The aggregate nominal amount of Notes outstanding will not at any time exceed €13,000,000,000 (or its equivalent in other currencies at the date of issue).

The Notes may either be senior notes ("**Senior Notes**") or subordinated notes ("**Subordinated Notes**"). The Senior Notes may be either senior preferred Notes ("**Senior Preferred Notes**") or senior non-preferred Notes ("**Senior Non-Preferred Notes**"). It is the intention of the Issuer that (i) to the extent permitted by the MREL Regulations, the Senior Non-Preferred Notes and Senior Preferred Notes shall, for regulatory purposes, be treated as MREL Eligible Instruments (as defined hereinafter) and (ii) the Subordinated Notes shall, for supervisory purposes, be treated as Tier 2 Capital (as defined below). Green Bonds, Social Bonds and Sustainability Bonds (as defined hereinafter) may also be issued under the Programme.

This Base Prospectus has been approved by the *Commission de Surveillance du Secteur Financier* (the "**CSSF**") in its capacity as competent authority pursuant to the Regulation (EU) 2017/1129 of the European Parliament and of the Council dated 14 June 2017 on the prospectus to be published when securities are offered to the public or admitted to trading on a regulated market, as amended (the "**Prospectus Regulation**").

The CSSF only approves this Base Prospectus as meeting the standards of completeness, comprehensibility and consistency imposed by the Prospectus Regulation. Such approval should not be considered as an endorsement of the Issuer nor of the quality of the Notes that are the subject of this Base Prospectus. In accordance with the provisions of Article 6(4) of the *loi relative aux prospectus pour valeurs mobilières* dated 14 July 2019, the CSSF assumes no responsibility as to the economic and financial soundness of the transaction and the quality or solvency of the Issuer. The approval given by the CSSF is not a favourable opinion on the Issuer and on the quality of the Notes described in this Base Prospectus. Investors should make their own assessment as to the suitability of investing in such Notes. This Base Prospectus is valid until 22 July 2023 and shall be completed by a supplement, pursuant to Article 23 of the Prospectus Regulation, following the occurrence of a significant new factor, material mistake or material inaccuracy relating to the information included (or incorporated by reference) in this Base Prospectus which may affect the assessment of the Notes. The obligation to supplement this Base Prospectus in the event of a significant new factor, material mistake or material inaccuracy does not apply when this Base Prospectus is no longer valid.

Application may be made to the Luxembourg Stock Exchange for Notes issued under the Programme while this Base Prospectus is valid to be listed on the Official List of the Luxembourg Stock Exchange and admitted to trading on the regulated market of the Luxembourg Stock Exchange (*Bourse de Luxembourg*). The Luxembourg Stock Exchange's regulated market is a regulated market for the purposes of Directive 2014/65/EU of the European Parliament and of the Council of 15 May 2014 on markets in financial instruments, as amended, appearing on the list of regulated markets issued by the European Securities Markets Authority (the "**ESMA**") (each such market being a "**Regulated Market**"). However, Notes issued under the Programme may also be unlisted or listed and admitted to trading on any other market, including any other Regulated Market of the European Economic Area ("**EEA**") and/or offered to the public pursuant to a non exempt offer in any Member State of the EEA. The relevant Final Terms (a form of which is contained herein) in respect of the issue of any Notes will specify whether or not such Notes will be listed and admitted to trading on any market and/or offered to the public pursuant to a non-exempt offer in any Member State of the EEA and, if so, the relevant market and/or jurisdiction.

Notes may be issued either in dematerialised form ("**Dematerialised Notes**") or in materialised form ("**Materialised Notes**") as more fully described herein. Dematerialised Notes will at all times be in book entry form in compliance with Articles L. 211-3 *et seq.* and R. 211-1 *et seq.* of the French *Code monétaire et financier*. No physical documents of title will be issued in respect of the Dematerialised Notes. Dematerialised Notes may, at the option of the Issuer, be (i) in bearer form (*au porteur*) inscribed as from the issue date in the books of Euroclear France (acting as central depository) which shall credit the accounts of the relevant Account Holders (as defined in "Terms and Conditions of the Notes - Form, Denomination and Title") including Euroclear Bank SA/NV ("**Euroclear**") and the depository bank for Clearstream Banking, S.A. ("**Clearstream**"), or (ii) in registered form (*au nominatif*) and, in such latter case, at the option of the relevant Noteholder (as defined in "Terms and Conditions of the Notes - Form, Denomination and Title"), in either fully registered form (*au nominatif pur*), in which case they will be inscribed in an account maintained by the Issuer or by a registration agent (appointed in the relevant Final Terms) acting on behalf of the Issuer, or in administered registered form (*au nominatif administré*) in which case they will be inscribed in the accounts of an Account Holder designated by the relevant Noteholder.

Materialised Notes will be in bearer materialised form only and may only be issued outside France. A temporary global certificate in bearer form without interest coupons attached (a "**Temporary Global Certificate**") will initially be issued in relation to Materialised Notes. Such Temporary Global Certificate will subsequently be exchanged for definitive Materialised Notes with, where applicable, coupons for interest or talons attached (the "**Definitive Materialised Notes**"), on or after a date expected to be on or about the 40th day after the issue date of the Notes (subject to postponement as described in "Temporary Global Certificate in respect of Materialised Notes") upon certification as to non-U.S. beneficial ownership as more fully described herein. Temporary Global Certificates will (a) in the case of a Tranche intended to be cleared through Euroclear and/or Clearstream, be deposited on the issue date with a common depository for Euroclear and Clearstream, and (b) in the case of a Tranche intended to be cleared through a clearing system other than or in addition to Euroclear and/or Clearstream or delivered outside a clearing system, be deposited as agreed between the Issuer and the Relevant Dealer (as defined below). In the case of a Tranche which is not intended to be cleared notably through Euroclear and/or Clearstream, the Notes of such Tranche cannot be listed on the Official List of the Luxembourg Stock Exchange and admitted to trading on the Regulated Market of the Luxembourg Stock Exchange.

Senior Preferred Notes (as defined in "Terms and Conditions of the Notes - Status") to be issued under the Programme are expected to be rated A/F1 by Fitch Ratings Ireland Limited ("**Fitch**") and Aa3/P-1 by Moody's France S.A.S ("**Moody's**"). Senior Non-Preferred Notes (as defined in "Terms and Conditions of the Notes - Status") to be issued under the Programme are expected to be rated A- by Fitch and A3 by Moody's. Subordinated Notes (as defined in "Terms and Conditions of the Notes - Status") to be issued under the Programme are expected to be rated Baa1 by Moody's. As at the date of this Base Prospectus, Fitch and Moody's are established in the European Union and registered under Regulation (EC) No. 1060/2009, as amended (the "**EU CRA Regulation**") and included in the list of registered credit rating agencies published by the ESMA on its website (<https://www.esma.europa.eu/supervision/credit-rating-agencies/risk>) in accordance with the EU CRA Regulation. The ratings of the Notes issued under the Programme by Fitch and Moody's are expected to be endorsed by a credit rating agency established and registered in the United Kingdom (the "**UK**") or certified under Regulation (EC) No. 1060/2009 as it forms part of UK domestic law by virtue of the European Union (Withdrawal) Act 2018 (the "**UK CRA Regulation**"). As such, the ratings to be issued by Fitch and Moody's may be used for regulatory purposes in the UK in accordance with the UK CRA Regulation. In general, UK regulated investors are restricted from using a rating for regulatory purposes if such rating is not issued by a credit rating agency established in the UK and registered under the UK CRA Regulation or (1) the rating is provided by a credit rating agency not established in the UK but is endorsed by a credit rating agency established in the UK and registered under the UK CRA Regulation

<http://www.oblible.com>

or (2) the rating is provided by a credit rating agency not established in the UK which is certified under the UK CRA Regulation. Notes issued under the Programme may be rated or not rated. The rating of the Notes (if any) will be specified in the relevant Final Terms. A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, change, or withdrawal at any time by the assigning rating agency.

The terms and conditions applicable to each Tranche (as defined in "Terms and Conditions of the Notes") not contained herein (including, without limitation, the aggregate nominal amount, issue price, redemption price thereof, and interest, if any, payable thereunder) will be determined by the Issuer and the relevant Dealer(s) at the time of the issue and will be set out in the relevant Final Terms. References to "Dealers" are to all Permanent Dealers and all persons appointed as a dealer in respect of one (1) or more Tranches of Notes.

This Base Prospectus is to be read in conjunction with (i) any document and/or information which is or may be incorporated herein by reference in accordance with Article 27 of the Luxembourg Law and Article 19 of the Prospectus Regulation (see "Documents incorporated by Reference" below), (ii) any supplement thereto that may be published from time to time and (iii) in relation to any Tranche of Notes, the relevant Final Terms. Other than in relation to the documents which are deemed to be incorporated by reference (see section "Documents Incorporated by Reference"), the information on the websites to which this Base Prospectus refers does not form part of this Base Prospectus unless that information is incorporated by reference into the Base Prospectus and has not been scrutinized or approved by the competent authority.

This Base Prospectus (together with all supplements thereto published from time to time) may only be used for the purposes for which it has been published.

No person is or has been authorised to give any information or to make any representation other than those contained or incorporated by reference in this Base Prospectus in connection with the issue or sale of the Notes and, if given or made, such information or representation must not be relied upon as having been authorised by the Issuer, the Arranger or any of the Dealers (as defined in "General Description of the Programme"). Neither the delivery of this Base Prospectus nor any sale made in connection herewith shall, under any circumstances, create any implication that there has been no change in the affairs of the Issuer or the Group since the date hereof or the date upon which this Base Prospectus has been most recently supplemented or that there has been no adverse change in the financial position of the Issuer or the Group since the date hereof or the date upon which this Base Prospectus has been most recently supplemented or that any other information supplied in connection with the Programme is correct as of any time subsequent to the date on which it is supplied or, if different, the date indicated in the document containing the same.

The distribution of this Base Prospectus and the offering or sale of the Notes in certain jurisdictions may be restricted by law. Persons into whose possession this Base Prospectus comes are required by the Issuer, the Dealers and the Arranger to inform themselves about and to observe any such restriction. For a description of certain restrictions on offers, sales and transfers of Notes and on distribution of this Base Prospectus, see "Subscription and Sale".

The Notes have not been and will not be registered under the United States Securities Act of 1933, as amended (the "Securities Act") or with any securities regulatory authority of any state or other jurisdiction of the United States and the Notes may include Materialised Notes in bearer form that are subject to U.S. tax law requirements. Subject to certain exceptions, the Notes may not be offered or sold or, in the case of Materialised Notes in bearer form, delivered within the United States or, in the case of certain Materialised Notes in bearer form, to, or for the account or benefit of, United States persons as defined in the U.S. Internal Revenue Code of 1986, as amended. The Notes are being offered and sold outside of the United States in offshore transactions to non-U.S. persons in reliance on Regulation S under the Securities Act ("Regulation S"). By accessing this Base Prospectus, you represent that you are a non-U.S. person that is outside of the United States. This Base Prospectus is not for publication, release or distribution in the United States.

MiFID II PRODUCT GOVERNANCE / TARGET MARKET – The Final Terms in respect of any Notes will include a legend entitled "MiFID II Product Governance" which will outline the target market assessment in respect of the Notes, taking into account the five (5) categories referred to in item 18 of the Guidelines published by ESMA on 5 February 2018, and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a "distributor") should take into consideration the target market assessment; however, a distributor subject to Directive 2014/65/EU of the European Parliament and of the Council of 15 May 2014 on markets in financial instruments, as amended ("MiFID II") is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the MiFID II Product Governance rules under EU Delegated Directive 2017/593 (the "MiFID II Product Governance Rules"), any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the MiFID II Product Governance Rules.

UK MiFIR PRODUCT GOVERNANCE / TARGET MARKET – The Final Terms in respect of any Notes may include a legend entitled "UK MiFIR Product Governance" which will outline the target market assessment, taking into account the five (5) categories referred to in item 18 of the Guidelines published by ESMA on 5 February 2018 (in accordance with the FCA's policy statement entitled "Brexiteer our approach to EU non-legislative materials"), in respect of the Notes and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a "distributor") should take into consideration the target market assessment; however, a distributor subject to the FCA Handbook Product Intervention and Product Governance Sourcebook (the "UK MiFIR Product Governance Rules") is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the UK MiFIR Product Governance Rules, any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the UK MiFIR Product Governance Rules.

PRIIPs REGULATION / PROHIBITION OF SALES TO EEA RETAIL INVESTORS - If the Final Terms in respect of any Notes include a legend entitled "Prohibition of Sales to EEA Retail Investors", the Notes are not intended, to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the EEA. For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of MiFID II, (ii) a customer within the meaning of Directive 2016/97/EU of the European Parliament and of the Council of 20 January 2016 on insurance distribution, as amended (the "Insurance Distribution Directive"), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II, or (iii) not a qualified investor as defined in the Prospectus Regulation. Consequently, no key information document required by Regulation (EU) no. 1286/2014, as amended (the "PRIIPs Regulation") for offering or selling the Notes or otherwise making them available to any retail investor in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

UK PRIIPs REGULATION – PROHIBITION OF SALES TO UK RETAIL INVESTORS – The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the United Kingdom (the "UK"). Consequently, no key information document required by the PRIIPs Regulation as it forms part of UK domestic law by virtue of the EUWA (the "UK PRIIPs Regulation") for offering or selling the Notes or otherwise making them available to any retail investor in the UK has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPs Regulation.

Neither this Base Prospectus nor any other information supplied in connection with the Programme (including any information incorporated by reference) is intended to provide the basis of any credit or other evaluation and should not be considered

as a recommendation by any of the Issuer, the Arranger or the Dealers that any recipient of this Base Prospectus or any other financial statements should purchase the Notes. Each prospective investor of Notes should determine for itself the relevance of the information contained in this Base Prospectus and its purchase of Notes should be based upon such investigation as it deems necessary. Neither the Arranger nor any of the Dealers undertake to review the financial condition or affairs of the Issuer during the life of the arrangements contemplated by this Base Prospectus nor to advise any investor or prospective investor in the Notes of any information that may come to the attention of any of the Dealers or the Arranger. Any websites referred to in this Base Prospectus are for information purposes only and do not form part of this Base Prospectus.

None of the Dealers or the Issuer makes any representation to any investor in the Notes regarding the legality of its investment under any applicable laws. Any investor in the Notes should be able to bear the economic risk of an investment in the Notes for an indefinite period of time.

Neither the Arranger nor any of the Dealers makes any representation as to the suitability of any Green Bonds, Social Bonds and Sustainability Bonds (as defined herein), including the listing or admission to trading thereof on any dedicated "green", "social", "sustainable" or other equivalently labelled segment of any stock exchange or securities market, to fulfil any green criteria required by any prospective investors. The Arranger and the Dealers have not undertaken, nor are they responsible for, any assessment of the eligibility criteria for eligible green assets, any verification of whether the eligible green assets meet such criteria or the monitoring of the use of proceeds of any Green Bonds, Social Bonds or Sustainability Bonds (or amounts equal thereto). Neither the Arranger nor any of the Dealers makes any representation as to the suitability or contents of the Framework (as defined herein) and the second party opinion delivered by Vigeo Eiris.

Status of the Notes: Senior Preferred Notes

The Senior Preferred Notes (being those Notes which the applicable Final Terms specify as being Senior Preferred Notes), and, where applicable, any Coupon relating to them are direct, unconditional, unsecured and senior (*chirographaires*) obligations of the Issuer and rank and shall at all times rank:

- (i) *pari passu* without preference among themselves and with other Senior Preferred Notes;
- (ii) senior to Senior Non-Preferred Notes of the Issuer and any obligations ranking junior to Senior Non-Preferred Notes; and
- (iii) junior to all present and future claims benefiting from statutory preferences.

Subject to applicable law, if any judgment is rendered by any competent court declaring the judicial liquidation (*liquidation judiciaire*) of the Issuer or if the Issuer is liquidated for any other reason, the holders of the Senior Preferred Notes in respect of such Notes and including, where applicable, the Coupons relating to them, will have a right to payment under the Notes:

However, in such circumstances, the Issuer may redeem the Senior Preferred Notes in accordance with Condition 6(c) (*Redemption of Senior Notes upon the occurrence of a MREL Disqualification Event*), if a MREL Disqualification Event Call Option is specified as applicable in the relevant Final Terms.

Senior Non-Preferred Notes

- (i) *pari passu* without preference among themselves and with other Senior Non-Preferred Notes;
- (ii) senior to Subordinated Notes; and
- (iii) junior to present and future claims benefiting from statutory preferences, including Senior Preferred Notes.

- (i) only after, and subject to, payment in full of holders of Senior Preferred Notes and other present and future claims benefiting from statutory preferences or otherwise ranking in priority to Senior Non-Preferred Notes; and
- (ii) subject to such payment in full, in priority to holders of Subordinated Notes and other present and future claims otherwise ranking junior to Senior Non-Preferred Notes.

In the context of any such judicial liquidation (*liquidation judiciaire*) of the Issuer and in the event of incomplete payment of any obligations of the Issuer that rank or are expressed to rank senior to such Senior Non-Preferred Notes, the obligations of the Issuer in connection with such Senior Non-Preferred Notes will be terminated by operation of law.

- (5) junior to any present and future unsubordinated creditors (including depositors, holders of Senior Preferred Notes and holders of Senior Non-Preferred Notes) of the Issuer.

Subject to applicable law, if any judgment is rendered by any competent court declaring the judicial liquidation (*liquidation judiciaire*) of the Issuer or if the Issuer is liquidated for any other reason, the rights of payment of the holders of the Subordinated Notes in respect of such Subordinated Notes and including, where applicable, the Coupons relating to them (if any) shall be:

- (i) subordinated to the payment in full of:
 - (a) all unsubordinated creditors (including depositors, holders of Senior Preferred Notes and holders of Senior Non-Preferred Notes);
 - (b) with respect to Qualifying Subordinated Notes, (x) any present and future direct, unconditional, unsecured and subordinated obligations of the Issuer that rank or are expressed to rank senior to the Subordinated Notes and (y) any holder of Disqualified Subordinated Notes; and

- (c) with respect to Disqualifying Subordinated Notes, any other present and future direct, unconditional, unsecured and subordinated obligations of the Issuer that rank or are expressed to rank senior to the Disqualified Subordinated Notes; and
- (ii) subject to such payment in full, paid in priority to:
 - (a) (x) with respect to Disqualified Subordinated Notes, any present or future obligations or capital instruments of the Issuer which constitute, or constituted prior to 28 December 2020, Tier 2 Capital fully or partly (such as the Qualifying Subordinated Notes) and any other present or future subordinated obligations of the Issuer that rank or are expressed to rank *pari passu* with the Qualifying Subordinated Notes and (y) any other present and future direct, unconditional, unsecured and subordinated obligations of the Issuer that rank or are expressed to rank junior to the Subordinated Notes; and
 - (b) any present and future *prêts participatifs* granted to the Issuer, *titres participatifs* issued by the Issuer and deeply subordinated obligations of the Issuer (*engagements dits "super subordonnés" or engagements subordonnés de dernier rang*).

In the context of any such judicial liquidation (*liquidation judiciaire*) of the Issuer and in the event of incomplete payment of any obligations of the Issuer that rank or are expressed to rank senior to such Subordinated Notes, the obligations of the Issuer in connection with such Subordinated Notes will be terminated by operation of law.

If an insolvency proceeding or voluntary liquidation applies to the Issuer, the holders of the Subordinated Notes and including, where applicable, the Coupons relating to them, shall be responsible for taking all steps necessary to preserve the rights they may have against the Issuer.

It is the intention of the Issuer that the Subordinated Notes shall, for supervisory purposes, be treated as Tier 2 Capital. Disqualified Subordinated Notes shall rank senior to any present or future obligations or capital instruments of the Issuer which constitute, or constituted prior to 28 December 2020, Tier 2 Capital fully or partly (such as the Qualifying Subordinated Notes). However, the Issuer may redeem the Subordinated Notes in accordance with Condition 6(d) (*Redemption of Subordinated Notes upon the occurrence of a Capital Event*).

Negative Pledge:

There is no negative pledge in respect of the Notes.

Events of Default:

There are no events of default in respect of the Notes.

Redemption Amount:

Subject to any laws and regulations applicable from time to time, the relevant Final Terms will specify the redemption amounts payable calculated in accordance with the applicable Conditions.

Redemption:

Redemption at maturity

Subject to any purchase and cancellation of the Notes or their early redemption, the Notes will be redeemed on the above mentioned maturity date at 100% of their nominal amount.

Redemption prior to maturity

(i) Senior Notes

The Senior Notes may be redeemed prior to maturity at the option of the Issuer (i) if a call option is specified as applicable in the relevant Final Terms, it being specified that a call option will not be permitted prior to one (1) year from the Issue Date, (ii) in the case of a MREL Disqualification Event if a MREL Disqualification Event Call Option is specified as applicable in the relevant Final Terms, (iii) in the case of (a) a Withholding Tax Event or (b) a Gross-Up Event. In such cases, the Issuer's option to redeem the Senior Notes is subject to such redemption not being prohibited by the MREL Regulations and to the prior approval of the Relevant Resolution Authority.

(ii) Subordinated Notes

The Subordinated Notes may be redeemed prior to maturity (subject to certain conditions including in particular the prior approval of the Relevant Regulator) at the option of the Issuer (i) if a call option is specified as applicable in the relevant Final Terms, it being specified that a call option will not be permitted prior to five (5) years from the Issue Date, (ii) in the case of a Capital Event if a Capital Event Call Option is specified as applicable in the relevant Final Terms or (iii) in the case of a Tax Event.

Taxation:

All payments of principal and interest by or on behalf of the Issuer in respect of the Notes shall be made free and clear of, and without withholding or deduction for, any taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or within France or any authority therein or thereof having power to tax, unless such withholding or deduction is required by law. If such a withholding or deduction is required by the French law, the Issuer will have to gross-up its payments to the fullest extent then permitted by law and subject to certain exceptions.

Interest Periods and Interest Rates:

The length of the interest periods for the Notes and the applicable interest rate or its method of calculation may differ from time to time or be constant for any Series. Notes may have a maximum interest rate, a minimum interest rate, or both, provided that in no event shall the interest rate be less than zero. The use of Interest Accrual Periods permits the Notes to bear interest at different rates in the same interest period. All such information (except the method of calculation) will be set out in the relevant Final Terms.

Fixed Rate Notes:

Fixed interest will be payable in arrear on the date or dates in each year specified in the relevant Final Terms.

Fixed Rate Resettable Notes:

Fixed Rate Resettable Notes will initially bear interest at a fixed rate and will then be resettable, as specified in the relevant Final Terms.

Floating Rate Notes:

Floating Rate Notes will bear interest determined separately for each Series as follows:

- (i) on the same basis as the floating rate under a notional interest rate swap transaction in the relevant Specified Currency governed by the June 2013 FBF Master Agreement, as published by the *Fédération bancaire française*, in their updated version applicable as at the date of issue of the first Tranche of the relevant Series, or
- (ii) on the same basis as the floating rate under a notional interest rate swap transaction in the relevant Specified Currency governed by an agreement incorporating either the 2006 ISDA Definitions, or the 2021 ISDA Definitions, each as published by the International Swaps and Derivatives Association, Inc. ("ISDA") on its website (<http://www.isda.org>), in their updated version applicable as at the date of issue of the first Tranche of the relevant Series, as specified in the relevant Final Terms; or

(iii) on the basis of a reference rate appearing on an agreed screen page of a commercial quotation service, which shall be EURIBOR or any other reference rate that might replace them,

in each case by applying one of the formulae specified in the Conditions of the Notes as indicated in the applicable Final Terms. Floating Rate Notes may also have a maximum rate of interest and/or reference rate(s), a minimum rate of interest and/or reference rate(s) or both and/or rate multiplier.

**Fixed/Floating Rate Notes,
Fixed/CMS Linked Notes,
Floating/Fixed Rate Notes,
CMS Linked Notes/Fixed Rate
Notes, Fixed/Fixed Rate Notes,

and CMS/CMS Linked Notes:**

Fixed/Floating Rate Notes, Fixed/CMS Linked Notes, Floating/Fixed Rate Notes, CMS Linked Notes/Fixed Rate Notes, Fixed/Fixed Rate Notes, Floating/Floating Rate Notes and CMS/CMS Linked Notes are Notes for which a change of interest basis (whether automatically or optional) is specified to be applicable in the relevant Final Terms.

CMS Linked Notes:

Payments of interest in respect of CMS Linked Notes shall be calculated by reference to one or more CMS Rates and by applying one of the formulae specified in the Conditions of the Notes as indicated in the applicable Final Terms. Such Notes may have a maximum rate of interest and/or CMS Rate(s), a minimum rate of interest and/or CMS Rate(s) or all combined and/or rate multiplier.

**Inverse Floating Rate Notes
and Inverse CMS Linked
Notes:**

The Rate of Interest in respect of Inverse Floating Rate Notes or Inverse CMS Linked Notes, as the case may be, for each Interest Accrual Period, shall be equal to a Fixed Rate minus a Floating Rate or a CMS Rate, as the case may be.

Zero Coupon Notes:

Zero Coupon Notes may be issued at par or at a discount to it and will not bear interest.

Benchmark Event:

In the event that a Benchmark Event occurs, such that any rate of interest (or any component part thereof) cannot be determined by reference to the original benchmark or screen rate (as applicable) specified in the relevant Final Terms, then the Issuer shall use its reasonable endeavours to appoint an independent adviser to determine a successor or an alternative benchmark (with consequent amendment to the terms of such Series of Notes and, potentially, the application of an adjustment spread which could be negative or positive). See Condition 5(e) (*Benchmark Event*) for further information.

**Green Bonds, Social Bonds and
Sustainability Bonds:**

Green Bonds, Social Bonds and Sustainability Bonds may be issued by the Issuer to finance and/or refinance, in whole or in part, new or existing projects from any of the eligible green loan categories (the "**Eligible Green Loan Categories**" and such Notes being "**Green Bonds**"), the eligible social loan categories (the "**Eligible Social Loan Categories**" and such Notes being "**Social Bonds**") or from both the Eligible Green Loan Categories and the Eligible Social Loan Categories (such Notes being "**Sustainability Bonds**"), as defined in the "Use of Proceeds" section of the relevant Final Terms and as further described in the Issuer's green, social and sustainability bond framework (as amended and supplemented from time to time, the "**Framework**") which is available on the website of the Issuer (https://www.cm-ardea.com/banque/assurance/credit/mutuel/c_37851/fr/green-social-bonds).

The Framework further describes the above-mentioned projects and is substantially based on the Green Bond Principles, Social Bond Principles and Sustainability Bond Guidelines published by the International Capital Markets

Association in their updated edition or any more recent version such as specified in the relevant Final Terms.

The Issuer has appointed Vigeo Eiris to provide a second party opinion on the Framework, which is also available on the Issuer's website.

The Issuer will publish an annual report on its website detailing the allocation of the Green Bonds, Social Bonds or Sustainability Bonds and their impact until full allocation of the proceeds.

Prior to any investment in Notes in which the net proceeds are to be used to finance investments included in the Eligible Green Loan Categories and/or the Eligible Social Loan Categories, as further specified in the applicable Final Terms, investors are advised to consult the Framework for further information.

Form of Notes:

Notes may be issued in either dematerialised form ("**Dematerialised Notes**") or in materialised form ("**Materialised Notes**").

Dematerialised Notes may, at the option of the Issuer, be issued in bearer form (*au porteur*) or in registered form (*au nominatif*) and, in such latter case, at the option of the relevant holder, in either fully registered form (*au nominatif pur*) or administered form (*au nominatif administré*). No physical documents of title will be issued in respect of Dematerialised Notes.

Materialised Notes will be in bearer form only. A Temporary Global Certificate will initially be issued in respect of each Tranche of Materialised Notes. Materialised Notes may only be issued outside France.

Waiver of Set-off rights:

The Noteholders waive any right of set-off, compensation and retention in relation to the Notes, to the extent permitted by law.

Representation of Noteholders:

Noteholders will, in respect of all Tranches in any Series, be grouped automatically for the defence of their common interests in a Masse which will be governed by the provisions of Articles L.228-46 *et seq.* of the French *Code de commerce* as supplemented by Condition 11.

The Masse will be a separate legal entity and will act in part through the Representative and in part through collective decisions of the Noteholders.

Governing Law:

French law.

Notwithstanding any other term of a given Series of Notes or any other agreement, arrangement or understanding between the Issuer and the Noteholders, by its acquisition of any Note, each Noteholder acknowledges, accepts, consents and agrees:

- (i) to be bound by the effect of the exercise of the Bail-in and Loss Absorption Power by the Relevant Resolution Authority, which may include and result in any of the following, or some combination thereof:
 - a. the reduction of all, or a portion, of the Amounts Due (as defined below) on a permanent basis;
 - b. the conversion of all, or a portion, of the Amounts Due into shares, other securities or other obligations of the Issuer or another person (and the issue to the Noteholder of such shares, securities or obligations), including by means of an amendment, modification or variation of the terms of such Notes, in which case the Noteholder agrees to accept in lieu of its rights under such Notes any such shares, other securities or other obligations of the Issuer or another person;
 - c. the cancellation of the Notes;
 - d. the amendment or alteration of the maturity of the Notes or

amendment of the amount of interest payable on the Notes, or the date on which the interest becomes payable, including by suspending payment for a temporary period; and

RISK FACTORS

The Issuer believes that the factors described below represent the principal risks inherent in investing in the Notes issued under the Programme. The Issuer believes that the following factors may affect its ability to fulfil its obligations under the Notes issued under the Programme. Most of these factors are contingencies which may or may not occur. The risk factors may relate to the Issuer or any of its subsidiaries.

Factors which the Issuer believes are specific to the Notes and material for an informed investment decision with respect to investing in the Notes issued under the Programme are described below. In each category below the Issuer sets out the most material risks in first, taking into account the negative impact of such risks and the probability of their occurrence. Investors must be aware that other risks and uncertainties which, on the date of this Base Prospectus, are not known of by the Issuer, or are considered not to be relevant, may have a significant impact on the Issuer, its activities, its financial condition and the Notes.

Prospective investors should also read the detailed information set out elsewhere in this Base Prospectus (including the relevant information of any documents deemed to be incorporated by reference herein) and the Final Terms of the relevant Notes and make their own opinion about risk factors prior to making any investment decision. Investors should in particular conduct their own analysis and evaluation of the risks relating to the Issuer, its financial condition and the Notes and consult their own financial or legal advisers about risks associated with the investment in a particular Series of Notes and the suitability of investing in the Notes in light of their particular circumstances.

The Issuer considers that the Notes shall only be purchased by investors which are (or are advised by) qualified investors who have sufficient knowledge and experience to appropriately evaluate the risks associated with the Notes.

Words and expressions defined elsewhere in this Base Prospectus shall have the same meanings when used below.

1. RISK FACTORS RELATING TO THE ISSUER AND ITS ACTIVITY

The Issuer is subject to the following categories of risks: strategic, business and ecosystem risks, credit risk, operational risk, liquidity risk, interest rate risk, insurance risk, market risks and environmental risks, including climate.

Investors are invited to read the detailed information on risk factors relating to the Issuer and its activity set out in the 2021 Universal Registration Document (pages 218 to 233) which was filed with the *Autorité des marchés financiers* on 14 April 2022 under registration number D.22-0296 and which pages are incorporated by reference herein (See "*Documents Incorporated by Reference*").

2. RISK FACTORS RELATING TO THE NOTES

The following paragraphs describe some of the risk factors that are material to the Notes in order to assess the risk associated with these Notes. Prospective investors should consult their own financial and legal advisers about risks associated with investment in a particular Series of Notes and the suitability of investing in the Notes in light of their particular circumstances.

2.1 Risks for Noteholders as creditors of the Issuer and legal risks

The Notes may be subject to mandatory write-down or conversion to equity if the Issuer becomes subject to a resolution procedure

As an *établissement de crédit* in France, the Issuer is subject to the Directive 2014/59/EU of the European Parliament and of the Council establishing a framework for the recovery and resolution of credit institutions and investment firms dated 15 May 2014 (the "**Bank Recovery and Resolution Directive**" or "**BRRD**" as amended by Directive (EU) 2019/879 (the "**BRRD Revision**" and together with BRRD, "**BRRD II**")) as implemented under French law. BRRD II provides authorities with a credible set of tools to intervene sufficiently early and quickly in an unsound or failing institution so as to ensure the continuity of the institution's critical financial and economic functions, while minimising the impact of an institution's failure on the economy and financial system.

The Relevant Resolution Authority (as defined below) may commence resolution proceedings in respect of an institution such as the Issuer when the Relevant Resolution Authority determines that:

- the institution is failing or likely to fail;
- there is no reasonable prospect that another action will prevent the failure within a reasonable time; and
- a resolution measure is required, and a liquidation procedure would fail, to achieve the objectives of the resolution: (i) to ensure the continuity of critical functions, (ii) to avoid a significant adverse effect on the financial system, (iii) to protect public funds by minimizing reliance on extraordinary public financial support, and (iv) to protect client funds and assets, and in particular those of depositors.

After resolution proceedings are initiated, the Relevant Resolution Authority may use one or more of several resolution tools with a view to recapitalizing or restoring the viability of the institution, as described below.

Capital instruments (such as the Qualifying Subordinated Notes) and, under certain conditions, eligible liabilities (such as the Disqualified Subordinated Notes, the Senior Preferred Notes and the Senior Non-Preferred Notes) may be written down or converted to equity or other instruments either in connection with and prior to the opening of a resolution proceeding, or in certain other cases without a resolution proceeding. Capital Instruments must be written-down or converted to equity or other instruments in the following order of priority: (i) common equity tier 1 instruments are to be written-down first, (ii) additional tier 1 instruments issued before 28 December 2020 that are or were, before that date, totally or partially, qualifying as such and additional tier 1 instruments issued after 28 December 2020 so long as they remain totally or partly qualifying as such are to be written-down or converted into common equity tier 1 instruments, and (iii) tier 2 capital instruments issued before 28 December 2020 that are or were, before that date, totally or partially, qualifying as such and tier 2 capital instruments issued after 28 December 2020 so long as they remain totally or partly qualifying as such (such as the Qualifying Subordinated Notes) are to be written-down or converted to common equity tier 1 instruments. Eligible liabilities may be written-down or converted to equity or other instruments in the following order of priority: (i) subordinated debt instruments other than capital instruments (such as the Disqualified Subordinated Notes) are to be written-down or converted into common equity tier 1 instruments in accordance with the hierarchy of claims in normal insolvency proceedings, and (ii) other eligible liabilities (such as the Senior Preferred Notes and the Senior Non-Preferred Notes) are to be written-down or converted into common equity tier 1 instruments. The Relevant Resolution Authority may permanently write-down the Notes or convert the Notes into equity at the point of non-viability of the Issuer or the Group.

The powers provided to the Relevant Resolution Authority, once a resolution procedure is initiated, include the Bail-in Tool (as defined below), meaning the power to write-down (including to zero) bail-inable liabilities of a credit institution in resolution, or to convert them to equity. Bail-inable liabilities include subordinated debt instruments not qualifying as capital instruments (such as the Disqualified Subordinated Notes), senior unsecured debt instruments (such as the Senior Preferred Notes and the Senior Non-Preferred Notes) and other liabilities that are not excluded from the scope of the Bail-in Tool pursuant to Article 44, paragraph 2 of BRRD II, such as non-covered deposits or financial instruments that are not secured or used for hedging purposes. The Bail-in Tool may also be applied to any liabilities that are capital instruments and that remain outstanding at the time the Bail-in Tool is applied. The exercise of the Bail-in Tool by the Relevant Resolution Authority could result in the partial or full write-down or conversion into equity securities or other instruments of the Notes.

In addition to the Bail-in Tool, the Relevant Resolution Authority is provided with broad powers to implement other resolution measures with respect to failing institutions or, under certain circumstances, their groups. The exercise of such powers by Relevant Resolution Authority could result in the partial or full write-down or conversion into equity securities or other instruments of the Notes. In addition, if the Issuer's financial condition, or that of any member of the Group deteriorates or is perceived to deteriorate, the existence of these powers could cause the market value of the Notes to decline more rapidly than would be the case in the absence of such powers.

Article 68 of BRRD II, as implemented in France, provides that certain crisis prevention measures and crisis management measures, including the opening of a resolution proceeding in respect of the Issuer, may not by themselves give rise to a contractual enforcement right against the Issuer or the right to modify the Issuer's obligations, so long as the Issuer continues to meet its payment obligations. Accordingly, if a resolution proceeding is opened in respect of the Issuer, holders of the Notes will not have the right to declare an event of default, to accelerate the maturity of the Notes, to modify the terms of the Notes or to exercise other enforcement rights in respect of the Notes so long as the Issuer continues to meet its payment obligations.

The taking of any action by the Relevant Resolution Authority under BRRD II in relation to the Issuer or the Group could materially affect the right of Noteholders, the price or value of their investment in the Notes and/or the ability

of the Issuer to satisfy its obligations under any Notes. As a result, Noteholders could lose all or a substantial part of their investment in the Notes.

French Insolvency Law

As a *société anonyme coopérative de crédit à capital variable* incorporated in France, French insolvency law applies to the Issuer. In the event that the Issuer becomes insolvent, insolvency proceedings will be generally governed by the insolvency laws of France to the extent that, where applicable, the "centre of main interests" (as construed under Regulation (EU) 2015/848, as amended) of the Issuer is located in France.

Directive (EU) 2019/1023 on preventive restructuring frameworks, on discharge of debt and disqualifications, and on measures to increase the efficiency of procedures concerning restructuring, insolvency and discharge of debt, and amending Directive (EU) 2017/1132 has been transposed into French law by the *Ordonnance* 2021-1193 dated 15 September 2021. Such *Ordonnance*, applicable as from 1st October 2021, amends French insolvency law notably with regard to the process of adoption of restructuring plans under insolvency proceedings. According to this *Ordonnance*, "affected parties" (including notably creditors, and therefore the Noteholders), as well as secured and unsecured receivables, shall be treated in separate classes for the purpose of adopting a restructuring plan. Classes shall be formed in such a way that each class comprises claims or interests with rights that reflect a sufficient commonality of interest based on verifiable criteria. Noteholders will no longer deliberate on the proposed restructuring plan in a separate assembly, meaning that they will no longer benefit from a specific veto power on this plan. Instead, as any other affected parties, the Noteholders will be grouped into one or several classes (with potentially other types of creditors) and their dissenting vote may possibly be overridden by a cross-class cram down.

The decision of each class is taken by a two-third (2/3rd) majority of the voting rights of the participating members, no quorum being required.

If the restructuring plan is not approved by all classes of affected parties, it can still be ratified by the court at the request of the Issuer or the receiver with the Issuer's consent and be imposed on dissenting classes through a cross-class cram down, under certain conditions.

For the avoidance of doubt, the provisions relating to the representation of Noteholders described in Condition 11 (*Representation of Noteholders*) will not be applicable to the extent they are not in compliance with compulsory insolvency law provisions that apply in these circumstances.

Both the scopes of the Directive (EU) 2019/1023 and the *ordonnance* do not cover EU financial institutions, unless the competent authority chooses to make them applicable. In such a case, the application of French insolvency law to a credit institution as the Issuer is also subject to the prior permission of the *Autorité de contrôle prudentiel et de résolution* before the opening of any safeguard, judicial reorganisation or liquidation proceedings. This limitation will affect the ability of the Noteholders to recover their investments in the Notes.

Should such proceedings be opened, the commencement of insolvency proceedings against the Issuer could have a material adverse impact on the market value of Notes issued by the Issuer. As a consequence, any decision taken by a class of affected parties could substantially and adversely impact the Noteholders and even cause them to lose all or part of their investment, should they not be able to recover amounts due to them from the Issuer.

Modification and waivers

The Noteholders will, in respect of all Tranches in any Series, be grouped automatically for the defence of their common interests in a *masse*, as defined in Condition 11 (*Representation of Noteholders*), and matters affecting their interests are generally adopted either through a General Meeting or by unanimous consent following a written consultation. The Conditions permit in certain cases defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant General Meeting and Noteholders who voted in a manner contrary to the majority. Noteholders may therefore be bound by General Meetings in which they have not participated or for which they expressed a view to the contrary. In addition, General Meetings may deliberate on any proposal relating to the modification of the Conditions including any proposal, whether for arbitration or settlement, relating to rights in controversy or which were the subject of judicial decisions, as more fully described in Condition 11 (*Representation of Noteholders*).

By exception to the above provisions and except for Notes issued with a denomination of less than €100,000 (or its equivalent in any other currency), Condition 11(d)(iii) (*Exclusion of certain provisions of the French Code de commerce*) provides that the provisions of Article L. 228-65 I. 1^o and 4^o of the French *Code de commerce* (respectively providing for a prior approval of the Noteholders of any change in corporate purpose or form of the Issuer and of an issue of bonds benefiting from a security (*sûreté réelle*)) and the related provisions of the French

Code de commerce shall not apply to the Notes. As a result of these exclusions, the prior approval of the Noteholders will not have to be obtained on any such matters which may negatively affect their interests generally.

While it is not possible to assess the likelihood that the Conditions will need to be amended by way of a General Meeting during the life of the Notes, if such a General Meeting were to take place, it is possible that a majority of Noteholders could adopt a decision that would modify the terms and conditions in a way that could impair or limit the rights of the Noteholders. However, the likelihood of a majority of Noteholders adopting a decision that would have a significant adverse effect on the Noteholders should not be overplayed.

The Conditions of the Notes contain a waiver of set-off rights

Condition 14 (*Waiver of Set-Off*) provides that Noteholders waive any set-off rights to which they might otherwise be entitled to the extent such rights would otherwise impact the loss absorbing capacity of the Notes. As a result, holders of the Notes will not at any time be entitled to set-off the Issuer's obligations under the Notes against obligations owed by them to the Issuer. Therefore, Noteholders may not receive any amount in respect of their claims or any amount due under the Notes.

2.2 Risks related to the market of the Notes

Market value of the Notes

The market value of the Notes will be affected by the creditworthiness of the Issuer and/or that of the Group and a number of additional factors, including, but not limited to, market interest, yield and rates and the time remaining to the maturity date.

The market value of the Notes depends on a number of interrelated factors, including economic, financial and political events in France or elsewhere (including Brexit), including factors affecting capital markets generally and the stock exchanges on which the Notes are traded. The price at which a Noteholder will be able to sell the Notes prior to maturity or redemption, as the case may be, may be at a discount, which could be substantial, from the issue price or the purchase price paid by such purchaser and result in losing part of their investment in the Notes.

An active trading market for the Notes may not develop

Notes may have no established trading market when issued, and one may never develop. If a market does develop, it may not be liquid. Therefore, Noteholders may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. This is particularly the case for Notes that are especially sensitive to interest rate, currency or market risks, are designed for specific investment objectives or strategies or have been structured to meet the investment requirements of limited categories of investors. These types of Notes generally would have a more limited secondary market and more price volatility than conventional debt securities. Illiquidity may have an adverse effect on the market value of the Notes.

In addition, Noteholders should be aware of the prevailing and widely reported global credit market conditions (which continue at the date of this Base Prospectus), whereby there is a general lack of liquidity in the secondary market for instruments similar to the Notes. Such lack of liquidity may result in Noteholders suffering losses on the Notes in secondary resales even if there is no decline in the credit strength of the Issuer. Furthermore, if additional and competing products are introduced in the markets, this may adversely affect the market value of the Notes and as a consequence Noteholders could lose part of their investment in the Notes.

Exchange rate risks and exchange controls

This Programme allows the Issuer to pay principal and interest on the Notes in a range of currencies (the "**Specified Currency**") as defined in Condition 5(a) (*Interest and other Calculations - Definitions*). This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the "**Investor's Currency**") other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls.

An appreciation in the value of the Investor's Currency relative to the Specified Currency would decrease (1) the Investor's Currency-equivalent yield on the Notes, (2) the Investor's Currency-equivalent value of the principal payable on the Notes and (3) the Investor's Currency-equivalent market value of the Notes.

Government and monetary or financial authorities may impose (as some have done in the past) exchange controls

that could adversely affect an applicable exchange rate. As a result, Noteholders whose financial activities are carried out or dependent principally in a currency or currency unit other than the relevant Specified Currency may receive less interest or principal than expected, or no interest or principal.

2.3 Risks related to the structure and features of a particular issue of Notes

2.3.1 Risks related to the status of a particular issue of Notes

Subordinated Notes are subordinated obligations and are junior to Senior Notes.

The Issuer's obligations under the Subordinated Notes (including, where applicable, the Coupons related thereto) are unsecured and subordinated and will rank junior in priority of payment to unsubordinated creditors (including depositors, holders of Senior Preferred Notes and holders of Senior Non-Preferred Notes) of the Issuer, and creditors in respect of other subordinated obligations ranking or expressed to rank senior to the Subordinated Notes, as more fully described in Condition 3(c) (*Status - Subordinated Notes*).

Pursuant to Article L. 613-30-3-I-5° of the French *Code monétaire et financier* created by the French *Ordonnance n° 2020-1636 relative au régime de résolution dans le secteur bancaire* dated 21 December 2020 which has implemented Article 48(7) of the BRRD II under French law and according to Condition 3(c) (*Subordinated Notes*), any Subordinated Notes issued after 28 December 2020 will, if they are no longer treated as Tier 2 Capital (such as the Disqualified Subordinated Notes), change ranking so that they will rank senior to any present or future obligations or capital instruments of the Issuer which constitute, or constituted prior to 28 December 2020, Tier 2 Capital fully or partly. For the avoidance of doubt, such change to a more senior rank would occur over the life of the relevant Subordinated Notes automatically as per the terms of Condition 3(c) (*Subordinated Notes*) without consultation of the holders of such Subordinated Notes or the holders of any other Notes outstanding at such time.

Subject to applicable law, if any judgment is rendered by any competent court declaring the judicial liquidation (*liquidation judiciaire*) of the Issuer or if the Issuer is liquidated for any other reason, the rights of payment of the holders of the Subordinated Notes will be subordinated to the payment in full of unsubordinated creditors (including depositors, holders of Senior Preferred Notes and holders of Senior Non-Preferred Notes), any other creditors whose claims rank senior to the Subordinated Notes and, in the case of Qualifying Subordinated Notes, the holders of Disqualified Subordinated Notes. As a consequence, the risk of non-payment for the Subordinated Notes which are still fully or partly recognised as Tier 2 Capital would be increased. In the event of incomplete payment of unsubordinated creditors (and subordinated creditors ranking senior to any Subordinated Notes) upon the liquidation of the Issuer, the obligations of the Issuer in connection with the Subordinated Notes will be terminated.

Furthermore, as indicated in the risk factor entitled "*The Issuer is not prohibited from issuing further debt, which may rank pari passu with the Senior Preferred Notes, Senior Non-Preferred Notes or Subordinated Notes, or senior to Senior Non-Preferred Notes or Subordinated Notes*" below, there is no restriction on the issuance by the Issuer of additional senior obligations. As a consequence, if the Issuer enters into judicial liquidation (*liquidation judiciaire*) proceedings or is liquidated for any other reason, the Issuer will be required to pay potentially substantial amounts of senior obligations (such as deposits, Senior Preferred Notes and Senior Non-Preferred Notes) before any payment is made in respect of the Subordinated Notes.

In addition, if a resolution proceeding is opened in respect of the Issuer, the Subordinated Notes (including the Disqualified Subordinated Notes) would be written-down or converted in full before any of the Issuer's Senior Preferred Notes and any other present or future senior preferred obligations of the Issuer or Senior Non-Preferred Notes and any other present or future senior non preferred obligations of the Issuer were written-down or converted due to the fact that the Subordinated Notes rank junior to Senior Preferred Obligations and Senior Non-Preferred Obligations.

As a consequence, holders of the Subordinated Notes bear significantly more risk than holders of senior obligations (such as deposits, Senior Preferred Notes and Senior Non-Preferred Notes) and there is a substantial risk that holders of Subordinated Notes will lose all or a significant part of their investment should the Issuer become insolvent.

The Senior Non-Preferred Notes are senior non-preferred obligations and are junior to Senior Preferred Notes and certain obligations

The Issuer's obligations under the Senior Non-Preferred Notes (including, where applicable, the Coupons related thereto) constitute senior non-preferred obligations within the meaning of Article L. 613-30-3 I 4° of the French *Code monétaire et financier* (the "**Senior Non-Preferred Law**"). While the Senior Non-Preferred Notes by their terms are expressed to be direct, unconditional, unsecured and senior (*chirographaires*) obligations of the Issuer, they nonetheless rank junior in priority of payment to senior preferred obligations of the Issuer. The Issuer's senior

preferred obligations include all of its deposit liabilities, its obligations in respect of derivatives and other financial contracts, its unsubordinated debt securities outstanding as of the date of the entry into force of the Senior Non-Preferred Law and all unsubordinated or senior debt securities issued thereafter that are not expressed to be senior non-preferred obligations within the meaning of the Senior Non-Preferred Law, including the Senior Preferred Notes.

The amount of the Issuer's outstanding senior preferred debt securities, the deposit liabilities and the fair market value of the Issuer's derivative liabilities are set forth in the Issuer's consolidated financial statements (as of the respective dates specified therein) that are incorporated by reference in this Base Prospectus.

Furthermore, as indicated in the risk factor entitled "*The Issuer is not prohibited from issuing further debt, which may rank pari passu with the Senior Preferred Notes, Senior Non-Preferred Notes or Subordinated Notes, or senior to Senior Non-Preferred Notes or Subordinated Notes*" below, there is no restriction on the issuance by the Issuer of additional senior preferred obligations. As a consequence, if the Issuer enters into judicial liquidation (*liquidation judiciaire*) proceedings or is liquidated for any other reason, the Issuer will be required to pay potentially substantial amounts of senior preferred obligations (such as deposits and Senior Preferred Notes) before any payment is made in respect of the Senior Non-Preferred Notes.

In addition, if a resolution proceeding is opened in respect of the Issuer, the Senior Non-Preferred Notes would be written down or converted in full before any of the Issuer's senior preferred obligations were written down or converted due to the fact that senior non-preferred obligations such as the Senior Non-Preferred Notes rank junior to senior preferred obligations.

As a consequence, holders of Senior Non-Preferred Notes bear significantly more risk than holders of senior preferred obligations (such as deposits and Senior Preferred Notes), and there is a substantial risk that holders of Senior Non-Preferred Notes will lose all or a significant part of their investments should the Issuer become insolvent.

The Issuer is not prohibited from issuing further debt, which may rank pari passu with the Senior Preferred Notes, Senior Non-Preferred Notes or Subordinated Notes, or senior to Senior Non-Preferred Notes or Subordinated Notes

The Conditions of the Notes place no restriction on the amount of debt (whether unsubordinated or subordinated) that the Issuer may issue that ranks (i) senior to the Senior Non-Preferred Notes or Subordinated Notes or (ii) *pari passu* with the Senior Preferred Notes, the Senior Non-Preferred Notes or Subordinated Notes and the aggregate amount due under such outstanding debt may be substantial. The Issuer's incurrence of additional debt may have important consequences for Noteholders, including increasing the risk of the Issuer's inability to satisfy its obligations with respect to the Notes, a loss in the market value of the Notes, if any; and a downgrading or withdrawal of the credit rating of the Notes (if any). The issue of any such debt or securities may reduce the amount recoverable by holders upon liquidation of the Issuer. If the Issuer's financial condition were to deteriorate, the relevant Noteholders could suffer direct and materially adverse consequences, including suspension of interest and reduction of interest and principal and, if the Issuer was liquidated (whether voluntarily or involuntarily) or become subject to any resolution procedure, the relevant Noteholders could suffer loss of their entire investment.

Absence of events of default in respect of the Notes

The Notes do not contain any events of default in accordance with Condition 9 (*Events of Default*). In no event will holders of the Notes be able to accelerate the maturity of their Notes. Accordingly, if the Issuer fails to meet any obligations under the Notes, Noteholders will not have the right of acceleration of principal. Upon a payment default, the sole remedy available to holders of Notes for recovery of amounts owing in respect of any payment of principal or interest on the Notes will be the institution of proceedings to enforce such payment. Notwithstanding the foregoing, the Issuer will not, by virtue of the institution of any such proceedings, be obliged to pay any sum or sums sooner than the same would otherwise have been payable by it. See Condition 9 (*Events of Default*) for further information.

Therefore, the liquidity and market value of the Notes may be adversely affected and Noteholders who sell Notes on the secondary market could lose all or part of their investment.

The terms of the Notes contain very limited covenants

There is no negative pledge in respect of the Notes. In addition, the Notes do not require the Issuer to comply with financial ratios or otherwise limit its ability or that of its subsidiaries to incur additional debt, nor do they limit the Issuer's ability to use cash to make investments or acquisitions, or the ability of the Issuer or its subsidiaries to pay dividends, repurchase shares or otherwise distribute cash to shareholders. Such actions could potentially affect the Issuer's ability to service its debt obligations, including those of the Notes. As a result, Noteholders may lose all or part of their investment.

2.3.2 Risks related to an early redemption of the Notes

Risks relating to Notes subject to optional redemption by the Issuer

The Final Terms for a particular issue of Notes may provide for early redemption at the option of the Issuer upon the occurrence of certain events (including but not limited to (i) with respect to Subordinated Notes, a Special Event and (ii) with respect to Senior Notes, a Withholding Tax Event, a Gross-up Event or a MREL Disqualification Event), subject (i) in the case of Senior Notes, to the provisions of Condition 6(i) (*Additional conditions to redemption and purchase of Senior Notes prior to Maturity Date*) or (ii) in the case of Subordinated Notes, to the provisions of Condition 6(j) (*Additional conditions to redemption and purchase of Subordinated Notes prior to Maturity Date*). Such right of termination is often provided for bonds or notes in periods of high interest rates.

An optional redemption feature of Notes is likely to limit their market value. During any period when the Issuer may elect to redeem Notes, the market value of such Notes generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period.

If the market interest rates decrease, the risk for Noteholders that the Issuer will exercise its right of termination increases. As a consequence, the yields received upon redemption may be lower than expected, and the redeemed face amount of the Notes may be lower than the purchase price for the Notes paid by the Noteholder. As a consequence, part of the capital invested by the Noteholder may be lost, so that the Noteholder in such case would not receive the total amount of the capital invested. In addition, Noteholders that choose to reinvest monies they receive through an early redemption may be able to do so only in securities with a lower yield than the redeemed Notes.

In addition, the Redemption at the Option of the Issuer and Partial Redemption provided in Condition 6(b) (*Redemption at the Option of the Issuer and Partial Redemption*) are exercisable in whole or in part. In the case of a partial redemption of Dematerialised Notes, such partial redemption shall be effected by reducing the nominal amount of all such outstanding Notes in proportion to the aggregate nominal amount redeemed. In the case of a partial redemption of Materialised Notes, the notice to holders of such Materialised Notes shall contain the number of the Definitive Materialised Notes to be redeemed which shall have been drawn in such place and in such manner as may be fair and reasonable in the circumstances, taking account of prevailing market practices, subject to compliance with any applicable laws and stock exchange requirements. Depending on the proportion of the principal amount of all of the Dematerialised Notes so reduced or the number of the Definitive Materialised Notes to be redeemed, any trading market in respect of those Notes in respect of which such option is not exercised may become illiquid.

The qualification of the Senior Notes as MREL Eligible Instruments is subject to uncertainty

French credit institutions (such as the Issuer) have to meet, at all times, a minimum requirement for own funds and eligible liabilities pursuant to Article L. 613-44 of the French *Code monétaire et financier*. The MREL (as defined in the Conditions of the Notes) shall be expressed as a percentage of the total liabilities and own funds of the institution and aims at avoiding institutions structuring their liabilities in a manner that impedes the effectiveness of the Bail-in Tool.

As contemplated by Condition 3 (*Status*), the Senior Preferred Notes and the Senior Non-Preferred Notes are intended to be MREL Eligible Instruments under the MREL Regulations (each as defined in the Conditions of the Notes). However, there is uncertainty regarding the evolution of the MREL Regulations, and the Senior Preferred Notes and the Senior Non-Preferred Notes may not be or remain MREL Eligible Instruments.

The CRD V Package gives effect to the Total Loss-absorbing Capacity ("**TLAC**") term sheet set forth in the document dated 9 November 2015 published by the Financial Stability Board, entitled "Principles on Loss-absorbing and Recapitalisation Capacity of G-SIBs in Resolution" as amended from time to time (the "**FSB TLAC Term Sheet**") and, together with BRRD II, modify the requirements applicable to the "minimum requirement for own funds and eligible liabilities" ("**MREL**"). The CRD V Package and BRRD II were implemented under French law

by French *Ordonnance n°2020-1636 relative au régime de résolution dans le secteur bancaire* dated 21 December 2020. Whilst there are a number of similarities between the MREL requirements and the TLAC requirements, there are certain differences.

While the Issuer believes that the Conditions of the Notes are consistent with the CRD V Package and BRRD II as implemented by French law, the Senior Preferred Notes and the Senior Non-Preferred Notes may not ultimately be MREL Eligible Instruments. If they are not MREL Eligible Instruments (or if they initially are MREL Eligible Instruments and subsequently become ineligible due to a change in MREL Regulations), then a MREL Disqualification Event (as defined in the Conditions of the Notes) will occur and the Notes may be subject to early redemption, with the consequences indicated in the risk factor entitled "*Risks relating to Notes subject to optional redemption by the Issuer*" and as a result, Noteholders may lose part of their investment in the Notes.

The Issuer is not required to redeem the Notes in case of a Gross-Up Event

There is uncertainty as to whether gross-up obligations in general, including those under the Conditions of the Notes, are legal under French law. If any payment obligation under the Notes, including any obligation to pay additional amounts under Condition 8 (*Taxation*), are held illegal under French law, the Issuer will have the right, but not the obligation, to redeem the Notes upon the occurrence of a Gross-Up Event as described in Condition 6(f)(ii) (*Redemption, Purchase and Options - Redemption for taxation reasons*). Accordingly, if the Issuer does not redeem the Notes, Noteholders may receive less than the full amount due under the Notes, and the market value of the Notes will be adversely affected.

Redemption of the Notes prior to the Maturity Date is subject to the prior permission of (i) with respect to Subordinated Notes, the Relevant Regulator and (ii) with respect to Senior Notes, the Relevant Resolution Authority

Upon the occurrence of certain events described in Condition 6 (*Redemption, Purchase and Options*), including, but not limited to, a MREL Disqualification Event (only with respect to Senior Notes), a Withholding Tax Event, a Gross-Up Event, a Tax Deductibility Event (only with respect to Subordinated Notes), a Capital Event (only with respect to Subordinated Notes) or if a Call Option is specified in the relevant Final Terms, the Issuer may, subject to the prior permission of (i) with respect to Subordinated Notes, the Relevant Regulator and (ii) with respect to Senior Notes, the Relevant Resolution Authority, redeem the Subordinated Notes or the Senior Notes before their Maturity Date. The early redemption of the Subordinated Notes or the Senior Notes may not occur should the Relevant Regulator or, as the case may be, the Relevant Resolution Authority refuse to give its permission, and if so, market value of the Subordinated Notes or the Senior Notes may be affected negatively, and Noteholders may incur losses in respect of their investments in the Subordinated Notes.

2.3.3 Risks related to interest rate applicable to the Notes

A wide range of Notes may be issued under the Programme. A number of these Notes may have features which contain particular risks for potential investors. Set out below is a description of the most common such features:

Fixed Rate Notes

Condition 5(b) (*Interest and other Calculations - Interest on Fixed Rate Notes*) allows for Fixed Rate Notes to be issued. Investment in Fixed Rate Notes involves the risk that subsequent changes in market interest rates may materially and adversely affect the value of the relevant Tranche of such Notes.

While the nominal interest rate of a Note is determined during the term of such Note or within a given period of time, the market interest typically varies on a daily basis. As the market interest rate changes, the price of the Fixed Rate Note varies in the opposite direction. If the market interest rate increases, the price of the Fixed Rate Note typically decreases, until the yield of such Fixed Rate Note equals approximately the market interest rate. If the market interest rate decreases, the price of the Fixed Rate Note typically increases, until the yield of such Fixed Rate Note equals approximately the market interest rate.

Holder of Notes should be aware that movements of the market interest rate can adversely affect the price of the Fixed Rate Note and can lead to losses if they sell Notes during the period in which the market interest rate exceeds the fixed rate of such Note.

It is difficult to anticipate future market volatility in interest rates, but any such volatility may have a significant adverse effect on the price of the Notes and cause Noteholders who sell Notes on the secondary market to lose part of their initial investment.

Floating Rate Notes and CMS Linked Notes

Conditions 5(c) and 5(d) (*Interest and other Calculations - Interest on Floating Rate Notes and Rate of Interest on CMS Linked Notes*) allows for Floating Rate Notes and CMS Linked Notes to be issued. Investment in Notes such as Floating Rate Notes and/or CMS Linked Notes which bear interest at a floating rate comprises, *inter alia*, (i) a reference rate and (ii) a margin or an applicable rate to be added or subtracted, as the case may be, from such base rate. Typically, the relevant margin or the applicable rate, as the case maybe, will not change throughout the life of such Notes but there will be a periodic adjustment (as specified in the relevant Final Terms) of the reference rate (e.g., every three (3) months or six (6) months) which itself will change in accordance with general market conditions. Neither the current nor the historical value of the relevant interest rates should be taken as an indication of future performance of such interest rates during the term of any Notes. Accordingly, the market value of Floating Rate Notes and/or the CMS Linked Notes may be volatile if changes, particularly short term changes, to market interest rates evidenced by the relevant reference rate can only be reflected in the interest rate of these Notes upon the next periodic adjustment of the relevant reference rate.

A key difference between Floating Rate Notes/CMS Linked Notes and Fixed Rate Notes is that interest income on Floating Rate Notes/CMS Linked Notes cannot be anticipated. Due to varying interest income, Noteholders are not able to determine a definite yield of Floating Rate Notes/CMS Linked Notes at the time they purchase them, so that their return on investment cannot be compared with that of investments having longer fixed interest periods. If the Conditions of the Notes provide for frequent interest payment dates, Noteholders are exposed to the reinvestment risk if market interest rates decline. That is, Noteholders may reinvest the interest income paid to them only at the relevant lower interest rates then prevailing. It is difficult to anticipate future market volatility in interest rates, but any such volatility may have a significant adverse effect on the yield of Floating Rate Notes and CMS Linked Notes and give rise to investment risk.

Risk relating to Benchmarks Regulation and other reforms and to certain benchmark rates that may be administered differently or discontinued in the future

Where the relevant Final Terms for a Series of Floating Rate Notes or CMS Linked Notes identifies that the Rate of Interest on such Notes will be determined by reference to interest rates and indices which are deemed to be "benchmarks" (such as EURIBOR and EUR CMS), potential investors should be aware that such Benchmarks have been subject of recent national and international regulatory guidance and proposals for reform. Some of these reforms are already effective whilst others are still to be implemented. These reforms may cause such benchmarks to perform differently than in the past, to disappear entirely, to be subject to revised calculation methods, or have other consequences which cannot be predicted. Any such consequence could have a material adverse effect on any Notes linked to or referencing such a "benchmark".

Regulation (EU) 2016/1011 of the European Parliament and of the Council of 8 June 2016 on indices used as benchmarks in financial instruments and financial contracts or to measure the performance of investment funds, as may be amended from time to time (the "**Benchmarks Regulation**") applies to the provision of benchmarks, the contribution of input data to a benchmark and the use of a benchmark within the European Union. It, among other things, (i) requires benchmark administrators to be authorised or registered (or, if non-EU-based, to be subject to an equivalent regime or otherwise recognised or endorsed) and (ii) prevents certain uses by EU supervised entities of "benchmarks" of administrators that are not authorised or registered (or, if non-EU based, not deemed equivalent or recognised or endorsed). In the United Kingdom, the Benchmark Regulations as it forms part of UK domestic law by virtue of European Union (Withdrawal) Act 2018 ("**EUWA**") provides for equivalent sets of rules.

The Benchmarks Regulation could have a material impact on any Floating Rate Notes linked to or referencing a "benchmark", including in any of the following circumstances:

- an index which is a "benchmark" could not be used by a supervised entity in certain ways if its administrator does not obtain authorisation or registration or, if based in a non-EU jurisdiction, the administrator is not recognised as equivalent or recognised or endorsed and the transitional provisions do not apply; and
- the methodology or other terms of the "benchmark" could be changed in order to comply with the requirements of the Benchmarks Regulation. Such changes could, among other things, have the effect of reducing or increasing the rate or level or otherwise affecting the volatility of the published rate or level of the "benchmark".

More broadly, any of the international or national reforms, or the general increased regulatory scrutiny of "benchmarks", could increase the costs and risks of administering or otherwise participating in the setting of a "benchmark" and complying with any such regulations or requirements. Such factors may have the following effects

on certain "benchmarks" (including EURIBOR and EUR CMS): (i) discourage market participants from continuing to administer or contribute to the "benchmark"; (ii) trigger changes in the rules or methodologies used in the "benchmark" or (iii) lead to the disappearance of the "benchmark". Any of the above changes or any other consequential changes as a result of international or national reforms or other initiatives or investigations, could have a material adverse effect on the value of and return on any Floating Rate Notes linked to or referencing a "benchmark".

The Benchmark Regulation was further amended by Regulation (EU) 2021/168 of the European Parliament and of the Council of 10 February 2021 which introduces a harmonised approach to deal with the cessation or wind-down of certain benchmarks by conferring the power to designate a statutory replacement for certain benchmarks on the Commission or the relevant national authority, such replacement being limited to contracts and financial instruments. In addition, the transitional provisions applicable to third-country benchmarks are extended until the end of 2023. The Commission is empowered to further extend this period until the end of 2025, if necessary.

If a benchmark were discontinued or otherwise unavailable, the rate of interest on Notes which are linked to such benchmark will be determined for the relevant period by the fall-back provisions applicable to such Notes (please refer to the risk factor entitled "*Occurrence of a Benchmark Event*" below). However, such fallback provisions may be deviated from if deemed unsuitable by the Commission or the relevant national authority, as further explained above. Depending on the manner in which a benchmark is to be determined under the Conditions, this may (i) if ISDA Determination or FBF Determination applies, be relying upon the provision by reference banks of offered quotations for the relevant benchmark which, depending on market circumstances, may not be available at the relevant time or (ii) if Screen Rate Determination applies, result in the effective application of a fixed rate based on the rate which applied for the immediately preceding Interest Period for which the benchmark was available. Any of the foregoing could have an adverse effect on the value or liquidity of, and return on, any Notes linked to a "benchmark".

Where a screen rate determination is specified as the manner of which the Rate of Interest in respect of Floating Rate Notes or CMS Linked Notes or Resetable Notes (as applicable) to be determined, Condition 5(e) (*Interest and other Calculations - Benchmark Event*) provide for certain fallback arrangements in the event that a Benchmark Event occurs, including if an inter-bank offered rate (such as EURIBOR) or other relevant reference rate (such as EUR CMS), and/or any page on which such benchmark may be published, becomes unavailable, or if the Issuer, the Calculation Agent, any Paying Agent or any other party responsible for the calculation of the Rate of Interest (as specified in the applicable Final Terms) are no longer permitted lawfully to calculate interest on any Floating Rate Notes or CMS Linked Notes or Resetable Notes (as applicable) by reference to such benchmark under the Benchmarks Regulation or otherwise.

Such fallback arrangements include the possibility that the rate of interest could be set by reference to a Successor Rate or an Alternative Rate (both as defined in the Conditions of the Notes), with or without the application of an adjustment spread and may include amendments to the Conditions of the Notes to ensure the proper operation of the successor or replacement benchmark, all as determined by the Independent Adviser and without the consent of the Noteholders. An Adjustment Spread, if applied, could be positive or negative, and would be applied with a view to reducing or eliminating, to the fullest extent reasonably practicable in the circumstances, any economic prejudice or benefit (as applicable) to investors arising out of the replacement of the relevant benchmark).

The Successor Rates or Alternative Rates may have no or very limited trading history and accordingly their general evolution and/or interaction with other relevant market forces or elements may be difficult to determine or measure. This could significantly affect the performance of an alternative rate compared to the historical and expected performance of the relevant benchmark.

In certain circumstances, including where (a) no Successor Rate or Alternative Rate (as applicable) is determined or (b) even if a Successor Rate or Alternative Rate (as applicable) is determined by the Independent Adviser, no Successor Rate or Alternative Rate (as applicable) is adopted if and to the extent that, in the sole determination of the Issuer, the same would result in (x) (in the case of Senior Notes) a MREL Disqualification Event or (y) the Relevant Regulator and/or the Relevant Resolution Authority treating the next Interest Payment Date as the effective maturity of the Notes, rather than the relevant Maturity Date (if, for example, the switch to the Successor Rate or Alternative Rate (as applicable) would create an incentive to redeem the relevant Notes that would be inconsistent with the relevant requirements necessary to maintain the regulatory status of the Notes) or (z) (in the case of Subordinated Notes only) a Capital Event or (c) due to the uncertainty concerning the availability of Successor Rates and Alternative Rates and the involvement of an Independent Adviser, the relevant fallback provisions may not operate as intended at the relevant time, in all these circumstances set out in (a) to (c) above, other fallback rules might apply if the benchmark is discontinued or otherwise unavailable, which consist in the rate of interest for the last preceding Interest Period or Reset Period (as applicable) to be used for the following Interest Period(s) or Reset

Period(s) (as applicable). This may result in the effective application of a fixed rate for Floating Rate Notes, CMS Linked Notes or Resetable Notes (as applicable). Noteholders might incur costs from unwinding hedges. Moreover, in a rising interest rate environment, Noteholders will not benefit from any increase in rates. Any such consequences could have a material adverse effect on the value of and return on any Notes and as a consequence, Noteholders may lose part of their investment.

Moreover, any of the above matters or any other significant change to the setting or existence of any relevant rate could affect the ability of the Issuer to meet its obligations under the Floating Rate Notes or CMS Linked Notes or Resetable Notes (as applicable) referencing a "benchmark" or could have a material adverse effect on the value or liquidity of, and the amount payable under, the Floating Rate Notes or CMS Linked Notes or Resetable Notes (as applicable). Investors should note that, the Independent Adviser will have discretion to adjust the relevant Successor Rate or Alternative Rate (as applicable) in the circumstances described above. Any such adjustment could have unexpected consequences and, due to the particular circumstances of each Noteholder, any such adjustment may not be favourable to each Noteholder.

Investors should consider all of these matters when making their investment decision with respect to the relevant Floating Rate Notes or CMS Linked Notes or Resetable Notes (as applicable) linked to or referencing such "benchmarks".

Noteholders will not be able to calculate in advance their rate of return on the Fixed Rate Resetable Notes, the Floating Rate Notes and CMS Linked Notes

Interest income on the Fixed Rate Resetable Notes, the Floating Rate Notes and CMS Linked Notes cannot be anticipated. Due to varying interest income, Noteholders are not able to determine a definite yield of Fixed Rate Resetable Notes, Floating Rate Notes or CMS Linked Notes at the time they purchase them, so that their return on investment cannot be compared with that of investments having fixed interest periods. Noteholders are exposed to reinvestment risk if market interest rates decline. That is, Noteholders may reinvest the interest income paid to them only at the relevant lower interest rates then prevailing. In addition, the Issuer's ability to also issue fixed rate notes may negatively affect the market value and the secondary market (if any) of the Fixed Rate Resetable Notes, the Floating Rate Notes or CMS Linked Notes (and *vice versa*).

Notes with a multiplier or other leverage factors caps, floors or a combination of those features

Notes with variable interest rates can be volatile investments. If they are structured to include multipliers or other leverage factors, or caps or floors, or any combination of those features or other similar related features, their market values may be even more volatile than those of securities that do not include those features. A leverage factor may be applied to certain Notes in order to determine the interest amount payable on such Notes. Such leverage factor will magnify any negative performance of any applicable underlying reference rate. Any such volatility may negatively impact the price of the Notes and cause Noteholders who sell Notes on the secondary market to lose part of their initial investment.

Fixed/Floating Rate Notes, Fixed/CMS Linked Notes, Floating/Fixed Rate Notes, CMS Linked/Fixed Rate Notes, Fixed/Fixed Rate Notes, Floating/Floating Rate Notes and CMS/CMS Linked Notes

Condition 5(g) (*Interest and other Calculations - Fixed/Floating Rate Notes, Fixed/CMS Linked Notes, Floating/Fixed Rate Notes, CMS Linked Notes/Fixed Rate Notes, Fixed/Fixed Rate Notes, Floating/Floating Rate Notes, CMS/CMS Linked Notes*) allows for Fixed/Floating Rate Notes, Fixed/CMS Linked Notes, Floating/Fixed Rate Notes and CMS Linked/Fixed Rate Notes to be issued. Fixed/Floating Rate Notes, Fixed/CMS Linked Notes, Floating/Fixed Rate Notes, CMS Linked/Fixed Rate Notes may bear interest at a rate that the Issuer may elect to, or which automatically, convert from a fixed rate to a floating rate or other rate, or from a floating rate or other rate to a fixed rate. Fixed/Fixed Rate Notes, Floating/Floating Rate Notes and CMS/CMS Linked Notes may bear interest at a rate that the Issuer may elect to, or which automatically, convert from a fixed rate to a different fixed rate or from a floating rate to a different floating rate or from a fixed or floating rate to another interest rate determined by applying one of the formulae as described in Condition 5(d). The conversion (whether automatic or optional) will affect the secondary market and the market value of such Notes since it may lead to a lower overall cost of borrowing. If a fixed rate is converted to a floating rate or other rate, the spread on the Fixed/Floating Rate Notes or Fixed/CMS Linked Notes may be less favourable than then prevailing spreads on comparable Floating Rate Notes or CMS Linked Notes tied to the same reference rate. In addition, the new floating rate or other rate at any time may be lower than the rates on other Notes. If a floating rate or other rate is converted to a fixed rate, the fixed rate may be lower than then prevailing rates on its Notes. It is difficult to anticipate market volatility in interest rates, but any such volatility may have a significant adverse effect on the value of the Notes. Noteholders should also refer to the risk factors relating to Fixed Rate Notes and Floating Rate Notes.

Inverse Floating Rate Notes/Inverse CMS Linked Notes

Condition 5(f) (*Interest and other Calculations - Inverse Floating Rate Notes/Inverse CMS Linked Notes*) allows for Inverse Floating Rate Notes and Inverse CMS Linked Notes to be issued. Inverse Floating Rate Notes and Inverse CMS Linked Notes have an interest rate equal to a fixed rate minus a rate based upon a reference rate (EURIBOR, EUR CMS or any other reference rate that might replace them). The market values of such Notes typically are more volatile than market values of other conventional floating rate debt securities based on the same reference rate (and with otherwise comparable terms). Inverse Floating Rate Notes and Inverse CMS Linked Notes are more volatile because an increase in the reference rate not only decreases the interest rate of such Notes, but may also reflect an increase in prevailing interest rates, which further adversely affects the market value of these Notes and as a consequence Noteholders could lose part of their investment in such Notes.

Fixed Rate Resettable Notes

Condition 5(b) (*Interest and other Calculations - Interest on Fixed Rate Notes*) allows for Fixed Rate Resettable Notes to be issued. A holder of Fixed Rate Resettable Notes with a fixed interest rate that will be periodically reset during the term of the relevant securities is exposed to the risk of fluctuating interest rate levels and uncertain interest income. Such Notes have reset provisions pursuant to which the Notes will, in respect of an initial period, bear interest at an initial fixed rate of interest specified in the applicable Final Terms. Thereafter, the fixed rate of interest will be reset on one or more date(s) as specified in the relevant Final Terms by reference to a mid-market swap rate for the relevant Specified Currency, and for a period equal to the Reset Period, as adjusted for any applicable margin, in each case as may be specified in the relevant Final Terms. Such rate of interest may be less than the initial rate of interest and/or less than the rate of interest that applies immediately prior to such reset date and may adversely affect the yield of the Notes and therefore the market value of the Notes. A holder of Fixed Rate Resettable Notes is exposed to the risk of fluctuating interest rate levels and uncertain interest income.

Structured Notes

An investment in Notes, such as certain CMS Linked Notes, Inverse Floating Rate Notes or Inverse CMS Linked Notes, the interest on which is determined by reference to one or more values of interest rates or formulae, either directly or inversely, may entail significant risks not associated with similar investments in a conventional debt security, including the risks that the resulting interest rate will be less than that payable on a conventional debt security at the same time. This may adversely affect the yield of the Notes and therefore the market value of the Notes. Neither the current nor the historical value of the relevant interest rates or formulae should be taken as an indication of future performance interest rates or other indices or formulae during the term of any Notes.

Zero Coupon Notes

Condition 5(h) (*Interest and other Calculations - Zero Coupon Notes*) allows for Zero Coupon Notes to be issued. Changes in market interest rates generally have a much greater impact on the price of Zero Coupon Notes than on the price of ordinary securities because the issue price of securities issued below par are well below par. If interest rates rise, Zero Coupon Notes may suffer greater losses than other securities with the same maturity or credit rating that are not issued below par. Any such volatility may have a significant adverse effect on the market value of the Zero Coupon Notes.

Notes issued at a substantial discount or premium

The Notes may be issued at a substantial discount or premium to their nominal amount as specified in the relevant Final Terms. The market values of securities issued at a substantial discount or premium from their principal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing securities. Generally, the longer the remaining term of the securities, the greater the price volatility as compared to conventional interest-bearing securities with comparable maturities.

It is difficult to anticipate future price volatility, but any such volatility may have an adverse effect on the market value of the Notes. Therefore, holders of Notes issued at a substantial discount or premium could be exposed to greater losses on their investment than holders of conventional interest-bearing securities.

2.3.4. Risks related to Green Bonds, Social Bonds and/or Sustainability Bonds

The Final Terms relating to any specific Tranche of Notes may provide that it will be the Issuer's intention to issue "green bonds", "social bonds" or "sustainability bonds" and apply an amount equal to the net proceeds of the issue to finance and/or refinance, in whole or in part, new or existing projects from any of the eligible green loan categories

(the "**Eligible Green Loan Categories**" and such Notes being "**Green Bonds**"), the eligible social loan categories (the "**Eligible Social Loan Categories**" and such Notes being "**Social Bonds**") or from both the Eligible Green Loan Categories and the Eligible Social Loan Categories (such Notes being "**Sustainability Bonds**"), as defined in the "Use of Proceeds" section of the relevant Final Terms and as further described in the Issuer's green, social and sustainability bond framework (as amended and supplemented from time to time, the "**Framework**") which is available on the website of the Issuer (https://www.cm-ardea.com/banque/assurance/credit/mutuel/c_37851/fr/green-social-bonds).

Noteholders should have regard to the information set out in the "Use of Proceeds" section of this Base Prospectus as completed or specified in the relevant Final Terms and must determine for themselves the relevance of such information for the purpose of any investment in such Green Bonds, Social Bonds or Sustainability Bonds together with any other investigation such investor deems necessary. In particular, the use of such proceeds for any projects included in the Eligible Green Loan Categories and/or the Eligible Social Loan Categories may not satisfy, whether in whole or in part, any present or future investor expectations or requirements as regards any investment criteria or guidelines with which such investor or its investments are required to comply, whether by any present or future applicable laws or regulations or by its own by-laws or other governing rules or investment portfolio mandates, in particular with regard to any direct or indirect environmental, social or sustainability impact of any projects or uses, the subject of or related to, any Eligible Green Loan Categories and/or any Eligible Social Loan Categories.

The definition (legal, regulatory or otherwise) of, and market consensus for a particular project to be defined as, a "green", "social" or "sustainable" or equivalently labelled project is still under development. On 18 June 2020, Regulation (EU) No. 2020/852 on the establishment of a framework to facilitate sustainable investment was adopted by the Council and the European Parliament (the "**Taxonomy Regulation**"). The Taxonomy Regulation establishes a single EU-wide classification system, or "taxonomy", which provides companies and investors with a common language for determining which economic activities can be considered environmentally sustainable. Commission Delegated Regulation (EU) 2021/2139 of 4 June 2021 establishing the technical screening criteria for determining which economic activities can be considered as contributing substantially to climate change mitigation or climate change adaptation and for determining whether that economic activity causes no significant harm to any other environmental objectives entered into force on 1 January 2022. The technical criteria refer to environmental regulations or standards of which a good knowledge will be essential to evaluate the "alignment" (or conformity) of an activity. In some cases, the verification of the alignment of an activity can be done by the competent national authorities or independent authorities or independent certifiers. However, the Taxonomy Regulation or the Commission Delegated Regulation mentioned above remain subject to further developments with regard to other specific economic activities.

On 2 February 2022, the European Commission approved in principle a Complementary Climate Delegated Act aiming to supplement the Delegated Regulation of 4 June 2021 and includes, under strict conditions, specific nuclear and gas energy activities in the list of economic activities covered by the EU taxonomy. This Act will be submitted to the European Parliament and Council for a period of six (6) months before being published.

As a result, the definition of a "green" project or equivalently labelled project is now set for objectives related to climate change mitigation or adaptation, specifying the criteria required by a particular project to qualify as a "green" project, unless it is related to an economic activity identified in the course of finalisation. However, there is currently no established definition (legal, regulatory or otherwise) or market consensus as to what attributes are required for a particular asset or project to be classified as "social" or "sustainable" project or a project labelled as equivalent, and as such may not meet the criteria set by the EU taxonomy, or meet any or all investor expectations regarding such "green", "social", "sustainable" or other equivalently-labelled performance objectives.

The second party opinion provided by Vigeo Eiris or any opinion or certification of any third party (whether or not solicited by the Issuer) which may be made available in connection with the issue of any Green Bonds, Social Bonds or Sustainability Bonds and in particular with any projects included in the Eligible Green Loan Categories and/or the Eligible Social Loan Categories to fulfil any environmental, sustainability, social and/or other criteria may not be suitable for investors. For the avoidance of doubt, any such opinion or certification is not, nor shall be deemed to be, incorporated in and/or form part of this Base Prospectus. Any such opinion or certification is only current as of the date that opinion was initially issued. Noteholders must determine for themselves the relevance of any such opinion or certification and/or the information contained therein and/or the provider of such opinion or certification for the purpose of any investment in such Notes. It is also specified that the providers of such opinions and certifications are and will be independent experts. Any such opinion or certification is not, nor should be deemed to be, a recommendation by the Issuer, the Dealers or any other person to buy, sell or hold any such Notes. As a result, neither the Issuer nor the Dealers will be, or shall be deemed, liable for any issue in connection with its content. Currently, the providers of such opinions and certifications are not subject to any specific regulatory or other regime or oversight.

In the event that any such Notes are listed or admitted to trading on any dedicated "green", "environmental", "social", "sustainable" or other equivalently-labelled segment of any stock exchange or securities market (whether or not regulated), such listing or admission may not satisfy, whether in whole or in part, any present or future investor expectations or requirements as regards any investment criteria or guidelines with which such investor or its investments are required to comply, whether by any present or future applicable laws or regulations or by its own by-laws or other governing rules or investment portfolio mandates, in particular with regard to any direct or indirect environmental, social or sustainability impact of any projects or uses, the subject of or related to, any Eligible Green Loan Categories and/or any Eligible Social Loan Categories. Furthermore, it should be noted that the criteria for any such listing or admission to trading may vary from one stock exchange or securities market to another. Any such listing or admission to trading may not be obtained in respect of any such Notes or, if obtained, that any such listing or admission to trading will be maintained during the life of the Notes.

While it is the intention of the Issuer to apply the proceeds of the Green Bonds, Social Bonds or Sustainability Bonds in, or substantially in, the manner described in the Framework as completed by the relevant Final Terms: (i) the relevant project(s) or use(s) the subject of, or related to, any Eligible Green Loan Categories and/or the Eligible Social Loan Categories may not be capable of being implemented in, or substantially in, such manner and/or accordance with any timing schedule and accordingly such proceeds may not be totally or partially disbursed for such projects and such green and/or social projects may not be completed (totally or partially) within any specified period or with the results or outcome (whether or not related to the environment) as originally expected or anticipated by the Issuer and (ii) the proceeds of any issue of Green Bonds, Social Bonds or Sustainability Bonds may cover all losses in the balance sheet of the Issuer (and not only losses stemming from Eligible Green Loan Categories and/or Eligible Social Loan Categories) pursuant to BRRD II. In addition, Noteholders should note that the Issuer may change its Framework and/or the selection criteria it uses to select Eligible Green Loan Categories and/or Eligible Social Loan Categories at any time.

Any (i) failure to apply the proceeds of any issue of Green Bonds, Social Bonds or Sustainability Bonds in, or substantially in, the manner described in the Framework as completed by the relevant Final Terms, (ii) withdrawal of any opinion or certification or any opinion or certification being superseded by an opinion or certification stating that the Issuer has not complied, in whole or in part, with any matters on which the original opinion or certification had opined or certified, (iii) lack of Eligible Green Loan Categories and/or Eligible Social Loan Categories that the Issuer may finance or refinance, (iv) event or circumstances resulting in the Green Bonds, Social Bonds or Sustainability Bonds no longer being listed or admitted to trading on any stock exchange or securities market and/or (v) failure to provide or publish any reporting, will not constitute an Event of Default under the Notes, create an obligation for the Issuer to redeem the Notes, give a right to the Noteholders to request the early redemption or the acceleration of the Notes and/or give any claim to the Noteholders against the Issuer.

Any such events as aforesaid may have a material adverse effect on the value of such Notes and also potentially the value of any other Notes which are intended to finance such projects and/or result in adverse consequences for certain investors with portfolio mandates to invest in securities to be used for a particular purpose.

The classification of Notes as Green Bonds, Social Bonds or Sustainability Bonds will not affect their status in terms of subordination or regulatory treatment. As to such status, please refer to the risk factors entitled "*The Senior Non-Preferred Notes are senior non-preferred obligations and are junior to Senior Preferred Notes and certain obligations*" and "*Subordinated Notes are subordinated obligations and are junior to Senior Notes*". Notes issued as Green Bonds, Social Bonds or Sustainability Bonds will be subject to the loss absorption mechanism and/or, as the case may be, bail-in and resolution measures provided by BRRD II in the same way as any other Notes issued under the Programme. As to such measures, please refer to the risk factor entitled "*The Notes may be subject to mandatory write-down or conversion to equity if the Issuer becomes subject to a resolution procedure*".

IMPORTANT CONSIDERATIONS

The Notes may not be a suitable investment for all investors

Each prospective investor in the Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- (i) be (or be advised by) financial institutions or other professional investors who have sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of investing in the relevant Notes and the information contained or incorporated by reference in this Base Prospectus or any applicable supplement to this Base Prospectus and the relevant Final Terms;
- (ii) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the relevant Notes and the impact the relevant Notes will have on its overall investment portfolio;
- (iii) (have sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes, including Notes with principal or interest payable in one or more currencies, or where the currency for principal or interest payments is different from the potential investor's currency;
- (iv) (understand thoroughly the terms of the relevant Notes and be familiar with the behaviour of any relevant indices and financial markets;
- (v) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks;
- (vi) consult its legal advisers to determine whether and to what extent (i) Notes are legal investments for it, (ii) Notes can be used as collateral for various types of borrowing and (iii) other restrictions apply to its purchase or pledge of any Notes. Financial institutions should consult their legal advisors or the appropriate regulators to determine the appropriate treatment of Notes under any applicable risk-based capital or similar rules. Neither the Issuer, the Permanent Dealers nor any of their respective affiliates has or assumes responsibility for (i) the lawfulness of the acquisition of the Notes by a prospective investor of the Notes, whether under the laws of the jurisdiction of its incorporation or the jurisdiction in which it operates (if different), or (ii) compliance by that prospective investor with any law, regulation or regulatory policy applicable to it; and
- (vii) ensure that, in terms of any legislation or regulatory regime applicable to such investor, it complies with existing restrictions (if any) on its ability to invest in Notes generally and in any particular type of Notes.

Some Notes are complex financial instruments and such instruments may be purchased as a way to reduce risk or enhance yield with an understood, measured, appropriate addition of risk to their overall portfolios. A potential investor should not invest in Notes which are complex financial instruments unless it has the expertise (either alone or with a financial adviser) to evaluate how the Notes will perform under changing conditions, the resulting effects on the value of such Notes and the impact this investment will have on the potential investor's overall investment portfolio.

Interests of the Dealers

Certain of the Dealers and their affiliates have engaged, and may in the future engage, in investment banking and/or commercial banking transactions with, and may perform services for, the Issuer and their affiliates in the ordinary course of business.

In addition, in the ordinary course of their business activities, the Dealers and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of the Issuer or Issuer's affiliates. Certain of the Dealers or their affiliates that have a lending relationship with the Issuer routinely hedge their credit exposure to the Issuer consistent with their customary risk management policies.

Typically, such Dealers and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in securities, including potentially the Notes issued under the Programme. Any such short positions could adversely affect future trading prices of Notes

issued under the Programme.

The Dealers and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

Potential conflicts of interest

Where the Issuer acts as Calculation Agent or the Calculation Agent is an affiliate of the Issuer, conflicts of interest may exist between the Calculation Agent and Noteholders, including with respect to certain determinations and judgments that the Calculation Agent may make pursuant to the Conditions that may influence any amount payable under the Notes.

The Issuer may appoint a Dealer as Calculation Agent in respect of an issuance of Notes under the Programme. In such a case the Calculation Agent is likely to be a member of an international financial group that is involved, in the ordinary course of its business, in a wide range of banking activities out of which conflicting interests may arise. Whilst such a Calculation Agent will, where relevant, have information barriers and procedures in place to manage conflicts of interest, it may in its other banking activities from time to time be engaged in transactions involving an index or related derivatives which may affect amounts receivable by Noteholders during the term and on the maturity of the Notes or the market price, liquidity or value of the Notes and which could be deemed to be adverse to the interests of the Noteholders.

Taxation

Prospective investors and sellers of the Notes should be aware that they may be required to pay taxes or other documentary charges or duties in accordance with the laws and practices of the country where the Notes are transferred or other jurisdictions, including the Issuer's country of incorporation and the jurisdiction of the investor, which may have an impact on the income received from the securities. In some jurisdictions, no official statements of the tax authorities or court decisions may be available for financial instruments such as the Notes. Potential investors are advised to ask for their own tax adviser's advice on their individual taxation with respect to the acquisition, sale and redemption of the Notes. Only these advisors are in a position to duly consider the specific situation of the potential investor.

The Notes are complex instruments that may not be suitable for certain investors.

The Notes are complex financial instruments and may not be a suitable investment for all investors. Each potential investor in such Notes should determine the suitability of such investment in light of its own circumstances and have sufficient financial resources and liquidity to bear the risks of an investment in the Notes, including the possibility that the entire principal amount of the Notes could be lost. A potential investor should not invest in the Notes unless it has the knowledge and expertise (either alone or with a financial advisor) to evaluate how the Notes will perform under changing conditions, the resulting effects on the market value of the Notes, and the impact of this investment on the potential investor's overall investment portfolio.

Credit ratings may not reflect all risks

One or more independent credit rating agencies may assign credit ratings to the Notes. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Notes. A credit rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by the rating agency at any time.

In general, European regulated investors are restricted under Regulation (EC) No. 1060/2009 (as amended) (the "**EU CRA Regulation**") from using credit ratings for regulatory purposes, unless such ratings are issued by a credit rating agency established in the EU and registered under the EU CRA Regulation (and such registration has not been withdrawn or suspended), subject to transitional provisions that apply in certain circumstances whilst the registration application is pending. Such general restriction will also apply in the case of credit ratings issued by non-EU credit rating agencies, unless the relevant credit ratings are endorsed by an EU-registered credit rating agency or the relevant non-EU rating agency is certified in accordance with the EU CRA Regulation (and such endorsement action or certification, as the case may be, has not been withdrawn or suspended). Certain information with respect to the credit rating agencies and ratings will be disclosed in the Final Terms.

RETAIL CASCADES

Certain tranches of Notes with a specified denomination of less than €100,000 (or its equivalent in any other currency at the time of issue) may be offered in France (where the Base Prospectus has been passported) and/or Grand Duchy of Luxembourg, as specified in the relevant Final Terms (the "**Non-exempt Offer Jurisdictions**") in circumstances where there is no exemption from the requirement to publish a prospectus (a "**Non-exempt Offer**") under the Prospectus Regulation.

In the context of a Non-exempt Offer, the Issuer accepts responsibility, in each Non-exempt Offer Jurisdiction for which it has given its consent referred to herein, for the content of the Base Prospectus in relation to any person (an "**Investor**") to whom an offer of any Notes is made during the Offer Period (as defined below) and in the Non-exempt Offer Jurisdiction(s) specified in the relevant Final Terms by:

- any financial intermediary authorised to make such offers pursuant to Directive 2014/65/EU of the European Parliament and of the Council dated 15 May 2014 on markets in financial instruments, as amended, as specified and subject to conditions set out in the relevant Final Terms; or
- if so specified in the relevant Final Terms, any financial intermediary which satisfies the following conditions: (a) acts in accordance with all applicable laws, rules, regulations and guidance of any applicable regulatory bodies (the "**Rules**") from time to time including, without limitation and in each case, Rules relating to both the appropriateness or suitability of any investment in the Notes by any person and disclosure to any potential investor, (b) complies with the restrictions set out under "Subscription and Sale" in this Base Prospectus which would apply as if it were a Dealer; (c) complies with the relevant manufacturer's target market assessment and distribution channels identified under the "MiFID II product governance" legend set out in the applicable Final Terms; (d) ensures that any fee (and any commissions or benefits of any kind) received or paid by that financial intermediary in relation to the offer or sale of the Notes is fully and clearly disclosed to investors or potential investors; (e) holds all licenses, consents, approvals and permissions required in connection with solicitation of interests in, or offers or sales of, the Notes under the Rules; (f) retains investor identification records for at least the minimum period required under applicable Rules, and shall, if so requested, make such records available to the relevant Dealer(s) and the Issuer or directly to the appropriate authorities with jurisdiction over the Issuer and/or the relevant Dealer(s) in order to enable the Issuer and/or the relevant Dealer(s) to comply with the Rules relating to anti-money laundering, anti-bribery and "know your client" rules applying to the Issuer and/or the relevant Dealer(s); (g) does not, directly or indirectly, cause the Issuer or the relevant Dealer(s) to breach any Rule or any requirement to obtain or make any filing, authorisation or consent in any jurisdiction; and (h) satisfies any further conditions specified in the relevant Final Terms,

(in each case an "**Authorised Offeror**").

However, neither the Issuer nor any Dealer has any responsibility for any of the actions of any Authorised Offeror, including compliance by an Authorised Offeror with applicable conduct of business rules or other local regulatory requirements or other securities law requirements in relation to such offer.

If so specified in the Final Terms of any Tranche of Notes, the Issuer consents to the use of this Base Prospectus in connection with a Non-exempt Offer of the relevant Notes during the offer period specified in the relevant Final Terms (the "**Offer Period**") either (1) in Non-exempt Offer Jurisdiction(s) specified in the relevant Final Terms, by any financial intermediary which is authorised to make such offer under the Directive 2014/65/EU of the European Parliament and of the Council of 15 May 2014 on markets in financial instruments (as amended, "**MiFID II**"), and which satisfies any conditions specified in the relevant Final Terms or (2) by the financial intermediaries, in the relevant Non-exempt Offer Jurisdiction(s) and subject to the relevant conditions, in each case specified in the relevant Final Terms, for so long as they are authorised to make such offer under MiFID II.

The consent referred to above relates to Offer Periods (if any) beginning within twelve (12) months from the date of the approval of the Base Prospectus by the CSSF.

The Issuer may give consent to additional financial intermediaries after the date of the relevant Final Terms and, if it does so, the Issuer will publish the above information in relation to them on http://www.arkea.com/banque/assurance/credit/mutuel/ecb_5008/fr/analyste-ou-investisseur. Such consent shall not extend beyond twelve months from the date of this Base Prospectus.

Any Authorised Offeror who wishes to use the Base Prospectus in connection with a Non-exempt Offer is required, for the duration of the relevant Offer Period, to publish on its website that it is using the Base

Prospectus for such Non-exempt Offer in accordance with the consent of the Issuer and the conditions attached thereto.

To the extent specified in the relevant Final Terms, a Non-exempt Offer may be made during the relevant Offer Period by any of the Issuer, the Dealers or any relevant Authorised Offeror in any relevant Non-exempt Offer Jurisdiction and subject to any relevant conditions, in each case all as specified in the relevant Final Terms.

Other than as set out above, neither the Issuer nor any of the Dealers has authorised the making of any Non-exempt Offer by any person in any circumstances and such person is not permitted to use the Base Prospectus in connection with its offer of any Notes. No such offers are made on behalf of the Issuer or by any of the Dealers or Authorised Offerors and none of the Issuer or any of the Dealers or Authorised Offerors has, or takes, any responsibility or liability for the actions of any person making such Non-exempt Offers.

An Investor intending to acquire or acquiring any Notes from an Authorised Offeror will do so, and offers and sales of the Notes to an Investor by an Authorised Offeror will be made, in accordance with any terms and other arrangements in place between such Authorised Offeror and such Investor including as to price, allocation and settlement arrangements (the "Terms and Conditions of the Non-exempt Offer"). The Issuer will not be a party to any such arrangements with Investors (other than Dealers) in connection with the offer or sale of the Notes and, accordingly, the Base Prospectus and any Final Terms will not contain such information. The Conditions of the Non-exempt Offer shall be published by that Authorised Offeror on its website at the relevant time of such Non-exempt Offer. None of the Issuer, any of the Dealers or other Authorised Offerors has, or takes any responsibility or liability for such information.

SUPPLEMENT TO THE BASE PROSPECTUS

In connection with Notes admitted to trading on a Regulated Market and/or offered to the public in Luxembourg and/or in any other Member State of the European Economic Area, unless the Issuer does not intend to issue Notes under the Programme for the time being, if at any time during the duration of the Programme a significant change affecting any matter contained in this Base Prospectus, or generally any significant new factor, material mistake or material inaccuracy relating to information included in this Base Prospectus which may affect the assessment of any Notes arises or is noted, the Issuer shall prepare a supplement to the Base Prospectus (each a "**Supplement**") in accordance with Article 23 of the Prospectus Regulation and Article 18 of Commission Delegated Regulation (EU) 2019/979 as amended or publish a replacement Base Prospectus for use in connection with any subsequent offering of the Notes, submit such supplement to the Base Prospectus to the *Commission de Surveillance du Secteur Financier* in Luxembourg for approval and supply each Dealer, the Luxembourg Stock Exchange and the *Commission de Surveillance du Secteur Financier* in Luxembourg with such number of copies of such Supplement as may reasonably be requested.

In accordance with and pursuant to Articles 23.2 and 23.2(a) of the Prospectus Regulation, where the relevant Final Terms relate to an offer of Notes to the public, investors who have already agreed to purchase or subscribe for Notes before any Supplement is published have the right, exercisable within (i) until 31 December 2022 (included), three (3) working days and (ii) as from 1 January 2023, two (2) working days after the publication of this supplement, to withdraw their acceptances provided that the new factor, material mistake or material inaccuracy referred to in Article 23 of the Prospectus Regulation arose or was noted before the final closing of the offer or the delivery of the Notes, whichever occurs first. That period may be extended by the Issuer or, if any, the relevant Authorised Offeror(s). The final date of the right of withdrawal shall be stated in the relevant Supplement. On 22 July 2023, this Base Prospectus, as supplemented (as the case may be), will expire and the obligation to supplement this Base Prospectus in the event of significant new factors, material mistakes or material inaccuracies will no longer apply.

Any Supplement shall be (a) published on the websites of (i) the Luxembourg Stock Exchange (www.bourse.lu) and/or (ii) Crédit Mutuel Arkéa (https://www.arkea.com/banque/assurance/credit/mutuel/ecb_5038/fr/programme-emptn) in accordance with the Prospectus Regulation.

TERMS AND CONDITIONS OF THE NOTES

The following is the text of the terms and conditions (the "**Conditions**") that, subject to completion in accordance with the provisions of the relevant Final Terms, shall be applicable to the Notes. In the case of any Tranche of Notes which is being admitted to trading on a regulated market or offered to the public in a Member State of the EEA, the relevant Final Terms shall not amend or replace any information in this Base Prospectus. In the case of Dematerialised Notes, the text of the terms and conditions will not be endorsed on physical documents of title but will be constituted by the following text as completed by the relevant Final Terms. In the case of Materialised Notes, either (i) the full text of these terms and conditions together with the relevant provisions of the Final Terms (and subject to simplification by the deletion of non-applicable provisions) or (ii) these terms and conditions as so completed shall be endorsed on Definitive Materialised Notes. All capitalised terms that are not defined in these Conditions will have the meanings given to them in the relevant Final Terms. References in the Conditions to "**Notes**" are to the Notes of one Series only, not to all Notes that may be issued under the Programme.

The Notes are issued by Crédit Mutuel Arkéa (the "**Issuer**") in series (each a "**Series**") having one or more issue dates and on terms otherwise identical (or identical save as to the issue date, issue price, first payment of interest and nominal amount of the Tranche), the Notes of each Series being intended to be interchangeable with all other Notes of that Series. Each Series may be issued in tranches (each a "**Tranche**") on the same or different issue dates. The specific terms of each Tranche (including, without limitation, the aggregate nominal amount, issue price, redemption price thereof, and interest, if any, payable thereunder and supplemented, where necessary, with supplemental terms and conditions which, save in respect of the issue date, issue price, first payment of interest and nominal amount of the Tranche) will be identical to the terms of other Tranches of the same Series, will be determined by the Issuer and the relevant Dealer(s) at the time of the issue and will be set out in the final terms of such Tranche (the "**Final Terms**").

The Notes are issued with the benefit of an amended and restated agency agreement dated 22 July 2022 (the "**Agency Agreement**") entered into between the Issuer and BNP Paribas Securities Services as fiscal agent, principal paying agent and paying agent and the other agents named therein. The fiscal agent, the paying agent and the calculation agent(s) for the time being (if any) are referred to below respectively as the "**Fiscal Agent**", the "**Paying Agent**" (which expression shall include the Fiscal Agent) and the "**Calculation Agent(s)**". The holders of the interest coupons (the "**Coupons**") relating to interest bearing Materialised Notes and, where applicable in the case of such Notes, talons (the "**Talons**") for further Coupons are referred to below as the "**Couponholders**".

References below to "**Conditions**" are, unless the context requires otherwise, to the numbered paragraphs below.

1. Form, Denomination and Title

(a) Form

Notes may be issued either in dematerialised form ("**Dematerialised Notes**") or in materialised form ("**Materialised Notes**"), as specified in the relevant Final Terms.

- (i) Title to Dematerialised Notes will be evidenced in accordance with Articles L. 211-3 *et seq.* and R. 211-1 *et seq.* of the French *Code monétaire et financier* by book entries (*inscriptions en compte*). No physical document of title (including *certificats représentatifs* pursuant to Article R. 211-7 of the French *Code monétaire et financier*) will be issued in respect of the Dematerialised Notes.

Dematerialised Notes are issued, at the option of the Issuer, in either bearer form (*au porteur*), which will be inscribed in the books of Euroclear France (acting as central depository) which shall credit the accounts of the Account Holders, or in registered form (*au nominatif*) and, in such latter case, at the option of the relevant holder in either administered registered form (*nominatif administré*) inscribed in the books of an Account Holder designated by the relevant holder of Notes or in fully registered form (*au nominatif pur*) inscribed in an account maintained by the Issuer or a registration agent (designated in the relevant Final Terms) acting on behalf of the Issuer (the "**Registration Agent**").

Unless this possibility is expressly excluded in the relevant Final Terms and to the extent permitted by applicable law, the Issuer may at any time request from the central depository identification information of holders of Dematerialised Notes in bearer form (*au porteur*) such as the name or the company name, nationality, date of birth or year of incorporation and mail address or, as the case may be, email address of such holders.

For the purpose of these Conditions, "**Account Holder**" means any financial intermediary institution entitled to hold accounts, directly or indirectly, with Euroclear France, and includes Euroclear Bank SA/NV ("**Euroclear**") and the depository bank for Clearstream Banking, S.A. ("**Clearstream**").

- (ii) Materialised Notes are issued in bearer form only. Materialised Notes in definitive form ("**Definitive Materialised Notes**") are serially numbered and are issued with Coupons (and, where appropriate, a Talon) attached, save in the case of Zero Coupon Notes in which case references to interest (other than in relation to interest due after the Maturity Date), Coupons and Talons in these Conditions are not applicable.

In accordance with Articles L. 211-3 et seq. and R. 211-1 et seq. of the French Code monétaire et financier, securities (such as Notes constituting obligations under French law) in materialised form and governed by French law must be issued outside the French territory.

The Notes may be "**Fixed Rate Notes**", "**Fixed Rate Resettable Notes**", "**Floating Rate Notes**", "**CMS Linked Notes**", "**Inverse Floating Rate Notes**", "**Inverse CMS Linked Notes**", "**Fixed/Floating Rate Notes**", "**Fixed/CMS Linked Notes**", "**Floating/Fixed Rate Notes**", "**CMS Linked Notes/Fixed Rate Notes**", "**Fixed/Fixed Rate Notes**", "**Floating/Floating Rate Notes**", "**CMS/CMS Linked Notes**", "**Zero Coupon Notes**", or a combination of any of the foregoing, depending on the Interest Basis and the redemption method specified in the relevant Final Terms in accordance with the applicable Conditions.

(b) Denomination

Notes shall be issued in the specified denomination(s) set out in the relevant Final Terms (the "**Specified Denomination(s)**"), save that all Notes shall have a minimum denomination of €50,000 (or its equivalent in any other currency at the date of issue of such Notes) or, in the case of Senior Notes, such higher amount as may be required from time to time by any applicable laws or regulations for the purposes of being treated as MREL Eligible Instruments).

Dematerialised Notes shall be issued in one Specified Denomination only.

(c) Title

Title to Dematerialised Notes in bearer form (*au porteur*) and in administered registered form (*au nominatif administré*) shall pass upon, and transfer of such Notes may only be effected through, registration of the transfer in the accounts of the Account Holders. Title to Dematerialised Notes in fully registered form (*au nominatif pur*) shall pass upon, and transfer of such Notes may only be effected through, registration of the transfer in the accounts maintained by the Issuer or by the Registration Agent.

Title to Definitive Materialised Notes, including, where appropriate, Coupons and/or a Talon attached, shall pass by delivery.

Except as ordered by a court of competent jurisdiction or as required by law, the holder of any Note (as defined below), Coupon or Talon shall be deemed to be and may be treated as its absolute owner for all purposes, whether or not it is overdue and regardless of any notice of ownership, or an interest in it, any writing on it or its theft or loss and no person shall be liable for so treating the holder.

In these Conditions,

"**Noteholder**" or, as the case may be, "**holder of any Note**" means (a) in the case of Dematerialised Notes, the individual or entity whose name appears in the account of the relevant Account Holder, the Issuer or the Registration Agent (as the case may be) as being entitled to such Notes and (b) in the case of Definitive Materialised Notes, the bearer of any Definitive Materialised Note and the Coupons or Talons relating to it.

Capitalised terms have the meanings given to them in the relevant Final Terms, the absence of any such meaning indicating that such term is not applicable to the Notes.

2. Conversions and Exchanges of Notes

(a) Dematerialised Notes

- (i) Dematerialised Notes issued in bearer form (*au porteur*) may not be converted for Dematerialised Notes in registered form, whether in fully registered form (*au nominatif pur*) or

in administered registered form, (*au nominatif administré*).

- (ii) Dematerialised Notes issued in registered form (*au nominatif*) may not be converted for Dematerialised Notes in bearer form (*au porteur*).
- (iii) Dematerialised Notes issued in fully registered form (*au nominatif pur*) may, at the option of the holder of such Notes, be converted into Notes in administered registered form (*au nominatif administré*), and *vice versa*. The exercise of any such option by such holder shall be made in accordance with Article R. 211-4 of the French *Code monétaire et financier*. Any such conversion shall be effected at the cost of such holder.

(b) Materialised Notes

Materialised Notes of one Specified Denomination may not be exchanged for Materialised Notes of another Specified Denomination.

3. Status

The Notes may be either senior Notes (the "**Senior Notes**") or Subordinated Notes. The Senior Notes may be either Senior Preferred Notes or Senior Non-Preferred Notes, in each case as defined below and as specified in the relevant Final Terms.

(a) Senior Preferred Notes

The Senior Preferred Notes (being those Notes which the applicable Final Terms specify as being Senior Preferred Notes), and, where applicable, any Coupon relating to them are direct, unconditional, unsecured and senior (*chirographaires*) obligations of the Issuer and rank and shall at all times rank:

- (i) *pari passu* without preference among themselves and with other Senior Preferred Notes;
- (ii) senior to Senior Non-Preferred Notes of the Issuer and any obligations ranking junior to Senior Non-Preferred Notes; and
- (iii) junior to all present and future claims benefiting from statutory preferences.

Subject to applicable law, if any judgment is rendered by any competent court declaring the judicial liquidation (*liquidation judiciaire*) of the Issuer or if the Issuer is liquidated for any other reason, the holders of the Senior Preferred Notes in respect of such Notes and including, where applicable, the Coupons relating to them, will have a right to payment under the Notes:

- (i) only after, and subject to, payment in full of holders of present and future claims benefiting from statutory preferences; and
- (ii) subject to such payment in full, in priority to holders of Senior Non-Preferred Notes and Subordinated Notes and other present and future claims otherwise ranking junior to Senior Preferred Notes.

To the extent permitted by the MREL Regulations, it is the intention of the Issuer that the Senior Preferred Notes shall be treated for regulatory purposes as MREL Eligible Instruments under the MREL Regulations but that the obligations of the Issuer and the rights of the Noteholders under the Senior Preferred Notes shall not be affected if the Senior Preferred Notes no longer qualify as MREL Eligible Instruments. However, in such circumstances, the Issuer may redeem the Senior Preferred Notes in accordance with Condition 6(c) (*Redemption of Senior Notes upon the occurrence of a MREL Disqualification Event*), if a MREL Disqualification Event Call Option is specified as applicable in the relevant Final Terms.

(b) Senior Non-Preferred Notes

The Senior Non-Preferred Notes (being those Notes which the applicable Final Terms specify as being Senior Non-Preferred Notes), and, where applicable, any Coupon relating to them are direct, unconditional, unsecured and senior (*chirographaires*) obligations of the Issuer, and rank and shall at all times rank:

- (i) *pari passu* without preference among themselves and with other Senior Non-Preferred Notes;

- (ii) senior to Subordinated Notes; and
- (iii) junior to present and future claims benefiting from statutory preferences, including Senior Preferred Notes.

Subject to applicable law, if any judgment rendered by any competent court declaring the judicial liquidation (*liquidation judiciaire*) of the Issuer or if the Issuer is liquidated for any other reason, the holders of the Senior Non-Preferred Notes in respect of such Notes and including, where applicable, the Coupons relating to them, will have a right to payment under the Notes:

- (i) only after, and subject to, payment in full of holders of Senior Preferred Notes and other present and future claims benefiting from statutory preferences or otherwise ranking in priority to Senior Non-Preferred Notes; and
- (ii) subject to such payment in full, in priority to holders of Subordinated Notes and other present and future claims otherwise ranking junior to Senior Non-Preferred Notes.

In the context of any such judicial liquidation (*liquidation judiciaire*) of the Issuer and in the event of incomplete payment of any obligations of the Issuer that rank or are expressed to rank senior to such Senior Non-Preferred Notes, the obligations of the Issuer in connection with such Senior Non-Preferred Notes will be terminated by operation of law.

To the extent permitted by the MREL Regulations, it is the intention of the Issuer that the Senior Non-Preferred Notes shall be treated for regulatory purposes as MREL Eligible Instruments under the MREL Regulations but that the obligations of the Issuer and the rights of the Noteholders under the Senior Non-Preferred Notes shall not be affected if the Senior Non-Preferred Notes no longer qualify as MREL Eligible Instruments. However, in such circumstances, the Issuer may redeem the Senior Non-Preferred Notes in accordance with Condition 6(c) (*Redemption of Senior Notes upon the occurrence of a MREL Disqualification Event*), if a MREL Disqualification Event Call Option is specified as applicable in the relevant Final Terms.

(c) Subordinated Notes

The Subordinated Notes (being those Notes which the applicable Final Terms specify as to be Subordinated Notes) and including, where applicable, the Coupons relating to them constitute direct, unconditional, unsecured and subordinated obligations of the Issuer and rank and shall at all times rank:

- (1) *pari passu* without any preference among themselves;
- (2) so long as the Subordinated Notes constitute Tier 2 Capital fully or partly (such Subordinated Notes being thereafter referred to as "**Qualifying Subordinated Notes**"):
 - (a) *pari passu* with (x) any present or future obligations or capital instruments of the Issuer which constitute, or constituted prior to 28 December 2020, Tier 2 Capital fully or partly and (y) any other present and future direct, unconditional, unsecured and subordinated obligations of the Issuer that rank or are expressed to rank equally with the Qualifying Subordinated Notes;
 - (b) junior to (x) any Disqualified Subordinated Notes (as defined below) and (y) any other present and future direct, unconditional, unsecured and subordinated obligations of the Issuer that rank or are expressed to rank senior to the Subordinated Notes;
- (3) if and when the Subordinated Notes no longer constitute Tier 2 Capital in whole, but not in part (such Subordinated Notes being thereafter referred to as "**Disqualified Subordinated Notes**"):
 - (a) senior to (x) any present or future obligations or capital instruments of the Issuer which constitute, or constituted prior to 28 December 2020, Tier 2 Capital fully or partly (such as the Qualifying Subordinated Notes) and any other present or future direct, unconditional, unsecured and subordinated obligations of the Issuer that rank or are expressed to rank *pari passu* with the Qualifying Subordinated Notes and (y) any other present and future direct, unconditional, unsecured and subordinated obligations of the Issuer that rank or are expressed to rank junior to the Subordinated Notes;

- (b) *pari passu* with any other present or future direct, unconditional, unsecured and subordinated obligations of the Issuer that rank or are expressed to rank *pari passu* with the Disqualified Subordinated Notes; and
- (c) junior to any other present and future direct, unconditional, unsecured and subordinated obligations of the Issuer that rank or are expressed to rank senior to the Disqualified Subordinated Notes;
- (4) senior to any present and future *prêts participatifs* granted to the Issuer, *titres participatifs* issued by the Issuer and deeply subordinated obligations of the Issuer (*engagements dits "super subordonnés"* or *engagements subordonnés de dernier rang*); and
- (5) junior to any present and future unsubordinated creditors (including depositors, holders of Senior Preferred Notes and holders of Senior Non-Preferred Notes) of the Issuer.

Subject to applicable law, if any judgment is rendered by any competent court declaring the judicial liquidation (*liquidation judiciaire*) of the Issuer or if the Issuer is liquidated for any other reason, the rights of payment of the holders of the Subordinated Notes in respect of such Subordinated Notes and including, where applicable, the Coupons relating to them (if any) shall be:

- (i) subordinated to the payment in full of:
 - (a) all unsubordinated creditors (including depositors, holders of Senior Preferred Notes and holders of Senior Non-Preferred Notes);

(b) Interest on Fixed Rate Notes

Each Fixed Rate Note bears interest on its outstanding nominal amount from the Interest Commencement Date at the rate per annum (expressed as a percentage) equal to the Rate of Interest, such interest being payable in arrear on each Interest Payment Date.

If a fixed amount of interest ("**Fixed Coupon Amount**") or a broken amount of interest ("**Broken Amount**") is specified in the relevant Final Terms, the amount of interest payable on each Interest Payment Date will amount to the Fixed Coupon Amount or, if applicable, the Broken Amount so specified and in the case of the Broken Amount will be payable on the particular Interest Payment Date(s) specified in the relevant Final Terms.

If a Fixed Rate Note is specified in the applicable Final Terms as resettable ("**Fixed Rate Resettable Note**"), the Rate of Interest will initially be a fixed rate and will then be resettable as provided below.

Each Fixed Rate Resettable Note bears interest on its outstanding principal amount from and including the Interest Commencement Date at the rate per annum (expressed as a percentage) equal to:

- (i) for each Interest Period falling in the period from (and including) the Interest Commencement Date to (but excluding) the First Reset Date, the Initial Rate of Interest;
- (ii) for each Interest Period falling in the period from (and including) the First Reset Date to (but excluding) the Second Reset Date or (if there is no Second Reset Date) the Maturity Date, the First Reset Rate of Interest; and
- (iii) for each Interest Period in any Subsequent Reset Period thereafter, the Subsequent Reset Rate of Interest in respect of the relevant Subsequent Reset Period.

Such interest shall be payable in arrear on each Specified Interest Payment Date.

The Calculation Agent will, as soon as reasonably practicable on each Reset Determination Date, calculate the amount of interest payable for each relevant Interest Period.

The Calculation Agent will cause such amount of interest for each Interest Period falling within each Reset Period to be notified to each of the Paying Agents and to be notified to the Noteholders and any stock exchange on which the relevant Fixed Rate Resettable Notes are listed as soon as possible after their determination but in no event later than the first day of each Reset Period.

If on any Reset Determination Date, the Relevant Screen Page is not available or the Mid-Swap Rate does not appear on the Relevant Screen Page as of the Relevant Time on the relevant Reset Determination Date, the Calculation Agent shall request each of the Reset Reference Banks to provide the Calculation Agent with its Mid-Market Swap Rate Quotation as at approximately the Relevant Time on the Reset Determination Date in question.

If, on any Reset Determination Date, at least three of the Reset Reference Banks provide the Calculation Agent with Mid-Market Swap Rate Quotations, the First Reset Rate of Interest or the Subsequent Reset Rate of Interest, as the case may be, for the relevant Reset Period will be the arithmetic mean (rounded, if necessary, to the nearest 0.001 per cent. (0.0005 per cent. being rounded upwards)) of the relevant quotations provided, eliminating the highest quotation (or, in the event of equality, one of the highest) and the lowest (or, in the event of equality, one of the lowest) and the First Margin or Subsequent Margin, as the case may be, all as determined by the Calculation Agent.

If on any Reset Determination Date only two relevant quotations are provided, the First Reset Rate of Interest or the Subsequent Reset Rate of Interest, as the case may be, for the relevant Reset Period will be the arithmetic mean (rounded as aforesaid) of the relevant quotations provided and the First Margin or Subsequent Margin, as the case may be, all as determined by the Calculation Agent.

If on any Reset Determination Date, only one relevant quotation is provided, the First Reset Rate of Interest or the Subsequent Reset Rate of Interest, as the case may be, for the relevant Reset Period will be the relevant quotation provided and the First Margin or Subsequent Margin, as the case may be, all as determined by the Calculation Agent.

If on any Reset Determination Date, none of the Reset Reference Banks provides the Calculation Agent with a Mid-Market Swap Rate Quotation as provided above, the First Reset Rate of Interest or the Subsequent Reset Rate of Interest, as the case may be, shall be the Rate of Interest as at the last preceding Reset Date or, if none, the Initial Rate of Interest.

(c) Interest on Floating Rate Notes

(i) *Interest Payment Dates:* Each Floating Rate Note bears interest on its outstanding nominal amount from and including the Interest Commencement Date at the rate per annum (expressed as a percentage) equal to the Rate of Interest, such interest being payable in arrear on each Interest Payment Date. The amount of interest payable shall be determined in accordance with Condition 5(l). Such Interest Payment Date(s) is/are either shown in the relevant Final Terms as Specified Interest Payment Dates or, if no Specified Interest Payment Date(s) is/are shown in the relevant Final Terms, Interest Payment Date shall mean each date which falls the number of months or other period shown in the relevant Final Terms as the Interest Period after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

(ii) *Rate of Interest for Floating Rate Notes:* The Rate of Interest in respect of Floating Rate Notes for each Interest Accrual Period shall be determined in the manner specified in the relevant Final Terms in accordance with the provisions below relating to either FBF Determination, ISDA Determination or Screen Rate Determination, depending upon which is specified in the relevant Final Terms.

(A) FBF Determination for Floating Rate Notes

Where FBF Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period shall be determined by the Agent by applying one of the following formulae, as specified in the relevant Final Terms:

(1) Rate of Interest = FBF Rate + Margin;

(2) Rate of Interest = Margin + [Rate Multiplier x (FBF Rate₁ – FBF Rate₂)];

For the purposes of this sub-paragraph (A), "**FBF Rate**", "**FBF Rate₁**" and "**FBF Rate₂**" for an Interest Accrual Period means (a) rate(s) equal(s) to the Floating Rate that would be determined by the Agent under a notional interest rate swap transaction (*Echange*) in the relevant Specified Currency governed by the FBF Definitions and under which:

(a) the Floating Rate is as specified in the relevant Final Terms, and

(b) the Floating Rate Determination Date is as specified in the relevant Final Terms,

For the purposes of this sub-paragraph (A), "**Floating Rate**", "**Agent**" and "**Floating Rate Determination Date**" are translations of the French terms "*Taux Variable*", "*Agent*" and "*Date de Détermination du Taux Variable*", respectively, which have the meanings given to those terms in the FBF Definitions.

Where any Floating Rate is specified in the relevant Final Terms as being determined by linear interpolation in respect of an Interest Accrual Period, the Rate of Interest for such Interest Accrual Period shall be calculated by the Calculation Agent by straight line linear interpolation by reference to two rates based on the relevant Floating Rate, one of which shall be determined as if the maturity were the period of time (for which rates are available) next shorter than the length of the relevant Interest Period, and the other of which shall be determined as if the maturity were the period of time (for which rates are available) next longer than the length of the relevant Interest Accrual Period.

For the avoidance of doubt, the Rate of Interest (i.e. Relevant Rate plus Margin) shall not be, in any case, lower than zero.

(B) ISDA Determination for Floating Rate Notes

Where ISDA Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period shall be determined by the Calculation Agent by applying one of the following formulae, as indicated in the relevant Final Terms:

(1) Rate of Interest = ISDA Rate + Margin;

(2) Rate of Interest = Margin + [Rate Multiplier x (ISDA Rate₁ – ISDA Rate₂)];

For the purposes of this sub-paragraph (B), "**ISDA Rate**", "**ISDA Rate₁**" and "**ISDA Rate₂**" for an Interest Accrual Period means rate(s) equal(s) to the Floating Rate Option that would be determined by the Calculation Agent under a Swap Transaction under the terms of an agreement incorporating (i) if "2006 ISDA Definitions" is specified in the relevant Final Terms, the 2006 ISDA Definitions or (ii) if "2021 ISDA Definitions" is specified in the relevant Final Terms, the 2021 ISDA Definitions and under which:

- (a) the Floating Rate Option is as specified in the relevant Final Terms;
- (b) the Designated Maturity is a period specified in the relevant Final Terms; and
- (c) the relevant Reset Date is the first (1) day of that Interest Accrual Period unless otherwise specified in the relevant Final Terms.

For the purposes of this sub-paragraph (B), "**Floating Rate**", "**Calculation Agent**", "**Floating Rate Option**", "**Designated Maturity**", "**Reset Date**" and "**Swap Transaction**" have the meanings given to those terms in the ISDA Definitions.

Where any "Floating Rate Option" is specified in the relevant Final Terms as being determined by linear interpolation in respect of an Interest Accrual Period, the Rate of Interest for such Interest Accrual Period shall be calculated by the Calculation Agent by straight line linear interpolation by reference to two rates based on the relevant Floating Rate Option, one of which shall be determined as if the maturity were the period of time (for which rates are available) next shorter than the length of the relevant Interest Period, and the other of which shall be determined as if the maturity were the period of time (for which rates are available) next longer than the length of the relevant Interest Accrual Period.

For the avoidance of doubt, the Rate of Interest (i.e. Relevant Rate plus Margin) shall not be, in any case, lower than zero.

(C) Screen Rate Determination for Floating Rate Notes

Where Screen Rate Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period shall, subject as provided below or (if applicable) in Condition 5(e), be determined by the Calculation Agent by applying one of the following formulae, as specified in the relevant Final Terms:

(1) Rate of Interest = Relevant Rate + Margin;

(2) Rate of Interest = Margin + [Rate Multiplier x (Relevant Rate₁ – Relevant Rate₂)];

at or about the Relevant Time on the Interest Determination Date in respect of such Interest Accrual Period in accordance with the following:

- (a) if the Primary Source for Floating Rate is a Relevant Screen Page, subject as provided below, the Rate of Interest shall be determined on the basis of:
 - (i) the Relevant Rate(s) (where such Relevant Rate(s) on such Relevant Screen Page is/are a composite quotation or is/are customarily supplied by one entity) or
 - (ii) the arithmetic mean of the Relevant Rates of the persons whose Relevant Rates appear on that Relevant Screen Page,

in each case appearing on the Relevant Screen Page at the Relevant Time on the Interest Determination Date as disclosed in the relevant Final Terms.

- (b) if the Primary Source for the Floating Rate is Reference Banks or if sub-paragraph (a)(i) applies

and no Relevant Rate appears on the Relevant Screen Page at the Relevant Time on the Interest Determination Date or if sub-paragraph (a)(ii) applies and fewer than two Relevant Rates appear on the Relevant Screen Page at the Relevant Time on the Interest Determination Date, subject as provided below, the Rate of Interest shall be determined on the basis of the arithmetic mean of the Relevant Rates that each of the Reference Banks is quoting to leading banks in the Relevant Financial Centre at the Relevant Time on the Interest Determination Date, as determined by the Calculation Agent,

- (c) if paragraph (b) above applies and the Calculation Agent determines that fewer than two Reference Banks are so quoting Relevant Rates, subject as provided below, the Rate of Interest shall be determined on the basis of the arithmetic mean of the rates per annum (expressed as a percentage) that the Calculation Agent determines to be the rates (being the nearest equivalent to the Benchmark) in respect of a Representative Amount of the Specified Currency that at least two out of five leading banks selected by the Calculation Agent in the principal financial centre of the country of the Specified Currency or, if the Specified Currency is Euro, in the Euro-zone as selected by the Calculation Agent (the "**Principal Financial Centre**") are quoting at or about the Relevant Time on the date on which such banks would customarily quote such rates for a period commencing on the Effective Date for a period equivalent to the Specified Duration (I) to leading banks carrying on business in Europe, or (if the Calculation Agent determines that fewer than two of such banks are so quoting to leading banks in Europe) (II) to leading banks carrying on business in the Principal Financial Centre; except that, if fewer than two of such banks are so quoting to leading banks in the Principal Financial Centre, the Rate of Interest shall be the Rate of Interest determined on the previous Interest Determination Date (after readjustment for any difference between any Margin, Rate Multiplier or Maximum or Minimum Rate of Interest applicable to the preceding Interest Accrual Period and to the relevant Interest Accrual Period),
- (d) where any "Relevant Rate" is specified in the relevant Final Terms as being determined by linear interpolation in respect of an Interest Accrual Period, the Rate of Interest for such Interest Accrual Period shall be calculated by the Calculation Agent by straight line linear interpolation by reference to two rates based on the Relevant Rate(s), one of which shall be determined as if the maturity were the period of time (for which rates are available) next shorter than the length of the relevant Interest Accrual Period, and the other of which shall be determined as if the maturity were the period of time (for which rates are available) next longer than the length of the relevant Interest Accrual Period.

For the avoidance of doubt, the Rate of Interest (i.e. Relevant Rate plus Margin) shall not be, in any case, lower than zero.

(d) Rate of Interest on CMS Linked Notes

(i) Interest Payment Dates

Each CMS Linked Note bears interest on its outstanding nominal amount from and including the Interest Commencement Date at the rate per annum (expressed as a percentage) equal to the Rate of Interest, such interest being payable in arrear on each Interest Payment Date. The amount of interest payable shall be determined in accordance with Condition 5(l). Such Interest Payment Date(s) is/are either shown in the relevant Final Terms as Specified Interest Payment Dates or, if no Specified Interest Payment Date(s) is/are shown in the relevant Final Terms, Interest Payment Date shall mean each date which falls the number of months, or other period shown in the relevant Final Terms as the Interest Period, after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

(ii) Rate of Interest

The Rate of Interest in respect of CMS Linked Notes for each Interest Accrual Period shall be, subject as provided below or (if applicable) in Condition 5(e) below, determined by the Calculation Agent by applying one of the following formulae, as specified in the relevant Final Terms:

- (A) Rate of Interest = CMS Rate + Margin;
- (B) Rate of Interest = CMS Rate – Margin;

- (C) Rate of Interest = Rate Multiplier x (CMS Rate + Margin);
- (D) Rate of Interest = Rate Multiplier x (CMS Rate – Margin);
- (E) Rate of Interest = Rate Multiplier x (CMS Rate₁ – CMS Rate₂);
- (F) Rate of Interest = Margin + [Rate Multiplier x (CMS Rate₁ – CMS Rate₂)];
- (G) Rate of Interest = Margin + [Rate Multiplier x (Applicable Rate – CMS Rate)];
- (H) Rate of Interest = Margin + [Rate Multiplier x (CMS Rate – Applicable Rate)];
- (I) Rate of Interest = Rate Multiplier x (Applicable Rate – CMS Rate);

where:

In the event that the EUR CMS does not appear on the Relevant Screen Page on any relevant date, the Calculation Agent shall determine on such relevant date the applicable rate based on quotations of five Reference Banks (to be selected by the Calculation Agent and the Issuer) for EUR CMS relating to the relevant maturity (in each case the relevant mid-market annual swap rate commencing two TARGET Business Days following such relevant date). The highest and lowest (or, in the event of equality, one of the highest and/or lowest) quotations so determined shall be disregarded by the Calculation Agent for the purpose of determining the reference rate which will be the arithmetic mean (rounded if necessary to five significant figures with halves being rounded up) of such provided quotations.

If, for any reason, the EUR CMS is no longer published or if fewer than three quotations are provided to the Calculation Agent in accordance with the above paragraph, it will be determined by the Calculation Agent in its sole discretion, acting in good faith and in a commercial and reasonable manner.

For the avoidance of doubt, the Rate of Interest (i.e. Relevant Rate plus Margin) shall not be, in any case, lower than zero.

(e) Benchmark Event

If a Benchmark Event occurs in relation to an Original Reference Rate or, as the case may be, a Mid-Market Swap Floating Leg Benchmark Rate at any time when the Conditions of any Notes provide for any rate of interest (or any component part thereof) to be determined by reference to such Original Reference Rate or, as the case may be, Mid-Market Swap Floating Leg Benchmark Rate, then the following provisions shall apply and prevail over other fallbacks specified in Condition 5(b) (as applicable), Condition 5(c)(ii)(C) and Condition 5(d).

(i) Independent Adviser

The Issuer shall use reasonable endeavours to appoint an Independent Adviser, as soon as reasonably practicable, to determine a Successor Rate, failing which an Alternative Rate (in accordance with Condition 5(e)(ii)) and, in either case, an Adjustment Spread, if any (in accordance with Condition 5(e)(iii)) and any Benchmark Amendments, if any (in accordance with Condition 5(e)(iv)).

An Independent Adviser appointed pursuant to this Condition 5(e) shall act in good faith and in a commercially reasonable manner as an expert and (in the absence of manifest error or fraud) shall have no liability whatsoever to the Issuer, the Fiscal Agent, the Paying Agents, the Calculation Agent or any other party responsible for determining the Rate of Interest specified in the applicable Final Terms, or the Noteholders for any determination made by it pursuant to this Condition 5(e).

(ii) Successor Rate or Alternative Rate

If the Independent Adviser determines that:

- a. there is a Successor Rate, then such Successor Rate shall (subject to adjustment as provided in Condition 5(e)(iv)) subsequently be used in place of the Original Reference Rate or, as the case may be, for the purposes of determining the Mid-Swap Rate to determine the relevant Rate(s) of Interest (or the relevant component part(s) thereof) for all relevant future payments of interest on the Notes (subject to the further operation of this Condition 5(e)); or
- b. there is no Successor Rate but that there is an Alternative Rate, then such Alternative Rate shall (subject to adjustment as provided in Condition 5(e)(iv)) subsequently be used in place of the Original Reference Rate or, as the case may be, for the purposes of determining the Mid-Swap Rate to determine the relevant Rate(s) of Interest (or the relevant component part(s) thereof) for all relevant future payments of interest on the Notes (subject to the further operation of this Condition 5(e)).

(iii) *Adjustment Spread*

If the Independent Adviser, determines (A) that an Adjustment Spread is required to be applied to the Successor Rate or the Alternative Rate (as the case may be) and (B) the quantum of, or a formula or methodology for determining, such Adjustment Spread, then such Adjustment Spread shall be applied to the Successor Rate or the Alternative Rate (as the case may be) for each subsequent determination of a relevant Rate(s) of Interest (or a relevant component part thereof) by reference to such Successor Rate or Alternative Rate (as applicable).

(iv) *Benchmark Amendments*

If any Successor Rate, Alternative Rate or Adjustment Spread is determined in accordance with this Condition 5(e) and the Independent Adviser determines (A) that amendments to the Conditions of the Notes (including, without limitation, amendments to the definitions of Day Count Fraction, Business Days or Relevant Screen Page) are strictly necessary to ensure the proper operation of such Successor Rate, Alternative Rate and/or Adjustment Spread (such amendments, the "**Benchmark Amendments**") and (B) the relevant terms of the Benchmark Amendments, then the Issuer shall, subject to giving notice thereof in accordance with Condition 5(e)(v), without any requirement for the consent or approval of Noteholders, vary the Conditions of the Notes to give effect to such Benchmark Amendments with effect from the date specified in such notice and each Noteholder shall be deemed to have accepted the Successor Rate, Alternative Rate and/or Adjustment Spread and such related changes and adjustments pursuant to this Condition 5(e).

In connection with any such variation in accordance with this Condition 5(e), the Issuer shall comply with the rules of any stock exchange on which the Notes are for the time being listed or admitted to trading.

(v) *Notices, etc.*

The Issuer shall, after receiving such information from the Independent Adviser, notify the Fiscal Agent, the Calculation Agent, the Paying Agents, the Representative (if any) and, in accordance with Condition 16 (*Notice*), the Noteholders, promptly of any Successor Rate, Alternative Rate, Adjustment Spread and of the specific terms of any Benchmark Amendments, determined under this Condition 5(e). Such notice shall be irrevocable and shall specify the effective date of the Benchmark Amendments, if any.

The Successor Rate or Alternative Rate and the Adjustment Spread (if any) and the Benchmark Amendments (if any) specified in such notice will (in the absence of manifest error in the determination of the Successor Rate or Alternative Rate and the Adjustment Spread (if any) and the Benchmark Amendments (if any)) be binding on the Issuer, the party responsible for determining the Rate of

Interest (being the Fiscal Agent or the Calculation Agent, as applicable), the Paying Agents, the Representative (if any) and the Noteholders and, where applicable, Couponholders.

(vi) *Regulatory Capital / Eligible Liabilities*

Notwithstanding any other provision of this Condition 5(e), no Successor Rate, Alternative Rate or Adjustment Spread will be adopted, nor will any Benchmark Amendments be effected, if and to the extent that, in the determination of the Issuer, the same could reasonably be expected to result in either (i) in the case of Senior Notes, a MREL Disqualification Event, or (ii) in the Relevant Regulator and/or the Relevant Resolution Authority treating the next Interest Payment Date as the effective maturity of the Notes, rather than the relevant Maturity Date (if, for example, the switch to the Successor Rate or Alternative Rate (as applicable) would create an incentive to redeem the relevant Notes that would be inconsistent with the relevant requirements necessary to maintain the regulatory status of the Notes) or (iii) in the case of Subordinated Notes, a Capital Event. In such circumstances, the fallbacks specified in Condition 5(b), Condition 5(c)(ii)(C) and Condition 5(d)(ii) will be applicable in accordance with their terms.

(vii) *Fallbacks*

If, following the occurrence of a Benchmark Event and in relation to the determination of the Rate of Interest on the immediately following Interest Determination Date or Reset Determination Date (as applicable), no Independent Adviser has been appointed or no Successor Rate or Alternative Rate (as applicable) is determined pursuant to this provision, the Original Reference Rate or, as the case may be, the Mid-Market Swap Floating Leg Benchmark Rate will continue to apply for the purposes of determining such Rate of Interest on such Interest Determination Date or Reset Determination Date (as applicable), with the effect that the fallback provisions provided elsewhere in these Conditions of the Notes will continue to apply to such determination, provided that such fallbacks may in certain circumstances, lead to apply the Rate of Interest determined as at the last preceding Interest Determination Date or Reset Determination Date (as applicable).

In such circumstances, the Issuer will be entitled (but not obliged), at any time thereafter, to elect to re-apply the provisions of this Condition 5(e), *mutatis mutandis*, on one or more occasions until a Successor Rate or Alternative Rate (and, if applicable, any associated Adjustment Spread and/or Benchmark Amendments) has been determined and notified in accordance with this Condition 5(e) (and, until such determination and notification (if any), the fallback provisions provided elsewhere in these Conditions including, for the avoidance of doubt, the fallbacks specified in Condition 5(b), Condition 5(c)(ii)(C) and Condition 5(d)(ii) above, will continue to apply).

(viii) *Definitions*

In this Condition 5(e):

"Adjustment Spread" means either a spread (which may be positive or negative), or the formula or methodology for calculating a spread, in either case, which the Independent Adviser is required to be applied to the Successor Rate or the Alternative Rate (as the case may be) to reduce or eliminate, to the fullest extent reasonably practicable in the circumstances, any economic prejudice or benefit (as the case may be) to Noteholders as a result of the replacement of the Original Reference Rate or, as the case may be, the Mid-Market Swap Floating Leg Benchmark Rate with the Successor Rate or the Alternative Rate (as the case may be) and is the spread, formula or methodology which:

- a) in the case of a Successor Rate, is formally recommended, or formally provided as an option for parties to adopt, in relation to the replacement of the Original Reference Rate or, as the case may be, the Mid-Market Swap Floating Leg Benchmark Rate with the Successor Rate by any Relevant Nominating Body;
- b) in the case of an Alternative Rate (or in the case of a Successor Rate where (a) above does not apply), is in customary market usage in the international debt capital market for transactions which reference the Original Reference Rate or, as the case may be, the Mid-Market Swap Floating Leg Benchmark Rate, where such rate has been replaced by the Alternative Rate (or, as the case may be, the Successor Rate); or
- c) if no such recommendation or option has been made (or made available), or the Independent Adviser determines there is no such spread, formula or methodology in customary market usage, the Independent Adviser determines acting in good faith to be appropriate.

"Alternative Rate" means, in the absence of Successor Rate, an alternative benchmark or screen rate which the Independent Adviser determines in accordance with this Condition 5(e) and which is customary market usage in the international debt capital markets for the purposes of determining rates of interest (or the relevant component part thereof) for a commensurate interest period and in the same Specified Currency as the Notes.

"Benchmark Event" means, with respect to an Original Reference Rate or, as the case may be, the Mid-Market Swap Floating Leg Benchmark Rate:

- a) the Original Reference Rate or, as the case may be, the Mid-Market Swap Floating Leg Benchmark Rate ceasing to exist or be published;
- b) the later of (i) the making of a public statement by the administrator of the Original Reference Rate or, as the case may be, the Mid-Market Swap Floating Leg Benchmark Rate that it will, on or before a specified date, cease publishing the Original Reference Rate or, as the case may be, the Mid-Market Swap Floating Leg Benchmark Rate permanently or indefinitely (in circumstances where no successor administrator has been appointed that will continue publication of the Original Reference Rate or, as the case may be, the Mid-Market Swap Floating Leg Benchmark Rate) and (ii) the date falling six (6) months prior to the specified date referred to in (b)(i);
- c) the making of a public statement by the supervisor of the administrator of the Original Reference Rate or, as the case may be, the Mid-Market Swap Floating Leg Benchmark Rate that the Original Reference Rate or, as the case may be, the Mid-Market Swap Floating Leg Benchmark Rate has been permanently or indefinitely discontinued;
- d) the later of (i) the making of a public statement by the supervisor of the administrator of the Original Reference Rate or, as the case may be, the Mid-Market Swap Floating Leg Benchmark Rate that the Original Reference Rate or, as the case may be, the Mid-Market Swap Floating Leg Benchmark Rate will, on or before a specified date, be permanently or indefinitely discontinued and (ii) the date falling six (6) months prior to the specified date referred to in (d)(i);
- e) the making of a public statement by the supervisor of the administrator of the Original Reference Rate or, as the case may be, the Mid-Market Swap Floating Leg Benchmark Rate that means the Original Reference Rate or, as the case may be, the Mid-Market Swap Floating Leg Benchmark Rate will be prohibited from being used or that its use will be subject to

restrictions or adverse consequences, in each case within the following six (6) months;

- f) the making of a public statement by the supervisor of the administrator of the Original Reference Rate or, as the case may be, the Mid-Market Swap Floating Leg Benchmark Rate that the Original Reference Rate or, as the case may be, the Mid-Market Swap Floating Leg Benchmark Rate, in the opinion of the supervisor, is no longer representative of an underlying market or that its method of calculation has significantly changed;
- g) it has or will prior to the next Interest Determination Date or Reset Determination Date (as applicable), become unlawful for the Issuer, the party responsible for determining the Rate of Interest (being the Calculation Agent or such other party specified in the applicable Final Terms, as applicable), or any Paying Agent to calculate any payments due to be made to any Noteholder using the Original Reference Rate or, as the case may be, the Mid-Market Swap Floating Leg Benchmark Rate (including, without limitation, under the Benchmarks Regulation, if applicable); or
- h) that a decision to withdraw or suspend the authorisation or registration pursuant to Article 35 of the Benchmarks Regulation of any benchmark administrator previously authorised to publish such Original Reference Rate or, as the case may be, the Mid-Market Swap Floating Leg Benchmark Rate has been adopted.

"Independent Adviser" means an independent financial institution of international repute or an independent adviser of recognised standing with appropriate expertise, at all times acting in good faith and in a commercially reasonable manner, appointed by the Issuer at its own expense under Condition 5(e)(i) (which may be one of the Dealers, other than Crédit Mutuel Arkéa, involved in the issue of the Notes and/or the Calculation Agent, an independent financial adviser, an affiliate of the Issuer or the Calculation Agent).

"Original Reference Rate" means the benchmark or screen rate (as applicable) originally specified for the purpose of determining the relevant Rate of Interest (or any relevant component part(s) thereof) on the Notes, including any Relevant Rate or CMS Rate.

"Relevant Nominating Body" means, in respect of a benchmark or screen rate (as applicable):

- a) the central bank for the currency to which the benchmark or screen rate (as applicable) relates, or any central bank or other supervisory authority which is responsible for supervising the administrator of the benchmark or screen rate (as applicable); or
- b) any working group or committee sponsored by, chaired or co-chaired by or constituted at the request of (i) the central bank for the currency to which the benchmark or screen rate (as applicable) relates, (ii) any central bank or other supervisory authority which is responsible for supervising the administrator of the benchmark or screen rate (as applicable), (iii) a group of the aforementioned central banks or other supervisory authorities or (iv) the Financial Stability Board or any part thereof.

"Successor Rate" means a successor to or replacement of the Original Reference Rate or, as the case may be, the Mid-Market Swap Floating Leg Benchmark Rate which is formally recommended by any Relevant Nominating Body. If, following a Benchmark Event, more than one successor or replacement rates are recommended by any Relevant Nominating Body, the Independent Adviser will determine, among those successor or replacement rates, that one which is the most appropriate, taking into consideration, without limitation, the particular features of the relevant Notes and the nature of the Issuer.

(f) Inverse Floating Rate Notes/Inverse CMS Linked Notes

The Rate of Interest in respect of Inverse Floating Rate Notes or Inverse CMS Linked Notes in respect of for each Interest Accrual Period, shall be equal to the Fixed Rate specified in the relevant Final Terms minus the Floating Rate or the CMS Rate, as the case may be, specified in the relevant Final Terms. The Fixed Rate, Floating Rate or CMS Rate, as applicable, and the respective amounts of interest payable shall be determined in accordance with the provisions applying to Fixed Rate Notes, Floating Rate Notes or CMS Linked Notes, as applicable.

(g) Fixed/Floating Rate Notes, Fixed/CMS Linked Notes, Floating/Fixed Rate Notes, CMS Linked Notes/Fixed Rate Notes, Fixed/Fixed Rate Notes, Floating/Floating Rate Notes and CMS/CMS Linked Notes

Fixed/Floating Rate Notes, Fixed/CMS Linked Notes, Floating/Fixed Rate Notes, CMS Linked Notes/Fixed Rate Notes, Fixed/Fixed Rate Notes, Floating/Floating Rate Notes, CMS/CMS Linked Notes are Notes for which a change of interest basis (the "**Change of Interest Basis**") is specified to be applicable in the relevant Final Terms.

If Fixed/Floating Rate Notes, Fixed/CMS Linked Notes, Floating/Fixed Rate Notes, CMS Linked Notes/Fixed Rate Notes or CMS/CMS Linked Notes is specified as applicable in the relevant Final Terms:

- (i) the Issuer may elect to convert on the date set out in the relevant Final Terms (the "**Switch Date**")
 - (a) from a Fixed Rate to a Floating Rate, or
 - (b) from a Fixed Rate to a Rate of Interest determined by applying one of the formulae as described in Condition 5(d)(ii), or
 - (c) from a Floating Rate to a Fixed Rate, or
 - (d) from a Rate of Interest determined by applying one of the formulae as described in Condition 5(d)(ii) to a Fixed Rate, or
 - (e) from a Rate of Interest to another Rate of Interest determined by applying for each, one of the formulae as described in Condition 5(d)(ii). The Issuer election to change the interest basis (the "**Issuer Change of Interest Basis**") should be deemed effective after a valid notification sent by the Issuer to the relevant Noteholders within the period specified in the relevant Final Terms; or
- (ii) the rate at which the Notes bear interest will automatically change
 - (a) from a Fixed Rate to a Floating Rate, or
 - (b) from a Fixed Rate to a Rate of Interest determined by applying one of the formulae as described in Condition 5(d)(ii), or
 - (c) from a Floating Rate to a Fixed Rate, or
 - (d) from a Rate of Interest determined by applying one of the formulae as described in Condition 5(d)(ii) to a Fixed Rate, or
 - (e) from a Rate of Interest to another Rate of Interest determined by applying for each, one of the formulae as described in Condition 5(d)(ii) (the "**Automatic Change of Interest Basis**") at the date(s) set out in the Final Terms (the "**Automatic Switch Date**").

If Fixed/Fixed Rate Notes, Floating/Floating Rate Notes or CMS/CMS Linked Notes, as the case may be, is specified in the relevant Final Terms:

- (i) the Issuer may elect to convert on the Switch Date from a Fixed Rate to a different Fixed Rate or from a Floating Rate to a different Floating Rate or from a Rate of Interest to another Rate of Interest, both determined by applying one of the formulae as described in Condition 5(d)(ii). Such Issuer Change of Interest Basis should be deemed effective after a valid notification sent by the Issuer to the relevant Noteholders within the period specified in the relevant Final Terms; or
- (ii) the rate at which the Notes bear interest will automatically change from a Fixed Rate to a different Fixed Rate or from a Floating Rate to a different Floating Rate or from a Rate of Interest to another Rate of Interest, both determined by applying one of the formulae as described in Condition 5(d)(ii) on the Automatic Switch Date.

(h) Zero Coupon Notes

Where a Note the Interest Basis of which is specified to be Zero Coupon is repayable prior to the Maturity Date, if so specified in the relevant Final Terms, pursuant to Condition 6(e) (*Early Redemption Amount and Optional Redemption Amount*) and is not paid when due, the amount due and payable prior to the Maturity Date shall be the Early Redemption Amount or the Optional Redemption Amount, as the case may be. As from the Maturity Date, the Rate of Interest for any overdue principal of such a Note shall be a rate per annum (expressed as a percentage) equal to the Amortisation Yield (as described in Condition 6(e)(i) (*Early Redemption Amount and Optional Redemption Amount - Zero Coupon Notes*)).

(i) Business Day Convention

If any date referred to in these Conditions that is specified to be subject to adjustment in accordance with a Business Day Convention would otherwise fall on a day that is not a Business Day, then, if the Business Day Convention specified is (A) the Floating Rate Business Day Convention, such date shall be postponed to the next day that is a Business Day unless it would thereby fall into the next calendar month, in which event (x) such date shall be brought forward to the immediately preceding Business Day and (y) each subsequent such date shall be the last Business Day of the month in which such date would have fallen had it not been subject to adjustment, (B) the Following Business Day Convention, such date shall be postponed to the next day that is a Business Day, (C) the Modified Following Business Day Convention, such date shall be postponed to the next day that is a Business Day unless it would thereby fall into the next calendar month, in which event such date shall be brought forward to the immediately preceding Business Day or (D) the Preceding Business Day Convention, such date shall be brought forward to the immediately preceding Business Day. Notwithstanding the foregoing, where the applicable Final Terms specify that the relevant Business Day Convention is to be applied on an "unadjusted" basis, the Interest Amount payable on any date shall not be affected by the application of that Business Day Convention.

(j) Accrual of Interest

Interest shall cease to accrue on each Note on the due date for redemption unless (i) in the case of Dematerialised Notes, on such due date or (ii) in the case of Materialised Notes, upon due presentation, payment is improperly withheld or refused, in which event interest shall continue to accrue (as well after as before judgement) at the Rate of Interest in the manner provided in this Condition 5 to the Relevant Date.

(k) Margin, Maximum/Minimum Rates of Interest, Maximum/Minimum FBF Rates/ISDA Rates/Relevant Rates/CMS Rates, Redemption Amounts and Rounding:

- (a) If any Margin is specified in the relevant Final Terms (either (x) generally, or (y) in relation to one or more Interest Accrual Periods), an adjustment shall be made to all Rates of Interest, in the case of (x), or the Rates of Interest for the specified Interest Accrual Periods, in the case of (y), by adding (if a positive number) or subtracting (if a negative number) the absolute value of such Margin, subject always to the next paragraph.
- (b) If any Minimum Rate of Interest is specified in the relevant Final Terms for any Interest Period, then, in the event that the Rate of Interest in respect of any such Interest Period is less than such Minimum Rate of Interest, the Rate of Interest for such Interest Period shall be such Minimum Rate of Interest.
- (c) If any Maximum Rate of Interest is specified in the relevant Final Terms for any Interest Period, then, in the event that the Rate of Interest in respect of any such Interest Period is greater than such Maximum Rate of Interest, the Rate of Interest for such Interest Period shall be such Maximum Rate of Interest.
- (d) If any Minimum:
- FBF Rate/ FBF Rate₁/ FBF Rate₂,
 - ISDA Rate/ ISDA Rate₁/ ISDA Rate₂,
 - Relevant Rate/ Relevant Rate₁/ Relevant Rate₂,
 - CMS Rate/ CMS Rate₁/ CMS Rate₂

is specified in the relevant Final Terms for any Interest Period, then, in the event that such reference rate in respect of any such Interest Period is less than such Minimum reference rate, the reference rate for such Interest Period shall be such Minimum reference rate.

- (e) If any Maximum:
- FBF Rate/ FBF Rate₁/ FBF Rate₂,
 - ISDA Rate/ ISDA Rate₁/ ISDA Rate₂,
 - Relevant Rate/ Relevant Rate₁/ Relevant Rate₂,
 - CMS Rate/ CMS Rate₁/ CMS Rate₂

is specified in the relevant Final Terms for any Interest Period, then, in the event that such reference rate in respect of any such Interest Period is greater than such Maximum reference rate, the reference rate for such Interest Period shall be such Maximum reference rate.

- (f) If any Maximum Redemption Amount or Minimum Redemption Amount is specified in the relevant Final Terms, then any Redemption Amount shall be subject to such maximum or minimum, as the case may be.
- (g) Unless a higher Minimum Rate of Interest is stated in the applicable Final Terms, the Minimum Rate of Interest shall be deemed to be zero. For the avoidance of doubt, "Minimum Rate of Interest" shall refer to the relevant rate plus any margin.

For the purposes of any calculations required pursuant to these Conditions (unless otherwise specified in these Conditions), (w) if FBF Determination or ISDA Determination is specified in the relevant Final Terms, all percentages resulting from such calculations shall be rounded, if necessary, to the nearest ten-thousandth of a percentage point (with halves being rounded up), (x) all percentages resulting from such calculations shall be rounded, if necessary, to the nearest fifth decimal (with halves being rounded up), (y) all figures shall be rounded to seven figures (with halves being rounded up) and (z) all currency amounts that fall due and payable shall be rounded to the nearest unit of such currency (with halves being rounded up), save in the case of yen, which shall be rounded down to the nearest yen. For these purposes "unit" means the lowest amount of such currency that is available as legal tender in the country of such currency.

(l) Calculations

The amount of interest payable in respect of any Note for any period shall be calculated by multiplying the product of the Rate of Interest and the outstanding nominal amount of such Note by the Day Count Fraction, unless an Interest Amount is specified in respect of such period, in which case the amount of interest payable in respect of such Note for such period shall equal such Interest Amount. Where any Interest Period comprises two or more Interest Accrual Periods, the amount of interest payable in respect of such Interest Period shall be the sum of the amounts of interest payable in respect of each of those Interest Accrual Periods.

(m) Determination and Publication of Rates of Interest, Interest Amounts, Final Redemption Amounts, Early Redemption Amounts and Optional Redemption Amounts

The Calculation Agent shall, as soon as practicable on such date as the Calculation Agent may be required to calculate any rate or amount, obtain any quotation or make any determination or calculation, determine such rate and calculate the Interest Amounts in respect of each Specified Denomination of the Notes for the relevant Interest Accrual Period, calculate the Final Redemption Amount, Early Redemption Amount or Optional Redemption Amount, obtain such quotation or make such determination or calculation, as the case may be, and cause the Rate of Interest and the Interest Amounts for each Interest Period and the relevant Interest Payment Date and, if required to be calculated, the Final Redemption Amount, Early Redemption Amount, or Optional Redemption Amount to be notified to the Fiscal Agent, the Issuer, each of the Paying Agents, the holders of Notes, any other Calculation Agent appointed in respect of the Notes that is to make a further calculation upon receipt of such information and, if the Notes are admitted to trading on a Regulated Market of the EEA and the rules of such Regulated Market so require, such Regulated Market as soon as possible after their determination but in no event later than (i) the commencement of the relevant Interest Period, if determined prior to such time, in the case of notification to such Regulated Market of a Rate of Interest and Interest Amount, or (ii) in all other cases, the fourth Business Day after such determination. Where any Interest Payment Date or Interest Period Date is subject to adjustment pursuant to Condition 5(i), the Interest Amounts and the Interest Payment Date so published may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. The determination of any rate or amount, the obtaining of each quotation and the making of each determination or calculation by the Calculation Agent(s) shall (in the absence of manifest error) be final and binding upon all parties.

(n) Calculation Agent and Reference Banks

The Issuer shall procure that there shall at all times be four Reference Banks (or such other number as may be required) with offices in the Relevant Financial Centre and one or more Calculation Agents if provision is made for them in the relevant Final Terms and for so long as any Note is outstanding (as defined above). If any Reference Bank (acting through its relevant office) is unable or unwilling to continue to act as a Reference Bank, then the Issuer shall appoint another Reference Bank with an office in the Relevant Financial Centre to act as such in its place. Where more than one Calculation Agent is appointed in respect of the Notes, references in these Conditions to the Calculation Agent shall be construed as each Calculation Agent performing its respective duties under the Conditions. If the Calculation Agent is unable or unwilling to act as such or if the Calculation Agent fails duly to establish the Rate of Interest for an Interest Period or Interest

Accrual Period or to calculate any Interest Amount, Final Redemption Amount, Early Redemption Amount or Optional Redemption Amount, as the case may be, or to comply with any other requirement, the Issuer shall appoint a leading bank or investment banking firm engaged in the interbank market (or, if appropriate, money, swap or over-the-counter index options market) that is most closely connected with the calculation or determination to be made by the Calculation Agent (acting through its principal Paris or Luxembourg office, as appropriate, or any other office actively involved in such market) to act as such in its place. The Calculation Agent may not resign its duties without a successor having been appointed as aforesaid.

6. Redemption, Purchase and Options

(a) Final Redemption

Unless previously redeemed, purchased and cancelled as provided below or in accordance with Condition 6(b) (*Redemption at the Option of the Issuer and Partial Redemption*), Conditions 6(c) (*Redemption of Senior Notes upon the occurrence of a MREL Disqualification Event*), Conditions 6(d) (*Redemption of Subordinated Notes upon the occurrence of a Capital Event*) or Conditions 6(f) (*Redemption for Taxation Reasons*), each Note shall be finally redeemed on the Maturity Date specified in the relevant Final Terms at its Final Redemption Amount (which is its nominal amount).

(b) Redemption at the Option of the Issuer and Partial Redemption

- (i) If a Call Option is specified as applicable in the relevant Final Terms, the Issuer may, subject to compliance by the Issuer to all the relevant laws, regulations and directives (and subject (i) in the case of Senior Notes, to the provisions of Condition 6(i) (*Additional conditions to redemption and purchase of Senior Notes prior to Maturity Date*), or (ii) in the case of Subordinated Notes, to the provisions of Condition 6(j) (*Additional conditions to redemption and purchase of Subordinated Notes prior to Maturity Date*), and, in each case, on giving not less than fifteen (15) nor more than thirty (30) days' irrevocable notice in accordance with Condition 16 (*Notices*) to the holders of Notes (or such other period as may be specified in the relevant Final Terms) redeem all or, if so provided, some, of the Notes on any Optional Redemption Date. Any such redemption of Notes shall be at their Optional Redemption Amount (as set out in Condition 6(e) (*Early Redemption Amount and Optional Redemption Amount*)) together with interest accrued to the date fixed for redemption, if any. Any such redemption must relate to Notes of a nominal amount at least equal to the Minimum Redemption Amount to be redeemed as specified in the relevant Final Terms and no greater than the Maximum Redemption Amount to be redeemed as specified in the relevant Final Terms.

All Notes in respect of which any such notice is given shall be redeemed on the date specified in such notice in accordance with this Condition.

In the case of a partial redemption, the notice to holders of such Materialised Notes shall also contain the numbers of the Definitive Materialised Notes to be redeemed, which shall have been drawn in such place and in such manner as may be fair and reasonable in the circumstances, taking account of prevailing market practices, subject to compliance with any applicable laws and Regulated Market requirements.

In the case of a partial redemption of Dematerialised Notes, the redemption shall be effected by reducing the nominal amount of all such Dematerialised Notes in a Series in proportion to the aggregate nominal amount redeemed.

So long as the Notes are listed on the Official List of the Luxembourg Stock Exchange and admitted to trading on the Regulated Market of the Luxembourg Stock Exchange and the rules thereof so require, the Issuer shall, once in each year in which there has been a partial redemption of the Notes, cause to be published either on the website of the Luxembourg Stock Exchange (www.bourse.lu) or in a leading newspaper of general circulation in Luxembourg a notice specifying the aggregate nominal amount of Notes outstanding and, in the case of Materialised Notes a list of any Materialised Notes, drawn for redemption but not surrendered.

- (ii) In the case of Subordinated Notes, no redemption at the option of the Issuer will be permitted prior to five years from the Issue Date.
- (iii) In the case of Senior Notes, no redemption at the option of the Issuer will be permitted prior to one year from the Issue Date.

(c) Redemption of Senior Notes upon the occurrence of a MREL Disqualification Event

If the Notes are Senior Notes and a MREL Disqualification Event Call Option is specified as applicable in the relevant Final Terms, then upon the occurrence of a MREL Disqualification Event, the Issuer may, at its option (but subject to the provisions of Condition 6(i) (*Additional conditions to redemption and purchase of Senior Notes prior to Maturity Date*)), at any time and having given not more than forty-five (45) nor less than thirty (30) calendar days' notice to the Noteholders (which notice shall be irrevocable) in accordance with Condition 16 (*Notices*) below, redeem all (but not some only) of the outstanding Senior Notes at their Early Redemption Amount, together with accrued but unpaid interest (if any) thereon.

"**MREL Disqualification Event**" means, at any time, a change in the classification of the Senior Notes under the MREL Regulations, as a result of which all or part of the outstanding nominal amount of the Senior Notes does not fully qualify as MREL Eligible Instruments, except where such non-qualification was reasonably foreseeable at the Issue Date of the first Tranche of such Senior Notes or is due to the remaining maturity of such Notes being less than any period prescribed by the MREL Regulations.

(d) Redemption of Subordinated Notes upon the occurrence of a Capital Event

If the Notes are Subordinated Notes and a Capital Event Call Option is specified as applicable in the relevant Final Terms, then upon occurrence of a Capital Event, the Issuer may, at its option (but subject to the provisions of Condition 6(j) (*Additional conditions to redemption and purchase of Subordinated Notes prior to Maturity Date*)) at any time, subject to having given not more than forty-five (45) nor less than thirty (30) calendar days' notice to the Noteholders in accordance with Condition 16 (*Notices*) (which notice shall be irrevocable), redeem all (but not some only) of the outstanding Subordinated Notes at their Early Redemption Amount, together with accrued but unpaid interest (if any) thereon.

"**Applicable Banking Regulations**" means at any time the laws, regulations, requirements, guidelines and policies relating to capital adequacy then in effect in France including, without limitation to the generality of the foregoing, those regulations, requirements, guidelines and policies relating to capital adequacy then in effect of, and as applied by, the Relevant Regulator.

"**Capital Event**" means a change in the regulatory classification of the Subordinated Notes under the Applicable Banking Regulations that was not reasonably foreseeable by the Issuer at the Issue Date of the first Tranche of such Subordinated Notes, as a result of which all or part of the outstanding nominal amount of the Subordinated Notes would be excluded from the Tier 2 Capital of the Issuer;

"**Relevant Regulator**" means the European Central Bank and any successor or replacement thereto, or other authority having primary responsibility for the prudential oversight and supervision of the Issuer; and

"**Tier 2 Capital**" means capital which is treated by the Relevant Regulator as a constituent of tier 2 under Applicable Banking Regulations from time to time for the purposes of the Issuer.

(e) Early Redemption Amount and Optional Redemption Amount

(i) Zero Coupon Notes

- (A) The Early Redemption Amount payable in respect of any Zero Coupon Note, upon redemption of such Note pursuant to Condition 6(f) (*Redemption for Taxation Reasons*), Condition 6(c) (*Redemption of Senior Notes upon the occurrence of a MREL Disqualification Event*) with respect to Senior Notes and Condition 6(d) (*Redemption of Subordinated Notes upon the occurrence of a Capital Event*) with respect to Subordinated Notes or upon it becoming due and payable as provided in Condition 10, or the Optional Redemption Amount pursuant to Conditions 6(b) (*Redemption at the Option of the Issuer and Partial Redemption*) in respect of such Notes, as the case may be, shall be the Amortised Nominal Amount (calculated as provided below) of such Note.
- (B) Subject to the provisions of sub-paragraph (C) below, the Amortised Nominal Amount of any such Note shall be the scheduled Final Redemption Amount of such Note on the Maturity Date discounted at a rate per annum (expressed as a percentage) equal to the Amortisation Yield (which shall be such rate as would produce an Amortised Nominal Amount equal to the issue price of the Notes if they were discounted back to their issue price on the Issue Date) compounded annually.

- (C) If the Amortised Nominal Amount payable in respect of any such Note upon its redemption pursuant to Conditions 6(b) (*Redemption at the Option of the Issuer and Partial Redemption*), 6(f) (*Redemption for Taxation Reasons*), 6(c) (*Redemption of Senior Notes upon the occurrence of a MREL Disqualification Event*) with respect to Senior Notes or Condition 6(d) (*Redemption of Subordinated Notes upon the occurrence of a Capital Event*) with respect to Subordinated Notes or upon it becoming due and payable as provided in Condition 10 is not paid when due, the Early Redemption Amount or the Optional Redemption Amount, as the case may be, due and payable in respect of such Note shall be the Amortised Nominal Amount of such Note as defined in sub-paragraph (B) above, except that such sub-paragraph shall have effect as though the date on which the Note becomes due and payable was the Relevant Date. The calculation of the Amortised Nominal Amount in accordance with this sub-paragraph shall continue to be made (both before and after judgement) until the Relevant Date, unless the Relevant Date falls on or after the Maturity Date, in which case the amount due and payable shall be the scheduled Final Redemption Amount of such Note on the Maturity Date together with any interest that may accrue in accordance with Condition 5(j).

Where such calculation is to be made for a period of less than one year, it shall be made on the basis of the Day Count Fraction as provided in the relevant Final Terms.

(ii) *Other Notes*

- (A) The Early Redemption Amount payable in respect of any Note (other than Notes described in (i) above), upon redemption of such Note pursuant to Condition 6(f) (*Redemption for Taxation Reasons*), Condition 6(c) (*Redemption of Senior Notes upon the occurrence of a MREL Disqualification Event*) with respect to Senior Notes or Condition 6(d) (*Redemption of Subordinated Notes upon the occurrence of a Capital Event*) with respect to Subordinated Notes or upon it becoming due and payable as provided in Condition 9 (*Events of Default*) shall be the Final Redemption Amount together with interest accrued to the date fixed for redemption.
- (B) The Optional Redemption Amount payable in respect of any Note (other than Notes described in (i) above), upon redemption of such Note pursuant to Condition 6(b) (*Redemption at the Option of the Issuer and Partial Redemption*) will be determined by the Calculation Agent on the following basis:

"Optional Redemption Amount" = $Y \times \text{Specified Denomination}$

Where:

"Y" means the ratio expressed as a percentage specified in the relevant Final Terms.

(f) Redemption for Taxation Reasons

(i) *Redemption of Notes upon the occurrence of Withholding Tax Event*

If, by reason of any change in French law, or any change in the official application or interpretation of such law, becoming effective on or after the Issue Date, the Issuer would on the occasion of the next payment of interest due in respect of the Notes, not be able to make such payment without having to pay additional amounts as specified under Condition 8(b) (*Taxation - Additional Amounts*) below (a **"Withholding Tax Event"**), the Issuer may, at its option, on any Interest Payment Date (if the Note is a Floating Rate Note) or at any time (if the Note is not a Floating Rate Note) but subject (i) in the case of Senior Notes, to the provisions of Condition 6(i) (*Additional conditions to redemption and purchase of Senior Notes prior to Maturity Date*) and (ii) in the case of Subordinated Notes, to Condition 6(j) (*Additional conditions to redemption and purchase of Subordinated Notes prior to Maturity Date*) below, and, in any case, subject to having given not more than forty-five (45) nor less than thirty (30) days' notice to the Noteholders (which notice shall be irrevocable), in accordance with Condition 16 (*Notices*), redeem all, but not some only, of the Notes at their Early Redemption Amount together with any interest accrued to the date set for redemption provided that the due date for redemption of which notice hereunder may be given shall be no earlier than the latest practicable date on which the Issuer could make payment of interest due in respect of the Notes without being required under Condition 8 (*Taxation*) to pay such additional amounts.

(ii) *Redemption of Notes upon the occurrence of Gross-Up Event*

If the Issuer would, on the next payment of interest due in respect of the Notes, be prevented by French law from making payment to the Noteholders or, if applicable, Couponholders of the full amounts then due and payable (a "**Gross-Up Event**"), notwithstanding the undertaking to pay additional amounts contained in Condition 8(b) (*Taxation - Additional Amounts*) below, then the Issuer shall forthwith give notice of such fact to the Fiscal Agent and the Issuer may, at its option, subject (i) in the case of Senior Notes, to the provisions of Condition 6(i) (*Additional conditions to redemption and purchase of Senior Notes prior to Maturity Date*) and (ii) in the case of Subordinated Notes, to Condition 6(j) (*Additional conditions to redemption and purchase of Subordinated Notes prior to Maturity Date*) below, and, in any case, upon giving not less than seven (7) days' prior notice to the Noteholders in accordance with Condition 16 (*Notices*), redeem all, but not some only, of the Notes then outstanding at their Early Redemption Amount together with any interest accrued to the date set for redemption on (A) the latest practicable Interest Payment Date on which the Issuer could make payment of the full amount then due and payable in respect of the Notes, provided that if such notice would expire after such Interest Payment Date the date for redemption pursuant to such notice of Noteholders shall be the later of (i) the latest practicable date on which the Issuer could make payment of the full amount then due and payable in respect of the Notes and (ii) fourteen (14) days after giving notice to the Fiscal Agent as aforesaid or (B) if so specified in the relevant Final Terms, at any time, provided that the due date for redemption of which notice hereunder shall be given shall be the latest practicable date at which the Issuer could make payment of the full amount payable in respect of the Notes, or, if applicable, Coupons or, if that date is passed, as soon as practicable thereafter.

(iii) *Redemption of Subordinated Notes upon the occurrence of a Tax Deductibility Event*

For Subordinated Notes only, if by reason of any change in French law or any change in the official application or interpretation of such laws, in each case becoming effective on or after the Issue Date, the tax regime of any payments under the Subordinated Notes is modified and such modification results in the part of the interest payable by the Issuer under the Subordinated Notes that is tax deductible being reduced (a "**Tax Deductibility Event**"), the Issuer may at its option, subject to the provisions of Condition 6(j) (*Additional conditions to redemption and purchase of Subordinated Notes prior to Maturity Date*) below, at any time (in the case of Subordinated Notes other than Floating Rate Notes) or on any Interest Payment Date (in the case of Floating Rate Notes) but subject to having given not more than forty-five (45) nor less than thirty (30) calendar days' notice to Noteholders (which notice shall be irrevocable) in accordance with Condition 16 (*Notices*), redeem all, but not some only, of the outstanding Subordinated Notes at their Early Redemption Amount together with accrued interest (if any) thereon, provided that the due date for redemption of which notice hereunder may be given shall be no earlier than the latest practicable date on which the Issuer could make such payment with interest payable not being impacted by the reduction in tax deductibility giving rise to the Tax Deductibility Event.

(g) Purchases

(i) *Senior Notes*

The Issuer shall have the right at all times to (i) subscribe the Senior Notes, and (ii) purchase Senior Notes (provided that, in the case of Materialised Notes, all unmatured Coupons and unexchanged Talons relating thereto are attached thereto or surrendered therewith) in the open market or otherwise (including by tender offer) at any price subject to the applicable laws and regulations and subject to the provisions of Condition 6(i) (*Additional conditions to redemption and purchase of Senior Notes prior to Maturity Date*) and such purchase not occurring prior to one year from the Issue Date. All Senior Notes so subscribed or purchased by the Issuer may be held and resold in accordance with applicable laws and regulations or cancelled in accordance with (i) (*Cancellation*) below.

(ii) *Subordinated Notes*

Subordinated Notes so purchased by the Issuer may be held and resold in accordance with applicable laws and regulations or cancelled in accordance with (i) (*Cancellation*) below.

The Issuer or any agent on its behalf shall have the right at all times to purchase the Subordinated Notes for market making purposes provided that: (a) the prior written approval of the Relevant Regulator shall be obtained; and (b) the total principal amount of the Subordinated Notes in any given Series so purchased does not exceed the lower of (x) 10% of the initial aggregate principal amount of the Subordinated Notes of such Series and such any further Subordinated Notes issued under Condition 14 (*Further Issues*), or (y) 3% of the total outstanding Tier 2 Capital of the Issuer from time to time calculated in accordance with the Applicable Banking Regulations.

(h) Cancellation

All Notes purchased by or on behalf of the Issuer to be cancelled, will be (but subject, in the case of Senior Notes, to the provisions of Condition 6(i) (*Additional conditions to redemption and purchase of Senior Notes prior to Maturity Date*) and, in the case of Subordinated Notes, to the provisions of Condition 6(j) (*Additional conditions to redemption and purchase of Subordinated Notes prior to Maturity Date*)) cancelled, in case of Dematerialised Notes, by transfer to an account in accordance with the rules and procedures of Euroclear France and, in the case of Materialised Notes, by surrendering the relevant Temporary Global Certificate or the Definitive Materialised Notes in question, together with all unmatured Coupons and all unexchanged Talons, if applicable, to the Fiscal Agent and, in each case, if so transferred or surrendered, shall, together with all Notes redeemed by the Issuer, be cancelled forthwith (together with, in the case of Dematerialised Notes, all rights relating to payment of interest and other amounts relating to such Dematerialised Notes and, in the case of Definitive Materialised Notes, all unmatured Coupons and unexchanged Talons attached thereto or surrendered therewith). Any Notes so cancelled or, where applicable, transferred or surrendered for cancellation may not be reissued or resold and the obligations of the Issuer in respect of any such Notes shall be discharged.

(i) Additional conditions to redemption and purchase of Senior Notes prior to Maturity Date

In the case of Senior Notes, the Issuer's options to redeem or purchase and, as the case may be, cancel the Notes under Conditions 6(b) (*Redemption at the Option of the Issuer and Partial Redemption*), 6(c) (*Redemption upon the occurrence of a MREL Disqualification Event*), 6(f)(i) (*Redemption of Notes upon the occurrence of Withholding Tax Event*), 6(f)(ii) (*Redemption of Notes upon the occurrence of Gross-up Event*), 6(g)(i) (*Purchases - Senior Notes*) and 6(h) (*Cancellation*), as the case may be, are subject to such redemption, repurchase or cancellation (as applicable) not being prohibited by the MREL Regulations and to the Relevant Resolution Authority having given its prior written approval to such redemption, purchase or cancellation (as applicable); in this respect, Articles 77 and 78a of the CRR II provide that the Relevant Resolution Authority shall grant permission to a redemption or repurchase of the Senior Notes provided that either of the following conditions is met:

- (b) the Issuer has demonstrated to the satisfaction of the Relevant Resolution Authority that the own funds and eligible liabilities of the Issuer would, following such redemption or repurchase, exceed the requirements laid down in CRD V Package and BRRD II by a margin that the Relevant Resolution Authority, in agreement with the competent authority, may consider necessary;
- (c) the Issuer has demonstrated to the satisfaction of the Relevant Resolution Authority that the partial or full replacement of the eligible liabilities with own funds instruments is necessary to ensure compliance with the own funds requirements laid down in CRD V Package for continuing authorisation.

"**CRD V**" means the Directive (EU) 2013/36 of the European Parliament and of the Council on access to the activity of credit institutions and the prudential supervision of credit institutions and investment firms dated 26 June 2013 and published in the Official Journal of the European Union on 27 June 2013 as amended and supplemented by Directive (EU) 2019/878 of the European Parliament and of the Council dated 20 May 2019 and as further amended or replaced from time to time;

 - (b) no redemption or repurchase of the Subordinated Notes will be permitted before five (5) years after the Issue Date if:

7. Payments and Talons

(a) Dematerialised Notes

Payments of principal and interest in respect of Dematerialised Notes shall (i) in the case of Dematerialised

Notes in bearer dematerialised form or administered registered form, be made by transfer to the account denominated in the relevant currency of the relevant Account Holders for the benefit of the holders of Notes and, (ii) in the case of Dematerialised Notes in fully registered form, to an account denominated in the relevant currency with a Bank designated by the relevant holder of Notes. All payments validly made to such Account Holders or Bank will be an effective discharge of the Issuer in respect of such payments.

(b) Definitive Materialised Notes

(i) Method of payment

Subject as provided below, payments in a Specified Currency will be made by credit or transfer to an account denominated in the relevant Specified Currency, or to which the Specified Currency may be credited or transferred (which, in the case of a payment in Japanese Yen to a non-resident of Japan, shall be a non-resident account) maintained by the payee with, or, at the option of the payee, by a cheque in such Specified Currency drawn on, a bank in the principal financial centre of the country of such Specified Currency (which, if the Specified Currency is euro, shall be any country in the Euro-zone).

(ii) Presentation and surrender of Definitive Materialised Notes and Coupons

Payments of principal in respect of Definitive Materialised Notes will (subject as provided below) be made in the manner provided in paragraph (a) above only against presentation and surrender (or, in the case of partial payment of any sum due, annotation) of such Notes, and payments of interest in respect of Definitive Materialised Notes will (subject as provided below) be made as aforesaid only against presentation and surrender (or, in the case of part payment of any sum due, annotation) of Coupons, in each case at the specified office of any Paying Agent outside the United States (which expression, as used herein, means the United States of America (including the States and the District of Columbia, its territories, its possessions and other areas subject to its jurisdiction)).

Fixed Rate Notes in definitive form should be presented for payment together with all unmatured Coupons appertaining thereto (which expression shall for this purpose include Coupons falling to be issued on exchange of matured Talons), failing which the amount of any missing unmatured Coupon (or, in the case of payment not being made in full, the same proportion of the amount of such missing unmatured Coupon as the sum so paid bears to the sum due) will be deducted from the sum due for payment. Each amount of principal so deducted will be paid in the manner mentioned above against surrender of the relative missing Coupon at any time before the expiry of ten (10) years after the Relevant Date in respect of such principal (whether or not such Coupon would otherwise have become void under Condition 10 (*Prescription*)) or, if later, five (5) years from the date on which such Coupon would otherwise have become due, but in no event thereafter.

Upon any Fixed Rate Note in definitive form becoming due and repayable prior to its Maturity Date, all unmatured Talons (if any) appertaining thereto will become void and no further Coupons will be issued in respect thereof.

Upon the date on which any Floating Rate Note in definitive form becomes due and repayable, unmatured Coupons and Talons (if any) relating thereto (whether or not attached) shall become void and no payment or, as the case may be, exchange for further Coupons shall be made in respect thereof.

If the due date for redemption of any Definitive Materialised Note is not an Interest Payment Date, interest (if any) accrued in respect of such Note from (and including) the preceding Interest Payment Date or, as the case may be, the Interest Commencement Date shall be payable only against presentation and surrender (if appropriate) of the relevant Definitive Materialised Note.

(c) Payments in the United States

Notwithstanding the foregoing, if any Materialised Notes are denominated in U.S. Dollars, payments in respect thereof may be made at the specified office of any Paying Agent in New York City in the same manner as aforesaid if (i) the Issuer shall have appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment of the amounts on the Notes in the manner provided above when due, (ii) payment in full of such amounts at all such offices is illegal or effectively precluded by exchange controls or other similar restrictions on payment or receipt of such amounts and (iii) such payment is then permitted by United States law, without involving, in the opinion of the Issuer, any adverse tax consequence to the Issuer.

(d) Payments subject to Fiscal Laws

All payments are subject in all cases to (i) any applicable fiscal or other laws, regulations and directives in any jurisdiction (whether by operation of law or agreement of the Issuer or its Agents) and the Issuer will not be liable for any taxes or duties of whatever nature imposed or levied by such laws, regulations, directives or agreements, but without prejudice to Condition 8 (*Taxation*) and (ii) any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986, as amended (the "**Code**") or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, official interpretations thereof, or any law implementing an intergovernmental approach thereto. No commission or expenses shall be charged to the holders of Notes or Couponholders in respect of such payments.

(e) Appointment of Agents

The Fiscal Agent, Paying Agent and Calculation Agent initially appointed by the Issuer and its specified office are listed at the end of the Base Prospectus relating to the Programme of the Notes of the Issuer. The Fiscal Agent, Paying Agent and the Registration Agent act solely as agents of the Issuer and the Calculation Agent(s) act(s) as independent experts(s) and, in each case such, do not assume any obligation or relationship of agency for any Noteholder or Couponholder. The Issuer reserves the right at any time to vary or terminate the appointment of the Fiscal Agent, any other Paying Agent, Registration Agent or Calculation Agent and to appoint other Fiscal Agent, Paying Agent(s), Registration Agent(s) or Calculation Agent(s) or additional Paying Agent(s), Registration Agent(s) or Calculation Agent(s), provided that the Issuer shall at all times maintain (i) a Fiscal Agent, (ii) one or more Calculation Agent(s) where the Conditions so require, (iii) a Paying Agent having a specified office in at least one major European city (including Luxembourg so long as the Notes are listed on the Official List of the Luxembourg Stock Exchange and admitted to trading on the Regulated Market of the Luxembourg Stock Exchange and, so long as the Notes are admitted to trading on any other Regulated Market of the EEA, such other city where the Notes is admitted to trading), (iv) in the case of Dematerialised Notes in fully registered form, a Registration Agent and (v) such other agents as may be required by the rules of any other Regulated Market on which the Notes may be admitted to trading.

In addition, the Issuer shall forthwith appoint a Paying Agent in New York City in respect of any Materialised Notes denominated in U.S. Dollars in the circumstances described in paragraph (c) above.

Notice of any such change or any change of any specified office shall promptly be given to the holders of Notes in accordance with Condition 16 (*Notices*).

(f) Talons

On or after the Interest Payment Date for the final Coupon forming part of a Coupon sheet issued in respect of any Materialised Note, the Talon forming part of such Coupon sheet may be surrendered at the specified office of the Fiscal Agent in exchange for a further Coupon sheet (and if necessary another Talon for a further Coupon sheet) (but excluding any Coupon that may have become void pursuant to Condition 11 (*Prescription*)).

(g) Business Days for Payment

If any date for payment in respect of any Note or Coupon is not a business day, the holder shall not be entitled to payment until the next following business day, nor to any interest or other sum in respect of such postponed payment. In this paragraph, "**business day**" means a day (other than a Saturday or a Sunday) (A) (i) in the case of Dematerialised Notes, on which Euroclear France is open for business or (ii) in the case of Materialised Notes, on which banks and foreign exchange markets are open for business in the relevant place of presentation, (B) in such jurisdictions as shall be specified as "**Financial Centre(s)**" in the relevant Final Terms and (C) (i) in the case of a payment in a currency other than Euro, where payment is to be made by transfer to an account maintained with a bank in the relevant currency, on which foreign exchange transactions may be carried on in the relevant currency in the principal financial centre of the country of such currency or (ii) in the case of a payment in Euro, which is a TARGET Business Day.

(h) Bank

For the purpose of this Condition 8, "**Bank**" means a bank in the principal financial centre of the relevant currency or, in the case of Euro, in a city in which banks have access to the TARGET System.

8. Taxation

(a) Tax Exemption

All payments of principal, interest and other revenues by or on behalf of the Issuer in respect of the Notes shall be made free and clear of, and without withholding or deduction for, any taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or within France or any authority therein or thereof having power to tax, unless such withholding or deduction is required by law.

(b) Additional Amounts

If French law should require that payments of interest be subject to deduction or withholding in respect of any present or future taxes or duties whatsoever, the Issuer will, to the fullest extent then permitted by law, pay such additional amounts as shall result in receipt by the Noteholders or, if applicable, the Couponholders, as the case may be, of such amounts as would have been received by them had no such withholding or deduction been required, except that no such additional amounts shall be payable with respect to any Note or Coupon, as the case may be:

(i) Other connection

to, or to a third party on behalf of, a Noteholder or Couponholder who is liable to such taxes or duties by reason of his having some connection with France other than the mere holding of the Note or Coupon; or

(ii) More than thirty (30) days after the Relevant Date

in the case of Definitive Materialised Notes, more than thirty (30) days after the Relevant Date except to the extent that the Noteholder or Couponholder would have been entitled to such additional amounts on presenting it for payment on the thirtieth (30th) such day.

Notwithstanding anything to the contrary in the preceding paragraph, the Issuer or any other person making payments on behalf of the Issuer shall be entitled to deduct and withhold as required, and shall not be required to pay any additional amounts with respect to any such withholding or deduction imposed on or in respect of any Note, pursuant to Sections 1471 through 1474 of the U.S. Internal Revenue Code of 1986, as amended ("**FATCA**"), any treaty, intergovernmental agreement, law, regulation or other official guidance enacted by any jurisdiction implementing FATCA, or any agreement between the Issuer or any other person and the United States or any jurisdiction implementing FATCA.

References in these Conditions to (i) "**principal**" shall be deemed to include any premium payable in respect of the Notes, all Final Redemption Amounts, Early Redemption Amounts, Optional Redemption Amounts, Amortised Nominal Amounts and all other amounts in the nature of principal payable pursuant to Condition 6 (*Redemption, Purchase and Options*) or any amendment or supplement to it, (ii) "**interest**" shall be deemed to include all Interest Amounts and all other amounts payable pursuant to Condition 5 (*Interest and other Calculations*) or any amendment or supplement to it and any additional amounts that may be payable under

this Condition.

9. Events of Default

There are no events of default under the Notes which would lead to an acceleration of the Notes if certain events occur.

Neither a cancellation of the Notes, a reduction, in part or in full, of the principal amount of the Notes or any accrued and unpaid interest on the Notes, the conversion thereof into another security or obligation of the Issuer or another person, as a result of the exercise of the Bail-in and Loss Absorption Power by the Relevant Resolution Authority with respect to the Issuer, nor the exercise of any Bail-in and Loss Absorption Power by the Relevant Resolution Authority with respect to the Notes, nor the opening of resolution proceedings (*procédure de résolution*) or the establishment of a moratorium under BRRD II will be an event of default or otherwise constitute non-performance of a contractual obligation, or entitle the Noteholders to any remedies, which are hereby expressly waived.

However, if any judgment were issued for the judicial liquidation (*liquidation judiciaire*) of the Issuer or if the Issuer were liquidated for any other reason, then the Notes would become immediately due and payable, subject as described in Conditions 3(a) (*Status - Senior Preferred Notes*), 3(b) (*Status - Senior Non-Preferred Notes*) and 3(c) (*Status - Subordinated Notes*).

For the purposes of these Conditions:

"Bail-in and Loss Absorption Power" means any power existing from time to time under any laws, regulations, rules or requirements in effect in France relating to the implementation of BRRD II, including without limitation pursuant to French decree-law No. 2015-1024 dated 20 August 2015 (*Ordonnance portant diverses dispositions d'adaptation de la législation au droit de l'Union européenne en matière financière*) (as amended from time to time), Regulation (EU) No 806/2014 of the European Parliament and of the Council of 15 July 2014 establishing uniform rules and a uniform procedure for the resolution of credit institutions and certain investment firms in the framework of a single resolution mechanism and a single resolution fund and amending Regulation (EU) No 1093/2010 (as amended from time to time, including by Regulation (EU) 2019/877 dated 20 May 2019, the **"SRM Regulation"**), or otherwise arising under French law, and in each case the instructions, rules and standards created thereunder, pursuant to which the obligations of a Regulated Entity (or an affiliate of such Regulated Entity) can be reduced (in part or in whole), cancelled, suspended, transferred, varied or otherwise modified in any way, or securities of a Regulated Entity (or an affiliate of such Regulated Entity) can be converted into shares, other securities, or other obligations of such Regulated Entity or any other person, whether in connection with the implementation of a bail-in tool following placement in resolution or otherwise.

"Regulated Entity" means any entity referred to in Section I of Article L. 613-34 of the French *Code monétaire et financier*, which includes certain credit institutions, investment firms, and certain of their parent or holding companies established in France.

"Relevant Resolution Authority" means the *Autorité de contrôle prudentiel et de résolution* ("**ACPR**"), the Single Resolution Board ("**SRB**") established pursuant to the SRM Regulation, and/or any other authority entitled to exercise or participate in the exercise of any Bail-in and Loss Absorption Power from time to time (including the Council of the European Union and the European Commission when acting pursuant to Article 18 of the SRM Regulation).

10. Prescription

Claims against the Issuer for payment in respect of any amount due under the Notes and Coupons (which for this purpose shall not include Talons) shall be prescribed and become void unless made within ten (10) years (in the case of principal) or five (5) years (in the case of interest) from the appropriate Relevant Date in respect of them.

11. Representation of Noteholders

Subject to the provisions of Condition 11(i) below with respect to Notes issued with a denomination of less than €100,000 (or its equivalent in any other currency), the Noteholders will, in respect of all Tranches of the relevant Series, be grouped automatically for the defence of their common interests in a masse (the "**Masse**") which will be governed by the provisions of Articles L.228-46 *et seq.* of the French *Code de commerce* as supplemented by this Condition 11.

(a) Legal Personality

The Masse will be a separate legal entity and will act in part through a representative (the "**Representative**") and in part through collective decisions of the Noteholders (the "**Collective Decisions**").

The Masse alone, to the exclusion of all individual Noteholders, shall exercise the common rights, actions and benefits which may accrue with respect to the Notes.

(b) Representative

The names and addresses of the Representative and its alternate (if any), will be set out in the relevant Final Terms.

The Representative will be entitled to such remuneration in connection with its functions or duties as set out in the relevant Final Terms. No additional remuneration is payable in relation to any subsequent Tranche of any given Series.

In the event of death, liquidation, retirement, resignation or revocation of appointment of the Representative, such Representative will be replaced by its alternate, if any. Another Representative may be appointed.

All interested parties will at all times have the right to obtain the names and addresses of the Representative and the alternate Representative (if any) at the head office of the Issuer.

(c) Powers of the Representative

The Representative shall (in the absence of any Collective Decision to the contrary) have the power to take all acts of management necessary in order to defend the common interests of the Noteholders, with the capacity to delegate its powers.

All legal proceedings against the Noteholders or initiated by them, must be brought by or against the Representative.

(d) Collective Decisions

Collective Decisions are adopted either in a general meeting (the "**General Meeting**") or by unanimous consent of the Noteholders following a written consultation (the "**Written Unanimous Decision**").

In accordance with Article R.228-71 of the French *Code de commerce*, the rights of each Noteholder to participate in Collective Decisions will be evidenced by the entries in the books of the relevant Account Holder, Issuer or Registration Agent (as the case may be) of the name of such Noteholder as of 0:00 Paris time, on the second (2nd) business day in Paris preceding the date set for the Collective Decision. Collective Decisions must be published in accordance with Condition 11(h).

The Issuer shall hold a register of the Collective Decisions and shall make it available, upon request, to any subsequent holder of any of the Notes of such Series.

(i) General Meetings

A General Meeting may be called at any time, either by the Issuer or by the Representative. One or more Noteholders, holding together at least one-thirtieth (1/30) of the principal amount of Notes outstanding, may address to the Issuer and the Representative a demand for a General Meeting to be called. If such General Meeting has not been called within two (2) months after such demand, the Noteholders may commission one of them to petition the competent court to appoint an agent (*mandataire*) who will call the General Meeting.

General Meetings may deliberate validly on first convocation only if the Noteholders present or represented hold at least one-fifth (1/5) of the principal amount of the Notes then outstanding. On second convocation, no quorum shall be required. The decisions of the General Meeting shall be taken by a two-third (2/3) majority of votes held by the Noteholders attending such General Meeting or represented thereat, except when the General Meeting deliberates on any proposal for a merger or demerger of the Issuer in the circumstances provided for under Articles L.236-13 and

L.236-18 of the French *Code de commerce*, in which case the decision will be taken by a simple majority of votes held by the Noteholders attending such General Meeting or represented thereat.

Notice of the date, time, place and agenda of any General Meeting will be published in accordance with Condition 11(h) not less than fifteen (15) calendar days prior to the date of the General Meeting on first convocation and not less than five (5) calendar days prior to the date of the General Meeting on second convocation.

Each Noteholder has the right to participate in a General Meeting in person, by proxy or by correspondence.

Each Noteholder or representative thereof will have the right to consult or make a copy of the text of the resolutions which will be proposed and of the reports, if any, which will be presented at the General Meeting, all of which will be available for inspection by the relevant Noteholders at the registered office of the Issuer and at any other place specified in the notice of the General Meeting, during the fifteen (15) calendar day period preceding the holding of the General Meeting on first convocation, or during the five (5) calendar day period preceding the holding of the General Meeting on second convocation.

(ii) **Written Unanimous Decisions**

At the initiative of the Issuer or the Representative, Collective Decisions may also be taken by Written Unanimous Decisions.

Such Written Unanimous Decision shall be signed by or on behalf of all the Noteholders without having to comply with formalities and time limits referred to in Condition 11(d)(i). Approval of a Written Unanimous Decision may also be given by way of electronic communication allowing the identification of Noteholders in accordance with Article L.228-46-1 of the French *Code de commerce* ("**Electronic Consent**"). Any such decision shall, for all purposes, have the same effect as a resolution passed at a General Meeting of such Noteholders. Such Written Unanimous Decision may be contained in one document or in several documents in like form each signed by or on behalf of one or more of such Noteholders and shall be published in accordance with Condition 11(h).

(iii) **Exclusion of certain provisions of the French *Code de commerce***

The provisions of Article L.228-65 I. 1° and 4° of the French *Code de commerce* and the related provisions of the French *Code de commerce* shall not apply to the Notes.

(e) **Expenses**

The Issuer shall pay all expenses relating to the operations of the Masse, including all expenses relating to the calling and holding of Collective Decisions and, more generally, all administrative expenses resolved upon by Collective Decisions, it being expressly stipulated that no expenses may be imputed against interest payable under the Notes.

(f) **Single Masse**

The holders of Notes of the same Series, and the holders of Notes of any other Series which have been assimilated (*assimilables* for the purpose of French law) with the Notes of such first mentioned Series in accordance with Condition 13, shall, for the defence of their respective common interests, be grouped in a single Masse. The Representative appointed in respect of the first Tranche of any Series of Notes will be the Representative of the single Masse of all subsequent Tranches in such Series.

(g) **Sole Noteholder**

If and for so long as the Notes of any Series are held by a sole Noteholder and unless a Representative has been appointed in relation to such Series, such Noteholder shall exercise all powers, rights and obligations entrusted to the Representative and to the Noteholders acting through Collective Decisions by the provisions of the French *Code de commerce*.

From the date of appointment of the Representative in relation to any Series, if and for so long as the Notes of such Series are held by a sole Noteholder, such Noteholder shall exercise all powers, rights and obligations entrusted to the Noteholders acting through Collective Decisions by the provisions of the French *Code de commerce*.

The Issuer shall hold a register of the decisions taken by the sole Noteholder in this capacity and shall make it available, upon request, to any subsequent holder of any of the Notes of such Series.

(h) Notices to Noteholders

Any notice to be given to Noteholders in accordance with this Condition 12 shall be given in accordance with Condition 16.

(i) Full Masse

For Notes issued with a denomination of less than €100,000 (or its equivalent in any other currency), Condition 11 shall apply to the Notes subject to the following modifications:

- (i) The second paragraph of Condition 11(d)(i) shall be deleted and replaced by the following paragraph:

"General Meetings may deliberate validly on first convocation only if the Noteholders present or represented hold at least one-fifth (1/5) of the principal amount of the Notes then outstanding. On second convocation, no quorum shall be required. The decisions of the General Meeting shall be taken by a two-third (2/3) majority of votes held by the Noteholders attending such General Meeting or represented thereat."

- (ii) Condition 11(d)(iii) shall not apply to the Notes.

- (iii) Except if the Final Terms specify "Issue outside France" as applicable, Condition 11(e) shall be deleted and replaced by the following:

"(e) Expenses

The Issuer shall pay all expenses relating to the operations of the Masse, including all expenses relating to the calling and holding of Collective Decisions and, more generally, all administrative expenses resolved upon by Collective Decisions."

For the avoidance of doubt, in this Condition 11, the expression "outstanding" shall not include the Notes subscribed or purchased by the Issuer which are held by the Issuer and not cancelled in accordance with applicable laws and regulations as referred to in Condition 6(g).

12. Replacement of Definitive Materialised Notes, Coupons and Talons

If, in the case of any Materialised Notes, a Definitive Materialised Note, Coupon or Talon is lost, stolen, mutilated, defaced or destroyed, it may be replaced, subject to applicable laws, regulations and Regulated Market regulations, at the specified office of the Fiscal Agent or such other Paying Agent as may from time to time be designated by the Issuer for this purpose and notice of whose designation is given to Noteholders, in each case on payment by the claimant of the fees and costs incurred in connection therewith and on such terms as to evidence, security and indemnity (which may provide, *inter alia*, that if the allegedly lost, stolen or destroyed Definitive Materialised Note, Coupon or Talon is subsequently presented for payment or, as the case may be, for exchange for further Coupons, there shall be paid to the Issuer on demand the amount payable by the Issuer in respect of such Definitive Materialised Notes, Coupons or further Coupons) and otherwise as the Issuer may require. Mutilated or defaced Materialised Notes, Coupons or Talons must be surrendered before replacements will be issued.

13. Further Issues

The Issuer may from time to time without the consent of the Noteholders or Couponholders, but subject to the prior notification of the Relevant Regulator in case of Subordinated Notes, create and issue further Notes to be assimilated (*assimilables* for the purpose of French law) with the Notes provided such Notes and the further Notes carry rights identical in all respects (or identical in all respects save as to the first payment of

interest) and that the terms of such Notes provide for such assimilation, and references in these Conditions to "Notes" shall be construed accordingly.

14. Waiver of Set-off

No holder of Notes may at any time exercise or claim any Waived Set-Off Rights against any right, claim or liability the Issuer has or may have or acquire against such holder of Notes, directly or indirectly, howsoever arising (and, for the avoidance of doubt, including all such rights, claims and liabilities arising under or in relation to any and all agreements or other instruments of any sort, whether or not relating to such Note) and each holder of Notes shall be deemed to have waived all Waived Set-Off Rights to the fullest extent permitted by applicable law in relation to all such actual and potential rights, claims and liabilities.

For the avoidance of doubt, nothing in this Condition 14 (*Waiver of Set-off*) is intended to provide, or shall be construed as acknowledging, any right of deduction, set-off, netting, compensation, retention or counterclaim or that any such right is or would be available to any holder of any Note but for this Condition 14 (*Waiver of Set-off*).

For purposes of these Conditions, "**Waived Set-Off Rights**" means any and all rights of or claims of any holder of Notes for deduction, set-off, netting, compensation, retention or counterclaim arising directly or indirectly under or in connection with any Note.

15. Notices

- (a) Notices to the holders of Dematerialised Notes in registered form (*au nominatif*) shall be valid if either, (i) they are mailed to them at their respective addresses, in which case they will be deemed to have been given on the fourth weekday (being a day other than a Saturday or a Sunday) after the mailing, or (ii) they are published in a leading daily newspaper of general circulation in Europe or, so long as such Notes are admitted to trading on any Regulated Market(s), in a leading daily newspaper with general circulation in the city/ies where the Regulated Market(s) on which such Notes is/are admitted to trading, which in the case of the Luxembourg Stock Exchange's Regulated Market is expected to be the *Luxemburger Wort*, or (iii) so long as such Notes are admitted to trading on any Regulated Market and the rules of such Regulated Market so permit, on the website of the Regulated Market where the admission is sought, which in the case of the Luxembourg Stock Exchange is expected to be the website of the Luxembourg Stock Exchange (www.bourse.lu).
- (b) Notices to the holders of Materialised Notes and Dematerialised Notes in bearer form (*au porteur*) shall be valid if published in a leading daily newspaper of general circulation in Europe or, so long as such Notes are admitted to trading on any Regulated Market(s), in a leading daily newspaper with general circulation in the city/ies where the Regulated Market(s) on which such Notes is/are admitted to trading, which in the case of the Luxembourg Stock Exchange's Regulated Market is expected to be the *Luxemburger Wort* or, so long as such Notes are admitted to trading on any Regulated Market and the rules of such Regulated Market so permit, on the website of the Regulated Market where the admission is sought, which in the case of the Luxembourg Stock Exchange is expected to be the website of the Luxembourg Stock Exchange (www.bourse.lu).
- (c) Notices required to be given to the holders of Dematerialised Notes (whether in registered or in bearer form) (*au porteur* or *au nominatif*) pursuant to these Conditions may be given by delivery of the relevant notice to Euroclear France, Euroclear, Clearstream and any other clearing system through which the Notes are for the time being cleared in substitution for the mailing and publication as required by Conditions 16 (a) and (b), above; provided that (i) so long as such Notes are admitted to trading on any Regulated Market(s) and the rules of that Regulated Market so require, notices shall also be published in a leading daily newspaper with general circulation in the city/ies where the Regulated Market(s) on which such Notes are admitted to trading, which in the case of the Luxembourg Stock Exchange's Regulated Market is expected to be the *Luxemburger Wort*, and (ii) so long as such Notes are admitted to trading on any Regulated Market and the rules of such Regulated Market so require, on the website of the Regulated Market where the admission is sought, which in the case of the Luxembourg Stock Exchange is expected to be the website of the Luxembourg Stock Exchange (www.bourse.lu) and (iii) notices relating to the convocation and decision(s) of the General Meetings pursuant to Condition 11 (*Representation of Noteholders*) shall also be published in a leading newspaper with general circulation in Europe.
- (d) If any such publication is not practicable, notice shall be validly given if published in a leading daily English language newspaper with general circulation in Europe. Any notice given by publication shall be deemed to have been given on the date of such publication or, if published more than once or on different dates, on the

date of the first publication as provided above. Couponholders shall be deemed for all purposes to have notice of the contents of any notice given to the holders of Materialised Notes in accordance with this Condition.

16. Recognition of Bail-in and Loss Absorption

(a) Acknowledgement

Notwithstanding any other term of a given Series of Notes or any other agreement, arrangement or understanding between the Issuer and the Noteholders, by its acquisition of any Note, each Noteholder acknowledges, accepts, consents and agrees:

- (i) to be bound by the effect of the exercise of the Bail-in and Loss Absorption Power by the Relevant Resolution Authority, which may include and result in any of the following, or some combination thereof:
 - a. the reduction of all, or a portion, of the Amounts Due (as defined below) on a permanent basis;
 - b. the conversion of all, or a portion, of the Amounts Due into shares, other securities or other obligations of the Issuer or another person (and the issue to the Noteholder of such shares, securities or obligations), including by means of an amendment, modification or variation of the terms of such Notes, in which case the Noteholder agrees to accept in lieu of its rights under such Notes any such shares, other securities or other obligations of the Issuer or another person;
 - c. the cancellation of the Notes;
 - d. the amendment or alteration of the maturity of the Notes or amendment of the amount of interest payable on the Notes, or the date on which the interest becomes payable, including by suspending payment for a temporary period; and
- (ii) that the terms of the Notes are subject to, and may be varied, if necessary, to give effect to, the exercise of the Bail-in and Loss Absorption Power by the Relevant Resolution Authority.

For purposes of this Condition, the "**Amounts Due**" are the outstanding principal amount of the Notes and any accrued and unpaid interest on the Notes.

(b) Payment of Interest and other outstanding Amounts Due

No repayment or payment of the Amounts Due will become due and payable or be paid after the exercise of the Bail-in and Loss Absorption Power by the Relevant Resolution Authority with respect to the Issuer unless, at the time such repayment or payment, respectively, is scheduled to become due, such repayment or payment would be permitted to be made by the Issuer under the laws and regulations in effect in France and the European Union applicable to the Issuer or other members of the Group.

(c) Notice to Noteholders

Upon the exercise of any Bail-in and Loss Absorption Power by the Relevant Resolution Authority with respect to the Notes, the Issuer will make available a written notice to the holders of such Notes in accordance with Condition 16 (*Notices*) as soon as practicable regarding such exercise of the Bail-in and Loss Absorption Power. The Issuer will also deliver a copy of such notice to the Fiscal Agent for informational purposes, although the Fiscal Agent shall not be required to send such notice to the holders of such Notes. Any delay or failure by the Issuer to give notice shall not affect the validity and enforceability of the measures resulting from the exercise of a Bail-In and Loss Absorption Power by the Relevant Resolution Authority, nor the effects of such measures on the Notes as described above.

(d) Duties of the Fiscal Agent

Upon the exercise of any Bail-in and Loss Absorption Power by the Relevant Resolution Authority, (a) the Fiscal Agent shall not be required to take any directions from Noteholders, and (b) the Fiscal Agency Agreement shall impose no duties upon the Fiscal Agent whatsoever, in each case with respect to the exercise of any Bail-in and Loss Absorption Power by the Relevant Resolution Authority.

(e) Proration

If the Relevant Resolution Authority exercises the Bail-in and Loss Absorption Power with respect to less than the total Amounts Due, unless the Fiscal Agent is otherwise instructed by the Issuer or the Relevant

Resolution Authority, any cancellation, write-off or conversion made in respect of the relevant Series of Notes pursuant to the Bail-in and Loss Absorption Power will be made on a pro-rata basis.

(f) Conditions Exhaustive

The matters set forth in this Condition 16 (*Recognition of Bail-in and Loss Absorption*) shall be exhaustive on the foregoing matters to the exclusion of any other agreements, arrangements or understandings between the Issuer and any holder of Notes.

17. Governing Law and Jurisdiction

(a) Governing Law

The Notes, Coupons and Talons are governed by, and shall be construed in accordance with, French law.

(b) Jurisdiction

Any claim against the Issuer in connection with any Notes, Coupons or Talons may, to the extent permitted by law, be brought before any competent court within the jurisdiction of the registered office of the Issuer.

USE OF PROCEEDS

The net proceeds of the issue of Notes will be used (i) for the Issuer's general corporate purposes or (ii) to finance and/or refinance, in whole or in part, new or existing projects from any of the eligible green loan categories (the "**Eligible Green Loan Categories**") and such Notes being "**Green Bonds**"), eligible social loan categories (the "**Eligible Social Loan Categories**") and such Notes being "**Social Bonds**") or from both the Eligible Green Loan Categories and the Eligible Social Loan Categories (such Notes being "**Sustainability Bonds**"), as described in the relevant Final Terms and in the Issuer's green, social and sustainability bond framework (as may be amended and supplemented from time to time, the "**Framework**"), which is available on the Issuer's website (https://www.cm-arka.com/banque/assurance/credit/mutuel/c_37851/ft/green-social-bonds). If, in respect of any particular issue, there is a particular use of proceeds, this will be stated in the applicable Final Terms.

The Framework further describes the above-mentioned projects and is substantially based on the Green Bond Principles, Social Bond Principles and Sustainability Bond Guidelines published by the International Capital Markets Association in their updated version or any more recent version such as specified in the relevant Final Terms. The Framework may be further updated or expanded to reflect evolutions in market practices, regulation and in the Issuer's activities. The Framework describes, in addition to the eligibility criteria, the use and management of proceeds, the reporting and the external reviews (second party opinion and verification) applicable for the relevant Notes.

The Issuer has appointed Vigeo Eiris to provide a second party opinion on the Framework, which is also available on the Issuer's website. The providers of such second party opinion and verification are independent experts. Any such opinion or certification is not, nor should be deemed to be, a recommendation by the Issuer, the Dealers or any other person to buy, sell or hold any such Notes. As a result, neither the Issuer nor the Dealers will be, or shall be deemed, liable for any issue in connection with its content.

The Issuer will publish an annual report on its website detailing the allocation of the Green Bonds, Social Bonds or Sustainability Bonds and their impact until full allocation of the proceeds.

Prior to any investment in Notes in which the net proceeds are to be used to finance investments included in the Eligible Green Loan Categories and/or the Eligible Social Loan Categories, as further specified in the applicable Final Terms, investors are advised to consult the Framework for further information.

The use of the proceeds of any issue of Notes as described in (ii) above and the classification of such Notes as Green Bonds, Social Bonds or Sustainability Bonds will not affect (a) the status of such Notes in terms of subordination or regulatory treatment and (b) the application to such Notes of the loss absorption mechanism and/or, as the case may be, bail-in and resolution measures provided by the BRRD II. Please refer to the risk factor entitled "*Risks related to Green Bonds, Social Bonds and/or Sustainability Bonds*".

TEMPORARY GLOBAL CERTIFICATES IN RESPECT OF MATERIALISED NOTES

Temporary Global Certificates

A Temporary Global Certificate without interest coupons (a "**Temporary Global Certificate**") will initially be issued in connection with each Tranche of Materialised Notes, and will be delivered on or prior to the issue date of the Tranche to a common depositary (the "**Common Depositary**") to Euroclear Bank SA/NV ("**Euroclear**") and to Clearstream Banking, S.A. ("**Clearstream**"). Upon the delivery of such Temporary Global Certificate with a Common Depositary, Euroclear and Clearstream will credit each subscriber to a nominal amount of Notes equal to the nominal amount thereof for which it has subscribed and paid.

The Common Depositary may also credit with a nominal amount of Notes the accounts of subscribers with (if indicated in the relevant Final Terms) other clearing systems through direct or indirect accounts with Euroclear and Clearstream held by such other clearing systems. Conversely, a nominal amount of Notes that is initially deposited with any other clearing system may similarly be credited to the accounts of subscribers with Euroclear, Clearstream, or other clearing systems.

Exchange

Each Temporary Global Certificate issued in respect of Materialised Notes will be exchangeable, free of charge to the holder, on or after its Exchange Date (as defined below):

- (i) if the relevant Final Terms indicates that such Temporary Global Certificate is issued in compliance with the C Rules or in a transaction to which TEFRA is not applicable (as to which, see "General Description of the Programme"), in whole, but not in part, for Definitive Materialised Notes and
- (ii) otherwise, in whole but not in part upon certification if required under U.S. Treasury regulation section 1.163-5(c)(2)(i)(D)(3) and any successor regulation issued under the U.S. Internal Revenue Code of 1986, as amended (the "**Code**") section 4701(b) containing rules identical to those currently applying under Code section 163(f)(2)(B) as to non-U.S. beneficial ownership (a form of which shall be available at the specified offices of any of the Paying Agents) for Definitive Materialised Notes.

While any Materialised Note is represented by a Temporary Global Certificate, any payment payable in respect of such Materialised Note prior to the Exchange Date (as defined below) will be made only to the extent that the certification described in (ii) above has been received by Euroclear and/or Clearstream, and Euroclear and/or Clearstream, as applicable, has given a like certification (based on the certification received) to the relevant Paying Agent. The holder of a Temporary Global Certificate will not be entitled to collect any payment due thereon on or after the Exchange Date unless, upon due certification as described above, exchange of the Temporary Global Certificate for an interest in Definitive Materialised Notes is improperly refused or withheld.

Delivery of Definitive Materialised Notes

On or after its Exchange Date, the holder of a Temporary Global Certificate may surrender such Temporary Global Certificate to, or to the order of, the Fiscal Agent. In exchange for any Temporary Global Certificate, the Issuer will deliver, or procure the delivery of, an equal aggregate nominal amount of duly executed and authenticated Definitive Materialised Notes. In this Base Prospectus, "**Definitive Materialised Notes**" means, in relation to any Temporary Global Certificate, the Definitive Materialised Notes for which such Temporary Global Certificate may be exchanged (if appropriate, having attached to them all Coupons in respect of interest that have not already been paid on the Temporary Global Certificate and a Talon). Definitive Materialised Notes will be security printed in accordance with any applicable legal and stock exchange requirement.

Exchange Date

"**Exchange Date**" means, in relation to a Temporary Global Certificate in respect of any Materialised Notes, the day falling after the expiry of forty (40) calendar days after its issue date, provided that in the event any further Materialised Notes which are to be consolidated (*assimilées*) with such first mentioned Materialised Notes are issued prior to such day pursuant to Condition 13(a) (*Further Issues*), the Exchange Date may, at the option of the Issuer, be postponed to the day falling after the expiry of forty (40) calendar days after the issue date of such further Materialised Notes.

In the case of Materialised Notes with an initial maturity of more than three hundred sixty-five (365) calendar days (and that are not relying on the C Rules), the Temporary Global Certificate shall bear the following legend:

ANY UNITED STATES PERSON (AS DEFINED IN THE U.S. INTERNAL REVENUE CODE OF 1986, AS AMENDED) WHO HOLDS THIS OBLIGATION WILL BE SUBJECT TO LIMITATIONS UNDER THE

UNITED STATES FEDERAL INCOME TAX LAWS INCLUDING THE LIMITATIONS PROVIDED IN SECTIONS 165(j) AND 1287 (a) OF THE U.S. INTERNAL REVENUE CODE OF 1986, AS AMENDED.

The Group's basic unit is the local savings bank (*caisse locale*). Each local savings bank has a restricted area of operations and its capital is owned by customer shareholders in the form of shares.

Crédit Mutuel Arkéa Group comprises the Crédit Mutuel de Bretagne and Crédit Mutuel du Sud-Ouest federations as well as approximately thirty (30) specialised subsidiaries, which enable it to cover all of the business lines in the banking and financial area.

Crédit Mutuel Arkéa is affiliated to the *Confédération Nationale du Crédit Mutuel* (the "CNCM"), the central body of the Crédit Mutuel.

With a network of 425 points of sale and the strength of its 10,716 employees, Crédit Mutuel Arkéa places openness and development at the heart of its business plan. Original and bold, resolutely cooperative and mutual, the Group controls the entire value chain of a bancassurer, from manufacturing to distribution, and affirms its strategy thanks to a strong and recognized technological know-how.

Crédit Mutuel Arkéa has €73.8 billion in outstanding loans and €155 billion in savings outstanding as at December 31, 2021.

At its meeting of January 17, 2018, the Board of Directors of Crédit Mutuel Arkéa mandated the managers to take all necessary measures to enable Crédit Mutuel Arkéa to become a cooperative banking group independent from the Crédit Mutuel, in order to pursue its original development strategy based on three strengths: its territorial roots, its culture of innovation and its intermediate size.

The directors of the local savings banks and the Crédit Mutuel de Bretagne, Crédit Mutuel du Sud-Ouest and Crédit Mutuel Massif Central federations were invited to vote in the first half of 2018, as part of an orientation vote. At the end of the consultation process initiated by the local savings banks of the Crédit Mutuel Arkéa group and the holding of Board meetings of the federations, the Crédit Mutuel Arkéa group has made official the results of the votes of the 307 local savings banks that voted. 94.5 % of the local savings banks voted in favour of the independence project of Crédit Mutuel Arkéa, which will thus become a group cooperative and territorial, independent from Crédit Mutuel. This vote acknowledges the Crédit Mutuel Arkéa Group's intention to exit the Crédit Mutuel and allows opening a project to define the modalities of its disaffiliation.

The Crédit Mutuel Arkéa group has begun the operational implementation of its disaffiliation. On June 29, 2018, Crédit Mutuel Arkéa's Board of Directors approved the main principles of the target organisational structure of the future independent group. Work to define exhaustive technical details of the project has been underway for several months and is in the process of being finalised with the supervisors.

The disaffiliation operations will then be initiated in connection with the CNCM and in the limit of the powers granted to it by law.

Following this disaffiliation, Arkéa (currently Crédit Mutuel Arkéa) would still be licensed as a cooperative bank and directly supervised by the ACPR and the ECB. The local savings banks would become local cooperatives that would, no longer, be credit institutions, retaining their status as cooperatives companies with variable capital and forming an union of cooperatives, Arkéa.

Within the framework of the *Décision de Caractère Générale* (DCG) No. 1-2019, relating to the disaffiliation of the

Credit Mutuel banks at their request, the operational implementation of the disaffiliation of Crédit Mutuel Arkéa remains subject to the approval and the vote of the Boards of Directors. The local savings banks that will vote against the disaffiliation from Crédit Mutuel, or not wishing to participate in the vote, may not be part of this new organisation. Each local savings bank will be asked to vote on the implementation phase of implementation of the disaffiliation from Crédit Mutuel Arkéa to approve the disaffiliation project, the terms and conditions of disaffiliation and the filling of a request for disaffiliation by the relevant *Fédération*, in accordance with the DCG above.

At this stage, there is no certainty as to how this dispute with the CNCM might evolve and/or when it might be resolved, or what impact it might have if Crédit Mutuel Arkéa were to remain part of the Crédit Mutuel group or become a fully independent banking group.

Furthermore, Crédit Mutuel Arkéa ensures that the Group's main financial ratios comply with the regulatory limits set by the banking authorities.

From a regulatory standpoint, Crédit Mutuel Arkéa together with the local savings banks of the Crédit Mutuel de Bretagne and Crédit Mutuel du Sud-Ouest federations are the Group's consolidating parent company. It is licensed as such by the banking and financial authorities.

The credit institutions, whose financial statements are referred to herein as the consolidated financial statements, consist of the cooperative companies (local savings banks of the Crédit Mutuel de Bretagne and Crédit Mutuel du Sud-Ouest federations), the legal entity Crédit Mutuel Arkéa and its affiliates.

Furthermore, on 17 February 2020, the Board of Directors of Crédit Mutuel Arkéa proposed to change the governance structure of the company. Thus, Crédit Mutuel Arkéa, which is a *société anonyme coopérative de crédit à capital variable* with a Board of Directors, could become a *société anonyme coopérative de crédit à capital variable* with a Management Board and a Supervisory Board.

This project has been approved by the Boards of Directors of the Crédit Mutuel de Bretagne and Crédit Mutuel du Sud-Ouest federations. However, the CNCM refused to submit it to its supervisory body for examination. As a result, the project has been suspended by Credit Mutuel Arkéa, which is continuing to consider changes to its governance structure.

1.2. The Crédit Mutuel Arkéa Group's structure

In this organisation, Crédit Mutuel Arkéa is the Group's lead company. It has received a general license for the local savings banks of the two federations. The local savings banks do not receive individual licenses.

Crédit Mutuel Arkéa also provides access to the financial markets for all Group entities.

Crédit Mutuel Arkéa's federations are members of Confédération Nationale du Crédit Mutuel (CNCM), which represents Crédit Mutuel's various regional groups.

2. Solidarity relations

None of the local savings banks hold more than 5% of the capital of Crédit Mutuel Arkéa.

Crédit Mutuel Arkéa owns approximately thirty specialized subsidiaries.

2.1 Solidarity relations within Crédit Mutuel Arkéa

The solidarity mechanism provided for within the Arkéa Group is an inter-federal mechanism based on Article R.511-3 of the French *Code monétaire et financier*.

This text provides that the European Central Bank (the "ECB") may, on the proposal of the ACPR, for mutual and cooperative groups, issue a collective licence to a regional or federal fund for itself and for all the funds affiliated to it "when the liquidity and solvency of the local banks are guaranteed as a result of such affiliation".

Crédit Mutuel Arkéa benefits from this collective approval for itself and for all the local banks that are members of the Crédit Mutuel de Bretagne et du Sud-Ouest federations, since ACPR and the ECB considered that this membership guaranteed the liquidity and solvency of the local banks.

The solidarity mechanism is organised by the financial regulations contained in each of the general operating regulations specific to the federations of Crédit Mutuel de Bretagne and Crédit Mutuel du Sud-Ouest, and the internal

regulations of Crédit Mutuel Arkéa. It is binding only on the member local banks, these federations and Crédit Mutuel Arkéa. Furthermore, it does not create any obligations of the member local banks with regard to third parties. In other words, there is no passive solidarity of the members of Crédit Mutuel Arkéa with regard to third parties; creditors of a member local bank can only turn to that fund and not to any other or to Crédit Mutuel Arkéa indifferently.

This solidarity mechanism is essentially reflected in the constitution, at the level of each federation, of the federal fund that ensures the equalisation of the results of the member local banks, in accordance with General Decision No. 1-2020 of the CNCM.

The federal fund is fed by allocations from local banks and includes the federal solidarity fund and the federal reserve fund.

1 - The Federal Solidarity Fund ensures the equalization of the results of the member local banks by means of endowments and subsidies. Any local bank that has had a deficit for a period of three (3) consecutive years is subject to a special review. A recovery plan is set up with the departments of the federation concerned and Crédit Mutuel Arkéa. At the end of the recovery period set out in the plan, if the deficit is confirmed, the federation concerned, in consultation with Crédit Mutuel Arkéa, shall decide on the future of the local bank.

2 - The Federal Reserve Fund may intervene in favour of member local banks whose net position is negative or whose result is negative, as well as in favour of those that have been victims of an exceptional disaster.

The federation decides annually on the level of endowment to this fund. The federal reserve fund is managed by the federation. Requests for intervention submitted to it are examined by a Committee of administrators.

Independently of this federal fund, Crédit Mutuel Arkéa may also intervene directly in the form of advances, subsidies or loans granted to member local banks in difficulty.

In addition, Crédit Mutuel Arkéa provides support to its subsidiaries within the framework of prudential supervision on a consolidated basis (Articles 7 and 8 of EU Regulation 575/2013 as amended, supplemented by ad-hoc intra-group financial agreements on the scope of liquidity), the provisions of the Monetary and Financial Code (Article L. 511-42 of the French *Code Monétaire et Financier*) as well as the supplementary supervision obligations described in the Order of 3 November 2014 on the supplementary supervision of financial conglomerates and transposing European Directive 2002/87/EC as amended.

2.2 Solidarity relations within the Crédit Mutuel

2.2.1. Current context of disaffiliation

The Crédit Mutuel, within the meaning of Article 511-20 of the French *Code Monétaire et Financier*, is governed by the French *Code Monétaire et Financier*, in particular Articles L. 511-30 to L. 511-32 of the French *Code Monétaire et Financier* relating to central bodies and Articles L. 512-55 to L. 512-59 of the French *Code Monétaire et Financier* relating to Crédit Mutuel. The membership of the regional groups (2nd level of the organisation) in CNCM and the Caisse centrale du Crédit Mutuel (3rd level) completes the organisation of Crédit Mutuel.

As a central body, the CNCM represents the credit institutions affiliated to it at the Banque de France, the ACPR and the ECB. It oversees the application of the laws and regulations specific to its institutions. It exercises administrative, technical and financial control over the organisation and management of the affiliated Crédit Mutuel banks.

National solidarity is set by the CNCM's General Decision No. 1-2020. Furthermore, General Decision No 2-2020 provides for the implementation of measures in phases of proven financial difficulty or resolution within Crédit Mutuel as a whole.

It is specified that Crédit Mutuel Arkéa has its own solidarity mechanism as defined above, which would intervene in the first instance and that the Arkéa group would no longer benefit from the national inter-federal solidarity mechanism in the event of the Arkéa group's disaffiliation from the Crédit Mutuel as described below.

It is also specified that, in the context of the application of General Decision No 2-2020, Crédit Mutuel Arkéa could be obliged to participate in mechanisms for the prevention and management of banking crises within Crédit Mutuel.

On 17 January 2018, Crédit Mutuel Arkéa's Board of Directors gave its management a mandate to take any action that would enable Crédit Mutuel Arkéa to become a cooperative banking group independent from the rest of Crédit

Mutuel, in order to pursue its original development strategy based on three strengths: its territorial roots, its culture of innovation and its agility.

On 18 April 2018, the Boards of Directors of the Crédit Mutuel de Bretagne and Crédit Mutuel du Sud-Ouest federations met and officialized the results of the votes cast by the 307 local banks. 94.5% of the local banks voted in favour of independence for Crédit Mutuel Arkéa.

The Arkéa group has begun the operational implementation of its disaffiliation. The Board of Directors of Crédit Mutuel Arkéa, on 29 June 2018, approved the target organisation plan for the future independent group and called on the local banks to give their opinion on the implementation of this plan. Work to define the detailed technical details of the project has been under way for several months and discussions are underway with the supervisory authorities.

The disaffiliation operations will then be initiated in conjunction with the CNCM, within the limits of the powers attributed to it by law.

Following this disaffiliation, Arkéa (currently Crédit Mutuel Arkéa) would still be authorised as a cooperative bank and supervised directly by ACPR and the ECB. The local banks would become the Local Cooperatives, which would no longer be credit institutions, retaining their status as cooperative companies with variable capital and forming between them a union of cooperatives, Arkéa, pursuant to Article 5 of Law No 47-1775 of 10 September 1947 laying down the status of cooperation.

In addition, a cooperation pact between all the Local Cooperatives and Arkéa will be concluded for a ninety-nine (99) year period with a view to implementing solidarity, mutual aid and support mechanisms to promote the fulfillment of the Local Cooperatives' primary mission, namely to promote access to banking, financial and insurance services for all.

Within the framework of the General Decision (DCG) n°1-2019, relating to the disaffiliation of the Crédit Mutuel banks at their request, the operational implementation of the disaffiliation of the Arkéa group remains subject to the approval and vote of the Boards of Directors of the local banks.

The local banks that vote against the disaffiliation from the Crédit Mutuel group, or do not wish to participate in the vote, may not be part of this new organisation.

Even if 94,5 % of the local banks that voted in 2018 did so in favour of independence, these results do not prejudice the results of the future vote on the operational implementation of this disaffiliation from the Crédit Mutuel.

Each local bank will be called upon to decide on the implementation phase of the disaffiliation of the Arkéa group in order to approve the disaffiliation project, the terms and conditions of disaffiliation and the filing of a disaffiliation request by the Federation concerned, in accordance with the DCG.

Local banks that choose to vote against disaffiliation may join another federal or inter-federal fund in order to benefit from a new collective agreement.

For more information, investors should refer to "*Risk factors relating to the Issuer and its activity*" of the section entitled "*Risk Factors*" on page 18 of this Base Prospectus.

At this stage, there is no certainty as to how this conflict with CNCM could evolve and/or the time frame in which it could be resolved, or the impact it could have if Crédit Mutuel Arkéa were to remain part of the Crédit Mutuel or become a totally autonomous banking group.

2.2.2. Solidarity mechanism in force

Crédit Mutuel's solidarity system aims to ensure the liquidity and solvency of all the institutions affiliated to the CNCM at all times in order to prevent any default. It is based on a set of rules and mechanisms put in place at the level of regional groups and at the confederal level.

As a reminder, the solidarity between CNCM affiliates is unlimited.

Provisions applicable at the level of regional groups

The solidarity mechanism provided for within the Regional Federation concerned is a mechanism that is based on Article R.511-3 of the French *Code Monétaire et Financier*, independently of the statutory provisions relating to the

joint and several liability of the Members within the limit of the nominal value of the shares subscribed by the member.

Each federation must set up a solidarity system between the local banks within its territorial jurisdiction.

This mechanism must enable a local bank to avoid a long-term deficit and/or to ensure the recovery of a deteriorated situation. It ensures the equalization of the results of the member banks by means of a federal fund, through contributions in the form of contributions or subsidies. The contribution obligation is imposed on all funds (including the federal or inter-federal fund), or only on funds with positive results, depending on the regulations of the federal fund concerned in force. The contributions, which ensure equalization, and the subsidies must cover the losses recorded in the financial year and any tax deficits carried forward. The equalization grants must include the sums needed to pay the remuneration of the shares. Grants from the federal fund are normally repayable.

Implementation of remedial measures at the level of "regional groups" as defined in the "DCG". A system reviewed and updated annually enables the regional group to monitor a certain number of key indicators, included in the risk appetite framework adopted by the CNCM's Board of Directors, and to implement the corrective measures provided for in the recovery plan if the indicators are exceeded.

In the event of difficulty and under the control of the CNCM, a regional group may request the assistance of another regional group, in particular in the implementation of the recovery plan.

If no regional solidarity solution has been put in place or has not restored compliance with key indicators within the time frame set out in the recovery plan, or if objective evidence suggests that the implementation of such solutions would prove insufficient, the national solidarity mechanism shall be implemented.

Provisions adopted at the national level

The CNCM is responsible, without limitation, for ensuring the cohesion of its network and the proper functioning of its affiliated institutions. To this end, it must take all necessary measures, in particular to guarantee the liquidity and solvency of each of these institutions as well as the entire network (Article L.511-31 of the French *Code monétaire et financier*).

According to the arrangements laid down by the DCGs, the necessary interventions may be decided by the CNCM's Board of Directors if the mechanisms existing at the level of the regional groups prove to be insufficient to deal with any difficulties that a group may face.

3. Boards of directors and executive management

The business address of each member of the Board of Directors and Executive Management Committee mentioned below or in Section 2.2 "*Le Conseil d'administration de la société Crédit Mutuel Arkéa*" of the 2021 Universal Registration Document is the registered office of Crédit Mutuel Arkéa (1, rue Louis Lichou, 29480 Le Relecq-Kerhuon, France).

Please note that the shareholder's general meeting of the Issuer held on 10 May 2022:

- acknowledged the resignation of Mr. François Chatel as member of the Board of Directors and decided to appoint Mrs. Sophie Langouet-Pringent for a period of three (3) years;
- acknowledged that the term of office of Mr. Guillaume Gloria as member of the Board of Directors was expiring on such date and decided to appoint Mr. Erwan Meudec for a period of three (3) years;
- acknowledged that the term of office of Mrs. Sophie Violleau as member of the Board of Directors was expiring on such date and decided to renew it for a period of three (3) years;
- acknowledged that the term of office of Mrs. Valérie Moreau as member of the Board of Directors was expiring on such date and decided to renew it for a period of three (3) years;
- acknowledged the term resignation of Mr. Pascal Faugère as censor and decided to appoint him as member of the Board of Directors for a period of three (3) years;
- decided to appoint Mrs. Isabelle Maury as censor for a period of three (3) years;
- acknowledged that the term of office of Mrs. Anne-Gaëlle Le Bail as member of the Board of Directors was expiring on such date and decided to renew it for a period of three (3) years.

Any situation of proven, potential, perceived or apparent conflict of interest must be brought to the attention of the compliance officer. To this end, the Crédit Mutuel Arkéa group has deployed a dedicated conflict of interest declaration form, accessible to all employees on the group's intranet.

For the directors of Crédit Mutuel Arkéa, two potential conflicts of interest have been identified to date:

- Mr Julien Carmona, Chairman of the Board of Directors of Crédit Mutuel Arkéa, served as Deputy Chief Executive Officer within the Nexity Group until 19 May 2021;
- Ms Valérie Blanchet-Lecoq could potentially find herself in a situation of conflict of interest with regard to her professional activities as a Lawyer and Manager of the firm Jurilor.

For these two situations, specific information and supervision measures, in particular relating to abstention, have been taken. It should be noted that, in the case of Mr Julien Carmona, given the nature of the conflict of interest, the measures run for a period of two years.

With regard to the effective managers, Ms Hélène Bernicot has a personal relationship with Mr François-Régis Bernicot, Chief Executive Officer of Suravenir, a subsidiary of Crédit Mutuel Arkéa. This conflict of interest is subject to specific supervision and organisational measures.

A conflict of interest register is used to record sensitive activities or situations, identify conflicts of interest and the systems put in place to manage them. This register also makes it possible to monitor identified conflict of interest situations.

The compliance officer is responsible for maintaining this register, identifying appropriate measures and updating the monitoring of conflict of interest situations.

The system for preventing and managing conflicts of interest was the subject of a report by the Crédit Mutuel Arkéa group's compliance function and presented to the Compliance and Permanent Control Committee and the Appointments Committee of Crédit Mutuel Arkéa in February 2021.

4. Share capital and long-term debt of Crédit Mutuel Arkéa

As at 20 July 2022, the share capital of the Issuer amounts to €2,679,789,085.01 and the long-term debt of the Issuer amounts to €16,604,080,167.81.

Updated information on the Issuer's share capital and long-term debt will be published (i) regularly on the website of the Issuer (https://www.cm-arkea.com/banque/assurance/credit/mutuel/ecb_5024/fr/information-reglementee) and (ii) when the update of such information constitutes a significant new factor pursuant to Article 23 of the Prospectus Regulation (as described in the section "Supplement to the Base Prospectus" above), in a Supplement.

RECENT DEVELOPMENTS

The following recent press releases have been published by the Issuer:

1. Press release dated 2 June 2022:

Press release

Brest, June 2, 2022 - At Crédit Mutuel Arkéa's 2022 General Meeting, Chairman Julien Carmona shared with the chairmen of the local banks an update on relations with the CNCM (Confédération Nationale du Crédit Mutuel) and on the group's plan to defend its autonomy and preserve its business model and its ability to decide on and implement its own strategy.

On this occasion, Julien Carmona recalled the three scenarios that Crédit Mutuel Arkéa has always considered in all its reflections and decisions on this issue:

- The continuation of the status quo (marked by litigation and structural disagreement on the respective roles of the central body and the regional federations and groups) is not a favourable option, as it creates permanent legal uncertainty for Crédit Mutuel Arkéa;
- Crédit Mutuel Arkéa's independence, through its disaffiliation from the central body, is the Group's preferred scenario and also forms the basis of the mandate given to the corporate officers. This scenario guarantees long-term respect for its model, its specificities and its differences;
- If there is a possibility of a third scenario, consisting of Crédit Mutuel Arkéa obtaining real, complete and solidly guaranteed strategic autonomy by remaining within the Crédit Mutuel group, such a scenario can be considered, as it has been in the past. The failure of the many attempts at dialogue initiated to this end, as well as the absence to date of a serious, balanced and structured discussion process, make this alternative scenario a low probability. Nevertheless, it is advisable to leave this possibility open for the time being.

Based on these observations, Crédit Mutuel Arkéa's management is determined to do everything in its power to speed up the outcome of this matter this autumn, in the interests of Crédit Mutuel Arkéa and its stakeholders (members, customers, depositors and investors, employees and local players, etc.), and in consultation with the various political and supervisory authorities.

About the Crédit Mutuel Arkéa group

The Crédit Mutuel Arkéa group is made up of the Crédit Mutuel de Bretagne and Sud-Ouest federations and their member local banks, as well as some forty specialised subsidiaries (Fortuneo, Monext, Arkéa Banque Entreprises et Institutionnels, Arkéa Investment Services, Suravenir, etc.). It has more than 11,000 employees, 2,800 directors, more than 5 million members and customers in banking and insurance and a balance sheet total of 179.3 billion euros. Crédit Mutuel Arkéa is one of the leading banking institutions based in the French regions

2. Press release dated 8 July 2022:

Press release

Crédit Mutuel Arkéa calls for discussions with the CNCM on governance reform to recognise and guarantee its strategic autonomy

Brest, 8 July 2022 – Crédit Mutuel Arkéa and its central body, the CNCM, have for many years had profound disagreements over the governance of Crédit Mutuel, which led the elected representatives of the Crédit Mutuel de Bretagne and Sud-Ouest federations, united in Crédit Mutuel Arkéa, to opt in 2018 for the project to disaffiliate from Crédit Mutuel, considering that the current governance posed a threat to the strategic autonomy of their group and to its entrepreneurial freedom.

On 10 May 2022, at Crédit Mutuel Arkéa's General Meeting, Julien Carmona, its Chairman, shared with the Chairmen of the local mutuals an update on relations with the CNCM, as well as on the group's plan to defend its autonomy, with the aim of preserving its model as a local cooperative bank. On this occasion, Julien Carmona recalled the three possible scenarios for Crédit Mutuel Arkéa:

- The continuation of the status quo is not a favourable option: it creates risks for the business model and compromises the implementation of Crédit Mutuel Arkéa's strategic orientations¹.
- Crédit Mutuel Arkéa's independence, through its disaffiliation from the central body, is the Group's preferred scenario and also forms the basis of the sole mandate given to the corporate officers by Crédit Mutuel Arkéa's Board of Directors on 17 January 2018, a mandate that was renewed on 2 July 2021. This scenario, despite the risks and uncertainties it presents², ensures that the Group's model is respected over the long term. Discussions with the supervisory authorities on the modalities of this separation are still suspended since the health crisis.
- Real, complete and solidly guaranteed strategic autonomy, remaining within the Crédit Mutuel group. This possibility of a third scenario can be considered, as was the case in the past (before 2018³, under different conditions).

To date, both Crédit Mutuel Arkéa and the CNCM have begun to formulate proposals on a potential framework for guaranteed strategic autonomy, and have come closer together on certain points, even though some very important issues remain to be discussed.

However, despite overtures from Crédit Mutuel Arkéa and a formal request for discussions made in a letter to the President of the Confederation on 10 June, and reiterated on 5 July, no structured discussion process has yet begun.

Instead of such a discussion, the President of the Confederation presented his Board of Directors yesterday with two proposals that had not been discussed with Crédit Mutuel Arkéa, communicated an hour before the meeting, and that were not acceptable as they stood. This procedure is in no way an acceptable response to the dialogue proposed by Crédit Mutuel Arkéa. Nor is it appropriate for resolving a high-stakes conflict that has been going on for more than ten years. In this context, the strategic mandate given to the management of Crédit Mutuel Arkéa cannot be modified at this time.

Crédit Mutuel Arkéa reiterates its willingness to enter into serious and structured discussions with the CNCM, in order to rebuild a Crédit Mutuel that respects pluralism and subsidiarity, while fully recognising the prudential role of the CNCM. If the conditions for such a discussion are met, the chairman and general managers of Crédit Mutuel Arkéa CMA will convene their bodies to propose a change in their strategic mandate, which is currently disaffiliation.

SUBSCRIPTION AND SALE

Subject to the terms and on the conditions contained in an amended and restated dealer agreement dated 22 July 2022 between the Issuer, the Arranger and the Permanent Dealers (the "**Dealer Agreement**"), the Notes will be offered by the Issuer to the Permanent Dealers. However, the Issuer has reserved the right to sell Notes directly on its own behalf to Dealers that are not Permanent Dealers. The Notes may be resold at prevailing market prices, or at prices related thereto, at the time of such resale, as determined by the relevant Dealer. The Notes may also be sold by the Issuer through the Dealers, acting as agents of the Issuer. The Dealer Agreement also provides for Notes to be issued in syndicated Tranches that are jointly and severally underwritten by two or more Dealers.

The Issuer will pay each relevant Dealer a commission as agreed between them in respect of Notes subscribed by it. The Issuer has agreed to reimburse the Arranger for its expenses incurred in connection with the Programme and the Dealers for certain of their activities in connection with the Programme. The commissions in respect of an issue of Notes on a syndicated basis will be stated in the relevant Final Terms.

The Issuer has agreed to indemnify the Dealers against certain liabilities in connection with the offer and sale of the Notes. The Dealers have agreed to indemnify the Issuer against certain liabilities in connection with the offer and sale of the Notes. - (13) Senior Preferred Notes to be issued under the Programme are expected to be rated A/F1 by Fitch and Aa3/P-1 by Moody's. Senior Non-Preferred Notes to be issued under the Programme are expected to be rated A- by Fitch and A3 by Moody's. Subordinated Notes to be issued under the Programme are expected to be rated Baa1 by Moody's.

As defined by Fitch, an obligation rated 'A' denotes expectations of low default risk and a high credit quality. A short-term obligation rated 'F1' indicates a strongest intrinsic capacity of the Issuer for timely payment of its financial commitments. An obligation rated 'BBB' indicate that the capacity for payment of financial commitments by the Issuer is considered adequate, but adverse business or economic conditions are more likely to impair this capacity. The ratings may be modified by the addition of a plus (+) or minus (-) sign to denote relative status within a major rating category.

As defined by Moody's, an obligation rated 'Aa' is judged to be of high quality and subject to very low credit

risk. The Issuer capacity to meet its financial commitment when the short-term debt obligation is rated 'P-1' means a superior ability to repay short-term debt obligations. An obligation rated 'A' is judged to be upper-medium grade and subject to low credit risk. An obligation rated 'Baa' is judged to be medium-grade and consequently subject to moderate credit risk and as such may possess certain speculative characteristics.

The Issuer accepts no responsibility for the accuracy or reliability of the ratings. A credit rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, change or withdrawal at any time by the assigning credit rating agency.

Fitch and Moody's are established in the European Union and registered under the EU CRA Regulation and are included in the list of credit rating agencies registered in accordance with the EU CRA Regulation published by the ESMA on its website as of the date of this Base Prospectus⁴¹.

However, stabilisation may not necessarily occur. Any stabilisation action may begin on or after the date on which adequate public disclosure of the Final Terms of the offer of the relevant Tranche is made and, if begun, may cease at any time, but it must end no later than the earlier of thirty (30) calendar days after the issue date of the relevant Tranche and sixty (60) calendar days after the date of the allotment of the relevant Tranche. Any stabilisation action or over-allotment must be conducted by the Stabilising Manager(s) (or person acting on behalf of any Stabilising Manager) in accordance with all applicable laws and rules.
