#### Background

- ✓ This new 10-year benchmark is the third syndicated nominal *Obligaciones del Estado* issued in 2019, following the EUR 5 billion 15-year and EUR 10 billion 10-year *Obligaciones del Estado* issued in February and January respectively.
- ✓ After this new transaction, the Spanish Treasury has completed EUR 70.3 billion in medium and long-term funding, equivalent to 57.7% of their announced gross issuance target for the year of 121.9 billion.

#### Execution highlights
