the Reference Date RD.

- If X is an Inflation Index Underlying and U has Set Type being Price Index:

Determination Inflation Index(X, DF)

Where DF is the Inflation Determination Date specified for the relevant Inflation Index in respect of the Reference Date RD.

- If X is an Inflation Index Underlying for which U has Set Type being Inflation Rate or Inflation Rate Spread:

Inflation Rate(X, Valuation Type, RD).

- (d) Definitions relating to determination of Rate Forward levels

Final Rate Forward Level(U) means, in respect of an Underlying Set U with Set Type Rate Forward:

- If the Observation Type is not specified:

- o If the Valuation Type is Forward Annuity:

$$\frac{(LongRate \times LongAnnuity) - (ShortRate \times ShortAnnuity)}{LongAnnuity - ShortAnnuity}$$

Where:

ShortAnnuity means:

$$\sum_{i=1}^{M1} \frac{1}{(1 + ShortRate)^i}$$

LongAnnuity means:

$$ShortAnnuity + \sum_{i=M1+1}^{M2} \frac{1}{(1 + LongRate)^i}$$

- o If the Valuation Type is Real Forward Annuity:

The real number **SolvedForwardRate** whereby:

$$\begin{aligned} & SolvedForwardRate \times ForwardAnnuity \\ & = (LongRate \times LongAnnuity) - (ShortRate \times ShortAnnuity) \end{aligned}$$

Where:

ShortAnnuity means:

$$\sum_{i=1}^{M1} \frac{1}{(1 + ShortRate)^i}$$

ForwardAnnuity means:

$$\sum_{i=M1+1}^{M2} \frac{1}{(1 + SolvedForwardRate)^i}$$

LongAnnuity means:

$$ShortAnnuity + ForwardAnnuity$$

- If the Valuation Type is Constant Rate Annuity:

$$\frac{(LongRate \times LongAnnuity) - (ShortRate \times ShortAnnuity)}{LongAnnuity - ShortAnnuity}$$

Where:

ShortAnnuity means:

$$\sum_{i=1}^{M1} \frac{1}{(1 + ShortRate)^i}$$

LongAnnuity means:

If Annuity Control Ratio is not specified or specified as Not Applicable:

$$\sum_{i=1}^{M2} \frac{1}{(1 + LongRate)^i}$$

If Annuity Control Ratio (**Control**) is specified in the applicable Final Terms:

$$\max \left(Control \times ShortAnnuity; \sum_{i=1}^{M2} \frac{1}{(1 + LongRate)^i} \right)$$

- If the Valuation Type is Dual Annuity Ratio:

$$\begin{aligned} & LongRate \\ & + [LongRate \times [(1 + LongRate)^{(M2 - M1)}]] \\ & - [ShortRate \times [(1 + ShortRate)^{(M2 - M1)}]] \end{aligned}$$

- If the Valuation Type is Discount Factor:

$$\left[\frac{(1 + LongRate)^{M2}}{(1 + ShortRate)^{M1}} \right]^{(M2 - M1)} - 1$$

- If the Valuation Type is Linear Maturity:

$$\frac{(LongRate \times M2) - (ShortRate \times M1)}{M2 - M1}$$

Where, in the above formulae:

LongRate means *Final Observation(U, Long Tenor Index)*

ShortRate means *Final Observation(U, Short Tenor Index)*

M1 means, for the Short Tenor Index, a number of years corresponding to (i) the Specified Duration in the case of Screen Rate Determination or (ii) the Designated Maturity in the case of ISDA Determination.

M2 means, for the Long Tenor Index, a number of years corresponding to (i) the Specified Duration in the case of Screen Rate Determination or (ii) the Designated Maturity in the case of ISDA Determination.

- If the Observation Type is Arithmetic Average:

$$\frac{1}{N} \times \sum_{d=1}^N \text{Rate Forward Level}(U, \text{Reference}(d))$$

- If the Observation Type is Geometric Average:

$$\left(\prod_{d=1}^N \text{Rate Forward Level}(U, \text{Reference}(d)) \right)^{\left(\frac{1}{N} \right)}$$

- If the Observation Type is Hyperbolic Average:

$$\frac{1}{\frac{1}{N} \times \sum_{d=1}^N \frac{1}{\text{Rate Forward Level}(U, \text{Reference}(d))}}$$

- If the Observation Type is Lookback Min:

$$\min_{d=1 \text{ to } N} (\text{Rate Forward Level}(U, \text{Reference}(d)))$$

- If the Observation Type is Lookback Max:

$$\max_{d=1 \text{ to } N} (\text{Rate Forward Level}(U, \text{Reference}(d)))$$

Where, in the above formulae:

N is the number of Reference Dates specified in the definition of the Final Reference Dates in respect of U if so specified, indexed in ascending order by the positive integer number d.

Reference(d) is the Reference Date indexed by number d as per above among the relevant Reference Dates.

Rate Forward Level(U,j) means, in respect of an Underlying Set U with Set Type Rate Forward:

- If the Observation Type is not specified:

- o If the Valuation Type is Forward Annuity:

$$\frac{(\text{LongRate} \times \text{LongAnnuity}) - (\text{ShortRate} \times \text{ShortAnnuity})}{\text{LongAnnuity} - \text{ShortAnnuity}}$$

Where:

ShortAnnuity means:

$$\sum_{i=1}^{M1} \frac{1}{(1 + \text{ShortRate})^i}$$

LongAnnuity means:

$$ShortAnnuity + \sum_{i=M1+1}^{M2} \frac{1}{(1 + LongRate)^i}$$

- If the Valuation Type is Real Forward Annuity:

The real number **SolvedForwardRate** whereby:

$$SolvedForwardRate \times ForwardAnnuity = (LongRate \times LongAnnuity) - (ShortRate \times ShortAnnuity)$$

Where:

ShortAnnuity means:

$$\sum_{i=1}^{M1} \frac{1}{(1 + ShortRate)^i}$$

ForwardAnnuity means:

$$\sum_{i=M1+1}^{M2} \frac{1}{(1 + SolvedForwardRate)^i}$$

LongAnnuity means:

$$ShortAnnuity + ForwardAnnuity$$

- If the Valuation Type is Constant Rate Annuity:

$$\frac{(LongRate \times LongAnnuity) - (ShortRate \times ShortAnnuity)}{LongAnnuity - ShortAnnuity}$$

Where:

ShortAnnuity means:

$$\sum_{i=1}^{M1} \frac{1}{(1 + ShortRate)^i}$$

LongAnnuity means:

If Annuity Control Ratio is not specified or specified as Not Applicable:

$$\sum_{i=1}^{M2} \frac{1}{(1 + LongRate)^i}$$

If Annuity Control Ratio (**Control**) is specified in the applicable Final Terms:

$$\max \left(Control \times ShortAnnuity; \sum_{i=1}^{M2} \frac{1}{(1 + LongRate)^i} \right)$$

- If the Valuation Type is Dual Annuity Ratio:

$$LongRate + [LongRate \times [(1 + LongRate)^{(M2 - M1)}]] - [ShortRate \times [(1 + ShortRate)^{(M2 - M1)}]]$$

- If the Valuation Type is Discount Factor:

$$\left[\frac{(1 + LongRate)^{M2}}{(1 + ShortRate)^{M1}} \right]^{\frac{1}{M2 - M1}} - 1$$

- If the Valuation Type is Linear Maturity:

$$\frac{(LongRate \times M2) - (ShortRate \times M1)}{M2 - M1}$$

Where, in the above formulae:

LongRate means *Period Observation(U, Long Tenor Index, j)*

ShortRate means *Period Observation(U, Short Tenor Index, j)*

M1 means, for the Short Tenor Index, a number of years corresponding to (i) the Specified Duration in the case of Screen Rate Determination or (ii) the Designated Maturity in the case of ISDA Determination.

M2 means, for the Long Tenor Index, a number of years corresponding to (i) the Specified Duration in the case of Screen Rate Determination or (ii) the Designated Maturity in the case of ISDA Determination.

- If the Observation Type is Arithmetic Average:

$$\frac{1}{N} \times \sum_{d=1}^N Rate\ Forward\ Level(U, Reference(d))$$

- If the Observation Type is Geometric Average:

$$\left(\prod_{d=1}^N Rate\ Forward\ Level(U, Reference(d)) \right)^{\frac{1}{N}}$$

- If the Observation Type is Hyperbolic Average:

$$\frac{1}{\frac{1}{N} \times \sum_{d=1}^N \frac{1}{Rate\ Forward\ Level(U, Reference(d))}}$$

- If the Observation Type is Lookback Min:

$$\min_{d=1\ to\ N} (Rate\ Forward\ Level(U, Reference(d)))$$

- If the Observation Type is Lookback Max:

$$\max_{d=1\ to\ N} (Rate\ Forward\ Level(U, Reference(d)))$$

Where, in the above formulae:

N is the number of Reference Dates specified in the definition of the Reference Dates in respect of Interest Accrual Period j and of U if so specified, indexed in ascending order by the positive integer number d.

Reference(d) is the Reference Date indexed by number d as per above among the relevant Reference Dates.

Rate Forward Level(U, RD) means, in respect of an Underlying Set U with Set Type Rate Forward, OD being an Observation Date:

- If the Valuation Type is Forward Annuity:

$$\frac{(LongRate \times LongAnnuity) - (ShortRate \times ShortAnnuity)}{LongAnnuity - ShortAnnuity}$$

Where:

ShortAnnuity means:

$$\sum_{i=1}^{M1} \frac{1}{(1 + ShortRate)^i}$$

LongAnnuity means:

$$ShortAnnuity + \sum_{i=M1+1}^{M2} \frac{1}{(1 + LongRate)^i}$$

- If the Valuation Type is Real Forward Annuity:

The real number **SolvedForwardRate** whereby:

$$SolvedForwardRate \times ForwardAnnuity = (LongRate \times LongAnnuity) - (ShortRate \times ShortAnnuity)$$

Where:

ShortAnnuity means:

$$\sum_{i=1}^{M1} \frac{1}{(1 + ShortRate)^i}$$

ForwardAnnuity means:

$$\sum_{i=M1+1}^{M2} \frac{1}{(1 + SolvedForwardRate)^i}$$

LongAnnuity means:

$$ShortAnnuity + ForwardAnnuity$$

- If the Valuation Type is Constant Rate Annuity:

$$\frac{(LongRate \times LongAnnuity) - (ShortRate \times ShortAnnuity)}{LongAnnuity - ShortAnnuity}$$

Where:

ShortAnnuity means:

$$\sum_{i=1}^{M1} \frac{1}{(1 + ShortRate)^i}$$

LongAnnuity means:

If Annuity Control Ratio is not specified or specified as Not Applicable:

$$\sum_{i=1}^{M2} \frac{1}{(1 + LongRate)^i}$$

If Annuity Control Ratio (**Control**) is specified in the applicable Final Terms:

$$\max \left(\text{Control} \times \text{ShortAnnuity}; \sum_{i=1}^{M2} \frac{1}{(1 + \text{LongRate})^i} \right)$$

- If the Valuation Type is Dual Annuity Ratio:

$$\begin{aligned} & \text{LongRate} \\ & + [\text{LongRate} \times [(1 + \text{LongRate})^{(M2 - M1)}]] \\ & - [\text{ShortRate} \times [(1 + \text{ShortRate})^{(M2 - M1)}]] \end{aligned}$$

- If the Valuation Type is Discount Factor:

$$\left[\frac{(1 + \text{LongRate})^{M2}}{(1 + \text{ShortRate})^{M1}} \right]^{(M2 - M1)} - 1$$

- If the Valuation Type is Linear Maturity:

$$\frac{(\text{LongRate} \times M2) - (\text{ShortRate} \times M1)}{M2 - M1}$$

Where, in the above formulae:

LongRate means Single Observation(U,Long Tenor Index,RD).

ShortRate means Single Observation(U,Long Tenor Index,RD).

M1 means, for the Short Tenor Index, a number of years corresponding to (i) the Specified Duration in the case of Screen Rate Determination or (ii) the Designated Maturity in the case of ISDA Determination.

M2 means, for the Long Tenor Index, a number of years corresponding to (i) the Specified Duration in the case of Screen Rate Determination or (ii) the Designated Maturity in the case of ISDA Determination.

- (e) Definitions relating to determination of Rate Baskets levels

Final Rate Basket Level(U) means, in respect of an Underlying Set U with Set Type Rate Basket, where in the formulae below **n** is the number of interest rate Underlyings in the basket:

- If the Observation Type is not specified:

- If the Valuation Type is Basket Average:

$$\frac{\sum_{i=1}^n w(i) \cdot \text{Min} \left(\text{Cap}(i); \text{Max} \left(\text{Final Observation}(U, \text{Rate}(i)); \text{Floor}(i) \right) \right)}{\sum_{i=1}^n w(i)}$$

- If the Valuation Type is Basket Best-Of Regular:

$$\max_{i=1 \text{ to } n} \left(\text{Min} \left(\text{Cap}(i); \text{Max} \left(\text{Final Observation}(U, \text{Rate}(i)); \text{Floor}(i) \right) \right) \right)$$

- If the Valuation Type is Basket Worst-Of Regular:

$$\min_{i=1 \text{ to } n} \left(\text{Min} \left(\text{Cap}(i); \text{Max} \left(\text{Final Observation}(U, \text{Rate}(i)); \text{Floor}(i) \right) \right) \right)$$

- If the Observation Type is Arithmetic Average:

$$\frac{1}{N} \times \sum_{d=1}^N \text{Rate Basket Level}(U, \text{Reference}(d))$$

- If the Observation Type is Geometric Average:

$$\left(\prod_{d=1}^N \text{Rate Basket Level}(U, \text{Reference}(d)) \right)^{\left(\frac{1}{N} \right)}$$

- If the Observation Type is Hyperbolic Average:

$$\frac{1}{\frac{1}{N} \times \sum_{d=1}^N \frac{1}{\text{Rate Basket Level}(U, \text{Reference}(d))}}$$

- If the Observation Type is Lookback Min:

$$\min_{d=1 \text{ to } N} \left(\text{Rate Basket Level}(U, \text{Reference}(d)) \right)$$

- If the Observation Type is Lookback Max:

$$\max_{d=1 \text{ to } N} \left(\text{Rate Basket Level}(U, \text{Reference}(d)) \right)$$

Where, in the above formulae:

- **N** is the number of Reference Dates specified in the definition of the Final Reference Dates in respect of U, as the case may be, indexed in ascending order by the positive integer number d.

- **Reference(d)** is the Reference Date indexed by number d in the definition of the relevant Final Reference Dates.

Rate Basket Level(U, j) means, in respect of an Underlying Set U where Set Type is Rate Basket, j being the strictly positive integer temporal index referring to an Interest Accrual Period, where **n** in the formulae below is the number of interest rate Underlyings in the basket:

- If the Observation Type is not specified:

- If the Valuation Type is Basket Average:

$$\frac{\sum_{i=1}^n w(i) \cdot \text{Min} \left(\text{Cap}(i); \text{Max}(\text{Period Observation}(U, \text{Rate}(i), j); \text{Floor}(i)) \right)}{\sum_{i=1}^n w(i)}$$

- If the Valuation Type is Basket Best-Of Regular:

$$\max_{i=1 \text{ to } n} \left(\text{Min} \left(\text{Cap}(i); \text{Max}(\text{Period Observation}(U, \text{Rate}(i), j); \text{Floor}(i)) \right) \right)$$

- If the Valuation Type is Basket Worst-Of Regular:

$$\min_{i=1 \text{ to } n} \left(\text{Min} \left(\text{Cap}(i); \text{Max}(\text{Period Observation}(U, \text{Rate}(i), j); \text{Floor}(i)) \right) \right)$$

- If the Observation Type is Arithmetic Average:

$$\frac{1}{N} \times \sum_{d=1}^N \text{Rate Basket Level}(U, \text{Reference}(d))$$

- If the Observation Type is Geometric Average:

$$\left(\prod_{d=1}^N \text{Rate Basket Level}(U, \text{Reference}(d)) \right)^{\left(\frac{1}{N} \right)}$$

- If the Observation Type is Hyperbolic Average:

$$\frac{1}{\frac{1}{N} \times \sum_{d=1}^N \frac{1}{\text{Rate Basket Level}(U, \text{Reference}(d))}}$$

- If the Observation Type is Lookback Min:

$$\min_{d=1 \text{ to } N} (\text{Rate Basket Level}(U, \text{Reference}(d)))$$

- If the Observation Type is Lookback Max:

$$\max_{d=1 \text{ to } N} (\text{Rate Basket Level}(U, \text{Reference}(d)))$$

Where, in the above formulae:

- **N** is the number of Reference Dates specified in the definition of the Period Reference Dates in respect of Interest Period j and of U, as the case may be, indexed in ascending order by the positive integer number d.

- **Reference(d)** is the Reference Date indexed by number d in the definition of the relevant Period Reference Dates.

Rate Basket Level(U, RD) means, in respect of an Underlying Set U with Set Type Rate Basket, OD being an Observation Date, where in the formulae below **n** is the number of interest rate Underlyings in the basket:

- If the Valuation Type is Basket Average:

$$\frac{\sum_{i=1}^n w(i) \text{Min}(\text{Cap}(i); \text{Max}(\text{Single Observation}(U, \text{Rate}(i), \text{RD}); \text{Floor}(i)))}{\sum_{i=1}^n w(i)}$$

- If the Valuation Type is Basket Best-Of Regular:

$$\max_{i=1 \text{ to } n} (\text{Min}(\text{Cap}(i); \text{Max}(\text{Single Observation}(U, \text{Rate}(i), \text{RD}); \text{Floor}(i))))$$

- If the Valuation Type is Basket Worst-Of Regular:

$$\min_{i=1 \text{ to } n} (\text{Min}(\text{Cap}(i); \text{Max}(\text{Single Observation}(U, \text{Rate}(i), \text{RD}); \text{Floor}(i))))$$

- (f) Definitions relating to determination of FX Basket performances

FX Basket Final Level(U) means, in respect of an Underlying Set U, where in the formulae below **n** is the number of Basket Currencies in the basket (not taking into account the Base Currency):

- If the Observation Type is not specified:

$$\sum_{i=1}^n w(i) \cdot \text{FX Basket Regular Item Final Level}(U, i)$$

- If the Observation Type is Arithmetic Average:

$$\frac{1}{N} \times \sum_{d=1}^N \text{FX Basket Level}(U, \text{Reference}(d))$$

- If the Observation Type is Geometric Average:

$$\left(\prod_{d=1}^N \text{FX Basket Level}(U, \text{Reference}(d)) \right)^{\left(\frac{1}{N} \right)}$$

- If the Observation Type is Hyperbolic Average:

$$\frac{1}{\frac{1}{N} \times \sum_{d=1}^N \frac{1}{FX \text{ Basket Level}(U, Reference(d))}}$$

- If the Observation Type is Lookback Min:

$$\min_{d=1 \text{ to } N} (FX \text{ Basket Level}(U, Reference(d)))$$

- If the Observation Type is Lookback Max:

$$\max_{d=1 \text{ to } N} (FX \text{ Basket Level}(U, Reference(d)))$$

Where, in the above formulae:

- **N** is the number of Reference Dates specified in the definition of the Final Reference Dates in respect of U, as the case may be, indexed in ascending order by the positive integer number d.

- **Reference(d)** is the Reference Date indexed by number d in the definition of the relevant Final Reference Dates.

FX Basket Final Performance(U, K) means, in respect of an Underlying Set U where Set Type is FX Basket and of an FX Basket Strike Set K defined in respect of the Underlying Set U, where in the formulae below **n** is the number of Basket Currencies in the basket (not taking into account the Base Currency):

- If the Observation Type is not specified:

- o If the Valuation Type is Basket Regular:

$$\frac{\sum_{i=1}^n w(i) \cdot FX \text{ Basket Regular Item Final Performance}(U, K, i)}{\sum_{i=1}^n w(i)}$$

- o If the Valuation Type is Basket Self Quanto:

$$\frac{\sum_{i=1}^n w(i) \cdot FX \text{ Basket Self Quanto Item Final Performance}(U, K, i)}{\sum_{i=1}^n w(i)}$$

- o If the Valuation Type is Basket Best-Of Regular:

$$\max_{i=1 \text{ to } n} (FX \text{ Basket Regular Item Final Performance}(U, K, i))$$

- o If the Valuation Type is Basket Best-Of Self Quanto:

$$\max_{i=1 \text{ to } n} (FX \text{ Basket Self Quanto Item Final Performance}(U, K, i))$$

- o If the Valuation Type is Basket Worst-Of Regular:

$$\min_{i=1 \text{ to } n} (FX \text{ Basket Regular Item Final Performance}(U, K, i))$$

- o If the Valuation Type is Basket Worst-Of Self Quanto:

$$\min_{i=1 \text{ to } n} (FX \text{ Basket Self Quanto Item Final Performance}(U, K, i))$$

- If the Observation Type is Arithmetic Average:

$$\frac{1}{N} \times \sum_{d=1}^N FX \text{ Basket Performance}(U, K, Reference(d))$$

- If the Observation Type is Geometric Average:

$$\left(\prod_{d=1}^N FX \text{ Basket Performance}(U, K, Reference(d)) \right)^{\left(\frac{1}{N}\right)}$$

- If the Observation Type is Hyperbolic Average:

$$\frac{1}{\frac{1}{N} \times \sum_{d=1}^N \frac{1}{FX \text{ Basket Performance}(U, K, Reference(d))}}$$

- If the Observation Type is Lookback Min:

$$\min_{d=1 \text{ to } N} (FX \text{ Basket Performance}(U, K, Reference(d)))$$

- If the Observation Type is Lookback Max:

$$\max_{d=1 \text{ to } N} (FX \text{ Basket Performance}(U, K, Reference(d)))$$

Where, in the above formulae:

- N is the number of Reference Dates specified in the definition of the Final Reference Dates in respect of U, as the case may be, indexed in ascending order by the positive integer number d.

- **Reference(d)** is the Reference Date indexed by number d in the definition of the relevant Final Reference Dates.

FX Basket Level(U, j) means, in respect of an Underlying Set U where Set Type is FX Basket, j being the strictly positive integer temporal index referring to an Interest Accrual Period, where in the formulae below **n** is the number of Basket Currencies in the basket (not taking into account the Base Currency):

- If the Observation Type is not specified:

$$\sum_{i=1}^n w(i) \cdot FX \text{ Basket Regular Item Level}(U, i, j)$$

- If the Observation Type is Arithmetic Average:

$$\frac{1}{N} \times \sum_{d=1}^N FX \text{ Basket Level}(U, Reference(d))$$

- If the Observation Type is Geometric Average:

$$\left(\prod_{d=1}^N FX \text{ Basket Level}(U, Reference(d)) \right)^{\left(\frac{1}{N}\right)}$$

- If the Observation Type is Hyperbolic Average:

$$\frac{1}{\frac{1}{N} \times \sum_{d=1}^N \frac{1}{FX \text{ Basket Level}(U, Reference(d))}}$$

- If the Observation Type is Lookback Min:

$$\min_{d=1 \text{ to } N} (FX \text{ Basket Level}(U, Reference(d)))$$

- If the Observation Type is Lookback Max:

$$\max_{d=1 \text{ to } N} (FX \text{ Basket Level}(U, Reference(d)))$$

Where, in the above formulae:

- **N** is the number of Reference Dates specified in the definition of the Period Reference Dates in respect of Interest Period **j** and of **U**, as the case may be, indexed in ascending order by the positive integer number **d**.

- Reference (**d**) is the Reference Date indexed by number **d** in the definition of the relevant Period Reference Dates.

FX Basket Performance(U, K, j) means, in respect of an Underlying Set **U** where Set Type is FX Basket and of an FX Basket Strike Set **K** defined in respect of the Underlying Set **U**, **j** being the strictly positive integer temporal index referring to an Interest Accrual Period, where in the formulae below **n** is the number of Basket Currencies in the basket (not taking into account the Base Currency):

- If the Observation Type is not specified:

o If the Valuation Type is Basket Regular:

$$\frac{\sum_{i=1}^n w(i) \cdot FX \text{ Basket Regular Item Performance}(U, K, i, j)}{\sum_{i=1}^n w(i)}$$

o If the Valuation Type is Basket Self Quanto:

$$\frac{\sum_{i=1}^n w(i) \cdot FX \text{ Basket Self Quanto Item Performance}(U, K, i, j)}{\sum_{i=1}^n w(i)}$$

o If the Valuation Type is Basket Best-Of Regular:

$$\max_{i=1 \text{ to } n} (FX \text{ Basket Regular Item Performance}(U, K, i, j))$$

o If the Valuation Type is Basket Best-Of Self Quanto:

$$\max_{i=1 \text{ to } n} (FX \text{ Basket Self Quanto Item Performance}(U, K, i, j))$$

o If the Valuation Type is Basket Worst-Of Regular:

$$\min_{i=1 \text{ to } n} (FX \text{ Basket Regular Item Performance}(U, K, i, j))$$

o If the Valuation Type is Basket Worst-Of Self Quanto:

$$\min_{i=1 \text{ to } n} (FX \text{ Basket Self Quanto Item Performance}(U, K, i, j))$$

- If the Observation Type is Arithmetic Average:

$$\frac{1}{N} \times \sum_{d=1}^N FX \text{ Basket Performance}(U, K, Reference(d))$$

- If the Observation Type is Geometric Average:

$$\left(\prod_{d=1}^N FX \text{ Basket Performance}(U, K, Reference(d)) \right)^{\frac{1}{N}}$$

- If the Observation Type is Hyperbolic Average:

$$\frac{1}{\frac{1}{N} \times \sum_{d=1}^N \frac{1}{FX \text{ Basket Performance}(U, K, Reference(d))}}$$

- If the Observation Type is Lookback Min:

$$\min_{d=1 \text{ to } N} (FX \text{ Basket Performance}(U, K, Reference(d)))$$

- If the Observation Type is Lookback Max:

$$\max_{d=1 \text{ to } N} (FX \text{ Basket Performance}(U, K, Reference(d)))$$

Where, in the above formulae:

- N is the number of Reference Dates specified in the definition of the Period Reference Dates in respect of Interest Period j and of U, as the case may be, indexed in ascending order by the positive integer number d.
- Reference (d) is the Reference Date indexed by number d in the definition of the relevant Period Reference Dates.

FX Basket Level(U, RD) means, in respect of an Underlying Set U where Set Type is FX Basket, RD being a Reference Date, where in the formulae below n is the number of Basket Currencies in the basket (not taking into account the Base Currency):

$$\sum_{i=1}^n w(i) \cdot FX \text{ Basket Regular Item Level}(U, i, RD)$$

FX Basket Performance(U, K, RD) means, in respect of an Underlying Set U where Set Type is FX Basket and of an FX Basket Strike Set K defined in respect of the Underlying Set U, RD being a Reference Date, where in the formulae below n is the number of Basket Currencies in the basket (not taking into account the Base Currency):

- If the Valuation Type is Basket Regular:

$$\frac{\sum_{i=1}^n w(i) \cdot FX \text{ Basket Regular Item Performance}(U, K, i, RD)}{\sum_{i=1}^n w(i)}$$

- If the Valuation Type is Basket Self Quanto:

$$\frac{\sum_{i=1}^n w(i) \cdot FX \text{ Basket Self Quanto Item Performance}(U, K, i, RD)}{\sum_{i=1}^n w(i)}$$

- If the Valuation Type is Basket Best-Of Regular:

$$\max_{i=1 \text{ to } n} (FX \text{ Basket Regular Item Performance}(U, K, i, RD))$$

- If the Valuation Type is Basket Best-Of Self Quanto:

$$\max_{i=1 \text{ to } n} (FX \text{ Basket Self Quanto Item Performance}(U, K, i, RD))$$

- If the Valuation Type is Basket Worst-Of Regular:

$$\min_{i=1 \text{ to } n} (FX \text{ Basket Regular Item Performance}(U, K, i, RD))$$

- If the Valuation Type is Basket Worst-Of Self Quanto:

$$\min_{i=1 \text{ to } n} (FX \text{ Basket Self Quanto Item Performance}(U, K, i, RD))$$

FX Basket Regular Item Final Level(U, i) means, in respect of an Underlying Set U where Set Type is FX Basket, i being the strictly positive integer index referring to Basket Currency(i) Underlying in the basket:

- If the Currency Linked Provisions in respect of this Underlying Set and of Basket Currency(i), define Basket Currency(i) as Foreign Currency and the Base as the Domestic Currency:

$$Final \text{ Observation}(U, FX(i))$$

- Where $FX(i)$ is the FX exchange rate with Foreign Currency and Domestic Currency defined in respect of this Underlying Set as the case may be and of Basket Currency(i).

- If the Currency Linked Provisions in respect of this Underlying Set and of Basket Currency(i), define the Base as the Foreign Currency and Basket Currency(i) as Domestic Currency:

$$1/Final\ Observation(U, FX(i))$$

Where $FX(i)$ is the FX exchange rate with Foreign Currency and Domestic Currency defined in respect of this Underlying Set as the case may be and of Basket Currency(i).

FX Basket Regular Item Final Performance(U, K, i) means, in respect of an Underlying Set U where Set Type is FX Basket and of an FX Basket Strike Set K defined in respect of the Underlying Set U, i being the strictly positive integer index referring to Basket Currency(i) Underlying in the basket:

- If the Currency Linked Provisions in respect of this Underlying Set and of Basket Currency(i), define Basket Currency(i) as Foreign Currency and the Base as the Domestic Currency:

$$100\% + \frac{Final\ Observation(U, FX(i)) - K(i)}{K(i)}$$

Where $FX(i)$ is the FX exchange rate with Foreign Currency and Domestic Currency defined in respect of this Underlying Set as the case may be and of Basket Currency(i).

- If the Currency Linked Provisions in respect of this Underlying Set and of Basket Currency(i), define the Base as the Foreign Currency and Basket Currency(i) as Domestic Currency:

$$100\% + \frac{\left(1/Final\ Observation(U, FX(i))\right) - (1/K(i))}{(1/K(i))}$$

Where $FX(i)$ is the FX exchange rate with Foreign Currency and Domestic Currency defined in respect of this Underlying Set as the case may be and of Basket Currency(i).

FX Basket Regular Item Level(U, i, j) means, in respect of an Underlying Set U where Set Type is FX Basket, i being the strictly positive integer index referring to Basket Currency(i) Underlying in the basket and j being the strictly positive integer temporal index referring to an Interest Accrual Period:

- If the Currency Linked Provisions in respect of this Underlying Set and of Basket Currency(i), define Basket Currency(i) as Foreign Currency and the Base as the Domestic Currency:

$$Period\ Observation(U, FX(i), j)$$

Where $FX(i)$ is the FX exchange rate with Foreign Currency and Domestic Currency defined in respect of this Underlying Set as the case may be and of Basket Currency(i).

- If the Currency Linked Provisions in respect of this Underlying Set and of Basket Currency(i), define the Base as the Foreign Currency and Basket Currency(i) as Domestic Currency:

$$1/Period\ Observation(U, FX(i), j)$$

Where $FX(i)$ is the FX exchange rate with Foreign Currency and Domestic Currency defined in respect of this Underlying Set as the case may be and of Basket Currency(i).

FX Basket Regular Item Performance(U, K, i, j) means, in respect of an Underlying Set U where Set Type is FX Basket and of an FX Basket Strike Set K defined in respect of the Underlying Set U, i being the strictly positive integer index referring to Basket Currency(i) Underlying in the basket and j being the strictly positive integer temporal index referring to an Interest Accrual Period:

- If the Currency Linked Provisions in respect of this Underlying Set and of Basket Currency(i), define Basket Currency(i) as Foreign Currency and the Base as the Domestic Currency:

$$100\% + \frac{Period\ Observation(U, FX(i), j) - K(i)}{K(i)}$$

Where FX(i) is the FX exchange rate with Foreign Currency and Domestic Currency defined in respect of this Underlying Set as the case may be and of Basket Currency(i).

- If the Currency Linked Provisions in respect of this Underlying Set and of Basket Currency(i), define the Base as the Foreign Currency and Basket Currency(i) as Domestic Currency:

$$100\% + \frac{(1/Period\ Observation(U, FX(i), j)) - (1/K(i))}{(1/K(i))}$$

Where FX(i) is the FX exchange rate with Foreign Currency and Domestic Currency defined in respect of this Underlying Set as the case may be and of Basket Currency(i).

FX Basket Regular Item Level(U, i, RD) means, in respect of an Underlying Set U where Set Type is FX Basket, i being the strictly positive integer index referring to Basket Currency(i) Underlying in the basket and RD being a Reference Date:

- If the Currency Linked Provisions in respect of this Underlying Set and of Basket Currency(i), define Basket Currency(i) as Foreign Currency and the Base as the Domestic Currency:

$$Period\ Observation(U, FX(i), RD)$$

Where FX(i) is the FX exchange rate with Foreign Currency and Domestic Currency defined in respect of this Underlying Set as the case may be and of Basket Currency(i).

- If the Currency Linked Provisions in respect of this Underlying Set and of Basket Currency(i), define the Base as the Foreign Currency and Basket Currency(i) as Domestic Currency:

$$1/Period\ Observation(U, FX(i), RD)$$

Where FX(i) is the FX exchange rate with Foreign Currency and Domestic Currency defined in respect of this Underlying Set as the case may be and of Basket Currency(i).

FX Basket Regular Item Performance(U, K, i, RD) means, in respect of an Underlying Set U where Set Type is FX Basket and of an FX Basket Strike Set K defined in respect of the Underlying Set U, i being the strictly positive integer index referring to Basket Currency(i) Underlying in the basket and RD being a Reference Date:

- If the Currency Linked Provisions in respect of this Underlying Set and of Basket Currency(i), define Basket Currency(i) as Foreign Currency and the Base as the Domestic Currency:

$$100\% + \frac{Single\ Observation(U, FX(i), RD) - K(i)}{K(i)}$$

Where FX(i) is the FX exchange rate with Foreign Currency and Domestic Currency defined in respect of this Underlying Set as the case may be and of Basket Currency(i).

- If the Currency Linked Provisions in respect of this Underlying Set and of Basket Currency(i), define the Base as the Foreign Currency and Basket Currency(i) as Domestic Currency:

$$100\% + \frac{(1/Single\ Observation(U, FX(i), RD)) - (1/K(i))}{(1/K(i))}$$

Where FX(i) is the FX exchange rate with Foreign Currency and Domestic Currency defined in respect of this Underlying Set as the case may be and of Basket Currency(i).

FX Basket Self Quanto Item Final Performance(U, K, i) means, in respect of an Underlying Set U where Set Type is FX Basket and of an FX Basket Strike Set K defined in respect of the Underlying Set U, i being the strictly positive integer index referring to Basket Currency(i) Underlying in the basket:

- If the Currency Linked Provisions in respect of this Underlying Set and of Basket Currency(i), define Basket Currency(i) as Foreign Currency and the Base as the Domestic Currency:

$$100\% + \frac{(1/K(i)) - (1/Final\ Observation(U, FX(i)))}{(1/K(i))}$$

Where FX(i) is the FX exchange rate with Foreign Currency and Domestic Currency defined in respect of this Underlying Set as the case may be and of Basket Currency(i).

- If the Currency Linked Provisions in respect of this Underlying Set and of Basket Currency(i), define the Base as the Foreign Currency and Basket Currency(i) as Domestic Currency:

$$100\% + \frac{K(i) - Final\ Observation(U, FX(i))}{K(i)}$$

Where FX(i) is the FX exchange rate with Foreign Currency and Domestic Currency defined in respect of this Underlying Set, as the case may be, and of Basket Currency(i).

FX Basket Self Quanto Item Performance(U, K, i, j) means, in respect of an Underlying Set U where Set Type is FX Basket and of an FX Basket Strike Set K defined in respect of the Underlying Set U, i being the strictly positive integer index referring to Basket Currency(i) Underlying in the basket and j being the strictly positive integer temporal index referring to an Interest Accrual Period:

- If the Currency Linked Provisions in respect of this Underlying Set and of Basket Currency(i), define Basket Currency(i) as Foreign Currency and the Base as the Domestic Currency:

$$100\% + \frac{(1/K(i)) - (1/Period\ Observation(U, FX(i), j))}{(1/K(i))}$$

Where FX(i) is the FX exchange rate with Foreign Currency and Domestic Currency defined in respect of this Underlying Set, as the case may be, and of Basket Currency(i).

- If the Currency Linked Provisions in respect of this Underlying Set and of Basket Currency(i), define the Base as the Foreign Currency and Basket Currency(i) as Domestic Currency:

$$100\% + \frac{K(i) - Period\ Observation(U, FX(i), j)}{K(i)}$$

Where FX(i) is the FX exchange rate with Foreign Currency and Domestic Currency defined in respect of this Underlying Set, as the case may be, and of Basket Currency(i).

FX Basket Self Quanto Item Performance(U, K, i, RD) means, in respect of an Underlying Set U where Set Type is FX Basket and of an FX Basket Strike Set K defined in respect of the Underlying Set U, i being the strictly positive integer index referring to Basket Currency(i) Underlying in the basket and RD being a Reference Date:

- If the Currency Linked Provisions in respect of this Underlying Set and of Basket Currency(i), define Basket Currency(i) as Foreign Currency and the Base as the Domestic Currency:

$$100\% + \frac{(1/K(i)) - (1/Single\ Observation(U, FX(i), RD))}{(1/K(i))}$$

Where FX(i) is the FX exchange rate with Foreign Currency and Domestic Currency defined in respect of this Underlying Set, as the case may be, and of Basket Currency(i).

- If the Currency Linked Provisions in respect of this Underlying Set and of Basket Currency(i), define the Base as the Foreign Currency and Basket Currency(i) as Domestic Currency:

$$100\% + \frac{K(i) - \text{Single Observation}(U, FX(i), RD)}{K(i)}$$

Where FX(i) is the FX exchange rate with Foreign Currency and Domestic Currency defined in respect of this Underlying Set, as the case may be, and of Basket Currency(i).

(g) Definitions relating to determination of Inflation Rate

Final Inflation Rate(I, n) means, with respect to an Inflation Index Underlying I, n being a strictly positive integer number of months applicable as Valuation Type:

(Determination Inflation Index(I, IDD)/Reference) -1

Where:

- **IDD** is the Inflation Determination Date specified for this Inflation Index Underlying in respect of final redemption.
- **Reference** means the Applicable Level for the Inflation Index Underlying in respect of the Reference Month being n calendar months prior to the Reference Month specified in the applicable Final Terms in respect of the Inflation Determination Date IDD (subject as specified in the definition of Reference Month).

Inflation Rate(I, n, j) means, with respect to an Inflation Index Underlying I, n being a strictly positive integer number of months applicable as Valuation Type and j being the strictly positive integer temporal index referring to an Interest Accrual Period:

(Determination Inflation Index(I, IDD(j))/Reference) -1

Where:

- **IDD(j)** is the Inflation Determination Date specified for this Inflation Index Underlying in respect of Interest Accrual Period j.
- **Reference** means the Applicable Level for the Inflation Index Underlying in respect of the Reference Month being n calendar months prior to the Reference Month specified in the applicable Final Terms in respect of the Inflation Determination Date IDD(j) (subject as specified in the definition of Reference Month).

Inflation Rate(I, n, RD) means, with respect to an Inflation Index Underlying I, n being a strictly positive integer number of months applicable as Valuation Type and RD being a Reference Date:

(Determination Inflation Index(I, IDD)/Reference) -1

Where:

- **IDD** is the Inflation Determination Date specified for this Inflation Index Underlying in respect of the Reference Date RD.
- **Reference** means the Applicable Level for the Inflation Index Underlying in respect of the Reference Month being n calendar months prior to the Reference Month specified in the applicable Final Terms in respect of the Inflation Determination Date IDD (subject as specified in the definition of Reference Month).

- (h) Definitions relating to identification of strike prices and trigger levels

FX Basket Strike Set means, in respect of an Underlying Set where Set Type is FX Basket, a set of n Strikes, each referred to as Strike(i) indexed by the strictly positive integer i associated to Basket Currency(i) in the basket, n being the number of Basket Currencies in the basket (not taking into account the Base Currency).

Strike

A Strike is defined in the Final Terms by

- The **Reference Value** being a number specified as such in the Final Terms
- A Strike can be defined only as a number in the Final Terms, in which case the Reference Value is equal to such number and all the terms below are deemed not specified.
- The **Striking Type** being either:
 - Predetermined, which is deemed to apply when the Striking Type is not specified
 - Straight
 - Additive
 - Multiplicative
 - Hyperbolic
- An Underlying Set, which can be unspecified if Striking Type is Predetermined
- An **Observation Type**, which can be unspecified if Striking Type is Predetermined, or may otherwise be specified as either:
 - Not specified
 - Arithmetic Averaging
 - Geometric Averaging
 - Hyperbolic Averaging
 - Lookback Min
 - Lookback Max
- **Striking Date(s)**, which can be unspecified if Striking Type is Predetermined, otherwise if Striking Type is not Predetermined and Observation Type is not specified, a single Reference Date, or in any other case a set of Reference Dates.

When used in a calculation formula, Strike means a number determined as follows:

- If Striking Type is not specified or specified as Predetermined:

Strike = Reference Value

- If Striking Type is specified as Straight:

Strike = Strike Observation

- If Striking Type is specified as Additive:

Strike = Strike Observation + Reference Value

- If Striking Type is specified as Multiplicative:

Strike = Strike Observation × Reference Value

- If Striking Type is specified as Hyperbolic:

Strike = 1 / (1 / (Strike Observation + Reference Value))

Strike Observation means in respect of a Strike for which Striking Type is not Predetermined:

- If the Observation Type is not specified:

Level(Underlying Set, Striking Date)

- If the Observation Type is Arithmetic Average:

$$\frac{1}{N} \times \sum_{d=1}^N Level(Underlying Set, Reference(d))$$

Where N is the number of Striking Dates, indexed by the integer number d in the formula above.

- If the Observation Type is Geometric Average:

$$\left(\prod_{d=1}^N Level(Underlying Set, Reference(d)) \right)^{\left(\frac{1}{N} \right)}$$

Where N is the number of Striking Dates, indexed by the integer number d in the formula above.

- If the Observation Type is Hyperbolic Average:

$$\frac{1}{\frac{1}{N} \times \sum_{d=1}^N \frac{1}{Level(Underlying Set, Reference(d))}}$$

Where N is the number of Striking Dates, indexed by the integer number d in the formula above.

- If the Observation Type is Lookback Min:

$$\min_{d=1 \text{ to } N} (Level(Underlying Set, Referenced))$$

Where N is the number of Striking Dates, indexed by the integer number d in the formula above.

- If the Observation Type is Lookback Max:

$$\max_{d=1 \text{ to } N} (Level(Underlying Set, Reference(d)))$$

Where N is the number of Striking Dates, indexed by the integer number d in the formula above.

- (i) Definitions relating to activation or de-activation of the use of formulae

Automatic Interest Basis Switch

For an interest bearing Note, an Automatic Interest Basis Switch is an Interest Basis Switch that is triggered automatically under certain conditions identified by Trigger(s), which means the formula used for the calculation of interest can automatically change under certain conditions.

If Automatic Interest Basis Switch is specified as applicable in the Final Terms, then the following terms must be defined

- The **Automatic Alternate Interest Basis**, being an Interest Basis

The Automatic Alternate Interest Basis, specified in the Final Terms in respect of the Automatic Interest Basis Switch, corresponds to the Alternate Interest Basis specified in the Final Terms in the definition of the Interest Basis Switch.

- The **Automatic Interest Basis Switch Date(s)** are the Reference Dates specified as such in the Final Terms corresponding to the Interest Basis Switch Dates.
- The **Automatic Interest Basis Switch Trigger** is a Trigger Set

The Automatic Interest Basis Switch is deemed to be triggered on the earliest Automatic Interest Basis Switch Date D for which Condition(Automatic Interest Basis Switch Trigger, D) is TRUE.

Condition Final(T) means, in respect of a Trigger Set T, where for any Trigger in the Trigger Set not more than one Trigger Level is specified: TRUE or FALSE whether the condition specified thereafter in respect of the Trigger Type(s) is fulfilled or not:

- If two or more Triggers are specified for the Trigger Set, then the following condition, in respect of each Trigger, is met for ALL or ANY of the Triggers depending on the Condition Parameter of the Trigger Set:
 - If the Trigger Type is Up-and-In:
Final Level(Trigger Underlying) \geq Trigger Level
 - If the Trigger Type is Down-and-In:
Final Level(Trigger Underlying) \leq Trigger Level
 - If the Trigger Type is Up-and-Out:
Final Level(Trigger Underlying) $<$ Trigger Level
 - If the Trigger Type is Down-and-Out:
Final Level(Trigger Underlying) $>$ Trigger Level
- If a single Trigger is specified for the Trigger Set, then the following condition, in respect of this Trigger, is met:
 - If the Trigger Type is Up-and-In:
Final Level(Trigger Underlying) \geq Trigger Level
 - If the Trigger Type is Down-and-In:
Final Level(Trigger Underlying) \leq Trigger Level
 - If the Trigger Type is Up-and-Out:
Final Level(Trigger Underlying) $<$ Trigger Level
 - If the Trigger Type is Down-and-Out:
Final Level(Trigger Underlying) $>$ Trigger Level

Condition(T, j) means, in respect of a Trigger Set T and an Interest Accrual Period j, where for any Trigger in the Trigger Set, if several Trigger Levels are specified, one Trigger Level is defined in respect of, or applies unequivocally to, period j: TRUE or FALSE whether the condition specified thereafter in respect of the Trigger Type(s) is fulfilled or not:

- If two or more Triggers are specified for the Trigger Set, then the following condition, in respect of each Trigger, is met for ALL or ANY of the Triggers depending on the Condition Parameter of the Trigger Set:
 - If the Trigger Type is Up-and-In:
Level(Trigger Underlying, j) \geq Trigger Level
 - If the Trigger Type is Down-and-In:
Level(Trigger Underlying, j) \leq Trigger Level
 - If the Trigger Type is Up-and-Out:
Level(Trigger Underlying, j) $<$ Trigger Level
 - If the Trigger Type is Down-and-Out:
Level(Trigger Underlying, j) $>$ Trigger Level
- If a single Trigger is specified for the Trigger Set, then the following condition, in respect of this Trigger, is met:
 - If the Trigger Type is Up-and-In:
Level(Trigger Underlying, j) \geq Trigger Level
 - If the Trigger Type is Down-and-In:
Level(Trigger Underlying, j) \leq Trigger Level
 - If the Trigger Type is Up-and-Out:
Level(Trigger Underlying, j) $<$ Trigger Level
 - If the Trigger Type is Down-and-Out:
Level(Trigger Underlying, j) $>$ Trigger Level

Condition(T, RD) means, in respect of a Trigger Set T and an Reference Date RD, where for any Trigger in the Trigger Set, if several Trigger Levels are specified, one Trigger Level is defined in respect of, or applies unequivocally to, Reference Date RD: TRUE or FALSE whether the condition specified thereafter in respect of the Trigger Type(s) is fulfilled or not:

- If two or more Triggers are specified for the Trigger Set, then the following condition, in respect of each Trigger, is met for ALL or ANY of the Triggers depending on the Condition Parameter of the Trigger Set:
 - If the Trigger Type is Up-and-In:
Level(Trigger Underlying, RD) \geq Trigger Level
 - If the Trigger Type is Down-and-In:
Level(Trigger Underlying, RD) \leq Trigger Level
 - If the Trigger Type is Up-and-Out:
Level(Trigger Underlying, RD) $<$ Trigger Level
 - If the Trigger Type is Down-and-Out:
Level(Trigger Underlying, RD) $>$ Trigger Level

- If a single Trigger is specified for the Trigger Set, then the following condition, in respect of this Trigger, is met:
 - If the Trigger Type is Up-and-In:
Level(Trigger Underlying, RD) \geq Trigger Level
 - If the Trigger Type is Down-and-In:
Level(Trigger Underlying, RD) \leq Trigger Level
 - If the Trigger Type is Up-and-Out:
Level(Trigger Underlying, RD) $<$ Trigger Level
 - If the Trigger Type is Down-and-Out:
Level(Trigger Underlying, RD) $>$ Trigger Level

Condition Parameter means the number of Triggers within a Trigger set which require to be activated (ALL or ANY) in order for the relevant option or formula to apply as contemplated in the definition of "Trigger" below.

Interest Payment Option means an option held by the Issuer to pay an Interest Amount in respect of specified Interest Accrual Periods, the exercise of which shall be notified by the Issuer, on giving not more than 45 days nor less than 15 days' notice (or other notice period as may be specified in the applicable Final Terms) to the Noteholders, in accordance with Condition 13.

The Option Exercise Dates in respect of this Option are Interest Payment Dates.

Unless specified otherwise, the Option can be exercised several times, upon each Option Exercise Date.

Unless specified otherwise, the Maturity Date is an Option Exercise Date on which the Option is always exercised.

Conditional Interest Basis Switch Option

For an interest bearing Note, a Conditional Interest Basis Switch Option is an Interest Basis Switch that the Issuer can exercise only under certain conditions identified by Trigger(s), which means the formula used for the calculation of interest can be modified at the option of the Issuer only if these conditions are met.

If Conditional Interest Basis Switch Option is specified as applicable in the Final Terms, then the following terms must be defined

- The **Conditional Optional Alternate Interest Basis**, being an Interest Basis
The Conditional Optional Alternate Interest Basis, specified in the Final Terms in respect of the Conditional Interest Basis Switch Option, corresponds to the Alternate Interest Basis specified in the Final Terms in the definition of the Interest Basis Switch.
- The **Conditional Interest Basis Switch Exercise Dates** are the Reference Dates specified as such in the Final Terms corresponding to the Interest Basis Switch Dates
- The **Conditional Interest Basis Switch Option Trigger** is a Trigger Set

The Conditional Interest Basis Switch Option is deemed to be triggered on the first Conditional Interest Basis Switch Exercise Date D for which:

- The Issuer has given not more than 45 nor less than 30 days' notice to the Noteholders (or any other Interest Basis Switch Option Notice Period specified in the applicable Final Terms), in accordance with Condition 13, and
- Condition(Conditional Interest Basis Switch Option Trigger, D) is TRUE

Trigger

The Trigger means that the application of a formula (either from a Redemption Provision to determine a Redemption Price, or from an Interest Provision to determine an Interest Rate or an Interest Amount, or any other provision or option in respect of the Notes if they are specified as being activated by a Trigger, such as an Automatic Interest Basis Switch or a Conditional Interest Basis Switch Option to determine the applicable Interest Provision) can be subject to the satisfaction of certain condition(s). The validation of the conditions for the applicability of the relevant formula depends on the definition of the applicable Trigger(s) specified in the Final Terms. The Trigger is defined by reference to the following terms:

- The **Trigger Underlying** is an Underlying Set.
- The **Trigger Level(s)** being Strike(s), defined in respect of specified Interest Accrual Periods or in respect of specified Reference Dates (as the case may be).
- The **Trigger Type**, which must be defined as either:
 - Up-and-in
 - Down-and-in
 - Up-and-out
 - Down-and-out

Trigger Set means either:

- A Trigger
- A set of:
 - two or more Triggers
 - a Condition Parameter being either "ALL" or "ANY"

(j) Definitions specific for the "Range Accrual" formulae

The following definitions and provisions shall apply to those formulae set out in this section with the designation "range accrual" in the title thereof:

AccrualNb means in respect of an Interest Accrual Period, the positive integer number calculated according to the relevant formula.

Accrual Reference Dates means the Reference Dates specified as such in the Final Terms.

Range Accrual Cut-off Date means, in respect of any Interest Accrual Period, the first of the last Range Accrual Cut-off Number of Range Accrual Business Days in the Interest Accrual Period.

Range Accrual Cut-off Number means, for the purposes of determining the Range Accrual Cut-off Date, the number designated as such in the Final Terms.

Range Accrual Business Day means, a Business Day in respect of the Currency(ies) and/or financial centres specified in the applicable Final Terms or, in the lack thereof, a day that is an Underlying Business Day for each Underlying Set used for the calculation of an element AccrualNb.

Range Accrual Provision Period means that, in respect of an Accrual Reference Date RD, an Underlying Set U and an Interest Accrual Period j, if the Accrual Reference Date RD is not an Underlying Business Day in respect of U, the relevant value $Level(U, RD)$ will be determined as follows:

- If no Accrual Reference Dates in respect of Interest Accrual Period j preceding RD is an Underlying Business Day in respect of U, $Level(U, RD) = Level(U, RD1)$ where RD1 is the earliest Underlying Business Day in respect of U following RD.
- Otherwise, $Level(U, RD) = Level(U, RD0)$ where RD0 is the last Underlying Business Day in respect of U preceding RD.

Range Accrual Provision Preceding means that, in respect of an Accrual Reference Date RD and an Underlying Set U, if the Accrual Reference Date RD is not an Underlying Business Day in respect of U, the relevant value $Level(U, RD)$ will be determined as follows:

- $Level(U, RD) = Level(U, RD0)$ where RD0 is the last Underlying Business Day in respect of U preceding RD.

Range Accrual Cut-off Provision means that, in respect of an Interest Accrual Period j and for the purposes of the determination of the Level of an Underlying Set in respect of an Accrual Reference Date used for the calculation of the element $AccrualNb(j)$, the determination of the Level of this Underlying Set in respect of an Accrual Reference Date equal to or immediately preceding the relevant Range Accrual Cut-off Date shall apply for all Accrual Reference Dates in respect of this Interest Accrual Period that are equal to or following the Range Accrual Cut-off Date.

2.2 Calculation Formulae Applicable for Rate Linked Notes, Currency Linked Notes, Inflation Linked Notes and Hybrid Structured Notes

2.2.1 Redemption Provisions

The Calculation Formulae set out below are provisions relating to redemption of the Notes (each a **Redemption Provision**).

The Redemption Provision for a Rate Linked Note, a Currency Linked Note or an Inflation Linked Note can be chosen from among the ones specified hereunder or any of the additional Redemption Provisions applicable specifically to Rate Linked Notes, Currency Linked Notes or Inflation Linked Notes respectively.

The Redemption Provision for a Hybrid Structured Note can be chosen from among the ones specified hereunder or any of the Redemption Provisions applicable to Rate Linked Notes, Currency Linked Notes or Inflation Linked Notes or the Conditions applicable to any Type of Credit Linked Note or Bond Linked Note.

In addition to the specified Redemption Provision, the Interest Provision for a Rate Linked Note, a Currency Linked Note or an Inflation Linked Note is specified in the Final Terms from among those set out at 2.2.2 below or those applicable specifically to Rate Linked Notes, Currency Linked Notes or Inflation Linked Notes respectively.

The Interest Provision for a Hybrid Structured Note is specified in the Final Terms from among those that can apply to Rate Linked Notes, Currency Linked Notes, Inflation Linked Notes or Hybrid Structured Notes, and the Conditions that can apply to any Type of Credit Linked Note or Bond Linked Note.

In addition to Redemption Provisions and Interest Provisions, Additional Provisions can be specified in the Final Terms for a Rate Linked Note, a Currency Linked Note or an Inflation Linked Note from among those set out at 2.2.2 below or those applicable specifically to Rate Linked Notes, Currency Linked Notes, or Inflation Linked Notes respectively.

Additional Provisions can be specified in the Final Terms for a Hybrid Structured Note from among those that apply to Rate Linked Notes, Currency Linked Notes, Inflation Linked Notes or Hybrid Structured Notes.

Digital Redemption

The Digital Redemption is a Redemption Provision whereby the Redemption Amount depends on whether the underlying level at maturity is above or below a given Barrier.

Redemption Provision

If the Provision Trigger is specified and Condition Final(Provision Trigger) is not TRUE, then the formulae below do not apply and the Redemption Price is equal to the Redemption Rebate.

In any other case:

If Final Level(U) is higher than or equal to, or, if Up-In-Step is specified as "Exclude", strictly higher than, Barrier:

Redemption Price = Redemption Up

If Final Level(U) is strictly less than, or if Up-In-Step is specified as "Exclude", less than or equal to, Barrier:

Redemption Price = Redemption Down

Where:

- **U** means an Underlying Set defined in the Final Terms.
- **Reference Value** means a number or a Strike that can optionally be specified in the Final Terms.
- **Redemption Up** and **Redemption Down** mean positive percentages or Strikes specified in the Final Terms.
- **Barrier** means a Strike defined in the Final Terms. If Reference Value is specified, Barrier can be defined as a percentage of the Reference Value.
- **Up-In-Step** means either "Include" or "Exclude" as can be specified in the applicable Final Terms. If Up-In-Step is not specified in the applicable Final Terms, it means "Include".
- **Provision Trigger**, if specified, is a Trigger Set.
- **Redemption Rebate** means a positive percentage or a Strike specified in the Final Terms, or, if not so specified, 100%.

Reverse Convertible

The Reverse Convertible is a Redemption Provision whereby the Redemption Amount may be less than par if the underlying level at maturity is less than a given Activation Threshold.

Redemption Provision

If the Provision Trigger is specified and Condition Final(Provision Trigger) is not TRUE, then the formulae below do not apply and the Redemption Price is equal to the Redemption Rebate.

In any other case:

If Final Level(U) is less than or equal to, or, if Down-In-Step is specified as "Exclude", strictly less than, Activation Threshold:

$$\text{Redemption Price} = \text{Max} \left(\text{Floor}, 100\% - \frac{K - \text{Final Level(U)}}{Q} \right)$$

If Final Level(U) is strictly higher than, or if Down-In-Step is specified as "Exclude", higher than or equal to, Activation Threshold:

$$\text{Redemption Price} = 100\%$$

Where:

- **U** means an Underlying Set defined in the Final Terms.
- **Floor** means a positive percentage or a Strike specified in the Final Terms or, if not so defined, Floor is equal to 0%.
- **Reference Value** means a number or a Strike that can optionally be specified in the Final Terms
- **K** means a Strike defined in the Final Terms. If Reference Value is specified, K can be defined as a percentage of the Reference Value.
- **Activation Threshold** means a Strike defined in the Final Terms, or, if not so defined, Activation Threshold is equal to K. If Reference Value is specified, Activation Threshold can be defined as a percentage of the Reference Value.
- **Down-In-Step** means either "Include " or "Exclude " as can be specified in the applicable Final Terms. If Down-In-Step is not specified in the applicable Final Terms, it means "Include ".
- **Q** means a Strike that can be defined in the Final Terms, or, if not so defined, Q is equal to K. If Reference Value is specified, Q can be defined as a percentage of the Reference Value.
- **Provision Trigger**, if specified, is a Trigger Set.
- **Redemption Rebate** means a positive percentage or a Strike specified as such in the Final Terms, or, if not so specified, 100%.

**Bear Reverse
Convertible**

The Bear Reverse Convertible is a Redemption Provision whereby the Redemption Amount may be less than par if the underlying level at maturity is more than a given Activation Threshold.

Redemption Provision

If the Provision Trigger is specified and Condition Final(Provision Trigger) is not TRUE, then the formulae below do not apply and the Redemption Price is equal to the Redemption Rebate.

In any other case:

If Final Level(U) is higher than or equal to, or, if Up-In-Step is specified as "Exclude", strictly higher than, Activation Threshold:

$$\text{Redemption Price} =$$

$$\text{Max} \left(\text{Floor}, 100\% - \frac{\text{Final Level(U)} - \text{K}}{\text{Q}} \right)$$

If Final Level(U) is strictly less than, or if Up-In-Step is specified as "Exclude", less than or equal to, Activation Threshold:

Redemption Price = 100%

Where:

- **U** means an Underlying Set defined in the Final Terms.
- **Floor** means a positive percentage or a Strike specified in the Final Terms or, if not so defined, Floor is equal to 0%.
- **Reference Value** means a number or a Strike that can optionally be specified in the Final Terms
- **K** means a Strike defined in the Final Terms. If Reference Value is specified, K can be defined as a percentage of the Reference Value.
- **Activation Threshold** means a Strike defined in the Final Terms, or, if not so defined, Activation Threshold is equal to K. If Reference Value is specified, Activation Threshold can be defined as a percentage of the Reference Value.
- **Up-In-Step** means either "Include" or "Exclude" as can be specified in the applicable Final Terms. If Threshold Up-Step is not specified in the applicable Final Terms, it means "Include".
- **Q** means a Strike that can be defined in the Final Terms, or, if not so defined, Q is equal to K. If Reference Value is specified, Q can be defined as a percentage of the Reference Value.
- **Provision Trigger**, if specified, is a Trigger Set.
- **Redemption Rebate** means a positive percentage or a Strike specified as such in the Final Terms, or, if not so specified, 100%.

Bull Power

Bull Power is a Redemption Provision whereby the Redemption Price is an increasing function of the Underlying, respectively in an upper range and in a lower range of the Underlying Level.

Redemption Provision

If the Provision Trigger is specified and Condition Final(Provision Trigger) is not TRUE, then the formulae below do not apply and the Redemption Price is equal to the Redemption Rebate.

In any other case:

If Final Level(U) is higher than or equal to, or, if Up-In-Step is specified as "Exclude", strictly higher than, Max(UI,DI) and strictly less than, or if Up-Out-Step is specified as "Include", less than or equal to, UO:

Redemption Price =

$$\text{min}(\text{Cap}; \text{max}(\text{Reference_U} + \text{Gearing_U} \times (\text{Final Level(U)} - \text{Ku})/\text{Qu}; \text{Floor}))$$

If Final Level(U) is less than or equal to, or, if Down-In-Step is specified as "Exclude", strictly less than, Min(DI,UI) and strictly higher than, or if Down-Out-Step is specified as "Include", higher than or equal to, DO:

Redemption Price =

$$\min(\text{Cap}; \max(\text{Reference_D} + \text{Gearing_D} \times (\text{Final Level(U)} - \text{Kd})/\text{Qd}; \text{Floor}))$$

Otherwise:

Redemption Price = Reference0

Where:

- **U** means an Underlying Set defined in the Final Terms with Set Type FX Rate
- **K** is a Strike that can be defined in the Final Terms or be stated as Not Applicable
- **Ku** and **Kd** are Strikes that must be defined in the Final Terms if and only if K is not applicable. Whereas, if K is defined and applicable, Ku and Kd must be specified as Not Applicable and both are deemed to be equal to K for the use of the above formulae.
- **Qu** and **Qd** are Strikes that can be defined in the Final Terms, if either is undefined then, respectively, Qu is deemed to be equal to Ku and Qd is deemed to be equal to Kd.
- **DO** and **DI** are Strikes defined in the Final Terms, or, if not so defined, DO is negative infinity and/or DI is deemed to be equal to Kd.
- **UO** and **UI** are Strikes defined in the Final Terms or, if not so defined, UO is positive infinity and/or UI is equal to Ku.
- **Up-In-Step** means either "Include" or "Exclude" as can be specified in the applicable Final Terms. If Up-In-Step is not specified in the applicable Final Terms, it means "Include".
- **Up-Out-Step** means either "Include" or "Exclude" as can be specified in the applicable Final Terms. If Up-Out-Step is not specified in the applicable Final Terms, it means "Exclude".
- **Down-In-Step** means either "Include" or "Exclude" as can be specified in the applicable Final Terms. If Down-In-Step is not specified in the applicable Final Terms, it means "Include". Regardless of the above and of any specification in the applicable Final Terms, if DI is greater than or equal to UI then Down-In-Step means the opposite of Up-In-Step.
- **Down-Out-Step** means either "Include" or "Exclude" as can be specified in the applicable Final Terms. If Down-Out-Step is not specified in the applicable Final Terms, it means "Exclude".
- **Reference_U** and **Reference_D** are percentages or Strikes specified in the Final Terms, or, if not so specified, are equal to Reference0.

- **Reference0** is a positive percentage or a Strike specified in the Final Terms, or, if not so specified, is equal to 100%.
- **Gearing_U** and **Gearing_D** are positive percentages specified in the Final Terms, or, if not so specified, are equal to 100%.
- **Cap** and **Floor** are positive percentages or Strikes that can be specified in the Final Terms, or, if not so specified, respectively, Cap is positive infinity and Floor is equal to 0%.
- **Provision Trigger**, if specified, is a Trigger Set.
- **Redemption Rebate** means a positive percentage or a Strike specified as such in the Final Terms, or, if not so specified, 100%.

Bear Power

Bear Power is a Redemption Provision whereby the Redemption Price is a decreasing function of the Underlying, respectively in a lower range and in an upper range of the Underlying Level.

Redemption Provision

If the Provision Trigger is specified and Condition Final(Provision Trigger) is not TRUE, then the formulae below do not apply and the Redemption Price is equal to the Redemption Rebate.

In any other case:

If Final Level(U) is less than or equal to, or, if Down-In-Step is specified as "Exclude", strictly less than, Min(DI,UI) and strictly higher than, or if Down-Out-Step is specified as "Include", higher than or equal to, DO:

Redemption Price =

$$\min \left(\text{Cap}; \max \left(\text{Reference}_D + \text{Gearing}_D \times (\text{Kd} - \text{Final Level}(U)) / \text{Qd}; \text{Floor} \right) \right)$$

If Final Level(U) is higher than or equal to, or, if Up-In-Step is specified as "Exclude", strictly higher than, Max(UI,DI) and strictly less than, or if Up-Out-Step is specified as "Include", less than or equal to, UO:

Redemption Price =

$$\min \left(\text{Cap}; \max \left(\text{Reference}_U + \text{Gearing}_U \times (\text{Ku} - \text{Final Level}(U)) / \text{Qu}; \text{Floor} \right) \right)$$

Otherwise:

Redemption Price = Reference0

Where:

- **U** means an Underlying Set defined in the Final Terms with Set Type FX Rate
- **K** is a Strike that can be defined in the Final Terms or be stated as Not Applicable

- **Ku** and **Kd** are Strikes that must be defined in the Final Terms if and only if **K** is not applicable. Whereas, if **K** is defined and applicable, **Ku** and **Kd** must be specified as Not Applicable and both are deemed to be equal to **K** for the use of the above formulae.
- **Qu** and **Qd** are Strikes that can be defined in the Final Terms, if either is undefined then, respectively, **Qu** is deemed to be equal to **Ku** and **Qd** is deemed to be equal to **Kd**.
- **DO** and **DI** are Strikes defined in the Final Terms, or, if not so defined, **DO** is negative infinity and/or **DI** is deemed to be equal to **Kd**
- **UO** and **UI** are Strikes defined in the Final Terms, or, if not so defined, **UO** is positive infinity and/or **UI** is deemed to be equal to **Ku**
- **Down-In-Step** means either "Include" or "Exclude" as can be specified in the applicable Final Terms. If Down-In-Step is not specified in the applicable Final Terms, it means "Include".
- **Down-Out-Step** means either "Include" or "Exclude" as can be specified in the applicable Final Terms. If Down-Out-Step is not specified in the applicable Final Terms, it means "Exclude".
- **Up-In-Step** means either "Include" or "Exclude" as can be specified in the applicable Final Terms. If Up-In-Step is not specified in the applicable Final Terms, it means "Include". Regardless of the above and of any specification in the applicable Final Terms, if **UI** is less than or equal to **DI** then Up-In-Step means the opposite as Down-In-Step.
- **Up-Out-Step** means either "Include" or "Exclude" as can be specified in the applicable Final Terms. If Up-Out-Step is not specified in the applicable Final Terms, it means "Exclude".
- **Reference_U** and **Reference_D** are percentages or Strikes specified in the Final Terms, or, if not so specified, are equal to **Reference0**.
- **Reference0** is a positive percentage or a Strike specified in the Final Terms, or, if not so specified, is equal to 100%.
- **Gearing_U** and **Gearing_D** are positive percentages specified in the Final Terms, or, if not so specified, are equal to 100%.
- **Cap** and **Floor** are positive percentages or Strikes that can be specified in the Final Terms, or, if not so specified, respectively, **Cap** is positive infinity and **Floor** is equal to 0%.
- **Provision Trigger**, if specified, is a Trigger Set.
- **Redemption Rebate** means a positive percentage or a Strike specified as such in the Final Terms, or, if not so specified, 100%.

Power Strangle

Power Strangle is a Redemption Provision whereby the Redemption Price is an increasing function of the Underlying for a given range of final underlying level and a decreasing function for another range.

Redemption Provision

If the Provision Trigger is specified and Condition Final(Provision Trigger) is not TRUE, then the formulae below do not apply and the Redemption Price is equal to the Redemption Rebate.

In any other case:

If Final Level(U) is higher than or equal to, or, if Up-In-Step is specified as "Exclude", strictly higher than, Max(UI,DI) and strictly less than, or if Up-Out-Step is specified as "Include", less than or equal to, UO:

Redemption Price =

$$\min(\text{Cap}_U; \max(\text{Reference}_U + \text{Gearing}_U \times (\text{Final Level}(U) - K_u)/Q_u; \text{Floor}_U))$$

If Final Level(U) is less than or equal to, or, if Down-In-Step is specified as "Exclude", strictly less than, Min(DI,UI) and strictly higher than, or if Down-Out-Step is specified as "Include", higher than or equal to, DO:

Redemption Price =

$$\min(\text{Cap}_D; \max(\text{Reference}_D + \text{Gearing}_D \times (K_d - \text{Final Level}(U))/Q_d; \text{Floor}_D))$$

Otherwise:

Redemption Price = Reference0

Where:

- **U** means an Underlying Set defined in the Final Terms
- **K** is a Strike that can be defined in the Final Terms or be stated as Not Applicable
- **K_u** and **K_d** are Strikes that must be defined in the Final Terms if and only if K is not applicable. Whereas, if K is defined and applicable, K_u and K_d must be specified as Not Applicable and both are deemed to be equal to K for the use of the above formulae.
- **Q_u** and **Q_d** are Strikes that can be defined in the Final Terms, if either is undefined then, respectively, Q_u is deemed to be equal to K_u and Q_d is deemed to be equal to K_d.
- **DO** and **DI** are Strikes defined in the Final Terms, or, if not so defined, DO is negative infinity and/or DI is deemed to be equal to K_d.
- **UO** and **UI** are Strikes defined in the Final Terms, or, if not so defined, UO is positive infinity and/or UI is deemed to be equal to K_u.
- **Up-In-Step** means either "Include" or "Exclude" as can be specified in the applicable Final Terms. If Up-In-Step is not specified in the applicable Final Terms, it means "Include".
- **Up-Out-Step** means either "Include" or "Exclude" as can be specified in the applicable Final Terms. If Up-Out-Step is not specified in the applicable Final Terms, it means "Exclude".

- **Down-In-Step** means either "Include" or "Exclude" as can be specified in the applicable Final Terms. If Down-In-Step is not specified in the applicable Final Terms, it means "Include". Regardless of the above and of any specification in the applicable Final Terms, if DI is greater than or equal to UI then Down-In-Step means the opposite of Up-In-Step.
- **Down-Out-Step** means either "Include" or "Exclude" as can be specified in the applicable Final Terms. If Down-Out-Step is not specified in the applicable Final Terms, it means "Exclude".
- **Reference_U** and **Reference_D** are positive percentages or Strikes specified in the Final Terms, or, if not so specified, are equal to Reference0.
- **Reference0** is a positive percentage or a Strike specified in the Final Terms, or, if not so specified, is equal to 100%.
- **Gearing_U** and **Gearing_D** are positive percentages specified in the Final Terms, or, if not so specified, are equal to 100%.
- **Cap_U**, **Floor_U**, **Cap_D** and **Floor_D** are positive percentages or Strikes that can be specified in the Final Terms, or, if not so specified, Cap_U or Cap_D are positive infinity, Floor_U or Floor_D are 0%.
- **Provision Trigger**, if specified, is a Trigger Set.
- **Redemption Rebate** means a positive percentage or a Strike specified as such in the Final Terms, or, if not so specified, 100%.

**Multi-Ladder
(Wedding Cake)
Redemption**

The Multi-Ladder Redemption (or Wedding Cake Redemption) is a Redemption Provision whereby the Redemption Price is determined from a given Reference to which ladders can be added or subtracted, under conditions respectively identified by Trigger Sets.

Redemption Provision

The Redemption Price is calculated as follows:

Min(Cap;

Max(Reference + $\sum_{k=1}^N [\text{Valid}(k) \times \text{Ladder}(k)]$;Floor))

Where:

- **N** is a strictly positive integer specified in the Final Terms
- **Reference** is a percentage or a Strike specified in the Final Terms
- **Cap** and **Floor** are positive percentages or Strikes that can be specified in the Final Terms or, if not so defined, Cap is positive infinity and Floor is equal to 0%.

And for $1 \leq k \leq N$:

- **Trigger(k)** is a Trigger Set defined in the Final Terms
- **Ladder(k)** is a percentage specified in the Final Terms

If Final Condition(Trigger(k)) is TRUE then Valid(k)=1

Otherwise Valid(k)=0

2.2.2 Interest Provisions

The Calculation Formulae set out below are the provisions relating to interest (each an **Interest Provision**).

The Interest Provision for a Rate Linked Note, a Currency Linked Note or an Inflation Linked Note can be chosen from among those specified hereunder or any of the additional Interest Provisions applicable specifically to Rate Linked Notes, Currency Linked Notes or Inflation Linked Notes respectively.

The Interest Provision for a Hybrid Structured Note can be chosen from among the ones specified hereunder or any of the Redemption Provisions applicable to Rate Linked Notes, Currency Linked Notes or Inflation Linked Notes, or from the Conditions that can apply to any Type of Credit Linked Notes or Bond Linked Notes.

In addition to these Interest Provisions, the Redemption Provisions for a Rate Linked Note, a Currency Linked Note or an Inflation Linked Note are specified in the Final Terms, from among those set out at 2.2.1 above or those applicable specifically to Rate Linked Notes, Currency Linked Notes or Inflation Linked Notes respectively.

The Redemption Provision for a Hybrid Structured Note is specified in the Final Terms from among those that can apply to Rate Linked Notes, Currency Linked Notes Inflation Linked Notes or Hybrid Structured Notes, and from the Conditions that can apply to any Type of Credit Linked Notes or Bond Linked Notes.

In addition to Redemption Provisions and Interest Provisions, Additional Provisions can be specified in the Final Terms for a Rate Linked Note, a Currency Linked Note or an Inflation Linked Note from among those set out at 2.2.1 above or those applicable specifically to Rate Linked Notes or Inflation Linked Notes respectively, or from the Conditions that can be applicable to any Type of Credit Linked Notes or Bond Linked Notes.

Additional Provisions can be specified in the Final Terms for a Hybrid Structured Note from among those that apply to Rate Linked Notes, Currency Linked Notes, Inflation Linked Notes, or Hybrid Structured Notes, or from the Conditions that can apply to Credit Linked Notes or Bond Linked Notes.

Digital Coupon

The Digital Coupon pays an interest depending on whether, in respect of the relevant period, the applicable underlyings fall between their respective upper and lower limits, which may vary for each period.

Interest Provision

If Formula as Amount is specified as applicable in the applicable Final Terms, then this provision is deemed to determine directly an Interest Amount being the product of the relevant Calculation Amount and an "Interest Rate" as defined hereunder, without taking into account the Day-Count Fraction.

For each Interest Accrual Period j being a Formula Applicable Period:

if Provision Trigger (j) is specified and Condition(Provision Trigger(j), j) is not TRUE, then the formula below don't apply and the Interest Rate is equal to Rebate(j)

In any other case the Interest Rate is calculated as follows:

If the following conditions are met:

Level(U1, j) is higher than or equal to, or, if Low-1-Step(j) is specified as "Exclude", strictly higher than, B1(j) and less than or equal to, or, if High-1-Step(j) is specified as "Exclude", strictly less than, H1(j)

AND, if U2 is specified as applicable: Level(U2, j) is higher than or equal to, or, if Low-2-Step(j) is specified as "Exclude", strictly higher than, B2(j) and less than or equal to, or, if High-2-Step(j) is specified as "Exclude", strictly less than, H2(j)

AND, if U3 is specified as applicable: Level(U3, j) is higher than or equal to, or, if Low-3-Step(j) is specified as "Exclude", strictly higher than, B3(j) and less than or equal to, or, if High-3-Step(j) is specified as "Exclude", strictly less than, H3(j)Then:

$$\min\left(\text{Cap}(j); \max(L(j) \times \text{Level}(C, j) + \text{Fixed}(j); \text{Floor}(j))\right)$$

Otherwise

m(j)

Where:

- **C** is an Underlying Set which can be specified in the Final Terms
If C is not specified or specified as Not Applicable in the Final Terms, then in the formulae above, for each j: Level(C, j) = 0
- **U1, U2** and **U3** are Underlying Sets, specified in the Final Terms.
U1 is always specified as applicable.
U2 is by default "Not Applicable", in which case U3 is also "Not Applicable".
If U2 is specified and applicable, U3 is by default "Not Applicable" unless otherwise specified.
- **Formula as Amount** means, if specified as Applicable in the applicable Final Terms, that this provision is deemed to determine directly an Interest Amount. If Formula as Amount is not specified in the applicable Final Terms then it is deemed to be not applicable
And for each period j:
- **B1(j), B2(j), B3(j), H1(j), H2(j)** and **H3(j)** are Strikes that can be specified in the Final Terms, on the understanding that any may be "Not Applicable" (as by default or if so specified), corresponding to upper barriers H1 or H2 or H3 being equal to infinity, and lower barriers B1 or B2 or B3 being equal to negative infinity.
- **Low-1-Step(j), Low-2-Step(j), Low-3-Step(j), Hi-1-Step(j), Hi-2-Step(j),** and **Hi-3-Step(j)** each mean either "Include" or "Exclude" as can be specified in the applicable Final Terms. If either

of these terms is not specified in the applicable Final Terms, it means "Include"

- **Cap(j)** is a percentage or Strike that can be specified in the Final Terms, or, if not so specified, Cap(j) is positive infinity.
- **Floor(j)** is a percentage or Strike that can be specified as such in the Final Terms, or, if not so specified, Floor(j) is negative infinity.
- **Fixed(j)** and **m(j)** mean percentages or Strikes specified in the Final Terms, or, if not so defined, Fixed(j) is equal to 0% and m(j) is equal to 0%.
- **L(j)** means a percentage specified in the Final Terms, or, if not so defined, L(j) is equal to 100%.
- **Provision Trigger(j)**, if specified, is a Trigger Set.
- **Rebate(j)** means a percentage or a Strike specified as such in the Final Terms, or, if not so specified, 0%.

**Global Range
Accrual**

The Global Range Accrual is an Interest Provision whereby the Interest depends on the number (expressed as a percentage) of Accrual Reference Dates during the relevant period in which, simultaneously, values of applicable Underlyings fall between their respective upper and lower limits, which may vary for the relevant period.

Interest Provision

If Formula as Amount is specified as applicable in the applicable Final Terms, then this provision is deemed to determine directly an Interest Amount being the product of the relevant Calculation Amount and an "Interest Rate" as defined hereunder, without taking into account the Day-Count Fraction.

For each Interest Accrual Period j being a Formula Applicable Period:

if Provision(j) Trigger is specified and Condition(Provision Trigger(j), j) is not TRUE, then the formulae below do not apply and the Interest Rate is equal to Rebate(j)

In any other case the Interest Rate is calculated as follows:

If $\text{Percent}(j) \geq \text{Coupon Protection}(j)$:

$$\min \left(\text{Cap}(j); \max(L(j) \times \text{Level}(C, j) + \text{Fixed}(j) + m(j); \text{Floor}(j)) \right)$$

If $\text{Coupon Booster}(j) \leq \text{Percent}(j) < \text{Coupon Protection}(j)$:

$$\min \left(\text{Cap}(j); \max \left((L(j) \times \text{Level}(C, j) + \text{Fixed}(j)) \times \text{Percent}(j) + m(j); \text{Floor}(j) \right) \right)$$

If $\text{Percent}(j) < \text{Coupon Booster}(j)$:

Floor(j)

Where:

- **C** is an Underlying Set which can be specified in the Final Terms
If **C** is not specified or specified as Not Applicable in the Final Terms, then in the formulae above, for each j : $\text{Level}(\text{C}, j) = 0$
- **U1, U2** and **U3** are Underlying Sets, specified in the Final Terms.
U1 is always specified as applicable.
U2 is by default "Not Applicable", in which case U3 is also "Not Applicable".
If U2 is specified and applicable, U3 is by default "Not Applicable" unless otherwise specified.
- **Formula as Amount** means, if specified as Applicable in the applicable Final Terms, that this provision is deemed to determine directly an Interest Amount. If Formula as Amount is not specified in the applicable Final Terms then it is deemed to be not applicable
And for each Interest Accrual Period j :
- the **Accrual Reference Dates** in respect of the Interest Accrual Period are specified in the Final Terms.
- **Tot(j)** is the number of Accrual Reference Dates in Interest Accrual Period i .
- **AccrualNb(j)** is the number of Accrual Reference Dates d in Interest Accrual Period j on which:

Level(U1, d) is higher than or equal to, or, if Low-1-Step(j) is specified as "Exclude", strictly higher than, B1(j) and less than or equal to, or, if High-1-Step(j) is specified as "Exclude", strictly less than, H1(j)

AND, if U2 is specified as applicable, Level(U2, d) is higher than or equal to, or, if Low-2-Step(j) is specified as "Exclude", strictly higher than, B2(j) and less than or equal to, or, if High-2-Step(j) is specified as "Exclude", strictly less than, H2(j)

AND, if U3 is specified as applicable, Level(U3, d) is higher than or equal to, or, if Low-3-Step(j) is specified as "Exclude", strictly higher than, B3(j) and less than or equal to, or, if High-3-Step(j) is specified as "Exclude", strictly less than, H3(j)
- **B1(j), B2(j), B3(j), H1(j), H2(j)** and **H3(j)** are Strikes that can be specified in the Final Terms, on the understanding that any may be "Not Applicable" (as by default or if so specified), corresponding to upper barriers H1 or H2 or H3 being equal to infinity, and lower barriers B1 or B2 or B3 being equal to negative infinity.
- **Low-1-Step(j), Low-2-Step(j), Low-3-Step(j), Hi-1-Step(j), Hi-2-Step(j),** and **Hi-3-Step(j)** each mean either "Include" or "Exclude" as can be specified in the applicable Final Terms. If either

of these terms is not specified in the applicable Final Terms, it means "Include".

- **Cap(j)** is a percentage or Strike that can be specified in the Final Terms, or, if not so specified, Cap(j) is positive infinity.
- **Floor(j)** is a percentage or Strike that can be specified as such in the Final Terms, or, if not so specified, Floor(j) is negative infinity.
- **Fixed(j)** and **m(j)** mean percentages or Strikes specified in the Final Terms, or, if not so defined, Fixed(j) is equal to 0% and m(j) is equal to 0%.
- **L(j)** means a percentage specified in the Final Terms, or, if not so defined, L(j) is equal to 100%.
- **Percent(j)** = $\text{AccrualNb}(j)/\text{Tot}(j)$
- **Coupon Protection(j)** means a positive percentage specified in the Final Terms or, if not so specified, 100%
- **Coupon Booster(j)** means a positive percentage specified in the Final Terms or, if not so specified, 0%
- **Provision Trigger(j)**, if specified, is a Trigger Set.
- **Rebate(j)** means a percentage or a Strike specified as such in the Final Terms, or, if not so specified, 0%.

**Snowrange Range
Accrual**

The Snowrange Range Accrual is an Interest Provision whereby the Interest depends on the percentage number of Accrual Reference Dates during the period in which, simultaneously, applicable underlyings fall between their respective upper and lower limits, which may vary for each period, and the percentage for one period cannot be higher than for the previous period.

Interest Provision

If Formula as Amount is specified as applicable in the applicable Final Terms, then this provision is deemed to determine directly an Interest Amount being the product of the relevant Calculation Amount and an "Interest Rate" as defined hereunder, without taking into account the Day-Count Fraction.

For each Interest Accrual Period j being a Formula Applicable Period:

if Provision Trigger(j) is specified and Condition(Provision Trigger(j), j) is not TRUE, then the formula below does not apply and the Interest Rate is equal to Rebate(j)

In any other case the Interest Rate is calculated as follows:

$$\min\left(\text{Cap}(j); \max(\text{Coupon Rate}(j) \times \text{Percent}(j) + m(j); \text{Floor}(j))\right)$$

Where:

- **U1, U2** and **U3** are Underlying Sets, specified in the Final Terms.
U1 is always specified as applicable.

U2 is by default "Not Applicable", in which case U3 is also "Not Applicable".

If U2 is specified and applicable, U3 is by default "Not Applicable" unless otherwise specified.

- **Formula as Amount** means, if specified as Applicable in the applicable Final Terms, that this provision is deemed to determine directly an Interest Amount. If Formula as Amount is not specified in the applicable Final Terms then it is deemed to be not applicable

And for each Interest Accrual Period j:

- the **Accrual Reference Dates** in respect of the Interest Accrual Period are specified in the Final Terms.
- **Tot(j)** is the number of Accrual Reference Dates in Interest Accrual Period i.
- **AccrualNb(j)** is the number of Accrual Reference Dates d in Interest Accrual Period j on which:

Level(U1, d) is higher than or equal to, or, if Low-1-Step(j) is specified as "Exclude", strictly higher than, B1(j) and less than or equal to, or, if High-1-Step(j) is specified as "Exclude", strictly less than, H1(j)

AND, if U2 is specified as applicable, Level(U2, d) is higher than or equal to, or, if Low-2-Step(j) is specified as "Exclude", strictly higher than, B2(j) and less than or equal to, or, if High-2-Step(j) is specified as "Exclude", strictly less than, H2(j)

AND, if U3 is specified as applicable, Level(U3, d) is higher than or equal to, or, if Low-3-Step(j) is specified as "Exclude", strictly higher than, B3(j) and less than or equal to, or, if High-3-Step(j) is specified as "Exclude", strictly less than, H3(j)

- **B1(j), B2(j), B3(j), H1(j), H2(j) and H3(j)** are Strikes that can be specified in the Final Terms, on the understanding that any may be "Not Applicable" (as by default or if so specified), corresponding to upper barriers H1 or H2 or H3 being equal to infinity, and lower barriers B1 or B2 or B3 being equal to negative infinity.
- **Low-1-Step(j), Low-2-Step(j), Low-3-Step(j), Hi-1-Step(j), Hi-2-Step(j), and Hi-3-Step(j)** each mean either "Include" or "Exclude" as can be specified in the applicable Final Terms. If either of these terms is not specified in the applicable Final Terms, it means "Include".
- **Cap(j)** is a percentage or Strike that can be specified in the Final Terms, or, if not so specified, Cap(j) is positive infinity.
- **Floor(j)** is a percentage or Strike that can be specified as such in the Final Terms, or, if not so specified, Floor(j) is negative infinity.
- **Percent(j)** is calculated as follows

$$\text{Percent}(1) = \text{AccrualNb}(1)/\text{Tot}(1)$$

For $j > 1$:

$$\text{Percent}(j) = \text{Percent}(j-1) \times \text{AccrualNb}(j)/\text{Tot}(j)$$

- **Coupon Rate(j)** means a percentage or a Strike defined in the Final Terms.
- **m(j)** mean a percentage or a Strike defined in the Final Terms or, if not so specified, m(j) is equal to 0%.
- **Provision Trigger(j)**, if specified, is a Trigger Set.
- **Rebate(j)** means a percentage or a Strike defined in the Final Terms, or, if not so specified, 0%.

Bull Index Coupon

The Bull Index coupon is an Interest Provision whereby the Interest Amount is an increasing function of the underlying, bound by a lower limit "Floor" and an upper limit "Cap".

Interest Provision

If Formula as Amount is specified as applicable in the applicable Final Terms, then this provision is deemed to determine directly an Interest Amount being the product of the relevant Calculation Amount and an "Interest Rate" as defined hereunder, without taking into account the Day-Count Fraction.

For each Interest Accrual Period j being a Formula Applicable Period:

if Provision Trigger(j) is specified and Condition(Provision Trigger(j), j) is not TRUE, then the formula below does not apply and the Interest Rate is equal to Rebate(j)

In any other case the Interest Rate is calculated as follows:

$$\text{Min}(\text{Cap}(j); \text{Max}(\text{Floor}(j);$$

$$\text{Coupon_Base}(j) + (\text{L}(j) \times (\text{Level}(\text{U}, j) - \text{K}(j)) / \text{Q}(j)))$$

Where:

- **U** means an Underlying Set defined in the Final Terms.
- **Formula as Amount** means, if specified as Applicable in the applicable Final Terms, that this provision is deemed to determine directly an Interest Amount. If Formula as Amount is not specified in the applicable Final Terms then it is deemed to be not applicable

And for each Interest Accrual Period j :

- **K(j)** is a Strike specified as such in the Final Terms.
- **Q(j)** is a Strike specified in the Final Terms, or, if not so defined, $Q(j)=K(j)$.
- **Coupon_Base(j)** is a percentage or a Strike specified in the Final Terms, or, if not so defined, is equal to 0%

- **Cap(j)** is a percentage or Strike that can be specified in the Final Terms, or, if not so specified, Cap(j) is positive infinity.
- **Floor(j)** is a percentage or Strike that can be specified as such in the Final Terms, or, if not so specified, Floor(j) is negative infinity.
- **L(j)** is a positive percentage or Strike that can be specified in the Final Terms, or, if not so specified, L(j) is equal to 100%.
- **Provision Trigger(j)**, if specified, is a Trigger Set.
- **Rebate(j)** means a percentage or a Strike specified as such in the Final Terms, or, if not so specified, 0%.

Bear Index Coupon

The Bear Index Coupon is an Interest Provision whereby the Interest Amount is a decreasing function of the underlying, bound by a lower limit "Floor" and an upper limit "Cap".

Interest Provision

If Formula as Amount is specified as applicable in the applicable Final Terms, then this provision is deemed to determine directly an Interest Amount being the product of the relevant Calculation Amount and an "Interest Rate" as defined hereunder, without taking into account the Day-Count Fraction.

For each Interest Accrual Period j being a Formula Applicable Period:

if Provision Trigger(j) is specified and Condition(Provision Trigger(j), j) is not TRUE, then the formula below does not apply and the Interest Rate is equal to Rebate(j)

In any other case the Interest Rate is calculated as follows:

Min(Cap(j); Max(Floor(j);

$$\text{Coupon_Base}(j) + (L(j) \times (K(j) - \text{Level}(U, j)) / Q(j)))$$

Where:

- **U** means an Underlying Set defined in the Final Terms.
- **Formula as Amount** means, if specified as Applicable in the applicable Final Terms, that this provision is deemed to determine directly an Interest Amount. If Formula as Amount is not specified in the applicable Final Terms then it is deemed to be not applicable

And for each Interest Accrual Period j:

- **K(j)** is a Strike specified as such in the Final Terms.
- **Q(j)** is a Strike specified as such in the Final Terms, or, if not so defined, Q(j)=K(j).
- **Coupon_Base(j)** is a percentage or a Strike specified in the Final Terms, or, if not so specified, is equal to 0%
- **Cap(j)** is a percentage or Strike that can be specified in the Final Terms, or, if not so specified, Cap(j) is positive infinity.

- **Floor(j)** is a percentage or Strike that can be specified as such in the Final Terms, or, if not so specified, Floor(j) is negative infinity.
- **L(j)** is a positive percentage or a Strike specified in the Final Terms, or, if not so specified, L(j) is equal to 100%.
- **Provision Trigger(j)**, if specified, is a Trigger Set.
- **Rebate(j)** means a percentage or a Strike specified as such in the Final Terms, or, if not so specified, 0%.

**Index Strangle
Coupon**

The Index Strangle Coupon is an Interest Provision whereby the Interest Amount is an increasing function of the underlying within a given range and a decreasing function in another range, each bound by a lower limit "Floor" and an upper limit "Cap".

Interest Provision

If Formula as Amount is specified as applicable in the applicable Final Terms, then this provision is deemed to determine directly an Interest Amount being the product of the relevant Calculation Amount and an "Interest Rate" as defined hereunder, without taking into account the Day-Count Fraction.

For each Interest Accrual Period j being a Formula Applicable Period:

if Provision Trigger(j) is specified and Condition(Provision Trigger(j), j) is not TRUE, then the formulae below do not apply and the Interest Rate is equal to Rebate(j)

In any other case the Interest Rate is calculated as follows:

If Level(U, j) is higher than or equal to, or, if Up-In-Step(j) is specified as "Exclude", strictly higher than, max(UI(j);DI(j))

$$\min \left(\text{Cap}_{U(j)}; \max \left(\text{Floor}(j); \text{Coupon}_{\text{Base}(j)} + \left(\text{Lu}(j) \times \frac{(\text{Level}(U, j) - \text{Ku}(j))}{\text{Qu}(j)} \right) \right) \right)$$

If Level(U, j) is less than or equal to, or, if Down-In-Step(j) is specified as "Exclude", strictly less than, min(UI(j);DI(j)):

$$\min \left(\text{Cap}_{D(j)}; \max \left(\text{Floor}(j); \text{Coupon}_{\text{Base}(j)} + \left(\text{Ld}(j) \times \frac{(\text{Kd}(j) - \text{Level}(U, j))}{\text{Qd}(j)} \right) \right) \right)$$

m

Otherwise

Coupon_Base(j)

Where:

- **U** means an Underlying Set defined in the Final Terms, with Set Type being FX Rate.
- **Formula as Amount** means, if specified as Applicable in the applicable Final Terms, that this provision is deemed to determine directly an Interest Amount. If Formula as Amount is not specified in the applicable Final Terms then it is deemed to be not applicable

And for each Interest Accrual Period j:

- **K(j)** is a Strike that can be specified as such in the Final Terms.
- **Kd(j)** and **Ku(j)** are Strikes that must be specified in the Final Terms if and only if K(j) is not specified. Whereas, if K(j) is defined and applicable, Kd(j) and Ku(j) must be specified as Not Applicable and both are equal to K(j) for the use of the above formulae.
- **DI(j)** and **UI(j)** are Strikes specified as such in the Final Terms, or, if not so defined, respectively, $DI(j)=Kd(j)$ and $UI(j)=Ku(j)$.
- **Up-In-Step(j)** means either "Include" or "Exclude" as can be specified in the applicable Final Terms. If Up-In-Step(j) is not specified in the applicable Final Terms, it means "Include".
- **Down-In-Step(j)** means either "Include" or "Exclude" as can be specified in the applicable Final Terms. If Down-In-Step(j) is not specified in the applicable Final Terms, it means "Include". Regardless of the above and of any specification in the applicable Final Terms, if DI(j) is greater than or equal to UI(j) then Down-In-Step(j) means the opposite of Up-In-Step(j).
- **Qd(j)** and **Qu(j)** are Strikes specified as such in the Final Terms, or, if not so defined, respectively, $Qd(j)=Kd(j)$ and $Qu(j)=Ku(j)$.
- **Coupon_Base(j)** is a percentage or a Strike specified in the Final Terms, or, if not so defined, is equal to 0%
- **Lu(j) and Ld(j)** are percentages specified in the Final Terms.
- **CapU(j)** is a percentage or Strike that can be specified in the Final Terms, or, if not so specified, CapU(j) is positive infinity.
- **CapD(j)** is a percentage or Strike that can be specified in the Final Terms, or, if not so specified, CapD(j) is positive infinity.
- **Floor(j)** is a percentage or Strike that can be specified as such in the Final Terms, or, if not so specified, Floor(j) is negative infinity.
- **Provision Trigger(j)**, if specified, is a Trigger Set.
- **Rebate(j)** means a percentage or a Strike specified as such in the Final Terms, or, if not so specified, 0%.

**Multi-Ladder
(Wedding Cake)
Coupon**

The Multi-Ladder Coupon (or Wedding Cake Coupon) is an Interest Provision whereby the Interest Rate is determined from a given Reference to which ladders can be added or subtracted, under conditions respectively identified by Trigger Sets.

Interest Provision

If Formula as Amount is specified as applicable in the applicable Final Terms, then this provision is deemed to determine directly an Interest Amount being the product of the relevant Calculation Amount and an "Interest Rate" as defined hereunder, without taking into account the Day-Count Fraction.

For each Interest Accrual Period j being a Formula Applicable Period, the Interest Rate is calculated as follows:

Min(Cap(j);

$$\text{Max}(\text{Reference}(j) + \sum_{k_j=1}^{N_j} [\text{Valid}(k_j) \times \text{Ladder}(k_j)]; \text{Floor}(j))$$

Where:

- **Formula as Amount** means, if specified as Applicable in the applicable Final Terms, that this provision is deemed to determine directly an Interest Amount. If Formula as Amount is not specified in the applicable Final Terms then it is deemed to be not applicable

And, for each Interest Accrual Period j :

- **N_j** is a strictly positive integer specified in the Final Terms
- **Reference(j)** is a percentage or a Strike specified in the Final Terms
- **Cap(j)** is a percentage or Strike that can be specified in the Final Terms, or, if not so specified, Cap(j) is positive infinity.
- **Floor(j)** is a percentage or Strike that can be specified as such in the Final Terms, or, if not so specified, Floor(j) is negative infinity.

And, for $1 \leq k_j \leq N_j$:

- **Trigger(k_j)** is a Trigger Set defined in the Final Terms
- **Ladder(k_j)** is a percentage specified in the Final Terms

If Condition(Trigger(k_j), j) is TRUE then Valid(k_j)=1

Otherwise Valid(k_j)=0

2.3 Calculation Formulae Applicable for Rate Linked Notes

The calculation formulae below can apply to Rate Linked Notes, including Hybrid Structured Notes that, as such, are also Rate Linked Notes.

2.3.1 Rate Linked Notes: Redemption Provisions

The Calculation Formulae set out below are Provisions relating to redemption of the Notes (each a **Redemption Provision**).

In addition to the specified Redemption Provision, the Interest Provision will be specified in the Final Terms from among those that can apply to Rate Linked Notes.

In addition to Redemption Provisions and Interest Provisions, Additional Provisions can be specified in the Final Terms from among those that apply to Rate Linked Notes.

Callable Zero Coupon

The Callable Zero Coupon is a non-interest-bearing product whereby the Issuer has the option to redeem on Optional Redemption Dates prior to the Maturity Date. Upon redemption, optional or at maturity, the remuneration is included in the Redemption Price.

Redemption Provision

In respect of each Optional Redemption Date i:

$$\text{Redemption Price}(i) = (1 + \text{FXR}) ^ D(i)$$

On the Maturity Date, if the Issuer's Option has not been exercised:

$$\text{Redemption Price} = (1 + \text{FXR}) ^ M$$

Where:

- **FXR** means a percentage specified in the Final Terms.
- **M** means a number of years calculated as per the Day Count Fraction specified in the Final Terms with respect to the period from, and including, the Issue Date to, but excluding, the Maturity Date.

And in respect of each Optional Redemption Date i:

- **D(i)** means a number of years calculated as per the Day Count Fraction specified in the Final Terms with respect to the period from, and including, the Issue Date to, but excluding, the Optional Redemption Date i.

Linear Callable Zero Coupon

The Linear Callable Zero Coupon is a non-interest-bearing product whereby the Issuer has the option to redeem on Optional Redemption Dates prior to the Maturity Date. Upon redemption, optional or at maturity, the remuneration is included in the Redemption Price.

Redemption Provision

In respect of each Optional Redemption Date i:

$$\text{Redemption Price}(i) = 100\% + (\text{FXR} \times D(i))$$

On the Maturity Date, if the Issuer's Option has not been exercised:

$$\text{Redemption Price} = 100\% + (\text{FXR} \times M)$$

Where:

- **FXR** means a percentage specified in the Final Terms.
- **M** means a number of years calculated as per the Day Count Fraction specified in the Final Terms with respect to the period from, and including, the Issue Date to, but excluding, the Maturity Date.

And in respect of each Optional Redemption Date i:

- **D(i)** means a number of years calculated as per the Day Count Fraction specified in the Final Terms with respect to the period from, and including, the Issue Date to, but excluding, the Optional Redemption Date i.

Rate Conditional Zero Coupon The Rate Conditional Zero Coupon is a non-interest-bearing product whose Redemption depends on the value of the Underlying at maturity.

Redemption Provision

If Final Level(U) is higher than or equal to, or, if Up-In-Step is specified as "Exclude", strictly higher than, Barrier:

$$\text{Redemption Price} = (1 + \text{FXRup}) ^ D$$

If Final Level(U) is strictly less than, or if Up-In-Step is specified as "Exclude", less than or equal to, Barrier:

$$\text{Redemption Price} = (1 + \text{FXRdown}) ^ D$$

Where:

- **U** means an Underlying Set defined in the Final Terms.
- **Barrier** means a Strike defined in the Final Terms.
- **Up-In-Step(j)** means either "Include" or "Exclude" as can be specified in the applicable Final Terms. If Up-In-Step(j) is not specified in the applicable Final Terms, it means "Include".
- **FXRup** and **FXRdown** mean percentages defined in the Final Terms
- **D** means a number of years calculated as per the Day Count Fraction specified in the Final Terms with respect to the period from, and including, the Issue Date to, but excluding, the Maturity Date.

2.3.2 Rate Linked Notes: Interest Provisions

The Calculation Formulae set out below are the Provisions relating to interest (each an **Interest Provision**).

In addition to these Interest Provisions, the Redemption Provisions will be specified in the Final Terms from among those that can apply to Rate Linked Notes.

In addition to Redemption Provisions and Interest Provisions, Additional Provisions can be specified in the Final Terms from among those that apply to Rate Linked Notes.

Capped Floored Floater (or Capped Floored Steepener) The Capped Floored Floater is an Interest Provision whereby the Interest Rate is a linear, increasing function of the underlying, bound by a lower limit "Floor" and an upper limit "Cap". If the relevant Underlying Set has a Set Type being Rate Spread, this Interest Provision can be referred to as Capped Floored Steepener.

Interest Provision

For each Interest Accrual Period j being a Formula Applicable Period:

if Provision Trigger(j) is specified and Condition(Provision Trigger(j), j) is not TRUE, then the formula below does not apply and the Interest Rate is equal to Rebate(j)

In any other case the Interest Rate is calculated as follows:

$\text{Min}(\text{Cap}(j), \text{Max}((L(j) \times (\text{Level}(U, j) + k(j))) + M(j), \text{Floor}(j)))$

Where:

- **U** means an Underlying Set defined in the Final Terms.
- **Formula as Amount** means, if specified as Applicable in the applicable Final Terms, that this provision is deemed to determine directly an Interest Amount. If Formula as Amount is not specified in the applicable Final Terms then it is deemed to be not applicable

And for each Interest Accrual Period j:

- **Cap(j)** is a percentage or Strike that can be specified in the Final Terms, or, if not so specified, Cap(j) is positive infinity.
- **Floor(j)** is a percentage or Strike that can be specified as such in the Final Terms, or, if not so specified, Floor(j) is negative infinity.
- **k(j)** is a percentage or a Strike specified in the Final Terms, or, if not so specified, k(j) is equal to 0%.
- **L(j)** means a positive percentage specified in the Final Terms, or, if not so defined, L(j)=100%.
- **M(j)** is a percentage or a Strike specified in the Final Terms, or, if not so specified, M(j) is equal to 0%.
- **Provision Trigger(j)**, if specified, is a Trigger Set.
- **Rebate(j)** means a percentage or a Strike specified as such in the Final Terms, or, if not so specified, 0%.

**Cliquet Floor
Capped Floater
(or Cliquet Floor
Capped
Steepener)**

The Cliquet Floor Capped Floater is an Interest Provision whereby the Interest Rate is a linear, increasing function of the underlying, bound by a lower limit "Floor" depending on the previous period's Interest Rate, and an upper limit "Cap". If the relevant Underlying Set has a Set Type being Rate Spread, this Interest Provision can be referred to as Cliquet Floor Capped Steepener.

Interest Provision

If Formula as Amount is specified as applicable in the applicable Final Terms, then this provision is deemed to determine directly an Interest Amount being the product of the relevant Calculation Amount and an "Interest Rate" as defined hereunder, without taking into account the Day-Count Fraction.

For each Interest Accrual Period j being a Formula Applicable Period:

if Provision Trigger(j) is specified and Condition(Provision Trigger(j), j) is not TRUE, then the formula below does not apply and the Interest Rate is equal to Rebate(j)

In any other case the Interest Rate is calculated as follows:

$$\text{Min}(\text{Cap}(j), \text{Max}((L(j) \times (\text{Level}(U, j) + k(j))) + M(j), \text{Floor}(j)))$$

Where:

- **U** means an Underlying Set defined in the Final Terms.
- **Initial Floor** is a percentage or a Strike specified in the Final Terms, or, if not so specified, Initial Floor is negative infinity
- **Formula as Amount** means, if specified as Applicable in the applicable Final Terms, that this provision is deemed to determine directly an Interest Amount. If Formula as Amount is not specified in the applicable Final Terms then it is deemed to be not applicable

And for each Interest Accrual Period j:

- **Cap(j)** is a percentage or Strike that can be specified in the Final Terms, or, if not so specified, Cap(j) is positive infinity.

- **Floor(j)** is a percentage determined as follows:

If j is the first Formula Applicable Period:

$$\text{Floor}(j) = \text{Initial Floor}$$

For all subsequent Formula Applicable Periods:

$$\text{Floor}(j) = \text{Interest Rate } (j-1)$$

- **k(j)** is a percentage or a Strike specified in the Final Terms, or, if not so specified, k(j) is equal to 0%.
- **L(j)** means a positive percentage specified in the Final Terms, or, if not so specified, L(j)=100%.
- **M(j)** is a percentage or a Strike specified in the Final Terms, or, if not so specified, M(j) is equal to 0%.
- **Provision Trigger(j)**, if specified, is a Trigger Set.
- **Rebate(j)** means a percentage or a Strike specified as such in the Final Terms, or, if not so specified, 0%.

**Cliquet Cap
Floored Floater
(or Cliquet Cap
Floored
Steepener)**

The Cliquet Cap Floored Floater is an Interest Provision whereby the Interest Rate is a linear, increasing function of the underlying, bound by a lower limit "Floor" and an upper limit "Cap" depending on the previous period's Interest Rate. If the relevant Underlying Set has a Set Type being Rate Spread, this Interest Provision can be referred to as Cliquet Cap Floored Steepener.

Interest Provision

If Formula as Amount is specified as applicable in the applicable Final Terms, then this provision is deemed to determine directly an Interest Amount being the product of the relevant Calculation Amount and an "Interest Rate" as defined hereunder, without taking into account the Day-Count Fraction.

For each Interest Accrual Period j being a Formula Applicable Period:

if Provision Trigger(j) is specified and Condition(Provision Trigger(j), j) is not TRUE, then the formula below does not apply and the Interest Rate is equal to Rebate(j)

In any other case the Interest Rate is calculated as follows:

$\text{Min}(\text{Cap}(j), \text{Max}((L(j) \times (\text{Level}(U, j) + k(j))) + M(j), \text{Floor}(j)))$

Where:

- **U** means an Underlying Set defined in the Final Terms.
- **Initial Cap** is a percentage or a Strike specified in the Final Terms
- **Formula as Amount** means, if specified as Applicable in the applicable Final Terms, that this provision is deemed to determine directly an Interest Amount. If Formula as Amount is not specified in the applicable Final Terms then it is deemed to be not applicable

And for each Interest Accrual Period j:

- **Floor(j)** is a percentage or Strike that can be specified as such in the Final Terms, or, if not so specified, Floor(j) is negative infinity.

- **Cap(j)** is a percentage determined as follows:

If j is the first Formula Applicable Period:

$\text{Cap}(j) = \text{Initial Cap}$

For all subsequent Formula Applicable Periods:

$\text{Cap}(j) = \text{Interest Rate}(j-1)$

- **k(j)** is a percentage or a Strike specified in the Final Terms, or, if not so specified, k(j) is equal to 0%.
- **L(j)** means a positive percentage specified in the Final Terms, or, if not so specified, L(j)=100%.
- **M(j)** is a percentage or a Strike specified in the Final Terms, or, if not so specified, M(j) is equal to 0%.
- **Provision Trigger(j)**, if specified, is a Trigger Set.
- **Rebate(j)** means a percentage or a Strike specified as such in the Final Terms, or, if not so specified, 0%.

**Reverse Floater
(or Reverse
Steeper)**

The Reverse Floater is an Interest Provision whereby the Interest Rate is a linear, decreasing function of the underlying, bound by a lower limit "Floor" and an upper limit "Cap". If the relevant Underlying Set has a Set Type being Rate Spread, this Interest Provision can be referred to as Reverse Steeper.

Interest Provision

If Formula as Amount is specified as applicable in the applicable Final Terms, then this provision is deemed to determine directly an Interest Amount being the product of the relevant Calculation Amount and an "Interest Rate" as defined hereunder, without taking into account the Day-Count Fraction.

For each Interest Accrual Period j being a Formula Applicable Period:

if Provision Trigger(j) is specified and Condition(Provision Trigger(j), j) is not TRUE, then the formula below does not apply and the Interest Rate is equal to Rebate(j)

In any other case the Interest Rate is calculated as follows:

$\text{Min}(\text{Cap}(j), \text{Max}(\text{K}(j) - (\text{L}(j) \times (\text{Level}(\text{U}, j) + \text{m}(j))), \text{Floor}(j)))$

Where

- **U** means an Underlying Set defined in the Final Terms.
- **Formula as Amount** means, if specified as Applicable in the applicable Final Terms, that this provision is deemed to determine directly an Interest Amount. If Formula as Amount is not specified in the applicable Final Terms then it is deemed to be not applicable

And for each Interest Accrual Period j :

- **K(j)** is a percentage or a Strike specified in the Final Terms.
- **Cap(j)** is a percentage or Strike that can be specified in the Final Terms, or, if not so specified, Cap(j) is positive infinity.
- **Floor(j)** is a percentage or Strike that can be specified as such in the Final Terms, or, if not so specified, Floor(j) is negative infinity.
- **m(j)** is a percentage or a Strike specified in the Final Terms, or, if not so specified, $m(j)$ is equal to 0%.
- **L(j)** means a positive percentage specified in the Final Terms, or, if not so defined, $L(j)=100\%$.
- **Provision Trigger(j)**, if specified, is a Trigger Set.
- **Rebate(j)** means a percentage or a Strike specified in the Final Terms, or, if not so specified, 0%.

Cumulative Reverse Floater (or Cumulative Reverse Steepener)

The Cumulative Reverse Floater initially pays fixed rate interest, then an Interest Rate, bound between an upper limit "Cap" and a lower limit "Floor", that is a decreasing function of the underlying and depends on the Interest Rate of the preceding period. If the relevant Underlying Set has a Set Type being Rate Spread, this Interest Provision can be referred to as Cumulative Reverse Steepener.

Interest Provision

If Formula as Amount is specified as applicable in the applicable Final Terms, then this provision is deemed to determine directly an Interest Amount being the product of the relevant Calculation Amount and an "Interest Rate" as defined hereunder, without taking into account the Day-Count Fraction.

For each Interest Accrual Period j being a Formula Applicable Period:

if Provision Trigger(j) is specified and Condition(Provision Trigger(j), j) is not TRUE, then the formulae below don't apply and the Interest Rate is equal to Rebate(j)

In any other case the Interest Rate is calculated as follows:

If j is the first Formula Applicable Period, then

Interest Rate(j) = FXR

For the subsequent Formula Applicable Periods:

Interest Rate(j) =

$$\min \left(\text{Cap}(j); \max \left(\text{Interest Rate}(j - 1) + M(j) - \left(L(j) \times (\text{Level}(U, j) + k(j)) \right); \text{Floor}(j) \right) \right)$$

Where:

- **U** means an Underlying Set defined in the Final Terms.
- **FXR** means a percentage specified in the Final Terms
- **Formula as Amount** means, if specified as Applicable in the applicable Final Terms, that this provision is deemed to determine directly an Interest Amount. If Formula as Amount is not specified in the applicable Final Terms then it is deemed to be not applicable

And for each Interest Accrual Period j:

- **Cap(j)** is a percentage or Strike that can be specified in the Final Terms, or, if not so specified, Cap(j) is positive infinity.
- **Floor(j)** is a percentage or Strike that can be specified as such in the Final Terms, or, if not so specified, Floor(j) is negative infinity.
- **M(j)** is a percentage or a Strike specified in the Final Terms, or, if not so specified, M(j) is equal to 0%.
- **k(j)** is a percentage or a Strike specified in the Final Terms, or, if not so specified, k(j) is equal to 0%.
- **L(j)** means a positive percentage specified in the Final Terms, or, if not so defined, L(j)=100%.
- **Provision Trigger(j)**, if specified, is a Trigger Set.
- **Rebate(j)** means a percentage or a Strike specified in the Final Terms, or, if not so specified, 0%.

Vol Bond

The Vol Bond is an Interest Provision whereby the Interest Rate is an increasing function of the variance of the underlying, measured as the absolute variation between the beginning and the end of the relevant period, bound by an upper limit "Cap" and a lower limit "Floor".

Interest Provision

If Formula as Amount is specified as applicable in the applicable Final Terms, then this provision is deemed to determine directly an Interest Amount being the product of the relevant Calculation Amount and an "Interest Rate" as defined hereunder, without taking into account the Day-Count Fraction.

For each Interest Accrual Period j being a Formula Applicable Period:

if Provision Trigger(j) is specified and Condition(Provision Trigger(j), j) is not TRUE, then the formula below do not apply and the Interest Rate is equal to Rebate(j)

In any other case the Interest Rate is calculated as follows:

$$\min \left(\text{Cap}(j); \max \left(L(j) \right. \right. \\ \left. \left. \times \text{Abs} \left(\text{Level}(U, \text{End}(j)) - \text{Level}(U, \text{Start}(j)) \right); \text{Floor}(j) \right) \right)$$

Where:

- **U** means an Underlying Set defined in the Final Terms
- **Formula as Amount** means, if specified as Applicable in the applicable Final Terms, that this provision is deemed to determine directly an Interest Amount. If Formula as Amount is not specified in the applicable Final Terms then it is deemed to be not applicable

And for each Interest Accrual Period j :

- **Cap(j)** is a percentage or Strike that can be specified in the Final Terms, or, if not so specified, Cap(j) is positive infinity.
- **Floor(j)** is a percentage or Strike that can be specified as such in the Final Terms, or, if not so specified, Floor(j) is negative infinity.
- **L(j)** means a percentage specified in the Final Terms, or, if not so specified, L(j)=100%.
- **Start(j)** and **End(j)** are Reference Dates, specified in the Final Terms
- **Provision Trigger(j)**, if specified, is a Trigger Set.
- **Rebate(j)** means a percentage or a Strike specified in the Final Terms, or, if not so specified, 0%.

Super Vol Bond

The Super Vol Bond is an Interest Provision whereby the Interest Rate is an increasing function of the variance of the underlying, measured as the difference between the highest and the lowest value reached during the relevant period, bound by an upper limit "Cap" and a lower limit "Floor".

Interest Provision

If Formula as Amount is specified as applicable in the applicable Final Terms, then this provision is deemed to determine directly an Interest Amount being the product of the relevant Calculation Amount and an "Interest Rate" as defined hereunder, without taking into account the Day-Count Fraction.

For each Interest Accrual Period j being a Formula Applicable Period:

if Provision Trigger(j) is specified and Condition(Provision Trigger(j), j) is not TRUE, then the formula below does not apply and the Interest Rate is equal to Rebate(j)

In any other case the Interest Rate is calculated as follows:

$$\min\left(\text{Cap}(j); \max\left(L(j) \times (\text{Greatest}(j) - \text{Smallest}(j)); \text{Floor}(j)\right)\right)$$

Where:

- **U** means an Underlying Set defined in the Final Terms
- **Formula as Amount** means, if specified as Applicable in the applicable Final Terms, that this provision is deemed to determine directly an Interest Amount. If Formula as Amount is not specified in the applicable Final Terms then it is deemed to be not applicable

And for each Interest Accrual Period j:

- **Cap(j)** is a percentage or Strike that can be specified in the Final Terms, or, if not so specified, Cap(j) is positive infinity.
- **Floor(j)** is a percentage or Strike that can be specified as such in the Final Terms, or, if not so specified, Floor(j) is negative infinity.
- **Greatest(j)** is the Strike defined as follows:
Reference Value=0
Striking Type = Straight
Underlying Set = U
Observation Type = Lookback Max
Striking Dates = Lookback Reference Dates
- **Smallest(j)** is the Strike defined as follows:
Reference Value=0
Striking Type = Straight
Underlying Set = U
Observation Type = Lookback Min
Striking Dates = Lookback Reference Dates
- **L(j)** means a percentage specified in the Final Terms, or, if not so defined, L(j)=100%.
- The **Lookback Reference Dates** are Reference Dates, specified in the Final Terms
- **Provision Trigger(j)**, if specified, is a Trigger Set.
- **Rebate(j)** means a percentage specified as such in the Final Terms, or, if not so specified, 0%.

2.3.3 Rate Linked Notes: Additional Provisions

The Calculation Formulae set out below are Additional Provisions, the application of which can prevail over specified Interest Provisions and Redemption Provisions for the calculation and payment of the Interest Amount and the Redemption Amount.

Decapitalised Quarterly Base The applicable Final Terms specify if Decapitalised Quarterly Base is Applicable or Not Applicable.

If the Decapitalised Quarterly Base is Applicable, then for each Interest Accrual Period, the Interest Amount is obtained by multiplying the Specified Denomination by the following:

$$((1 + \text{Interest Rate})^{1/4}) - 1$$

2.4 Calculation Formulae Applicable for Currency Linked Notes

The calculation formulae below can apply to Currency Linked Notes, including Hybrid Structured Notes that, as such, are also Currency Linked Notes.

2.4.1 Currency Linked Notes: Redemption Provisions

The Calculation Formulae set out below are Provisions relating to redemption of the Notes (each a **Redemption Provision**).

In addition to the specified Redemption Provision, the Interest Provision is specified in the Final Terms from among those that can apply to Currency Linked Notes.

In addition to Redemption Provisions and Interest Provisions, Additional Provisions can be specified in the Final Terms among those that apply to Currency Linked Notes.

FX Basket Bull Power FX Basket Bull Power is a Redemption Provision whereby the Redemption Price is an increasing function of the average price of a basket of currencies, respectively in a lower range and in an upper range of the basket performance.

Redemption Provision

If the Provision Trigger is specified and Condition Final(Provision Trigger) is not TRUE, then the formulae below do not apply and the Redemption Price is equal to the Redemption Rebate.

In any other case:

If FX Basket Final Performance(U,K) is higher than or equal to, or, if Up-In-Step is specified as "Exclude", strictly higher than, Max(UI,DI) and strictly less than, or if Up-Out-Step is specified as "Include", less than or equal to UO:

Redemption Price =

$$\min(\text{Cap}; \max(\text{Reference}_U + \text{Gearing}_U \times (\text{FX Basket Final Performance}(U, Ku) - Pu); \text{Floor}))$$

If FX Basket Final Performance(U,K) is less than or equal to, or, if Down-In-Step is specified as "Exclude", strictly less than, Min(DI,UI) and strictly higher than, or if Down-Out-Step is specified as "Include", higher than or equal to, DO:

Redemption Price =

$$\min(\text{Cap}; \max(\text{Reference_D} + \text{Gearing_D} \times (\text{FX Basket Final Performance}(\text{U}, \text{Kd}) - \text{Pd}); \text{Floor}))$$

Otherwise:

Redemption Price = Reference0

Where:

- **U** means an Underlying Set defined in the Final Terms with Set Type FX Basket
- **K** is an FX Basket Strike Set in respect of U that can be defined in the Final Terms or be stated as Not Applicable.
- **Ku** and **Kd** are FX Basket Strike Set in respect of U that must be defined in the Final Terms if and only if K is Not Applicable. Whereas, if K is defined and applicable, Ku and Kd must be specified as Not Applicable and both are deemed to be equal to K for the use of the above formulae.
- **P** is a percentage or a Strike that can be specified in the Final Terms or be stated as Not Applicable
- **Pu** and **Pd** are percentages that must be defined in the Final Terms if and only if P is Not Applicable. Whereas, if P is defined and applicable, Pu and Pd must be specified as Not Applicable and both are deemed to be equal to P for the use of the above formulae.
- **DI** and **DO** are percentages defined in the Final Terms, or, if not so defined, DI is deemed to be equal to Pd and/or DO is negative infinity.
- **UI** and **UO** are percentages defined in the Final Terms, or, if not so defined, UI is deemed to be equal to Pu and/or UO is positive infinity.
- **Up-In-Step** means either "Include" or "Exclude" as can be specified in the applicable Final Terms. If Up-In-Step is not specified in the applicable Final Terms, it means "Include".
- **Up-Out-Step** means either "Include" or "Exclude" as can be specified in the applicable Final Terms. If Up-Out-Step is not specified in the applicable Final Terms, it means "Exclude".
- **Down-In-Step** means either "Include" or "Exclude" as can be specified in the applicable Final Terms. If Down-In-Step is not specified in the applicable Final Terms, it means "Include". Regardless of the above and of any specification in the applicable Final Terms, if DI is greater than or equal to UI then Down-In-Step means the opposite of Up-In-Step.

- **Down-Out-Step** means either "Include" or "Exclude" as can be specified in the applicable Final Terms. If Down-Out-Step is not specified in the applicable Final Terms, it means "Exclude".
- **Reference_U** and **Reference_D** are percentages or Strikes specified in the Final Terms, or, if not so specified, are equal to Reference0.
- **Reference0** is a percentage or a Strike specified in the Final Terms, or, if not so specified, is equal to 100%.
- **Gearing_U** and **Gearing_D** are percentages specified in the Final Terms, or, if not so specified, are equal to 100%.
- **Cap** and **Floor** are positive percentages or Strikes specified in the Final Terms, or, if not so specified, Cap is positive infinity and Floor is equal to 0%.
- **Provision Trigger**, if specified, is a Trigger Set.
- **Redemption Rebate** means a positive percentage or a Strike specified as such in the Final Terms, or, if not so specified, 100%.

FX Basket Bear Power

FX Basket Bear Power is a Redemption Provision whereby the Redemption Price is a decreasing function of the average price of a basket of currencies, respectively in an upper range and in a lower range of the basket performance.

Redemption Provision

If the Provision Trigger is specified and Condition Final(Provision Trigger) is not TRUE, then the formulae below do not apply and the Redemption Price is equal to the Redemption Rebate.

In any other case:

If FX Basket Final Performance(U,K) is less than or equal to, or, if Down-In-Step is specified as "Exclude", strictly less than, Min(DI,UI) and strictly higher than, or if Down-Out-Step is specified as "Include", higher than or equal to, DO:

Redemption Price =

$$\min(\text{Cap}; \max(\text{Reference}_D + \text{Gearing}_D \times (\text{Pd} - \text{FX Basket Final Performance}(U, \text{Kd})); \text{Floor}))$$

If FX Basket Final Performance(U,K) is higher than or equal to, or, if Up-In-Step is specified as "Exclude", strictly higher than, Max(UI,DI) and strictly less than, or if Up-Out-Step is specified as "Include", less than or equal to, UO:

Redemption Price =

$$\min(\text{Cap}; \max(\text{Reference}_U + \text{Gearing}_U \times (\text{Pu} - \text{FX Basket Final Performance}(U, \text{Ku})); \text{Floor}))$$

Otherwise:

$$\text{Redemption Price} = \text{Reference0}$$

Where:

- **U** means an Underlying Set defined in the Final Terms with Set Type FX Basket
- **K** is an FX Basket Strike Set in respect of U that can be defined in the Final Terms or be stated as Not Applicable.
- **Ku** and **Kd** are FX Basket Strike Set in respect of U that must be defined in the Final Terms if and only if K is Not Applicable. Whereas, if K is defined and applicable, Ku and Kd must be specified as Not Applicable and both are deemed to be equal to K for the use of the above formulae.
- **P** is a percentage or a Strike that can be specified in the Final Terms or be stated as Not Applicable
- **Pu** and **Pd** are percentages that must be defined in the Final Terms if and only if P is Not Applicable. Whereas, if P is defined and applicable, Pu and Pd must be specified as Not Applicable and both are deemed to be equal to P for the use of the above formulae.
- **DI** and **DO** are percentages defined in the Final Terms, or, if not so defined, DI is deemed to be equal to Pd and/or DO is negative infinity.
- **UI** and **UO** are percentages defined in the Final Terms, or, if not so defined, UI is deemed to be equal to Pu and/or UO is positive infinity.
- **Down-In-Step** means either "Include" or "Exclude" as can be specified in the applicable Final Terms. If Down-In-Step is not specified in the applicable Final Terms, it means "Include".
- **Down-Out-Step** means either "Include" or "Exclude" as can be specified in the applicable Final Terms. If Down-Out-Step is not specified in the applicable Final Terms, it means "Exclude".
- **Up-In-Step** means either "Include" or "Exclude" as can be specified in the applicable Final Terms. If Up-In-Step is not specified in the applicable Final Terms, it means "Include". Regardless of the above and of any specification in the applicable Final Terms, if UI is less than or equal to DI then Up-In-Step means the opposite as Down-In-Step.
- **Up-Out-Step** means either "Include" or "Exclude" as can be specified in the applicable Final Terms. If Up-Out-Step is not specified in the applicable Final Terms, it means "Exclude".
- **Reference_U** and **Reference_D** are percentages or Strikes specified in the Final Terms, or, if not so specified, are equal to Reference0.
- **Reference0** is a percentage or a Strike specified in the Final Terms, or, if not so specified, is equal to 100%.

- **Gearing_U** and **Gearing_D** are positive percentages specified in the Final Terms, or, if not so specified, are equal to 100%.
- **Cap** and **Floor** are positive percentages or Strikes specified in the Final Terms, or, if not so specified, Cap is positive infinity and Floor is equal to 0%.
- **Provision Trigger**, if specified, is a Trigger Set.
- **Redemption Rebate** means a positive percentage or a Strike specified as such in the Final Terms, or, if not so specified, 100%.

FX Basket Power Strangle

FX Basket Power Strangle is a Redemption Provision whereby the Redemption Price is a decreasing function of the average price of a basket of currencies for a given range of final average basket price, and a decreasing function for another range.

Redemption Provision

If the Provision Trigger is specified and Condition Final(Provision Trigger) is not TRUE, then the formulae below do not apply and the Redemption Price is equal to the Redemption Rebate.

In any other case:

If FX Basket Final Performance(U,K) is less than or equal to, or, if Down-In-Step is specified as "Exclude", strictly less than, Min(DI,UI) and strictly higher than, or if Down-Out-Step is specified as "Include", higher than or equal to, DO:

Redemption Price =

$$\min\left(\text{Cap}_D; \max\left(\text{Reference}_D + \text{Gearing}_D \times (\text{Pd} - \text{FX Basket Final Performance}(U, \text{Kd})); \text{Floor}_D\right)\right)$$

If FX Basket Final Performance(U,K) is higher than or equal to, or, if Up-In-Step is specified as "Exclude", strictly higher than, Max(UI,DI) and strictly less than, or if Up-Out-Step is specified as "Include", less than or equal to, UO:

Redemption Price =

$$\min\left(\text{Cap}_U; \max\left(\text{Reference}_U + \text{Gearing}_U \times (\text{FX Basket Final Performance}(U, \text{Ku}) - \text{Pu}); \text{Floor}_U\right)\right)$$

Otherwise:

Redemption Price = Reference0

Where:

- **U** means an Underlying Set defined in the Final Terms with Set Type FX Basket
- **K** is an FX Basket Strike Set in respect of U that can be specified in the Final Terms or be stated as Not Applicable.

- **Ku** and **Kd** are FX Basket Strike Set in respect of U that must be defined in the Final Terms if and only if K is Not Applicable. Whereas, if K is defined and applicable, Ku and Kd must be specified as Not Applicable and both are deemed to be equal to K for the use of the above formulae.
- **P** is a percentage or a Strike that can be specified in the Final Terms or be stated as Not Applicable
- **Pu** and **Pd** are percentages that must be defined in the Final Terms if and only if P is Not Applicable. Whereas, if P is defined and applicable, Pu and Pd must be specified as Not Applicable and both are deemed to be equal to P for the use of the above formulae.
- **DI** and **DO** are percentages defined in the Final Terms, or, if not so defined, DI is deemed to be equal to Pd and/or DO is negative infinity
- **UI** and **UO** are percentages defined in the Final Terms, or, if not so defined, UI is deemed to be equal to Pu and/or UO is positive infinity
- **Up-In-Step** means either "Include" or "Exclude" as can be specified in the applicable Final Terms. If Up-In-Step is not specified in the applicable Final Terms, it means "Include".
- **Up-Out-Step** means either "Include" or "Exclude" as can be specified in the applicable Final Terms. If Up-Out-Step is not specified in the applicable Final Terms, it means "Exclude".
- **Down-In-Step** means either "Include" or "Exclude" as can be specified in the applicable Final Terms. If Down-In-Step is not specified in the applicable Final Terms, it means "Include". Regardless of the above and of any specification in the applicable Final Terms, if DI is greater than or equal to UI then Down-In-Step means the opposite of Up-In-Step.
- **Down-Out-Step** means either "Include" or "Exclude" as can be specified in the applicable Final Terms. If Down-Out-Step is not specified in the applicable Final Terms, it means "Exclude".
- **Reference_U** and **Reference_D** are percentages or Strikes specified in the Final Terms, or, if not so specified, are equal to Reference0.
- **Reference0** is a percentage or a Strike specified in the Final Terms, or, if not so specified, is equal to 100%.
- **Gearing_U** and **Gearing_D** are positive percentages specified in the Final Terms, or, if not so specified, are equal to 100%.
- **Cap_U**, **Floor_U**, **Cap_D** and **Floor_D** are positive percentages or Strikes specified in the Final Terms, or, if not so specified, Cap_U is positive infinity, Floor_U is equal to 0%, Cap_D is positive infinity and Floor_D is equal to 0%.

- **Provision Trigger**, if specified, is a Trigger Set.
- **Redemption Rebate** means a positive percentage or a Strike specified as such in the Final Terms, or, if not so specified, 100%.

FX Basket Digital Redemption

The FX Basket Digital Redemption is a Redemption Provision whereby the Redemption Price depends on whether the average price of a basket of currencies is above or below a given level.

Redemption Provision

If the Provision Trigger is specified and Condition Final(Provision Trigger) is not TRUE, then the formulae below do not apply and the Redemption Price is equal to the Redemption Rebate.

In any other case:

If FX Basket Final Performance(U,K) is higher than or equal to, or, if Up-In-Step is specified as "Exclude", strictly higher than, Barrier:

Redemption Price = Redemption Up

If FX Basket Final Performance(U,K) is strictly less than, or if Up-In-Step is specified as "Exclude", less than or equal to, Barrier:

Redemption Price = Redemption Down

Where:

- **U** means an Underlying Set defined in the Final Terms with Set Type FX Basket
- **K** is an FX Basket Strike Set specified in the Final Terms in respect of U.
- **Redemption Up** and **Redemption Down** mean positive percentages or Strikes specified in the Final Terms.
- **Barrier** means a percentage or a Strike defined in the Final Terms.
- **Up-In-Step** means either "Include" or "Exclude" as can be specified in the applicable Final Terms. If Up-In-Step is not specified in the applicable Final Terms, it means "Include".
- **Provision Trigger**, if specified, is a Trigger Set.
- **Redemption Rebate** means a positive percentage or a Strike specified in the Final Terms, or, if not so specified, 100%.

2.4.2 Currency Linked Notes: Interest Provisions

The Calculation Formulae set out below are the Provisions relating to interest (each an **Interest Provision**).

In addition to these Interest Provisions, the Redemption Provisions are specified in the Final Terms, from among those that can apply to Currency Linked Notes.

In addition to Redemption Provisions and Interest Provisions, Additional Provisions can be specified in the Final Terms among those that apply to Currency Linked Notes.

**FX Basket Bull
Coupon**

FX Basket Bull Coupon is an Interest Provision whereby the Interest Amount is an increasing function of the average price of a basket of currencies.

Interest Provision

If Formula as Amount is specified as applicable in the applicable Final Terms, then this provision is deemed to determine directly an Interest Amount being the product of the relevant Calculation Amount and an "Interest Rate" as defined hereunder, without taking into account the Day-Count Fraction.

For each Interest Accrual Period j being a Formula Applicable Period:

if Provision Trigger(j) is specified and Condition(Provision Trigger(j), j) is not TRUE, then the formula below does not apply and the Interest Rate is equal to Rebate(j)

In any other case the Interest Amount is calculated as follows:

$$\begin{aligned} & \text{Specified Denomination} \times \\ & \min(\text{Cap}(j); \max(\text{Coupon_Base}(j) \\ & + \text{Gearing}(j) \times (\text{FX Basket Performance}(U, K(j), j) - P(j)); \text{Floor}(j))) \end{aligned}$$

Where:

- **U** means an Underlying Set defined in the Final Terms with Set Type FX Basket
- **Formula as Amount** means, if specified as Applicable in the applicable Final Terms, that this provision is deemed to determine directly an Interest Amount. If Formula as Amount is not specified in the applicable Final Terms then it is deemed to be not applicable

And for each Interest Accrual Period j :

- **K(j)** is an FX Basket Strike Set in respect of U.
- **P(j)** is a percentage specified in the Final Terms, or, if not so specified, is equal to 100%
- **Coupon_Base(j)** is a percentage or a Strike specified in the Final Terms, or, if not so specified, is equal to 0%
- **Gearing(j)** is a positive percentage specified in the Final Terms, or, if not so specified, is equal to 100%
- **Cap(j)** is a percentage or Strike that can be specified in the Final Terms, or, if not so specified, Cap(j) is positive infinity.
- **Floor(j)** is a percentage or Strike that can be specified as such in the Final Terms, or, if not so specified, Floor(j) is negative infinity.
- **Provision Trigger(j)**, if specified, is a Trigger Set.
- **Rebate(j)** means a percentage or a Strike specified as such in the Final Terms, or, if not so specified, 0%.

**FX Basket Bear
Coupon**

FX Basket Bear Coupon is an Interest Provision whereby the Interest Amount is a decreasing function of the average price of a basket of currencies.

Interest Provision

If Formula as Amount is specified as applicable in the applicable Final Terms, then this provision is deemed to determine directly an Interest Amount being the product of the relevant Calculation Amount and an "Interest Rate" as defined hereunder, without taking into account the Day-Count Fraction.

For each Interest Accrual Period j being a Formula Applicable Period:

if Provision Trigger(j) is specified and Condition(Provision Trigger(j), j) is not TRUE, then the formula below does not apply and the Interest Rate is equal to Rebate(j)

In any other case the Interest Rate is calculated as follows:

$$\begin{aligned} & \text{Specified Denomination} \times \\ & \min(\text{Cap}(j); \max(\text{Coupon_Base}(j) \\ & + \text{Gearing}(j) \times (P(j) - \text{FX Basket Performance}(U, K(j), j)); \text{Floor})) \end{aligned}$$

Where:

- **U** means an Underlying Set defined in the Final Terms with Set Type FX Basket
- **Formula as Amount** means, if specified as Applicable in the applicable Final Terms, that this provision is deemed to determine directly an Interest Amount. If Formula as Amount is not specified in the applicable Final Terms then it is deemed to be not applicable

And for each Interest Accrual Period j :

- **K(j)** is an FX Basket Strike Set in respect of U.
- **P(j)** is a percentage specified in the Final Terms, or, if not so specified, is equal to 100%
- **Coupon_Base(j)** is a percentage or a Strike specified in the Final Terms, or, if not so specified, is equal to 0%
- **Gearing(j)** is a positive percentage specified in the Final Terms, or, if not so specified, is equal to 100%
- **Cap(j)** is a percentage or Strike that can be specified in the Final Terms, or, if not so specified, Cap(j) is positive infinity.
- **Floor(j)** is a percentage or Strike that can be specified as such in the Final Terms, or, if not so specified, Floor(j) is negative infinity.
- **Provision Trigger(j)**, if specified, is a Trigger Set.
- **Rebate(j)** means a percentage or a Strike specified in the Final Terms, or, if not so specified, 0%.

FX Basket Strangle Coupon

FX Basket Strangle Coupon is an Interest Provision whereby the Interest Amount is a decreasing function of the average price of a basket of currencies for a given range of average basket price, and a decreasing function for another range.

Interest Provision

If Formula as Amount is specified as applicable in the applicable Final Terms, then this provision is deemed to determine directly an Interest Amount being the product of the relevant Calculation Amount and an "Interest Rate" as defined hereunder, without taking into account the Day-Count Fraction.

For each Interest Accrual Period j being a Formula Applicable Period:

if Provision Trigger(j) is specified and Condition(Provision Trigger(j), j) is not TRUE, then the formula below does not apply and the Interest Rate is equal to Rebate(j)

In any other case the Interest Rate is calculated as follows:

If FX Basket Final Performance($U, K(j)$) is higher than or equal to, or, if Up-In-Step(j) is specified as "Exclude", strictly higher than, $\max(UI(j); DI(j))$:

$$\begin{aligned} & \text{Specified Denomination} \times \\ & \min \left(\text{Cap}_U(j); \max(\text{Coupon_Base}(j) \right. \\ & \left. + \text{Gearing}_U(j) \right. \\ & \left. \times (\text{FX Basket Performance}(U, K_u(j), j) - P_u(j)); \text{Floor}(j)) \right) \end{aligned}$$

If FX Basket Final Performance($U, K(j)$) is less than or equal to, or, if Down-In-Step(j) is specified as "Exclude", strictly less than, $\text{Min}(DI(j), UI(j))$:

$$\begin{aligned} & \text{Specified Denomination} \times \\ & \min \left(\text{Cap}_D(j); \max(\text{Coupon_Base}(j) \right. \\ & \left. + \text{Gearing}_D(j) \right. \\ & \left. \times (P_d(j) - \text{FX Basket Performance}(U, K_d(j), j)); \text{Floor}(j)) \right) \end{aligned}$$

Otherwise:

$$\text{Specified Denomination} \times \text{Coupon_Base}(j)$$

Where:

- **U** means an Underlying Set defined in the Final Terms with Set Type FX Basket
- **Formula as Amount** means, if specified as Applicable in the applicable Final Terms, that this provision is deemed to determine directly an Interest Amount. If Formula as Amount is not specified in the applicable Final Terms then it is deemed to be not applicable

And for each Interest Accrual Period j :

- **K(j)** is an FX Basket Strike Set in respect of U that can be defined in the Final Terms or be stated as Not Applicable.
- **K_u(j)** and **K_d(j)** are FX Basket Strike Set in respect of U that must be defined in the Final Terms if and only if $K(j)$ is Not Applicable. Whereas, if $K(j)$ is defined and applicable, $K_u(j)$ and $K_d(j)$ must be specified as Not Applicable and both are equal to $K(j)$ for the use of the above formulae.

- **P(j)** is a percentage or a Strike that can be specified in the Final Terms or be stated as Not Applicable
- **Pu(j)** and **Pd(j)** are percentages that must be defined in the Final Terms if and only if P(j) is Not Applicable. Whereas, if P(j) is defined and applicable, Pu(j) and Pd(j) must be specified as Not Applicable and both are equal to P(j) for the use of the above formulae.
- **DI(j)** and **UI(j)** are percentages defined in the Final Terms, or, if not so defined, DI(j) is equal to Pd(j) and/or UI(j) is equal to Pu(j).
- **Up-In-Step(j)** means either "Include" or "Exclude" as can be specified in the applicable Final Terms. If Up-In-Step(j) is not specified in the applicable Final Terms, it means "Include".
- **Down-In-Step(j)** means either "Include" or "Exclude" as can be specified in the applicable Final Terms. If Down-In-Step(j) is not specified in the applicable Final Terms, it means "Include". Regardless of the above and of any specification in the applicable Final Terms, if DI is greater than or equal to UI then Down-In-Step(j) means the opposite of Up-In-Step(j).
- **Coupon_Base(j)** is a percentage or a Strike specified in the Final Terms, or, if not so specified, is equal to 0%
- **Gearing_U(j)** and **Gearing_D(j)** are percentages specified in the Final Terms, or, if not so specified, are equal to 100%
- **Cap_U(j)** is a percentage or Strike that can be specified in the Final Terms, or, if not so specified, Cap_U(j) is positive infinity.
- **Cap_D(j)** is a percentage or Strike that can be specified in the Final Terms, or, if not so specified, Cap_D(j) is positive infinity.
- **Floor(j)** is a percentage or Strike that can be specified as such in the Final Terms, or, if not so specified, Floor(j) is negative infinity.
- **Floor(j)** is a percentage or a Strike specified in the Final Terms, or, if not so specified, is equal to 0%.
- **Provision Trigger(j)**, if specified, is a Trigger Set.
- **Rebate(j)** means a percentage or a Strike specified in the Final Terms, or, if not so specified, 0%.

FX Basket Digital Coupon

The FX Basket Digital Coupon is an Interest Provision whereby the Interest Amount depends on whether the average price of a basket of currencies is above or below a given level.

Interest Provision

If Formula as Amount is specified as applicable in the applicable Final Terms, then this provision is deemed to determine directly an Interest Amount being the product of the relevant Calculation Amount and an "Interest Rate" as defined hereunder, without taking into account the Day-Count Fraction.

For each Interest Accrual Period j being a Formula Applicable Period:

if Provision Trigger(j) is specified and Condition(Provision Trigger(j), j) is not TRUE, then the formula below does not apply and the Interest Rate is equal to Rebate(j)

In any other case the Interest Rate is calculated as follows:

If FX Basket Performance($U, K(j), j$) is higher than or equal to, or, if Up-In-Step is specified as "Exclude", strictly higher than, Barrier(j):

Coupon_U(j)

If FX Basket Performance($U, K(j), j$) is strictly less than, or if Up-In-Step is specified as "Exclude", less than or equal to, Barrier(j):

Coupon_D(j)

Where:

- **U** means an Underlying Set defined in the Final Terms with Set Type FX Basket
- **Formula as Amount** means, if specified as Applicable in the applicable Final Terms, that this provision is deemed to determine directly an Interest Amount. If Formula as Amount is not specified in the applicable Final Terms then it is deemed to be not applicable

And for each Interest Accrual Period j :

- **K(j)** is an FX Basket Strike Set specified in the Final Terms in respect of U.
- **Barrier(j)** means a percentage defined in the Final Terms.
- **Up-In-Step** means either "Include" or "Exclude" as can be specified in the applicable Final Terms. If Up-In-Step is not specified in the applicable Final Terms, it means "Include".
- **Coupon_U(j)** and **Coupon_D(j)** mean percentages or Strikes specified in the Final Terms.
- **Provision Trigger(j)**, if specified, is a Trigger Set.
- **Rebate(j)** means a percentage or a Strike specified in the Final Terms, or, if not so specified, 0%.

2.4.3 Currency Linked Notes: Additional Provisions

The Calculation Formulae set out below are Additional Provisions, the application of which can prevail over specified Interest Provisions and Redemption Provisions for the calculation and payment of the Interest Amount and the Redemption Amount.

Contingent Dual Currency Redemption

The Contingent Dual Currency Redemption is an Additional Provision that determines conditions of application of the Dual Currency provision specified, as the case may be, in the Final Terms: the amount payable upon redemption of the Note can in certain conditions be calculated in a currency other than the Specified Currency.

Redemption Provision

If the Provision Trigger is specified and Condition Final(Provision Trigger) is not TRUE, then the Dual Currency provision does not apply for final redemption, the relevant Redemption Amount is paid in the Specified Currency in application of all other applicable provisions as set forth in the Final Terms.

In any other case:

If Final Level(U) is higher than or equal to, or, if Low-Bound-Step means "Exclude", strictly higher than, Low-Bound and less than or equal to, or, if High-Bound-Step means "Exclude", strictly less than, High-Bound:

The Dual Currency provision is applicable for the final redemption:

The applicable Secondary Currency Conversion Rate is K

If Settlement in the Specified Currency is applicable, then:

The Specified Currency Conversion Rate is Final Level(U)

Otherwise:

The Dual Currency provision does not apply for final redemption, the relevant Redemption Amount is paid in the Specified Currency in application of all other applicable provisions as set forth in the Final Terms

Where:

- **U** means an Underlying Set defined in the Final Terms with Set Type FX Rate in respect of which:

Either the Domestic Currency is the Specified Currency and the Foreign Currency is the Secondary Currency, or

the Domestic Currency is the Secondary Currency and the Foreign Currency is the Specified Currency
- **K** is a Strike defined in the Final Terms.
- **Low-Bound** and **High-Bound** are Strikes specified in the Final Terms, or, if not so specified,:
- If the Secondary Currency is the Domestic Currency, then:
 - If Low-Bound is not specified then Low-Bound is deemed to be equal to K
 - If High-Bound is not specified then High-Bound is positive infinity
- If the Secondary Currency is the Foreign Currency, then:
 - If Low-Bound is not specified then Low-Bound is negative infinity
 - If High-Bound is not specified then High-Bound is deemed to be equal to K

- **Low-Bound-Step** and **High-Bound-Step** mean either "Include" or "Exclude" as can be specified in the applicable Final Terms or if not so specified:
- If the Secondary Currency is the Domestic Currency, then:
 - If Low-Bound-Step is not specified then Low-Bound-Step means "Include"
 - If High-Bound-Step is not specified then High-Bound-Step means "Exclude"
- If the Secondary Currency is the Foreign Currency, then:
 - If Low-Bound-Step is not specified then Low-Bound-Step means "Exclude"
 - If High-Bound-Step is not specified then High-Bound-Step means "Include"
- **Provision Trigger**, if specified, is a Trigger Set.

**Contingent Dual
Currency Interest**

The Contingent Dual Currency Interest is an Additional Provision that determines conditions of application of the Dual Currency provision specified, as the case may be, in the Final Terms: the amount of interest payable for an Interest Period can in certain conditions be calculated in a currency other than the Specified Currency.

Interest Provision

For each Interest Accrual Period j being a Formula Applicable Period:

if the Provision Trigger(j) is specified and Condition(Provision Trigger(j), j) is not TRUE, then the Dual Currency provision does not apply to payment of interest for this period, the relevant Interest Amount is paid in the Specified Currency in application of all other applicable provisions as set forth in the Final Terms.

In any other case

If Level(U, j) is higher than or equal to, or, if Low-Bound-Step(j) means "Exclude", strictly higher than, Low-Bound(j) and less than or equal to, or, if High-Bound-Step(j) means "Exclude", strictly less than, High-Bound(j):

The Dual Currency provision is applicable to the payment of interest for this period:

The applicable Secondary Currency Conversion Rate is $K(j)$

If Settlement in the Specified Currency is applicable, then:

The Specified Currency Conversion Rate is Level(U, j)

Otherwise:

The Dual Currency provision does not apply for interest, the relevant Interest Amount is paid in the Specified Currency in application of all other applicable provisions as set forth in the Final Terms.

Where:

- **U** means an Underlying Set defined in the Final Terms with Set Type FX Rate in respect of which:

Either the Domestic Currency is the Specified Currency and the Foreign Currency is the Secondary Currency, or

the Domestic Currency is the Secondary Currency and the Foreign Currency is the Specified Currency

And for each Interest Accrual Period j:

- **K(j)** is a Strike specified in the Final Terms.
- **Low-Bound(j)** and **High-Bound(j)** are Strikes specified in the Final Terms, or, if not so specified,:

If the Secondary Currency is the Domestic Currency, then:

- If Low-Bound(j) is not specified then Low-Bound(j) is deemed to be equal to K(j)
- If High-Bound(j) is not specified then High-Bound(j) is positive infinity

If the Secondary Currency is the Foreign Currency, then:

- If Low-Bound(j) is not specified then Low-Bound(j) is negative infinity
- If High-Bound(j) is not specified then High-Bound(j) is deemed to be equal to K(j)

- **Provision Trigger(j)**, if specified, is a Trigger Set.

2.5 Calculation Formulae Applicable for Inflation Linked Notes

The calculation formulae below can apply to Inflation Linked Notes, including Hybrid Structured Notes that, as such, are also Inflation Linked Notes.

2.5.1 Inflation Linked Notes: Redemption Provisions

The Calculation Formulae set out below are Provisions relating to redemption of the Notes (each a **Redemption Provision**).

In addition to the specified Redemption Provision, the Interest Provision is specified in the Final Terms from among those that can apply to Inflation Linked Notes.

In addition to Redemption Provisions and Interest Provisions, Additional Provisions can be specified in the Final Terms among those that apply to Inflation Linked Notes.

Inflation Zero Coupon The Inflation Zero Coupon is a non-interest-bearing product whose redemption amount is indexed to the performance of an underlying over a given period whereby the level of such underlying falls between a specified upper and a lower limit.

Redemption Provision

$$\text{Redemption Price} = 100\% +$$

$$\text{Min (Cap, Max(L} \times (\text{Final Level(U) / Initial Index} - 1) + \text{M, Floor))}$$

Where:

- **U** means an Underlying Set defined in the Final Terms, with Set Type being Price Index.
- **Initial Index** means a Strike defined in the Final Terms.
- **Cap** and **Floor** are positive percentages or Strikes specified in the Final Terms, or, if not so specified, Cap is positive infinity and Floor is equal to -100%.
- **M** is a percentage or a Strike specified in the Final Terms, or, if not so specified, M is equal to 0%.
- **L** means a percentage specified in the Final Terms, or, if not so specified, L is equal to 100%.

**OATi-type
Inflation
Redemption**

The OATi-type Inflation Redemption is a Redemption Provision whereby redemption is indexed on the performance of an Inflation Index, provided it is positive.

Redemption Provision

If the Provision Trigger is specified and Condition Final(Provision Trigger) is not TRUE, then the formula below does not apply and the Redemption Price is equal to the Redemption Rebate.

In any other case:

Redemption Price =

$$\text{Max}(100\%, \text{Final Level(U) / Initial Index})$$

Where:

- **U** means an Underlying Set defined in the Final Terms, with Set Type being Price Index.
- **Initial Index** means a number or a Strike defined in the Final Terms.
- **Provision Trigger**, if specified, is a Trigger Set.
- **Redemption Rebate** means a positive percentage or a Strike specified in the Final Terms, or, if not so specified, 100%.

2.5.2 Inflation Linked Notes: Interest Provisions

The Calculation Formulae set out below are the Provisions relating to interest (each an **Interest Provision**).

In addition to these Interest Provisions, the Redemption Provisions are specified in the Final Terms, from among those that can apply to Inflation Linked Notes.

In addition to Redemption Provisions and Interest Provisions, Additional Provisions can be specified in the Final Terms from among those that apply to Inflation Linked Notes.

**Inflation
Capped Floored
Floater**

The Inflation Capped Floored Floater is an Interest Provision whereby the Interest Rate is a linear, increasing function of the underlying, bound by a lower limit "Floor" and an upper limit "Cap".

Interest Provision

If Formula as Amount is specified as applicable in the applicable Final Terms, then this provision is deemed to determine directly an Interest Amount being the product of the relevant Calculation Amount and an "Interest Rate" as defined hereunder, without taking into account the Day-Count Fraction.

For each Interest Accrual Period j being a Formula Applicable Period:

if the Provision Trigger is specified and Condition(Provision Trigger, j) is not TRUE, then the formula below does not apply and the Interest Rate is equal to Rebate(j)

In any other case the Interest Rate is calculated as follows:

For each Interest Accrual Period j being a Formula Applicable Period, the Interest Rate is calculated as follows:

$$\text{Min}(\text{Cap}(j), \text{Max}((L(j) \times (\text{Level}(U, j) + k(j))) + M(j), \text{Floor}(j)))$$

Where:

- **U** means an Underlying Set defined in the Final Terms, with Set Type being Inflation Rate or Inflation Rate Spread.
- **Formula as Amount** means, if specified as Applicable in the applicable Final Terms, that this provision is deemed to determine directly an Interest Amount. If Formula as Amount is not specified in the applicable Final Terms then it is deemed to be not applicable

And for each Interest Accrual Period j :

- **Cap(j)** is a percentage or a Strike specified in the Final Terms, or, if not so specified, Cap(j) is positive infinity.
- **Floor(j)** is a percentage or a Strike specified in the Final Terms, or, if not so specified, Floor(j) is negative infinity.
- **k(j)** is a percentage or a Strike specified in the Final Terms, or, if not so specified, k(j) is equal to 0%.
- **L(j)** means a positive percentage specified in the Final Terms, or, if not so specified, L is equal to 100%.
- **M(j)** is a percentage or a Strike specified in the Final Terms, or, if not so specified, M(j) is equal to 0%.
- **Provision Trigger(j)**, if specified, is a Trigger Set.
- **Rebate(j)** means a percentage or a Strike specified in the Final Terms, or, if not so specified, 0%.

**Inflation
Reverse Floater**

The Inflation Reverse Floater is an Interest Provision whereby the Interest Rate is a linear, decreasing function of the underlying, bound by a lower limit "Floor" and an upper limit "Cap".

Interest Provision

If Formula as Amount is specified as applicable in the applicable Final Terms, then this provision is deemed to determine directly an Interest Amount being the product of the relevant Calculation Amount and an "Interest Rate" as defined hereunder, without taking into account the Day-Count Fraction.

For each Interest Accrual Period j being a Formula Applicable Period:

if the Provision Trigger is specified and Condition(Provision Trigger, j) is not TRUE, then the formula below does not apply and the Interest Rate is equal to Rebate(j)

In any other case the Interest Rate is calculated as follows:

$$\text{Min}(\text{Cap}(j), \text{Max}(\text{K}(j) - (\text{L}(j) \times (\text{Level}(\text{U}, j) + \text{m}(j))), \text{Floor}(j)))$$

Where

- **U** means an Underlying Set defined in the Final Terms, with Set Type being Inflation Rate or Inflation Rate Spread.
- **Formula as Amount** means, if specified as Applicable in the applicable Final Terms, that this provision is deemed to determine directly an Interest Amount. If Formula as Amount is not specified in the applicable Final Terms then it is deemed to be not applicable

And for each Interest Accrual Period j :

- **K(j)** is a Strike specified in the Final Terms.
- **Cap(j)** is a percentage or a Strike specified in the Final Terms, or, if not so specified, Cap(j) is positive infinity.
- **Floor(j)** is a percentage or a Strike specified in the Final Terms, or, if not so specified, Floor(j) is negative infinity.
- **m(j)** is a percentage or a Strike specified in the Final Terms, or, if not so specified, m(j) is equal to 0%.
- **L(j)** means a positive percentage specified in the Final Terms, or, if not so specified, L(j) is equal to 100%.
- **Provision Trigger(j)**, if specified, is a Trigger Set.
- **Rebate(j)** means a percentage or a Strike specified as such in the Final Terms, or, if not so specified, 0%.

**Chinese Hat
Inflation**

The Chinese Hat Inflation is an Interest Provision whereby the Interest Rate is maintained between an upper limit "FXR" and a lower limit "Floor". The maximum level FXR is payable when the underlying is equal to B.

Interest Provision

If Formula as Amount is specified as applicable in the applicable Final Terms, then this provision is deemed to determine directly an Interest Amount being the product of the relevant Calculation Amount and an "Interest Rate" as defined hereunder, without taking into account the Day-Count Fraction.

For each Interest Accrual Period j being a Formula Applicable Period:

if the Provision Trigger is specified and Condition(Provision Trigger, j) is not TRUE, then the formulae below do not apply and the Interest Rate is equal to Rebate(j)

In any other case the Interest Rate is calculated as follows:

If $\text{Level}(U, j) < A(j)$:

$$\text{Interest Rate} = \text{Floor}(j)$$

If $A(j) \leq \text{Level}(U, j) < B(j)$:

$$\text{Interest Rate} = \text{Max}(\text{FXR}(j) + (L(j) \times (\text{Level}(U, j) - B(j))); \text{Floor}(j))$$

If $B(j) \leq \text{Level}(U, j) < C(j)$:

$$\text{Interest Rate} = \text{Max}(\text{FXR}(j) - (L(j) \times (\text{Level}(U, j) - B(j))); \text{Floor}(j))$$

If $\text{Level}(U, j) \geq C(j)$:

$$\text{Interest Rate} = \text{Floor}(j)$$

Where:

- **U** means an Underlying Set defined in the Final Terms, with Set Type being Inflation Rate or Inflation Rate Spread.
- **Formula as Amount** means, if specified as Applicable in the applicable Final Terms, that this provision is deemed to determine directly an Interest Amount. If Formula as Amount is not specified in the applicable Final Terms then it is deemed to be not applicable

And for each Interest Accrual Period j :

- **FXR(j)**, **A(j)**, **B(j)** and **C(j)** are Strikes specified in the Final Terms
- **Floor(j)** is a percentage or a Strike specified in the Final Terms, or, if not so specified, Floor(j) is equal to 0%.
- **L(j)** means a percentage specified in the Final Terms, or, if not so specified, L(j) is equal to 100%.
- **Provision Trigger(j)**, if specified, is a Trigger Set.
- **Rebate(j)** means a percentage or a Strike specified in the Final Terms, or, if not so specified, 0%.

Mayan Pyramid Inflation

The Mayan Pyramid Inflation is an Interest Provision whereby the Interest Rate is maintained between an upper limit "FXR" and a lower limit "Floor". The maximum level FXR is payable when the level of the underlying falls between B and C.

Interest Provision

If Formula as Amount is specified as applicable in the applicable Final Terms, then this provision is deemed to determine directly an Interest Amount being the product of the relevant Calculation Amount and an "Interest Rate" as defined hereunder, without taking into account the Day-Count Fraction.

For each Interest Accrual Period j being a Formula Applicable Period:

if the Provision Trigger is specified and Condition(Provision Trigger, j) is not TRUE, then the formulae below do not apply and the Interest Rate is equal to Rebate(j)

In any other case the Interest Rate is calculated as follows:

If $\text{Level}(U, j) < A(j)$:

$$\text{Interest Rate} = \text{Floor}(j)$$

If $A(j) \leq \text{Level}(U, j) < B(j)$:

$$\text{Interest Rate} = \text{Max}(\text{FXR}(j) + (L(j) \times (\text{Level}(U, j) - B(j))); \text{Floor}(j))$$

If $B(j) \leq \text{Level}(U, j) < C(j)$:

$$\text{Interest Rate} = \text{FXR}(j)$$

If $C(j) \leq \text{Level}(U, j) < D(j)$:

$$\text{Interest Rate} = \text{Max}(\text{FXR}(j) - (L(j) \times (\text{Level}(U, j) - C(j))); \text{Floor}(j))$$

If $\text{Level}(U, j) \geq D(j)$:

$$\text{Interest Rate} = \text{Floor}(j)$$

Where:

- **U** means an Underlying Set defined in the Final Terms, with Set Type being Inflation Rate or Inflation Rate Spread.
- **Formula as Amount** means, if specified as Applicable in the applicable Final Terms, that this provision is deemed to determine directly an Interest Amount. If Formula as Amount is not specified in the applicable Final Terms then it is deemed to be not applicable

And for each Interest Accrual Period j :

- **FXR(j), A(j), B(j), C(j), D(j)** and **Floor(j)** are Strikes specified in the Final Terms.
- **L(j)** means a percentage specified in the Final Terms, or, if not so specified, L(j) is equal to 100%.
- **Provision Trigger(j)**, if specified, is a Trigger Set.
- **Rebate(j)** means a percentage or a Strike specified in the Final Terms, or, if not so specified, 0%.

**Leveraged
Inflation Rate
Spread**

The Leveraged Inflation Rate Spread is an Interest Provision whereby the Interest Rate falls between an upper limit "Cap" and a lower limit "Floor".

Interest Provision

If Formula as Amount is specified as applicable in the applicable Final Terms, then this provision is deemed to determine directly an Interest Amount being the product of the relevant Calculation Amount and an "Interest Rate" as defined hereunder, without taking into account the Day-Count Fraction.

For each Interest Accrual Period *j* being a Formula Applicable Period:

if the Provision Trigger is specified and Condition(Provision Trigger, *j*) is not TRUE, then the formula below does not apply and the Interest Rate is equal to Rebate(*j*)

In any other case the Interest Rate is calculated as follows:

$$\text{Min}(\text{Cap}(j); \text{Max}((\text{LS}(j) \times \text{Level}(\text{US}, j)) + (\text{LR}(j) \times \text{Level}(\text{UR}, j)); \text{Floor}(j)))$$

Where:

- **P1** and **P2** are Inflation Index Underlyings specified in the Final Terms
- **US** means an Underlying Set defined in the Final Terms with Set Type Inflation Rate Spread, with Main Index being P1 and Secondary Index being P2.
- **UR** means an Underlying Set defined in the Final Terms with Set Type Inflation Rate, with Main Index being P1.

And for each Interest Accrual Period *j*:

- **Cap(j)** is a percentage or Strike that can be specified in the Final Terms, or, if not so specified, Cap(*j*) is positive infinity.
- **Floor(j)** is a percentage or Strike that can be specified as such in the Final Terms, or, if not so specified, Floor(*j*) is negative infinity.
- **LS(j)** and **LR(j)** mean percentages specified in the Final Terms, or, if not so specified, each is equal to 100%.
- **Provision Trigger(j)**, if specified, is a Trigger Set.
- **Rebate(j)** means a percentage or a Strike specified in the Final Terms, or, if not so specified, 0%.

**OATi-type
Inflation
Coupon**

The OATi-type Inflation Coupon is an Interest Provision whereby the Interest Rate is linked to the value of the underlying.

Interest Provision

For each Interest Accrual Period *j* being a Formula Applicable Period:

if the Provision Trigger is specified and Condition(Provision Trigger, *j*) is not TRUE, then the formula below does not apply and the Interest Rate is equal to Rebate(*j*)

In any other case the Interest Rate is calculated as follows:

$$(\text{Level}(U, j) / \text{Initial Index}) \times \text{FXR}(j)$$

Where

- **U** means an Underlying Set defined in the Final Terms, with Set Type Price Index.
- **Initial Index** means a number or a Strike specified in the Final Terms.

And for each Interest Accrual Period j:

- **FXR(j)** means a percentage or a Strike specified in the Final Terms.
- **Provision Trigger(j)**, if specified, is a Trigger Set.
- **Rebate(j)** means a percentage or a Strike specified as such in the Final Terms, or, if not so specified, 0%.

2.6 Additional Provisions Applicable for Fixed Rate Notes, Floating Rate Notes, Rate Linked Notes, Currency Linked Notes, Inflation Linked Notes and Hybrid Structured Notes

The Calculation Formulae set out below are Additional Provisions, the application of which can prevail over, while using the outcomes of, specified Interest Basis, Interest Provisions and Redemption Provisions or other Additional Provisions for the calculation and payment of the Interest Amount and the Redemption Amount.

If several Additional Provisions are applicable, they are deemed to apply successively for the determination of the relevant amounts, in the order in which they are set out as applicable Structured Note Provisions, unless specified otherwise in the applicable Final Terms.

Interest Reserve Mechanism Interest Reserve Mechanism can be applied to any Rate Linked Note, Currency Linked Note, Inflation Linked Notes or Hybrid Structured Note for which Redemption Provisions and Interest Provisions are specified in the Final Terms.

The application of this provision can result in an adjustment of the calculation of the Interest Rate for the period in which it applies by an Interest Reserve (positive or negative) and in some cases of the Redemption Price by a Redemption Reserve (positive or negative): the initially applicable Interest Rate can be increased by the Interest Reserve (or decreased by such Interest Reserve if negative), the resulting rate being itself capped according to the relevant Interest Reserve Cap (in which case the relevant portion in excess of such cap the unpaid amount increases either the Interest Reserve for following coupons or the Redemption Reserve) or floored according to the relevant Interest Reserve Floor (in which case the relevant portion below the floor decreases either the Interest Reserve for following coupons or the Redemption Reserve, whereby either reserve can become negative). Upon redemption, the Redemption Reserve, possibly completed by any remaining Interest Reserve, is added to any initially applicable Redemption Price, which can notably reduce the resulting Redemption Price if either reserve is negative.

Interest Adjustment

For any Interest Accrual Period j, the Interest Rate is adjusted as follows:

Interest Rate(j) =

Max(Interest Reserve Floor(j); Min(Interest Reserve Cap(j); Adjusted Rate(j))

Redemption Adjustment

Upon redemption the relevant Redemption Price is adjusted as follows, considering (k) the last Interest Accrual Period for which the relevant Interest Period Date was prior or equal to the relevant redemption date:

$$\begin{aligned} &\text{Redemption Price} = \\ &\text{Formula Price} + \\ &\text{Max}(\text{Redemption Adjustment Floor}; \\ &\quad \text{Min}(\text{Redemption Adjustment Cap}; \\ &\quad \text{Redemption Reserve}(k) + \text{Unsettled Interest Reserve}(k))) \end{aligned}$$

Subject to the following:

If such amount is negative, the relevant Redemption Price is deemed to be 0.

In case of partial redemption, notably but not limitedly redemption by Instalments, the above applies to the determination of the relevant payable amount only if Reserve in Amount is FALSE. If Reserve in Amount is TRUE, the relevant amount payable in respect of any partial redemption shall not be affected by this Additional Provision.

Where,

- **Initial Interest Reserve** means a percentage or a Strike specified in the Final Terms (or, if Initial Reserve is not specified, or specified as Not Applicable, then Initial Reserve is 0).
- **Initial Redemption Reserve** means a percentage or a Strike specified in the Final Terms (or, if Initial Redemption Reserve is not specified, or specified as Not Applicable, then Initial Redemption Reserve is 0).
- **Reserve Cap To Interest** means either "TRUE" or "FALSE" as specified in the Final Terms (or, if Reserve Cap To Interest is not specified, or specified as Not Applicable, then Reserve Cap To Interest is deemed to be TRUE).
- **Reserve Floor To Interest** means either "TRUE" or "FALSE" as specified in the Final Terms (or, if Reserve Floor To Interest is not specified, or specified as Not Applicable, then Reserve Floor To Interest is deemed to be FALSE).
- **Capped Final Interest** means either "TRUE" or "FALSE" as specified in the Final Terms (or, if Capped Final Interest is not specified, or specified as Not Applicable, then Capped Final Interest is deemed to be FALSE).
- **Redeemable Interest Reserve** means either "TRUE" or "FALSE" as specified in the Final Terms (or, if Redeemable Interest Reserve is not specified, or specified as Not Applicable, then Redeemable Interest Reserve is deemed to be TRUE).

- **Reserve In Amount** means either "TRUE" or "FALSE" as specified in the Final Terms (or, if Reserve In Amount is not specified, or specified as Not Applicable, then Reserve In Amount is deemed to be FALSE).
- **Formula Price** means a Redemption Price determined in accordance with the applicable Final Terms (or if the applicable Final Terms provided a Redemption Amount, the percentage being the ratio of such Redemption Amount over the relevant outstanding Calculation Amount) prior to taking into account the Interest Reserve Mechanism Provision.
- **Redemption Adjustment Cap** means a percentage or a Strike specified in the Final Terms (or, if not specified, or specified as Not Applicable, then Redemption Adjustment Cap is positive infinity).
- **Redemption Adjustment Floor** means a percentage or a Strike specified in the Final Terms (or, if not specified, or specified as Not Applicable, then Redemption Adjustment Floor is negative infinity).

And, for each Interest Accrual Period j as the case may be ($j=1$ meaning the first Interest Accrual Period of the Note):

- **Interest Reserve Cap(j)** is a percentage or a Strike specified in the Final Terms for the Interest Accrual Period j (or, if Interest Reserve Cap(j) is not specified, or specified as Not Applicable, then Interest Reserve Cap(j) is deemed to be positive infinity) except for the scheduled final Interest Accrual Period (that is, excluding early or partial redemption), where:

If Capped Final Interest is FALSE:

The applicable Interest Reserve Cap for this Interest Accrual Period is positive infinity

If Capped Final Interest is TRUE:

The Interest Reserve Cap for this Interest Accrual Period is the percentage so specified

- **Interest Reserve Floor(j)** is a percentage or a Strike specified in the Final Terms for the Interest Accrual Period j (or, if Interest Reserve Floor(j) is not specified, or specified as Not Applicable, then Interest Reserve Floor(j) is deemed to be negative infinity).
- **Formula Rate(j)** means:

If the relevant Interest Provision before taking into account the Interest Reserve Mechanism Provision, provides an Interest Rate(j) in respect of the relevant Interest Accrual Period j : such Interest Rate.

If the relevant Interest Provisions, before taking into account the Interest Reserve Mechanism Provision, provides an Interest Amount(j) in respect of the relevant Interest Accrual Period j considering a relevant outstanding level of Calculation Amount:

Formula Rate(j) =

(Interest Amount(j) / Calculation Amount) / Day Count Fraction(j).

- **Interest Reserve(j)** means:

If j=1:

Interest Reserve(1) = Initial Reserve

If j>1:

Interest Reserve(j) =
 [Interest Cap Excess(j-1) – Interest Floor Excess(j-1)]
 × Denomination Adjustment(j)

- **Adjusted Rate(j)** means:

Formula Rate (j) + Interest Reserve(j)

- **Unsettled Interest Reserve(j)** means:

If Redeemable Interest Reserve is specified as FALSE, Unsettled Interest Reserve(j) is 0.

Otherwise:

Unsettled Interest Reserve(j) =
 [Interest Cap Excess(j) – Interest Floor Excess(j)]
 × Day Count Fraction(j)

- **Redemption Reserve(j)** means, for the Interest Accrual Period j:

For j=1 (the first Interest Accrual Period):

Redemption Reserve(1) =
 Initial Redemption Reserve +
 [Redemption Cap Excess(1) - Redemption Floor Excess(1)]

For j>1 (subsequent Interest Accrual Periods):

Redemption Reserve(j) =
 [Redemption Reserve(j-1) × Denomination Adjustment(j)]
 + [Redemption Cap Excess(j) - Redemption Floor Excess(j)]

- **Interest Cap Excess(j)** means, for an Interest Accrual Period j:

If Reserve Cap to Interest is TRUE: Cap Excess(j), otherwise 0

- **Redemption Cap Excess(j)** means, for an Interest Accrual Period j:

If Reserve Cap to Interest is TRUE: 0

Otherwise:

Redemption Cap Excess(j) = Cap Excess(j) × Day Count Fraction(j)

- **Cap Excess(j)** means, for an Interest Accrual Period j:

$\text{Max}(0; \text{Adjusted Rate}(j) - \text{Interest Reserve Cap}(j))$

- **Interest Floor Excess(j)** means, for an Interest Accrual Period j:
If Reserve Floor to Interest is TRUE: Floor Excess(j), otherwise 0
- **Redemption Floor Excess(j)** means, for an Interest Accrual Period j:
If Reserve Floor to Interest is TRUE: 0
Otherwise:
 $\text{Redemption Floor Excess}(j) = \text{Floor Excess}(j) \times \text{Day Count Fraction}(j)$
- **Floor Excess(j)** means, for an Interest Accrual Period j:
 $\text{Max}(0; \text{Interest Reserve Floor}(j) - \text{Adjusted Rate}(j))$
- **Denomination Adjustment(j)** means, for the Interest Accrual Period j:

If Reserve In Amount is FALSE or $j=1$:

$\text{Denomination Adjustment}(j) = 1$

If $j > 1$ and Reserve In Amount is TRUE:

$\text{Denomination Adjustment}(j)$ is the ratio of (a) the previously prevailing Outstanding Calculation Amount that was applicable for the determination of the Interest Amount of the preceding Interest Accrual Period, divided by (b) the Outstanding Calculation Amount applicable for the determination of the Interest Amount of the current Interest Accrual Period

**Target
Remuneration**

Target Remuneration can be applied to any Rate Linked Note, Currency Linked Note, Inflation Linked Notes or Hybrid Structured Note that is not a Non-Interest Bearing Note.

When Target Remuneration is applicable, the principal of the Note can be redeemed before the Maturity Date (as contemplated by Condition 6(j) of the Terms and Conditions of the English Law Notes and Condition 6(h) of the Terms and Conditions of the French Law Notes) when the sum of paid interest has reached a specified target amount, provided the principal has not already been redeemed pursuant to another redemption provision specified in the Final Terms.

The application of this provision can result in an adjustment of the calculation of the Interest Amount for the period in which it applies.

If Target Remuneration is applicable, as long as the conditions of Target Remuneration Redemption, Interest Adjustment and Final Interest Adjustment, defined below do not apply: the Interest Provisions specified for the Notes apply for each Interest Payment Date and each Interest Accrual Period, and the Redemption Provisions specified for the Notes apply in respect of (i) each Instalment Date as the case may be, and (ii) the Maturity Date.

Target Remuneration Redemption

Each Interest Period Date is an Automatic Early Redemption Date.

For the Interest Period Date j on which Target Condition (j) is met:

The Notes are fully redeemed on the relevant Interest Payment Date and the Automatic Early Redemption Amount is:

Specified Denomination \times Target Redemption(j)

Interest Adjustment

For the Interest Period Date j on which Target Condition (j) is met

Such date is the last Interest Payment Date and the Interest Amount for the last Interest Accrual Period j is adjusted as follows:

If Target Settlement = FULL:

Interest Amount = Specified Denomination \times Current Coupon(j).

If Target Settlement = EXACT:

Interest Amount =

Specified Denomination \times (Target – Sum of Previous Coupons(j))

If Target Settlement = NONE:

no interest is accrued in respect of this last Interest Accrual Period

Final Interest Adjustment

On the Maturity Date, provided that Target Guarantee is specified as TRUE in the Final Terms, and that Target Condition has not been met for any Interest Accrual Period including the last Interest Accrual Period:

The Interest Amount for the final Interest Accrual Period is adjusted as follows:

Interest Amount = Specified Denomination \times (Target – Total Sum of Coupons)

Where:

- **Target** means the positive percentage or Strike specified in the Final Terms.
- **Target Settlement** means either "FULL", "EXACT" or "NONE" as specified in the Final Terms.
- **Target Guarantee** means either "TRUE" or "FALSE" as specified in the Final Terms.
- **Total Sum of Coupons** means the Sum of Previous Coupons in respect of the last Interest Accrual Period of the Notes, provided the Notes have not been redeemed prior to Maturity Date

And for each Interest Accrual Period j (j=1 meaning the first Interest Accrual Period of the Note):

- **Target Condition(j)** is met if:

Sum of Previous Coupons(j) < Target

AND

Sum of Previous Coupons(j) + Current Coupon(j) \geq Target.

- **Sum of Previous Coupons(j)** means, for the Interest Accrual Period j:
 - if $j = 1$: 0
 - if $j > 1$: the sum, for all Interest Accrual Periods k preceding and not including the period j, of the respective terms $s(k)$ calculated as follows for each Interest Accrual Period k:
 - $S(k)$ is the ratio of (a(k)) the Interest Amount of the Interest Accrual Period k divided by (b(k)) the relevant Specified Denomination used for the determination of the Interest Amount of the relevant Interest Accrual Period k.
- **Current Coupon(j)** means, in respect of the Interest Accrual Period j:

The ratio of (a) the Interest Amount determined in accordance with the relevant Interest Provision before taking into account the Target Remuneration Provision divided by (b) the relevant Specified Denomination.
- **Target Redemption(j)** is a positive percentage or a Strike specified in the Final Terms for the Interest Accrual Period j or, if not so specified, 100%.

**Adaptative
Interest Cap-
Floor**

Adaptative Interest Cap-Floor can be applied to any Rate Linked Note, Currency Linked Note, Inflation Linked Note or Hybrid Structured Note for which Interest Provisions are specified in the Final Terms and that is not a Non-Interest Bearing Note.

When Adaptative Interest Cap-Floor is applicable, interest adjustments can occur, consisting in conditional, specific levels of cap and/or floor applied up to a limited number of Interest Accrual Periods. The application of a specific cap or floor to any given Interest Accrual Period is automatic unless it is specified as optional in which case any such application is at the option of Issuer, subject to the relevant notice as the case may be.

The consumption of allowed number of caps or floors and the possible adaptation of their applicable strikes are a specific incremental process with respect to interest adjustment conditionality and/or actual application.

Interest Adjustment

For any Interest Accrual Period j, the Interest Rate can be adjusted as follows:

If the following conditions are met:

- $UsedFloor(j)$ is strictly less than N-Floor;
- where $FloorTrigger(k_f)$ is specified and applicable, $Condition(FloorTrigger(k_f, j))$ means TRUE;
- $FormulaRate(j)$ is strictly less than $FloorStrike(k_f)$; and
- upon giving irrevocable notice to the Noteholders in the relevant Notice Period in respect of the relevant Interest Period Date if applicable

then:

Floored Rate(j) = FloorStrike(k_f)

Otherwise Floored Rate(j) = Formula Rate(j)

Subsequent to which, if the following conditions are met:

- UsedCap(j) is strictly less than N-Cap;
- where CapTrigger(k_c) is specified and applicable, Condition(CapTrigger(k_c,j)) means TRUE;
- Floored Rate(j) is strictly greater than CapStrike(k_c); and
- upon giving irrevocable notice to the Noteholders in the relevant Notice Period in respect of the relevant Interest Period Date if applicable

then:

Capped Floored Rate = CapStrike(k_c)

Otherwise Capped Floored Rate = Floored Rate(j)

The Interest Rate in respect of Interest Accrual Period j is Capped Floored Rate.

Where:

Formula Rate(j) means:

If the relevant Interest Provision, before taking into account the Adaptive Interest Cap-Floor Provision, provides an Interest Rate(j) in respect of the relevant Interest Accrual Period j: such Interest Rate.

If the relevant Interest Provision, before taking into account the Adaptive Interest Cap-Floor Provision, provides an Interest Amount(j) in respect of the relevant Interest Accrual Period j:

Formula Rate(j) = (Interest Amount / Calculation Amount) / Day Count Fraction

UsedFloor(j) and **UsedCap(j)** are positive integers, each equal to 0 in respect of j=1 and further incremented as set out in the Incremental Process hereunder.

k_f and **k_c** are strictly positive integers being, if Strike per Period is TRUE, both equal to j and otherwise, if Strike per Period is FALSE, respectively equal to UsedFloor(j)+1 and UsedCap(j)+1

Incremental Process

If Increment on Trigger is TRUE:

For any Interest Accrual Period j:

If either or the following set of conditions are met:

- FloorTrigger(k_f) is specified and applicable and Condition(FloorTrigger(k_f,j)) means TRUE; or
- FloorTrigger(k_f) is not applicable and Formula Rate(j) is strictly less than FloorStrike(k_f)

Then, for the following Interest Accrual Period j+1 if any:

$$\text{UsedFloor}(j+1) = \text{UsedFloor}(j) + 1$$

Otherwise, $\text{UsedFloor}(j+1) = \text{UsedFloor}(j)$

And similarly, if either or the following set of conditions are met:

- $\text{CapTrigger}(k_c)$ is specified and applicable and $\text{Condition}(\text{CapTrigger}(k_c, j))$ means TRUE; or
- $\text{CapTrigger}(k_c)$ is not applicable and $\text{Formula Rate}(j)$ is strictly greater than $\text{CapStrike}(k_c)$

Then, for the following Interest Accrual Period $j+1$ if any:

$$\text{UsedCap}(j+1) = \text{UsedCap}(j) + 1$$

Otherwise, $\text{UsedCap}(j+1) = \text{UsedCap}(j)$

If Increment on Trigger is FALSE:

For any Interest Accrual Period j :

If Floored Rate is strictly greater than $\text{Formula Rate}(j)$ then, for the following Interest Accrual Period $j+1$ if any:

$$\text{UsedFloor}(j+1) = \text{UsedFloor}(j) + 1$$

Otherwise, $\text{UsedFloor}(j+1) = \text{UsedFloor}(j)$

And if Capped Floored Rate is strictly less than Floored Rate then, for the following Interest Accrual Period $j+1$ if any:

$$\text{UsedCap}(j+1) = \text{UsedCap}(j) + 1$$

Otherwise, $\text{UsedCap}(j+1) = \text{UsedCap}(j)$

Where:

- **At Issuer Option** means, if specified as applicable in the applicable Final Terms, that any actual adjustment of interest in respect of the present provision, provided relevant conditions are met, is at the option of the Issuer.
- **Notice Period** means, in respect of the relevant Interest Period Date, the notice period specified in the applicable Final Terms or in the absence thereof in accordance with Condition 14 (Notices) of the Terms and Conditions of the English Law Notes and Condition 13 (Notices) of the Terms and Conditions of the French Law Notes.

For the avoidance of doubt, if At Issuer Option is Not Applicable then Notice Period is Not Applicable.

- **N-Cap** means a positive integer number specified in the applicable Final Terms or, in the absence thereof, N-Cap means 0.
- **N-Floor** means a positive integer number specified in the applicable Final Terms or, in the absence thereof, N-Floor means 0.

- **Strike per Period** means TRUE or FALSE as specified in the applicable Final Terms or, in the absence thereof, Strike per Period means FALSE.
- **Increment on Trigger** means TRUE or FALSE as specified in the applicable Final Terms or, in the absence thereof, Increment on Trigger means FALSE.

For each strictly positive integer k_c from 1 to N-Cap or, if Strike per Period is TRUE as increasing temporal index in respect of each Interest Accrual Period:

- **CapStrike(k_c)** is a percentage or a Strike defined in the Final Terms or, if not specified it means positive infinity.
- **CapTrigger(k_c)** if specified, is a Trigger Set

For each strictly positive integer k_f from 1 to N-Floor or, if Strike per Period is TRUE as increasing temporal index in respect of each Interest Accrual Period:

- **FloorStrike(k_f)** is a percentage or a Strike defined in the Final Terms or, if not specified it means negative infinity
- **FloorTrigger(k_f)** if specified, is a Trigger Set

**Couponnable
Zero**

Couponnable Zero is an Additional Provision whereby the payment of coupons can be foregone with respect to some or all of the Interest Periods initially specified in the applicable Final Terms, in which case the accrual of interest with respect to the relevant Interest Basis accumulates, either by compounding or linearly if so specified, in order to be taken into account for payment (a) on specific payment dates as the case may be (each an “Effective Coupon Dates”) or (b) as a specific adjustment to redemption amount(s).

Interest Provisions:

Effective Coupon Dates shall be deemed to be the Interest Payment Dates for the Notes, in lieu of the Interest Payment Dates initially specified as such in the applicable Final Terms, and the relevant Interest Amount, per Note, payable by the Issuer on such Effective Coupon Date (subject to any relevant adjustment specified as applicable with respect to Interest Payment Date) shall be the relevant Effective Coupon.

Redemption Provisions:

The Maturity Date shall be deemed to be an Effective Coupon Date for which the Interest Provision set out hereinabove shall apply, subject as applicable to Final Redemption Price Accrual.

If some or all of the Notes are redeemed in full (but not in part) on a date, prior to the scheduled Maturity Date if any (notably in the case of Open-end Notes) and which would otherwise not be an Effective Coupon Date, then, for the Notes concerned and unless otherwise specified in the applicable Final Terms for the specific circumstance(s) or provision(s) that led to these Notes being redeemed

in full, the date on which they are redeemed shall be construed as the Maturity Date for the purpose of the above which shall apply accordingly.

If some or all of the Notes are partially redeemed (notably but not limitedly in the case of Instalment) on a date that is not otherwise deemed to be an Effective Coupon Date, then for the Notes concerned and unless otherwise specified in the applicable Final Terms for the specific circumstance(s) or provision(s) that led to these Notes being partially redeemed, (a) hypothetical amount(s) of Effective Coupon shall be calculated as if the settlement date for such partial redemption was an Effective Coupon Date and (b) the relevant portion of such amount(s) (with respect to the relevant proportion of Outstanding Calculation Amount being partially redeemed) shall be added to the relevant partial redemption amount (being 100% of the relevant portion of Outstanding Calculation Amount unless otherwise specified in the Applicable Final Terms). For avoidance of doubt (i) insofar as the settlement date for such partial redemption is not deemed to be an Effective Coupon Date, the determination of the following Effective Coupon shall be based on a relevant Outstanding Calculation Amount notably pursuant to such partial redemption but such settlement date shall not be deemed to have been an Effective Coupon Date for the purpose of determining the relevant Effective Interest Period and (ii) if the relevant settlement date is deemed to be an Effective Coupon Date notwithstanding such partial redemption, then the relevant Effective Coupon shall be determined with respect to the relevant Outstanding Calculation Amount regardless of such partial redemption and settled accordingly and no subsequent adjustment shall be made to the redemption amount due in respect of such partial redemption itself.

Definitions:

Couponable Dates are the dates specified in the applicable Final Terms, if any.

- The Effective Coupon Option means, if applicable and subject, as the case may be, to the notice specified in the applicable Final Terms, an Interest Payment Option wherein the relevant Option Exercise Dates are the Couponable Dates.
- **Effective Coupon** Dates are the Couponable Dates specified hereon, subject, as applicable, to the exercise of the Effective Coupon Option, and the final redemption date as provided in the redemption provisions hereunder, subject to and in accordance with the applicable Final Terms.
- **Effective Coupon** means, for an Effective Coupon Date, (a) the **Effective Interest Amount**, in the Specified Currency, as defined hereinunder, (b) in addition, for the case of Dual Currency Notes, to the sum, for each relevant settlement currency, of the relevant **Effective Dual Currency Amounts** for each relevant Effective Accrual Period for which Dual Currency Provisions was applicable within the relevant Effective Interest Period, and (c) subject, in the case of Partitioned Interest Notes, that (i) references herein to Outstanding Calculation Amount shall be construed as each relevant Calculation Amount Interest Portion, whereby the amounts of Effective Coupon that would be determined accordingly are construed as the relevant Partial Interest Amounts and (ii) the Effective Coupon is the aggregate of such Partial

Interest Amounts in accordance with the provisions applicable to Partitioned Interest Notes.

Final Redemption Price Accrual is applicable by default (unless specified in the applicable Final Terms as Not Applicable) and means that on the Maturity Date, the Effective Coupon shall not be deemed to be settled as an Interest Amount but instead be added to amount(s) payable in respect of Final Redemption (being 100% of the Outstanding Calculation Amount unless otherwise specified in the applicable Final Terms) and thereby included in the relevant Final Redemption Amount (henceforth, no Interest Amount is deemed to be paid in respect of this Interest Payment Date).

For any purpose thereof in the following:

- **Virtual Period Date** mean each initial Interest Period Date, as such term is defined and applicable for the Notes in accordance with the applicable Final Terms prior to applying this Additional Provision, regardless of whether such date is an Effective Coupon Date or not.
- **Virtual Interest Accrual Period** mean each initial Interest Accrual Period, as such term is defined and applicable for the Notes in accordance with the applicable Final Terms prior to applying this Additional Provision, regardless of whether the relevant corresponding Virtual Period Date is an Effective Coupon Date or not.
- The **Effective Interest Periods**, (each an **Effective Interest Period** with respect to a relevant Effective Coupon Date and respectively each **Effective Start Date** and **Effective End Date**) mean each period that would be defined as Interest Accrual Period wherein Interest Period Dates were construed as being the Effective Coupon Dates (with Effective Start Date and Effective End Date corresponding respectively to the Interest Accrual Period Start Date and Interest Accrual Period End Date construed accordingly).
- If one or more Virtual Period Date occurs between the relevant Effective Start Date and Effective End Date, both excluded, then, The Effective Interest Period is divided in respective Effective Accrual Periods: the first **Effective Accrual Period** being bound by the Effective Start Date and the first occurring Virtual Period Date, followed (if two or more Virtual Period Dates occur) by Effective Accrual Period(s) bound by each successive Virtual Period Dates, and the last Effective Accrual Period being bound by the last occurring Virtual Period Date and the Effective End Date, in each case such bounding dates being respectively defined as **Effective Accrual Start Date** and **Effective Accrual End Date** in respect of such Effective Accrual Period and respectively considered as included or excluded in accordance with the definition of Interest Accrual Period.
- If no Virtual Period Date occurs between the relevant Effective Start Date and Effective End Date, both excluded, then the Effective Interest Period shall be deemed to be a single Effective Accrual Period, for

which the Effective Accrual Start Date and Effective Accrual End Date are the Effective Start Date and the Effective End Date, respectively.

Any Effective Accrual Period is, by construction, included within a Virtual Interest Accrual Period, and the applicable Interest Basis for such Effective Accrual Period shall be deemed to be the Interest Basis that would have applied for the relevant Interest Accrual Period in accordance with the applicable Final Terms prior to taking into account this Additional Provision, subject to any subsequent provision as specified hereafter.

Floating Margin Time Average is applicable by default, for all relevant periods, unless otherwise specified in the applicable Final Terms, and means, for successive Effective Accrual Periods (a) for which the applicable Interest Basis is Floating Rate (possibly with different levels of respective Margin but otherwise similar, notably the applicable floating rate and its method of determination and the applicable Minimum and Maximum Interest Rate and Rate Multiplier if any), (b) in respect of which Dual Currency Notes Provisions is not applicable and (c) with respect to which Floating Margin Time Average is specified hereon to be Applicable as the case may be, that the Margin that shall be applied, subject to Overnight Compounding Contiguity as applicable, for the determination of the Effective Accrual Rate as defined hereafter, shall be the relevant time weighted average of the respective Margins specified for each relevant Interest Accrual Period, that is, for avoidance of doubt:

$$\left[\sum_{i=1}^n (r_i \times DCF_i) \right] / \left[\sum_{i=1}^n (DCF_i) \right]$$

Where **n** is the number of such successive Effective Accrual Periods and for each Effective Accrual Period **i** (i=1 to n):

m_i is the Margin specified in the applicable Final Terms that would otherwise be applicable for the relevant Interest Accrual Period, and **DCF_i** is the relevant Day-Count Fraction for the Effective Accrual Period **i**.

Overnight Compounding Contiguity is applicable by default, for all relevant periods, unless otherwise specified in the applicable Final Terms, and means that, for successive Effective Accrual Periods for which (a) Floating Margin Time Average is Applicable, (b) the relevant Floating Rate Interest Basis corresponds to the compounding of an overnight rate and (c) with respect to which Overnight Compounding Contiguity is specified hereon to be Applicable as the case may be, that:

- These successive initial Effective Accrual Periods shall be deemed to be merged into a single Effective Accrual Period, for which the Effective Accrual Start Date shall be the this of the first initial Effective Accrual Period and the Effective Accrual End Date shall be this of the last initial Effective Accrual Period;
- the relevant, overnight rate compounding, Floating Rate Interest Basis shall apply for this single merged Effective Accrual Period, whereby (a) the overnight rate compounding is performed over this single merged Effective Accrual Period (notably in accordance with provisions set out under (i) and (ii) in the definition of Effective Accrual Rate hereunder), (b) the average Margin, calculated as per Floating Margin Time Average

above, applies on the compounded rate so determined and (c) as applicable, the Minimum Rate, Maximum Rate and/or Rate Multiplier if any is applied to the resulting interest rate so obtained.

Fixed Rate Time Average is applicable by default, for all relevant periods, unless otherwise specified in the applicable Final Terms, and means, for successive Effective Accrual Periods together included within a period that (a) corresponds to successive Interest Accrual Periods for which the Interest Basis is Fixed Rate, (b) in respect of which Dual Currency Notes Provisions is not applicable and (c) with respect to which Fixed Rate Time Average is specified hereon to be Applicable as the case may be, that the Fixed Rate that shall be applied, for the determination of the Effective Accrual Rate as defined hereafter, shall be the relevant time weighted average of the respective Fixed Rates applicable for each relevant Interest Accrual Period, that is, for avoidance of doubt:

$$\left[\sum_{i=1}^n (r_i \times DCF_i) \right] / \left[\sum_{i=1}^n (DCF_i) \right]$$

Where **n** is the number of such successive Effective Accrual Periods and for each Effective Accrual Period **i** (i=1 to n):

r_i is the Fixed Rate specified in the applicable Final Terms that would otherwise be applicable for the relevant Interest Accrual Period (or, if only a Fixed Amount was specified, the corresponding annualized Fixed Rate deduced from the Day-Count Fraction of such Interest Accrual Period for the relevant Outstanding Calculation Amount) and **DCF_i** is the relevant Day-Count Fraction for the Effective Accrual Period **i**.

Effective Accrual Rate means a rate expressed as a percentage corresponding to the accrual of interest determined in respect of an Effective Accrual Period in accordance with the relevant Interest Basis (subject as applicable to the provisions of Fixed Rate Time Average, Floating Rate Time Average and/or Overnight Compounding Contiguity), which rate, for the avoidance of doubt, is not annualized but incorporates a relevant Day-Count Fraction, and is determined as follows:

- (i) any date adjustment (including but not limited to any Business Day Convention adjustment, any lag or cutoff, notably directly or indirectly with respect to a relevant Interest Accrual Period Start Date, Interest Accrual Period End Date or Interest Payment Date respectively) shall be construed accordingly with respect to the relevant Effective Accrual Period (and to its Effective Accrual Start Date and Effective Accrual End Date respectively); and
- (ii) any determination method and relevant determination date for any relevant Underlying shall be construed accordingly (including, as the case may be, the determination of any foreign exchange conversion rates for the purpose of Dual Currency Notes).

In accordance with the relevant Interest Basis applied, in accordance with (i) and (ii) above, to the relevant Effective Accrual Period, the Effective Accrual Rate is the percentage equal to:

- (a) if Dual Currency Notes Provisions is not applicable and the Interest Basis provides an annualized Interest Rate, for payment in the Specified Currency, the product of (x) such Interest Rate multiplied by (y) the relevant Day-Count Fraction of the relevant Effective Accrual Period; or
- (b) equivalently as required, if Dual Currency Notes Provisions is not applicable and the Interest Basis doesn't provide an annualized Interest Rate but directly an Interest Amount in the Specified Currency, notably but not limitedly in the case where the relevant Interest Basis is Fixed Rate for which only a Fixed Amount in the Specified Currency was specified with respect to the relevant Interest Accrual Period, the ratio of (x) such Interest Amount divided by (y) the relevant applicable Outstanding Calculation Amount; or
- (c) if Dual Currency Notes Provisions is applicable in respect of the relevant Effective Accrual Period, the Effective Accrual Rate is not applicable and deemed to be equal to 0 (zero) and the **Effective Dual Currency Interest Amount** in respect of such Effective Accrual Period is the relevant amount of interest expressed in the relevant settlement currency (for avoidance of doubt, whether such settlement currency is a relevant Secondary Currency or the Specified Currency for Dual Currency Notes where Settlement in the Specified Currency is applicable).

Subject as provided hereafter:

- subsequent to (b) above, if the Effective Accrual Period is shorter than the relevant Virtual Interest Accrual Period within which it is included (that is, if the Effective Accrual Start Date is strictly later than the relevant Interest Accrual Start Date and/or the Effective Accrual End Date is strictly earlier than the relevant Interest Accrual End Date) and for which the Interest Amount was intended to apply, the percentage obtained as per (b) above shall be multiplied by the ratio of (x) the Day-Count Fraction of the Effective Accrual Period divided by (y) the Day-Count Fraction of the Virtual interest Accrual Period; and
- If Fixed Rate Continuous Compounding is specified and applicable, the Effective Accrual Rate shall be determined as provided hereon thereafter.

Fixed Rate Continuous Compounding is deemed Not Applicable unless otherwise specified in the applicable Final Terms as either **Actuarial Year Fraction Compounding or Continuous Exponential Compounding** whereby, for a relevant Effective Accrual Period where the applicable Interest Basis is Fixed Rate and for which Dual Currency Notes Provisions is not applicable, the relevant Effective Accrual Rate is:

- If Actuarial Year Fraction Compounding is applicable, then Effective Accrual Rate = $[(1 + R)^{DCF}] - 1$
- If Continuous Exponential Compounding is applicable, then: Effective Accrual Rate = $\text{Exp}\{R \times DCF\} - 1$

With $R = A / DCF$

Where:

- **DCF** means the relevant Day-Count Fraction for the Effective Accrual Period; and
- **A** means the relevant percentage initially determined as Effective Accrual Rate prior to taking into account Fixed Rate Continuous Compounding

Effective Accrual Mode means, by default, **Period Compounding** or, if so provided in the applicable Final Terms, **Linear Additive Accrual**.

Effective Interest Amount means, with respect to an Effective Interest Period, the amount in the Specified Currency determined as follows:

If Effective Accrual Mode is Period Compounding then:

$$\text{Effective Interest Amount} = C \times [\prod_{i=1 \text{ to } m} (1+A_i) - 1]$$

Where **C** is the relevant Outstanding Calculation Amount per Note expressed in the Specified Currency (prior to taking in to account any redemption, whether in full or in part that would be deemed to be effective in respect of, but not prior to the relevant Effective Coupon Date), **m** is the number of Effective Accrual Periods within the relevant Effective Interest Period and, for each such Effective Accrual Period *i* (for *i* = 1 to *m*) **A_i** is the relevant Effective Accrual Rate.

Otherwise if Effective Accrual Mode is Linear Additive Accrual:

$$\text{Effective Interest Amount} = C \times \sum_{i=1 \text{ to } m} (A_i)$$

For avoidance of doubt, if there is a single Effective Accrual Period then the Effective Interest Amount is the product of the relevant Outstanding Calculation Amount multiplied by the relevant Effective Accrual Rate.

ANNEX RELATING TO PROPRIETARY INDICES

For the purposes of the EU Benchmarks Regulation, as at the date of this Base Prospectus, the indices administered by NATIXIS acting as registered index administrator (each a **Proprietary Index** and together the **Proprietary Indices**), are indices which may be used to calculate the amounts due under Index Linked Notes. Indeed, NATIXIS is included in the ESMA's register of administrators pursuant to Articles 34 and 36 of the EU Benchmarks Regulation.

As a licensed benchmark administrator (within the meaning of the EU Benchmarks Regulation), NATIXIS has put internal policies and procedures in place for purposes of maintaining and monitoring the indices. The governing rules of each Proprietary Index (including methodology of each Proprietary Index for the selection and the rebalancing of the components of such index, description of market disruption events and of adjustment rules) are based on predetermined and objective criteria. The Proprietary Indices administration activities are separated from NATIXIS' note issuance activities.

The rules and the information about the performances of each Proprietary Index are either freely available on the dedicated website of NATIXIS (<https://equityderivatives.natixis.com>) or, where appropriate, made available to the holders of the Notes upon request made in writing to NATIXIS.

INDEX DISCLAIMERS

The indices which are specified in the applicable Final Terms in relation to the Structured Notes (each, for the purposes of this disclaimer only, an **Index**), are the property of the index sponsor (the **Index Sponsor**) and has been licensed for use in connection with the Notes. Each of the Noteholders acknowledges and agrees that the Notes are not sponsored, endorsed, or promoted by the Index Sponsor. The Index Sponsor makes no representation whatsoever, whether express or implied, and hereby expressly disclaims all warranties (including, without limitation, those of the merchantability or fitness for a particular purpose or use), with respect to the Index or any data included therein or relating thereto, and in particular disclaim any warranty either as to the quality, accuracy and/or completeness of the Index or any data included therein, the results obtained from the use of the Index and/or the composition of the Index at any particular time on any particular date or otherwise and/or the creditworthiness of any entity, or the likelihood of the occurrence of any (however defined) with respect to an obligation, in the Index at any particular time on any particular date or otherwise. The Index Sponsor shall not be liable (whether in negligence or otherwise) to the parties or any other person for any error in the Index, and the Index Sponsor is under no obligation to advise the parties or any person of any error therein.

The Index Sponsor makes no representation whatsoever, whether express or implied, as to the advisability of purchasing or selling the Notes, the ability of the Index to track relevant markets' performances, or otherwise relating to the Index or any transaction or product with respect thereto, or of assuming any risks in connection therewith. The Index Sponsor has no obligation to take the needs of any party into consideration in determining, composing or calculating the Index. No party purchasing or selling the Notes, nor the Index Sponsor shall have any liability to any party for any act or failure to act by the Index Sponsor in connection with the determination, adjustment, calculation or maintenance of the Index.

USE OF PROCEEDS

The net proceeds from the issue of Notes issued by Natixis Structured Issuance SA will either be (i) on-lent by Natixis Structured Issuance SA to NATIXIS under the terms of the NSI Loan Agreement, as described under Section "*Description of the Issuers*" of this Base Prospectus, and will be applied by NATIXIS for its general corporate purposes, affairs and business development and/or (ii) used by Natixis Structured Issuance SA for its general corporate purposes, affairs and business development and/or (iii) for any other purpose stated in the applicable Final Terms such as, without limitation, the funding of sustainable development assets. If the Notes are Green Bonds, Social Bonds and/or Sustainability Bonds (as defined below) the net proceeds will be used as described below.

The net proceeds of Notes issued by NATIXIS will be used by NATIXIS for its general banking purposes, affairs and business development or for general working capital. If the Notes are Green Bonds, Social Bonds and/or Sustainability Bonds (as defined below) the net proceeds will be used as described below.

The net proceeds from the issue of the Secured Notes will be used by NCIBL to acquire Collateral Assets (including, where applicable, any fees due and payable in connection therewith) and/or enter into and/or make payments under the relevant Repurchase Transactions, Swap Transactions and/or Lending Transactions. If the Notes are Green Bonds, Social Bonds and/or Sustainability Bonds (as defined below) the net proceeds will be used as described below.

In accordance with the Green Funding Framework and/or the Social Funding Framework of the Sustainable Development Funding Programme of BPCE Group (as amended from time to time), each Issuer (as a member of the BPCE Group) may issue three main types of sustainable bonds instruments: green bonds (**Green Bonds**), social bonds (**Social Bonds**) and sustainability bonds (**Sustainability Bonds**), or any other category that may be added from time to time, as further specified in the applicable Final Terms. The Green Funding Framework and Social Funding Framework are published in a dedicated section on the BPCE's website (<https://groupebpce.com/en/investors/sustainable-bonds/framework-isin-of-issuances>).

If the applicable Final Terms specify that the Notes are "Green Bonds", an amount equal to the net proceeds of the issuance of the Notes issued by (i) NATIXIS or NCIBL will be allocated to finance or refinance, in whole or in part, eligible green assets as defined in the BPCE Group Sustainable Development Funding Programme – Green Funding Framework (as amended from time to time) published in a dedicated section of BPCE's website and (ii) Natixis Structured Issuance SA will be on-lent by Natixis Structured Issuance SA to NATIXIS under the terms of the Loan Agreement, as described under Section "*Description of the Issuers*" of this Base Prospectus, and an amount equivalent will be allocated by NATIXIS or the BPCE Group to finance or refinance, in whole or in part, eligible green assets. It is the intention of the Issuers that the Green Bonds will contribute to one or several environmental goals of the United Nations Sustainable Development Goals and will be aligned with the Green Bond Principles published by the International Capital Markets Association (the **ICMA**) (as amended from time to time). The Green Funding Framework describes, in addition to the eligibility criteria, the process for asset evaluation and selection, the management of proceeds, the reporting and the external reviews (second party opinion and verification) applicable.

If the applicable Final Terms specify that the Notes are "Social Bonds", an amount equal to the net proceeds of the issuance of the Notes issued by (i) NATIXIS or NCIBL will be allocated to finance or refinance, in whole or in part, eligible social assets as defined in the BPCE Group Sustainable Development Funding Programme – Social Funding Framework (as amended from time to time) published in the dedicated section of BPCE's website and (ii) Natixis Structured Issuance SA will be on-lent by Natixis Structured Issuance SA to NATIXIS under the terms of the Loan Agreement, as described under Section "*Description of the Issuers*" of this Base Prospectus, and an amount equivalent will be allocated by NATIXIS or the BPCE Group to finance or refinance, in whole or in part, eligible social assets. It is the intention of the Issuers that the Social Bonds will contribute to one or several social goals of the United Nations Sustainable Development Goals and will be aligned with the Social Bond

Principles published by the ICMA (as amended from time to time). The Social Funding Framework describes, in addition to the eligibility criteria, the process for asset evaluation and selection, the management of proceeds, the reporting and the external reviews (second party opinion and verification) applicable.

If the applicable Final Terms specify that the Notes are "Sustainability Bonds", an amount equal to the net proceeds, of the issuance of the Notes issued by (i) NATIXIS or NCIBL will be allocated to finance or refinance, in whole or in part, a mix of eligible green assets and eligible social assets as defined in BPCE Group Sustainable Development Funding Programme – Green Funding Framework and BPCE Group Sustainable Development Funding Programme – Social Funding Framework (as amended from time to time) published in the dedicated section of BPCE's website and (ii) Natixis Structured Issuance SA will be on-lent by Natixis Structured Issuance SA to NATIXIS under the terms of the Loan Agreement, as described under Section "*Description of the Issuers*" of this Base Prospectus, and an amount equivalent will be allocated by NATIXIS or the BPCE Group to finance or refinance, in whole or in part, a mix of eligible green assets and eligible social assets. It is the intention of the Issuers that the Sustainability Bonds will contribute to one or several environmental and social goals of the United Nations Sustainable Development Goals and will be aligned with the Sustainability Bond Guidelines published by the ICMA (as amended from time to time). The Green Funding Framework and Social Funding Framework describes, in addition to the eligibility criteria, the process for asset evaluation and selection, the management of proceeds, the reporting and the external reviews (second party opinion and verification) applicable.

The Green Bond Principles, the Social Bond Principles and the Sustainability Bond Guidelines, published by the Principles' secretariat housed by ICMA, are voluntary process guidelines that encourage transparency and disclosure and promote integrity in the development of the Green Bond, Social Bond and Sustainability Bonds markets by clarifying the approach for issuance of these bonds.

BPCE has appointed ISS Corporate Solutions (ICS) to provide a second party opinion (the **Second Party Opinion**) on the Green Funding Framework and Social Funding Framework, assessing the BPCE Group Sustainable Development Funding Programme and its alignment with the Green Bond Principles, the Social Bond Principles and the Sustainability Bond Guidelines. Both Second Party Opinion documents are available, and any further second party opinions which may be rendered in respect of the issue of Notes within the Green Funding Framework and/or the Social Funding Framework will be available, on the BPCE Group's website (<https://groupebpce.com/en/investors/sustainable-bonds/framework-isin-of-issuances>).

An amount equal to the net proceeds of the Green Bonds, Social Bond and/or Sustainability Bonds issues, swapped into the currency in which the Eligible Assets are denominated if the bonds are not issued in that currency, will be granted to an entity or entities within the BPCE group (Banque Populaire banks and their subsidiaries, Caisse d'Épargne banks and their subsidiaries and direct and /or indirect subsidiaries of BPCE (the **BPCE Group**)) by way of intra-group loans in the currency in which the Eligible Assets are denominated and will be earmarked to Eligible Assets.

Pending full allocation or reallocation (as the case may be) to Eligible Assets, NATIXIS will invest an amount equal to the balance of net proceeds not then allocated to Eligible Assets, at its own discretion, in cash or cash equivalents. The BPCE Group has established systems to monitor and account for the allocation of the proceeds. The portfolio of Eligible Assets is updated at least annually to include any new Eligible Asset, and to remove any Eligible Asset that has been repaid or that has ceased to be eligible according to the BPCE Group Sustainable Development Funding Programme – Green Funding Framework and/or Social Funding Framework selection criteria. Eligible Assets in the portfolio are accounted for their outstanding capital and in case of partial or complete redemption of an Eligible Asset, the eligible value in the portfolio will decline similarly. The portfolio of Eligible Assets is screened for normal and early repayments and will be replenished with additional Eligible Assets if necessary and until the maturity of the Green Bonds, Social Bonds and/or Sustainability Bonds. In case of divestment of any Eligible Asset, or if any Eligible Asset fails to ensure continued alignment with the applicable eligibility criteria of the Green Funding Framework and/or Social Funding Framework, it will be replaced with new Eligible Asset(s) as soon as reasonably practicable.

The BPCE group will also appoint an external auditor who will provide a limited assurance report on the compliance of the Issuer with the Green Funding Framework and/or Social Funding Framework. Different external auditors may be appointed from time to time by the BPCE group within the life of the Green Bonds, Social Bonds and/or Sustainability Bonds. As of the date of this Base Prospectus, the current external auditor is KPMG S.A.

Payment of principal and interest on any Green Bonds or Social Bonds or Sustainability Bonds will be made from the Issuer's general funds and will not be directly linked to the performance of any Eligible Asset.

The relevant Final Terms of Green Bonds, Social Bonds and/or Sustainability Bonds will provide the relevant details such as references to the applicable framework (defining *inter alia* the selection criteria for Eligible Assets) under which such Green Bonds, Social Bonds and/or Sustainability Bonds are issued as well as what information will be reported as post issuance information. The Final Terms may direct investors to the relevant section of the website of BPCE to provide such information.

CLEARING AND SETTLEMENT IN RELATION TO ENGLISH LAW NOTES

Book-Entry Ownership

Bearer Notes

The relevant Issuer may make applications to Clearstream and Euroclear and/or a sub-custodian for the CMU for acceptance in their respective book-entry systems in respect of any Series of Bearer Notes. In respect of Bearer Notes in CGN form, a Temporary Global Note and/or a Permanent Global Note in bearer form without coupons may be deposited with a common depository for Clearstream and Euroclear and/or a sub-custodian for the CMU, and in NGN form with a common safekeeper for Euroclear and Clearstream and/or a sub-custodian for the CMU. Transfers of interests in such Temporary Global Notes or other Global Notes will be made in accordance with the normal Euromarket debt securities operating procedures of Clearstream and Euroclear and/or the CMU rules and procedures.

CREST Depository Interests

Following their delivery into Euroclear and/or Clearstream, interests in Notes may be delivered, held and settled in CREST by means of the creation of CDIs representing the interests in the relevant Underlying Notes. The CDIs will be issued by the CREST Depository to CDI Holders and will be governed by English Law.

The CDIs will represent indirect interests in the interest of CREST International Nominees Limited (the **CREST Nominee**) in the Underlying Notes. Pursuant to the CREST Manual (as defined below), Notes held in global form by the common depository or common safekeeper may be settled through CREST, and the CREST Depository will issue CDIs. The CDIs will be independent securities distinct from the Notes, constituted under English law and may be held and transferred through CREST.

Interests in the Underlying Notes will be credited to the CREST Nominee's account with Euroclear and the CREST Nominee will hold such interests as nominee for the CREST Depository which will issue CDIs to the relevant CREST participants.

Each CDI will be treated by the CREST Depository as if it were one Underlying Note, for the purposes of determining all rights and obligations and all amounts payable in respect thereof. The CREST Depository will pass on to CDI Holders any interest or other amounts received by it as holder of the Underlying Notes on trust for such CDI Holder. CDI Holders will also be able to receive from the CREST Depository notices of meetings of holders of Underlying Notes and other relevant notices issued by the relevant Issuer.

Transfers of interests in Underlying Notes by a CREST participant to a participant of Euroclear or Clearstream will be effected by cancellation of the corresponding CDIs and transfer of an interest in such Underlying Notes to the account of the relevant participant with Euroclear or Clearstream.

The CDIs will have the same ISIN as the ISIN of the Underlying Notes and will not require a separate listing on the Official List maintained by the UK Listing Authority.

Prospective subscribers for Notes represented by CDIs are referred to Section 3 (Crest International Manual) of the CREST Manual which contains the form of the CREST Deed Poll to be entered into by the CREST Depository. The rights of the CDI Holders will be governed by the arrangements between CREST, Euroclear, Clearstream and the relevant Issuer including the CREST Deed Poll in the form contained in Section 3 of the CREST Manual executed by the CREST Depository. These rights may be different from those of holders of Notes which are not represented by CDIs.

If issued, CDIs will be delivered, held and settled in CREST, by means of the CREST International Settlement Links Service. The settlement of the CDIs by means of the CREST International Settlement Links Service has the following consequences for CDI Holders:

- (a) CDI Holders will not be the legal owners of the Underlying Notes or have a direct beneficial interest in the Underlying Notes. The CDIs are separate legal instruments from the Underlying Notes to which they relate and represent an indirect interest in such Underlying Notes.
- (b) The Underlying Notes themselves (as distinct from the CDIs representing indirect interests in such Underlying Notes) will be held in an account with a custodian. The custodian will hold the Underlying Notes through a clearing system. Rights in the Underlying Notes will be held through custodial and depositary links through the appropriate clearing systems. The legal title to the Underlying Notes or to interests in the Underlying Notes will depend on the rules of the clearing system in or through which the Underlying Notes are held.
- (c) Rights under the Underlying Notes cannot be enforced by CDI Holders except indirectly through the intermediary depositaries and custodians described above. The enforcement of rights under the Underlying Notes will therefore be subject to the local law of the relevant intermediary. The rights of CDI Holders to the Underlying Notes are represented by the entitlements against the CREST Depository which (through the CREST Nominee) holds interests in the Underlying Notes. This could result in an elimination or reduction in the payments that otherwise would have been made in respect of the Underlying Notes in the event of any insolvency or liquidation of the relevant intermediary, in particular where the Underlying Notes held in clearing systems are not held in special purpose accounts and are fungible with other securities held in the same accounts on behalf of other customers of the relevant intermediaries.
- (d) The CDIs issued to CDI Holders will be constituted and issued pursuant to the CREST Deed Poll. CDI Holders will be bound by all provisions of the CREST Deed Poll and by all provisions of or prescribed pursuant to the CREST manual issued by Euroclear UK & Ireland (including the CREST International Manual dated 8 December 2020) as amended, modified, varied or supplemented from time to time (the **CREST Manual**) and the CREST Rules dated 15 January 2014 (the **CREST Rules**) (contained in the CREST Manual) applicable to the CREST International Settlement Links Service and CDI Holders must comply in full with all obligations imposed on them by such provisions.
- (e) Potential investors should note that the provisions of the CREST Deed Poll, the CREST Manual and the CREST Rules contain indemnities, warranties, representations and undertakings to be given by CDI Holders and limitations on the liability of the CREST Depository as issuer of the CDIs.
- (f) CDI Holders may incur liabilities resulting from a breach of any such indemnities, warranties, representations and undertakings in excess of the money invested by them. The attention of potential investors is drawn to the terms of the CREST Deed Poll, the CREST Manual and the CREST Rules, copies of which are available from the CREST website from time to time (at the date of this Base Prospectus, being at www.euroclear.com/site/public/EUI).
- (g) Potential investors should note CDI Holders may be required to pay fees, charges, costs and expenses to the CREST Depository in connection with the use of the CREST International Settlement Links Service. These will include the fees and expenses charged by the CREST Depository in respect of the provision of services by it under the CREST Deed Poll and any taxes, duties, charges, costs or expenses which may be or become payable in connection with the holding of the CDIs through the CREST International Settlement Links Service.
- (h) Potential investors should note that none of the relevant Issuer, the relevant Dealer, the Trustee and the Agents will have any responsibility for the performance by any intermediaries or their respective direct or indirect participants or accountholders of their respective obligations under the rules and procedures governing their operations.

- (i) Potential investors should note that Notes represented upon issue by a Temporary Global Note exchangeable for a Permanent Global Note will not be immediately eligible for CREST settlement as CDIs. In such case, investors investing in the Underlying Notes through CDIs will only receive the CDIs after such Temporary Global Note is exchanged for a Permanent Global Note, which could take up to 40 days after the issue of the Notes. It is anticipated that Notes eligible for CREST settlement as CDIs will be issued in registered form or, if issued in bearer form, will be represented upon issue by a Permanent Global Note.

Registered Notes

The relevant Issuer may make applications to Clearstream and Euroclear for acceptance in their respective book-entry systems in respect of the Notes to be represented by an Unrestricted Registered Global Note. Each Unrestricted Registered Global Note deposited with a nominee for Clearstream and/or Euroclear will have an ISIN and a Common Code.

All Registered Notes will initially be in the form of an Unrestricted Registered Global Note. Definitive Registered Notes will only be available in amounts specified in the applicable Final Terms. Transfers of interests in Registered Global Notes within Clearstream and Euroclear will be in accordance with the usual rules and operating procedures of the relevant clearing system.

On or after the Issue Date for any Series, transfers of Notes of such Series between accountholders in Clearstream and Euroclear will generally have a settlement date two business days after the trade date (T+2). The customary arrangements for delivery versus payment will apply to such transfers.

For a further description of restrictions on transfer of Registered Notes, see "*Transfer Restrictions*".

Finnish Notes

The Finnish Notes will be issued in registered, uncertificated and dematerialised book-entry form in accordance with the Finnish Act on the Book-entry Securities System and Clearing Operations (Fin. *laki arvo-osuusjärjestelmästä ja selvitystoiminnasta* 348/2017, as amended) and the Finnish Act on Book-Entry Accounts (Fin. *laki arvo-osuustileistä* 827/1991, as amended) with the Finnish Central Securities Depository, Euroclear Finland and no physical certificates or other physical instruments will be issued in respect of the Finnish Notes. In order to effect entries in Euroclear Finland's system, Noteholders must establish a book-entry account. A book-entry account may be established with a credit institution or a securities intermediary acting as an account operator for Euroclear Finland. All transactions in book-entry securities are executed as computerised book-entry transfers.

Title to Finnish Notes shall pass by transfer from a Noteholder's book-entry account to another book-entry account perfected in accordance with the Finnish CSD Rules, except where the Finnish Notes are nominee-registered and are transferred from one sub-account to another with the same nominee.

Finnish Notes shall be subject to cash settlement. Payments of principal, interest and/or any other amount payable under the Conditions shall be made to the Noteholders or, where a pledge or other right to the payment is registered against the Noteholder's Securities Account, to holders of any such right, in each case as recorded as such on the business day (as defined by the then applicable Finnish CSD Rules) immediately preceding the due date for such payment.

Norwegian Notes

The Norwegian Notes will be issued in registered, uncertificated and dematerialised book-entry form in accordance with the Norwegian CSD Rules, and no physical certificates or other physical instruments will be issued in respect of the Norwegian Notes. In order to effect entries in the Norwegian CSD, Noteholders must establish a book-entry account through a credit institution or a securities intermediary acting as an account operator (*kontofører investor*) in the Norwegian CSD. All transactions relating to the Norwegian Notes are executed as computerised book-entry registrations.

Title to Norwegian Notes shall pass by transfer from a Noteholder's book-entry account to another book-entry account perfected in accordance with the Norwegian CSD Rules and, where the register of the relevant intermediary is held in another jurisdiction, the laws of such other jurisdiction.

Payments of principal, interest and/or any other amount payable under the Conditions in respect of Norwegian Notes shall be made on the due date for such payment to the person recorded as the holder thereof in the register of Norwegian CSD on the second business day (as defined by the then applicable Norwegian CSD Rules) before such due date, or such other business day falling closer to the due date as then may be stipulated by such Norwegian CSD Rules.

Swedish Notes

The Swedish Notes will be issued in registered, uncertificated and dematerialised book-entry form in accordance with the Swedish CSD Rules, and no physical certificates or other physical instruments will be issued in respect of the Swedish Notes. In order to effect entries in the Swedish CSD, Noteholders must establish a book-entry account through a credit institution or a securities intermediary acting as an account operator in the Swedish CSD. All transactions relating to the Swedish Notes are executed as computerised book-entry registrations.

Title to Swedish Notes shall pass by transfer from a Noteholder's book-entry account to another book-entry account perfected in accordance with the Swedish CSD Rules and, where the register of the relevant intermediary is held in another jurisdiction, the laws of such other jurisdiction.

Payments of principal, interest and/or any other amount payable under the Conditions in respect of Swedish Notes shall be made on the due date for such payment to the person recorded as the holder thereof in the Swedish Register on the fifth business day (as defined by the then applicable Swedish CSD Rules) before such due date, or such other business day falling closer to the due date as then may be stipulated by such Swedish CSD Rules.

Danish Notes

The Danish Notes will be issued in registered, uncertificated and dematerialised book-entry form in accordance with the Danish CSD Rules, and no physical certificates or other physical instruments will be issued in respect of the Danish Notes. In order to effect entries in the Danish CSD, Noteholders must establish a book-entry account through a credit institution or a securities intermediary acting as an account operator in the Danish CSD. All transactions relating to the Danish Notes are executed as computerised book-entry registrations.

Title to Danish Notes shall pass by transfer from a Noteholder's book-entry account to another book-entry account perfected in accordance with the Danish CSD Rules and, where the register of the relevant intermediary is held in another jurisdiction, the laws of such other jurisdiction.

Payments of principal, interest and/or any other amount payable under the Conditions in respect of Danish Notes shall be made on the due date for such payment to the person recorded as the holder thereof in the Danish Register on the business day (as defined by the then applicable Danish CSD Rules) before such due date, or such other business day falling closer to the due date as then may be stipulated by such Danish CSD Rules.

Swiss Notes

In order to hold or transfer Swiss Notes, Noteholders must establish a book-entry account. A book-entry account may be established at a credit institution or a securities intermediary acting as an account operator for the SIS. All transactions in book-entry securities are executed as book-entry transfers.

Swiss Notes are transferred or otherwise disposed of by entry of the transferred Notes in a securities account of the transferee.

Payments of principal, interest and/or any other amount payable under the Conditions in respect of Swiss Notes shall be made on the due date for such payment through SIS.

Italian Notes

The Italian Notes (including the Italian Listed Certificates) will not be represented by paper certificates and the transfer and exchange of Notes will take place exclusively through an electronic book-entry system managed by Monte Titoli S.p.A.. Accordingly, the Italian Notes will be held in dematerialised form on behalf of the beneficial owners, until redemption or cancellation thereof, by Monte Titoli S.p.A., also known as Euronext Securities Milan, with registered office and principal place of business at Piazza degli Affari 6, 20123 Milan, Italy (**Monte Titoli** or **Euronext Securities Milan**), for the account of the relevant Monte Titoli Accountholders. The expression **Monte Titoli Accountholders** means any authorised financial intermediary institution entitled to hold accounts on behalf of their customers with Euronext Securities Milan and includes any depository banks appointed by Euroclear and Clearstream.

Euronext Securities Milan opens specific securities accounts in order to record the centralised financial instruments: (i) accounts are opened in the name of each issuer, each of which shall be subdivided into as many sub-accounts as the number of the issues of centralised financial instruments; and (ii) accounts are opened in the name of each intermediary – distinct own accounts and "third party" accounts – each of which shall be subdivided into sub-accounts for each type of centralised financial instrument.

Italian Notes (including the Italian Listed Certificates) held through Euronext Securities Milan are freely transferable by way of book entry in the accounts of the relevant Monte Titoli Accountholder. All such transfers must be carried out in accordance with the requirements of the Italian Financial Services Act, with the requirements of the CONSOB and Bank of Italy Regulation and in accordance with the rules of Euronext Securities Milan. Any transfers failing to comply with such requirements shall be ineffective.

The person who is for the time being shown in the accounts of relevant Monte Titoli Accountholder as the holder of a particular amount of Italian Notes (including the Italian Listed Certificates) (in which regard any certificate, record or other document issued by the relevant Monte Titoli Accountholder as to the amount of Notes standing to the account of such person shall be conclusive and binding for all purposes save in the case of manifest error) shall (except as otherwise required by law) be treated for all purposes by the Issuer, the Italian Paying Agent and all other persons dealing with such person, as the holder thereof and as the person entitled to exercise the rights represented thereby notwithstanding any notice to the contrary (and the expressions "Noteholder" and "holder of Notes" and related expressions shall be construed accordingly).

No physical document of title will be issued in respect of the Italian Notes. However, the Noteholders are not entitled to receive physical delivery of the Italian Notes. However, the Noteholders may request the relevant intermediaries for certification pursuant to Article 83-*quinquies* and 83-*sexies* of the Italian Financial Services Act.

In these Conditions, "holder" in relation to Italian Notes means the persons for the time being shown in the records of Euronext Securities Milan or Monte Titoli Accountholder, as applicable as the holder of a particular amount of Italian Notes (in which regard any certificate or other document issued by Euronext Securities Milan as to the amount of such Italian Notes standing to the account of any person shall be conclusive and binding for all purposes save in the case of a manifest error) shall be treated by the Issuer and the agent as the holder of such amount of such Italian Notes for all purposes. Any reference herein to Receipts, Coupons and Talons and to their respective holders shall not be applicable.

Notes cleared through the CMU

The CMU is a central depository service provided by the Central Moneymarkets Unit of the HKMA for the safe custody and electronic trading between the members of this service (**CMU Members**) of Exchange Fund Bills and Notes Clearing and Settlement Service securities and capital markets instruments (together as **CMU Instruments**) which are specified in the CMU Reference Manual as capable of being held within the CMU.

The CMU is only available to CMU Instruments issued by a CMU Member or by a person for whom a CMU Member acts as agent for the purposes of lodging instruments issued by such persons. Membership of the CMU is open to financial institutions regulated by the HKMA, Securities and Futures Commission, Insurance Authority or Mandatory Provident Fund Schemes Authority. For further details on the full range of the CMU's custodial services, please refer to the CMU Reference Manual.

The CMU has an income distribution service which is a service offered by the CMU to facilitate the distribution of interest, coupon or redemption proceeds (collectively, the **income proceeds**) by CMU Members who are paying agents to the legal title holders of CMU Instruments via the CMU system. Furthermore, the CMU has a corporate action platform which allows an issuer (or its agent) to make an announcement/notification of a corporate action and noteholders to submit the relevant certification. For further details, please refer to the CMU Reference Manual.

An investor holding an interest through an account with either Euroclear or Clearstream in any Notes held in the CMU will hold that interest through the respective accounts which Euroclear and Clearstream each have with the CMU.

TRANSFER RESTRICTIONS

Regulation S

The Notes, the Unsecured Notes Guarantee and the Secured Notes Guarantee have not been and will not be registered under the U.S. Securities Act of 1933, as amended (the **Securities Act**) or under the securities law of any state or political sub-division of the United States. No person has registered nor will register as a commodity pool operator of any Issuer under the U.S. Commodity Exchange Act of 1936, as amended (the **CEA**) and the rules thereunder (the **CFTC Rules**) of the Commodity Futures Trading Commission (the **CFTC**), and the Issuers have not been and will not be registered under the U.S. Investment Company Act of 1940, as amended, nor under any other United States federal laws. The Notes are being offered and sold in reliance on an exemption from the registration requirements of the Securities Act pursuant to Regulation S.

Accordingly, the Notes, the Unsecured Notes Guarantee and the Secured Notes Guarantee may not be offered, sold, pledged or otherwise transferred except in an "Offshore Transaction" (as such term is defined under Regulation S) to or for the account or benefit of a Permitted Transferee.

The following definitions shall apply for the purposes of this transfer restriction:

Permitted Transferee means any person who is not:

- (a) a U.S. person as defined in Rule 902(k)(1) of Regulation S; or
- (b) a person who comes within any definition of U.S. person for the purposes of the CEA or any CFTC Rule, guidance or order proposed or issued under the CEA (for the avoidance of doubt, any person who is not a "Non-United States person" as such term is defined under CFTC Rule 4.7(a)(1)(iv), thereof, the exception for qualified eligible persons who are not "Non-United States persons", shall be considered a U.S. person).

Transfers of Notes within the United States or to any person other than a Permitted Transferee are prohibited. Any transfer of Notes (except French Law Notes) to a person other than a Permitted Transferee (a **Non-Permitted Transferee**) will be void *ab initio* and of no legal effect whatsoever. Accordingly, any purported transferee of any legal or beneficial ownership interest in a Note (except a French Law Note) in such a transaction will not be entitled to any rights as a legal or beneficial owner of such interest in such Note (except a French Law Note). The Issuer shall have the right at any time after becoming aware that any legal or beneficial ownership interest in a Note (except a French Law Note) is held by a Non-Permitted Transferee to require such Non-Permitted Transferee to sell such interest to (i) an affiliate of the Issuer (to the extent permitted by applicable law); or (ii) a person who is not a Non-Permitted Transferee, in each case in accordance with Condition 6(g) of the Terms and Conditions of the English Law Notes.

The foregoing restrictions on the offer, sale, pledge or other transfer of Notes to a Non-Permitted Transferee may adversely affect the ability of an investor in the Notes to dispose of the Notes in the secondary market, if any, and significantly reduce the liquidity of the Notes. As a result, the value of the Notes may be materially adversely affected.

As defined in Rule 902(k)(1) of Regulation S, "U.S. person" means:

- (a) Any natural person resident in the United States;
- (b) Any partnership or corporation organised or incorporated under the laws of the United States;
- (c) Any estate of which any executor or administrator is a U.S. person;
- (d) Any trust of which any trustee is a U.S. person;
- (e) Any agency or branch of a foreign entity located in the United States;

- (f) Any non-discretionary account or similar account (other than an estate or trust) held by a dealer or other fiduciary for the benefit or account of a U.S. person;
- (g) Any discretionary account or similar account (other than an estate or trust) held by a dealer or other fiduciary organised, incorporated, or (if an individual) resident in the United States; and
- (h) Any partnership or corporation if:
 - (i) Organised or incorporated under the laws of any foreign jurisdiction; and
 - (ii) Formed by a U.S. person principally for the purpose of investing in securities not registered under the Securities Act, unless it is organised or incorporated, and owned, by accredited investors (as defined in §230.501(a)) who are not natural persons, estates or trusts.

As defined in CFTC Rule 4.7, modified as indicated above, "Non-United States person" means:

- (a) A natural person who is not a resident of the United States;
- (b) A partnership, corporation or other entity, other than an entity organised principally for passive investment, organised under the laws of a foreign jurisdiction and which has its principal place of business in a foreign jurisdiction;
- (c) An estate or trust, the income of which is not subject to United States income tax regardless of source;
- (d) An entity organised principally for passive investment such as a pool, investment company or other similar entity; provided, that units of participation in the entity held by persons who do not qualify as Non-United States persons or otherwise as qualified eligible persons represent in the aggregate less than 10% of the beneficial interest in the entity, and that such entity was not formed principally for the purpose of facilitating investment by persons who do not qualify as Non-United States persons in a pool with respect to which the operator is exempt from certain requirements of part 4 of the Commodity Futures Trading Commission's regulations by virtue of its participants being Non-United States persons; and
- (e) A pension plan for the employees, officers or principals of an entity organised and with its principal place of business outside the United States.

As defined in the CFTC's interpretive guidance and policy statement regarding compliance with certain swap regulations, 78 Fed. Reg. 45292, 316 (Jul. 26, 2013), "U.S. person" includes, but is not limited to:

- (a) Any natural person who is a resident of the United States;
- (b) Any estate of a decedent who was a resident of the United States at the time of death;
- (c) Any corporation, partnership, limited liability company, business or other trust, association, joint-stock company, fund or any form of enterprise similar to any of the foregoing (other than an entity described in clauses (d) or (e), below) (a **legal entity**), in each case that is organised or incorporated under the laws of a state or other jurisdiction in the United States or having its principal place of business in the United States;
- (d) Any pension plan for the employees, officers or principals of a legal entity described in clause (c), unless the pension plan is primarily for foreign employees of such entity;
- (e) Any trust governed by the laws of a state or other jurisdiction in the United States, if a court within the United States is able to exercise primary supervision over the administration of the trust;
- (f) Any commodity pool, pooled account, investment fund, or other collective investment vehicle that is not described in clause (c) and that is majority-owned by one or more persons described in clause (a), (b), (c), (d), or (e), except any commodity pool, pooled account, investment fund, or other collective investment vehicle that is publicly offered only to non-U.S. persons and not offered to U.S. persons;

- (g) Any legal entity (other than a limited liability company, limited liability partnership or similar entity where all of the owners of the entity have limited liability) that is directly or indirectly majority-owned by one or more persons described in clause (a), (b), (c), (d), or (e) and in which such person(s) bears unlimited responsibility for the obligations and liabilities of the legal entity; and
- (h) Any individual account or joint account (discretionary or not) where the beneficial owner (or one of the beneficial owners in the case of a joint account) is a person described in clause (a), (b), (c), (d), (e), (f), or (g).

Each prospective purchaser of the Notes, by accepting delivery of this Base Prospectus and the Notes, and each transferee of the Notes by accepting the transfer of the Notes, will be deemed to have represented and agreed as follows:

- (a) it understands that the Notes, the Unsecured Notes Guarantee and the Secured Notes Guarantee have not been and will not be registered under the Securities Act and agrees that it will not, at any time during the term of the Notes, offer, sell, pledge or otherwise transfer the Notes, except in an "offshore transaction" (as such term is defined under Regulation S) to or for the account of a Permitted Transferee;
- (b) it understands and acknowledges that no person has registered nor will register as a commodity pool operator of any Issuer under the CEA and the CEA Rules;
- (c) (i) it is a Permitted Transferee and (ii) if it is acting for the account or benefit of another person, such other person is also a Permitted Transferee;
- (d) it understands and agrees that the Issuer has the right to compel any legal or beneficial owner of an interest in the Notes to certify periodically that such legal or beneficial owner is a Permitted Transferee;
- (e) it understands and acknowledges that the Issuer has the right to refuse to honour the transfer of an interest in the Notes (except French Law Notes) in violation of the transfer restrictions applicable to the Notes;
- (f) it understands and acknowledges that the Issuer has the right at any time after becoming aware that any legal or beneficial ownership interest in a Note (except a French Law Note) is held by a Non-Permitted Transferee to require such Non-Permitted Transferee to sell such interest to (i) an affiliate of the Issuer (to the extent permitted by applicable law) or (ii) a person who is not a Non-Permitted Transferee;
- (g) it agrees to provide notice of the restrictions set forth herein to any transferee of its interest in the Notes;
- (h) it understands that Notes will bear a legend regarding the restrictions set forth herein; and
- (i) it understands that any purported transfer in violation of the transfer restrictions applicable to the Notes (except French Law Notes) will be void ab initio and will not operate to transfer any rights to the Non-Permitted Transferee.

The Notes, the Unsecured Notes Guarantee and the Secured Notes Guarantee have not been approved or disapproved by the United States Securities and Exchange Commission (**SEC**) or any other regulatory agency in the United States, nor has the SEC or any other regulatory agency in the United States passed upon the accuracy or adequacy of this document or the merits of the Notes, the Unsecured Notes Guarantee or the Secured Notes Guarantee. Any representation to the contrary is a criminal offence in the United States. Furthermore, the Notes, the Unsecured Notes Guarantee and the Secured Notes Guarantee do not constitute, and have not been marketed as, contracts for the sale of a commodity for future delivery (or options thereon) subject to the CEA, and neither trading in the Notes nor this document has been approved by the CFTC under the CEA, and no person other than a Permitted Transferee may at any time trade or maintain a position in the Notes.

DESCRIPTION OF THE ISSUERS

1. Description of NATIXIS

- Please refer to the relevant pages of the NATIXIS 2023 Universal Registration Document which is incorporated by reference into this Base Prospectus, for a full description of NATIXIS (see Section “Documents Incorporated by Reference” of this Base Prospectus).
- On December 5, 2023 NATIXIS published the following press release:
« DECEMBER 5, 2023

Groupe BPCE is positioned well above the prudential capital requirements applicable in 2024 as laid down by the European Central Bank

Groupe BPCE has received notification from the European Central Bank concerning the results of the Supervisory Review and Evaluation Process (SREP) conducted in 2023, stating the level of prudential capital requirements for 2024.

The Common Equity Tier 1 (CET1) requirement applicable to Groupe BPCE on a consolidated basis has been set at 10.47% as of January 2nd, 2024, including:

- 1.58% with respect to the “Pillar 2 requirement” or P2R,
- 2.5% with respect to the capital conservation buffer,
- 1% with respect to the capital buffer for global systemically important banks (G-SIBs),
- 0.89% with respect to the countercyclical buffers¹.

The Total Capital requirement has been set at 14.49% including 2.1% of P2R.

With ratios as of September 30th, 2023 of 15.4% for its CET1 ratio and 18.2% for its Total Capital ratio, Groupe BPCE is positioned well above the prudential capital requirements due to be applied as of January 2nd, 2024.

The ECB also set NATIXIS' prudential capital requirements. Including 0.61% of countercyclical buffers on 2nd January 2024, NATIXIS' CET1 ratio requirement is set at 8.88% on the same date including Pillar 2 requirement of 2.25%, decreasing by 0.25% vs. 2023. With a fully loaded CET1 ratio of 11.2% as of June 30th, 2023, NATIXIS is also well above these regulatory requirements.

¹. Estimated amount after 50 bps increase for the CCyB in France scheduled as of January 2nd, 2024.»

2. Description of Natixis Structured Issuance

(a) General

Natixis Structured Issuance SA was incorporated in Luxembourg as a public limited liability company (*société anonyme*) with unlimited duration on 29 November 2013 under the name Natixis Structured Issuance SA and is registered with the Luxembourg trade and companies register under number B 182 619. Natixis Structured Issuance operates under the laws of Luxembourg; its legal name is Natixis Structured Issuance SA and its commercial name is Natixis Structured Issuance.

The articles of association of Natixis Structured Issuance were published in *Mémorial C, Recueil des Sociétés et Associations* number 205 of 23 January 2014. The coordinated articles of association of Natixis Structured Issuance as of 24 September 2018 were published on the *Recueil Electronique des Sociétés et Associations* number RESA_2018_257.591 of 16 November 2018.

The registered office of Natixis Structured Issuance is at 51, avenue J.F. Kennedy, L-1855 Luxembourg and its telephone number is + 352 26 44 91. Natixis Structured Issuance does not have its own website.

The legal entity identifier (**LEI**) of Natixis Structured Issuance is 549300YZ10WOWPBDW20.

(b) Principal activities and principal markets of Natixis Structured Issuance

The principal activities of Natixis Structured Issuance are those which are set out in article 4 (*Corporate objects*) of its articles of association which is incorporated by reference in this Base Prospectus (see Section “*Documents Incorporated by Reference*” of this Base Prospectus).

The activities in which Natixis Structured Issuance has engaged are those incidental to its incorporation and registration as a public limited liability company, the authorisation of the issue of the stand-alone Notes and of the Notes under this Base Prospectus, the issue of stand-alone warrants and of the warrants pursuant to its warrant programme established on 19 March 2014, as updated and supplemented from time to time (the **Warrant Programme**), the issue of French law bonds (*obligations*) pursuant to its *programme d'émission d'Obligations* which it acceded to as an issuer on 16 May 2014, as updated and supplemented from time to time (the **French Bonds Programme**), the issue of notes pursuant to its UK debt issuance programme established on 13 July 2021, as updated and supplemented from time to time (the **UK Debt Issuance Programme**), and the issue of notes or certificates pursuant to its German structured products retail programme established on 12 January 2024, as updated and supplemented from time to time (the **German Structured Products Retail Programme**), the matters referred to or contemplated in this Base Prospectus and the base prospectus of the Warrant Programme, the French Bonds Programme, the UK Debt Issuance Programme, the German Structured Retail Programme and the authorisation, execution, delivery and performance of the other documents referred to herein and therein to which it is a party and matters which are incidental or ancillary to the foregoing.

Natixis Structured Issuance conducts its business activities mainly in Europe and Asia. In the context of its activity as an issuer, Natixis Structured Issuance competes with other debt and derivative issuers.

(c) Administration, Management and Supervisory Bodies

As at the date of this Base Prospectus, the Directors of Natixis Structured Issuance are as follows:

Director	Principal outside activities
Sylvain Garriga	General Secretary, Natixis Structured Issuance
Nguyen Ngoc Quyen	Head of Long-Term Treasury, Cash and Collateral Management, Group BPCE/NATIXIS
Damien Chapon	Chief Executive Officer of Natixis Corporate and Investment Banking Luxembourg
Luigi Maulà	Head of Accounting Capital Markets Intertrust (Luxembourg) S.à r.l.
Alessandro Linguanotto	Manager Legal & Corporate Services Intertrust (Luxembourg) S.à r.l.

The business address of Luigi Maulà and Alessandro Linguanotto is 6, rue Eugène Ruppert, L-2453 Luxembourg.

The business address of Sylvain Garriga and Damien Chapon is 51, avenue J.F. Kennedy, L-1855 Luxembourg.

The business address of Nguyen Ngoc Quyen is 7, promenade Germaine Sablon, 75013 Paris.

Natixis Structured Issuance confirms that there is no conflict of interest between their duties as directors of Natixis Structured Issuance and their principal and/or other outside activities.

(d) Board Practices

Audit Committee

Natixis Structured Issuance does not have its own audit committee.

Corporate Governance

No corporate governance regime to which Natixis Structured Issuance would be subject to exists in Luxembourg as at the date of this Base Prospectus.

(e) Major Shareholders

As of the date of this Base Prospectus, Natixis Structured Issuance is 100% owned by NATIXIS.

There are no arrangements, known to Natixis Structured Issuance, the operation of which may at a subsequent date result in a change in control of Natixis Structured Issuance.

(f) Material Contracts

Natixis Structured Issuance and NATIXIS have entered into a master intra-group loan agreement (the **NSI Loan Agreement**) dated 23 January 2014, as amended from time to time, pursuant to which loan transactions (Loans) may be entered into between Natixis Structured Issuance (as lender) and NATIXIS (as borrower) in connection with any issue of Financial Instruments of Natixis Structured Issuance.

The NSI Loan Agreement enables the net proceeds from the issue of each Tranche of securities under the relevant programme to be lent to NATIXIS. NATIXIS agrees to make payments under the NSI Loan Agreement free and clear of any withholding on account of tax unless such withholding is required by law. In such circumstances NATIXIS is required to gross-up such payments accordingly. If NATIXIS is required to increase any payments to Natixis Structured Issuance under the NSI Loan Agreement to the extent necessary to ensure that Natixis Structured Issuance receives a sum, net of any deduction or withholding, equal to the sum which it would have received had no such deduction or withholding been made or required to be made, such event shall constitute a tax event (a **Loan Tax Event**). Following the occurrence of a Loan Tax Event, NATIXIS may, at any time, give not less than twenty (20) Business Days' notice to Natixis Structured Issuance of its intention to prepay the whole (and not part) of any Loans made under the NSI Loan Agreement.

(g) Financial Statements

The financial year of Natixis Structured Issuance is the calendar year.

In accordance with Articles 461-1, 461-7 and 461-8 of the Companies Law 1915, as amended, Natixis Structured Issuance is obliged to publish its annual accounts on an annual basis following approval of the annual accounts by the annual general meeting of the shareholders.

The audited annual accounts of Natixis Structured Issuance as of 31 December 2023 and 31 December 2022 which are incorporated by reference in this Base Prospectus (see the section "*Documents Incorporated by Reference*" of this Base Prospectus) have been prepared in accordance with the international accounting standards (IFRS).

Natixis Structured Issuance has no subsidiaries and does not prepare any consolidated accounts.

(h) Unsecured Notes Guarantee

NATIXIS granted a guarantee (the **Unsecured Notes Guarantee**) in the form of a joint and several obligation (*cautionnement solidaire*) dated 23 January 2014, as amended from time to time, with effect from and including such date, for the benefit of the holders of certain Financial Instruments (as defined in the Unsecured Notes Guarantee) of Natixis Structured Issuance and which expression includes Notes (which expression includes, where "Certificates" is specified as the Type of Securities in the applicable Final Terms, Certificates) issued under the Programme.

The Unsecured Notes Guarantee extends to all Notes under the Programme issued by Natixis Structured Issuance as well as to those Financial Instruments issued by Natixis Structured Issuance, other than (i) any subordinated securities or debts issued or entered into by Natixis Structured Issuance subject to a subordination provision which is intended for or which results in the assimilation of such securities or debts to own funds as defined by applicable

banking regulation and (ii) any Financial Instruments provided that it is expressly specified in the legal documentation attached to such Financial Instruments that these do not benefit from the Unsecured Notes Guarantee.

Notice of any claim under the Unsecured Notes Guarantee must be sent in writing signed by a duly authorised officer of the claimant after Natixis Structured Issuance has defaulted in its payment obligation under a Financial Instrument. Such notice must include copies of the relevant supporting documentation (as further detailed in the Unsecured Notes Guarantee) and shall be effective as of the date of receipt, provided however, that if a notice is received on a day that is not a Business Day (as defined in the Unsecured Notes Guarantee) or is received on a Business Day after 3.00 p.m. (Paris time), such notice shall be deemed received by NATIXIS on the following Business Day.

The Unsecured Notes Guarantee may be terminated at any time by NATIXIS. If so terminated, Natixis Structured Issuance must inform the relevant beneficiaries of the Unsecured Notes Guarantee by publishing a public announcement in at least one financial newspaper in each of Paris, London, Frankfurt, New York and Tokyo, at least two (2) months before the effective date of the intended termination.

Notwithstanding termination of the Unsecured Notes Guarantee at any time, any Financial Instruments (including any Notes issued under the Programme) issued by Natixis Structured Issuance with the benefit of the Unsecured Notes Guarantee will continue to benefit from the Unsecured Notes Guarantee and the undertakings given by NATIXIS thereunder until all obligations under such issued Financial Instruments have been performed in full.

(i) Trend Information

In 2024, the balance of inflationary factors will be shifting downwards. Gas and oil prices should remain relatively stable on average over 2024, compared with average levels in 2023, which will have a neutral effect on inflation.

The appreciation of the euro, weak non-energy commodity prices, the slowdown in wages and the normalization of margins all point to lower inflation. Disinflation should therefore continue at levels well below those of 2023. In the United States, it should reach 2.7% on average in 2024, after 4.1% in 2023. The slowdown is expected to be more marked in the euro zone, with average inflation at 2.6% (5.5% in 2023). In France, inflation is also expected to reach 2.6%.

In terms of growth, 2024 looks set to be a year of transition, with modest growth (before an acceleration expected in 2025), characterized by changing trends.

In the United States, GDP growth is expected to be 1.2% after 2.4% in 2023, mainly due to the slowdown in household consumption. In the euro zone, growth will also be close to 1%, accelerating compared to 2023. Consumer spending, the main driver of the economy, is expected to slow as the excess savings accumulated during and after the pandemic are depleted. Real purchasing power should stagnate as wage growth slows.

A slowdown should also be seen in Latin America in 2024, following a surprisingly strong expansion in 2023 as a result of past monetary policy tightening, slightly lower commodity prices and weaker growth in developed economies, particularly the USA. We forecast growth of 1.5% for the region, compared with 2.1% in 2023.

In Asia, the end of the Fed's hiking cycle and the fall in the dollar will be supportive factors. The slowdown in world trade and investment should affect China, but create opportunities for emerging Asia.

With the continued structural deceleration in China, somewhat mitigated by monetary and fiscal policies, we expect the economy to grow by 4.5% in 2024. India, for its part, will continue its strong growth, supported by favorable structural factors.

Japan is slowing down while South East Asia remains resilient to China's deceleration, thanks in large part to easing financial conditions and reshuffling of supply chains outside China.

The euro zone economy, after having generally stagnated in 2023, will accelerate next year, as the negative effects of the inflationary shock fade. While real household income will recover under the effect of lower inflation, private consumption should return to more solid growth. Wage growth is expected to moderate gradually, while remaining strong enough to support revenue growth. Capital expenditure should continue to grow at a relatively sustained pace. The strength of corporate balance sheets will limit the impact of rising interest rates on business investment (with the exception of the real estate sector). Fiscal policy will be broadly neutral, although the latest developments in Germany imply a stricter budget trajectory than initially planned.

The labor market has been remarkably strong since the onset of the pandemic, leaving little room for further strong employment growth.

Germany is expected to emerge from the recession with GDP growth of 0.6% (after -0.1%) and France should see growth accelerate (moderately), to 1.2% while the pace of growth of activity will remain stable (and low) in Italy at 0.6%. Finally, after a fine performance in 2023 (+2.3%), a slowdown is expected in Spain (1.3% in 2024).

Employment, which has held up particularly well in recent quarters in both the United States and the euro zone, is likely to grow more moderately. This trend will result in a (limited) rise in the unemployment rate. Despite the context of the above mentioned trend information and global geopolitical situation, the outlook of Natixis Structured Issuance business line is not impacted.

3. Description of Natixis Corporate and Investment Banking Luxembourg (or NCIBL)

(a) General

Natixis Corporate and Investment Banking Luxembourg was incorporated in Luxembourg as a public limited liability company (*société anonyme*) with unlimited duration on 24 November 1989 and is registered with the Luxembourg trade and companies register under number B 32160. Historically, NCIBL has changed its name several times, from the original “Banque Internationale d’Epargne et de Crédit (Luxembourg) S.A.” in 1989, to “Natixis Wealth Management Luxembourg” as of 2018 until 24 March 2023 when it became “Natixis Corporate and Investment Banking Luxembourg”. NCIBL operates under the laws of Luxembourg; its legal and commercial names are Natixis Corporate and Investment Banking Luxembourg.

The articles of association of NCIBL (when named Banque Internationale d’Epargne et de Crédit (Luxembourg) S.A.) were published in *Mémorial C, Recueil des Sociétés et Associations* number 129 of 20 April 1990. The coordinated articles of association of NCIBL as of 24 March 2023 were published on the *Recueil Electronique des Sociétés et Associations* under reference RESA_2023_082.933 on 17 April 2023.

The registered office of NCIBL is at 51, avenue J.F. Kennedy, L-1855 Luxembourg and its telephone number is + 352 46 38 16 1. The website of NCIBL is at <https://emea.cib.natixis.com/luxembourg>.

The Legal Entity Identifier of NCIBL is AELIZRVUG3YVEFFUVL97.

NCIBL has a share capital of € 683,542,500.00 divided into 273,417 fully-paid registered shares of € 2,500 each.

(b) Principal activities and principal markets of NCIBL

As a credit institution licensed in Luxembourg, NCIBL is authorised to perform all banking and financial activities under the Law of 5 April 1993 on the financial sector.

Until early 2023, NCIBL’ business was primarily focused on a private banking activity.

However, in line with the strategic plan of the NATIXIS group, NCIBL launched in 2021 a plan to improve the profitability of its Wealth Management activity.

It led to transfer the portfolio management to Massena Partners, transfer the private bank credit book to Natixis Wealth Management Paris, transfer the life insurance brokerage portfolio to Massena Conseil, gradually

discontinue (run-off) the investment funds' and external assets managers' desk activities and gradually discontinue (run-off) the remaining activity.

Post restructuring and as of January 1, 2023, the size of NCIBL has been reduced to approx. 49 full-time equivalent employees dedicated to the following corporate and investment banking activities: (i) corporate banking and (ii) issuance of collateralised notes. Commitments with clients remaining from previous activities will be handled on a run-off mode.

(i) Description of corporate banking activity and market

NCIBL provides financing and deposits capacities to both external clients and group internal clients. The aim of NCIBL is to refocus and consolidate its Corporate Banking Activity and consolidate its existing clients base established in Luxembourg.

(ii) Description of collateralised notes issuance activity and market

NCIBL will expand NATIXIS' collateralized debt platform in Luxembourg to better answer client's needs and propose a broader range of collateralized notes to a wider investor base.

During the period 2024-2026, NCIBL will consolidate the foundations of its two main activities mentioned above. NCIBL will have all the expertise of Natixis CIB's various business lines in order to better serve companies based in Luxembourg. With respect to the investment banking business, NCIBL will focus primarily on private investors, investment funds and local satellite companies related to NATIXIS' global clients.

(c) **Administration, Management and Supervisory Bodies**

NCIBL governance is managed by two bodies: the Board of Directors (*conseil d'administration*) and the Authorised Management (*direction autorisée*).

1. **Board of Directors**

As at the date of this Base Prospectus, the Directors of NCIBL are as follows:

Director	Principal outside activities	Business address
Damien Chapon	CEO – Authorised Manager NCIBL	51, avenue J.F. Kennedy, L-1855 Luxembourg
Nicolas Drouhin	Deputy CEO – Authorised Manager NCIBL	51, avenue J.F. Kennedy, L-1855 Luxembourg
Guillaume Chevassus-Marche	Deputy CEO – Authorised Manager NCIBL	51, avenue J.F. Kennedy, L-1855 Luxembourg
Nathalie Desreumaux	Head of Financial Operations at NATIXIS	7, promenade Germaine Sablon, 75013 Paris
Cécile Pissis	Financial Engineer at NATIXIS	7, promenade Germaine Sablon, 75013 Paris
Edouard de Saint Maurice	Head of GSF strategy and projects at NATIXIS	7, promenade Germaine Sablon, 75013 Paris
Emmanuel Strauss	Head of Tax at NATIXIS	7, promenade Germaine Sablon, 75013 Paris

The Board of Directors members were formally approved by the European Central Bank.

The Board of Directors, representing the shareholders, determines the general strategy and policy of NCIBL.

The Board of Directors shall have the overall responsibility for NCIBL. It defines, monitors and bears responsibility for the implementation of robust central administration, governance and internal control arrangements pursuant to the provisions of the CSSF Circular 12/552 as amended. The implemented framework ensures the sound and prudent management of NCIBL. It preserves its continuity and protect its reputation.

To this end, the Board of Directors approves and lay down the key elements of the central administration, internal governance and risk management arrangements.

2. Authorised Management

As at the date of this Base Prospectus, the Authorised Managers of NCIBL are as follows:

Authorised Manager	Principal outside activities	Business address
Damien Chapon	CEO – Authorised Manager NCIBL	51, avenue J.F. Kennedy, L-1855 Luxembourg
Nicolas Drouhin	Deputy CEO – Authorised Manager NCIBL	51, avenue J.F. Kennedy, L-1855 Luxembourg
Guillaume Chevassus-Marche	Deputy CEO – Authorised Manager NCIBL	51, avenue J.F. Kennedy, L-1855 Luxembourg

The authorised management is in charge of the day-to-day management of the activities (and inherent risks) of NCIBL. This management is exercised in compliance with the strategies and guiding principles approved by the Board of Directors and the applicable regulations. It considers and safeguards NCIBL long-term financial interests, solvency and liquidity situation. The authorised management constructively and critically assess all the proposals, explanations and information submitted to it for decision. It is accountable for its management to the Board of Directors and the competent authorities.

3. Corporate Governance

No corporate governance regime to which NCIBL would be subject to exists in Luxembourg as at the date of this Base Prospectus.

(d) Major Shareholders

At the date of this Base Prospectus, NCIBL is 100% owned by NATIXIS.

There are no arrangements, known to NCIBL, the operation of which may at a subsequent date result in a change in control of NCIBL.

(e) Financial Statements

The financial year of NCIBL is the calendar year.

In accordance with Articles 461-1, 461-7 and 461-8 of the Companies Law 1915, as amended, NCIBL is obliged to publish its annual accounts on an annual basis following approval of the annual accounts by the annual general meeting of the shareholders.

NCIBL has no subsidiaries and does not prepare any consolidated accounts.

DESCRIPTION OF THE WARRANTS

*The following is a description of NATIXIS, in its capacity as warrant issuer, (NATIXIS being the **Warrant Issuer**) and the Warrants issued by the Warrant Issuer (the **Warrants**) for the purposes of Warrant Linked Notes.*

Name of the relevant Warrant Issuer

NATIXIS is established under the laws of France and has its registered office at 7, promenade Germaine Sablon, 75013 Paris, France. A copy of the Warrant Issuer's constitutional documents and the Warrant Terms and Conditions (as defined below) are available (free of charge) from the business office of NATIXIS, at 7, promenade Germaine Sablon, 75013, Paris, France.

The Warrants

The Warrant Issuer may issue Warrants of any kind, including but not limited to Warrants linked to the performance of one or more reference item(s) which may include, but will not be limited to, securities, indices and baskets of the foregoing and which may change over time as a result of performance, the exercise of investment management discretion or other factors (each a **Warrant Underlying**) and will be issued on such terms as may be determined by the Warrant Issuer and specified in the applicable terms and conditions of the relevant Warrants (the **Warrant Terms and Conditions**).

The market value of the Warrants depends on the performance of the Warrant Underlying to which the Warrants are linked and the financial condition and standing of the Warrant Issuer.

DESCRIPTION OF THE PREFERENCE SHARE ISSUER AND THE PREFERENCE SHARES

*The following is a description of Cannon Bridge Capital Ltd, in its capacity as preference share issuer (Cannon Bridge Capital being the **Preference Share Issuer**) and the preference shares issued by the Preference Share Issuer (the **Preference Shares**) for the purposes of Preference Share Linked Notes.*

The Preference Share Issuer

Cannon Bridge Capital Ltd is a private company limited by shares incorporated in England and Wales with registered number 9610759 and has its registered office at Cannon Bridge House, 25 Dowgate Hill, London, EC4R 2YA.

The Preference Share Issuer was created for the purpose of issuing one or more classes of Preference Shares (each a Class). Each Series of Preference Share Linked Notes will give exposure to the performance of a separate Class of Preference Shares that have a defined return that will depend on exposure to one or more Preference Share Underlying(s). It is expected that the Preference Share Issuer will only issue a small number of Preference Shares of the relevant Class and that, unless otherwise specified in the applicable Final Terms, these will be issued fully paid at £1.00 each and will be held by NATIXIS, the Issuer or an affiliate of the Issuer until their redemption date.

The sole business activity of the Preference Share Issuer is to issue redeemable preference shares. Accordingly, the Preference Share Issuer does not have any trading assets and does not generate any significant net income.

A copy of the Preference Share Issuer's constitutional documents and the Preference Share Terms and Conditions (as defined below) are available on written request (free of charge) from the registered office of the Preference Share Issuer at Cannon Bridge House, 25 Dowgate Hill, London, EC4R 2YA, from the business office of NATIXIS at 7, promenade Germaine Sablon, 75013 Paris, France and from the distributor of the relevant Preference Share Linked Notes. If specified in the applicable Final Terms the Preference Share Terms and Conditions will also be available on the website specified in the applicable Final Terms.

The Preference Shares

The Preference Share Issuer may issue redeemable Preference Shares of any kind, including but not limited to Preference Shares linked to the performance of one or more underlying asset(s) which may include, but will not be limited to, equity, debt or derivative securities, indices, investments, funds, exchange traded funds, commodities and baskets of the foregoing or of currencies, portfolios and/or trading strategies and which may change over time as a result of performance or other factors (each a **Preference Share Underlying**) and will be issued on such terms as may be determined by the Preference Share Issuer and specified in the applicable terms and conditions of the relevant Preference Shares (the **Preference Share Terms and Conditions**).

The Preference Share Terms and Conditions of each Class provide that the applicable Preference Shares will be redeemable on their final redemption date at a defined amount as determined in accordance with the Preference Share Terms and Conditions. Preference Shares do not carry voting rights except to consider any proposal to vary or amend the rights attached to the relevant Preference Shares or in relation to the winding up of the Preference Share Issuer.

The Preference Share Terms and Conditions may also provide that the Preference Share Issuer may redeem the Preference Shares early if:

- (a) the Preference Share Determination Agent determines that, for reasons beyond the Preference Share Issuer's control, the performance of the Preference Share Issuer's obligations under the Preference Shares has become illegal or impractical in whole or in part for any reason; or
- (b) the Preference Share Determination Agent determines that certain events which affect the Preference Share Issuer's hedging arrangements or the Preference Share Underlying(s) have occurred; or

Description of the Preference Share Issuer and the Preference Shares

- (c) the Preference Share Determination Agent determines there is a change in applicable law or regulation that in the determination of the Preference Share Determination Agent results, or will result, by reason of the Preference Shares being outstanding, in the Preference Share Issuer being required to be regulated by any additional regulatory authority, or being subject to any additional legal requirement or regulation or tax considered by the Preference Share Determination Agent or the Preference Share Issuer to be onerous to the Preference Share Issuer.

If the Issuer receives a notice from the Preference Share Issuer of the early redemption of the Preference Shares, the Issuer will notify holders of the Preference Share Linked Notes in accordance with Condition 14 (Notices) of the Terms and Conditions of the English Law Notes and Condition 13 (Notices) of the Terms and Conditions of the French Law Notes and each Preference Share Linked Note will be redeemed at its Early Redemption Amount.

The value of the Preference Shares is scheduled to be published on each Business Day on the Bloomberg service as specified in the applicable Final Terms or at such other interval and on such other Information Source as may be specified in the applicable Final Terms.

The Preference Share Underlying(s)

The performance of the Preference Shares depends on the performance of the Preference Share Underlying(s) to which the relevant Preference Shares give investment exposure.

Investors in the Preference Share Linked Notes should carefully review and ensure they understand the Preference Share Terms and Conditions and the investment exposure the Preference Shares give to the Preference Share Underlying(s) and consult with their own professional advisers if they consider it necessary.

DESCRIPTION OF THE ROLES AND PARTIES IN RESPECT OF A SERIES OF SECURED NOTES

The below description relates to the parties who will, where relevant, execute in respect of a Series of Secured Notes an Issue Deed dated on or around the Relevant Issue Date of the relevant Series of Secured Notes following the establishment of the Programme.

Description of the Issuer

Only Natixis Corporate and Investment Banking Luxembourg (for these purposes, the **Issuer**) may issue a Series of Secured Notes under the Programme in accordance with the Terms and Conditions for the English Law Notes or the Terms and Conditions for the French Law Notes (as applicable) and the Terms and Conditions of Structured Notes.

The Issuer is a wholly-owned subsidiary of NATIXIS. Please refer to Section "*Description of the Issuers*" – paragraph 3 "*Description of Natixis Corporate and Investment Banking Luxembourg (or NCIBL)*" of this Base Prospectus for a full description of the Issuer.

Description of the Swap Counterparty

Where specified in the applicable Final Terms and Issue Deed, NATIXIS will act as the swap counterparty (for these purposes, the **Swap Counterparty**) in connection with a Series of Secured Notes which are specified as "Collateral-Linked Notes" to which "Structure 3" or "Structure 4" is specified as the "Type of Collateral-Linked Note" in the applicable Final Terms.

NATIXIS is the parent company of the Issuer. Please refer to the paragraph "*1. Description of NATIXIS*" in the section "*DESCRIPTION OF THE ISSUERS*" of this Base Prospectus for a full description of NATIXIS.

Description of the Repo Counterparty

Where specified in the applicable Final Terms and Issue Deed, NATIXIS will act as the repurchase counterparty (for this purpose, the **Repo Counterparty**) in connection with the Series of Secured Notes that are specified as Collateral-Linked Notes to which "Structure 2" is specified as the "Type of Collateral-Linked Note" in the applicable Final Terms.

NATIXIS is the parent company of the Issuer. Please refer to the paragraph "*1. Description of NATIXIS*" in the section "*DESCRIPTION OF THE ISSUERS*" of this Base Prospectus for a full description of NATIXIS.

Description of the Securities Lending Counterparty

Where specified in the applicable Final Terms and Issue Deed, NATIXIS will act as the securities lending counterparty (for these purposes, the **Securities Lending Counterparty**) in connection with the Series of Collateral-Linked Notes, to which "Structure 4" is specified as the "Type of Collateral-Linked Note" in the applicable Final Terms.

NATIXIS is the parent company of the Issuer. Please refer to the paragraph "*1. Description of NATIXIS*" in the section "*DESCRIPTION OF THE ISSUERS*" of this Base Prospectus for a full description of NATIXIS.

Description of the GMSLA Pledgee

Where specified in the applicable Final Terms and Issue Deed, NATIXIS will act as the lender of securities and the GMSLA pledgee (for these purposes, the **GMSLA Pledgee**) in connection with the Series of Collateral-Linked Notes, to which "Structure 4" is specified as the "Type of Collateral-Linked Note" in the applicable Final Terms.

NATIXIS is the parent company of the Issuer. Please refer to the paragraph "*1. Description of NATIXIS*" in the section "*DESCRIPTION OF THE ISSUERS*" of this Base Prospectus for a full description of NATIXIS.

Description of the Security Trustee

Where specified in the applicable Issue Deed, Aether Financial Services UK Limited will act as security trustee in connection with a Series of English Law Notes to which Condition 20 (Secured Notes Provisions) of the Terms and Conditions of Structured Notes is applicable (for these purposes, the **Security Trustee**), on the terms of the Master Trust Terms Module, March 2024 Edition (or such other edition as specified in the applicable Issue Deed).

Aether Financial Services UK Limited is a private limited company incorporated under the laws of England and Wales, having its registered office at 28 Queen Street, London, EC4R 1BB, United Kingdom. The registration number of Aether Financial Services UK Limited is 11628828 on the register maintained by Companies House.

Aether Financial Services UK Limited is owned by T3M EURL and J&1 SARL and AFS IMC SAS and is an affiliate of Aether Financial Services SAS (as referred to under the "*Description of the Security Agent*") below.

Description of the Security Agent

Where specified in the applicable Issue Deed, Aether Financial Services SAS, will act as security agent in connection with a Series of French Law Notes, to which Condition 20 (Secured Notes Provisions) of the Terms and Conditions of Structured Notes is applicable (for these purposes, the **Security Agent**), on the terms of the Master Security Agency Terms, March 2024 Edition (or such other edition as specified in the applicable Issue Deed).

Aether Financial Services SAS is a company incorporated under the laws of France, having its registered office at 36, rue de Monceau, 75008 Paris, France. It is registered with the *Registre du Commerce et des Sociétés* of Paris under number 811 475 383.

Aether Financial Services SAS is owned by T3M EURL and J&1 SARL and is an affiliate of Aether Financial Services UK Limited (as referred to under the "*Description of the Security Trustee*") above.

Description of the Disposal Agent

Where specified in the applicable Final Terms and Issue Deed, NATIXIS will act as the disposal agent in connection with a Series of Secured Notes (for these purposes, the **Disposal Agent**) on the terms of the Master Disposal Agency Terms, March 2024 Edition (or such other edition as specified in the applicable Issue Deed).

NATIXIS is the parent company of the Issuer. Please refer to the paragraph "*1. Description of NATIXIS*" in the section "*DESCRIPTION OF THE ISSUERS*" of this Base Prospectus for a full description of NATIXIS.

Description of the Collateral Account Bank

Description of the Calculation Agent

Where specified in the applicable Issue Deed, NATIXIS will act as the calculation agent in connection with a Series of Secured Notes that are specified as “Collateral-Linked Notes” in the applicable Final Terms (for these purposes, the Calculation Agent).

NATIXIS is the parent company of the Issuer. Please refer to the paragraph “*1. Description of NATIXIS*” in the section “*DESCRIPTION OF THE ISSUERS*” of this Base Prospectus for a full description of NATIXIS.

Description of the Collateral Netting Agent

Where specified in the applicable Issue Deed, NATIXIS will act as the collateral netting agent for a Series of Secured Notes that are specified as “Collateral-Linked Notes” to which “Structure 2”, “Structure 3” or “Structure 4” is specified as the “Type of Collateral-Linked Note” in the applicable Final Terms (for these purposes, the Collateral Netting Agent), on the terms of the Master Collateral Netting Agency Terms, March 2024 Edition (or such other edition as specified in the applicable Issue Deed) from (and including) the CNAA Effective Date (for the avoidance of doubt, each Collateral Netting Agency Agreement entered into on or following the CNAA Effective Date shall automatically be in effect).

NATIXIS is the parent company of the Issuer. Please refer to the paragraph “*1. Description of NATIXIS*” in the section “*DESCRIPTION OF THE ISSUERS*” of this Base Prospectus for a full description of NATIXIS.

Description of the Collateral Agent

Where specified in the applicable Issue Deed, NATIXIS will act as the collateral agent in connection with a Series of Secured Notes that are specified as “Collateral-Backed Notes” in the applicable Final Terms (for these purposes, the **Collateral Agent**), on the terms of the Master Collateral Agency Terms, March 2024 Edition (or such other edition as specified in the applicable Issue Deed).

NATIXIS is the parent company of the Issuer. Please refer to the paragraph “*1. Description of NATIXIS*” in the section “*DESCRIPTION OF THE ISSUERS*” of this Base Prospectus for a full description of NATIXIS.

Description of the Collateral Monitoring Agent

Where specified in the applicable Issue Deed, NATIXIS will act as the collateral monitoring agent for a Series of Secured Notes that are specified as “Collateral-Backed Notes” in the applicable Final Terms (for these purposes the **Collateral Monitoring Agent**), on the terms of the Master Collateral Monitoring Agency Terms, March 2024 Edition (or such other edition as specified in the applicable Issue Deed)

Description of the Roles and Parties and Transaction Documents in respect of a Series of Secured
Notes

NATIXIS is the parent company of the Issuer. Please refer to the paragraph “*1. Description of NATIXIS*” in the section “*DESCRIPTION OF THE ISSUERS*” of this Base Prospectus for a full description of NATIXIS.

Description of the Securities Valuation Agent

Where specified in the applicable Issue Deed, NATIXIS will act as the securities valuation agent for a Series of Secured Notes that are specified as "Collateral-Backed Notes" in the applicable Final Terms (for these purposes, the **Securities Valuation Agent**) on the terms of the Master Securities Valuation Agency Terms, March 2024 Edition (or such other edition as specified in the applicable Issue Deed).

NATIXIS is the parent company of the Issuer. Please refer to the paragraph “*1. Description of NATIXIS*” in the section “*DESCRIPTION OF THE ISSUERS*” of this Base Prospectus for a full description of NATIXIS.

DESCRIPTION OF THE TRANSACTION DOCUMENTS IN RESPECT OF A SERIES OF SECURED NOTES

The following deeds and agreements (for these purposes, the **Transaction Documents**), as constituted by the Issue Deed, where relevant, may be entered into in relation to a Series of Secured Notes.

Issue Deed

The Issuer will enter into an issue deed in respect of each Series of Secured Notes (the **Issue Deed**), which will constitute the terms of each Transaction, each as provided below. The Issue Deed in respect of a Series of Secured Notes will be executed on the Relevant Issue Date (as defined in Condition 20 (*Secured Notes Provisions*) of the Terms and Conditions of Structured Notes).

Pledge Agreement

The Issue Deed shall constitute the pledge agreement between, amongst others, the Issuer and, in the case of Secured Notes governed by the Terms and Conditions of English Law Notes, the Security Trustee or, in the case of Secured Notes governed by the Terms and Conditions of French Law Notes, the Security Agent and such other parties as specified in the Issue Deed (the **Pledge Agreement**) on the terms set out in the Master Pledge Terms, March 2024 Edition (or such other edition as specified in the applicable Issue Deed).

Pursuant to the Pledge Agreement, the Issuer will grant first ranking security over the Collateral Securities Account(s) and the Collateral Cash Account(s) (each as defined in Condition 20 of the Terms and Conditions of Structured Notes) opened in connection with the applicable Series of Secured Notes in favour of the Security Trustee as trustee for the Secured Parties (in the case of Secured Notes governed by the Terms and Conditions of English Law Notes) or in favour of the Security Agent in its capacity as agent (*mandataire*) of the Representative of the Masse (as defined in Condition 20 (*Secured Notes Provisions*) of the Terms and Conditions of Structured Notes) for the benefit of the Secured Parties (in the case of Secured Notes governed by the Terms and Conditions of French Law Notes).

Security Trust Deed

In the case of Secured Notes governed by the Terms and Conditions of English Law Notes, the Issue Deed shall constitute a security trust deed between the Issuer and the Security Trustee and such other parties as specified in the Issue Deed (the **Security Trust Deed**) on the terms set out in the Master Trust Terms, March 2024 Edition (or such other edition as specified in the applicable Issue Deed).

Pursuant to the Security Trust Deed, the Issuer shall assign all of its rights in respect of its accounts and each applicable English law governed Transaction Document applicable to a Series of Secured Notes.

The Noteholders of a Series of Secured Notes, or if there are no outstanding Secured Notes, the other Secured Parties, may remove the Security Trustee upon giving not less than 30 days' notice. The Security Trustee may resign as security trustee upon by giving not less than 90 days' notice. In each case, such removal or resignation will only be effective if a successor security trustee has been appointed in respect of such Series of Secured Notes.

If the Security Trustee becomes incapable of acting as security trustee, becomes insolvent, bankrupt, or any other act of bankruptcy or insolvency is taken in respect of the Security Trustee such as the appointment of an administrator or liquidator, the appointment of the Security Trustee shall terminate immediately upon the appointment of a replacement security trustee.

Security Agency Agreement

In the case of Secured Notes governed by the Terms and Conditions of French Law Notes, the Issue Deed shall constitute a security agency agreement between the Issuer, the Security Agent, the Collateral Monitoring Agent and such other parties specified in the Issue Deed (the **Security Agency Agreement**) on the terms set out in the Master Security Agency Terms, March 2024 Edition (or such other edition as specified in the Issue Deed).

Description of the Transaction Documents in respect of a Series of Secured Notes

The Representative of the Masse of the Noteholders and the other Secured Parties of a Series of Secured Notes, may remove the Security Agent upon giving not less than 30 days' notice. The Security Agent may resign as security agent upon by giving not less than 90 days' notice. Such removal or resignation will only be effective if a successor security agent has been appointed for the Series of Secured Notes.

If the Security Agent becomes incapable of acting as security agent, becomes insolvent, bankrupt, or any other act of bankruptcy or insolvency is taken in respect of the Security Agent such as the appointment of an administrator or liquidator, the appointment of the Security Agent shall terminate immediately upon the appointment of a replacement security agent.

Deed of Charge

In the case of Secured Notes governed by the Terms and Conditions of French Law Notes, the Issue Deed shall constitute a deed of charge between the Issuer, the Security Agent and such other parties as specified in the Issue Deed (the **Deed of Charge**) on the terms set out in the Master Deed of Charge Terms, March 2024 Edition (or such other edition as specified in the applicable Issue Deed).

Pursuant to the Deed of Charge, the Issuer will grant first ranking security over the relevant assets in respect of each English law governed Transaction Document specified in the relevant Issue Deed applicable to a Series of Secured Notes.

Disposal Agency Agreement

The Issue Deed shall constitute a disposal agency agreement between the Issuer, the Disposal Agent, the Collateral Custodian, in the case of Secured Notes governed by the Terms and Conditions of English Law Notes, the Security Trustee or, in the case of Secured Notes governed by the Terms and Conditions of French Law Notes, the Security Agent and such other parties as specified in the Issue Deed (the **Disposal Agency Agreement**), on the terms set out in the Master Disposal Agency Terms, March 2024 Edition (or such other edition as specified in the applicable Issue Deed).

The appointment of the Disposal Agent may be terminated by the Issuer or the Disposal Agent upon at least 60 days' prior notice, or if the termination is required due to a change in law or regulation, by the Disposal Agent upon giving 10 days' prior notice (or as otherwise agreed between the parties). In addition, the Issuer may remove the Disposal Agent for cause up on giving 10 days' prior notice. In such circumstances, "cause" includes (but is not limited to) bankruptcy or insolvency, a failure to perform any act under the Disposal Agency Agreement or a material breach of its obligations under the Disposal Agency Agreement.

Collateral Account Bank Agreement

On 31 October 2023, the Issuer, the Collateral Agent, the Collateral Account Bank, the Security Trustee (in respect of Secured Notes governed by the Terms and Conditions of English Law Notes) and the Security Agent (in the case of Secured Notes governed by the Terms and Conditions of French Law Notes) entered into a collateral account bank agreement dated 31 October 2023, as may be amended, restated and/or modified from time to time (the **Collateral Account Bank Agreement**). The Collateral Account Bank Agreement shall apply to each Series of Secured Notes.

The Issuer or the Collateral Account Bank may terminate the Collateral Account Bank Agreement upon 60 days' notice. In addition, the Collateral Account Bank may terminate the Collateral Account Bank Agreement by giving 30 days' prior notice if the Issuer breaches any of its obligations under the Collateral Account Bank Agreement and does not cure the breach within the notice period. The Collateral Account Bank Agreement will otherwise immediately terminate upon the liquidation or dissolution of the Issuer (other than a voluntary liquidation or dissolution for the purposes of reconstruction or amalgamation upon terms previously approved in writing by the Collateral Account Bank). Upon termination of the Collateral Account Bank Agreement, the Collateral Account Bank will deliver the cash in respect of each relevant Series of Secured Notes to such person(s) as instructed or,

Description of the Transaction Documents in respect of a Series of Secured Notes

if no instructions are provided within 60 days, the Collateral Bank may elect to deliver the cash to any bank(s) or other custodian(s) doing business in the same jurisdiction or otherwise continue to hold the cash until it receives instructions.

Collateral Custodian Agreement

On 31 October 2023, the Issuer, the Collateral Agent, the Collateral Custodian, the Security Trustee (in respect of Secured Notes governed by the Terms and Conditions of English Law Notes) and the Security Agent (in respect of Secured Notes governed by the Terms and Conditions of French Law Notes) entered into a collateral custodian agreement dated 31 October 2023, as may be amended, restated and/or modified from time to time (the **Collateral Custodian Agreement**). The Collateral Custodian Agreement shall apply to any Series of Secured Notes in respect of which "Collateral Custodian Agreement" is specified as "Applicable" in the applicable Final Terms.

The Issuer or the Collateral Custodian may terminate the Collateral Custodian Agreement upon 60 days' notice. In addition, the Collateral Custodian may terminate the Collateral Custodian Agreement by giving 30 days' prior notice if the Issuer breaches any of its obligations under the Collateral Custodian Agreement and does not cure the breach within the notice period. The Collateral Custodian Agreement will otherwise immediately terminate upon the liquidation or dissolution of the Issuer (other than a voluntary liquidation or dissolution for the purposes of reconstruction or amalgamation upon terms previously approved in writing by the Collateral Custodian). Upon termination of the Collateral Custodian Agreement, the Collateral Custodian will deliver the Collateral Assets and any related cash in respect of each relevant Series of Secured Notes to such person(s) as instructed or, if no instructions are provided, to the Issuer.

Collateral Agency Agreement

In the case of Secured Notes that are specified as "Collateral-Backed Notes" in the applicable Final Terms, the Issue Deed shall constitute a collateral agency agreement between the Issuer, the Collateral Agent, the Collateral Monitoring Agent, in the case of Secured Notes governed by the Terms and Conditions of English Law Notes, the Security Trustee or, in the case of Secured Notes governed by the Terms and Conditions of French Law Notes, the Security Agent and such other parties as specified in the Issue Deed (the **Collateral Agency Agreement**) on the terms set out in the Master Collateral Agency Terms, March 2024 Edition (or such other edition as specified in the applicable Issue Deed).

The appointment of the Collateral Agent may be terminated by the Issuer or the Collateral Agent upon at least 60 days' prior notice, or if the termination is required due to a change in law or regulation, by the Collateral Agent upon giving 10 days' prior notice (or as otherwise agreed between the parties). In addition, the Issuer may remove the Collateral Agent for cause upon giving 10 days' prior notice. In such circumstances, "cause" includes (but is not limited to) bankruptcy or insolvency, a failure to perform any act under the Collateral Agency Agreement or a material breach of its obligations under the Collateral Agency Agreement.

Collateral Monitoring Agency Agreement

In the case of Secured Notes that are specified as "Collateral-Backed Notes" in the applicable Final Terms, the Issue Deed shall constitute a collateral monitoring agency agreement between the Issuer, the Collateral Agent, the Collateral Monitoring Agent, the Collateral Account Bank, the Collateral Custodian, in the case of Secured Notes governed by the Terms and Conditions of English Law Notes, the Security Trustee or, in the case of Secured Notes governed by the Terms and Conditions of French Law Notes, the Security Agent and such other parties as specified in the Issue Deed (the **Collateral Monitoring Agency Agreement**) on the terms set out in the Master Collateral Monitoring Agency Terms, March 2024 Edition (or such other edition as specified in the applicable Issue Deed).

The appointment of the Collateral Monitoring Agent may be terminated by the Issuer or the Collateral Agent upon at least 60 days' prior notice, or if the termination is required due to a change in law or regulation, by the Collateral Monitoring Agent upon giving 10 days' prior notice (or as otherwise agreed between the parties). In addition, the

Description of the Transaction Documents in respect of a Series of Secured Notes

Issuer may remove the Collateral Monitoring Agent for cause upon giving 10 days' prior notice. In such circumstances, "cause" includes (but is not limited to) bankruptcy or insolvency, a failure to perform any act under the Collateral Monitoring Agency Agreement or a material breach of its obligations under the Collateral Monitoring Agency Agreement.

Collateral Netting Agency Agreement

In the case of Secured Notes that are specified as "Collateral-Linked Notes" to which "Structure 2", "Structure 3" or "Structure 4" is specified as the "Type of Collateral-Linked Note" in the applicable Final Terms, the Issue Deed shall constitute a collateral netting agency agreement between the Issuer, the Collateral Netting Agent, in the case of Secured Notes governed by the Terms and Conditions of English Law Notes, the Security Trustee or, in the case of Secured Notes governed by the Terms and Conditions of French Law Notes, the Security Agent and such other parties as specified in the Issue Deed (the **Collateral Netting Agency Agreement**) on the terms set out in the Master Collateral Netting Agency Terms, March 2024 Edition (or such other edition as specified in the applicable Issue Deed).

The appointment of the Collateral Netting Agent may be terminated by the Issuer or the Collateral Netting Agent upon at least 60 days' prior notice, or if the termination is required due to a change in law or regulation, by the Collateral Netting Agent upon giving 10 days' prior notice (or as otherwise agreed between the parties). In addition, the Issuer may remove the Collateral Netting Agent for cause upon giving 10 days' prior notice. In such circumstances, "cause" includes (but is not limited to) bankruptcy or insolvency, a failure to perform any act under the Collateral Netting Agency Agreement or a material breach of its obligations under the Collateral Netting Agency Agreement.

Securities Valuation Agency Agreement

In the case of Secured Notes that are specified as "Collateral-Backed Notes" in the applicable Final Terms, the Issue Deed shall constitute a securities valuation agency agreement between the Issuer, the Securities Valuation Agent, in the case of Secured Notes governed by the Terms and Conditions of English Law Notes, the Security Trustee or, in the case of Secured Notes governed by the Terms and Conditions of French Law Notes, the Security Agent and such other parties as specified in the Issue Deed (the **Securities Valuation Agency Agreement**) on the terms set out in the Master Securities Valuation Agency Terms, March 2024 Edition (or such other edition as specified in the applicable Issue Deed).

The appointment of the Securities Valuation Agent may be terminated by the Issuer or the Securities Valuation Agent upon at least 60 days' prior notice, or if the termination is required due to a change in law or regulation, by the Securities Valuation Agent upon giving 10 days' prior notice (or as otherwise agreed between the parties). In addition, the Issuer may remove the Securities Valuation Agent for cause upon giving 10 days' prior notice. In such circumstances, "cause" includes (but is not limited to) bankruptcy or insolvency, a failure to perform any act under the Securities Valuation Agency Agreement or a material breach of its obligations under the Securities Valuation Agency Agreement.

Swap Agreement

If specified in the applicable Issue Deed in the case of Secured Notes that are specified as "Collateral-Linked Notes" to which "Structure 3" or "Structure 4" is specified as the "Type of Collateral-Linked Note" in the applicable Final Terms, the Issuer will enter into one or more swap transaction(s) (which may include, without limitation, total return swap transaction(s)) (each a **Swap Transaction**) with the Swap Counterparty substantially in the form of a 2002 ISDA Master Agreement and Schedule or such other agreement having a similar effect, together with a confirmation documenting the Swap Transaction(s) (the **Swap Agreement**).

Repurchase Agreement

If specified in the applicable Issue Deed in the case of Secured Notes that are specified as "Collateral-Linked Notes" to which "Structure 2" is specified as the "Type of Collateral-Linked Note" in the applicable Final Terms, the Issuer will enter into one or more repurchase transaction(s) (each a **Repo Transaction**) with the Repo Counterparty substantially in the form of a 2000 TBMA/ISMA Global Master Repurchase Agreement or such other agreement having a similar effect, together with a confirmation documenting the Repo Transaction(s) (the **Repurchase Agreement**).

Securities Lending Agreement

If specified in the applicable Issue Deed in the case of Secured Notes that are specified as "Collateral-Linked Notes" to which "Structure 4" is specified as the "Type of Collateral-Linked Note" in the applicable Final Terms, the Issuer will enter into one or more securities lending transaction(s) (each a **Securities Lending Transaction**) with the Securities Lending Counterparty substantially in the form of a 2010 ISLA Global Master Securities Lending Agreement or such other agreement having a similar effect, together with a confirmation documenting the Securities Lending Transaction(s) (the **Securities Lending Agreement**).

Pledge GMSLA

If specified in the applicable Issue Deed in the case of Secured Notes that are specified as "Collateral-Linked Notes" to which "Structure 4" is specified as the "Type of Collateral-Linked Note", the Issuer will enter into a Pledge GMSLA with the Issuer and Euroclear Bank NV, adapted in the form of a third party pledge agreement governed by Belgian law over a cash account and a securities account opened with Euroclear in the name of the GMSLA Pledgee (the **Pledged Securities Account**), or such other system as may be specified in the applicable Final Terms.

The Pledge GMSLA will create a security interest over the Collateral-Linked Note Collateralisation Percentage of loaned securities transferred to the Pledged Securities Account for the benefit of the GMSLA Pledgee until the termination date of the Pledge GMSLA, subject to collateral substitution provisions and any early termination provisions. No transfer of the title in respect the Collateral Assets (or any part of) will occur under the Pledge GMSLA.

Credit Support Documents

If specified in the applicable Issue Deed in the case of Secured Notes that are specified as "Collateral-Linked Notes" to which "Structure 3" or "Structure 4" is specified as the "Type of Collateral-Linked Note", the Issuer will enter into a Credit Support Document under the Swap Agreement with the Swap Counterparty substantially in the form of a 1995 ISDA Credit Support Annex (Bilateral Form – Transfer), a 1995 ISDA Credit Support Deed (Security Interest – English law) or any other credit support annex published by ISDA (the **Credit Support Document**). Pursuant to the Credit Support Document, the Issuer will be required to post collateral (in the case of a one-way credit support document) or the Issuer and the Counterparty may be required to post collateral (in the case of a two-way credit support document).

Additionally, such documents specified in paragraphs [58(xvi), 58(xvii), 58(xviii) and/or 58(li)] of the applicable Final Terms in respect of a Series of Secured Notes will be available for inspection at the office of NCIBL (51, avenue J.F. Kennedy, L-1855 Luxembourg, Grand Duchy of Luxembourg).

Description of the underlying structures and applicable hedging arrangements in respect of Secured Notes that can be issued under Condition 20 of the Terms and Conditions of Structured Notes

DESCRIPTION OF THE UNDERLYING STRUCTURES AND APPLICABLE HEDGING ARRANGEMENTS IN RESPECT OF SECURED NOTES THAT CAN BE ISSUED UNDER CONDITION 20 OF THE TERMS AND CONDITIONS OF STRUCTURED NOTES

The following description of the underlying structures, cash flows and hedging arrangements which the Issuer may enter into in respect of a Series of Secured Notes should be read in conjunction with the Terms and Conditions, the Final Terms related to a specific Series of Secured Notes and, if applicable, the Hedging Agreement(s). This description of the underlying structures, cash flows and hedging arrangements, together with the description of the roles in respect of Secured Notes and the description of the Transaction Documents in respect of Secured Notes, outline certain features of the Secured Notes. Such descriptions are qualified in their entirety by reference to the Terms and Conditions, the applicable Final Terms and where applicable the detailed provisions of the Hedging Agreement(s) for a specific Series of Secured Notes. The following description of the underlying structures, cash flows and applicable Hedging Agreements does not purport to be complete, and prospective investors must refer to the Conditions, the applicable Final Terms and, where applicable, the relevant Hedging Agreement(s) for detailed information regarding a Specific Series of Secured Notes.

Secured Notes

A Series of Secured Notes may be identified as "Collateral-Backed Notes" or as "Collateral-Linked Notes" (each as defined in Condition 20.1 of the Terms and Conditions for Structured Notes and as detailed below).

A Series of Collateral-Backed Notes will be backed by a pool of Collateral Assets (a **Collateral Pool**). A Collateral Pool may secure one Series of Collateral-Backed Notes only (a **Single Series Collateral Pool**) or it may secure multiple Series of Collateral-Backed Notes (a **Multiple Series Collateral Pool**). The type of Collateral Pool will be specified in the applicable Final Terms.

A Series of Collateral-Linked Notes will be backed by a Single Series Collateral Pool only. Collateral-Linked Notes may also benefit from any one or more Hedging Agreements (as defined in Condition 20.6(j)(A) of the Terms and Conditions of Structured Notes and as detailed below), between the Issuer and NATIXIS acting as counterparty under the applicable Hedging Arrangement (the **Hedging Counterparty**). Otherwise, the Issuer may issue a Series of Collateral-Linked Notes without a Hedging Agreement which are Pass-Through Notes (as defined below).

Description of Collateral Assets

The Collateral Assets in respect of any Series of Secured Notes will comprise the Collateral Assets on the Relevant Issue Date (as defined in Condition 20.1 of the Terms and Conditions of Structured Notes) (the **Initial Collateral Assets**) and any subsequent substitute or replacement Collateral Assets in accordance with Condition 20 (*Secured Notes Provisions*) of the Terms and Conditions of Structured Notes and the relevant Final Terms.

The individual Initial Collateral Assets specific to a Series of Secured Notes will be specified in the applicable Final Terms. The Eligibility Criteria for the Collateral Assets specific to a Series of Secured Notes will be specified in the applicable Final Terms, *provided that* the Eligibility Criteria in respect of a non-exempt offer of Secured Notes will ensure that assets selected always comply with the requirements of Annex 19 of Commission Delegated Regulation (EU) 2019/980.

The Initial Collateral Assets in respect of a Series of Collateral-Backed Notes may comprise cash, debt securities, equity securities, shares or units in a fund and/or carbon emission allowances and in respect of a Series of Collateral-Linked Notes may comprise bonds, debt securities, equity securities, loans, deposits, units or shares in a fund and/or carbon emission allowances, or any other public asset in a securitised or other contractual form which NCIBL is allowed to purchase, receive or hold.

For the avoidance of doubt, a "carbon emission allowance" refers to an allowance to emit one tonne of Carbon Dioxide (**CO₂**) equivalent during a specified period which is valid for meeting emissions related commitment

Description of the underlying structures and applicable hedging arrangements in respect of Secured Notes that can be issued under Condition 20 of the Terms and Conditions of Structured Notes

obligations under the scheme for transferring EU carbon emission allowances established pursuant to the Directive 2003/87/EC of the European Parliament and of the Council of 13 October 2003 establishing a scheme for greenhouse gas emission allowance trading within the Community and amending Council Directive 96/61/EC, as amended from time to time (the **EU Emissions Directive**) and the Commission Regulation (EU) no. 389/2013 of 2 May 2013 establishing a Union Registry pursuant to the Directive 2003/87/EC of the European Parliament and of the Council, Decisions No.280/2004/EC and No. 406/2009/EC of the European Parliament and of the Council and repealing Commission Regulation (EU) No. 920/2010 and No. 1193/2011, as amended from time to time (the **Registries Regulation**), and as implemented by the national laws of Member States and including allowances stemming from emission trading systems that are linked with the EU ETS (as defined in the EU Emissions Directive) pursuant to Article 25 of the EU Emissions Directive relating to a specified compliance period (**EU Allowances**). No Notes backed by EU Allowances will be issued on a non-exempt basis: the Issuer may issue a Series of Secured Notes backed by EU Allowances on an exempt basis only.

In each case, any Series of Secured Notes to be admitted to an EU regulated market and/or to be offered on a non-exempt basis pursuant to the EU Prospectus Regulation may only include Initial Collateral Assets where the assets comprise obligations of 5 or fewer obligors that are legal persons or are guaranteed by 5 or fewer legal persons or which have an obligor concentration of 20% or more (for purposes of item 2.2.11 of Annex 19 of Commission Delegated Regulation (EU) 2019/980, where the relevant Collateral Asset obligor(s) have securities that are already admitted to trading on a regulated market (as defined under MiFID II), equivalent third country market or SME growth market for the purposes of the EU Prospectus Regulation.

A Series of Secured Notes to be admitted to an EU regulated market and/or to be offered on a non-exempt basis pursuant to the EU Prospectus Regulation will not be backed by a Collateral Pool comprising of more than 10% equity securities unless such equity securities are traded on a regulated market (as defined under MiFID II), equivalent third country market or SME growth market for the purposes of the EU Prospectus Regulation.

The Collateral Assets backing the Secured Notes have characteristics that demonstrate capacity to produce funds to service payments due and payable on the Secured Notes, noting that, in the case of Collateral-Backed Notes, the Collateral Assets will only be applied in this way following an enforcement of the security in respect of the relevant Series.

No Notes backed by Collateral Loans will be issued on a non-exempt basis: the Issuer may issue a Series of Secured Notes backed by Collateral Loans on an exempt basis only.

No Notes backed by Collateral Assets that are not admitted to trading on a regulated market (as defined under MiFID II), equivalent third country market or SME Growth Market for the purposes of the EU Prospectus Regulation may be issued on a non-exempt basis, *save where* the obligor in respect of such Collateral Assets has securities already admitted to trading on a regulated or equivalent third country market or SME Growth Market.

For the avoidance of doubt, no Collateral Pool backing a Series of Secured Notes will be actively managed by any party unless the Series of Secured Notes are offered on an exempt basis.

In the case of Secured Notes offered on a non-exempt basis, the Collateral Asset obligors are corporate or public entities whose securities are traded on regulated markets, equivalent third country markets, or SME growth markets. As such, the Collateral Asset obligors and their business or operations are exposed to all factors in the global economic environment, which has recently included concerns as to inflation and geo-political security.

No significant representations or collateral have been given to the Issuer in respect of the Collateral Assets.

Acquisition and origination of Collateral Assets

All Collateral Assets will be originated or created by the relevant Collateral Asset obligor(s) in accordance with customary procedures in the relevant markets for such Collateral Assets.

Description of the underlying structures and applicable hedging arrangements in respect of Secured Notes that can be issued under Condition 20 of the Terms and Conditions of Structured Notes

The Issuer may acquire the Initial Collateral Assets as of the Relevant Issue Date in a number of ways including by a purchase, transfer, novation, or assignment within the NATIXIS group or by entering into Repurchase Agreements, Swap Transactions and/or Securities Lending Transactions, or any other transactions with the Hedging Counterparty or such other entities as it deems appropriate from time to time. See the descriptions of the relevant structures of the Collateral-Linked Notes below for more details of the different hedging arrangements the Issuer may enter into and associated cashflows.

No relationship exists which is material to the issue between the Issuer, the Guarantor and any Collateral Asset obligor, save that Issuer may acquire Collateral Assets issued or guaranteed by any entity within the NATIXIS group.

Payments received in respect of Collateral Assets and to be made between the Issuer and, where applicable, the Hedging Counterparty will be dealt with in the manner set out in the relevant transactions and/or may be the subject of a Collateral Netting Agency Agreement (if any) (as defined under Condition 20.1 of the Terms and Conditions of Structured Notes) and as described below.

The net proceeds from the issue of the Secured Notes will be used by the Issuer to acquire Collateral Assets (including, where applicable, any fees due and payable in connection therewith) and, in the case of Collateral-Linked Notes, or enter into and/or make payments under the relevant Repo Transactions, Swap Transactions and/or Securities Lending Transactions.

Security interest (pledge) and Secured Notes Guarantee

To secure the payments owing on a Series of Secured Notes, the Issuer shall enter into a pledge, for the benefit of the Noteholders, over the Collateral Assets held by the Collateral Custodian and/or Collateral Account Bank (as the case may be) for such Series of Secured Notes and will grant security over its accounts and each applicable Transaction Document in relation to each Series of Secured Notes. The Issuer will grant such security, if required by the local law requirements relating to the Collateral Assets applicable for a Series of Secured Notes over certain Collateral Assets pursuant to a Supplemental Security Document.

In relation to any Series of Collateral-Linked Notes specified as Structure 2 or Structure 4, if the Secured Notes Guarantee is specified as “Applicable” in the applicable Final Terms, a guarantee shall be granted by NATIXIS (in its capacity as **Guarantor**) to the holders of the applicable Series of Collateral-Linked Notes in relation to the payment of the Early Redemption Amounts (which in such circumstances shall, for the avoidance of doubt, be a Calculation Formula Early Redemption Amount) when due and payable by the Issuer under such Series of Secured Notes in accordance with the provisions set forth in the form of Secured Notes Guarantee.

Substitution of Collateral Assets

Where any Collateral Asset is removed from the relevant Collateral Pool and a substitute Collateral Asset(s) is added to such Collateral Pool pursuant to Condition 20 (*Secured Notes Provisions*) of the Terms and Conditions for Structured Notes, the substitute Collateral Asset(s) shall comply with the applicable Eligibility Criteria. In the case of Secured Notes offered on a non-exempt basis, the Issuer shall not effect any substitution in respect of the Collateral Assets of a Series of Secured Notes during the period up until the closing of the offer period or the time when trading on a regulated market begins, whichever occurs later.

Early repurchase and cancellation of a Series of Secured Notes

If Redemption at the Option of the Issuer is specified as applicable in the applicable Final Terms, the Issuer may from time to time purchase and cancel all or some of the Secured Notes of a Series.

In the case of a partial purchase and cancellation of a Series of Collateral-Linked Notes specified as Structure 2, Structure 3 or Structure 4, a pro-rata proportion of the applicable Hedging Agreement (where applicable) will terminate, and the Security Trustee or the Security Agent, as applicable, will release security over the *pro-rata* portion of the Collateral Assets, and (where applicable) an amount will be payable by one party to the other equal

Description of the underlying structures and applicable hedging arrangements in respect of Secured Notes that can be issued under Condition 20 of the Terms and Conditions of Structured Notes

to the mark-to-market value of such portion of the Swap Transaction so terminated. In the case of a partial purchase and cancellation of a Series of Collateral-Linked Notes specified as Structure 1, the Security Trustee or the Security Agent, as applicable, will release security over the pro-rata portion of the Collateral Assets and the relevant Partial Redemption Amounts will be payable to Noteholders.

If Redemption at the Option of the Noteholders is specified as applicable in the applicable Final Terms, Noteholders will be entitled to request an early redemption of their Secured Notes by requesting an early exercise by notice under the Terms and Conditions of Structured Notes.

Events of Default

The Events of Default contained in the Terms and Conditions for English Law Notes and the Terms and Conditions for French Law Notes (as applicable) will apply to Secured Notes. In addition, the additional Events of Default contained in Condition 20 (*Secured Notes Provisions*) of the Terms and Conditions for Structured Notes may apply to a Series of Secured Notes where specified in the applicable Final Terms.

Upon the occurrence of an Event of Default in respect of a Series of Secured Notes, Noteholders representing 25 *per cent.* or more of the outstanding aggregate amount of the Secured Notes of the relevant Series (in the case of English Law Notes) or the Representative of the Masse (in the case of French Law Notes) may accelerate payments on the Secured Notes. If such action is taken, the Secured Notes of such Series shall become immediately payable by the Issuer. If payment is not made by the Issuer within 10 Collateral Business Days, Noteholders representing 25 *per cent.* or more of the outstanding aggregate amount of the Secured Notes of the relevant Series may instruct the Security Trustee (in the case of English Law Notes) or the Representative of the Masse may instruct the Security Agent (in the case of French Law Notes) to enforce the security granted over the Charged Assets for such Series of Secured Notes.

Enforcement and realisation of Charged Assets

Following the occurrence of any Collateral Disruption Event, Collateral Asset Default, Early Redemption Event or Mandatory Redemption Event, and provided that such event is specified as applicable in the Final Terms for a Series of Secured Notes, in the case of Collateral-Linked Notes, the Issuer shall terminate any Hedging Agreements (if any).

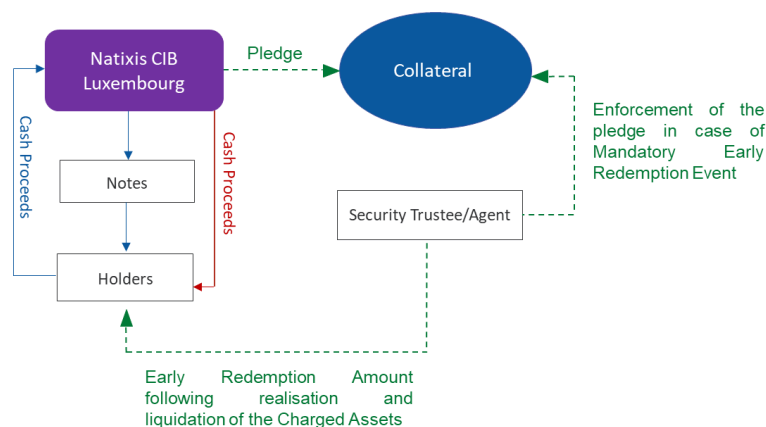

If Cash Delivery is specified in the applicable Final Terms, the Collateral Assets will be liquidated or realised and the proceeds will be distributed to the Noteholders in accordance with Condition 20.1(f) of the Terms and Conditions for Structured Notes.

If Physical Delivery is specified in the applicable Final Terms, the relevant Collateral Assets Entitlement shall be delivered to the Noteholders in accordance with Condition 20.4(h) of the Terms and Conditions for Structured Notes.

1 Collateral-Backed Notes

Collateral-Backed Notes are Secured Notes where Collateral Assets secure the amounts payable under such Secured Notes. The Issuer will be responsible for all payments payable under a Series of Collateral-Backed Notes and any funds generated by the Collateral Assets are irrelevant for the purposes of scheduled payments under Collateral-Backed Notes prior to enforcement of the security in respect of the relevant Series. Therefore by acquiring this type of Secured Note, the investor bears the same risk as for other Notes issued under this Base Prospectus including the credit risk of the Issuer, subject to the paragraphs below.

Description of the underlying structures and applicable hedging arrangements in respect of Secured Notes that can be issued under Condition 20 of the Terms and Conditions of Structured Notes

1.1 Cash flows under the Collateral-Backed Notes

The Noteholders are entitled to the Interest Amounts (if any) and Redemption Amount(s) due in respect of such Secured Note as for other Notes issued under this Base Prospectus.

If the Issuer fails to pay amounts to the Noteholders when due under these Secured Notes, the security granted in respect of the Collateral Pool for such Series of Collateral-Backed Notes will be enforced to recover the payments owing to the Noteholders under such Series of Collateral-Backed Notes.

1.2 Collateralisation of the Collateral-Backed Notes

The Collateral Assets comprising the Collateral Pool in respect of a Series of Collateral-Backed Notes will be periodically tested by the Collateral Agent. The Collateral Agent will calculate the Collateral Value of the Collateral Pool for a Series of Collateral-Backed Notes to ensure such value is not less than 100 per cent. of the Required Collateral Value and such calculations will be verified by the Collateral Monitoring Agent. The Required Collateral Value and the Type of Collateralisation relevant to a Series of Collateral-Backed Notes will be specified in the applicable Final Terms. If the Collateral Value is less than 100% of the Required Collateral Value, the Collateral Agent on behalf of the Issuer is required to deposit additional Collateral Assets so that the Collateral Value is at least 100% of the Required Collateral Value.

2 Collateral-Linked Notes

NCIBL will meet its obligations to pay the relevant amounts it is due to pay in respect of the Secured Notes using the payments it receives from the obligor(s) and/or counterparty(ies) under the Charged Assets specified in the Final Terms for the relevant series of Secured Notes. NCIBL will also grant first ranking security over the Charged Assets in the manner set out in Condition 20 (*Secured Notes Provisions*) of the Terms and Conditions for Structured Notes. The initial Collateral Assets as of the Relevant Issue Date will be identified in the applicable Final Terms.

Each possible structure of a Collateral-Linked Note is described below.

Credit Support Arrangements

A Credit Support Document, as defined in Condition 20.6(j)(A) of the Terms and Conditions of Structured Notes, may be evidenced to a relevant Swap Transaction, whereby the relevant party will have to deliver collateral on a predefined frequency set out in the applicable Final Terms, if the value of the credit support balance is less than a percentage determined by the Issuer on the Relevant Issue Date of the then current market value of the Swap Transaction, subject to the Minimum Transfer Amount set out in that Credit Support Document.

Unless Pass-Through Notes is specified as applicable in the applicable Final Terms, the value of the Charged Assets subject to the relevant Hedging Arrangement by NATIXIS will be automatically adjusted through margin

Description of the underlying structures and applicable hedging arrangements in respect of Secured Notes that can be issued under Condition 20 of the Terms and Conditions of Structured Notes

calls, equal to the product of (a) the Aggregate Nominal Amount of a relevant Series of Secured Notes and (b) the Haircut set out in the applicable Final Terms where it is specified as applicable therein, with a minimum of 100% (the **Haircut Conditions**). Should this value be greater or lower than the Haircut, NATIXIS will operate the margin calls. It is also noted that the Issuer may decide to appoint a Collateral Netting Agent to provide valuation of the Collateral Assets and operating the collateral transfers with respect to the relevant Hedging Arrangements.

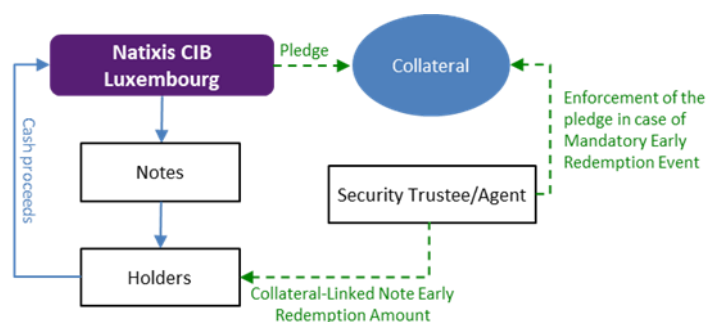

Description of structure, cash flows and hedging arrangements under the Collateral-Linked Notes

- Structure no. 1: Collateral-Linked Notes - Pass-Through Notes
- Structure no. 2: Collateral-Linked Notes - Secured Notes hedged by a Repo Transaction
- Structure no. 3: Collateral-Linked Notes - Secured Notes hedged by a Swap Transaction
- Structure no. 4: Collateral-Linked Notes - Secured Notes hedged by a Swap Transaction and a Securities Lending Transaction

1 Structure no. 1: Collateral-Linked Notes - Pass-Through Notes

A Secured Note where Noteholders receive all payments (net of any costs and fees) by the Collateral Assets bearing fully their risk and rewards is a Pass-Through Note. The proceeds of the issue of a Series of Secured Notes specified as a “Structure 1” in the applicable Final Terms will be used by the Issuer to purchase the Collateral Assets that will comprise the Collateral Pool for the relevant Series of Secured Notes on the Relevant Issue Date.

By acquiring this type of Secured Note, the investor exposes himself to credit risk on the Issuer and on the Collateral Assets. In case of default of the Issuer or the Collateral Assets, the investor bears the risk of not recovering its investment at maturity.

1.1 Cash flows under the Secured Notes

On the Relevant Issue Date, an amount equal to the aggregate amount of the relevant Secured Notes multiplied by the Issue Price will be used by the Issuer to purchase the Collateral Assets specified in the applicable Final Terms.

As intermediary payments, the Issuer may pay from time to time an Interest Amount or a cash amount to the Noteholders equal to the cash proceeds effectively received from the Collateral Assets.

On the Maturity Date the Issuer shall pay to the Noteholders the relevant Pass-Through Final Redemption Amounts, i.e. the cash proceeds effectively received from the Collateral Assets.

1.2 Redemption upon occurrence of a Mandatory Redemption Event

Upon the occurrence of a Mandatory Redemption Event:

- (a) the Calculation Agent on behalf of the Issuer shall liquidate the Collateral Assets; then

Description of the underlying structures and applicable hedging arrangements in respect of Secured Notes that can be issued under Condition 20 of the Terms and Conditions of Structured Notes

- (b) the relevant Series of Secured Notes shall be redeemed prior to the Maturity Date at an amount equal to the Collateral-Linked Note Early Redemption Amount (cash or physical), subject to the Order of Priority specified in the applicable Final Terms.

2 Structure no. 2: Collateral-Linked Notes - Secured Notes hedged by a Repo Transaction

The proceeds of the issue of a Series of Secured Notes specified as “Structure 2” in the applicable Final Terms will be used by the Issuer to purchase the Collateral Assets that will comprise the Collateral Pool for such Series of Secured Notes on the Relevant Issue Date.

By acquiring this type of Secured Notes, the investor exposes himself to credit risk on the Issuer, on the Collateral Assets, on the Repo Counterparty and, where applicable, on the Guarantor. In case of default of the Issuer, the Collateral Assets, the Repo Counterparty and/or (if applicable) the Guarantor, the investor bears the risk of not recovering its investment at maturity. Besides, at maturity the level of the interest is paid out pursuant to the Repurchase Agreement made between the Issuer and the Repo Counterparty. The Repurchase Agreement which involves the transfer of the full ownership of the Collateral Assets from the Repo Counterparty to the Issuer in exchange of the aggregate amount, mitigates the risk for the investor of not receiving the payment at maturity in case of insolvency or default of the Repo Counterparty.

2.1 The Repurchase Agreement

For each Series of Secured Notes specified as “Structure 2” in the applicable Final Terms, on or around the Relevant Issue Date the Issuer will enter into a Repurchase Agreement with the Repo Counterparty whereby:

- (a) the Repo Counterparty sells on the Relevant Issue Date the Initial Collateral Assets to the Issuer at a price equal to the proceeds of the issue of the Secured Notes against payment of such price; with
- (b) a simultaneous agreement by the Issuer to sell to the Repo Counterparty the Collateral Assets on the Maturity Date of the Secured Notes or on the Early Redemption Date against payment of the sum of an amount equivalent to the proceeds of the issue of the Secured Notes.

At maturity, the final payment is paid out pursuant to the Repurchase Agreement between the Issuer and the Repo Counterparty. The Repurchase Agreement, which involves the transfer of the full ownership of the Collateral Assets from the Repo Counterparty to the Issuer in exchange of the aggregate amount of the relevant Series of Secured Notes, mitigates the risk for the investor of not receiving the payment at maturity in case of insolvency or default of the Repo Counterparty.

2.2 Cash flows under the Repurchase Agreement

Description of the underlying structures and applicable hedging arrangements in respect of Secured Notes that can be issued under Condition 20 of the Terms and Conditions of Structured Notes

The Repurchase Agreement sets out certain payments between the Issuer and the Repo Counterparty, whereby:

- (a) the Issuer pays on the Relevant Issue Date the purchase price equal to the proceeds of the Secured Notes to the Repo Counterparty;
- (b) the Repo Counterparty delivers to the Issuer on or about the Relevant Issue Date the Collateral Assets represented by a Collateral Pool whose value shall equal the purchase price plus the accrued price differential if any (with margin calls on a predefined frequency on the Relevant Issue Date);
- (c) pursuant to the Repurchase Agreement, the Repo Counterparty and the Issuer transfer between each other Collateral Assets from time to time to maintain the same exposure of the Issuer under the Repurchase Agreement which may include the substitution of Eligible Collateral Assets from time to time between the Issuer and the Repo Counterparty (with the Issuer being deemed to agree to any such substitution without prior consultation of the Noteholders);
- (d) as intermediary payments, the Repo Counterparty pays to the Issuer from time to time the price differential, out of which the Issuer will pay any interest due under the Secured Notes;
- (e) the Issuer transfers the Collateral Assets to the Repo Counterparty on the Maturity Date; and
- (f) the Repo Counterparty pays a repurchase price equivalent to the Final Redemption Amount to the Issuer on the Maturity Date.

2.3 Termination Events

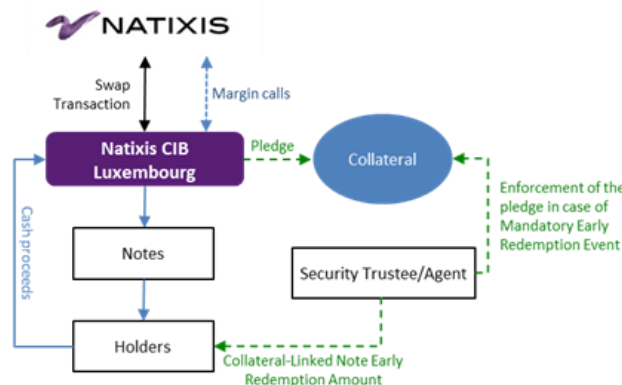

The Secured Notes shall become immediately repayable following notification in due form by the Issuer or the Calculation Agent on its behalf that a Collateral Disruption Event set out in Condition 20.1 of the Terms and Conditions of Structured Notes has occurred.

If a Collateral Disruption Event occurs, then, Condition 20.4(b) of the Terms and Conditions of Structured Notes shall apply.

3 Structure no. 3: Collateral-Linked Notes - Secured Notes hedged by a Swap Transaction

The proceeds of the issue of a Series of Secured Notes specified as “Structure 3” in the applicable Final Terms will be used by the Issuer to purchase the Collateral Assets that will comprise the Collateral Pool for such Series of Secured Notes on the Relevant Issue Date.

By acquiring this type of Secured Note, the investor exposes himself to credit risk on the Issuer, on the Collateral Assets and on the Swap Counterparty. In case of default of the Issuer, the Collateral Assets or the Swap Counterparty, the investor bears the risk of not recovering its investment at maturity.

Description of the underlying structures and applicable hedging arrangements in respect of Secured Notes that can be issued under Condition 20 of the Terms and Conditions of Structured Notes

3.1 *Swap Transaction*

For each new Series of Secured Notes relating to a Collateral Pool, on or around the Relevant Issue Date the Issuer will enter into a Swap Transaction with the Swap Counterparty, and, if applicable, a Credit Support Document.

In addition to the customary events of default and termination events provided for in the 2002 ISDA Master Agreement (or the relevant applicable master agreement), the Swap Counterparty will be entitled to early terminate the Swap Agreement, including the Swap Transaction, upon, *inter alia*, the occurrence of an Event of Default or a Mandatory Redemption Event under the Secured Notes.

The Swap Transaction relating to a Series of Secured Notes will terminate on the Maturity Date of the Secured Notes, unless terminated earlier in accordance with the terms of the Swap Transaction.

3.2 *Cash flows under the Swap Transaction*

Payments to be made by the Issuer and the Swap Counterparty pursuant to the Swap Transaction entered into under the Swap Agreement relating to a Series of Secured Notes may include, without limitation, the flows described below.

A Swap Transaction shall have a maturity date equal to the Maturity Date of the Secured Notes (subject to the occurrence of certain early termination events under the Transaction Documents), a trade date equal to the Trade Date, and an effective date equal to the Relevant Issue Date shall be entered into between the Issuer and NATIXIS acting as Swap Counterparty (or any other relevant Swap Counterparty) and under which:

- (a) if any, the Swap Counterparty shall pay or receive an upfront fee (e.g. fee to par), expressed as a positive number if payable by the Swap Counterparty to the Issuer and expressed as a negative number if payable by the Issuer to the Swap Counterparty;
- (b) if any, the Issuer shall pay to the Swap Counterparty the interest proceeds, the proceeds of redemption (in case of Total Return Swap) and/or as the case may be any other cash flow scheduled to be received in respect of the Collateral Assets (e.g. inflation);
- (c) the Swap Counterparty shall pay the fees related to the Series of Secured Notes to the Issuer; and
- (d) if any, the Swap Counterparty shall pay on each interest payment date to the Issuer the fixed or floating interest amounts equal to the relevant interest amounts due on the Secured Notes.

3.3 *Termination Events*

The Secured Notes shall become immediately repayable to the Noteholders following notification in due form by the Issuer or the Calculation Agent on its behalf that any one of the events listed under the definition of Mandatory Early Redemption Events set out in Condition 20.1 of the Terms and Conditions of Structured Notes has occurred.

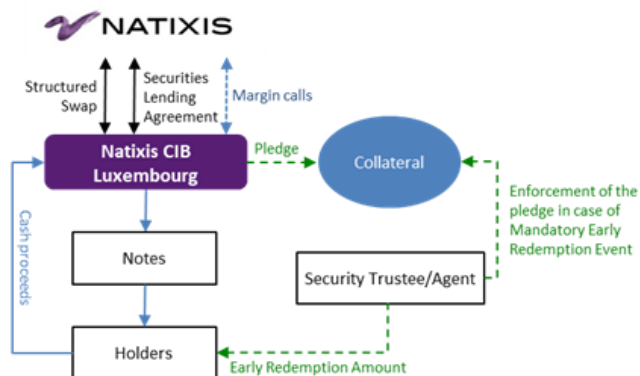

If a Mandatory Redemption Event occurs, then, Condition 20.6 paragraphs (A), (B), (C) and (D) of the Terms and Conditions of Structured Notes shall apply.

4 Structure no. 4: Collateral-Linked Notes – Secured Notes hedged by a Swap Transaction and a Securities Lending Transaction

The proceeds of the issue of a Series of Secured Notes specified as “Structure 4” in the applicable Final Terms, will be used by the Issuer to purchase the Collateral Assets that will comprise the Collateral Pool in respect of the Series of Secured Notes on the Relevant Issue Date.

Description of the underlying structures and applicable hedging arrangements in respect of Secured Notes that can be issued under Condition 20 of the Terms and Conditions of Structured Notes

By acquiring this type of Secured Note, the investor bears the credit risk of the Issuer, the Collateral Assets, the Swap Counterparty, the Securities Lending Counterparty and, where applicable, on the Guarantor. Hence, in case of default of the Issuer, the Collateral Assets, the Swap Counterparty, the Securities Lending Counterparty and/or (if applicable) the Guarantor, the investor bears the risk of not recovering its investment at maturity.

4.1 Purchase of the Swap Assets

On the Relevant Issue Date, the Issuer shall use the issuance proceeds to purchase a basket of Initial Collateral Assets which shall comply with the Initial Collateral Assets Matrix specified in the applicable Final Terms in an amount equal to their net asset value as of that date as converted, if need be, to the currency of the relevant Series of Secured Notes by the Calculation Agent, in its sole and absolute discretion. Such Initial Collateral Assets may be substituted with other assets (in accordance with the matrix specified in the applicable Final Terms) from time to time, notably in the event of a Collateral Substitution Event occurring in respect of such Initial Collateral Assets, as determined under the Securities Lending Transaction described below.

4.2 The Swap Transaction:

On the Relevant Issue Date, the Issuer and the Swap Counterparty will enter into one or several Swap Transactions.

4.3 Cash flows under the Swap Transaction:

Under the Swap Transaction(s), there will be the following cash flows:

- (i) the Issuer shall pay to the Swap Counterparty (x) as the case may be, the positive performance determined on the Valuation Date of the Initial Collateral Assets and/or any substituted assets, (y) amounts equivalent to any proceeds, dividends, interests or distributions received by the Issuer in relation with the Initial Collateral Assets and/or any substituted assets; and
- (ii) the Swap Counterparty shall pay to the Issuer (x) an amount equal to a variable amount (structured or not) or, as the case may be, the absolute value of the negative performance of the Initial Collateral Assets and/or any substituted assets determined on the Valuation Date, and (y) the fees related to the Series of Secured Notes on the Relevant Issue Date.

In addition to the events of default and termination events provided for in the 2002 ISDA Master Agreement (or the relevant master agreement), the Swap Counterparty will be entitled to early terminate the Swap Transaction upon the occurrence of an Event of Default or a Mandatory Redemption Event under the Notes.

The payment obligations of the Swap Counterparty under the Credit Support Document may be subject to the terms of a Collateral Netting Agency Agreement (if any) (as defined under Condition 20.6(j)(A) of the Terms and Conditions of Structured Notes) as described below.

Description of the underlying structures and applicable hedging arrangements in respect of Secured Notes that can be issued under Condition 20 of the Terms and Conditions of Structured Notes

4.4 *The Securities Lending Transaction*

In addition to the Swap Transaction(s), the Issuer may enter into a Securities Lending Transaction with the Securities Lending Counterparty pursuant to which the Initial Collateral Assets will be lent by the Issuer to the Securities Lending Counterparty. The Securities Lending Counterparty will provide collateral to the Issuer under the Securities Lending Transaction, which will consist of a basket of Alternative Collateral Assets complying with the Alternative Collateral Assets Matrix set out in the applicable Final Terms. As defined in the Securities Lending Transaction, the Alternative Collateral Assets will, at any time, be in an amount at least equal to 100% of that of the aggregate market value of the Initial Collateral Assets, as defined in the Securities Lending Transaction and the accrued Securities Lending Fee specified in the applicable Final Terms.

Pursuant to the Securities Lending Transaction, the Securities Lending Counterparty will pay the Securities Lending Fee to the Issuer.

The collateral payment and delivery obligations under the Credit Support Document and the collateral delivery obligations under the Securities Lending Transaction may be subject to a netting arrangement and payment instructions under the Collateral Netting Agency Agreement, as defined below (if any).

4.5 *The Collateral Hedging Netting Agreement (optional)*

If a Collateral Netting Agency Agreement is specified as Applicable in the applicable Final Terms, the Swap Counterparty, the Securities Lending Counterparty and the Issuer will agree that the collateral payment and/or delivery obligations under the Credit Support Document and the Securities Lending Transaction will be subject to the netting arrangement and payment instructions of the Collateral Hedging Netting Agreement (if any) (as defined in Condition 20.2(c)(D) of the Terms and Conditions of Structured Notes). On each relevant Collateral Valuation Date, NATIXIS, in its capacity as collateral calculation agent, will determine the Global Exposure and Net Collateral Amount to be paid or delivered.

For such purposes:

Global Exposure means, on a collateral valuation date, the aggregate of the exposures determined under the Credit Support Document and the Securities Lending Transaction; and

Net Collateral Amount means, on a collateral valuation date with respect to the Global Exposure on such date, a net amount or a net delivery obligation equal to the aggregate of: (i) the amount to be paid or the delivery obligation under the Credit Support Document; and (ii) the collateral delivery obligation under the Securities Lending Transaction (such amounts and delivery obligations will be combined and netted pursuant to the Collateral Hedging Netting Agreement so that only one single net amount will be paid or a single net collateral delivery obligation will be performed by the relevant party).

The Collateral Assets will be selected by (a) the Issuer equal to a number of Collateral Assets limited to the total number of Securities Lending Assets of the relevant Series, even if the then current market value of the Swap Transaction is higher than the then current market value of all the Securities Lending Assets and (b) the Swap Counterparty that comply with the Swap Collateral Assets Matrix as set out in the applicable Final Terms and in an amount equal to no more than the aggregate amount of cash held by the Swap Counterparty.

4.6 *Termination Events*

If a Mandatory Redemption Event occurs, then Condition 20.6(e)(E) of the Terms and Conditions of Structured Notes shall apply.

TAXATION - WARNING

Tax legislation of the investor's Member State and of each of the Issuers' jurisdiction of incorporation may have an impact on the income received from the Notes.

Prospective investors and sellers of the Notes should be aware that they may be required to pay taxes or other documentary charges or duties in accordance with the laws and practices of the jurisdiction where the Notes are acquired and/or transferred or other jurisdictions; including the Issuer's or (if applicable) the Guarantor's jurisdiction of incorporation, which may have an impact on the income received from the Notes. In certain jurisdictions, no official position of the tax authorities and no court ruling is available with respect to financial instruments such as Notes. Potential investors are advised to ask for their own tax adviser's advice on their individual taxation with respect to the acquisition, holding, sale and redemption of the Notes. Only these advisors are in a position to duly consider the specific situation of the prospective investor.

Interest payments on the Notes, or capital gains realized by the Noteholders on the sale or redemption of the Notes, may be subject to taxation in their country of residence or in the other countries in which they are required to pay tax. The tax impact on a given Noteholder in respect of the Notes may also differ in the case of Notes linked to a relevant Underlying. All investors are advised to consult their own tax advisor on the tax consequences which may result from an investment in the Notes.

U.S. Dividend Equivalent Withholding may impact the Notes

Section 871 (m) of the U.S. Internal Revenue Code of 1986 imposes a 30% withholding tax on amounts attributable to U.S.-sourced dividends that are paid or "deemed" paid on certain financial instruments when certain conditions are met (the **Specified Notes**). If the relevant Issuer or any agent responsible for withholding determines that withholding tax is required, neither the relevant Issuer nor any agent responsible for withholding will pay any additional amounts to the Noteholder on account of the Section 871(m) amount deemed withheld. Prospective investors should consult their tax advisers regarding the potential application of Section 871(m) to the Notes.

Charity Payment Notes

In accordance with the applicable laws and regulations of their tax residence, Noteholders may have to report the full Interest Amount or Redemption Amount, including the Shared Amount(s), as taxable income on their own tax return, regardless of whether they have donated the Shared Amount(s) to the Non-Profit Organisation or not. Prospective investors should consult their own legal, tax or accounting advisers before deciding to invest in Charity Payment Notes.

The Issuer does not make any representation or warranty, express or implied, as to the tax treatment or availability of any tax credit, deduction, benefit or relief in respect of the Charity Payment Notes or the Shared Amount(s) in any jurisdiction. The tax consequences of holding and disposing of the Charity Payment Notes may vary depending on the tax laws and practices of the relevant jurisdiction and the individual circumstances of each Noteholder. Noteholders are solely responsible for determining and complying with their own tax obligations and liabilities arising from or relating to the Charity Payment Notes and the Shared Amount(s) and should consult their own tax advisers before making any investment decision.

SUBSCRIPTION AND SALE

Subject to the terms and on the conditions contained in an amended and restated programme agreement dated 19 April 2024 as further amended and/or supplemented from time to time (the **Programme Agreement**) between the Issuers, the Permanent Dealer and the Arranger, the Notes will be offered on a continuous basis by the Issuers to the Permanent Dealer. The Notes may also be sold by the Issuers through the Permanent Dealer acting as agent of the relevant Issuer. However, each Issuer has reserved the right to (a) sell Notes directly on its own behalf to Dealers that are not the Permanent Dealer or (b) procure itself subscribers for any Notes. The Notes may be resold at prevailing market prices, or at prices related thereto, at the time of such resale, as determined by the Dealers. The Programme Agreement also provides for Notes to be issued in syndicated Tranches that are jointly and severally underwritten by two or more Dealers. The Notes may be offered to qualified, non-qualified, retail or wholesale investors.

The relevant Issuer will pay each relevant Dealer a commission as agreed between such Issuer and such Dealer, depending upon maturity in respect of Notes subscribed by it. Each Issuer has agreed to reimburse the Arranger for its expenses incurred in connection with the update of the Programme and the Permanent Dealer for certain of its activities in connection with the Programme. The commissions in respect of an issue of Notes on a syndicated basis will be stated in the applicable Final Terms.

Each Issuer has agreed to indemnify the Dealers against certain liabilities in connection with the offer and sale of the Notes issued by it. The Programme Agreement entitles the Dealers to terminate any agreement that they make to subscribe Notes in certain circumstances prior to payment for such Notes being made to the relevant Issuer.

Notice to capital market intermediaries and prospective investors pursuant to paragraph 21 of the SFC Code - Important Notice to CMI's (including private banks)

This notice to CMI's (including private banks) is a summary of certain obligations the SFC Code imposes on CMI's, which require the attention and cooperation of other CMI's (including private banks). Certain CMI's may also be acting as OCs for the relevant CMI Offering and are subject to additional requirements under the SFC Code. The application of these obligations will depend on the role(s) undertaken by the relevant Dealer(s) in respect of each CMI Offering.

Prospective investors who are the directors, employees or major shareholders of the relevant Issuer, (if applicable) the Guarantor, a CMI or its group companies would be considered under the SFC Code as having an Association with the relevant Issuer, (if applicable) the Guarantor, the CMI or the relevant group company. CMI's should specifically disclose whether their investor clients have any Association when submitting orders for the relevant Notes. In addition, private banks should take all reasonable steps to identify whether their investor clients may have any Associations with the relevant Issuer, (if applicable) the Guarantor or any CMI (including its group companies) and inform the relevant Dealers accordingly.

CMI's are informed that, unless otherwise notified, the marketing and investor targeting strategy for the relevant CMI Offering includes institutional investors, sovereign wealth funds, pension funds, hedge funds, family offices and high net worth individuals, in each case, subject to the selling restrictions and any MiFID II product governance language or any UK MiFIR product governance language set out elsewhere in this Base Prospectus and/or in the applicable Final Terms.

CMI's should ensure that orders placed are bona fide, are not inflated and do not constitute duplicated orders (i.e. two or more corresponding or identical orders placed via two or more CMI's). CMI's should enquire with their investor clients regarding any orders which appear unusual or irregular. CMI's should disclose the identities of all investors when submitting orders for the relevant Notes (except for omnibus orders where underlying investor information may need to be provided to any OCs when submitting orders). Failure to provide underlying investor information for omnibus orders, where required to do so, may result in that order being rejected. CMI's should not place "X-orders" into the order book.

CMI should segregate and clearly identify their own proprietary orders (and those of their group companies, including private banks as the case may be) in the order book and book messages.

CMI (including private banks) should not offer any rebates to prospective investors or pass on any rebates provided by the relevant Issuer. In addition, CMI (including private banks) should not enter into arrangements which may result in prospective investors paying different prices for the relevant Notes. CMI are informed that a private bank rebate may be payable as stated above and the applicable Final Terms, or otherwise notified to prospective investors.

The SFC Code requires that a CMI disclose complete and accurate information in a timely manner on the status of the order book and other relevant information it receives to targeted investors for them to make an informed decision. In order to do this, those Dealers in control of the order book should consider disclosing order book updates to all CMIs.

When placing an order for the relevant Notes, private banks should disclose, at the same time, if such order is placed other than on a “principal” basis (whereby it is deploying its own balance sheet for onward selling to investors). Private banks who do not provide such disclosure are hereby deemed to be placing their order on such a “principal” basis. Otherwise, such order may be considered to be an omnibus order pursuant to the SFC Code. Private banks should be aware that placing an order on a “principal” basis may require the relevant affiliated Dealer(s) (if any) to categorise it as a proprietary order and apply the “proprietary orders” requirements of the SFC Code to such order and will result in that private bank not being entitled to, and not being paid, any rebate.

In relation to omnibus orders, when submitting such orders, CMIs (including private banks) that are subject to the SFC Code should disclose underlying investor information, in respect of each order constituting the relevant omnibus order (failure to provide such information may result in that order being rejected). Underlying investor information in relation to omnibus orders should consist of:

- The name of each underlying investor;
- A unique identification number for each investor;
- Whether an underlying investor has any “Associations” (as used in the SFC Code);
- Whether any underlying investor order is a “Proprietary Order” (as used in the SFC Code);
- Whether any underlying investor order is a duplicate order.

Underlying investor information in relation to omnibus order should be sent to: *please insert the Dealers named in the relevant Final Terms*

To the extent information being disclosed by CMIs and investors is personal and/or confidential in nature, CMIs (including private banks) agree and warrant: (A) to take appropriate steps to safeguard the transmission of such information to any OCs; and (B) that they have obtained the necessary consents from the underlying investors to disclose such information to any OCs. By submitting an order and providing such information to any OCs, each CMI (including private banks) further warrants that they and the underlying investors have understood and consented to the collection, disclosure, use and transfer of such information by any OCs and/or any other third parties as may be required by the SFC Code, including to the relevant Issuer, (if applicable) the Guarantor, relevant regulators and/or any other third parties as may be required by the SFC Code, for the purpose of complying with the SFC Code, during the bookbuilding process for the relevant CMI Offering. CMIs that receive such underlying investor information are reminded that such information should be used only for submitting orders in the relevant CMI Offering. The relevant Dealers may be asked to demonstrate compliance with their obligations under the SFC Code, and may request other CMIs (including private banks) to provide evidence showing compliance with the obligations above (in particular, that the necessary consents have been obtained). In such event, other CMIs (including private banks) are required to provide the relevant Dealers with such evidence within the timeline requested.

By placing an order, prospective investors (including any underlying investors in relation to omnibus orders) are deemed to represent to the Dealers that it is not a Sanctions Restricted Person. A “Sanctions Restricted Person” means an individual or entity (a **Person**): (a) that is, or is directly or indirectly owned or controlled by a Person that is, described or designated in (i) the most current “Specially Designated Nationals and Blocked Persons” list (which as of the date hereof can be found at: <http://www.treasury.gov/ofac/downloads/sdnlist.pdf>) or (ii) the Foreign Sanctions Evaders List (which as of the date hereof can be found at: <http://www.treasury.gov/ofac/downloads/fse/fselist.pdf>) or (iii) the most current “Consolidated list of persons, groups and entities subject to EU financial sanctions” (which as of the date hereof can be found at: https://eeas.europa.eu/headquarters/headquartershomepage_en/8442/Consolidated%20list%20of%20sanctions); or (b) that is otherwise the subject of any sanctions administered or enforced by any Sanctions Authority, other than solely by virtue of: (i) their inclusion in the most current "Sectoral Sanctions Identifications" list (which as of the date hereof can be found at: <https://www.treasury.gov/ofac/downloads/ssi/ssilist.pdf>) (the **SSI List**), (ii) their inclusion in Annexes 3, 4, 5 and 6 of Council Regulation No. 833/2014, as amended by Council Regulation No. 960/2014 (the **EU Annexes**), (iii) their inclusion in any other list maintained by a Sanctions Authority, with similar effect to the SSI List or the EU Annexes, (iv) them being the subject of restrictions imposed by the U.S. Department of Commerce's Bureau of Industry and Security (**BIS**) under which BIS has restricted exports, re-exports or transfers of certain controlled goods, technology or software to such individuals or entities; (v) them being an entity listed in the Annex to the new Executive Order of 3 June 2021 entitled “Addressing the Threat from Securities Investments that Finance Certain Companies of the People’s Republic of China” (known as the Non-SDN Chinese Military- Industrial Complex Companies List), which amends the Executive Order 13959 of 12 November 2020 entitled “Addressing the threat from Securities Investments that Finance Chinese Military Companies”; or (vi) them being subject to restrictions imposed on the operation of an online service, Internet application or other information or communication services in the United States directed at preventing a foreign government from accessing the data of U.S. persons; or (c) that is located, organized or a resident in a comprehensively sanctioned country or territory, including Cuba, Iran, North Korea, Syria, the Crimea region of Ukraine, the Donetsk’s People’s Republic or Luhansk People’s Republic. “Sanctions Authority” means: (a) the United States government; (b) the United Nations; (c) the European Union (or any of its member states); (d) the United Kingdom; (e) any other equivalent governmental or regulatory authority, institution or agency which administers economic, financial or trade sanctions; and (f) the respective governmental institutions and agencies of any of the foregoing including, without limitation, the Office of Foreign Assets Control of the U.S. Department of the Treasury, the United States Department of State, the United States Department of Commerce and His Majesty’s Treasury.

United States

Regulation S

The Notes, the Unsecured Notes Guarantee and the Secured Notes Guarantee have not been and will not be registered under the U.S. Securities Act of 1933, as amended (the **Securities Act**) or under the securities law of any state or political sub-division of the United States. No person has registered nor will register as a commodity pool operator of any Issuer under the U.S. Commodity Exchange Act of 1936, as amended (the **CEA**) and the rules thereunder (the **CFTC Rules**) of the Commodity Futures Trading Commission (the **CFTC**), and the Issuers have not been and will not be registered under the U.S. Investment Company Act of 1940, as amended, nor under any other U.S. federal laws. The Notes are being offered and sold in reliance on an exemption from the registration requirements of the Securities Act pursuant to Regulation S.

Accordingly, the Notes, the Unsecured Notes Guarantee and the Secured Notes Guarantee may not be offered, sold, pledged or otherwise transferred except in an "offshore transaction" (as such term is defined under Regulation S) to or for the account or benefit of a Permitted Transferee.

The following definitions shall apply for the purposes of this transfer restriction:

Permitted Transferee means any person who is not:

- (a) a U.S. person as defined in Rule 902(k)(1) of Regulation S; or
- (b) a person who comes within any definition of U.S. person for the purposes of the CEA or any CFTC Rule, guidance or order proposed or issued under the CEA (for the avoidance of doubt, any person who is not a "Non-United States person" as such term is defined under CFTC Rule 4.7(a)(1)(iv), thereof, the exception for qualified eligible persons who are not "Non-United States persons", shall be considered a U.S. person).

Transfers of Notes within the United States or to any person other than a Permitted Transferee are prohibited. Any transfer of Notes (except French Law Notes) to a person other than a Permitted Transferee (a **Non-Permitted Transferee**) will be void *ab initio* and of no legal effect whatsoever. Accordingly, any purported transferee of any legal or beneficial ownership interest in a Note (except a French Law Note) in such a transaction will not be entitled to any rights as a legal or beneficial owner of such interest in such Note (except a French Law Note). The Issuer shall have the right at any time after becoming aware that any legal or beneficial ownership interest in a Note (except a French Law Note) is held by a Non-Permitted Transferee to require such Non-Permitted Transferee to sell such interest to (i) an affiliate of the Issuer (to the extent permitted by applicable law); or (ii) a person who is not a Non-Permitted Transferee.

The foregoing restrictions on the offer, sale, pledge or other transfer of Notes to a Non-Permitted Transferee may adversely affect the ability of an investor in the Notes to dispose of the Notes in the secondary market, if any, and significantly reduce the liquidity of the Notes. As a result, the value of the Notes may be materially adversely affected.

As defined in Rule 902(k)(1) of Regulation S, "U.S. person" means:

- (a) Any natural person resident in the United States;
- (b) Any partnership or corporation organised or incorporated under the laws of the United States;
- (c) Any estate of which any executor or administrator is a U.S. person;
- (d) Any trust of which any trustee is a U.S. person;
- (e) Any agency or branch of a foreign entity located in the United States;
- (f) Any non-discretionary account or similar account (other than an estate or trust) held by a dealer or other fiduciary for the benefit or account of a U.S. person;
- (g) Any discretionary account or similar account (other than an estate or trust) held by a dealer or other fiduciary organised, incorporated, or (if an individual) resident in the United States; and
- (h) Any partnership or corporation if:
 - (i) Organised or incorporated under the laws of any foreign jurisdiction; and
 - (ii) Formed by a U.S. person principally for the purpose of investing in securities not registered under the Securities Act, unless it is organised or incorporated, and owned, by accredited investors (as defined in §230.501(a)) who are not natural persons, estates or trusts.

As defined in CFTC Rule 4.7, modified as indicated above, "Non-United States person" means:

- (a) A natural person who is not a resident of the United States;
- (b) A partnership, corporation or other entity, other than an entity organised principally for passive investment, organised under the laws of a foreign jurisdiction and which has its principal place of business in a foreign jurisdiction;

- (c) An estate or trust, the income of which is not subject to United States income tax regardless of source;
- (d) An entity organised principally for passive investment such as a pool, investment company or other similar entity; provided, that units of participation in the entity held by persons who do not qualify as Non-United States persons or otherwise as qualified eligible persons represent in the aggregate less than 10% of the beneficial interest in the entity, and that such entity was not formed principally for the purpose of facilitating investment by persons who do not qualify as Non-United States persons in a pool with respect to which the operator is exempt from certain requirements of part 4 of the Commodity Futures Trading Commission's regulations by virtue of its participants being Non-United States persons; and
- (e) A pension plan for the employees, officers or principals of an entity organised and with its principal place of business outside the United States.

As defined in the CFTC's interpretive guidance and policy statement regarding compliance with certain swap regulations, 78 Fed. Reg. 45292, 316 (Jul. 26, 2013), "U.S. person" includes, but is not limited to:

- (a) Any natural person who is a resident of the United States;
- (b) Any estate of a decedent who was a resident of the United States at the time of death;
- (c) Any corporation, partnership, limited liability company, business or other trust, association, joint-stock company, fund or any form of enterprise similar to any of the foregoing (other than an entity described in clauses (d) or (e), below) (a **legal entity**), in each case that is organised or incorporated under the laws of a state or other jurisdiction in the United States or having its principal place of business in the United States;
- (d) Any pension plan for the employees, officers or principals of a legal entity described in clause (c), unless the pension plan is primarily for foreign employees of such entity;
- (e) Any trust governed by the laws of a state or other jurisdiction in the United States, if a court within the United States is able to exercise primary supervision over the administration of the trust;
- (f) Any commodity pool, pooled account, investment fund, or other collective investment vehicle that is not described in clause (c) and that is majority-owned by one or more persons described in clause (a), (b), (c), (d), or (e), except any commodity pool, pooled account, investment fund, or other collective investment vehicle that is publicly offered only to non-U.S. persons and not offered to U.S. persons;
- (g) Any legal entity (other than a limited liability company, limited liability partnership or similar entity where all of the owners of the entity have limited liability) that is directly or indirectly majority-owned by one or more persons described in clause (a), (b), (c), (d), or (e) and in which such person(s) bears unlimited responsibility for the obligations and liabilities of the legal entity; and
- (h) Any individual account or joint account (discretionary or not) where the beneficial owner (or one of the beneficial owners in the case of a joint account) is a person described in clause (a), (b), (c), (d), (e), (f), or (g).

Each prospective purchaser of the Notes, by accepting delivery of this Base Prospectus and the Notes, and each transferee of the Notes by accepting the transfer of the Notes, will be deemed to have represented and agreed as follows:

- (a) it understands that the Notes, the Unsecured Notes Guarantee and the Secured Notes Guarantee have not been and will not be registered under the Securities Act and agrees that it will not, at any time during the term of the Notes, offer, sell, pledge or otherwise transfer the Notes, except in an "offshore transaction" (as such term is defined under Regulation S) to or for the account of a Permitted Transferee;

- (b) it understands and acknowledges that no person has registered nor will register as a commodity pool operator of any Issuer under the CEA and the CEA Rules;
- (c) (i) it is a Permitted Transferee and (ii) if it is acting for the account or benefit of another person, such other person is also a Permitted Transferee;
- (d) it understands and agrees that the Issuer has the right to compel any legal or beneficial owner of an interest in the Notes to certify periodically that such legal or beneficial owner is a Permitted Transferee;
- (e) it understands and acknowledges that the Issuer has the right to refuse to honour the transfer of an interest in the Notes (except a French Law Notes) in violation of the transfer restrictions applicable to the Notes;
- (f) it understands and acknowledges that the Issuer has the right at any time after becoming aware that any legal or beneficial ownership interest in a Note (except a French Law Note) is held by a Non-Permitted Transferee to require such Non-Permitted Transferee to sell such interest to (i) an affiliate of the Issuer (to the extent permitted by applicable law) or (ii) a person who is not a Non-Permitted Transferee;
- (g) it agrees to provide notice of the restrictions set forth herein to any transferee of its interest in the Notes;
- (h) it understands that Notes will bear a legend regarding the restrictions set forth herein; and
- (i) it understands that any purported transfer in violation of the transfer restrictions applicable to the Notes (except French Law Notes) will be void ab initio and will not operate to transfer any rights to the Non-Permitted Transferee.

The Bearer Notes are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a United States person, except in certain transactions permitted by U.S. Treasury regulations. Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code of 1986 and Treasury Regulations promulgated thereunder (the **Code**).

TEFRA Rules

In respect of Bearer Notes where TEFRA D is specified in the applicable Final Terms each Dealer will be required to represent, undertake and agree (and each additional Dealer appointed under the Programme will be required to represent, undertake and agree) that:

- (a) except to the extent permitted under U.S. Treas. Reg. Section 1.163-5(c)(2)(i)(D) (or any substantially identical successor United States Treasury regulation section, including without limitation, substantially identical successor regulations issued in accordance with Internal Revenue Service Notice 2012-20 or otherwise in connection with the United States Hiring Incentives to Restore Employment Act of 2010) (the **D Rules**), (i) that it has not offered or sold, and during the restricted period it will not offer or sell, Bearer Notes to a person who is within the United States or its possessions or to a United States person, and (ii) that it has not delivered and it will not deliver within the United States or its possessions Definitive Bearer Notes that are sold during the restricted period;
- (b) it has and throughout the restricted period it will have in effect procedures reasonably designed to ensure that its employees or agents who are directly engaged in selling Bearer Notes are aware that such Notes may not be offered or sold during the restricted period to a person who is within the United States or its possessions or to a United States person, except as permitted by the D Rules;
- (c) if it is a United States person, it is acquiring Bearer Notes for purposes of resale in connection with their original issuance and if it retains Bearer Notes for its own account, it will only do so in accordance with the requirements of U.S. Treas. Reg. Section 1.163-5(c)(2)(i)(D)(6) (or any substantially identical successor United States Treasury regulation section, including without limitation, substantially identical successor regulations issued in accordance with Internal Revenue Service Notice 2012-20 or otherwise in connection with the United States Hiring Incentives to Restore Employment Act of 2010);

- (d) with respect to each affiliate that acquires Bearer Notes from a Dealer for the purpose of offering or selling such Notes during the restricted period, such Dealer repeats and confirms the representations and agreements contained in subparagraphs (a), (b) and (c) on such affiliate's behalf; and
- (e) it will obtain from any distributor (within the meaning of U.S. Treas. Reg. Section 1.163-5(c)(2)(i)(D)(4)(ii)) (or any substantially identical successor United States Treasury regulation section, including without limitation, substantially identical successor regulations issued in accordance with Internal Revenue Service Notice 2012-20 or otherwise in connection with the United States Hiring Incentives to Restore Employment Act of 2010) that purchases any Bearer Notes from it pursuant to a written contract with such Dealer (except a distributor that is one of its affiliates or is another Dealer), for the benefit of the Issuer and each other Dealer, the representations contained in, and such distributor's agreement to comply with, the provisions of subparagraphs (a), (b), (c) and (d) of this paragraph insofar as they relate to the D Rules, as if such distributor were a Dealer hereunder.

Terms used in this paragraph have the meanings given to them by the Code and Treasury regulations thereunder, including the D Rules.

Selling Restrictions under the Prospectus Regulation

Prohibition of sales to EEA Retail Investors

Unless the Final Terms in respect of any Notes specify "Prohibition of sales to EEA Retail Investors" as "Not Applicable", each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered, sold or otherwise made available and will not offer, sell or otherwise make available any Notes which are the subject of the offering contemplated by this Base Prospectus as completed by the Final Terms in relation thereto to any retail investor in the EEA. For the purposes of this provision:

- (a) the expression **retail investor** means a person who is one (or more) of the following:
 - (i) a "retail client" as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, **MiFID II**); or
 - (ii) a "customer" within the meaning of Directive 2016/97 (EU) (as amended or superseded, the **Insurance Distribution Directive**), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or
 - (iii) not a qualified investor as defined in the Prospectus Regulation; and
- (b) the expression an offer includes the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe the Notes.

If the Final Terms in respect of any Notes specify "Prohibition of sales to EEA Retail Investors" as "Not Applicable", in relation to each Member State of the EEA, each Dealer has represented and agreed, and each further Dealer appointed subsequently under the Programme will be required to represent and agree, that it has not made and will not make an offer of Notes which are the subject of the offering contemplated by this Base Prospectus as completed by the Final Terms in relation thereto to the public in a Member State, except that it may make an offer of such Notes to the public in that Member State:

- (a) if the Final Terms in relation to the Notes specify that an offer of those Notes may be made other than pursuant to Articles 1(4) and/or 3(2) of the Prospectus Regulation in that Member State (an **Offer**), following the date of publication of a prospectus in relation to such Notes which has been approved by the competent authority in a Member State or, where appropriate, approved in another Member State and notified to the competent authority in that Member State, provided that any such prospectus has

subsequently been completed by the Final Terms contemplating such Offer, in accordance with the Prospectus Regulation, in the period beginning and ending on the dates specified in such prospectus or Final Terms, as applicable, and the relevant Issuer has consented in writing to its use for the purpose of that Offer;

- (b) at any time to any legal entity which is a qualified investor as defined in the Prospectus Regulation;
- (c) at any time to fewer than 150 natural or legal persons (other than qualified investors as defined in the Prospectus Regulation) subject to obtaining the prior consent of the relevant Dealer or Dealers nominated by the relevant Issuer for any such offer; or
- (d) at any time in any other circumstances falling within Article 1(4) of the Prospectus Regulation,

provided that no such offer of Notes referred to in paragraphs (b) to (d) above shall require the relevant Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Regulation or supplement a prospectus pursuant to Article 23 of the Prospectus Regulation.

For the purposes of this provision, the expression an "offer of Notes to the public" in relation to any Notes in any Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe for the Notes.

United Kingdom

Prohibition of sales to UK Retail Investors

Unless the Final Terms in respect of any Notes specify "Prohibition of sales to UK Retail Investors" as "Not Applicable", each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered, sold or otherwise made available and will not offer, sell or otherwise make available any Notes which are the subject of the offering contemplated by this Base Prospectus as completed by the Final Terms in relation thereto to any retail investor in the United Kingdom. For the purposes of this provision:

- (1) the expression **retail investor** means a person who is one (or more) of the following:
 - (a) a retail client, as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 (**EUWA**); or
 - (b) a customer within the meaning of the provisions of the FSMA and any rules or regulations made under the FSMA to implement Directive (EU) 2016/97, where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the EUWA; or
 - (c) not a qualified investor as defined in Article 2 of the UK Prospectus Regulation; and
- (2) the expression an **offer** includes the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe for the Notes.

If the Final Terms in respect of any Notes specify "Prohibition of sales to UK Retail Investors" as "Not Applicable", each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not made and will not make an offer of Notes which are the subject of the offering contemplated by this Base Prospectus as completed by the Final Terms in relation thereto to the public in the United Kingdom except that it may make an offer of such Notes to the public in the United Kingdom:

- (A) at any time to any legal entity which is a qualified investor as defined in Article 2 of the UK Prospectus Regulation;
- (B) at any time to fewer than 150 natural or legal persons (other than qualified investors as defined in Article 2 of the UK Prospectus Regulation) in the United Kingdom subject to obtaining the prior consent of the relevant Dealer or Dealers nominated by the Issuer for any such offer; or
- (C) at any time in any other circumstances falling within section 86 of the Financial Services and Markets Act 2000, as amended (the **FSMA**),

provided that no such offer of Notes referred to above shall require the relevant Issuer or any Dealer to publish a prospectus pursuant to section 85 of the FMA or supplement a prospectus pursuant to Article 23 of the UK Prospectus Regulation.

For the purposes of this provision:

- the expression “an offer of Notes to the public” in relation to any Notes means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe for the Notes; and
- the expression “UK Prospectus Regulation” means Regulation (EU) 2017/1129 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018.

Other regulatory restrictions

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that:

- (a) in relation to any Notes which have a maturity of less than one year, (i) it is a person whose ordinary activities involve it in acquiring, holding, managing or disposing of investments (as principal or agent) for the purposes of its business and (ii) it has not offered or sold and will not offer or sell any Notes other than to persons whose ordinary activities involve them in acquiring, holding, managing or disposing of investments (as principal or agent) for the purposes of their businesses or who it is reasonable to expect will acquire, hold, manage or dispose of investments (as principal or agent) for the purposes of their businesses where the issue of the Notes would otherwise constitute a contravention of section 19 of the FSMA by the relevant Issuer;
- (b) it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of section 21 of the FSMA) received by it in connection with the issue or sale of any Notes in circumstances in which section 21(1) of the FSMA does not or, in the case of NATIXIS, would not, if it was not an authorised person apply to the relevant Issuer or NATIXIS (as Guarantor where applicable); and
- (c) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to any Notes in, from or otherwise involving the United Kingdom.

Ireland

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that:

- (a) it has not and will not underwrite the issue of, or place, the Notes otherwise than in conformity with the provisions of the European Union (Markets in Financial Instruments) Regulations 2017 (as amended, the **MiFID II Regulations**), including, without limitation, Regulation 5 (Requirement for authorisation (and certain provisions concerning MTFs and OTFs)) thereof, or any rules or codes of conduct made under the MiFID II Regulations, and the provisions of the Investor Compensation Act 1998 (as amended);

- (b) it has not and will not underwrite the issue of, or place, the Notes otherwise than in conformity with the provisions of the Companies Act 2014 of Ireland (as amended, the **Companies Act**) the Central Bank Acts 1942-2018 (as amended) and any codes of practice made under Section 117(1) of the Central Bank Act 1989 (as amended);
- (c) it has not and will not underwrite the issue of, or place, or do anything in Ireland in respect of, the Notes otherwise than in conformity with the provisions of Regulation (EU) 2017/1129 of the European Parliament and of the Council dated 14 June 2017 (as amended, the **Prospectus Regulation**), the European Union (Prospectus) Regulation 2019 and any rules and guidance issued by the Central Bank of Ireland under Section 1363 of the Companies Act; and
- (d) it has not and will not underwrite the issue of, place or otherwise act in Ireland in respect of, the Notes otherwise than in conformity with the provisions of the Market Abuse Regulation (EU 596/2014) (as amended), the European Union (Market Abuse) Regulations 2016 (as amended) and any rules and guidance issued by the Central Bank of Ireland under Section 1370 of the Companies Act.

France

Each of the Dealers and the Issuers has represented and agreed, and each further Dealer appointed subsequently under the Programme will be required to represent and agree, that it undertakes to comply with applicable French laws and regulations in force regarding the offer, the placement or the sale of the Notes and the distribution in France of this Base Prospectus or any other offering material relating to the Notes.

Portugal

The Dealer has represented and agreed, and each and any additional Dealer appointed under the Programme will be required to represent and agree, that the Notes may not be and will not be offered to the public in Portugal or under circumstances which are deemed to be a public offer under the Portuguese Securities Code ("*Código dos Valores Mobiliários*") enacted by Decree-Law no. 486/99 of 13 November, 1999, as amended, unless the requirements and provisions applicable to the public offerings in Portugal are met and registration, filing, approval or recognition procedure with the Portuguese Securities Exchange Commission ("*Comissão do Mercado de Valores Mobiliários*", "CMVM") is made. In particular, the offer of new securities might be made through a private placement ("*oferta particular*"), in accordance with the relevant provisions of the Portuguese Securities Code, exclusively to professional investors ("*investidores profissionais*") within the meaning of Article 30 of the Portuguese Securities Code, and/or to 149 or fewer non-qualified investors. In addition, the Dealer has represented and agreed, and each and any additional Dealer appointed under the Programme will be required to represent and agree, that (i) no action has been or will be taken as to directly or indirectly offer, advertise, market, invite to subscribe, gather investment intentions, sell, re-sell, re-offer or deliver any Notes in circumstances which could qualify as a public offer ("*oferta pública*") of securities pursuant to the Portuguese Securities Code, notably in circumstances which could qualify as a public offer addressed to individuals or entities resident in Portugal or having permanent establishment located in Portuguese territory, as the case may be; and (ii) no action has been or will be taken as to distribute, make available or cause to be distributed the Base Prospectus or any other offering material relating to the Notes to the public in Portugal, other than in compliance with all applicable provisions of the Portuguese Securities Code, the Commission Delegated Regulation (EU) 2019/980 of 14 March 2019, any applicable CMVM regulations and all relevant Portuguese securities laws and regulations, in any such case that may be applicable to it in respect of any offer or sale of Notes in Portugal or to individuals or entities resident in Portugal or having permanent establishment located in Portuguese territory, as the case may be, including the rules and regulations that require the publication of a prospectus, when applicable, and that any placement of the Notes shall only be authorized and performed to the extent that there is full compliance with such laws and regulations.

Italy

Unless specified in the relevant Final Terms that a non-exempt offer may be made in Italy, the offering of the Notes has not been registered pursuant to Italian securities legislation and, accordingly no Note may be offered, sold or delivered, nor may copies of this Base Prospectus (including Final Terms) or of any other document relating to the Notes be distributed in Italy, except:

- (a) to qualified investors (*investitori qualificati*), as defined pursuant to Article 2 of Regulation (EU) No. 1129 of 14 June 2017, as amended (the **PD Regulation**) and any applicable provision of the Legislative Decree No. 58 of 24 February 1998, as amended (the **Italian Financial Services Act**) and Italian CONSOB regulations; or
- (b) in other circumstances which are exempted from the rules on public offerings pursuant to Article 1 of the PD Regulation, Article 34-ter of CONSOB Regulation No. 11971 of 14 May 1999, as amended from time to time, and the applicable Italian laws.

Any offer, sale or delivery of the Notes or distribution of copies of the Base Prospectus or any other document relating to the Notes in Italy under (a) or (b) above must:

- (i) be made by an investment firm, bank or financial intermediary permitted to conduct such activities in Italy in accordance with the Italian Financial Services Act, CONSOB Regulation No. 20307 of 15 February 2018 (as amended from time to time) and Legislative Decree No. 385 of 1 September 1993, as amended (the **Italian Banking Act**); and
- (ii) comply with any other applicable laws and regulations, or requirements imposed by CONSOB, the Bank of Italy (including the reporting requirements, where applicable pursuant to Article 129 of the Italian Banking Act and the implementing guidelines of the Bank of Italy, as amended from time to time) and/or any other Italian authority.

Please note that in accordance with Article 100-bis of the Italian Financial Services Act, to the extent it is applicable, where no exemption from the rules on public offerings applies, Notes which are initially offered and placed in Italy or abroad to qualified investors only, but in the following year are regularly ("sistematicamente") distributed on the secondary market in Italy become subject to the public offer and the prospectus requirement rules provided under the Italian Financial Services Act and Regulation No. 11971. Failure to comply with such rules may result in the sale of such Notes being declared null and void and in the liability of the intermediary transferring the Notes for any damages suffered by the investors.

Hong Kong

In relation to each Tranche of Notes issued by the relevant Issuer, each Dealer has represented and agreed, and each further Dealer appointed subsequently under the Programme will be required to represent and agree, that:

- (a) it has not offered or sold and will not offer or sell in Hong Kong, by means of any document, any Notes (except for Notes which are a "structured product" as defined in the Securities and Futures Ordinance (Cap. 571) of Hong Kong (the **SFO**)) other than (i) to "professional investors" as defined in the SFO and any rules made under the SFO; or (ii) in other circumstances which do not result in the document being a "prospectus" as defined in the Companies (Winding Up and Miscellaneous Provisions) Ordinance (Cap. 32) of Hong Kong (the **C(WUMP)O**) or which do not constitute an offer to the public within the meaning of the C(WUMP)O; and
- (b) it has not issued or had in its possession for the purposes of issue, and will not issue or have in its possession for the purposes of issue, whether in Hong Kong or elsewhere, any advertisement, invitation or document relating to the Notes, which is directed at, or the contents of which are likely to be accessed or read by, the public of Hong Kong (except if permitted to do so under the securities laws of Hong

Kong) other than with respect to Notes which are or are intended to be disposed of only to persons outside Hong Kong or only to "professional investors" as defined in the SFO and any rules made under the SFO.

The People's Republic of China

The Notes may not be offered, sold or delivered, or offered or sold or delivered to any person for reoffering or resale or redelivery, in any such case directly or indirectly, in the People's Republic of China (the **PRC**, excluding Hong Kong Special Administrative Region, Macau Special Administrative Region and Taiwan) in contravention of any applicable laws and regulations of the PRC.

This Base Prospectus does not constitute an offer to sell or the solicitation of an offer to buy any Notes in the PRC to any person to whom it is unlawful to make the offer or solicitation in the PRC.

Neither the relevant Issuer nor any Dealer represent that this Base Prospectus may be lawfully distributed, or that any Notes may be lawfully offered, in compliance with any applicable registration or other requirements in the PRC, or pursuant to an exemption available thereunder, or assume any responsibility for facilitating any such distribution or offering. In particular, no action has been taken by any Issuer nor any Dealer which would permit a public offering of any Notes or distribution of this document in the PRC. Accordingly, the Notes are not being offered or sold within the PRC by means of this Base Prospectus or any other document. Neither this Base Prospectus nor any advertisement or other offering material may be distributed or published in the PRC, except under circumstances that will result in compliance with any applicable laws and regulations.

Japan

The Notes have not been and will not be registered under the Financial Instruments and Exchange Act of Japan (Act No.25 of 1948, as amended; the **FIEA**) and each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it will not offer or sell any Notes, directly or indirectly, in Japan or to, or for the benefit of, any resident of Japan (as defined under Item 5, Paragraph 1, Article 6 of the Foreign Exchange and Foreign Trade Act (Act No. 228 of 1949, as amended)), or to others for re-offering or resale, directly or indirectly, in Japan or to, or for the benefit of, a resident of Japan, except pursuant to an exemption from the registration requirements of, and otherwise in compliance with, the FIEA and any other applicable laws, regulations and ministerial guidelines of Japan.

Israel

The offer of the Notes in Israel is intended solely for investors listed in the First Addendum of the Israeli Securities Law 5728-1968, as amended from time to time (**Qualified Investors** and **Securities Law**, respectively), and up to 35 non-Qualified Investors. A prospectus has not been prepared or filed, and will not be prepared or filed, in Israel relating to the offering of the Notes. In addition, no action will be taken in Israel to permit an offering of the Notes, or the distribution of any offering document or any other material, to the public in Israel. In particular, the Israel Securities Authority (**ISA**) has not reviewed or approved any offering document or other material relating to the Notes.

The Notes may not be resold in Israel, other than to Qualified Investors in a manner that does not require the publication of a prospectus in Israel pursuant to the Securities Law. Any material provided to an offeree may not be reproduced or used for any other purpose, nor furnished to any other person, other than those to whom copies have been provided directly.

This Base Prospectus, and any offering document or other material relating to the Notes are being provided for information purposes only, and they should not be considered as the rendering of a recommendation or advice, and they do not constitute "investment advice" or "investment marketing" under the Regulation of Investment Advice, Investment Marketing and Investment Portfolio Management, 5755-1995.

The purchase of the Notes will be based on the investor's own understanding, for the investor's own benefit, and for the investor's own account, and not with the aim or intention of distributing or offering to other parties.

In purchasing the Notes, each investor declares it has the knowledge, expertise, and experience in financial and business matters to be capable of evaluating the risks and merits of an investment in the Notes, without relying on any of the materials provided. Any decision to invest in the Notes shall be based on the investor's own analysis of the advantages and risks of such an investment. The investor should obtain advice from appropriate accounting and tax advisors, in addition to professional investment advice on the suitability of any potential investment.

Kingdom of Saudi Arabia

No action has been or will be taken in the Kingdom of Saudi Arabia that would permit a public offering of the Notes. Any investor in the Kingdom of Saudi Arabia or who is a Saudi person (a **Saudi Investor**) who acquires any Notes pursuant to an offering should note that the offer of Notes is a private placement under Article 8 of the "Rules on the Offers of Securities and Continuing Obligations" as issued by the Board of the Capital Market Authority (the **CMA**) resolution number 3-123-2017 dated 27 December 2017 as amended by CMA resolution number 3-6-2024 dated 17 January 2024 (the **ROSCOs**), made through a capital market institution licensed to carry out arranging activities by the CMA and following a notification to the CMA under Article 10 of the ROSCOs.

The Notes may thus not be advertised, offered or sold to any person in the Kingdom of Saudi Arabia other than to "institutional and qualified clients" under Article 8(a)(1) of the ROSCOs or by way of a limited offer under Article 9 of the ROSCOs. Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that any offer of Notes made by it to a Saudi Investor will be made in compliance with Article 10 and either Article 8(a)(1) or Article 9 of the ROSCOs.

Each offer of Notes shall not therefore constitute a "public offer", an "exempt offer" or a "parallel market offer" pursuant to the ROSCOs, but is subject to the restrictions on secondary market activity under Article 14 of the ROSCOs. Any Saudi Investor who has acquired Notes pursuant to a private placement under Article 10, or Article 9 or is an Exempt offer under Article 6 of the KSA Regulations may not offer or sell those Notes to any person unless the offer or sale is made through a Capital Market Institution appropriately licensed by the CMA and where one of the following requirements is met:

- (a) An offer of Notes is a limited offer if the subscription is limited to no more than 100 offerees (excluding investors under the categories of Institutional and Qualified Clients) and the minimum amount payable per offeree does not exceed two hundred thousand SAR;
- (b) Notes of the same class may not be offered as a limited offer under paragraph (a) of this Article more than once in a twelve-month period ending with the date of the offer in question;
- (c) the offer is an exempt offer;
- (d) the notes are offered or sold to an "Institutional client" and "Qualified client"; or
- (e) the notes are being offered or sold in such other circumstances as the CMA may prescribe for these purposes.

All the above restrictions shall cease to apply upon approval of listing on the Saudi Stock Exchange of securities of the same class as the Notes that are subject to such restrictions.

If the requirement in paragraph (a) above cannot be fulfilled because the price of the Notes being offered or sold to the transferee has increased since the date of the original private placement, the transferor may offer or sell the Notes to the transferee if their purchase price during the period of the original private placement did not exceed two hundred thousand SAR or an equivalent amount. If this requirement cannot be fulfilled, a Saudi Investor may offer or sell the Notes if he sells his entire holding of such Notes to one person.

All the above provisions shall apply to all subsequent transferees of such Notes.

Kingdom of Bahrain

Each Dealer has represented and agreed that it has not offered or sold, and will not offer or sell, any Notes, except in compliance with Article 81 of the CBB and Financial Institutional Law promulgated by Legislative Decree No. 64 of 2006 to persons in Bahrain who are "accredited investors".

Accredited investors are defined as investors meeting the following criteria:

- (a) Individuals who have a minimum net worth (or joint net worth with their spouse) of USD 1,000,000, excluding that person's principal place of residence'
- (b) Companies, partnerships, trusts or other commercial undertakings, which have financial assets available for investment of not less than USD 1,000,000; or
- (c) Governments, supranational organisations, central banks or other national monetary authorities, and state organisations whose main activity is to invest in financial instruments (such as state pension funds).

Individuals and commercial undertakings may elect in writing to be treated as accredited investors subject to meeting at least two of the following conditions:

- (a) The investor has carried out trading/investing transactions, in significant size (i.e. value of transactions aggregating USD 200,000) over the last 12-month period;
- (b) The size of the investor's financial assets portfolio including cash deposits and financial instruments is USD 500,000 or more; and/or
- (c) The investor works or has worked in the financial sector for at least one year in a professional position, which requires knowledge of the transactions or services envisaged (i.e. the position was professional in nature and held in a field that allowed the client to acquire knowledge of transactions or services that have comparable features and a comparable level of complexity to the transactions or services envisaged).

Korea

The Notes have not been and will not be registered with the Financial Services Commission of Korea for public offering in Korea under the Financial Investment Services and Capital Markets Act of Korea (the **FSCMA**).

The Notes may not be offered, sold or delivered, directly or indirectly, or offered or sold to any person for re-offering or resale, directly or indirectly, in Korea or to any resident of Korea except pursuant to the applicable laws and regulations of Korea, including the FSCMA, the Foreign Exchange Transactions Law of Korea (the **FETL**) and the decrees and regulations thereunder, such as the Regulation on the Issuance, and Public Disclosure, of Securities. Furthermore, the Notes may be resold to Korean residents only subject to all applicable regulatory requirements (including but not limited to government reporting requirements under the FSCMA, the FETL and its subordinate decrees and regulations, pursuant to which, within one year following the issuance of the Notes, the Notes, may not be transferred any resident of Korea other than a qualified institutional buyer "**Korean QIB**", as defined in the Regulation on Issuance, Public Disclosure, Etc. of Securities of Korea) registered with the Korea Financial Investment Association as a Korean QIB, provided that the amount of the Notes acquired by such Korean QIBs in the primary market is limited to no more than 20% of the aggregate issue amount of the Notes.

Kuwait

This Base Prospectus is not for general circulation to the public in Kuwait. The Notes have not been licensed for offering in Kuwait by the Kuwait Capital Markets Authority or any other relevant Kuwaiti government agency. The offering of the Notes in Kuwait on the basis of a private placement or public offering is, therefore, restricted in accordance with Law No. 7 of 2010 and the bylaws thereto (as amended). No private or public offering of the

Notes is being made in Kuwait, and no agreement relating to the sale of the Notes will be concluded in Kuwait. No marketing or solicitation or inducement activities are being used to offer or market the Notes in Kuwait.

Norway

In no circumstances may an offer of Notes be made in the Norwegian market without the Notes being registered in Euronext VPS in dematerialised form or in another central securities depository which is properly authorized or recognized as being entitled to register such Notes pursuant to Regulation (EU) No 909/2014, to the extent such Notes shall be registered according to the Norwegian Central Securities Depositories Act (Nw. *Verdipapirsentralloven 2019*) and ancillary regulations.

State of Qatar (including the Qatar Financial Centre)

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered, sold or delivered, and will not offer, sell or deliver at any time, directly or indirectly, any Notes in the State of Qatar (including the Qatar Financial Centre (**QFC**)), except: (a) in compliance with all applicable laws and regulations of the State of Qatar (including the QFC); and (b) through persons or corporate entities authorised and licensed to provide investment advice and/or engage in brokerage activity and/or trade in respect of foreign securities in the State of Qatar (including the QFC).

This Base Prospectus (i) has not been, and will not be, approved by, or registered with, the Qatar Financial Markets Authority, the Qatar Central Bank, the Qatar Stock Exchange or the Qatar Financial Centre Regulatory Authority and may not be publicly distributed in the State of Qatar (including the QFC); (ii) is intended for the original recipient only and must not be provided to any other person; and (iii) is not for general circulation in the State of Qatar (including the QFC) and may not be reproduced or used for any other purpose.

Oman

Neither this Base Prospectus nor any other document, or material circulated in connection with the Notes, has been filed with, reviewed, or approved by the Capital Market Authority, or the Central Bank of Oman, or any other regulatory authority in the Sultanate of Oman.

The information contained in this Base Prospectus (or any other document, or material circulated in connection with the Notes) does not constitute:

- (a) a public offer of securities in the Sultanate of Oman, as contemplated by the Commercial Companies Law of Oman (Royal Decree 18/2019) or the Securities Law (Royal Decree 46/2022) (the "**Securities Law**"); or
- (b) an offer to sell, or the solicitation of any offer to buy Non-Omani securities in the Sultanate of Oman as contemplated by Article 139 of the Executive Regulations of the Capital Market Law (issued by Capital Market Authority Decision 1/2009); or
- (c) a fund raising exercise in Oman as contemplated by CMA Decision No. E/153/2021.

Additionally, no action has been, or will be, taken in the Sultanate of Oman (including marketing or solicitation activities) that would result in a breach of Omani laws and regulations concerning the offering of securities (including non-Omani securities) or raising of capital in Oman under the Securities Law or regulations issued by the CMA pursuant to the Securities Law.

Neither this Base Prospectus nor any other document, or material circulated in connection with the Notes, is intended to lead to the conclusion of a transaction, or contract of any nature whatsoever, within the Sultanate of Oman.

None of the Capital Market Authority, the Central Bank of Oman or any other regulatory authority in the Sultanate of Oman is responsible for the accuracy of the statements and information contained in this Base

Prospectus (or any other document, or material circulated in connection with the Notes) and shall not have any liability to any person for damage or loss resulting from reliance on any statement or information contained herein.

Singapore

Unless the Final Terms in respect of any Notes specifies “Singapore Sales to Institutional Investors and Accredited Investors only” as “Not Applicable”, each Dealer has acknowledged, and each further Dealer appointed under the Programme will be required to acknowledge, that this Base Prospectus has not been registered as a prospectus with the Monetary Authority of Singapore. Accordingly, each Dealer has represented, warranted and agreed, and each further Dealer appointed under the Programme will be required to represent, warrant and agree, that it has not offered or sold any Notes or caused the Notes to be made the subject of an invitation for subscription or purchase and will not offer or sell any Notes or cause the Notes to be made the subject of an invitation for subscription or purchase, and has not circulated or distributed, nor will it circulate or distribute, this Base Prospectus or any other document or material in connection with the offer or sale, or invitation for subscription or purchase, of the Notes, whether directly or indirectly, to any person in Singapore other than (i) to an institutional investor (as defined in Section 4A of the Securities and Futures Act 2001 of Singapore, as modified or amended from time to time (the **SFA**)) pursuant to Section 274 of the SFA or (ii) to an accredited investor (as defined in Section 4A of the SFA) pursuant to and in accordance with the conditions specified in Section 275 of the SFA.

If the Final Terms in respect of any Notes specifies “Singapore Sales to Institutional Investors and Accredited Investors only” as “Not Applicable”, each Dealer has acknowledged, and each further Dealer appointed under the Programme will be required to acknowledge, that this Base Prospectus has not been registered as a prospectus with the Monetary Authority of Singapore. Accordingly, each Dealer has represented, warranted and agreed, and each further Dealer appointed under the Programme will be required to represent, warrant and agree, that it has not offered or sold any Notes or caused the Notes to be made the subject of an invitation for subscription or purchase and will not offer or sell any Notes or cause the Notes to be made the subject of an invitation for subscription or purchase, and has not circulated or distributed, nor will it circulate or distribute, this Base Prospectus or any other document or material in connection with the offer or sale, or invitation for subscription or purchase, of the Notes, whether directly or indirectly, to any person in Singapore other than (i) to an institutional investor (as defined in Section 4A of the **SFA**) pursuant to Section 274 of the SFA, (ii) to a relevant person (as defined in Section 275(2) of the SFA) pursuant to Section 275(1) of the SFA, or any person pursuant to Section 275(1A) of the SFA, and in accordance with the conditions specified in Section 275 of the SFA, or (iii) otherwise pursuant to, and in accordance with the conditions of, any other applicable provision of the SFA.

Notification under Section 309B(1)(c) of the SFA – Unless otherwise stated in the Final Terms in respect of any Notes, all Notes issued or to be issued under the Programme shall be capital markets products other than prescribed capital markets products (as defined in the Securities and Futures (Capital Markets Products) Regulations 2018) and Specified Investment Products (as defined in MAS Notice SFA 04-N12: Notice on the Sale of Investment Products and MAS Notice FAA-N16: Notice on Recommendations on Investment Products).

Taiwan

Each Dealer has acknowledged, and each Dealer subsequently appointed under the Programme will be required to acknowledge, that Notes issued under the Programme have not been and will not be registered or filed with or approved by the Financial Supervisory Commission of Taiwan, the Republic of China and/or other regulatory authority of Taiwan, the Republic of China pursuant to relevant securities laws and regulations. Each Dealer has represented, warranted and agreed, and each Dealer subsequently appointed under the Programme will be required to represent, warrant and agree, that Notes issued under the Programme may not be and will not be offered or sold in Taiwan, the Republic of China through a public offering or in circumstance which constitute an offer within the meaning of the Securities and Exchange Act of Taiwan, the Republic of China that requires the registration or filing with or approval of the Financial Supervisory Commission of Taiwan, the Republic of China and/or other

regulatory authority of Taiwan, the Republic of China pursuant to relevant securities laws and regulations. Each Dealer has also acknowledged, and each Dealer subsequently appointed under the Programme will be required to acknowledge, that no person or entity in Taiwan, the Republic of China has been authorised or will be authorised to offer or sell Notes issued under the Programme in Taiwan, the Republic of China.

Switzerland

Notes issued under the Programme do not constitute participations in a collective investment scheme within the meaning of the Swiss Federal Act on Collective Investment Schemes of 23 June 2006 (CISA), as amended. Investors are exposed to the credit risk of the issuer of the Notes.

In order to allow public offerings of Notes pursuant to art. 35 of the Swiss Financial Services Act (**FIDLEG**) in, into or from Switzerland, this Base Prospectus and any Supplements thereto will be filed for automatic acceptance pursuant to article 54(2) FIDLEG with the SIX Prospectus Office in its capacity as Review Body, as defined in art. 52 FIDLEG. The filing of this Base Prospectus with the SIX Prospectus Office will be made within 10 business days following the publication of this Base Prospectus and its approval by the SIX Prospectus Office is expected to occur 10 business days thereafter. This Base Prospectus may be obtained in electronic or printed form, free of charge, upon request at <http://cib.natixis.com/home/pims/prospectus>.

In addition, in the case of offerings of Notes that constitute debt instruments with a "derivative character" (as such expression is understood under the FIDLEG and the Swiss Financial Services Ordinance (**FIDLEV**) that will be made to private (retail) clients in Switzerland, a key information document (**KID**) prepared in accordance with Regulation (EU) No 1286/2014 of the European Parliament and of the Council of November 26, 2014 on key information documents for packaged retail and insurance-based investment products (**PRIIPs**) will be made available.

The Russian Federation

Each Dealer has represented, warranted and agreed that it has not offered or sold or transferred or otherwise disposed of and will not offer or sell or transfer or otherwise dispose of any Notes (as part of their initial distribution or at any time thereafter) to or for the benefit of any persons (including legal entities) that are resident, incorporated, established or having their usual residence in the Russian Federation or to any person located within the territory of the Russian Federation unless and to the extent otherwise permitted under Russian law.

Since neither the issuance of the Notes nor a securities prospectus in respect of the Notes has been registered, or is intended to be registered, with the Central Bank of the Russian Federation (the **CBR**) and no decision to admit the Notes to placement or public circulation in the Russian Federation has been made, or intended to be made, by the CBR or a Russian stock exchange, the Notes are not eligible for initial offering or public circulation in the Russian Federation and may not be sold or offered in the Russian Federation unless and to the extent otherwise permitted under Russian law.

Information set forth in this Base Prospectus is not an offer, advertisement or invitation to make offers, to sell, exchange or otherwise transfer the Notes in the Russian Federation or to or for the benefit of any Russian person or entity and must not be distributed or circulated in the Russian Federation, unless and to the extent otherwise permitted under Russian law.

United Arab Emirates (excluding the Dubai International Financial Centre)

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that the Notes to be issued under the Programme have not been and will not be offered, sold or publicly promoted or advertised by it in the United Arab Emirates (excluding the Dubai International Financial Centre) other than in compliance with any laws applicable in the United Arab Emirates (excluding the Dubai Financial Centre) governing the issue, offering and sale of securities.

Dubai International Financial Centre

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered and will not offer the Notes to be issued under the Programme to any person in the Dubai International Financial Centre unless such offer is:

- (a) an "Exempt Offer" in accordance with the Markets Rules (Version 21/01-23) (MKT) Module of the Dubai Financial Services Authority (the **DFSA**) Rulebook; and
- (b) made only to persons who meet the Professional Client criteria set out in Rule 2.3.3 of the Conduct of Business Module of the DFSA Rulebook.

Cayman Islands

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that the Notes will not be offered or sold or otherwise transferred at any time within the Cayman Islands if such offer, sale or transfer would require the relevant Issuer to be registered as a foreign company under the Companies Law (as amended) of the Cayman Islands.

Guernsey

This Base Prospectus has not been registered with or approved or authorised for circulation by the Guernsey Financial Services Commission (the **GFSC**) or the States of Guernsey.

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that the Notes will only be promoted, offered or sold in or from within the Bailiwick of Guernsey either (i) by persons licensed to do so under the Protection of Investors (Bailiwick of Guernsey) Law, 2020 (the **POI Law**); or (ii) to persons licensed under the POI Law; or (iii) to persons licensed under the Insurance Business (Bailiwick of Guernsey) Law, 2002 (as amended), the Insurance Managers and Insurance Intermediaries (Bailiwick of Guernsey) Law, 2002 (as amended), the Banking Supervision (Bailiwick of Guernsey) Law, 2020, or the Regulation of Fiduciaries, Administration Businesses and Company Directors, etc. (Bailiwick of Guernsey) Law, 2020.

Jersey

This Base Prospectus does not constitute an offer to the public of Jersey to subscribe for the Notes offered hereunder. Neither Issuer has a relevant connection with Jersey. No regulatory approval has been sought for an offer in Jersey and it must be distinctly understood that the Jersey Financial Services Commission does not accept any responsibility for the financial soundness of, or any representations made in connection with, the relevant Issuer. The offer of the Notes is personal to the person to whom the Notes are being delivered on behalf of the relevant Issuer, and a subscription for Notes will only be accepted from such person. The Notes may not be produced or used for any other purpose, nor be furnished to any other person other than those to whom they have been so delivered. Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, on terms to this effect.

Mauritius

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree that the Notes will not be offered to the public in Mauritius and nothing in the Base Prospectus or any information contained herein may be treated as a prospectus for the purposes of the Securities Act 2005 of Mauritius. The Mauritius Financial Services Commission ("FSC") has neither reviewed nor approved the Base Prospectus and the Issuers do not hold any licence issued by the FSC. Accordingly, the Base Prospectus has not been registered with the FSC. Notes are being offered by way of private placement only to the person to whom such offer has been made.

Only persons licensed by the FSC as, investment dealers, investment advisers or investment bankers conducting activities as an investment dealer or investment adviser may market and carry out any form of solicitation in Mauritius in respect to the offer, distribution or sale of the Notes. The Notes may not be offered, distributed or sold, directly or indirectly, in Mauritius, except as permitted by applicable Mauritius law, including but not limited to Securities Act 2005 of Mauritius.

The Issuers have not been authorised (or recognised) and does not intend to seek authorization (or recognition) with the FSC, and the FSC expresses no opinion as to the matters contained in the Base Prospectus and as to the merits of an investment in the Issuers. There is no statutory compensation scheme in Mauritius in the event of the Issuers' failure.

Mexico

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree that the Notes will not be registered with the National Securities Registry maintained by the Mexican National Banking and Securities Commission and, thus, will not be offered or sold publicly in Mexico or to Mexican investors. The Notes may be offered to Mexican institutional and qualified investors, on a private placement basis, as set forth in Article 8 of the Mexican Securities Market Law.

Brazil

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that the Notes will not be registered with the Brazilian Securities Commission (*Comissão de Valores Mobiliários*) ("CVM") and, thus, will not be offered or sold to the public in Brazil. Any public offering or distribution, as defined under Brazilian laws and regulations, of the Notes in Brazil is not legal without prior registration under Brazilian laws and regulations, mainly Law No. 6,385, of 7 December 1976, as amended, and Resolution No. 160, issued by the CVM on 13 July 2022, as amended. Documents relating to such offering shall not be distributed to public or be used in connection with any offer for subscription or sale to the public in Brazil. The Notes will not be offered or sold in Brazil except in circumstances which do not constitute a public offering, placement, distribution or listing of securities in the Brazilian capital markets regulated by Brazilian legislation.

Chile

The Notes may not be publicly offered or sold, directly or indirectly, in the Republic of Chile (**Chile**), unless conducted in compliance with an available exemption. The Notes will not be registered under Law No. 18,045, as amended (the **Securities Market Law of Chile**) in the Securities Registry (*Registro de Valores*) or in the Foreign Securities Registry (*Registro de Valores Extranjeros*) of the Financial Market Commission (*Comisión para el Mercado Financiero* or **CMF**) and, therefore, the Notes are not subject to the oversight of the CMF. As unregistered securities, we are not required to disclose public information about the Notes in Chile. Accordingly, the Notes cannot and will not be publicly offered or sold to persons in Chile, unless registered with the relevant securities registry of the CMF or in reliance on an applicable exemption.

Pursuant to the Securities Market Law and CMF with General Rule (*Norma de Carácter General*) No. 336, dated June 27, 2012, as amended (**Rule 336**) the Notes may be privately offered in Chile to certain "qualified investors," identified as such by Rule 336 (which in turn are further described in CMF General Rule No. 216, dated June 12, 2008 (**Rule 216**)), and in compliance with the conditions further described therein. In addition, pursuant to Section I of CMF General Rule No. 452 dated February 22, 2021 (**Rule 452**), the Notes may be publicly offered without a registration requirement provided they can only be acquired by "qualified investors" as defined by Rule 216) and in compliance with the conditions further described therein.

Panama

The Notes will not be registered with the Superintendency of the Stock Market (Superintendencia del Mercado de Valores), nor will the offer, sale or transactions regarding the Notes. The exemption from registration is made

under number 3 of Article 129 of Unified Text of the Decree Law 1 of July 8, 1999 (Institutional Investors). As a consequence, the tax treatment established in Articles 334 through 336 of Unified Text of the Decree Law 1 of July 8, 1999, is not applicable to them. The Notes are not under the supervision of the Superintendency of the Stock Market (Superintendencia del Mercado de Valores).

Peru

The Notes under the Programme and the information contained in this Base Prospectus have not been and will not be registered with or approved by the Peruvian Superintendency of Securities (*Superintendencia del Mercado de Valores*) or the Lima Stock Exchange (*Bolsa de Valores de Lima*). Accordingly, the Notes cannot be offered or sold in Peru, except if such offering is considered a private offering under the securities laws and regulations of Peru. The Notes may not be offered or sold in the Republic of Peru except in compliance with the securities laws thereof.

Uruguay

The Notes have not been registered with the Central Bank of Uruguay and will not be traded on any Uruguayan stock exchange.

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered and will not offer the Notes to the public in Uruguay, except pursuant only to a private offer of securities.

Canada

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that the Notes may be sold only to purchasers purchasing, or deemed to be purchasing, as principal that are accredited investors, as defined in National Instrument 45-106 *Prospectus Exemptions* or subsection 73.3(1) of the *Securities Act* (Ontario), and are permitted clients, as defined in National Instrument 31-103 *Registration Requirements, Exemptions and Ongoing Registrant Obligations*. Any resale of the Notes must be made in accordance with an exemption from, or in a transaction not subject to, the prospectus requirements of applicable securities laws.

Notes may not be offered or sold to prospective purchasers in New Brunswick, Nova Scotia or Saskatchewan, unless (i) the Notes are offered primarily outside Canada as part of a distribution of Notes, or (ii) additional information concerning the remedies for rescission or damages mentioned in the following paragraph, with content and in the manner approved by the Issuer, is delivered to those prospective purchasers.

Securities legislation in certain provinces or territories of Canada may provide a purchaser with remedies for rescission or damages if this Base Prospectus or any Supplement (including any amendment thereto) contains a misrepresentation, provided that the remedies for rescission or damages are exercised by the purchaser within the time limit prescribed by the securities legislation of the purchaser's province or territory. The purchaser should refer to any applicable provisions of the securities legislation of the purchaser's province or territory for particulars of these rights or consult with a legal adviser.

Under Ontario securities legislation, certain purchasers who purchase Notes offered by this Base Prospectus during the period of distribution will have a statutory right of action for damages, or while still the owner of the Notes, for rescission against the Issuer if this Base Prospectus or any Supplement (including any amendment thereto) contains a misrepresentation without regard to whether the purchasers relied on the misrepresentation. The right of action for damages is exercisable not later than the earlier of 180 days from the date the purchaser first had knowledge of the facts giving rise to the cause of action and three years from the date on which payment is made for the Notes. The right of action for rescission is exercisable not later than 180 days from the date on which payment is made for the Notes. If a purchaser elects to exercise the right of action for rescission, the purchaser will have no right of action for damages against the Issuer. In no case will the amount recoverable in

any action exceed the price at which the Notes were offered to the purchaser and if the purchaser is shown to have purchased the Notes with knowledge of the misrepresentation, the Issuer will have no liability. In the case of an action for damages, the Issuer will not be liable for all or any portion of the damages that are proven to not represent the depreciation in value of the Notes as a result of the misrepresentation relied upon. These rights are in addition to, and without derogation from, any other rights or remedies available at law to an Ontario purchaser. The foregoing is a summary of the rights available to an Ontario purchaser. Not all defences upon which the Issuer may rely are described herein. Ontario purchasers should refer to the complete text of the relevant statutory provisions.

Australia

No prospectus or other disclosure document (as defined in the Corporations Act 2001 of Australia (the **Corporations Act**)) in relation to the Programme or any Notes has been or will be lodged with the Australian Securities and Investments Commission (the **ASIC**). Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that in connection with the distribution of the Notes it:

- (a) will not make (directly or indirectly) any offer or invitation in Australia or any offer or invitation which is received in Australia in relation to the issue, sale or purchase of any Notes; and
- (b) has not distributed or published, and will not distribute or publish, any information memorandum, advertisement, disclosure document or other offering material relating to the Notes in Australia,

unless (i) the aggregate consideration payable by each offeree or invitee is at least A\$500,000 for the Notes or its foreign currency equivalent (in either case disregarding moneys, if any, lent by the Issuer or any other person offering the Notes or its associates (within the meaning of those expressions in Part 6D.2 of the Corporations Act)), or the offer or invitation otherwise does not require disclosure to investors in accordance with Part 6D.2 or Part 7.9 of the Corporations Act, (ii) the offer or invitation is not made to a person who is a retail client (as defined in section 761G of the Corporations Act), (iii) such action complies with all applicable laws, regulations and directives and (iv) such action does not require any document to be lodged or registered with ASIC or any other regulatory authority in Australia.

In addition, no Noteholder may offer, or invite an offer, to transfer, or transfer, a Note or an interest in a Note unless:

- (a) the minimum amount payable to the relevant transferor by the transferee on acceptance of that offer or invitation is at least A\$500,000 (or its equivalent in other currencies, disregarding moneys lent by the offeror or its associates) and the offer or invitation (including any resulting transfer) does not require disclosure to investors under Parts 6D.2 or 7.9 of the Corporations Act ; and
- (b) in all cases, the offer or invitation or transfer complies with any applicable laws in all jurisdictions in which the offer, invitation or transfer is made.

South Africa

Each Dealer has agreed that it has not and will not offer for sale or subscription or sell any Notes, directly or indirectly, within the Republic of South Africa or to any person or corporate or other entity resident in the Republic of South Africa except (a) in accordance with the exchange control regulations of the Republic of South Africa and (b) in accordance with the Commercial Paper Regulations issued under Government Notice 2172 published in Government Gazette No. 16167 of 14 December 1994 pursuant to the Banks Act, 1990, and in accordance with the Companies Act, 2008, the Financial Markets Act, 2012 and the Financial Advisory and Intermediary Services Act, 2002.

General

These selling restrictions may be modified by the agreement of the Issuers and the Dealers following a change in a relevant law, regulation or directive. Any such modification will be set out in a supplement to this Base Prospectus.

No action has been taken in any jurisdiction that would permit a public offering of any of the Notes, or possession or distribution of the Base Prospectus or any Final Terms or any other offering material, in any country or jurisdiction where action for that purpose is required.

Each Dealer has agreed, and each further Dealer appointed subsequently under the Programme will be required to agree, that it will, to the best of its knowledge, comply with all relevant laws, regulations and directives in each jurisdiction in which it purchases, offers, sells or delivers Notes or has in its possession or distributes the Base Prospectus, any Final Terms or any other offering material and none of the Issuers or any other Dealer shall have responsibility therefore.

FORM OF FINAL TERMS

[The Base Prospectus expires on 19 April 2025. The succeeding base prospectus will be available on the Luxembourg Stock Exchange website (www.luxse.com)]

[PROHIBITION OF SALES TO EEA RETAIL INVESTORS – The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (EEA). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, MiFID II); or (ii) a customer within the meaning of Directive 2016/97(EU), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in Regulation (EU) 2017/1129 (as amended, the Prospectus Regulation). Consequently no key information document required by Regulation (EU) No 1286/2014 (as amended, the PRIIPs Regulation) for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been or will be prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.]⁵

OR

[PROHIBITION OF SALES TO UK RETAIL INVESTORS – The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the United Kingdom (UK). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 (EUWA); or (ii) a customer within the meaning of the Financial Services and Markets Act 2000 (the FSMA) and any rules or regulations under the FSMA to implement Directive (EU) No 2016/97, where that customer would not qualify as a professional client as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the EUWA; or (iii) not a qualified investor as defined in Regulation (EU) No 2017/1129 as it forms part of domestic law by virtue of EUWA. Consequently no key information document required by Regulation (EU) No 1286/2014 as it forms part of domestic law by virtue of the EUWA (as amended, the UK PRIIPs Regulation) for offering or selling the Notes or otherwise making them available to retail investors in the UK has been or will be prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPs Regulation.]⁶

[MIFID II product governance / Professional investors and eligible counterparties only target market – Solely for the purposes of [the/each] manufacturer’s product approval process, the target market assessment in respect of the Notes, taking into account the five categories referred to in item 19 of the Guidelines published by the European Securities and Markets Authority ("ESMA") on 3 August 2023, has led to the conclusion that: (i) the target market for the Notes is eligible counterparties and professional clients only, each as defined in [Directive 2014/65/EU (as amended, "MiFID II")][MiFID II]; and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. [Consider any negative target market]. Any person subsequently offering, selling or recommending the Notes (a "distributor") should take into consideration the manufacturer[’s/s’] target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturer[’s/s’] target market assessment) and determining appropriate distribution channels.]

⁵ Legend to be included on front of the Final Terms if the Notes potentially constitute “packaged” products and no key information document will be prepared in the EEA or the issuer wishes to prohibit offers to EEA retail investors for any other reason, in which case the selling restriction should be “Applicable”.

⁶ Legend to be included on front of the Final Terms if the Notes potentially constitute “packaged” products and no key information document will be prepared in the UK or the issuer wishes to prohibit offers to UK retail investors for any other reason, in which case the selling restriction should be “Applicable”.

[UK MIFIR PRODUCT GOVERNANCE / PROFESSIONAL INVESTORS AND ELIGIBLE COUNTERPARTIES ONLY TARGET MARKET – Solely for the purposes of [the/each] manufacturer’s product approval process, the target market assessment in respect of the Notes, taking into account the five categories referred to in item 18 of the Guidelines published by the European Securities and Markets Authority on 5 February 2018 (in accordance with the FCA’s policy statement entitled “Brexit our approach to EU non-legislative materials”), has led to the conclusion that: (i) the target market for the Notes is only eligible counterparties, as defined in the FCA Handbook Conduct of Business Sourcebook (“COBS”), and professional clients, as defined in Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 (“UK MiFIR”); and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. Any person subsequently offering, selling or recommending the Notes (a “distributor”) should take into consideration the manufacturer[’s/s’] target market assessment; however, a distributor subject to the FCA Handbook Product Intervention and Product Governance Sourcebook (the UK MiFIR Product Governance Rules) is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturer[’s/s’] target market assessment) and determining appropriate distribution channels.]⁷

OR

[MIFID II product governance / Retail investors, professional investors and eligible counterparties – Solely for the purposes of [the/each] manufacturer’s product approval process, the target market assessment in respect of the Notes, taking into account the five categories referred to in item 19 of the Guidelines published by the European Securities and Markets Authority (“ESMA”) on 3 August 2023, has led to the conclusion that: (i) the target market for the Notes is eligible counterparties, professional clients and retail clients, each as defined in MiFID II; EITHER [and (ii) all channels for distribution of the Notes are appropriate, including investment advice, portfolio management, non-advised sales and pure execution services] OR [(ii) all channels for distribution to eligible counterparties and professional clients are appropriate; and (iii) the following channels for distribution of the Notes to retail clients are appropriate - investment advice[,/ and] portfolio management[,/ and][non-advised sales][and pure execution services][, subject to the distributor’s suitability and appropriateness obligations under MiFID II, as applicable]]. [*Consider any negative target market*]. Any person subsequently offering, selling or recommending the Notes (a distributor) should take into consideration the manufacturer[’s/s’] target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturer[’s/s’] target market assessment) and determining appropriate distribution channels[, subject to the distributor’s suitability and appropriateness obligations under MiFID II, as applicable].

[UK MIFIR PRODUCT GOVERNANCE /RETAIL INVESTORS, PROFESSIONAL INVESTORS AND ELIGIBLE COUNTERPARTIES ONLY TARGET MARKET – Solely for the purposes of [the/each] manufacturer’s product approval process, the target market assessment in respect of the Notes, taking into account the five categories referred to in item 18 of the Guidelines published by the European Securities and Markets Authority on 5 February 2018 (in accordance with the FCA’s policy statement entitled “Brexit our approach to EU non-legislative materials”), has led to the conclusion that: (i) the target market for the Notes is retail clients, as defined in point 8 of article 2 of Regulation (EU) No 2017/565 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 (EUWA), and eligible counterparties, as defined in the FCA Handbook Conduct of Business Sourcebook (“COBS”), and professional clients, as defined in Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 (“UK MiFIR”); EITHER [and (ii) all channels for distribution of the Notes are

⁷

Legend to be included on front of the Final Terms if one or more of the Managers/Dealers in relation to the Notes is a UK MiFID regulated entity.

appropriate, including investment advice, portfolio management, non-advised sales and pure execution services] OR [(ii) all channels for distribution to eligible counterparties and professional clients are appropriate; and (iii) the following channels for distribution of the Notes to retail clients are appropriate - investment advice[,/ and] portfolio management[,/ and][non-advised sales][and pure execution services]], subject to the distributor's suitability and appropriateness obligations under COBS, as applicable]]. *[Consider any negative target market]*. Any person subsequently offering, selling or recommending the Notes (a distributor) should take into consideration the manufacturer['s/s'] target market assessment; however, a distributor subject to the FCA Handbook Product Intervention and Product Governance Sourcebook (the UK MiFIR Product Governance Rules) is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturer['s/s'] target market assessment) and determining appropriate distribution channels[, subject to the distributor's suitability and appropriateness obligations under COBS, as applicable].]

[The Notes will only be admitted to trading on the professional segment of the regulated market of the Luxembourg Stock Exchange, which is a specific segment of an EEA Regulated Market, to which only qualified investors (as defined in the Prospectus Regulation) can have access and shall not be offered or sold to non-qualified investors.]⁸

[Notification under Section 309B(1)(c) of the Securities and Futures Act 2001 of Singapore, as modified or amended from time to time (the SFA) - *The Notes are prescribed capital markets products, pursuant to Section 309B of the SFA and Excluded Investment Products (as defined in MAS Notice SFA 04-N12: Notice on the Sale of Investment Products and MAS Notice FAA-N16: Notice on Recommendations on Investment Products).*]⁹

[DISCLAIMER UNDER RULE 336 OF THE CHILEAN FINANCIAL MARKET COMMISSION

The private offering of these Notes starts on [●]¹⁰, and is made subject to general rule N° 336 of the Chilean Financial Market Commission (*Comisión para el Mercado Financiero* or **CMF**). The Notes are not registered with the Securities Registry (*Registro de Valored Extranjeros*) of the CMF and, therefore, the Notes are not subject to the oversight of the CMF. Since the Notes are not registered in Chile, there is no obligation by the Issuer to provide public information about the Notes in Chile. The Notes cannot be publicly offered in Chile unless registered with the relevant securities registry of the CMF.]

[DISCLAIMER UNDER RULE 452 OF THE CHILEAN FINANCIAL MARKET COMMISSION

The offer refers to Notes that are not registered in the Registries of the Chilean Financial Market Commission (*Comisión para el Mercado Financiero* or **CMF**) and therefore (i) no public offering of the Notes may be made in Chile; and (ii) as the Issuer of the Notes is not registered in those Registries, the Issuer is not subject to the supervision of the CMF or to the ongoing reporting obligations that, by law or regulations, are applicable to registered issuers.]

[Notes issued under the Programme do not constitute participations in a collective investment scheme within the meaning of the Swiss Federal Act on Collective Investment Schemes of 23 June 2006 (CISA), as amended. Investors are exposed to the credit risk of the issuer of the Notes.]¹¹

[FINAL VERSION APPROVED BY THE ISSUER⁸]

⁸ Legend to be included if the notes are admitted to the professional segment of the regulated market of the Luxembourg Stock Exchange.

⁹ Legend to be included if the Notes (i) are offered in Singapore and (ii) are not "capital markets products other than prescribed capital markets products" and "specified investment products"

¹⁰ Date of the beginning of the offer to Chilean investors to be included here

¹¹ Legend to be included in all Final Terms prepared for public offers in Switzerland, except in case of offerings to professional investors only

PART A – CONTRACTUAL TERMS

[Terms used herein shall be deemed to be defined as such for the purposes of the terms and conditions of the Notes (the **Conditions**) set forth in the Base Prospectus dated 19 April 2024 [and, [the][each] supplement[s] to the Base Prospectus published and approved on or before the date of these Final Terms and any [other] supplement to the Base Prospectus which may have been published and approved before the Issue Date (as defined below) (the **Supplement(s)**) (provided that to the extent any such Supplement (i) is published and approved after the date of these Final Terms and (ii) provides for any change to the Conditions such changes shall have no effect with respect to the Conditions of the Notes to which these Final Terms relate)] which [together] constitute[s] a base prospectus for the purposes of the Prospectus Regulation (the **Base Prospectus**). This document constitutes the Final Terms of the Notes described herein for the purposes of the Prospectus Regulation and must be read in conjunction with the Base Prospectus in order to obtain all the relevant information. Full information on the Issuer and the [issue/offer] of the Notes is only available on the basis of the combination of these Final Terms and the Base Prospectus [as so supplemented]. [A summary of the Notes is annexed to these Final Terms.] The Base Prospectus [and any Supplement to the Base Prospectus] [and these Final Terms] [is] [are] available for viewing on the websites of the Luxembourg Stock Exchange (www.luxse.com) and of the Issuers (<https://cib.natixis.com/Home/pims/Prospectus#/prospectusPublic>) and copies may be obtained from NATIXIS, 7, promenade Germaine Sablon, 75013 Paris, France.] [These Final Terms together with any notice to the Final Terms may be viewed on the website of the Borsa Italiana S.p.A. (www.borsaitaliana.com) (upon listing).]¹²

[[The following alternative language applies either (i) if the first tranche of an issue which is being increased was issued under a Base Prospectus with an earlier date or (ii) to any Notes for which the Issue Date fell under a Base Prospectus with an earlier date and are being admitted to trading on a regulated market under this Base Prospectus. For the avoidance of doubt, in such case the Form of Final Terms from the relevant previous Base Prospectus should be used instead of the remainder of Part A.]

[Terms used herein shall be deemed to be defined as such for the purposes of the terms and conditions of the Notes (the **Conditions**) set forth in the Base Prospectus dated [21 April 2023/ 22 April 2022/ 23 April 2021/ 24 April 2020 [and the supplement[s] to the Base Prospectus dated [24 June 2020][12 November 2020][and][29 March 2021]/ [24 April 2019 [and the supplement[s] to the Base Prospectus dated[14 August 2019][3 October 2019]/ [24 April 2018[and the supplement[s] to the Base Prospectus dated [14 August 2018][4 October 2018][14 November 2018][18 January 2019]]/ 22 June 2017]/ 20 December 2016[and the supplement to the Base Prospectus dated 28 December 2016]/29 December 2015[and the supplement to the Base Prospectus dated 27 April 2016]/ 8 June 2015[and the supplement to the Base Prospectus dated 2 July 2015]/16 September 2014[and the supplement to the Base prospectus dated 21 October 2014] which are incorporated by reference into the Base Prospectus dated 21 April 2023 [and, [the][each] supplement[s] to the Base Prospectus published and approved on or before the date of these Final Terms and any [other] supplement to the Base Prospectus which may have been published and approved before the Issue Date (as defined below) (the **Supplement(s)**)] which [together] constitute[s] a base prospectus for the purposes of purposes of the Prospectus Regulation (the **Base Prospectus**), including the Conditions incorporated by reference in the Base Prospectus. This document constitutes the Final Terms of the Notes described herein for the purposes of the Prospectus Regulation and must be read in conjunction with the Base Prospectus [as so supplemented]. Full information on the Issuer and the offer of the Notes is only available on the basis of the combination of these Final Terms and the Base Prospectus. [A summary of the Notes is annexed to these Final Terms.] The Base Prospectus [and any supplement to the Base Prospectus] [and these Final Terms] [is] [are] available for viewing on the websites of the Luxembourg Stock Exchange (www.luxse.com) and of the Issuers (<https://cib.natixis.com/Home/pims/Prospectus#/prospectusPublic>) and copies may be obtained from NATIXIS, 7, promenade Germaine Sablon, 75013 Paris, France.]

¹² Include in case of Italian Listed Certificates.

The following alternative language applies in respect of issues of Notes (i) where the non-exempt offer period ends after the expiry date of the Base Prospectus and therefore extends beyond an update of the Base Prospectus, or (ii) where the non-exempt offer ends prior to the expiry date of the Base Prospectus, but where the Notes will be admitted to trading on a regulated market after the expiry date of the Base Prospectus.]

[Terms used herein shall be deemed to be defined as such for the purposes of the terms and conditions of the Notes (the **Conditions**) set forth in the Base Prospectus dated 19 April 2024 [and, each supplement to the Base Prospectus published and approved on or before the date of these Final Terms and any other supplement to the Base Prospectus which may have been published and approved before the Issue Date (as defined below) (the **Supplements**)] which together constitute a base prospectus for the purposes of the Prospectus Regulation (the **2024 Base Prospectus**) notwithstanding the approval of an updated base prospectus which will replace the 2024 Base Prospectus (the **2025 Base Prospectus**). This document constitutes the Final Terms of the Notes described herein for the purposes of the Prospectus Regulation and (i) prior to the approval date by the CSSF of the 2025 Base Prospectus (the **Approval Date**), must be read in conjunction with the 2024 Base Prospectus, and (ii) on and after the Approval Date, must be read in conjunction with the 2025 Base Prospectus, save in respect of the Conditions which are extracted from the 2024 Base Prospectus. The 2024 Base Prospectus constitutes, and the 2025 Base Prospectus will constitute, a base prospectus for the purposes of the Prospectus Regulation. Full information on the Issuer and the [issue/offer] of the Notes is only available on the basis of the combination of these Final Terms and either (i) prior to the Approval Date, the 2024 Base Prospectus, or (ii) on or after the Approval Date, the 2024 Base Prospectus (with respect to the Conditions only) and the 2025 Base Prospectus and any other supplement to the 2025 Base Prospectus which may have been published and approved before the Issue Date. [The Issuer has in the 2024 Base Prospectus given consent to the use of the 2024 Base Prospectus in connection with the offer of the Notes. Such consent will be valid until the date that is twelve (12) months following the date of the 2024 Base Prospectus. The Issuer will in the 2025 Base Prospectus give consent to the use of the 2025 Base Prospectus in connection with the offer of the Notes.] [A summary of the Notes is annexed to these Final Terms.] The 2024 Base Prospectus and when published the 2025 Base Prospectus and any Supplement to the Base Prospectus (if any) [and these Final Terms] [is] [are]/[will be] available for viewing on the website of the Luxembourg Stock Exchange (www.luxse.com) and of the Issuers (<https://cib.natixis.com/Home/pims/Prospectus#/prospectusPublic>) and copies may be obtained from NATIXIS, 7, promenade Germaine Sablon, 75013 Paris, France.]

(Delete or specify “Not Applicable” if an Overnight Rate Compounding Method is specified above)]

– [Lookback: [[[●] Applicable Business Days]/[As specified in the 2021 ISDA Definitions]]/[Not Applicable]

(Specify number of Applicable Business Days for Lookback.

If “As specified in the 2021 ISDA Definitions” is specified, the number of Applicable Business Days applicable for the relevant Overnight Floating Rate Option will be the number specified in the Compounding Averaging Matrix or if no such number is specified in the Compounding Averaging Matrix, the number of Applicable Business Days will be five.

Delete or specify “Not Applicable” if Compounding with Lookback or Averaging with Lookback is not specified above.)]

– [Observation Period Shift: [[[●] Observation Period Shift Business Days]/[As specified in the 2021 ISDA Definitions]]/[Not Applicable]

(Specify number of Observation Period Shift Business Days for the shift.

If “As specified in the 2021 ISDA Definitions” is specified, the number of Observation Period Shift Business Days applicable for the relevant Overnight Floating Rate Option will be the number specified in the Compounding Averaging Matrix or if no such number is specified in the Compounding Averaging Matrix, the number of Observation Period Shift Business Days will be five.

Delete or specify “Not Applicable” for this paragraph and the remaining sub-paragraphs if Compounding with Observation Period Shift or Averaging with Observation Period Shift is not specified above.)

[Set in Advance: [Applicable/Not Applicable]

(Delete or specify “Not Applicable” unless Set in Advance is applicable.)

[Observation Period Shift Additional Business Days: [●]/[Not Applicable]]

(Specify the financial centre(s) that will apply for the purposes of the Observation Period Shift Additional Business Days. These are the additional financial centres that will apply for the purposes of the observation shift in addition to the relevant financial centre for the overnight rate (Applicable Business Days). If the observation shift is to be only by

- reference to the rate financial centres (Applicable Business Days), delete or specify “Not Applicable”)]*
- [Lockout: Lockout Period Business Days]/[As specified in the 2021 ISDA Definitions]]/[Not Applicable]

(Specify the number of Business Days’ lockout being applied.

If “As specified in the 2021 ISDA Definitions” is specified, the number specified as the “Lockout” for the relevant Overnight Floating Rate Option in the Compounding Averaging Matrix shall apply and, if no such number is specified in the Compounding Averaging Matrix, the number of Lockout Period Business Days will be five.

Delete or specify “Not Applicable” if Compounding with Lockout or Averaging with Lockout is not specified above.)

[Lockout Period Business Days: / [Applicable Business Days]]

(Specify the financial centre(s) that will apply for the purposes of the Lockout Period Business Days. If no financial centre(s) is specified, Applicable Business Days will apply under the 2021 ISDA Definitions . The option to specify ‘Applicable Business Days’ reflects this default position.)
 - [Daily Capped Rate and/or Daily Floored Rate:]

[Applicable/Not Applicable]

(Applicable only for Overnight Rate Compounding Method or Overnight Rate Averaging Method. If Not Applicable, delete the Daily Capped Rate and Daily Floored Rate prompts below)

[Daily Capped Rate: %]

[Daily Floored Rate: %]
 - [Day Count Basis:] *(If not included this will be the denominator of the Floating Rate Day Count Fraction)*
 - Index provisions: [Applicable/Not Applicable]

(Applicable only if using Index Floating Rate Option and an Index Method. If not applicable, delete the remaining sub-paragraphs of this paragraph)
 - [Index Method: [Standard Index Method/All-in Compounded Index Method/Compounded Index Method/Compounded Index Method with Observation Period Shift/[As specified in the 2021 ISDA Definitions]]]

(Include the following only if using Compounded Index Method with Observation Period Shift)

[Set-in-Advance: [Applicable/Not Applicable]]

Observation Period Shift: [[●] Observation Period Shift Business Days]/[As specified in the 2021 ISDA Definitions]

(Specify number of Observation Period Shift Business Days for the shift.

If “As specified in the 2021 ISDA Definitions” is specified, the number of Observation Period Shift Business Days applicable for the relevant Index Floating Rate Option will be the number specified in the Compounding Averaging Matrix or if no such number is specified in the Compounding Averaging Matrix, the number of Observation Period Shift Business Days will be five.

Delete or specify “Not Applicable” if Compounded Index Method with Observation Period Shift is not specified above.)

[Observation Period Shift Additional Business Days: [●]/[Not Applicable]

(Specify the financial centre(s) that will apply for the purposes of the Observation Period Shift Additional Business Days. These are the additional financial centres that will apply for the purposes of the observation shift in addition to the relevant financial centre for the overnight rate (Applicable Business Days). If the observation shift is to be only by reference to the rate financial centres (Applicable Business Days), delete or specify “Not Applicable”)]

– [Day Count Basis: [●] *(If not included this will be the denominator of the Floating Rate Day Count Fraction)*]

– [2021 Definitions Linear Interpolation: [Applicable *(specify the Shorter Designated Maturity and the Longer Designated Maturity)*]/Not Applicable]

(Delete or specify “Not Applicable” if you do not wish 2021 Definitions Linear Interpolation to apply)]

(x) FBF Determination [Applicable/Not Applicable]

(Condition 5(d)(C) of the Terms and Conditions of the French Law Notes):

(Please note that FBF Determination only applies to French Law Notes) (if Not Applicable, delete the remaining sub-paragraphs)

– Floating Rate: [●]

	–	Floating Rate Determination Date (<i>Date de Détermination du Taux Variable</i>):	[●]

- (If not applicable delete the subparagraph below)
- (iv) Specified Currency Conversion Rate: [specify the predetermined rate]/[Cross Currency Rate:[●]]
- [if Cross Currency Rate is specified: Page: [●]]
- Conversion Determination Date: [●]]
- [As set out in the Annex]
- 66 Terms and Conditions of the Offer: [Applicable/Not Applicable]
- (If not applicable delete the remaining subparagraphs of this paragraph)*

Offer Price: [●][Issue Price] (*specify any fees included in the Offer Price*)

Conditions to which the offer is subject: [●][Not Applicable] [*If Applicable, in the case of a offer in Italy, insert:*

[The Offer of the Notes in Italy is conditional upon their issue.

No dealings in Notes to be publicly offered in Italy may take place prior to the Issue Date.]

[The effectiveness of the offer is subject to the adoption of the resolution of admission to trading of the Italian Notes on the [●] before the Issue Date. As such, the Issuer undertakes to file the application for the Italian Notes to be admitted to trading on the [●] in time for the adoption of such resolution.]]

The time period, including any possible amendments, during which the offer will be open and description of the application process:

[●][Not Applicable]

Details of the minimum and/or maximum amount of application¹⁷ and description of the application process:

[●][Not Applicable]

[*Insert in case of public offers in Italy:*]

[[The offer of the Notes will commence at [8:00] a.m. (CET) on [●] and end at [6.00] p.m. (CET) on [●] (the **Offer Period**) or at such other time in such earlier other date as the Issuer, [in agreement with the distributor], may decide in its sole and absolute discretion in light of prevailing market conditions.]

[Investors may apply to subscribe for the Notes during the Offer Period. The Offer Period may be discontinued at any time. In such a case, the offeror shall give immediate notice to the public before the end of the Offer Period by means of a notice published on the website of the Issuer [*insert relevant website*].]

[Any application shall be made in Italy to the distributors. The distribution activity will be carried out in accordance with the distributor's usual procedures. Investors will not be required to enter into any contractual arrangements directly with the Issuer related to the subscription for any Notes.]

[Any person wishing to subscribe for the Notes is required to completely fill out and properly sign a subscription order and submit it to the distributor.]

[The distributor, in agreement with the Issuer [and the Dealer], has the right to accept or reject subscription orders either partially or completely or to terminate the offer or to extend the period of the offer independent of whether the intended volume of the Notes to be placed has been achieved or not. Neither the Issuer, nor the distributor [or the Dealer] is required to state reasons for this.]

[A prospective investor should contact the relevant distributor prior to the end of the Offer Period. A prospective investor will subscribe for the Notes in accordance with the arrangements agreed with the relevant distributor relating to the subscription of securities generally.]

[The Offer of the Notes is conditional on their issue.]

[There is no pre-identified allotment criteria. The distributors will adopt allotment criteria that ensures equal treatment of prospective investors. All of the Notes requested through the distributors during the Offer Period will be assigned up to the maximum amount of the offer. A prospective investor will, on the Issue Date, receive 100% of the amount of Securities allocated to it during the Offer Period.]

[The Notes are cleared through the clearing systems and are due to be delivered through the distributor on or around the Issue Date.]

[For the purposes of the offer in the Republic of Italy, the clearing system will be Monte Titoli S.p.A., also known as Euronext Securities Milan [carrying out the settlement][acting] on behalf of [*insert clearing agent appointed under the Agency Agreement*] [●].

[No dealings in the Notes may take place prior to the Issue Date.]

[For the Offer Price which includes the commissions payable to the distributor see above "*Offer Price*".]

BENCHMARK PROVISIONS

67 Benchmark administrator:

[Not Applicable]

[●]

[Amounts payable under the Notes are calculated by reference to *[insert name[s] of benchmark(s)]*, which [is/are] provided by *[insert name[s] of the administrator[s] – if more than one specify in relation to each relevant benchmark]*.

[As at the date of these Final Terms, *[insert name[s] of the administrator[s]]* [is/are] [not] included in the register of administrators and benchmarks established and maintained by the European Securities and Markets Authority.

[As far as the Issuer is aware, *[[insert name(s) of benchmark(s)] [does/do] not fall within the scope of Regulation (EU) 2016/1011, as amended (as amended, the **EU Benchmarks Regulation**) by virtue of Article 2 of the EU Benchmarks Regulation.]/[the transitional provisions of Article 51 of Regulation (EU) 2016/1011, as amended (as amended, the **EU Benchmarks Regulation**) apply, such that *[insert name(s) of the administrator(s)]*, as administrator[s] of *[insert name(s) of benchmark(s)]* [is/are] not currently required to obtain authorisation/registration[, as specified in the table below].]*

(Delete the remaining subparagraphs of this paragraph if neither the Underlying nor any component part of the Underlying nor any component part of any applicable calculation formula is a Relevant Benchmark))

(i) Relevant Benchmark:

[Applicable as selected below][●]

– Relevant Commodity Benchmark:

[●][As per the definition in Condition [5]/[6] of the Terms and Conditions of Structured Notes][Not Applicable]

– Relevant Index Benchmark:

[●][As per the definition in Condition [2]/[4] of the Terms and Conditions of Structured Notes][Not Applicable]

- Relevant Currency Benchmark: [•][As per the definition in Condition 15 of the Terms and Conditions of Structured Notes][Not Applicable]
- Relevant Rate Benchmark: [•][As per the definition in Condition 17 of the Terms and Conditions of Structured Notes][Not Applicable]
- (ii) Specified Public Source: [•][As per the definition in Condition 5(k) of the Terms and Conditions of the English Law Notes and the Terms and Conditions of the French Law Notes]
(If "As per the definition in Condition 5(k) is selected, all the sources listed in the definition of "Specified Public Source" shall apply)

DISTRIBUTION

- 68 (i) If syndicated, names and addresses of Managers and underwriting commitments: [Not Applicable/give names, addresses and underwriting commitments] [The following Managers are [subscribing the Notes/procuring subscribers for the Notes]] [*not applicable in case of public offers in Italy*]
(Include names and addresses of entities agreeing to underwrite the issue on a firm commitment basis and names and addresses of the entities agreeing to place the issue without a firm commitment or on a "best efforts" basis if such entities are not the same as the Managers.)
- (ii) Date of Subscription Agreement: [●][Not Applicable]
- (iii) Stabilisation Manager(s) (if any): [Not Applicable/give name]
- 69 If non-syndicated, name and address of Dealer: [Not Applicable/give name and address] [The following Dealer is [(*insert for NSI*) subscribing the Notes/(*insert for NATIXIS*) procuring subscribers for the Notes]]
[Insert in case of public offers in Italy:]
[For the avoidance of doubt, the Dealer will not act as distributor.]
[[●] is the *Responsabile del Collocamento* pursuant to Article 93-bis of the Legislative Decree of 24 February 1998, n. 58, as subsequently amended (the **Italian Financial Services Act**), in relation to the public offer in Italy since it has organised the placing syndicate by appointing the distributors. [For the avoidance of doubt, the *Responsabile del Collocamento* will not act as distributor/placer and will not place the Notes in Italy.] [*to be included in case of public offers in Italy*]
- 70 Name and address of additional agents appointed in respect of the Notes: [Calculation Agent:
NATIXIS

		Calculation Agent Department 7, promenade Germaine Sablon 75013 Paris France]
		[See additional agent[s] specified in Part B – Other Information; Operational Information] [Not applicable / <i>give name and address</i>]
71	Total commission and concession:	[[●]% of the Aggregate Nominal Amount of Tranche]/[<i>other</i>]/[Not Applicable]
72	Non-Exempt Offer:	[Applicable] [Not Applicable] (<i>if not applicable, delete the remaining placeholders of this paragraph 72</i>)
	Non-Exempt Offer Jurisdictions:	[Specify relevant Member State(s) where the Issuer intends to make Non-Exempt Offers from the following: Belgium, the Czech Republic, Denmark, Finland, France, Germany, Hungary, Ireland, Italy, Luxembourg, The Netherlands, Norway, Poland, Portugal, Spain and/or Sweden]
	Offer Period:	[Specify date] [until] [<i>specify date or a formula such as "the Issue Date" or "the date which falls [] Business Days thereafter"</i>]
	Financial intermediaries granted specific consent to use the Base Prospectus in accordance with the Conditions in it:	[Insert names and addresses of financial intermediaries receiving consent (<i>specific consent</i>)] [Not Applicable (<i>in the case of offers in Italy consider if consent is applicable. Italian distributors normally prefer not to use the retail cascade approach to consent for the use of the prospectus and, as a consequence, consent is generally not applicable</i>)]
	General Consent:	[Not Applicable][Applicable]
	Other Authorised Offeror Terms:	[Not Applicable][<i>Add here any other Authorised Offeror Terms</i>] (<i>Authorised Offeror Terms should only be included here where General Consent is applicable.</i>) (<i>N.B. Consider any local regulatory requirements necessary to be fulfilled so as to be able to make a Non-Exempt Offer [where there is no exemption from the obligation under the Prospectus Regulation to publish a prospectus] in relevant jurisdictions. No such offer should be made in any relevant jurisdiction until those requirements have been met. Non-Exempt Offers may only be made into jurisdictions in which the base prospectus (and any supplement) has been notified/passported.</i>)

[Insert in the case of a public offer in Italy:]

[The Notes will be offered in the Republic of Italy on the basis of a public offer.

For these purposes, the *Commission de Surveillance du Secteur Financier (CSSF)* has been requested to provide the competent authority in the Republic of Italy, the *Commissione Nazionale per le Società e la Borsa (CONSOB)*, with a certificate of approval attesting that the Base Prospectus has been drawn up in accordance with the Prospectus Regulation and the relevant implementing measures in Luxembourg for the purposes of offering the Notes in the Republic of Italy. The Base Prospectus has been passported, *inter alia*, in the Republic of Italy in compliance with Article 25(1) of the Prospectus Regulation. In addition, the Issuer reserves the right to apply for certain countries of the European Economic Area (the **EEA**) to CSSF for a certificate of the approval of this Base Prospectus pursuant to Article 25(1) of the Prospectus Regulation in order to be able to publicly offer the Notes also in those countries and/or have them admitted to trading at an organised market (within the meaning of Directive 2014/65/EU as amended) (the **EEA Passport**). A special permit allowing for the Notes to be offered or the prospectus to be distributed in a jurisdiction outside of those countries for which an EEA Passport is possible and a permit required has not been obtained. The Issuer may in its sole discretion from time to time decide to notify this Base Prospectus to other EEA states.]

[Non-Exempt Offer:

An offer of the Notes may be made other than pursuant to Articles 1(4) and/or 3(2) of the Prospectus Regulation in the Republic of Italy (the **Non-Exempt Offer Jurisdiction**) during the Offer Period during the hours in which banks are generally open for business in Italy.

The Notes may be offered only in accordance with applicable laws and regulations and, in particular, pursuant to Articles 21, 25 and 31 of the Prospectus Regulation and in accordance with these Final Terms.]

[Notes placed through door-to-door selling pursuant to Article 30 of the Legislative Decree of 24 February 1998, n. 58, as subsequently amended (the **Italian Financial Services Act**) will be offered during the Offer Period. Pursuant to article 30, paragraph 6, of the

Italian Financial Services Act, the validity and enforceability of the contracts entered into through door-to-door selling is suspended for a period of seven days after the investors' signature of the same. Within such period investors may communicate their withdrawal to the distributor without any charge or commission.] [●]

[Publication of notices relating to the Offer:

Any notices to be published as specified herein shall be prepared, respectively, by or on behalf of the Issuer or the distributor and published as follows:

1. [by the Issuer on the website of the Luxembourg Stock Exchange (www.luxse.com); and/or]
2. by the Issuer in English and Italian on the website ([●]); and/or
3. by the relevant distributor in English and Italian on its website ([●]).[;][and/or]
4. [[●]]

GENERAL

73	Applicable TEFRA exemption:	[C Rules/D Rules/Not Applicable] ([Not applicable for Clearing System Dematerialised Notes / Not applicable to Notes with a maturity of 1 year or less])
74	Additional U.S. federal income tax considerations:	[The Notes are [not] Specified Notes (as defined in the Base Prospectus) for the purpose of Section 871(m) of the U.S. Internal Revenue Code of 1986. [Additional information regarding the application of Section 871(m) to the Notes will be available at [<i>insert Calculation Agent contact details</i>].] [As at the date of these Final Terms, the Issuer has not determined whether the Notes are Specified Notes for purposes of Section 871(m) of the U.S. Internal Revenue Code of 1986; however, indicatively it considers that they will [not] be Specified Notes for these purposes. This is indicative information only subject to change and if the Issuer's final determination is different then it will give notice of such determination. [Additional information regarding the application of Section 871(m) to the Notes will be available at [<i>insert Calculation Agent contact details</i>].]] ¹⁸

¹⁸ This formulation to be used if the Issuer has not made a determination regarding whether the Notes are Specified Notes as of the date of the Final Terms.

(The Notes will not be Specified Notes if they (i) are issued prior to January 1, 2025 and are not "delta-one" for U.S. tax purposes or (ii) do not reference any U.S. equity or any index that contains any component U.S. equity or otherwise provide direct or indirect exposure to U.S. equities. If the Notes reference a U.S. equity or an index that contains a component U.S. equity or otherwise provide direct or indirect exposure to U.S. equities and (i) are issued prior to January 1, 2025 and provide a return that does not differ significantly from the return on an investment in the underlying, or (ii) are issued on or after January 1, 2025, further analysis would be required.)

75 *Masse* (Condition 11 of the Terms and Conditions of the French Law Notes):

[Issue outside France: [Applicable/Not Applicable]]

Name and address of the Representative: [●]

Name and address of the alternate Representative: [●]

[The Representative will receive no remuneration]/[The Representative will receive a remuneration of [●]].

[If the Notes are held by a sole Noteholder, insert the wording below:

As long as the Notes are held by a sole Noteholder, it shall exercise all rights and obligations assigned by law to the Representative and the general meeting of the Noteholders. A Representative will be appointed as soon as the Notes are held by more than one Noteholder.]

76 Governing law:

[English law] / [French law]

[THIRD PARTY INFORMATION]

[[●] has been extracted from [●]. The Issuer confirms that such information has been accurately reproduced and that, so far as it is aware, and is able to ascertain from information published by [●], no facts have been omitted which would render the reproduced information inaccurate or misleading.]]

[Signed on behalf of the Issuer duly represented by:]¹⁹

¹⁹ Signature block may be removed provided "Issuer final approval" wording is inserted at beginning of these Final Terms.

PART B – OTHER INFORMATION**1 LISTING AND ADMISSION TO TRADING**

- (i) Listing: [Official List of the Luxembourg Stock Exchange]/other (*specify*)/None]
- (ii) Admission to trading: [Application [has been/will be] made for the Notes to be admitted to trading on [the professional segment of][Luxembourg Stock Exchange's [Regulated Market/Euro MTF Market] [the "Securities Derivative Exchange" (**SeDeX**), a multilateral trading facility organised and managed by Borsa Italiana S.p.A.]²⁰ other (*specify*)].] [Not Applicable]
- (Where documenting a fungible issue need to indicate that original securities are already admitted to trading.)*
- (iii) Earliest date on which the Notes will be admitted to trading: [●][Not Applicable]
- (iv) Estimate of total expenses related to admission to trading: [●][Not Applicable]²¹
- (v) [Regulated markets or equivalent markets on which, to the knowledge of the issuer, securities of the same class of the securities to be offered or admitted to trading are already admitted to trading:]²² *(Where documenting a fungible issue, need to indicate other exchanges or markets on which the original securities are already listed)*

2 RATINGS

- Ratings: [The Notes to be issued [[have been]/[are expected to be]/[have not been]] rated [*insert details*] by [*insert credit rating agency name(s)*].]
- [[Insert the legal name of the relevant CRA entity] is established in the European Union and is registered under Regulation (EC) No. 1060/2009 (as amended). [As such [*insert the legal name of the relevant CRA entity*] is included in the list of credit rating agencies published by the European Securities and Markets Authority on its website in accordance with such Regulation.]]*
- [[*insert name of relevant EEA CRA(s)*] [is][are] not established in the United Kingdom and [is][are] not registered under Regulation (EU) N° 1060/2009 as it forms part of domestic law by virtue of the EUWA*

²⁰ Include in case of Italian Listed Certificates.

²¹ Include only in case of Notes with a denomination of at least €100,000.

²² Required for securities to which Annex 14 of the Commission Delegated Regulation (EU) 2019/980, as amended, applies.

(the **UK CRA Regulation**). The rating[s] of the Notes issued by *[insert name of relevant EEA CRA(s)]* [is/are] endorsed by *[insert name of relevant UK CRA(s)]*, in accordance with the UK CRA Regulation and [has][have] not been withdrawn. As such, the rating[s] issued by *[insert name of relevant EEA CRA(s)]* may be used for regulatory purposes in the United Kingdom in accordance with the UK CRA Regulation.]²³

[Need to include a brief explanation of the meaning of the ratings if this has previously been published by the rating provider.]

(The above disclosure should reflect the rating allocated to Notes of the type being issued under the Programme generally or, where the issue has been specifically rated, that rating.)

3 NOTIFICATION

[Not Applicable] / [The *Commission de Surveillance du Secteur Financier* in Luxembourg [has been requested to provide/has provided – *include first alternative for an issue which is contemporaneous with the establishment or update of the Programme and the second alternative for subsequent issues*] the competent authorities in Belgium, the Czech Republic, Denmark, Finland, France, Germany, Hungary, Ireland, Italy, The Netherlands, Norway, Poland, Portugal, Spain and Sweden with a certificate of approval attesting that the Base Prospectus has been drawn up in accordance with the Prospectus Regulation.]

4 INTERESTS OF NATURAL AND LEGAL PERSONS INVOLVED IN THE [ISSUE/OFFER]

[Need to include a description of any interest, including conflicting ones, that is material to the [issue/offer], detailing the persons involved and the nature of the interest. May be satisfied by the inclusion of the following statement:

[Include where a percentage fee is payable to the Dealer and/or distributor: "Save for any fees payable to the [Dealer[s]][and]/[or][distributor[s]] in connection with the [issue/offer] [of [up to] [●]% of the Specified Denomination per Note]/[Include where the distributor acquires the Notes from NATIXIS (as Dealer) at a discount and this discount (fee) is reflected in the pricing of the Notes: Save for any fees reflected in the terms of the Notes of [up to] [●]% of the Specified Denomination per Note which is received by the [[Dealer[s]][and]/[or][distributor[s]]] under the terms on which it purchases the Notes from the Dealer[s]][Include where an introducer fee is payable and this is reflected in the pricing of the Notes: Save for any fees reflected in the terms of the Notes of [up to] [●]% of the Specified Denomination per Note [which is payable for introduction services]], so far as the Issuer is aware, no person involved in the [issue/offer] of the Notes has an interest material to the [issue/offer]."]/ [As far as the Issuer is aware, no commission is paid by the Dealer to any third parties.] [An up-front commission could be paid [of up to [●]% (all taxes included) of the Aggregate Nominal Amount of the Notes subscribed]. This commission can be paid either by an up-front fee or by an appropriate discount on the issue price.]/[A running commission could be paid [up to [●]% annually

²³ To be included only in the case of an issue for which placement in the UK is contemplated and the ratings of the Notes issued by the EEA CRA are to be endorsed by a UK CRA.

(all taxes included) of the aggregate nominal amount of the Notes subscribed.]/[●] [*Amend as appropriate if there are other interests*]]]

[The purchaser or, if applicable, introducing broker of these securities acknowledges and agrees that it shall fully disclose to its clients the existence, nature and amount of any commission or fee paid or payable to it by NATIXIS (including, if applicable, by way of discount) as required in accordance with laws and regulations applicable to it, including any legislation, regulation and/or rule implementing the Markets in Financial Instrument Directive, as amended (2014/65/EU) (MiFID II), or as otherwise may apply in any non-EEA jurisdictions.]

5 REASONS FOR THE [ISSUE/OFFER], ESTIMATED NET PROCEEDS AND TOTAL EXPENSES

- (i) Reasons for the [issue/offer]: [●][Green Bonds][Social Bonds][Sustainability Bonds] [Not Applicable] [See "*Use of Proceeds*" section in the Base Prospectus]

[To be included if the Notes are Charity Payment Notes: For the avoidance of doubt, the net proceeds of the issue of the Notes will not be applied to finance the Project(s) funded by the Shared Amount.]

[To be included if Green Bonds or Social Bonds or Sustainability Bonds is applicable: The Issuer intends to allocate an amount equivalent to the net proceeds of the issuance of these [Green Bonds][Social Bonds][Sustainability Bonds] to finance or refinance, in whole or in part, new and/or existing Eligible Assets in accordance with, and as further described in, the BPCE Group Sustainable Development Funding Programme *[To be included for Green Bonds: Green Funding Framework] [To be included for Social Bonds: Social Funding Framework][To be included for Sustainability Bonds: Green Funding Framework and Social Funding Framework].*

It is the intention of the Issuer that these [Green Bonds][Social Bonds][Sustainability Bonds] will contribute to one or several of the United Nations Sustainable Development Goals.

Throughout the term of these [Green Bonds][Social Bonds][Sustainability Bonds], the [Issuer/ BPCE Group] will monitor the Eligible Assets and [the BPCE Group] will publish, on the dedicated section of its website an annual update of the allocation of the net proceeds of these [Green Bonds][Social Bonds][Sustainability Bonds].

The Green Funding Framework and/or the Social Funding Framework as well as the related Second Party Opinion issued by ISS Corporate Solutions

(ICS) are available on the BPCE Group's website ([●]).]

(If reasons for offer different from making profit, Green Bonds, Social Bonds and/or Sustainability Bonds and/or hedging certain risks will need to include those reasons here.)

(ii) Estimated net proceeds: [●][Not Applicable]

(If proceeds are intended for more than one use will need to split out and present in order of priority. If proceeds insufficient to fund all proposed uses state amount and sources of other funding.)

(iii) Estimated total expenses: [●] *[Include breakdown of expenses.]*[Not Applicable]

6 Fixed Interest Rate Notes only – YIELD

Indication of yield: [[●]%, as calculated at the Issue Date on the basis of the [Issue Price/Offer Price] *[To be included if the Notes are Charity Payment Notes and “Shared Coupon” is specified: without deduction of the Shared Amount]. [To be included for Italian direct listing offer: The yield of the Notes may be reduced taking into account that the purchase price of the Notes on the secondary market may be higher than the [Issue Price/Offer Price]]*[Not Applicable]

[To be included if the Notes are Charity Payment Notes and “Shared Coupon” is specified: The yield on the Notes is [●]%, taking into account the deduction of the Shared Amount.]

7 Floating Rate Notes only – PERFORMANCE OF INTEREST RATES

Details of historic [EURIBOR / CMS / BUBOR / NIBOR / STIBOR / PRIBOR / CIBOR / WIBOR / MOIBOR / BBSW / HIBOR / TAIBOR / JIBAR / DI (BRAZIL CETIP INTERBANK DEPOSIT RATE) / TIIE (MEXICO INTERBANK DEPOSIT RATE) / SONIA / SOFR / SARON / ESTER/ TONA] can be obtained [for a fee]/[free of charge] from [Reuters][Not Applicable]. *[give details of electronic means of obtaining the details of performance].*

8 Structured Notes only – INFORMATION CONCERNING THE UNDERLYING²⁴

[Not Applicable] *(If not Structured Notes, delete the subparagraphs below)*

The exercise price or the final reference price of the underlying: [●][Not Applicable]

An indication where information about the past and the future performance of the [●]*[Insert for Preference Share Linked Notes: The performance of the Preference Shares will be linked to the performance of the following Preference Share*

²⁴ Required for derivative securities.

underlying and its volatility can be obtained: Underlying(s), information relating to which can be found at [●].] [This information can be obtained for a fee.]/[This information can be obtained free of charge.]

Where the [underlying][Preference Share Underlying] is a security: [Applicable][Not Applicable]

(a) the name of the issuer of the security: [Not Applicable][●]

(b) the ISIN (International Security Identification Number) or other such security identification code: [Not Applicable][●]

Where the [underlying][Preference Share Underlying] is an index: [Applicable][Not Applicable]

(a) the name of the index: [Not Applicable][●]

(b) if the index is not composed by the Issuer, where information about the index can be obtained: [Not Applicable][●]

Where the underlying is an interest rate, a description of the interest rate: [Not Applicable][●]

In the case of CLNs or BLNs, insert: Certain information in relation to [the][each] Reference Entity and [Reference Obligation][Reference Assets][Reference Bond] (if any) as at the Issue Date is set out below.

Name: [●]

Address: [●]

Country of incorporation: [●]

Industry or industries of operation: [●] (*For example financials, energy, insurance, manufacturing, construction, transport, media determined on the basis of available information on the Reference Entity*)

Market[(s)] on which securities are admitted to trading: [●]

[Reference Obligation][Reference Assets][Reference Bond] [●] [(noting Standard Reference Obligation: [Not][Applicable])]
 [Securities Code:]

(The information above should be completed so far as the Issuer is aware and/or able to ascertain from information published by the relevant Reference Entity and repeated for each Reference Entity. Country of incorporation, industry and address will be N/A for a Sovereign Reference Entity and Securities Code (e.g. ISIN/CUSIP) will be N/A if there is no Reference Obligation/Reference Asset/Reference Bond or it has no securities code. Note permissible markets for a Reference Entity's securities to be admitted to trading on are regulated markets, equivalent third country markets and SME Growth Markets.

As at the Issue Date information in relation to the past and further performance of [[the] [each] Reference Entity] [[insert Reference Entity name]] is available [free of charge/at a charge] from [internationally recognised electronically displayed sources such as Bloomberg and any web-site of such Reference Entity]. (Repeat for each Reference Entity as applicable)

9 PLACING AND UNDERWRITING

Name and address of the co-ordinator(s) of the global offer and of single parts of the offer:²⁵ [●][Not Applicable]

Name and address of any paying agents and depositary agents in each country (in addition to the Principal Paying Agent): [●][Not Applicable]

Names and addresses of entities agreeing to underwrite the issue on a firm commitment basis, and entities agreeing to place the issue without a firm commitment or under "best efforts" arrangements:²⁶ [●][Not Applicable]

When the underwriting agreement has been or will be reached: [●][Not Applicable]

Prohibition of Sales to EEA Retail Investors: [Applicable][Not Applicable]

²⁵ To the extent known to the Issuer, of the placers in the various countries where the offer takes place.

²⁶ Where not all of the issue is underwritten, a statement of the portion not covered.

(If the Notes clearly do not constitute "packaged" products or the Notes do constitute "packaged" products and a key information document will be prepared, "Not Applicable" should be specified. If the Notes may constitute "packaged" products and no key information document will be prepared, "Applicable" should be specified.)

Prohibition of Sales to UK Retail Investors: [Applicable][Not Applicable]

(If the Notes clearly do not constitute "packaged" products or the Notes do constitute "packaged" products and a key information document will be prepared, "Not Applicable" should be specified. If the Notes may constitute "packaged" products and no key information document will be prepared, "Applicable" should be specified.)

Singapore Sales to Institutional Investors and Accredited Investors only [Applicable][Not Applicable]

10 **HONG KONG SFC CODE OF CONDUCT** [Applicable]/[Not Applicable]

(Not Applicable for Non-Exempt Notes. If Not Applicable delete the remaining sub-paragraphs)

Rebates [A rebate of [●] bps is being offered by the Issuer to all private banks for orders they place (other than in relation to Notes subscribed by such private banks as principal whereby it is deploying its own balance sheet for onward selling to investors), payable upon closing of this offering based on the principal amount of the Notes distributed by such private banks to investors. Private banks are deemed to be placing an order on a principal basis unless they inform the CMIs otherwise. As a result, private banks placing an order on a principal basis (including those deemed as placing an order as principal) will not be entitled to, and will not be paid, the rebate.] / [Not Applicable]

Contact email addresses of the Overall Coordinators where underlying investor information in relation to omnibus orders should be sent: *[Include relevant contact email addresses of the Overall Coordinators where the underlying investor information should be sent – OCs to provide] / [Not Applicable]*

Marketing and Investor Targeting Strategy: *[If different from the Base Prospectus]*

11 **ADDITIONAL INFORMATION WITH RESPECT TO ADVISERS**

Advisers: [If advisors connected with an issue are referred to in the Securities Note, include a statement of the capacity in which the advisors have acted][Specify] [Not Applicable]

12 **OPERATIONAL INFORMATION**

Intended to be held in a manner which would allow Eurosystem eligibility:

[Yes. Note that the designation "yes" simply means that the Notes are intended upon issue to be deposited with one of the ICSDs as common safekeeper and does not necessarily mean that the Notes will be recognised as eligible collateral for Eurosystem monetary policy and intra day credit operations by the Eurosystem either upon issue or at any or all times during their life. Such recognition will depend upon the ECB being satisfied that Eurosystem eligibility criteria have been met.] / [No. Whilst the designation is specified as "no" at the date of these Final Terms, should the Eurosystem eligibility criteria be amended in the future such that the Notes are capable of meeting them the Notes may then be deposited with one of the ICSDs as common safekeeper. Note that this does not necessarily mean that the Notes will then be recognised as eligible collateral for Eurosystem monetary policy and intra day credit operations by the Eurosystem at any time during their life. Such recognition will depend upon the ECB being satisfied that Eurosystem eligibility criteria have been met.]]

Delivery: Delivery [against/free of] payment

Names and addresses of additional Agents appointed in respect of the Notes (if any): See paragraph 70 of Part A above

Finnish Notes: Specify Finnish Agent (expected to be Skandinaviska Enskilda Banken AB (publ)): Skandinaviska Enskilda Banken AB (publ) Helsinki Branch, Investor Services, Eteläesplanadi 18, FI-00130 Helsinki (the **Finnish Issuing and Paying Agent**).

Norwegian Notes: Specify Norwegian Agent (expected to be Skandinaviska Enskilda Banken AB (publ)): Skandinaviska Enskilda Banken AB (publ) Oslo Branch, Investor Services, Filipstad Brygge 1, 0252 Oslo, Norway (the **Norwegian Issuing and Paying Agent**).

Swedish Notes: Specify Swedish Agent (expected to be Skandinaviska Enskilda Banken AB (publ)): Skandinaviska Enskilda Banken AB (publ), Investor Services, Råsta Strandväg 5, A-S12, SE-169 79 Solna (the **Swedish Issuing and Paying Agent**).

Danish Notes: Specify Danish Agent (expected to be Skandinaviska Enskilda Banken AB (publ) Copenhagen Branch): Skandinaviska Enskilda Banken AB (publ) Copenhagen Branch, Investor Services, Bernstorffsgade 50, 1577 Copenhagen V, Denmark (the **Danish Issuing and Paying Agent**).

Swiss Notes: Specify Swiss Agent (expected to be BNP Paribas, Paris, Zurich Branch): BNP Paribas S.A., Zurich Branch, Selnaustrasse 16, P.O. Box CH 8022 Zurich, Switzerland (the **Swiss Issuing and Paying Agent**).

Italian Notes: BNP Paribas, Italian Branch (the **Italian Paying Agent**)

CMU Notes: Citibank, N.A., Hong Kong Branch: 9/F, Citi Tower, One Bay east, 83 Hoi Bun Road, Kwun Tong, Kowloon, Hong Kong (**CMU Lodging and Paying Agent**).

Other Clearing System Dematerialised Notes: Specify relevant Issuing Agent.

13 **POST-ISSUANCE INFORMATION CONCERNING THE UNDERLYING**

An indication whether or not the Issuer intends to provide post-issuance information in relation to the underlying. Where the Issuer has indicated that it intends to report such information, the Issuer shall specify what information will be reported and where such information can be obtained. [Not Applicable]

14 **INDEX DISCLAIMER**

[●]

(If the Notes are linked to an Index or more, insert the relevant Index disclaimer(s))

Annex for Basket CLNs

(Insert the following table if the Notes are Basket CLNs, and add as many rows as necessary)

Reference Entity (and whether Long or Short):	Transaction Type:	Reference Entity Notional Weight:	[Observation Period Initial Reference Date:	[Observation Period Final Reference Date:	Reference Obligation CUSIP/ISIN :	Settlement Method	[Standard Reference Obligation:	[Reference Only Trade:	Additional Provisions for LPN Reference Entities:	[Seniority Level:

market in which its securities are admitted.*

ANNEX FOR SBP CLNs

(Insert and complete the following if the Notes are SBP CLNs. Otherwise delete)

Capitalised terms used but not defined in this Annex or the Conditions shall have the meanings ascribed to them in the Definitions.

[Include where SBP Substitution is specified as applicable in Part A above:

ELIGIBLE SBP COMPONENTS

Eligible SBP Components include theoretical positions in (1) the Eligible Reference Index CDSs and (2) the Eligible Corresponding CDSs, in each case multiplied by the Leverage Factor. Terms of the Eligible Reference Index CDSs and the Eligible Corresponding CDSs are as set out below and/or in the relevant Notice of SBP Component Substitution.

1 Eligible Reference Index CDSs

Eligible Reference Index(cies)	Type of Index	Maximum Notional Amount	Maximum Leverage Factor
[Markit iTraxx® Europe [<i>index name</i>] Series [<i>specify</i>] Version [<i>specify</i>]] / [Markit CDX.NA.[IG/HY/XO].[] [<i>specify sector, if any</i>] [<i>specify series, if any</i>] [<i>specify version, if any</i>]], which is composed of the Reference Entities specified therein	[iTraxx][CDX] Index	[●]	[●]
[[Markit iTraxx® Europe [<i>index name</i>] Series [<i>specify</i>] Version [<i>specify</i>]] / [Markit CDX.NA.[IG/HY/XO].[] [<i>specify sector, if any</i>] [<i>specify series, if any</i>] [<i>specify version, if any</i>]], which is composed of the Reference Entities specified therein	[iTraxx][CDX] Index	[●]	[●]
[[Markit iTraxx® Europe [<i>index name</i>] Series [<i>specify</i>] Version [<i>specify</i>]] / [Markit CDX.NA.[IG/HY/XO].[] [<i>specify sector, if any</i>] [<i>specify series, if any</i>] [<i>specify version, if any</i>]], which is composed of the Reference Entities specified therein	[iTraxx][CDX] Index	[●]	[●]

[Include additional rows, *as required*]]

THE SBP COMPONENTS

The SBP Components include theoretical positions in (1) the Reference Index CDSs and (2) the Corresponding CDSs, in each case multiplied by the Leverage Factor, each as set out below.

2 Reference Index CDSs

Reference Index(cies)	Type of Index	Position in the Reference Index CDS	Position in the Corresponding CDSs	Leverage Factor
Reference Index [1]	[iTraxx][CDX] Index	[Short]/[Long]	[Short]/[Long]	[●]
[Reference Index 2]	[iTraxx][CDX] Index	[Short]/[Long]	[Short]/[Long]	[●]
[Reference Index 3]	[iTraxx][CDX] Index	[Short]/[Long]	[Short]/[Long]	[●]

[Include additional rows, as required]

Reference Index CDS [1]:

Reference Index [1]: [Markit iTraxx® Europe *[index name]* Series *[specify]* Version *[specify]*] / [Markit CDX.NA.[IG/HY/XO].[] *[specify sector, if any]* *[specify series, if any]* *[specify version, if any]*], which is composed of the Reference Entities specified therein

Reference Index [1] Annex Date: *[Specify]*

Reference Index CDS 1 Scheduled Termination Date: [●] *(May be any date up to and including the Maturity Date of the Notes)* / [As specified in the Index Annex for the relevant Reference Index]

Relevant standard terms supplement or other terms of Reference Index CDS [1]: The untranching standard terms supplement relating to the relevant Reference Index CDS as most recently published prior to the Trade Date by the relevant Index Publisher (which can be accessed at <http://www.markit.com> or any successor website thereto) as updated from time to time

[Specify any additional terms, as required]

Reference Index [1] Notional Amount: [●]

Reference Index [1] Fixed Payments: [[●]% per annum, payable on *[specify]*] / [The Fixed Rate specified [for the relevant Scheduled Termination Date] in the Index Annex for the relevant Reference Index [payable on *[specify]*]]

[Reference Index CDS 2:

Reference Index 2: [Markit iTraxx® Europe *[index name]* Series *[specify]* Version *[specify]*] / [Markit CDX.NA.[IG/HY/XO].[] *[specify sector, if any]* *[specify series, if any]* *[specify*

version, if any], which is composed of the Reference Entities specified therein

Reference Index 2 Annex Date: *[Specify]*

Reference Index CDS 2 Scheduled Termination Date: *(May be any date up to and including the Maturity Date of the Notes) / [As specified in the Index Annex for the relevant Reference Index]*

Relevant standard terms supplement or other terms of Reference Index CDS 2: The untranching standard terms supplement relating to the relevant Reference Index CDS as most recently published prior to the Trade Date by the relevant Index Publisher (which can be accessed at <http://www.markit.com> or any successor website thereto) as updated from time to time
[Specify any additional terms, as required]

Reference Index 2 Notional Amount:

Reference Index 2 Fixed Payments: % per annum, payable on *[specify]* / [The Fixed Rate specified [for the relevant Scheduled Termination Date] in the Index Annex for the relevant Reference Index [payable on *[specify]*]]

[Reference Index CDS 3:

Reference Index 3: [Markit iTraxx® Europe *[index name]* Series *[specify]* Version *[specify]* / [Markit CDX.NA.[IG/HY/XO].[*[specify sector, if any]* *[specify series, if any]* *[specify version, if any]*], which is composed of the Reference Entities specified therein

Reference Index 3 Annex Date: *[Specify]*

Reference Index CDS 3 Scheduled Termination Date: *(May be any date up to and including the Maturity Date of the Notes) / [As specified in the Index Annex for the relevant Reference Index]*

Relevant standard terms supplement or other terms of Reference Index CDS 3: The untranching standard terms supplement relating to the relevant Reference Index CDS as most recently published prior to the Trade Date by the relevant Index Publisher (which can be accessed at <http://www.markit.com> or any successor website thereto) as updated from time to time
[Specify any additional terms, as required]

Reference Index 3 Notional Amount:

Reference Index 3 Fixed Payments: % per annum, payable on *[specify]* / [The Fixed Rate specified [for the relevant Scheduled Termination Date] in the Index Annex for the relevant Reference Index [payable on *[specify]*]]

[Include additional rows, as required]

3 Corresponding CDSs

[Include the following, as required:

Floating Rate Payer:	The Issuer in the case of a Short position Corresponding CDS and a market counterparty in the case of a Long position Corresponding CDS
Fixed Rate Payer:	A market counterparty in the case of a Short position Corresponding CDS and the Issuer in the case of a Long position Corresponding CDS
CDS Trade Date:	Trade Date
Effective Date:	[●] / [Issue Date]
Scheduled Termination Date:	[●] (<i>May be any date up to and including the Maturity Date of the Notes</i>) / [As specified in the Index Annex for the relevant Reference Index]
Reference Entity:	Each Corresponding CDS relates to a Reference Entity corresponding to the Reference Entities of the relevant Reference Index, subject as provided in the terms of the Corresponding CDS
Transaction Type:	As specified in each Reference Index CDS for each Reference Entity
Matrix Publication Dates:	[●] / [As most recently published prior to the Trade Date]
Reference Obligation:	Each Reference Obligation specified in the Index Annex for each Reference Index in relation to each corresponding Reference Entity set out therein, subject as provided in the terms of the Corresponding CDS
Standard Reference Obligation:	Applicable
Business Days:	[specify] / [As specified in the Physical Settlement Matrix for the relevant Transaction Type]
Calculation Agent:	[●]
Applicable Law:	English Law

FIXED PAYMENTS

[[●]% per annum, payable on [specify]] / [The Fixed Rate specified for the relevant Scheduled Termination Date in the Index Annex for the relevant Reference Index payable on 20 March, 20 June, 20 September and 20 December, from the first such date following the Effective Date to the Scheduled Termination Date]

FLOATING PAYMENTS

Floating Rate Payer Calculation Amount:	For each Reference Entity, the product of the relevant Reference Index Notional Amount and the corresponding Reference Entity weighting, as specified in the Index Annex for the relevant Reference Index
---	---

Credit Event: As specified in the Physical Settlement Matrix for the Transaction Type for the corresponding Reference Entity

Notice of Publicly Available Information: [Applicable] / [Not Applicable] / [As specified in the Physical Settlement Matrix for the Transaction Type for the corresponding Reference Entity]

SETTLEMENT CONDITIONS

Settlement Method: [Auction Settlement] / [As specified in the Physical Settlement Matrix for the Transaction Type for the corresponding Reference Entity]

Fallback Settlement Method: [Physical Settlement] / [Cash Settlement] / [As specified in the Physical Settlement Matrix for the Transaction Type for the corresponding Reference Entity]]

ANNEX FOR NEGATIVE BASIS BLNS

(Insert and complete the following if the Notes are Negative Basis BLNs. Otherwise delete. Add additional rows as appropriate if more than three Bonds)

Title of Negative Basis BLN:	[Single Entity Negative Basis BLN with American Settlement / Single Entity Negative Basis BLN with European Settlement / Basket Negative Basis BLN with American Settlement / Basket Negative Basis BLN with European Settlement]
[Negative Basis Linked Interest Basis:	Interest [(or, [<i>in the case of Basket Negative Basis BLN with European Settlement,</i>] the relevant portion thereof)] shall [cease to accrue from the earlier of a Bond Event Determination Date and a Risk Event Determination Date / cease to accrue from the earlier of the Interest Payment Date immediately prior to a Bond Event Determination Date and the Interest Payment Date immediately prior to a Risk Event Determination Date / [for European Settlement only:] continue to accrue up to (but excluding) the Maturity Date, notwithstanding the occurrence of a Bond Event Determination Date and/or a Risk Event Determination Date / [for European Settlement only:] accrue from the Bond Event Determination Date and/or Risk Event Determination Date at a rate of interest equal to [] up to (but excluding) the Maturity Date]
[Risk Events:	[Ownership Restriction Event: Not Applicable] [Settlement/Custodial Event: Not Applicable] [Regulatory Change Event: Not Applicable] [Bond Early Redemption Event: Not Applicable] [Bond Change Redemption Event: Not Applicable] [Hedging Event: Not Applicable] [Early Redemption On First Event: Applicable]
[Risk Event Redemption Date:	[<i>For Single Entity Negative Basis BLN with American Settlement or Basket Negative Basis BLN with American Settlement specify: 5-10 Business Days after delivery of the Calculation Agent's RE Notice</i>]/[<i>For Single Entity Negative Basis BLN with European Settlement and/or the relevant portion of the Basket Negative Basis BLN with European Settlement specify: Maturity Date / specify</i>]]
[Bond Event Redemption Date	[<i>For Single Entity Negative Basis BLN with American Settlement or Basket Negative Basis BLN with American Settlement specify: 5-10 Business Days after delivery of the Calculation Agent's BE Notice</i>]/[<i>For Single Entity Negative Basis BLN with European</i>

Settlement and/or the relevant portion of the Basket Negative Basis BLN with European Settlement specify: Maturity Date/specify]]

THE NB COMPONENTS

The NB Components include theoretical positions in (1) the Bond(s) and (2) the Corresponding CDS(s), in each case multiplied by the Leverage Factor each as set out below. Capitalised terms used but not defined in this Annex or Condition 14(m) shall have the meanings ascribed to them in the Definitions.

1 Bond(s)

Bond(s)	Transaction Type for the Bond Underlying Obligor to determine Bond Events	Bond Notional Amount(s)	Maturity Date	Leverage Factor	[First Day of the NB Observation Period]	[Last Day of the NB Observation Period]

H(t) means *[insert number]*%.

BasketPerf₁(t) means *[Select the applicable formula specified under the definition BasketPerf set forth in paragraph 1.1 of the Common Definitions set out in the Additional Terms and Conditions]*.

Elements for calculation of the Automatic Early Redemption Amount:

N(t) [means *[insert number]*%][is Not Applicable].

Floor₁ (t) [means *[insert number]*%][is Not Applicable].

BasketPerf₂(t) means *[Select the applicable formula specified under the definition BasketPerf set forth in paragraph 1.1 of the Common Definitions set out in the Additional Terms and Conditions]*.

Coupon₃(t) means *[insert applicable interest rate]*.

H₂(t) [means *[insert number]*%]/[is Not Applicable].

BasketPerf₃(t) means *[Select the applicable formula specified under the definition BasketPerf set forth in paragraph 1.1 of the Common Definitions set out in the Additional Terms and Conditions]*.

Elements for calculation of the Final Redemption Amount:

Coupon₄ means *[insert applicable interest rate]*.

Coupons means *[insert applicable interest rate]*.

H₃ [means *[insert number]*%]/[is Not Applicable].

G means *[insert number]*%.

G₅ means *[insert number]*%.

Cap [means *[insert number]*%] [is Not Applicable].

Caps [means *[insert number]*%] [is Not Applicable].

Floor means *[insert number]*%.

Floor₅ means *[insert number]*%.

K means *[insert number]*%.

K₅ means *[insert number]*%.

B *[means [insert number]%/[is Not Applicable].*

BasketPerf₄(T) means *[Select the applicable formula specified under the definition BasketPerf set forth in paragraph 1.1 of the Common Definitions set out in the Additional Terms and Conditions].*

BasketPerf₅(T) means *[Select the applicable formula specified under the definition BasketPerf set forth in paragraph 1.1 of the Common Definitions set out in the Additional Terms and Conditions].*

BasketPerf₆(T) means *[Select the applicable formula specified under the definition BasketPerf set forth in paragraph 1.1 of the Common Definitions set out in the Additional Terms and Conditions].*

BasketPerf₇(T) means *[Select the applicable formula specified under the definition BasketPerf set forth in paragraph 1.1 of the Common Definitions set out in the Additional Terms and Conditions].*

BasketPerf₈(T) means *[Select the applicable formula specified under the definition BasketPerf set forth in paragraph 1.1 of the Common Definitions set out in the Additional Terms and Conditions].*

[Physical Delivery:

Redemption by Physical Delivery is applicable, in accordance with the relevant terms specified in paragraphs "Redemption by Physical Delivery" and "Provisions applicable to Physical Delivery Notes" if:

DownsideCondition = 1 and BasketPerf₅ (T) < K]

2. Provisions applicable to Rate Linked Notes, Currency Linked Notes, Inflation Linked Notes and Hybrid Structured Notes relating to formulae for the calculation of Interest Amounts, Final Redemption Amount and/or Optional Redemption Amount and/or Automatic Early Redemption Amount

2.1 Common Definitions

[Include the applicable Common Definitions from the options below]

Underlying Set(s):

(If there is only one Underlying Set to define, fill in the sub-paragraphs of this paragraph)

(if there are several distinct Underlying Sets, used directly in the formula(e) or in the definition of Trigger(s) or Strike(s) or for any other purpose, insert each Underlying Set here with an unequivocal identification to be referred to in the formula(e) or the definition(s) of Trigger(s) or Strike(s) or for any other purpose and, as definition for each Underlying Set duplicate the sub-paragraphs below)

Set Type: [Rate Index / Rate Spread / Rate Forward / Rate Basket / FX Rate / FX Basket / Price Index / Inflation Rate / Inflation Rate Spread]

Underlying(s): *insert the relevant Underlying(s)*

If Set Type is Rate Index:

- *Rate Index: insert the Reference Rate and Specified Duration, or the Floating Rate Option and Designated Maturity*

If Set Type is Rate Spread:

- *Main Index: insert the Reference Rate and Specified Duration, or the Floating Rate Option and Designated Maturity*
- *Secondary Index: insert the Reference Rate and Specified Duration, or the Floating Rate Option and Designated Maturity*

If Set Type is Rate Forward:

- *Long Tenor Index: insert the Reference Rate and Specified Duration, or the Floating Rate Option and Designated Maturity (whole number of years)*
- *Short Tenor Index: insert the Reference Rate and Specified Duration, or the Floating Rate Option and Designated Maturity (whole number of years)*

If Set Type is Rate Basket:

- *For each of the rates, indexed as Rate(i): insert the Reference Rate and Specified Duration, or the Floating Rate Option and Designated Maturity*

If Set Type is FX Rate:

- *Domestic Currency: insert the Currency*
- *Foreign Currency: insert the Currency*

If Set Type is FX Basket:

- *Base: insert the Currency*
- *Basket Currencies: insert the Currencies, indexed as Basket Currency(i)*

If Set Type is Price Index:

- *Main Index: insert the Inflation Index*

If Set Type is Inflation Rate:

- *Main Index: insert the Inflation Index*

If Set Type is Inflation Rate Spread:

- *Main Index: insert the Inflation Index*
- *Secondary Index: insert the Inflation Index*

[Valuation Type: *insert the relevant Valuation Type if required by the Set Type]*

(If Set Type is Rate Forward: [Forward Annuity / Real Forward Annuity / Constant Rate Annuity / Dual Annuity Ratio / Discount Factor / Linear Maturity])

(If Set Type is Rate Basket: [Basket Average / Basket Best-Of / Basket Worst-Of])

(If Set Type is FX Basket:[Basket Regular / Basket Self Quanto / Basket Best-Of Regular / Basket Best-Of Self Quanto / Basket Worst-Of Regular / Basket Worst-Of Self Quanto])

(If Set Type is Inflation Rate or Inflation Rate Spread: insert the strictly positive integer number of months)

[Observation Type: [Arithmetic Averaging / Geometric Averaging / Hyperbolic Averaging / Lookback Min / Lookback Max]]

[Underlying Local Adjustment: [Not Applicable] /

if the set type is NOT Rate Basket or FX Basket:

[[Index Local Cap/Main Index Local Cap]: [Not Applicable / insert the Strike / insert the Strikes in respect of Final Redemption, Interest Periods, Reference Dates, all other uses]]

[[Index Local Floor/Main Index Local Floor]: [Not Applicable / insert the Strike / insert the Strikes in respect of Final Redemption, Interest Periods, Reference Dates, all other uses]]

[[Index Local Coefficient/Main Index Local Coefficient]: [Not Applicable / insert the positive percentage / insert the positive percentages in respect of Final Redemption, Interest Periods, Reference Dates, all other uses]]

if the set type is Rate Spread or Inflation Rate Spread:

[Secondary Index Local Cap: [Not Applicable / insert the Strike / insert the Strikes in respect of Final Redemption, Interest Periods, Reference Dates, all other uses]]

[Secondary Index Local Floor: [Not Applicable / insert the Strike / insert the Strikes in respect of Final Redemption, Interest Periods, Reference Dates, all other uses]]

[Secondary Index Local Coefficient: [Not Applicable / insert the positive percentage / insert the positive percentages in respect of Final Redemption, Interest Periods, Reference Dates, all other uses]]

[Spread Level Cap: [Not Applicable / insert the Strike / insert the Strikes in respect of Final Redemption, Interest Periods, Reference Dates, all other uses]]

[Spread Level Floor: [Not Applicable / insert the Strike / insert the Strikes in respect of Final Redemption, Interest Periods, Reference Dates, all other uses]]

if the set type is Rate Forward and Valuation Type is Constant Rate Annuity:

[Annuity Control Ratio: [Not Applicable / insert the Strike / insert the Strikes in respect of Final Redemption, Interest Periods, Reference Dates, all other uses]]

if the set type is Rate Basket:

[Level Cap: [Not Applicable / insert the Strike / insert the Strikes in respect of Final Redemption, Interest Periods, Reference Dates, all other uses]]

[Level Floor: [Not Applicable / insert the Strike / insert the Strikes in respect of Final Redemption, Interest Periods, Reference Dates, all other uses]]

Rate(i): insert the definition of Rate(i) as above

(repeat the terms below for each Rate(i))

[Basket Weight(i): [Not Applicable (only valid for all i) / even weighted (only valid for all i) / insert the positive percentage / insert the positive percentages in respect of Final Redemption, Interest Periods, Reference Dates, all other uses]]

[Local Cap(i): [Not Applicable / insert the Strike / insert the Strikes in respect of Final Redemption, Interest Periods, Reference Dates, all other uses]]

[Local Floor(i): [Not Applicable / insert the Strike / insert the Strikes in respect of Final Redemption, Interest Periods, Reference Dates, all other uses]]

if the set type is FX Basket:

Basket Currency(i): insert the currency as above

(repeat the term below for each Basket Currency(i))

[FX Basket Weight(i): [Not Applicable (only valid for all i) / even weighted (only valid for all i) / insert the positive percentage / insert the positive percentages in respect of Final Redemption, Interest Periods, Reference Dates, all other uses]]

if an Observation Type is specified and applicable for this Underlying Set:

(repeat the term below as relevant for each underlying)

[[Single Observation Cap/Daily Cap]: [Not Applicable / insert the Strike / insert the Strikes in respect of Final Redemption, Interest Periods, Reference Dates, all other uses]]

[[Single Observation Floor/Daily Floor]: [Not Applicable / insert the Strike / insert the Strikes in respect of Final Redemption, Interest Periods, Reference Dates, all other uses]]

]

[Final Reference Dates: *[insert the Reference Dates for the respective Underlying Set]*

[Period Reference Dates: *[insert the Reference Dates in respect of each Interest Period for the respective Underlying Sets]*

Strike(s):

(If there is only one Strike to define, insert a number after the colon above or fill in the sub-paragraphs of this paragraph)

(if there are several distinct Strikes, used in the formula(e) or in the definition of Trigger(s) or for any other purpose, insert each Strike here with an unequivocal identification and, as definition for each Strike either insert a number or duplicate the sub-paragraphs below)

[Reference Value: insert a number]

[Striking Type: [Not specified / Predetermined / Straight / Additive / Multiplicative / Hyperbolic]]

[Underlying Set: if Striking Type is specified and not defined as Predetermined, insert the unequivocal identification of the Underlying Set]

[Observation Type: [Not specified / Arithmetic Averaging / Geometric Averaging / Hyperbolic Averaging / Lookback Min / Lookback Max]]

(leave unspecified if Striking Type is not specified or defined as Predetermined)

[Striking Dates: insert the Reference Date(s)]

(leave unspecified if Striking Type is not specified or defined as Predetermined)

(if Striking Type is specified and not defined as Predetermined and Observation Type is not specified: define the Reference Date)

(if Striking Type is specified and not defined as Predetermined and Observation Type is specified: define the set of Reference Dates)

[Trigger Set(s):]

(If there is only one Trigger Set to define, fill in the sub-paragraphs of this paragraph)

(If there are several distinct Trigger Sets, used in the formula(e) or in the definition of an Automatic Rate Switch or Rate Switch Option or for any other purpose, insert each Trigger Set with a unequivocal identification to be referred to in the formula(e) or the definition(s) of the Automatic Rate Switch or the Rate Switch Option or for any other purpose and, as definition for each Trigger Set duplicate the sub-paragraphs below)

(If no Trigger Set is defined, delete the sub-paragraphs of this paragraph)

[The following *(insert the number of Triggers defined below)* Triggers with Condition Parameter being [ALL / ANY]:]

(to be inserted only if several Triggers are defined in the Trigger Set, in that case duplicate the sub-paragraphs below for each Trigger in the Trigger Set indexed by a number)

Trigger Underlying: insert the unequivocal identification of an Underlying Set defined above

Trigger Level: insert the unequivocal identification of a Strike defined above

Trigger Type: [Up-and-in / Down-and-in / Up-and-out / Down-and-out]

[Automatic Interest Basis Switch: [Not Applicable / Applicable]]

(If Not Applicable, delete the remaining sub-paragraphs of this paragraph)

Automatic Alternate Interest Basis: *[insert the Interest Provision corresponding to the relevant Alternate Interest Basis from among those applicable to Rate Linked Notes / Currency Linked Notes / Inflation Linked Notes / Hybrid Structured Notes / Fixed Rate / Floating Rate]*

Automatic Interest Basis Switch Date(s): *[insert the Reference Date(s)]*

[insert the Reference Date(s) corresponding to the Interest Basis Switch Dates of the relevant Interest Basis Switch]

Automatic Interest Basis Switch Trigger: *[Insert the unequivocal identification of a Trigger Set defined above]*

[Conditional Interest Basis Switch Option: [Not Applicable / Applicable]]

(If Not Applicable, delete the remaining sub-paragraphs of this paragraph)

Conditional Optional Alternate Interest Basis means *[insert the Interest Provision corresponding to the relevant Alternate Interest Basis from among those applicable to Rate Linked*

Notes / Currency Linked Notes / Inflation Linked Notes / Hybrid Structured Notes / Fixed Rate / Floating Rate]

Conditional Interest Basis Switch Exercise Date(s) means *[insert the Reference Date(s) corresponding to the Interest Basis Switch Dates for the relevant Interest Basis Switch Option]*

Conditional Interest Basis Switch Option Trigger: *[Insert the unequivocal identification of a Trigger Set defined above]*

[Underlying Business Day: *[for each Underlying Set insert the Currency and/or financial centre]]*

(if unspecified for one or several Underlying Sets, the applying Underlying Business Days are defined as set forth in the Additional Terms and Conditions of the Notes depending on the Set Type of the Underlying Set)

(Common Definitions below only applicable to "Range Accrual" designated formulae)

Accrual Reference Dates: *[insert the Reference Dates in respect of each Interest Period]*

[Range Accrual Business Day: *[insert the Currency and/or financial centre]]*

(if unspecified, Range Accrual Business Day is defined according to the Common Definitions for Calculation Formulae Applicable to Rate Linked Notes, Currency Linked Notes, Inflation Linked Notes and Hybrid Structured Notes in the Additional Terms and Conditions of the Notes as a day that is an Underlying Business Day for each Underlying Set used for the calculation of the relevant formula)

Range Accrual Cut-off Provision: *[Applicable/Not Applicable]*

[Range Accrual Cut-off Number: *[insert number]]*

(if and only if Range Accrual Cut-off Provision is Not Applicable, Range Accrual Cut-off Number is not specified)

[Range Accrual Provision Preceding: *[Applicable/Not Applicable]]*

(if Range Accrual Provision Preceding is not specified or Not Applicable, then Range Accrual Provision Period applies, as defined in the Common Definitions for Calculation Formulae Applicable to Rate Linked Notes, Currency Linked Notes, Inflation Linked Notes and Hybrid Structured Notes in the Additional Terms and Conditions of the Notes)

2.2 Calculation Formulae for Rate Linked Notes, Currency Linked Notes, Inflation Linked Notes and Hybrid Structured Notes: Redemption Provisions

Digital Redemption *[Not Applicable / Applicable]*

(If Not Applicable, delete the remaining sub-paragraphs of this paragraph)

Elements of the calculation formula for the Redemption Price:

U means *[insert the unequivocal identification of an Underlying Set from the Common Definitions]*

[Reference Value] means *[insert number]*

Redemption Up means *[insert positive number]*%

Redemption Down means *[insert positive number]*%

Barrier means *[[insert the unequivocal identification of Strike from the Common Definitions] / [[insert number]% of the Reference Value]]*

[Up-In-Step] means *[Include/Exclude]*

[Provision Trigger] means *[insert the unequivocal identification of a Trigger Set from the Common Definitions]*

[Redemption Rebate] means *[insert number]*% *(do not specify if Provision Trigger is not specified)*

Reverse Convertible

[Not Applicable / Applicable]

(If Not Applicable, delete the remaining sub-paragraphs of this paragraph)

Elements of the calculation formula for the Redemption Price:

U means *[insert the unequivocal identification of an Underlying Set from the Common Definitions]*

[Reference Value] means *[insert number]*

K means *[[insert the unequivocal identification of Strike from the Common Definitions] / [[insert number]% of the Reference Value]]*

[Floor] means *[insert number]*%

[Activation Threshold] means *[[insert the unequivocal identification of Strike from the Common Definitions] / [[insert number]% of the Reference Value]]*

[Down-In-Step] means *[Include/Exclude]*

[Q] means *[[insert the unequivocal identification of Strike from the Common Definitions] / [[insert number]% of the Reference Value]]*

[Provision Trigger] means *[insert the unequivocal identification of a Trigger Set from the Common Definitions]*

[Redemption Rebate] means *[insert number]*% *(do not specify if Provision Trigger is not specified)*

Bear Reverse Convertible

[Not Applicable / Applicable]

(If Not Applicable, delete the remaining sub-paragraphs of this paragraph)

Elements of the calculation formula for the Redemption Price:

U means *[insert the unequivocal identification of an Underlying Set from the Common Definitions]*

[Reference Value means *[insert number]*]

K means *[[insert the unequivocal identification of Strike from the Common Definitions] / [[insert number]% of the Reference Value]]*

[Floor means *[insert number]%]*

[Activation Threshold means *[[insert the unequivocal identification of Strike from the Common Definitions] / [[insert number]% of the Reference Value]]*]

[Up-In-Step means *[Include/Exclude]*]

[Q means *[insert the unequivocal identification of Strike from the Common Definitions] / [[insert number]% of the Reference Value]]*

[Provision Trigger means *[insert the unequivocal identification of a Trigger Set from the Common Definitions]*]

[Redemption Rebate means *[insert number]%]* (do not specify if Provision Trigger is not specified)

Bull Power

[Not Applicable / Applicable]

(If Not Applicable, delete the remaining sub-paragraphs of this paragraph)

Elements of the calculation formula for the Redemption Price:

U means *[insert the unequivocal identification of an Underlying Set from the Common Definitions]*

[DO means *[insert the unequivocal identification of Strike from the Common Definitions]*]

[DI means *[insert the unequivocal identification of Strike from the Common Definitions]*]

K means *[insert the unequivocal identification of Strike from the Common Definitions]*

[Ku *[Not Applicable (if and only if K is defined and applicable)/ means [insert the unequivocal identification of Strike from the Common Definitions]]*]

[Kd *[Not Applicable (if and only if K is defined and applicable)/ means [insert the unequivocal identification of Strike from the Common Definitions]]*]

Qu means *[insert the unequivocal identification of Strike from the Common Definitions]*

Qd means *[insert the unequivocal identification of Strike from the Common Definitions]*

[**UO** means *[insert the unequivocal identification of Strike from the Common Definitions]*]

[**UI** means *[insert the unequivocal identification of Strike from the Common Definitions]*]

[**Up-In-Step** means [Include/Exclude]]

[**Up-Out-Step** means [Include/Exclude]]

[**Down-In-Step** means [Include/Exclude]]

[**Down-Out-Step** means [Include/Exclude]]

[**Reference0** means *[insert number]*%]

[**Reference_U** means *[insert number]*%]

[**Reference_D** means *[insert number]*%]

[**Gearing_U** means *[insert number]*%]

[**Gearing_D** means *[insert number]*%]

[**Cap** [Not Applicable / means *[insert number]*%]

[**Floor** [Not Applicable / means *[insert number]*%]

[**Provision Trigger** means *[insert the unequivocal identification of a Trigger Set from the Common Definitions]*]

[**Redemption Rebate** means *[insert number]*%] *(do not specify if Provision Trigger is not specified)*

Bear Power

[Not Applicable / Applicable]

(If Not Applicable, delete the remaining sub-paragraphs of this paragraph)

Elements of the calculation formula for the Redemption Price:

U means *[insert the unequivocal identification of an Underlying Set from the Common Definitions]*

[**DO** means *[insert the unequivocal identification of Strike from the Common Definitions]*]

[**DI** means *[insert the unequivocal identification of Strike from the Common Definitions]*]

[**K** [[Not Applicable]/[means *[insert the unequivocal identification of Strike from the Common Definitions]*]]]

[**Ku** [Not Applicable *(if and only if K is defined and applicable)*]/ means *[insert the unequivocal identification of Strike from the Common Definitions]*]]]

[**Kd** [Not Applicable *(if and only if K is defined and applicable)*]/ means *[insert the unequivocal identification of Strike from the Common Definitions]*]]]

Qu means *[insert the unequivocal identification of Strike from the Common Definitions]*

Qd means *[insert the unequivocal identification of Strike from the Common Definitions]*

[**UO** means *[insert the unequivocal identification of Strike from the Common Definitions]*]

[**UI** means *[insert the unequivocal identification of Strike from the Common Definitions]*]

[**Down-In-Step** means [Include/Exclude]]

[**Down-Out-Step** means [Include/Exclude]]

[**Up-In-Step** means [Include/Exclude]]

[**Up-Out-Step** means [Include/Exclude]]

[**Reference0** means *[insert number]%*]

[**Reference_U** means *[insert number]%*]

[**Reference_D** means *[insert number]%*]

[**Gearing_U** means *[insert number]%*]

[**Gearing_D** means *[insert number]%*]

[**Cap** means *[insert number]%*]

[**Floor** means *[insert number]%*]

[**Provision Trigger** means *[insert the unequivocal identification of a Trigger Set from the Common Definitions]*]

[**Redemption Rebate** means *[insert number]%*] *(do not specify if Provision Trigger is not specified)*

Power Strangle

[Not Applicable / Applicable]

(If Not Applicable, delete the remaining sub-paragraphs of this paragraph)

Elements of the calculation formula for the Redemption Price:

U means *[insert the unequivocal identification of an Underlying Set from the Common Definitions]*

[**DO** means *[insert the unequivocal identification of Strike from the Common Definitions]*]

[**DI** means *[insert the unequivocal identification of Strike from the Common Definitions]*]

[**K** [Not Applicable / means *[insert the unequivocal identification of Strike from the Common Definitions]*]]

[Ku [Not Applicable (if and only if K is defined and applicable)/ means [insert the unequivocal identification of Strike from the Common Definitions]]]

[Kd [Not Applicable (if and only if K is defined and applicable)/ means [insert the unequivocal identification of Strike from the Common Definitions]]]

[Qu means [insert the unequivocal identification of Strike from the Common Definitions]]

[Qu means [insert the unequivocal identification of Strike from the Common Definitions]]

[UO means [insert the unequivocal identification of Strike from the Common Definitions]]

[UI means [insert the unequivocal identification of Strike from the Common Definitions]]

[Reference0 means [insert number]%

[Reference_U means [insert number]%

[Reference_D means [insert number]%

[Up-In-Step means [Include/Exclude]]

[Up-Out-Step means [Include/Exclude]]

[Down-In-Step means [Include/Exclude]]

[Down-Out-Step means [Include/Exclude]]

[Gearing_U means [insert number]%

[Gearing_D means [insert number]%

[Cap_U means [insert number]%

[Floor_U means [insert number]%

[Cap_D means [insert number]%

[Floor_D means [insert number]%

[Provision Trigger means [insert the unequivocal identification of a Trigger Set from the Common Definitions]]

[Redemption Rebate means [insert number]%) (do not specify if Provision Trigger is not specified)

Multi Ladder (Wedding Cake) Redemption

[Not Applicable / Applicable]

(If Not Applicable, delete the remaining sub-paragraphs of this paragraph)

Elements of the calculation formula for the Redemption Price:

Reference means [insert number]%

[**Cap** means [insert number]%]

[**Floor** means [insert number]%]

N means [insert the strictly positive integer]

(repeat the terms below for each k from 1 to N)

Trigger(k) means [insert the unequivocal identification of a Trigger Set from the Common Definitions]

Ladder(k) means [insert number]%

2.3 Calculation Formulae for Rate Linked Notes, Currency Linked Notes, Inflation Linked Notes and Hybrid Structured Notes: Interest Provisions

Digital Coupon

[Not Applicable / Applicable]

(If Not Applicable, delete the remaining sub-paragraphs of this paragraph)

Elements of the calculation formula for the Interest Provision:

[**C** [Not Applicable / means [insert the unequivocal identification of an Underlying Set from the Common Definitions]]]

U1 means [insert the unequivocal identification of an Underlying Set from the Common Definitions]

[**U2** [Not Applicable / means [insert the unequivocal identification of an Underlying Set from the Common Definitions]]]

[**U3** [Not Applicable (must be Not Applicable if U2 is Not Applicable) / means [insert the unequivocal identification of an Underlying Set from the Common Definitions]]]

[**Formula as Amount** [Applicable/Not Applicable]]

Definitions below for each Interest Period j as the case may be:

[**B1(j)** [Not Applicable / means [insert the unequivocal identification of Strike from the Common Definitions]]]

[**B2(j)** [Not Applicable / means [insert the unequivocal identification of Strike from the Common Definitions]]]

[**B3(j)** [Not Applicable / means [insert the unequivocal identification of Strike from the Common Definitions]]]

[**H1(j)** [Not Applicable / means [insert the unequivocal identification of Strike from the Common Definitions]]]

[**H2(j)** [Not Applicable / means [insert the unequivocal identification of Strike from the Common Definitions]]]

[**H3(j)** [Not Applicable / means [insert the unequivocal identification of Strike from the Common Definitions]]]

[**Low-1-Step** means [Include/Exclude]]

[**Low-2-Step** means [Include/Exclude]]

[**Low-3-Step** means [Include/Exclude]]

[**Hi-1-Step** means [Include/Exclude]]

[**Hi-2-Step** means [Include/Exclude]]

[**Hi-3-Step** means [Include/Exclude]]

[**Cap(j)** means *[insert the unequivocal identification of Strike from the Common Definitions]*]

[**Floor(j)** means *[insert the unequivocal identification of Strike from the Common Definitions]*]

[**L(j)** means *[insert number]%*]

[**Fixed(j)** means *[insert number]%*]

[**m(j)** means *[insert number]%*]

[**Provision Trigger(j)** means *[insert the unequivocal identification of a Trigger Set from the Common Definitions]*]

[**Rebate(j)** means *[insert number]%*] *(do not specify if Provision Trigger(j) is not specified)*

Global Range Accrual

[Not Applicable / Applicable]

(If Not Applicable, delete the remaining sub-paragraphs of this paragraph)

Elements of the calculation formula for the Interest Provision:

[**C** [Not Applicable / means *[insert the unequivocal identification of an Underlying Set from the Common Definitions]*]]

U1 means *[insert the unequivocal identification of an Underlying Set from the Common Definitions]*

[**U2** [Not Applicable / means *[insert the unequivocal identification of an Underlying Set from the Common Definitions]*]]

[**U3** [Not Applicable *(must be Not Applicable if U2 is Not Applicable)* / means *[insert the unequivocal identification of an Underlying Set from the Common Definitions]*]]

[**Formula as Amount** [Applicable/Not Applicable]]

Definitions below for each Interest Period j as the case may be:

[**B1(j)** [Not Applicable / means *[insert the unequivocal identification of Strike from the Common Definitions]*]]

[**B2(j)** [Not Applicable / means *[insert the unequivocal identification of Strike from the Common Definitions]*]]

[**B3(j)** [Not Applicable / means *[insert the unequivocal identification of Strike from the Common Definitions]*]]

[H1(j) [Not Applicable / means [insert the unequivocal identification of Strike from the Common Definitions]]]

[H2(j) [Not Applicable / means [insert the unequivocal identification of Strike from the Common Definitions]]]

[H3(j) [Not Applicable / means [insert the unequivocal identification of Strike from the Common Definitions]]]

[Low-1-Step means [Include/Exclude]]

[Low-2-Step means [Include/Exclude]]

[Low-3-Step means [Include/Exclude]]

[Hi-1-Step means [Include/Exclude]]

[Hi-2-Step means [Include/Exclude]]

[Hi-3-Step means [Include/Exclude]]

[Cap(j) means [insert the unequivocal identification of Strike from the Common Definitions]]

[Floor(j) means [insert the unequivocal identification of Strike from the Common Definitions]]

[L(j) means [insert number]%

[Fixed(j) means [insert number]%

[m(j) means [insert number]%

[Coupon Protection(j) means [insert number]%

[Coupon Booster(j) means [insert number]%

[Provision Trigger(j) means [insert the unequivocal identification of a Trigger Set from the Common Definitions]]

[Rebate(j) means [insert number]%) (do not specify if Provision Trigger(j) is not specified)

Snowrange Range Accrual

[Not Applicable / Applicable]

(If Not Applicable, delete the remaining sub-paragraphs of this paragraph)

Elements of the calculation formula for the Interest Provision:

U1 means [insert the unequivocal identification of an Underlying Set from the Common Definitions]

[U2 [Not Applicable / means [insert the unequivocal identification of an Underlying Set from the Common Definitions]]]

[U3 [Not Applicable (must be Not Applicable if U2 is Not Applicable) / means [insert the unequivocal identification of an Underlying Set from the Common Definitions]]]

[Formula as Amount [Applicable/Not Applicable]]

Definitions below for each Interest Period j as the case may be:

[B1(j)] [Not Applicable / means *[insert the unequivocal identification of Strike from the Common Definitions]*]]

[B2(j)] [Not Applicable / means *[insert the unequivocal identification of Strike from the Common Definitions]*]]

[B3(j)] [Not Applicable / means *[insert the unequivocal identification of Strike from the Common Definitions]*]]

[H1(j)] [Not Applicable / means *[insert the unequivocal identification of Strike from the Common Definitions]*]]

[Kd(j)] [Not Applicable (if and only if *K(j)* is defined and applicable) / means *[insert the unequivocal identification of Strike from the Common Definitions]*]

[Ku(j)] [Not Applicable (if and only if *K(j)* is defined and applicable) / means *[insert the unequivocal identification of Strike from the Common Definitions]*]

[Qd(j)] means *[insert the unequivocal identification of Strike from the Common Definitions]*

[Qu(j)] means *[insert the unequivocal identification of Strike from the Common Definitions]*

[DI(j)] means *[insert the unequivocal identification of Strike from the Common Definitions]*

[UI(j)] means *[insert the unequivocal identification of Strike from the Common Definitions]*

[Up-In-Step] means [Include/Exclude]

[Down-In-Step] means [Include/Exclude]

[Coupon_Base(j)] means *[insert number]%*

[Ld(j)] means *[insert number]%*

[Lu(j)] means *[insert number]%*]

[Cap_D(j)] means *[insert number]%*

[Cap_U(j)] means *[insert number]%*

[Floor(j)] means *[insert number]%*

[Provision Trigger(j)] means *[insert the unequivocal identification of a Trigger Set from the Common Definitions]*

[Rebate(j)] means *[insert number]%* (do not specify if Provision Trigger(j) is not specified)

Multi-Ladder (Wedding Cake) [Not Applicable / Applicable]

Coupon

(If Not Applicable, delete the remaining sub-paragraphs of this paragraph)

Elements of the calculation formula for the Interest Provision:

[Formula as Amount [Applicable/Not Applicable]]

Definitions below for each Interest Period j as the case may be:

Reference(j) means [insert number]%

[Cap(j) means [insert number]%]

[Floor(j) means [insert number]%]

N_j means [insert the strictly positive integer]

(repeat the terms below for each k_j from 1 to N_j)

Trigger(k_j) means [insert the unequivocal identification of a Trigger Set from the Common Definitions]

Ladder(k_j) means [insert number]%

2.4 Calculation Formulae Applicable Specifically for Rate Linked Notes: Redemption Provisions

Callable Zero Coupon [Not Applicable / Applicable]

(If Not Applicable, delete the remaining sub-paragraphs of this paragraph)

Elements of the formula for the calculation of the Redemption Price:

FXR means [insert number]%

Linear Callable Zero Coupon [Not Applicable / Applicable]

(If Not Applicable, delete the remaining sub-paragraphs of this paragraph)

Elements of the formula for the calculation of the Redemption Price:

FXR means [insert number]%

Rate Conditional Zero Coupon [Not Applicable / Applicable]

(If Not Applicable, delete the remaining sub-paragraphs of this paragraph)

Elements of the formula for the calculation of the Redemption Price:

U means [insert the unequivocal identification of an Underlying Set from the Common Definitions]

Barrier means [insert the unequivocal identification of Strike from the Common Definitions]

[Up-In-Step means [Include/Exclude]]

FXR_{up} means [insert number]%

FXR_{down} means [insert number]%

2.5 Calculation Formulae for Rate Linked Notes: Interest Provisions

Capped Floored Floater (or Capped Floored Steepener) [Not Applicable / Applicable]

(If Not Applicable, delete the remaining sub-paragraphs of this paragraph)

Elements of the calculation formula for the Interest Provision:

U means *[insert the unequivocal identification of an Underlying Set from the Common Definitions]*

[Formula as Amount] [Applicable/Not Applicable]

Definitions below for each Interest Period j as the case may be:

[Cap(j)] means *[insert the unequivocal identification of Strike from the Common Definitions]*

[Floor(j)] means *[insert the unequivocal identification of Strike from the Common Definitions]*

[k(j)] means *[insert the unequivocal identification of Strike from the Common Definitions]*

[L(j)] means *[insert number]%*

[M(j)] means *[insert the unequivocal identification of Strike from the Common Definitions]*

[Provision Trigger(j)] means *[insert the unequivocal identification of a Trigger Set from the Common Definitions]*

[Rebate(j)] means *[insert number]%* *(do not specify if Provision Trigger(j) is not specified)*

Cliquet Floor Capped Floater (or Cliquet Floor Capped Steepener) [Not Applicable / Applicable]

(If Not Applicable, delete the remaining sub-paragraphs of this paragraph)

Elements of the calculation formula for the Interest Provision:

U means *[insert the unequivocal identification of an Underlying Set from the Common Definitions]*

[Initial Floor] means *[insert the unequivocal identification of Strike from the Common Definitions]*

[Formula as Amount] [Applicable/Not Applicable]

Definitions below for each Interest Period j as the case may be:

[Cap(j)] means *[insert the unequivocal identification of Strike from the Common Definitions]*

[k(j)] means *[insert the unequivocal identification of Strike from the Common Definitions]*

[L(j)] means *[insert number]%*

[**M(j)**] means *[insert the unequivocal identification of Strike from the Common Definitions]*

[**Provision Trigger(j)**] means *[insert the unequivocal identification of a Trigger Set from the Common Definitions]*

[**Rebate(j)**] means *[insert number]%] (do not specify if Provision Trigger(j) is not specified)*

**Cliquet Cap Floored Floater (or
Cliquet Cap Floored Steepener)**

[Not Applicable / Applicable]

(If Not Applicable, delete the remaining sub-paragraphs of this paragraph)

Elements of the calculation formula for the Interest Provision:

U means *[insert the unequivocal identification of an Underlying Set from the Common Definitions]*

Initial Cap means *[insert the unequivocal identification of Strike from the Common Definitions]*

[**Formula as Amount** [Applicable/Not Applicable]]

Definitions below for each Interest Period j as the case may be:

[**Floor(j)**] means *[insert the unequivocal identification of Strike from the Common Definitions]*

[**k(j)**] means *[insert the unequivocal identification of Strike from the Common Definitions]*

[**L(j)**] means *[insert number]%]*

[**M(j)**] means *[insert the unequivocal identification of Strike from the Common Definitions]*

[**Provision Trigger(j)**] means *[insert the unequivocal identification of a Trigger Set from the Common Definitions]*

[**Rebate(j)**] means *[insert number]%] (do not specify if Provision Trigger(j) is not specified)*

**Reverse Floater (or Reverse
Steepener)**

[Not Applicable / Applicable]

(If Not Applicable, delete the remaining sub-paragraphs of this paragraph)

Elements of the calculation formula for the Interest Provision:

U means *[insert the unequivocal identification of an Underlying Set from the Common Definitions]*

[**Formula as Amount** [Applicable/Not Applicable]]

Definitions below for each Interest Period j as the case may be:

[**K(j)**] means *[insert the unequivocal identification of Strike from the Common Definitions]*

[Cap(j)] means *[insert the unequivocal identification of Strike from the Common Definitions]*

[Floor(j)] means *[insert the unequivocal identification of Strike from the Common Definitions]*

[m(j)] means *[insert the unequivocal identification of Strike from the Common Definitions]*

[L(j)] means *[insert number]%*

[Provision Trigger(j)] means *[insert the unequivocal identification of a Trigger Set from the Common Definitions]*

[Rebate(j)] means *[insert number]%* *(do not specify if Provision Trigger(j) is not specified)*

**Cumulative Reverse Floater (or
Cumulative Reverse Steepener)**

[Not Applicable / Applicable]

(If Not Applicable, delete the remaining sub-paragraphs of this paragraph)

Elements of the calculation formula for the Interest Provision:

U means *[insert the unequivocal identification of an Underlying Set from the Common Definitions]*

FXR means *[insert number]%*

[Formula as Amount [Applicable/Not Applicable]]

Definitions below for each Interest Period j as the case may be:

[Cap(j)] means *[insert the unequivocal identification of Strike from the Common Definitions]*

[Floor(j)] means *[insert the unequivocal identification of Strike from the Common Definitions]*

[M(j)] means *[insert the unequivocal identification of Strike from the Common Definitions]*

[L(j)] means *[insert number]%*

[Provision Trigger(j)] means *[insert the unequivocal identification of a Trigger Set from the Common Definitions]*

[Rebate(j)] means *[insert number]%* *(do not specify if Provision Trigger(j) is not specified)*

Vol Bond

[Not Applicable / Applicable]

(If Not Applicable, delete the remaining sub-paragraphs of this paragraph)

Elements of the calculation formula for the Interest Provision:

U means *[insert the unequivocal identification of an Underlying Set from the Common Definitions]*

[**Formula as Amount** [Applicable/Not Applicable]]

Definitions below for each Interest Period j as the case may be:

[**Cap(j)** means *[insert the unequivocal identification of Strike from the Common Definitions]*]

[**Floor(j)** means *[insert the unequivocal identification of Strike from the Common Definitions]*]

[**L(j)** means *[insert number]%*]

[**Start(j)** means *[insert the Reference Date]*]

[**End(j)** means *[insert the Reference Date]*]

[**Provision Trigger(j)** means *[insert the unequivocal identification of a Trigger Set from the Common Definitions]*]

[**Rebate(j)** means *[insert number]%*] (*do not specify if Provision Trigger(j) is not specified*)

Super Vol Bond

[Not Applicable / Applicable]

(If Not Applicable, delete the remaining sub-paragraphs of this paragraph)

Elements of the calculation formula for the Interest Provision:

U means *[insert the unequivocal identification of an Underlying Set from the Common Definitions]*

[**Formula as Amount** [Applicable/Not Applicable]]

Definitions below for each Interest Period j as the case may be:

[**Cap(j)** means *[insert the unequivocal identification of Strike from the Common Definitions]*]

[**Floor(j)** means *[insert the unequivocal identification of Strike from the Common Definitions]*]

[**L(j)** means *[insert number]%*]

[**Lookback Reference Dates** means *[insert the Reference Dates]*]

[**Provision Trigger(j)** means *[insert the unequivocal identification of a Trigger Set from the Common Definitions]*]

[**Rebate(j)** means *[insert number]%*] (*do not specify if Provision Trigger(j) is not specified*)

2.6 Calculation Formulae for Rate Linked Notes: Additional Provisions

Decapitalised Quarterly Base [Not Applicable / Applicable]

2.7 Calculation Formulae for Currency Linked Notes: Redemption Provisions

FX Basket Bull Power [Not Applicable / Applicable]

(If Not Applicable, delete the remaining sub-paragraphs of this paragraph)

Elements of the calculation formula for the Redemption Price:

U means *[insert the unequivocal identification of an Underlying Set from the Common Definitions with Set Type FX Basket]*

[K [Not Applicable / means *[insert the unequivocal identification of FX Basket Strike Set from the Common Definitions]]]*

[Ku [Not Applicable (if and only if K is defined and applicable)/ means *[insert the unequivocal identification of FX Basket Strike Set from the Common Definitions]]]*

[Kd [Not Applicable (if and only if K is defined and applicable)/ means *[insert the unequivocal identification of FX Basket Strike Set from the Common Definitions]]]*

[P [Not Applicable / means *[insert number]%]*

[Pu [Not Applicable (if and only if P is defined and applicable)/ means *[insert number]%]*

[Pd [Not Applicable (if and only if P is defined and applicable)/ means *[insert number]%]*

[DO means *[insert number]%]*

[DI means *[insert number]%]*

[UO means *[insert number]%]*

[UI means *[insert number]%]*

[Up-In-Step means [Include/Exclude]]

[Up-Out-Step means [Include/Exclude]]

[Down-In-Step means [Include/Exclude]]

[Down-Out-Step means [Include/Exclude]]

[Reference0 means *[insert number]%]*

[Reference_U means *[insert number]%]*

[Reference_D means *[insert number]%]*

[Gearing_U means *[insert number]%]*

[Gearing_D means *[insert number]%]*

[Cap means *[insert number]%]*

[Floor means *[insert number]%]*

[Provision Trigger means *[insert the unequivocal identification of a Trigger Set from the Common Definitions]*

[Redemption Rebate means *[insert number]%*] (do not specify if Provision Trigger is not specified)

FX Basket Bear Power

[Not Applicable / Applicable]

(If Not Applicable, delete the remaining sub-paragraphs of this paragraph)

Elements of the calculation formula for the Redemption Price:

U means *[insert the unequivocal identification of an Underlying Set from the Common Definitions with Set Type FX Basket]*

[K [Not Applicable / means *[insert the unequivocal identification of FX Basket Strike Set from the Common Definitions]]]*

[Ku [Not Applicable (if and only if K is defined and applicable)/ means *[insert the unequivocal identification of FX Basket Strike Set from the Common Definitions]]]*

[Kd [Not Applicable (if and only if K is defined and applicable)/ means *[insert the unequivocal identification of FX Basket Strike Set from the Common Definitions]]]*

[P [Not Applicable / means *[insert number]%*]

[Pu [Not Applicable (if and only if P is defined and applicable)/ means *[insert number]%*]

[Pd [Not Applicable (if and only if P is defined and applicable)/ means *[insert number]%*]

[DO means *[insert number]%*]

[DI means *[insert number]%*]

[UO means *[insert number]%*]

[UI means *[insert number]%*]

[Up-In-Step means [Include/Exclude]]

[Up-Out-Step means [Include/Exclude]]

[Down-In-Step means [Include/Exclude]]

[Down-Out-Step means [Include/Exclude]]

[Reference0 means *[insert number]%*]

[Reference_U means *[insert number]%*]

[Reference_D means *[insert number]%*]

[Gearing_U means *[insert number]%*]

[Gearing_D means *[insert number]%*]

[Cap means *[insert number]%*]

[Floor means *[insert number]%*]

[Provision Trigger means *[insert the unequivocal identification of a Trigger Set from the Common Definitions]*]

[Redemption Rebate means *[insert number]%]* (do not specify if Provision Trigger is not specified)

FX Basket Power Strangle

[Not Applicable / Applicable]

(If Not Applicable, delete the remaining sub-paragraphs of this paragraph)

Elements of the calculation formula for the Redemption Price:

U means *[insert the unequivocal identification of an Underlying Set from the Common Definitions with Set Type FX Basket]*

[K [Not Applicable / means *[insert the unequivocal identification of FX Basket Strike Set from the Common Definitions]*]]

[Ku [Not Applicable (if and only if K is defined and applicable)/ means *[insert the unequivocal identification of FX Basket Strike Set from the Common Definitions]*]]

[Kd [Not Applicable (if and only if K is defined and applicable)/ means *[insert the unequivocal identification of FX Basket Strike Set from the Common Definitions]*]]

[P means *[insert number]%]*

[Pu [Not Applicable (if and only if P is defined and applicable)/ means *[insert number]%]*]

[Pd [Not Applicable (if and only if P is defined and applicable)/ means *[insert number]%]*]

[DO means *[insert number]%]*

[DI means *[insert number]%]*

[UO means *[insert number]%]*

[UI means *[insert number]%]*

[Up-In-Step means [Include/Exclude]]

[Up-Out-Step means [Include/Exclude]]

[Down-In-Step means [Include/Exclude]]

[Down-Out-Step means [Include/Exclude]]

[Reference0 means *[insert number]%]*

[Reference_U means *[insert number]%]*

[Reference_D means *[insert number]%]*

[Gearing_U means *[insert number]%]*

[Gearing_D means *[insert number]%]*

[**Cap_U** means [insert number]%]

[**Floor_U** means [insert number]%]

[**Cap_D** means [insert number]%]

[**Floor_D** means [insert number]%]

[**Provision Trigger** means [insert the unequivocal identification of a Trigger Set from the Common Definitions]]

[**Redemption Rebate** means [insert number]%] (do not specify if Provision Trigger is not specified)

FX Basket Digital Redemption

[Not Applicable / Applicable]

(If Not Applicable, delete the remaining sub-paragraphs of this paragraph)

Elements of the calculation formula for the Redemption Price:

U means [insert the unequivocal identification of an Underlying Set from the Common Definitions with Set Type FX Basket]

K means [insert the unequivocal identification of FX Basket Strike Set from the Common Definitions]

Redemption Up means [insert number]%

Redemption Down means [insert number]%

Barrier means [insert number]%

[**Up-In-Step** means [Include/Exclude]]

[**Provision Trigger** means [insert the unequivocal identification of a Trigger Set from the Common Definitions]]

[**Redemption Rebate** means [insert number]%] (do not specify if Provision Trigger is not specified)

2.8 Calculation Formulae for Currency Linked Notes: Interest Provisions

FX Basket Bull Coupon

[Not Applicable / Applicable]

(If Not Applicable, delete the remaining sub-paragraphs of this paragraph)

Elements of the calculation formula for the Interest Provision:

U means [insert the unequivocal identification of an Underlying Set from the Common Definitions with Set Type FX Basket]

[**Formula as Amount** [Applicable/Not Applicable]]

Definitions below for each Interest Period *j* as the case may be:

K(j) means [insert the unequivocal identification of FX Basket Strike Set from the Common Definitions]

P(j) means [insert number]%

[**Coupon_Base(j)**] means [insert number]%]

[**Gearing(j)**] means [insert number]%]

[**Cap(j)**] means [insert number]%]

[**Floor(j)**] means [insert number]%]

[**Provision Trigger(j)**] means [insert the unequivocal identification of a Trigger Set from the Common Definitions]]

[**Rebate(j)**] means [insert number]%] (do not specify if Provision Trigger is not specified)

FX Basket Bear Coupon

[Not Applicable / Applicable]

(If Not Applicable, delete the remaining sub-paragraphs of this paragraph)

Elements of the calculation formula for the Interest Provision:

U means [insert the unequivocal identification of an Underlying Set from the Common Definitions with Set Type FX Basket]

[**Formula as Amount** [Applicable/Not Applicable]]

Definitions below for each Interest Period j as the case may be:

K(j) means [insert the unequivocal identification of FX Basket Strike Set from the Common Definitions]

P(j) means [insert number]%]

[**Coupon_Base(j)**] means [insert number]%]

[**Gearing(j)**] means [insert number]%]

[**Cap(j)**] means [insert number]%]

[**Floor(j)**] means [insert number]%]

[**Provision Trigger(j)**] means [insert the unequivocal identification of a Trigger Set from the Common Definitions]]

[**Rebate(j)**] means [insert number]%] (do not specify if Provision Trigger is not specified)

FX Basket Strangle Coupon

[Not Applicable / Applicable]

(If Not Applicable, delete the remaining sub-paragraphs of this paragraph)

Elements of the calculation formula for the Interest Provision:

U means [insert the unequivocal identification of an Underlying Set from the Common Definitions with Set Type FX Basket]

[**Formula as Amount** [Applicable/Not Applicable]]

Definitions below for each Interest Period j as the case may be:

[K(j)] [Not Applicable / means *[insert the unequivocal identification of FX Basket Strike Set from the Common Definitions]*]]

[Ku(j)] [Not Applicable (if and only if K is defined and applicable)/ means *[insert the unequivocal identification of FX Basket Strike Set from the Common Definitions]*]]

[Kd(j)] [Not Applicable (if and only if K is defined and applicable)/ means *[insert the unequivocal identification of FX Basket Strike Set from the Common Definitions]*]]

[P(j)] means *[insert number]%*

[Pu(j)] [Not Applicable (if and only if P is defined and applicable)/ means *[insert number]%*]]

[Pd(j)] [Not Applicable (if and only if P is defined and applicable)/ means *[insert number]%*]]

[DI(j)] means *[insert number]%*

[UI(j)] means *[insert number]%*

[Up-In-Step] means [Include/Exclude]]

[Down-In-Step] means [Include/Exclude]]

[Coupon_Base(j)] means *[insert number]%*

[Gearing_U(j)] means *[insert number]%*

[Gearing_D(j)] means *[insert number]%*

[Cap_U(j)] means *[insert number]%*

[Cap_D(j)] means *[insert number]%*

[Floor(j)] means *[insert number]%*

[Provision Trigger(j)] means *[insert the unequivocal identification of a Trigger Set from the Common Definitions]*]]

[Rebate(j)] means *[insert number]%* (do not specify if Provision Trigger is not specified)

FX Basket Digital Coupon

[Not Applicable / Applicable]

(If Not Applicable, delete the remaining sub-paragraphs of this paragraph)

Elements of the calculation formula for the Interest Provision:

U means *[insert the unequivocal identification of an Underlying Set from the Common Definitions with Set Type FX Basket]*

[Formula as Amount] [Applicable/Not Applicable]]

Definitions below for each Interest Period j as the case may be:

K(j) means *[insert the unequivocal identification of FX Basket Strike Set from the Common Definitions]*

Barrier(j) means [insert positive number]%

[**Up-In-Step** means [Include/Exclude]]

Coupon_U(j) means [insert number]%

Coupon_D(j) means [insert number]%

[**Provision Trigger(j)** means [insert the unequivocal identification of a Trigger Set from the Common Definitions]]

[**Rebate(j)** means [insert number]%] (do not specify if Provision Trigger is not specified)

2.9 Calculation Formulae for Currency Linked Notes: Additional Provisions

Contingent Dual Currency Redemption [Not Applicable / Applicable]

(If Not Applicable, delete the remaining sub-paragraphs of this paragraph)

Elements of the formula for the application of the Dual Currency Provision to payment of Final Redemption:

U means [insert the unequivocal identification of an Underlying Set from the Common Definitions with Set Type FX Rate in respect of which either the Domestic Currency is the Specified Currency and the Foreign Currency is the Secondary Currency, or the Domestic Currency is the Secondary Currency and the Foreign Currency is the Specified Currency]

[**Low-Bound** means [insert the unequivocal identification of Strike from the Common Definitions]]

[**High-Bound** means [insert the unequivocal identification of Strike from the Common Definitions]]

K means [insert the unequivocal identification of Strike from the Common Definitions]

[**Low-Bound-Step** means [Include/Exclude]]

[**High-Bound-Step** means [Include/Exclude]]

[**Provision Trigger** means [insert the unequivocal identification of a Trigger Set from the Common Definitions]]

Contingent Dual Currency Interest [Not Applicable / Applicable]

(If Not Applicable, delete the remaining sub-paragraphs of this paragraph)

Elements of the formula for the application of the Dual Currency Provision to payment of interests:

U means [insert the unequivocal identification of an Underlying Set from the Common Definitions with Set Type FX Rate in respect of which either the Domestic Currency is the Specified Currency and the Foreign Currency is the Secondary Currency, or the Domestic Currency is the

Secondary Currency and the Foreign Currency is the Specified Currency]

Definitions below for each Interest Period j as the case may be:

[Low-Bound(j)] means *[insert the unequivocal identification of Strike from the Common Definitions]*

[High-Bound(j)] means *[insert the unequivocal identification of Strike from the Common Definitions]*

[Low-Bound-Step(j)] means [Include/Exclude]

[High-Bound-Step(j)] means [Include/Exclude]

K(j) means *[insert the unequivocal identification of Strike from the Common Definitions]*

[Provision Trigger(j)] means *[insert the unequivocal identification of a Trigger Set from the Common Definitions]*

2.10 Calculation Formulae for Inflation Linked Notes: Redemption Provisions

Inflation Zero Coupon

[Not Applicable / Applicable]

(If Not Applicable, delete the remaining sub-paragraphs of this paragraph)

Elements of the formula for the Redemption Price:

U means *[insert the unequivocal identification of an Underlying Set from the Common Definitions with Set Type being Price Index]*

Initial Index means *[insert the unequivocal identification of Strike from the Common Definitions]*

[Cap means *[insert the unequivocal identification of Strike from the Common Definitions]*

[Floor means *[insert the unequivocal identification of Strike from the Common Definitions]*

[M means *[insert the unequivocal identification of Strike from the Common Definitions]*

[L means *[insert number]%*

OATi-Type Inflation Redemption

[Not Applicable / Applicable]

(If Not Applicable, delete the remaining sub-paragraphs of this paragraph)

Elements of the formula for the Redemption Price:

U means *[insert the unequivocal identification of an Underlying Set from the Common Definitions with Set Type being Price Index]*

Initial Index means *[insert the unequivocal identification of Strike from the Common Definitions]*

[Provision Trigger] means *[insert the unequivocal identification of a Trigger Set from the Common Definitions]*

[Redemption Rebate] means *[insert number]%* (do not specify if Provision Trigger is not specified)

2.11 Calculation Formulae for Inflation Linked Notes: Interest Provisions

Inflation Capped Floored [Not Applicable / Applicable]

Floater

(If Not Applicable, delete the remaining sub-paragraphs of this paragraph)

Elements of the calculation formula for the Interest Provision:

U means *[insert the unequivocal identification of an Underlying Set from the Common Definitions with Set Type being Inflation Rate or Inflation Rate Spread]*

[Formula as Amount] [Applicable/Not Applicable]

Definitions below for each Interest Period j as the case may be:

[Cap(j)] means *[insert the unequivocal identification of Strike from the Common Definitions]*

[Floor(j)] means *[insert the unequivocal identification of Strike from the Common Definitions]*

[k(j)] means *[insert the unequivocal identification of Strike from the Common Definitions]*

[L(j)] means *[insert number]%*

[M(j)] means *[insert the unequivocal identification of Strike from the Common Definitions]*

[Provision Trigger(j)] means *[insert the unequivocal identification of a Trigger Set from the Common Definitions]*

[Rebate(j)] means *[insert number]%* (do not specify if Provision Trigger(j) is not specified)

Inflation Reverse Floater

[Not Applicable / Applicable]

(If Not Applicable, delete the remaining sub-paragraphs of this paragraph)

Elements of the calculation formula for the Interest Provision:

U means *[insert the unequivocal identification of an Underlying Set from the Common Definitions with Set Type being Inflation Rate or Inflation Rate Spread]*

[Formula as Amount] [Applicable/Not Applicable]

Definitions below for each Interest Period j as the case may be:

K(j) means *[insert the unequivocal identification of Strike from the Common Definitions]*

[Cap(j)] means *[insert the unequivocal identification of Strike from the Common Definitions]*

[Floor(j)] *[insert the unequivocal identification of Strike from the Common Definitions]*

[m(j)] means *[insert the unequivocal identification of Strike from the Common Definitions]*

[L(j)] means *[insert number]%*

[Provision Trigger(j)] means *[insert the unequivocal identification of a Trigger Set from the Common Definitions]*

[Rebate(j)] means *[insert number]%* *(do not specify if Provision Trigger(j) is not specified)*

Chinese Hat Inflation

[Not Applicable / Applicable]

(If Not Applicable, delete the remaining sub-paragraphs of this paragraph)

Elements of the calculation formula for the Interest Provision:

U means *[insert the unequivocal identification of an Underlying Set from the Common Definitions with Set Type being Inflation Rate or Inflation Rate Spread]*

[Formula as Amount] [Applicable/Not Applicable]

Definitions below for each Interest Period j as the case may be:

FXR(j) means *[insert the unequivocal identification of Strike from the Common Definitions]*

A(j) means *[insert the unequivocal identification of Strike from the Common Definitions]*

B(j) means *[insert the unequivocal identification of Strike from the Common Definitions]*

C(j) means *[insert the unequivocal identification of Strike from the Common Definitions]*

[Floor(j)] means *[insert the unequivocal identification of Strike from the Common Definitions]*

[L(j)] means *[insert number]%*

[Provision Trigger(j)] means *[insert the unequivocal identification of a Trigger Set from the Common Definitions]*

[Rebate(j)] means *[insert number]%* *(do not specify if Provision Trigger(j) is not specified)*

Mayan Pyramid Inflation

[Not Applicable / Applicable]

(If Not Applicable, delete the remaining sub-paragraphs of this paragraph)

Elements of the calculation formula for the Interest Provision:

U means *[insert the unequivocal identification of an Underlying Set from the Common Definitions with Set Type being Inflation Rate or Inflation Rate Spread]*

[Formula as Amount] [Applicable/Not Applicable]

Definitions below for each Interest Period j as the case may be:

FXR(j) means *[insert the unequivocal identification of Strike from the Common Definitions]*

A(j) means *[insert the unequivocal identification of Strike from the Common Definitions]*

B(j) means *[insert the unequivocal identification of Strike from the Common Definitions]*

C(j) means *[insert the unequivocal identification of Strike from the Common Definitions]*

D(j) means *[insert the unequivocal identification of Strike from the Common Definitions]*

[Floor(j)] means *[insert the unequivocal identification of Strike from the Common Definitions]*

[L(j)] means *[insert number]%*

[Provision Trigger(j)] means *[insert the unequivocal identification of a Trigger Set from the Common Definitions]*

[Rebate(j)] means *[insert number]%* *(do not specify if Provision Trigger(j) is not specified)*

Leveraged Inflation Rate [Not Applicable / Applicable]

Spread

(If Not Applicable, delete the remaining sub-paragraphs of this paragraph)

Elements of the calculation formula for the Interest Provision:

P1 means *[insert an Inflation Index Underlying]*

P2 means *[insert an Inflation Index Underlying]*

US means *[insert the unequivocal identification of an Underlying Set from the Common Definitions with Set Type being Inflation Rate Spread, with Main Index being P1 and Secondary Index being P2]*

UR means *[insert the unequivocal identification of an Underlying Set from the Common Definitions with Set Type being Inflation Rate, with Main Index being P1]*

[Formula as Amount] [Applicable/Not Applicable]

Definitions below for each Interest Period j as the case may be:

[**Cap(j)**] means *[insert the unequivocal identification of Strike from the Common Definitions]*

[**Floor(j)**] means *[insert the unequivocal identification of Strike from the Common Definitions]*

[**LS(j)**] means *[insert number]%]*

[**LR(j)**] means *[insert number]%]*

[**Provision Trigger(j)**] means *[insert the unequivocal identification of a Trigger Set from the Common Definitions]*

[**Rebate(j)**] means *[insert number]%]* (do not specify if Provision Trigger(j) is not specified)

OATi-type Inflation Coupon

[Not Applicable / Applicable]

(If Not Applicable, delete the remaining sub-paragraphs of this paragraph)

Elements of the calculation formula for the Interest Provision:

U means *[insert the unequivocal identification of an Underlying Set from the Common Definitions with Set Type being Price Index]*

Initial Index means *[insert the unequivocal identification of Strike from the Common Definitions]*

Definitions below for each Interest Period j as the case may be:

[**FXR(j)**] means *[insert the unequivocal identification of Strike from the Common Definitions]*

[**Provision Trigger(j)**] means *[insert the unequivocal identification of a Trigger Set from the Common Definitions]*

[**Rebate(j)**] means *[insert number]%]* (do not specify if Provision Trigger(j) is not specified)

2.12 Calculation Formulae for Fixed Rate Notes, Floating Rate Notes, Rate Linked Notes, Currency Linked Notes, Inflation Linked Notes and Hybrid Structured Notes: Additional Provisions

Interest Reserve Mechanism

[Not Applicable / Applicable]

(If Not Applicable, delete the remaining sub-paragraphs of this paragraph)

Elements of the formula for the Interest Rate:

Definitions below for each Interest Period i as the case may be:

[**Initial Interest Reserve**] means *[insert number]%]*

[**Initial Redemption Reserve**] means *[insert number]%]*

[**Reserve Cap To Interest**] means [TRUE / FALSE]

[**Reserve Floor To Interest**] means [TRUE / FALSE]

[**Reserve In Amount**] means [TRUE / FALSE]

Interest Reserve Cap(j) means [insert number]%

[**Capped Final Interest** means [TRUE / FALSE]]

[**Redeemable Interest Reserve** means [TRUE / FALSE]]

Interest Reserve Floor(j) means [insert number]%

[**Redemption Adjustment Cap** means [insert number]%]

[**Redemption Adjustment Floor** means [insert number]%]

Target Remuneration

[Not Applicable / Applicable]

(If Not Applicable, delete the remaining sub-paragraphs of this paragraph)

Elements of the formulae for Interest adjustments and Redemption:

Definitions below for each Interest Period i as the case may be:

Target means [insert number]%

[Target Redemption(i) means [insert number]%]

Elements of the formula for the Interest Adjustment:

Target Settlement means [FULL / EXACT / NONE]

Target Guarantee means [TRUE / FALSE]

Adaptative Interest Cap-Floor

[Not Applicable / Applicable]

(If Not Applicable, delete the remaining sub-paragraphs of this paragraph)

Elements of the formulae for Interest adjustments:

[**At Issuer Option:** [Applicable/Not Applicable]]

[**Notice Period:** *(insert only if At Issuer Option is Applicable)*[specify the relevant Notice Period]]

[**N-Cap:** [insert the relevant positive integer number]]

GENERAL INFORMATION

1 Authorisation

Each Issuer has obtained all necessary consents, approvals and authorisations in connection with the issue of, and performance of its obligations under, the Notes.

The updating of the Programme was authorised by a resolution of the Board of Directors of Natixis Structured Issuance passed on 15 April 2024.

The Issue of Unsecured Notes was authorised by a resolution of the Board of Directors of NATIXIS passed on 8 November 2023.

The updating of the Programme was authorised by a resolution of the Board of Directors of NCIBL passed on 10 April 2024.

2 Listing, admission to trading and regulatory approvals

Application has been made to the Luxembourg Stock Exchange for the period of 12 months from the date of this Base Prospectus for Notes issued under the Programme to be admitted to trading on the regulated market “Bourse de Luxembourg” (including the professional segment of the regulated market of the Luxembourg Stock Exchange) or the Euro MTF market and to be listed on the Official List of the Luxembourg Stock Exchange.

This Base Prospectus is valid for 12 months from its date in relation to Notes which are to be admitted to trading on a regulated market in the EEA and/or offered to the public in the EEA other than in circumstances where an exemption is available under Article 1(4) and/or 3(2) of the Prospectus Regulation. The obligation to supplement this Base Prospectus in the event of a significant new factor, material mistake or material inaccuracy does not apply when this Base Prospectus is no longer valid.

3 Significant or material adverse change

- For NATIXIS:

There has been no significant change in the financial performance and position of NATIXIS and/or its subsidiaries taken as a whole since 31 December 2023.

There has been no material adverse change in the prospects of the NATIXIS since 31 December 2023.

- For Natixis Structured Issuance:

There has been no significant change in the financial performance or financial position of Natixis Structured Issuance since 31 December 2023.

There has been no material adverse change in the prospects of Natixis Structured Issuance since 31 December 2023.

- For NCIBL:

There has been no significant change in the financial performance or financial position of NCIBL since 31 December 2023.

There has been no material adverse change in the prospects of NCIBL since 31 December 2023.

4 Litigation

Except as set out in the section 3.2.10.1 “*Legal and arbitration proceedings*” and 3.2.10.2 “*Other proceedings*” on pages 140 to 143 of the NATIXIS 2023 Universal Registration Document, incorporated by reference into this Base Prospectus, there are no governmental, legal or arbitration proceedings

pending or threatened against NATIXIS, Natixis Structured Issuance or NCIBL during the twelve (12) months prior to the date hereof of which NATIXIS, Natixis Structured Issuance or NCIBL is aware, which may have or have had in such period a significant effect on the financial position or profitability of NATIXIS, Natixis Structured Issuance or NCIBL.

5 Limitations under United States income tax laws

Each Bearer Note (other than Temporary Global Notes), Receipt, Coupon and Talon to which the D Rules apply will bear the following legend: "Any United States person who holds this obligation will be subject to limitations under the United States income tax laws, including the limitations provided in Sections 165(j) and 1287(a) of the Internal Revenue Code".

6 Clearing systems

English Law Notes have been accepted for clearance through the Euroclear and Clearstream systems, the CMU or through the other Clearing System as specified in the Final Terms. The address of Euroclear is 1, boulevard du Roi Albert II, B-1210, Brussels Belgium, the address of Clearstream is 42, avenue J.F.Kennedy, L-1855, Luxembourg and the address of the CMU is 55th Floor, Two International Finance Centre, 8 Finance Street, Central, Hong Kong.

French Law Notes have been accepted for clearance through the Euroclear France system. The address of Euroclear France is 10 Place de la Bourse, 75002 Paris, France.

The Common Code and the International Securities Identification Number (ISIN) for each Series of Notes or (where applicable) the identification number for any other relevant clearing system for each Series of Notes will be set out in the applicable Final Terms.

Interests in the Notes may also be held through CREST through the issuance of CDIs representing Underlying Notes. The current address of CREST is Euroclear UK & Ireland Limited, 33 Cannon Street, London EC4M 5SB.

7 Documents available

Copies of the following documents will, when published, be available for viewing on the website of the Issuers (<https://cib.natixis.com/Home/pims/Prospectus#/prospectusPublic>):

- (i) the articles of association of Natixis Structured Issuance;
- (ii) the articles of association of NATIXIS;
- (iii) the articles of association of NCIBL;
- (iv) the Unsecured Notes Guarantee;
- (v) all documents incorporated by reference herein;
- (vi) the Schedule to the Agency Agreement entitled "*Provisions for Meetings of Noteholder*";
- (vii) a copy of this Base Prospectus and of supplements to this Base Prospectus; and
- (viii) any Final Terms (save that Final Terms relating to a Note which is neither admitted to trading on a regulated market in the EEA nor offered in the EEA in circumstances where a prospectus is required to be published under the Prospectus Regulation will only be available for inspection by a holder of such Note and such holder must produce evidence satisfactory to the Fiscal Agent or Issuing and Paying Agent (as the case may be) as to its holding of such Note and identity) to this Base Prospectus and any other documents incorporated herein or therein by reference.

Copies of the documents mentioned in (vii) above may, when published, also be available (in hard-copy form) during normal business hours at the specified office of NATIXIS at 7, promenade Germaine Sablon, 75013 Paris, France.

In addition, copies of this Base Prospectus, supplements to this Base Prospectus, and, in respect of Notes listed on the Luxembourg Stock Exchange, the applicable Final Terms, as well as all documents incorporated by reference herein, shall also be available for viewing on the website of the Luxembourg Stock Exchange (www.luxse.com).

The Green Funding Framework, Social Funding Framework and the related Second Party Opinions are published in a dedicated section on the BPCE's website (<https://groupebpce.com/en/investors/sustainable-bonds/framework-isin-of-issuances>).

8 Statutory Auditors

- For NATIXIS:

The information in relation to the statutory auditors of NATIXIS is incorporated by reference into this Base Prospectus (see Section “*Documents Incorporated by Reference*” of this Base Prospectus).

PricewaterhouseCoopers Audit and Mazars have audited and rendered an unqualified report on the consolidated financial statements of NATIXIS for each the years ended 31 December 2022 and 31 December 2023.

- For Natixis Structured Issuance:

The information in relation to the statutory auditors of Natixis Structured Issuance is incorporated by reference into this Base Prospectus (see Section “*Documents Incorporated by Reference*” of the Base Prospectus).

Mazars Luxembourg, the statutory auditor of Natixis Structured Issuance, is registered as statutory auditor with the Luxembourg *Institut des réviseurs d'entreprises*.

Mazars Luxembourg has audited and rendered an unqualified audit report on the financial statements of Natixis Structured Issuance for each of the years ended 31 December 2022 and 31 December 2023.

- For NCIBL:

The information in relation to the statutory auditors of NCIBL is incorporated by reference into this Base Prospectus (see Section “*Documents Incorporated by Reference*” of the Base Prospectus).

PricewaterhouseCoopers, *Société coopérative*, the statutory auditor of NCIBL, is registered as statutory auditor with the Luxembourg *Institut des réviseurs d'entreprises*.

PricewaterhouseCoopers, *Société coopérative* has audited and rendered an unqualified audit report on the financial statements of NCIBL for each of the years ended 31 December 2022 and 31 December 2023.

9 Benchmark

EU Benchmarks Regulation – Amounts payable under the Notes may be calculated by reference to one or more “benchmarks” for the purposes of the EU Benchmarks Regulation). In this case, a statement will be included in the relevant Final Terms as to whether or not the relevant administrator of the “benchmark” is included in ESMA’s register of administrators under Article 36 of the EU Benchmarks Regulation. Certain “benchmarks” may either (i) not fall within the scope of the EU Benchmarks Regulation by virtue of Article 2 of that regulation or (ii) transitional provisions in Article 51 of the EU Benchmarks Regulation may apply to certain other “benchmarks” which would otherwise be in scope such that at the

date of the applicable Final Terms the administrator of the “benchmark” is not required to be included in the register of administrators.

If the relevant Final Terms include information from external sources in relation to a benchmark, such as information from the administrator of the relevant benchmark, the Issuer does not guarantee the accuracy, completeness nor the relevance of this information, although it has been obtained from sources reasonably deemed reliable by the relevant Issuer. In particular, regarding benchmarks claiming potential environmental, social and governance objectives (**ESG Objectives**), compliance with these ESG Objectives or, if applicable, compliance of these benchmarks with the requirements of EU Benchmarks Regulation for “EU Paris-aligned benchmarks” or “EU climate transition benchmarks”, cannot be guaranteed by the relevant Issuer. Subject to applicable laws, NATIXIS assumes no liability in this regard.

Potential investors should be aware that, unless the Notes are Green Bonds, Social Bonds or Sustainability Bonds, the net proceeds of any Note that tracks an index with ESG Objectives are not specifically allocated to finance projects that align with such ESG Objectives. The index only reflects the selection of component securities based on their performance in relation to the ESG Objectives. By investing in the Notes, investors obtain exposure to the performance of the index, but do not directly invest in the component securities.

10 Yield

In relation to any Tranche of Fixed Interest Rate Notes, an indication of the yield in respect of such Notes will be specified in the applicable Final Terms. The yield is calculated at the Issue Date on the basis of the Issue Price or the Offer Price, as the case may be, and on the assumption that the Notes are not subject to early cancellation or, if applicable, no Credit Event occurs. An indication of the yield may only be calculated for Fixed Interest Rate Notes and may not be determined for Notes that bear or pay interest determined by reference to a floating rate and/or a rate calculated by reference to one or more underlying(s).
