Final Terms dated 28 October 2022 Jyske Realkredit A/S LEI code: 529900R9HQNZRT2OXB26 Business Reg. No. (CVR-nr.): 13409838 ("Jyske Realkredit")

for the issue of Mortgage Bonds (RO)

These final terms ("**Final Terms**") shall only apply to Mortgage Bonds (RO) issued in the ISIN code stated below ("**Bonds**"). The Bonds were issued according to Jyske Realkredit's base prospectus for the issue of Covered Bonds (SDO), Mortgage bonds ("RO") and bonds issued pursuant to Section 15 of the Danish Mortgage-Credit Loans and Mortgage-Credit Bonds etc. Act (Section 15 Bonds) dated on 22 February 2022 and any addenda to this base prospectus ("**Base Prospectus**").

Together with the terms of the bonds in the Base Prospectus section 5 "TERMS OF THE BONDS", these Final Terms constitute the terms of the issued Bonds.

The total prospectus for the Bonds consists of the Base Prospectus and the Final Terms. Definitions stated in these Final Terms shall be understood in accordance with the definitions in section 5 "TERMS OF THE BONDS" of the Base Prospectus. Definitions stated in the Base Prospectus will have the same meaning in the Final Terms unless otherwise stated by the context.

MiFID II and MiFIR product management/target markets

THE TARGET MARKET FOR THE BONDS IS RETAIL CLIENTS, PROFESSIONAL CLIENTS AND ELIGIBLE COUNTERPARTIES - Solely what applies to the individual producer's procedure for product approval, the assessment of the target market of the Bonds led to the conclusion that: (i) the target market for the Bonds is solely eligible counterparties, professional clients and retail clients as defined in Directive 2014/65/EU ("MiFID II"), and (ii) all channels of distribution are appropriate. Any person who subsequently offers, sells or recommends the Bonds (a "Distributor") must take the producer's assessment of the target market into consideration. A Distributor who is subject to MiFID II is, however, under the responsibility to undertake his own assessment of the target market of the Bonds (either by assuming or improving the producer's assessment of the target market) and also to determine appropriate distribution channels subject to the Distributor's execution of suitability and appropriateness tests under MiFID II, if relevant.

Appendix A - Summary of the Bonds

This summary covers Jyske Realkredit A/S' ("Jyske Realkredit") issue of Mortgage Bonds (RO) ("Bonds") in the ISIN code stated below.

The summary is made up of disclosure requirements known as "elements". This summary contains all the elements required to be included in a summary of the issue of this type of securities and Jyske Realkredit as the issuer.

Even though an element may be required to be inserted in a summary of the issue of this type of securities and Jyske Realkredit as the issuer, it is possible that no relevant information can be given regarding such element. In cases where an element is not relevant to a prospectus, the summary states that the element is "not applicable".

Introduction and wa Warnings	Jyske Realkredit draws the attention of prospective investors to the fact that:			
vv armings	This summary should be read as an introduction to the prospectus;			
	 any decision to invest in the Bonds should be based on consideration of the Base 			
	Prospectus as a whole			
	 where a claim relating to the information contained in the Base 			
	Prospectus is brought before a court, the plaintiff investor might, under the national			
	legislation, have to bear the costs of translating the prospectus before the legal proceedings are initiated; and			
	 civil liability attaches only to those persons who have tabled the summary including any translation thereof, but only if the summary is misleading, inaccurate or inconsistent when read together with the other parts of the Base Prospectus or it does not provide, when read together with the other parts of the Base Prospectus, key information in order to aid investors when considering whether to invest in such Bonds.

If one or more of the risks mentioned below occur, it may have a negative effect on Jyske Realkredit's activities and Jyske Realkredit's ability to pay amounts due on the Bonds issued under the Base Prospectus. Credit Risk Market risk Liquidity risk Operational risk Cyber risk Sanctions Risk relating to the implementation of new rules Competition in mortgage lending Ratings may not reflect all risks **Key information about the Bonds** What are the most important characteristics of the Bonds? The bonds are issued in Danish kroner (DKK) with a face value of 0.01 (unit size). The The currency, nominal value and bonds are fixed-rate and non-callable. number of the Bonds The rights associated The Bondholders will together with other holders of mortgage credit bonds and covered with the Bonds bonds as well as Privileged Derivative Counterparties have a primary preferential right (after deduction of expenses relating to the administration of the estate in bankruptcy and similar expenses) to all the assets in the capital centre through which the relevant ISIN code was issued, and subsequently a primary preferential right to Jyske Realkredit in general (also after deduction of expenses relating to the administration of the estate in bankruptcy and similar expenses) in pursuance of the provisions of the Danish Mortgage-Credit Loans and Mortgage-Credit Bonds etc. Act. The relative If Jyske Realkredit goes bankrupt, the funds in a capital centre will be applied - after seniority of the payment of costs for administration of the estate, etc. - to payment of claims from the Bonds in the issuer's Bondholders as well as Privileged Derivative Counterparties with the same preferential capital structure in position as the Bondholders. Bankruptcy does not constitute an event of default The trustee the event of must to the extent possible continue to make the payments without changes. If the full insolvency, amounts due cannot be paid on the due date, the Bondholders and the Privileged Derivative including Counterparties shall retain their claims and preferred rights. At worst, it can only at the final information of their statement of the estate in bankruptcy be clarified to which extent the Bondholders and the place in the order of privileged derivative counterparties can have their unpaid claims covered. priority and the If Jyske Realkredit is under resolution within the framework of the BRRD Directives (2014/56/EU and 2019/879/EU), the resolution authority shall seek to resolve Jyske potential effect on the investment in the Realkredit in the most appropriate way by using the possible tools available. This may, for event of resolution instance be the sale of a capital centre to a third party, transfer to a temporarily state-owned within the company. Mortgage credit institution and hence the Bonds are not subject to obligations to framework of the write down/convert (bail-in). **BRRD** Directives Once a year, Jyske Realkredit submits a recovery plan to the FSA. The recovery plan includes a number of indicators that must continuously be complied with and be included in the reporting. The recovery plan must ensure timely intervention in order to secure the recovery of the institution. If recovery is not possible, the resolution authority has a series of options available for intervention and takeover of the institution to ensure financial stability. Where will the Bonds be traded? Admission to trading The bonds are admitted to trading on Nasdaq Copenhagen A/S Is there a guarantee linked to the Bonds? The nature and Not applicable

extent of the guarantee

Risks relating to the Bonds

What are the most important risks specific to the Bonds?

Bond risks

The Bonds are associated with various risks. The most important risks specific to the Bonds are discussed below.

Risks associated with the Bonds in general, including

- The secondary market in general
- Interest-rate risk
- Discontinuation of reference rates
- No events of default
- No grounds of default in connection with Bonds guaranteed by the government
- Interest on overdue payments with respect to Bonds

Key information about the offering

On which terms and conditions and according to which time schedule can I invest in these Bonds?

Terms and conditions of the offer

Generally, the Bonds can be sold in various ways:

- Sale or auction to the market via Bloomberg systems
- Syndication with organisers
- Private placements, possibly via organisers
- Nasdaq Copenhagen A/S or another regulated market

In the event of regular issues and block issues, SDO/RO Bonds are sold on an ongoing basis in the bond market, and no investor has any preferential right to buy these. In connection with auctions via Bloomberg's auction system, SDO/RO Bonds are allocated according to Jyske Realkredit's conditions of sale by auction. The SDO/RO Bonds are allocated after a period stipulated by Jyske Realkredit.

Why has this prospectus been prepared?

Reasons for offering and application of proceeds

Funds from the issuance and sale of the Bonds are applied to the funding of loans secured against real property, unsecured loans to public authorities or loans guaranteed by public authorities

Funds generated by the issuance of ROs may in accordance with the Mortgage-Credit Loans and Mortgage-Credit Bonds etc. Act be invested in secure and liquid securities.

Conflicts of interest

Jyske Realkredit is not familiar with any interests and/or conflicts of interest of importance for the supply of the Bonds.
