FORTIS BANK nv-sa and Fortis Luxembourg Finance S.A. are part of Fortis

Under this Euro Medium Term Note Programme (the "**Programme**"), FORTIS BANK nv-sa ("**Fortis Bank**") and FORTIS LUXEMBOURG FINANCE S.A. ("**Fortis Luxembourg**") and together with Fortis Bank, the "**Issuers**" and each an "**Issuer**") may, from time to time, issue Euro Medium Term Notes (the "**Notes**"), subject to compliance with all relevant laws, regulations and directives and subject to obtaining any appropriate approval or other consents. Notes issued by Fortis Luxembourg will be guaranteed on a subordinated or unsubordinated basis by Fortis Bank nv-sa (the "**Guarantor**").

This base prospectus prepared in connection with the Programme constitutes a base prospectus for the purposes of Article 5.4 of the Directive 2003/71/EC of the European Parliament and of the Council of 4 November 2003 on the prospectus to be published when securities are offered to the public or admitted to trading (the "**Prospectus Directive**"), as revised, supplemented or amended from time to time by the Issuers and the Guarantor (the "**Base Prospectus**"). As a result, Notes issued under the Programme may be offered to the public or admitted to trading on a regulated market (as defined in Directive 93/22/EEC) as more fully described below and subject to the relevant implementing measures of the Prospectus Directive in the relevant Member State.

Notes issued under the Programme may be in the form of the new global note, the new format for international debt securities which will ensure compliance of the Notes with European Central Bank ("**ECB**") Standard 3 eligibility criteria for use as collateral in Eurosystem monetary operations.

A general description of the Programme can be found on page 23. The aggregate principal amount of Notes outstanding from time to time will not exceed EUR 15,000,000,000 (or the equivalent in other currencies, as calculated by reference to the aggregate principal amount of the Notes), subject to any duly authorised increase. The Notes will be issued on a continuous basis. The Notes may bear interest at a fixed or floating rate, on a variable coupon amount basis or any combination of those or may be issued on a fully discounted basis and not bear interest, and the amount payable on the redemption of Notes may be fixed or variable. The Notes may also be redeemed by delivery of shares, bonds or loans. Notes will be issued in series (each a "**Series**") having one or more issue dates and the same maturity date (if any), bearing interest (if any) on the same basis and at the same rate and on terms otherwise identical. The length of interest periods, and the rate of interest in respect thereof, may differ from the length and the rate of interest in respect of subsequent or, as the case may be, preceding interest periods. Each Series may be issued in tranches (each a "**Tranche**") on different issue dates. The specific terms of each Tranche will be set forth in a set of final terms to this Base Prospectus which is the final terms document substantially in the relevant form set out in the section entitled "**Forms of Final Terms**" on page 182 which will be completed at the time of the agreement to issue each Tranche of Notes and which will constitute final terms for the purposes of Article 5.4 of the Prospectus Directive (the "**Final Terms**").

The Issuers may redeem the Notes if certain changes in Luxembourg or Belgian taxation law occur or, if the Final Terms issued in respect of any Series so provides, in the circumstances set out in it. An Issuer and, if applicable, the Guarantor, may agree with any Dealer (as defined below) that Notes may be issued, offered to the public, and/or admitted to trading on a regulated market in a form not contemplated by the Terms and Conditions of the Notes described in this Base Prospectus, in which event a supplement to the Base Prospectus or, if appropriate, a Drawdown Prospectus (as defined below), will be submitted for approval to the relevant competent authority and will be made available.

In the case of a Drawdown Prospectus, each reference in this Base Prospectus to information being specified or identified in the relevant Final Terms shall be read and construed as a reference to such information being specified or identified in the relevant Drawdown Prospectus unless the context requires otherwise.

Moreover, an investment in Notes issued under the Programme involves certain risks. **Prospective investors and purchasers should consider the investment considerations set forth in the section entitled "Risk Factors" on page 9 as well as the selling restrictions as set out on page 175.**

This Programme has been rated by Moody's Investors Service Limited ("**Moody's**"), Standard & Poor's Ratings Services, a Division of the McGraw Hill Companies Inc. ("**S&P**"), and Fitch IBCA. Nevertheless, some Tranches of Notes issued under the Programme may be assigned a specific rating that will not necessarily be the same as the rating assigned to the Programme. A security rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, change or withdrawal at any time by the relevant assigning rating agency. A brief explanation of the meaning of the ratings is included on page 226 of this Base Prospectus.

This Base Prospectus has been approved by the Luxembourg *Commission de Surveillance du Secteur Financier* (the "**CSSF**"), which is the Luxembourg competent authority for the purpose of the Prospectus Directive and relevant implementing measures in Luxembourg, as a base prospectus issued in compliance with the Prospectus Directive, the Luxembourg Law dated 10 July 2005 on prospectuses for securities, and any other relevant implementing legislation in Luxembourg for the purpose of giving information with regard to the issue of Notes under the Programme during the period of twelve months after the date of publication of this Base Prospectus. Consequently Notes issued under the Programme may be offered to the public, in accordance with the requirements of the Prospectus Directive.

The Issuers have requested the CSSF to provide to the relevant competent authority of the Netherlands, Belgium, France, Poland and Spain respectively, with a certificate of approval attesting that the Base Prospectus has been drawn up in accordance with the Prospectus Directive. The Issuers reserve the right to request the CSSF to provide the competent authority of any other host Member State, in the meaning of the Prospectus Directive, with a certificate of approval attesting that the Base Prospectus has been drawn up in accordance with the Prospectus Directive, such notification being accompanied by the relevant translation of the summary of this Base Prospectus, if applicable.

The Notes will be offered by the Issuers through Fortis Bank nv-sa, ABN AMRO Bank N.V., Banco Bilbao Vizcaya Argentaria, S.A., Barclays Bank PLC, BNP Paribas, CALYON, Citigroup Global Markets Limited, Goldman Sachs International, HSBC Bank plc, J.P. The Issuers or the Dealers may reject any offer as a whole or, subject to the terms of such offer, in part. Dealers may also purchase Notes on their own behalf. An issue of Notes may also be underwritten by two or more Dealers on a several basis only or on a joint and several basis. However, please refer to the section entitled "**Plan of Distribution**" for a description of certain restrictions in relation to the admission to trading of certain Notes on Euronext Amsterdam. Application will also be made to the Swiss Exchange ("**SWX**") for Notes issued under the Programme to be admitted to listing and/or trading on SWX. Under the Luxembourg Law dated 10 July 2005 on prospectuses for securities, which implements the Prospectus Directive, prospectuses relating to an offering to the public or to the admission to trading on a regulated market of money market instruments with a maturity at issue of less than 12 months that also comply with the definition of securities are not subject to the approval provisions of such law and do not have to be approved by the CSSF.

2. ESSENTIAL CHARACTERISTICS OF THE ISSUERS AND THE GUARANTOR

2.1 Fortis Luxembourg

Fortis Luxembourg's object is to grant loans to companies which are members of the Fortis group and may issue bonds or similar securities, raise loans, with or without a guarantee and in general have recourse to any sources of finance. Fortis Luxembourg is incorporated as a *société anonyme* under the Laws of the Grand Duchy of Luxembourg and registered with the Luxembourg Registry of Commerce and Companies under N° B24784. Fortis Luxembourg's registered office is at 65, Boulevard Grande-Duchesse Charlotte, L-1331 Luxembourg.

Fortis Luxembourg is part of Fortis and acts as a financing vehicle of the such group. Fortis Bank holds 99.995 per cent, of Fortis Luxembourg's shares.

Fortis Luxembourg has no subsidiaries and therefore its financial statements are produced on an unconsolidated basis.

2.2 Fortis Bank

Fortis Bank is a public company with limited liability (*naamloze vennootschap/société anonyme*) under Belgian law and its registered office and headquarters are based in Brussels, Montagne du Parc 3. Fortis Bank was established for an indefinite period. Fortis Bank is registered in the Register of Legal Entities of Brussels under the number 0403.199.702.

As stated in article 3 of its Articles of Association, Fortis Bank's object is to carry on the business of a credit institution, including brokerage and transactions involving derivatives. It is free to carry out all businesses and operations which are directly or indirectly related to its purpose or which are of a nature that benefit the realisation thereof. Fortis Bank is free to hold shares and share interests within the limits set by the legal framework for banks.

Fortis Bank and its subsidiaries "regrouped" the banking activities of the Fortis group ("**Fortis**"), an integrated financial services provider active in the fields of banking and insurance. Fortis offers its private, business and institutional customers a comprehensive package of products and services through its own distribution channels, in cooperation with intermediaries and via distribution partners. Its multi-channel distribution strategy gives Fortis the flexibility to meet its customers' need to be reachable at all times and their demand for user-friendliness.

Fortis Bank combines the banking activities of Fortis and operates on a cross-border basis. Its organisation is centred around 3 businesses:

- Retail Banking, providing financial services to retail customers, self-employed, professionals and small businesses;
- Commercial & Private Banking, providing medium-sized enterprises active cross-border services with a full range of financial services and offering integrated worldwide assets and liability management solutions to private clients, their businesses and their advisers;
- Merchant Banking, offering tailored investment and financing solutions to Fortis' institutional and corporate clients.

Each business comprises several business lines which, in turn, group together activities focusing on a specific customer segment.

Moreover, the businesses are able to rely on two critical support functions. The CFO Office is tasked with tracking and reporting on the financial performance of our businesses. The COO Office, covering all the cross-business functions (Operations, Information Services & Technology, Human Resources, Facility Management & Purchasing, Legal & Compliance, and Risk Management), helps the businesses grow in a controlled way by providing them with efficient and easy to roll out support platforms, combined with risk management and compliance functions.

In accordance with the principle of autonomy of the banking function, the decision-making and management structure of Fortis Bank is based on a distinction between the Management Committee and the Board of Directors.

The management of the activities of Fortis Bank is the exclusive responsibility of the Management Committee, which consists of a number of managing directors and operates within the framework of the general policy outlined by the Board of Directors.

The Board of Directors is responsible for the supervision of the management and control of the financial position of Fortis Bank, and for defining the general policy and holds the power to nominate and discharge the members of the Management Committee within the limits of the Protocol on banking autonomy.

All matters not determined by law or the articles of association for the General Shareholders Meeting are the responsibility of the Board of Directors or the Management Committee.

There have been no recent events particular to Fortis Bank which are to a material extent relevant to the evaluation of Fortis Bank's solvency.

Fortis Bank is part of Fortis, which comprises Fortis SA/NV and Fortis N.V., and their respective subsidiaries ("**Fortis group**" or "**Fortis**"). Fortis Bank is approximately 100 per cent. owned by Fortis SA/NV and Fortis N.V.

Fortis is an international provider of banking and insurance services to personal, business and institutional customers. The company delivers a total package of financial products and services through its own high-performance channels and via intermediaries and other partners.

Fortis' retail banking operations are the market leader in the Benelux region – one of Europe's wealthiest. Building on that leadership, Fortis has developed an integrated, continent-wide network to serve internationally active enterprises. The same, unique skill-set also provides high net worth individuals, enterprises and entrepreneurs with advanced financial services tailored to their specific needs. Fortis' unmatched expertise has made it a regional and, in some cases, global leader in niche markets such as fund administration, export and project finance, shipping and commodities. Fortis successfully combines its banking and insurance skills in growth markets in Europe and Asia, and it leads the market in bancassurance in Spain and Portugal.

Fortis ranks among Europe's top 20 financial institutions, with a market capitalisation of EUR 38.7 billion (as at 30 April 2006). With excellent solvency, a presence in 50 countries and a dedicated, professional workforce of 57,000, Fortis combines global strength with local flexibility.

There are no conflicts of interest on the part of the members of Fortis Luxembourg or Fortis Bank's administrative, management or supervisory bodies in relation to their duties to Fortis Luxembourg or Fortis Bank, respectively, and their private interests.

An investment in Notes linked to an index, exchange rate, reference rates, shares, securities, or any other underlying entails significant risks not associated with a similar investment in fixed or floating rate debt securities.

Application has been made for the Notes issued under the Programme to be admitted to listing on the official list and to trading on the regulated market of the Luxembourg Stock Exchange. However, Notes may also be issued under the Programme whereby they will be admitted to listing, trading and/or quotation by other stock exchanges, listing authorities and/or quotation systems, or may be issued on the basis that they will not be admitted to listing, trading and/or quotation by any competent authority, stock exchange and/or quotation system.

The Notes shall be accepted for clearing through one or more clearing systems as specified in the relevant Final Terms. Global Notes are to be held by or on behalf of the clearing systems and therefore, potential investors will have to rely on the clearing system procedures for transfer, payment and communications with the Issuer.

The Notes may be redeemed prior to maturity at par or at such other Redemption Amount as may be specified in the relevant Final Terms.

There is at the time of issue no active trading market for the Notes unless, in the case of any particular Tranche, such Tranche is to be consolidated with and form a single series with a Tranche of Notes which is already issued and for which there is such a market.

RISK FACTORS

Prospective investors should read the entire Base Prospectus. Words and expressions defined in the "Terms and Conditions of the Notes" below or elsewhere in this Base Prospectus have the same meanings in this section. Investing in the Notes involves certain risks. In addition, the purchase of certain Notes may involve substantial risks and be suitable only for investors who have the knowledge and experience in financial and business matters necessary to enable them to evaluate the risks and the merits of an investment in the Instruments. Prospective investors should make such inquiries as they deem necessary without relying on the Issuer or any dealer and should consult with their financial, tax, legal, accounting and other advisers, prior to deciding to make an investment in the Notes. Prospective investors should consider, among other things, the following:

1. RISK RELATING TO THE NOTES

1.1. GENERAL RISK RELATING TO THE NOTES

(a) *There is no active trading market for the Notes.*

Notes issued under the Programme will be new securities which may not be widely distributed and for which there is currently no active trading market (unless in the case of any particular Tranche, such Tranche is to be consolidated with and form a single series with a Tranche of Notes which is already issued). If the Notes are traded after their initial issuance, they may trade at a discount to their initial offering price, depending upon prevailing interest rates, the market for similar securities, general economic conditions and the financial condition of the Issuers and the Guarantor. Although application has been made for the Notes issued under the Programme to be admitted to listing on the official list and to trading on the regulated market of the Luxembourg Stock Exchange, there is no assurance that such application will be accepted, that any particular Tranche of Notes will be so admitted or that an active trading market will develop. Accordingly, there is no assurance as to the development or liquidity of any trading market for any particular Tranche of Notes.

(b) *The Notes may be redeemed prior to maturity.*

Unless in the case of any particular Tranche of Notes the relevant Final Terms specifies otherwise, in the event that an Issuer or (in the case of Notes issued by Fortis Luxembourg) the Guarantor would be obliged to increase the amounts payable in respect of any Notes due to any withholding or deduction for or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or on behalf of Belgium or Luxembourg or any political subdivision thereof or any authority therein or thereof having power to tax, the relevant Issuer may redeem all outstanding Notes in accordance with the Conditions.

In addition, if in the case of any particular Tranche of Notes the relevant Final Terms specifies that the Notes are redeemable at the relevant Issuer's option in certain other circumstances such Issuer may choose to redeem the Notes at times when prevailing interest rates may be relatively low. In such circumstances an investor may not be able to reinvest the redemption proceeds in a comparable security at an effective interest rate as high as that of the relevant Notes.

(c) *Because the Global Notes are held by or on behalf of Euroclear and Clearstream, Luxembourg, investors will have to rely on their procedures for transfer, payment and communication with the relevant Issuer and/or (in the case of Notes issued by Fortis Luxembourg) the Guarantor.*

Notes issued under the Programme may be represented by one or more Global Notes. Such Global Notes will be deposited with a common depositary for Euroclear and Clearstream, Luxembourg or, the NBB in the case of Notes issued by Fortis Bank where the relevant Global Note is deposited with the NBB as operator of the X/N System. Except in the circumstances described in the relevant Global Note, investors will not be entitled to receive definitive Notes. Euroclear and Clearstream, Luxembourg or the NBB, as the case may be will maintain records of the beneficial interests in the Global Notes. While the Notes are represented by one or more Global Notes, investors will be able to trade their beneficial interests only through Euroclear and Clearstream, Luxembourg or the NBB, as the case may be.

While the Notes are represented by one or more Global Notes the relevant Issuer and (in the case of Notes issued by Fortis Luxembourg) the Guarantor will discharge their payment obligations under the Notes by making payments to the common depositary for Euroclear and Clearstream, Luxembourg or the NBB, as the case may be for distribution to their account holders. A holder of a beneficial interest in a Global Note must rely on the procedures of Euroclear and Clearstream, Luxembourg or the X/N System, as the case may be, to receive payments under the relevant Notes. The Issuers and the Guarantor have no responsibility or liability for the records relating to, or payments made in respect of, beneficial interests in the Global Notes.

Holders of beneficial interests in the Global Notes will not have a direct right to vote in respect of the relevant Notes. Instead, such holders will be permitted to act only to the extent that they are enabled by Euroclear and Clearstream, Luxembourg or the NBB, as the case may be to appoint appropriate proxies. Similarly, holders of beneficial interests in the Global Notes will not have a direct right under the Global Notes to take enforcement action against the relevant Issuer or (in the case of Notes issued by Fortis Luxembourg) the Guarantor in the event of a default under the relevant Notes but will have to rely upon their rights under the Deed of Covenant.

Finally, the relevant Issuer's and the Guarantor's credit ratings may not reflect the potential impact of the various risks that could affect the market value of the Notes. Accordingly, prospective investors should consult their own financial and legal advisers as to the risks an investment in the Notes may entail and the suitability of the Notes in light of their particular circumstances.

(d) Taxation.

Potential investors of Notes should consult their own tax advisers as to which countries' tax laws could be relevant to acquiring, holding and disposing Notes and receiving payments of interest, principal and/or other amounts or delivery of securities under the Notes and the consequences of such actions under the tax laws of those countries.

(e) The Notes or the Guarantees may be subordinated to most of the Issuers' and the Guarantor's liabilities.

If the relevant Issuer or the Guarantor is declared insolvent and any applicable winding up, bankruptcy, insolvency or other similar or analogous proceedings are initiated, such Issuer or the Guarantor (as the case may be) will be required to pay the holders of senior debt and meet its obligations to all its other creditors (including unsecured creditors and depositors but excluding any obligations in respect of subordinated debt) in full before it can make any payments on the relevant subordinated Notes. If this occurs, the relevant Issuer or Guarantor (as the case may be) may not have enough assets remaining after these payments to pay amounts due under the Notes or the Guarantees (as the case may be).

(f) Credit Rating.

The credit rating of a Tranche of Notes (if any) will be provided in the relevant Final Terms. Where a Tranche of Notes is rated, such rating will not necessarily be the same as the ratings described herein. A security rating is not a recommendation to buy, sell or hold securities, and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency. Any adverse change in an applicable credit rating could adversely affect the trading price for the Notes issued under the Programme.

1.2. RISK RELATING TO PARTICULAR NOTES

The Programme allows for different types of Notes to be issued. Accordingly, each Tranche of Notes may carry varying risks for potential investors depending on the specific features of such Notes such as, *inter alia*, the provisions for computation of periodic interest payments, if any, redemption and issue price.

(a) Notes subject to optional redemption by the Issuer

If in the case of any particular Tranche of Notes the Final Terms specifies that the Notes are redeemable at the Issuer's option in certain circumstances the Issuer may choose to redeem the Notes at times when prevailing interest rates may be relatively low. During a period when the Issuer may elect, or has elected, to redeem Notes, such Notes may feature a market value not substantially above the price at which they can be redeemed. In such circumstances an investor may not be able to reinvest the redemption proceeds in a comparable security at an effective interest rate as high as that of the Notes.

(b) Fixed Rate Notes

Investment in Notes which bear interest at a fixed rate involves the risk that subsequent changes in market interest rates may adversely affect the value of the relevant Tranche of Notes.

(c) Floating Rate Notes

Investment in Notes which bear interest at a floating rate comprise (i) a reference rate and (ii) a margin to be added or subtracted, as the case may be, from such base rate. Typically, the relevant margin will not change throughout the life of the Notes but there will be a periodic adjustment (as specified in the Final Terms) of the reference rate (e.g. every three months) which itself will change in accordance with general market conditions. Accordingly, the market value of floating rate Notes may be volatile if changes, particularly short term changes, to market interest rates evidenced by the relevant reference rate can only be reflected in the interest rate of these Notes upon the next periodic adjustment of the relevant reference rate.

(d) Inverse Floating Rate Notes

Investments in Notes which bear interest at an inverse floating rate comprise (i) a fixed base rate minus (ii) a reference rate. The market value of such Notes typically is more volatile than the market value of floating rate Notes based on the same reference rate (and with otherwise comparable terms). Inverse Floating Rate Notes are more volatile because an increase in the reference rate not only decreases the interest rate of the Notes, but may also reflect an increase in prevailing interest rates, which further adversely affects the market value of these Notes.

(e) Fixed to Floating Rate Notes

Fixed to floating rate Notes initially bear interest at a fixed rate. Conversion from a fixed rate to a floating rate then takes place either automatically or at the option of the Issuer (if certain predetermined conditions are met or at the sole discretion of the Issuer). The conversion (whether automatic or optional) of the interest rate will affect the secondary market and the market value of the Notes since the conversion may lead to a lower overall cost of borrowing. If a fixed rate is converted to a floating rate, the spread on the fixed to floating rate Notes may be less favourable than then prevailing spreads on comparable floating rate Notes tied to the same reference rate. In addition, the new floating rate at any time may be lower than the rates on other Notes.

(f) Notes issued at a substantial discount or premium

The market values of securities issued at a substantial discount or premium from their principal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing securities. Generally, the longer the remaining term of the securities, the greater the price volatility as compared to conventional interest-bearing securities with comparable maturities.

(g) Variable rate Notes with a multiplier or other leverage factor

Notes with variable interest rates can be volatile investments. If they are structured to include multipliers or other leverage factors, or caps or floors, or any combination of those features, their market values may be even more volatile than those for securities that do not include those features.

(h) Variable rate Notes

(i) General

Prospective purchasers of the Notes are warned that interest, may be affected by, inter alia, the value of the underlying. Prospective purchasers of the Notes should make their own independent evaluation of the risks associated with an investment in the Notes. The kind of Notes mentioned below is only a part of the variable rate structures that can be issued under the Programme.

(ii) Snowball Notes

Interest is generally payable annually in arrear. At the end of the first Interest Period, investors shall receive a gross coupon of a fixed rate per annum, payable on the first Interest Payment Date.

Thereafter, for the period from, and including, the first Interest Payment Date to, but excluding the Maturity Date, the Notes will bear interest according to a formula which is dependant on the evolution of a reference rate (e.g. the 12 month EURIBOR).

The formula is composed of the interest rate paid at the previous Interest Payment Date plus a predetermined additional output which grows every year minus the reference rate.

The value of this variable rate mechanism is included in the pricing of the Notes (determination of the conditions, level of the first fixed rate).

(iii) Thunderball Notes

Interest is generally payable annually in arrear. At the end of the first Interest Period, investors shall receive a gross coupon of a fixed rate per annum, payable on the first Interest Payment Date.

Thereafter, for the period from, and including, the first Interest Payment Date to, but excluding the Maturity Date, the Notes will bear interest dependant on the quotations of a reference rate as more fully specified under the formula mentioned in the relevant Final Terms. Therefore, the quotations will affect the interest payable on the relevant Interest Payment Date.

The formula is a percentage of the interest rate paid at the previous Interest Payment Date minus the reference rate. The Interest Rate applicable for each Interest Period, such rate being determined in accordance with the formula, will be of a maximum fixed rate per annum.

(iv) Range Accrual Notes

The Notes will bear interest dependant on the daily evolution of a reference rate (e.g. the 12 month EURIBOR) during the entire interest period preceding the interest payment date, compared to a reference range. The interest rate will be calculated on the basis of the number of calendar days or business days for which the reference rate is at or within the reference range. The reference range can be fixed or not.

The formula to determine the interest rate is a percentage times the number of calendar days or business days in the interest period for which the reference rate is at or within the reference range on the total number of calendar days or business days in the Interest Period.

(v) **CMS Linked Notes**

The interest on the Notes is linked to (i) the performance of the 10 year Euro Constant Maturity Swap (CMS) Rate and (ii) the development of the difference between such rate (“**EUR 10 Yr CMS**”) and the 2 year Euro Constant Maturity Swap Rate (“**EUR 2 Yr CMS**”). Both rates give an indication of the rates at which banks are prepared to lend to each other in the interbank market for the relevant period. Generally speaking, the 10 year rate is supposed to be higher than the 2 year rate because of the longer time horizon and the higher risk associated therewith. The interest on the Notes will depend on, *inter alia*, the difference between the two rates. The higher the difference observed between the two rates (i.e. the 10 year rate minus the 2 year rate) is *greater*, the higher the interest on the Notes will be. The Interest Rate applicable for each Interest Period, will be of a minimum percentage per annum and of a maximum percentage per annum.

Any historical information regarding rates does not necessarily constitute an indication as to the future performance of the relevant rate.

(vi) **TARGET Redemption Notes**

Interests are payable annually in arrears. At the end of the first year, the investor will receive a fixed gross coupon. Afterwards, during the succeeding Interest Periods, the investor will receive a gross yearly coupon with a variable rate, the calculation of which will be based on a formula taking into account the evolution of a reference (e.g. the 12 months EURIBOR rate in Euro). The Final Coupon will be equal to an amount (expressed as a percentage) representing a certain percentage (as specified in the relevant Final Terms) of the nominal value minus the total value of the gross coupons already paid.

As soon as the sum of the paid gross coupons reaches a certain percentage of the nominal value of the Notes, the Notes will be automatically redeemed.

(i) **Index-Linked Notes**

(i) **General**

An investment in Notes linked to an index, exchange rate, reference rates, securities, or another underlying entails significant risks not associated with a similar investment in fixed or floating rate debt securities.

An investment in Notes, the terms of which provide that the principal, premium, if any, and/or interest payable and/or securities deliverable, is linked to one or more currencies or composite currencies (including exchange rates and swap indices between currencies or composite currencies), commodities, securities, basket of securities or securities indices, interest rates or other indices (together, the “**indices**”), either directly or inversely (the “**indexed Notes**”), entails significant risks that are not associated with investments in a conventional fixed rate or floating rate debt security.

These risks include the possibility that an index or indices may be subject to significant changes, that the resulting interest rate will be less than that payable on a conventional fixed or floating rate debt security issued by the relevant Issuer at the same time, that the repayment of principal and/or premium, if any, and/or delivery of securities can occur at times other than that expected by the investor, that, in certain circumstances, the Notes may cease to bear interest and that prospective investors, could lose all or a substantial portion of their investment, if any, payable on the maturity date. These risks depend on a number of interrelated factors, including economic, financial and political events, over which the relevant Issuer has no control.

Additionally, if the formula used to determine the amount of principal, premium, if any, and/or interest payable and/or securities deliverable with respect to such Notes contains a multiplier or leverage factor, the effect of any change in the applicable index or indices will be magnified. In recent years, values of certain indices have been highly volatile; such volatility in the past is not necessarily indicative, however, of fluctuations that may occur in the future.

Index-linked Notes are debt securities which do not provide for predetermined redemption amounts and/or interest payments but amounts due in respect of principal and/or interest will be dependent upon the performance of an index, which itself may contain substantial credit, interest rate or other risks. The amount of principal and/or interest, if any, payable by the Issuer might be substantially less than the issue price or, as the case may be, the purchase price invested by the Holder of Notes and may even be zero in which case the Holder of Notes may lose his entire investment.

Index-linked Notes are not in any way sponsored, endorsed, sold or promoted by the index sponsor or the respective licensor of the index and such index sponsor or licensor makes no warranty or representation whatsoever, express or implied, either as to the results to be obtained from the use of the index and/or the figure at which the index stands at any particular time. Each index is determined, composed and calculated by its respective index sponsor or licensor, without regard to the Issuer or the Notes. None of the index sponsors or licensors is responsible for or has participated in the determination of the timing of, prices at, or quantities of the Notes to be issued or in determination or calculation of the equation by which the Notes settle into cash. None of the index sponsors or licensors has any obligation or liability in connection with the administration, marketing or trading of the Notes. The index sponsor or licensor of an index has no responsibility for any calculation agency adjustment made for the index.

None of the Issuer, Dealer(s) or any of their affiliates makes any representation as to an index. Any of such persons may have acquired, or during the term of the Notes may acquire, non-public information with respect to an index that is or may be material in the context of index-linked Notes. The issue of index-linked Notes will not create any obligation on the part of any such persons to disclose to the Holders of Notes or any other party such information (whether or not confidential).

In addition, certain Notes may be designed for specific investment objectives or strategies and, therefore, may have a more limited secondary market and experience more price volatility than conventional debt securities. Prospective investors may not be able to sell such Notes readily or at prices that will enable them to realise their anticipated yield. Prospective investors should not purchase such Notes unless they understand and are able to bear the risks that such Notes may not be readily saleable, that the value of such Notes will fluctuate over time and that such fluctuations may be significant.

(ii) **Performance Notes**

The Final Redemption Amount of each Note is linked to the evolution of an Index (e.g. the Dow Jones Euro Stoxx 50SM). The Redemption Amount will at least equal to the Principal Amount.

The main data of the formula used to determine Final Redemption Amount is the sum of the monthly performances of the Index over a certain period (e.g. 2 years), a certain number of highest monthly performances (e.g. 5) not being taken into account, as specified in the relevant Final Terms.

(iii) **Inflation Linked Notes**

The Final Redemption Amount will be the principal amount of each Note multiplied by the evolution of the inflation index as defined in the relevant Final Terms during the period specified in the relevant Final Terms.

(j) **Equity Linked Notes**

(i) **General**

The interest amount and/or the redemption amount is linked to the evolution of a share or of a basket of shares. An investment in these Notes entails significant risks not associated with a similar investment in fixed or floating rate debt securities. An investment in equity-linked Notes may bear similar market risks to a direct equity investment and investors should take advice accordingly.

(ii) **Swing Notes**

Interest is generally payable annually in arrears at a variable rate of interest equal to the percentage of the smallest yearly performance in absolute value among a number of shares of a basket (the "**Shares**") with a minimum percentage per annum. The Notes will be reimbursed at their nominal amount at maturity.

An investment in the Notes is not the same as an investment in any or all of the Shares or an investment which is linked to an index reflecting the prices of each of the Shares. These Notes are meant for investors who believe in the volatility of the price of the Shares in the basket.

The Notes involve complex risks, which include, among other things, Share price risks, credit risks, interest rate risks and risks related to the liquidity of the Notes.

The Shares are specified in the relevant Final Terms and are subject to adjustments or replacements as provided in the terms and conditions and in the Final Terms.

(k) **Credit Linked Notes**

(i) **General**

Investment in the Notes is directed at institutional investors who are conversant with the considerable risks involved in credit derivatives, who are willing to assume such risks, and who can absorb a partial or complete loss of principal and interest. The Notes carry various risks including, without limitation, the insolvency risk of the relevant Issuer and the Guarantor, if any, and the insolvency, payment default and credit risk of the Reference Entities.

The Notes are linked to a notional structured credit default swap transaction and in particular to the occurrence of one or more Credit Events (as further described in the Final Terms and the Notional Credit Default Swap) with respect to a portfolio of companies comprising Reference Entities (the "**Reference Portfolio**") under the Notional Credit Default Swap. If one or more Credit Events occur in relation to the Reference Entities, the amount of principal to be redeemed under the Notes upon maturity or early redemption and the amounts of interest under the Notes payable until maturity and early redemption is highly likely to be reduced. Accordingly,

the amount payable to investors on redemption may be substantially less than the initial principal amount of the Notes and may even be zero.

Consequently, each prospective purchaser of the Notes should understand that the Notes are not principal or coupon guaranteed and it may lose, in part or in whole, amounts invested in the Notes, for instance, but not limited to, as the result of a Credit Event occurring with respect to one or more Reference Entities. You should not consider purchasing these Notes without taking detailed advice from a specialised professional adviser.

In the case of Credit Linked Notes with a physical settlement, holders may receive in lieu of any payment of principal, certain securities of the reference entities which may have a market value substantially less than that of the initial investment of such holder. Prospective investors should note that they may be required to take delivery of these securities and should ensure that they have the capacity to receive such obligations on purchasing the Notes.

Investors in the Notes have to make their own analysis as to the suitability of investment in the Notes, the terms and conditions of which are set out in the relevant Final Terms, and may not rely on any prior representations made which would not be in accordance with the information described in the relevant Final Terms.

(ii) **Limited liquidity of Credit Linked Notes**

There can be no assurance that a secondary market for the Notes will develop or, if a secondary market does develop, that it will provide the Noteholders with liquidity or that it will continue for the life of the Notes.

No person has granted any undertaking to provide any secondary market for the Notes.

Consequently, any purchaser of the Notes must be prepared to hold the Notes for an indefinite period of time or until final redemption or maturity of the Notes. The purchase of the Notes is only suitable for investors who can bear the risks associated with a lack of liquidity in the Notes.

(iii) **Conflicts of interest, Fortis Bank nv-sa**

Potential investors should pay attention to the fact that Fortis Bank nv-sa is arranger, Issuer or Guarantor, Calculation Agent, protection buyer under a credit default swap similar to the Notional Credit Default Swap in relation to an identical Reference Portfolio (in such capacity, the "**Credit Default Swap Counterparty**"), and is underwriting the issue of the Notes, so that various potential and actual conflicts of interest may arise. In order to mitigate the occurrence of such conflicts of interest, Fortis Bank nv-sa, when acting in its various capacities in connection with the issue of the Notes, shall comply with the standards of conduct applicable generally to banks in Belgium, as applied by Fortis Bank nv-sa's internal compliance procedure. Fortis Bank nv-sa acting in such capacities shall have only the duties and responsibilities expressly agreed to by it in its relevant capacity and shall not, by virtue of its acting in any other capacity, be deemed to have other duties or responsibilities or be deemed to hold a standard of care other than as expressly provided with respect to each such capacity.

In case of the occurrence of a conflict of interest as described above, the Credit Default Swap Counterparty shall not be obliged to give priority to the interests of the Issuer. For the avoidance of doubt, the Credit Default Swap Counterparty shall be under no obligation to prioritise the Issuer over any other issuer involved in its commercial arrangements outside the arrangements relating to the Notes.

As Calculation Agent in respect of the Notes and the Notional Credit Default Swap, Fortis Bank nv-sa acts solely as agent of the Issuer and as Guarantor (in case of Notes issued by Fortis Luxembourg Finance S.A.) and it does not assume any obligation, relationship of agency, trust or other responsibility toward the Noteholders. Therefore, potential conflicts of interest may exist between the Calculation Agent and the Noteholders, including with respect to certain determinations and judgments that the Calculation Agent may make under the Conditions and the Notional Credit Default Swap, which may influence the amount receivable upon redemption of the Notes and the amount of interest receivable.

As Calculation Agent, Fortis Bank nv-sa make certain determinations and judgments in good faith and in a commercially reasonable manner. Such determinations and judgments including the valuation of a Credit Event on a Reference Entity, which will affect the outstanding notional amount under the Notional Credit Default Swap. Consequently, this valuation will impact the calculation of the coupon and the redemption amount. The interests of Fortis Bank nv-sa as Credit Swap Counterparty do not correspond with and can be opposite to the interests of the Noteholders.

(iv) **Conflicts of Interest, Fortis Luxembourg Finance S.A.**

In case of Notes issued by Fortis Luxembourg Finance S.A., the Issuer may from time to time enter into credit default swap agreements with Fortis Bank nv-sa or other counterparties. The Issuer may issue further credit linked notes, involving the same, similar or other Reference Entities.

(v) **Independent review and advice**

Each prospective purchaser of Notes must determine, based on its own independent review (including as to the financial condition and affairs and its own appraisal of the creditworthiness of the Issuer, the Guarantor, any Reference Entity and the terms of the Notional Credit Default Swap) and such professional advice (including, without limitation, tax, accounting, credit, legal and regulatory advice) as it deems appropriate under the circumstances, whether an investment in the Notes is appropriate in its particular circumstances.

In so doing, and without restricting the generality of the preceding paragraph, such prospective purchaser must determine that its acquisition and holding of the Notes (i) is fully consistent with its (or if it is acquiring the Notes in a fiduciary capacity, the beneficiary's) financial needs, objectives and condition, (ii) complies and is fully consistent with its articles of association and with all investment policies, guidelines and restrictions applicable to it (whether acquiring the Notes as principal or in a fiduciary capacity) and (iii) is a fit, proper and suitable investment for it (or if it is acquiring the Notes in a fiduciary capacity, for the beneficiary), notwithstanding the clear and substantial risks inherent in investing in or holding the Notes.

Neither the relevant Final Terms, any other parts of the Base Prospectus nor any other information supplied in connection with any Notes (i) is intended to provide the basis of any credit or other evaluation or (ii) should be considered as a recommendation or constituting an invitation by the Issuer, the Guarantor or any other person that any recipient of the Final Terms, any other part of the Base Prospectus or any other information supplied in connection with any of them should purchase any Notes.

In case of any doubt about the content or the meaning of the Final Terms, the functioning of the Notes or about the risk involved in purchasing the Notes, investors should consult a specialised financial adviser or abstain from investing.

Neither the Issuer, the Guarantor (if any), the Arranger, the Calculation Agent, the Credit Swap Counterparty, the Paying Agents, the Fiscal Agent or any other party makes any representation as to the credit quality of any Reference Entity. Any of such persons may have acquired, or during the term of the Notes may acquire, non-public information with respect to such Reference Entity. None of such persons is under any obligation to make available any information relating to, or keep under review on the Noteholders' behalf, the business, financial conditions, prospects, creditworthiness or status of affairs of any Reference Entity or conduct any investigation or due diligence into any Reference Entity.

(l) **Partly-paid Notes**

The Issuer may issue Notes where the issue price is payable in more than one instalment. Failure to pay any subsequent instalment could result in an investor losing all of his investment.

(m) **Structured Notes in general**

An investment in Notes, the premium and/or the interest on or principal of which is determined by reference to one or more values of currencies, commodities, interest rates, shares or other indices of formulae, either directly or inversely, may entail significant risks not associated with similar investments in a conventional debt security, including the risks that the resulting interest rate will be less than that payable on a conventional debt security at the same time and/or that an investor may lose the value of its entire investment or part of it, as the case may be. Neither the current nor the historical value of the relevant currencies, commodities, interest rates, shares or other indices or formulae should be taken as an indication of future performance of such currencies, commodities, interest rates, shares or other indices or formulae during the term of any Note.

2. RISKS RELATING TO THE ISSUERS AND THE GUARANTOR

Any investment in the Notes involves risks, including those described below. Prospective investors of Notes should carefully consider the following investment considerations and the other information in this Base Prospectus before deciding whether an investment in the Notes is suitable. If any of the following risks actually occurs, the trading price of the Notes could decline and an investor could lose all or part of its investment. Additional risks not currently known to the relevant Issuer, the Guarantor or Fortis generally or risks that the relevant Issuer, the Guarantor or Fortis generally presently deems immaterial may subsequently harm such Issuer, the Guarantor or Fortis generally and affect an investor's investment.

2.1 INVESTMENT CONSIDERATIONS RELATING TO THE BUSINESS OF FORTIS.

(a) ***As part of the financial services industry, Fortis faces substantial competitive pressures which could adversely affect Fortis' results of operations.***

There is substantial competition in the Benelux and the other regions in which Fortis does business for the types of insurance, banking and asset management and other products and services which Fortis provides. Such competition is most pronounced in Fortis' core Benelux markets (38 per cent., 45 per cent. and 17 per cent. of operating result before taxation in 2003 was derived from Belgium, The Netherlands and Luxembourg, respectively) where it faces competition from companies such as ING Group, ABN AMRO Bank N.V., Aegon N.V., Rabobank, KBC Bank N.V. and Dexia. As a result, Fortis' strategy is to maintain customer loyalty and retention

which can be influenced by a number of factors, including service levels, the prices and attributes of products and services, financial strength and claims-paying ratings and actions taken by competitors. If Fortis is unable to compete with attractive product and service offerings that are profitable, Fortis may lose market share or incur losses on some or all activities.

Competition in the financial services industry is affected by the high level of consolidation, both at a national and an international level, in the markets in which Fortis operates as well as the emergence of alternative distribution channels for many of the products Fortis offers. Consumer demand, technological changes, regulatory actions and other factors also affect competition. The implementation of the euro also resulted in increased cross-border competition.

Competitive pressures could result in increased pricing pressures on a number of Fortis' products and services, particularly as competitors seek to win market share, and may harm Fortis' ability to maintain or increase profitability.

(b) *Market conditions can adversely affect Fortis' results.*

Each of Fortis' business segments is affected by market conditions, which can cause results to fluctuate from year to year as well as on a long-term basis. These conditions include economic cycles such as insurance industry cycles, particularly with respect to non-life insurance, financial market cycles, including volatile movements in market prices, and banking industry cycles. The non-life insurance industry cycles are characterised by periods of price competition, fluctuations in underwriting results and the occurrence of unpredictable weather-related and other losses. Fluctuations in interest rates and exchange rates, monetary policy, consumer and business spending, demographics and changes with respect to mortality, particularly with respect to life insurance, and competitive and other factors also influence Fortis' performance. As a result of changing market conditions and the influence of financial and industry cycles, Fortis' results of operations are subject to volatility that may be outside the control of Fortis. In particular, Fortis' merchant banking, securities trading and brokerage activities income and profit or loss before taxation may vary significantly from year to year *depending on market conditions*.

(c) *Securities market volatility or downturns can adversely affect Fortis' banking, asset management and insurance activities.*

Market volatility and overall declines in market indices can negatively affect Fortis' merchant banking, securities trading, brokerage, asset management and insurance activities. Volatility and declines in market indices can reduce unrealised gains in Fortis' various portfolios, the excess solvency margin of its insurance subsidiaries, or the demand for some of its banking, asset management or insurance products. However, a further protracted or another steep decline in the stock or bond markets would adversely affect investments, could reduce market liquidity, and would likely further reduce the popularity of products linked to financial assets. Market downturns and high volatility can occur not only as a result of purely economic factors, but also as a result of war, acts of terrorism, natural disasters, or other similar events.

(d) *Volatility in interest rates may adversely affect Fortis' insurance, banking and asset management businesses.*

Fluctuations in interest rates affect the returns Fortis earns on fixed interest investments. Interest rate changes also affect the market values of, and the amounts of capital gains or losses Fortis takes on the fixed interest securities it holds. Over the past several years, movements in short and long-term interest rates have affected Fortis' net interest income and how much and when Fortis recognised gains and losses on securities held in its investment portfolios.

While Fortis reduces the impact of interest rate fluctuations on its life insurance business by transferring interest rate exposure to some policyholders through product design, Fortis' insurance business can be adversely affected by sustained low interest rates as well as certain interest rate movements. In particular, the profitability of spread-based insurance products depends in large part upon the ability to manage interest rate spreads and the credit and other risks inherent in the investment portfolio. In addition certain of Fortis' traditional life insurance products provide for guaranteed returns. Although the impact of such guarantees on results of operations will be spread out over a period of years in a sustained low-interest rate environment, such guarantees may also affect profitability. There can be no assurance that Fortis will be able to successfully manage interest rate spreads or the potential negative impact of risks associated with sustained low rates or interest rate changes.

The results of Fortis' banking operations are affected by its management of interest rate sensitivity.

Interest rate sensitivity refers to the relationship between changes in market interest rates and changes in net interest income. The composition of Fortis banking assets and liabilities, and any gap position resulting from the composition, causes the banking operations' net interest income to vary with changes in interest rates. In addition, variations in interest rate sensitivity may exist within the repricing periods or between the different currencies in which Fortis holds interest rate positions. A mismatch of interest-earning assets and interest-bearing liabilities in any given period may, in the event of changes in interest rates, have a material effect on the financial condition or result from operations of Fortis' banking businesses.

(e) *Asset illiquidity can adversely affect Fortis' business.*

Liquidity risk is inherent in much of Fortis' business. Each asset purchased and liability sold has liquidity characteristics that are unique. Some liabilities are surrenderable while some assets have low liquidity such as privately placed loans, mortgages loans, real estate and limited partnership interests. Additionally, protracted market declines can reduce the liquidity of markets that are typically liquid. If, in the course of its insurance or other activities, Fortis requires significant amounts of cash on short notice in excess of anticipated cash requirements, Fortis may have difficulty selling these investments at attractive prices, in a timely manner, or both.

(f) *While Fortis manages its operational risks, these risks remain an inherent part of all of Fortis' businesses.*

The operational risks that Fortis faces include the possibility of inadequate or failed internal or external processes or systems, human error, regulatory breaches, employee misconduct or external events such as fraud. These events can potentially result in financial loss as well as harm to Fortis' reputation. Additionally, the loss of key personnel could adversely affect Fortis' operations and results.

Fortis' business inherently generates operational risks. The business is dependent on processing a large number of complex transactions across numerous and diverse products, and is subject to a number of different legal and regulatory regimes. Additionally, because of the long-term nature of much of Fortis' business, accurate records have to be maintained for significant periods.

Fortis attempts to keep operational risks at appropriate levels by maintaining a sound and well controlled environment in light of the characteristics of its business, the markets and the regulatory environments in which it operates. While these control measures mitigate operational risks they do not eliminate them.

(g) *Fortis' insurance business is subject to risks concerning the adequacy of its technical provisions to cover future losses and benefits.*

Fortis' technical provisions may prove to be inadequate to cover Fortis' actual losses and benefits experience. For example, Fortis derives its life and health insurance reserves from actuarial practices and assumptions, including an assessment of mortality and morbidity rates. If the actual future mortality and morbidity rates deviate from those Fortis has projected, the insurance reserves could be inadequate. Other assumptions that influence insurance reserves relate to long-term development of interest rates, guaranteed return levels, investment returns, policyholder bonus rates, policyholder lapses, and future expense levels.

Additionally, some of Fortis' insurance products are affected by certain unpredictable events, including catastrophic events. For example, some weather-related events could result in substantial costs to Fortis.

To the extent that technical provisions are insufficient to cover actual insurance losses, loss adjustment expenses or future policy benefits, Fortis would have to add to these technical provisions and incur a charge to its earnings. Additional losses, including losses arising from changes in the legal environment, the type or magnitude of which Fortis cannot foresee, may emerge in the future. Any insufficiencies in technical provisions for future claims could have a material adverse effect on Fortis' future consolidated financial condition, results of operations and cash flows.

(h) *Fortis has significant counterparty risk exposure.*

Fortis is subject to general credit risks, including credit risks of borrowers, as well as credit risks of its reinsurers. Third parties that owe Fortis money, securities or other assets may not pay or perform under their obligations. These parties include borrowers under loans made, the issuers whose securities Fortis holds, customers, trading counterparties, counterparties under swaps and credit and other derivative contracts, clearing agents, exchanges, clearing houses and other financial intermediaries. These parties may default on their obligations to Fortis due to bankruptcy, lack of liquidity, downturns in the economy or real estate values, operational failure or other reasons.

Fortis transfers its exposure to certain risks in its non-life and life insurance businesses to others through reinsurance arrangements. Under these arrangements, other insurers assume a portion of Fortis' losses and expenses associated with reported and unreported losses in exchange for a portion of policy premiums. The availability, amount and cost of reinsurance depend on general market conditions and may vary significantly.

Any decrease in the amount of Fortis' reinsurance will increase Fortis' risk of loss. When Fortis obtains reinsurance, it is still liable for those transferred risks if the reinsurer cannot meet its obligations. Therefore, the inability of Fortis' reinsurers to meet their financial obligations could materially affect Fortis' results of operations. Although Fortis conducts periodic reviews of the financial statements and reputations of its reinsurers, the reinsurers may become financially unsound by the time they are called upon to pay amounts due, which may not occur for many years.

(i) *Catastrophic events, terrorist attacks and other acts of war could have a negative impact on Fortis' business and results.*

Catastrophic events, terrorist attacks, other acts of war or hostility, and responses to those acts may create economic and political uncertainties, which could have a negative impact on economic conditions in the

regions in which Fortis operates and, more specifically, on the business and results of Fortis in ways that cannot be predicted.

(j) Fortis' results of operations can be adversely affected by significant adverse regulatory developments including changes in tax law.

Fortis conducts its businesses subject to ongoing regulation and associated regulatory risks, including the effects of changes in the laws, regulations, policies and interpretations in the Benelux and the other regions in which Fortis does business. The timing and form of future changes in regulation are unpredictable and beyond the control of Fortis, and changes made could materially adversely affect Fortis' business, the products and services offered or the value of assets.

(k) The financial statements of Fortis Bank when prepared in accordance with International Financial Reporting Standards (including International Accounting Standards and Interpretations) issued by the International Accounting Standards Board as at 31 December 2005, and as endorsed by the European Commission for financial reporting ("IFRS"), will impact the financial results of Fortis Bank as they differ in significant respects from GAAP in accordance with Belgian law.

Fortis' financial statements are prepared on the basis of IFRS as of 2005 (previously known as "International Accounting Standards" or "IAS"). Because IFRS emphasises the measure of the fair value of certain assets and liabilities, applying these standards to our financial statements may have a considerable impact on a number of important areas, including, among others, goodwill and intangible assets and financial instruments (including derivatives), accounting for share-based payments, long-term assets, insurance technical reserves, and business combinations. Because Fortis' financial statements prepared in accordance with IFRS will differ from its financial statements prepared on the basis of GAAP in accordance with Belgian law, the methods used by the financial community to assess Fortis' financial performance and value its publicly-traded securities could be affected and Fortis' financial statements may be materially different from the financial statements included herein.

For the purposes of these Conditions, "Principal Paying Agent" means, in relation to any series of Notes, the Fiscal Agent or the Principal Paying Agent specified above or the Alternative Principal Paying Agent, as specified on the relevant Note. The initial Calculation Agent (if any) is specified on the relevant Note. In relation to the Notes issued by Fortis Bank which are to be cleared through the book-entry clearance and settlement system (the "X/N System") "X/N Notes" operated by the National Bank of Belgium or any successor thereto (the "NBB"), if so specified in the relevant Final Terms, Fortis Bank has in addition to the Agency Agreement it entered into with, *inter alia*, Fortis Bank nv-sa as Domiciliary Agent, also entered into a clearing agreement with the NBB and the Domiciliary Agent on 3 November 2005 (as amended or supplemented from time to time, the "Clearing Agreement"). The Notes have the benefit of a deed of covenant dated 29 September 2006 (the "Deed of Covenant" as amended, supplemented and replaced) executed by the Issuers and the Guarantor. The Noteholders (as defined below), the holders of the coupons (the "Coupons") appertaining to interest bearing Notes in bearer form and, where applicable in the case of such Notes, talons for further Coupons (the "Talons") (the "Couponholders") and the holders of the instalment receipts (the "Receipts") appertaining to the payment of principal by instalments (the "Receiptholders") are deemed to have notice of all of the provisions of the Agency Agreement and the Deed of Covenant applicable to them.

Copies of the Agency Agreement, the Clearing Agreement and the Deed of Covenant are available for inspection at the specified offices of each of the Paying Agents, the Registrar and the Transfer Agents.

1. Form, Denomination and Title

Notes are issued in bearer form ("Bearer Notes", which expression includes Notes which are specified to be Exchangeable Bearer Notes) in the Specified Denomination(s) (as specified in the relevant Final Terms), (in the case of Notes issued by Fortis Luxembourg only) in registered form ("Registered Notes") in amounts of the Denomination or an integral multiple thereof ("Authorised Denominations") or (in the case of Notes issued by Fortis Luxembourg only) in bearer form exchangeable for Registered Notes ("Exchangeable Bearer Notes") and, in each case, serially numbered.

Bearer Notes are issued with Coupons (and, where appropriate, a Talon) attached, save in the case of Notes which do not bear interest in which case references to interest (other than in relation to interest due after the Maturity Date), Coupons and Talons in these Conditions are not applicable. Any Bearer Note the principal amount of which is redeemable in instalments is issued with one or more Receipts attached.

Title to the Bearer Notes and the Receipts, Coupons and Talons appertaining thereto shall pass by delivery. Title to the Registered Notes shall pass by registration in the Register which the relevant Issuer shall procure to be kept by the Registrar in accordance with the provisions of the Agency Agreement; and an up-to-date copy of the Register shall be kept at the registered office of the relevant Issuer all changes in the inscriptions in the Register being notified and made available to the relevant Issuer. Except as ordered by a court of competent jurisdiction or as required by law, the holder of any Note, Receipt, Coupon or Talon shall be deemed to be and may be treated as the absolute owner of such Note, Receipt, Coupon or Talon, as the case may be, for the purpose of receiving payment thereof or on account thereof and for all other purposes, whether or not such Note, Receipt, Coupon or Talon shall be overdue and notwithstanding any notice of ownership, theft or loss thereof or any writing thereon made by anyone.

In these Conditions, “*Noteholder*” means the bearer of any Bearer Note and the Receipts relating to it or the person in whose name a Registered Note is registered (as the case may be), “*holder*” (in relation to a Note, Receipt, Coupon or Talon) means the bearer of any Bearer Note, Receipt, Coupon or Talon or the person in whose name a Registered Note is registered (as the case may be) and capitalised terms have the meanings given to them on this Note, the absence of any such meaning indicating that such term is not applicable to this Note.

No person shall have any right to enforce any term or condition of any Note under the Contracts (Rights of Third Parties) Act 1999.

2. Exchanges of Bearer Notes and Transfers of Registered Notes

(a) Exchange of Bearer Notes

Subject as provided in Condition 2(e), Exchangeable Bearer Notes may be exchanged for the same aggregate principal amount of Registered Notes of an Authorised Denomination at the request in writing of the relevant Noteholder and upon surrender of each Exchangeable Bearer Note to be exchanged, together with all unmatured Receipts, Coupons and Talons relating to it, at the specified office of the Registrar or any Transfer Agent; provided, however, that where an Exchangeable Bearer Note is surrendered for exchange after the Record Date (as defined in Condition 7(b)) for any payment of interest, the Coupon in respect of that payment of interest need not be surrendered with it. Registered Notes may not be exchanged for Bearer Notes. Bearer Notes of one Denomination may not be exchanged for Bearer Notes of another Denomination. Bearer Notes which are not Exchangeable Bearer Notes may not be exchanged for Registered Notes.

(b) Transfer of Registered Notes

A Registered Note may be transferred in whole or in part in an Authorised Denomination upon the surrender of the Registered Note to be transferred, together with the form of transfer endorsed on it duly completed and executed, at the specified office of the Registrar or any Transfer Agent. In the case of a transfer of part only of a Registered Note a new Registered Note in respect of the balance not transferred will be issued to the transferor.

(c) Delivery of new Registered Notes

Each new Registered Note to be issued upon exchange of Exchangeable Bearer Notes or transfer of Registered Notes will, within three business days (being a day, other than a Saturday or Sunday, on which banks are open for business in the place of the specified office of the Transfer Agent or the Registrar to whom such request for exchange or transfer shall have been delivered) of receipt of such request for exchange or form of transfer, be available for delivery at the specified office of the Transfer Agent or of the Registrar (as the case may be) to whom such delivery shall have been made or, at the option of the holder making such delivery as aforesaid and as specified in the relevant request for exchange or form of transfer, be mailed at the risk of the holder entitled to the new Registered Note to such address as may be specified in such request for exchange or form of transfer.

(d) Exchange free of charge

Exchange of Notes on registration or transfer will be effected without charge by or on behalf of the relevant Issuer, the Registrar or the Transfer Agents, but upon payment (or the giving of such indemnity as the Registrar or the relevant Transfer Agent may require) in respect of any tax or other governmental charges which may be imposed in relation to it.

(e) Closed periods

No Noteholder may require the transfer of a Registered Note to be registered or an Exchangeable Bearer Note to be exchanged for a Registered Note (i) during the period of 15 days ending on the due date for any payment of principal on that Note, (ii) during the period of 15 days prior to any date on which Notes may be redeemed by the relevant Issuer at its option pursuant to Condition 6(e) or (iii) after any such Note has been drawn for redemption in whole or in part. An Exchangeable Bearer Note called for redemption may, however, be exchanged for a Registered Note which is simultaneously surrendered not later than the relevant Record Date.

3. Status and Guarantee

(a) Senior Notes

This Condition 3(a) is applicable in relation to Notes issued by the relevant Issuer on an unsubordinated basis (the “*Senior Notes*”).

The Senior Notes constitute direct, unconditional, unsubordinated and (subject to the provisions of Condition 4 below) unsecured and general obligations of the relevant Issuer and rank *pari passu* (subject to mandatorily preferred debts under applicable laws) without any preference among themselves and at least equally and rateably with all other present and future outstanding unsecured and unsubordinated obligations, including guarantees and other obligations of a similar nature of such Issuer.

(b) *Senior Subordinated Notes*

This Condition 3(b) is applicable in relation to Notes issued by the relevant Issuer to which both the following conditions apply, namely (i) the Notes have a Maturity Date and (ii) the Notes are being issued on a subordinated basis ("*Senior Subordinated Notes*").

The obligations of the relevant Issuer in respect of the Senior Subordinated Notes constitute senior subordinated obligations of such Issuer. Accordingly, the liabilities of the relevant Issuer under or pursuant to the Senior Subordinated Notes shall not be required to be satisfied until satisfaction of all indebtedness of such Issuer to the depositors (in the case of Fortis Bank) and Senior Creditors or the amount necessary for that purpose shall have been deposited in consignment. For the purposes of this Condition 3(b), "*Senior Creditors*" means all present and future unsubordinated creditors of the relevant Issuer.

(c) *Junior Subordinated Notes*

This Condition 3(c) is applicable in relation to Notes issued by the relevant Issuer to which both the following conditions apply, namely (i) the Notes do not have a Maturity Date and (ii) the Notes are issued on a subordinated basis ("*Junior Subordinated Notes*").

The obligations of the relevant Issuer in respect of Junior Subordinated Notes constitute direct, unsecured and junior subordinated obligations of such Issuer, conditional as described below, and rank (i) *pari passu* without any preference among themselves and with any other Junior Subordinated Notes and, in the case of Fortis Bank, the Junior Subordinated Guarantees granted by the Guarantor under Condition 3(f), (ii) junior to all present and future unsecured obligations of such Issuer which are or are expressed to be subordinated to the unsecured, unsubordinated obligations of such Issuer but not further or otherwise ("*Senior Subordinated Obligations*"), (iii) at least equally and rateably with all other present and future obligations of such Issuer which rank or are expressed to rank junior to the Senior Subordinated Obligations and (iv) in priority to the rights and claims of holders of all classes of equity (including holders of preference shares (if any)) issued by such Issuer, subject to mandatory provisions of Belgian law (in the case of Junior Subordinated Notes issued by Fortis Bank) or the laws of Luxembourg (in the case of Junior Subordinated Notes issued by Fortis Luxembourg).

Claims in respect of the Junior Subordinated Notes are subordinated to the claims of Senior and Subordinated Creditors (as defined below), including holders of Senior Subordinated Notes and, in the case of Fortis Bank, holders of Senior Subordinated Notes issued by Fortis Luxembourg, in respect of a Senior Subordinated Guarantee granted by the Guarantor, and payments of principal and interest by the relevant Issuer in respect of Junior Subordinated Notes will be conditional upon such Issuer being solvent at the time of payment by that Issuer and no principal or interest shall be due and payable in respect of Junior Subordinated Notes except to the extent that (assuming a payment was then due by the relevant Issuer) such Issuer could make such payment in whole or in part, rateably with payments in respect of Other *Pari Passu* Claims (as defined below), and still be solvent immediately thereafter. For the purposes of these Conditions the relevant Issuer shall be solvent if (i) it is able to pay its debts as they fall due and (ii) its Assets exceed its Liabilities (in each case as defined below) (other than its Liabilities to persons who are not Senior and Subordinated Creditors). A report as to the solvency of the relevant Issuer by two directors of such Issuer or (if such Issuer is in winding-up, liquidation or bankruptcy) the liquidator of such Issuer, shall in the absence of proven error be treated and accepted by such Issuer, the Noteholders, and the Couponholders and the Receiptholders (if any) as correct and sufficient evidence thereof.

For the purposes of this Condition 3(c), "*Senior and Subordinated Creditors*" means, all creditors of the relevant Issuer (including any holders of Senior Subordinated Notes, in the case of Fortis Bank, holders of Notes issued by Fortis Luxembourg, in respect of a Senior Subordinated Guarantee granted by the Guarantor, other than creditors whose claims are in respect of: (i) any class of equity (including preference shares), subject to mandatory provisions of Belgian law (in the case of Junior Subordinated Notes issued by Fortis Bank) or the laws of Luxembourg (in the case of Notes issued by Fortis Luxembourg), or (ii) unsecured, subordinated obligations which are or are expressed to be subordinated to the Senior Subordinated Obligations or (iii) any other obligations which rank or are expressed to rank either *pari passu* with or junior to the claims of the holders of Junior Subordinated Notes and Coupons and Receipts (if any) appertaining thereto; "*Assets*" means the total assets of the relevant Issuer and "*Liabilities*" means the total liabilities of such Issuer, each as shown by the latest published audited balance sheet of such Issuer but adjusted for contingencies and for subsequent events, all valued in such manner as such directors or liquidator (as the case may be) may determine; and "*Other Pari Passu Claims*" means claims of creditors of the relevant Issuer which are subordinated so as to rank or are expressed to rank *pari passu* with the claims of the holders of Junior Subordinated Notes and Coupons and Receipts (if any) appertaining thereto.

If the relevant Issuer would not otherwise be solvent for the purposes of these Conditions, the amount of the principal and sums which would otherwise be payable as interest on Junior Subordinated Notes will be available to meet the losses of such Issuer.

(d) *Senior Guarantee*

This Condition 3(d) is applicable in relation to any Senior Notes issued by Fortis Luxembourg.

The Guarantor has, by the guarantees endorsed on such Senior Notes and, in the case of the Registered Notes, contained in the Deed of Covenant (the "*Senior Guarantees*"), unconditionally and irrevocably guaranteed the due and punctual payment of all amounts due from Fortis Luxembourg under such Senior Notes and the

Receipts and Coupons relating to them (including any additional amounts payable under Condition 8 below), when and as the same shall become due and payable, whether by declaration or acceleration or otherwise.

The Senior Guarantees constitute direct, unconditional, irrevocable, unsubordinated and (subject to the provisions of Condition 4 below) unsecured obligations of the Guarantor and rank *pari passu* (subject to mandatorily preferred debts under applicable laws) equally and rateably with all other present and future outstanding unsecured and unsubordinated obligations of the Guarantor.

(e) *Senior Subordinated Guarantee*

This Condition 3(e) is applicable in relation to any Senior Subordinated Notes issued by Fortis Luxembourg.

The Guarantor has, by the guarantees endorsed on such Senior Subordinated Notes and, in the case of the Registered Notes, contained in the Deed of Covenant (the "*Senior Subordinated Guarantees*"), unconditionally and irrevocably guaranteed, on a subordinated basis, the due and punctual payment of all amounts due from Fortis Luxembourg under such Senior Subordinated Notes and the Receipts and Coupons relating to them (including any additional amounts payable under Condition 8 below) when and as the same shall become due and payable, whether by declaration or acceleration or otherwise.

As more fully described in the Senior Subordinated Guarantees, the obligations of the Guarantor in respect of the Senior Subordinated Guarantees constitute senior subordinated obligations of the Guarantor. Accordingly, in the events specified in the Senior Subordinated Guarantees, the liabilities of the Guarantor under or pursuant to the Senior Subordinated Guarantees shall not be required to be satisfied until satisfaction of all indebtedness of the Guarantor to the depositors and Senior Creditors or the amount necessary for that purpose shall have been deposited in consignment. As more fully described in the Guarantees, "*Senior Creditors*" means all present and future unsubordinated creditors of the Guarantor.

(f) *Junior Subordinated Guarantee*

This Condition 3(f) is applicable in relation to Junior Subordinated Notes issued by Fortis Luxembourg.

The Guarantor has, by guarantees endorsed on such Junior Subordinated Notes and, in the case of the Registered Notes, contained in the Deed of Covenant (the "*Junior Subordinated Guarantees*" and together with the Senior Guarantees and the Senior Subordinated Guarantees, the "*Guarantees*"), as primary obligor guaranteed, on a subordinated basis, the due and punctual payment of all amounts payable by Fortis Luxembourg on or in respect of such Junior Subordinated Notes and the Receipts and Coupons relating to them (including any additional amounts payable under Condition 8 below) when and as the same shall become due and payable, whether by declaration or acceleration or otherwise.

The Junior Subordinated Guarantees constitute direct, unsecured and junior subordinated obligations of the Guarantor, conditional as described below, and rank (i) *pari passu* without any preference among the other Junior Subordinated Guarantees and the Junior Subordinated Notes, (ii) junior to all present and future unsecured obligations of the Guarantor which are or are expressed to be subordinated to the unsecured, unsubordinated obligations of the Guarantor but not further or otherwise ("*Senior Subordinated Obligations*"), (iii) at least equally and rateably with all other present and future obligations of the Guarantor which rank or are expressed to rank junior to the Senior Subordinated Obligations and (iv) in priority to the rights and claims of holders of all classes of equity (including holders of preference shares (if any)) issued by the Guarantor, subject to mandatory provisions of Belgian law.

Claims in respect of the Junior Subordinated Guarantees are subordinated to the claims of Senior and Subordinated Creditors (as defined below), including holders of Senior Subordinated Notes issued by Fortis Bank and holders of Senior Subordinated Notes issued by Fortis Luxembourg in respect of a Senior Subordinated Guarantee granted by the Guarantor, and payments of principal and interest by Fortis Luxembourg in respect of such Junior Subordinated Notes will be conditional upon the Guarantor being solvent at the time of payment by Fortis Luxembourg and no principal or interest shall be due and payable in respect of such Junior Subordinated Notes except to the extent that (assuming a payment was then due by the Guarantor) the Guarantor could make such payment in whole or in part, rateably with payments in respect of Other *Pari Passu* Claims (as defined below), and still be solvent immediately thereafter. For the purposes of these Conditions the Guarantor shall be solvent if (i) it is able to pay its debts as they fall due and (ii) its Assets exceed its Liabilities (in each case as defined below) (other than its Liabilities to persons who are not Senior and Subordinated Creditors). A report as to the solvency of the Guarantor by two directors of the Guarantor or (if the Guarantor is in winding-up, liquidation or bankruptcy) the liquidator of the Guarantor, shall in the absence of proven error be treated and accepted by the relevant Issuer, the Guarantor, the Noteholders, and the Couponholders and the Receiptholders (if any) as correct and sufficient evidence thereof.

For the purposes of this Condition 3(f), "*Senior and Subordinated Creditors*" means all creditors of the Guarantor (including any holders of Senior Subordinated Notes issued by Fortis Bank and holders of Senior Subordinated Notes issued by Fortis Luxembourg in respect of the Senior Subordinated Guarantee granted by the Guarantor) other than creditors whose claims are in respect of: (i) any class of equity (including preference shares), subject to mandatory provisions of Belgian law, or (ii) unsecured, subordinated obligations which are or are expressed to be subordinated to the Senior Subordinated Obligations of the Guarantor or (iii) any other obligations which rank or are expressed to rank either *pari passu* with or junior to the claims of the holders of

Junior Subordinated Notes and Coupons and Receipts (if any) appertaining thereto under the Junior Subordinated Guarantees; “*Assets*” means the total assets of the Guarantor and “*Liabilities*” means the total liabilities of the Guarantor, each as shown by the latest published audited balance sheet of the Guarantor but adjusted for contingencies and for subsequent events, all valued in such manner as such directors or liquidator (as the case may be) may determine; and “*Other Pari Passu Claims*” means claims of creditors of the Guarantor which are subordinated so as to rank or are expressed to rank *pari passu* with the claims of the holders of Junior Subordinated Notes and Coupons and Receipts (if any) appertaining thereto under the Junior Subordinated Guarantees.

If the Guarantor would not otherwise be solvent for the purposes of these Conditions, the amount of the principal and sums which would otherwise be payable as interest on Junior Subordinated Notes will be available to meet the losses of the Guarantor.

4. Negative Pledge

This Condition 4 is not applicable to Senior Subordinated Notes and Junior Subordinated Notes.

So long as any of the Notes, Receipts or Coupons remains outstanding (as defined in the Agency Agreement), neither of the Issuers nor the Guarantor will create or permit to exist any mortgage, lien (other than liens arising by operation of law), pledge, charge or other security interest upon the whole or any part of its present or future assets or revenues to secure any indebtedness represented by, or in the form of, bonds, notes, debentures or other securities or any guarantee or indemnity in respect of such indebtedness, in each case unless the Notes, Receipts and Coupons share in and are equally and rateably secured by such mortgage, lien, pledge, charge or other security interest, and the instrument creating such mortgage, lien, pledge, charge or other security interest expressly so provides.

5. Interest

(a) *Accrual of interest*

Each Note bears interest on its outstanding principal amount or, in relation to Cash-Settled Credit Linked Notes, its average daily Principal Amount Outstanding from the Interest Commencement Date at the rate per annum (expressed as a percentage) equal to the Interest Rate payable (subject, in the case of Junior Subordinated Notes, to Condition 3(c) and (f), if such Notes have the benefit of a Junior Subordinated Guarantee) in arrear on each Interest Payment Date provided (in the case of Junior Subordinated Notes) that such date is a Compulsory Interest Payment Date in which case interest shall be payable in respect of the interest accrued in the Interest Period ending on the day immediately preceding such date.

In the case of Junior Subordinated Notes, on any Optional Interest Payment Date there may be paid (if the relevant Issuer or the Guarantor, as the case may be, so elects but subject to Condition 3(c) and (f), if such Notes have the benefit of a Junior Subordinated Guarantee) the interest accrued in the Interest Period ending on the day immediately preceding such date but the relevant Issuer or the Guarantor, as the case may be, shall not have any obligation to make such payment and any failure to pay shall not constitute a default by the relevant Issuer or (where such Issuer is Fortis Luxembourg) the Guarantor for any purpose. Any interest not paid in respect of Junior Subordinated Notes on an Optional Interest Payment Date shall, so long as the same remains unpaid, constitute “*Arrears of Interest*” which term shall include interest on such unpaid interest as referred to below. Arrears of Interest may at the option of the relevant Issuer or the Guarantor as the case may be, be paid in whole or in part at any time upon the expiration of not less than seven days notice to such effect given to the Noteholders in accordance with Condition 14, but all Arrears of Interest on all Notes outstanding shall (subject to Condition 3(c) and (f), if the Notes have the benefit of a Junior Subordinated Guarantee) become due in full on whichever is the earliest of (i) the Interest Payment Date immediately following the date upon which a dividend is next declared or paid on any class of share capital of Fortis Luxembourg or the Guarantor (as the case may be), (ii) the date set for any redemption pursuant to Condition 6(b) or (e) and (iii) the date that an order is made or an effective resolution is passed for the winding-up, liquidation or bankruptcy of Fortis Luxembourg or the Guarantor (as the case may be) or the commencement of judicial composition proceedings (“*concordat judiciaire*”) in respect of Fortis Luxembourg or the Guarantor (as the case may be). If notice is given by the relevant Issuer or the Guarantor, as the case may be, of its intention to pay the whole or part of Arrears of Interest, the relevant Issuer shall be obliged (subject to Condition 3(c) or (f), as the case may be,) to do so upon the expiration of such notice. Where Arrears of Interest are paid in part, each such payment shall be applied in or towards satisfaction of the full amount of the Arrears of Interest accrued in respect of the earliest Interest Period in respect of which Arrears of Interest have accrued and have not been paid in full. Arrears of Interest shall bear interest at the rate applicable to the Notes.

Interest will cease to accrue on each Note on the due date for redemption unless, upon due presentation payment of principal is improperly withheld or refused, in which event interest will continue to accrue (as well after as before judgment) at the Interest Rate in the manner provided in this Condition 5 to the Relevant Date (as defined in Condition 8).

(b) *Business Day Convention*

If any date which is specified to be subject to adjustment in accordance with a Business Day Convention would otherwise fall on a day which is not a Relevant Business Day, then, if the Business Day Convention specified is (i) the Floating Rate Convention, such date shall be postponed to the next day which is a Relevant Business Day unless it would thereby fall into the next calendar month, in which event (A) such date shall be

brought forward to the immediately preceding Relevant Business Day and (B) each subsequent such date shall be the last Relevant Business Day of the month in which such date would have fallen had it not been subject to adjustment, (ii) the Following Business Day Convention, such date shall be postponed to the next day which is a Relevant Business Day, (iii) the Modified Following Business Day Convention, such date shall be postponed to the next day which is a Relevant Business Day unless it would thereby fall into the next calendar month, in which event such date shall be brought forward to the immediately preceding Relevant Business Day or (iv) the Preceding Business Day Convention, such date shall be brought forward to the immediately preceding Relevant Business Day.

(c) *Interest Rate on Fixed Rate Notes*

If the Interest Rate is specified as being Fixed Rate and unless otherwise specified in the relevant Final Terms and unless the Notes are Cash-Settled Credit Linked Notes, the amount of interest payable in respect of each Note for any Interest Period shall be the relevant Fixed Coupon Amount and, if the Notes are in more than one Specified Denomination, shall be the relevant Fixed Coupon Amount in respect of the relevant Specified Denomination.

(d) *Interest Rate on Floating Rate Notes*

If the Interest Rate is specified as being Floating Rate and Screen Rate Determination is specified in the relevant Final Terms, the Interest Rate will be determined by the Calculation Agent on the basis of the following provisions:

(i) At or about the Relevant Time on the Interest Determination Date in respect of each Interest Accrual Period, the Calculation Agent will:

(A) in the case of Notes which specify that the Primary Source for Interest Rate Quotations shall be derived from a specified page, section or other part of a particular information service (each as specified on such Notes), determine the Interest Rate for each Interest Accrual Period which shall, subject as provided below, be (x) the Relevant Rate so appearing in or on that page, section or other part of such information service as aforesaid (where such Relevant Rate is a composite quotation or interest rate per annum or is customarily supplied by one entity) or (y) the arithmetic mean (rounded, if necessary, to the next higher one-hundred thousandth of a percentage point) of the Relevant Rates of the persons at the time whose Relevant Rates so appear in or on that page, section or other part of such information service as aforesaid, in any such case in respect of euro-currency deposits in the relevant currency for a period equal to the Specified Duration and as adjusted by the Spread or Spread Multiplier (if any) or by the Maximum or Minimum Interest Rate; and

(B) in the case of Notes which specify that the Primary Source for Interest Rate Quotations shall be the Reference Banks specified on such Notes and in the case of Notes falling within paragraph (i)(A) above but in respect of which no Relevant Rate appears at or about such Relevant Time or, as the case may be, which are to be determined by reference to quotations of persons appearing in or on the relevant page, section or other part of such information service as aforesaid but in respect of which less than two Relevant Rates appear at or about such Relevant Time, request the principal offices in the Relevant Financial Centre (or, in the case of Notes denominated in euro, the principal offices in the euro-zone selected by the Calculation Agent) of each of the Reference Banks specified on such Notes (or, as the case may be, any substitute Reference Bank appointed from time to time pursuant to paragraph (g) below) to provide the Calculation Agent with its Relevant Rate quoted to leading banks for euro-currency deposits in the relevant currency for a period equivalent to the Specified Duration. Where this paragraph (i)(B) shall apply, the Interest Rate for the relevant Interest Accrual Period shall, subject as provided below, be the arithmetic mean (rounded, if necessary, to the next higher one-hundred thousandth of a percentage point) of such Relevant Rates as adjusted by the Spread or Spread Multiplier (if any) or by the Maximum or Minimum Interest Rate, as calculated by the Calculation Agent.

(ii) If, at or about the Relevant Time on any Interest Determination Date where the Interest Rate falls to be determined pursuant to paragraph (i)(B) in respect of a Note, two or three only of such Reference Banks provide such relevant quotations, the Interest Rate for the relevant Interest Accrual Period shall, subject as provided below, be determined as aforesaid on the basis of the Relevant Rates quoted by such Reference Banks.

(iii) If, at or about the Relevant Time on any Interest Determination Date where the Interest Rate falls to be determined pursuant to paragraph (i)(B), only one or none of such Reference Banks provide such Relevant Rates, the Interest Rate for the relevant Interest Accrual period shall be, subject as provided below, whichever is the higher of:—

(A) the Interest Rate in effect for the last preceding Interest Accrual Period to which paragraphs (i)(A) or (B) or (ii) above shall have applied (after readjustment for any difference between any Spread or Spread Multiplier applicable to the preceding Interest Accrual Period and to the relevant Interest Accrual Period); and

(B) the rate per annum (expressed as a percentage) which the Calculation Agent determines to be the arithmetic mean (rounded, if necessary, to the next higher one-hundred thousandth of a percentage point) of the Relevant Rates in respect of the relevant currency which banks in the

principal financial centre of the country of such currency (or, in the case of Notes denominated in euro, in such financial centre or centres in the euro-zone selected by the Calculation Agent) selected by the Calculation Agent (after consultation with the relevant Issuer and (in the case of Notes issued by Fortis Luxembourg) the Guarantor) are quoting at or about the Relevant Time on the relevant Interest Determination Date for a period equivalent to the Specified Duration to leading banks carrying on business in that principal financial centre (or, in the case of Notes denominated in euro, in such financial centre or centres in the euro-zone selected by the Calculation Agent), as adjusted by the Spread or Spread Multiplier (if any) except that, if the banks so selected by the Calculation Agent are not quoting as aforesaid, the Interest Rate shall be the Interest Rate specified in paragraph (iii)(A) above.

(e) *ISDA Determination for Floating Rate Notes*

Where ISDA Determination is specified in the applicable Final Terms as the manner in which the Interest Rate is to be determined, the Interest Rate for each Interest Period will be the relevant ISDA Rate plus or minus (as indicated in the applicable Final Terms) the Margin (if any). For the purposes of this sub-paragraph (d), “*ISDA Rate*” for an Interest Period means a rate equal to the Floating Rate that would be determined by the Fiscal Agent or, in the case of X/N Notes, the Domiciliary Agent under an interest rate swap transaction if the Fiscal Agent or, as the case may be, the Domiciliary Agent were acting as Calculation Agent for that swap transaction under the terms of an agreement incorporating the 2000 ISDA Definitions as amended and updated as at the issue date of the first Tranche of the Notes, published by the International Swaps and Derivatives Association, Inc. (the “*ISDA Definitions*”) and under which:

- (1) the Floating Rate Option is as specified in the applicable Final Terms ;
- (2) the Designated Maturity is a period specified in the applicable Final Terms ; and
- (3) the relevant Reset Date is either (i) if the applicable Floating Rate Option is based on the London inter-bank offered rate (“*LIBOR*”) for a currency, the first day of that Interest Period, (ii) if the applicable Floating Rate Option is based on the euro-zone inter-bank offered rate (“*EURIBOR*”), the first day of that Interest Period or (iii) in any other case, as specified in the applicable Final Terms .

For the purposes of this sub-paragraph (e), “*Floating Rate*”, “*Calculation Agent*”, “*Floating Rate Option*” and “*Designated Maturity*” have the meanings given to those terms in the ISDA Definitions.

(f) *Minimum/Maximum Interest Rates, Spreads and Spread Multipliers*

If any figure is expressed to be as adjusted by a Spread or Spread Multiplier, such adjustment shall be made by adding or subtracting any Spread specified on this Note or multiplying by any Spread Multiplier specified on this Note, subject always to the next paragraph.

If a Maximum or Minimum Interest Rate is specified on this Note, then the Interest Rate shall in no event exceed the maximum or be less than the minimum.

(g) *Calculation*

The amount of interest payable in respect of any Note for any period for which a Fixed Coupon Amount is not specified or not applicable shall be calculated by multiplying the product of the Interest Rate and the outstanding principal amount of such Note by the Day Count Fraction and rounding, if necessary, the resultant figure to the nearest minimum unit of the relevant currency (half of such unit being rounded upwards). Where any Interest Period comprises two or more Interest Accrual Periods, the amount of interest payable in respect of such Interest Period will be the sum of the amounts of interest payable in respect of each of those Interest Accrual Periods.

(h) *Determination and Publication of Interest Rate and Interest Amounts by the Calculation Agent*

If a Calculation Agent is provided for on this Note, it will, as soon as practicable after the Relevant Time on each Interest Determination Date, determine the Interest Rate and calculate the amount of interest payable (the “*Interest Amounts*”) in respect of each Denomination of the Notes (in the case of Bearer Notes) and the minimum Denomination (in the case of Registered Notes) for the relevant Interest Accrual Period and cause the Interest Rate and the Interest Amounts for each Interest Period and the relevant Interest Payment Date to be notified to the Principal Paying Agent, the relevant Issuer, the Guarantor, the Registrar, the Domiciliary Agent (if applicable), each of the Paying Agents, any competent authority, stock exchange and/or quotation system on which the Notes are admitted to listing, trading and/or quotation and the Noteholders as soon as possible after their determination but in no event later than the fourth Relevant Business Day thereafter. The Interest Amounts and the Interest Payment Date so published may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. If the Notes become due and payable under Condition 10, the accrued interest and the Interest Rate payable in respect of the Notes shall nevertheless continue to be calculated as previously by the Calculation Agent in accordance with this Condition but no publication of the Interest Rate or the Interest Amount so calculated need be made. The determination of the Interest Rate and the Interest Amounts by the Calculation Agent shall (in the absence of manifest error) be final and binding upon all parties.

(i) *Calculation Agent and Reference Banks*

The relevant Issuer will procure that there shall at all times be four Reference Banks with offices in the Relevant Financial Centre (or, in the case of Notes denominated in euro, in the financial centre or centres selected by the relevant Issuer) and a Calculation Agent if provision is made for them in the Conditions applicable to this Note and for so long as it is outstanding. If any Reference Bank (acting through its relevant office) is unable or unwilling to continue to act as a Reference Bank, then the Calculation Agent will appoint another Reference Bank with an office in the Relevant Financial Centre (or, in the case of Notes denominated in euro, in the financial centre or centres in the euro-zone) to act as such in its place. If the Calculation Agent is unable or unwilling to act as such or if the Calculation Agent fails duly to establish the Interest Rate for any Interest Period or to calculate the Interest Amounts, the relevant Issuer will appoint the London office of a leading bank engaged in the London interbank market to act as such in its place. The Calculation Agent may not resign its duties without a successor having been appointed as aforesaid.

If, as a result of any amendment to or change in the laws or regulations of Luxembourg or Belgium or any political subdivision thereof or any authority or agency therein or thereof or in the interpretation or administration of any such laws or regulations which becomes effective on or after the Issue Date, the Issuer (or, if the Guarantees were called, the Guarantor) would, on the occasion of the next payment date in respect of the Notes, be required to pay additional amounts as provided in Condition 8, the relevant Issuer may, at its option, on any Interest Payment Date or, if so specified on this Note, at any time on giving not more than 45 nor less than 30 days' notice to the Noteholders (which notice shall be irrevocable) in accordance with Condition 14 redeem all, but not some only, of the Notes at their Redemption Amount which, unless otherwise provided, is its principal amount or, in relation to a Cash-Settled Credit Linked Note, its Principal Amount Outstanding together with interest accrued to the date fixed for redemption, provided that no such notice of redemption shall be given earlier than 90 days prior to the earliest date on which the relevant Issuer (or (in the case of Notes issued by Fortis Luxembourg) the Guarantor) would be obliged to pay such additional amounts were a payment in respect of the Notes (or the Guarantees) then due. Prior to the publication of any notice of redemption pursuant to this Condition 6(b), the relevant Issuer shall deliver to the Fiscal Agent or, in the case of X/N Notes, the Domiciliary Agent a certificate signed by two persons each of whom is a Director of the relevant Issuer stating that the relevant Issuer is entitled to effect such redemption and setting forth a statement of the facts showing that the conditions precedent to the right of the relevant Issuer so to redeem have occurred.

The calculation of the Amortised Face Amount in accordance with this sub-paragraph will continue to be made (as well after as before judgment), until the Relevant Date unless the Relevant Date falls on or after the Maturity Date, in which case the amount due and payable shall be the principal amount of such Note together with any interest which may accrue in accordance with Condition 5(k).

Payments of principal and interest in respect of Bearer Notes will, subject as mentioned below and (in the case of Junior Subordinated Notes) subject to Condition 3(c) or (f), if such Notes have the benefit of a Junior Subordinated Guarantee, be made against presentation and surrender of the relevant Receipts (in the case of payments of Instalment Amounts other than on the due date for redemption and provided that the Receipt is presented for payment together with its relative Note), Notes (in the case of all other payments of principal and, in the case of interest, as specified in Condition 7(f)(vi)) or Coupons (in the case of interest, save as specified in Condition 7(f)(vi)), as the case may be, at the specified office of any Paying Agent outside the United States by a cheque payable in the currency in which such payment is due drawn on, or, at the option of the holders, by transfer to an account denominated in that currency with, a bank in the principal financial centre of that currency; Provided that (i) in the case of Sterling, the cheque shall be drawn on a town clearing branch of a bank in the City of London, (ii) in the case of euro, the transfer may be to a euro account or on an account which accepts euro payments and (iii) in the case of Japanese yen, the transfer will be to a non-resident Japanese yen account with an authorised foreign exchange bank (in the case of payment to a non-resident of Japan).

(b) *Registered Notes*

(i) Payments of principal (which for the purposes of this Condition 7(b) shall include final Instalment Amounts but not other Instalment Amounts) in respect of Registered Notes will be made, subject (in the case of Junior Subordinated Notes) to Condition 3(d) or (f), if such Notes have the benefit of a Junior Subordinated Guarantee, against presentation and surrender of the relevant Notes at the specified office of any of the Transfer Agents or of the Registrar and in the manner provided in paragraph (a) above.

Payments of interest on each Registered Note will be made in the currency in which such payments are due by cheque drawn on a bank (being a town clearing branch of a bank in the case of Sterling) in the principal financial centre of the country of the currency concerned and mailed to the holder (or to the first named of joint holders) of such Note at its address appearing in the Registrar maintained by the Registrar. Upon application by the holder to the specified office of the Registrar or any Transfer Agent before the Record Date and subject as provided in paragraph (a) above, such payment of interest may be made by transfer to an account in the relevant currency maintained by the payee with a bank in the principal financial centre of the country of that currency or, in the case of euro, to a euro account or an account to which euro can be paid.

(c) *Payments in the United States*

Notwithstanding the foregoing, if any Bearer Notes are denominated in U.S. dollars, payments in respect thereof may be made at the specified office of any Paying Agent in New York City in the same manner as aforesaid if (i) the relevant Issuer shall have appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment of the amounts on the Notes in the manner provided above when due, (ii) payment in full of such amounts at all such offices is illegal or effectively precluded by exchange controls or other similar restrictions on payment or receipt of such amounts and (iii) such payment is then permitted by United States law, without involving, in the opinion of the relevant Issuer, adverse tax consequence to such Issuer.

(d) *Payments subject to law etc*

All payments are subject in all cases to any applicable fiscal or other laws, regulations and directives, but without prejudice to the provisions of Condition 8. No commission or expenses shall be charged to the Noteholders, Receiptholders or Couponholders in respect of such payments.

In addition, the relevant Issuer shall forthwith appoint a Paying Agent in New York City in respect of any Bearer Notes denominated in U.S. dollars in the circumstances described in paragraph (c) above.

Notice of any such change or any change of any specified office will promptly be given to the Noteholders in accordance with Condition 14.

(f) *Unmatured Coupons and Receipts and unexchanged Talons*

(i) Unless the Notes provide that the relative Coupons are to become void upon the due date for redemption of those Notes, Notes should be surrendered for payment together with all unexpired Coupons (if any) appertaining thereto, failing which an amount equal to the face value of each missing unexpired Coupon (or, in the case of payment not being made in full, that proportion of that amount of such missing unexpired Coupon which the sum of principal so paid bears to the total principal due) will be deducted from the Redemption Amount due for payment. Any amount so deducted will be paid in the manner mentioned above against surrender of such missing Coupon within a period of 10 years from the Relevant Date for the payment of such principal (whether or not such Coupon has become void pursuant to Condition 9).

(ii) If the relevant Notes so provide, upon the due date for redemption of any Note, unexpired Coupons relating to such Note (whether or not attached) shall become void and no payment shall be made in respect of them.

(iii) Upon the due date for redemption of any Note, any unexpired Talon relating to such Note (whether or not attached) shall become void and no Coupon shall be delivered in respect of such Talon.

(iv) Upon the due date for redemption of any Note which is redeemable in instalments, all Receipts relating to such Note having an Instalment Date falling on or after such due date (whether or not attached) shall become void and no payment shall be made in respect of them.

(v) Where any Note which provides that the relative Coupons are to become void upon the due date for redemption of those Notes is presented for redemption without all unmatured Coupons and any unexchanged Talon relating to it, and where any Note is presented for redemption without any unexchanged Talon relating to it, redemption shall be made only against the provisions of such indemnity as the relevant Issuer may require.

(vi) If the due date for redemption of any Note is not a due date for payment of interest, interest accrued from the preceding due date for payment of interest or the Interest Commencement Date, as the case may be, shall only be payable against presentation (and surrender if appropriate) of the relevant Note, if such Note is not intended to be issued in NGN form. Interest accrued on a Note which only bears interest after its Maturity Date shall be payable on redemption of such Note against presentation thereof.

(g) *Non-Business Days*

If any date for payment in respect of any Note, Receipt or Coupon is not a business day, the holder shall not be entitled to payment until the next following business day nor to any interest or other sum in respect of such postponed payment. In this paragraph, "*business day*" means a day (other than a Saturday or a Sunday) on which banks and foreign exchange markets are open for business in the relevant place of presentation and in such jurisdictions as shall be specified as "*Business Day Jurisdictions*" on the Note and:

(i) (in the case of a payment in a currency other than euro) where payment is to be made by transfer to an account maintained with a bank in the relevant currency, on which foreign exchange transactions may be carried on in the relevant currency in the principal financial centre of the country of such currency; or

8. **Taxation**

All payments of principal and interest in respect of the Notes, the Receipts and the Coupons by the relevant Issuer or (in the case of Notes issued by Fortis Luxembourg) (if the Guarantees were called) the Guarantor will be made without deduction or withholding for, or on account of, any present or future taxes or duties of whatever nature imposed or levied by or on behalf of (in the case of Fortis Luxembourg) Luxembourg or any political subdivision thereof or any authority or agency therein or thereof having the power to tax or, where applicable, (in the case of the Guarantor) Belgium or any political subdivision thereof or any authority or agency therein or thereof having power to tax, unless such deduction or withholding is required by law. In such event, the relevant Issuer or, as the case may be, the Guarantor will pay such additional amounts as may be necessary in order that the net amounts received by the Noteholders, Receiptholders or, as the case may be, the Couponholders after such deduction or withholding shall equal the respective amounts which would have been receivable under these Conditions in respect of the Notes, Receipts or, as the case may be, Coupons by the Noteholders, Receiptholders and (if applicable) the Couponholders in the absence of such deduction or withholding, except that no such additional amounts shall be payable with respect to any Note, Receipt or Coupon:

(i) issued by Fortis Bank, where such Note, Receipt or Coupon is not cleared through the X/N System; or

(ii) issued by Fortis Bank where such Note, Receipt or Coupon is cleared through the X/N System, and where such deduction or withholding is imposed or levied because the holder (or the beneficial owner) is not an Eligible Investor (unless that person was an Eligible Investor at the time of its acquisition of the relevant Note, Receipt or Coupon and has since ceased from being an Eligible Investor by reason of a change in the Belgian tax laws or regulations or in the interpretation or application thereof), or is an Eligible Investor but is not holding the relevant Note, Receipt or Coupon in an exempt securities account with a qualifying clearing system in accordance with the Belgian law of 6 August 1993 relating to transactions in certain securities; or

(iii) presented for payment in Belgium; or

(iv) to, or to a third party on behalf of, a holder who is able to avoid such withholding or deduction by placing such Note, Receipt or Coupon in safe custody with a Belgian bank and by making a declaration of non-residence or other similar claim for exemption to the relevant tax authority; or

(v) to, or to a third party on behalf of, a holder where such holder is liable to such taxes or duties in respect of such Note, Receipt or Coupon by reason of its having some connection with Belgium other than by reason only of the holding of such Note, Receipt or Coupon or the receipt of the relevant payment in respect thereof; or

The substitution shall be made by a deed poll (the "*Deed Poll*"), to be substantially in the form scheduled to the Agency Agreement as Schedule 8, and may take place only if (i) the Substitute shall, by means of the Deed Poll, agree to indemnify each Noteholder and Couponholder against any tax, duty, assessment or governmental charge which is imposed on it by (or by any authority in or of) the jurisdiction of the country of the Substitute's residence for tax purposes and, if different, of its incorporation with respect to any Note, Receipt, Coupon or Talon and which would not have been so imposed had the substitution not been made, as well as against any tax, duty, assessment or governmental charge, and any cost or expense, relating to the substitution, (ii) where the Substitute is not the Guarantor, the obligations of the Substitute under the Deed Poll, the Notes, Receipts, Coupons and Talons shall be unconditionally and irrevocably guaranteed by the Guarantor by means of the Deed Poll, (iii) all action, conditions and things required to be taken, fulfilled and done (including the obtaining of any necessary consents) to ensure that the Deed Poll, the Notes, Receipts, Coupons and Talons represent valid, legally binding and enforceable obligations of the Substitute and, in the case of the Deed Poll (where the Substitute is not the Guarantor), of the Guarantor have been taken, fulfilled and done and are in full force and effect, (iv) the Substitute shall have become party to the Agency Agreement, with any appropriate consequential amendments, as if it had been an original party to it, (v) legal opinions addressed to the Noteholders shall have been delivered to them (care of the Fiscal Agent) from a lawyer or firm of lawyers with a leading securities practice in each jurisdiction referred to in (i) above and in England as to the fulfilment of the preceding conditions of this paragraph (c) and the other matters specified in the Deed Poll and (vi) the relevant Issuer shall have given at least 14 days' prior notice of such substitution to the Noteholders, stating that copies or, pending execution, the agreed text of all documents in relation to the substitution which are referred to above, or which might otherwise reasonably be regarded as material to Noteholders, will be available for inspection at the specified offices of each of the Paying Agents. References in Condition 10 to obligations under the Notes shall be deemed to include obligations under the Deed Poll, and, where the Deed Poll contains a guarantee, the events listed in Condition 10 shall be deemed to include that guarantee not being (or being claimed by the Guarantor not to be) in full force and effect. The Issuer and the Substitute shall also notify the Luxembourg Stock Exchange in respect of such a substitution, procure that a supplement to the Base Prospectus be prepared and comply with the relevant rules and regulations of the Luxembourg Stock Exchange and/or such other competent authority, stock exchange and/or quotation system on which the Notes are admitted to listing, trading and/or quotation.

Each of the Issuer and the Guarantor irrevocably submits to the jurisdiction of the courts of England and waives any objection to Proceedings in such courts on the ground of venue or on the ground that the Proceedings have been brought in an inconvenient forum. These submissions are made for the benefit of each of the holders of the Notes, Receipts, Coupons and Talons and shall not affect the right of any of them to take Proceedings in any other court of competent jurisdiction nor shall the taking of Proceedings in one or more jurisdictions preclude the taking of Proceedings in any other jurisdiction (whether concurrently or not).

(c) *Service of Process*

Each of the Issuer and the Guarantor irrevocably appoints Fortis Bank, London Branch, Camomile Court, 23 Camomile Street, London EC3A 7PP to receive, for it and on its behalf, service of process in any Proceedings in England. If for any reason such process agent ceases to be able to act as such or no longer has an address in London, each of the Issuers and the Guarantor irrevocably agrees to appoint a substitute process agent and shall immediately notify Noteholders (in the case of Notes issued by Fortis Luxembourg) of such appointment in accordance with Condition 14. 3. Disrupted Days

For the purposes of the Notes, Condition 6 shall be amended by the addition of a new Condition 7(I) as follows:

“(I) *Disrupted Days*

If the Calculation Agent determines that the Strike Date, the Expiration Date, any Averaging Date or any Observation Date, as the case may be, in respect of the Shares is a Disrupted Day, then the Strike Date, the Expiration Date, such Averaging Date or such Observation Date, as the case may be, shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day, unless each of the eight Scheduled Trading Days immediately following the original date that, but for the determination by the relevant Issuer of the occurrence of a Disrupted Day, would have been the Strike Date, the Expiration Date, such Averaging Date or such Observation Date, as the case may be, is a Disrupted Day. In that case:

- (a) that eighth Scheduled Trading Day shall be deemed to be the Strike Date, the Expiration Date, such Averaging Date or such Observation Date, as the case may be, in respect of the Shares, notwithstanding the fact that such day is a Disrupted Day; and
- (b) the Calculation Agent shall determine the price of one Share as its good faith estimate of the price of one Share that would have prevailed, but for the occurrence of a Disrupted Day, at the Valuation Time on that eighth Scheduled Trading Day.

Notwithstanding the provisions of any other Condition, if the Calculation Agent determines that a Disrupted Day has occurred on the Expiration Date and/or on any Observation Date or Averaging Date, payment of the Final Redemption Amount and/or any amount of interest (if the payment of interest is share-linked), as the case may be, shall be postponed to the later of (i) the Maturity Date and/or the relevant Interest Payment Date and (ii) the date that is three Business Days (or such other period as specified in the Final Terms) following the postponed Expiration Date, Observation Date or Averaging Date, as the case may be. For the avoidance of doubt, no additional amounts shall be payable in respect of the postponement of any payment of the Final Redemption Amount and/or any amount of interest in accordance with this Condition 6(I).

The relevant Issuer shall give notice to the holders of the Notes, in accordance with Condition 14, of the occurrence of a Disrupted Day if it results in the postponement of any payment in respect of the Notes.”

4. Adjustments

For the purposes of the Notes, Condition 6 shall be amended by the addition of a new Condition 6(m) as follows:

“(m) *Adjustments, Consequences of Certain Events and Currency*

(i) Adjustments

If the Calculation Agent determines that a Potential Adjustment Event has occurred or that there has been an adjustment to the settlement terms of listed contracts on the Shares traded on a Related Exchange, the Calculation Agent will determine whether such Potential Adjustment Event or adjustment has a diluting or concentrative effect on the theoretical value of the Shares and, if so, will (a) make the corresponding adjustment(s), if any, to any one or more of the Final Redemption Amount and/or the Strike Price and/or any of the terms and conditions of the Notes as the Calculation Agent determines appropriate to account for that diluting or concentrative effect (provided that no adjustments will be made to account solely for changes in volatility, expected dividend, stock loan rate or liquidity) and (b) determine the effective date(s) of the adjustment(s). The Calculation Agent may (but need not) determine the appropriate adjustment by reference to the adjustment in respect of such Potential Adjustment Event or adjustment to settlement terms made by an options exchange to options on the Shares traded on that options exchange.

(ii) Consequences of a Merger Event

If the Calculation Agent determines that a Merger Event has occurred, the relevant Issuer may:

- (a) redeem each Note at its fair economic value (as determined by the Calculation Agent) as at the Merger Date, less the cost to the relevant Issuer of unwinding or amending any related underlying hedging arrangements (unless provided for otherwise in the Final Terms), on such date as the relevant Issuer may notify to Noteholders in accordance with Condition 14; and/or
- (b) make such adjustment to the exercise, settlement, payment or any other term or condition of the Notes as the Calculation Agent determines appropriate to account for the economic effect on the Notes of such Merger Event (provided that no adjustments will be made to solely account for changes in volatility, expected dividends, stock loan rate or liquidity relevant to the Shares or to the Notes), which may, but need not, be determined by reference to the adjustment(s) made in respect of such Merger Event by an options exchange to options on the Shares traded on such options exchange and determine the effective date of that adjustment; and/or
- (c) save in respect of a Reverse Merger, on or after the relevant Merger Date, deem the New Shares and/or the amount of Other Consideration, if applicable (as subsequently modified in accordance with any relevant terms and including the proceeds of any redemption, if applicable), and their issuer (if any) to be the “Shares” and the “Share Issuer”, respectively, and if the Calculation Agent determines to be appropriate, the relevant Issuer will adjust any relevant terms of the Notes as it may determine.

The relevant Issuer shall give notice of such redemption, adjustment or deemed change to Noteholders in accordance with Condition 14.

(iii) Consequences of a Tender Offer

If the Calculation Agent determines that a Tender Offer has occurred, then on or after the relevant Tender Offer Date the relevant Issuer may:

- (a) redeem each Note at its fair economic value (as determined by the Calculation Agent) as at the Tender Offer Date, less the cost to the relevant Issuer of unwinding or amending any related underlying hedging arrangements (unless provided for otherwise in the Final Terms), on such date as the relevant Issuer may notify to Noteholders in accordance with Condition 14; and/or
- (b) make such adjustment to the exercise, settlement, payment or any other term or condition of the Notes as the Calculation Agent determines appropriate to account for the economic effect on the Notes of such Tender Offer (provided that no adjustments will be made to account solely for changes in volatility or liquidity relevant to the Shares or to the Notes), which may, but need not, be determined by reference to the adjustment(s) made in respect of such Tender Offer by an options exchange to options on the Shares traded on such options exchange and determine the effective date of that adjustment.

The relevant Issuer shall give notice of such redemption or adjustment to Noteholders in accordance with Condition 14.

(iv) Nationalisation, Insolvency or De-listing

If in respect of the Shares or the Share Issuer the Calculation Agent determines that there has been a Nationalisation, an Insolvency or a De-listing, the relevant Issuer may (i) request the Calculation Agent to

determine the appropriate adjustment, if any, to be made to any one or more of the Final Redemption Amount and/or the Strike Price and/or any of the other terms and conditions of the Notes to account for the Nationalisation, Insolvency or Delisting, as the case may be, and determine the effective date of that adjustment or (ii) redeem each Note at its fair economic value (as determined by the Calculation Agent) as at the date of redemption taking into account the Nationalisation, Insolvency or De-listing, less the cost to the relevant Issuer of unwinding or amending any related underlying hedging arrangements (unless provided for otherwise in the Final Terms). Notice of any redemption of the Notes or determination pursuant to this paragraph shall be given to Noteholders in accordance with Condition 14.

(v) Change of Exchange

If the Exchange is changed, the relevant Issuer may make such consequential modifications to the Strike Price, Final Redemption Amount, Valuation Time and such other terms and conditions of the Notes as it may deem necessary.

(vi) Price Correction

In the event that any price or level published on the Exchange and which is utilised for any calculation or determination made under the Notes is subsequently corrected and the correction is published by the Exchange within three Business Days (or such other period specified in the Final Terms) after the original publication, the Calculation Agent will determine the amount (if any) that is payable following that correction, and, to the extent necessary, the relevant Issuer will adjust the terms and conditions of the Notes to account for such correction.

(vii) Currency

If the Calculation Agent determines that any event occurs affecting the Specified Currency or the currency in which any of the Shares are quoted, listed and/or dealt in on the Exchange (whether relating to the convertibility of any such currency into other currencies or otherwise) which the Calculation Agent determines necessitates an adjustment or adjustments to the Final Redemption Amount, Strike Price (if applicable) and/or any other relevant term of the Notes (including the date on which any amount is payable by the relevant Issuer), the relevant Issuer may make such adjustment or adjustments to the Final Redemption Amount, Strike Price (if applicable) and/or any other relevant term of the Notes as it deems necessary. The relevant Issuer shall give notice to the holders of the Notes of any such adjustment in accordance with Condition 14.

(viii) Additional Disruption Events

If the Calculation Agent determines that an Additional Disruption Event has occurred, the relevant Issuer may redeem each Note at its fair economic value (as determined by the Calculation Agent) as at the date of redemption taking into account the Additional Disruption Event, less the cost to the relevant Issuer of unwinding or amending any related underlying hedging arrangements (unless provided for otherwise in the Final Terms). Notice of any redemption of the Notes or determination pursuant to this paragraph shall be given to Noteholders in accordance with Condition 14.

(ix) Change in currency

If, at any time after the Issue Date, there is any change in the currency in which the Shares are quoted, listed and/or dealt on the Exchange, then the relevant Issuer will adjust such of the terms and conditions of the Notes as the Calculation Agent determines appropriate to preserve the economic terms of the Notes. The Calculation Agent will make any conversion necessary for purposes of any such adjustment as of the Valuation Time at an appropriate mid-market spot rate of exchange determined by the Calculation Agent prevailing as of the Valuation Time. No adjustments under this section will affect the currency denomination of any payment obligation arising out of the Notes.”

5. Delivery of Share Amount

For the purposes of the Notes, if “Share Delivery” is specified as being applicable in the Final Terms, Condition 6 shall be amended by the addition of a new Condition 6(n) as follows:

“(n) *Delivery of Share Amounts*

(i) Delivery of Share Amounts

If the Notes are to be redeemed by the delivery of the Share Amounts, the relevant Issuer shall, on the Share Delivery Date, deliver or procure the delivery of the Share Amount in respect of each Note to such account in such clearing system as may be specified by the relevant Noteholder, at the risk and expense of the relevant Noteholder. If a Noteholder does not provide the relevant Issuer with sufficient instructions in a timely manner to enable the relevant Issuer to effect any required delivery of Shares, the due date for such delivery shall be postponed accordingly. The relevant Issuer shall determine whether any instructions received by it are sufficient and whether they have been received in time to enable delivery on any given date. As used herein, “delivery” in relation to any Share Amount means the carrying out of the steps required of the relevant Issuer (or such person as it may procure to make the relevant delivery) in order to effect the transfer of the relevant Share Amount and “deliver” shall be construed accordingly. The relevant Issuer shall not be responsible for any delay or failure in the

transfer of such Share Amount once such steps have been carried out, whether resulting from settlement periods of clearing systems, acts or omissions of registrars or otherwise and shall have no responsibility for the lawfulness of the acquisition of the Shares comprising the Share Amount or any interest therein by any Noteholder or any other person.

In respect of each Share comprising the Share Amount, the relevant Issuer shall not be under any obligation to register or procure the registration of the Noteholder or any other person as the registered shareholder in any register of members of the Share Issuer. Noteholders should note that the actual date on which they become holders of the Shares comprising their Share Amount will depend, among other factors, on the procedures of the relevant clearing systems and any share registrar and the effect of any Settlement Disruption Events.

The relevant Issuer shall not at any time be obliged to account to a Noteholder for any amount or entitlement that it receives by way of a dividend or other distribution in respect of any of the Shares. Dividends and distributions in respect of the Shares which constitute a Potential Adjustment Event may however result in an adjustment being made pursuant to Condition 6(m).

Neither the relevant Issuer nor any other person shall (a) be under any obligation to deliver (or procure any other person to deliver) to the Noteholders or any other person any letter, certificate, notice, circular or any other document received by that person in its capacity as the holder of the Shares, (b) be under any obligation to exercise or procure exercise of any or all rights (including voting rights) attaching to the Shares or (c) be under any liability to the Noteholders or any subsequent beneficial owners of the Shares in respect of any loss or damage which any Noteholder or subsequent beneficial owner may sustain or suffer as a result, whether directly or indirectly, of that person being registered at any time as the legal owner of the Shares.

(ii) **Settlement Disruption**

If the relevant Issuer determines that delivery of any Share Amount in respect of any Note by the relevant Issuer in accordance with the terms and conditions of the Notes is not practicable or permitted by reason of a Settlement Disruption Event subsisting, then the Share Delivery Date in respect of such Share Amount shall be postponed to the first following Delivery Day in respect of which no such Settlement Disruption Event is subsisting and notice thereof shall be given in accordance with Condition 14, provided that the relevant Issuer may elect in its sole discretion to satisfy its obligations in respect of the relevant Note by delivering or procuring the delivery of such Share Amount using such other commercially reasonable manner as it may select and in such event the Share Delivery Date shall be such day as the relevant Issuer deems appropriate in connection with delivery of such Share Amount in such other commercially reasonable manner. No Noteholder shall be entitled to any payment whether of interest or otherwise on such Note in the event of any delay in the delivery of the Share Amount pursuant to this paragraph and no liability in respect thereof shall attach to the relevant Issuer.

Where a Settlement Disruption Event affects some but not all of the Shares comprising the Share Amount, the Share Delivery Date for the Shares comprising such Share Amount which are not affected by the Settlement Disruption Event will be the originally designated Share Delivery Date.

For so long as delivery of the Share Amount in respect of any Note is not practicable or permitted by reason of a Settlement Disruption Event, then in lieu of physical settlement and notwithstanding any other provision hereof, the relevant Issuer may elect in its sole discretion to satisfy its obligations in respect of each Note by payment to the relevant Noteholder of the Disruption Cash Settlement Price on the third Business Day following the date that notice of such election is given to the Noteholders in accordance with Condition 14. Payment of the Disruption Cash Settlement Price will be made in such manner as shall be notified to the Noteholders in accordance with Condition 14.

The relevant Issuer shall give notice as soon as practicable to the Noteholders in accordance with Condition 14 if a Settlement Disruption Event has occurred.

(iii) ***Aggregate Share Amount***

The aggregate Share Amount to which a Noteholder may be entitled will be determined on the basis of the separate (for the avoidance of doubt, not aggregate) number of Notes held by the relevant Noteholder. The relevant Issuer shall not be obliged to deliver fractions of a Share but shall be obliged to account for the Fractional Cash Amount of any such fractions to the relevant Noteholder on the Share Delivery Date and each such Share Amount to be delivered shall be rounded down to the next integral number of Shares.”

6. Prescription

For the avoidance of doubt, Condition 9 shall apply to the Notes and claims for delivery of any Share Amount in respect of the Notes shall become void upon the expiry of five years from the Share Delivery Date.

For the purposes of the Notes, if “Share Delivery” is specified as being applicable in the Final Terms, then, on the date that is 6 months after the Maturity Date, the Fiscal Agent on behalf of the relevant Issuer shall be entitled (i) to sell the Shares with respect to Notes not presented for reimbursement and (ii) to determine the cash amount at which the Notes will be redeemed as from such date.

PART 3B: BASKET OF SHARES

The terms and conditions applicable to Notes linked to a basket of shares shall comprise the Terms and Conditions of the Medium Term Notes set out in Part 1 (the “**General Conditions**”) and the additional Terms and Conditions set out below (the “**Basket Shares Linked Conditions**”), in each case subject to completion and/or amendment in the applicable Final Terms. In the event of any inconsistency between the General Conditions and the Basket Shares Linked Conditions, the Basket Shares Linked Conditions set out below shall prevail. In the event of any inconsistency between (i) the General Conditions and/or the Basket Shares Linked Conditions and (ii) the Final Terms, the Final Terms shall prevail.

1. Final Redemption

Subject to any applicable automatic redemption and/or early redemption and/or put options and/or call options set forth in the Final Terms not having occurred prior to any applicable date specified therein, on the Maturity Date (subject to the provisions of Conditions 6(l) and 6(m)) the relevant Issuer shall (i) pay the Final Redemption Amount, which shall be an amount payable per Note in the Specified Currency determined by the Calculation Agent as set forth in the Final Terms and/or (if “Share Delivery” is specified as being applicable in the Final Terms, then in the circumstances described in the Final Terms) (ii) deliver the Share Amount(s) (subject to and in accordance with Condition 7(n)), all as further specified in the Final Terms.

- (vii) any other event that may have a diluting or concentrative effect on the theoretical value of one or more of the Shares in the Basket.

“**Price**” means, in respect of a Share, on any Exchange Business Day, the price of one such Share in the Share Currency quoted on the relevant Exchange (i) if “Constant Monitoring” is specified as being applicable in the Final Terms, at any given time on such Exchange Business Day or (ii) if “Valuation Time Only” is specified as being applicable in the Final Terms, at the Valuation Time on such Exchange Business Day, all as determined by the Calculation Agent.

“**Related Exchange**” means, in respect of a Share, each exchange or quotation system where trading has a material effect (as determined by the Calculation Agent) on the overall market for futures or options contracts relating to such Share or such other options or futures exchange(s) as the relevant Issuer may select, any transferee exchange or quotation system or any successor to any such exchange or quotation system or any substitute exchange or quotation system to which trading in futures or options contracts relating to such Share has temporarily relocated (provided that the Calculation Agent has determined that there is comparable liquidity relative to the futures or options contracts relating to such Share on such temporary substitute exchange or quotation system as on the original Related Exchange).

“Scheduled Closing Time” means, in respect of an Exchange or a Related Exchange and a Scheduled Trading Day, the scheduled weekday closing time of such Exchange or Related Exchange on such Scheduled Trading Day, without regard to after hours or any other trading outside of the regular trading session hours.

“Scheduled Trading Day” means, in respect of a Share, any day on which the relevant Exchange and each relevant Related Exchange is scheduled to be open for trading for its regular trading sessions.

“Settlement Disruption Event” means, if “Share Delivery” is specified as being applicable in the Final Terms, in respect of a Share, an event determined by the Calculation Agent to be beyond the control of the relevant Issuer as a result of which the relevant Issuer cannot transfer (or it would be contrary to applicable laws and regulations for the relevant Issuer to transfer) the Shares comprised in the Share Amount(s) in accordance with the terms and conditions of the Notes.

“Tender Offer” means, in respect of any Shares, a takeover offer, tender offer, exchange offer, solicitation, proposal or other event by any entity or person that results in such entity or person purchasing, or otherwise obtaining or having the right to obtain, by conversion or other means, greater than 10% and less than 100% of the outstanding voting shares of the relevant Share Issuer, as determined by the Calculation Agent, based upon the making of filings with governmental or self regulatory agencies or such other information as the Calculation Agent deems relevant.

3. Disrupted Days

For the purposes of the Notes, Condition 6 shall be amended by the addition of a new Condition 7(l) as follows:

“(l) Disrupted Days

If the Calculation Agent determines that the Strike Date, the Expiration Date, any Averaging Date or any Observation Date, as the case may be, is a Disrupted Day in respect of a Share, then the Strike Date, the Expiration Date, such Averaging Date or such Observation Date, as the case may be, in respect of that Share shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day in respect of that Share, unless each of the eight Scheduled Trading Days immediately following the original date that, but for the determination by the relevant Issuer of the occurrence of a Disrupted Day, would have been the Strike Date, the Expiration Date, such Averaging Date or such Observation Date for such Share, as the case may be, is a Disrupted Day. In that case: (a) that eighth Scheduled Trading Day shall be deemed to be the Strike Date, the Expiration Date, such Averaging Date or such Observation Date, as the case may be, for such Share notwithstanding the fact that such day is a Disrupted Day; and (b) the Calculation Agent shall determine the price of one such Share as its good faith estimate of the price of one such Share that would have prevailed, but for the occurrence of a Disrupted Day, at the Valuation Time on that eighth Scheduled Trading Day.

Notwithstanding the provisions of any other Condition, if the Calculation Agent determines that a Disrupted Day has occurred on the Expiration Date and/or on any Observation Date or Averaging Date, payment of the Final Redemption Amount and/or any amount of interest (if the payment of interest is share-linked), as the

case may be, shall be postponed to the later of (i) the Maturity Date and/or the relevant Interest Payment Date and (ii) the date that is three Business Days (or such other period as specified in the Final Terms) following the postponed Expiration Date, Observation Date or Averaging Date, as the case may be. For the avoidance of doubt, no additional amounts shall be payable in respect of the postponement of any payment of the Final Redemption Amount and/or any amount of interest in accordance with this Condition 6(l).

The relevant Issuer shall give notice to the holders of the Notes, in accordance with Condition 14, of the occurrence of a Disrupted Day if it results in the postponement of any payment in respect of the Notes.”.

4. Adjustments

For the purposes of the Notes, Condition 6 shall be amended by the addition of a new Condition 6(m) as follows:

“(m) *Adjustments, Consequences of Certain Events and Currency*

(i) Adjustments

If the Calculation Agent determines that a Potential Adjustment Event has occurred in respect of one or more of the Shares in the Basket or that there has been an adjustment to the settlement terms of listed contracts on one or more of the Shares in the Basket traded on a Related Exchange, the Calculation Agent will determine whether such Potential Adjustment Event or adjustment has a diluting or concentrative effect on the theoretical value of the relevant Shares and, if so, will (a) make the corresponding adjustment(s), if any, to any one or more of the Final Redemption Amount and/or the Strike Price and/or any of the terms and conditions of the Notes as the Calculation Agent determines appropriate to account for that diluting or concentrative effect (provided that no adjustments will be made to account solely for changes in volatility, expected dividend, stock loan rate or liquidity) and (b) determine the effective date(s) of the adjustment(s). The Calculation Agent may (but need not) determine the appropriate adjustment by reference to the adjustment in respect of such Potential Adjustment Event or adjustment to settlement terms made by an options exchange to options on the relevant Shares traded on that options exchange.

(ii) Consequences of a Merger Event

If the Calculation Agent determines that a Merger Event has occurred in respect of one or more of the Shares in the Basket, the relevant Issuer may: (a) redeem each Note at its fair economic value (as determined by the Calculation Agent) as at the Merger Date, less the cost to the relevant Issuer of unwinding or amending any related underlying hedging arrangements (unless provided for otherwise in the Final Terms), on such date as the relevant Issuer may notify to Noteholders in accordance with Condition 14; and/or (b) make such adjustment to the exercise, settlement, payment or any other term or condition of the Notes as the Calculation Agent determines appropriate to account for the economic effect on the Notes of such Merger Event (provided that no adjustments will be made to solely account for changes in volatility, expected dividends, stock loan rate or liquidity relevant to the relevant Shares or to the Notes), which may, but need not, be determined by reference to the adjustment(s) made in respect of such Merger Event by an options exchange to options on the relevant Shares traded on such options exchange and determine the effective date of that adjustment; and/or (c) save in respect of a Reverse Merger, on or after the relevant Merger Date, deem the New Shares and/or the amount of Other Consideration, if applicable (as subsequently modified in accordance with any relevant terms and including the proceeds of any redemption, if applicable), and their issuer (if any) to be the relevant “Shares” and the relevant “Share Issuer”, respectively, and if the Calculation Agent determines to be appropriate, the relevant Issuer will adjust any relevant terms of the Notes as it may determine. The relevant Issuer shall give notice of such redemption, adjustment or deemed change to Noteholders in accordance with Condition 14.

(iii) Consequences of a Tender Offer

If the Calculation Agent determines that a Tender Offer has occurred in respect of one or more of the Shares in the Basket, then on or after the relevant Tender Offer Date the relevant Issuer may: (a) redeem each Note at its fair economic value (as determined by the Calculation Agent) as at the Tender Offer Date, less the cost to the relevant Issuer of unwinding or amending any related underlying hedging arrangements (unless provided for otherwise in the Final Terms), on such date as the relevant Issuer may notify to Noteholders in accordance with Condition 14; and/or (b) make such adjustment to the exercise, settlement, payment or any other term or condition of the Notes as the Calculation Agent determines appropriate to account for the economic effect on the Notes of such Tender Offer (provided that no adjustments will be made to account solely for changes in volatility or liquidity relevant to the Shares or to the Notes), which may, but need not, be determined by reference to the adjustment(s) made in respect of such Tender Offer by an options exchange to options on the relevant Shares traded on such options exchange and determine the effective date of that adjustment. The relevant Issuer shall give notice of such redemption or adjustment to Noteholders in accordance with Condition 14.

(iv) Nationalisation, Insolvency or De-listing

If in respect of one or more of the Shares in the Basket or a Share Issuer the Calculation Agent determines that there has been a Nationalisation, an Insolvency or a De-listing, the relevant Issuer may (i) request the Calculation Agent to determine the appropriate adjustment, if any, to be made to any one or more of the Final Redemption Amount and/or the Strike Price and/or any of the other terms and conditions of the Notes to account

for the Nationalisation, Insolvency or De-listing, as the case may be, and determine the effective date of that adjustment or (ii) redeem each Note at its fair economic value (as determined by the Calculation Agent) as at the date of redemption taking into account the Nationalisation, Insolvency or Delisting, less the costs to the relevant Issuer of unwinding or amending any related underlying hedging arrangements (unless provided for otherwise in the Final Terms). Notice of any redemption of the Notes or determination pursuant to this paragraph shall be given to Noteholders in accordance with Condition 14.

(v) Change of Exchange

If an Exchange is changed, the relevant Issuer may make such consequential modifications to the Strike Price, Final Redemption Amount, Valuation Time and such other terms and conditions of the Notes as it may deem necessary.

(vi) Price Correction

In the event that any price or level published on an Exchange and which is utilised for any calculation or determination made under the Notes is subsequently corrected and the correction is published by the relevant Exchange within three Business Days (or such other period as may be specified in the Final Terms) after the original publication, the Calculation Agent will determine the amount (if any) that is payable following that correction, and, to the extent necessary, the relevant Issuer will adjust the terms and conditions of the Notes to account for such correction.

(vii) Currency

If the Calculation Agent determines that any event occurs affecting the Specified Currency or the currency in which any of the Shares are quoted, listed and/or dealt in on the Exchange (whether relating to the convertibility of any such currency into other currencies or otherwise) which the Calculation Agent determines necessitates an adjustment or adjustments to the Final Redemption Amount, Strike Price (if applicable) and/or any other relevant term of the Notes (including the date on which any amount is payable by the relevant Issuer), the relevant Issuer may make such adjustment or adjustments to the Final Redemption Amount, Strike Price (if applicable) and/or any other relevant term of the Notes as it deems necessary. The relevant Issuer shall give notice to the holders of the Notes of any such adjustment in accordance with Condition 14.

(viii) Additional Disruption Events

If the Calculation Agent determines that an Additional Disruption Event has occurred in respect of one or more of the Shares in the Basket, the relevant Issuer may redeem each Note at its fair economic value (as determined by the Calculation Agent) as at the date of redemption taking into account the Additional Disruption Event, less the cost to the relevant Issuer of unwinding or amending any related underlying hedging arrangements (unless provided for otherwise in the Final Terms). Notice of any redemption of the Notes or determination pursuant to this paragraph shall be given to Noteholders in accordance with Condition 14.

(ix) Change in currencies

If, at any time after the Issue Date, there is any change in the currency in which the Shares are quoted, listed and/or dealt on the Exchange, then the relevant Issuer will adjust such of the terms and conditions of the Notes as the Calculation Agent determines appropriate to preserve the economic terms of the Notes. The Calculation Agent will make any conversion necessary for purposes of any such adjustment as of the Valuation Time at an appropriate mid-market spot rate of exchange determined by the Calculation Agent prevailing as of the Valuation Time. No adjustments under this section will affect the currency denomination of any payment obligation arising out of the Notes.

5. Delivery of Share Amount

For the purposes of the Notes, if "Share Delivery" is specified as being applicable in the Final Terms, Condition 6 shall be amended by the addition of a new Condition 6(n) as follows:

"(n) *Delivery of Share Amounts*

(i) Delivery of Share Amounts

If the Notes are to be redeemed by the delivery of the Share Amounts, the relevant Issuer shall, on the Share Delivery Date, deliver or procure the delivery of the Share Amount in respect of each Note to such account in such clearing system as may be specified by the relevant Noteholder, at the risk and expense of the relevant Noteholder. If a Noteholder does not provide the relevant Issuer with sufficient instructions in a timely manner to enable the relevant Issuer to effect any required delivery of Shares, the due date for such delivery shall be postponed accordingly. The relevant Issuer shall determine whether any instructions received by it are sufficient and whether they have been received in time to enable delivery on any given date. As used herein, "**delivery**" in relation to any Share Amount means the carrying out of the steps required of the relevant Issuer (or such person as it may procure to make the relevant delivery) in order to effect the transfer of the relevant Share Amount and "**deliver**" shall be construed accordingly. The relevant Issuer shall not be responsible for any delay or failure in the transfer of such Share Amount once such steps have been carried out, whether resulting from settlement periods

of clearing systems, acts or omissions of registrars or otherwise and shall have no responsibility for the lawfulness of the acquisition of the Shares comprising the Share Amount or any interest therein by any Noteholder or any other person.

In respect of each Share comprising the Share Amount, the relevant Issuer shall not be under any obligation to register or procure the registration of the Noteholder or any other person as the registered shareholder in any register of members of the relevant Share Issuer.

Noteholders should note that the actual date on which they become holders of the Shares comprising their Share Amount will depend, among other factors, on the procedures of the relevant clearing systems and any share registrar and the effect of any Settlement Disruption Events.

The relevant Issuer shall not at any time be obliged to account to a Noteholder for any amount or entitlement that it receives by way of a dividend or other distribution in respect of any of the Shares. Dividends and distributions in respect of the Shares which constitute a Potential Adjustment Event may however result in an adjustment being made pursuant to Condition 6(m).

Neither the relevant Issuer nor any other person shall (a) be under any obligation to deliver (or procure any other person to deliver) to the Noteholders or any other person any letter, certificate, notice, circular or any other document received by that person in its capacity as the holder of the Shares, (b) be under any obligation to exercise or procure exercise of any or all rights (including voting rights) attaching to the Shares or (c) be under any liability to the Noteholders or any subsequent beneficial owners of the Shares in respect of any loss or damage which any Noteholder or subsequent beneficial owner may sustain or suffer as a result, whether directly or indirectly, of that person being registered at any time as the legal owner of the Shares.

(ii) Settlement Disruption

If the relevant Issuer determines that delivery of any Share Amount (or part thereof) in respect of any Note by the relevant Issuer in accordance with the terms and conditions of the Notes is not practicable or permitted by reason of a Settlement Disruption Event subsisting, then the Share Delivery Date in respect of such Share Amount (or part thereof) shall be postponed to the first following Delivery Day in respect of which no such Settlement Disruption Event is subsisting and notice thereof shall be given in accordance with Condition 13, provided that the relevant Issuer may elect in its sole discretion to satisfy its obligations in respect of the relevant Note by delivering or procuring the delivery of such Share Amount (or part thereof) using such other commercially reasonable manner as it may select and in such event the Share Delivery Date shall be such day as the relevant Issuer deems appropriate in connection with delivery of such Share Amount (or part thereof) in such other commercially reasonable manner. No Noteholder shall be entitled to any payment whether of interest or otherwise on such Note in the event of any delay in the delivery of the Share Amount pursuant to this paragraph and no liability in respect thereof shall attach to the relevant Issuer.

Where a Settlement Disruption Event affects some but not all of the Shares comprising the Share Amount, the Share Delivery Date for the Shares comprising such Share Amount which are not affected by the Settlement Disruption Event will be the originally designated Share Delivery Date.

For so long as delivery of the Share Amount (or part thereof) in respect of any Note is not practicable or permitted by reason of a Settlement Disruption Event, then in lieu of physical settlement and notwithstanding any other provision hereof, the relevant Issuer may elect in its sole discretion to satisfy its obligations in respect of each Note by payment to the relevant Noteholder of the Disruption Cash Settlement Price on the third Business Day following the date that notice of such election is given to the Noteholders in accordance with Condition 14. Payment of the Disruption Cash Settlement Price will be made in such manner as shall be notified to the Noteholders in accordance with Condition 14.

The relevant Issuer shall give notice as soon as practicable to the Noteholders in accordance with Condition 14 if a Settlement Disruption Event has occurred.

(iii) Aggregate Share Amount

The aggregate Share Amount to which a Noteholder may be entitled will be determined on the basis of the separate (for the avoidance of doubt, not aggregate) number of Notes held by the relevant Noteholder. The relevant Issuer shall not be obliged to deliver fractions of a Share but shall be obliged to account for the Fractional Cash Amount of any such fractions to the relevant Noteholder on the Share Delivery Date and each such Share Amount to be delivered shall be rounded down to the next integral number of Shares.”

6. Prescription

For the avoidance of doubt, Condition 9 shall apply to the Notes and claims for delivery of any Share Amount in respect of the Notes shall become void upon the expiry of five years from the Share Delivery Date.

For the purposes of the Notes, if “Share Delivery” is specified as being applicable in the Final Terms, then, on the date that is 6 months after the Maturity Date, the Fiscal Agent on behalf of the relevant Issuer shall be entitled (i) to sell the Shares with respect to Notes not presented for reimbursement and (ii) to determine the cash amount at which the Notes will be redeemed as from such date.

PART 4: CREDIT LINKED NOTES

PART 4A: FIRST-TO-DEFAULT CREDIT LINKED NOTES WITH PHYSICAL SETTLEMENT

The terms and conditions applicable to First-to-Default Credit Linked Notes with physical settlement shall comprise the Terms and Conditions of the Medium Term Notes set out in Part 1 (the “**General Conditions**”) and the additional Terms and Conditions set out below (the “**FTD Physical Conditions**”), in each case subject to completion and/or amendment in the applicable Final Terms. In the event of any inconsistency between the General Conditions and the FTD Physical Conditions set out below, the FTD Physical Conditions set out below shall prevail. In the event of any inconsistency between (i) the General Conditions and/or the FTD Physical Conditions and (ii) the Final Terms, the Final Terms shall prevail.

If Credit Linked Notes type 1 is shown as being applicable in the relevant Final Terms, then the FTD Physical Conditions will incorporate the notional credit default swap confirmation 1 mentioned below (“**CDS Confirmation 1**”). The relevant amounts, dates, terms and information of the CDS Confirmation 1 will be completed in the relevant Final Terms.

CDS CONFIRMATION 1

The purpose of this confirmation and any schedules hereto (this “**Confirmation**”) is to confirm the terms and conditions of the notional credit default swap deemed to be entered into between two notional counterparties (“**Seller**” and “**Buyer**”) on the Trade Date specified below and is not an actual transaction (the “**Notional Credit Default Swap**”) for the purposes of which the Issuer shall be deemed to be the buyer. One or more new notional credit default swaps (each a “**Notional Credit Default Swap**”) will be deemed entered on the occurrence of a Succession Event or a Partial Exercise Event, as defined in this Confirmation. Each such Notional Credit Default Swap shall be governed by a separate Confirmation, and the terms of this Confirmation shall apply to each such Notional Credit Default Swap separately as set out herein.

The definitions and provisions contained in the 2003 ISDA Credit Derivatives Definitions as supplemented by the May 2003 Supplement to the 2003 ISDA Credit Derivatives Definitions and as further supplemented, should at any time the Calculation Agent consider such to be applicable, by the Additional Provisions for Physically Settled Default Swaps – Monoline Insurer as Reference Entity, published on 21 January 2005 (the Monoline Supplement), (together, the “**Credit Derivatives Definitions**”), as published by the International Swaps and Derivatives Association, Inc. (“**ISDA**”), are incorporated into this Confirmation. In the event of any inconsistency between the Credit Derivatives Definitions and this Confirmation, this Confirmation will govern.

The purpose of this Confirmation is to set out the mechanics under which:

- (i) it is determined that the Conditions to Settlement are satisfied with respect to any Notional Credit Default Swap and, if satisfied, whether such satisfaction of the Conditions to Settlement could lead to a Partial Exercise Event and the consequences thereof;
- (ii) the date on which the Conditions to Settlement are satisfied and the Event Determination Date with respect to any Notional Credit Default Swap are determined;
- (iii) the Deliverable Obligation(s) with respect to each Notional Credit Default Swap in respect of which the Conditions to Settlement are satisfied, are determined, and
- (iv) the occurrence of a Succession Event or Partial Exercise Event with respect to any Notional Credit Default Swap shall be determined, whereby:
 - (I) in the case of a Succession Event:
 - a. the aggregate of the Notional Amounts of all Notional Credit Default Swap(s) shall be equal to the Notional Amount of the relevant Notional Credit Default Swap to which such Succession Event relates,
 - b. the Reference Entities with respect to each Notional Credit Default Swap shall be determined in accordance with the provisions described in section 5 hereunder; and
 - c. the Notional Credit Default Swap to which the Succession Event relates shall cease to be in force; and,
 - (II) in the case of a Partial Exercise Event, the Notional Amount of the new Notional Credit Default Swap shall be equal to the Notional Amount of the relevant Notional Credit Default Swap to which such Partial Exercise Event relates less the Exercise Amount, and the original Notional Credit Default Swap shall remain in force.

Notional Credit Default Swap

For the avoidance of doubt, each Notional Credit Default Swap which is deemed to be entered into in accordance with the terms of a Confirmation shall at all times be deemed to be a Notional Credit Default Swap in relation to the Notes.

The Settlement Terms shall apply solely to one Reference Entity, which shall be the first Reference Entity with respect to which an Event Determination Date occurs or, if an Event Determination Date occurs in respect of more than one Reference Entity on the same day, the Reference Entity in respect of which the Credit Event Notice and the Notice of Publicly Available Information was first delivered on such day (such entity, the “**Affected Reference Entity**”). This limitation shall apply to each Notional Credit Default Swap separately if more than one Notional Credit Default Swap arises pursuant to Sections 2.2 or 3.9 of the Credit Derivatives Definitions, as defined in this Confirmation.

Fortis Bank nv-sa, as calculation agent in respect of the Notes, will act as Calculation Agent in respect of the Notional Credit Default Swap as well as Buyer and will make any calculations or determinations, exercise any discretion or take any other action that would be required or permitted to be made or taken by the Calculation Agent or the Buyer pursuant to the relevant Notional Credit Default Swap, as if that Notional Credit Default Swap were actually in existence and any such determination or calculation that it makes, and any other action that it takes, each in accordance with the terms set out therein, shall be deemed to have been duly made or taken pursuant to the Notional Credit Default Swap.

For the avoidance of doubt, any calculations or determinations made, or any other action taken by the Calculation Agent in respect of the Notional Credit Default Swap shall be subject to Section 1.14 of the Credit Derivatives Definitions. Any requirement for the Calculation Agent to consult with any of the parties shall be deemed not to apply.

Any statement in writing which has been signed by two authorised signatories of Fortis Bank nv-sa, copied to the Issuer, is expressed to be a notice given pursuant to the Notional Credit Default Swap and specifies whether such notice is given on behalf of the Buyer or the Calculation Agent under the Notional Credit Default Swap, shall upon receipt of such notice by the Issuer, be deemed to have been duly given to the Buyer and/or the Calculation Agent under the Credit Default Swap, as the case may be, pursuant to that Notional Credit Default Swap. Any right of the Buyer or the Calculation Agent to serve any notice contemplated by the Notional Credit Default Swap otherwise than in writing shall be deemed not to apply.

Each such new Notional Credit Default Swap will include one of the Successors together with all the other Reference Entities that were not subject to the Succession Event. The Notional Amount in respect thereof shall be equal to the Notional Amount of the Original Notional Credit Default Swap divided by the number of Successors. The Reference Entity Type of each Successor with respect to each new Notional Credit Default Swap shall be the same as the Reference Entity Type of the Reference Entity to which such Succession Event relates." All other terms and conditions of the original Notional Credit Default Swap will be replicated in each new Notional Credit Default Swap except to the extent that modification is required, as determined by the Calculation Agent, to preserve the economic effects of the original Notional Credit Default Swap in the new Notional Credit Default Swap (considered in aggregate).

Treatment of certain Succession Events

Where any Reference Entity (the "**Surviving Reference Entity**") (other than the Reference Entity that is subject to the Succession Event) would be a Successor to any other Reference Entity (the "**Legacy Reference Entity**") pursuant to a Succession Event through the application of Section 2.2(a) of the Credit Derivatives Definitions, and Substitution is not applicable pursuant to this Confirmation, such Surviving Reference Entity shall be deemed a Successor to the Legacy Reference Entity.

It shall, once the Conditions to Settlement have been satisfied in respect thereof, be settled in accordance with the Physical Settlement Method, and shall for that purpose be deemed to have a Floating Rate Payer Calculation Amount equal to the Exercise Amount.

For each Notional Credit Default Swap in respect of which the Buyer has delivered, with respect to a Reference Entity, a Notice of Publicly Available Information together with a Credit Event Notice that specifies an Exercise Amount that is less than the then outstanding Floating Rate Payer Calculation Amount under such Notional Credit Default Swap, and in respect of which the Conditions to Settlement have been satisfied,

1. once settled, such Notional Credit Default Swap shall cease to be in force; and

Amount outstanding prior to such Credit Event Notice minus the Exercise Amount.

7. Calculation Agent Merger:

Calculation Agent Merger: Section 2.31 of the Credit Derivatives Definitions shall apply to this Transaction, provided that each reference to 'Seller' in this Section shall be deemed to be a reference to the 'Calculation Agent'.

 - (II) deleting the second paragraph of Section 2.32(b) and adding the following:

"For the purposes of the determining whether a Valuation Obligation is Transferable or is capable of being assigned or novated to Eligible Transferees, such determination shall be made as of the first Valuation Date, taking into account only the terms of the Valuation Obligation and any related transfer or consent documents which have been obtained by the Buyer."

In the event of any inconsistency between the General Conditions and the CLN Tranche Conditions set out below, the CLN Tranche Conditions set out below shall prevail. In the event of any inconsistency between (i) the General Conditions and/or the CLN Tranche Conditions and (ii) the Final Terms, the Final Terms shall prevail.

If Credit Linked Notes type 3 is shown as being applicable in the relevant Final Terms, then the CLN Tranche Conditions will incorporate the notional credit default swap confirmation 3 mentioned below ("**CDS Confirmation 3**"). The relevant amounts, dates, terms and information of the CDS Confirmation 3 will be completed in the relevant Final Terms.

CDS CONFIRMATION 3

The purpose of this confirmation and any schedules hereto (this "**Confirmation**") is to confirm the terms and conditions of the notional credit default swap deemed to be entered into between two notional counterparties ("**Seller**" and "**Buyer**") on the Trade Date specified below and is not an actual transaction (the "**Notional Credit Default Swap**") for the purposes of which the Issuer shall be deemed to be the Buyer.

Any capitalised terms not defined in this Confirmation shall have the respective meanings ascribed to them in the relevant Final Terms and in the Agency Agreement relating to the Programme, as the case may be. In the event of any inconsistency between those terms defined in the Final Terms or in the Agency Agreement, and those defined in this Confirmation, this Confirmation will govern.

(G) Section 2.32. Restructuring Maturity Limitation and Fully Transferable Obligation

- (a) The first paragraph of Section 2.32 of the Credit Derivatives Definitions shall be deleted in its entirety and replaced by the following: "(a) If "Restructuring Maturity Limitation and Fully Transferable Obligation Applicable" is specified as applicable to a Reference Entity and "Restructuring" is the only Credit Event specified in a Credit Event Notice delivered by the Buyer in relation to such Reference Entity, then a Valuation Obligation can only be selected as a Valuation Obligation in the Valuation Portfolio for such Reference Entity if it is a Fully Transferable Obligation with a final maturity date not later than the Restructuring Maturity Limitation Date."
- (b) The definition of "Fully Transferable Obligation" in Section 2.32 of the Credit Derivatives Definitions shall be deemed to mean a Valuation Obligation that is either Transferable, in the case of Bonds, or capable of being assigned or novated to all Eligible Transferees without the consent of any person being required, in the case of any Valuation Obligation other than Bonds. For purposes of determining whether a Valuation Obligation is Transferable or is capable of being assigned or novated to Eligible Transferees, such determination shall be made as of the relevant Notification Date, taking into account only the terms of the Valuation Obligation and any related transfer or consent documents which have been obtained by the Buyer.
- (c) The final paragraph of Section 2.32 (b) of the Credit Derivatives Definitions shall be deemed to read as follows:

- (b) The definition of "Conditionally Transferable Obligation" in Section 2.33 of the Credit Derivatives Definitions shall be deemed to mean a Valuation Obligation that is either Transferable, in the case of Bonds, or capable of being assigned or novated to all Modified Eligible Transferees without the consent of any person being required, in the case of any Valuation Obligation other than Bonds, provided, however, that a Valuation Obligation other than Bonds will be a Conditionally Transferable Obligation notwithstanding that consent of the Reference Entity as identified by its Identification Number and its legal name, or the guarantor, if any, of a Valuation Obligation other than a Bond (or the consent of the relevant obligor if a Reference Entity as identified by its Identification Number and its legal name, is guaranteeing or insuring such Valuation Obligation) or any agent is required for such novation, assignment or transfer so long as the terms of such Valuation Obligation provided that such consent may not be unreasonably withheld or delayed. Any requirement that notification of novation, assignment or transfer of a Valuation Obligation be provided to a trustee, fiscal agent, administrative agent, clearing agent or paying agent for a Valuation Obligation shall not be considered to be a requirement for consent for purposes of this Section 2.33(b).

- (c) Section 2.33 (b)(i) and (ii) of the Credit Derivatives Definitions shall be deleted and replaced with the following:
- "(i) Where Modified Restructuring Maturity Limitation under Section 2.33 as amended by this Confirmation, applies and a Valuation Obligation is a Conditionally Transferable Obligation with respect to which consent is required to novate, assign or transfer, then if the requisite consent is refused (whether or not a reason is given for such refusal and, where a reason is given for such refusal, regardless of that reason), or is not received by the fifth Business Day prior to the Valuation Date (in which case it shall be deemed to have been refused), the Buyer shall promptly notify the Seller of such refusal (or deemed refusal) and shall, on such date, select one or more other obligations that constitute Valuation Obligations of the relevant Reference Entity, as identified by its Identification Number and its legal name, on such date.
 - (ii) For purposes of determining whether a Valuation Obligation satisfies the requirements of the determination of Conditionally Transferable Obligation, such determination shall be made as of the fifth Business Day prior to the Valuation Date, taking into account only the terms of the Valuation Obligation and any related transfer or consent documents which have been obtained by the Buyer."

Amount will be an amount equal to the Reference Entity Notional Amount outstanding prior to such Credit Event Notice (taking into account any previously specified Exercise Amount) minus the Exercise Amount to which the current Credit Event Notice relates;

- (c) the Exercise Amount in connection with any Credit Event Notice describing a Credit Event in relation to a Reference Entity as identified by its Identification Number and its legal name, other than a Restructuring must be equal to the then outstanding Reference Entity Notional Amount for such Reference Entity (and not a portion thereof); and

USE OF PROCEEDS

The net proceeds from the issue of the Notes by Fortis Bank will be used by it to meet part of its financing requirements and for general corporate purposes and the net proceeds from the issue of the Notes issued by Fortis Luxembourg will be lent to the Guarantor, to be used by the Guarantor for the same purposes.

SUMMARY OF PROVISIONS RELATING TO GLOBAL NOTES

Notes deposited with a common depository for Euroclear and Clearstream, Luxembourg

Each Series or Tranche, as the case may be, where the Notes issued in such Series or Tranche are initially in bearer form, will, unless otherwise provided in the relevant Final Terms initially be represented by a temporary Global Note, in bearer form without Coupons, with the Guarantee of the Guarantor endorsed thereon. Each temporary Global Note or, as the case may be, permanent Global Note (each a "Global Note") which is not intended to be issued in new global note ("NGN") form, as specified in the relevant Final Terms will be deposited on behalf of the subscribers of the relevant Notes with a common depository (the "Common Depository") for Euroclear and/or for Clearstream, Luxembourg and/or any other relevant clearing system, or as otherwise agreed, on or about the issue date of the relevant Notes, and each Global Note which is intended to be issued in NGN form, as specified in the relevant Final Terms, will be deposited on or around the issue date of the relevant Notes with a common safekeeper for Euroclear and/or Clearstream, Luxembourg. The NGN form has been introduced to allow for the possibility of Notes being issued and held in a manner which will permit them to be recognised as eligible collateral for monetary policy of the central banking system for the euro (the "Eurosystem") and intra-day credit operations by the Eurosystem either upon issue or at any or all times during their life. However in any particular case such recognition will depend upon satisfaction of the Eurosystem eligibility criteria at the relevant time.

No interest will be payable in respect of a temporary Global Note except as provided below. Upon deposit of the temporary Global Note(s) with the Common Depository, in the case of a CGN, or a common safekeeper, in the case of an NGN for Euroclear or Clearstream, Luxembourg, Euroclear or Clearstream, Luxembourg or any other relevant clearing system will credit each subscriber with a principal amount of Notes equal to the principal amount thereof for which it has subscribed and paid.

Each of the persons shown in the records of Euroclear or Clearstream, Luxembourg or any other relevant clearing system as the holder of a Note represented by a Global Note must look solely to Euroclear or Clearstream, Luxembourg (as the case may be) for his share of each payment made by the relevant Issuer to the bearer of such Global Note, subject to and in accordance with the respective rules and procedures of Euroclear, Clearstream, Luxembourg and any other relevant clearing system. Such persons shall have no claim directly against the relevant Issuer in respect of payments due on the Notes for so long as the Notes are represented by such Global Note and the obligations of such Issuer will be discharged by payment to the bearer of such Global Note in respect of each amount so paid.

The temporary Global Notes and the permanent Global Notes contain provisions which apply to the Notes while they are in global form, some of which modify the effect of the terms and conditions of the Notes set out in this document. The following is a summary of certain of those provisions:—

(1) *Exchange*: Each temporary Global Note will be exchangeable in whole or in part (A) for interests in a permanent Global Note upon (i) in the case of a CGN, presentation and (in the case of final exchange) surrender of the Temporary Global Note at the Specified Office of the Fiscal Agent, and (ii) in the case of partial exchange of a NGN, confirmation from the common service provider that Euroclear and Clearstream, Luxembourg have made appropriate entries in their records to reflect the relevant exchange and, in the case of final exchange of a NGN surrender of the Temporary Global Note at the Specified Office of the Fiscal Agent or destruction of the Temporary Global Note by the common safekeeper in accordance with the Agency Agreement, or (B) for Definitive Notes, in each case, with the Guarantee of the Guarantor endorsed thereon, on or after the first day following the expiry of 40 days after completion of the distribution of the relevant Tranche upon certification as to non-U.S. beneficial ownership in the form set out in the Agency Agreement. If the relevant Final Terms so provides, each permanent Global Note is exchangeable in whole or, in the case of Partly-paid Notes only, in part for definitive Notes by the holder giving notice to the Fiscal Agent, or by the relevant Issuer giving notice to the Fiscal Agent and the Noteholders, of its intention to exchange such permanent Global Note for definitive Notes as set out below.

(A) If so specified in the relevant Final Terms (i) on or after any Exchange Date (as defined below) or (ii) at any time or (B) if the Final Terms specifies "in the limited circumstances described in the Permanent Global Note", then upon the request of the holder of the permanent Global Note if either of the following events occurs: (a) if Euroclear or Clearstream, Luxembourg or any other relevant clearing system is closed for business for a continuous period of 14 days (other than by reason of legal holidays) or announces an intention permanently to cease business or (b) any of the circumstances described in Condition 10 occurs, the holder of a permanent Global Note may surrender such permanent Global Note to or to the order of the Fiscal Agent. In exchange for any permanent Global Note the relevant Issuer will deliver, or procure the delivery of, an equal aggregate principal amount of duly executed and authenticated definitive Notes (if appropriate, having attached to them all Coupons and Receipts in respect of interest or Instalment Amounts which have not already been paid on the permanent Global Note and a Talon), with the Guarantee of the Guarantor endorsed thereon, security printed in accordance with any applicable legal and competent authority, stock exchange or quotation system requirements and in or substantially in the form set out in Schedule 2 to the Agency Agreement. On exchange of each permanent Global Note, the relevant Issuer will, if the holder so requests, procure that it is cancelled and returned to the holder together with the relevant definitive Notes.

"Exchange Date" means a day falling not less than 60 days after that on which the notice requiring exchange is given and on which banks are open for business in the city in which the specified office of the Fiscal Agent is located and on which Euroclear and Clearstream, Luxembourg and any other relevant clearing system are open for business.

If the relevant Issuer is prevented as a result of any legal requirements from delivering, and procuring the delivery of, definitive Notes in exchange for temporary or permanent Global Notes as contemplated in the terms and conditions of the Notes, the relevant Issuer will use its best efforts to put in place an alternative arrangement which provides investors with the same economic results whilst complying with such legal requirements.

(2) *Payments:* No payment falling due more than 40 days after the issue of any Tranche represented by a temporary Global Note will be made on that temporary Global Note unless exchange for an interest in a permanent Global Note is improperly withheld or refused. Payments on any temporary Global Note during the period up to 40 days after the completion of the distribution of such Tranche will only be made against presentation of certification as to non-U.S. beneficial ownership as set out in the Agency Agreement. All payments in respect of Notes represented by a Global Note will be made against presentation for endorsement and, if no further payment falls to be made in respect of the Notes, surrender of that Global Note to or to the order of the Fiscal Agent or such other Paying Agent as shall have been notified to the Noteholders for such purpose. A record of each payment so made will be endorsed in the appropriate schedule to each Global Note, which endorsement will be *prima facie* evidence that such payment has been made in respect of the Notes.

(3) *Notices:* So long as Notes of any Series are represented by a Global Note notices may be given by delivery of the relevant notice to Euroclear or Clearstream, Luxembourg or any other relevant clearing system for communication by them to entitled account holders in substitution for publication in a daily newspaper with general circulation in the United Kingdom, but publication in the *d'Wort* or the website of the Luxembourg Stock Exchange and/or such other place as may be required by the rules and regulations of such other competent authority, stock exchange and/or quotation system on which the Notes are admitted to listing, trading and/or quotation will be maintained for so long as the Notes of the Series in respect of which the notice is to be published are admitted to listing on the official list and to trading on the regulated market of the Luxembourg Stock Exchange and/or admitted to listing, trading and/or quotation by such other competent authority, stock exchange and/or quotation system.

(4) *Prescription:* Claims against the relevant Issuer in respect of principal and interest (as each is defined in the Conditions) on Notes while the Notes of that Series are represented by a permanent Global Note will become void unless it is presented for payment within a period of 10 years (in the case of principal) and five years (in the case of interest) from the appropriate Relevant Date (as defined in Condition 8).

(5) *Meetings:* The holder of a Global Note will be treated as being two persons for the purposes of any quorum requirements of a meeting of Noteholders and, at any such meeting, as having one vote in respect of each minimum Denomination of Notes (as set out in the relevant Final Terms and which, for the avoidance of doubt, shall include each unit in multiples of which Notes of the relevant Series may be traded when in global form in the relevant clearing systems) for which such permanent Global Note may be exchanged.

(6) *Purchase and Cancellation:* Cancellation of any Note surrendered for cancellation by the relevant Issuer following its purchase will be effected by reduction in the principal amount of the relevant permanent Global Note.

(7) *Issuer's Option:* No drawing of Notes will be required under Condition 6(e) in the event that the relevant Issuer exercises any option relating to those Notes while all such Notes which are outstanding are represented by a permanent Global Note. In the event that any option of the relevant Issuer is exercised in respect of some but not all of the Notes of any Series, the rights of accountholders with Euroclear and Clearstream, Luxembourg in respect of the Notes will be governed by the standard procedures of Euroclear and Clearstream, Luxembourg.

(8) *Noteholders' Option:* Any Noteholders' option may be exercised by the holder of a permanent Global Note giving notice to the Fiscal Agent of the principal amount of Notes in respect of which the option is exercised and presenting such permanent Global Note for endorsement of exercise within the time limits specified in the Conditions.

(9) *Default:* As more fully described in the Global Notes, each Global Note shall become void in whole or in part on the seventh day after notice is served by the person or persons shown in the records of Euroclear or Clearstream, Luxembourg or any other relevant clearing system as the holder or holders of the Notes in respect of which notice is served (the "*Relevant Accountholder*") upon the occurrence of an event of default. In such circumstances each Relevant Accountholder shall acquire, under a deed of covenant dated 29 September 2006 executed by the Issuers and the Guarantor (the "*Deed of Covenant*") against the relevant Issuer and (in the case of Notes issued by Fortis Luxembourg) the Guarantor all rights which the Relevant Accountholder in question would have had if, immediately before the Global Note became void, it had been holder of definitive Notes issued on the issue date of the Global Note in an aggregate principal amount equal to the principal amount of the Notes in respect of which such Relevant Accountholder is shown in the records of Euroclear or Clearstream, Luxembourg or any other relevant clearing system.

(10) *Partly-paid Notes:* The provisions relating to Partly-paid Notes will be contained in the Global Notes. For so long as any instalments of the subscription moneys due from the holder of Partly-paid Notes are due, no interest in a Global Note representing such Notes may be exchanged for an interest in a permanent Global Note or for Definitive Notes (as the case may be). In the event that any Noteholder fails to pay any instalment due on any Partly-paid Notes within the time specified, the relevant Issuer will be entitled to forfeit such Notes and shall have no further obligation to their holder in respect of them.

Notes issued by Fortis Bank and clearing through the X/N System

If so provided in the relevant Final Terms, each Series or Tranche, as the case may be, issued by Fortis Bank, where the Notes issued in such Series or Tranche are initially in bearer form, will be represented by a permanent Global Note, in bearer form without Coupons, which will be deposited with the NBB as operator of the X/N System or its custodian on or about the issue date of the relevant Notes. Upon receipt of the permanent Global Note the NBB will credit the accounts of its participants, which include Euroclear's and Clearstream, Luxembourg's account, being an Exempt Account, in the X/N System with an aggregate amount equivalent to the principal amount of the permanent Global Note. Euroclear and Clearstream, Luxembourg will then credit each subscriber with a principal amount of Notes equal to the principal amount thereof for which it has subscribed and paid.

Ownership of beneficial interests in the permanent Global Note will be limited to persons who maintain accounts with the X/N System, Euroclear and Clearstream, Luxembourg or persons who hold interests through such persons and which are Eligible Investors holding the Notes in an exempt Notes account. Certain types of Belgian investors (being those that are not eligible for holding "X-accounts"), however, may not hold their Notes through Euroclear or Clearstream, Luxembourg (save if they do so through another intermediary financial institution which is also a participant in the X/N Clearing System and which will be responsible for the withholding of tax). Please refer to the section entitled "*Taxation – Belgium*" below. Ownership of beneficial interests in the permanent Global Note will be shown on, and the transfer of such interests will be effected only through, records maintained by the X/N System, Euroclear and Clearstream, Luxembourg and in accordance with the applicable procedures of the X/N System, Euroclear and Clearstream, Luxembourg.

Each of the persons shown in the records of the X/N System, Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system as being entitled to an interest in the permanent Global Note (each an "Accountholder") must look solely to the X/N System, Euroclear and/or Clearstream, Luxembourg and/or such other relevant clearing system (as the case may be) for such Accountholder's share of each payment made by Fortis Bank to the bearer of such permanent Global Note and in relation to all other rights arising under the permanent Global Note. For so long as the Notes are represented by the permanent Global Note, Accountholders shall have no claim directly against Fortis Bank in respect of payments due under the Notes and such obligations of Fortis Bank will be discharged by payment to the bearer of the permanent Global Note.

The permanent Global Note contains provisions which apply to the Notes while in global form, some of which modify the effect of the terms and conditions of the Notes set out in this document. The following is a summary of certain of those provisions:

(1) *Exchange for definitive Notes*: If the relevant Final Terms so provide, each permanent Global Note is exchangeable in whole or, in the case of Partly-paid Notes only, in part for definitive Notes by the holder giving notice to the Domiciliary Agent, or by the Issuer giving notice to the Domiciliary Agent and the Noteholders, of its intention to exchange such permanent Global Note for definitive Notes as set out below:

(A) If so specified in the relevant Final Terms (i) on or after any Exchange Date (as defined below) or (ii) at any time or (B) if the relevant Final Terms specifies "in the limited circumstances described in the Permanent Global Note", then upon the request of the holder of the permanent Global Note if either of the following events occurs: (a) if the X/N System, Euroclear or Clearstream, Luxembourg or any other relevant clearing system is closed for business for a continuous period of 14 days (other than by reason of legal holidays) or announces an intention permanently to cease business or (b) any of the circumstances described in Condition 10 occurs, the holder of a permanent Global Note may surrender such permanent Global Note to or to the order of the Domiciliary Agent. In exchange for any permanent Global Note Fortis Bank will deliver, or procure the delivery of, an equal aggregate principal amount of duly executed and authenticated definitive Notes (if appropriate, having attached to them all Coupons and Receipts in respect of interest or Instalment Amounts which have not already been paid on the permanent Global Note and a Talon), security printed in accordance with any applicable legal and competent authority, stock exchange or quotation system requirements and in or substantially in the form set out in Schedule 2 to the Agency Agreement. On exchange of each permanent Global Note, Fortis Bank will, if the holder so requests, procure that it is cancelled and returned to the holder together with the relevant definitive Notes.

"Exchange Date" means a day falling not less than 60 days after that on which the notice requiring exchange is given and on which banks are open for business in the city in which the specified office of the Domiciliary Agent is located and on which the X/N System, Euroclear and Clearstream, Luxembourg and any other relevant clearing system are open for business.

If the Issuer is prevented as a result of any legal requirements from delivering, and procuring the delivery of, definitive Notes in exchange for temporary or permanent Global Notes as contemplated in the terms and conditions of the Notes, the Issuer will use its best efforts to put in place an alternative arrangement which provides investors with the same economic results whilst complying with such legal requirements

(2) *Payments*: Payments in respect of the permanent Global Note will be made by or on behalf of the Issuer to the NBB for distribution to accountholders with the X/N System (in the case of payments in euro) or to Euroclear, Clearstream, Luxembourg and the Domiciliary Agent for distribution to the respective accountholders (in the case of payments in currencies other than euro).

(3) *Payment business day*: Subject as provided in the Conditions and the relevant Final Terms, while all the Notes are represented by the permanent Global Note and the permanent Global Note is deposited with the NBB or its custodian and cleared through the X/N System, all payments in respect of the permanent Global Note will be made on a day on which the X/N System is open. If payment is due on a day on which the X/N System is not open, the holder shall not be entitled to payment of the amount due until the next succeeding date on which the X/N System is open and shall not be entitled to any further interest or other payment in respect of any such delay.

(4) *Meetings*: The rights of accountholders with the X/N System, Euroclear, Clearstream, Luxembourg and/or any other clearing system (together, the “*Clearing Systems*”) in respect of meetings of Noteholders in relation to the Notes represented by the permanent Global Note will be governed by the standard procedures of such Clearing Systems and Belgian law. To the extent that the NBB does not attend and vote on behalf of Accountholders as instructed in accordance with the standard procedures of the Clearing Systems, Accountholder shall be entitled to attend and vote in such meetings in accordance with Belgian law and the Issuer shall recognise their entitlement accordingly. By accepting to hold the permanent Global Note, the NBB irrevocably authorises the Accountholders to act on its behalf in such circumstances.

5. Business Overview

Fortis Bank combines the banking activities of Fortis and operates on a cross-border basis. Its organisation is centred around 3 businesses:

- Retail Banking, providing financial services to retail customers, self-employed, professionals and small businesses;
- Commercial & Private Banking, providing medium-sized enterprises active cross-border with a full range of financial services and offering integrated worldwide assets and liability management solutions to private clients, their businesses and their advisers;
- Merchant Banking, offering tailored investment and financing solutions to Fortis' institutional and corporate clients.

Each business comprises several business lines which, in turn, group together activities focusing on a specific customer segment.

Moreover, the businesses are able to rely on two critical support functions. The CFO Office is tasked with tracking and reporting on the financial performance of our businesses. The COO Office, covering all the cross-business functions (Operations, Information Services & Technology, Human Resources, Facility Management & Purchasing, Legal & Compliance and Risk Management), helps the businesses grow in a controlled way by providing them with efficient and easy to roll out support platforms, combined with risk management and compliance functions.

Retail Banking

Retail Banking intends to be, and to remain, the bank of choice for individual customers, the self-employed, professionals and small businesses in every market in which it is active. Number two in the Benelux region, the leader in Belgium and Luxembourg, and number four in the Netherlands, Retail Banking is poised to take advantage of significant growth opportunities in these markets.

To meet its growth objectives and competitive targets, Retail Banking intends to put its customers even more at centre stage, particularly by intensifying its efforts to develop the “Customer Bank” concept (which emphasises customer service, availability, transparency and continuous improvement) and by establishing a culture that focuses on sales, customer satisfaction and the development of customer loyalty. In this context, Retail Banking plans to pursue its objectives with respect to staff training, the optimisation of the commercial organisation, product differentiation, the development of its innovative, integrated service offering, and the transition from a “multi-“ to a “cross-channel” distribution strategy.

Commercial and Private Banking

Commercial Banking wants to become the bank of choice for medium-sized companies operating in Europe. It offers financial solutions with added-value through its integrated European network of Business Centres. Its main target group is companies requiring multiple banking services, such as leasing, factoring, international credit facilities, international cash management and finance facilities for acquisitions or trading transactions. The Global Relationship Manager (GRM) offers companies a single point of contact for their financial needs. The GRM is both a channel to all the expertise within Fortis and a provider of tailored solutions.

Under the name MeesPierson, Private Banking is one of the top 15 private banks in Europe and is ranked amongst the market leaders in the field of trust and corporate services. With a presence in 23 countries, the company offers integrated international management of assets and liabilities to wealthy individuals and business clients. The advice and solutions offered by MeesPierson are based on years of experience.

The Commercial & Private Banking business aims to reap the benefits of a combined and global approach to their two closely connected markets. In particular they are looking to benefit from improving the collaboration between Commercial Banking and Private Banking and by pooling their competence in the areas of trust, business management, leasing and so on. This closer co-operation will allow them to develop further the ‘Act as One’ concept and establish a service strategy that is unique in Europe. The business wants to become an international provider of integrated ‘Commercial & Private Banking’ services, putting it at the head of the field in Europe.

In order to strengthen its position and to increase Fortis’ international market visibility, Commercial & Private Banking will prioritise investment in the Fortis brand.

Merchant Banking

Merchant Banking plans to extend its expertise and presence in selected niche markets in which it has recognised expertise (e.g. commodity finance in emerging markets). It will also strengthen its position in its home market, particularly in the Netherlands, as well as in Asia and the United States.

Merchant Banking is the market leader in Belgium and Luxembourg, and is amongst the leading regional and global players in specific niche markets such as commodity finance. Merchant Banking offers its institutional and corporate clients tailored investment and financing solutions, based on its activities in Corporate and Investment Banking, Financial and Capital Markets, Private Equity and Securities Services.

Merchant Banking has opted for a firm focus on the client. As part of its pursuit of optimal and economically rewarding relationships with its clients, the business provides a full range of services, customised to meet clients’ needs, based on an in-depth analysis of their expectations.

Merchant Banking plans to extend its expertise and presence in selected niche markets in which it has recognised expertise (e.g. commodity finance in emerging markets). It will also strengthen its position in its home market, particularly in the Netherlands, as well as in Asia and the United States.

6. Organisational Structure: description of Fortis

6.1 General

Fortis Bank is part of Fortis, which comprises Fortis SA/NV and Fortis N.V., and their respective subsidiaries (“**Fortis group**” or “**Fortis**”). For a description of the legal structure of Fortis, please refer to the section below entitled “*Major Shareholders*”.

Fortis is an international provider of banking and insurance services to personal, business and institutional customers. The company delivers a total package of financial products and services through its own high-performance channels and via intermediaries and other partners.

Fortis' retail banking operations are the market leader in the Benelux region – one of Europe's wealthiest. Building on that leadership, Fortis has developed an integrated, continent-wide network to serve internationally active enterprises. The same, unique skill-set also provides high net worth individuals, enterprises and entrepreneurs with advanced financial services tailored to their specific needs. Fortis' unmatched expertise has made it a regional and in some cases global leader in niche markets like fund administration, export and project finance, shipping and commodities. Fortis successfully combines its banking and insurance skills in growth markets in Europe and Asia, and it leads the market in bancassurance in Spain and Portugal.

Fortis ranks among Europe's top 20 financial institutions, with a market capitalisation of EUR 38.7 billion (30 April 2006). With excellent solvency, a presence in 50 countries and a dedicated, professional workforce of 57,000, Fortis combines global strength with local flexibility.

6.2 Fortis' strategy

The European financial landscape is undergoing fundamental changes which should create growth opportunities in the near future. Major obstacles are gradually being removed from the retail market, which could change the composition of local markets. Changing consumer behaviour and new distribution channels should result in higher growth margins.

Both businesses and institutional customers are continually scaling up their operations. This too should result in an integrated European or world market, offering cross-border opportunities in areas such as leasing, factoring and employee benefits.

To secure a central role for itself in this changing market, early in 2005 Fortis revised its objectives and corporate strategy. Over the next five years, it aims to acquire a strategic position in an enlarged European Union, with its sights set on selective expansion opportunities in Asia and North America.

Fortis plans to further bolster its market position in the retail markets of the Benelux countries and Europe where it is already active. To this end, it will gear its products even more closely to its customers' needs and expand the current distribution channels. Fortis aims to provide its five million private customers with the level of service that can be expected from a first-class financial institution.

Even more intense interaction between the banking and the insurance businesses – both nationally and internationally – should boost growth further. Strategic acquisitions should also augment the channels. The insurance arm should continue to grow in its specific market segments by means of innovation, an improved level of service to bank branches and insurance intermediaries, and cost control.

In addition to improving service in the Benelux-based banking and insurance businesses and developing a number of specialised activities internationally, Fortis will use its expertise to further expand its European network at an accelerated pace. Commercial & Private Banking will lead the way. Business centres will be opened in the new member states of the European Union and Private Banking and Commercial Banking will work together even more intensely. Merchant Banking will continue to invest in selected customer and product segments, including the United States. Fortis will also make every effort to expand its bancassurance model in Europe and Asia.

Based on its goal to serve customers better, Fortis has defined a number of growth-orientated organisational principles in its corporate strategy:

1. Fortis has opted for a new, customer group-driven organisational structure with business-specific and geographical authorities (Europe, Asia and North America). Activities are now organised into six businesses: Retail Banking, Commercial & Private Banking, Merchant Banking, Insurance Belgium, Insurance Netherlands and Insurance International. Three members of the Executive Committee are responsible for co-ordinating Fortis' international expansion in Europe, Asia and North America respectively. The expertise and experience gained in the Benelux countries will thus be fully exploited to guarantee cross-business synergies outside these countries.
2. To support growth of the businesses, the support and operational functions will be merged and managed at Executive Committee level.
3. The Chief Operating Officer will manage the cross-business functions Information Services & Technology, Human Resources, Facility Management & Purchasing, Legal & Compliance, Risk Management and Operations to ensure that the businesses are performance-driven and operate coherently by exploiting cross-border and cross-business synergies and efficient technical and operational processes.
4. The Chief Financial Officer monitors and advances the performance of the businesses in order to optimise profitability of existing activities and to promote integration of the new businesses. In addition, he is also responsible for Mergers & Acquisitions, Reporting and Accounting.
5. The Chief Institutional Relations maintains high-level contact with European and international institutions and local authorities in countries where Fortis is active and where it wishes to invest. He also maintains contact with the regulatory authorities and is in charge of Investor Relations.

This new growth-oriented organisational structure will enable Fortis to derive maximum profitability from its existing markets and activities, to expand internationally and to create synergies between businesses. To support expansion and to increase Fortis' visibility worldwide, the group's main companies – Fortis Bank, Fortis AG, Fortis Verzekeringen Nederland, Fortis Banque Luxembourg, Disbank and MeesPierson – will be rebranded into a single Fortis brand within two years. The new brand represents a strong identity and is based on the Fortis values: stable (reliable), caring (customer-focused), innovative (pioneering) and straightforward (open).

6.3 Ambition and goals

Fortis is an international financial services provider with two core competences – banking and insurance. Based on its leading position in the Benelux countries and a drive to provide top-quality services, Fortis aims to acquire a strategic position in the enlarged European Union and is pursuing selective expansion in Asia and North America.

Against this background, Fortis has decided to strive for organic growth together with selective acquisitions and strategic partnerships, while adhering to strict cost control. It aims to achieve average organic growth of net operating profit of 10 per cent. per annum for the period 2005-2009 and to double to 30 per cent. the contribution to profits generated outside the Benelux countries in 2009.

In addition to these strategic objectives, Fortis has defined four long-term financial targets:

- Average annual growth of net profit per share of at least 10 per cent. (excluding capital gains realised on divestments), driven by growth of the various banking and insurance businesses.
- Average operating leverage of more than 250 basis points. As Fortis is expanding through investment, this target has been introduced to ensure that investments lead to stronger revenue growth relative to underlying costs.
- Risk Adjusted Return on Risk Adjusted Capital (RaRoRAC) of at least 15 per cent.. RaRoRAC is a performance yardstick that reflects an activity's return taking into account the economic capital it requires and the average, statistically anticipated level of credit losses over time.
- Stable and growing dividend.

6.4 Description of activities in respect of each business

To ensure that its services are organised as effectively as possible, Fortis' operations have been divided into six businesses – three banking and three insurance businesses. Each business applies a powerful customer focus to develop specific products and services for its target group. The basic principle is that this product and service offering has to be accessible at any given moment through a variety of channels. The autonomy enjoyed by the different businesses enable Fortis to meet your needs better and faster.

The six businesses are:

- Retail Banking
- Merchant Banking
- Commercial Banking
- Insurance Belgium
- Insurance Netherlands
- Insurance International

Retail Banking provides financial services to individuals and small businesses. Six million customers in Benelux and Turkey currently use Fortis' integrated banking and insurance services. The business is also active in France and Poland, where it specialises in financial advice to businesspeople.

Merchant Banking offers tailored investment and financing solutions to Fortis' institutional and corporate clients. The business combines Benelux market leadership with a strong European and worldwide position in fields like structured credits and shipping, commodity and project finance.

Commercial Banking's integrated European Business Centre network provides medium-sized enterprises active cross-border with a full range of financial services, delivered via a single Global Relationship Manager. Private Banking offers integrated worldwide asset and liability management solutions to private clients, their businesses and their advisers.

Insurance Belgium consists of FB Insurance (bancassurance) and Fortis AG (distribution via independent intermediaries). The business operates a multi-channel strategy, supplying life and non-life policies to private

clients and SMEs. Group life, healthcare and pension products for large enterprises are delivered by the unit Fortis Employee Benefits.

Insurance Netherlands is made up of Fortis ASR and four specialist insurers. Fortis ASR is a large generalist insurer offering businesses and individuals a wide range of life and non-life policies, together with mortgage and savings products. The four specialists supply income protection, unit-linked insurance, travel and leisure cover, and funeral policies.

Insurance International leverages its existing skills in distribution, operations and products and has established a presence in selected European and Asian markets. It sells its products via a number of channels, including banks. UK: non-life products via broker network, affinity groups and directly. Luxembourg: principally life products via brokers and bank alliances. France: life products via brokers and own agents. Spain, Portugal and Malaysia: successful joint ventures with local banking partners. Thailand and China: JVs with strong local partners, multi-channel distribution. Fortis Corporate Insurance (based in Benelux) is also part of Insurance International.

Transparent and effective administration - including adherence to high ethical standards - is absolutely crucial to Fortis. Efficient corporate governance should support operational development, while helping to manage risks as effectively as possible. The withholding tax treatment in respect of Notes cleared through the X/N system is different from that of other Notes and is set out below under the heading “**Withholding tax treatment applicable to Notes held in the X/N system**”.

Taxation applicable to individuals resident in Belgium

Belgian residents subject to Belgian personal income tax are normally subject to the following tax treatment with regard to the Notes.

The interest on Belgian Notes is subject to a Belgian withholding tax of 15 per cent. The same applies to interest on Foreign Notes if such interest is collected through a financial intermediary established in Belgium. If Belgian withholding tax has been withheld, the interest will not be taxed further, and need not be reported in the tax return. Noteholders who collect the payment abroad without Belgian withholding tax are required to mention this income in their tax return and will be taxed at 15 per cent. plus local surcharges.

Notes cleared through the X/N system are subject to a special regime in respect of withholding tax (see below).

Capital gains realised on the sale of Notes on the secondary market before maturity are generally not taxable for individuals (except the accrued interest component), save where the purchaser is the issuer. In the latter case, capital gains are taxable as interest. Capital losses realised on the sale of Notes are not tax deductible.

Other rules may be applicable in certain specific cases, especially when the Noteholders are Belgian residents holding investments within the framework of their professional activity, or when transactions regarding the Notes fall outside the scope of common private asset management transactions.

Taxation applicable to Belgian corporations

Companies that are subject to Belgian corporate tax are normally subject to the tax treatment described below with regard to the Notes.

The total amount of income from the Notes will be part of the taxable profit of the company.

The amount of interest on Belgian Notes is subject to a Belgian withholding tax of 15 per cent.

Interest on Foreign Notes that is collected through a financial intermediary established in Belgium is in principle also subject to Belgian withholding tax, but may benefit from an exemption if the company receiving the interest delivers a specific residence certificate. This withholding tax exemption does not apply in case of a zero coupon bond.

Notes cleared through the X/N system are subject to a special regime in respect of withholding tax (see below).

Any Belgian withholding tax can be offset against the investor's corporate tax, but only in proportion to the period during which the company held the notes.

Capital gains realised on the sale of the Notes are taxable while capital losses realised as well as latent capital losses expressed in the accounts are in principle tax deductible.

Taxation applicable to non-profit entities (such as pension funds)

The interest on Belgian Notes is subject to a Belgian withholding tax of 15 per cent. The same applies to interest on Foreign Notes if such interest is collected through a financial intermediary established in Belgium. If Belgian withholding tax has been withheld, the interest will not be taxed further. Noteholders who collect the payment abroad without Belgian withholding tax are required to declare this income and to pay the withholding tax on their own initiative.

Notes cleared through the X/N system are subject to a special regime in respect of withholding tax (see below).

Capital gains realised on the sale of Notes on the secondary market before maturity are generally not taxable for non-profit entities (except the accrued interest component), save where the purchaser is the issuer. In the latter case, capital gains are taxable as interest. Capital losses realised on the sale of Notes are not tax deductible.

Taxation applicable to non-Belgian residents

The income of Belgian Notes is subject to a withholding tax of 15 per cent unless the Noteholder has the benefit of a tax treaty which provides for an exemption or reduction from withholding tax. The income of Foreign Notes paid to non-Belgian resident investors is not subject to Belgian withholding tax if it is not collected through a Belgian financial intermediary. Income of Foreign Notes that is collected through a financial intermediary established in Belgium may be subject to 15 per cent. withholding tax, unless the Noteholder is resident in a country with which Belgium has concluded a tax treaty.

An exemption from withholding tax is also available in respect of interest on Foreign Notes collected through a Belgian credit institution, brokerage firm or clearing and settlement system if the non-resident is the owner or usufructer of the Notes and provided a certificate is delivered stating that he has not allocated the Notes to business activities in Belgium and that he is a non-resident.

Notes cleared through the X/N system are subject to a special regime in respect of withholding tax (see below).

Non-resident companies who allocate the Notes to a business activity in Belgium (for example, through a permanent establishment) are subject to the same rules as companies resident in Belgium.

Non-resident Noteholders who do not allocate the Notes to a business activity in Belgium are not subject to Belgian income tax save, as the case may be, in the form of withholding tax.

In accordance with European Council Directive 2003/48/EC on the taxation of savings, Belgium enacted on 17 May 2004 a law that incorporates this directive into Belgian law. The law provides that interest paid to individuals resident in a European Union member state other than Belgium are subject to a "levy for the State of residence", the rate of which has been set at 15 per cent. for the three first years after the entry into force of the law, 20 per cent. for the three following years and 35 per cent. thereafter. A levy for the state of residence will also be applied in respect of interest paid to residents in the following third countries: Switzerland, Andorra, Monaco, Liechtenstein, San Marino, Dutch Antilles, Aruba, Guernsey, the Isle of Man, Jersey, Anguilla, the British Virgin Islands and Montserrat. The tax will not be levied if the beneficial owner provides to the paying agent a certificate issued in his name by the competent authority of his state of residence. The European Union decided on 19 July 2004 that the directive should in principle be applied as from 1 July 2005. The law of 17 May 2004 has taken effect on 1 July 2005.

Withholding tax treatment applicable to Notes held in the X/N system

The holding of the Notes in the NBB clearing and settlement system permits most types of investors (the "**Eligible Investors**", see below) to collect interest on their Notes free of withholding tax, and to trade their Notes on a gross basis.

Participants in the NBB system must keep the Notes they hold for the account of Eligible Investors on so called "X accounts", and those they hold for the account of non-Eligible Investors on "N accounts". Payments of interest made through X accounts are free of withholding tax; payments of interest made through N accounts are subject to a withholding tax of 15 per cent., which the NBB deducts from the payment and pays over to the tax authorities. In the case of Notes issued at a discount, the difference between the issue price and the nominal amount constitutes interest for these purposes.

Transfers of Notes between an X account and an N account give rise to certain adjustment payments on account of withholding tax:

- A transfer from an N account to an X account gives rise to the payment by the transferor non-Eligible Investor to the NBB of withholding tax on the accrued fraction of interest calculated from the last interest payment date up to the transfer date. The withholding tax is due in euro, and is calculated based on the rate of exchange published two business days earlier by the NBB.
- A transfer from an X account to an N account gives rise to the refund by the NBB to the transferee non-Eligible Investor of withholding tax on the accrued fraction of interest calculated from the last interest

payment date up to the transfer date. The refund is payable in euro, and is calculated based on the rate of exchange published two business days earlier by the NBB.

- Transfers of Notes between two X accounts do not give rise to any adjustment on account of withholding tax.

These adjustment mechanics are such that parties trading the Notes on the secondary market, irrespective of whether they are Eligible or non-Eligible Investors, are in a position to quote prices on a gross basis.

The main categories of Eligible Investors are as follows:

- Belgian resident corporate investors;
- Belgian pension funds;
- corporate investors who are non-residents of Belgium, whether they have a permanent establishment in Belgium or not;
- individuals who are non-residents of Belgium, unless their holding of the Notes is connected to a permanent establishment they have in Belgium; and
- non incorporated foreign collective investment schemes (such as *fonds communs de placement*) whose units are not publicly offered or marketed in Belgium.

The main categories of non-Eligible Investors are as follows:

- Belgian resident individuals;
- Belgian non profit organisations (other than pension funds); and
- non incorporated Belgian collective investment schemes (*fonds communs de placement*) and similar foreign funds whose units are publicly offered or marketed in Belgium.

(The above categories summarise the detailed definitions contained in Article 4 of the royal decree of 26 May 1994, to which investors should refer for a precise description of the relevant eligibility rules.)

When opening a securities account for the holding of Notes or other securities kept in the NBB clearing and settlement system, investors are required to provide the financial institution where this account is kept with a statement as to their tax status. This statement need not be periodically reissued. No such statement is required of investors who are non-residents of Belgium and keep their Notes on a securities account through Euroclear or Clearstream, Luxembourg.

Stamp duties

Secondary market trades in respect of the Notes may give rise to a stamp duty (*taks op beursverrichtingen / taxe sur les opérations de bourse*) if they are carried out through a financial institution established in Belgium. The amount of the stamp duty, however, is capped at EUR 500 per transaction, and various types of investors (including credit institutions, insurance companies, pension funds and all non-residents of Belgium) are exempted from this stamp duty.

Tax on the delivery of bearer instruments

The delivery to Noteholders (but not to the X/N System, Euroclear or Clearstream, Luxembourg) of Notes in bearer form will give rise to a 0.6 per cent. tax on the delivery of bearer instruments, if such delivery occurs in Belgium and unless it is made in connection with a primary market subscription to these Notes.

Inheritance duties

No Belgian inheritance duties will be levied in respect of the Notes if the deceased Noteholder was not a Belgian resident at the time of his or her death.

Taxation in Luxembourg

The Issuers have been advised that under the existing laws of Luxembourg as currently applied by the Luxembourg tax authorities:

- (a) All payments of interest and principal by Fortis Luxembourg under the Notes can be made free of withholding or deduction for or on account of any taxes of whatsoever nature imposed, levied, withheld, or assessed by Luxembourg or any political subdivision or taxing authority thereof or therein in accordance with applicable law, subject however to:
 - (i) the application of the Luxembourg law of 21 June 2005 implementing the European Union Savings Directive (please refer to the paragraph below entitled "*EU Savings Directive*") and

providing for the possible application of a withholding tax (15 per cent. from 1 July 2005 to 30 June 2008, 20 per cent. from 1 July 2008 to 30 June 2011 and 35 per cent. from 1 July 2011) on interest paid to certain non-Luxembourg resident investors (individuals and certain types of entities called "residual entities") in the event of the Issuer appoint a paying agent in Luxembourg within the meaning of the above-mentioned directive (for more information, please refer to the paragraph below entitled "*EU Savings Directive*"); and

- (ii) the application of the Luxembourg law of 23 December 2005 which has introduced a 10 per cent. final withholding tax on savings income (i.e. with certain exemptions, savings income within the meaning of the Luxembourg law of 21 June 2005 implementing the European Union Savings Directive) in respect of Luxembourg resident individuals. This law should apply to savings income accrued as from 1 July 2005 and paid as from 1 January 2006.

Responsibility for the withholding of tax in connection with the above-mentioned Luxembourg laws of 21 June 2005 and 23 December 2005 shall be assumed by the Luxembourg paying agent within the meaning of these laws and not by the relevant Issuer.

As of 1 January 2006 a 10 per cent. withholding tax applies on interest payments made by Luxembourg paying agents to Luxembourg individual residents. This withholding tax also applies on accrued interest received upon sale, redemption or repurchase of the Notes, Receipts or Coupons. Regarding individuals resident in another European Union member state, the withholding tax treatment is subject to the EU Savings Directive.

- (b) A holder of Note who derives income from such Note or who realises a gain on the disposal or redemption thereof will not be subject to Luxembourg taxation on income or capital gains unless:
 - (i) such holder is, or is deemed to be, resident in Luxembourg; or
 - (ii) such income or gain is attributable to an enterprise or part thereof which is carried on through a permanent establishment or a permanent representative in Luxembourg;
- (c) Luxembourg net wealth tax will not be levied on a holder of a Note unless:
 - (i) such holder is, or is deemed to be, resident in Luxembourg for the purpose of the relevant provisions; or
 - (ii) such Note is attributable to an enterprise or part thereof which is carried on through a permanent establishment or a permanent representative in Luxembourg;

In respect of individuals, the Luxembourg law of 23 December 2005 has abolished the net wealth tax with effect from 1 January 2006.

- (d) No Luxembourg inheritance tax is levied on the transfer of the Notes upon death of a Noteholder in cases where the deceased was not a resident of Luxembourg for inheritance tax purposes.
- (e) Luxembourg gift tax will be levied in case the gift is made pursuant to a notarial deed signed before a Luxembourg notary.
- (f) It is not compulsory that the Notes be filed, recorded or enrolled with any court, or other authority in Luxembourg or that registration tax, transfer tax, capital tax, stamp duty or any other similar tax or duty (other than court fees and contributions for the registration with the Chamber of Commerce) be paid in respect of or in connection with the execution, delivery and/or enforcement by legal proceedings (including any foreign judgment in the courts of Luxembourg) of the Notes, in accordance therewith, except that, in case of use of the Notes, either directly or by way of reference, (i) in a public deed, (ii) in a judicial proceeding in Luxembourg or (iii) before any other Luxembourg official authority (*autorité constituée*), registration will in principle be ordered which implies the application of a fixed or an ad valorem registration duty and calculated on the amounts mentioned in the Notes.
- (g) There is no Luxembourg value-added tax payable in respect of payments in consideration for the issue of the Notes or in respect of the payment of interest or principal under the Notes or the transfer of Notes, provided that Luxembourg value-added tax may, however, be payable in respect of fees charged for certain services rendered to Fortis Luxembourg, if for Luxembourg value-added tax purposes such services are rendered, or are deemed to be rendered, in Luxembourg and an exemption from Luxembourg value-added tax does not apply with respect to such services.
- (h) A holder of a Note will not become resident, or deemed to be resident, in Luxembourg by reason only of the holding of such Note or the execution, performance, delivery and/or enforcement of that or any other Note.

Taxation in The Netherlands

(a) *Dutch Resident Holders*

Holders who are individuals and are resident or deemed to be resident in The Netherlands, or who have elected to be treated as a Dutch resident Holder for Dutch tax purposes, are subject to Dutch income tax on a deemed return regardless of the actual income derived from a Note or gain or loss realised upon disposal or redemption of a Note, provided that the Note is a portfolio investment and is not held in the context of any business or substantial interest. The deemed return amounts to 4 per cent. of the average value of the Holder's net assets in the relevant fiscal year (including the Notes) and is taxed at a flat rate of 30 per cent. Any Belgian or Luxembourg withholding tax that is deducted from interest payments in respect of the Notes as a result of implementing the EU Savings Directive (only during the transitional period: please refer to "EU Savings Directive" below), can be fully offset against the investor's Dutch income tax liability.

Corporate Holders that are resident or deemed to be resident in The Netherlands, without being exempt from Dutch corporate tax, will be subject to Dutch corporate tax on all income and gains realised in connection with the Notes. Any Belgian or Luxembourg withholding tax can be offset against the Dutch corporate income tax liability on world-wide income if certain conditions are met.

(b) *Non-Dutch Resident Holders*

Non-Dutch resident Holders normally will not be subject to Dutch income or corporate taxation with respect to income or capital gains realised in connection with a Note, unless there is a specific connection with The Netherlands, such as an enterprise or part thereof which is carried on through a permanent establishment in The Netherlands.

A Holder will not become resident or deemed to be resident in The Netherlands by reason only of the holding of a Note.

(c) *Registration taxes, stamp duty etc.*

There is no Dutch registration tax, capital tax, customs duty, stamp duty or any other similar tax or duty payable by the Holder in The Netherlands in connection with the Notes.

(d) *Withholding tax*

In principle, all payments by the Issuer to the Holder in respect of the Notes can be made free of any Dutch withholding tax.

Taxation in Spain

The following is a brief summary of the tax regime applicable to investments in the Notes.

The information provided below does not purport to be a complete summary of all the tax considerations that may be relevant to a decision to acquire, hold or dispose of the Notes and does not purport to deal with the tax consequences applicable to all categories of investors, some of whom are dealers in securities) may be subject to special rules. The summary below is based on tax law and practice currently applicable in the Kingdom of Spain and is subject to any changes in law and the interpretation and application thereof, which could be made with retrospective effect.

Each of the potential investors in the Notes should carry out an exhaustive examination of the applicable tax regime, in light of the specific circumstances which apply to them and the regulations in force when receiving and filing any tax return in relation to income or gain relating to the Notes.

Introduction

This information has been prepared in accordance with the following Spanish tax legislation in force at the date of this Prospectus:

- (a) for individuals with tax residence in Spain who are Personal Income Tax taxpayers, Royal Legislative Decree 3/2004, dated 5 March 2004 enacting the Consolidated Text of the Personal Income Tax Law¹, and Royal Decree 1775/2004, dated 30 July 2004, enacting the personal Income Tax Regulations, along with Law 19/1991, dated 6 June 1991 regarding Wealth Tax and Law 29/1987, dated 18 December 1987, regarding Inheritance and Gift Tax;
- (b) for legal entities that are residents in Spain for tax purposes and are Corporate Income Tax taxpayers, Royal Legislative Decree 4/2004, dated 5 March 2004 enacting the Consolidated Text of the Corporate Income Tax Law, and Royal Decree 1777/2004, dated 30 July 2004, promulgating the Corporate Income Tax Regulations; and

¹ The Spanish Parliament is currently considering a new Personal Income Tax Law. The project also contains certain amendments to Corporate Income Tax Law and Non Residents Income Tax Law and, presumably, would enter into force on January 1, 2007.

- (c) for individuals and entities who are not residents in Spain for tax purposes, Royal Legislative Decree 5/2004, dated 5 March 2004, enacting the Consolidated Text of the Non-Resident Income Tax Law, and Royal Decree 1776/2004, dated 30 July 2004, enacting the Non-Resident Income Tax Regulations, along with Law 19/1991, dated 6 June 1991, regarding Wealth Tax and Law 29/1987, dated 18 December 1987, regarding Inheritance and Gift Tax.

Acquisition of the Notes

The issue, subscription, transfer and acquisition of the Notes is exempt from Transfer Tax and Stamp Duty (*Impuesto sobre Transmisiones Patrimoniales y Actos Jurídicos Documentados*) and Value Added Tax (*Impuesto sobre el Valor Añadido*).

Taxation derived from the Notes

The following paragraphs will refer to the tax treatment for each category of investor as a result of any income arising from the Notes as well as any tax due from their holding.

We will separately refer to each category of investor.

(a) *Individuals with tax residency in Spain*

(i) *Personal income Tax (Impuesto sobre la Renta de las Personas Físicas)*

Income obtained by Noteholders, both as interest and in connection with the transfer, redemption or repayment of the Notes, will be considered income on investments obtained from the transfer of their own capital to third parties, as defined in Section 23.2 of the Personal Income Tax Law.

In this sense, in the event of interest income derived from the Notes, the aggregate income will be determined by the gross amount of interest received, including any withholding tax applied, as the case may be.

Furthermore, in the event of transfer, redemption or repayment of the Notes, the income on this investment must be deemed to be the difference between the transfer, redemption or repayment value (minus properly supported ancillary disposal expenses) and the acquisition or subscription value (plus properly supported ancillary acquisition expenses). Expenses corresponding to discretionary or individual portfolio management are not computed for these purposes.

If the period during which such income is generated exceeds two years, a reduction of 40 per cent. on the taxable amount will be applied.

The income obtained will be subject to tax at the marginal rates set out in the Personal Income Tax Law (currently ranging between 15 per cent. and 45 per cent.). In addition, the Spanish resident Noteholder would be allowed to apply a double tax credit on the lesser of the two following amounts:

- the tax effectively paid abroad, provided it has identical or analogous nature as the Personal Income Tax or Non-Resident Income Tax.
- the result of applying the taxpayer's average tax rate to the portion of the taxable basis that is taxed abroad.

Payments received by Spanish resident investors will not be subject to withholding or payment on account in Spain notwithstanding any withholding that may be due in other countries and, in particular, in the country of residence of the issuer.

(ii) *Wealth Tax (Impuesto sobre el Patrimonio)*

Individuals with tax residency in Spain under the obligation to pay Wealth Tax must take into account the Notes they hold at 31st December of each year when calculating their Wealth Tax liabilities.

Spanish Wealth Tax is levied on the net value of the assets of an individual at rates ranging between 0.2 per cent. and 2.5 per cent..

(iii) *Inheritance and Gift Tax (Impuesto sobre Sucesiones y Donaciones)*

Individuals with tax residency in Spain who acquire ownership or other rights over any Notes by inheritance, gift or legacy will be subject to Inheritance and Gift Tax in accordance with the applicable regional or State rules.

(b) *Legal entities with tax residency in Spain*

We will only refer to those Corporate Income Tax taxpayers subject to the standard regime. There may exist some particularities for those entities subject to any of the special regimes contemplated in the Law such as patrimonial entities or Collective Investment Institutions.

(i) *Corporate Income Tax (Impuesto sobre Sociedades)*

Income obtained by Noteholders as a result of interest payments or deriving from the transfer, redemption or repayment of the Notes will constitute taxable income for Corporate Income Tax purposes in accordance with the rules of said tax.

Such income will be computed as taxable income and included on the basis of assessment of Corporate Income Tax together with other income obtained by the taxpayer within the relevant tax period. The standard rate is currently 35 per cent., but other rates may apply depending on the investor's details.

(ii) *Wealth Tax (Impuesto sobre el Patrimonio)*

Legal entities are not subject to Wealth Tax.

(iii) *Inheritance and Gift Tax (Impuesto sobre Sucesiones y Donaciones)*

As a general rule, legal entities with tax residency in Spain are not subject to Inheritance and Gift Tax.. If any such entity acquires ownership or other rights over the Notes through an inheritance, gift or legacy, the relevant income obtained will be taxable under Spanish Corporate Income Tax rules.

(c) *Individuals and legal entities without tax residency in Spain*

(i) *Non-residence Income Tax (Impuesto sobre la Renta de No Residentes)*

Those taxpayers operating in Spain through a permanent establishment must be distinguished from those that are not.

(1) Non-residents with permanent establishment in Spain

If the Notes are included in the assets of a permanent establishment in Spain of a person or legal entity who is not resident in Spain for tax purposes, the tax rules applicable to income deriving from such Notes are the same as those previously set out for Corporate Income Tax taxpayers. The applicable tax rate would be 35 per cent..

(2) Non-residents without permanent establishment in Spain

As long as the Notes are not issued by a Spanish resident entity and they do not represent an assignment of funds to a Spanish resident entity, both payments of interest and income deriving from the transfer, redemption or repayment of the Notes, obtained by individuals or entities who have no tax residency in Spain, will not be subject to tax in Spain.

(ii) *Wealth Tax (Impuesto sobre el Patrimonio)*

Individuals who are not tax residents in Spain will be subject to Wealth Tax to the extent that the Notes are located or the rights under such Notes can be exercised in Spanish territory.

Non -resident legal entities are not subject to Wealth Tax.

(iii) *Inheritance and Gift Tax (Impuesto sobre Sucesiones y Donaciones)*

Individuals who do not have tax residency in Spain and acquire ownership or other rights over the Notes by inheritance, gift or legacy will only be subject to Inheritance and Gift Tax to the extent that the Notes acquired are located or the rights under such Notes can be exercised in Spanish territory notwithstanding the provisions of an applicable double tax treaty signed by Spain with the country of residence of the Noteholder.

(d) *Withholding taxes*

The Issuer is not incorporated in Spain nor is it managed and controlled in Spain, therefore it will not be treated as resident in Spain for tax purposes.

On the basis that the Issuer is not resident in Spain for tax purposes and does not operate in Spain through a permanent establishment, branch or agency, payments of interest under the Notes will not be subject to withholding tax or payment on account in Spain.

Taxation in France

Registration taxes, stamp duty, etc.

No stamp, issue, registration or similar taxes or duties will be payable in France by the Holder in connection with the Notes.

Withholding tax

The interest from the Notes received by French tax resident individuals holding the Notes as part of their private assets may, at the taxpayer's option, and subject to certain compliance formalities, be subject to a final withholding tax (*prélèvement libératoire*) at the rate of 16 per cent., the *contribution sociale généralisée* ("CSG") of 8.2 per cent., the *prélèvement social* of 2 per cent. and the contribution *additionnelle* au *prélèvement social* of 0.3 per cent. and the *contribution au remboursement de la dette sociale* ("CRDS") of 0.5 per cent., resulting in a global tax rate of 27 per cent..

Subject to the above, all payments by the Issuer to the Holder in respect of the Notes can be made free of any withholding or deduction for or on account of any taxes in France.

Residents

Under current French legislation, the following summary describes the tax consequences that may be applicable to Holders resident in France for tax purposes. The Holders should nevertheless consult their usual tax advisers for details of the tax regime that applies to their particular case.

1. Individuals holding Notes as part of their private assets

(a) Interest

The interest from the Notes received by individuals holding the Notes as part of their private assets is:

- (i) either included in the total income, subject to income tax at the progressive rate, the CSG of 8.2 per cent., 5.8 points of which is deductible from the income tax basis, a *prélèvement social* of 2 per cent. and the *contribution additionnelle au prélèvement social* of 0.3 per cent. and the CRDS of 0.5 per cent.; or
- (ii) at the taxpayer's option, subject to a final withholding tax (*prélèvement libératoire*) at the rate of 16 per cent., the CSG of 8.2 per cent., the *prélèvement social* of 2 per cent. and the *contribution additionnelle au prélèvement social* of 0.3 per cent. and the CRDS of 0.5 per cent., resulting in a global tax rate of 27 per cent..

If the Paying Agent levies a withholding tax on the interest from the Notes pursuant to the rules detailed in paragraph EU Savings Directive received below section, individuals resident in France for tax purposes may benefit, in accordance with Article 199 *ter* of the French Tax Code (*Code général des impôts* or "CGI"), from a tax credit equal to the amount of the tax withheld.

(b) Capital gains

Pursuant to Article 150-0 A of the CGI, when the aggregate amount of disposals of securities or shares per tax household exceeds the threshold of €15,000 per year, capital gains realised by individuals are taxable from the first euro.

The capital gains are subject to income tax at the rate of 16 per cent., the CSG of 8.2 per cent., the *prélèvement social* of 2 per cent. and the *contribution additionnelle au prélèvement social* of 0.3 per cent. and the CRDS of 0.5 per cent..

As from 2002, capital losses incurred in one year can be set off only against capital gains of the same type realised in the year of the disposal or in the ten following years where, for the year in which capital losses are incurred, disposals were in excess of € 15,000.

2. Companies subject to corporate tax

(a) Interest

Interest accrued on Notes over the fiscal year is included in the corporate tax basis at the rate of 33 1/3 per cent..

A social contribution of 3.3 per cent. (Article 235 *ter* ZC of the CGI) is also applicable on the amount of corporate tax with an allowance of € 763,000 for each 12-month period. However, entities that have a turnover of less than € 7,630,000 and whose share capital is fully paid-up and of which at least 75 per cent. is held continuously by individuals (or by an entity meeting all of these requirements) are exempt from this contribution. For an entity that meets these requirements, the corporate tax is fixed, for taxable income up to € 38,120 within a twelve-month period, at 15 per cent..

(b) Capital gains

The capital gain or loss realised upon disposal of the Notes is included in the corporate tax basis at the rate of 33 1/3 per cent. (or, where applicable, 15 per cent. up to an amount of € 38,120 per period of twelve months for entities that meet the conditions described in 2 (a) above). In addition, the social contribution of 3.3 per cent. mentioned above is levied where applicable.

Non-residents

Non-French tax resident Holders normally will not be subject to French income or corporate taxation with respect to income or capital gains realised in connection with the Notes, unless there is a specific connection with France, such as an enterprise or part thereof which is carried on through a permanent establishment in France.

A Holder will not become resident or deemed to be resident in France by reason only of the holding of a Note.

Taxation in Poland

The following is a general description of certain Polish tax considerations relating to the Notes. It does not purport to be a complete analysis of all tax considerations relating to the Notes, whether in Poland or elsewhere. Prospective purchasers of the Notes should consult their tax advisers as to which countries' tax laws could be relevant to acquiring, holding and disposing of the Notes and receiving payments of interest, principal and/or other amounts under the Notes and the consequences of such actions under the tax laws of Poland. This summary is based upon the law as in effect on the date of this Base Prospectus. The information contained within this section is limited to taxation issues, and prospective investors should not apply any information set out below to other areas, including (but not limited to) the legality of transactions involving the Notes.

Taxation applicable to individuals resident in Poland

Income received from the Notes is subject to the Polish personal income tax at a flat rate of 19 per cent.. This income is recognised on cash basis, i.e. when interest is paid or capitalised, or when discount amount is actually paid. Withholding tax paid on this income abroad can be deducted from Polish income tax. However, such deduction shall not exceed that part of income tax, computed before the deduction, which is attributable to income taxed in the country of its source.

Noteholders are obliged to declare income from the Notes in their annual tax return. According to the most recent standpoint of the Ministry of Finance, this rule applies even if such income is collected through a Polish paying agent. Previously this issue was controversial, as some tax authorities took the approach that paying agents are obliged to withhold 19 per cent. personal income tax on income received from the Notes.

Capital gains realised on the sale of Notes are also subject to personal income tax at a flat rate of 19 per cent.. These capital gains are recognised for tax purposes on an accrual basis.

Taxation applicable to corporations resident in Poland

For the Noteholders subject to corporate income tax, income from the Notes is part of their taxable income taxed at standard 19 per cent. rate. Withholding tax paid on this income abroad can be deducted from Polish income tax. However, such deduction shall not exceed that part of income tax, computed before the deduction, which is attributable to the income taxed in the country of its source.

In case of sale of the Notes on secondary market, the capital gains are part of Noteholders' income subject to standard income tax rate of 19 per cent., while capital losses may be tax-deductible.

Taxation related to non-Polish residents

Income from the Notes realised by non-Polish residents is not taxed in Poland. Even if such income is collected through a Polish paying agent, no Polish withholding tax should be due.

Non-residents who allocate the Notes to a business activity in Poland, for example, through a permanent establishment, are subject to the same rules as Polish residents.

Stamp duties

There is no Polish stamp duty or any other similar tax or duty payable in Poland by the Noteholders as a consequence of the issuance of the Notes.

Secondary market trades in respect of the Notes may give rise to 1 per cent. stamp duty calculated on the market value of the Notes. Generally, the taxation may apply to the sale of Notes by Polish Noteholders or the purchase of Notes by Polish residents if - in the latter case - the sale agreement is concluded in Poland. However, the sale of securities (including the Notes) to brokerage houses and banks that carry out brokerage activity as well as the sale of securities through brokerage houses or banks carrying out brokerage activity is exempt from stamp duty.

Moreover, the sale of securities made by a financial institution, i.e. an entity rendering financial services, may be exempt from stamp duty.

Taxation in Switzerland

The following is a general description of certain Swiss tax considerations relating to the Notes. It does not purport to be a complete analysis of all tax considerations relating to the Notes, whether in Switzerland or elsewhere. Prospective purchasers of the Notes should consult their tax advisers as to which countries' tax laws could be relevant to acquiring, holding and disposing of the Notes and receiving payments of interest, principal and/or other amounts under the Notes and the consequences of such actions under the tax laws of Switzerland. This summary is based upon the law as in effect on the date of this Base Prospectus. The information contained within this section is limited to taxation issues, and prospective investors should not apply any information set out below to other areas, including (but not limited to) the legality of transactions involving the Notes.

Swiss Federal Stamp Tax

Under the Federal Swiss Stamp Tax Act of 27 June 1973 (“**STA**”), the issuance of bonds or obligations by a Swiss resident issuer is subject to an issuance stamp tax.

However, the issue and redemption of the Notes is not subject to the Swiss federal issuance stamp tax, provided that the issuer of the Notes is at all times domiciled and effectively managed outside of Switzerland and provided that the proceeds from the offering and sale of the Notes are used outside of Switzerland.

In addition, the issuance and the redemption of the Notes are not subject to the Swiss federal transfer stamp tax on the transfer of securities even if a Swiss bank or a Swiss securities dealer (as defined under Article 13 STA) acts as an intermediary or is a party to the transaction.

Furthermore, the dealing in Notes is subject to the Swiss Federal Stamp Tax Act on the transfer of securities if a Swiss bank or a Swiss securities dealer (as defined in the STA) is involved as an intermediary or as a counterparty in such a transaction and either the seller or the buyer is a resident of Switzerland or Liechtenstein.

The transfer stamp tax on the transfer of foreign securities is levied at the rate of 0.3 per cent..

If a Swiss bank or a Swiss securities dealer (as defined in the STA) acts as a counterparty (buyer or seller) in the transaction, it shall pay 50 per cent. of the stamp tax for itself (unless the acquisition is made for a *nostro* account²) and for the other contracting party which is a Swiss or a Liechtenstein resident. If a Swiss bank or a Swiss securities dealer (as defined in the STA) acts as an intermediary, 50 per cent. of the issuance stamp tax shall be levied for each counterparty which is a Swiss or a Liechtenstein resident (unless such a party qualifies as a Swiss bank or a securities dealer). Only 50 per cent. of the transfer stamp tax is due if a Swiss bank or a Swiss securities dealer (as defined in the STA) acts as an intermediary for a Swiss resident (unless such a party qualifies as a Swiss bank or a securities dealer) and a foreign resident. No transfer stamp tax is due if a Swiss bank or a Swiss securities dealer (as defined in the STA) acts as intermediary for two foreign parties.

Swiss Withholding Tax

The payment of interest on the Notes will not be subject to Swiss withholding tax (the statutory rate of which is 35 per cent.), provided the Issuer or the Guarantor is at all times domiciled and effectively managed outside of Switzerland and uses the proceeds from the offering and sale of the Notes outside of Switzerland.

European Union Directive on the Taxation of Savings

Under the European Council Directive 2003/48/EC on the taxation of savings income, Member States of the European Union are required to provide the tax authorities of another Member State with details of payments of interest (or similar income) paid by a person within its jurisdiction to an individual resident in that other Member State. A few Member States are, instead of this obligation to provide information on the relevant person, authorised to operate a withholding tax system in relation to such payments.

On 26 October 2004, the European Community and Switzerland concluded an agreement on the taxation of savings income by way of a specific withholding tax system or a voluntary declaration in the case of transactions between parties in the European Union Member States and Switzerland. Accordingly, Switzerland introduced a specific withholding tax on interest payments (including accrued interest on the sale of notes) or other similar income paid by a Swiss paying agent to an individual residing in the European Union effective as from 1 July 2005. The withholding rate amounts to 15 per cent. for the first three years, 20 per cent. for the subsequent three years and 35 per cent. thereafter. The beneficial owner of the interest payments may be entitled to a tax credit or refund of the withholding tax if certain conditions are met.

² Swiss banks, as well as remote members of a Swiss Stock Exchange can create *nostro* accounts without justification, whereas other securities dealers engaged in the trading of securities for the account of third parties shall justify the creation of *nostro* accounts to the tax authorities.

According to Guidelines issued by the Federal Tax Administration on 24 June 2005 relating to the European Union taxation of savings, Swiss banks, securities dealers (as defined in the SESTA), as well as other companies or individuals, who on a professional basis, occasionally or regularly, accept to invest in interest producing investments for third parties and who transfer interest qualify as "paying agents" (from the perspective of the withholding of tax). Swiss paying agents have the duty to identify the beneficial owners of the interest and to register with the Federal Tax Administration.

EU Savings Directive

On 3 June 2003, the EU Council of Economic and Finance Ministers adopted a new directive regarding the taxation of savings income (the "**EU Savings Directive**"). The EU Savings Directive is, in principle, applied by Member States as from 1 July 2005 and has been implemented in Luxembourg by the Law of 21 June 2005.

Under the EU Savings Directive, each Member State is required to provide to the tax authorities of another Member State details of payments of interest or other similar income paid by a paying agent within the meaning of the EU Savings Directive to an individual resident or certain types of entities called "residual entities" established in that other Member State (or certain dependent and associated territories).

For a transitional period, however, Austria, Belgium and Luxembourg are permitted to apply an optional information reporting system whereby if a beneficial owner does not comply with one of two procedures for information reporting, the Member State will levy a withholding tax on payments to such beneficial owner. The withholding tax system will apply for a transitional period during which the rate of withholding will be 15 per cent. from 1 July 2005 to 30 June 2008, 20 per cent. from 1 July 2008 to 30 June 2011 and 35 per cent. as of 1 July 2011. The transitional period is to terminate at the end of the first full fiscal year following agreement by certain non-EU countries to the exchange of information relating to such payments. See "European Union Directive on the Taxation of Savings Income in the Form of Interest Payments (Council Directive 2003/48/EC)".

Also with effect from 1 July 2005, a number of non-EU countries (Switzerland, Andorra, Liechtenstein, Monaco and San Marino), have agreed to adopt similar measures (either provision of information or transitional withholding) in relation to payments made by a paying agent within its jurisdiction to, or collected by such a paying agent for, an individual resident or a residual entity established in a Member State. In addition, the Member States have entered into reciprocal provision of information or transitional withholding arrangements with certain of those dependent or associated territories (Jersey, Guernsey, Isle of Man, Montserrat, British Virgin Islands, Netherlands Antilles and Aruba) in relation to payments made by a paying agent in a Member State to, or collected by such a paying agent for, an individual residual or an entity established in one of those territories.

PLAN OF DISTRIBUTION

Subject to the terms and conditions contained in an Amended and Restated Distribution Agreement dated 29 September 2006 (the "*Distribution Agreement*") between the Issuers, the Guarantor and the Dealers named therein the Notes will be offered on a continuing basis by the Issuer through the Dealers. The Issuers will have the sole right to accept offers to purchase Notes and may reject any proposed purchase of Notes as a whole or, subject to the terms of the offer, in part. The Dealers shall have the right, in their discretion reasonably exercised, without notice to the Issuer, to reject any proposed purchase of the Notes made to them as a whole or, subject to the terms of the offer, in part. Unless otherwise agreed, the Issuers will pay a Dealer a commission of from 0.075 per cent. to 0.625 per cent. of the principal amount of the Notes, depending upon maturity, in respect of the Notes solicited for purchase by it. The Issuers, failing whom the Guarantor (in the case of Notes issued by Fortis Luxembourg), has agreed to reimburse the Dealers for certain of their expenses incurred in connection with the establishment of the Programme and the Dealers' activity in connection therewith, as provided in the Distribution Agreement.

The Issuers may also sell Notes to the Dealers as principals, for their own accounts at a price to be agreed upon at the time of sale. Such Notes may be resold at prevailing market prices, or at prices related thereto, at the time of such resale, as determined by the relevant Dealer(s). The Distribution Agreement also provides for Notes to be issued in Tranches which may be jointly and severally underwritten by two or more Dealers.

The Issuers, failing whom the Guarantor (in the case of Notes issued by Fortis Luxembourg), has agreed to indemnify the Dealers against certain liabilities in connection with the offer and sale of the Notes. The Distribution Agreement may be terminated in relation to all the Dealers or any of them by the Issuers and the Guarantor or, in relation to itself and the relevant Issuer only, by any Dealer in any such case, and for any reason and at any time upon the giving of not less than 10 business days' written notice of such termination to the other parties hereto.

SELLING RESTRICTIONS

The following is only a description as at the date of this Base Prospectus of certain restrictions that may vary from time to time. Prospective investors and purchasers of Notes must inform themselves about all the relevant, applicable and up-to-date restrictions prior to investing in the Notes. Moreover the selling restrictions that are applicable to a Tranche of Notes may be modified in the relevant Final Terms if agreed by the relevant Issuer, the Guarantor (if applicable) and the relevant Dealer(s). With regard to Notes having a maturity of less than 12 months (and which therefore fall outside the scope of the Prospectus Directive), this Base Prospectus has not been, and it is not expected that it will be, submitted for approval to the Belgian Banking, Finance and Insurance Commission. Accordingly, each Dealer represented and agreed that it shall refrain from taking any action that would be characterised as a public offering of these Notes in Belgium in accordance with the law of 16 June 2006 on public offerings of investment instruments and the admission of investment instruments to trading on regulated markets, as amended or replaced from time to time.

In addition, each Dealer has represented and agreed, and each further Dealer under the Programme will be required to represent and agree, that it has not distributed or caused to be distributed and will not distribute or cause to be distributed in France this Base Prospectus or any other offering material relating to the Notes other than to investors to whom offers and sales of Notes in France may be made as described above.

Subject to certain exceptions, Notes may not be offered, sold or delivered within the United States or to U.S. persons. Each of the Dealers has agreed that it will not offer, sell or deliver a Note in bearer form within the United States or to U.S. persons except as permitted by the Distribution Agreement.

Notes in bearer form are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a U.S. person, except in certain transactions permitted by U.S. tax regulations. Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code of 1986 and regulations thereunder.

Each Dealer has agreed that, except as permitted by the Distribution Agreement, it will not offer, sell or deliver the Notes of any Tranche, (i) as part of their distribution at any time or (ii) otherwise until 40 days after completion of the distribution of such Tranche as determined, and certified to the Issuer, or the Fiscal Agent or, in the case of X/N Notes, the Domiciliary Agent, within the United States or to, or for the account or benefit of, U.S. persons, and it will have sent to each Dealer to which it sells Notes a confirmation or other notice setting forth the restrictions on offers and sales of the Notes within the United States or to, or for the account or benefit of, U.S. persons.

GENERAL

Except for those countries or jurisdictions where a public offering of the Notes, or possession or distribution of any offering material in relation thereto, is permitted on the basis of (i) the approval by the CSSF of this Base Prospectus issued in compliance with the Prospectus Directive and relevant implementing measures in Luxembourg and (ii) the certificates of approval as provided by the CSSF to the competent authorities in such relevant countries or jurisdictions, no action has been or will be taken in any country or jurisdiction by the Issuers, the Guarantor or the Dealers that would permit a public offering of Notes, or possession or distribution of any offering material in relation thereto, in any country or jurisdiction where action for that purpose is required. Persons into whose hands the Base Prospectus or any Final Terms comes are required by the Issuers, the Guarantor and the Dealers to comply with all applicable laws and regulations in each country or jurisdiction in or from which they purchase, offer, sell or deliver Notes or have in their possession or distribute such offering material, in all cases at their own expense.

The Dealer Agreement provides that the Dealers shall not be bound by any of the restrictions relating to any specific jurisdiction (set out above) to the extent that such restrictions shall, as a result of change(s) or change(s) in official interpretation, after the date hereof, of applicable laws and regulations, no longer be applicable but without prejudice to the obligations of the Dealers described in the paragraph headed "General" above.

Selling restrictions may be modified by the agreement of the relevant Issuer, the Guarantor (in the case of Notes issued by Fortis Luxembourg) and the Dealers following a change in, or in the interpretation or application of, a relevant law, regulation or directive. Any such modification will be set out in the Final Terms issued in respect of the issue of Notes to which it relates or in a supplement to this Base Prospectus.

Each of the Dealers, the relevant Issuer and (in the case of Notes issued by Fortis Luxembourg) the Guarantor has agreed not to take any action in any jurisdiction that would permit a public offering of any of the Notes, or possession or distribution of this Base Prospectus or any other offering material, in any country or jurisdiction where action for that purpose is required.

[Risk Warning¹

Investment in the Notes is directed at sophisticated investors who are conversant with the considerable risks involved in credit derivatives, who are willing to assume such risks, and who can absorb a partial or complete loss of principal and interest. The Notes carry various risks including, without limitation, the insolvency risk of the Issuer and the Guarantor and the insolvency, payment default and credit risk of the Reference [Entity/Entities]. There may be little or no secondary market for the Notes.

If a Credit Event occurs, the principal amount of the Notes will be reduced in accordance with the provisions hereof. Accordingly, the amount payable to investors on redemption may be substantially less than the initial principal amount of the Notes, and may even be zero. Consequently, you should not consider purchasing these Notes without taking detailed advice from a specialised professional adviser.]

[Include whichever of the following apply or specify as “Not Applicable” (N/A). Note that the numbering should remain as set out below, even if “Not Applicable” is indicated for individual paragraphs or sub-paragraphs. Italics denote guidance for completing the Final Terms.]

[When completing any final terms or adding any other final terms or information, consideration should be given as to whether such terms or information constitute “significant new factors” and consequently trigger the need for a supplement to the Base Prospectus under Article 16 of the Prospectus Directive.]

Unless stated otherwise, include all the items listed in Part A – Contractual Terms of these Final Terms in connection with all Notes.

[Risk Warning¹

Investment in the Notes is directed at sophisticated investors who are conversant with the considerable risks involved in credit derivatives, who are willing to assume such risks, and who can absorb a partial or complete loss of principal and interest. There may be little or no secondary market for the Notes.

If a Credit Event occurs, the principal amount of the Notes will be reduced in accordance with the provisions hereof. Consequently, you should not consider purchasing these Notes without taking detailed advice from a specialised professional adviser.]

BRIEF EXPLANATION OF THE MEANING OF THE RATINGS

Some Tranches of Notes issued under the Programme may be assigned a specific rating that will not necessarily be the same as the rating assigned to the Programme, as mentioned in the relevant Final Terms. A security rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, change or withdrawal at any time by the relevant assigning rating agency. The definitions below can be updated by the rating agencies from time to time. These definitions can be found on the websites of the rating agencies (www.moodys.com; www.standardandpoors.com ; www.fitchibca.com). The definitions below have been extracted from the websites of the rating agencies and have been reproduced by the Issuers in this Base Prospectus.

MOODY'S

Moody's long-term obligation ratings are opinions of the relative credit risk of fixed-income obligations with an original maturity of one year or more. They address the possibility that a financial obligation will not be honoured as promised. Such ratings reflect both the likelihood of default and any financial loss suffered in the event of default.

Moody's assigns long-term ratings to individual debt securities issued from medium-term note (MTN) programs, in addition to indicating ratings to MTN programs themselves. Notes issued under MTN programs with such indicated ratings are rated at issuance at the rating applicable to all pari passu notes issued under the same program, at the program's relevant indicated rating, provided such notes do not exhibit any of the characteristics listed below:

- Notes containing features that link interest or principal to the credit performance of any third party or parties (i.e., credit-linked notes);
- Notes allowing for negative coupons, or negative principal;
- Notes containing any provision that could obligate the investor to make any additional payments;
- Notes containing provisions that subordinate the claim.

For notes with any of these characteristics, the rating of the individual note may differ from the indicated rating of the program.

For credit-linked securities, Moody's policy is to "look through" to the credit risk of the underlying obligor. Moody's policy with respect to non-credit linked obligations is to rate the issuer's ability to meet the contract as stated, regardless of potential losses to investors as a result of non-credit developments. In other words, as long as the obligation has debt standing in the event of bankruptcy, we will assign the appropriate debt class level rating to the instrument.

Market participants must determine whether any particular note is rated, and if so, at what rating level. Moody's encourages market participants to contact Moody's Ratings Desks or visit www.moodys.com directly if they have questions regarding ratings for specific notes issued under a medium-term note program. Unrated notes issued under an MTN program may be assigned an NR (not rated) symbol.

Moody's long-term obligation ratings are opinions of the relative credit risk of fixed-income obligations with an original maturity of one year or more. They address the possibility that a financial obligation will not be honoured as promised. Such ratings reflect both the likelihood of default and any financial loss suffered in the event of default.

Rating Definitions:

Aaa

Obligations rated Aaa are judged to be of the highest quality, with minimal credit risk.

Aa

Obligations rated Aa are judged to be of high quality and are subject to very low credit risk.

A

Obligations rated A are considered upper-medium grade and are subject to low credit risk.

Baa

Obligations rated Baa are subject to moderate credit risk. They are considered medium-grade and as such may possess certain speculative characteristics.

Ba

Obligations rated Ba are judged to have speculative elements and are subject to substantial credit risk.

B

Obligations rated B are considered speculative and are subject to high credit risk.

Caa

Obligations rated Caa are judged to be of poor standing and are subject to very high credit risk.

Ca

Obligations rated Ca are highly speculative and are likely in, or very near, default, with some prospect of recovery of principal and interest.

C

Obligations rated C are the lowest rated class of bonds and are typically in default, with little prospect for recovery of principal or interest.

Note: Moody's appends numerical modifiers 1, 2, and 3 to each generic rating classification from Aa through Caa. The modifier 1 indicates that the obligation ranks in the higher end of its generic rating category; the modifier 2 indicates a mid-range ranking; and the modifier 3 indicates a ranking in the lower end of that generic rating category.

STANDARD & POOR'S

A Standard & Poor's issue credit rating is a current opinion of the creditworthiness of an obligor with respect to a specific financial obligation, a specific class of financial obligations, or a specific financial program (including ratings on medium-term note programs and commercial paper programs). It takes into consideration the creditworthiness of guarantors, insurers, or other forms of credit enhancement on the obligation and takes into account the currency in which the obligation is denominated. The issue credit rating is not a recommendation to purchase, sell, or hold a financial obligation, in as much as it does not comment as to market price or suitability for a particular investor.

Issue credit ratings are based on current information furnished by the obligors or obtained by Standard & Poor's from other sources it considers reliable. Standard & Poor's does not perform an audit in connection with any credit rating and may, on occasion, rely on unaudited financial information. Credit ratings may be changed, suspended, or withdrawn as a result of changes in, or unavailability of, such information, or based on other circumstances.

Issue credit ratings can be either long term or short term. Short-term ratings are generally assigned to those obligations considered short-term in the relevant market. In the U.S., for example, that means obligations with an original maturity of no more than 365 days—including commercial paper. Short-term ratings are also used to indicate the creditworthiness of an obligor with respect to put features on long-term obligations. The result is a dual rating, in which the short-term rating addresses the put feature, in addition to the usual long-term rating.

Medium-term notes are assigned long-term ratings.

Long-Term Issue Credit Ratings

Issue credit ratings are based, in varying degrees, on the following considerations:

- Likelihood of payment—capacity and willingness of the obligor to meet its financial commitment on an obligation in accordance with the terms of the obligation;
- Nature of and provisions of the obligation;
- Protection afforded by, and relative position of, the obligation in the event of bankruptcy, reorganization, or other arrangement under the laws of bankruptcy and other laws affecting creditors' rights. The issue rating definitions are expressed in terms of default risk. As such, they pertain to senior obligations of an entity. Junior obligations are typically rated lower than senior obligations, to reflect the lower priority in bankruptcy, as noted above. (Such differentiation applies when an entity has both senior and subordinated obligations, secured and unsecured obligations, or operating company and holding company obligations.) Accordingly, in the case of junior debt, the rating may not conform exactly with the category definition.

Rating Definitions:

AAA

An obligation rated 'AAA' has the highest rating assigned by Standard & Poor's. The obligor's capacity to meet its financial commitment on the obligation is extremely strong.

AA

An obligation rated 'AA' differs from the highest-rated obligations only in small degree. The obligor's capacity to meet its financial commitment on the obligation is very strong.

A

An obligation rated 'A' is somewhat more susceptible to the adverse effects of changes in circumstances and economic conditions than obligations in higher-rated categories. However, the obligor's capacity to meet its financial commitment on the obligation is still strong.

BBB

An obligation rated 'BBB' exhibits adequate protection parameters. However, adverse economic conditions or changing circumstances are more likely to lead to a weakened capacity of the obligor to meet its financial commitment on the obligation.

BB, B, CCC, CC, and C

Obligations rated 'BB', 'B', 'CCC', 'CC', and 'C' are regarded as having significant speculative characteristics. 'BB' indicates the least degree of speculation and 'C' the highest. While such obligations will likely have some quality and protective characteristics, these may be outweighed by large uncertainties or major exposures to adverse conditions.

BB

An obligation rated 'BB' is less vulnerable to non-payment than other speculative issues. However, it faces major ongoing uncertainties or exposure to adverse business, financial, or economic conditions, which could lead to the obligor's inadequate capacity to meet its financial commitment on the obligation.

B

An obligation rated 'B' is more vulnerable to nonpayment than obligations rated 'BB', but the obligor currently has the capacity to meet its financial commitment on the obligation. Adverse business, financial, or economic conditions will likely impair the obligor's capacity or willingness to meet its financial commitment on the obligation.

CCC

An obligation rated 'CCC' is currently vulnerable to nonpayment and is dependent upon favourable business, financial, and economic conditions for the obligor to meet its financial commitment on the obligation. In the event of adverse business, financial, or economic conditions, the obligor is not likely to have the capacity to meet its financial commitment on the obligation.

CC

An obligation rated 'CC' is currently highly vulnerable to nonpayment.

C

The 'C' rating may be used to cover a situation where a bankruptcy petition has been filed or similar action has been taken, but payments on this obligation are being continued.

D

An obligation rated 'D' is in payment default. The 'D' rating category is used when payments on an obligation are not made on the date due even if the applicable grace period has not expired, unless Standard & Poor's believes that such payments will be made during such grace period. The 'D' rating also will be used upon the filing of a bankruptcy petition or the taking of a similar action if payments on an obligation are jeopardized.

Plus (+) or minus (-)

The ratings from 'AA' to 'CCC' may be modified by the addition of a plus or minus sign to show relative standing within the major rating categories.

c

The 'c' subscript is used to provide additional information to investors that the bank may terminate its obligation to purchase tendered bonds if the long-term credit rating of the issuer is below an investment-grade level and/or the issuer's bonds are deemed taxable.

p

The letter 'p' indicates that the rating is provisional. A provisional rating assumes the successful completion of the project financed by the debt being rated and indicates that payment of debt service requirements is largely or entirely dependent upon the successful, timely completion of the project. This rating, however, while addressing credit quality subsequent to completion of the project, makes no comment on the likelihood of or the risk of default upon failure of such completion. The investor should exercise his own judgment with respect to such likelihood and risk.

*

Continuance of the ratings is contingent upon Standard & Poor's receipt of an executed copy of the escrow agreement or closing documentation confirming investments and cash flows.

r

The 'r' highlights derivative, hybrid, and certain other obligations that Standard & Poor's believes may experience high volatility or high variability in expected returns as a result of non-credit risks. Examples of such obligations are securities with principal or interest return indexed to equities, commodities, or currencies; certain swaps and options; and interest-only and principal-only mortgage securities. The absence of an 'r' symbol should not be taken as an indication that an obligation will exhibit no volatility or variability in total return.

N.R.

Not rated.

Debt obligations of issuers outside the United States and its territories are rated on the same basis as domestic corporate and municipal issues. The ratings measure the creditworthiness of the obligor but do not take into account currency exchange and related uncertainties.

FITCH'S

Fitch's credit ratings provide an opinion on the relative ability of an entity to meet financial commitments, such as interest, preferred dividends, repayment of principal, insurance claims or counterparty obligations. Credit ratings are used by investors as indications of the likelihood of receiving their money back in accordance with the terms on which they invested. Fitch's credit ratings cover the global spectrum of corporate, sovereign (including supranational and subnational), financial, bank, insurance, municipal and other public finance entities and the securities or other obligations they issue, as well as structured finance securities backed by receivables or other financial assets.

The use of credit ratings defines their function: "investment grade" ratings (international Longterm 'AAA' — 'BBB-' categories; Short-term 'F1' — 'F3') indicate relatively low to moderate credit risk, while those in the "speculative" or "non investment grade" categories (international Long-term 'BB+' — 'D'; Short-term 'B' — 'D') either signal a higher level of credit risk or that a default has already occurred. Credit ratings express risk in relative rank order, which is to say they are ordinal measures of credit risk and are not predictive of a specific frequency of default or loss.

Depending on their application, credit ratings address benchmark measures of probability of default as well relative expectations of loss given default. For example, issuers are typically assigned Issuer Default Ratings that are relative measures of default probability. Similarly, short-term credit ratings give primary consideration to the likelihood that obligations will be met on a timely basis. Securities, however, are rated taking into consideration probability of default and loss given default. As a result, for entities such as corporations security ratings may be rated higher, lower or the same as the issuer rating to reflect expectations of the security's relative recovery prospects, as well as differences in ability and willingness to pay. While recovery analysis plays an important role throughout the ratings scale, it becomes a more critical consideration for below investment-grade securities and obligations, particularly at the lower end of the non-investment-grade ratings scale where Fitch often publishes actual Recovery Ratings, that are complementary to the credit ratings. Structured finance ratings typically are assigned to each individual security or tranche in a transaction, and not to an issuer. Each structured finance tranche is rated on the basis of various stress scenarios in combination with its relative seniority, prioritization of cash flows and other structural mechanisms.

Rating Definitions:

Investment Grade

AAA

Highest credit quality. 'AAA' ratings denote the lowest expectation of credit risk. They are assigned only in case of exceptionally strong capacity for payment of financial commitments. This capacity is highly unlikely to be adversely affected by foreseeable events.

AA

Very high credit quality. 'AA' ratings denote expectations of very low credit risk. They indicate very strong capacity for payment of financial commitments. This capacity is not significantly vulnerable to foreseeable events.

A

High credit quality. 'A' ratings denote expectations of low credit risk. The capacity for payment of financial commitments is considered strong. This capacity may, nevertheless, be more vulnerable to changes in circumstances or in economic conditions than is the case for higher ratings.

BBB

Good credit quality. 'BBB' ratings indicate that there is currently expectations of low credit risk. The capacity for payment of financial commitments is considered adequate but adverse changes in circumstances and economic conditions are more likely to impair this capacity. This is the lowest investment grade category.

Speculative Grade

BB

Speculative. 'BB' ratings indicate that there is a possibility of credit risk developing, particularly as the result of adverse economic change over time; however, business or financial alternatives may be available to allow financial commitments to be met. Securities rated in this category are not investment grade.

B

Highly speculative.

For issuers and performing obligations, 'B' ratings indicate that significant credit risk is present, but a limited margin of safety remains. Financial commitments are currently being met; however, capacity for continued payment is contingent upon a sustained, favourable business and economic environment.

For individual obligations, may indicate distressed or defaulted obligations with potential for extremely high recoveries. Such obligations would possess a Recovery Rating of 'R1' (outstanding).

CCC

For issuers and performing obligations, default is a real possibility. Capacity for meeting financial commitments is solely reliant upon sustained, favourable business or economic conditions.

For individual obligations, may indicate distressed or defaulted obligations with potential for average to superior levels of recovery. Differences in credit quality may be denoted by plus/minus distinctions. Such obligations typically would possess a Recovery Rating of 'R2' (superior), or 'R3' (good) or 'R4' (average).

CC

For issuers and performing obligations, default of some kind appears probable.

For individual obligations, may indicate distressed or defaulted obligations with a Recovery Rating of 'R4' (average) or 'R5' (below average).

C

For issuers and performing obligations, default is imminent.

For individual obligations, may indicate distressed or defaulted obligations with potential for below-average to poor recoveries. Such obligations would possess a Recovery Rating of 'R6' (poor).

RD

Indicates an entity that has failed to make due payments (within the applicable grace period) on some but not all material financial obligations, but continues to honour other classes of obligations. .

D

Indicates an entity or sovereign that has defaulted on all of its financial obligations. Default generally is defined as one of the following:

- failure of an obligor to make timely payment of principal and/or interest under the contractual terms of any financial obligation;
- the bankruptcy filings, administration, receivership, liquidation or other winding-up or cessation of business of an obligor; or
- the distressed or other coercive exchange of an obligation, where creditors were offered securities with diminished structural or economic terms compared with the existing obligation.

Default ratings are not assigned prospectively; within this context, non-payment on an instrument that contains a deferral feature or grace period will not be considered a default until after the expiration of the deferral or grace period.

Issuers will be rated 'D' upon a default. Defaulted and distressed obligations typically are rated along the continuum of 'C' to 'B' ratings categories, depending upon their recovery prospects and other relevant characteristics. Additionally, in structured finance transactions, where analysis indicates that an instrument is irrevocably impaired such that it is not expected to meet pay interest and/or principal in full in accordance with the terms of the obligation's documentation during the life of the transaction, but where no payment default in accordance with the terms of the documentation is imminent, the obligation may be rated in the 'B' or 'CCC-C' categories.

Default is determined by reference to the terms of the obligations' documentation. Fitch will assign default ratings where it has reasonably determined that payment has not been made on a material obligation in accordance with the requirements of the obligation's documentation, or where it believes that default ratings consistent with Fitch's published definition of default are the most appropriate ratings to assign.

Notes to International Long-Term and Short-Term ratings:

The modifiers "+" or "-" may be appended to a rating to denote relative status within major rating categories. Such suffixes are not added to the 'AAA' Long-term rating category, to categories below 'CCC', or to Short-term ratings other than 'F1'. (The +/- modifiers are only used to denote issues within the CCC category, whereas issuers are only rated CCC without the use of modifiers.)

Rating Watch: Ratings are placed on Rating Watch to notify investors that there is a reasonable probability of a rating change and the likely direction of such change. These are designated as "Positive", indicating a potential upgrade, "Negative", for a potential downgrade, or "Evolving", if ratings may be raised, lowered or maintained. Rating Watch is typically resolved over a relatively short period.

Rating Outlook: An Outlook indicates the direction a rating is likely to move over a one to two-year period. Outlooks may be positive, stable or negative. A positive or negative Rating Outlook does not imply a rating change is inevitable. Similarly, ratings for which outlooks are 'stable' could be upgraded or downgraded before an outlook moves to positive or negative if circumstances warrant such an action. Occasionally, Fitch Ratings may be unable to identify the fundamental trend. In these cases, the Rating Outlook may be described as evolving.

Program ratings (such as the those assigned to MTN shelf registrations) relate only to standard issues made under the program concerned; it should not be assumed that these ratings apply to every issue made under the program. In particular, in the case of non-standard issues, i.e. those that are linked to the credit of a third party or linked to the performance of an index, ratings of these issues may deviate from the applicable program rating.

Variable rate demand obligations and other securities which contain a short-term 'put' or other similar demand feature will have a dual rating, such as AAA/F1+. The first rating reflects the ability to meet long-term principal and interest payments, whereas the second rating reflects the ability to honour the demand feature in full and on time.

Interest Only: Interest Only ratings are assigned to interest strips. These ratings do not address the possibility that a security holder might fail to recover some or all of its initial investment due to voluntary or involuntary principal repayments.

Principal Only: Principal Only ratings address the likelihood that a security holder will receive their initial principal investment either before or by the scheduled maturity date.

Rate of Return: Ratings also may be assigned to gauge the likelihood of an investor receiving a certain predetermined internal rate of return without regard to the precise timing of any cash flows.

'PIF'

Paid-in -Full; denotes a security that is paid-in-full, matured, called, or refinanced.

'NR' indicates that Fitch Ratings does not rate the issuer or issue in question.

'Withdrawn': A rating is withdrawn when Fitch Ratings deems the amount of information available to be inadequate for rating purposes, or when an obligation matures, is called, or refinanced, or for any other reason Fitch Ratings deems sufficient.
