(xiv)	Day Count Fraction (Condition 5(l)):	Actual/360
(xv)	Fall back provisions, rounding provisions, denominator and any other terms relating to the method of calculating interest on Floating Rate Notes, if different from those set out in the Conditions:	Notwithstanding Condition 5(b), the Rate of Interest for each relevant Interest Period shall be determined by the Calculation Agent on each Interest Determination Date in accordance with the following provisions. The Rate of Interest for each Interest Period shall apply with effect from and including the first day of such Interest Period. The Rate of Interest for each Interest Period will, subject as provided below, be Compounded SOFR plus the Margin.

Subject to the SOFR Compounded Index Fallback Provisions set out in the Annex below, for any Interest Period, “**Compounded SOFR**” will be calculated by the Calculation Agent on the relevant Interest Determination Date as follows and the resulting percentage will be rounded, if necessary, to the fourth decimal place of a percentage point, 0.00005 being rounded upwards:

$$\left(\frac{SOFR\ Index_{End}}{SOFR\ Index_{Start}} - 1 \right) \times \left(\frac{360}{d_c} \right)$$

where:

“**d_c**” means the number of calendar days in the Observation Period relating to such Interest Period.

“**Interest Determination Date**” means, in respect of an Interest Period, the date falling 2 U.S. Government Securities Business Days before the earlier of (a) the relevant Interest Period August Date for such Interest Period or (b) the relevant payment date if the Notes become due and payable on a date other than a Specified Interest Payment Date.

“**Interest Period August Date**” means, in respect of an Interest Period, August 31 in such Interest Period, from and including August 31, 2024, to and including August 31, 2025.

“**Observation Period**” means, in respect of an Interest Period, the period from, and including, the date falling 2 U.S. Government Securities Business Days before the first day of such Interest Period, to, but excluding, the date falling 2 U.S. Government Securities Business Days before the earlier of (a) the Interest Period August Date for such Interest Period or (b) the relevant

payment date if the Notes become due and payable on a date other than a Specified Interest Payment Date.

“**SOFR**” means the Secured Overnight Financing Rate.

“**SOFR Administrator**” means the Federal Reserve Bank of New York (“**NY Fed**”) as administrator of SOFR (or a successor administrator of SOFR).

“**SOFR Index**” in relation to any U.S. Government Securities Business Day means the value of the SOFR compounded index as published by the SOFR Administrator on its website (at or about 08:00 a.m. (New York Time) on such U.S. Government Securities Business Day (the “**SOFR Index Determination Time**”). Currently, the SOFR Administrator publishes the SOFR Index on its website at www.newyorkfed.org. In the event that the value originally published by the SOFR Administrator at or about 08:00 a.m. (New York Time) on any U.S. Government Securities Business Day is subsequently corrected and such corrected value is published by the SOFR Administrator on the original date of publication, then such corrected value, instead of the value that was originally published, shall be deemed the SOFR Index as of the SOFR Index Determination Time in relation to such U.S. Government Securities Business Day.

“**SOFR Index_{End}**” means the SOFR Index value on the date falling 2 U.S. Government Securities Business Days before the earlier of (a) the Interest Period August Date relating to the relevant Interest Period or (b) the relevant payment date if the Notes become due and payable on a date other than an Specified Interest Payment Date.

“**SOFR Index_{Start}**” means the SOFR Index value on the date falling 2 U.S. Government Securities Business Days before the first day of such Interest Period.

“**U.S. Government Securities Business Day**” means any day, except for a Saturday, Sunday or a day on which the Securities Industry and Financial Markets Association recommends that the fixed income departments of its members be closed for the entire day for purposes of trading in U.S. government securities.

Annex

Part A - SOFR Compounded Index Fallback Provisions

SOFR Index Unavailable:

If a SOFR Index_{Start} or SOFR Index_{End} is not published on the associated Interest Determination Date, and an Index Cessation Event and its related Index Replacement Date have not occurred with respect to SOFR Index or SOFR, “**Compounded SOFR**” means, for the applicable Interest Period for which such index is not available, the rate of return on a daily compounded interest investment for the Observation Period calculated by the Calculation Agent in accordance with the formula for SOFR Averages, and definitions required for such formula, published on the SOFR Administrator’s website at www.newyorkfed.org. For the purposes of this provision, references in the SOFR Averages compounding formula and related definitions to “calculation period” shall be replaced with “Observation Period” and the words “that is, 30-, 90-, or 180- calendar days” shall be removed. If the daily SOFR (“**SOFRi**”) does not so appear for any day, “i” in the Observation Period, SOFRi for such day “i” shall be SOFR published in respect of the first preceding U.S. Government Securities Business Day for which SOFR was published on the SOFR Administrator’s website.

Effect of an Index Cessation Event:

If the Issuer determines on or prior to the relevant Reference Time that an Index Cessation Event and its related Index Replacement Date have occurred with respect to the then-current Index, the Index Replacement will replace the then-current Index for all purposes relating to the Notes in respect of all determinations on such date and for all determinations on all subsequent dates.

In connection with the implementation of an Index Replacement, the Issuer will have the right to make Index Replacement Conforming Changes from time to time.

Any determination, decision or election that may be made by the Issuer pursuant to this section, including any determination with respect to a tenor, rate or adjustment or of the occurrence or non-occurrence of an event, circumstance or date and any decision to take or refrain from taking any action or any selection:

- (1) will be conclusive and binding absent manifest error;
- (2) will be made in the sole discretion of the Issuer; and
- (3) notwithstanding anything to the contrary in the documentation relating to the Notes described herein, shall become effective without consent from the holders of the Notes or any other party.

“**Index**” means, initially, SOFR Index; provided that if the Issuer determines on or prior to the Reference Time that an Index Cessation Event and its related Index Replacement Date have occurred with respect to SOFR Index then “Index” means the applicable Index Replacement for the SOFR Index; and provided further that if the Issuer determines on or prior to the Reference Time that an Index Cessation Event and its related Index Replacement Date have occurred with respect to the then current Index, then “Index” means the applicable Index Replacement for the then-current Index.

“**Index Replacement**” means the first alternative that can be determined by the Issuer in the order set out in Part B of this Annex as of the Index Replacement Date.

For the avoidance of doubt, the Spread Adjustment will continue to apply to any Index Replacement following the occurrence of an Index Cessation Event and its related Index Replacement Date in respect of the then current Index.

“**Index Replacement Conforming Changes**” means, with respect to any Index Replacement, any technical, administrative or operational changes (including changes to the timing and frequency of determining rates and making payments of interest, rounding of amounts or tenors, and other administrative matters) that the Issuer decides may be appropriate to reflect the adoption of such Index Replacement in a manner substantially consistent with market practice (or, if the Issuer decides that adoption of any portion of such market practice is not administratively feasible or if the

Issuer determines that no market practice for use of the Index Replacement exists, in such other manner as the Issuer determines is reasonably necessary).

“Index Replacement Date” means:

- (1) subject to limb (2) below, in the case of clause (1) or (2) of the definition of “Index Cessation Event,” the first date on which the Index would ordinarily have been published or provided and is no longer published or provided; or
- (2) in the case of clause (3) of the definition of “Index Cessation Event,” the first date on which the Index would ordinarily have been published or provided and is either (x) non-representative by reference to the most recent statement or publication contemplated in clause (3) of the definition of “Index Cessation Event” and even if such Index continues to be published or provided on such date or (y) no longer published or provided.

“Index Cessation Event” means the occurrence of one or more of the following events with respect to the then current Index:

- (1) a public statement or publication of information by or on behalf of the administrator of the Index announcing that such administrator has ceased or will cease to provide the Index, permanently or indefinitely, provided that, at the time of such statement or publication, there is no successor administrator that will continue to provide the Index; or
- (2) a public statement or publication of information by the regulatory supervisor for the administrator of the Index, the central bank for the currency of the Index, an insolvency official with jurisdiction over the administrator for the Index, a resolution authority with jurisdiction over the administrator for the Index or a court or an entity with similar insolvency or resolution authority over the administrator for the Index, which states that the administrator of the Index has ceased or will cease to provide the Index permanently or indefinitely, provided that, at the time of such statement or publication, there is no successor administrator that will continue to provide the Index; or
- (3) a public statement or publication of information by the regulatory supervisor for the administrator of the Index announcing (A) that such Index is no longer, or as of a specified future date will no longer be, capable of being representative, or is non-representative, of the underlying market and economic reality that such Index is intended to measure as required by applicable law or regulation and as determined by the regulatory supervisor in accordance with applicable law or regulation and (B) that the intention of that statement or publication is to engage contractual triggers for fallbacks activated by pre-cessation announcements by such supervisor (howsoever described) in contracts.

“Reference Time” with respect to any determination of the Index means (1) if the Index is SOFR Index, the SOFR Index Determination Time, and (2) if the Index is not SOFR Index, the time determined by the Issuer after giving effect to the Index Replacement Conforming Changes.

Part B - Index Replacement

- (i) **Index Replacement Date with respect to SOFR Index.** If an Index Cessation Event with respect to SOFR Index occurs, the rate for an Interest Determination Date which occurs on or after the Index Replacement Date with respect to SOFR Index will be SOFR, compounded in arrear over the Observation Period relating to the relevant Interest Determination Date.
- (ii) **Temporary Non-Publication with respect to SOFR.** If the administrator does not provide or publish SOFR, then, subject to paragraph (iii) below, in respect of any day for which SOFR is required, references to SOFR will be deemed to be references to the last provided or published SOFR.
- (iii) **Index Replacement Date with respect to SOFR.** If an Index Replacement Date occurs with respect to SOFR, then the rate for an Interest Determination Date which occurs on or after the Index Replacement Date with respect to SOFR Index or, if later, the Index Replacement Date with respect to SOFR, will be the Fed Recommended Rate, which, if that rate is an overnight rate, will be compounded in arrear over the Observation Period relating to the relevant Interest Determination Date.
- (iv) **Temporary Non-Publication with respect to Fed Recommended Rate.** If there is a Fed Recommended Rate before the end of the first U.S. Government Securities Business Day following the Index Replacement Date with respect to SOFR Index or, if later, the end of the first U.S. Government Securities Business Day following the Index Replacement Date with respect to SOFR, but neither the administrator nor authorized distributors of that Fed Recommended Rate provide or publish the Fed Recommended Rate, then, subject to paragraph (v) below, in respect of any day for which the Fed Recommended Rate is required, references to the Fed Recommended Rate will be deemed to be references to the last provided or published Fed Recommended Rate. However, if there is no last provided or published Fed Recommended Rate, then in respect of any day for which the Fed Recommended Rate is required, references to the Fed Recommended Rate will be deemed to be references to the last provided or published SOFR.
- (v) **No Fed Recommended Rate or Index Replacement Date with respect to Fed Recommended Rate.** If:
 - (a) there is no Fed Recommended Rate before the end of the first U.S. Government Securities Business Day following the Index Replacement Date with respect to SOFR Index or, if later, the end of the first U.S. Government Securities Business Day following the Index Replacement Date with respect to SOFR; or
 - (b) there is a Fed Recommended Rate and an Index Replacement Date subsequently occurs with respect to it,then the rate for an Interest Determination Date which occurs on or after the Index Replacement Date with respect to SOFR Index (or, if later, the Index Replacement Date with respect to SOFR) or the Index Replacement Date with respect to the Fed Recommended Rate (as applicable) will be OBFR, compounded in arrear over the Observation Period relating to the relevant Interest Determination Date.
- (vi) **Temporary Non-Publication with respect to OBFR.** If neither the administrator nor authorized distributors of OBFR provide or publish OBFR, then, subject to paragraph (vii) below, in respect of any day for which OBFR is required, references to OBFR will be deemed to be references to the last provided or published OBFR.
- (vii) **Index Replacement Date with respect to OBFR.** If (a) there is no Fed Recommended Rate, or there is a Fed Recommended Rate and an Index Replacement Date subsequently occurs with

respect to it, and (b) an Index Replacement Date also occurs with respect to OBFR, then the rate for an Interest Determination Date which occurs on or after the Index Replacement Date with respect to OBFR (or, if later, the Index Replacement Date with respect to the Fed Recommended Rate, SOFR or SOFR Index, as applicable) will be the FOMC Target Rate.

- (viii) **References to the FOMC Target Rate.** In respect of any day for which the FOMC Target Rate is required, references to the FOMC Target Rate will be deemed to be references to the last provided or published FOMC Target Rate as at close of business in New York City on that day,

provided that if the waterfall set out above fails to produce a Replacement Index in respect of an Interest Determination Date, the Replacement Index shall be the alternate rate of interest that has been selected by the Issuer as the replacement for the then-current Index giving due consideration to any industry-accepted rate of interest as a replacement for the then-current Index for U.S. dollar-denominated floating rate notes at such time.

For the purposes of this Annex, the following definitions apply:

“Fed Recommended Rate” means, in respect of any relevant day (including any day “i”), the rate (inclusive of any spreads or adjustments) recommended as the replacement for SOFR by the Federal Reserve Board or the Federal Reserve Bank of New York, or by a committee officially endorsed or convened by the Federal Reserve Board or the Federal Reserve Bank of New York for the purpose of recommending a replacement for SOFR (which rate may be produced by the Federal Reserve Bank of New York or another administrator) and as provided by the administrator of that rate or, if that rate is not provided by the administrator thereof, published by an authorized distributor, in respect of that day.

“FOMC Target Rate” means, in respect of any relevant day (including any day “i”), the short-term interest rate target set by the Federal Open Market Committee or, if the Federal Open Market Committee does not target a single rate, the mid-point of the short-term interest rate target range set by the Federal Open Market Committee (calculated as the arithmetic average of the upper bound of the target range and the lower bound of the target range, rounded, if necessary, to the fifth decimal place), in respect of that day.

“OBFR” means, in respect of any relevant day (including any day “i”), the Overnight Bank Funding Rate administered by the Federal Reserve Bank of New York (or a successor administrator), in respect of that day.
