Information to Distributors for purposes of the MiFID Product Governance Regime

Solely for the purposes of taking note of the product governance requirements contained within (a) Directive 2014/65/EU (as amended, "MiFID II"), (b) Articles 9 and 10 of Commission Delegated Directive (EU) 2017/593 supplementing MiFID II; and (c) local implementing measures (together, the "MiFID II Product Governance Requirements"), the Notes have been subject to a product approval process that has led to the conclusion that: (i) the target market for the Notes is eligible counterparties, professional clients and retail clients (each as defined in MiFID II) that (A) have a high degree of knowledge and experience with respect to similar investments, (B) have a high capacity to bear financial losses, (C) have a high risk bearing tolerance, and (D) pursue general capital building investment objectives; (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate; and (iii) the channels appropriate for the distribution of Notes to retail clients are investment advice, portfolio management and non-advised sales, subject to the relevant distributor's suitability and appropriate obligations under MiFID II, if applicable (clauses (i), (ii) and (iii), collectively, the "Target Market Assessment"). Any person offering, selling or recommending the Notes (a "distributor") should take into consideration the Target Market Assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the Target Market Assessment) and determining appropriate distribution channels, subject to such distributor's suitability and appropriateness obligations under MiFID II.

Notwithstanding the Target Market Assessment, distributors should note that: an investment in the Notes is compatible only with investors who (either alone or in conjunction with an appropriate financial or other adviser) are capable of evaluating the merits and risks of such an investment and who have sufficient resources to be able to bear any losses that may result therefrom.

The Target Market Assessment is without prejudice to the requirements of any contractual, legal or regulatory selling restrictions in relation to the offering.

For the avoidance of doubt, the Target Market Assessment does not constitute: (a) an assessment of suitability or appropriateness for the purposes of MiFID II; or (b) a recommendation to any investor or group of investors to invest in, or purchase, or take any other action whatsoever with respect to the Notes or any other securities.
